

UFO

WARMINSTER

1
00:00:04,150 --> 00:00:02,470
and it hits me oh my gosh this is that

2
00:00:05,349 --> 00:00:04,160
triangle you know there's explanation

3
00:00:07,269 --> 00:00:05,359
for everything that occurred in the

4
00:00:09,830 --> 00:00:07,279
rental champions incident that doesn't

5
00:00:13,190 --> 00:00:09,840
involve aliens at all it was completely

6
00:00:14,150 --> 00:00:13,200
silent it comes right over our heads he

7
00:00:16,470 --> 00:00:14,160
saw a

8
00:00:18,310 --> 00:00:16,480
classic flying saucer really standing in

9
00:00:19,830 --> 00:00:18,320
the clearing he turned over to my father

10
00:00:24,070 --> 00:00:19,840
and held his hand and he looked in his

11
00:00:27,750 --> 00:00:25,830
hello and welcome to the show i'm martin

12
00:00:30,630 --> 00:00:27,760
willis your host michael lauc will be

13
00:00:31,990 --> 00:00:30,640

joining us in a moment for the news

14

00:00:34,389 --> 00:00:32,000

after the news i'll be talking with

15

00:00:36,549 --> 00:00:34,399

kevin goodman of the uk where we discuss

16

00:00:40,229 --> 00:00:36,559

the famous 10-year stretch of the

17

00:00:42,950 --> 00:00:40,239

walminster ufo sightings i have to use a

18

00:00:44,310 --> 00:00:42,960

english accent to say that properly so

19

00:00:45,350 --> 00:00:44,320

michael what's going on with the news

20

00:00:46,950 --> 00:00:45,360

today

21

00:00:49,430 --> 00:00:46,960

oh we have lots of news to cover with

22

00:00:51,270 --> 00:00:49,440

cattle mutilations and some science news

23

00:00:52,950 --> 00:00:51,280

lots of good stuff but first i'd like to

24

00:00:55,350 --> 00:00:52,960

remind everyone that we are broadcasting

25

00:00:57,670 --> 00:00:55,360

our shows every friday evening at 8 pm

26

00:01:01,110 --> 00:00:57,680

eastern standard time which is minus

27

00:01:04,310 --> 00:01:01,120

five hours utc on the all one broadcast

28

00:01:07,190 --> 00:01:04,320

dot com network that is all the number

29

00:01:09,190 --> 00:01:07,200

one broadcast dot com and we hope to see

30

00:01:10,870 --> 00:01:09,200

you in the chat room uh discovery

31

00:01:13,670 --> 00:01:10,880

channel article explains cattle

32

00:01:15,670 --> 00:01:13,680

mutilations benjamin radford covers a

33

00:01:17,749 --> 00:01:15,680

series of missouri cattle mutilations in

34

00:01:20,070 --> 00:01:17,759

a recent discovery news article and

35

00:01:22,070 --> 00:01:20,080

finally explains the mystery albeit with

36

00:01:24,070 --> 00:01:22,080

the same explanations of parasites and

37

00:01:25,990 --> 00:01:24,080

predators that everyone uses

38

00:01:27,749 --> 00:01:26,000

unfortunately he ignores the fact that

39

00:01:29,990 --> 00:01:27,759

the most recent corpse was actually

40

00:01:32,390 --> 00:01:30,000

surrounded by char marks and they were

41

00:01:34,710 --> 00:01:32,400

probably not caused by wolves or maggots

42

00:01:36,149 --> 00:01:34,720

you can read his explanation and view an

43

00:01:39,030 --> 00:01:36,159

interview with the rancher looking for

44

00:01:41,030 --> 00:01:39,040

answers from kansas city's kshb-tv

45

00:01:43,030 --> 00:01:41,040

through the links in our show notes

46

00:01:45,510 --> 00:01:43,040

yeah who is he anyway the reincarnation

47

00:01:47,510 --> 00:01:45,520

of philip class

48

00:01:50,469 --> 00:01:47,520

anyway i want to read i want to read

49

00:01:52,310 --> 00:01:50,479

this uh from this little excerpt from

50

00:01:53,429 --> 00:01:52,320

the article itself

51
00:01:55,910 --> 00:01:53,439
all right

52
00:01:58,630 --> 00:01:55,920
carrion animals eat soft tissue of the

53
00:02:02,149 --> 00:01:58,640
body cavities first the mouth the tongue

54
00:02:03,270 --> 00:02:02,159
the anus the nose the eyes the teats

55
00:02:05,109 --> 00:02:03,280
that's why

56
00:02:06,149 --> 00:02:05,119
those parts discovered missing in the

57
00:02:08,229 --> 00:02:06,159
animal

58
00:02:09,910 --> 00:02:08,239
discovered dead after several days or

59
00:02:11,670 --> 00:02:09,920
weeks without knowing what killed the

60
00:02:13,910 --> 00:02:11,680
animal it's impossible to determine the

61
00:02:15,750 --> 00:02:13,920
exact time of death most mysteriously

62
00:02:17,830 --> 00:02:15,760
killed animals are found within a few

63
00:02:19,990 --> 00:02:17,840

days which is plenty of time for an

64

00:02:21,110 --> 00:02:20,000

animal's soft parts to be completely

65

00:02:23,589 --> 00:02:21,120

gone

66

00:02:24,470 --> 00:02:23,599

unquote so what i want to talk about is

67

00:02:29,670 --> 00:02:24,480

there

68

00:02:31,510 --> 00:02:29,680

many cattle mutilations which they found

69

00:02:33,910 --> 00:02:31,520

the cow the next morning

70

00:02:36,550 --> 00:02:33,920

uh you know this is probably one of them

71

00:02:39,750 --> 00:02:36,560

too uh in his article he does call this

72

00:02:42,309 --> 00:02:39,760

a remote missouri ranch i will point out

73

00:02:43,509 --> 00:02:42,319

that i was actually in this area on my

74

00:02:45,110 --> 00:02:43,519

vacation

75

00:02:46,790 --> 00:02:45,120

um

76
00:02:49,190 --> 00:02:46,800
that's the kind of place you go vacation

77
00:02:51,030 --> 00:02:49,200
for well no but it's not it's between

78
00:02:53,110 --> 00:02:51,040
the lake of the ozarks and branson in

79
00:02:56,229 --> 00:02:53,120
kansas city um

80
00:02:57,509 --> 00:02:56,239
and it's not huge cattle ranches it's

81
00:02:58,550 --> 00:02:57,519
small

82
00:03:01,270 --> 00:02:58,560
family

83
00:03:03,110 --> 00:03:01,280
ranches most of whom uh it's you know

84
00:03:05,750 --> 00:03:03,120
most of whom are run by people who have

85
00:03:06,710 --> 00:03:05,760
day jobs and have a few head of cattle

86
00:03:08,309 --> 00:03:06,720
um

87
00:03:09,990 --> 00:03:08,319
i don't think this is one of those

88
00:03:11,990 --> 00:03:10,000

operations where

89

00:03:14,710 --> 00:03:12,000

you know you go and check on your herd

90

00:03:16,949 --> 00:03:14,720

every couple of days especially

91

00:03:18,710 --> 00:03:16,959

in the missouri summer where it can be

92

00:03:21,350 --> 00:03:18,720

pretty hot and you want to keep an eye

93

00:03:24,869 --> 00:03:21,360

on your cattle uh chances are this is

94

00:03:27,910 --> 00:03:24,879

this woman only owns you know a couple

95

00:03:30,390 --> 00:03:27,920

dozen three dozen head at most and sees

96

00:03:31,910 --> 00:03:30,400

her cattle every single day

97

00:03:33,750 --> 00:03:31,920

and i don't know that for sure but that

98

00:03:35,589 --> 00:03:33,760

that is the kind of farming that goes on

99

00:03:38,470 --> 00:03:35,599

in that area i'm in the middle of

100

00:03:40,550 --> 00:03:38,480

reading a great book and uh that george

101
00:03:42,869 --> 00:03:40,560
knapp wrote and it's a hunt for

102
00:03:45,270 --> 00:03:42,879
skinwalker i really recommend the book

103
00:03:48,229 --> 00:03:45,280
and hopefully we'll have george on in

104
00:03:49,910 --> 00:03:48,239
the next few weeks or so the ranch was

105
00:03:52,309 --> 00:03:49,920
very very remote

106
00:03:54,229 --> 00:03:52,319
away from i think like 15 miles away

107
00:03:55,190 --> 00:03:54,239
from people there were some reservations

108
00:03:57,830 --> 00:03:55,200
nearby

109
00:04:00,710 --> 00:03:57,840
they kept very very good track of their

110
00:04:04,309 --> 00:04:00,720
herd every single animal and

111
00:04:06,869 --> 00:04:04,319
they would see these weird spheres

112
00:04:09,350 --> 00:04:06,879
around the herd and then next thing you

113
00:04:12,229 --> 00:04:09,360

know the next day they'd find one

114

00:04:14,070 --> 00:04:12,239

mutilated no blood no footprints

115

00:04:16,069 --> 00:04:14,080

no one's claiming that they're aliens

116

00:04:18,229 --> 00:04:16,079

doing it but there's something really

117

00:04:20,390 --> 00:04:18,239

weird happening and it's certainly not

118

00:04:21,749 --> 00:04:20,400

you know kids coming out with surgical

119

00:04:23,430 --> 00:04:21,759

instruments and you know there's never

120

00:04:26,390 --> 00:04:23,440

any blood found in any of them of course

121

00:04:28,629 --> 00:04:26,400

that would explain the carrying animals

122

00:04:30,550 --> 00:04:28,639

possibly but still

123

00:04:33,430 --> 00:04:30,560

you know when they're found the next day

124

00:04:36,469 --> 00:04:33,440

with no blood and precise incisions and

125

00:04:39,430 --> 00:04:36,479

things it's uh it's really a mystery

126

00:04:41,510 --> 00:04:39,440

yeah yeah i i agree it is one of the

127

00:04:43,510 --> 00:04:41,520

those things where where

128

00:04:45,350 --> 00:04:43,520

it can sound very reasonable to explain

129

00:04:47,830 --> 00:04:45,360

it but the more you look at it the

130

00:04:49,909 --> 00:04:47,840

stranger it becomes

131

00:04:52,070 --> 00:04:49,919

right exactly i think we should do a

132

00:04:53,830 --> 00:04:52,080

show on cattle mutilations i'm going to

133

00:04:56,710 --> 00:04:53,840

try to find someone that really knows a

134

00:04:58,790 --> 00:04:56,720

lot about it what do you think um you

135

00:05:00,469 --> 00:04:58,800

know what i think that's a great uh

136

00:05:02,070 --> 00:05:00,479

topic to turn over to

137

00:05:04,950 --> 00:05:02,080

the listeners and if anyone has any

138

00:05:06,950 --> 00:05:04,960

suggestions for a nice reasonable

139

00:05:09,350 --> 00:05:06,960

researcher on the topic uh send them our

140

00:05:10,950 --> 00:05:09,360

way sounds great yeah space laser

141

00:05:12,390 --> 00:05:10,960

communications

142

00:05:14,710 --> 00:05:12,400

now that ground testing has been

143

00:05:17,110 --> 00:05:14,720

completed it has been announced that a

144

00:05:19,510 --> 00:05:17,120

european space agency observatory will

145

00:05:21,830 --> 00:05:19,520

test a laser communication system with

146

00:05:24,230 --> 00:05:21,840

the nasa lunar atmosphere and dust

147

00:05:27,110 --> 00:05:24,240

environment explorer once it achieves

148

00:05:28,870 --> 00:05:27,120

lunar orbit in october the new system is

149

00:05:30,390 --> 00:05:28,880

designed to allow for much faster

150

00:05:32,469 --> 00:05:30,400

downloads of large amounts of

151
00:05:33,990 --> 00:05:32,479
information such as photographs from

152
00:05:36,070 --> 00:05:34,000
spacecraft you know i was wondering

153
00:05:38,310 --> 00:05:36,080
about this and you know

154
00:05:40,310 --> 00:05:38,320
you think of laser as kind of being

155
00:05:43,110 --> 00:05:40,320
harmful in a way you know you wonder

156
00:05:46,070 --> 00:05:43,120
like if a bird's flying over the laser i

157
00:05:47,670 --> 00:05:46,080
mean i may be picturing this whole thing

158
00:05:48,469 --> 00:05:47,680
uh incorrectly

159
00:05:49,990 --> 00:05:48,479
but

160
00:05:51,430 --> 00:05:50,000
it just seems like it would be kind of a

161
00:05:55,590 --> 00:05:51,440
hazardous thing to

162
00:05:58,310 --> 00:05:55,600
project up into the sky no you know um

163
00:06:01,189 --> 00:05:58,320

it it's funny my my kids were watching

164

00:06:03,430 --> 00:06:01,199

uh the big bang theory just last night

165

00:06:05,510 --> 00:06:03,440

uh which is a show i hate so i don't

166

00:06:07,670 --> 00:06:05,520

know who any of the characters are but

167

00:06:09,830 --> 00:06:07,680

uh they were they were bouncing a laser

168

00:06:12,870 --> 00:06:09,840

off the moon as an experiment and

169

00:06:14,150 --> 00:06:12,880

someone's dumb friend was like you know

170

00:06:16,230 --> 00:06:14,160

aren't you gonna aren't you afraid

171

00:06:17,029 --> 00:06:16,240

you're gonna blow up the moon

172

00:06:21,430 --> 00:06:17,039

um

173

00:06:24,230 --> 00:06:21,440

and the thing is lasers by and large are

174

00:06:27,189 --> 00:06:24,240

fairly safe i mean weaponizing lasers

175

00:06:29,270 --> 00:06:27,199

has actually been very difficult uh

176
00:06:31,590 --> 00:06:29,280
we've been trying for a while and you

177
00:06:34,870 --> 00:06:31,600
know we don't have like

178
00:06:37,590 --> 00:06:34,880
really great anti-aircraft lasers yet

179
00:06:39,749 --> 00:06:37,600
or you know the fighting robots with

180
00:06:42,629 --> 00:06:39,759
lasers that i'm waiting for or any of

181
00:06:44,950 --> 00:06:42,639
that you know most lasers are

182
00:06:47,430 --> 00:06:44,960
really benign and you probably have

183
00:06:49,510 --> 00:06:47,440
several in your house if you have

184
00:06:50,870 --> 00:06:49,520
a video game system a blu-ray player

185
00:06:52,230 --> 00:06:50,880
your computer

186
00:06:53,830 --> 00:06:52,240
you know i mean

187
00:06:55,590 --> 00:06:53,840
every time you check out at the grocery

188
00:06:58,150 --> 00:06:55,600

store you know they use lasers to read

189

00:07:01,029 --> 00:06:58,160

those barcodes so most most lasers are

190

00:07:03,749 --> 00:07:01,039

pretty benign um the microwave systems

191

00:07:05,350 --> 00:07:03,759

used to move information between like

192

00:07:08,230 --> 00:07:05,360

cell towers or

193

00:07:10,230 --> 00:07:08,240

usually radio towers um are actually

194

00:07:12,710 --> 00:07:10,240

probably more dangerous to birds because

195

00:07:15,270 --> 00:07:12,720

those will occasionally cook a bird that

196

00:07:16,950 --> 00:07:15,280

lands in front of them ouch

197

00:07:18,550 --> 00:07:16,960

and and that's the science lesson for

198

00:07:20,550 --> 00:07:18,560

today

199

00:07:22,150 --> 00:07:20,560

the search for alien spacecraft gets

200

00:07:24,390 --> 00:07:22,160

funding

201
00:07:27,029 --> 00:07:24,400
jeff marcy the scientist responsible for

202
00:07:28,950 --> 00:07:27,039
finding scores of exoplanets is turning

203
00:07:30,629 --> 00:07:28,960
his attention to finding signs of alien

204
00:07:32,629 --> 00:07:30,639
civilizations

205
00:07:34,469 --> 00:07:32,639
he is hoping that data already gathered

206
00:07:36,469 --> 00:07:34,479
by the kepler telescope for planet

207
00:07:38,150 --> 00:07:36,479
hunting will actually have clues that

208
00:07:40,790 --> 00:07:38,160
reveal alien spacecraft or

209
00:07:42,790 --> 00:07:40,800
communications the templeton foundation

210
00:07:45,110 --> 00:07:42,800
has now funded his search with a two

211
00:07:46,629 --> 00:07:45,120
hundred thousand dollar grant

212
00:07:48,629 --> 00:07:46,639
marcy admits that he is not even sure

213
00:07:50,150 --> 00:07:48,639

how to proceed on a search but given his

214

00:07:52,390 --> 00:07:50,160

track record in the field of planet

215

00:07:54,230 --> 00:07:52,400

hunting he has a better chance than most

216

00:07:56,830 --> 00:07:54,240

yeah well i'm sure he doesn't know how

217

00:08:00,230 --> 00:07:56,840

to proceed i mean we can only guess what

218

00:08:02,309 --> 00:08:00,240

technology advanced civilizations would

219

00:08:03,909 --> 00:08:02,319

be using anyway and you know it's kind

220

00:08:06,230 --> 00:08:03,919

of like said he might as well be looking

221

00:08:08,469 --> 00:08:06,240

for smoke signals uh you know i think

222

00:08:10,629 --> 00:08:08,479

about this and it it's good that

223

00:08:12,469 --> 00:08:10,639

something's happening he's doing this i

224

00:08:14,469 --> 00:08:12,479

don't see anything really that wrong

225

00:08:16,950 --> 00:08:14,479

with it but there's never any funding

226

00:08:18,629 --> 00:08:16,960

for research and what is buzzing around

227

00:08:20,390 --> 00:08:18,639

in our skies i think that's

228

00:08:22,390 --> 00:08:20,400

i don't know if that'll ever happen

229

00:08:25,830 --> 00:08:22,400

i i don't know either

230

00:08:27,350 --> 00:08:25,840

i think part of the the appeal of this

231

00:08:29,270 --> 00:08:27,360

is that he's using

232

00:08:31,830 --> 00:08:29,280

information we already have

233

00:08:34,389 --> 00:08:31,840

to go back and and kind of fine comb for

234

00:08:36,389 --> 00:08:34,399

other things one of the things he has

235

00:08:38,829 --> 00:08:36,399

mentioned that he might be looking for

236

00:08:40,310 --> 00:08:38,839

some kind of signs of laser

237

00:08:42,790 --> 00:08:40,320

communications to

238

00:08:46,550 --> 00:08:42,800

tie everything back together

239

00:08:47,990 --> 00:08:46,560

giant celebrity magnet is ufo look-alike

240

00:08:49,829 --> 00:08:48,000

while traveling from new york to the

241

00:08:52,389 --> 00:08:49,839

fermi national accelerator laboratory

242

00:08:55,030 --> 00:08:52,399

outside of chicago a giant electrode

243

00:08:57,350 --> 00:08:55,040

magnet gains celebrity status partially

244

00:08:59,590 --> 00:08:57,360

due to its flying saucer-like appearance

245

00:09:00,790 --> 00:08:59,600

the magnet had a twitter hashtag

246

00:09:02,389 --> 00:09:00,800

uh

247

00:09:03,910 --> 00:09:02,399

the big move

248

00:09:05,670 --> 00:09:03,920

fans seeking it out just to get

249

00:09:08,389 --> 00:09:05,680

photographs with it and a page on the

250

00:09:09,829 --> 00:09:08,399

fermi labs website tracking the move

251

00:09:12,150 --> 00:09:09,839

of course we have a link in our show

252

00:09:14,070 --> 00:09:12,160

notes to the story with pictures

253

00:09:15,670 --> 00:09:14,080

yeah i looked at the pictures and you

254

00:09:18,389 --> 00:09:15,680

know this thing is shrink wrap it's

255

00:09:21,110 --> 00:09:18,399

quite wide you know suspiciously looks

256

00:09:23,190 --> 00:09:21,120

like the crash ufo and roswell did you

257

00:09:25,269 --> 00:09:23,200

notice that no it looks suspiciously

258

00:09:27,590 --> 00:09:25,279

like an accelerator magnet too though

259

00:09:29,509 --> 00:09:27,600

okay but we've moved enough of these

260

00:09:30,470 --> 00:09:29,519

things that if you were going to move a

261

00:09:32,230 --> 00:09:30,480

giant

262

00:09:34,710 --> 00:09:32,240

spaceship now maybe you can just say

263

00:09:36,870 --> 00:09:34,720

it's some part for something else that's

264

00:09:38,870 --> 00:09:36,880

my point exactly and now i think this is

265

00:09:41,190 --> 00:09:38,880

my favorite story of the week

266

00:09:44,070 --> 00:09:41,200

star trek's galileo shuttle in a nasa

267

00:09:46,790 --> 00:09:44,080

museum the original shuttlecraft galileo

268

00:09:48,550 --> 00:09:46,800

from tv star trek was unveiled july 31st

269

00:09:50,790 --> 00:09:48,560

to the public at nasa's space center

270

00:09:53,269 --> 00:09:50,800

houston the museum associated with the

271

00:09:55,910 --> 00:09:53,279

jackson space center the shuttle was not

272

00:09:57,829 --> 00:09:55,920

a model but a full-sized set piece used

273

00:10:00,790 --> 00:09:57,839

in the original trek series episodes

274

00:10:02,550 --> 00:10:00,800

such as the galileo 7. a fan purchased

275

00:10:04,150 --> 00:10:02,560

the prop in an auction and spearheaded

276

00:10:05,990 --> 00:10:04,160

the year-long effort to restore the

277

00:10:07,509 --> 00:10:06,000

shuttle on hand to celebrate the

278

00:10:09,190 --> 00:10:07,519

installation of the shuttle were robert

279

00:10:11,990 --> 00:10:09,200

picardo of star trek voyager and

280

00:10:15,350 --> 00:10:12,000

stargate atlantis sylvester mccooy of

281

00:10:17,829 --> 00:10:15,360

doctor who and gil girard of buck rogers

282

00:10:19,350 --> 00:10:17,839

among other science fiction celebrities

283

00:10:21,110 --> 00:10:19,360

our show notes have a link not only to

284

00:10:23,590 --> 00:10:21,120

the space center houston's page on the

285

00:10:25,430 --> 00:10:23,600

event but also space.com coverage which

286

00:10:27,670 --> 00:10:25,440

includes a great 10 minute documentary

287

00:10:29,190 --> 00:10:27,680

on the restoration of the galileo yeah

288

00:10:32,150 --> 00:10:29,200

that's pretty cool you know i was at an

289

00:10:33,110 --> 00:10:32,160

auction house a few years ago in la

290

00:10:35,590 --> 00:10:33,120

where

291

00:10:37,750 --> 00:10:35,600

they sold the carpet to the enterprise

292

00:10:39,190 --> 00:10:37,760

at auction and it went for 11 grand you

293

00:10:40,949 --> 00:10:39,200

know so can you imagine what this thing

294

00:10:42,389 --> 00:10:40,959

must have sold for

295

00:10:46,389 --> 00:10:42,399

61 000

296

00:10:48,790 --> 00:10:46,399

oh yeah wow and it was a piece of crap

297

00:10:50,710 --> 00:10:48,800

needed the total restoration it it

298

00:10:52,949 --> 00:10:50,720

really did i mean it was it was built to

299

00:10:56,310 --> 00:10:52,959

be a set it had been outside

300

00:10:57,910 --> 00:10:56,320

for years oh better get mako

301

00:10:59,350 --> 00:10:57,920

it was well you know it's funny you

302

00:11:01,750 --> 00:10:59,360

mentioned that because actually it was a

303

00:11:04,630 --> 00:11:01,760

uh it was a custom car place that built

304

00:11:06,710 --> 00:11:04,640

the shuttle wow so

305

00:11:09,430 --> 00:11:06,720

there you go and it was a uh boat

306

00:11:11,350 --> 00:11:09,440

restoring company that restored it

307

00:11:14,069 --> 00:11:11,360

so it the documentary is really

308

00:11:16,150 --> 00:11:14,079

interesting i i will nerd out about star

309

00:11:18,230 --> 00:11:16,160

trek all day if given the opportunity

310

00:11:20,069 --> 00:11:18,240

but but it is kind of a cool documentary

311

00:11:21,829 --> 00:11:20,079

if anyone has the chance to watch it you

312

00:11:25,509 --> 00:11:21,839

know i think i'd rather not know any of

313

00:11:27,509 --> 00:11:25,519

that and just pretend that it's all real

314

00:11:28,550 --> 00:11:27,519

i'm getting a little delusional there

315

00:11:29,430 --> 00:11:28,560

there's that

316

00:11:31,910 --> 00:11:29,440

yeah

317

00:11:34,630 --> 00:11:31,920

and now for the big story of the week

318

00:11:36,389 --> 00:11:34,640

art bell returns to the airwaves the

319

00:11:38,389 --> 00:11:36,399

near legendary art bell the original

320

00:11:39,990 --> 00:11:38,399

host of coast to coast am has announced

321

00:11:42,470 --> 00:11:40,000

he will be returning to the microphone

322

00:11:43,430 --> 00:11:42,480

this september on sirius xm satellite

323

00:11:45,829 --> 00:11:43,440

radio

324

00:11:48,949 --> 00:11:45,839

his new show art bell's dark matters

325

00:11:50,630 --> 00:11:48,959

will run 10 p.m to 1 a.m eastern time

326

00:11:52,470 --> 00:11:50,640

meaning it will not directly compete

327

00:11:54,710 --> 00:11:52,480

with his old show

328

00:11:56,870 --> 00:11:54,720

he has stated according to an ap article

329

00:11:59,750 --> 00:11:56,880

that he is not a fan of current coast

330

00:12:01,750 --> 00:11:59,760

host george nori because nori is not

331

00:12:04,310 --> 00:12:01,760

quote unquote edgy enough

332

00:12:06,550 --> 00:12:04,320

well martin art's back so uh should we

333

00:12:08,710 --> 00:12:06,560

just throw in the towel or what

334

00:12:10,550 --> 00:12:08,720

no i'm glad he's back

335

00:12:12,069 --> 00:12:10,560

that's something he said about norrie as

336

00:12:14,629 --> 00:12:12,079

a matter of fact uh you know peggy

337

00:12:17,590 --> 00:12:14,639

wanted to come on this week and uh rant

338

00:12:19,350 --> 00:12:17,600

on nori and i said no no uh nori lived

339

00:12:21,110 --> 00:12:19,360

in the same town as michael and michael

340

00:12:23,430 --> 00:12:21,120

may not like that you

341

00:12:25,829 --> 00:12:23,440

you have good things to say about old uh

342

00:12:28,389 --> 00:12:25,839

george nori um

343

00:12:30,470 --> 00:12:28,399

i loved his local show okay good we can

344

00:12:32,310 --> 00:12:30,480

add it right there yeah yeah yeah let's

345

00:12:34,629 --> 00:12:32,320

just send it right there i'm friends

346

00:12:36,389 --> 00:12:34,639

with art bell on facebook but that's

347

00:12:39,190 --> 00:12:36,399

nothing special because he has about 4

348

00:12:41,110 --> 00:12:39,200

000 friends so i i did send him a

349

00:12:42,550 --> 00:12:41,120

message and ask him if you know he'd be

350

00:12:43,509 --> 00:12:42,560

on the show for a couple of minutes to

351
00:12:45,509 --> 00:12:43,519
announce

352
00:12:47,350 --> 00:12:45,519
that he's uh coming back uh haven't

353
00:12:48,550 --> 00:12:47,360
heard back probably won't but it's

354
00:12:50,230 --> 00:12:48,560
always worth a shot trying to get

355
00:12:51,030 --> 00:12:50,240
someone like him on

356
00:12:53,030 --> 00:12:51,040
well

357
00:12:53,829 --> 00:12:53,040
here's my real question

358
00:12:57,350 --> 00:12:53,839
um

359
00:12:59,190 --> 00:12:57,360
he's art bill he's got the to to use a

360
00:13:01,269 --> 00:12:59,200
buzz word from a few years ago the

361
00:13:05,269 --> 00:13:01,279
gravitas in the field

362
00:13:07,670 --> 00:13:05,279
but um he's on he's on xm radio i mean

363
00:13:09,430 --> 00:13:07,680

is he going to have the impact

364

00:13:12,310 --> 00:13:09,440

that he had before

365

00:13:13,829 --> 00:13:12,320

like him or not nori's on 500 plus

366

00:13:16,069 --> 00:13:13,839

stations i mean i think he's the second

367

00:13:17,910 --> 00:13:16,079

biggest radio show

368

00:13:20,389 --> 00:13:17,920

in the world now on the biggest

369

00:13:22,710 --> 00:13:20,399

overnight radio show right

370

00:13:24,150 --> 00:13:22,720

i think i think rush limbaugh is is the

371

00:13:25,350 --> 00:13:24,160

only thing ahead of him

372

00:13:27,269 --> 00:13:25,360

um

373

00:13:30,550 --> 00:13:27,279

you know

374

00:13:31,430 --> 00:13:30,560

can xm radio compete with that

375

00:13:34,949 --> 00:13:31,440

yeah

376

00:13:36,629 --> 00:13:34,959

uh you know people like howard stern

377

00:13:39,030 --> 00:13:36,639

you know major major contracts i

378

00:13:40,870 --> 00:13:39,040

understand why they move over

379

00:13:43,910 --> 00:13:40,880

to satellite radio

380

00:13:46,150 --> 00:13:43,920

uh but it's funny it seems like it

381

00:13:48,550 --> 00:13:46,160

it seems like it's a tougher and tougher

382

00:13:50,230 --> 00:13:48,560

business to hang in there yeah i mean do

383

00:13:51,350 --> 00:13:50,240

you have do you have let me i mean no

384

00:13:53,269 --> 00:13:51,360

you don't have dancers do you have

385

00:13:54,710 --> 00:13:53,279

serious no i don't i did for a little

386

00:13:56,710 --> 00:13:54,720

while because it was free for a year in

387

00:13:59,110 --> 00:13:56,720

my new car you know but

388

00:14:00,710 --> 00:13:59,120

that's it yeah i don't have it now and

389

00:14:02,629 --> 00:14:00,720

you know i got to be honest with you i

390

00:14:06,069 --> 00:14:02,639

hardly ever listen to it anyway

391

00:14:08,310 --> 00:14:06,079

i i have their music channels through my

392

00:14:09,670 --> 00:14:08,320

uh satellite television

393

00:14:10,870 --> 00:14:09,680

and

394

00:14:12,870 --> 00:14:10,880

you know

395

00:14:15,269 --> 00:14:12,880

i guess it's supposed to hook me on it

396

00:14:16,949 --> 00:14:15,279

what i learned is that there's

397

00:14:19,030 --> 00:14:16,959

there used to be three music stations i

398

00:14:23,110 --> 00:14:19,040

would listen to now there's only two

399

00:14:25,269 --> 00:14:23,120

and my ipod puts both of them to shame

400

00:14:26,550 --> 00:14:25,279

which is you know years ago at one point

401
00:14:28,710 --> 00:14:26,560
i looked and said you know am i gonna

402
00:14:31,110 --> 00:14:28,720
buy satellite radio or an ipod and i

403
00:14:32,629 --> 00:14:31,120
went with ipod and

404
00:14:34,790 --> 00:14:32,639
i've been really happy about it and

405
00:14:35,670 --> 00:14:34,800
that's how you found podcast ufo by the

406
00:14:38,150 --> 00:14:35,680
way

407
00:14:40,550 --> 00:14:38,160
uh yeah yeah actually right

408
00:14:42,389 --> 00:14:40,560
okay michael so is that it for the news

409
00:14:45,030 --> 00:14:42,399
that is but i'd like to take a second to

410
00:14:46,710 --> 00:14:45,040
remind everyone that this sunday is the

411
00:14:49,990 --> 00:14:46,720
first sunday of the month and that means

412
00:14:52,949 --> 00:14:50,000
it will be the first of the podcast ufo

413
00:14:55,430 --> 00:14:52,959

live call-in shows oh yes on the all in

414

00:14:58,389 --> 00:14:55,440

one broadcast dot com that's right at 8

415

00:15:00,150 --> 00:14:58,399

pm eastern time yeah so don't miss that

416

00:15:01,910 --> 00:15:00,160

um you can call write directly we'll

417

00:15:04,069 --> 00:15:01,920

have a phone number up for that we'll

418

00:15:05,990 --> 00:15:04,079

announce it during the first of the show

419

00:15:08,550 --> 00:15:06,000

and you can call in it'll be a lot of

420

00:15:10,870 --> 00:15:08,560

fun and it's going to be just you and i

421

00:15:12,550 --> 00:15:10,880

this time for a whole hour what the heck

422

00:15:14,629 --> 00:15:12,560

are we going to talk about

423

00:15:17,269 --> 00:15:14,639

i think we'll probably find something

424

00:15:19,670 --> 00:15:17,279

maybe about ufos possibly maybe maybe

425

00:15:21,350 --> 00:15:19,680

we'll do cattle mutilations oh

426

00:15:22,470 --> 00:15:21,360

we have to do some in-depth research

427

00:15:24,150 --> 00:15:22,480

quick then

428

00:15:26,550 --> 00:15:24,160

so you noticed in the first part of this

429

00:15:29,189 --> 00:15:26,560

show that we have a new intro and we

430

00:15:31,189 --> 00:15:29,199

also have a new outro and that is a

431

00:15:34,150 --> 00:15:31,199

composition written

432

00:15:35,590 --> 00:15:34,160

for this show by carrie whitehouse we

433

00:15:37,910 --> 00:15:35,600

have another

434

00:15:40,629 --> 00:15:37,920

composition of his coming up between the

435

00:15:42,949 --> 00:15:40,639

news here and uh kevin goodman but i

436

00:15:44,949 --> 00:15:42,959

wanted to thank uh carrie very much for

437

00:15:46,230 --> 00:15:44,959

uh making us that piece of music we

438

00:15:48,629 --> 00:15:46,240

talked we kind of rambled a little bit

439

00:15:50,629 --> 00:15:48,639

today didn't we i think we've done worse

440

00:15:51,829 --> 00:15:50,639

maybe yeah all right we'll we'll catch

441

00:15:57,620 --> 00:15:51,839

you next week

442

00:16:43,590 --> 00:16:20,010

[Music]

443

00:16:58,270 --> 00:16:53,910

so

444

00:17:16,309 --> 00:17:10,089

[Music]

445

00:17:20,870 --> 00:17:18,549

kevin goodman how are you

446

00:17:23,669 --> 00:17:20,880

i'm far martin thanks how are you good

447

00:17:26,230 --> 00:17:23,679

and where am i skyping you at exactly

448

00:17:28,630 --> 00:17:26,240

well you're skyping me actually uh in a

449

00:17:30,310 --> 00:17:28,640

town called starbridge which is about 12

450

00:17:31,350 --> 00:17:30,320

miles west of birmingham in the midlands

451
00:17:33,270 --> 00:17:31,360
of england

452
00:17:35,669 --> 00:17:33,280
i've been born and bred here i moved

453
00:17:37,190 --> 00:17:35,679
away for a few years and moved back

454
00:17:38,390 --> 00:17:37,200
about three years ago back to the old

455
00:17:41,669 --> 00:17:38,400
hometown

456
00:17:42,950 --> 00:17:41,679
and now here i am were you in warminster

457
00:17:45,110 --> 00:17:42,960
at one time

458
00:17:46,789 --> 00:17:45,120
oh i've never lived in the town i've

459
00:17:51,510 --> 00:17:46,799
always wanted to

460
00:17:53,990 --> 00:17:51,520
um but i was a regular visitor from 1976

461
00:17:56,230 --> 00:17:54,000
through to the early 80s and then

462
00:17:59,110 --> 00:17:56,240
dropped out of ufology for personal

463
00:18:00,789 --> 00:17:59,120

reasons you know you grow up you find

464

00:18:03,110 --> 00:18:00,799

you know you you marry

465

00:18:04,549 --> 00:18:03,120

you um you find better things to do with

466

00:18:06,950 --> 00:18:04,559

your time and then due to personal

467

00:18:09,750 --> 00:18:06,960

circumstances i rediscovered my

468

00:18:13,350 --> 00:18:09,760

mojo as they say austin powers would say

469

00:18:14,549 --> 00:18:13,360

um for the subject uh in 2003 after my

470

00:18:15,750 --> 00:18:14,559

wife died

471

00:18:17,669 --> 00:18:15,760

ah

472

00:18:20,390 --> 00:18:17,679

so you've been back right at it ever

473

00:18:21,669 --> 00:18:20,400

since 2003 oh god yeah i mean you know

474

00:18:24,549 --> 00:18:21,679

somebody has to say to me come down to

475

00:18:26,630 --> 00:18:24,559

walmart tomorrow i'll be there

476

00:18:28,950 --> 00:18:26,640

well you know since uh i think about the

477

00:18:31,110 --> 00:18:28,960

last year i've had emails and someone

478

00:18:33,110 --> 00:18:31,120

just posted on the forum recently that

479

00:18:34,870 --> 00:18:33,120

they wanted to have you on as a guest so

480

00:18:37,110 --> 00:18:34,880

alas here you are

481

00:18:38,789 --> 00:18:37,120

alas indeed i just really hope i can

482

00:18:40,310 --> 00:18:38,799

live up to the expectations that people

483

00:18:43,350 --> 00:18:40,320

put in me

484

00:18:46,630 --> 00:18:43,360

yeah i'm sure well i'm sure you will now

485

00:18:48,549 --> 00:18:46,640

can you talk about it was not exactly a

486

00:18:51,270 --> 00:18:48,559

ufo wave but there was something going

487

00:18:52,310 --> 00:18:51,280

on in the war mister in the warminster

488

00:18:55,110 --> 00:18:52,320

area

489

00:18:57,430 --> 00:18:55,120

um during the 60s and 70s can you fill

490

00:18:58,630 --> 00:18:57,440

in the listening audience exactly what

491

00:19:00,230 --> 00:18:58,640

was happening

492

00:19:02,230 --> 00:19:00,240

yeah um

493

00:19:04,230 --> 00:19:02,240

i mean first of all

494

00:19:05,270 --> 00:19:04,240

research that i've done into war mr over

495

00:19:07,909 --> 00:19:05,280

the last

496

00:19:10,630 --> 00:19:07,919

six seven eight years or so

497

00:19:11,909 --> 00:19:10,640

has taught me a number of things in so

498

00:19:13,110 --> 00:19:11,919

much that

499

00:19:15,029 --> 00:19:13,120

although

500

00:19:16,070 --> 00:19:15,039

we have a saying over here in the uk and

501
00:19:18,710 --> 00:19:16,080
i don't know if you have it over there

502
00:19:22,390 --> 00:19:18,720
in the states is where the smoke there's

503
00:19:24,950 --> 00:19:22,400
fire although warminster has had a lot

504
00:19:27,029 --> 00:19:24,960
of detractors over the last 10 or 15

505
00:19:29,190 --> 00:19:27,039
years due to the sheer amount of

506
00:19:30,789 --> 00:19:29,200
sightings of ufos and anomalous objects

507
00:19:33,430 --> 00:19:30,799
that were in the area

508
00:19:36,470 --> 00:19:33,440
um i saw things in that town which you

509
00:19:39,350 --> 00:19:36,480
know even now as a season sky watcher

510
00:19:42,870 --> 00:19:39,360
stroke researcher i find very very

511
00:19:44,549 --> 00:19:42,880
difficult to rationally explain away now

512
00:19:46,950 --> 00:19:44,559
to give you a brief history of the war

513
00:19:49,510 --> 00:19:46,960

mister phenomenon it actually started on

514

00:19:50,950 --> 00:19:49,520

christmas eve of 1964

515

00:19:52,470 --> 00:19:50,960

when a

516

00:19:54,710 --> 00:19:52,480

warmest housewife

517

00:19:57,270 --> 00:19:54,720

was walking to christmas service at

518

00:20:00,230 --> 00:19:57,280

christchurch where according to arthur

519

00:20:02,630 --> 00:20:00,240

shuttlewood she was assailed by sonic

520

00:20:05,590 --> 00:20:02,640

forces which knocked her to the ground

521

00:20:06,630 --> 00:20:05,600

leaving her jelly legged

522

00:20:08,470 --> 00:20:06,640

um

523

00:20:10,150 --> 00:20:08,480

and just generally sort of been used

524

00:20:10,950 --> 00:20:10,160

about the whole thing

525

00:20:14,070 --> 00:20:10,960

now

526

00:20:15,350 --> 00:20:14,080

it's also been reported that around the

527

00:20:18,230 --> 00:20:15,360

same time

528

00:20:20,789 --> 00:20:18,240

other people within the town had heard

529

00:20:23,430 --> 00:20:20,799

the same sort of thing

530

00:20:26,070 --> 00:20:23,440

for example roger rump who was then the

531

00:20:27,510 --> 00:20:26,080

chief postmaster of warminster um

532

00:20:29,990 --> 00:20:27,520

reported that

533

00:20:32,789 --> 00:20:30,000

every 5 000 tiles on the roof of his

534

00:20:35,029 --> 00:20:32,799

house it sounded they'd been lifted off

535

00:20:37,110 --> 00:20:35,039

and then just dropped down

536

00:20:38,789 --> 00:20:37,120

and you know you have skeptics and

537

00:20:40,149 --> 00:20:38,799

skeptics say well how does this man know

538

00:20:42,630 --> 00:20:40,159

there were five thousand times in his

539

00:20:46,470 --> 00:20:42,640

roof simple answer he just had it

540

00:20:51,029 --> 00:20:48,310

oh you mean you have skeptics over there

541

00:20:53,110 --> 00:20:51,039

too oh good god do we have skeptics or

542

00:20:56,070 --> 00:20:53,120

do we have skeptics

543

00:20:58,470 --> 00:20:56,080

yeah i mean i'm i'm always battling

544

00:21:00,789 --> 00:20:58,480

against those people that say oh warmest

545

00:21:03,669 --> 00:21:00,799

never happened or you know warmest was

546

00:21:06,149 --> 00:21:03,679

blown out of all proportion um

547

00:21:08,470 --> 00:21:06,159

but unfortunately it's the nature of the

548

00:21:10,789 --> 00:21:08,480

beast to a degree now i understand later

549

00:21:12,870 --> 00:21:10,799

on there was act actually things seen in

550

00:21:14,230 --> 00:21:12,880

the sky were they the things that were

551
00:21:17,590 --> 00:21:14,240
seen in the sky were they ever

552
00:21:21,590 --> 00:21:17,600
accompanied with this sonic phenomenon

553
00:21:22,710 --> 00:21:21,600
no i don't think as as such no

554
00:21:24,950 --> 00:21:22,720
um

555
00:21:28,549 --> 00:21:24,960
the the visual manifestation for what a

556
00:21:30,710 --> 00:21:28,559
better word started around may of 1965

557
00:21:31,750 --> 00:21:30,720
about six months after the sonic sound

558
00:21:32,870 --> 00:21:31,760
started

559
00:21:35,110 --> 00:21:32,880
uh

560
00:21:37,510 --> 00:21:35,120
you know you i would suggest that your

561
00:21:39,430 --> 00:21:37,520
listeners try and track down some of the

562
00:21:41,110 --> 00:21:39,440
books by arthur shuttlewood who wrote

563
00:21:44,149 --> 00:21:41,120

six books in total about the warmester

564

00:21:45,510 --> 00:21:44,159

phenomenon uh to get further details but

565

00:21:47,270 --> 00:21:45,520

for example

566

00:21:49,669 --> 00:21:47,280

uh somebody i think it was on the

567

00:21:51,990 --> 00:21:49,679

central car park in the town was looking

568

00:21:54,390 --> 00:21:52,000

over towards the uh direction of cop

569

00:21:56,470 --> 00:21:54,400

heap now cop heap

570

00:21:58,630 --> 00:21:56,480

is reputed to be an ancient burial

571

00:21:59,909 --> 00:21:58,640

ground where an anglo-saxon chieftain

572

00:22:02,230 --> 00:21:59,919

was buried

573

00:22:05,029 --> 00:22:02,240

and there were two

574

00:22:07,830 --> 00:22:05,039

red-hot pokers in the sky which seemed

575

00:22:10,549 --> 00:22:07,840

to stretch and burst asunder without

576

00:22:12,870 --> 00:22:10,559

sound and then sort of fly away

577

00:22:15,430 --> 00:22:12,880

so that was the start of what was known

578

00:22:17,830 --> 00:22:15,440

as the visual phenomenon in warminster

579

00:22:20,070 --> 00:22:17,840

now this event that took place on

580

00:22:22,230 --> 00:22:20,080

christmas eve in 1964

581

00:22:24,630 --> 00:22:22,240

besides the two accounts there had

582

00:22:26,470 --> 00:22:24,640

everyone in the town basically

583

00:22:27,430 --> 00:22:26,480

experienced this

584

00:22:30,789 --> 00:22:27,440

well

585

00:22:33,110 --> 00:22:30,799

warminster at that time was a very quiet

586

00:22:36,390 --> 00:22:33,120

market town in england and we are

587

00:22:37,750 --> 00:22:36,400

talking now fit nearly 50 years ago

588

00:22:41,190 --> 00:22:37,760

and

589

00:22:43,190 --> 00:22:41,200

ufos were not generally known

590

00:22:46,549 --> 00:22:43,200

by the general public it was a very sort

591

00:22:47,830 --> 00:22:46,559

of very small very cliquy almost

592

00:22:50,549 --> 00:22:47,840

well i don't i don't like to use the

593

00:22:52,230 --> 00:22:50,559

word geeky

594

00:22:54,230 --> 00:22:52,240

subject well

595

00:22:55,830 --> 00:22:54,240

geeky's in these days so you can say

596

00:22:59,430 --> 00:22:55,840

that oh that's what's okay in that case

597

00:23:04,789 --> 00:23:02,950

but um the the the local populace

598

00:23:07,590 --> 00:23:04,799

because they hadn't had

599

00:23:08,470 --> 00:23:07,600

uh exposure to the ufo phenomenon as

600

00:23:11,110 --> 00:23:08,480

such

601
00:23:14,230 --> 00:23:11,120
referred referred to the warminster

602
00:23:17,029 --> 00:23:14,240
phenomenon as the thing

603
00:23:18,310 --> 00:23:17,039
right i've read that and i i like that

604
00:23:19,830 --> 00:23:18,320
you know there was a movie called that

605
00:23:21,110 --> 00:23:19,840
but it was a whole different subject

606
00:23:25,830 --> 00:23:21,120
yeah

607
00:23:27,990 --> 00:23:25,840
uh 1950s

608
00:23:29,510 --> 00:23:28,000
the horror film was redone in this in

609
00:23:31,350 --> 00:23:29,520
the 80s but that's that is beside the

610
00:23:35,029 --> 00:23:31,360
point um

611
00:23:36,950 --> 00:23:35,039
so you have this quiet rural town

612
00:23:39,990 --> 00:23:36,960
that is suddenly being

613
00:23:40,950 --> 00:23:40,000

bombarded by this strange phenomenon

614

00:23:42,710 --> 00:23:40,960

and

615

00:23:44,870 --> 00:23:42,720

the local populists were absolutely

616

00:23:45,669 --> 00:23:44,880

bemused by this you know that they had

617

00:23:49,590 --> 00:23:45,679

no

618

00:23:50,390 --> 00:23:49,600

idea of what it was and such was the

619

00:23:55,270 --> 00:23:50,400

the

620

00:23:57,750 --> 00:23:55,280

august bank holiday of 1965

621

00:24:01,190 --> 00:23:57,760

the local town council actually called

622

00:24:03,669 --> 00:24:01,200

an extraordinary meeting where uh people

623

00:24:05,669 --> 00:24:03,679

from before the british ufo associate

624

00:24:07,830 --> 00:24:05,679

association um

625

00:24:11,430 --> 00:24:07,840

among them john cleary baker

626

00:24:13,350 --> 00:24:11,440

uh were invited to talk to allay

627

00:24:15,750 --> 00:24:13,360

public fears that warmest was about to

628

00:24:16,950 --> 00:24:15,760

be invaded or that there was an invasion

629

00:24:19,909 --> 00:24:16,960

from space

630

00:24:21,029 --> 00:24:19,919

jew on earth so they called your thing

631

00:24:23,830 --> 00:24:21,039

the thing

632

00:24:25,029 --> 00:24:23,840

yeah and and it progressed forward from

633

00:24:27,029 --> 00:24:25,039

there

634

00:24:29,510 --> 00:24:27,039

it progressed forward the problem was

635

00:24:31,669 --> 00:24:29,520

martin that it was self-sustaining to a

636

00:24:33,750 --> 00:24:31,679

degree

637

00:24:36,230 --> 00:24:33,760

for example there was a photograph taken

638

00:24:38,310 --> 00:24:36,240

by a young factory worker by the name of

639

00:24:40,870 --> 00:24:38,320

gordon faulkner which

640

00:24:43,190 --> 00:24:40,880

it's become the iconic

641

00:24:46,870 --> 00:24:43,200

uh photograph of the warminster thing

642

00:24:49,190 --> 00:24:46,880

which is of a low-flying ufo um now the

643

00:24:52,070 --> 00:24:49,200

problem with that photograph is that the

644

00:24:53,750 --> 00:24:52,080

negatives have been lost over the years

645

00:24:55,590 --> 00:24:53,760

and when it was actually published in

646

00:24:57,430 --> 00:24:55,600

one of our major newspapers over here

647

00:24:59,990 --> 00:24:57,440

the daily mirror and they run a center

648

00:25:03,190 --> 00:25:00,000

space a center page spread about the

649

00:25:05,350 --> 00:25:03,200

whole the warmest thing um

650

00:25:08,710 --> 00:25:05,360

it was enlarged so much that the

651
00:25:10,870 --> 00:25:08,720
individual grains of um emulsion on the

652
00:25:12,310 --> 00:25:10,880
negative were clearly visible and the

653
00:25:15,669 --> 00:25:12,320
problem with that photograph is that it

654
00:25:17,110 --> 00:25:15,679
gives no sense of scale no sense of

655
00:25:19,990 --> 00:25:17,120
distance or anything else so the

656
00:25:22,070 --> 00:25:20,000
photograph itself is worthless but

657
00:25:23,590 --> 00:25:22,080
i'm saying that if it was a hoax and i'm

658
00:25:26,310 --> 00:25:23,600
not saying it was and i'm not saying it

659
00:25:28,710 --> 00:25:26,320
wasn't it was a very cleverly put

660
00:25:30,390 --> 00:25:28,720
together piece of photography now is

661
00:25:33,590 --> 00:25:30,400
that image available

662
00:25:35,190 --> 00:25:33,600
on your website for once uh i think it

663
00:25:37,269 --> 00:25:35,200

is i mean i haven't been on the website

664

00:25:39,750 --> 00:25:37,279

for a while because my co-author and

665

00:25:41,990 --> 00:25:39,760

good friend steve dewey actually um sort

666

00:25:43,990 --> 00:25:42,000

of manages the website i just sort of

667

00:25:46,390 --> 00:25:44,000

throw the odd pieces and information at

668

00:25:48,390 --> 00:25:46,400

him and that they're put up um but then

669

00:25:50,630 --> 00:25:48,400

again if anybody is interested if they

670

00:25:52,870 --> 00:25:50,640

just type in warminster ufo warm is the

671

00:25:54,710 --> 00:25:52,880

thing into google images or whatever the

672

00:25:57,190 --> 00:25:54,720

photograph itself will probably come up

673

00:25:59,669 --> 00:25:57,200

okay we also have a facebook page if

674

00:26:01,830 --> 00:25:59,679

anybody wants to join it um if they just

675

00:26:03,029 --> 00:26:01,840

go into facebook and just type in ufo or

676

00:26:04,950 --> 00:26:03,039

instagram it should take them to it as

677

00:26:07,909 --> 00:26:04,960

well but i will say that the the

678

00:26:10,230 --> 00:26:07,919

facebook page is more of a well with

679

00:26:13,190 --> 00:26:10,240

facebook itself it it's more of a social

680

00:26:15,029 --> 00:26:13,200

thing and we do sort of um to a degree

681

00:26:17,669 --> 00:26:15,039

take the take the proverbial out of

682

00:26:19,669 --> 00:26:17,679

ourselves slightly um but it's still a

683

00:26:23,510 --> 00:26:19,679

good repository for any information can

684

00:26:24,789 --> 00:26:23,520

you tell us how long the events kept

685

00:26:27,110 --> 00:26:24,799

happening there

686

00:26:29,430 --> 00:26:27,120

well as i said earlier it was

687

00:26:30,870 --> 00:26:29,440

self-sustaining to an effect

688

00:26:33,510 --> 00:26:30,880

because

689

00:26:36,149 --> 00:26:33,520

after the uh daily mirror article people

690

00:26:38,950 --> 00:26:36,159

flocked to the town

691

00:26:41,590 --> 00:26:38,960

and bearing in mind that warminster

692

00:26:45,110 --> 00:26:41,600

it was and still is to a degree a very

693

00:26:46,950 --> 00:26:45,120

small market town it is the only time

694

00:26:50,789 --> 00:26:46,960

around the august bank holiday period of

695

00:26:53,269 --> 00:26:50,799

1965 that the pubs in that town ran dry

696

00:26:55,669 --> 00:26:53,279

ah there were that many people and

697

00:26:58,149 --> 00:26:55,679

bearing in mind that war mister also has

698

00:27:00,149 --> 00:26:58,159

a school of land warfare

699

00:27:03,350 --> 00:27:00,159

uh which basically trains a lot of the

700

00:27:05,350 --> 00:27:03,360

infantry for the british army so it's a

701
00:27:08,149 --> 00:27:05,360
garrison town and for the pubs to run

702
00:27:09,430 --> 00:27:08,159
dry that is one hell of an amazing thing

703
00:27:11,590 --> 00:27:09,440
to happen

704
00:27:14,070 --> 00:27:11,600
and when all these people flocked to

705
00:27:15,750 --> 00:27:14,080
that area were sightings happening

706
00:27:18,310 --> 00:27:15,760
sightings were happening you know

707
00:27:21,430 --> 00:27:18,320
there's no two ways about it but again

708
00:27:23,430 --> 00:27:21,440
you know i i have a slight theory

709
00:27:24,870 --> 00:27:23,440
um about all of this

710
00:27:27,269 --> 00:27:24,880
in that

711
00:27:30,710 --> 00:27:27,279
war minster happened

712
00:27:32,870 --> 00:27:30,720
at not a crucial time in society

713
00:27:35,430 --> 00:27:32,880

but it was the dawning of what was then

714

00:27:37,269 --> 00:27:35,440

known as the age of aquarius

715

00:27:39,029 --> 00:27:37,279

it was the start of the burgeoning

716

00:27:41,909 --> 00:27:39,039

hippie movement

717

00:27:45,269 --> 00:27:41,919

consciousnesses were changing from going

718

00:27:47,750 --> 00:27:45,279

from shall we say traditional religion

719

00:27:49,669 --> 00:27:47,760

um to you know the youth of the day

720

00:27:52,149 --> 00:27:49,679

wanted to look outwards

721

00:27:54,710 --> 00:27:52,159

rather than spiritually inwards

722

00:27:56,230 --> 00:27:54,720

and people would go to the town

723

00:27:57,669 --> 00:27:56,240

see something

724

00:27:59,190 --> 00:27:57,679

they'd go away

725

00:28:01,269 --> 00:27:59,200

tell their friends their things and

726

00:28:04,230 --> 00:28:01,279

think oh you know that's interesting

727

00:28:07,350 --> 00:28:04,240

we'll go they'll go there see something

728

00:28:08,149 --> 00:28:07,360

go back tell their friends and the whole

729

00:28:10,710 --> 00:28:08,159

thing

730

00:28:12,630 --> 00:28:10,720

was almost self-sustaining for nearly 15

731

00:28:14,230 --> 00:28:12,640

years i mean the whole thing really

732

00:28:17,830 --> 00:28:14,240

petered out at around the end of the

733

00:28:18,870 --> 00:28:17,840

1970s that sounds like a a woodstock or

734

00:28:20,950 --> 00:28:18,880

something

735

00:28:22,870 --> 00:28:20,960

yeah i mean absolutely

736

00:28:25,350 --> 00:28:22,880

uh woodstock i think is a very good

737

00:28:26,950 --> 00:28:25,360

analogy to use in the fact is that the

738

00:28:29,269 --> 00:28:26,960

rolling stones

739

00:28:31,190 --> 00:28:29,279

uh gave a concert at longleat house

740

00:28:33,269 --> 00:28:31,200

which is not very far from war mister at

741

00:28:36,389 --> 00:28:33,279

all and it's rumored that they actually

742

00:28:38,389 --> 00:28:36,399

went up onto the hill to sky watch

743

00:28:40,630 --> 00:28:38,399

is that has that ever been confirmed or

744

00:28:43,669 --> 00:28:40,640

is that just hearsay it's it's not been

745

00:28:45,590 --> 00:28:43,679

confirmed it's hearsay but there does

746

00:28:47,269 --> 00:28:45,600

seem to be a you know a great deal well

747

00:28:48,789 --> 00:28:47,279

not let's say a great deal but people

748

00:28:51,269 --> 00:28:48,799

have sort of said yes i remember that

749

00:28:53,430 --> 00:28:51,279

happening wow and you know probably

750

00:28:56,149 --> 00:28:53,440

skipping ahead really quite far but is

751
00:28:59,029 --> 00:28:56,159
what's going on there today very little

752
00:29:02,470 --> 00:28:59,039
i'm afraid uh warminster is about as

753
00:29:06,549 --> 00:29:02,480
ufology active as any major town

754
00:29:09,669 --> 00:29:06,559
in the uk or the us but i'm saying that

755
00:29:11,110 --> 00:29:09,679
the area that i live in now uh some of

756
00:29:14,470 --> 00:29:11,120
your listeners may have heard of

757
00:29:16,230 --> 00:29:14,480
something called the dudley dorito

758
00:29:17,909 --> 00:29:16,240
yeah it does make you smile doesn't it

759
00:29:19,590 --> 00:29:17,919
that's better than the thing

760
00:29:22,310 --> 00:29:19,600
yeah true yeah

761
00:29:24,549 --> 00:29:22,320
i mean dudley is

762
00:29:27,510 --> 00:29:24,559
one of the major towns in this area and

763
00:29:30,070 --> 00:29:27,520

a triangular shaped black triangular

764

00:29:32,470 --> 00:29:30,080

shape ufo has been seen over the area

765

00:29:35,590 --> 00:29:32,480

for about the last 10 or 15 years

766

00:29:36,710 --> 00:29:35,600

um on a semi-regular basis

767

00:29:42,070 --> 00:29:36,720

now

768

00:29:45,830 --> 00:29:42,080

moderately well respected by not only my

769

00:29:47,990 --> 00:29:45,840

peers but by those who study ufology um

770

00:29:50,470 --> 00:29:48,000

i've had a number of people say to me oh

771

00:29:52,789 --> 00:29:50,480

you know it's secret military technology

772

00:29:54,549 --> 00:29:52,799

they're testing it well all i'll say to

773

00:29:56,549 --> 00:29:54,559

that is why on earth are you testing

774

00:29:57,909 --> 00:29:56,559

other most densely populated areas of

775

00:30:00,070 --> 00:29:57,919

the united kingdom

776

00:30:03,350 --> 00:30:00,080

well not only that i mean i i always

777

00:30:05,350 --> 00:30:03,360

find it hard to believe about these big

778

00:30:07,669 --> 00:30:05,360

black triangles that you hear about over

779

00:30:09,430 --> 00:30:07,679

and over again could we really have that

780

00:30:10,310 --> 00:30:09,440

type of technology that something could

781

00:30:12,710 --> 00:30:10,320

be

782

00:30:16,789 --> 00:30:12,720

you know like a football field wide

783

00:30:18,389 --> 00:30:16,799

and hover silently and move slowly over

784

00:30:19,830 --> 00:30:18,399

um that's what everyone says they

785

00:30:21,269 --> 00:30:19,840

basically do

786

00:30:23,830 --> 00:30:21,279

yeah could we really have that

787

00:30:25,750 --> 00:30:23,840

technology and not know about it

788

00:30:27,669 --> 00:30:25,760

i don't know is the honest answer now

789

00:30:29,590 --> 00:30:27,679

funnily enough that leads me into that

790

00:30:32,870 --> 00:30:29,600

leads quite nicely

791

00:30:34,789 --> 00:30:32,880

into a sighting that i had in warminster

792

00:30:37,830 --> 00:30:34,799

uh in the

793

00:30:42,389 --> 00:30:37,840

during the easter period of 1977

794

00:30:44,310 --> 00:30:42,399

now i took part in a uk tv program a few

795

00:30:45,990 --> 00:30:44,320

years ago called britain's closest

796

00:30:48,789 --> 00:30:46,000

encounters

797

00:30:51,830 --> 00:30:48,799

and in episode two it was dealing mainly

798

00:30:53,510 --> 00:30:51,840

with the south wales sightings from 1977

799

00:30:55,350 --> 00:30:53,520

to 79

800

00:30:58,389 --> 00:30:55,360

but they decided to shoehorn a little

801
00:31:01,110 --> 00:30:58,399
bit in about war mister because again

802
00:31:03,830 --> 00:31:01,120
going off topic slightly

803
00:31:05,909 --> 00:31:03,840
this shows just how much warmest has

804
00:31:08,310 --> 00:31:05,919
been forgotten

805
00:31:09,990 --> 00:31:08,320
um that i was contacted they wanted to

806
00:31:11,029 --> 00:31:10,000
to talk to somebody by the name of peter

807
00:31:12,950 --> 00:31:11,039
padgett

808
00:31:14,630 --> 00:31:12,960
who was based in walmart at the time who

809
00:31:15,990 --> 00:31:14,640
who i knew and

810
00:31:19,110 --> 00:31:16,000
still know

811
00:31:21,669 --> 00:31:19,120
uh he'd written two books ufo uk and a

812
00:31:23,909 --> 00:31:21,679
book called the welsh triangle

813
00:31:25,590 --> 00:31:23,919

and i said well you know i'm very sorry

814

00:31:27,990 --> 00:31:25,600

at that time i didn't have a contact

815

00:31:29,350 --> 00:31:28,000

address for peter but i said well we

816

00:31:31,430 --> 00:31:29,360

will he be doing anything about war

817

00:31:33,590 --> 00:31:31,440

minister and they went oh mister what

818

00:31:36,870 --> 00:31:33,600

happened there

819

00:31:38,470 --> 00:31:36,880

so i filled them in and then i got um an

820

00:31:40,470 --> 00:31:38,480

invite to go up onto cradle hill in

821

00:31:41,909 --> 00:31:40,480

walmart to film a slight insert for the

822

00:31:44,230 --> 00:31:41,919

program which i did

823

00:31:46,549 --> 00:31:44,240

and they digitally recreated this

824

00:31:50,149 --> 00:31:46,559

sighting i'm about to tell you about

825

00:31:52,310 --> 00:31:50,159

uh as i said it was in easter of 1977

826
00:31:54,870 --> 00:31:52,320
my friend and i colin reese were walking

827
00:31:56,710 --> 00:31:54,880
down from the infamous cops area at the

828
00:31:59,430 --> 00:31:56,720
top of cradle hill

829
00:32:01,669 --> 00:31:59,440
and over from our right where there is a

830
00:32:04,470 --> 00:32:01,679
golf club on the hill next to cradle

831
00:32:07,110 --> 00:32:04,480
hill came four red lights

832
00:32:10,149 --> 00:32:07,120
and they were just flashing and they

833
00:32:12,389 --> 00:32:10,159
were equally distantly spaced apart

834
00:32:14,470 --> 00:32:12,399
they flew over the aforementioned cop

835
00:32:16,789 --> 00:32:14,480
heap which i mentioned earlier on

836
00:32:19,830 --> 00:32:16,799
and station themselves in a horizontal

837
00:32:21,669 --> 00:32:19,840
line over another hill in the area

838
00:32:24,710 --> 00:32:21,679

called battlesbury which again is

839

00:32:27,269 --> 00:32:24,720

supposed to be an iron age fort

840

00:32:30,789 --> 00:32:27,279

these objects just stayed in the line

841

00:32:33,509 --> 00:32:30,799

and flashed intermittently for about a

842

00:32:35,509 --> 00:32:33,519

minute or so then the extreme left hand

843

00:32:36,549 --> 00:32:35,519

object the leader thought of a better

844

00:32:39,509 --> 00:32:36,559

word

845

00:32:40,789 --> 00:32:39,519

shot off horizontally at speed did a

846

00:32:43,269 --> 00:32:40,799

flawless

847

00:32:44,789 --> 00:32:43,279

90 degree turn upwards and shot out of

848

00:32:47,909 --> 00:32:44,799

sight

849

00:32:49,830 --> 00:32:47,919

now this was in 1977

850

00:32:52,230 --> 00:32:49,840

the height of military technology

851
00:32:53,669 --> 00:32:52,240
aviation wise in those days was the

852
00:32:56,149 --> 00:32:53,679
phantom jet

853
00:32:59,110 --> 00:32:56,159
anything that could perform that kind of

854
00:33:00,710 --> 00:32:59,120
maneuver if it had been manned the crew

855
00:33:01,669 --> 00:33:00,720
would have been turned to strawberry

856
00:33:04,310 --> 00:33:01,679
jelly

857
00:33:06,310 --> 00:33:04,320
absolutely right now the other three

858
00:33:08,389 --> 00:33:06,320
lights which stayed in the line then

859
00:33:10,789 --> 00:33:08,399
about a 30 seconds a minute or so later

860
00:33:14,070 --> 00:33:10,799
then just shot straight up into the sky

861
00:33:15,430 --> 00:33:14,080
to that day i still can't explain that

862
00:33:17,830 --> 00:33:15,440
sighting

863
00:33:19,029 --> 00:33:17,840

now you said this happened in 1977 is

864

00:33:21,110 --> 00:33:19,039

that what

865

00:33:23,509 --> 00:33:21,120

that must have been the the initiative

866

00:33:24,870 --> 00:33:23,519

that gets you started in this field

867

00:33:26,230 --> 00:33:24,880

well it wasn't an issue actually that

868

00:33:27,830 --> 00:33:26,240

got me started i mean i've been a

869

00:33:29,590 --> 00:33:27,840

regular visitor i mean i think that was

870

00:33:31,029 --> 00:33:29,600

about my fifth or sixth visit to

871

00:33:31,909 --> 00:33:31,039

warminster

872

00:33:34,789 --> 00:33:31,919

um

873

00:33:37,269 --> 00:33:34,799

and that was the apart from what you

874

00:33:39,029 --> 00:33:37,279

could class satellite transit that went

875

00:33:41,430 --> 00:33:39,039

over

876

00:33:43,590 --> 00:33:41,440

you know that was the first genuine

877

00:33:44,789 --> 00:33:43,600

anomalous sighting that i'd had and we

878

00:33:46,950 --> 00:33:44,799

just stood

879

00:33:48,789 --> 00:33:46,960

at the bottom of that slope

880

00:33:51,509 --> 00:33:48,799

at what was known as the white gates

881

00:33:53,750 --> 00:33:51,519

area of cradle hill we just stood there

882

00:33:55,430 --> 00:33:53,760

open jawed slack mouth we just couldn't

883

00:33:57,110 --> 00:33:55,440

believe what we'd seen

884

00:33:59,830 --> 00:33:57,120

absolutely now were there other

885

00:34:01,590 --> 00:33:59,840

witnesses that you're aware of

886

00:34:03,830 --> 00:34:01,600

the only witnesses that we had was a

887

00:34:05,350 --> 00:34:03,840

young girl who was with us who was the

888

00:34:07,830 --> 00:34:05,360

daughter of the lady we were staying

889

00:34:09,109 --> 00:34:07,840

with at the time and she knew very

890

00:34:11,270 --> 00:34:09,119

little or nothing at all about the

891

00:34:13,909 --> 00:34:11,280

warmest phenomenon and again she was

892

00:34:14,950 --> 00:34:13,919

like us you know what have i just seen

893

00:34:16,310 --> 00:34:14,960

now

894

00:34:17,829 --> 00:34:16,320

to give you an idea of the weather

895

00:34:18,829 --> 00:34:17,839

conditions that night

896

00:34:21,030 --> 00:34:18,839

it was

897

00:34:22,950 --> 00:34:21,040

twilight you know the sun had gone down

898

00:34:24,790 --> 00:34:22,960

it was getting dark the first few stars

899

00:34:27,030 --> 00:34:24,800

was start to come out

900

00:34:28,869 --> 00:34:27,040

it was a moonless night

901
00:34:30,710 --> 00:34:28,879
very still

902
00:34:32,869 --> 00:34:30,720
no wind

903
00:34:34,869 --> 00:34:32,879
sound traveled a great distance in so

904
00:34:36,069 --> 00:34:34,879
much they could hear trains going

905
00:34:38,310 --> 00:34:36,079
through the station which was about a

906
00:34:40,230 --> 00:34:38,320
mile away quite clearly and whatever

907
00:34:41,909 --> 00:34:40,240
these objects were martin they did not

908
00:34:43,349 --> 00:34:41,919
make a sound

909
00:34:45,190 --> 00:34:43,359
that's something you hear over and over

910
00:34:47,030 --> 00:34:45,200
again and that with my own sighting i

911
00:34:49,589 --> 00:34:47,040
had the same thing happen and i wasn't

912
00:34:51,669 --> 00:34:49,599
familiar with that whole spectrum of

913
00:34:52,790 --> 00:34:51,679

ufos that there was no sounds i was kind

914

00:34:55,589 --> 00:34:52,800

of relieved when i heard other people

915

00:34:57,910 --> 00:34:55,599

say the same thing now as far as colin

916

00:35:01,270 --> 00:34:57,920

reese and that other lady

917

00:35:03,349 --> 00:35:01,280

did colin pursue any type of ufo

918

00:35:05,990 --> 00:35:03,359

research himself or that

919

00:35:07,910 --> 00:35:06,000

the young lady as well no the the young

920

00:35:10,870 --> 00:35:07,920

lady didn't i mean colin and i were very

921

00:35:12,550 --> 00:35:10,880

good friends we still are to this day he

922

00:35:14,390 --> 00:35:12,560

is still exceedingly interested in the

923

00:35:17,109 --> 00:35:14,400

subject but

924

00:35:19,510 --> 00:35:17,119

you know what could you do in the 1970s

925

00:35:21,670 --> 00:35:19,520

as regards actually investigating a

926
00:35:23,190 --> 00:35:21,680
sighting like that very little don't

927
00:35:24,870 --> 00:35:23,200
forget this was a time before there were

928
00:35:25,750 --> 00:35:24,880
no mobile phones

929
00:35:27,910 --> 00:35:25,760
you know

930
00:35:30,630 --> 00:35:27,920
again cutting edge technology was a

931
00:35:32,310 --> 00:35:30,640
cassette recorder right um you know

932
00:35:34,470 --> 00:35:32,320
polaroid cameras

933
00:35:36,950 --> 00:35:34,480
um there was you know

934
00:35:39,670 --> 00:35:36,960
there was nothing that we could actually

935
00:35:41,990 --> 00:35:39,680
physically record this sighting with

936
00:35:44,069 --> 00:35:42,000
uh we went back to peter paget's

937
00:35:46,790 --> 00:35:44,079
research center in war mister called the

938
00:35:49,910 --> 00:35:46,800

fountain center reported the sighting

939

00:35:52,150 --> 00:35:49,920

and peter did one or two investigations

940

00:35:53,670 --> 00:35:52,160

with some contacts in the military

941

00:35:55,109 --> 00:35:53,680

uh they

942

00:35:58,630 --> 00:35:55,119

said there were no

943

00:36:01,349 --> 00:35:58,640

events happening at that time and again

944

00:36:03,190 --> 00:36:01,359

jumping forward in time i've been

945

00:36:05,270 --> 00:36:03,200

contacted by a number of members of the

946

00:36:07,750 --> 00:36:05,280

armed forces who were based in the wall

947

00:36:10,710 --> 00:36:07,760

mister area during that period and they

948

00:36:13,510 --> 00:36:10,720

would say that they were out on what we

949

00:36:15,109 --> 00:36:13,520

call over here stag duty which is like

950

00:36:17,750 --> 00:36:15,119

guard duty

951
00:36:20,069 --> 00:36:17,760
and to alleviate boredom you know they

952
00:36:22,230 --> 00:36:20,079
would themselves would sky watch and

953
00:36:23,750 --> 00:36:22,240
some of these troops actually reported

954
00:36:26,230 --> 00:36:23,760
seeing things which they couldn't

955
00:36:28,870 --> 00:36:26,240
explain which again there were no

956
00:36:30,470 --> 00:36:28,880
activities no military maneuvers

957
00:36:32,230 --> 00:36:30,480
happening at the time

958
00:36:35,430 --> 00:36:32,240
so like i say

959
00:36:39,109 --> 00:36:37,190
it's funny you hear about

960
00:36:41,109 --> 00:36:39,119
i guess you'd call this a hot spot or

961
00:36:43,030 --> 00:36:41,119
something like that you hear about this

962
00:36:45,190 --> 00:36:43,040
happening where

963
00:36:46,310 --> 00:36:45,200

for instance the belgian

964

00:36:48,310 --> 00:36:46,320

triangle

965

00:36:51,030 --> 00:36:48,320

where something's very active

966

00:36:53,750 --> 00:36:51,040

for say a period of time maybe a year or

967

00:36:55,910 --> 00:36:53,760

two or in your case maybe up to 10 years

968

00:36:59,430 --> 00:36:55,920

something like that and then it vanishes

969

00:37:01,910 --> 00:36:59,440

but you know i recently got to meet

970

00:37:03,990 --> 00:37:01,920

wilford de brauer and spoke with him and

971

00:37:05,750 --> 00:37:04,000

he says that things are happening in

972

00:37:08,950 --> 00:37:05,760

belgium and that whole area right today

973

00:37:11,109 --> 00:37:08,960

it's just not reported as much so this

974

00:37:13,030 --> 00:37:11,119

phenomenon that happened there

975

00:37:15,430 --> 00:37:13,040

could respark someday that's a

976

00:37:18,470 --> 00:37:15,440

possibility wouldn't you think i i think

977

00:37:21,030 --> 00:37:18,480

it's it's a definite possibility uh i

978

00:37:23,430 --> 00:37:21,040

mean just off the top of my head

979

00:37:25,510 --> 00:37:23,440

i can think of obviously war mister in

980

00:37:28,790 --> 00:37:25,520

this country is probably if not in the

981

00:37:31,190 --> 00:37:28,800

world the longest sustained ufo flap you

982

00:37:34,310 --> 00:37:31,200

have the south wales sightings you have

983

00:37:36,630 --> 00:37:34,320

banbury you have the pennine corridor

984

00:37:40,150 --> 00:37:36,640

you have uh bonnie bridge

985

00:37:42,630 --> 00:37:40,160

so you know it seems almost as if these

986

00:37:46,310 --> 00:37:42,640

window areas these slide zones whatever

987

00:37:48,069 --> 00:37:46,320

you want to call them they tend to shift

988

00:37:49,670 --> 00:37:48,079

almost you know i'm not saying you know

989

00:37:51,109 --> 00:37:49,680

it's just to say that you know you know

990

00:37:53,109 --> 00:37:51,119

you've got little green men leaning out

991

00:37:53,990 --> 00:37:53,119

going cooy we're here

992

00:37:56,630 --> 00:37:54,000

um

993

00:37:58,950 --> 00:37:56,640

it's you know it it just seems that you

994

00:38:01,190 --> 00:37:58,960

know whether or not

995

00:38:03,589 --> 00:38:01,200

war minister itself i mean after shuttle

996

00:38:06,069 --> 00:38:03,599

would bless his bless his memory you

997

00:38:10,390 --> 00:38:06,079

know he said that he'd heard that war

998

00:38:14,390 --> 00:38:10,400

minister was over the the um 13 ley

999

00:38:16,230 --> 00:38:14,400

lines converged over the town

1000

00:38:18,230 --> 00:38:16,240

now again your listeners may know about

1001

00:38:20,470 --> 00:38:18,240

ley lines they may not you know it it's

1002

00:38:24,710 --> 00:38:20,480

another it's another avenue of research

1003

00:38:25,990 --> 00:38:24,720

to look into ley lines uh basically are

1004

00:38:28,630 --> 00:38:26,000

ancient

1005

00:38:32,550 --> 00:38:28,640

trackways pathways

1006

00:38:33,910 --> 00:38:32,560

lines uh which um shall we say ancient

1007

00:38:36,630 --> 00:38:33,920

sites are

1008

00:38:38,870 --> 00:38:36,640

aligned and a straight line is drawn i

1009

00:38:41,109 --> 00:38:38,880

mean again for example war mister is

1010

00:38:42,710 --> 00:38:41,119

very close to stonehenge

1011

00:38:43,990 --> 00:38:42,720

ave bree

1012

00:38:46,710 --> 00:38:44,000

west kennett

1013

00:38:48,630 --> 00:38:46,720

silbery hill and glastonbury oh the

1014

00:38:50,150 --> 00:38:48,640

whole area is known as the wessex

1015

00:38:52,550 --> 00:38:50,160

triangle

1016

00:38:54,630 --> 00:38:52,560

okay speaking of stonehenge in your

1017

00:38:56,470 --> 00:38:54,640

research that you've done has anyone

1018

00:38:59,589 --> 00:38:56,480

actually seen sightings around

1019

00:39:01,910 --> 00:38:59,599

stonehenge yeah people have reported

1020

00:39:03,990 --> 00:39:01,920

sightings around stonehenge and the

1021

00:39:06,150 --> 00:39:04,000

interesting thing as well

1022

00:39:09,670 --> 00:39:06,160

is that when the warmest phenomenon

1023

00:39:10,710 --> 00:39:09,680

started to die down in the late 1970s

1024

00:39:13,750 --> 00:39:10,720

uh

1025

00:39:16,870 --> 00:39:13,760

should we say the early 1980s

1026

00:39:18,390 --> 00:39:16,880

suddenly there was a rash of a new

1027

00:39:20,790 --> 00:39:18,400

phenomenon

1028

00:39:23,670 --> 00:39:20,800

around that area which we now know as

1029

00:39:25,349 --> 00:39:23,680

crop circles that's right i remember

1030

00:39:27,190 --> 00:39:25,359

hearing about them being not too far

1031

00:39:28,790 --> 00:39:27,200

away from stonehenge and one was right

1032

00:39:31,190 --> 00:39:28,800

one was fairly close

1033

00:39:34,630 --> 00:39:31,200

if i remember right yeah i mean there

1034

00:39:35,910 --> 00:39:34,640

was one which i think was a hoax um

1035

00:39:37,750 --> 00:39:35,920

but whoever

1036

00:39:38,870 --> 00:39:37,760

you know construct these these crop

1037

00:39:40,150 --> 00:39:38,880

circles you know they have to be

1038

00:39:41,589 --> 00:39:40,160

congratulated

1039

00:39:44,230 --> 00:39:41,599

um

1040

00:39:47,030 --> 00:39:44,240

i mean there was one there is a a hill

1041

00:39:48,870 --> 00:39:47,040

just as had war mister called clay hill

1042

00:39:51,030 --> 00:39:48,880

which is directly opposite the entrance

1043

00:39:52,790 --> 00:39:51,040

to the famous longleator state

1044

00:39:54,829 --> 00:39:52,800

and there was a

1045

00:39:58,310 --> 00:39:54,839

geometrical

1046

00:40:00,550 --> 00:39:58,320

3d almost like rubik's cube

1047

00:40:02,630 --> 00:40:00,560

style crop circle

1048

00:40:06,230 --> 00:40:02,640

actually created at the foot of clay

1049

00:40:09,589 --> 00:40:06,240

hill now clay hill apart from cradle

1050

00:40:11,670 --> 00:40:09,599

hill is probably the most second famous

1051
00:40:15,430 --> 00:40:11,680
sky watching location in the war mister

1052
00:40:17,190 --> 00:40:15,440
area i just recently heard nancy talbot

1053
00:40:19,990 --> 00:40:17,200
speak she's going to be a future guest

1054
00:40:21,750 --> 00:40:20,000
she has blt research was originally

1055
00:40:23,990 --> 00:40:21,760
funded by lawrence rockefeller and she's

1056
00:40:25,910 --> 00:40:24,000
trying to do scientific research and i

1057
00:40:28,550 --> 00:40:25,920
listened to her at a symposium and she

1058
00:40:29,910 --> 00:40:28,560
was absolutely fascinating because i've

1059
00:40:32,069 --> 00:40:29,920
always been on the fence about crop

1060
00:40:34,230 --> 00:40:32,079
circles and you know no answers really

1061
00:40:36,550 --> 00:40:34,240
but more questions after listening to

1062
00:40:39,829 --> 00:40:36,560
her i think the problem with

1063
00:40:42,390 --> 00:40:39,839

crop circles ufology in general

1064

00:40:43,190 --> 00:40:42,400

is that no matter how much you research

1065

00:40:45,589 --> 00:40:43,200

it

1066

00:40:48,470 --> 00:40:45,599

there are still more questions that end

1067

00:40:50,710 --> 00:40:48,480

up needing answering

1068

00:40:55,270 --> 00:40:50,720

uh i mean again

1069

00:40:58,069 --> 00:40:55,280

i would love to have a you know a proper

1070

00:41:00,470 --> 00:40:58,079

scientific investigation

1071

00:41:02,230 --> 00:41:00,480

made into the entire ufo phenomenon be

1072

00:41:05,510 --> 00:41:02,240

it in this country

1073

00:41:06,710 --> 00:41:05,520

in the united states worldwide

1074

00:41:09,670 --> 00:41:06,720

but

1075

00:41:11,190 --> 00:41:09,680

who as a serious scientist wants to put

1076

00:41:13,349 --> 00:41:11,200

their name

1077

00:41:17,349 --> 00:41:13,359

to that type of research

1078

00:41:19,270 --> 00:41:17,359

it's still regarded as a very fringe

1079

00:41:22,309 --> 00:41:19,280

shall we say science

1080

00:41:24,710 --> 00:41:22,319

yes or they call it pseudoscience if

1081

00:41:27,270 --> 00:41:24,720

they want it yeah yeah i mean again you

1082

00:41:29,829 --> 00:41:27,280

know i mean i was actively involved in

1083

00:41:32,150 --> 00:41:29,839

ufology uh

1084

00:41:36,790 --> 00:41:32,160

well i am more so now that i was in the

1085

00:41:38,150 --> 00:41:36,800

70s but i left it in about 1983 and as i

1086

00:41:40,230 --> 00:41:38,160

said to you before i didn't get back to

1087

00:41:41,109 --> 00:41:40,240

until about 2003

1088

00:41:43,270 --> 00:41:41,119

but

1089

00:41:45,750 --> 00:41:43,280

the one thing i will say now whether

1090

00:41:49,510 --> 00:41:45,760

this is down to television programs like

1091

00:41:52,710 --> 00:41:49,520

the x-files i do not know but ufology

1092

00:41:55,910 --> 00:41:52,720

now seems to be in this country at least

1093

00:41:58,550 --> 00:41:55,920

a much more accepted interest than it

1094

00:42:01,349 --> 00:41:58,560

ever was before

1095

00:42:02,790 --> 00:42:01,359

um you know i mean you still have people

1096

00:42:05,430 --> 00:42:02,800

you know sort of make the glib comments

1097

00:42:07,750 --> 00:42:05,440

about oh do you wear a tinfoil hat

1098

00:42:09,510 --> 00:42:07,760

and all this sort of thing but

1099

00:42:11,030 --> 00:42:09,520

people now

1100

00:42:13,990 --> 00:42:11,040

don't dismiss it

1101
00:42:15,670 --> 00:42:14,000
it's more you know it will start a topic

1102
00:42:17,589 --> 00:42:15,680
of conversation

1103
00:42:19,750 --> 00:42:17,599
rather than just being oh you're a bit

1104
00:42:22,309 --> 00:42:19,760
of a nutter aren't you absolutely i've

1105
00:42:24,550 --> 00:42:22,319
seen a big change that can only open

1106
00:42:26,230 --> 00:42:24,560
more doors i think i think it will open

1107
00:42:29,670 --> 00:42:26,240
more doors i mean whether or not you

1108
00:42:31,430 --> 00:42:29,680
know i mean humanity itself as a species

1109
00:42:34,550 --> 00:42:31,440
is starting to go through some kind of

1110
00:42:35,589 --> 00:42:34,560
spiritual sea change i don't know

1111
00:42:38,550 --> 00:42:35,599
but

1112
00:42:40,309 --> 00:42:38,560
it's become more socially acceptable and

1113
00:42:42,230 --> 00:42:40,319

as i said earlier on

1114

00:42:43,030 --> 00:42:42,240

you tend now

1115

00:42:45,190 --> 00:42:43,040

to

1116

00:42:47,190 --> 00:42:45,200

actually engage people in conversation

1117

00:42:48,470 --> 00:42:47,200

about it and people are genuinely

1118

00:42:50,309 --> 00:42:48,480

interested

1119

00:42:51,750 --> 00:42:50,319

whereas before it was you know sort of

1120

00:42:53,109 --> 00:42:51,760

oh yeah okay right fine well let's

1121

00:42:54,230 --> 00:42:53,119

change the subject

1122

00:42:57,030 --> 00:42:54,240

exactly

1123

00:42:58,870 --> 00:42:57,040

besides warminster are you doing other

1124

00:43:01,750 --> 00:42:58,880

research

1125

00:43:04,230 --> 00:43:01,760

well no i mean i i must admit um wall

1126

00:43:07,349 --> 00:43:04,240

minster really is my sort of

1127

00:43:09,829 --> 00:43:07,359

focal point uh in so much that i i've

1128

00:43:13,990 --> 00:43:09,839

been there i've been there i've i've

1129

00:43:17,190 --> 00:43:14,000

been touched by it and you know and

1130

00:43:19,990 --> 00:43:17,200

sadly we as i said we are talking about

1131

00:43:21,349 --> 00:43:20,000

events initially that happened 50 years

1132

00:43:23,349 --> 00:43:21,359

ago

1133

00:43:26,390 --> 00:43:23,359

a lot of the people that were there at

1134

00:43:28,950 --> 00:43:26,400

the time are no longer with us so it is

1135

00:43:31,190 --> 00:43:28,960

now shall we say the second generation

1136

00:43:32,470 --> 00:43:31,200

of researchers witnesses whatever you

1137

00:43:35,030 --> 00:43:32,480

want to call us

1138

00:43:37,190 --> 00:43:35,040

who are now carrying the fire forward

1139

00:43:39,270 --> 00:43:37,200

and we're trying to now bring it to the

1140

00:43:40,470 --> 00:43:39,280

attention of hopefully a third

1141

00:43:43,349 --> 00:43:40,480

generation

1142

00:43:45,430 --> 00:43:43,359

who will then carry everything on

1143

00:43:47,430 --> 00:43:45,440

i mean warminster

1144

00:43:49,910 --> 00:43:47,440

the people in the town

1145

00:43:52,309 --> 00:43:49,920

seem very reluctant

1146

00:43:54,630 --> 00:43:52,319

to talk about what happened in the 70s

1147

00:43:57,190 --> 00:43:54,640

those of those that know about it

1148

00:44:00,150 --> 00:43:57,200

very few people in that town do know

1149

00:44:02,630 --> 00:44:00,160

what happened in the 1960s

1150

00:44:05,349 --> 00:44:02,640

wow now have you ever in your research

1151
00:44:09,190 --> 00:44:05,359
have you ever gone through microfiche

1152
00:44:12,470 --> 00:44:09,200
for looking at old newspapers yeah uh

1153
00:44:15,349 --> 00:44:12,480
there is a small museum in warminster uh

1154
00:44:18,390 --> 00:44:15,359
called the dewey museum no relation to

1155
00:44:19,829 --> 00:44:18,400
steve jewelry or hasten to add um where

1156
00:44:21,270 --> 00:44:19,839
a researcher

1157
00:44:23,030 --> 00:44:21,280
who sadly is no longer with us by the

1158
00:44:26,150 --> 00:44:23,040
name of ken rogers

1159
00:44:29,589 --> 00:44:26,160
bequeathed all of his paperwork

1160
00:44:31,510 --> 00:44:29,599
and there are box files of books

1161
00:44:32,390 --> 00:44:31,520
newspaper clippings

1162
00:44:34,069 --> 00:44:32,400
uh

1163
00:44:38,710 --> 00:44:34,079

information

1164

00:44:41,670 --> 00:44:38,720

handwritten jotted uh documents and i

1165

00:44:43,990 --> 00:44:41,680

stayed down in warmister uh for three or

1166

00:44:46,870 --> 00:44:44,000

four days and i actually got permission

1167

00:44:49,030 --> 00:44:46,880

from the museum to take these box files

1168

00:44:51,990 --> 00:44:49,040

out and i actually scan them into my

1169

00:44:53,910 --> 00:44:52,000

computer and i've still got a lot of the

1170

00:44:56,550 --> 00:44:53,920

um the paperwork

1171

00:44:58,309 --> 00:44:56,560

uh and the the curator actually said

1172

00:45:00,390 --> 00:44:58,319

it's a pity you don't live in this town

1173

00:45:03,270 --> 00:45:00,400

you know and i said well why is that and

1174

00:45:05,430 --> 00:45:03,280

he said well we really need somebody who

1175

00:45:07,190 --> 00:45:05,440

knows about the subject to index this

1176

00:45:08,790 --> 00:45:07,200

all and actually do us a proper

1177

00:45:09,589 --> 00:45:08,800

inventory

1178

00:45:11,589 --> 00:45:09,599

so

1179

00:45:13,430 --> 00:45:11,599

there is information there

1180

00:45:15,430 --> 00:45:13,440

but the sad thing about the dewey museum

1181

00:45:18,069 --> 00:45:15,440

collection is as well

1182

00:45:20,550 --> 00:45:18,079

that someone a few years ago actually

1183

00:45:22,710 --> 00:45:20,560

managed to loan out

1184

00:45:25,750 --> 00:45:22,720

two whole box files of clippings which

1185

00:45:27,829 --> 00:45:25,760

were never ever returned

1186

00:45:28,710 --> 00:45:27,839

you know so where they went to nobody

1187

00:45:30,230 --> 00:45:28,720

knows

1188

00:45:33,829 --> 00:45:30,240

the mod

1189

00:45:35,670 --> 00:45:33,839

i don't think so i i i

1190

00:45:37,270 --> 00:45:35,680

yeah we are getting into very sticky

1191

00:45:39,430 --> 00:45:37,280

water there aren't we really to be

1192

00:45:41,589 --> 00:45:39,440

honest with you um

1193

00:45:43,190 --> 00:45:41,599

but you know that these files have gone

1194

00:45:46,470 --> 00:45:43,200

missing that we don't think they'll ever

1195

00:45:48,309 --> 00:45:46,480

be returned sadly um what they contained

1196

00:45:50,630 --> 00:45:48,319

no one knows were you looking through

1197

00:45:52,710 --> 00:45:50,640

them prior to that or

1198

00:45:54,230 --> 00:45:52,720

had they disappeared before that that

1199

00:45:55,589 --> 00:45:54,240

was after they disappeared unfortunately

1200

00:45:58,710 --> 00:45:55,599

somebody obviously got there before i

1201

00:46:00,390 --> 00:45:58,720

did sadly i see i just touched on you

1202

00:46:02,390 --> 00:46:00,400

know the government did the government

1203

00:46:05,349 --> 00:46:02,400

do any research at all that you're aware

1204

00:46:07,910 --> 00:46:05,359

of and what was going on well um

1205

00:46:10,069 --> 00:46:07,920

not that i'm aware of but of course

1206

00:46:11,510 --> 00:46:10,079

a lot of your listeners will be aware

1207

00:46:13,670 --> 00:46:11,520

that the british government have been

1208

00:46:16,790 --> 00:46:13,680

releasing a lot of their um

1209

00:46:19,990 --> 00:46:16,800

files on ufology over the last few years

1210

00:46:21,829 --> 00:46:20,000

thanks to um dr david clarke who seems

1211

00:46:23,829 --> 00:46:21,839

to have been the person who's been

1212

00:46:26,150 --> 00:46:23,839

pushing forward for all this and every

1213

00:46:28,550 --> 00:46:26,160

time we get these uh these files

1214

00:46:30,790 --> 00:46:28,560

released i download them and of course

1215

00:46:33,910 --> 00:46:30,800

i'm always looking for basically war

1216

00:46:35,829 --> 00:46:33,920

mister or the local area related uh

1217

00:46:38,790 --> 00:46:35,839

documents but of course because of the

1218

00:46:40,309 --> 00:46:38,800

freedom information act and the uh

1219

00:46:42,069 --> 00:46:40,319

everything else like that

1220

00:46:44,069 --> 00:46:42,079

a lot of the relevant information that

1221

00:46:47,430 --> 00:46:44,079

you need is blanked out like names

1222

00:46:50,870 --> 00:46:47,440

addresses and sometimes even locations

1223

00:46:52,950 --> 00:46:50,880

so the mod file downloads really

1224

00:46:55,109 --> 00:46:52,960

all it is showing is that people did

1225

00:46:56,150 --> 00:46:55,119

report ufo sightings to the ministry of

1226

00:46:56,950 --> 00:46:56,160

defence

1227

00:46:59,990 --> 00:46:56,960

but

1228

00:47:02,870 --> 00:47:00,000

as a research tool they're useless going

1229

00:47:05,349 --> 00:47:02,880

back to the 1960s and 70s we you know we

1230

00:47:06,950 --> 00:47:05,359

were talking earlier about the lack of

1231

00:47:09,109 --> 00:47:06,960

cell phone and

1232

00:47:12,150 --> 00:47:09,119

the internet and all that what would

1233

00:47:13,990 --> 00:47:12,160

someone do to report a sighting there

1234

00:47:16,230 --> 00:47:14,000

in the 60s

1235

00:47:18,870 --> 00:47:16,240

probably they would

1236

00:47:20,950 --> 00:47:18,880

have contacted arthur shuttlewood

1237

00:47:23,670 --> 00:47:20,960

who became the champion

1238

00:47:25,589 --> 00:47:23,680

of the warmester phenomenon uh arthur

1239

00:47:27,990 --> 00:47:25,599

was uh

1240

00:47:29,990 --> 00:47:28,000

well it depends on what you read and

1241

00:47:32,150 --> 00:47:30,000

where you read it and what you believe

1242

00:47:34,710 --> 00:47:32,160

he claimed to be the editor of the local

1243

00:47:36,230 --> 00:47:34,720

newspaper the war mr journal

1244

00:47:38,950 --> 00:47:36,240

but we do believe actually he was more

1245

00:47:40,870 --> 00:47:38,960

of a features writer arthur was a

1246

00:47:43,670 --> 00:47:40,880

journalist as i say

1247

00:47:47,670 --> 00:47:43,680

and he was the person who

1248

00:47:50,870 --> 00:47:47,680

started to amass all these reports

1249

00:47:52,950 --> 00:47:50,880

and he claimed to be a hard-headed

1250

00:47:54,950 --> 00:47:52,960

realistic journalist until he saw the

1251
00:47:57,750 --> 00:47:54,960
phenomenon for himself which apparently

1252
00:48:01,349 --> 00:47:57,760
he did and then he became from shall we

1253
00:48:03,109 --> 00:48:01,359
say a moderate skeptic to a believer

1254
00:48:06,230 --> 00:48:03,119
these six books

1255
00:48:09,109 --> 00:48:06,240
uh starting in 1967 with the warmest

1256
00:48:11,270 --> 00:48:09,119
mystery through to i think it was 1979

1257
00:48:14,470 --> 00:48:11,280
with ufo magic in motion

1258
00:48:16,390 --> 00:48:14,480
um these books chronicled the

1259
00:48:17,990 --> 00:48:16,400
you know the sort of evolution of the

1260
00:48:19,829 --> 00:48:18,000
war mr phenomenon

1261
00:48:21,190 --> 00:48:19,839
one thing really does change a skeptic's

1262
00:48:22,710 --> 00:48:21,200
mind is when they actually witness

1263
00:48:25,109 --> 00:48:22,720

something

1264

00:48:26,549 --> 00:48:25,119

oh absolutely yeah i mean as i say i

1265

00:48:28,150 --> 00:48:26,559

mean i i was

1266

00:48:29,910 --> 00:48:28,160

i would say

1267

00:48:31,510 --> 00:48:29,920

as going back to that sighting in easter

1268

00:48:34,069 --> 00:48:31,520

of 1977

1269

00:48:35,910 --> 00:48:34,079

i was never a skeptic i always wanted to

1270

00:48:38,710 --> 00:48:35,920

believe as we all want to believe in

1271

00:48:41,109 --> 00:48:38,720

something um and when i when we saw

1272

00:48:43,109 --> 00:48:41,119

those four red lights you know that was

1273

00:48:45,589 --> 00:48:43,119

it you know i i suddenly realized that

1274

00:48:48,069 --> 00:48:45,599

my time and you know what money in those

1275

00:48:49,829 --> 00:48:48,079

days i had had not been wasted because

1276

00:48:52,150 --> 00:48:49,839

suddenly i'd actually seen this thing

1277

00:48:53,030 --> 00:48:52,160

for myself oh going back to your

1278

00:48:54,950 --> 00:48:53,040

sighting

1279

00:48:56,710 --> 00:48:54,960

had anyone ever reported a similar

1280

00:48:57,589 --> 00:48:56,720

sighting there to that

1281

00:48:59,829 --> 00:48:57,599

oh

1282

00:49:02,309 --> 00:48:59,839

many many times i mean it may not may

1283

00:49:04,390 --> 00:49:02,319

not be the four red lights but after

1284

00:49:07,030 --> 00:49:04,400

shuttle would with uh shall we say

1285

00:49:09,270 --> 00:49:07,040

typical english journalistic prose

1286

00:49:13,430 --> 00:49:09,280

uh referred to that type of sighting

1287

00:49:14,230 --> 00:49:13,440

that type of light as the amber gambler

1288

00:49:15,670 --> 00:49:14,240

and

1289

00:49:17,190 --> 00:49:15,680

i can actually tell you of another

1290

00:49:19,430 --> 00:49:17,200

although i didn't actually see this on

1291

00:49:21,109 --> 00:49:19,440

myself i i was um

1292

00:49:22,790 --> 00:49:21,119

i wasn't involved at this particular

1293

00:49:25,430 --> 00:49:22,800

starting but some friends of mine were

1294

00:49:27,990 --> 00:49:25,440

uh there was another area near walmister

1295

00:49:30,870 --> 00:49:28,000

a small village called upton scudamore

1296

00:49:33,510 --> 00:49:30,880

um which uh was a favored sky watching

1297

00:49:36,069 --> 00:49:33,520

location and these friends of mine and i

1298

00:49:38,230 --> 00:49:36,079

uh these friends of mine went out there

1299

00:49:40,870 --> 00:49:38,240

one night and there were four of them

1300

00:49:41,829 --> 00:49:40,880

and they decided to do a sort of shift

1301
00:49:43,109 --> 00:49:41,839
pattern

1302
00:49:44,390 --> 00:49:43,119
sighting

1303
00:49:46,630 --> 00:49:44,400
uh watch

1304
00:49:47,829 --> 00:49:46,640
uh two would keep in the car two would

1305
00:49:49,990 --> 00:49:47,839
watch

1306
00:49:51,750 --> 00:49:50,000
and about midnight

1307
00:49:53,589 --> 00:49:51,760
my two two my friends were in the car

1308
00:49:55,910 --> 00:49:53,599
trying to get some sleep there was a

1309
00:49:57,670 --> 00:49:55,920
banging on the window and the door

1310
00:49:59,589 --> 00:49:57,680
opened and they said come and have a

1311
00:50:00,950 --> 00:49:59,599
look at this coming up look at this and

1312
00:50:03,510 --> 00:50:00,960
you know they all piled out the car

1313
00:50:05,829 --> 00:50:03,520

slightly bleary-eyed and coming over

1314

00:50:07,589 --> 00:50:05,839

them and then changing direction

1315

00:50:10,230 --> 00:50:07,599

literally over the car was one of these

1316

00:50:13,589 --> 00:50:10,240

amber lights and it was quite low you

1317

00:50:16,309 --> 00:50:13,599

know so you know as i say

1318

00:50:18,470 --> 00:50:16,319

things were seen in the area which still

1319

00:50:20,870 --> 00:50:18,480

rationally can't be explained away

1320

00:50:23,510 --> 00:50:20,880

right now you have a book cradle of

1321

00:50:25,349 --> 00:50:23,520

contact which is about this we'll talk

1322

00:50:27,910 --> 00:50:25,359

about that but i just wanted to say i

1323

00:50:30,549 --> 00:50:27,920

love the names of the locations

1324

00:50:31,990 --> 00:50:30,559

um you have over there some fun names

1325

00:50:34,630 --> 00:50:32,000

oh absolutely i mean well it is

1326

00:50:36,790 --> 00:50:34,640

typically rural england isn't it yeah

1327

00:50:39,430 --> 00:50:36,800

you know i mean you know upton scudamore

1328

00:50:41,349 --> 00:50:39,440

it rolls off the tongue i love it

1329

00:50:43,109 --> 00:50:41,359

you know cradle hill

1330

00:50:44,870 --> 00:50:43,119

i mean i i'll tell you a little story

1331

00:50:47,430 --> 00:50:44,880

about the book um

1332

00:50:51,190 --> 00:50:47,440

i i i started the book originally in

1333

00:50:54,630 --> 00:50:51,200

1983 uh when my well she was my fiance

1334

00:50:57,270 --> 00:50:54,640

then uh we went on holiday and i started

1335

00:51:00,069 --> 00:50:57,280

work on the book and i

1336

00:51:01,510 --> 00:51:00,079

i ran out of steam you know about 40

1337

00:51:03,510 --> 00:51:01,520

pages in

1338

00:51:05,510 --> 00:51:03,520

and you know over the years i'd

1339

00:51:08,790 --> 00:51:05,520

forgotten all about it

1340

00:51:11,430 --> 00:51:08,800

and sadly my wife died as i say in 2003

1341

00:51:14,069 --> 00:51:11,440

and we just moved house and there were

1342

00:51:17,190 --> 00:51:14,079

still lots of boxes in the garage

1343

00:51:19,430 --> 00:51:17,200

and i started to unpack them and decided

1344

00:51:21,510 --> 00:51:19,440

what to throw away and what to keep

1345

00:51:24,309 --> 00:51:21,520

and at the bottom one of these boxes was

1346

00:51:26,470 --> 00:51:24,319

the yellowing manuscript of this book

1347

00:51:28,309 --> 00:51:26,480

i'd started in 83 which i thought i

1348

00:51:29,270 --> 00:51:28,319

threw an app thrown out

1349

00:51:30,069 --> 00:51:29,280

um

1350

00:51:33,349 --> 00:51:30,079

and

1351
00:51:35,990 --> 00:51:33,359
you know this over here particularly

1352
00:51:38,309 --> 00:51:36,000
is a typical male thing

1353
00:51:39,910 --> 00:51:38,319
a lot of men seem to do their serious

1354
00:51:40,950 --> 00:51:39,920
reading in the smallest room of the

1355
00:51:44,230 --> 00:51:40,960
house

1356
00:51:46,549 --> 00:51:44,240
and i remember sitting down

1357
00:51:49,589 --> 00:51:46,559
reading this manuscript thinking my god

1358
00:51:51,190 --> 00:51:49,599
i could do better than this now

1359
00:51:54,230 --> 00:51:51,200
and so

1360
00:51:56,710 --> 00:51:54,240
you know i i started work on it again

1361
00:51:59,270 --> 00:51:56,720
and again this is with the advent of

1362
00:52:02,309 --> 00:51:59,280
modern technology the internet

1363
00:52:04,950 --> 00:52:02,319

and i started to do google searches for

1364

00:52:07,349 --> 00:52:04,960

war mister and more missed ufo sightings

1365

00:52:09,589 --> 00:52:07,359

and i came across a web page by a

1366

00:52:11,349 --> 00:52:09,599

gentleman called steve dewey

1367

00:52:14,150 --> 00:52:11,359

and it was entitled war mister

1368

00:52:15,910 --> 00:52:14,160

deconstructed because steve is a skeptic

1369

00:52:18,549 --> 00:52:15,920

and that's why steve and i work actually

1370

00:52:19,589 --> 00:52:18,559

quite well as a working partnership wow

1371

00:52:23,190 --> 00:52:19,599

um

1372

00:52:25,190 --> 00:52:23,200

and i thought that name rings a bell

1373

00:52:28,150 --> 00:52:25,200

so i emailed this this chapter i said

1374

00:52:32,069 --> 00:52:28,160

are you the steve dewey i met at peter

1375

00:52:34,790 --> 00:52:32,079

paget's star house in october of 1976

1376

00:52:35,829 --> 00:52:34,800

and sure as hell it was

1377

00:52:37,990 --> 00:52:35,839

um

1378

00:52:40,790 --> 00:52:38,000

so that's the genus that's the genesis

1379

00:52:42,390 --> 00:52:40,800

of of how the book actually happened

1380

00:52:43,910 --> 00:52:42,400

but the interesting thing was you know

1381

00:52:46,470 --> 00:52:43,920

the book had been written and i was

1382

00:52:48,470 --> 00:52:46,480

racking myself for a title

1383

00:52:50,470 --> 00:52:48,480

and somebody suggested ufo war mister

1384

00:52:52,790 --> 00:52:50,480

which i thought yeah okay that's okay

1385

00:52:54,150 --> 00:52:52,800

but it does need a subtitle it's a bit

1386

00:52:57,430 --> 00:52:54,160

na

1387

00:52:59,430 --> 00:52:57,440

you know just ufo warminster and um i'm

1388

00:53:01,190 --> 00:52:59,440

not going to give too much away

1389

00:53:03,109 --> 00:53:01,200

uh but if anybody wants to get a copy of

1390

00:53:05,109 --> 00:53:03,119

the book please do and read it i could

1391

00:53:06,390 --> 00:53:05,119

do with the money

1392

00:53:07,670 --> 00:53:06,400

and where where would they find the book

1393

00:53:09,829 --> 00:53:07,680

is it on your website

1394

00:53:11,670 --> 00:53:09,839

it's available on amazon hopefully uh

1395

00:53:13,349 --> 00:53:11,680

they can get it either amazon.com or

1396

00:53:16,069 --> 00:53:13,359

amazon.com

1397

00:53:18,470 --> 00:53:16,079

it's actually now it's well um the book

1398

00:53:20,390 --> 00:53:18,480

was privately published to start with

1399

00:53:21,990 --> 00:53:20,400

and i had i think nearly a thousand

1400

00:53:24,309 --> 00:53:22,000

copies or just about a thousand copies

1401

00:53:26,549 --> 00:53:24,319

printed and it sold out within 18 months

1402

00:53:29,430 --> 00:53:26,559

and this is me just pushing the book

1403

00:53:30,390 --> 00:53:29,440

myself doing all my own self-publicity i

1404

00:53:33,270 --> 00:53:30,400

think

1405

00:53:36,069 --> 00:53:33,280

and then about two years ago

1406

00:53:39,270 --> 00:53:36,079

um i was invited to speak down at the

1407

00:53:42,069 --> 00:53:39,280

weird weekender in devon run by john

1408

00:53:45,109 --> 00:53:42,079

downes of the um cryptozoology

1409

00:53:46,630 --> 00:53:45,119

foundation and uh john said look i'll

1410

00:53:48,710 --> 00:53:46,640

publish your book

1411

00:53:51,190 --> 00:53:48,720

i'll republish it don't worry about it

1412

00:53:53,190 --> 00:53:51,200

um and so consequently the book has been

1413

00:53:55,750 --> 00:53:53,200

sort of shall we say slightly updated

1414

00:53:58,950 --> 00:53:55,760

and it's now available via

1415

00:54:00,390 --> 00:53:58,960

that medium um but as i said you know i

1416

00:54:02,630 --> 00:54:00,400

was thinking cradle of com you know

1417

00:54:03,990 --> 00:54:02,640

craig you know ufo warster it needs a

1418

00:54:06,390 --> 00:54:04,000

byline

1419

00:54:09,030 --> 00:54:06,400

and of course cradle as in cradle hill

1420

00:54:11,430 --> 00:54:09,040

came to came to mind and then again

1421

00:54:13,750 --> 00:54:11,440

without giving too much away and the

1422

00:54:17,030 --> 00:54:13,760

third word

1423

00:54:20,309 --> 00:54:17,040

uh is the is the imperative one here um

1424

00:54:22,549 --> 00:54:20,319

i suddenly thought cradle of contact

1425

00:54:25,109 --> 00:54:22,559

that'll do

1426

00:54:28,230 --> 00:54:25,119

okay well hey i'll put your book

1427

00:54:30,630 --> 00:54:28,240

beside your podcast um so when people

1428

00:54:32,390 --> 00:54:30,640

listen to the podcast come to my website

1429

00:54:33,910 --> 00:54:32,400

they can find it and just click on it

1430

00:54:36,230 --> 00:54:33,920

i'll go right to amazon

1431

00:54:38,230 --> 00:54:36,240

thanks and you know i mean i always am

1432

00:54:39,910 --> 00:54:38,240

available to answer questions via email

1433

00:54:41,510 --> 00:54:39,920

if anybody wants to contact me you know

1434

00:54:43,270 --> 00:54:41,520

i'm quite happy to do that i mean you

1435

00:54:45,589 --> 00:54:43,280

know some days it you know it might take

1436

00:54:47,349 --> 00:54:45,599

me a bit longer to to do it because you

1437

00:54:49,349 --> 00:54:47,359

know about two hours a night these days

1438

00:54:51,670 --> 00:54:49,359

is taken up on by me just doing all this

1439

00:54:53,510 --> 00:54:51,680

sort of stuff oh i hear you there

1440

00:54:55,109 --> 00:54:53,520

but it's a labor of love

1441

00:54:56,870 --> 00:54:55,119

it's it's great to get the word out

1442

00:54:59,109 --> 00:54:56,880

there because

1443

00:55:01,829 --> 00:54:59,119

i think and i'm not talking about war

1444

00:55:03,750 --> 00:55:01,839

mister in particular here um people who

1445

00:55:06,230 --> 00:55:03,760

have been genuinely touched by this

1446

00:55:07,589 --> 00:55:06,240

phenomenon you know we need to get the

1447

00:55:10,390 --> 00:55:07,599

word out there

1448

00:55:11,829 --> 00:55:10,400

we need to not make people exactly

1449

00:55:14,630 --> 00:55:11,839

believe us

1450

00:55:18,549 --> 00:55:14,640

but we've got to get rid of this

1451

00:55:19,589 --> 00:55:18,559

this idea that we are not cranks

1452

00:55:22,309 --> 00:55:19,599

that's right

1453

00:55:25,030 --> 00:55:22,319

i hate using that word you know it's a

1454

00:55:28,069 --> 00:55:25,040

very 70s word now um you know it's a

1455

00:55:30,950 --> 00:55:28,079

very esoteric subject this um but more

1456

00:55:33,030 --> 00:55:30,960

people as time go on are prepared to

1457

00:55:35,190 --> 00:55:33,040

embrace it and that's the important

1458

00:55:38,230 --> 00:55:35,200

thing it's getting the word out there

1459

00:55:41,430 --> 00:55:38,240

whenever i heard stephen hawking say

1460

00:55:43,349 --> 00:55:41,440

uh ufos are only seen by cranks or

1461

00:55:45,430 --> 00:55:43,359

something like that that was quite

1462

00:55:48,390 --> 00:55:45,440

offensive after seeing one myself well

1463

00:55:49,670 --> 00:55:48,400

it rubs it rubs me up you know really

1464

00:55:50,549 --> 00:55:49,680

badly that

1465

00:55:52,710 --> 00:55:50,559

um

1466

00:55:54,630 --> 00:55:52,720

and you know i mean i i've got to say

1467

00:55:58,470 --> 00:55:54,640

that i mean i i've done

1468

00:56:01,030 --> 00:55:58,480

uh two or three uk broadcasts now uh the

1469

00:56:02,549 --> 00:56:01,040

the britain's closest encounters was was

1470

00:56:04,789 --> 00:56:02,559

a great one to do

1471

00:56:08,150 --> 00:56:04,799

and we have over here in the uk a

1472

00:56:11,109 --> 00:56:08,160

programme called of all things flog it

1473

00:56:13,430 --> 00:56:11,119

which is about antiques of all things

1474

00:56:15,670 --> 00:56:13,440

and they actually did one of these

1475

00:56:18,549 --> 00:56:15,680

programs from warminster

1476
00:56:19,430 --> 00:56:18,559
and it was it's a bbc production

1477
00:56:21,109 --> 00:56:19,440
and

1478
00:56:23,349 --> 00:56:21,119
they asked me to

1479
00:56:24,789 --> 00:56:23,359
to do a little bit to camera

1480
00:56:27,109 --> 00:56:24,799
because what happens with with the

1481
00:56:29,589 --> 00:56:27,119
initial broadcast of this program it

1482
00:56:31,510 --> 00:56:29,599
lasts in the uk without advert breaks as

1483
00:56:35,190 --> 00:56:31,520
i know you have in the states

1484
00:56:36,870 --> 00:56:35,200
45 minutes um and for about 10 minutes

1485
00:56:39,190 --> 00:56:36,880
in the middle there is always a little

1486
00:56:40,390 --> 00:56:39,200
bit about the history of the town where

1487
00:56:42,710 --> 00:56:40,400
they're at

1488
00:56:45,670 --> 00:56:42,720

you know be it you know starbridge

1489

00:56:49,430 --> 00:56:45,680

warminster you know wherever manchester

1490

00:56:52,069 --> 00:56:49,440

and i i did a piece to camera and i was

1491

00:56:54,870 --> 00:56:52,079

expecting it to be really taken with a

1492

00:56:57,430 --> 00:56:54,880

pinch of salt but again these people

1493

00:56:59,510 --> 00:56:57,440

took it exceedingly seriously

1494

00:57:01,349 --> 00:56:59,520

which is which which is a sea change

1495

00:57:03,349 --> 00:57:01,359

from what it was like in the 1970s

1496

00:57:05,349 --> 00:57:03,359

that's right so it's been great speaking

1497
