1  
00:00:05,430 --> 00:00:03,669  
the ufo phenomenon either

2  
00:00:07,670 --> 00:00:05,440  
we like it or not is already very much

3  
00:00:08,390 --> 00:00:07,680  
part of our reality i've been on panels

4  
00:00:10,470 --> 00:00:08,400  
with the

5  
00:00:12,470 --> 00:00:10,480  
military people who you know claim that

6  
00:00:13,910 --> 00:00:12,480  
they've seen the aliens buzzing our

7  
00:00:16,630 --> 00:00:13,920  
missile silos

8  
00:00:18,870 --> 00:00:16,640  
shiny concentric circles that caused a

9  
00:00:20,790 --> 00:00:18,880  
compass needle to spin and spin

10  
00:00:22,150 --> 00:00:20,800  
they had very large eyes and you know i

11  
00:00:25,029 --> 00:00:22,160  
found their stare

12  
00:00:26,550 --> 00:00:25,039  
extremely difficult to bear hello

13  
00:00:29,429 --> 00:00:26,560

everyone welcome to the show

14

00:00:30,950 --> 00:00:29,439

i'm martin willis your host today is a

15

00:00:32,790 --> 00:00:30,960

different kind of program

16

00:00:34,790 --> 00:00:32,800

if you haven't heard us before and this

17

00:00:37,190 --> 00:00:34,800

is the first show for some of you as

18

00:00:39,590 --> 00:00:37,200

we are now on the affiliate all one

19

00:00:42,229 --> 00:00:39,600

broadcast dot com internet radio

20

00:00:43,190 --> 00:00:42,239

every friday night at 8 pm eastern

21

00:00:45,510 --> 00:00:43,200

standard time

22

00:00:47,190 --> 00:00:45,520

in theory at that time i should be in

23

00:00:48,150 --> 00:00:47,200

the chat room to interact with you and

24

00:00:50,310 --> 00:00:48,160

answer questions

25

00:00:52,150 --> 00:00:50,320

it's a special show today where there's

26  
00:00:52,790 --> 00:00:52,160  
no news in the beginning like we usually

27  
00:00:55,110 --> 00:00:52,800  
have

28  
00:00:57,350 --> 00:00:55,120  
but i just got back from the symposium

29  
00:01:00,630 --> 00:00:57,360  
on official scientific investigations

30  
00:01:02,869 --> 00:01:00,640  
of uap slash ufos in north carolina

31  
00:01:05,030 --> 00:01:02,879  
this show will be a series of short clip

32  
00:01:07,109 --> 00:01:05,040  
interviews that i did on location

33  
00:01:09,109 --> 00:01:07,119  
i couldn't fit all of them in an hour

34  
00:01:12,149 --> 00:01:09,119  
program so i will be feeding them in

35  
00:01:13,830 --> 00:01:12,159  
future podcasts it was a little noisy

36  
00:01:15,350 --> 00:01:13,840  
there so i do apologize for the

37  
00:01:17,510 --> 00:01:15,360  
background noise but

38  
00:01:19,030 --> 00:01:17,520

it was a lot of fun it was actually the

39

00:01:22,469 --> 00:01:19,040

best two days

40

00:01:24,469 --> 00:01:22,479

i ever had in this field i had a blast

41

00:01:25,510 --> 00:01:24,479

i want to talk a little bit first of all

42

00:01:27,350 --> 00:01:25,520

about kent

43

00:01:29,749 --> 00:01:27,360

center who put this together was his

44

00:01:30,310 --> 00:01:29,759

brainchild what a nice man with a great

45

00:01:32,789 --> 00:01:30,320

family

46

00:01:34,710 --> 00:01:32,799

and he did a tremendous job the speakers

47

00:01:37,109 --> 00:01:34,720

were absolutely wonderful

48

00:01:38,469 --> 00:01:37,119

they were professional discussing

49

00:01:40,069 --> 00:01:38,479

scientific approaches

50

00:01:41,590 --> 00:01:40,079

every one of them was extremely

51

00:01:44,630 --> 00:01:41,600

approachable and kind

52

00:01:45,510 --> 00:01:44,640

a lot of great laughs we had good senses

53

00:01:47,109 --> 00:01:45,520

of humor

54

00:01:49,429 --> 00:01:47,119

i guess you have to have that in this

55

00:01:50,950 --> 00:01:49,439

field i strongly suggest anyone

56

00:01:52,710 --> 00:01:50,960

listening to this to try to get to the

57

00:01:53,749 --> 00:01:52,720

next one which may be coming up in about

58

00:01:56,590 --> 00:01:53,759

six months down there

59

00:01:57,749 --> 00:01:56,600

the same theme our website is

60

00:01:59,429 --> 00:01:57,759

podcastufo.com

61

00:02:01,429 --> 00:01:59,439

it's full of interesting blogs and

62

00:02:03,670 --> 00:02:01,439

articles we have an active forum

63

00:02:04,550 --> 00:02:03,680

and you can also listen to back episodes

64

00:02:06,469 --> 00:02:04,560

that we have

65

00:02:07,590 --> 00:02:06,479

there's a lot going on with our facebook

66

00:02:10,469 --> 00:02:07,600

page we have over

67

00:02:11,670 --> 00:02:10,479

5000 likes on that peggy is managing

68

00:02:12,550 --> 00:02:11,680

that thank you peggy you're doing a

69

00:02:14,470 --> 00:02:12,560

great job

70

00:02:16,229 --> 00:02:14,480

michael locke who writes most of the

71

00:02:18,949 --> 00:02:16,239

articles will be back next week

72

00:02:19,990 --> 00:02:18,959

with the ufo news roundup that's it for

73

00:02:25,350 --> 00:02:20,000

now and i hope you

74

00:02:28,390 --> 00:02:27,589

i'm with kent center how you doing ken

75

00:02:30,150 --> 00:02:28,400

doing good

76

00:02:31,589 --> 00:02:30,160

doing real well today how you doing

77

00:02:34,309 --> 00:02:31,599

great uh nice job

78

00:02:35,990 --> 00:02:34,319

thank you thank you and we started right

79

00:02:38,869 --> 00:02:36,000

out but the first part of the symposium

80

00:02:40,390 --> 00:02:38,879

seeing your video right and you're on a

81

00:02:42,070 --> 00:02:40,400

race against time basically and you

82

00:02:43,030 --> 00:02:42,080

decide to put this together can you kind

83

00:02:45,430 --> 00:02:43,040

of go over that

84

00:02:46,550 --> 00:02:45,440

uh yeah i've got a multiple myeloma with

85

00:02:49,990 --> 00:02:46,560

terminal cancer

86

00:02:53,670 --> 00:02:50,000

and i've been fighting this

87

00:02:56,070 --> 00:02:53,680

disease for almost five years now so

88

00:02:56,869 --> 00:02:56,080

yeah i'm coming out of remission i've

89

00:02:59,350 --> 00:02:56,879

got to go

90

00:03:02,790 --> 00:02:59,360

do another battle with chemo or whether

91

00:03:06,309 --> 00:03:05,910

the uh survival rates aren't too good on

92

00:03:10,390 --> 00:03:06,319

this

93

00:03:11,910 --> 00:03:10,400

fact um

94

00:03:14,550 --> 00:03:11,920

six others that were diagnosed and

95

00:03:16,550 --> 00:03:14,560

treated when i got treated uh

96

00:03:18,390 --> 00:03:16,560

all of them passed away the last one

97

00:03:21,589 --> 00:03:18,400

about two years ago so

98

00:03:25,910 --> 00:03:21,599

wow i've outraced everybody there so

99

00:03:27,270 --> 00:03:25,920

yeah uh we're sitting there and i'm

100

00:03:28,869 --> 00:03:27,280

getting ready as soon as this conference

101  
00:03:30,630 --> 00:03:28,879  
is everyone get this done and then i'll

102  
00:03:32,789 --> 00:03:30,640  
go to to get the treatments

103  
00:03:34,550 --> 00:03:32,799  
so you decided this was and and first of

104  
00:03:36,229 --> 00:03:34,560  
all i want to say that i'm really sorry

105  
00:03:38,869 --> 00:03:36,239  
you have to go through this

106  
00:03:39,270 --> 00:03:38,879  
thank you it's a tough one it's one of

107  
00:03:42,390 --> 00:03:39,280  
those

108  
00:03:44,630 --> 00:03:42,400  
uh journeys in life that that's just the

109  
00:03:47,110 --> 00:03:44,640  
road i have to go on you know

110  
00:03:48,550 --> 00:03:47,120  
never know what god chooses for you so

111  
00:03:49,030 --> 00:03:48,560  
yeah well i want to talk a little bit

112  
00:03:51,270 --> 00:03:49,040  
about your

113  
00:03:52,949 --> 00:03:51,280

your sightings while you're citing the

114

00:03:55,910 --> 00:03:52,959

the one major one you had

115

00:03:56,949 --> 00:03:55,920

that in particular but uh why don't you

116

00:03:59,429 --> 00:03:56,959

say

117

00:04:00,390 --> 00:03:59,439

how this idea was born to put together

118

00:04:04,149 --> 00:04:00,400

this conference

119

00:04:05,190 --> 00:04:04,159

well it's um after the sighting i had

120

00:04:08,710 --> 00:04:05,200

when i was a young

121

00:04:09,190 --> 00:04:08,720

young kid that made an impact on me

122

00:04:11,030 --> 00:04:09,200

being

123

00:04:13,110 --> 00:04:11,040

growing up right outside of dc and with

124

00:04:15,350 --> 00:04:13,120

the you know the government military

125

00:04:16,789 --> 00:04:15,360

people officials that were around

126

00:04:19,110 --> 00:04:16,799

in the neighborhood my best friend's

127

00:04:19,990 --> 00:04:19,120

father was uh worked as deputy director

128

00:04:23,189 --> 00:04:20,000

befay

129

00:04:28,790 --> 00:04:26,950

and you know i was scared by his um

130

00:04:29,990 --> 00:04:28,800

by his statement what he told me about

131

00:04:32,070 --> 00:04:30,000

what he knew and

132

00:04:34,710 --> 00:04:32,080

a gentleman that was locked up because

133

00:04:36,310 --> 00:04:34,720

he saw a crash disc and

134

00:04:38,070 --> 00:04:36,320

they locked him up so if he ever got out

135

00:04:39,510 --> 00:04:38,080

he could talk about it and then he would

136

00:04:41,590 --> 00:04:39,520

believe him so

137

00:04:43,270 --> 00:04:41,600

uh it really made an impact on me really

138

00:04:45,670 --> 00:04:43,280

terrified me and i shut up about it but

139

00:04:47,590 --> 00:04:45,680

it got my curiosity up

140

00:04:48,710 --> 00:04:47,600

and in the mid 80s the video that you

141

00:04:50,710 --> 00:04:48,720

saw

142

00:04:52,950 --> 00:04:50,720

where i had this sighting uh from that

143

00:04:55,270 --> 00:04:52,960

moment on i decided to

144

00:04:56,710 --> 00:04:55,280

get involved start researching and try

145

00:04:59,510 --> 00:04:56,720

to find an answer

146

00:05:01,029 --> 00:04:59,520

been to a lot of conferences and i i

147

00:05:02,790 --> 00:05:01,039

didn't like the way the conference has

148

00:05:03,350 --> 00:05:02,800

come out with the extraterrestrials and

149

00:05:10,629 --> 00:05:03,360

i

150

00:05:12,310 --> 00:05:10,639

yeah of

151  
00:05:14,070 --> 00:05:12,320  
saying hey there's unidentified craft in

152  
00:05:15,270 --> 00:05:14,080  
our airspace other countries yeah but

153  
00:05:17,670 --> 00:05:15,280  
not us

154  
00:05:19,430 --> 00:05:17,680  
so my mission was to get all these

155  
00:05:21,749 --> 00:05:19,440  
scientists and the

156  
00:05:22,870 --> 00:05:21,759  
the most credible people i could

157  
00:05:25,110 --> 00:05:22,880  
involved in this

158  
00:05:27,029 --> 00:05:25,120  
topic to show the government what other

159  
00:05:28,469 --> 00:05:27,039  
countries do and how they recognize and

160  
00:05:30,070 --> 00:05:28,479  
it doesn't hurt anybody

161  
00:05:31,270 --> 00:05:30,080  
yeah you know but they work to get those

162  
00:05:33,350 --> 00:05:31,280  
answers and they have a better

163  
00:05:34,790 --> 00:05:33,360

cooperation and better research than us

164

00:05:37,830 --> 00:05:34,800

and we're supposed to be the big

165

00:05:38,550 --> 00:05:37,840

superpower and they're far more advanced

166

00:05:41,909 --> 00:05:38,560

in thinking

167

00:05:44,070 --> 00:05:41,919

and and research

168

00:05:45,510 --> 00:05:44,080

and it's just a shame we can't do that

169

00:05:47,189 --> 00:05:45,520

our pilots can't even talk

170

00:05:49,430 --> 00:05:47,199

and uh so this is what i'm trying to do

171

00:05:52,310 --> 00:05:49,440

is put an end to this and uh

172

00:05:53,749 --> 00:05:52,320

where we get some you know some backing

173

00:05:55,110 --> 00:05:53,759

by the government some recognition

174

00:05:57,350 --> 00:05:55,120

there's this

175

00:05:58,790 --> 00:05:57,360

validity the for instance chicago hair

176

00:06:00,390 --> 00:05:58,800

signing that occurred

177

00:06:02,309 --> 00:06:00,400

you know stevensville it's on radar

178

00:06:03,270 --> 00:06:02,319

documentation people ask where's the

179

00:06:05,029 --> 00:06:03,280

proof there's your proof

180

00:06:06,790 --> 00:06:05,039

it's in black and white on the radar

181

00:06:07,749 --> 00:06:06,800

science and then you have the visual to

182

00:06:10,790 --> 00:06:07,759

back it up by

183

00:06:13,430 --> 00:06:10,800

highly credible people police pilots

184

00:06:15,430 --> 00:06:13,440

you know it's it's it's i don't know i

185

00:06:18,629 --> 00:06:15,440

think the media plays a big part

186

00:06:19,670 --> 00:06:18,639

and so this way i've kind of eliminated

187

00:06:21,909 --> 00:06:19,680

all their

188

00:06:23,270 --> 00:06:21,919

ability to ridicule when they look at

189

00:06:24,230 --> 00:06:23,280

the quality of these speakers and hear

190

00:06:26,390 --> 00:06:24,240

what they do yes

191

00:06:28,230 --> 00:06:26,400

you know do their research do you think

192

00:06:30,710 --> 00:06:28,240

this event will go on

193

00:06:31,909 --> 00:06:30,720

next year i want to do one another one

194

00:06:34,629 --> 00:06:31,919

in six months

195

00:06:36,070 --> 00:06:34,639

really wow yeah i can tell by things

196

00:06:37,909 --> 00:06:36,080

i've gone to and been involved and you

197

00:06:41,110 --> 00:06:37,919

put a heck of a lot of work into this

198

00:06:43,590 --> 00:06:41,120

a ton and um i

199

00:06:45,110 --> 00:06:43,600

also knew that i was coming out of

200

00:06:47,749 --> 00:06:45,120

remission so i was kind of

201  
00:06:49,830 --> 00:06:47,759  
the race against time i was in a rush

202  
00:06:53,430 --> 00:06:49,840  
but now that i've done this

203  
00:06:55,990 --> 00:06:53,440  
emotionally and i

204  
00:06:57,270 --> 00:06:56,000  
i feel happy i feel you know i'm able to

205  
00:06:59,430 --> 00:06:57,280  
accomplish that now

206  
00:07:01,270 --> 00:06:59,440  
yeah i'll do my chemo battle do whatever

207  
00:07:02,150 --> 00:07:01,280  
but while i'm doing it i'm planning for

208  
00:07:03,749 --> 00:07:02,160  
the next event

209  
00:07:05,510 --> 00:07:03,759  
yeah you know i'm just i'm i'm sorry i

210  
00:07:06,950 --> 00:07:05,520  
got a plan now and the next one's going

211  
00:07:09,110 --> 00:07:06,960  
to be even a little bit more thought out

212  
00:07:11,270 --> 00:07:09,120  
and planned out and advertised

213  
00:07:12,230 --> 00:07:11,280

uh properly we we spent a ton of money

214

00:07:14,150 --> 00:07:12,240

in advertising

215

00:07:16,629 --> 00:07:14,160

uh i think the basset conference hurt us

216

00:07:22,390 --> 00:07:19,749

you know the quality of the congressmen

217

00:07:23,029 --> 00:07:22,400

i just think it was opened up for media

218

00:07:25,909 --> 00:07:23,039

to bash

219

00:07:27,749 --> 00:07:25,919

and they just took advantage of it and

220

00:07:29,110 --> 00:07:27,759

the focus was on the congressmen

221

00:07:31,110 --> 00:07:29,120

that were there and who they were and

222

00:07:33,270 --> 00:07:31,120

what kind of background they had and not

223

00:07:34,390 --> 00:07:33,280

the witnesses and not the validity of

224

00:07:36,550 --> 00:07:34,400

what they saw

225

00:07:37,990 --> 00:07:36,560

there was so much unbelievably great

226

00:07:40,550 --> 00:07:38,000

testimony

227

00:07:41,510 --> 00:07:40,560

and i'll give steve bassett credit on

228

00:07:44,950 --> 00:07:41,520

that he

229

00:07:46,629 --> 00:07:44,960

pulled a good group of highly credible

230

00:07:49,350 --> 00:07:46,639

witnesses

231

00:07:50,710 --> 00:07:49,360

but it was all destroyed by the media of

232

00:07:52,390 --> 00:07:50,720

dealing with those congressmen that

233

00:07:54,629 --> 00:07:52,400

should that just it's just a bad scene

234

00:07:56,309 --> 00:07:54,639

yeah you know i i wish he would have

235

00:07:56,790 --> 00:07:56,319

just did without the mock congress

236

00:07:59,350 --> 00:07:56,800

hearing

237

00:08:00,790 --> 00:07:59,360

and just went ahead and tried to do

238

00:08:03,270 --> 00:08:00,800

another just disclosure here with these

239

00:08:04,230 --> 00:08:03,280

witnesses we got to pound out the truth

240

00:08:05,830 --> 00:08:04,240

and that's the only way you're going to

241

00:08:06,790 --> 00:08:05,840

do it you know you can't attack the

242

00:08:08,629 --> 00:08:06,800

government

243

00:08:11,189 --> 00:08:08,639

yeah you know like leslie just said in

244

00:08:13,350 --> 00:08:11,199

her talk right there

245

00:08:15,110 --> 00:08:13,360

that's the last place you want to go

246

00:08:16,869 --> 00:08:15,120

you're not going to get their help or

247

00:08:18,230 --> 00:08:16,879

get them to even think about it when

248

00:08:20,230 --> 00:08:18,240

you're sitting there bashing it

249

00:08:21,670 --> 00:08:20,240

because most of them don't know no they

250

00:08:22,230 --> 00:08:21,680

don't if any of them do it all the

251  
00:08:23,430 --> 00:08:22,240  
unaware

252  
00:08:25,029 --> 00:08:23,440  
yeah everything in the government's

253  
00:08:26,550 --> 00:08:25,039  
compartment lies just like the military

254  
00:08:27,909 --> 00:08:26,560  
that's right

255  
00:08:29,189 --> 00:08:27,919  
there's so much that people think the

256  
00:08:29,990 --> 00:08:29,199  
government knows there's so much they

257  
00:08:31,510 --> 00:08:30,000  
don't know

258  
00:08:33,190 --> 00:08:31,520  
yeah if they knew why would they have

259  
00:08:33,990 --> 00:08:33,200  
their jets chasing the craft down in

260  
00:08:35,750 --> 00:08:34,000  
stevensville

261  
00:08:37,190 --> 00:08:35,760  
you know yeah why would they and if they

262  
00:08:39,269 --> 00:08:37,200  
had this secret project

263  
00:08:40,310 --> 00:08:39,279

use that secret project to go chase the

264

00:08:42,230 --> 00:08:40,320

secret project

265

00:08:44,389 --> 00:08:42,240

it just doesn't make sense you know yeah

266

00:08:45,269 --> 00:08:44,399

uh we go in with helicopters get bin

267

00:08:47,590 --> 00:08:45,279

laden

268

00:08:49,350 --> 00:08:47,600

if if this thing that was over my head

269

00:08:52,070 --> 00:08:49,360

in park with the 80s

270

00:08:53,269 --> 00:08:52,080

north carolina if they used this thing

271

00:08:54,150 --> 00:08:53,279

they could have just snuck right in

272

00:08:56,230 --> 00:08:54,160

there

273

00:08:57,910 --> 00:08:56,240

never would have been seen and never

274

00:08:59,269 --> 00:08:57,920

been heard yeah uh

275

00:09:01,190 --> 00:08:59,279

yeah so why use a helicopter that's a

276

00:09:04,470 --> 00:09:01,200

good point for people need to think

277

00:09:05,509 --> 00:09:04,480

you know um i'm sure there are secret

278

00:09:07,350 --> 00:09:05,519

projects you know

279

00:09:08,790 --> 00:09:07,360

i'm sure there's tons of sacred projects

280

00:09:11,670 --> 00:09:08,800

but we

281

00:09:13,190 --> 00:09:11,680

that's as hard to prove as uh the

282

00:09:15,750 --> 00:09:13,200

unidentified craft themselves

283

00:09:16,470 --> 00:09:15,760

i mean so let's just focus on what we do

284

00:09:18,230 --> 00:09:16,480

know

285

00:09:20,790 --> 00:09:18,240

yeah what we can prove in black and

286

00:09:22,230 --> 00:09:20,800

white and go from there

287

00:09:24,389 --> 00:09:22,240

well thank you so much for your hard

288

00:09:28,790 --> 00:09:24,399

work i'm totally enjoying it here

289

00:09:33,430 --> 00:09:31,829

i'm with alejandro rojas at the

290

00:09:33,990 --> 00:09:33,440

symposium in north carolina how you

291

00:09:36,389 --> 00:09:34,000

doing

292

00:09:37,750 --> 00:09:36,399

good how are you i'm so glad you were

293

00:09:38,630 --> 00:09:37,760

willing to join me it's kind of fun

294

00:09:40,790 --> 00:09:38,640

seeing you here

295

00:09:42,230 --> 00:09:40,800

yeah it's a lot of fun to meet you too

296

00:09:44,630 --> 00:09:42,240

yeah so you're

297

00:09:45,910 --> 00:09:44,640

from open minds radio um for the

298

00:09:47,350 --> 00:09:45,920

listener that may not

299

00:09:49,030 --> 00:09:47,360

have heard of your show but i'm sure

300

00:09:49,990 --> 00:09:49,040

most people have as far as i know i mean

301  
00:09:52,550 --> 00:09:50,000

i actually get emails

302  
00:09:53,030 --> 00:09:52,560

people um quoting your show and things

303  
00:09:54,949 --> 00:09:53,040

like that

304  
00:09:56,310 --> 00:09:54,959

cool so how can you tell a little

305  
00:09:57,590 --> 00:09:56,320

history of the show and the type of

306  
00:09:59,829 --> 00:09:57,600

people you interview yeah

307  
00:10:01,750 --> 00:09:59,839

the show actually started off i started

308  
00:10:05,509 --> 00:10:01,760

up doing the news for

309  
00:10:08,310 --> 00:10:05,519

um tim at ufo tv had a show

310  
00:10:09,910 --> 00:10:08,320

uh that he did called ufo not and

311  
00:10:11,030 --> 00:10:09,920

actually he wasn't the hostess buddy

312  
00:10:12,710 --> 00:10:11,040

jesse was and so

313  
00:10:15,030 --> 00:10:12,720

they had me come on and do the news for

314

00:10:16,550 --> 00:10:15,040

a while and there were a lot of people i

315

00:10:17,190 --> 00:10:16,560

wanted to talk to at the time i was a

316

00:10:19,190 --> 00:10:17,200

mufon

317

00:10:20,870 --> 00:10:19,200

investigator i think i was doing pr for

318

00:10:23,190 --> 00:10:20,880

mufon at the time too

319

00:10:24,710 --> 00:10:23,200

so i decided to also do my own show and

320

00:10:27,190 --> 00:10:24,720

that's where it started off and

321

00:10:28,710 --> 00:10:27,200

it's just a lot of fun because it's just

322

00:10:31,509 --> 00:10:28,720

you know there's a lot of people

323

00:10:31,990 --> 00:10:31,519

i would talk up and ask questions about

324

00:10:35,110 --> 00:10:32,000

for

325

00:10:36,710 --> 00:10:35,120

different purposes and i thought well

326

00:10:37,990 --> 00:10:36,720

why not record these phone calls because

327

00:10:40,150 --> 00:10:38,000

they're a lot of fun and i know other

328

00:10:42,310 --> 00:10:40,160

people want to hear this stuff too

329

00:10:44,710 --> 00:10:42,320

so i decided to record them and do a

330

00:10:46,310 --> 00:10:44,720

podcast with it so i started doing that

331

00:10:50,430 --> 00:10:46,320

about what year was that would you say

332

00:10:54,470 --> 00:10:51,670

2008

333

00:10:56,470 --> 00:10:54,480

i'm pretty sure so so kind of early in

334

00:10:58,710 --> 00:10:56,480

the podcasting world

335

00:11:00,389 --> 00:10:58,720

yeah i called it ufo think tank just

336

00:11:02,630 --> 00:11:00,399

because i like that still

337

00:11:03,590 --> 00:11:02,640

kind of how i think of things really you

338

00:11:05,269 --> 00:11:03,600

know

339

00:11:07,190 --> 00:11:05,279

i think that's kind of the stage we're

340

00:11:09,670 --> 00:11:07,200

at where a think tank

341

00:11:10,949 --> 00:11:09,680

is a group that gets together of uh

342

00:11:13,350 --> 00:11:10,959

educated people

343

00:11:15,030 --> 00:11:13,360

to discuss the what ifs and the data and

344

00:11:17,030 --> 00:11:15,040

where should we go and to think about

345

00:11:19,430 --> 00:11:17,040

things with the data that they have

346

00:11:20,949 --> 00:11:19,440

and it's kind of an early stage before

347

00:11:22,389 --> 00:11:20,959

things get implemented

348

00:11:24,710 --> 00:11:22,399

and i think that's kind of at a stage

349

00:11:26,389 --> 00:11:24,720

where we need to think you know as a

350

00:11:28,389 --> 00:11:26,399

society more about

351

00:11:30,550 --> 00:11:28,399

this and the best way to approach it

352

00:11:32,069 --> 00:11:30,560

which is why events like this are great

353

00:11:33,829 --> 00:11:32,079

so that's why i thought at ufo think

354

00:11:35,269 --> 00:11:33,839

tank i'm talking to some of the great

355

00:11:37,350 --> 00:11:35,279

people in this field

356

00:11:39,269 --> 00:11:37,360

about uh the field and you know

357

00:11:41,509 --> 00:11:39,279

hopefully all of us together

358

00:11:43,110 --> 00:11:41,519

including the listeners and can figure

359

00:11:45,590 --> 00:11:43,120

out where to go with this stuff

360

00:11:46,949 --> 00:11:45,600

and then eventually i started working

361

00:11:49,110 --> 00:11:46,959

for open minds and so

362

00:11:50,710 --> 00:11:49,120

i just started doing the podcast as open

363

00:11:53,750 --> 00:11:50,720

minds

364

00:11:57,350 --> 00:11:53,760

and that's a very popular yeah it's

365

00:11:58,790 --> 00:11:57,360

grown uh tremendously i use a

366

00:12:00,389 --> 00:11:58,800

thing called block talk to do the

367

00:12:02,389 --> 00:12:00,399

podcast which is i really like because

368

00:12:05,910 --> 00:12:02,399

they automate a lot of stuff

369

00:12:09,190 --> 00:12:05,920

and they've got something like 70 000

370

00:12:12,230 --> 00:12:09,200

shows and we're usually in the top 20.

371

00:12:15,350 --> 00:12:12,240

so yeah tens of thousands of listeners

372

00:12:16,870 --> 00:12:15,360

and um we're usually the number one when

373

00:12:19,190 --> 00:12:16,880

it comes to paranormal

374

00:12:21,110 --> 00:12:19,200

so and how does some how does a listener

375

00:12:23,269 --> 00:12:21,120

find your show and when does it

376

00:12:25,190 --> 00:12:23,279

come out basically we usually we

377

00:12:28,310 --> 00:12:25,200

pre-record but i usually post them

378

00:12:30,710 --> 00:12:28,320

uh two o'clock on mondays the beginning

379

00:12:32,710 --> 00:12:30,720

the news part in the end we do record

380

00:12:33,110 --> 00:12:32,720

you know just before i post it so that's

381

00:12:35,590 --> 00:12:33,120

that's

382

00:12:37,430 --> 00:12:35,600

up-to-date news and they could either go

383

00:12:39,350 --> 00:12:37,440

to openminds.tv

384

00:12:40,870 --> 00:12:39,360

or to blog talk to find it but

385

00:12:42,710 --> 00:12:40,880

openmindset tvs you got

386

00:12:44,310 --> 00:12:42,720

the easiest place to go you can hit the

387

00:12:46,790 --> 00:12:44,320

radio page and go there

388

00:12:48,629 --> 00:12:46,800

and plus openminds tv is where we have

389

00:12:49,509 --> 00:12:48,639

all the news items that we talk about so

390

00:12:52,150 --> 00:12:49,519

people can

391

00:12:53,829 --> 00:12:52,160

go look at the news as we talk about it

392

00:12:56,629 --> 00:12:53,839

i want to talk a little bit about the

393

00:12:57,430 --> 00:12:56,639

symposium so far because it's been to me

394

00:13:00,470 --> 00:12:57,440

it's been great

395

00:13:03,829 --> 00:13:00,480

yeah you know um i we just got done

396

00:13:05,590 --> 00:13:03,839

watching uh richard haynes from narcap

397

00:13:07,430 --> 00:13:05,600

and i thought that was great what do you

398

00:13:07,750 --> 00:13:07,440

think about that i mean i love it you

399

00:13:11,269 --> 00:13:07,760

know

400

00:13:12,150 --> 00:13:11,279

um i this symposium is right down the

401  
00:13:13,590 --> 00:13:12,160  
alley for me

402  
00:13:15,750 --> 00:13:13,600  
and i think yeah blisters probably would

403  
00:13:17,590 --> 00:13:15,760  
know that because it's very

404  
00:13:18,949 --> 00:13:17,600  
credible stuff it's scientists it's

405  
00:13:21,350 --> 00:13:18,959  
professors it's the

406  
00:13:22,790 --> 00:13:21,360  
direction i think we need to go

407  
00:13:24,790 --> 00:13:22,800  
absolutely a lot of people will say well

408  
00:13:25,910 --> 00:13:24,800  
we already know x y and z and they don't

409  
00:13:28,870 --> 00:13:25,920  
really go there

410  
00:13:30,069 --> 00:13:28,880  
well um maybe but the thing is that

411  
00:13:32,310 --> 00:13:30,079  
especially if you read

412  
00:13:33,990 --> 00:13:32,320  
leslie kane's book and alexander went

413  
00:13:36,069 --> 00:13:34,000

who's going to be speaking here

414

00:13:37,110 --> 00:13:36,079

he really frames it well in his book

415

00:13:38,870 --> 00:13:37,120

where

416

00:13:41,269 --> 00:13:38,880

in order to move this forward we kind of

417

00:13:44,550 --> 00:13:41,279

have to be militantly agnostic

418

00:13:46,069 --> 00:13:44,560

in that to really

419

00:13:48,629 --> 00:13:46,079

get this out to the public to get the

420

00:13:49,350 --> 00:13:48,639

public thinking about it we need them to

421

00:13:53,670 --> 00:13:49,360

think about

422

00:13:56,389 --> 00:13:53,680

ufos first as a phenomena as a mystery

423

00:13:57,509 --> 00:13:56,399

and when they investigate that we'll see

424

00:14:00,069 --> 00:13:57,519

where that takes them

425

00:14:02,069 --> 00:14:00,079

for many people it takes them to not

426

00:14:03,990 --> 00:14:02,079

just the extraterrestrial hypothesis

427

00:14:05,750 --> 00:14:04,000

but to actually invest in that and say

428

00:14:06,949 --> 00:14:05,760

hey i think there's evidence that this

429

00:14:08,550 --> 00:14:06,959

is the answer

430

00:14:10,550 --> 00:14:08,560

we'll let people come to that if they

431

00:14:12,550 --> 00:14:10,560

will if you feel strongly that that's

432

00:14:15,350 --> 00:14:12,560

where the data is going to take people

433

00:14:16,310 --> 00:14:15,360

then at least get people interested in

434

00:14:19,590 --> 00:14:16,320

the topic

435

00:14:21,670 --> 00:14:19,600

and then let them find their own way to

436

00:14:22,790 --> 00:14:21,680

whatever conclusion and i think that's

437

00:14:24,870 --> 00:14:22,800

the important part

438

00:14:27,670 --> 00:14:24,880

and if we can get more and more of the

439

00:14:29,829 --> 00:14:27,680

professors and scientists

440

00:14:31,990 --> 00:14:29,839

on the mainstream involved obviously

441

00:14:33,829 --> 00:14:32,000

this event shows that they

442

00:14:35,430 --> 00:14:33,839

are interested there are people of that

443

00:14:37,670 --> 00:14:35,440

ilk that are interested

444

00:14:39,590 --> 00:14:37,680

if we can encourage that and instead of

445

00:14:42,790 --> 00:14:39,600

being a lot of people are

446

00:14:45,030 --> 00:14:42,800

really combative with that group

447

00:14:46,870 --> 00:14:45,040

and work together i think then we can

448

00:14:47,670 --> 00:14:46,880

get more involvement in that area and i

449

00:14:50,710 --> 00:14:47,680

think that

450

00:14:52,949 --> 00:14:50,720

then we could really move things forward

451  
00:14:54,310 --> 00:14:52,959  
i think that it was pretty interesting

452  
00:14:56,389 --> 00:14:54,320  
listening to

453  
00:14:57,670 --> 00:14:56,399  
to uh richard a few minutes ago about

454  
00:15:00,550 --> 00:14:57,680  
how he he

455  
00:15:02,389 --> 00:15:00,560  
agrees that people should get involved

456  
00:15:05,189 --> 00:15:02,399  
there's possible air safety

457  
00:15:06,389 --> 00:15:05,199  
issues and he went through all the

458  
00:15:09,269 --> 00:15:06,399  
different cases

459  
00:15:10,949 --> 00:15:09,279  
step by step and he's kind of looking

460  
00:15:13,269 --> 00:15:10,959  
for a grassroots

461  
00:15:14,470 --> 00:15:13,279  
movement too toward you know i think

462  
00:15:15,750 --> 00:15:14,480  
that's kind of what this this whole

463  
00:15:18,310 --> 00:15:15,760

symposium

464

00:15:18,870 --> 00:15:18,320

is based on is the grassroots has to

465

00:15:21,350 --> 00:15:18,880

work

466

00:15:22,790 --> 00:15:21,360

at trying to come together and but you

467

00:15:24,310 --> 00:15:22,800

know what's funny

468

00:15:26,389 --> 00:15:24,320

and you know i'm just going to say this

469

00:15:27,670 --> 00:15:26,399

because i think that this is an issue

470

00:15:29,350 --> 00:15:27,680

and i think

471

00:15:32,069 --> 00:15:29,360

i talked with leslie kane and we talked

472

00:15:34,710 --> 00:15:32,079

a lot about this recently and that

473

00:15:35,509 --> 00:15:34,720

this symposium kind of is an example of

474

00:15:37,189 --> 00:15:35,519

how the u.s

475

00:15:39,030 --> 00:15:37,199

might go about having an official

476

00:15:39,749 --> 00:15:39,040

investigative group where it might lay

477

00:15:41,749 --> 00:15:39,759

where

478

00:15:43,990 --> 00:15:41,759

france they have it in their nasa type

479

00:15:45,990 --> 00:15:44,000

of group and chile they have it in their

480

00:15:47,269 --> 00:15:46,000

faa type of group where would we have it

481

00:15:49,829 --> 00:15:47,279

in the u.s

482

00:15:51,350 --> 00:15:49,839

uk is a demonstration of the pr issues

483

00:15:53,189 --> 00:15:51,360

that they've had

484

00:15:55,189 --> 00:15:53,199

and i think if we did have this in the

485

00:15:58,629 --> 00:15:55,199

united states there would be pr

486

00:16:02,310 --> 00:15:58,639

issues the pr issues then

487

00:16:05,350 --> 00:16:02,320

make uh someone like richard haynes be

488

00:16:07,030 --> 00:16:05,360

very afraid of using the term ufo right

489

00:16:08,550 --> 00:16:07,040

and i really have a problem with that

490

00:16:11,030 --> 00:16:08,560

because on two folds

491

00:16:12,230 --> 00:16:11,040

is that okay uap if someone asks you

492

00:16:13,829 --> 00:16:12,240

what's a uap

493

00:16:15,269 --> 00:16:13,839

you don't know what it is you're gonna

494

00:16:17,269 --> 00:16:15,279

have to say it's a ufo

495

00:16:18,470 --> 00:16:17,279

oh i see to translate it yeah so it's

496

00:16:21,350 --> 00:16:18,480

like what's a uap

497

00:16:23,030 --> 00:16:21,360

it's a ufo so you gotta go there and he

498

00:16:23,910 --> 00:16:23,040

had to explain that at the beginning of

499

00:16:26,230 --> 00:16:23,920

his time

500

00:16:27,670 --> 00:16:26,240

the other problem is is that for

501

00:16:29,269 --> 00:16:27,680

instance we asked him for

502

00:16:31,350 --> 00:16:29,279

an interview i've done this before and

503

00:16:32,870 --> 00:16:31,360

had he wants him to come to conferences

504

00:16:35,430 --> 00:16:32,880

he doesn't want to get involved with ufo

505

00:16:38,629 --> 00:16:35,440

stuff at the same time he's here

506

00:16:41,829 --> 00:16:38,639

speaking at a ufo conference and he was

507

00:16:42,470 --> 00:16:41,839

he was bummed out that people he was

508

00:16:44,629 --> 00:16:42,480

visibly

509

00:16:46,069 --> 00:16:44,639

a little uh disappointed that people

510

00:16:49,670 --> 00:16:46,079

hadn't read his

511

00:16:51,590 --> 00:16:49,680

their report on one of the ufo cases

512

00:16:53,110 --> 00:16:51,600

well if you don't want to associate with

513

00:16:55,110 --> 00:16:53,120

ufo people and

514

00:16:56,550 --> 00:16:55,120

um then they're not and you're not

515

00:16:57,189 --> 00:16:56,560

communicating with them how are they

516

00:16:58,790 --> 00:16:57,199

going to know

517

00:17:00,870 --> 00:16:58,800

that you've got a report they're not

518

00:17:01,189 --> 00:17:00,880

going to know that and not only that

519

00:17:03,350 --> 00:17:01,199

it's

520

00:17:04,870 --> 00:17:03,360

treating people who are already

521

00:17:06,710 --> 00:17:04,880

interested in the topic like they're

522

00:17:09,590 --> 00:17:06,720

second class somehow or they're not

523

00:17:10,549 --> 00:17:09,600

as important as others so i think i

524

00:17:13,829 --> 00:17:10,559

understand

525

00:17:15,029 --> 00:17:13,839

the issue with the pr around the idea of

526

00:17:17,350 --> 00:17:15,039

ufos but

527

00:17:18,710 --> 00:17:17,360

i think the the bigger more difficult

528

00:17:21,029 --> 00:17:18,720

task which

529

00:17:23,029 --> 00:17:21,039

people try to skirt is that we've got to

530

00:17:24,710 --> 00:17:23,039

change the perceptions of ufo

531

00:17:26,789 --> 00:17:24,720

the term itself and i know that's

532

00:17:29,510 --> 00:17:26,799

difficult but i think

533

00:17:31,270 --> 00:17:29,520

if we stand strong and say you know

534

00:17:33,029 --> 00:17:31,280

we're interested in ufos we're not shy

535

00:17:33,590 --> 00:17:33,039

about that and so are a lot of credible

536

00:17:35,510 --> 00:17:33,600

people

537

00:17:37,270 --> 00:17:35,520

yeah i think we can change those

538

00:17:38,230 --> 00:17:37,280

perceptions and i think it's happening

539

00:17:39,750 --> 00:17:38,240

over time

540

00:17:42,230 --> 00:17:39,760

i was thinking that he would never be on

541

00:17:44,789 --> 00:17:42,240

my show in general because it's called

542

00:17:47,909 --> 00:17:44,799

podcast ufo yeah the words right in it

543

00:17:50,230 --> 00:17:47,919

yeah so we can't have these uh

544

00:17:51,909 --> 00:17:50,240

kind of battles internal with ourselves

545

00:17:53,110 --> 00:17:51,919

and i think that you know i talked to

546

00:17:56,310 --> 00:17:53,120

nick pope about this

547

00:17:58,150 --> 00:17:56,320

last week because he felt that uh the uk

548

00:17:59,990 --> 00:17:58,160

gave in to the pressures of the pr

549

00:18:01,830 --> 00:18:00,000

problems and that's why they closed

550

00:18:03,590 --> 00:18:01,840

their ufo desk mostly

551  
00:18:05,350 --> 00:18:03,600  
when like he says they should have just

552  
00:18:07,270 --> 00:18:05,360  
stood strong like he does

553  
00:18:09,029 --> 00:18:07,280  
and face it you know he's not afraid to

554  
00:18:10,070 --> 00:18:09,039  
say i investigate ufos but a lot of

555  
00:18:12,150 --> 00:18:10,080  
mainstream

556  
00:18:13,669 --> 00:18:12,160  
stuff as well and he's interviewed on a

557  
00:18:15,590 --> 00:18:13,679  
lot of defense topics that are

558  
00:18:17,909 --> 00:18:15,600  
mainstream that aren't fringe

559  
00:18:19,909 --> 00:18:17,919  
and it hasn't hurt him because i think

560  
00:18:22,150 --> 00:18:19,919  
he takes that strong stance

561  
00:18:23,590 --> 00:18:22,160  
if the united states or if there was a

562  
00:18:26,710 --> 00:18:23,600  
serious ufo group

563  
00:18:29,750 --> 00:18:26,720

they would have to bear the weight of

564

00:18:31,590 --> 00:18:29,760

that pr problem but we do that

565

00:18:33,750 --> 00:18:31,600

you know at open minds i'm sure you do

566

00:18:36,310 --> 00:18:33,760

that where we get critics on

567

00:18:38,150 --> 00:18:36,320

either side of any issue because people

568

00:18:40,630 --> 00:18:38,160

are very passionate about it

569

00:18:41,669 --> 00:18:40,640

but that's okay you know that's fine we

570

00:18:43,669 --> 00:18:41,679

just uh

571

00:18:45,510 --> 00:18:43,679

push forward and we know there are a lot

572

00:18:46,470 --> 00:18:45,520

of people who are and even those critics

573

00:18:48,310 --> 00:18:46,480

come back

574

00:18:49,590 --> 00:18:48,320

every day so they're looking at our site

575

00:18:52,150 --> 00:18:49,600

every day they're reading our stuff

576

00:18:53,430 --> 00:18:52,160

every day and they're not critical of

577

00:18:54,789 --> 00:18:53,440

everything sometimes they're doing

578

00:18:56,950 --> 00:18:54,799

we're doing stuff that is of their

579

00:18:59,190 --> 00:18:56,960

opinion but the point is that

580

00:19:01,510 --> 00:18:59,200

you can't shy away from that kind of

581

00:19:03,590 --> 00:19:01,520

stuff especially if you're getting into

582

00:19:05,270 --> 00:19:03,600

a field that is there are a lot of

583

00:19:05,990 --> 00:19:05,280

strong opinions you just got to stay

584

00:19:09,350 --> 00:19:06,000

strong and push

585

00:19:11,750 --> 00:19:09,360

forward now what do you think about the

586

00:19:12,549 --> 00:19:11,760

lack of press here i'm a little bit

587

00:19:15,750 --> 00:19:12,559

surprised

588

00:19:18,870 --> 00:19:15,760

well there has been some press but

589

00:19:21,350 --> 00:19:18,880

uh i know that that can be difficult

590

00:19:22,710 --> 00:19:21,360

and i don't know how the press was

591

00:19:25,750 --> 00:19:22,720

handled here

592

00:19:28,950 --> 00:19:25,760

um so i know that you know

593

00:19:31,990 --> 00:19:28,960

um over the years we've learned about

594

00:19:32,630 --> 00:19:32,000

sending press releases uh often and to

595

00:19:34,470 --> 00:19:32,640

who

596

00:19:35,830 --> 00:19:34,480

and it takes a long time to build that

597

00:19:39,590 --> 00:19:35,840

sort of thing

598

00:19:42,950 --> 00:19:39,600

so uh and you really have to emphasize

599

00:19:46,070 --> 00:19:42,960

and figure out how to concisely

600

00:19:48,470 --> 00:19:46,080

communicate why you know things are

601  
00:19:49,350 --> 00:19:48,480  
this is important and how it's different

602  
00:19:51,510 --> 00:19:49,360  
yeah let's say

603  
00:19:53,830 --> 00:19:51,520  
from the citizens hearing because

604  
00:19:54,950 --> 00:19:53,840  
certainly a lot of the speakers here

605  
00:19:56,789 --> 00:19:54,960  
they weren't they didn't feel

606  
00:19:58,470 --> 00:19:56,799  
comfortable with you know speaking at

607  
00:20:01,909 --> 00:19:58,480  
the citizens hearing they didn't feel

608  
00:20:03,669 --> 00:20:01,919  
uh because there were some aspects of

609  
00:20:07,110 --> 00:20:03,679  
that they felt were incredible

610  
00:20:09,510 --> 00:20:07,120  
the e.t yeah going all the way to the et

611  
00:20:10,470 --> 00:20:09,520  
thing so i guess that's some of the

612  
00:20:12,870 --> 00:20:10,480  
challenge

613  
00:20:13,909 --> 00:20:12,880

luckily there's been some local news but

614

00:20:15,669 --> 00:20:13,919

uh

615

00:20:17,830 --> 00:20:15,679

so it's hard to say what the root of

616

00:20:19,750 --> 00:20:17,840

that is was there not enough outreach to

617

00:20:19,990 --> 00:20:19,760

get out to the public or was the public

618

00:20:22,789 --> 00:20:20,000

or

619

00:20:23,909 --> 00:20:22,799

the media just not interested yeah it's

620

00:20:26,310 --> 00:20:23,919

it's hard to say

621

00:20:27,510 --> 00:20:26,320

yeah well as our listeners can hear the

622

00:20:28,549 --> 00:20:27,520

crowds coming back in it's getting a

623

00:20:30,549 --> 00:20:28,559

little noisy

624

00:20:31,909 --> 00:20:30,559

so thanks so much i really appreciate it

625

00:20:33,350 --> 00:20:31,919

yeah hopefully a pleasure

626  
00:20:35,190 --> 00:20:33,360  
hopefully uh the listeners who haven't

627  
00:20:35,909 --> 00:20:35,200  
checked your show out will thank you

628  
00:20:37,590 --> 00:20:35,919  
very much

629  
00:20:42,390 --> 00:20:37,600  
all right we'll have you on my show soon

630  
00:20:49,029 --> 00:20:45,830  
i'm with xavier poisson from

631  
00:20:52,230 --> 00:20:51,430  
which actually stands for unidentified

632  
00:20:55,029 --> 00:20:52,240  
aerospace

633  
00:20:56,149 --> 00:20:55,039  
phenomena task force is it essentially

634  
00:20:59,750 --> 00:20:56,159  
part of what we have

635  
00:21:04,230 --> 00:20:59,760  
a nasa or similar yes it's a zakness

636  
00:21:07,110 --> 00:21:04,240  
national french space agency is

637  
00:21:08,149 --> 00:21:07,120  
more or less the same attribution as

638  
00:21:12,149 --> 00:21:08,159

nasa

639

00:21:15,510 --> 00:21:12,159

except that we don't we don't

640

00:21:17,990 --> 00:21:15,520

address the aeronautics the

641

00:21:20,390 --> 00:21:18,000

subject we don't address we only address

642

00:21:25,350 --> 00:21:20,400

space

643

00:21:28,630 --> 00:21:25,360

subjects only rockets and uh satellites

644

00:21:31,990 --> 00:21:28,640

and how do you how does france

645

00:21:34,630 --> 00:21:32,000

view the ufo issue

646

00:21:35,350 --> 00:21:34,640

you you take that in a scientific yeah

647

00:21:38,549 --> 00:21:35,360

approach

648

00:21:41,669 --> 00:21:38,559

is the goal of the japan is

649

00:21:43,430 --> 00:21:41,679

to analyze the ribs on the report

650

00:21:46,149 --> 00:21:43,440

sightings

651  
00:21:48,710 --> 00:21:46,159  
coming from the french population and to

652  
00:21:51,430 --> 00:21:48,720  
try to find explanation

653  
00:21:52,070 --> 00:21:51,440  
if if we can that's good if we cannot we

654  
00:21:55,190 --> 00:21:52,080  
classify

655  
00:21:58,870 --> 00:21:55,200  
it that as unidentified

656  
00:22:01,990 --> 00:21:58,880  
but we don't enter the debate

657  
00:22:04,630 --> 00:22:02,000  
of the origin of this means

658  
00:22:06,149 --> 00:22:04,640  
where it might be from yeah so the

659  
00:22:09,909 --> 00:22:06,159  
question for us is not

660  
00:22:12,789 --> 00:22:09,919  
alien or not the question is explain

661  
00:22:14,070 --> 00:22:12,799  
identified or not you know that's such a

662  
00:22:16,310 --> 00:22:14,080  
simple concept

663  
00:22:18,390 --> 00:22:16,320

yeah it seems like the united states

664

00:22:20,950 --> 00:22:18,400

should be able to swallow that one

665

00:22:22,310 --> 00:22:20,960

just trying to discover what it is that

666

00:22:24,470 --> 00:22:22,320

is out there instead of

667

00:22:25,350 --> 00:22:24,480

trying to put who's riding in it or

668

00:22:27,510 --> 00:22:25,360

who's

669

00:22:29,270 --> 00:22:27,520

behind the wheel so to speak when you

670

00:22:32,789 --> 00:22:29,280

were talking i saw that you have

671

00:22:36,870 --> 00:22:32,799

a uh citing report rating

672

00:22:40,230 --> 00:22:39,510

the rating you how you rate your rate oh

673

00:22:49,029 --> 00:22:40,240

the rating

674

00:22:52,789 --> 00:22:49,039

because uh we have two

675

00:22:55,990 --> 00:22:52,799

two scales first scale is a strangeness

676  
00:22:58,070 --> 00:22:56,000  
of the the case for example is it close

677  
00:23:00,710 --> 00:22:58,080  
encounter is it only

678  
00:23:02,070 --> 00:23:00,720  
light in the sky that's the level of the

679  
00:23:05,430 --> 00:23:02,080  
strangeness

680  
00:23:08,870 --> 00:23:05,440  
on one way on the other way

681  
00:23:12,149 --> 00:23:08,880  
is the consistency of the

682  
00:23:15,510 --> 00:23:12,159  
the report of the witnesses yes

683  
00:23:21,029 --> 00:23:18,710  
it's not the cons the not

684  
00:23:22,230 --> 00:23:21,039  
only the reliable reliability of the

685  
00:23:25,190 --> 00:23:22,240  
witness we don't

686  
00:23:26,070 --> 00:23:25,200  
we don't try to rate the witness itself

687  
00:23:30,310 --> 00:23:26,080  
no

688  
00:23:34,230 --> 00:23:33,270

are there one witness or several one

689

00:23:38,070 --> 00:23:34,240

witness a bit

690

00:23:41,590 --> 00:23:38,080

of course is weaker than several

691

00:23:45,029 --> 00:23:41,600

uh as have we photographed uh

692

00:23:48,390 --> 00:23:45,039

which evidence have we about uh

693

00:23:49,750 --> 00:23:48,400

direction about are there prints or

694

00:23:53,269 --> 00:23:49,760

something like that

695

00:23:56,630 --> 00:23:53,279

that's a consistency and we

696

00:24:00,630 --> 00:23:56,640

we request the bigger consistency

697

00:24:03,990 --> 00:24:00,640

for stranger events

698

00:24:09,830 --> 00:24:04,000

if somebody says that flying saucer was

699

00:24:15,029 --> 00:24:13,110

if possible to witnesses or photographs

700

00:24:18,230 --> 00:24:15,039

or something like that

701  
00:24:20,390 --> 00:24:18,240  
and you have basically transparency

702  
00:24:23,110 --> 00:24:20,400  
on your organization we try to have the

703  
00:24:26,710 --> 00:24:23,120  
maximum transparency

704  
00:24:30,470 --> 00:24:26,720  
the best example is that we we publish

705  
00:24:33,350 --> 00:24:30,480  
the genuine report of the

706  
00:24:34,630 --> 00:24:33,360  
witness except the fact that we withdraw

707  
00:24:36,310 --> 00:24:34,640  
his name

708  
00:24:37,990 --> 00:24:36,320  
in such a way that the witness will not

709  
00:24:40,710 --> 00:24:38,000  
be annoyed by

710  
00:24:41,830 --> 00:24:40,720  
so we we we publish it with the same

711  
00:24:44,870 --> 00:24:41,840  
words with the

712  
00:24:45,830 --> 00:24:44,880  
exactly the genuine uh and with our

713  
00:24:49,510 --> 00:24:45,840

conclusion so

714

00:24:52,870 --> 00:24:49,520

if the public uh

715

00:24:55,510 --> 00:24:52,880

wants to check our what

716

00:24:58,470 --> 00:24:55,520

every job the job we have done he has

717

00:25:01,830 --> 00:24:58,480

everything he has a genuine

718

00:25:04,950 --> 00:25:01,840

report he has uh the the

719

00:25:08,470 --> 00:25:04,960

for example the weather report he has a

720

00:25:12,630 --> 00:25:08,480

satellite forecast report we we

721

00:25:16,230 --> 00:25:12,640

put everything we have already

722

00:25:18,149 --> 00:25:16,240

we really want to show everything we

723

00:25:21,750 --> 00:25:18,159

publish our methods

724

00:25:24,870 --> 00:25:21,760

and so if you

725

00:25:27,909 --> 00:25:24,880

if anybody want to check

726

00:25:28,630 --> 00:25:27,919

our job how it's possible yes everything

727

00:25:30,870 --> 00:25:28,640

to do that

728

00:25:32,870 --> 00:25:30,880

that's right it all makes perfect sense

729

00:25:35,909 --> 00:25:32,880

to me when you were showing

730

00:25:38,710 --> 00:25:35,919

a couple of the case situations

731

00:25:40,310 --> 00:25:38,720

you showed the chinese lanterns they're

732

00:25:43,909 --> 00:25:40,320

a pain in the butt aren't they

733

00:25:46,310 --> 00:25:43,919

that's i'm sure you get a lot of

734

00:25:47,110 --> 00:25:46,320

calls about them sure yeah yeah yeah

735

00:25:51,269 --> 00:25:47,120

every every

736

00:25:53,510 --> 00:25:51,279

monday morning worldwide yeah

737

00:25:54,830 --> 00:25:53,520

can't do much except when it's raining

738

00:25:57,669 --> 00:25:54,840

all of us friends

739

00:26:02,870 --> 00:25:57,679

that's yeah

740

00:26:10,870 --> 00:26:07,110

because it shows how people

741

00:26:13,269 --> 00:26:10,880

behave in front of a strange phenomenon

742

00:26:14,630 --> 00:26:13,279

so it's very interesting for a psycho

743

00:26:17,590 --> 00:26:14,640

sociologist

744

00:26:18,470 --> 00:26:17,600

yes because they have a very good

745

00:26:22,230 --> 00:26:18,480

example of

746

00:26:25,190 --> 00:26:22,240

a reaction of the of people in front of

747

00:26:27,110 --> 00:26:25,200

something which was not known can you

748

00:26:27,990 --> 00:26:27,120

just briefly touch on a couple of the

749

00:26:30,710 --> 00:26:28,000

sightings that

750

00:26:31,909 --> 00:26:30,720

were really unexplained and and really

751  
00:26:32,710 --> 00:26:31,919  
i'm trying to remember which ones you

752  
00:26:36,950 --> 00:26:32,720  
showed i'm sorry

753  
00:26:40,070 --> 00:26:36,960  
i showed uh i show i've shown

754  
00:26:43,110 --> 00:26:40,080  
ten lights above the church

755  
00:26:45,990 --> 00:26:43,120  
that's quite strange

756  
00:26:46,549 --> 00:26:46,000  
but for example on this case on the the

757  
00:26:49,830 --> 00:26:46,559  
first time

758  
00:26:54,390 --> 00:26:49,840  
the witness reported uh

759  
00:26:57,909 --> 00:26:54,400  
she described a kind of vessel

760  
00:27:01,350 --> 00:26:57,919  
with 10 lights

761  
00:27:06,149 --> 00:27:03,909  
then after that we asked her have you

762  
00:27:07,669 --> 00:27:06,159  
really seen the vessel or on these

763  
00:27:10,710 --> 00:27:07,679

lights

764

00:27:11,590 --> 00:27:10,720

okay she don't i've seen the light okay

765

00:27:15,029 --> 00:27:11,600

so but

766

00:27:17,990 --> 00:27:15,039

it's it's very important because the

767

00:27:19,269 --> 00:27:18,000

level of strangeness is not same between

768

00:27:22,630 --> 00:27:19,279

lights

769

00:27:24,789 --> 00:27:22,640

and a solid

770

00:27:26,149 --> 00:27:24,799

but there were some reports with crafts

771

00:27:29,590 --> 00:27:26,159

and yeah and

772

00:27:30,710 --> 00:27:29,600

it's very difficult for us to or objects

773

00:27:33,590 --> 00:27:30,720

i should say in our crafts

774

00:27:34,070 --> 00:27:33,600

yes but we have chinese lanterns we have

775

00:27:37,029 --> 00:27:34,080

many

776

00:27:38,789 --> 00:27:37,039

reports of chinese lanterns where

777

00:27:41,029 --> 00:27:38,799

witnesses describe

778

00:27:41,830 --> 00:27:41,039

spacecraft they actually see they think

779

00:27:43,750 --> 00:27:41,840

they see something

780

00:27:45,750 --> 00:27:43,760

yeah but it's it's a thing which is well

781

00:27:48,149 --> 00:27:45,760

known in psychology in a

782

00:27:50,070 --> 00:27:48,159

cognitive psychology that's the word

783

00:27:53,669 --> 00:27:50,080

correct

784

00:27:57,110 --> 00:27:53,679

it's well known that when you see a

785

00:28:00,549 --> 00:27:57,120

set of lights in a dark

786

00:28:02,630 --> 00:28:00,559

background your brain creates yes

787

00:28:04,230 --> 00:28:02,640

a shape well it's like i've heard your

788

00:28:06,310 --> 00:28:04,240

brain wants to create

789

00:28:07,909 --> 00:28:06,320

faces out of things when you're looking

790

00:28:10,630 --> 00:28:07,919

around i mean so it's

791

00:28:12,149 --> 00:28:10,640

very well known by psycho psychologist

792

00:28:15,909 --> 00:28:12,159

so

793

00:28:20,870 --> 00:28:15,919

it's a part of the process of the

794

00:28:23,990 --> 00:28:20,880

analyze of the report case when

795

00:28:25,669 --> 00:28:24,000

awareness describe for example the

796

00:28:29,110 --> 00:28:25,679

triangular vehicle

797

00:28:32,470 --> 00:28:29,120

with the one lights at each edge

798

00:28:34,389 --> 00:28:32,480

we translate that which translate it as

799

00:28:36,070 --> 00:28:34,399

three lights now how about daylight

800

00:28:37,990 --> 00:28:36,080

sightings during the day

801  
00:28:41,909 --> 00:28:38,000  
we have we have we have plenty we have

802  
00:28:45,830 --> 00:28:43,669  
because you know that there are many

803  
00:28:46,389 --> 00:28:45,840  
shapes yes there are many shapes of

804  
00:28:48,870 --> 00:28:46,399  
balloon

805  
00:28:49,590 --> 00:28:48,880  
yes we were talking about a helium shark

806  
00:28:51,669 --> 00:28:49,600  
that someone

807  
00:28:53,830 --> 00:28:51,679  
yeah they are shark yeah they are mickey

808  
00:28:57,029 --> 00:28:53,840  
they are yeah

809  
00:29:00,310 --> 00:28:57,039  
and sometimes there are there's

810  
00:29:00,950 --> 00:29:00,320  
the it's a bunch of balloons yeah very

811  
00:29:02,549 --> 00:29:00,960  
bizarre

812  
00:29:04,470 --> 00:29:02,559  
especially if it's like a little bit

813  
00:29:06,070 --> 00:29:04,480

dark you just see it yes and there are

814

00:29:08,230 --> 00:29:06,080

several colors and it's

815

00:29:09,750 --> 00:29:08,240

more or less shining and it moves with

816

00:29:13,029 --> 00:29:09,760

the sun and

817

00:29:16,070 --> 00:29:13,039

it makes very strong very

818

00:29:18,870 --> 00:29:16,080

strange a solar balloon i've never seen

819

00:29:20,950 --> 00:29:18,880

that before it's like a tube

820

00:29:22,310 --> 00:29:20,960

yeah it sends also the solar balloons

821

00:29:24,230 --> 00:29:22,320

that's for cigar

822

00:29:27,430 --> 00:29:24,240

it makes a cigar and it's pretty big

823

00:29:30,470 --> 00:29:27,440

right yeah yeah

824

00:29:34,389 --> 00:29:30,480

yeah yeah so all during all this

825

00:29:37,830 --> 00:29:34,399

uh for all this daylight uh observation

826

00:29:39,029 --> 00:29:37,840

the key issue is the the direction and

827

00:29:41,510 --> 00:29:39,039

the speed

828

00:29:42,950 --> 00:29:41,520

so the first check we do is check with

829

00:29:46,070 --> 00:29:42,960

us check with the wind

830

00:29:47,029 --> 00:29:46,080

yeah and we have generally quite too

831

00:29:50,549 --> 00:29:47,039

clear

832

00:29:52,950 --> 00:29:50,559

we don't to consider too much shape

833

00:29:54,710 --> 00:29:52,960

which is very strange for the winners

834

00:29:57,350 --> 00:29:54,720

but for us the shape has

835

00:29:58,870 --> 00:29:57,360

no importance wow the important thing is

836

00:30:00,549 --> 00:29:58,880

how it moves

837

00:30:03,830 --> 00:30:00,559

if it moves straight or more or less

838

00:30:07,110 --> 00:30:05,590

the shape is not very important because

839

00:30:07,590 --> 00:30:07,120

you can make the balloon the shape you

840

00:30:10,149 --> 00:30:07,600

want

841

00:30:11,350 --> 00:30:10,159

so yeah yeah well thank you so much it's

842

00:30:13,669 --> 00:30:11,360

been a real pleasure

843

00:30:15,269 --> 00:30:13,679

and um i hope you have a nice safe trip

844

00:30:19,430 --> 00:30:15,279

back home to france thank you

845

00:30:22,549 --> 00:30:21,590

so i'm with gary how you doing gary very

846

00:30:24,230 --> 00:30:22,559

well thank you

847

00:30:25,909 --> 00:30:24,240

we had an interesting conversation i

848

00:30:26,470 --> 00:30:25,919

thought the other night at the meet and

849

00:30:28,950 --> 00:30:26,480

greet

850

00:30:30,630 --> 00:30:28,960

and um you have quite a background can

851

00:30:34,070 --> 00:30:30,640

you talk a little bit about it

852

00:30:37,669 --> 00:30:34,080

i became interested in ufology back

853

00:30:39,430 --> 00:30:37,679

in the 1960s at about the time of the

854

00:30:41,190 --> 00:30:39,440

betty and barney hill incident that

855

00:30:43,750 --> 00:30:41,200

occurred in

856

00:30:45,350 --> 00:30:43,760

on september 9th in franconia notch new

857

00:30:48,870 --> 00:30:45,360

hampshire

858

00:30:51,590 --> 00:30:48,880

that was the cornerstone uefa event

859

00:30:52,310 --> 00:30:51,600

that probably brought out more uh

860

00:30:57,830 --> 00:30:52,320

phenomena

861

00:31:00,710 --> 00:30:57,840

than any other event that ever occurred

862

00:31:01,750 --> 00:31:00,720

yes yeah your your working background i

863

00:31:05,029 --> 00:31:01,760

find is

864

00:31:07,029 --> 00:31:05,039

you have a real science background i

865

00:31:10,149 --> 00:31:07,039

worked in

866

00:31:14,310 --> 00:31:10,159

as an aeronautical engineer for years

867

00:31:17,669 --> 00:31:14,320

yeah and in the process of working in

868

00:31:18,070 --> 00:31:17,679

aeronautical engineering i met many many

869

00:31:20,549 --> 00:31:18,080

people

870

00:31:21,669 --> 00:31:20,559

who were interested in what was going on

871

00:31:23,909 --> 00:31:21,679

out in space

872

00:31:24,710 --> 00:31:23,919

other than just playing aircraft and

873

00:31:27,190 --> 00:31:24,720

missiles

874

00:31:28,870 --> 00:31:27,200

is that right wow wow and you worked you

875

00:31:31,990 --> 00:31:28,880

actually worked on the moon lander

876

00:31:33,750 --> 00:31:32,000

well i worked in actually

877

00:31:35,909 --> 00:31:33,760

on a number of different projects i

878

00:31:38,789 --> 00:31:35,919

probably over a period

879

00:31:40,310 --> 00:31:38,799

of 20 years as a contract engineer

880

00:31:43,590 --> 00:31:40,320

worked on probably

881

00:31:45,269 --> 00:31:43,600

uh 10 or 12 or 15 different projects

882

00:31:47,669 --> 00:31:45,279

including uh

883

00:31:49,430 --> 00:31:47,679

the space shuttle and uh stealth

884

00:31:52,789 --> 00:31:49,440

fighters and cruise missiles

885

00:31:55,669 --> 00:31:52,799

and uh the the list is uh

886

00:31:56,710 --> 00:31:55,679

wow you know it's been a fascinating

887

00:32:00,310 --> 00:31:56,720

lifestyle

888

00:32:03,509 --> 00:32:00,320

interesting uh in terms of working on

889

00:32:06,950 --> 00:32:03,519

uh projects that really were

890

00:32:09,750 --> 00:32:06,960

uh brand new cutting-edge

891

00:32:11,669 --> 00:32:09,760

technology over the years that's you had

892

00:32:14,149 --> 00:32:11,679

a pretty high clearance level

893

00:32:15,590 --> 00:32:14,159

well i had to in order to be able to to

894

00:32:18,070 --> 00:32:15,600

work on uh

895

00:32:19,590 --> 00:32:18,080

department of defense projects and uh

896

00:32:21,750 --> 00:32:19,600

yeah so

897

00:32:23,750 --> 00:32:21,760

now did you did you keep your ufo

898

00:32:26,710 --> 00:32:23,760

interest kind of to yourself

899

00:32:27,669 --> 00:32:26,720

yes i did you did yes uh how about did

900

00:32:30,310 --> 00:32:27,679

you have any

901  
00:32:31,430 --> 00:32:30,320  
interaction at all from other people um

902  
00:32:34,070 --> 00:32:31,440  
quietly about it

903  
00:32:34,870 --> 00:32:34,080  
that you worked well i i think so and uh

904  
00:32:38,710 --> 00:32:34,880  
i had

905  
00:32:43,350 --> 00:32:42,149  
speak with uh astronauts about it when i

906  
00:32:46,389 --> 00:32:43,360  
was working for

907  
00:32:49,350 --> 00:32:46,399  
yeah working on the space shuttle down

908  
00:32:49,909 --> 00:32:49,360  
in florida so that part was interesting

909  
00:32:52,470 --> 00:32:49,919  
too

910  
00:32:53,990 --> 00:32:52,480  
to uh to be able to take advantage of

911  
00:32:55,990 --> 00:32:54,000  
the perspective of someone who

912  
00:32:57,590 --> 00:32:56,000  
has actually gone out into space can you

913  
00:33:00,149 --> 00:32:57,600

tell us a little bit about that

914

00:33:02,549 --> 00:33:00,159

i found the astronauts to be very very

915

00:33:04,789 --> 00:33:02,559

interesting and very very

916

00:33:06,310 --> 00:33:04,799

candid about experiences that they had

917

00:33:09,430 --> 00:33:06,320

had

918

00:33:13,909 --> 00:33:09,440

i know that much of what they

919

00:33:18,070 --> 00:33:13,919

worked with was meant to be kept

920

00:33:21,029 --> 00:33:18,080

secret but on occasion

921

00:33:22,710 --> 00:33:21,039

over a cup of coffee they would discuss

922

00:33:24,870 --> 00:33:22,720

things that they might not

923

00:33:26,230 --> 00:33:24,880

make public in a in an auditorium

924

00:33:28,710 --> 00:33:26,240

somewhere yeah

925

00:33:30,070 --> 00:33:28,720

yeah now i didn't you say that you met

926

00:33:33,190 --> 00:33:30,080

gordon cooper

927

00:33:35,110 --> 00:33:33,200

yes yes and he he told you about

928

00:33:37,269 --> 00:33:35,120

can you talk about that well gordon uh

929

00:33:38,950 --> 00:33:37,279

had ufo experiences going all the way

930

00:33:43,990 --> 00:33:38,960

back into germany

931

00:33:47,190 --> 00:33:44,000

right in the uh 1960s when he was flying

932

00:33:51,190 --> 00:33:47,200

an f-86 fighter or

933

00:33:54,230 --> 00:33:51,200

out of a base in germany he had gone up

934

00:33:56,950 --> 00:33:54,240

on several occasions

935

00:33:58,870 --> 00:33:56,960

with other members of his f-86 squadron

936

00:34:01,029 --> 00:33:58,880

to intercept

937

00:34:03,350 --> 00:34:01,039

unknowns that were flying into germany

938

00:34:06,630 --> 00:34:03,360

from the north and the east

939

00:34:10,629 --> 00:34:06,640

being the gutsy guy that he was

940

00:34:11,990 --> 00:34:10,639

had taken his uh f-86 to well up over 45

941

00:34:15,750 --> 00:34:12,000

000 feet to

942

00:34:17,829 --> 00:34:15,760

to try to intercept ufos that they felt

943

00:34:18,950 --> 00:34:17,839

were encroaching on the military base

944

00:34:21,270 --> 00:34:18,960

there

945

00:34:22,310 --> 00:34:21,280

in germany and and uh they didn't know

946

00:34:25,109 --> 00:34:22,320

that it wasn't

947

00:34:25,669 --> 00:34:25,119

uh you know an antagonistic government

948

00:34:28,310 --> 00:34:25,679

making an

949

00:34:29,589 --> 00:34:28,320

aerial flight over germany but i think

950

00:34:33,589 --> 00:34:29,599

they concluded that

951  
00:34:36,069 --> 00:34:33,599  
um that it was uh ufos yeah uh he

952  
00:34:37,349 --> 00:34:36,079  
he set a record actually in in terms of

953  
00:34:40,629 --> 00:34:37,359  
taking his

954  
00:34:42,149 --> 00:34:40,639  
uh f-86 up i don't think uh anyone had

955  
00:34:43,510 --> 00:34:42,159  
ever taken an f-86

956  
00:34:45,270 --> 00:34:43,520  
up to the yeah that's really pushing it

957  
00:34:47,829 --> 00:34:45,280  
isn't up to the

958  
00:34:48,550 --> 00:34:47,839  
uh uh you know the altitudes that he was

959  
00:34:51,510 --> 00:34:48,560  
flying at

960  
00:34:53,430 --> 00:34:51,520  
that's almost into space well actually

961  
00:34:55,990 --> 00:34:53,440  
i'm not sure that at the altitudes he

962  
00:34:57,829 --> 00:34:56,000  
was flying at that the f-86 was

963  
00:34:59,829 --> 00:34:57,839

equipped to support a pilot at those

964

00:35:02,950 --> 00:34:59,839

altitudes he might have been able

965

00:35:04,870 --> 00:35:02,960

to get up to 40 or 42 000 feet now you

966

00:35:07,190 --> 00:35:04,880

were telling me about the

967

00:35:08,710 --> 00:35:07,200

the ufo that landed on the base and they

968

00:35:12,150 --> 00:35:08,720

all filmed it and everything

969

00:35:15,430 --> 00:35:12,160

well he was a base security officer

970

00:35:19,270 --> 00:35:15,440

in california on one of the bases

971

00:35:21,430 --> 00:35:19,280

and as as a base security officer his

972

00:35:23,430 --> 00:35:21,440

responsibility was to

973

00:35:24,790 --> 00:35:23,440

be made aware of any incursions that

974

00:35:27,829 --> 00:35:24,800

were made on that base

975

00:35:29,670 --> 00:35:27,839

facility i'm not sure that i

976  
00:35:30,950 --> 00:35:29,680  
should mention the name of the air force

977  
00:35:35,670 --> 00:35:30,960  
base but

978  
00:35:37,829 --> 00:35:35,680  
he had about a 75 foot in diameter

979  
00:35:38,870 --> 00:35:37,839  
disc shaped craft come right down within

980  
00:35:44,310 --> 00:35:38,880  
the

981  
00:35:47,510 --> 00:35:44,320  
were concerned

982  
00:35:50,470 --> 00:35:47,520  
yeah and they took

983  
00:35:51,430 --> 00:35:50,480  
uh extensive uh photography of the craft

984  
00:35:53,670 --> 00:35:51,440  
while it was on

985  
00:35:55,109 --> 00:35:53,680  
on the ground on on a tripod type

986  
00:35:58,069 --> 00:35:55,119  
landing gear

987  
00:36:00,230 --> 00:35:58,079  
they took two and a quarter color slides

988  
00:36:01,510 --> 00:36:00,240

they took 35 millimeter color slides

989

00:36:05,270 --> 00:36:01,520

they took

990

00:36:09,109 --> 00:36:05,280

actually took moving pictures of this

991

00:36:11,430 --> 00:36:09,119

thing while it was on the ground and

992

00:36:13,349 --> 00:36:11,440

his his instructions were never to look

993

00:36:15,670 --> 00:36:13,359

at any of the photographs of any of this

994

00:36:19,190 --> 00:36:15,680

equipment

995

00:36:22,069 --> 00:36:19,200

because it was all uh meant to be uh

996

00:36:24,470 --> 00:36:22,079

packed away in a in a plain envelope and

997

00:36:27,910 --> 00:36:24,480

sent right away to the pentagon

998

00:36:30,069 --> 00:36:27,920

in washington yeah but he uh he he uh

999

00:36:31,750 --> 00:36:30,079

confided in me uh he said

1000

00:36:33,510 --> 00:36:31,760

you know they didn't say that i couldn't

1001  
00:36:36,710 --> 00:36:33,520  
look at the negatives in the dark room

1002  
00:36:38,310 --> 00:36:36,720  
you know and i guess he did take a peek

1003  
00:36:40,550 --> 00:36:38,320  
at some of the photographs they had

1004  
00:36:42,310 --> 00:36:40,560  
taken but once they were in that little

1005  
00:36:43,109 --> 00:36:42,320  
manila envelope and in the mail they

1006  
00:36:46,230 --> 00:36:43,119  
never saw the

1007  
00:36:47,589 --> 00:36:46,240  
the uh the photographs again yeah would

1008  
00:36:49,670 --> 00:36:47,599  
you say that

1009  
00:36:51,829 --> 00:36:49,680  
the astronauts that you spoke with were

1010  
00:36:55,190 --> 00:36:51,839  
did most of them have an open mind about

1011  
00:36:55,750 --> 00:36:55,200  
ufos what they are and all that i think

1012  
00:36:57,430 --> 00:36:55,760  
they

1013  
00:36:59,270 --> 00:36:57,440

uh went out into space with the

1014

00:37:03,349 --> 00:36:59,280

realization that

1015

00:37:06,470 --> 00:37:03,359

uh that we might very well contact uh

1016

00:37:09,430 --> 00:37:06,480

other intelligences

1017

00:37:11,190 --> 00:37:09,440

there's uh a two there are two different

1018

00:37:11,910 --> 00:37:11,200

approaches here number one is is that

1019

00:37:14,710 --> 00:37:11,920

well okay

1020

00:37:15,589 --> 00:37:14,720

well we may very well meet uh

1021

00:37:17,990 --> 00:37:15,599

intelligent

1022

00:37:18,870 --> 00:37:18,000

uh species out there but how how do we

1023

00:37:21,990 --> 00:37:18,880

deal with that

1024

00:37:25,190 --> 00:37:22,000

do we you know do we uh embrace

1025

00:37:28,550 --> 00:37:25,200

them with open arms or do we react uh

1026  
00:37:29,829 --> 00:37:28,560  
in in a military defensive type posture

1027  
00:37:32,150 --> 00:37:29,839  
if we encounter them

1028  
00:37:33,349 --> 00:37:32,160  
wow all right so a man of your

1029  
00:37:35,670 --> 00:37:33,359  
background

1030  
00:37:36,870 --> 00:37:35,680  
do you have if you had to guess about

1031  
00:37:38,790 --> 00:37:36,880  
their propulsion

1032  
00:37:41,109 --> 00:37:38,800  
of some of the sightings that have been

1033  
00:37:43,190 --> 00:37:41,119  
seen the right angle turns at what were

1034  
00:37:44,550 --> 00:37:43,200  
we told today 3 600 miles an hour or

1035  
00:37:46,069 --> 00:37:44,560  
something like that

1036  
00:37:47,829 --> 00:37:46,079  
how how could that be possible what

1037  
00:37:50,230 --> 00:37:47,839  
would you think about that

1038  
00:37:52,470 --> 00:37:50,240

it's uh it's quite obvious to me that if

1039

00:37:55,109 --> 00:37:52,480

an aircraft is capable of making a right

1040

00:37:56,870 --> 00:37:55,119

angle turn at

1041

00:37:58,310 --> 00:37:56,880

about three and a half thousand miles an

1042

00:38:02,390 --> 00:37:58,320

hour uh

1043

00:38:03,190 --> 00:38:02,400

that an individual in that craft would

1044

00:38:06,310 --> 00:38:03,200

be

1045

00:38:09,670 --> 00:38:06,320

experiencing about 50 g's during that uh

1046

00:38:12,710 --> 00:38:09,680

that right angle turn so i know what

1047

00:38:14,710 --> 00:38:12,720

our our pilots are capable of in our

1048

00:38:17,030 --> 00:38:14,720

fighter and our attack aircraft they're

1049

00:38:19,910 --> 00:38:17,040

they're probably capable

1050

00:38:20,470 --> 00:38:19,920

of a 9 g turn or is it really that high

1051

00:38:22,470 --> 00:38:20,480

somewhere

1052

00:38:24,950 --> 00:38:22,480

because if they're wearing a pressurized

1053

00:38:26,950 --> 00:38:24,960

suit that that will enable them to cope

1054

00:38:29,109 --> 00:38:26,960

with

1055

00:38:30,829 --> 00:38:29,119

the dramatic influence on blood flow

1056

00:38:34,310 --> 00:38:30,839

while they're experiencing those

1057

00:38:38,230 --> 00:38:34,320

g's but uh it's

1058

00:38:41,190 --> 00:38:38,240

it's evident to me that uh that these

1059

00:38:43,030 --> 00:38:41,200

uh advanced civilizations are working

1060

00:38:44,870 --> 00:38:43,040

with propulsion systems that are way

1061

00:38:47,510 --> 00:38:44,880

beyond our understanding

1062

00:38:48,790 --> 00:38:47,520

yeah and they apparently have the

1063

00:38:53,190 --> 00:38:48,800

ability they've

1064

00:38:56,310 --> 00:38:53,200

they've uh figured out ways to cope with

1065

00:38:58,390 --> 00:38:56,320

uh the tremendous g-forces that

1066

00:38:59,430 --> 00:38:58,400

a living being would experience inside

1067

00:39:02,310 --> 00:38:59,440

one in uh

1068

00:39:03,510 --> 00:39:02,320

one of those craft yeah absolutely well

1069

00:39:04,310 --> 00:39:03,520

they figured out a whole different type

1070

00:39:06,150 --> 00:39:04,320

of gravity

1071

00:39:07,829 --> 00:39:06,160

type of situation well that's possible

1072

00:39:09,349 --> 00:39:07,839

too yeah yeah

1073

00:39:11,109 --> 00:39:09,359

well thank you so much it's been a real

1074

00:39:13,030 --> 00:39:11,119

pleasure and really enjoyed meeting you

1075

00:39:13,670 --> 00:39:13,040

you're welcome and it's my pleasure too

1076

00:39:18,150 --> 00:39:13,680

as well

1077

00:39:21,910 --> 00:39:20,470

leslie kane we finally get to meet in

1078

00:39:22,790 --> 00:39:21,920

person how are you it's great to meet

1079

00:39:24,550 --> 00:39:22,800

you martin

1080

00:39:26,230 --> 00:39:24,560

so glad you could come to the conference

1081

00:39:26,790 --> 00:39:26,240

me too and what do you think so far i

1082

00:39:28,630 --> 00:39:26,800

think it's been

1083

00:39:30,630 --> 00:39:28,640

great it's a great conference it's just

1084

00:39:32,069 --> 00:39:30,640

exceptional i'm really really pleased

1085

00:39:34,150 --> 00:39:32,079

and i'm pleased with the quality of the

1086

00:39:35,750 --> 00:39:34,160

audience too very intelligent questions

1087

00:39:38,870 --> 00:39:35,760

thoughtful people

1088

00:39:39,990 --> 00:39:38,880

no kind of you know rambling monologues

1089

00:39:42,069 --> 00:39:40,000

or

1090

00:39:43,430 --> 00:39:42,079

fringe kinds of questions has very been

1091

00:39:45,510 --> 00:39:43,440

very scientific and

1092

00:39:46,630 --> 00:39:45,520

official and serious and very

1093

00:39:49,589 --> 00:39:46,640

fascinating too

1094

00:39:51,589 --> 00:39:49,599

yeah yep i really love the lineup here

1095

00:39:52,870 --> 00:39:51,599

the last time you and i podcast together

1096

00:39:54,230 --> 00:39:52,880

you started talking about what you're

1097

00:39:55,510 --> 00:39:54,240

going to reveal so everybody's been

1098

00:39:57,349 --> 00:39:55,520

waiting

1099

00:39:58,550 --> 00:39:57,359

so can you talk about it now well i hope

1100

00:40:01,109 --> 00:39:58,560

they liked it

1101

00:40:02,550 --> 00:40:01,119

um it was a case out of chile that i

1102

00:40:04,790 --> 00:40:02,560

actually been given exclusive

1103

00:40:06,710 --> 00:40:04,800

access to by the official agency there

1104

00:40:08,069 --> 00:40:06,720

that it's never been made public before

1105

00:40:10,870 --> 00:40:08,079

this conference

1106

00:40:11,750 --> 00:40:10,880

and um it's it's better if it's a more

1107

00:40:13,349 --> 00:40:11,760

visual case

1108

00:40:15,109 --> 00:40:13,359

but just to talk about it a little bit

1109

00:40:17,190 --> 00:40:15,119

um there were it involved three

1110

00:40:20,790 --> 00:40:17,200

witnesses at an air force academy

1111

00:40:22,309 --> 00:40:20,800

in santiago who saw and um

1112

00:40:23,990 --> 00:40:22,319

one of them was a sergeant who had been

1113

00:40:25,349 --> 00:40:24,000

many years at the air force academy

1114

00:40:27,109 --> 00:40:25,359

there and this is where they train their

1115

00:40:28,230 --> 00:40:27,119

generals their colonels very high level

1116

00:40:30,069 --> 00:40:28,240

people

1117

00:40:32,309 --> 00:40:30,079

and they saw these lights five were

1118

00:40:34,470 --> 00:40:32,319

lights come in from the mountains

1119

00:40:35,990 --> 00:40:34,480

from the andes mountains towards them

1120

00:40:37,349 --> 00:40:36,000

first they thought they were helicopters

1121

00:40:38,150 --> 00:40:37,359

but they realized they were completely

1122

00:40:40,710 --> 00:40:38,160

silent

1123

00:40:41,910 --> 00:40:40,720

yeah so these we'll call them objects

1124

00:40:43,589 --> 00:40:41,920

lights i don't know what to call them

1125

00:40:45,589 --> 00:40:43,599

but they were they came towards them

1126

00:40:48,470 --> 00:40:45,599

they formed a horizontal line

1127

00:40:50,550 --> 00:40:48,480

then a triangle and then a circle three

1128

00:40:52,630 --> 00:40:50,560

distinct formations

1129

00:40:54,309 --> 00:40:52,640

two of the witnesses pulled out their

1130

00:40:55,829 --> 00:40:54,319

cell phones with cameras and and

1131

00:40:57,910 --> 00:40:55,839

videotaped it

1132

00:40:59,270 --> 00:40:57,920

and the one of the videos you really

1133

00:41:00,470 --> 00:40:59,280

can't see it i mean

1134

00:41:01,910 --> 00:41:00,480

it's just you know it's hard for cell

1135

00:41:03,510 --> 00:41:01,920

phones to capture these things but what

1136

00:41:06,470 --> 00:41:03,520

you have is the

1137

00:41:07,750 --> 00:41:06,480

the man who filmed it narrating exactly

1138

00:41:10,390 --> 00:41:07,760

what he was seeing and his

1139

00:41:12,390 --> 00:41:10,400

reaction says oh my god and you know the

1140

00:41:13,910 --> 00:41:12,400

birds are going crazy so the audio is

1141

00:41:15,670 --> 00:41:13,920

fantastic birds don't really

1142

00:41:17,510 --> 00:41:15,680

birds don't call at night and at one

1143

00:41:19,430 --> 00:41:17,520

point when he gets excited

1144

00:41:20,710 --> 00:41:19,440

because of what he's seeing the birds

1145

00:41:22,309 --> 00:41:20,720

get excited too

1146

00:41:23,910 --> 00:41:22,319

yeah now they're not reacting to what

1147

00:41:24,630 --> 00:41:23,920

the human is saying they're reacting to

1148

00:41:26,390 --> 00:41:24,640

something else

1149

00:41:28,390 --> 00:41:26,400

so i thought that was in one of the

1150

00:41:29,750 --> 00:41:28,400

videos the cell phone videos that they

1151

00:41:32,309 --> 00:41:29,760

enhanced a little bit

1152

00:41:33,430 --> 00:41:32,319

you could see you could see the

1153

00:41:35,589 --> 00:41:33,440

phenomenon the

1154

00:41:37,349 --> 00:41:35,599

equivalent of the fbi in chile took it

1155

00:41:39,190 --> 00:41:37,359

into a lab and just enhanced it

1156

00:41:41,109 --> 00:41:39,200

increased the contrast a little bit you

1157

00:41:41,430 --> 00:41:41,119

can clearly see the triangular shape in

1158

00:41:43,109 --> 00:41:41,440

that

1159

00:41:45,349 --> 00:41:43,119

formation and then they pulled some

1160

00:41:45,750 --> 00:41:45,359

stills from it in which you can really

1161

00:41:47,270 --> 00:41:45,760

see

1162

00:41:48,790 --> 00:41:47,280

clearly that and what's really

1163

00:41:49,910 --> 00:41:48,800

fascinating to me about the triangular

1164

00:41:51,349 --> 00:41:49,920  
formation

1165

00:41:53,750 --> 00:41:51,359  
is there were five objects but a

1166

00:41:57,190 --> 00:41:53,760  
triangle only contains three right

1167

00:41:57,910 --> 00:41:57,200  
so i was thinking well in a formation of

1168

00:41:59,270 --> 00:41:57,920  
three

1169

00:42:00,630 --> 00:41:59,280  
what happened to the other two well if

1170

00:42:02,470 --> 00:42:00,640  
you look at the photograph that they

1171

00:42:05,349 --> 00:42:02,480  
pulled out from the video

1172

00:42:05,990 --> 00:42:05,359  
you can see that the two of the objects

1173

00:42:07,829 --> 00:42:06,000  
paired up

1174

00:42:10,069 --> 00:42:07,839  
with another two of the points on the

1175

00:42:10,630 --> 00:42:10,079  
triangle were pairs of objects so there

1176

00:42:12,870 --> 00:42:10,640

were still

1177

00:42:14,309 --> 00:42:12,880

five two of them got really close

1178

00:42:16,470 --> 00:42:14,319

together on one apex

1179

00:42:18,630 --> 00:42:16,480

two got close together on another apex

1180

00:42:20,550 --> 00:42:18,640

and in the third apex there were one

1181

00:42:21,910 --> 00:42:20,560

so i mean what kind of intelligence does

1182

00:42:23,910 --> 00:42:21,920

that demonstrate

1183

00:42:25,589 --> 00:42:23,920

yeah that these objects bunch together

1184

00:42:28,390 --> 00:42:25,599

in order to form a triangle

1185

00:42:29,910 --> 00:42:28,400

there of course there's no answers here

1186

00:42:30,870 --> 00:42:29,920

but there's still some really good

1187

00:42:34,630 --> 00:42:30,880

points made

1188

00:42:37,109 --> 00:42:34,640

and um i think one of the more enjoyable

1189

00:42:38,790 --> 00:42:37,119

people kind of surprised me was uh

1190

00:42:39,910 --> 00:42:38,800

jeffrey bennett the other night what did

1191

00:42:40,630 --> 00:42:39,920

you think about it no i thought his

1192

00:42:43,349 --> 00:42:40,640

lecture was

1193

00:42:44,390 --> 00:42:43,359

fabulous yeah i mean he's an astronomer

1194

00:42:46,550 --> 00:42:44,400

astrophysicist

1195

00:42:48,630 --> 00:42:46,560

educator he's a straight scientist got

1196

00:42:50,230 --> 00:42:48,640

nothing to do with ufos not particularly

1197

00:42:51,910 --> 00:42:50,240

interested in ufos but

1198

00:42:53,750 --> 00:42:51,920

he came in as our science lecture

1199

00:42:55,589 --> 00:42:53,760

saturday night and he's

1200

00:42:58,069 --> 00:42:55,599

fascinating to them or he's not a

1201

00:42:59,990 --> 00:42:58,079

debunker exactly just sort of open

1202

00:43:02,230 --> 00:43:00,000

you know but explore the scientific

1203

00:43:04,390 --> 00:43:02,240

perspective on could there be alien life

1204

00:43:06,550 --> 00:43:04,400

and all the issues related to that

1205

00:43:08,309 --> 00:43:06,560

talked about the discovery of exoplanets

1206

00:43:10,550 --> 00:43:08,319

by kepler

1207

00:43:12,069 --> 00:43:10,560

what do we know about the moons the mars

1208

00:43:13,670 --> 00:43:12,079

all these interesting things about the

1209

00:43:15,750 --> 00:43:13,680

the universe and the solar system well

1210

00:43:17,990 --> 00:43:15,760

it really kind of boiled down to

1211

00:43:19,990 --> 00:43:18,000

that it's a real high probability that

1212

00:43:20,550 --> 00:43:20,000

there's life out there which you know we

1213

00:43:21,910 --> 00:43:20,560

all

1214

00:43:24,150 --> 00:43:21,920

been saying but he was doing it

1215

00:43:24,550 --> 00:43:24,160

statistically which is very fascinating

1216

00:43:26,950 --> 00:43:24,560

to me

1217

00:43:28,069 --> 00:43:26,960

exactly from a scientific perspective

1218

00:43:29,910 --> 00:43:28,079

yeah i mean

1219

00:43:31,910 --> 00:43:29,920

highly probable that there's life out

1220

00:43:34,309 --> 00:43:31,920

there the big question of course is

1221

00:43:35,829 --> 00:43:34,319

getting that life from there to here

1222

00:43:38,870 --> 00:43:35,839

yeah and that's the thing

1223

00:43:40,150 --> 00:43:38,880

that's harder for scientists to

1224

00:43:41,430 --> 00:43:40,160

deal with and for all of us really i

1225

00:43:42,630 --> 00:43:41,440

mean when you think about how vast the

1226

00:43:45,109 --> 00:43:42,640

space is of course

1227

00:43:45,910 --> 00:43:45,119

i know we need to talk about the size of

1228

00:43:47,750 --> 00:43:45,920

the sun

1229

00:43:50,390 --> 00:43:47,760

if it was scaled down to a grapefruit

1230

00:43:52,710 --> 00:43:50,400

right our earth would be about 16

1231

00:43:54,470 --> 00:43:52,720

meters away i think you said the size of

1232

00:43:56,390 --> 00:43:54,480

a ball and a ballpoint pen

1233

00:43:57,829 --> 00:43:56,400

right tiny the moon a quarter bit of

1234

00:43:59,190 --> 00:43:57,839

that two inches out and that's the

1235

00:44:01,109 --> 00:43:59,200

farthest we ever traveled

1236

00:44:02,710 --> 00:44:01,119

right and alpha centauri our nearest

1237

00:44:05,670 --> 00:44:02,720

star all the way in california

1238

00:44:07,270 --> 00:44:05,680

it's phenomenal you hear that you think

1239

00:44:09,270 --> 00:44:07,280

how could ufos possibly come from

1240

00:44:11,349 --> 00:44:09,280

anywhere else that's what you think

1241

00:44:12,950 --> 00:44:11,359

it's very good it's sobering it it makes

1242

00:44:15,109 --> 00:44:12,960

us step back and

1243

00:44:16,470 --> 00:44:15,119

yeah you know take a sign be realized we

1244

00:44:17,990 --> 00:44:16,480

have to be very circumspect and

1245

00:44:18,950 --> 00:44:18,000

scientific about this it's really

1246

00:44:22,390 --> 00:44:18,960

mind-boggling

1247

00:44:22,950 --> 00:44:22,400

yeah now as far as the different people

1248

00:44:26,069 --> 00:44:22,960

that

1249

00:44:28,630 --> 00:44:26,079

were lecturing this weekend are there

1250

00:44:30,630 --> 00:44:28,640

dvds going to be available separately

1251

00:44:33,030 --> 00:44:30,640

yes they are separate dvds will be

1252

00:44:35,109 --> 00:44:33,040

available i think in a couple of weeks

1253

00:44:36,470 --> 00:44:35,119

on the website for and i'll post on my

1254

00:44:37,190 --> 00:44:36,480

facebook page as soon as they're

1255

00:44:39,349 --> 00:44:37,200

available

1256

00:44:40,710 --> 00:44:39,359

and i i just think i'm so happy because

1257

00:44:41,430 --> 00:44:40,720

i'm going to want to get all of them oh

1258

00:44:42,870 --> 00:44:41,440

yes

1259

00:44:44,069 --> 00:44:42,880

and i recommend them to people who

1260

00:44:45,670 --> 00:44:44,079

couldn't make it because these are

1261

00:44:47,589 --> 00:44:45,680

really exceptional talks

1262

00:44:49,030 --> 00:44:47,599

so will it be on the uh it'll be on the

1263

00:44:50,710 --> 00:44:49,040

website it'll be on the conference

1264

00:44:52,470 --> 00:44:50,720

website i'll definitely

1265

00:44:54,230 --> 00:44:52,480

make it make an announcement about it

1266

00:44:56,230 --> 00:44:54,240

when it when they're available

1267

00:45:00,109 --> 00:44:56,240

and give you links and everything which

1268

00:45:04,790 --> 00:45:01,589

c-u-f-o-r-n-c

1269

00:45:07,270 --> 00:45:04,800

dot com that's cool foreign the center

1270

00:45:07,670 --> 00:45:07,280

for ufo research north carolina is what

1271

00:45:09,750 --> 00:45:07,680

it's

1272

00:45:11,430 --> 00:45:09,760

the acronym for so what's next for

1273

00:45:14,710 --> 00:45:11,440

leslie kane

1274

00:45:15,430 --> 00:45:14,720

um i'm not sure really i've got a bunch

1275

00:45:18,069 --> 00:45:15,440

of

1276

00:45:19,829 --> 00:45:18,079

possible writing projects um i want to

1277

00:45:22,470 --> 00:45:19,839

write up something on this

1278

00:45:24,390 --> 00:45:22,480

agga case that you knew chile in case

1279

00:45:26,390 --> 00:45:24,400

for the huffington post

1280

00:45:27,910 --> 00:45:26,400

i'm also working on the revisit the

1281

00:45:30,630 --> 00:45:27,920

french edition of my book

1282

00:45:32,309 --> 00:45:30,640

um really yeah it's like the ninth maybe

1283

00:45:33,910 --> 00:45:32,319

the ninth foreign language edition

1284

00:45:35,750 --> 00:45:33,920

i just heard you speaking french with a

1285

00:45:36,390 --> 00:45:35,760

lady a little bit of friends a little

1286

00:45:37,990 --> 00:45:36,400

bit but

1287

00:45:39,670 --> 00:45:38,000

i'm not doing the translation by any

1288

00:45:41,750 --> 00:45:39,680

means but i have to

1289

00:45:43,910 --> 00:45:41,760

i'm working on some changes because the

1290

00:45:44,550 --> 00:45:43,920

pityreshaft photograph of the belgian

1291

00:45:46,390 --> 00:45:44,560

thing that

1292

00:45:47,829 --> 00:45:46,400

de brauer talked about general de brauer

1293

00:45:50,150 --> 00:45:47,839

yesterday yeah

1294

00:45:50,950 --> 00:45:50,160

um it's a questionable now it's the it

1295

00:45:52,309 --> 00:45:50,960

is uh

1296

00:45:54,230 --> 00:45:52,319

we have to basically assume it was a

1297

00:45:56,950 --> 00:45:54,240

hoax you know you

1298

00:45:58,790 --> 00:45:56,960

you can but there's i still keep even

1299

00:46:01,349 --> 00:45:58,800

yesterday i heard controversy about that

1300

00:46:03,030 --> 00:46:01,359

saying that the guy

1301

00:46:05,270 --> 00:46:03,040

felt as though that he did not get

1302

00:46:08,870 --> 00:46:05,280

enough money for it when he sold it

1303

00:46:11,670 --> 00:46:08,880

and then so he he's claiming it's a hoax

1304

00:46:12,470 --> 00:46:11,680

just to to spoil that so yeah but we

1305

00:46:14,230 --> 00:46:12,480

sell it or something

1306

00:46:15,670 --> 00:46:14,240

i don't think the belgian investigators

1307

00:46:17,349 --> 00:46:15,680

who've actually spoke to him would agree

1308

00:46:18,550 --> 00:46:17,359

with that i mean i think they're pretty

1309

00:46:19,349 --> 00:46:18,560

convinced and these are people who

1310

00:46:21,829 --> 00:46:19,359

really care

1311

00:46:23,430 --> 00:46:21,839

so they're not out to debunk anything

1312

00:46:23,910 --> 00:46:23,440

you know i've spoken to patrick faron

1313

00:46:25,349 --> 00:46:23,920

who has

1314

00:46:27,829 --> 00:46:25,359

actually went and interviewed him for

1315

00:46:28,950 --> 00:46:27,839

hours and they've done a lot of work on

1316

00:46:30,309 --> 00:46:28,960

and they really and they've gotten two

1317

00:46:31,589 --> 00:46:30,319

other people to corroborate that they

1318

00:46:33,349 --> 00:46:31,599

were there at the time

1319

00:46:35,030 --> 00:46:33,359

when he made the model yeah you know

1320

00:46:35,829 --> 00:46:35,040

that was just such an awesome picture

1321

00:46:37,190 --> 00:46:35,839

too

1322

00:46:39,349 --> 00:46:37,200

it was so disappointing it was my

1323

00:46:40,230 --> 00:46:39,359

favorite picture for you yeah but even

1324

00:46:43,109 --> 00:46:40,240

so

1325

00:46:44,710 --> 00:46:43,119

even if there's still let's say a 10 20

1326

00:46:46,550 --> 00:46:44,720

chance that it might be real

1327

00:46:47,750 --> 00:46:46,560

we still have to eliminate it from our

1328

00:46:50,230 --> 00:46:47,760

repertoire of evidence

1329

00:46:51,510 --> 00:46:50,240

because it's too controversial so what

1330

00:46:52,950 --> 00:46:51,520

i'm doing in the french edition of the

1331

00:46:53,670 --> 00:46:52,960

book since it's going to be sold in

1332

00:46:55,430 --> 00:46:53,680

belgium

1333

00:46:56,950 --> 00:46:55,440

where you know we're we're going to

1334

00:46:57,910 --> 00:46:56,960

remove that photograph and put an

1335

00:47:01,109 --> 00:46:57,920

addendum in

1336

00:47:02,710 --> 00:47:01,119

explaining why and then replace it with

1337

00:47:04,710 --> 00:47:02,720

others so i need to

1338

00:47:05,750 --> 00:47:04,720

get that to the publisher and i'm kind

1339

00:47:07,109 --> 00:47:05,760

of working with the guy who's

1340

00:47:08,550 --> 00:47:07,119

translating it

1341

00:47:09,990 --> 00:47:08,560

he has various questions and issues so

1342

00:47:10,870 --> 00:47:10,000

we go back and forth a lot so that takes

1343

00:47:12,870 --> 00:47:10,880

a lot of time

1344

00:47:14,550 --> 00:47:12,880

yeah you know your book seemed to come

1345

00:47:16,710 --> 00:47:14,560

up a lot this weekend

1346

00:47:18,309 --> 00:47:16,720

that must have made you feel good it is

1347

00:47:19,270 --> 00:47:18,319

referencing your book what really makes

1348

00:47:21,829 --> 00:47:19,280

me feel good is when

1349

00:47:23,190 --> 00:47:21,839

an a human being a person comes up to me

1350

00:47:24,950 --> 00:47:23,200

which many did here

1351

00:47:26,870 --> 00:47:24,960

yeah and just tell me what the book

1352

00:47:28,630 --> 00:47:26,880

meant to them personally and i just so

1353

00:47:30,549 --> 00:47:28,640

gratifying for me to hear

1354

00:47:32,309 --> 00:47:30,559

you know one woman said it circulated

1355

00:47:34,069 --> 00:47:32,319

all over around her family her father's

1356

00:47:36,150 --> 00:47:34,079

a professor at a university

1357

00:47:38,549 --> 00:47:36,160

it's the only ufo book he'd ever read it

1358

00:47:40,230 --> 00:47:38,559

really affected him see

1359

00:47:42,630 --> 00:47:40,240

people say it's like oh definitely

1360

00:47:44,309 --> 00:47:42,640

that's a that's a that's a great feeling

1361

00:47:46,470 --> 00:47:44,319

one guy said i've been reading ufo books

1362

00:47:47,190 --> 00:47:46,480

for 25 years and this is by far the best

1363

00:47:49,589 --> 00:47:47,200

i mean

1364

00:47:51,510 --> 00:47:49,599

it's just so satisfying to me because

1365

00:47:51,990 --> 00:47:51,520

number one it took so much work for me

1366

00:47:53,990 --> 00:47:52,000

to do it

1367

00:47:55,270 --> 00:47:54,000

and number two because of the other

1368

00:47:56,710 --> 00:47:55,280

contributors to the book

1369

00:47:58,950 --> 00:47:56,720

you know there's over a dozen other

1370

00:48:00,710 --> 00:47:58,960

people who wrote chapters and it to me

1371

00:48:01,750 --> 00:48:00,720

it's a collective effort and it includes

1372

00:48:02,549 --> 00:48:01,760

some of the people who are at this

1373

00:48:04,309 --> 00:48:02,559

conference and

1374

00:48:06,069 --> 00:48:04,319

plus i can it means they're being

1375

00:48:08,309 --> 00:48:06,079

recognized right

1376

00:48:10,549 --> 00:48:08,319

and i can tell you you are someone that

1377

00:48:12,549 --> 00:48:10,559

is very careful about what you do and

1378

00:48:13,910 --> 00:48:12,559

we all i think i can speak for a lot of

1379

00:48:16,069 --> 00:48:13,920

people we all appreciate

1380

00:48:17,349 --> 00:48:16,079

the wonderful you work you do but i

1381

00:48:19,510 --> 00:48:17,359

can't imagine how

1382

00:48:20,870 --> 00:48:19,520

careful you would be writing that book i

1383

00:48:22,790 --> 00:48:20,880

mean how much time you took

1384

00:48:24,549 --> 00:48:22,800

i was very careful did it take a long

1385

00:48:25,750 --> 00:48:24,559

time to put together yeah i mean it was

1386

00:48:27,750 --> 00:48:25,760

based on

1387

00:48:29,430 --> 00:48:27,760

many many you know 11 10 11 years of

1388

00:48:31,109 --> 00:48:29,440

work that sort of all distilled into

1389

00:48:32,950 --> 00:48:31,119

that but the actual book itself

1390

00:48:34,230 --> 00:48:32,960

took a lot of time and i was on

1391

00:48:37,670 --> 00:48:34,240

deadlines i had a

1392

00:48:39,190 --> 00:48:37,680

random house is a a very good publisher

1393

00:48:40,549 --> 00:48:39,200

and you have a whole schedule you have

1394

00:48:42,630 --> 00:48:40,559

to follow because they want to get it

1395

00:48:45,190 --> 00:48:42,640

out at a certain time based on

1396

00:48:46,549 --> 00:48:45,200

the marketing potential of that time we

1397

00:48:48,630 --> 00:48:46,559

picked the summer

1398

00:48:49,990 --> 00:48:48,640

because they figured not remember one

1399

00:48:51,750 --> 00:48:50,000

not a lot of other books come out in the

1400

00:48:53,829 --> 00:48:51,760

summer there's not much competition

1401  
00:48:54,950 --> 00:48:53,839  
yeah and number two people are out in

1402  
00:48:57,030 --> 00:48:54,960  
the beach and they want to read about

1403  
00:48:57,589 --> 00:48:57,040  
ufos in the summer it's sort of vacation

1404  
00:48:59,109 --> 00:48:57,599  
time

1405  
00:49:00,790 --> 00:48:59,119  
so they figured for that reason we

1406  
00:49:01,510 --> 00:49:00,800  
needed to get it out in the summer and

1407  
00:49:03,270 --> 00:49:01,520  
so you know

1408  
00:49:05,030 --> 00:49:03,280  
from the very beginning everything is

1409  
00:49:05,750 --> 00:49:05,040  
mapped out over a period of like over a

1410  
00:49:08,150 --> 00:49:05,760  
year

1411  
00:49:09,829 --> 00:49:08,160  
so when certain deadlines have to be met

1412  
00:49:10,870 --> 00:49:09,839  
when the first draft second draft the

1413  
00:49:13,990 --> 00:49:10,880

photographs this

1414

00:49:16,790 --> 00:49:14,000

that so you have to follow this strict

1415

00:49:18,710 --> 00:49:16,800

and that makes it high pressure and and

1416

00:49:20,390 --> 00:49:18,720

you know i just had to do nothing else

1417

00:49:22,150 --> 00:49:20,400

it's hard work and then i was working

1418

00:49:23,430 --> 00:49:22,160

with all these other contributors and

1419

00:49:24,790 --> 00:49:23,440

some of them weren't even didn't even

1420

00:49:27,190 --> 00:49:24,800

speak english

1421

00:49:29,270 --> 00:49:27,200

so i had to hire translators to do both

1422

00:49:30,790 --> 00:49:29,280

communications for me and to translate

1423

00:49:33,670 --> 00:49:30,800

their work and you have to

1424

00:49:35,589 --> 00:49:33,680

go back to them because even though they

1425

00:49:36,630 --> 00:49:35,599

may be expert witnesses or expert

1426

00:49:37,990 --> 00:49:36,640

investigators

1427

00:49:40,230 --> 00:49:38,000

they may not think of everything that

1428

00:49:42,390 --> 00:49:40,240

needs to be said so my job was to

1429

00:49:43,750 --> 00:49:42,400

come back and say well here you've got

1430

00:49:45,270 --> 00:49:43,760

this great case but you

1431

00:49:47,349 --> 00:49:45,280

could you describe what the object

1432

00:49:48,630 --> 00:49:47,359

looked like or could you say

1433

00:49:50,549 --> 00:49:48,640

certain things that they just don't

1434

00:49:52,150 --> 00:49:50,559

think to include that

1435

00:49:53,750 --> 00:49:52,160

as a journalist i know how to tell a

1436

00:49:55,349 --> 00:49:53,760

story you see so

1437

00:49:56,950 --> 00:49:55,359

part of my job was to work with each of

1438

00:49:58,870 --> 00:49:56,960

the contributors that way and that took

1439

00:50:00,230 --> 00:49:58,880

a lot of time and effort as well

1440

00:50:02,630 --> 00:50:00,240

did your book go into any other

1441

00:50:04,390 --> 00:50:02,640

languages or is it this first one it did

1442

00:50:05,670 --> 00:50:04,400

oh it's probably been in eight or nine

1443

00:50:08,950 --> 00:50:05,680

countries now including

1444

00:50:09,349 --> 00:50:08,960

china brazil wow oh i'm thrilled with

1445

00:50:12,549 --> 00:50:09,359

that

1446

00:50:16,390 --> 00:50:12,559

yeah croatia

1447

00:50:18,630 --> 00:50:16,400

taiwan germany

1448

00:50:19,910 --> 00:50:18,640

jay that's amazing more than that i i

1449

00:50:21,829 --> 00:50:19,920

don't remember all of them

1450

00:50:23,270 --> 00:50:21,839

but well i posted your picture on

1451

00:50:25,430 --> 00:50:23,280

facebook and

1452

00:50:27,109 --> 00:50:25,440

i had some requests they said they can't

1453

00:50:28,630 --> 00:50:27,119

wait to listen to the podcast so

1454

00:50:29,990 --> 00:50:28,640

great i'm really glad you know it was

1455

00:50:31,670 --> 00:50:30,000

really tough to meet up with you you're

1456

00:50:32,069 --> 00:50:31,680

so busy here everybody wanting to talk

1457

00:50:35,190 --> 00:50:32,079

to you

1458

00:50:36,630 --> 00:50:35,200

well what can i say yeah so anyway it's

1459

00:50:38,309 --> 00:50:36,640

been great so great to meet you martin

1460

00:50:38,870 --> 00:50:38,319

and thanks for doing the great podcast

1461

00:50:40,710 --> 00:50:38,880

that you do

1462

00:50:42,230 --> 00:50:40,720

i really appreciate the work you do i'm

1463

00:50:43,030 --> 00:50:42,240

so glad you came here to interview

1464

00:50:46,150 --> 00:50:43,040

people here

1465

00:50:51,589 --> 00:50:46,160

yeah and um keep on doing it yeah

1466

00:50:58,069 --> 00:50:55,030

jose lai from chile how are you

1467

00:50:58,630 --> 00:50:58,079

i'm fine well it's so great to meet in

1468

00:51:00,630 --> 00:50:58,640

person

1469

00:51:02,710 --> 00:51:00,640

and we've had a lot of great talks since

1470

00:51:05,589 --> 00:51:02,720

uh since we've been here

1471

00:51:07,349 --> 00:51:05,599

oh well it is my pleasure in the first

1472

00:51:10,470 --> 00:51:07,359

place to meet you again

1473

00:51:13,190 --> 00:51:10,480

yeah come on chance we're shaking hands

1474

00:51:13,750 --> 00:51:13,200

a little behind the scenes here so how

1475

00:51:17,750 --> 00:51:13,760

did you

1476

00:51:21,470 --> 00:51:17,760

have a really good response

1477

00:51:24,870 --> 00:51:21,480

yes very much yeah i never been

1478

00:51:27,190 --> 00:51:24,880

congratulated so many times in my life

1479

00:51:29,510 --> 00:51:27,200

that's wonderful there's no better

1480

00:51:33,109 --> 00:51:29,520

example in my opinion

1481

00:51:37,190 --> 00:51:33,119

of any country doing what you're doing

1482

00:51:38,790 --> 00:51:37,200

well i think here this conference gave

1483

00:51:42,710 --> 00:51:38,800

me the chance

1484

00:51:44,549 --> 00:51:42,720

yeah to reassure me

1485

00:51:45,750 --> 00:51:44,559

and i'm going to bring the message back

1486

00:51:48,950 --> 00:51:45,760

home

1487

00:51:51,670 --> 00:51:48,960

that we we are doing the right job

1488

00:51:53,430 --> 00:51:51,680

yeah in the right way well we'll you'll

1489

00:51:54,150 --> 00:51:53,440

be able to show them the dvd in a couple

1490

00:51:56,470 --> 00:51:54,160

of weeks

1491

00:51:57,829 --> 00:51:56,480

oh yes i hope so that'll be proof but

1492

00:51:58,950 --> 00:51:57,839

they'll have to learn how to speak

1493

00:52:01,589 --> 00:51:58,960

english right

1494

00:52:01,990 --> 00:52:01,599

no they everyone in my office speaks

1495

00:52:04,549 --> 00:52:02,000

english

1496

00:52:06,309 --> 00:52:04,559

is that right yes that's right now you

1497

00:52:07,349 --> 00:52:06,319

know i never realized this until you

1498

00:52:09,030 --> 00:52:07,359

showed

1499

00:52:11,270 --> 00:52:09,040

up on the screen there that chile is

1500

00:52:14,069 --> 00:52:11,280

such a long skinny country

1501

00:52:15,109 --> 00:52:14,079

oh yes and how many miles is the length

1502

00:52:19,270 --> 00:52:15,119

oh my god

1503

00:52:23,270 --> 00:52:19,280

it's all coastline yes you can imagine

1504

00:52:24,150 --> 00:52:23,280

we begin with a desert the driest desert

1505

00:52:27,030 --> 00:52:24,160

in the world

1506

00:52:27,510 --> 00:52:27,040

and we end up down in the antarctic

1507

00:52:30,630 --> 00:52:27,520

which is

1508

00:52:31,990 --> 00:52:30,640

eternal ice i i just you know i i

1509

00:52:33,750 --> 00:52:32,000

thought i knew most of south america

1510

00:52:35,589 --> 00:52:33,760

what it looked like but i just forgot

1511

00:52:37,670 --> 00:52:35,599

all about chile being waiters

1512

00:52:38,710 --> 00:52:37,680

now where is the telescopes is that the

1513

00:52:40,870 --> 00:52:38,720

northern part by the time

1514

00:52:42,470 --> 00:52:40,880

the northern part of the country yes the

1515

00:52:44,390 --> 00:52:42,480

picture that you showed

1516

00:52:45,670 --> 00:52:44,400

with um you could see the milky way

1517

00:52:47,510 --> 00:52:45,680

above the cactus

1518

00:52:49,109 --> 00:52:47,520

yes was that a real picture yes of

1519

00:52:49,910 --> 00:52:49,119

course of course i can't believe the

1520

00:52:53,190 --> 00:52:49,920

sky's there

1521

00:52:56,950 --> 00:52:53,200

well you can you can go in

1522

00:52:59,910 --> 00:52:56,960

google or whatever and

1523

00:53:01,430 --> 00:52:59,920

take images from the north of chile and

1524

00:53:02,790 --> 00:53:01,440

you are going to see very similar

1525

00:53:05,510 --> 00:53:02,800

skyline like the one i

1526  
00:53:06,390 --> 00:53:05,520  
showed that was just beautiful it's

1527  
00:53:09,750 --> 00:53:06,400  
beautiful

1528  
00:53:10,470 --> 00:53:09,760  
yes now where in geographically where is

1529  
00:53:12,710 --> 00:53:10,480  
your main

1530  
00:53:14,069 --> 00:53:12,720  
office in that big long strip of country

1531  
00:53:16,309 --> 00:53:14,079  
it is just about

1532  
00:53:17,829 --> 00:53:16,319  
in the middle but that that's the

1533  
00:53:20,470 --> 00:53:17,839  
convenience yes that's

1534  
00:53:21,510 --> 00:53:20,480  
very convenient yeah yeah i thought it

1535  
00:53:23,349 --> 00:53:21,520  
was pretty funny you were

1536  
00:53:24,710 --> 00:53:23,359  
talking about you had your alien and you

1537  
00:53:27,510 --> 00:53:24,720  
had your oh yes

1538  
00:53:29,109 --> 00:53:27,520

yeah and well we keep that jarred alien

1539

00:53:31,030 --> 00:53:29,119

in their office a little green

1540

00:53:32,470 --> 00:53:31,040

thing it is really you have a good sense

1541

00:53:36,230 --> 00:53:32,480

of humor oh

1542

00:53:41,270 --> 00:53:36,240

we all have a good sense of humor in

1543

00:53:44,549 --> 00:53:44,069

i guess that's gonna be it for us all

1544

00:53:46,390 --> 00:53:44,559

right

1545

00:53:48,069 --> 00:53:46,400
