

1
00:00:03,169 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,179
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:07,309 --> 00:00:05,370
everything that occurred in the

5
00:00:09,680 --> 00:00:07,319
Rendlesham forest incident that doesn't

6
00:00:12,499 --> 00:00:09,690
involve aliens at all it was completely

7
00:00:16,039 --> 00:00:12,509
silent it comes right over our heads

8
00:00:17,630 --> 00:00:16,049
it's someone toxic flying saucer really

9
00:00:19,400 --> 00:00:17,640
standing in the clearing he turned over

10
00:00:20,779 --> 00:00:19,410
to my father and held his hand and he

11
00:00:24,670 --> 00:00:20,789
looked in his eyes they said we're not

12
00:00:30,830 --> 00:00:28,429
welcome to podcast UFO for our live show

13
00:00:33,020 --> 00:00:30,840

we're live every Wednesday at 8 p.m.

14

00:00:35,569 --> 00:00:33,030
Eastern Standard Time on the dark matter

15

00:00:39,260 --> 00:00:35,579
radio network please remember to visit

16

00:00:42,440 --> 00:00:39,270
the website podcast UFO calm for past

17

00:00:44,420 --> 00:00:42,450
episodes blogs and forums during the

18

00:00:46,910 --> 00:00:44,430
show feel free to participate live in

19

00:00:49,040 --> 00:00:46,920
our chat room and don't forget to Like

20

00:00:51,920 --> 00:00:49,050
us on our very active Facebook page

21

00:00:54,380 --> 00:00:51,930
hello and welcome to the show I'm Martyn

22

00:00:57,319 --> 00:00:54,390
Willis your host were coming at you live

23

00:00:59,900 --> 00:00:57,329
on the Dark Matter radio network we have

24

00:01:01,610 --> 00:00:59,910
a great show for you today in a few

25

00:01:04,280 --> 00:01:01,620
minutes we have our astronomy clip

26
00:01:07,550 --> 00:01:04,290
coming up with Andy Fleming UFO news

27
00:01:09,830 --> 00:01:07,560
with the one the only John Tobin and our

28
00:01:12,980 --> 00:01:09,840
guest for the show today is Curt Collins

29
00:01:15,109 --> 00:01:12,990
Curt was on the past show with an

30
00:01:18,080 --> 00:01:15,119
interview with Colby Lantern a Landrum

31
00:01:20,390 --> 00:01:18,090
he basically interviewed Colby about the

32
00:01:21,910 --> 00:01:20,400
cash Landrum case but you know I wanted

33
00:01:25,940 --> 00:01:21,920
to get him back he's an interesting guy

34
00:01:27,850 --> 00:01:25,950
smart and and he's real balanced so he's

35
00:01:32,300 --> 00:01:27,860
going to be on tonight his website is

36
00:01:36,289 --> 00:01:32,310
blue blurry not berry blue blurry lines

37
00:01:38,719 --> 00:01:36,299
dot blog spot.com for those of you who

38
00:01:40,789 --> 00:01:38,729

have been emailing me I do apologize

39

00:01:42,740 --> 00:01:40,799

them in the middle of a project and I'll

40

00:01:46,340 --> 00:01:42,750

get back to you when I can I do have to

41

00:01:48,289 --> 00:01:46,350

say though some emails get to be that

42

00:01:50,840 --> 00:01:48,299

you might write me out there are like

43

00:01:53,749 --> 00:01:50,850

four or five pages long and I got to

44

00:01:57,740 --> 00:01:53,759

tell you I can't read those I get all ad

45

00:02:01,910 --> 00:01:57,750

deed out my ad D has separation anxiety

46

00:02:05,109 --> 00:02:01,920

and I can't read them so if you want me

47

00:02:08,119 --> 00:02:05,119

to respond just write maybe a single

48

00:02:11,180 --> 00:02:08,129

paragraph or two and I will respond to

49

00:02:13,400 --> 00:02:11,190

you so hey John how you doing I'm

50

00:02:14,750 --> 00:02:13,410

excellent Martin how are you do you get

51
00:02:18,310 --> 00:02:14,760
those long emails where you just can't

52
00:02:21,200 --> 00:02:18,320
read them I mean I don't get any emails

53
00:02:23,180 --> 00:02:21,210
like the emails you know spam that's

54
00:02:26,690 --> 00:02:23,190
about it you know yeah yeah I know I

55
00:02:28,580 --> 00:02:26,700
wake up every morning to a slew of spam

56
00:02:31,310 --> 00:02:28,590
that I just like delete delete delete

57
00:02:32,510 --> 00:02:31,320
delete every day yeah can't cut it up

58
00:02:34,040 --> 00:02:32,520
and put it on the sandwich I don't want

59
00:02:35,300 --> 00:02:34,050
any spam you know what I mean yeah I

60
00:02:38,690 --> 00:02:35,310
don't like spam

61
00:02:40,460 --> 00:02:38,700
so how's everything going things are

62
00:02:42,920 --> 00:02:40,470
going well you know it's been a busy

63
00:02:44,420 --> 00:02:42,930

week as you mentioned but overall very

64

00:02:46,670 --> 00:02:44,430

well can't complain

65

00:02:49,130 --> 00:02:46,680

well again I'm glad to have you here

66

00:02:51,650 --> 00:02:49,140

with the news and let's see let's so

67

00:02:53,360 --> 00:02:51,660

let's take a listen to we have Andy

68

00:02:54,710 --> 00:02:53,370

Fleming and you know that it always

69

00:02:55,520 --> 00:02:54,720

comes up and it's gonna be part of our

70

00:02:58,370 --> 00:02:55,530

news too

71

00:03:01,820 --> 00:02:58,380

it always comes up that skeptics say

72

00:03:03,860 --> 00:03:01,830

that you just plain can't get here from

73

00:03:07,460 --> 00:03:03,870

there and that's why we are not seeing

74

00:03:09,380 --> 00:03:07,470

any you know UFOs and UFOs can't get

75

00:03:12,320 --> 00:03:09,390

here because it's physically impossible

76

00:03:15,770 --> 00:03:12,330

so here's Andy Fleming right now for

77

00:03:18,470 --> 00:03:15,780

this week's astronomy bit you can't get

78

00:03:21,800 --> 00:03:18,480

from that so here is a recurrent claim

79

00:03:24,830 --> 00:03:21,810

often made by debunkers of the alien

80

00:03:26,930 --> 00:03:24,840

visitation hypothesis but why not

81

00:03:29,510 --> 00:03:26,940

there's nothing in the laws of physics

82

00:03:33,800 --> 00:03:29,520

to prevent it although interstellar

83

00:03:36,140 --> 00:03:33,810

distances are truly vast for example the

84

00:03:39,470 --> 00:03:36,150

nearest star the red dwarf Proxima

85

00:03:41,740 --> 00:03:39,480

Centauri is at least thirty nine point

86

00:03:44,120 --> 00:03:41,750

nine trillion kilometers away

87

00:03:47,000 --> 00:03:44,130

astronomers use light-years to measure

88

00:03:49,220 --> 00:03:47,010

such vast distances it's the distance

89

00:03:51,949 --> 00:03:49,230

light traveling at three hundred

90

00:03:54,800 --> 00:03:51,959

thousand kilometers per second travels

91

00:03:57,020 --> 00:03:54,810

in one year at this speed it would still

92

00:04:01,040 --> 00:03:57,030

take over four years to reach Proxima

93

00:04:03,610 --> 00:04:01,050

Centuri to viably travel such distances

94

00:04:06,170 --> 00:04:03,620

in a human lifetime we need to utilize

95

00:04:08,810 --> 00:04:06,180

propulsion systems that are

96

00:04:11,630 --> 00:04:08,820

theoretically possible but beyond

97

00:04:14,270 --> 00:04:11,640

current technology these would provide

98

00:04:18,340 --> 00:04:14,280

velocities close to that of light or

99

00:04:21,860 --> 00:04:18,350

what scientists call relativistic speeds

100

00:04:24,680 --> 00:04:21,870

there are certain problems however in a

101
00:04:25,500 --> 00:04:24,690
spacecraft traveling at such speed the

102
00:04:28,380 --> 00:04:25,510
passage of

103
00:04:31,620 --> 00:04:28,390
time slows down relative to the observer

104
00:04:33,750 --> 00:04:31,630
in Earth's frame of reference hence on a

105
00:04:36,240 --> 00:04:33,760
return journey to Proxima Centauri

106
00:04:37,950 --> 00:04:36,250
virtually no time would have passed at

107
00:04:39,270 --> 00:04:37,960
all in the spacecraft's realm of

108
00:04:41,190 --> 00:04:39,280
reference yet

109
00:04:43,710 --> 00:04:41,200
eight and a half years would have passed

110
00:04:46,470 --> 00:04:43,720
here on the earth this has nothing to do

111
00:04:49,080 --> 00:04:46,480
with watches clocks or the human aging

112
00:04:51,510 --> 00:04:49,090
process it's counterintuitive oh no and

113
00:04:54,720 --> 00:04:51,520

it's because the passage of time is

114

00:04:57,410 --> 00:04:54,730

relative depending on your velocity

115

00:05:00,660 --> 00:04:57,420

relative to other points of reference

116

00:05:04,640 --> 00:05:00,670

this is at the heart of Einstein's

117

00:05:07,650 --> 00:05:04,650

famous 1905 paper entitled on the

118

00:05:11,250 --> 00:05:07,660

electrodynamics of moving bodies his

119

00:05:13,170 --> 00:05:11,260

theory of special relativity it is the

120

00:05:16,350 --> 00:05:13,180

speed of light that see universal

121

00:05:19,380 --> 00:05:16,360

constant and not time as Isaac Newton

122

00:05:21,510 --> 00:05:19,390

propounded another problem is that

123

00:05:24,450 --> 00:05:21,520

according to the papers primary equation

124

00:05:27,120 --> 00:05:24,460

$E = mc^2$

125

00:05:29,580 --> 00:05:27,130

as you travel towards the speed of light

126

00:05:33,000 --> 00:05:29,590

ever increasing amounts of energy are

127

00:05:35,670 --> 00:05:33,010

required to travel at the speed of light

128

00:05:39,030 --> 00:05:35,680

a macroscopic object such as a

129

00:05:42,630 --> 00:05:39,040

spacecraft requires an infinite amount

130

00:05:46,320 --> 00:05:42,640

of energy and will acquire an infinite

131

00:05:48,450 --> 00:05:46,330

amount of mass to light itself can

132

00:05:52,130 --> 00:05:48,460

travel at this speed precisely because

133

00:05:55,860 --> 00:05:52,140

it's photon particles are much slits but

134

00:05:58,020 --> 00:05:55,870

here's a thought space-time itself can

135

00:06:01,380 --> 00:05:58,030

expand at velocities far greater than

136

00:06:03,840 --> 00:06:01,390

that of light cosmic inflation theory

137

00:06:06,390 --> 00:06:03,850

widely accepted by cosmologists

138

00:06:10,320 --> 00:06:06,400

states that in a fraction of a second

139

00:06:13,760 --> 00:06:10,330

after the Big Bang our universe expanded

140

00:06:17,880 --> 00:06:13,770

to a gargantuan size at an unimaginable

141

00:06:20,460 --> 00:06:17,890

speed this raises the possibility of

142

00:06:23,970 --> 00:06:20,470

interstellar travel via the use of star

143

00:06:25,800 --> 00:06:23,980

trek-like warp drives space town would

144

00:06:29,250 --> 00:06:25,810

be shrunk in front of your craft and

145

00:06:31,980 --> 00:06:29,260

expanded rapidly at its rear admittedly

146

00:06:35,400 --> 00:06:31,990

massive amounts of exotic matter and

147

00:06:37,780 --> 00:06:35,410

energy would be required and then of

148

00:06:40,420 --> 00:06:37,790

course there are black holes

149

00:06:43,600 --> 00:06:40,430

these are gravitational sinkholes in our

150

00:06:46,180 --> 00:06:43,610

universe's remnants created by

151
00:06:50,680 --> 00:06:46,190
collapse massive stars that have

152
00:06:53,560 --> 00:06:50,690
detonated us supernovae put the material

153
00:06:56,680 --> 00:06:53,570
entering a black hole exits in another

154
00:07:00,610 --> 00:06:56,690
area of our space-time in what is

155
00:07:02,890 --> 00:07:00,620
commonly called a wormhole theoretical

156
00:07:05,260 --> 00:07:02,900
work by physics hours Illustrated that

157
00:07:07,870 --> 00:07:05,270
these advanced propulsion systems for

158
00:07:10,810 --> 00:07:07,880
interstellar travel are indeed possible

159
00:07:14,290 --> 00:07:10,820
and highlights the debunkers claims a

160
00:07:17,650 --> 00:07:14,300
speculation at best they mean that we

161
00:07:19,960 --> 00:07:17,660
can't get from here to there for a

162
00:07:23,170 --> 00:07:19,970
paradigm shifting breakthrough we need

163
00:07:26,050 --> 00:07:23,180

new theories and above all imaginative

164

00:07:28,960 --> 00:07:26,060

scientists freed from the shackles of

165

00:07:33,040 --> 00:07:28,970

prevailing paradigms and conventional

166

00:07:35,980 --> 00:07:33,050

self reinforcing prejudices we maybe

167

00:07:39,280 --> 00:07:35,990

just for centuries down the road of the

168

00:07:42,250 --> 00:07:39,290

scientific enterprise however in an

169

00:07:44,200 --> 00:07:42,260

immensely old and vast universe I

170

00:07:47,680 --> 00:07:44,210

believe that there are many

171

00:07:51,340 --> 00:07:47,690

civilizations that are significantly

172

00:07:54,180 --> 00:07:51,350

further down that road to believe

173

00:07:58,720 --> 00:07:54,190

otherwise is a regression to pre

174

00:08:01,780 --> 00:07:58,730

Copernicanism and anthropocentrism and

175

00:08:05,740 --> 00:08:01,790

who knows some of those civilizations

176

00:08:09,640 --> 00:08:05,750

may be visiting the earth right now now

177

00:08:14,010 --> 00:08:09,650

I can buy that that was pretty good hi

178

00:08:16,420 --> 00:08:14,020

John absolutely very good yes definitely

179

00:08:19,810 --> 00:08:16,430

yep you know I mean you're always here

180

00:08:21,070 --> 00:08:19,820

that there's just no way and later on

181

00:08:23,400 --> 00:08:21,080

the news I think we're gonna kind of

182

00:08:26,620 --> 00:08:23,410

talk a little bit about one of the

183

00:08:28,150 --> 00:08:26,630

science magazines I think it's discovery

184

00:08:30,010 --> 00:08:28,160

science or something like that but let's

185

00:08:31,990 --> 00:08:30,020

so let's just roll right in with the

186

00:08:33,159 --> 00:08:32,000

news let's do that actually yeah the

187

00:08:34,600 --> 00:08:33,169

first thought the first story tonight

188

00:08:37,390 --> 00:08:34,610

actually has to do with the Big Bang a

189

00:08:38,980 --> 00:08:37,400

smoking gun possibly found Discovery

190

00:08:40,839 --> 00:08:38,990

News as you mentioned reports for the

191

00:08:42,940 --> 00:08:40,849

first time scientists have found direct

192

00:08:43,300 --> 00:08:42,950

evidence of the expansion of the

193

00:08:46,120 --> 00:08:43,310

universe

194

00:08:47,650 --> 00:08:46,130

it's a previously theoretical event that

195

00:08:49,900 --> 00:08:47,660

took place a fraction of a second after

196

00:08:51,280 --> 00:08:49,910

the Big Bang explosion nearly 14 billion

197

00:08:53,140 --> 00:08:51,290

years ago

198

00:08:54,790 --> 00:08:53,150

the clue is encoded in the primal

199

00:08:57,610 --> 00:08:54,800

primordial cosmic microwave background

200

00:09:00,850 --> 00:08:57,620

or radiation that continued to spread

201
00:09:02,470 --> 00:09:00,860
through space to this day this has to do

202
00:09:05,080 --> 00:09:02,480
with the gravitational waves and all

203
00:09:06,700 --> 00:09:05,090
kinds of recent scientific theories now

204
00:09:07,960 --> 00:09:06,710
you can connect to this article Martin

205
00:09:09,640 --> 00:09:07,970
of course as well as all of our other

206
00:09:13,120 --> 00:09:09,650
news stories and our show notes at

207
00:09:15,820 --> 00:09:13,130
podcast UFO calm yes I read that article

208
00:09:18,070 --> 00:09:15,830
and it it gets really really into it um

209
00:09:20,830 --> 00:09:18,080
you know weird you just touched on like

210
00:09:22,960 --> 00:09:20,840
the light surface of it but you know it

211
00:09:25,840 --> 00:09:22,970
seems like the more and more they look

212
00:09:28,000 --> 00:09:25,850
the more and more they find and and it

213
00:09:32,800 --> 00:09:28,010

could be interesting you know I'm not

214

00:09:35,470 --> 00:09:32,810

100% sold on the big bang no matter how

215

00:09:38,520 --> 00:09:35,480

much evidence they have it's just it's

216

00:09:41,470 --> 00:09:38,530

just so hard to understand what was

217

00:09:43,720 --> 00:09:41,480

there before or if it's a cycle that

218

00:09:45,550 --> 00:09:43,730

keeps happening you know maybe all the

219

00:09:47,950 --> 00:09:45,560

black holes swallow everything up and it

220

00:09:49,360 --> 00:09:47,960

goes down to nothing again this is maybe

221

00:09:51,250 --> 00:09:49,370

this has happened like over and over

222

00:09:53,740 --> 00:09:51,260

again but how did it ever start you know

223

00:09:55,720 --> 00:09:53,750

it's so like it's just too intense to

224

00:09:57,520 --> 00:09:55,730

think about all the whole thing it's

225

00:09:58,990 --> 00:09:57,530

very intense and maybe it's the land

226

00:10:01,950 --> 00:09:59,000

well the missing socks who live you know

227

00:10:04,450 --> 00:10:01,960

I don't know that's what's happening all

228

00:10:05,830 --> 00:10:04,460

right what else is going on we've got

229

00:10:07,990 --> 00:10:05,840

some other interesting stories too

230

00:10:09,670 --> 00:10:08,000

possibly our solar system out there

231

00:10:10,330 --> 00:10:09,680

littered with littered with alien

232

00:10:12,160 --> 00:10:10,340

artifacts

233

00:10:14,020 --> 00:10:12,170

that's another discovery news article

234

00:10:16,060 --> 00:10:14,030

there's some great stuff out there this

235

00:10:18,340 --> 00:10:16,070

week to pioneer probes a pair of

236

00:10:20,770 --> 00:10:18,350

voyagers and the new horizon craft now

237

00:10:22,720 --> 00:10:20,780

speeding towards Pluto if the aliens

238

00:10:24,520 --> 00:10:22,730

motivations may be the same as ours

239

00:10:27,100 --> 00:10:24,530

if we found an earth-like world nearby

240

00:10:29,980 --> 00:10:27,110

there would be an inevitable desire to

241

00:10:31,840 --> 00:10:29,990

send unmanned aircraft to see what kinds

242

00:10:33,790 --> 00:10:31,850

of creatures are living there looking

243

00:10:35,800 --> 00:10:33,800

for alien calling cards in the solar

244

00:10:37,720 --> 00:10:35,810

system is not a new idea by any stretch

245

00:10:39,370 --> 00:10:37,730

of the imagination it's been popularized

246

00:10:42,160 --> 00:10:39,380

in numerous science fiction stories

247

00:10:44,830 --> 00:10:42,170

movies TV shows etc etc so it's an

248

00:10:49,000 --> 00:10:44,840

interesting theory it is but you know it

249

00:10:51,280 --> 00:10:49,010

just begs to ask the question what well

250

00:10:53,740 --> 00:10:51,290

maybe we are being visited by probes

251
00:10:55,720 --> 00:10:53,750
maybe that's what some of the UFOs are

252
00:10:56,770 --> 00:10:55,730
you know but they'll never think that

253
00:10:59,950 --> 00:10:56,780
way they just said well there's no

254
00:11:02,050 --> 00:10:59,960
evidence out there so but you know maybe

255
00:11:04,300 --> 00:11:02,060
some of the UFOs that we're seeing or

256
00:11:07,269 --> 00:11:04,310
all these people are seeing our

257
00:11:09,790 --> 00:11:07,279
probes that are exploring and observing

258
00:11:13,210 --> 00:11:09,800
us I mean they never even talked about

259
00:11:14,680 --> 00:11:13,220
that I think that's rather curious they

260
00:11:16,300 --> 00:11:14,690
don't talk about it very often at all

261
00:11:18,070 --> 00:11:16,310
and I agree with you I think it's rather

262
00:11:20,950 --> 00:11:18,080
curious and I think there's something to

263
00:11:22,780 --> 00:11:20,960

that for sure way too coincidental that

264

00:11:24,430 --> 00:11:22,790

you know thousands and thousands of UFO

265

00:11:26,230 --> 00:11:24,440

sightings and none of them could

266

00:11:28,329 --> 00:11:26,240

possibly be visiting us I think that's

267

00:11:34,260 --> 00:11:28,339

or other words for that matter you know

268

00:11:37,000 --> 00:11:34,270

yeah a bunch of kooks

269

00:11:38,650 --> 00:11:37,010

so what else is happening well you know

270

00:11:41,650 --> 00:11:38,660

unfortunately we do have some sad news

271

00:11:44,860 --> 00:11:41,660

this week we want to say I wish rest in

272

00:11:46,420 --> 00:11:44,870

peace to dr. Roger Leir past guest dr.

273

00:11:47,230 --> 00:11:46,430

Roger Elia passed away unfortunately on

274

00:11:49,990 --> 00:11:47,240

March 14th

275

00:11:51,310 --> 00:11:50,000

he was adored devoted ufologist and he

276

00:11:52,870 --> 00:11:51,320

really brought the alleged alien

277

00:11:54,400 --> 00:11:52,880

implants to the forefront through

278

00:11:55,960 --> 00:11:54,410

surgically removing them and also

279

00:11:58,450 --> 00:11:55,970

running tests to explore what they were

280

00:12:00,550 --> 00:11:58,460

so we just want to best we just want to

281

00:12:03,700 --> 00:12:00,560

wish you know rest in peace - dr. Leir

282

00:12:06,360 --> 00:12:03,710

and all of his work very fondly thinking

283

00:12:09,340 --> 00:12:06,370

of him this week yeah and his family and

284

00:12:11,530 --> 00:12:09,350

we have in our show notes his website

285

00:12:14,050 --> 00:12:11,540

and there's a little place there if you

286

00:12:15,310 --> 00:12:14,060

wanted to make a donation in memory of

287

00:12:17,530 --> 00:12:15,320

him

288

00:12:19,210 --> 00:12:17,540

it's right on his website there and you

289

00:12:22,210 --> 00:12:19,220

know he was a real nice gentleman I

290

00:12:23,740 --> 00:12:22,220

really enjoyed speaking to him and he

291

00:12:26,200 --> 00:12:23,750

seemed like you know there was no games

292

00:12:28,960 --> 00:12:26,210

I mean you know he also talked about the

293

00:12:31,210 --> 00:12:28,970

turkey UFO incident which was a major

294

00:12:34,329 --> 00:12:31,220

UFO sighting seen by lots and lots of

295

00:12:35,880 --> 00:12:34,339

people and a real nice guy and he will

296

00:12:38,890 --> 00:12:35,890

sorely be missed

297

00:12:40,450 --> 00:12:38,900

absolutely and it's such a shame when

298

00:12:42,730 --> 00:12:40,460

anyone passes but when someone has done

299

00:12:47,320 --> 00:12:42,740

so much for this field for your apology

300

00:12:49,210 --> 00:12:47,330

it's just a really mode you know in the

301
00:12:51,670 --> 00:12:49,220
next story you know not that this next

302
00:12:53,140 --> 00:12:51,680
story is certainly not uplifting anyway

303
00:12:54,730 --> 00:12:53,150
but it's certainly mysteries when we

304
00:12:56,520 --> 00:12:54,740
talked about you and I last week a

305
00:12:59,440 --> 00:12:56,530
little bit and now it's kind of come out

306
00:13:02,579 --> 00:12:59,450
in the UFO news here

307
00:13:05,410 --> 00:13:02,589
the monthly Malaysian flight 370

308
00:13:06,610 --> 00:13:05,420
possibly an alien abduction a lot of

309
00:13:07,720 --> 00:13:06,620
other theories have been talked about

310
00:13:09,670 --> 00:13:07,730
and there's certainly tons of

311
00:13:11,140 --> 00:13:09,680
speculation that continues just this

312
00:13:12,850 --> 00:13:11,150
evening and every evening for that

313
00:13:14,290 --> 00:13:12,860

matter but our guests here on the show

314

00:13:16,750 --> 00:13:14,300

Martin in a few weeks the MUFON State

315

00:13:17,620 --> 00:13:16,760

director John venture our inventory how

316

00:13:20,319 --> 00:13:17,630

do you bench

317

00:13:22,300 --> 00:13:20,329

Ventre okay great he claims a Malaysian

318

00:13:24,009 --> 00:13:22,310

airline flight 370 the crew and

319

00:13:27,850 --> 00:13:24,019

passengers were abducted by

320

00:13:30,129 --> 00:13:27,860

extraterrestrials this story his claim

321

00:13:31,449 --> 00:13:30,139

made CNN and you can also read the full

322

00:13:35,319 --> 00:13:31,459

story through the link in our show notes

323

00:13:37,749 --> 00:13:35,329

yeah think about this well yeah I I'm

324

00:13:41,350 --> 00:13:37,759

gonna you know I'm not one who really

325

00:13:43,930 --> 00:13:41,360

enjoys confrontation but I I'm gonna

326

00:13:47,230 --> 00:13:43,940

have to talk to him about this because I

327

00:13:51,550 --> 00:13:47,240

think it I think it was rather a bizarre

328

00:13:53,530 --> 00:13:51,560

a case to make and also you know he sort

329

00:13:55,420 --> 00:13:53,540

of dragged MUFON x' name into it and

330

00:13:58,800 --> 00:13:55,430

he's in that new show and I hear it's a

331

00:14:02,050 --> 00:13:58,810

good show you know by most people but

332

00:14:03,790 --> 00:14:02,060

you know I'm not really sure what to

333

00:14:04,900 --> 00:14:03,800

think about it but I do have to talk to

334

00:14:07,689 --> 00:14:04,910

him about it you know I'd like to be

335

00:14:09,340 --> 00:14:07,699

open-minded but for that to happen I you

336

00:14:12,160 --> 00:14:09,350

know I think that's really going way

337

00:14:14,199 --> 00:14:12,170

overboard making a claim like that it's

338

00:14:15,850 --> 00:14:14,209

it isn't it's kind of an outrageous

339

00:14:17,499 --> 00:14:15,860

claim to come out without it unless you

340

00:14:18,730 --> 00:14:17,509

had some solid proof to back it up and

341

00:14:20,949 --> 00:14:18,740

at this point it doesn't seem like

342

00:14:22,179 --> 00:14:20,959

there's solid proof of anything really

343

00:14:26,199 --> 00:14:22,189

showing exactly what might have happened

344

00:14:28,449 --> 00:14:26,209

it's all speculation and you know non

345

00:14:30,189 --> 00:14:28,459

alien explanations are still speculation

346

00:14:32,170 --> 00:14:30,199

at this point I will admit though that

347

00:14:34,059 --> 00:14:32,180

for myself you know I think a lot of us

348

00:14:35,439 --> 00:14:34,069

the thought popped into our mind when

349

00:14:37,720 --> 00:14:35,449

several days went by and this thing was

350

00:14:39,519 --> 00:14:37,730

still missing but I think the reality

351
00:14:42,910 --> 00:14:39,529
that kicks into our minds kicked in and

352
00:14:44,769 --> 00:14:42,920
said you know really not likely but you

353
00:14:47,259 --> 00:14:44,779
know what we thought of it I think yes

354
00:14:50,499 --> 00:14:47,269
of course you know but you know there's

355
00:14:52,509 --> 00:14:50,509
so many other answers that will you know

356
00:14:54,490 --> 00:14:52,519
it's probably I think we will probably

357
00:14:57,040 --> 00:14:54,500
know what happened eventually it's just

358
00:14:58,360 --> 00:14:57,050
you know where it crashed you know it

359
00:15:01,179 --> 00:14:58,370
probably ditched it in the ocean it's a

360
00:15:03,100 --> 00:15:01,189
big ocean and you know there there's

361
00:15:05,499 --> 00:15:03,110
actually some talk about satellite

362
00:15:07,150 --> 00:15:05,509
images of possibly seeing some type of

363
00:15:09,249 --> 00:15:07,160

debris or something like that so I think

364

00:15:11,139 --> 00:15:09,259

within you know within a few weeks we'll

365

00:15:12,819 --> 00:15:11,149

probably know but it sure is a mystery

366

00:15:14,470 --> 00:15:12,829

that's something like that happening I'm

367

00:15:17,769 --> 00:15:14,480

sure we'll definitely be keeping your

368

00:15:19,840 --> 00:15:17,779

eyes on that as he develops yeah so hey

this real quick music break and Kurt

381

00:16:16,560 --> 00:16:12,480

how you doing Kurt good good welcome to

382

00:16:18,060 --> 00:16:16,570

the show and I talked to you I really

383

00:16:20,280 --> 00:16:18,070

wanted to have you on after last time I

384

00:16:23,010 --> 00:16:20,290

thought you did a really thoughtful and

385

00:16:25,500 --> 00:16:23,020

great balanced job when you were when

386

00:16:27,690 --> 00:16:25,510

you were interviewing Colby so it's good

387

00:16:29,550 --> 00:16:27,700

to have you back yeah it was an unusual

388

00:16:31,320 --> 00:16:29,560

situation because we're both talking to

389

00:16:33,600 --> 00:16:31,330

Colby at that time but not really to

390

00:16:35,160 --> 00:16:33,610

each other that's right that's right but

391

00:16:36,690 --> 00:16:35,170

since that time we've gotten to know

392

00:16:39,780 --> 00:16:36,700

each other a little bit on the phone and

393

00:16:41,760 --> 00:16:39,790

and through emails and stuff and and why

394

00:16:44,190 --> 00:16:41,770

don't you tell the listening audience

395

00:16:46,230 --> 00:16:44,200

out there you know what it's always an

396

00:16:48,210 --> 00:16:46,240

interesting path how someone gets

397

00:16:51,450 --> 00:16:48,220

involved in this subject and what led

398

00:16:53,850 --> 00:16:51,460

you down the path of UFOs well it was

399

00:16:55,530 --> 00:16:53,860

interested from childhood and I think

400

00:16:57,990 --> 00:16:55,540

just probably had a civilians interest

401
00:16:59,460 --> 00:16:58,000
in UFOs and you know also some of the

402
00:17:01,950 --> 00:16:59,470
other neat stuff like Bigfoot and

403
00:17:05,579 --> 00:17:01,960
everything else and and drifted away

404
00:17:08,340 --> 00:17:05,589
from it but in the past few years it

405
00:17:10,260 --> 00:17:08,350
became more interested and I started

406
00:17:14,579 --> 00:17:10,270
looking into some military cases I

407
00:17:16,290 --> 00:17:14,589
thought those might provide the Oh some

408
00:17:19,560 --> 00:17:16,300
clues in my lead somewhere either some

409
00:17:21,540 --> 00:17:19,570
documents or you know who knows if

410
00:17:24,090 --> 00:17:21,550
there's any film anywhere and I came

411
00:17:26,189 --> 00:17:24,100
across the cash Landrum case and then

412
00:17:28,500 --> 00:17:26,199
that had so many elements I'd already

413
00:17:29,850 --> 00:17:28,510

become familiar with so that was that

414

00:17:31,230 --> 00:17:29,860

was a perfect match and that that's

415

00:17:33,660 --> 00:17:31,240

something I've really been able to sink

416

00:17:36,270 --> 00:17:33,670

my teeth into yeah now you live in

417

00:17:38,850 --> 00:17:36,280

somewhere in the south right that's

418

00:17:41,820 --> 00:17:38,860

right in Mississippi in the Jackson area

419

00:17:44,310 --> 00:17:41,830

uh-huh now what is the activity in your

420

00:17:49,310 --> 00:17:44,320

general general area like and do you get

421

00:17:56,010 --> 00:17:53,010

there's there there are a fair number of

422

00:17:58,890 --> 00:17:56,020

signings there was one in an area that I

423

00:18:01,800 --> 00:17:58,900

city that I just moved to last year that

424

00:18:03,840 --> 00:18:01,810

I you know I'm I don't consider myself a

425

00:18:06,120 --> 00:18:03,850

field investigator but I ended there was

426

00:18:10,140 --> 00:18:06,130

a report of a black triangle in the area

427

00:18:14,010 --> 00:18:10,150

so and supposedly it was even appearing

428

00:18:15,330 --> 00:18:14,020

in a predictable time so I chose a cold

429

00:18:18,030 --> 00:18:15,340

winter night to go out and look

430

00:18:20,730 --> 00:18:18,040

and you know I stayed out there for an

431

00:18:22,320 --> 00:18:20,740

hour and a half and if I tried again

432

00:18:25,980 --> 00:18:22,330

it's gonna be in spring weather with the

433

00:18:28,830 --> 00:18:25,990

breeze and you know high schooler so

434

00:18:30,480 --> 00:18:28,840

field work wasn't for me yeah yeah well

435

00:18:34,410 --> 00:18:30,490

I hate to say it this way but you really

436

00:18:36,390 --> 00:18:34,420

don't know what cold is that's yeah here

437

00:18:38,970 --> 00:18:36,400

in Maine let me tell you something we've

438

00:18:43,670 --> 00:18:38,980

had a winter that just won't give out

439

00:18:48,450 --> 00:18:43,680

you know it's been something else so but

440

00:18:50,160 --> 00:18:48,460

now besides a cash Landrum case are

441

00:18:53,910 --> 00:18:50,170

there other cases you've been working on

442

00:18:57,120 --> 00:18:53,920

or interested in or similar ones well

443

00:19:01,200 --> 00:18:57,130

there are now I've really almost put

444

00:19:03,030 --> 00:19:01,210

blinders on to this but it is since it

445

00:19:05,130 --> 00:19:03,040

ran through the 80s there's so many

446

00:19:08,610 --> 00:19:05,140

other things that have been involved it

447

00:19:11,550 --> 00:19:08,620

touches the Paul bennewitz case there

448

00:19:13,860 --> 00:19:11,560

were some other signings not nearly as

449

00:19:15,330 --> 00:19:13,870

well-known in in in the 80s right before

450

00:19:20,160 --> 00:19:15,340

and after that and it's some even in the

451
00:19:25,110 --> 00:19:20,170
in the Texas area there was a there was

452
00:19:25,470 --> 00:19:25,120
a sighting in I became interested in one

453
00:19:29,730 --> 00:19:25,480
called

454
00:19:32,310 --> 00:19:29,740
Carol Wayne watts in loko Texas that was

455
00:19:34,740 --> 00:19:32,320
in 1967 and that's that's regarded as a

456
00:19:36,000 --> 00:19:34,750
hoax and it has men in black in it and

457
00:19:38,400 --> 00:19:36,010
everything else but I found that one

458
00:19:40,500 --> 00:19:38,410
particularly fascinating a John keel and

459
00:19:44,610 --> 00:19:40,510
a gray Barker both kind of covered that

460
00:19:46,890 --> 00:19:44,620
in fact a Kevin Randall I think that was

461
00:19:49,170 --> 00:19:46,900
his first field investigation you know

462
00:19:51,390 --> 00:19:49,180
he interviewed Carol Wayne watts and

463
00:19:55,320 --> 00:19:51,400

it's it's pretty fantastic story because

464

00:19:58,170 --> 00:19:55,330

he saw this the cylinder shaped UFO and

465

00:20:01,440 --> 00:19:58,180

in his first encounter he only heard a

466

00:20:05,570 --> 00:20:01,450

voice I think it was maybe only a week

467

00:20:09,060 --> 00:20:05,580

or two later or he they they kind of

468

00:20:11,670 --> 00:20:09,070

they didn't abduct him but they I guess

469

00:20:13,860 --> 00:20:11,680

he felt intimidated to go on board and

470

00:20:14,850 --> 00:20:13,870

he got examined and these were these

471

00:20:19,020 --> 00:20:14,860

were um

472

00:20:21,270 --> 00:20:19,030

little gray men not not quite the greys

473

00:20:24,090 --> 00:20:21,280

as we've come to know him but yeah and

474

00:20:27,720 --> 00:20:24,100

the stories become regarded as a hoax

475

00:20:30,700 --> 00:20:27,730

but what's interesting is that his

476

00:20:33,700 --> 00:20:30,710

aliens as described are sort of an

477

00:20:35,920 --> 00:20:33,710

intermediate step between what the hills

478

00:20:38,920 --> 00:20:35,930

saw and the grazes we've come to know

479

00:20:41,800 --> 00:20:38,930

him and the fact that was a fabricated

480

00:20:43,810 --> 00:20:41,810

step is it's strange and you just have

481

00:20:46,870 --> 00:20:43,820

to wonder if if if our ideas about

482

00:20:49,480 --> 00:20:46,880

aliens are not more in our heads or our

483

00:20:52,150 --> 00:20:49,490

understanding or perception then however

484

00:20:54,400 --> 00:20:52,160

they really exist yeah sounds like the

485

00:20:56,680 --> 00:20:54,410

missing link to me hey if you're

486

00:20:59,020 --> 00:20:56,690

listening live on the Dark Matter radio

487

00:21:01,300 --> 00:20:59,030

network please jump over to podcast UFO

488

00:21:04,090 --> 00:21:01,310

comm over to the right hand side and

489

00:21:08,260 --> 00:21:04,100

jump in our chat room and it's a one two

490

00:21:10,930 --> 00:21:08,270

click and you're in so Kurt since you

491

00:21:12,640 --> 00:21:10,940

and I and Chris Lambright interviewed

492

00:21:15,280 --> 00:21:12,650

while mostly you and Chris Lambright

493

00:21:16,900 --> 00:21:15,290

interviewed Colby Landrum there was been

494

00:21:18,000 --> 00:21:16,910

a couple of developments can we talk

495

00:21:22,750 --> 00:21:18,010

about any of that

496

00:21:25,680 --> 00:21:22,760

well the the first one there were a few

497

00:21:28,600 --> 00:21:25,690

people that got in touch mostly that had

498

00:21:30,190 --> 00:21:28,610

useless information I think the one that

499

00:21:32,350 --> 00:21:30,200

attached himself to the case and I

500

00:21:34,300 --> 00:21:32,360

wonder if that hasn't happened all along

501
00:21:37,690 --> 00:21:34,310
with the I think that you know anything

502
00:21:40,150 --> 00:21:37,700
receives publicity but to concentrate on

503
00:21:42,220 --> 00:21:40,160
the the genuine developments I was able

504
00:21:46,060 --> 00:21:42,230
to continue conversation with Colby

505
00:21:48,000 --> 00:21:46,070
Landrum and it's uh it's been a regular

506
00:21:51,790 --> 00:21:48,010
I think you know he's difficult to reach

507
00:21:54,880 --> 00:21:51,800
but he was able to give me some some

508
00:21:56,830 --> 00:21:54,890
better descriptions of the UFO and in

509
00:22:00,550 --> 00:21:56,840
you know Chris Lambright that was on he

510
00:22:03,340 --> 00:22:00,560
had he had done a painting of the

511
00:22:04,960 --> 00:22:03,350
witnesses based painting of the scene

512
00:22:07,300 --> 00:22:04,970
based primarily of the lady's

513
00:22:10,060 --> 00:22:07,310

description and not so much with Colby's

514

00:22:11,560 --> 00:22:10,070

input and after giving him I had him go

515

00:22:13,210 --> 00:22:11,570

through the drawings that adorn the

516

00:22:14,740 --> 00:22:13,220

original case drawings and have him pick

517

00:22:16,780 --> 00:22:14,750

out what he thought was the closest and

518

00:22:19,270 --> 00:22:16,790

he identified a large featureless

519

00:22:21,280 --> 00:22:19,280

Diamond didn't have the blue lights that

520

00:22:24,670 --> 00:22:21,290

that have been you know we've been

521

00:22:28,960 --> 00:22:24,680

associated with it erroneously and so

522

00:22:31,420 --> 00:22:28,970

then after he identified this big

523

00:22:33,370 --> 00:22:31,430

featureless diamond I said well how

524

00:22:35,530 --> 00:22:33,380

about this painting by Chris Lambright

525

00:22:39,880 --> 00:22:35,540

and he said he said that it gave in

526

00:22:40,659 --> 00:22:39,890

chills he felt it was very close don't

527

00:22:43,090 --> 00:22:40,669

only

528

00:22:44,859 --> 00:22:43,100

thing he said if he if he could add the

529

00:22:47,649 --> 00:22:44,869

helicopters into the scene which you

530

00:22:50,560 --> 00:22:47,659

know there supposedly came in later but

531

00:22:51,999 --> 00:22:50,570

he felt it was very close so and you

532

00:22:54,310 --> 00:22:52,009

know just when we were talking to him

533

00:22:56,379 --> 00:22:54,320

and then since it's clear that his

534

00:22:59,499 --> 00:22:56,389

memory of events and even things

535

00:23:04,149 --> 00:22:59,509

afterward it's not it's not precise he

536

00:23:06,249 --> 00:23:04,159

for example he told me about when I

537

00:23:08,200 --> 00:23:06,259

think the first media exposure

538

00:23:11,799 --> 00:23:08,210

afterwards they went to Good Morning

539

00:23:13,389 --> 00:23:11,809

America flew to New York and I asked him

540

00:23:15,039 --> 00:23:13,399

about the show and what it was like and

541

00:23:17,379 --> 00:23:15,049

he really didn't remember it but he

542

00:23:18,970 --> 00:23:17,389

remembered the limousine ride and he

543

00:23:21,129 --> 00:23:18,980

remembered tugging on his ear to say

544

00:23:22,930 --> 00:23:21,139

hello to his mom during the show so you

545

00:23:24,489 --> 00:23:22,940

know there's little bits and pieces here

546

00:23:27,489 --> 00:23:24,499

and there and I think that that's true

547

00:23:29,289 --> 00:23:27,499

the the experience itself well when

548

00:23:31,779 --> 00:23:29,299

you're at 7 wasn't he 7 years old or

549

00:23:34,060 --> 00:23:31,789

something like yeah actually I'm a month

550

00:23:36,099 --> 00:23:34,070

short of his seventh birthday you know

551
00:23:37,840 --> 00:23:36,109
so and you and usually when you see

552
00:23:41,229 --> 00:23:37,850
pictures of him it's from a year or two

553
00:23:43,960 --> 00:23:41,239
later I mean it's it's very difficult to

554
00:23:45,519 --> 00:23:43,970
realize you know just he was just a step

555
00:23:47,409 --> 00:23:45,529
away from being a baby at the time it

556
00:23:49,210 --> 00:23:47,419
happened I mean you know when his

557
00:23:50,379 --> 00:23:49,220
grandmother was very protective of him

558
00:23:53,169 --> 00:23:50,389
now

559
00:23:55,239 --> 00:23:53,179
there was I remember you writing me and

560
00:23:58,599 --> 00:23:55,249
Peggy on the message board just

561
00:24:02,049 --> 00:23:58,609
mentioned this you wrote me at one point

562
00:24:03,460 --> 00:24:02,059
that he was absolutely livid about what

563
00:24:06,279 --> 00:24:03,470

is that Close Encounters how the

564

00:24:10,119 --> 00:24:06,289

depiction of the case well that that's

565

00:24:11,739 --> 00:24:10,129

true and the now he didn't see one that

566

00:24:13,359 --> 00:24:11,749

was was worse let me tell you about this

567

00:24:16,029 --> 00:24:13,369

first I think Peggy had seen this

568

00:24:18,340 --> 00:24:16,039

program it was called unsealed alien

569

00:24:21,840 --> 00:24:18,350

files and it was horrible

570

00:24:24,279 --> 00:24:21,850

they had a and you know they saw a

571

00:24:27,129 --> 00:24:24,289

diamond-shaped object well they depicted

572

00:24:30,159 --> 00:24:27,139

the UFO as a flying saucer and it zaps

573

00:24:31,869 --> 00:24:30,169

Betty cash with a ray beam I mean it was

574

00:24:33,519 --> 00:24:31,879

just so in that accurate is to be

575

00:24:35,830 --> 00:24:33,529

laughable if it wasn't a tragic

576

00:24:37,269 --> 00:24:35,840

situation you know so that was a done

577

00:24:41,409 --> 00:24:37,279

was really terrible but on this new show

578

00:24:43,180 --> 00:24:41,419

Close Encounters which debuted in Canada

579

00:24:46,090 --> 00:24:43,190

it's now just being shown in the United

580

00:24:48,940 --> 00:24:46,100

States they're on in their depiction of

581

00:24:50,889 --> 00:24:48,950

it there were a number of Zhai get the

582

00:24:54,000 --> 00:24:50,899

county wrong they say that they saw that

583

00:24:56,010 --> 00:24:54,010

UFO for an hour before they encountered

584

00:24:59,220 --> 00:24:56,020

before the encounter did you know we

585

00:25:02,400 --> 00:24:59,230

stopped the car I mean and worst of all

586

00:25:06,450 --> 00:25:02,410

they depicted the UFO is shooting

587

00:25:08,340 --> 00:25:06,460

lightning bolts somehow and you know

588

00:25:10,350 --> 00:25:08,350

that was never in any description that I

589

00:25:13,380 --> 00:25:10,360

think one researcher who was trying to

590

00:25:15,240 --> 00:25:13,390

analyze the propulsion of the UFO who

591

00:25:18,480 --> 00:25:15,250

speculated that it was some sort of

592

00:25:19,950 --> 00:25:18,490

plasma but the lining that like I can

593

00:25:21,870 --> 00:25:19,960

tell you how that happened there there

594

00:25:24,390 --> 00:25:21,880

were two researchers that they

595

00:25:26,760 --> 00:25:24,400

interviewed for the show and they both

596

00:25:28,590 --> 00:25:26,770

made a couple of minor mistakes well I

597

00:25:32,220 --> 00:25:28,600

guess the lightning I would consider a

598

00:25:34,770 --> 00:25:32,230

major mistake and they did in fact check

599

00:25:36,480 --> 00:25:34,780

and you know these programs this one is

600

00:25:37,770 --> 00:25:36,490

this one is called Close Encounters and

601
00:25:39,480 --> 00:25:37,780
they're really that's the only part of

602
00:25:40,980 --> 00:25:39,490
the show that they depict is the

603
00:25:43,140 --> 00:25:40,990
encounter itself they don't follow

604
00:25:44,880 --> 00:25:43,150
follow up on the investigation or the

605
00:25:47,850 --> 00:25:44,890
lives and the people afterward it's you

606
00:25:50,760 --> 00:25:47,860
know it's only a half-hour show and they

607
00:25:53,520 --> 00:25:50,770
do 15 minutes per case well less with

608
00:25:54,930 --> 00:25:53,530
commercials so um you know they just get

609
00:25:58,110 --> 00:25:54,940
in there they do a dramatic recreation

610
00:25:59,820 --> 00:25:58,120
and yeah but there were several points

611
00:26:01,380 --> 00:25:59,830
of in actress you know I think the show

612
00:26:03,419 --> 00:26:01,390
I mean it's good uh good production

613
00:26:05,940 --> 00:26:03,429

values they've chose some reasonable

614

00:26:08,060 --> 00:26:05,950

cases and stay away from the sensational

615

00:26:12,750 --> 00:26:08,070

alien abductions and things like that

616

00:26:15,750 --> 00:26:12,760

but it could be better still yeah yep

617

00:26:19,320 --> 00:26:15,760

well you know like you say Colby is hard

618

00:26:21,650 --> 00:26:19,330

to you know keep in touch with and I do

619

00:26:24,539 --> 00:26:21,660

remember when we were interviewing him

620

00:26:25,890 --> 00:26:24,549

someone actually I believe I could have

621

00:26:27,150 --> 00:26:25,900

been on the message board or it could

622

00:26:31,940 --> 00:26:27,160

have been a call and I can't remember

623

00:26:36,150 --> 00:26:31,950

but prompted him to do a FOIA request

624

00:26:38,220 --> 00:26:36,160

Freedom of Information Act request on

625

00:26:38,490 --> 00:26:38,230

papers regarding this has anything like

626
00:26:47,190 --> 00:26:38,500
that

627
00:26:50,220 --> 00:26:47,200
Colby but he had I think I'm not sure if

628
00:26:53,520 --> 00:26:50,230
he had if he had moved for a for a new

629
00:26:56,070 --> 00:26:53,530
job outside his home when we recorded

630
00:26:57,930 --> 00:26:56,080
our show but no he he had when I talked

631
00:27:00,510 --> 00:26:57,940
to him last and and really haven't had

632
00:27:02,789 --> 00:27:00,520
contact since so I think he's been been

633
00:27:05,850 --> 00:27:02,799
kind of busy with that but I certainly

634
00:27:07,410 --> 00:27:05,860
have intended to there I thought that

635
00:27:10,980 --> 00:27:07,420
the chance of getting him

636
00:27:12,780 --> 00:27:10,990
to do a a privacy waiver might yield

637
00:27:17,040 --> 00:27:12,790
better results because sometimes they

638
00:27:19,680 --> 00:27:17,050

they're the government's reluctant to

639

00:27:21,270 --> 00:27:19,690

releasing information on individuals you

640

00:27:24,260 --> 00:27:21,280

know they things can be violation their

641

00:27:27,750 --> 00:27:24,270

privacy so him signing that would would

642

00:27:28,980 --> 00:27:27,760

relieve them in that worry uh-huh you

643

00:27:30,450 --> 00:27:28,990

know I thought it was interesting when

644

00:27:33,240 --> 00:27:30,460

he was on the show you know I don't want

645

00:27:36,330 --> 00:27:33,250

to just rehash the whole show on this

646

00:27:38,370 --> 00:27:36,340

show but one of the things I thought was

647

00:27:41,280 --> 00:27:38,380

kind of interesting is what he thought

648

00:27:44,580 --> 00:27:41,290

the craft was you know most likely

649

00:27:46,740 --> 00:27:44,590

government or military and you know that

650

00:27:51,690 --> 00:27:46,750

almost makes the most sense when you

651
00:27:55,440 --> 00:27:51,700
really look at all the options it's it's

652
00:27:57,870 --> 00:27:55,450
very tempting scenario and what we're

653
00:28:01,740 --> 00:27:57,880
missing is evident but an evidence of

654
00:28:02,940 --> 00:28:01,750
anything else also the one good point

655
00:28:05,400 --> 00:28:02,950
that was made on the close encounter

656
00:28:12,270 --> 00:28:05,410
show is it there's no classified vehicle

657
00:28:14,610 --> 00:28:12,280
that resembles that it's um any that day

658
00:28:16,980 --> 00:28:14,620
it's really puzzling obesity you know if

659
00:28:18,240 --> 00:28:16,990
it was a classified device it would have

660
00:28:22,590 --> 00:28:18,250
to have a history of development

661
00:28:25,470 --> 00:28:22,600
probably a several years usually there

662
00:28:27,180 --> 00:28:25,480
there are prototypes stages you know

663
00:28:30,960 --> 00:28:27,190

several prototypes before something's

664

00:28:34,200 --> 00:28:30,970

built so it's it could be but the

665

00:28:36,060 --> 00:28:34,210

secrecy required is extraordinary

666

00:28:38,430 --> 00:28:36,070

well you know like Peggy just mentioned

667

00:28:40,410 --> 00:28:38,440

it on the message board she doesn't

668

00:28:43,050 --> 00:28:40,420

think that it was military but she

669

00:28:44,640 --> 00:28:43,060

thinks the military was involved and you

670

00:28:46,800 --> 00:28:44,650

know that's quite a scenario right there

671

00:28:51,660 --> 00:28:46,810

and you know perhaps that makes kind of

672

00:28:53,760 --> 00:28:51,670

sense in a way oh well that's um that

673

00:28:57,210 --> 00:28:53,770

touches on something I'd I just recently

674

00:29:00,080 --> 00:28:57,220

gave a Skype talk to the the new phone

675

00:29:04,110 --> 00:29:00,090

Alabama group and I got in touch with a

676
00:29:07,260 --> 00:29:04,120
member of the the unit that's task force

677
00:29:09,510 --> 00:29:07,270
160 the the night stalkers the

678
00:29:11,610 --> 00:29:09,520
helicopter group that grew out of them

679
00:29:14,310 --> 00:29:11,620
chief suspect for the helicopters in the

680
00:29:17,430 --> 00:29:14,320
cache plan um case and there's a there's

681
00:29:19,860 --> 00:29:17,440
a pilot there he joined in 1984 but he's

682
00:29:20,440 --> 00:29:19,870
given me a lot of useful information on

683
00:29:31,030 --> 00:29:20,450
the

684
00:29:32,410 --> 00:29:31,040
UFO investigator field investigator from

685
00:29:33,880 --> 00:29:32,420
MUFON so you know I think he's

686
00:29:37,060 --> 00:29:33,890
sympathetic and I don't believe he's

687
00:29:39,880 --> 00:29:37,070
being deceptive in any way and one of

688
00:29:41,950 --> 00:29:39,890

the things that he said is he just

689

00:29:43,660 --> 00:29:41,960

doesn't believe with the the distance

690

00:29:46,630 --> 00:29:43,670

involved that it could have been

691

00:29:48,580 --> 00:29:46,640

anything but well it couldn't be a

692

00:29:50,890 --> 00:29:48,590

response there's there's no way that the

693

00:29:53,260 --> 00:29:50,900

helicopters had the fuel to get from a

694

00:29:55,150 --> 00:29:53,270

base to the scene he thinks that for

695

00:29:59,770 --> 00:29:55,160

whatever reason they had to be flying

696

00:30:02,170 --> 00:29:59,780

along with it yeah yeah and I believe

697

00:30:05,380 --> 00:30:02,180

you you threw me an email about this

698

00:30:07,960 --> 00:30:05,390

this pilot and we have a guest

699

00:30:10,210 --> 00:30:07,970

skinny Bob is asking are you familiar

700

00:30:11,980 --> 00:30:10,220

with the black deltas which was supposed

701
00:30:14,410 --> 00:30:11,990
to be the huge black op military craft

702
00:30:18,730 --> 00:30:14,420
that are lighter than an aircraft like

703
00:30:22,870 --> 00:30:18,740
Zeppelin's I've heard of that but have

704
00:30:25,120 --> 00:30:22,880
no no specific knowledge the name though

705
00:30:28,000 --> 00:30:25,130
it was interesting because Paul

706
00:30:30,250 --> 00:30:28,010
bennewitz had a drawing of what he

707
00:30:31,780 --> 00:30:30,260
called a black Delta ship and he thought

708
00:30:33,760 --> 00:30:31,790
it was atomic power and he made

709
00:30:35,800 --> 00:30:33,770
connections between that and the cache

710
00:30:38,980 --> 00:30:35,810
line of the case but you know that's all

711
00:30:42,580 --> 00:30:38,990
speculation right but it's you know it's

712
00:30:43,990 --> 00:30:42,590
interesting but yeah if it dumb the the

713
00:30:47,550 --> 00:30:44,000

lighter-than-air aspect is interesting

714

00:30:52,290 --> 00:30:47,560

because the the UFO in this case did

715

00:30:54,490 --> 00:30:52,300

seem to be almost balloon-like or

716

00:30:56,470 --> 00:30:54,500

anti-gravity and you know we don't know

717

00:30:57,940 --> 00:30:56,480

what the the fire burst was but that

718

00:31:00,190 --> 00:30:57,950

didn't seem to be what was propelling

719

00:31:06,310 --> 00:31:00,200

and it might have been for something to

720

00:31:09,670 --> 00:31:06,320

stabilize it or a leak of some kind now

721

00:31:11,230 --> 00:31:09,680

about ufology in general you're not

722

00:31:14,380 --> 00:31:11,240

really pardon me

723

00:31:16,660 --> 00:31:14,390

that much involved in it and but but you

724

00:31:20,800 --> 00:31:16,670

are mostly in this case is that what I'm

725

00:31:23,890 --> 00:31:20,810

hearing from you I'm gonna I've gotten a

726

00:31:26,020 --> 00:31:23,900

broader interest but a specific focus I

727

00:31:27,640 --> 00:31:26,030

guess that makes sense to you yeah okay

728

00:31:30,490 --> 00:31:27,650

well let's talk about the broader

729

00:31:33,850 --> 00:31:30,500

interests are there other aspects of the

730

00:31:34,730 --> 00:31:33,860

field that that you like too you know

731

00:31:37,580 --> 00:31:34,740

for instance

732

00:31:39,080 --> 00:31:37,590

do you ever look into well let's say the

733

00:31:42,170 --> 00:31:39,090

abductions or do you have a look into

734

00:31:43,940 --> 00:31:42,180

different types of crafts or or things

735

00:31:52,370 --> 00:31:43,950

like that or any other historic cases

736

00:31:54,710 --> 00:31:52,380

come to mind to you well yes I do to my

737

00:31:57,710 --> 00:31:54,720

initial interest which was back during

738

00:32:01,490 --> 00:31:57,720

the old saison ICAP days I do kind of

739

00:32:04,190 --> 00:32:01,500

favor the cases from generally from the

740

00:32:06,560 --> 00:32:04,200

60s back to the Kenneth Arnold signing

741

00:32:09,380 --> 00:32:06,570

and I've probably read more about those

742

00:32:11,480 --> 00:32:09,390

and I have more modern accounts and so

743

00:32:15,770 --> 00:32:11,490

because then I'm less familiar with the

744

00:32:17,150 --> 00:32:15,780

abduction scenarios except for oh the

745

00:32:18,800 --> 00:32:17,160

Parker Hickson

746

00:32:20,360 --> 00:32:18,810

which happened to Mississippi so I

747

00:32:23,290 --> 00:32:20,370

always had a particular interest in that

748

00:32:28,390 --> 00:32:23,300

and of course the hill abductions but

749

00:32:34,910 --> 00:32:28,400

that's that's probably the my least

750

00:32:37,070 --> 00:32:34,920

familiar territory and the the the some

751

00:32:40,520 --> 00:32:37,080

of the early cases like level in Texas

752

00:32:42,350 --> 00:32:40,530

some of these involve objects which were

753

00:32:48,470 --> 00:32:42,360

remotely similar to the cash line of

754

00:32:51,310 --> 00:32:48,480

case at a large egg-shaped you know it

755

00:32:54,710 --> 00:32:51,320

was either brilliant or are flaming and

756

00:32:56,390 --> 00:32:54,720

in those cases and there was also one in

757

00:33:00,050 --> 00:32:56,400

Loch Raven and I forget what state

758

00:33:05,290 --> 00:33:00,060

that's in that they affected automobile

759

00:33:08,420 --> 00:33:05,300

engines and and the people felt heat and

760

00:33:11,180 --> 00:33:08,430

thought they had a sunburn like symptoms

761

00:33:13,250 --> 00:33:11,190

so you know you have to wonder you know

762

00:33:15,170 --> 00:33:13,260

with the visual similarity and the

763

00:33:17,180 --> 00:33:15,180

similarity of symptoms if those couldn't

764

00:33:20,180 --> 00:33:17,190

be related and I mean and you know

765

00:33:23,840 --> 00:33:20,190

there's of course you like to look the

766

00:33:25,880 --> 00:33:23,850

frustrating thing in all UFOs cases is

767

00:33:27,110 --> 00:33:25,890

that coming up with that with adequate

768

00:33:29,300 --> 00:33:27,120

proof I mean there's a different

769

00:33:32,870 --> 00:33:29,310

experience you get credible witnesses

770

00:33:34,430 --> 00:33:32,880

but you know when you find proof or our

771

00:33:36,470 --> 00:33:34,440

evidence left behind you can't always

772

00:33:39,050 --> 00:33:36,480

piece it together sorry

773

00:33:40,430 --> 00:33:39,060

yeah well you know you think of like you

774

00:33:43,430 --> 00:33:40,440

just mentioned egg shaped like the

775

00:33:45,710 --> 00:33:43,440

Socorro incident is that one of the ones

776

00:33:47,600 --> 00:33:45,720

you're so there was a big flame that

777

00:33:49,759 --> 00:33:47,610

came out of that thing and he

778

00:33:52,279 --> 00:33:49,769

but not the but not the object itself

779

00:33:56,090 --> 00:33:52,289

and and that's an interesting - one -

780

00:33:58,610 --> 00:33:56,100

because well for example that the ones

781

00:34:03,680 --> 00:33:58,620

in Texas I just mentioned those did not

782

00:34:07,340 --> 00:34:03,690

have there were basically a far like

783

00:34:09,740 --> 00:34:07,350

shape but Socorro was a definite

784

00:34:12,290 --> 00:34:09,750

structure you know it had legs and

785

00:34:14,000 --> 00:34:12,300

apparently a hatch and and there was a

786

00:34:16,579 --> 00:34:14,010

symbol on it there's no mistaking that

787

00:34:18,680 --> 00:34:16,589

for a natural object I mean there's no

788

00:34:20,450 --> 00:34:18,690

confusion between those two that that's

789

00:34:23,780 --> 00:34:20,460

one case it's fascinating because it's a

790

00:34:29,750 --> 00:34:23,790

you know it's clearly an intelligently

791

00:34:31,550 --> 00:34:29,760

designed and manned craft and uh you

792

00:34:33,349 --> 00:34:31,560

know that's that's our our friend Chris

793

00:34:36,619 --> 00:34:33,359

Lambright that's a favor to his and he

794

00:34:40,639 --> 00:34:36,629

and interviewed officer Zamora and and

795

00:34:43,940 --> 00:34:40,649

uh that was I think a turning point dr.

796

00:34:47,169 --> 00:34:43,950

hynek's opinion about about UFOs that

797

00:34:50,869 --> 00:34:47,179

they couldn't all be mistakes of

798

00:34:53,809 --> 00:34:50,879

astronomical features and you know the

799

00:34:56,180 --> 00:34:53,819

the traces left behind you know some of

800

00:34:59,170 --> 00:34:56,190

some of them were ambiguous but you know

801
00:35:02,990 --> 00:34:59,180
he had a highly credible witness here

802
00:35:07,420 --> 00:35:03,000
right right and you know you talk about

803
00:35:10,670 --> 00:35:07,430
evidence and I speak with racing

804
00:35:12,470 --> 00:35:10,680
stanford who eventually i'm gonna meet

805
00:35:15,339 --> 00:35:12,480
and spend some time at his house down in

806
00:35:17,300 --> 00:35:15,349
baltimore and he was like right there

807
00:35:20,329 --> 00:35:17,310
about he was there at the same time

808
00:35:21,980 --> 00:35:20,339
Hynek was there and you know i think i

809
00:35:23,920 --> 00:35:21,990
might have mentioned this in a past

810
00:35:25,940 --> 00:35:23,930
podcast but if you read his book I

811
00:35:29,540 --> 00:35:25,950
forget what it's called the flying

812
00:35:31,099 --> 00:35:29,550
saucer Sakura whatever it is he actually

813
00:35:32,930 --> 00:35:31,109

picked up a rock that had metal

814

00:35:35,599 --> 00:35:32,940

scrapings on it you know he actually had

815

00:35:38,510 --> 00:35:35,609

the closest thing to evidence because it

816

00:35:40,099 --> 00:35:38,520

was right where the pad landed of one of

817

00:35:42,950 --> 00:35:40,109

the three legs that came down on that

818

00:35:45,349 --> 00:35:42,960

thing he had that actually in his hands

819

00:35:47,569 --> 00:35:45,359

at one time and and lost it through when

820

00:35:50,359 --> 00:35:47,579

he was getting it tested so they scraped

821

00:35:52,490 --> 00:35:50,369

it all off and it was gone oh Yad um

822

00:35:54,559 --> 00:35:52,500

I'll tell you you know that's that's a

823

00:35:58,609 --> 00:35:54,569

show I would love to hear he's he has

824

00:36:00,600 --> 00:35:58,619

spanned the ages I mean I I think a lot

825

00:36:03,920 --> 00:36:00,610

of times people forget about his con

826

00:36:08,130 --> 00:36:03,930

mission in the field just because he's

827

00:36:11,280 --> 00:36:08,140

not so involved in current research it's

828

00:36:13,770 --> 00:36:11,290

kind of isolating himself and Jesus only

829

00:36:18,240 --> 00:36:13,780

to discuss things with the number of

830

00:36:21,090 --> 00:36:18,250

people but he must have some great

831

00:36:23,580 --> 00:36:21,100

stories yes he's a it's a brilliant man

832

00:36:24,060 --> 00:36:23,590

he actually researches dinosaurs for a

833

00:36:26,520 --> 00:36:24,070

living

834

00:36:28,800 --> 00:36:26,530

I've seen I've seen that his name in the

835

00:36:30,930 --> 00:36:28,810

news about that he's discovered a number

836

00:36:34,290 --> 00:36:30,940

of fossils and tracks he found tracks

837

00:36:38,250 --> 00:36:34,300

right on the Beltway in Baltimore which

838

00:36:41,250 --> 00:36:38,260

is amazing hey someone was asking on on

839

00:36:50,300 --> 00:36:41,260

you the chatroom what is your opinion on

840

00:36:54,360 --> 00:36:50,310

disclosure have you thought about I have

841

00:37:00,990 --> 00:36:54,370

I'm I'm kind of I'm conflicted I'll get

842

00:37:04,140 --> 00:37:01,000

to be honest I've I've read a doctor at

843

00:37:05,580 --> 00:37:04,150

Alexander's book John Alexander an

844

00:37:09,450 --> 00:37:05,590

attendant agree with some of the things

845

00:37:11,820 --> 00:37:09,460

he said was that the government may not

846

00:37:15,960 --> 00:37:11,830

actually know very much and maybe their

847

00:37:20,520 --> 00:37:15,970

interest is focused on security you know

848

00:37:22,590 --> 00:37:20,530

that the Donnell Kehoe who introduced a

849

00:37:24,900 --> 00:37:22,600

lot of the world to UFOs it was his

850

00:37:26,490 --> 00:37:24,910

belief that the government didn't know

851
00:37:30,930 --> 00:37:26,500
what was going on they were hiding it

852
00:37:34,800 --> 00:37:30,940
from us but I'm not convinced I'm not

853
00:37:38,280 --> 00:37:34,810
convinced that they I'm not convinced

854
00:37:41,370 --> 00:37:38,290
that they they are part of a secret

855
00:37:43,950 --> 00:37:41,380
alliance with aliens or you know there's

856
00:37:46,050 --> 00:37:43,960
those things are interesting but I I

857
00:37:48,930 --> 00:37:46,060
just and also I don't think they're very

858
00:37:52,560 --> 00:37:48,940
good at keeping secrets it's possible

859
00:37:54,030 --> 00:37:52,570
and I'd like to know I'd like to know

860
00:37:55,530 --> 00:37:54,040
more about their they're certainly

861
00:37:57,390 --> 00:37:55,540
things that they haven't told us because

862
00:37:59,070 --> 00:37:57,400
it relates to military secrets or they

863
00:38:01,470 --> 00:37:59,080

think it does you know they're very

864

00:38:04,140 --> 00:38:01,480

cheesy about what they what's shared

865

00:38:06,360 --> 00:38:04,150

with this very protective of their

866

00:38:09,030 --> 00:38:06,370

operational policies and things whether

867

00:38:12,120 --> 00:38:09,040

and there's a lot of controversy over

868

00:38:13,599 --> 00:38:12,130

what they're learning about us but yeah

869

00:38:16,870 --> 00:38:13,609

I would like to know more

870

00:38:20,160 --> 00:38:16,880

I just don't think that they have the

871

00:38:24,430 --> 00:38:20,170

answers and I really think it's up to us

872

00:38:26,170 --> 00:38:24,440

researchers and to uh to do the work I

873

00:38:28,599 --> 00:38:26,180

mean he's just look typically how the

874

00:38:30,910 --> 00:38:28,609

government conducts research they the

875

00:38:33,099 --> 00:38:30,920

the outsource it they caught you know

876

00:38:36,039 --> 00:38:33,109

even dr. Hynek was contracted as an

877

00:38:38,200 --> 00:38:36,049

astronomer for the Air Force so you know

878

00:38:39,130 --> 00:38:38,210

they may buy the answers from someone

879

00:38:42,099 --> 00:38:39,140

but I don't think they have it

880

00:38:44,559 --> 00:38:42,109

themselves a lot of times I think that

881

00:38:47,950 --> 00:38:44,569

you know some part of the government

882

00:38:49,809 --> 00:38:47,960

might know that UFOs exist but maybe

883

00:38:53,410 --> 00:38:49,819

they're on the same page as us that they

884

00:38:54,579 --> 00:38:53,420

don't know what they are you know I you

885

00:38:57,029 --> 00:38:54,589

know because they're certainly still

886

00:39:00,039 --> 00:38:57,039

taking reports you know very quietly and

887

00:39:01,989 --> 00:39:00,049

involved in that you know even though

888

00:39:04,329 --> 00:39:01,999

they say they're not even in NORAD you

889

00:39:05,739 --> 00:39:04,339

know I mean you hear all these things

890

00:39:08,890 --> 00:39:05,749

where these papers i think john

891

00:39:12,609 --> 00:39:08,900

greenwald has uncovered some you know

892

00:39:14,680 --> 00:39:12,619

documents that they're still yes it was

893

00:39:18,729 --> 00:39:14,690

him and that they're still taking

894

00:39:21,339 --> 00:39:18,739

reports very quietly or documenting them

895

00:39:26,829 --> 00:39:21,349

well they have to there's there's always

896

00:39:29,710 --> 00:39:26,839

going to be an element of of just of a

897

00:39:32,920 --> 00:39:29,720

threat from whether whether it's a

898

00:39:34,420 --> 00:39:32,930

missile or an an enemy plane and but you

899

00:39:36,729 --> 00:39:34,430

know i certainly want to know if an

900

00:39:38,950 --> 00:39:36,739

alien or a time traveler or whatever it

901
00:39:45,190 --> 00:39:38,960
could be as peeping in on us or you know

902
00:39:48,880 --> 00:39:45,200
could be a threat but it's yeah it's

903
00:39:51,039 --> 00:39:48,890
it's unfortunate that that blue book

904
00:39:54,460 --> 00:39:51,049
went the way that it did I mean it was

905
00:39:56,829 --> 00:39:54,470
yeah some people say it was nothing more

906
00:40:01,210 --> 00:39:56,839
than in public relations art I don't

907
00:40:03,989 --> 00:40:01,220
know that that's true and but I wish

908
00:40:06,339 --> 00:40:03,999
that there was some some agency that to

909
00:40:07,779 --> 00:40:06,349
you know even if it was just a channel

910
00:40:10,749 --> 00:40:07,789
it into the private sector and help

911
00:40:14,319 --> 00:40:10,759
coordinate with with the with the groups

912
00:40:16,420 --> 00:40:14,329
sure I agree with that and you know you

913
00:40:19,150 --> 00:40:16,430

take a look at all the countries that

914

00:40:20,259 --> 00:40:19,160

take it seriously and unfortunately it's

915

00:40:25,089 --> 00:40:20,269

hard to do this show at eight o'clock

916

00:40:26,739 --> 00:40:25,099

and Eastern Time New York time when we

917

00:40:27,370 --> 00:40:26,749

have people like for instance I would

918

00:40:31,480 --> 00:40:27,380

like to

919

00:40:32,769 --> 00:40:31,490

a clasp on back on in Sweden because you

920

00:40:35,680 --> 00:40:32,779

know that's another country that takes

921

00:40:37,900 --> 00:40:35,690

things seriously there's no ridicule or

922

00:40:42,130 --> 00:40:37,910

very little ridicule about it in Brazil

923

00:40:44,380 --> 00:40:42,140

and you know on France you know all

924

00:40:46,329 --> 00:40:44,390

these countries have a little section

925

00:40:48,519 --> 00:40:46,339

that it's paying attention to this and

926
00:40:51,490 --> 00:40:48,529
you know want to know more about it

927
00:40:53,380 --> 00:40:51,500
and Jose la I really enjoyed speaking

928
00:40:55,029 --> 00:40:53,390
with him a number of times at a

929
00:40:58,150 --> 00:40:55,039
conference and actually you know

930
00:41:00,940 --> 00:40:58,160
interviewing him and how serious Brazil

931
00:41:03,370 --> 00:41:00,950
takes this whole thing and it doesn't

932
00:41:06,490 --> 00:41:03,380
have to be you know tomfoolery it can be

933
00:41:09,249 --> 00:41:06,500
studied scientifically and looked at

934
00:41:10,960 --> 00:41:09,259
because it's something's going on and

935
00:41:13,539 --> 00:41:10,970
you would think that when these

936
00:41:17,769 --> 00:41:13,549
countries do take it seriously that it

937
00:41:19,569 --> 00:41:17,779
would eventually rub off and and someone

938
00:41:23,259 --> 00:41:19,579

would start talking about it here in

939

00:41:24,970 --> 00:41:23,269

this country in the government oh I did

940

00:41:27,609 --> 00:41:24,980

that reminded me of a couple things one

941

00:41:29,890 --> 00:41:27,619

is I saw that Leslie Kane is touring in

942

00:41:31,329 --> 00:41:29,900

France promoting her book and apparently

943

00:41:33,940 --> 00:41:31,339

has been very well-received they're

944

00:41:37,420 --> 00:41:33,950

saying there they're taking things

945

00:41:41,259 --> 00:41:37,430

seriously and yeah the other thing that

946

00:41:43,150 --> 00:41:41,269

reminded me of is the one of the tools

947

00:41:44,980 --> 00:41:43,160

that I'm used quite heavily in the

948

00:41:47,440 --> 00:41:44,990

research that I've done it has been the

949

00:41:50,319 --> 00:41:47,450

internet and I've heard a Kevin Randle

950

00:41:53,710 --> 00:41:50,329

mentioned that that was something that

951
00:41:55,749 --> 00:41:53,720
did you know he wishes he could I guess

952
00:41:57,519 --> 00:41:55,759
kind of move it back in time so that it

953
00:42:00,069 --> 00:41:57,529
had some of those resources available

954
00:42:02,980 --> 00:42:00,079
and so often you can you can pull a

955
00:42:04,720 --> 00:42:02,990
document in it and you know from my own

956
00:42:07,870 --> 00:42:04,730
research I can telling you absolutely

957
00:42:10,299 --> 00:42:07,880
cannot find everything you want but it

958
00:42:13,059 --> 00:42:10,309
that you can the things that you can

959
00:42:15,279 --> 00:42:13,069
find quickly and then identify what else

960
00:42:18,359 --> 00:42:15,289
what are the documents you need you know

961
00:42:22,900 --> 00:42:18,369
that is such a huge savings of time and

962
00:42:24,789 --> 00:42:22,910
and besides that you're able to to

963
00:42:27,069 --> 00:42:24,799

contact other researchers to share

964

00:42:29,710 --> 00:42:27,079

information and when you were talking

965

00:42:33,130 --> 00:42:29,720

about international interests I've got

966

00:42:35,769 --> 00:42:33,140

email pen pals around the world and some

967

00:42:37,410 --> 00:42:35,779

are skeptics some are believers and it's

968

00:42:39,700 --> 00:42:37,420

just just to be able to instantly

969

00:42:40,720 --> 00:42:39,710

communicate with them well sometimes

970

00:42:43,030 --> 00:42:40,730

with help of a trainer

971

00:42:47,080 --> 00:42:43,040

later but still you know that it's just

972

00:42:50,230 --> 00:42:47,090

a mazing resource and there's a I've got

973

00:42:52,770 --> 00:42:50,240

a Russian friend in several times he has

974

00:42:55,870 --> 00:42:52,780

an immense UFO library and I've had him

975

00:42:57,580 --> 00:42:55,880

scan documents you know it's it's

976

00:43:00,460 --> 00:42:57,590

strange to think that you know to find

977

00:43:01,870 --> 00:43:00,470

out on an old a pro or MUFON report that

978

00:43:05,530 --> 00:43:01,880

I have to go to Russia to get it but

979

00:43:07,750 --> 00:43:05,540

sometimes that's the fastest way about

980

00:43:11,410 --> 00:43:07,760

that yes I have I have some connections

981

00:43:13,330 --> 00:43:11,420

in Russia and you know they they they're

982

00:43:15,790 --> 00:43:13,340

sort of for the most part you know

983

00:43:19,420 --> 00:43:15,800

Russia's extremely large a huge country

984

00:43:23,260 --> 00:43:19,430

and but they they take it more or less

985

00:43:24,970 --> 00:43:23,270

serious for the most part and I don't

986

00:43:27,010 --> 00:43:24,980

know if you heard about this about the

987

00:43:29,620 --> 00:43:27,020

Ukraine that did you happen to see the

988

00:43:31,270 --> 00:43:29,630

video of the big cylinder shaped UFO

989

00:43:35,020 --> 00:43:31,280

that went over the you carrying right

990

00:43:41,110 --> 00:43:35,030

right near I can't remember how you say

991

00:43:43,930 --> 00:43:41,120

Crimea no you know what I mean no I

992

00:43:46,060 --> 00:43:43,940

haven't seen that no yeah how recent is

993

00:43:47,350 --> 00:43:46,070

that oh that was a few weeks ago that

994

00:43:50,170 --> 00:43:47,360

happened I believe okay

995

00:43:52,690 --> 00:43:50,180

yeah I'm tied to tell you I'm I'm

996

00:43:54,340 --> 00:43:52,700

finally allergic to YouTube videos I

997

00:44:01,690 --> 00:43:54,350

have to wait until I get a personal

998

00:44:03,880 --> 00:44:01,700

recommendation its YouTube is

999

00:44:05,140 --> 00:44:03,890

unfortunately it's a it's a double-edged

1000

00:44:08,290 --> 00:44:05,150

sword

1001
00:44:10,840 --> 00:44:08,300
there's there's what happens is all the

1002
00:44:14,350 --> 00:44:10,850
trash that's it's muddies the water of

1003
00:44:16,270 --> 00:44:14,360
the legitimate ones you know it's it's

1004
00:44:18,700 --> 00:44:16,280
too bad because there there are a lot of

1005
00:44:20,650 --> 00:44:18,710
good videos on there but there's also a

1006
00:44:22,390 --> 00:44:20,660
lot of people either trying to make a

1007
00:44:27,310 --> 00:44:22,400
name for themselves or having fun with

1008
00:44:29,770 --> 00:44:27,320
CGI or you know it's it's a shame and

1009
00:44:32,860 --> 00:44:29,780
then you know I'm just gonna plain say

1010
00:44:34,540 --> 00:44:32,870
this third phase of the Moon you want to

1011
00:44:36,820 --> 00:44:34,550
stay away from all the listeners I'm

1012
00:44:39,060 --> 00:44:36,830
just telling you that's there's a lot of

1013
00:44:43,180 --> 00:44:39,070

bogus videos that they put on that and

1014

00:44:46,180 --> 00:44:43,190

you know he consumed me if he wants but

1015

00:44:49,510 --> 00:44:46,190

I think he's just a big BS er and it's a

1016

00:44:51,400 --> 00:44:49,520

big problem well I've checked that out I

1017

00:44:53,440 --> 00:44:51,410

agree with you if he soon you I guess

1018

00:44:54,560 --> 00:44:53,450

I'll see sitting next to you at the

1019

00:44:58,850 --> 00:44:54,570

table in court

1020

00:45:00,650 --> 00:44:58,860

I totally agree with that the the the

1021

00:45:02,600 --> 00:45:00,660

one thing I was saying about them is

1022

00:45:06,230 --> 00:45:02,610

that a couple of times they've had

1023

00:45:08,920 --> 00:45:06,240

people like Stanton Friedman up here on

1024

00:45:11,540 --> 00:45:08,930

their show or do a video of them and

1025

00:45:13,940 --> 00:45:11,550

that is my only exception I will

1026

00:45:16,550 --> 00:45:13,950

sometimes check and I don't know how a

1027

00:45:18,290 --> 00:45:16,560

legitimate person ever winds up getting

1028

00:45:20,750 --> 00:45:18,300

connected with them but it has happened

1029

00:45:24,050 --> 00:45:20,760

a few times and I listened to the Oh

1030

00:45:26,900 --> 00:45:24,060

what if you do watch a video even with

1031

00:45:28,430 --> 00:45:26,910

the reputable person just don't look at

1032

00:45:30,230 --> 00:45:28,440

the screen because there's gonna be some

1033

00:45:35,390 --> 00:45:30,240

blown pictures up just listen to the

1034

00:45:38,630 --> 00:45:35,400

speaker yeah yeah what are the you know

1035

00:45:42,350 --> 00:45:38,640

along these lines what do you think

1036

00:45:44,600 --> 00:45:42,360

people do hoax you know what is it that

1037

00:45:46,490 --> 00:45:44,610

what is it kind of like the same type of

1038

00:45:49,640 --> 00:45:46,500

people that write viruses for computers

1039

00:45:51,620 --> 00:45:49,650

do you think oh well that's you know

1040

00:45:53,720 --> 00:45:51,630

that's that's kind of a malicious thing

1041

00:45:56,690 --> 00:45:53,730

but well you know I've actually thought

1042

00:45:59,090 --> 00:45:56,700

about hoaxes there's quite a bit in fact

1043

00:46:01,870 --> 00:45:59,100

I had a friend who had committed a few

1044

00:46:05,890 --> 00:46:01,880

hoaxes when he was young and and

1045

00:46:11,330 --> 00:46:05,900

irresponsible that was does Joe Mosely

1046

00:46:12,950 --> 00:46:11,340

I've examined yeah I'm not going done a

1047

00:46:14,540 --> 00:46:12,960

formal study this but I think there's a

1048

00:46:17,180 --> 00:46:14,550

few types and the ones that used

1049

00:46:20,330 --> 00:46:17,190

compared to viruses I think some of them

1050

00:46:23,840 --> 00:46:20,340

are kinda like power maniacs they they

1051

00:46:26,420 --> 00:46:23,850

enjoy start in trouble and seeing what

1052

00:46:28,310 --> 00:46:26,430

happens you know and in but I think

1053

00:46:35,270 --> 00:46:28,320

they're also egotistical and they want

1054

00:46:38,780 --> 00:46:35,280

to claim credit for it the in hoax and

1055

00:46:42,560 --> 00:46:38,790

you know some other people are you know

1056

00:46:45,770 --> 00:46:42,570

do wanna draw attention to themselves I

1057

00:46:48,710 --> 00:46:45,780

mean in the butt but hoaxes in by no

1058

00:46:53,990 --> 00:46:48,720

means you need to the UFO field in fact

1059

00:46:57,200 --> 00:46:54,000

I think the paranormal field the the

1060

00:46:59,450 --> 00:46:57,210

hoax in there you began way back I mean

1061

00:47:04,910 --> 00:46:59,460

you know probably before the nineteen

1062

00:47:07,310 --> 00:47:04,920

hundreds I could you know probably it

1063

00:47:08,600 --> 00:47:07,320

probably from the beginning of time you

1064

00:47:10,910 --> 00:47:08,610

know really the

1065

00:47:13,280 --> 00:47:10,920

there's you know the people selling

1066

00:47:17,210 --> 00:47:13,290

medicines on you know I mean on the on

1067

00:47:20,270 --> 00:47:17,220

the stumps and the soap boxes and you

1068

00:47:23,270 --> 00:47:20,280

know there's always some type of hoax in

1069

00:47:26,690 --> 00:47:23,280

going on well I'm glad you mentioned I'm

1070

00:47:29,660 --> 00:47:26,700

glad you mention that because that fraud

1071

00:47:33,530 --> 00:47:29,670

and monetary gain that that's one thing

1072

00:47:35,330 --> 00:47:33,540

but you know some other people are you

1073

00:47:37,160 --> 00:47:35,340

know they're trying to make a buck off

1074

00:47:39,050 --> 00:47:37,170

it and there you could you could go

1075

00:47:40,610 --> 00:47:39,060

through what the history ufology and

1076

00:47:44,630 --> 00:47:40,620

pick out some of those one of them is

1077

00:47:48,370 --> 00:47:44,640

the famous Aztec crash Silas Newton and

1078

00:47:52,310 --> 00:47:48,380

dr. G and they they were promoting this

1079

00:47:55,520 --> 00:47:52,320

the UFO crash as a way to sell these

1080

00:47:57,890 --> 00:47:55,530

fake instruments to detect all they

1081

00:48:00,950 --> 00:47:57,900

claimed to have used the magnetic

1082

00:48:03,950 --> 00:48:00,960

devices from the recovered UFO

1083

00:48:08,450 --> 00:48:03,960

technology to make all detectors

1084

00:48:11,030 --> 00:48:08,460

basically and you know they're fakes

1085

00:48:12,830 --> 00:48:11,040

like that that are cashing in there was

1086

00:48:14,660 --> 00:48:12,840

there was one guy I think it was buck

1087

00:48:17,510 --> 00:48:14,670

Nelson and he claims have gone to outer

1088

00:48:19,460 --> 00:48:17,520

space and he had a I can't remove of his

1089

00:48:21,770 --> 00:48:19,470

dong he claims his dog was from outer

1090

00:48:23,540 --> 00:48:21,780

space and going with him anyway he sold

1091

00:48:26,540 --> 00:48:23,550

clippings of his dog's hair and

1092

00:48:29,690 --> 00:48:26,550

souvenirs and you know just some

1093

00:48:31,250 --> 00:48:29,700

off-the-wall things like that um you

1094

00:48:31,850 --> 00:48:31,260

know these lines I'd like to say

1095

00:48:34,610 --> 00:48:31,860

something

1096

00:48:39,910 --> 00:48:34,620

since I already trashed your third phase

1097

00:48:42,380 --> 00:48:39,920

of the Moon you know it seems to me that

1098

00:48:44,570 --> 00:48:42,390

some sometimes I can get a little bit

1099

00:48:47,260 --> 00:48:44,580

discouraged in this field and it seems

1100

00:48:51,050 --> 00:48:47,270

to me that the crazier and more

1101
00:48:56,990 --> 00:48:51,060
outrageous someone becomes in this field

1102
00:49:01,520 --> 00:48:57,000
the more followers they have well you

1103
00:49:03,770 --> 00:49:01,530
have a good point from one thing well

1104
00:49:06,580 --> 00:49:03,780
one of my favorite UFO sightings just to

1105
00:49:09,860 --> 00:49:06,590
provide contrast was Charles beam or

1106
00:49:11,930 --> 00:49:09,870
1949 April he's uh

1107
00:49:17,880 --> 00:49:11,940
he's launching weather balloons with it

1108
00:49:22,140 --> 00:49:19,920
a sphere no it wasn't really spherical

1109
00:49:24,240 --> 00:49:22,150
it was it was like a flat oval thing

1110
00:49:25,830 --> 00:49:24,250
flying across them they're looking at I

1111
00:49:27,690 --> 00:49:25,840
forget what the name of the device is

1112
00:49:30,270 --> 00:49:27,700
but basically it's a telescope to

1113
00:49:31,950 --> 00:49:30,280

observe things like weather balloons and

1114

00:49:33,510 --> 00:49:31,960

such so I mean you have a scientific

1115

00:49:36,270 --> 00:49:33,520

instrument that he's watching this

1116

00:49:38,340 --> 00:49:36,280

through and it goes it goes across the

1117

00:49:41,550 --> 00:49:38,350

sky door huge right of speed and then

1118

00:49:43,260 --> 00:49:41,560

goes upwards well the thing is this I

1119

00:49:45,930 --> 00:49:43,270

can't remember but you know we're

1120

00:49:48,000 --> 00:49:45,940

talking about maybe a minute or so was

1121

00:49:51,150 --> 00:49:48,010

it's an incredible signing it's

1122

00:49:53,400 --> 00:49:51,160

something unearthly but you know it's

1123

00:49:56,960 --> 00:49:53,410

it's over and done and it's not

1124

00:49:59,730 --> 00:49:56,970

interesting as a story and then you get

1125

00:50:02,700 --> 00:49:59,740

something like a George Adamski and he

1126
00:50:06,900 --> 00:50:02,710
meets a spaceman and communicates with

1127
00:50:08,520 --> 00:50:06,910
him telepathically and it's this long

1128
00:50:10,680 --> 00:50:08,530
involved story and usually the guys

1129
00:50:13,230 --> 00:50:10,690
right there at the center of it and in a

1130
00:50:17,970 --> 00:50:13,240
lot of times he continues to have a

1131
00:50:21,180 --> 00:50:17,980
series of adventures and it's it's a

1132
00:50:24,780 --> 00:50:21,190
good story that's the difference right

1133
00:50:28,350 --> 00:50:24,790
right you know but there are people in

1134
00:50:29,790 --> 00:50:28,360
this field you know there's there's

1135
00:50:32,280 --> 00:50:29,800
someone right now going through some

1136
00:50:34,860 --> 00:50:32,290
court trouble I was in big trouble and

1137
00:50:37,380 --> 00:50:34,870
you know he's got a lot of support and

1138
00:50:39,390 --> 00:50:37,390

he's blaming things of course on the

1139

00:50:41,850 --> 00:50:39,400

government and his wife is right you

1140

00:50:45,090 --> 00:50:41,860

know that is back with it

1141

00:50:46,710 --> 00:50:45,100

and then you know they just have a huge

1142

00:50:48,120 --> 00:50:46,720

amount of followers and the people out

1143

00:50:50,610 --> 00:50:48,130

there that are doing the serious work

1144

00:50:53,910 --> 00:50:50,620

they're people like like Stan you talked

1145

00:50:55,610 --> 00:50:53,920

about earlier you know someone like him

1146

00:50:59,220 --> 00:50:55,620

I think deserves a lot of people

1147

00:51:01,410 --> 00:50:59,230

listening to him and you know paying

1148

00:51:03,540 --> 00:51:01,420

attention to him but these people that

1149

00:51:05,520 --> 00:51:03,550

come up like you just mentioned a demske

1150

00:51:07,560 --> 00:51:05,530

you know I mean people like that they

1151
00:51:09,810 --> 00:51:07,570
had all the it's kind of like a cult you

1152
00:51:12,930 --> 00:51:09,820
know there's only other way I can think

1153
00:51:14,640 --> 00:51:12,940
of it and you know we pick on dr. Steven

1154
00:51:17,430 --> 00:51:14,650
Greer you know and a lot of people give

1155
00:51:20,250 --> 00:51:17,440
me a hate mail after I do that but you

1156
00:51:21,120 --> 00:51:20,260
know he's a very intelligent man he's

1157
00:51:26,010 --> 00:51:21,130
well-spoken

1158
00:51:28,730 --> 00:51:26,020
but he can go down those paths that you

1159
00:51:30,700 --> 00:51:28,740
know are just outrageous you know

1160
00:51:34,000 --> 00:51:30,710
ambassador of the universe

1161
00:51:36,190 --> 00:51:34,010
and bringing in you know summoning in

1162
00:51:39,130 --> 00:51:36,200
crafts and all that it's pretty

1163
00:51:40,990 --> 00:51:39,140

outrageous well I don't want to drag

1164

00:51:47,200 --> 00:51:41,000

myself into this example I'm about to

1165

00:51:50,620 --> 00:51:47,210

bring up but the the things that a lot

1166

00:51:52,270 --> 00:51:50,630

of times the charlatans are the ones

1167

00:51:54,430 --> 00:51:52,280

that are demonstrating the personality

1168

00:51:58,030 --> 00:51:54,440

and charisma and everything so you know

1169

00:52:00,430 --> 00:51:58,040

and dr. Hynek had a had a beard and in a

1170

00:52:02,830 --> 00:52:00,440

pie but he wasn't really a fireball in

1171

00:52:06,550 --> 00:52:02,840

the personality department so so maybe

1172

00:52:07,150 --> 00:52:06,560

just in your view little yarn stick look

1173

00:52:09,250 --> 00:52:07,160

at them

1174

00:52:13,120 --> 00:52:09,260

you know the dull guys are probably

1175

00:52:15,550 --> 00:52:13,130

doing the real research that's right you

1176
00:52:16,150 --> 00:52:15,560
know that sad to say but you're probably

1177
00:52:20,020 --> 00:52:16,160
right

1178
00:52:21,700 --> 00:52:20,030
thing with you know true scientists a

1179
00:52:23,560 --> 00:52:21,710
lot of true scientists aren't some of

1180
00:52:25,720 --> 00:52:23,570
you you know I mean that are really

1181
00:52:27,880 --> 00:52:25,730
intense and they're so involved in what

1182
00:52:31,180 --> 00:52:27,890
they're doing they don't you know really

1183
00:52:33,460 --> 00:52:31,190
focus too much on the social parts we

1184
00:52:36,340 --> 00:52:33,470
have about four minutes left to this

1185
00:52:40,000 --> 00:52:36,350
show and I'm just looking to see if we

1186
00:52:43,360 --> 00:52:40,010
have any someone was asking a little bit

1187
00:52:45,250 --> 00:52:43,370
earlier on Lee was asking him was there

1188
00:52:48,280 --> 00:52:45,260

a point where you were skeptical about

1189

00:52:52,090 --> 00:52:48,290

the UFO field to begin with and what if

1190

00:52:56,380 --> 00:52:52,100

so what made you turn into you know

1191

00:52:59,640 --> 00:52:56,390

taking it more seriously mm-hmm well I'm

1192

00:53:02,800 --> 00:52:59,650

still skeptical I want I won't prove and

1193

00:53:05,230 --> 00:53:02,810

there are a lot of things that I I guess

1194

00:53:09,580 --> 00:53:05,240

I just kind of have to to keep an open

1195

00:53:13,860 --> 00:53:09,590

mind about but you know I believe in the

1196

00:53:17,830 --> 00:53:13,870

possibilities and I don't take

1197

00:53:21,010 --> 00:53:17,840

everyone's word for anything I try to

1198

00:53:22,870 --> 00:53:21,020

have to I just hate to say that I really

1199

00:53:24,550 --> 00:53:22,880

rely on the way things sound and feel

1200

00:53:27,880 --> 00:53:24,560

but a lot of times it is a gut reaction

1201
00:53:30,340 --> 00:53:27,890
and yeah but but I like the things that

1202
00:53:33,340 --> 00:53:30,350
can actually be investigated I don't

1203
00:53:35,710 --> 00:53:33,350
like just I prefer not to deal with

1204
00:53:37,750 --> 00:53:35,720
stories where where someone's going and

1205
00:53:41,110 --> 00:53:37,760
they've seen something I mean it's

1206
00:53:42,910 --> 00:53:41,120
almost some of you have yeah I get

1207
00:53:43,830 --> 00:53:42,920
excited about this the ones that are the

1208
00:53:47,110 --> 00:53:43,840
most first try

1209
00:53:51,150 --> 00:53:47,120
they could almost be spiritual visions

1210
00:53:53,770 --> 00:53:51,160
because there's nothing to investigate

1211
00:53:56,380 --> 00:53:53,780
exactly exactly

1212
00:53:58,090 --> 00:53:56,390
let's see Peggy wanted to know are there

1213
00:53:59,980 --> 00:53:58,100

any current cases that you know we only

1214

00:54:01,720 --> 00:53:59,990

have a couple minutes left but are there

1215

00:54:07,900 --> 00:54:01,730

any current cases that are ongoing right

1216

00:54:12,010 --> 00:54:07,910

now that interest you you could say no

1217

00:54:14,970 --> 00:54:12,020

no well okay let's those I'm interested

1218

00:54:17,950 --> 00:54:14,980

but not following closely I and the the

1219

00:54:19,330 --> 00:54:17,960

black trying triangles continue to

1220

00:54:21,310 --> 00:54:19,340

fascinate me but I haven't found

1221

00:54:25,450 --> 00:54:21,320

anything and I could sink my teeth into

1222

00:54:27,490 --> 00:54:25,460

there right right yes that that is one

1223

00:54:29,500 --> 00:54:27,500

that fascinates me too and there's I

1224

00:54:31,480 --> 00:54:29,510

forget that gentleman's name that has

1225

00:54:34,840 --> 00:54:31,490

written a book on the black triangles

1226

00:54:36,880 --> 00:54:34,850

that one is interesting in you know

1227

00:54:40,120 --> 00:54:36,890

getting me fascinated because you hear

1228

00:54:45,060 --> 00:54:40,130

so many similar cases and I would love

1229

00:54:49,710 --> 00:54:48,520

so Curt where can someone find you on

1230

00:54:53,200 --> 00:54:49,720

the Internet

1231

00:54:57,730 --> 00:54:53,210

I've got I've got a site called Blue

1232

00:54:59,170 --> 00:54:57,740

Boar Alliance calm and I've got now

1233

00:55:01,540 --> 00:54:59,180

that's going to be 90 percent

1234

00:55:03,880 --> 00:55:01,550

information on the cash Landrum case but

1235

00:55:07,270 --> 00:55:03,890

the thing that I feel that's important

1236

00:55:09,340 --> 00:55:07,280

about this is it there I'm looking into

1237

00:55:11,590 --> 00:55:09,350

not just the case itself but the way

1238

00:55:13,480 --> 00:55:11,600

that was investigated and I think that

1239

00:55:16,210 --> 00:55:13,490

there's also the issue of military

1240

00:55:18,820 --> 00:55:16,220

secrecy so whatever's going on here I

1241

00:55:21,190 --> 00:55:18,830

think this is why I focused on it is it

1242

00:55:24,250 --> 00:55:21,200

it applies to a lot of other UFO cases

1243

00:55:25,840 --> 00:55:24,260

so I think that you know getting getting

1244

00:55:27,610 --> 00:55:25,850

to the bottom of this or at least

1245

00:55:29,520 --> 00:55:27,620

understanding a little better you know

1246

00:55:32,230 --> 00:55:29,530

it can be applied to many other things

1247

00:55:34,690 --> 00:55:32,240

uh-huh you know Peggy just said there

1248

00:55:38,710 --> 00:55:34,700

were a couple of about 20 reports of

1249

00:55:42,460 --> 00:55:38,720

boomerang and triangle sites just today

1250

00:55:46,090 --> 00:55:42,470

on MUFON so yeah they seem to be the

1251

00:55:50,380 --> 00:55:46,100

goin vehicle of the the choice craft of

1252

00:55:54,510 --> 00:55:50,390

whatever's visiting us you know it's so

1253

00:55:57,060 --> 00:55:54,520

interesting I just wonder if and the if

1254

00:55:59,460 --> 00:55:57,070

if it's a trend

1255

00:56:01,650 --> 00:55:59,470

you know if it's almost like if you hear

1256

00:56:03,510 --> 00:56:01,660

a new word learn it all of a sudden you

1257

00:56:06,600 --> 00:56:03,520

hear it everywhere is it it's all remain

1258

00:56:08,760 --> 00:56:06,610

kind of conditioned to to notice that is

1259

00:56:10,350 --> 00:56:08,770

it when we were looking when we're just

1260

00:56:13,290 --> 00:56:10,360

looking for the wrong thing we're only

1261

00:56:15,690 --> 00:56:13,300

looking for saucers or our cylinders but

1262

00:56:17,370 --> 00:56:15,700

there aren't there people going back and

1263

00:56:19,320 --> 00:56:17,380

looked and have found some older

1264

00:56:21,720 --> 00:56:19,330

triangle signings but you know it

1265
