

1
00:00:03,110 --> 00:00:02,470
and it hits me oh my gosh this is that

2
00:00:04,309 --> 00:00:03,120
triangle

3
00:00:05,670 --> 00:00:04,319
you know there's explanation for

4
00:00:06,309 --> 00:00:05,680
everything that occurred in the renal

5
00:00:08,470 --> 00:00:06,319
chambers

6
00:00:10,790 --> 00:00:08,480
incident that doesn't involve aliens at

7
00:00:14,150 --> 00:00:10,800
all it was completely silent

8
00:00:16,550 --> 00:00:14,160
it comes right over our heads he saw a

9
00:00:18,310 --> 00:00:16,560
classic flying saucer really standing in

10
00:00:19,830 --> 00:00:18,320
the clearing he turned over to my father

11
00:00:27,269 --> 00:00:19,840
and held his hand and he looked in his

12
00:00:30,790 --> 00:00:29,029
hello and welcome to the show i'm martin

13
00:00:32,870 --> 00:00:30,800

willis your host michael

14

00:00:34,950 --> 00:00:32,880

loke will not be joining us today

15

00:00:37,270 --> 00:00:34,960

because of a scheduling conflict

16

00:00:39,190 --> 00:00:37,280

but being the good egg that he is he

17

00:00:41,709 --> 00:00:39,200

wrote an updated news blog

18

00:00:43,030 --> 00:00:41,719

that you'll find on our website

19

00:00:46,389 --> 00:00:43,040

podcastufo.com

20

00:00:48,950 --> 00:00:46,399

this is podcast number 64 with dr

21

00:00:50,869 --> 00:00:48,960

roger lear we'll discuss the amazing

22

00:00:53,350 --> 00:00:50,879

turkey ufo incident

23

00:00:55,590 --> 00:00:53,360

as well as implants it's a great show i

24

00:01:38,830 --> 00:00:55,600

hope you enjoy it after this tune by

25

00:01:38,840 --> 00:01:52,830

ah

26

00:03:10,470 --> 00:03:04,949

oh

27

00:03:12,390 --> 00:03:10,480

it's uh good to be with you yes thank

28

00:03:12,869 --> 00:03:12,400

you and you have a fan going there

29

00:03:15,990 --> 00:03:12,879

because

30

00:03:19,670 --> 00:03:16,000

where you're in southern california yes

31

00:03:20,470 --> 00:03:19,680

very hot and humid southern california

32

00:03:22,630 --> 00:03:20,480

at the moment

33

00:03:24,949 --> 00:03:22,640

so i would like to talk to you today of

34

00:03:28,990 --> 00:03:24,959

course about what you're known for the

35

00:03:32,229 --> 00:03:29,000

alien implants and your website is

36

00:03:33,990 --> 00:03:32,239

alienscapple.com right that is good

37

00:03:35,350 --> 00:03:34,000

uh but i would really want to talk to

38

00:03:38,630 --> 00:03:35,360

you about the

39

00:03:39,910 --> 00:03:38,640

turkey ufo event because uh to me that

40

00:03:42,309 --> 00:03:39,920

is one of the most

41

00:03:43,430 --> 00:03:42,319

important sightings that i think there

42

00:03:46,470 --> 00:03:43,440

is

43

00:03:48,630 --> 00:03:46,480

it's so documented there are several

44

00:03:49,750 --> 00:03:48,640

witnesses i mean many many witnesses to

45

00:03:53,429 --> 00:03:49,760

the same craft

46

00:03:55,350 --> 00:03:53,439

yes there is and it was a scene

47

00:03:56,710 --> 00:03:55,360

you have to remember three years in a

48

00:03:59,990 --> 00:03:56,720

row

49

00:04:00,630 --> 00:04:00,000

right and how did you were you living in

50

00:04:02,390 --> 00:04:00,640

turkey

51
00:04:03,910 --> 00:04:02,400
and how if so how long did you live

52
00:04:06,869 --> 00:04:03,920
there no i

53
00:04:09,429 --> 00:04:06,879
was not living in turkey i was invited

54
00:04:14,309 --> 00:04:09,439
over for several conferences

55
00:04:17,509 --> 00:04:14,319
i'd been there a number of times and um

56
00:04:20,949 --> 00:04:17,519
during the conferences themselves

57
00:04:26,830 --> 00:04:20,959
there was so many ufos that

58
00:04:33,430 --> 00:04:29,430
really i got tired

59
00:04:35,670 --> 00:04:33,440
looking at ufos it was like

60
00:04:37,590 --> 00:04:35,680
standing out on a balcony watching the

61
00:04:40,790 --> 00:04:37,600
traffic on the freeway

62
00:04:43,990 --> 00:04:40,800
every martin every single major

63
00:04:47,030 --> 00:04:44,000

news truck was at the conference center

64

00:04:50,310 --> 00:04:47,040

and they were filming them all day long

65

00:04:52,230 --> 00:04:50,320

and it was reported on the national news

66

00:04:54,390 --> 00:04:52,240

all over turkey but

67

00:04:55,510 --> 00:04:54,400

you know like yeah in the rest of the

68

00:04:59,830 --> 00:04:55,520

world that

69

00:05:02,870 --> 00:04:59,840

just seems to not make it to the u.s

70

00:05:03,830 --> 00:05:02,880

wow you had it ufo conferences and ufos

71

00:05:06,870 --> 00:05:03,840

came to watch

72

00:05:08,230 --> 00:05:06,880

it sounds like almost well i don't know

73

00:05:11,830 --> 00:05:08,240

if they came to watch

74

00:05:12,230 --> 00:05:11,840

because uh although they may have slowed

75

00:05:15,590 --> 00:05:12,240

down

76

00:05:18,150 --> 00:05:15,600

for the event they'd be you know like uh

77

00:05:20,230 --> 00:05:18,160

like a freeway either they were hitting

78

00:05:20,710 --> 00:05:20,240

some place and they just happened to fly

79

00:05:24,390 --> 00:05:20,720

over

80

00:05:27,590 --> 00:05:24,400

the uh event site uh or

81

00:05:29,990 --> 00:05:27,600

that they were trying to make uh

82

00:05:30,629 --> 00:05:30,000

you know citizens of this world know

83

00:05:32,950 --> 00:05:30,639

that

84

00:05:34,230 --> 00:05:32,960

they're there now why do they pick

85

00:05:37,110 --> 00:05:34,240

turkey um

86

00:05:38,790 --> 00:05:37,120

i don't know i've seen similar things in

87

00:05:40,950 --> 00:05:38,800

other places in the world such as in

88

00:05:46,070 --> 00:05:40,960

brazil

89

00:05:49,590 --> 00:05:46,080

tremendous the sightings in

90

00:05:52,870 --> 00:05:49,600

in ecuador chile argentina

91

00:05:56,309 --> 00:05:52,880

uruguay uh as you know

92

00:05:57,110 --> 00:05:56,319

not to get too far off subject but i was

93

00:05:59,990 --> 00:05:57,120

able to

94

00:06:02,230 --> 00:06:00,000

testify at the citizens hearing in

95

00:06:05,350 --> 00:06:02,240

washington d.c

96

00:06:07,430 --> 00:06:05,360

and that was five

97

00:06:08,790 --> 00:06:07,440

days in front of a congressional

98

00:06:12,390 --> 00:06:08,800

committee which is

99

00:06:15,749 --> 00:06:12,400

not easy and we had about

100

00:06:17,749 --> 00:06:15,759

40 witnesses and the

101
00:06:19,510 --> 00:06:17,759
congressional experience that we had

102
00:06:21,670 --> 00:06:19,520
before us on the committee

103
00:06:23,990 --> 00:06:21,680
represented at least 80 years of

104
00:06:27,430 --> 00:06:24,000
congressional experience

105
00:06:30,950 --> 00:06:27,440
well one of the questions that was

106
00:06:33,270 --> 00:06:30,960
asked on quote unquote the foreign day

107
00:06:35,350 --> 00:06:33,280
when we had foreign politicians from all

108
00:06:37,830 --> 00:06:35,360
over the world

109
00:06:38,790 --> 00:06:37,840
they were asked towards the end of the

110
00:06:42,550 --> 00:06:38,800
session

111
00:06:44,790 --> 00:06:42,560
on a scale of one to ten

112
00:06:46,629 --> 00:06:44,800
which one of your countries would be

113
00:06:49,029 --> 00:06:46,639

considered a one and which would be

114

00:06:52,309 --> 00:06:49,039

considered a 10.

115

00:06:53,110 --> 00:06:52,319

and so they talked to monkeys amongst

116

00:06:56,629 --> 00:06:53,120

each other

117

00:06:57,110 --> 00:06:56,639

and it was it was decided without a

118

00:07:00,309 --> 00:06:57,120

doubt

119

00:07:00,870 --> 00:07:00,319

that the country of uruguay was number

120

00:07:08,150 --> 00:07:00,880

one

121

00:07:11,990 --> 00:07:08,160

in uruguay was that uniformed

122

00:07:14,870 --> 00:07:12,000

representative of the hawaiian air force

123

00:07:16,150 --> 00:07:14,880

would go into high schools and they

124

00:07:18,350 --> 00:07:16,160

would uh

125

00:07:20,390 --> 00:07:18,360

lecture about the presence of

126

00:07:22,550 --> 00:07:20,400

extraterrestrials on earth

127

00:07:23,830 --> 00:07:22,560

the craft that was flying around what

128

00:07:26,629 --> 00:07:23,840

they look like

129

00:07:27,510 --> 00:07:26,639

what the occupants of these vehicles

130

00:07:30,070 --> 00:07:27,520

look like

131

00:07:30,870 --> 00:07:30,080

they talked about abductions etc and it

132

00:07:34,150 --> 00:07:30,880

was just

133

00:07:36,309 --> 00:07:34,160

wide open so that was number one so

134

00:07:37,670 --> 00:07:36,319

uh you know we asked where the united

135

00:07:41,029 --> 00:07:37,680

states would

136

00:07:42,550 --> 00:07:41,039

fit in that scale and the congressional

137

00:07:45,749 --> 00:07:42,560

committee said well

138

00:07:47,830 --> 00:07:45,759

probably around 29th wow

139

00:07:49,430 --> 00:07:47,840

i i believe that when you were talking

140

00:07:52,710 --> 00:07:49,440

about these flying over

141

00:07:53,830 --> 00:07:52,720

the event there these were daylight

142

00:07:58,150 --> 00:07:53,840

sightings

143

00:08:01,670 --> 00:07:58,160

amazing

144

00:08:04,070 --> 00:08:01,680

and let's talk about the famed ufo

145

00:08:05,270 --> 00:08:04,080

that was filmed and how did you get

146

00:08:08,550 --> 00:08:05,280

involved with doing that

147

00:08:11,749 --> 00:08:08,560

while you were there well once the

148

00:08:14,869 --> 00:08:11,759

conference was over

149

00:08:16,150 --> 00:08:14,879

we decided to go down uh the european

150

00:08:19,670 --> 00:08:16,160

coast now

151

00:08:23,029 --> 00:08:19,680

uh turkey uh is uh

152

00:08:26,790 --> 00:08:23,039

uh different than other because

153

00:08:29,110 --> 00:08:26,800

it lies on two continents uh part of

154

00:08:32,709 --> 00:08:29,120

turkey is in asia and part of turkey

155

00:08:35,029 --> 00:08:32,719

is in europe so and it's

156

00:08:37,509 --> 00:08:35,039

totally surrounded by water everywhere

157

00:08:38,310 --> 00:08:37,519

you look there's a water or an estuary

158

00:08:41,750 --> 00:08:38,320

or

159

00:08:45,030 --> 00:08:41,760

a bay and a mixture of oceans and so on

160

00:08:46,230 --> 00:08:45,040

so we decided to go down the uh european

161

00:08:49,990 --> 00:08:46,240

coast

162

00:08:53,670 --> 00:08:50,000

and there was a area there was a may

163

00:08:54,230 --> 00:08:53,680

made available to us to spend a few

164

00:08:56,949 --> 00:08:54,240

nights

165

00:08:57,590 --> 00:08:56,959

uh at that area that's it was in the

166

00:09:01,590 --> 00:08:57,600

city of

167

00:09:04,710 --> 00:09:01,600

cumbergas and we stayed up from

168

00:09:05,910 --> 00:09:04,720

uh about midnight till five o'clock in

169

00:09:09,190 --> 00:09:05,920

the morning

170

00:09:12,310 --> 00:09:09,200

uh filming out over the water

171

00:09:15,430 --> 00:09:12,320

now we did a very careful

172

00:09:16,630 --> 00:09:15,440

analysis of the surroundings prior to

173

00:09:19,829 --> 00:09:16,640

the time when we

174

00:09:22,790 --> 00:09:19,839

actually did any filming we

175

00:09:23,509 --> 00:09:22,800

checked with binoculars to see if there

176

00:09:27,269 --> 00:09:23,519

was any

177

00:09:28,310 --> 00:09:27,279

uh ships in that area that were passing

178

00:09:31,430 --> 00:09:28,320

by

179

00:09:34,150 --> 00:09:31,440

any uh light interferences that would be

180

00:09:36,710 --> 00:09:34,160

coming from land lighthouses and

181

00:09:38,070 --> 00:09:36,720

and so on and there was absolutely

182

00:09:41,509 --> 00:09:38,080

nothing

183

00:09:44,710 --> 00:09:41,519

uh one of the years i don't remember

184

00:09:48,150 --> 00:09:44,720

i think it was 2009. um

185

00:09:51,670 --> 00:09:48,160

jaime mohson from mexico was there

186

00:09:54,870 --> 00:09:51,680

with his own film team so uh

187

00:09:55,670 --> 00:09:54,880

the uh turkish team was not the only one

188

00:09:59,190 --> 00:09:55,680

that

189

00:10:00,949 --> 00:09:59,200

did the filming so uh i have to describe

190

00:10:03,910 --> 00:10:00,959

tonight because we're standing on

191

00:10:04,550 --> 00:10:03,920

an elevated deck which has nothing

192

00:10:08,230 --> 00:10:04,560

between

193

00:10:10,550 --> 00:10:08,240

us and the water so

194

00:10:11,990 --> 00:10:10,560

there was there was a rather warm night

195

00:10:16,310 --> 00:10:12,000

and there was a

196

00:10:20,550 --> 00:10:16,320

very very bright full moon

197

00:10:23,829 --> 00:10:20,560

so the camera we were using had a

198

00:10:25,910 --> 00:10:23,839

300 millimeter lens and

199

00:10:28,389 --> 00:10:25,920

an electronic doubler in other words we

200

00:10:32,949 --> 00:10:28,399

were able to

201

00:10:36,389 --> 00:10:32,959

uh push or close in on the object uh

202

00:10:40,550 --> 00:10:36,399

600 times magnification wow so

203

00:10:42,710 --> 00:10:40,560

we started by uh looking at the moon

204

00:10:44,230 --> 00:10:42,720

focusing on the moon now the moon was

205

00:10:47,670 --> 00:10:44,240

very bright

206

00:10:51,350 --> 00:10:47,680

and under these circumstances it's just

207

00:10:52,870 --> 00:10:51,360

the absolute worst time to go look for

208

00:10:55,670 --> 00:10:52,880

ufos

209

00:10:57,670 --> 00:10:55,680

because the light from the moon pollutes

210

00:10:59,509 --> 00:10:57,680

the surrounding sky

211

00:11:01,590 --> 00:10:59,519

it's like you know trying to film

212

00:11:04,150 --> 00:11:01,600

something at night

213

00:11:05,509 --> 00:11:04,160

in the sky in the middle of the city you

214

00:11:09,269 --> 00:11:05,519

get you know

215

00:11:12,069 --> 00:11:09,279

you like to pollution so uh

216

00:11:13,829 --> 00:11:12,079

i i personally think well i thought my

217

00:11:14,949 --> 00:11:13,839

my venus we're not going to see anything

218

00:11:18,470 --> 00:11:14,959

tonight

219

00:11:21,750 --> 00:11:18,480

but anyway we saw a little uh bright dot

220

00:11:25,269 --> 00:11:21,760

uh to the left and below the moon

221

00:11:28,470 --> 00:11:25,279

and then after uh getting our focus

222

00:11:28,870 --> 00:11:28,480

on the moon we moved the camera over to

223

00:11:32,069 --> 00:11:28,880

this

224

00:11:32,470 --> 00:11:32,079

uh little bright light and then started

225

00:11:40,470 --> 00:11:32,480

to

226
00:11:41,990 --> 00:11:40,480
when we got probably three quarters of

227
00:11:44,069 --> 00:11:42,000
the way

228
00:11:45,670 --> 00:11:44,079
of magnification and we're looking

229
00:11:47,350 --> 00:11:45,680
through the viewfinder and also

230
00:11:50,870 --> 00:11:47,360
recording this

231
00:11:53,829 --> 00:11:50,880
on a monitor we see that

232
00:11:54,790 --> 00:11:53,839
this light is not a plane it's not a

233
00:11:58,150 --> 00:11:54,800
star

234
00:11:58,949 --> 00:11:58,160
it's not a helicopter it has a shape to

235
00:12:01,670 --> 00:11:58,959
it

236
00:12:03,030 --> 00:12:01,680
which was uh cylindrical in the front

237
00:12:05,269 --> 00:12:03,040
and then

238
00:12:06,470 --> 00:12:05,279

it would turn from time to time and you

239

00:12:09,509 --> 00:12:06,480

could see that

240

00:12:12,710 --> 00:12:09,519

it was probably crescent shaped

241

00:12:14,710 --> 00:12:12,720

and as we pushed on what we considered

242

00:12:17,269 --> 00:12:14,720

the front of the object

243

00:12:18,389 --> 00:12:17,279

that's when we were so startled why we

244

00:12:20,870 --> 00:12:18,399

just couldn't believe

245

00:12:22,949 --> 00:12:20,880

what we were seeing and of course i was

246

00:12:25,750 --> 00:12:22,959

one of the ones that was looking

247

00:12:27,190 --> 00:12:25,760

through the lens of the camera and also

248

00:12:31,350 --> 00:12:27,200

on the monitor

249

00:12:34,550 --> 00:12:31,360

but this was a craft that had

250

00:12:35,350 --> 00:12:34,560

whatever you choose to call viewing

251
00:12:38,710 --> 00:12:35,360
ports

252
00:12:39,269 --> 00:12:38,720
windows whatever three one a big one in

253
00:12:42,949 --> 00:12:39,279
the front

254
00:12:46,949 --> 00:12:42,959
and one torch each side and um

255
00:12:50,790 --> 00:12:46,959
the craft externally was being

256
00:12:52,150 --> 00:12:50,800
lit by the moon so you could see that it

257
00:12:55,430 --> 00:12:52,160
was a shiny

258
00:12:57,910 --> 00:12:55,440
you know sort of metallic material

259
00:12:58,710 --> 00:12:57,920
but the what you could see through these

260
00:13:01,990 --> 00:12:58,720
ports

261
00:13:04,710 --> 00:13:02,000
was light that was emanating from the

262
00:13:08,870 --> 00:13:04,720
internal portion of the craft

263
00:13:12,430 --> 00:13:08,880

and standing there in these portals

264

00:13:13,670 --> 00:13:12,440

were some beings and some were the

265

00:13:16,710 --> 00:13:13,680

stereotypical

266

00:13:19,430 --> 00:13:16,720

bumper sticker grays so

267

00:13:20,790 --> 00:13:19,440

they were you know obviously doing

268

00:13:22,949 --> 00:13:20,800

something

269

00:13:24,150 --> 00:13:22,959

and they they knew we were there filming

270

00:13:27,910 --> 00:13:24,160

them it was like

271

00:13:31,350 --> 00:13:27,920

hello you know go ahead fill them away

272

00:13:33,030 --> 00:13:31,360

wow now this thing just seemed to hover

273

00:13:35,030 --> 00:13:33,040

in one place and it seemed to do the

274

00:13:38,150 --> 00:13:35,040

same thing in other videos

275

00:13:40,389 --> 00:13:38,160

in the past yes yes it repeated this as

276
00:13:43,750 --> 00:13:40,399
i said for three years

277
00:13:46,949 --> 00:13:43,760
and uh we don't know why but

278
00:13:49,430 --> 00:13:46,959
other you know no

279
00:13:51,110 --> 00:13:49,440
intelligent and i'm not comparing that

280
00:13:53,990 --> 00:13:51,120
with uh

281
00:13:54,629 --> 00:13:54,000
human intelligence but no advanced let's

282
00:13:58,150 --> 00:13:54,639
say

283
00:14:01,590 --> 00:13:58,160
intelligent uh

284
00:14:02,470 --> 00:14:01,600
civilization is going to do something

285
00:14:05,030 --> 00:14:02,480
like that

286
00:14:06,550 --> 00:14:05,040
without a motive i mean that's that's

287
00:14:10,389 --> 00:14:06,560
okay

288
00:14:13,670 --> 00:14:10,399

so obviously this was staged

289

00:14:16,629 --> 00:14:13,680

uh as a demonstration and also

290

00:14:18,389 --> 00:14:16,639

their face on in in the videos you see

291

00:14:20,389 --> 00:14:18,399

now did you actually see the craft turn

292

00:14:21,430 --> 00:14:20,399

at all or was it always just square to

293

00:14:24,629 --> 00:14:21,440

you

294

00:14:27,750 --> 00:14:24,639

uh for the most time it was uh

295

00:14:30,069 --> 00:14:27,760

front arm towards us but it did turn

296

00:14:33,030 --> 00:14:30,079

which i would say to the left so that

297

00:14:36,949 --> 00:14:33,040

you could see that it was not a saucer

298

00:14:39,430 --> 00:14:36,959

but more of a boomerang shaped craft

299

00:14:40,629 --> 00:14:39,440

very similar to what was described that

300

00:14:45,030 --> 00:14:40,639

had crashed in

301

00:14:48,629 --> 00:14:45,040

roswell new mexico in 1947

302

00:14:51,829 --> 00:14:48,639

now the the video from uh

303

00:14:53,110 --> 00:14:51,839

all three of these sightings over the

304

00:14:55,350 --> 00:14:53,120

three years

305

00:14:58,389 --> 00:14:55,360

was all sent to the university of

306

00:15:02,550 --> 00:14:58,399

istanbul which is a government-run

307

00:15:06,629 --> 00:15:02,560

university and some high-quality

308

00:15:09,910 --> 00:15:06,639

optical analysts looked at the film

309

00:15:10,829 --> 00:15:09,920

and did an analysis and then they came

310

00:15:14,870 --> 00:15:10,839

out with

311

00:15:17,750 --> 00:15:14,880

a written statement that the film was

312

00:15:19,110 --> 00:15:17,760

not photoshopped it was not doctored it

313

00:15:22,710 --> 00:15:19,120

was the real thing

314

00:15:23,829 --> 00:15:22,720

and what we had filmed was a craft of

315

00:15:26,710 --> 00:15:23,839

unknown origin

316

00:15:29,030 --> 00:15:26,720

with unknown occupants and that was the

317

00:15:32,389 --> 00:15:29,040

official statement that went out

318

00:15:35,990 --> 00:15:32,399

on television and all the newspapers

319

00:15:39,189 --> 00:15:36,000

we then participated in numerous

320

00:15:40,230 --> 00:15:39,199

national television programs they

321

00:15:47,269 --> 00:15:40,240

brought in

322

00:15:48,790 --> 00:15:47,279

all sorts of experts optical experts and

323

00:15:51,829 --> 00:15:48,800

so on

324

00:15:53,749 --> 00:15:51,839

but it was never proven to be anything

325

00:15:56,550 --> 00:15:53,759

other than what it was

326

00:15:58,069 --> 00:15:56,560

secondarily the last footage that was

327

00:16:01,590 --> 00:15:58,079

done in 19

328

00:16:06,470 --> 00:16:01,600

or 2009 rather was sent to

329

00:16:09,749 --> 00:16:06,480

chilean a videographer a video analyst

330

00:16:13,110 --> 00:16:09,759

and he instead of

331

00:16:16,310 --> 00:16:13,120

analyzing the craft itself

332

00:16:19,430 --> 00:16:16,320

his major function

333

00:16:22,470 --> 00:16:19,440

was that he looked at the beings

334

00:16:25,670 --> 00:16:22,480

now as you may or may not know

335

00:16:28,710 --> 00:16:25,680

uh there are 30 frames

336

00:16:31,030 --> 00:16:28,720

that go by the aperture of a video

337

00:16:33,749 --> 00:16:31,040

camera per second

338

00:16:34,629 --> 00:16:33,759

each frame is then composed of two

339

00:16:37,829 --> 00:16:34,639

pictures

340

00:16:41,590 --> 00:16:37,839

which are called video fields and the

341

00:16:45,189 --> 00:16:41,600

analyst in in chile

342

00:16:48,069 --> 00:16:45,199

had a apparatus for dividing

343

00:16:49,430 --> 00:16:48,079

each frame into each one of its

344

00:16:52,389 --> 00:16:49,440

segmental

345

00:16:54,550 --> 00:16:52,399

field so in third for every 30 frames

346

00:16:57,590 --> 00:16:54,560

you got 60 fields

347

00:17:00,710 --> 00:16:57,600

and then he went ahead and did

348

00:17:04,710 --> 00:17:00,720

geometric and optical drawings from

349

00:17:05,750 --> 00:17:04,720

what he saw and he told us uh the report

350

00:17:10,390 --> 00:17:05,760

is up on my

351

00:17:13,829 --> 00:17:10,400

uh on my website aliensscalpel.com

352

00:17:15,990 --> 00:17:13,839

about what he saw that these um

353

00:17:18,230 --> 00:17:16,000

non-human beings were doing while we

354

00:17:20,230 --> 00:17:18,240

were filming them was there movement

355

00:17:22,069 --> 00:17:20,240

i'm sorry was there movement involved

356

00:17:25,350 --> 00:17:22,079

yes there was movement

357

00:17:27,270 --> 00:17:25,360

movement they were uh you know

358

00:17:28,470 --> 00:17:27,280

working with some kind of electronic

359

00:17:31,510 --> 00:17:28,480

equipment

360

00:17:35,190 --> 00:17:31,520

they all were not regressed

361

00:17:38,549 --> 00:17:35,200

some had very large proboscis

362

00:17:40,070 --> 00:17:38,559

uh you know noses uh others looked

363

00:17:40,950 --> 00:17:40,080

slightly different than they were

364

00:17:43,830 --> 00:17:40,960

engaged in

365

00:17:44,950 --> 00:17:43,840

uh different activities so who knows

366

00:17:48,630 --> 00:17:44,960

maybe they were

367

00:17:49,909 --> 00:17:48,640

recording us uh to tear to take to their

368

00:17:52,070 --> 00:17:49,919

video analyst

369

00:17:53,270 --> 00:17:52,080

to see if the humans really look like

370

00:17:55,909 --> 00:17:53,280

this i don't know

371

00:17:56,789 --> 00:17:55,919

if we're real that is yes yeah maybe

372

00:17:59,350 --> 00:17:56,799

they thought

373

00:18:01,110 --> 00:17:59,360

we were phony or robots or whatever they

374

00:18:03,990 --> 00:18:01,120

had uh

375

00:18:05,669 --> 00:18:04,000

civilizations yeah speaking of earlier

376

00:18:07,350 --> 00:18:05,679

mentioned that you talked with

377

00:18:09,270 --> 00:18:07,360

skeptics and all kinds of different

378

00:18:12,390 --> 00:18:09,280

people what has been

379

00:18:15,590 --> 00:18:12,400

the skeptics and debunkers remarks

380

00:18:18,630 --> 00:18:15,600

in general over the years about this

381

00:18:19,669 --> 00:18:18,640

uh the first remark that came out was

382

00:18:23,029 --> 00:18:19,679

that

383

00:18:26,310 --> 00:18:23,039

what we were filming was uh reflections

384

00:18:28,390 --> 00:18:26,320

of a lighthouse that was on a point some

385

00:18:30,789 --> 00:18:28,400

20 miles away uh

386

00:18:31,430 --> 00:18:30,799

sounds like rental some forest to me

387

00:18:33,430 --> 00:18:31,440

yeah

388

00:18:34,950 --> 00:18:33,440

uh or you know they could have said

389

00:18:38,230 --> 00:18:34,960

swamp gas or

390

00:18:40,630 --> 00:18:38,240

something else uh others said that uh

391

00:18:43,830 --> 00:18:40,640

because of the clarity

392

00:18:47,029 --> 00:18:43,840

of the shots and uh

393

00:18:49,830 --> 00:18:47,039

the clarity of what the beings look like

394

00:18:50,630 --> 00:18:49,840

that somebody had to draw these and

395

00:18:53,909 --> 00:18:50,640

insert them

396

00:18:55,590 --> 00:18:53,919

uh you know into the video uh but

397

00:18:58,470 --> 00:18:55,600

it's just the biggest you know when the

398

00:19:00,390 --> 00:18:58,480

government comes out of turkey

399

00:19:01,669 --> 00:19:00,400

and makes a statement that the film is

400

00:19:04,789 --> 00:19:01,679

real

401
00:19:06,630 --> 00:19:04,799
uh i don't think they do that for a hoax

402
00:19:08,070 --> 00:19:06,640
and then when you send it completely to

403
00:19:09,830 --> 00:19:08,080
another country

404
00:19:11,430 --> 00:19:09,840
and he comes back with an in-depth

405
00:19:14,470 --> 00:19:11,440
report and the guy

406
00:19:16,549 --> 00:19:14,480
is uh an optical physicist

407
00:19:18,390 --> 00:19:16,559
and he's telling you that you know what

408
00:19:19,430 --> 00:19:18,400
you're seeing is real and in greater

409
00:19:21,510 --> 00:19:19,440
detail

410
00:19:22,549 --> 00:19:21,520
with you with what the university had

411
00:19:24,950 --> 00:19:22,559
done

412
00:19:26,630 --> 00:19:24,960
i mean you got to believe this is a real

413
00:19:29,350 --> 00:19:26,640

piece of footage

414

00:19:30,950 --> 00:19:29,360

now how many witnesses were with you

415

00:19:34,789 --> 00:19:30,960

when you were filming that day

416

00:19:37,990 --> 00:19:34,799

that evening there must have been

417

00:19:39,669 --> 00:19:38,000

i would say at least a dozen all

418

00:19:41,110 --> 00:19:39,679

of which took their turns looking

419

00:19:43,350 --> 00:19:41,120

through the camera

420

00:19:45,590 --> 00:19:43,360

and as i said jaime and massan was

421

00:19:49,350 --> 00:19:45,600

filming it with another camera

422

00:19:52,070 --> 00:19:49,360

he had his crew there were two

423

00:19:54,390 --> 00:19:52,080

other individuals there that were from

424

00:19:56,549 --> 00:19:54,400

the united states who were with me

425

00:19:58,710 --> 00:19:56,559

they also looked through the camera and

426
00:20:02,549 --> 00:19:58,720
then we had the

427
00:20:03,590 --> 00:20:02,559
people from turkey that were associated

428
00:20:06,870 --> 00:20:03,600
with the

429
00:20:10,149 --> 00:20:06,880
conference and also there was the uh

430
00:20:12,789 --> 00:20:10,159
owner of the camera uh plus

431
00:20:13,590 --> 00:20:12,799
uh you know several other people who

432
00:20:16,789 --> 00:20:13,600
were in the

433
00:20:17,110 --> 00:20:16,799
uh in the photographic line that wanted

434
00:20:20,230 --> 00:20:17,120
to

435
00:20:22,870 --> 00:20:20,240
see it also so there was at least

436
00:20:24,390 --> 00:20:22,880
at least a dozen people that were there

437
00:20:25,669 --> 00:20:24,400
when other people were filming

438
00:20:27,909 --> 00:20:25,679

previously

439

00:20:30,710 --> 00:20:27,919

had anyone had close-up shots of the

440

00:20:34,149 --> 00:20:30,720

beings inside

441

00:20:35,430 --> 00:20:34,159

uh that i to tell you the truth i don't

442

00:20:41,029 --> 00:20:35,440

remember

443

00:20:44,789 --> 00:20:41,039

uh 2009 and now it's 2013.

444

00:20:47,830 --> 00:20:44,799

uh i just you know i'm getting old

445

00:20:49,750 --> 00:20:47,840

and my mind is not what it used to be

446

00:20:51,590 --> 00:20:49,760

so there are some of the details of

447

00:20:54,070 --> 00:20:51,600

things that i've forgotten

448

00:20:55,909 --> 00:20:54,080

and there's continuously new stuff that

449

00:20:58,470 --> 00:20:55,919

happens

450

00:21:00,870 --> 00:20:58,480

all the time like on the 4th of july

451
00:21:04,230 --> 00:21:00,880
myself and 10 other people

452
00:21:06,310 --> 00:21:04,240
witnessed a ufo that

453
00:21:08,549 --> 00:21:06,320
went right along with the fireworks

454
00:21:11,190 --> 00:21:08,559
right here in thousand oaks

455
00:21:12,310 --> 00:21:11,200
and it was filmed by uh by numerous

456
00:21:14,789 --> 00:21:12,320
people

457
00:21:16,630 --> 00:21:14,799
and there was a fellow from london who

458
00:21:18,149 --> 00:21:16,640
was sitting next to me filming the

459
00:21:20,789 --> 00:21:18,159
fireworks and

460
00:21:22,310 --> 00:21:20,799
he filmed the ufo and they had one of

461
00:21:25,590 --> 00:21:22,320
these new

462
00:21:27,990 --> 00:21:25,600
fancy uh phone cameras

463
00:21:29,830 --> 00:21:28,000

and you could take the two fingers and

464

00:21:33,510 --> 00:21:29,840

you know instantly blow up the

465

00:21:36,230 --> 00:21:33,520

object and it was a stereotypical disc

466

00:21:37,029 --> 00:21:36,240

with uh portholes going back to the one

467

00:21:39,590 --> 00:21:37,039

in turkey

468

00:21:41,350 --> 00:21:39,600

is that craft being seen within the last

469

00:21:44,549 --> 00:21:41,360

year or so are you aware of

470

00:21:46,549 --> 00:21:44,559

i don't believe so uh number one there

471

00:21:48,549 --> 00:21:46,559

hasn't been any conferences there for a

472

00:21:52,630 --> 00:21:48,559

couple years

473

00:21:55,590 --> 00:21:52,640

and the craft are still being filmed but

474

00:21:56,870 --> 00:21:55,600

as far as i know i don't even think

475

00:22:01,430 --> 00:21:56,880

anybody has

476

00:22:02,710 --> 00:22:01,440

gone back to uh come burgess since 2009

477

00:22:06,310 --> 00:22:02,720

and tried to repeat

478

00:22:09,510 --> 00:22:06,320

uh filming it the

479

00:22:12,230 --> 00:22:09,520

the situation over there now is a bit

480

00:22:13,750 --> 00:22:12,240

tenuous because of the impending middle

481

00:22:17,110 --> 00:22:13,760

eastern situation

482

00:22:19,190 --> 00:22:17,120

you know countries uh turkey sits is a

483

00:22:22,630 --> 00:22:19,200

country that sits uh

484

00:22:25,669 --> 00:22:22,640

you know precariously close to uh

485

00:22:28,230 --> 00:22:25,679

where we may be flirting with a

486

00:22:28,950 --> 00:22:28,240

tremendous war right where would you say

487

00:22:31,270 --> 00:22:28,960

besides

488

00:22:32,230 --> 00:22:31,280

turkey or or i'm not really sure what

489

00:22:35,750 --> 00:22:32,240

makes turkey

490

00:22:38,149 --> 00:22:35,760

such a center for so much ufo activity

491

00:22:39,270 --> 00:22:38,159

but besides that you said uruguay do you

492

00:22:42,149 --> 00:22:39,280

know why

493

00:22:43,750 --> 00:22:42,159

any ice any idea any speculation why

494

00:22:45,110 --> 00:22:43,760

there's so many sightings in certain

495

00:22:47,590 --> 00:22:45,120

areas

496

00:22:49,750 --> 00:22:47,600

well we do know that there's been a

497

00:22:50,549 --> 00:22:49,760

tremendous amount of sightings as of

498

00:22:53,990 --> 00:22:50,559

late over

499

00:22:56,789 --> 00:22:54,000

areas where there are uh

500

00:22:57,909 --> 00:22:56,799

uranium mines or uranium mines under

501
00:23:01,750 --> 00:22:57,919
development

502
00:23:05,270 --> 00:23:01,760
or enrichment reactors uh

503
00:23:08,710 --> 00:23:05,280
whoever or whatever they are are

504
00:23:12,630 --> 00:23:08,720
seem to be extremely concerned about

505
00:23:15,270 --> 00:23:12,640
what we do with our nuclear

506
00:23:17,110 --> 00:23:15,280
program now i'm not just saying the

507
00:23:19,830 --> 00:23:17,120
united states but

508
00:23:21,990 --> 00:23:19,840
anywhere in the world so you talk about

509
00:23:26,149 --> 00:23:22,000
concentrations of ufos over

510
00:23:29,270 --> 00:23:26,159
for example the mountains that surround

511
00:23:32,310 --> 00:23:29,280
afghanistan pakistan

512
00:23:35,350 --> 00:23:32,320
there's large amounts of ufos seen

513
00:23:36,070 --> 00:23:35,360

and as i said why they're in some

514

00:23:39,350 --> 00:23:36,080

countries

515

00:23:41,590 --> 00:23:39,360

and i'm not seeing as much in others i

516

00:23:43,269 --> 00:23:41,600

really don't have a clue and then what

517

00:23:46,310 --> 00:23:43,279

we're seeing we should mention

518

00:23:49,350 --> 00:23:46,320

uh people see a lot of things but they

519

00:23:51,510 --> 00:23:49,360

don't they're not all today

520

00:23:53,269 --> 00:23:51,520

non-terrestrial craft because we know

521

00:23:56,470 --> 00:23:53,279

that we spent

522

00:23:58,630 --> 00:23:56,480

63 trillion dollars on a black budget

523

00:24:01,590 --> 00:23:58,640

and they say that black budget science

524

00:24:06,230 --> 00:24:01,600

is at least 100 years ahead

525

00:24:09,269 --> 00:24:06,240

of academic science so lord knows what

526

00:24:09,990 --> 00:24:09,279

we're flying now let's talk about your

527

00:24:12,549 --> 00:24:10,000

forte

528

00:24:13,909 --> 00:24:12,559

implants a little bit before we started

529

00:24:15,350 --> 00:24:13,919

recording you mentioned to me that you

530

00:24:19,350 --> 00:24:15,360

get a ton of email

531

00:24:22,710 --> 00:24:19,360

is that mostly related to the implants

532

00:24:26,950 --> 00:24:22,720

yes it is and i run about

533

00:24:32,310 --> 00:24:26,960

5 000 emails behind per day per day

534

00:24:36,870 --> 00:24:32,320

per day how did you ever see my email

535

00:24:40,710 --> 00:24:36,880

wow i i have fortunately i do have help

536

00:24:44,830 --> 00:24:40,720

and we go through the email

537

00:24:46,390 --> 00:24:44,840

in mass i'm thinking about hiring the

538

00:24:49,590 --> 00:24:46,400

nsa

539

00:24:51,510 --> 00:24:49,600

yeah i think they already know

540

00:24:53,029 --> 00:24:51,520

that there are no they have a good

541

00:24:55,350 --> 00:24:53,039

system you know if we could you know

542

00:24:56,390 --> 00:24:55,360

institute their system why 5 000 would

543

00:24:59,830 --> 00:24:56,400

be nothing

544

00:25:00,310 --> 00:24:59,840

yeah but anyway we do go through them

545

00:25:04,230 --> 00:25:00,320

and

546

00:25:07,830 --> 00:25:04,240

a certain amount of them are

547

00:25:11,830 --> 00:25:07,840

just uh get automatically deleted

548

00:25:14,630 --> 00:25:11,840

um if we recognize or

549

00:25:15,510 --> 00:25:14,640

uh check the potential of the ones that

550

00:25:18,470 --> 00:25:15,520

uh

551
00:25:20,470 --> 00:25:18,480
we think we need to respond to then they

552
00:25:23,029 --> 00:25:20,480
will get a response

553
00:25:25,190 --> 00:25:23,039
so i'm sorry you know that's all i can

554
00:25:28,470 --> 00:25:25,200
do is apologize

555
00:25:31,029 --> 00:25:28,480
i just uh i'm one person like

556
00:25:32,310 --> 00:25:31,039
peter davenport at the ufo reporting

557
00:25:35,590 --> 00:25:32,320
center

558
00:25:39,070 --> 00:25:35,600
i'm one person trying to do the job of

559
00:25:42,950 --> 00:25:39,080
of many many people and i do have a

560
00:25:44,789 --> 00:25:42,960
501c3 non-profit organizations so

561
00:25:46,230 --> 00:25:44,799
if there's someone out there that wants

562
00:25:49,350 --> 00:25:46,240
to make a contribution

563
00:25:49,590 --> 00:25:49,360

why go through the website and please do

564

00:25:53,190 --> 00:25:49,600

it

565

00:25:56,630 --> 00:25:53,200

because we not only need to help but

566

00:25:57,510 --> 00:25:56,640

we can use the finances tax deductible

567

00:26:00,630 --> 00:25:57,520

too

568

00:26:04,950 --> 00:26:00,640

and it's 100 tax deductible

569

00:26:07,830 --> 00:26:04,960

because we are a 501 c 3 legal nonprofit

570

00:26:09,029 --> 00:26:07,840

organization now for the people that

571

00:26:11,029 --> 00:26:09,039

contact you

572

00:26:13,750 --> 00:26:11,039

and you say you weed through them how

573

00:26:18,230 --> 00:26:13,760

many would you say that you

574

00:26:27,110 --> 00:26:22,470

the ones that we respond to

575

00:26:31,110 --> 00:26:29,430

and out of on the out of the people that

576
00:26:32,630 --> 00:26:31,120
contact you

577
00:26:34,390 --> 00:26:32,640
how many people are actually looking to

578
00:26:36,470 --> 00:26:34,400
have these things removed

579
00:26:38,310 --> 00:26:36,480
i know it's probably an odd question but

580
00:26:42,390 --> 00:26:38,320
well it's an odd question

581
00:26:44,310 --> 00:26:42,400
but it's a high percentage and uh

582
00:26:45,430 --> 00:26:44,320
you know some people have ulterior

583
00:26:47,430 --> 00:26:45,440
motives

584
00:26:50,070 --> 00:26:47,440
you know they're looking for their uh

585
00:26:53,510 --> 00:26:50,080
you know three minutes of fame

586
00:26:57,110 --> 00:26:53,520
in anything um the next group you get

587
00:26:58,950 --> 00:26:57,120
are people who think that uh

588
00:27:01,830 --> 00:26:58,960

whether it be the u.s government the

589

00:27:04,830 --> 00:27:01,840

english government the french or whoever

590

00:27:06,390 --> 00:27:04,840

have selected them for some kind of a

591

00:27:08,310 --> 00:27:06,400

experiment

592

00:27:11,029 --> 00:27:08,320

in which they're implanting things in

593

00:27:13,990 --> 00:27:11,039

their body so you have that group

594

00:27:15,909 --> 00:27:14,000

of people and then you have those who

595

00:27:17,510 --> 00:27:15,919

they just know for sure

596

00:27:18,950 --> 00:27:17,520

they have something in their body but

597

00:27:20,470 --> 00:27:18,960

they don't know who did it and they

598

00:27:20,950 --> 00:27:20,480

don't know where it is and they've never

599

00:27:23,750 --> 00:27:20,960

had an

600

00:27:25,430 --> 00:27:23,760

x-ray and they don't have any pain they

601
00:27:27,430 --> 00:27:25,440
don't have any symptoms

602
00:27:28,950 --> 00:27:27,440
and they have the slightest idea of

603
00:27:30,950 --> 00:27:28,960
where it is and they want to know what

604
00:27:33,350 --> 00:27:30,960
to do about it

605
00:27:34,230 --> 00:27:33,360
so and they won't see a regular doctor

606
00:27:37,990 --> 00:27:34,240
about it

607
00:27:41,190 --> 00:27:38,000
except

608
00:27:42,230 --> 00:27:41,200
our group because people will think

609
00:27:44,870 --> 00:27:42,240
they're crazy

610
00:27:46,950 --> 00:27:44,880
there's a certain number of people who

611
00:27:49,430 --> 00:27:46,960
have been in jail

612
00:27:51,350 --> 00:27:49,440
uh mental institutions that become

613
00:27:54,630 --> 00:27:51,360

addicted to drugs

614

00:27:57,669 --> 00:27:54,640

that are alcoholics and

615

00:28:01,110 --> 00:27:57,679

an array of others who

616

00:28:05,029 --> 00:28:01,120

uh if we you know listen to them

617

00:28:08,230 --> 00:28:05,039

and listen to the story of their lives

618

00:28:11,190 --> 00:28:08,240

we realize that they are an abductee

619

00:28:12,710 --> 00:28:11,200

and a certain percentage of these do

620

00:28:16,230 --> 00:28:12,720

have an implant

621

00:28:19,029 --> 00:28:16,240

so we figure the total percentage

622

00:28:21,510 --> 00:28:19,039

of the abductee population runs between

623

00:28:25,029 --> 00:28:21,520

10 and 15

624

00:28:26,310 --> 00:28:25,039

which strangely enough is a similar

625

00:28:29,350 --> 00:28:26,320

percentage

626

00:28:31,909 --> 00:28:29,360

to what we as humans do

627

00:28:33,510 --> 00:28:31,919

with the lesser animal kingdom i mean we

628

00:28:35,590 --> 00:28:33,520

tag about 10 or

629

00:28:37,269 --> 00:28:35,600

50 of bears to find out their

630

00:28:41,029 --> 00:28:37,279

hibernation habits

631

00:28:42,870 --> 00:28:41,039

their metabolism what they uh digest how

632

00:28:45,909 --> 00:28:42,880

long they sleep and so on

633

00:28:48,789 --> 00:28:45,919

same thing with the mammals uh

634

00:28:49,269 --> 00:28:48,799

fish you know how far does the salmon

635

00:28:51,590 --> 00:28:49,279

swim

636

00:28:53,669 --> 00:28:51,600

and when it goes to russia and it comes

637

00:28:56,870 --> 00:28:53,679

back kind of find its own

638

00:29:00,389 --> 00:28:56,880

a river to spawn in and so on so

639

00:29:03,909 --> 00:29:00,399

the percentage is about the same

640

00:29:07,110 --> 00:29:03,919

so now we've had

641

00:29:09,269 --> 00:29:07,120

several nuclear physicists look at the

642

00:29:10,310 --> 00:29:09,279

materials that these implants are made

643

00:29:15,029 --> 00:29:10,320

out of

644

00:29:17,269 --> 00:29:15,039

and uh robert kuntz k-o-o-n-t-z

645

00:29:18,230 --> 00:29:17,279

uh who's a very well-respected nuclear

646

00:29:21,669 --> 00:29:18,240

physicist

647

00:29:23,190 --> 00:29:21,679

formerly with the navy states that the

648

00:29:26,230 --> 00:29:23,200

materials

649

00:29:28,710 --> 00:29:26,240

that the implants are made out of come

650

00:29:31,750 --> 00:29:28,720

from props approximately one third away

651
00:29:34,710 --> 00:29:31,760
across the mountain milky way galaxy

652
00:29:35,590 --> 00:29:34,720
and that their civilization is probably

653
00:29:39,269 --> 00:29:35,600
80

654
00:29:41,590 --> 00:29:39,279
to a million years older than we are

655
00:29:43,350 --> 00:29:41,600
wow he's actually made that statement

656
00:29:46,870 --> 00:29:43,360
yes and this is made by

657
00:29:49,830 --> 00:29:46,880
uh mathematical formulas uh

658
00:29:51,750 --> 00:29:49,840
which are a bit over my head but all i

659
00:29:54,870 --> 00:29:51,760
can tell you that it's based

660
00:29:58,070 --> 00:29:54,880
on mathematical constant having to do

661
00:29:59,990 --> 00:29:58,080
with the age of the big bang and the

662
00:30:03,190 --> 00:30:00,000
time it takes from

663
00:30:07,029 --> 00:30:03,200

one the development of one isotope

664

00:30:10,149 --> 00:30:07,039

of one element to become another

665

00:30:11,110 --> 00:30:10,159

and it takes maybe a hundred two hundred

666

00:30:13,750 --> 00:30:11,120

a thousand

667

00:30:15,029 --> 00:30:13,760

two thousand three thousand years for

668

00:30:18,230 --> 00:30:15,039

these changes to

669

00:30:21,830 --> 00:30:18,240

occur so he's made two

670

00:30:23,990 --> 00:30:21,840

mathematical constants uh one is through

671

00:30:24,870 --> 00:30:24,000

space-time and the other has to do with

672

00:30:27,669 --> 00:30:24,880

age

673

00:30:28,950 --> 00:30:27,679

how many implants have you actually

674

00:30:32,549 --> 00:30:28,960

physically removed

675

00:30:37,990 --> 00:30:32,559

from from patients we have

676
00:30:41,269 --> 00:30:38,000
performed 16 surgeries and

677
00:30:45,350 --> 00:30:41,279
have produced 17 objects

678
00:30:48,389 --> 00:30:45,360
since one individual had two

679
00:30:51,990 --> 00:30:48,399
we are getting ready very shortly to

680
00:30:54,549 --> 00:30:52,000
do the next case now

681
00:30:56,470 --> 00:30:54,559
you just mentioned what this physicist

682
00:30:58,389 --> 00:30:56,480
nuclear physicist said about

683
00:31:00,389 --> 00:30:58,399
the properties what kind of scientific

684
00:31:01,110 --> 00:31:00,399
tests have been performed already on

685
00:31:03,509 --> 00:31:01,120
these

686
00:31:04,149 --> 00:31:03,519
well it's a difficult question to answer

687
00:31:07,590 --> 00:31:04,159
because

688
00:31:09,350 --> 00:31:07,600

um unless you're a material scientist

689

00:31:11,750 --> 00:31:09,360

i would have to spend several days on

690

00:31:15,190 --> 00:31:11,760

the phone explaining the tests

691

00:31:18,710 --> 00:31:15,200

but okay just putting it

692

00:31:21,830 --> 00:31:18,720

in sort of layman's the language

693

00:31:26,310 --> 00:31:21,840

number one we find that the base metal

694

00:31:28,230 --> 00:31:26,320

used in the implants is meteoric iron

695

00:31:30,230 --> 00:31:28,240

now what's the difference between iron

696

00:31:31,909 --> 00:31:30,240

and meteoric iron

697

00:31:34,389 --> 00:31:31,919

but the difference is basically the

698

00:31:36,230 --> 00:31:34,399

ratio of nickel to iron

699

00:31:38,870 --> 00:31:36,240

let's look for example at what are

700

00:31:41,750 --> 00:31:38,880

called isotopic ratios

701
00:31:43,590 --> 00:31:41,760
um all metals or all elements are

702
00:31:46,630 --> 00:31:43,600
composed of various

703
00:31:49,830 --> 00:31:46,640
subparts which are called isotopes

704
00:31:51,590 --> 00:31:49,840
the isotopes have numbers

705
00:31:53,669 --> 00:31:51,600
and that represents the numbers of

706
00:31:56,470 --> 00:31:53,679
protons and neutrons that are in the

707
00:31:59,750 --> 00:31:56,480
nucleus of that particular atom

708
00:32:02,549 --> 00:31:59,760
we all know what u235 is i think because

709
00:32:03,350 --> 00:32:02,559
we know we like to make bombs out of it

710
00:32:07,110 --> 00:32:03,360
it's uh

711
00:32:08,230 --> 00:32:07,120
but there's also u236 that's uranium 236

712
00:32:11,350 --> 00:32:08,240
u234

713
00:32:15,350 --> 00:32:11,360

and so on so if we mined uranium

714

00:32:16,230 --> 00:32:15,360

anywhere on earth the ratio of 234 to

715

00:32:19,750 --> 00:32:16,240

235

716

00:32:21,669 --> 00:32:19,760

etc etc would be relatively the same

717

00:32:24,549 --> 00:32:21,679

within two percent

718

00:32:25,830 --> 00:32:24,559

if we mined uranium that came from the

719

00:32:28,950 --> 00:32:25,840

moon

720

00:32:30,549 --> 00:32:28,960

from a meteorite from mars where we have

721

00:32:33,990 --> 00:32:30,559

some idea what their

722

00:32:34,549 --> 00:32:34,000

isotopic ratios are like then we could

723

00:32:38,310 --> 00:32:34,559

say

724

00:32:42,310 --> 00:32:38,320

those ratios are isotopic in nature

725

00:32:46,389 --> 00:32:42,320

so we find a matrix of meteoric iron

726

00:32:49,269 --> 00:32:46,399

we find non-terrestrial isotopic ratios

727

00:32:50,389 --> 00:32:49,279

we find what are called not rare earth

728

00:32:54,070 --> 00:32:50,399

metals

729

00:32:56,789 --> 00:32:54,080

such as europium thorium thesium

730

00:32:58,230 --> 00:32:56,799

where they only represent a tiny tiny

731

00:33:01,669 --> 00:32:58,240

part of the

732

00:33:04,789 --> 00:33:01,679

earth's environment so those are called

733

00:33:05,669 --> 00:33:04,799

rare metals in one case we found one

734

00:33:08,830 --> 00:33:05,679

isotope

735

00:33:10,549 --> 00:33:08,840

of uranium which is relatively

736

00:33:13,110 --> 00:33:10,559

impossible

737

00:33:13,830 --> 00:33:13,120

the next thing of scientific nature that

738

00:33:16,950 --> 00:33:13,840

is

739

00:33:19,909 --> 00:33:16,960

one of the most important and

740

00:33:21,590 --> 00:33:19,919

modern findings is that we find what are

741

00:33:24,789 --> 00:33:21,600

called cnts or

742

00:33:25,669 --> 00:33:24,799

carbon nanotubes and this is a structure

743

00:33:28,950 --> 00:33:25,679

that

744

00:33:30,630 --> 00:33:28,960

eight to ten years ago was believed by

745

00:33:33,350 --> 00:33:30,640

scientists

746

00:33:34,549 --> 00:33:33,360

did not exist in nature and could not be

747

00:33:37,269 --> 00:33:34,559

made

748

00:33:37,990 --> 00:33:37,279

and there was a long continuous argument

749

00:33:40,310 --> 00:33:38,000

that went on

750

00:33:41,750 --> 00:33:40,320

for years saying that this was an

751
00:33:44,630 --> 00:33:41,760
impossibility

752
00:33:47,190 --> 00:33:44,640
and finally what do you know they were

753
00:33:51,269 --> 00:33:47,200
able to be made in a laboratory

754
00:33:55,269 --> 00:33:51,279
so today cnts are being used by the

755
00:33:58,470 --> 00:33:55,279
aircraft industry they're being used in

756
00:34:01,590 --> 00:33:58,480
various forms of advanced electronics

757
00:34:05,029 --> 00:34:01,600
they're being used by the space industry

758
00:34:06,630 --> 00:34:05,039
to strengthen metals because they're the

759
00:34:09,510 --> 00:34:06,640
strongest known subject

760
00:34:10,550 --> 00:34:09,520
substance known to man there's talk of

761
00:34:12,550 --> 00:34:10,560
building a space

762
00:34:13,909 --> 00:34:12,560
tower out of them in which we could

763
00:34:16,470 --> 00:34:13,919

launch a vehicle

764

00:34:18,069 --> 00:34:16,480

from over a mile up therefore saving a

765

00:34:21,030 --> 00:34:18,079

tremendous amount

766

00:34:22,550 --> 00:34:21,040

of liquid or solid rocket propellant

767

00:34:25,030 --> 00:34:22,560

because we wouldn't be

768

00:34:27,510 --> 00:34:25,040

defying the amount of gravity that we

769

00:34:29,909 --> 00:34:27,520

would on the surface of the earth

770

00:34:33,030 --> 00:34:29,919

japan as a company that's working on

771

00:34:35,349 --> 00:34:33,040

them weaving them into fiber

772

00:34:37,510 --> 00:34:35,359

to use in the clothing manufacturing

773

00:34:39,190 --> 00:34:37,520

business so that you'll be able a woman

774

00:34:43,430 --> 00:34:39,200

will be able to uh

775

00:34:46,550 --> 00:34:43,440

let's say change the uh the color of her

776

00:34:49,669 --> 00:34:46,560

clothes it'll keep her warm and like in

777

00:34:52,710 --> 00:34:49,679

the summer and cool in the summer

778

00:34:56,629 --> 00:34:52,720

and vast other applications

779

00:35:00,470 --> 00:34:56,639

which uh are largely in the hands of

780

00:35:01,990 --> 00:35:00,480

commercial electronic uh enterprises and

781

00:35:03,510 --> 00:35:02,000

of course in the hands of the black

782

00:35:05,910 --> 00:35:03,520

budget

783

00:35:08,310 --> 00:35:05,920

wow do you want to take a break and give

784

00:35:12,069 --> 00:35:08,320

that dog a milk bone

785

00:35:14,390 --> 00:35:12,079

why not well we're just about done here

786

00:35:15,589 --> 00:35:14,400

if the dog sounds like you settle down a

787

00:35:17,349 --> 00:35:15,599

little bit

788

00:35:19,589 --> 00:35:17,359

but i'm we're just about out of time

789

00:35:21,990 --> 00:35:19,599

here but i do have a couple of

790

00:35:23,430 --> 00:35:22,000

questions a lot of people that you know

791

00:35:27,030 --> 00:35:23,440

claim to have been

792

00:35:29,430 --> 00:35:27,040

abducted they talk about

793

00:35:32,069 --> 00:35:29,440

scars would that have anything to do

794

00:35:34,230 --> 00:35:32,079

with the implants at all

795

00:35:35,750 --> 00:35:34,240

well it's an interesting question martin

796

00:35:39,750 --> 00:35:35,760

because uh

797

00:35:41,270 --> 00:35:39,760

in the beginning we thought for example

798

00:35:44,390 --> 00:35:41,280

the scoop mark

799

00:35:45,829 --> 00:35:44,400

where some material have been taken out

800

00:35:48,230 --> 00:35:45,839

of the skin

801
00:35:49,430 --> 00:35:48,240
might be used in coating the implant

802
00:35:52,310 --> 00:35:49,440
because

803
00:35:53,349 --> 00:35:52,320
these implants when you look at them

804
00:35:55,190 --> 00:35:53,359
biologically

805
00:35:56,470 --> 00:35:55,200
after they've been removed in the

806
00:35:59,190 --> 00:35:56,480
surrounding tissue

807
00:36:01,109 --> 00:35:59,200
in the body we see there's no rejection

808
00:36:02,790 --> 00:36:01,119
reaction there's no inflammatory

809
00:36:05,349 --> 00:36:02,800
reaction

810
00:36:06,950 --> 00:36:05,359
and there's a large amount of nerve

811
00:36:10,069 --> 00:36:06,960
cells present which

812
00:36:13,589 --> 00:36:10,079
shouldn't be there but now

813
00:36:16,950 --> 00:36:13,599

we've sort of changed our mind because

814

00:36:20,630 --> 00:36:16,960

you see as as time

815

00:36:21,910 --> 00:36:20,640

moves on the equipment for studying

816

00:36:24,470 --> 00:36:21,920

things

817

00:36:25,030 --> 00:36:24,480

becomes better and better and better

818

00:36:27,829 --> 00:36:25,040

even

819

00:36:29,829 --> 00:36:27,839

the old electron microscope that we had

820

00:36:33,270 --> 00:36:29,839

10 or 15 years ago

821

00:36:36,069 --> 00:36:33,280

is now a very very archaic tool

822

00:36:36,870 --> 00:36:36,079

we can get magnifications for example at

823

00:36:41,109 --> 00:36:36,880

10 000

824

00:36:42,550 --> 00:36:41,119

kilovolts up to 750 to a million times

825

00:36:45,190 --> 00:36:42,560

magnification

826

00:36:46,390 --> 00:36:45,200

well you couldn't do that you know 10

827

00:36:50,470 --> 00:36:46,400

years ago

828

00:36:54,150 --> 00:36:50,480

so as science advances we're able to

829

00:36:56,550 --> 00:36:54,160

learn more so that's how

830

00:36:57,750 --> 00:36:56,560

we got you know do we discover that

831

00:37:00,870 --> 00:36:57,760

these uh

832

00:37:04,150 --> 00:37:00,880

objects contain these cnts

833

00:37:07,750 --> 00:37:04,160

and then they also contain other strange

834

00:37:09,750 --> 00:37:07,760

uh structures one or what we call

835

00:37:12,150 --> 00:37:09,760

orthorhombic crystals

836

00:37:13,589 --> 00:37:12,160

these are crystals of uh that are

837

00:37:17,829 --> 00:37:13,599

rectangular

838

00:37:21,270 --> 00:37:17,839

of varying shape we find gold

839

00:37:24,550 --> 00:37:21,280

spheres solid gold spheres we don't know

840

00:37:27,510 --> 00:37:24,560

what their function is we find apertures

841

00:37:30,230 --> 00:37:27,520

in the metal they're like tunnels but

842

00:37:32,710 --> 00:37:30,240

they're only one atom in width

843

00:37:34,790 --> 00:37:32,720

and so far we have not been able to look

844

00:37:38,310 --> 00:37:34,800

down the tunnel

845

00:37:41,589 --> 00:37:38,320

to see what's in there but back to uh

846

00:37:44,310 --> 00:37:41,599

the uh marks uh so

847

00:37:46,069 --> 00:37:44,320

we as i said thought for some time that

848

00:37:47,270 --> 00:37:46,079

you know parts of the skin were being

849

00:37:49,510 --> 00:37:47,280

used to prevent

850

00:37:51,910 --> 00:37:49,520

rejection reaction but now we've

851
00:37:54,069 --> 00:37:51,920
actually discovered a phase

852
00:37:55,430 --> 00:37:54,079
we call it a phase for lack of a better

853
00:37:59,510 --> 00:37:55,440
word

854
00:38:02,950 --> 00:37:59,520
that shows the inorganic material

855
00:38:05,990 --> 00:38:02,960
the metallurgy of the material itself

856
00:38:08,390 --> 00:38:06,000
becoming organic

857
00:38:11,510 --> 00:38:08,400
now there's no way in a world that i

858
00:38:14,710 --> 00:38:11,520
don't even think in black budget science

859
00:38:17,349 --> 00:38:14,720
that we are able to do that and i've

860
00:38:19,670 --> 00:38:17,359
kind of had this verified because

861
00:38:20,870 --> 00:38:19,680
i've been to a few black budget labs and

862
00:38:22,870 --> 00:38:20,880
when they're

863
00:38:24,150 --> 00:38:22,880

a bunch of scientists are in a room

864

00:38:28,310 --> 00:38:24,160

looking through their

865

00:38:30,310 --> 00:38:28,320

instruments at these objects and the

866

00:38:32,550 --> 00:38:30,320

lab director standing out in the hall

867

00:38:35,030 --> 00:38:32,560

with his hands on his hips

868

00:38:36,710 --> 00:38:35,040

uh you know he's not you know he's not

869

00:38:39,069 --> 00:38:36,720

happy with

870

00:38:40,390 --> 00:38:39,079

these guys looking at stuff that's uh

871

00:38:42,390 --> 00:38:40,400

non-governmental

872

00:38:43,990 --> 00:38:42,400

but still being paid on a governmental

873

00:38:46,550 --> 00:38:44,000

payroll

874

00:38:47,349 --> 00:38:46,560

so if they're that interested in looking

875

00:38:50,069 --> 00:38:47,359

at this stuff

876

00:38:52,470 --> 00:38:50,079

then most probably they don't have it if

877

00:38:55,430 --> 00:38:52,480

you don't mind me asking where are these

878

00:38:57,670 --> 00:38:55,440

implants now are they in a safe place

879

00:39:00,910 --> 00:38:57,680

they're always in a safe place because

880

00:39:02,870 --> 00:39:00,920

um most of the time if there's you know

881

00:39:05,829 --> 00:39:02,880

eventually

882

00:39:07,750 --> 00:39:05,839

you start you start with an object uh

883

00:39:09,829 --> 00:39:07,760

it's removed in toto

884

00:39:11,990 --> 00:39:09,839

uh we try and preserve it in the best

885

00:39:15,109 --> 00:39:12,000

possible fashion

886

00:39:18,470 --> 00:39:15,119

and then we subject the exterior to

887

00:39:20,630 --> 00:39:18,480

a maximum amount of examination

888

00:39:21,750 --> 00:39:20,640

it's only at that point when we began to

889

00:39:25,109 --> 00:39:21,760

use things like

890

00:39:27,270 --> 00:39:25,119

things like electron microscopy

891

00:39:28,950 --> 00:39:27,280

and start taking an electron beam and

892

00:39:31,750 --> 00:39:28,960

looking inside

893

00:39:33,109 --> 00:39:31,760

then the object you know because of

894

00:39:35,349 --> 00:39:33,119

destructive

895

00:39:36,710 --> 00:39:35,359

analysis gets smaller and smaller and

896

00:39:38,950 --> 00:39:36,720

smaller until

897

00:39:40,550 --> 00:39:38,960

some of these we have almost nothing

898

00:39:44,470 --> 00:39:40,560

left

899

00:39:47,589 --> 00:39:44,480

but we always retain as much we can

900

00:39:48,470 --> 00:39:47,599

of of the sample so basically what i'm

901
00:39:50,950 --> 00:39:48,480
saying to you

902
00:39:52,470 --> 00:39:50,960
is that most of the time they're in

903
00:39:55,510 --> 00:39:52,480
laboratories

904
00:39:58,870 --> 00:39:55,520
and uh we have uh we use the same

905
00:40:00,630 --> 00:39:58,880
or similar or even better chain of

906
00:40:03,750 --> 00:40:00,640
forensic evidence

907
00:40:08,150 --> 00:40:03,760
that the police department uses

908
00:40:10,630 --> 00:40:08,160
and you know if it's in a container

909
00:40:12,069 --> 00:40:10,640
nobody opens that container unless it's

910
00:40:15,349 --> 00:40:12,079
being filmed

911
00:40:18,870 --> 00:40:15,359
they sign for it etc etc etc

912
00:40:22,710 --> 00:40:18,880
so every step of the way our

913
00:40:24,710 --> 00:40:22,720

forensic abilities have to remain that

914

00:40:27,510 --> 00:40:24,720

way in order to have a viable

915

00:40:29,910 --> 00:40:27,520

scientific study if anybody could do

916

00:40:32,630 --> 00:40:29,920

whatever they wanted with these then we

917

00:40:34,470 --> 00:40:32,640

wouldn't be able to prove anything now i

918

00:40:35,829 --> 00:40:34,480

heard that these things can move i heard

919

00:40:39,109 --> 00:40:35,839

people talking about that

920

00:40:43,190 --> 00:40:39,119

have you ever tried to surgically go

921

00:40:45,910 --> 00:40:43,200

after one that was moving inside yes

922

00:40:49,190 --> 00:40:45,920

and i have that on video also we do

923

00:40:51,109 --> 00:40:49,200

videotape all the surgeries

924

00:40:52,510 --> 00:40:51,119

or now of course with the new media

925

00:40:55,670 --> 00:40:52,520

they're not

926
00:40:59,510 --> 00:40:55,680
videotaped anymore they're digitized

927
00:41:01,430 --> 00:40:59,520
but we had a lady with a marble sized

928
00:41:04,470 --> 00:41:01,440
object in the arm

929
00:41:07,510 --> 00:41:04,480
and when you put your finger near it

930
00:41:09,990 --> 00:41:07,520
it would move out of the way within a

931
00:41:12,710 --> 00:41:10,000
diameter of a circle that was about

932
00:41:14,550 --> 00:41:12,720
uh an inch and a half or two by two and

933
00:41:18,390 --> 00:41:14,560
a half inches

934
00:41:19,510 --> 00:41:18,400
and after a while uh when i put my

935
00:41:22,470 --> 00:41:19,520
finger

936
00:41:24,150 --> 00:41:22,480
on her arm in a place let's say maybe an

937
00:41:26,230 --> 00:41:24,160
inch away from the object

938
00:41:27,829 --> 00:41:26,240

the object would actually come to my

939

00:41:30,790 --> 00:41:27,839

finger you know like come

940

00:41:31,430 --> 00:41:30,800

doggy and it would actually follow my

941

00:41:34,790 --> 00:41:31,440

finger

942

00:41:38,150 --> 00:41:34,800

around her arm it's the the the

943

00:41:40,790 --> 00:41:38,160

recording of this is so hairy that

944

00:41:42,150 --> 00:41:40,800

uh even today when i look at it i can't

945

00:41:44,390 --> 00:41:42,160

believe what i'm saying

946

00:41:45,270 --> 00:41:44,400

and it took four four hands to get it

947

00:41:47,990 --> 00:41:45,280

out

948

00:41:49,910 --> 00:41:48,000

wow roger the thing that comes to mind

949

00:41:52,710 --> 00:41:49,920

through this whole conversation is

950

00:41:53,670 --> 00:41:52,720

this out of almost anything i've ever

951
00:41:56,470 --> 00:41:53,680
heard

952
00:41:57,270 --> 00:41:56,480
in this field seems like such a smoking

953
00:41:59,349 --> 00:41:57,280
gun

954
00:42:02,150 --> 00:41:59,359
yes you're absolutely correct there's

955
00:42:05,190 --> 00:42:02,160
people out there who are calling

956
00:42:08,630 --> 00:42:05,200
looking asking begging

957
00:42:11,190 --> 00:42:08,640
cheating lying stealing or whatever

958
00:42:12,550 --> 00:42:11,200
they must do for the so-called smoking

959
00:42:15,349 --> 00:42:12,560
gun

960
00:42:16,470 --> 00:42:15,359
when we have the physical evidence to

961
00:42:20,630 --> 00:42:16,480
show

962
00:42:24,550 --> 00:42:20,640
that the human race is being

963
00:42:27,910 --> 00:42:24,560

interfered with let's say or manipulated

964

00:42:28,790 --> 00:42:27,920

by a an advanced species leaving

965

00:42:31,510 --> 00:42:28,800

clear-cut

966

00:42:33,829 --> 00:42:31,520

physical evidence behind now i'm just

967

00:42:35,829 --> 00:42:33,839

coming out with a new book

968

00:42:38,470 --> 00:42:35,839

which should be out probably in the next

969

00:42:41,030 --> 00:42:38,480

month and a half or so i hope

970

00:42:43,670 --> 00:42:41,040

and there's a section in the book which

971

00:42:46,790 --> 00:42:43,680

is a pure scientific section

972

00:42:50,069 --> 00:42:46,800

with uh a warning

973

00:42:52,950 --> 00:42:50,079

if you are not a degree scientist either

974

00:42:55,750 --> 00:42:52,960

a phd or a master's degree

975

00:42:56,309 --> 00:42:55,760

please don't bother to read the section

976
00:42:58,309 --> 00:42:56,319
because i

977
00:43:00,790 --> 00:42:58,319
i don't want to hear from you and no

978
00:43:04,150 --> 00:43:00,800
other scientist does either

979
00:43:07,190 --> 00:43:04,160
wow so it tells the whole story

980
00:43:09,109 --> 00:43:07,200
with all the scientific information

981
00:43:11,190 --> 00:43:09,119
and then i can't tell you the name of

982
00:43:12,470 --> 00:43:11,200
the book because of an agreement with

983
00:43:14,870 --> 00:43:12,480
the publisher

984
00:43:16,870 --> 00:43:14,880
but i can tell you that the forward was

985
00:43:17,750 --> 00:43:16,880
written by dr edgar mitchell the

986
00:43:20,710 --> 00:43:17,760
astronaut

987
00:43:21,109 --> 00:43:20,720
right what are the debunkers saying

988
00:43:25,430 --> 00:43:21,119

about

989

00:43:25,990 --> 00:43:25,440

i don't know if the word would be a cyst

990

00:43:27,349 --> 00:43:26,000

or something

991

00:43:29,589 --> 00:43:27,359

like that are they trying to explain it

992

00:43:30,470 --> 00:43:29,599

away as something your body would

993

00:43:33,990 --> 00:43:30,480

produce

994

00:43:37,109 --> 00:43:34,000

well you know uh yes that's kind of a

995

00:43:37,589 --> 00:43:37,119

standard thing but i've been around long

996

00:43:40,470 --> 00:43:37,599

enough

997

00:43:40,870 --> 00:43:40,480

with all the famous people including

998

00:43:44,470 --> 00:43:40,880

phil

999

00:43:48,069 --> 00:43:44,480

class and uh mr smiley face

1000

00:43:51,430 --> 00:43:48,079

and uh you know they

1001

00:43:54,870 --> 00:43:51,440

they uh by and large

1002

00:43:58,069 --> 00:43:54,880

uh don't bother with me and i

1003

00:43:58,790 --> 00:43:58,079

i i don't know why i did a television

1004

00:44:01,990 --> 00:43:58,800

show

1005

00:44:03,670 --> 00:44:02,000

um it was kind of a round table uh

1006

00:44:07,270 --> 00:44:03,680

discussion

1007

00:44:09,349 --> 00:44:07,280

uh with one of the comedians that

1008

00:44:11,109 --> 00:44:09,359

was quite famous with saturday night

1009

00:44:13,990 --> 00:44:11,119

live kevin nealum

1010

00:44:14,390 --> 00:44:14,000

oh yeah and kevin is one of these guys

1011

00:44:16,870 --> 00:44:14,400

who

1012

00:44:18,790 --> 00:44:16,880

uh i don't know whether he believes or

1013

00:44:19,510 --> 00:44:18,800

he doesn't believe or not but he is a

1014

00:44:22,870 --> 00:44:19,520

comedian

1015

00:44:23,990 --> 00:44:22,880

and he's absolutely hilarious well he

1016

00:44:26,309 --> 00:44:24,000

set up this

1017

00:44:27,910 --> 00:44:26,319

panel discussion and there was a young

1018

00:44:29,829 --> 00:44:27,920

lady there who

1019

00:44:31,270 --> 00:44:29,839

sat down next to me opened up her

1020

00:44:34,950 --> 00:44:31,280

briefcase

1021

00:44:37,030 --> 00:44:34,960

took out a big black binder and

1022

00:44:38,710 --> 00:44:37,040

we introduced ourselves to each other

1023

00:44:39,910 --> 00:44:38,720

and she says well what's your claim to

1024

00:44:42,390 --> 00:44:39,920

fame

1025

00:44:43,829 --> 00:44:42,400

and i said well i guess i'm known for

1026
00:44:46,950 --> 00:44:43,839
removing

1027
00:44:48,470 --> 00:44:46,960
objects from uh individuals who allege

1028
00:44:51,670 --> 00:44:48,480
alien abduction

1029
00:44:53,589 --> 00:44:51,680
and she says oh you mean implants and i

1030
00:44:56,230 --> 00:44:53,599
said yes if that's what you choose to

1031
00:44:56,790 --> 00:44:56,240
call them so with that she takes this

1032
00:44:58,470 --> 00:44:56,800
binder

1033
00:45:00,069 --> 00:44:58,480
puts it on the table and remember she's

1034
00:45:02,150 --> 00:45:00,079
sitting next to me

1035
00:45:03,349 --> 00:45:02,160
so i can look at right exactly what

1036
00:45:05,990 --> 00:45:03,359
she's reading

1037
00:45:08,790 --> 00:45:06,000
and she opens the binder up goes down

1038
00:45:11,349 --> 00:45:08,800

with her finger the table of contents

1039

00:45:12,470 --> 00:45:11,359

comes to the page that says alien

1040

00:45:15,670 --> 00:45:12,480

implants

1041

00:45:19,349 --> 00:45:15,680

flips over to the page and there it is

1042

00:45:22,230 --> 00:45:19,359

she was all prepared yeah and i said uh

1043

00:45:22,550 --> 00:45:22,240

what's your claim to frame and she says

1044

00:45:25,270 --> 00:45:22,560

oh

1045

00:45:26,069 --> 00:45:25,280

i'm a member of the southern california

1046

00:45:28,790 --> 00:45:26,079

division

1047

00:45:29,990 --> 00:45:28,800

of the american skeptic society that's

1048

00:45:31,910 --> 00:45:30,000

when you should have taken out your

1049

00:45:35,990 --> 00:45:31,920

binder and flipped it open to the

1050

00:45:41,030 --> 00:45:39,190

i did worse than that i did a film i

1051
00:45:44,790 --> 00:45:41,040
produced a film

1052
00:45:48,069 --> 00:45:44,800
in which uh we duplicated that scene

1053
00:45:51,510 --> 00:45:48,079
in the film and uh

1054
00:45:53,270 --> 00:45:51,520
of course the actor in the film when he

1055
00:45:54,069 --> 00:45:53,280
sees me in possession of the black

1056
00:45:57,109 --> 00:45:54,079
binder

1057
00:45:59,109 --> 00:45:57,119
gets very upset begins to walk out

1058
00:46:00,950 --> 00:45:59,119
and i said oh come on you're not a cry

1059
00:46:05,670 --> 00:46:00,960
baby come back here and face it

1060
00:46:08,790 --> 00:46:07,990
well i really appreciate all your work

1061
00:46:10,790 --> 00:46:08,800
roger and

1062
00:46:12,829 --> 00:46:10,800
uh thanks so much for enlightening us on

1063
00:46:15,910 --> 00:46:12,839

that uh amazing

1064

00:46:26,829 --> 00:46:15,920

footage that you're involved in and uh
