

1
00:00:03,139 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,149
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:07,309 --> 00:00:05,370
everything that occurred in the

5
00:00:09,680 --> 00:00:07,319
Rendlesham forest incident that doesn't

6
00:00:12,220 --> 00:00:09,690
involve aliens at all it was completely

7
00:00:16,039 --> 00:00:12,230
silent it comes right over our heads

8
00:00:17,930 --> 00:00:16,049
it's so on classic flying-saucer really

9
00:00:19,400 --> 00:00:17,940
standing in the Clery he turned over to

10
00:00:20,779 --> 00:00:19,410
my father and held his hand and he

11
00:00:27,380 --> 00:00:20,789
looked in his eyes and said we're not

12
00:00:30,290 --> 00:00:27,390
alone welcome to podcast UFO for our

13
00:00:32,749 --> 00:00:30,300

live show we're live every Wednesday at

14

00:00:35,330 --> 00:00:32,759

8 p.m. Eastern Standard Time on the dark

15

00:00:38,990 --> 00:00:35,340

matter radio network please remember to

16

00:00:42,290 --> 00:00:39,000

visit the website podcast UFO comm for

17

00:00:44,180 --> 00:00:42,300

past episodes blogs and forums during

18

00:00:46,729 --> 00:00:44,190

the show feel free to participate live

19

00:00:49,209 --> 00:00:46,739

in our chat room and don't forget to

20

00:00:51,740 --> 00:00:49,219

Like us on our very active Facebook page

21

00:00:53,930 --> 00:00:51,750

hello and welcome to the show I'm Martin

22

00:00:56,270 --> 00:00:53,940

Willis your host well a couple things

23

00:00:59,810 --> 00:00:56,280

are going on today we have our guest is

24

00:01:02,240 --> 00:00:59,820

Judy mezzo line and she's with the UFO

25

00:01:05,390 --> 00:01:02,250

Watchtower in Colorado she's coming up

26
00:01:07,550 --> 00:01:05,400
but before that we have Andy Fleming is

27
00:01:11,270 --> 00:01:07,560
going to give us an astronomy little

28
00:01:14,690 --> 00:01:11,280
forecast of what's going on with Kepler

29
00:01:16,789 --> 00:01:14,700
which always fascinates me and just

30
00:01:19,999 --> 00:01:16,799
after that but before Judy we have

31
00:01:24,080 --> 00:01:20,009
Alejandro Rojas on John Tobin our

32
00:01:25,550 --> 00:01:24,090
newscaster our new newscaster is off in

33
00:01:28,700 --> 00:01:25,560
Ireland having a good time

34
00:01:31,429 --> 00:01:28,710
so we our news list tonight no news is

35
00:01:34,249 --> 00:01:31,439
good news I guess so anyway we're going

36
00:01:36,950 --> 00:01:34,259
to start right off right now with Andy

37
00:01:41,090 --> 00:01:36,960
Fleming and don't forget to go to

38
00:01:43,490 --> 00:01:41,100

podcast UFO calm that is and sign up on

39

00:01:57,310 --> 00:01:43,500

the chat room so you can interact with

40

00:02:05,000 --> 00:02:00,950

and hi Martin and listeners to podcaster

41

00:02:08,090 --> 00:02:05,010

UFO to this week's astronomy segments

42

00:02:10,520 --> 00:02:08,100

and it's an interesting one NASA's

43

00:02:13,430 --> 00:02:10,530

Kepler mission announced last Wednesday

44

00:02:16,010 --> 00:02:13,440

that 715 new planets have been

45

00:02:18,860 --> 00:02:16,020

discovered in multiple planet systems

46

00:02:21,110 --> 00:02:18,870

much like our own solar system most of

47

00:02:23,210 --> 00:02:21,120

them are smaller than Neptune which is

48

00:02:26,270 --> 00:02:23,220

almost four times the size of the earth

49

00:02:28,130 --> 00:02:26,280

the discovery marks a significant

50

00:02:30,740 --> 00:02:28,140

increase in the number of known

51
00:02:32,930 --> 00:02:30,750
small-sized planets more akin to the

52
00:02:35,540 --> 00:02:32,940
earth John Grunsfeld associate

53
00:02:36,590 --> 00:02:35,550
administrator for NASA's science Mission

54
00:02:38,810 --> 00:02:36,600
Directorate

55
00:02:41,150 --> 00:02:38,820
said that these new planets and solar

56
00:02:43,820 --> 00:02:41,160
systems look somewhat like our own and

57
00:02:46,550 --> 00:02:43,830
poor tend to a great future when we have

58
00:02:50,090 --> 00:02:46,560
the James Webb Space Telescope in space

59
00:02:52,040 --> 00:02:50,100
to characterize the new worlds since the

60
00:02:54,800 --> 00:02:52,050
discovery of the first planets outside

61
00:02:57,170 --> 00:02:54,810
our own solar system roughly two decades

62
00:03:00,890 --> 00:02:57,180
ago verification has been a laborious

63
00:03:03,199 --> 00:03:00,900

planet by planet process now however

64

00:03:05,600 --> 00:03:03,209

scientists have a statistical technique

65

00:03:07,430 --> 00:03:05,610

called multiplicity that can be applied

66

00:03:09,800 --> 00:03:07,440

to many planets at once when they're

67

00:03:12,320 --> 00:03:09,810

found in systems that Harbor more than

68

00:03:14,560 --> 00:03:12,330

one planet around the same star it

69

00:03:16,880 --> 00:03:14,570

relies in part on the logic of

70

00:03:19,759 --> 00:03:16,890

probability it's a process that

71

00:03:22,729 --> 00:03:19,769

ultimately verifies multiple planet

72

00:03:26,240 --> 00:03:22,739

candidates in bulk and is unveiling a

73

00:03:28,850 --> 00:03:26,250

veritable bonanza of new worlds these

74

00:03:31,190 --> 00:03:28,860

multiple planet systems are fertile

75

00:03:33,800 --> 00:03:31,200

grounds for studying individual planets

76

00:03:36,590 --> 00:03:33,810

and the configuration of planetary

77

00:03:39,350 --> 00:03:36,600

neighborhoods this provides clues to

78

00:03:41,240 --> 00:03:39,360

planet formation four of these new

79

00:03:44,240 --> 00:03:41,250

planets are less than two and a half

80

00:03:46,400 --> 00:03:44,250

times the size of the earth and orbit in

81

00:03:49,370 --> 00:03:46,410

their sun's habitable zone defined as

82

00:03:51,710 --> 00:03:49,380

the range of distance from a star where

83

00:03:54,320 --> 00:03:51,720

the surface temperature and orbiting

84

00:03:57,229 --> 00:03:54,330

planets may be suitable for life-giving

85

00:04:01,280 --> 00:03:57,239

liquid water one of these new habitable

86

00:04:04,729 --> 00:04:01,290

zone planets called Kepler 296 F orbits

87

00:04:08,150 --> 00:04:04,739

astir half the size and 5% as bright as

88

00:04:10,430 --> 00:04:08,160

our own Sun Kepler 296

89

00:04:12,050 --> 00:04:10,440
is twice the size of the earth but

90

00:04:14,480 --> 00:04:12,060
scientists still not know whether the

91

00:04:17,449 --> 00:04:14,490
planet is a gaseous world with a thick

92

00:04:20,539 --> 00:04:17,459
hydrogen alien envelope or is a water

93

00:04:22,970 --> 00:04:20,549
world surrounded by deep ocean from this

94

00:04:25,670 --> 00:04:22,980
study we learned planets in these multi

95

00:04:28,220 --> 00:04:25,680
systems are small and their orbits are

96

00:04:31,490 --> 00:04:28,230
flat and circular resembling pancakes

97

00:04:34,190 --> 00:04:31,500
not a classical view of an atom said

98

00:04:36,440 --> 00:04:34,200
Jason Rowe research scientists at the

99

00:04:39,650 --> 00:04:36,450
SETI Institute in Mountain View

100

00:04:42,710 --> 00:04:39,660
California and co-leader of the research

101
00:04:45,710 --> 00:04:42,720
the more we explore the more we find

102
00:04:49,160 --> 00:04:45,720
familiar traces of ourselves amongst the

103
00:04:51,620 --> 00:04:49,170
stars and that reminds us of home this

104
00:04:53,720 --> 00:04:51,630
latest discovery brings the confirmed

105
00:04:58,280 --> 00:04:53,730
count of planets outside our solar

106
00:05:01,280 --> 00:04:58,290
system to nearly 1,700 as we continue to

107
00:05:03,980 --> 00:05:01,290
reach toward the Stars each discovery

108
00:05:06,380 --> 00:05:03,990
brings us one step closer to a more

109
00:05:11,120 --> 00:05:06,390
accurate understanding of our place in

110
00:05:14,000 --> 00:05:11,130
space launched in March 2009 Kepler is

111
00:05:16,340 --> 00:05:14,010
the first NASA mission to find

112
00:05:19,960 --> 00:05:16,350
potentially habitable earth-sized

113
00:05:24,320 --> 00:05:19,970

planets discoveries include more than

114

00:05:28,070 --> 00:05:24,330

3,600 planet candidates of which 961

115

00:05:30,830 --> 00:05:28,080

have been verified as bona fide a worlds

116

00:05:36,409 --> 00:05:30,840

for more information about the Kepler

117

00:05:40,010 --> 00:05:36,419

space telescope why not visit WWF

118

00:05:42,940 --> 00:05:40,020

forward slash Kepler thanks a lot Andy

119

00:05:46,040 --> 00:05:42,950

and that is Andy Fleming from the UK

120

00:05:49,820 --> 00:05:46,050

always good to hear from him and now we

121

00:05:52,550 --> 00:05:49,830

have Alejandro Rojas coming up how you

122

00:05:54,860 --> 00:05:52,560

doing Alejandro doing great how are you

123

00:05:57,050 --> 00:05:54,870

good thanks for coming on the show it's

124

00:05:59,570 --> 00:05:57,060

always a pleasure having you yes it's

125

00:06:02,360 --> 00:05:59,580

always fun being on and I want to talk

126

00:06:04,880 --> 00:06:02,370

to you you had a crazy week real busy

127

00:06:07,460 --> 00:06:04,890

week of a few weeks ago the

128

00:06:09,490 --> 00:06:07,470

International UFO Congress and let's

129

00:06:14,840 --> 00:06:09,500

just give a recap what happened there

130

00:06:17,300 --> 00:06:14,850

yeah we sure did it is always crazy and

131

00:06:18,529 --> 00:06:17,310

and it zips by so quick which is kind of

132

00:06:19,820 --> 00:06:18,539

unfortunate because you have a lot of

133

00:06:21,110 --> 00:06:19,830

friends from out of town you don't get

134

00:06:22,460 --> 00:06:21,120

to see often and

135

00:06:23,990 --> 00:06:22,470

you don't get to spend as much time as

136

00:06:26,300 --> 00:06:24,000

you would like with them when you're

137

00:06:31,189 --> 00:06:26,310

putting these things on but yeah so we

138

00:06:35,360 --> 00:06:31,199

had several days of speakers over 20

139

00:06:38,330 --> 00:06:35,370

speakers ranging from NASA scientists to

140

00:06:42,350 --> 00:06:38,340

a Bigfoot honor so you know we have a

141

00:06:45,710 --> 00:06:42,360

wide range of the very conservative even

142

00:06:47,750 --> 00:06:45,720

mainstream to the fringe I had mentioned

143

00:06:50,230 --> 00:06:47,760

earlier that I really enjoyed listening

144

00:06:52,909 --> 00:06:50,240

to Bennett what did you think of him Oh

145

00:06:55,010 --> 00:06:52,919

Bennett's incredible Bennett's awesome

146

00:06:58,610 --> 00:06:55,020

I'm a big fan we're big fans here at

147

00:07:00,650 --> 00:06:58,620

open minds he's of course mainstream

148

00:07:04,129 --> 00:07:00,660

talking about the mainstream search but

149

00:07:05,900 --> 00:07:04,139

he also speculates and has ideas about

150

00:07:08,300 --> 00:07:05,910

what you know extraterrestrial

151

00:07:11,570 --> 00:07:08,310

civilizations may be like and they're

152

00:07:13,909 --> 00:07:11,580

very I think interesting ideas so I

153

00:07:15,710 --> 00:07:13,919

think he's great I really like Jeffrey

154

00:07:18,290 --> 00:07:15,720

Bennett and he's impressive he's a

155

00:07:21,230 --> 00:07:18,300

senior visiting scientists at NASA

156

00:07:23,779 --> 00:07:21,240

he was written a book with Seth Shostak

157

00:07:28,190 --> 00:07:23,789

and he informed us at the Congress that

158

00:07:30,500 --> 00:07:28,200

his children's books about space have

159

00:07:32,510 --> 00:07:30,510

have gone to the International Space

160

00:07:34,400 --> 00:07:32,520

Station and the astronauts are are

161

00:07:36,770 --> 00:07:34,410

reading about him there well how about

162

00:07:38,870 --> 00:07:36,780

that yeah now let's talk about the

163

00:07:41,930 --> 00:07:38,880

awards you always have Awards there what

164

00:07:43,879 --> 00:07:41,940

happened all those it's we do researcher

165

00:07:46,909 --> 00:07:43,889

of the year then we also do a lifetime

166

00:07:49,159 --> 00:07:46,919

and then we have our EBE Film Festival

167

00:07:51,529 --> 00:07:49,169

so it's a Film Festival for usually for

168

00:07:56,240 --> 00:07:51,539

documentaries about UFOs but sometimes

169

00:08:00,409 --> 00:07:56,250

we also have some narratives or fiction

170

00:08:03,230 --> 00:08:00,419

pieces but yeah the the award went to

171

00:08:05,300 --> 00:08:03,240

Stephen Bassett for researcher of the

172

00:08:06,920 --> 00:08:05,310

year and I think that's an easy one

173

00:08:10,159 --> 00:08:06,930

because that the citizens hearing no

174

00:08:12,529 --> 00:08:10,169

matter even though some of us have ideas

175

00:08:14,270 --> 00:08:12,539

of how it could have been done better or

176

00:08:17,270 --> 00:08:14,280

a lot of people complain that about

177

00:08:19,370 --> 00:08:17,280

different aspects of it there's no doubt

178

00:08:21,800 --> 00:08:19,380

it was very effective as far as getting

179

00:08:24,320 --> 00:08:21,810

the word out letting people know about

180

00:08:26,210 --> 00:08:24,330

some very credible cases and people that

181

00:08:29,120 --> 00:08:26,220

are interested in this and it was very

182

00:08:31,730 --> 00:08:29,130

convincing to many of the people the

183

00:08:34,310 --> 00:08:31,740

former congressman who they presented to

184

00:08:36,980 --> 00:08:34,320

so that was a monumental

185

00:08:39,500 --> 00:08:36,990

for it yeah I agree with that you know

186

00:08:41,029 --> 00:08:39,510

they're like you said I've got a lot of

187

00:08:42,050 --> 00:08:41,039

email people saying oh they shouldn't

188

00:08:44,180 --> 00:08:42,060

have done this shouldn't have done that

189

00:08:47,600 --> 00:08:44,190

and then you can always look back and

190

00:08:49,880 --> 00:08:47,610

you know hindsight but overall you're

191

00:08:52,330 --> 00:08:49,890

right the message got out there a lot a

192

00:08:55,610 --> 00:08:52,340

lot better than it was before that yeah

193

00:08:59,270 --> 00:08:55,620

so the lifetime achievement award went

194

00:09:02,030 --> 00:08:59,280

to Bruce Maccabee who was a navy he

195

00:09:03,380 --> 00:09:02,040

worked for the Navy in optics and he's

196

00:09:07,100 --> 00:09:03,390

been in this field for a long time

197

00:09:08,840 --> 00:09:07,110

analyzing photos some videos and he also

198

00:09:12,800 --> 00:09:08,850

was the first to do a FOIA to get the

199

00:09:14,840 --> 00:09:12,810

FBI UFO FILES hundreds of files files

200

00:09:17,360 --> 00:09:14,850

that he says they didn't even know they

201
00:09:19,160 --> 00:09:17,370
had so a really interesting stuff and he

202
00:09:22,370 --> 00:09:19,170
has a new book actually coming out very

203
00:09:25,460 --> 00:09:22,380
soon here Richard Dolan is publishing

204
00:09:28,070 --> 00:09:25,470
that and it's the FBI and the CIA files

205
00:09:30,590 --> 00:09:28,080
that he'll be covering so it's a reprint

206
00:09:33,140 --> 00:09:30,600
of the old with some new CIA stuff so

207
00:09:34,760 --> 00:09:33,150
yeah he's got a lifetime of amazing work

208
00:09:37,550 --> 00:09:34,770
so we gave him the Lifetime Achievement

209
00:09:39,740 --> 00:09:37,560
Award time and he couldn't he actually

210
00:09:41,900 --> 00:09:39,750
make it through the write he's had a

211
00:09:43,490 --> 00:09:41,910
health issue so he has not been able to

212
00:09:45,320 --> 00:09:43,500
make it actually the last couple years

213
00:09:47,570 --> 00:09:45,330

that we've brought him and that's one

214

00:09:51,080 --> 00:09:47,580

reason we really wanted to give it to

215

00:09:53,210 --> 00:09:51,090

him because he is getting older and he

216

00:09:56,180 --> 00:09:53,220

has a having more problems at traveling

217

00:09:57,860 --> 00:09:56,190

so we wanted to give this award to him

218

00:10:01,370 --> 00:09:57,870

because he's done a lot of great work

219

00:10:03,800 --> 00:10:01,380

yeah now this this International UFO

220

00:10:05,570 --> 00:10:03,810

Congress is such a big deal it's it's

221

00:10:09,290 --> 00:10:05,580

like one of the biggest or the biggest

222

00:10:12,020 --> 00:10:09,300

of its kind now do you actually start

223

00:10:14,030 --> 00:10:12,030

working on next year's right away we do

224

00:10:15,890 --> 00:10:14,040

yeah we start working on it right away

225

00:10:18,560 --> 00:10:15,900

because like you said it is the biggest

226

00:10:21,800 --> 00:10:18,570

and I mean you've been to conferences

227

00:10:23,480 --> 00:10:21,810

it's not like you know just a little bit

228

00:10:26,510 --> 00:10:23,490

bigger than the others it's like three

229

00:10:29,990 --> 00:10:26,520

times bigger than than the others I mean

230

00:10:32,060 --> 00:10:30,000

it's maybe more we get just a packed

231

00:10:34,010 --> 00:10:32,070

house it's absolutely packed with people

232

00:10:37,340 --> 00:10:34,020

in the vendor's room in the speaker's

233

00:10:39,440 --> 00:10:37,350

room a lot a lot of people a lot of

234

00:10:41,000 --> 00:10:39,450

researchers and ufologists and that's

235

00:10:42,560 --> 00:10:41,010

what's kind of fun just like a normal

236

00:10:45,770 --> 00:10:42,570

convention people get to get together

237

00:10:48,170 --> 00:10:45,780

and discuss you know the field and

238

00:10:49,699 --> 00:10:48,180

people's latest findings so

239

00:10:51,860 --> 00:10:49,709

that's another thing we try to do is

240

00:10:54,410 --> 00:10:51,870

have speakers who have recent and

241

00:10:57,619 --> 00:10:54,420

research and interesting research that

242

00:11:00,019 --> 00:10:57,629

others possibly haven't heard of so yeah

243

00:11:01,790 --> 00:11:00,029

it's big it's really big so Alejandro

244

00:11:03,920 --> 00:11:01,800

it's great having you on hope to have

245

00:11:06,769 --> 00:11:03,930

you back for a full show sometime can

246

00:11:09,350 --> 00:11:06,779

you tell the listener where to find all

247

00:11:12,110 --> 00:11:09,360

249

and remember sign in at the chat room if

272

00:13:21,879 --> 00:12:10,129

you want to interact at podcast UFO calm

273

00:13:27,350 --> 00:13:25,670

judy judy judy how are you hey I'm good

274

00:13:30,439 --> 00:13:27,360

how are you good

275

00:13:33,710 --> 00:13:30,449

so we're talking to you out in the San

276

00:13:35,949 --> 00:13:33,720

Luis I'm not sure if that's how you say

277

00:13:39,470 --> 00:13:35,959

it or not Valley out there in Colorado

278

00:13:43,400 --> 00:13:39,480

correct yes and you know I've driven I

279

00:13:46,100 --> 00:13:43,410

was looking at the map today and I was

280

00:13:49,040 --> 00:13:46,110

in Taos one time and I was living in

281

00:13:52,639 --> 00:13:49,050

Colorado for I've lived back in the 70s

282

00:13:54,230 --> 00:13:52,649

and I drove I tried to drive back roads

283

00:13:55,910 --> 00:13:54,240

and I think I went through there and

284

00:13:59,809 --> 00:13:55,920

it's absolutely beautiful and if I

285

00:14:01,759 --> 00:13:59,819

remember it it's extremely remote do I

286

00:14:02,809 --> 00:14:01,769

have the right place you've got the

287

00:14:04,879 --> 00:14:02,819

right place

288

00:14:09,999 --> 00:14:04,889

we're located directly across from the

289

00:14:13,610 --> 00:14:10,009

Great Sand Dunes National Park okay and

290

00:14:17,569 --> 00:14:13,620

the it's a hot spot and I've heard about

291

00:14:20,090 --> 00:14:17,579

that for years for UFO sightings and

292

00:14:21,499 --> 00:14:20,100

when you bought your ranch you bought it

293

00:14:23,920 --> 00:14:21,509

for cattle right can you tell the whole

294

00:14:27,319 --> 00:14:23,930

story of how this whole thing came about

295

00:14:30,710 --> 00:14:27,329

well we moved down here in 1995 three

296

00:14:33,199 --> 00:14:30,720

idling cattle and but from the time we

297

00:14:34,610 --> 00:14:33,209

moved here all I had heard were UFO

298

00:14:36,590 --> 00:14:34,620

stories from the locals

299

00:14:37,999 --> 00:14:36,600

and I just got to the point I didn't

300

00:14:41,420 --> 00:14:38,009

want to say we needed UFO Watchtower

301

00:14:43,340 --> 00:14:41,430

never ever thinking I'd ever do it well

302

00:14:46,850 --> 00:14:43,350

after four and a half years I found that

303

00:14:49,100 --> 00:14:46,860

cows don't eat sand real well and they

304

00:14:52,040 --> 00:14:49,110

just about broke me because I had to

305

00:14:54,949 --> 00:14:52,050

feed him year-round so I had to sell the

306

00:14:56,660 --> 00:14:54,959

herd and then it was a matter of what

307

00:14:58,280 --> 00:14:56,670

the heck do you do with the land you

308

00:15:02,449 --> 00:14:58,290

know because I didn't want to sell it

309

00:15:04,370 --> 00:15:02,459

well one of the farmers talked to me one

310

00:15:06,340 --> 00:15:04,380

day and he said you know Judy you've

311

00:15:09,370 --> 00:15:06,350

laughed and joked about a UFO Watchtower

312

00:15:12,410 --> 00:15:09,380

he's got to put that up you'd have fun

313

00:15:15,019 --> 00:15:12,420

well by golly I've had fun but I've had

314

00:15:17,749 --> 00:15:15,029

experiences that I never dreamed I would

315

00:15:21,559 --> 00:15:17,759

have now I went on your website which is

316

00:15:23,059 --> 00:15:21,569

UFO Watchtower calm and you you I could

317

00:15:25,430 --> 00:15:23,069

tell you right away you I can tell right

318

00:15:28,490 --> 00:15:25,440

away you have a sense of humor

319

00:15:30,860 --> 00:15:28,500

that and and you're not really you know

320

00:15:32,660 --> 00:15:30,870

I wouldn't consider you a person making

321

00:15:35,420 --> 00:15:32,670

mockery because you've actually seen

322

00:15:38,060 --> 00:15:35,430

some things you you've witnessed 20-some

323

00:15:41,060 --> 00:15:38,070

odd sightings is that right yeah 26

324

00:15:44,030 --> 00:15:41,070

sensitive thousands we've had 77

325

00:15:47,060 --> 00:15:44,040

sightings from just the tower since 2000

326

00:15:49,610 --> 00:15:47,070

now there's a picture of a sighting now

327

00:15:50,840 --> 00:15:49,620

well it's a picture of some UFOs is that

328

00:15:54,680 --> 00:15:50,850

an actual picture of one of the

329

00:15:59,300 --> 00:15:54,690

sightings on your website I'm talking

330

00:16:04,040 --> 00:15:59,310

about yeah because that's a remarkable

331

00:16:08,660 --> 00:16:04,050

picture with the lights on two traps

332

00:16:14,830 --> 00:16:08,670

really really something yeah and what

333

00:16:17,810 --> 00:16:14,840

has been something now what type of

334

00:16:21,160 --> 00:16:17,820

sightings do you see is it mostly lights

335

00:16:25,640 --> 00:16:21,170

in the sky or is it actually objects

336

00:16:29,540 --> 00:16:25,650

we've seen just mostly lights the one

337

00:16:31,700 --> 00:16:29,550

object it was like 11 o'clock at night

338

00:16:34,370 --> 00:16:31,710

we had over a dozen people there but I

339

00:16:36,970 --> 00:16:34,380

called it a cigar-shaped and it moved

340

00:16:41,530 --> 00:16:36,980

from the north to the south really fast

341

00:16:46,010 --> 00:16:41,540

it was God's maybe half a mile mile away

342

00:16:47,720 --> 00:16:46,020

but it was just huge and I always like

343

00:16:50,330 --> 00:16:47,730

it when we have sightings and we have

344

00:16:52,340 --> 00:16:50,340

multiple eyes watching you know sure

345

00:16:56,000 --> 00:16:52,350

yeah and especially if you get it on

346

00:16:58,130 --> 00:16:56,010

video or you know someone takes a

347

00:17:01,520 --> 00:16:58,140

picture of it too that makes it even

348

00:17:04,850 --> 00:17:01,530

more solid have you had any like real

349

00:17:09,380 --> 00:17:04,860

serious investigators there oh yeah

350

00:17:14,329 --> 00:17:09,390

well let's talk about who's been there a

351

00:17:15,949 --> 00:17:14,339

lot of folks from MUFON and a Leandra

352

00:17:18,770 --> 00:17:15,959

you talked to him he's been here a

353

00:17:22,220 --> 00:17:18,780

number of times in fact he saw his first

354

00:17:25,610 --> 00:17:22,230

UFO here at our place he asked me to ask

355

00:17:26,620 --> 00:17:25,620

you about that off mic so wow that's

356

00:17:30,410 --> 00:17:26,630

that's amazing

357

00:17:34,100 --> 00:17:30,420

yeah how many people would you say come

358

00:17:36,680 --> 00:17:34,110

through there per year you know I don't

359

00:17:38,940 --> 00:17:36,690

know per year i sat down here a couple

360

00:17:41,370 --> 00:17:38,950

years ago I have a guest book now

361

00:17:44,850 --> 00:17:41,380

everybody signs it but it gives me some

362

00:17:46,500 --> 00:17:44,860

idea and I sat down and counted the

363

00:17:48,750 --> 00:17:46,510

names and the gas book here a couple

364

00:17:50,430 --> 00:17:48,760

years ago and there was about 20,000 who

365

00:17:53,250 --> 00:17:50,440

have been through Wow

366

00:17:56,250 --> 00:17:53,260

and I I just think that's kind of neat

367

00:17:59,100 --> 00:17:56,260

yeah now generally speaking two people

368

00:18:03,260 --> 00:17:59,110

come only at night or during the day

369

00:18:05,250 --> 00:18:03,270

both or what what is what's the average

370

00:18:08,550 --> 00:18:05,260

majority of the folks who come during

371

00:18:12,150 --> 00:18:08,560

the day mm-hmm it kind of intimidates

372

00:18:13,980 --> 00:18:12,160

people you and I've told folks I said

373

00:18:16,860 --> 00:18:13,990

you just quit watching those horror

374

00:18:21,720 --> 00:18:16,870

movies on TV because that's not what

375

00:18:23,880 --> 00:18:21,730

this is all about so yeah we we get

376

00:18:26,520 --> 00:18:23,890

quite a few in the evening during the

377

00:18:28,710 --> 00:18:26,530

summer but it's bitter cold here in the

378

00:18:30,660 --> 00:18:28,720

winter and periodically we get a

379

00:18:32,940 --> 00:18:30,670

straggler in during the winter but when

380

00:18:35,430 --> 00:18:32,950

it's 20 below zero nobody wants to sit

381

00:18:38,070 --> 00:18:35,440

out you know yeah yeah it wouldn't be

382

00:18:41,550 --> 00:18:38,080

fun and this is uh if someone goes on

383

00:18:44,550 --> 00:18:41,560

actually on podcast UFO comm if you go

384

00:18:49,040 --> 00:18:44,560

to the chatroom you can ask you can ask

385

00:18:51,870 --> 00:18:49,050

a question for our guests tonight but

386

00:18:54,390 --> 00:18:51,880

there's a picture I believe we there's a

387

00:18:56,970 --> 00:18:54,400

little video on podcast UFO comm and if

388

00:18:59,400 --> 00:18:56,980

you google the UFO Watchtower you'll see

389

00:19:03,000 --> 00:18:59,410

all kinds of pictures and also you can

390

00:19:07,470 --> 00:19:03,010

get to the website there so you

391

00:19:13,200 --> 00:19:07,480

constructed this what year in 2000 in

392

00:19:15,180 --> 00:19:13,210

2000 well and have you do get ridicule

393

00:19:17,220 --> 00:19:15,190

about this a little bit or you know I

394

00:19:20,030 --> 00:19:17,230

mean or do people take it seriously or

395

00:19:23,250 --> 00:19:20,040

is it do you get everything in between I

396

00:19:25,650 --> 00:19:23,260

get everything and most of the folks

397

00:19:28,650 --> 00:19:25,660

they're pretty open-minded you know and

398

00:19:31,740 --> 00:19:28,660

I ask them to be open-minded when they

399

00:19:34,200 --> 00:19:31,750

come because I give a little tour when

400

00:19:36,960 --> 00:19:34,210

they come and tell them about the place

401
00:19:40,560 --> 00:19:36,970
we have a Healing Garden out front and I

402
00:19:43,260 --> 00:19:40,570
take them through that and then inside

403
00:19:45,270 --> 00:19:43,270
the shop I've got all kinds of pictures

404
00:19:51,450 --> 00:19:45,280
and particles and stuff there for people

405
00:19:52,590 --> 00:19:51,460
to read and all I really has for is when

406
00:19:56,250 --> 00:19:52,600
they get finished

407
00:19:59,280 --> 00:19:56,260
at at the UFO Watchtower at these they

408
00:20:01,500 --> 00:19:59,290
gave them something to think about and

409
00:20:05,700 --> 00:20:01,510
that's that's all you can ask of anybody

410
00:20:08,130 --> 00:20:05,710
you know but I've gotten a kick out of a

411
00:20:11,160 --> 00:20:08,140
lot of people because I always whenever

412
00:20:15,210 --> 00:20:11,170
they come I always say have you ever

413
00:20:17,220 --> 00:20:15,220

seen anything hmm and most most of the

414

00:20:19,290 --> 00:20:17,230

folks will stand there and hang their

415

00:20:21,690 --> 00:20:19,300

head and shake it real slow

416

00:20:24,180 --> 00:20:21,700

well after they've talked with me for a

417

00:20:26,640 --> 00:20:24,190

bit then they'll come up and they'll say

418

00:20:28,650 --> 00:20:26,650

yeah I did see something one isn't it

419

00:20:30,900 --> 00:20:28,660

something how a lot of people are just

420

00:20:32,100 --> 00:20:30,910

afraid to talk about it that's what

421

00:20:33,840 --> 00:20:32,110

makes me think you know when they say

422

00:20:36,540 --> 00:20:33,850

there are thirty thousand reported

423

00:20:38,840 --> 00:20:36,550

sightings a year worldwide makes me

424

00:20:41,250 --> 00:20:38,850

really wonder how many there really are

425

00:20:42,150 --> 00:20:41,260

because so many people just want to keep

426
00:20:43,560 --> 00:20:42,160
it to themselves

427
00:20:47,150 --> 00:20:43,570
I mean I've talked to a number of people

428
00:20:49,170 --> 00:20:47,160
that have told me about a sighting and

429
00:20:51,510 --> 00:20:49,180
you know I asked them if they have ever

430
00:20:53,490 --> 00:20:51,520
reported it and they said no and some

431
00:20:57,390 --> 00:20:53,500
people have told no one before they told

432
00:20:58,350 --> 00:20:57,400
me and that's I think that happens an

433
00:21:00,780 --> 00:20:58,360
awful lot

434
00:21:02,790 --> 00:21:00,790
now whether were there sightings on your

435
00:21:04,350 --> 00:21:02,800
ranch before I'm looking at the chat

436
00:21:07,170 --> 00:21:04,360
room there was a couple of questions

437
00:21:10,260 --> 00:21:07,180
someone wants to know how high it is and

438
00:21:12,300 --> 00:21:10,270

I was wondering it's it must have been

439

00:21:13,920 --> 00:21:12,310

quite an undertaking as far as a cost

440

00:21:15,660 --> 00:21:13,930

for that did you have to spend all the

441

00:21:18,210 --> 00:21:15,670

money you sold your cattle for to get

442

00:21:20,940 --> 00:21:18,220

that thing up yeah I had a business that

443

00:21:22,770 --> 00:21:20,950

I was trying to sell in Denver and so

444

00:21:30,750 --> 00:21:22,780

the proceeds from that business helped

445

00:21:32,790 --> 00:21:30,760

me to build this it's just just been

446

00:21:36,270 --> 00:21:32,800

phenomenal the reactions that I've

447

00:21:38,340 --> 00:21:36,280

gotten you know some people well there's

448

00:21:43,560 --> 00:21:38,350

a lot of folks that giggle about it when

449

00:21:46,380 --> 00:21:43,570

they come in but like I said when they

450

00:21:48,680 --> 00:21:46,390

do by the time they leave they're not

451
00:21:51,330 --> 00:21:48,690
dealing anymore they're thinking yeah

452
00:21:53,040 --> 00:21:51,340
now someone wants to know how tall the

453
00:21:55,260 --> 00:21:53,050
tower is it's not a real tall tower it's

454
00:21:58,110 --> 00:21:55,270
more or less an observation area isn't

455
00:22:03,090 --> 00:21:58,120
it right right he would seventy six

456
00:22:04,200 --> 00:22:03,100
hundred feet here moving with we put the

457
00:22:06,630 --> 00:22:04,210
tower up at ten

458
00:22:09,000 --> 00:22:06,640
to a high and it gets you up off the lay

459
00:22:12,050 --> 00:22:09,010
of the land but gosh how much higher do

460
00:22:16,560 --> 00:22:12,060
you have to go you know yeah absolutely

461
00:22:19,350 --> 00:22:16,570
and have I I know I'm thinking about a

462
00:22:21,150 --> 00:22:19,360
year ago I saw a documentary I don't

463
00:22:23,520 --> 00:22:21,160

know when it was made but it was on the

464

00:22:25,890 --> 00:22:23,530

valley there and all the the sightings

465

00:22:28,410 --> 00:22:25,900

that happened there and why do you

466

00:22:31,560 --> 00:22:28,420

suppose that is it's such a hot spot is

467

00:22:35,070 --> 00:22:31,570

there any theories about that there's

468

00:22:36,750 --> 00:22:35,080

all kinds of ideas some say that in

469

00:22:39,150 --> 00:22:36,760

Mount Blanc at the big mountain over

470

00:22:41,220 --> 00:22:39,160

here that there's an ET base in that and

471

00:22:43,800 --> 00:22:41,230

it wouldn't surprise me if there wasn't

472

00:22:45,570 --> 00:22:43,810

because I mean I get reports all the

473

00:22:47,520 --> 00:22:45,580

time of people seeing things flying

474

00:22:49,860 --> 00:22:47,530

around over there

475

00:22:52,230 --> 00:22:49,870

some say it's the spirituality of the

476
00:22:54,480 --> 00:22:52,240
valley the Native Americans considered

477
00:22:57,240 --> 00:22:54,490
the valley floor sacred so they would

478
00:22:59,340 --> 00:22:57,250
not fight on the valley floor they would

479
00:23:02,310 --> 00:22:59,350
go on the mountains and fight really

480
00:23:02,640 --> 00:23:02,320
yeah isn't that interesting I think so

481
00:23:07,200 --> 00:23:02,650
too

482
00:23:10,110 --> 00:23:07,210
hmm and then others others say that it's

483
00:23:12,930 --> 00:23:10,120
the vastness of the valley because the

484
00:23:15,990 --> 00:23:12,940
valley is like 75 miles wide and 100

485
00:23:19,710 --> 00:23:16,000
miles long but we don't have a lot of

486
00:23:21,830 --> 00:23:19,720
people who live here maybe 45,000 so you

487
00:23:25,500 --> 00:23:21,840
know like no light pollution for one

488
00:23:28,350 --> 00:23:25,510

hardly any yeah and from our place I own

489

00:23:32,060 --> 00:23:28,360

all the land around it so I can pretty

490

00:23:34,890 --> 00:23:32,070

much control the light pollution and

491

00:23:40,740 --> 00:23:34,900

that's why I have the land I'm kind of

492

00:23:43,110 --> 00:23:40,750

people want to buy it not a magazine

493

00:23:45,780 --> 00:23:43,120

from Great Britain and in there it said

494

00:23:48,780 --> 00:23:45,790

that the majority of their sightings was

495

00:23:51,330 --> 00:23:48,790

where there were hot water wells mm-hmm

496

00:23:55,200 --> 00:23:51,340

we'll see this valley is full of hot

497

00:23:57,720 --> 00:23:55,210

water wells and that makes sense to me

498

00:23:59,520 --> 00:23:57,730

more so than the other things yeah I

499

00:24:02,040 --> 00:23:59,530

always try to find something that makes

500

00:24:03,150 --> 00:24:02,050

a little bit of sense and that kind of

501
00:24:05,040 --> 00:24:03,160
makes sense to me

502
00:24:07,920 --> 00:24:05,050
you know a lot of times there's

503
00:24:11,070 --> 00:24:07,930
speculation of what these things are and

504
00:24:13,110 --> 00:24:11,080
there's never been an answer who knows

505
00:24:15,840 --> 00:24:13,120
if in our lifetime there will be an

506
00:24:17,430 --> 00:24:15,850
answer a lot of people that come there

507
00:24:18,070 --> 00:24:17,440
do they think they're actually seeing

508
00:24:21,389 --> 00:24:18,080
alien

509
00:24:24,639 --> 00:24:21,399
so you know did they talk about that a

510
00:24:26,919 --> 00:24:24,649
lot of people think I should have them

511
00:24:33,370 --> 00:24:26,929
sitting there waiting to greet them you

512
00:24:37,200 --> 00:24:33,380
know you know we talked about it a lot

513
00:24:40,450 --> 00:24:37,210

over there I was reading a book from

514

00:24:43,659 --> 00:24:40,460

Jean Dixon the Jim Dickinson wrote and

515

00:24:46,769 --> 00:24:43,669

it was on the mysteries and secrets of

516

00:24:50,200 --> 00:24:46,779

the world and in there she talked about

517

00:24:52,509 --> 00:24:50,210

extraterrestrials and she says that they

518

00:24:55,120 --> 00:24:52,519

are already walking amongst us and that

519

00:24:58,269 --> 00:24:55,130

they look just like us that wouldn't

520

00:25:01,590 --> 00:24:58,279

surprise me either you know yep you know

521

00:25:05,289 --> 00:25:01,600

I I've talked to someone years ago that

522

00:25:07,570 --> 00:25:05,299

you know had the the theory of that you

523

00:25:10,149 --> 00:25:07,580

know we're seated you know type of thing

524

00:25:13,029 --> 00:25:10,159

and yeah I don't know you know I mean

525

00:25:14,409 --> 00:25:13,039

the more you try to uncover it just

526

00:25:15,850 --> 00:25:14,419

seems like the less you know about

527

00:25:18,330 --> 00:25:15,860

what's going on you know some people

528

00:25:22,240 --> 00:25:18,340

would say that they think there might be

529

00:25:23,889 --> 00:25:22,250

interdimensional or time travelers you

530

00:25:25,690 --> 00:25:23,899

know you hear all different kinds of

531

00:25:29,500 --> 00:25:25,700

theories about what they could possibly

532

00:25:32,409 --> 00:25:29,510

be and it's all all interesting and you

533

00:25:34,450 --> 00:25:32,419

know if you're keeping an open mind it's

534

00:25:37,509 --> 00:25:34,460

really fascinating to look at each

535

00:25:39,879 --> 00:25:37,519

aspect of possibilities and they could

536

00:25:40,960 --> 00:25:39,889

all be be right you know who knows

537

00:25:43,419 --> 00:25:40,970

that's trippy

538

00:25:45,750 --> 00:25:43,429

has anyone ever seen anything land out

539

00:25:48,490 --> 00:25:45,760

in the valley that you're aware

540

00:25:50,680 --> 00:25:48,500

um down by Villa Grove

541

00:25:52,180 --> 00:25:50,690

I had asked right shortly after I opened

542

00:25:54,279 --> 00:25:52,190

I had a lot of people come in and tell

543

00:25:57,250 --> 00:25:54,289

me that they had seen one from the

544

00:25:59,799 --> 00:25:57,260

highway that had landed and I said well

545

00:26:03,549 --> 00:25:59,809

did you go look oh my good god no we put

546

00:26:05,620 --> 00:26:03,559

the pedal to the metal too bad so and

547

00:26:08,830 --> 00:26:05,630

then another one was down here by

548

00:26:10,629 --> 00:26:08,840

Antonito and I had a lady in who told me

549

00:26:13,090 --> 00:26:10,639

that she and her sister witnessed one

550

00:26:14,230 --> 00:26:13,100

land down there but again they wouldn't

551
00:26:22,180 --> 00:26:14,240
go go near it

552
00:26:26,049 --> 00:26:22,190
see now I'm stupid enough I go yeah yeah

553
00:26:29,379 --> 00:26:26,059
now do you also get some real fringe

554
00:26:31,760 --> 00:26:29,389
type people that are very colorful there

555
00:26:33,620 --> 00:26:31,770
as well I mean

556
00:26:34,880 --> 00:26:33,630
yes you do and do you have like one

557
00:26:39,440 --> 00:26:34,890
other thing I thought of do have like

558
00:26:42,170 --> 00:26:39,450
regulars well we used to have regulars

559
00:26:43,820 --> 00:26:42,180
for the first maybe 10 years and then

560
00:26:48,530 --> 00:26:43,830
they move to other parts of the country

561
00:26:51,440 --> 00:26:48,540
but but I always it seems like folks put

562
00:26:53,930 --> 00:26:51,450
us on there where to go list when they

563
00:26:55,810 --> 00:26:53,940

come to the valley so I get to see the

564

00:26:59,000 --> 00:26:55,820

number of people over and over and over

565

00:27:02,030 --> 00:26:59,010

mm-hmm now before you had ever moved

566

00:27:04,090 --> 00:27:02,040

there well well let me ask you this what

567

00:27:07,580 --> 00:27:04,100

made you move there and to begin with

568

00:27:11,210 --> 00:27:07,590

price of the land and you bought a lot

569

00:27:14,840 --> 00:27:11,220

of it it sounds like I did I have 600

570

00:27:16,790 --> 00:27:14,850

acres oh my goodness wow that's like is

571

00:27:21,020 --> 00:27:16,800

that that's more than a mile isn't it or

572

00:27:23,360 --> 00:27:21,030

is it a 640 is one square mile and see I

573

00:27:26,150 --> 00:27:23,370

really messed it up because my son got

574

00:27:30,050 --> 00:27:26,160

out of the Navy and wanted to live here

575

00:27:34,120 --> 00:27:30,060

so I gave him 40 acres so you mister

576

00:27:36,350 --> 00:27:34,130

mile so I meant I had it once

577

00:27:39,830 --> 00:27:36,360

Wow wow that's amazing

578

00:27:42,170 --> 00:27:39,840

and so you bought it because the land

579

00:27:44,030 --> 00:27:42,180

was a really good buy it but like I said

580

00:27:47,690 --> 00:27:44,040

I would I drove through there

581

00:27:50,290 --> 00:27:47,700

and I remember it up in that part of

582

00:27:54,200 --> 00:27:50,300

like northern Mexico into Colorado

583

00:27:55,550 --> 00:27:54,210

feeling I don't know it was I can't

584

00:27:57,770 --> 00:27:55,560

really describe the feeling but I

585

00:28:01,010 --> 00:27:57,780

remember I was having trouble with my

586

00:28:04,970 --> 00:28:01,020

car and I felt kind of isolated and

587

00:28:10,580 --> 00:28:04,980

nervous I guess if you really want to be

588

00:28:12,440 --> 00:28:10,590

alone that it's a good place to go and

589

00:28:14,180 --> 00:28:12,450

so that must you know the people that

590

00:28:16,220 --> 00:28:14,190

live there must be real Hardy like

591

00:28:19,960 --> 00:28:16,230

yourself you know I mean to to be able

592

00:28:23,240 --> 00:28:19,970

to survive and sort of an isolated area

593

00:28:25,460 --> 00:28:23,250

and you know you have to like Dan alone

594

00:28:28,010 --> 00:28:25,470

now drop the grandkids and that's it

595

00:28:31,790 --> 00:28:28,020

because we didn't have a mall here our

596

00:28:33,530 --> 00:28:31,800

mall was Kmart or Walmart and so they

597

00:28:36,020 --> 00:28:33,540

wanted to go to a real mall you know

598

00:28:37,550 --> 00:28:36,030

which we don't have and it's probably

599

00:28:43,520 --> 00:28:37,560

like a hundred miles away or something

600

00:28:46,190 --> 00:28:43,530

right yeah yeah yeah so can you talk

601
00:28:48,080 --> 00:28:46,200
about has people like Stan

602
00:28:50,180 --> 00:28:48,090
Friedman never been there or someone

603
00:28:52,420 --> 00:28:50,190
like that any any people of note that

604
00:28:59,180 --> 00:28:52,430
you can talk about that has shown him

605
00:29:01,460 --> 00:28:59,190
besides Steven Greer has yeah and see he

606
00:29:03,200 --> 00:29:01,470
has he holds these workshops every

607
00:29:07,670 --> 00:29:03,210
summer up in Creston

608
00:29:10,160 --> 00:29:07,680
and so it's funny how the the people who

609
00:29:12,320 --> 00:29:10,170
go to those workshops will come over to

610
00:29:14,480 --> 00:29:12,330
the tower to practice you know how to

611
00:29:16,910 --> 00:29:14,490
get it kicked out of him but yeah he's

612
00:29:18,850 --> 00:29:16,920
been there a number of times yeah that

613
00:29:20,990 --> 00:29:18,860

makes that make sense

614

00:29:23,540 --> 00:29:21,000

yeah there's there's a little bit of

615

00:29:25,580 --> 00:29:23,550

controversy about those whole things

616

00:29:28,700 --> 00:29:25,590

with Greer I'm not going to get into it

617

00:29:30,320 --> 00:29:28,710

on this podcast but I do want to say one

618

00:29:33,020 --> 00:29:30,330

thing we brought this we did bring this

619

00:29:35,660 --> 00:29:33,030

up before that he actually charged

620

00:29:38,450 --> 00:29:35,670

people for taking a picture of

621

00:29:43,840 --> 00:29:38,460

themselves inside of an invisible UFO

622

00:29:52,730 --> 00:29:46,060

interesting to say the least

623

00:29:54,770 --> 00:29:52,740

so as far as your your tower there what

624

00:29:57,920 --> 00:29:54,780

what do you plan for the future of the

625

00:29:59,780 --> 00:29:57,930

place do you just do you plan to always

626

00:30:03,110 --> 00:29:59,790

hang on to it and maintain it and keep

627

00:30:06,590 --> 00:30:03,120

it open that's my plan at this point

628

00:30:09,020 --> 00:30:06,600

until I get too old to do it mm-hmm and

629

00:30:13,600 --> 00:30:09,030

I've been discussing with the family

630

00:30:16,160 --> 00:30:13,610

about what happens when your mother dies

631

00:30:17,900 --> 00:30:16,170

you know what are you going to do with

632

00:30:20,450 --> 00:30:17,910

the UFO Watchtower because it's

633

00:30:23,750 --> 00:30:20,460

something that I feel should stay it

634

00:30:25,670 --> 00:30:23,760

should be here right I've got all of

635

00:30:29,150 --> 00:30:25,680

them thinking on it but I guess my

636

00:30:31,250 --> 00:30:29,160

daughter-in-law is the one who stepped

637

00:30:34,070 --> 00:30:31,260

up to the plate and said she'd like to

638

00:30:36,710 --> 00:30:34,080

run it herself so what may be an option

639

00:30:40,160 --> 00:30:36,720

yeah well I wouldn't think it would be a

640

00:30:43,970 --> 00:30:40,170

huge cash cow but it would still be

641

00:30:46,720 --> 00:30:43,980

interesting let's see I do have a

642

00:30:50,000 --> 00:30:46,730

question on the message board here and

643

00:30:52,130 --> 00:30:50,010

Olli how you doing he wants to know if

644

00:30:57,350 --> 00:30:52,140

you can recount the strangest incident

645

00:31:00,200 --> 00:30:57,360

that you've ever had um

646

00:31:02,299 --> 00:31:00,210

I had come over to the house one day and

647

00:31:04,580 --> 00:31:02,309

some of my locals were over at the shop

648

00:31:06,230 --> 00:31:04,590

and they were watching the firm in it so

649

00:31:08,090 --> 00:31:06,240

I could come do something over here and

650

00:31:11,210 --> 00:31:08,100

I went back over and the gal comes

651
00:31:12,799 --> 00:31:11,220
running out and she says you've got to

652
00:31:14,660 --> 00:31:12,809
get in here quick and I said what's the

653
00:31:16,400 --> 00:31:14,670
matter and she said well there's these

654
00:31:23,120 --> 00:31:16,410
people in here and they're saying that

655
00:31:26,750 --> 00:31:23,130
they're part aliens and I said well so I

656
00:31:28,250 --> 00:31:26,760
went in and by golly they very well

657
00:31:33,169 --> 00:31:28,260
could have been they were from Canada

658
00:31:36,770 --> 00:31:33,179
there were three of them and and there

659
00:31:40,669 --> 00:31:36,780
was one that was super super tall like

660
00:31:43,039 --> 00:31:40,679
skin blond hair and then another whole

661
00:31:46,010 --> 00:31:43,049
one so it's all blonds

662
00:31:49,100 --> 00:31:46,020
and then yeah but and they call them

663
00:31:51,560 --> 00:31:49,110

Nordy because I think yes right anyway

664

00:31:58,190 --> 00:31:51,570

and then the other two were quite a bit

665

00:32:00,830 --> 00:31:58,200

shorter and nice nice folks you know but

666

00:32:02,000 --> 00:32:00,840

they had come to see what a what was

667

00:32:05,539 --> 00:32:02,010

going on here

668

00:32:08,840 --> 00:32:05,549

and is it ended up jeez I think I spent

669

00:32:11,870 --> 00:32:08,850

like three hours with them and it was

670

00:32:14,419 --> 00:32:11,880

nothing you know nothing that was to be

671

00:32:17,210 --> 00:32:14,429

afraid of I mean did they actually tell

672

00:32:19,159 --> 00:32:17,220

you that they were aliens yeah they did

673

00:32:20,690 --> 00:32:19,169

and and I've had others Jim that have

674

00:32:25,190 --> 00:32:20,700

said the thing I think so far it had

675

00:32:26,360 --> 00:32:25,200

about 11 or 12 and that is that they

676

00:32:29,780 --> 00:32:26,370

were part alien

677

00:32:32,690 --> 00:32:29,790

well that's that's really something

678

00:32:37,700 --> 00:32:32,700

now has anyone ever talked about

679

00:32:42,560 --> 00:32:37,710

abductions in that area I get lots of

680

00:32:45,080 --> 00:32:42,570

abduction stories and in fact I've had a

681

00:32:47,110 --> 00:32:45,090

couple of the campers who said that they

682

00:32:49,880 --> 00:32:47,120

thought that they had had an experience

683

00:32:53,240 --> 00:32:49,890

over here oh you actually have a camp

684

00:32:56,270 --> 00:32:53,250

ground right there yeah Wow Wow

685

00:33:01,810 --> 00:32:56,280

let's see how far this is from Andy how

686

00:33:06,530 --> 00:33:04,430

yeah yeah you're in Colorado that is

687

00:33:08,299 --> 00:33:06,540

quite a ways and the person who asked is

688

00:33:11,270 --> 00:33:08,309

over in the UK so I can understand the

689

00:33:13,940 --> 00:33:11,280

question now has anyone ever spoke

690

00:33:16,250 --> 00:33:13,950

did any black the big black triangles

691

00:33:19,070 --> 00:33:16,260

they always talked about yeah it was a

692

00:33:20,780 --> 00:33:19,080

year ago last December and I got a phone

693

00:33:24,080 --> 00:33:20,790

call on this guy

694

00:33:26,360 --> 00:33:24,090

he says Judy have you been watching that

695

00:33:29,420 --> 00:33:26,370

triangle up by the moon he says it's

696

00:33:31,010 --> 00:33:29,430

been there like three nights he said you

697

00:33:34,160 --> 00:33:31,020

need to get out your binoculars and go

698

00:33:36,650 --> 00:33:34,170

look so after it got dark I went out

699

00:33:40,070 --> 00:33:36,660

didn't need binoculars I mean it was so

700

00:33:41,810 --> 00:33:40,080

big really yeah it was just huge and you

701
00:33:43,700 --> 00:33:41,820
can see it with the naked eye and it was

702
00:33:46,280 --> 00:33:43,710
there another couple nights and then it

703
00:33:49,250 --> 00:33:46,290
just vanished Wow isn't that something

704
00:33:50,930 --> 00:33:49,260
yes we we actually have a amateur

705
00:33:53,330 --> 00:33:50,940
astronomer who helps us out and he's

706
00:33:55,430 --> 00:33:53,340
talked earlier you probably heard him

707
00:33:57,590 --> 00:33:55,440
and he's on our chat room right now and

708
00:34:00,710 --> 00:33:57,600
he he was out with his telescope and

709
00:34:07,670 --> 00:34:00,720
spotted a big triangle and that kind of

710
00:34:09,470 --> 00:34:07,680
changed everything for him now you

711
00:34:10,970 --> 00:34:09,480
mentioned earlier that a lot of times it

712
00:34:13,040 --> 00:34:10,980
gets twenty below there in the winter

713
00:34:16,220 --> 00:34:13,050

land it's been out here in New England

714

00:34:17,930 --> 00:34:16,230

it's been a terrible winter but do the

715

00:34:23,690 --> 00:34:17,940

but I always think of the winter months

716

00:34:25,820 --> 00:34:23,700

as being crystal clear skies yeah so do

717

00:34:28,370 --> 00:34:25,830

you still go out yourself and check

718

00:34:29,570 --> 00:34:28,380

things on when it's not too cold I try

719

00:34:33,649 --> 00:34:29,580

to yeah

720

00:34:37,520 --> 00:34:33,659

but I'm at a point in my life I'm older

721

00:34:40,070 --> 00:34:37,530

now and I get cold yeah and we had a

722

00:34:44,120 --> 00:34:40,080

group 26 sightings I mean you know

723

00:34:48,409 --> 00:34:44,130

that's enough you know you can salmon

724

00:34:50,899 --> 00:34:48,419

salmon but each time you see a sighting

725

00:34:53,240 --> 00:34:50,909

even after as many as I've gotten to see

726

00:34:56,510 --> 00:34:53,250

it's still exciting

727

00:34:58,880 --> 00:34:56,520

oh no I'm absolutely sure now because

728

00:35:02,330 --> 00:34:58,890

the whole valley is so active are there

729

00:35:04,730 --> 00:35:02,340

any other active hot spots in the valley

730

00:35:07,430 --> 00:35:04,740

or is it mostly what you can see right

731

00:35:07,790 --> 00:35:07,440

out your door no it's all over the

732

00:35:11,960 --> 00:35:07,800

valley

733

00:35:14,150 --> 00:35:11,970

I see mm-hmm when I depend upon the

734

00:35:17,360 --> 00:35:14,160

locals to call me if they'd seen

735

00:35:19,340 --> 00:35:17,370

something you know and and a lot of them

736

00:35:21,830 --> 00:35:19,350

do they'll call and say you just won't

737

00:35:24,440 --> 00:35:21,840

believe what I saw tonight or there's

738

00:35:25,000 --> 00:35:24,450

been a lot of daytime sightings - there

739

00:35:28,330 --> 00:35:25,010

has

740

00:35:30,640 --> 00:35:28,340

mm-hmm and during the day are they

741

00:35:33,280 --> 00:35:30,650

actually seeing objects because I know

742

00:35:36,280 --> 00:35:33,290

you mentioned lights mostly yeah yeah

743

00:35:39,850 --> 00:35:36,290

they're seeing objects and and I had a

744

00:35:42,310 --> 00:35:39,860

fella he came down nicest guy anyway he

745

00:35:44,110 --> 00:35:42,320

was going through the valley and he's he

746

00:35:46,540 --> 00:35:44,120

spent the night here and he spent the

747

00:35:49,300 --> 00:35:46,550

night down at the other end and but he

748

00:35:54,340 --> 00:35:49,310

it was February 10th so that was just a

749

00:35:59,740 --> 00:35:54,350

couple weeks ago and he was driving all

750

00:36:02,260 --> 00:35:59,750

the 28 miles towards the tower and he

751
00:36:04,510 --> 00:36:02,270
saw something it was about 6 o'clock and

752
00:36:06,280 --> 00:36:04,520
he saw these lights he was talking on

753
00:36:09,190 --> 00:36:06,290
his phone he saw these lighting start

754
00:36:12,130 --> 00:36:09,200
snapping pictures and so we have some of

755
00:36:15,520 --> 00:36:12,140
his pictures that he had taken and it's

756
00:36:17,890 --> 00:36:15,530
pretty pretty amazing no besides the

757
00:36:20,190 --> 00:36:17,900
pictures in your little shop there do

758
00:36:22,570 --> 00:36:20,200
you sell little trinkets and gifts to

759
00:36:24,910 --> 00:36:22,580
memorabilia for people that stopped in

760
00:36:30,250 --> 00:36:24,920
there yeah you know we got to pay the

761
00:36:32,950 --> 00:36:30,260
taxes somehow so I charge a little

762
00:36:37,060 --> 00:36:32,960
admission fee and I and sell little

763
00:36:40,060 --> 00:36:37,070

trinkets just to pay my taxes I see I

764

00:36:42,610 --> 00:36:40,070

see now what is it can you recall

765

00:36:45,310 --> 00:36:42,620

someone that just have this happens in

766

00:36:47,440 --> 00:36:45,320

any type of location where someone will

767

00:36:49,150 --> 00:36:47,450

come and they just won't go away do you

768

00:36:53,970 --> 00:36:49,160

ever have that happen where people are

769

00:36:59,020 --> 00:36:57,070

dealing with it that didn't we have some

770

00:37:05,590 --> 00:36:59,030

that come back year after year and it's

771

00:37:08,230 --> 00:37:05,600

the same thing you know someone on the

772

00:37:11,530 --> 00:37:08,240

message board wonders if you would ever

773

00:37:13,300 --> 00:37:11,540

entertain doing a podcast group at your

774

00:37:17,320 --> 00:37:13,310

place or have you ever done anything

775

00:37:19,810 --> 00:37:17,330

like that no and and I'd love to do it

776

00:37:22,900 --> 00:37:19,820

you know I think that would be fun yeah

777

00:37:25,540 --> 00:37:22,910

but we have a conference every year and

778

00:37:31,810 --> 00:37:25,550

this year will be the 26th and 27th of

779

00:37:33,460 --> 00:37:31,820

July that's the closest we get you know

780

00:37:37,210 --> 00:37:33,470

I'm surprised that no one has actually

781

00:37:38,530 --> 00:37:37,220

ever come out there and just you know

782

00:37:40,150 --> 00:37:38,540

made it

783

00:37:42,280 --> 00:37:40,160

situation where they were just going to

784

00:37:44,080 --> 00:37:42,290

film and film and film and done some

785

00:37:46,810 --> 00:37:44,090

type of documentary I know there was one

786

00:37:48,370 --> 00:37:46,820

on the valley itself but I mean right

787

00:37:51,670 --> 00:37:48,380

there at your spot I mean if there's

788

00:37:53,760 --> 00:37:51,680

been that many sightings and what I

789

00:37:56,140 --> 00:37:53,770

consider a rather short period of time

790

00:37:58,120 --> 00:37:56,150

you know someone's not out there all the

791

00:38:01,000 --> 00:37:58,130

time and if they could just have you

792

00:38:05,020 --> 00:38:01,010

know some like for instance and Europe

793

00:38:06,490 --> 00:38:05,030

there's a motion-activated I'm trying to

794

00:38:10,420 --> 00:38:06,500

remember the name of the town as US and

795

00:38:13,210 --> 00:38:10,430

where it is a motion-activated science

796

00:38:15,640 --> 00:38:13,220

type camera that just takes film

797

00:38:17,740 --> 00:38:15,650

constantly I'm just surprised no one's

798

00:38:20,530 --> 00:38:17,750

uh has anyone ever approached you for an

799

00:38:23,170 --> 00:38:20,540

idea like that well folks have asked me

800

00:38:25,150 --> 00:38:23,180

to put up like a camera hooked up to the

801
00:38:29,200 --> 00:38:25,160
computer and have it going 24 hours a

802
00:38:30,460 --> 00:38:29,210
day enough but I don't know what good

803
00:38:32,140 --> 00:38:30,470
that would do here from the house

804
00:38:36,430 --> 00:38:32,150
because we don't have electricity over

805
00:38:38,590 --> 00:38:36,440
it took hours so and there was a reason

806
00:38:41,040 --> 00:38:38,600
for that why go to all that expense when

807
00:38:45,310 --> 00:38:41,050
you don't want lights anyway you know oh

808
00:38:47,050 --> 00:38:45,320
that's true yeah so I just never did put

809
00:38:49,660 --> 00:38:47,060
electricity over I did buy some trail

810
00:38:51,520 --> 00:38:49,670
cams this year but now it's a matter of

811
00:38:53,980 --> 00:38:51,530
where I can mount them so nobody will

812
00:38:57,370 --> 00:38:53,990
mess with them you know and I imagine

813
00:39:00,400 --> 00:38:57,380

your your tower had to be really secure

814

00:39:03,790 --> 00:39:00,410

in safety in mind too because I know how

815

00:39:05,860 --> 00:39:03,800

these insurance companies are so do you

816

00:39:10,860 --> 00:39:05,870

have to upkeep it or is it just it's

817

00:39:18,040 --> 00:39:10,870

metal isn't it yeah made out of pipe and

818

00:39:21,220 --> 00:39:18,050

expanded metal like a batting cage yeah

819

00:39:24,550 --> 00:39:21,230

and you mentioned earlier in the show

820

00:39:27,790 --> 00:39:24,560

that there was several photos of UFO

821

00:39:29,440 --> 00:39:27,800

sightings is would you guess how many

822

00:39:33,550 --> 00:39:29,450

that you have in there that people can

823

00:39:35,940 --> 00:39:33,560

look at oh wow probably close to about a

824

00:39:37,960 --> 00:39:35,950

hundred I guess not all of them are from

825

00:39:40,570 --> 00:39:37,970

from the valley I mean there's some

826

00:39:42,190 --> 00:39:40,580

other places as well oh I see and now

827

00:39:45,280 --> 00:39:42,200

these frame things are just you know

828

00:39:48,460 --> 00:39:45,290

just like photographs and also can

829

00:39:51,310 --> 00:39:48,470

people buy any of those copies or is it

830

00:39:52,480 --> 00:39:51,320

just for display all of its just for

831

00:39:54,970 --> 00:39:52,490

display I have a

832

00:39:56,470 --> 00:39:54,980

a notebook where I got a lot of them in

833

00:39:58,600 --> 00:39:56,480

there and I will go through the notebook

834

00:40:02,230 --> 00:39:58,610

with people you know just bringing what

835

00:40:04,540 --> 00:40:02,240

it is that they're looking at but I've

836

00:40:08,350 --> 00:40:04,550

never thought of well I did one time I

837

00:40:11,280 --> 00:40:08,360

thought Jesus oughta sell right then it

838

00:40:17,740 --> 00:40:11,290

didn't so I didn't try to do it again

839

00:40:18,940 --> 00:40:17,750

know where your ranch is and the whole

840

00:40:21,609 --> 00:40:18,950

surrounding area

841

00:40:23,440 --> 00:40:21,619

I'm sure there's I just picture that

842

00:40:27,220 --> 00:40:23,450

there's a lot of old-timers that have

843

00:40:29,770 --> 00:40:27,230

been there forever was there talk like a

844

00:40:35,260 --> 00:40:29,780

history going way back there on

845

00:40:37,330 --> 00:40:35,270

sightings yeah I have a friend a friend

846

00:40:40,720 --> 00:40:37,340

who's a farmer but her grandfather used

847

00:40:43,060 --> 00:40:40,730

to tell her about the Train light is

848

00:40:46,060 --> 00:40:43,070

what he called it it came through music

849

00:40:50,140 --> 00:40:46,070

paths and he is to see it all the time

850

00:40:52,660 --> 00:40:50,150

back in the 40s and the thing with that

851

00:40:54,970 --> 00:40:52,670

is there's no roads up to music paths

852

00:40:58,030 --> 00:40:54,980

the only access is by horseback and

853

00:41:02,050 --> 00:40:58,040

there's no way somebody could carry a

854

00:41:05,410 --> 00:41:02,060

huge light you know not big we could see

855

00:41:07,870 --> 00:41:05,420

it from from where we are so yeah we've

856

00:41:11,200 --> 00:41:07,880

heard that I had a went up to the coffee

857

00:41:13,090 --> 00:41:11,210

shop one one day and one of the farmers

858

00:41:16,870 --> 00:41:13,100

was up there with his nephews and he

859

00:41:18,609 --> 00:41:16,880

said you know that lady is putting that

860

00:41:23,290 --> 00:41:18,619

thing up down the road and I said yeah

861

00:41:25,900 --> 00:41:23,300

and he said well I thought someone so

862

00:41:28,060 --> 00:41:25,910

never did tell the family about it but

863

00:41:30,640 --> 00:41:28,070

he described it as he was out changing

864

00:41:35,410 --> 00:41:30,650

irrigation 2 to 4 o'clock in the morning

865

00:41:38,609 --> 00:41:35,420

and the bright light appeared and all

866

00:41:41,530 --> 00:41:38,619

the irrigation water turned blood red

867

00:41:43,710 --> 00:41:41,540

and then yeah and then the light went

868

00:41:45,310 --> 00:41:43,720

away and everything was back to normal

869

00:41:48,940 --> 00:41:45,320

that's bizarre

870

00:41:50,560 --> 00:41:48,950

and then I've I've had farmers tell me

871

00:41:52,720 --> 00:41:50,570

how they're driving down one of the back

872

00:41:54,970 --> 00:41:52,730

roads and all of a sudden there was a

873

00:41:56,530 --> 00:41:54,980

saucer-shaped object next to him just

874

00:42:00,580 --> 00:41:56,540

keeping right up with them going down

875

00:42:03,820 --> 00:42:00,590

the road Wow and do you know of like the

876
00:42:07,510 --> 00:42:03,830
earliest known sighting in the sightings

877
00:42:12,340 --> 00:42:07,520
in the area I think it was the 7th

878
00:42:14,910 --> 00:42:12,350
the 17 was at the Spanish yes and that

879
00:42:17,170 --> 00:42:14,920
was they documented what they had seen

880
00:42:18,880 --> 00:42:17,180
but I don't have any more detail than

881
00:42:20,920 --> 00:42:18,890
that I don't know what it was that they

882
00:42:26,050 --> 00:42:20,930
said that they saw but from what I

883
00:42:30,160 --> 00:42:26,060
understand it was the 1700 now one thing

884
00:42:32,440 --> 00:42:30,170
I just thought of has her has there ever

885
00:42:34,270 --> 00:42:32,450
been any time when like when you had

886
00:42:37,420 --> 00:42:34,280
your cattle there were they were

887
00:42:41,950 --> 00:42:37,430
reacting or acting strange or anything

888
00:42:44,950 --> 00:42:41,960

like that no but we rented some land

889

00:42:48,180 --> 00:42:44,960

west of us to bring the cows down put on

890

00:42:51,520 --> 00:42:48,190

it before we've got our fences 'im and

891

00:42:54,100 --> 00:42:51,530

the farmer gave me a colony said well JD

892

00:42:56,380 --> 00:42:54,110

says hope your pens ready because I want

893

00:42:59,440 --> 00:42:56,390

to put my cows on there and this was in

894

00:43:02,380 --> 00:42:59,450

August and he said some you need to move

895

00:43:04,000 --> 00:43:02,390

them and I said oh okay so we got

896

00:43:05,920 --> 00:43:04,010

everything in order and we move the cows

897

00:43:10,810 --> 00:43:05,930

well in October they had a cattle

898

00:43:13,930 --> 00:43:10,820

mutilation really we just had that come

899

00:43:16,450 --> 00:43:13,940

up on the message board so whether other

900

00:43:18,610 --> 00:43:16,460

mutilations there as well they have

901
00:43:20,530 --> 00:43:18,620
estimated ten to fifteen thousand

902
00:43:25,030 --> 00:43:20,540
mutilations in this valley and northern

903
00:43:28,120 --> 00:43:25,040
New Mexico so they're still going on I

904
00:43:30,420 --> 00:43:28,130
mean it's nothing that has stopped do I

905
00:43:33,250 --> 00:43:30,430
think it's extraterrestrial no I don't

906
00:43:34,960 --> 00:43:33,260
so I said if it was you'd have heard a

907
00:43:37,780 --> 00:43:34,970
lot about them long before the

908
00:43:40,510 --> 00:43:37,790
civilization but I'm not an expert on it

909
00:43:45,430 --> 00:43:40,520
you know again I try to reason things

910
00:43:47,140 --> 00:43:45,440
out in my own mind right I I have to

911
00:43:49,690 --> 00:43:47,150
that that's something I would actually

912
00:43:52,300 --> 00:43:49,700
like to do a show on if I can at some

913
00:43:55,330 --> 00:43:52,310

point to talk to someone about the

914

00:43:58,570 --> 00:43:55,340

mutilations because you know there's

915

00:44:00,280 --> 00:43:58,580

there's all types of explanations that

916

00:44:02,820 --> 00:44:00,290

people think they can have but you know

917

00:44:05,890 --> 00:44:02,830

when it comes to some really bizarre

918

00:44:09,610 --> 00:44:05,900

ones where you know there's no tracks

919

00:44:11,800 --> 00:44:09,620

around there's no sign of any blood you

920

00:44:16,450 --> 00:44:11,810

know there's it just you know there's

921

00:44:20,140 --> 00:44:16,460

just another puzzle mm-hmm and the one I

922

00:44:22,300 --> 00:44:20,150

got to go see I think it was in 2004

923

00:44:25,720 --> 00:44:22,310

but anyway oh you actually saw it

924

00:44:27,310 --> 00:44:25,730

yourself yeah the rancher his wife

925

00:44:29,110 --> 00:44:27,320

called me and said we've had a

926
00:44:33,490 --> 00:44:29,120
mutilation did you want to convey and I

927
00:44:37,030 --> 00:44:33,500
said yeah I go but the rancher said that

928
00:44:38,770 --> 00:44:37,040
the day before they found the cow that

929
00:44:41,590 --> 00:44:38,780
there was all kinds of military aircraft

930
00:44:43,900 --> 00:44:41,600
flying around the ranch well and then

931
00:44:45,220 --> 00:44:43,910
the next morning they found this noodley

932
00:44:50,080 --> 00:44:45,230
account and it was really strange

933
00:44:53,890 --> 00:44:50,090
because she had a baby and that baby

934
00:44:57,040 --> 00:44:53,900
would not go near her and see that's

935
00:44:59,380 --> 00:44:57,050
unusual I mean whether a mom is dead or

936
00:45:02,440 --> 00:44:59,390
alive the cap always stays right with

937
00:45:05,740 --> 00:45:02,450
mama and that baby would not go near her

938
00:45:09,310 --> 00:45:05,750

and so while we were there about 20 cows

939

00:45:11,170 --> 00:45:09,320

made a big circle around her and one by

940

00:45:13,000 --> 00:45:11,180

one they would step forward and jump

941

00:45:15,340 --> 00:45:13,010

back step forward and jump back it was

942

00:45:20,280 --> 00:45:15,350

just bizarre their behavior was crazy

943

00:45:22,920 --> 00:45:20,290

but but anyway yeah I got to see one no

944

00:45:31,360 --> 00:45:22,930

so you said you didn't think they were

945

00:45:32,710 --> 00:45:31,370

extraterrestrial what what do you thing

946

00:45:34,780 --> 00:45:32,720

and I'm probably going to get in trouble

947

00:45:36,850 --> 00:45:34,790

for saying that you could say anything

948

00:45:39,700 --> 00:45:36,860

you want and there was a question that

949

00:45:43,240 --> 00:45:39,710

just came came up on the board was has

950

00:45:46,300 --> 00:45:43,250

there been any government are you aware

951
00:45:48,850 --> 00:45:46,310
of in the area or military and you're

952
00:45:50,380 --> 00:45:48,860
kind of answering that just go ahead and

953
00:45:53,530 --> 00:45:50,390
if you would explain why you think that

954
00:45:56,800 --> 00:45:53,540
besides up you said there were military

955
00:45:58,150 --> 00:45:56,810
craft or helicopters or something is

956
00:46:01,480 --> 00:45:58,160
there other reasons you think that

957
00:46:04,750 --> 00:46:01,490
military involved in that yeah I had a

958
00:46:07,060 --> 00:46:04,760
woman call me and she said I just wanted

959
00:46:09,660 --> 00:46:07,070
you to know that I just saw one a

960
00:46:13,180 --> 00:46:09,670
military aircraft drop immune elated cow

961
00:46:16,690 --> 00:46:13,190
and see I had been thinking this all

962
00:46:19,510 --> 00:46:16,700
along and and then she called me and

963
00:46:21,880 --> 00:46:19,520

verified it no I why would the military

964

00:46:24,630 --> 00:46:21,890

do that that's the question that comes

965

00:46:27,570 --> 00:46:24,640

to mind for me like what purpose would

966

00:46:30,970 --> 00:46:27,580

the military have for mutilating a cow

967

00:46:33,520 --> 00:46:30,980

well I think that they are doing spot

968

00:46:35,530 --> 00:46:33,530

checks for radiation there

969

00:46:37,510 --> 00:46:35,540

season one that I got to go see she was

970

00:46:39,340 --> 00:46:37,520

near an old radioactive waste dump

971

00:46:41,130 --> 00:46:39,350

you have to look at the parts of an

972

00:46:43,750 --> 00:46:41,140

animal that would hold the radiation

973

00:46:48,100 --> 00:46:43,760

those are the parts that we're missing

974

00:46:51,310 --> 00:46:48,110

on her and it was like the skin was all

975

00:46:53,800 --> 00:46:51,320

burned along the side of her face the

976

00:46:55,330 --> 00:46:53,810

pituitary gland the thyroid gland the

977

00:46:58,900 --> 00:46:55,340

tongue and part of the brain were gone

978

00:47:01,480 --> 00:46:58,910

well when an animal is grazing what

979

00:47:07,840 --> 00:47:01,490

parts of that body would hold radiation

980

00:47:10,090 --> 00:47:07,850

or radioactive material so in any way I

981

00:47:16,690 --> 00:47:10,100

said to get a lot of time to think out

982

00:47:19,240 --> 00:47:16,700

here in the boonies you know well you

983

00:47:21,850 --> 00:47:19,250

know it that kind of just reminds me of

984

00:47:26,710 --> 00:47:21,860

one thing I heard about well when I read

985

00:47:29,560 --> 00:47:26,720

the book of the skinwalker ranch and how

986

00:47:31,990 --> 00:47:29,570

this cow was just dropped headfirst into

987

00:47:34,390 --> 00:47:32,000

a hole and they have no and was

988

00:47:36,040 --> 00:47:34,400

mutilated and they had no idea it was

989

00:47:38,980 --> 00:47:36,050

like it was picked up by something and

990

00:47:41,200 --> 00:47:38,990

dropped into a hole so when you said

991

00:47:43,210 --> 00:47:41,210

that this helicopter picked it up and

992

00:47:45,790 --> 00:47:43,220

dropped it why would they pick it up and

993

00:47:49,180 --> 00:47:45,800

drop it I mean well I think they picked

994

00:47:51,370 --> 00:47:49,190

it up did their testing and then put it

995

00:47:54,190 --> 00:47:51,380

back close to where they had gotten it

996

00:47:56,350 --> 00:47:54,200

from and see a lot of times all four

997

00:48:01,210 --> 00:47:56,360

legs on the animal or broke so how are

998

00:48:03,700 --> 00:48:01,220

the legs get broke I see and let's say

999

00:48:05,650 --> 00:48:03,710

there's a question on the board and it

1000

00:48:08,020 --> 00:48:05,660

says don't you think the military would

1001

00:48:10,180 --> 00:48:08,030

just raise their own cows to check out

1002

00:48:12,760 --> 00:48:10,190

but you're talking about these cows are

1003

00:48:15,250 --> 00:48:12,770

out in areas where they're possibly had

1004

00:48:21,070 --> 00:48:15,260

testing or something at one time yeah

1005

00:48:23,050 --> 00:48:21,080

and after owning animals myself if

1006

00:48:24,910 --> 00:48:23,060

somebody wanted one of the animals and

1007

00:48:27,580 --> 00:48:24,920

this is something that is people are

1008

00:48:31,540 --> 00:48:27,590

thrown at me is well the military or the

1009

00:48:34,870 --> 00:48:31,550

government isn't going to want anybody

1010

00:48:38,350 --> 00:48:34,880

to know what they're doing so that's why

1011

00:48:40,690 --> 00:48:38,360

they won't go by the animal and I say

1012

00:48:46,390 --> 00:48:40,700

that's taking a food out of that farmers

1013

00:48:49,870 --> 00:48:48,069

if somebody would have walked up to my

1014

00:48:50,410 --> 00:48:49,880

front door and said here's a thousand

1015

00:48:52,870 --> 00:48:50,420

bucks

1016

00:48:55,749 --> 00:48:52,880

I want that towel and I'd say let me

1017

00:48:57,160 --> 00:48:55,759

help you load it you know I wouldn't I

1018

00:49:01,920 --> 00:48:57,170

wouldn't have questioned who they were

1019

00:49:05,679 --> 00:49:01,930

anything else so yeah I don't get it but

1020

00:49:08,140 --> 00:49:05,689

I've had other talk show hosts say to me

1021

00:49:09,939 --> 00:49:08,150

Lauren don't you think the government

1022

00:49:13,150 --> 00:49:09,949

doesn't want the American public to

1023

00:49:17,259 --> 00:49:13,160

panic well you know I'm gonna panic not

1024

00:49:20,759 --> 00:49:17,269

knowing hmm I I don't I don't see why

1025

00:49:23,380 --> 00:49:20,769

there would be any any idea like that

1026

00:49:26,380 --> 00:49:23,390

has any of it this is another question

1027

00:49:30,219 --> 00:49:26,390

on the board has any of your cattle ever

1028

00:49:33,339 --> 00:49:30,229

gone missing when you had them no nope

1029

00:49:34,929 --> 00:49:33,349

so this was all post your when your

1030

00:49:40,809 --> 00:49:34,939

cattle were gone and you had your tower

1031

00:49:44,499 --> 00:49:40,819

up yeah and well yeah pretty much

1032

00:49:46,209 --> 00:49:44,509

though the see we have all of our

1033

00:49:49,479 --> 00:49:46,219

animals we had them all right here in

1034

00:49:50,979 --> 00:49:49,489

front of the house so I think that makes

1035

00:49:54,699 --> 00:49:50,989

a difference when you have them closer

1036

00:49:56,799 --> 00:49:54,709

to home yeah I guess it would be a

1037

00:49:58,569 --> 00:49:56,809

little more difficult for you know

1038

00:50:01,359 --> 00:49:58,579

someone to come in there but another

1039

00:50:04,299 --> 00:50:01,369

thing that kind of gets me if these say

1040

00:50:06,549 --> 00:50:04,309

your thoughts about the military if they

1041

00:50:08,109 --> 00:50:06,559

would come in in a helicopter I would

1042

00:50:10,419 --> 00:50:08,119

think that it would just cause so much

1043

00:50:12,599 --> 00:50:10,429

of a ruckus that I mean is it that

1044

00:50:18,939 --> 00:50:12,609

remote that they can actually do that

1045

00:50:21,689 --> 00:50:18,949

yeah and maybe it's not a helicopter

1046

00:50:25,390 --> 00:50:21,699

maybe it's another kind of aircraft but

1047

00:50:28,479 --> 00:50:25,400

but you know that the black helicopters

1048

00:50:31,390 --> 00:50:28,489

fly over here in pairs periodically

1049

00:50:36,599 --> 00:50:31,400

they'll fly over my towers circle around

1050

00:50:40,719 --> 00:50:36,609

and fly back they are not that loud and

1051

00:50:43,390 --> 00:50:40,729

here a couple years ago I had two f-16s

1052

00:50:45,699 --> 00:50:43,400

flew over and that surprised me because

1053

00:50:48,039 --> 00:50:45,709

you would think it would just blow your

1054

00:50:49,569 --> 00:50:48,049

eardrums you know but they were so low

1055

00:50:52,509 --> 00:50:49,579

as somebody bent up on that tower they

1056

00:50:54,249 --> 00:50:52,519

could it touched them Wow we had someone

1057

00:50:57,489 --> 00:50:54,259

on the message board that actually made

1058

00:50:58,539 --> 00:50:57,499

a pretty good point and that is you

1059

00:51:00,520 --> 00:50:58,549

would think that they would just take

1060

00:51:03,920 --> 00:51:00,530

the cow away and not bring it back

1061

00:51:05,420 --> 00:51:03,930

yeah you would think so

1062

00:51:06,890 --> 00:51:05,430

why would you think they would bring it

1063

00:51:09,650 --> 00:51:06,900

back you know me and that is a good

1064

00:51:13,970 --> 00:51:09,660

question I don't know maybe they would

1065

00:51:16,250 --> 00:51:13,980

have a place to dispose of it well yeah

1066

00:51:18,860 --> 00:51:16,260

but also to me it would just seem like

1067

00:51:23,570 --> 00:51:18,870

it would just cause more questions or

1068

00:51:26,410 --> 00:51:23,580

they would it's possible and you know

1069

00:51:29,570 --> 00:51:26,420

maybe they can just you know the average

1070

00:51:31,640 --> 00:51:29,580

comment two Academy relations as you

1071

00:51:33,320 --> 00:51:31,650

know predators and maybe that's what

1072

00:51:36,800 --> 00:51:33,330

they're just hoping that people just

1073

00:51:39,620 --> 00:51:36,810

think yeah I had a fella come into this

1074

00:51:42,290 --> 00:51:39,630

shop he was he was one of the local

1075

00:51:46,100 --> 00:51:42,300

cowboys and they looked at my mutilation

1076

00:51:47,870 --> 00:51:46,110

picture and he said magpie did that and

1077

00:51:51,980 --> 00:51:47,880

I thought all good now they have

1078

00:51:53,630 --> 00:51:51,990

scissors for being yeah this bag pie I

1079

00:51:56,900 --> 00:51:53,640

remember them out there there they are

1080

00:52:01,130 --> 00:51:56,910

pretty vicious birds yeah but you know

1081

00:52:04,880 --> 00:52:01,140

when when the skin is not torn you know

1082

00:52:06,170 --> 00:52:04,890

and anytime a bird has to get some get

1083

00:52:08,270 --> 00:52:06,180

the skin off or whatever

1084

00:52:12,680 --> 00:52:08,280

I mean don't start tugging at it it's

1085

00:52:16,010 --> 00:52:12,690

going to tear and the skin was not torn

1086

00:52:17,930 --> 00:52:16,020

on this cow it was like somebody used a

1087

00:52:21,320 --> 00:52:17,940

laser or something and just burned the

1088

00:52:23,480 --> 00:52:21,330

whole thing around okay now I know I'm

1089

00:52:27,410 --> 00:52:23,490

getting way off topic here but when you

1090

00:52:29,570 --> 00:52:27,420

first move there and did you you brought

1091

00:52:32,960 --> 00:52:29,580

all the cattle with you or you bought

1092

00:52:35,240 --> 00:52:32,970

cattle what was your intentions the

1093

00:52:39,650 --> 00:52:35,250

intention was to raise Highland cattle

1094

00:52:43,430 --> 00:52:39,660

and so Stan and I started a little herd

1095

00:52:44,900 --> 00:52:43,440

when I lived in golden and then we kept

1096

00:52:48,020 --> 00:52:44,910

buying more and more and more and these

1097

00:52:50,930 --> 00:52:48,030

they kept reproducing so by the time I

1098

00:52:52,490 --> 00:52:50,940

sold them there was we had about 70 head

1099

00:52:57,110 --> 00:52:52,500

oh I see

1100

00:52:59,030 --> 00:52:57,120

uh-huh yeah okay well we got about five

1101
00:53:00,770 --> 00:52:59,040
minutes left or something like that I'm

1102
00:53:03,170 --> 00:53:00,780
going to take a look at the message

1103
00:53:07,400 --> 00:53:03,180
board and see if we have any questions

1104
00:53:09,530 --> 00:53:07,410
and I would like for you to tell the

1105
00:53:11,960 --> 00:53:09,540
listeners basically how they can find

1106
00:53:13,580 --> 00:53:11,970
you and if they're on a trip across

1107
00:53:15,710 --> 00:53:13,590
country

1108
00:53:18,980 --> 00:53:15,720
just just go ahead and explain first of

1109
00:53:23,240 --> 00:53:18,990
all your website is it's UFO Watchtower

1110
00:53:25,720 --> 00:53:23,250
calm and we're located in the San Luis

1111
00:53:28,940 --> 00:53:25,730
Valley which is southwestern Colorado

1112
00:53:34,510 --> 00:53:28,950
we're 22 and a half miles north of

1113
00:53:38,660 --> 00:53:34,520

Alamosa we're 200 miles south of Denver

1114

00:53:46,070 --> 00:53:38,670

that helps many yep and we're located

1115

00:53:50,690 --> 00:53:46,080

right on highway 17 and you get on 17

1116

00:53:53,960 --> 00:53:50,700

through 160 there now a mosa not

1117

00:53:55,580 --> 00:53:53,970

difficult to find and if you're like I

1118

00:53:58,460 --> 00:53:55,590

mentioned earlier when I was coming up

1119

00:54:01,550 --> 00:53:58,470

from the Taos area in New Mexico is

1120

00:54:04,400 --> 00:54:01,560

there a route that actually goes toward

1121

00:54:05,690 --> 00:54:04,410

your place from there yeah if you get

1122

00:54:09,560 --> 00:54:05,700

over to 285

1123

00:54:13,400 --> 00:54:09,570

they'll take 285 north to 160 go east on

1124

00:54:17,060 --> 00:54:13,410

162 highway 17 I see uh-huh

1125

00:54:18,560 --> 00:54:17,070

and another question on the board Eric

1126
00:54:20,510 --> 00:54:18,570
wants to know do people actually come

1127
00:54:24,170 --> 00:54:20,520
there with their own telescopes - oh

1128
00:54:26,420 --> 00:54:24,180
yeah and what we'll have groups would

1129
00:54:28,670 --> 00:54:26,430
like to do the night watching and

1130
00:54:30,920 --> 00:54:28,680
they'll come with their telescope just

1131
00:54:33,800 --> 00:54:30,930
sit out there and see what they could

1132
00:54:36,800 --> 00:54:33,810
see oh that's great and do you ever have

1133
00:54:40,370 --> 00:54:36,810
any like astronomy people come there or

1134
00:54:42,470 --> 00:54:40,380
or just people curious about UFOs no

1135
00:54:44,440 --> 00:54:42,480
we've had the astronomy people come I

1136
00:54:47,030 --> 00:54:44,450
had a professor who taught astronomy

1137
00:54:51,850 --> 00:54:47,040
from back east used to come here all the

1138
00:54:55,400 --> 00:54:51,860

time but I think he retired but anyway

1139

00:54:57,920 --> 00:54:55,410

no in your with your knowledge does

1140

00:55:01,160 --> 00:54:57,930

anyone ever pointed a laser out at one

1141

00:55:02,750 --> 00:55:01,170

of these lights in the sky yeah we're

1142

00:55:05,930 --> 00:55:02,760

talking about Steven Greer's group

1143

00:55:08,960 --> 00:55:05,940

mm-hmm okay we had a group of them come

1144

00:55:14,420 --> 00:55:08,970

one night and they brought the high

1145

00:55:16,370 --> 00:55:14,430

powered flashlights so anyway according

1146

00:55:17,510 --> 00:55:16,380

to Steven Greer you can communicate with

1147

00:55:20,440 --> 00:55:17,520

a flashlight

1148

00:55:23,720 --> 00:55:20,450

now whoever did you watch him in action

1149

00:55:26,390 --> 00:55:23,730

Steven no I watched his students his

1150

00:55:27,320 --> 00:55:26,400

students okay yeah but they they saw a

1151

00:55:29,900 --> 00:55:27,330

light off to the

1152

00:55:32,300 --> 00:55:29,910

they ply shedded twice these are

1153

00:55:32,660 --> 00:55:32,310

ambassadors to the universe am I saying

1154

00:55:35,960 --> 00:55:32,670

that right

1155

00:55:38,090 --> 00:55:35,970

I don't know I think I think they call

1156

00:55:39,290 --> 00:55:38,100

them that ambassadors to the universe I

1157

00:55:42,160 --> 00:55:39,300

think you get a certificate and

1158

00:55:47,780 --> 00:55:44,690

anyway they fly said it twice to slice

1159

00:55:50,480 --> 00:55:47,790

back twice then it moved they find that

1160

00:55:54,980 --> 00:55:50,490

it twice it slides back twice it moved

1161

00:55:56,780 --> 00:55:54,990

again in the same scenario so yeah and

1162

00:55:58,570 --> 00:55:56,790

that was with those funnels no you

1163

00:56:01,700 --> 00:55:58,580

empower lights or whatever they aren't

1164

00:56:03,800 --> 00:56:01,710

now have you ever had any like men and

1165

00:56:05,750 --> 00:56:03,810

black or government people actually come

1166

00:56:08,360 --> 00:56:05,760

there and ask you specific questions of

1167

00:56:11,780 --> 00:56:08,370

any kind I don't think they would tell

1168

00:56:13,550 --> 00:56:11,790

me who they were yeah but I did find out

1169

00:56:16,430 --> 00:56:13,560

in the garden I tell folks to leave

1170

00:56:18,740 --> 00:56:16,440

stuff in the garden okay and I found out

1171

00:56:21,560 --> 00:56:18,750

in the garden a business card from a guy

1172

00:56:23,810 --> 00:56:21,570

who was in the FBI he actually left his

1173

00:56:25,280 --> 00:56:23,820

business card yeah I even put a phone

1174

00:56:30,610 --> 00:56:25,290

number on it and everybody's saying Judy

1175

00:56:36,110 --> 00:56:34,070

that's great that's great so I bet you

1176
00:56:40,310 --> 00:56:36,120
you know going back you can I you can

1177
00:56:41,600 --> 00:56:40,320
have thoughts of some real comical

1178
00:56:44,060 --> 00:56:41,610
people that have been there some

1179
00:56:46,100 --> 00:56:44,070
interesting people so overall this has

1180
00:56:49,550 --> 00:56:46,110
been a really big treat for you to do

1181
00:56:51,170 --> 00:56:49,560
this oh yeah down in the winter I just

1182
00:56:51,680 --> 00:56:51,180
can't hardly wait for summer to get here

1183
00:56:54,440 --> 00:56:51,690
at Danica's

1184
00:56:57,950 --> 00:56:54,450
I enjoy all the people yeah and there is

1185
00:57:00,830 --> 00:56:57,960
a link on my website to see an interview

1186
00:57:04,190 --> 00:57:00,840
that was done through vice did you see

1187
00:57:08,840 --> 00:57:04,200
the link on there no I'm sorry I didn't

1188
00:57:11,390 --> 00:57:08,850

I missed that but yeah well it's it's on

1189

00:57:13,910 --> 00:57:11,400

the website just click on it says the

1190

00:57:14,930 --> 00:57:13,920

vide interview but they get a really

1191

00:57:17,990 --> 00:57:14,940

really good job

1192

00:57:21,320 --> 00:57:18,000

oh it's just a video interview it's on
