

1
00:00:36,280 --> 00:00:34,090
happy new year everyone this is Martin

2
00:00:38,979 --> 00:00:36,290
Willis your host and we're drawing the

3
00:00:42,069 --> 00:00:38,989
winner of the brand new ipad mini and

4
00:00:44,979 --> 00:00:42,079
five really cool swag bags this is

5
00:00:48,130 --> 00:00:44,989
compliments of Jimmer com that's geem

6
00:00:50,530 --> 00:00:48,140
are calm it's a place where people can

7
00:00:53,320 --> 00:00:50,540
connect and collect and that's coming up

8
00:00:55,930 --> 00:00:53,330
in just a moment this is a pre-recorded

9
00:00:58,390 --> 00:00:55,940
show but I'm not editing a darn thing

10
00:00:59,890 --> 00:00:58,400
it's going to seem like a live show even

11
00:01:02,200 --> 00:00:59,900
if I make mistakes and that includes

12
00:01:04,689 --> 00:01:02,210
when I'm with alejandra see I did it

13
00:01:07,180 --> 00:01:04,699

already Alejandro Rojas coming up and

14

00:01:10,359 --> 00:01:07,190

we're going to be talking about events

15

00:01:12,340 --> 00:01:10,369

in 2014 and I'm sure we're going to

16

00:01:15,310 --> 00:01:12,350

stray a bit from there well in the

17

00:01:17,980 --> 00:01:15,320

second hour we have amateur astronomer

18

00:01:22,690 --> 00:01:17,990

Andy Fleming across the pond he's going

19

00:01:25,300 --> 00:01:22,700

to be reflecting on ufology in 2014 plus

20

00:01:27,850 --> 00:01:25,310

a number of clips that I chose from what

21

00:01:30,580 --> 00:01:27,860

I consider pretty good shows of 2014

22

00:01:32,380 --> 00:01:30,590

with a little monologue in between so I

23

00:01:34,660 --> 00:01:32,390

hope you enjoy it it's going to be a

24

00:01:36,400 --> 00:01:34,670

different type of show this time so if

25

00:01:39,010 --> 00:01:36,410

you want to subscribe to hear the second

26

00:01:42,820 --> 00:01:39,020

hour of any of our podcasts go to get

27

00:01:45,749 --> 00:01:42,830

Joyride calm / podcast UFO the link is

28

00:01:48,070 --> 00:01:45,759

right on our website podcast UFO calm

29

00:01:51,790 --> 00:01:48,080

subscribers pay only a dollar a month or

30

00:01:55,300 --> 00:01:51,800

more to access the full two hour show

31

00:01:58,270 --> 00:01:55,310

and that also includes a private link

32

00:02:02,589 --> 00:01:58,280

that you can hook right into itunes or

33

00:02:04,839 --> 00:02:02,599

any other media player and if you have

34

00:02:08,710 --> 00:02:04,849

any questions or problems or concerns

35

00:02:12,550 --> 00:02:08,720

just email me at podcast I'm sorry at

36

00:02:15,070 --> 00:02:12,560

Martin at podcast UFO calm again I said

37

00:02:18,339 --> 00:02:15,080

I'm not going to edit so you got me the

38

00:02:21,220 --> 00:02:18,349

way I am but we are ready to drop the

39

00:02:25,020 --> 00:02:21,230

winner so how you doing Natalia it's my

40

00:02:29,530 --> 00:02:25,030

lovely assistant happy new year everyone

41

00:02:32,170 --> 00:02:29,540

thank you and okay so I in front of me

42

00:02:35,290 --> 00:02:32,180

you can picture this I have a kind of an

43

00:02:36,849 --> 00:02:35,300

antique pitcher it's kind of a mosaic

44

00:02:39,789 --> 00:02:36,859

piece kind of nice and it's full of

45

00:02:41,949 --> 00:02:39,799

names and we're going to be drawing them

46

00:02:42,610 --> 00:02:41,959

out and the first one is going to be the

47

00:02:44,500 --> 00:02:42,620

winner of the

48

00:02:54,000 --> 00:02:44,510

ipad mini and reach in if you will

49

00:03:04,300 --> 00:02:59,979

you having a hard time reading it ms no

50

00:03:05,860 --> 00:03:04,310

Norris oh ok oh yeah hey you know what

51
00:03:07,990 --> 00:03:05,870
I'm having a hard time reading this one

52
00:03:12,220 --> 00:03:08,000
I'm not sure who you are but

53
00:03:14,319 --> 00:03:12,230
congratulations it's msn oun oh you are

54
00:03:16,539 --> 00:03:14,329
s I don't know what kind of user name

55
00:03:21,160 --> 00:03:16,549
that is but congratulations you won a

56
00:03:26,759 --> 00:03:21,170
brand new ipad mini congratulations all

57
00:03:28,930 --> 00:03:26,769
right again that's msn oun oh you are s

58
00:03:33,190 --> 00:03:28,940
ok now we're going to draw five more

59
00:03:41,010 --> 00:03:33,200
these are for swag bags you had to pick

60
00:03:46,110 --> 00:03:44,820
neither mink Oh Nina mink I can't

61
00:03:49,560 --> 00:03:46,120
believe Nina mink she had trouble

62
00:03:52,920 --> 00:03:49,570
signing up uh Nina make you one a swag

63
00:04:02,760 --> 00:03:52,930

bag okay go ahead that one was easy to

64
00:04:06,390 --> 00:04:02,770
read the women another hard one quote um

65
00:04:09,900 --> 00:04:06,400
Oh Scott Sakura oh my goodness Scott

66
00:04:12,270 --> 00:04:09,910
Sakura was actually my first listener

67
00:04:13,730 --> 00:04:12,280
thank you Scott he listened he somehow

68
00:04:16,880 --> 00:04:13,740
found my very first podcast

69
00:04:19,260 --> 00:04:16,890
congratulations Scott for a swag bag I

70
00:04:30,710 --> 00:04:19,270
know he's saying why not the ipad mini

71
00:04:38,450 --> 00:04:30,720
right Ludmila ludmila for a swag bag

72
00:04:47,180 --> 00:04:43,530
Bruce Rainer Bruce Rainer and here's the

73
00:04:56,659 --> 00:04:47,190
last one the last winner for a swag bag

74
00:05:00,000 --> 00:04:56,669
full of cool stuff Christopher ranking

75
00:05:01,550 --> 00:05:00,010
drinking Christopher ranking well thank

76

00:05:04,920 --> 00:05:01,560

you all very much Thank You Natalia

77

00:05:08,129 --> 00:05:04,930

happy new year I again was nice talking

78

00:05:11,690 --> 00:05:08,139

to all of you thank you all right now we

79

00:05:13,500 --> 00:05:11,700

have alejandro is coming right up

80

00:05:16,380 --> 00:05:13,510

congratulations everyone and thank you

81

00:05:19,020 --> 00:05:16,390

for participating and we're going to

82

00:05:20,850 --> 00:05:19,030

move right along to Alejandro Rojas how

83

00:05:25,830 --> 00:05:20,860

is it going let's get down to business

84

00:05:28,140 --> 00:05:25,840

alejandro business it shall be then yeah

85

00:05:30,480 --> 00:05:28,150

congratulations to the ipad mini winner

86

00:05:31,800 --> 00:05:30,490

I I thought I was supposed to win it and

87

00:05:35,460 --> 00:05:31,810

then I was going to give it back to you

88

00:05:39,240 --> 00:05:35,470

yeah it was fixed but you know that they

89
00:05:40,590 --> 00:05:39,250
intervened so man some people some men

90
00:05:44,190 --> 00:05:40,600
in black showed up well congratulations

91
00:05:46,260 --> 00:05:44,200
anyway the interview oh they made sure

92
00:05:48,800 --> 00:05:46,270
that you did it right these must have

93
00:05:51,719 --> 00:05:48,810
been the good men in black yeah and uh

94
00:05:54,060 --> 00:05:51,729
yeah when I looked up the username of

95
00:05:57,240 --> 00:05:54,070
the person at one it's one of those

96
00:05:59,040 --> 00:05:57,250
black-eyed kids you know yeah yeah well

97
00:06:00,810 --> 00:05:59,050
what if like the will smith scenario you

98
00:06:03,570 --> 00:06:00,820
know the movies at the men in black are

99
00:06:06,690 --> 00:06:03,580
actually good guys yeah hey you never

100
00:06:10,050 --> 00:06:06,700
know yeah another mystery solved mmhmm

101
00:06:12,900 --> 00:06:10,060
yeah so this show this hour is going to

102
00:06:14,580 --> 00:06:12,910
be really a reflection and a lot of it

103
00:06:16,890 --> 00:06:14,590
is your i'm going to say all of it is

104
00:06:19,700 --> 00:06:16,900
your hard work so i'm really looking

105
00:06:23,279 --> 00:06:19,710
forward to hearing what has happened in

106
00:06:25,920 --> 00:06:23,289
2014 and you go ahead and spill it in

107
00:06:27,900 --> 00:06:25,930
let's talk about some stories that

108
00:06:30,150 --> 00:06:27,910
happened and by the way none of this is

109
00:06:32,430 --> 00:06:30,160
being edited i made that promise Wow

110
00:06:34,440 --> 00:06:32,440
listener that i'm going to make this as

111
00:06:36,330 --> 00:06:34,450
close to a live show as possible and I'm

112
00:06:37,860 --> 00:06:36,340
I don't care how we goof up and I

113
00:06:40,560 --> 00:06:37,870

already Wow like three or four times

114

00:06:42,420 --> 00:06:40,570

yeah you have going to run it because

115

00:06:44,460 --> 00:06:42,430

actually I'm running out of time the

116

00:06:46,529 --> 00:06:44,470

producer of the Dark Matter radio

117

00:06:51,510 --> 00:06:46,539

network has gotta skedaddle and he says

118

00:06:54,300 --> 00:06:51,520

well now so it's currently six o'clock

119

00:06:55,920 --> 00:06:54,310

eastern time and I've got you know but

120

00:06:58,409 --> 00:06:55,930

when i get this thing done it's off to

121

00:07:02,369 --> 00:06:58,419

him and it's when i say so many bad

122

00:07:05,369 --> 00:07:02,379

words oh you have your chance yeah

123

00:07:07,050 --> 00:07:05,379

alright so let's try to keep it clean

124

00:07:11,610 --> 00:07:07,060

and tell me what's been happening over

125

00:07:13,980 --> 00:07:11,620

this last year well lots of stuff

126
00:07:16,969 --> 00:07:13,990
there's been some UFOs and stuff well

127
00:07:22,170 --> 00:07:16,979
actually there's a couple things I

128
00:07:23,700 --> 00:07:22,180
called top UFO videos and that is now

129
00:07:25,290 --> 00:07:23,710
not on the front page anymore because

130
00:07:27,330 --> 00:07:25,300
that we've got other stories but if you

131
00:07:28,529 --> 00:07:27,340
click articles that open mind stat TV

132
00:07:30,659 --> 00:07:28,539
you'll find it and I'm sure you'll have

133
00:07:34,050 --> 00:07:30,669
a link on your site but I wrote about

134
00:07:37,110 --> 00:07:34,060
the top videos and then I also put a lot

135
00:07:40,020 --> 00:07:37,120
of links towards the end to some of the

136
00:07:41,790 --> 00:07:40,030
good stories from the year because I was

137
00:07:44,640 --> 00:07:41,800
surprised when I compiled this how many

138
00:07:48,570 --> 00:07:44,650

great stories there were and what an

139

00:07:51,089 --> 00:07:48,580

important year this was for the UFO

140

00:07:53,040 --> 00:07:51,099

field so people can follow along by

141

00:07:55,620 --> 00:07:53,050

looking at that but there are a couple

142

00:07:59,219 --> 00:07:55,630

things that weren't in there and I guess

143

00:08:01,409 --> 00:07:59,229

we could start off with that and those

144

00:08:04,200 --> 00:08:01,419

are and I sent you this these links uh

145

00:08:08,029 --> 00:08:04,210

so you can put them on the page those

146

00:08:12,839 --> 00:08:08,039

are the Chilean official UFO government

147

00:08:15,390 --> 00:08:12,849

organization sefa ah and astrobiology

148

00:08:18,749 --> 00:08:15,400

those have been two important stories

149

00:08:22,409 --> 00:08:18,759

this year so we'll just get into that

150

00:08:26,909 --> 00:08:22,419

are you familiar with safa oh yes my

151

00:08:30,269 --> 00:08:26,919

parents and I've had a jase a lie on the

152

00:08:32,730 --> 00:08:30,279

show yeah and a great guy and he and I

153

00:08:34,380 --> 00:08:32,740

became buddies down in down in North

154

00:08:37,079 --> 00:08:34,390

Carolina yeah that's right that's where

155

00:08:39,719 --> 00:08:37,089

we met in what was at North Carolina or

156

00:08:41,670 --> 00:08:39,729

South Carolina I thought that it was

157

00:08:43,440 --> 00:08:41,680

south I thought we were in North

158

00:08:46,050 --> 00:08:43,450

Carolina I don't know where the hell we

159

00:08:48,449 --> 00:08:46,060

were but it it was cool because there

160

00:08:50,810 --> 00:08:48,459

were a lot of important people that were

161

00:08:55,440 --> 00:08:50,820

out there including representatives from

162

00:08:58,170 --> 00:08:55,450

Francis J pond and there was Jose lay

163

00:09:00,590 --> 00:08:58,180

there was a Belgian general who

164

00:09:03,990 --> 00:09:00,600

investigated the Belgian UFO wave

165

00:09:05,250 --> 00:09:04,000

richard haines from Nar cap so you're

166

00:09:08,010 --> 00:09:05,260

right a lot of really

167

00:09:09,980 --> 00:09:08,020

people and what's great about sefa ah

168

00:09:12,300 --> 00:09:09,990

and the Chilean organization we

169

00:09:14,220 --> 00:09:12,310

interviewed him and we had general

170

00:09:18,380 --> 00:09:14,230

Bermudez who's in charge of the

171

00:09:20,910 --> 00:09:18,390

organization at our UFO Congress and

172

00:09:22,440 --> 00:09:20,920

years ago you know after Congress it

173

00:09:25,770 --> 00:09:22,450

won't just a couple years ago he said

174

00:09:29,340 --> 00:09:25,780

his major goal was to unite all of these

175

00:09:32,030 --> 00:09:29,350

government organizations to create a

176

00:09:35,790 --> 00:09:32,040

worldwide network where government and

177

00:09:38,460 --> 00:09:35,800

you know serious investigators in this

178

00:09:41,610 --> 00:09:38,470

field can cross-check information and to

179

00:09:44,070 --> 00:09:41,620

create this worldwide network and he's

180

00:09:46,650 --> 00:09:44,080

really moved forward on that in fact

181

00:09:48,090 --> 00:09:46,660

this year I think one of the newest

182

00:09:52,830 --> 00:09:48,100

latest story which is a really exciting

183

00:09:54,510 --> 00:09:52,840

one is a pond has this organization they

184

00:09:56,700 --> 00:09:54,520

work with called the aeronautical and

185

00:10:01,230 --> 00:09:56,710

astronautical Association of France

186

00:10:03,480 --> 00:10:01,240

their acronym is 3af and they are

187

00:10:05,330 --> 00:10:03,490

similar to our United States american

188

00:10:08,270 --> 00:10:05,340

institute of aeronautics and

189

00:10:12,740 --> 00:10:08,280

astronautics which is a very prestigious

190

00:10:14,790 --> 00:10:12,750

society made up of mostly engineers and

191

00:10:17,340 --> 00:10:14,800

aeronautical engineers people in

192

00:10:20,430 --> 00:10:17,350

aerospace and people who just have a

193

00:10:23,370 --> 00:10:20,440

professional interest in that field well

194

00:10:26,430 --> 00:10:23,380

the French version 3af has a group

195

00:10:29,430 --> 00:10:26,440

called Sigma that investigates UFOs and

196

00:10:31,710 --> 00:10:29,440

they work with Japan in investigating

197

00:10:33,240 --> 00:10:31,720

UFOs these guys we wrote a story about

198

00:10:35,160 --> 00:10:33,250

him a couple years ago and we actually

199

00:10:40,170 --> 00:10:35,170

had their representative at the Congress

200

00:10:43,530 --> 00:10:40,180

one year to he just spoke French so it

201
00:10:45,690 --> 00:10:43,540
was difficult but they wrote a report on

202
00:10:48,210 --> 00:10:45,700
UFOs where they supported the

203
00:10:51,000 --> 00:10:48,220
conclusions of another famous UFO report

204
00:10:52,530 --> 00:10:51,010
by engineers and military people you

205
00:10:54,000 --> 00:10:52,540
know several years ago called the

206
00:10:56,250 --> 00:10:54,010
committee report which people are

207
00:10:58,620 --> 00:10:56,260
familiar with these are both private

208
00:11:01,320 --> 00:10:58,630
organizations not governmental but they

209
00:11:03,300 --> 00:11:01,330
concluded that UFOs are real and that

210
00:11:06,870 --> 00:11:03,310
they are possibly of extraterrestrial

211
00:11:08,880 --> 00:11:06,880
origin so 3af recently said they agree

212
00:11:11,130 --> 00:11:08,890
with that and they've been working with

213
00:11:13,770 --> 00:11:11,140

shape on to do the science behind the

214

00:11:15,770 --> 00:11:13,780

investigation on their UFO cases and now

215

00:11:18,330 --> 00:11:15,780

they've signed an agreement

216

00:11:19,129 --> 00:11:18,340

representatives from sefa I went out to

217

00:11:22,309 --> 00:11:19,139

France

218

00:11:25,009 --> 00:11:22,319

and they had some meetings and 3af says

219

00:11:27,169 --> 00:11:25,019

now they will assist Chile in doing that

220

00:11:28,869 --> 00:11:27,179

I think that's a big deal because you

221

00:11:31,789 --> 00:11:28,879

know these are some major internal at

222

00:11:33,739 --> 00:11:31,799

international relations some other

223

00:11:37,429 --> 00:11:33,749

important stories from safada that came

224

00:11:40,309 --> 00:11:37,439

out this year were that they met with

225

00:11:41,659 --> 00:11:40,319

other government officials and what's

226

00:11:43,879 --> 00:11:41,669

interesting is these government

227

00:11:47,650 --> 00:11:43,889

officials all came to the table with the

228

00:11:50,629 --> 00:11:47,660

foregone conclusion that UFOs are real

229

00:11:52,759 --> 00:11:50,639

impossible extraterrestrial spacecraft

230

00:11:55,819 --> 00:11:52,769

they wanted to determine whether they

231

00:11:58,340 --> 00:11:55,829

were a danger or not they all met and

232

00:12:01,789 --> 00:11:58,350

they decided that there was no malicious

233

00:12:05,229 --> 00:12:01,799

intent displayed by the actions of UFOs

234

00:12:07,669 --> 00:12:05,239

the only danger posed is by distracting

235

00:12:10,789 --> 00:12:07,679

pilots when pilots are like book the UFO

236

00:12:15,799 --> 00:12:10,799

you know that they might crash into each

237

00:12:18,739 --> 00:12:15,809

other or a mountain so they're concerned

238

00:12:21,829 --> 00:12:18,749

then you know was that how do we train

239

00:12:23,720 --> 00:12:21,839

pilots not to freak out when they see a

240

00:12:25,400 --> 00:12:23,730

UFO essentially so that's kind of cool

241

00:12:28,669 --> 00:12:25,410

they also made a lot of international

242

00:12:31,669 --> 00:12:28,679

news when they released a case that they

243

00:12:33,909 --> 00:12:31,679

felt was unexplained of some photographs

244

00:12:38,179 --> 00:12:33,919

that were taken by some miners in chile

245

00:12:41,289 --> 00:12:38,189

that had seen AI UFO so most of these

246

00:12:44,989 --> 00:12:41,299

stories were written by Leslie Kane who

247

00:12:47,629 --> 00:12:44,999

is a journalist and has close ties with

248

00:12:50,179 --> 00:12:47,639

them she's also the author of the best

249

00:12:52,549 --> 00:12:50,189

seller New York Times bestseller UFOs

250

00:12:55,850 --> 00:12:52,559

generals pilots and government officials

251
00:12:57,289 --> 00:12:55,860
go on the record right now we covered a

252
00:13:01,400 --> 00:12:57,299
little bit of this here and there and

253
00:13:02,720 --> 00:13:01,410
actually yeah had Jose on right when

254
00:13:04,759 --> 00:13:02,730
you're talking about those miners he was

255
00:13:06,619 --> 00:13:04,769
on right after that and that that is an

256
00:13:10,159 --> 00:13:06,629
interesting case and the whole thing

257
00:13:12,979 --> 00:13:10,169
behind that were they filmed it for a

258
00:13:15,409 --> 00:13:12,989
certain period of time and it wasn't

259
00:13:16,729 --> 00:13:15,419
going to get out but someone showed it

260
00:13:19,939 --> 00:13:16,739
to the foreman it's a very interesting

261
00:13:21,650 --> 00:13:19,949
story that whole thing so actually do

262
00:13:24,019 --> 00:13:21,660
have a link to that that you sent me

263
00:13:27,319 --> 00:13:24,029

that will also be in the show notes i

264

00:13:30,289 --> 00:13:27,329

did i sent you the link to the most

265

00:13:33,049 --> 00:13:30,299

recent story which also has links to the

266

00:13:35,059 --> 00:13:33,059

others as well all right oh

267

00:13:37,429 --> 00:13:35,069

just just I'm just throwing this in

268

00:13:39,799 --> 00:13:37,439

there because of between stories here I

269

00:13:42,279 --> 00:13:39,809

did want to say that you know we lost

270

00:13:48,079 --> 00:13:42,289

two people in the UFO field last year

271

00:13:51,249 --> 00:13:48,089

both Terry Hanson and Roger Leir Raj

272

00:13:54,289 --> 00:13:51,259

earlier I had on the show fairly

273

00:13:57,159 --> 00:13:54,299

recently I believe I think it was maybe

274

00:13:59,959 --> 00:13:57,169

late 2013 seemed like a real gentleman

275

00:14:02,989 --> 00:13:59,969

I'm sure you've probably had him on your

276

00:14:06,559 --> 00:14:02,999

show before I have I met him with him

277

00:14:09,619 --> 00:14:06,569

quite often seeing him around and he had

278

00:14:13,039 --> 00:14:09,629

visited our offices we did some special

279

00:14:16,699 --> 00:14:13,049

videos with him as well and yeah really

280

00:14:18,079 --> 00:14:16,709

great guy so he'll be missed and and you

281

00:14:21,829 --> 00:14:18,089

know another one I can think of his

282

00:14:24,109 --> 00:14:21,839

Dolores cannon comes to mind mmm yeah I

283

00:14:26,569 --> 00:14:24,119

know the name I just I can't I can't

284

00:14:29,329 --> 00:14:26,579

tell ya she was really interesting she

285

00:14:32,329 --> 00:14:29,339

did regressions and of on people and

286

00:14:33,889 --> 00:14:32,339

yeah okay yep yeah and felt she was

287

00:14:38,779 --> 00:14:33,899

speaking with extraterrestrials through

288

00:14:42,229 --> 00:14:38,789

through her client there and wrote some

289

00:14:43,489 --> 00:14:42,239

books about it and stuff you know we're

290

00:14:46,669 --> 00:14:43,499

talking you're talking just a minute ago

291

00:14:48,529 --> 00:14:46,679

about the country's or basically saying

292

00:14:50,089 --> 00:14:48,539

that you know they realize that UFOs are

293

00:14:52,279 --> 00:14:50,099

real and to me that's fascinating

294

00:14:56,089 --> 00:14:52,289

because I had lunch today with them who

295

00:15:00,529 --> 00:14:56,099

I invited a co-worker I'm involved in a

296

00:15:02,029 --> 00:15:00,539

startup company and a co-worker that

297

00:15:05,389 --> 00:15:02,039

have worked with is really really into

298

00:15:08,149 --> 00:15:05,399

astronomy and science and and he's also

299

00:15:10,449 --> 00:15:08,159

a skeptic and we you know we kind of

300

00:15:13,819 --> 00:15:10,459

went head to head over the UFO topic and

301
00:15:15,499 --> 00:15:13,829
he is just you know it all goes back and

302
00:15:17,689 --> 00:15:15,509
I understand exactly what he's saying it

303
00:15:21,769 --> 00:15:17,699
all goes back to evidence you know what

304
00:15:24,529 --> 00:15:21,779
evidence do we have he likened something

305
00:15:26,299 --> 00:15:24,539
like if he had a gumball machine and he

306
00:15:28,759 --> 00:15:26,309
said to me you know there's a thousand

307
00:15:31,699 --> 00:15:28,769
or so gumballs in the other odd or even

308
00:15:33,829 --> 00:15:31,709
say yes or no and I said what are you

309
00:15:35,359 --> 00:15:33,839
what are you saying yeah what are you

310
00:15:37,609 --> 00:15:35,369
trying to say to me and he's saying

311
00:15:40,489 --> 00:15:37,619
that's how the same thing is saying that

312
00:15:43,219 --> 00:15:40,499
UFOs exist you have no you know there's

313
00:15:44,929 --> 00:15:43,229

no conclusive evidence unless you look

314

00:15:46,850 --> 00:15:44,939

at it so unless you count those gumballs

315

00:15:49,850 --> 00:15:46,860

you can't answer

316

00:15:51,680 --> 00:15:49,860

and unless you hold a piece of evidence

317

00:15:53,540 --> 00:15:51,690

in your hand you can't answer that UFOs

318

00:15:56,900 --> 00:15:53,550

exist that was his saying but you know I

319

00:15:59,210 --> 00:15:56,910

forgot all about the fact that you know

320

00:16:02,480 --> 00:15:59,220

these countries are actually saying yes

321

00:16:04,730 --> 00:16:02,490

we are saying that UFOs exist you know

322

00:16:07,340 --> 00:16:04,740

that me that that is a big deal and that

323

00:16:10,340 --> 00:16:07,350

does mean a lot it's not like it's you

324

00:16:12,320 --> 00:16:10,350

or me or whoever else in ufology do

325

00:16:16,130 --> 00:16:12,330

these are these are someone representing

326

00:16:18,110 --> 00:16:16,140

of some part of a government or you know

327

00:16:23,300 --> 00:16:18,120

these are important people in my eyes

328

00:16:25,400 --> 00:16:23,310

yeah well and now Peru has a group like

329

00:16:28,580 --> 00:16:25,410

this actually Uruguay was the first to

330

00:16:30,890 --> 00:16:28,590

have a group an official group now we

331

00:16:33,530 --> 00:16:30,900

have Chile Argentina was supposed to

332

00:16:35,710 --> 00:16:33,540

have started one so now there are a

333

00:16:38,560 --> 00:16:35,720

handful of official governmental

334

00:16:41,810 --> 00:16:38,570

organizations investigating this stuff

335

00:16:45,320 --> 00:16:41,820

Japan is under cnes which is their

336

00:16:47,210 --> 00:16:45,330

version of NASA others are I think all

337

00:16:49,280 --> 00:16:47,220

of the others are under the military the

338

00:16:51,590 --> 00:16:49,290

Air Force so lots of different

339

00:16:54,380 --> 00:16:51,600

configurations and that was why it was

340

00:16:57,050 --> 00:16:54,390

important for them to meet in North or

341

00:16:58,340 --> 00:16:57,060

South Carolina wherever we were and

342

00:17:01,160 --> 00:16:58,350

that's kind of where a lot of these

343

00:17:02,720 --> 00:17:01,170

relationships got started so really cool

344

00:17:05,270 --> 00:17:02,730

stuff and it's neat that we got to be

345

00:17:06,830 --> 00:17:05,280

there it really is and it was really

346

00:17:09,920 --> 00:17:06,840

wonderful meeting all those people you

347

00:17:12,170 --> 00:17:09,930

know I besides meeting you there and and

348

00:17:14,240 --> 00:17:12,180

our connection that has been great that

349

00:17:16,610 --> 00:17:14,250

was when I made the choice to go there

350

00:17:19,040 --> 00:17:16,620

that that that just changed so much in

351

00:17:21,020 --> 00:17:19,050

you know what I do actually and that's

352

00:17:24,370 --> 00:17:21,030

why I really want to get out there to

353

00:17:26,630 --> 00:17:24,380

more conventions and I definitely am

354

00:17:28,700 --> 00:17:26,640

starting to make plans right now to see

355

00:17:31,100 --> 00:17:28,710

you out there at the UFO Congress this

356

00:17:32,480 --> 00:17:31,110

year and we can actually talk about you

357

00:17:34,760 --> 00:17:32,490

know we don't have to stay completely

358

00:17:36,650 --> 00:17:34,770

stuck in 2014 we can talk a little bit

359

00:17:38,830 --> 00:17:36,660

about that if you'd like to address that

360

00:17:41,690 --> 00:17:38,840

right now why don't you just go into it

361

00:17:44,090 --> 00:17:41,700

what is going on out there and who you

362

00:17:45,770 --> 00:17:44,100

have four speakers okay the dates and

363

00:17:47,600 --> 00:17:45,780

all that you better now because I

364

00:17:51,590 --> 00:17:47,610

won't talk to you again if I know how's

365

00:17:54,620 --> 00:17:51,600

that I I am black ma'am semi-permanently

366

00:17:56,720 --> 00:17:54,630

committed yeah yeah yeah so well there

367

00:17:59,660 --> 00:17:56,730

is some news around that for this year

368

00:18:00,680 --> 00:17:59,670

because that Guinness World Records the

369

00:18:04,310 --> 00:18:00,690

Book of Guinness World

370

00:18:06,230 --> 00:18:04,320

records in 2014 said that we are as the

371

00:18:09,020 --> 00:18:06,240

largest the world's largest UFO

372

00:18:11,720 --> 00:18:09,030

convention so they made that official so

373

00:18:13,640 --> 00:18:11,730

that's some exciting 2014 news and this

374

00:18:15,920 --> 00:18:13,650

is exciting I mean one of the topics

375

00:18:18,130 --> 00:18:15,930

that was kind of cool his bob lazar

376

00:18:22,340 --> 00:18:18,140

coming out and doing some interviews

377

00:18:24,140 --> 00:18:22,350

with George Knapp he really has a laid

378

00:18:26,750 --> 00:18:24,150

low and I talked about his stuff in a

379

00:18:30,350 --> 00:18:26,760

long time and so now he's coming out too

380

00:18:32,330 --> 00:18:30,360

and it was because of that that you know

381

00:18:34,850 --> 00:18:32,340

we kind of felt hey he's obviously got a

382

00:18:37,010 --> 00:18:34,860

lot more to say then George adapted to

383

00:18:39,650 --> 00:18:37,020

talk at move on that was very compelling

384

00:18:42,230 --> 00:18:39,660

that you know George or that bob lazar

385

00:18:43,850 --> 00:18:42,240

should not be written off and so that

386

00:18:45,740 --> 00:18:43,860

sparked are talking to George about

387

00:18:47,810 --> 00:18:45,750

getting Bob Lazar to come to the UFO

388

00:18:49,550 --> 00:18:47,820

Congress and it was really difficult but

389

00:18:52,310 --> 00:18:49,560

luckily I have a great relationship with

390

00:18:56,300 --> 00:18:52,320

George that's why I'm on coast to coast

391

00:18:57,980 --> 00:18:56,310

with him fairly frequently and so we got

392

00:19:00,980 --> 00:18:57,990

it to work out so that's really exciting

393

00:19:04,640 --> 00:19:00,990

but we have a lot of other good ones you

394

00:19:08,450 --> 00:19:04,650

helped me get reconnected with the guys

395

00:19:11,330 --> 00:19:08,460

in allagash the that had the experience

396

00:19:13,820 --> 00:19:11,340

in the allagash main and that's a great

397

00:19:16,220 --> 00:19:13,830

case I've seen him talk before and at

398

00:19:19,520 --> 00:19:16,230

least one of them will be coming the

399

00:19:21,320 --> 00:19:19,530

other one is actually asked not feeling

400

00:19:23,150 --> 00:19:21,330

well so we're probably going to have him

401
00:19:25,790 --> 00:19:23,160
on video and show him during the talk

402
00:19:28,850 --> 00:19:25,800
with Charlie Colts so Charlie's charlie

403
00:19:31,850 --> 00:19:28,860
will be there oh so it's Jim yeah Jim is

404
00:19:34,370 --> 00:19:31,860
I got some will might not be able to

405
00:19:37,310 --> 00:19:34,380
make it but he had a terrible fall years

406
00:19:40,010 --> 00:19:37,320
ago and in a hole and broke his oh my

407
00:19:41,600 --> 00:19:40,020
gosh how really that's how this whole

408
00:19:44,150 --> 00:19:41,610
thing came out you'll hear this story

409
00:19:46,880 --> 00:19:44,160
but that's how the whole thing came out

410
00:19:50,510 --> 00:19:46,890
because of when he was when he was

411
00:19:52,520 --> 00:19:50,520
recuperating in the hospital someone

412
00:19:55,370 --> 00:19:52,530
gave him the book to read of Whitley

413
00:19:57,650 --> 00:19:55,380

streamers and he saw that and he freaked

414

00:19:59,960 --> 00:19:57,660

out what a great story that is because

415

00:20:01,700 --> 00:19:59,970

yeah that's when all reality hit him of

416

00:20:03,500 --> 00:20:01,710

what and these guys are cool these guys

417

00:20:07,070 --> 00:20:03,510

are really down-to-earth really neat

418

00:20:08,540 --> 00:20:07,080

guys so so that's a fun one I mean

419

00:20:11,390 --> 00:20:08,550

there's just lots of really cool

420

00:20:12,560 --> 00:20:11,400

speakers that I'm very excited about

421

00:20:14,030 --> 00:20:12,570

that are going to be there will have

422

00:20:14,480 --> 00:20:14,040

Richard Dolan you probably interviewed

423

00:20:17,810 --> 00:20:14,490

here

424

00:20:20,330 --> 00:20:17,820

and you know everybody's always excited

425

00:20:23,720 --> 00:20:20,340

he's put together a special talk just

426

00:20:26,470 --> 00:20:23,730

for for the conference Jaime moose on as

427

00:20:28,760 --> 00:20:26,480

usual people really like to see him

428

00:20:30,470 --> 00:20:28,770

Jeremy corbel I don't know if you've

429

00:20:31,880 --> 00:20:30,480

interviewed him not many people know

430

00:20:34,220 --> 00:20:31,890

about him but he's done some great

431

00:20:37,430 --> 00:20:34,230

documentaries he'll be releasing at our

432

00:20:40,790 --> 00:20:37,440

conference finally and he's going to be

433

00:20:42,650 --> 00:20:40,800

I think the next big thing he's real

434

00:20:44,780 --> 00:20:42,660

good friends with that George Knapp and

435

00:20:46,790 --> 00:20:44,790

I he's done some stuff in Vegas really

436

00:20:48,290 --> 00:20:46,800

cool guy so this is going to be great so

437

00:20:49,640 --> 00:20:48,300

a lot of really neat stuff coming up

438

00:20:52,520 --> 00:20:49,650

with the Congress it's going to be

439

00:20:55,700 --> 00:20:52,530

really really cool definitely no doubt

440

00:20:57,710 --> 00:20:55,710

worth it and you know we work really

441

00:20:59,330 --> 00:20:57,720

hard well you know how it is when we

442

00:21:01,549 --> 00:20:59,340

interview people you get to know a lot

443

00:21:04,580 --> 00:21:01,559

of people and have your kind of thumb on

444

00:21:06,470 --> 00:21:04,590

the pulse of the field and it gives us a

445

00:21:09,590 --> 00:21:06,480

unique perspective to know who's doing

446

00:21:11,330 --> 00:21:09,600

really cool stuff out there so really

447

00:21:13,210 --> 00:21:11,340

our conference is going to be full of

448

00:21:16,880 --> 00:21:13,220

those people doing cool stuff right now

449

00:21:19,400 --> 00:21:16,890

now I know you spoke up after my head

450

00:21:21,530 --> 00:21:19,410

Don Trumbull on the show I'm sorry Doug

451
00:21:23,720 --> 00:21:21,540
trouble Trumbull on the show you spoke

452
00:21:26,210 --> 00:21:23,730
to him not too long after did you

453
00:21:28,669 --> 00:21:26,220
actually consider thinking about

454
00:21:31,730 --> 00:21:28,679
inviting him eventually that would be

455
00:21:36,740 --> 00:21:31,740
great he's a really busy fella I mean he

456
00:21:39,200 --> 00:21:36,750
is just you know a tech head who's in

457
00:21:41,690 --> 00:21:39,210
there filming his own projects working

458
00:21:43,580 --> 00:21:41,700
on technology of course he's working

459
00:21:46,820 --> 00:21:43,590
with Mark Dantonio from MUFON on

460
00:21:49,610 --> 00:21:46,830
building some UFO detectors so he's such

461
00:21:53,419 --> 00:21:49,620
an extremely busy guy I figure I'm gonna

462
00:21:55,580 --> 00:21:53,429
give it a go but I'm not it was hard

463
00:21:58,280 --> 00:21:55,590

enough for me to get this I had been

464

00:22:01,940 --> 00:21:58,290

working with Mark for literally I think

465

00:22:04,460 --> 00:22:01,950

years to get an interview and I finally

466

00:22:06,169 --> 00:22:04,470

gave up and then you got an interview so

467

00:22:09,260 --> 00:22:06,179

I was able to give mark a guilt trip to

468

00:22:12,770 --> 00:22:09,270

try again and so that's how I got the

469

00:22:15,290 --> 00:22:12,780

interview so yeah that's but yeah just

470

00:22:18,430 --> 00:22:15,300

and I understand I mean I I hold no

471

00:22:21,650 --> 00:22:18,440

grudge against Mark for that I thank him

472

00:22:24,409 --> 00:22:21,660

you know very much for getting me the

473

00:22:28,299 --> 00:22:24,419

interview because he literally worked on

474

00:22:31,869 --> 00:22:28,309

my absolute favorite movies I mean he's

475

00:22:34,849 --> 00:22:31,879

responsible for some of some sci-fi

476

00:22:37,430 --> 00:22:34,859

special effects that have been a big

477

00:22:42,499 --> 00:22:37,440

influence on me syfy's my favorite genre

478

00:22:45,609 --> 00:22:42,509

and Close Encounters blade runner Star

479

00:22:49,279 --> 00:22:45,619

Trek you know bass odyssey these yeah

480

00:22:53,119 --> 00:22:49,289

2001 these are all my absolute favorite

481

00:22:56,869 --> 00:22:53,129

movies so so really cool he's a guy now

482

00:23:00,080 --> 00:22:56,879

I you know I plan to do a live show

483

00:23:02,930 --> 00:23:00,090

right from there because of the way the

484

00:23:04,989 --> 00:23:02,940

timing works you're going to still have

485

00:23:08,659 --> 00:23:04,999

some some things going on on that

486

00:23:10,669 --> 00:23:08,669

Wednesday evening and if I can rope some

487

00:23:11,869 --> 00:23:10,679

people in there I'm going to have the

488

00:23:15,019 --> 00:23:11,879

live show I'm gonna have the live show

489

00:23:17,359 --> 00:23:15,029

from there regardless but if I can rope

490

00:23:20,690 --> 00:23:17,369

some of the guests or speakers you have

491

00:23:22,340 --> 00:23:20,700

as guess undo like a round-robin that

492

00:23:24,440 --> 00:23:22,350

would be just fantastic I'd love to do

493

00:23:26,539 --> 00:23:24,450

that like that we'll talk more as the

494

00:23:28,549 --> 00:23:26,549

time gets closer but what is what are

495

00:23:30,379 --> 00:23:28,559

the dates that ought to be fun so you're

496

00:23:32,330 --> 00:23:30,389

going to actually use a rope so the

497

00:23:36,169 --> 00:23:32,340

audience you'll be like okay I'm tossing

498

00:23:39,259 --> 00:23:36,179

my rope I see a Stanton Friedman walking

499

00:23:41,810 --> 00:23:39,269

I got him both times Willingham yeah I'm

500

00:23:43,820 --> 00:23:41,820

pulling them to the table well I'll be

501
00:23:46,549 --> 00:23:43,830
out west and you know cowboy country so

502
00:23:49,129 --> 00:23:46,559
yeah that's right my dear apps and

503
00:23:52,669 --> 00:23:49,139
western get my last two going and just

504
00:23:57,200 --> 00:23:52,679
wrap them on in that is february 18th to

505
00:24:00,979 --> 00:23:57,210
the 22nd you can go to the website at a

506
00:24:02,539 --> 00:24:00,989
UFO Congress calm and register when you

507
00:24:04,669 --> 00:24:02,549
get there you'll see that the host hotel

508
00:24:07,369 --> 00:24:04,679
is booked to that always books up really

509
00:24:09,470 --> 00:24:07,379
quick quickly because there's so many

510
00:24:12,200 --> 00:24:09,480
people that come but don't worry there

511
00:24:15,409 --> 00:24:12,210
are hotels that are just a couple blocks

512
00:24:18,259 --> 00:24:15,419
away right around the corner that you

513
00:24:21,499 --> 00:24:18,269

can stay at so and they have shuttles so

514

00:24:24,619 --> 00:24:21,509

not a problem whatsoever if you would

515

00:24:26,629 --> 00:24:24,629

can you send a link that i can put in

516

00:24:28,539 --> 00:24:26,639

the show notes so anyone listening can

517

00:24:31,369 --> 00:24:28,549

find out information for that and

518

00:24:32,869 --> 00:24:31,379

certainly and you know i need to find

519

00:24:35,419 --> 00:24:32,879

out the information myself because i

520

00:24:37,129 --> 00:24:35,429

haven't booked laughing yet so yep yeah

521

00:24:40,850 --> 00:24:37,139

and I think I told you I tell everybody

522

00:24:43,610 --> 00:24:40,860

i stress on my show or all the time

523

00:24:46,669 --> 00:24:43,620

book hotel early because they do sell

524

00:24:48,320 --> 00:24:46,679

out the host health Sosa quick but the

525

00:24:51,440 --> 00:24:48,330

other ones are very nice to very nice

526

00:24:54,260 --> 00:24:51,450

area great I cannot wait yeah wait till

527

00:24:56,360 --> 00:24:54,270

you see it it's a such a beautiful area

528

00:24:58,310 --> 00:24:56,370

well yeah and you know it's it's

529

00:25:00,770 --> 00:24:58,320

miserable back here in made the state of

530

00:25:03,740 --> 00:25:00,780

Maine on the mountain I'm the only one I

531

00:25:05,810 --> 00:25:03,750

just drive I not making this up I Drive

532

00:25:07,730 --> 00:25:05,820

just a couple of miles away there's no

533

00:25:11,390 --> 00:25:07,740

snow but up on the mountain where I live

534

00:25:12,680 --> 00:25:11,400

there's plenty of snow as ensure up go

535

00:25:16,940 --> 00:25:12,690

ahead I'm sorry well as of right now

536

00:25:20,330 --> 00:25:16,950

it's like four degrees outside Wow holy

537

00:25:22,640 --> 00:25:20,340

moly yeah yeah I was just back in

538

00:25:26,600 --> 00:25:22,650

Colorado and I do not miss a cold in the

539

00:25:30,230 --> 00:25:26,610

snow yeah yeah you probably saw I put up

540

00:25:34,340 --> 00:25:30,240

a video it was a royal wedding and that

541

00:25:37,640 --> 00:25:34,350

was terrible I almost died from old

542

00:25:39,409 --> 00:25:37,650

pneus uh I had my little shoes and I

543

00:25:40,730 --> 00:25:39,419

knew we were going to get off topic and

544

00:25:43,159 --> 00:25:40,740

that's I had to wear my girlfriend tack

545

00:25:45,080 --> 00:25:43,169

because I was apparent that that's a

546

00:25:47,120 --> 00:25:45,090

danger of not being able to edit okay so

547

00:25:49,310 --> 00:25:47,130

let's get back in here yeah listen I

548

00:25:50,750 --> 00:25:49,320

just since we're so far off topic i'm

549

00:25:54,490 --> 00:25:50,760

just going to ask you where in colorado

550

00:25:57,350 --> 00:25:54,500

did you go denver denver okay centennial

551
00:26:00,919 --> 00:25:57,360
specifically but in a metro area yeah I

552
00:26:03,350 --> 00:26:00,929
lived in longmont colorado and in the

553
00:26:06,110 --> 00:26:03,360
boulder area and really love that's a

554
00:26:08,780 --> 00:26:06,120
beautiful state yeah and it down in the

555
00:26:10,280 --> 00:26:08,790
San Luis Valley if I'm thinking did I

556
00:26:12,520 --> 00:26:10,290
say that right this is saying yes and

557
00:26:14,840 --> 00:26:12,530
Louise that's where I Louise Valley yeah

558
00:26:17,270 --> 00:26:14,850
some awesome sightings down there and

559
00:26:20,539 --> 00:26:17,280
we've talked to a few people on this

560
00:26:22,700 --> 00:26:20,549
show that do talk about the activity

561
00:26:24,799 --> 00:26:22,710
down there that's pretty fascinating but

562
00:26:27,980 --> 00:26:24,809
ok since was so far off topic let's try

563
00:26:32,330 --> 00:26:27,990

to get ourselves back into the year 2014

564

00:26:34,400 --> 00:26:32,340

what is next you know I I just a

565

00:26:37,390 --> 00:26:34,410

mentioned because I've talked that more

566

00:26:39,560 --> 00:26:37,400

length on other shows about this but you

567

00:26:41,659 --> 00:26:39,570

and I have already talked at length

568

00:26:46,700 --> 00:26:41,669

about this because it's a recent story

569

00:26:49,040 --> 00:26:46,710

but the astrobiology thing and the more

570

00:26:51,549 --> 00:26:49,050

scientists that are certain that they

571

00:26:54,610 --> 00:26:51,559

have found in meteorites for example

572

00:26:58,420 --> 00:26:54,620

microbes from marbs

573

00:27:00,130 --> 00:26:58,430

or the plankton on the ISS just more and

574

00:27:02,200 --> 00:27:00,140

more scientists that are convinced that

575

00:27:04,390 --> 00:27:02,210

there is evidence if not proof for

576

00:27:06,610 --> 00:27:04,400

extraterrestrial life I think that's a

577

00:27:08,500 --> 00:27:06,620

really big story in 2014 because there's

578

00:27:10,810 --> 00:27:08,510

been a lot of movement there and

579

00:27:14,049 --> 00:27:10,820

there'll be more in fact my my colleague

580

00:27:16,650 --> 00:27:14,059

Jason predicts at 2015 will be the year

581

00:27:20,020 --> 00:27:16,660

of an official discovery of some sort I

582

00:27:21,820 --> 00:27:20,030

you know I tend to agree with Jason and

583

00:27:24,310 --> 00:27:21,830

yeah again this was a lunchtime

584

00:27:25,980 --> 00:27:24,320

conversation between about I think there

585

00:27:30,820 --> 00:27:25,990

was eight of us seven or eight of us

586

00:27:33,310 --> 00:27:30,830

together at a table and we got into that

587

00:27:36,640 --> 00:27:33,320

and one of the things I said I said we

588

00:27:39,250 --> 00:27:36,650

are so close to actually announcing that

589

00:27:40,780 --> 00:27:39,260

there is life out there you know

590

00:27:44,380 --> 00:27:40,790

discovered out there you know the

591

00:27:46,570 --> 00:27:44,390

methane on Mars all this stuff you know

592

00:27:52,060 --> 00:27:46,580

I'm going to go a little conspiratorial

593

00:27:54,549 --> 00:27:52,070

on you June or second well first you

594

00:27:57,820 --> 00:27:54,559

know we're always waiting to hear from

595

00:27:59,680 --> 00:27:57,830

the Mars rovers in you know there's

596

00:28:02,380 --> 00:27:59,690

there's some type of life discovery of

597

00:28:04,630 --> 00:28:02,390

life and and you know we don't hear

598

00:28:06,700 --> 00:28:04,640

anything then they had these NASA was

599

00:28:08,740 --> 00:28:06,710

you know announcing these like press

600

00:28:10,210 --> 00:28:08,750

conferences big deal and all that and

601
00:28:14,169 --> 00:28:10,220
then end up being you know kind of

602
00:28:16,660 --> 00:28:14,179
deflated nothing special yeah and then

603
00:28:18,549 --> 00:28:16,670
this story comes out where you talk

604
00:28:22,120 --> 00:28:18,559
about all these universities are looking

605
00:28:24,310 --> 00:28:22,130
at these possible microbes inside of a

606
00:28:29,590 --> 00:28:24,320
meteor and next thing you know the next

607
00:28:31,690 --> 00:28:29,600
week NASA finally says that there's you

608
00:28:34,000 --> 00:28:31,700
know this new discovery on from the

609
00:28:36,270 --> 00:28:34,010
rover I mean the methane yeah the

610
00:28:39,880 --> 00:28:36,280
methane it just kind of seems like

611
00:28:41,830 --> 00:28:39,890
they're getting nudged into actually you

612
00:28:43,210 --> 00:28:41,840
know that it's very conspiratorial what

613
00:28:45,280 --> 00:28:43,220

I'm saying but it's almost like they're

614

00:28:47,890 --> 00:28:45,290

getting nudged into actually talking

615

00:28:50,350 --> 00:28:47,900

more about what they're finding you know

616

00:28:54,820 --> 00:28:50,360

yeah well you since you went there you

617

00:28:57,730 --> 00:28:54,830

know last at a UFO Congress last this

618

00:28:58,990 --> 00:28:57,740

year actually we had and it was one of

619

00:29:00,700 --> 00:28:59,000

the bigger stories actually it went

620

00:29:04,510 --> 00:29:00,710

viral because Lee Spiegel is a part of

621

00:29:06,910 --> 00:29:04,520

it but we had Richard Hoover who was as

622

00:29:08,380 --> 00:29:06,920

an astronaut biologist for NASA he's

623

00:29:10,960 --> 00:29:08,390

read since retired but he

624

00:29:13,300 --> 00:29:10,970

works with this University of Buckingham

625

00:29:15,940 --> 00:29:13,310

which is kind of an Internet national

626

00:29:18,340 --> 00:29:15,950

group of astrobiologists that say they

627

00:29:22,180 --> 00:29:18,350

have you know lots of evidence if not

628

00:29:25,180 --> 00:29:22,190

proof for this he says that you know a

629

00:29:27,870 --> 00:29:25,190

rover I can't remember which years ago I

630

00:29:31,120 --> 00:29:27,880

took pictures which they believed to be

631

00:29:33,810 --> 00:29:31,130

possibly fossils in a rock on Mars and

632

00:29:36,970 --> 00:29:33,820

then the rover destroyed the rock

633

00:29:39,040 --> 00:29:36,980

supposedly on accident and he thinks

634

00:29:40,750 --> 00:29:39,050

possibly one of his colleagues did he

635

00:29:44,830 --> 00:29:40,760

did this on purpose because the guy

636

00:29:48,330 --> 00:29:44,840

disagreed with him so he feels that that

637

00:29:52,060 --> 00:29:48,340

in a sense was a cover-up so who knows

638

00:29:54,340 --> 00:29:52,070

yeah who knows in you know I think it's

639

00:29:58,210 --> 00:29:54,350

I think the information is coming at us

640

00:30:00,490 --> 00:29:58,220

sort of softly you know i mean it's it's

641

00:30:03,840 --> 00:30:00,500

not yeah it's not going to be a the big

642

00:30:06,610 --> 00:30:03,850

huge surprise I don't believe because

643

00:30:09,850 --> 00:30:06,620

we're just getting little tenets fed to

644

00:30:12,160 --> 00:30:09,860

us and that may be purposely it may not

645

00:30:13,450 --> 00:30:12,170

be but I think that it's not going to

646

00:30:15,610 --> 00:30:13,460

it's definitely not going to be a

647

00:30:18,370 --> 00:30:15,620

meltdown of society if they find well

648

00:30:22,690 --> 00:30:18,380

you know we've got boobs yeah this year

649

00:30:25,480 --> 00:30:22,700

an astronomer who wrote about religion

650

00:30:27,430 --> 00:30:25,490

and the idea of extraterrestrial life in

651
00:30:29,680 --> 00:30:27,440
fact I've been lecturing on that this

652
00:30:33,100 --> 00:30:29,690
year because late last year I built a

653
00:30:35,740 --> 00:30:33,110
talk on that and a lot of what I

654
00:30:40,930 --> 00:30:35,750
reference is the work of dr. Ted Peters

655
00:30:43,150 --> 00:30:40,940
who is it a professor of theology and

656
00:30:44,680 --> 00:30:43,160
he's done a survey to find out our

657
00:30:47,230 --> 00:30:44,690
religion is going to freak out and

658
00:30:48,700 --> 00:30:47,240
essentially his survey said know that

659
00:30:49,840 --> 00:30:48,710
people are pretty much going to be okay

660
00:30:52,350 --> 00:30:49,850
with it they're not going to freak out

661
00:30:55,030 --> 00:30:52,360
at the level that some people say

662
00:30:57,700 --> 00:30:55,040
interesting enough he found that it's

663
00:31:00,120 --> 00:30:57,710

really the atheists people who identify

664

00:31:02,170 --> 00:31:00,130

themselves as atheists who are saying

665

00:31:03,760 --> 00:31:02,180

religions are going to freak out but

666

00:31:06,250 --> 00:31:03,770

when you look at it they're really not

667

00:31:09,310 --> 00:31:06,260

going to have much of an issue he was

668

00:31:16,540 --> 00:31:09,320

inspired actually by the work of John

669

00:31:19,930 --> 00:31:16,550

Alexander's wife who did a more loosely

670

00:31:21,350 --> 00:31:19,940

done survey prior to his and Ted Peters

671

00:31:24,810 --> 00:31:21,360

was more

672

00:31:27,509 --> 00:31:24,820

academically done to get better better

673

00:31:29,129 --> 00:31:27,519

numbers around this stuff but yeah this

674

00:31:31,350 --> 00:31:29,139

guy who wrote the book recently had

675

00:31:34,200 --> 00:31:31,360

similar things to say that most

676

00:31:36,509 --> 00:31:34,210

religions kind of have this in their

677

00:31:38,190 --> 00:31:36,519

religion so people aren't really going

678

00:31:39,570 --> 00:31:38,200

to kind of I think you know there's a

679

00:31:42,629 --> 00:31:39,580

spirit of people are going to jump up

680

00:31:45,480 --> 00:31:42,639

and jump out of their car windows and

681

00:31:49,249 --> 00:31:45,490

off cliffs and stuff and we're probably

682

00:31:51,869 --> 00:31:49,259

going to be okay you know I i look at it

683

00:31:53,369 --> 00:31:51,879

myself and you know people are going to

684

00:31:55,259 --> 00:31:53,379

look at it differently what would it up

685

00:31:59,820 --> 00:31:55,269

turn remember who said the saying

686

00:32:01,470 --> 00:31:59,830

something about if we are alone or if we

687

00:32:04,289 --> 00:32:01,480

are not alone both are equally

688

00:32:07,259 --> 00:32:04,299

terrifying i'm really bored yeah but i

689

00:32:09,799 --> 00:32:07,269

personally am going to rejoice in the

690

00:32:13,019 --> 00:32:09,809

fact when it actually comes out that

691

00:32:16,049 --> 00:32:13,029

that there is evidence that there's life

692

00:32:17,789 --> 00:32:16,059

out there i'm going to rejoice because i

693

00:32:21,060 --> 00:32:17,799

don't want to be alone I don't want to

694

00:32:22,619 --> 00:32:21,070

spill on yeah you know yeah and it

695

00:32:24,330 --> 00:32:22,629

doesn't really I don't think it makes

696

00:32:26,519 --> 00:32:24,340

sense and I think you know more people

697

00:32:28,619 --> 00:32:26,529

are kind of even the atheists the most

698

00:32:29,970 --> 00:32:28,629

skeptical groups of all our kind of

699

00:32:31,350 --> 00:32:29,980

sitting back and taking that just

700

00:32:33,539 --> 00:32:31,360

doesn't make sense that we'd be alone

701
00:32:35,940 --> 00:32:33,549
than the numbers just aren't there and

702
00:32:39,509 --> 00:32:35,950
so yeah I think it's we've got some

703
00:32:43,049 --> 00:32:39,519
exciting times on that front ahead of us

704
00:32:46,440 --> 00:32:43,059
I do too I do too so all right well

705
00:32:48,749 --> 00:32:46,450
let's continue along here okay well let

706
00:32:50,970 --> 00:32:48,759
me bring up maybe a couple stories that

707
00:32:53,580 --> 00:32:50,980
are really cool ones that I haven't

708
00:32:56,539 --> 00:32:53,590
really talked about much else where the

709
00:33:02,249 --> 00:32:56,549
first one because i love this one is

710
00:33:04,649 --> 00:33:02,259
this kherson alums inaf do you know who

711
00:33:06,590 --> 00:33:04,659
that is I think I would remember that

712
00:33:11,460 --> 00:33:06,600
name no I don't think well you should

713
00:33:14,669 --> 00:33:11,470

because this guy for many years up until

714

00:33:17,039 --> 00:33:14,679

like 2010 was the president of one of

715

00:33:21,810 --> 00:33:17,049

the Russian city are one of the Russian

716

00:33:25,409 --> 00:33:21,820

States he was elected that was before

717

00:33:28,200 --> 00:33:25,419

now you know kind of akin to a mayor or

718

00:33:31,859 --> 00:33:28,210

well actually more like a governor but

719

00:33:35,100 --> 00:33:31,869

now Putin elects or puts you know all of

720

00:33:39,660 --> 00:33:35,110

them in position but anyway

721

00:33:41,130 --> 00:33:39,670

he was a he says that in the 90s and he

722

00:33:43,830 --> 00:33:41,140

came out with this and he's been very

723

00:33:48,030 --> 00:33:43,840

open he's a millionaire self-made

724

00:33:50,850 --> 00:33:48,040

millionaire in this country that he was

725

00:33:52,799 --> 00:33:50,860

a president and I look up the name of

726

00:33:55,830 --> 00:33:52,809

the country I forgot for right now I

727

00:33:59,419 --> 00:33:55,840

kalmykia and this is this country is

728

00:34:03,960 --> 00:33:59,429

really interesting because it's in the

729

00:34:07,080 --> 00:34:03,970

western side of Russia Near Eastern

730

00:34:09,090 --> 00:34:07,090

Europe and the Middle East however it's

731

00:34:11,490 --> 00:34:09,100

a Buddhist country it's the only

732

00:34:14,159 --> 00:34:11,500

Buddhist country and like the Eastern

733

00:34:15,389 --> 00:34:14,169

European area which is weird because you

734

00:34:17,580 --> 00:34:15,399

know there by the Middle East where

735

00:34:21,960 --> 00:34:17,590

there's lots of Islamic countries as

736

00:34:24,030 --> 00:34:21,970

well but anyway this guy is also the

737

00:34:27,899 --> 00:34:24,040

president of the International Chess

738

00:34:31,109 --> 00:34:27,909

Federation he says that many years ago

739

00:34:34,500 --> 00:34:31,119

he was abducted by aliens that these

740

00:34:36,720 --> 00:34:34,510

aliens flew to his condo and Moscow and

741

00:34:40,440 --> 00:34:36,730

picked him up they gave him this yellow

742

00:34:41,970 --> 00:34:40,450

uniform to wear he couldn't breathe so

743

00:34:44,970 --> 00:34:41,980

they motioned for him to adjust this

744

00:34:47,730 --> 00:34:44,980

dial on his uniform so he did and he

745

00:34:50,040 --> 00:34:47,740

could breathe they flew around they had

746

00:34:52,379 --> 00:34:50,050

to go pick up some equipment on one

747

00:34:54,720 --> 00:34:52,389

planet so he was along for the ride for

748

00:34:56,790 --> 00:34:54,730

this and then he said hey guys I got to

749

00:34:58,170 --> 00:34:56,800

get back i have a meeting tomorrow and

750

00:35:00,630 --> 00:34:58,180

they said okay no problem we'll get you

751
00:35:03,359 --> 00:35:00,640
back and they took him back and he says

752
00:35:06,240 --> 00:35:03,369
they just wanted i think just for me to

753
00:35:08,790 --> 00:35:06,250
see that they are peaceful and they're

754
00:35:10,500 --> 00:35:08,800
out there and then once were more

755
00:35:12,210 --> 00:35:10,510
evolved and peaceful that they'll come

756
00:35:14,220 --> 00:35:12,220
and they'll hang out with us essentially

757
00:35:18,720 --> 00:35:14,230
and he's been saying this for a long

758
00:35:22,620 --> 00:35:18,730
time they tried to one of his opponent

759
00:35:24,720 --> 00:35:22,630
in the russian government tried to get

760
00:35:26,640 --> 00:35:24,730
him in trouble and told Putin hey this

761
00:35:29,160 --> 00:35:26,650
guy says he was talking to aliens how do

762
00:35:31,830 --> 00:35:29,170
we know he didn't give away any official

763
00:35:34,560 --> 00:35:31,840

government secrets you know do we have

764

00:35:35,790 --> 00:35:34,570

some law against that and couldn't kind

765

00:35:40,020 --> 00:35:35,800

of blew him off because putting's

766

00:35:42,030 --> 00:35:40,030

friends with this guy so he's not

767

00:35:43,980 --> 00:35:42,040

president anymore but the reason why

768

00:35:45,750 --> 00:35:43,990

this is important is this international

769

00:35:48,300 --> 00:35:45,760

chess federation which is a worldwide

770

00:35:51,000 --> 00:35:48,310

organization the biggest deal in chess

771

00:35:53,910 --> 00:35:51,010

he was up for reelection for his

772

00:35:55,440 --> 00:35:53,920

presidency and of course his opponent

773

00:35:57,270 --> 00:35:55,450

was saying this guy's crazy you know

774

00:36:00,750 --> 00:35:57,280

he's into aliens and all of this stuff

775

00:36:02,610 --> 00:36:00,760

but curse on one so he's still the

776

00:36:07,200 --> 00:36:02,620

president of this organization and has

777

00:36:09,110 --> 00:36:07,210

been for like 20 years and that so he he

778

00:36:13,260 --> 00:36:09,120

got in the news again cuz he won

779

00:36:15,420 --> 00:36:13,270

presidency once again and a funny thing

780

00:36:17,220 --> 00:36:15,430

is he thinks maybe chess is from space

781

00:36:20,220 --> 00:36:17,230

and created by extraterrestrials because

782

00:36:22,140 --> 00:36:20,230

he says the laws for chess are the same

783

00:36:25,350 --> 00:36:22,150

in every country and he thinks that's

784

00:36:27,420 --> 00:36:25,360

evidence that it's ed related so I think

785

00:36:30,240 --> 00:36:27,430

this is cool this is an important

786

00:36:32,490 --> 00:36:30,250

character in world affairs in fact

787

00:36:35,880 --> 00:36:32,500

there's a picture of him playing chess

788

00:36:41,490 --> 00:36:35,890

with Gaddafi months before Gaddafi was

789

00:36:43,650 --> 00:36:41,500

killed Wow now it wasn't it wasn't it if

790

00:36:47,220 --> 00:36:43,660

I have it right and I'm trying to

791

00:36:50,310 --> 00:36:47,230

remember the name of the i want to say

792

00:36:52,470 --> 00:36:50,320

blue something blue max the computer

793

00:36:54,750 --> 00:36:52,480

that played the Chess Champion what

794

00:36:58,440 --> 00:36:54,760

didn't that uh yeah I play against

795

00:37:00,890 --> 00:36:58,450

Russian some some of the someone from

796

00:37:03,120 --> 00:37:00,900

Russia was really like one of the top

797

00:37:06,510 --> 00:37:03,130

chess champions in the world or

798

00:37:09,480 --> 00:37:06,520

something I mean now total Blue Max or

799

00:37:11,040 --> 00:37:09,490

what the heck was that thing I don't you

800

00:37:15,840 --> 00:37:11,050

know I know what you're saying because

801

00:37:19,770 --> 00:37:15,850

it's even like a test an AI type of test

802

00:37:23,790 --> 00:37:19,780

where um you know if a I can beat some

803

00:37:25,530 --> 00:37:23,800

human playing computer then that means

804

00:37:27,150 --> 00:37:25,540

the computers are about ready to take

805

00:37:29,840 --> 00:37:27,160

over the world or something like that

806

00:37:34,650 --> 00:37:29,850

i'm not sure but yeah i guess he beat um

807

00:37:36,420 --> 00:37:34,660

garry kasparov okay so yeah that was

808

00:37:39,740 --> 00:37:36,430

deep blue was the name and you know how

809

00:37:42,420 --> 00:37:39,750

I know it's not because I'm a genius

810

00:37:45,000 --> 00:37:42,430

because I've got google here in front of

811

00:37:49,830 --> 00:37:45,010

me but interesting enough this garry

812

00:37:52,140 --> 00:37:49,840

kasparov who lost he is the World Chess

813

00:37:55,470 --> 00:37:52,150

Champion and he's the guy who was

814

00:37:57,420 --> 00:37:55,480

running against Kherson haha to be

815

00:38:00,180 --> 00:37:57,430

President of the Chess Federation so

816

00:38:02,070 --> 00:38:00,190

there is a link there but he lost how

817

00:38:03,480 --> 00:38:02,080

about that yeah that is the

818

00:38:06,330 --> 00:38:03,490

it's kind of an overt over-the-top

819

00:38:09,300 --> 00:38:06,340

statement for someone like him to make

820

00:38:13,740 --> 00:38:09,310

it yeah what and what's interesting is

821

00:38:17,880 --> 00:38:13,750

as Kasparov got upset over this election

822

00:38:21,540 --> 00:38:17,890

because Putin came to an event for

823

00:38:24,210 --> 00:38:21,550

Kearse on supporting him and you know

824

00:38:26,010 --> 00:38:24,220

doing some photo ops which helped cure

825

00:38:28,650 --> 00:38:26,020

son get reelected as the Chess

826

00:38:30,660 --> 00:38:28,660

Federation president so he was mad that

827

00:38:32,820 --> 00:38:30,670

putting the Russian government was

828

00:38:35,550 --> 00:38:32,830

supporting a curse on but it's

829

00:38:39,660 --> 00:38:35,560

interesting that button well aware of

830

00:38:41,400 --> 00:38:39,670

this extraterrestrial issue still is our

831

00:38:43,860 --> 00:38:41,410

friends with kherson and supports him

832

00:38:46,770 --> 00:38:43,870

now it seems to me it was maybe two

833

00:38:50,220 --> 00:38:46,780

years ago there was some type of a

834

00:38:54,270 --> 00:38:50,230

Russian politician that went on the

835

00:38:57,060 --> 00:38:54,280

record about about UFOs do you recall

836

00:39:00,900 --> 00:38:57,070

that I think there was a German in the

837

00:39:03,630 --> 00:39:00,910

in the EU that was pushing something but

838

00:39:05,640 --> 00:39:03,640

I can't remember Yeah right now well

839

00:39:07,980 --> 00:39:05,650

like I'm sorry when this live and

840

00:39:13,140 --> 00:39:07,990

there's no wedding yeah this is the real

841

00:39:16,170 --> 00:39:13,150

us yeah sorry sorry yeah it's a real

842

00:39:18,630 --> 00:39:16,180

know you're sorry yeah alright so what

843

00:39:20,850 --> 00:39:18,640

what else what else did you dig into for

844

00:39:22,380 --> 00:39:20,860

know you said you had another you we had

845

00:39:24,120 --> 00:39:22,390

more than one story that you didn't talk

846

00:39:25,920 --> 00:39:24,130

about yeah here's what I didn't talk

847

00:39:27,990 --> 00:39:25,930

about it all with others and I think

848

00:39:29,660 --> 00:39:28,000

it's one I will see if you're aware of

849

00:39:36,500 --> 00:39:29,670

it because this is a really fun one to

850

00:39:43,110 --> 00:39:40,140

the abduction researcher John Mack and

851

00:39:46,500 --> 00:39:43,120

that he's gonna write a book based on

852

00:39:50,460 --> 00:39:46,510

John max work I had no idea about this

853

00:39:53,490 --> 00:39:50,470

haha yeah so that's cool isn't this

854

00:39:55,320 --> 00:39:53,500

interesting that is really something now

855

00:39:58,460 --> 00:39:55,330

there's a lot of people involved in

856

00:40:02,130 --> 00:39:58,470

things like this you know there's a

857

00:40:03,840 --> 00:40:02,140

guest I had on last year that i want to

858

00:40:06,870 --> 00:40:03,850

say her name is Diana I can't remember

859

00:40:10,050 --> 00:40:06,880

her name that's actually you know

860

00:40:12,960 --> 00:40:10,060

putting together a movie about John Mack

861

00:40:15,720 --> 00:40:12,970

as well yeah yeah that's right there's a

862

00:40:18,090 --> 00:40:15,730

book going on about it yep so

863

00:40:20,190 --> 00:40:18,100

so this is really great that is that's

864

00:40:23,460 --> 00:40:20,200

quite amazing Shannon something else

865

00:40:27,359 --> 00:40:23,470

he's like the energizer bunny he just

866

00:40:30,390 --> 00:40:27,369

keeps he keeps going you know yeah he's

867

00:40:35,630 --> 00:40:30,400

getting on in age and yeah and I I know

868

00:40:40,080 --> 00:40:35,640

some of that that sold his kidney stone

869

00:40:43,470 --> 00:40:40,090

I'm not kidding um jus Shatner yes he

870

00:40:45,570 --> 00:40:43,480

went on this is kind of a funny story he

871

00:40:48,240 --> 00:40:45,580

was on a talk show I want to say Jimmy

872

00:40:50,820 --> 00:40:48,250

Kimmel's or something in this auctioneer

873

00:40:53,040 --> 00:40:50,830

friend of mine in Beverly Hills happen

874

00:40:55,710 --> 00:40:53,050

to be watching and it was either his

875

00:40:59,490 --> 00:40:55,720

kidney stone or something he had it in a

876

00:41:01,920 --> 00:40:59,500

little vial in the in the talk you know

877

00:41:04,349 --> 00:41:01,930

during the talk show and was holding it

878

00:41:06,480 --> 00:41:04,359

up and like laughing well this

879

00:41:08,010 --> 00:41:06,490

auctioneer contacted him somehow through

880

00:41:09,570 --> 00:41:08,020

his publicist or whatever and said I

881

00:41:11,520 --> 00:41:09,580

want to sell that at auction he got

882

00:41:13,920 --> 00:41:11,530

something like seventy thousand dollars

883

00:41:16,980 --> 00:41:13,930

for it you're kidding no and the money

884

00:41:20,490 --> 00:41:16,990

went to benefit actually it went to some

885

00:41:24,930 --> 00:41:20,500

type of charity or something but wow

886

00:41:26,970 --> 00:41:24,940

crazy huh wow that's really wild yeah

887

00:41:29,609 --> 00:41:26,980

but this is cool so Shatner originally

888

00:41:31,710 --> 00:41:29,619

told Larry King about this that he was

889

00:41:34,050 --> 00:41:31,720

going to do a book about alien abduction

890

00:41:36,660 --> 00:41:34,060

and then the Dallas Observer asked him

891

00:41:38,910 --> 00:41:36,670

more about it and he said the UFO book

892

00:41:41,430 --> 00:41:38,920

came from the work of a once is a quote

893

00:41:44,640 --> 00:41:41,440

once tenured Harvard professor in

894

00:41:46,410 --> 00:41:44,650

psychiatrist named John eMac

895

00:41:48,870 --> 00:41:46,420

who concluded after interviewing more

896

00:41:50,790 --> 00:41:48,880

than 200 subject who claimed that they

897

00:41:53,099 --> 00:41:50,800

were abducted by aliens that they were

898

00:41:55,560 --> 00:41:53,109

telling the truth Mac died as a result

899

00:41:57,630 --> 00:41:55,570

of a hit-and-run accident before he

900

00:42:00,300 --> 00:41:57,640

could complete his work but he finished

901
00:42:01,770 --> 00:42:00,310
a thesis on the subject and Shatner

902
00:42:03,870 --> 00:42:01,780
thought it would be worth turning it

903
00:42:06,720 --> 00:42:03,880
into a book so that's from the observer

904
00:42:09,570 --> 00:42:06,730
and then the quote from Shatner is that

905
00:42:11,640 --> 00:42:09,580
he John Mack died 10 years ago leaving

906
00:42:13,890 --> 00:42:11,650
this thesis and given all that we know

907
00:42:16,140 --> 00:42:13,900
and what we've discovered through just

908
00:42:17,730 --> 00:42:16,150
through observation there are strange

909
00:42:20,940 --> 00:42:17,740
mysterious things at work in the

910
00:42:25,620 --> 00:42:20,950
universe that we can't even imagine and

911
00:42:28,380 --> 00:42:25,630
UFOs may be part of that wow that is

912
00:42:29,490 --> 00:42:28,390
pretty cool yeah really cool so that's

913
00:42:31,770 --> 00:42:29,500

something interesting to

914

00:42:36,000 --> 00:42:31,780

look forward to I'm not sure when this a

915

00:42:38,040 --> 00:42:36,010

book will come out but maybe in 2015 but

916

00:42:41,460 --> 00:42:38,050

yeah how interesting is that that's

917

00:42:42,990 --> 00:42:41,470

awesome as awesome mm-hmm so I don't

918

00:42:44,640 --> 00:42:43,000

know if we talked about this one moving

919

00:42:46,110 --> 00:42:44,650

on because you mentioned Jimmy Kimmel

920

00:42:48,450 --> 00:42:46,120

and that was of course Bill Clinton

921

00:42:50,580 --> 00:42:48,460

talking to jimmy kimmel I don't know we

922

00:42:54,810 --> 00:42:50,590

did I know that I brought it up but I

923

00:42:56,760 --> 00:42:54,820

can't remember if I brought it up on one

924

00:43:00,330 --> 00:42:56,770

of the podcasts or not but yeah I saw

925

00:43:02,640 --> 00:43:00,340

that mm-hmm yes that's really cool

926
00:43:04,650 --> 00:43:02,650
because he you know talked about UFOs

927
00:43:07,200 --> 00:43:04,660
and Kimmel said you know I'd look into

928
00:43:09,660 --> 00:43:07,210
you opposed to jus Clinton said he sort

929
00:43:12,990 --> 00:43:09,670
of did he looked into the area 51 alien

930
00:43:14,430 --> 00:43:13,000
rumors and everything and he kind of

931
00:43:17,570 --> 00:43:14,440
said you know there may be life out

932
00:43:19,440 --> 00:43:17,580
there he hopes it's not like

933
00:43:21,960 --> 00:43:19,450
Independence Day and that they're nice

934
00:43:25,020 --> 00:43:21,970
guys but what's interesting and I don't

935
00:43:28,350 --> 00:43:25,030
know if you saw this that Ben Hansen

936
00:43:31,770 --> 00:43:28,360
from fact or faked did a voice analysis

937
00:43:34,830 --> 00:43:31,780
and there was some stress yeah yes yeah

938
00:43:37,860 --> 00:43:34,840

about that because first of all on Jimmy

939

00:43:40,140 --> 00:43:37,870

Kimmel of the one of the the first thing

940

00:43:43,080 --> 00:43:40,150

he even says I think it's a very first

941

00:43:44,910 --> 00:43:43,090

thing he says to Clinton is hey if I was

942

00:43:46,890 --> 00:43:44,920

president the first thing I would do is

943

00:43:48,930 --> 00:43:46,900

check to see if there were UFOs and

944

00:43:51,150 --> 00:43:48,940

alien you know that's how we open the

945

00:43:55,020 --> 00:43:51,160

interview with them put him right on the

946

00:43:57,420 --> 00:43:55,030

spot and Ben Hansen was able to tell

947

00:44:00,240 --> 00:43:57,430

that Bill Clinton was stressed because

948

00:44:02,970 --> 00:44:00,250

Bill Clinton wet himself when Jimmy

949

00:44:06,390 --> 00:44:02,980

Kimmel asked him that question just

950

00:44:09,210 --> 00:44:06,400

kidding jazz kidding and I told you I'm

951
00:44:12,510 --> 00:44:09,220
not editing no that's like yeah you

952
00:44:14,850 --> 00:44:12,520
can't take that out but actually been

953
00:44:18,480 --> 00:44:14,860
hansa did say that Clinton showed signs

954
00:44:21,540 --> 00:44:18,490
of significant apprehension stress and

955
00:44:23,940 --> 00:44:21,550
guarded behavior he admits he can't say

956
00:44:26,610 --> 00:44:23,950
why Clinton may have been stressed

957
00:44:29,220 --> 00:44:26,620
there's different reasons why that might

958
00:44:30,690 --> 00:44:29,230
be I know Ben Hansen very well I've seen

959
00:44:33,600 --> 00:44:30,700
him talk on this and we've talked at

960
00:44:35,700 --> 00:44:33,610
this I on length but he says that you

961
00:44:38,670 --> 00:44:35,710
know it's possible that Clinton knows

962
00:44:41,040 --> 00:44:38,680
more than he can reveal it's also

963
00:44:43,490 --> 00:44:41,050

possible that Clinton wants to know more

964

00:44:46,350 --> 00:44:43,500

but was denied the information

965

00:44:48,330 --> 00:44:46,360

or and those are some of the

966

00:44:51,600 --> 00:44:48,340

possibilities a lot of people argue well

967

00:44:53,730 --> 00:44:51,610

he knew most likely what Kimmel was

968

00:44:56,370 --> 00:44:53,740

going to ask him so any stress must be

969

00:44:59,490 --> 00:44:56,380

related to something like that who knows

970

00:45:01,320 --> 00:44:59,500

but yeah it's really interesting i think

971

00:45:05,970 --> 00:45:01,330

what's interesting of course i think i

972

00:45:08,040 --> 00:45:05,980

said this I'm coast to coast but that

973

00:45:09,870 --> 00:45:08,050

there have been quotes from Bill Clinton

974

00:45:11,400 --> 00:45:09,880

such as in Hong Kong where he said you

975

00:45:13,830 --> 00:45:11,410

know things like when he talked about

976

00:45:15,930 --> 00:45:13,840

UFOs I didn't find anything they told me

977

00:45:18,480 --> 00:45:15,940

there was nothing to it but I wouldn't

978

00:45:23,250 --> 00:45:18,490

be the first president that career

979

00:45:27,390 --> 00:45:23,260

bureaucrats have lied to hmm pom pom pom

980

00:45:30,810 --> 00:45:27,400

yeah absolutely well yeah I thought that

981

00:45:32,490 --> 00:45:30,820

you know I thought Clinton was really if

982

00:45:34,950 --> 00:45:32,500

the whole situation was really

983

00:45:37,320 --> 00:45:34,960

interesting when he actually attempted

984

00:45:40,500 --> 00:45:37,330

to get somewhere with it and I can't

985

00:45:42,810 --> 00:45:40,510

remember the name of the person that he

986

00:45:46,530 --> 00:45:42,820

was having actually look into a deeper

987

00:45:49,560 --> 00:45:46,540

for him I wish I did a little research

988

00:45:52,860 --> 00:45:49,570

before we did the show but oh there was

989

00:45:55,920 --> 00:45:52,870

a Hubble all right his friend yeah yes

990

00:45:58,350 --> 00:45:55,930

yep who didn't find anything I guess

991

00:46:01,590 --> 00:45:58,360

right but isn't I believe there is a

992

00:46:05,730 --> 00:46:01,600

picture somewhere on the internet of of

993

00:46:10,500 --> 00:46:05,740

the Clintons walking with Rockefeller

994

00:46:13,680 --> 00:46:10,510

holding there is one and that was I got

995

00:46:16,920 --> 00:46:13,690

to kind of release that story because it

996

00:46:18,900 --> 00:46:16,930

was actually done by a tonio cusine I'm

997

00:46:22,290 --> 00:46:18,910

probably saying his name wrong but a

998

00:46:25,530 --> 00:46:22,300

researcher who had boundless and posted

999

00:46:27,450 --> 00:46:25,540

it in a forum and he let me post it as a

1000

00:46:29,700 --> 00:46:27,460

story but yeah it's Hillary Clinton

1001
00:46:33,780 --> 00:46:29,710
talking with Laurance Rockefeller

1002
00:46:36,620 --> 00:46:33,790
holding a book from paul davies who is

1003
00:46:38,970 --> 00:46:36,630
at with SETI and it's about

1004
00:46:41,730 --> 00:46:38,980
extraterrestrial life and if it exists

1005
00:46:45,230 --> 00:46:41,740
that sort of thing and we all know

1006
00:46:47,820 --> 00:46:45,240
laurance rockefeller funded some UFO

1007
00:46:49,950 --> 00:46:47,830
initiatives and it was really into the

1008
00:46:53,070 --> 00:46:49,960
topic and was get it you know wrote some

1009
00:46:56,220 --> 00:46:53,080
letters to get the Clintons to talk

1010
00:46:57,029 --> 00:46:56,230
about UFOs so that might have been some

1011
00:46:59,789 --> 00:46:57,039
of their

1012
00:47:03,259 --> 00:46:59,799
discussion right right really

1013
00:47:05,759 --> 00:47:03,269

fascinating yeah very much so yep and

1014

00:47:07,829 --> 00:47:05,769

you know there was one thing that we I

1015

00:47:09,989 --> 00:47:07,839

don't believe you I know you and I

1016

00:47:12,329 --> 00:47:09,999

haven't talked about it but from what I

1017

00:47:16,439 --> 00:47:12,339

understand Will Smith son was uh

1018

00:47:18,179 --> 00:47:16,449

actually in in Obama's office and asked

1019

00:47:20,819 --> 00:47:18,189

him about aliens did you ever hear

1020

00:47:23,189 --> 00:47:20,829

anything about that yeah that was one of

1021

00:47:26,390 --> 00:47:23,199

our biggest stories actually that story

1022

00:47:30,479 --> 00:47:26,400

went viral of course other people did it

1023

00:47:32,669 --> 00:47:30,489

years ago wasn't it yeah and it but not

1024

00:47:34,769 --> 00:47:32,679

much let's see I think it's even on our

1025

00:47:39,299 --> 00:47:34,779

front page because it's in our most

1026

00:47:42,299 --> 00:47:39,309

popular stories because yeah and and so

1027

00:47:44,069 --> 00:47:42,309

what happened i think is somebody maybe

1028

00:47:47,359 --> 00:47:44,079

even Will Smith posted it on his

1029

00:47:50,159 --> 00:47:47,369

facebook we couldn't tell who did it but

1030

00:47:52,589 --> 00:47:50,169

Facebook brought us tons and tons of

1031

00:47:55,109 --> 00:47:52,599

traffic on this story but yeah

1032

00:47:59,880 --> 00:47:55,119

essentially what happened is first his

1033

00:48:02,669 --> 00:47:59,890

dad well Will Smith told the story first

1034

00:48:04,919 --> 00:48:02,679

he said that we went to go visit the

1035

00:48:07,859 --> 00:48:04,929

president when we were in the Situation

1036

00:48:10,079 --> 00:48:07,869

Room my son I told my son don't ask him

1037

00:48:12,689 --> 00:48:10,089

about UFOs I know you're into it just

1038

00:48:15,059 --> 00:48:12,699

don't do it and I son did it anyway and

1039

00:48:17,819 --> 00:48:15,069

he laughed about it and that was a story

1040

00:48:19,709 --> 00:48:17,829

well a few months later Jaden Smith

1041

00:48:20,969 --> 00:48:19,719

talked about it because somebody asked

1042

00:48:22,979 --> 00:48:20,979

him well what did you tell the president

1043

00:48:25,469 --> 00:48:22,989

and it's funny because Jaden Smith said

1044

00:48:27,809 --> 00:48:25,479

well I wanted to ask the president so

1045

00:48:31,589 --> 00:48:27,819

when we got in the Situation Room I said

1046

00:48:33,449 --> 00:48:31,599

are you of our aliens real and Obama

1047

00:48:35,849 --> 00:48:33,459

looked at him and smiled and said I can

1048

00:48:39,449 --> 00:48:35,859

neither confirm nor deny their existence

1049

00:48:42,749 --> 00:48:39,459

and so Jaden Smith said to me that means

1050

00:48:46,049 --> 00:48:42,759

they're real he confirmed to me they're

1051

00:48:48,870 --> 00:48:46,059

real he just couldn't say it so yeah

1052

00:48:51,689 --> 00:48:48,880

pretty funny I'm sure he was joking you

1053

00:48:54,569 --> 00:48:51,699

know obama i think obama was joking but

1054

00:48:58,649 --> 00:48:54,579

i think jayden smith was serious you oh

1055

00:49:00,719 --> 00:48:58,659

yeah yeah I think so too and yeah that

1056

00:49:03,120 --> 00:49:00,729

is a pretty pretty funny situation and

1057

00:49:05,069 --> 00:49:03,130

Will Smith being and whoa god I'm

1058

00:49:08,309 --> 00:49:05,079

forgetting dependent stain dependence

1059

00:49:09,799 --> 00:49:08,319

day he drags the alien out and yeah

1060

00:49:11,749 --> 00:49:09,809

pretty funny sad

1061

00:49:14,900 --> 00:49:11,759

said he stinks or something I can yeah

1062

00:49:17,120 --> 00:49:14,910

yeah a lot of fun so what else is what

1063

00:49:20,029 --> 00:49:17,130

else has happened that comes to mind

1064

00:49:22,160 --> 00:49:20,039

well here's one that I'll talk about and

1065

00:49:25,249 --> 00:49:22,170

I didn't really read a whole lot but I

1066

00:49:28,009 --> 00:49:25,259

luckily I've rodek or whoever wrote this

1067

00:49:30,999 --> 00:49:28,019

story wasn't me oh no this was written

1068

00:49:35,599 --> 00:49:31,009

by epoch times and they let us repost it

1069

00:49:38,390 --> 00:49:35,609

but the WikiLeaks did have some UFOs and

1070

00:49:40,759 --> 00:49:38,400

et files but they weren't as exciting as

1071

00:49:43,099 --> 00:49:40,769

people thought of course you really did

1072

00:49:46,959 --> 00:49:43,109

you know yeah those rumors about it

1073

00:49:49,910 --> 00:49:46,969

there were rumors about it and I think

1074

00:49:52,339 --> 00:49:49,920

Assange even had some sort of comment on

1075

00:49:54,199 --> 00:49:52,349

it but it was really like something like

1076

00:49:55,849 --> 00:49:54,209

oh yeah there's some UFO idiots or

1077

00:50:00,109 --> 00:49:55,859

something like that had something in

1078

00:50:01,880 --> 00:50:00,119

there it was really disparaging hmm but

1079

00:50:03,979 --> 00:50:01,890

they're not as exciting as you think one

1080

00:50:10,900 --> 00:50:03,989

of them is kind of exciting but they

1081

00:50:14,749 --> 00:50:10,910

were essentially just references um to

1082

00:50:16,160 --> 00:50:14,759

UFOs kind of news story clippings so one

1083

00:50:19,630 --> 00:50:16,170

of them talked about a prominent

1084

00:50:22,579 --> 00:50:19,640

Lithuanian politician who said UFOs

1085

00:50:25,459 --> 00:50:22,589

directed by Russians to exert influence

1086

00:50:27,589 --> 00:50:25,469

so kind of a a new story about this

1087

00:50:31,209 --> 00:50:27,599

weird Lithuanian politician who said

1088

00:50:34,039 --> 00:50:31,219

that the Russians are using ETS

1089

00:50:38,599 --> 00:50:34,049

essentially and I think he was kind of

1090

00:50:42,559 --> 00:50:38,609

joking around and being silly but there

1091

00:50:44,059 --> 00:50:42,569

were also stories on the Raelians there

1092

00:50:46,160 --> 00:50:44,069

was some clips on you know just some

1093

00:50:48,019 --> 00:50:46,170

talk about the Raelians and then there

1094

00:50:51,919 --> 00:50:48,029

was another story and this one's kind of

1095

00:50:56,959 --> 00:50:51,929

more interesting the Belarusian Minister

1096

00:51:00,439 --> 00:50:56,969

of Defence wrote about in a cable about

1097

00:51:03,349 --> 00:51:00,449

Japan's chief cabinet secretary ma

1098

00:51:06,650 --> 00:51:03,359

Kimura who believes that

1099

00:51:09,589 --> 00:51:06,660

extraterrestrials have flown ufos near

1100

00:51:14,359 --> 00:51:09,599

near the earth and just this guy who

1101

00:51:17,359 --> 00:51:14,369

really believes in UFOs that is part of

1102

00:51:19,130 --> 00:51:17,369

the Japanese government and that was

1103

00:51:21,679 --> 00:51:19,140

about it so it wasn't really anything

1104

00:51:23,810 --> 00:51:21,689

groundbreaking but we did find out this

1105

00:51:27,280 --> 00:51:23,820

year that there were some UFO

1106

00:51:30,980 --> 00:51:27,290

he leaks you know there's so many

1107

00:51:32,510 --> 00:51:30,990

documents that they have and the same

1108

00:51:34,820 --> 00:51:32,520

thing with Snowden you know it keeps

1109

00:51:38,030 --> 00:51:34,830

coming on also over and over again that

1110

00:51:42,020 --> 00:51:38,040

he found UFO documents and you know it's

1111

00:51:45,140 --> 00:51:42,030

a hoax or whatever but there's just so

1112

00:51:47,360 --> 00:51:45,150

many things to go through you know that

1113

00:51:50,690 --> 00:51:47,370

you know classified documents for

1114

00:51:52,550 --> 00:51:50,700

instance to go through that I don't even

1115

00:51:54,800 --> 00:51:52,560

know how you'd find something unless it

1116

00:51:56,480 --> 00:51:54,810

was all electronic and you could search

1117

00:51:58,610 --> 00:51:56,490

that way that just seems like there's no

1118

00:52:02,120 --> 00:51:58,620

other way you can't sort through a

1119

00:52:03,800 --> 00:52:02,130

mountain of papers to find the word you

1120

00:52:08,060 --> 00:52:03,810

know UFO or they could be calling it

1121

00:52:11,540 --> 00:52:08,070

something else about yeah yeah a bogey

1122

00:52:12,980 --> 00:52:11,550

bogey or something yeah mmhmm yeah yeah

1123

00:52:15,070 --> 00:52:12,990

you're right you know one of the big

1124

00:52:18,170 --> 00:52:15,080

stories this year was Rendlesham forest

1125

00:52:19,820 --> 00:52:18,180

not just the book coming out but you

1126
00:52:22,730 --> 00:52:19,830
know I think we talked about this John

1127
00:52:25,490 --> 00:52:22,740
Burroughs doing some work to find out

1128
00:52:29,030 --> 00:52:25,500
that he had found this in the past that

1129
00:52:31,250 --> 00:52:29,040
his military records he's a witness to

1130
00:52:34,910 --> 00:52:31,260
the Rendlesham forest UFO with other

1131
00:52:38,150 --> 00:52:34,920
military witnesses in the UK he was a

1132
00:52:40,220 --> 00:52:38,160
u.s. airman at the time and his military

1133
00:52:42,260 --> 00:52:40,230
records including his medical records

1134
00:52:44,300 --> 00:52:42,270
had disappeared this was a concern for

1135
00:52:46,430 --> 00:52:44,310
him because he has heart problems that

1136
00:52:49,400 --> 00:52:46,440
he may be believes and has been told

1137
00:52:53,450 --> 00:52:49,410
maybe related to possible exposure to

1138
00:52:55,370 --> 00:52:53,460

radiation so he thought it was related

1139

00:52:56,960 --> 00:52:55,380

possibly to the UFO and they said you

1140

00:52:59,450 --> 00:52:56,970

weren't even in the military at that

1141

00:53:03,200 --> 00:52:59,460

time of course he was he was able to

1142

00:53:06,590 --> 00:53:03,210

petition different politicians including

1143

00:53:08,390 --> 00:53:06,600

John McCain John McCain's office was

1144

00:53:10,610 --> 00:53:08,400

able to correct that to show he was in

1145

00:53:13,280 --> 00:53:10,620

the military which he was I don't I'm

1146

00:53:15,500 --> 00:53:13,290

sorry to sort of cut in here but we did

1147

00:53:18,770 --> 00:53:15,510

have John on just a couple weeks oh ok

1148

00:53:21,680 --> 00:53:18,780

ok I'm do all this and but just a little

1149

00:53:25,520 --> 00:53:21,690

follow-up from that it's one of the most

1150

00:53:28,280 --> 00:53:25,530

downloaded shows I had actually job I

1151
00:53:30,650 --> 00:53:28,290
mean Colonel halt in him and they kind

1152
00:53:32,450 --> 00:53:30,660
of hashed out a couple of things there

1153
00:53:34,970 --> 00:53:32,460
and then there was a there was some oh

1154
00:53:37,290 --> 00:53:34,980
that's right I'm telling you that show

1155
00:53:41,640 --> 00:53:37,300
has just absolutely gone viral

1156
00:53:44,690 --> 00:53:41,650
good so so it you know that is

1157
00:53:47,910 --> 00:53:44,700
interesting and but related to files

1158
00:53:50,510 --> 00:53:47,920
exact to another story you know he's

1159
00:53:53,400 --> 00:53:50,520
getting the mo d files released but

1160
00:53:57,360 --> 00:53:53,410
another good story related to files is

1161
00:54:00,690 --> 00:53:57,370
John Greenwald with the black vault who

1162
00:54:04,520 --> 00:54:00,700
petitioned the NSA they were they had to

1163
00:54:07,710 --> 00:54:04,530

release it was part of a big a lawsuit

1164

00:54:10,770 --> 00:54:07,720

by cause and Peter gherkin Gersten to

1165

00:54:12,570 --> 00:54:10,780

release some UFO files they finally did

1166

00:54:15,080 --> 00:54:12,580

but these files were heavily redacted

1167

00:54:17,580 --> 00:54:15,090

most everything's wide it out and

1168

00:54:20,970 --> 00:54:17,590

Stanton Friedman shows a file from this

1169

00:54:23,580 --> 00:54:20,980

case it's all blacked out but so

1170

00:54:25,830 --> 00:54:23,590

Greenwald went in to say hey now you can

1171

00:54:27,420 --> 00:54:25,840

you know unwind out some of those and

1172

00:54:30,090 --> 00:54:27,430

give us more information on those files

1173

00:54:34,020 --> 00:54:30,100

the NSA finally got back to him and said

1174

00:54:36,330 --> 00:54:34,030

sorry we lost them right so the NSA says

1175

00:54:38,690 --> 00:54:36,340

they lost all their UFO files these

1176

00:54:42,210 --> 00:54:38,700

files that were the centerpiece of a big

1177

00:54:44,010 --> 00:54:42,220

even it was a media event where they

1178

00:54:46,860 --> 00:54:44,020

were getting sued for these files and

1179

00:54:50,190 --> 00:54:46,870

how crazy is that that that is

1180

00:54:52,680 --> 00:54:50,200

absolutely insane very forced writing

1181

00:54:54,420 --> 00:54:52,690

with you you know I think this is just

1182

00:54:57,900 --> 00:54:54,430

about going to do it for the first hour

1183

00:55:01,440 --> 00:54:57,910

here okay and again you know thank you

1184

00:55:04,320 --> 00:55:01,450

so much for this of this recap and we'll

1185

00:55:09,030 --> 00:55:04,330

be talking next week but thanks for all

1186

00:55:10,920 --> 00:55:09,040

your hard work I get a lot of email from

1187

00:55:12,600 --> 00:55:10,930

listeners that say they just really

1188

00:55:13,920 --> 00:55:12,610

enjoy you on the show and I want to give

1189

00:55:17,000 --> 00:55:13,930

a special thanks to you for all that

1190

00:55:19,980 --> 00:55:17,010

you've done what's my absolute pleasure

1191

00:55:23,670 --> 00:55:19,990

it's been great getting to know you and

1192

00:55:26,940 --> 00:55:23,680

I love being part of the show and so

1193

00:55:30,810 --> 00:55:26,950

it's my pleasure thank you for doing

1194

00:55:33,830 --> 00:55:30,820

what you do I get a good kid thanks and

1195

00:55:37,170 --> 00:55:33,840

so that's it for this part of the show

1196

00:55:41,460 --> 00:55:37,180

hang in and we'll be right back with the

1197

00:55:44,090 --> 00:55:41,470

second part with Andy Fleming he's going

1198

00:55:47,640 --> 00:55:44,100

to be talking to us about ufology in

1199

00:55:49,890 --> 00:55:47,650

2014 after that I play several clips

1200

00:55:50,700 --> 00:55:49,900

from some shows that i really enjoyed

1201

00:55:52,320 --> 00:55:50,710

this

1202

00:55:56,339 --> 00:55:52,330

last year and I hope you'll find them

1203

00:55:59,960 --> 00:55:56,349

enjoyable as well let's see who i have i

1204

00:56:02,700 --> 00:55:59,970

have Jeffrey Bennett Kevin Randall oh

1205

00:56:04,349 --> 00:56:02,710

boy I can't remember who and I'm right

1206

00:56:08,609 --> 00:56:04,359

up against the deadline here to get this

1207

00:56:10,680 --> 00:56:08,619

up for your listening experience so just

1208

00:56:44,709 --> 00:56:10,690

hang in just one second and we'll be

1209

00:56:49,069 --> 00:56:46,879

here we are in the second part of the

1210

00:56:51,829 --> 00:56:49,079

show and I have a good friend across the

1211

00:56:55,819 --> 00:56:51,839

pond Andy Fleming and he's coming up

1212

00:56:59,029 --> 00:56:55,829

talking to us about 2014 the reflection

1213

00:57:01,099 --> 00:56:59,039

and you follow him son of the it passes

1214

00:57:03,649 --> 00:57:01,109

and listens have been treated to some

1215

00:57:06,229 --> 00:57:03,659

fascinating podcast from Martin crew and

1216

00:57:10,519 --> 00:57:06,239

guests about those most elusive of

1217

00:57:12,019 --> 00:57:10,529

objects UFOs the program is especially

1218

00:57:14,299 --> 00:57:12,029

poignant to those of us who have

1219

00:57:16,369 --> 00:57:14,309

experienced our own personal sightings

1220

00:57:19,099 --> 00:57:16,379

and has searched for some sort of

1221

00:57:21,799 --> 00:57:19,109

closure truth or explanation about what

1222

00:57:24,019 --> 00:57:21,809

we've seen although I'm no further

1223

00:57:26,869 --> 00:57:24,029

forward in my own search for answers I

1224

00:57:29,239 --> 00:57:26,879

know that I saw what I saw and I also

1225

00:57:31,669 --> 00:57:29,249

know that I'm in good company with the

1226

00:57:33,799 --> 00:57:31,679

millions of other people worldwide he'll

1227

00:57:37,339 --> 00:57:33,809

have seen strange objects and lights in

1228

00:57:40,009 --> 00:57:37,349

the sky as an amateur astronomer I also

1229

00:57:42,019 --> 00:57:40,019

know the night sky well and so could

1230

00:57:45,559 --> 00:57:42,029

immediately discount astronomical

1231

00:57:48,379 --> 00:57:45,569

objects in my own case my own sighting

1232

00:57:51,589 --> 00:57:48,389

was one of the enigmatic triangles a

1233

00:57:54,679 --> 00:57:51,599

large v-shaped formation of five orange

1234

00:57:57,109 --> 00:57:54,689

red lights evenly spaced slightly east

1235

00:57:59,929 --> 00:57:57,119

of zenith and moving extremely slowly in

1236

00:58:02,289 --> 00:57:59,939

the northwest southeast direction of the

1237

00:58:04,909 --> 00:58:02,299

course of about a quarter of an hour

1238

00:58:06,709 --> 00:58:04,919

memorized I began to realize that the

1239

00:58:09,229 --> 00:58:06,719

lights are actually attached to a single

1240

00:58:12,289 --> 00:58:09,239

object as they move silently in an

1241

00:58:14,149 --> 00:58:12,299

unchanging distance from one another the

1242

00:58:16,699 --> 00:58:14,159

lights were fixed on the objects

1243

00:58:19,039 --> 00:58:16,709

periphery which was black and solid

1244

00:58:20,509 --> 00:58:19,049

blocking out background star so it

1245

00:58:23,389 --> 00:58:20,519

couldn't have been a high-flying

1246

00:58:25,939 --> 00:58:23,399

formation of jet aircraft judging

1247

00:58:27,739 --> 00:58:25,949

altitude and spatial characteristics in

1248

00:58:30,109 --> 00:58:27,749

the atmosphere at any time is very

1249

00:58:32,989 --> 00:58:30,119

difficult with the naked eye especially

1250

00:58:34,909 --> 00:58:32,999

it nice but i would estimate height in

1251
00:58:37,429 --> 00:58:34,919
thousands rather than hundreds of feet

1252
00:58:41,629 --> 00:58:37,439
and size in a couple of football field

1253
00:58:43,309 --> 00:58:41,639
dimensions it was indeed massive there

1254
00:58:45,589 --> 00:58:43,319
were other witnesses to the strange

1255
00:58:48,279 --> 00:58:45,599
object that visited the night sky of

1256
00:58:51,529 --> 00:58:48,289
northeast England that April night in

1257
00:58:54,289 --> 00:58:51,539
2009 some have suggested it was a

1258
00:58:55,059 --> 00:58:54,299
stealth blimp the mystical stealth black

1259
00:58:58,329 --> 00:58:55,069
man

1260
00:59:02,620 --> 00:58:58,339
cr3 be black ops aircraft or similar or

1261
00:59:04,329 --> 00:59:02,630
even an alien spacecraft the fact is I

1262
00:59:06,699 --> 00:59:04,339
really don't know but what I do know is

1263
00:59:08,769 --> 00:59:06,709

that announcing your sighting can stir

1264

00:59:11,620 --> 00:59:08,779

up ridicule amongst family friends and

1265

00:59:13,479 --> 00:59:11,630

colleagues they won't be afraid to to

1266

00:59:16,449 --> 00:59:13,489

explain your sighting are they it was

1267

00:59:19,599 --> 00:59:16,459

either Chinese London satellites meteors

1268

00:59:21,699 --> 00:59:19,609

or aircraft what it couldn't be was an

1269

00:59:23,410 --> 00:59:21,709

alien spacecraft because everyone knows

1270

00:59:26,890 --> 00:59:23,420

that they can't get from there to here

1271

00:59:29,410 --> 00:59:26,900

because of the distances also they say

1272

00:59:32,170 --> 00:59:29,420

as though both ourselves and other

1273

00:59:35,259 --> 00:59:32,180

speculative intelligent species will be

1274

00:59:39,309 --> 00:59:35,269

limited to human 2014 propulsion

1275

00:59:41,499 --> 00:59:39,319

technology forever what podcast UFO and

1276

00:59:43,989 --> 00:59:41,509

other similar shows have given me is a

1277

00:59:47,140 --> 00:59:43,999

deep respect for many of the witnesses

1278

00:59:48,630 --> 00:59:47,150

of the more high-profile sightings many

1279

00:59:51,819 --> 00:59:48,640

of whom have seen their lives

1280

00:59:54,279 --> 00:59:51,829

irrevocably change and often not for the

1281

00:59:56,709 --> 00:59:54,289

better after announcing what they saw

1282

00:59:59,949 --> 00:59:56,719

whether they are scientists politicians

1283

01:00:03,249 --> 00:59:59,959

or military personnel the result is

1284

01:00:06,219 --> 01:00:03,259

often ridicule and wrecked careers now

1285

01:00:08,199 --> 01:00:06,229

here's a thought for 2015 and some

1286

01:00:11,469 --> 01:00:08,209

ultimately I found myself increasingly

1287

01:00:13,989 --> 01:00:11,479

asking the question in a civilization

1288

01:00:16,479 --> 01:00:13,999

like AI's which is grasper materialist

1289

01:00:18,249 --> 01:00:16,489

reductionism can science explain

1290

01:00:21,189 --> 01:00:18,259

everything there is to know about

1291

01:00:24,420 --> 01:00:21,199

sentient life our world and the vast

1292

01:00:27,549 --> 01:00:24,430

cosmos of which we are conscious part or

1293

01:00:30,279 --> 01:00:27,559

is there more to existence than purely

1294

01:00:32,799 --> 01:00:30,289

the physical does then a theory of

1295

01:00:36,069 --> 01:00:32,809

everything that includes relativity and

1296

01:00:38,650 --> 01:00:36,079

quantum physics also need to include a

1297

01:00:41,559 --> 01:00:38,660

spiritual component taking into account

1298

01:00:44,439 --> 01:00:41,569

the cosmos within our brains and those

1299

01:00:47,469 --> 01:00:44,449

of other sentient beings a happy new

1300

01:00:50,349 --> 01:00:47,479

years you will you too Andy happy new

1301

01:00:51,519 --> 01:00:50,359

year and thanks for all you did for 2014

1302

01:00:55,239 --> 01:00:51,529

looking forward to having you back

1303

01:00:58,059 --> 01:00:55,249

plenty in 2015 especially since we have

1304

01:01:01,299 --> 01:00:58,069

a two-hour show now next we're going to

1305

01:01:04,809 --> 01:01:01,309

be hearing a clip back in 2014 from

1306

01:01:07,299 --> 01:01:04,819

Jeffrey Bennett he's an astrophysicist I

1307

01:01:08,380 --> 01:01:07,309

met him down in North Carolina great guy

1308

01:01:10,450 --> 01:01:08,390

sharp as a

1309

01:01:13,329 --> 01:01:10,460

back and he was really fun to have on

1310

01:01:16,420 --> 01:01:13,339

the show I really like when a mainstream

1311

01:01:18,220 --> 01:01:16,430

scientists I would call him hasn't

1312

01:01:22,049 --> 01:01:18,230

opened an up mind to think that it's

1313

01:01:25,240 --> 01:01:22,059

possible that we may be visited by

1314

01:01:27,789 --> 01:01:25,250

extraterrestrial intelligences or if we

1315

01:01:30,460 --> 01:01:27,799

haven't yet that darn it sooner or later

1316

01:01:32,109 --> 01:01:30,470

are going to be here he is one of the

1317

01:01:34,809 --> 01:01:32,119

things up that I'd like for you to talk

1318

01:01:38,650 --> 01:01:34,819

about is and I heard you talk about this

1319

01:01:40,539 --> 01:01:38,660

in North Carolina is why there has to be

1320

01:01:42,759 --> 01:01:40,549

life out there can you just kind of go

1321

01:01:45,069 --> 01:01:42,769

into that a little bit and by the way

1322

01:01:47,799 --> 01:01:45,079

anyone listening live you can jump right

1323

01:01:50,740 --> 01:01:47,809

over to podcast UFO calm and join right

1324

01:01:52,299 --> 01:01:50,750

in and our chat room well the reason I

1325

01:01:54,160 --> 01:01:52,309

say that there has to be life out there

1326

01:01:56,259 --> 01:01:54,170

you know there's a couple of different

1327

01:01:57,910 --> 01:01:56,269

reasons I can go through some of the

1328

01:02:00,579 --> 01:01:57,920

science and I'll do that in a moment but

1329

01:02:02,200 --> 01:02:00,589

on a more fundamental level one of the

1330

01:02:05,529 --> 01:02:02,210

things that's happened in the history of

1331

01:02:07,569 --> 01:02:05,539

science is long long time ago we thought

1332

01:02:09,339 --> 01:02:07,579

we were really special that we lived on

1333

01:02:12,160 --> 01:02:09,349

a world that was the center of the

1334

01:02:14,400 --> 01:02:12,170

universe which therefore meant we were

1335

01:02:16,630 --> 01:02:14,410

also the center of the universe and

1336

01:02:18,999 --> 01:02:16,640

throughout history we've been learning

1337

01:02:21,339 --> 01:02:19,009

every time that that's not quite right

1338

01:02:23,440 --> 01:02:21,349

first we learned that earth is a planet

1339

01:02:24,910 --> 01:02:23,450

going around the Sun not the center of

1340

01:02:27,309 --> 01:02:24,920

the universe then we learned that the

1341

01:02:30,400 --> 01:02:27,319

Sun is not the center of the galaxy just

1342

01:02:32,049 --> 01:02:30,410

one of 100 billion stars in the galaxy

1343

01:02:33,339 --> 01:02:32,059

then we learned that our galaxy is not

1344

01:02:35,200 --> 01:02:33,349

the whole universe that there's a

1345

01:02:38,559 --> 01:02:35,210

hundred billion other galaxies in the

1346

01:02:40,180 --> 01:02:38,569

universe so we've through history kept

1347

01:02:43,539 --> 01:02:40,190

learning that there's nothing

1348

01:02:46,240 --> 01:02:43,549

particularly special about us and given

1349

01:02:49,450 --> 01:02:46,250

the vast number of other worlds that are

1350

01:02:52,630 --> 01:02:49,460

out there to me it just would seem

1351

01:02:54,490 --> 01:02:52,640

almost impossible to believe that this

1352

01:02:56,829 --> 01:02:54,500

could be the only place where life is

1353

01:03:00,400 --> 01:02:56,839

you might remember from Carl Sagan's

1354

01:03:02,799 --> 01:03:00,410

novel and movie contact where they said

1355

01:03:04,900 --> 01:03:02,809

what a waste of space that would be if

1356

01:03:08,410 --> 01:03:04,910

we were the only life so I think right

1357

01:03:11,620 --> 01:03:08,420

off the bat it it's gonna seem to almost

1358

01:03:12,849 --> 01:03:11,630

anyone who looks at the size of the

1359

01:03:15,190 --> 01:03:12,859

universe that there's got to be other

1360

01:03:17,170 --> 01:03:15,200

life but now we can investigate it in

1361

01:03:18,940 --> 01:03:17,180

more detail scientifically we can look

1362

01:03:22,000 --> 01:03:18,950

at the question of are there really

1363

01:03:23,740 --> 01:03:22,010

other planets that are capable of

1364

01:03:25,870 --> 01:03:23,750

having conditions like earth on which

1365

01:03:28,090 --> 01:03:25,880

they could have life and in the last

1366

01:03:30,550 --> 01:03:28,100

couple of years thanks to the Kepler

1367

01:03:32,500 --> 01:03:30,560

mission we have discovered dozens of

1368

01:03:34,750 --> 01:03:32,510

such planets and the statistics show

1369

01:03:36,940 --> 01:03:34,760

that there must be at least 40 billion

1370

01:03:39,520 --> 01:03:36,950

or more such planets in our galaxy alone

1371

01:03:41,410 --> 01:03:39,530

and then you can say what if you have

1372

01:03:44,320 --> 01:03:41,420

the conditions for life will you get

1373

01:03:46,570 --> 01:03:44,330

life and that requires understanding the

1374

01:03:50,740 --> 01:03:46,580

origin of life on Earth and while we

1375

01:03:53,650 --> 01:03:50,750

don't know exactly how life on earth

1376

01:03:55,780 --> 01:03:53,660

started and perhaps we never will what

1377

01:03:58,630 --> 01:03:55,790

we do know from laboratory experiments

1378

01:04:01,210 --> 01:03:58,640

today is that it seems like it wasn't

1379

01:04:04,300 --> 01:04:01,220

that difficult the molecules that make

1380

01:04:06,160 --> 01:04:04,310

life form easily under the natural

1381

01:04:07,870 --> 01:04:06,170

conditions that existed on the early

1382

01:04:09,760 --> 01:04:07,880

Earth so you put all those ideas

1383

01:04:12,880 --> 01:04:09,770

together and you're going to just be led

1384

01:04:16,720 --> 01:04:12,890

to the conclusion that you expect life

1385

01:04:19,300 --> 01:04:16,730

to be common throughout the universe now

1386

01:04:21,970 --> 01:04:19,310

one of the things that you know a lot of

1387

01:04:25,870 --> 01:04:21,980

people that are skeptical of the subject

1388

01:04:28,000 --> 01:04:25,880

that or i should say the question of are

1389

01:04:30,250 --> 01:04:28,010

we being visited or is it possible that

1390

01:04:32,740 --> 01:04:30,260

we're being visited now i know that you

1391

01:04:35,650 --> 01:04:32,750

made a scale model of the solar system

1392

01:04:38,950 --> 01:04:35,660

and can you talk a little bit about that

1393

01:04:40,980 --> 01:04:38,960

because the distance between your scale

1394

01:04:44,710 --> 01:04:40,990

model and where the first star would be

1395

01:04:47,830 --> 01:04:44,720

is quite amazing can you just talk about

1396

01:04:49,720 --> 01:04:47,840

that sure so we've built the my

1397

01:04:51,640 --> 01:04:49,730

colleague Jeff Goldstein and I or behind

1398

01:04:53,350 --> 01:04:51,650

a project where we put the voyage scale

1399

01:04:55,990 --> 01:04:53,360

model solar system on the national mall

1400

01:04:57,850 --> 01:04:56,000

in washington DC and we have a half a

1401

01:05:00,130 --> 01:04:57,860

dozen other communities that have

1402

01:05:02,050 --> 01:05:00,140

replicas of the model and we're actually

1403

01:05:03,700 --> 01:05:02,060

looking for many more so hopefully

1404

01:05:05,980 --> 01:05:03,710

people out there will be thinking about

1405

01:05:08,350 --> 01:05:05,990

that but what what we do is we build the

1406

01:05:10,150 --> 01:05:08,360

solar system on a scale of one to ten

1407

01:05:12,850 --> 01:05:10,160

billion so we're shrinking everything

1408

01:05:16,030 --> 01:05:12,860

down 10 billion times and on that scale

1409

01:05:18,340 --> 01:05:16,040

the Sun becomes about the size of a

1410

01:05:21,280 --> 01:05:18,350

large grapefruit and earth becomes

1411

01:05:24,280 --> 01:05:21,290

smaller than the ball point in a pen and

1412

01:05:26,850 --> 01:05:24,290

Earth on that scale is located about 15

1413

01:05:29,080 --> 01:05:26,860

meters from the Sun 16 and a half yards

1414

01:05:33,670 --> 01:05:29,090

so you can kind of picture that picture

1415

01:05:34,170 --> 01:05:33,680

of big grapefruit with 16 yards away a

1416

01:05:36,510 --> 01:05:34,180

tiny

1417

01:05:39,150 --> 01:05:36,520

little ball point located and that's

1418

01:05:40,950 --> 01:05:39,160

going around it in a circle once a year

1419

01:05:43,020 --> 01:05:40,960

and that's kind of what our orbit around

1420

01:05:44,670 --> 01:05:43,030

the Sun looks like now if you keep

1421

01:05:47,220 --> 01:05:44,680

walking through the solar system of

1422

01:05:49,410 --> 01:05:47,230

course between Earth and the Sun you'll

1423

01:05:52,650 --> 01:05:49,420

find Mercury and Venus once you walk

1424

01:05:55,770 --> 01:05:52,660

past the earth you'll encounter Mars

1425

01:05:57,300 --> 01:05:55,780

Jupiter Saturn Uranus and Neptune and we

1426

01:06:00,360 --> 01:05:57,310

actually have pluto in the model so

1427

01:06:02,310 --> 01:06:00,370

we'll continue on to Pluto and you'll

1428

01:06:05,790 --> 01:06:02,320

have walked a total of about a third of

1429

01:06:09,150 --> 01:06:05,800

a mile from the Sun Caputo on this scale

1430

01:06:12,060 --> 01:06:09,160

now remember Pluto we have not yet sent

1431

01:06:14,970 --> 01:06:12,070

a spacecraft past but we have one on the

1432

01:06:17,790 --> 01:06:14,980

way it will go past next July the New

1433

01:06:20,220 --> 01:06:17,800

Horizons mission it's the fastest thing

1434

01:06:22,980 --> 01:06:20,230

humans have ever built it's traveling

1435

01:06:26,840 --> 01:06:22,990

50,000 kilometers per hour and that

1436

01:06:30,780 --> 01:06:26,850

journey from Earth to Pluto is still a

1437

01:06:32,460 --> 01:06:30,790

nine-year journey but in this model it's

1438

01:06:35,250 --> 01:06:32,470

only a third of a mile it's a few

1439

01:06:40,110 --> 01:06:35,260

minutes to walk where's the next star on

1440

01:06:43,710 --> 01:06:40,120

this same scale the next star is 2,500

1441

01:06:47,550 --> 01:06:43,720

miles away the distance across the

1442

01:06:50,910 --> 01:06:47,560

United States so in order for aliens to

1443

01:06:52,260 --> 01:06:50,920

be visiting us from other stars and

1444

01:06:54,720 --> 01:06:52,270

they're not coming from our own solar

1445

01:06:56,430 --> 01:06:54,730

system we've photographed every major

1446

01:06:58,680 --> 01:06:56,440

world on the solar system in enough

1447

01:07:00,330 --> 01:06:58,690

detail now that if there were any cities

1448

01:07:02,790 --> 01:07:00,340

or anything we'd have seen them by now

1449

01:07:05,220 --> 01:07:02,800

so any visiting aliens have to be coming

1450

01:07:08,640 --> 01:07:05,230

from other star systems and that means

1451

01:07:10,470 --> 01:07:08,650

they're traveling on this scale the

1452

01:07:13,380 --> 01:07:10,480

equivalent of across the United States

1453

01:07:15,750 --> 01:07:13,390

when it takes us nine years to send a

1454

01:07:17,490 --> 01:07:15,760

spaceship a third of a mile and the

1455

01:07:19,670 --> 01:07:17,500

farthest a human being has ever gone

1456

01:07:23,010 --> 01:07:19,680

from earth to the moon on this scale is

1457

01:07:24,810 --> 01:07:23,020

barely over an inch so the farthest a

1458

01:07:26,610 --> 01:07:24,820

human being is is that what you're just

1459

01:07:31,500 --> 01:07:26,620

saying on this scale yes on this scale

1460

01:07:34,170 --> 01:07:31,510

and then the the further the nearest

1461

01:07:36,630 --> 01:07:34,180

star and you would consider that there's

1462

01:07:38,250 --> 01:07:36,640

a lot more stars out there and for the

1463

01:07:41,610 --> 01:07:38,260

nearest star to actually Harbor life

1464

01:07:44,850 --> 01:07:41,620

would be you know another statistic that

1465

01:07:46,830 --> 01:07:44,860

would be hard to fit to figure out well

1466

01:07:48,530 --> 01:07:46,840

if someone has the technology to be

1467

01:07:50,670 --> 01:07:48,540

doing that babe

1468

01:07:52,350 --> 01:07:50,680

traveling to lots of different star

1469

01:07:56,490 --> 01:07:52,360

systems so they'd be getting around

1470

01:07:58,890 --> 01:07:56,500

right so the point is from my

1471

01:08:01,710 --> 01:07:58,900

perspective it's certainly possible in

1472

01:08:04,950 --> 01:08:01,720

fact I would say likely that intelligent

1473

01:08:07,460 --> 01:08:04,960

aliens have already built space ships

1474

01:08:10,920 --> 01:08:07,470

capable of doing just what we described

1475

01:08:14,090 --> 01:08:10,930

but we have to recognize that that means

1476

01:08:18,270 --> 01:08:14,100

the level of the technology they have is

1477

01:08:20,190 --> 01:08:18,280

so far beyond us that you know it you

1478

01:08:21,870 --> 01:08:20,200

couldn't even contrast us with the

1479

01:08:25,470 --> 01:08:21,880

Neanderthals on that you'd have to

1480

01:08:27,060 --> 01:08:25,480

contrast us with like ants in order rate

1481

01:08:31,170 --> 01:08:27,070

through relative level of technology

1482

01:08:32,550 --> 01:08:31,180

right you know this is the one thing I

1483

01:08:35,910 --> 01:08:32,560

really like about you is that you're

1484

01:08:38,760 --> 01:08:35,920

open-minded enough to to look at the

1485

01:08:40,079 --> 01:08:38,770

subject this way because a lot of

1486

01:08:42,720 --> 01:08:40,089

scientists that I've spoke to in the

1487

01:08:45,120 --> 01:08:42,730

past are just saying no it defies the

1488

01:08:48,870 --> 01:08:45,130

laws of physics or it doesn't defy the

1489

01:08:51,170 --> 01:08:48,880

law of physics but the the ages of the

1490

01:08:54,570 --> 01:08:51,180

beings and you know would have to be

1491

01:08:56,640 --> 01:08:54,580

astronomical and as well as energy it

1492

01:09:00,120 --> 01:08:56,650

couldn't be enough energy to propel but

1493

01:09:01,829 --> 01:09:00,130

you have an open enough mind to realize

1494

01:09:05,520 --> 01:09:01,839

that they may know something about

1495

01:09:08,280 --> 01:09:05,530

physics that we don't and they're

1496

01:09:11,099 --> 01:09:08,290

they're intelligent level may be so

1497

01:09:13,079 --> 01:09:11,109

superior that they have this thing

1498

01:09:15,180 --> 01:09:13,089

figured out right I have this debate

1499

01:09:16,980 --> 01:09:15,190

with my colleagues fairly often about

1500

01:09:19,410 --> 01:09:16,990

energy limitations and all those other

1501
01:09:21,720 --> 01:09:19,420
kinds of things and you know my main

1502
01:09:24,329 --> 01:09:21,730
point is there's probably a lot that we

1503
01:09:27,840 --> 01:09:24,339
have not yet discovered that presumably

1504
01:09:29,670 --> 01:09:27,850
they have so it seems perfectly

1505
01:09:32,490 --> 01:09:29,680
reasonable to me that there could all be

1506
01:09:34,440 --> 01:09:32,500
all sorts of solutions that they've come

1507
01:09:36,690 --> 01:09:34,450
up with that we would not be aware even

1508
01:09:38,760 --> 01:09:36,700
exist you know you go back a hundred

1509
01:09:41,430 --> 01:09:38,770
years ago and tell people that you're

1510
01:09:44,880 --> 01:09:41,440
going to be able to talk over the

1511
01:09:46,500 --> 01:09:44,890
telephone without any wires and from a

1512
01:09:48,800 --> 01:09:46,510
little handheld device and they would

1513
01:09:53,160 --> 01:09:48,810

think you were crazy right mmhmm yeah

1514

01:09:56,700 --> 01:09:53,170

and one of the things i read in in your

1515

01:09:59,610 --> 01:09:56,710

bio basically is the thoughts of you

1516

01:10:01,620 --> 01:09:59,620

know technology where it's going and how

1517

01:10:04,020 --> 01:10:01,630

you know we're on the edge or

1518

01:10:06,419 --> 01:10:04,030

can be on the edge fairly quickly as far

1519

01:10:09,780 --> 01:10:06,429

as our civilization wiping it out you

1520

01:10:12,180 --> 01:10:09,790

know it's a possibility as as our

1521

01:10:16,080 --> 01:10:12,190

technology grows we have to socially

1522

01:10:18,450 --> 01:10:16,090

grow with it in order to stay intact can

1523

01:10:20,129 --> 01:10:18,460

you talk a little bit about that sure

1524

01:10:23,850 --> 01:10:20,139

yeah one of the reasons that the

1525

01:10:25,500 --> 01:10:23,860

subtitle of my book Beyond UFOs is the

1526

01:10:27,510 --> 01:10:25,510

search for extraterrestrial life and

1527

01:10:30,120 --> 01:10:27,520

it's astonishing implications to our

1528

01:10:34,229 --> 01:10:30,130

future is because this subject really

1529

01:10:37,050 --> 01:10:34,239

does open up your mind to thinking about

1530

01:10:39,570 --> 01:10:37,060

our place in what you might think of as

1531

01:10:41,850 --> 01:10:39,580

a history of civilizations and this is

1532

01:10:44,070 --> 01:10:41,860

not a new idea it's been around ever

1533

01:10:47,970 --> 01:10:44,080

since Frank Drake wrote his equation

1534

01:10:49,890 --> 01:10:47,980

initially 60 years ago and it's very

1535

01:10:53,280 --> 01:10:49,900

simple when you start to think about how

1536

01:10:55,709 --> 01:10:53,290

would we ever become a civilization that

1537

01:10:57,720 --> 01:10:55,719

would travel among the stars which if

1538

01:11:00,419 --> 01:10:57,730

someone else is doing it means they've

1539

01:11:03,510 --> 01:11:00,429

already successfully passed that point

1540

01:11:07,229 --> 01:11:03,520

you realize that it's a very difficult

1541

01:11:09,419 --> 01:11:07,239

thing to achieve not because the

1542

01:11:11,850 --> 01:11:09,429

technology is impossible or anything

1543

01:11:13,979 --> 01:11:11,860

like that but because the very same

1544

01:11:17,310 --> 01:11:13,989

technologies that will help us

1545

01:11:19,620 --> 01:11:17,320

eventually go to the stars are the

1546

01:11:22,320 --> 01:11:19,630

technologies that we can also use to

1547

01:11:24,149 --> 01:11:22,330

destroy ourselves and the real question

1548

01:11:27,750 --> 01:11:24,159

and you can see it in the news every day

1549

01:11:29,939 --> 01:11:27,760

right now is will we use the technology

1550

01:11:33,600 --> 01:11:29,949

in a way that puts us back to the Stone

1551

01:11:37,410 --> 01:11:33,610

Age before we use it in a way that takes

1552

01:11:40,520 --> 01:11:37,420

us out to the stars well yeah that's a

1553

01:11:44,700 --> 01:11:40,530

profound statement and a real true one

1554

01:11:47,459 --> 01:11:44,710

when when you are a summit wait a minute

1555

01:11:49,950 --> 01:11:47,469

we have a chat room Jeffrey and someone

1556

01:11:53,129 --> 01:11:49,960

asks a question when we were talking all

1557

01:11:57,660 --> 01:11:53,139

the way back about dark energy and dark

1558

01:11:59,970 --> 01:11:57,670

matter and I was just I guess the

1559

01:12:04,320 --> 01:11:59,980

question was how do you explain the

1560

01:12:06,770 --> 01:12:04,330

acceleration of the expansion how do you

1561

01:12:10,350 --> 01:12:06,780

explain that in general writes that

1562

01:12:13,590 --> 01:12:10,360

that's a great question so we have a

1563

01:12:15,120 --> 01:12:13,600

name for what causes the acceleration of

1564

01:12:18,209 --> 01:12:15,130

the expansion that's what we

1565

01:12:21,629 --> 01:12:18,219

dark energy but the truth is we have

1566

01:12:24,060 --> 01:12:21,639

absolutely no idea what it is or how it

1567

01:12:27,060 --> 01:12:24,070

works so it is one of the greatest

1568

01:12:30,320 --> 01:12:27,070

mysteries in science right now what

1569

01:12:33,030 --> 01:12:30,330

could it possibly be that's causing the

1570

01:12:35,340 --> 01:12:33,040

universe's expansion to accelerate like

1571

01:12:37,830 --> 01:12:35,350

that we don't know whoever figures it

1572

01:12:40,770 --> 01:12:37,840

out will get a Nobel Prize mm-hmm that's

1573

01:12:42,149 --> 01:12:40,780

right now when you are you said you were

1574

01:12:45,180 --> 01:12:42,159

more or less having discussions with

1575

01:12:48,600 --> 01:12:45,190

colleagues how do they feel about your

1576

01:12:50,729 --> 01:12:48,610

stand on you know say the UFO topic in

1577

01:12:52,320 --> 01:12:50,739

general well I would say the vast

1578

01:12:55,680 --> 01:12:52,330

majority of them agree with me they

1579

01:12:57,600 --> 01:12:55,690

think that life is very very likely that

1580

01:13:00,390 --> 01:12:57,610

intelligent life is very very likely

1581

01:13:01,399 --> 01:13:00,400

that intelligent life the place where

1582

01:13:04,350 --> 01:13:01,409

you have the most philosophical

1583

01:13:06,479 --> 01:13:04,360

questions is do any civilizations

1584

01:13:08,189 --> 01:13:06,489

survive this sort of bottleneck of

1585

01:13:10,709 --> 01:13:08,199

history that we were just talking about

1586

01:13:12,780 --> 01:13:10,719

but if the answer is yes then it's

1587

01:13:15,629 --> 01:13:12,790

inevitable I think most of them will

1588

01:13:18,300 --> 01:13:15,639

agree that civilizations will expand and

1589

01:13:19,709 --> 01:13:18,310

start to become star travelers so I

1590

01:13:21,950 --> 01:13:19,719

would say that the majority of my

1591

01:13:26,040 --> 01:13:21,960

colleagues believe that there are

1592

01:13:27,689 --> 01:13:26,050

spacefaring aliens out there wow that's

1593

01:13:29,729 --> 01:13:27,699

amazing I never knew that you know it

1594

01:13:32,340 --> 01:13:29,739

seemed the more people I've talked to in

1595

01:13:35,030 --> 01:13:32,350

the past have basically more or less

1596

01:13:38,270 --> 01:13:35,040

said you know the opposite of that and

1597

01:13:40,950 --> 01:13:38,280

like it was just plain impossible and

1598

01:13:44,790 --> 01:13:40,960

that they did not believe that we were

1599

01:13:46,350 --> 01:13:44,800

ever visited and myself you know a lot

1600

01:13:49,290 --> 01:13:46,360

of times you hear these this ancient

1601

01:13:51,390 --> 01:13:49,300

aliens things and I I don't think it

1602

01:13:52,830 --> 01:13:51,400

makes any difference if it was two

1603

01:13:56,520 --> 01:13:52,840

million years ago that we were visited

1604

01:14:00,060 --> 01:13:56,530

or last week you know as far as timing

1605

01:14:01,709 --> 01:14:00,070

goes with other civilizations right I

1606

01:14:03,629 --> 01:14:01,719

think you know the main thing that that

1607

01:14:05,550 --> 01:14:03,639

I'll point out there is the vast

1608

01:14:07,709 --> 01:14:05,560

majority of my colleagues I think will

1609

01:14:09,689 --> 01:14:07,719

will agree that they think it's likely

1610

01:14:13,320 --> 01:14:09,699

that there are spacefaring aliens like

1611

01:14:15,479 --> 01:14:13,330

that however they're all skeptical of

1612

01:14:17,550 --> 01:14:15,489

any claims of evidence that we've seen

1613

01:14:19,169 --> 01:14:17,560

them and it's really basically for the

1614

01:14:20,729 --> 01:14:19,179

reason we were talking about before that

1615

01:14:24,090 --> 01:14:20,739

when you think of the level of

1616

01:14:26,760 --> 01:14:24,100

technology that they must have in order

1617

01:14:28,140 --> 01:14:26,770

to be here it's so great that is

1618

01:14:30,810 --> 01:14:28,150

Alejandro mentioned

1619

01:14:33,390 --> 01:14:30,820

earlier on if they don't want us to know

1620

01:14:35,370 --> 01:14:33,400

I don't think it's possible for us to

1621

01:14:37,620 --> 01:14:35,380

know that they're here and if they do

1622

01:14:41,250 --> 01:14:37,630

want us to know they can certainly tell

1623

01:14:45,479 --> 01:14:41,260

us anytime they want absolutely and you

1624

01:14:48,740 --> 01:14:45,489

know you can only speculate why they

1625

01:14:51,959 --> 01:14:48,750

haven't you know presented themselves

1626

01:14:55,560 --> 01:14:51,969

you know I'm going to ask you a real

1627

01:14:57,510 --> 01:14:55,570

offbeat question and because I I still I

1628

01:14:59,899 --> 01:14:57,520

really don't know what to believe about

1629

01:15:05,479 --> 01:14:59,909

it and I'm on the fence about it

1630

01:15:08,040 --> 01:15:05,489

abductions um you know again I would say

1631

01:15:10,439 --> 01:15:08,050

given the level of technology the

1632

01:15:12,090 --> 01:15:10,449

technology that they have if they want

1633

01:15:15,450 --> 01:15:12,100

to wipe your memory after they've

1634

01:15:17,550 --> 01:15:15,460

abducted you they can so it just doesn't

1635

01:15:19,830 --> 01:15:17,560

make any sense to me for people when

1636

01:15:22,260 --> 01:15:19,840

people claim the abductions I understand

1637

01:15:24,600 --> 01:15:22,270

that they believe what happened to them

1638

01:15:27,030 --> 01:15:24,610

but I think it's something it's a belief

1639

01:15:31,110 --> 01:15:27,040

that's been placed in their mind through

1640

01:15:34,320 --> 01:15:31,120

their own doing and you know that's just

1641

01:15:37,439 --> 01:15:34,330

my perspective on it because it doesn't

1642

01:15:39,899 --> 01:15:37,449

make sense to me that they would abduct

1643

01:15:42,450 --> 01:15:39,909

people in a way that would let them

1644

01:15:44,880 --> 01:15:42,460

remember it when they got back home in

1645

01:15:46,890 --> 01:15:44,890

addition when you hear the stories about

1646

01:15:48,870 --> 01:15:46,900

the kind of technology being used on

1647

01:15:51,540 --> 01:15:48,880

these people it sounds kind of like our

1648

01:15:53,700 --> 01:15:51,550

technology not like technology of

1649

01:15:58,800 --> 01:15:53,710

someone who makes us look like ants in

1650

01:16:00,959 --> 01:15:58,810

comparison hmm yeah well yeah I I have

1651
01:16:03,930 --> 01:16:00,969
to stay neutral on the subject because

1652
01:16:05,820 --> 01:16:03,940
but I thank you for that someone wants

1653
01:16:09,870 --> 01:16:05,830
to know if you can comment i mentioned

1654
01:16:13,080 --> 01:16:09,880
it earlier on the recent discoveries to

1655
01:16:14,910 --> 01:16:13,090
the hadron collider well the big

1656
01:16:16,649 --> 01:16:14,920
discovery from the Large Hadron Collider

1657
01:16:19,680 --> 01:16:16,659
of the last couple of years was the

1658
01:16:22,260 --> 01:16:19,690
Higgs boson and that's a very very

1659
01:16:24,270 --> 01:16:22,270
important discovery because it is a

1660
01:16:27,390 --> 01:16:24,280
particle that was predicted by what

1661
01:16:29,669 --> 01:16:27,400
physicists call the standard model and

1662
01:16:32,729 --> 01:16:29,679
it was the one really missing link in

1663
01:16:36,689 --> 01:16:32,739

that model that hadn't been discovered

1664

01:16:39,870 --> 01:16:36,699

so finding it shows that that model is

1665

01:16:41,890 --> 01:16:39,880

truly on the right track and also

1666

01:16:44,290 --> 01:16:41,900

because there's variation

1667

01:16:46,450 --> 01:16:44,300

zhan parameters for the model knowing

1668

01:16:49,689 --> 01:16:46,460

what the mass and characteristics of the

1669

01:16:52,360 --> 01:16:49,699

Higgs boson are allow people to you know

1670

01:16:55,149 --> 01:16:52,370

be more clear about which version of the

1671

01:16:59,080 --> 01:16:55,159

model is the correct one what it doesn't

1672

01:17:01,439 --> 01:16:59,090

do is tell us where to go next and

1673

01:17:06,540 --> 01:17:01,449

that's really the big open debate in

1674

01:17:08,770 --> 01:17:06,550

physics is how do we unify all these

1675

01:17:10,689 --> 01:17:08,780

there's really two big theories in

1676

01:17:12,850 --> 01:17:10,699

physics one is quantum mechanics which

1677

01:17:15,220 --> 01:17:12,860

is explained by the standard model and

1678

01:17:17,290 --> 01:17:15,230

the other is Einstein's theory of

1679

01:17:19,600 --> 01:17:17,300

relativity and quantum mechanics works

1680

01:17:22,390 --> 01:17:19,610

beautifully for very small things and

1681

01:17:25,060 --> 01:17:22,400

relativity works beautifully for very

1682

01:17:27,790 --> 01:17:25,070

large things like the universe but the

1683

01:17:30,040 --> 01:17:27,800

two of them give different answers under

1684

01:17:32,410 --> 01:17:30,050

some very special circumstances such as

1685

01:17:35,020 --> 01:17:32,420

the singularity of a black hole so we

1686

01:17:37,240 --> 01:17:35,030

need to reconcile those two theories in

1687

01:17:39,189 --> 01:17:37,250

order to go to the next step in physics

1688

01:17:41,260 --> 01:17:39,199

the area of everything the only the

1689

01:17:44,080 --> 01:17:41,270

Higgs bosons real helps with the quantum

1690

01:17:47,020 --> 01:17:44,090

mechanics aspect but it doesn't tell us

1691

01:17:49,270 --> 01:17:47,030

the next step you wonder if there's

1692

01:17:52,479 --> 01:17:49,280

particles that keep getting smaller and

1693

01:17:56,470 --> 01:17:52,489

smaller to who I mean that is that is a

1694

01:17:58,959 --> 01:17:56,480

possibility yeah although I'm according

1695

01:18:01,390 --> 01:17:58,969

to the current models it's not so much a

1696

01:18:03,550 --> 01:18:01,400

matter of size because these particles

1697

01:18:05,860 --> 01:18:03,560

are thought to be actually point

1698

01:18:07,390 --> 01:18:05,870

particles already but they're subject to

1699

01:18:10,810 --> 01:18:07,400

the uncertainty principle where you

1700

01:18:13,180 --> 01:18:10,820

can't pin down a precise location the

1701

01:18:15,669 --> 01:18:13,190

bigger question is do we have the whole

1702

01:18:17,470 --> 01:18:15,679

picture some of you may know that some

1703

01:18:21,370 --> 01:18:17,480

of these ideas that go by names like

1704

01:18:24,220 --> 01:18:21,380

super strings and supersymmetry imagine

1705

01:18:26,890 --> 01:18:24,230

that tied up in the subatomic realm

1706

01:18:28,870 --> 01:18:26,900

there may be additional dimensions that

1707

01:18:31,030 --> 01:18:28,880

we don't experience in our everyday life

1708

01:18:33,729 --> 01:18:31,040

and some models ten dimensions all

1709

01:18:36,550 --> 01:18:33,739

wrapped up into tiny little balls that

1710

01:18:38,020 --> 01:18:36,560

we see is three-dimensional particles so

1711

01:18:40,030 --> 01:18:38,030

that's the place where the really

1712

01:18:42,520 --> 01:18:40,040

interesting stuff is happening the

1713

01:18:46,240 --> 01:18:42,530

problem is again we just don't know

1714

01:18:48,760 --> 01:18:46,250

where any of these hypotheses are going

1715

01:18:51,220 --> 01:18:48,770

to lead because the theorists haven't

1716

01:18:53,560 --> 01:18:51,230

yet come up with ways to test these

1717

01:18:55,630 --> 01:18:53,570

ideas in the laboratory and without

1718

01:18:58,570 --> 01:18:55,640

tests they're still just spec

1719

01:19:00,850 --> 01:18:58,580

uation well that's it for Jeffrey

1720

01:19:02,440 --> 01:19:00,860

Bennett and it's great to have someone

1721

01:19:05,140 --> 01:19:02,450

like him on it was uh it was really

1722

01:19:07,210 --> 01:19:05,150

enjoyable and you know I was just

1723

01:19:09,520 --> 01:19:07,220

thinking next year I think I'm going to

1724

01:19:11,400 --> 01:19:09,530

have you the listener out their vote on

1725

01:19:14,500 --> 01:19:11,410

the shows that you'd like to make me

1726

01:19:18,190 --> 01:19:14,510

post up here in clips for next New

1727

01:19:21,270 --> 01:19:18,200

Year's Eve alright so coming up next we

1728

01:19:24,520 --> 01:19:21,280

have dr. Kevin Randall he was another

1729

01:19:26,980 --> 01:19:24,530

2014 guests and here is Kevin now when

1730

01:19:31,000 --> 01:19:26,990

did you first get involved in the

1731

01:19:34,590 --> 01:19:31,010

Roswell case to begin with it would have

1732

01:19:39,040 --> 01:19:34,600

been in 1988 the Center for UFO studies

1733

01:19:40,480 --> 01:19:39,050

in looking at I guess the more and that

1734

01:19:42,580 --> 01:19:40,490

would be bill maher as opposed to

1735

01:19:46,630 --> 01:19:42,590

charles moore bill moore and jostle it's

1736

01:19:47,800 --> 01:19:46,640

booked on the roswell incident and some

1737

01:19:50,200 --> 01:19:47,810

of the things that stand Friedman had

1738

01:19:52,770 --> 01:19:50,210

done and said realized that there was

1739

01:19:56,740 --> 01:19:52,780

not a lot of work to be done he insulate

1740

01:19:58,270 --> 01:19:56,750

proposed a reinvestigation of roswell

1741

01:19:59,860 --> 01:19:58,280

and i was invited in because they knew

1742

01:20:03,880 --> 01:19:59,870

who I was and I'd worked with them on

1743

01:20:05,890 --> 01:20:03,890

some things but they invited me and by

1744

01:20:09,550 --> 01:20:05,900

coincidence I had been at a science

1745

01:20:10,750 --> 01:20:09,560

fiction convention in 1980 tune of 1988

1746

01:20:13,330 --> 01:20:10,760

and there was going to be a big debate

1747

01:20:15,430 --> 01:20:13,340

on UFO knows science fiction writers

1748

01:20:18,700 --> 01:20:15,440

against these guys coming up from the

1749

01:20:20,890 --> 01:20:18,710

center I was going to be arguing with

1750

01:20:23,410 --> 01:20:20,900

the science fiction writers that gives

1751

01:20:25,300 --> 01:20:23,420

the guy is better and when when we got

1752

01:20:26,770 --> 01:20:25,310

ready to go it turned out one of the

1753

01:20:28,150 --> 01:20:26,780

guys couldn't make it from the center so

1754

01:20:30,520 --> 01:20:28,160

it would have been three science fiction

1755

01:20:32,260 --> 01:20:30,530

writers against one guy from the center

1756

01:20:34,720 --> 01:20:32,270

so I switch sides because it's a debate

1757

01:20:35,950 --> 01:20:34,730

and you can do that in debate you're

1758

01:20:37,390 --> 01:20:35,960

supposed to in a debate you're supposed

1759

01:20:40,660 --> 01:20:37,400

to be able to argue either either side

1760

01:20:43,000 --> 01:20:40,670

so I think I'll just argue the UFO side

1761

01:20:45,490 --> 01:20:43,010

and and got to talking to turns out to

1762

01:20:47,890 --> 01:20:45,500

be done Schmidt and they remembered that

1763

01:20:49,720 --> 01:20:47,900

in my military background so they asked

1764

01:20:51,910 --> 01:20:49,730

if I would participate in this

1765

01:20:55,560 --> 01:20:51,920

investigation of the Roswell case I said

1766

01:20:59,130 --> 01:20:55,570

sure why not so don and i went there in

1767

01:21:01,570 --> 01:20:59,140

February of 1989 I talked to Bill Moore

1768

01:21:06,820 --> 01:21:01,580

not bill more on Bill Brazel I talked to

1769

01:21:08,740 --> 01:21:06,830

Bill Brazel it in late 1988 and sent him

1770

01:21:09,300 --> 01:21:08,750

a letter and asked him you know he would

1771

01:21:11,880 --> 01:21:09,310

meet with

1772

01:21:14,640 --> 01:21:11,890

which he agreed to do so we met with him

1773

01:21:16,890 --> 01:21:14,650

in February of 1989 and sat down and

1774

01:21:18,540 --> 01:21:16,900

chatted with him about what he'd seen

1775

01:21:22,200 --> 01:21:18,550

him what he'd done so it says the

1776

01:21:23,940 --> 01:21:22,210

beginning was that's a long convoluted

1777

01:21:27,780 --> 01:21:23,950

way of getting us to the beginning of

1778

01:21:31,380 --> 01:21:27,790

the story and how I happened to be Bill

1779

01:21:33,000 --> 01:21:31,390

basile it was really funny afterwards he

1780

01:21:34,260 --> 01:21:33,010

wouldn't meet with anybody else he just

1781

01:21:36,210 --> 01:21:34,270

he would meet with us whenever were

1782

01:21:38,970 --> 01:21:36,220

there we look forward to meeting with us

1783

01:21:40,680 --> 01:21:38,980

yeah he took us out to the debris field

1784

01:21:42,240 --> 01:21:40,690

where he found his stuff and it's eight

1785

01:21:45,090 --> 01:21:42,250

o'clock in the morning writing in his

1786

01:21:47,460 --> 01:21:45,100

ratty old red pickup truck he's got a

1787

01:21:50,160 --> 01:21:47,470

six-pack a warm beer with him as you

1788

01:21:51,450 --> 01:21:50,170

guys want a beer and last thing I wanted

1789

01:21:54,330 --> 01:21:51,460

eight o'clock in the morning as a warm

1790

01:21:56,250 --> 01:21:54,340

here and this you but he I figured one

1791

01:21:57,840 --> 01:21:56,260

of us ought to drink with him so I had a

1792

01:22:00,660 --> 01:21:57,850

warm feeling in a sock in the morning

1793

01:22:02,580 --> 01:22:00,670

but so handling he would always meet

1794

01:22:04,290 --> 01:22:02,590

with this I tried to get him to do the

1795

01:22:05,790 --> 01:22:04,300

unsolved mysteries program and he just

1796

01:22:07,530 --> 01:22:05,800

wouldn't do what not I was suggesting

1797

01:22:09,450 --> 01:22:07,540

for producers what you need to do is

1798

01:22:11,490 --> 01:22:09,460

this this investigate his interest and

1799

01:22:13,140 --> 01:22:11,500

he just didn't didn't really have an

1800

01:22:16,230 --> 01:22:13,150

interest in doing any of that stuff but

1801

01:22:17,910 --> 01:22:16,240

he'd always meet with with me or with

1802

01:22:19,680 --> 01:22:17,920

Don and me when we got down there and

1803

01:22:22,230 --> 01:22:19,690

then later on he meant with Donna and

1804

01:22:24,540 --> 01:22:22,240

Tom Carrie when they were down there so

1805

01:22:26,550 --> 01:22:24,550

we we opened the door at least for us to

1806

01:22:30,660 --> 01:22:26,560

get to talk to him and I recorded

1807

01:22:32,970 --> 01:22:30,670

everything he said to us with a do tape

1808

01:22:34,500 --> 01:22:32,980

we wanted to sit down with him to do

1809

01:22:35,910 --> 01:22:34,510

videotape and you only said he's going

1810

01:22:37,940 --> 01:22:35,920

to do it whenever we were there with the

1811

01:22:41,520 --> 01:22:37,950

camera just wasn't ready to do it and

1812

01:22:43,680 --> 01:22:41,530

his long since passed away so that ship

1813

01:22:47,160 --> 01:22:43,690

sailed but we do have auto Ricardo

1814

01:22:48,780 --> 01:22:47,170

recordings both of him in person and on

1815

01:22:50,700 --> 01:22:48,790

the telephone of what he said to us so

1816

01:22:53,250 --> 01:22:50,710

we can demonstrate that yeah he really

1817

01:22:55,050 --> 01:22:53,260

said this doesn't mean it's true just

1818

01:22:58,110 --> 01:22:55,060

means we're accurately pointing what the

1819

01:23:00,540 --> 01:22:58,120

guy told us right right hey I want to

1820

01:23:01,650 --> 01:23:00,550

take calls for anyone out there any

1821

01:23:04,200 --> 01:23:01,660

listener out there they would like to

1822

01:23:10,370 --> 01:23:04,210

call in for any question for Kevin the

1823

01:23:16,380 --> 01:23:10,380

phone number here is 60 396 740 30

1824

01:23:21,780 --> 01:23:16,390

that's 60 396 740 30 or you can skype me

1825

01:23:26,070 --> 01:23:21,790

at Marty Willa sets ma rty wi ll i F

1826

01:23:29,280 --> 01:23:26,080

all one word so what is the most

1827

01:23:33,660 --> 01:23:29,290

profound thing that Brazel said did he

1828

01:23:36,300 --> 01:23:33,670

actually see the debris himself he had

1829

01:23:39,630 --> 01:23:36,310

scraps of it he had picked it up he had

1830

01:23:42,690 --> 01:23:39,640

said in the in a couple of years after

1831

01:23:43,860 --> 01:23:42,700

this event he'd been out on that part of

1832

01:23:46,230 --> 01:23:43,870

the range and he said everyone that we

1833

01:23:48,180 --> 01:23:46,240

was out there he would look down they

1834

01:23:50,130 --> 01:23:48,190

did a lot of stuff on horseback so he

1835

01:23:53,010 --> 01:23:50,140

was riding the horse looking down and he

1836

01:23:56,220 --> 01:23:53,020

said he found maybe ten maybe maybe a

1837

01:23:58,620 --> 01:23:56,230

dozen scraps of this stuff he found some

1838

01:24:01,530 --> 01:23:58,630

some what he called monofilament fishing

1839

01:24:03,390 --> 01:24:01,540

line that he said that when you shined a

1840

01:24:04,980 --> 01:24:03,400

light in one end it would come out the

1841

01:24:09,360 --> 01:24:04,990

other which of course means it's fiber

1842

01:24:11,880 --> 01:24:09,370

optics he found a some some debris that

1843

01:24:14,730 --> 01:24:11,890

it had the density of balsa wood very

1844

01:24:16,650 --> 01:24:14,740

lightweight and he got out his

1845

01:24:17,550 --> 01:24:16,660

pocketknife who wanted to take a shaving

1846

01:24:19,950 --> 01:24:17,560

of it to see if there was any

1847

01:24:22,230 --> 01:24:19,960

stratification in it and he couldn't get

1848

01:24:23,850 --> 01:24:22,240

a shaving with his pocket knives and I

1849

01:24:26,070 --> 01:24:23,860

use a pocketknife said barbed wire and I

1850

01:24:27,390 --> 01:24:26,080

couldn't get a shaving on it and then he

1851
01:24:29,160 --> 01:24:27,400
said but the most interesting piece was

1852
01:24:32,250 --> 01:24:29,170
this little bit of foil is it was like

1853
01:24:34,910 --> 01:24:32,260
like think he said lead foil as opposed

1854
01:24:39,690 --> 01:24:34,920
to Kim foiler more aluminum for so it's

1855
01:24:41,970 --> 01:24:39,700
it's thicker gauge material and he said

1856
01:24:43,440 --> 01:24:41,980
he'd had it in his chaps puck and he

1857
01:24:44,910 --> 01:24:43,450
pulled it out and threw it down on the

1858
01:24:46,500 --> 01:24:44,920
dresser drawer and it started to unfold

1859
01:24:48,990 --> 01:24:46,510
itself going back to its original shape

1860
01:24:52,860 --> 01:24:49,000
me so and then I got the plan with it so

1861
01:24:56,190 --> 01:24:52,870
we got some kind of memory metals going

1862
01:24:58,260 --> 01:24:56,200
on there and he said he had it had it in

1863
01:25:00,180 --> 01:24:58,270

a cigar shopping box he showed it to his

1864

01:25:02,700 --> 01:25:00,190

father who said yeah that looks like

1865

01:25:05,610 --> 01:25:02,710

some of the contraption I found but he

1866

01:25:07,140 --> 01:25:05,620

was in corona New Mexico talking to his

1867

01:25:09,690 --> 01:25:07,150

friends and mentioned that he had this

1868

01:25:12,650 --> 01:25:09,700

debris and he said the next few days

1869

01:25:14,790 --> 01:25:12,660

some fellas from the base showed up I

1870

01:25:19,500 --> 01:25:14,800

don't know whether it was the Roswell

1871

01:25:21,990 --> 01:25:19,510

base Kirtland Alamogordo I mean they're

1872

01:25:24,720 --> 01:25:22,000

all within easy driving distance of the

1873

01:25:27,120 --> 01:25:24,730

Brazel ranch the time and he said it was

1874

01:25:29,100 --> 01:25:27,130

really nice fellow of redheaded captain

1875

01:25:31,920 --> 01:25:29,110

a couple of an NCO and a couple of the

1876

01:25:33,720 --> 01:25:31,930

most other listed guys and they made it

1877

01:25:35,460 --> 01:25:33,730

clear to him that he was going to

1878

01:25:35,620 --> 01:25:35,470

surrender the material he came to get

1879

01:25:45,610 --> 01:25:35,630

the

1880

01:25:47,649 --> 01:25:45,620

so he lost that which would have been a

1881

01:25:50,530 --> 01:25:47,659

wonderful wonderful bit of evidence for

1882

01:25:52,720 --> 01:25:50,540

the best of us as well boy boy Kevin

1883

01:25:54,310 --> 01:25:52,730

just one second here I want to apologize

1884

01:25:55,689 --> 01:25:54,320

to the listeners that are listening live

1885

01:25:58,530 --> 01:25:55,699

right now I guess there's some type of

1886

01:26:01,479 --> 01:25:58,540

audio crackling or something going on

1887

01:26:03,610 --> 01:26:01,489

I'm recording a nice clean podcast on

1888

01:26:05,620 --> 01:26:03,620

this side you'll be able to come to my

1889

01:26:08,140 --> 01:26:05,630

website and re listen I apologize for

1890

01:26:10,360 --> 01:26:08,150

that and instead of just disrupting the

1891

01:26:14,100 --> 01:26:10,370

whole show I'll just keep going but we

1892

01:26:17,110 --> 01:26:14,110

have a person on skype Kurt how are you

1893

01:26:23,200 --> 01:26:17,120

all right and you have a question for

1894

01:26:24,640 --> 01:26:23,210

Kevin yes I do I was wondering i miss

1895

01:26:26,140 --> 01:26:24,650

the beginning the show so maybe you've

1896

01:26:29,020 --> 01:26:26,150

already talked about this but Paul

1897

01:26:31,660 --> 01:26:29,030

Hellyer has been in the news I'm sure

1898

01:26:34,930 --> 01:26:31,670

Kevin seen that and I just wanted his

1899

01:26:37,540 --> 01:26:34,940

response to that and I I didn't want to

1900

01:26:41,590 --> 01:26:37,550

say though it's best I can tell mr.

1901

01:26:44,979 --> 01:26:41,600

Hellyer's understanding a UFO began with

1902

01:26:47,590 --> 01:26:44,989

the beliefs of Colonel courses book and

1903

01:26:51,729 --> 01:26:47,600

I think that's been discredited so

1904

01:26:54,280 --> 01:26:51,739

anyway that's my question based I think

1905

01:26:57,729 --> 01:26:54,290

you're right at carsales book has been

1906

01:27:01,030 --> 01:26:57,739

pretty well discredited the tail on how

1907

01:27:03,520 --> 01:27:01,040

he saw the alien body is Marilyn

1908

01:27:05,379 --> 01:27:03,530

militarily makes no sense to me

1909

01:27:10,500 --> 01:27:05,389

whatsoever as a former intelligence

1910

01:27:13,270 --> 01:27:10,510

officer if you're shipping a classified

1911

01:27:15,399 --> 01:27:13,280

thing whatever it might be your records

1912

01:27:16,899 --> 01:27:15,409

whatever they happen to be from point A

1913

01:27:18,820 --> 01:27:16,909

to point B and in the military you have

1914

01:27:21,010 --> 01:27:18,830

what's called a rom remain overnight and

1915

01:27:24,640 --> 01:27:21,020

you plan your route so you only drive so

1916

01:27:26,890 --> 01:27:24,650

far every day and use then you stop at

1917

01:27:29,260 --> 01:27:26,900

the closest military base you plan your

1918

01:27:31,689 --> 01:27:29,270

route to pass military bases that you

1919

01:27:33,129 --> 01:27:31,699

can stay there so if I'm the convoy

1920

01:27:36,990 --> 01:27:33,139

commander and I'm shipping this stuff

1921

01:27:41,260 --> 01:27:37,000

the last thing I'm going to do is allow

1922

01:27:43,540 --> 01:27:41,270

those at the local base access to this

1923

01:27:46,000 --> 01:27:43,550

classified material and yet he's talking

1924

01:27:48,189 --> 01:27:46,010

about how they were in there prying up

1925

01:27:49,460 --> 01:27:48,199

the lids of stuff and looking at it it

1926

01:27:51,800 --> 01:27:49,470

just makes no sense

1927

01:27:53,660 --> 01:27:51,810

militarily and I there are other lots of

1928

01:27:58,010 --> 01:27:53,670

other problems with with course old book

1929

01:28:00,770 --> 01:27:58,020

I met Paul hillyer in May of this last

1930

01:28:03,650 --> 01:28:00,780

year and he seemed to be a very nice

1931

01:28:05,540 --> 01:28:03,660

gentleman he has connections into the

1932

01:28:09,230 --> 01:28:05,550

Canadian government and I haven't really

1933

01:28:12,140 --> 01:28:09,240

looked into those with any great depth

1934

01:28:14,900 --> 01:28:12,150

so I'm not sure how credible what he

1935

01:28:18,650 --> 01:28:14,910

says is I know that very credible people

1936

01:28:20,390 --> 01:28:18,660

sometimes are swayed by people who are

1937

01:28:26,270 --> 01:28:20,400

less than credible so that the fact that

1938

01:28:27,650 --> 01:28:26,280

he is believed what Corso said and

1939

01:28:29,450 --> 01:28:27,660

everyone should say Colonel course fell

1940

01:28:36,650 --> 01:28:29,460

because he did retire as a lieutenant

1941

01:28:38,450 --> 01:28:36,660

colonel but then again who didn't he you

1942

01:28:40,690 --> 01:28:38,460

know he may not have had to wherewithal

1943

01:28:43,130 --> 01:28:40,700

and may not have understood some of the

1944

01:28:46,730 --> 01:28:43,140

outrageous things that corsa was saying

1945

01:28:50,750 --> 01:28:46,740

so the fact that he kind of looked at

1946

01:28:52,520 --> 01:28:50,760

Corso as a credible source doesn't

1947

01:28:54,980 --> 01:28:52,530

really undermine his new year's

1948

01:28:56,510 --> 01:28:54,990

credibility it just is one of those

1949

01:29:01,100 --> 01:28:56,520

things I mean there's an awful lot of

1950

01:29:02,270 --> 01:29:01,110

people another fellow is Richard French

1951

01:29:03,890 --> 01:29:02,280

and if you look at his military

1952

01:29:06,080 --> 01:29:03,900

background of what he claimed about his

1953

01:29:07,370 --> 01:29:06,090

military background it's accurate you

1954

01:29:09,340 --> 01:29:07,380

know the guy would the guy retired his

1955

01:29:11,780 --> 01:29:09,350

lieutenant colonel once again who didn't

1956

01:29:14,090 --> 01:29:11,790

he had a very distinguished Air Force

1957

01:29:16,730 --> 01:29:14,100

career but some of the other things that

1958

01:29:19,070 --> 01:29:16,740

he said as he as he went along don't

1959

01:29:21,500 --> 01:29:19,080

seem to be grounded in reality but the

1960

01:29:25,310 --> 01:29:21,510

guys like 900 years old so you're not

1961

01:29:28,850 --> 01:29:25,320

really sure what is going on in his mind

1962

01:29:32,270 --> 01:29:28,860

at that advanced age so you can look at

1963

01:29:33,710 --> 01:29:32,280

all of this stuff but I think what you

1964

01:29:37,670 --> 01:29:33,720

have to do is look at the specific

1965

01:29:40,100 --> 01:29:37,680

gentleman and say it what he is claiming

1966

01:29:42,320 --> 01:29:40,110

he personally saw he personally did is

1967

01:29:43,790 --> 01:29:42,330

this a credible story and look at it

1968

01:29:46,660 --> 01:29:43,800

from that point of view as opposed to

1969

01:29:49,220 --> 01:29:46,670

well I believe Colonel Corso type story

1970

01:29:52,220 --> 01:29:49,230

is that it hurt or do you have another

1971

01:29:54,710 --> 01:29:52,230

question no that did I think Ukraine

1972

01:29:58,790 --> 01:29:54,720

from the court yeah thanks for thanks

1973

01:30:02,000 --> 01:29:58,800

for coming on so getting back Kevin to

1974

01:30:03,140 --> 01:30:02,010

you know in the beginning when you were

1975

01:30:05,030 --> 01:30:03,150

finding all those

1976

01:30:07,640 --> 01:30:05,040

mrs. that must have been like a treasure

1977

01:30:10,250 --> 01:30:07,650

hunt I mean maybe not a treasure hunt

1978

01:30:12,229 --> 01:30:10,260

exciting like that but it must have been

1979

01:30:13,970 --> 01:30:12,239

pretty pretty interesting to start

1980

01:30:16,370 --> 01:30:13,980

meeting with all these people and

1981

01:30:18,229 --> 01:30:16,380

talking to them about the account of the

1982

01:30:19,430 --> 01:30:18,239

whole situation well it's certainly one

1983

01:30:21,890 --> 01:30:19,440

of the treasure hunt and it certainly

1984

01:30:24,740 --> 01:30:21,900

was exciting and I remember it being in

1985

01:30:27,229 --> 01:30:24,750

the hotel lobby in law as well talking

1986

01:30:29,060 --> 01:30:27,239

to a fellow down there who we wanted to

1987

01:30:31,899 --> 01:30:29,070

make contact with simply because we knew

1988

01:30:34,130 --> 01:30:31,909

he had a lot of photographs and

1989

01:30:36,500 --> 01:30:34,140

documentation from that era which could

1990

01:30:39,290 --> 01:30:36,510

be valuable to us he had a copy of the

1991

01:30:43,250 --> 01:30:39,300

Roswell phone book the base phone book

1992

01:30:44,689 --> 01:30:43,260

and that became important because you

1993

01:30:47,030 --> 01:30:44,699

know what were hot had done a yearbook

1994

01:30:48,740 --> 01:30:47,040

of the people who at the base but Walter

1995

01:30:50,720 --> 01:30:48,750

said that ten to twenty percent of the

1996

01:30:52,760 --> 01:30:50,730

people sign of the base in 1947 aren't

1997

01:30:55,340 --> 01:30:52,770

in yearbook the phone book gave us

1998

01:30:56,840 --> 01:30:55,350

another another group of names and some

1999

01:30:58,220 --> 01:30:56,850

of whom were not in the in the yearbook

2000

01:31:00,830 --> 01:30:58,230

and this woman was talking to us about

2001
01:31:02,510 --> 01:31:00,840
her cousin or his Hong Kong uncle Darryl

2002
01:31:04,490 --> 01:31:02,520
Rasmussen and he's not in the yearbook

2003
01:31:05,780 --> 01:31:04,500
but he's in the phone book so we could

2004
01:31:08,419 --> 01:31:05,790
verify that he was there in the proper

2005
01:31:11,180 --> 01:31:08,429
time frame so we were talking to him

2006
01:31:13,100 --> 01:31:11,190
about some of this stuff and I had just

2007
01:31:14,540 --> 01:31:13,110
mentioned to him casually that we know

2008
01:31:18,979 --> 01:31:14,550
we needed to see if we could find in the

2009
01:31:22,040 --> 01:31:18,989
family of Sheriff Wilcox and this fellow

2010
01:31:26,750 --> 01:31:22,050
says oh I know one of his daughters will

2011
01:31:28,130 --> 01:31:26,760
that do yeah it did Kenya collar and he

2012
01:31:30,050 --> 01:31:28,140
said sure he'd call her up and so we

2013
01:31:32,540 --> 01:31:30,060

went out the next day I met with her you

2014

01:31:34,070 --> 01:31:32,550

know it just it was it and it's fun to

2015

01:31:35,540 --> 01:31:34,080

sit there in the archives and you're

2016

01:31:38,060 --> 01:31:35,550

going through stuff and you suddenly

2017

01:31:40,040 --> 01:31:38,070

find the answer the question one of the

2018

01:31:41,870 --> 01:31:40,050

things we did a couple years ago

2019

01:31:44,510 --> 01:31:41,880

somebody said when was here when was the

2020

01:31:46,399 --> 01:31:44,520

year book published you know is this a

2021

01:31:48,110 --> 01:31:46,409

relevant question well it might well be

2022

01:31:49,580 --> 01:31:48,120

because it gives you an idea of when

2023

01:31:51,439 --> 01:31:49,590

they put the thing together who might

2024

01:31:52,910 --> 01:31:51,449

have been available who might not have

2025

01:31:56,149 --> 01:31:52,920

been available what we discovered was

2026

01:31:59,570 --> 01:31:56,159

the year book was published in November

2027

01:32:03,860 --> 01:31:59,580

of 1947 but it went to the publisher in

2028

01:32:08,090 --> 01:32:03,870

August of 1947 so it was put together

2029

01:32:11,390 --> 01:32:08,100

prior to prior and during the events of

2030

01:32:13,490 --> 01:32:11,400

June and July of 1947 and went away in

2031

01:32:16,220 --> 01:32:13,500

august of 1947 so the people who were

2032

01:32:17,030 --> 01:32:16,230

there in the yearbook probably were

2033

01:32:19,220 --> 01:32:17,040

people who are on

2034

01:32:21,200 --> 01:32:19,230

base when this event took place until

2035

01:32:24,560 --> 01:32:21,210

that that's an interesting discovering

2036

01:32:27,490 --> 01:32:24,570

kind of an exciting thing fine or fine

2037

01:32:30,650 --> 01:32:27,500

defining a document that that kind of

2038

01:32:32,270 --> 01:32:30,660

verifies part of an event or lead you to

2039

01:32:35,180 --> 01:32:32,280

something else it she's really kind of

2040

01:32:38,710 --> 01:32:35,190

fun to find that stuff oh I like that

2041

01:32:41,930 --> 01:32:38,720

and one of the things I've thought of is

2042

01:32:44,660 --> 01:32:41,940

it seems to me that all these people

2043

01:32:46,520 --> 01:32:44,670

that were the witnesses did they quietly

2044

01:32:50,780 --> 01:32:46,530

talk among themselves so you are aware

2045

01:32:55,510 --> 01:32:50,790

of any of that prior to the big blowup

2046

01:32:58,040 --> 01:32:55,520

of interest in Roswell which would be

2047

01:32:59,630 --> 01:32:58,050

1979 or something like that no no no

2048

01:33:04,420 --> 01:32:59,640

that was that debt that wasn't a big

2049

01:33:07,040 --> 01:33:04,430

blowup yes Jesse Marcel came forward in

2050

01:33:08,840 --> 01:33:07,050

1978 early nineteen seventy eight the

2051

01:33:10,810 --> 01:33:08,850

Roswell incident came out in either in

2052

01:33:13,130 --> 01:33:10,820

nineteen eighty or nineteen eighty one

2053

01:33:14,510 --> 01:33:13,140

but it wasn't the real blow up of

2054

01:33:17,900 --> 01:33:14,520

information the real blow up of

2055

01:33:21,020 --> 01:33:17,910

information came about after Don's and

2056

01:33:22,970 --> 01:33:21,030

my book was published in in 1991 and

2057

01:33:24,800 --> 01:33:22,980

then Stan Friedman got in with his book

2058

01:33:28,250 --> 01:33:24,810

as well and then there was a big blowup

2059

01:33:30,320 --> 01:33:28,260

of information what we found prior to

2060

01:33:34,520 --> 01:33:30,330

that was these people really didn't talk

2061

01:33:36,680 --> 01:33:34,530

to one another but afterwards yeah then

2062

01:33:41,240 --> 01:33:36,690

then then there was a circulating of the

2063

01:33:44,960 --> 01:33:41,250

era of the information we found in an

2064

01:33:46,670 --> 01:33:44,970

article that Inez Wilcox had put

2065

01:33:50,480 --> 01:33:46,680

together called for years in the county

2066

01:33:52,880 --> 01:33:50,490

jail and the joke was of course she was

2067

01:33:54,800 --> 01:33:52,890

the wife of the sheriff and was sort of

2068

01:33:56,600 --> 01:33:54,810

the matron of the jail when they were

2069

01:33:58,490 --> 01:33:56,610

female prisoners and did the cooking and

2070

01:34:00,020 --> 01:33:58,500

that sort of thing for it so did the

2071

01:34:01,970 --> 01:34:00,030

joke of the title was she would spend

2072

01:34:05,270 --> 01:34:01,980

four years in the county jail but as a

2073

01:34:06,830 --> 01:34:05,280

jailer as opposed to an inmate and and

2074

01:34:09,980 --> 01:34:06,840

she had the story and one of the things

2075

01:34:13,580 --> 01:34:09,990

he talked about was just briefly when

2076

01:34:16,670 --> 01:34:13,590

this UFO crashed the problem for us was

2077

01:34:18,440 --> 01:34:16,680

none of this is dated the original

2078

01:34:22,130 --> 01:34:18,450

article doesn't seem to have included

2079

01:34:25,100 --> 01:34:22,140

that information it was I think it was a

2080

01:34:28,790 --> 01:34:25,110

day which means she wanted to add it to

2081

01:34:30,919 --> 01:34:28,800

page eight so so it went in there so it

2082

01:34:32,839 --> 01:34:30,929

wasn't part of the original article

2083

01:34:35,299 --> 01:34:32,849

but it came about afterwards so the

2084

01:34:37,279 --> 01:34:35,309

question then became when did Inez

2085

01:34:39,709 --> 01:34:37,289

Wilcock to die because if she died prior

2086

01:34:41,870 --> 01:34:39,719

to nineteen seventy eight well this is a

2087

01:34:44,479 --> 01:34:41,880

wonderful piece of documentation if she

2088

01:34:48,589 --> 01:34:44,489

died afterwards then it could easily be

2089

01:34:49,969 --> 01:34:48,599

contamination and unfortunately and I

2090

01:34:53,049 --> 01:34:49,979

said that date to say that cuz it sounds

2091

01:34:55,580 --> 01:34:53,059

mean but unfortunately she died after

2092

01:35:01,540 --> 01:34:55,590

the roswell incident book came out and i

2093

01:35:04,100 --> 01:35:01,550

would suspect that that while the the

2094

01:35:05,629 --> 01:35:04,110

admit that book did make a big impact on

2095

01:35:07,370 --> 01:35:05,639

the rest of the country of course it

2096

01:35:09,229 --> 01:35:07,380

made an impact on New Mexico to made an

2097

01:35:11,779 --> 01:35:09,239

impact on Roswell so I would suspect

2098

01:35:14,000 --> 01:35:11,789

that there was some discussion in the

2099

01:35:18,830 --> 01:35:14,010

local newspaper of the local TV or radio

2100

01:35:20,660 --> 01:35:18,840

stations about this UFO crash in Roswell

2101
01:35:23,359 --> 01:35:20,670
so at that point I think she might have

2102
01:35:25,310 --> 01:35:23,369
revisited her article and put that stuff

2103
01:35:27,589 --> 01:35:25,320
in there doesn't mean it's not true

2104
01:35:29,359 --> 01:35:27,599
doesn't mean that she was not writing it

2105
01:35:30,919 --> 01:35:29,369
from memory it just means there's a

2106
01:35:32,899 --> 01:35:30,929
possibility of contamination and we

2107
01:35:36,020 --> 01:35:32,909
can't prove it one of the best things we

2108
01:35:38,660 --> 01:35:36,030
found is a two-paragraph statement by

2109
01:35:41,660 --> 01:35:38,670
Lydia schlepping she was the teletype

2110
01:35:47,120 --> 01:35:41,670
operator at the radio station I think KF

2111
01:35:48,649 --> 01:35:47,130
no k kg FL was the Roswell station she

2112
01:35:51,140 --> 01:35:48,659
was up at the Albuquerque station I

2113
01:35:52,669 --> 01:35:51,150

forget what the call sign of it was but

2114

01:35:54,140 --> 01:35:52,679

she was the one who was typing the the

2115

01:35:56,629 --> 01:35:54,150

message when it was interrupted and said

2116

01:35:58,549 --> 01:35:56,639

do not transmit and there's a two

2117

01:36:02,239 --> 01:35:58,559

paragraphs that appear in a saga

2118

01:36:03,890 --> 01:36:02,249

magazine in july july say in 1976 i

2119

01:36:06,229 --> 01:36:03,900

forget the month but two paragraphs in

2120

01:36:07,969 --> 01:36:06,239

part of a UFO story about that well

2121

01:36:09,560 --> 01:36:07,979

clearly she was not influenced by jesse

2122

01:36:11,270 --> 01:36:09,570

marcel she was not influenced by the

2123

01:36:13,549 --> 01:36:11,280

discussion of roswell disappeared two

2124

01:36:17,060 --> 01:36:13,559

years prior to that so that's a nice

2125

01:36:21,500 --> 01:36:17,070

little piece of evidence for us Wow well

2126
01:36:23,390 --> 01:36:21,510
when you were finding these people were

2127
01:36:25,459 --> 01:36:23,400
there quite a few of them that didn't

2128
01:36:27,979 --> 01:36:25,469
were still like scared and didn't want

2129
01:36:29,779 --> 01:36:27,989
to talk about it edwin easily who was

2130
01:36:31,549 --> 01:36:29,789
the provost marshal told me repeatedly

2131
01:36:33,020 --> 01:36:31,559
and i have it on tape he can't talk

2132
01:36:35,870 --> 01:36:33,030
about he was sworn to secrecy i don't

2133
01:36:37,189 --> 01:36:35,880
think he was scared so much as he was

2134
01:36:38,989 --> 01:36:37,199
honorable and he didn't want to talk

2135
01:36:41,540 --> 01:36:38,999
about he wanted to help us as much as he

2136
01:36:44,270 --> 01:36:41,550
could provided us with interesting

2137
01:36:46,160 --> 01:36:44,280
little tidbits like that Brazel

2138
01:36:50,000 --> 01:36:46,170

complain the mac browser complained

2139

01:36:52,430 --> 01:36:50,010

about being in jail but but easily told

2140

01:36:54,140 --> 01:36:52,440

us he was held in the guest house which

2141

01:36:55,459 --> 01:36:54,150

is not exactly jail but if the doors

2142

01:36:57,529 --> 01:36:55,469

locked and there's a guard on the door

2143

01:37:00,529 --> 01:36:57,539

then you know what's really the

2144

01:37:02,660 --> 01:37:00,539

difference if but I mean easily easily

2145

01:37:04,549 --> 01:37:02,670

gave us that little snippet of

2146

01:37:07,669 --> 01:37:04,559

information that nobody else had

2147

01:37:10,459 --> 01:37:07,679

developed and talked talked briefly

2148

01:37:12,169 --> 01:37:10,469

about what he had seen but but when we

2149

01:37:14,149 --> 01:37:12,179

got specific questions you would say to

2150

01:37:17,479 --> 01:37:14,159

me I can't tell you about that I was

2151

01:37:19,160 --> 01:37:17,489

sworn to secrecy that's it for dr. Kevin

2152

01:37:22,819 --> 01:37:19,170

Randall I'd really like to have him back

2153

01:37:26,660 --> 01:37:22,829

sometime maybe not next year but soon i

2154

01:37:29,569 --> 01:37:26,670

would say if not now the next the next

2155

01:37:31,549 --> 01:37:29,579

clip we have coming up i think is one of

2156

01:37:34,569 --> 01:37:31,559

the my favorite clips of the year and

2157

01:37:37,669 --> 01:37:34,579

that is of Alejandro Rojas is on site on

2158

01:37:41,029 --> 01:37:37,679

Travis Waltons well it's actually the

2159

01:37:43,910 --> 01:37:41,039

39th anniversary of the abduction right

2160

01:37:46,089 --> 01:37:43,920

on the site and he was trying to find

2161

01:37:48,890 --> 01:37:46,099

him there was a lot of chaos that day

2162

01:37:50,510 --> 01:37:48,900

Travis was late couldn't use the

2163

01:37:52,760 --> 01:37:50,520

satellite phone i sent him and all that

2164

01:37:54,290 --> 01:37:52,770

a real fun clip a lot of people wrote me

2165

01:37:57,169 --> 01:37:54,300

after this and told me they felt like

2166

01:38:00,140 --> 01:37:57,179

they were right there in the woods so it

2167

01:38:03,140 --> 01:38:00,150

was great clip and here it is we have on

2168

01:38:07,279 --> 01:38:03,150

the phone right now alejandro rojas out

2169

01:38:11,149 --> 01:38:07,289

at the site exactly where where Travis

2170

01:38:16,250 --> 01:38:11,159

Walton was abducted 39 years ago this

2171

01:38:18,680 --> 01:38:16,260

evening November fifth 1975 he's in I'm

2172

01:38:23,240 --> 01:38:18,690

not sure Herbert I think it is Arizona a

2173

01:38:25,520 --> 01:38:23,250

beber heber how you doing alejandro good

2174

01:38:28,549 --> 01:38:25,530

and it's surreal I'm up here on this

2175

01:38:31,339 --> 01:38:28,559

mountainside near where everything went

2176

01:38:33,979 --> 01:38:31,349

down and there are some lights coming

2177

01:38:38,689 --> 01:38:33,989

through the forest and I think this

2178

01:38:40,609 --> 01:38:38,699

might be Travis Walton driving up he's

2179

01:38:43,069 --> 01:38:40,619

about three and a half hours late for

2180

01:38:44,839 --> 01:38:43,079

the event we're hopefully going to be

2181

01:38:49,490 --> 01:38:44,849

able to get a daytime tour of the area

2182

01:38:51,260 --> 01:38:49,500

but two very dark and very cold yes you

2183

01:38:55,009 --> 01:38:51,270

know yeah so I've got Ben Hansen right

2184

01:38:57,770 --> 01:38:55,019

here he actually oh my gosh I think I

2185

01:38:58,200 --> 01:38:57,780

see Tracy tore me in there Centrica's I

2186

01:39:00,780 --> 01:38:58,210

am

2187

01:39:02,640 --> 01:39:00,790

so anyways I have been Hansen right next

2188

01:39:04,280 --> 01:39:02,650

to me that is night vision out Sharon is

2189

01:39:06,450 --> 01:39:04,290

going to be doing a presentation but

2190

01:39:09,930 --> 01:39:06,460

yeah a lot of the people are just

2191

01:39:12,360 --> 01:39:09,940

getting here and it's pretty cool yeah

2192

01:39:15,180 --> 01:39:12,370

make sure you say hi to ben and what a

2193

01:39:17,340 --> 01:39:15,190

great idea that was for him to come

2194

01:39:18,750 --> 01:39:17,350

there with all that equipment and you're

2195

01:39:21,720 --> 01:39:18,760

going out of their sight you're going to

2196

01:39:23,400 --> 01:39:21,730

actually do some sky watching now we're

2197

01:39:25,290 --> 01:39:23,410

actually going to do skywatching right

2198

01:39:27,870 --> 01:39:25,300

here that the plans have changed a few

2199

01:39:29,520 --> 01:39:27,880

times but yeah we're actually going to

2200

01:39:32,880 --> 01:39:29,530

do this guy watching right here Ben's

2201

01:39:34,890 --> 01:39:32,890

got everything set up for it and yeah

2202

01:39:36,750 --> 01:39:34,900

we're good to go you know when you first

2203

01:39:38,580 --> 01:39:36,760

said that you saw the lights coming

2204

01:39:42,060 --> 01:39:38,590

through the trees you know what I was

2205

01:39:44,790 --> 01:39:42,070

thinking don't you alien it was coming

2206

01:39:47,520 --> 01:39:44,800

back and maybe was going to drop yeah

2207

01:39:49,500 --> 01:39:47,530

dropped out of the soft now you see

2208

01:39:53,550 --> 01:39:49,510

fortunate it was just the truck this was

2209

01:39:57,120 --> 01:39:53,560

a UF this was a UFO that had that has I

2210

01:39:59,610 --> 01:39:57,130

think has travis in it but but it's a

2211

01:40:02,760 --> 01:39:59,620

man made it now it's an identified I've

2212

01:40:05,990 --> 01:40:02,770

been able to confirm that it is humans

2213

01:40:10,380 --> 01:40:06,000

on board this crap and it is a land

2214

01:40:12,470 --> 01:40:10,390

transporter created by human beings okay

2215

01:40:15,900 --> 01:40:12,480

so we can't go into any conspiracy

2216

01:40:17,910 --> 01:40:15,910

alright so how many people would you say

2217

01:40:21,300 --> 01:40:17,920

is that far that they're right now

2218

01:40:23,280 --> 01:40:21,310

around you at the site well there's been

2219

01:40:25,620 --> 01:40:23,290

about you know luckily we were all

2220

01:40:29,040 --> 01:40:25,630

waiting for a while and luckily there's

2221

01:40:30,540 --> 01:40:29,050

a forest lady who was able to she was

2222

01:40:33,420 --> 01:40:30,550

heading up there and we were able to get

2223

01:40:34,740 --> 01:40:33,430

up with her earlier so we got some great

2224

01:40:38,250 --> 01:40:34,750

footage because we're going to do some

2225

01:40:39,750 --> 01:40:38,260

video stuff and post that online people

2226

01:40:41,790 --> 01:40:39,760

will be able to see it will have some

2227

01:40:43,500 --> 01:40:41,800

interviews with them for Travis's in the

2228

01:40:44,910 --> 01:40:43,510

witnesses but we were able to get here

2229

01:40:46,979 --> 01:40:44,920

what they're some daylight to get some

2230

01:40:49,680 --> 01:40:46,989

footage of the area that will definitely

2231

01:40:53,220 --> 01:40:49,690

be sharing on our youtube later on so

2232

01:40:55,800 --> 01:40:53,230

there is a three or four and then Ben

2233

01:40:57,990 --> 01:40:55,810

was up here with a couple people Ben's

2234

01:40:59,479 --> 01:40:58,000

been up here for like six hours or

2235

01:41:02,100 --> 01:40:59,489

something he got fed up hours ago

2236

01:41:05,459 --> 01:41:02,110

waiting for things to get started and

2237

01:41:08,850 --> 01:41:05,469

we've been waiting just us you know six

2238

01:41:11,610 --> 01:41:08,860

or seven people for a few hours now

2239

01:41:14,790 --> 01:41:11,620

waiting for the rest of the group

2240

01:41:19,080 --> 01:41:14,800

and they're just getting here and you

2241

01:41:21,420 --> 01:41:19,090

have you seen Travis yet not yet okay

2242

01:41:24,210 --> 01:41:21,430

the back side of the story is sub this

2243

01:41:25,680 --> 01:41:24,220

week earlier i sent travis a satellite

2244

01:41:27,630 --> 01:41:25,690

phone because i didn't think anyone had

2245

01:41:30,900 --> 01:41:27,640

any service air i was told that there

2246

01:41:34,230 --> 01:41:30,910

was no cell service so well I've my goat

2247

01:41:39,570 --> 01:41:34,240

on and on yeah but created working them

2248

01:41:40,950 --> 01:41:39,580

yeah well don't move an inch so what

2249

01:41:44,190 --> 01:41:40,960

would you guess that you know I know you

2250

01:41:47,520 --> 01:41:44,200

you live in it's like blasting hot and

2251

01:41:50,910 --> 01:41:47,530

Arizona has so many extremes so you're

2252

01:41:53,130 --> 01:41:50,920

you're typically in near 100 degree

2253

01:41:54,210 --> 01:41:53,140

weather aren't you and now it's what

2254

01:41:58,520 --> 01:41:54,220

would you say if the temperature is

2255

01:42:01,500 --> 01:41:58,530

there yeah you know down where I'm at in

2256

01:42:04,530 --> 01:42:01,510

the Phoenix area we've got you know a

2257

01:42:09,150 --> 01:42:04,540

tease during the day sits down to maybe

2258

01:42:11,700 --> 01:42:09,160

upper 50s at night you know but here

2259

01:42:14,040 --> 01:42:11,710

it's probably in the 20 up on this

2260

01:42:16,740 --> 01:42:14,050

hillside there's a cool wind coming in

2261

01:42:20,580 --> 01:42:16,750

and it is very very cold and getting

2262

01:42:23,280 --> 01:42:20,590

colder by the minute its leaves you last

2263

01:42:26,010 --> 01:42:23,290

see a little bit I never yeah wow yeah

2264

01:42:27,210 --> 01:42:26,020

it kind of difficult to be uh-huh go

2265

01:42:30,780 --> 01:42:27,220

ahead him no I just wondered is there

2266

01:42:34,110 --> 01:42:30,790

actually snow on the ground no there's

2267

01:42:38,370 --> 01:42:34,120

no snow here um I don't think it snowed

2268

01:42:42,000 --> 01:42:38,380

out here yet so but it's it get to be

2269

01:42:43,500 --> 01:42:42,010

that time of year yeah hey alejandro

2270

01:42:46,410 --> 01:42:43,510

just just while we're waiting to see

2271

01:42:50,880 --> 01:42:46,420

perhaps if Travis pokes his head out of

2272

01:42:52,710 --> 01:42:50,890

a truck or or whatever what any news

2273

01:42:55,830 --> 01:42:52,720

that you can think of that happened over

2274

01:42:57,990 --> 01:42:55,840

the week since we last talked I know I'm

2275

01:43:00,150 --> 01:42:58,000

putting you on the spot but is there any

2276

01:43:03,990 --> 01:43:00,160

you are you know what there's always

2277

01:43:09,360 --> 01:43:04,000

something cool going on so yeah let me

2278

01:43:11,220 --> 01:43:09,370

um put my thinking cap on here cute

2279

01:43:18,480 --> 01:43:11,230

let's see we've written about some

2280

01:43:20,430 --> 01:43:18,490

really cool stuff lately oh my gosh my

2281

01:43:22,320 --> 01:43:20,440

brain is probably just frozen over

2282

01:43:23,419 --> 01:43:22,330

because we're writing about me all

2283

01:43:26,000 --> 01:43:23,429

society

2284

01:43:28,330 --> 01:43:26,010

earlier we had we had someone and if you

2285

01:43:32,149 --> 01:43:28,340

could bring up the site while I'm time I

2286

01:43:34,489 --> 01:43:32,159

hear you know you and give me a heads up

2287

01:43:36,859 --> 01:43:34,499

on a title i'll tell you all about it i

2288

01:43:38,540 --> 01:43:36,869

can do that hey listen we were talking a

2289

01:43:41,449 --> 01:43:38,550

little bit earlier i should say we were

2290

01:43:47,839 --> 01:43:41,459

text texting back and forth about this

2291

01:43:48,830 --> 01:43:47,849

kuro 777 it was a yeah and in li Spiegel

2292

01:43:50,959 --> 01:43:48,840

wrote about it do you know anything

2293

01:43:53,209 --> 01:43:50,969

about that particular grant with the

2294

01:43:55,549 --> 01:43:53,219

objects you know quite a bit about it I

2295

01:43:58,879 --> 01:43:55,559

in fact it this week i interviewed least

2296

01:44:01,100 --> 01:43:58,889

beagle about it and of course well and

2297

01:44:03,469 --> 01:44:01,110

during the time Lee Spiegel it's plenty

2298

01:44:07,040 --> 01:44:03,479

because I saw the video and it was this

2299

01:44:09,859 --> 01:44:07,050

video that this crow 77 put up what he

2300

01:44:12,049 --> 01:44:09,869

believed to be a UFO cruising near the

2301

01:44:14,029 --> 01:44:12,059

surface of the Moon I thought it was an

2302

01:44:15,739 --> 01:44:14,039

interesting video but you know I as I

2303

01:44:19,239 --> 01:44:15,749

know it's always best to get some

2304

01:44:21,290 --> 01:44:19,249

experts to look at it because they are

2305

01:44:24,560 --> 01:44:21,300

identifying sometimes you're just not

2306

01:44:27,620 --> 01:44:24,570

able to think of so is Ben Hansen here

2307

01:44:29,779 --> 01:44:27,630

of fact or faked and then Mark Dantonio

2308

01:44:32,750 --> 01:44:29,789

and they replied to me and said funny

2309

01:44:36,560 --> 01:44:32,760

thing we just answered Glee Siegel and

2310

01:44:38,390 --> 01:44:36,570

sent him some information so essentially

2311

01:44:41,839 --> 01:44:38,400

leaves people wrote up the story and

2312

01:44:45,020 --> 01:44:41,849

both Ben and Mark bill that what that

2313

01:44:48,549 --> 01:44:45,030

was was a satellite he captured moving

2314

01:44:51,410 --> 01:44:48,559

in front of the moon this gentleman is a

2315

01:44:55,040 --> 01:44:51,420

amateur astronomer and he got this on a

2316

01:44:57,350 --> 01:44:55,050

telescope and one of the questions I had

2317

01:44:58,819 --> 01:44:57,360

it he drew kind of a straight line then

2318

01:45:01,580 --> 01:44:58,829

he showed that this thing does not

2319

01:45:03,350 --> 01:45:01,590

travel along a straight line and so I

2320

01:45:05,270 --> 01:45:03,360

asked you know that seems mysterious

2321

01:45:07,370 --> 01:45:05,280

that's one of his arguments that it's

2322

01:45:09,410 --> 01:45:07,380

not a satellite and their answer what

2323

01:45:12,770 --> 01:45:09,420

there's a lot of insulation you know

2324

01:45:16,819 --> 01:45:12,780

that goes on the atmosphere yes um so

2325

01:45:19,580 --> 01:45:16,829

things move and so it makes it look like

2326

01:45:22,609 --> 01:45:19,590

it's a lot going along a straight line

2327

01:45:24,560 --> 01:45:22,619

but it or not but it actually is and

2328

01:45:26,179 --> 01:45:24,570

they were able to show the trajectory

2329

01:45:28,549 --> 01:45:26,189

you know it actually doesn't change at

2330

01:45:31,669 --> 01:45:28,559

all and it does move so it steady like a

2331

01:45:33,859 --> 01:45:31,679

satellite would so both Ben and Mark who

2332

01:45:36,049 --> 01:45:33,869

certainly do not always agree and I

2333

01:45:37,100 --> 01:45:36,059

think we talked about that on your show

2334

01:45:39,109 --> 01:45:37,110

before

2335

01:45:42,470 --> 01:45:39,119

I did agree that this object was

2336

01:45:44,600 --> 01:45:42,480

satellite but the gentleman who took the

2337

01:45:47,570 --> 01:45:44,610

video completely disagrees with that

2338

01:45:50,359 --> 01:45:47,580

assessment and he told police people

2339

01:45:54,350 --> 01:45:50,369

that and he made a video where he argues

2340

01:45:57,680 --> 01:45:54,360

on their points and Eileen said okay you

2341

01:46:02,590 --> 01:45:57,690

know i'll post your video too so we did

2342

01:46:05,419 --> 01:46:02,600

post that that refund in his story yeah

2343

01:46:07,129 --> 01:46:05,429

okay well you know I'm thinking you know

2344

01:46:08,479 --> 01:46:07,139

kind of disappointed I didn't blast us

2345

01:46:11,780 --> 01:46:08,489

everywhere because when I didn't hear

2346

01:46:13,399 --> 01:46:11,790

from Travis today I i didn't i didn't

2347

01:46:16,189 --> 01:46:13,409

post it everywhere that he was going to

2348

01:46:19,640 --> 01:46:16,199

be on the show live from the event site

2349

01:46:21,770 --> 01:46:19,650

but so i'm a little disappointed try to

2350

01:46:23,750 --> 01:46:21,780

walk around a bit there's a lot of

2351

01:46:27,080 --> 01:46:23,760

people now they're all finally getting

2352

01:46:28,550 --> 01:46:27,090

here almost four hours later I could try

2353

01:46:30,649 --> 01:46:28,560

to mill around oh look there's non

2354

01:46:33,410 --> 01:46:30,659

submit I can see in this crowd of people

2355

01:46:37,340 --> 01:46:33,420

I can try to go look around here and see

2356

01:46:39,770 --> 01:46:37,350

if I see him if you want hopefully I

2357

01:46:41,740 --> 01:46:39,780

won't lose signal yeah i think if you

2358

01:46:45,859 --> 01:46:41,750

took a few consummately i grabbed him

2359

01:46:47,300 --> 01:46:45,869

yeah okay see him let me come over here

2360

01:46:49,820 --> 01:46:47,310

so I'm going so I'll tell you what I'm

2361

01:46:53,209 --> 01:46:49,830

doing going through these cloud of

2362

01:46:57,740 --> 01:46:53,219

people many of the speakers among them i

2363

01:47:00,890 --> 01:46:57,750

see a tall man over here with a honest

2364

01:47:03,320 --> 01:47:00,900

that i believed to be mr. Travis called

2365

01:47:08,709 --> 01:47:03,330

him I'm coming through the fourth the

2366

01:47:13,580 --> 01:47:08,719

same for Travis was in oh no that's been

2367

01:47:15,770 --> 01:47:13,590

ping it but okay all right well that

2368

01:47:19,160 --> 01:47:15,780

idea p you're a good school hold on a

2369

01:47:21,890 --> 01:47:19,170

minute died let me let me have you say

2370

01:47:28,700 --> 01:47:21,900

hi to dance man oh sure if I could get

2371

01:47:30,800 --> 01:47:28,710

him he's saying hi to someone but well

2372

01:47:32,500 --> 01:47:30,810

jon schmitz vinod now coupled indeed

2373

01:47:35,840 --> 01:47:32,510

he's one of the ra's weekend

2374

01:47:40,640 --> 01:47:35,850

conversations with someone let me come

2375

01:47:43,100 --> 01:47:40,650

further into the forest here and um yep

2376

01:47:46,550 --> 01:47:43,110

there's another group of people all

2377

01:47:48,229 --> 01:47:46,560

apparently human now let me just ask you

2378

01:47:50,630 --> 01:47:48,239

this is that you look lighting there at

2379

01:47:52,970 --> 01:47:50,640

all are you just seeing like dark dark

2380

01:47:55,610 --> 01:47:52,980

rizal yeah but it's almost a full moon

2381

01:48:05,810 --> 01:47:55,620

to the moon's very very bright area is

2382

01:48:07,790 --> 01:48:05,820

here you ok hey Travis you know hey how

2383

01:48:10,010 --> 01:48:07,800

are ya all right i'll bet that I'll get

2384

01:48:15,110 --> 01:48:10,020

that satellite phone no that's right

2385

01:48:16,850 --> 01:48:15,120

work on this phone ok ok well I hate to

2386

01:48:19,940 --> 01:48:16,860

waste a satellite phone we probably have

2387

01:48:21,260 --> 01:48:19,950

better better reception yeah well we

2388

01:48:24,440 --> 01:48:21,270

only got a couple of minutes because we

2389

01:48:26,840 --> 01:48:24,450

have our the show gasps our Campbell's

2390

01:48:28,340 --> 01:48:26,850

waiting on the line here so we only have

2391

01:48:30,140 --> 01:48:28,350

a couple minutes I'm just really glad

2392

01:48:32,900 --> 01:48:30,150

that it's worked out that I was actually

2393

01:48:36,950 --> 01:48:32,910

able to speak to you right at the site

2394

01:48:41,210 --> 01:48:36,960

are you excited to be there well excited

2395

01:48:43,160 --> 01:48:41,220

is not the word I get up were here well

2396

01:48:46,460 --> 01:48:43,170

yes I could have used another word yes

2397

01:48:50,810 --> 01:48:46,470

is it is it how does it feel being there

2398

01:48:55,070 --> 01:48:50,820

this is 39 day 39 years to the day and

2399

01:48:57,470 --> 01:48:55,080

yeah I've never been here on the

2400

01:48:59,360 --> 01:48:57,480

anniversary at night ever now all the

2401

01:49:02,900 --> 01:48:59,370

guys on the crew has been here at two or

2402

01:49:05,770 --> 01:49:02,910

three times on the anniversary yet night

2403

01:49:08,830 --> 01:49:05,780

and I'm telling mom I don't know why

2404

01:49:14,600 --> 01:49:08,840

yeah now is there anyone there besides

2405

01:49:17,620 --> 01:49:14,610

you from the crew well you are coming to

2406

01:49:21,050 --> 01:49:17,630

the conference but you know I was

2407

01:49:24,650 --> 01:49:21,060

delayed a bit getting equipment for this

2408

01:49:27,020 --> 01:49:24,660

stuff either and so I'm not even if I

2409

01:49:30,590 --> 01:49:27,030

haven't even greeted everybody became

2410

01:49:31,790 --> 01:49:30,600

yep yep well well you made it that's

2411

01:49:34,190 --> 01:49:31,800

important and why don't you tell

2412

01:49:37,000 --> 01:49:34,200

everyone the listeners hear about the

2413

01:49:42,590 --> 01:49:37,010

summit that's going on this weekend hey

2414

01:49:44,000 --> 01:49:42,600

I'm doing a radio under there yeah say

2415

01:49:45,830 --> 01:49:44,010

that again please yes why don't you go

2416

01:49:49,460 --> 01:49:45,840

ahead and tell everyone about the summit

2417

01:49:51,980 --> 01:49:49,470

they Skype I what is all well you know

2418

01:49:53,510 --> 01:49:51,990

this is the 39th anniversary and you

2419

01:49:56,030 --> 01:49:53,520

know there's no particular significance

2420

01:49:57,800 --> 01:49:56,040

you at for why I'm there to know that

2421

01:50:04,030 --> 01:49:57,810

somebody finally talked me in doing it

2422

01:50:10,250 --> 01:50:07,910

it's a I thought it would be you know

2423

01:50:12,470 --> 01:50:10,260

that the fact that November fifth falls

2424

01:50:16,880 --> 01:50:12,480

on a wednesday this time just like it

2425

01:50:20,570 --> 01:50:16,890

did back then was significant and it

2426
01:50:23,390 --> 01:50:20,580
turned out to be the most popular thing

2427
01:50:26,840 --> 01:50:23,400
about this conference are they almost

2428
01:50:29,330 --> 01:50:26,850
every single person who signed up for

2429
01:50:32,030 --> 01:50:29,340
their conference wanted to do this even

2430
01:50:34,970 --> 01:50:32,040
though it's two days before the kind of

2431
01:50:38,150 --> 01:50:34,980
a pre-conference event you know and

2432
01:50:41,720 --> 01:50:38,160
we're going to go on a tour tomorrow and

2433
01:50:45,080 --> 01:50:41,730
take people to the site of my return and

2434
01:50:48,830 --> 01:50:45,090
to the phone booths were called for help

2435
01:50:52,040 --> 01:50:48,840
that night and also we're going to go to

2436
01:50:56,320 --> 01:50:52,050
the courthouse where the men were given

2437
01:50:59,510 --> 01:50:56,330
the state police lie detector test and

2438
01:51:02,420 --> 01:50:59,520

I'm thinking I've at least one other

2439

01:51:04,280 --> 01:51:02,430

crewmember by then now when you talk to

2440

01:51:07,730 --> 01:51:04,290

me about them is it mumbling actually

2441

01:51:10,280 --> 01:51:07,740

still there yes with three fumbles are

2442

01:51:12,590 --> 01:51:10,290

still there even though phone booths are

2443

01:51:14,840 --> 01:51:12,600

on anachronism I know their arm you know

2444

01:51:19,190 --> 01:51:14,850

what because of cell phones they just

2445

01:51:21,890 --> 01:51:19,200

it's not that they're kind of kept in

2446

01:51:23,720 --> 01:51:21,900

place as a as a sort of a monument

2447

01:51:26,000 --> 01:51:23,730

because they're not even up to up and

2448

01:51:28,790 --> 01:51:26,010

haven't been for years but the phone

2449

01:51:31,010 --> 01:51:28,800

company has preserved them and they wind

2450

01:51:35,690 --> 01:51:31,020

up getting a lot of graffiti on Duncan

2451

01:51:37,790 --> 01:51:35,700

places around the world but I'd like to

2452

01:51:40,340 --> 01:51:37,800

discourage the graffiti but you know

2453

01:51:42,800 --> 01:51:40,350

people are watching you there on my way

2454

01:51:45,140 --> 01:51:42,810

to somewhere else about a lot of times

2455

01:51:47,270 --> 01:51:45,150

and I'll see people taking pictures

2456

01:51:49,130 --> 01:51:47,280

there now let me just ask you this as

2457

01:51:53,810 --> 01:51:49,140

anyone to ever placed a plaque or

2458

01:51:58,040 --> 01:51:53,820

anything near the site there no not near

2459

01:52:00,830 --> 01:51:58,050

the site and because of ongoing recent

2460

01:52:03,920 --> 01:52:00,840

do you know some magnetic anomalies and

2461

01:52:06,920 --> 01:52:03,930

some radiation and some coffee in the

2462

01:52:09,290 --> 01:52:06,930

tree growth of that site but even the

2463

01:52:11,990 --> 01:52:09,300

people who have come on this skywatch

2464

01:52:15,070 --> 01:52:12,000

here where I just signed a

2465

01:52:17,140 --> 01:52:15,080

non-disclosure about the location

2466

01:52:20,650 --> 01:52:17,150

that's gonna be necessary to we at least

2467

01:52:23,290 --> 01:52:20,660

you know I've heard the research into

2468

01:52:25,960 --> 01:52:23,300

the stones growth of these truth yeah

2469

01:52:29,590 --> 01:52:25,970

let's talk about that I think I heard

2470

01:52:31,540 --> 01:52:29,600

you say that in the area in the center

2471

01:52:34,060 --> 01:52:31,550

part everything is all these tree

2472

01:52:36,700 --> 01:52:34,070

growths are are happening toward the

2473

01:52:39,130 --> 01:52:36,710

center where the object was and but not

2474

01:52:41,170 --> 01:52:39,140

around now you are is the other side's

2475

01:52:43,090 --> 01:52:41,180

yeah we'll see that's the thing you know

2476
01:52:45,160 --> 01:52:43,100
the skeptics were saying well anything

2477
01:52:46,600 --> 01:52:45,170
could make the tree grow faster but if

2478
01:52:48,970 --> 01:52:46,610
you if you look at the tree in

2479
01:52:51,100 --> 01:52:48,980
cross-section and the thicker rings are

2480
01:52:53,190 --> 01:52:51,110
in the direction of the craft whether

2481
01:52:56,680 --> 01:52:53,200
you go north east south and west of

2482
01:53:00,580 --> 01:52:56,690
ground zero there that's proof that some

2483
01:53:03,010 --> 01:53:00,590
central source was causing this and one

2484
01:53:06,610 --> 01:53:03,020
of our team been handsome the former

2485
01:53:09,460 --> 01:53:06,620
host of fact afaik came across some

2486
01:53:15,730 --> 01:53:09,470
research that was done on Scott's palm

2487
01:53:18,730 --> 01:53:15,740
tree in the chernobyl area and it

2488
01:53:22,630 --> 01:53:18,740

documented the accelerated growth of

2489

01:53:25,630 --> 01:53:22,640

trees by three times in response to

2490

01:53:28,210 --> 01:53:25,640

radiation so they are soon a connection

2491

01:53:30,630 --> 01:53:28,220

to just you know straight radiation

2492

01:53:33,520 --> 01:53:30,640

moving and although I wouldn't say that

2493

01:53:36,270 --> 01:53:33,530

compensable got to a cause of some sort

2494

01:53:39,490 --> 01:53:36,280

of energy I'd know you from that craft

2495

01:53:42,010 --> 01:53:39,500

generally dis accelerated growth right

2496

01:53:44,590 --> 01:53:42,020

yeah i mean that's that alone I mean

2497

01:53:45,970 --> 01:53:44,600

really says something you know it's like

2498

01:53:49,300 --> 01:53:45,980

you said to all the skeptics and there's

2499

01:53:52,240 --> 01:53:49,310

a lot of the skeptics out there that you

2500

01:53:54,670 --> 01:53:52,250

know try to bash this story and they

2501
01:53:56,860 --> 01:53:54,680
always seem to fall apart you know

2502
01:53:58,240 --> 01:53:56,870
there's rather do because they're not

2503
01:54:00,310 --> 01:53:58,250
interested in the facts and they'll

2504
01:54:03,340 --> 01:54:00,320
start talking before they even have the

2505
01:54:05,590 --> 01:54:03,350
fact right right well hey i want to wish

2506
01:54:08,530 --> 01:54:05,600
you great luck with the summit this

2507
01:54:11,500 --> 01:54:08,540
weekend and say to say hi to all friends

2508
01:54:13,900 --> 01:54:11,510
of the show that you see out there okay

2509
01:54:16,740 --> 01:54:13,910
great all right Travis you take care of

2510
01:54:19,420 --> 01:54:16,750
em well I hope to be talking to you soon

2511
01:54:23,290 --> 01:54:19,430
yeah we'll do another one alright

2512
01:54:24,820 --> 01:54:23,300
alright sounds good broker alright so

2513
01:54:28,399 --> 01:54:24,830

that's it for the show thank you all

2514

01:54:32,089 --> 01:54:28,409

very much for a wonderful 2014

2515

01:54:36,229 --> 01:54:32,099

have a very merry and prosperous 2015

2516

01:54:38,540 --> 01:54:36,239

and come back next week we have I forget

2517

01:54:40,549 --> 01:54:38,550

who our guest is again I'm not editing

2518

01:54:43,159 --> 01:54:40,559

any of this but come back next week and

2519

01:54:44,870 --> 01:54:43,169

check it out live on Dark Matter radio

2520

01:54:47,540 --> 01:54:44,880

network I want to give a special thanks

2521

01:54:50,169 --> 01:54:47,550

to peggy shunning for all your hard work

2522

01:54:52,520 --> 01:54:50,179

on the facebook page this last year

2523

01:54:54,259 --> 01:54:52,530

alejandro rojas thanks for some great

2524

01:54:56,839 --> 01:54:54,269

news segments and for the earlier

2525

01:54:58,669 --> 01:54:56,849

segment today Keith Rowland for the

2526

01:55:01,129 --> 01:54:58,679

producer of the Dark Matter radio all
