

1  
00:00:03,350 --> 00:00:02,629  
and it hits me oh my gosh this is that

2  
00:00:04,470 --> 00:00:03,360  
triangle

3  
00:00:05,829 --> 00:00:04,480  
you know there's explanation for

4  
00:00:06,550 --> 00:00:05,839  
everything that occurred in the rental

5  
00:00:08,710 --> 00:00:06,560  
champions

6  
00:00:11,030 --> 00:00:08,720  
incident that doesn't involve aliens at

7  
00:00:14,390 --> 00:00:11,040  
all it was completely silent

8  
00:00:16,710 --> 00:00:14,400  
it comes right over our heads he saw a

9  
00:00:18,550 --> 00:00:16,720  
classic flying saucer really standing in

10  
00:00:20,070 --> 00:00:18,560  
the clearing he turned over to my father

11  
00:00:25,429 --> 00:00:20,080  
and held his hand and he looked in his

12  
00:00:31,109 --> 00:00:28,870  
welcome to podcast ufo for our live show

13  
00:00:33,430 --> 00:00:31,119

we're live every wednesday at 8pm

14

00:00:34,630 --> 00:00:33,440

eastern standard time on the dark matter

15

00:00:37,549 --> 00:00:34,640

radio network

16

00:00:38,950 --> 00:00:37,559

please remember to visit the website

17

00:00:42,069 --> 00:00:38,960

podcastufo.com

18

00:00:44,150 --> 00:00:42,079

for past episodes blogs and forums

19

00:00:45,830 --> 00:00:44,160

during the show feel free to participate

20

00:00:48,069 --> 00:00:45,840

live in our chat room

21

00:00:49,750 --> 00:00:48,079

and don't forget to like us on our very

22

00:00:52,150 --> 00:00:49,760

active facebook page

23

00:00:53,510 --> 00:00:52,160

hello and welcome to the show i'm martin

24

00:00:56,150 --> 00:00:53,520

willis your host

25

00:00:58,150 --> 00:00:56,160

we have a fair show for you this evening

26  
00:00:58,869 --> 00:00:58,160  
how do you like that a fair show in a

27  
00:01:01,270 --> 00:00:58,879  
few moments

28  
00:01:03,110 --> 00:01:01,280  
we have an astronomy an astronomy that's

29  
00:01:04,070 --> 00:01:03,120  
hard word to say sometimes astronomy

30  
00:01:06,870 --> 00:01:04,080  
clip

31  
00:01:08,710 --> 00:01:06,880  
from andy fleming exoplanets and

32  
00:01:10,789 --> 00:01:08,720  
multiple star systems

33  
00:01:11,750 --> 00:01:10,799  
our guest for the show this evening is

34  
00:01:14,550 --> 00:01:11,760  
dr rita

35  
00:01:15,990 --> 00:01:14,560  
louise she is entertaining and she has

36  
00:01:18,789 --> 00:01:16,000  
some great ideas

37  
00:01:21,030 --> 00:01:18,799  
should be a great show for those of you

38  
00:01:22,789 --> 00:01:21,040

who have been emailing me i apologize

39

00:01:24,950 --> 00:01:22,799

have been pretty busy lately

40

00:01:26,310 --> 00:01:24,960

and for the regular listeners you know

41

00:01:29,350 --> 00:01:26,320

that i like short

42

00:01:31,030 --> 00:01:29,360

and sweet emails because my eyes

43

00:01:34,069 --> 00:01:31,040

seem to glaze over after about two

44

00:01:36,390 --> 00:01:34,079

paragraphs it's something to do with add

45

00:01:38,149 --> 00:01:36,400

some people say i think i have

46

00:01:40,950 --> 00:01:38,159

separation anxiety with my

47

00:01:41,670 --> 00:01:40,960

attention deficit disorder i'm not sure

48

00:01:44,550 --> 00:01:41,680

anyway

49

00:01:44,950 --> 00:01:44,560

i got some emails about last week's

50

00:01:48,310 --> 00:01:44,960

guest

51

00:01:51,350 --> 00:01:48,320

regression hypnosis session

52

00:01:51,910 --> 00:01:51,360

and his claiming to have had past lives

53

00:01:53,350 --> 00:01:51,920

i had a

54

00:01:55,830 --> 00:01:53,360

you know a number of people email me

55

00:01:58,709 --> 00:01:55,840

about that well i i decided that

56

00:02:00,230 --> 00:01:58,719

if we do live multiple lives um i'm

57

00:02:03,990 --> 00:02:00,240

pretty much done

58

00:02:07,270 --> 00:02:04,000

i'm too tired to do this again

59

00:02:08,550 --> 00:02:07,280

well enough goofing around a couple of

60

00:02:11,350 --> 00:02:08,560

stories

61

00:02:13,430 --> 00:02:11,360

spacex is currently docked with the

62

00:02:15,910 --> 00:02:13,440

international space station

63

00:02:17,430 --> 00:02:15,920

and i am loving it i think the world of

64

00:02:20,869 --> 00:02:17,440

elon musk

65

00:02:22,550 --> 00:02:20,879

and um i really like you know the

66

00:02:24,949 --> 00:02:22,560

things that he tries and he just keeps

67

00:02:27,030 --> 00:02:24,959

going he almost had to close the doors

68

00:02:29,510 --> 00:02:27,040

at tesla motor cars but

69

00:02:30,630 --> 00:02:29,520

kept going and now it's a great success

70

00:02:33,670 --> 00:02:30,640

and

71

00:02:36,150 --> 00:02:33,680

he's a real pioneer in privatizing space

72

00:02:37,910 --> 00:02:36,160

and check out this great awesome

73

00:02:40,550 --> 00:02:37,920

interactive website it's in our show

74

00:02:43,750 --> 00:02:40,560

notes at [podcastufo.com](http://podcastufo.com)

75

00:02:45,670 --> 00:02:43,760

and the spacex dragon websites there and

76

00:02:49,030 --> 00:02:45,680

it's interactive you got to check it out

77

00:02:50,229 --> 00:02:49,040

our regular our regulars also know that

78

00:02:53,350 --> 00:02:50,239

i steal the news from

79

00:02:54,150 --> 00:02:53,360

our facebook page and peggy shunning she

80

00:02:56,790 --> 00:02:54,160

admins it

81

00:02:59,270 --> 00:02:56,800

she's always digging up great stuff um

82

00:03:01,990 --> 00:02:59,280

the next story i want to talk about

83

00:03:02,550 --> 00:03:02,000

is canadian witnesses see a ufo at 400

84

00:03:05,910 --> 00:03:02,560

feet

85

00:03:07,750 --> 00:03:05,920

this great picture again on our website

86

00:03:09,589 --> 00:03:07,760

and you know you always see these

87

00:03:10,390 --> 00:03:09,599

pictures of ufos and they're blurry and

88

00:03:13,589 --> 00:03:10,400

this one's like

89

00:03:16,309 --> 00:03:13,599

really really clear and uh but

90

00:03:17,430 --> 00:03:16,319

one of our past guests uh jumped on our

91

00:03:19,430 --> 00:03:17,440

facebook page

92

00:03:20,710 --> 00:03:19,440

and he chimed in saying basically that

93

00:03:23,589 --> 00:03:20,720

he thinks it's a drone

94

00:03:24,710 --> 00:03:23,599

and you know even though mufon is uh

95

00:03:27,750 --> 00:03:24,720

investigating it as

96

00:03:30,229 --> 00:03:27,760

ufo and all that i tend to think he's

97

00:03:31,190 --> 00:03:30,239

probably right check out the picture and

98

00:03:34,309 --> 00:03:31,200

make up your

99

00:03:35,110 --> 00:03:34,319

own mind and we also have a link to the

100

00:03:39,270 --> 00:03:35,120

story

101  
00:03:40,710 --> 00:03:39,280  
huffington post and now it's time for

102  
00:03:44,830 --> 00:03:40,720  
andy fleming's

103  
00:03:46,070 --> 00:03:44,840  
turn on exoplanets and multiple star

104  
00:03:49,589 --> 00:03:46,080  
systems

105  
00:03:52,149 --> 00:03:49,599  
and hi martin and listeners now then

106  
00:03:52,869 --> 00:03:52,159  
science fiction has long depicted the

107  
00:03:55,990 --> 00:03:52,879  
idea of

108  
00:03:58,789 --> 00:03:56,000  
alien life on planets in multiple

109  
00:04:00,789 --> 00:03:58,799  
star systems just cast your mind back to

110  
00:04:03,350 --> 00:04:00,799  
star wars and tattooing

111  
00:04:05,990 --> 00:04:03,360  
and yet until recently mainstream

112  
00:04:09,030 --> 00:04:06,000  
science speculated that planets in

113  
00:04:10,789 --> 00:04:09,040

such systems were nearly impossible

114

00:04:12,309 --> 00:04:10,799

if they formed at all they would be

115

00:04:15,350 --> 00:04:12,319

ejected due to

116

00:04:18,870 --> 00:04:15,360

complex gravitational interactions

117

00:04:21,430 --> 00:04:18,880

now our sun of course is a single star

118

00:04:21,909 --> 00:04:21,440

but astronomers have known for decades

119

00:04:24,710 --> 00:04:21,919

that

120

00:04:26,070 --> 00:04:24,720

most stars in our galaxy are in multiple

121

00:04:29,350 --> 00:04:26,080

star systems

122

00:04:30,550 --> 00:04:29,360

perhaps containing one two or even more

123

00:04:33,189 --> 00:04:30,560

stars

124

00:04:35,270 --> 00:04:33,199

amazingly it turns out through

125

00:04:37,510 --> 00:04:35,280

astronomical observations

126

00:04:38,870 --> 00:04:37,520

the planets are present in these complex

127

00:04:41,590 --> 00:04:38,880

systems too

128

00:04:42,870 --> 00:04:41,600

for starters there are circum-binary

129

00:04:46,230 --> 00:04:42,880

planetary systems

130

00:04:48,870 --> 00:04:46,240

of which 17 have so far been discovered

131

00:04:49,430 --> 00:04:48,880

now the stars here are in close orbit

132

00:04:52,629 --> 00:04:49,440

with the

133

00:04:53,909 --> 00:04:52,639

planets actually orbiting outside and i

134

00:04:55,510 --> 00:04:53,919

suppose in a way these are the

135

00:04:58,710 --> 00:04:55,520

gravitational equivalents

136

00:05:00,310 --> 00:04:58,720

of a single star more difficult for

137

00:05:03,590 --> 00:05:00,320

planetary formation

138

00:05:04,150 --> 00:05:03,600

are wide binary systems where planets

139

00:05:07,430 --> 00:05:04,160

orbit

140

00:05:08,310 --> 00:05:07,440

one main star the other star maintaining

141

00:05:11,350 --> 00:05:08,320

an orbit

142

00:05:14,629 --> 00:05:11,360

much further out now the gravitational

143

00:05:15,510 --> 00:05:14,639

interactions here are chaotic and in

144

00:05:18,070 --> 00:05:15,520

simulations

145

00:05:18,710 --> 00:05:18,080

planets which aren't tightly orbiting a

146

00:05:21,990 --> 00:05:18,720

star

147

00:05:24,310 --> 00:05:22,000

are ejected from the system such a

148

00:05:28,230 --> 00:05:24,320

scenario will well be present in the

149

00:05:32,629 --> 00:05:28,240

constellation of cygnus with star hd

150

00:05:33,029 --> 00:05:32,639

108 753 a pair of stars are in a wide

151  
00:05:36,070 --> 00:05:33,039  
but

152  
00:05:39,430 --> 00:05:36,080  
tightly bound binary arrangement here

153  
00:05:42,550 --> 00:05:39,440  
with a sun mass star a planet closely

154  
00:05:43,350 --> 00:05:42,560  
orbits the primary star but all other

155  
00:05:46,230 --> 00:05:43,360  
planets

156  
00:05:48,590 --> 00:05:46,240  
were most likely ejected from the system

157  
00:05:51,749 --> 00:05:48,600  
a further major discovery occurred in

158  
00:05:53,189 --> 00:05:51,759  
2012 when a planet was found around

159  
00:05:56,390 --> 00:05:53,199  
alpha centauri

160  
00:05:58,390 --> 00:05:56,400  
b part of the triple star system next

161  
00:06:02,150 --> 00:05:58,400  
door to our solar system

162  
00:06:03,830 --> 00:06:02,160  
next ph1 was the first quadruple star

163  
00:06:07,749 --> 00:06:03,840

system to be discovered

164

00:06:10,150 --> 00:06:07,759

to have a planet finally kepler-47

165

00:06:12,070 --> 00:06:10,160

turns out to be a multi-star

166

00:06:15,270 --> 00:06:12,080

multi-planet system

167

00:06:16,230 --> 00:06:15,280

two stars orbit one another every seven

168

00:06:20,469 --> 00:06:16,240

days

169

00:06:23,590 --> 00:06:20,479

here the gas giant kepler-47c

170

00:06:26,390 --> 00:06:23,600

orbits the stars every 300 days

171

00:06:27,110 --> 00:06:26,400

and is even located within the habitable

172

00:06:31,029 --> 00:06:27,120

zone

173

00:06:31,670 --> 00:06:31,039

but how about this in 2011 the kepler-16

174

00:06:34,070 --> 00:06:31,680

system

175

00:06:35,670 --> 00:06:34,080

was found to have a saturn mass

176  
00:06:38,309 --> 00:06:35,680  
circum-binary planet

177  
00:06:38,790 --> 00:06:38,319  
in the habitable zone that astronomers

178  
00:06:41,909 --> 00:06:38,800  
call

179  
00:06:44,710 --> 00:06:41,919  
a real tattooin and why not now

180  
00:06:45,590 --> 00:06:44,720  
such discoveries raise the exciting

181  
00:06:48,550 --> 00:06:45,600  
prospect

182  
00:06:50,550 --> 00:06:48,560  
that additional planets may exist in the

183  
00:06:53,350 --> 00:06:50,560  
alpha centauri system

184  
00:06:54,950 --> 00:06:53,360  
they could orbit alpha centauri a or

185  
00:06:57,749 --> 00:06:54,960  
alpha centauri b

186  
00:06:58,469 --> 00:06:57,759  
individually or be on large orbits

187  
00:07:01,510 --> 00:06:58,479  
around the

188  
00:07:03,749 --> 00:07:01,520

binary alpha centauri a b

189

00:07:05,670 --> 00:07:03,759

since both the principal stars are

190

00:07:07,909 --> 00:07:05,680

fairly similar to our sun

191

00:07:09,350 --> 00:07:07,919

astronomers have been using various

192

00:07:12,070 --> 00:07:09,360

radial velocity

193

00:07:12,790 --> 00:07:12,080

or star transit methods to look for

194

00:07:16,070 --> 00:07:12,800

planets

195

00:07:19,110 --> 00:07:16,080

in a star system just 4.3

196

00:07:20,550 --> 00:07:19,120

light years away wow i can't imagine

197

00:07:21,749 --> 00:07:20,560

that you know i'm confused enough with

198

00:07:23,510 --> 00:07:21,759

just one sun

199

00:07:25,110 --> 00:07:23,520

you wouldn't be using a sundial i guess

200

00:07:28,029 --> 00:07:25,120

on that well

201  
00:07:30,070 --> 00:07:28,039  
don't forget to jump in the chat room on

202  
00:07:33,589 --> 00:07:30,080  
podcastufo.com it's a

203  
00:07:35,749 --> 00:07:33,599  
one two click sign in and you can ask

204  
00:07:38,469 --> 00:07:35,759  
our guests tonight some questions

205  
00:07:40,230 --> 00:07:38,479  
and now for our guest best-selling

206  
00:07:41,909 --> 00:07:40,240  
author dr rita louise

207  
00:07:45,029 --> 00:07:41,919  
she's the founder of the institute of

208  
00:07:47,670 --> 00:07:45,039  
applied energetics did i say that right

209  
00:07:48,150 --> 00:07:47,680  
maybe i did and she's also the host of

210  
00:07:52,629 --> 00:07:48,160  
just

211  
00:07:56,070 --> 00:07:52,639  
are you

212  
00:07:59,270 --> 00:07:56,080  
so much for

213  
00:08:01,430 --> 00:07:59,280

joining us and you um

214

00:08:03,510 --> 00:08:01,440

have you're a best-selling author and

215

00:08:07,029 --> 00:08:03,520

you have done some work on some

216

00:08:07,510 --> 00:08:07,039

ancient ideas and i remember when we had

217

00:08:10,710 --> 00:08:07,520

talked

218

00:08:14,309 --> 00:08:10,720

briefly before i guess

219

00:08:17,430 --> 00:08:14,319

a book was based that you wrote on

220

00:08:19,670 --> 00:08:17,440

how it could be possible that certain

221

00:08:21,749 --> 00:08:19,680

ideas came up in different areas that

222

00:08:24,869 --> 00:08:21,759

are totally totally isolated

223

00:08:27,110 --> 00:08:24,879

do i have that basically right

224

00:08:29,350 --> 00:08:27,120

correct i mean in my book man made the

225

00:08:32,469 --> 00:08:29,360

chronicles of our extraterrestrial gods

226

00:08:36,389 --> 00:08:32,479

what it does is it looks at

227

00:08:40,709 --> 00:08:36,399

uh mythology and one of the things

228

00:08:42,790 --> 00:08:40,719

that we did in writing the book was

229

00:08:45,190 --> 00:08:42,800

made sure i mean we were looking for a

230

00:08:48,630 --> 00:08:45,200

global narrative we weren't looking for

231

00:08:50,470 --> 00:08:48,640

a egyptian story or a sumerian story or

232

00:08:52,230 --> 00:08:50,480

a mayan story we were looking for

233

00:08:54,470 --> 00:08:52,240

stories that

234

00:08:57,269 --> 00:08:54,480

were found around the globe where we

235

00:09:00,630 --> 00:08:57,279

would find the same story narrative

236

00:09:03,190 --> 00:09:00,640

and then use that as

237

00:09:04,949 --> 00:09:03,200

material for this book because when we

238

00:09:08,389 --> 00:09:04,959

started comparing and looking

239

00:09:09,030 --> 00:09:08,399

at this myth mythic legend you know our

240

00:09:12,230 --> 00:09:09,040

history

241

00:09:13,350 --> 00:09:12,240

our creation um what we found was that

242

00:09:15,990 --> 00:09:13,360

there really was

243

00:09:18,870 --> 00:09:16,000

one story being told and it was the same

244

00:09:20,870 --> 00:09:18,880

story virtually around the world

245

00:09:22,949 --> 00:09:20,880

i've i've actually thought of that

246

00:09:24,870 --> 00:09:22,959

subject a number of times

247

00:09:26,710 --> 00:09:24,880

you know briefly i didn't dwell on it

248

00:09:29,430 --> 00:09:26,720

enough to write anything about it

249

00:09:29,829 --> 00:09:29,440

or whatever but i've always wondered how

250

00:09:33,269 --> 00:09:29,839

like

251  
00:09:35,110 --> 00:09:33,279  
an idea comes to mind in one area i mean

252  
00:09:35,990 --> 00:09:35,120  
something even simple like the yes and

253  
00:09:37,430 --> 00:09:36,000  
no is typically

254  
00:09:39,910 --> 00:09:37,440  
the same you know the shaking of the

255  
00:09:40,790 --> 00:09:39,920  
head uh you know worldwide in every

256  
00:09:44,470 --> 00:09:40,800  
culture

257  
00:09:47,829 --> 00:09:44,480  
um you know and it's funny how um also

258  
00:09:48,870 --> 00:09:47,839  
there is god worship um in all these

259  
00:09:51,829 --> 00:09:48,880  
cultures found

260  
00:09:53,990 --> 00:09:51,839  
whether it's you know public you know uh

261  
00:09:57,110 --> 00:09:54,000  
many gods or one god

262  
00:09:57,990 --> 00:09:57,120  
um you know it is kind of really strange

263  
00:10:00,870 --> 00:09:58,000

how

264

00:10:01,190 --> 00:10:00,880

these traditions just seem to pop up and

265

00:10:03,750 --> 00:10:01,200

on

266

00:10:04,470 --> 00:10:03,760

an isolated island where um there

267

00:10:08,310 --> 00:10:04,480

couldn't be

268

00:10:12,710 --> 00:10:11,269

and i don't think they just popped up i

269

00:10:16,230 --> 00:10:12,720

i feel that there are

270

00:10:19,430 --> 00:10:16,240

you know two potential answers to

271

00:10:22,389 --> 00:10:19,440

really who we are you know in today's

272

00:10:26,389 --> 00:10:22,399

day and age because there is so much

273

00:10:28,470 --> 00:10:26,399

uh stuff that we learn that's cultural

274

00:10:30,550 --> 00:10:28,480

you know not having anything to do with

275

00:10:33,190 --> 00:10:30,560

school but our thoughts and beliefs and

276

00:10:36,470 --> 00:10:33,200

what's right and what's wrong

277

00:10:40,230 --> 00:10:36,480

that is just part of our initiation into

278

00:10:43,670 --> 00:10:40,240

humanity um that you know either

279

00:10:45,910 --> 00:10:43,680

goes back so so far

280

00:10:47,430 --> 00:10:45,920

into antiquity which i believe there's a

281

00:10:50,710 --> 00:10:47,440

lot of it that does

282

00:10:52,949 --> 00:10:50,720

um but i believe that there was

283

00:10:54,150 --> 00:10:52,959

you know definitely an extraterrestrial

284

00:10:57,030 --> 00:10:54,160

influence

285

00:10:58,870 --> 00:10:57,040

into the history of the earth i'm not

286

00:11:00,550 --> 00:10:58,880

even going to say just mankind but the

287

00:11:03,990 --> 00:11:00,560

history of the earth

288

00:11:06,470 --> 00:11:04,000

and it is through their influence that

289

00:11:08,550 --> 00:11:06,480

many of the things that we have learned

290

00:11:11,829 --> 00:11:08,560

experienced and explored

291

00:11:13,269 --> 00:11:11,839

uh came into being you know a lot of

292

00:11:14,069 --> 00:11:13,279

times you you don't really think about

293

00:11:16,790 --> 00:11:14,079

this but

294

00:11:18,310 --> 00:11:16,800

when you think the earth is four point

295

00:11:21,590 --> 00:11:18,320

what is it four point

296

00:11:23,350 --> 00:11:21,600

three three billion years old i mean

297

00:11:26,150 --> 00:11:23,360

it's it's just a number

298

00:11:27,030 --> 00:11:26,160

but when you really look at the span of

299

00:11:29,030 --> 00:11:27,040

time that is

300

00:11:30,710 --> 00:11:29,040

you know so many things could be here

301  
00:11:33,670 --> 00:11:30,720  
and disappear

302  
00:11:34,949 --> 00:11:33,680  
and without a trace for instance and um

303  
00:11:36,949 --> 00:11:34,959  
i was reading somewhere where

304  
00:11:38,470 --> 00:11:36,959  
another i know it sounds like a long

305  
00:11:40,150 --> 00:11:38,480  
time but it really isn't in the scope of

306  
00:11:42,470 --> 00:11:40,160  
things another 30 million years will be

307  
00:11:44,949 --> 00:11:42,480  
no sign of the pyramids he'll comp

308  
00:11:46,470 --> 00:11:44,959  
be completely gone and that's something

309  
00:11:50,069 --> 00:11:46,480  
you would just expect to stay

310  
00:11:51,590 --> 00:11:50,079  
forever you know so um

311  
00:11:53,190 --> 00:11:51,600  
when you're talking you know four

312  
00:11:55,030 --> 00:11:53,200  
billion years

313  
00:11:57,190 --> 00:11:55,040

to get your head around that number and

314

00:11:58,870 --> 00:11:57,200

how much time that truly is

315

00:12:01,030 --> 00:11:58,880

you know there could be other

316

00:12:03,030 --> 00:12:01,040

civilizations that popped up or

317

00:12:04,710 --> 00:12:03,040

or visited or you know i'm open

318

00:12:08,150 --> 00:12:04,720

open-minded to

319

00:12:10,790 --> 00:12:08,160

um to those possibilities

320

00:12:12,389 --> 00:12:10,800

and you know when we went into writing

321

00:12:15,350 --> 00:12:12,399

this book

322

00:12:16,870 --> 00:12:15,360

we really i mean it was kind of funny we

323

00:12:18,389 --> 00:12:16,880

did a lot of talking in the garage that

324

00:12:20,389 --> 00:12:18,399

was kind of like well actually we called

325

00:12:22,150 --> 00:12:20,399

it the vortex because you'd go in

326

00:12:24,230 --> 00:12:22,160

you thought you talked for 10 minutes

327

00:12:25,910 --> 00:12:24,240

and you know two or three hours later

328

00:12:28,629 --> 00:12:25,920

you'd walk out and it's like wow

329

00:12:30,710 --> 00:12:28,639

it's been two or three hours um and

330

00:12:34,470 --> 00:12:30,720

there was a whole lot of conversation

331

00:12:35,670 --> 00:12:34,480

about where the book should come from

332

00:12:38,790 --> 00:12:35,680

because we were both

333

00:12:41,190 --> 00:12:38,800

very hesitant to just throw

334

00:12:42,629 --> 00:12:41,200

the whole extraterrestrial you know

335

00:12:45,190 --> 00:12:42,639

ancient alien thing

336

00:12:46,310 --> 00:12:45,200

on the table um you know and it's not

337

00:12:49,110 --> 00:12:46,320

that we were trying to

338

00:12:50,790 --> 00:12:49,120

disprove it or we were trying to prove

339

00:12:54,790 --> 00:12:50,800

it

340

00:12:56,470 --> 00:12:54,800

i started to

341

00:12:59,110 --> 00:12:56,480

physically write you know moved out of

342

00:13:01,990 --> 00:12:59,120

the researching phase moved out of the

343

00:13:02,870 --> 00:13:02,000

rough organization phase and started

344

00:13:06,710 --> 00:13:02,880

putting you know

345

00:13:11,190 --> 00:13:06,720

pen to paper there was no way

346

00:13:14,230 --> 00:13:11,200

to get around what

347

00:13:17,350 --> 00:13:14,240

mythology suggested

348

00:13:19,670 --> 00:13:17,360

without going there period

349

00:13:21,590 --> 00:13:19,680

because it doesn't make any sense it

350

00:13:24,310 --> 00:13:21,600

doesn't make any sense

351  
00:13:26,230 --> 00:13:24,320  
to talk about these races of gods that

352  
00:13:26,870 --> 00:13:26,240  
are having these wars and there are

353  
00:13:29,910 --> 00:13:26,880  
these

354  
00:13:32,150 --> 00:13:29,920  
gods that are humanoid but they're not

355  
00:13:34,710 --> 00:13:32,160  
human you know they're described as half

356  
00:13:36,870 --> 00:13:34,720  
men half snakes i mean excuse me

357  
00:13:37,910 --> 00:13:36,880  
not human at least not any humans i've

358  
00:13:39,670 --> 00:13:37,920  
ever met

359  
00:13:42,150 --> 00:13:39,680  
you know and how do you take all of this

360  
00:13:44,550 --> 00:13:42,160  
material that again you know

361  
00:13:46,230 --> 00:13:44,560  
going on the basis that we're looking

362  
00:13:49,590 --> 00:13:46,240  
for consistently

363  
00:13:52,870 --> 00:13:49,600

consistency worldwide so you have

364

00:13:53,189 --> 00:13:52,880

this a worldwide belief in these half

365

00:13:56,470 --> 00:13:53,199

men

366

00:13:59,030 --> 00:13:56,480

half snake half reptile people um

367

00:14:01,189 --> 00:13:59,040

what do you do with that well give some

368

00:14:02,710 --> 00:14:01,199

examples if you would

369

00:14:05,110 --> 00:14:02,720

in particular what you're just talking

370

00:14:06,310 --> 00:14:05,120

about now in the two different regions

371

00:14:09,509 --> 00:14:06,320

that would be

372

00:14:10,870 --> 00:14:09,519

uh supposedly untouched from each other

373

00:14:12,710 --> 00:14:10,880

or unconnected

374

00:14:18,230 --> 00:14:12,720

can you give some examples of that well

375

00:14:23,829 --> 00:14:21,509

that the best known example um

376  
00:14:25,910 --> 00:14:23,839  
is the noah story and i'm sure everyone

377  
00:14:27,829 --> 00:14:25,920  
listening knows about knowing the ark

378  
00:14:30,230 --> 00:14:27,839  
and the animals going on the boat and

379  
00:14:31,829 --> 00:14:30,240  
it's him and his wife and his kids and

380  
00:14:33,910 --> 00:14:31,839  
you know they survived the story they

381  
00:14:37,269 --> 00:14:33,920  
could go watch the movie

382  
00:14:39,590 --> 00:14:37,279  
if they're not sure anyway um

383  
00:14:41,509 --> 00:14:39,600  
i had heard years and years and years

384  
00:14:42,629 --> 00:14:41,519  
and years ago that there were like 250

385  
00:14:45,509 --> 00:14:42,639  
flood stories

386  
00:14:47,350 --> 00:14:45,519  
on the earth and in my research i have

387  
00:14:50,629 --> 00:14:47,360  
found other people that have suggested

388  
00:14:53,829 --> 00:14:50,639

that there are 500 or 600 flood stories

389

00:14:57,350 --> 00:14:53,839

on the planet my

390

00:15:00,550 --> 00:14:57,360

going into the research i just assumed

391

00:15:03,910 --> 00:15:00,560

that in the amazon you know

392

00:15:06,310 --> 00:15:03,920

the amazon flooded and you would hear

393

00:15:07,350 --> 00:15:06,320

this story about their plight but let me

394

00:15:10,389 --> 00:15:07,360

let me even bring it

395

00:15:13,430 --> 00:15:10,399

more down to home so

396

00:15:15,670 --> 00:15:13,440

my bathroom is on the second floor and

397

00:15:17,990 --> 00:15:15,680

so let's say i turn the water on to

398

00:15:20,230 --> 00:15:18,000

you know fill the tub and the doorbell

399

00:15:21,590 --> 00:15:20,240

rings and i go downstairs and i answer

400

00:15:25,350 --> 00:15:21,600

the door and now the tub

401  
00:15:27,030 --> 00:15:25,360  
is overflowing everywhere and

402  
00:15:29,350 --> 00:15:27,040  
the next thing i know is that there's

403  
00:15:30,629 --> 00:15:29,360  
plaster falling down from my ceiling and

404  
00:15:32,230 --> 00:15:30,639  
it hits my little dog

405  
00:15:34,389 --> 00:15:32,240  
on the head and it knocks her out and

406  
00:15:37,030 --> 00:15:34,399  
there's water all over my sofa

407  
00:15:39,110 --> 00:15:37,040  
you know that's my flood story you know

408  
00:15:39,990 --> 00:15:39,120  
and every time someone asked well what

409  
00:15:42,790 --> 00:15:40,000  
happened

410  
00:15:44,470 --> 00:15:42,800  
that's going to be my story so let's say

411  
00:15:47,829 --> 00:15:44,480  
at your house

412  
00:15:48,870 --> 00:15:47,839  
you have um a hot water heater that's in

413  
00:15:50,710 --> 00:15:48,880

the garage

414

00:15:53,430 --> 00:15:50,720

and in your garage you have you know a

415

00:15:55,110 --> 00:15:53,440

bunch of books and papers

416

00:15:56,790 --> 00:15:55,120

and and things that you really don't

417

00:15:57,990 --> 00:15:56,800

want to get wet but they're in your

418

00:16:00,150 --> 00:15:58,000

garage anyway

419

00:16:02,389 --> 00:16:00,160

and now the hot water heater blows and

420

00:16:04,389 --> 00:16:02,399

there's water you know an inch of water

421

00:16:06,069 --> 00:16:04,399

all over your garage floor

422

00:16:08,069 --> 00:16:06,079

and it soaks up into all of your

423

00:16:10,230 --> 00:16:08,079

cardboard boxes and it kind of wrecks

424

00:16:12,629 --> 00:16:10,240

all the stuff in your garage

425

00:16:14,069 --> 00:16:12,639

that's going to be your flood story and

426

00:16:16,949 --> 00:16:14,079

the story you tell

427

00:16:18,230 --> 00:16:16,959

is going to be vastly different from the

428

00:16:21,350 --> 00:16:18,240

story that i tell

429

00:16:21,990 --> 00:16:21,360

about my flood wouldn't you say have you

430

00:16:25,189 --> 00:16:22,000

been reading my

431

00:16:28,389 --> 00:16:25,199

facebook page no i do

432

00:16:31,269 --> 00:16:28,399

i actually do have a flood story

433

00:16:33,189 --> 00:16:31,279

what's your flood story come on oh no i

434

00:16:36,150 --> 00:16:33,199

just bought a property uh that

435

00:16:37,509 --> 00:16:36,160

uh has it was a it's a great old

436

00:16:38,550 --> 00:16:37,519

conference center it's not even really

437

00:16:41,030 --> 00:16:38,560

that old but

438

00:16:42,949 --> 00:16:41,040

it was built with flat roofs and in in

439

00:16:45,990 --> 00:16:42,959

new england you just don't do that

440

00:16:49,030 --> 00:16:46,000

and so i actually had a swimming pool

441

00:16:49,430 --> 00:16:49,040

i put a one of those uh kitty swimming

442

00:16:52,550 --> 00:16:49,440

pools

443

00:16:54,710 --> 00:16:52,560

in the middle of the uh grand salon to

444

00:16:55,350 --> 00:16:54,720

let the water from the ceiling drip into

445

00:16:59,430 --> 00:16:55,360

it

446

00:17:02,069 --> 00:16:59,440

been trying

447

00:17:04,230 --> 00:17:02,079

okay but see but your flood story is

448

00:17:05,909 --> 00:17:04,240

different from my flood story which is

449

00:17:07,590 --> 00:17:05,919

different than the hot water heater in

450

00:17:10,470 --> 00:17:07,600

the garage flood story which is

451  
00:17:12,230 --> 00:17:10,480  
going to be different than the the

452  
00:17:14,150 --> 00:17:12,240  
hurricane or whatever the storm that hit

453  
00:17:15,990 --> 00:17:14,160  
the east coast and the people that live

454  
00:17:17,189 --> 00:17:16,000  
there there's going to be individual

455  
00:17:18,470 --> 00:17:17,199  
stories and there's going to be a

456  
00:17:21,350 --> 00:17:18,480  
regional story

457  
00:17:22,150 --> 00:17:21,360  
you know or southeast asia so you know

458  
00:17:25,350 --> 00:17:22,160  
they're all

459  
00:17:27,350 --> 00:17:25,360  
inherently different but when you start

460  
00:17:29,350 --> 00:17:27,360  
reading the mythology

461  
00:17:31,510 --> 00:17:29,360  
what you find and i mean this blew me

462  
00:17:35,430 --> 00:17:31,520  
away it blew me away

463  
00:17:36,789 --> 00:17:35,440

was and i'm being pretty inclusive with

464

00:17:39,110 --> 00:17:36,799

what i'm going to say

465

00:17:41,110 --> 00:17:39,120

there was a righteous pious or virtuous

466

00:17:44,390 --> 00:17:41,120

man who was warned of an

467

00:17:47,110 --> 00:17:44,400

impending flood he built a boat an

468

00:17:48,789 --> 00:17:47,120

ark dug a canoe climbed the tree climbed

469

00:17:49,590 --> 00:17:48,799

on a leaf climbed to the top of a

470

00:17:52,150 --> 00:17:49,600

mountain

471

00:17:53,190 --> 00:17:52,160

he survived the flood with his sister

472

00:17:54,789 --> 00:17:53,200

his wife

473

00:17:58,070 --> 00:17:54,799

there might have been a few children

474

00:17:59,990 --> 00:17:58,080

there might be like an old man

475

00:18:02,070 --> 00:18:00,000

involved in it and if some of the

476  
00:18:04,310 --> 00:18:02,080  
stories animals get on the boat

477  
00:18:05,270 --> 00:18:04,320  
and some of the stories animals climb to

478  
00:18:07,909 --> 00:18:05,280  
the top of the mountain

479  
00:18:10,310 --> 00:18:07,919  
if the animals are mentioned at all um

480  
00:18:12,950 --> 00:18:10,320  
in a few stories which were

481  
00:18:13,669 --> 00:18:12,960  
very geographically dispersed so it was

482  
00:18:16,630 --> 00:18:13,679  
like

483  
00:18:17,110 --> 00:18:16,640  
one in mesoamerica one in the middle

484  
00:18:20,549 --> 00:18:17,120  
east

485  
00:18:21,270 --> 00:18:20,559  
you know but only a few uh an animal is

486  
00:18:23,990 --> 00:18:21,280  
released

487  
00:18:25,669 --> 00:18:24,000  
to let them know that the waters recede

488  
00:18:29,270 --> 00:18:25,679

and

489

00:18:32,950 --> 00:18:29,280

have

490

00:18:33,750 --> 00:18:32,960

pretty much the same set of events with

491

00:18:37,029 --> 00:18:33,760

the same

492

00:18:37,430 --> 00:18:37,039

number of people that survive and that's

493

00:18:39,830 --> 00:18:37,440

it

494

00:18:41,430 --> 00:18:39,840

you don't find you know and the ceiling

495

00:18:43,270 --> 00:18:41,440

tiles fell down and hit

496

00:18:44,470 --> 00:18:43,280

her dog in the head i mean you don't

497

00:18:46,789 --> 00:18:44,480

find that

498

00:18:47,990 --> 00:18:46,799

so it's a lot of similarity in this in

499

00:18:50,150 --> 00:18:48,000

the story beyond

500

00:18:51,909 --> 00:18:50,160

it's beyond similarities i mean they're

501  
00:18:55,270 --> 00:18:51,919  
almost word for word

502  
00:18:56,789 --> 00:18:55,280  
i mean with variation so as an example

503  
00:18:59,510 --> 00:18:56,799  
this is one of my favorite ones

504  
00:19:01,510 --> 00:18:59,520  
this is out of peru um it talks about

505  
00:19:04,950 --> 00:19:01,520  
these two righteous brothers who

506  
00:19:05,510 --> 00:19:04,960  
uh were farming and one of their llama

507  
00:19:07,190 --> 00:19:05,520  
came up

508  
00:19:08,789 --> 00:19:07,200  
and told them that there was going to be

509  
00:19:10,870 --> 00:19:08,799  
a flood so

510  
00:19:12,470 --> 00:19:10,880  
the brothers take their wives and their

511  
00:19:14,070 --> 00:19:12,480  
children they climb to the top of the

512  
00:19:15,750 --> 00:19:14,080  
mountain so when they get to the top of

513  
00:19:17,110 --> 00:19:15,760

the mountain there are at some animals

514

00:19:19,590 --> 00:19:17,120

on the top of the mountain

515

00:19:21,590 --> 00:19:19,600

and so as the waters rise the mountain

516

00:19:24,150 --> 00:19:21,600

the level of the mountain goes up

517

00:19:25,430 --> 00:19:24,160

and as the waters recede the level of

518

00:19:27,990 --> 00:19:25,440

the mountain go down

519

00:19:28,870 --> 00:19:28,000

and they survive the flood so i mean you

520

00:19:32,150 --> 00:19:28,880

know there's

521

00:19:33,510 --> 00:19:32,160

different pieces but you know in a

522

00:19:37,510 --> 00:19:33,520

bigger picture

523

00:19:41,830 --> 00:19:39,990

now what about also there's i don't

524

00:19:43,750 --> 00:19:41,840

necessarily want to say artifacts

525

00:19:45,430 --> 00:19:43,760

but aren't there like cave drawings that

526

00:19:46,470 --> 00:19:45,440

are very similar in different parts of

527

00:19:48,230 --> 00:19:46,480

the world that could have never been

528

00:19:50,870 --> 00:19:48,240

connected

529

00:19:51,350 --> 00:19:50,880

um i mean there's so much stuff i mean

530

00:19:53,590 --> 00:19:51,360

with

531

00:19:55,669 --> 00:19:53,600

what we did we really looked at the

532

00:19:57,909 --> 00:19:55,679

mythological record because by the time

533

00:20:01,190 --> 00:19:57,919

we started documenting things

534

00:20:01,750 --> 00:20:01,200

um it was already very late in the story

535

00:20:03,830 --> 00:20:01,760

i mean

536

00:20:05,430 --> 00:20:03,840

mankind wasn't created until like the

537

00:20:08,630 --> 00:20:05,440

second or last chapter

538

00:20:11,110 --> 00:20:08,640

of the book but no

539

00:20:13,590 --> 00:20:11,120

that is exactly true i mean just for my

540

00:20:16,149 --> 00:20:13,600

other research you know we find

541

00:20:18,310 --> 00:20:16,159

images that are very similar we find

542

00:20:19,669 --> 00:20:18,320

construction techniques that are very

543

00:20:22,789 --> 00:20:19,679

similar

544

00:20:25,430 --> 00:20:22,799

we find graphic images actually i was

545

00:20:28,070 --> 00:20:25,440

working on this today and i'm hoping

546

00:20:29,510 --> 00:20:28,080

i can actually get it to the release

547

00:20:32,230 --> 00:20:29,520

place

548

00:20:34,789 --> 00:20:32,240

is a video called icon the

549

00:20:37,110 --> 00:20:34,799

deconstructing of um

550

00:20:38,310 --> 00:20:37,120

the archetypes of our ancestors which is

551  
00:20:41,190 --> 00:20:38,320  
a video

552  
00:20:42,230 --> 00:20:41,200  
and one of the things it looks at is it

553  
00:20:44,230 --> 00:20:42,240  
more from

554  
00:20:47,669 --> 00:20:44,240  
our history from an artistic point of

555  
00:20:51,270 --> 00:20:47,679  
view and the parallels that we find

556  
00:20:54,230 --> 00:20:51,280  
in art you know cave art other art

557  
00:20:56,310 --> 00:20:54,240  
uh different architectural styles um you

558  
00:20:57,909 --> 00:20:56,320  
know like the megalithic construction

559  
00:21:00,149 --> 00:20:57,919  
i mean i don't know if you saw on

560  
00:21:01,909 --> 00:21:00,159  
facebook i think everyone or your

561  
00:21:05,029 --> 00:21:01,919  
listeners

562  
00:21:07,990 --> 00:21:05,039  
would be familiar with the uh wall

563  
00:21:10,149 --> 00:21:08,000

in peru saksuman where it's those giant

564

00:21:12,149 --> 00:21:10,159

boulders that just fit together like

565

00:21:14,870 --> 00:21:12,159

puzzle pieces

566

00:21:16,630 --> 00:21:14,880

i just saw one report that it looks they

567

00:21:19,750 --> 00:21:16,640

think they found a similar

568

00:21:22,470 --> 00:21:19,760

similar construction in russia

569

00:21:24,390 --> 00:21:22,480

um i just interviewed someone on my show

570

00:21:25,110 --> 00:21:24,400

just energy radio that we're talking

571

00:21:27,350 --> 00:21:25,120

about

572

00:21:28,950 --> 00:21:27,360

uh same kind of megalithic construction

573

00:21:32,549 --> 00:21:28,960

in australia

574

00:21:33,750 --> 00:21:32,559

you know so it's coming up all over the

575

00:21:37,029 --> 00:21:33,760

place

576

00:21:39,510 --> 00:21:37,039

wow and there's no it's

577

00:21:40,070 --> 00:21:39,520

it's just another one of those mysteries

578

00:21:42,710 --> 00:21:40,080

just

579

00:21:45,510 --> 00:21:42,720

you know this show is basically based on

580

00:21:48,070 --> 00:21:45,520

ufos and sightings and all that but

581

00:21:48,870 --> 00:21:48,080

you know this sort of all ties in and

582

00:21:51,029 --> 00:21:48,880

while i'm

583

00:21:52,230 --> 00:21:51,039

basically mentioning this what are your

584

00:21:55,990 --> 00:21:52,240

thoughts on

585

00:21:56,710 --> 00:21:56,000

today's ufos well you know i go back and

586

00:21:59,990 --> 00:21:56,720

forth

587

00:22:01,909 --> 00:22:00,000

um i mean i i am not an experiencer

588

00:22:03,110 --> 00:22:01,919

so i can't you know speak from that

589

00:22:06,149 --> 00:22:03,120

perspective

590

00:22:07,430 --> 00:22:06,159

um from my you know reading of the

591

00:22:10,950 --> 00:22:07,440

mythology there is

592

00:22:13,350 --> 00:22:10,960

so much beyond belief material

593

00:22:14,950 --> 00:22:13,360

that comes from the mythological record

594

00:22:17,990 --> 00:22:14,960

that supports

595

00:22:19,029 --> 00:22:18,000

claims made by contemporary ufologists

596

00:22:21,909 --> 00:22:19,039

it's not funny

597

00:22:23,029 --> 00:22:21,919

i mean i do an entire presentation about

598

00:22:25,990 --> 00:22:23,039

uh

599

00:22:27,510 --> 00:22:26,000

alien agenda and underground bases um

600

00:22:28,789 --> 00:22:27,520

because there are just too many

601  
00:22:31,190 --> 00:22:28,799  
parallels

602  
00:22:32,390 --> 00:22:31,200  
um you know and so based on you know i

603  
00:22:35,350 --> 00:22:32,400  
do ghost hunting

604  
00:22:36,789 --> 00:22:35,360  
you know so i believe in ghosts and just

605  
00:22:38,710 --> 00:22:36,799  
based on the amount of

606  
00:22:40,310 --> 00:22:38,720  
information and evidence that's out

607  
00:22:43,350 --> 00:22:40,320  
there even though i haven't

608  
00:22:43,830 --> 00:22:43,360  
experienced the ufo i feel like i'd be

609  
00:22:45,830 --> 00:22:43,840  
kind of

610  
00:22:48,230 --> 00:22:45,840  
hypocritical to say i don't believe in

611  
00:22:50,310 --> 00:22:48,240  
them i mean i know we're not alone

612  
00:22:51,590 --> 00:22:50,320  
and i know that they were here in our

613  
00:22:54,470 --> 00:22:51,600

past and so

614

00:22:57,190 --> 00:22:54,480

why should they not be around now it

615

00:22:58,870 --> 00:22:57,200

just doesn't make sense

616

00:23:00,310 --> 00:22:58,880

i i totally understand what you're

617

00:23:03,270 --> 00:23:00,320

saying there on the

618

00:23:03,990 --> 00:23:03,280

message board someone wants to know how

619

00:23:05,990 --> 00:23:04,000

you think

620

00:23:08,149 --> 00:23:06,000

basically the pyramids were constructed

621

00:23:12,470 --> 00:23:08,159

have you looked into that or

622

00:23:18,870 --> 00:23:14,630

there are so many different theories

623

00:23:22,230 --> 00:23:21,510

i think anything that comes out of

624

00:23:24,549 --> 00:23:22,240

mainstream

625

00:23:26,549 --> 00:23:24,559

science you need to just put to the side

626

00:23:28,390 --> 00:23:26,559

i mean i do believe that there was some

627

00:23:31,110 --> 00:23:28,400

kind of advanced technology

628

00:23:32,789 --> 00:23:31,120

that had to have been employed to move

629

00:23:35,110 --> 00:23:32,799

those stones into place

630

00:23:37,270 --> 00:23:35,120

i believe that they are much much older

631

00:23:40,549 --> 00:23:37,280

than the 2500 bc

632

00:23:43,830 --> 00:23:40,559

that you know they try to place them at

633

00:23:45,590 --> 00:23:43,840

um i agree with you on that one and i

634

00:23:47,430 --> 00:23:45,600

think you know robert bubal

635

00:23:51,830 --> 00:23:47,440

and graham hancock try to say that

636

00:23:54,789 --> 00:23:51,840

they're 13 000 years old

637

00:23:55,269 --> 00:23:54,799

maybe i think they might be older than

638

00:23:57,190 --> 00:23:55,279

that

639

00:23:58,470 --> 00:23:57,200

you know back also with the sphinx i

640

00:24:00,950 --> 00:23:58,480

think that's also

641

00:24:03,029 --> 00:24:00,960

you know minimally i think minimally you

642

00:24:04,549 --> 00:24:03,039

know 13 000 years old i think they could

643

00:24:07,990 --> 00:24:04,559

be older

644

00:24:10,630 --> 00:24:08,000

yeah i mean it's there's really uh no

645

00:24:12,310 --> 00:24:10,640

way to actually date for one thing

646

00:24:14,870 --> 00:24:12,320

there's no way to date stone

647

00:24:15,909 --> 00:24:14,880

there's there are ways to date say

648

00:24:18,710 --> 00:24:15,919

pottery

649

00:24:20,710 --> 00:24:18,720

and other you know things like that as

650

00:24:22,710 --> 00:24:20,720

far as when it was fired and

651  
00:24:24,870 --> 00:24:22,720  
and radiocarbon dating but when it comes

652  
00:24:27,110 --> 00:24:24,880  
to stone you know i i'm in the

653  
00:24:28,470 --> 00:24:27,120  
the fine arts and antiques and sometimes

654  
00:24:30,310 --> 00:24:28,480  
in antiquities

655  
00:24:33,750 --> 00:24:30,320  
you can get full because you can't

656  
00:24:36,789 --> 00:24:33,760  
figure out how old a stone is

657  
00:24:39,190 --> 00:24:36,799  
so what they're just grasping at uh

658  
00:24:42,390 --> 00:24:39,200  
dates because you know the found

659  
00:24:44,789 --> 00:24:42,400  
uh objects inside when they are occupied

660  
00:24:47,990 --> 00:24:44,799  
um you know so you're right they could

661  
00:24:51,110 --> 00:24:48,000  
be at any any age really

662  
00:24:53,750 --> 00:24:51,120  
well but i think also there is this

663  
00:24:56,789 --> 00:24:53,760

basis that came out

664

00:24:59,990 --> 00:24:56,799

in the 1600s by james usher

665

00:25:02,149 --> 00:25:00,000

who dealing with the bible took

666

00:25:04,789 --> 00:25:02,159

all of the dates you know like adam b

667

00:25:06,950 --> 00:25:04,799

and eve begot cain and abel and

668

00:25:07,990 --> 00:25:06,960

they lived for so many years and they

669

00:25:09,830 --> 00:25:08,000

begot that

670

00:25:12,549 --> 00:25:09,840

and you know and they took all of these

671

00:25:15,549 --> 00:25:12,559

dates and he went back in time

672

00:25:17,750 --> 00:25:15,559

and identified that creation happened in

673

00:25:20,310 --> 00:25:17,760

4004 bc

674

00:25:20,950 --> 00:25:20,320

now i think you know in conventional

675

00:25:23,430 --> 00:25:20,960

wisdom

676  
00:25:26,149 --> 00:25:23,440  
we all realize that creation didn't

677  
00:25:29,350 --> 00:25:26,159  
happen in 4004 bc

678  
00:25:31,990 --> 00:25:29,360  
but i don't think that science has

679  
00:25:33,669 --> 00:25:32,000  
necessarily gotten that memo

680  
00:25:36,789 --> 00:25:33,679  
and they're still trying to place

681  
00:25:40,230 --> 00:25:36,799  
everything in that antiquated timeline

682  
00:25:41,510 --> 00:25:40,240  
that just doesn't work right yeah and i

683  
00:25:44,630 --> 00:25:41,520  
know i watched a

684  
00:25:46,470 --> 00:25:44,640  
um a documentary about

685  
00:25:49,190 --> 00:25:46,480  
the and someone is mentioning it now on

686  
00:25:52,870 --> 00:25:49,200  
the message board about the sphinx

687  
00:25:56,710 --> 00:25:52,880  
that seems to show signs of water or uh

688  
00:25:59,909 --> 00:25:56,720

other type of uh erosion on it

689

00:26:03,750 --> 00:25:59,919

um and which would bring it way back

690

00:26:04,549 --> 00:26:03,760

as far as dates go i i've interviewed

691

00:26:07,190 --> 00:26:04,559

robert shock

692

00:26:09,269 --> 00:26:07,200

several times and we've had a couple of

693

00:26:12,390 --> 00:26:09,279

juicy conversations about it

694

00:26:14,870 --> 00:26:12,400

um one of the things that he says

695

00:26:15,830 --> 00:26:14,880

is that they would have to be minimally

696

00:26:18,789 --> 00:26:15,840

uh

697

00:26:20,870 --> 00:26:18,799

built before 7 500 bc you know because

698

00:26:24,470 --> 00:26:20,880

that's when it really dried up

699

00:26:25,750 --> 00:26:24,480

in the sahara you know the comment that

700

00:26:28,870 --> 00:26:25,760

i made to him

701  
00:26:31,510 --> 00:26:28,880  
was why would a group of

702  
00:26:32,310 --> 00:26:31,520  
engineers who were smart enough to carve

703  
00:26:34,630 --> 00:26:32,320  
the sphinx

704  
00:26:36,390 --> 00:26:34,640  
out of rock you know and make something

705  
00:26:39,750 --> 00:26:36,400  
so beautiful

706  
00:26:42,390 --> 00:26:39,760  
in a desert area carpet below the level

707  
00:26:43,029 --> 00:26:42,400  
of the ground yeah so that every other

708  
00:26:46,070 --> 00:26:43,039  
day

709  
00:26:47,190 --> 00:26:46,080  
you had to sweep it out

710  
00:26:49,029 --> 00:26:47,200  
you know if you had never thought of

711  
00:26:49,830 --> 00:26:49,039  
that but yeah well that you know when

712  
00:26:51,669 --> 00:26:49,840  
i'm on air

713  
00:26:53,430 --> 00:26:51,679

sometimes stuff just comes to me and

714

00:26:55,909 --> 00:26:53,440

then it just comes out of my mouth and

715

00:26:59,350 --> 00:26:55,919

we both kind of laughed and he went

716

00:27:02,070 --> 00:26:59,360

you know you're right why would they

717

00:27:02,390 --> 00:27:02,080

you know if it was water runoff i'm sure

718

00:27:05,750 --> 00:27:02,400

they

719

00:27:07,510 --> 00:27:05,760

a certain gradient

720

00:27:10,149 --> 00:27:07,520

on the stone so that the water would

721

00:27:12,789 --> 00:27:10,159

just run off

722

00:27:14,950 --> 00:27:12,799

but sand not so much i mean how many

723

00:27:18,310 --> 00:27:14,960

times that thing been filled in and

724

00:27:18,630 --> 00:27:18,320

different you know pharaohs or napoleon

725

00:27:22,310 --> 00:27:18,640

or

726

00:27:24,149 --> 00:27:22,320

whoever have gone in and dug it back out

727

00:27:25,350 --> 00:27:24,159

now the ice age i wonder if that

728

00:27:28,870 --> 00:27:25,360

affected that

729

00:27:32,310 --> 00:27:28,880

area as far as

730

00:27:34,389 --> 00:27:32,320

at least water i'm not sure

731

00:27:36,870 --> 00:27:34,399

of the climate back then and that was

732

00:27:39,669 --> 00:27:36,880

what 10 000 years ago

733

00:27:40,070 --> 00:27:39,679

i mean that's when it pretty much ended

734

00:27:44,710 --> 00:27:40,080

was

735

00:27:47,510 --> 00:27:44,720

oh that's right 11 500 bc i think

736

00:27:48,870 --> 00:27:47,520

10 000 bc i mean because there was you

737

00:27:52,070 --> 00:27:48,880

know when all of the

738

00:27:55,430 --> 00:27:52,080

large mammals died you know the right

739

00:27:57,590 --> 00:27:55,440

the big sloths and the manchester right

740

00:28:01,269 --> 00:27:57,600

yeah you know and i think that was about

741

00:28:02,870 --> 00:28:01,279

10 000 bc

742

00:28:04,310 --> 00:28:02,880

you know but there was just like a a

743

00:28:06,630 --> 00:28:04,320

flash freeze

744

00:28:07,350 --> 00:28:06,640

right yeah all of a sudden they're all

745

00:28:09,430 --> 00:28:07,360

just

746

00:28:10,870 --> 00:28:09,440

i know they found um i think it was in

747

00:28:13,669 --> 00:28:10,880

colorado they found some

748

00:28:15,430 --> 00:28:13,679

amazing fossils all right next to each

749

00:28:22,149 --> 00:28:15,440

other

750

00:28:25,590 --> 00:28:22,159

so i getting back to

751

00:28:28,789 --> 00:28:25,600

um let's get back to humans

752

00:28:31,669 --> 00:28:28,799

okay and the extraterrestrial um

753

00:28:33,190 --> 00:28:31,679

so do you have a thoughts that we were

754

00:28:36,549 --> 00:28:33,200

seated here or

755

00:28:37,510 --> 00:28:36,559

what's your thoughts on that i mean my

756

00:28:40,950 --> 00:28:37,520

belief or

757

00:28:43,190 --> 00:28:40,960

you know based on my reading um

758

00:28:45,190 --> 00:28:43,200

i believe that the extraterrestrials

759

00:28:47,430 --> 00:28:45,200

actually came here at some point and i'm

760

00:28:49,510 --> 00:28:47,440

not saying a specific group because i

761

00:28:51,350 --> 00:28:49,520

believe there were multiple groups

762

00:28:52,789 --> 00:28:51,360

um but they came here and actually

763

00:28:55,110 --> 00:28:52,799

terraformed the planet

764

00:28:57,029 --> 00:28:55,120

i mean that's what i have been led to

765

00:28:57,990 --> 00:28:57,039

believe from reading the mythology so

766

00:29:00,710 --> 00:28:58,000

we're talking

767

00:29:01,669 --> 00:29:00,720

you know 3.8 billion years ago they were

768

00:29:05,269 --> 00:29:01,679

here

769

00:29:07,190 --> 00:29:05,279

terraforming um as far as dealing with

770

00:29:09,029 --> 00:29:07,200

humanity i mean i don't think they

771

00:29:09,830 --> 00:29:09,039

seated us here but i think they have

772

00:29:13,269 --> 00:29:09,840

been

773

00:29:14,870 --> 00:29:13,279

directly linked to the evolution of life

774

00:29:17,909 --> 00:29:14,880

on the planet

775

00:29:18,710 --> 00:29:17,919

and when it comes to humanity you know

776

00:29:21,909 --> 00:29:18,720

starting with

777

00:29:22,870 --> 00:29:21,919

like the australopithecines i think

778

00:29:27,350 --> 00:29:22,880

their hand had been

779

00:29:30,149 --> 00:29:27,360

directly into our dna

780

00:29:31,350 --> 00:29:30,159

manipulating it all the time to where we

781

00:29:34,710 --> 00:29:31,360

are now

782

00:29:40,149 --> 00:29:34,720

hmm that's interesting um

783

00:29:43,510 --> 00:29:40,159

because now you got me curious because

784

00:29:46,710 --> 00:29:43,520

well there's no real because

785

00:29:49,830 --> 00:29:46,720

uh you know i i always think of how

786

00:29:50,549 --> 00:29:49,840

a new species all of a sudden appears on

787

00:29:53,830 --> 00:29:50,559

the planet

788

00:29:54,470 --> 00:29:53,840

you know like an unknown species found

789

00:29:56,789 --> 00:29:54,480

right where

790

00:29:57,830 --> 00:29:56,799

it it should be easily found you know

791

00:30:02,870 --> 00:29:57,840

that's always

792

00:30:03,990 --> 00:30:02,880

you know you read about um i'm not

793

00:30:05,990 --> 00:30:04,000

saying like

794

00:30:08,230 --> 00:30:06,000

uh on the bottom of the ocean or in the

795

00:30:11,269 --> 00:30:08,240

rain forest or something like that but

796

00:30:13,990 --> 00:30:11,279

um say there's just like this animal

797

00:30:14,630 --> 00:30:14,000

or amphibian or something like that and

798

00:30:17,830 --> 00:30:14,640

it's

799

00:30:28,070 --> 00:30:17,840

you know

800

00:30:33,110 --> 00:30:29,830

or i mean i don't know if they just like

801  
00:30:36,149 --> 00:30:33,120  
magically appeared out of thin air

802  
00:30:37,750 --> 00:30:36,159  
um i i don't know yeah

803  
00:30:39,430 --> 00:30:37,760  
um go into a little bit about

804  
00:30:41,990 --> 00:30:39,440  
terraforming of someone is

805  
00:30:44,549 --> 00:30:42,000  
um on the message board what is that

806  
00:30:46,549 --> 00:30:44,559  
what is the overall theory of that

807  
00:30:47,909 --> 00:30:46,559  
well and i it's a little bit sketchy

808  
00:30:48,950 --> 00:30:47,919  
because the material that we were

809  
00:30:51,990 --> 00:30:48,960  
working with

810  
00:30:53,029 --> 00:30:52,000  
is a little bit thin um but there were

811  
00:30:55,350 --> 00:30:53,039  
just things

812  
00:30:57,750 --> 00:30:55,360  
um and actually i'm going to start in a

813  
00:30:59,990 --> 00:30:57,760

different spot

814

00:31:00,870 --> 00:31:00,000

when you start reading the mythology you

815

00:31:04,070 --> 00:31:00,880

know the

816

00:31:05,509 --> 00:31:04,080

a bulk of or not a bulk a big chunk of

817

00:31:08,310 --> 00:31:05,519

the storylines

818

00:31:09,990 --> 00:31:08,320

talk about a world where these uh

819

00:31:12,230 --> 00:31:10,000

progenitor gods

820

00:31:13,269 --> 00:31:12,240

uh come to in their what i call the

821

00:31:14,789 --> 00:31:13,279

cosmic egg

822

00:31:16,549 --> 00:31:14,799

and there are these eight progenitor

823

00:31:19,669 --> 00:31:16,559

gods and

824

00:31:20,710 --> 00:31:19,679

they set up a you know their shop or

825

00:31:23,430 --> 00:31:20,720

whatever

826

00:31:25,669 --> 00:31:23,440

and it's a world that is half dark or

827

00:31:27,909 --> 00:31:25,679

it's a world that's in darkness

828

00:31:29,350 --> 00:31:27,919

and while they're there uh there's a

829

00:31:33,430 --> 00:31:29,360

rebellion that happens

830

00:31:35,430 --> 00:31:33,440

and that world is destroyed and

831

00:31:36,549 --> 00:31:35,440

the other group the ones that were the

832

00:31:38,870 --> 00:31:36,559

rebels

833

00:31:40,230 --> 00:31:38,880

take off and start what i'm going to

834

00:31:43,750 --> 00:31:40,240

call a new colony

835

00:31:45,590 --> 00:31:43,760

now i have to say is i'm taking a whole

836

00:31:46,149 --> 00:31:45,600

bunch of myths and kind of stringing

837

00:31:48,230 --> 00:31:46,159

together

838

00:31:49,830 --> 00:31:48,240

a storyline and somebody reading the

839

00:31:51,669 --> 00:31:49,840

book man-made

840

00:31:53,509 --> 00:31:51,679

might come up with a different storyline

841

00:31:54,389 --> 00:31:53,519

but this is the one that seems congruent

842

00:31:56,389 --> 00:31:54,399

to me

843

00:31:59,509 --> 00:31:56,399

um or at least the one that i'm sharing

844

00:32:02,710 --> 00:32:02,070

well one of the things that we saw was

845

00:32:06,070 --> 00:32:02,720

that

846

00:32:10,389 --> 00:32:06,080

was mars

847

00:32:14,389 --> 00:32:12,549

well actually we were just typing that

848

00:32:16,710 --> 00:32:14,399

on the message board

849

00:32:17,830 --> 00:32:16,720

someone had just said at some point in

850

00:32:20,230 --> 00:32:17,840

the future

851  
00:32:21,830 --> 00:32:20,240  
they want to terraform mars and i said

852  
00:32:23,509 --> 00:32:21,840  
maybe they already did and it's a failed

853  
00:32:25,909 --> 00:32:23,519  
project

854  
00:32:28,470 --> 00:32:25,919  
well actually yes you know one of the

855  
00:32:30,950 --> 00:32:28,480  
things that scientists have identified

856  
00:32:32,870 --> 00:32:30,960  
is that within the first and i think

857  
00:32:36,070 --> 00:32:32,880  
it's the first two million years

858  
00:32:37,350 --> 00:32:36,080  
of mars development they moved into the

859  
00:32:40,389 --> 00:32:37,360  
nokian

860  
00:32:41,190 --> 00:32:40,399  
period where there was water and at the

861  
00:32:44,389 --> 00:32:41,200  
beginning of an

862  
00:32:46,870 --> 00:32:44,399  
atmosphere on mars and then they entered

863  
00:32:50,070 --> 00:32:46,880

into the late heavy bombardment period

864

00:32:52,789 --> 00:32:50,080

and that's when their uh

865

00:32:54,950 --> 00:32:52,799

the magneto the you know the spinning

866

00:32:56,950 --> 00:32:54,960

inside of mars basically

867

00:32:58,389 --> 00:32:56,960

got messed up and they started to lose

868

00:33:01,190 --> 00:32:58,399

their atmosphere

869

00:33:03,269 --> 00:33:01,200

what's interesting is that so they talk

870

00:33:06,310 --> 00:33:03,279

about this rebellion that happens

871

00:33:09,630 --> 00:33:06,320

you know and i'm kind of using that word

872

00:33:12,389 --> 00:33:09,640

um so

873

00:33:15,830 --> 00:33:12,399

3.8 billion years ago so that was about

874

00:33:18,950 --> 00:33:15,840

4.2 billion years ago so then 3.8

875

00:33:23,669 --> 00:33:22,230

the first signs of life were found

876

00:33:25,750 --> 00:33:23,679

you know that's where they date the

877

00:33:28,789 --> 00:33:25,760

first blue-green algae

878

00:33:31,750 --> 00:33:28,799

on the earth okay and it wasn't much

879

00:33:32,310 --> 00:33:31,760

after that that mars went totally dead

880

00:33:34,230 --> 00:33:32,320

okay

881

00:33:35,590 --> 00:33:34,240

right now one of the other things is

882

00:33:36,950 --> 00:33:35,600

that one of the first things that

883

00:33:39,909 --> 00:33:36,960

happened on the earth was the

884

00:33:43,269 --> 00:33:39,919

development of this blue-green algae

885

00:33:47,350 --> 00:33:43,279

and it created um

886

00:33:49,190 --> 00:33:47,360

iron oxide ochre and

887

00:33:50,389 --> 00:33:49,200

with the water and if there was

888

00:33:53,269 --> 00:33:50,399

blue-green algae

889

00:33:54,230 --> 00:33:53,279

on mars they would have also created

890

00:33:55,590 --> 00:33:54,240

ochre

891

00:33:57,269 --> 00:33:55,600

and you know they say that there wasn't

892

00:33:58,789 --> 00:33:57,279

any life on mars and there was no

893

00:34:01,190 --> 00:33:58,799

atmosphere on mars

894

00:34:02,470 --> 00:34:01,200

except mars has that red color because

895

00:34:05,990 --> 00:34:02,480

it's covered with

896

00:34:11,750 --> 00:34:06,000

iron oxide so you can't have iron oxide

897

00:34:15,829 --> 00:34:13,669

and the only way that you can you know

898

00:34:16,950 --> 00:34:15,839

one of the main ways in antiquity that

899

00:34:18,869 --> 00:34:16,960

that formed

900

00:34:20,790 --> 00:34:18,879

was from this blue-green algae

901  
00:34:22,869 --> 00:34:20,800  
blue-green algae absorbing

902  
00:34:25,430 --> 00:34:22,879  
the carbon dioxide from the water and

903  
00:34:27,030 --> 00:34:25,440  
emitting oxygen and it binding with the

904  
00:34:30,230 --> 00:34:27,040  
iron

905  
00:34:33,270 --> 00:34:30,240  
in uh the water

906  
00:34:36,389 --> 00:34:33,280  
you know and so it was more out of kind

907  
00:34:40,069 --> 00:34:36,399  
of this uh propensity of circumstances

908  
00:34:43,190 --> 00:34:40,079  
when you read um vedic texts

909  
00:34:44,230 --> 00:34:43,200  
they talk about um these two guys at the

910  
00:34:47,510 --> 00:34:44,240  
end of the last

911  
00:34:50,710 --> 00:34:47,520  
um i think it was the kalpa yuga

912  
00:34:51,510 --> 00:34:50,720  
so you know we have different cycles of

913  
00:34:55,669 --> 00:34:51,520

time

914

00:35:00,310 --> 00:34:55,679

know there are the

915

00:35:03,670 --> 00:35:00,320

day and the night of brahma and so

916

00:35:06,150 --> 00:35:03,680

on the last day of brahma um these two

917

00:35:08,390 --> 00:35:06,160

guys stole the vedas well the vedas were

918

00:35:10,550 --> 00:35:08,400

the information about creation

919

00:35:12,310 --> 00:35:10,560

and they took off with them so that

920

00:35:15,829 --> 00:35:12,320

story ties in with that

921

00:35:16,630 --> 00:35:15,839

rebel story that i was talking about um

922

00:35:17,910 --> 00:35:16,640

you know we

923

00:35:19,750 --> 00:35:17,920

there it's just there's a lot of

924

00:35:23,510 --> 00:35:19,760

consistencies that it

925

00:35:26,230 --> 00:35:23,520

seems to be that they stole technology

926  
00:35:27,589 --> 00:35:26,240  
took it to this other place and they set

927  
00:35:31,109 --> 00:35:27,599  
up shop there

928  
00:35:32,230 --> 00:35:31,119  
and so you know again you have to just

929  
00:35:36,550 --> 00:35:32,240  
look at this stuff

930  
00:35:38,550 --> 00:35:36,560  
and go with the coincidences

931  
00:35:40,470 --> 00:35:38,560  
i'm sounding really flaky i'm sorry no

932  
00:35:43,589 --> 00:35:40,480  
you're not not at all

933  
00:35:47,030 --> 00:35:43,599  
not at all um one of the things

934  
00:35:48,870 --> 00:35:47,040  
also is um not so much where

935  
00:35:51,190 --> 00:35:48,880  
you know people are seeing the face on

936  
00:35:53,190 --> 00:35:51,200  
mars and things like that i mean

937  
00:35:54,790 --> 00:35:53,200  
nothing to do with that but you would

938  
00:35:57,589 --> 00:35:54,800

think that i mean i

939

00:35:58,710 --> 00:35:57,599

i truly believe that there was at

940

00:36:01,910 --> 00:35:58,720

least some type

941

00:36:03,109 --> 00:36:01,920

some form of life on mars at one time

942

00:36:05,990 --> 00:36:03,119

before like what you said the

943

00:36:07,670 --> 00:36:06,000

magnetosphere stopped and you know the

944

00:36:11,670 --> 00:36:07,680

atmosphere went away and

945

00:36:14,150 --> 00:36:11,680

and everything had to die but um

946

00:36:15,670 --> 00:36:14,160

i i just think that the rover should be

947

00:36:18,990 --> 00:36:15,680

able to find

948

00:36:22,870 --> 00:36:19,000

life and um you know not to sound

949

00:36:24,870 --> 00:36:22,880

conspiratorial anyway but um

950

00:36:26,150 --> 00:36:24,880

if they did find it would they tell us

951  
00:36:29,190 --> 00:36:26,160  
right away you know

952  
00:36:29,589 --> 00:36:29,200  
i don't know well i think that they tend

953  
00:36:31,510 --> 00:36:29,599  
to

954  
00:36:34,390 --> 00:36:31,520  
land those rovers in probably some of

955  
00:36:36,630 --> 00:36:34,400  
the most inconvenient places

956  
00:36:37,589 --> 00:36:36,640  
you know it's like i don't know if i was

957  
00:36:40,150 --> 00:36:37,599  
going to mars

958  
00:36:42,950 --> 00:36:40,160  
i would go to cydonia and try to get

959  
00:36:46,069 --> 00:36:42,960  
pictures of the faces i mean come on

960  
00:36:47,109 --> 00:36:46,079  
you know why send it to some crater

961  
00:36:49,510 --> 00:36:47,119  
somewhere

962  
00:36:51,589 --> 00:36:49,520  
okay so this might sound kind of weird

963  
00:36:53,190 --> 00:36:51,599

but one of the things that i thought

964

00:36:53,990 --> 00:36:53,200

when they first started sending those

965

00:36:56,230 --> 00:36:54,000

rovers up

966

00:36:57,990 --> 00:36:56,240

there and they kept crashing and blowing

967

00:37:00,470 --> 00:36:58,000

up as they were coming down

968

00:37:01,030 --> 00:37:00,480

was that perhaps there's still life on

969

00:37:03,589 --> 00:37:01,040

mars

970

00:37:04,950 --> 00:37:03,599

underground or somewhere and they don't

971

00:37:08,310 --> 00:37:04,960

want us to land

972

00:37:08,950 --> 00:37:08,320

and they're taking them out well i think

973

00:37:16,390 --> 00:37:08,960

if

974

00:37:18,550 --> 00:37:16,400

underground what would be the reason to

975

00:37:20,950 --> 00:37:18,560

be there and how could you survive and

976

00:37:22,630 --> 00:37:20,960

all that you know of course i'm thinking

977

00:37:25,349 --> 00:37:22,640

in human terms

978

00:37:27,349 --> 00:37:25,359

but um but anyway that's still an

979

00:37:30,470 --> 00:37:27,359

interesting concept but

980

00:37:32,069 --> 00:37:30,480

um i i don't know if there

981

00:37:33,670 --> 00:37:32,079

could have ever been intelligent life

982

00:37:34,710 --> 00:37:33,680

there or not but you there are some

983

00:37:36,310 --> 00:37:34,720

intriguing things and

984

00:37:38,790 --> 00:37:36,320

if you look online a lot of times you

985

00:37:41,030 --> 00:37:38,800

will see strange images

986

00:37:41,990 --> 00:37:41,040

um even pictures that the rovers have

987

00:37:45,270 --> 00:37:42,000

taken

988

00:37:48,310 --> 00:37:45,280

of things that are you know almost uh

989

00:37:49,270 --> 00:37:48,320

too good to be true you know look like a

990

00:37:52,069 --> 00:37:49,280

door handle

991

00:37:53,750 --> 00:37:52,079

or a baby shoe or you know there's all

992

00:37:55,910 --> 00:37:53,760

kinds of weird a squirrel

993

00:37:57,670 --> 00:37:55,920

i remember seeing that and you know

994

00:37:58,870 --> 00:37:57,680

maybe it is just rock formations but it

995

00:38:00,230 --> 00:37:58,880

really gets your mind thinking that's

996

00:38:03,589 --> 00:38:00,240

for sure

997

00:38:08,069 --> 00:38:03,599

no i i agree i definitely agree

998

00:38:09,589 --> 00:38:08,079

and then i saw on tv the other day that

999

00:38:11,990 --> 00:38:09,599

you know and it was just a commercial

1000

00:38:14,950 --> 00:38:12,000

and i sort of have paid attention to it

1001  
00:38:15,589 --> 00:38:14,960  
about some group of like four guys that

1002  
00:38:18,870 --> 00:38:15,599  
are going to be

1003  
00:38:20,870 --> 00:38:18,880  
going to mars and i don't know

1004  
00:38:22,870 --> 00:38:20,880  
what the details and i'm assuming it

1005  
00:38:26,630 --> 00:38:22,880  
wasn't a nasa mission

1006  
00:38:28,790 --> 00:38:26,640  
wow um but yeah but it was just

1007  
00:38:30,390 --> 00:38:28,800  
like this past weekend and i i wish i

1008  
00:38:31,109 --> 00:38:30,400  
had paid a little bit more attention to

1009  
00:38:32,870 --> 00:38:31,119  
it but

1010  
00:38:34,550 --> 00:38:32,880  
it was a commercial so you know as part

1011  
00:38:35,589 --> 00:38:34,560  
of that like flip flip flip

1012  
00:38:39,270 --> 00:38:35,599  
push the button get through the

1013  
00:38:43,829 --> 00:38:40,790

they're gonna make a reality show out of

1014

00:38:46,710 --> 00:38:43,839

it i think so to be honest with you

1015

00:38:48,150 --> 00:38:46,720

geez wow um here's a here's a thought

1016

00:38:50,950 --> 00:38:48,160

someone posted on the uh

1017

00:38:51,349 --> 00:38:50,960

message board which you know may or may

1018

00:38:52,870 --> 00:38:51,359

not

1019

00:38:54,710 --> 00:38:52,880

actually be true i think he did it kind

1020

00:38:56,310 --> 00:38:54,720

of as a joke but he says they wouldn't

1021

00:38:57,109 --> 00:38:56,320

tell us if they found life on mars

1022

00:38:58,950 --> 00:38:57,119

because

1023

00:39:00,150 --> 00:38:58,960

that would end the funding for the mars

1024

00:39:02,230 --> 00:39:00,160

program

1025

00:39:03,910 --> 00:39:02,240

and the mystery would be solved jobs

1026

00:39:06,230 --> 00:39:03,920

would be lost

1027

00:39:07,829 --> 00:39:06,240

and uh you know i know that sounds it

1028

00:39:11,270 --> 00:39:07,839

was meant as a joke

1029

00:39:14,470 --> 00:39:11,280

but um there could be a lot of truth to

1030

00:39:16,470 --> 00:39:14,480

to that and you know not exactly

1031

00:39:21,030 --> 00:39:16,480

that but uh you know there could be a

1032

00:39:25,030 --> 00:39:23,589

i mean if they find life on mars then

1033

00:39:28,630 --> 00:39:25,040

some of the other things

1034

00:39:30,630 --> 00:39:28,640

that have been said about

1035

00:39:32,870 --> 00:39:30,640

life you know there's this giant

1036

00:39:35,030 --> 00:39:32,880

dichotomy that's going on there are

1037

00:39:38,310 --> 00:39:35,040

scientists that are finding you know

1038

00:39:40,310 --> 00:39:38,320

planets around other stars

1039

00:39:42,390 --> 00:39:40,320

that look like they're in the habitable

1040

00:39:44,150 --> 00:39:42,400

zone and so there's all of this

1041

00:39:46,630 --> 00:39:44,160

information coming out that

1042

00:39:47,670 --> 00:39:46,640

yes it's very possible that we're not

1043

00:39:50,310 --> 00:39:47,680

alone

1044

00:39:51,990 --> 00:39:50,320

and then on the other hand there's a lot

1045

00:39:56,069 --> 00:39:52,000

of

1046

00:39:57,510 --> 00:39:56,079

pressure maybe is the right word about

1047

00:39:59,270 --> 00:39:57,520

well we're but you're not supposed to

1048

00:40:01,030 --> 00:39:59,280

look at it you know and

1049

00:40:02,550 --> 00:40:01,040

and the whole thing of the government

1050

00:40:04,309 --> 00:40:02,560

covering it up i mean i do think the

1051

00:40:05,750 --> 00:40:04,319

government's covering it up

1052

00:40:07,910 --> 00:40:05,760

and i think they've been covering it up

1053

00:40:09,990 --> 00:40:07,920

for a long time

1054

00:40:11,030 --> 00:40:10,000

yeah i i talk about that a lot in the

1055

00:40:14,230 --> 00:40:11,040

show and

1056

00:40:16,069 --> 00:40:14,240

you know i think that it's it is very

1057

00:40:17,270 --> 00:40:16,079

possible that there is some part of the

1058

00:40:19,430 --> 00:40:17,280

government

1059

00:40:21,270 --> 00:40:19,440

and um you know maybe a need to know

1060

00:40:23,589 --> 00:40:21,280

type of situation

1061

00:40:24,630 --> 00:40:23,599

and however you know we talk about

1062

00:40:27,349 --> 00:40:24,640

roswell a lot

1063

00:40:29,109 --> 00:40:27,359

and and you know the the very obvious

1064

00:40:31,750 --> 00:40:29,119

cover-up with that

1065

00:40:32,309 --> 00:40:31,760

is it's just um you wonder how you know

1066

00:40:33,829 --> 00:40:32,319

as

1067

00:40:35,910 --> 00:40:33,839

time progresses what part of the

1068

00:40:37,430 --> 00:40:35,920

government would know about it and what

1069

00:40:39,309 --> 00:40:37,440

you know is it all need to know is in

1070

00:40:42,390 --> 00:40:39,319

just a very small

1071

00:40:46,470 --> 00:40:42,400

compartmentalized section that deals

1072

00:40:50,309 --> 00:40:48,550

i i don't really have a thought on that

1073

00:40:52,870 --> 00:40:50,319

i mean my feeling is

1074

00:40:54,069 --> 00:40:52,880

you know if it's need to know we already

1075

00:40:58,550 --> 00:40:54,079

all know

1076

00:41:01,589 --> 00:40:58,560

x-files

1077

00:41:03,349 --> 00:41:01,599

and and we've seen all the shows and so

1078

00:41:05,109 --> 00:41:03,359

why does it need to be a big secret

1079

00:41:05,990 --> 00:41:05,119

anymore other than they've been lying to

1080

00:41:08,230 --> 00:41:06,000

us for so long

1081

00:41:09,910 --> 00:41:08,240

i feel like that's the bigger secret the

1082

00:41:11,750 --> 00:41:09,920

lies well

1083

00:41:15,349 --> 00:41:11,760

absolutely i mean they would have a lot

1084

00:41:19,510 --> 00:41:17,589

that's for sure you know and then i've

1085

00:41:21,270 --> 00:41:19,520

heard you know the commentary which i

1086

00:41:23,190 --> 00:41:21,280

could totally believe about the back

1087

00:41:26,790 --> 00:41:23,200

engineering of technology

1088

00:41:28,790 --> 00:41:26,800

and the whole financial piece of not

1089

00:41:31,109 --> 00:41:28,800

wanting that technology to get into

1090

00:41:32,069 --> 00:41:31,119

somebody else's hands from the monetary

1091

00:41:34,069 --> 00:41:32,079

point of view

1092

00:41:35,349 --> 00:41:34,079

you know it always comes down to money

1093

00:41:39,109 --> 00:41:35,359

oh it's

1094

00:41:40,950 --> 00:41:39,119

it always does everything does and yeah

1095

00:41:42,710 --> 00:41:40,960

you know like fiber optics that's a good

1096

00:41:45,510 --> 00:41:42,720

example you know

1097

00:41:46,950 --> 00:41:45,520

something was written um you know years

1098

00:41:50,309 --> 00:41:46,960

ago about

1099

00:41:52,150 --> 00:41:50,319

um a a craft a found craft and they were

1100

00:41:54,069 --> 00:41:52,160

describing in different words exactly

1101

00:41:55,910 --> 00:41:54,079

what fiber optics was

1102

00:41:57,190 --> 00:41:55,920

you know and i think that's a a pretty

1103

00:41:59,750 --> 00:41:57,200

good

1104

00:42:01,270 --> 00:41:59,760

you know it's not evidence but it's a

1105

00:42:03,190 --> 00:42:01,280

it's an idea that it's a

1106

00:42:05,910 --> 00:42:03,200

possibility that that's reverse

1107

00:42:08,230 --> 00:42:05,920

engineering right there

1108

00:42:09,190 --> 00:42:08,240

i always like throwing out velcro you

1109

00:42:14,309 --> 00:42:09,200

know i heard that

1110

00:42:18,390 --> 00:42:16,630

i heard the guy that invented that had

1111

00:42:20,710 --> 00:42:18,400

armed guards around that

1112

00:42:21,990 --> 00:42:20,720

invention or something like that this is

1113

00:42:23,829 --> 00:42:22,000

when i was a little kid

1114

00:42:25,589 --> 00:42:23,839

but you know how those stories float

1115

00:42:28,710 --> 00:42:25,599

uh-huh

1116

00:42:31,589 --> 00:42:28,720

so but it seems like you know from

1117

00:42:32,550 --> 00:42:31,599

the point of roswell things have just

1118

00:42:36,870 --> 00:42:32,560

moved forward

1119

00:42:38,150 --> 00:42:36,880

exponentially in the area of electronics

1120

00:42:41,510 --> 00:42:38,160

i mean i'm trying to think of when we

1121

00:42:44,630 --> 00:42:41,520

had our like first computers

1122

00:42:48,230 --> 00:42:44,640

and did they have computers in world war

1123

00:42:51,829 --> 00:42:48,240

ii they had very rudimentary

1124

00:42:53,349 --> 00:42:51,839

um very very you know i can't i don't

1125

00:42:55,589 --> 00:42:53,359

know exactly what they were

1126

00:42:57,109 --> 00:42:55,599

and i don't think in the 40s i'm

1127

00:42:59,190 --> 00:42:57,119

thinking later

1128

00:43:02,230 --> 00:42:59,200

so you know there may be there may be a

1129

00:43:06,309 --> 00:43:03,670

yeah i mean i'm thinking of you know

1130

00:43:07,510 --> 00:43:06,319

like the i can't think of the name you

1131

00:43:10,550 --> 00:43:07,520

know the encryption

1132

00:43:11,030 --> 00:43:10,560

boxes you know and and stuff but i don't

1133

00:43:13,829 --> 00:43:11,040

really

1134

00:43:15,190 --> 00:43:13,839

think they had electronics heck they

1135

00:43:18,470 --> 00:43:15,200

barely had tv sets

1136

00:43:22,710 --> 00:43:21,109

and now it's growing leaps and bounds

1137

00:43:26,150 --> 00:43:22,720

you know it's just amazing

1138

00:43:26,950 --> 00:43:26,160

amazing where it'll go and and you know

1139

00:43:28,950 --> 00:43:26,960

that's

1140

00:43:30,230 --> 00:43:28,960

a lot of times when people question the

1141

00:43:32,790 --> 00:43:30,240

fact that it is

1142

00:43:33,750 --> 00:43:32,800

totally physically impossible for

1143

00:43:37,190 --> 00:43:33,760

another

1144

00:43:39,910 --> 00:43:37,200

to

1145

00:43:41,510 --> 00:43:39,920

visit us um you know basically if you

1146

00:43:42,390 --> 00:43:41,520

can just look at what's happened to our

1147

00:43:45,510 --> 00:43:42,400

technology

1148

00:43:48,069 --> 00:43:45,520

in the last even you know 25 years

1149

00:43:48,790 --> 00:43:48,079

then you should be able to envision that

1150

00:43:49,990 --> 00:43:48,800

you know

1151

00:43:52,870 --> 00:43:50,000

someone's going to figure it out

1152

00:43:56,069 --> 00:43:52,880

eventually on space travel

1153

00:43:59,270 --> 00:43:56,079

well and you know based on

1154

00:44:00,390 --> 00:43:59,280

the uh dynamics and importance in their

1155

00:44:02,550 --> 00:44:00,400

culture

1156

00:44:04,470 --> 00:44:02,560

you know they might have gone down a

1157

00:44:05,990 --> 00:44:04,480

different evolutionary

1158

00:44:09,030 --> 00:44:06,000

scientific i don't mean physical

1159

00:44:12,309 --> 00:44:09,040

evolutionary but scientific path

1160

00:44:15,030 --> 00:44:12,319

you know i was listening to

1161

00:44:16,950 --> 00:44:15,040

i think it was rush limbaugh i don't

1162

00:44:19,190 --> 00:44:16,960

remember not that i totally hate russia

1163

00:44:20,230 --> 00:44:19,200

i appreciate him more now than i did 10

1164

00:44:22,150 --> 00:44:20,240  
years ago

1165

00:44:24,390 --> 00:44:22,160  
but i think it was his show or one of

1166

00:44:26,710 --> 00:44:24,400  
those am radio shows

1167

00:44:27,589 --> 00:44:26,720  
and they had the scientist on talking

1168

00:44:29,109 --> 00:44:27,599  
about

1169

00:44:31,430 --> 00:44:29,119  
life in outer space and they were

1170

00:44:32,790 --> 00:44:31,440  
talking you're gonna laugh

1171

00:44:35,030 --> 00:44:32,800  
and they were talking about the

1172

00:44:39,030 --> 00:44:35,040  
possibility of um

1173

00:44:41,430 --> 00:44:39,040  
life being on the on europa

1174

00:44:42,309 --> 00:44:41,440  
you know the icy world right and that

1175

00:44:45,910 --> 00:44:42,319  
there might be

1176

00:44:47,750 --> 00:44:45,920

these aquatic intelligent aquatic

1177

00:44:49,670 --> 00:44:47,760

animals and they were kind of liking

1178

00:44:52,150 --> 00:44:49,680

them to dolphins

1179

00:44:53,030 --> 00:44:52,160

you know on that planet that existed

1180

00:44:55,829 --> 00:44:53,040

under the water

1181

00:44:57,910 --> 00:44:55,839

which fine under the ice under the ice

1182

00:44:59,990 --> 00:44:57,920

and and the comment that the person made

1183

00:45:01,670 --> 00:45:00,000

was

1184

00:45:04,150 --> 00:45:01,680

it still makes me laugh thinking about

1185

00:45:06,069 --> 00:45:04,160

it today well if they were intelligent

1186

00:45:07,589 --> 00:45:06,079

they still couldn't be under the water

1187

00:45:10,150 --> 00:45:07,599

because how could they make

1188

00:45:11,589 --> 00:45:10,160

you know pc boards and electronics

1189

00:45:15,109 --> 00:45:11,599

because it wouldn't function under the

1190

00:45:22,069 --> 00:45:18,550

i'm like who are you

1191

00:45:25,430 --> 00:45:22,079

and what dummy tank did you come out of

1192

00:45:27,829 --> 00:45:25,440

i mean really yeah yep

1193

00:45:29,190 --> 00:45:27,839

anyway it just amazes me but you know

1194

00:45:30,309 --> 00:45:29,200

those are the people that you know are

1195

00:45:36,230 --> 00:45:30,319

getting airtime

1196

00:45:39,510 --> 00:45:36,240

i don't get on nationwide radio

1197

00:45:40,390 --> 00:45:39,520

yeah yep that's right yeah no you know i

1198

00:45:44,150 --> 00:45:40,400

mean that

1199

00:45:46,790 --> 00:45:44,160

your europa is really quite an amazing

1200

00:45:47,670 --> 00:45:46,800

moon when you think about it it could be

1201  
00:45:49,829 --> 00:45:47,680  
thermal

1202  
00:45:50,870 --> 00:45:49,839  
actually actually warm water under the

1203  
00:45:54,550 --> 00:45:50,880  
ice or

1204  
00:45:58,069 --> 00:45:54,560  
or when i say warm water you know

1205  
00:45:59,430 --> 00:45:58,079  
way above freezing and so

1206  
00:46:01,430 --> 00:45:59,440  
you know that's the number one

1207  
00:46:04,150 --> 00:46:01,440  
ingredient you need is water for life

1208  
00:46:05,589 --> 00:46:04,160  
it's very possible i hope we we actually

1209  
00:46:08,230 --> 00:46:05,599  
go there and visit it and

1210  
00:46:10,870 --> 00:46:08,240  
drill the two miles down and send a

1211  
00:46:14,790 --> 00:46:10,880  
probe down in there and check it out

1212  
00:46:16,550 --> 00:46:14,800  
that'd be pretty cool yeah so

1213  
00:46:17,910 --> 00:46:16,560

what are have you written other books

1214

00:46:18,790 --> 00:46:17,920

besides this one we've been talking

1215

00:46:21,670 --> 00:46:18,800

about

1216

00:46:22,230 --> 00:46:21,680

yeah i've written um three other books

1217

00:46:24,950 --> 00:46:22,240

um

1218

00:46:26,390 --> 00:46:24,960

the book that i wrote prior to man-made

1219

00:46:26,950 --> 00:46:26,400

the chronicles of our extraterrestrial

1220

00:46:29,829 --> 00:46:26,960

gods

1221

00:46:31,990 --> 00:46:29,839

was entitled dark angels an insider's

1222

00:46:35,589 --> 00:46:32,000

guide to ghost spirits and attached

1223

00:46:38,550 --> 00:46:35,599

entities and it looks at

1224

00:46:42,870 --> 00:46:38,560

ghosts spirits and attached entities wow

1225

00:46:45,750 --> 00:46:42,880

that was pretty easy

1226  
00:46:46,230 --> 00:46:45,760  
um you know and it was it's a really fun

1227  
00:46:49,270 --> 00:46:46,240  
book

1228  
00:46:51,109 --> 00:46:49,280  
um i tell i talk about different topics

1229  
00:46:53,430 --> 00:46:51,119  
i talk about the concept of attached

1230  
00:46:54,870 --> 00:46:53,440  
entities which is a pretty interesting

1231  
00:46:57,990 --> 00:46:54,880  
scary topic

1232  
00:47:01,030 --> 00:46:58,000  
um but these ex

1233  
00:47:01,510 --> 00:47:01,040  
the information in there is illustrated

1234  
00:47:03,670 --> 00:47:01,520  
through

1235  
00:47:04,950 --> 00:47:03,680  
my personal stories you know and i

1236  
00:47:07,349 --> 00:47:04,960  
didn't really mean for it to be this

1237  
00:47:09,349 --> 00:47:07,359  
kind of like autobiographical

1238  
00:47:10,870 --> 00:47:09,359

thing but it just kind of ended up that

1239

00:47:13,510 --> 00:47:10,880

way um

1240

00:47:14,630 --> 00:47:13,520

but it's pretty fun because from what

1241

00:47:16,309 --> 00:47:14,640

i've been told

1242

00:47:17,910 --> 00:47:16,319

it's like hanging out with me and i'm

1243

00:47:18,630 --> 00:47:17,920

just sitting there telling you stories

1244

00:47:21,109 --> 00:47:18,640

in my

1245

00:47:22,069 --> 00:47:21,119

fun and witty way because it was pretty

1246

00:47:25,589 --> 00:47:22,079

unedited

1247

00:47:28,710 --> 00:47:25,599

uh i mean edited for grammar but not

1248

00:47:29,190 --> 00:47:28,720

edited for my personality coming out of

1249

00:47:35,030 --> 00:47:29,200

the book

1250

00:47:37,349 --> 00:47:35,040

was called avoiding the cosmic 2x4 and

1251

00:47:40,950 --> 00:47:37,359

it looks at the mind-body connection

1252

00:47:43,190 --> 00:47:40,960

and discusses how and why we get sick

1253

00:47:45,109 --> 00:47:43,200

looking at it from a you know i'm going

1254

00:47:48,870 --> 00:47:45,119

to say metaphysical perspective

1255

00:47:50,549 --> 00:47:48,880

it goes into the aura and chakras and

1256

00:47:51,990 --> 00:47:50,559

subtle bodies and talks about the

1257

00:47:54,470 --> 00:47:52,000

movement of subtle energy

1258

00:47:55,030 --> 00:47:54,480

through the bodies into the physical

1259

00:47:58,150 --> 00:47:55,040

body

1260

00:47:59,349 --> 00:47:58,160

and why imbalances to the flow of subtle

1261

00:48:02,230 --> 00:47:59,359

energy

1262

00:48:02,870 --> 00:48:02,240

can create illness and then what you can

1263

00:48:06,150 --> 00:48:02,880

do

1264

00:48:09,430 --> 00:48:06,160

to make yourself well again

1265

00:48:11,030 --> 00:48:09,440

to avoid the cosmic 2x4 yes sir you lost

1266

00:48:14,230 --> 00:48:11,040

me at your third book

1267

00:48:17,030 --> 00:48:14,240

chakra somewhere sorry okay so are you

1268

00:48:20,230 --> 00:48:17,040

not familiar with the concept of chakras

1269

00:48:22,630 --> 00:48:20,240

uh not really no but i don't want to you

1270

00:48:26,069 --> 00:48:22,640

know drag our listeners into that

1271

00:48:28,950 --> 00:48:26,079

into that um but um you know uh

1272

00:48:31,430 --> 00:48:28,960

the the main reason i wanted you on the

1273

00:48:33,510 --> 00:48:31,440

show was your your last book of course

1274

00:48:35,109 --> 00:48:33,520

and how has that how has that sold is

1275

00:48:36,630 --> 00:48:35,119

that done well

1276

00:48:38,790 --> 00:48:36,640

it's done well and actually it was

1277

00:48:40,230 --> 00:48:38,800

picked up by a mainstream publisher and

1278

00:48:44,309 --> 00:48:40,240

is being re-released

1279

00:48:45,349 --> 00:48:44,319

in october um under the title et

1280

00:48:47,349 --> 00:48:45,359

chronicles

1281

00:48:48,390 --> 00:48:47,359

you know so people are interested in

1282

00:48:50,470 --> 00:48:48,400

getting a first

1283

00:48:52,470 --> 00:48:50,480

edition with the original title because

1284

00:48:53,990 --> 00:48:52,480

basically there are two additional

1285

00:48:57,349 --> 00:48:54,000

paragraphs in the new book

1286

00:49:00,390 --> 00:48:57,359

and maybe a few less spelling mistakes

1287

00:49:02,710 --> 00:49:00,400

and there is no difference between the

1288

00:49:03,430 --> 00:49:02,720

you know this title and the one that's

1289

00:49:06,870 --> 00:49:03,440

coming out

1290

00:49:08,069 --> 00:49:06,880

other than the name and uh yeah

1291

00:49:10,230 --> 00:49:08,079

you know but one of the other things

1292

00:49:14,230 --> 00:49:10,240

that i would like to share is i have

1293

00:49:16,790 --> 00:49:14,240

um a youtube channel um called

1294

00:49:18,069 --> 00:49:16,800

science and spirit meet and one of the

1295

00:49:18,950 --> 00:49:18,079

things that i've been doing over the

1296

00:49:22,710 --> 00:49:18,960

last

1297

00:49:26,069 --> 00:49:22,720

year or so is producing these little uh

1298

00:49:27,109 --> 00:49:26,079

video magazines and covering different

1299

00:49:30,309 --> 00:49:27,119

topics and so

1300

00:49:31,190 --> 00:49:30,319

i have um one that talks about who are

1301

00:49:34,390 --> 00:49:31,200

the authors of

1302

00:49:37,270 --> 00:49:34,400

myth um another one that talks about uh

1303

00:49:37,829 --> 00:49:37,280

genetic engineering and antiquity um

1304

00:49:40,230 --> 00:49:37,839

there are

1305

00:49:42,069 --> 00:49:40,240

a variety of different topics that i've

1306

00:49:44,150 --> 00:49:42,079

covered you know reincarnation

1307

00:49:46,390 --> 00:49:44,160

i mean they pretty much cross the gamut

1308

00:49:49,589 --> 00:49:46,400

of alternative thought but there

1309

00:49:52,470 --> 00:49:49,599

are quite a few that really talk about

1310

00:49:54,230 --> 00:49:52,480

the ancient alley in question uh one

1311

00:49:56,390 --> 00:49:54,240

talking about the nephilim which is

1312

00:49:58,230 --> 00:49:56,400

probably my most popular one

1313

00:49:59,430 --> 00:49:58,240

where i had to turn the comments off

1314

00:50:01,750 --> 00:49:59,440

because

1315

00:50:03,349 --> 00:50:01,760

i was getting pretty slammed but it's

1316

00:50:04,870 --> 00:50:03,359

really good you know people either

1317

00:50:08,069 --> 00:50:04,880

really like it

1318

00:50:11,109 --> 00:50:08,079

or really hate it that's just like

1319

00:50:13,030 --> 00:50:11,119

art they say it'll move you one way or

1320

00:50:14,230 --> 00:50:13,040

the other either you love it or you hate

1321

00:50:19,750 --> 00:50:14,240

it

1322

00:50:23,750 --> 00:50:21,510

going back to ghosts i know where this

1323

00:50:24,870 --> 00:50:23,760

is a ufo show but you know that's that's

1324

00:50:27,670 --> 00:50:24,880

a subject that's

1325

00:50:28,069 --> 00:50:27,680

has fascinated me and a lot of times

1326  
00:50:34,230 --> 00:50:28,079  
there

1327  
00:50:36,710 --> 00:50:34,240  
where they see ghosts they see bigfoot

1328  
00:50:39,750 --> 00:50:36,720  
they see ufos and all that

1329  
00:50:41,109 --> 00:50:39,760  
in your research in in the ghosts and

1330  
00:50:44,710 --> 00:50:41,119  
spirits and all that

1331  
00:50:48,069 --> 00:50:44,720  
did you find this any of this

1332  
00:50:49,750 --> 00:50:48,079  
to be true or at least that there was an

1333  
00:50:53,589 --> 00:50:49,760  
area that seemed to

1334  
00:50:56,710 --> 00:50:53,599  
be more active than other areas

1335  
00:50:59,190 --> 00:50:56,720  
okay great question um you know it's

1336  
00:51:00,630 --> 00:50:59,200  
interesting because i think that all

1337  
00:51:03,109 --> 00:51:00,640  
three

1338  
00:51:04,710 --> 00:51:03,119

groups that you just mentioned all kind

1339

00:51:07,990 --> 00:51:04,720

of conglomerate

1340

00:51:10,390 --> 00:51:08,000

around the same kinds of energy and

1341

00:51:12,230 --> 00:51:10,400

when we start talking about areas where

1342

00:51:14,710 --> 00:51:12,240

we have ley lines

1343

00:51:15,670 --> 00:51:14,720

um and things like that thing areas that

1344

00:51:19,430 --> 00:51:15,680

are considered

1345

00:51:22,710 --> 00:51:19,440

sacred space we tend to find that

1346

00:51:23,349 --> 00:51:22,720

there are more sightings of ghosts there

1347

00:51:26,710 --> 00:51:23,359

are

1348

00:51:28,470 --> 00:51:26,720

you know if the uh situation is correct

1349

00:51:32,069 --> 00:51:28,480

more sightings of bigfoot

1350

00:51:33,910 --> 00:51:32,079

and ufos you know and i i think it's an

1351  
00:51:36,870 --> 00:51:33,920  
energy thing you know usually if you

1352  
00:51:39,510 --> 00:51:36,880  
have ley lines there are energy vortexes

1353  
00:51:40,230 --> 00:51:39,520  
and so what's going on on the planet

1354  
00:51:43,349 --> 00:51:40,240  
tends to be

1355  
00:51:45,510 --> 00:51:43,359  
amplified um and so i think that they

1356  
00:51:48,710 --> 00:51:45,520  
all kind of come together

1357  
00:51:50,309 --> 00:51:48,720  
in those areas that's interesting last

1358  
00:51:53,349 --> 00:51:50,319  
week we had a guest

1359  
00:51:55,510 --> 00:51:53,359  
on that was talking about a place called

1360  
00:51:56,950 --> 00:51:55,520  
brown mountain down in north carolina

1361  
00:51:59,670 --> 00:51:56,960  
and that was

1362  
00:52:00,309 --> 00:51:59,680  
almost identical to what he was saying

1363  
00:52:01,990 --> 00:52:00,319

you know though

1364

00:52:03,990 --> 00:52:02,000

he believed that there was a high energy

1365

00:52:05,910 --> 00:52:04,000

field in that

1366

00:52:08,230 --> 00:52:05,920

area and there was someone doing like

1367

00:52:09,990 --> 00:52:08,240

energy work that you could actually see

1368

00:52:12,069 --> 00:52:10,000

something when they took photographs and

1369

00:52:14,790 --> 00:52:12,079

all that and there's like a

1370

00:52:15,270 --> 00:52:14,800

citing a constant sighting going on

1371

00:52:18,470 --> 00:52:15,280

there

1372

00:52:21,750 --> 00:52:18,480

of ufos and and abductions and i know

1373

00:52:23,670 --> 00:52:21,760

you you touch briefly that you

1374

00:52:25,750 --> 00:52:23,680

have never been an experiencer or

1375

00:52:28,230 --> 00:52:25,760

anything like that but

1376  
00:52:30,470 --> 00:52:28,240  
do you actually have you ever actually

1377  
00:52:33,510 --> 00:52:30,480  
looked into or talked to anyone about

1378  
00:52:35,510 --> 00:52:33,520  
the abduction phenomena

1379  
00:52:37,510 --> 00:52:35,520  
i mean obviously with the show i've

1380  
00:52:40,790 --> 00:52:37,520  
interviewed a number of different people

1381  
00:52:43,430 --> 00:52:40,800  
you know that have been experiencers or

1382  
00:52:45,030 --> 00:52:43,440  
write about that that topic you know

1383  
00:52:47,750 --> 00:52:45,040  
it's kind of scary to me

1384  
00:52:50,150 --> 00:52:47,760  
oh yeah well i guess it's scary to the

1385  
00:52:54,150 --> 00:52:50,160  
people that are experiencing it too

1386  
00:52:55,910 --> 00:52:54,160  
um i mean if it's true

1387  
00:52:57,589 --> 00:52:55,920  
if it's true and it really does happen i

1388  
00:52:59,349 --> 00:52:57,599

can't even imagine

1389

00:53:01,829 --> 00:52:59,359

what it would be like i mean like the

1390

00:53:04,630 --> 00:53:01,839

worst nightmare you you could imagine

1391

00:53:06,870 --> 00:53:04,640

really but what's even worse than that

1392

00:53:09,589 --> 00:53:06,880

is that if you have an experience

1393

00:53:11,750 --> 00:53:09,599

where you saw a ghost in your house you

1394

00:53:14,630 --> 00:53:11,760

can go to your friends and say

1395

00:53:16,470 --> 00:53:14,640

i think i saw a ghost and i'm scared you

1396

00:53:17,109 --> 00:53:16,480

know can you really go to your friends

1397

00:53:20,630 --> 00:53:17,119

and say

1398

00:53:22,630 --> 00:53:20,640

i think i was abducted and i'm scared

1399

00:53:24,549 --> 00:53:22,640

you know so they're i mean i feel really

1400

00:53:27,109 --> 00:53:24,559

for those individuals because there's

1401

00:53:29,990 --> 00:53:27,119

this huge sense of isolation

1402

00:53:31,190 --> 00:53:30,000

that comes along with it right and

1403

00:53:33,750 --> 00:53:31,200

social stigma

1404

00:53:35,670 --> 00:53:33,760

a few people that i've talked to that

1405

00:53:38,390 --> 00:53:35,680

claim this has happened to them

1406

00:53:40,230 --> 00:53:38,400

and talk to them quietly you know are

1407

00:53:41,510 --> 00:53:40,240

like suffering about it you know i

1408

00:53:44,470 --> 00:53:41,520

talked to one guy that i

1409

00:53:45,670 --> 00:53:44,480

i didn't really believe um because he

1410

00:53:48,870 --> 00:53:45,680

seemed like he was

1411

00:53:50,710 --> 00:53:48,880

looking to you know uh looking to talk

1412

00:53:52,790 --> 00:53:50,720

about a little too much

1413

00:53:54,230 --> 00:53:52,800

um you know get up in front of people

1414

00:53:57,589 --> 00:53:54,240

and talk about it

1415

00:53:59,349 --> 00:53:57,599

um but this one woman i talked to very

1416

00:54:02,309 --> 00:53:59,359

quietly about it i mean she was

1417

00:54:03,030 --> 00:54:02,319

she was in pain talking about it and it

1418

00:54:06,470 --> 00:54:03,040

it made it

1419

00:54:06,870 --> 00:54:06,480

much more believable to me well and i

1420

00:54:11,190 --> 00:54:06,880

think

1421

00:54:14,790 --> 00:54:11,200

people that have those experiences

1422

00:54:18,309 --> 00:54:16,870

my experience has been more working and

1423

00:54:20,309 --> 00:54:18,319

i'm going to kind of shift the focus

1424

00:54:22,309 --> 00:54:20,319

here a second is with people that have

1425

00:54:25,349 --> 00:54:22,319

what's called an attached entity

1426

00:54:28,790 --> 00:54:25,359

and it's basically a ghost that

1427

00:54:31,349 --> 00:54:28,800

can control and manipulate your energy

1428

00:54:33,349 --> 00:54:31,359

now whether it is actually a departed

1429

00:54:35,109 --> 00:54:33,359

person or we're talking about some kind

1430

00:54:37,430 --> 00:54:35,119

of an alien that's taking on

1431

00:54:39,190 --> 00:54:37,440

humanoid form is it you know we can get

1432

00:54:40,390 --> 00:54:39,200

into a totally different conversation

1433

00:54:43,030 --> 00:54:40,400

but anyway

1434

00:54:44,950 --> 00:54:43,040

um when i have individuals whose

1435

00:54:46,549 --> 00:54:44,960

individuals who come to me and say

1436

00:54:48,710 --> 00:54:46,559

i have an attached entity i have an

1437

00:54:51,829 --> 00:54:48,720

attached entity usually i'm like

1438

00:54:52,870 --> 00:54:51,839

no you don't you know because they just

1439

00:54:55,030 --> 00:54:52,880

think they do

1440

00:54:57,109 --> 00:54:55,040

and it's the people that tend to be much

1441

00:54:59,030 --> 00:54:57,119

more humble about it

1442

00:55:01,109 --> 00:54:59,040

are the ones that you really need to

1443

00:55:02,789 --> 00:55:01,119

listen to because those are the ones

1444

00:55:05,990 --> 00:55:02,799

that it probably is

1445

00:55:09,670 --> 00:55:06,000

a fact yep i agree 100

1446

00:55:12,630 --> 00:55:09,680

exactly yeah um we're getting toward

1447

00:55:14,630 --> 00:55:12,640

the end of the show here and i'm just

1448

00:55:17,510 --> 00:55:14,640

going to look to see if we have any more

1449

00:55:18,789 --> 00:55:17,520

questions up on our okay we do have one

1450

00:55:20,630 --> 00:55:18,799

question here

1451  
00:55:21,990 --> 00:55:20,640  
the guest has mentioned energy mind

1452  
00:55:24,150 --> 00:55:22,000  
connections

1453  
00:55:27,829 --> 00:55:24,160  
i wonder what her thoughts are on remote

1454  
00:55:35,270 --> 00:55:31,589  
100 real i mean if you

1455  
00:55:36,950 --> 00:55:35,280  
are doing any kind of psychic reading

1456  
00:55:38,950 --> 00:55:36,960  
you know if you're doing a relationship

1457  
00:55:40,789 --> 00:55:38,960  
reading and i'm talking to you

1458  
00:55:42,630 --> 00:55:40,799  
and i'm talking to you about your

1459  
00:55:43,990 --> 00:55:42,640  
boyfriend or a girlfriend who might be

1460  
00:55:45,829 --> 00:55:44,000  
at home

1461  
00:55:48,230 --> 00:55:45,839  
you're now doing remote viewing i mean

1462  
00:55:51,670 --> 00:55:48,240  
it's that's a very simplistic

1463  
00:55:53,270 --> 00:55:51,680

example of it but i think we all i

1464

00:55:55,430 --> 00:55:53,280

believe that we all have psychic

1465

00:55:58,630 --> 00:55:55,440

abilities and i believe that we all

1466

00:56:01,670 --> 00:55:58,640

remote view and we just don't realize it

1467

00:56:03,990 --> 00:56:01,680

i was on a a live radio

1468

00:56:05,349 --> 00:56:04,000

show oh i don't know maybe about a year

1469

00:56:07,030 --> 00:56:05,359

ago and

1470

00:56:08,710 --> 00:56:07,040

the guy kind of as a joke he said all

1471

00:56:11,349 --> 00:56:08,720

right now we're doing our remote viewing

1472

00:56:12,069 --> 00:56:11,359

he said i have something on my desk and

1473

00:56:14,230 --> 00:56:12,079

um

1474

00:56:15,109 --> 00:56:14,240

i'm looking at it right now what is it

1475

00:56:17,030 --> 00:56:15,119

and i said

1476

00:56:20,390 --> 00:56:17,040

the first thing that came to my mind i

1477

00:56:22,069 --> 00:56:20,400

said it looks like a turtle

1478

00:56:26,309 --> 00:56:22,079

okay that's really weird because i'm

1479

00:56:31,910 --> 00:56:29,349

and uh he said uh well he said actually

1480

00:56:34,230 --> 00:56:31,920

it's a uh it's a hard hat and he says

1481

00:56:36,710 --> 00:56:34,240

you just won

1482

00:56:38,950 --> 00:56:36,720

but um it's it's kind of funny i've seen

1483

00:56:42,150 --> 00:56:38,960

people that have like intuitive thoughts

1484

00:56:45,109 --> 00:56:42,160

in you know i know someone that does

1485

00:56:45,589 --> 00:56:45,119

and i'll be darned a lot of times she's

1486

00:56:46,950 --> 00:56:45,599

right

1487

00:56:48,309 --> 00:56:46,960

you know she'll just come out and say

1488

00:56:49,109 --> 00:56:48,319

something and next thing you know it's

1489

00:56:51,109 --> 00:56:49,119

like wow

1490

00:56:52,710 --> 00:56:51,119

how the heck did she know that it's

1491

00:56:54,470 --> 00:56:52,720

interesting

1492

00:56:55,910 --> 00:56:54,480

okay you know that's going to be it for

1493

00:56:58,150 --> 00:56:55,920

our show tonight

1494

00:56:59,990 --> 00:56:58,160

and thank you so much for joining us

1495

00:57:01,910 --> 00:57:00,000

well thanks for having me on

1496

00:57:04,069 --> 00:57:01,920

yes can i can i do a shout out to my

1497

00:57:05,349 --> 00:57:04,079

webpage you certainly can

1498

00:57:07,349 --> 00:57:05,359

so if people want to get some more

1499

00:57:10,829 --> 00:57:07,359

information about my work or purchase

1500

00:57:12,309 --> 00:57:10,839

any of my books they can go to

1501  
00:57:16,069 --> 00:57:12,319  
www.soulhealer.com

1502  
00:57:18,069 --> 00:57:16,079  
or www.readalouise.com and that's kind

1503  
00:57:21,670 --> 00:57:18,079  
of like the portal to

1504  
00:57:24,630 --> 00:57:21,680  
the new redesigned right yeah

1505  
00:57:25,910 --> 00:57:24,640  
great well thanks again thank you well

1506  
00:57:27,430 --> 00:57:25,920  
that's it for the show today if you

1507  
00:57:29,030 --> 00:57:27,440  
missed any part of the show you can

1508  
00:57:30,870 --> 00:57:29,040  
catch it as a podcast

1509  
00:57:34,390 --> 00:57:30,880  
and a whole bunch of other free podcasts

1510  
00:57:35,829 --> 00:57:34,400  
on our website which is podcastufo.com

1511  
00:57:37,510 --> 00:57:35,839  
i want to thank everyone for helping out

1512  
00:57:38,950 --> 00:57:37,520  
with the show today our guest of course

1513  
00:57:40,789 --> 00:57:38,960

dr rita louse

1514

00:57:42,309 --> 00:57:40,799

keith rowland producer for the dark

1515

00:57:44,630 --> 00:57:42,319

matter radio network

1516

00:57:47,349 --> 00:57:44,640

andy fleming for the astronomy news

1517

00:57:49,589 --> 00:57:47,359

carrie lloyd whitehouse for the music

1518

00:57:51,750 --> 00:57:49,599

peggy shunning for managing our facebook

1519

00:57:52,230 --> 00:57:51,760

page we have over 9 000 likes on that

1520

00:57:55,349 --> 00:57:52,240

now

1521

00:57:55,670 --> 00:57:55,359

due to her and don't forget to like us

1522

00:57:57,589 --> 00:57:55,680

on

1523

00:57:59,670 --> 00:57:57,599

our facebook page you can check us out

1524

00:58:01,190 --> 00:57:59,680

live next week right here at the dark

1525

00:58:03,190 --> 00:58:01,200

matter radio network

1526

00:58:04,390 --> 00:58:03,200

and every wednesday at 8 pm eastern

1527

00:58:06,069 --> 00:58:04,400

standard time

1528

00:58:08,150 --> 00:58:06,079

and don't forget to jump in the chat

1529

00:58:20,829 --> 00:58:08,160

room this is martin willis
