

PODCAST UFO

Live Shows

Every Wednesday

8PM EST/1AM UTC

darkmatterradio.net

1
00:00:04,160 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:05,360 --> 00:00:04,170
triangle you know there's explanation

3
00:00:07,309 --> 00:00:05,370
for everything that occurred in the

4
00:00:09,440 --> 00:00:07,319
rendlesham forest incident it doesn't

5
00:00:13,190 --> 00:00:09,450
involve aliens at all it was completely

6
00:00:16,039 --> 00:00:13,200
silent it comes right over our head it's

7
00:00:17,660 --> 00:00:16,049
so a classic flying-saucer really

8
00:00:19,400 --> 00:00:17,670
standing in the clearing he turned over

9
00:00:20,779 --> 00:00:19,410
to my father and held his hand and he

10
00:00:24,410 --> 00:00:20,789
looked in his eyes and said we're not

11
00:00:27,200 --> 00:00:24,420
alone welcome to Podcast UFO for our

12
00:00:29,900 --> 00:00:27,210
live show our live shows are right here

13
00:00:32,020 --> 00:00:29,910

at eight pm eastern standard time please

14

00:00:35,870 --> 00:00:32,030

remember to visit the website podcast

15

00:00:38,150 --> 00:00:35,880

UFO com check out the latest blogs and

16

00:00:40,880 --> 00:00:38,160

forums and while you're there don't

17

00:00:42,979 --> 00:00:40,890

forget to like our very active Facebook

18

00:00:45,170 --> 00:00:42,989

page hello and welcome to the show I'm

19

00:00:47,420 --> 00:00:45,180

Martin will if your host Sam moranto

20

00:00:48,920 --> 00:00:47,430

will be joining us in a second we're

21

00:00:51,170 --> 00:00:48,930

coming at you live in the dark matter

22

00:00:52,880 --> 00:00:51,180

radio network you can catch us here

23

00:00:55,910 --> 00:00:52,890

every wednesday at eight pm eastern

24

00:00:58,250 --> 00:00:55,920

standard time you can call in during our

25

00:01:01,069 --> 00:00:58,260

live show or skype us and i'll give you

26
00:01:04,009 --> 00:01:01,079
more information later on our guests for

27
00:01:06,830 --> 00:01:04,019
the show today is dr. Kevin Randall who

28
00:01:09,560 --> 00:01:06,840
I always think of as a no-nonsense guy

29
00:01:11,300 --> 00:01:09,570
he says it the way it is and that's why

30
00:01:13,070 --> 00:01:11,310
i like about Kevin and he'll be coming

31
00:01:15,440 --> 00:01:13,080
up in a little while after the break

32
00:01:17,749 --> 00:01:15,450
well Sam I want to talk to you about

33
00:01:19,730 --> 00:01:17,759
California I lived out there for about

34
00:01:22,760 --> 00:01:19,740
nine years and a lot of stuffs been

35
00:01:24,679 --> 00:01:22,770
going on a lot of hoaxing and of course

36
00:01:26,810 --> 00:01:24,689
everybody's been talking about the crop

37
00:01:30,740 --> 00:01:26,820
circle so I have a little bit of beef

38
00:01:33,410 --> 00:01:30,750

with California Sam I I think I do to a

39

00:01:35,840 --> 00:01:33,420

little bit yeah did you remember the

40

00:01:37,490 --> 00:01:35,850

other day I emailed you right after New

41

00:01:39,800 --> 00:01:37,500

Year's Day right after we did our show

42

00:01:42,530 --> 00:01:39,810

that and I said to you look at all these

43

00:01:45,469 --> 00:01:42,540

UFO sightings on New Year's Eve they're

44

00:01:48,020 --> 00:01:45,479

all Chinese lanterns and laughable isn't

45

00:01:50,469 --> 00:01:48,030

it all there was gobs of them and pretty

46

00:01:53,090 --> 00:01:50,479

much the LA to do is look at the footage

47

00:01:54,649 --> 00:01:53,100

some of them I don't know because I

48

00:01:56,539 --> 00:01:54,659

didn't see all the footage and they were

49

00:01:59,870 --> 00:01:56,549

saying it was throughout the state

50

00:02:01,850 --> 00:01:59,880

pretty much or yeah people were setting

51
00:02:03,080 --> 00:02:01,860
off fireworks and setting off Chinese

52
00:02:05,749 --> 00:02:03,090
lanterns at the same time that's

53
00:02:07,520 --> 00:02:05,759
basically what was going on however

54
00:02:10,160 --> 00:02:07,530
there was one guy that said he saw one

55
00:02:12,880 --> 00:02:10,170
take off at a high rate of speed and

56
00:02:15,370 --> 00:02:12,890
either that was not the truth

57
00:02:17,559 --> 00:02:15,380
so to speak or he thought he saw

58
00:02:20,199 --> 00:02:17,569
something yeah it could either be the

59
00:02:23,620 --> 00:02:20,209
way he was looking at it or it could be

60
00:02:27,730 --> 00:02:23,630
something legit we again we've had in

61
00:02:29,350 --> 00:02:27,740
fact last year last year yeah it was

62
00:02:31,300 --> 00:02:29,360
last year of course anything happened

63
00:02:33,580 --> 00:02:31,310

last couple prior to a couple weeks ago

64

00:02:37,090 --> 00:02:33,590

the last year I was speaking at a

65

00:02:38,680 --> 00:02:37,100

Plainfield library and a woman told me

66

00:02:40,750 --> 00:02:38,690

about an experience in the fourth july

67

00:02:43,530 --> 00:02:40,760

they were at a baseball game and this

68

00:02:46,180 --> 00:02:43,540

huge triangular object just SAT there

69

00:02:48,610 --> 00:02:46,190

over the baseball game they she looked

70

00:02:51,190 --> 00:02:48,620

up and she was in awe and there was like

71

00:02:52,990 --> 00:02:51,200

six or seven I'm looking but the rest of

72

00:02:55,030 --> 00:02:53,000

them were too engrossed in the game team

73

00:02:57,850 --> 00:02:55,040

and pay attention to this thing clearly

74

00:03:02,250 --> 00:02:57,860

a triangular object sitting perfectly

75

00:03:05,650 --> 00:03:02,260

still and it was huge directly over the

76

00:03:08,290 --> 00:03:05,660

field have you noticed how these UFOs

77

00:03:09,850 --> 00:03:08,300

seem to be sports fans they sure are hey

78

00:03:12,009 --> 00:03:09,860

I'm seeing this yeah I know they like

79

00:03:13,930 --> 00:03:12,019

baseball so that that's good that was

80

00:03:16,690 --> 00:03:13,940

very good points with me I love baseball

81

00:03:18,490 --> 00:03:16,700

right so next I want to talk to you

82

00:03:21,280 --> 00:03:18,500

about the crop circle that's gone viral

83

00:03:23,920 --> 00:03:21,290

and of course has come out that it was

84

00:03:25,509 --> 00:03:23,930

just a advertising ploy but right when

85

00:03:28,780 --> 00:03:25,519

that happened that was all over the news

86

00:03:30,789 --> 00:03:28,790

just like the UFOs and that was in i

87

00:03:32,530 --> 00:03:30,799

think it was like chawala or something

88

00:03:35,199 --> 00:03:32,540

like that california there was a guy

89
00:03:37,360 --> 00:03:35,209
named brian anderson who emailed me the

90
00:03:40,479 --> 00:03:37,370
next day and he said that is some type

91
00:03:43,720 --> 00:03:40,489
of marketing ploy some type of chip he

92
00:03:46,210 --> 00:03:43,730
works in the technical field and he knew

93
00:03:50,080 --> 00:03:46,220
right away that's what it was and so I

94
00:03:52,240 --> 00:03:50,090
forwarded that to Nancy Talbot a past

95
00:03:55,060 --> 00:03:52,250
guests that does crop circle research

96
00:03:57,789 --> 00:03:55,070
and you can go to on her website now BLT

97
00:04:00,850 --> 00:03:57,799
research she has articles on that about

98
00:04:03,310 --> 00:04:00,860
the findings but again another hoax and

99
00:04:05,170 --> 00:04:03,320
you know it really works when they're

100
00:04:07,180 --> 00:04:05,180
advertising like this because you know

101

00:04:09,130 --> 00:04:07,190

they get a lot of media and its really

102

00:04:11,080 --> 00:04:09,140

unfortunate for all of us more things to

103

00:04:14,920 --> 00:04:11,090

muddy the water basically oh absolutely

104

00:04:17,310 --> 00:04:14,930

and the thing was when I looked at it

105

00:04:20,949 --> 00:04:17,320

right off the bed I go that's a chip

106

00:04:23,170 --> 00:04:20,959

yeah it was just just look at it if you

107

00:04:26,230 --> 00:04:23,180

can see like what is it a depiction of

108

00:04:26,860 --> 00:04:26,240

its it's like it's a chip well you know

109

00:04:29,200 --> 00:04:26,870

it's

110

00:04:31,270 --> 00:04:29,210

funny how this guy wrote me and said a

111

00:04:33,670 --> 00:04:31,280

lot of people didn't get it he didn't

112

00:04:36,760 --> 00:04:33,680

understand why but another thing I

113

00:04:39,219 --> 00:04:36,770

listened to coast to coast i guess i can

114

00:04:42,400 --> 00:04:39,229

say that in Linda Moulton Howe who I

115

00:04:44,379 --> 00:04:42,410

actually like but she kind of goes out

116

00:04:47,050 --> 00:04:44,389

there a bit sometimes without doing any

117

00:04:50,379 --> 00:04:47,060

research and she had all kinds of people

118

00:04:54,010 --> 00:04:50,389

involved they broke the code of 192 and

119

00:04:57,490 --> 00:04:54,020

she said okay 192 days from the day that

120

00:05:00,760 --> 00:04:57,500

was made is July eighth and the planets

121

00:05:03,700 --> 00:05:00,770

will be arranged in a 192 formation and

122

00:05:05,650 --> 00:05:03,710

this is a warning and it also is

123

00:05:07,810 --> 00:05:05,660

plutonium that could be dirty bombs you

124

00:05:09,400 --> 00:05:07,820

know on and on and on out to like 12

125

00:05:13,180 --> 00:05:09,410

million people or 20 million people

126
00:05:16,120 --> 00:05:13,190
whatever coast to coast has I mean wow I

127
00:05:17,740 --> 00:05:16,130
don't know things like that just you

128
00:05:20,310 --> 00:05:17,750
know I just think you have to be so

129
00:05:23,140 --> 00:05:20,320
careful before you come to conclusions

130
00:05:25,750 --> 00:05:23,150
especially of that magnitude and people

131
00:05:29,230 --> 00:05:25,760
say why does it take you so long to come

132
00:05:31,810 --> 00:05:29,240
out with the case tinley park sman how

133
00:05:34,270 --> 00:05:31,820
long I'll tell you why this is the prime

134
00:05:36,250 --> 00:05:34,280
example put it together right make sure

135
00:05:38,620 --> 00:05:36,260
everything's correct and present the

136
00:05:40,480 --> 00:05:38,630
correct information whatever it is to

137
00:05:42,670 --> 00:05:40,490
make sure it's correct they'll write

138
00:05:46,540 --> 00:05:42,680

again the other thing is we keep

139

00:05:50,350 --> 00:05:46,550

forgetting with Linda more importantly

140

00:05:52,810 --> 00:05:50,360

importantly she is a journalist when a

141

00:05:55,240 --> 00:05:52,820

journalist has to have a story and has

142

00:05:57,730 --> 00:05:55,250

to publish she has spots on these shows

143

00:06:00,850 --> 00:05:57,740

that she has to bring information and

144

00:06:04,210 --> 00:06:00,860

and I don't slide her for that but I do

145

00:06:06,520 --> 00:06:04,220

think I don't think I know the because

146

00:06:08,409 --> 00:06:06,530

of that same thing with Jaime Mossad web

147

00:06:11,020 --> 00:06:08,419

tremendous amount of respect for all

148

00:06:13,750 --> 00:06:11,030

these people they jumped the gun to grab

149

00:06:15,670 --> 00:06:13,760

the story and put it out there I don't

150

00:06:18,550 --> 00:06:15,680

think that is the prudent way to go

151
00:06:20,620 --> 00:06:18,560
about it now with the resources that

152
00:06:24,400 --> 00:06:20,630
they have she did I'll give her credit

153
00:06:27,040 --> 00:06:24,410
this much she did get the 192 but I me

154
00:06:29,230 --> 00:06:27,050
personally I Julie came in and said you

155
00:06:30,879 --> 00:06:29,240
hear about this crop circle and i'm on

156
00:06:33,370 --> 00:06:30,889
the computer already working on it that

157
00:06:35,320 --> 00:06:33,380
morning and sure enough and I and I says

158
00:06:38,230 --> 00:06:35,330
well I'm looking and I go that's a

159
00:06:39,980 --> 00:06:38,240
computer chip of some sort except for

160
00:06:42,470 --> 00:06:39,990
the exterior

161
00:06:44,810 --> 00:06:42,480
orbs or whatever they're supposed to be

162
00:06:47,210 --> 00:06:44,820
and who knows but that's a chip that's

163
00:06:49,940 --> 00:06:47,220

what a chip looks like and sure enough

164

00:06:53,000 --> 00:06:49,950

that's what it was now going back to

165

00:06:56,240 --> 00:06:53,010

what Nancy Talbot just told me a few

166

00:06:58,850 --> 00:06:56,250

minutes ago she had contacted and got

167

00:07:01,520 --> 00:06:58,860

ahold of someone that was working a farm

168

00:07:03,470 --> 00:07:01,530

tracker in the field right next to where

169

00:07:06,140 --> 00:07:03,480

they were making the glyph and watch

170

00:07:08,240 --> 00:07:06,150

them make it so you know it's it's a

171

00:07:09,740 --> 00:07:08,250

wonder that story didn't get out right

172

00:07:12,620 --> 00:07:09,750

away before this whole thing went viral

173

00:07:15,590 --> 00:07:12,630

yeah that should have been nabbed right

174

00:07:18,130 --> 00:07:15,600

away unfortunately Nancy and Linda don't

175

00:07:20,630 --> 00:07:18,140

particularly share too much information

176
00:07:23,510 --> 00:07:20,640
that's part of the another problem we

177
00:07:26,060 --> 00:07:23,520
have in the research field as people

178
00:07:28,490 --> 00:07:26,070
like to be very territorial about their

179
00:07:31,070 --> 00:07:28,500
research and understandably within

180
00:07:33,740 --> 00:07:31,080
reason but when it comes to something

181
00:07:35,390 --> 00:07:33,750
like that I don't care if I knew another

182
00:07:37,130 --> 00:07:35,400
person was working on a case and I

183
00:07:39,080 --> 00:07:37,140
caught wind of something I don't care

184
00:07:41,840 --> 00:07:39,090
who it was could be something that

185
00:07:43,850 --> 00:07:41,850
really doesn't make me too happy I'd

186
00:07:45,560 --> 00:07:43,860
still contact them because I would want

187
00:07:47,840 --> 00:07:45,570
to make them have them look like a full

188
00:07:51,110 --> 00:07:47,850

the other thing is it does give a sort

189

00:07:54,680 --> 00:07:51,120

of a black eye making us look like a

190

00:07:57,260 --> 00:07:54,690

bunch of nincompoops I think so this

191

00:08:00,320 --> 00:07:57,270

whole thing you know in California just

192

00:08:02,180 --> 00:08:00,330

what has transpired over the last week

193

00:08:04,160 --> 00:08:02,190

it certainly doesn't help the UFO field

194

00:08:07,520 --> 00:08:04,170

in any way that's for sure I think

195

00:08:09,620 --> 00:08:07,530

that'll do it for this week and so Sam

196

00:08:12,710 --> 00:08:09,630

we'll see you back here next week most

197

00:08:14,600 --> 00:08:12,720

certainly and I'm busy on cases so yeah

198

00:08:16,190 --> 00:08:14,610

I heard that yet six come in today will

199

00:08:18,680 --> 00:08:16,200

we should be talking about that pretty

200

00:08:21,140 --> 00:08:18,690

soon how busy you are and say a lot of

201
00:08:22,700 --> 00:08:21,150
Kevin for me great guy and excellent

202
00:08:24,080 --> 00:08:22,710
researcher I'll tell you one thing

203
00:08:26,150 --> 00:08:24,090
you're going to have a great interview

204
00:08:28,730 --> 00:08:26,160
with them yeah I'm really looking

205
00:08:30,770 --> 00:08:28,740
forward to it alright everyone it's time

206
00:08:32,690 --> 00:08:30,780
for the break so hang in there and we'll

207
00:08:33,830 --> 00:08:32,700
be right back with Kevin Randall this

208
00:08:36,740 --> 00:08:33,840
song that I'm going to be playing right

209
00:08:38,240 --> 00:08:36,750
now it's a shortened clip by a fan of

210
00:08:40,600 --> 00:08:38,250
the show it seems like we have a lot of

211
00:08:45,710 --> 00:08:40,610
fans of the show that are musicians and

212
00:08:47,570 --> 00:08:45,720
the band name is sui vulc it's kind of

213
00:08:49,280 --> 00:08:47,580

hard to pronounce the link to their

214

00:08:51,950 --> 00:08:49,290

website will be right in our show notes

215

00:08:53,360 --> 00:08:51,960

and as always what Sam and I were just

216

00:08:53,879 --> 00:08:53,370

speaking about we'll all be in our show

217

00:08:56,220 --> 00:08:53,889

notes

218

00:09:55,049 --> 00:08:56,230

as well all right so that's it stay with

219

00:09:59,940 --> 00:09:58,030

when they say that there is an unknown

220

00:10:03,449 --> 00:09:59,950

motion to us

221

00:10:05,669 --> 00:10:03,459

fierce characteristic protect layup

222

00:10:08,220 --> 00:10:05,679

knowledge that there may be something

223

00:10:09,710 --> 00:10:08,230

that you haven't thought of

224

00:10:12,910 --> 00:10:09,720

feel that you

225

00:10:17,470 --> 00:10:15,400

our training in all the work that goes

226

00:10:20,230 --> 00:10:17,480

into the preparation or flight does

227

00:10:22,990 --> 00:10:20,240

everything in hand or erasing those

228

00:10:27,040 --> 00:10:23,000

kinds of possibilities and I i would say

229

00:10:31,569 --> 00:10:27,050

that as a crew we have no fear of

230

00:10:33,970 --> 00:10:31,579

launching out on this expectation wow

231

00:10:38,710 --> 00:10:33,980

that sounds like bob lazar Kevin are you

232

00:10:41,019 --> 00:10:38,720

there yes I am hi Kevin well thanks so

233

00:10:43,150 --> 00:10:41,029

much for joining us and it's a real

234

00:10:44,769 --> 00:10:43,160

pleasure to have you on and like I said

235

00:10:47,259 --> 00:10:44,779

in the intro there I know you as a

236

00:10:49,689 --> 00:10:47,269

no-nonsense type of guy so it's a

237

00:10:51,519 --> 00:10:49,699

pleasure we finally connect well I'm

238

00:10:53,949 --> 00:10:51,529

glad to finally get a chance to chat

239

00:10:56,350 --> 00:10:53,959

with you yeah you know Kevin could you

240

00:10:59,170 --> 00:10:56,360

tell the listening audience that may not

241

00:11:00,819 --> 00:10:59,180

be familiar how you got into the field

242

00:11:03,400 --> 00:11:00,829

to begin with and you know you have a

243

00:11:05,769 --> 00:11:03,410

great military background you have a PhD

244

00:11:08,139 --> 00:11:05,779

and just can you just kind of go into

245

00:11:10,030 --> 00:11:08,149

your whole background you mean there are

246

00:11:12,100 --> 00:11:10,040

people who don't know who I am Aaron

247

00:11:15,460 --> 00:11:12,110

well there's one or two you know we're

248

00:11:19,210 --> 00:11:15,470

in some other country maybe have have

249

00:11:22,420 --> 00:11:19,220

they not heard of wikipedia i have your

250

00:11:25,449 --> 00:11:22,430

page up right in front of me right now i

251

00:11:29,530 --> 00:11:25,459

can read it i'll read it verbatim how's

252

00:11:31,630 --> 00:11:29,540

that no great if you'd like to know I i

253

00:11:34,300 --> 00:11:31,640

think you know part of the question was

254

00:11:37,120 --> 00:11:34,310

how did i get interested in this yes and

255

00:11:38,889 --> 00:11:37,130

I always blame my mother for that she

256

00:11:40,600 --> 00:11:38,899

had an interest in science fiction and I

257

00:11:41,860 --> 00:11:40,610

remember as a kid she dragged me to a

258

00:11:45,519 --> 00:11:41,870

movie called earth vs. the flying

259

00:11:47,470 --> 00:11:45,529

saucers and so that is how I kind of got

260

00:11:53,170 --> 00:11:47,480

interested in it in the beginning so I

261

00:11:55,240 --> 00:11:53,180

always blame her for that I have retired

262

00:11:58,720 --> 00:11:55,250

from the from the military i retired in

263

00:12:00,880 --> 00:11:58,730

2009 as a lieutenant colonel I spent a

264

00:12:03,280 --> 00:12:00,890

tour in Vietnam as a helicopter pilot I

265

00:12:05,819 --> 00:12:03,290

spent some years in the Air Force both

266

00:12:07,930 --> 00:12:05,829

active and reserve time as a

267

00:12:09,730 --> 00:12:07,940

intelligence officer and then I did the

268

00:12:13,840 --> 00:12:09,740

same thing with the national guard with

269

00:12:18,629 --> 00:12:13,850

a tour in Iraq in 2003 2004 and then

270

00:12:22,059 --> 00:12:18,639

retired as i said in 2009 I've studied

271

00:12:23,620 --> 00:12:22,069

UFOs since I was a kid there's no other

272

00:12:26,920 --> 00:12:23,630

way to put it it's the only way I can

273

00:12:30,160 --> 00:12:26,930

say it found some interesting things

274

00:12:33,760 --> 00:12:30,170

learned a lot of stuff about it and find

275

00:12:36,490 --> 00:12:33,770

that in the world today a lot of the

276

00:12:41,700 --> 00:12:36,500

people who are involved with UFOs are

277

00:12:43,930 --> 00:12:41,710

more interested in having their opinions

278

00:12:45,670 --> 00:12:43,940

validated rather than finding out what

279

00:12:47,350 --> 00:12:45,680

the truth is they will say well what's

280

00:12:49,870 --> 00:12:47,360

your opinion on this case and explain

281

00:12:52,269 --> 00:12:49,880

why I find the case interesting or I

282

00:12:54,040 --> 00:12:52,279

don't find it interesting and and if

283

00:12:55,949 --> 00:12:54,050

it's one that they're really into then

284

00:12:58,240 --> 00:12:55,959

they become angry with me because I've

285

00:13:00,430 --> 00:12:58,250

bad-mouthed their case and they've asked

286

00:13:02,980 --> 00:13:00,440

me for what my opinion is on a specific

287

00:13:04,900 --> 00:13:02,990

case or a specific specific event so

288

00:13:06,760 --> 00:13:04,910

there's really nothing more I can do

289

00:13:08,920 --> 00:13:06,770

then tell them what I what I think the

290

00:13:10,600 --> 00:13:08,930

truth may be which is not to say i can't

291

00:13:12,130 --> 00:13:10,610

be wrong on some of this stuff but

292

00:13:16,900 --> 00:13:12,140

there's an awful lot of information out

293

00:13:19,630 --> 00:13:16,910

there about what's going on and i think

294

00:13:21,519 --> 00:13:19,640

we need to look at it in depth and one

295

00:13:24,190 --> 00:13:21,529

of the things we just did on my blog was

296

00:13:26,440 --> 00:13:24,200

i had put up a short posting about the

297

00:13:30,160 --> 00:13:26,450

tremonton or the fremington utah film

298

00:13:34,019 --> 00:13:30,170

from july seventh 1952 taken by a navy

299

00:13:36,460 --> 00:13:34,029

warrant officer and by going through the

300

00:13:39,699 --> 00:13:36,470

documentation available the Condon

301
00:13:41,890 --> 00:13:39,709
committee report on that the Air Force

302
00:13:43,540 --> 00:13:41,900
Project Blue Book files and all of that

303
00:13:46,449 --> 00:13:43,550
stuff we found out some very interesting

304
00:13:48,070 --> 00:13:46,459
things in today's environment and one of

305
00:13:49,390 --> 00:13:48,080
the things we can point to is a condom

306
00:13:51,910 --> 00:13:49,400
committee they they say well there they

307
00:13:54,670 --> 00:13:51,920
investigated all this stuff turns out

308
00:13:57,340 --> 00:13:54,680
that the chief investigator on that

309
00:14:00,280 --> 00:13:57,350
particular sighting didn't even bother

310
00:14:02,199 --> 00:14:00,290
to talk to the man who took the film all

311
00:14:04,240 --> 00:14:02,209
he did was read the Air Force file and

312
00:14:06,519 --> 00:14:04,250
say well it's probably birds and let it

313
00:14:09,640 --> 00:14:06,529

go at that it's just a preposterous way

314

00:14:11,350 --> 00:14:09,650

to do research so it's not only the UFO

315

00:14:14,680 --> 00:14:11,360

community there's some of that stuff but

316

00:14:18,610 --> 00:14:14,690

it's the alleged scientific community as

317

00:14:21,310 --> 00:14:18,620

well right right and what are you

318

00:14:25,620 --> 00:14:21,320

working on these days we can talk you

319

00:14:27,819 --> 00:14:25,630

know go back to your such a major a

320

00:14:29,590 --> 00:14:27,829

researcher in the Roswell case we can

321

00:14:32,860 --> 00:14:29,600

talk about that in a little bit but what

322

00:14:35,650 --> 00:14:32,870

are you doing these days I've got a book

323

00:14:38,260 --> 00:14:35,660

coming out in May I find out from other

324

00:14:39,880 --> 00:14:38,270

people I think the publisher didn't

325

00:14:40,809 --> 00:14:39,890

bother to can communicate with me but I

326

00:14:43,449 --> 00:14:40,819

have a book

327

00:14:45,129 --> 00:14:43,459

coming out may about the what's found in

328

00:14:46,809 --> 00:14:45,139

the government files and what I had done

329

00:14:51,729 --> 00:14:46,819

was go back and look at a lot of the

330

00:14:54,039 --> 00:14:51,739

cases that have come up and there's a

331

00:14:55,449 --> 00:14:54,049

government files on those Project Blue

332

00:15:00,400 --> 00:14:55,459

Book files on them or other government

333

00:15:02,349 --> 00:15:00,410

files and and look at this stuff in

334

00:15:07,449 --> 00:15:02,359

depth one of the cases that I looked at

335

00:15:09,819 --> 00:15:07,459

was the J al I think it's what 1629 case

336

00:15:11,529 --> 00:15:09,829

from from the mid-1980s where airline

337

00:15:13,989 --> 00:15:11,539

crew a Japanese airline crew had seen a

338

00:15:17,079 --> 00:15:13,999

flying saucer seen some kind of a craft

339

00:15:20,559 --> 00:15:17,089

and it turns out i had a chance to talk

340

00:15:22,269 --> 00:15:20,569

to the FAA chief investigator on it just

341

00:15:25,539 --> 00:15:22,279

briefly about that to give his opinions

342

00:15:28,210 --> 00:15:25,549

but what is interesting is they have 30

343

00:15:29,889 --> 00:15:28,220

minutes of radar tracking recorded on

344

00:15:34,509 --> 00:15:29,899

this thing so they could reconstruct the

345

00:15:37,900 --> 00:15:34,519

sighting in great gaps so that there's

346

00:15:40,299 --> 00:15:37,910

an awful lot of data about that and this

347

00:15:42,309 --> 00:15:40,309

investigator John Callahan told me that

348

00:15:46,989 --> 00:15:42,319

they had gone to the White House to

349

00:15:49,149 --> 00:15:46,999

present that data and CIA agents had

350

00:15:51,489 --> 00:15:49,159

been there see a CIA representatives

351

00:15:54,729 --> 00:15:51,499

they said we're not here they'll be just

352

00:15:56,710 --> 00:15:54,739

show what you have we're not here and so

353

00:15:59,710 --> 00:15:56,720

I mean here's a case where where we know

354

00:16:01,509 --> 00:15:59,720

the CIA has had some interest in it we

355

00:16:02,949 --> 00:16:01,519

know that the thing was tracked on at

356

00:16:05,559 --> 00:16:02,959

least two different radars although I

357

00:16:07,569 --> 00:16:05,569

think based on what i can find the

358

00:16:10,869 --> 00:16:07,579

source of the radar signal is the same

359

00:16:13,509 --> 00:16:10,879

but what what it had is there's one

360

00:16:16,239 --> 00:16:13,519

radar station its signal went to the FAA

361

00:16:17,979 --> 00:16:16,249

and to the Air Force and the signal

362

00:16:20,379 --> 00:16:17,989

discriminations were set differently on

363

00:16:22,509 --> 00:16:20,389

the two radars because of the missions

364

00:16:24,909 --> 00:16:22,519

of the two different organizations so it

365

00:16:26,919 --> 00:16:24,919

looks like there may be two radars but

366

00:16:28,809 --> 00:16:26,929

not really and and things like that so

367

00:16:29,979 --> 00:16:28,819

yeah I looked at all of that kind of

368

00:16:32,349 --> 00:16:29,989

stuff and kind of brought it to the

369

00:16:34,029 --> 00:16:32,359

forefront and in the course of that I

370

00:16:36,309 --> 00:16:34,039

found an article that had just peered in

371

00:16:37,899 --> 00:16:36,319

an Alaskan newspaper where they kind of

372

00:16:39,369 --> 00:16:37,909

bad mouthed the case made it look like

373

00:16:41,769 --> 00:16:39,379

the pilots were a bunch of a couple of

374

00:16:43,090 --> 00:16:41,779

buffoons so I sent him an email and I

375

00:16:44,229 --> 00:16:43,100

said you know that's not quite right you

376

00:16:45,669 --> 00:16:44,239

really ought to look at this stuff and

377

00:16:47,769 --> 00:16:45,679

they said well can you send us a a

378

00:16:49,840 --> 00:16:47,779

letter to the editor so I did and then

379

00:16:51,249 --> 00:16:49,850

they wanted it shortened so I did then

380

00:16:52,479 --> 00:16:51,259

they wanted something else I said you

381

00:16:54,360 --> 00:16:52,489

know this really doesn't interest me i

382

00:16:56,670 --> 00:16:54,370

was just informing you you're

383

00:16:59,370 --> 00:16:56,680

so wrong and you should look at this

384

00:17:02,340 --> 00:16:59,380

stuff in depth rather than just if

385

00:17:05,699 --> 00:17:02,350

you're going to if you're going to offer

386

00:17:07,380 --> 00:17:05,709

an opinion you're obligated to make sure

387

00:17:11,090 --> 00:17:07,390

you've got the information accurately

388

00:17:13,770 --> 00:17:11,100

accurate you cannot just make a pun

389

00:17:16,110 --> 00:17:13,780

announcement on the case because that's

390

00:17:17,610 --> 00:17:16,120

what you think is true and too often in

391

00:17:20,730 --> 00:17:17,620

the media now we see that sort of thing

392

00:17:22,949 --> 00:17:20,740

we see it we constantly from the best of

393

00:17:25,860 --> 00:17:22,959

the alleged journalistic community to

394

00:17:27,059 --> 00:17:25,870

the 2v and I hesitate to say it to them

395

00:17:30,720 --> 00:17:27,069

down to the bloggers because I'm a

396

00:17:33,120 --> 00:17:30,730

blogger myself but I mean just throwing

397

00:17:35,760 --> 00:17:33,130

out what they would like it to be as

398

00:17:38,760 --> 00:17:35,770

opposed to what it really is right right

399

00:17:42,060 --> 00:17:38,770

there is there is a lot of that and you

400

00:17:43,950 --> 00:17:42,070

know mainstream media you you know these

401
00:17:46,440 --> 00:17:43,960
things happen all the time and you know

402
00:17:49,440 --> 00:17:46,450
I can't understand what's happened to

403
00:17:51,150 --> 00:17:49,450
journalism and and well 60 minutes just

404
00:17:53,370 --> 00:17:51,160
got hammered for this Benghazi story

405
00:17:55,140 --> 00:17:53,380
they did this big story on on what

406
00:17:57,180 --> 00:17:55,150
happened in Benghazi and it turned out

407
00:17:59,280 --> 00:17:57,190
there in some kind of a symbiotic

408
00:18:01,680 --> 00:17:59,290
relationship with the publisher the guys

409
00:18:04,230 --> 00:18:01,690
booked so it's really not an

410
00:18:06,540 --> 00:18:04,240
investigative piece by CBS News it's

411
00:18:09,150 --> 00:18:06,550
really a puff piece and a commercial for

412
00:18:11,010 --> 00:18:09,160
this guy book and they got emmert on it

413
00:18:13,950 --> 00:18:11,020

quickly and they would draw the story

414

00:18:17,400 --> 00:18:13,960

and they would draw the book and the

415

00:18:20,160 --> 00:18:17,410

journalist who did the story she's now

416

00:18:23,900 --> 00:18:20,170

on leave and I suspect she won't be back

417

00:18:26,910 --> 00:18:23,910

yeah but because she didn't she didn't

418

00:18:28,440 --> 00:18:26,920

do some things that you would expect to

419

00:18:32,280 --> 00:18:28,450

journalists to doing us well as kind of

420

00:18:34,410 --> 00:18:32,290

one of things I do in this big thing

421

00:18:36,299 --> 00:18:34,420

about the new house Utah film one of the

422

00:18:38,280 --> 00:18:36,309

things I had mentioned in my blog

423

00:18:41,610 --> 00:18:38,290

posting on it is I taught the new house

424

00:18:43,830 --> 00:18:41,620

in 1976 and the skeptics jump on me and

425

00:18:46,470 --> 00:18:43,840

says well these young memories of his

426
00:18:48,240 --> 00:18:46,480
that are 25 years old or no good because

427
00:18:50,730 --> 00:18:48,250
he didn't report this in the beginning

428
00:18:53,160 --> 00:18:50,740
and all of this jazz i said and the only

429
00:18:56,070 --> 00:18:53,170
reason i mention it was to say that i

430
00:18:58,200 --> 00:18:56,080
talked to the guy and the investigator

431
00:19:00,030 --> 00:18:58,210
from the university of colorado study

432
00:19:01,650 --> 00:19:00,040
the scientific study couldn't even make

433
00:19:04,020 --> 00:19:01,660
that claim he hadn't talked to the guy

434
00:19:06,090 --> 00:19:04,030
and all i want to do was make sure that

435
00:19:08,150 --> 00:19:06,100
some of the reports I'd read about what

436
00:19:09,890 --> 00:19:08,160
he had supposedly said were accurate

437
00:19:11,870 --> 00:19:09,900
which I thought you know just basic

438
00:19:13,400 --> 00:19:11,880

journalism 101 call the guy who did you

439

00:19:15,620 --> 00:19:13,410

really say this he says yeah I did the

440

00:19:17,570 --> 00:19:15,630

same thing with Bill Brazel in Roswell

441

00:19:19,220 --> 00:19:17,580

before I really did anything with it I

442

00:19:20,600 --> 00:19:19,230

call Bill Branson on the phone and it

443

00:19:23,630 --> 00:19:20,610

was really hard to find his number I

444

00:19:26,420 --> 00:19:23,640

called New Mexico and they asked for

445

00:19:28,100 --> 00:19:26,430

Capitan and and they said yes I said

446

00:19:29,540 --> 00:19:28,110

Bill Bradley gave me the number you can

447

00:19:30,830 --> 00:19:29,550

call New York City and they won't give

448

00:19:32,840 --> 00:19:30,840

you the number of somebody in the same

449

00:19:34,520 --> 00:19:32,850

building with them but i can call New

450

00:19:35,930 --> 00:19:34,530

Mexico and get bill brothels phone

451
00:19:40,160 --> 00:19:35,940
number so I called him and chatted with

452
00:19:41,540 --> 00:19:40,170
him briefly about it to find out if what

453
00:19:44,150 --> 00:19:41,550
he had been quoted the same with

454
00:19:46,850 --> 00:19:44,160
accurate and his answer was yes pretty

455
00:19:48,830 --> 00:19:46,860
much and I had an opportunity then to

456
00:19:50,750 --> 00:19:48,840
meet with him on several occasions and

457
00:19:52,570 --> 00:19:50,760
talk to him on several occasions about

458
00:19:57,110 --> 00:19:52,580
what he had seen in what he had done

459
00:19:58,460 --> 00:19:57,120
well and was that Max was that his son

460
00:20:01,550 --> 00:19:58,470
you know about that was there was Bill

461
00:20:04,640 --> 00:20:01,560
Brazel a Mac bat basile had died i think

462
00:20:06,260 --> 00:20:04,650
in 1963 yeah i think that i think that's

463
00:20:08,540 --> 00:20:06,270

the date so we were talking to the sun

464

00:20:10,610 --> 00:20:08,550

but bill Brazel had interacted with his

465

00:20:12,890 --> 00:20:10,620

father of course and Bill Brazel had

466

00:20:14,930 --> 00:20:12,900

picked up some of the debris he'd seen

467

00:20:17,900 --> 00:20:14,940

the gouge left by the craft when it when

468

00:20:20,120 --> 00:20:17,910

it came down on he'd seen he found bits

469

00:20:23,060 --> 00:20:20,130

of the debris so in that respect he's a

470

00:20:25,460 --> 00:20:23,070

first-hand witness so we could get some

471

00:20:28,010 --> 00:20:25,470

of that and I was able to verify what he

472

00:20:32,290 --> 00:20:28,020

said and I and I find out if you if you

473

00:20:35,300 --> 00:20:32,300

look at some of these UFO books they're

474

00:20:36,890 --> 00:20:35,310

reporting what others have reported what

475

00:20:38,570 --> 00:20:36,900

others are reported and what others are

476

00:20:40,220 --> 00:20:38,580

reported they don't bother to check out

477

00:20:43,310 --> 00:20:40,230

the date of themselves to make sure it's

478

00:20:46,310 --> 00:20:43,320

accurate the way I know Bert brad

479

00:20:49,730 --> 00:20:46,320

steiger I knew I knew the code to get in

480

00:20:51,440 --> 00:20:49,740

touch with him I knew how to find brad

481

00:20:53,600 --> 00:20:51,450

steiger where it was and I was looking

482

00:20:57,680 --> 00:20:53,610

at the story of the kid that disappeared

483

00:20:59,390 --> 00:20:57,690

to Wales back in 1909 and so I called

484

00:21:01,550 --> 00:20:59,400

brad steiger to asking why so now know

485

00:21:03,620 --> 00:21:01,560

about to hoax they'd found out it was a

486

00:21:05,060 --> 00:21:03,630

hoax happy published in his book and I

487

00:21:08,390 --> 00:21:05,070

thought well a that was that was very

488

00:21:11,240 --> 00:21:08,400

cool of brad steiger to tell me that and

489

00:21:13,150 --> 00:21:11,250

be i was able to verify from the

490

00:21:15,470 --> 00:21:13,160

researcher what had happened and

491

00:21:17,000 --> 00:21:15,480

therefore i didn't i didn't make the

492

00:21:18,620 --> 00:21:17,010

same mistakes that others had made about

493

00:21:19,940 --> 00:21:18,630

reporting this thing as if it was real

494

00:21:23,840 --> 00:21:19,950

and accurate

495

00:21:26,299 --> 00:21:23,850

right right now are you still involved

496

00:21:31,789 --> 00:21:26,309

at all in doing the ongoing research in

497

00:21:35,620 --> 00:21:31,799

Roswell very little had I more time more

498

00:21:38,360 --> 00:21:35,630

geared toward this project mogul thing

499

00:21:40,039 --> 00:21:38,370

only because it's such a preposterous

500

00:21:43,370 --> 00:21:40,049

explanation I can't believe anybody

501
00:21:47,389 --> 00:21:43,380
takes that explanation seriously and

502
00:21:49,310 --> 00:21:47,399
what we've discovered is when I hesitate

503
00:21:52,070 --> 00:21:49,320
to do that because because Charles Moore

504
00:21:53,779 --> 00:21:52,080
is dead you can't defend himself but we

505
00:21:56,779 --> 00:21:53,789
found a real and accuracy and what he

506
00:21:58,909 --> 00:21:56,789
was doing and he had to know it and so

507
00:21:59,990 --> 00:21:58,919
he was perpetuating a myth so that he

508
00:22:02,230 --> 00:22:00,000
could be the guy that launched the

509
00:22:05,930 --> 00:22:02,240
Roswell case but but what he had done

510
00:22:07,430 --> 00:22:05,940
was change the lunch time of the flight

511
00:22:10,519 --> 00:22:07,440
number four I mean the flight number

512
00:22:12,680 --> 00:22:10,529
four was cancelled so it didn't fly and

513
00:22:14,330 --> 00:22:12,690

we know the service flight which was a

514

00:22:16,399 --> 00:22:14,340

cluster of balloons with a sono boy a

515

00:22:19,870 --> 00:22:16,409

microphone on it which is not a full

516

00:22:22,220 --> 00:22:19,880

mogul array but but more change the data

517

00:22:23,690 --> 00:22:22,230

from the launch time which would have

518

00:22:26,180 --> 00:22:23,700

been the normal lunch time for the

519

00:22:27,769 --> 00:22:26,190

mobile arrays in that period in New

520

00:22:30,169 --> 00:22:27,779

Mexico would have been just after dawn

521

00:22:31,610 --> 00:22:30,179

he had to change it to three o'clock in

522

00:22:33,769 --> 00:22:31,620

the morning to make the winds aloft data

523

00:22:36,769 --> 00:22:33,779

work he had to know what he was doing

524

00:22:38,539 --> 00:22:36,779

and you can argue the winds aloft date

525

00:22:40,519 --> 00:22:38,549

and what it means I think Brad sparks

526

00:22:43,159 --> 00:22:40,529

and David rudy ack has done some work on

527

00:22:45,710 --> 00:22:43,169

that and suggested that he had more had

528

00:22:47,539 --> 00:22:45,720

manipulated the numbers and I mean I'm

529

00:22:50,149 --> 00:22:47,549

inclined if you've got an atmospheric

530

00:22:52,129 --> 00:22:50,159

physicist telling you one thing and two

531

00:22:53,570 --> 00:22:52,139

guys who are not atmospheric physicists

532

00:22:55,100 --> 00:22:53,580

telling you something else i'm inclined

533

00:22:58,850 --> 00:22:55,110

to go with the atmospheric physicist i

534

00:23:03,110 --> 00:22:58,860

would go with Charles mores calculations

535

00:23:06,320 --> 00:23:03,120

on what the thing went based on his is

536

00:23:10,340 --> 00:23:06,330

his education but then something is very

537

00:23:12,019 --> 00:23:10,350

easy for all of us to understand is the

538

00:23:13,700 --> 00:23:12,029

fact that he changed the time the

539

00:23:15,830 --> 00:23:13,710

original calculations you've done the

540

00:23:17,779 --> 00:23:15,840

mentions the launch time was right after

541

00:23:20,450 --> 00:23:17,789

dönitz somewhere around 5 15 in the

542

00:23:24,200 --> 00:23:20,460

morning in July of 1947 and all the

543

00:23:25,940 --> 00:23:24,210

other flights in June of 1947 all other

544

00:23:27,830 --> 00:23:25,950

flights that were launched were launched

545

00:23:30,350 --> 00:23:27,840

right after Dawn's

546

00:23:31,880 --> 00:23:30,360

so we know that and yet he had to back

547

00:23:33,740 --> 00:23:31,890

the time up three o'clock in the morning

548

00:23:35,779 --> 00:23:33,750

to make the winds aloft day to work so

549

00:23:38,600 --> 00:23:35,789

he won report he said it was launched

550

00:23:40,370 --> 00:23:38,610

just after dawn in another report they

551
00:23:42,649 --> 00:23:40,380
launched at three o'clock in the morning

552
00:23:46,580 --> 00:23:42,659
he hadn't know what he was doing the CAA

553
00:23:48,470 --> 00:23:46,590
which is a 402 the FAA prohibited

554
00:23:49,820 --> 00:23:48,480
launches of these big long arrays in the

555
00:23:51,380 --> 00:23:49,830
dark because pilots couldn't see them

556
00:23:54,289 --> 00:23:51,390
and they can fly into the 600-foot

557
00:23:57,110 --> 00:23:54,299
arrays and caused a catastrophic failure

558
00:23:59,210 --> 00:23:57,120
so they had to be launched without any

559
00:24:00,919 --> 00:23:59,220
cloud cover and so if you've got some

560
00:24:02,180 --> 00:24:00,929
cumulus clouds going up there he doesn't

561
00:24:03,350 --> 00:24:02,190
even have to be much of a cloud cover

562
00:24:05,840 --> 00:24:03,360
they couldn't launch because the clouds

563
00:24:08,210 --> 00:24:05,850

could hide these things and they

564

00:24:09,820 --> 00:24:08,220

couldn't launch at the dot in dark so he

565

00:24:12,260 --> 00:24:09,830

could they could have launched it at

566

00:24:14,840 --> 00:24:12,270

three o'clock in the morning and in the

567

00:24:18,880 --> 00:24:14,850

diary the documentation from the time

568

00:24:21,680 --> 00:24:18,890

says the flight had been cancelled so

569

00:24:23,299 --> 00:24:21,690

you know I've been looking into that

570

00:24:26,120 --> 00:24:23,309

sort of thing we found a lot of other

571

00:24:28,220 --> 00:24:26,130

stuff which gets really into the

572

00:24:29,810 --> 00:24:28,230

minutiae of it but it but in the

573

00:24:35,230 --> 00:24:29,820

aggregate what would you end up

574

00:24:38,120 --> 00:24:35,240

realizing is that Moore's analysis NORs

575

00:24:39,830 --> 00:24:38,130

report on it simply as an accurate the

576

00:24:42,620 --> 00:24:39,840

documentation does not support what he

577

00:24:45,169 --> 00:24:42,630

says you know now when did you first get

578

00:24:50,720 --> 00:24:45,179

involved in the Roswell case to begin

579

00:24:53,419 --> 00:24:50,730

with it would have been in 1988 the

580

00:24:56,960 --> 00:24:53,429

Center for UFO studies in looking at

581

00:24:58,310 --> 00:24:56,970

against the more and that would be bill

582

00:25:01,940 --> 00:24:58,320

more as opposed to Charles more bill

583

00:25:04,100 --> 00:25:01,950

more and charles berlitz book on the

584

00:25:06,070 --> 00:25:04,110

roswell incident and some of the things

585

00:25:07,820 --> 00:25:06,080

that stand Friedman had done and said

586

00:25:12,039 --> 00:25:07,830

realized that there was not a lot of

587

00:25:14,419 --> 00:25:12,049

work to be done and so they proposed a

588

00:25:15,769 --> 00:25:14,429

reinvestigation of roswell and i was

589

00:25:17,299 --> 00:25:15,779

invited in because they knew who I was

590

00:25:21,380 --> 00:25:17,309

and I'd worked with him on some things

591

00:25:23,060 --> 00:25:21,390

but the invited man but he by

592

00:25:26,720 --> 00:25:23,070

coincidence I had been at a science

593

00:25:27,950 --> 00:25:26,730

fiction convention in 1980 tune of 1988

594

00:25:30,529 --> 00:25:27,960

and there was going to be a big debate

595

00:25:33,260 --> 00:25:30,539

on UFO knows science fiction writers

596

00:25:35,870 --> 00:25:33,270

against these guys coming up from the

597

00:25:38,060 --> 00:25:35,880

center I was going to be arguing with

598

00:25:40,610 --> 00:25:38,070

the science fiction writers that gives

599

00:25:41,779 --> 00:25:40,620

the guy is better and when when we got

600

00:25:43,190 --> 00:25:41,789

ready to go it turn

601
00:25:44,269 --> 00:25:43,200
now one of the guys couldn't make it

602
00:25:45,859 --> 00:25:44,279
from the center so it would have been

603
00:25:48,349 --> 00:25:45,869
three science fiction writers against

604
00:25:50,810 --> 00:25:48,359
one guy from the center so I switch

605
00:25:52,340 --> 00:25:50,820
sides because it's a debate and you can

606
00:25:53,509 --> 00:25:52,350
do that in debate you're supposed to in

607
00:25:55,249 --> 00:25:53,519
the debate you're supposed to be able to

608
00:25:58,849 --> 00:25:55,259
argue leave the either side so I'll just

609
00:26:00,859 --> 00:25:58,859
argue the UFO side and and got to

610
00:26:03,109 --> 00:26:00,869
talking to turns out to be done Schmidt

611
00:26:05,479 --> 00:26:03,119
and they remembered that in my military

612
00:26:07,969 --> 00:26:05,489
background so they asked if I would

613
00:26:10,460 --> 00:26:07,979

participate in this investigation of the

614

00:26:14,509 --> 00:26:10,470

laws well case I said sure why not so

615

00:26:17,719 --> 00:26:14,519

don and i went there in February of 1989

616

00:26:20,539 --> 00:26:17,729

I talked to Bill Moore not Bill Moore a

617

00:26:24,469 --> 00:26:20,549

bill Brazel I talked to Bill Brazel get

618

00:26:26,539 --> 00:26:24,479

in late 1988 and sent him a letter and

619

00:26:29,060 --> 00:26:26,549

asked him you know he would meet with us

620

00:26:31,849 --> 00:26:29,070

which he agreed to do so we met with him

621

00:26:34,099 --> 00:26:31,859

in February of 1989 and sat down and

622

00:26:35,719 --> 00:26:34,109

chatted with him about what he had seen

623

00:26:39,379 --> 00:26:35,729

him what he'd done so it is the

624

00:26:41,149 --> 00:26:39,389

beginning was that's a long convoluted

625

00:26:44,960 --> 00:26:41,159

way of getting us to the beginning of

626
00:26:48,589 --> 00:26:44,970
the story and how I happened to be Bill

627
00:26:50,210 --> 00:26:48,599
Brazel it was really funny afterwards he

628
00:26:51,440 --> 00:26:50,220
wouldn't meet with anybody else he just

629
00:26:53,389 --> 00:26:51,450
he would meet with us whenever were

630
00:26:56,149 --> 00:26:53,399
there we look forward to meeting with us

631
00:26:57,859 --> 00:26:56,159
yeah he took us out to the debris field

632
00:26:59,359 --> 00:26:57,869
where he found his stuff and it's eight

633
00:27:02,239 --> 00:26:59,369
o'clock in the morning we're writing in

634
00:27:04,549 --> 00:27:02,249
his ratty old red pickup truck he's got

635
00:27:07,339 --> 00:27:04,559
a six-pack of warm beer with him as you

636
00:27:08,599 --> 00:27:07,349
guys want a beer and last thing I wanted

637
00:27:11,719 --> 00:27:08,609
eight o'clock in the morning as a walk

638
00:27:13,729 --> 00:27:11,729

here in this but he I figured one of us

639

00:27:16,210 --> 00:27:13,739

ought to drink with him so I had a warm

640

00:27:18,169 --> 00:27:16,220

feeling in a sock in the morning but so

641

00:27:20,210 --> 00:27:18,179

handling he would always meet with this

642

00:27:21,710 --> 00:27:20,220

I tried to get him to do the unsolved

643

00:27:23,930 --> 00:27:21,720

mysteries program and he just wouldn't

644

00:27:25,190 --> 00:27:23,940

do it now I was suggesting for producers

645

00:27:27,529 --> 00:27:25,200

what you need to do is this miss

646

00:27:29,089 --> 00:27:27,539

investing it is interesting he just

647

00:27:30,680 --> 00:27:29,099

didn't didn't really have an interest in

648

00:27:33,979 --> 00:27:30,690

doing any of that stuff but he'd always

649

00:27:35,539 --> 00:27:33,989

meet with with me or with Don and me

650

00:27:38,269 --> 00:27:35,549

when we got down there and then later on

651
00:27:40,399 --> 00:27:38,279
he met with Donna and Tom Carrie when

652
00:27:42,379 --> 00:27:40,409
they were down there so we we opened the

653
00:27:44,749 --> 00:27:42,389
door at least for us to get to talk to

654
00:27:49,549 --> 00:27:44,759
him and I recorded everything he said to

655
00:27:51,229 --> 00:27:49,559
us with a do tape we wanted to sit down

656
00:27:52,549 --> 00:27:51,239
with him to do videotape and he always

657
00:27:54,019 --> 00:27:52,559
said he's going to do it whenever we

658
00:27:55,160 --> 00:27:54,029
were there with the camry just wasn't

659
00:27:58,700 --> 00:27:55,170
ready to do it and

660
00:28:00,740 --> 00:27:58,710
his long since passed away so that ship

661
00:28:04,340 --> 00:28:00,750
sailed but we do have auto recado

662
00:28:05,960 --> 00:28:04,350
recordings both of him in person and on

663
00:28:07,880 --> 00:28:05,970

the telephone of what he said to us so

664

00:28:10,520 --> 00:28:07,890

we can demonstrate that yeah he really

665

00:28:12,230 --> 00:28:10,530

said this doesn't mean it's true just

666

00:28:15,320 --> 00:28:12,240

means we're accurately pointing what the

667

00:28:17,720 --> 00:28:15,330

guy told us right right hey I want to

668

00:28:18,830 --> 00:28:17,730

take calls for anyone out there any

669

00:28:21,410 --> 00:28:18,840

listener out there that would like to

670

00:28:27,550 --> 00:28:21,420

call in for any question for Kevin the

671

00:28:33,560 --> 00:28:27,560

phone number here is 60 396 740 30

672

00:28:38,690 --> 00:28:33,570

that's 60 396 740 30 or you can skype me

673

00:28:43,250 --> 00:28:38,700

at Marty Willis that's ma rty WI ll is

674

00:28:46,670 --> 00:28:43,260

all one word so what is the most

675

00:28:50,840 --> 00:28:46,680

profound thing that Brazel said did he

676

00:28:53,480 --> 00:28:50,850

actually see the debris himself he had

677

00:28:56,510 --> 00:28:53,490

scraps of it he had picked it up he had

678

00:28:59,870 --> 00:28:56,520

said in the in a couple of years after

679

00:29:01,190 --> 00:28:59,880

this event he'd been out on that part of

680

00:29:03,860 --> 00:29:01,200

the range and he said everyone every was

681

00:29:05,510 --> 00:29:03,870

out there he would look down they did a

682

00:29:07,340 --> 00:29:05,520

lot of stuff on horseback so he was

683

00:29:10,190 --> 00:29:07,350

riding the horse looking down and he

684

00:29:13,400 --> 00:29:10,200

said he found maybe ten maybe maybe a

685

00:29:15,800 --> 00:29:13,410

dozen scraps of this stuff he found some

686

00:29:18,710 --> 00:29:15,810

some what he called monofilament fishing

687

00:29:20,570 --> 00:29:18,720

line that he said that when you shined a

688

00:29:22,160 --> 00:29:20,580

light in one end it would come out the

689

00:29:26,540 --> 00:29:22,170

other which of course means it's fiber

690

00:29:29,000 --> 00:29:26,550

optics he found a some some debris that

691

00:29:31,910 --> 00:29:29,010

it had the density of balsa wood very

692

00:29:33,830 --> 00:29:31,920

lightweight and he got out his

693

00:29:34,730 --> 00:29:33,840

pocketknife he wanted to take a shaving

694

00:29:37,160 --> 00:29:34,740

of it to see if there was any

695

00:29:39,350 --> 00:29:37,170

stratification in it and he couldn't get

696

00:29:41,000 --> 00:29:39,360

a shaving with his pocket night he's and

697

00:29:43,190 --> 00:29:41,010

I used a pocketknife said bar boiler and

698

00:29:44,360 --> 00:29:43,200

I couldn't get a shaving on it and then

699

00:29:46,100 --> 00:29:44,370

he said but the most interesting piece

700

00:29:49,160 --> 00:29:46,110

was this little bit of foil he said it

701
00:29:51,500 --> 00:29:49,170
was like like think he said lead foil as

702
00:29:56,660 --> 00:29:51,510
opposed to tin foil or aluminum for so

703
00:29:59,180 --> 00:29:56,670
it's it's thicker gauge material and he

704
00:30:00,650 --> 00:29:59,190
said he had it in his chaps puck and he

705
00:30:02,060 --> 00:30:00,660
pulled it out and threw it down on the

706
00:30:03,800 --> 00:30:02,070
dresser drawer and it started to unfold

707
00:30:05,480 --> 00:30:03,810
itself going back to its original shape

708
00:30:08,540 --> 00:30:05,490
me so I'm then I got to playing with it

709
00:30:12,590 --> 00:30:08,550
so we got some kind of

710
00:30:14,930 --> 00:30:12,600
memory metal going on there and he said

711
00:30:16,850 --> 00:30:14,940
he had it had in a cigar shop box he

712
00:30:18,230 --> 00:30:16,860
showed it to his father who said yeah

713
00:30:21,580 --> 00:30:18,240

that looks like some of the contraption

714

00:30:23,900 --> 00:30:21,590

I found but he was in corona New Mexico

715

00:30:25,910 --> 00:30:23,910

talking to his friends and mentioned

716

00:30:28,550 --> 00:30:25,920

that he had this debris and he said the

717

00:30:31,370 --> 00:30:28,560

next few days some fellas from the base

718

00:30:36,110 --> 00:30:31,380

showed up I don't know whether it was

719

00:30:37,910 --> 00:30:36,120

the Roswell base Kirtland Alamogordo I

720

00:30:40,300 --> 00:30:37,920

mean they're all within easy driving

721

00:30:42,920 --> 00:30:40,310

distance of the Brazel ranch at the time

722

00:30:45,890 --> 00:30:42,930

and he said it was really nice fellow of

723

00:30:47,650 --> 00:30:45,900

redheaded captain a couple of an NCO and

724

00:30:50,060 --> 00:30:47,660

a couple of the most other listed guys

725

00:30:51,830 --> 00:30:50,070

and they made it clear to him that he

726
00:30:54,290 --> 00:30:51,840
was going to surrender the material he

727
00:30:55,610 --> 00:30:54,300
came to get the material and he

728
00:30:56,960 --> 00:30:55,620
surrendered it to them and then they

729
00:30:58,520 --> 00:30:56,970
went out he showed him where he'd found

730
00:31:01,130 --> 00:30:58,530
it may spent a couple of hours looking

731
00:31:02,780 --> 00:31:01,140
around out there and then left so he

732
00:31:04,850 --> 00:31:02,790
lost that which would have been a

733
00:31:07,730 --> 00:31:04,860
wonderful wonderful bit of evidence for

734
00:31:09,920 --> 00:31:07,740
the back of this as well boy boy Kevin

735
00:31:11,450 --> 00:31:09,930
just one second here I want to apologize

736
00:31:12,860 --> 00:31:11,460
to the listeners that are listening live

737
00:31:15,700 --> 00:31:12,870
right now I guess there's some type of

738
00:31:18,680 --> 00:31:15,710

audio crackling or something going on

739

00:31:20,810 --> 00:31:18,690

I'm recording a nice clean podcast on

740

00:31:23,000 --> 00:31:20,820

this side you'll be able to come to my

741

00:31:25,340 --> 00:31:23,010

website and re-listen I apologize for

742

00:31:27,530 --> 00:31:25,350

that and instead of just disrupting the

743

00:31:31,300 --> 00:31:27,540

whole show i'll just keep going but we

744

00:31:34,280 --> 00:31:31,310

have a person on skype Kurt how are you

745

00:31:40,370 --> 00:31:34,290

all right and you have a question for

746

00:31:41,810 --> 00:31:40,380

Kevin yes I do I was wondering i miss

747

00:31:43,340 --> 00:31:41,820

the beginning the show so maybe you've

748

00:31:46,220 --> 00:31:43,350

already talked about this but Paul

749

00:31:48,830 --> 00:31:46,230

Hellyer has been in the news I'm sure

750

00:31:52,130 --> 00:31:48,840

Kevin seen that and I just wanted his

751

00:31:54,710 --> 00:31:52,140

response to that and I didn't want to

752

00:31:58,790 --> 00:31:54,720

say though it is best i can tell mr.

753

00:32:02,180 --> 00:31:58,800

Hellyer's understanding UFO began with

754

00:32:04,790 --> 00:32:02,190

the beliefs of Colonel courses book and

755

00:32:08,930 --> 00:32:04,800

I think that's been discredited so

756

00:32:11,350 --> 00:32:08,940

anyway that's my question based I think

757

00:32:14,930 --> 00:32:11,360

you're right at carsales book has been

758

00:32:18,230 --> 00:32:14,940

pretty well discredited the tail on how

759

00:32:20,690 --> 00:32:18,240

he saw the alien body is Marilyn

760

00:32:22,100 --> 00:32:20,700

militarily makes no sense to me

761

00:32:24,590 --> 00:32:22,110

whatsoever as

762

00:32:29,120 --> 00:32:24,600

former intelligence officer if you're

763

00:32:30,890 --> 00:32:29,130

shipping a classified thing whatever it

764

00:32:33,260 --> 00:32:30,900

might be your records whatever they

765

00:32:34,549 --> 00:32:33,270

happen to be from point A to point B and

766

00:32:36,470 --> 00:32:34,559

in the military you have what's called a

767

00:32:39,020 --> 00:32:36,480

run remain overnight and you plan your

768

00:32:42,980 --> 00:32:39,030

route so you only drive so far every day

769

00:32:44,690 --> 00:32:42,990

and you then you stop at the closest

770

00:32:46,789 --> 00:32:44,700

military base you plan your route to

771

00:32:49,549 --> 00:32:46,799

pass military bases that you can stay

772

00:32:51,200 --> 00:32:49,559

there so if I'm the convoy commander and

773

00:32:55,610 --> 00:32:51,210

I'm shipping good stuff the last thing

774

00:32:59,180 --> 00:32:55,620

I'm going to do is allow those at the

775

00:33:01,100 --> 00:32:59,190

local base access to this classified

776

00:33:04,159 --> 00:33:01,110

material and yet he's talking about how

777

00:33:05,960 --> 00:33:04,169

they were in there prying up the lids of

778

00:33:08,330 --> 00:33:05,970

stuff and looking at it it just makes no

779

00:33:10,130 --> 00:33:08,340

sense me love militarily and I there are

780

00:33:13,669 --> 00:33:10,140

other lots of other problems with with

781

00:33:17,450 --> 00:33:13,679

courses book I met Paul hillyer in May

782

00:33:20,299 --> 00:33:17,460

of this last year and he seemed to be a

783

00:33:22,010 --> 00:33:20,309

very nice gentleman he has connections

784

00:33:24,650 --> 00:33:22,020

into the Canadian government and I

785

00:33:28,370 --> 00:33:24,660

haven't really looked into those with

786

00:33:30,710 --> 00:33:28,380

any great depth so I'm not sure how

787

00:33:33,820 --> 00:33:30,720

credible what he says is and I know that

788

00:33:36,049 --> 00:33:33,830

that very credible people sometimes are

789

00:33:40,000 --> 00:33:36,059

swayed by people who are less than

790

00:33:43,460 --> 00:33:40,010

credible so that the fact that he is

791

00:33:44,810 --> 00:33:43,470

believed what what Corso said and

792

00:33:46,610 --> 00:33:44,820

everyone should say Colonel Corso

793

00:33:53,840 --> 00:33:46,620

because he did retire as a lieutenant

794

00:33:55,640 --> 00:33:53,850

colonel but then again who didn't he you

795

00:33:57,880 --> 00:33:55,650

know he may not have had to wherewithal

796

00:34:00,320 --> 00:33:57,890

and may not have understood some of the

797

00:34:03,919 --> 00:34:00,330

outrageous things that corsa was saying

798

00:34:07,940 --> 00:34:03,929

so the fact that he kind of looked at

799

00:34:09,710 --> 00:34:07,950

Corso as a credible source doesn't

800

00:34:12,200 --> 00:34:09,720

really undermine his do yours

801
00:34:13,820 --> 00:34:12,210
credibility it just is one of those

802
00:34:18,290 --> 00:34:13,830
things I mean there's an awful lot of

803
00:34:19,460 --> 00:34:18,300
people another fellow is Richard French

804
00:34:21,080 --> 00:34:19,470
and if you look at his military

805
00:34:23,270 --> 00:34:21,090
background of what he claims about his

806
00:34:24,590 --> 00:34:23,280
military background it's accurate you

807
00:34:26,000 --> 00:34:24,600
know the guy with the guy retired as a

808
00:34:28,700 --> 00:34:26,010
lieutenant colonel and once again who

809
00:34:30,830 --> 00:34:28,710
didn't he had a very distinguished Air

810
00:34:32,659 --> 00:34:30,840
Force career but some of the other

811
00:34:34,940 --> 00:34:32,669
things that he said as you as you went

812
00:34:35,690 --> 00:34:34,950
along don't seem to be grounded in

813
00:34:38,389 --> 00:34:35,700

reality

814

00:34:41,599 --> 00:34:38,399

but the guys like 900 years old so

815

00:34:44,329 --> 00:34:41,609

you're not really sure what what is

816

00:34:46,280 --> 00:34:44,339

going on in his mind at that advanced

817

00:34:49,760 --> 00:34:46,290

age so you know you can look at all of

818

00:34:51,829 --> 00:34:49,770

this stuff but I think what you have to

819

00:34:55,280 --> 00:34:51,839

do is look at the specific gentleman and

820

00:34:57,589 --> 00:34:55,290

say oh it what he is claiming he

821

00:34:59,569 --> 00:34:57,599

personally saw he personally did is this

822

00:35:01,190 --> 00:34:59,579

a credible story and look at it from

823

00:35:04,910 --> 00:35:01,200

that point of view as opposed to well I

824

00:35:07,120 --> 00:35:04,920

believe Colonel Corso type story is that

825

00:35:09,620 --> 00:35:07,130

it hurt or do you have another question

826

00:35:11,930 --> 00:35:09,630

no that's it I thank you praying from

827

00:35:16,640 --> 00:35:11,940

the court yeah thanks for thanks for

828

00:35:19,190 --> 00:35:16,650

coming on so getting back Kevin to you

829

00:35:21,109 --> 00:35:19,200

know in the beginning when you were

830

00:35:22,970 --> 00:35:21,119

finding all those witnesses that must

831

00:35:25,940 --> 00:35:22,980

have been like a treasure hunt I mean

832

00:35:28,339 --> 00:35:25,950

maybe not a treasure hunt exciting like

833

00:35:30,349 --> 00:35:28,349

that but it must have been pretty pretty

834

00:35:32,599 --> 00:35:30,359

interesting to start meeting with all

835

00:35:34,790 --> 00:35:32,609

these people and talking to them about

836

00:35:36,380 --> 00:35:34,800

the account of the whole situation well

837

00:35:38,480 --> 00:35:36,390

it certainly was the treasure hunt and

838

00:35:41,300 --> 00:35:38,490

it certainly was exciting and I remember

839

00:35:43,250 --> 00:35:41,310

it being in the hotel lobby in law as

840

00:35:45,620 --> 00:35:43,260

well talking to a fellow down there who

841

00:35:47,030 --> 00:35:45,630

we wanted to make contact with simply

842

00:35:50,630 --> 00:35:47,040

because we knew he had a lot of

843

00:35:52,819 --> 00:35:50,640

photographs and documentation from that

844

00:35:54,890 --> 00:35:52,829

era which could be valuable to us he had

845

00:35:57,980 --> 00:35:54,900

a copy of the Roswell phone book the

846

00:36:01,280 --> 00:35:57,990

base phone book and that became

847

00:36:02,809 --> 00:36:01,290

important because you know what were hot

848

00:36:05,300 --> 00:36:02,819

had done a yearbook of the people who at

849

00:36:06,559 --> 00:36:05,310

the base but Walter said that ten to

850

00:36:09,079 --> 00:36:06,569

twenty percent of the people a sign of

851

00:36:11,510 --> 00:36:09,089

the base in 1947 art in yearbook the

852

00:36:13,370 --> 00:36:11,520

phone book gave us another another group

853

00:36:14,809 --> 00:36:13,380

of names and some of whom were not in

854

00:36:16,309 --> 00:36:14,819

the in the yearbook and this woman was

855

00:36:19,190 --> 00:36:16,319

talking to us about her cousin or his

856

00:36:20,540 --> 00:36:19,200

honker uncle Daryl Rasmussen and he's

857

00:36:22,280 --> 00:36:20,550

not in the yearbook but he's in the

858

00:36:24,710 --> 00:36:22,290

phone book so we could verify that he

859

00:36:26,240 --> 00:36:24,720

was there in the proper time frame so we

860

00:36:29,270 --> 00:36:26,250

were talking to him about some of this

861

00:36:30,950 --> 00:36:29,280

stuff and I had just mentioned to him

862

00:36:32,950 --> 00:36:30,960

casually that we know we needed to see

863

00:36:37,700 --> 00:36:32,960

if we could find in the family of

864

00:36:39,620 --> 00:36:37,710

Sheriff Wilcox and this fellow says oh I

865

00:36:43,970 --> 00:36:39,630

know one of his daughters will that do

866

00:36:45,319 --> 00:36:43,980

oh yeah it did Kenya collar and he's

867

00:36:47,000 --> 00:36:45,329

been sure he'd call her up and so we

868

00:36:49,730 --> 00:36:47,010

went out the next day I met with her

869

00:36:51,230 --> 00:36:49,740

you just be with its it and it's fun to

870

00:36:52,730 --> 00:36:51,240

sit there in the archives and you're

871

00:36:55,070 --> 00:36:52,740

going through stuff and you suddenly

872

00:36:57,230 --> 00:36:55,080

find the answer to the question one of

873

00:36:59,060 --> 00:36:57,240

the things we did a couple years ago

874

00:37:01,700 --> 00:36:59,070

somebody said when was here when was the

875

00:37:03,890 --> 00:37:01,710

year book published you know is this a

876

00:37:05,300 --> 00:37:03,900

relevant question well it might well be

877

00:37:06,770 --> 00:37:05,310

because it gives you an idea of when

878

00:37:08,630 --> 00:37:06,780

they put the thing together who might

879

00:37:10,100 --> 00:37:08,640

have been available who might not have

880

00:37:13,340 --> 00:37:10,110

been available what we discovered was

881

00:37:16,850 --> 00:37:13,350

the year book was published in November

882

00:37:21,050 --> 00:37:16,860

of 1947 but it went to the publisher in

883

00:37:25,280 --> 00:37:21,060

August of 1947 so it was put together

884

00:37:28,580 --> 00:37:25,290

prior to prior and during the events of

885

00:37:30,680 --> 00:37:28,590

June and July of 1947 and went away in

886

00:37:33,410 --> 00:37:30,690

august of 1947 so the people who were

887

00:37:35,240 --> 00:37:33,420

there in the yearbook probably were

888

00:37:37,250 --> 00:37:35,250

people who were on the base when this

889

00:37:38,780 --> 00:37:37,260

event took place until that that's an

890

00:37:42,320 --> 00:37:38,790

interesting discovering kind of an

891

00:37:46,190 --> 00:37:42,330

exciting thing fine or finding finding a

892

00:37:48,140 --> 00:37:46,200

document that that kind of verifies part

893

00:37:49,760 --> 00:37:48,150

of an event or lead you to something

894

00:37:53,540 --> 00:37:49,770

else it's just really kind of fun to

895

00:37:57,260 --> 00:37:53,550

find that stuff oh oh I bet and one of

896

00:37:59,810 --> 00:37:57,270

the things I've thought of is it seems

897

00:38:02,210 --> 00:37:59,820

to me that all these people that were

898

00:38:04,130 --> 00:38:02,220

the witnesses did they quietly talk

899

00:38:08,270 --> 00:38:04,140

among themselves so you are aware of any

900

00:38:13,700 --> 00:38:08,280

of that prior to the big blowup of

901
00:38:15,650 --> 00:38:13,710
interest in Roswell which would be 1979

902
00:38:18,190 --> 00:38:15,660
or something like that no no no that was

903
00:38:22,880 --> 00:38:18,200
that debt that wasn't a big blowup yes

904
00:38:24,680 --> 00:38:22,890
Jesse Marcel came forward in 1978 early

905
00:38:26,420 --> 00:38:24,690
nineteen seventy eight the Roswell

906
00:38:29,120 --> 00:38:26,430
incident came out in either in nineteen

907
00:38:30,890 --> 00:38:29,130
eighty or nineteen eighty one but it

908
00:38:32,600 --> 00:38:30,900
wasn't the real blow up of information

909
00:38:36,260 --> 00:38:32,610
the real blow up of information came

910
00:38:38,810 --> 00:38:36,270
about after Don's and my book was

911
00:38:40,850 --> 00:38:38,820
published in in 1991 and then Stan

912
00:38:42,170 --> 00:38:40,860
Friedman got in with his book as well

913
00:38:45,830 --> 00:38:42,180

and then there was a big blowup of

914

00:38:47,750 --> 00:38:45,840

information what we found prior to that

915

00:38:51,680 --> 00:38:47,760

when these people really didn't talk to

916

00:38:53,870 --> 00:38:51,690

one another but afterwards yeah then

917

00:38:57,220 --> 00:38:53,880

then then there was a circulating of the

918

00:39:02,140 --> 00:38:57,230

of the information we found

919

00:39:03,849 --> 00:39:02,150

in an article that Inez Wilcox had put

920

00:39:07,720 --> 00:39:03,859

together called for years in the county

921

00:39:10,060 --> 00:39:07,730

jail and the joke was of course she was

922

00:39:12,070 --> 00:39:10,070

the wife of the sheriff and was sort of

923

00:39:13,720 --> 00:39:12,080

the matron of the jail when there were

924

00:39:15,400 --> 00:39:13,730

female prisoners and good the cooking

925

00:39:17,290 --> 00:39:15,410

and that sort of thing for it so the

926

00:39:19,120 --> 00:39:17,300

joke of the title was she would spend

927

00:39:22,450 --> 00:39:19,130

four years in the county jail but as a

928

00:39:24,220 --> 00:39:22,460

jailer as opposed to an inmate and and

929

00:39:27,160 --> 00:39:24,230

she had the story and one of the things

930

00:39:30,760 --> 00:39:27,170

he talked about was just briefly when

931

00:39:33,849 --> 00:39:30,770

this UFO crashed the problem for us was

932

00:39:35,950 --> 00:39:33,859

none of this is dated the original

933

00:39:39,310 --> 00:39:35,960

article doesn't seem to have included

934

00:39:42,280 --> 00:39:39,320

that information it was I think it was a

935

00:39:46,240 --> 00:39:42,290

day which means she wanted to add it to

936

00:39:48,370 --> 00:39:46,250

page eight so so it went in there so it

937

00:39:50,440 --> 00:39:48,380

wasn't part of the original article but

938

00:39:53,349 --> 00:39:50,450

it came about afterwards so the question

939

00:39:55,000 --> 00:39:53,359

then became when did Inez Wilcox died

940

00:39:57,340 --> 00:39:55,010

because if she died prior to nineteen

941

00:39:59,260 --> 00:39:57,350

seventy eight well this is a wonderful

942

00:40:01,660 --> 00:39:59,270

piece of documentation if she died

943

00:40:05,800 --> 00:40:01,670

afterwards then it could easily be

944

00:40:07,060 --> 00:40:05,810

contamination and unfortunately and I

945

00:40:10,060 --> 00:40:07,070

said that date to say that cuz it sounds

946

00:40:12,760 --> 00:40:10,070

mean but unfortunately she died after

947

00:40:18,720 --> 00:40:12,770

the roswell incident book came out and i

948

00:40:20,890 --> 00:40:18,730

would suspect that that while the the

949

00:40:22,840 --> 00:40:20,900

admit that book didn't make a big impact

950

00:40:24,580 --> 00:40:22,850

on the rest of the country of course it

951
00:40:26,410 --> 00:40:24,590
made an impact on New Mexico to made an

952
00:40:28,960 --> 00:40:26,420
impact on Roswell so I would suspect

953
00:40:31,180 --> 00:40:28,970
that there was some discussion in the

954
00:40:36,010 --> 00:40:31,190
local newspaper of local TV or radio

955
00:40:37,840 --> 00:40:36,020
stations about this UFO crash in Roswell

956
00:40:40,570 --> 00:40:37,850
so at that point I think she might have

957
00:40:42,520 --> 00:40:40,580
revisited her article and put that stuff

958
00:40:44,800 --> 00:40:42,530
in there doesn't mean it's not true

959
00:40:46,570 --> 00:40:44,810
doesn't mean that she was not writing it

960
00:40:48,099 --> 00:40:46,580
from memory it just means there's a

961
00:40:50,109 --> 00:40:48,109
possibility of contamination and we

962
00:40:53,200 --> 00:40:50,119
can't prove it one of the best things we

963
00:40:55,840 --> 00:40:53,210

found is a two-paragraph statement by

964

00:40:58,840 --> 00:40:55,850

Lydia schlepping she was the teletype

965

00:41:04,300 --> 00:40:58,850

operator at the radio station I think KF

966

00:41:05,830 --> 00:41:04,310

no k kg FL with the Roswell station she

967

00:41:08,320 --> 00:41:05,840

was up at the Albuquerque station I

968

00:41:09,880 --> 00:41:08,330

forget what the call sign of it was but

969

00:41:11,050 --> 00:41:09,890

she was the one who was typing the the

970

00:41:13,810 --> 00:41:11,060

message when it was interrupt

971

00:41:15,730 --> 00:41:13,820

said do not transmit and there's a two

972

00:41:19,420 --> 00:41:15,740

paragraphs that appear in a saga

973

00:41:21,070 --> 00:41:19,430

magazine in july july say in 1976 i

974

00:41:23,410 --> 00:41:21,080

forget the month but two paragraphs in

975

00:41:25,240 --> 00:41:23,420

part of a UFO story about that well

976

00:41:26,740 --> 00:41:25,250

clearly she was not influenced by jesse

977

00:41:28,450 --> 00:41:26,750

marcel she was not influenced by the

978

00:41:30,730 --> 00:41:28,460

discussion of roswell disappeared two

979

00:41:34,240 --> 00:41:30,740

years prior to that so that's a nice

980

00:41:38,680 --> 00:41:34,250

little piece of evidence for us Wow well

981

00:41:40,600 --> 00:41:38,690

when you were finding these people were

982

00:41:42,730 --> 00:41:40,610

there quite a few of them that didn't

983

00:41:45,160 --> 00:41:42,740

were still like scared and didn't want

984

00:41:46,960 --> 00:41:45,170

to talk about it edwin easily who with

985

00:41:48,760 --> 00:41:46,970

the provost marshal told me repeatedly

986

00:41:50,230 --> 00:41:48,770

and i have it on tape he can't talk

987

00:41:53,050 --> 00:41:50,240

about he was sworn to secrecy i don't

988

00:41:54,430 --> 00:41:53,060

think he was scared so much as he was

989

00:41:56,200 --> 00:41:54,440

honorable and he didn't want to talk

990

00:41:58,720 --> 00:41:56,210

about he wanted to help us as much as he

991

00:42:01,050 --> 00:41:58,730

could provided us with with interesting

992

00:42:03,370 --> 00:42:01,060

little tidbits like that Brazel

993

00:42:07,180 --> 00:42:03,380

complained the mac brazel complained

994

00:42:09,640 --> 00:42:07,190

about being in jail but but easily told

995

00:42:11,320 --> 00:42:09,650

us he was held in the guest house which

996

00:42:12,640 --> 00:42:11,330

is not exactly a jail but if the doors

997

00:42:14,740 --> 00:42:12,650

locked and there's a guard on the door

998

00:42:17,710 --> 00:42:14,750

then you know what's really the

999

00:42:19,840 --> 00:42:17,720

difference but but I mean easily easily

1000

00:42:21,730 --> 00:42:19,850

gave us that little snippet of

1001
00:42:24,850 --> 00:42:21,740
information that nobody else had

1002
00:42:27,670 --> 00:42:24,860
developed and talked talked briefly

1003
00:42:29,380 --> 00:42:27,680
about what he had seen but but when we

1004
00:42:31,360 --> 00:42:29,390
got specific questions you would say to

1005
00:42:35,590 --> 00:42:31,370
me I can't tell you about that I was

1006
00:42:38,710 --> 00:42:35,600
sworn to secrecy no heavy dope pardon me

1007
00:42:41,860 --> 00:42:38,720
have you been following the person that

1008
00:42:45,640 --> 00:42:41,870
claims they have a I think it's a kodak

1009
00:42:49,020 --> 00:42:45,650
slide of supposed alien zat roswell have

1010
00:42:52,630 --> 00:42:49,030
you followed that at all hi yeah i have

1011
00:42:54,850 --> 00:42:52,640
and what what is your do you want to

1012
00:42:56,290 --> 00:42:54,860
talk about that at all well the easiest

1013
00:43:00,190 --> 00:42:56,300

the easy things say is there's no

1014

00:43:01,500 --> 00:43:00,200

provenance for it yeah and that that

1015

00:43:06,850 --> 00:43:01,510

mean that's the tough one to overcome

1016

00:43:10,750 --> 00:43:06,860

apparently this slide is old enough to

1017

00:43:12,310 --> 00:43:10,760

have been taken in 1947 but we don't

1018

00:43:13,750 --> 00:43:12,320

know who took the slide we don't know

1019

00:43:15,040 --> 00:43:13,760

who took the photograph we don't know

1020

00:43:16,240 --> 00:43:15,050

where the photographs came from we

1021

00:43:19,210 --> 00:43:16,250

really don't know anything about it

1022

00:43:22,150 --> 00:43:19,220

there are attempts to verify this and

1023

00:43:23,650 --> 00:43:22,160

kodak as I understood it and I

1024

00:43:24,849 --> 00:43:23,660

understand it from all they said well

1025

00:43:28,180 --> 00:43:24,859

the coating on the

1026

00:43:30,700 --> 00:43:28,190

film was correct for 1947 and I said

1027

00:43:33,640 --> 00:43:30,710

when I said you realize they recycled

1028

00:43:35,680 --> 00:43:33,650

the codes what do you mean it's is the

1029

00:43:38,140 --> 00:43:35,690

every 20 years they recycled the code so

1030

00:43:40,900 --> 00:43:38,150

the film might have been made in 1947

1031

00:43:44,799 --> 00:43:40,910

might have been made in 1927 might have

1032

00:43:46,690 --> 00:43:44,809

been made in 1967 the cardboard holder

1033

00:43:48,749 --> 00:43:46,700

would give you a clue was the age of it

1034

00:43:54,220 --> 00:43:48,759

yes but I haven't seen I haven't seen

1035

00:43:56,339 --> 00:43:54,230

the slide but once again it the story of

1036

00:44:00,249 --> 00:43:56,349

the way to slide developed is sort of

1037

00:44:02,410 --> 00:44:00,259

alien autopsy light which simply means

1038

00:44:04,509 --> 00:44:02,420

rather than have movie footage they've

1039

00:44:07,499 --> 00:44:04,519

got just a slide which is what you do to

1040

00:44:11,380 --> 00:44:07,509

to fake them then movie footage would be

1041

00:44:14,049 --> 00:44:11,390

I very dubious of it because of the lack

1042

00:44:17,829 --> 00:44:14,059

of provenance but I know that the

1043

00:44:20,829 --> 00:44:17,839

investigation is ongoing to to verify as

1044

00:44:22,749 --> 00:44:20,839

much as they possibly can about it so

1045

00:44:24,549 --> 00:44:22,759

it's it's an interesting thing I do not

1046

00:44:26,680 --> 00:44:24,559

hold out much hope that it's going to be

1047

00:44:29,109 --> 00:44:26,690

authenticated I'm not sure how you going

1048

00:44:31,499 --> 00:44:29,119

to senic ate it without a Providence but

1049

00:44:34,390 --> 00:44:31,509

I know that the investigation is ongoing

1050

00:44:37,180 --> 00:44:34,400

so you kind of look at it from the point

1051

00:44:38,890 --> 00:44:37,190

of view well I think it's a hoax but we

1052

00:44:42,430 --> 00:44:38,900

got a check to make sure because what if

1053

00:44:44,440 --> 00:44:42,440

it's not right then we and then we

1054

00:44:47,170 --> 00:44:44,450

stopped the questions and we can move on

1055

00:44:49,059 --> 00:44:47,180

to other other avenues of Investigation

1056

00:44:50,950 --> 00:44:49,069

once we have that sort of if we have

1057

00:44:52,630 --> 00:44:50,960

that sort of evidence in a hospital hand

1058

00:44:54,370 --> 00:44:52,640

and say well you know guys we got a

1059

00:44:55,630 --> 00:44:54,380

picture of the thing now maybe the

1060

00:44:57,279 --> 00:44:55,640

government like to tell us what they

1061

00:44:59,650 --> 00:44:57,289

really know about what happened at

1062

00:45:02,440 --> 00:44:59,660

Roswell since we can demonstrate

1063

00:45:05,049 --> 00:45:02,450

something really did happen there but

1064

00:45:07,749 --> 00:45:05,059

but the the slides like I said it's I

1065

00:45:12,299 --> 00:45:07,759

think there's two of them basically of a

1066

00:45:16,170 --> 00:45:12,309

single single entity and the

1067

00:45:18,099 --> 00:45:16,180

investigation is ongoing into into

1068

00:45:20,140 --> 00:45:18,109

validating the age of the film

1069

00:45:22,989 --> 00:45:20,150

validating as much as a can of what's

1070

00:45:24,309 --> 00:45:22,999

seen in the background validating all of

1071

00:45:26,170 --> 00:45:24,319

those sorts of things so they were

1072

00:45:31,920 --> 00:45:26,180

working to do that I know the guy that

1073

00:45:34,210 --> 00:45:31,930

owns the slides is a little bit leery of

1074

00:45:35,920 --> 00:45:34,220

releasing all the information he wants

1075

00:45:38,170 --> 00:45:35,930

to control it it's his slides and he

1076

00:45:38,800 --> 00:45:38,180

certainly can control it is as he wants

1077

00:45:40,180 --> 00:45:38,810

to let he

1078

00:45:42,090 --> 00:45:40,190

is cooperating with some of the

1079

00:45:44,200 --> 00:45:42,100

investigators on getting the provenance

1080

00:45:45,460 --> 00:45:44,210

established and that sort of thing if

1081

00:45:47,200 --> 00:45:45,470

they can do that then they'd let a

1082

00:45:50,410 --> 00:45:47,210

wonderful piece of evidence and if they

1083

00:45:52,360 --> 00:45:50,420

don't then then we're mj-12 all over

1084

00:45:55,000 --> 00:45:52,370

again you know well trace it to here and

1085

00:45:57,940 --> 00:45:55,010

that's yet mm-hmm do you know who

1086

00:46:00,700 --> 00:45:57,950

besides the person that owns a slide is

1087

00:46:03,640 --> 00:46:00,710

it are they quietly being shown to any

1088

00:46:06,340 --> 00:46:03,650

researchers or is it just right now yes

1089

00:46:10,540 --> 00:46:06,350

and yes yes and there and it's an

1090

00:46:12,910 --> 00:46:10,550

ongoing thing I hesitate to say this

1091

00:46:15,220 --> 00:46:12,920

because it just infuriates some people

1092

00:46:17,020 --> 00:46:15,230

but I was not really a participant in

1093

00:46:19,420 --> 00:46:17,030

the investigation I was aware of some of

1094

00:46:22,150 --> 00:46:19,430

the things going on I learned of the

1095

00:46:24,460 --> 00:46:22,160

slide through a blog posting and I think

1096

00:46:26,620 --> 00:46:24,470

Nick Redfern provided me with a great

1097

00:46:30,100 --> 00:46:26,630

deal of information about it that he had

1098

00:46:32,950 --> 00:46:30,110

learned through his contacts in Texas

1099

00:46:34,660 --> 00:46:32,960

and Nick Nick was very forthcoming with

1100

00:46:36,880 --> 00:46:34,670

me on this and I learned some additional

1101

00:46:39,280 --> 00:46:36,890

things but there is an ongoing

1102

00:46:41,830 --> 00:46:39,290

investigation in the hands of the UFO

1103

00:46:45,310 --> 00:46:41,840

researchers and they're they're moving

1104

00:46:48,220 --> 00:46:45,320

carefully because we've seen too many of

1105

00:46:50,620 --> 00:46:48,230

these things blow up when information

1106

00:46:52,840 --> 00:46:50,630

was released prematurely or other people

1107

00:46:56,770 --> 00:46:52,850

with other agendas that there are people

1108

00:46:59,500 --> 00:46:56,780

who have agendas to it since there

1109

00:47:01,480 --> 00:46:59,510

cannot be any alien visitation ergo

1110

00:47:04,420 --> 00:47:01,490

anything that shows it must be a hoax

1111

00:47:06,040 --> 00:47:04,430

type of attitude and we and we see this

1112

00:47:07,420 --> 00:47:06,050

all that we see this all the time they

1113

00:47:08,620 --> 00:47:07,430

just don't want to look at the evidence

1114

00:47:11,410 --> 00:47:08,630

they're going to reject the evidence

1115

00:47:13,180 --> 00:47:11,420

that doesn't fit into their narrow world

1116

00:47:14,710 --> 00:47:13,190

view we see it on the other side of the

1117

00:47:15,880 --> 00:47:14,720

coin as well with the true believers and

1118

00:47:18,700 --> 00:47:15,890

this is where I get myself into trouble

1119

00:47:20,860 --> 00:47:18,710

the tube believers want everything

1120

00:47:23,260 --> 00:47:20,870

validated yo do you believe the story

1121

00:47:25,540 --> 00:47:23,270

well not really it's not very good and

1122

00:47:27,670 --> 00:47:25,550

they become angry because you haven't

1123

00:47:29,410 --> 00:47:27,680

validated their story but I try to go

1124

00:47:31,660 --> 00:47:29,420

where the evidence takes me and that I

1125

00:47:34,540 --> 00:47:31,670

think makes me somewhat of a playa to

1126

00:47:37,180 --> 00:47:34,550

too many people well I think that's the

1127

00:47:39,460 --> 00:47:37,190

way to go what type of evidence would

1128

00:47:42,040 --> 00:47:39,470

you think would really crack this case

1129

00:47:43,810 --> 00:47:42,050

open I mean we have there's all kinds of

1130

00:47:46,420 --> 00:47:43,820

witness testimony there's people that

1131

00:47:51,020 --> 00:47:46,430

claim that they've held you know this

1132

00:47:52,490 --> 00:47:51,030

unusual fabric material in their hands

1133

00:47:55,130 --> 00:47:52,500

there's all kinds of claims like that

1134

00:47:58,670 --> 00:47:55,140

but what type of evidence in short of

1135

00:48:00,440 --> 00:47:58,680

actually finding in the ground well I've

1136

00:48:01,880 --> 00:48:00,450

often said you know we have to develop

1137

00:48:03,470 --> 00:48:01,890

multiple change of evidence and the

1138

00:48:06,980 --> 00:48:03,480

testimony is certainly want to change

1139

00:48:08,570 --> 00:48:06,990

and it's an important change but we have

1140

00:48:11,290 --> 00:48:08,580

to do is look at documentation is there

1141

00:48:15,230 --> 00:48:11,300

any documentation well yeah there is

1142

00:48:16,910 --> 00:48:15,240

there there's an FBI telex that doesn't

1143

00:48:19,700 --> 00:48:16,920

really tell us much there are some

1144

00:48:23,480 --> 00:48:19,710

newspaper articles from the time that

1145

00:48:25,460 --> 00:48:23,490

give us gives us information I would

1146

00:48:28,370 --> 00:48:25,470

love to see and we have not been able to

1147

00:48:30,200 --> 00:48:28,380

find it a letter from one of the

1148

00:48:33,710 --> 00:48:30,210

soldiers at Roswell to family members

1149

00:48:36,650 --> 00:48:33,720

dated you like july nine nineteen forty

1150

00:48:39,020 --> 00:48:36,660

seven or a diary held by somebody where

1151

00:48:41,990 --> 00:48:39,030

we bought it with one died we found was

1152

00:48:45,620 --> 00:48:42,000

Ruth Barnett Barney Barnett being the

1153

00:48:47,510 --> 00:48:45,630

guy who supposedly saw the crash saucer

1154

00:48:49,430 --> 00:48:47,520

on the plane to san agustin we found we

1155

00:48:52,190 --> 00:48:49,440

found a diary for 1947 he gives

1156

00:48:55,790 --> 00:48:52,200

absolutely no hint Bonnie Barnett saw

1157

00:48:59,750 --> 00:48:55,800

anything in fact answered some questions

1158

00:49:02,120 --> 00:48:59,760

for us I was I was told of another diary

1159

00:49:05,390 --> 00:49:02,130

that says this was supposedly existed on

1160

00:49:08,030 --> 00:49:05,400

a ranch in up near the corona area but

1161

00:49:09,740 --> 00:49:08,040

it was in an outbuilding and in talking

1162

00:49:12,320 --> 00:49:09,750

to Tom Carrie I discovered he'd been

1163

00:49:13,850 --> 00:49:12,330

down that path already and the

1164

00:49:15,970 --> 00:49:13,860

outbuilding was full of snakes and

1165

00:49:19,430 --> 00:49:15,980

scorpions two of my very favorite things

1166

00:49:21,410 --> 00:49:19,440

but I there was he just couldn't he

1167

00:49:23,930 --> 00:49:21,420

couldn't take it any further and if Tom

1168

00:49:25,310 --> 00:49:23,940

had not gotten to it that I certainly

1169

00:49:26,510 --> 00:49:25,320

wasn't going to get to especially if

1170

00:49:29,300 --> 00:49:26,520

there was scorpions and snakes in the

1171

00:49:31,040 --> 00:49:29,310

damn building I was wasn't going to be

1172

00:49:33,370 --> 00:49:31,050

digging around in there looking for a

1173

00:49:37,100 --> 00:49:33,380

diary so I mean that that lead blew up

1174

00:49:38,930 --> 00:49:37,110

we've been through all kinds of

1175

00:49:40,460 --> 00:49:38,940

documentation I spent hours and hours

1176

00:49:41,990 --> 00:49:40,470

going through curry Holden's

1177

00:49:43,610 --> 00:49:42,000

documentation Holden being an

1178

00:49:46,100 --> 00:49:43,620

archaeologist who would supposedly saw

1179

00:49:48,800 --> 00:49:46,110

this thing he had being out of Texas

1180

00:49:50,570 --> 00:49:48,810

Tech University and his papers are all

1181

00:49:51,860 --> 00:49:50,580

at the University and I spent hours and

1182

00:49:54,680 --> 00:49:51,870

hours and hours going through his

1183

00:49:57,950 --> 00:49:54,690

Diaries in his records and even his tax

1184

00:50:00,620 --> 00:49:57,960

statements and his cancelled checks and

1185

00:50:01,790 --> 00:50:00,630

so on the July fourth weekend we

1186

00:50:02,890 --> 00:50:01,800

couldn't put him we couldn't put him

1187

00:50:05,799 --> 00:50:02,900

anywhere I

1188

00:50:08,859 --> 00:50:05,809

he wrote a check to an organization I

1189

00:50:11,289 --> 00:50:08,869

think on Friday morning and the next

1190

00:50:14,440 --> 00:50:11,299

time he appears is Monday afternoon and

1191

00:50:16,980 --> 00:50:14,450

you know it's a long a long weekend

1192

00:50:19,420 --> 00:50:16,990

because of the fourth of July holiday

1193

00:50:20,859 --> 00:50:19,430

but we couldn't establish that he was in

1194

00:50:22,960 --> 00:50:20,869

New Mexico at the time could he have

1195

00:50:27,549 --> 00:50:22,970

been in New Mexico it's like a three

1196

00:50:29,289 --> 00:50:27,559

hour drive from from Lubbock to Roswell

1197

00:50:31,510 --> 00:50:29,299

even in that time frame it would have

1198

00:50:34,120 --> 00:50:31,520

been that Hercule enough Ted a task to

1199

00:50:35,559 --> 00:50:34,130

get from Lubbock to Roswell so he could

1200

00:50:37,990 --> 00:50:35,569

have been there with with students at

1201
00:50:40,240 --> 00:50:38,000
any number of archaeological sites in

1202
00:50:42,250 --> 00:50:40,250
the area and a lot of the sites

1203
00:50:44,920 --> 00:50:42,260
archaeological sites for example are

1204
00:50:47,319 --> 00:50:44,930
hidden by the archaeologists because

1205
00:50:48,819 --> 00:50:47,329
they don't want trophy hunters getting

1206
00:50:52,690 --> 00:50:48,829
in there or pot hunters getting in there

1207
00:50:55,029 --> 00:50:52,700
disturbing the site so you know they're

1208
00:50:56,980 --> 00:50:55,039
usually very coy about these sorts of

1209
00:50:58,569 --> 00:50:56,990
things we could not establish him in New

1210
00:51:01,569 --> 00:50:58,579
Mexico but we couldn't establish him in

1211
00:51:03,430 --> 00:51:01,579
Lubbock either so I mean we look at all

1212
00:51:07,539 --> 00:51:03,440
that sort of thing but we cannot come up

1213
00:51:10,059 --> 00:51:07,549

with the documentation Frank Joyce who

1214

00:51:12,519 --> 00:51:10,069

was the radio announcer at KGC FL in

1215

00:51:15,309 --> 00:51:12,529

1947 talk to Mac Brazel cordia what

1216

00:51:17,710 --> 00:51:15,319

Joyce told us and he said when the story

1217

00:51:20,079 --> 00:51:17,720

came down he took a lot of the teletype

1218

00:51:21,910 --> 00:51:20,089

records and hid them so that they

1219

00:51:23,589 --> 00:51:21,920

wouldn't be confiscating so the military

1220

00:51:25,480 --> 00:51:23,599

came through and took a lot of stuff but

1221

00:51:27,970 --> 00:51:25,490

they didn't get all his records but his

1222

00:51:31,180 --> 00:51:27,980

records are not helpful at all it talks

1223

00:51:33,400 --> 00:51:31,190

about the when the story broke on July

1224

00:51:35,289 --> 00:51:33,410

eighth there was a teletype message is

1225

00:51:37,539 --> 00:51:35,299

this the halibel ooh that was on a ranch

1226

00:51:39,069 --> 00:51:37,549

down in there last week and we're going

1227

00:51:41,260 --> 00:51:39,079

what's that about but it turns out that

1228

00:51:43,930 --> 00:51:41,270

has something that was something that

1229

00:51:45,730 --> 00:51:43,940

took place and I think it was Las Cruces

1230

00:51:48,490 --> 00:51:45,740

has nothing to do with the Roswell case

1231

00:51:50,859 --> 00:51:48,500

but it took us a while to divine exactly

1232

00:51:52,779 --> 00:51:50,869

what that hullabaloo was all about so

1233

00:51:54,609 --> 00:51:52,789

the documentation I'd love to find a

1234

00:51:56,260 --> 00:51:54,619

piece of documentation like that with

1235

00:51:58,390 --> 00:51:56,270

the known province once one thing we do

1236

00:52:01,180 --> 00:51:58,400

have is the picture of general Ramey

1237

00:52:03,130 --> 00:52:01,190

taken in his office on july eight 1947

1238

00:52:05,410 --> 00:52:03,140

he's holding in his hand a piece of

1239

00:52:07,269 --> 00:52:05,420

paper that with a magnifying glass you

1240

00:52:09,760 --> 00:52:07,279

can actually read some words on it and

1241

00:52:13,299 --> 00:52:09,770

we were trying to decipher but it's held

1242

00:52:15,130 --> 00:52:13,309

at an angle it was the focus was on

1243

00:52:16,120 --> 00:52:15,140

rainy and not on the piece of paper so

1244

00:52:18,160 --> 00:52:16,130

there's there's

1245

00:52:23,230 --> 00:52:18,170

interpretation problems and we're trying

1246

00:52:27,670 --> 00:52:23,240

to find a way that we can we can clarify

1247

00:52:31,470 --> 00:52:27,680

what the document says so that if you're

1248

00:52:34,120 --> 00:52:31,480

of a skeptical mind we say this is how

1249

00:52:36,390 --> 00:52:34,130

we were able to determine what it says

1250

00:52:38,770 --> 00:52:36,400

you know here is the here is the scans

1251
00:52:40,630 --> 00:52:38,780
see you follow these steps you should

1252
00:52:42,820 --> 00:52:40,640
come to the same place we are let's

1253
00:52:44,380 --> 00:52:42,830
compare notes so there would be a

1254
00:52:45,460 --> 00:52:44,390
wonderful piece of documentation with a

1255
00:52:46,600 --> 00:52:45,470
known province because we know

1256
00:52:48,550 --> 00:52:46,610
provenance because we know the guys

1257
00:52:50,740 --> 00:52:48,560
holding the document we see see him

1258
00:52:52,210 --> 00:52:50,750
there and i found the documentation the

1259
00:52:54,670 --> 00:52:52,220
showed the picture was transmitted at

1260
00:52:57,400 --> 00:52:54,680
1159 p.m. on july eight so we know the

1261
00:52:59,080 --> 00:52:57,410
time so here's clearly rainy it's

1262
00:53:01,810 --> 00:52:59,090
clearly something that has to do with

1263
00:53:03,700 --> 00:53:01,820

the Rossignol case because to the words

1264

00:53:05,350 --> 00:53:03,710

you can read his weather balloons with a

1265

00:53:07,360 --> 00:53:05,360

magnifying glass I mean a kid with a

1266

00:53:10,180 --> 00:53:07,370

magnifying glass and any by ten can read

1267

00:53:13,810 --> 00:53:10,190

that much so we're hoping to be able to

1268

00:53:18,250 --> 00:53:13,820

clarify more of that you know the

1269

00:53:21,100 --> 00:53:18,260

controversy on that is on a phrase that

1270

00:53:24,310 --> 00:53:21,110

says victims of the wreck if it in fact

1271

00:53:25,540 --> 00:53:24,320

as victims of the wreck that means one

1272

00:53:27,010 --> 00:53:25,550

thing but there are people who

1273

00:53:28,660 --> 00:53:27,020

interpreted that phrase is saying the

1274

00:53:30,970 --> 00:53:28,670

remains of the wreck which is a whole

1275

00:53:33,340 --> 00:53:30,980

different thing remains of the record

1276
00:53:36,550 --> 00:53:33,350
refer to weather balloon crap as opposed

1277
00:53:40,120 --> 00:53:36,560
to you know victim suggests biological

1278
00:53:41,620 --> 00:53:40,130
entities remains suggest just debris so

1279
00:53:48,450 --> 00:53:41,630
there there are things that we're trying

1280
00:53:50,530 --> 00:53:48,460
to clarify I hold out a little hope that

1281
00:53:52,840 --> 00:53:50,540
we're going to be able to do that we've

1282
00:53:54,760 --> 00:53:52,850
talked to the right people to to get

1283
00:53:56,560 --> 00:53:54,770
this thing done properly it's just a

1284
00:53:59,350 --> 00:53:56,570
question of getting all the pieces now

1285
00:54:02,140 --> 00:53:59,360
in a row so that we can do what we need

1286
00:54:04,060 --> 00:54:02,150
to do to find out but there's been a big

1287
00:54:07,450 --> 00:54:04,070
controversy about this rainy memo since

1288
00:54:09,460 --> 00:54:07,460

the 1990s and we're hoping that as our

1289

00:54:12,370 --> 00:54:09,470

technology is now improved we may be

1290

00:54:14,350 --> 00:54:12,380

able to clarify some of the sentences

1291

00:54:17,980 --> 00:54:14,360

and get an idea of exactly what it says

1292

00:54:19,570 --> 00:54:17,990

isn't there a guy and like San Francisco

1293

00:54:22,270 --> 00:54:19,580

or something that's working on this like

1294

00:54:23,650 --> 00:54:22,280

on a daily basis well there's no no

1295

00:54:25,240 --> 00:54:23,660

don't be really working on on a daily

1296

00:54:26,710 --> 00:54:25,250

basis that I think you're referring to

1297

00:54:28,750 --> 00:54:26,720

David looting ACK

1298

00:54:31,330 --> 00:54:28,760

right and he he done an awful lot of

1299

00:54:33,580 --> 00:54:31,340

work on the rainy memo but he's taken it

1300

00:54:37,690 --> 00:54:33,590

as far as he can take it with the scans

1301
00:54:39,520 --> 00:54:37,700
that have been made at this point and so

1302
00:54:41,950 --> 00:54:39,530
we're hoping that that there's some

1303
00:54:44,230 --> 00:54:41,960
technology we can now employ that will

1304
00:54:45,940 --> 00:54:44,240
improve the quality of that sort of

1305
00:54:48,280 --> 00:54:45,950
thing and David's aware of what were

1306
00:54:50,380 --> 00:54:48,290
what were attempting to do david is of

1307
00:54:52,390 --> 00:54:50,390
the opinion that it says victims of the

1308
00:54:55,000 --> 00:54:52,400
wreck I know Tom Carey is the same way

1309
00:54:56,859 --> 00:54:55,010
and I've looked at that sentence and boy

1310
00:54:58,480 --> 00:54:56,869
I can see victims there but I can also

1311
00:55:00,490 --> 00:54:58,490
see remains you know it's just one of

1312
00:55:04,480 --> 00:55:00,500
those things where it's just on the edge

1313
00:55:06,640 --> 00:55:04,490

of of veg abilities just you know you're

1314

00:55:09,370 --> 00:55:06,650

justifying your own perception to it and

1315

00:55:11,260 --> 00:55:09,380

it's kind of where you wanted to go Jim

1316

00:55:17,550 --> 00:55:11,270

Moran and I had done a scientific

1317

00:55:19,900 --> 00:55:17,560

experiment with this using a university

1318

00:55:21,220 --> 00:55:19,910

psychology students if you if you ever

1319

00:55:23,290 --> 00:55:21,230

took psychology in college you know

1320

00:55:25,300 --> 00:55:23,300

you're required usually to participate

1321

00:55:29,680 --> 00:55:25,310

in experiments so they always have a

1322

00:55:31,180 --> 00:55:29,690

fresh crop of victims in that and there

1323

00:55:32,680 --> 00:55:31,190

were three groups a control group of

1324

00:55:34,150 --> 00:55:32,690

course it was told nothing about the

1325

00:55:35,770 --> 00:55:34,160

memo there was a group that said this

1326
00:55:37,510 --> 00:55:35,780
had to do with atomic testing and

1327
00:55:39,849 --> 00:55:37,520
another group that was told it had to be

1328
00:55:41,349 --> 00:55:39,859
you know it had something to do with you

1329
00:55:43,750 --> 00:55:41,359
off loes and they were given the thing

1330
00:55:46,120 --> 00:55:43,760
and the best quality that we had at the

1331
00:55:48,370 --> 00:55:46,130
time and they didn't spend anywhere the

1332
00:55:50,829 --> 00:55:48,380
time that good david has spent on on

1333
00:55:55,000 --> 00:55:50,839
trying to investigate it but those who

1334
00:55:57,220 --> 00:55:55,010
who were told about the atomic aspect of

1335
00:56:00,130 --> 00:55:57,230
at the atomic bomb aspect of it saw

1336
00:56:01,510 --> 00:56:00,140
things in the memo that suggested the

1337
00:56:04,150 --> 00:56:01,520
word that spring to my mind that they

1338
00:56:08,020 --> 00:56:04,160

saw that it they saw the word flash like

1339

00:56:11,050 --> 00:56:08,030

atomic flash and those who you know saw

1340

00:56:14,130 --> 00:56:11,060

UFO we're told about UFO saw some UFO

1341

00:56:16,780 --> 00:56:14,140

related things all this did was suggest

1342

00:56:18,730 --> 00:56:16,790

that there was a certain amount of

1343

00:56:20,740 --> 00:56:18,740

priming which is I'm sure everybody

1344

00:56:22,359 --> 00:56:20,750

knows a psychological term means it you

1345

00:56:23,800 --> 00:56:22,369

know you you you tell somebody this is

1346

00:56:26,170 --> 00:56:23,810

going to happen and now they're ready to

1347

00:56:28,810 --> 00:56:26,180

see that sort of thing happened it's a

1348

00:56:32,260 --> 00:56:28,820

bit of a contingent contaminating your

1349

00:56:34,150 --> 00:56:32,270

your witness pool that way so we were

1350

00:56:36,880 --> 00:56:34,160

able to determine that yeah there could

1351
00:56:39,210 --> 00:56:36,890
be some priming going on as people saw

1352
00:56:41,790 --> 00:56:39,220
in this message what they wanted to see

1353
00:56:45,089 --> 00:56:41,800
but we're hoping that we can clarify

1354
00:56:46,650 --> 00:56:45,099
that stuff and divine exactly what it

1355
00:56:48,690 --> 00:56:46,660
says and that would be that would

1356
00:56:50,220 --> 00:56:48,700
eliminate one way or another we neither

1357
00:56:51,630 --> 00:56:50,230
find out it had nothing to do with

1358
00:56:53,580 --> 00:56:51,640
Roswell or had to do with weather

1359
00:56:55,050 --> 00:56:53,590
balloons or if it says victims are

1360
00:56:57,839 --> 00:56:55,060
directly got a whole nother kettle of

1361
00:57:00,330 --> 00:56:57,849
fish that's right well Kevin I don't

1362
00:57:03,720 --> 00:57:00,340
know where the time went but we're right

1363
00:57:05,550 --> 00:57:03,730

at the end I cannot believe that if we

1364

00:57:07,980 --> 00:57:05,560

went pretty fast I would like to have

1365

00:57:10,050 --> 00:57:07,990

you back on again and we can explore

1366

00:57:13,830 --> 00:57:10,060

some other topics if you're all jumpy

1367

00:57:16,500 --> 00:57:13,840

don't keep sending the money yes it's in

1368

00:57:18,630 --> 00:57:16,510

the mail so yet you said that didn't you

1369

00:57:22,080 --> 00:57:18,640

yeah hey so where can someone find your

1370

00:57:25,800 --> 00:57:22,090

blog spot oh there you go blog site it's

1371

00:57:27,930 --> 00:57:25,810

at Kevin Randall blogspot com they type

1372

00:57:28,890 --> 00:57:27,940

a different perspective into Google and

1373

00:57:30,690 --> 00:57:28,900

that's usually the first thing that

1374

00:57:32,970 --> 00:57:30,700

comes up now in a google search is a

1375

00:57:35,480 --> 00:57:32,980

different perspective type my name into

1376

00:57:39,000 --> 00:57:35,490

at Kevin Randall and it's our aandl a

1377

00:57:41,250 --> 00:57:39,010

type my name into it and you you'll come

1378

00:57:42,870 --> 00:57:41,260

to that you'll also find that a guy

1379

00:57:44,490 --> 00:57:42,880

named Kevin Randall was picked up for

1380

00:57:46,050 --> 00:57:44,500

drunk driving in Florida but I can prove

1381

00:57:47,940 --> 00:57:46,060

it was not me because if the kind news

1382

00:57:50,280 --> 00:57:47,950

picked up for drunk driving I was

1383

00:57:51,990 --> 00:57:50,290

actually in Iraq so I'm time I'm cleared

1384

00:57:55,650 --> 00:57:52,000

on that one and you have promised to

1385

00:57:57,180 --> 00:57:55,660

verify this yes in fact I was just

1386

00:57:58,260 --> 00:57:57,190

awarded the bronze time for my service

1387

00:58:00,060 --> 00:57:58,270

in Iraq and it gives the dates of

1388

00:58:03,540 --> 00:58:00,070

service so yes I've got documentation

1389

00:58:06,630 --> 00:58:03,550

that's good but if they look at if they

1390

00:58:09,630 --> 00:58:06,640

go to amazon.com there's kindle books so

1391

00:58:12,510 --> 00:58:09,640

they could like be reading my stuff in a

1392

00:58:14,609 --> 00:58:12,520

minute and a couple of things are like

1393

00:58:18,150 --> 00:58:14,619

99 cents so it's you know book link

1394

00:58:19,380 --> 00:58:18,160

book-length manuscript for 99 cents and

1395

00:58:20,430 --> 00:58:19,390

there's some science fiction up there

1396

00:58:23,430 --> 00:58:20,440

there's a nice with a book called

1397

00:58:25,680 --> 00:58:23,440

conversations it really was a abduction

1398

00:58:28,410 --> 00:58:25,690

vest investigation and went in a bizarre

1399

00:58:30,359 --> 00:58:28,420

direction so there's some stuff there so

1400

00:58:36,300 --> 00:58:30,369

they can look at my blog they can look

1401

00:58:37,829 --> 00:58:36,310

at the books or they can just ignore all

1402

00:58:40,020 --> 00:58:37,839

right great well you take care of Kevin

1403

00:58:42,690 --> 00:58:40,030

well thank you very much all right thank

1404

00:58:45,030 --> 00:58:42,700

you well that's it for our show today if

1405

00:58:47,579 --> 00:58:45,040

you missed any part of this show you can

1406

00:58:49,800 --> 00:58:47,589

catch it as a podcast and a whole bunch

1407

00:58:52,880 --> 00:58:49,810

of other free podcast on our website

1408

00:58:55,440 --> 00:58:52,890

which is podcast UFO calm

1409

00:58:58,109 --> 00:58:55,450

also you can check out links to the

1410

00:58:59,849 --> 00:58:58,119

stories in our show notes as well as

1411

00:59:02,459 --> 00:58:59,859

joining in the conversation in our

1412

00:59:05,279 --> 00:59:02,469

forums I want to thank everyone that

1413

00:59:08,370 --> 00:59:05,289

helped out today including Kerry Lloyd

1414

00:59:10,200 --> 00:59:08,380

White House for our music Keith Rowland

1415

00:59:12,959 --> 00:59:10,210

the producer of dark matter radio

1416

00:59:15,989 --> 00:59:12,969

network as well as Peggy shining for

1417

00:59:18,150 --> 00:59:15,999

admitting our Facebook page remember to

1418

00:59:21,660 --> 00:59:18,160

Like us on Facebook for all the latest

1419

00:59:24,329 --> 00:59:21,670

UFO and astronomy news you can check us

1420

00:59:26,489 --> 00:59:24,339

out live next week right here and every

1421

00:59:30,809 --> 00:59:26,499

week after at eight pm eastern standard

1422

00:59:34,019 --> 00:59:30,819

time 1 a.m. UTC right here on the Dark

1423

00:59:36,329 --> 00:59:34,029

Matter radio network remember to keep
