5
00:00:14,270 --> 00:00:12,900
abduction studies just a couple of quick

announcements you can follow us on

7
00:00:54,000 --> 00:00:51,119
hi everyone I'm with Kathleen Martin

8
00:00:56,400 --> 00:00:54,010
she is a UFO abduction researcher author

9
00:00:58,740 --> 00:00:56,410
and lecturer how you doing Kathleen I'm

10
00:01:00,660 --> 00:00:58,750
fine thanks nice to be with you today

11
00:01:04,020 --> 00:01:00,670
yes thanks so much for meeting up with

12
00:01:06,600 --> 00:01:04,030
me and it's lucky we're not all that far

13
00:01:08,010 --> 00:01:06,610

apart um I live up in Maine and you're

14

00:01:11,040 --> 00:01:08,020

down here in Massachusetts for the

15

00:01:12,870 --> 00:01:11,050

summer sowhat's outbreak yes yeah years

16

00:01:16,440 --> 00:01:12,880

ago I remember when the movie came out

17

00:01:20,910 --> 00:01:16,450

in 1975 the interrupted journey it was

18

00:01:23,279 --> 00:01:20,920

the UFO incident based upon the book the

19

00:01:26,310 --> 00:01:23,289

UI suit the interrupted journey by John

20

00:01:29,430 --> 00:01:26,320

G fuller right and Betty and Barney Hill

21

00:01:33,510 --> 00:01:29,440

now Betty was your aunt yes she was yes

22

00:01:37,649 --> 00:01:33,520

I would consider both that abduction and

23

00:01:40,290 --> 00:01:37,659

Travis Walton the most solid abductions

24

00:01:43,410 --> 00:01:40,300

that I know of anyway I agree with you

25

00:01:45,649 --> 00:01:43,420

yeah yes and try I'd love to have Travis

26

00:01:47,490 --> 00:01:45,659

on the show I have we've had some

27

00:01:49,740 --> 00:01:47,500

conversation back and forth but

28

00:01:52,319 --> 00:01:49,750

hopefully he'll be on soon well he's a

29

00:01:55,800 --> 00:01:52,329

great guy so I I hope he comes on your

30

00:02:00,300 --> 00:01:55,810

show yeah yeah I want to ask you first

31

00:02:03,179 --> 00:02:00,310

of all now that happened in 1961 and I

32

00:02:05,910 --> 00:02:03,189

want to find out what it was like for

33

00:02:09,539 --> 00:02:05,920

you to first hear about this from your

34

00:02:12,840 --> 00:02:09,549

and how did all that come about well my

35

00:02:15,210 --> 00:02:12,850

aunt was my mother's oldest sister they

36

00:02:18,210 --> 00:02:15,220

were very close so when Betty and Barney

37

00:02:21,509 --> 00:02:18,220

returned home after having a close

38

00:02:24,600 --> 00:02:21,519

encounter with a very large silent

39

00:02:28,440 --> 00:02:24,610

hovering disc that was definitely not

40

00:02:32,340 --> 00:02:28,450

from this planet Betty called my mother

41

00:02:36,690 --> 00:02:32,350

and I was seated in the same room really

42

00:02:38,970 --> 00:02:36,700

uh it was September 20th 1961 so I

43

00:02:41,430 --> 00:02:38,980

overheard their conversation

44

00:02:45,750 --> 00:02:41,440

then my mother filled me in on what

45

00:02:49,680 --> 00:02:45,760

Betty said and within two days my family

46

00:02:52,660 --> 00:02:49,690

went to Portsmouth and firsthand I heard

47

00:02:55,690 --> 00:02:52,670

the story and I saw some of the

48

00:02:57,580 --> 00:02:55,700

evidence as well wow the car I saw the

49

00:03:00,820 --> 00:02:57,590

spots on the trunk of the car

50

00:03:03,250 --> 00:03:00,830

yes very shiny concentric circles that

51
00:03:07,479 --> 00:03:03,260
caused a compass needle to spin and spin

52
00:03:11,110 --> 00:03:07,489
Wow and at that point I know under

53
00:03:12,850 --> 00:03:11,120
hypnosis they really became shook up and

54
00:03:16,360 --> 00:03:12,860
stuff was she very how was she at that

55
00:03:20,470 --> 00:03:16,370
point at first at first she was very

56
00:03:22,930 --> 00:03:20,480
concerned and and excited as well this

57
00:03:25,630 --> 00:03:22,940
was something entirely new to her she

58
00:03:28,449 --> 00:03:25,640
and my uncle had never read anything on

59
00:03:34,180 --> 00:03:28,459
the topic had never had an interest in

60
00:03:37,840 --> 00:03:34,190
the topic before so she was very curious

61
00:03:40,150 --> 00:03:37,850
and concerned also about the possibility

62
00:03:43,360 --> 00:03:40,160
of contamination because that craft

63
00:03:45,220 --> 00:03:43,370

hovered only a hundred or 200 feet above

64

00:03:48,850 --> 00:03:45,230

them so they were very concerned about

65

00:03:51,699 --> 00:03:48,860

that mm-hmm now I know there's there's a

66

00:03:56,530 --> 00:03:51,709

lot of misinformation out there about

67

00:03:58,330 --> 00:03:56,540

this case just for the odd chance that

68

00:04:00,940 --> 00:03:58,340

someone might be listening in Europe

69

00:04:03,640 --> 00:04:00,950

somewhere that has never heard this

70

00:04:08,259 --> 00:04:03,650

story in its entirety it's the first

71

00:04:10,539 --> 00:04:08,269

known abduction case a landmark case I

72

00:04:13,360 --> 00:04:10,549

would say can you in a nutshell explain

73

00:04:15,789 --> 00:04:13,370

the whole situation yes Betty and Barney

74

00:04:18,430 --> 00:04:15,799

were returning home from a brief

75

00:04:20,800 --> 00:04:18,440

vacation they were driving during the

76

00:04:23,140 --> 00:04:20,810

night because there was a hurricane

77

00:04:25,659 --> 00:04:23,150

coming up the coast and they wanted to

78

00:04:28,029 --> 00:04:25,669

return home before the hurricane struck

79

00:04:31,029 --> 00:04:28,039

they were driving through upstate New

80

00:04:33,670 --> 00:04:31,039

Hampshire when they saw a new light in

81

00:04:36,670 --> 00:04:33,680

the sky the odd thing about it was that

82

00:04:40,600 --> 00:04:36,680

it was flying very rapidly upward and

83

00:04:43,840 --> 00:04:40,610

Betty attempted to identify this in all

84

00:04:46,060 --> 00:04:43,850

they got out of the car three times to

85

00:04:50,620 --> 00:04:46,070

look at this craft as it came in closer

86

00:04:53,050 --> 00:04:50,630

and closer it finally surged ahead and

87

00:04:56,050 --> 00:04:53,060

hovered directly over the top of their

88

00:04:58,669 --> 00:04:56,060

vehicle causing my uncle to have to stop

89

00:05:01,519 --> 00:04:58,679

the car he got out of it

90

00:05:07,039 --> 00:05:01,529

took his binoculars and his pistol as

91

00:05:10,189 --> 00:05:07,049

well looked up at it as this huge disc

92

00:05:13,699 --> 00:05:10,199

hovered only about a hundred feet above

93

00:05:16,939 --> 00:05:13,709

him it shifted location to an adjacent

94

00:05:19,849 --> 00:05:16,949

field and there he looked at it through

95

00:05:24,429 --> 00:05:19,859

binoculars and observed nine to eleven

96

00:05:27,769 --> 00:05:24,439

figures looking down at him the craft

97

00:05:33,139 --> 00:05:27,779

then tilted a little bit in his

98

00:05:36,949 --> 00:05:33,149

direction as most of those beings went

99

00:05:40,579 --> 00:05:36,959

to what appeared to be a panel on the

100

00:05:42,679 --> 00:05:40,589

backside of the circular hallway in the

101
00:05:46,849 --> 00:05:42,689
craft that went around the circumference

102
00:05:51,259 --> 00:05:46,859
of the craft one remained at the window

103
00:05:54,979 --> 00:05:51,269
and it seemed to hold a special

104
00:05:59,299 --> 00:05:54,989
attraction for Barney it stared down and

105
00:06:01,339 --> 00:05:59,309
this beings appearance caused Barney to

106
00:06:04,279 --> 00:06:01,349
become terribly frightened he knew

107
00:06:07,539 --> 00:06:04,289
immediately that it was somehow not

108
00:06:10,249 --> 00:06:07,549
human he had full conscious recall of

109
00:06:12,679 --> 00:06:10,259
observing these beings from the tops of

110
00:06:14,299 --> 00:06:12,689
their heads down to their knees he could

111
00:06:18,619 --> 00:06:14,309
see that they were dressed in black

112
00:06:22,939 --> 00:06:18,629
shiny uniforms they moved in unison they

113
00:06:27,319 --> 00:06:22,949

were as I said before not human the one

114

00:06:32,149 --> 00:06:27,329

staring down at Barney caused him to

115

00:06:35,419 --> 00:06:32,159

feel that he was about to be captured he

116

00:06:38,419 --> 00:06:35,429

said like a bug in a net and he became

117

00:06:41,389 --> 00:06:38,429

terribly frightened broke away and ran

118

00:06:43,519 --> 00:06:41,399

back to the car screaming to Betty that

119

00:06:46,339 --> 00:06:43,529

they had to get out of there or they

120

00:06:49,189 --> 00:06:46,349

were going to be captured the craft then

121

00:06:52,309 --> 00:06:49,199

shifted location from the field to just

122

00:06:54,379 --> 00:06:52,319

above their car as Barney went speeding

123

00:06:56,929 --> 00:06:54,389

down Route three which was the major

124

00:07:01,069 --> 00:06:56,939

highway at that time in northern New

125

00:07:03,499 --> 00:07:01,079

Hampshire the craft was hovering over

126
00:07:06,829 --> 00:07:03,509
the top of the car Betty rolled down the

127
00:07:10,040 --> 00:07:06,839
window and looked up and all she could

128
00:07:10,980 --> 00:07:10,050
see was blackness it was like a black

129
00:07:13,470 --> 00:07:10,990
void

130
00:07:15,030 --> 00:07:13,480
she should have seen the stars she

131
00:07:18,450 --> 00:07:15,040
should have seen the moon it was a

132
00:07:20,760 --> 00:07:18,460
bright starry night but she didn't and

133
00:07:23,700 --> 00:07:20,770
she and Barney later realized that the

134
00:07:27,660 --> 00:07:23,710
craft was hovering just above their

135
00:07:30,900 --> 00:07:27,670
vehicle this is when they heard a series

136
00:07:33,750 --> 00:07:30,910
of code like buzzing sounds that seemed

137
00:07:36,060 --> 00:07:33,760
to be striking the trunk of the car they

138
00:07:38,190 --> 00:07:36,070

caused the car to vibrate and for a

139

00:07:40,890 --> 00:07:38,200

tingling sensation to pass through

140

00:07:44,460 --> 00:07:40,900

Betty's and Barney's bodies the next

141

00:07:47,550 --> 00:07:44,470

thing they knew they found themselves 35

142

00:07:50,880 --> 00:07:47,560

miles south on Route three

143

00:07:53,460 --> 00:07:50,890

they had very very little recall for

144

00:07:56,130 --> 00:07:53,470

what happened in the interim they were

145

00:07:59,430 --> 00:07:56,140

startled awake by a second series of

146

00:08:02,790 --> 00:07:59,440

these beeping or buzzing sounds and they

147

00:08:05,909 --> 00:08:02,800

recalled that they had encountered a

148

00:08:09,380 --> 00:08:05,919

road block somewhere along the way they

149

00:08:13,350 --> 00:08:09,390

didn't know where or when they also

150

00:08:16,350 --> 00:08:13,360

recalled observing a fiery orb in the

151

00:08:20,040 --> 00:08:16,360

road and Barney remembered that it

152

00:08:24,540 --> 00:08:20,050

seemed to be moving but he wasn't moving

153

00:08:29,100 --> 00:08:24,550

it was very very perplexing he and Betty

154

00:08:32,490 --> 00:08:29,110

then continued on home they really were

155

00:08:34,320 --> 00:08:32,500

seeking human contact it was the middle

156

00:08:37,079 --> 00:08:34,330

of the night they couldn't find a

157

00:08:39,450 --> 00:08:37,089

restaurant that was open and so they

158

00:08:42,300 --> 00:08:39,460

just drove to their home in Portsmouth

159

00:08:44,850 --> 00:08:42,310

and when they arrived they realized that

160

00:08:47,550 --> 00:08:44,860

they were later than they had

161

00:08:51,120 --> 00:08:47,560

anticipated even allowing for those

162

00:08:54,620 --> 00:08:51,130

three stops it would be two months

163

00:08:57,780 --> 00:08:54,630

before they retraced that route and

164

00:09:01,020 --> 00:08:57,790

discovered that it was a full two hours

165

00:09:02,340 --> 00:09:01,030

that they were missing Wow boy you know

166

00:09:04,170 --> 00:09:02,350

I just learned a few things that I

167

00:09:07,620 --> 00:09:04,180

didn't know that was really interesting

168

00:09:09,390 --> 00:09:07,630

now I know Karl Sieg and wrote something

169

00:09:12,960 --> 00:09:09,400

on this and there was a lot of

170

00:09:15,600 --> 00:09:12,970

conjecture on his part that Stan

171

00:09:17,700 --> 00:09:15,610

Freedman tried to correct but did not

172

00:09:19,680 --> 00:09:17,710

get corrected has there been a lot of

173

00:09:23,850 --> 00:09:19,690

publications out there with

174

00:09:26,329 --> 00:09:23,860

misinformation about this yes there have

175

00:09:29,550 --> 00:09:26,339

there has been an incredible amount of

176

00:09:33,150 --> 00:09:29,560

misinformation regarding this case I

177

00:09:36,449 --> 00:09:33,160

have all of the original records all of

178

00:09:38,610 --> 00:09:36,459

the investigation reports and the

179

00:09:43,170 --> 00:09:38,620

original statements made by Betty and

180

00:09:46,079 --> 00:09:43,180

Barney so I have documented evidence of

181

00:09:48,750 --> 00:09:46,089

what was correct and what was not a

182

00:09:51,120 --> 00:09:48,760

correct information and I use that

183

00:09:54,150 --> 00:09:51,130

information when I wrote the book

184

00:09:57,540 --> 00:09:54,160

captured the Betty and Barney Hill UFO

185

00:10:00,660 --> 00:09:57,550

experience my purpose in writing that

186

00:10:03,360 --> 00:10:00,670

one of my purposes was in order to set

187

00:10:06,150 --> 00:10:03,370

the record straight to separate fact

188

00:10:08,940 --> 00:10:06,160

from fiction regarding their case now

189

00:10:11,670 --> 00:10:08,950

you did you write that with Stan I wrote

190

00:10:14,160 --> 00:10:11,680

about 85 percent of the book who's

191

00:10:15,030 --> 00:10:14,170

Danton Friedman wrote two chapters one

192

00:10:16,889 --> 00:10:15,040

on the starmap

193

00:10:20,160 --> 00:10:16,899

he was instrumental in that

194

00:10:22,710 --> 00:10:20,170

investigation and also he wrote one

195

00:10:25,139 --> 00:10:22,720

called disbelievers and dis informants

196

00:10:28,829 --> 00:10:25,149

he also served the very important

197

00:10:32,220 --> 00:10:28,839

purpose of vetting my work for accuracy

198

00:10:35,579 --> 00:10:32,230

I wanted to to know that that book was

199

00:10:38,730 --> 00:10:35,589

entirely unbiased and in fact he

200

00:10:43,350 --> 00:10:38,740

commented that he was pleased that I was

201
00:10:46,800 --> 00:10:43,360
willing to show Betty warts and all know

202
00:10:50,069 --> 00:10:46,810
now that the star map that she wrote

203
00:10:52,530 --> 00:10:50,079
that's an incredible story that wasn't

204
00:10:54,449 --> 00:10:52,540
an astronomer that actually figured that

205
00:10:56,699 --> 00:10:54,459
out later on or something like that it

206
00:10:58,980 --> 00:10:56,709
well first let me tell you a little bit

207
00:11:02,790 --> 00:10:58,990
about the star map when when Betty was

208
00:11:05,970 --> 00:11:02,800
on the craft her examination had been

209
00:11:09,240 --> 00:11:05,980
completed and she was left alone in the

210
00:11:11,790 --> 00:11:09,250
room with the person that she calls the

211
00:11:14,850 --> 00:11:11,800
leader we know today that that is the

212
00:11:17,430 --> 00:11:14,860
escort abduction experiencers see that

213
00:11:21,509 --> 00:11:17,440

person over and over again as their

214

00:11:23,610 --> 00:11:21,519

abducted but she said to him in sort of

215

00:11:26,400 --> 00:11:23,620

an understatement well I know you're not

216

00:11:30,030 --> 00:11:26,410

from around here where are you from and

217

00:11:32,250 --> 00:11:30,040

so he produced a three dimensional star

218

00:11:35,350 --> 00:11:32,260

map but appeared sort of like a

219

00:11:39,639 --> 00:11:35,360

holographic image and on that star

220

00:11:41,860 --> 00:11:39,649

there were a couple of large circles

221

00:11:44,410 --> 00:11:41,870

about the size of nickels and then there

222

00:11:48,040 --> 00:11:44,420

were smaller circles and they were

223

00:11:51,910 --> 00:11:48,050

connected some by solid lines some by

224

00:11:56,699 --> 00:11:51,920

dots and under hypnosis with dr.

225

00:12:00,040 --> 00:11:56,709

Benjamin Simon Betty was instructed to

226

00:12:03,160 --> 00:12:00,050

draw that star map if she could remember

227

00:12:06,280 --> 00:12:03,170

it accurately and if it didn't trouble

228

00:12:09,400 --> 00:12:06,290

her too much she went home and almost

229

00:12:13,300 --> 00:12:09,410

through automatic writing you might say

230

00:12:15,790 --> 00:12:13,310

she drew that star map it was published

231

00:12:19,329 --> 00:12:15,800

in John Fuller's interrupted journey

232

00:12:21,819 --> 00:12:19,339

aunt Marjorie fish who is a brilliant

233

00:12:25,660 --> 00:12:21,829

woman from Ohio and an amateur

234

00:12:28,420 --> 00:12:25,670

astronomer saw that map she was highly

235

00:12:31,630 --> 00:12:28,430

skeptical but she reasoned that if that

236

00:12:35,019 --> 00:12:31,640

place actually existed in our galaxy she

237

00:12:39,670 --> 00:12:35,029

might be able to find it so she set out

238

00:12:41,610 --> 00:12:39,680

to do just that in all she built 26

239

00:12:46,060 --> 00:12:41,620

models of our local galactic

240

00:12:50,500 --> 00:12:46,070

neighborhood out 55 light-years looking

241

00:12:53,829 --> 00:12:50,510

for the location of the stars on this

242

00:12:58,150 --> 00:12:53,839

map she thought she would have many

243

00:13:00,730 --> 00:12:58,160

finds in the end there was only one Wow

244

00:13:03,579 --> 00:13:00,740

the great difficulty she faced is that

245

00:13:05,620 --> 00:13:03,589

the astronomical catalogues were not

246

00:13:08,949 --> 00:13:05,630

readily available to her so she had to

247

00:13:11,530 --> 00:13:08,959

go to the University and hand copy all

248

00:13:14,620 --> 00:13:11,540

of the distance data and then she went

249

00:13:19,150 --> 00:13:14,630

back to her home and constructed these

250

00:13:22,210 --> 00:13:19,160

models imagine the math alone that she

251
00:13:26,079 --> 00:13:22,220
did to put every star in its proper

252
00:13:30,610 --> 00:13:26,089
location from the wind in 1972 she

253
00:13:34,930 --> 00:13:30,620
finally had a match and only one match

254
00:13:38,259 --> 00:13:34,940
after looking for several years the

255
00:13:41,530 --> 00:13:38,269
interesting thing about that match was

256
00:13:46,269 --> 00:13:41,540
that all of the stars on Betty's map

257
00:13:46,750 --> 00:13:46,279
were sun-like stars although only 5% of

258
00:13:50,070 --> 00:13:46,760
the

259
00:13:54,940 --> 00:13:50,080
in that neighborhood war sunlight Wow

260
00:13:57,670 --> 00:13:54,950
she only found that match after three

261
00:14:00,760 --> 00:13:57,680
stars were listed in that catalogue that

262
00:14:03,550 --> 00:14:00,770
had not been listed in other catalogs we

263
00:14:05,500 --> 00:14:03,560

didn't even know about them back when

264

00:14:07,870 --> 00:14:05,510

Betty drew that map Wow

265

00:14:11,590 --> 00:14:07,880

that that is totally amazing now let's

266

00:14:13,900 --> 00:14:11,600

go back to where she contacted your

267

00:14:16,540 --> 00:14:13,910

mother and you went to the house and all

268

00:14:18,130 --> 00:14:16,550

that how long was it before she actually

269

00:14:19,930 --> 00:14:18,140

reported it and how did she go about

270

00:14:23,650 --> 00:14:19,940

reporting the incident

271

00:14:26,470 --> 00:14:23,660

Betty reported the incident on the

272

00:14:30,640 --> 00:14:26,480

evening that they arrived home from

273

00:14:33,460 --> 00:14:30,650

their trip she had contacted my mother

274

00:14:36,190 --> 00:14:33,470

and the former chief chief of police in

275

00:14:38,620 --> 00:14:36,200

Newton New Hampshire was at the house he

276
00:14:40,540 --> 00:14:38,630
was my father's best friend and he would

277
00:14:44,350 --> 00:14:40,550
stop by for coffee on his way home from

278
00:14:47,290 --> 00:14:44,360
work so she told him about that and he

279
00:14:49,540 --> 00:14:47,300
said that Pease Air Force Base in

280
00:14:51,610 --> 00:14:49,550
Newington New Hampshire had instructed

281
00:14:54,460 --> 00:14:51,620
the local police departments that if

282
00:14:56,710 --> 00:14:54,470
anyone had observed a UFO they should

283
00:14:59,110 --> 00:14:56,720
report it to Pease Air Force Base so

284
00:15:01,060 --> 00:14:59,120
Betty called the base she spoke to them

285
00:15:04,450 --> 00:15:01,070
briefly that night and then the next day

286
00:15:06,520 --> 00:15:04,460
they called back and they spoke to Betty

287
00:15:09,100 --> 00:15:06,530
and Barney at length about their

288
00:15:14,650 --> 00:15:09,110

sighting so the report was actually

289

00:15:17,440 --> 00:15:14,660

filed on September 21st 1961 Wow and at

290

00:15:20,770 --> 00:15:17,450

that time so the military the Air Force

291

00:15:22,960 --> 00:15:20,780

was involved yes this Bluebook active

292

00:15:25,720 --> 00:15:22,970

yes it was Project Blue Book there was a

293

00:15:26,530 --> 00:15:25,730

Project Blue Book record report that's

294

00:15:30,070 --> 00:15:26,540

what that was

295

00:15:32,230 --> 00:15:30,080

yes hahaha and was there at any time

296

00:15:36,130 --> 00:15:32,240

anyone trying to suppress any

297

00:15:38,440 --> 00:15:36,140

information or was it allowed to come

298

00:15:40,540 --> 00:15:38,450

out in the public well it's very

299

00:15:42,760 --> 00:15:40,550

interesting it didn't come out in the

300

00:15:46,510 --> 00:15:42,770

public for many many years really dr.

301
00:15:49,390 --> 00:15:46,520
James McDonald you might be familiar

302
00:15:52,240 --> 00:15:49,400
with him he was the former co-chairman

303
00:15:55,240 --> 00:15:52,250
had been chairman of the media

304
00:15:57,800 --> 00:15:55,250
Department of meteorology at the

305
00:16:01,160 --> 00:15:57,810
University of Arizona he

306
00:16:04,880 --> 00:16:01,170
and he was an avid researcher probably

307
00:16:09,230 --> 00:16:04,890
the best UFO researcher that ever lived

308
00:16:12,019 --> 00:16:09,240
incredibly bright man and he found it in

309
00:16:14,600 --> 00:16:12,029
the Blue Book files he found that report

310
00:16:17,300 --> 00:16:14,610
and gave that report to Betty it was a

311
00:16:20,810 --> 00:16:17,310
very interesting thing about that report

312
00:16:22,510 --> 00:16:20,820
and that is in the very first

313
00:16:26,800 --> 00:16:22,520

handwritten report

314

00:16:29,870 --> 00:16:26,810

air intercept radar was checked off

315

00:16:33,320 --> 00:16:29,880

leaving me to believe that they might

316

00:16:37,070 --> 00:16:33,330

have scrambled a jet after this craft

317

00:16:40,519 --> 00:16:37,080

there was a reat radar report that it

318

00:16:42,560 --> 00:16:40,529

appeared on radar at 2:14 a.m. and that

319

00:16:44,660 --> 00:16:42,570

would have been about the time that

320

00:16:47,480 --> 00:16:44,670

Betty and Barney were released from

321

00:16:49,550 --> 00:16:47,490

capture so all of this is really

322

00:16:54,790 --> 00:16:49,560

intriguing to me but there was a

323

00:16:57,160 --> 00:16:54,800

cover-up they said that it was due to an

324

00:17:00,460 --> 00:16:57,170

atmospheric inversion temperature

325

00:17:03,170 --> 00:17:00,470

inversion ground clutter swamp gas it's

326

00:17:07,220 --> 00:17:03,180

everything but swamp gas you know the

327

00:17:10,490 --> 00:17:07,230

the planet Jupiter an advertising light

328

00:17:14,360 --> 00:17:10,500

you name it it was there list after list

329

00:17:17,480 --> 00:17:14,370

in the end they really could not

330

00:17:21,559 --> 00:17:17,490

identify what it was they also initially

331

00:17:23,449 --> 00:17:21,569

stated that there was a strong inversion

332

00:17:27,169 --> 00:17:23,459

in the Lincoln Lincoln New Hampshire

333

00:17:29,570 --> 00:17:27,179

region that night and so I was very

334

00:17:33,260 --> 00:17:29,580

curious about this I wanted to know if

335

00:17:37,130 --> 00:17:33,270

it was a cover-up or if it was true so I

336

00:17:39,770 --> 00:17:37,140

contacted the chief meteorologist at the

337

00:17:43,310 --> 00:17:39,780

Mount Washington weather station and I

338

00:17:46,820 --> 00:17:43,320

also contacted a chief meteorologist for

339

00:17:50,930 --> 00:17:46,830

a television station and asked both of

340

00:17:54,350 --> 00:17:50,940

them to look into their archival records

341

00:17:57,830 --> 00:17:54,360

and to just let me know what the weather

342

00:18:00,560 --> 00:17:57,840

was like that night I found that there

343

00:18:02,850 --> 00:18:00,570

was no inversion that night in the

344

00:18:06,890 --> 00:18:02,860

Lincoln New Hampshire area

345

00:18:09,510 --> 00:18:06,900

on the television meteorologist who

346

00:18:12,450 --> 00:18:09,520

looked in the archives at the US Weather

347

00:18:15,000 --> 00:18:12,460

Service stated that in fact the

348

00:18:16,530 --> 00:18:15,010

conditions were just the opposite for an

349

00:18:19,289 --> 00:18:16,540

inversion Wow

350

00:18:22,669 --> 00:18:19,299

well is it that something yes would you

351

00:18:26,250 --> 00:18:22,679

say that there's any other rumors or

352

00:18:28,080 --> 00:18:26,260

misinformation out there that should be

353

00:18:30,450 --> 00:18:28,090

cleared up I mean things that you hear

354

00:18:32,840 --> 00:18:30,460

over and over again that are perhaps not

355

00:18:36,600 --> 00:18:32,850

right oh absolutely

356

00:18:40,710 --> 00:18:36,610

one of those things is I hear over and

357

00:18:42,510 --> 00:18:40,720

over again that Betty and Barney merely

358

00:18:47,030 --> 00:18:42,520

saw a light in the sky

359

00:18:53,850 --> 00:18:47,040

I hear that Betty was an added lifelong

360

00:18:56,190 --> 00:18:53,860

UFO advocate or enthusiast enthusiast

361

00:19:00,960 --> 00:18:56,200

that's that's the best word for it that

362

00:19:03,360 --> 00:19:00,970

that is totally false I read over and

363

00:19:05,370 --> 00:19:03,370

over again that they didn't even

364

00:19:08,370 --> 00:19:05,380

entertain the idea that it might have

365

00:19:12,210 --> 00:19:08,380

been a UFO until Betty had a series of

366

00:19:14,400 --> 00:19:12,220

dreams ten days later and that all of

367

00:19:16,080 --> 00:19:14,410

the information came out of of those

368

00:19:19,140 --> 00:19:16,090

dreams it's totally false

369

00:19:21,440 --> 00:19:19,150

mm-hmm I have the records I just told

370

00:19:26,039 --> 00:19:21,450

you about how the reports that they made

371

00:19:28,320 --> 00:19:26,049

immediately on September 26 1961 she sat

372

00:19:31,370 --> 00:19:28,330

down after reading her first book on

373

00:19:33,390 --> 00:19:31,380

UFOs and wrote a letter to the National

374

00:19:36,419 --> 00:19:33,400

investigations committee on aerial

375

00:19:39,330 --> 00:19:36,429

phenomena and in that letter she gave

376

00:19:42,270 --> 00:19:39,340

detailed information about what she and

377

00:19:45,900 --> 00:19:42,280

Barney observed this was even before she

378

00:19:49,140 --> 00:19:45,910

beat had her first dream well so this

379

00:19:51,799 --> 00:19:49,150

story didn't come out for several years

380

00:19:56,250 --> 00:19:51,809

what was it like for you at that time

381

00:20:00,390 --> 00:19:56,260

knowingness well I had to maintain

382

00:20:02,669 --> 00:20:00,400

secrecy and I knew rely yeah in Betty

383

00:20:04,200 --> 00:20:02,679

and Barney were prominent people in the

384

00:20:06,780 --> 00:20:04,210

state of New Hampshire she was the

385

00:20:08,530 --> 00:20:06,790

social worker for the state he was very

386

00:20:10,990 --> 00:20:08,540

active in

387

00:20:12,900 --> 00:20:11,000

rights in the state he was legal redress

388

00:20:16,840 --> 00:20:12,910

to the n-double-a-cp

389

00:20:18,430 --> 00:20:16,850

he also and was appointed by the

390

00:20:20,230 --> 00:20:18,440

governor of the state of New Hampshire

391

00:20:24,150 --> 00:20:20,240

to serve on the US Civil Rights

392

00:20:28,990 --> 00:20:24,160

Committee state Advisory Committee he

393

00:20:31,900 --> 00:20:29,000

was Rockingham County community action

394

00:20:35,680 --> 00:20:31,910

programs chairman of the board of

395

00:20:38,380 --> 00:20:35,690

directors they had worked on literacy

396

00:20:42,580 --> 00:20:38,390

program in the state for voters rights

397

00:20:45,520 --> 00:20:42,590

so the last thing they possibly could

398

00:20:49,780 --> 00:20:45,530

have wanted was to be associated with a

399

00:20:51,100 --> 00:20:49,790

UFO abduction or close encounter you

400

00:20:55,870 --> 00:20:51,110

know it would have destroyed their

401
00:20:59,320 --> 00:20:55,880
credibility and when that became public

402
00:21:01,360 --> 00:20:59,330
as a violation of confidentiality it was

403
00:21:05,080 --> 00:21:01,370
very upsetting to Betty and Barney and

404
00:21:07,390 --> 00:21:05,090
the family we met as a family and and we

405
00:21:12,220 --> 00:21:07,400
discussed what they should do next how

406
00:21:15,340 --> 00:21:12,230
did it change their lives it really was

407
00:21:18,010 --> 00:21:15,350
very distracting for both of them in a

408
00:21:21,250 --> 00:21:18,020
sense because they were so committed to

409
00:21:24,010 --> 00:21:21,260
improving the conditions of people in

410
00:21:27,340 --> 00:21:24,020
the United States and in in the state of

411
00:21:31,810 --> 00:21:27,350
New Hampshire and so it was very

412
00:21:34,510 --> 00:21:31,820
distracting they did a lot of radio and

413
00:21:36,250 --> 00:21:34,520

television programs then the book with

414

00:21:42,100 --> 00:21:36,260

the interrupted journey was published

415

00:21:46,270 --> 00:21:42,110

and they had to promote that Barney was

416

00:21:49,270 --> 00:21:46,280

very driven in the area of civil rights

417

00:21:51,820 --> 00:21:49,280

and politics and I think if he had lived

418

00:21:54,460 --> 00:21:51,830

he probably would have gone into

419

00:21:58,750 --> 00:21:54,470

politics all of that was pretty much

420

00:22:01,470 --> 00:21:58,760

demolished by the announcement that they

421

00:22:07,150 --> 00:22:01,480

had been abducted by aliens mm-hmm and

422

00:22:09,970 --> 00:22:07,160

it did refocus them and and drove their

423

00:22:12,520 --> 00:22:09,980

life in a different direction

424

00:22:15,760 --> 00:22:12,530

with where in a sense they became

425

00:22:19,570 --> 00:22:15,770

celebrities and appeared on television

426
00:22:21,400 --> 00:22:19,580
shows talking about their experience

427
00:22:25,570 --> 00:22:21,410
mm-hmm it also read ooh

428
00:22:27,550 --> 00:22:25,580
to their credibility right right before

429
00:22:30,820 --> 00:22:27,560
I get into some other questions here one

430
00:22:33,400 --> 00:22:30,830
last question on this how accurate the

431
00:22:36,790 --> 00:22:33,410
movie in 1975 made for TV with James

432
00:22:40,330 --> 00:22:36,800
Earl Jones I thought he did a very good

433
00:22:44,890 --> 00:22:40,340
job is a great actor how accurate would

434
00:22:47,500 --> 00:22:44,900
you say that movie was the major problem

435
00:22:49,420 --> 00:22:47,510
I have with that movie is it leaves the

436
00:22:52,750 --> 00:22:49,430
viewer to believe that Betty and Barney

437
00:22:55,990 --> 00:22:52,760
had almost no conscious recall of their

438
00:22:58,510 --> 00:22:56,000

experience when in fact the documented

439

00:23:01,000 --> 00:22:58,520

information that they provided in the

440

00:23:04,660 --> 00:23:01,010

very beginning clearly demonstrates that

441

00:23:08,500 --> 00:23:04,670

they consciously recalled everything

442

00:23:11,280 --> 00:23:08,510

except for the abduction itself so I

443

00:23:14,050 --> 00:23:11,290

have a problem there I thought it was a

444

00:23:17,110 --> 00:23:14,060

fantastic movie I thought that James

445

00:23:20,650 --> 00:23:17,120

Earl Jones captured Barney's personality

446

00:23:23,770 --> 00:23:20,660

very well but Estelle Parsons really

447

00:23:26,770 --> 00:23:23,780

didn't capture Betty's personality betty

448

00:23:30,040 --> 00:23:26,780

was an assertive person she had a very

449

00:23:32,860 --> 00:23:30,050

good sense of self-esteem she was very

450

00:23:35,830 --> 00:23:32,870

intelligent and I didn't care to see

451
00:23:37,330 --> 00:23:35,840
Betty portrayed as a little helpless 60s

452
00:23:39,730 --> 00:23:37,340
woman uh-huh

453
00:23:42,820 --> 00:23:39,740
now there's when I spoke with with

454
00:23:45,400 --> 00:23:42,830
Stanton Friedman a while back he said

455
00:23:48,880 --> 00:23:45,410
that there's a show coming up a movie

456
00:23:51,340 --> 00:23:48,890
coming up yes book captured the Betty

457
00:23:54,940 --> 00:23:51,350
and Barney Hill UFO experience has been

458
00:23:57,790 --> 00:23:54,950
optioned a high price table in Hollywood

459
00:24:01,180 --> 00:23:57,800
and he is currently working on the

460
00:24:03,880 --> 00:24:01,190
screenplay for will be on our book any

461
00:24:07,690 --> 00:24:03,890
idea if that's going to come out at some

462
00:24:09,910 --> 00:24:07,700
point any projection of date no no

463
00:24:13,660 --> 00:24:09,920

there's no projection of date at this

464

00:24:15,820 --> 00:24:13,670

point it's it's a fairly long process

465

00:24:19,720 --> 00:24:15,830

and after the screenplay is written and

466

00:24:23,320 --> 00:24:19,730

then it has to be sold in Hollywood for

467

00:24:24,460 --> 00:24:23,330

a movie to be made so I'm keeping my

468

00:24:26,560 --> 00:24:24,470

fingers crossed

469

00:24:29,589 --> 00:24:26,570

yeah I wonder who'll play the parts this

470

00:24:31,899 --> 00:24:29,599

time but I wonder

471

00:24:35,349 --> 00:24:31,909

Denzel Washington maybe you never know

472

00:24:38,979 --> 00:24:35,359

never know let's talk about some other

473

00:24:41,619 --> 00:24:38,989

landmark abduction cases sure now Travis

474

00:24:44,259 --> 00:24:41,629

Walton you you know Travis yes I know

475

00:24:47,019 --> 00:24:44,269

Travis yeah and have you spoke to him at

476

00:24:48,930 --> 00:24:47,029

great length yes I have Wow can you talk

477

00:24:51,449 --> 00:24:48,940

a little bit about that and any other

478

00:24:56,499 --> 00:24:51,459

landmark cases that you would consider

479

00:24:59,789 --> 00:24:56,509

Travis is a very credible man there has

480

00:25:04,899 --> 00:24:59,799

been a lot of debunked information

481

00:25:08,049 --> 00:25:04,909

designed to destroy his case but he is

482

00:25:11,589 --> 00:25:08,059

an upstanding man in his community he's

483

00:25:16,029 --> 00:25:11,599

credible and that case is so impressive

484

00:25:18,729 --> 00:25:16,039

because he was actually missing in the

485

00:25:22,749 --> 00:25:18,739

White Mountains of Arizona in November

486

00:25:25,180 --> 00:25:22,759

of the year and he would have died from

487

00:25:28,869 --> 00:25:25,190

hypothermia if he had actually been on

488

00:25:33,279 --> 00:25:28,879

the ground I've also spoken to Steve

489

00:25:37,690 --> 00:25:33,289

Pierce who was with Travis one of the

490

00:25:40,749 --> 00:25:37,700

members of that logging crew and his he

491

00:25:43,149 --> 00:25:40,759

expressed his concern to me that they

492

00:25:45,039 --> 00:25:43,159

were actually under suspicion for murder

493

00:25:48,339 --> 00:25:45,049

right and

494

00:25:53,979 --> 00:25:48,349

it was very upsetting to them they hoped

495

00:25:58,810 --> 00:25:53,989

that Travis would be found it was they

496

00:26:03,009 --> 00:25:58,820

ended up taking lie-detector tests all

497

00:26:05,109 --> 00:26:03,019

of them that set for one passed the lie

498

00:26:08,759 --> 00:26:05,119

detector test and the one who didn't

499

00:26:12,849 --> 00:26:08,769

pass didn't fail either it was equivocal

500

00:26:15,190 --> 00:26:12,859

because he became angry he was afraid

501
00:26:18,549 --> 00:26:15,200
that he had been in trouble with the law

502
00:26:23,139 --> 00:26:18,559
before and and he had an attitude about

503
00:26:25,959 --> 00:26:23,149
the police anyway and so he simply

504
00:26:28,239 --> 00:26:25,969
decided not to continue with the

505
00:26:30,839 --> 00:26:28,249
lie-detector test it wasn't that he was

506
00:26:35,709 --> 00:26:30,849
lying it said he he didn't continue

507
00:26:39,879 --> 00:26:35,719
eventually all of them retook the ones

508
00:26:40,669 --> 00:26:39,889
that work with uncle retook the delight

509
00:26:45,590 --> 00:26:40,679
of Techdirt

510
00:26:48,350 --> 00:26:45,600
and past so that's pretty good evidence

511
00:26:52,129 --> 00:26:48,360
you might say that with one lie-detector

512
00:26:54,889 --> 00:26:52,139
desk it can't be used in a court of law

513
00:26:57,799 --> 00:26:54,899

it really isn't valid but when you get

514

00:27:00,859 --> 00:26:57,809

that many individuals taking

515

00:27:03,289 --> 00:27:00,869

lie-detector tests and they all pass I

516

00:27:06,739 --> 00:27:03,299

think that it's a pretty good indication

517

00:27:08,720 --> 00:27:06,749

that they're telling the truth mm-hmm so

518

00:27:12,919 --> 00:27:08,730

what what are some other which you would

519

00:27:16,190 --> 00:27:12,929

consider landmark abductions well there

520

00:27:19,609 --> 00:27:16,200

was certainly the Charlie Hickson Calvin

521

00:27:24,529 --> 00:27:19,619

Parker case and Pascagoula Mississippi I

522

00:27:30,470 --> 00:27:24,539

believe that was 1973 two men fishing on

523

00:27:33,499 --> 00:27:30,480

the river and a UFO came in and was

524

00:27:35,570 --> 00:27:33,509

hovering just above them took them

525

00:27:38,659 --> 00:27:35,580

floated them on to the craft and give

526
00:27:41,180 --> 00:27:38,669
that gave them physical examinations and

527
00:27:43,489 --> 00:27:41,190
then they were released the important

528
00:27:45,560 --> 00:27:43,499
thing about this is that Charlie and

529
00:27:51,019 --> 00:27:45,570
Calvin were taken to the police station

530
00:27:53,210 --> 00:27:51,029
after this and placed in a room they

531
00:27:56,119 --> 00:27:53,220
didn't know there was a tape recorder in

532
00:27:58,909 --> 00:27:56,129
the room recording their statements they

533
00:28:02,180 --> 00:27:58,919
got dad on their knees and prayed they

534
00:28:04,639 --> 00:28:02,190
were so upset and frightened by the

535
00:28:05,450 --> 00:28:04,649
experience that they had these men were

536
00:28:12,560 --> 00:28:05,460
not lying

537
00:28:16,430 --> 00:28:12,570
his case there was a case of three women

538
00:28:18,499 --> 00:28:16,440

in Casey County Kentucky this happened

539

00:28:21,710 --> 00:28:18,509

only a couple of months after Travis

540

00:28:25,190 --> 00:28:21,720

Waltons abduction Elaine Thomas Lewis

541

00:28:28,369 --> 00:28:25,200

Smith and Moana Stafford and they had

542

00:28:32,470 --> 00:28:28,379

been out to dinner and were driving home

543

00:28:36,919 --> 00:28:32,480

who's about 10 o'clock at night 10:30

544

00:28:38,779 --> 00:28:36,929

driving home and craft approached them

545

00:28:42,409 --> 00:28:38,789

very rapidly at first they thought it

546

00:28:43,009 --> 00:28:42,419

was a plane in freefall crashing to the

547

00:28:46,669 --> 00:28:43,019

ground

548

00:28:50,389 --> 00:28:46,679

but it stopped right above their car and

549

00:28:52,279 --> 00:28:50,399

then it moved over and traveled next to

550

00:28:52,700 --> 00:28:52,289

their cars they were driving down the

551
00:28:56,180 --> 00:28:52,710
high

552
00:28:58,789 --> 00:28:56,190
it there was projected a light inside

553
00:29:04,970 --> 00:28:58,799
their car that caused them to become hot

554
00:29:07,399 --> 00:29:04,980
and tingling and then their car started

555
00:29:09,860 --> 00:29:07,409
to move 80 miles an hour

556
00:29:11,990 --> 00:29:09,870
forward they couldn't control it they

557
00:29:14,240 --> 00:29:12,000
tried to put on the brake they couldn't

558
00:29:16,159 --> 00:29:14,250
control the vehicle and then all of a

559
00:29:18,590 --> 00:29:16,169
sudden it stopped and it was being

560
00:29:22,639 --> 00:29:18,600
pulled backward and it seemed to be

561
00:29:26,180 --> 00:29:22,649
bumping along something the next thing

562
00:29:28,940 --> 00:29:26,190
they knew they were several miles down

563
00:29:31,940 --> 00:29:28,950

the road coming into their home town

564

00:29:35,120 --> 00:29:31,950

they had conscious recall of observing

565

00:29:38,419 --> 00:29:35,130

this craft it was also observed by other

566

00:29:41,060 --> 00:29:38,429

witnesses who said that they observed it

567

00:29:43,880 --> 00:29:41,070

as well the women eventually underwent

568

00:29:46,310 --> 00:29:43,890

hypnosis they all recalled having

569

00:29:50,000 --> 00:29:46,320

physical examinations onboard the craft

570

00:29:52,820 --> 00:29:50,010

Wow very another important case in my

571

00:29:57,019 --> 00:29:52,830

estimation between the time when Betty

572

00:29:59,210 --> 00:29:57,029

and Barney were abducted and the news of

573

00:30:02,240 --> 00:29:59,220

that was suppressed had any other

574

00:30:04,909 --> 00:30:02,250

abduction happened before that was

575

00:30:08,570 --> 00:30:04,919

released not that I'm aware of

576

00:30:11,389 --> 00:30:08,580

of course there there might be people

577

00:30:15,100 --> 00:30:11,399

today who are remembering abduction

578

00:30:18,980 --> 00:30:15,110

experiences in that time frame but

579

00:30:21,560 --> 00:30:18,990

people today tend not to speak publicly

580

00:30:24,380 --> 00:30:21,570

about their abduction experiences

581

00:30:26,269 --> 00:30:24,390

because they have been attacked

582

00:30:28,789 --> 00:30:26,279

they've lost their jobs than lost their

583

00:30:31,010 --> 00:30:28,799

credibility it just isn't a very good

584

00:30:33,649 --> 00:30:31,020

thing to do so yes there are probably

585

00:30:36,430 --> 00:30:33,659

others in that time frame and people

586

00:30:39,350 --> 00:30:36,440

come forward and talk to me

587

00:30:43,000 --> 00:30:39,360

confidentially quite often really but

588

00:30:46,639 --> 00:30:43,010

the next publicly known case occurred in

589

00:30:51,380 --> 00:30:46,649

1969 at the buff ledge girls camp in

590

00:30:54,710 --> 00:30:51,390

upstate Vermont it was a girl swimming

591

00:30:57,519 --> 00:30:54,720

camp and the campers had gone to a swim

592

00:31:00,580 --> 00:30:57,529

meet that night there were two

593

00:31:04,300 --> 00:31:00,590

counselors that were left at the camp

594

00:31:07,660 --> 00:31:04,310

there was the water skiing instructor Oh

595

00:31:09,190 --> 00:31:07,670

woman who went to Smith College and was

596

00:31:11,440 --> 00:31:09,200

working there in the summer and then

597

00:31:14,170 --> 00:31:11,450

there was the 16 year old boy who

598

00:31:16,660 --> 00:31:14,180

cleaned up the equipment along the edge

599

00:31:18,700 --> 00:31:16,670

of the lake it was the first time that

600

00:31:20,950 --> 00:31:18,710

they had actually had an opportunity to

601
00:31:24,580 --> 00:31:20,960
sit down and talk to each other and they

602
00:31:26,470 --> 00:31:24,590
were out on the dock it was dusk and as

603
00:31:30,160 --> 00:31:26,480
they were looking out at the water on

604
00:31:33,100 --> 00:31:30,170
Lake Champlain they saw what appeared to

605
00:31:35,620 --> 00:31:33,110
be what we think of as a mother ship it

606
00:31:39,690 --> 00:31:35,630
was this huge cigar like craft and out

607
00:31:42,670 --> 00:31:39,700
of that third flue three discs they

608
00:31:45,910 --> 00:31:42,680
zigzagged around a little bit and then

609
00:31:49,120 --> 00:31:45,920
two flew in one direction and one came

610
00:31:52,690 --> 00:31:49,130
toward them the one that came toward

611
00:31:56,110 --> 00:31:52,700
them came above the water and then it

612
00:31:59,740 --> 00:31:56,120
ascended vertically and then descended

613
00:32:02,620 --> 00:31:59,750

and plunged into the lake then it moved

614

00:32:06,480 --> 00:32:02,630

came out and moved along toward them and

615

00:32:09,430 --> 00:32:06,490

stopped about 15 feet away from them

616

00:32:12,910 --> 00:32:09,440

they were just awestruck as they were

617

00:32:16,060 --> 00:32:12,920

looking at this craft the 16 year old

618

00:32:19,150 --> 00:32:16,070

boy remembered observing nonhumans in

619

00:32:22,510 --> 00:32:19,160

the craft who seemed to send him the

620

00:32:23,290 --> 00:32:22,520

telepathic message that he would not be

621

00:32:26,290 --> 00:32:23,300

harmed

622

00:32:30,340 --> 00:32:26,300

that they would be okay and then the

623

00:32:32,680 --> 00:32:30,350

craft went a meet just above the heads

624

00:32:34,540 --> 00:32:32,690

of the young man and the young woman the

625

00:32:35,050 --> 00:32:34,550

young woman seemed to be in a state of

626

00:32:38,400 --> 00:32:35,060

shock

627

00:32:42,580 --> 00:32:38,410

he pushed both of them down to the deck

628

00:32:46,180 --> 00:32:42,590

on this dock and the next thing they

629

00:32:48,580 --> 00:32:46,190

knew and they heard voices the girls had

630

00:32:51,970 --> 00:32:48,590

returned from the swim meet and the

631

00:32:54,730 --> 00:32:51,980

craft was leaving and they could see it

632

00:32:57,160 --> 00:32:54,740

flying away in the distance so there was

633

00:32:59,470 --> 00:32:57,170

a time lapse that another time lapse

634

00:33:01,960 --> 00:32:59,480

it's usually about an hour and a half

635

00:33:05,680 --> 00:33:01,970

two hours of missing time that people

636

00:33:09,700 --> 00:33:05,690

experience right right I watched a show

637

00:33:12,120 --> 00:33:09,710

on UFOs in abductions and there was a

638

00:33:15,010 --> 00:33:12,130

psychiatrist saying that the

639

00:33:17,810 --> 00:33:15,020

hypnotherapist was leading people into

640

00:33:20,960 --> 00:33:17,820

believing about these abductions

641

00:33:23,779 --> 00:33:20,970

and what do you say to that speculation

642

00:33:25,509 --> 00:33:23,789

what I can say about that is look at the

643

00:33:28,159 --> 00:33:25,519

case of Betty and Barney Hill

644

00:33:30,320 --> 00:33:28,169

dr. Benjamin Simon was one of the

645

00:33:34,190 --> 00:33:30,330

leading psychiatrists in this country he

646

00:33:37,700 --> 00:33:34,200

knew nothing about UFOs he did not

647

00:33:40,369 --> 00:33:37,710

believe that Betty and Barney could

648

00:33:44,269 --> 00:33:40,379

possibly have encountered alien beings

649

00:33:47,330 --> 00:33:44,279

from another planet in our star system

650

00:33:50,779 --> 00:33:47,340

and he attempted to lead Betty and

651
00:33:53,119 --> 00:33:50,789
Barney away from that idea he hypnotized

652
00:33:56,299 --> 00:33:53,129
both of them separately for a period of

653
00:33:58,239 --> 00:33:56,309
six months he imposed amnesia at the end

654
00:34:00,680 --> 00:33:58,249
of each session so they couldn't

655
00:34:03,700 --> 00:34:00,690
converse with each other they couldn't

656
00:34:07,249 --> 00:34:03,710
contaminate each other's information and

657
00:34:10,069 --> 00:34:07,259
they told the same story and it was

658
00:34:15,049 --> 00:34:10,079
different in many respects from the

659
00:34:20,000 --> 00:34:15,059
story that Betty told about in her dream

660
00:34:21,859 --> 00:34:20,010
account of the UFO abduction and her

661
00:34:26,649 --> 00:34:21,869
abduction was different from her dreams

662
00:34:29,990 --> 00:34:26,659
so is Barney's so here is an example of

663
00:34:32,589 --> 00:34:30,000

two individuals who are led away from

664

00:34:35,450 --> 00:34:32,599

the idea they had no prior knowledge

665

00:34:37,490 --> 00:34:35,460

they were the first they had no prior

666

00:34:39,889 --> 00:34:37,500

knowledge of what an abduction was like

667

00:34:44,619 --> 00:34:39,899

you can say that well yes if someone

668

00:34:47,450 --> 00:34:44,629

today really wanted to be abducted and

669

00:34:50,240 --> 00:34:47,460

they had read everything they could

670

00:34:52,940 --> 00:34:50,250

possibly read on the subject so they had

671

00:34:55,940 --> 00:34:52,950

detailed information about what it was

672

00:34:59,210 --> 00:34:55,950

like and if they had a hypnotherapist

673

00:35:01,809 --> 00:34:59,220

who was very invested in the idea that

674

00:35:05,809 --> 00:35:01,819

this individual did have an abduction

675

00:35:08,630 --> 00:35:05,819

it's possible that you could confabulate

676

00:35:12,289 --> 00:35:08,640

that sort of thing but that certainly

677

00:35:15,260 --> 00:35:12,299

would be unprofessional and people who

678

00:35:21,099 --> 00:35:15,270

work with abduction experiencers on a

679

00:35:25,099 --> 00:35:21,109

regular basis will not work with anyone

680

00:35:27,549 --> 00:35:25,109

generally unless there is convincing

681

00:35:29,040 --> 00:35:27,559

evidence that they actually have been

682

00:35:31,170 --> 00:35:29,050

abducted

683

00:35:33,540 --> 00:35:31,180

and that that person hasn't read

684

00:35:35,070 --> 00:35:33,550

everything there is to read about

685

00:35:38,130 --> 00:35:35,080

abduction mmm

686

00:35:40,020 --> 00:35:38,140

so there are safeguards in place right

687

00:35:41,340 --> 00:35:40,030

right I know I said I wasn't gonna ask

688

00:35:44,910 --> 00:35:41,350

you any more questions about Betty and

689

00:35:48,810 --> 00:35:44,920

Barney but I just wanted to ask you one

690

00:35:54,150 --> 00:35:48,820

more thing what was it like listening to

691

00:35:57,780 --> 00:35:54,160

all of those recordings well I can tell

692

00:36:03,360 --> 00:35:57,790

you that initially I think I felt

693

00:36:07,620 --> 00:36:03,370

traumatized by it as I listened to them

694

00:36:11,970 --> 00:36:07,630

reappear Ian Singh the trauma of being

695

00:36:15,930 --> 00:36:11,980

taken by nonhumans so it was extremely

696

00:36:18,570 --> 00:36:15,940

difficult for me at first and I listened

697

00:36:21,720 --> 00:36:18,580

to those tapes dozens of times now in

698

00:36:26,040 --> 00:36:21,730

fact I i transcribed every statement

699

00:36:30,090 --> 00:36:26,050

they made for my book captured the Betty

700

00:36:34,310 --> 00:36:30,100

and Barney Hill UFO experience so now I

701
00:36:38,220 --> 00:36:34,320
can look at it without being distressed

702
00:36:40,920 --> 00:36:38,230
but it was difficult at first right I'm

703
00:36:44,460 --> 00:36:40,930
sure it was I'm sure was so what's what

704
00:36:48,600 --> 00:36:44,470
are you involved in these days well I am

705
00:36:51,330 --> 00:36:48,610
an independent abduction investigator

706
00:36:55,890 --> 00:36:51,340
and researcher I'm working on another

707
00:36:58,740 --> 00:36:55,900
book on with Denise donor who is Florida

708
00:37:01,170 --> 00:36:58,750
muffinz chief investigator on two very

709
00:37:02,880 --> 00:37:01,180
important abduction cases and we're

710
00:37:07,290 --> 00:37:02,890
hoping that that will be published next

711
00:37:11,000 --> 00:37:07,300
year we also are working on a research

712
00:37:14,540 --> 00:37:11,010
study on commonalities among abduction

713
00:37:17,280 --> 00:37:14,550

experiencers and we have three

714

00:37:22,320 --> 00:37:17,290

questionnaires they're posted on my

715

00:37:27,210 --> 00:37:22,330

website at Kathleen - or - Mardon ma

716

00:37:30,000 --> 00:37:27,220

rden comm one is a forty five question

717

00:37:33,180 --> 00:37:30,010

multiple choice question eros it's

718

00:37:35,850 --> 00:37:33,190

pretty general we're attempting to draw

719

00:37:36,580 --> 00:37:35,860

commonalities or identify little known

720

00:37:39,670 --> 00:37:36,590

common al

721

00:37:43,210 --> 00:37:39,680

among abduction experiencers then there

722

00:37:47,440 --> 00:37:43,220

is a 16 question questionnaire that is

723

00:37:50,340 --> 00:37:47,450

more open-ended fill in type on ET

724

00:37:54,670 --> 00:37:50,350

technology observed on the craft and

725

00:37:57,430 --> 00:37:54,680

then there is one that's about 20

726

00:37:59,800 --> 00:37:57,440

questions and it's for people who have

727

00:38:02,410 --> 00:37:59,810

never had an abduction experience we

728

00:38:04,840 --> 00:38:02,420

want to have a control group here so

729

00:38:07,750 --> 00:38:04,850

we'll know that these commonalities are

730

00:38:13,240 --> 00:38:07,760

not common across the general population

731

00:38:15,640 --> 00:38:13,250

Wow and it seems like there's like

732

00:38:18,670 --> 00:38:15,650

hundreds and hundreds of cases is that

733

00:38:20,800 --> 00:38:18,680

or even is it now so thousands of cases

734

00:38:23,520 --> 00:38:20,810

across the world around the world and

735

00:38:27,220 --> 00:38:23,530

people are reporting the same

736

00:38:29,800 --> 00:38:27,230

information even though much of it isn't

737

00:38:32,590 --> 00:38:29,810

publicized those of us who work within

738

00:38:38,110 --> 00:38:32,600

the field keeping a certain information

739

00:38:40,510 --> 00:38:38,120

secret hmm Wow now have you ever have

740

00:38:42,010 --> 00:38:40,520

you ever had this happen where you start

741

00:38:44,920 --> 00:38:42,020

interviewing someone and realize that

742

00:38:47,650 --> 00:38:44,930

they're full of baloney and you walk

743

00:38:51,580 --> 00:38:47,660

away has that happened well I try to be

744

00:38:54,640 --> 00:38:51,590

polite uh-huh but I do interview many

745

00:38:58,210 --> 00:38:54,650

many people and sometimes it becomes

746

00:39:00,550 --> 00:38:58,220

apparent to me that the person is

747

00:39:03,790 --> 00:39:00,560

probably someone who would like very

748

00:39:07,210 --> 00:39:03,800

much to have had an experience and that

749

00:39:10,030 --> 00:39:07,220

perhaps their creative imagination is

750

00:39:12,400 --> 00:39:10,040

running away with them but for the most

751

00:39:15,520 --> 00:39:12,410

part that's not the case most people

752

00:39:17,290 --> 00:39:15,530

come to me very very concerned they've

753

00:39:21,160 --> 00:39:17,300

had a close encounter they've had

754

00:39:25,930 --> 00:39:21,170

missing time and after that initial

755

00:39:28,660 --> 00:39:25,940

close encounter they might be taken from

756

00:39:30,970 --> 00:39:28,670

their homes mm-hmm so it generally

757

00:39:33,780 --> 00:39:30,980

happens the first time is from an

758

00:39:36,880 --> 00:39:33,790

external environment such as the car

759

00:39:39,440 --> 00:39:36,890

camping fishing hunting whatever

760

00:39:41,330 --> 00:39:39,450

yeah then after that is

761

00:39:43,640 --> 00:39:41,340

home what about people that are

762

00:39:47,200 --> 00:39:43,650

repeatedly abducted do you believe

763

00:39:50,180 --> 00:39:47,210

that's a real happening oh absolutely

764

00:39:52,580 --> 00:39:50,190

absolutely why would you be a long-term

765

00:39:55,520 --> 00:39:52,590

study the the thing that comes to

766

00:39:58,880 --> 00:39:55,530

question in mine for me is you picture

767

00:40:02,720 --> 00:39:58,890

like say the aliens are coming from

768

00:40:04,850 --> 00:40:02,730

another star system to here and they

769

00:40:06,770 --> 00:40:04,860

would go to the exact same place and

770

00:40:08,660 --> 00:40:06,780

abduct the same person huh

771

00:40:11,480 --> 00:40:08,670

I mean I'm just trying to figure well

772

00:40:14,690 --> 00:40:11,490

let's let's think about this for a

773

00:40:16,790 --> 00:40:14,700

minute and and let's think that they're

774

00:40:18,710 --> 00:40:16,800

probably not flying back and forth from

775

00:40:21,620 --> 00:40:18,720

their star system every time they come

776

00:40:28,390 --> 00:40:21,630

to abduct somebody they're probably in

777

00:40:35,780 --> 00:40:33,440

outside Earth's atmosphere and they're

778

00:40:39,620 --> 00:40:35,790

probably living there in very large

779

00:40:46,040 --> 00:40:39,630

numbers they might even be on one of our

780

00:40:49,220 --> 00:40:46,050

planets in a device where they make all

781

00:40:53,720 --> 00:40:49,230

of the energy they need they can sustain

782

00:40:56,620 --> 00:40:53,730

life in that kind of environment and and

783

00:40:58,820 --> 00:40:56,630

perhaps go back and forth between our

784

00:41:03,320 --> 00:40:58,830

planet and their planet

785

00:41:05,210 --> 00:41:03,330

very rarely or infrequently so let's

786

00:41:07,850 --> 00:41:05,220

think about that and then they just have

787

00:41:09,680 --> 00:41:07,860

their smaller models and they bring

788

00:41:12,290 --> 00:41:09,690

those smaller models down when they're

789

00:41:16,220 --> 00:41:12,300

going to abduct a person now we know

790

00:41:18,740 --> 00:41:16,230

that they are inserting implants into

791

00:41:21,110 --> 00:41:18,750

abduction experiencers that happens over

792

00:41:24,080 --> 00:41:21,120

and over again and it seems that they

793

00:41:27,110 --> 00:41:24,090

use these as tracking devices so that

794

00:41:29,510 --> 00:41:27,120

they can take the same person over and

795

00:41:31,790 --> 00:41:29,520

over again throughout their lifetime if

796

00:41:33,110 --> 00:41:31,800

you were to speculate why would you

797

00:41:36,470 --> 00:41:33,120

think that they would want to see the

798

00:41:41,030 --> 00:41:36,480

same person twice well for one thing we

799

00:41:44,180 --> 00:41:41,040

know that thousands of individuals have

800

00:41:47,510 --> 00:41:44,190

stated that they're being used for the

801
00:41:49,000 --> 00:41:47,520
extraction of reproductive material from

802
00:41:53,470 --> 00:41:49,010
over and

803
00:41:56,620 --> 00:41:53,480
sperm and so they might want to take the

804
00:42:01,830 --> 00:41:56,630
same individuals for that purpose to

805
00:42:06,370 --> 00:42:01,840
grow fetuses on board their craft in

806
00:42:12,460 --> 00:42:06,380
tubes or cylinders they take tissue

807
00:42:14,230 --> 00:42:12,470
samples from individuals and they I'm

808
00:42:17,710 --> 00:42:14,240
not sure what they're using these tissue

809
00:42:22,900 --> 00:42:17,720
samples for but people have sort of

810
00:42:25,960 --> 00:42:22,910
punch biopsy marks that and and wake up

811
00:42:29,560 --> 00:42:25,970
with patterned bruises and pattern

812
00:42:31,870 --> 00:42:29,570
needle marks on their bodies I can't

813
00:42:35,980 --> 00:42:31,880

tell you why they're taking the same

814

00:42:39,370 --> 00:42:35,990

individuals over and over again but it's

815

00:42:41,770 --> 00:42:39,380

something that they are doing they seem

816

00:42:45,040 --> 00:42:41,780

to be following genetic lines in many

817

00:42:48,970 --> 00:42:45,050

cases where they will take the say the

818

00:42:50,920 --> 00:42:48,980

mother move along the maternal genetic

819

00:42:54,090 --> 00:42:50,930

line take the daughter take the

820

00:42:56,830 --> 00:42:54,100

granddaughter and so on and so forth so

821

00:42:59,530 --> 00:42:56,840

they they appear to be doing a

822

00:43:02,710 --> 00:42:59,540

longitudinal genetic study maybe

823

00:43:05,350 --> 00:43:02,720

biological study maybe sociological

824

00:43:08,320 --> 00:43:05,360

study now what's the oldest person

825

00:43:13,690 --> 00:43:08,330

you've ever heard of being abducted in

826

00:43:17,610 --> 00:43:13,700

my study I believe I had a person who is

827

00:43:21,250 --> 00:43:17,620

very close to 80 years old really who

828

00:43:23,260 --> 00:43:21,260

has been abducted as people grow older

829

00:43:26,470 --> 00:43:23,270

they tend not to be abducted as

830

00:43:28,810 --> 00:43:26,480

frequently this 80 year old was abducted

831

00:43:31,750 --> 00:43:28,820

much earlier in her life and visited

832

00:43:34,030 --> 00:43:31,760

from time to time now you hear a lot of

833

00:43:36,700 --> 00:43:34,040

these people say that they floated right

834

00:43:40,660 --> 00:43:36,710

through the wall and like solid objects

835

00:43:42,880 --> 00:43:40,670

yes and there's a lot of people saying

836

00:43:46,000 --> 00:43:42,890

that seems impossible doesn't it it does

837

00:43:46,779 --> 00:43:46,010

I don't think does I had to question

838

00:43:50,919 --> 00:43:46,789

that myself

839

00:43:53,049 --> 00:43:50,929

often so I interviewed a theoretical

840

00:43:56,890 --> 00:43:53,059

physicist and and I asked him if that

841

00:43:59,949 --> 00:43:56,900

was possible and he said that yes it is

842

00:44:01,959 --> 00:43:59,959

in fact we have the math to do that and

843

00:44:04,870 --> 00:44:01,969

we've done it on a very small scale in a

844

00:44:09,089 --> 00:44:04,880

laboratory and what the ETS would have

845

00:44:12,569 --> 00:44:09,099

to do is let's say for example their

846

00:44:15,909 --> 00:44:12,579

vibrational frequency to a certain rate

847

00:44:16,959 --> 00:44:15,919

okay and let's say maybe it was higher

848

00:44:20,400 --> 00:44:16,969

than our own

849

00:44:23,380 --> 00:44:20,410

then in order to move us through a solid

850

00:44:25,689 --> 00:44:23,390

structure they would have to change the

851
00:44:29,289 --> 00:44:25,699
vibrational frequency of the solid

852
00:44:31,959 --> 00:44:29,299
structure to match their own and also

853
00:44:33,939 --> 00:44:31,969
the humans vibrational frequency to

854
00:44:36,219 --> 00:44:33,949
match their own wouldn't it be easy to

855
00:44:39,939 --> 00:44:36,229
open the window it would be and when

856
00:44:42,370 --> 00:44:39,949
that occurs then you can move the solid

857
00:44:46,059 --> 00:44:42,380
matter through solid matter now why

858
00:44:49,689 --> 00:44:46,069
would they do that and what impact does

859
00:44:52,599 --> 00:44:49,699
it have on the human body I think that

860
00:44:54,370 --> 00:44:52,609
it's probably less risky to do it that

861
00:44:57,279 --> 00:44:54,380
way than to actually go into people's

862
00:45:00,399 --> 00:44:57,289
homes to land their craft on the ground

863
00:45:03,819 --> 00:45:00,409

the way they did years ago and and walk

864

00:45:06,549 --> 00:45:03,829

people out to the craft the consequence

865

00:45:10,239 --> 00:45:06,559

it seems of what they're doing possibly

866

00:45:13,779 --> 00:45:10,249

is they're making people ill and I can

867

00:45:17,949 --> 00:45:13,789

tell you that on the study that Denise

868

00:45:20,679 --> 00:45:17,959

stoner and I are doing nearly forty

869

00:45:23,229 --> 00:45:20,689

percent of the abduction experiencers

870

00:45:25,209 --> 00:45:23,239

have a formal diagnosis of chronic

871

00:45:30,039 --> 00:45:25,219

fatigue and immune dysfunction syndrome

872

00:45:32,829 --> 00:45:30,049

a chronic mononucleosis less than 1% of

873

00:45:35,620 --> 00:45:32,839

the general population have been

874

00:45:38,799 --> 00:45:35,630

diagnosed with that same disease Wow

875

00:45:42,459 --> 00:45:38,809

that's very significant Wow you would

876

00:45:45,309 --> 00:45:42,469

think that it wouldn't be just one

877

00:45:48,909 --> 00:45:45,319

species of aliens abducting people but

878

00:45:52,479 --> 00:45:48,919

perhaps from other other star systems

879

00:45:54,989 --> 00:45:52,489

and other species yes that is that is

880

00:45:58,890 --> 00:45:54,999

correct and abduction experiencers

881

00:46:01,349 --> 00:45:58,900

report the most prevalent species

882

00:46:03,720 --> 00:46:01,359

that have been taken them or what we

883

00:46:05,970 --> 00:46:03,730

call the greys ORS natives and there are

884

00:46:08,670 --> 00:46:05,980

two different sizes there is of a

885

00:46:11,279 --> 00:46:08,680

three-foot-tall craze with the gray skin

886

00:46:13,829 --> 00:46:11,289

and very large heads and black shiny

887

00:46:15,660 --> 00:46:13,839

eyes then there are the taller ones that

888

00:46:17,940 --> 00:46:15,670

are four and a half to five feet tall

889

00:46:20,339 --> 00:46:17,950

the small ones seem to be the assistants

890

00:46:23,039 --> 00:46:20,349

the taller ones of the escorts and the

891

00:46:27,690 --> 00:46:23,049

physicians so you have the Grey's

892

00:46:30,839 --> 00:46:27,700

experiments then individuals often today

893

00:46:34,559 --> 00:46:30,849

report what they call a mantis type

894

00:46:39,089 --> 00:46:34,569

being and the mantis type being seems to

895

00:46:45,029 --> 00:46:39,099

be highly telepathic empathetic very

896

00:46:48,000 --> 00:46:45,039

frightening to look upon but people seem

897

00:46:51,269 --> 00:46:48,010

to have a positive attitude toward this

898

00:46:55,019 --> 00:46:51,279

being they tend to be physicians and

899

00:46:57,690 --> 00:46:55,029

might work alongside the grace or the

900

00:47:00,180 --> 00:46:57,700

zetas quo in what they're doing they're

901
00:47:02,250 --> 00:47:00,190
much taller than the Zetas they might be

902
00:47:05,010 --> 00:47:02,260
five and a half to six feet tall and

903
00:47:07,799 --> 00:47:05,020
some people have reported that they seem

904
00:47:11,220 --> 00:47:07,809
to be able to fold their legs up almost

905
00:47:13,410 --> 00:47:11,230
like think of a grasshopper to make them

906
00:47:16,140 --> 00:47:13,420
sell short er it's really bizarre to

907
00:47:19,589 --> 00:47:16,150
think of that and they might even have

908
00:47:21,990 --> 00:47:19,599
an exoskeleton mm-hmm there's another

909
00:47:25,289 --> 00:47:22,000
choice checked the bad boys of the

910
00:47:30,329 --> 00:47:25,299
neighborhood I call them and those are

911
00:47:33,660 --> 00:47:30,339
the reptilians of the Reptoids and I get

912
00:47:35,760 --> 00:47:33,670
I received mixed reports about them and

913
00:47:40,049 --> 00:47:35,770

they tend to be about five and a half to

914

00:47:41,339 --> 00:47:40,059

six or even seven feet tall frightening

915

00:47:46,890 --> 00:47:41,349

in there and damina

916

00:47:49,670 --> 00:47:46,900

they tend to engage in sexual activity

917

00:47:54,690 --> 00:47:49,680

with humans that seems to be a focus

918

00:47:57,150 --> 00:47:54,700

with reptilians and it's very very

919

00:47:59,970 --> 00:47:57,160

distressing for people who have taken by

920

00:48:00,809 --> 00:47:59,980

them who consider themselves to offend

921

00:48:03,559 --> 00:48:00,819

rape

922

00:48:07,589 --> 00:48:03,569

yet some people have even reported

923

00:48:11,190 --> 00:48:07,599

positive relationships with reptilian

924

00:48:13,829 --> 00:48:11,200

beings as well a few have reported that

925

00:48:15,509 --> 00:48:13,839

to me yes well we're just about out of

926
00:48:18,720 --> 00:48:15,519
time here but I had one more question

927
00:48:22,170 --> 00:48:18,730
has anyone that you've ever talked to

928
00:48:27,660 --> 00:48:22,180
had received any telepathic message

929
00:48:31,769 --> 00:48:27,670
about where we're going as as Earthlings

930
00:48:34,829 --> 00:48:31,779
and our planet or anything like that the

931
00:48:41,569 --> 00:48:34,839
messages that humans receive tend not to

932
00:48:45,480 --> 00:48:41,579
be entire very specific people are shown

933
00:48:47,849 --> 00:48:45,490
images either on screens or these images

934
00:48:51,289 --> 00:48:47,859
are just projected into their minds

935
00:48:56,329 --> 00:48:51,299
where they see destruction they see

936
00:49:00,390 --> 00:48:56,339
cataclysmic scenes such as volcanoes or

937
00:49:03,980 --> 00:49:00,400
tsunamis and that sort of thing and then

938
00:49:06,990 --> 00:49:03,990

they've come to pass as we know already

939

00:49:10,430 --> 00:49:07,000

some people are also shown what appears

940

00:49:14,819 --> 00:49:10,440

to be a distant planet that is brown and

941

00:49:18,089 --> 00:49:14,829

appears incapable of harboring life and

942

00:49:21,029 --> 00:49:18,099

so I wonder if that is their planet hmm

943

00:49:24,509 --> 00:49:21,039

and that's one reason that perhaps

944

00:49:28,069 --> 00:49:24,519

they're probably living out somewhere in

945

00:49:31,289 --> 00:49:28,079

our solar system on a very large craft

946

00:49:33,359 --> 00:49:31,299

mm-hmm Wow very interesting or that

947

00:49:38,309 --> 00:49:33,369

could be our planet in the future I

948

00:49:40,589 --> 00:49:38,319

suppose it could be but if we lose our

949

00:49:44,309 --> 00:49:40,599

magnetic sphere however you say that yes

950

00:49:46,529 --> 00:49:44,319

that's our magnetic field yeah collapses

951

00:49:49,200 --> 00:49:46,539

yeah this has been absolutely

952

00:49:51,329 --> 00:49:49,210

fascinating thank you so much thank you

953

00:49:52,980 --> 00:49:51,339

for having me it was a pleasure and you

954

00:49:55,380 --> 00:49:52,990
