

1  
00:00:03,139 --> 00:00:02,389  
and it hits me oh my gosh this is that

2  
00:00:04,249 --> 00:00:03,149  
triangle

3  
00:00:05,390 --> 00:00:04,259  
you know there's explanation for

4  
00:00:07,309 --> 00:00:05,400  
everything that occurred in the

5  
00:00:09,680 --> 00:00:07,319  
Rendlesham forest incident that doesn't

6  
00:00:12,499 --> 00:00:09,690  
involve aliens at all it was completely

7  
00:00:16,039 --> 00:00:12,509  
silent it comes right over our heads

8  
00:00:17,870 --> 00:00:16,049  
it's so a classic flying-saucer really

9  
00:00:19,400 --> 00:00:17,880  
standing in the Clery he turned over its

10  
00:00:20,779 --> 00:00:19,410  
my father and held his hand and he

11  
00:00:25,759 --> 00:00:20,789  
looked in his eyes he said we're not

12  
00:00:28,070 --> 00:00:25,769  
alone welcome to podcast UFO with Martin

13  
00:00:31,089 --> 00:00:28,080

Willis and Michael Luke please remember

14

00:00:33,770 --> 00:00:31,099

to visit the website [podcast uefa.com](http://podcast.uefa.com)

15

00:00:36,319 --> 00:00:33,780

check out the latest blogs and forums

16

00:00:39,560 --> 00:00:36,329

and while you're there don't forget to

17

00:00:41,299 --> 00:00:39,570

like our very active Facebook page hello

18

00:00:43,340 --> 00:00:41,309

and welcome to the show I'm Martyn

19

00:00:45,529 --> 00:00:43,350

Willis your host Michael local be

20

00:00:48,410 --> 00:00:45,539

joining us in a sec for the news today's

21

00:00:51,680 --> 00:00:48,420

podcast is number 72 we have an

22

00:00:53,869 --> 00:00:51,690

enjoyable guest Nick Redfern he'll talk

23

00:00:56,959 --> 00:00:53,879

about his new book which is basically on

24

00:00:59,330 --> 00:00:56,969

missing government files worldwide very

25

00:01:01,670 --> 00:00:59,340

interesting and I'll also ask him about

26

00:01:03,979 --> 00:01:01,680

his thoughts on the Roswell case and a

27

00:01:06,140 --> 00:01:03,989

lot more so Michael what's going on with

28

00:01:08,300 --> 00:01:06,150

the news we actually have a pretty busy

29

00:01:11,200 --> 00:01:08,310

news week starting with a new book that

30

00:01:13,789 --> 00:01:11,210

explores how aliens may develop and look

31

00:01:16,280 --> 00:01:13,799

Don Lincoln's new book alien universe

32

00:01:18,560 --> 00:01:16,290

we'll explore our fictional stories of

33

00:01:20,480 --> 00:01:18,570

alien civilizations and the possible

34

00:01:23,450 --> 00:01:20,490

ways real intelligent life may develop

35

00:01:26,210 --> 00:01:23,460

on other planets Lincoln is by trade a

36

00:01:29,120 --> 00:01:26,220

physicist and said in an NBC interview

37

00:01:31,190 --> 00:01:29,130

is not just fiction it is not just

38

00:01:33,560 --> 00:01:31,200

pretend there's some real scientific

39

00:01:36,700 --> 00:01:33,570

thinking going on the book is now

40

00:01:39,380 --> 00:01:36,710

available on Amazon yes I embedded the

41

00:01:40,999 --> 00:01:39,390

movie clip that's in that right on the

42

00:01:45,889 --> 00:01:41,009

show notes it's really interesting

43

00:01:47,120 --> 00:01:45,899

little clip by NBC News and also I kind

44

00:01:49,100 --> 00:01:47,130

of like this guy I'd like to get him on

45

00:01:52,190 --> 00:01:49,110

the show he says his books not aimed at

46

00:01:55,670 --> 00:01:52,200

ufology per se but he makes a lot of

47

00:01:57,530 --> 00:01:55,680

nice scientific points and I like that

48

00:02:00,560 --> 00:01:57,540

type of thing like to have him on all

49

00:02:02,539 --> 00:02:00,570

right the Heartland UFO summit the

50

00:02:03,740 --> 00:02:02,549

Heartland UFO summit was last weekend at

51

00:02:05,780 --> 00:02:03,750

least if you are listening to this

52

00:02:08,180 --> 00:02:05,790

podcast close to its Friday November

53

00:02:10,100 --> 00:02:08,190

first release date it had a great lineup

54

00:02:12,680 --> 00:02:10,110

including Richard Dolan and organizer

55

00:02:13,640 --> 00:02:12,690

Sam moranto so for a special report on

56

00:02:16,399 --> 00:02:13,650

how it went

57

00:02:19,210 --> 00:02:16,409

Sam moranto well thanks Mike it was a

58

00:02:22,309 --> 00:02:19,220

great turnout as far as people and

59

00:02:25,220 --> 00:02:22,319

interesting ideas my god people had

60

00:02:28,009 --> 00:02:25,230

questions left and right and Richard of

61

00:02:30,710 --> 00:02:28,019

course always does a stellar job of

62

00:02:33,710 --> 00:02:30,720

course with us also was David Mahler

63

00:02:36,259 --> 00:02:33,720

with its new book on triangular UFOs an

64

00:02:38,750 --> 00:02:36,269

assessment of the situation then we had

65

00:02:41,509 --> 00:02:38,760

of course our good friend Donald Sherman

66

00:02:45,460 --> 00:02:41,519

talking about revelations from Roswell

67

00:02:49,130 --> 00:02:45,470

and his new book on the wright-patterson

68

00:02:50,900 --> 00:02:49,140

Air Force Base we also had a gentleman

69

00:02:53,360 --> 00:02:50,910

who hasn't made his appearance in some

70

00:02:56,449 --> 00:02:53,370

time physicists and scientific

71

00:02:59,210 --> 00:02:56,459

ufologists Vic Connor who spoke about

72

00:03:02,809 --> 00:02:59,220

different scientific principles and of

73

00:03:06,470 --> 00:03:02,819

course our extension into travel and how

74

00:03:10,009 --> 00:03:06,480

things are basically moving quicker than

75

00:03:12,860 --> 00:03:10,019

we think so the thought of speed of

76

00:03:16,399 --> 00:03:12,870

light travel is something more more

77

00:03:18,710 --> 00:03:16,409

practical and and a possibility than

78

00:03:21,319 --> 00:03:18,720

than what we may think in a civilization

79

00:03:23,599 --> 00:03:21,329

far more advanced than us may very well

80

00:03:26,000 --> 00:03:23,609

be doing that and one of the people you

81

00:03:28,550 --> 00:03:26,010

just mentioned well actually couple them

82

00:03:30,830 --> 00:03:28,560

hopefully will be on the show soon I

83

00:03:33,259 --> 00:03:30,840

been going back and forth with Richard

84

00:03:35,839 --> 00:03:33,269

Dolan trying to get him on and also

85

00:03:38,839 --> 00:03:35,849

David Mahler loved to have him on the

86

00:03:40,940 --> 00:03:38,849

show about triangular UFOs there seems

87

00:03:45,020 --> 00:03:40,950

to be a lot going on with those type of

88

00:03:46,759 --> 00:03:45,030

vehicles spotted up in this guy yep in

89

00:03:49,400 --> 00:03:46,769

Illinois we had a number of cases of

90

00:03:52,039 --> 00:03:49,410

course he worked on the 2000 January 4th

91

00:03:53,750 --> 00:03:52,049

and 5th case and we also have new

92

00:03:55,759 --> 00:03:53,760

developments on that case we have

93

00:03:57,949 --> 00:03:55,769

witnesses that came forward just in the

94

00:04:00,439 --> 00:03:57,959

last year who seemed the object earlier

95

00:04:02,420 --> 00:04:00,449

that evening in Plainfield and one

96

00:04:04,220 --> 00:04:02,430

individual in Berlin Illinois is that

97

00:04:07,909 --> 00:04:04,230

the Tinley Park nope

98

00:04:10,430 --> 00:04:07,919

this is the January this is the UFOs

99

00:04:12,619 --> 00:04:10,440

over Illinois the police officers Jason

100

00:04:15,949 --> 00:04:12,629

oh yes the large triangular object we

101

00:04:18,500 --> 00:04:15,959

also have a gentleman was a fire Oh F

102

00:04:20,629 --> 00:04:18,510

what was the fire chief or he had some I

103

00:04:22,069 --> 00:04:20,639

forgot what his designation was in the

104

00:04:25,909 --> 00:04:22,079

fire department been anyways and in

105

00:04:27,140 --> 00:04:25,919

Missouri that evening they also chased

106

00:04:29,270 --> 00:04:27,150

it through number

107

00:04:30,670 --> 00:04:29,280

States and we're directly underneath it

108

00:04:33,200 --> 00:04:30,680

with a number of police officers

109

00:04:35,779 --> 00:04:33,210

unfortunately their video cameras do not

110

00:04:38,629 --> 00:04:35,789

tilt up so they were unable to videotape

111

00:04:39,770 --> 00:04:38,639

it but they had descriptions like you

112

00:04:42,499 --> 00:04:39,780

wouldn't believe and the gentleman

113

00:04:46,219 --> 00:04:42,509

actually makes a model of it or made a

114

00:04:49,159 --> 00:04:46,229

number of models and you know this is

115

00:04:51,439 --> 00:04:49,169

clearly not a conventional aircraft by

116

00:04:53,570 --> 00:04:51,449

any stretch of the imagination anybody

117

00:04:56,540 --> 00:04:53,580

thinking that well just get the

118

00:04:58,189 --> 00:04:56,550

information yeah well Sam it's always a

119

00:04:59,540 --> 00:04:58,199

pleasure talking to you and we'll

120

00:05:00,980 --> 00:04:59,550

definitely have you back on the show

121

00:05:02,719 --> 00:05:00,990

sometime thanks Sam

122

00:05:04,909 --> 00:05:02,729

thank you much all right thanks for

123

00:05:07,219 --> 00:05:04,919

checking in Dark Matter detector has

124

00:05:10,189 --> 00:05:07,229

found nothing scientists with the large

125

00:05:11,990 --> 00:05:10,199

underground xenon or lux dark matter

126  
00:05:14,060 --> 00:05:12,000  
experiment which runs what is believed

127  
00:05:16,430 --> 00:05:14,070  
to be the most sensitive Dark Matter

128  
00:05:17,960 --> 00:05:16,440  
detector ever built have announced it in

129  
00:05:18,680 --> 00:05:17,970  
the first three months they have found

130  
00:05:20,870 --> 00:05:18,690  
nothing

131  
00:05:23,120 --> 00:05:20,880  
this lack of discovery is actually

132  
00:05:24,920 --> 00:05:23,130  
important because it eliminates certain

133  
00:05:26,990 --> 00:05:24,930  
particles theorized to make up dark

134  
00:05:29,450 --> 00:05:27,000  
matter the lux experiment will run

135  
00:05:31,760 --> 00:05:29,460  
through the end of next year you know if

136  
00:05:34,430 --> 00:05:31,770  
I was a betting man maybe we should open

137  
00:05:36,260 --> 00:05:34,440  
like online betting on this whether

138  
00:05:38,420 --> 00:05:36,270

they're gonna find it or not I got 20

139

00:05:40,219 --> 00:05:38,430

bucks saying they'll never find anything

140

00:05:44,689 --> 00:05:40,229

do you are you sure you know what you're

141

00:05:47,800 --> 00:05:44,699

getting into I'll contact my lawyer

142

00:05:53,300 --> 00:05:47,810

after we record but yeah I I think

143

00:05:56,659 --> 00:05:53,310

online betting we can bet yay or nay on

144

00:05:59,300 --> 00:05:56,669

Dark Matter I got 20 bucks down I got I

145

00:06:01,610 --> 00:05:59,310

got 20 that says that we will eventually

146

00:06:04,670 --> 00:06:01,620

figure out an explanation for dark

147

00:06:07,189 --> 00:06:04,680

matter no no that's a gray area

148

00:06:10,219 --> 00:06:07,199

you got a gray area and dark matter

149

00:06:15,080 --> 00:06:10,229

that's not good no but but dark matter

150

00:06:17,270 --> 00:06:15,090

is itself just insert mass here to solve

151  
00:06:18,950 --> 00:06:17,280  
a group of equations to figure out the

152  
00:06:23,350 --> 00:06:18,960  
right I mean it's it's a very open-ended

153  
00:06:29,930 --> 00:06:27,649  
no it's detecting dark matter detecting

154  
00:06:32,960 --> 00:06:29,940  
that's what I'm laying my 20 bucks on

155  
00:06:36,500 --> 00:06:32,970  
well the problem is what if dark matter

156  
00:06:40,450 --> 00:06:36,510  
is something we already know of but did

157  
00:06:44,710 --> 00:06:40,460  
not know that it could exist in a way

158  
00:06:47,189 --> 00:06:44,720  
it hasn't been detected yet what if what

159  
00:06:50,650 --> 00:06:47,199  
dark matter is is the fact that

160  
00:06:54,159 --> 00:06:50,660  
everything is so much bigger than we

161  
00:06:56,980 --> 00:06:54,169  
initially thought or that certain things

162  
00:07:00,040 --> 00:06:56,990  
as you get out to the edge of the

163  
00:07:02,140 --> 00:07:00,050

universe are for some reason much more

164

00:07:04,480 --> 00:07:02,150

massive than we believed them to be that

165

00:07:07,839 --> 00:07:04,490

all those could actually be in their own

166

00:07:10,360 --> 00:07:07,849

weird way dark matter so I say we come

167

00:07:13,450 --> 00:07:10,370

up with a solution and I also say we

168

00:07:15,850 --> 00:07:13,460

could eventually I'm not capping it so

169

00:07:18,610 --> 00:07:15,860

so there it sounds like you're a little

170

00:07:19,930 --> 00:07:18,620

soft on the bedding okay here's the how

171

00:07:23,170 --> 00:07:19,940

the bedding goes out there

172

00:07:25,600 --> 00:07:23,180

it's either Dark Matter exists and they

173

00:07:28,469 --> 00:07:25,610

find it with this detector or they don't

174

00:07:30,999 --> 00:07:28,479

so I got 20 bucks say and they don't and

175

00:07:34,659 --> 00:07:31,009

we'll leave it at that are we still

176

00:07:35,649 --> 00:07:34,669

friends yeah yeah okay all right so

177

00:07:38,620 --> 00:07:35,659

let's move on

178

00:07:41,409 --> 00:07:38,630

blimp scans Colorado River a white blimp

179

00:07:42,760 --> 00:07:41,419

known as sky ship 600 or cloud lab has

180

00:07:44,920 --> 00:07:42,770

been cruising the skies over the

181

00:07:48,070 --> 00:07:44,930

Colorado River collecting data for an

182

00:07:49,839 --> 00:07:48,080

upcoming BBC documentary the 68 foot

183

00:07:52,270 --> 00:07:49,849

tall airship is traveling from coast to

184

00:07:54,189 --> 00:07:52,280

coast and may inspire UFO reports in

185

00:07:57,520 --> 00:07:54,199

areas not expecting to see a blimp in

186

00:07:59,770 --> 00:07:57,530

the air if you see a UFO you might want

187

00:08:02,409 --> 00:07:59,780

to check and see if the BBC's cloud lab

188

00:08:04,810 --> 00:08:02,419

is in your area you know I've seen a lot

189

00:08:06,700 --> 00:08:04,820

of blimps like in San Francisco area

190

00:08:09,580 --> 00:08:06,710

where I lived for a number of years you

191

00:08:11,860 --> 00:08:09,590

see them out there all the time

192

00:08:14,800 --> 00:08:11,870

and you know that I never once thought

193

00:08:16,029 --> 00:08:14,810

oh that's a UFO they're pretty distinct

194

00:08:19,290 --> 00:08:16,039

you know I don't know how you could

195

00:08:22,450 --> 00:08:19,300

possibly mistake one but well actually

196

00:08:24,100 --> 00:08:22,460

this past a couple weeks I live in st.

197

00:08:25,570 --> 00:08:24,110

Louis and we've had you know World

198

00:08:28,120 --> 00:08:25,580

Series games and National League

199

00:08:30,820 --> 00:08:28,130

championship games and we've had a blimp

200

00:08:35,310 --> 00:08:30,830

popping around over Busch Stadium

201  
00:08:37,990 --> 00:08:35,320  
downtown that because of the way it's

202  
00:08:40,569 --> 00:08:38,000  
backlit by the giant message screen

203  
00:08:45,370 --> 00:08:40,579  
that's aimed down at the crowd it does

204  
00:08:49,150 --> 00:08:45,380  
look really weird from a distance it

205  
00:08:51,310 --> 00:08:49,160  
looks very a view ler from a distance it

206  
00:08:53,340 --> 00:08:51,320  
does not look like a blimp and I tried

207  
00:08:55,500 --> 00:08:53,350  
several times to get pictures of it but

208  
00:08:58,130 --> 00:08:55,510  
the weirdest thing I thought personally

209  
00:09:00,480 --> 00:08:58,140  
was although I could see it very clearly

210  
00:09:03,350 --> 00:09:00,490  
because of the lights of the city if I

211  
00:09:07,800 --> 00:09:03,360  
took a picture it wouldn't show up yeah

212  
00:09:10,740 --> 00:09:07,810  
the alien conspiracy in Reverse yes and

213  
00:09:13,740 --> 00:09:10,750

finally the New England UFO conference

214

00:09:15,420 --> 00:09:13,750

draws about 270 the first annual New

215

00:09:17,790 --> 00:09:15,430

England UFO conference was last Saturday

216

00:09:21,480 --> 00:09:17,800

and according to newspaper reports

217

00:09:23,550 --> 00:09:21,490

organizer Steve firm Anees reported 270

218

00:09:24,960 --> 00:09:23,560

attendees we have links to a couple of

219

00:09:26,670 --> 00:09:24,970

different newspaper articles on the

220

00:09:29,130 --> 00:09:26,680

event none of which unfortunately

221

00:09:32,010 --> 00:09:29,140

mentioned Martin Willis but he was in

222

00:09:33,690 --> 00:09:32,020

attendance so Martin how was it well you

223

00:09:35,310 --> 00:09:33,700

know it was really it was really great

224

00:09:38,070 --> 00:09:35,320

now I didn't really have any place to

225

00:09:40,230 --> 00:09:38,080

set up there was no table for me to set

226

00:09:42,600 --> 00:09:40,240

up this time however there was one

227

00:09:44,190 --> 00:09:42,610

upstairs that I got to meet some great

228

00:09:46,770 --> 00:09:44,200

people I'll talk about that in a second

229

00:09:49,200 --> 00:09:46,780

so I didn't really have exposure there I

230

00:09:50,760 --> 00:09:49,210

did have my cards out I did talk to a

231

00:09:54,300 --> 00:09:50,770

couple people that listen to the show

232

00:09:56,790 --> 00:09:54,310

there but again nobody you know it just

233

00:09:58,260 --> 00:09:56,800

didn't really it just didn't really work

234

00:10:00,090 --> 00:09:58,270

out the way I thought it was going to

235

00:10:01,920 --> 00:10:00,100

but here's the good thing I went

236

00:10:04,980 --> 00:10:01,930

upstairs where I was supposed to go had

237

00:10:08,070 --> 00:10:04,990

a table up there with Ben and Paul II

238

00:10:10,380 --> 00:10:08,080

know and they have a radio show that's

239

00:10:12,330 --> 00:10:10,390

listened to in several cities called

240

00:10:14,670 --> 00:10:12,340

behind the paranormal actually going to

241

00:10:18,570 --> 00:10:14,680

be on their show November 17th which is

242

00:10:21,090 --> 00:10:18,580

a Sunday night at 7 to 8 p.m. and I

243

00:10:23,880 --> 00:10:21,100

recorded a clip with them great it's a

244

00:10:25,770 --> 00:10:23,890

father-son team and really Pleasant

245

00:10:27,180 --> 00:10:25,780

really nice people and here's the clip

246

00:10:28,560 --> 00:10:27,190

right here all right now I'm actually

247

00:10:30,420 --> 00:10:28,570

given a little plug here because I'm

248

00:10:33,300 --> 00:10:30,430

with these great guys here at the New

249

00:10:35,850 --> 00:10:33,310

England UFO conference and I am with

250

00:10:37,740 --> 00:10:35,860

Paul and Ben you know and they have

251

00:10:39,390 --> 00:10:37,750

behind the paranormal

252

00:10:44,040 --> 00:10:39,400

which is your out of Rhode Island is

253

00:10:45,810 --> 00:10:44,050

that right yeah unfortunately and let's

254

00:10:48,360 --> 00:10:45,820

let's hear about your you're associated

255

00:10:50,040 --> 00:10:48,370

with CBS radio and can you talk a little

256

00:10:52,710 --> 00:10:50,050

bit about your show and now put this in

257

00:10:55,260 --> 00:10:52,720

our new segment well thank you Mark yes

258

00:10:56,880 --> 00:10:55,270

we have two versions of the show behind

259

00:10:59,430 --> 00:10:56,890

the paranormal with Paul and been you

260

00:11:01,530 --> 00:10:59,440

know on Sunday evenings we are in four

261

00:11:04,860 --> 00:11:01,540

cities Boston Pittsburgh Detroit and

262

00:11:06,090 --> 00:11:04,870

Seattle on the CBS new sky part of the

263

00:11:08,100 --> 00:11:06,100

CBS network

264

00:11:13,200 --> 00:11:08,110

and Monday's we're on a New England

265

00:11:14,700 --> 00:11:13,210

station WOM n wo n 12:40 a.m. out of

266

00:11:16,590 --> 00:11:14,710

northern Rhode Island there was the

267

00:11:18,570 --> 00:11:16,600

Boston Province and Owen wood white calm

268

00:11:20,480 --> 00:11:18,580

I know one worldwide calm and could

269

00:11:22,320 --> 00:11:20,490

someone listen to your show as a podcast

270

00:11:44,570 --> 00:11:22,330

everybody can if you really want to

271

00:11:49,260 --> 00:11:47,130

forests a situation that is that's

272

00:11:51,960 --> 00:11:49,270

amazing it gets brought up every time

273

00:11:53,730 --> 00:11:51,970

we're anywhere basically well that's

274

00:11:56,280 --> 00:11:53,740

true well we actually visited Rendell's

275

00:11:58,230 --> 00:11:56,290

from forest last year and we with Larry

276

00:12:00,240 --> 00:11:58,240

Warren one of the prime witnesses and he

277

00:12:02,670 --> 00:12:00,250

showed us around the place and at night

278

00:12:05,340 --> 00:12:02,680

and during the day and it was quite an

279

00:12:06,780 --> 00:12:05,350

experience to a be there having covered

280

00:12:08,310 --> 00:12:06,790

this case really I think more than any

281

00:12:12,000 --> 00:12:08,320

radio or television show in the world

282

00:12:13,590 --> 00:12:12,010

over a period of 16 hours on CBS and on

283

00:12:16,830 --> 00:12:13,600

an Internet station those podcasts are

284

00:12:19,440 --> 00:12:16,840

all available on our web site and we're

285

00:12:22,410 --> 00:12:19,450

particularly interested in hotspots flap

286

00:12:24,270 --> 00:12:22,420

areas because our theory at least from

287

00:12:25,620 --> 00:12:24,280

my experience and starting out as a

288

00:12:28,830 --> 00:12:25,630

ghost researcher while studying for the

289

00:12:31,530 --> 00:12:28,840

priesthood was that the areas are never

290

00:12:33,000 --> 00:12:31,540

isolated you never have a haunted house

291

00:12:34,680 --> 00:12:33,010

caught in court it's always an entire

292

00:12:37,140 --> 00:12:34,690

area that's affected sometimes with the

293

00:12:38,460 --> 00:12:37,150

UFO experiences as well and then

294

00:12:39,990 --> 00:12:38,470

sightings things of this kind of we're

295

00:12:40,680 --> 00:12:40,000

working on several cases like that right

296

00:12:42,180 --> 00:12:40,690

now and we think

297

00:12:43,650 --> 00:12:42,190

Rendlesham might be one of those places

298

00:12:45,750 --> 00:12:43,660

we talked to earlier and you like to

299

00:12:47,940 --> 00:12:45,760

keep the integrity up like I like to on

300

00:12:50,100 --> 00:12:47,950

this show and that's appreciated so I'm

301  
00:12:52,020 --> 00:12:50,110  
sure our listeners would enjoy checking

302  
00:12:54,000 --> 00:12:52,030  
your show out already well thank you

303  
00:12:55,350 --> 00:12:54,010  
Mark need to get to know you and thank

304  
00:12:57,030 --> 00:12:55,360  
you for the plug yes wonderful meeting

305  
00:12:59,010 --> 00:12:57,040  
you great so that's it for the news

306  
00:13:02,730 --> 00:12:59,020  
right Michael that's all we have for

307  
00:13:04,320 --> 00:13:02,740  
this week yeah thanks so much and really

308  
00:13:06,870 --> 00:13:04,330  
you got to listen to Nick Redfern it's a

309  
00:13:10,170 --> 00:13:06,880  
great show oh I'm looking forward to it

310  
00:13:13,980 --> 00:13:10,180  
and I want to say next week we have a

311  
00:13:14,760 --> 00:13:13,990  
gentleman named Mark D Antonio and he is

312  
00:13:17,700 --> 00:13:14,770  
an astronomer

313  
00:13:19,870 --> 00:13:17,710

he's also the chief photo analyst for

314

00:13:22,750 --> 00:13:19,880

MUFON that's another good show come

315

00:13:24,520 --> 00:13:22,760

podcast number seventy-three thanks

316

00:14:50,620 --> 00:13:24,530

Michael and I'll talk to you next week

317

00:14:56,030 --> 00:14:53,360

okay I'm with Nick Redfern Nick where

318

00:14:58,130 --> 00:14:56,040

are you are in Texas aren't you yeah I

319

00:15:00,260 --> 00:14:58,140

living in Arlington which is just about

320

00:15:03,740 --> 00:15:00,270

roughly halfway between Dallas and Fort

321

00:15:08,210 --> 00:15:03,750

Worth yes and how long ago did you move

322

00:15:10,190 --> 00:15:08,220

over from England about 12 or 13 years

323

00:15:12,170 --> 00:15:10,200

ago something like that so I've been

324

00:15:14,000 --> 00:15:12,180

here quite a long time now yeah and

325

00:15:17,900 --> 00:15:14,010

right off the bat we're gonna be talking

326

00:15:20,030 --> 00:15:17,910

about your book which is for nobody's

327

00:15:23,180 --> 00:15:20,040

eyes only missing government files and

328

00:15:25,310 --> 00:15:23,190

hidden archives that document behind the

329

00:15:28,730 --> 00:15:25,320

truth of the most enduring that's a long

330

00:15:30,829 --> 00:15:28,740

title huh yeah new page books who

331

00:15:32,420 --> 00:15:30,839

publish it they for some reason they

332

00:15:34,070 --> 00:15:32,430

really like to sort of have lung

333

00:15:36,740 --> 00:15:34,080

subtitles which sort of gets to the

334

00:15:39,290 --> 00:15:36,750

heart of the the crux of the book I

335

00:15:40,910 --> 00:15:39,300

guess and you are a publisher of many

336

00:15:43,760 --> 00:15:40,920

books how many books in total have you

337

00:15:45,769 --> 00:15:43,770

written I think I've done about about 26

338

00:15:47,510 --> 00:15:45,779

27 something like that and but I've

339

00:15:51,050 --> 00:15:47,520

always got sort of one or two books on

340

00:15:52,579 --> 00:15:51,060

the go in terms of writing them so and

341

00:15:55,390 --> 00:15:52,589

I've been doing that I've been writing

342

00:15:57,890 --> 00:15:55,400

books for about 20 years that works

343

00:16:01,210 --> 00:15:57,900

sorry in the field of journalism for

344

00:16:04,280 --> 00:16:01,220

about 25 altogether yeah now I know you

345

00:16:06,740 --> 00:16:04,290

you write on all kinds of topics which

346

00:16:10,040 --> 00:16:06,750

are I think are quite fascinating and

347

00:16:12,920 --> 00:16:10,050

UFOs are one of those topics what got

348

00:16:14,750 --> 00:16:12,930

you interested in let's just say things

349

00:16:17,800 --> 00:16:14,760

out of the box is the paranormal or

350

00:16:20,750 --> 00:16:17,810

whatever what started you on that path

351

00:16:22,460 --> 00:16:20,760

well I guess unlike a lot of people in

352

00:16:24,920 --> 00:16:22,470

the UFO field I've ever never actually

353

00:16:26,449 --> 00:16:24,930

seen a UFO personally you know a lot of

354

00:16:27,620 --> 00:16:26,459

people do get involved in the subject

355

00:16:30,620 --> 00:16:27,630

because they have that sort of

356

00:16:32,900 --> 00:16:30,630

life-changing experience but for me it

357

00:16:35,240 --> 00:16:32,910

was my father who was worked in the

358

00:16:37,670 --> 00:16:35,250

British Royal Air Force on radar and he

359

00:16:40,329 --> 00:16:37,680

was involved in a couple of UFO

360

00:16:43,340 --> 00:16:40,339

incidents where the radar guys tracked

361

00:16:47,410 --> 00:16:43,350

very fast-moving objects flying a high

362

00:16:49,579 --> 00:16:47,420

speed high level high altitude I mean

363

00:16:51,860 --> 00:16:49,589

approaching the British coastline and

364

00:16:54,500 --> 00:16:51,870

this was at the height of a NATO

365

00:16:56,870 --> 00:16:54,510

exercise in the 1950s called Mainbrace

366

00:16:58,699 --> 00:16:56,880

and the first thought was what it's got

367

00:16:59,810 --> 00:16:58,709

to be the Russians launching some sort

368

00:17:02,390 --> 00:16:59,820

of sneak attack

369

00:17:03,449 --> 00:17:02,400

and so aircrafts were launched from a

370

00:17:06,090 --> 00:17:03,459

nearby air force

371

00:17:08,250 --> 00:17:06,100

and the pilots reported seeing strange

372

00:17:10,350 --> 00:17:08,260

lights in the sky but they couldn't get

373

00:17:12,419 --> 00:17:10,360

close to them and it was almost as if

374

00:17:14,519 --> 00:17:12,429

the UFOs played a sort of game of

375

00:17:16,409 --> 00:17:14,529

cat-and-mouse with the air crews and

376

00:17:18,600 --> 00:17:16,419

eventually they were forced to return to

377

00:17:20,819 --> 00:17:18,610

base when they ran low on fuel and this

378

00:17:22,620 --> 00:17:20,829

occurred over the course of three nights

379

00:17:24,899 --> 00:17:22,630

and the objects were never identified

380

00:17:27,630 --> 00:17:24,909

but they were clearly performing

381

00:17:30,000 --> 00:17:27,640

maneuvers that far you know should I

382

00:17:31,860 --> 00:17:30,010

wait anything that either the Russians

383

00:17:34,380 --> 00:17:31,870

America or the British were flying at

384

00:17:36,299 --> 00:17:34,390

that time and everybody was told not to

385

00:17:38,310 --> 00:17:36,309

talk about it and reminded of the fact

386

00:17:39,389 --> 00:17:38,320

that they signed the governments the

387

00:17:41,970 --> 00:17:39,399

British government's Official Secrets

388

00:17:46,279 --> 00:17:41,980

Act as it's called and my dad didn't

389

00:17:48,480 --> 00:17:46,289

tell me till I was like 13 or 14 and

390

00:17:49,950 --> 00:17:48,490

when he told me you know that's what got

391

00:17:51,930 --> 00:17:49,960

me interested not because he was not

392

00:17:54,409 --> 00:17:51,940

just my own father but because he was

393

00:17:57,480 --> 00:17:54,419

somebody trained in the Royal Air Force

394

00:17:59,970 --> 00:17:57,490

on radar and so that's what prompted me

395

00:18:02,279 --> 00:17:59,980

to start looking into it to a greater

396

00:18:05,070 --> 00:18:02,289

degree and it sort of led you down the

397

00:18:08,100 --> 00:18:05,080

path of cryptozoology and all kinds of

398

00:18:09,570 --> 00:18:08,110

other paths as well yeah would you say

399

00:18:12,210 --> 00:18:09,580

that UFOs is one of your favourite

400

00:18:14,539 --> 00:18:12,220

topics in this realm it is but I mean my

401  
00:18:16,799 --> 00:18:14,549  
my overall favorite one is without doubt

402  
00:18:19,320 --> 00:18:16,809  
cryptozoology which is the study of

403  
00:18:22,320 --> 00:18:19,330  
unknown animals like for example Bigfoot

404  
00:18:24,360 --> 00:18:22,330  
the Loch Ness monster the abominable

405  
00:18:25,919 --> 00:18:24,370  
snowman the chupacabra you know the list

406  
00:18:28,590 --> 00:18:25,929  
goes on in other words the

407  
00:18:30,870 --> 00:18:28,600  
unacknowledged animals the science tells

408  
00:18:34,019 --> 00:18:30,880  
us don't exist but you know the

409  
00:18:36,360 --> 00:18:34,029  
witnesses tell us do exist now recently

410  
00:18:38,430 --> 00:18:36,370  
there was a study done that I just heard

411  
00:18:40,049 --> 00:18:38,440  
something about is that they're saying

412  
00:18:42,690 --> 00:18:40,059  
they're almost claiming like they have

413  
00:18:44,039 --> 00:18:42,700

evidence against it but not really

414

00:18:47,279 --> 00:18:44,049

they're just revealing that they found

415

00:18:48,299 --> 00:18:47,289

an early form of bear hybrid or

416

00:18:50,580 --> 00:18:48,309

something like that have you been

417

00:18:52,649 --> 00:18:50,590

following that yeah I think this is a

418

00:18:54,450 --> 00:18:52,659

story that relates to the abominable

419

00:18:56,490 --> 00:18:54,460

snowman it's actually not a new story

420

00:18:59,159 --> 00:18:56,500

the idea being that there could be some

421

00:19:02,039 --> 00:18:59,169

form of large bear in the Himalayas

422

00:19:04,620 --> 00:19:02,049

which is responsible for sightings of

423

00:19:06,320 --> 00:19:04,630

the Yeti now you know that the ironic

424

00:19:08,190 --> 00:19:06,330

thing is that I don't think there's any

425

00:19:10,590 --> 00:19:08,200

cryptozoologist out there who doesn't

426

00:19:12,029 --> 00:19:10,600

think that sometimes you know bears

427

00:19:14,190 --> 00:19:12,039

particularly when they're standing on

428

00:19:16,680 --> 00:19:14,200

hind legs and seeing very fleetingly

429

00:19:17,100 --> 00:19:16,690

might be mistaken for you know something

430

00:19:20,010 --> 00:19:17,110

like a

431

00:19:23,480 --> 00:19:20,020

or a Yeti the problem is with this

432

00:19:26,520 --> 00:19:23,490

particular theory is almost exclusively

433

00:19:30,270 --> 00:19:26,530

the abominable snowman is seen walking

434

00:19:32,370 --> 00:19:30,280

on two legs yeah for a lengthy period of

435

00:19:33,990 --> 00:19:32,380

time but bears don't do that you know

436

00:19:36,480 --> 00:19:34,000

they'll stand up on their hind legs and

437

00:19:39,300 --> 00:19:36,490

they can certainly walk on their hind

438

00:19:40,980 --> 00:19:39,310

legs but they don't do it exclusively or

439

00:19:43,470 --> 00:19:40,990

even for the most part you know they

440

00:19:46,350 --> 00:19:43,480

will walk on four legs typically they'll

441

00:19:47,910 --> 00:19:46,360

stand up to you know look over bushes

442

00:19:50,040 --> 00:19:47,920

and things like that to see what's going

443

00:19:52,590 --> 00:19:50,050

on but they it isn't easy for them to

444

00:19:54,720 --> 00:19:52,600

walk you know lengthy periods of time on

445

00:19:57,900 --> 00:19:54,730

two legs and so that's one of the issues

446

00:20:00,840 --> 00:19:57,910

it's problematic and you know one of the

447

00:20:04,350 --> 00:20:00,850

things I talked about is finding sort of

448

00:20:06,510 --> 00:20:04,360

bear hairs in the area where the Yeti is

449

00:20:08,670 --> 00:20:06,520

believed to exist well my argument is

450

00:20:10,740 --> 00:20:08,680

well so what you know just because

451  
00:20:13,500 --> 00:20:10,750  
there's a bear there doesn't mean that's

452  
00:20:15,000 --> 00:20:13,510  
not something else there as well you

453  
00:20:17,340 --> 00:20:15,010  
know it's kind of like stayin Bigfoot

454  
00:20:18,750 --> 00:20:17,350  
lives in the woods of North America at

455  
00:20:20,940 --> 00:20:18,760  
the same time the bears live in the

456  
00:20:22,830 --> 00:20:20,950  
woods of North America you know the very

457  
00:20:24,960 --> 00:20:22,840  
fact that one animal is there doesn't

458  
00:20:27,240 --> 00:20:24,970  
rule out the possibility that there's

459  
00:20:29,370 --> 00:20:27,250  
another one there of an unknown nature

460  
00:20:32,070 --> 00:20:29,380  
as well you know you know before we move

461  
00:20:34,200 --> 00:20:32,080  
back into the book and UFOs and all that

462  
00:20:36,510 --> 00:20:34,210  
since we're on this subject I'll just

463  
00:20:38,760 --> 00:20:36,520

ask a couple of questions and that is is

464

00:20:40,500 --> 00:20:38,770

one of the arguments that you always

465

00:20:43,650 --> 00:20:40,510

hear is how come no one's ever found a

466

00:20:45,600 --> 00:20:43,660

skeleton or found you know found one

467

00:20:47,490 --> 00:20:45,610

sleeping or or or something like that

468

00:20:49,980 --> 00:20:47,500

yeah that's actually a good question it

469

00:20:53,220 --> 00:20:49,990

is one of the sort of most baffling

470

00:20:54,930 --> 00:20:53,230

aspects of the phenomenon and there are

471

00:20:56,490 --> 00:20:54,940

sort of two ways to approach it

472

00:20:59,010 --> 00:20:56,500

oh it's actually the several ways of

473

00:21:00,870 --> 00:20:59,020

course the skeptics would say there are

474

00:21:03,000 --> 00:21:00,880

no bodies because the creature doesn't

475

00:21:05,880 --> 00:21:03,010

exist you know that's the most obvious

476  
00:21:07,620 --> 00:21:05,890  
explanation mainstream cryptozoologists

477  
00:21:10,320 --> 00:21:07,630  
who perceive Bigfoot is just some sort

478  
00:21:12,450 --> 00:21:10,330  
of a North American equivalent of like a

479  
00:21:15,420 --> 00:21:12,460  
giant ape and they view the abominable

480  
00:21:17,820 --> 00:21:15,430  
snowman as the you know and an ape-like

481  
00:21:20,280 --> 00:21:17,830  
creature in the Himalayas take the

482  
00:21:23,370 --> 00:21:20,290  
stands that well maybe these creatures

483  
00:21:25,470 --> 00:21:23,380  
exist only in very small numbers and for

484  
00:21:28,260 --> 00:21:25,480  
that reason that's why we don't find a

485  
00:21:29,910 --> 00:21:28,270  
body then you have the third theory

486  
00:21:31,020 --> 00:21:29,920  
which is argued of the most

487  
00:21:32,610 --> 00:21:31,030  
controversial that

488  
00:21:34,590 --> 00:21:32,620

these creatures are far more sort of

489

00:21:36,990 --> 00:21:34,600

paranormal based than they are

490

00:21:39,000 --> 00:21:37,000

flesh-and-blood animals you know in

491

00:21:40,110 --> 00:21:39,010

essence they're sort of like blood leak

492

00:21:42,030 --> 00:21:40,120

ruins of a ghost or something

493

00:21:45,420 --> 00:21:42,040

supernatural but it takes on like a

494

00:21:48,480 --> 00:21:45,430

monstrous beastly form now you know that

495

00:21:50,520 --> 00:21:48,490

the problem is we have no real proof of

496

00:21:52,290 --> 00:21:50,530

these sort of physicality of Bigfoots

497

00:21:54,180 --> 00:21:52,300

but equally we don't have any proof of

498

00:21:56,690 --> 00:21:54,190

the supernatural angles so in other

499

00:22:00,120 --> 00:21:56,700

words even within the research community

500

00:22:01,890 --> 00:22:00,130

there's a lot of divergence as to why we

501  
00:22:03,360 --> 00:22:01,900  
don't actually have physical evidence

502  
00:22:04,950 --> 00:22:03,370  
one more question

503  
00:22:07,170 --> 00:22:04,960  
that kind of ties in with everything

504  
00:22:10,590 --> 00:22:07,180  
here you you hear sometimes you hear a

505  
00:22:13,080 --> 00:22:10,600  
connection between UFOs and Bigfoot what

506  
00:22:15,030 --> 00:22:13,090  
do you have to say about that as far as

507  
00:22:16,890 --> 00:22:15,040  
sightings well that actually sort of

508  
00:22:18,330 --> 00:22:16,900  
ties in what I mentioned about the you

509  
00:22:20,400 --> 00:22:18,340  
know the paranormal angle they're

510  
00:22:23,190 --> 00:22:20,410  
actually a lot of reports on file where

511  
00:22:25,080 --> 00:22:23,200  
people have seen Bigfoot's and they've

512  
00:22:28,020 --> 00:22:25,090  
seen not so much UFOs but sort of

513  
00:22:29,700 --> 00:22:28,030

strange lights in the sky and weird

514

00:22:31,950 --> 00:22:29,710

balls of light flitting through the

515

00:22:33,930 --> 00:22:31,960

woods at the same time that they've seen

516

00:22:35,670 --> 00:22:33,940

Bigfoot's and people clowns have seen

517

00:22:38,870 --> 00:22:35,680

the creature like vanish in a flash of

518

00:22:41,130 --> 00:22:38,880

light a friend of mine named Stan Gordon

519

00:22:43,800 --> 00:22:41,140

wrote an entire book on this called

520

00:22:47,550 --> 00:22:43,810

silent invasion which deals with a wave

521

00:22:50,550 --> 00:22:47,560

of UFO activity in Pennsylvania in 1973

522

00:22:53,510 --> 00:22:50,560

which was also dominated by sightings of

523

00:22:55,920 --> 00:22:53,520

Bigfoot now of course again mainstream

524

00:22:57,930 --> 00:22:55,930

cryptozoologists sort of you know well

525

00:23:00,030 --> 00:22:57,940

their eyes at these types of stories but

526

00:23:02,550 --> 00:23:00,040

from my perspective there are so many of

527

00:23:04,400 --> 00:23:02,560

them but it really to me at least does

528

00:23:07,020 --> 00:23:04,410

push Bigfoot down the more of a

529

00:23:09,150 --> 00:23:07,030

paranormal path than it does the idea

530

00:23:11,340 --> 00:23:09,160

that it's just the North American

531

00:23:14,040 --> 00:23:11,350

equivalent of a gorilla or whatever you

532

00:23:15,300 --> 00:23:14,050

know mm-hmm about the government you

533

00:23:18,000 --> 00:23:15,310

know if someone looks at my website

534

00:23:20,040 --> 00:23:18,010

about us you'll see there that I have

535

00:23:22,920 --> 00:23:20,050

written that you know I have a feeling

536

00:23:24,750 --> 00:23:22,930

or it's a possibility I should say that

537

00:23:28,140 --> 00:23:24,760

at least some part of our government

538

00:23:30,360 --> 00:23:28,150

knows about UFOs and is keeping it from

539

00:23:32,940 --> 00:23:30,370

us not that they might necessarily know

540

00:23:35,220 --> 00:23:32,950

what UFOs are even I know that your book

541

00:23:38,040 --> 00:23:35,230

basically talks about stuff like that

542

00:23:38,430 --> 00:23:38,050

can you go over the synopsis of your

543

00:23:43,380 --> 00:23:38,440

book

544

00:23:45,880 --> 00:23:43,390

study of a number of conspiracies sort

545

00:23:49,320 --> 00:23:45,890

of many of them UFO really

546

00:23:52,180 --> 00:23:49,330

where we have proof or evidence the

547

00:23:53,730 --> 00:23:52,190

government files that should exist of

548

00:23:56,680 --> 00:23:53,740

either being sort of destroyed

549

00:23:58,840 --> 00:23:56,690

deliberately or they've vanished or they

550

00:24:01,690 --> 00:23:58,850

can't be found or they were shredded or

551  
00:24:03,370 --> 00:24:01,700  
burned and you know it's sort of it's a

552  
00:24:06,539 --> 00:24:03,380  
case of sort of demonstrating the

553  
00:24:08,740 --> 00:24:06,549  
conspiracy by showing the reader

554  
00:24:11,230 --> 00:24:08,750  
somebody has tried to wipe out the

555  
00:24:13,240 --> 00:24:11,240  
evidence to hide the story and you know

556  
00:24:15,820 --> 00:24:13,250  
this only happened once or twice you

557  
00:24:17,470 --> 00:24:15,830  
could just put it down to you know just

558  
00:24:19,120 --> 00:24:17,480  
bureaucratic mistakes lest somebody

559  
00:24:21,460 --> 00:24:19,130  
threw something out when they shouldn't

560  
00:24:24,669 --> 00:24:21,470  
have but we find it all around the world

561  
00:24:25,930 --> 00:24:24,679  
where you know government agencies have

562  
00:24:28,149 --> 00:24:25,940  
said well we've gone looking for the

563  
00:24:30,490 --> 00:24:28,159

files but sorry we destroyed them years

564

00:24:33,940 --> 00:24:30,500

ago or they got burned or you know etc

565

00:24:37,180 --> 00:24:33,950

etc and you know that the big question

566

00:24:39,220 --> 00:24:37,190

is who's doing this and why and my

567

00:24:41,409 --> 00:24:39,230

personal view is that you know when

568

00:24:42,549 --> 00:24:41,419

people targets the government and they

569

00:24:44,110 --> 00:24:42,559

say all the government of the evil

570

00:24:46,450 --> 00:24:44,120

people and you know they're preventing

571

00:24:49,389 --> 00:24:46,460

us and finding this information I don't

572

00:24:51,639 --> 00:24:49,399

actually agree with that I think the the

573

00:24:54,940 --> 00:24:51,649

real sort of deep and dark secrets about

574

00:24:57,130 --> 00:24:54,950

the UFO subject aren't directly hidden

575

00:24:59,710 --> 00:24:57,140

by the government itself or even the

576

00:25:00,850 --> 00:24:59,720

relevance acknowledged agencies like the

577

00:25:03,519 --> 00:25:00,860

CIA the FBI

578

00:25:06,850 --> 00:25:03,529

I think the secrets hidden more likely

579

00:25:08,440 --> 00:25:06,860

by some sort of shadow type organization

580

00:25:11,169 --> 00:25:08,450

is almost almost like a shadow

581

00:25:13,870 --> 00:25:11,179

government and they didn't sort of

582

00:25:15,760 --> 00:25:13,880

necessarily acknowledge to exist and

583

00:25:17,230 --> 00:25:15,770

perhaps even Congress and people like

584

00:25:19,570 --> 00:25:17,240

this don't even know about it but

585

00:25:21,940 --> 00:25:19,580

because it's so deeply buried in the

586

00:25:24,460 --> 00:25:21,950

official infrastructure so I don't sort

587

00:25:26,049 --> 00:25:24,470

of portray you know that the FBI the CIA

588

00:25:27,940 --> 00:25:26,059

rebel is the bad guys I don't think

589

00:25:30,820 --> 00:25:27,950

they're the people hiding the truth they

590

00:25:34,779 --> 00:25:30,830

may ironically have a lot of data but

591

00:25:36,789 --> 00:25:34,789

they may not be the people who you know

592

00:25:39,639 --> 00:25:36,799

hiding the truth that's the facts I

593

00:25:41,260 --> 00:25:39,649

think that sort of goes to another much

594

00:25:44,169 --> 00:25:41,270

deeper level that we haven't yet him

595

00:25:46,720 --> 00:25:44,179

hardly begun to penetrating mm-hmm so

596

00:25:49,240 --> 00:25:46,730

this kind of leads me to the the kind of

597

00:25:52,510 --> 00:25:49,250

bizarre story of Chase Brandon saying he

598

00:25:54,520 --> 00:25:52,520

found a file box named Roswell which is

599

00:25:57,220 --> 00:25:54,530

kind of bizarre what's your take on that

600

00:25:58,210 --> 00:25:57,230

whole situation well yeah I mean this is

601  
00:26:02,740 --> 00:25:58,220  
an interesting one

602  
00:26:04,990 --> 00:26:02,750  
and it's also kind of a vexing crud as

603  
00:26:07,630 --> 00:26:05,000  
well because it's difficult to know

604  
00:26:09,970 --> 00:26:07,640  
where the truth lies but chase Brandon

605  
00:26:14,260 --> 00:26:09,980  
was a man who serviced a couple of years

606  
00:26:16,630 --> 00:26:14,270  
ago a former CIA employee who claimed to

607  
00:26:20,520 --> 00:26:16,640  
have read it or seen a document titled

608  
00:26:22,960 --> 00:26:20,530  
Roswell now Brandon was the CIA's

609  
00:26:25,000 --> 00:26:22,970  
entertainment liaison officer as it's

610  
00:26:27,279 --> 00:26:25,010  
known with Hollywood let's say you know

611  
00:26:28,960 --> 00:26:27,289  
a Hollywood production company wants to

612  
00:26:30,820 --> 00:26:28,970  
America sort a big-budget movie or

613  
00:26:33,430 --> 00:26:30,830

whatever a bit and there's information

614

00:26:35,830 --> 00:26:33,440

in there on the CIA the CIA actually has

615

00:26:37,990 --> 00:26:35,840

like a person who can help them you know

616

00:26:40,060 --> 00:26:38,000

understand how the agency works and the

617

00:26:42,520 --> 00:26:40,070

types of things he does you know so it's

618

00:26:45,760 --> 00:26:42,530

like a PR type person but liaison with

619

00:26:48,549 --> 00:26:45,770

the world of entertainment and Brandon

620

00:26:50,470 --> 00:26:48,559

claimed that on one particular case and

621

00:26:52,930 --> 00:26:50,480

while he was working with the CIA spent

622

00:26:55,299 --> 00:26:52,940

time in an area called the historical

623

00:26:57,580 --> 00:26:55,309

intelligence collection which is a real

624

00:26:59,230 --> 00:26:57,590

part of the CIA it's located at the

625

00:27:02,080 --> 00:26:59,240

agency's headquarters in Langley

626

00:27:05,529 --> 00:27:02,090

Virginia and he said that he saw this

627

00:27:07,799 --> 00:27:05,539

file which was titled Roswell now he

628

00:27:11,380 --> 00:27:07,809

didn't actually go into too much detail

629

00:27:14,020 --> 00:27:11,390

you know with regard to what the file

630

00:27:17,470 --> 00:27:14,030

actually stated but he said there were

631

00:27:20,710 --> 00:27:17,480

records and documents in there that

632

00:27:23,320 --> 00:27:20,720

basically you know suggested there was

633

00:27:25,570 --> 00:27:23,330

far more to the official story than the

634

00:27:28,690 --> 00:27:25,580

government had released or suggested

635

00:27:31,390 --> 00:27:28,700

themselves now the story has provoked a

636

00:27:35,500 --> 00:27:31,400

lot of controversy within it within the

637

00:27:36,730 --> 00:27:35,510

pro' Roswell community for example you

638

00:27:39,100 --> 00:27:36,740

know the very fact that the file was

639

00:27:42,220 --> 00:27:39,110

titled Roswell and it was an old file is

640

00:27:45,730 --> 00:27:42,230

intriguing because the the link between

641

00:27:48,490 --> 00:27:45,740

the events itself and and Roswell to

642

00:27:50,789 --> 00:27:48,500

town you know he's actually a very

643

00:27:53,820 --> 00:27:50,799

flimsy one and has really only been

644

00:27:56,260 --> 00:27:53,830

amplified by the UFO research community

645

00:27:58,060 --> 00:27:56,270

particularly when Charles Berlitz and

646

00:28:01,149 --> 00:27:58,070

Bill Moore wrote the book the Roswell

647

00:28:03,520 --> 00:28:01,159

incident in 1980 and by that I mean the

648

00:28:05,950 --> 00:28:03,530

the events itself actually occurred at a

649

00:28:09,190 --> 00:28:05,960

place called the foster ranch in Lincoln

650

00:28:11,770 --> 00:28:09,200

County New Mexico Roswell the town is

651

00:28:14,200 --> 00:28:11,780

linked located in chase currency

652

00:28:16,690 --> 00:28:14,210

Roswell actually it's like a two-hour

653

00:28:19,540 --> 00:28:16,700

drive from the town of Roswell to the

654

00:28:22,060 --> 00:28:19,550

crash site right so in other words the

655

00:28:24,670 --> 00:28:22,070

only reason why Roswell to town has

656

00:28:26,680 --> 00:28:24,680

become linked to the crash is because

657

00:28:28,540 --> 00:28:26,690

Roswell was where the nearest military

658

00:28:31,990 --> 00:28:28,550

base existed to where the wreckage could

659

00:28:34,060 --> 00:28:32,000

be taken so in other words it's kind of

660

00:28:36,520 --> 00:28:34,070

strange that this an official CIA

661

00:28:39,310 --> 00:28:36,530

document would be titled Roswell when

662

00:28:41,740 --> 00:28:39,320

it's actually the UFO community that is

663

00:28:45,040 --> 00:28:41,750

responsible for promoting the Roswell

664

00:28:46,920 --> 00:28:45,050

UFO link now you'd imagine that the fire

665

00:28:49,210 --> 00:28:46,930

would really be titled something like

666

00:28:51,970 --> 00:28:49,220

incidents on the foster ranch you know

667

00:28:54,790 --> 00:28:51,980

and that would make it more sort of

668

00:28:57,460 --> 00:28:54,800

acceptable I think so even within the

669

00:28:59,710 --> 00:28:57,470

UFO community stirred up a lot of debate

670

00:29:04,090 --> 00:28:59,720

as to whether the story's true or not

671

00:29:06,250 --> 00:29:04,100

and the the CIA didn't come out when the

672

00:29:08,200 --> 00:29:06,260

story says I didn't go and say the chose

673

00:29:11,110 --> 00:29:08,210

Brandon was a liar they just said they

674

00:29:13,300 --> 00:29:11,120

went looking for the material that he

675

00:29:15,820 --> 00:29:13,310

claimed to have seen and said we can't

676

00:29:18,280 --> 00:29:15,830

find it you know so some people

677

00:29:20,680 --> 00:29:18,290

suggested that might have been the CIA's

678

00:29:22,390 --> 00:29:20,690

tactful way of not wanting to sort of

679

00:29:25,480 --> 00:29:22,400

besmirch the character of one of their

680

00:29:28,690 --> 00:29:25,490

employees but also not having to sort of

681

00:29:31,150 --> 00:29:28,700

openly comments outright on on his

682

00:29:34,210 --> 00:29:31,160

claims but you know the onus is on him

683

00:29:35,920 --> 00:29:34,220

to to explain more you know he was the

684

00:29:38,260 --> 00:29:35,930

one that came forward with the story and

685

00:29:40,390 --> 00:29:38,270

so far you know we sort of limited in

686

00:29:43,030 --> 00:29:40,400

what information we've got I would think

687

00:29:44,590 --> 00:29:43,040

that if you had a high clearance I

688

00:29:46,060 --> 00:29:44,600

understand you'd have a high clearance

689

00:29:48,190 --> 00:29:46,070

if you were even looking at these things

690

00:29:50,050 --> 00:29:48,200

but still I would think something like

691

00:29:53,200 --> 00:29:50,060

that would be numbered or some type of

692

00:29:55,690 --> 00:29:53,210

code word at such a top level anyway

693

00:29:57,760 --> 00:29:55,700

instead of saying just probably you

694

00:29:59,920 --> 00:29:57,770

absolutely right and to just have a file

695

00:30:02,380 --> 00:29:59,930

titled Roswell he's almost sort of too

696

00:30:04,090 --> 00:30:02,390

good to be true you know I mean that's

697

00:30:06,880 --> 00:30:04,100

the problem why I think it's been so

698

00:30:09,520 --> 00:30:06,890

difficult to access official files on

699

00:30:11,170 --> 00:30:09,530

Roswell because people assume it's going

700

00:30:13,810 --> 00:30:11,180

to be under a file title like Roswell

701  
00:30:16,330 --> 00:30:13,820  
UFO crash which you know would be

702  
00:30:18,430 --> 00:30:16,340  
bizarre you know it would be titled

703  
00:30:20,530 --> 00:30:18,440  
something far more bureaucratic in

704  
00:30:22,870 --> 00:30:20,540  
nature which is which is typically the

705  
00:30:25,480 --> 00:30:22,880  
way all agencies around the world work

706  
00:30:27,400 --> 00:30:25,490  
you know mm-hmm the last show

707  
00:30:29,260 --> 00:30:27,410  
I just had Michael Luke who does the

708  
00:30:31,150 --> 00:30:29,270  
news with me mention that you had a

709  
00:30:33,450 --> 00:30:31,160  
different type of take on Roswell can

710  
00:30:36,250 --> 00:30:33,460  
you can you talk about that if it's true

711  
00:30:39,790 --> 00:30:36,260  
yeah well I mean it's not so much my

712  
00:30:42,220 --> 00:30:39,800  
take what it is I interviewed way back

713  
00:30:44,950 --> 00:30:42,230

now sort of 10 years ago a number of

714

00:30:47,500 --> 00:30:44,960

retired and elderly military personnel

715

00:30:49,780 --> 00:30:47,510

who claimed that the truth of Roswell

716

00:30:51,720 --> 00:30:49,790

was actually nothing to do with UFOs

717

00:30:55,210 --> 00:30:51,730

they claimed it was all based around

718

00:30:57,460 --> 00:30:55,220

high-altitude balloon experimentation in

719

00:31:02,940 --> 00:30:57,470

this sort of post Second World War era

720

00:31:04,930 --> 00:31:02,950

sort of 45 46 47 where people were being

721

00:31:07,600 --> 00:31:04,940

high-altitude balloons were being

722

00:31:10,230 --> 00:31:07,610

launched with people on board to try and

723

00:31:12,580 --> 00:31:10,240

determine the effects of a high-altitude

724

00:31:16,690 --> 00:31:12,590

exposure you know but this is obviously

725

00:31:18,820 --> 00:31:16,700

pre space you know the space race etc

726

00:31:21,910 --> 00:31:18,830

the Soviets but it was sort of very

727

00:31:23,740 --> 00:31:21,920

early in highly secret experimentation

728

00:31:27,070 --> 00:31:23,750

to try and understand how the human body

729

00:31:29,220 --> 00:31:27,080

would react to high-altitude exposure

730

00:31:32,440 --> 00:31:29,230

and that some of these experiments

731

00:31:34,540 --> 00:31:32,450

involved sort of gigantic balloon arrays

732

00:31:36,700 --> 00:31:34,550

that would take these sort of gondola

733

00:31:38,590 --> 00:31:36,710

type of constructions into the sky and

734

00:31:40,419 --> 00:31:38,600

then they would come down and you know

735

00:31:42,700 --> 00:31:40,429

the paper would be tested etc and

736

00:31:45,430 --> 00:31:42,710

supposedly according to the paper I

737

00:31:47,290 --> 00:31:45,440

spoke to at least one of these huge

738

00:31:49,450 --> 00:31:47,300

balloons and one of these gondolas with

739

00:31:52,480 --> 00:31:49,460

four or five so-called passengers on

740

00:31:55,690 --> 00:31:52,490

board crashed to earth off range it was

741

00:31:57,310 --> 00:31:55,700

supposed to come down on the White Sands

742

00:32:00,460 --> 00:31:57,320

Missile Range which is this heavily

743

00:32:03,220 --> 00:32:00,470

guarded area of New Mexico a military

744

00:32:05,530 --> 00:32:03,230

installation but it went off course and

745

00:32:08,740 --> 00:32:05,540

supposedly came down on the foster ranch

746

00:32:10,570 --> 00:32:08,750

and in a worst-case scenario the rancher

747

00:32:13,390 --> 00:32:10,580

stumbled across the wreckage and the

748

00:32:14,919 --> 00:32:13,400

bodies of the crew before the military

749

00:32:17,919 --> 00:32:14,929

could get there and he told the local

750

00:32:19,480 --> 00:32:17,929

police who then went into Roswell and

751  
00:32:21,340 --> 00:32:19,490  
then the media picked up the store and

752  
00:32:24,370 --> 00:32:21,350  
it all blew out of proportion before the

753  
00:32:26,260 --> 00:32:24,380  
military could get a put the lid down on

754  
00:32:28,000 --> 00:32:26,270  
it and so they come up with this story

755  
00:32:30,669 --> 00:32:28,010  
about it being a weather balloon and a

756  
00:32:33,480 --> 00:32:30,679  
flying saucer to hide the fact that they

757  
00:32:36,720 --> 00:32:33,490  
didn't want the Russians to find out how

758  
00:32:39,010 --> 00:32:36,730  
advanced the sort of research was into

759  
00:32:41,620 --> 00:32:39,020  
high altitude

760  
00:32:43,630 --> 00:32:41,630  
technology back in 47 you know the

761  
00:32:46,270 --> 00:32:43,640  
height of the other beginnings I should

762  
00:32:48,700 --> 00:32:46,280  
say of the Cold War now that I'd be the

763  
00:32:50,170 --> 00:32:48,710

first to admit the number the paint

764

00:32:51,520 --> 00:32:50,180

lines have you turned out to have

765

00:32:54,160 --> 00:32:51,530

backgrounds in the field of

766

00:32:57,040 --> 00:32:54,170

disinformation so it's sort of you know

767

00:32:59,890 --> 00:32:57,050

were they spreading this story to hide

768

00:33:02,740 --> 00:32:59,900

the UFO truth or was this the truth from

769

00:33:04,990 --> 00:33:02,750

the UFO angle was a cover story and you

770

00:33:07,390 --> 00:33:05,000

know even for me you know even to this

771

00:33:09,700 --> 00:33:07,400

day ten years or so after I interview

772

00:33:11,770 --> 00:33:09,710

these people actually twelve in one of

773

00:33:14,830 --> 00:33:11,780

the cases I'll be the first to admit I

774

00:33:16,300 --> 00:33:14,840

truthfully don't know which way you know

775

00:33:18,130 --> 00:33:16,310

it goes you know it's one of these

776

00:33:20,800 --> 00:33:18,140

situations where it's so baffling and

777

00:33:23,200 --> 00:33:20,810

there's so many mirrors and you know

778

00:33:25,900 --> 00:33:23,210

mirrors within mirrors that you just

779

00:33:27,460 --> 00:33:25,910

really don't know who's telling the

780

00:33:29,950 --> 00:33:27,470

truth and who's creating a cover story

781

00:33:32,590 --> 00:33:29,960

but but that was what the the gist of it

782

00:33:35,080 --> 00:33:32,600

was so the high-altitude secret balloon

783

00:33:37,120 --> 00:33:35,090

experiment using people Wow

784

00:33:39,700 --> 00:33:37,130

that really does add a little bit of a

785

00:33:41,350 --> 00:33:39,710

mix to the whole thing doesn't it yeah

786

00:33:43,960 --> 00:33:41,360

the problem is you know it's like

787

00:33:46,000 --> 00:33:43,970

Roswell to me like a American equivalent

788

00:33:47,530 --> 00:33:46,010

of Britain's Jack the Ripper you know

789

00:33:51,400 --> 00:33:47,540

it's so long ago there are so many

790

00:33:53,650 --> 00:33:51,410

different theories and claims that I'm

791

00:33:55,360 --> 00:33:53,660

not sure unfortunately unless something

792

00:33:57,790 --> 00:33:55,370

officially surfaces I'm not sure we'll

793

00:33:59,830 --> 00:33:57,800

ever really you know our full

794

00:34:02,440 --> 00:33:59,840

understanding or full proof of what

795

00:34:04,480 --> 00:34:02,450

actually occurred that's right and the

796

00:34:06,760 --> 00:34:04,490

more the people die off that claim to

797

00:34:09,220 --> 00:34:06,770

have been witnesses and the longer at

798

00:34:10,419 --> 00:34:09,230

the time goes that's right I mean you

799

00:34:13,510 --> 00:34:10,429

know just recently we had the

800

00:34:16,720 --> 00:34:13,520

unfortunate death of Jesse Marcel jr. it

801  
00:34:18,820 --> 00:34:16,730  
was the young boy whose dad made a Jesse

802  
00:34:20,320 --> 00:34:18,830  
Marcel was one of the people involved in

803  
00:34:22,270 --> 00:34:20,330  
Roswell and you know brought some of the

804  
00:34:25,570 --> 00:34:22,280  
wreckage to the house before it was all

805  
00:34:28,450 --> 00:34:25,580  
classified to show his son and you know

806  
00:34:31,389 --> 00:34:28,460  
Jesse Marcel jr. was like 11 years old

807  
00:34:34,270 --> 00:34:31,399  
and he just recently died was nearly 80

808  
00:34:36,930 --> 00:34:34,280  
you know that demonstrates how long ago

809  
00:34:40,240 --> 00:34:36,940  
Roswell actually occurred you know it's

810  
00:34:41,980 --> 00:34:40,250  
it's I mean 60 next year will be 67

811  
00:34:44,169 --> 00:34:41,990  
years ago you know we're talking now

812  
00:34:48,010 --> 00:34:44,179  
almost about 70 years two thirds of a

813  
00:34:49,720 --> 00:34:48,020

century which makes it you know every

814

00:34:51,760 --> 00:34:49,730

year that goes by it becomes more and

815

00:34:52,919 --> 00:34:51,770

more difficult to prove anything on the

816

00:34:54,960 --> 00:34:52,929

case really

817

00:34:56,970 --> 00:34:54,970

yeah and there are still having digs

818

00:34:59,609 --> 00:34:56,980

they're having a dig out there I believe

819

00:35:02,279 --> 00:34:59,619

next month well yeah I mean I think this

820

00:35:03,870 --> 00:35:02,289

is an important thing because really the

821

00:35:05,779 --> 00:35:03,880

only way I think we didn't get to the

822

00:35:08,670 --> 00:35:05,789

bottom of Roswell is through some

823

00:35:10,559 --> 00:35:08,680

alternative fashion you know I mean

824

00:35:12,960 --> 00:35:10,569

nothing's ever surfaced on the case

825

00:35:15,839 --> 00:35:12,970

about one or two literally one or two

826  
00:35:17,099 --> 00:35:15,849  
pages of documentation which don't you

827  
00:35:19,109 --> 00:35:17,109  
know they're not smoking guns they

828  
00:35:21,359 --> 00:35:19,119  
actually just talk about the press

829  
00:35:23,910 --> 00:35:21,369  
release the military pulled out and you

830  
00:35:26,700 --> 00:35:23,920  
know this weather balloon angle so I

831  
00:35:28,980 --> 00:35:26,710  
think the only way the truth is likely

832  
00:35:31,260 --> 00:35:28,990  
to surface is if whoever's hiding the

833  
00:35:33,210 --> 00:35:31,270  
truth decides to release it and I don't

834  
00:35:35,190 --> 00:35:33,220  
see what their motivation would be for

835  
00:35:37,529 --> 00:35:35,200  
doing that because they clearly don't

836  
00:35:39,900 --> 00:35:37,539  
want to do that so I think there are two

837  
00:35:42,870 --> 00:35:39,910  
possibilities one would be that

838  
00:35:45,539 --> 00:35:42,880

something surfaces by mistake that's to

839

00:35:48,029 --> 00:35:45,549

say perhaps a document or a file got

840

00:35:49,950 --> 00:35:48,039

misfiled and it's surfaces one day and

841

00:35:50,430 --> 00:35:49,960

then you know blows the whole thing wide

842

00:35:52,589 --> 00:35:50,440

open

843

00:35:53,670 --> 00:35:52,599

that's you know somebody requests

844

00:35:55,829 --> 00:35:53,680

something through the Freedom of

845

00:35:59,490 --> 00:35:55,839

Information Act and and it's mistakenly

846

00:36:00,779 --> 00:35:59,500

released and the other scenario is you

847

00:36:02,299 --> 00:36:00,789

know in connection with things like this

848

00:36:04,529 --> 00:36:02,309

dig that's going to go ahead where

849

00:36:07,920 --> 00:36:04,539

people will be digging out at the

850

00:36:10,170 --> 00:36:07,930

original crash site and China you know

851

00:36:13,410 --> 00:36:10,180

find remnants and scraps of material

852

00:36:15,510 --> 00:36:13,420

that might have got buried or you know

853

00:36:17,099 --> 00:36:15,520

ended up you know even something like a

854

00:36:19,740 --> 00:36:17,109

rabbit hole or something you know just

855

00:36:21,930 --> 00:36:19,750

blew in there 70 years ago and still

856

00:36:23,730 --> 00:36:21,940

wedged inside one of these sort of an

857

00:36:25,829 --> 00:36:23,740

underground crevice or whatever and I

858

00:36:28,140 --> 00:36:25,839

mean the chances of finding something

859

00:36:31,200 --> 00:36:28,150

might be slim well on the other hand I

860

00:36:32,880 --> 00:36:31,210

think if we don't go looking we're

861

00:36:34,589 --> 00:36:32,890

definitely not gonna find anything so in

862

00:36:37,650 --> 00:36:34,599

that sense it's worth at least trying

863

00:36:39,930 --> 00:36:37,660

that's right now have you been following

864

00:36:42,420 --> 00:36:39,940

the people that claim they have two

865

00:36:44,880 --> 00:36:42,430

slides of our Roswell aliens have you

866

00:36:46,529 --> 00:36:44,890

been following that at all yes I have I

867

00:36:49,230 --> 00:36:46,539

know a few little bits about it but I

868

00:36:52,109 --> 00:36:49,240

haven't I've seen anything you know

869

00:36:54,809 --> 00:36:52,119

there's this claim that there is like a

870

00:36:58,410 --> 00:36:54,819

slide or two which shows something like

871

00:36:59,819 --> 00:36:58,420

a body and I mean if it surfaces I mean

872

00:37:01,950 --> 00:36:59,829

that would be great you know and I think

873

00:37:05,339 --> 00:37:01,960

the problem is a great deal of debate

874

00:37:06,720 --> 00:37:05,349

and controversy and conversation is

875

00:37:09,150 --> 00:37:06,730

going on about this

876

00:37:10,980 --> 00:37:09,160

or really hardly anybody has actually

877

00:37:13,200 --> 00:37:10,990

seen it and I think that's the problem

878

00:37:16,590 --> 00:37:13,210

it's led to all sorts of wild rumors and

879

00:37:18,750 --> 00:37:16,600

an inaccurate rumors but you know the it

880

00:37:21,599 --> 00:37:18,760

does come down to the fact that you know

881

00:37:23,250 --> 00:37:21,609

this these slides do exist the big

882

00:37:25,020 --> 00:37:23,260

question is what they show and you know

883

00:37:27,030 --> 00:37:25,030

will we see them and are they actually

884

00:37:29,400 --> 00:37:27,040

related you know to the Roswell story

885

00:37:31,470 --> 00:37:29,410

directly that's right and I think that

886

00:37:33,830 --> 00:37:31,480

would be the most difficult part to tie

887

00:37:36,480 --> 00:37:33,840

in is if they related to Roswell or not

888

00:37:38,670 --> 00:37:36,490

yeah these are bigger issues that I

889

00:37:40,740 --> 00:37:38,680

think the I mean that the so-called

890

00:37:42,900 --> 00:37:40,750

dream team which is a comprised of

891

00:37:44,609 --> 00:37:42,910

various Roswell researchers you know

892

00:37:47,370 --> 00:37:44,619

they they're looking into it and have

893

00:37:50,160 --> 00:37:47,380

been and have uncovered some intriguing

894

00:37:52,830 --> 00:37:50,170

information but you know I guess for the

895

00:37:55,290 --> 00:37:52,840

rest of us it's really sort of a case of

896

00:37:57,960 --> 00:37:55,300

wait and see what surfaces and when it

897

00:38:00,390 --> 00:37:57,970

surfaces you know in your experience in

898

00:38:04,200 --> 00:38:00,400

researching the UFO field what is the

899

00:38:05,520 --> 00:38:04,210

most intriguing case in your mind well I

900

00:38:07,620 --> 00:38:05,530

mean there are a lot of them I would say

901  
00:38:09,030 --> 00:38:07,630  
pretty much near the top of the list

902  
00:38:11,040 --> 00:38:09,040  
there would be what I would consider to

903  
00:38:13,650 --> 00:38:11,050  
be like a British Roswell and that was

904  
00:38:16,140 --> 00:38:13,660  
the series of UFO landings and

905  
00:38:18,480 --> 00:38:16,150  
encounters in Rendlesham forest on the

906  
00:38:20,970 --> 00:38:18,490  
east coast of England in December 1980

907  
00:38:24,540 --> 00:38:20,980  
where over the course of December the

908  
00:38:26,490 --> 00:38:24,550  
26th to the 28th there was multiple UFO

909  
00:38:29,340 --> 00:38:26,500  
encounters in Rendlesham forest which

910  
00:38:31,380 --> 00:38:29,350  
backs onto two military bases Bentwaters

911  
00:38:33,560 --> 00:38:31,390  
in Woodbridge which are now closed down

912  
00:38:36,120 --> 00:38:33,570  
but back in 1980

913  
00:38:38,250 --> 00:38:36,130

they're both British Royal Air Force

914

00:38:40,320 --> 00:38:38,260

bases that one was leased out to an

915

00:38:42,270 --> 00:38:40,330

American contingent you know in the

916

00:38:45,420 --> 00:38:42,280

event that the gembra Soviets launched a

917

00:38:47,820 --> 00:38:45,430

sneak attack that it would help you know

918

00:38:51,540 --> 00:38:47,830

sort of defend any assault on mainland

919

00:38:53,670 --> 00:38:51,550

Europe but what's intriguing about the

920

00:38:55,349 --> 00:38:53,680

the Rendlesham story and the reason I

921

00:38:58,170 --> 00:38:55,359

include this in the book is because

922

00:39:00,480 --> 00:38:58,180

there's dimensional evidence that files

923

00:39:03,630 --> 00:39:00,490

on the case have vanished I mean one

924

00:39:05,370 --> 00:39:03,640

classic example is that if we look at

925

00:39:08,490 --> 00:39:05,380

the story of a man named George Wilde

926

00:39:11,910 --> 00:39:08,500

George Wilde and a senior position in

927

00:39:14,970 --> 00:39:11,920

the British Prison Service at the time

928

00:39:17,460 --> 00:39:14,980

the Rendlesham case occurred and he

929

00:39:19,470 --> 00:39:17,470

spoke with senior personnel who told him

930

00:39:20,600 --> 00:39:19,480

that a nearby prison called high point

931

00:39:22,790 --> 00:39:20,610

prison

932

00:39:26,900 --> 00:39:22,800

primed for evacuation at the height of

933

00:39:29,240 --> 00:39:26,910

the UFO encounters and Georgina Bruner

934

00:39:30,860 --> 00:39:29,250

it was also a Rendlesham researcher who

935

00:39:33,920 --> 00:39:30,870

wrote a book called you can tell the

936

00:39:36,710 --> 00:39:33,930

people all about the case she found

937

00:39:38,540 --> 00:39:36,720

evidence of to further prisons which

938

00:39:41,450 --> 00:39:38,550

were primed for evacuation on the same

939

00:39:43,820 --> 00:39:41,460

night suggesting that something very

940

00:39:46,490 --> 00:39:43,830

serious was going down to where the

941

00:39:48,710 --> 00:39:46,500

government was in a panic State and was

942

00:39:50,660 --> 00:39:48,720

you know getting ready to evacuate but

943

00:39:52,340 --> 00:39:50,670

not just the prisoners but also possibly

944

00:39:55,370 --> 00:39:52,350

the people from the local towns and

945

00:39:58,730 --> 00:39:55,380

villages now but in itself an intriguing

946

00:40:00,950 --> 00:39:58,740

story alone but a few years ago about

947

00:40:03,200 --> 00:40:00,960

ten years ago now the late Lord Hill

948

00:40:04,940 --> 00:40:03,210

naught there was a former British Chief

949

00:40:06,680 --> 00:40:04,950

of Defence Staff he actually tabled the

950

00:40:09,620 --> 00:40:06,690

British government and said you know I

951  
00:40:11,780 --> 00:40:09,630  
want to see the the governor's logbook

952  
00:40:14,360 --> 00:40:11,790  
from High Point prison for December 1980

953  
00:40:17,030 --> 00:40:14,370  
to see if there's anything there about

954  
00:40:19,520 --> 00:40:17,040  
this planned evacuation of High Point

955  
00:40:20,960 --> 00:40:19,530  
prison and the government grudgingly

956  
00:40:23,000 --> 00:40:20,970  
even though he was a former defense

957  
00:40:25,250 --> 00:40:23,010  
chief of Defense staff the government

958  
00:40:27,500 --> 00:40:25,260  
was quite grudgingly willing to look

959  
00:40:29,120 --> 00:40:27,510  
into it so they went looking and what

960  
00:40:31,100 --> 00:40:29,130  
they found was that the logbook for

961  
00:40:33,380 --> 00:40:31,110  
December 1980 is gone

962  
00:40:36,170 --> 00:40:33,390  
it's just vanished like so many of these

963  
00:40:39,860 --> 00:40:36,180

other cases and and again when that

964

00:40:41,810 --> 00:40:39,870

happens for me you know I just cannot

965

00:40:44,060 --> 00:40:41,820

put that down to coincidence or

966

00:40:47,360 --> 00:40:44,070

accidents you know the very la book that

967

00:40:49,610 --> 00:40:47,370

could confirm these events it's gone and

968

00:40:52,060 --> 00:40:49,620

and I think that's what we've seen time

969

00:40:54,400 --> 00:40:52,070

and time again in the UFO field the

970

00:40:57,650 --> 00:40:54,410

significant documents that should exist

971

00:41:01,160 --> 00:40:57,660

seemingly don't exist anymore and this

972

00:41:02,780 --> 00:41:01,170

is worldwide obviously so this is pretty

973

00:41:05,660 --> 00:41:02,790

amazing when you really think about it

974

00:41:09,890 --> 00:41:05,670

yeah I mean just to go back to Roswell I

975

00:41:13,100 --> 00:41:09,900

mean in 1993 the US New Mexico State

976

00:41:14,390 --> 00:41:13,110

congressman Steven Schiff approached the

977

00:41:16,070 --> 00:41:14,400

what was at the time was called the

978

00:41:17,210 --> 00:41:16,080

General Accounting Office today it's

979

00:41:20,150 --> 00:41:17,220

called the Government Accountability

980

00:41:22,190 --> 00:41:20,160

Office to look into Roswell one of the

981

00:41:24,850 --> 00:41:22,200

most significant things they found or

982

00:41:28,010 --> 00:41:24,860

rather they didn't find was every single

983

00:41:29,600 --> 00:41:28,020

outgoing message from the Roswell Army

984

00:41:33,560 --> 00:41:29,610

Air Force Base as it was called at the

985

00:41:34,279 --> 00:41:33,570

time from 1945 to 1949 for years as

986

00:41:36,049 --> 00:41:34,289

vanished

987

00:41:38,569 --> 00:41:36,059

I mean nobody knows where they are

988

00:41:40,579 --> 00:41:38,579

there's no surrounding documentation

989

00:41:42,529 --> 00:41:40,589

saying you know transfer these files to

990

00:41:44,329 --> 00:41:42,539

this space or that archive or destroy

991

00:41:44,959 --> 00:41:44,339

them or shred them they're just not

992

00:41:47,419 --> 00:41:44,969

available

993

00:41:49,159 --> 00:41:47,429

and even the people in the Air Force who

994

00:41:51,259 --> 00:41:49,169

did the search like the archivists they

995

00:41:53,479 --> 00:41:51,269

couldn't figure out who had removed the

996

00:41:56,329 --> 00:41:53,489

files or even when they've been removed

997

00:41:58,069 --> 00:41:56,339

you know was a month after Stephen

998

00:42:00,620 --> 00:41:58,079

Schiff made the inquiries or was it 30

999

00:42:02,809 --> 00:42:00,630

or 40 years ago nobody was able to

1000

00:42:04,849 --> 00:42:02,819

answer the questions again suggesting

1001

00:42:07,669 --> 00:42:04,859

the to me at least you know that the

1002

00:42:09,439 --> 00:42:07,679

archivists and the was aren't the bad

1003

00:42:11,509 --> 00:42:09,449

guys in this I really don't believe they

1004

00:42:14,509 --> 00:42:11,519

are but it's almost again as if there's

1005

00:42:17,239 --> 00:42:14,519

this far more powerful hidden hand that

1006

00:42:19,519 --> 00:42:17,249

sort of just moves in you know and takes

1007

00:42:21,919 --> 00:42:19,529

what it needs without official oversight

1008

00:42:23,539 --> 00:42:21,929

and which even leads you know the people

1009

00:42:27,140 --> 00:42:23,549

in the agencies scratching their heads

1010

00:42:29,989 --> 00:42:27,150

and so that the Rendlesham Sadri sort of

1011

00:42:32,839 --> 00:42:29,999

eerily parallels what happened with the

1012

00:42:36,079 --> 00:42:32,849

Roswell files as well in your best

1013

00:42:39,019 --> 00:42:36,089

estimation would you think that some of

1014

00:42:40,819 --> 00:42:39,029

these files were missing right after the

1015

00:42:43,609 --> 00:42:40,829

Freedom of Information Act and the

1016

00:42:45,229 --> 00:42:43,619

states or do you think it's possible

1017

00:42:47,569 --> 00:42:45,239

they were missing right off the bat

1018

00:42:49,519 --> 00:42:47,579

right after they happened well yeah I

1019

00:42:52,609 --> 00:42:49,529

mean certainly things like Rendell

1020

00:42:55,459 --> 00:42:52,619

Sherman Roswell I think that whoever was

1021

00:42:57,769 --> 00:42:55,469

responsible for sort of controlling the

1022

00:42:59,439 --> 00:42:57,779

flow of information and investigating

1023

00:43:02,749 --> 00:42:59,449

the events I think they would sort of

1024

00:43:04,370 --> 00:43:02,759

acutely have realized the importance of

1025

00:43:06,049 --> 00:43:04,380

them and would have taken steps

1026  
00:43:08,630 --> 00:43:06,059  
immediately to make sure that all the

1027  
00:43:10,880 --> 00:43:08,640  
documentation and all the data was sort

1028  
00:43:12,499 --> 00:43:10,890  
of consolidated in one place you know

1029  
00:43:15,409 --> 00:43:12,509  
the last thing they would want or need

1030  
00:43:17,299 --> 00:43:15,419  
is dozens of documents flying around all

1031  
00:43:21,559 --> 00:43:17,309  
over the place with the chance of them

1032  
00:43:23,870 --> 00:43:21,569  
been surfacing so my view is that

1033  
00:43:26,329 --> 00:43:23,880  
whatever happened at Roswell I think

1034  
00:43:30,559 --> 00:43:26,339  
those files were probably put together

1035  
00:43:32,599 --> 00:43:30,569  
and held in one location since 1947 now

1036  
00:43:35,179 --> 00:43:32,609  
maybe the location has changed things

1037  
00:43:36,919 --> 00:43:35,189  
then but I would be surprised if the

1038  
00:43:39,259 --> 00:43:36,929

files had been sort of split up and

1039

00:43:41,630 --> 00:43:39,269

shared here there and everywhere you

1040

00:43:43,219 --> 00:43:41,640

know that is that's sort of not the way

1041

00:43:46,130 --> 00:43:43,229

things are done when it comes to like a

1042

00:43:48,330 --> 00:43:46,140

classified project or program you know

1043

00:43:49,680 --> 00:43:48,340

they sort of held in one play

1044

00:43:51,960 --> 00:43:49,690

and I think that's what makes it

1045

00:43:54,120 --> 00:43:51,970

difficult for us to find the files

1046

00:43:55,920 --> 00:43:54,130

because number one we don't know who's

1047

00:43:58,560 --> 00:43:55,930

holding them number two we don't know

1048

00:44:00,900 --> 00:43:58,570

which archive beheld at our agency or

1049

00:44:02,820 --> 00:44:00,910

official body and number three the

1050

00:44:05,250 --> 00:44:02,830

official story is well we can't find the

1051  
00:44:06,930 --> 00:44:05,260  
files anyway no so that that makes it

1052  
00:44:09,090 --> 00:44:06,940  
even more difficult to try and figure

1053  
00:44:12,540 --> 00:44:09,100  
out how we get in there's no project

1054  
00:44:15,150 --> 00:44:12,550  
Bluebook in the States you wonder where

1055  
00:44:17,550 --> 00:44:15,160  
these files go today when there's some a

1056  
00:44:19,770 --> 00:44:17,560  
major sighting on enough for the whoever

1057  
00:44:22,260 --> 00:44:19,780  
it is to pay attention to in our

1058  
00:44:24,480 --> 00:44:22,270  
government where those files go yeah and

1059  
00:44:26,100 --> 00:44:24,490  
I think for me again this this sort of

1060  
00:44:28,950 --> 00:44:26,110  
smacks of the idea that there's this

1061  
00:44:31,110 --> 00:44:28,960  
sort of shadow group because I think if

1062  
00:44:34,200 --> 00:44:31,120  
it was for the regular Air Force or the

1063  
00:44:35,940 --> 00:44:34,210

CIL or however you know at least some of

1064

00:44:38,460 --> 00:44:35,950

this latter date material would be

1065

00:44:41,490 --> 00:44:38,470

servicing but it but it clearly isn't so

1066

00:44:42,990 --> 00:44:41,500

you know we talk about well we hear a

1067

00:44:45,270 --> 00:44:43,000

lot about things like black budget

1068

00:44:48,450 --> 00:44:45,280

projects and what are called sa peas or

1069

00:44:50,490 --> 00:44:48,460

special access programs where even for

1070

00:44:53,820 --> 00:44:50,500

example you know Congress and the Senate

1071

00:44:55,740 --> 00:44:53,830

and are very often even the president

1072

00:44:57,690 --> 00:44:55,750

you know isn't fully aware of what's

1073

00:45:00,300 --> 00:44:57,700

going on within these organizations

1074

00:45:02,820 --> 00:45:00,310

because they're so sensitive and covered

1075

00:45:05,070 --> 00:45:02,830

by national security issues that pretty

1076  
00:45:07,410 --> 00:45:05,080  
much everybody other than the people on

1077  
00:45:10,530 --> 00:45:07,420  
the project itself are totally out of

1078  
00:45:13,710 --> 00:45:10,540  
the loop and so I think that's why we're

1079  
00:45:15,630 --> 00:45:13,720  
not seeing you know too much surfacing

1080  
00:45:17,220 --> 00:45:15,640  
today as I said you know I don't paint

1081  
00:45:19,110 --> 00:45:17,230  
the Air Force or evers the bad guys

1082  
00:45:21,870 --> 00:45:19,120  
hiding the truth because I think even

1083  
00:45:25,590 --> 00:45:21,880  
they don't really know you know what's

1084  
00:45:27,840 --> 00:45:25,600  
going on it is some sort of deeply

1085  
00:45:30,050 --> 00:45:27,850  
buried group that possibly even

1086  
00:45:33,270 --> 00:45:30,060  
officially doesn't exist you know it's

1087  
00:45:35,370 --> 00:45:33,280  
that the funding comes through sort of

1088  
00:45:37,800 --> 00:45:35,380

under the table methods and nothing's

1089

00:45:39,690 --> 00:45:37,810

put down in writing you know in terms of

1090

00:45:41,520 --> 00:45:39,700

a paper trail to find them and and

1091

00:45:44,850 --> 00:45:41,530

that's what makes it so successful I

1092

00:45:46,170 --> 00:45:44,860

think absolutely and yet I've thought of

1093

00:45:48,330 --> 00:45:46,180

that too because there's a lot of money

1094

00:45:50,940 --> 00:45:48,340

spent that there's no records of where

1095

00:45:52,740 --> 00:45:50,950

it's going to sort of black ops type of

1096

00:45:55,500 --> 00:45:52,750

stuff the thing that comes to mind is

1097

00:45:57,560 --> 00:45:55,510

someone is filing for a UFO document

1098

00:46:00,510 --> 00:45:57,570

through the Freedom of Information Act

1099

00:46:01,830 --> 00:46:00,520

they get it in the mail eventually and

1100

00:46:03,660 --> 00:46:01,840

it's blacked out a lot

1101

00:46:05,460 --> 00:46:03,670

it's blacked out who is doing the

1102

00:46:07,740 --> 00:46:05,470

blacking out and what did you know what

1103

00:46:10,740 --> 00:46:07,750

could they possibly be reading someone

1104

00:46:12,750 --> 00:46:10,750

is reading it within that branch of the

1105

00:46:13,830 --> 00:46:12,760

government yeah well what happens when

1106

00:46:16,920 --> 00:46:13,840

you file a Freedom of Information

1107

00:46:20,030 --> 00:46:16,930

request if the files are identified and

1108

00:46:22,890 --> 00:46:20,040

located they go to what a particular

1109

00:46:24,420 --> 00:46:22,900

Department that studies if the files not

1110

00:46:26,840 --> 00:46:24,430

been released before I should say they

1111

00:46:29,610 --> 00:46:26,850

study it to determine what material

1112

00:46:31,800 --> 00:46:29,620

within that document can be released and

1113

00:46:33,990 --> 00:46:31,810

the material that can't be released now

1114

00:46:36,480 --> 00:46:34,000

sometimes it's for down-to-earth reasons

1115

00:46:38,520 --> 00:46:36,490

for example you know if the files say

1116

00:46:40,590 --> 00:46:38,530

only three or four years old and it

1117

00:46:43,080 --> 00:46:40,600

mentions the name of an active agent

1118

00:46:45,390 --> 00:46:43,090

within their agency they will block that

1119

00:46:47,370 --> 00:46:45,400

name out because you know for national

1120

00:46:50,040 --> 00:46:47,380

security reasons they don't want people

1121

00:46:53,340 --> 00:46:50,050

knowing who you know the names of

1122

00:46:54,840 --> 00:46:53,350

serving military personnel or agency

1123

00:46:57,120 --> 00:46:54,850

personnel you know the last thing they

1124

00:46:59,550 --> 00:46:57,130

wants I guess is somebody knocking on

1125

00:47:02,010 --> 00:46:59,560

the doorstep of somebody who holds a

1126  
00:47:03,810 --> 00:47:02,020  
sensitive position so for that reason

1127  
00:47:06,570 --> 00:47:03,820  
sort of national security and personal

1128  
00:47:09,060 --> 00:47:06,580  
privacy and personal safety of the

1129  
00:47:13,140 --> 00:47:09,070  
relevant employee that the names will be

1130  
00:47:14,730 --> 00:47:13,150  
withheld there's also a portion of the

1131  
00:47:17,400 --> 00:47:14,740  
Freedom of Information Act that allows

1132  
00:47:19,260 --> 00:47:17,410  
all medical information on a person to

1133  
00:47:21,120 --> 00:47:19,270  
be withheld from a documents as well you

1134  
00:47:22,950 --> 00:47:21,130  
know it's a private medical background

1135  
00:47:25,440 --> 00:47:22,960  
that sort of thing but then you have

1136  
00:47:27,960 --> 00:47:25,450  
what's called the classification B 1 and

1137  
00:47:30,270 --> 00:47:27,970  
B 1 covers national security so if

1138  
00:47:32,940 --> 00:47:30,280

there's anything in the documents there

1139

00:47:35,610 --> 00:47:32,950

as an effect or significant effect on

1140

00:47:38,550 --> 00:47:35,620

national security then that can be

1141

00:47:40,140 --> 00:47:38,560

blacked out in under the terms of the B

1142

00:47:42,270 --> 00:47:40,150

1 aspect of the Freedom of Information

1143

00:47:44,550 --> 00:47:42,280

Act and so in other words the people who

1144

00:47:47,010 --> 00:47:44,560

review the files have a high enough

1145

00:47:49,740 --> 00:47:47,020

clearance to where they are allowed to

1146

00:47:52,290 --> 00:47:49,750

read the material and then a

1147

00:47:54,960 --> 00:47:52,300

determination is made within the agency

1148

00:47:57,440 --> 00:47:54,970

and other departments as to whether or

1149

00:48:00,540 --> 00:47:57,450

not that data can be released now

1150

00:48:03,090 --> 00:48:00,550

obviously in latter day files more often

1151

00:48:05,730 --> 00:48:03,100

than not anything with an effect on

1152

00:48:06,930 --> 00:48:05,740

national security guess we've held but

1153

00:48:08,370 --> 00:48:06,940

if you look back at some of the earlier

1154

00:48:10,440 --> 00:48:08,380

files inside the fifties and sixties

1155

00:48:12,360 --> 00:48:10,450

where perhaps the secret involved you

1156

00:48:15,660 --> 00:48:12,370

know not necessarily UFO secret but

1157

00:48:18,120 --> 00:48:15,670

whatever it was you know even necessary

1158

00:48:21,330 --> 00:48:18,130

relative to today sort of 50 40 years

1159

00:48:23,070 --> 00:48:21,340

old the often that material will be

1160

00:48:26,190 --> 00:48:23,080

released because he has no sort of

1161

00:48:28,140 --> 00:48:26,200

ongoing effect in today's world so he

1162

00:48:30,540 --> 00:48:28,150

very much depends on the contents and

1163

00:48:33,660 --> 00:48:30,550

the age of the documents and you know

1164

00:48:34,980 --> 00:48:33,670

how decisions are made - whether or not

1165

00:48:37,680 --> 00:48:34,990

it's going to impact upon national

1166

00:48:39,900 --> 00:48:37,690

security if it's released or not now

1167

00:48:43,020 --> 00:48:39,910

going across the board and all that you

1168

00:48:44,310 --> 00:48:43,030

researched for this particular book what

1169

00:48:47,250 --> 00:48:44,320

do you think is the most intriguing

1170

00:48:48,870 --> 00:48:47,260

missing files well I mean for me one of

1171

00:48:51,600 --> 00:48:48,880

the most fascinating stories it's a

1172

00:48:55,650 --> 00:48:51,610

controversial one relates to Marilyn

1173

00:48:57,480 --> 00:48:55,660

Monroe and her death in 1962 which you

1174

00:48:59,580 --> 00:48:57,490

know a lot of people still view as a

1175

00:49:03,330 --> 00:48:59,590

suspicious event not just sort of an

1176  
00:49:04,980 --> 00:49:03,340  
accident or suicide but right murder the

1177  
00:49:07,050 --> 00:49:04,990  
FBI I've actually been very good about

1178  
00:49:08,640 --> 00:49:07,060  
releasing all their files on Marilyn

1179  
00:49:10,740 --> 00:49:08,650  
Monroe you can find them at their

1180  
00:49:12,900 --> 00:49:10,750  
website called the vault and again this

1181  
00:49:14,790 --> 00:49:12,910  
is why I don't paint you know the

1182  
00:49:16,740 --> 00:49:14,800  
government agencies are the bad guys

1183  
00:49:19,800 --> 00:49:16,750  
because the FBI has been very good as I

1184  
00:49:22,470 --> 00:49:19,810  
said it releasing their files but we do

1185  
00:49:25,410 --> 00:49:22,480  
still get these stories about you know

1186  
00:49:27,630 --> 00:49:25,420  
the idea that she was murdered and you

1187  
00:49:29,880 --> 00:49:27,640  
know possibly by government agents some

1188  
00:49:31,620 --> 00:49:29,890

people say others suggest again like

1189

00:49:34,950 --> 00:49:31,630

some shadow group that has hired

1190

00:49:36,570 --> 00:49:34,960

assassins on its books you know and to

1191

00:49:39,240 --> 00:49:36,580

where there's like plausible deniability

1192

00:49:41,430 --> 00:49:39,250

because there's actually no direct

1193

00:49:44,310 --> 00:49:41,440

government involvement it's sort of you

1194

00:49:46,470 --> 00:49:44,320

know farmed out to a hired hand so to

1195

00:49:49,260 --> 00:49:46,480

speaking but the story is very

1196

00:49:51,870 --> 00:49:49,270

controversial story suggests that when

1197

00:49:54,990 --> 00:49:51,880

Marilyn Monroe was having an affair with

1198

00:49:58,190 --> 00:49:55,000

President Kennedy in the early 1960s

1199

00:50:01,260 --> 00:49:58,200

that he supposedly confided in her

1200

00:50:03,450 --> 00:50:01,270

details of various government secrets

1201

00:50:06,960 --> 00:50:03,460

presume try to impress her into the

1202

00:50:09,540 --> 00:50:06,970

bedroom so to speak and these related to

1203

00:50:12,360 --> 00:50:09,550

things like the Cuban Missile Crisis and

1204

00:50:15,510 --> 00:50:12,370

the Bay of Pigs invasion that you know

1205

00:50:17,670 --> 00:50:15,520

was the planned invasion of Cuba and the

1206

00:50:19,080 --> 00:50:17,680

relationship with the Russians and one

1207

00:50:22,980 --> 00:50:19,090

of the stories is that Kennedy

1208

00:50:25,500 --> 00:50:22,990

supposedly told her about his a secret

1209

00:50:27,510 --> 00:50:25,510

trip he or he made to what he described

1210

00:50:29,100 --> 00:50:27,520

as a secret airbase where he was shown

1211

00:50:32,010 --> 00:50:29,110

quote

1212

00:50:34,260 --> 00:50:32,020

bodies and things from outer space you

1213

00:50:37,050 --> 00:50:34,270

know so the implication being at least

1214

00:50:39,060 --> 00:50:37,060

that it was wreckage akin to sort of

1215

00:50:41,820 --> 00:50:39,070

what was found at Roswell and bodies and

1216

00:50:43,860 --> 00:50:41,830

so forth and she supposedly wrote this

1217

00:50:46,110 --> 00:50:43,870

in what she called her diary of Secrets

1218

00:50:47,760 --> 00:50:46,120

and Mary Monroe did actually had this

1219

00:50:50,010 --> 00:50:47,770

sort of diary of Secrets as it was

1220

00:50:52,620 --> 00:50:50,020

called you know a lot of people portray

1221

00:50:54,780 --> 00:50:52,630

as like this sort of dumb crazy blonde

1222

00:50:57,030 --> 00:50:54,790

but she actually wasn't she had a deep

1223

00:50:59,010 --> 00:50:57,040

interest in politics and you know the

1224

00:51:00,990 --> 00:50:59,020

world stage etc and she had a great

1225

00:51:03,030 --> 00:51:01,000

memory and she would ride all this stuff

1226

00:51:05,090 --> 00:51:03,040

down that the Kennedys told her and that

1227

00:51:08,520 --> 00:51:05,100

she got from other sources as well and

1228

00:51:12,780 --> 00:51:08,530

all we know for sure is that after her

1229

00:51:14,400 --> 00:51:12,790

death in August 62 her diary people

1230

00:51:16,620 --> 00:51:14,410

worked in the coroner's office said it

1231

00:51:18,720 --> 00:51:16,630

was taken in there with all the you know

1232

00:51:20,760 --> 00:51:18,730

private belongings but he'd vanished

1233

00:51:22,920 --> 00:51:20,770

after a couple of days and nobody knew

1234

00:51:25,740 --> 00:51:22,930

what happened to it and it's not being

1235

00:51:28,290 --> 00:51:25,750

seen since but he was sort of like a

1236

00:51:30,120 --> 00:51:28,300

hefty leather-bound journal and she

1237

00:51:31,770 --> 00:51:30,130

supposedly over the years had a number

1238

00:51:33,630 --> 00:51:31,780

of these but there was this particular

1239

00:51:36,510 --> 00:51:33,640

one that sort of chronicled everything

1240

00:51:38,490 --> 00:51:36,520

that the Kennedys told her and again

1241

00:51:40,050 --> 00:51:38,500

this sort of demonstrates kind of a

1242

00:51:42,300 --> 00:51:40,060

similar angle where it's not government

1243

00:51:45,120 --> 00:51:42,310

files that have vanished but it's a

1244

00:51:48,540 --> 00:51:45,130

private Journal from someone talking

1245

00:51:51,390 --> 00:51:48,550

about government files and again you

1246

00:51:53,010 --> 00:51:51,400

know to what extent we might ever know

1247

00:51:54,750 --> 00:51:53,020

what happened to that journal you know

1248

00:51:57,630 --> 00:51:54,760

we just don't know I'd be surprised if

1249

00:51:59,640 --> 00:51:57,640

it was destroyed because clearly whoever

1250

00:52:01,890 --> 00:51:59,650

took it would want to know you know what

1251  
00:52:03,420 --> 00:52:01,900  
she was exactly told and who else might

1252  
00:52:05,130 --> 00:52:03,430  
have been told the information so

1253  
00:52:07,980 --> 00:52:05,140  
clearly it would have been studied as

1254  
00:52:10,230 --> 00:52:07,990  
like a forensic document by the agencies

1255  
00:52:12,570 --> 00:52:10,240  
I think but for me that's one of the

1256  
00:52:14,610 --> 00:52:12,580  
most fascinating one because you know

1257  
00:52:17,100 --> 00:52:14,620  
Marilyn Monroe's like an American icon

1258  
00:52:19,200 --> 00:52:17,110  
she's become almost legendary and I

1259  
00:52:22,020 --> 00:52:19,210  
think in that sense that's why the the

1260  
00:52:23,610 --> 00:52:22,030  
intrigue surrounding his story continues

1261  
00:52:24,900 --> 00:52:23,620  
to go on you know you'll never really

1262  
00:52:26,970 --> 00:52:24,910  
die away right

1263  
00:52:29,490 --> 00:52:26,980

I can back that up about Marilyn Monroe

1264

00:52:32,490 --> 00:52:29,500

because I went over some unknown

1265

00:52:35,100 --> 00:52:32,500

documents of hers about to two or three

1266

00:52:37,110 --> 00:52:35,110

years ago and she was absolutely

1267

00:52:39,570 --> 00:52:37,120

brilliant I was kind of shocked after

1268

00:52:41,220 --> 00:52:39,580

reading some of her notes no one could

1269

00:52:42,410 --> 00:52:41,230

ever make a fake journal and put it out

1270

00:52:45,079 --> 00:52:42,420

there because her hand read

1271

00:52:47,660 --> 00:52:45,089

is very unique she was a very intense

1272

00:52:49,339 --> 00:52:47,670

person and she absolutely wrote down

1273

00:52:50,660 --> 00:52:49,349

everything that was in her mind some of

1274

00:52:54,230 --> 00:52:50,670

the things I read kind of blew me away

1275

00:52:56,960 --> 00:52:54,240

oh yes she was a very very very clever

1276

00:52:58,760 --> 00:52:56,970

intelligent witty person and but she

1277

00:53:01,250 --> 00:52:58,770

meets you know sort of like the crazy

1278

00:53:03,650 --> 00:53:01,260

Hollywood blonde and I think her a big

1279

00:53:06,650 --> 00:53:03,660

downfall was that she was very emotional

1280

00:53:09,049 --> 00:53:06,660

and you know times are emotionally

1281

00:53:11,210 --> 00:53:09,059

unstable and that sort of you know

1282

00:53:13,460 --> 00:53:11,220

worked against her if that she didn't

1283

00:53:14,870 --> 00:53:13,470

have that aspect of a character you know

1284

00:53:17,359 --> 00:53:14,880

I don't think she probably would have

1285

00:53:19,400 --> 00:53:17,369

ended up how she did but unfortunately

1286

00:53:21,890 --> 00:53:19,410

you know she did but that didn't take

1287

00:53:23,539 --> 00:53:21,900

away the fact that I mean she take it

1288

00:53:26,030 --> 00:53:23,549

took a great deal of notice you know

1289

00:53:28,069 --> 00:53:26,040

world politics and things like that yeah

1290

00:53:30,650 --> 00:53:28,079

well Nick this has been really

1291

00:53:32,539 --> 00:53:30,660

intriguing it's been a real enjoyable

1292

00:53:33,319 --> 00:53:32,549

talk with you today I've really really

1293

00:53:35,059 --> 00:53:33,329

liked it a lot

1294

00:53:37,430 --> 00:53:35,069

oh well thanks a lot and appreciate me

1295

00:53:40,039 --> 00:53:37,440

on the show Thanks and when is your

1296

00:53:43,670 --> 00:53:40,049

website well people can reach me at Nick

1297

00:53:47,089 --> 00:53:43,680

Redfern forty and which is fo RT EAN

1298

00:53:49,190 --> 00:53:47,099

Nick Redfern forty and blog spot.com all

1299

00:53:51,200 --> 00:53:49,200

people can reach me on Facebook as you

1300

00:53:53,270 --> 00:53:51,210

type Nick Redfern in there's there are

1301  
00:53:55,789 --> 00:53:53,280  
few Nick Redferns but scroll down and

1302  
00:53:57,170 --> 00:53:55,799  
you'll me on the list okay and you

1303  
00:53:58,609 --> 00:53:57,180  
said you always have a book or two in

1304  
00:54:01,339 --> 00:53:58,619  
the works do you have any working titles

1305  
00:54:05,180 --> 00:54:01,349  
you're working on now yeah but one which

1306  
00:54:07,069 --> 00:54:05,190  
comes out in June of next year it's it's

1307  
00:54:08,960 --> 00:54:07,079  
called Close Encounters of the fatal

1308  
00:54:11,059 --> 00:54:08,970  
kind and it's all about mysterious

1309  
00:54:13,579 --> 00:54:11,069  
deaths within the UFO field of

1310  
00:54:15,950 --> 00:54:13,589  
researchers and witnesses and people

1311  
00:54:17,599 --> 00:54:15,960  
like that I had a conversation with

1312  
00:54:19,970 --> 00:54:17,609  
Peter Robbins about that situation

1313  
00:54:23,870 --> 00:54:19,980

that's that's very interesting

1314

00:54:25,640 --> 00:54:23,880

yeah it's one that often sort of gets it

1315

00:54:27,020 --> 00:54:25,650

gets touched up a lot of people dismiss

1316

00:54:28,819 --> 00:54:27,030

it as oh well that's just too

1317

00:54:30,230 --> 00:54:28,829

over-the-top but when you look into it

1318

00:54:32,930 --> 00:54:30,240

you actually find there are a lot of

1319

00:54:35,450 --> 00:54:32,940

very weird and sinister deaths in the

1320

00:54:38,030 --> 00:54:35,460

field going way back to the 1940s even

1321

00:54:40,609 --> 00:54:38,040

right right alright so thanks so much

1322

00:54:42,380 --> 00:54:40,619

all right well thanks thanks a lot thank

1323

00:54:43,730 --> 00:54:42,390

you for listening to our show and please

1324

00:54:47,180 --> 00:54:43,740

remember to check out our website

1325

00:54:49,640 --> 00:54:47,190

podcast UFO calm for the latest blogs

1326

00:54:52,130 --> 00:54:49,650

and forums we'll be back next week
