

1
00:00:03,110 --> 00:00:02,470
and it hits me oh my gosh this is that

2
00:00:04,309 --> 00:00:03,120
triangle

3
00:00:05,670 --> 00:00:04,319
you know there's explanation for

4
00:00:06,309 --> 00:00:05,680
everything that occurred in the rendel

5
00:00:08,470 --> 00:00:06,319
champions

6
00:00:10,790 --> 00:00:08,480
incident that doesn't involve aliens at

7
00:00:14,150 --> 00:00:10,800
all it was completely silent

8
00:00:16,470 --> 00:00:14,160
it comes right over our heads he saw a

9
00:00:18,310 --> 00:00:16,480
classic flying saucer really standing in

10
00:00:19,830 --> 00:00:18,320
the clearing he turned over to my father

11
00:00:25,189 --> 00:00:19,840
and held his hand and he looked in his

12
00:00:29,029 --> 00:00:27,670
hello this is martin willis your host

13
00:00:29,990 --> 00:00:29,039

and we're not actually coming at you

14

00:00:31,589 --> 00:00:30,000

live i'm going to talk about

15

00:00:33,670 --> 00:00:31,599

that a little bit more later first of

16

00:00:35,830 --> 00:00:33,680

all i've gotten a bunch of emails um

17

00:00:36,709 --> 00:00:35,840

over the last year or so people

18

00:00:39,030 --> 00:00:36,719

wondering

19

00:00:39,830 --> 00:00:39,040

what the clips were in the intro that i

20

00:00:41,350 --> 00:00:39,840

have on this

21

00:00:43,190 --> 00:00:41,360

where they came from so i'm going to

22

00:00:44,630 --> 00:00:43,200

talk about him real quickly this is a

23

00:00:46,869 --> 00:00:44,640

little trivia here

24

00:00:48,229 --> 00:00:46,879

the first one is uh chase klitsky and

25

00:00:50,630 --> 00:00:48,239

she's talking about

26

00:00:53,110 --> 00:00:50,640

a large uh triangle flying over her when

27

00:00:56,389 --> 00:00:53,120

she was doing an investigation for mufon

28

00:00:59,349 --> 00:00:56,399

uh the second one is seth shostak from

29

00:00:59,830 --> 00:00:59,359

seti he's the uh the senior astronomer

30

00:01:01,910 --> 00:00:59,840

there

31

00:01:02,869 --> 00:01:01,920

and i debated him on ufos and that was

32

00:01:05,429 --> 00:01:02,879

part of his

33

00:01:06,230 --> 00:01:05,439

uh debate these are all from past shows

34

00:01:08,710 --> 00:01:06,240

of course

35

00:01:09,510 --> 00:01:08,720

and the third one is chase uh klitsky

36

00:01:12,390 --> 00:01:09,520

again

37

00:01:13,670 --> 00:01:12,400

the fourth one is uh class svan he's a

38

00:01:16,950 --> 00:01:13,680

director of

39

00:01:18,710 --> 00:01:16,960

ufo sweden and he was talking about a

40

00:01:19,510 --> 00:01:18,720

case about a flying saucer in the middle

41

00:01:22,789 --> 00:01:19,520

of a

42

00:01:25,270 --> 00:01:22,799

clearing and last but not least is

43

00:01:25,990 --> 00:01:25,280

ben hansen and he's talking about his

44

00:01:28,310 --> 00:01:26,000

grandfather

45

00:01:29,510 --> 00:01:28,320

who was involved in some secret part of

46

00:01:31,830 --> 00:01:29,520

the military

47

00:01:32,950 --> 00:01:31,840

couldn't talk to his family about it and

48

00:01:35,830 --> 00:01:32,960

at the very end

49

00:01:36,789 --> 00:01:35,840

of his uh his life he actually on his

50

00:01:39,990 --> 00:01:36,799

deathbed

51
00:01:42,870 --> 00:01:40,000
uh told his son which is ben's father

52
00:01:44,950 --> 00:01:42,880
that we are not alone very compelling so

53
00:01:46,310 --> 00:01:44,960
that's it for the intro

54
00:01:48,630 --> 00:01:46,320
so first of all i'm going to tell you

55
00:01:49,749 --> 00:01:48,640
what this show is not the show is not

56
00:01:52,710 --> 00:01:49,759
live and this

57
00:01:54,149 --> 00:01:52,720
show is not with whitley strieber there

58
00:01:56,550 --> 00:01:54,159
was some technical

59
00:01:57,670 --> 00:01:56,560
difficulties last night with the show

60
00:02:00,389 --> 00:01:57,680
and michael

61
00:02:01,749 --> 00:02:00,399
and whitley just could not get through

62
00:02:05,670 --> 00:02:01,759
to the producer

63
00:02:06,230 --> 00:02:05,680

um so that show hopefully will happen

64

00:02:08,630 --> 00:02:06,240

again

65

00:02:09,350 --> 00:02:08,640

i am reaching out to whitley he's hard

66

00:02:12,630 --> 00:02:09,360

to get on

67

00:02:13,030 --> 00:02:12,640

a show these days another thing this

68

00:02:15,430 --> 00:02:13,040

show

69

00:02:16,949 --> 00:02:15,440

is not is a full hour it's a short

70

00:02:19,750 --> 00:02:16,959

interview today

71

00:02:20,630 --> 00:02:19,760

we do have a clip from andy fleming

72

00:02:23,830 --> 00:02:20,640

coming up

73

00:02:26,869 --> 00:02:23,840

on supernovas and after that

74

00:02:30,710 --> 00:02:26,879

we have an interview with nomar slevik

75

00:02:33,190 --> 00:02:30,720

on his book titled ufos

76
00:02:34,309 --> 00:02:33,200
over maine close encounters of the pine

77
00:02:36,869 --> 00:02:34,319
tree state

78
00:02:38,869 --> 00:02:36,879
a little bit of housekeeping our website

79
00:02:40,710 --> 00:02:38,879
did go down for a number of days we had

80
00:02:42,229 --> 00:02:40,720
to get a dedicated server

81
00:02:43,750 --> 00:02:42,239
some people have actually helped out i

82
00:02:45,910 --> 00:02:43,760
really appreciate that

83
00:02:47,830 --> 00:02:45,920
most of you know that i really do not

84
00:02:48,630 --> 00:02:47,840
like talking about the money part of the

85
00:02:51,509 --> 00:02:48,640
show

86
00:02:52,309 --> 00:02:51,519
but if you can help out we have a pay

87
00:02:55,589 --> 00:02:52,319
pal button

88
00:02:57,110 --> 00:02:55,599

you can subscribe for a monthly fee or

89

00:02:59,110 --> 00:02:57,120

you can help us out with a one-time

90

00:03:01,990 --> 00:02:59,120

donation yes the story

91

00:03:03,670 --> 00:03:02,000

of success and of a lot of traffic and

92

00:03:06,790 --> 00:03:03,680

using a lot of bandwidth is

93

00:03:07,589 --> 00:03:06,800

podcast ufo is now in the red so any

94

00:03:10,229 --> 00:03:07,599

help out

95

00:03:11,750 --> 00:03:10,239

that you can do is greatly appreciated

96

00:03:14,470 --> 00:03:11,760

if you can help us out

97

00:03:16,710 --> 00:03:14,480

we totally understand that and we still

98

00:03:19,350 --> 00:03:16,720

appreciate each and every listener

99

00:03:20,149 --> 00:03:19,360

so right now get ready it's uh andy

100

00:03:23,830 --> 00:03:20,159

fleming

101
00:03:26,630 --> 00:03:23,840
on supernovas and hello martin and

102
00:03:28,550 --> 00:03:26,640
listeners now one of the astronomical

103
00:03:32,309 --> 00:03:28,560
objects that will be visible

104
00:03:36,149 --> 00:03:32,319
in earthly skies at some point

105
00:03:38,390 --> 00:03:36,159
in the future will be a supernova

106
00:03:40,149 --> 00:03:38,400
now it's a stellar explosion that is

107
00:03:43,430 --> 00:03:40,159
extremely luminous

108
00:03:45,990 --> 00:03:43,440
and it causes a burst of radiation

109
00:03:47,830 --> 00:03:46,000
that often briefly outshines an entire

110
00:03:51,589 --> 00:03:47,840
galaxy before fading from

111
00:03:54,390 --> 00:03:51,599
view over several weeks or months

112
00:03:55,670 --> 00:03:54,400
during this short interval a supernova

113
00:03:59,270 --> 00:03:55,680

can radiate as

114

00:04:00,149 --> 00:03:59,280

much energy as the sun is expected to

115

00:04:03,750 --> 00:04:00,159

emit over

116

00:04:06,470 --> 00:04:03,760

its entire life span several large stars

117

00:04:10,390 --> 00:04:06,480

within the milky way have been suggested

118

00:04:13,910 --> 00:04:10,400

as possible supernovae within the next

119

00:04:18,150 --> 00:04:13,920

million or few years these include eta

120

00:04:21,270 --> 00:04:18,160

carinae v y canis majoris

121

00:04:24,390 --> 00:04:21,280

beetlejuice antares

122

00:04:27,430 --> 00:04:24,400

and speaker the explosion expels

123

00:04:28,390 --> 00:04:27,440

much or all of a star's material at a

124

00:04:31,030 --> 00:04:28,400

velocity

125

00:04:31,830 --> 00:04:31,040

of up to thirty thousand kilometers per

126
00:04:34,710 --> 00:04:31,840
second

127
00:04:36,710 --> 00:04:34,720
that's ten percent of the speed of light

128
00:04:37,909 --> 00:04:36,720
this drives a shock wave into the

129
00:04:40,310 --> 00:04:37,919
surrounding

130
00:04:41,590 --> 00:04:40,320
intercellular medium this shock wave

131
00:04:44,950 --> 00:04:41,600
sweet sweeps up

132
00:04:47,990 --> 00:04:44,960
an expanding shell of gas and dust

133
00:04:48,790 --> 00:04:48,000
called a supernova remnant now the word

134
00:04:51,909 --> 00:04:48,800
nova

135
00:04:54,310 --> 00:04:51,919
means new in latin referring to what

136
00:04:58,230 --> 00:04:54,320
appears to be a very bright new star

137
00:05:01,270 --> 00:04:58,240
shining in the heavens the prefix super

138
00:05:02,150 --> 00:05:01,280

distinguishes supernovae from ordinary

139

00:05:04,469 --> 00:05:02,160

nouveau

140

00:05:05,510 --> 00:05:04,479

which also involve a star increasing in

141

00:05:08,070 --> 00:05:05,520

brightness

142

00:05:09,990 --> 00:05:08,080

though to a lesser extent and through a

143

00:05:13,310 --> 00:05:10,000

slightly different mechanism

144

00:05:14,550 --> 00:05:13,320

the word supernova was coined by swiss

145

00:05:17,909 --> 00:05:14,560

astrophysicist

146

00:05:21,110 --> 00:05:17,919

and astronomer fritz zwicky

147

00:05:24,550 --> 00:05:21,120

in 1926. now several

148

00:05:27,510 --> 00:05:24,560

types of supernovae exist a type 2

149

00:05:30,070 --> 00:05:27,520

or core collapse supernova can be

150

00:05:32,870 --> 00:05:30,080

triggered by either turning off or

151
00:05:35,510 --> 00:05:32,880
suddenly turning on the production of

152
00:05:39,029 --> 00:05:35,520
energy through nuclear fusion

153
00:05:41,350 --> 00:05:39,039
after the core of an aging massive star

154
00:05:42,390 --> 00:05:41,360
ceases generating energy from nuclear

155
00:05:44,870 --> 00:05:42,400
fusion

156
00:05:46,070 --> 00:05:44,880
it may undergo sudden gravitational

157
00:05:49,029 --> 00:05:46,080
collapse

158
00:05:50,310 --> 00:05:49,039
and explode creating a neutron star or a

159
00:05:53,189 --> 00:05:50,320
black hole

160
00:05:54,550 --> 00:05:53,199
releasing gravitational potential energy

161
00:05:58,350 --> 00:05:54,560
that heats up

162
00:06:01,110 --> 00:05:58,360
and expels the star's outer layers

163
00:06:03,590 --> 00:06:01,120

alternatively a white dwarf star may

164

00:06:05,029 --> 00:06:03,600

accumulate sufficient material from a

165

00:06:08,070 --> 00:06:05,039

stellar companion

166

00:06:10,230 --> 00:06:08,080

either through accretion or via a merger

167

00:06:12,469 --> 00:06:10,240

to raise its core temperature enough to

168

00:06:15,189 --> 00:06:12,479

ignite carbon fusion

169

00:06:16,430 --> 00:06:15,199

at which point it detonates at this

170

00:06:20,469 --> 00:06:16,440

so-called

171

00:06:22,629 --> 00:06:20,479

chandrasekhar limit which is roughly 1.4

172

00:06:25,749 --> 00:06:22,639

times the mass of our sun

173

00:06:27,909 --> 00:06:25,759

now this is a type 1a supernova and will

174

00:06:29,749 --> 00:06:27,919

one day be the fate of the white dwarf

175

00:06:32,309 --> 00:06:29,759

star sirius b

176
00:06:33,350 --> 00:06:32,319
or the pup it is currently accreting

177
00:06:37,110 --> 00:06:33,360
material from

178
00:06:37,590 --> 00:06:37,120
sirius a which at only 8.6 light years

179
00:06:40,870 --> 00:06:37,600
away

180
00:06:44,150 --> 00:06:40,880
is the brightest star in our nighttime

181
00:06:47,749 --> 00:06:44,160
sky now although no supernova has been

182
00:06:50,550 --> 00:06:47,759
observed in the milky way since 1604

183
00:06:51,670 --> 00:06:50,560
supernovae remnants indicate on average

184
00:06:53,909 --> 00:06:51,680
the event occurs

185
00:06:55,430 --> 00:06:53,919
about once every 50 years and they play

186
00:06:58,230 --> 00:06:55,440
a significant role in

187
00:06:59,110 --> 00:06:58,240
enriching the interstellar medium with

188
00:07:02,150 --> 00:06:59,120

higher mass

189

00:07:02,950 --> 00:07:02,160

elements one such supernovae was

190

00:07:06,230 --> 00:07:02,960

observed by

191

00:07:09,670 --> 00:07:06,240

chinese astronomers way back in 1054

192

00:07:12,870 --> 00:07:09,680

a.d and today with dark skies and the

193

00:07:16,550 --> 00:07:12,880

telescope it can be seen as the crab

194

00:07:19,670 --> 00:07:16,560

nebula a supernova remnant otherwise

195

00:07:24,390 --> 00:07:19,680

known as messier object 1

196

00:07:27,589 --> 00:07:24,400

ngc 1952 or simply taurus a

197

00:07:30,950 --> 00:07:27,599

at its center lies a rapidly rotating

198

00:07:33,749 --> 00:07:30,960

neutron star a supernova remnant

199

00:07:35,749 --> 00:07:33,759

called of course a pulsar now the

200

00:07:38,870 --> 00:07:35,759

expanding shock waves from

201
00:07:40,070 --> 00:07:38,880
supernova explosions can trigger the

202
00:07:43,270 --> 00:07:40,080
formation

203
00:07:46,550 --> 00:07:43,280
of new stars thus lighting up

204
00:07:49,189 --> 00:07:46,560
the future cosmos as always thank you so

205
00:07:49,830 --> 00:07:49,199
much andy and coming up right now we

206
00:07:53,430 --> 00:07:49,840
have

207
00:07:56,309 --> 00:07:53,440
nomar slevik on ufos in maine

208
00:07:57,350 --> 00:07:56,319
i loved your book uh i grew up in maine

209
00:07:59,749 --> 00:07:57,360
myself

210
00:08:01,670 --> 00:07:59,759
and the name of the book is ufos over

211
00:08:02,790 --> 00:08:01,680
maine close encounters from the pine

212
00:08:05,589 --> 00:08:02,800
tree state

213
00:08:05,909 --> 00:08:05,599

and i'm glad you wrote this book i want

214

00:08:09,830 --> 00:08:05,919

to

215

00:08:11,749 --> 00:08:09,840

first of all talk about how

216

00:08:13,990 --> 00:08:11,759

you got interested in the subject and

217

00:08:14,710 --> 00:08:14,000

you had something happen at an early age

218

00:08:17,990 --> 00:08:14,720

right

219

00:08:20,710 --> 00:08:18,000

i did yeah i was living in fort kent at

220

00:08:24,550 --> 00:08:20,720

the time which is you probably know with

221

00:08:27,029 --> 00:08:24,560

stone's throw away from canada and

222

00:08:28,070 --> 00:08:27,039

the my bedroom window faced the st john

223

00:08:30,790 --> 00:08:28,080

river

224

00:08:31,430 --> 00:08:30,800

and uh i woke up in the middle of the

225

00:08:35,110 --> 00:08:31,440

night

226

00:08:38,149 --> 00:08:35,120

um to a loud bang and uh

227

00:08:40,630 --> 00:08:38,159

and then i heard and saw some rain

228

00:08:41,829 --> 00:08:40,640

and and then i saw some really strange

229

00:08:45,509 --> 00:08:41,839

lightning

230

00:08:47,829 --> 00:08:45,519

much longer

231

00:08:49,110 --> 00:08:47,839

than than uh than you know what i could

232

00:08:51,750 --> 00:08:49,120

understand

233

00:08:53,110 --> 00:08:51,760

and uh i drifted back off to sleep

234

00:08:54,710 --> 00:08:53,120

eventually and when i woke up in the

235

00:08:56,470 --> 00:08:54,720

morning the lightning

236

00:08:58,070 --> 00:08:56,480

was still there it was very confusing to

237

00:08:58,470 --> 00:08:58,080

me i was you know probably four or five

238

00:09:01,110 --> 00:08:58,480

years

239

00:09:03,190 --> 00:09:01,120

and um i went to show my father that the

240

00:09:05,990 --> 00:09:03,200

lightning was still in the clouds

241

00:09:07,190 --> 00:09:06,000

and uh once we looked outside it wasn't

242

00:09:09,829 --> 00:09:07,200

there anymore

243

00:09:11,269 --> 00:09:09,839

and it made me think that that that was

244

00:09:12,790 --> 00:09:11,279

maybe the first time you know i had a

245

00:09:15,269 --> 00:09:12,800

ufo encounter

246

00:09:17,430 --> 00:09:15,279

ah and uh but there was some other times

247

00:09:20,310 --> 00:09:17,440

as well is that right

248

00:09:20,949 --> 00:09:20,320

that's right yeah as i got older um i

249

00:09:23,590 --> 00:09:20,959

saw some

250

00:09:23,990 --> 00:09:23,600

you know some other things that um

251
00:09:27,030 --> 00:09:24,000
seemed

252
00:09:29,110 --> 00:09:27,040
odd in the night sky

253
00:09:32,630 --> 00:09:29,120
um she's when i was living in freeport

254
00:09:35,750 --> 00:09:32,640
maine this was back in you know 2006 7

255
00:09:38,949 --> 00:09:35,760
and 2005 or so

256
00:09:40,070 --> 00:09:38,959
um i saw two white lights and a red

257
00:09:43,590 --> 00:09:40,080
light in the middle

258
00:09:45,750 --> 00:09:43,600
hovering above the house that lived

259
00:09:47,910 --> 00:09:45,760
that was across the street from me and

260
00:09:49,430 --> 00:09:47,920
uh of course i thought that was odd

261
00:09:51,509 --> 00:09:49,440
and my roommate actually spotted it

262
00:09:53,190 --> 00:09:51,519
first and uh

263
00:09:55,750 --> 00:09:53,200

and and i went outside and took a look

264

00:09:57,269 --> 00:09:55,760

at it and it was probably you know 100

265

00:10:00,230 --> 00:09:57,279

200 feet over

266

00:10:01,350 --> 00:10:00,240

over the house and i sat there and

267

00:10:02,949 --> 00:10:01,360

watched it for a little bit tried to

268

00:10:03,910 --> 00:10:02,959

take a picture with my cell phone which

269

00:10:07,750 --> 00:10:03,920

was

270

00:10:10,310 --> 00:10:07,760

vastly inferior at the time and i

271

00:10:11,590 --> 00:10:10,320

suddenly got a little red streak there

272

00:10:13,269 --> 00:10:11,600

and um

273

00:10:15,430 --> 00:10:13,279

and then it moved up a little bit you

274

00:10:19,030 --> 00:10:15,440

know it was stationary and then moved up

275

00:10:21,829 --> 00:10:19,040

you know at an angle very slowly um

276

00:10:22,150 --> 00:10:21,839

maybe maybe another 20 30 40 feet tough

277

00:10:25,430 --> 00:10:22,160

to

278

00:10:27,590 --> 00:10:25,440

you know gauge and then after

279

00:10:29,190 --> 00:10:27,600

you know a few minutes or so it started

280

00:10:31,670 --> 00:10:29,200

uh moving at a level

281

00:10:33,269 --> 00:10:31,680

trajectory towards the town of brunswick

282

00:10:34,550 --> 00:10:33,279

so that's when i got in my car and

283

00:10:36,710 --> 00:10:34,560

started to follow it and

284

00:10:39,269 --> 00:10:36,720

almost immediately lost sight of it and

285

00:10:41,430 --> 00:10:39,279

you know never saw it again

286

00:10:42,310 --> 00:10:41,440

now what inspired you to actually write

287

00:10:44,470 --> 00:10:42,320

the book

288

00:10:45,590 --> 00:10:44,480

and we're going to talk about that in

289

00:10:47,750 --> 00:10:45,600

particular

290

00:10:49,030 --> 00:10:47,760

because i i really enjoyed reading some

291

00:10:51,030 --> 00:10:49,040

of these cases some of them i

292

00:10:52,949 --> 00:10:51,040

knew about some i never heard about but

293

00:10:56,550 --> 00:10:52,959

what made you write

294

00:10:58,069 --> 00:10:56,560

start to write the book well um

295

00:10:59,910 --> 00:10:58,079

i guess that goes all the way back to

296

00:11:01,269 --> 00:10:59,920

that first encounter i had as a child

297

00:11:02,630 --> 00:11:01,279

i've been interested in all things

298

00:11:05,670 --> 00:11:02,640

paranormal

299

00:11:07,190 --> 00:11:05,680

as a child and that

300

00:11:09,269 --> 00:11:07,200

stayed with me through my teenage years

301
00:11:11,750 --> 00:11:09,279
and through my you know my

302
00:11:12,710 --> 00:11:11,760
my twenties and now you know i'm getting

303
00:11:14,710 --> 00:11:12,720
close to 40

304
00:11:16,150 --> 00:11:14,720
and it's still a passion and a

305
00:11:17,910 --> 00:11:16,160
fascination

306
00:11:19,190 --> 00:11:17,920
and but why i wrote this book in

307
00:11:21,190 --> 00:11:19,200
particular is

308
00:11:23,110 --> 00:11:21,200
i have a pretty big library of main

309
00:11:24,710 --> 00:11:23,120
books on the paranormal

310
00:11:26,790 --> 00:11:24,720
and there's one in particular that's

311
00:11:29,350 --> 00:11:26,800
great the supernatural side of maine by

312
00:11:30,710 --> 00:11:29,360
cj stevens great book

313
00:11:32,790 --> 00:11:30,720

but again you know so i have a huge

314

00:11:34,230 --> 00:11:32,800

library of maine books on the paranormal

315

00:11:37,350 --> 00:11:34,240

and there was not one book

316

00:11:39,509 --> 00:11:37,360

still not you know besides this one um

317

00:11:40,470 --> 00:11:39,519

that dealt with solely ufos there were

318

00:11:43,509 --> 00:11:40,480

stories with

319

00:11:43,750 --> 00:11:43,519

ufos in them but not a book dedicated to

320

00:11:46,470 --> 00:11:43,760

it

321

00:11:47,269 --> 00:11:46,480

and i really wanted to take on the

322

00:11:49,990 --> 00:11:47,279

challenge of

323

00:11:51,509 --> 00:11:50,000

of trying to present a book solely

324

00:11:53,350 --> 00:11:51,519

dedicated to it

325

00:11:55,670 --> 00:11:53,360

and how so how long did that take you to

326

00:11:57,509 --> 00:11:55,680

do the research on

327

00:11:59,110 --> 00:11:57,519

well i'd say about two and a half three

328

00:12:01,350 --> 00:11:59,120

years

329

00:12:02,870 --> 00:12:01,360

and let's talk about some of the uh some

330

00:12:05,750 --> 00:12:02,880

of the cases of course um

331

00:12:06,470 --> 00:12:05,760

you and i have been talking um on

332

00:12:09,350 --> 00:12:06,480

facebook

333

00:12:10,069 --> 00:12:09,360

for i don't know perhaps uh six months

334

00:12:12,710 --> 00:12:10,079

or so

335

00:12:14,230 --> 00:12:12,720

and sure so i'm sure you probably

336

00:12:17,509 --> 00:12:14,240

listened to the allagash

337

00:12:19,590 --> 00:12:17,519

show that i did which is great that

338

00:12:21,670 --> 00:12:19,600

that those uh those guys are very

339

00:12:23,829 --> 00:12:21,680

believable and that whole story

340

00:12:25,269 --> 00:12:23,839

uh i agree you know we don't the book is

341

00:12:28,470 --> 00:12:25,279

compelling

342

00:12:30,550 --> 00:12:28,480

yes yes so that is um

343

00:12:32,949 --> 00:12:30,560

you know it's kind of tough to get

344

00:12:35,110 --> 00:12:32,959

involved in some of the abduction cases

345

00:12:36,710 --> 00:12:35,120

but uh that is right up there in my

346

00:12:39,350 --> 00:12:36,720

opinion with travis walton

347

00:12:40,150 --> 00:12:39,360

and um um you know one of the most

348

00:12:41,829 --> 00:12:40,160

credible

349

00:12:43,509 --> 00:12:41,839

and and betty and barney hill one of the

350

00:12:46,069 --> 00:12:43,519

most credible um

351

00:12:47,430 --> 00:12:46,079

type of abduction cases very very

352

00:12:49,430 --> 00:12:47,440

fascinating and you know

353

00:12:50,870 --> 00:12:49,440

um one of the things that i didn't cover

354

00:12:52,150 --> 00:12:50,880

in the interview and you can't really

355

00:12:55,110 --> 00:12:52,160

cover in a

356

00:12:57,110 --> 00:12:55,120

a chapter in a book is uh there's some

357

00:12:58,389 --> 00:12:57,120

ongoing things with these guys i've

358

00:13:00,790 --> 00:12:58,399

talked to them personally

359

00:13:02,150 --> 00:13:00,800

you know there's some strange ongoing

360

00:13:05,430 --> 00:13:02,160

things that keep happening

361

00:13:06,790 --> 00:13:05,440

to them all yeah yeah it's really

362

00:13:08,870 --> 00:13:06,800

amazing yeah

363

00:13:10,389 --> 00:13:08,880

it's uh yeah and like use i think you

364

00:13:11,030 --> 00:13:10,399

put it perfectly it's it's tough to

365

00:13:13,590 --> 00:13:11,040

capture it

366

00:13:15,590 --> 00:13:13,600

in uh in a book or in an interview um

367

00:13:18,949 --> 00:13:15,600

because it's so vast you know

368

00:13:20,710 --> 00:13:18,959

this has been a lifetime effect

369

00:13:22,870 --> 00:13:20,720

on these poor gentlemen you know and

370

00:13:25,430 --> 00:13:22,880

really has

371

00:13:26,710 --> 00:13:25,440

yeah and i completely agree that it's

372

00:13:27,670 --> 00:13:26,720

right up there with travis walton you

373

00:13:29,430 --> 00:13:27,680

know whitney striver

374

00:13:31,269 --> 00:13:29,440

betty marty hill i believe it's right up

375

00:13:35,190 --> 00:13:31,279

there right right

376

00:13:36,790 --> 00:13:35,200

and so uh what in in your opinion

377

00:13:39,030 --> 00:13:36,800

do you think that's one of the top cases

378

00:13:41,030 --> 00:13:39,040

in maine or what you want to talk

379

00:13:43,509 --> 00:13:41,040

or about what some of your favorite

380

00:13:46,790 --> 00:13:43,519

cases were that you worked on

381

00:13:47,990 --> 00:13:46,800

yeah absolutely um that is uh you know

382

00:13:50,389 --> 00:13:48,000

right up there that's probably

383

00:13:51,269 --> 00:13:50,399

the one that uh you know that i've known

384

00:13:52,949 --> 00:13:51,279

about

385

00:13:54,949 --> 00:13:52,959

you know the longest time maybe the most

386

00:13:57,910 --> 00:13:54,959

famous one if you will

387

00:13:58,790 --> 00:13:57,920

um you know it's almost to the point

388

00:14:00,829 --> 00:13:58,800

where it was

389

00:14:02,230 --> 00:14:00,839

i was kind of obsessed with it for a

390

00:14:04,310 --> 00:14:02,240

while

391

00:14:06,710 --> 00:14:04,320

great compelling story um but i think

392

00:14:08,150 --> 00:14:06,720

some of the other great ones are the ufo

393

00:14:10,150 --> 00:14:08,160

over starks

394

00:14:11,590 --> 00:14:10,160

that was first written about in uh

395

00:14:12,710 --> 00:14:11,600

yankee magazine i believe that's the

396

00:14:15,750 --> 00:14:12,720

name of it

397

00:14:17,350 --> 00:14:15,760

and um and i think that's a very um

398

00:14:19,430 --> 00:14:17,360

compelling story especially

399

00:14:21,189 --> 00:14:19,440

once it gets involved with um you know

400

00:14:23,189 --> 00:14:21,199

the sheriff over there

401
00:14:24,949 --> 00:14:23,199
and also the accident that occurred that

402
00:14:27,110 --> 00:14:24,959
same night in that same area

403
00:14:28,710 --> 00:14:27,120
and um the poor woman was wearing

404
00:14:29,430 --> 00:14:28,720
sunglasses you know in the middle of the

405
00:14:31,590 --> 00:14:29,440
night

406
00:14:33,269 --> 00:14:31,600
you know alluding to the fact that

407
00:14:35,750 --> 00:14:33,279
something very bright

408
00:14:37,030 --> 00:14:35,760
was out and she actually wore

409
00:14:39,269 --> 00:14:37,040
prescription sunglass

410
00:14:40,550 --> 00:14:39,279
prescription glasses but you know felt

411
00:14:41,509 --> 00:14:40,560
the need to put on sunglasses in the

412
00:14:43,829 --> 00:14:41,519
middle of the night

413
00:14:45,269 --> 00:14:43,839

i know i read i read your entire book i

414

00:14:46,949 --> 00:14:45,279

loved it

415

00:14:49,189 --> 00:14:46,959

but that was quite some time ago about

416

00:14:51,189 --> 00:14:49,199

four or five months ago so why don't you

417

00:14:53,750 --> 00:14:51,199

if you would go over that case

418

00:14:57,509 --> 00:14:53,760

absolutely so this is a

419

00:14:57,990 --> 00:14:57,519

a ufo that was uh reported over starks

420

00:15:01,350 --> 00:14:58,000

back in

421

00:15:03,509 --> 00:15:01,360

1981 and the whole

422

00:15:05,350 --> 00:15:03,519

incident started with a gentleman named

423

00:15:08,389 --> 00:15:05,360

keno's henry

424

00:15:11,350 --> 00:15:08,399

and uh and he was over starks

425

00:15:12,629 --> 00:15:11,360

a few times but this time was a little

426

00:15:16,150 --> 00:15:12,639

bit different

427

00:15:18,629 --> 00:15:16,160

uh when he saw the ufo uh at this point

428

00:15:19,590 --> 00:15:18,639

um it was red and it was pretty high in

429

00:15:22,550 --> 00:15:19,600

the sky

430

00:15:24,230 --> 00:15:22,560

and then it got very very low and uh he

431

00:15:27,030 --> 00:15:24,240

swears to this day that

432

00:15:27,350 --> 00:15:27,040

it fired lasers down at the ground at

433

00:15:29,829 --> 00:15:27,360

him

434

00:15:31,350 --> 00:15:29,839

and his dog i know it's a little tough

435

00:15:33,990 --> 00:15:31,360

to believe but uh

436

00:15:35,110 --> 00:15:34,000

you know when it comes from from mainers

437

00:15:36,389 --> 00:15:35,120

you know it kind of

438

00:15:37,829 --> 00:15:36,399

makes you listen a little bit you know

439

00:15:38,470 --> 00:15:37,839

we're hard-working honest people you

440

00:15:40,949 --> 00:15:38,480

know

441

00:15:42,870 --> 00:15:40,959

and and very um and really don't want to

442

00:15:45,590 --> 00:15:42,880

draw much attention

443

00:15:46,949 --> 00:15:45,600

usually yeah yeah yeah that's yeah i

444

00:15:50,389 --> 00:15:46,959

completely agree

445

00:15:52,550 --> 00:15:50,399

um so uh you know this encounter

446

00:15:54,470 --> 00:15:52,560

um ended up lasting you know most of the

447

00:15:57,509 --> 00:15:54,480

night where kinos uh

448

00:15:58,790 --> 00:15:57,519

scared and decided to hunker down with

449

00:16:01,269 --> 00:15:58,800

some friends

450

00:16:02,150 --> 00:16:01,279

um and reported to them that there was a

451

00:16:04,310 --> 00:16:02,160

ufo

452

00:16:05,749 --> 00:16:04,320

outside firing lasers at him and so of

453

00:16:06,470 --> 00:16:05,759

course that sounds crazy and they didn't

454

00:16:09,030 --> 00:16:06,480

believe him

455

00:16:09,990 --> 00:16:09,040

so they all go outside and they do see

456

00:16:11,990 --> 00:16:10,000

you know a

457

00:16:13,990 --> 00:16:12,000

a light in the sky it's pretty high up

458

00:16:15,829 --> 00:16:14,000

kind of star sized and so they were they

459

00:16:19,269 --> 00:16:15,839

were thinking that he was being a little

460

00:16:21,030 --> 00:16:19,279

uh you know a little ridiculous but uh

461

00:16:22,790 --> 00:16:21,040

as they uh they decided to get in their

462

00:16:25,030 --> 00:16:22,800

car and and uh

463

00:16:25,910 --> 00:16:25,040

drive you know towards where they could

464

00:16:28,069 --> 00:16:25,920

see the light

465

00:16:29,829 --> 00:16:28,079

it became lower and it became lower and

466

00:16:33,590 --> 00:16:29,839

it kind of swooped at them

467

00:16:36,949 --> 00:16:33,600

and uh while this is happening there's a

468

00:16:37,590 --> 00:16:36,959

sheriff that's driving um towards where

469

00:16:40,310 --> 00:16:37,600

the kids are

470

00:16:41,269 --> 00:16:40,320

his name's bud and uh he lives in

471

00:16:42,870 --> 00:16:41,279

madison maine

472

00:16:45,350 --> 00:16:42,880

so this you know he's not from starks

473

00:16:46,870 --> 00:16:45,360

but he lives in madison and he was uh

474

00:16:50,550 --> 00:16:46,880

driving over towards starks to get some

475

00:16:51,509 --> 00:16:50,560

dinner with his wife and um and he came

476
00:16:53,350 --> 00:16:51,519
upon the kids

477
00:16:54,949 --> 00:16:53,360
uh who were staring at the light and he

478
00:16:56,389 --> 00:16:54,959
stopped and talked to them and

479
00:16:58,389 --> 00:16:56,399
and they said you know there's a ufo

480
00:17:00,150 --> 00:16:58,399
over there don't go over there you know

481
00:17:00,790 --> 00:17:00,160
it's it's trying to attack us and you

482
00:17:02,949 --> 00:17:00,800
know he thought

483
00:17:04,150 --> 00:17:02,959
were being a little rambunctious but he

484
00:17:07,909 --> 00:17:04,160
saw that they all seemed

485
00:17:10,789 --> 00:17:07,919
fairly serious you know and told them to

486
00:17:11,110 --> 00:17:10,799
be safe and and get home for the night

487
00:17:13,270 --> 00:17:11,120
so

488
00:17:14,390 --> 00:17:13,280

uh bud and his wife continued on to

489

00:17:18,069 --> 00:17:14,400

starks

490

00:17:20,309 --> 00:17:18,079

and they themselves actually saw the ufo

491

00:17:21,990 --> 00:17:20,319

and again to them it appeared star size

492

00:17:24,230 --> 00:17:22,000

at at that time

493

00:17:26,309 --> 00:17:24,240

and then it actually swooped in on them

494

00:17:27,590 --> 00:17:26,319

and it got lower and then it got right

495

00:17:30,710 --> 00:17:27,600

over a field

496

00:17:34,150 --> 00:17:30,720

right next to them and uh you know bud

497

00:17:35,270 --> 00:17:34,160

being a sheriff um you know not much

498

00:17:38,230 --> 00:17:35,280

really shakes him but

499

00:17:39,909 --> 00:17:38,240

this made him nervous and he ended up

500

00:17:42,549 --> 00:17:39,919

turning around and going a completely

501
00:17:45,669 --> 00:17:42,559
different way just to get the starks

502
00:17:47,990 --> 00:17:45,679
and and then later that night

503
00:17:49,029 --> 00:17:48,000
it was reported that a woman was driving

504
00:17:52,710 --> 00:17:49,039
on that same road

505
00:17:56,470 --> 00:17:52,720
in starks and um she was in

506
00:17:59,830 --> 00:17:56,480
a car accident and died on the scene and

507
00:18:02,230 --> 00:17:59,840
um it was reported that um you know some

508
00:18:05,190 --> 00:18:02,240
broken sunglasses were found

509
00:18:06,470 --> 00:18:05,200
on the ground near her car and it had

510
00:18:08,470 --> 00:18:06,480
some blood on it

511
00:18:09,510 --> 00:18:08,480
and from what i hear she had some

512
00:18:11,830 --> 00:18:09,520
contusions

513
00:18:13,350 --> 00:18:11,840

close to her temple which suggested that

514

00:18:16,150 --> 00:18:13,360

she was wearing sunglasses

515

00:18:17,590 --> 00:18:16,160

and also going at a high rate of speed

516

00:18:20,630 --> 00:18:17,600

and there were no

517

00:18:22,950 --> 00:18:20,640

break marks at all before she went

518

00:18:23,990 --> 00:18:22,960

off the road and into the woods also

519

00:18:26,870 --> 00:18:24,000

suggesting that

520

00:18:27,990 --> 00:18:26,880

maybe it was very bright and she could

521

00:18:31,110 --> 00:18:28,000

not see where the road

522

00:18:32,070 --> 00:18:31,120

turned and uh and went off the road so

523

00:18:34,070 --> 00:18:32,080

this one

524

00:18:35,909 --> 00:18:34,080

could kind of lead you to the to the

525

00:18:38,950 --> 00:18:35,919

conclusion that she was trying to

526

00:18:41,990 --> 00:18:38,960

get the heck away from whatever it was

527

00:18:45,029 --> 00:18:42,000

as fast as she could and it was

528

00:18:47,350 --> 00:18:45,039

really bright i mean there's no real

529

00:18:48,390 --> 00:18:47,360

evidence but there's some evidence that

530

00:18:50,230 --> 00:18:48,400

would uh

531

00:18:51,830 --> 00:18:50,240

tend to make you believe that could be

532

00:18:53,510 --> 00:18:51,840

possible

533

00:18:54,950 --> 00:18:53,520

sure i mean it's definitely

534

00:18:57,270 --> 00:18:54,960

circumstantial but

535

00:18:58,549 --> 00:18:57,280

when you add all the pieces together uh

536

00:19:00,630 --> 00:18:58,559

keynotes and and what

537

00:19:02,390 --> 00:19:00,640

he and all of his friends saw and then a

538

00:19:04,630 --> 00:19:02,400

sheriff and his wife

539

00:19:06,950 --> 00:19:04,640

um you know who who were interviewed by

540

00:19:09,029 --> 00:19:06,960

you know uh some new york papers about

541

00:19:10,070 --> 00:19:09,039

about the incident uh and then this poor

542

00:19:11,669 --> 00:19:10,080

woman who uh

543

00:19:13,190 --> 00:19:11,679

who died that night as well when you add

544

00:19:13,750 --> 00:19:13,200

them all together it's a very compelling

545

00:19:15,990 --> 00:19:13,760

story

546

00:19:17,430 --> 00:19:16,000

right right now um do you know

547

00:19:19,990 --> 00:19:17,440

approximately what time

548

00:19:22,070 --> 00:19:20,000

of the evening did these line up in any

549

00:19:24,789 --> 00:19:22,080

type of way

550

00:19:26,390 --> 00:19:24,799

uh they lined up between uh kinos and

551

00:19:29,029 --> 00:19:26,400

the sheriff it lined up

552

00:19:31,029 --> 00:19:29,039

um very consistently but the woman was

553

00:19:35,270 --> 00:19:31,039

much much later in the evening

554

00:19:37,830 --> 00:19:35,280

uh i believe towards 11 to midnight

555

00:19:39,029 --> 00:19:37,840

so it occurred much later yeah yeah but

556

00:19:41,909 --> 00:19:39,039

again who knows

557

00:19:43,990 --> 00:19:41,919

and there was another case or at least

558

00:19:46,789 --> 00:19:44,000

one other case with police witness

559

00:19:47,110 --> 00:19:46,799

i know uh people that are skeptic uh you

560

00:19:51,510 --> 00:19:47,120

know

561

00:19:53,909 --> 00:19:51,520

observers than anyone else but

562

00:19:54,789 --> 00:19:53,919

uh the one thing that police have on

563

00:19:56,950 --> 00:19:54,799

their side is

564

00:19:57,990 --> 00:19:56,960

uh you know they're they're looking to

565

00:20:00,789 --> 00:19:58,000

protect in their

566

00:20:01,830 --> 00:20:00,799

their um they're someone who you the

567

00:20:04,710 --> 00:20:01,840

public generally look

568

00:20:06,549 --> 00:20:04,720

looks up to as far as upholding the law

569

00:20:10,710 --> 00:20:06,559

and someone that you wouldn't expect to

570

00:20:12,390 --> 00:20:10,720

make things up so much yeah yeah

571

00:20:13,990 --> 00:20:12,400

i completely agree and and one in

572

00:20:15,430 --> 00:20:14,000

particular that comes to mind um

573

00:20:17,190 --> 00:20:15,440

where it's not technically a police

574

00:20:20,310 --> 00:20:17,200

officer but it's a formal knee

575

00:20:22,310 --> 00:20:20,320

evil intelligence technician his name is

576

00:20:24,630 --> 00:20:22,320

brad luker and he reported some very

577

00:20:25,590 --> 00:20:24,640

interesting lights in 2006 over industry

578

00:20:28,789 --> 00:20:25,600

maine

579

00:20:30,950 --> 00:20:28,799

and um and he is not one that

580

00:20:33,190 --> 00:20:30,960

believes in the paranormal even after

581

00:20:33,590 --> 00:20:33,200

what he saw he just still can't believe

582

00:20:36,390 --> 00:20:33,600

that

583

00:20:36,870 --> 00:20:36,400

it would really be you know some sort of

584

00:20:40,310 --> 00:20:36,880

different

585

00:20:40,710 --> 00:20:40,320

another planet he still thinks that it

586

00:20:42,710 --> 00:20:40,720

may

587

00:20:44,789 --> 00:20:42,720

be military but he has no idea what to

588

00:20:48,230 --> 00:20:44,799

make of it but he saw these lights

589

00:20:50,390 --> 00:20:48,240

um float right over him um

590

00:20:52,470 --> 00:20:50,400

probably you know 300 feet in the air

591

00:20:55,350 --> 00:20:52,480

right over him you know the size of uh

592

00:20:56,789 --> 00:20:55,360

you know a half a football field and he

593

00:20:58,310 --> 00:20:56,799

had no idea what to make of it and

594

00:21:00,230 --> 00:20:58,320

another woman

595

00:21:01,990 --> 00:21:00,240

or another person who was on the same

596

00:21:05,190 --> 00:21:02,000

road that night stopped where he was

597

00:21:08,070 --> 00:21:05,200

and also saw the lights and um but he

598

00:21:10,390 --> 00:21:08,080

stood there and stared at them and

599

00:21:11,590 --> 00:21:10,400

and he still you know he doesn't know

600

00:21:13,190 --> 00:21:11,600

what to make of him but he just can't

601
00:21:16,390 --> 00:21:13,200
believe that it might be

602
00:21:19,430 --> 00:21:16,400
you know extraterrestrial you know i

603
00:21:19,909 --> 00:21:19,440
i had someone i live in maine south of

604
00:21:22,789 --> 00:21:19,919
you

605
00:21:23,750 --> 00:21:22,799
but i had someone contact me from the

606
00:21:25,750 --> 00:21:23,760
portland area

607
00:21:27,430 --> 00:21:25,760
recently that told me there's all kinds

608
00:21:30,789 --> 00:21:27,440
of stuff happening in maine

609
00:21:32,870 --> 00:21:30,799
all the time and i i i said this um

610
00:21:34,230 --> 00:21:32,880
a while back in the podcast that richard

611
00:21:37,029 --> 00:21:34,240
dolan was up

612
00:21:37,990 --> 00:21:37,039
was in exeter new hampshire and was

613
00:21:39,669 --> 00:21:38,000

asking

614

00:21:42,390 --> 00:21:39,679

you know for the show of hands and there

615

00:21:43,270 --> 00:21:42,400

was about i'd say about 200 people in

616

00:21:45,909 --> 00:21:43,280

the audience

617

00:21:46,789 --> 00:21:45,919

it was pretty full he asked them how

618

00:21:49,669 --> 00:21:46,799

many people

619

00:21:51,669 --> 00:21:49,679

saw what they believed was a a possible

620

00:21:53,590 --> 00:21:51,679

ufo

621

00:21:55,270 --> 00:21:53,600

at some point in their life and the show

622

00:21:57,190 --> 00:21:55,280

of hands were let's just say

623

00:21:59,590 --> 00:21:57,200

a hundred people and then when he asked

624

00:22:02,149 --> 00:21:59,600

how many people reported it

625

00:22:03,669 --> 00:22:02,159

what they saw um there was only about

626

00:22:06,789 --> 00:22:03,679

seven hands left

627

00:22:08,549 --> 00:22:06,799

and so i i think that's uh that's

628

00:22:09,909 --> 00:22:08,559

kind of across the board everywhere and

629

00:22:10,950 --> 00:22:09,919

if you think there's you know

630

00:22:14,630 --> 00:22:10,960

approximately thirty

631

00:22:16,710 --> 00:22:14,640

000 sightings reported a year worldwide

632

00:22:19,029 --> 00:22:16,720

if you do the math that's a lot of

633

00:22:20,870 --> 00:22:19,039

people are seeing a lot of things

634

00:22:23,190 --> 00:22:20,880

and uh the state of maine is absolutely

635

00:22:25,190 --> 00:22:23,200

no exception to that

636

00:22:26,390 --> 00:22:25,200

it's a big state yeah yeah and i

637

00:22:27,669 --> 00:22:26,400

completely agree i'm glad you brought

638

00:22:29,669 --> 00:22:27,679

that point up um

639

00:22:31,669 --> 00:22:29,679

i talked with and worked with peter

640

00:22:33,590 --> 00:22:31,679

davenport from new fork

641

00:22:36,789 --> 00:22:33,600

on some of the cases in this book and

642

00:22:40,310 --> 00:22:36,799

he's a a really great fellow to talk to

643

00:22:43,669 --> 00:22:40,320

and we we both expressed our concern

644

00:22:45,590 --> 00:22:43,679

over um the amount of reports uh or the

645

00:22:47,590 --> 00:22:45,600

the amount of sightings that go

646

00:22:49,110 --> 00:22:47,600

unreported um like you were saying you

647

00:22:50,390 --> 00:22:49,120

just you do the math and

648

00:22:52,149 --> 00:22:50,400

you know out of a hundred people that

649

00:22:53,590 --> 00:22:52,159

saw something seven report it you know

650

00:22:56,070 --> 00:22:53,600

it's it's uh

651
00:22:57,830 --> 00:22:56,080
it's too bad and and you know this field

652
00:22:59,990 --> 00:22:57,840
you know relies heavily on

653
00:23:01,270 --> 00:23:00,000
eyewitness you know testimony and you

654
00:23:03,270 --> 00:23:01,280
know move on you know

655
00:23:04,630 --> 00:23:03,280
it's just not something that people

656
00:23:06,149 --> 00:23:04,640
think to do um

657
00:23:08,070 --> 00:23:06,159
when they see something that that's

658
00:23:08,950 --> 00:23:08,080
strange you know and it would be very

659
00:23:11,669 --> 00:23:08,960
interesting to

660
00:23:13,590 --> 00:23:11,679
to see the true account of how many

661
00:23:16,070 --> 00:23:13,600
things people are really seeing you know

662
00:23:16,950 --> 00:23:16,080
right well you know i think a lot of

663
00:23:19,590 --> 00:23:16,960

people don't know

664

00:23:21,990 --> 00:23:19,600

how to report it i know that uh that was

665

00:23:25,029 --> 00:23:22,000

certainly the case with myself

666

00:23:26,630 --> 00:23:25,039

and uh you know years ago i just it

667

00:23:28,149 --> 00:23:26,640

never occurred to me how to report

668

00:23:31,270 --> 00:23:28,159

something like that

669

00:23:32,149 --> 00:23:31,280

sure and so quickly can you just um go

670

00:23:34,630 --> 00:23:32,159

through

671

00:23:35,590 --> 00:23:34,640

the the the chapters in the in the book

672

00:23:37,590 --> 00:23:35,600

in the different

673

00:23:38,950 --> 00:23:37,600

different sightings for uh the listener

674

00:23:40,470 --> 00:23:38,960

out there okay

675

00:23:42,390 --> 00:23:40,480

so the book is actually broken up into

676
00:23:43,350 --> 00:23:42,400
some sections there's uh abductions and

677
00:23:46,470 --> 00:23:43,360
men in black

678
00:23:47,590 --> 00:23:46,480
and four um abductions uh and men in

679
00:23:50,789 --> 00:23:47,600
black we have the

680
00:23:51,350 --> 00:23:50,799
david stephens case we have the the the

681
00:23:53,669 --> 00:23:51,360
case

682
00:23:54,710 --> 00:23:53,679
from the doctor out of out of old

683
00:23:55,830 --> 00:23:54,720
orchard beach

684
00:23:57,590 --> 00:23:55,840
which i actually found some new

685
00:23:58,710 --> 00:23:57,600
information on recently that i'm going

686
00:24:00,070 --> 00:23:58,720
to send over to you

687
00:24:02,390 --> 00:24:00,080
you want to just throw that out there

688
00:24:04,470 --> 00:24:02,400

right now so herbert hopkins

689

00:24:06,070 --> 00:24:04,480

was a general practitioner out of old

690

00:24:07,110 --> 00:24:06,080

orchard beach and he had a men in black

691

00:24:08,950 --> 00:24:07,120

experience

692

00:24:10,310 --> 00:24:08,960

um where he claimed you know man in

693

00:24:12,549 --> 00:24:10,320

black came to his house he was working

694

00:24:13,830 --> 00:24:12,559

on a david stevens case from a gentleman

695

00:24:16,870 --> 00:24:13,840

out of norway

696

00:24:18,470 --> 00:24:16,880

and he was warned not to work on the

697

00:24:20,630 --> 00:24:18,480

case anymore the gentleman

698

00:24:22,789 --> 00:24:20,640

uh who came to his house looked very odd

699

00:24:25,909 --> 00:24:22,799

act very odd and threatened him

700

00:24:29,590 --> 00:24:25,919

to stop working on the case well uh

701
00:24:30,230 --> 00:24:29,600
in 2008 his nephew herbert hopkins

702
00:24:32,950 --> 00:24:30,240
nephew

703
00:24:33,430 --> 00:24:32,960
posted a blog about this story that has

704
00:24:37,269 --> 00:24:33,440
become

705
00:24:39,590 --> 00:24:37,279
folklore you know in maine uh ufology

706
00:24:41,029 --> 00:24:39,600
um and even involved shirley thickett at

707
00:24:43,590 --> 00:24:41,039
one point who was a

708
00:24:45,510 --> 00:24:43,600
noted me an author uh or you know a

709
00:24:49,669 --> 00:24:45,520
noted main ufo researcher

710
00:24:52,149 --> 00:24:49,679
and and his nephew reports that

711
00:24:53,029 --> 00:24:52,159
the as herbert hopkins got older he was

712
00:24:56,950 --> 00:24:53,039
an alcoholic

713
00:25:01,110 --> 00:24:56,960

and liked to tell ridiculous stories

714

00:25:03,510 --> 00:25:01,120

and like to write science fiction

715

00:25:04,870 --> 00:25:03,520

and he is convinced that this is a work

716

00:25:05,590 --> 00:25:04,880

of fiction and that none of this

717

00:25:06,950 --> 00:25:05,600

occurred

718

00:25:09,190 --> 00:25:06,960

and i'd like to send that information

719

00:25:11,909 --> 00:25:09,200

over to you at some point martin

720

00:25:12,549 --> 00:25:11,919

sure absolutely and just uh quickly if

721

00:25:14,789 --> 00:25:12,559

you can for

722

00:25:16,470 --> 00:25:14,799

the the rest of the book uh for the

723

00:25:18,789 --> 00:25:16,480

listener out there

724

00:25:20,390 --> 00:25:18,799

sure um there's great encounters so of

725

00:25:23,830 --> 00:25:20,400

course we've got the starks encounter

726

00:25:26,149 --> 00:25:23,840

um there's a lawyer out of somebody

727

00:25:27,590 --> 00:25:26,159

who owns a uh you know a little tiny

728

00:25:29,990 --> 00:25:27,600

pond hopper plane

729

00:25:31,190 --> 00:25:30,000

and he and a buddy were flying it and

730

00:25:34,230 --> 00:25:31,200

they saw ufo

731

00:25:36,149 --> 00:25:34,240

over the blue hill area there was a ufo

732

00:25:37,110 --> 00:25:36,159

reported by some boy scouts back in the

733

00:25:40,310 --> 00:25:37,120

50s

734

00:25:41,990 --> 00:25:40,320

close to millinocket franklin has had

735

00:25:44,149 --> 00:25:42,000

some some lights reported over their

736

00:25:46,230 --> 00:25:44,159

town uh north whitfield

737

00:25:47,190 --> 00:25:46,240

has reported some uh some sightings

738

00:25:49,110 --> 00:25:47,200

bangor has

739

00:25:50,789 --> 00:25:49,120

lots of sightings reported one in

740

00:25:52,630 --> 00:25:50,799

particular back in the 60s

741

00:25:54,070 --> 00:25:52,640

it's even reported that a gentleman

742

00:25:57,350 --> 00:25:54,080

fired his gun

743

00:25:57,830 --> 00:25:57,360

at the ufo uh very interesting story um

744

00:26:01,029 --> 00:25:57,840

there's an

745

00:26:02,549 --> 00:26:01,039

incident of a potential uso and uh you

746

00:26:05,830 --> 00:26:02,559

know an unidentified submerged

747

00:26:06,549 --> 00:26:05,840

object uh out of uh out of bucksport

748

00:26:09,350 --> 00:26:06,559

maine

749

00:26:09,750 --> 00:26:09,360

um and the reason it's uh being thought

750

00:26:11,830 --> 00:26:09,760

of as

751

00:26:13,350 --> 00:26:11,840

as us is that these people reported

752

00:26:15,510 --> 00:26:13,360

that it appeared muddy

753

00:26:17,269 --> 00:26:15,520

and wet on the bottom of the craft and

754

00:26:19,190 --> 00:26:17,279

that there was actually kelp

755

00:26:20,630 --> 00:26:19,200

hanging off the bottom of it so pretty

756

00:26:23,190 --> 00:26:20,640

interesting there

757

00:26:24,549 --> 00:26:23,200

um there's some compelling uh video of a

758

00:26:27,590 --> 00:26:24,559

ufo in newport

759

00:26:29,110 --> 00:26:27,600

that i write about in the book and

760

00:26:30,870 --> 00:26:29,120

one of the more interesting ones i

761

00:26:32,390 --> 00:26:30,880

thought was about crop circles being

762

00:26:36,230 --> 00:26:32,400

reported in gardiner

763

00:26:39,669 --> 00:26:36,240

i actually went down there in in 2010

764

00:26:40,149 --> 00:26:39,679

and to check out the area um it happened

765

00:26:43,029 --> 00:26:40,159

it

766

00:26:43,510 --> 00:26:43,039

was reported in 2004. uh i went down

767

00:26:45,590 --> 00:26:43,520

there

768

00:26:47,510 --> 00:26:45,600

in 2010 and i don't know if it's the

769

00:26:49,110 --> 00:26:47,520

power of suggestion but the field that

770

00:26:50,710 --> 00:26:49,120

it was reported you can still see some

771

00:26:53,029 --> 00:26:50,720

outlines of

772

00:26:54,549 --> 00:26:53,039

of where the crop is not growing as well

773

00:26:56,149 --> 00:26:54,559

in that area so that's definitely

774

00:26:58,470 --> 00:26:56,159

something you can check out

775

00:26:59,190 --> 00:26:58,480

and then there's a very very odd case of

776

00:27:01,590 --> 00:26:59,200

a woman

777

00:27:02,549 --> 00:27:01,600

out of old orchard beach named wendy c

778

00:27:05,269 --> 00:27:02,559

allen

779

00:27:06,230 --> 00:27:05,279

she claims uh to still to this day be

780

00:27:08,390 --> 00:27:06,240

friends with an

781

00:27:09,909 --> 00:27:08,400

amphibian fairy uh that's an

782

00:27:13,110 --> 00:27:09,919

extraterrestrial that's uh

783

00:27:15,430 --> 00:27:13,120

probably 300 years old and uh

784

00:27:17,909 --> 00:27:15,440

and he communicates with her and he sees

785

00:27:20,389 --> 00:27:17,919

her in the forest of old orchard beach

786

00:27:22,070 --> 00:27:20,399

and she says that he arrived on a ufo

787

00:27:23,830 --> 00:27:22,080

and unless she communicates with

788

00:27:25,110 --> 00:27:23,840

aliens regularly and that's just some of

789

00:27:27,669 --> 00:27:25,120

the stories that are in here

790

00:27:28,149 --> 00:27:27,679

wow that's uh that's a kind of a bizarre

791

00:27:30,310 --> 00:27:28,159

one

792

00:27:32,630 --> 00:27:30,320

hey well thanks so much now where can

793

00:27:35,029 --> 00:27:32,640

821

00:28:28,789 --> 00:28:27,279

i want to give michael lauc a great big

822

00:28:30,789 --> 00:28:28,799

thank you for helping out

823

00:28:32,070 --> 00:28:30,799

in my absence with his interview with

824

00:28:34,950 --> 00:28:32,080

stanton friedman

825

00:28:35,350 --> 00:28:34,960

really enjoyed that we'll be back next

826

00:28:39,029 --> 00:28:35,360

week

827

00:28:42,470 --> 00:28:39,039
