

1  
00:00:03,990 --> 00:00:02,869  
hits me oh my gosh this is that triangle

2  
00:00:05,430 --> 00:00:04,000  
you know there's explanation for

3  
00:00:06,070 --> 00:00:05,440  
everything that occurred in the rendel

4  
00:00:08,230 --> 00:00:06,080  
champions

5  
00:00:10,549 --> 00:00:08,240  
incident that doesn't involve aliens at

6  
00:00:13,990 --> 00:00:10,559  
all it was completely silent

7  
00:00:16,230 --> 00:00:14,000  
it comes right over our heads he saw a

8  
00:00:18,070 --> 00:00:16,240  
classic flying saucer really standing in

9  
00:00:19,590 --> 00:00:18,080  
the clearing he turned over to my father

10  
00:00:24,950 --> 00:00:19,600  
and held his hand and he looked in his

11  
00:00:30,630 --> 00:00:28,390  
welcome to podcast ufo for our live show

12  
00:00:32,950 --> 00:00:30,640  
we're live every wednesday at 8 pm

13  
00:00:34,229 --> 00:00:32,960

eastern standard time on the dark matter

14

00:00:37,069 --> 00:00:34,239

radio network

15

00:00:38,470 --> 00:00:37,079

please remember to visit the website

16

00:00:41,670 --> 00:00:38,480

podcastufo.com

17

00:00:43,670 --> 00:00:41,680

for past episodes blogs and forums

18

00:00:45,430 --> 00:00:43,680

during the show feel free to participate

19

00:00:47,590 --> 00:00:45,440

live in our chat room

20

00:00:49,590 --> 00:00:47,600

and don't forget to like us on our very

21

00:00:51,430 --> 00:00:49,600

active facebook page

22

00:00:53,029 --> 00:00:51,440

hello and welcome to the show i'm martin

23

00:00:55,110 --> 00:00:53,039

willis your host well

24

00:00:56,790 --> 00:00:55,120

a little bit handicapped here i hope

25

00:00:58,709 --> 00:00:56,800

things go well because we lost

26

00:01:01,349 --> 00:00:58,719

internet in my office and i had to run

27

00:01:02,950 --> 00:01:01,359

to a hotel that's how dedicated i am

28

00:01:05,509 --> 00:01:02,960

but i might not be able to go in the

29

00:01:07,190 --> 00:01:05,519

chat room because the internet here is

30

00:01:08,870 --> 00:01:07,200

not so good we're hoping it hangs in

31

00:01:09,670 --> 00:01:08,880

there tonight we have a great guest

32

00:01:12,390 --> 00:01:09,680

lined up

33

00:01:14,230 --> 00:01:12,400

jesse marcel the third but before that

34

00:01:14,870 --> 00:01:14,240

we have an astronomy clip with andy

35

00:01:17,670 --> 00:01:14,880

fleming

36

00:01:19,670 --> 00:01:17,680

on our magnetosphere which uh you

37

00:01:22,870 --> 00:01:19,680

probably know that has to do with saving

38

00:01:24,230 --> 00:01:22,880

us from being fried by the sun like mars

39

00:01:26,630 --> 00:01:24,240

probably went through

40

00:01:28,950 --> 00:01:26,640

it may have even had life at one point

41

00:01:30,950 --> 00:01:28,960

but uh lost all its atmosphere in that

42

00:01:32,870 --> 00:01:30,960

we hope never happens to us our

43

00:01:35,510 --> 00:01:32,880

newscaster john tobin and i

44

00:01:37,749 --> 00:01:35,520

actually recorded a session last night

45

00:01:39,910 --> 00:01:37,759

for the ufo news

46

00:01:41,190 --> 00:01:39,920

and our audio systems had some type of

47

00:01:43,590 --> 00:01:41,200

allergic reaction

48

00:01:44,469 --> 00:01:43,600

to each other it was either that or he

49

00:01:46,630 --> 00:01:44,479

was making

50

00:01:48,230 --> 00:01:46,640

a blender full of frozen margaritas and

51

00:01:51,510 --> 00:01:48,240

just not telling me about it

52

00:01:53,270 --> 00:01:51,520

but anyway here is the clip from andy

53

00:01:56,630 --> 00:01:53,280

fleming in the uk

54

00:01:59,670 --> 00:01:56,640

on the earth's magnetosphere

55

00:02:01,789 --> 00:01:59,680

hello martin and listeners

56

00:02:03,030 --> 00:02:01,799

today we're taking a look at the

57

00:02:05,429 --> 00:02:03,040

magnetosphere

58

00:02:07,190 --> 00:02:05,439

which is a protective field that extends

59

00:02:10,710 --> 00:02:07,200

for thousands of miles

60

00:02:13,990 --> 00:02:10,720

into space its magnetism affects

61

00:02:17,110 --> 00:02:14,000

everything from global communication

62

00:02:19,190 --> 00:02:17,120

to weather patterns created by the

63

00:02:22,070 --> 00:02:19,200

earth's spinning molten core

64

00:02:23,270 --> 00:02:22,080

its existence means the charged

65

00:02:25,589 --> 00:02:23,280

particles

66

00:02:26,550 --> 00:02:25,599

of the solar wind are unable to cross

67

00:02:29,589 --> 00:02:26,560

the magnetic

68

00:02:31,990 --> 00:02:29,599

field lines and are deflected around the

69

00:02:34,229 --> 00:02:32,000

earth towards the poles

70

00:02:35,910 --> 00:02:34,239

now this causes beautiful auroras

71

00:02:38,710 --> 00:02:35,920

sometimes appearing far

72

00:02:40,630 --> 00:02:38,720

south of their indigenous polar regions

73

00:02:41,350 --> 00:02:40,640

like the recent displays in the middle

74

00:02:44,550 --> 00:02:41,360

latitude

75

00:02:47,589 --> 00:02:44,560

zones this life-protecting

76

00:02:50,630 --> 00:02:47,599

magnetic field has decreased

77

00:02:53,509 --> 00:02:50,640

by 15 percent over the last two

78

00:02:55,190 --> 00:02:53,519

centuries now some scientists think this

79

00:02:57,110 --> 00:02:55,200

could be an indication that the earth's

80

00:02:57,990 --> 00:02:57,120

poles are about to exhibit a long

81

00:03:01,270 --> 00:02:58,000

overdue

82

00:03:03,430 --> 00:03:01,280

flip the earth would be exposed to ozone

83

00:03:06,070 --> 00:03:03,440

layer damaging solar wind

84

00:03:08,390 --> 00:03:06,080

while power supplies will be wiped out

85

00:03:11,509 --> 00:03:08,400

the climate is changed and

86

00:03:12,390 --> 00:03:11,519

cancer rates i'm afraid would rock it a

87

00:03:14,750 --> 00:03:12,400

recent

88

00:03:16,149 --> 00:03:14,760

danish study concludes that the

89

00:03:19,670 --> 00:03:16,159

magnetosphere has

90

00:03:22,949 --> 00:03:19,680

far more influence on climate change

91

00:03:25,910 --> 00:03:22,959

than carbon dioxide levels and

92

00:03:27,589 --> 00:03:25,920

says the earth is experiencing a natural

93

00:03:31,030 --> 00:03:27,599

period of low cloud

94

00:03:33,910 --> 00:03:31,040

cover due to fewer cosmic rays

95

00:03:34,309 --> 00:03:33,920

entering the atmosphere in november last

96

00:03:36,710 --> 00:03:34,319

year

97

00:03:38,710 --> 00:03:36,720

three spacecraft were launched as part

98

00:03:41,910 --> 00:03:38,720

of the swarm mission

99

00:03:42,710 --> 00:03:41,920

to uncover the threat of magnetic field

100

00:03:45,509 --> 00:03:42,720

change

101  
00:03:46,070 --> 00:03:45,519  
and map it more accurately historic

102  
00:03:48,229 --> 00:03:46,080  
evidence

103  
00:03:50,149 --> 00:03:48,239  
shows how dramatically the field has

104  
00:03:53,190 --> 00:03:50,159  
decreased and it appears that

105  
00:03:56,630 --> 00:03:53,200  
every few hundred thousand years the

106  
00:04:00,470 --> 00:03:56,640  
polarity kind of flips so compass

107  
00:04:03,190 --> 00:04:00,480  
would point south instead of north

108  
00:04:04,949 --> 00:04:03,200  
a continued decline of the field over

109  
00:04:08,070 --> 00:04:04,959  
billions of years

110  
00:04:10,550 --> 00:04:08,080  
would see the earth looking like mars a

111  
00:04:13,750 --> 00:04:10,560  
once oceanic world that has become

112  
00:04:16,069 --> 00:04:13,760  
dry and barren however

113  
00:04:17,349 --> 00:04:16,079

the rate of decline is too fast for the

114

00:04:19,509 --> 00:04:17,359

earth's core to simply

115

00:04:20,469 --> 00:04:19,519

burn out and it could be that the

116

00:04:23,590 --> 00:04:20,479

earth's poles

117

00:04:25,270 --> 00:04:23,600

are about to undergo another flip

118

00:04:27,430 --> 00:04:25,280

if this occurs it would cause the

119

00:04:28,629 --> 00:04:27,440

earth's magnetic shield to be weakened

120

00:04:31,270 --> 00:04:28,639

for possibly

121

00:04:32,150 --> 00:04:31,280

thousands of years opening up our

122

00:04:35,189 --> 00:04:32,160

defenses

123

00:04:36,469 --> 00:04:35,199

and causing cosmic radiation to get

124

00:04:38,550 --> 00:04:36,479

through

125

00:04:39,830 --> 00:04:38,560

scientists point out that a magnetic

126  
00:04:42,950 --> 00:04:39,840  
flip would

127  
00:04:43,909 --> 00:04:42,960  
not be catastrophic and not all of the

128  
00:04:46,870 --> 00:04:43,919  
effects will be

129  
00:04:48,710 --> 00:04:46,880  
bad the much sought-after spectacle of

130  
00:04:51,749 --> 00:04:48,720  
an aurora would be visible

131  
00:04:54,629 --> 00:04:51,759  
every night all over the earth

132  
00:04:55,670 --> 00:04:54,639  
as solar winds hit the atmosphere there

133  
00:04:58,150 --> 00:04:55,680  
remains however

134  
00:05:00,070 --> 00:04:58,160  
much more work to be done in

135  
00:05:01,510 --> 00:05:00,080  
understanding the properties of the

136  
00:05:04,870 --> 00:05:01,520  
earth's core

137  
00:05:07,270 --> 00:05:04,880  
and how it generates the magnetosphere

138  
00:05:10,469 --> 00:05:07,280

i'll be back with more astronomy news

139

00:05:11,590 --> 00:05:10,479

next week on podcast ufo well thanks

140

00:05:14,070 --> 00:05:11,600

andy that was great

141

00:05:15,029 --> 00:05:14,080

i really enjoyed it and you know if

142

00:05:17,510 --> 00:05:15,039

you're listening live

143

00:05:20,230 --> 00:05:17,520

on the dark matter radio network please

144

00:05:21,189 --> 00:05:20,240

jump over to [podcastufo.com](http://podcastufo.com) right on the

145

00:05:22,950 --> 00:05:21,199

sidebar

146

00:05:25,350 --> 00:05:22,960

it's a one-two click you're into our

147

00:05:27,749 --> 00:05:25,360

chat room and you can ask our

148

00:05:28,469 --> 00:05:27,759

guests this evening some questions i can

149

00:05:30,550 --> 00:05:28,479

read them

150

00:05:31,909 --> 00:05:30,560

i may not be able to participate much in

151  
00:05:34,469 --> 00:05:31,919  
the chat room but

152  
00:05:36,790 --> 00:05:34,479  
i can certainly read off questions to

153  
00:05:39,749 --> 00:05:36,800  
jesse marcel the third

154  
00:05:41,830 --> 00:05:39,759  
and uh jessie marcel iii grew up

155  
00:05:43,510 --> 00:05:41,840  
listening to his grandfather

156  
00:05:45,510 --> 00:05:43,520  
and father both talking about what they

157  
00:05:48,390 --> 00:05:45,520  
actually held in their hands

158  
00:05:49,909 --> 00:05:48,400  
related to the roswell crash and i'm

159  
00:05:51,350 --> 00:05:49,919  
pretty sure it had nothing to do with

160  
00:05:53,270 --> 00:05:51,360  
with a weather balloon

161  
00:05:54,390 --> 00:05:53,280  
or any type of spy mogul as the air

162  
00:05:57,749 --> 00:05:54,400  
force concluded

163  
00:06:00,150 --> 00:05:57,759

in the 1990s roswell just

164

00:06:00,790 --> 00:06:00,160

will not go away and the truth will

165

00:06:02,790 --> 00:06:00,800

always

166

00:06:05,029 --> 00:06:02,800

need to be separated from the myths of

167

00:06:07,029 --> 00:06:05,039

course there are many many myths

168

00:06:08,309 --> 00:06:07,039

but it will be talked about until we

169

00:06:10,070 --> 00:06:08,319

know the truth

170

00:06:12,309 --> 00:06:10,080

behind what we're actually seeing in our

171

00:06:15,189 --> 00:06:12,319

skies don't forget to sign

172

00:06:16,550 --> 00:06:15,199

up at the chat room and hang in there

173

00:06:39,430 --> 00:06:16,560

for the uh

174

00:06:42,790 --> 00:06:41,590

jesse how are you doing great how you

175

00:06:44,550 --> 00:06:42,800

doing good

176

00:06:46,469 --> 00:06:44,560

uh can you come up a little bit closer

177

00:06:49,510 --> 00:06:46,479

to your phone

178

00:06:51,430 --> 00:06:49,520

is that better right there i think so um

179

00:06:53,510 --> 00:06:51,440

we'll bounce that off keith keith how's

180

00:06:56,710 --> 00:06:53,520

that sounding

181

00:06:59,189 --> 00:06:56,720

um he says it'll work that's great

182

00:06:59,909 --> 00:06:59,199

success we've had all kinds of uh little

183

00:07:01,589 --> 00:06:59,919

uh

184

00:07:03,830 --> 00:07:01,599

things happen tonight but we're we're

185

00:07:05,830 --> 00:07:03,840

getting through this and

186

00:07:07,350 --> 00:07:05,840

uh we're going to have a good show and

187

00:07:10,150 --> 00:07:07,360

i'm so glad to have you on

188

00:07:10,870 --> 00:07:10,160

jesse and i want to tell you um i had

189

00:07:12,710 --> 00:07:10,880

reached out

190

00:07:14,550 --> 00:07:12,720

to your father or just started to reach

191

00:07:17,830 --> 00:07:14,560

out to your father just before

192

00:07:19,270 --> 00:07:17,840

his uh his passing and uh my condolences

193

00:07:20,550 --> 00:07:19,280

to you and your family

194

00:07:22,710 --> 00:07:20,560

and i gotta tell you i was at a

195

00:07:25,350 --> 00:07:22,720

conference in uh maine

196

00:07:26,070 --> 00:07:25,360

just after he passed away last last year

197

00:07:28,230 --> 00:07:26,080

and

198

00:07:29,110 --> 00:07:28,240

um there was so many people talking

199

00:07:32,390 --> 00:07:29,120

about him

200

00:07:35,189 --> 00:07:32,400

and uh peter robbins talked about

201  
00:07:36,309 --> 00:07:35,199  
him and had pictures of him and uh it

202  
00:07:39,430 --> 00:07:36,319  
was really um

203  
00:07:42,230 --> 00:07:39,440  
the room was you could hear a pin drop

204  
00:07:43,670 --> 00:07:42,240  
your father was very very well respected

205  
00:07:46,710 --> 00:07:43,680  
and i've never heard an

206  
00:07:47,670 --> 00:07:46,720  
unkind word spoken of him he i mean he

207  
00:07:51,350 --> 00:07:47,680  
definitely he

208  
00:07:51,830 --> 00:07:51,360  
he really legitimized you know the story

209  
00:07:55,110 --> 00:07:51,840  
of

210  
00:07:57,350 --> 00:07:55,120  
he was so closely attached to it

211  
00:07:58,230 --> 00:07:57,360  
and the same thing his story never

212  
00:07:59,430 --> 00:07:58,240  
wavered

213  
00:08:01,430 --> 00:07:59,440

and he was also you know he was a

214

00:08:01,670 --> 00:08:01,440

medical doctor a colonel in the military

215

00:08:04,469 --> 00:08:01,680

and

216

00:08:04,710 --> 00:08:04,479

you know he he he every time he talked

217

00:08:06,309 --> 00:08:04,720

to

218

00:08:08,469 --> 00:08:06,319

i talked about it he is also putting his

219

00:08:09,110 --> 00:08:08,479

reputation in both those areas on the

220

00:08:11,110 --> 00:08:09,120

line

221

00:08:13,350 --> 00:08:11,120

yes yeah and i will talk to you about

222

00:08:15,670 --> 00:08:13,360

that a little later on

223

00:08:16,629 --> 00:08:15,680

and i want to say hello everyone to the

224

00:08:18,070 --> 00:08:16,639

on the chat room

225

00:08:20,309 --> 00:08:18,080

i'm not going to be able to participate

226

00:08:21,350 --> 00:08:20,319

a little uh too much tonight i'll try

227

00:08:24,629 --> 00:08:21,360

here and there

228

00:08:26,150 --> 00:08:24,639

we had some internet issues but um

229

00:08:28,309 --> 00:08:26,160

going all the way back to your

230

00:08:31,350 --> 00:08:28,319

grandfather now

231

00:08:32,870 --> 00:08:31,360

i'd like to hear um what

232

00:08:34,389 --> 00:08:32,880

i always try to figure out what

233

00:08:35,750 --> 00:08:34,399

questions to ask that are different than

234

00:08:37,110 --> 00:08:35,760

other people may have asked

235

00:08:39,430 --> 00:08:37,120

my question to you about your

236

00:08:40,790 --> 00:08:39,440

grandfather did you ever hear him talk

237

00:08:43,750 --> 00:08:40,800

about roswell

238

00:08:44,550 --> 00:08:43,760

before it came back into the limelight

239

00:08:47,509 --> 00:08:44,560

like in the

240

00:08:49,590 --> 00:08:47,519

1980 or so did you hear him talk about

241

00:08:51,990 --> 00:08:49,600

it before that time

242

00:08:54,150 --> 00:08:52,000

well yes our family we spent our summers

243

00:08:55,430 --> 00:08:54,160

in louisiana with them we were all from

244

00:08:57,190 --> 00:08:55,440

montana

245

00:08:58,710 --> 00:08:57,200

and we'd make the long 2400 mile

246

00:09:01,110 --> 00:08:58,720

adventure during the summers

247

00:09:02,230 --> 00:09:01,120

and that's that started basically you

248

00:09:06,389 --> 00:09:02,240

know

249

00:09:07,750 --> 00:09:06,399

75 when it started

250

00:09:09,750 --> 00:09:07,760

and it was always a topic of

251

00:09:11,910 --> 00:09:09,760

conversation so

252

00:09:12,790 --> 00:09:11,920

even before stanton friedman that kind

253

00:09:14,710 --> 00:09:12,800

of thing i mean

254

00:09:16,790 --> 00:09:14,720

we grew up made in the story of course

255

00:09:17,910 --> 00:09:16,800

through my father originally as very

256

00:09:20,630 --> 00:09:17,920

young children

257

00:09:22,070 --> 00:09:20,640

and were taught to respect the idea that

258

00:09:22,630 --> 00:09:22,080

there was life in the universe off of

259

00:09:24,870 --> 00:09:22,640

the earth

260

00:09:26,310 --> 00:09:24,880

and that and that there was you know

261

00:09:27,750 --> 00:09:26,320

civilizations that they were very

262

00:09:28,949 --> 00:09:27,760

technologically advanced to the point

263

00:09:29,750 --> 00:09:28,959

where they could come and visit us

264

00:09:32,070 --> 00:09:29,760

basically

265

00:09:33,430 --> 00:09:32,080

so i want another thing i'm wondering is

266

00:09:35,670 --> 00:09:33,440

how your family

267

00:09:37,110 --> 00:09:35,680

including your father and grandfather

268

00:09:40,150 --> 00:09:37,120

reacted when all of a sudden

269

00:09:43,269 --> 00:09:40,160

roswell was the topic of the century

270

00:09:46,710 --> 00:09:43,279

so to speak you know it's funny as i

271

00:09:48,550 --> 00:09:46,720

i that's a very good question um

272

00:09:50,630 --> 00:09:48,560

on the family side there really wasn't

273

00:09:52,630 --> 00:09:50,640

much difference

274

00:09:54,150 --> 00:09:52,640

and we we had talked about it and you

275

00:09:56,310 --> 00:09:54,160

know i i i guess

276

00:09:57,829 --> 00:09:56,320

embraced it would be one word for it but

277

00:10:01,750 --> 00:09:57,839

it didn't really change too much

278

00:10:02,870 --> 00:10:01,760

uh my grandfather i i saw more from when

279

00:10:04,069 --> 00:10:02,880

we weren't down there because of all

280

00:10:05,110 --> 00:10:04,079

those interviews and that kind of thing

281

00:10:06,550 --> 00:10:05,120

but that was more on

282

00:10:07,829 --> 00:10:06,560

you know the latest documentaries

283

00:10:08,790 --> 00:10:07,839

floating around that kind of thing but

284

00:10:12,150 --> 00:10:08,800

uh

285

00:10:12,630 --> 00:10:12,160

really not much i mean the the summers

286

00:10:16,550 --> 00:10:12,640

were

287

00:10:19,350 --> 00:10:16,560

weekends my my father and grandfather

288

00:10:19,990 --> 00:10:19,360

always had a saturday morning phone call

289

00:10:22,310 --> 00:10:20,000

but that wasn't

290

00:10:23,509 --> 00:10:22,320

all about roswell's about how well she

291

00:10:25,670 --> 00:10:23,519

was doing the latest football game

292

00:10:27,509 --> 00:10:25,680

actually and that kind of thing

293

00:10:29,269 --> 00:10:27,519

so it was just it was just incorporated

294

00:10:32,389 --> 00:10:29,279

into a part of your life

295

00:10:34,710 --> 00:10:32,399

and now did you talk about this

296

00:10:36,470 --> 00:10:34,720

situation with say your friends and

297

00:10:37,750 --> 00:10:36,480

you know other people in school or

298

00:10:40,710 --> 00:10:37,760

something like that

299

00:10:41,990 --> 00:10:40,720

you know a little bit and it it get more

300

00:10:44,630 --> 00:10:42,000

that end of it came

301  
00:10:45,670 --> 00:10:44,640  
more through my father and that uh when

302  
00:10:48,630 --> 00:10:45,680  
we were little kids

303  
00:10:49,590 --> 00:10:48,640  
he he he walked out in the backyard with

304  
00:11:01,670 --> 00:10:49,600  
a

305  
00:11:03,590 --> 00:11:01,680  
the blocks up to

306  
00:11:04,949 --> 00:11:03,600  
fashioning buying aluminum sheeting

307  
00:11:08,870 --> 00:11:04,959  
making a dome

308  
00:11:09,910 --> 00:11:08,880  
even one thing is he he built a computer

309  
00:11:11,430 --> 00:11:09,920  
to drive the thing

310  
00:11:14,069 --> 00:11:11,440  
and that was long before such a thing

311  
00:11:15,910 --> 00:11:14,079  
really existed he bought these little

312  
00:11:17,509 --> 00:11:15,920  
glass tubes wrapped wires around them

313  
00:11:19,269 --> 00:11:17,519

each one was an x or an o or an on or

314

00:11:20,310 --> 00:11:19,279

off button and he created a star mapping

315

00:11:23,430 --> 00:11:20,320

system

316

00:11:24,470 --> 00:11:23,440

you know he was if anything he was an

317

00:11:26,790 --> 00:11:24,480

incredible physicist

318

00:11:27,910 --> 00:11:26,800

a brilliant brilliant man a good doctor

319

00:11:28,790 --> 00:11:27,920

the rest of his heart was really in

320

00:11:31,269 --> 00:11:28,800

physics

321

00:11:33,350 --> 00:11:31,279

but uh anyway back to the story so we

322

00:11:35,750 --> 00:11:33,360

had an observatory and that was directly

323

00:11:36,949 --> 00:11:35,760

related to roswell it was it was his

324

00:11:40,069 --> 00:11:36,959

search

325

00:11:42,230 --> 00:11:40,079

for life and uh and he always

326

00:11:43,829 --> 00:11:42,240

embraced the school system we'd have

327

00:11:44,630 --> 00:11:43,839

friday saturday nights sometimes we'd

328

00:11:46,790 --> 00:11:44,640

have

329

00:11:48,790 --> 00:11:46,800

classes and then hordes of kids over at

330

00:11:52,230 --> 00:11:48,800

the house every look at the observatory

331

00:11:54,629 --> 00:11:52,240

and it was and roswell was spoken of

332

00:11:57,269 --> 00:11:54,639

never never to the alarm of anybody

333

00:11:59,590 --> 00:11:57,279

always very positive

334

00:12:01,750 --> 00:11:59,600

on that matter anyway you know another

335

00:12:04,870 --> 00:12:01,760

thing that i heard about your father

336

00:12:07,190 --> 00:12:04,880

in particular uh several times

337

00:12:09,030 --> 00:12:07,200

and again at that conference last year

338

00:12:09,990 --> 00:12:09,040

was that your father was a true patriot

339

00:12:13,110 --> 00:12:10,000

and he really

340

00:12:16,550 --> 00:12:13,120

you know really uh it really meant a lot

341

00:12:19,750 --> 00:12:16,560

to him to serve his country yes

342

00:12:21,750 --> 00:12:19,760

yeah he he in in the in his

343

00:12:23,030 --> 00:12:21,760

i had to put it waning days because they

344

00:12:25,509 --> 00:12:23,040

weren't winning at the time

345

00:12:27,269 --> 00:12:25,519

that we knew of anyway his i mean some

346

00:12:29,110 --> 00:12:27,279

of his responses would be

347

00:12:31,030 --> 00:12:29,120

that you know please remember me for

348

00:12:33,670 --> 00:12:31,040

what i did for my country

349

00:12:35,190 --> 00:12:33,680

and that instead of roswell yes yeah

350

00:12:37,750 --> 00:12:35,200

that was it and he really

351

00:12:39,030 --> 00:12:37,760

on on on his side he was hoping to live

352

00:12:41,269 --> 00:12:39,040

long enough to hear the

353

00:12:43,670 --> 00:12:41,279

our government publicly talk about

354

00:12:45,750 --> 00:12:43,680

roswell and and release the information

355

00:12:47,430 --> 00:12:45,760

and and to finally you know bring the

356

00:12:49,430 --> 00:12:47,440

bring to light but uh

357

00:12:50,790 --> 00:12:49,440

but no he he was he was very proud of

358

00:12:52,710 --> 00:12:50,800

his military career and

359

00:12:53,990 --> 00:12:52,720

you know it's it's because you know

360

00:12:55,030 --> 00:12:54,000

roswell his father

361

00:12:57,030 --> 00:12:55,040

and that kind of thing that it was

362

00:12:58,870 --> 00:12:57,040

almost kind of intertwined right

363

00:13:00,069 --> 00:12:58,880

but you know i would think that he would

364

00:13:02,310 --> 00:13:00,079

have

365

00:13:03,430 --> 00:13:02,320

a sense of betrayal um with the

366

00:13:06,470 --> 00:13:03,440

government as they

367

00:13:08,949 --> 00:13:06,480

you know constantly brushed off roswell

368

00:13:10,389 --> 00:13:08,959

and came up with you know the crash test

369

00:13:11,590 --> 00:13:10,399

dummies that was impossible because they

370

00:13:12,470 --> 00:13:11,600

weren't even sure all that crazy

371

00:13:14,550 --> 00:13:12,480

concepts yes

372

00:13:16,629 --> 00:13:14,560

so did he ever feel to your knowledge

373

00:13:18,710 --> 00:13:16,639

did he ever feel betrayed by his country

374

00:13:20,550 --> 00:13:18,720

in that way

375

00:13:22,389 --> 00:13:20,560

no but he understood there was a big

376

00:13:25,110 --> 00:13:22,399

distinction between

377

00:13:26,710 --> 00:13:25,120

his life as a military officer and some

378

00:13:29,269 --> 00:13:26,720

things that the government was doing

379

00:13:30,470 --> 00:13:29,279

um he had some meetings uh the one well

380

00:13:33,670 --> 00:13:30,480

i think it's fairly public know

381

00:13:36,790 --> 00:13:33,680

probably known with uh dick motto and

382

00:13:37,509 --> 00:13:36,800

where he was uh well he obviously went

383

00:13:39,910 --> 00:13:37,519

out and

384

00:13:41,350 --> 00:13:39,920

had a conversation with dick tomato she

385

00:13:44,389 --> 00:13:41,360

had him go out there and they

386

00:13:46,550 --> 00:13:44,399

they talked about how not not the

387

00:13:49,590 --> 00:13:46,560

question of roswell being real or not

388

00:13:50,629 --> 00:13:49,600

but basically that uh funds were being

389

00:13:52,389 --> 00:13:50,639

diverted

390

00:13:53,910 --> 00:13:52,399

to do this cover-up of roswell all the

391

00:13:56,949 --> 00:13:53,920

time in the late 90s

392

00:13:57,350 --> 00:13:56,959

but uh it and they talked about you know

393

00:14:01,189 --> 00:13:57,360

that

394

00:14:03,350 --> 00:14:01,199

what people you know there's some

395

00:14:04,949 --> 00:14:03,360

quasi-term the black government the

396

00:14:05,829 --> 00:14:04,959

hidden government whatever whatever you

397

00:14:07,189 --> 00:14:05,839

want to call it

398

00:14:08,790 --> 00:14:07,199

and they were actually they were

399

00:14:10,790 --> 00:14:08,800

investigating that and roswell was the

400

00:14:13,430 --> 00:14:10,800

basis of their investigation of how

401  
00:14:13,829 --> 00:14:13,440  
funds were being driven here being being

402  
00:14:15,910 --> 00:14:13,839  
you know

403  
00:14:17,030 --> 00:14:15,920  
scooped in that direction and he always

404  
00:14:17,829 --> 00:14:17,040  
he always did have the distinction

405  
00:14:19,430 --> 00:14:17,839  
between

406  
00:14:21,030 --> 00:14:19,440  
the government that you and i know and

407  
00:14:23,910 --> 00:14:21,040  
then the government that is

408  
00:14:24,710 --> 00:14:23,920  
somewhat subversive wow again uh if

409  
00:14:26,150 --> 00:14:24,720  
you're listening

410  
00:14:28,710 --> 00:14:26,160  
live right now you can jump over to

411  
00:14:30,389 --> 00:14:28,720  
podcast ufo you know two clicks sign in

412  
00:14:32,150 --> 00:14:30,399  
on our chat room you can ask our guests

413  
00:14:35,350 --> 00:14:32,160

this evening some questions

414

00:14:36,150 --> 00:14:35,360

for the person like to say in listening

415

00:14:38,629 --> 00:14:36,160

right now and

416

00:14:39,829 --> 00:14:38,639

say like switzerland or the ukraine that

417

00:14:43,189 --> 00:14:39,839

may not have

418

00:14:45,990 --> 00:14:43,199

a whole sense of the marcel family

419

00:14:47,590 --> 00:14:46,000

and roswell can you just kind of in a

420

00:14:50,389 --> 00:14:47,600

nutshell go over

421

00:14:51,829 --> 00:14:50,399

the story of of your grandfather

422

00:14:54,629 --> 00:14:51,839

bringing the

423

00:14:55,990 --> 00:14:54,639

debris home and handling it and all that

424

00:14:57,110 --> 00:14:56,000

can you just kind of give the whole

425

00:15:01,110 --> 00:14:57,120

story

426

00:15:03,990 --> 00:15:01,120

sure in great brevity the uh uh

427

00:15:05,829 --> 00:15:04,000

a rash named brazil out in the uh

428

00:15:09,110 --> 00:15:05,839

basically outside of roslinda mexico

429

00:15:10,310 --> 00:15:09,120

near corona had uh heard a large

430

00:15:12,389 --> 00:15:10,320

crash in the middle of night large

431

00:15:15,030 --> 00:15:12,399

explosion rattled his

432

00:15:16,069 --> 00:15:15,040

little farmhouse or ranch house and he

433

00:15:19,430 --> 00:15:16,079

investigated

434

00:15:22,629 --> 00:15:19,440

strange debris ended up

435

00:15:24,470 --> 00:15:22,639

talking to a local sheriff in roswell

436

00:15:26,870 --> 00:15:24,480

who in turn called the military base

437

00:15:27,910 --> 00:15:26,880

because it had some extraordinary

438

00:15:29,110 --> 00:15:27,920

some beyond something you couldn't

439

00:15:31,189 --> 00:15:29,120

understand didn't understand what the

440

00:15:33,829 --> 00:15:31,199

material was i'd never seen it before

441

00:15:35,110 --> 00:15:33,839

that phone call led to my grandfather's

442

00:15:38,069 --> 00:15:35,120

boss like colonel blanchard

443

00:15:40,790 --> 00:15:38,079

and uh as my grandfather was the head

444

00:15:43,749 --> 00:15:40,800

intelligence officer for the 509

445

00:15:44,949 --> 00:15:43,759

bombing group and he was the perfect

446

00:15:47,990 --> 00:15:44,959

person at the right time

447

00:15:49,590 --> 00:15:48,000

to be sent for primarily

448

00:15:51,590 --> 00:15:49,600

for initially over the wilcox's office

449

00:15:52,150 --> 00:15:51,600

to look at the debris and say yes this

450

00:15:54,870 --> 00:15:52,160

is

451  
00:15:55,670 --> 00:15:54,880  
looks pretty strange to me and uh that's

452  
00:15:57,509 --> 00:15:55,680  
where he was set

453  
00:15:58,870 --> 00:15:57,519  
out along with the disinformation

454  
00:16:00,710 --> 00:15:58,880  
officer to

455  
00:16:01,990 --> 00:16:00,720  
look in the field full of this kind of

456  
00:16:05,430 --> 00:16:02,000  
debris

457  
00:16:06,790 --> 00:16:05,440  
my grandfather when he saw his in his in

458  
00:16:08,310 --> 00:16:06,800  
his own words

459  
00:16:10,710 --> 00:16:08,320  
he said that this was not made by human

460  
00:16:12,870 --> 00:16:10,720  
hands period no question never weighed

461  
00:16:15,269 --> 00:16:12,880  
on it those those were his exact words

462  
00:16:17,670 --> 00:16:15,279  
he also knew how the military worked and

463  
00:16:19,590 --> 00:16:17,680

knew that this was extraordinary and

464

00:16:20,790 --> 00:16:19,600

it would be no time that the this would

465

00:16:23,990 --> 00:16:20,800

be all swept up

466

00:16:25,990 --> 00:16:24,000

and that it that uh probably out of

467

00:16:27,269 --> 00:16:26,000

you know any a civilian view for a

468

00:16:30,629 --> 00:16:27,279

number of years maybe

469

00:16:34,710 --> 00:16:30,639

maybe indefinitely and he broke records

470

00:16:37,990 --> 00:16:34,720

or broke broke his uh basically the the

471

00:16:41,189 --> 00:16:38,000

his uh apologizing for the word anyway

472

00:16:43,829 --> 00:16:41,199

he went basically against regulation um

473

00:16:45,110 --> 00:16:43,839

to go to his house that night with with

474

00:16:47,829 --> 00:16:45,120

some of the debris

475

00:16:49,269 --> 00:16:47,839

uh where he woke up my father and his

476  
00:16:51,430 --> 00:16:49,279  
wife theo

477  
00:16:52,790 --> 00:16:51,440  
to show them the debris and to say this

478  
00:16:54,069 --> 00:16:52,800  
is something extraordinary i want you

479  
00:16:55,430 --> 00:16:54,079  
guys to see it

480  
00:16:57,509 --> 00:16:55,440  
you know it's something probably nobody

481  
00:16:59,590 --> 00:16:57,519  
else has ever seen and

482  
00:17:00,629 --> 00:16:59,600  
laid the debris out on the floor and

483  
00:17:02,230 --> 00:17:00,639  
they tried to

484  
00:17:03,990 --> 00:17:02,240  
make some kind of sense for it at the

485  
00:17:05,110 --> 00:17:04,000  
time the technology was you know tubes

486  
00:17:06,549 --> 00:17:05,120  
and wires and that kind of thing and

487  
00:17:07,429 --> 00:17:06,559  
none of that existed and debris brought

488  
00:17:10,789 --> 00:17:07,439

home with them

489

00:17:13,189 --> 00:17:10,799

um just some interesting uh sheet metal

490

00:17:16,069 --> 00:17:13,199

very lightweight sheet metal uh little

491

00:17:17,829 --> 00:17:16,079

beams that turned out to have uh

492

00:17:20,309 --> 00:17:17,839

symbols on them if you look at the right

493

00:17:22,630 --> 00:17:20,319

angle almost like a holographic image

494

00:17:24,630 --> 00:17:22,640

and uh like a black plastic or a brown

495

00:17:27,350 --> 00:17:24,640

to black plastic material

496

00:17:28,710 --> 00:17:27,360

um with that uh later that morning he

497

00:17:29,909 --> 00:17:28,720

brought it all to the base and

498

00:17:31,669 --> 00:17:29,919

that was that was really the beginning

499

00:17:32,150 --> 00:17:31,679

of it he was really the if i've always

500

00:17:34,150 --> 00:17:32,160

commented

501  
00:17:35,350 --> 00:17:34,160  
he was the lead investigator and he

502  
00:17:36,710 --> 00:17:35,360  
ended up becoming a lot more involved

503  
00:17:39,590 --> 00:17:36,720  
later on but uh

504  
00:17:40,870 --> 00:17:39,600  
that's kind of the story yeah thank you

505  
00:17:41,990 --> 00:17:40,880  
you know one of the things i it just

506  
00:17:43,750 --> 00:17:42,000  
came to mind is

507  
00:17:45,510 --> 00:17:43,760  
why didn't anyone that handled this

508  
00:17:47,510 --> 00:17:45,520  
stuff take pictures

509  
00:17:49,110 --> 00:17:47,520  
quietly actually he had this in your

510  
00:17:51,830 --> 00:17:49,120  
house right

511  
00:17:52,310 --> 00:17:51,840  
in his house i mean in his house yeah

512  
00:17:53,590 --> 00:17:52,320  
and

513  
00:17:55,990 --> 00:17:53,600

he could have just snapped a picture

514

00:17:59,110 --> 00:17:56,000

that would have been

515

00:18:02,549 --> 00:17:59,120

you know i i think he was still mindful

516

00:18:03,750 --> 00:18:02,559

of his orders and he was i mean

517

00:18:05,750 --> 00:18:03,760

he was i mean he was the head of

518

00:18:07,750 --> 00:18:05,760

intelligence for the most elite

519

00:18:10,150 --> 00:18:07,760

you know uh really military group in the

520

00:18:12,470 --> 00:18:10,160

world and i think he was still staying

521

00:18:14,150 --> 00:18:12,480

tied to that and he he wandered a little

522

00:18:16,549 --> 00:18:14,160

bit outside of that but

523

00:18:17,510 --> 00:18:16,559

uh stayed close enough now there was

524

00:18:20,070 --> 00:18:17,520

there was a time

525

00:18:21,990 --> 00:18:20,080

later on that uh ladders were actually

526

00:18:24,310 --> 00:18:22,000

pretty good friends with my grandparents

527

00:18:25,750 --> 00:18:24,320

and after it was all said and done

528

00:18:26,870 --> 00:18:25,760

apparently he brought over a little

529

00:18:29,430 --> 00:18:26,880

piece and they examined

530

00:18:30,470 --> 00:18:29,440

the house this is after uh uh you know

531

00:18:33,190 --> 00:18:30,480

months after it was all

532

00:18:34,870 --> 00:18:33,200

long gone and brushed away you mean to

533

00:18:36,150 --> 00:18:34,880

talk about it they actually held on to a

534

00:18:37,350 --> 00:18:36,160

little piece of it for a while is that

535

00:18:39,350 --> 00:18:37,360

what you're saying

536

00:18:40,950 --> 00:18:39,360

this is the great mystery of the time is

537

00:18:43,590 --> 00:18:40,960

that he brought it over to the house

538

00:18:45,110 --> 00:18:43,600

and to show up to to basically sit in

539

00:18:46,630 --> 00:18:45,120

the they played bridge at night on the

540

00:18:47,830 --> 00:18:46,640

weekends the the blanchards and the

541

00:18:49,270 --> 00:18:47,840

marcels did

542

00:18:50,470 --> 00:18:49,280

and he brought a piece over after

543

00:18:52,230 --> 00:18:50,480

everything was done so they could take a

544

00:18:54,230 --> 00:18:52,240

look at it and that piece is

545

00:18:56,390 --> 00:18:54,240

somewhere i don't know where it's at but

546

00:18:58,549 --> 00:18:56,400

it didn't end up somewhere i'll give you

547

00:19:00,789 --> 00:18:58,559

500 bucks if you find that

548

00:19:01,909 --> 00:19:00,799

yeah but you got it okay and don't bring

549

00:19:04,630 --> 00:19:01,919

me tinfoil either

550

00:19:06,230 --> 00:19:04,640

hey um someone on the message board

551  
00:19:08,830 --> 00:19:06,240  
peggy's asking

552  
00:19:10,710 --> 00:19:08,840  
on what you meant by a disinformation

553  
00:19:15,909 --> 00:19:10,720  
officer

554  
00:19:18,310 --> 00:19:15,919  
is was sent out with my grandfather to

555  
00:19:19,590 --> 00:19:18,320  
look at debris they wanted somebody on

556  
00:19:21,190 --> 00:19:19,600  
the spot to be able to

557  
00:19:22,630 --> 00:19:21,200  
create a cover story now the

558  
00:19:24,230 --> 00:19:22,640  
disinformation officer

559  
00:19:25,909 --> 00:19:24,240  
was not truly a military officer a

560  
00:19:27,990 --> 00:19:25,919  
government official

561  
00:19:29,590 --> 00:19:28,000  
so from the from the get-go they wanted

562  
00:19:30,870 --> 00:19:29,600  
to create a cover story

563  
00:19:33,590 --> 00:19:30,880

if it turned out to be what they thought

564

00:19:36,070 --> 00:19:33,600

it was and he rode along with him and

565

00:19:37,430 --> 00:19:36,080

my grandfather dispersed him back back

566

00:19:38,870 --> 00:19:37,440

to the back of town before my

567

00:19:39,590 --> 00:19:38,880

grandfather left the debris to go to his

568

00:19:41,190 --> 00:19:39,600

house

569

00:19:42,870 --> 00:19:41,200

but uh it was you know i don't know if

570

00:19:44,870 --> 00:19:42,880

it was normal for the military to do

571

00:19:46,549 --> 00:19:44,880

to bring somebody like that along but in

572

00:19:47,830 --> 00:19:46,559

this situation yes they

573

00:19:50,470 --> 00:19:47,840

they did not go out without a cover

574

00:19:53,029 --> 00:19:50,480

story being written up to basically

575

00:19:54,310 --> 00:19:53,039

to cover it yeah now did your

576

00:19:56,230 --> 00:19:54,320

grandfather

577

00:19:57,669 --> 00:19:56,240

or had you ever talked with your father

578

00:20:00,789 --> 00:19:57,679

or your grandfather

579

00:20:03,669 --> 00:20:00,799

did he interact with um

580

00:20:05,430 --> 00:20:03,679

fellow officers about this did they i

581

00:20:09,029 --> 00:20:05,440

mean i can only imagine that

582

00:20:11,029 --> 00:20:09,039

if you saw something like this you know

583

00:20:12,390 --> 00:20:11,039

it would leave such an impression that

584

00:20:15,830 --> 00:20:12,400

you couldn't

585

00:20:19,110 --> 00:20:15,840

keep it to yourself like for instance um

586

00:20:20,310 --> 00:20:19,120

you know you hear of your grandfather

587

00:20:22,149 --> 00:20:20,320

and then you hear of other people that

588

00:20:23,909 --> 00:20:22,159

were involved in it but there had to be

589

00:20:25,029 --> 00:20:23,919

so many military people that were

590

00:20:28,070 --> 00:20:25,039

involved in

591

00:20:29,510 --> 00:20:28,080

and cleaning this up and the thing that

592

00:20:29,909 --> 00:20:29,520

always gets me is that you just don't

593

00:20:32,149 --> 00:20:29,919

hear

594

00:20:34,149 --> 00:20:32,159

a lot of people like it's it wasn't i

595

00:20:37,190 --> 00:20:34,159

know a lot of people took their oath

596

00:20:38,630 --> 00:20:37,200

uh very seriously but they might there

597

00:20:39,510 --> 00:20:38,640

must have been a lot of talk between

598

00:20:41,830 --> 00:20:39,520

themselves

599

00:20:43,270 --> 00:20:41,840

have you ever heard anything about that

600

00:20:45,029 --> 00:20:43,280

he does and

601  
00:20:46,710 --> 00:20:45,039  
his his basically response to other

602  
00:20:48,710 --> 00:20:46,720  
officers were involved

603  
00:20:50,630 --> 00:20:48,720  
were because you know the typical

604  
00:20:51,830 --> 00:20:50,640  
marital they didn't want one person

605  
00:20:53,350 --> 00:20:51,840  
involved in the whole

606  
00:20:55,350 --> 00:20:53,360  
like all everything that roswell met

607  
00:20:55,990 --> 00:20:55,360  
there all the all the investigations i

608  
00:20:59,270 --> 00:20:56,000  
think it was all

609  
00:21:01,510 --> 00:20:59,280  
separated and uh some of his friends

610  
00:21:03,350 --> 00:21:01,520  
which were fellow officers

611  
00:21:04,710 --> 00:21:03,360  
he basically said i wasn't privy to that

612  
00:21:05,990 --> 00:21:04,720  
information directly but

613  
00:21:07,430 --> 00:21:06,000

you can believe what they had to say and

614

00:21:08,630 --> 00:21:07,440

they were talking about a second crash

615

00:21:10,710 --> 00:21:08,640

site

616

00:21:12,230 --> 00:21:10,720

that sort of thing so it was a hot topic

617

00:21:14,549 --> 00:21:12,240

in fact um

618

00:21:15,830 --> 00:21:14,559

when the mortician if you notice along

619

00:21:16,390 --> 00:21:15,840

with the story a mortician came over

620

00:21:18,390 --> 00:21:16,400

with

621

00:21:19,510 --> 00:21:18,400

i was was asked to build some small

622

00:21:21,190 --> 00:21:19,520

caskets and

623

00:21:23,590 --> 00:21:21,200

even in his remarks going over the thing

624

00:21:26,149 --> 00:21:23,600

they said that that roswell was a flurry

625

00:21:27,830 --> 00:21:26,159

uh there was a you know the population

626  
00:21:28,710 --> 00:21:27,840  
on the air base was much greater than

627  
00:21:29,990 --> 00:21:28,720  
normal

628  
00:21:32,070 --> 00:21:30,000  
and that they're like so there's a

629  
00:21:34,710 --> 00:21:32,080  
flurry of activity right

630  
00:21:35,669 --> 00:21:34,720  
it was quite a big deal there is uh

631  
00:21:38,149 --> 00:21:35,679  
there is one

632  
00:21:39,510 --> 00:21:38,159  
really interesting facet to the whole

633  
00:21:41,830 --> 00:21:39,520  
situation and that

634  
00:21:42,950 --> 00:21:41,840  
at the uh near the end of july when

635  
00:21:43,990 --> 00:21:42,960  
things started

636  
00:21:46,230 --> 00:21:44,000  
at least on the surface apparently

637  
00:21:48,230 --> 00:21:46,240  
they're quite quieting down my

638  
00:21:50,549 --> 00:21:48,240

grandfather and colonel blatcher were

639

00:21:52,310 --> 00:21:50,559

both set on a two-week leave of absence

640

00:21:53,669 --> 00:21:52,320

and i know from my father or

641

00:21:55,590 --> 00:21:53,679

grandfather's side anyway that that

642

00:21:58,310 --> 00:21:55,600

leave of absence wasn't to go home

643

00:21:58,870 --> 00:21:58,320

it was basically to escape all uh you

644

00:22:02,070 --> 00:21:58,880

know

645

00:22:03,990 --> 00:22:02,080

also

646

00:22:06,149 --> 00:22:04,000

the the the relegation that there wasn't

647

00:22:07,909 --> 00:22:06,159

a need for um

648

00:22:10,549 --> 00:22:07,919

you know more paper could be drawn up

649

00:22:12,710 --> 00:22:10,559

but he's right he and blanchard both

650

00:22:13,590 --> 00:22:12,720

at the exact same time i'm sorry

651  
00:22:16,230 --> 00:22:13,600  
everyone

652  
00:22:17,190 --> 00:22:16,240  
i i'm in a hotel room i'll repeat for

653  
00:22:19,110 --> 00:22:17,200  
the guests

654  
00:22:20,310 --> 00:22:19,120  
for the uh people that are just starting

655  
00:22:23,110 --> 00:22:20,320  
to listen

656  
00:22:24,549 --> 00:22:23,120  
i'm in a hotel room my uh internet went

657  
00:22:27,590 --> 00:22:24,559  
down at my office

658  
00:22:30,950 --> 00:22:27,600  
so i'm dedicated enough to rent a room

659  
00:22:33,270 --> 00:22:30,960  
to do the show and my microphone

660  
00:22:34,230 --> 00:22:33,280  
just i couldn't attach my microphone

661  
00:22:36,390 --> 00:22:34,240  
properly

662  
00:22:37,990 --> 00:22:36,400  
and i thought i had it finally and it

663  
00:22:41,430 --> 00:22:38,000

just jumped right off of the

664

00:22:43,110 --> 00:22:41,440

table so uh sorry for that noise

665

00:22:48,630 --> 00:22:43,120

um you know that made me completely

666

00:22:53,270 --> 00:22:51,750

um well like i said well you know

667

00:22:55,430 --> 00:22:53,280

back to what you're talking about i mean

668

00:22:57,270 --> 00:22:55,440

there were a lot of officers involved

669

00:22:58,310 --> 00:22:57,280

um a lot of upper-level officers and

670

00:23:00,070 --> 00:22:58,320

obviously you know you've heard the

671

00:23:02,149 --> 00:23:00,080

stories around the stories about the

672

00:23:03,590 --> 00:23:02,159

other generals and and commanders that

673

00:23:05,270 --> 00:23:03,600

kind of thing that were involved

674

00:23:07,909 --> 00:23:05,280

as far as kind of the people he worked

675

00:23:09,190 --> 00:23:07,919

with you know i said his friends that

676  
00:23:10,950 --> 00:23:09,200  
were officers

677  
00:23:12,230 --> 00:23:10,960  
they we know they communicated about it

678  
00:23:13,990 --> 00:23:12,240  
i know that you know he and

679  
00:23:15,510 --> 00:23:14,000  
colonel blanchard communicated quite

680  
00:23:19,029 --> 00:23:15,520  
often

681  
00:23:22,390 --> 00:23:19,039  
really um now um

682  
00:23:26,149 --> 00:23:22,400  
you know the the famous photograph

683  
00:23:29,750 --> 00:23:26,159  
of the weather balloon debris um

684  
00:23:32,070 --> 00:23:29,760  
and did did your

685  
00:23:33,590 --> 00:23:32,080  
your father really get interested when

686  
00:23:37,029 --> 00:23:33,600  
they were able to

687  
00:23:39,750 --> 00:23:37,039  
uh decipher some of the text in that

688  
00:23:41,510 --> 00:23:39,760

my father talked about that all the time

689

00:23:43,990 --> 00:23:41,520

it was really fascinating that

690

00:23:45,750 --> 00:23:44,000

that that note uh you know had it you

691

00:23:48,310 --> 00:23:45,760

know looked like the cipher that it did

692

00:23:50,310 --> 00:23:48,320

there was something about bodies and i i

693

00:23:53,990 --> 00:23:50,320

he talked about that quite often

694

00:23:56,950 --> 00:23:54,000

he did wow yeah um and you know i i

695

00:23:57,909 --> 00:23:56,960

thought about that um just recently and

696

00:24:00,149 --> 00:23:57,919

you know i think

697

00:24:01,350 --> 00:24:00,159

as time you know goes along we're gonna

698

00:24:04,710 --> 00:24:01,360

get even

699

00:24:07,510 --> 00:24:04,720

more and more uh technical ways to

700

00:24:08,870 --> 00:24:07,520

you know discern letters like that and

701  
00:24:11,590 --> 00:24:08,880  
um i bet you

702  
00:24:12,789 --> 00:24:11,600  
you know since that's an original photo

703  
00:24:15,190 --> 00:24:12,799  
that they're working with

704  
00:24:16,789 --> 00:24:15,200  
or negative i bet you that thing gets

705  
00:24:18,149 --> 00:24:16,799  
cracked eventually

706  
00:24:20,470 --> 00:24:18,159  
and you know that still could be the

707  
00:24:24,149 --> 00:24:20,480  
smoking gun

708  
00:24:25,510 --> 00:24:24,159  
it it definitely you know it's out there

709  
00:24:27,029 --> 00:24:25,520  
it can't be

710  
00:24:28,390 --> 00:24:27,039  
yeah it's available you're right and as

711  
00:24:30,149 --> 00:24:28,400  
technology gets better and better it's

712  
00:24:31,990 --> 00:24:30,159  
like there i i can't imagine that

713  
00:24:33,590 --> 00:24:32,000

more is going to come from that right

714

00:24:37,029 --> 00:24:33,600

absolutely yeah

715

00:24:40,549 --> 00:24:37,039

yep and what other things did your

716

00:24:41,110 --> 00:24:40,559

father follow in regards to roswell now

717

00:24:42,710 --> 00:24:41,120

there's

718

00:24:44,149 --> 00:24:42,720

been a number of people that have

719

00:24:46,390 --> 00:24:44,159

written books about it

720

00:24:49,029 --> 00:24:46,400

there's been there are a number of

721

00:24:51,269 --> 00:24:49,039

ongoing people still investigating it

722

00:24:52,789 --> 00:24:51,279

did he ever feel like jumping right in

723

00:24:55,990 --> 00:24:52,799

himself and and doing some

724

00:24:59,510 --> 00:24:58,230

you know i had that's another good

725

00:25:02,630 --> 00:24:59,520

question

726

00:25:05,110 --> 00:25:02,640

not not so much i think he was

727

00:25:05,750 --> 00:25:05,120

he was happy with his part of the story

728

00:25:08,310 --> 00:25:05,760

and

729

00:25:09,430 --> 00:25:08,320

he he definitely had opinions about some

730

00:25:10,870 --> 00:25:09,440

what some people were saying and some

731

00:25:14,230 --> 00:25:10,880

people were not saying

732

00:25:17,269 --> 00:25:14,240

but uh not you know honestly not really

733

00:25:19,990 --> 00:25:17,279

he just i think his investigations

734

00:25:21,269 --> 00:25:20,000

went past roswell you know to astronomy

735

00:25:23,669 --> 00:25:21,279

the cosmos

736

00:25:24,710 --> 00:25:23,679

uh physics the ability you know what it

737

00:25:26,390 --> 00:25:24,720

he you know

738

00:25:27,669 --> 00:25:26,400

we had more conversations about the

739

00:25:28,149 --> 00:25:27,679

structure of the universe than we did

740

00:25:30,630 --> 00:25:28,159

about

741

00:25:32,870 --> 00:25:30,640

roswell in later years wow that's kind

742

00:25:35,750 --> 00:25:32,880

of a fascination of mine as well

743

00:25:37,269 --> 00:25:35,760

um andy on the message board who

744

00:25:40,470 --> 00:25:37,279

actually does the uh

745

00:25:42,310 --> 00:25:40,480

um astronomy bits in the uk just asked

746

00:25:45,510 --> 00:25:42,320

wasn't roswell um

747

00:25:47,990 --> 00:25:45,520

near a nuclear uh base

748

00:25:48,950 --> 00:25:48,000

uh like ben waters now that's white

749

00:25:52,230 --> 00:25:48,960

wasn't it

750

00:25:53,029 --> 00:25:52,240

you know i'm getting my geography all

751  
00:25:54,830 --> 00:25:53,039  
mixed up

752  
00:25:56,470 --> 00:25:54,840  
was there any nukes anywhere near

753  
00:25:58,789 --> 00:25:56,480  
roswell

754  
00:25:59,510 --> 00:25:58,799  
well you know all i know is it there was

755  
00:26:00,710 --> 00:25:59,520  
either white

756  
00:26:02,470 --> 00:26:00,720  
let me see what's the name of the

757  
00:26:03,269 --> 00:26:02,480  
there's an air base real close there

758  
00:26:06,870 --> 00:26:03,279  
white sands

759  
00:26:07,430 --> 00:26:06,880  
there was a lot of activity in the area

760  
00:26:09,029 --> 00:26:07,440  
and of course

761  
00:26:11,590 --> 00:26:09,039  
you know i'm not quite sure exactly what

762  
00:26:13,029 --> 00:26:11,600  
happened on the air base directly other

763  
00:26:15,669 --> 00:26:13,039

than they they were the

764

00:26:16,310 --> 00:26:15,679

the nuclear bombing group for the world

765

00:26:19,669 --> 00:26:16,320

for world war

766

00:26:20,710 --> 00:26:19,679

ii so i mean as far as technology was it

767

00:26:23,669 --> 00:26:20,720

was all right there

768

00:26:23,990 --> 00:26:23,679

yep um i forgot about that you're right

769

00:26:25,909 --> 00:26:24,000

and

770

00:26:27,190 --> 00:26:25,919

you know it's obvious in question well

771

00:26:28,230 --> 00:26:27,200

you know if there was a place that you

772

00:26:30,310 --> 00:26:28,240

wanted to take a look at

773

00:26:31,590 --> 00:26:30,320

that they were the right place to be

774

00:26:34,230 --> 00:26:31,600

looking yeah

775

00:26:36,149 --> 00:26:34,240

now since um the family was involved in

776

00:26:39,190 --> 00:26:36,159

this another question on the board

777

00:26:39,990 --> 00:26:39,200

uh i imagine you know i i had a sighting

778

00:26:42,549 --> 00:26:40,000

myself and

779

00:26:43,190 --> 00:26:42,559

and since i have i'm constantly looking

780

00:26:45,590 --> 00:26:43,200

up

781

00:26:47,430 --> 00:26:45,600

in this guys and did your family anyone

782

00:26:49,110 --> 00:26:47,440

in your family have any type of ufo

783

00:26:51,830 --> 00:26:49,120

sightings

784

00:26:52,950 --> 00:26:51,840

you know a big one me my brother and

785

00:26:55,350 --> 00:26:52,960

father

786

00:26:56,789 --> 00:26:55,360

were out in the country in montana and i

787

00:26:58,149 --> 00:26:56,799

noticed something strange up in the sky

788

00:27:00,230 --> 00:26:58,159

and we pulled the car over and we sat

789

00:27:02,310 --> 00:27:00,240

and watched it for about 45 minutes

790

00:27:04,390 --> 00:27:02,320

and it was actually its behavior wasn't

791

00:27:05,990 --> 00:27:04,400

that of a regular aircraft

792

00:27:07,510 --> 00:27:06,000

it was just moving erratically then shot

793

00:27:08,710 --> 00:27:07,520

up out of sight we we actually pulled

794

00:27:10,230 --> 00:27:08,720

over and sat and talked to our watch for

795

00:27:12,149 --> 00:27:10,240

about probably 45 minutes

796

00:27:13,669 --> 00:27:12,159

and that that is that is as far as the

797

00:27:16,230 --> 00:27:13,679

family goes that's what we saw

798

00:27:16,870 --> 00:27:16,240

wow um that's pretty exciting for 45

799

00:27:19,909 --> 00:27:16,880

minutes

800

00:27:21,110 --> 00:27:19,919

and tell me you took pictures you know

801  
00:27:22,310 --> 00:27:21,120  
what no we're just looking i don't i

802  
00:27:23,990 --> 00:27:22,320  
don't know if we even had a camera she

803  
00:27:25,190 --> 00:27:24,000  
might be like a handful or

804  
00:27:27,029 --> 00:27:25,200  
cell phones back then and that kind of

805  
00:27:28,710 --> 00:27:27,039  
thing well before that but

806  
00:27:30,149 --> 00:27:28,720  
i know i know you know that's one thing

807  
00:27:31,669 --> 00:27:30,159  
you never think of is like

808  
00:27:33,029 --> 00:27:31,679  
back then know it you know either you

809  
00:27:34,310 --> 00:27:33,039  
had your camera with you in the glove

810  
00:27:36,710 --> 00:27:34,320  
box so you didn't

811  
00:27:38,070 --> 00:27:36,720  
you know no i mean we would spend you

812  
00:27:39,909 --> 00:27:38,080  
know it was always interesting in the

813  
00:27:41,269 --> 00:27:39,919

night sky and in montana's you know

814

00:27:42,549 --> 00:27:41,279

where we live down the country was

815

00:27:45,350 --> 00:27:42,559

completely dark

816

00:27:46,630 --> 00:27:45,360

no no light no radiation or no no no

817

00:27:48,630 --> 00:27:46,640

pollution excuse me

818

00:27:49,990 --> 00:27:48,640

and you know we it was it was fun to

819

00:27:51,269 --> 00:27:50,000

look at because you know look up

820

00:27:53,110 --> 00:27:51,279

see satellites all over the place and

821

00:27:55,430 --> 00:27:53,120

then you might pick one out that maybe

822

00:27:57,190 --> 00:27:55,440

was going forward and made a 90 degree

823

00:27:58,870 --> 00:27:57,200

abrupt turn that kind of thing we think

824

00:28:00,310 --> 00:27:58,880

that's kind of interesting

825

00:28:01,590 --> 00:28:00,320

yeah because satellites don't behave

826

00:28:03,269 --> 00:28:01,600

like that but that's obviously something

827

00:28:06,789 --> 00:28:03,279

you know floating around up there so

828

00:28:09,830 --> 00:28:06,799

yeah yeah yeah um now i want to

829

00:28:11,350 --> 00:28:09,840

also ask you did your your father was in

830

00:28:14,070 --> 00:28:11,360

the medical field

831

00:28:15,590 --> 00:28:14,080

and he had been for years now in the

832

00:28:18,789 --> 00:28:15,600

medical field

833

00:28:21,029 --> 00:28:18,799

or um when he was serving the country

834

00:28:22,230 --> 00:28:21,039

either way did he ever get any ridicule

835

00:28:23,990 --> 00:28:22,240

about this i mean

836

00:28:27,269 --> 00:28:24,000

people probably recognized his name that

837

00:28:29,510 --> 00:28:27,279

anyone that's looked into roswell

838

00:28:32,389 --> 00:28:29,520

you know not that i know i mean there

839

00:28:36,389 --> 00:28:34,389

his biggest i mean his biggest thing

840

00:28:39,029 --> 00:28:36,399

that ever happened and i recall

841

00:28:40,789 --> 00:28:39,039

as far as uh ridicule which might not be

842

00:28:42,710 --> 00:28:40,799

ridiculed is that at one point the

843

00:28:44,870 --> 00:28:42,720

government came forward and said that my

844

00:28:48,230 --> 00:28:44,880

grandfather was never in the military

845

00:28:50,630 --> 00:28:48,240

what and yeah and my father i've never

846

00:28:54,630 --> 00:28:50,640

seen him get so upset

847

00:28:56,070 --> 00:28:54,640

and uh he you know it basically he he

848

00:28:57,750 --> 00:28:56,080

he got it all straightened out and he

849

00:28:59,110 --> 00:28:57,760

said yes it was in there okay yes you're

850

00:29:01,110 --> 00:28:59,120

right he was in the military but

851  
00:29:02,789 --> 00:29:01,120  
there was a period in the in the i would

852  
00:29:03,990 --> 00:29:02,799  
have lived in their very early 80s

853  
00:29:04,950 --> 00:29:04,000  
where they actually said that my

854  
00:29:05,830 --> 00:29:04,960  
grandfather was never even in the

855  
00:29:08,149 --> 00:29:05,840  
military

856  
00:29:10,310 --> 00:29:08,159  
oh my god that's that sounds like an

857  
00:29:12,310 --> 00:29:10,320  
ongoing cover-up doesn't it yeah

858  
00:29:14,470 --> 00:29:12,320  
well and then you know imagine that that

859  
00:29:16,470 --> 00:29:14,480  
you know the all the records on roswell

860  
00:29:17,750 --> 00:29:16,480  
burned up in a fire during the short

861  
00:29:18,789 --> 00:29:17,760  
period that roswell had you know the

862  
00:29:21,590 --> 00:29:18,799  
1947

863  
00:29:22,070 --> 00:29:21,600

middle of july and that kind of thing um

864

00:29:24,470 --> 00:29:22,080

yeah

865

00:29:25,990 --> 00:29:24,480

it's just a lot of amazing coincidences

866

00:29:27,750 --> 00:29:26,000

but that as far as standing out

867

00:29:29,830 --> 00:29:27,760

now there were people that would you

868

00:29:31,430 --> 00:29:29,840

know and they don't really exist as much

869

00:29:32,870 --> 00:29:31,440

you know today as they did maybe 20

870

00:29:34,630 --> 00:29:32,880

years ago some people

871

00:29:36,789 --> 00:29:34,640

really went out on the edge speaking

872

00:29:38,070 --> 00:29:36,799

against anybody who saw anything

873

00:29:39,830 --> 00:29:38,080

and i think there were some things

874

00:29:40,389 --> 00:29:39,840

written about my father which he more or

875

00:29:42,470 --> 00:29:40,399

less just

876

00:29:44,149 --> 00:29:42,480

laughed off because if you know is

877

00:29:45,269 --> 00:29:44,159

saying if you can't if you can't attack

878

00:29:46,310 --> 00:29:45,279

the you know the proof that you're gonna

879

00:29:48,230 --> 00:29:46,320

attack the person

880

00:29:49,669 --> 00:29:48,240

but my that was pretty impenetrable i

881

00:29:52,310 --> 00:29:49,679

mean he he was you know he was

882

00:29:53,190 --> 00:29:52,320

i mean a great american hero really and

883

00:29:54,549 --> 00:29:53,200

uh

884

00:29:56,230 --> 00:29:54,559

you know they try it but it really you

885

00:29:57,590 --> 00:29:56,240

know he just slept it off it wasn't it

886

00:29:58,470 --> 00:29:57,600

wasn't really important to him he knew

887

00:30:02,149 --> 00:29:58,480

the truth

888

00:30:03,830 --> 00:30:02,159

yeah yeah that's great and um

889

00:30:06,070 --> 00:30:03,840

i'm sorry i'm having trouble holding my

890

00:30:09,190 --> 00:30:06,080

mic i have to leave it again

891

00:30:10,470 --> 00:30:09,200

pardon me everyone um if you could see

892

00:30:11,830 --> 00:30:10,480

the way i'm

893

00:30:13,110 --> 00:30:11,840

if there was a camera in here you'd

894

00:30:13,830 --> 00:30:13,120

everyone would be laughing because i

895

00:30:15,590 --> 00:30:13,840

have this mic

896

00:30:18,710 --> 00:30:15,600

on a big arm that swings down and the

897

00:30:22,230 --> 00:30:18,720

whole arm is what fell on top of me

898

00:30:24,310 --> 00:30:22,240

so now i'm holding it um now didn't your

899

00:30:25,510 --> 00:30:24,320

your father and your grandfather write a

900

00:30:27,909 --> 00:30:25,520

book

901  
00:30:30,789 --> 00:30:27,919  
and uh didn't they get some heat this is

902  
00:30:33,510 --> 00:30:30,799  
from the message board

903  
00:30:34,230 --> 00:30:33,520  
now she that my grandfather never wrote

904  
00:30:37,430 --> 00:30:34,240  
a book

905  
00:30:40,470 --> 00:30:37,440  
okay father or grandfather i'm sorry

906  
00:30:42,710 --> 00:30:40,480  
so your father did yeah and i you know i

907  
00:30:44,789 --> 00:30:42,720  
i don't know of any heat that so much

908  
00:30:47,830 --> 00:30:44,799  
came of it there's a

909  
00:30:49,990 --> 00:30:47,840  
um you know it was it was

910  
00:30:50,950 --> 00:30:50,000  
i think the only thing that people were

911  
00:30:52,710 --> 00:30:50,960  
upset about

912  
00:30:53,990 --> 00:30:52,720  
the the book was that it didn't really

913  
00:30:56,389 --> 00:30:54,000

have a lot of

914

00:30:58,389 --> 00:30:56,399

they're much much outside of the uh

915

00:31:01,509 --> 00:30:58,399

what's already out there

916

00:31:03,190 --> 00:31:01,519

um my father he kept a little more of

917

00:31:04,710 --> 00:31:03,200

his personal life personal

918

00:31:06,549 --> 00:31:04,720

and i'm not quite sure if that was

919

00:31:06,950 --> 00:31:06,559

mixing or whatever but you know overall

920

00:31:09,350 --> 00:31:06,960

not

921

00:31:10,470 --> 00:31:09,360

really there was a i know i was i was

922

00:31:11,909 --> 00:31:10,480

there when the whole book was when we

923

00:31:15,110 --> 00:31:11,919

were putting the book together so i

924

00:31:16,950 --> 00:31:15,120

not yeah not that i know of um like i

925

00:31:18,230 --> 00:31:16,960

i actually have a book out myself that

926  
00:31:20,389 --> 00:31:18,240  
we that

927  
00:31:21,909 --> 00:31:20,399  
it's kind of a tragic story is it put

928  
00:31:24,070 --> 00:31:21,919  
together

929  
00:31:25,669 --> 00:31:24,080  
research for a half dozen years outside

930  
00:31:26,549 --> 00:31:25,679  
of which what the family was involved

931  
00:31:29,029 --> 00:31:26,559  
with

932  
00:31:30,710 --> 00:31:29,039  
and uh he was we were going to go on a

933  
00:31:33,029 --> 00:31:30,720  
book signing tour together

934  
00:31:34,389 --> 00:31:33,039  
and when i was in texas down a little

935  
00:31:34,950 --> 00:31:34,399  
vacation with the family we got a phone

936  
00:31:37,190 --> 00:31:34,960  
call

937  
00:31:39,190 --> 00:31:37,200  
then my father had passed away and

938  
00:31:40,070 --> 00:31:39,200

literally when i got home a box of books

939

00:31:40,789 --> 00:31:40,080

from the publisher was sitting on the

940

00:31:43,110 --> 00:31:40,799

front test

941

00:31:44,470 --> 00:31:43,120

on the front steps so he never he never

942

00:31:45,590 --> 00:31:44,480

got to see the finished product that was

943

00:31:45,990 --> 00:31:45,600

kind of the next step in the whole

944

00:31:48,710 --> 00:31:46,000

journey

945

00:31:49,909 --> 00:31:48,720

but it just didn't happen yeah that's

946

00:31:53,590 --> 00:31:49,919

really sad

947

00:31:56,789 --> 00:31:53,600

um i want to talk about um the debunkers

948

00:31:58,630 --> 00:31:56,799

because there's been so many debunkers

949

00:32:00,070 --> 00:31:58,640

when it comes to roswell because it's

950

00:32:05,830 --> 00:32:00,080

you know it's the

951  
00:32:06,950 --> 00:32:05,840  
um i think when it comes to the whole

952  
00:32:10,549 --> 00:32:06,960  
ufo

953  
00:32:11,029 --> 00:32:10,559  
scenario and how did your father deal

954  
00:32:13,990 --> 00:32:11,039  
with

955  
00:32:14,710 --> 00:32:14,000  
the debunkers you know before you answer

956  
00:32:18,070 --> 00:32:14,720  
that

957  
00:32:21,830 --> 00:32:18,080  
you know there is the story about

958  
00:32:24,870 --> 00:32:21,840  
some i think it's a toy company that

959  
00:32:27,110 --> 00:32:24,880  
somehow had um like higher

960  
00:32:28,149 --> 00:32:27,120  
hieroglyphic well i'm having a hard time

961  
00:32:31,830 --> 00:32:28,159  
saying that

962  
00:32:33,750 --> 00:32:31,840  
um the hieroglyphics on the

963  
00:32:35,029 --> 00:32:33,760

beams they thought that's where that

964

00:32:36,870 --> 00:32:35,039

came from and

965

00:32:39,029 --> 00:32:36,880

and they had answers for everything you

966

00:32:41,669 --> 00:32:39,039

know answers for everything and uh

967

00:32:42,230 --> 00:32:41,679

and there are some adamant debunkers out

968

00:32:45,190 --> 00:32:42,240

there

969

00:32:46,310 --> 00:32:45,200

that just really attacked roswell and

970

00:32:49,190 --> 00:32:46,320

and what did your father

971

00:32:50,070 --> 00:32:49,200

feel about that well if i could address

972

00:32:53,110 --> 00:32:50,080

those situations

973

00:32:55,350 --> 00:32:53,120

one there there was the dr moore

974

00:32:56,950 --> 00:32:55,360

who came up the story that the scotch

975

00:32:57,830 --> 00:32:56,960

tape that held the raw one targets

976  
00:32:59,590 --> 00:32:57,840  
together

977  
00:33:00,789 --> 00:32:59,600  
was left over from the war and it was

978  
00:33:02,389 --> 00:33:00,799  
actually christmas tape and the

979  
00:33:05,590 --> 00:33:02,399  
christmas tape had

980  
00:33:06,310 --> 00:33:05,600  
symbols christmas trees and and i happen

981  
00:33:08,470 --> 00:33:06,320  
to have all

982  
00:33:09,590 --> 00:33:08,480  
we went back and i actually have all the

983  
00:33:10,950 --> 00:33:09,600  
tapes which was

984  
00:33:12,710 --> 00:33:10,960  
released by scotch and all those kind of

985  
00:33:13,909 --> 00:33:12,720  
things those time period and you know

986  
00:33:16,230 --> 00:33:13,919  
it's it's a it's

987  
00:33:17,430 --> 00:33:16,240  
an interesting story the the biggest

988  
00:33:18,630 --> 00:33:17,440

thing that i have is

989

00:33:20,230 --> 00:33:18,640

is that's where we went through when we

990

00:33:21,509 --> 00:33:20,240

were doing this book is we have pictures

991

00:33:23,669 --> 00:33:21,519

of that tape and then we have pictures

992

00:33:25,110 --> 00:33:23,679

of all the raw and targets

993

00:33:26,470 --> 00:33:25,120

and highlighted where you can see all

994

00:33:27,269 --> 00:33:26,480

the edges on them and the edges didn't

995

00:33:29,029 --> 00:33:27,279

have any of these

996

00:33:30,789 --> 00:33:29,039

this kind of tape on them it's perfectly

997

00:33:32,710 --> 00:33:30,799

clear there's

998

00:33:34,149 --> 00:33:32,720

it's nonsensical what they're saying i

999

00:33:35,590 --> 00:33:34,159

mean you in their own photograph their

1000

00:33:37,269 --> 00:33:35,600

own photographs prove that what they're

1001

00:33:39,269 --> 00:33:37,279

saying there's no truth to

1002

00:33:41,110 --> 00:33:39,279

as far as the debunkers go there were a

1003

00:33:42,789 --> 00:33:41,120

lot more of them in their 80s than the

1004

00:33:46,470 --> 00:33:42,799

90s and even now

1005

00:33:49,110 --> 00:33:46,480

um and it's it usually the you know

1006

00:33:49,909 --> 00:33:49,120

my father would always welcome a skeptic

1007

00:33:51,750 --> 00:33:49,919

always

1008

00:33:53,430 --> 00:33:51,760

you know it maybe it was this well

1009

00:33:54,230 --> 00:33:53,440

you're right you know it was always very

1010

00:33:57,590 --> 00:33:54,240

welcome

1011

00:33:58,630 --> 00:33:57,600

well you were you know

1012

00:33:59,750 --> 00:33:58,640

like i said if you can't talk about the

1013

00:34:01,190 --> 00:33:59,760

information they try to attack the

1014

00:34:01,830 --> 00:34:01,200

person they just you know relegated them

1015

00:34:04,950 --> 00:34:01,840

to

1016

00:34:06,950 --> 00:34:04,960

but honestly you know there's there

1017

00:34:09,990 --> 00:34:06,960

might have been some attacks going on

1018

00:34:12,550 --> 00:34:10,000

but uh they you know it was it was

1019

00:34:14,230 --> 00:34:12,560

small enough that and and at least

1020

00:34:16,149 --> 00:34:14,240

within our family we knew the truth

1021

00:34:17,750 --> 00:34:16,159

that it really didn't phase anything

1022

00:34:19,510 --> 00:34:17,760

yeah we always looked at a lot of people

1023

00:34:21,669 --> 00:34:19,520

it's one thing to be a skeptic and be

1024

00:34:22,790 --> 00:34:21,679

reasonable and and bring up evidence you

1025

00:34:24,389 --> 00:34:22,800

know there's all you know

1026

00:34:25,829 --> 00:34:24,399

what what it could have been what made

1027

00:34:27,349 --> 00:34:25,839

sense great

1028

00:34:30,069 --> 00:34:27,359

and when other people are are doing it

1029

00:34:31,030 --> 00:34:30,079

because they just have an axe to grind

1030

00:34:32,310 --> 00:34:31,040

or whatever and then those kind of

1031

00:34:34,069 --> 00:34:32,320

people is kind of dismissed but it seems

1032

00:34:36,950 --> 00:34:34,079

like there's less and less those people

1033

00:34:38,710 --> 00:34:36,960

um now definitely the younger generation

1034

00:34:40,230 --> 00:34:38,720

uh

1035

00:34:41,909 --> 00:34:40,240

i have a couple of young kids you know

1036

00:34:43,990 --> 00:34:41,919

on the next couple generations

1037

00:34:45,430 --> 00:34:44,000

and they are they more or less want

1038

00:34:46,710 --> 00:34:45,440

they'd like to see the proof but they

1039

00:34:47,829 --> 00:34:46,720

want to be proven that it's true not

1040

00:34:50,950 --> 00:34:47,839

proven as fault

1041

00:34:51,669 --> 00:34:50,960

right right you know one of the

1042

00:34:54,629 --> 00:34:51,679

debunkers

1043

00:34:56,069 --> 00:34:54,639

or a lot of them i should say are saying

1044

00:34:58,390 --> 00:34:56,079

well the whole explanation behind this

1045

00:35:01,670 --> 00:34:58,400

whole thing and why it was kept such

1046

00:35:02,790 --> 00:35:01,680

uh top secret is because of you know it

1047

00:35:05,109 --> 00:35:02,800

was the mogul

1048

00:35:06,390 --> 00:35:05,119

a spy balloon to hear if the russians

1049

00:35:09,510 --> 00:35:06,400

were you know

1050

00:35:11,990 --> 00:35:09,520

setting off nuclear weapons and all that

1051

00:35:13,589 --> 00:35:12,000

and so they'll go right into that and

1052

00:35:15,270 --> 00:35:13,599

they'll just stick with that that's it

1053

00:35:16,950 --> 00:35:15,280

that's it and that's the end of end of

1054

00:35:20,230 --> 00:35:16,960

story and i actually

1055

00:35:21,190 --> 00:35:20,240

i actually know a uh a ufologist

1056

00:35:24,310 --> 00:35:21,200

basically

1057

00:35:25,750 --> 00:35:24,320

that thinks roswell never happened so

1058

00:35:28,790 --> 00:35:25,760

there's a lot of people that

1059

00:35:30,150 --> 00:35:28,800

you know you know attacked the story

1060

00:35:31,750 --> 00:35:30,160

about the whole thing but there's a lot

1061

00:35:32,710 --> 00:35:31,760

of you know there's still a lot of

1062

00:35:34,870 --> 00:35:32,720

questions

1063

00:35:36,230 --> 00:35:34,880

um you know i'm still baffled by the two

1064

00:35:38,950 --> 00:35:36,240

different crashes

1065

00:35:40,790 --> 00:35:38,960

and you know whether it was a collision

1066

00:35:43,270 --> 00:35:40,800

whether it was an escape pod

1067

00:35:44,150 --> 00:35:43,280

um you know there's all kinds of

1068

00:35:45,750 --> 00:35:44,160

theories behind

1069

00:35:47,750 --> 00:35:45,760

that and i think stanton friedman

1070

00:35:50,630 --> 00:35:47,760

thought it was a a collision

1071

00:35:52,790 --> 00:35:50,640

and another researcher you know thought

1072

00:35:53,990 --> 00:35:52,800

it absolutely was not it was a

1073

00:35:55,829 --> 00:35:54,000

probably part of the ship and that's

1074

00:35:58,950 --> 00:35:55,839

where the crew was in and

1075

00:36:00,710 --> 00:35:58,960

you know all that um

1076

00:36:01,990 --> 00:36:00,720

did i just ask you a question or am i

1077

00:36:03,589 --> 00:36:02,000

rambling i can't i don't know what are

1078

00:36:05,670 --> 00:36:03,599

you talking no no i it

1079

00:36:06,630 --> 00:36:05,680

it is you know stanton friedman he

1080

00:36:07,990 --> 00:36:06,640

definitely when you talk to my

1081

00:36:09,589 --> 00:36:08,000

grandfather originally kind of brought

1082

00:36:11,109 --> 00:36:09,599

the the story public i

1083

00:36:12,390 --> 00:36:11,119

now i wasn't familiar with exactly what

1084

00:36:13,270 --> 00:36:12,400

stanton friedman said is he thought it

1085

00:36:15,589 --> 00:36:13,280

was a crash

1086

00:36:17,349 --> 00:36:15,599

we've always had our own ideas you know

1087

00:36:18,470 --> 00:36:17,359

uh about what happened what might not

1088

00:36:19,270 --> 00:36:18,480

have happened as far as causing the

1089

00:36:21,030 --> 00:36:19,280

crash

1090

00:36:22,550 --> 00:36:21,040

why it was where it was those sort of

1091

00:36:24,790 --> 00:36:22,560

things um

1092

00:36:25,990 --> 00:36:24,800

you know back to the row and target you

1093

00:36:27,510 --> 00:36:26,000

know it's that that's

1094

00:36:28,950 --> 00:36:27,520

that that's that's that's a good

1095

00:36:30,470 --> 00:36:28,960

argument there's one thing that kind of

1096

00:36:31,990 --> 00:36:30,480

pulls that one apart

1097

00:36:33,589 --> 00:36:32,000

if somebody a debunker really wants to

1098

00:36:35,750 --> 00:36:33,599

go back and investigate that look at my

1099

00:36:37,430 --> 00:36:35,760

grandfather who just graduated from

1100

00:36:39,270 --> 00:36:37,440

a radar intelligence school where they

1101  
00:36:41,589 --> 00:36:39,280  
studied amazingly enough rolling

1102  
00:36:42,710 --> 00:36:41,599  
targets and your mogul projects and to

1103  
00:36:44,550 --> 00:36:42,720  
think that he went out

1104  
00:36:46,310 --> 00:36:44,560  
after getting a diploma in that exact

1105  
00:36:47,349 --> 00:36:46,320  
area and not understanding what he was

1106  
00:36:49,910 --> 00:36:47,359  
looking at is

1107  
00:36:51,270 --> 00:36:49,920  
crazy so you're basically you're caught

1108  
00:36:53,589 --> 00:36:51,280  
in a position where

1109  
00:36:54,950 --> 00:36:53,599  
you either believe that my grandfather

1110  
00:36:57,349 --> 00:36:54,960  
was just part of a grand

1111  
00:36:59,109 --> 00:36:57,359  
scheme to create a big story and there

1112  
00:37:01,349 --> 00:36:59,119  
was a lot of collusion

1113  
00:37:02,790 --> 00:37:01,359

or there was something to it you really

1114

00:37:03,510 --> 00:37:02,800

got to fall on one of those two sides of

1115

00:37:05,430 --> 00:37:03,520

the line

1116

00:37:06,870 --> 00:37:05,440

like i said the mogul balloon can be

1117

00:37:07,750 --> 00:37:06,880

there's there's so many holes can be

1118

00:37:09,510 --> 00:37:07,760

shot in that thing

1119

00:37:11,190 --> 00:37:09,520

even you know dr moore he met with my

1120

00:37:13,270 --> 00:37:11,200

gran my father one time

1121

00:37:14,390 --> 00:37:13,280

and they both agreed to disagree about

1122

00:37:16,710 --> 00:37:14,400

some of the material like

1123

00:37:18,550 --> 00:37:16,720

for instance like the the foil on a raw

1124

00:37:18,870 --> 00:37:18,560

one target had a white paper backing in

1125

00:37:22,630 --> 00:37:18,880

that

1126

00:37:24,550 --> 00:37:22,640

and father talked about

1127

00:37:25,670 --> 00:37:24,560

it was the silver foil had no backing it

1128

00:37:26,630 --> 00:37:25,680

was very thin that kind of thing i mean

1129

00:37:29,190 --> 00:37:26,640

little things like that

1130

00:37:30,710 --> 00:37:29,200

number two is raw when targets were you

1131

00:37:32,150 --> 00:37:30,720

know they had basically a microphone and

1132

00:37:33,750 --> 00:37:32,160

a recorder in them

1133

00:37:35,030 --> 00:37:33,760

none of that existed any of the debris

1134

00:37:36,069 --> 00:37:35,040

they also had you know a stream of

1135

00:37:38,870 --> 00:37:36,079

balloons 24

1136

00:37:39,670 --> 00:37:38,880

30 balloons lots of uh twine that kind

1137

00:37:41,270 --> 00:37:39,680

of thing

1138

00:37:43,430 --> 00:37:41,280

none of those was found at the at the

1139

00:37:46,630 --> 00:37:43,440

crash site another point

1140

00:37:47,990 --> 00:37:46,640

i had to rattle stuff off um

1141

00:37:50,710 --> 00:37:48,000

when was the last time you saw the

1142

00:37:51,190 --> 00:37:50,720

military throw out a top secret project

1143

00:37:52,230 --> 00:37:51,200

and make

1144

00:37:54,390 --> 00:37:52,240

pictures of it and put it over the

1145

00:37:56,230 --> 00:37:54,400

newspapers you know

1146

00:37:57,990 --> 00:37:56,240

to keep people from you know

1147

00:37:59,670 --> 00:37:58,000

investigating roswell further

1148

00:38:01,589 --> 00:37:59,680

it's just it like it doesn't make sense

1149

00:38:03,670 --> 00:38:01,599

we the military wouldn't do that and

1150

00:38:05,270 --> 00:38:03,680

the mogu balloon project was top secret

1151  
00:38:06,310 --> 00:38:05,280  
the materials that weren't top secret

1152  
00:38:09,109 --> 00:38:06,320  
they could be found on the shelf

1153  
00:38:09,589 --> 00:38:09,119  
at a store but the actual purpose i mean

1154  
00:38:11,349 --> 00:38:09,599  
you

1155  
00:38:13,270 --> 00:38:11,359  
they would they just they they picked

1156  
00:38:13,910 --> 00:38:13,280  
the better of two evils i in my opinion

1157  
00:38:15,829 --> 00:38:13,920  
that

1158  
00:38:17,109 --> 00:38:15,839  
they threw out the muggle balloon and

1159  
00:38:18,230 --> 00:38:17,119  
let the whole world know we're doing

1160  
00:38:19,829 --> 00:38:18,240  
with it even though up to that point it

1161  
00:38:21,430 --> 00:38:19,839  
was completely top secret

1162  
00:38:23,430 --> 00:38:21,440  
you know versus anybody else talking

1163  
00:38:25,030 --> 00:38:23,440

about roswell being a ufo which

1164

00:38:27,349 --> 00:38:25,040

you know kind of doesn't make sense

1165

00:38:29,910 --> 00:38:27,359

right now was there ever any doubt

1166

00:38:33,270 --> 00:38:29,920

in with your father or grandfather that

1167

00:38:35,990 --> 00:38:33,280

this was an alien ship

1168

00:38:37,510 --> 00:38:36,000

100 with my grandfather absolutely it

1169

00:38:39,190 --> 00:38:37,520

was not from here

1170

00:38:40,870 --> 00:38:39,200

my father what he said you know

1171

00:38:42,390 --> 00:38:40,880

basically it didn't make any sense the

1172

00:38:44,470 --> 00:38:42,400

only thing that made sense to him

1173

00:38:45,990 --> 00:38:44,480

was it came from somewhere else and like

1174

00:38:49,430 --> 00:38:46,000

i said he in a way

1175

00:38:51,190 --> 00:38:49,440

devoted his life to it his studies his

1176

00:38:53,349 --> 00:38:51,200

study of astronomy

1177

00:38:54,950 --> 00:38:53,359

so you know in his mind yes i mean that

1178

00:38:55,670 --> 00:38:54,960

there there was never a wavering there

1179

00:38:58,150 --> 00:38:55,680

was never

1180

00:38:59,910 --> 00:38:58,160

you know anything that anything but this

1181

00:39:01,270 --> 00:38:59,920

and so you're talking about two people

1182

00:39:02,390 --> 00:39:01,280

first-hand witnesses that actually

1183

00:39:03,589 --> 00:39:02,400

handled the debris

1184

00:39:05,670 --> 00:39:03,599

who believed completely was from

1185

00:39:06,950 --> 00:39:05,680

somewhere else and like my dad kiddingly

1186

00:39:08,390 --> 00:39:06,960

said you know something at least raw one

1187

00:39:08,950 --> 00:39:08,400

targets they're held together by balsa

1188

00:39:10,630 --> 00:39:08,960

sticks

1189

00:39:12,230 --> 00:39:10,640

you know i had i had models hanging from

1190

00:39:14,230 --> 00:39:12,240

my air through my ceiling in my bedroom

1191

00:39:16,390 --> 00:39:14,240

they were made of the same stuff i said

1192

00:39:17,349 --> 00:39:16,400

as a child i'd i would have figured that

1193

00:39:19,430 --> 00:39:17,359

out

1194

00:39:20,710 --> 00:39:19,440

right you know not that bad or that same

1195

00:39:22,390 --> 00:39:20,720

old idea but

1196

00:39:24,630 --> 00:39:22,400

it's just like i said they they they

1197

00:39:25,829 --> 00:39:24,640

believe 100 it was from somewhere else

1198

00:39:27,829 --> 00:39:25,839

and then it just boils down to the

1199

00:39:29,829 --> 00:39:27,839

integrity of the people involved and was

1200

00:39:31,109 --> 00:39:29,839

her collusion throughout the country and

1201  
00:39:33,190 --> 00:39:31,119  
even some parts of the world that this

1202  
00:39:37,829 --> 00:39:33,200  
was just some made-up story

1203  
00:39:39,430 --> 00:39:37,839  
right now when your grandfather was out

1204  
00:39:42,069 --> 00:39:39,440  
in the debris field he was out in the

1205  
00:39:44,230 --> 00:39:42,079  
main debris field is that correct

1206  
00:39:45,750 --> 00:39:44,240  
the first debris field the large one yes

1207  
00:39:46,630 --> 00:39:45,760  
and getting back i know you mentioned

1208  
00:39:49,589 --> 00:39:46,640  
something about the

1209  
00:39:50,150 --> 00:39:49,599  
the other site was that was that like a

1210  
00:39:51,910 --> 00:39:50,160  
known

1211  
00:39:53,589 --> 00:39:51,920  
fact through you know everyone that

1212  
00:39:55,670 --> 00:39:53,599  
worked in the first debris field

1213  
00:39:58,150 --> 00:39:55,680

did everyone know that there was another

1214

00:40:00,230 --> 00:39:58,160

uh crash site

1215

00:40:01,349 --> 00:40:00,240

not at the beginning that was kind of

1216

00:40:03,910 --> 00:40:01,359

the need to know there were

1217

00:40:05,109 --> 00:40:03,920

there were people there were people on

1218

00:40:05,990 --> 00:40:05,119

both sides and they weren't they but

1219

00:40:07,829 --> 00:40:06,000

they didn't interact they weren't

1220

00:40:10,390 --> 00:40:07,839

working together on it

1221

00:40:10,870 --> 00:40:10,400

i see at that time yeah now you know

1222

00:40:12,470 --> 00:40:10,880

that

1223

00:40:14,069 --> 00:40:12,480

the story and my grandfather wasn't

1224

00:40:15,990 --> 00:40:14,079

directly involved in this so uh

1225

00:40:17,750 --> 00:40:16,000

so i can speculate or go by what the

1226  
00:40:19,510 --> 00:40:17,760  
other people have researched as far as

1227  
00:40:21,349 --> 00:40:19,520  
you know the areas being cordoned off

1228  
00:40:22,950 --> 00:40:21,359  
there is uh you know scraping up every

1229  
00:40:26,230 --> 00:40:22,960  
little piece of metal they could find

1230  
00:40:27,829 --> 00:40:26,240  
um in fact i i did research i have my uh

1231  
00:40:29,190 --> 00:40:27,839  
one of my projects we went through

1232  
00:40:30,550 --> 00:40:29,200  
everything and then our argument is

1233  
00:40:31,510 --> 00:40:30,560  
actually there's three crash sites not

1234  
00:40:34,710 --> 00:40:31,520  
just two

1235  
00:40:36,069 --> 00:40:34,720  
just like uh by patterns and and the

1236  
00:40:37,670 --> 00:40:36,079  
traffic and different sightings from

1237  
00:40:40,710 --> 00:40:37,680  
different people and that kind of thing

1238  
00:40:42,390 --> 00:40:40,720

but uh yeah there was a lot going on now

1239

00:40:44,069 --> 00:40:42,400

do you remember it wasn't it like 40

1240

00:40:45,910 --> 00:40:44,079

miles apart the two crash sites or was

1241

00:40:47,829 --> 00:40:45,920

it even further

1242

00:40:49,670 --> 00:40:47,839

you know i i would i should know that

1243

00:40:50,710 --> 00:40:49,680

but but it was it was i think it was at

1244

00:40:53,270 --> 00:40:50,720

least 40 miles

1245

00:40:54,870 --> 00:40:53,280

yeah yeah now who do you think the best

1246

00:40:56,230 --> 00:40:54,880

researcher

1247

00:40:58,150 --> 00:40:56,240

i know you probably don't want to point

1248

00:40:59,670 --> 00:40:58,160

the finger or

1249

00:41:01,829 --> 00:40:59,680

point it away from someone but who do

1250

00:41:02,630 --> 00:41:01,839

you think is the best researcher right

1251

00:41:04,630 --> 00:41:02,640

now

1252

00:41:06,950 --> 00:41:04,640

when it comes to roswell do you want to

1253

00:41:11,190 --> 00:41:06,960

say that

1254

00:41:13,030 --> 00:41:11,200

you know it's really hard to say

1255

00:41:14,630 --> 00:41:13,040

if you're talking about from the you

1256

00:41:18,870 --> 00:41:14,640

know the ufo side

1257

00:41:20,470 --> 00:41:18,880

um gosh uh

1258

00:41:22,309 --> 00:41:20,480

you know stanton freeman was always a

1259

00:41:25,030 --> 00:41:22,319

favorite and then

1260

00:41:25,990 --> 00:41:25,040

you know mine honestly is is you know

1261

00:41:29,270 --> 00:41:26,000

donald schmidt

1262

00:41:30,870 --> 00:41:29,280

uh kevin randle uh

1263

00:41:33,190 --> 00:41:30,880

they both seem to have their thumb on it

1264

00:41:36,710 --> 00:41:33,200

i i like uh kevin randle he's very

1265

00:41:37,510 --> 00:41:36,720

uh he's uh methodical and not given to

1266

00:41:39,270 --> 00:41:37,520

fancy and

1267

00:41:40,309 --> 00:41:39,280

and very precise about what he says it

1268

00:41:41,190 --> 00:41:40,319

kind of reminds me of father a little

1269

00:41:42,550 --> 00:41:41,200

bit actually

1270

00:41:44,230 --> 00:41:42,560

and donald schmidt is an incredible

1271

00:41:46,470 --> 00:41:44,240

historian right

1272

00:41:47,910 --> 00:41:46,480

and either there isn't one topic about

1273

00:41:48,390 --> 00:41:47,920

roswell or people involved that he

1274

00:41:51,510 --> 00:41:48,400

couldn't

1275

00:41:52,550 --> 00:41:51,520

he can state chapter and verse exactly

1276

00:41:55,109 --> 00:41:52,560

what happened

1277

00:41:56,069 --> 00:41:55,119

so i would say those gentlemen now did

1278

00:41:59,829 --> 00:41:56,079

you ever

1279

00:42:02,710 --> 00:41:59,839

know of your father um talking to other

1280

00:42:03,270 --> 00:42:02,720

uh witnesses you know i know after stan

1281

00:42:05,109 --> 00:42:03,280

freeman's

1282

00:42:07,109 --> 00:42:05,119

you know uncovered i forget how many

1283

00:42:07,990 --> 00:42:07,119

exactly and they kept growing and

1284

00:42:10,630 --> 00:42:08,000

growing and

1285

00:42:11,589 --> 00:42:10,640

i think there's something like 600 now

1286

00:42:15,270 --> 00:42:11,599

in total

1287

00:42:17,190 --> 00:42:15,280

um but had your had they ever spoke with

1288

00:42:18,550 --> 00:42:17,200

have your father ever spoke with any of

1289

00:42:20,150 --> 00:42:18,560

the witnesses

1290

00:42:21,910 --> 00:42:20,160

yeah some of the townspeople that were

1291

00:42:23,910 --> 00:42:21,920

living back that time had contacted my

1292

00:42:27,030 --> 00:42:23,920

father in later years

1293

00:42:28,790 --> 00:42:27,040

and had talked about it um he

1294

00:42:30,150 --> 00:42:28,800

some of the stories were dead on the way

1295

00:42:31,109 --> 00:42:30,160

he remembered it some of them were kind

1296

00:42:32,950 --> 00:42:31,119

of fanciful

1297

00:42:34,309 --> 00:42:32,960

so i i couldn't give you a name of a

1298

00:42:36,950 --> 00:42:34,319

specific person

1299

00:42:38,710 --> 00:42:36,960

but uh but no no definitely some people

1300

00:42:40,309 --> 00:42:38,720

and it wasn't my my father honestly

1301

00:42:42,390 --> 00:42:40,319

wasn't actually pursuing any of them

1302

00:42:44,069 --> 00:42:42,400

but some were actually pursuing him

1303

00:42:46,950 --> 00:42:44,079

right now i know

1304

00:42:48,790 --> 00:42:46,960

you know the town of roswell has gotten

1305

00:42:50,550 --> 00:42:48,800

kind of gone crazy a lot of it

1306

00:42:52,390 --> 00:42:50,560

um you know you drive through and

1307

00:42:53,670 --> 00:42:52,400

there's uh

1308

00:42:55,030 --> 00:42:53,680

you know it's pretty big there's a lot

1309

00:42:55,510 --> 00:42:55,040

of bizarre things going on there and

1310

00:42:58,870 --> 00:42:55,520

there's some

1311

00:43:01,349 --> 00:42:58,880

there too

1312

00:43:02,950 --> 00:43:01,359

um and that visit there especially you

1313

00:43:05,750 --> 00:43:02,960

know in the fourth of july

1314

00:43:07,030 --> 00:43:05,760

um what did your father and what do you

1315

00:43:10,150 --> 00:43:07,040

think about

1316

00:43:14,470 --> 00:43:10,160

the fringe part of this and how it can

1317

00:43:19,990 --> 00:43:18,309

you know i it's it it's all yeah i mean

1318

00:43:23,109 --> 00:43:20,000

we've honestly tried to you know kind of

1319

00:43:25,270 --> 00:43:23,119

stay away from the the absolute fringe

1320

00:43:26,790 --> 00:43:25,280

but you know it's it's you know as far

1321

00:43:28,550 --> 00:43:26,800

as them budding the waters you know

1322

00:43:30,069 --> 00:43:28,560

some definitely they think oh it's just

1323

00:43:32,390 --> 00:43:30,079

a bunch of cooks out there

1324

00:43:33,750 --> 00:43:32,400

but you know even in some of these

1325

00:43:35,510 --> 00:43:33,760

people around the fringe some of their

1326

00:43:37,430 --> 00:43:35,520

stories are actually pretty amazing

1327

00:43:38,870 --> 00:43:37,440

and so you know some are you know i i

1328

00:43:40,790 --> 00:43:38,880

honestly i i give it that

1329

00:43:42,069 --> 00:43:40,800

you know this rough 80 20. yeah you know

1330

00:43:43,190 --> 00:43:42,079

80 percent of what's out there

1331

00:43:44,950 --> 00:43:43,200

probably not a whole lot of truth dude

1332

00:43:46,550 --> 00:43:44,960

but there's a little nugget of something

1333

00:43:49,270 --> 00:43:46,560

some of these people are saying

1334

00:43:49,750 --> 00:43:49,280

um like i said i i tried to i just i was

1335

00:43:53,990 --> 00:43:49,760

i

1336

00:43:56,470 --> 00:43:54,000

used my grandfather

1337

00:43:57,910 --> 00:43:56,480

as a as the you know the the yardstick

1338

00:44:00,150 --> 00:43:57,920

and my father

1339

00:44:02,390 --> 00:44:00,160

and if it gets too far away from what my

1340

00:44:03,990 --> 00:44:02,400

grandfather

1341

00:44:05,430 --> 00:44:04,000

i was lucky enough to spend my summers

1342

00:44:05,750 --> 00:44:05,440

with my grandfather fishing with him so

1343

00:44:06,790 --> 00:44:05,760

we had

1344

00:44:09,270 --> 00:44:06,800

we talked about a lot of different

1345

00:44:11,190 --> 00:44:09,280

things and if it's too far from what

1346

00:44:12,550 --> 00:44:11,200

the way he talked about it then i i tend

1347

00:44:14,230 --> 00:44:12,560

to think it's more fringy

1348

00:44:15,829 --> 00:44:14,240

i i don't tell anybody you're just

1349

00:44:17,510 --> 00:44:15,839

playing crazy but uh

1350

00:44:18,790 --> 00:44:17,520

you know i try to like i say use him for

1351

00:44:20,230 --> 00:44:18,800

the art stick and depending on how far

1352

00:44:21,030 --> 00:44:20,240

you get away from the yardsticks where i

1353

00:44:23,030 --> 00:44:21,040

kind of lose

1354

00:44:24,470 --> 00:44:23,040

that makes a lot of sense now did did

1355

00:44:28,309 --> 00:44:24,480

your father know dr

1356

00:44:31,589 --> 00:44:28,319

edgar mitchell yes um i bet they

1357

00:44:34,630 --> 00:44:31,599

they they they seem similar in a way

1358

00:44:37,430 --> 00:44:34,640

like similar times definitely

1359

00:44:38,710 --> 00:44:37,440

i mean we all uh i and my sister denise

1360

00:44:40,150 --> 00:44:38,720

and my father were all the citizen

1361

00:44:42,950 --> 00:44:40,160

hearing last year

1362

00:44:44,550 --> 00:44:42,960

and uh and he was part of that and it

1363

00:44:47,990 --> 00:44:44,560

was kind of an interesting event

1364

00:44:49,430 --> 00:44:48,000

and uh um you know definitely no they

1365

00:44:50,069 --> 00:44:49,440

they do see eye to eye and actually my

1366

00:44:51,990 --> 00:44:50,079

father was

1367

00:44:53,270 --> 00:44:52,000

good friends with a number of astronauts

1368

00:44:56,390 --> 00:44:53,280

um one of his favorite

1369

00:44:57,349 --> 00:44:56,400

was actually a cosmonaut um that he was

1370

00:44:59,750 --> 00:44:57,359

the the the

1371

00:45:01,270 --> 00:44:59,760

they kept in pretty tight contact with

1372

00:45:02,309 --> 00:45:01,280

and you know it was just because you

1373

00:45:02,950 --> 00:45:02,319

know some of the things that they had

1374

00:45:04,630 --> 00:45:02,960

seen by

1375

00:45:06,309 --> 00:45:04,640

you know when they're you know in space

1376

00:45:08,710 --> 00:45:06,319

whether they're just completely

1377

00:45:10,069 --> 00:45:08,720

astounding you know very credible people

1378

00:45:11,670 --> 00:45:10,079

saying yeah there's something watching

1379

00:45:13,750 --> 00:45:11,680

us you know no question about it

1380

00:45:15,750 --> 00:45:13,760

and they always like to you know anyway

1381

00:45:18,309 --> 00:45:15,760

that so he he really enjoyed

1382

00:45:19,270 --> 00:45:18,319

the the uh you know we can should be had

1383

00:45:22,390 --> 00:45:19,280

with these people

1384

00:45:24,230 --> 00:45:22,400

right right now what do you think the

1385

00:45:27,589 --> 00:45:24,240

future is going to be

1386

00:45:30,870 --> 00:45:27,599

when it comes to the whole roswell thing

1387

00:45:32,309 --> 00:45:30,880

i mean do you must contemplate what you

1388

00:45:35,349 --> 00:45:32,319

think may come along

1389

00:45:37,670 --> 00:45:35,359

as time passes

1390

00:45:39,510 --> 00:45:37,680

i you know what's interesting is

1391

00:45:41,430 --> 00:45:39,520

roswell's not losing any of its

1392

00:45:45,109 --> 00:45:41,440

enthusiasm right

1393

00:45:47,190 --> 00:45:45,119

um if anything uh i i just did a

1394

00:45:48,150 --> 00:45:47,200

i just came back from brazil and i did a

1395

00:45:49,510 --> 00:45:48,160

little tour and had to get a bunch of

1396

00:45:50,870 --> 00:45:49,520

lectures and it was

1397

00:45:53,190 --> 00:45:50,880

that the book i had they published in

1398

00:45:55,109 --> 00:45:53,200

portuguese down there and

1399

00:45:56,710 --> 00:45:55,119

when you talk to these people it's very

1400

00:45:59,510 --> 00:45:56,720

fascinating because

1401

00:46:00,630 --> 00:45:59,520

they view roswell as not only the truth

1402

00:46:02,150 --> 00:46:00,640

but the beginning of

1403

00:46:04,150 --> 00:46:02,160

all you know not that there was things

1404

00:46:05,990 --> 00:46:04,160

in the history but that was what really

1405

00:46:07,829 --> 00:46:06,000

made people's opinions start looking you

1406

00:46:11,030 --> 00:46:07,839

know that made or something too honest

1407

00:46:13,910 --> 00:46:11,040

and like i said if anything with them

1408

00:46:15,109 --> 00:46:13,920

is very powerful they they not just

1409

00:46:15,829 --> 00:46:15,119

roswell but they look at these

1410

00:46:18,309 --> 00:46:15,839

experiences

1411

00:46:19,589 --> 00:46:18,319

as being almost religious they some

1412

00:46:20,150 --> 00:46:19,599

countries will build monuments to

1413

00:46:22,390 --> 00:46:20,160

sightings

1414

00:46:23,589 --> 00:46:22,400

in latin american countries completely

1415

00:46:26,630 --> 00:46:23,599

different tact on it but

1416

00:46:28,309 --> 00:46:26,640

uh but if anything it's it's a very hot

1417

00:46:29,270 --> 00:46:28,319

topic and it's not losing any of its

1418

00:46:32,710 --> 00:46:29,280

enthusiasm

1419

00:46:34,870 --> 00:46:32,720

wow so let's talk about brazil um

1420

00:46:36,309 --> 00:46:34,880

that isn't one of the countries that

1421

00:46:36,950 --> 00:46:36,319

does take it serious along with the

1422

00:46:40,550 --> 00:46:36,960

chile

1423

00:46:43,030 --> 00:46:40,560

uruguay

1424

00:46:44,390 --> 00:46:43,040

uh yeah all the there was that like one

1425

00:46:44,870 --> 00:46:44,400

of the conference house down there was

1426

00:46:47,349 --> 00:46:44,880

fun

1427

00:46:48,950 --> 00:46:47,359

it was i actually i i was able to the

1428

00:46:51,510 --> 00:46:48,960

luxury out that the the person i was

1429

00:46:54,390 --> 00:46:51,520

with was actually an astrophysicist

1430

00:46:55,109 --> 00:46:54,400

and we he was he was he was part of the

1431

00:46:57,190 --> 00:46:55,119

team

1432

00:46:58,150 --> 00:46:57,200

that was there not as a debunker but

1433

00:47:00,150 --> 00:46:58,160

just kind of like well

1434

00:47:01,430 --> 00:47:00,160

you know that's interesting but you know

1435

00:47:02,550 --> 00:47:01,440

we kind of see it this way in the

1436

00:47:05,270 --> 00:47:02,560

science world

1437

00:47:06,710 --> 00:47:05,280

but it was just it was a very nice

1438

00:47:09,349 --> 00:47:06,720

crossing across you know

1439

00:47:11,109 --> 00:47:09,359

of the different people involved and we

1440

00:47:13,510 --> 00:47:11,119

talked about roswell length

1441

00:47:15,109 --> 00:47:13,520

and uh everybody it was just complete

1442

00:47:16,309 --> 00:47:15,119

fascination some people showed up just

1443

00:47:17,829 --> 00:47:16,319

so you could talk about

1444

00:47:20,150 --> 00:47:17,839

you know just that they wanted firsthand

1445

00:47:21,910 --> 00:47:20,160

to you know to talk with a

1446

00:47:24,150 --> 00:47:21,920

you know marcel or whatever however you

1447

00:47:27,030 --> 00:47:24,160

want to put it about roswell like so

1448

00:47:29,750 --> 00:47:27,040

they they really embrace it 100

1449

00:47:31,190 --> 00:47:29,760

that's really good to hear and um had

1450

00:47:33,910 --> 00:47:31,200

your father ever

1451

00:47:35,430 --> 00:47:33,920

toured in any country like that he was

1452

00:47:38,790 --> 00:47:35,440

they had a world conference in

1453

00:47:40,390 --> 00:47:38,800

i think it was 97 in rio and he was part

1454

00:47:42,470 --> 00:47:40,400

of that and really enjoyed it

1455

00:47:43,829 --> 00:47:42,480

right now and uh he was actually going

1456

00:47:47,430 --> 00:47:43,839

to go there with me again of course i

1457

00:47:52,790 --> 00:47:50,630

now when he had his practice was he able

1458

00:47:55,670 --> 00:47:52,800

to get away whenever he wanted to

1459

00:47:56,390 --> 00:47:55,680

for these conferences i you know

1460

00:47:59,589 --> 00:47:56,400

honestly he

1461

00:48:01,910 --> 00:47:59,599

didn't do that many but yeah he would

1462

00:48:03,349 --> 00:48:01,920

he had a private practice so yeah he did

1463

00:48:05,030 --> 00:48:03,359

have the luxury as long as was planned

1464

00:48:06,309 --> 00:48:05,040

out far enough he just planted surgeries

1465

00:48:07,910 --> 00:48:06,319

and you know offices and that kind of

1466

00:48:08,950 --> 00:48:07,920

thing away from it and usually you know

1467

00:48:09,670 --> 00:48:08,960

a lot of times it happened over a

1468

00:48:12,390 --> 00:48:09,680

weekend

1469

00:48:13,270 --> 00:48:12,400

now brazil was it was i think uh you

1470

00:48:14,630 --> 00:48:13,280

know he

1471

00:48:15,670 --> 00:48:14,640

they do have conferences you know

1472

00:48:16,790 --> 00:48:15,680

medical conference and that kind of

1473

00:48:17,109 --> 00:48:16,800

thing and he's e-managers in certain

1474

00:48:20,069 --> 00:48:17,119

part

1475

00:48:20,870 --> 00:48:20,079

there was another another doctor in the

1476

00:48:22,710 --> 00:48:20,880

small town of helena

1477

00:48:24,390 --> 00:48:22,720

time they could take over the caseload

1478

00:48:24,630 --> 00:48:24,400

when he was gone so he did manage to do

1479

00:48:28,790 --> 00:48:24,640

it

1480

00:48:31,030 --> 00:48:28,800

well we do want to talk about your book

1481

00:48:31,829 --> 00:48:31,040

and and uh can you talk a little bit

1482

00:48:34,390 --> 00:48:31,839

about that

1483

00:48:35,990 --> 00:48:34,400

what it encompasses and everything it's

1484

00:48:38,230 --> 00:48:36,000

just it's it's

1485

00:48:39,750 --> 00:48:38,240

it's a fully illustrated like a tabletop

1486

00:48:42,790 --> 00:48:39,760

book of roswell

1487

00:48:45,349 --> 00:48:42,800

it kind of goes from steps a through z

1488

00:48:47,109 --> 00:48:45,359

um and it also gets kind of little

1489

00:48:48,390 --> 00:48:47,119

personal insights and anecdotes from our

1490

00:48:50,630 --> 00:48:48,400

family some little

1491

00:48:51,430 --> 00:48:50,640

fun things that happened and and not so

1492

00:48:53,030 --> 00:48:51,440

fun things

1493

00:48:54,549 --> 00:48:53,040

and just kind of uh just kind of an

1494

00:48:57,349 --> 00:48:54,559

inside look at everything but

1495

00:48:59,109 --> 00:48:57,359

in a very it does it doesn't read like a

1496

00:49:00,069 --> 00:48:59,119

history book or doesn't read like a you

1497

00:49:02,549 --> 00:49:00,079

know like a

1498

00:49:03,990 --> 00:49:02,559

some sort of documentary it's more of a

1499

00:49:06,470 --> 00:49:04,000

novelistic approach

1500

00:49:07,990 --> 00:49:06,480

i see and how long did that take to put

1501  
00:49:11,270 --> 00:49:08,000  
together

1502  
00:49:12,950 --> 00:49:11,280  
um about three years

1503  
00:49:14,790 --> 00:49:12,960  
oh by the time i was always done and

1504  
00:49:18,230 --> 00:49:14,800  
then

1505  
00:49:20,630 --> 00:49:18,240  
it's it's in five languages right now

1506  
00:49:21,670 --> 00:49:20,640  
wow um that's great and it's and it's

1507  
00:49:22,309 --> 00:49:21,680  
it's actually doing fairly well it's

1508  
00:49:24,390 --> 00:49:22,319  
kind of

1509  
00:49:25,430 --> 00:49:24,400  
it's it's not it i hate to call it the

1510  
00:49:27,190 --> 00:49:25,440  
baseline but it's it's

1511  
00:49:28,950 --> 00:49:27,200  
kind of like everybody's book on roswell

1512  
00:49:30,710 --> 00:49:28,960  
if you want to if you if you're a

1513  
00:49:32,150 --> 00:49:30,720

believer non-believer i've heard of that

1514

00:49:34,150 --> 00:49:32,160

that sounds kind of interesting

1515

00:49:36,630 --> 00:49:34,160

the illustrations were are amazing and

1516

00:49:39,030 --> 00:49:36,640

it did an incredibly good job the

1517

00:49:41,349 --> 00:49:39,040

the uh it's it's it's actually like it's

1518

00:49:43,510 --> 00:49:41,359

you consider almost like a graphic novel

1519

00:49:44,870 --> 00:49:43,520

um yeah but uh everything is well

1520

00:49:46,549 --> 00:49:44,880

supported and uh

1521

00:49:49,190 --> 00:49:46,559

that the partner i had in researching it

1522

00:49:51,829 --> 00:49:49,200

is she's a phd out of england

1523

00:49:53,109 --> 00:49:51,839

and her phd was in world war ii aircraft

1524

00:49:55,030 --> 00:49:53,119

technology

1525

00:49:56,470 --> 00:49:55,040

and it just it just fit like a dovetail

1526

00:50:00,309 --> 00:49:56,480

into our research

1527

00:50:01,990 --> 00:50:00,319

right what is the name and where can

1528

00:50:05,109 --> 00:50:02,000

someone find that

1529

00:50:07,670 --> 00:50:05,119

well it's alien crash at roswell

1530

00:50:08,309 --> 00:50:07,680

not too imaginative of course and uh you

1531

00:50:11,589 --> 00:50:08,319

kind of kept

1532

00:50:11,910 --> 00:50:11,599

the point the publisher did that was

1533

00:50:12,950 --> 00:50:11,920

because

1534

00:50:14,790 --> 00:50:12,960

it was supposed to be called the blue

1535

00:50:15,109 --> 00:50:14,800

room but he changed it or they changed

1536

00:50:19,030 --> 00:50:15,119

it

1537

00:50:21,190 --> 00:50:19,040

jessiemarcell.com

1538

00:50:22,870 --> 00:50:21,200

you can go there oh yeah yeah and get it

1539

00:50:24,630 --> 00:50:22,880

if you if you want to sign copy it uh

1540

00:50:26,309 --> 00:50:24,640

you know it's bookstores that kind of

1541

00:50:27,990 --> 00:50:26,319

thing when when we did the book it was

1542

00:50:29,190 --> 00:50:28,000

kind of funny that the

1543

00:50:30,950 --> 00:50:29,200

at the same time we did the book the

1544

00:50:31,270 --> 00:50:30,960

publisher said yeah we'll do the book

1545

00:50:32,710 --> 00:50:31,280

but

1546

00:50:35,190 --> 00:50:32,720

you have to do a documentary if you want

1547

00:50:35,510 --> 00:50:35,200

to do this and i said sure so i i and

1548

00:50:37,109 --> 00:50:35,520

phil

1549

00:50:38,710 --> 00:50:37,119

coppin's and if you feel like the name

1550

00:50:41,430 --> 00:50:38,720

oh yeah he was one of the co-creators

1551  
00:50:41,910 --> 00:50:41,440  
he passed away as early i mean young

1552  
00:50:45,030 --> 00:50:41,920  
yeah

1553  
00:50:46,230 --> 00:50:45,040  
it was it was it was awful he we we did

1554  
00:50:49,270 --> 00:50:46,240  
the documentary

1555  
00:50:50,790 --> 00:50:49,280  
and that like it was like and

1556  
00:50:52,549 --> 00:50:50,800  
he called me and we were talking it was

1557  
00:50:54,069 --> 00:50:52,559  
in late october november

1558  
00:50:55,430 --> 00:50:54,079  
and he said he just wasn't feeling right

1559  
00:50:55,829 --> 00:50:55,440  
and was going to go get some tests done

1560  
00:51:00,549 --> 00:50:55,839  
and

1561  
00:51:02,390 --> 00:51:00,559  
literally within a week he was gone wow

1562  
00:51:04,069 --> 00:51:02,400  
he was such an incredible individual

1563  
00:51:05,670 --> 00:51:04,079

that was like on facebook he was in the

1564

00:51:07,990 --> 00:51:05,680

hospital and the next thing you know

1565

00:51:09,510 --> 00:51:08,000

yeah you're right he was he was god just

1566

00:51:11,589 --> 00:51:09,520

that he was taken in weeks i mean it was

1567

00:51:14,390 --> 00:51:11,599

a very very rare form of cancer and

1568

00:51:15,430 --> 00:51:14,400

he uh we did a documentary by the exact

1569

00:51:16,950 --> 00:51:15,440

same it was a book they're supposed to

1570

00:51:19,109 --> 00:51:16,960

compliment each other but

1571

00:51:20,710 --> 00:51:19,119

it's it was it was really sad i mean i

1572

00:51:22,309 --> 00:51:20,720

didn't go get to know him but we were

1573

00:51:23,829 --> 00:51:22,319

we're actually working on i'm i'm

1574

00:51:24,710 --> 00:51:23,839

working on a feature film called grail

1575

00:51:27,349 --> 00:51:24,720

right now

1576

00:51:28,790 --> 00:51:27,359

and it actually it it started with when

1577

00:51:31,829 --> 00:51:28,800

i was writing this book too but

1578

00:51:33,589 --> 00:51:31,839

it was really developed and i and uh

1579

00:51:34,790 --> 00:51:33,599

we had some really good conversations

1580

00:51:36,230 --> 00:51:34,800

about it and he actually helped me mold

1581

00:51:38,069 --> 00:51:36,240

some of the ideas in it

1582

00:51:39,430 --> 00:51:38,079

and and of course then he passed away it

1583

00:51:42,069 --> 00:51:39,440

was really tragic

1584

00:51:43,910 --> 00:51:42,079

right right now i remember this is kind

1585

00:51:45,589 --> 00:51:43,920

of off the message board right here sure

1586

00:51:48,870 --> 00:51:45,599

there was a woman that wrote

1587

00:51:50,150 --> 00:51:48,880

um that she had solved the roswell crash

1588

00:51:54,710 --> 00:51:50,160

as being

1589

00:51:55,349 --> 00:51:54,720

little people do you remember that and

1590

00:51:57,190 --> 00:51:55,359

and

1591

00:51:58,790 --> 00:51:57,200

people were buying into it do you know

1592

00:52:01,670 --> 00:51:58,800

who i'm talking about oh yeah

1593

00:52:03,589 --> 00:52:01,680

no yeah there's you know there there is

1594

00:52:05,670 --> 00:52:03,599

uh

1595

00:52:07,190 --> 00:52:05,680

there's some validity you know to what

1596

00:52:07,829 --> 00:52:07,200

they're saying as far as you know

1597

00:52:09,750 --> 00:52:07,839

because

1598

00:52:11,829 --> 00:52:09,760

hitler was involved with some you know

1599

00:52:13,670 --> 00:52:11,839

some kind of a technology nothing that

1600

00:52:15,750 --> 00:52:13,680

nothing that would rise to the level of

1601  
00:52:16,630 --> 00:52:15,760  
being able to you know get into our

1602  
00:52:18,150 --> 00:52:16,640  
airspace

1603  
00:52:19,430 --> 00:52:18,160  
you know do these kind of things but

1604  
00:52:20,790 --> 00:52:19,440  
it's it's one of those things that yeah

1605  
00:52:21,670 --> 00:52:20,800  
i mean it's not out of the realm of

1606  
00:52:24,069 --> 00:52:21,680  
possibility i

1607  
00:52:24,950 --> 00:52:24,079  
i you know i i i don't think it is but

1608  
00:52:26,309 --> 00:52:24,960  
it's not

1609  
00:52:27,990 --> 00:52:26,319  
not out of the realm of possibility as

1610  
00:52:31,030 --> 00:52:28,000  
far as being little people in it

1611  
00:52:31,589 --> 00:52:31,040  
you know i i've heard all these stories

1612  
00:52:35,109 --> 00:52:31,599  
we

1613  
00:52:37,430 --> 00:52:35,119

father grandfather and

1614

00:52:38,950 --> 00:52:37,440

us the grandchildren have never taken

1615

00:52:40,710 --> 00:52:38,960

any credence in it but

1616

00:52:42,790 --> 00:52:40,720

you know as far as if you want a backup

1617

00:52:45,030 --> 00:52:42,800

idea i think it's it's just as credible

1618

00:52:47,349 --> 00:52:45,040

as a raw one target

1619

00:52:48,230 --> 00:52:47,359

or a fire balloon or any of those kind

1620

00:52:51,270 --> 00:52:48,240

of things

1621

00:52:52,790 --> 00:52:51,280

right right wow yeah it's it's really

1622

00:52:55,910 --> 00:52:52,800

something how

1623

00:52:58,790 --> 00:52:55,920

you know people want an explanation and

1624

00:52:59,270 --> 00:52:58,800

if they don't have one readily available

1625

00:53:01,270 --> 00:52:59,280

then

1626  
00:53:02,390 --> 00:53:01,280  
they'll work on something until they get

1627  
00:53:10,390 --> 00:53:02,400  
one

1628  
00:53:11,190 --> 00:53:10,400  
that you've heard about roswell uh you

1629  
00:53:12,790 --> 00:53:11,200  
know the more

1630  
00:53:14,390 --> 00:53:12,800  
they're there's some around the world

1631  
00:53:17,510 --> 00:53:14,400  
one of my favorites

1632  
00:53:19,829 --> 00:53:17,520  
is when i was in in dc i was with an air

1633  
00:53:22,470 --> 00:53:19,839  
force pilot from uruguay

1634  
00:53:23,750 --> 00:53:22,480  
and he had talked about they they

1635  
00:53:25,190 --> 00:53:23,760  
scrambled two jets

1636  
00:53:27,109 --> 00:53:25,200  
because there was some kind of strange

1637  
00:53:29,510 --> 00:53:27,119  
aircraft over their airfield

1638  
00:53:31,589 --> 00:53:29,520

and they were told to shoot it down to

1639

00:53:33,829 --> 00:53:31,599

get that it was it was you know

1640

00:53:34,950 --> 00:53:33,839

and there was full radar contact in fact

1641

00:53:36,470 --> 00:53:34,960

there were hundreds of people on the

1642

00:53:38,150 --> 00:53:36,480

ground looking at this happen

1643

00:53:39,349 --> 00:53:38,160

and they went into a full they were

1644

00:53:40,870 --> 00:53:39,359

trying to shoot this thing out of the

1645

00:53:41,750 --> 00:53:40,880

air and he was actually showing me those

1646

00:53:43,910 --> 00:53:41,760

hands you know

1647

00:53:45,670 --> 00:53:43,920

how it moved so much faster than they

1648

00:53:47,270 --> 00:53:45,680

could possibly keep up with

1649

00:53:48,870 --> 00:53:47,280

and he thought well i took my airplane

1650

00:53:50,309 --> 00:53:48,880

that you know i actually recall

1651  
00:53:51,990 --> 00:53:50,319  
what the airplane was but he said he

1652  
00:53:54,309 --> 00:53:52,000  
ended up by going into a full ski full

1653  
00:53:56,069 --> 00:53:54,319  
outright climb thing you go up to climb

1654  
00:53:57,670 --> 00:53:56,079  
and then flip over and then come

1655  
00:53:59,270 --> 00:53:57,680  
back down at it and and that way you

1656  
00:54:00,069 --> 00:53:59,280  
could breaks you know catch up enough

1657  
00:54:01,430 --> 00:54:00,079  
speed he said

1658  
00:54:02,790 --> 00:54:01,440  
i'm going straight up and i look at my

1659  
00:54:04,790 --> 00:54:02,800  
window and it's just floating right up

1660  
00:54:07,670 --> 00:54:04,800  
along with me

1661  
00:54:09,030 --> 00:54:07,680  
and it's just it's some of those first

1662  
00:54:10,470 --> 00:54:09,040  
hand he had the documents with him you

1663  
00:54:11,109 --> 00:54:10,480

showed me the military reports they were

1664

00:54:13,190 --> 00:54:11,119

hidden

1665

00:54:14,470 --> 00:54:13,200

and just some of these amazing stories

1666

00:54:15,109 --> 00:54:14,480

from his aircraft pilots that they're

1667

00:54:16,630 --> 00:54:15,119

saying they said

1668

00:54:18,549 --> 00:54:16,640

yeah there's hundreds of people on the

1669

00:54:19,910 --> 00:54:18,559

ground watching this crazy thing happen

1670

00:54:21,589 --> 00:54:19,920

and they said they they tried to shoot

1671

00:54:23,109 --> 00:54:21,599

the city was so much faster they had

1672

00:54:24,150 --> 00:54:23,119

they had absolutely nothing they could

1673

00:54:25,670 --> 00:54:24,160

do they said there's

1674

00:54:27,190 --> 00:54:25,680

you know there are shoes down they said

1675

00:54:29,829 --> 00:54:27,200

it was it was a joke they were so

1676

00:54:33,990 --> 00:54:29,839

overmatched it was just a joke

1677

00:54:35,030 --> 00:54:34,000

wow um someone just wrote on the message

1678

00:54:38,230 --> 00:54:35,040

board that they thought

1679

00:54:41,670 --> 00:54:38,240

there was a the cia's explanation

1680

00:54:44,789 --> 00:54:41,680

in the 1990s or 2000s this is

1681

00:54:47,589 --> 00:54:44,799

this story is what you're talking about

1682

00:54:49,829 --> 00:54:47,599

do you want to talk about right now yes

1683

00:54:51,109 --> 00:54:49,839

you know i'm not quite sure if the cia

1684

00:54:52,230 --> 00:54:51,119

had anything to do with it honestly i

1685

00:54:53,430 --> 00:54:52,240

didn't know anything about it until i

1686

00:54:56,390 --> 00:54:53,440

met this pilot last year

1687

00:54:57,589 --> 00:54:56,400

oh okay so i i just like i said all

1688

00:55:00,549 --> 00:54:57,599

these people

1689

00:55:02,470 --> 00:55:00,559

you know i've learned not to you know

1690

00:55:03,750 --> 00:55:02,480

and it's it's funny

1691

00:55:05,910 --> 00:55:03,760

i had a really good conversation with

1692

00:55:07,750 --> 00:55:05,920

some of the congressmen in dc kind of

1693

00:55:11,670 --> 00:55:07,760

you know after hours we talked

1694

00:55:13,589 --> 00:55:11,680

and our our conversation was simple

1695

00:55:14,789 --> 00:55:13,599

and that was everything we're talking

1696

00:55:17,349 --> 00:55:14,799

about you know

1697

00:55:18,390 --> 00:55:17,359

this being seen is this testimony that

1698

00:55:23,910 --> 00:55:18,400

it's important

1699

00:55:25,589 --> 00:55:23,920

but it's inevitable that we will have

1700

00:55:27,510 --> 00:55:25,599

you know something sitting across the

1701

00:55:28,710 --> 00:55:27,520

table from us at some point now 100

1702

00:55:29,829 --> 00:55:28,720

years from now a thousand years now

1703

00:55:31,990 --> 00:55:29,839

whatever it will be

1704

00:55:35,349 --> 00:55:32,000

but no matter what is going on now it's

1705

00:55:37,349 --> 00:55:35,359

inevitable that we will have you know

1706

00:55:38,470 --> 00:55:37,359

out outright living contact with

1707

00:55:41,589 --> 00:55:38,480

whatever these things are

1708

00:55:42,950 --> 00:55:41,599

i believe so too um andy on the message

1709

00:55:45,270 --> 00:55:42,960

board from the uk

1710

00:55:47,030 --> 00:55:45,280

had heard that it was the russians

1711

00:55:49,270 --> 00:55:47,040

little russian people that were

1712

00:55:50,549 --> 00:55:49,280

in some type of craft so you the story

1713

00:55:53,030 --> 00:55:50,559

does get twisted

1714

00:55:54,549 --> 00:55:53,040

all over you know that's i i you know

1715

00:55:57,109 --> 00:55:54,559

that's that's interesting i've

1716

00:55:59,030 --> 00:55:57,119

yeah i don't know there's there's a lot

1717

00:56:02,150 --> 00:55:59,040

of stories and a lot of hypothesis

1718

00:56:03,430 --> 00:56:02,160

you know i know the the basics of it

1719

00:56:05,750 --> 00:56:03,440

anyway the the really

1720

00:56:07,510 --> 00:56:05,760

heart of the matter you know and you

1721

00:56:08,549 --> 00:56:07,520

know it's and it's easy for me to say

1722

00:56:10,150 --> 00:56:08,559

because i was right in the middle of it

1723

00:56:11,349 --> 00:56:10,160

if i was if i was someone outside i

1724

00:56:13,510 --> 00:56:11,359

don't know if i maybe i wouldn't

1725

00:56:14,390 --> 00:56:13,520

i wouldn't be so you know invested in

1726

00:56:16,630 --> 00:56:14,400

the in this uh

1727

00:56:18,069 --> 00:56:16,640

story right but i don't i know just from

1728

00:56:19,109 --> 00:56:18,079

being having a front row suit to

1729

00:56:21,349 --> 00:56:19,119

everything

1730

00:56:23,430 --> 00:56:21,359

that you know my goodness this whatever

1731

00:56:26,549 --> 00:56:23,440

this thing was it it wasn't from here

1732

00:56:29,109 --> 00:56:26,559

my grandfather was not a fool my dad

1733

00:56:30,470 --> 00:56:29,119

not a fool and to think that they could

1734

00:56:31,270 --> 00:56:30,480

not have figured out that this was

1735

00:56:33,589 --> 00:56:31,280

something

1736

00:56:34,390 --> 00:56:33,599

as simple as a rawan target or even if

1737

00:56:37,430 --> 00:56:34,400

it was part of an

1738

00:56:39,190 --> 00:56:37,440

aircraft you know of hitler i mean

1739

00:56:40,789 --> 00:56:39,200

their technology wasn't that advanced

1740

00:56:42,470 --> 00:56:40,799

that they still didn't have the you know

1741

00:56:43,430 --> 00:56:42,480

they still had sheet metal and rivets

1742

00:56:44,710 --> 00:56:43,440

and you know those kind of things

1743

00:56:46,470 --> 00:56:44,720

holding things together

1744

00:56:48,789 --> 00:56:46,480

you know it's it's not that you know

1745

00:56:50,470 --> 00:56:48,799

that there's like i said

1746

00:56:51,910 --> 00:56:50,480

i i think if you keep it simple that

1747

00:56:53,030 --> 00:56:51,920

there really isn't another that the

1748

00:56:53,910 --> 00:56:53,040

option is that it's something from

1749

00:56:55,750 --> 00:56:53,920

somewhere else

1750

00:56:57,349 --> 00:56:55,760

yeah now we probably have about a minute

1751  
00:57:00,630 --> 00:56:57,359  
left here so

1752  
00:57:01,270 --> 00:57:00,640  
just just want to know what what is your

1753  
00:57:03,670 --> 00:57:01,280  
future

1754  
00:57:05,430 --> 00:57:03,680  
in this whole thing are you going to

1755  
00:57:08,630 --> 00:57:05,440  
stay connected to

1756  
00:57:11,030 --> 00:57:08,640  
to the roswell story and and and do your

1757  
00:57:12,710 --> 00:57:11,040  
part into getting it out there

1758  
00:57:14,950 --> 00:57:12,720  
yes i you know there's there's more and

1759  
00:57:16,390 --> 00:57:14,960  
more people and it's more latin american

1760  
00:57:18,470 --> 00:57:16,400  
countries just i'm going to be doing

1761  
00:57:19,910 --> 00:57:18,480  
more tours through argentina and uruguay

1762  
00:57:21,510 --> 00:57:19,920  
and the rest of it talking about roswell

1763  
00:57:23,030 --> 00:57:21,520

talking about the heart of the story

1764

00:57:25,030 --> 00:57:23,040

a little bit picking up where my dad

1765

00:57:26,390 --> 00:57:25,040

left off i could say it might be a way

1766

00:57:28,549 --> 00:57:26,400

to do it um

1767

00:57:29,829 --> 00:57:28,559

so absolutely it's it's it's there i i

1768

00:57:32,150 --> 00:57:29,839

do have a love of of

1769

00:57:33,750 --> 00:57:32,160

and if i grew out of roswell but uh a

1770

00:57:35,190 --> 00:57:33,760

love of science fiction that kind of

1771

00:57:35,510 --> 00:57:35,200

thing so i'm working on some projects

1772

00:57:37,349 --> 00:57:35,520

where

1773

00:57:40,069 --> 00:57:37,359

we're like we're doing some movies and

1774

00:57:41,430 --> 00:57:40,079

and a feature film it's gonna be be

1775

00:57:43,349 --> 00:57:41,440

really roswell's the heart of it but

1776

00:57:44,069 --> 00:57:43,359

kind of a a different way of looking at

1777

00:57:46,470 --> 00:57:44,079

the whole thing

1778

00:57:47,910 --> 00:57:46,480

it starts out with uh catholicism a

1779

00:57:48,870 --> 00:57:47,920

couple thousand years ago and then works

1780

00:57:49,990 --> 00:57:48,880

the way through today and then in the

1781

00:57:51,750 --> 00:57:50,000

future but uh

1782

00:57:53,349 --> 00:57:51,760

so yeah the roswell's is definitely a

1783

00:57:54,309 --> 00:57:53,359

big part of my life and my family's life

1784

00:57:55,829 --> 00:57:54,319

the other grandchildren

1785

00:57:57,430 --> 00:57:55,839

well jesse thanks so much it's been a

1786

00:57:59,670 --> 00:57:57,440

real pleasure

1787

00:58:01,349 --> 00:57:59,680

thank you really enjoyed having you on

1788

00:58:03,270 --> 00:58:01,359

well that's it for our show today

1789

00:58:04,870 --> 00:58:03,280

if you missed any part of the show you

1790

00:58:06,309 --> 00:58:04,880

can catch it as a podcast and a whole

1791

00:58:07,109 --> 00:58:06,319

bunch of other free podcasts on our

1792

00:58:10,309 --> 00:58:07,119

website

1793

00:58:11,990 --> 00:58:10,319

which is [podcastufo.com](http://podcastufo.com) also you can

1794

00:58:13,270 --> 00:58:12,000

check out our links to stories in our

1795

00:58:14,950 --> 00:58:13,280

show notes

1796

00:58:16,470 --> 00:58:14,960

you know we don't have any links or show

1797

00:58:17,910 --> 00:58:16,480

notes this week because we didn't have

1798

00:58:18,470 --> 00:58:17,920

any news so i'm going to cancel that

1799

00:58:19,990 --> 00:58:18,480

part

1800

00:58:21,510 --> 00:58:20,000

and i want to thank everyone for helping

1801  
00:58:22,150 --> 00:58:21,520  
out with the show today our guest of

1802  
00:58:24,870 --> 00:58:22,160  
course

1803  
00:58:25,750 --> 00:58:24,880  
jesse marcelo the third keith rowland

1804  
00:58:28,309 --> 00:58:25,760  
for the producer

1805  
00:58:30,549 --> 00:58:28,319  
of dark matter radio network andy

1806  
00:58:32,470 --> 00:58:30,559  
fleming for the astronomy look

1807  
00:58:34,870 --> 00:58:32,480  
carrie lloyd whitehouse for the music

1808  
00:58:35,430 --> 00:58:34,880  
peggy shunning for managing our facebook

1809  
00:58:38,230 --> 00:58:35,440  
page

1810  
00:58:40,950 --> 00:58:38,240  
and remember to like us on facebook for

1811  
00:58:43,430 --> 00:58:40,960  
all the latest ufo and astronomy news

1812  
00:58:44,710 --> 00:58:43,440  
you can check out you can check us out

1813  
00:58:46,870 --> 00:58:44,720

live right here

1814

00:58:49,589 --> 00:58:46,880

at the dark matter radio network every

1815

00:58:51,270 --> 00:58:49,599

wednesday at 8pm eastern standard time

1816

00:58:55,109 --> 00:58:51,280

and don't forget to jump in the chat

1817

00:58:56,150 --> 00:58:55,119

room at podcastufo.com this is martin
