

1
00:00:04,160 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:05,360 --> 00:00:04,170
triangle you know there's explanation

3
00:00:07,309 --> 00:00:05,370
for everything that occurred in the

4
00:00:09,680 --> 00:00:07,319
Rendlesham forest incident that doesn't

5
00:00:13,190 --> 00:00:09,690
involve aliens at all it was completely

6
00:00:16,430 --> 00:00:13,200
silent it comes right over our head it's

7
00:00:18,050 --> 00:00:16,440
so classic flying-saucer really standing

8
00:00:19,609 --> 00:00:18,060
in the clearing he turned over to my

9
00:00:24,670 --> 00:00:19,619
father and held his hand and he looked

10
00:00:30,589 --> 00:00:28,429
welcome to podcast UFO for our live show

11
00:00:32,870 --> 00:00:30,599
we're live every Wednesday at on the

12
00:00:34,870 --> 00:00:32,880
Dark Matter radio network please

13
00:00:38,840 --> 00:00:34,880

remember to visit the website podcast

14

00:00:41,450 --> 00:00:38,850

UFO comm for past episodes blogs and

15

00:00:43,400 --> 00:00:41,460

forums during the show feel free to

00:00:50,270 --> 00:00:48,719

active Facebook page hello and welcome

19

00:00:52,279 --> 00:00:50,280

to the show on Martin Willis your host

20

00:00:54,380 --> 00:00:52,289

we're coming at you live like every

21

00:00:56,689 --> 00:00:54,390

Wednesday at 9 p.m. Eastern Standard

22

00:01:00,020 --> 00:00:56,699

Time on the dark matter radio network

23

00:01:01,580 --> 00:01:00,030

just a quick note Stanton T Friedman is

24

00:01:03,470 --> 00:01:01,590

home from the hospital and he's doing

25

00:01:05,719 --> 00:01:03,480

quite well so we expect a good recovery

26

00:01:08,000 --> 00:01:05,729

from him and if you're listening live

27

00:01:12,260 --> 00:01:08,010

you may want to jump in our chat room

28

00:01:13,910 --> 00:01:12,270

which is right on podcast UFO comm you

29

00:01:15,469 --> 00:01:13,920

know we have an extraordinary show for

30

00:01:17,570 --> 00:01:15,479

you this evening and you've never heard

31

00:01:19,480 --> 00:01:17,580

you say that before have you our guest

32

00:01:22,550 --> 00:01:19,490

for the evening a little bit later on is

33

00:01:24,289 --> 00:01:22,560

Nick Redfern he's going to be talking

34

00:01:27,590 --> 00:01:24,299

about his recent book Close Encounters

35

00:01:29,990 --> 00:01:27,600

of the fatal kind and you've probably

36

00:01:32,810 --> 00:01:30,000

heard about the Chilean government's

37

00:01:36,350 --> 00:01:32,820

recent report on the there stating their

38

00:01:38,749 --> 00:01:36,360

analysis on two pictures showing UFOs

39

00:01:40,460 --> 00:01:38,759

it's a great breaking story and I'm

40

00:01:43,130 --> 00:01:40,470

excited to say for the first part of the

41

00:01:44,810 --> 00:01:43,140

show we have investigative journalists

42

00:01:47,359 --> 00:01:44,820

who I'm sure you all know out there

43

00:01:49,039 --> 00:01:47,369

Leslie Kane and joining us from the

44

00:01:52,639 --> 00:01:49,049

Chilean government's agency

45

00:01:54,230 --> 00:01:52,649

sefa is which stands for committee for

46

00:01:58,310 --> 00:01:54,240

the studies of anomalous aerial

47

00:02:00,590 --> 00:01:58,320

phenomena in Spanish course is Jose Lai

48

00:02:03,969 --> 00:02:00,600

and welcome to the show both Lesley and

49

00:02:09,650 --> 00:02:03,979

Jose thanks Martin great to be here

50

00:02:12,290 --> 00:02:09,660

thank you yeah yes I got to meet you

51
00:02:13,760 --> 00:02:12,300
both last year and really enjoyed the

52
00:02:16,310 --> 00:02:13,770
company of you both

53
00:02:18,650 --> 00:02:16,320
and Leslie I want to congratulate you

54
00:02:21,290 --> 00:02:18,660
first for breaking this breaking this

55
00:02:23,900 --> 00:02:21,300
great story and please if you would give

56
00:02:25,610 --> 00:02:23,910
us a summary of it what and what has

57
00:02:28,670 --> 00:02:25,620
happened since this came hot off the

58
00:02:30,350 --> 00:02:28,680
press so to speak okay well just in a

59
00:02:31,880 --> 00:02:30,360
nutshell for people who haven't read it

60
00:02:34,340 --> 00:02:31,890
and by the way they can go to

61
00:02:36,380 --> 00:02:34,350
huffingtonpost.com and just put my name

62
00:02:38,150 --> 00:02:36,390
in there or go to my Facebook page and

63
00:02:41,480 --> 00:02:38,160

there's a link to the story but

64

00:02:44,000 --> 00:02:41,490

basically what it is is that some very

65

00:02:48,290 --> 00:02:44,010

sophisticated technical employees at a

66

00:02:48,770 --> 00:02:48,300

mine in northern Chile spent about over

67

00:02:52,010 --> 00:02:48,780

an hour

68

00:02:53,960 --> 00:02:52,020

viewing a UFO in the sky there were four

69

00:02:55,970 --> 00:02:53,970

of them and witnessed it and it did all

70

00:02:58,460 --> 00:02:55,980

kinds of manoeuvres and hovered and and

71

00:02:59,930 --> 00:02:58,470

went up and down back and forth and they

72

00:03:01,850 --> 00:02:59,940

there were two pictures that they took

73

00:03:04,340 --> 00:03:01,860

now these people didn't want have

74

00:03:05,390 --> 00:03:04,350

anything to do with this publicly and so

75

00:03:07,760 --> 00:03:05,400

they just kept the pictures of

76

00:03:10,790 --> 00:03:07,770

themselves a few months later one of

77

00:03:13,400 --> 00:03:10,800

them showed the images to an engineer at

78

00:03:16,190 --> 00:03:13,410

the mine it was very impressed with them

79

00:03:16,910 --> 00:03:16,200

asked for copies and sent two photos to

80

00:03:19,550 --> 00:03:16,920

the sefa

81

00:03:20,990 --> 00:03:19,560

because this engine you knew that this

82

00:03:23,690 --> 00:03:21,000

was the government agency that was

83

00:03:26,000 --> 00:03:23,700

responsible for dealing with UFO issues

84

00:03:29,960 --> 00:03:26,010

in the country this is a official agency

85

00:03:32,660 --> 00:03:29,970

and they decided after having eliminated

86

00:03:34,760 --> 00:03:32,670

all possible explanations conventional

87

00:03:36,170 --> 00:03:34,770

explanations for this and being a

88

00:03:39,440 --> 00:03:36,180

government agency they have the

89

00:03:41,120 --> 00:03:39,450

capability of getting data on any any

90

00:03:43,100 --> 00:03:41,130

type of data that they need in order to

91

00:03:44,930 --> 00:03:43,110

determine whether something has an

92

00:03:47,420 --> 00:03:44,940

explanation so they did a very thorough

93

00:03:48,980 --> 00:03:47,430

analysis of that level and discovered

94

00:03:50,690 --> 00:03:48,990

that there really was no explanation for

95

00:03:54,260 --> 00:03:50,700

this and then they decided to have the

96

00:03:57,020 --> 00:03:54,270

pictures analyzed and just last week the

97

00:03:59,720 --> 00:03:57,030

sefa released the analysis by a

98

00:04:02,390 --> 00:03:59,730

technician a technician on of there's a

99

00:04:04,610 --> 00:04:02,400

technical expert at the connector with

100

00:04:07,730 --> 00:04:04,620

the sefa who did an analysis and put it

101
00:04:10,070 --> 00:04:07,740
they made this public and so I was of

102
00:04:11,540 --> 00:04:10,080
course when it became public I was very

103
00:04:13,729 --> 00:04:11,550
interested in getting the word out to

104
00:04:15,710 --> 00:04:13,739
the mainstream and that's when I did the

105
00:04:17,740 --> 00:04:15,720
story but that's essentially what the

106
00:04:20,449 --> 00:04:17,750
story is and people need to go on to the

107
00:04:23,030 --> 00:04:20,459
site to actually see the pictures and

108
00:04:25,940 --> 00:04:23,040
what has happened since this thing has

109
00:04:27,480 --> 00:04:25,950
come out well it's there's been kind of

110
00:04:29,850 --> 00:04:27,490
a firestorm I mean

111
00:04:32,790 --> 00:04:29,860
I'm quite surprised actually about the

112
00:04:35,159 --> 00:04:32,800
reaction the the story on the Huffington

113
00:04:38,159 --> 00:04:35,169

Post has received more than 1 million

114

00:04:41,010 --> 00:04:38,169

reader views so far I mean the limit I'm

115

00:04:42,330 --> 00:04:41,020

way over a million a million hundred

116

00:04:44,219 --> 00:04:42,340

thousand or something like that

117

00:04:46,320 --> 00:04:44,229

and there's lots of other media that's

118

00:04:49,050 --> 00:04:46,330

picked it up it's been on Fox News it's

119

00:04:53,010 --> 00:04:49,060

been on a major newspaper in the UK a

120

00:04:55,170 --> 00:04:53,020

major venue in Australia every just

121

00:04:57,180 --> 00:04:55,180

about every blog out there that you know

122

00:04:59,520 --> 00:04:57,190

deals with UFOs it's picked it up so

123

00:05:01,529 --> 00:04:59,530

it's just getting a lot of attention and

124

00:05:03,930 --> 00:05:01,539

I'm kind of surprised but I think why

125

00:05:06,450 --> 00:05:03,940

it's important is that we have an actual

126

00:05:08,490 --> 00:05:06,460

government of a country that has

127

00:05:10,620 --> 00:05:08,500

released these photographs and has made

128

00:05:13,589 --> 00:05:10,630

the statement that they are a UFO

129

00:05:15,089 --> 00:05:13,599

meaning something unexplained but for a

130

00:05:17,640 --> 00:05:15,099

government of a country to come out and

131

00:05:20,550 --> 00:05:17,650

say that is is a significant thing and

132

00:05:22,860 --> 00:05:20,560

it doesn't happen very often and we'll

133

00:05:24,120 --> 00:05:22,870

talk about a little of the question up

134

00:05:25,740 --> 00:05:24,130

on the chatroom we'll talk a little bit

135

00:05:28,379 --> 00:05:25,750

later about the more or less summary of

136

00:05:32,040 --> 00:05:28,389

the findings but one of the things that

137

00:05:35,219 --> 00:05:32,050

occurred to me as as I was reading this

138

00:05:39,570 --> 00:05:35,229

is often you hear about UFOs near like

139

00:05:41,939 --> 00:05:39,580

large mineral deposits and and I I'm not

140

00:05:44,339 --> 00:05:41,949

going to say any type of speculation why

141

00:05:49,740 --> 00:05:44,349

that is but do you know if this is a

142

00:06:02,399 --> 00:05:49,750

one-time sighting Jose no it is not just

143

00:06:08,990 --> 00:06:02,409

a one-time sighting we have we call you

144

00:06:14,640 --> 00:06:09,000

ap does exist coming from our pilots

145

00:06:18,540 --> 00:06:14,650

military and civilians radar data we

146

00:06:23,129 --> 00:06:18,550

have so many cases that actually leave

147

00:06:26,029 --> 00:06:23,139

no shadow of a doubt that something is

148

00:06:33,240 --> 00:06:26,039

going on that the phenomenon does exist

149

00:06:35,519 --> 00:06:33,250

so well we were obviously very curious

150

00:06:40,740 --> 00:06:35,529

about this case this particular case

151
00:06:48,500 --> 00:06:40,750
because we usually concentrate on

152
00:06:52,650 --> 00:06:48,510
our aeronautical sightings not much

153
00:06:55,860 --> 00:06:52,660
civilian sightings but this this this

154
00:07:00,860 --> 00:06:55,870
particular case was really interesting

155
00:07:05,720 --> 00:07:00,870
and we thought it was worth study so

156
00:07:10,980 --> 00:07:05,730
they did you see but we'd never expected

157
00:07:14,159 --> 00:07:10,990
it to be - to become news actually Wow

158
00:07:16,320 --> 00:07:14,169
no I'm sorry for the confusion I meant

159
00:07:22,700 --> 00:07:16,330
is this a one-time sighting at this

160
00:07:32,700 --> 00:07:27,870
other sightings in different mines you

161
00:07:36,180 --> 00:07:32,710
know perhaps Chile's number one or

162
00:07:46,800 --> 00:07:36,190
number two in the world producing copper

163
00:07:51,870 --> 00:07:46,810

and silver we have three or four cases

164

00:08:02,690 --> 00:07:51,880

of different minds up there in the in

165

00:08:10,159 --> 00:08:07,800

nothing new yes yes and margin yes see

166

00:08:12,390 --> 00:08:10,169

one more thing sure go right ahead

167

00:08:14,040 --> 00:08:12,400

neglected to say a really important

168

00:08:16,440 --> 00:08:14,050

aspect about this case is that these

169

00:08:18,000 --> 00:08:16,450

were daylight sightings and I guess for

170

00:08:19,380 --> 00:08:18,010

people who haven't looked at the I mean

171

00:08:22,140 --> 00:08:19,390

this was the pictures were taken at

172

00:08:25,590 --> 00:08:22,150

around noon and bright clear skies and

173

00:08:28,140 --> 00:08:25,600

the skies in northern Chile are among

174

00:08:30,600 --> 00:08:28,150

the clearest cleanest skies in the world

175

00:08:32,040 --> 00:08:30,610

and they're just crystal clear but the

176

00:08:33,690 --> 00:08:32,050

fact that they were daylight saving

177

00:08:36,029 --> 00:08:33,700

sightings is really important as the

178

00:08:38,820 --> 00:08:36,039

pictures are very good and one of them

179

00:08:40,920 --> 00:08:38,830

shows and actually sort of because it's

180

00:08:43,860 --> 00:08:40,930

noon the Sun is pretty much directly

181

00:08:47,250 --> 00:08:43,870

above the object and one of them has

182

00:08:49,260 --> 00:08:47,260

this very bottom kind of a half sphere

183

00:08:52,380 --> 00:08:49,270

coming out at the bottom of the object

184

00:08:54,210 --> 00:08:52,390

which is illuminated brilliantly

185

00:08:56,760 --> 00:08:54,220

it seems to be that this illumination

186

00:08:58,680 --> 00:08:56,770

comes from within the object rather

187

00:09:01,200 --> 00:08:58,690

because the Sun is above it it's not

188

00:09:03,300 --> 00:09:01,210

just the doctor's reflecting the Sun you

189

00:09:05,490 --> 00:09:03,310

can see rays of light coming out from

190

00:09:07,350 --> 00:09:05,500

along the sides of the object so it's

191

00:09:08,820 --> 00:09:07,360

really quite a striking picture but I

192

00:09:09,990 --> 00:09:08,830

just wanted to mention about the

193

00:09:11,760 --> 00:09:10,000

daylight part because that's really

194

00:09:14,100 --> 00:09:11,770

important yeah and this thing was flying

195

00:09:17,130 --> 00:09:14,110

around for and hovering for about an

196

00:09:18,660 --> 00:09:17,140

hour which is amazing and it's great now

197

00:09:21,450 --> 00:09:18,670

more than an hour it's great to see

198

00:09:23,940 --> 00:09:21,460

really clear pictures instead of you

199

00:09:26,130 --> 00:09:23,950

know a lot of times you know people that

200

00:09:27,450 --> 00:09:26,140

are skeptic out there you know say why

201
00:09:28,920 --> 00:09:27,460
are the pictures always blurry well

202
00:09:31,890 --> 00:09:28,930
these aren't these are great pictures

203
00:09:33,390 --> 00:09:31,900
and let's see up on the message board

204
00:09:35,610 --> 00:09:33,400
anyone can join the message board it's

205
00:09:38,310 --> 00:09:35,620
as if you're listening live it's really

206
00:09:41,370 --> 00:09:38,320
easy to join it's just two clicks and

207
00:09:44,580 --> 00:09:41,380
it's on podcast UFO calm and up on the

208
00:09:46,800 --> 00:09:44,590
message board someone is asking is she

209
00:09:48,450 --> 00:09:46,810
but it can address either one of you I'm

210
00:09:54,080 --> 00:09:48,460
going to give a summary of the findings

211
00:09:58,590 --> 00:09:54,090
Jose would you like to address that yes

212
00:10:04,140 --> 00:09:58,600
do I have to give you my my mail or

213
00:10:08,550 --> 00:10:04,150

something like that okay let me let me

214

00:10:11,070 --> 00:10:08,560

put it a different way can you give what

215

00:10:12,660 --> 00:10:11,080

type of research went into this and what

216

00:10:19,290 --> 00:10:12,670

did you discover as you're researching

217

00:10:25,070 --> 00:10:19,300

oh yes of course first of all there was

218

00:10:27,930 --> 00:10:25,080

the Imperial City and we decided and

219

00:10:32,580 --> 00:10:27,940

first of all I think I have to explain

220

00:10:37,670 --> 00:10:32,590

how our committee works mm-hmm now we

221

00:10:42,180 --> 00:10:37,680

have a what we might call a steady

222

00:10:48,000 --> 00:10:42,190

committee of people that are always at

223

00:10:51,660 --> 00:10:48,010

the Sahara office we have our one

224

00:10:54,830 --> 00:10:51,670

director which is a retired Air Force

225

00:10:58,170 --> 00:10:54,840

general you know regard over mutants

226

00:11:00,740 --> 00:10:58,180

then we have a person in charge of

227

00:11:04,610 --> 00:11:00,750

national affairs army Church of

228

00:11:10,330 --> 00:11:04,620

International Affairs we're a secretary

229

00:11:15,380 --> 00:11:10,340

but behind us we have a panel of

230

00:11:19,010 --> 00:11:15,390

scientists is I think we have now 16 of

231

00:11:23,140 --> 00:11:19,020

them doctorates in different disciplines

232

00:11:27,230 --> 00:11:23,150

from different universities including

233

00:11:31,630 --> 00:11:27,240

national price in science we have also

234

00:11:36,200 --> 00:11:31,640

to astronomers that are very well known

235

00:11:42,880 --> 00:11:36,210

all over the world one of them has an

236

00:11:51,290 --> 00:11:45,880

another one that has discovered many new

237

00:11:55,840 --> 00:11:51,300

galaxies so we have a whole scientific

238

00:12:00,040 --> 00:11:55,850

panel behind us on top of that we have

239

00:12:05,900 --> 00:12:00,050

each of the branches of the armed forces

240

00:12:10,060 --> 00:12:05,910

air force navy army and police they also

241

00:12:13,450 --> 00:12:10,070

have lives on officers that report

242

00:12:19,310 --> 00:12:13,460

anything that happens that it is unusual

243

00:12:23,090 --> 00:12:19,320

to ask directly to our office so we can

244

00:12:30,020 --> 00:12:23,100

cover the whole country of anything that

245

00:12:34,430 --> 00:12:30,030

might be unusual to act that the people

246

00:12:38,030 --> 00:12:34,440

in Chile they don't know about our

247

00:12:42,410 --> 00:12:38,040

office and they report to us directly

248

00:12:44,930 --> 00:12:42,420

without having to go to the

249

00:12:48,200 --> 00:12:44,940

newspapers or something it was things

250

00:12:52,210 --> 00:12:48,210

like that so we received these tunnel

251
00:12:55,570 --> 00:12:52,220
reports and those that are really

252
00:12:58,280 --> 00:12:55,580
extraordinary like in this case because

253
00:13:02,720 --> 00:12:58,290
Korea Wasi which is the case we are

254
00:13:05,530 --> 00:13:02,730
talking about it is a truly civilian

255
00:13:10,700 --> 00:13:05,540
case that has nothing to do with

256
00:13:14,060 --> 00:13:10,710
airspace or Aeronautics but it was so

257
00:13:17,260 --> 00:13:14,070
interesting that we decided to submit it

258
00:13:22,570 --> 00:13:17,270
to an analysis and the

259
00:13:29,880 --> 00:13:22,580
one of our analysts he concluded that it

260
00:13:35,500 --> 00:13:29,890
was actually a solid object UFO and

261
00:13:37,420 --> 00:13:35,510
that's how matter stands now mm-hmm

262
00:13:39,850 --> 00:13:37,430
listen you know we got we have some

263
00:13:44,740 --> 00:13:39,860

great questions coming up and I have

264

00:13:48,940 --> 00:13:44,750

some of my own as well that a question

265

00:13:50,740 --> 00:13:48,950

up here does Bruce Maccabee States in

266

00:13:53,050 --> 00:13:50,750

the article though the inability to

267

00:13:55,720 --> 00:13:53,060

question witnesses does reduce the

268

00:13:58,870 --> 00:13:55,730

credibility and the question is by

269

00:14:01,510 --> 00:13:58,880

chance does our guests know that means

270

00:14:03,850 --> 00:14:01,520

you Jose why they are unable to question

271

00:14:07,480 --> 00:14:03,860

the witnesses or if they'll be able to

272

00:14:11,079 --> 00:14:07,490

interview them at a later time well you

273

00:14:14,680 --> 00:14:11,089

have to be a Chilean professional in

274

00:14:19,600 --> 00:14:14,690

order to understand that and we do

275

00:14:24,880 --> 00:14:19,610

understand the reluctance to to come

276

00:14:29,650 --> 00:14:24,890

forward and talk about it they really

277

00:14:39,370 --> 00:14:29,660

don't want any publicity they don't want

278

00:14:43,540 --> 00:14:39,380

their names to become known I mean they

279

00:14:48,430 --> 00:14:43,550

were not willing to show the evidence

280

00:14:52,240 --> 00:14:48,440

and it was by accident that we we

281

00:14:56,470 --> 00:14:52,250

received it that is the problem we try

282

00:14:59,500 --> 00:14:56,480

to contact them and they were very

283

00:15:03,310 --> 00:14:59,510

politely refused and they have all the

284

00:15:06,220 --> 00:15:03,320

right to do so you know not to talk

285

00:15:09,910 --> 00:15:06,230

about it the thing that just happened

286

00:15:14,190 --> 00:15:09,920

and that was it they want to forget all

287

00:15:18,220 --> 00:15:14,200

about it they are working in a mine and

288

00:15:21,880 --> 00:15:18,230

they want to live their life their lives

289

00:15:25,540 --> 00:15:21,890

quietly they don't want the prayers the

290

00:15:28,930 --> 00:15:25,550

television to go up four thousand three

291

00:15:31,870 --> 00:15:28,940

hundred meters above sea level to bother

292

00:15:34,390 --> 00:15:31,880

them that is the problem

293

00:15:36,120 --> 00:15:34,400

we're so crunched for time and we're

294

00:15:39,250 --> 00:15:36,130

gonna stretch it a little bit further

295

00:15:41,350 --> 00:15:39,260

what about the highest level authorities

296

00:15:46,390 --> 00:15:41,360

in the Chile government how are they

297

00:15:49,570 --> 00:15:46,400

responding to this Jose well in our case

298

00:15:53,850 --> 00:15:49,580

safer ah which is the committee of a

299

00:15:57,880 --> 00:15:53,860

studies of anomalous aerial phenomena or

300

00:16:02,140 --> 00:15:57,890

Highway Patrol Authority is the Minister

301
00:16:06,000 --> 00:16:02,150
of Defense but we depend directly from

302
00:16:08,890 --> 00:16:06,010
the Air Force therefore our highest

303
00:16:14,890 --> 00:16:08,900
authority is the commander-in-chief of

304
00:16:16,660 --> 00:16:14,900
our Air Force and I would like to break

305
00:16:21,100 --> 00:16:16,670
the news Chrigel

306
00:16:24,070 --> 00:16:21,110
made us very happy and very sad at the

307
00:16:29,470 --> 00:16:24,080
same time because the Air Force had

308
00:16:33,790 --> 00:16:29,480
named a very very nice person as a

309
00:16:37,210 --> 00:16:33,800
representative of our Air Force to safar

310
00:16:43,210 --> 00:16:37,220
as a liaison officer and he now is

311
00:16:48,220 --> 00:16:43,220
retired to give us every information

312
00:16:52,780 --> 00:16:48,230
razor sighting of military pilot that

313
00:16:56,130 --> 00:16:52,790

had of anything which is anomalous to to

314

00:17:00,570 --> 00:16:56,140

sever and now there is a new

315

00:17:03,070 --> 00:17:00,580

high-ranking officer there's been named

316

00:17:06,130 --> 00:17:03,080

especially by the commander-in-chief of

317

00:17:11,650 --> 00:17:06,140

the Air Force to represent the Air Force

318

00:17:17,820 --> 00:17:11,660

to to our committee just as we have from

319

00:17:21,610 --> 00:17:17,830

the Navy the the army and the police

320

00:17:27,550 --> 00:17:21,620

civilian police like the FBI your

321

00:17:31,420 --> 00:17:27,560

equivalent our uniformed police so we

322

00:17:34,570 --> 00:17:31,430

covered the whole country anything that

323

00:17:36,970 --> 00:17:34,580

moves and we can detect it it

324

00:17:41,200 --> 00:17:36,980

immediately goes into safar

325

00:17:43,250 --> 00:17:41,210

on top of that we have that 85% of our

326

00:17:48,100 --> 00:17:43,260

population believe

327

00:17:51,789 --> 00:17:48,110

the there must be life outside our world

328

00:18:01,700 --> 00:17:51,799

and they also believe in the phenomena

329

00:18:03,530 --> 00:18:01,710

that actually exist you know would you

330

00:18:05,480 --> 00:18:03,540

be willing to share what the

331

00:18:08,150 --> 00:18:05,490

commander-in-chief's response has been

332

00:18:11,419 --> 00:18:08,160

you mentioned to me that the commander

333

00:18:17,470 --> 00:18:11,429

in chief of the Air Force actually made

334

00:18:29,299 --> 00:18:23,799

we had to appear in several television

335

00:18:36,470 --> 00:18:29,309

channels due to this case his particular

336

00:18:39,640 --> 00:18:36,480

case and by coincidence the commander in

337

00:18:46,060 --> 00:18:39,650

chief so one of the problem programs

338

00:18:49,159 --> 00:18:46,070

television programs he instructed he

339

00:18:52,159 --> 00:18:49,169

suggested the DGSE

340

00:18:55,940 --> 00:18:52,169

director which is another general Air

341

00:19:00,890 --> 00:18:55,950

Force general in active duty to

342

00:19:03,740 --> 00:19:00,900

encourage the sofa to continue the good

343

00:19:08,299 --> 00:19:03,750

work we are doing and actually we're

344

00:19:11,030 --> 00:19:08,309

just doing a normal work mm-hmm boy I'll

345

00:19:13,520 --> 00:19:11,040

tell you what I hope you know the only

346

00:19:16,789 --> 00:19:13,530

hope that I can really have on this is

347

00:19:20,090 --> 00:19:16,799

that someone in the US is going to pay

348

00:19:23,840 --> 00:19:20,100

attention to this and see how simple it

349

00:19:26,360 --> 00:19:23,850

can be if if we could set up something

350

00:19:29,390 --> 00:19:26,370

like that in this country you know

351

00:19:31,370 --> 00:19:29,400

because I really do believe that you

352

00:19:34,610 --> 00:19:31,380

know when you're saying 85% of the

353

00:19:36,320 --> 00:19:34,620

people yes understand that there's most

354

00:19:38,870 --> 00:19:36,330

likely life on other planets I think

355

00:19:40,690 --> 00:19:38,880

that is that's kind of it it's I think

356

00:19:43,789 --> 00:19:40,700

that's going global

357

00:19:47,360 --> 00:19:43,799

of course it with you know Kepler and

358

00:19:50,120 --> 00:19:47,370

all the the findings they have out there

359

00:19:54,110 --> 00:19:50,130

we're we have just a few minutes to wrap

360

00:19:56,090 --> 00:19:54,120

this up before we have to bring in our

361

00:19:59,780 --> 00:19:56,100

other guests

362

00:20:01,850 --> 00:19:59,790

now is there anything that you can use

363

00:20:03,110 --> 00:20:01,860

other breaking news you can give us

364

00:20:07,100 --> 00:20:03,120

since the story has come out has

365

00:20:13,940 --> 00:20:07,110

anything changed or or come up that is

366

00:20:18,770 --> 00:20:13,950

notable yes I would like to say that we

367

00:20:25,700 --> 00:20:18,780

have sent the same material visual

368

00:20:31,580 --> 00:20:25,710

material to dr. Bruce Maccabee in the

369

00:20:35,180 --> 00:20:31,590

United States to review it he accepted

370

00:20:39,620 --> 00:20:35,190

to take a look at it we are also sending

371

00:20:47,420 --> 00:20:39,630

the to Europe to France we are doing

372

00:20:54,620 --> 00:20:47,430

much which is a member of three AF sigma

373

00:20:59,950 --> 00:20:54,630

group in France and we is a group where

374

00:21:10,310 --> 00:21:04,130

results and we're doing very objective

375

00:21:14,810 --> 00:21:10,320

objective about it we're just trusting

376

00:21:17,770 --> 00:21:14,820

that the analysis is going to be well

377

00:21:21,620 --> 00:21:17,780

our own specialists

378

00:21:26,830 --> 00:21:21,630

concluded and also we have called a

379

00:21:31,670 --> 00:21:26,840

general meeting with our scientists and

380

00:21:35,390 --> 00:21:31,680

the members of our different area forces

381

00:21:40,910 --> 00:21:35,400

the the Armed Forces they know that you

382

00:21:58,730 --> 00:21:40,920

know the two to reach a consensus about

383

00:22:01,520 --> 00:21:58,740

this case but what you in America called

384

00:22:05,690 --> 00:22:01,530

is no Ginga that is the only thing we

385

00:22:07,340 --> 00:22:05,700

need in Chile that's all mm-hmm just you

386

00:22:09,450 --> 00:22:07,350

know we have one last question that's

387

00:22:13,290 --> 00:22:09,460

been up on the message board and that is

388

00:22:18,000 --> 00:22:13,300

was there ever any radar of this that

389

00:22:22,620 --> 00:22:18,010

you're aware of you know okay but do we

390

00:22:25,380 --> 00:22:22,630

do have a but you may call UFO in

391

00:22:29,370 --> 00:22:25,390

greater in several pieces it's just a

392

00:22:33,080 --> 00:22:29,380

question of going into our webpage we

393

00:22:36,090 --> 00:22:33,090

have radar cases of course we have

394

00:22:37,530 --> 00:22:36,100

otherwise we will not be working right

395

00:22:46,280 --> 00:22:37,540

can you will give out your website

396

00:22:53,870 --> 00:22:46,290

address please yes triple w safe are CI

397

00:22:57,900 --> 00:22:53,880

okay and that's CEF a a dot this and CL

398

00:23:00,180 --> 00:22:57,910

ccl4 Chile yes very good you know what

399

00:23:02,700 --> 00:23:00,190

I'm gonna squeeze this last question in

400

00:23:05,280 --> 00:23:02,710

are there specific places in Chile where

401
00:23:07,350 --> 00:23:05,290
these UFOs are landing or ever seen

402
00:23:13,370 --> 00:23:07,360
landing has anyone ever noted one

403
00:23:19,160 --> 00:23:13,380
landing yes we have a case reported by

404
00:23:24,150 --> 00:23:19,170
air traffic controller one of our

405
00:23:29,120 --> 00:23:24,160
secondary airports is called doable lava

406
00:23:31,860 --> 00:23:29,130
cakes in addition our webpage there I

407
00:23:36,450 --> 00:23:31,870
think I'm going to translate it into

408
00:23:37,530 --> 00:23:36,460
English and because it is really very

409
00:23:40,950 --> 00:23:37,540
impressive

410
00:23:43,740 --> 00:23:40,960
they're very interesting he landed and

411
00:23:46,460 --> 00:23:43,750
then he took off again and the air

412
00:23:53,130 --> 00:23:46,470
traffic controller really describe it

413
00:23:57,560 --> 00:23:53,140

however unfortunately this and safar did

414

00:24:02,070 --> 00:23:57,570

not existed at that time we also have

415

00:24:06,240 --> 00:24:02,080

cases in Antarctica in the Antarctic

416

00:24:10,830 --> 00:24:06,250

continent in our bases there we also

417

00:24:16,980 --> 00:24:10,840

have in our cases for example if you're

418

00:24:20,040 --> 00:24:16,990

going to into our webpage the when you

419

00:24:22,600 --> 00:24:20,050

open the safe for our page you can hear

420

00:24:25,259 --> 00:24:22,610

a pile of saying I have a life

421

00:24:28,810 --> 00:24:25,269

in front of me do you have a traffic and

422

00:24:31,600 --> 00:24:28,820

the air traffic controllers in no we

423

00:24:34,779 --> 00:24:31,610

don't have any traffic reported but I

424

00:24:38,380 --> 00:24:34,789

can see the light going right in front

425

00:24:40,480 --> 00:24:38,390

of you wow that is so great

426

00:24:43,029 --> 00:24:40,490

Leslie I want to congratulate you once

427

00:24:46,899 --> 00:24:43,039

again for such a wonderfully written

428

00:24:50,409 --> 00:24:46,909

article and also the visibility this is

429

00:24:55,629 --> 00:24:50,419

getting it's wonderful I feel honored to

430

00:24:58,860 --> 00:24:55,639

have you both on thank you so much all

431

00:25:02,049 --> 00:24:58,870

right we hope to have you back for sure

432

00:25:06,070 --> 00:25:02,059

body and I would like to inform you also

433

00:25:11,500 --> 00:25:06,080

that general Bermudez send you many

434

00:25:15,580 --> 00:25:11,510

greetings also and I he is our director

435

00:25:19,269 --> 00:25:15,590

and he wanted me to to make a special

436

00:25:25,029 --> 00:25:19,279

point of the fact that Leslie King

437

00:25:29,620 --> 00:25:25,039

she she's our fish spokesperson in the

438

00:25:31,629 --> 00:25:29,630

United States wonderful yes Leslie we

439

00:25:34,180 --> 00:25:31,639

all really appreciate that thank you

440

00:25:35,919 --> 00:25:34,190

both so much and it's time we're gonna

441

00:25:42,789 --> 00:25:35,929

have to drop out with you and bring our

442

00:25:46,450 --> 00:25:42,799

guests in hey great to talk to you talk

443

00:25:48,759 --> 00:25:46,460

to you soon bye bye alright now

444

00:25:51,370 --> 00:25:48,769

we're gonna bring in our guest Nick

445

00:25:55,870 --> 00:25:51,380

Redfern and we have to do this the

446

00:25:59,950 --> 00:25:55,880

old-fashioned way and the phone is

447

00:26:07,799 --> 00:25:59,960

dialing so that was pretty exciting and

448

00:26:14,919 --> 00:26:13,029

hello hello Nick how are you yeah thanks

449

00:26:16,539 --> 00:26:14,929

so much for joining us again we had you

450

00:26:19,570 --> 00:26:16,549

back I don't know a number of months ago

451

00:26:20,769 --> 00:26:19,580

and during our conversation you

452

00:26:23,320 --> 00:26:20,779

mentioned this book you are writing

453

00:26:27,070 --> 00:26:23,330

which is called Close Encounters of the

454

00:26:30,039 --> 00:26:27,080

fatal kind so so thanks so much for for

455

00:26:32,139 --> 00:26:30,049

joining us and and it's quite a book

456

00:26:34,600 --> 00:26:32,149

I've been in it for the light to admit

457

00:26:36,520 --> 00:26:34,610

I'm not the fastest reader out there so

458

00:26:39,670 --> 00:26:36,530

but I did

459

00:26:43,780 --> 00:26:39,680

I'd get through it I just have a lot

460

00:26:47,920 --> 00:26:43,790

going on is what it is so you know it's

461

00:26:50,140 --> 00:26:47,930

not really a real upbeat or enlightening

462

00:26:52,420 --> 00:26:50,150

topic but it's one that needed to be

463

00:26:55,110 --> 00:26:52,430

addressed and I'm glad you wrote the

464

00:26:58,480 --> 00:26:55,120

book can you tell the listening audience

465

00:27:03,070 --> 00:26:58,490

how you came about the topic what made

466

00:27:04,930 --> 00:27:03,080

you decide to write this book well when

467

00:27:08,170 --> 00:27:04,940

you sort of write in a book on any

468

00:27:09,310 --> 00:27:08,180

subject and you know people gonna go out

469

00:27:11,470 --> 00:27:09,320

and buy it you want to be able to give

470

00:27:14,950 --> 00:27:11,480

them something new you know just go over

471

00:27:16,300 --> 00:27:14,960

all ground and so that's sort of one of

472

00:27:18,700 --> 00:27:16,310

the main things I always think about

473

00:27:23,410 --> 00:27:18,710

when I'm writing a book what hasn't been

474

00:27:26,140 --> 00:27:23,420

done before in book format and it kind

475

00:27:28,780 --> 00:27:26,150

of surprised me I guess nobody had

476

00:27:31,780 --> 00:27:28,790

really done a full length book on all

477

00:27:34,240 --> 00:27:31,790

the sort of various unexplained deaths

478

00:27:37,030 --> 00:27:34,250

and mysterious and suspicious deaths a

479

00:27:38,320 --> 00:27:37,040

new follow G from the forties to the

480

00:27:40,750 --> 00:27:38,330

present day you know there were sort of

481

00:27:42,190 --> 00:27:40,760

people written maybe a chapter or an

482

00:27:43,930 --> 00:27:42,200

article here they're on the online

483

00:27:45,460 --> 00:27:43,940

whatever but there never been a full

484

00:27:47,620 --> 00:27:45,470

then study of the whole thing so that

485

00:27:50,170 --> 00:27:47,630

was that was basically the reason for

486

00:27:52,600 --> 00:27:50,180

doing it that's to bring something new

487

00:27:55,870 --> 00:27:52,610

and to demonstrate to people it's not

488

00:27:57,430 --> 00:27:55,880

just you know a bunch of paranoid

489

00:28:00,310 --> 00:27:57,440

rubbish or whatever that there actually

490

00:28:03,490 --> 00:28:00,320

are some genuine or lots of genuinely

491

00:28:05,110 --> 00:28:03,500

weird deaths within ufology and many of

492

00:28:09,250 --> 00:28:05,120

them people just don't know about

493

00:28:11,170 --> 00:28:09,260

haven't heard about and so you know to

494

00:28:14,380 --> 00:28:11,180

help inform people just just put it out

495

00:28:16,390 --> 00:28:14,390

there right now I had I believe I spoke

496

00:28:18,580 --> 00:28:16,400

to you about this as well I had talked

497

00:28:21,370 --> 00:28:18,590

to Peter Robbins about this subject

498

00:28:22,870 --> 00:28:21,380

subject quite a while ago and it was

499

00:28:25,800 --> 00:28:22,880

something he was contemplating as well

500

00:28:28,930 --> 00:28:25,810

so your timeout was your timing was good

501
00:28:32,350 --> 00:28:28,940
but they're not a Peter did a very good

502
00:28:34,630 --> 00:28:32,360
paper on James Forrestal's death the

503
00:28:36,790 --> 00:28:34,640
first secretary of defense I remember me

504
00:28:40,210 --> 00:28:36,800
to gave a lecture on it I think about 10

505
00:28:43,300 --> 00:28:40,220
years ago at Brian woods UFO crash

506
00:28:48,040 --> 00:28:43,310
retrieval conference in Vegas poet 2003

507
00:28:49,030 --> 00:28:48,050
2004 something like that so and I mean

508
00:28:51,670 --> 00:28:49,040
that

509
00:28:52,900 --> 00:28:51,680
loan you know somebody maybe paid I mean

510
00:28:56,770 --> 00:28:52,910
that could be the subject of an entire

511
00:28:58,780 --> 00:28:56,780
book the Forrestal death and you know so

512
00:29:02,170 --> 00:28:58,790
many twists and turns in that case yes I

513
00:29:04,060 --> 00:29:02,180

did I got more than halfway through the

514

00:29:08,350 --> 00:29:04,070

book so I did read through that and that

515

00:29:10,330 --> 00:29:08,360

is an unusual case where he's he's left

516

00:29:11,740 --> 00:29:10,340

alone for a few minutes and toss but he

517

00:29:15,430 --> 00:29:11,750

had a fear of heights and you know I

518

00:29:17,830 --> 00:29:15,440

mean he and it's right in the CIA and

519

00:29:19,180 --> 00:29:17,840

how to assassinate the kind of the same

520

00:29:20,670 --> 00:29:19,190

thing that happened to him more or less

521

00:29:23,680 --> 00:29:20,680

do you want to go into that a little bit

522

00:29:26,350 --> 00:29:23,690

well yeah sure well James Forrestal was

523

00:29:29,860 --> 00:29:26,360

the first US Secretary of Defense and he

524

00:29:31,870 --> 00:29:29,870

was appointed to that position in 1947

525

00:29:34,410 --> 00:29:31,880

by President Harry Truman there was

526

00:29:37,300 --> 00:29:34,420

obviously the president at the time

527

00:29:39,540 --> 00:29:37,310

there in a lot of stories and accounts

528

00:29:41,740 --> 00:29:39,550

within the UFO field that after

529

00:29:43,660 --> 00:29:41,750

Forrestal was appointed secretary of

530

00:29:45,760 --> 00:29:43,670

defense that he received this sort of

531

00:29:49,660 --> 00:29:45,770

classified briefing on the UFO subject

532

00:29:52,480 --> 00:29:49,670

and essentially what was known about the

533

00:29:55,000 --> 00:29:52,490

subject at that time and bear in mind

534

00:29:58,510 --> 00:29:55,010

that the the Kenneth Arnold site in

535

00:30:00,100 --> 00:29:58,520

Roswell with June and July 47 and forest

536

00:30:02,710 --> 00:30:00,110

still got the job in September so there

537

00:30:06,340 --> 00:30:02,720

was only sort of seven or eight with

538

00:30:07,930 --> 00:30:06,350

weeks worth of material to brief him on

539

00:30:10,540 --> 00:30:07,940

so the product wasn't that much even

540

00:30:14,980 --> 00:30:10,550

though it was still very significant now

541

00:30:18,420 --> 00:30:14,990

Forrestal was a very clever sort of

542

00:30:21,070 --> 00:30:18,430

insightful guy who was good at sort of

543

00:30:23,200 --> 00:30:21,080

sizing up situations you know he was

544

00:30:25,390 --> 00:30:23,210

previously the secretary the Navy and

545

00:30:28,390 --> 00:30:25,400

someone who during the Second World War

546

00:30:32,080 --> 00:30:28,400

I was responsible for a lot of good work

547

00:30:34,390 --> 00:30:32,090

you know helping the war effort the only

548

00:30:37,480 --> 00:30:34,400

downside with Forrestal what he was a

549

00:30:39,400 --> 00:30:37,490

very emotional person which isn't

550

00:30:43,240 --> 00:30:39,410

necessarily the best thing I guess when

551
00:30:46,540 --> 00:30:43,250
you're Secretary of Defense he had a lot

552
00:30:48,640 --> 00:30:46,550
of sort of self doubts and his

553
00:30:52,660 --> 00:30:48,650
relationship with his wife suffered they

554
00:30:54,490 --> 00:30:52,670
had they were sort of you know just not

555
00:30:56,740 --> 00:30:54,500
well so two together after a while but

556
00:30:58,810 --> 00:30:56,750
they stayed together so a lot of things

557
00:31:00,820 --> 00:30:58,820
going on the background now

558
00:31:03,610 --> 00:31:00,830
there's a story that when Forrester was

559
00:31:05,590 --> 00:31:03,620
briefed on the UFO subjects he had a lot

560
00:31:07,360 --> 00:31:05,600
of trouble dealing with it that he

561
00:31:11,320 --> 00:31:07,370
caused him like a lot of stress and

562
00:31:13,660 --> 00:31:11,330
anxiety the implication being that he

563
00:31:16,120 --> 00:31:13,670

was the briefing was filled with a lot

564

00:31:17,620 --> 00:31:16,130

of disturbing material that most of us

565

00:31:20,080 --> 00:31:17,630

don't know about and you know that could

566

00:31:22,540 --> 00:31:20,090

well be in the case but rather than sort

567

00:31:24,070 --> 00:31:22,550

of dealing with it you know ill at the

568

00:31:25,960 --> 00:31:24,080

height of the Cold War everybody dealt

569

00:31:28,450 --> 00:31:25,970

with the fact that the Russians could

570

00:31:30,070 --> 00:31:28,460

kill us any day you know either with a

571

00:31:32,440 --> 00:31:30,080

nuclear war

572

00:31:33,640 --> 00:31:32,450

he didn't kind of just put it to the

573

00:31:36,070 --> 00:31:33,650

back of his mind and get on with his job

574

00:31:38,530 --> 00:31:36,080

the story is that he just obsessed him

575

00:31:41,200 --> 00:31:38,540

to the point where he plunged into like

576

00:31:46,390 --> 00:31:41,210

a complete nervous collapse essentially

577

00:31:48,880 --> 00:31:46,400

and what happened was in March 1949 he

578

00:31:52,510 --> 00:31:48,890

was admitted to the Bethesda Naval

579

00:31:55,780 --> 00:31:52,520

Hospital in Maryland with essentially a

580

00:32:00,580 --> 00:31:55,790

huge stress and this psychological

581

00:32:05,170 --> 00:32:00,590

collapse and the in there until his

582

00:32:09,490 --> 00:32:05,180

death in May 1949 maybe 22nd and by all

583

00:32:13,270 --> 00:32:09,500

accounts he matanda was in there which

584

00:32:15,910 --> 00:32:13,280

was on the 16th floor he made a great

585

00:32:19,690 --> 00:32:15,920

deal of progress to the extent that by

586

00:32:22,840 --> 00:32:19,700

late April he was sort of essentially

587

00:32:26,770 --> 00:32:22,850

back to normal he had a military guard

588

00:32:28,390 --> 00:32:26,780

in there who florestal had actually said

589

00:32:31,090 --> 00:32:28,400

look when I come out here I want you as

590

00:32:33,430 --> 00:32:31,100

my personal chauffeur and he got plans

591

00:32:36,160 --> 00:32:33,440

for a new job and you know didn't sound

592

00:32:37,990 --> 00:32:36,170

like a man who was every age of suicide

593

00:32:40,300 --> 00:32:38,000

or was just sort of curled up in the

594

00:32:42,850 --> 00:32:40,310

corner of the room crying or whatever

595

00:32:44,950 --> 00:32:42,860

he'd actually sort of come through this

596

00:32:47,440 --> 00:32:44,960

dark period yeah a lot of people in

597

00:32:49,360 --> 00:32:47,450

their lives have experiences like that

598

00:32:52,450 --> 00:32:49,370

and they come out the other end and

599

00:32:54,820 --> 00:32:52,460

that's what he did and I mean he was

600

00:32:56,440 --> 00:32:54,830

eating well you know Sheridan shave it

601
00:33:00,820 --> 00:32:56,450
he wasn't just sort of not looking after

602
00:33:03,610 --> 00:33:00,830
himself now one of the other stories

603
00:33:06,850 --> 00:33:03,620
that's very surrendering within the UFO

604
00:33:09,820 --> 00:33:06,860
field is that there were paper on the

605
00:33:12,520 --> 00:33:09,830
inside who felt that Forrestal was a

606
00:33:14,380 --> 00:33:12,530
potential security risk

607
00:33:17,140 --> 00:33:14,390
he decided to blow the whistle on what

608
00:33:21,310 --> 00:33:17,150
he knew about the UFO subjects ie to the

609
00:33:23,130 --> 00:33:21,320
media and to the general public and so

610
00:33:26,560 --> 00:33:23,140
one of the theories is that he was

611
00:33:28,350 --> 00:33:26,570
essentially taken to Bethesda not just

612
00:33:30,730 --> 00:33:28,360
for his own good but so he couldn't

613
00:33:33,310 --> 00:33:30,740

release this story about what he knew

614

00:33:34,810 --> 00:33:33,320

about UFOs and the story was that that's

615

00:33:38,200 --> 00:33:34,820

exactly what he wanted to do he wanted

616

00:33:40,870 --> 00:33:38,210

to tell the world now he never a chance

617

00:33:45,160 --> 00:33:40,880

to do that because he died in the early

618

00:33:49,300 --> 00:33:45,170

hours of May 22nd 1949 now you know the

619

00:33:51,940 --> 00:33:49,310

day before the 21st his brother found

620

00:33:54,060 --> 00:33:51,950

the hospital and said well I'm coming

621

00:33:57,100 --> 00:33:54,070

tomorrow and I'm gonna take him home and

622

00:33:59,530 --> 00:33:57,110

his brother just really didn't care

623

00:34:02,020 --> 00:33:59,540

whether or not the you know the the

624

00:34:03,340 --> 00:34:02,030

doctors there liked it or not and he's

625

00:34:05,380 --> 00:34:03,350

put the Henry said you know I'm bringing

626

00:34:07,120 --> 00:34:05,390

him home and you could like it or not

627

00:34:11,490 --> 00:34:07,130

like it but that's what's gonna happen

628

00:34:13,960 --> 00:34:11,500

and if Forrestal was if somebody was

629

00:34:16,690 --> 00:34:13,970

worried about Forrestal spilling the

630

00:34:18,460 --> 00:34:16,700

beans and if somebody wanted to get rid

631

00:34:21,490 --> 00:34:18,470

of him and his brother was gonna come in

632

00:34:22,330 --> 00:34:21,500

on the 22nd and it found the hospital on

633

00:34:24,340 --> 00:34:22,340

the 21st

634

00:34:26,680 --> 00:34:24,350

well that really only gave the night of

635

00:34:29,110 --> 00:34:26,690

the 21st or the early hours of the 22nd

636

00:34:31,510 --> 00:34:29,120

to get rid of him which is exactly what

637

00:34:34,030 --> 00:34:31,520

happened he died in the early hours of

638

00:34:36,940 --> 00:34:34,040

May 22nd and interestingly enough it

639

00:34:38,860 --> 00:34:36,950

occurred when the guy he was God who

640

00:34:40,570 --> 00:34:38,870

actually wasn't the regular guard who

641

00:34:43,510 --> 00:34:40,580

had offered the show fringy up to is

642

00:34:46,510 --> 00:34:43,520

another one said he had to leave the

643

00:34:49,180 --> 00:34:46,520

room always called out but the upshot

644

00:34:51,370 --> 00:34:49,190

was that Forrestal was left alone and

645

00:34:54,180 --> 00:34:51,380

then when the guard got back he wasn't

646

00:34:56,800 --> 00:34:54,190

there and there was an open window and

647

00:34:59,620 --> 00:34:56,810

the guard looked out and there he was

648

00:35:00,880 --> 00:34:59,630

lying on an Alfa hanging roof 13 floors

649

00:35:03,910 --> 00:35:00,890

down it was actually the roof of the

650

00:35:05,650 --> 00:35:03,920

third floor which stuck out and of

651
00:35:07,720 --> 00:35:05,660
course before 13 floors you know you

652
00:35:09,840 --> 00:35:07,730
know none of us are so provide you know

653
00:35:12,310 --> 00:35:09,850
you're just not going to survive now

654
00:35:14,020 --> 00:35:12,320
there were a lot of weird aspects

655
00:35:16,690 --> 00:35:14,030
surrounding the death itself the

656
00:35:18,490 --> 00:35:16,700
official line is that he took the cord

657
00:35:20,740 --> 00:35:18,500
from his dressing gown and put one end

658
00:35:24,550 --> 00:35:20,750
around his neck tied the other end

659
00:35:26,200 --> 00:35:24,560
around the radiator and then climbed out

660
00:35:28,390 --> 00:35:26,210
of the window and lowered him

661
00:35:31,000 --> 00:35:28,400
down but if you think about that you

662
00:35:32,710 --> 00:35:31,010
know you say double not one ender and

663
00:35:34,839 --> 00:35:32,720

radiator double knock the other end

664

00:35:36,370 --> 00:35:34,849

around your neck and then there's still

665

00:35:38,560 --> 00:35:36,380

going to be enough cord for you to climb

666

00:35:41,200 --> 00:35:38,570

right out of the window your entire body

667

00:35:44,170 --> 00:35:41,210

and lower yourself down on the other

668

00:35:46,210 --> 00:35:44,180

side yeah why don't like he was you know

669

00:35:49,210 --> 00:35:46,220

in a 60 inch waist or restricting like

670

00:35:51,040 --> 00:35:49,220

that so that kind of sounds strange you

671

00:35:56,980 --> 00:35:51,050

know but he could do all that with just

672

00:35:59,950 --> 00:35:56,990

a regular waist cord and the the story

673

00:36:02,560 --> 00:35:59,960

is that he essentially tried to hang

674

00:36:05,460 --> 00:36:02,570

himself at the window but the weight of

675

00:36:07,870 --> 00:36:05,470

his body and just been tied by a cord

676

00:36:10,660 --> 00:36:07,880

split the cord and he just fell to his

677

00:36:12,730 --> 00:36:10,670

death but there are actually signs

678

00:36:14,650 --> 00:36:12,740

outside the window of scratch marks

679

00:36:17,290 --> 00:36:14,660

where it looked like he'd been fighting

680

00:36:18,700 --> 00:36:17,300

to get back in as if possibly you know

681

00:36:22,210 --> 00:36:18,710

somebody had forced him out of the

682

00:36:24,550 --> 00:36:22,220

window and died days brother Henry

683

00:36:27,310 --> 00:36:24,560

believed that the forest had been

684

00:36:29,890 --> 00:36:27,320

outright murdered and I wish you pointed

685

00:36:31,960 --> 00:36:29,900

out there actually is this official CIA

686

00:36:33,400 --> 00:36:31,970

document for the early 50s which is

687

00:36:35,070 --> 00:36:33,410

which is officially being released

688

00:36:38,349 --> 00:36:35,080

through the favor Information Act and

689

00:36:40,690 --> 00:36:38,359

it's called a study of assassination and

690

00:36:43,930 --> 00:36:40,700

he's essentially a guideline documents

691

00:36:46,240 --> 00:36:43,940

for CI personnel on how to make a murder

692

00:36:47,920 --> 00:36:46,250

look like a suicide or an accident and

693

00:36:51,520 --> 00:36:47,930

top of the list

694

00:36:54,190 --> 00:36:51,530

in making it work well is to throw

695

00:36:57,550 --> 00:36:54,200

somebody out of a high window onto a

696

00:36:59,170 --> 00:36:57,560

concrete floor and so that's actually

697

00:37:02,410 --> 00:36:59,180

you know a recommendation in the

698

00:37:08,440 --> 00:37:02,420

documents and it's exactly how Forrestal

699

00:37:10,450 --> 00:37:08,450

died right right now a lot of this there

700

00:37:12,550 --> 00:37:10,460

is this like mostly like fleeting

701

00:37:15,130 --> 00:37:12,560

evidence sort of like the UFOs

702

00:37:17,530 --> 00:37:15,140

themselves I mean is there any case out

703

00:37:20,050 --> 00:37:17,540

there that you looked into that you

704

00:37:23,410 --> 00:37:20,060

could say wow you know that is really

705

00:37:28,060 --> 00:37:23,420

really solid can you can you go over

706

00:37:30,099 --> 00:37:28,070

that anything that you think forrestal's

707

00:37:32,109 --> 00:37:30,109

death is suspicious under any

708

00:37:34,359 --> 00:37:32,119

circumstances without you know bringing

709

00:37:36,940 --> 00:37:34,369

UFOs into the mix but as I said there

710

00:37:38,980 --> 00:37:36,950

are strands but you're right there

711

00:37:41,410 --> 00:37:38,990

strands and we need to put those strands

712

00:37:43,720 --> 00:37:41,420

together to a greater degree that we

713

00:37:46,089 --> 00:37:43,730

have already if we can at least speaking

714

00:37:47,890 --> 00:37:46,099

you knows that long ago and when people

715

00:37:49,690 --> 00:37:47,900

got onto the UFO angle it was it was

716

00:37:53,770 --> 00:37:49,700

years later but certainly there are

717

00:37:55,720 --> 00:37:53,780

other ones that for me at least point

718

00:37:57,790 --> 00:37:55,730

right in the direction of the UFO

719

00:38:01,510 --> 00:37:57,800

phenomenon one of them I talked about in

720

00:38:04,750 --> 00:38:01,520

the book was the 1959 death of Morris K

721

00:38:07,030 --> 00:38:04,760

Jessup a UFO researcher who got involved

722

00:38:11,230 --> 00:38:07,040

in all sorts of stuff like ancient

723

00:38:13,839 --> 00:38:11,240

astronauts UFOs in the 40s and 50s the

724

00:38:16,690 --> 00:38:13,849

Philadelphia Experiment and then wound

725

00:38:19,480 --> 00:38:16,700

up dead and Forrest excuse me

726

00:38:22,660 --> 00:38:19,490

Jessup was a guy who came for a Michigan

727

00:38:26,319 --> 00:38:22,670

and he developed an interest in the UFO

728

00:38:28,180 --> 00:38:26,329

subjects in the early 50s and bear in

729

00:38:30,579 --> 00:38:28,190

mind how long ago this was he was sort

730

00:38:32,920 --> 00:38:30,589

of really like a pioneer in the whole

731

00:38:35,280 --> 00:38:32,930

field of ancient astronauts you know

732

00:38:38,109 --> 00:38:35,290

we're talking 20 years almost before

733

00:38:40,569 --> 00:38:38,119

Erich von Daniken's Chariots of the Gods

734

00:38:42,339 --> 00:38:40,579

book came out and sort of four decades

735

00:38:46,270 --> 00:38:42,349

before zecharia sitchin was on the scene

736

00:38:49,480 --> 00:38:46,280

and Jessup traveled extensively to South

737

00:38:52,000 --> 00:38:49,490

America and Mexico and came to believe

738

00:38:54,099 --> 00:38:52,010

that the ancient structures there like

739

00:38:56,849 --> 00:38:54,109

the the massive South American pyramids

740

00:38:59,620 --> 00:38:56,859

not too dissimilar to the Egyptian ones

741

00:39:01,089 --> 00:38:59,630

were built by he concluded they could

742

00:39:03,550 --> 00:39:01,099

only have been built by something like

743

00:39:06,880 --> 00:39:03,560

anti-gravity levitation and he came to

744

00:39:09,809 --> 00:39:06,890

the same conclusion for places like the

745

00:39:13,089 --> 00:39:09,819

pyramids in Egypt and Stonehenge and

746

00:39:14,920 --> 00:39:13,099

know whether or not that's true that was

747

00:39:17,349 --> 00:39:14,930

the theory he was sort of promoting in

748

00:39:19,630 --> 00:39:17,359

the early 50s that sort of levitation

749

00:39:22,319 --> 00:39:19,640

type technology to lift these massive

750

00:39:25,150 --> 00:39:22,329

stones and he was also heavily

751
00:39:28,030 --> 00:39:25,160
researching UFOs they said in the foot

752
00:39:29,980 --> 00:39:28,040
late 40s and 50s he wrote a number of

753
00:39:34,470 --> 00:39:29,990
books in the 50s the most famous one

754
00:39:37,839 --> 00:39:34,480
being the case for the UFO now this was

755
00:39:40,000 --> 00:39:37,849
basically he's most well known and sort

756
00:39:42,700 --> 00:39:40,010
of fleshed out book and it's the one

757
00:39:44,440 --> 00:39:42,710
he's probably known for most of all but

758
00:39:46,540 --> 00:39:44,450
the book itself has a weird history

759
00:39:47,700 --> 00:39:46,550
because not so long after it was

760
00:39:51,480 --> 00:39:47,710
published

761
00:39:54,630 --> 00:39:51,490
a copy was mailed anonymously so a

762
00:39:56,910 --> 00:39:54,640
division of the US Navy in Washington DC

763
00:39:59,280 --> 00:39:56,920

I was specifically sent to a division

764

00:40:01,440 --> 00:39:59,290

that was like a special weapons division

765

00:40:03,599 --> 00:40:01,450

that you know was involved in developing

766

00:40:07,470 --> 00:40:03,609

new futuristic weapon systems and so on

767

00:40:10,380 --> 00:40:07,480

and the copy that was mailed anonymously

768

00:40:12,210 --> 00:40:10,390

to the Navy contained all these weird

769

00:40:13,920 --> 00:40:12,220

scribblings and notes where somebody

770

00:40:15,390 --> 00:40:13,930

that you bought the book and on each

771

00:40:19,109 --> 00:40:15,400

page they'd add you all there are little

772

00:40:22,710 --> 00:40:19,119

words in pen and all these notes related

773

00:40:25,380 --> 00:40:22,720

to two things one the issue of ancient

774

00:40:27,750 --> 00:40:25,390

technology being used to move these

775

00:40:32,270 --> 00:40:27,760

massive stones like anti-gravity and the

776

00:40:35,359 --> 00:40:32,280

other thing was I supposed 1943

777

00:40:38,400 --> 00:40:35,369

experiment to try and make a u.s. Navy

778

00:40:39,900 --> 00:40:38,410

warship invisible and this has become

779

00:40:42,060 --> 00:40:39,910

known as the Philadelphia Experiment

780

00:40:46,320 --> 00:40:42,070

this sort of controversial but famous

781

00:40:50,460 --> 00:40:46,330

story that in 43 a ship the USS Eldridge

782

00:40:53,430 --> 00:40:50,470

was made invisible as in literally

783

00:40:55,020 --> 00:40:53,440

invisible but had sort of terrible side

784

00:40:57,060 --> 00:40:55,030

effects on the crew and the project was

785

00:40:59,760 --> 00:40:57,070

shut down now whether or not that's true

786

00:41:02,130 --> 00:40:59,770

as well he's kind of beside the point

787

00:41:04,430 --> 00:41:02,140

but the intriguing thing is that when

788

00:41:06,690 --> 00:41:04,440

this copy of the book was mailed to this

789

00:41:09,960 --> 00:41:06,700

special weapons division in the Navy

790

00:41:11,940 --> 00:41:09,970

they actually found Jessup op phonies

791

00:41:15,180 --> 00:41:11,950

numbers following him up and invited him

792

00:41:18,329 --> 00:41:15,190

out to DC for essentially like a

793

00:41:20,339 --> 00:41:18,339

day-long series of questions on his book

794

00:41:22,349 --> 00:41:20,349

and his theories and on the Philadelphia

795

00:41:25,800 --> 00:41:22,359

Experiment yes it was a little bit

796

00:41:28,260 --> 00:41:25,810

concerned you know I want on the one

797

00:41:30,990 --> 00:41:28,270

hand he was excited that somebody in the

798

00:41:33,480 --> 00:41:31,000

Navy the government was interested in

799

00:41:34,740 --> 00:41:33,490

his book on the other hand he was big

800

00:41:36,810 --> 00:41:34,750

worried was this gonna be like a good

801
00:41:38,640 --> 00:41:36,820
cop bad cop scenario or any good out

802
00:41:40,620 --> 00:41:38,650
there who think that you turned out to

803
00:41:43,680 --> 00:41:40,630
be a good cop/good cop scenario I was

804
00:41:46,980 --> 00:41:43,690
just a very relaxed interview but that

805
00:41:49,230 --> 00:41:46,990
may have been deliberate the the idea

806
00:41:51,359 --> 00:41:49,240
was that the universe of these questions

807
00:41:53,730 --> 00:41:51,369
all about his book and this research

808
00:41:57,120 --> 00:41:53,740
into antigravity but they were clearly

809
00:41:59,579 --> 00:41:57,130
pushing to find out who this person

810
00:42:00,990 --> 00:41:59,589
might have been who was talking about

811
00:42:01,599 --> 00:42:01,000
the Philadelphia Experiment with

812
00:42:03,190 --> 00:42:01,609
hindsight

813
00:42:05,319 --> 00:42:03,200

kind of sounds like there were concerns

814

00:42:08,109 --> 00:42:05,329

that somebody may have compromised a

815

00:42:10,509 --> 00:42:08,119

classified project and they went to

816

00:42:11,019 --> 00:42:10,519

Jessup to figure out if he knew who it

817

00:42:12,910 --> 00:42:11,029

was

818

00:42:17,079 --> 00:42:12,920

well Jess supports a must immediately

819

00:42:19,329 --> 00:42:17,089

should so realize that the writing the

820

00:42:22,979 --> 00:42:19,339

handwriting of his book originated with

821

00:42:26,529 --> 00:42:22,989

a guy named Carlos Allende who had been

822

00:42:28,660 --> 00:42:26,539

in communication with Jess Apache for a

823

00:42:30,670 --> 00:42:28,670

couple years he instantly recognized the

824

00:42:33,700 --> 00:42:30,680

write and said well yes this guy lending

825

00:42:36,910 --> 00:42:33,710

so that set aside the Navy on that score

826

00:42:38,259 --> 00:42:36,920

and Jessup went they flew him back home

827

00:42:41,920 --> 00:42:38,269

that's another thing that covered all

828

00:42:44,319 --> 00:42:41,930

his expenses his hotel his food flight

829

00:42:46,180 --> 00:42:44,329

everything so you know it was taken very

830

00:42:48,489 --> 00:42:46,190

seriously the stuff he put in his book

831

00:42:51,999 --> 00:42:48,499

now after he got back home a lot of

832

00:42:53,229 --> 00:42:52,009

weird stuff began to happen each sort of

833

00:42:54,970 --> 00:42:53,239

wake up in the middle of the night

834

00:42:57,430 --> 00:42:54,980

because the phone was ringing you know

835

00:42:58,809 --> 00:42:57,440

just jolt you away from a dead sleep he

836

00:43:00,640 --> 00:42:58,819

grace to get the farm because he thought

837

00:43:01,870 --> 00:43:00,650

it was bad news I mean if you get a call

838

00:43:04,630 --> 00:43:01,880

at like 4:00 in the morning that's

839

00:43:05,950 --> 00:43:04,640

everybody's first thought you know don't

840

00:43:08,130 --> 00:43:05,960

know where you are the world it's like

841

00:43:10,749 --> 00:43:08,140

oh god you know who's that calling and

842

00:43:13,120 --> 00:43:10,759

it seems like this has done so

843

00:43:14,829 --> 00:43:13,130

essentially destabilize his link which

844

00:43:17,140 --> 00:43:14,839

is exactly what happened these calls

845

00:43:19,390 --> 00:43:17,150

would go on night after night and you

846

00:43:22,690 --> 00:43:19,400

know he's nervous became fried then he

847

00:43:23,979 --> 00:43:22,700

started getting weird hang-up calls and

848

00:43:27,339 --> 00:43:23,989

other times when he picked the phone up

849

00:43:30,420 --> 00:43:27,349

and through these strange electronic

850

00:43:34,089 --> 00:43:30,430

screeches and noises and sounds like

851

00:43:35,650 --> 00:43:34,099

what sounded like a fast very rapid

852

00:43:37,870 --> 00:43:35,660

language but a language he couldn't

853

00:43:39,870 --> 00:43:37,880

understand and he became very nervous by

854

00:43:41,979 --> 00:43:39,880

this there anything else you have male

855

00:43:44,440 --> 00:43:41,989

interference where his mail would arrive

856

00:43:47,529 --> 00:43:44,450

opened and resealed but done in a way

857

00:43:49,509 --> 00:43:47,539

where somebody clearly wanted to make it

858

00:43:51,519 --> 00:43:49,519

obvious to him that if the mail had been

859

00:43:52,870 --> 00:43:51,529

opened you know there's no attempt to

860

00:43:55,239 --> 00:43:52,880

hide it in fact it was the exact

861

00:43:58,479 --> 00:43:55,249

opposite as if somebody wanted to send a

862

00:44:00,400 --> 00:43:58,489

message to him and the message kind of

863

00:44:04,200 --> 00:44:00,410

got him in a similar state to forest or

864

00:44:06,480 --> 00:44:04,210

where he became very paranoid anxious

865

00:44:08,190 --> 00:44:06,490

and felt people watching him bless right

866

00:44:12,780 --> 00:44:08,200

sensor and with hindsight they probably

867

00:44:15,900 --> 00:44:12,790

were now he was found dead in a Florida

868

00:44:18,480 --> 00:44:15,910

Park in 1959 sitting in his car with the

869

00:44:19,680 --> 00:44:18,490

engine running with a hose pipe down

870

00:44:21,780 --> 00:44:19,690

from the exhaust through the for a

871

00:44:23,940 --> 00:44:21,790

window it looked like a classic case of

872

00:44:27,810 --> 00:44:23,950

you know suicide from carbon monoxide

873

00:44:30,780 --> 00:44:27,820

poisoning but weirdly parallel in the

874

00:44:33,270 --> 00:44:30,790

situation with Forrestal as I said

875

00:44:34,500 --> 00:44:33,280

Forrester was killed or died or jump to

876

00:44:36,030 --> 00:44:34,510

have you want to look at it the night

877

00:44:36,480 --> 00:44:36,040

before his brother was going to take him

878

00:44:38,400 --> 00:44:36,490

home

879

00:44:39,960 --> 00:44:38,410

possibly the night before he may have

880

00:44:43,440 --> 00:44:39,970

planned to go publicly worrying about

881

00:44:45,720 --> 00:44:43,450

UFOs well the night before Jessup's

882

00:44:47,970 --> 00:44:45,730

death he found a friend of his Manson

883

00:44:50,970 --> 00:44:47,980

Valentine who was also a researcher of

884

00:44:54,570 --> 00:44:50,980

UFOs and ancient mysteries and said he

885

00:44:56,370 --> 00:44:54,580

told Valentine basically that he'd

886

00:44:57,870 --> 00:44:56,380

uncovered something amazing and he

887

00:45:00,839 --> 00:44:57,880

wanted to meet me Valentine the very

888

00:45:03,500 --> 00:45:00,849

next day the peloton was intrigued and

889

00:45:05,849 --> 00:45:03,510

said yeah you know let's get together

890

00:45:07,710 --> 00:45:05,859

Jordana well that didn't happen because

891

00:45:10,980 --> 00:45:07,720

I said Forrester was found dead in this

892

00:45:13,770 --> 00:45:10,990

particular Park and he looked like a

893

00:45:16,200 --> 00:45:13,780

suicide but there were some very odd

894

00:45:18,420 --> 00:45:16,210

aspects to it for example he was never

895

00:45:21,480 --> 00:45:18,430

thought opposite which you know is

896

00:45:24,570 --> 00:45:21,490

bizarre because just because it looked

897

00:45:26,579 --> 00:45:24,580

like a suicide didn't mean it was the

898

00:45:28,170 --> 00:45:26,589

easiest way during an autopsy to check

899

00:45:30,120 --> 00:45:28,180

to check your person deep died from

900

00:45:33,150 --> 00:45:30,130

carbon monoxide poisoning obviously to

901

00:45:34,980 --> 00:45:33,160

check the blood content for carbon

902

00:45:37,170 --> 00:45:34,990

monoxide you know Farrah breathing when

903

00:45:39,300 --> 00:45:37,180

they died they would have obviously had

904

00:45:43,260 --> 00:45:39,310

it in their lungs you know he was dead

905

00:45:44,880 --> 00:45:43,270

before he was put in the car then there

906

00:45:46,349 --> 00:45:44,890

wouldn't be any carbon monoxide in his

907

00:45:48,390 --> 00:45:46,359

lungs because he wouldn't have breathed

908

00:45:50,370 --> 00:45:48,400

any in because he was dead but nobody

909

00:45:52,170 --> 00:45:50,380

thought to check that since there are

910

00:45:53,040 --> 00:45:52,180

other things as well for example the

911

00:45:55,380 --> 00:45:53,050

window

912

00:45:58,099 --> 00:45:55,390

aside from where the pipe went in were

913

00:46:00,870 --> 00:45:58,109

stuffed with wet rags and dentals and

914

00:46:03,180 --> 00:46:00,880

mrs. Joseph his wife confirmed they

915

00:46:05,220 --> 00:46:03,190

weren't the family's towels now that

916

00:46:07,440 --> 00:46:05,230

might sound odd but you know nobody

917

00:46:09,030 --> 00:46:07,450

would can really say of course one what

918

00:46:10,829 --> 00:46:09,040

goes through anybody's mind when they

919

00:46:12,480 --> 00:46:10,839

decide to kill themselves but it would

920

00:46:14,820 --> 00:46:12,490

seem odd that he would deliberately go

921

00:46:16,170 --> 00:46:14,830

out just to buy new towels you know why

922

00:46:17,040 --> 00:46:16,180

not just take a few from the house with

923

00:46:18,210 --> 00:46:17,050

him

924

00:46:20,670 --> 00:46:18,220

the other thing was that the towels were

925

00:46:22,410 --> 00:46:20,680

soaking wet somebody had wet them

926

00:46:25,200 --> 00:46:22,420

essentially to you know prevent any

927

00:46:28,740 --> 00:46:25,210

arrogance or anything at all but the

928

00:46:30,750 --> 00:46:28,750

water was clear and fresh water there

929

00:46:32,700 --> 00:46:30,760

there was a lake next to where he was

930

00:46:35,160 --> 00:46:32,710

found dead but it was the water was lake

931

00:46:38,160 --> 00:46:35,170

water and it wasn't the water on the

932

00:46:40,170 --> 00:46:38,170

towels but there was no container in the

933

00:46:41,640 --> 00:46:40,180

car or anywhere near the car to suggest

934

00:46:43,650 --> 00:46:41,650

that he could have brought the water

935

00:46:46,260 --> 00:46:43,660

with him and then soaked them then

936

00:46:51,480 --> 00:46:46,270

and oddly nobody thought anything

937

00:46:53,670 --> 00:46:51,490

strange about that that if I can Nick I

938

00:46:57,380 --> 00:46:53,680

got an email earlier and the guy is now

939

00:47:00,920 --> 00:46:57,390

on the message board and he grew up near

940

00:47:04,350 --> 00:47:00,930

Matheson hammock park and said said that

941

00:47:07,740 --> 00:47:04,360

the in the park itself there were there

942

00:47:09,240 --> 00:47:07,750

was showers and fountains that someone

943

00:47:12,840 --> 00:47:09,250

could have gotten fresh water from I

944

00:47:15,390 --> 00:47:12,850

don't know oh yeah the idea that fresh

945

00:47:17,520 --> 00:47:15,400

water was used you know he's in dispute

946

00:47:18,990 --> 00:47:17,530

I mean somebody could have got it I mean

947

00:47:22,680 --> 00:47:19,000

that's actually a very good point that

948

00:47:25,290 --> 00:47:22,690

you know the person makes what I find

949

00:47:27,720 --> 00:47:25,300

very suspicious is the fact that no

950

00:47:30,590 --> 00:47:27,730

container of any sort was found by the

951
00:47:34,760 --> 00:47:30,600
car in the car in the trunk anywhere and

952
00:47:37,740 --> 00:47:34,770
so in other words whoever sold Patel's

953
00:47:39,690 --> 00:47:37,750
even if he was Jess if somebody removed

954
00:47:43,080 --> 00:47:39,700
you know the container afterwards which

955
00:47:45,810 --> 00:47:43,090
suggests it wasn't Jessup so for that

956
00:47:48,180 --> 00:47:45,820
reason I you know I'm not a cop but I

957
00:47:50,730 --> 00:47:48,190
find it baffling that nobody gave any

958
00:47:53,130 --> 00:47:50,740
thought to or where did the water come

959
00:47:55,470 --> 00:47:53,140
from and even he came from the park

960
00:47:58,320 --> 00:47:55,480
where's the container and when you

961
00:48:01,050 --> 00:47:58,330
couple that with the fact lien of new

962
00:48:02,580 --> 00:48:01,060
towels and he was going to file months

963
00:48:04,860 --> 00:48:02,590

he was going to meet with Valentine to

964

00:48:08,940 --> 00:48:04,870

tell him this amazing discovery

965

00:48:11,190 --> 00:48:08,950

and you know you buy the towels the

966

00:48:11,790 --> 00:48:11,200

water the discovery you pull all those

967

00:48:15,080 --> 00:48:11,800

together

968

00:48:18,500 --> 00:48:15,090

and then on top of that no autopsy then

969

00:48:21,450 --> 00:48:18,510

to me that is a really weird situation

970

00:48:25,170 --> 00:48:21,460

that's for me at least points to like a

971

00:48:28,440 --> 00:48:25,180

staged suicide mm-hmm very well can be

972

00:48:29,859 --> 00:48:28,450

now starting out in your book was the

973

00:48:31,569 --> 00:48:29,869

Mauri Island incident

974

00:48:33,549 --> 00:48:31,579

and to me that's one of the fascinating

975

00:48:36,880 --> 00:48:33,559

ones I mean it was a very very early

976
00:48:37,839 --> 00:48:36,890
case and the doughnut-shaped crafts one

977
00:48:40,420 --> 00:48:37,849
of them gets in trouble

978
00:48:44,109 --> 00:48:40,430
it drops something down on the boat

979
00:48:47,799 --> 00:48:44,119
kills the dog injures the boy and the

980
00:48:49,390 --> 00:48:47,809
the there was some recovery and Kenneth

981
00:48:51,249 --> 00:48:49,400
Arnold is actually involved in this a

982
00:48:53,650 --> 00:48:51,259
lot of people don't know that Kenneth

983
00:48:56,920 --> 00:48:53,660
Arnold who supposedly had the first

984
00:48:58,630 --> 00:48:56,930
sighting pardon me but in that case in

985
00:49:00,430 --> 00:48:58,640
particular one of the things I wanted to

986
00:49:02,920 --> 00:49:00,440
talk about and we can do a little

987
00:49:04,989 --> 00:49:02,930
nutshell of it but lieutenant Brown and

988
00:49:07,120 --> 00:49:04,999

captain Davidson you know crashed with

989

00:49:09,099 --> 00:49:07,130

the evidence in the plane and the the

990

00:49:12,609 --> 00:49:09,109

question I was going to ask you yes it

991

00:49:14,109 --> 00:49:12,619

is a mysterious death and you know very

992

00:49:18,130 --> 00:49:14,119

strange how that whole thing there was a

993

00:49:20,140 --> 00:49:18,140

man in black and all that but in your

994

00:49:22,779 --> 00:49:20,150

opinion why would the government kill

995

00:49:27,190 --> 00:49:22,789

their own if this was if this is a

996

00:49:29,890 --> 00:49:27,200

conspirator situation well I mean there

997

00:49:31,630 --> 00:49:29,900

are a number of theories I mean you made

998

00:49:34,150 --> 00:49:31,640

a good summary of the case a you know so

999

00:49:36,009 --> 00:49:34,160

I don't need to go over that but yeah

1000

00:49:38,529 --> 00:49:36,019

what basically happened was when this

1001

00:49:40,599 --> 00:49:38,539

strange wreckage was found it's handed

1002

00:49:42,009 --> 00:49:40,609

over to a guy named Fred Chrisman who

1003

00:49:46,529 --> 00:49:42,019

turned up later in the Kennedy

1004

00:49:49,569 --> 00:49:46,539

assassination of all things and he then

1005

00:49:51,459 --> 00:49:49,579

from-from Chrisman the media got hold of

1006

00:49:53,079 --> 00:49:51,469

the story then the military got hold of

1007

00:49:55,989 --> 00:49:53,089

it and they flew these two guys from

1008

00:49:57,729 --> 00:49:55,999

army intelligence out to Maury Island to

1009

00:49:59,859 --> 00:49:57,739

pick up this strange wreckage and

1010

00:50:01,359 --> 00:49:59,869

transfer it back to Wright Field today

1011

00:50:04,269 --> 00:50:01,369

called wright-patterson Air Force Base

1012

00:50:06,039 --> 00:50:04,279

in Dayton Ohio and they were first

1013

00:50:08,620 --> 00:50:06,049

lieutenant Frank Mercer Braun and

1014

00:50:10,509 --> 00:50:08,630

Captain William Lee Davidson well they

1015

00:50:12,849 --> 00:50:10,519

picked up a bunch of this wreckage and I

1016

00:50:14,319 --> 00:50:12,859

actually reproduce a rare photograph of

1017

00:50:15,789 --> 00:50:14,329

a piece of the wreckage in the book

1018

00:50:17,620 --> 00:50:15,799

which is surfaced through the Freedom of

1019

00:50:20,859 --> 00:50:17,630

Information Act the document I should

1020

00:50:22,239 --> 00:50:20,869

say surfaced from the wreckage but so

1021

00:50:25,239 --> 00:50:22,249

basically what happened was that

1022

00:50:28,359 --> 00:50:25,249

Davidson and Braun took to the skies to

1023

00:50:29,549 --> 00:50:28,369

fly to right field with this wreckage a

1024

00:50:32,170 --> 00:50:29,559

bit carefully

1025

00:50:34,450 --> 00:50:32,180

story like a boxer loaded aboard the

1026
00:50:39,579 --> 00:50:34,460
plane well then got long into the sky

1027
00:50:41,980 --> 00:50:39,589
when the plane caught fire and crashed

1028
00:50:44,890 --> 00:50:41,990
to the ground they were killed

1029
00:50:47,560 --> 00:50:44,900
the recce was reportedly never found by

1030
00:50:51,070 --> 00:50:47,570
the emergency crews were on the scene

1031
00:50:53,740 --> 00:50:51,080
very quickly even though a lot of sort

1032
00:50:56,710 --> 00:50:53,750
of personal details and items of the

1033
00:50:57,970 --> 00:50:56,720
crew that were killed was found you know

1034
00:51:00,310 --> 00:50:57,980
you would think like a large chest

1035
00:51:01,870 --> 00:51:00,320
containing this material might well

1036
00:51:07,030 --> 00:51:01,880
stand out but you know it apparently

1037
00:51:10,050 --> 00:51:07,040
didn't but a lot of weird stories about

1038
00:51:13,600 --> 00:51:10,060

the the crash itself or the explosion

1039

00:51:15,370 --> 00:51:13,610

there was one theory that the aircraft

1040

00:51:17,410 --> 00:51:15,380

itself would actually be sabotage that

1041

00:51:19,750 --> 00:51:17,420

was you know a bomb on board that sort

1042

00:51:21,700 --> 00:51:19,760

of blew it up from the inside out there

1043

00:51:24,310 --> 00:51:21,710

was not a very weird story that Kenneth

1044

00:51:27,090 --> 00:51:24,320

Arnold himself talked about he said

1045

00:51:30,310 --> 00:51:27,100

Arnold himself that the guy who had the

1046

00:51:32,890 --> 00:51:30,320

arguably the most famous and first UFO

1047

00:51:37,000 --> 00:51:32,900

encounter of the modern era on June 24

1048

00:51:39,100 --> 00:51:37,010

1947 Arnold said he'd heard that the the

1049

00:51:42,420 --> 00:51:39,110

b-29 aircraft that they were flying it

1050

00:51:45,040 --> 00:51:42,430

was blasted out of the sky by a cannon

1051
00:51:47,110 --> 00:51:45,050
fired by detachments of the military

1052
00:51:48,820 --> 00:51:47,120
like another detachment and an Arnold

1053
00:51:50,980 --> 00:51:48,830
actually came to believe that there were

1054
00:51:54,250 --> 00:51:50,990
like warring factions within the

1055
00:51:55,630 --> 00:51:54,260
military some that were wanted even at

1056
00:51:57,850 --> 00:51:55,640
this early stage that wanted the whole

1057
00:51:59,230 --> 00:51:57,860
thing keeping under wraps and others

1058
00:52:02,200 --> 00:51:59,240
wanted to get it out to the general

1059
00:52:04,150 --> 00:52:02,210
public and Arnold actually talks about

1060
00:52:06,010 --> 00:52:04,160
the possibility that you know there were

1061
00:52:11,200 --> 00:52:06,020
these factions that had differing

1062
00:52:12,460 --> 00:52:11,210
agendas in relation to you know what

1063
00:52:14,350 --> 00:52:12,470

should be done with this material that's

1064

00:52:16,990 --> 00:52:14,360

was one of the theories that somebody

1065

00:52:19,450 --> 00:52:17,000

decided this isn't gonna reach right

1066

00:52:21,160 --> 00:52:19,460

field otherwise you know if the story

1067

00:52:23,620 --> 00:52:21,170

comes tumbling out we're in big trouble

1068

00:52:26,650 --> 00:52:23,630

let's just you know finish you right now

1069

00:52:28,810 --> 00:52:26,660

and of course this talk of the idea that

1070

00:52:31,090 --> 00:52:28,820

what if there been a UFO in the area and

1071

00:52:33,370 --> 00:52:31,100

it was a UFO that essentially blasted

1072

00:52:36,270 --> 00:52:33,380

the aircraft out of the sky to prevent

1073

00:52:37,980 --> 00:52:36,280

the military getting its hands on and

1074

00:52:40,330 --> 00:52:37,990

understanding and possibly even

1075

00:52:42,400 --> 00:52:40,340

replicating the wreckage

1076
00:52:45,420 --> 00:52:42,410
so you have multiple different theories

1077
00:52:48,160 --> 00:52:45,430
but it all comes down to one thing but

1078
00:52:51,070 --> 00:52:48,170
but two guys

1079
00:52:54,400 --> 00:52:51,080
and Davidson both died when they were

1080
00:52:57,040 --> 00:52:54,410
flying reported UFO wreckage to a

1081
00:53:00,130 --> 00:52:57,050
military base for inspection and that on

1082
00:53:03,310 --> 00:53:00,140
alone you know he's a I think a matter

1083
00:53:05,830 --> 00:53:03,320
for for debate at the very least right

1084
00:53:08,770 --> 00:53:05,840
Nick you know we only have like three

1085
00:53:10,600 --> 00:53:08,780
minutes at this point so you know what

1086
00:53:12,370 --> 00:53:10,610
and I asked you earlier if you would be

1087
00:53:14,350 --> 00:53:12,380
willing to do an extended version so

1088
00:53:16,690 --> 00:53:14,360

we'll we'll continue on after the live

1089

00:53:20,860 --> 00:53:16,700

show but up on the message board is a

1090

00:53:23,800 --> 00:53:20,870

question and do you think that you want

1091

00:53:25,570 --> 00:53:23,810

to comment any on the John Mac case when

1092

00:53:27,130 --> 00:53:25,580

he was run over in England a lot of

1093

00:53:32,470 --> 00:53:27,140

people say that that was just a plane

1094

00:53:33,970 --> 00:53:32,480

accident but I don't have max death in

1095

00:53:35,680 --> 00:53:33,980

the book because actually person you

1096

00:53:38,980 --> 00:53:35,690

don't think it was an accident I mean

1097

00:53:40,300 --> 00:53:38,990

and I'll explain to you why one of the

1098

00:53:41,890 --> 00:53:40,310

things I point out in the book is you

1099

00:53:44,500 --> 00:53:41,900

know over the years I've been literally

1100

00:53:47,610 --> 00:53:44,510

thousands and thousands of people in the

1101
00:53:51,700 --> 00:53:47,620
UFO field researchers authors

1102
00:53:56,670 --> 00:53:51,710
investigators radio hosts you know TV

1103
00:53:59,500 --> 00:53:56,680
personalities all across the board and

1104
00:54:01,330 --> 00:53:59,510
Martin you know most of them had not

1105
00:54:04,480 --> 00:54:01,340
died under unusual circumstances you

1106
00:54:06,400 --> 00:54:04,490
know just lived out their lives and died

1107
00:54:08,200 --> 00:54:06,410
of old age or so or just a keg-nog

1108
00:54:09,730 --> 00:54:08,210
genuine car accidents or whatever you

1109
00:54:12,400 --> 00:54:09,740
know we're all human there's nothing

1110
00:54:14,260 --> 00:54:12,410
special about a green ufology we're all

1111
00:54:16,270 --> 00:54:14,270
the same and accidents happen and

1112
00:54:18,580 --> 00:54:16,280
sometimes somebody has a heart attack

1113
00:54:20,560 --> 00:54:18,590

under their you know 25 or something in

1114

00:54:22,780 --> 00:54:20,570

the same way sometimes you'll see like a

1115

00:54:24,910 --> 00:54:22,790

sports play and I drop dead on the

1116

00:54:27,760 --> 00:54:24,920

football field at 25 or whatever it does

1117

00:54:30,310 --> 00:54:27,770

happen now this comes back to Mack and

1118

00:54:33,250 --> 00:54:30,320

John Mack when he died he was in London

1119

00:54:35,470 --> 00:54:33,260

England where I'm originally from on a

1120

00:54:39,400 --> 00:54:35,480

Saturday night and he was crossing the

1121

00:54:41,200 --> 00:54:39,410

road in a regular cross in place and you

1122

00:54:44,560 --> 00:54:41,210

know I've lived in the US for 13 years

1123

00:54:46,870 --> 00:54:44,570

when I first came over my instinct was

1124

00:54:50,140 --> 00:54:46,880

to look when I'm crossing the road to

1125

00:54:51,850 --> 00:54:50,150

looki 1 you know to my right for

1126

00:54:53,290 --> 00:54:51,860

oncoming traffic it's on crossing the

1127

00:54:57,460 --> 00:54:53,300

road because in England we drive on the

1128

00:54:59,770 --> 00:54:57,470

left you know and vice versa but but

1129

00:55:01,390 --> 00:54:59,780

even my instinct was that I would swing

1130

00:55:03,520 --> 00:55:01,400

you know the wrong direction when

1131

00:55:05,980 --> 00:55:03,530

and I actually a couple of times you

1132

00:55:08,290 --> 00:55:05,990

know went across the road when I just

1133

00:55:11,080 --> 00:55:08,300

realized it last second I was like wow

1134

00:55:12,730 --> 00:55:11,090

you know I I just missed a car because I

1135

00:55:16,300 --> 00:55:12,740

was looking in the wrong direction for

1136

00:55:17,230 --> 00:55:16,310

the oncoming traffic and my suspicion is

1137

00:55:19,870 --> 00:55:17,240

that when Mack

1138

00:55:23,620 --> 00:55:19,880

crossed a London Road busy on a Saturday

1139

00:55:26,740 --> 00:55:23,630

night and that he's automatically his

1140

00:55:28,210 --> 00:55:26,750

instinct was to look to his left for the

1141

00:55:30,070 --> 00:55:28,220

traffic coming on the right-hand side of

1142

00:55:31,810 --> 00:55:30,080

the road forgetting that he said in

1143

00:55:33,730 --> 00:55:31,820

English right on the left so he should

1144

00:55:35,590 --> 00:55:33,740

have lost for the right and he just

1145

00:55:36,910 --> 00:55:35,600

strolled out and was hit by a car and he

1146

00:55:39,100 --> 00:55:36,920

was just hit by a member of the general

1147

00:55:42,280 --> 00:55:39,110

public who was drunk he was over the

1148

00:55:44,170 --> 00:55:42,290

limit for driving so and there was you

1149

00:55:45,400 --> 00:55:44,180

know there wasn't like a staged event in

1150

00:55:47,290 --> 00:55:45,410

the middle of nowhere it was a Saturday

1151

00:55:49,960 --> 00:55:47,300

night on a busy London Road there were

1152

00:55:52,420 --> 00:55:49,970

numerous people around at the time who

1153

00:55:54,130 --> 00:55:52,430

tried to give help it wasn't like you

1154

00:55:56,440 --> 00:55:54,140

know you need some dart back straight

1155

00:55:58,470 --> 00:55:56,450

and he was suddenly found I was later

1156

00:56:00,520 --> 00:55:58,480

you know it's kind of like you imagine

1157

00:56:02,380 --> 00:56:00,530

he's happy to happen on like Times

1158

00:56:06,670 --> 00:56:02,390

Square on a Saturday night that's what

1159

00:56:08,320 --> 00:56:06,680

it was like and the guy the guy was as I

1160

00:56:10,240 --> 00:56:08,330

said was found to be over the limit so

1161

00:56:13,240 --> 00:56:10,250

yeah it's one of those that people might

1162

00:56:15,190 --> 00:56:13,250

want to debate but I think the the

1163

00:56:17,830 --> 00:56:15,200

evidence does point towards just a

1164

00:56:19,870 --> 00:56:17,840

tragic accident but because he was a key

1165

00:56:22,780 --> 00:56:19,880

player in ufology there's always this

1166

00:56:25,330 --> 00:56:22,790

tendency to think it was mysterious when

1167

00:56:26,560 --> 00:56:25,340

you know a lot of them art you know this

1168

00:56:28,150 --> 00:56:26,570

is one of the awkward things of this

1169

00:56:31,300 --> 00:56:28,160

subject has been very careful which one

1170

00:56:33,670 --> 00:56:31,310

you assume were mysterious and which

1171

00:56:35,470 --> 00:56:33,680

ones were just due to the fact that you

1172

00:56:37,240 --> 00:56:35,480

know we're all human right and that

1173

00:56:53,660 --> 00:56:37,250

that's it for a live show Nick so just

1174

00:57:00,690 --> 00:56:56,880

so this is our extended version right

1175

00:57:02,460 --> 00:57:00,700

here now with Nick Redfern and Nick up

1176

00:57:05,130 --> 00:57:02,470

on the message board we had a person

1177

00:57:08,250 --> 00:57:05,140

asking a question about the Todd sees

1178

00:57:11,520 --> 00:57:08,260

case in Brazil where the gentleman was

1179

00:57:15,090 --> 00:57:11,530

zapped by a beam from the UFO supposedly

1180

00:57:17,970 --> 00:57:15,100

in in died a horrible death a really

1181

00:57:20,820 --> 00:57:17,980

weird story but one of the weirdest

1182

00:57:23,130 --> 00:57:20,830

proud they're and it's it's kind of

1183

00:57:28,080 --> 00:57:23,140

notable because actually predates the

1184

00:57:30,390 --> 00:57:28,090

modern era of ufology by one year 47 was

1185

00:57:34,290 --> 00:57:30,400

the year of Roswell can athon or Maury

1186

00:57:38,190 --> 00:57:34,300

island but back in 1946 specifically

1187

00:57:39,960 --> 00:57:38,200

March 1946 there was a very bizarre

1188

00:57:43,110 --> 00:57:39,970

incident which returned in Brazilian

1189

00:57:44,790 --> 00:57:43,120

village called Iraq aguma ABBA I think

1190

00:57:47,280 --> 00:57:44,800

that's about how you say it is my

1191

00:57:52,370 --> 00:57:47,290

Brazilians not great but but that's

1192

00:57:55,800 --> 00:57:52,380

close enough I think and it involved a

1193

00:57:59,430 --> 00:57:55,810

farmer named qua Presto's Phil Howe and

1194

00:58:01,800 --> 00:57:59,440

he was 44 years old at the time and it

1195

00:58:05,130 --> 00:58:01,810

was a Saturday night and he was walking

1196

00:58:09,390 --> 00:58:05,140

home after doing a day fishing in the

1197

00:58:11,430 --> 00:58:09,400

local River DTS a river and he had a

1198

00:58:14,700 --> 00:58:11,440

good day now just hanging out chilling

1199

00:58:16,830 --> 00:58:14,710

out walking home this was late at night

1200

00:58:18,360 --> 00:58:16,840

and he had that kind of feeling that we

1201

00:58:20,250 --> 00:58:18,370

all have at times that somebody's

1202

00:58:22,680 --> 00:58:20,260

watching you you know if you sort of a

1203

00:58:23,880 --> 00:58:22,690

line at the checkouts or whatever you

1204

00:58:26,040 --> 00:58:23,890

suddenly feel that somebody's watching

1205

00:58:28,080 --> 00:58:26,050

you turn round and somebody is looking

1206

00:58:32,220 --> 00:58:28,090

at you know from 40 feet away we all get

1207

00:58:34,350 --> 00:58:32,230

that now and again and Preston's he had

1208

00:58:36,300 --> 00:58:34,360

that feeling all the way home he just

1209

00:58:37,890 --> 00:58:36,310

could not shake it off the idea that

1210

00:58:40,440 --> 00:58:37,900

somebody was watching him from the

1211

00:58:44,430 --> 00:58:40,450

shadows so to speak well even when he

1212

00:58:46,620 --> 00:58:44,440

got home and got in his house he still

1213

00:58:49,260 --> 00:58:46,630

could not shake that feeling out off so

1214

00:58:52,140 --> 00:58:49,270

he kind of was pacing around and looked

1215

00:58:54,980 --> 00:58:52,150

out the window and saw this large bright

1216

00:58:56,870 --> 00:58:54,990

light hovering in the sky

1217

00:59:00,380 --> 00:58:56,880

what was we it was the fact that it was

1218

00:59:03,500 --> 00:59:00,390

silence and he was hovering you know

1219

00:59:06,890 --> 00:59:03,510

nobody was flying anything that was good

1220

00:59:09,050 --> 00:59:06,900

fly silently at that time now could have

1221

00:59:11,030 --> 00:59:09,060

been a helicopter helicopter flying but

1222

00:59:13,940 --> 00:59:11,040

they're they've always got that sort of

1223

00:59:15,020 --> 00:59:13,950

classic you know that rotor sound and

1224

00:59:18,260 --> 00:59:15,030

there was nothing at all

1225

00:59:21,260 --> 00:59:18,270

so he stared at it only to be suddenly

1226

00:59:24,140 --> 00:59:21,270

bathed in this bright burning light

1227

00:59:26,570 --> 00:59:24,150

which just essentially just hit him now

1228

00:59:29,630 --> 00:59:26,580

with hindsight looking back it almost

1229

00:59:31,460 --> 00:59:29,640

sounds like a microwave or something

1230

00:59:34,010 --> 00:59:31,470

like that I mean if you when you

1231

00:59:37,160 --> 00:59:34,020

microwave food one of the reasons why

1232

00:59:38,750 --> 00:59:37,170

the instruction to tell you let it stand

1233

00:59:40,190 --> 00:59:38,760

for a couple of weeks afterwards isn't

1234

00:59:42,590 --> 00:59:40,200

just because it's boil in heart is

1235

00:59:45,340 --> 00:59:42,600

because the microwaves actually continue

1236

00:59:47,330 --> 00:59:45,350

to cook from the inside out for a while

1237

00:59:49,930 --> 00:59:47,340

that's why they tell you to let it stand

1238

00:59:52,520 --> 00:59:49,940

because it is literally still cooking

1239

00:59:54,710 --> 00:59:52,530

and that sort of sounds a little bit

1240

00:59:57,530 --> 00:59:54,720

what light will happen to fill though is

1241

01:00:00,380 --> 00:59:57,540

that his body began to get hotter and

1242

01:00:03,349 --> 01:00:00,390

hotter you know and he kind of felt like

1243

01:00:06,080 --> 01:00:03,359

he was developing immediate sunstroke

1244

01:00:08,840 --> 01:00:06,090

but he didn't stop there he skin began

1245

01:00:10,520 --> 01:00:08,850

to blister and go red and not so

1246

01:00:14,780 --> 01:00:10,530

brightly ran screaming into the streets

1247

01:00:16,940 --> 01:00:14,790

and by the time locals in the village

1248

01:00:18,680 --> 01:00:16,950

and friends had caught up with him his

1249

01:00:21,490 --> 01:00:18,690

scheme wasn't just started to blister

1250

01:00:24,320 --> 01:00:21,500

but it was started to tail off and

1251

01:00:26,030 --> 01:00:24,330

somebody loaded him into a car and there

1252

01:00:28,730 --> 01:00:26,040

was like this frantic race to the local

1253

01:00:30,710 --> 01:00:28,740

hospital by the time they got there his

1254

01:00:32,300 --> 01:00:30,720

scheme wasn't just paling it was it was

1255

01:00:34,220 --> 01:00:32,310

falling off him and he wasn't just he's

1256

01:00:35,810 --> 01:00:34,230

he's out a scheme either like with a

1257

01:00:38,599 --> 01:00:35,820

sunburn you know when your skin peels

1258

01:00:43,490 --> 01:00:38,609

he's like his flesh was started to

1259

01:00:45,770 --> 01:00:43,500

literally creep off of his bones the

1260

01:00:49,070 --> 01:00:45,780

hospital reportedly they rushed him in

1261

01:00:51,410 --> 01:00:49,080

and the doctors looked at him and had no

1262

01:00:53,000 --> 01:00:51,420

clue what was going on they could just

1263

01:00:55,849 --> 01:00:53,010

literally stand there it was all they

1264

01:00:58,670 --> 01:00:55,859

could do as his body essentially melted

1265

01:01:01,550 --> 01:00:58,680

now it sounds like a sci-fi type story

1266

01:01:02,810 --> 01:01:01,560

and you sometimes in these situations

1267

01:01:03,920 --> 01:01:02,820

you think well there's just give me no

1268

01:01:06,760 --> 01:01:03,930

way to back this up

1269

01:01:08,720 --> 01:01:06,770

but fortunately from the perspective of

1270

01:01:10,819 --> 01:01:08,730

the research

1271

01:01:14,240 --> 01:01:10,829

that actually is a number of the paper

1272

01:01:17,150 --> 01:01:14,250

involved came forward years later to

1273

01:01:20,210 --> 01:01:17,160

100% confirm the event one of them was a

1274

01:01:22,910 --> 01:01:20,220

medic nama-rasa comité who came forward

1275

01:01:25,160 --> 01:01:22,920

in 1974 and confirmed the events and

1276

01:01:28,040 --> 01:01:25,170

people were able to confirm also that he

1277

01:01:31,510 --> 01:01:28,050

did work at the hospital and was on duty

1278

01:01:35,540 --> 01:01:31,520

at night and so on and he talked about

1279

01:01:38,060 --> 01:01:35,550

but actually seeing the guy brought in

1280

01:01:40,460 --> 01:01:38,070

and how he saw had this bizarre melting

1281

01:01:43,790 --> 01:01:40,470

experience so the fact that we've got

1282

01:01:46,880 --> 01:01:43,800

known unnamed people from the hospital

1283

01:01:49,430 --> 01:01:46,890

he's a bonus in terms of vindicating the

1284

01:01:51,349 --> 01:01:49,440

story and it's one that really he's

1285

01:01:53,839 --> 01:01:51,359

almost like unique which is a good in a

1286

01:01:55,370 --> 01:01:53,849

good way you know the idea of somebody

1287

01:01:57,200 --> 01:01:55,380

having those skin melted off them

1288

01:01:59,960 --> 01:01:57,210

there's there's really nothing else like

1289

01:02:02,300 --> 01:01:59,970

that in the UFO subject no there's that

1290

01:02:05,180 --> 01:02:02,310

one case in Canada where the guy had

1291

01:02:07,099 --> 01:02:05,190

grill marks on him yeah here's another

1292

01:02:08,480 --> 01:02:07,109

question on the message board someone

1293

01:02:12,950 --> 01:02:08,490

wants to know if you address Phil

1294

01:02:15,260 --> 01:02:12,960

Snyder's death I don't mainly just for

1295

01:02:18,200 --> 01:02:15,270

one reason that the contract side with

1296

01:02:20,839 --> 01:02:18,210

the publisher limited me to 65,000 words

1297

01:02:22,880 --> 01:02:20,849

so the challenge was to you know include

1298

01:02:24,710 --> 01:02:22,890

what I could and sometimes you had to be

1299

01:02:26,359 --> 01:02:24,720

left out I actually could have made the

1300

01:02:29,569 --> 01:02:26,369

book like a hundred thousand words but

1301

01:02:31,970 --> 01:02:29,579

but what I would say is that the Phil

1302

01:02:33,230 --> 01:02:31,980

Schneider's death is like Morris Jessup

1303

01:02:36,349 --> 01:02:33,240

you know it's one of these that was

1304

01:02:39,290 --> 01:02:36,359

passed off as suicide but did not look

1305

01:02:41,329 --> 01:02:39,300

like suicide and Snyder was one be the

1306

01:02:44,900 --> 01:02:41,339

insiders who was talking about

1307

01:02:46,880 --> 01:02:44,910

underground bases and the Dulcie rumors

1308

01:02:51,050 --> 01:02:46,890

of an underground base at Dulce New

1309

01:02:52,870 --> 01:02:51,060

Mexico and and and there are a lot of

1310

01:02:56,540 --> 01:02:52,880

anomalies with his death as well and

1311

01:02:58,309 --> 01:02:56,550

again kind of like with Forrestal I mean

1312

01:03:01,099 --> 01:02:58,319

somebody you know an entire book could

1313

01:03:03,920 --> 01:03:01,109

be written on Snyder's death it's a very

1314

01:03:06,260 --> 01:03:03,930

strange wonder sort of lazy open as to

1315

01:03:08,599 --> 01:03:06,270

whether it was suicide or not but I mean

1316

01:03:11,690 --> 01:03:08,609

he was touching on and talking about a

1317

01:03:14,349 --> 01:03:11,700

lot of you know controversial issues

1318

01:03:16,700 --> 01:03:14,359

much of them to do with sort of

1319

01:03:18,250 --> 01:03:16,710

government conspiracies you know

1320

01:03:20,420 --> 01:03:18,260

political things

1321

01:03:24,260 --> 01:03:20,430

military things nothing to do with UFOs

1322

01:03:26,359 --> 01:03:24,270

so maybe that angle possibly had you

1323

01:03:28,880 --> 01:03:26,369

know at least an equal he's not more of

1324

01:03:31,130 --> 01:03:28,890

a bearing on it as well right to me one

1325

01:03:34,430 --> 01:03:31,140

of the most fascinating cases is the

1326

01:03:36,950 --> 01:03:34,440

Thomas mantle the high altitude crash

1327

01:03:40,370 --> 01:03:36,960

you know he may have just passed out but

1328

01:03:42,170 --> 01:03:40,380

the the whole story is when he hit the

1329

01:03:44,930 --> 01:03:42,180

high altitude but the whole story is

1330

01:03:47,120 --> 01:03:44,940

that you know they were trying to say it

1331

01:03:49,609 --> 01:03:47,130

was things like Venus and you know crazy

1332

01:03:51,770 --> 01:03:49,619

things like that when you know a number

1333

01:03:53,150 --> 01:03:51,780

of people cited this thing can you go

1334

01:03:55,550 --> 01:03:53,160

into that case a little bit for the

1335

01:03:57,920 --> 01:03:55,560

person who may not have heard it yeah

1336

01:04:02,000 --> 01:03:57,930

well Thomas Mantell was a guy pi was

1337

01:04:03,800 --> 01:04:02,010

very well respected and he had a sort of

1338

01:04:05,690 --> 01:04:03,810

career from the Second World War very

1339

01:04:08,240 --> 01:04:05,700

well trained pilots you know lots of

1340

01:04:12,339 --> 01:04:08,250

experience and he died on January the

1341

01:04:14,660 --> 01:04:12,349

7th 1948 he was on board an aircraft

1342

01:04:17,140 --> 01:04:14,670

along with three other aircraft they

1343

01:04:20,030 --> 01:04:17,150

were flying back from a training mission

1344

01:04:24,770 --> 01:04:20,040

to godwyn Army Airfield which that's a

1345

01:04:27,650 --> 01:04:24,780

portion of Fort Knox in Kentucky and the

1346

01:04:30,800 --> 01:04:27,660

ground personnel at the base had been

1347

01:04:34,250 --> 01:04:30,810

watching this strange object high in the

1348

01:04:36,589 --> 01:04:34,260

sky and at a distance for something like

1349

01:04:37,430 --> 01:04:36,599

an hour or so I could not figure out

1350

01:04:38,839 --> 01:04:37,440

what it was

1351
01:04:40,130 --> 01:04:38,849
the were thoughts he could have been a

1352
01:04:42,500 --> 01:04:40,140
balloon but it was totally stationary

1353
01:04:44,089 --> 01:04:42,510
which you know doesn't happen when

1354
01:04:47,829 --> 01:04:44,099
you've got winds and so forth and I'm

1355
01:04:50,720 --> 01:04:47,839
just gonna hang there so as the guys

1356
01:04:53,180 --> 01:04:50,730
return from their flight don't mind a

1357
01:04:56,089 --> 01:04:53,190
four of them they were flying p-51

1358
01:04:58,099 --> 01:04:56,099
Mustangs and the ground personnel said

1359
01:05:00,710 --> 01:04:58,109
you know can you vector in and have a

1360
01:05:03,410 --> 01:05:00,720
look and say what this object is because

1361
01:05:06,260 --> 01:05:03,420
we just haven't got a clue now he turned

1362
01:05:09,740 --> 01:05:06,270
out none of the guys actually had oxygen

1363
01:05:15,230 --> 01:05:09,750

equipment and oxygen masks one of the

1364

01:05:17,599 --> 01:05:15,240

planes was low on fuel so what happened

1365

01:05:21,140 --> 01:05:17,609

was that the plane it was low on fuel

1366

01:05:23,960 --> 01:05:21,150

landed another pilot was slightly

1367

01:05:27,950 --> 01:05:23,970

disoriented from lack of oxygen and so

1368

01:05:29,900 --> 01:05:27,960

he decided to land and one of the other

1369

01:05:32,059 --> 01:05:29,910

planes as a precaution sort of shadowed

1370

01:05:33,979 --> 01:05:32,069

him down to the ground which meant that

1371

01:05:36,920 --> 01:05:33,989

originally for planes there was no

1372

01:05:39,109 --> 01:05:36,930

suddenly just one and so Mantell was the

1373

01:05:41,900 --> 01:05:39,119

guy who said well yeah you know I'll go

1374

01:05:45,680 --> 01:05:41,910

and see what it is so he took his plane

1375

01:05:47,719 --> 01:05:45,690

to a height of about 15,000 feet and

1376

01:05:49,999 --> 01:05:47,729

said that he could now see the object

1377

01:05:52,339 --> 01:05:50,009

fairly clearly and he described it as

1378

01:05:55,180 --> 01:05:52,349

sort of bright gleaming and very very

1379

01:05:58,969 --> 01:05:55,190

large and just hanging in the sky now

1380

01:06:01,459 --> 01:05:58,979

bear in mind 15,000 feet we've got with

1381

01:06:03,229 --> 01:06:01,469

no oxygen he's a you know a bit of a

1382

01:06:06,279 --> 01:06:03,239

face I mean if you walk up a mountain

1383

01:06:08,479 --> 01:06:06,289

15,000 feet and you've got no oxygen

1384

01:06:11,059 --> 01:06:08,489

painful do you know people become

1385

01:06:14,449 --> 01:06:11,069

exhausted quickly they become dizzy and

1386

01:06:16,729 --> 01:06:14,459

you know still in vertigo and and it's

1387

01:06:18,620 --> 01:06:16,739

not surprising now when he actually got

1388

01:06:21,680 --> 01:06:18,630

his plane to it sort of ultimate high

1389

01:06:23,269 --> 01:06:21,690

which was around 25,000 feet what

1390

01:06:24,709 --> 01:06:23,279

happened was at the plane men suddenly

1391

01:06:27,589 --> 01:06:24,719

plunged to the ground

1392

01:06:30,920 --> 01:06:27,599

now the beam theories that he may been

1393

01:06:33,199 --> 01:06:30,930

zapped by a UFO we can never rule that

1394

01:06:35,719 --> 01:06:33,209

out I think he's probably more likely

1395

01:06:38,029 --> 01:06:35,729

than he did pass out through oxygen

1396

01:06:39,499 --> 01:06:38,039

deprivation but that doesn't take away

1397

01:06:41,299 --> 01:06:39,509

the fact that the whole reason why he

1398

01:06:43,670 --> 01:06:41,309

was flying that high was because he was

1399

01:06:44,329 --> 01:06:43,680

pursuing this object or trying to close

1400

01:06:48,289 --> 01:06:44,339

in on it

1401

01:06:50,900 --> 01:06:48,299

so regardless of whether the UFO was

1402

01:06:52,069 --> 01:06:50,910

responsible for his death the fact is he

1403

01:06:53,420 --> 01:06:52,079

wouldn't beat up at that height if there

1404

01:06:58,279 --> 01:06:53,430

wasn't a UFO there in the first place

1405

01:07:00,140 --> 01:06:58,289

now there are two various and wildly

1406

01:07:01,939 --> 01:07:00,150

varying theories put forward for his

1407

01:07:05,059 --> 01:07:01,949

death one was that he was mistakenly

1408

01:07:08,509 --> 01:07:05,069

chasing the planet Venus and perceived

1409

01:07:11,390 --> 01:07:08,519

like a faraway object had a closer level

1410

01:07:13,549 --> 01:07:11,400

that theories thrown out the window when

1411

01:07:16,239 --> 01:07:13,559

he was proved that even during daylight

1412

01:07:19,549 --> 01:07:16,249

and at that altitude Venus wasn't

1413

01:07:22,339 --> 01:07:19,559

viewable and of course why should if he

1414

01:07:23,930 --> 01:07:22,349

was there you know every other day

1415

01:07:25,699 --> 01:07:23,940

whatever when the or but you know I've

1416

01:07:27,890 --> 01:07:25,709

allowed it to be seen why was it never

1417

01:07:30,739 --> 01:07:27,900

seen on any other occasion by the ground

1418

01:07:33,229 --> 01:07:30,749

crew or Islands why was he just on this

1419

01:07:35,359 --> 01:07:33,239

one occasion so that thing he didn't

1420

01:07:37,880 --> 01:07:35,369

really hard much water the second theory

1421

01:07:40,819 --> 01:07:37,890

that was put forward for man tells death

1422

01:07:43,530 --> 01:07:40,829

was that he mistakenly intercepted a

1423

01:07:46,050 --> 01:07:43,540

skyhook balloon these were new

1424

01:07:49,260 --> 01:07:46,060

the village was flying at the time the

1425

01:07:51,750 --> 01:07:49,270

problem with that theory is that sky of

1426

01:07:53,880 --> 01:07:51,760

balloons you know they would response to

1427

01:07:56,010 --> 01:07:53,890

me to be draught and the and the winds

1428

01:07:58,500 --> 01:07:56,020

and so on this thing was clearly

1429

01:08:01,050 --> 01:07:58,510

stationary for more than an hour so it

1430

01:08:05,160 --> 01:08:01,060

suggests that it wasn't a skylit balloon

1431

01:08:07,470 --> 01:08:05,170

now Captain Edward ruppelt who was the

1432

01:08:09,600 --> 01:08:07,480

first head of project Bluebook one of

1433

01:08:12,120 --> 01:08:09,610

the early UFO study programs at the Air

1434

01:08:15,090 --> 01:08:12,130

Force put together even he came to

1435

01:08:18,450 --> 01:08:15,100

believe that the balloon and the Venus

1436

01:08:21,599 --> 01:08:18,460

theory didn't hold water that's that man

1437

01:08:24,990 --> 01:08:21,609

tell potentially had viewed a genuine

1438

01:08:28,370 --> 01:08:25,000

UFO what are the way of things about

1439

01:08:31,530 --> 01:08:28,380

this particular case is the nature of

1440

01:08:33,809 --> 01:08:31,540

man tells body after it was recovered

1441

01:08:36,240 --> 01:08:33,819

from the crash you know normally if you

1442

01:08:38,520 --> 01:08:36,250

have a sort of very bad aircraft crash

1443

01:08:40,410 --> 01:08:38,530

you know when they talk about you know

1444

01:08:42,120 --> 01:08:40,420

recovering the bodies from the aircraft

1445

01:08:43,829 --> 01:08:42,130

very often the rats musn't much of a

1446

01:08:46,740 --> 01:08:43,839

body left you know very often they're

1447

01:08:49,010 --> 01:08:46,750

just pummeled in the accident but the

1448

01:08:51,360 --> 01:08:49,020

weird thing is and this actually comes

1449

01:08:53,940 --> 01:08:51,370

is why this is important this actually

1450

01:08:56,370 --> 01:08:53,950

comes from a very credible source who

1451

01:08:58,680 --> 01:08:56,380

under you know any other circumstances

1452

01:09:00,210 --> 01:08:58,690

no one would even consider questioning

1453

01:09:02,550 --> 01:09:00,220

his word this is a man named Captain

1454

01:09:06,470 --> 01:09:02,560

James Duesler he's actually a deputy

1455

01:09:08,940 --> 01:09:06,480

commander at Godman Air Force Base where

1456

01:09:11,370 --> 01:09:08,950

Mantell was based and he said that he

1457

01:09:13,380 --> 01:09:11,380

actually saw man tells body after we've

1458

01:09:15,570 --> 01:09:13,390

recovered and there was not even a

1459

01:09:17,910 --> 01:09:15,580

single scratch or a little bit of blood

1460

01:09:20,430 --> 01:09:17,920

on the body at all apparently all of his

1461

01:09:22,829 --> 01:09:20,440

bones were shattered but there was not

1462

01:09:25,500 --> 01:09:22,839

one exterior mark on the body in the

1463

01:09:29,099 --> 01:09:25,510

slightest which you know he's kind of

1464

01:09:32,550 --> 01:09:29,109

strange 2/4 and 25,000 feet and not even

1465

01:09:34,260 --> 01:09:32,560

have a scratch and that in itself you

1466

01:09:35,760 --> 01:09:34,270

know and coming from the deputy base

1467

01:09:37,710 --> 01:09:35,770

commander you know that sort of a

1468

01:09:39,780 --> 01:09:37,720

significant portion of the story many

1469

01:09:41,610 --> 01:09:39,790

people don't know them another very

1470

01:09:43,970 --> 01:09:41,620

compelling case that you talk about in

1471

01:09:47,579 --> 01:09:43,980

your book is the Frederick Valentich

1472

01:09:50,250 --> 01:09:47,589

case the the poor young kid 20 years old

1473

01:09:53,700 --> 01:09:50,260

he's up in this small aircraft to going

1474

01:09:56,310 --> 01:09:53,710

on a solo and you know sees this craft

1475

01:09:58,030 --> 01:09:56,320

it's scary scares him to death and you

1476

01:10:00,790 --> 01:09:58,040

know the radio

1477

01:10:03,879 --> 01:10:00,800

transmissions from that or the

1478

01:10:05,379 --> 01:10:03,889

transcripts are just just horrible can

1479

01:10:07,450 --> 01:10:05,389

you talk about that case a little for

1480

01:10:09,370 --> 01:10:07,460

someone who hasn't heard about it yeah

1481

01:10:12,189 --> 01:10:09,380

this is a weird one because he of

1482

01:10:13,959 --> 01:10:12,199

totally unexplained not with a confirmed

1483

01:10:17,069 --> 01:10:13,969

death but with a complete total

1484

01:10:19,629 --> 01:10:17,079

disappearance right back on October 21st

1485

01:10:21,339 --> 01:10:19,639

1978 and Frederick Pawlenty Chism said

1486

01:10:24,609 --> 01:10:21,349

he was only 20 years of age at the time

1487

01:10:27,399 --> 01:10:24,619

but he's very skilled pilots actually

1488

01:10:31,810 --> 01:10:27,409

got he's his pilot license when he was

1489

01:10:33,069 --> 01:10:31,820

like 18 or 19 and he was flying on that

1490

01:10:34,839 --> 01:10:33,079

particular night from a place called

1491

01:10:37,330 --> 01:10:34,849

Moorabbin air tours which is in

1492

01:10:39,970 --> 01:10:37,340

melbourne australia and he was flying a

1493

01:10:41,379 --> 01:10:39,980

small Cessna 182 aircraft and he was

1494

01:10:44,740 --> 01:10:41,389

supposedly flying to a place called

1495

01:10:47,020 --> 01:10:44,750

Kings Island Victoria which was I think

1496

01:10:49,479 --> 01:10:47,030

ran about 120 hundred 25 miles away

1497

01:10:52,859 --> 01:10:49,489

something like that over an area called

1498

01:10:55,510 --> 01:10:52,869

the Bass Strait well the the flights

1499

01:10:57,790 --> 01:10:55,520

began as normal you know he took to the

1500

01:11:00,760 --> 01:10:57,800

skies he was in regular contact with the

1501
01:11:03,189 --> 01:11:00,770
ground personnel and so on and then he

1502
01:11:05,649 --> 01:11:03,199
reported something strange that he

1503
01:11:07,839 --> 01:11:05,659
actually asked the ground radar people

1504
01:11:10,270 --> 01:11:07,849
if there was any other aircraft in the

1505
01:11:13,180 --> 01:11:10,280
area actually below him several thousand

1506
01:11:15,520 --> 01:11:13,190
feet they said no they won't trap you

1507
01:11:17,950 --> 01:11:15,530
anything else in the media terian

1508
01:11:21,280 --> 01:11:17,960
certainly nothing directly below him so

1509
01:11:23,770 --> 01:11:21,290
he kind of shrugged it off and just

1510
01:11:25,510 --> 01:11:23,780
carried on flying but he could still see

1511
01:11:27,879 --> 01:11:25,520
this thing which he described as a large

1512
01:11:31,000 --> 01:11:27,889
aircraft but he couldn't figure out what

1513
01:11:32,740 --> 01:11:31,010

kind because the light array wasn't like

1514

01:11:35,229 --> 01:11:32,750

the regular light that you would see on

1515

01:11:37,629 --> 01:11:35,239

an aircraft at night and so he couldn't

1516

01:11:39,580 --> 01:11:37,639

confirm what it was he was just brightly

1517

01:11:41,200 --> 01:11:39,590

lit by four lights you know it wasn't

1518

01:11:44,790 --> 01:11:41,210

like this sort of typical green red and

1519

01:11:49,330 --> 01:11:44,800

white light that you see on a plane and

1520

01:11:51,790 --> 01:11:49,340

whatever it was he actually closed in on

1521

01:11:54,370 --> 01:11:51,800

Valenta G's aircraft and he reported all

1522

01:11:57,280 --> 01:11:54,380

this live so to speak as he was speaking

1523

01:11:59,200 --> 01:11:57,290

to the the radar people and this

1524

01:12:02,439 --> 01:11:59,210

conversation was actually recorded as

1525

01:12:04,540 --> 01:12:02,449

well by the ground personnel and it was

1526
01:12:05,500 --> 01:12:04,550
almost as if it was playing like a game

1527
01:12:07,540 --> 01:12:05,510
of cat-and-mouse

1528
01:12:09,779 --> 01:12:07,550
you know closing in but not actually

1529
01:12:13,740 --> 01:12:09,789
taking any sort of

1530
01:12:14,939 --> 01:12:13,750
direct action so to speak now he

1531
01:12:17,040 --> 01:12:14,949
actually said at one point the other

1532
01:12:18,450 --> 01:12:17,050
thing was orbiting him you know as if it

1533
01:12:24,089 --> 01:12:18,460
was just sort of circling overhead

1534
01:12:26,640 --> 01:12:24,099
somehow and a very low level and this is

1535
01:12:28,319 --> 01:12:26,650
when he got sort of really scared and he

1536
01:12:31,140 --> 01:12:28,329
decided the best thing to do is to try

1537
01:12:34,020 --> 01:12:31,150
and continue on to King Island and then

1538
01:12:36,000 --> 01:12:34,030

just land the plane and his last words

1539

01:12:38,430 --> 01:12:36,010

were it's hovering and it's not an

1540

01:12:39,930 --> 01:12:38,440

aircraft and what was weird was

1541

01:12:42,959 --> 01:12:39,940

immediately after that there was this

1542

01:12:45,600 --> 01:12:42,969

sort of strange metallic / electronic

1543

01:12:48,390 --> 01:12:45,610

noise that went on for number of seconds

1544

01:12:51,330 --> 01:12:48,400

and that was the last he was who's ever

1545

01:12:54,479 --> 01:12:51,340

heard of now because there are concerns

1546

01:12:56,310 --> 01:12:54,489

that he may have crashed emergency

1547

01:12:58,770 --> 01:12:56,320

personnel were sent out extremely

1548

01:13:02,129 --> 01:12:58,780

quickly we're talking about like Coast

1549

01:13:04,649 --> 01:13:02,139

Guard people military emergency teams

1550

01:13:06,810 --> 01:13:04,659

even people in the local boats or asked

1551
01:13:08,399 --> 01:13:06,820
you know can you ever look round have

1552
01:13:10,799 --> 01:13:08,409
you seen anything crash out of the sky

1553
01:13:12,810 --> 01:13:10,809
descent explosions there was nothing

1554
01:13:17,250 --> 01:13:12,820
there was no oil slicks no gasoline

1555
01:13:19,589 --> 01:13:17,260
slicks no wreckage nobody saw anything

1556
01:13:22,169 --> 01:13:19,599
is fall from the sky for all intents and

1557
01:13:24,569 --> 01:13:22,179
purposes polenta Chinese plane were just

1558
01:13:27,270 --> 01:13:24,579
gone literally gone they you've never

1559
01:13:29,580 --> 01:13:27,280
been seen again despite various attempts

1560
01:13:31,200 --> 01:13:29,590
to to find him and the different

1561
01:13:32,850 --> 01:13:31,210
theories that what if he staged the

1562
01:13:35,310 --> 01:13:32,860
events and you know started a new life

1563
01:13:38,279 --> 01:13:35,320

somewhere else nothing like that has

1564

01:13:40,919 --> 01:13:38,289

ever been even remotely you know proved

1565

01:13:42,899 --> 01:13:40,929

to be the case so this is a case where

1566

01:13:45,750 --> 01:13:42,909

as I said at the beginning of this

1567

01:13:48,839 --> 01:13:45,760

particular section that we can't say for

1568

01:13:51,060 --> 01:13:48,849

sure his murder or you know he died but

1569

01:13:53,250 --> 01:13:51,070

he definitely vanished and never

1570

01:13:55,890 --> 01:13:53,260

surfaced again and I mean he wouldn't be

1571

01:14:00,000 --> 01:13:55,900

an old guy now it would be we're talking

1572

01:14:01,439 --> 01:14:00,010

25 35 years ago so he would be 55 54

1573

01:14:04,500 --> 01:14:01,449

mm-hmm

1574

01:14:07,290 --> 01:14:04,510

so you know as I said it's chances are

1575

01:14:08,700 --> 01:14:07,300

that had he survived I mean you know he

1576

01:14:10,979 --> 01:14:08,710

would still be ready to talk about the

1577

01:14:12,990 --> 01:14:10,989

events so it's a very very weird and

1578

01:14:16,020 --> 01:14:13,000

mysterious one but the important thing

1579

01:14:18,240 --> 01:14:16,030

is it's actually supported by a huge

1580

01:14:20,129 --> 01:14:18,250

official file on the case which runs to

1581

01:14:22,140 --> 01:14:20,139

hundreds of pages which is now surfaced

1582

01:14:23,100 --> 01:14:22,150

through the Australian Freedom of

1583

01:14:25,470 --> 01:14:23,110

Information Act

1584

01:14:26,400 --> 01:14:25,480

and tells the entire story from from

1585

01:14:28,290 --> 01:14:26,410

beginning to end

1586

01:14:30,870 --> 01:14:28,300

yeah it's almost you could almost

1587

01:14:33,240 --> 01:14:30,880

speculate that he and his plane were

1588

01:14:36,180 --> 01:14:33,250

both abducted actually I'm yeah you

1589

01:14:37,890 --> 01:14:36,190

could speculate that for sure I exactly

1590

01:14:41,490 --> 01:14:37,900

what happened especially when you hear

1591

01:14:43,590 --> 01:14:41,500

the the metal the metal noises so Nick

1592

01:14:45,960 --> 01:14:43,600

this is a great book Close Encounters of

1593

01:14:47,700 --> 01:14:45,970

the fatal kind and that you can find

1594

01:14:50,160 --> 01:14:47,710

that on Amazon we also have a link on

1595

01:14:52,110 --> 01:14:50,170

our website what do you have coming up

1596

01:14:54,240 --> 01:14:52,120

your you right all the time are you

1597

01:14:55,830 --> 01:14:54,250

writing something right now yeah well

1598

01:14:57,270 --> 01:14:55,840

I've got a lot of different interests I

1599

01:14:59,100 --> 01:14:57,280

actually got a book I do like a

1600

01:15:00,780 --> 01:14:59,110

co-authored one with Brad Steiner it

1601
01:15:02,370 --> 01:15:00,790
comes out in September it's called the

1602
01:15:04,800 --> 01:15:02,380
zombie both came it's like an A to Z of

1603
01:15:08,730 --> 01:15:04,810
everything to do with zombies in movie

1604
01:15:11,070 --> 01:15:08,740
TV novels folklore history so it covers

1605
01:15:13,590 --> 01:15:11,080
everything like The Walking Dead Dawn of

1606
01:15:15,540 --> 01:15:13,600
the Dead but also things like ancient

1607
01:15:17,370 --> 01:15:15,550
Egyptian traditions on how the Dead

1608
01:15:19,650 --> 01:15:17,380
could supposedly be brought back to life

1609
01:15:22,680 --> 01:15:19,660
and their entry there's like 500 entries

1610
01:15:25,890 --> 01:15:22,690
in the book on different subjects and

1611
01:15:27,630 --> 01:15:25,900
this entries on on viruses you know is

1612
01:15:30,090 --> 01:15:27,640
there anything close to the real zombie

1613
01:15:32,040 --> 01:15:30,100

virus you know that kind of thing so

1614

01:15:33,680 --> 01:15:32,050

that book will be out in September and

1615

01:15:35,490 --> 01:15:33,690

my other big interest which is

1616

01:15:38,220 --> 01:15:35,500

cryptozoology the study of unknown

1617

01:15:39,630 --> 01:15:38,230

animals yeah I have a new book coming

1618

01:15:43,380 --> 01:15:39,640

out on that all month but all that my

1619

01:15:44,760 --> 01:15:43,390

expeditions into the chupacabra various

1620

01:15:46,680 --> 01:15:44,770

expeditions are being on to Puerto Rico

1621

01:15:49,920 --> 01:15:46,690

looking for the chupacabra that be sort

1622

01:15:52,170 --> 01:15:49,930

of like a roadtrip book of me sort of

1623

01:15:53,880 --> 01:15:52,180

writing around porto rico looking for

1624

01:15:55,620 --> 01:15:53,890

the chupacabra and stopping off and

1625

01:15:58,290 --> 01:15:55,630

having a margarita here and there or

1626
