

1
00:00:03,110 --> 00:00:02,470
and it hits me oh my gosh this is that

2
00:00:04,309 --> 00:00:03,120
triangle

3
00:00:05,670 --> 00:00:04,319
you know there's explanation for

4
00:00:06,309 --> 00:00:05,680
everything that occurred in the rendel

5
00:00:08,470 --> 00:00:06,319
champions

6
00:00:10,790 --> 00:00:08,480
incident that doesn't involve aliens at

7
00:00:14,150 --> 00:00:10,800
all it was completely silent

8
00:00:16,550 --> 00:00:14,160
it comes right over our heads he saw a

9
00:00:18,310 --> 00:00:16,560
classic flying saucer really standing in

10
00:00:19,830 --> 00:00:18,320
the clearing he turned over to my father

11
00:00:25,269 --> 00:00:19,840
and held his hand and he looked in his

12
00:00:30,870 --> 00:00:28,630
welcome to podcast ufo for our live show

13
00:00:33,190 --> 00:00:30,880

23

00:00:53,270 --> 00:00:51,680

well hello and welcome to the show i'm

24

00:00:54,549 --> 00:00:53,280

martin willis your host

25

00:00:56,470 --> 00:00:54,559

we have another great show for you

26
00:00:58,310 --> 00:00:56,480
tonight andy fleming is coming up in a

27
00:01:01,990 --> 00:00:58,320
minute with a segment called

28
00:01:03,910 --> 00:01:02,000
the lives of stars not stars or

29
00:01:06,310 --> 00:01:03,920
there's some show like that had to do

30
00:01:08,310 --> 00:01:06,320
with tv stars i think

31
00:01:10,830 --> 00:01:08,320
anyway our guest tonight is christopher

32
00:01:12,070 --> 00:01:10,840
o'brien and we're talking cattle

33
00:01:13,510 --> 00:01:12,080
mutilations

34
00:01:15,670 --> 00:01:13,520
you may ask why are we talking

35
00:01:17,830 --> 00:01:15,680
mutilations on a ufo show

36
00:01:19,910 --> 00:01:17,840
well there seems to be a possible tie-in

37
00:01:22,870 --> 00:01:19,920
with some of the theories

38
00:01:24,390 --> 00:01:22,880

involving ufos of course also it seems

39

00:01:26,070 --> 00:01:24,400

to me that a lot of people that are

40

00:01:29,350 --> 00:01:26,080

interested in ufos

41

00:01:31,270 --> 00:01:29,360

are also interested in mutilations

42

00:01:33,510 --> 00:01:31,280

i might be wrong in that i just i've

43

00:01:36,710 --> 00:01:33,520

seen kind of a parallel there

44

00:01:39,590 --> 00:01:36,720

for our regular our regular listeners

45

00:01:40,390 --> 00:01:39,600

you know i almost hardly ever never

46

00:01:43,030 --> 00:01:40,400

never ever

47

00:01:44,069 --> 00:01:43,040

mention anything to do about helping out

48

00:01:47,109 --> 00:01:44,079

with the show

49

00:01:48,630 --> 00:01:47,119

but i'm going to bring it up now

50

00:01:50,230 --> 00:01:48,640

we'd really like to keep the show

51

00:01:52,310 --> 00:01:50,240

commercial free

52

00:01:54,670 --> 00:01:52,320

so if you would like to help us out

53

00:01:56,149 --> 00:01:54,680

there is a subscribe button on

54

00:01:59,749 --> 00:01:56,159

podcastufo.com

55

00:02:01,190 --> 00:01:59,759

it's on our website sidebar just below

56

00:02:02,709 --> 00:02:01,200

the chat room which i hope you're

57

00:02:05,830 --> 00:02:02,719

signing up on

58

00:02:08,710 --> 00:02:05,840

a lot of work does go into these shows

59

00:02:10,309 --> 00:02:08,720

and a lot of dedication as well

60

00:02:12,150 --> 00:02:10,319

and i really can't keep going like this

61

00:02:14,150 --> 00:02:12,160

so i'd really like some help

62

00:02:16,309 --> 00:02:14,160

or i'm going to have to look at some

63

00:02:18,550 --> 00:02:16,319

commercials either way one of the other

64

00:02:19,350 --> 00:02:18,560

there are subscription options one two

65

00:02:21,510 --> 00:02:19,360

or three

66

00:02:22,390 --> 00:02:21,520

one is just five dollars a month think

67

00:02:25,430 --> 00:02:22,400

of it as

68

00:02:28,390 --> 00:02:25,440

equal to a starbucks starbucks

69

00:02:29,670 --> 00:02:28,400

venti size coffee maybe maybe it's a

70

00:02:31,830 --> 00:02:29,680

little more

71

00:02:33,750 --> 00:02:31,840

um there's also a ten dollar a month

72

00:02:36,150 --> 00:02:33,760

donation and a twenty five

73

00:02:37,750 --> 00:02:36,160

dollar a month subscription as well and

74

00:02:40,229 --> 00:02:37,760

keep in mind if you ever fall

75

00:02:40,949 --> 00:02:40,239

out of love with me or the show you can

76

00:02:43,589 --> 00:02:40,959

cancel

77

00:02:44,710 --> 00:02:43,599

very easily on that and our blog pages

78

00:02:47,509 --> 00:02:44,720

and other pages

79

00:02:48,309 --> 00:02:47,519

we have a one-time donation button so if

80

00:02:50,869 --> 00:02:48,319

you'd like to

81

00:02:52,390 --> 00:02:50,879

do it that way i'd appreciate that and i

82

00:02:54,309 --> 00:02:52,400

want to say i do appreciate

83

00:02:55,430 --> 00:02:54,319

all who listen whether you can help out

84

00:02:58,869 --> 00:02:55,440

or not and

85

00:03:00,630 --> 00:02:58,879

feedback is always welcome if you'd like

86

00:03:04,470 --> 00:03:00,640

to write me an email

87

00:03:07,670 --> 00:03:04,480

it is martin at podcast podcastufo.com

88

00:03:10,869 --> 00:03:07,680

just remember please keep your emails as

89

00:03:12,869 --> 00:03:10,879

short as my attention span and speaking

90

00:03:13,750 --> 00:03:12,879

of emails i got a couple of emails this

91

00:03:16,309 --> 00:03:13,760

week

92

00:03:16,869 --> 00:03:16,319

from people asking me if i am watching

93

00:03:19,670 --> 00:03:16,879

the new

94

00:03:20,630 --> 00:03:19,680

cosmos series with neil degrasse tyson

95

00:03:24,229 --> 00:03:20,640

the answer

96

00:03:26,550 --> 00:03:24,239

is sadly no i'm working on a major

97

00:03:26,869 --> 00:03:26,560

project that's totally unrelated to ufos

98

00:03:28,869 --> 00:03:26,879

well

99

00:03:30,630 --> 00:03:28,879

eventually it might have be maybe i'll

100

00:03:33,190 --> 00:03:30,640

just say a little

101
00:03:34,070 --> 00:03:33,200
little sneak of what i'm doing uh i'm

102
00:03:36,390 --> 00:03:34,080
working

103
00:03:37,270 --> 00:03:36,400
on my new abode and there's also a

104
00:03:39,030 --> 00:03:37,280
conference

105
00:03:41,589 --> 00:03:39,040
center on the property it's a real cool

106
00:03:44,550 --> 00:03:41,599
property even has an observation deck

107
00:03:46,149 --> 00:03:44,560
and uh so eventually i'm thinking maybe

108
00:03:47,750 --> 00:03:46,159
a ufo conference

109
00:03:49,350 --> 00:03:47,760
it's on top of a mountain there's

110
00:03:51,270 --> 00:03:49,360
absolutely no light pollution up there

111
00:03:53,670 --> 00:03:51,280
too it's a really great place

112
00:03:55,429 --> 00:03:53,680
so uh that may come in the future it

113
00:03:56,710 --> 00:03:55,439

needs a lot of work a couple years worth

114

00:03:59,190 --> 00:03:56,720

of work

115

00:04:00,949 --> 00:03:59,200

i have no time to watch anything like

116

00:04:03,190 --> 00:04:00,959

getting back to cosmos

117

00:04:04,470 --> 00:04:03,200

and i do like tyson by the way i think

118

00:04:06,390 --> 00:04:04,480

he does a great job

119

00:04:08,149 --> 00:04:06,400

however i do have one little issue and

120

00:04:09,830 --> 00:04:08,159

that's i have a hard time watching him

121

00:04:11,190 --> 00:04:09,840

because he's always doing these weird

122

00:04:13,509 --> 00:04:11,200

things with his hands

123

00:04:14,949 --> 00:04:13,519

when he talks does anyone else notice

124

00:04:17,509 --> 00:04:14,959

this is it just me

125

00:04:18,469 --> 00:04:17,519

uh well up you can look at my show notes

126
00:04:20,550 --> 00:04:18,479
and i have a gif

127
00:04:21,590 --> 00:04:20,560
up there of someone else must have

128
00:04:23,430 --> 00:04:21,600
caught on to it

129
00:04:25,430 --> 00:04:23,440
and now i'm probably gonna ruin it for

130
00:04:27,590 --> 00:04:25,440
all the people who watch the show

131
00:04:30,390 --> 00:04:27,600
because now instead of watching the show

132
00:04:31,749 --> 00:04:30,400
you're totally going to focus on his

133
00:04:33,830 --> 00:04:31,759
hands

134
00:04:35,110 --> 00:04:33,840
well that's it for me right now and uh

135
00:04:37,510 --> 00:04:35,120
we'll be back

136
00:04:38,710 --> 00:04:37,520
right after this clip with uh andy

137
00:04:40,390 --> 00:04:38,720
fleming

138
00:04:42,629 --> 00:04:40,400

and we'll be back with our guest

139

00:04:43,749 --> 00:04:42,639

christopher o'brien hang in and take a

140

00:04:51,270 --> 00:04:43,759

listen

141

00:04:55,110 --> 00:04:51,280

don't live forever and in an epic tale

142

00:04:58,629 --> 00:04:55,120

to rival the best shakespearean tragedy

143

00:05:02,230 --> 00:04:58,639

our sun will one day die and with it

144

00:05:04,150 --> 00:05:02,240

all life on the earth five billion years

145

00:05:07,670 --> 00:05:04,160

from now when our planet has been

146

00:05:10,469 --> 00:05:07,680

incinerated to a crisp our local star

147

00:05:13,909 --> 00:05:10,479

will have run out of the hydrogen fuel

148

00:05:16,230 --> 00:05:13,919

that powers its nuclear fusion reactions

149

00:05:18,790 --> 00:05:16,240

it will have metamorphosed from the

150

00:05:20,230 --> 00:05:18,800

relatively stable yellow dwarf star that

151
00:05:23,909 --> 00:05:20,240
we see today

152
00:05:25,670 --> 00:05:23,919
into a bloated angry red giant its outer

153
00:05:29,749 --> 00:05:25,680
layers and atmosphere

154
00:05:32,950 --> 00:05:29,759
occupying most of the inner solar system

155
00:05:33,749 --> 00:05:32,960
indeed the sun is already imperceptibly

156
00:05:36,230 --> 00:05:33,759
increasing

157
00:05:37,189 --> 00:05:36,240
in temperature it's 20 percent hotter

158
00:05:39,189 --> 00:05:37,199
now

159
00:05:41,430 --> 00:05:39,199
than when the earth coalesced out of the

160
00:05:41,830 --> 00:05:41,440
sun's protoplanetary disk four and a

161
00:05:44,710 --> 00:05:41,840
half

162
00:05:46,629 --> 00:05:44,720
billion years ago and within a couple of

163
00:05:47,150 --> 00:05:46,639

hundred million years the earth will

164

00:05:50,070 --> 00:05:47,160

become

165

00:05:51,270 --> 00:05:50,080

uninhabitable this chain of events is

166

00:05:53,270 --> 00:05:51,280

inevitable

167

00:05:54,710 --> 00:05:53,280

and over different time periods

168

00:05:58,710 --> 00:05:54,720

depending on their mass

169

00:05:59,430 --> 00:05:58,720

happens to all stars stars call us by

170

00:06:02,629 --> 00:05:59,440

gravity

171

00:06:03,830 --> 00:06:02,639

out of clouds of interstellar gas which

172

00:06:06,230 --> 00:06:03,840

consists mainly

173

00:06:08,309 --> 00:06:06,240

of the original constituent chemical

174

00:06:11,350 --> 00:06:08,319

elements of the universe

175

00:06:15,830 --> 00:06:11,360

approximately 75 hydrogen

176

00:06:17,670 --> 00:06:15,840

and 25 helium gravity contracts the

177

00:06:20,230 --> 00:06:17,680

protostar to the point where

178

00:06:22,390 --> 00:06:20,240

pressure and temperature dictate that

179

00:06:25,510 --> 00:06:22,400

nuclear fusion starts

180

00:06:26,070 --> 00:06:25,520

and the star begins to shine a small

181

00:06:29,029 --> 00:06:26,080

amount of

182

00:06:29,990 --> 00:06:29,039

mass is converted in this process into

183

00:06:32,309 --> 00:06:30,000

energy

184

00:06:33,189 --> 00:06:32,319

under einstein's famous equation $E = mc^2$

185

00:06:35,830 --> 00:06:33,199

equals $m c^2$

186

00:06:37,990 --> 00:06:35,840

squared of course a hydrostatic

187

00:06:39,670 --> 00:06:38,000

equilibrium is achieved whereby the

188

00:06:42,550 --> 00:06:39,680

gravity of the star

189

00:06:43,670 --> 00:06:42,560

is counter balanced by the pressure of

190

00:06:46,469 --> 00:06:43,680

radiation

191

00:06:48,550 --> 00:06:46,479

and light from the nuclear reactions

192

00:06:50,790 --> 00:06:48,560

within its core

193

00:06:52,710 --> 00:06:50,800

at this stage the star gives the

194

00:06:55,909 --> 00:06:52,720

appearance of stability

195

00:06:58,390 --> 00:06:55,919

in terms of shape and size in

196

00:06:59,430 --> 00:06:58,400

truth however it is a magnetically

197

00:07:03,350 --> 00:06:59,440

contorted

198

00:07:05,990 --> 00:07:03,360

and tortured object erupting frequently

199

00:07:08,550 --> 00:07:06,000

and spewing out solar flares charged

200

00:07:11,830 --> 00:07:08,560

particles such as protons

201
00:07:12,870 --> 00:07:11,840
and coronal mass ejections now starts

202
00:07:15,110 --> 00:07:12,880
the mass of the sun

203
00:07:17,350 --> 00:07:15,120
will be in this hydrostatic equilibrium

204
00:07:19,830 --> 00:07:17,360
phase for about 10 billion years

205
00:07:21,749 --> 00:07:19,840
but all the while the concentration of

206
00:07:25,350 --> 00:07:21,759
helium in their cores

207
00:07:28,309 --> 00:07:25,360
continues to increase as it does so

208
00:07:30,150 --> 00:07:28,319
the star begins to contract to maintain

209
00:07:32,870 --> 00:07:30,160
hydrostatic equilibrium

210
00:07:33,430 --> 00:07:32,880
and temperatures in the core gradually

211
00:07:37,110 --> 00:07:33,440
increase

212
00:07:39,350 --> 00:07:37,120
over billions of years finally

213
00:07:40,710 --> 00:07:39,360

when the star's nuclear fuel is

214

00:07:43,909 --> 00:07:40,720

exhausted

215

00:07:45,589 --> 00:07:43,919

gravity exceeds radiation pressure and

216

00:07:48,390 --> 00:07:45,599

the core contracts much

217

00:07:49,749 --> 00:07:48,400

further until spiraling temperatures and

218

00:07:52,710 --> 00:07:49,759

pressures succeed in

219

00:07:53,830 --> 00:07:52,720

igniting helium which is then fused and

220

00:07:56,710 --> 00:07:53,840

transmuted into

221

00:07:57,510 --> 00:07:56,720

carbon in a star with the mass of the

222

00:07:59,749 --> 00:07:57,520

sun

223

00:08:00,550 --> 00:07:59,759

the loosely gravitationally bound outer

224

00:08:03,270 --> 00:08:00,560

layers

225

00:08:04,869 --> 00:08:03,280

are puffed out and the star becomes a

226

00:08:08,629 --> 00:08:04,879

red giant

227

00:08:09,189 --> 00:08:08,639

gravity has one and the sun will end its

228

00:08:12,710 --> 00:08:09,199

days

229

00:08:16,230 --> 00:08:12,720

as a white dwarf a truly bizarre object

230

00:08:18,390 --> 00:08:16,240

a star of diamonds a dense hot

231

00:08:19,270 --> 00:08:18,400

carbon star the size of the earth but

232

00:08:22,950 --> 00:08:19,280

with the mass

233

00:08:23,430 --> 00:08:22,960

of the sun stars much larger than the

234

00:08:26,550 --> 00:08:23,440

sun

235

00:08:28,550 --> 00:08:26,560

will detonate and end their days as

236

00:08:30,950 --> 00:08:28,560

either black holes that we've talked

237

00:08:35,350 --> 00:08:30,960

about in the previous two episodes

238

00:08:37,829 --> 00:08:35,360

neutron stars pulsars or supernovae

239

00:08:38,550 --> 00:08:37,839

it is these stars that we can thank for

240

00:08:40,630 --> 00:08:38,560

creating

241

00:08:41,990 --> 00:08:40,640

all of the heavy chemical elements in

242

00:08:45,829 --> 00:08:42,000

the universe

243

00:08:49,030 --> 00:08:45,839

elements such as iron copper silver

244

00:08:50,790 --> 00:08:49,040

gold lead right up to the heaviest

245

00:08:53,990 --> 00:08:50,800

natural elements of them all

246

00:08:56,310 --> 00:08:54,000

uranium you see we're

247

00:08:58,389 --> 00:08:56,320

all children of the stars whether it's

248

00:09:01,350 --> 00:08:58,399

the calcium in our bones

249

00:09:03,670 --> 00:09:01,360

the iron in our blood or the carbon in

250

00:09:06,829 --> 00:09:03,680

every cell of our bodies

251
00:09:08,389 --> 00:09:06,839
we were all quite literally made in

252
00:09:11,110 --> 00:09:08,399
heaven

253
00:09:12,150 --> 00:09:11,120
as carl sagan eloquently said we are

254
00:09:16,150 --> 00:09:12,160
star stuff

255
00:09:19,430 --> 00:09:16,160
harvesting starlight what a spiritually

256
00:09:21,590 --> 00:09:19,440
uplifting thought well yes uh

257
00:09:23,509 --> 00:09:21,600
as always thank you andy and one of my

258
00:09:26,710 --> 00:09:23,519
favorite carl sagan sayings

259
00:09:28,310 --> 00:09:26,720
is quote if you wish to make an apple

260
00:09:30,949 --> 00:09:28,320
pie from scratch

261
00:09:32,790 --> 00:09:30,959
you must first invent the universe

262
00:09:35,430 --> 00:09:32,800
unquote i always love that one

263
00:09:37,350 --> 00:09:35,440

our guest has just joined us christopher

264

00:09:39,430 --> 00:09:37,360

o'brien how you doing

265

00:09:40,710 --> 00:09:39,440

pretty good sorry about that i uh i

266

00:09:43,590 --> 00:09:40,720

guess we didn't have the right

267

00:09:45,030 --> 00:09:43,600

skype connections uh set up on my end

268

00:09:47,990 --> 00:09:45,040

but i'm glad i'm uh

269

00:09:49,750 --> 00:09:48,000

able to get through yes i am glad to you

270

00:09:53,190 --> 00:09:49,760

know i was thinking it was the

271

00:09:54,710 --> 00:09:53,200

i had a mix up with a past guest due to

272

00:09:56,550 --> 00:09:54,720

the daylight savings time when it

273

00:09:57,590 --> 00:09:56,560

switches some places it doesn't switch

274

00:09:59,110 --> 00:09:57,600

other places

275

00:10:00,790 --> 00:09:59,120

and that's what i was thinking happened

276

00:10:03,030 --> 00:10:00,800

so so i'm here

277

00:10:04,150 --> 00:10:03,040

uh i'm all bright-eyed and bushy-tailed

278

00:10:07,350 --> 00:10:04,160

as usual yes

279

00:10:08,790 --> 00:10:07,360

great so uh thanks for joining us and uh

280

00:10:11,190 --> 00:10:08,800

that was very um

281

00:10:13,030 --> 00:10:11,200

nice of you to pass along your book to

282

00:10:13,750 --> 00:10:13,040

me unfortunately i was mentioning

283

00:10:15,750 --> 00:10:13,760

earlier

284

00:10:17,030 --> 00:10:15,760

i'm in the middle of a major project and

285

00:10:19,110 --> 00:10:17,040

day and night and

286

00:10:20,310 --> 00:10:19,120

i'll tell you when i hit hit the sheets

287

00:10:22,389 --> 00:10:20,320

at night and i'm out

288

00:10:23,430 --> 00:10:22,399

so i didn't get i did get a chance to

289

00:10:25,750 --> 00:10:23,440

skim through

290

00:10:26,949 --> 00:10:25,760

and this is actually a topic that's been

291

00:10:29,750 --> 00:10:26,959

fascinating me for

292

00:10:30,630 --> 00:10:29,760

a long time i thought about asking linda

293

00:10:33,509 --> 00:10:30,640

moulton how

294

00:10:34,630 --> 00:10:33,519

on you know she did early what i think

295

00:10:37,430 --> 00:10:34,640

is good work

296

00:10:38,949 --> 00:10:37,440

um but i'd like to talk to you perhaps a

297

00:10:40,630 --> 00:10:38,959

little bit about that because

298

00:10:44,069 --> 00:10:40,640

i believe there are some things that

299

00:10:45,990 --> 00:10:44,079

were missed that was quite a while ago

300

00:10:48,150 --> 00:10:46,000

and also the area where you are

301
00:10:49,590 --> 00:10:48,160
exploring out there is a very active and

302
00:10:51,350 --> 00:10:49,600
strange area

303
00:10:53,350 --> 00:10:51,360
and first of all before we go into

304
00:10:53,910 --> 00:10:53,360
anything to do with the mutilations at

305
00:10:56,949 --> 00:10:53,920
all

306
00:11:01,030 --> 00:10:56,959
why do you suppose that is such a

307
00:11:03,030 --> 00:11:01,040
paranormal area

308
00:11:04,790 --> 00:11:03,040
well i think the four corners area of

309
00:11:08,470 --> 00:11:04,800
the country

310
00:11:11,990 --> 00:11:08,480
probably has some of the more

311
00:11:12,710 --> 00:11:12,000
intense and uh intriguing hot spot zones

312
00:11:15,670 --> 00:11:12,720
if you will

313
00:11:16,710 --> 00:11:15,680

and the particular area that i cut my

314

00:11:19,350 --> 00:11:16,720

teeth on

315

00:11:21,110 --> 00:11:19,360

and sunk my teeth into as an

316

00:11:22,870 --> 00:11:21,120

investigator the san luis valley in

317

00:11:26,069 --> 00:11:22,880

south central colorado

318

00:11:28,389 --> 00:11:26,079

extending down into you know just barely

319

00:11:31,110 --> 00:11:28,399

down into north central new mexico

320

00:11:31,829 --> 00:11:31,120

this particular area is very very unique

321

00:11:35,190 --> 00:11:31,839

and

322

00:11:38,630 --> 00:11:35,200

it has quite a history with the

323

00:11:40,829 --> 00:11:38,640

indigenous population of strange events

324

00:11:42,150 --> 00:11:40,839

of being a sacred area that's held

325

00:11:45,269 --> 00:11:42,160

sacred of

326

00:11:46,870 --> 00:11:45,279

um in in one tradition

327

00:11:49,509 --> 00:11:46,880

there's mention of some sort of

328

00:11:52,069 --> 00:11:49,519

dimensional type doorway that may

329

00:11:53,110 --> 00:11:52,079

move uh about in the sangre de cristo

330

00:11:55,190 --> 00:11:53,120

mountains which

331

00:11:56,710 --> 00:11:55,200

make up the eastern side of the san luis

332

00:11:59,990 --> 00:11:56,720

valley and

333

00:12:04,150 --> 00:12:00,000

it's just it just has a

334

00:12:06,790 --> 00:12:04,160

like a melting pot of just inexplicable

335

00:12:08,150 --> 00:12:06,800

categories of uh the unusual everything

336

00:12:11,750 --> 00:12:08,160

from trooping fairies

337

00:12:13,430 --> 00:12:11,760

uh brujos in training uh elk hunting

338

00:12:16,069 --> 00:12:13,440

seeing a leprechaun

339

00:12:16,710 --> 00:12:16,079

uh norad calling the local sheriff

340

00:12:19,350 --> 00:12:16,720

because of

341

00:12:20,389 --> 00:12:19,360

a flight of what appeared to be ufos

342

00:12:23,670 --> 00:12:20,399

went down

343

00:12:24,069 --> 00:12:23,680

uh bigfoot sightings a platypus found at

344

00:12:26,710 --> 00:12:24,079

11

345

00:12:27,509 --> 00:12:26,720

000 feet in high mountain lake i mean

346

00:12:30,550 --> 00:12:27,519

the stories

347

00:12:31,190 --> 00:12:30,560

just go that's why i wrote three books

348

00:12:37,110 --> 00:12:31,200

about

349

00:12:38,949 --> 00:12:37,120

into a particular hot spot area like the

350

00:12:41,430 --> 00:12:38,959

san luis valley

351
00:12:42,790 --> 00:12:41,440
it's amazing the amount of the width and

352
00:12:44,310 --> 00:12:42,800
breadth and depth of material that

353
00:12:46,629 --> 00:12:44,320
you're able to uncover and

354
00:12:47,509 --> 00:12:46,639
the san luis valley is i think very very

355
00:12:49,190 --> 00:12:47,519
key

356
00:12:51,110 --> 00:12:49,200
it's the largest alpine valley in the

357
00:12:51,990 --> 00:12:51,120
world it's completely surrounded by

358
00:12:54,870 --> 00:12:52,000
mountains

359
00:12:55,350 --> 00:12:54,880
it's a perfect sociological petri dish

360
00:12:58,389 --> 00:12:55,360
and

361
00:13:01,590 --> 00:12:58,399
what i set out to do in 1993 is

362
00:13:03,910 --> 00:13:01,600
study everything that was unexplained

363
00:13:06,790 --> 00:13:03,920

that happened in this area whether it be

364

00:13:07,829 --> 00:13:06,800

a strange weather uh aberrant social

365

00:13:11,190 --> 00:13:07,839

behavior

366

00:13:11,910 --> 00:13:11,200

uh ritual occult crime cryptozoological

367

00:13:14,710 --> 00:13:11,920

creatures

368

00:13:17,110 --> 00:13:14,720

uh native american legends i mean you

369

00:13:20,470 --> 00:13:17,120

can just go down the list of things

370

00:13:23,750 --> 00:13:20,480

and unfortunately uh

371

00:13:25,910 --> 00:13:23,760

uh the cattle mutilation phenomenon is

372

00:13:26,790 --> 00:13:25,920

pretty high up on the list uh being the

373

00:13:29,990 --> 00:13:26,800

birthplace

374

00:13:32,150 --> 00:13:30,000

of the publicized uh portion of kind of

375

00:13:32,790 --> 00:13:32,160

the kenneth arnold of mutilations

376

00:13:35,430 --> 00:13:32,800

happened

377

00:13:36,870 --> 00:13:35,440

in 67 in the san luis valley so yeah

378

00:13:40,550 --> 00:13:36,880

that that's kind of

379

00:13:41,990 --> 00:13:40,560

what my book's about now it goes back to

380

00:13:43,990 --> 00:13:42,000

wasn't there something like snippy the

381

00:13:46,870 --> 00:13:44,000

horse or something like that was correct

382

00:13:48,790 --> 00:13:46,880

a big story when was that like the early

383

00:13:50,710 --> 00:13:48,800

1900s or something like that

384

00:13:53,750 --> 00:13:50,720

no snip the snippy the horse case

385

00:13:56,470 --> 00:13:53,760

occurred in on september 7 1967

386

00:13:58,870 --> 00:13:56,480

oh um okay in my book i do go back in

387

00:14:02,230 --> 00:13:58,880

time all the way to the 1600s

388

00:14:04,550 --> 00:14:02,240

and look at uh at um

389

00:14:05,509 --> 00:14:04,560

some form of documentation that would

390

00:14:07,110 --> 00:14:05,519

would indicate that

391

00:14:09,509 --> 00:14:07,120

that this phenomenon has been going on

392

00:14:11,350 --> 00:14:09,519

for hundreds possibly thousands of years

393

00:14:12,629 --> 00:14:11,360

but the snippy case was really important

394

00:14:15,030 --> 00:14:12,639

because it was the first

395

00:14:17,110 --> 00:14:15,040

internationally recognized case of this

396

00:14:17,829 --> 00:14:17,120

type even though it was a horse not a

397

00:14:21,110 --> 00:14:17,839

cow or

398

00:14:24,470 --> 00:14:21,120

a bull uh we've never had another case

399

00:14:27,829 --> 00:14:24,480

exactly like it but what makes this case

400

00:14:30,550 --> 00:14:27,839

important in how it stands you know

401
00:14:31,350 --> 00:14:30,560
kind of head and shoulders above most

402
00:14:33,590 --> 00:14:31,360
cases

403
00:14:34,710 --> 00:14:33,600
is that it was the first international

404
00:14:37,829 --> 00:14:34,720
news story

405
00:14:39,350 --> 00:14:37,839
that covered this particular horrific

406
00:14:42,310 --> 00:14:39,360
mystery

407
00:14:42,790 --> 00:14:42,320
the ranch owner and the owner of the

408
00:14:45,269 --> 00:14:42,800
horse

409
00:14:46,870 --> 00:14:45,279
they got calls from china from france

410
00:14:49,829 --> 00:14:46,880
from australia from england

411
00:14:51,430 --> 00:14:49,839
south america this became a really big

412
00:14:54,550 --> 00:14:51,440
news story in 67

413
00:14:57,189 --> 00:14:54,560

and and i i've often compared it to

414

00:14:59,509 --> 00:14:57,199

kind of a typhoid mary in terms of the

415

00:15:03,990 --> 00:14:59,519

creation of a cultural meme

416

00:15:06,310 --> 00:15:04,000

uh a you know a meme is to culture what

417

00:15:07,990 --> 00:15:06,320

a gene is to biology and and we have the

418

00:15:11,269 --> 00:15:08,000

start of a very

419

00:15:11,990 --> 00:15:11,279

rich uh cultural meme with the snippy

420

00:15:14,470 --> 00:15:12,000

case

421

00:15:17,030 --> 00:15:14,480

before we move on what in earth are

422

00:15:21,910 --> 00:15:17,040

trooping fairies

423

00:15:24,949 --> 00:15:21,920

uh line up in a line and troop through

424

00:15:30,629 --> 00:15:24,959

your room across the countryside

425

00:15:38,069 --> 00:15:34,790

head-scratching case reported by

426
00:15:40,629 --> 00:15:38,079
a who's who musician inventor of the

427
00:15:44,069 --> 00:15:40,639
electronic guitar

428
00:15:45,110 --> 00:15:44,079
600 film and tv and movie credits to his

429
00:15:46,870 --> 00:15:45,120
name

430
00:15:49,350 --> 00:15:46,880
played the theme on star trek in the

431
00:15:51,509 --> 00:15:49,360
twilight zone i mean a real

432
00:15:53,509 --> 00:15:51,519
name person not just some survivalist

433
00:15:55,829 --> 00:15:53,519
sitting out in a trailer somewhere

434
00:15:56,949 --> 00:15:55,839
this guy is uh you know a very

435
00:16:00,230 --> 00:15:56,959
well-known musician

436
00:16:03,110 --> 00:16:00,240
and an inventor and he happened to live

437
00:16:05,430 --> 00:16:03,120
in a spot in the san luis valley uh

438
00:16:06,230 --> 00:16:05,440

quite near where i lived actually that

439

00:16:09,990 --> 00:16:06,240

featured

440

00:16:11,910 --> 00:16:10,000

all kinds of you know unusual phenomena

441

00:16:14,150 --> 00:16:11,920

for lack of a better term undulating

442

00:16:16,310 --> 00:16:14,160

forms that look like

443

00:16:18,470 --> 00:16:16,320

like sea slugs swimming through the air

444

00:16:19,829 --> 00:16:18,480

i called them prairie dragons for lack

445

00:16:23,509 --> 00:16:19,839

of a better term

446

00:16:25,269 --> 00:16:23,519

and instances of of these like little

447

00:16:27,910 --> 00:16:25,279

diminutive foot high forms

448

00:16:29,829 --> 00:16:27,920

uh trooping in line right in front of

449

00:16:31,509 --> 00:16:29,839

him through a studio you know into a

450

00:16:33,990 --> 00:16:31,519

closed door and out through a wall

451

00:16:34,949 --> 00:16:34,000

and you know when someone you know of

452

00:16:36,629 --> 00:16:34,959

that stature

453

00:16:38,069 --> 00:16:36,639

calls you and reports something like

454

00:16:40,949 --> 00:16:38,079

this uh

455

00:16:41,749 --> 00:16:40,959

after much consternation as uh you know

456

00:16:43,350 --> 00:16:41,759

i found out

457

00:16:45,189 --> 00:16:43,360

his family was very against him

458

00:16:47,829 --> 00:16:45,199

mentioning uh this stuff

459

00:16:49,509 --> 00:16:47,839

uh to me but he felt that it was

460

00:16:50,790 --> 00:16:49,519

important enough for me to know about it

461

00:16:53,430 --> 00:16:50,800

and

462

00:16:53,990 --> 00:16:53,440

you know how many other places uh are

463

00:16:56,870 --> 00:16:54,000

there

464

00:16:57,910 --> 00:16:56,880

in north america where you can have

465

00:17:00,150 --> 00:16:57,920

trooping ferries

466

00:17:01,030 --> 00:17:00,160

and uh you know these weird cheap

467

00:17:04,150 --> 00:17:01,040

firework

468

00:17:06,390 --> 00:17:04,160

type aerial phenomena that are routinely

469

00:17:08,630 --> 00:17:06,400

reported there or these undulating

470

00:17:09,990 --> 00:17:08,640

sea slugs swimming through the air with

471

00:17:12,710 --> 00:17:10,000

with you know

472

00:17:13,429 --> 00:17:12,720

law enforcement uh as many as four or

473

00:17:17,270 --> 00:17:13,439

five people

474

00:17:19,590 --> 00:17:17,280

seeing them in in one given area

475

00:17:21,590 --> 00:17:19,600

i was very very jazzed when i first

476

00:17:22,949 --> 00:17:21,600

started investigating in the san luis

477

00:17:26,230 --> 00:17:22,959

valley in the early 90s

478

00:17:26,870 --> 00:17:26,240

and you know obviously my enthusiasm was

479

00:17:29,669 --> 00:17:26,880

tempered

480

00:17:31,669 --> 00:17:29,679

and i really started to try to come up

481

00:17:33,029 --> 00:17:31,679

with rational explanations just to

482

00:17:35,750 --> 00:17:33,039

explain things

483

00:17:37,350 --> 00:17:35,760

really get myself up to speed and in as

484

00:17:39,190 --> 00:17:37,360

best i could as an amateur in various

485

00:17:41,669 --> 00:17:39,200

scientific disciplines

486

00:17:42,310 --> 00:17:41,679

working with ex-law enforcement ex

487

00:17:45,590 --> 00:17:42,320

military

488

00:17:49,430 --> 00:17:45,600

observers uh current law enforcement

489

00:17:51,909 --> 00:17:49,440

you know academics in the sociology and

490

00:17:52,549 --> 00:17:51,919

departments at the local college and i

491

00:17:55,830 --> 00:17:52,559

really

492

00:17:57,270 --> 00:17:55,840

made an attempt to dispassionately and

493

00:18:00,310 --> 00:17:57,280

objectively

494

00:18:02,789 --> 00:18:00,320

document the many things that uh were

495

00:18:04,310 --> 00:18:02,799

and probably always have been reported

496

00:18:05,909 --> 00:18:04,320

in the san luis valley

497

00:18:07,830 --> 00:18:05,919

there would there have been mushrooms

498

00:18:09,430 --> 00:18:07,840

growing there

499

00:18:12,710 --> 00:18:09,440

i hope you have a humor you know i

500

00:18:16,070 --> 00:18:12,720

looked and i was never able to find any

501
00:18:17,190 --> 00:18:16,080
okay good hey um getting back to the

502
00:18:19,270 --> 00:18:17,200
main topic and

503
00:18:20,470 --> 00:18:19,280
you know i'll i i will take that as a

504
00:18:22,789 --> 00:18:20,480
joke yeah good

505
00:18:23,669 --> 00:18:22,799
good uh your book is called stalking the

506
00:18:25,830 --> 00:18:23,679
herd

507
00:18:27,590 --> 00:18:25,840
and uh it was a book you put together

508
00:18:29,190 --> 00:18:27,600
over uh several months and a lot of

509
00:18:33,430 --> 00:18:29,200
years of research

510
00:18:37,029 --> 00:18:33,440
and let me just ask you this is such a

511
00:18:37,510 --> 00:18:37,039
unusual phenomena and there are so many

512
00:18:39,110 --> 00:18:37,520
different

513
00:18:40,710 --> 00:18:39,120

theories you know we posted on our

514

00:18:42,789 --> 00:18:40,720

facebook page or i should say

515

00:18:44,390 --> 00:18:42,799

peggy um posted on her facebook page

516

00:18:45,669 --> 00:18:44,400

she's an admin there

517

00:18:47,510 --> 00:18:45,679

um something about what do you think

518

00:18:49,510 --> 00:18:47,520

cattle mutilations were and you know

519

00:18:51,909 --> 00:18:49,520

there are some people adamantly saying

520

00:18:52,630 --> 00:18:51,919

oh it's the military and it's it's this

521

00:18:55,830 --> 00:18:52,640

and it's that

522

00:18:57,750 --> 00:18:55,840

and and ufos and aliens and you know

523

00:18:59,350 --> 00:18:57,760

there's so many different theories

524

00:19:01,909 --> 00:18:59,360

and there's so many holes that can be

525

00:19:04,150 --> 00:19:01,919

poked through most of the theories

526

00:19:05,669 --> 00:19:04,160

what did you come up with when you were

527

00:19:07,590 --> 00:19:05,679

doing this book

528

00:19:11,510 --> 00:19:07,600

what you know what i'm going to ask you

529

00:19:14,950 --> 00:19:11,520

straight out what do you think it is

530

00:19:15,430 --> 00:19:14,960

well that's the 64 000 question isn't it

531

00:19:18,549 --> 00:19:15,440

uh

532

00:19:20,230 --> 00:19:18,559

i you know i really don't have a um an

533

00:19:21,430 --> 00:19:20,240

answer that i could you know take to the

534

00:19:25,110 --> 00:19:21,440

national press club and

535

00:19:27,630 --> 00:19:25,120

in trumpet uh as the end-all be-all

536

00:19:29,430 --> 00:19:27,640

answer i don't think there is a single

537

00:19:31,270 --> 00:19:29,440

one-size-fits-all answer

538

00:19:32,710 --> 00:19:31,280

i don't think it's all et's i don't

539

00:19:35,270 --> 00:19:32,720

think it's all the government

540

00:19:37,510 --> 00:19:35,280

i don't think it's all misidentified

541

00:19:38,390 --> 00:19:37,520

scavenger action that appears strange to

542

00:19:39,350 --> 00:19:38,400

people that don't know what they're

543

00:19:41,909 --> 00:19:39,360

looking at

544

00:19:43,110 --> 00:19:41,919

i don't think it's a cultist i don't

545

00:19:46,630 --> 00:19:43,120

think it's uh

546

00:19:48,470 --> 00:19:46,640

you know whatever theory you want to

547

00:19:49,909 --> 00:19:48,480

look at there is no one theory that

548

00:19:53,590 --> 00:19:49,919

explains it all so

549

00:19:55,750 --> 00:19:53,600

what i'm left with is a multi-tiered

550

00:19:56,950 --> 00:19:55,760

multiple agenda multiple players

551
00:19:59,110 --> 00:19:56,960
dovetailing

552
00:20:00,710 --> 00:19:59,120
their particular agenda either by design

553
00:20:03,029 --> 00:20:00,720
or just inadvertently

554
00:20:04,070 --> 00:20:03,039
on top of other agendas i think there's

555
00:20:07,110 --> 00:20:04,080
also the high

556
00:20:09,029 --> 00:20:07,120
likelihood in some regions where these

557
00:20:11,750 --> 00:20:09,039
cases have been reported

558
00:20:13,909 --> 00:20:11,760
that you have societal and political

559
00:20:15,190 --> 00:20:13,919
manipulation going on rich ranchers

560
00:20:17,110 --> 00:20:15,200
trying to intimidate

561
00:20:19,990 --> 00:20:17,120
smaller ranchers who won't sell their

562
00:20:22,310 --> 00:20:20,000
land for the expanding big ranch

563
00:20:23,669 --> 00:20:22,320

let's say has there been before you move

564

00:20:26,149 --> 00:20:23,679

on has there been

565

00:20:27,190 --> 00:20:26,159

any links that would kind of you know

566

00:20:28,870 --> 00:20:27,200

document that

567

00:20:30,789 --> 00:20:28,880

yeah there have i have two county

568

00:20:33,190 --> 00:20:30,799

sheriffs that have gone on the record

569

00:20:35,430 --> 00:20:33,200

and stated that they felt that certain

570

00:20:36,549 --> 00:20:35,440

helicopter teams that were associated

571

00:20:38,950 --> 00:20:36,559

with

572

00:20:40,070 --> 00:20:38,960

particular outbreaks of mutilations were

573

00:20:43,190 --> 00:20:40,080

actually landing

574

00:20:45,190 --> 00:20:43,200

and taking off from a particular ranch

575

00:20:47,270 --> 00:20:45,200

and they both publicly gone on the

576

00:20:47,990 --> 00:20:47,280

record and said this particular rancher

577

00:20:50,549 --> 00:20:48,000

was

578

00:20:51,669 --> 00:20:50,559

somehow involved either directly or

579

00:20:54,230 --> 00:20:51,679

added aided

580

00:20:55,669 --> 00:20:54,240

and embedded uh some of these teams that

581

00:20:58,470 --> 00:20:55,679

were were seen

582

00:21:00,390 --> 00:20:58,480

uh flying around areas where livestock

583

00:21:03,590 --> 00:21:00,400

were being discovered mutilated so

584

00:21:05,190 --> 00:21:03,600

we do have we do have some evidence that

585

00:21:07,029 --> 00:21:05,200

that there is some societal and

586

00:21:08,390 --> 00:21:07,039

political manipulation going on

587

00:21:10,789 --> 00:21:08,400

but again this is not a

588

00:21:12,390 --> 00:21:10,799

one-size-fits-all scenario i can't say

589

00:21:14,870 --> 00:21:12,400

that all mutilations

590

00:21:15,669 --> 00:21:14,880

uh would fall within that particular you

591

00:21:18,070 --> 00:21:15,679

know

592

00:21:19,350 --> 00:21:18,080

example uh there's just too many

593

00:21:22,149 --> 00:21:19,360

thousands of them

594

00:21:24,470 --> 00:21:22,159

uh spread all around the the world in

595

00:21:27,669 --> 00:21:24,480

christian countries uh i should uh

596

00:21:29,350 --> 00:21:27,679

add uh this is uh specifically and

597

00:21:30,870 --> 00:21:29,360

predominantly a christian country

598

00:21:34,070 --> 00:21:30,880

phenomenon so

599

00:21:34,710 --> 00:21:34,080

you do have quite a uh quite a gordian

600

00:21:37,510 --> 00:21:34,720

knot

601
00:21:39,510 --> 00:21:37,520
and one of the reasons why i decided to

602
00:21:41,350 --> 00:21:39,520
subtitle stocking herd

603
00:21:43,350 --> 00:21:41,360
with unraveling cattle mutilation

604
00:21:46,470 --> 00:21:43,360
mystery is it is a

605
00:21:49,029 --> 00:21:46,480
real um conundrum

606
00:21:50,870 --> 00:21:49,039
there's many dark alleys uh that you go

607
00:21:51,270 --> 00:21:50,880
down and end up being cul-de-sacs

608
00:21:55,430 --> 00:21:51,280
there's

609
00:21:59,510 --> 00:21:55,440
investigative uh in research

610
00:22:01,830 --> 00:21:59,520
work uh that would suggest that this

611
00:22:02,549 --> 00:22:01,840
thing has kind of evolved over the

612
00:22:06,390 --> 00:22:02,559
decades

613
00:22:08,470 --> 00:22:06,400

and perhaps what was really important

614

00:22:10,230 --> 00:22:08,480

for the perpetrators in the 70s may have

615

00:22:13,510 --> 00:22:10,240

become less important now

616

00:22:16,630 --> 00:22:13,520

in some sense and maybe other types of

617

00:22:20,149 --> 00:22:16,640

programs are are being uh perpetrated uh

618

00:22:22,230 --> 00:22:20,159

in you know the small ranches of america

619

00:22:24,149 --> 00:22:22,240

you know it we're really jumping ahead

620

00:22:25,350 --> 00:22:24,159

of ourselves here i'm not even sure uh

621

00:22:27,669 --> 00:22:25,360

marty if you're listening he's even know

622

00:22:29,510 --> 00:22:27,679

what account of mutilation is uh

623

00:22:31,350 --> 00:22:29,520

oh yeah i'm sure they do but you're

624

00:22:32,630 --> 00:22:31,360

right you're right you know i i just i'm

625

00:22:34,789 --> 00:22:32,640

trying to shoot for the

626

00:22:36,630 --> 00:22:34,799

you know the the middle here uh yeah

627

00:22:39,350 --> 00:22:36,640

this is a very complicated subject

628

00:22:40,390 --> 00:22:39,360

i'm sure the book is 600 pages and it's

629

00:22:43,190 --> 00:22:40,400

not by accident

630

00:22:44,950 --> 00:22:43,200

that's true now um i know and there's

631

00:22:48,390 --> 00:22:44,960

other animals involved

632

00:22:51,510 --> 00:22:48,400

not just cattle there's you know from

633

00:22:54,470 --> 00:22:51,520

everything you you can think of

634

00:22:55,909 --> 00:22:54,480

but we can talk a little bit about what

635

00:22:58,390 --> 00:22:55,919

mutilations are

636

00:23:00,070 --> 00:22:58,400

but one of the things you know before i

637

00:23:03,590 --> 00:23:00,080

lose track of my thought here

638

00:23:05,029 --> 00:23:03,600

is you know they say for instance the

639

00:23:05,669 --> 00:23:05,039

government the government is doing

640

00:23:07,590 --> 00:23:05,679

research

641

00:23:09,190 --> 00:23:07,600

on cows they want to find out what type

642

00:23:12,870 --> 00:23:09,200

of um

643

00:23:15,909 --> 00:23:12,880

you know affects nuclear um

644

00:23:18,149 --> 00:23:15,919

atomic uh what am i trying to say the

645

00:23:20,630 --> 00:23:18,159

effects radiation

646

00:23:22,230 --> 00:23:20,640

of the environment and if they took them

647

00:23:24,310 --> 00:23:22,240

away they'd be stealing them so they

648

00:23:25,590 --> 00:23:24,320

leave them

649

00:23:27,669 --> 00:23:25,600

on and on and on you hear all these

650

00:23:29,909 --> 00:23:27,679

things but sure um

651
00:23:31,270 --> 00:23:29,919
i just want to get that out so i want

652
00:23:33,590 --> 00:23:31,280
that to be a topic

653
00:23:34,630 --> 00:23:33,600
but i also would like to for you to

654
00:23:37,029 --> 00:23:34,640
explain

655
00:23:38,789 --> 00:23:37,039
um what people you know what are the

656
00:23:39,669 --> 00:23:38,799
farmers finding on their their land

657
00:23:41,909 --> 00:23:39,679
they're finding

658
00:23:42,789 --> 00:23:41,919
uh a cow i think you said on a porch at

659
00:23:45,269 --> 00:23:42,799
one time

660
00:23:47,350 --> 00:23:45,279
they're finding them mutilated some

661
00:23:48,870 --> 00:23:47,360
people are saying laser cuts some people

662
00:23:51,510 --> 00:23:48,880
are saying you know yeah that's a

663
00:23:53,350 --> 00:23:51,520

misnomer oh okay go ahead

664

00:23:55,350 --> 00:23:53,360

well you know there are a lot of popular

665

00:23:57,190 --> 00:23:55,360

misconceptions about this particular

666

00:23:59,029 --> 00:23:57,200

mystery um you know i've been involved

667

00:24:02,710 --> 00:23:59,039

in this for over 20 years

668

00:24:05,029 --> 00:24:02,720

i've personally been involved in either

669

00:24:05,909 --> 00:24:05,039

personally investigating or researching

670

00:24:08,549 --> 00:24:05,919

cases

671

00:24:09,990 --> 00:24:08,559

that i haven't seen but but they amount

672

00:24:13,190 --> 00:24:10,000

to about 200 cases

673

00:24:16,149 --> 00:24:13,200

overall and there is

674

00:24:16,630 --> 00:24:16,159

a lot of misconceptions out there in the

675

00:24:19,750 --> 00:24:16,640

public

676

00:24:20,789 --> 00:24:19,760

about this particular mystery one of

677

00:24:24,950 --> 00:24:20,799

those is the

678

00:24:29,029 --> 00:24:24,960

the burnt laser cut scenario

679

00:24:32,070 --> 00:24:29,039

in my estimation very very few cases

680

00:24:34,950 --> 00:24:32,080

have been proven to have had some sort

681

00:24:37,669 --> 00:24:34,960

of heat or lasing or particle beam

682

00:24:39,190 --> 00:24:37,679

sci-fi type a cutting agent that has

683

00:24:40,710 --> 00:24:39,200

heated up the hemoglobin cooked the

684

00:24:42,549 --> 00:24:40,720

hemoglobin cauterized the

685

00:24:44,950 --> 00:24:42,559

the wounds there have been several

686

00:24:47,669 --> 00:24:44,960

scientific papers that have been done

687

00:24:49,269 --> 00:24:47,679

most notably the national institute for

688

00:24:52,310 --> 00:24:49,279

discovery sciences

689

00:24:55,430 --> 00:24:52,320

uh did some tests with uh with

690

00:24:55,830 --> 00:24:55,440

dead cows and and and actually watched

691

00:25:02,070 --> 00:24:55,840

the

692

00:25:03,909 --> 00:25:02,080

has

693

00:25:05,510 --> 00:25:03,919

had the organ taken out what happens to

694

00:25:08,549 --> 00:25:05,520

the remaining hide

695

00:25:10,470 --> 00:25:08,559

and what happens basically is the

696

00:25:12,310 --> 00:25:10,480

the animal bloats and stretches it

697

00:25:14,710 --> 00:25:12,320

stretches the incision

698

00:25:17,830 --> 00:25:14,720

when the animal goes back to its normal

699

00:25:22,390 --> 00:25:17,840

size or or deflates even

700

00:25:25,190 --> 00:25:22,400

the actual incisionary doesn't fully

701

00:25:26,549 --> 00:25:25,200

you know itself back to its

702

00:25:29,110 --> 00:25:26,559

original shape

703

00:25:29,669 --> 00:25:29,120

what happens is the edge dries out you

704

00:25:32,870 --> 00:25:29,679

have a

705

00:25:34,230 --> 00:25:32,880

kind of a slick glossy appearing edge to

706

00:25:35,990 --> 00:25:34,240

it that turns brown

707

00:25:38,070 --> 00:25:36,000

and to someone who's not a veterinary

708

00:25:40,549 --> 00:25:38,080

pathologist like me

709

00:25:41,669 --> 00:25:40,559

i'm not a veterinary pathologist but to

710

00:25:42,470 --> 00:25:41,679

someone who doesn't know what they're

711

00:25:44,870 --> 00:25:42,480

looking at

712

00:25:46,789 --> 00:25:44,880

it appears like it's been burned but

713

00:25:49,430 --> 00:25:46,799

it's actually the natural process

714

00:25:50,230 --> 00:25:49,440

of the hide the the the area that's been

715

00:25:53,350 --> 00:25:50,240

cut

716

00:25:54,710 --> 00:25:53,360

uh probably by a sharp implement or torn

717

00:25:58,630 --> 00:25:54,720

out by a scavenger

718

00:26:02,230 --> 00:25:58,640

that particular incision line appears

719

00:26:02,870 --> 00:26:02,240

brown and smooth and and like it's been

720

00:26:04,870 --> 00:26:02,880

burnt

721

00:26:06,710 --> 00:26:04,880

and unless you actually take the animal

722

00:26:08,549 --> 00:26:06,720

do a complete necropsy have a

723

00:26:11,590 --> 00:26:08,559

professional veterinary pathologist

724

00:26:12,710 --> 00:26:11,600

involved or you know a veterinarian that

725

00:26:14,390 --> 00:26:12,720

has some pathology

726
00:26:16,310 --> 00:26:14,400
experience you're not going to be able

727
00:26:20,390 --> 00:26:16,320
to actually determine what

728
00:26:23,430 --> 00:26:20,400
caused the cutting action or

729
00:26:25,350 --> 00:26:23,440
how that cutting action can look one way

730
00:26:27,510 --> 00:26:25,360
and not another way there's a lot of

731
00:26:28,710 --> 00:26:27,520
environmental concerns uh humidity

732
00:26:31,269 --> 00:26:28,720
temperature

733
00:26:32,870 --> 00:26:31,279
and to the untrained eye if he reads an

734
00:26:34,789 --> 00:26:32,880
article in the newspaper that there's

735
00:26:36,870 --> 00:26:34,799
cattle mutilations he goes out

736
00:26:38,789 --> 00:26:36,880
and happens to see a cow that's been

737
00:26:41,669 --> 00:26:38,799
let's say scavenged

738
00:26:43,510 --> 00:26:41,679

but in an unusual fashion usually the

739

00:26:45,510 --> 00:26:43,520

organs that the mutilators take are the

740

00:26:47,190 --> 00:26:45,520

same organs that scavengers normally

741

00:26:50,310 --> 00:26:47,200

take the soft tissue organs

742

00:26:50,950 --> 00:26:50,320

reproductive tract and eye oftentimes a

743

00:26:53,750 --> 00:26:50,960

tongue

744

00:26:54,310 --> 00:26:53,760

with the mandible flesh being exposed uh

745

00:26:57,750 --> 00:26:54,320

being

746

00:26:59,430 --> 00:26:57,760

taken away exposing the jawbone a plug

747

00:27:00,310 --> 00:26:59,440

taken out of the reproductive tract the

748

00:27:02,549 --> 00:27:00,320

genitalia

749

00:27:03,830 --> 00:27:02,559

are gone when you look at the edges if

750

00:27:05,909 --> 00:27:03,840

that animal is bloated

751
00:27:07,590 --> 00:27:05,919
and dried out and then shrunk back down

752
00:27:09,830 --> 00:27:07,600
it can look like it's burnt

753
00:27:11,430 --> 00:27:09,840
most of the cases that i felt were high

754
00:27:13,669 --> 00:27:11,440
strange in other words somebody came and

755
00:27:18,070 --> 00:27:13,679
did this to that animal

756
00:27:19,830 --> 00:27:18,080
the vast majority 90 or more

757
00:27:21,190 --> 00:27:19,840
it appeared to be a sharp cutting

758
00:27:23,590 --> 00:27:21,200
implement like a scalpel

759
00:27:24,710 --> 00:27:23,600
a buck knife some very very sharp piece

760
00:27:26,870 --> 00:27:24,720
of steel

761
00:27:29,110 --> 00:27:26,880
well you know there's never well before

762
00:27:31,110 --> 00:27:29,120
i asked this question

763
00:27:33,590 --> 00:27:31,120

if you're listening live please jump

764

00:27:35,830 --> 00:27:33,600

over to podcastufo.com

765

00:27:37,190 --> 00:27:35,840

join in on our chat room it's a one-two

766

00:27:39,669 --> 00:27:37,200

click you're in

767

00:27:40,710 --> 00:27:39,679

and you can ask our guest tonight a

768

00:27:43,909 --> 00:27:40,720

question or two

769

00:27:46,630 --> 00:27:43,919

and i'll relay it on to him

770

00:27:47,510 --> 00:27:46,640

when you're talking about these these uh

771

00:27:50,389 --> 00:27:47,520

cuts

772

00:27:51,110 --> 00:27:50,399

um it it's like someone would go up to

773

00:27:53,110 --> 00:27:51,120

the animal

774

00:27:54,389 --> 00:27:53,120

first of all they'd have to kill it or

775

00:27:55,830 --> 00:27:54,399

or knock it down

776

00:27:57,909 --> 00:27:55,840

um but a lot of times they say there's

777

00:28:01,750 --> 00:27:57,919

no tire tracks there's no sign of

778

00:28:02,789 --> 00:28:01,760

footprints um correct most of the time

779

00:28:05,909 --> 00:28:02,799

most of the time

780

00:28:08,230 --> 00:28:05,919

so what is doing this

781

00:28:09,510 --> 00:28:08,240

you know i mean well it appears to be

782

00:28:11,269 --> 00:28:09,520

marty and

783

00:28:13,190 --> 00:28:11,279

i think this is fairly simple you

784

00:28:15,190 --> 00:28:13,200

mentioned earlier that these animals are

785

00:28:17,990 --> 00:28:15,200

left behind so they wouldn't be stolen

786

00:28:19,269 --> 00:28:18,000

and then reported you know as some sort

787

00:28:23,110 --> 00:28:19,279

of criminal mischief

788

00:28:23,430 --> 00:28:23,120

larceny whatever by leaving the animal

789

00:28:25,269 --> 00:28:23,440

back

790

00:28:27,750 --> 00:28:25,279

it gives you plausible deniability

791

00:28:29,190 --> 00:28:27,760

however sometimes they mess up

792

00:28:31,830 --> 00:28:29,200

and they leave the animal in the wrong

793

00:28:33,990 --> 00:28:31,840

pasture we have quite a number of cases

794

00:28:35,830 --> 00:28:34,000

which i detail in the book where animals

795

00:28:38,389 --> 00:28:35,840

are found in the wrong pasture even as

796

00:28:40,630 --> 00:28:38,399

far as two three miles away

797

00:28:42,870 --> 00:28:40,640

we've had cases where the animal is not

798

00:28:43,990 --> 00:28:42,880

left back in the pasture and is dumped

799

00:28:46,950 --> 00:28:44,000

on a porch for some

800

00:28:48,789 --> 00:28:46,960

reason or uh inside an abandoned adobe

801
00:28:50,710 --> 00:28:48,799
shack in one case

802
00:28:52,389 --> 00:28:50,720
basically what they're doing is they're

803
00:28:54,630 --> 00:28:52,399
at least in my

804
00:28:56,549 --> 00:28:54,640
appraisal here i don't know this for

805
00:28:58,789 --> 00:28:56,559
sure but but it seems to me

806
00:29:01,110 --> 00:28:58,799
is that these animals are being taken

807
00:29:01,750 --> 00:29:01,120
they're being experimented upon or they

808
00:29:03,430 --> 00:29:01,760
do

809
00:29:05,110 --> 00:29:03,440
have their way with the animal and then

810
00:29:06,549 --> 00:29:05,120
when they drop it back they don't drop

811
00:29:07,990 --> 00:29:06,559
it from where they took it

812
00:29:10,470 --> 00:29:08,000
they drop it in another part of the

813
00:29:11,110 --> 00:29:10,480

pasture so we're saying ranch goes out

814

00:29:12,789 --> 00:29:11,120

there

815

00:29:14,630 --> 00:29:12,799

and looks at the animal and he looks

816

00:29:17,029 --> 00:29:14,640

around for clues oftentimes he won't

817

00:29:19,350 --> 00:29:17,039

even find the animal's own tracks

818

00:29:21,110 --> 00:29:19,360

and so if you leave it in a slightly

819

00:29:23,590 --> 00:29:21,120

different place in the same pasture

820

00:29:24,950 --> 00:29:23,600

you have that ministry of no tracks no

821

00:29:26,389 --> 00:29:24,960

no crime scene evidence

822

00:29:28,070 --> 00:29:26,399

because the the animal was actually

823

00:29:30,070 --> 00:29:28,080

taken or possibly even

824

00:29:31,909 --> 00:29:30,080

experimented on in another part of the

825

00:29:33,269 --> 00:29:31,919

pasture so it appears to me they're

826

00:29:35,430 --> 00:29:33,279

being taken somewhere

827

00:29:37,029 --> 00:29:35,440

uh they're being worked on and then

828

00:29:37,909 --> 00:29:37,039

brought back and left in a different

829

00:29:40,389 --> 00:29:37,919

spot

830

00:29:41,909 --> 00:29:40,399

you know uh on i don't know if you read

831

00:29:44,149 --> 00:29:41,919

the skinwalker ranch

832

00:29:45,590 --> 00:29:44,159

book i was the first investigator up at

833

00:29:48,630 --> 00:29:45,600

the sherman ranch oh you were

834

00:29:51,350 --> 00:29:48,640

now there was a case there where one had

835

00:29:52,710 --> 00:29:51,360

dropped inside of a hole like head first

836

00:29:54,789 --> 00:29:52,720

like it was just say like it was

837

00:29:57,269 --> 00:29:54,799

dangling from say a helicopter

838

00:29:59,830 --> 00:29:57,279

in nebraska no the case on the sherman

839

00:30:02,630 --> 00:29:59,840

ranch was a calf that was torn apart

840

00:30:03,990 --> 00:30:02,640

and the parts were that remain were laid

841

00:30:07,350 --> 00:30:04,000

carefully back

842

00:30:09,269 --> 00:30:07,360

uh almost uh ritualistically

843

00:30:10,950 --> 00:30:09,279

and this all took place within minutes

844

00:30:13,430 --> 00:30:10,960

while the rancher and his wife were in

845

00:30:15,990 --> 00:30:13,440

the same field during in broad daylight

846

00:30:17,669 --> 00:30:16,000

wow wow that there was some bizarre

847

00:30:18,230 --> 00:30:17,679

stuff going on the nebraska case is the

848

00:30:19,750 --> 00:30:18,240

one that

849

00:30:21,269 --> 00:30:19,760

the the cow was found with its head in

850

00:30:22,149 --> 00:30:21,279

the hole i don't know how to explain

851

00:30:25,590 --> 00:30:22,159

that

852

00:30:28,710 --> 00:30:25,600

are

853

00:30:29,830 --> 00:30:28,720

dropped when you could you elaborate

854

00:30:31,669 --> 00:30:29,840

more on that when you think they're

855

00:30:33,990 --> 00:30:31,679

dropped do you think they're

856

00:30:36,389 --> 00:30:34,000

how would they pick these things up you

857

00:30:38,230 --> 00:30:36,399

know these are cows helicopters

858

00:30:40,389 --> 00:30:38,240

i don't want to point the uh

859

00:30:42,470 --> 00:30:40,399

incriminating finger in any

860

00:30:44,389 --> 00:30:42,480

particular direction um you know they

861

00:30:46,470 --> 00:30:44,399

could be little green men from mars

862

00:30:49,110 --> 00:30:46,480

doing it with flying saucers

863

00:30:51,269 --> 00:30:49,120

or it could be uncle sam with

864

00:30:54,630 --> 00:30:51,279

clandestine helicopter crews

865

00:30:56,630 --> 00:30:54,640

we have you know well over 350 reports

866

00:30:57,509 --> 00:30:56,640

of helicopters in and around mutilation

867

00:31:00,389 --> 00:30:57,519

sites

868

00:31:01,669 --> 00:31:00,399

uh over the years since the 70s so you

869

00:31:03,590 --> 00:31:01,679

know one

870

00:31:04,710 --> 00:31:03,600

if you compare the amount of helicopters

871

00:31:06,870 --> 00:31:04,720

that have been reported around a

872

00:31:07,590 --> 00:31:06,880

mutilation site and compared to ufos

873

00:31:10,230 --> 00:31:07,600

it's like

874

00:31:10,710 --> 00:31:10,240

you know ufos are a fraction uh compared

875

00:31:13,990 --> 00:31:10,720

to

876
00:31:15,029 --> 00:31:14,000
helicopter reports now whether they're

877
00:31:18,310 --> 00:31:15,039
able to actually

878
00:31:22,070 --> 00:31:18,320
lift let's say a 22

879
00:31:24,549 --> 00:31:22,080
uh 100 pound semitol bull you know

880
00:31:26,070 --> 00:31:24,559
or uh it's much easier to lift a three

881
00:31:28,870 --> 00:31:26,080
or four hundred pound calf

882
00:31:29,990 --> 00:31:28,880
uh than it is to you know obviously lift

883
00:31:34,070 --> 00:31:30,000
a full-grown

884
00:31:37,190 --> 00:31:34,080
especially male uh bull

885
00:31:38,149 --> 00:31:37,200
so whether helicopters are the uh the

886
00:31:40,950 --> 00:31:38,159
primary

887
00:31:41,430 --> 00:31:40,960
delivery system for this particular uh

888
00:31:44,389 --> 00:31:41,440

you know

889

00:31:46,149 --> 00:31:44,399

agenda i i really don't know i just

890

00:31:47,190 --> 00:31:46,159

don't think it's by accident that we've

891

00:31:49,909 --> 00:31:47,200

had hundreds

892

00:31:52,230 --> 00:31:49,919

of helicopters cited around relation

893

00:31:55,269 --> 00:31:52,240

sites during waves where these cases

894

00:31:58,950 --> 00:31:55,279

are being reported now speaking of waves

895

00:32:01,669 --> 00:31:58,960

the strong one was back in the 70s and

896

00:32:02,470 --> 00:32:01,679

uh why do you think there are waves

897

00:32:05,990 --> 00:32:02,480

would just

898

00:32:08,070 --> 00:32:06,000

let me just ask this do waves um

899

00:32:10,870 --> 00:32:08,080

did they happen the same time another

900

00:32:12,630 --> 00:32:10,880

type of strange event was happening

901
00:32:14,470 --> 00:32:12,640
say in the environment or anything like

902
00:32:16,070 --> 00:32:14,480
that yeah absolutely

903
00:32:18,710 --> 00:32:16,080
um you know we have all sorts of

904
00:32:19,830 --> 00:32:18,720
correlations uh and i go into great uh

905
00:32:21,750 --> 00:32:19,840
detail

906
00:32:23,909 --> 00:32:21,760
along with the excellent uh research

907
00:32:25,110 --> 00:32:23,919
help of my mentor david perkins who's

908
00:32:28,310 --> 00:32:25,120
been involved in this

909
00:32:31,509 --> 00:32:28,320
mystery for almost 40 years

910
00:32:34,950 --> 00:32:31,519
we did go back and we did look

911
00:32:38,470 --> 00:32:34,960
at how not only how the waves

912
00:32:41,590 --> 00:32:38,480
began unfolded and ended but also how

913
00:32:44,950 --> 00:32:41,600

the theories to explain the waves began

914

00:32:47,750 --> 00:32:44,960

unfolded and were per you know

915

00:32:48,710 --> 00:32:47,760

promulgated or disseminated out into the

916

00:32:51,830 --> 00:32:48,720

culture

917

00:32:53,909 --> 00:32:51,840

so we're looking at this uh from several

918

00:32:54,630 --> 00:32:53,919

angles one is from a physical science

919

00:32:56,389 --> 00:32:54,640

angle

920

00:32:57,750 --> 00:32:56,399

here we have a mystery leaving behind

921

00:32:59,029 --> 00:32:57,760

thousands of pounds of potential

922

00:33:00,710 --> 00:32:59,039

physical evidence

923

00:33:02,710 --> 00:33:00,720

we're looking at it from a cultural

924

00:33:04,389 --> 00:33:02,720

point of view the belief in these things

925

00:33:06,389 --> 00:33:04,399

happening and how that belief

926
00:33:08,070 --> 00:33:06,399
affects the culture and we're also

927
00:33:09,750 --> 00:33:08,080
looking at it in how

928
00:33:11,909 --> 00:33:09,760
this particular mystery seems to

929
00:33:14,950 --> 00:33:11,919
dovetail with other attendant

930
00:33:16,389 --> 00:33:14,960
phenomena like hairy hominids

931
00:33:18,710 --> 00:33:16,399
the before mentioned ufos and

932
00:33:21,110 --> 00:33:18,720
helicopters also

933
00:33:23,110 --> 00:33:21,120
outbreaks of rustling and cattle being

934
00:33:25,509 --> 00:33:23,120
shot

935
00:33:27,350 --> 00:33:25,519
tend to be the pre-sage events that

936
00:33:30,789 --> 00:33:27,360
happened before a wave begins

937
00:33:33,669 --> 00:33:30,799
for instance in the 70s we had

938
00:33:34,710 --> 00:33:33,679

hundreds of animals being reported as

939

00:33:38,630 --> 00:33:34,720

rustled

940

00:33:40,029 --> 00:33:38,640

in iowa in parts of nebraska in 71 later

941

00:33:43,269 --> 00:33:40,039

in 74

942

00:33:46,149 --> 00:33:43,279

75 prior to then

943

00:33:48,230 --> 00:33:46,159

unfolding waves of mutilation reports so

944

00:33:50,310 --> 00:33:48,240

it's almost like

945

00:33:51,269 --> 00:33:50,320

back in the early days before this

946

00:33:53,029 --> 00:33:51,279

became a national

947

00:33:54,870 --> 00:33:53,039

and international news story they were

948

00:33:57,509 --> 00:33:54,880

trying out different uh

949

00:33:59,830 --> 00:33:57,519

you know modus operandi they were saying

950

00:34:01,909 --> 00:33:59,840

well if we do this what will happen

951
00:34:04,549 --> 00:34:01,919
if we do it this way what will happen

952
00:34:06,950 --> 00:34:04,559
and i go to great lengths with uh

953
00:34:08,550 --> 00:34:06,960
again with david's uh very very uh

954
00:34:11,270 --> 00:34:08,560
important assistance

955
00:34:13,190 --> 00:34:11,280
in identifying how the waves began how

956
00:34:16,550 --> 00:34:13,200
they unfolded how they ended

957
00:34:17,349 --> 00:34:16,560
and how the attendant phenomenon whether

958
00:34:20,069 --> 00:34:17,359
it be

959
00:34:21,109 --> 00:34:20,079
crypto creatures uh black panthers hairy

960
00:34:25,510 --> 00:34:21,119
hominids

961
00:34:27,510 --> 00:34:25,520
uh you know flying uh 55 gallon drums

962
00:34:27,909 --> 00:34:27,520
flying in formation in one case that

963
00:34:31,750 --> 00:34:27,919

just

964

00:34:34,069 --> 00:34:31,760

still makes me scratch my head uh

965

00:34:35,030 --> 00:34:34,079

it's it's a huge gordian knot and you

966

00:34:36,710 --> 00:34:35,040

have to unravel

967

00:34:38,069 --> 00:34:36,720

each thread at a time and look at the

968

00:34:40,470 --> 00:34:38,079

inner relatedness

969

00:34:41,990 --> 00:34:40,480

between all these things yeah we have a

970

00:34:44,550 --> 00:34:42,000

bunch of questions just coming in

971

00:34:45,829 --> 00:34:44,560

on our chat room but uh one thing comes

972

00:34:49,030 --> 00:34:45,839

to mind has

973

00:34:50,389 --> 00:34:49,040

this is really something that is it's

974

00:34:53,430 --> 00:34:50,399

out there

975

00:34:54,950 --> 00:34:53,440

it cannot be denied has anyone taken

976

00:34:57,030 --> 00:34:54,960

this serious enough to do

977

00:34:59,430 --> 00:34:57,040

a deep investigative report

978

00:35:01,670 --> 00:34:59,440

scientifically or anything like that

979

00:35:03,510 --> 00:35:01,680

absolutely the national institute for

980

00:35:06,230 --> 00:35:03,520

discovery sciences nids

981

00:35:06,950 --> 00:35:06,240

uh who are the uh robert bigelow the

982

00:35:09,990 --> 00:35:06,960

billionaire

983

00:35:11,829 --> 00:35:10,000

um real estate guy who is the only

984

00:35:13,670 --> 00:35:11,839

person on the planet with his own

985

00:35:16,630 --> 00:35:13,680

private space station

986

00:35:17,270 --> 00:35:16,640

he bought the sherman ranch up in utah

987

00:35:18,870 --> 00:35:17,280

and

988

00:35:20,710 --> 00:35:18,880

one of the things that they had to deal

989

00:35:21,430 --> 00:35:20,720

with was the cattle mutilation mystery

990

00:35:24,870 --> 00:35:21,440

and they did

991

00:35:27,589 --> 00:35:24,880

a number of very very well done

992

00:35:29,990 --> 00:35:27,599

uh scientifically peer-reviewable papers

993

00:35:32,630 --> 00:35:30,000

that look at various aspects of this

994

00:35:35,270 --> 00:35:32,640

particular mystery there have been some

995

00:35:39,750 --> 00:35:35,280

feeble attempts by official groups

996

00:35:43,349 --> 00:35:42,470

shall we say highly suspect in their

997

00:35:45,990 --> 00:35:43,359

agendas

998

00:35:47,670 --> 00:35:46,000

in in how the results were obtained and

999

00:35:51,030 --> 00:35:47,680

what the results were

1000

00:35:52,710 --> 00:35:51,040

sounds like ufo reports yeah very much

1001
00:35:55,109 --> 00:35:52,720
so but but when you really

1002
00:35:56,310 --> 00:35:55,119
look at all the different databases that

1003
00:35:58,390 --> 00:35:56,320
that i was able to

1004
00:36:00,470 --> 00:35:58,400
to collect that have been existing kind

1005
00:36:02,069 --> 00:36:00,480
of stove pipe style alongside one

1006
00:36:02,950 --> 00:36:02,079
another nobody's ever brought them all

1007
00:36:04,630 --> 00:36:02,960
together

1008
00:36:06,069 --> 00:36:04,640
and when you bring all these databases

1009
00:36:08,390 --> 00:36:06,079
together what really jump

1010
00:36:09,270 --> 00:36:08,400
out are some of the uh veterinary

1011
00:36:11,030 --> 00:36:09,280
pathology

1012
00:36:13,030 --> 00:36:11,040
examinations that were very well

1013
00:36:16,550 --> 00:36:13,040

documented uh by

1014

00:36:17,990 --> 00:36:16,560

iowa university uh dr waterhouse for

1015

00:36:20,230 --> 00:36:18,000

instance uh

1016

00:36:21,109 --> 00:36:20,240

attempted to duplicate some of the uh

1017

00:36:23,990 --> 00:36:21,119

surgery

1018

00:36:25,430 --> 00:36:24,000

style wounds that were found uh and and

1019

00:36:27,109 --> 00:36:25,440

found it very very difficult he's a

1020

00:36:28,310 --> 00:36:27,119

world-class veterinary pathologist and

1021

00:36:29,829 --> 00:36:28,320

surgeon

1022

00:36:32,390 --> 00:36:29,839

he was very impressed with some of the

1023

00:36:36,550 --> 00:36:32,400

work we've had

1024

00:36:38,710 --> 00:36:36,560

a number of workups on

1025

00:36:40,310 --> 00:36:38,720

you know potential constituent elements

1026

00:36:42,470 --> 00:36:40,320

within the animal uh

1027

00:36:44,870 --> 00:36:42,480

we found ketamine uh in other

1028

00:36:46,790 --> 00:36:44,880

tranquilizers barbiturates in one case

1029

00:36:49,589 --> 00:36:46,800

in arkansas i think they even found

1030

00:36:50,710 --> 00:36:49,599

mescaline in one case another case had

1031

00:36:52,390 --> 00:36:50,720

pcp in it

1032

00:36:54,550 --> 00:36:52,400

uh would this have anything to do with

1033

00:36:55,910 --> 00:36:54,560

groundwater or anything like that

1034

00:36:57,589 --> 00:36:55,920

you know i know that a lot of people

1035

00:36:59,430 --> 00:36:57,599

apparently uh substances that were

1036

00:37:01,829 --> 00:36:59,440

introduced uh

1037

00:37:02,950 --> 00:37:01,839

introduced into the animal that is

1038

00:37:05,349 --> 00:37:02,960

really bizarre

1039

00:37:07,430 --> 00:37:05,359

uh a question up on the board here when

1040

00:37:07,990 --> 00:37:07,440

you interviewed the ranchers what did

1041

00:37:11,510 --> 00:37:08,000

they think

1042

00:37:13,990 --> 00:37:11,520

caused these mutilations well

1043

00:37:15,109 --> 00:37:14,000

you know it's interesting um just the

1044

00:37:17,109 --> 00:37:15,119

whole

1045

00:37:19,430 --> 00:37:17,119

examination of how the ranching

1046

00:37:22,230 --> 00:37:19,440

community responds to these cases

1047

00:37:24,310 --> 00:37:22,240

is it should be a whole book in itself

1048

00:37:26,150 --> 00:37:24,320

most of the time the higher strange the

1049

00:37:27,670 --> 00:37:26,160

weirder the case the less likely the

1050

00:37:30,630 --> 00:37:27,680

rancher is to report it

1051
00:37:31,750 --> 00:37:30,640
to law enforcement or to neighbors or to

1052
00:37:34,710 --> 00:37:31,760
the media

1053
00:37:35,190 --> 00:37:34,720
it's only the cases that really come

1054
00:37:38,710 --> 00:37:35,200
across

1055
00:37:41,030 --> 00:37:38,720
as as provoking them uh to a place of

1056
00:37:43,990 --> 00:37:41,040
indignation where they they would report

1057
00:37:45,510 --> 00:37:44,000
a case is when they see helicopters or

1058
00:37:47,589 --> 00:37:45,520
when they see uh strange

1059
00:37:48,950 --> 00:37:47,599
lights that that appear conventional but

1060
00:37:50,069 --> 00:37:48,960
they can't explain

1061
00:37:52,390 --> 00:37:50,079
it's when they think they're being

1062
00:37:54,310 --> 00:37:52,400
victimized by other humans that ranchers

1063
00:37:57,510 --> 00:37:54,320

tend to report these cases

1064

00:37:58,870 --> 00:37:57,520

when if it's some sort of heebie-jeebie

1065

00:38:01,270 --> 00:37:58,880

thing or some

1066

00:38:02,870 --> 00:38:01,280

pedo-natural predator that's taken their

1067

00:38:05,990 --> 00:38:02,880

cow and left behind

1068

00:38:07,510 --> 00:38:06,000

incredible evidence at the scene

1069

00:38:10,150 --> 00:38:07,520

those are the cases that they're more

1070

00:38:12,710 --> 00:38:10,160

more likely to just drag off and bury or

1071

00:38:13,510 --> 00:38:12,720

throw in a bone pile and forget about so

1072

00:38:15,750 --> 00:38:13,520

ranchers

1073

00:38:16,710 --> 00:38:15,760

you know they they know what they're

1074

00:38:19,190 --> 00:38:16,720

looking at i mean

1075

00:38:21,109 --> 00:38:19,200

they're professionals in in that that

1076

00:38:22,630 --> 00:38:21,119

their livelihood depends on how well

1077

00:38:24,150 --> 00:38:22,640

they're able to ascertain the health and

1078

00:38:26,630 --> 00:38:24,160

well-being of their animals

1079

00:38:27,670 --> 00:38:26,640

and figure out what's wrong when an

1080

00:38:30,710 --> 00:38:27,680

animal dies

1081

00:38:33,109 --> 00:38:30,720

and right they've all seen you know two

1082

00:38:36,470 --> 00:38:33,119

percent of their herd dies every year

1083

00:38:38,630 --> 00:38:36,480

i mean that's just a statistical fact

1084

00:38:39,829 --> 00:38:38,640

and they've seen hundreds of dead

1085

00:38:43,030 --> 00:38:39,839

animals over their

1086

00:38:44,470 --> 00:38:43,040

their careers as as ranchers and in

1087

00:38:46,470 --> 00:38:44,480

in some cases third fourth fifth

1088

00:38:47,750 --> 00:38:46,480

generation ranchers so they know what

1089

00:38:49,829 --> 00:38:47,760

they're looking at and

1090

00:38:50,870 --> 00:38:49,839

and for for the debunkers to say oh they

1091

00:38:54,069 --> 00:38:50,880

don't know

1092

00:38:54,870 --> 00:38:54,079

a hole in the ground when it comes to

1093

00:38:58,310 --> 00:38:54,880

looking at uh

1094

00:39:02,069 --> 00:38:58,320

dead cow it's like uh sorry they do

1095

00:39:04,950 --> 00:39:02,079

and i think most ranchers uh

1096

00:39:05,270 --> 00:39:04,960

suspect a more homespun down to earth

1097

00:39:08,470 --> 00:39:05,280

less

1098

00:39:08,950 --> 00:39:08,480

mundane uh perpetrator all uh some sort

1099

00:39:11,430 --> 00:39:08,960

of uh

1100

00:39:12,230 --> 00:39:11,440

environmental monitoring by humans let's

1101

00:39:16,870 --> 00:39:12,240

say

1102

00:39:20,630 --> 00:39:16,880

uh possible in in a few rare cases

1103

00:39:22,390 --> 00:39:20,640

intimidation by by other ranchers uh

1104

00:39:24,390 --> 00:39:22,400

occasionally when it's really high

1105

00:39:24,950 --> 00:39:24,400

strange and they get tv cameras in their

1106

00:39:28,310 --> 00:39:24,960

face or

1107

00:39:29,990 --> 00:39:28,320

reported there and if they might uh

1108

00:39:32,630 --> 00:39:30,000

be looking for a little publicity they

1109

00:39:33,829 --> 00:39:32,640

might use uh aliens or ets as a

1110

00:39:35,829 --> 00:39:33,839

possibility

1111

00:39:37,190 --> 00:39:35,839

uh of course linda howe and other

1112

00:39:39,829 --> 00:39:37,200

investigators

1113

00:39:41,670 --> 00:39:39,839

um have really done a great job of

1114

00:39:42,710 --> 00:39:41,680

promoting the cases where the ranchers

1115

00:39:44,710 --> 00:39:42,720

say this

1116

00:39:46,470 --> 00:39:44,720

but for every rancher that thinks it's

1117

00:39:46,950 --> 00:39:46,480

aliens doing this i'll bet you there's

1118

00:39:49,190 --> 00:39:46,960

10

1119

00:39:51,589 --> 00:39:49,200

20 30 ranchers that think it's something

1120

00:39:53,510 --> 00:39:51,599

way more down home and homespun

1121

00:39:55,750 --> 00:39:53,520

you know i never thought about the fact

1122

00:39:58,870 --> 00:39:55,760

that like ufo sightings

1123

00:40:00,870 --> 00:39:58,880

maybe a lot of people do not report them

1124

00:40:02,230 --> 00:40:00,880

something i never thought of but let's

1125

00:40:04,870 --> 00:40:02,240

uh let's do

1126

00:40:06,069 --> 00:40:04,880

uh the numbers here do you know

1127

00:40:07,990 --> 00:40:06,079

approximately how many

1128

00:40:10,390 --> 00:40:08,000

reported cases there are and let's just

1129

00:40:11,910 --> 00:40:10,400

say the u.s

1130

00:40:14,309 --> 00:40:11,920

well it's a very difficult number to

1131

00:40:14,630 --> 00:40:14,319

determine accurately garbage in garbage

1132

00:40:17,670 --> 00:40:14,640

out

1133

00:40:19,510 --> 00:40:17,680

but based on my analysis and the

1134

00:40:22,390 --> 00:40:19,520

analysis of david perkins

1135

00:40:24,309 --> 00:40:22,400

we figure at least 10 000 official

1136

00:40:26,390 --> 00:40:24,319

reports have been filed uh

1137

00:40:28,390 --> 00:40:26,400

claiming that a head of livestock or

1138

00:40:29,190 --> 00:40:28,400

more has been uh found in mutilated

1139

00:40:31,589 --> 00:40:29,200

condition

1140

00:40:33,510 --> 00:40:31,599

wow wow that's that's something else

1141

00:40:34,390 --> 00:40:33,520

another question up on the board do

1142

00:40:36,150 --> 00:40:34,400

catamulu

1143

00:40:38,309 --> 00:40:36,160

that's just the u.s now we're not even

1144

00:40:39,190 --> 00:40:38,319

talking about australia england uh south

1145

00:40:41,109 --> 00:40:39,200

america

1146

00:40:42,790 --> 00:40:41,119

yeah well this question is going to tie

1147

00:40:44,470 --> 00:40:42,800

into the that is

1148

00:40:46,069 --> 00:40:44,480

do cattle mutilations take place

1149

00:40:47,910 --> 00:40:46,079

primarily in the u.s

1150

00:40:50,390 --> 00:40:47,920

or do they take place in other countries

1151
00:40:53,430 --> 00:40:50,400
as well that was up in the chat room

1152
00:40:55,829 --> 00:40:53,440
yeah well uh cattle mutilations are are

1153
00:40:57,190 --> 00:40:55,839
fairly consistent a north and south

1154
00:40:59,990 --> 00:40:57,200
american in

1155
00:41:01,430 --> 00:41:00,000
some cases in australia but in terms of

1156
00:41:04,950 --> 00:41:01,440
livestock uh

1157
00:41:06,950 --> 00:41:04,960
swine sheep especially horses

1158
00:41:09,430 --> 00:41:06,960
those kinds of cases have been reported

1159
00:41:11,910 --> 00:41:09,440
all over in christian countries

1160
00:41:13,510 --> 00:41:11,920
the earliest known documented case that

1161
00:41:17,349 --> 00:41:13,520
i've been able to uncover

1162
00:41:20,790 --> 00:41:17,359
was in 1606 in england around london

1163
00:41:23,510 --> 00:41:20,800

and in the official uh journal of

1164

00:41:25,030 --> 00:41:23,520

james the first in the court of james

1165

00:41:28,309 --> 00:41:25,040

there is mention of a

1166

00:41:31,270 --> 00:41:28,319

series of hundreds of sheep mutilations

1167

00:41:31,589 --> 00:41:31,280

in and around london in the uh the fall

1168

00:41:36,309 --> 00:41:31,599

of

1169

00:41:38,790 --> 00:41:36,319

1606.

1170

00:41:39,430 --> 00:41:38,800

so this is not something that you can

1171

00:41:41,990 --> 00:41:39,440

just pin

1172

00:41:42,870 --> 00:41:42,000

on on the us government or some

1173

00:41:45,990 --> 00:41:42,880

nefarious

1174

00:41:48,309 --> 00:41:46,000

conspiratorial explanation uh

1175

00:41:50,710 --> 00:41:48,319

obviously these these uh types of forces

1176

00:41:52,230 --> 00:41:50,720

weren't in operation back in 1605 and

1177

00:41:53,670 --> 00:41:52,240

1606 so

1178

00:41:56,870 --> 00:41:53,680

you know we have cases from the early

1179

00:41:59,510 --> 00:41:56,880

1800s cases from the late 1800s the

1180

00:42:00,630 --> 00:41:59,520

turn of the century uh there was a whole

1181

00:42:04,470 --> 00:42:00,640

spate of

1182

00:42:08,069 --> 00:42:04,480

sheep mutilations in australia around

1183

00:42:12,230 --> 00:42:08,079

1904 1905 and again in 1920

1184

00:42:14,550 --> 00:42:12,240

since 2002 we've had over 3 000

1185

00:42:16,069 --> 00:42:14,560

approximate cases in south america in

1186

00:42:18,790 --> 00:42:16,079

brazil argentina

1187

00:42:20,870 --> 00:42:18,800

and a few elsewhere down there so we've

1188

00:42:23,349 --> 00:42:20,880

had cases in you know puerto rico the

1189

00:42:27,349 --> 00:42:23,359

canary islands mexico

1190

00:42:30,870 --> 00:42:27,359

uh you know the list goes on and that's

1191

00:42:32,390 --> 00:42:30,880

just the livestock now we've also had

1192

00:42:34,550 --> 00:42:32,400

you know hundreds and hundreds and

1193

00:42:34,950 --> 00:42:34,560

hundreds of domesticated cats have been

1194

00:42:38,550 --> 00:42:34,960

found

1195

00:42:39,670 --> 00:42:38,560

in half cut in half like with a giant

1196

00:42:42,230 --> 00:42:39,680

pair of scissors

1197

00:42:44,309 --> 00:42:42,240

have been reported in most of the urban

1198

00:42:46,710 --> 00:42:44,319

centers in the western united states

1199

00:42:48,870 --> 00:42:46,720

we had 50 dolphins with identical wounds

1200

00:42:51,910 --> 00:42:48,880

washed up dead in france we had

1201
00:42:54,150 --> 00:42:51,920
seals in the orkney islands way at the

1202
00:42:55,589 --> 00:42:54,160
beyond the northern parts of scotland

1203
00:42:58,630 --> 00:42:55,599
way up there

1204
00:43:01,349 --> 00:42:58,640
washing ashore with these strange spiral

1205
00:43:02,870 --> 00:43:01,359
removals of of blubber and flesh

1206
00:43:04,230 --> 00:43:02,880
spiraled their heads are gone and the

1207
00:43:05,109 --> 00:43:04,240
spirals would go all the way down the

1208
00:43:08,630 --> 00:43:05,119
body

1209
00:43:10,870 --> 00:43:08,640
uh with no possible explanation for what

1210
00:43:13,430 --> 00:43:10,880
could have done it nothing natural

1211
00:43:15,190 --> 00:43:13,440
not a ship's propeller and when you when

1212
00:43:16,390 --> 00:43:15,200
you start finding more and more of these

1213
00:43:17,510 --> 00:43:16,400

seals washing up

1214

00:43:20,150 --> 00:43:17,520

you're going to wonder what the heck's

1215

00:43:23,190 --> 00:43:20,160

going on so this is not exclusively

1216

00:43:25,030 --> 00:43:23,200

uh cattle cattle i think

1217

00:43:26,470 --> 00:43:25,040

it's safe to say make up at least 90

1218

00:43:29,190 --> 00:43:26,480

percent of these uh

1219

00:43:30,710 --> 00:43:29,200

cases of this type but almost every

1220

00:43:32,309 --> 00:43:30,720

warm-blooded animal you could name

1221

00:43:33,109 --> 00:43:32,319

including people have been found in this

1222

00:43:36,069 --> 00:43:33,119

condition

1223

00:43:37,190 --> 00:43:36,079

deer elk buffalo uh you know the list

1224

00:43:39,990 --> 00:43:37,200

goes on

1225

00:43:42,630 --> 00:43:40,000

wow wow and it just makes it more and

1226

00:43:45,349 --> 00:43:42,640

more mysterious when you add up all that

1227

00:43:45,910 --> 00:43:45,359

um let's see lee wants to know have

1228

00:43:48,550 --> 00:43:45,920

there been

1229

00:43:52,150 --> 00:43:48,560

any discoveries regarding excision

1230

00:43:55,589 --> 00:43:52,160

locations and hormones

1231

00:43:57,190 --> 00:43:55,599

hormones uh no uh that's a little too

1232

00:44:00,550 --> 00:43:57,200

broad of a a question

1233

00:44:04,230 --> 00:44:00,560

um in terms of you know what do you mean

1234

00:44:04,630 --> 00:44:04,240

in terms of hormones um no but we have

1235

00:44:07,430 --> 00:44:04,640

had

1236

00:44:09,349 --> 00:44:07,440

um some pretty interesting cases that

1237

00:44:12,470 --> 00:44:09,359

that seem to target

1238

00:44:13,670 --> 00:44:12,480

the fastest regenerating uh tissues in

1239

00:44:16,230 --> 00:44:13,680

the body

1240

00:44:18,870 --> 00:44:16,240

you know the the organs that we as

1241

00:44:19,430 --> 00:44:18,880

humans get cancer in most uh often for

1242

00:44:22,550 --> 00:44:19,440

instance

1243

00:44:25,589 --> 00:44:22,560

uh tend to be uh targeted

1244

00:44:26,309 --> 00:44:25,599

and out of all the theories that i've

1245

00:44:29,109 --> 00:44:26,319

ever heard

1246

00:44:31,270 --> 00:44:29,119

and there are a bunch the one theory

1247

00:44:33,430 --> 00:44:31,280

that still stands the test of time

1248

00:44:34,710 --> 00:44:33,440

uh in my estimation is the environmental

1249

00:44:36,950 --> 00:44:34,720

monitoring theory

1250

00:44:39,349 --> 00:44:36,960

that was first thought up by david

1251
00:44:41,670 --> 00:44:39,359
perkins back in 78 79

1252
00:44:43,349 --> 00:44:41,680
he noticed that areas of high incidence

1253
00:44:45,990 --> 00:44:43,359
of livestock mutilations

1254
00:44:47,990 --> 00:44:46,000
tended to be downwind and downstream of

1255
00:44:49,990 --> 00:44:48,000
the nevada test site where we mine

1256
00:44:51,829 --> 00:44:50,000
uranium where we enrich it where we

1257
00:44:52,390 --> 00:44:51,839
weaponize it where we use it in power

1258
00:44:54,069 --> 00:44:52,400
plants

1259
00:44:55,990 --> 00:44:54,079
and where we put it in missiles

1260
00:44:59,349 --> 00:44:56,000
underground and missile silos

1261
00:45:02,630 --> 00:44:59,359
if you go downwind and downstream

1262
00:45:05,030 --> 00:45:02,640
on the the drainage uh in river systems

1263
00:45:06,069 --> 00:45:05,040

that's where the highest concentration

1264

00:45:08,230 --> 00:45:06,079

of cases are found

1265

00:45:09,750 --> 00:45:08,240

i don't think that's by accident and i

1266

00:45:11,589 --> 00:45:09,760

also find it very interesting that you

1267

00:45:15,030 --> 00:45:11,599

have clustering of cases

1268

00:45:18,069 --> 00:45:15,040

in the wildlife chronic wasting disease

1269

00:45:20,550 --> 00:45:18,079

breaking out uh and and mutilation

1270

00:45:22,470 --> 00:45:20,560

regions being around where we've uh

1271

00:45:24,069 --> 00:45:22,480

maybe toyed around with bacteriological

1272

00:45:28,870 --> 00:45:24,079

weapons development

1273

00:45:30,630 --> 00:45:28,880

so in terms of hormones uh

1274

00:45:34,470 --> 00:45:30,640

the only thing i know about hormones

1275

00:45:43,030 --> 00:45:38,150

in terms of cattle you know

1276

00:45:47,030 --> 00:45:44,829

i think that was one of the better ones

1277

00:45:48,950 --> 00:45:47,040

uh

1278

00:45:51,030 --> 00:45:48,960

let's see now you threw me in my

1279

00:45:52,950 --> 00:45:51,040

question my question's gone

1280

00:45:55,109 --> 00:45:52,960

now you mentioned earlier that's my job

1281

00:45:58,230 --> 00:45:55,119

bro

1282

00:46:00,710 --> 00:45:58,240

you mentioned earlier uh christian um

1283

00:46:01,430 --> 00:46:00,720

what do you think the tie-in is with

1284

00:46:03,829 --> 00:46:01,440

christian

1285

00:46:05,910 --> 00:46:03,839

and before i go on that someone was

1286

00:46:07,990 --> 00:46:05,920

screaming on well they used caps

1287

00:46:09,030 --> 00:46:08,000

on the message board how many people

1288

00:46:11,589 --> 00:46:09,040

have been mutilated

1289

00:46:12,630 --> 00:46:11,599

and i want to add to that what type of

1290

00:46:15,349 --> 00:46:12,640

mutilating

1291

00:46:17,190 --> 00:46:15,359

is it is it similar well how many people

1292

00:46:18,710 --> 00:46:17,200

have been mutilated well i think humans

1293

00:46:21,109 --> 00:46:18,720

have probably mutilated

1294

00:46:23,109 --> 00:46:21,119

more humans over the millennia in

1295

00:46:24,390 --> 00:46:23,119

various ways whether it's witchcraft

1296

00:46:28,150 --> 00:46:24,400

trials inquisitions

1297

00:46:30,710 --> 00:46:28,160

warfare sadism uh

1298

00:46:31,430 --> 00:46:30,720

every day humans are mutilated uh in

1299

00:46:33,750 --> 00:46:31,440

africa

1300

00:46:36,309 --> 00:46:33,760

in some of the third world countries

1301

00:46:38,470 --> 00:46:36,319

there's horrific cases if you're

1302

00:46:40,309 --> 00:46:38,480

all you have to do is just do a quick

1303

00:46:41,510 --> 00:46:40,319

google search and you'll find mutilation

1304

00:46:44,630 --> 00:46:41,520

cases that will

1305

00:46:47,349 --> 00:46:44,640

that will really bother you they have

1306

00:46:47,829 --> 00:46:47,359

a show called dexter too right yeah

1307

00:46:51,109 --> 00:46:47,839

exactly

1308

00:46:52,710 --> 00:46:51,119

call dexter we also have ritual animal

1309

00:46:54,950 --> 00:46:52,720

sacrifice that happens

1310

00:46:56,069 --> 00:46:54,960

uh you know hundreds of thousands of

1311

00:46:58,870 --> 00:46:56,079

times a day people

1312

00:46:59,349 --> 00:46:58,880

sacrifice animals to various gods every

1313

00:47:01,829 --> 00:46:59,359

day

1314

00:47:03,670 --> 00:47:01,839

on this planet i believe that so in

1315

00:47:07,030 --> 00:47:03,680

terms of the human cases they are

1316

00:47:09,430 --> 00:47:07,040

the most i think difficult to

1317

00:47:10,950 --> 00:47:09,440

investigate obviously law enforcement

1318

00:47:13,030 --> 00:47:10,960

puts a lid on them

1319

00:47:14,309 --> 00:47:13,040

there's a total press and media blackout

1320

00:47:16,790 --> 00:47:14,319

on these cases

1321

00:47:18,870 --> 00:47:16,800

a number of very very good investigators

1322

00:47:20,470 --> 00:47:18,880

including ex-law enforcement have looked

1323

00:47:22,549 --> 00:47:20,480

into this whole scenario

1324

00:47:24,630 --> 00:47:22,559

and have come up against the brick wall

1325

00:47:26,950 --> 00:47:24,640

i think these cases are very rare

1326

00:47:29,190 --> 00:47:26,960

when they do happen they are by far the

1327

00:47:31,190 --> 00:47:29,200

most scary cases for law enforcement to

1328

00:47:33,510 --> 00:47:31,200

deal with and they put the lid down

1329

00:47:35,670 --> 00:47:33,520

big time on them i i can i can totally

1330

00:47:38,309 --> 00:47:35,680

understand that getting back to

1331

00:47:38,870 --> 00:47:38,319

christian countries where these things

1332

00:47:42,230 --> 00:47:38,880

happen

1333

00:47:42,710 --> 00:47:42,240

why do you suppose that is i don't know

1334

00:47:45,670 --> 00:47:42,720

why

1335

00:47:48,150 --> 00:47:45,680

do you suppose that uh the sacred cow of

1336

00:47:50,549 --> 00:47:48,160

india the brahma

1337

00:47:51,990 --> 00:47:50,559

has never been once reported reported as

1338

00:47:55,109 --> 00:47:52,000

being mutilated i have

1339

00:47:56,630 --> 00:47:55,119

not in all the thousands of cases in

1340

00:47:59,990 --> 00:47:56,640

case history and reports

1341

00:48:02,230 --> 00:48:00,000

i'd not have not won brahma mutilation

1342

00:48:03,829 --> 00:48:02,240

wow how about other places you know how

1343

00:48:04,950 --> 00:48:03,839

about other india is the largest

1344

00:48:06,549 --> 00:48:04,960

exporter of beef

1345

00:48:08,150 --> 00:48:06,559

you know most of your listeners probably

1346

00:48:08,630 --> 00:48:08,160

don't know that no there are a lot of

1347

00:48:10,309 --> 00:48:08,640

cows

1348

00:48:12,630 --> 00:48:10,319

in india and buffalo which is what they

1349

00:48:15,510 --> 00:48:12,640

usually slaughter and export as beef

1350

00:48:16,390 --> 00:48:15,520

but brahma cattle are one of the purest

1351
00:48:19,190 --> 00:48:16,400
breads

1352
00:48:20,630 --> 00:48:19,200
breeds rather purest bred breeds of

1353
00:48:23,190 --> 00:48:20,640
cattle on the planet

1354
00:48:24,150 --> 00:48:23,200
and they're still to this day held as

1355
00:48:26,630 --> 00:48:24,160
sacred in in

1356
00:48:27,510 --> 00:48:26,640
india and if you look at all the brahmas

1357
00:48:30,790 --> 00:48:27,520
around the world

1358
00:48:32,549 --> 00:48:30,800
you know they've propagated there's 940

1359
00:48:35,589 --> 00:48:32,559
something breeds of cattle

1360
00:48:36,950 --> 00:48:35,599
that represent 1.37 billion head of

1361
00:48:39,190 --> 00:48:36,960
cattle on the planet

1362
00:48:40,950 --> 00:48:39,200
they're the largest source of uh why

1363
00:48:42,790 --> 00:48:40,960

we're cutting down the rainforest

1364

00:48:43,990 --> 00:48:42,800

they're the biggest cause of deserts the

1365

00:48:47,030 --> 00:48:44,000

largest uh

1366

00:48:48,870 --> 00:48:47,040

contributor to freshwater pollution they

1367

00:48:50,950 --> 00:48:48,880

they're one of the largest contributors

1368

00:48:52,790 --> 00:48:50,960

to ozone depleting gas

1369

00:48:55,030 --> 00:48:52,800

cows burp and fart once every two

1370

00:48:56,069 --> 00:48:55,040

minutes times that by one point three

1371

00:48:58,230 --> 00:48:56,079

seven times

1372

00:48:59,589 --> 00:48:58,240

you know how many minutes in a day we

1373

00:49:01,829 --> 00:48:59,599

can almost hear them now

1374

00:49:02,950 --> 00:49:01,839

hey you know it kind of wants you well

1375

00:49:04,950 --> 00:49:02,960

after i'm listening to you

1376

00:49:06,630 --> 00:49:04,960

uh you know it kind of makes someone

1377

00:49:08,549 --> 00:49:06,640

want to go vegetarian

1378

00:49:10,630 --> 00:49:08,559

really you know someone's saying that on

1379

00:49:11,990 --> 00:49:10,640

the message beef i i don't need it very

1380

00:49:15,349 --> 00:49:12,000

often i love bison

1381

00:49:16,549 --> 00:49:15,359

as my my red meat of choice i am very

1382

00:49:19,829 --> 00:49:16,559

careful about

1383

00:49:23,109 --> 00:49:19,839

uh where i uh obtain meat

1384

00:49:26,549 --> 00:49:23,119

in general i like to get local

1385

00:49:29,750 --> 00:49:26,559

grass-fed you know cage-free

1386

00:49:29,990 --> 00:49:29,760

if you will you pay more you eat less

1387

00:49:32,309 --> 00:49:30,000

but

1388

00:49:33,510 --> 00:49:32,319

you really uh you aren't playing russian

1389

00:49:35,589 --> 00:49:33,520

roulette with your health

1390

00:49:37,349 --> 00:49:35,599

yeah if the average listener out there

1391

00:49:39,829 --> 00:49:37,359

had any idea what it took

1392

00:49:40,549 --> 00:49:39,839

for that animal to be born and then end

1393

00:49:42,870 --> 00:49:40,559

up as

1394

00:49:44,710 --> 00:49:42,880

as a slab of meat or ground meat on a

1395

00:49:46,069 --> 00:49:44,720

piece of styrofoam wrapped in plastic in

1396

00:49:48,710 --> 00:49:46,079

your grocery store

1397

00:49:50,630 --> 00:49:48,720

if you knew what it took to get that

1398

00:49:53,750 --> 00:49:50,640

animal from a to z

1399

00:49:54,470 --> 00:49:53,760

into your grill chances are you would

1400

00:49:56,950 --> 00:49:54,480

think twice

1401
00:49:58,630 --> 00:49:56,960
every time that you put uh you know a

1402
00:50:01,270 --> 00:49:58,640
juicy steak on the barbie

1403
00:50:03,030 --> 00:50:01,280
yep no i've uh i've i've watched there

1404
00:50:05,430 --> 00:50:03,040
was a documentary all about that

1405
00:50:07,670 --> 00:50:05,440
and 80 of the antibiotics used in this

1406
00:50:09,829 --> 00:50:07,680
country go into cattle

1407
00:50:11,589 --> 00:50:09,839
i think 40 or 50 percent of the growth

1408
00:50:14,790 --> 00:50:11,599
hormones go into cattle

1409
00:50:15,349 --> 00:50:14,800
and it all goes into us and on and on it

1410
00:50:17,030 --> 00:50:15,359
goes

1411
00:50:18,870 --> 00:50:17,040
you want to talk hormones there you go

1412
00:50:21,349 --> 00:50:18,880
why are little girls

1413
00:50:22,309 --> 00:50:21,359

getting uh you know to puberty at eight

1414

00:50:24,710 --> 00:50:22,319

nine years old

1415

00:50:27,589 --> 00:50:24,720

yep it's in the milk it's and all right

1416

00:50:29,190 --> 00:50:27,599

that's right um

1417

00:50:31,109 --> 00:50:29,200

let's see we cover all this in the book

1418

00:50:33,030 --> 00:50:31,119

by the way yes you do

1419

00:50:34,309 --> 00:50:33,040

and there was a question i was just

1420

00:50:38,549 --> 00:50:34,319

trying to get to

1421

00:50:42,150 --> 00:50:38,559

on here i'm sorry i missed it

1422

00:50:45,349 --> 00:50:42,160

so um getting back to the

1423

00:50:47,109 --> 00:50:45,359

the ufo because this is a ufo show um

1424

00:50:49,270 --> 00:50:47,119

getting back after i almost forgot about

1425

00:50:53,190 --> 00:50:49,280

that well how many

1426
00:50:56,470 --> 00:50:53,200
uh uh what what type of percentage of

1427
00:50:57,430 --> 00:50:56,480
um cattle mutilations are involved in

1428
00:51:00,390 --> 00:50:57,440
what they would say

1429
00:51:01,829 --> 00:51:00,400
orbs or or people saw sighting you know

1430
00:51:05,270 --> 00:51:01,839
close to or after right

1431
00:51:07,510 --> 00:51:05,280
un undefined lights let's say

1432
00:51:08,710 --> 00:51:07,520
uh or you know some sort of light

1433
00:51:10,870 --> 00:51:08,720
phenomenon or

1434
00:51:12,549 --> 00:51:10,880
let's say pod marks on the ground or

1435
00:51:15,750 --> 00:51:12,559
swirled grass that sort of thing

1436
00:51:19,190 --> 00:51:15,760
very small percentage very small really

1437
00:51:21,349 --> 00:51:19,200
yeah maybe 10 if even that i mean that's

1438
00:51:24,950 --> 00:51:21,359

that's being generous

1439

00:51:27,109 --> 00:51:24,960

yet a lot of people i mean i have

1440

00:51:29,270 --> 00:51:27,119

thought and wondered if it had something

1441

00:51:30,710 --> 00:51:29,280

to do with ufos over the years and i

1442

00:51:32,549 --> 00:51:30,720

think a lot of people do

1443

00:51:34,309 --> 00:51:32,559

so there's kind of a misconception as

1444

00:51:37,270 --> 00:51:34,319

far as that goes well

1445

00:51:38,870 --> 00:51:37,280

i mean the popular theory is that aliens

1446

00:51:41,109 --> 00:51:38,880

are coming down

1447

00:51:44,390 --> 00:51:41,119

they're experimenting on cattle taking

1448

00:51:46,549 --> 00:51:44,400

organs for some sort of hybridization

1449

00:51:47,829 --> 00:51:46,559

uh project they need the genetic

1450

00:51:51,109 --> 00:51:47,839

material

1451
00:51:53,670 --> 00:51:51,119
well if that's the case why

1452
00:51:54,150 --> 00:51:53,680
sneak around in little ranch ranches

1453
00:51:58,230 --> 00:51:54,160
around

1454
00:52:00,230 --> 00:51:58,240
lock on a rendering plant go in and you

1455
00:52:01,829 --> 00:52:00,240
have as much genetic material as you

1456
00:52:03,910 --> 00:52:01,839
could possibly ever need

1457
00:52:06,230 --> 00:52:03,920
it doesn't make sense to me what makes

1458
00:52:08,069 --> 00:52:06,240
sense is not so much the animal that's

1459
00:52:09,430 --> 00:52:08,079
taken it's where the animal exists in

1460
00:52:12,470 --> 00:52:09,440
the environment

1461
00:52:13,270 --> 00:52:12,480
that is the key okay and if that's the

1462
00:52:15,990 --> 00:52:13,280
case then

1463
00:52:16,630 --> 00:52:16,000

all this talk about genetic modification

1464

00:52:18,870 --> 00:52:16,640

and

1465

00:52:21,510 --> 00:52:18,880

gathering genetic material it doesn't

1466

00:52:24,549 --> 00:52:21,520

make any sense

1467

00:52:26,230 --> 00:52:24,559

right right period now um you know

1468

00:52:27,589 --> 00:52:26,240

someone had asked earlier is this a

1469

00:52:29,430 --> 00:52:27,599

black ops

1470

00:52:31,670 --> 00:52:29,440

you know situation that we're just not

1471

00:52:34,630 --> 00:52:31,680

going to know what's going on exactly

1472

00:52:36,710 --> 00:52:34,640

well how about this let's say marty mad

1473

00:52:38,390 --> 00:52:36,720

cow disease was a part of a lab

1474

00:52:39,349 --> 00:52:38,400

experiment to try to come up with a new

1475

00:52:40,870 --> 00:52:39,359

bio weapon

1476
00:52:42,630 --> 00:52:40,880
what would happen if that disease

1477
00:52:44,470 --> 00:52:42,640
escaped into the environment

1478
00:52:45,990 --> 00:52:44,480
it would get into the wildlife first

1479
00:52:49,270 --> 00:52:46,000
more likely during elk

1480
00:52:50,790 --> 00:52:49,280
which it did in 1967

1481
00:52:52,150 --> 00:52:50,800
and then it would slowly start to spread

1482
00:52:53,910 --> 00:52:52,160
now what would you want to do you would

1483
00:52:56,549 --> 00:52:53,920
want to try to monitor

1484
00:52:57,510 --> 00:52:56,559
uh the herds in the wildlife to

1485
00:53:00,950 --> 00:52:57,520
ascertain

1486
00:53:02,309 --> 00:53:00,960
the extent of the spreading potential

1487
00:53:05,109 --> 00:53:02,319
pandemic

1488
00:53:05,589 --> 00:53:05,119

well let's say that it got into cattle

1489

00:53:08,470 --> 00:53:05,599

herds

1490

00:53:09,910 --> 00:53:08,480

it's a species crosser it can cross over

1491

00:53:12,230 --> 00:53:09,920

the species barrier and it went from

1492

00:53:13,829 --> 00:53:12,240

deer and elk into cattle

1493

00:53:15,430 --> 00:53:13,839

wouldn't you want to like make sure that

1494

00:53:17,109 --> 00:53:15,440

you knew how

1495

00:53:18,870 --> 00:53:17,119

it was spreading and because you were

1496

00:53:19,910 --> 00:53:18,880

the one responsible for letting it loose

1497

00:53:20,470 --> 00:53:19,920

in the first place you wouldn't want to

1498

00:53:21,990 --> 00:53:20,480

let

1499

00:53:23,589 --> 00:53:22,000

to tell anybody you wouldn't want

1500

00:53:25,670 --> 00:53:23,599

anybody to know

1501
00:53:26,710 --> 00:53:25,680
so you'd be sneaking around testing the

1502
00:53:28,470 --> 00:53:26,720
environment

1503
00:53:30,390 --> 00:53:28,480
for the potential spread of

1504
00:53:33,910 --> 00:53:30,400
environmental contaminants

1505
00:53:36,150 --> 00:53:33,920
or or health related contaminants so

1506
00:53:37,750 --> 00:53:36,160
is there a black budget black ops thing

1507
00:53:39,829 --> 00:53:37,760
going on

1508
00:53:41,589 --> 00:53:39,839
i would say yeah the chances are that

1509
00:53:45,190 --> 00:53:41,599
that's that's a significant

1510
00:53:47,910 --> 00:53:45,200
part of this scenario not the entire

1511
00:53:49,589 --> 00:53:47,920
part it's been going on since way before

1512
00:53:52,950 --> 00:53:49,599
we started to weaponize uh

1513
00:53:56,470 --> 00:53:52,960

transmissible spongiform and stethopathy

1514

00:53:58,790 --> 00:53:56,480

yeah potentially hypothetically

1515

00:54:01,030 --> 00:53:58,800

well i can't believe how fast the time

1516

00:54:03,990 --> 00:54:01,040

has gone tonight i mean whoa

1517

00:54:06,230 --> 00:54:04,000

it really has it's been flying yeah um

1518

00:54:08,950 --> 00:54:06,240

so can you tell the listener out there

1519

00:54:09,510 --> 00:54:08,960

well where they'd find you online and

1520

00:54:12,309 --> 00:54:09,520

also

1521

00:54:13,270 --> 00:54:12,319

where they'd find your your book well i

1522

00:54:15,829 --> 00:54:13,280

am the host uh

1523

00:54:17,270 --> 00:54:15,839

co-host of the paracast uh one of your

1524

00:54:19,349 --> 00:54:17,280

uh sort of top shelf

1525

00:54:20,549 --> 00:54:19,359

uh radio shows uh covering the

1526

00:54:23,710 --> 00:54:20,559

paranormal

1527

00:54:24,870 --> 00:54:23,720

and uh that's the paracast.com

1528

00:54:27,589 --> 00:54:24,880

p-a-r-a-c-a-s-t

1529

00:54:28,950 --> 00:54:27,599

dot com with a t-h-e in front of it the

1530

00:54:32,710 --> 00:54:28,960

paracast

1531

00:54:34,069 --> 00:54:32,720

my website is ourstrangeplanet.com it is

1532

00:54:37,510 --> 00:54:34,079

1533

00:54:39,910 --> 00:54:37,520

our strange planet.com and i also have a

1534

00:54:42,230 --> 00:54:39,920

website set up under construction for

1535

00:54:45,109 --> 00:54:42,240

00:54:46,549 --> 00:54:45,119

and uh you know people you got to get

1537

00:54:49,589 --> 00:54:46,559

yourselves up to speed

1538

00:54:51,109 --> 00:54:49,599

you can't watch tv listen to shows like

1539

00:54:52,549 --> 00:54:51,119

this and get all your information you

1540

00:54:55,109 --> 00:54:52,559

have to do the research

1541

00:54:56,390 --> 00:54:55,119

you have to be motivated enough to

1542

00:54:58,870 --> 00:54:56,400

actually do the work and

1543

00:54:59,829 --> 00:54:58,880

come to an informed decision and opinion

1544

00:55:01,589 --> 00:54:59,839

of your own

1545

00:55:03,270 --> 00:55:01,599
