

1  
00:00:03,169 --> 00:00:02,389  
and it hits me oh my gosh this is that

2  
00:00:04,249 --> 00:00:03,179  
triangle

3  
00:00:05,360 --> 00:00:04,259  
you know there's explanation for

4  
00:00:07,309 --> 00:00:05,370  
everything that occurred in the

5  
00:00:09,680 --> 00:00:07,319  
Rendlesham forest incident that doesn't

6  
00:00:13,190 --> 00:00:09,690  
involve aliens at all it was completely

7  
00:00:16,609 --> 00:00:13,200  
silent it comes right over our head it's

8  
00:00:18,260 --> 00:00:16,619  
so toxic flying salsa really standing in

9  
00:00:19,820 --> 00:00:18,270  
the clearing he turned over to my father

10  
00:00:25,269 --> 00:00:19,830  
and held his hand and he looked in his

11  
00:00:29,810 --> 00:00:27,920  
hello welcome to the show I'm Martin

12  
00:00:31,310 --> 00:00:29,820  
Willis your host Michael local be

13  
00:00:34,670 --> 00:00:31,320

joining us in a moment for the news

14

00:00:37,190 --> 00:00:34,680

today's podcast is number 65 and it's

15

00:00:39,530 --> 00:00:37,200

with Travis Walton I was around Travis

16

00:00:41,959 --> 00:00:39,540

all last weekend and we had some great

17

00:00:44,180 --> 00:00:41,969

conversations which brought me to think

18

00:00:46,940 --> 00:00:44,190

about something that no one had ever

19

00:00:49,069 --> 00:00:46,950

interviewed him about other topics other

20

00:00:53,569 --> 00:00:49,079

than the famous fire in the sky

21

00:00:56,000 --> 00:00:53,579

abduction back in November of 1975 so we

22

00:00:58,580 --> 00:00:56,010

have a great interview coming up only 15

23

00:01:00,590 --> 00:00:58,590

minutes long or so it's a short one but

24

00:01:04,009 --> 00:01:00,600

it's fascinating and I know you're gonna

25

00:01:07,010 --> 00:01:04,019

enjoy it following the news but before

26

00:01:08,929 --> 00:01:07,020

Travis Walton we have a new China

27

00:01:11,480 --> 00:01:08,939

correspondent that we'll be checking in

28

00:01:14,090 --> 00:01:11,490

with us oh maybe about once a month and

29

00:01:16,249 --> 00:01:14,100

he'll talk to us about what's going on

30

00:01:18,830 --> 00:01:16,259

there I'll talk a little bit more about

31

00:01:21,350 --> 00:01:18,840

that and introduce him later on I will

32

00:01:23,149 --> 00:01:21,360

be attending the first New England UFO

33

00:01:26,330 --> 00:01:23,159

conference that will take place on

34

00:01:29,030 --> 00:01:26,340

Saturday October 26 that's in Leominster

35

00:01:30,950 --> 00:01:29,040

Massachusetts if you can make it there

36

00:01:33,200 --> 00:01:30,960

I'd love to hang out with you Stanton

37

00:01:35,240 --> 00:01:33,210

Friedman peter robbins and a number of

38

00:01:37,039 --> 00:01:35,250

other great speakers are going to be

39

00:01:39,109 --> 00:01:37,049

there including robert Schroeder the

40

00:01:42,050 --> 00:01:39,119

scientists who we had on here perhaps a

41

00:01:44,660 --> 00:01:42,060

month or so ago so Michael how you doing

42

00:01:49,700 --> 00:01:44,670

good how are you this week great what is

43

00:01:52,160 --> 00:01:49,710

going on well first off the Vancouver

44

00:01:54,560 --> 00:01:52,170

minor league baseball game sighting was

45

00:01:56,690 --> 00:01:54,570

a hoax the recent video shot of a

46

00:01:58,940 --> 00:01:56,700

strange object buzzing a Vancouver minor

47

00:02:02,240 --> 00:01:58,950

league baseball game has been revealed

48

00:02:04,670 --> 00:02:02,250

to be a promotional stunt the nearby HR

49

00:02:06,380 --> 00:02:04,680

Macmillan Space Center perpetrated the

50

00:02:08,690 --> 00:02:06,390

hoax to promote upgrades to their

51  
00:02:10,460 --> 00:02:08,700  
planetarium the object seen and

52  
00:02:12,440 --> 00:02:10,470  
photographed by not only baseball fans

53  
00:02:13,120 --> 00:02:12,450  
but also others in the surrounding area

54  
00:02:15,340 --> 00:02:13,130  
was

55  
00:02:17,710 --> 00:02:15,350  
actually a 1 meter wide drone launched

56  
00:02:20,650 --> 00:02:17,720  
by the Space Center meant to attract

57  
00:02:22,720 --> 00:02:20,660  
attention you could read more about it

58  
00:02:25,060 --> 00:02:22,730  
in the link in our show notes as with

59  
00:02:27,490 --> 00:02:25,070  
all our stories yeah Michael I have

60  
00:02:29,410 --> 00:02:27,500  
issue with this I'm a little upset about

61  
00:02:30,910 --> 00:02:29,420  
it well first of all I want to say I was

62  
00:02:34,150 --> 00:02:30,920  
on a radio show last night

63  
00:02:36,760 --> 00:02:34,160

and the person talking to me was talking

64

00:02:38,320 --> 00:02:36,770

all about this sighting and had I known

65

00:02:40,450 --> 00:02:38,330

about it no I had not

66

00:02:42,610 --> 00:02:40,460

and sure enough I opened the news you

67

00:02:46,390 --> 00:02:42,620

wrote this morning and read that it was

68

00:02:50,320 --> 00:02:46,400

a hoax and why would a planetarium hoax

69

00:02:52,510 --> 00:02:50,330

something like that I it's upsetting to

70

00:02:57,040 --> 00:02:52,520

me well how do you feel about that

71

00:02:59,650 --> 00:02:57,050

you know I posted on our forums a couple

72

00:03:03,490 --> 00:02:59,660

months ago promotions done with drones

73

00:03:06,400 --> 00:03:03,500

to make the Star Trek insignia appear

74

00:03:07,150 --> 00:03:06,410

over London I thought I thought that was

75

00:03:11,370 --> 00:03:07,160

brilliant

76

00:03:14,260 --> 00:03:11,380

I thought that was that was great this

77

00:03:17,020 --> 00:03:14,270

was really the worst kind of advertising

78

00:03:20,020 --> 00:03:17,030

I mean they were trying to make people

79

00:03:22,410 --> 00:03:20,030

think something was in in the sky that

80

00:03:27,070 --> 00:03:22,420

wasn't supposed to be there

81

00:03:29,770 --> 00:03:27,080

UFO aside I mean this is kind of the the

82

00:03:31,510 --> 00:03:29,780

problem with drones is that you know

83

00:03:33,850 --> 00:03:31,520

what if what if people are calling that

84

00:03:36,280 --> 00:03:33,860

in which may be some did to say that

85

00:03:39,820 --> 00:03:36,290

there's something in the sky lanes over

86

00:03:42,610 --> 00:03:39,830

Vancouver it's a real problem

87

00:03:46,000 --> 00:03:42,620

it shows the many problems that are

88

00:03:49,870 --> 00:03:46,010

going to occur when drones are available

89

00:03:52,000 --> 00:03:49,880

to a wide variety of people and

90

00:03:55,780 --> 00:03:52,010

businesses which is scheduled to happen

91

00:03:57,940 --> 00:03:55,790

I believe next year in America and it

92

00:04:00,340 --> 00:03:57,950

just for this to be a it's you know a

93

00:04:02,710 --> 00:04:00,350

Space Center a suppose an Institute of

94

00:04:04,210 --> 00:04:02,720

Science to to do something like this it

95

00:04:06,310 --> 00:04:04,220

just seems really intellectually

96

00:04:08,590 --> 00:04:06,320

dishonest on top of everything else I do

97

00:04:12,040 --> 00:04:08,600

too and you read the comments under it

98

00:04:13,870 --> 00:04:12,050

and they there are people out there that

99

00:04:15,640 --> 00:04:13,880

saying you know scientists don't believe

100

00:04:17,110 --> 00:04:15,650

why would you even do this and you know

101  
00:04:19,240 --> 00:04:17,120  
there's quite a few comments to read

102  
00:04:21,490 --> 00:04:19,250  
under that if someone follows the link

103  
00:04:24,790 --> 00:04:21,500  
to that article anyway it pisses me off

104  
00:04:26,600 --> 00:04:24,800  
so what else is going on new poll claims

105  
00:04:30,140 --> 00:04:26,610  
48% of Americans will

106  
00:04:31,939 --> 00:04:30,150  
UFOs maybe aliens a recent online poll

107  
00:04:34,610 --> 00:04:31,949  
conducted by The Huffington Post and

108  
00:04:37,159 --> 00:04:34,620  
YouGov found that 48% of Americans

109  
00:04:41,240 --> 00:04:37,169  
believe that people may have actually

110  
00:04:44,179 --> 00:04:41,250  
seen UFOs under alien control the same

111  
00:04:45,980 --> 00:04:44,189  
poll found that 61% of people have

112  
00:04:48,469 --> 00:04:45,990  
thought they had actually seen ghosts or

113  
00:04:51,850 --> 00:04:48,479

knew someone who had the poll was

114

00:04:55,760 --> 00:04:51,860

conducted using an opt-in online format

115

00:04:58,399 --> 00:04:55,770

and that's just important because it

116

00:05:01,279 --> 00:04:58,409

might not be quite as representative as

117

00:05:04,969 --> 00:05:01,289

they would like you to believe and in

118

00:05:08,659 --> 00:05:04,979

contrast the famous 1997 CNN time poll

119

00:05:10,640 --> 00:05:08,669

found that 64% of Americans thought

120

00:05:14,360 --> 00:05:10,650

aliens had actually contacted the earth

121

00:05:15,800 --> 00:05:14,370

and that was almost 20 years ago it I

122

00:05:17,059 --> 00:05:15,810

find it very hard to believe we're going

123

00:05:20,149 --> 00:05:17,069

backwards what do you think about that

124

00:05:21,769 --> 00:05:20,159

yeah I really don't either with for one

125

00:05:24,529 --> 00:05:21,779

thing with all the science sets come

126

00:05:26,809 --> 00:05:24,539

forward on all the you know

127

00:05:29,209 --> 00:05:26,819

possibilities of extraterrestrial life

128

00:05:30,950 --> 00:05:29,219

existing and I'm wondering why the heck

129

00:05:33,589 --> 00:05:30,960

they threw ghosts in the mix you know

130

00:05:35,269 --> 00:05:33,599

that's just that I don't know if that I

131

00:05:39,019 --> 00:05:35,279

have issues with a lot of things today I

132

00:05:40,670 --> 00:05:39,029

guess I just like to mention in our

133

00:05:41,899 --> 00:05:40,680

links to the show notes not only is

134

00:05:44,570 --> 00:05:41,909

there a link to a story but there's

135

00:05:46,369 --> 00:05:44,580

actually a link to the raw pulled data

136

00:05:48,140 --> 00:05:46,379

as well so people could see the

137

00:05:50,629 --> 00:05:48,150

demographic breakdowns of that if

138

00:05:53,269 --> 00:05:50,639

they're interested so I don't really

139

00:05:57,469 --> 00:05:53,279

think that there's less people believing

140

00:06:01,629 --> 00:05:57,479

that we have been visited than before

141

00:06:04,850 --> 00:06:01,639

what do you think about that I I just I

142

00:06:10,790 --> 00:06:04,860

was shocked by that I didn't I didn't

143

00:06:12,439 --> 00:06:10,800

think it was AI I was very surprised by

144

00:06:15,829 --> 00:06:12,449

let's put it that way that's why I went

145

00:06:18,350 --> 00:06:15,839

and dug back and found the the 97 CNN

146

00:06:23,570 --> 00:06:18,360

time poll that was big news at the time

147

00:06:26,329 --> 00:06:23,580

you know and I think that I place a

148

00:06:28,909 --> 00:06:26,339

little bit more faith interest just just

149

00:06:32,570 --> 00:06:28,919

because it's not an internet opt-in poll

150

00:06:35,589 --> 00:06:32,580

you know which which just does limit

151  
00:06:38,480 --> 00:06:35,599  
your sampling it always does exactly

152  
00:06:39,110 --> 00:06:38,490  
astrobiology magazine examines the Drake

153  
00:06:40,460 --> 00:06:39,120  
Equation

154  
00:06:42,560 --> 00:06:40,470  
NASA's online

155  
00:06:45,020 --> 00:06:42,570  
astrobiology magazine recently examined

156  
00:06:48,740 --> 00:06:45,030  
the famous Drake Equation interviewing

157  
00:06:50,600 --> 00:06:48,750  
MIT exoplanet expert Sara Seager their

158  
00:06:52,760 --> 00:06:50,610  
feature not only explains the equation

159  
00:06:55,160 --> 00:06:52,770  
but Seager also explains the numbers

160  
00:06:56,990 --> 00:06:55,170  
that she uses personally to fill in the

161  
00:06:58,730 --> 00:06:57,000  
variables this is the link in the show

162  
00:07:01,700 --> 00:06:58,740  
notes to read the article and view the

163  
00:07:04,250 --> 00:07:01,710

connected video yeah it's most likely

164

00:07:07,160 --> 00:07:04,260

that you know Drake was off just a

165

00:07:09,080 --> 00:07:07,170

little bit on that one and I didn't get

166

00:07:11,150 --> 00:07:09,090

a chance I'm sorry I was a little busy

167

00:07:14,540 --> 00:07:11,160

to read over things today

168

00:07:16,700 --> 00:07:14,550

what is her equations that she plunked

169

00:07:19,130 --> 00:07:16,710

in there well it's it's not I mean it's

170

00:07:20,870 --> 00:07:19,140

still the Drake Equation she just goes

171

00:07:24,410 --> 00:07:20,880

through her thought process for the for

172

00:07:25,970 --> 00:07:24,420

the myriad of variables involved she's a

173

00:07:29,060 --> 00:07:25,980

little bit conservative but it still

174

00:07:31,310 --> 00:07:29,070

gives us a real good chance to to have

175

00:07:34,250 --> 00:07:31,320

neighbors out there so it's the Drake

176

00:07:35,750 --> 00:07:34,260

Seager equation I guess well no it's

177

00:07:37,760 --> 00:07:35,760

still the Drake Equation because the

178

00:07:41,570 --> 00:07:37,770

Drake Equation is entirely made up of

179

00:07:43,640 --> 00:07:41,580

variables uu that's part of the process

180

00:07:46,280 --> 00:07:43,650

why some people can quote the Drake

181

00:07:48,050 --> 00:07:46,290

Equation and it's you know just proof

182

00:07:50,030 --> 00:07:48,060

that it's unlikely there's another

183

00:07:52,970 --> 00:07:50,040

civilization while others can quote the

184

00:07:56,510 --> 00:07:52,980

Drake civilization and you know it's

185

00:07:58,100 --> 00:07:56,520

proof that that there's a intergalactic

186

00:08:00,650 --> 00:07:58,110

parking lot behind the moon that we're

187

00:08:02,450 --> 00:08:00,660

not aware of um it's it's all in the

188

00:08:04,780 --> 00:08:02,460

variables you put in because she is an

189

00:08:07,850 --> 00:08:04,790

exoplanet expert who has been studying

190

00:08:10,430 --> 00:08:07,860

the planets is that we discover outside

191

00:08:12,080 --> 00:08:10,440

of our solar system she has a you know

192

00:08:13,700 --> 00:08:12,090

probably a little bit more valid

193

00:08:15,650 --> 00:08:13,710

viewpoint on at least some of the

194

00:08:20,390 --> 00:08:15,660

variables like how many would be in the

195

00:08:23,030 --> 00:08:20,400

Goldilocks zone etc I see x-files at 20

196

00:08:25,159 --> 00:08:23,040

this week marked the 20th anniversary of

197

00:08:28,460 --> 00:08:25,169

Fox's The X Files which premiered on

198

00:08:30,500 --> 00:08:28,470

September 10 1993 although the show is

199

00:08:33,050 --> 00:08:30,510

fictional it helped to create a surge of

200

00:08:35,180 --> 00:08:33,060

interest in the paranormal and UFOs it

201  
00:08:37,640 --> 00:08:35,190  
also popularized the famous I want to

202  
00:08:40,310 --> 00:08:37,650  
believe poster and the truth is out

203  
00:08:42,140 --> 00:08:40,320  
there slogan with an anniversary in a

204  
00:08:44,450 --> 00:08:42,150  
recent order for a pilot by amazon.com

205  
00:08:46,550 --> 00:08:44,460  
from the original x-files creator Chris

206  
00:08:48,860 --> 00:08:46,560  
Carter there is renewed talk of a

207  
00:08:51,800 --> 00:08:48,870  
possible third x-files feature film are

208  
00:08:54,350 --> 00:08:51,810  
even possibly a reboot were you a fan

209  
00:08:56,329 --> 00:08:54,360  
back in the day I did watch

210  
00:08:58,900 --> 00:08:56,339  
I wasn't glued to the show but I'd watch

211  
00:09:01,429 --> 00:08:58,910  
shows here and there and I watched the

212  
00:09:06,319 --> 00:09:01,439  
movie I can't remember which movie it

213  
00:09:08,720 --> 00:09:06,329

was perhaps the last one it wasn't that

214

00:09:10,639 --> 00:09:08,730

good it was okay then it was probably

215

00:09:12,949 --> 00:09:10,649

the second one yeah I guess it was the

216

00:09:16,460 --> 00:09:12,959

second one that's right and I just

217

00:09:18,139 --> 00:09:16,470

started rewatching on Netflix and you

218

00:09:19,309 --> 00:09:18,149

know I never realized now that I've been

219

00:09:22,309 --> 00:09:19,319

really involved in this

220

00:09:24,769 --> 00:09:22,319

how many parallels there are two things

221

00:09:26,569 --> 00:09:24,779

that actually have been witnessed that

222

00:09:28,100 --> 00:09:26,579

they actually throw in there in the show

223

00:09:32,059 --> 00:09:28,110

so it's pretty interesting to see that

224

00:09:33,470 --> 00:09:32,069

it really was a good show I try to watch

225

00:09:36,139 --> 00:09:33,480

it again a few years ago though and I

226

00:09:38,660 --> 00:09:36,149

have to admit I just as much as I loved

227

00:09:43,429 --> 00:09:38,670

it 20 years ago three or four years ago

228

00:09:45,889 --> 00:09:43,439

it just bored me to know description I

229

00:09:48,319 --> 00:09:45,899

think I made it through half the first

230

00:09:51,350 --> 00:09:48,329

season and and gave up you know I think

231

00:09:54,699 --> 00:09:51,360

it has to do with we almost have so much

232

00:09:57,829 --> 00:09:54,709

thrown at us that we become numb to

233

00:10:00,319 --> 00:09:57,839

sensationalism unless it's even more and

234

00:10:03,229 --> 00:10:00,329

more out there or something I I know

235

00:10:04,400 --> 00:10:03,239

what you're talking about maybe I just

236

00:10:06,949 --> 00:10:04,410

think it was something about the style

237

00:10:08,329 --> 00:10:06,959

of the show I don't think it was it

238

00:10:10,789 --> 00:10:08,339

really is the subject or thing I just

239

00:10:14,679 --> 00:10:10,799

think when I go back and watch it it's

240

00:10:17,299 --> 00:10:14,689

it's it's so dark it's so gray it's so

241

00:10:20,119 --> 00:10:17,309

it's I've actually find the show itself

242

00:10:21,079 --> 00:10:20,129

kind of hard to watch because I'm picky

243

00:10:23,389 --> 00:10:21,089

like that you know

244

00:10:24,499 --> 00:10:23,399

all right do duly noted no I'm not gonna

245

00:10:28,569 --> 00:10:24,509

go there again okay

246

00:10:31,340 --> 00:10:28,579

and finally putting you on the hot seat

247

00:10:32,929 --> 00:10:31,350

experiences speak conference the main

248

00:10:35,509 --> 00:10:32,939

Sun Journal covered the recent

249

00:10:37,429 --> 00:10:35,519

experience or speak event highlighting

250

00:10:39,229 --> 00:10:37,439

the experiences of Travis Walton and the

251  
00:10:41,119 --> 00:10:39,239  
men involved in the allagash incident

252  
00:10:43,519 --> 00:10:41,129  
the paper also spoke with Stanton

253  
00:10:45,049 --> 00:10:43,529  
Friedman most important of all though

254  
00:10:47,359 --> 00:10:45,059  
was a brief conversation with our own

255  
00:10:49,609 --> 00:10:47,369  
Martin Willis so Martin what can you

256  
00:10:50,840 --> 00:10:49,619  
tell us about the conference and why is

257  
00:10:52,699 --> 00:10:50,850  
it that I had to find this article

258  
00:10:54,439 --> 00:10:52,709  
myself during the weekly news search

259  
00:10:56,749 --> 00:10:54,449  
well you know you

260  
00:10:59,059 --> 00:10:56,759  
I hadn't even found it so you know the

261  
00:11:01,340 --> 00:10:59,069  
woman that interviewed me said she was

262  
00:11:02,960 --> 00:11:01,350  
from up in Maine about another hundred

263  
00:11:04,129 --> 00:11:02,970

miles so I figured it wouldn't even be

264

00:11:07,249 --> 00:11:04,139

out there I didn't even think it would

265

00:11:08,390 --> 00:11:07,259

be on the Internet so anyway yeah it was

266

00:11:09,950 --> 00:11:08,400

a great you can

267

00:11:12,200 --> 00:11:09,960

rest assured you are not the first

268

00:11:14,890 --> 00:11:12,210

person who has said I didn't think it

269

00:11:19,160 --> 00:11:14,900

would find its way to the Internet

270

00:11:22,310 --> 00:11:19,170

that's right it was a wonderful weekend

271

00:11:25,340 --> 00:11:22,320

Audrey Hugh ins put that on and she did

272

00:11:27,800 --> 00:11:25,350

a fantastic job there was not a single

273

00:11:31,370 --> 00:11:27,810

glitch in the whole thing one of my

274

00:11:33,800 --> 00:11:31,380

favorite parts was the QA panel on

275

00:11:36,200 --> 00:11:33,810

Saturday night every speaker was up

276

00:11:38,540 --> 00:11:36,210

there and we threw questions at them and

277

00:11:40,550 --> 00:11:38,550

that was that was really exciting but

278

00:11:44,240 --> 00:11:40,560

just to sit and talk with all these

279

00:11:46,940 --> 00:11:44,250

great people Stan Freedman and again I

280

00:11:49,190 --> 00:11:46,950

spoke with Travis Walton off the record

281

00:11:51,500 --> 00:11:49,200

and there was a lot of really good

282

00:11:53,810 --> 00:11:51,510

conversation with all these iconic

283

00:11:55,490 --> 00:11:53,820

people there just other people you

284

00:11:57,170 --> 00:11:55,500

connect with at these symposiums I

285

00:11:59,990 --> 00:11:57,180

highly recommend them if you can get to

286

00:12:02,090 --> 00:12:00,000

one it was just real enjoyable to be

287

00:12:04,640 --> 00:12:02,100

around people with the same interests

288

00:12:08,000 --> 00:12:04,650

and also some people that I know from my

289

00:12:10,250 --> 00:12:08,010

occupation and longtime friends came up

290

00:12:12,200 --> 00:12:10,260

to listen to Travis and it was just a

291

00:12:13,850 --> 00:12:12,210

blast sitting there listening to them

292

00:12:15,530 --> 00:12:13,860

and they were real excited to meet him

293

00:12:17,450 --> 00:12:15,540

you know had their picture taken and all

294

00:12:20,450 --> 00:12:17,460

that it was a great weekend overall

295

00:12:22,390 --> 00:12:20,460

really enjoyed it good good that's good

296

00:12:25,370 --> 00:12:22,400

to hear I mean I think we should

297

00:12:27,260 --> 00:12:25,380

encourage all our listeners to get out

298

00:12:30,560 --> 00:12:27,270

and support these kind of events if they

299

00:12:32,120 --> 00:12:30,570

can yes and you know at one time it said

300

00:12:33,680 --> 00:12:32,130

in that newspaper article that there was

301  
00:12:35,150 --> 00:12:33,690  
80 people well that may have been when

302  
00:12:37,070 --> 00:12:35,160  
she was there but there was some times

303  
00:12:39,920 --> 00:12:37,080  
when that place was just absolutely

304  
00:12:41,090 --> 00:12:39,930  
packed with people and it's going to go

305  
00:12:42,860 --> 00:12:41,100  
on again next year

306  
00:12:45,230 --> 00:12:42,870  
and it was great for me because it's

307  
00:12:47,240 --> 00:12:45,240  
only six miles away five point eight

308  
00:12:49,550 --> 00:12:47,250  
miles away from my door so that was

309  
00:12:52,820 --> 00:12:49,560  
really nice so we can all stay with you

310  
00:12:55,340 --> 00:12:52,830  
next year yeah awesome yeah yeah okay

311  
00:12:57,830 --> 00:12:55,350  
now thanks for the news but hold on for

312  
00:13:00,590 --> 00:12:57,840  
a minute because we have been wanting to

313  
00:13:03,500 --> 00:13:00,600

add an international point of view about

314

00:13:04,850 --> 00:13:03,510

this topic and indeed if UFOs are

315

00:13:07,220 --> 00:13:04,860

regularly seen all the way around the

316

00:13:09,080 --> 00:13:07,230

other side of the world it tends to show

317

00:13:10,550 --> 00:13:09,090

that it's a worldwide phenomenon don't

318

00:13:12,650 --> 00:13:10,560

you think so mark

319

00:13:15,800 --> 00:13:12,660

symma joins us all the way from Beijing

320

00:13:18,080 --> 00:13:15,810

welcome mark hi guys thank you for

321

00:13:21,990 --> 00:13:18,090

having me so mark what's going on in

322

00:13:25,850 --> 00:13:22,000

China well we we have all UFO fin

323

00:13:30,330 --> 00:13:25,860

as well so in in the Middle Kingdom

324

00:13:34,290 --> 00:13:30,340

through the ages they are record of UFO

325

00:13:36,360 --> 00:13:34,300

sightings and in recent years as you

326

00:13:38,730 --> 00:13:36,370

have noted in end up in the podcast they

327

00:13:43,320 --> 00:13:38,740

and I know that Michael is very much

328

00:13:46,760 --> 00:13:43,330

fond of everything related to China and

329

00:13:50,100 --> 00:13:46,770

they there has been some some quite

330

00:13:53,220 --> 00:13:50,110

impressive sightings and I have been

331

00:13:56,640 --> 00:13:53,230

here this is my second time in the last

332

00:13:59,100 --> 00:13:56,650

five years but I have been here for for

333

00:14:02,190 --> 00:13:59,110

two consecutive years now in teaching in

334

00:14:08,340 --> 00:14:02,200

Beijing and I think that if I have to

335

00:14:11,790 --> 00:14:08,350

pick one main event that is recurring

336

00:14:16,470 --> 00:14:11,800

over the last couple of years three

337

00:14:18,390 --> 00:14:16,480

years sightings above international

338

00:14:19,890 --> 00:14:18,400

airports Chinese international airports

339

00:14:23,190 --> 00:14:19,900

and you know you have a lot of cities in

340

00:14:25,620 --> 00:14:23,200

China I have 90 cities over 1 million

341

00:14:30,750 --> 00:14:25,630

people and that means a lot of airports

342

00:14:33,390 --> 00:14:30,760

and those events are significant enough

343

00:14:37,170 --> 00:14:33,400

for the for the traffic to be to be

344

00:14:39,600 --> 00:14:37,180

stopped so the the air traffic is

345

00:14:42,150 --> 00:14:39,610

diverted the airport is closed down is

346

00:14:44,340 --> 00:14:42,160

shut down for a period of time it's very

347

00:14:48,240 --> 00:14:44,350

disruptive and a lot of people see those

348

00:14:51,450 --> 00:14:48,250

those lines to subjects and take picture

349

00:14:53,850 --> 00:14:51,460

of them put them on on social media it's

350

00:14:56,760 --> 00:14:53,860

printed in in in the press it's shown on

351

00:15:02,060 --> 00:14:56,770

TV and and it makes mix around so we

352

00:15:06,840 --> 00:15:02,070

have a I think a very impressive

353

00:15:09,900 --> 00:15:06,850

recurring UFO phenomena happening near

354

00:15:14,520 --> 00:15:09,910

airports all over all over China and and

355

00:15:17,780 --> 00:15:14,530

from quite way back but let's say from

356

00:15:21,030 --> 00:15:17,790

2010 we have a very important event

357

00:15:22,800 --> 00:15:21,040

above Hangzhou Airport and Hangzhou is

358

00:15:25,440 --> 00:15:22,810

well-known to foreigners because a lot

359

00:15:29,210 --> 00:15:25,450

of people go there for for tourism it's

360

00:15:34,020 --> 00:15:29,220

one of the cute city's coastal cities

361

00:15:35,879 --> 00:15:34,030

romantic city in in China and well the

362

00:15:39,299 --> 00:15:35,889

the airport got shot

363

00:15:44,239 --> 00:15:39,309

down there but it has been reported in a

364

00:15:48,470 --> 00:15:44,249

number of time in 2011 2012 as well

365

00:15:51,179 --> 00:15:48,480

above cities in Inner Mongolia as far as

366

00:15:54,689 --> 00:15:51,189

Chengdu in Shaanxi that the heartland of

367

00:15:57,900 --> 00:15:54,699

the country so a number of Airport have

368

00:16:02,309 --> 00:15:57,910

been affected by by those those large

369

00:16:04,289 --> 00:16:02,319

UFOs actually aren't there only three

370

00:16:07,919 --> 00:16:04,299

international airports in China aren't

371

00:16:08,579 --> 00:16:07,929

all the other airports only for internal

372

00:16:11,159 --> 00:16:08,589

use

373

00:16:12,689 --> 00:16:11,169

I thought only Beijing and Shanghai had

374

00:16:15,749 --> 00:16:12,699

international airports and that's part

375

00:16:18,479 --> 00:16:15,759

of why maybe these don't stories don't

376

00:16:20,970 --> 00:16:18,489

get all the coverage worldwide that

377

00:16:21,720 --> 00:16:20,980

because they don't affect international

378

00:16:24,179 --> 00:16:21,730

flights

379

00:16:26,340 --> 00:16:24,189

well actually Hangzhou is an

380

00:16:29,280 --> 00:16:26,350

international airport and shondo is an

381

00:16:31,259 --> 00:16:29,290

international airport and CMM is an

382

00:16:33,509 --> 00:16:31,269

international airport you have more but

383

00:16:36,539 --> 00:16:33,519

they are not as international as that

384

00:16:40,350 --> 00:16:36,549

the Guangzhou which is in the South in

385

00:16:42,030 --> 00:16:40,360

and Shanghai and Beijing towards the

386

00:16:44,100 --> 00:16:42,040

North because the other Airport although

387

00:16:47,609 --> 00:16:44,110

the International Day they only carry

388

00:16:50,159 --> 00:16:47,619

you know they go to the you know across

389

00:16:52,979 --> 00:16:50,169

Russia or they go to Thailand or they go

390

00:16:55,439 --> 00:16:52,989

to Taiwan or they go to you you see what

391

00:16:57,030 --> 00:16:55,449

I mean they're not fully full-blown

392

00:17:00,329 --> 00:16:57,040

international but I call international

393

00:17:02,489 --> 00:17:00,339

they they go beyond China oh okay but

394

00:17:06,090 --> 00:17:02,499

but one of the things I've heard about

395

00:17:08,189 --> 00:17:06,100

these sightings is if they were causing

396

00:17:10,980 --> 00:17:08,199

the closure of airports why aren't they

397

00:17:12,480 --> 00:17:10,990

affecting air flights so so these are

398

00:17:13,799 --> 00:17:12,490

still airports that even even though

399

00:17:16,319 --> 00:17:13,809

they might be closing down they're not

400

00:17:19,039 --> 00:17:16,329

they wouldn't necessarily be affecting

401  
00:17:21,779 --> 00:17:19,049  
the continental flight the the

402  
00:17:24,029 --> 00:17:21,789  
continental the airline not not at you

403  
00:17:27,269 --> 00:17:24,039  
know the the Delta flights the kind of

404  
00:17:29,100 --> 00:17:27,279  
big international carriers is that I see

405  
00:17:31,289 --> 00:17:29,110  
I see what you mean I think maybe the

406  
00:17:33,360 --> 00:17:31,299  
show the answer for that this needs to

407  
00:17:38,519 --> 00:17:33,370  
be to be checked more but I think it's

408  
00:17:42,419 --> 00:17:38,529  
because they were closed down for short

409  
00:17:45,419 --> 00:17:42,429  
time maybe sometime less than an hour so

410  
00:17:47,519 --> 00:17:45,429  
it during that hour the the plane would

411  
00:17:48,610 --> 00:17:47,529  
be diverted but if you are you know if

412  
00:17:53,260 --> 00:17:48,620  
it's a plane coming from

413  
00:17:57,190 --> 00:17:53,270

States it has time to prepare so maybe

414

00:18:03,100 --> 00:17:57,200

when do Zevon happened there were no

415

00:18:06,159 --> 00:18:03,110

international you know planes scheduled

416

00:18:09,640 --> 00:18:06,169

to land just at that moment the vast

417

00:18:12,279 --> 00:18:09,650

majority of traffic still is Chinese

418

00:18:14,710 --> 00:18:12,289

domestic flights whatever they land in

419

00:18:17,440 --> 00:18:14,720

domestic or international airports the

420

00:18:21,210 --> 00:18:17,450

vast majority are the flight the the

421

00:18:23,950 --> 00:18:21,220

many many many flights between cities so

422

00:18:25,690 --> 00:18:23,960

maybe if you if you fly from Paris and

423

00:18:29,230 --> 00:18:25,700

you have an 11 hours flight it takes

424

00:18:32,889 --> 00:18:29,240

time to to reach to to Beijing and if

425

00:18:36,399 --> 00:18:32,899

the air a Baathists is disturbed for one

426

00:18:38,560 --> 00:18:36,409

hour well maybe have time to to solve

427

00:18:41,919 --> 00:18:38,570

the problem before the flight is ready

428

00:18:45,639 --> 00:18:41,929

to land true enough yeah it's it's 15

429

00:18:47,279 --> 00:18:45,649

from Chicago to Shang Hai so so yeah and

430

00:18:50,019 --> 00:18:47,289

that's something we should probably

431

00:18:52,299 --> 00:18:50,029

reinforce to the listeners because I

432

00:18:55,269 --> 00:18:52,309

think a lot of them really won't think

433

00:18:57,850 --> 00:18:55,279

of this but but China mainland China is

434

00:19:01,360 --> 00:18:57,860

a little bit larger than the continental

435

00:19:03,760 --> 00:19:01,370

48 states of the United States

436

00:19:07,029 --> 00:19:03,770

so if our American listeners just think

437

00:19:09,639 --> 00:19:07,039

of all of the flights that go just

438

00:19:11,680 --> 00:19:09,649

inside the United States you have a

439

00:19:15,399 --> 00:19:11,690

similar amount of air traffic in China

440

00:19:18,190 --> 00:19:15,409

sure because you have so many so you

441

00:19:21,070 --> 00:19:18,200

know so many cities above 1 million and

442

00:19:23,200 --> 00:19:21,080

all those cities I have an airport so

443

00:19:26,289 --> 00:19:23,210

you have 90 cities above 1 million

444

00:19:28,120 --> 00:19:26,299

people and you have many who are 10

445

00:19:31,120 --> 00:19:28,130

million and more and then you have the

446

00:19:34,299 --> 00:19:31,130

the mega cities that are 25 35 million

447

00:19:36,159 --> 00:19:34,309

people like charging so yeah a lot of

448

00:19:38,380 --> 00:19:36,169

airports lot of traffic and it's

449

00:19:40,450 --> 00:19:38,390

starting to be a real problem between

450

00:19:43,360 --> 00:19:40,460

the its they're competing for space with

451  
00:19:45,750 --> 00:19:43,370  
the military with the Air Force and the

452  
00:19:50,019 --> 00:19:45,760  
Chinese Air Force and the civilian

453  
00:19:52,000 --> 00:19:50,029  
traffic now I've heard that China takes

454  
00:19:54,580 --> 00:19:52,010  
these things really serious and they

455  
00:19:56,139 --> 00:19:54,590  
even have scientists that are on some

456  
00:19:58,870 --> 00:19:56,149  
type of board do you know anything about

457  
00:20:00,840 --> 00:19:58,880  
that well we we never know those things

458  
00:20:03,300 --> 00:20:00,850  
directly because

459  
00:20:07,050 --> 00:20:03,310  
they are not shy about keeping many

460  
00:20:11,940 --> 00:20:07,060  
things secret but what we what we know

461  
00:20:15,240 --> 00:20:11,950  
is that they review the cases and they

462  
00:20:18,210 --> 00:20:15,250  
are interested by it and it seems they

463  
00:20:19,860 --> 00:20:18,220

ask a lot of questions to the the

464

00:20:23,370 --> 00:20:19,870

Chinese we have for enthusiasm you know

465

00:20:26,000 --> 00:20:23,380

those people who are leading those uf4

466

00:20:29,010 --> 00:20:26,010

organization in china and they have this

467

00:20:31,020 --> 00:20:29,020

casual conversation between high-ranking

468

00:20:33,720 --> 00:20:31,030

officer in the Air Force for example and

469

00:20:36,150 --> 00:20:33,730

those those leaders of those UFO

470

00:20:38,400 --> 00:20:36,160

organizations it seems that really

471

00:20:42,090 --> 00:20:38,410

genuinely trying to figure out what they

472

00:20:44,160 --> 00:20:42,100

are are they and and they are quite my

473

00:20:45,960 --> 00:20:44,170

surprise I don't think they have the

474

00:20:48,150 --> 00:20:45,970

impression gives it that they don't know

475

00:20:49,800 --> 00:20:48,160

what it is and they is never the

476

00:20:53,940 --> 00:20:49,810

indication they think it is a spy plane

477

00:20:58,500 --> 00:20:53,950

or it is a you know an unknown weapon or

478

00:21:02,700 --> 00:20:58,510

a mystified rocket they they don't try

479

00:21:06,090 --> 00:21:02,710

to to hide the fact that they don't know

480

00:21:09,000 --> 00:21:06,100

so you have the observatories that

481

00:21:10,740 --> 00:21:09,010

release some statements so at the level

482

00:21:13,470 --> 00:21:10,750

of Observatory so you have a big

483

00:21:16,590 --> 00:21:13,480

observer space observatory around

484

00:21:18,150 --> 00:21:16,600

Beijing in the province of Hebei which

485

00:21:21,690 --> 00:21:18,160

is all around Beijing and they and they

486

00:21:23,280 --> 00:21:21,700

do really statement saying that they've

487

00:21:25,470 --> 00:21:23,290

looked into it and they could not

488

00:21:28,650 --> 00:21:25,480

explain the phenomena I think that's

489

00:21:31,170 --> 00:21:28,660

that's pretty that's good enough I do

490

00:21:35,280 --> 00:21:31,180

too now we have recently seen some

491

00:21:39,390 --> 00:21:35,290

reports from the Indian military along

492

00:21:43,350 --> 00:21:39,400

the sino-indian border about strange

493

00:21:45,210 --> 00:21:43,360

lights that they are concerned would be

494

00:21:47,820 --> 00:21:45,220

some kind of Chinese aircraft or Chinese

495

00:21:51,570 --> 00:21:47,830

drones that they do not believe are

496

00:21:53,610 --> 00:21:51,580

actually any kind of conventional

497

00:21:55,230 --> 00:21:53,620

aircraft have you heard anything about

498

00:21:57,300 --> 00:21:55,240

that in China is that getting any

499

00:21:59,400 --> 00:21:57,310

attention there well what we what you

500

00:22:03,900 --> 00:21:59,410

have in the Chinese press are basically

501  
00:22:07,110 --> 00:22:03,910  
the Indian report print translated in

502  
00:22:11,280 --> 00:22:07,120  
Chinese and printed in the official

503  
00:22:12,450 --> 00:22:11,290  
press here so they comment on those

504  
00:22:15,240 --> 00:22:12,460  
report and

505  
00:22:18,750 --> 00:22:15,250  
what what have on the matter of drones

506  
00:22:21,660 --> 00:22:18,760  
and and special vehicles they the the

507  
00:22:23,730 --> 00:22:21,670  
storyline we have here is that the both

508  
00:22:25,680 --> 00:22:23,740  
side would like to fly drones over each

509  
00:22:29,760 --> 00:22:25,690  
other and they refrained from doing so

510  
00:22:32,250 --> 00:22:29,770  
very sensitive area in the in Malaya

511  
00:22:35,370 --> 00:22:32,260  
between the two countries it was very

512  
00:22:37,500 --> 00:22:35,380  
very tense only a few months ago when

513  
00:22:40,200 --> 00:22:37,510

they were even talk of you know clash

514

00:22:42,810 --> 00:22:40,210

and the prime minister of China had to

515

00:22:45,480 --> 00:22:42,820

go to New Delhi to to smooth things on

516

00:22:49,260 --> 00:22:45,490

underwater on the question of the border

517

00:22:52,830 --> 00:22:49,270

area so it's not joking matter it's very

518

00:22:54,750 --> 00:22:52,840

serious matter the the those two army

519

00:22:58,260 --> 00:22:54,760

were facing off in in the mountain of in

520

00:23:01,020 --> 00:22:58,270

Malaya so if it was a drawn I think the

521

00:23:03,240 --> 00:23:01,030

Indian would have had the proof because

522

00:23:05,130 --> 00:23:03,250

it's it's not anybody sitting there it's

523

00:23:09,810 --> 00:23:05,140

it's the it's the military with all

524

00:23:12,840 --> 00:23:09,820

their gear and no one has been able to

525

00:23:15,030 --> 00:23:12,850

to prove that they were a vehicle they

526

00:23:16,590 --> 00:23:15,040

were they were man-made so they are like

527

00:23:18,390 --> 00:23:16,600

it's in the sky and there's been the

528

00:23:23,750 --> 00:23:18,400

confusion about could there be some

529

00:23:26,640 --> 00:23:23,760

bright stars that soldiers confuse with

530

00:23:28,860 --> 00:23:26,650

with UFOs and it seems that maybe it

531

00:23:32,550 --> 00:23:28,870

happened for it you can explain that for

532

00:23:35,250 --> 00:23:32,560

some accounts but not all of them so it

533

00:23:37,500 --> 00:23:35,260

I think the the story the the mystery

534

00:23:40,010 --> 00:23:37,510

remains really if if the Indians I could

535

00:23:43,770 --> 00:23:40,020

could have blamed the Chinese for flying

536

00:23:46,110 --> 00:23:43,780

lawful vehicles about above the border I

537

00:23:49,470 --> 00:23:46,120

think they would have done it I you know

538

00:23:52,680 --> 00:23:49,480

this is a terrible story not terrible in

539

00:23:56,220 --> 00:23:52,690

a serious way but we were following for

540

00:24:00,660 --> 00:23:56,230

a while the the gentleman who claimed to

541

00:24:02,400 --> 00:24:00,670

have an alien in his freezer that that

542

00:24:05,010 --> 00:24:02,410

he accidentally electrocuted while

543

00:24:07,290 --> 00:24:05,020

trying to kill rabbits with by hooking a

544

00:24:12,350 --> 00:24:07,300

car battery to a piece of fence who

545

00:24:15,870 --> 00:24:12,360

apparently got arrested for claiming on

546

00:24:18,270 --> 00:24:15,880

the Chinese social media that he had an

547

00:24:20,910 --> 00:24:18,280

alien in his freezer did you see any of

548

00:24:22,860 --> 00:24:20,920

that at all in China yes sir it was it

549

00:24:24,900 --> 00:24:22,870

was widely reported here and people

550

00:24:26,200 --> 00:24:24,910

laugh about it and basically it was

551  
00:24:28,919 --> 00:24:26,210  
someone was

552  
00:24:31,840 --> 00:24:28,929  
who was probably very lovely and wanted

553  
00:24:33,220 --> 00:24:31,850  
the world attention and he certainly did

554  
00:24:36,820 --> 00:24:33,230  
it and I think it's in the City of

555  
00:24:38,590 --> 00:24:36,830  
Shannon a coastal city facing Taiwan it

556  
00:24:40,509 --> 00:24:38,600  
also holds everybody said it was a whole

557  
00:24:44,560 --> 00:24:40,519  
so so nobody actually believed it then

558  
00:24:47,379 --> 00:24:44,570  
no no Ill don't think the perpetrator

559  
00:24:51,460 --> 00:24:47,389  
believed what he was saying either so it

560  
00:24:54,190 --> 00:24:51,470  
was it was a hoax now to hoax and to put

561  
00:24:57,249 --> 00:24:54,200  
a story on the Internet is a criminal

562  
00:25:00,340 --> 00:24:57,259  
offense in China and the regulation has

563  
00:25:03,369 --> 00:25:00,350

changed even more recently so it's

564

00:25:06,609 --> 00:25:03,379

something which is very much discouraged

565

00:25:08,289 --> 00:25:06,619

because it can land you in jail so that

566

00:25:10,210 --> 00:25:08,299

maybe will clean up the the field

567

00:25:12,310 --> 00:25:10,220

actually for some reason that kind of

568

00:25:14,259 --> 00:25:12,320

appeals to me that that it's a criminal

569

00:25:16,029 --> 00:25:14,269

charge for a hoax can you imagine how

570

00:25:18,310 --> 00:25:16,039

many things would be wiped off a u-tube

571

00:25:20,320 --> 00:25:18,320

if that was so the planetarium would be

572

00:25:23,590 --> 00:25:20,330

in jail the planetarium would be in

573

00:25:25,570 --> 00:25:23,600

trouble do you know what happened to him

574

00:25:27,489 --> 00:25:25,580

the last report we saw that was that he

575

00:25:30,249 --> 00:25:27,499

was arrested and we never heard about it

576  
00:25:33,279 --> 00:25:30,259  
again I don't know if he was kept I mean

577  
00:25:34,869 --> 00:25:33,289  
if he was let go I we don't know we

578  
00:25:38,139 --> 00:25:34,879  
don't know but he's been really killed

579  
00:25:40,749 --> 00:25:38,149  
and nobody cares basically what what I

580  
00:25:45,029 --> 00:25:40,759  
think is a more more interesting story

581  
00:25:50,950 --> 00:25:45,039  
is the is the old story of mr. mang in

582  
00:25:54,220 --> 00:25:50,960  
1994 who mr. mank drug war who claimed

583  
00:25:56,859 --> 00:25:54,230  
in June 94 to have been abducted while

584  
00:26:00,909 --> 00:25:56,869  
he was hiking in Heilongjiang Province

585  
00:26:05,259 --> 00:26:00,919  
in northeast of China and he says that

586  
00:26:09,340 --> 00:26:05,269  
he has met aliens they were they were

587  
00:26:11,739 --> 00:26:09,350  
very tall more a nine feet tall and they

588  
00:26:15,070 --> 00:26:11,749

had him copulate on board spacecraft

589

00:26:16,899 --> 00:26:15,080

they showed him Jupiter and it was taken

590

00:26:19,690 --> 00:26:16,909

quite seriously at a time and because

591

00:26:24,070 --> 00:26:19,700

the for example the University of Honan

592

00:26:25,450 --> 00:26:24,080

made a thorough study of his case and

593

00:26:28,539 --> 00:26:25,460

they interviewed him and they brought

594

00:26:31,419 --> 00:26:28,549

him there and they conclude they had an

595

00:26:33,519 --> 00:26:31,429

official conclusion that probably his

596

00:26:35,830 --> 00:26:33,529

initial story was true and then the

597

00:26:38,530 --> 00:26:35,840

everything that he said afterwards a

598

00:26:42,220 --> 00:26:38,540

recurring story of his abduction

599

00:26:44,260 --> 00:26:42,230

untrue so but they still we have a

600

00:26:45,910 --> 00:26:44,270

Chinese University of a department

601  
00:26:50,260 --> 00:26:45,920  
within within Chinese University that

602  
00:26:52,960 --> 00:26:50,270  
seems to to say that yes mr. mank seems

603  
00:26:55,300 --> 00:26:52,970  
to indeed have been abducted at least

604  
00:26:57,700 --> 00:26:55,310  
one time wow that's really interesting

605  
00:26:59,740 --> 00:26:57,710  
thank you so much mark we really

606  
00:27:01,570 --> 00:26:59,750  
appreciate your report and we'll be

607  
00:27:02,920 --> 00:27:01,580  
checking back with you thanks for

608  
00:27:06,910 --> 00:27:02,930  
joining us this week it was great to

609  
00:27:09,610 --> 00:27:06,920  
talk with you yes yeah heard it earlier

610  
00:27:12,160 --> 00:27:09,620  
next coming up is a tuned by Carrie

611  
00:27:14,410 --> 00:27:12,170  
Lloyd Whitehouse followed by the

612  
00:28:40,370 --> 00:27:14,420  
interview I had with Travis Walton over

613  
00:28:46,760 --> 00:28:43,700

okay I'm with Travis Walton and thanks

614

00:28:49,039 --> 00:28:46,770

for joining me Travis good to be here we

615

00:28:52,430 --> 00:28:49,049

had a lot of interesting conversations I

616

00:28:53,779 --> 00:28:52,440

thought over this weekend and I decided

617

00:28:56,810 --> 00:28:53,789

that I wanted to talk to you about

618

00:29:00,940 --> 00:28:56,820

everything except your incident that you

619

00:29:02,720 --> 00:29:00,950

had is that gonna be a relief in a way I

620

00:29:04,490 --> 00:29:02,730

thought you had some really good

621

00:29:05,960 --> 00:29:04,500

insights you would talk to you thought

622

00:29:08,900 --> 00:29:05,970

there were two different types of

623

00:29:11,750 --> 00:29:08,910

abductions one like the one that

624

00:29:13,370 --> 00:29:11,760

happened to you and then other types can

625

00:29:15,080 --> 00:29:13,380

you go into that little well you know

626  
00:29:17,960 --> 00:29:15,090  
there might be multiple phenomena going

627  
00:29:19,850 --> 00:29:17,970  
on here because it does seem that there

628  
00:29:25,360 --> 00:29:19,860  
might be more than two types you know

629  
00:29:28,460 --> 00:29:25,370  
just the whole character and the the

630  
00:29:32,210 --> 00:29:28,470  
various traits that each of these types

631  
00:29:34,460 --> 00:29:32,220  
have in common they seem to to go where

632  
00:29:36,230 --> 00:29:34,470  
these various characteristics are

633  
00:29:38,480 --> 00:29:36,240  
grouped together but there seem to be

634  
00:29:42,409 --> 00:29:38,490  
distinct from each other there was some

635  
00:29:44,810 --> 00:29:42,419  
discussion last night about negative

636  
00:29:46,760 --> 00:29:44,820  
versus positive you know how the

637  
00:29:49,039 --> 00:29:46,770  
negative ones have all these certain

638  
00:29:50,570 --> 00:29:49,049

things in common and then and then the

639

00:29:52,970 --> 00:29:50,580

positive ones have certain things in

640

00:29:56,120 --> 00:29:52,980

common and it's not like an overlap or a

641

00:29:58,580 --> 00:29:56,130

blend at all and that's kind of

642

00:30:02,539 --> 00:29:58,590

interesting I would say after listening

643

00:30:04,100 --> 00:30:02,549

to a bunch of times that again if we

644

00:30:07,070 --> 00:30:04,110

don't want to focus on your situation

645

00:30:10,039 --> 00:30:07,080

but that was more of a positive in a way

646

00:30:14,149 --> 00:30:10,049

because you were possibly healed yeah

647

00:30:16,789 --> 00:30:14,159

it's it's been a gradual dawning

648

00:30:19,970 --> 00:30:16,799

realization with me that I'm finally

649

00:30:23,180 --> 00:30:19,980

realizing it that the my perception of

650

00:30:25,070 --> 00:30:23,190

his being so negative was really not

651  
00:30:26,779 --> 00:30:25,080  
really warranted by the facts of the

652  
00:30:30,760 --> 00:30:26,789  
situation or more by the the

653  
00:30:33,470 --> 00:30:30,770  
circumstances yeah yeah I mean that

654  
00:30:36,580 --> 00:30:33,480  
thing you were zapped with may not have

655  
00:30:40,039 --> 00:30:36,590  
been intentional it's a possibility yeah

656  
00:30:41,890 --> 00:30:40,049  
not a beam that was fired at all just

657  
00:30:44,110 --> 00:30:41,900  
some sort of

658  
00:30:47,680 --> 00:30:44,120  
a discharge a side-effect of the

659  
00:30:50,260 --> 00:30:47,690  
propulsion system yeah and you and I

660  
00:30:52,840 --> 00:30:50,270  
talked a little bit about space travel

661  
00:30:54,490 --> 00:30:52,850  
and can you kind of go into your your

662  
00:30:56,740 --> 00:30:54,500  
side your you thought about that because

663  
00:30:58,780 --> 00:30:56,750

you know the number one thing we always

664

00:31:00,850 --> 00:30:58,790

hear or I don't want to say the number

665

00:31:02,560 --> 00:31:00,860

one thing but we hear it a lot is that

666

00:31:04,420 --> 00:31:02,570

they shouldn't be able to get here it's

667

00:31:07,930 --> 00:31:04,430

too far well yeah that's the number one

668

00:31:11,200 --> 00:31:07,940

thing that the scientists are always

669

00:31:16,080 --> 00:31:11,210

coming up with and they're always trying

670

00:31:20,320 --> 00:31:16,090

to place the limitations on these

671

00:31:23,970 --> 00:31:20,330

advanced civilizations the limitations

672

00:31:27,010 --> 00:31:23,980

we find ourselves in and based on the

673

00:31:29,710 --> 00:31:27,020

again the limitations of our state of

674

00:31:31,900 --> 00:31:29,720

knowledge you know 100 years ago we

675

00:31:34,840 --> 00:31:31,910

didn't have airplanes we barely even had

676  
00:31:35,650 --> 00:31:34,850  
radio and in a mere hundred years we've

677  
00:31:39,100 --> 00:31:35,660  
come this far

678  
00:31:40,870 --> 00:31:39,110  
and these civilizations could be

679  
00:31:44,140 --> 00:31:40,880  
hundreds of thousands or millions of

680  
00:31:47,220 --> 00:31:44,150  
years farther ahead of us than than that

681  
00:31:49,960 --> 00:31:47,230  
so you can you just cannot put

682  
00:31:53,140 --> 00:31:49,970  
limitations on what they're capable of

683  
00:31:55,390 --> 00:31:53,150  
based on our understanding yeah it's

684  
00:31:58,180 --> 00:31:55,400  
it's absurd and it's a kind of an

685  
00:32:01,600 --> 00:31:58,190  
orthodoxy that just doesn't seem to go

686  
00:32:04,660 --> 00:32:01,610  
away with some scientists you know you

687  
00:32:06,010 --> 00:32:04,670  
can point to scientists from a hundred

688  
00:32:09,940 --> 00:32:06,020

years ago or two hundred years ago

689

00:32:11,590 --> 00:32:09,950

making stark pronouncements about you

690

00:32:14,950 --> 00:32:11,600

know man could never travel faster than

691

00:32:18,070 --> 00:32:14,960

60 miles an hour or man will never fly

692

00:32:19,510 --> 00:32:18,080

anything heavier than aircraft or man

693

00:32:21,660 --> 00:32:19,520

will never go to the moon and these

694

00:32:24,220 --> 00:32:21,670

kinds of things were set by you know

695

00:32:27,940 --> 00:32:24,230

prominent scientists with all the

696

00:32:30,670 --> 00:32:27,950

authority of the state of knowledge of

697

00:32:34,330 --> 00:32:30,680

the day and you also said to me

698

00:32:36,160 --> 00:32:34,340

basically science and scientists they

699

00:32:38,410 --> 00:32:36,170

have to be open-minded that they're

700

00:32:41,380 --> 00:32:38,420

going to be proven wrong right you know

701

00:32:44,680 --> 00:32:41,390

it's it's not scientific it's it's

702

00:32:47,500 --> 00:32:44,690

unscientific to ever have an orthodoxy

703

00:32:50,380 --> 00:32:47,510

science does not in true science does

704

00:32:52,450 --> 00:32:50,390

not engage in orthodoxies and when you

705

00:32:54,340 --> 00:32:52,460

do that's when you're

706

00:32:57,850 --> 00:32:54,350

putting on the blinders that's ignorant

707

00:33:01,480 --> 00:32:57,860

not science right right now a lot of

708

00:33:03,850 --> 00:33:01,490

times you know I listen to you I've

709

00:33:07,240 --> 00:33:03,860

listened to Kathleen Martin about you

710

00:33:11,970 --> 00:33:07,250

know Betty and Barney Hill last night I

711

00:33:15,850 --> 00:33:11,980

talked to the - Jim Weiner and Chuck

712

00:33:16,240 --> 00:33:15,860

faults about the Allagash situation to

713

00:33:18,700 --> 00:33:16,250

me

714

00:33:21,760 --> 00:33:18,710

these are all very credible situations

715

00:33:27,070 --> 00:33:21,770

now you also hear a lot of accounts that

716

00:33:29,830 --> 00:33:27,080

sound really far how are you able to be

717

00:33:31,810 --> 00:33:29,840

open-minded that they're possible or I

718

00:33:32,560 --> 00:33:31,820

mean I got to tell you when I listen to

719

00:33:35,440 --> 00:33:32,570

a lot of them

720

00:33:37,750 --> 00:33:35,450

I cringe yeah you know some of the

721

00:33:39,910 --> 00:33:37,760

counts I hear do make me cringe and

722

00:33:43,720 --> 00:33:39,920

that's meant that way from the beginning

723

00:33:46,240 --> 00:33:43,730

but you know I've steadfastly resisted

724

00:33:51,270 --> 00:33:46,250

the temptation to pass judgment on these

725

00:33:54,100 --> 00:33:51,280

cases but when I say you know people are

726

00:33:55,960 --> 00:33:54,110

people have an either/or attitude he's

727

00:33:57,310 --> 00:33:55,970

something easy either true and I believe

728

00:33:59,800 --> 00:33:57,320

it and if I don't believe it then it's

729

00:34:02,800 --> 00:33:59,810

not fun then it's not true but that's

730

00:34:05,650 --> 00:34:02,810

not the way the world really is you know

731

00:34:08,200 --> 00:34:05,660

if a man is found not guilty that

732

00:34:11,740 --> 00:34:08,210

doesn't mean he's innocent he's just not

733

00:34:13,150 --> 00:34:11,750

guilty hmm if something if I say this is

734

00:34:16,270 --> 00:34:13,160

something that I don't believe that

735

00:34:18,010 --> 00:34:16,280

doesn't mean that it's untrue it just

736

00:34:21,910 --> 00:34:18,020

means I don't put it in the category of

737

00:34:23,890 --> 00:34:21,920

true anything that's unproven you know

738

00:34:27,640 --> 00:34:23,900

that's the mistake that the skeptics

739

00:34:31,150 --> 00:34:27,650

make they categorize everything that is

740

00:34:35,260 --> 00:34:31,160

not yet proven as disproven and that's

741

00:34:37,570 --> 00:34:35,270

that's again an ignorant attitude it's

742

00:34:39,580 --> 00:34:37,580

it's the other end of the spectrum this

743

00:34:41,770 --> 00:34:39,590

the skeptics making the same mistake

744

00:34:43,780 --> 00:34:41,780

that the gullible person makes the

745

00:34:45,490 --> 00:34:43,790

gullible person says if you can't prove

746

00:34:47,140 --> 00:34:45,500

this isn't true that means it is true

747

00:34:50,050 --> 00:34:47,150

and that's not true either

748

00:34:53,500 --> 00:34:50,060

yeah well as one of the listeners to the

749

00:34:57,340 --> 00:34:53,510

show often says it's pseudo skepticism

750

00:35:00,100 --> 00:34:57,350

it's not real skepticism yeah and you

751  
00:35:01,420 --> 00:35:00,110  
know we could split hairs about words I

752  
00:35:03,310 --> 00:35:01,430  
think you know

753  
00:35:05,380 --> 00:35:03,320  
the way or their the way they're using

754  
00:35:07,660 --> 00:35:05,390  
the word skepticism it's it's a

755  
00:35:11,200 --> 00:35:07,670  
derogatory term and they wear it like a

756  
00:35:12,610 --> 00:35:11,210  
proud banner that's right Society is

757  
00:35:15,430 --> 00:35:12,620  
saying I'm proud to be ignorant and

758  
00:35:17,800 --> 00:35:15,440  
close-minded and yes like a previous

759  
00:35:21,310 --> 00:35:17,810  
interview this gentleman was telling me

760  
00:35:23,530 --> 00:35:21,320  
about the skeptic society representative

761  
00:35:25,870 --> 00:35:23,540  
coming to a situation had their own

762  
00:35:29,110 --> 00:35:25,880  
binder and the categories in the binder

763  
00:35:32,500 --> 00:35:29,120

and that's yeah little prepared notes oh

764

00:35:36,190 --> 00:35:32,510

talking anoints talking points to refute

765

00:35:38,860 --> 00:35:36,200

things and doesn't doesn't seem like an

766

00:35:42,220 --> 00:35:38,870

eject objective way to look at things

767

00:35:45,940 --> 00:35:42,230

does it now in your experience through

768

00:35:47,830 --> 00:35:45,950

all these years how much have skeptics

769

00:35:50,740 --> 00:35:47,840

or whatever you want to call them

770

00:35:53,650 --> 00:35:50,750

debunkers affected your life well you

771

00:35:56,080 --> 00:35:53,660

know skeptics you know are responsible

772

00:36:00,210 --> 00:35:56,090

for a little tremendous amount a major

773

00:36:02,590 --> 00:36:00,220

portion of the of the kind of negative

774

00:36:04,270 --> 00:36:02,600

reaction that I've gotten everywhere

775

00:36:06,670 --> 00:36:04,280

even in the media that they're just

776

00:36:09,700 --> 00:36:06,680

drawing on skeptics for their material

777

00:36:12,330 --> 00:36:09,710

and the skeptics have used a lot of very

778

00:36:14,680 --> 00:36:12,340

deceptive kinds of statements and

779

00:36:16,660 --> 00:36:14,690

pretending to have science as their

780

00:36:19,420 --> 00:36:16,670

backing when they're not scientific at

781

00:36:22,060 --> 00:36:19,430

all going back to your situation last

782

00:36:24,820 --> 00:36:22,070

night when you and Steve Pierce did your

783

00:36:27,520 --> 00:36:24,830

talk you showed a clip from Claudio

784

00:36:28,980 --> 00:36:27,530

Rivera with who was the actor that

785

00:36:31,770 --> 00:36:28,990

played Mike Rogers he was in

786

00:36:34,330 --> 00:36:31,780

Schwarzenegger Robert Patrick yes and

787

00:36:37,530 --> 00:36:34,340

you must have felt vindicated when he

788

00:36:41,200 --> 00:36:37,540

says I totally believe him

789

00:36:45,370 --> 00:36:41,210

yeah you know not just Robert Patrick

790

00:36:47,790 --> 00:36:45,380

but James Garner said that he believes

791

00:36:51,370 --> 00:36:47,800

that believes it and a lot of very

792

00:36:55,750 --> 00:36:51,380

prominent people have expressed support

793

00:36:57,280 --> 00:36:55,760

yeah you know I I never really say this

794

00:37:00,730 --> 00:36:57,290

much but I feel as though I have a

795

00:37:03,160 --> 00:37:00,740

pretty good BS meter and you know like I

796

00:37:05,020 --> 00:37:03,170

never felt any anything with you and I

797

00:37:07,630 --> 00:37:05,030

mentioned to you the other day about my

798

00:37:11,470 --> 00:37:07,640

son listening to the podcasts and being

799

00:37:12,690 --> 00:37:11,480

a skeptic he totally believes that your

800

00:37:15,120 --> 00:37:12,700

situation

801  
00:37:16,680 --> 00:37:15,130  
was true and you know to me that that

802  
00:37:18,089 --> 00:37:16,690  
means a lot since you have this

803  
00:37:19,800 --> 00:37:18,099  
opportunity to talk about other things

804  
00:37:21,900 --> 00:37:19,810  
besides your incident what would be

805  
00:37:25,140 --> 00:37:21,910  
something you'd want to talk about can

806  
00:37:28,970 --> 00:37:25,150  
you well you know I did a workshop here

807  
00:37:31,980 --> 00:37:28,980  
recently in which I got into the whole

808  
00:37:34,710 --> 00:37:31,990  
you know process of how to objectively

809  
00:37:37,170 --> 00:37:34,720  
analyze reports and how to separate the

810  
00:37:41,640 --> 00:37:37,180  
good cases from the bad cases and kind

811  
00:37:43,650 --> 00:37:41,650  
of you know the rules of reason and I

812  
00:37:45,300 --> 00:37:43,660  
really enjoyed that and I've got a

813  
00:37:48,120 --> 00:37:45,310

really good response from the people

814

00:37:51,540 --> 00:37:48,130

that attended and have you put that to

815

00:37:53,750 --> 00:37:51,550

use well I'm thinking of you know

816

00:37:57,569 --> 00:37:53,760

expanding on that I really like that

817

00:38:00,510 --> 00:37:57,579

that topic because you know after 38

818

00:38:02,250 --> 00:38:00,520

years of being attacked and refuting

819

00:38:06,390 --> 00:38:02,260

attacks I've learned a tremendous amount

820

00:38:08,730 --> 00:38:06,400

of on that topic I think I'm in a in a

821

00:38:12,630 --> 00:38:08,740

position of authority to speak about

822

00:38:14,790 --> 00:38:12,640

that now how many people contact you on

823

00:38:16,079 --> 00:38:14,800

a regular basis that want to talk to you

824

00:38:18,660 --> 00:38:16,089

because they feel as though they've

825

00:38:22,290 --> 00:38:18,670

experienced something that you have or

826

00:38:24,359 --> 00:38:22,300

well I get I get emails every day you

827

00:38:25,770 --> 00:38:24,369

know from people who are reporting what

828

00:38:28,170 --> 00:38:25,780

they've experienced in their life and

829

00:38:32,359 --> 00:38:28,180

and you know it's it does seem that you

830

00:38:34,859 --> 00:38:32,369

know you know I can I can kind of

831

00:38:38,700 --> 00:38:34,869

categorize those as we go along but

832

00:38:41,430 --> 00:38:38,710

there's you know I think legitimate

833

00:38:43,440 --> 00:38:41,440

reports every day as well as something

834

00:38:46,559 --> 00:38:43,450

that probably aren't now do you try to

835

00:38:48,540 --> 00:38:46,569

help these people and you know sometimes

836

00:38:51,420 --> 00:38:48,550

they actually come to me asking for help

837

00:38:54,390 --> 00:38:51,430

and it's kind of hard because you know

838

00:38:57,240 --> 00:38:54,400

there was nothing no support groups or

839

00:38:59,880 --> 00:38:57,250

anything back in the day when this

840

00:39:01,829 --> 00:38:59,890

happened so I was on my own and and the

841

00:39:04,920 --> 00:39:01,839

methods I used to try to cope with it or

842

00:39:10,260 --> 00:39:04,930

not strategies that are recommended

843

00:39:12,800 --> 00:39:10,270

you know denial compartmentalization and

844

00:39:14,850 --> 00:39:12,810

it worked for me in the long run but

845

00:39:17,280 --> 00:39:14,860

probably the best thing for them to do

846

00:39:19,230 --> 00:39:17,290

is to turn to these support groups yeah

847

00:39:21,480 --> 00:39:19,240

I think they're springing up like this

848

00:39:23,880 --> 00:39:21,490

group that's here this weekend

849

00:39:26,550 --> 00:39:23,890

yes starborn support starburns support

850

00:39:29,190 --> 00:39:26,560

yeah and that's gonna be growing and you

851

00:39:31,560 --> 00:39:29,200

know just in the word itself support is

852

00:39:33,900 --> 00:39:31,570

in the title of it and yeah and that's

853

00:39:38,940 --> 00:39:33,910

good because you know people do need a

854

00:39:41,040 --> 00:39:38,950

place to express express it abductions

855

00:39:43,740 --> 00:39:41,050

was one of these things that I was on

856

00:39:46,500 --> 00:39:43,750

the total fence about and it was really

857

00:39:49,290 --> 00:39:46,510

hard for me to to swallow that so many

858

00:39:53,700 --> 00:39:49,300

are happening do you believe that as

859

00:39:59,070 --> 00:39:53,710

many are happening as well you know

860

00:40:01,350 --> 00:39:59,080

because well skeptics make that make the

861

00:40:03,300 --> 00:40:01,360

error of trying to say well if I can

862

00:40:05,670 --> 00:40:03,310

prove that any are false that means all

863

00:40:07,650 --> 00:40:05,680

are false but then on the other end are

864

00:40:09,810 --> 00:40:07,660

people who say since some are so

865

00:40:11,340 --> 00:40:09,820

definitely true this validates everyone

866

00:40:15,980 --> 00:40:11,350

who makes that you claim and I don't

867

00:40:18,750 --> 00:40:15,990

think that's true either yeah there are

868

00:40:20,840 --> 00:40:18,760

real ones and there's some that I don't

869

00:40:24,390 --> 00:40:20,850

think are because you know there's

870

00:40:27,990 --> 00:40:24,400

misidentified meteors airplanes and

871

00:40:29,490 --> 00:40:28,000

satellites and extremely vivid dreams

872

00:40:32,250 --> 00:40:29,500

there's all kinds of things that people

873

00:40:35,609 --> 00:40:32,260

take to be an experience that aren't but

874

00:40:39,840 --> 00:40:35,619

at the same time there's a tremendous

875

00:40:42,390 --> 00:40:39,850

amount that are legitimate reports and

876

00:40:44,670 --> 00:40:42,400

experiences now could you go into a

877

00:40:47,790 --> 00:40:44,680

little more about this this training or

878

00:40:51,690 --> 00:40:47,800

this conference you went to that

879

00:40:55,970 --> 00:40:51,700

categorizes well I didn't get specific

880

00:40:58,410 --> 00:40:55,980

so much as how it relates to actual

881

00:41:00,390 --> 00:40:58,420

specific cases and I you know I've

882

00:41:01,980 --> 00:41:00,400

always refused to do that you know

883

00:41:03,450 --> 00:41:01,990

people say well pass judgment on this

884

00:41:06,630 --> 00:41:03,460

case tell me what you think of that case

885

00:41:08,280 --> 00:41:06,640

they do that no I you know point to a

886

00:41:11,010 --> 00:41:08,290

bad one point to a good one see if I

887

00:41:13,230 --> 00:41:11,020

point to a good one them excluding ones

888

00:41:16,349 --> 00:41:13,240

and by implication saying they're not

889

00:41:18,180 --> 00:41:16,359

valid and the rule is if I haven't

890

00:41:21,150 --> 00:41:18,190

investigated the case I'm not in a

891

00:41:24,430 --> 00:41:21,160

position to comment on it

892

00:41:27,370 --> 00:41:24,440

but people ask you to comment often yeah

893

00:41:28,360 --> 00:41:27,380

and I've only made one exception in all

894

00:41:35,380 --> 00:41:28,370

this time

895

00:41:37,180 --> 00:41:35,390

did it work well the Billy Meyer case oh

896

00:41:38,440 --> 00:41:37,190

yes I don't know anything about the case

897

00:41:40,420 --> 00:41:38,450

I haven't researched the case so I

898

00:41:43,210 --> 00:41:40,430

wouldn't presume to pass judgement on

899

00:41:45,460 --> 00:41:43,220

except Michael horn the American

900

00:41:48,460 --> 00:41:45,470

representative yes has made the flat-out

901  
00:41:50,470 --> 00:41:48,470  
pronouncement that Billy Meyer is the

902  
00:41:52,210 --> 00:41:50,480  
only one who has ever had any kind of

903  
00:41:54,220 --> 00:41:52,220  
contact or sighting and anyone who

904  
00:41:58,450 --> 00:41:54,230  
claims anything else is a fraud

905  
00:42:00,940 --> 00:41:58,460  
so without is going any farther than

906  
00:42:04,140 --> 00:42:00,950  
Michael horn if what Michael horn says

907  
00:42:07,210 --> 00:42:04,150  
is true than Billy Mayer is not for real

908  
00:42:09,370 --> 00:42:07,220  
but it may be that Michael horn is

909  
00:42:11,710 --> 00:42:09,380  
overstating the case I don't know but

910  
00:42:14,320 --> 00:42:11,720  
it's pretty much the case it's only my

911  
00:42:17,440 --> 00:42:14,330  
own personal knowledge of the reality of

912  
00:42:20,410 --> 00:42:17,450  
the phenomenon elsewhere that I can say

913  
00:42:22,810 --> 00:42:20,420

with absolute certainty that them

914

00:42:25,000 --> 00:42:22,820

claiming that no one has ever seen one

915

00:42:28,000 --> 00:42:25,010

but Millie Mayer cannot be true yeah

916

00:42:31,150 --> 00:42:28,010

there's a lot of talk out there that

917

00:42:33,790 --> 00:42:31,160

Billy Mayer is you know not so credible

918

00:42:36,040 --> 00:42:33,800

well you know I've heard things on both

919

00:42:38,500 --> 00:42:36,050

sides on that case and the case but just

920

00:42:40,690 --> 00:42:38,510

that one statement alone with my own

921

00:42:45,160 --> 00:42:40,700

personal experience gives me a certainty

922

00:42:46,840 --> 00:42:45,170

that at least Horne is if he's reporting

923

00:42:50,670 --> 00:42:46,850

accurately if Millie my really is

924

00:42:53,710 --> 00:42:50,680

claiming to be the only one yeah then

925

00:42:56,140 --> 00:42:53,720

then it's not a valid case is there

926

00:42:58,120 --> 00:42:56,150

anything like if you had a chance to

927

00:42:58,870 --> 00:42:58,130

tell people out there that you've never

928

00:43:01,660 --> 00:42:58,880

said before

929

00:43:05,710 --> 00:43:01,670

my main message with any of these cases

930

00:43:06,760 --> 00:43:05,720

is always that before you pass judgment

931

00:43:10,630 --> 00:43:06,770

on anything

932

00:43:13,390 --> 00:43:10,640

get the facts first and you know what

933

00:43:18,460 --> 00:43:13,400

you take to be quote the facts can't be

934

00:43:20,710 --> 00:43:18,470

limited to just one side you get as much

935

00:43:23,980 --> 00:43:20,720

information from as many diverse sources

936

00:43:27,520 --> 00:43:23,990

as possible original sources if possible

937

00:43:29,440 --> 00:43:27,530

before you have an opinion and if you

938

00:43:32,030 --> 00:43:29,450

can't get the information withhold

939

00:43:34,040 --> 00:43:32,040

judgment there's nothing wrong with that

940

00:43:36,530 --> 00:43:34,050

well I think I can't think of a better

941

00:43:38,420 --> 00:43:36,540

way to end this interview thank you so
