

1
00:00:03,169 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,179
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:09,850 --> 00:00:05,370
everything that occurred in the

5
00:00:13,450 --> 00:00:09,860
Rendlesham forest incident doesn't it

6
00:00:16,609 --> 00:00:13,460
it comes right over our heads it's so

7
00:00:18,260 --> 00:00:16,619
classic flying-saucer really standing in

8
00:00:19,760 --> 00:00:18,270
the clearing he turned over to my father

9
00:00:25,820 --> 00:00:19,770
and held his hand and he looked in his

10
00:00:29,150 --> 00:00:25,830
eyes and said we're not alone welcome to

11
00:00:31,099 --> 00:00:29,160
podcast UFO for our live show we're live

12
00:00:33,590 --> 00:00:31,109
every Wednesday at 8 p.m. Eastern

13
00:00:34,310 --> 00:00:33,600

Standard Time on the Dark Matter radio

14

00:00:35,990 --> 00:00:34,320

network

15

00:00:40,400 --> 00:00:36,000

please remember to visit the website

16

00:00:43,369 --> 00:00:40,410

podcast UFO calm for past episodes blogs

17

00:00:45,260 --> 00:00:43,379

and forums during the show feel free to

18

00:00:47,779 --> 00:00:45,270

participate live in our chat room and

19

00:00:51,470 --> 00:00:47,789

don't forget to Like us on our very

20

00:00:53,630 --> 00:00:51,480

active Facebook page hello everyone this

21

00:00:55,819 --> 00:00:53,640

is Martin Willis your host and we have

22

00:00:59,150 --> 00:00:55,829

another good show for you coming up this

23

00:01:01,010 --> 00:00:59,160

evening with our guest dr. rt6 killer

24

00:01:04,490 --> 00:01:01,020

Clark and she's going to talk about her

25

00:01:06,469 --> 00:01:04,500

new book and past books and before a

26

00:01:10,370 --> 00:01:06,479

week into that we're gonna be having

27

00:01:12,109 --> 00:01:10,380

Alejandro Rojas from open minds dot TV

28

00:01:15,560 --> 00:01:12,119

and he's going to talk to us about the

29

00:01:18,050 --> 00:01:15,570

latest UFO events and last year's total

30

00:01:20,840 --> 00:01:18,060

UFO events he worked out some type of

31

00:01:23,060 --> 00:01:20,850

great graph for that and he'll be

32

00:01:25,999 --> 00:01:23,070

talking about that coming up so if you

33

00:01:28,280 --> 00:01:26,009

want to subscribe to us to hear the

34

00:01:30,679 --> 00:01:28,290

second hour we are now two hours live on

35

00:01:32,330 --> 00:01:30,689

the Dark Matter radio network but if you

36

00:01:36,350 --> 00:01:32,340

want to listen to the second hour as a

37

00:01:38,030 --> 00:01:36,360

podcast you need to support us and we're

38

00:01:40,219 --> 00:01:38,040

not asking too much only like twenty

39

00:01:43,399 --> 00:01:40,229

three cents a week it's a dollar a month

40

00:01:47,450 --> 00:01:43,409

and all you have to do to access that is

41

00:01:49,580 --> 00:01:47,460

go to get Joyride comm slash podcast UFO

42

00:01:52,310 --> 00:01:49,590

we have all that information right on

43

00:01:55,039 --> 00:01:52,320

our website and if you have any problems

44

00:01:59,240 --> 00:01:55,049

or questions you can email me at Martin

45

00:02:00,980 --> 00:01:59,250

at podcast UFO comm we're going to be

46

00:02:03,560 --> 00:02:00,990

doing a shout out later on this month

47

00:02:06,440 --> 00:02:03,570

and a contest for all the people that

48

00:02:09,469 --> 00:02:06,450

have helped us out at the ten dollar

49

00:02:11,089 --> 00:02:09,479

level to win a free t-shirt this month

50

00:02:13,700 --> 00:02:11,099

and we're gonna have some t-shirts

51

00:02:15,560 --> 00:02:13,710

printed up and ready out

52

00:02:19,010 --> 00:02:15,570

and when we go out to Phoenix coming up

53

00:02:21,620 --> 00:02:19,020

in February so it's time to bring on

54

00:02:23,780 --> 00:02:21,630

Alejandro with the news what's going on

55

00:02:25,670 --> 00:02:23,790

Alejandro not much is chilling

56

00:02:29,320 --> 00:02:25,680

speaking of chilling didn't you guys get

57

00:02:34,520 --> 00:02:29,330

a cold blast up that way yes we did

58

00:02:36,290 --> 00:02:34,530

finally yeah it was it got down to 30

59

00:02:39,620 --> 00:02:36,300

degrees in the middle of the night

60

00:02:42,920 --> 00:02:39,630

that's like unheard of right I know it

61

00:02:46,010 --> 00:02:42,930

happens every year for a couple days and

62

00:02:48,920 --> 00:02:46,020

you know we have a couple days of freeze

63

00:02:51,980 --> 00:02:48,930

that's in the middle of the night but it

64

00:02:54,380 --> 00:02:51,990

was still much warmer than Colorado

65

00:02:56,600 --> 00:02:54,390

which she's where I was during you know

66

00:02:59,300 --> 00:02:56,610

the Christmas vacation so even in the

67

00:03:03,560 --> 00:02:59,310

middle of the night out here but it did

68

00:03:06,710 --> 00:03:03,570

snow so yeah my girlfriend's daughter

69

00:03:08,390 --> 00:03:06,720

ran outside and was making freaky noises

70

00:03:10,520 --> 00:03:08,400

and running around and I got a little

71

00:03:13,490 --> 00:03:10,530

bit of video I think I posted a picture

72

00:03:14,870 --> 00:03:13,500

on and somewhere but um yeah in the

73

00:03:17,630 --> 00:03:14,880

middle of the night there was a little

74

00:03:19,280 --> 00:03:17,640

bit of snow I mean it it didn't stay on

75

00:03:21,680 --> 00:03:19,290

the ground at all just immediately

76

00:03:24,470 --> 00:03:21,690

melted and it was mixed with rain but

77

00:03:26,630 --> 00:03:24,480

there's a little bit of snow about a

78

00:03:28,970 --> 00:03:26,640

week ago in the middle of the night

79

00:03:34,610 --> 00:03:28,980

doesn't Phoenix like close down when it

80

00:03:39,260 --> 00:03:34,620

snows basically no oh you're bad no it's

81

00:03:41,450 --> 00:03:39,270

just if it were to really snow but that

82

00:03:43,220 --> 00:03:41,460

was just for maybe an hour in the middle

83

00:03:46,730 --> 00:03:43,230

of the night a few flakes that didn't

84

00:03:48,920 --> 00:03:46,740

even you know stick to the ground but

85

00:03:50,780 --> 00:03:48,930

you know the surrounding areas like

86

00:03:53,060 --> 00:03:50,790

there to our mountains around where the

87

00:03:56,570 --> 00:03:53,070

snow stays and then of course there are

88

00:03:57,650 --> 00:03:56,580

further north actually just a maybe our

89

00:03:59,630 --> 00:03:57,660

two away

90

00:04:03,470 --> 00:03:59,640

you've got standing snow you know yeah

91

00:04:05,900 --> 00:04:03,480

Flagstaff you have xolo where you know

92

00:04:08,000 --> 00:04:05,910

Travis Walton lives and his whole

93

00:04:09,920 --> 00:04:08,010

experience went down I mean that's just

94

00:04:14,090 --> 00:04:09,930

like Colorado or something it's the high

95

00:04:18,260 --> 00:04:14,100

country and higher country and you know

96

00:04:20,539 --> 00:04:18,270

it has actual full-on snowy winters yeah

97

00:04:22,190 --> 00:04:20,549

I know some of the highest snow banks

98

00:04:25,940 --> 00:04:22,200

I've ever seen were in the Flagstaff

99

00:04:27,430 --> 00:04:25,950

area really I went up through there into

100

00:04:31,210 --> 00:04:27,440

February a number of years ago

101
00:04:33,430 --> 00:04:31,220
and yeah deep deep snow so it happens

102
00:04:36,490 --> 00:04:33,440
but anyway it's only gonna be 12 degrees

103
00:04:37,960 --> 00:04:36,500
- here tonight so we're we're we're

104
00:04:40,860 --> 00:04:37,970
doing okay in the state of Maine what's

105
00:04:43,510 --> 00:04:40,870
going on in the skies this last week

106
00:04:45,760 --> 00:04:43,520
well and I was gonna say the skies here

107
00:04:48,100 --> 00:04:45,770
are sunny and we're already in the 70s

108
00:04:49,990 --> 00:04:48,110
so I didn't even have to wear a jacket

109
00:04:56,580 --> 00:04:50,000
this morning when I got out of it really

110
00:05:05,050 --> 00:05:02,590
you hose in fact now that you know the

111
00:05:05,650 --> 00:05:05,060
year is gone and it's been a little

112
00:05:08,260 --> 00:05:05,660
while

113
00:05:10,510 --> 00:05:08,270

MUFON sent out their numbers and I took

114

00:05:13,360 --> 00:05:10,520

all their numbers as I usually do for

115

00:05:15,780 --> 00:05:13,370

the year and crunch them and I wrote a

116

00:05:19,270 --> 00:05:15,790

story about the top UFO hot spots for

117

00:05:22,660 --> 00:05:19,280

2014 so what I did is I took the states

118

00:05:24,970 --> 00:05:22,670

the countries I totaled up all of the

119

00:05:26,650 --> 00:05:24,980

sightings I put them in an excel you

120

00:05:29,440 --> 00:05:26,660

know from my corporate background I know

121

00:05:32,470 --> 00:05:29,450

how to make pivot tables and graphs and

122

00:05:33,880 --> 00:05:32,480

all this fancy analytical stuff to see

123

00:05:37,210 --> 00:05:33,890

what's going down out there

124

00:05:41,560 --> 00:05:37,220

so I listed the top states that have

125

00:05:44,140 --> 00:05:41,570

reported UFOs however those lists very

126

00:05:45,909 --> 00:05:44,150

much like the top states with the

127

00:05:47,860 --> 00:05:45,919

highest population so you have

128

00:05:50,350 --> 00:05:47,870

California Texas Florida and New York

129

00:05:53,170 --> 00:05:50,360

all of those at the top so what I also

130

00:05:56,340 --> 00:05:53,180

do every year is put that versus

131

00:06:00,250 --> 00:05:56,350

population so in other words I think

132

00:06:02,800 --> 00:06:00,260

reports per hundred thousand person so

133

00:06:05,620 --> 00:06:02,810

that you really you know how many places

134

00:06:08,860 --> 00:06:05,630

are having more UFO reports per person

135

00:06:12,510 --> 00:06:08,870

and usually those came out Pirtle pretty

136

00:06:15,550 --> 00:06:12,520

normal you usually have Arizona Colorado

137

00:06:18,159 --> 00:06:15,560

Nevada towards the top as you do this

138

00:06:19,450 --> 00:06:18,169

year the Southwest is always up there I

139

00:06:23,170 --> 00:06:19,460

think maybe because there's more clear

140

00:06:26,140 --> 00:06:23,180

skies there's also more you know you Air

141

00:06:29,350 --> 00:06:26,150

Force bases and stuff like that could be

142

00:06:32,909 --> 00:06:29,360

that sort of thing but who went to the

143

00:06:35,620 --> 00:06:32,919

top when I did per population or again

144

00:06:38,830 --> 00:06:35,630

surprisingly really I know you're gonna

145

00:06:40,760 --> 00:06:38,840

say the great state of Maine no I bet

146

00:06:43,040 --> 00:06:40,770

you that's near the Tonto mane

147

00:06:44,659 --> 00:06:43,050

if empty nine it is yeah it's number

148

00:06:46,520 --> 00:06:44,669

nine so it is towards the top so you

149

00:06:50,330 --> 00:06:46,530

guys are doing pretty good at there as

150

00:06:52,309 --> 00:06:50,340

far as UFOs go but or again you know and

151
00:06:54,800 --> 00:06:52,319
we've gotten a lot of people from Oregon

152
00:06:56,270 --> 00:06:54,810
email us over the years and say oh we

153
00:06:58,129 --> 00:06:56,280
see them all the time it's not even a

154
00:06:59,659 --> 00:06:58,139
big deal out here so we've heard

155
00:07:02,930 --> 00:06:59,669
anecdotally that there are a lot of

156
00:07:05,260 --> 00:07:02,940
sightings interestingly enough when I

157
00:07:08,120 --> 00:07:05,270
look at our archives for UFO stories

158
00:07:10,279 --> 00:07:08,130
daren't many in fact they should I don't

159
00:07:11,990 --> 00:07:10,289
think the media wrote about UFOs wants

160
00:07:14,180 --> 00:07:12,000
in Oregon that I'm aware of

161
00:07:17,059 --> 00:07:14,190
I don't think we've talked about Oregon

162
00:07:20,089 --> 00:07:17,069
as far as UFO story so it's surprising

163
00:07:21,980 --> 00:07:20,099

that it should reach the top like that

164

00:07:24,680 --> 00:07:21,990

otherwise number two is New Hampshire a

165

00:07:26,990 --> 00:07:24,690

little higher than usual then we have

166

00:07:30,290 --> 00:07:27,000

New Mexico Nevada Arizona Alaska

167

00:07:32,749 --> 00:07:30,300

Colorado Missouri Maine and in West

168

00:07:35,360 --> 00:07:32,759

Virginia so those were the top ten but

169

00:07:37,820 --> 00:07:35,370

if you want to see your state you can go

170

00:07:41,360 --> 00:07:37,830

to this story and I listed every state

171

00:07:43,969 --> 00:07:41,370

in order I also listed the countries you

172

00:07:46,339 --> 00:07:43,979

know this is data based off of MUFON

173

00:07:48,589 --> 00:07:46,349

reports move on to mostly in the United

174

00:07:50,930 --> 00:07:48,599

States they do have chapters in other

175

00:07:53,629 --> 00:07:50,940

countries and work closely with our

176

00:07:55,790 --> 00:07:53,639

neighbors mostly they got reports from

177

00:07:57,649 --> 00:07:55,800

english-speaking countries of course you

178

00:07:59,209 --> 00:07:57,659

probably have a lot of UK listeners we

179

00:08:02,480 --> 00:07:59,219

do and we're talking about MUFON a lot

180

00:08:05,330 --> 00:08:02,490

so Canada and then the UK reported a few

181

00:08:07,159 --> 00:08:05,340

hundred also India is pretty far up

182

00:08:09,260 --> 00:08:07,169

there interesting that they report and

183

00:08:14,180 --> 00:08:09,270

move on and Australia so lots of English

184

00:08:15,520 --> 00:08:14,190

speakers and so then I also looked at

185

00:08:18,950 --> 00:08:15,530

shapes

186

00:08:21,830 --> 00:08:18,960

suvir's circle starlight on the top and

187

00:08:24,529 --> 00:08:21,840

then it comes to triangle disc shape is

188

00:08:28,370 --> 00:08:24,539

like number seven or something and it's

189

00:08:31,610 --> 00:08:28,380

in between other and unknown so disc

190

00:08:33,230 --> 00:08:31,620

shape is not the most popular triangles

191

00:08:35,870 --> 00:08:33,240

are more popular and of course this year

192

00:08:40,659 --> 00:08:35,880

we've talked about several really cool

193

00:08:43,699 --> 00:08:40,669

triangular shaped light or picture UFOs

194

00:08:47,000 --> 00:08:43,709

cases and videos so yeah I think the

195

00:08:48,890 --> 00:08:47,010

disc the flying saucer is you know it's

196

00:08:51,890 --> 00:08:48,900

going out of style it's it's becoming

197

00:08:53,720 --> 00:08:51,900

vintage they're upgrading to a delta

198

00:08:56,900 --> 00:08:53,730

shape or an

199

00:08:58,189 --> 00:08:56,910

orb and you know what we get a lot of

200

00:09:01,040 --> 00:08:58,199

and I don't think I don't know that

201

00:09:03,110 --> 00:09:01,050

people realize this it seems like and

202

00:09:05,810 --> 00:09:03,120

I've heard anecdotally personally in my

203

00:09:08,300 --> 00:09:05,820

life this the most and have seen this

204

00:09:10,790 --> 00:09:08,310

the most what most people see is a

205

00:09:13,189 --> 00:09:10,800

star-like object kind of like a

206

00:09:15,350 --> 00:09:13,199

satellite but that just does very

207

00:09:17,920 --> 00:09:15,360

strange maneuvers Bob's around and then

208

00:09:20,810 --> 00:09:17,930

darts off you know that seems to be

209

00:09:24,410 --> 00:09:20,820

mm-hmm very popular type of sighting

210

00:09:26,150 --> 00:09:24,420

right right so hey that's uh that's

211

00:09:29,000 --> 00:09:26,160

great that you put all this effort into

212

00:09:30,980 --> 00:09:29,010

this list and break it down like that

213

00:09:34,550 --> 00:09:30,990

it's very much appreciated actually

214

00:09:38,509 --> 00:09:34,560

thank you and that list will be linked

215

00:09:41,090 --> 00:09:38,519

in our show notes mm-hmm yes siree so

216

00:09:44,500 --> 00:09:41,100

what else is happening another big story

217

00:09:47,720 --> 00:09:44,510

that's really hitting the news right now

218

00:09:50,810 --> 00:09:47,730

Jason got on really early is this

219

00:09:54,019 --> 00:09:50,820

gentleman who uploaded to YouTube a

220

00:09:57,439 --> 00:09:54,029

video of what looks like a fireball or

221

00:09:59,600 --> 00:09:57,449

some sort of space junk coming into the

222

00:10:01,689 --> 00:09:59,610

atmosphere and breaking up but then

223

00:10:05,840 --> 00:10:01,699

there's this little orb that kind of yes

224

00:10:09,800 --> 00:10:05,850

departs from it and cruises up and it's

225

00:10:12,620 --> 00:10:09,810

a very strange video right it's like 42

226

00:10:15,110 --> 00:10:12,630

minutes of blanked out space too right

227

00:10:16,970 --> 00:10:15,120

it's actually more like 2 minutes of

228

00:10:19,970 --> 00:10:16,980

blank out state base it's about a three

229

00:10:22,129 --> 00:10:19,980

minute video 30 seconds or 43 to be

230

00:10:24,350 --> 00:10:22,139

precise seconds are this sighting and

231

00:10:27,319 --> 00:10:24,360

then it goes black and the rest of the

232

00:10:29,870 --> 00:10:27,329

to couple minutes is black which is kind

233

00:10:32,389 --> 00:10:29,880

of weird I'm not sure why that's the

234

00:10:33,769 --> 00:10:32,399

case the guy who posted it is named Ken

235

00:10:36,050 --> 00:10:33,779

Roberts or that's the name of his

236

00:10:38,480 --> 00:10:36,060

YouTube accounts when I looked at it it

237

00:10:40,400 --> 00:10:38,490

didn't have very many hits when I just

238

00:10:43,400 --> 00:10:40,410

looked at it earlier just like within

239

00:10:44,090 --> 00:10:43,410

the hour it's got over a million hits oh

240

00:10:46,340 --> 00:10:44,100

my god

241

00:10:47,809 --> 00:10:46,350

you know I sent that to Mark Dantonio

242

00:10:49,699 --> 00:10:47,819

you probably did too

243

00:10:51,470 --> 00:10:49,709

I haven't heard back from Mark yet on it

244

00:10:53,629 --> 00:10:51,480

just to get his opinion of that because

245

00:10:55,730 --> 00:10:53,639

that is that is incredible and that's

246

00:10:57,530 --> 00:10:55,740

that's going to be anyone listening can

247

00:10:59,720 --> 00:10:57,540

check that out through the Lincoln in

248

00:11:02,120 --> 00:10:59,730

our show notes as well yeah a lot of

249

00:11:03,949 --> 00:11:02,130

people feel that it's fake this guy has

250

00:11:06,380 --> 00:11:03,959

not been in contact with anybody the

251
00:11:07,430 --> 00:11:06,390
only person he was seemingly in contact

252
00:11:10,190 --> 00:11:07,440
with which someone who

253
00:11:13,610 --> 00:11:10,200
to buy the video and ask to repost it

254
00:11:14,930 --> 00:11:13,620
must have paid the guy otherwise he

255
00:11:18,170 --> 00:11:14,940
hasn't talked to many people in these

256
00:11:20,300 --> 00:11:18,180
disabled comments so that's kind of

257
00:11:22,400 --> 00:11:20,310
suspicious that he's not giving people

258
00:11:24,650 --> 00:11:22,410
more information and a lot of the people

259
00:11:26,990 --> 00:11:24,660
the D antonio's of the world are saying

260
00:11:29,050 --> 00:11:27,000
they think it's even too CGI interesting

261
00:11:31,370 --> 00:11:29,060
enough so we'll probably hear back from

262
00:11:33,500 --> 00:11:31,380
here some more from people as time goes

263
00:11:34,730 --> 00:11:33,510

on but yeah really interesting sighting

264

00:11:38,180 --> 00:11:34,740

that's making a lot of news right now

265

00:11:41,270 --> 00:11:38,190

yeah and if that is CGI it's a pretty

266

00:11:43,670 --> 00:11:41,280

darn good job I have to say and it makes

267

00:11:45,890 --> 00:11:43,680

it tougher and tougher doesn't it it

268

00:11:48,530 --> 00:11:45,900

does I mean it makes it yeah as we've

269

00:11:50,900 --> 00:11:48,540

talked about it is harder and harder and

270

00:11:52,730 --> 00:11:50,910

one person got frustrated and posted why

271

00:11:55,880 --> 00:11:52,740

is it incumbent upon the person who

272

00:11:58,520 --> 00:11:55,890

takes the video to substantiate its

273

00:12:01,340 --> 00:11:58,530

reality and it's like well who else

274

00:12:02,930 --> 00:12:01,350

whose job would it be then and some

275

00:12:06,680 --> 00:12:02,940

people don't care I took this video and

276

00:12:08,360 --> 00:12:06,690

you make what of it what you want and I

277

00:12:09,980 --> 00:12:08,370

can understand that because you know

278

00:12:11,270 --> 00:12:09,990

just because you take a video doesn't

279

00:12:14,720 --> 00:12:11,280

mean you're any good sort of video

280

00:12:17,030 --> 00:12:14,730

expert but there are so many hoaxes out

281

00:12:21,670 --> 00:12:17,040

there that are so convincing it's just

282

00:12:25,100 --> 00:12:21,680

really really hard right absolutely and

283

00:12:26,750 --> 00:12:25,110

we have hot spots is that the or is that

284

00:12:29,210 --> 00:12:26,760

the one you already talked about that

285

00:12:31,220 --> 00:12:29,220

was the first one I talked about okay

286

00:12:33,200 --> 00:12:31,230

the last story I was going to talk about

287

00:12:35,150 --> 00:12:33,210

and we've kind of talked about it again

288

00:12:39,340 --> 00:12:35,160

but this is an end of phase and I think

289

00:12:42,110 --> 00:12:39,350

we ought to mention it but this is

290

00:12:44,440 --> 00:12:42,120

Steven Bassett of the paradigm research

291

00:12:47,390 --> 00:12:44,450

you know he's done his citizens hearing

292

00:12:51,470 --> 00:12:47,400

part two phase two thing going on and

293

00:12:57,050 --> 00:12:51,480

now he has added a petition to the We

294

00:12:59,960 --> 00:12:57,060

the People white house thing there again

295

00:13:03,500 --> 00:12:59,970

this is the seventh time he's done this

296

00:13:05,840 --> 00:13:03,510

and I think he was inspired because one

297

00:13:08,030 --> 00:13:05,850

time he was successful the first time he

298

00:13:11,450 --> 00:13:08,040

did it okay act then you only needed

299

00:13:13,130 --> 00:13:11,460

5,000 signatures they keep raising it

300

00:13:15,710 --> 00:13:13,140

now you need a hundred thousand

301
00:13:19,190 --> 00:13:15,720
signatures of any attention the most he

302
00:13:21,260 --> 00:13:19,200
ever got was 12,000 so certainly a long

303
00:13:24,080 --> 00:13:21,270
shot but yeah he's done

304
00:13:28,250 --> 00:13:24,090
several times the first time he actually

305
00:13:31,070 --> 00:13:28,260
prompted a response from the science you

306
00:13:32,360 --> 00:13:31,080
know at like a science guy in charge of

307
00:13:35,390 --> 00:13:32,370
science at the White House would forget

308
00:13:38,870 --> 00:13:35,400
his full title and they said that there

309
00:13:41,900 --> 00:13:38,880
is no proof or of extraterrestrial life

310
00:13:44,960 --> 00:13:41,910
so essentially he is now the wording he

311
00:13:47,990 --> 00:13:44,970
is using is he's asking the Obama

312
00:13:50,690 --> 00:13:48,000
administration to support congressional

313
00:13:54,020 --> 00:13:50,700

hearings for government agency political

314

00:13:55,610 --> 00:13:54,030

witnesses to extraterrestrial related

315

00:14:00,320 --> 00:13:55,620

events and evidence

316

00:14:01,760 --> 00:14:00,330

aha well maybe you know I look at it

317

00:14:05,330 --> 00:14:01,770

this way you know

318

00:14:08,870 --> 00:14:05,340

yes he's this is seven times but he's

319

00:14:11,330 --> 00:14:08,880

trying to do something you know I give

320

00:14:13,880 --> 00:14:11,340

him an A for effort that's for sure yeah

321

00:14:18,740 --> 00:14:13,890

I mean he's out there he's doing what he

322

00:14:21,320 --> 00:14:18,750

does you know it its attention it gets

323

00:14:25,010 --> 00:14:21,330

new stories I'm sure I haven't seen any

324

00:14:27,140 --> 00:14:25,020

on this but there probably will be I

325

00:14:29,090 --> 00:14:27,150

think it would be it would be nice to

326

00:14:31,760 --> 00:14:29,100

see them kind of evolve like I think it

327

00:14:33,890 --> 00:14:31,770

would be good to give them a reason

328

00:14:36,800 --> 00:14:33,900

because it's like okay well why and

329

00:14:38,390 --> 00:14:36,810

there really is no y in here but I think

330

00:14:41,720 --> 00:14:38,400

it would be good to emphasize why this

331

00:14:45,740 --> 00:14:41,730

would be important but that would be

332

00:14:47,690 --> 00:14:45,750

helpful for people but you know it I

333

00:14:49,070 --> 00:14:47,700

guess you know like you said he's out

334

00:14:52,550 --> 00:14:49,080

there and he's doing this thing and

335

00:14:54,320 --> 00:14:52,560

bringing some awareness and so we'll see

336

00:14:56,600 --> 00:14:54,330

what happens hopefully you know it'd be

337

00:14:57,350 --> 00:14:56,610

great if it brought some people out of

338

00:14:59,870 --> 00:14:57,360

the woodwork

339

00:15:02,240 --> 00:14:59,880

that were some witnesses to some

340

00:15:04,450 --> 00:15:02,250

incredible stuff some credible witnesses

341

00:15:06,830 --> 00:15:04,460

that could share some of their stories

342

00:15:10,070 --> 00:15:06,840

absolutely well that's it for the news

343

00:15:12,980 --> 00:15:10,080

of today right that is it for the news

344

00:15:15,860 --> 00:15:12,990

today well you stay warm out there don't

345

00:15:18,770 --> 00:15:15,870

you know don't I will don't don't get

346

00:15:19,820 --> 00:15:18,780

too chilly in your in your light jacket

347

00:15:22,400 --> 00:15:19,830

in your spring jacket

348

00:15:24,820 --> 00:15:22,410

oh no I it was too warm for my jacket

349

00:15:29,570 --> 00:15:24,830

today so I left it at home

350

00:15:31,370 --> 00:15:29,580

but yeah so all right you're the one who

351
00:15:34,010 --> 00:15:31,380
need to stay warm buddy I know I know

352
00:15:35,180 --> 00:15:34,020
hey man I'll talk to you next week all

353
00:15:38,270 --> 00:15:35,190
right talk to you next week

354
00:15:40,340 --> 00:15:38,280
have a good one adios all right we have

355
00:15:43,010 --> 00:15:40,350
a longtime listener and fan of the show

356
00:15:45,710 --> 00:15:43,020
sent us some music that he creates and

357
00:15:47,120 --> 00:15:45,720
his name's Bruce Renier thank you Bruce

358
00:15:50,390 --> 00:15:47,130
and after this clip

359
00:16:01,260 --> 00:15:50,400
stay tuned for dr. arty Clark coming

360
00:16:01,270 --> 00:17:08,699
you

361
00:17:17,710 --> 00:17:12,909
dr. Rd Clark welcome to the show thank

362
00:17:19,510 --> 00:17:17,720
you yes and for the person that is not

363
00:17:22,260 --> 00:17:19,520

familiar with your work we're going to

364

00:17:25,480 --> 00:17:22,270

be talking about your book on

365

00:17:30,030 --> 00:17:25,490

Mesoamerica and the name of the book is

366

00:17:34,840 --> 00:17:33,370

uncountable America I'm excited to talk

367

00:17:37,659 --> 00:17:34,850

about that but can you give our

368

00:17:39,370 --> 00:17:37,669

listening audience basically your

369

00:17:41,289 --> 00:17:39,380

background because you have quite an

370

00:17:47,440 --> 00:17:41,299

educational background and an

371

00:17:50,620 --> 00:17:47,450

interesting one as well well I have a

372

00:17:56,710 --> 00:17:50,630

degree in English and a degree in

373

00:17:59,080 --> 00:17:56,720

history I have a psychology degree and

374

00:18:04,090 --> 00:17:59,090

I'm a licensed therapist and counselor

375

00:18:07,090 --> 00:18:04,100

and I have a doctorate in and school

376

00:18:09,760 --> 00:18:07,100

leadership and I've been a high school

377

00:18:11,700 --> 00:18:09,770

English teacher a counselor a school

378

00:18:15,310 --> 00:18:11,710

administrator a university administrator

379

00:18:21,220 --> 00:18:15,320

and professor of educational leadership

380

00:18:23,200 --> 00:18:21,230

and my thirty years at MSU Montana State

381

00:18:25,830 --> 00:18:23,210

University I was also the director of

382

00:18:31,330 --> 00:18:25,840

the Center for bilingual multicultural

383

00:18:34,169 --> 00:18:31,340

education that served approximately 25

384

00:18:37,150 --> 00:18:34,179

different Native American tribal groups

385

00:18:40,299 --> 00:18:37,160

throughout the Northwest region and you

386

00:18:43,360 --> 00:18:40,309

were really about into Arizona uh-huh so

387

00:18:45,460 --> 00:18:43,370

you've been really immersed in in native

388

00:18:49,299 --> 00:18:45,470

of the Native American culture as well

389

00:18:51,330 --> 00:18:49,309

over the years oh yes which that's my

390

00:18:55,240 --> 00:18:51,340

background too you know I mean that's I

391

00:19:01,539 --> 00:18:55,250

come from that heritage so obviously I

392

00:19:05,880 --> 00:19:01,549

have a tremendous interest in indigenous

393

00:19:09,360 --> 00:19:05,890

people you know as a whole and

394

00:19:13,919 --> 00:19:09,370

and that's what my first book focused on

395

00:19:17,070 --> 00:19:13,929

was Native Americans and in the United

396

00:19:20,780 --> 00:19:17,080

you know in the 48 states plus Alaska

397

00:19:24,780 --> 00:19:20,790

and then this book focuses upon

398

00:19:29,280 --> 00:19:24,790

indigenous people in Belize Honduras

399

00:19:32,010 --> 00:19:29,290

Guatemala in Mexico right right and and

400

00:19:33,720 --> 00:19:32,020

we'll be talking more about your first

401

00:19:38,880 --> 00:19:33,730

book in the in the second hour of the

402

00:19:42,180 --> 00:19:38,890

show now what sparked your interests and

403

00:19:46,650 --> 00:19:42,190

to me it seems to me that there's been a

404

00:19:49,680 --> 00:19:46,660

lot of a lot of history passed down in

405

00:19:52,200 --> 00:19:49,690

the Native American culture of sky

406

00:19:54,840 --> 00:19:52,210

people is that did you somehow hear this

407

00:19:57,060 --> 00:19:54,850

in the beginning somewhere in your

408

00:19:59,250 --> 00:19:57,070

travels and is that what sparked your

409

00:20:03,600 --> 00:19:59,260

interest or how did you get going on

410

00:20:08,159 --> 00:20:03,610

this subject you know I've heard the

411

00:20:10,409 --> 00:20:08,169

stories of the star people but you know

412

00:20:13,860 --> 00:20:10,419

as all little girls you go to college

413

00:20:16,950 --> 00:20:13,870

and you know you you put those stories

414

00:20:20,669 --> 00:20:16,960

aside and and you begin your career and

415

00:20:23,640 --> 00:20:20,679

and when I came to Montana State as an

416

00:20:28,230 --> 00:20:23,650

assistant professor like some over 30

417

00:20:30,930 --> 00:20:28,240

years ago now one of my jobs as a

418

00:20:34,370 --> 00:20:30,940

director of the Center for bilingual

419

00:20:38,130 --> 00:20:34,380

education was to go out and to recruit

420

00:20:43,669 --> 00:20:38,140

Native American students to come to the

421

00:20:47,280 --> 00:20:43,679

University and to study teaching and

422

00:20:48,750 --> 00:20:47,290

educational leadership because when I

423

00:20:53,810 --> 00:20:48,760

came first

424

00:20:56,549 --> 00:20:53,820

moved to Montana there were very few

425

00:20:58,110 --> 00:20:56,559

Native American teachers teaching on the

426

00:21:06,390 --> 00:20:58,120

reservation

427

00:21:09,029 --> 00:21:06,400

and our goal was to get a group of

428

00:21:10,409 --> 00:21:09,039

teachers that would return native

429

00:21:14,399 --> 00:21:10,419

teachers who had returned to the

430

00:21:16,950 --> 00:21:14,409

reservation and teach and you know set

431

00:21:23,250 --> 00:21:16,960

examples and be role models for students

432

00:21:29,190 --> 00:21:23,260

and my first trip out for recruitment

433

00:21:33,019 --> 00:21:29,200

I stopped in this one village and this

434

00:21:36,539 --> 00:21:33,029

person had agreed to serve as the

435

00:21:38,159 --> 00:21:36,549

organizer to bring all the students

436

00:21:40,769 --> 00:21:38,169

together from his reservation that were

437

00:21:44,850 --> 00:21:40,779

interested in teaching degrees I was

438

00:21:46,529 --> 00:21:44,860

offering scholarships as well so I had

439

00:21:48,149 --> 00:21:46,539

written grants and got money from the

440

00:21:51,480 --> 00:21:48,159

federal government through this

441

00:21:55,590 --> 00:21:51,490

underserved population and I could offer

442

00:21:58,440 --> 00:21:55,600

them scholarships and so after we

443

00:21:59,850 --> 00:21:58,450

finished after I finished interviewing

444

00:22:02,850 --> 00:21:59,860

the students and giving them

445

00:22:05,490 --> 00:22:02,860

applications and everything he asked me

446

00:22:07,590 --> 00:22:05,500

if I wanted to go out to dinner so we

447

00:22:09,810 --> 00:22:07,600

drove to a neighboring town and we had

448

00:22:11,310 --> 00:22:09,820

dinner and on the way back he said you

449

00:22:14,370 --> 00:22:11,320

know if you got a few minutes I'd like

450

00:22:18,060 --> 00:22:14,380

to show you something and I said sure

451

00:22:21,060 --> 00:22:18,070

and so he took me up in up in the

452

00:22:24,049 --> 00:22:21,070

mountains on this narrow dirt road and

453

00:22:27,990 --> 00:22:24,059

he said now if we're lucky they'll come

454

00:22:30,720 --> 00:22:28,000

hmm and so he reached over and got a

455

00:22:32,370 --> 00:22:30,730

pair of binoculars and we went out we

456

00:22:34,019 --> 00:22:32,380

sat on this Boulder overlooking his

457

00:22:37,919 --> 00:22:34,029

village and he began to tell me about

458

00:22:41,970 --> 00:22:37,929

how the ancestors of Sir people often

459

00:22:44,490 --> 00:22:41,980

come over his village and I was just

460

00:22:47,130 --> 00:22:44,500

astounded because I had grown up hearing

461

00:22:49,830 --> 00:22:47,140

stories of star people but I had no idea

462

00:22:53,460 --> 00:22:49,840

about other tribal groups

463

00:22:59,190 --> 00:22:53,470

had similar choice and so I began

464

00:23:01,350 --> 00:22:59,200

exploring that idea looking for legends

465

00:23:05,730 --> 00:23:01,360

and talking to elders about ancient

466

00:23:08,850 --> 00:23:05,740

legends and what I did is in the process

467

00:23:13,790 --> 00:23:08,860

I began collecting stories of

468

00:23:16,080 --> 00:23:13,800

contemporary encounters and I was just

469

00:23:19,680 --> 00:23:16,090

fascinated at the stories that I was

470

00:23:24,920 --> 00:23:19,690

collecting and I really was doing that

471

00:23:30,510 --> 00:23:24,930

as just a personal hobby I even though I

472

00:23:36,120 --> 00:23:30,520

kept notes in ours I take most of the

473

00:23:42,900 --> 00:23:36,130

stories and after I retired from MSU I

474

00:23:46,380 --> 00:23:42,910

was offered a year after I retired or

475

00:23:48,870 --> 00:23:46,390

two years after to be an evaluator of a

476
00:23:50,490 --> 00:23:48,880
federal grant that had been 5 million

477
00:23:53,400 --> 00:23:50,500
dollars that have been funded on an

478
00:23:55,290 --> 00:23:53,410
Indian Reservation so I went to DC and I

479
00:23:58,500 --> 00:23:55,300
got trained by the officials back there

480
00:24:00,840 --> 00:23:58,510
to do the evaluation and incidentally

481
00:24:04,470 --> 00:24:00,850
that wasn't my cost not not the

482
00:24:09,000 --> 00:24:04,480
taxpayers or the project I paid for it

483
00:24:12,240 --> 00:24:09,010
myself and I went back there and got the

484
00:24:14,600 --> 00:24:12,250
training and then the next week after I

485
00:24:19,050 --> 00:24:14,610
got back I went to the reservation and

486
00:24:22,500 --> 00:24:19,060
at noon that first day I was there I was

487
00:24:26,240 --> 00:24:22,510
invited to participate in a luncheon

488
00:24:30,720 --> 00:24:26,250

with several other native tribal leaders

489

00:24:33,450 --> 00:24:30,730

female tribal leaders we're seeing her

490

00:24:34,020 --> 00:24:33,460

talking and something came up about a

491

00:24:37,110 --> 00:24:34,030

UFO

492

00:24:39,240 --> 00:24:37,120

that was seen on the reservation or I'm

493

00:24:42,090 --> 00:24:39,250

not quite sure what what brought it up

494

00:24:43,980 --> 00:24:42,100

but anyway I began telling them a couple

495

00:24:46,920 --> 00:24:43,990

of the stories that I had collected over

496

00:24:49,470 --> 00:24:46,930

the years and this one lady looked at me

497

00:24:52,560 --> 00:24:49,480

and she said what are you going to do

498

00:24:55,800 --> 00:24:52,570

with those stories and I said well I

499

00:24:57,300 --> 00:24:55,810

really don't have any plans and she said

500

00:25:01,190 --> 00:24:57,310

well what's gonna happen to the map you

501
00:25:04,980 --> 00:25:01,200
pass and I said well probably be just

502
00:25:07,620 --> 00:25:04,990
thrown away and she said you know you

503
00:25:09,570 --> 00:25:07,630
have a responsibility to write a book

504
00:25:12,960 --> 00:25:09,580
about this because she said this is our

505
00:25:18,570 --> 00:25:12,970
oral history and it should be preserved

506
00:25:20,580 --> 00:25:18,580
and I was really in a dilemma because on

507
00:25:22,620 --> 00:25:20,590
the way back home I knew I couldn't do

508
00:25:25,440 --> 00:25:22,630
both

509
00:25:31,350 --> 00:25:25,450
I had just retired you know the only bit

510
00:25:33,710 --> 00:25:31,360
of retirement for a year I couldn't do

511
00:25:37,080 --> 00:25:33,720
it have I commit myself to a five-year

512
00:25:38,850 --> 00:25:37,090
evaluation and write a book and I

513
00:25:41,220 --> 00:25:38,860

thought well what is the most important

514

00:25:44,760 --> 00:25:41,230

well there are a lot of evaluators out

515

00:25:49,130 --> 00:25:44,770

there but there was no one that had the

516

00:25:52,380 --> 00:25:49,140

story that I had and so the next day I

517

00:25:57,600 --> 00:25:52,390

notified them that I really appreciated

518

00:26:07,770 --> 00:25:57,610

the offer but I would I wanted them to

519

00:26:11,070 --> 00:26:07,780

get another evaluator Wow well and so

520

00:26:12,390 --> 00:26:11,080

when you finished this book which again

521

00:26:14,360 --> 00:26:12,400

we're going to talk about in the second

522

00:26:19,440 --> 00:26:14,370

hour

523

00:26:21,630 --> 00:26:19,450

what now actually the reason I were

524

00:26:25,560 --> 00:26:21,640

speaking tonight is because of someone

525

00:26:28,620 --> 00:26:25,570

read that particular book and and loved

526

00:26:31,110 --> 00:26:28,630

it and suggested that I contact you this

527

00:26:34,020 --> 00:26:31,120

is a longtime UFO researcher he's he's

528

00:26:38,790 --> 00:26:34,030

been at it for oh in the 60s I think

529

00:26:42,780 --> 00:26:38,800

early 60s loved your first book and and

530

00:26:43,560 --> 00:26:42,790

really enjoyed it so you ended up a read

531

00:26:47,900 --> 00:26:43,570

briefly

532

00:26:50,610 --> 00:26:47,910

were in the Mesoamerican area

533

00:26:58,320 --> 00:26:50,620

geographical area you travel twenty some

534

00:27:05,350 --> 00:27:01,660

at MSU was shortly before I retired one

535

00:27:12,790 --> 00:27:05,360

of the things that that I had always had

536

00:27:15,250 --> 00:27:12,800

in my mind when I was a teenager in high

537

00:27:18,490 --> 00:27:15,260

school a teacher handed me a book

538

00:27:21,750 --> 00:27:18,500

entitled incidence of travel in Central

539

00:27:28,260 --> 00:27:21,760

America the chiapas in the Yucatan and

540

00:27:32,260 --> 00:27:28,270

it was by a man named John Stephens and

541

00:27:34,570 --> 00:27:32,270

Stephen Catherwood was the artist the

542

00:27:37,300 --> 00:27:34,580

illustrator for this book and Stephens

543

00:27:39,400 --> 00:27:37,310

Catherwood was an architect by trade and

544

00:27:44,220 --> 00:27:39,410

had traveled throughout the Middle East

545

00:27:47,590 --> 00:27:44,230

recording all the ancient architectural

546

00:27:50,320 --> 00:27:47,600

structures and in the Middle East and so

547

00:27:53,170 --> 00:27:50,330

when Stephens had heard about these

548

00:27:56,710 --> 00:27:53,180

ancient cities that were hidden in the

549

00:27:59,380 --> 00:27:56,720

jungle in Central America and Mexico and

550

00:28:01,480 --> 00:27:59,390

he made a decision that he was going to

551
00:28:03,730 --> 00:28:01,490
go down there and find out if the

552
00:28:07,420 --> 00:28:03,740
stories were true and he invited gather

553
00:28:11,620 --> 00:28:07,430
wood to go along with him to draw these

554
00:28:14,590 --> 00:28:11,630
cities and when I read the book I just

555
00:28:16,960 --> 00:28:14,600
absolutely fell in love with this the

556
00:28:18,880 --> 00:28:16,970
story of this it just was mesmerizing

557
00:28:22,330 --> 00:28:18,890
and I went back to my teacher and I said

558
00:28:24,370 --> 00:28:22,340
when I grow up I'm going to follow in

559
00:28:27,010 --> 00:28:24,380
their footsteps I'm going to go to all

560
00:28:28,720 --> 00:28:27,020
those places where she said well you

561
00:28:31,390 --> 00:28:28,730
know you might want to read their second

562
00:28:34,540 --> 00:28:31,400
book and it was incidents of travel in

563
00:28:39,250 --> 00:28:34,550

the Yucatan and it chronicled their

564

00:28:41,620 --> 00:28:39,260

second trips and it was only in Mexico

565

00:28:43,840 --> 00:28:41,630

that they traveled when they they went

566

00:28:46,630 --> 00:28:43,850

the second time the first time they they

567

00:28:48,190 --> 00:28:46,640

landed in Belize City which was at that

568

00:28:50,770 --> 00:28:48,200

time British Honduras

569

00:28:54,100 --> 00:28:50,780

now today Belize City is in the country

570

00:28:57,850 --> 00:28:54,110

of Belize and there is a separate

571

00:29:01,500 --> 00:28:57,860

Honduras and Guatemala and Mexico so

572

00:29:05,560 --> 00:29:01,510

they made that trip and I've followed

573

00:29:07,470 --> 00:29:05,570

their trip but if our stories are had a

574

00:29:10,230 --> 00:29:07,480

particular interest

575

00:29:12,350 --> 00:29:10,240

just like they did I veer off of my plan

576

00:29:15,360 --> 00:29:12,360

and and took off in another direction

577

00:29:17,100 --> 00:29:15,370

which as you know often leads you to

578

00:29:23,250 --> 00:29:17,110

some of the most revealing stories in

579

00:29:28,230 --> 00:29:23,260

law and so I decided that I was going to

580

00:29:30,630 --> 00:29:28,240

fulfill that Teenage Dream and so I set

581

00:29:33,030 --> 00:29:30,640

off to do that and started out and

582

00:29:35,910 --> 00:29:33,040

believed I followed in their footsteps

583

00:29:38,970 --> 00:29:35,920

or at least I should say what I did was

584

00:29:41,910 --> 00:29:38,980

I I went to every single site that they

585

00:29:44,220 --> 00:29:41,920

had visited if it still existed and they

586

00:29:48,720 --> 00:29:44,230

visited something like 40

587

00:29:52,440 --> 00:29:48,730

I think 44 or 45 sites and others did 89

588

00:29:54,780 --> 00:29:52,450

so you can see that my my travel was

589

00:29:59,640 --> 00:29:54,790

much more expensive but on the other

590

00:30:02,250 --> 00:29:59,650

hand you know I traveled for seven years

591

00:30:03,960 --> 00:30:02,260

to that part of the country frequently

592

00:30:08,430 --> 00:30:03,970

you know staying anywhere from two weeks

593

00:30:12,680 --> 00:30:08,440

to a month at a time to to investigate

594

00:30:15,480 --> 00:30:12,690

often embedding myself you know and in

595

00:30:17,880 --> 00:30:15,490

villages and staying so that people felt

596

00:30:20,310 --> 00:30:17,890

comfortable with me and I played with

597

00:30:22,740 --> 00:30:20,320

their children and I ate meals with him

598

00:30:25,050 --> 00:30:22,750

and I attended ceremonies and went to

599

00:30:27,360 --> 00:30:25,060

funerals and and went to wedding

600

00:30:29,460 --> 00:30:27,370

celebrations and all sorts of things so

601
00:30:34,890 --> 00:30:29,470
that people felt comfortable with who I

602
00:30:38,130 --> 00:30:34,900
was and and the stories began to emerge

603
00:30:43,470 --> 00:30:38,140
and I can't begin to tell you how

604
00:30:45,570 --> 00:30:43,480
important it was for me to have the

605
00:30:48,600 --> 00:30:45,580
drivers and the guides and the

606
00:30:51,810 --> 00:30:48,610
interpreters who accompanied me or who

607
00:30:55,410 --> 00:30:51,820
hired when I got to a particular site to

608
00:30:59,400 --> 00:30:55,420
assist me because they were just

609
00:31:04,280 --> 00:30:59,410
invaluable in terms of providing me

610
00:31:09,029 --> 00:31:04,290
access introducing me validating me and

611
00:31:09,029 --> 00:31:09,039
people you know protecting me basically

612
00:31:17,340 --> 00:31:13,639
and and so it was a the you know an

613
00:31:20,519 --> 00:31:17,350

unbelievable experience it really sounds

614

00:31:23,430 --> 00:31:20,529

it now how did you handle the the

615

00:31:26,669 --> 00:31:23,440

language I'm sure you have had to deal

616

00:31:31,710 --> 00:31:26,679

with several languages I did you know

617

00:31:34,200 --> 00:31:31,720

several dialects I mean yes yeah well I

618

00:31:36,330 --> 00:31:34,210

also interviewed some Zapotec so you

619

00:31:38,430 --> 00:31:36,340

know the zapotec language was mixed in

620

00:31:42,840 --> 00:31:38,440

there and and the mixed tech who has a

621

00:31:45,810 --> 00:31:42,850

different language in and the the Maya

622

00:31:51,180 --> 00:31:45,820

has several dialects

623

00:31:53,879 --> 00:31:51,190

and handled that is I one of the

624

00:31:58,669 --> 00:31:53,889

requirements for a driver was that they

625

00:32:04,769 --> 00:31:58,679

spoke English Spanish and at least one

626

00:32:07,200 --> 00:32:04,779

native dialect and I had one guy that

627

00:32:09,899 --> 00:32:07,210

spoke six different dialects of the Maya

628

00:32:12,600 --> 00:32:09,909

language as well as Spanish English and

629

00:32:18,720 --> 00:32:12,610

French throne and so you know he was

630

00:32:20,759 --> 00:32:18,730

highly skilled elastically but if I came

631

00:32:22,799 --> 00:32:20,769

to a community where I didn't have a

632

00:32:26,430 --> 00:32:22,809

speaker I hired somebody in that

633

00:32:28,980 --> 00:32:26,440

community who who was a who was a

634

00:32:31,080 --> 00:32:28,990

speaker and and it's rather interesting

635

00:32:35,639 --> 00:32:31,090

because throughout my travels around

636

00:32:37,560 --> 00:32:35,649

people who spoke English particularly

637

00:32:39,750 --> 00:32:37,570

younger people because they ever had

638

00:32:43,289 --> 00:32:39,760

lived in the United States I mean

639

00:32:50,580 --> 00:32:43,299

several of my people are hired as

640

00:32:52,560 --> 00:32:50,590

drivers or guides or interpreters had

641

00:32:56,279 --> 00:32:52,570

lived in the United States had come into

642

00:32:58,649 --> 00:32:56,289

the United States as illegals but after

643

00:33:00,180 --> 00:32:58,659

they got a certain amount of money and

644

00:33:02,909 --> 00:33:00,190

were able to go home and build a small

645

00:33:06,090 --> 00:33:02,919

home for their mother or for their

646

00:33:10,259 --> 00:33:06,100

families whatever returned because they

647

00:33:12,810 --> 00:33:10,269

they spoke of the fear of living here

648

00:33:14,580 --> 00:33:12,820

and being an illegal and how they could

649

00:33:16,710 --> 00:33:14,590

never really relax because they were

650

00:33:17,930 --> 00:33:16,720

always afraid they were going to get

651
00:33:19,880 --> 00:33:17,940
caught

652
00:33:23,900 --> 00:33:19,890
so they would come here and earn money

653
00:33:25,670 --> 00:33:23,910
and get out and and then with a benefit

654
00:33:28,220 --> 00:33:25,680
of the English language then at their

655
00:33:31,160 --> 00:33:28,230
disposal they were able to get into the

656
00:33:36,020 --> 00:33:31,170
tourist industry or become a guide or

657
00:33:40,100 --> 00:33:36,030
a driver or whatever when people like me

658
00:33:43,700 --> 00:33:40,110
came along and need assistance mm-hmm

659
00:33:46,760 --> 00:33:43,710
yeah that's that helped out in that way

660
00:33:49,460 --> 00:33:46,770
now did you were there parts of the

661
00:33:52,160 --> 00:33:49,470
places that you went where there was

662
00:33:56,450 --> 00:33:52,170
early I don't know it's sort of like

663
00:33:58,280 --> 00:33:56,460

tribal conditions like people separated

664

00:34:02,840 --> 00:33:58,290

from the rest of society

665

00:34:07,640 --> 00:34:02,850

well the land owned Maya who live

666

00:34:11,000 --> 00:34:07,650

oh it's about maybe 40 40 50 miles from

667

00:34:14,000 --> 00:34:11,010

Palenque which is in the Chiapas up in

668

00:34:17,140 --> 00:34:14,010

the mountains in the Chiapas they were a

669

00:34:20,330 --> 00:34:17,150

group of the Maya who entered you know

670

00:34:24,050 --> 00:34:20,340

separated themselves so much from the

671

00:34:27,560 --> 00:34:24,060

rest of the you know of their group and

672

00:34:31,190 --> 00:34:27,570

have carried on their ways of life their

673

00:34:34,390 --> 00:34:31,200

religion their you know ancient

674

00:34:38,409 --> 00:34:34,400

practices even and you know until today

675

00:34:44,510 --> 00:34:38,419

they still dressed as they as they want

676

00:34:47,060 --> 00:34:44,520

as they always did they have long hair

677

00:34:50,810 --> 00:34:47,070

both of men women and children all have

678

00:34:53,620 --> 00:34:50,820

long straight hair separated it just

679

00:34:55,970 --> 00:34:53,630

falls down their back they wear these

680

00:34:57,890 --> 00:34:55,980

I'm not sure what they're made out of

681

00:35:01,250 --> 00:34:57,900

but they look like home spun cotton

682

00:35:09,510 --> 00:35:01,260

gowns they all dress alike and men women

683

00:35:15,780 --> 00:35:12,330

it's just like a gown that comes down to

684

00:35:19,130 --> 00:35:15,790

their ankle and and just a hole with

685

00:35:22,890 --> 00:35:19,140

with sleeves and at shorts please

686

00:35:25,920 --> 00:35:22,900

they're you know I met several groups in

687

00:35:27,810 --> 00:35:25,930

villages every village oh when you get

688

00:35:29,790 --> 00:35:27,820

into the highlands and a lot of those

689

00:35:33,990 --> 00:35:29,800

mountain villages they all have a

690

00:35:37,620 --> 00:35:34,000

distinctive way of dress and I had

691

00:35:39,480 --> 00:35:37,630

people women tell me describe to me what

692

00:35:42,060 --> 00:35:39,490

their dresses meant the symbolism behind

693

00:35:51,000 --> 00:35:42,070

their dresses a lot of it has to do with

694

00:35:53,790 --> 00:35:51,010

the cosmos and the Stars and I had met

695

00:35:56,040 --> 00:35:53,800

one group and you know they they live

696

00:36:00,330 --> 00:35:56,050

kind of in Philly she can be kind of

697

00:36:03,870 --> 00:36:00,340

almost live in a fort of seclusion they

698

00:36:06,090 --> 00:36:03,880

have a history of murdering the only

699

00:36:11,580 --> 00:36:06,100

Catholic priests that ever came to their

700

00:36:14,250 --> 00:36:11,590

village they they defeated the Spaniards

701
00:36:18,180 --> 00:36:14,260
now they were up in LA Makkah and they

702
00:36:20,070 --> 00:36:18,190
just faded the Spaniards by pouring they

703
00:36:22,260 --> 00:36:20,080
would they had this fort built around

704
00:36:24,270 --> 00:36:22,270
their village and they literally would

705
00:36:26,880 --> 00:36:24,280
go up on top of the fort and pour

706
00:36:31,800 --> 00:36:26,890
boiling water and boiling oil over on

707
00:36:33,510 --> 00:36:31,810
the Spanish soldiers no Mexican

708
00:36:35,970 --> 00:36:33,520
policeman is even allowed in this

709
00:36:38,400 --> 00:36:35,980
community they have their own laws and

710
00:36:39,780 --> 00:36:38,410
if you as a visitor and they allow this

711
00:36:42,690 --> 00:36:39,790
church to come and of course you gotta

712
00:36:45,480 --> 00:36:42,700
pay and everything you do you have to

713
00:36:47,160 --> 00:36:45,490

pay you have to pay to get into the

714

00:36:55,170 --> 00:36:47,170

village you have to pay to go to the

715

00:36:57,120 --> 00:36:55,180

church and they they are they allow that

716

00:36:59,580 --> 00:36:57,130

but once you're in there you're

717

00:37:02,280 --> 00:36:59,590

vulnerable to their laws and if you do

718

00:37:05,640 --> 00:37:02,290

something you're not supposed to do you

719

00:37:09,210 --> 00:37:05,650

know it should mean your life and so my

720

00:37:11,820 --> 00:37:09,220

you know my drivers and gods are very

721

00:37:15,060 --> 00:37:11,830

careful they do this do this what to

722

00:37:18,750 --> 00:37:15,070

wear what not to do because you know I

723

00:37:21,390 --> 00:37:18,760

mean there's records of you know people

724

00:37:23,760 --> 00:37:21,400

being killed tourists being killed and

725

00:37:26,490 --> 00:37:23,770

the police will not do anything about it

726

00:37:28,410 --> 00:37:26,500

because they have no authority and the

727

00:37:30,510 --> 00:37:28,420

US government won't do anything about it

728

00:37:33,300 --> 00:37:30,520

so if you go into some of these you know

729

00:37:39,300 --> 00:37:33,310

communities and then you know they have

730

00:37:41,880 --> 00:37:39,310

a history exhaling any one within their

731

00:37:45,000 --> 00:37:41,890

community who marries ex outside their

732

00:37:47,730 --> 00:37:45,010

community and I found that to be fairly

733

00:37:51,870 --> 00:37:47,740

common in some of those isolated

734

00:37:55,320 --> 00:37:51,880

villages in in Oaxaca particularly in a

735

00:37:57,660 --> 00:37:55,330

state of luck I'm sure I want to

736

00:37:59,510 --> 00:37:57,670

apologize to people listening live I

737

00:38:02,280 --> 00:37:59,520

understand through the chat room that

738

00:38:05,280 --> 00:38:02,290

the sound keeps truck dropping I've been

739

00:38:08,609 --> 00:38:05,290

trying to reach the producer and so he

740

00:38:10,560 --> 00:38:08,619

when he gets back and I'm sure he'll

741

00:38:12,240 --> 00:38:10,570

he'll fix that and again I apologize and

742

00:38:14,220 --> 00:38:12,250

if you are listening live you are

743

00:38:15,780 --> 00:38:14,230

welcome to jump in the chatroom if you'd

744

00:38:19,800 --> 00:38:15,790

like to pose a question to our guests

745

00:38:21,630 --> 00:38:19,810

just go to podcast UFO comm and it's a 2

746

00:38:25,320 --> 00:38:21,640

click sign up the chat rooms right there

747

00:38:27,810 --> 00:38:25,330

on the sidebar so let's let's jump right

748

00:38:30,540 --> 00:38:27,820

in and talk about one of the stories

749

00:38:34,140 --> 00:38:30,550

love to hear some of these stories and

750

00:38:37,080 --> 00:38:34,150

it doesn't necessarily have to be your

751

00:38:40,020 --> 00:38:37,090

favorite one that you have but I just

752

00:38:43,380 --> 00:38:40,030

want to hear a variety of what these

753

00:38:45,720 --> 00:38:43,390

people have been saying well let's start

754

00:38:49,590 --> 00:38:45,730

with because that's the first country I

755

00:38:51,240 --> 00:38:49,600

visited now I had no no real really no

756

00:38:53,930 --> 00:38:51,250

language problem in Belize because

757

00:38:57,890 --> 00:38:53,940

believes is an english-speaking nation

758

00:39:04,750 --> 00:38:57,900

the only one in that part of the world

759

00:39:09,350 --> 00:39:04,760

and I had heard a story when about a

760

00:39:13,190 --> 00:39:09,360

stone woman and the local legend says

761

00:39:15,590 --> 00:39:13,200

around the end of the 1800s a young man

762

00:39:18,320 --> 00:39:15,600

from the village went hunting and as he

763

00:39:21,320 --> 00:39:18,330

approached the ancient city which was

764

00:39:22,940 --> 00:39:21,330

the Ancients in their village was not in

765

00:39:25,850 --> 00:39:22,950

the ancient city but as he approached

766

00:39:26,900 --> 00:39:25,860

the ancient city and he caused the base

767

00:39:29,990 --> 00:39:26,910

of a cocido

768

00:39:31,910 --> 00:39:30,000

which is the pyramid that beneath the

769

00:39:34,820 --> 00:39:31,920

base of the pyramid there was a cavern

770

00:39:38,600 --> 00:39:34,830

and there standing at the base of this

771

00:39:41,120 --> 00:39:38,610

pyramid was this beautiful statuesque my

772

00:39:44,690 --> 00:39:41,130

woman dressed in a long flowing white

773

00:39:47,750 --> 00:39:44,700

dress and that she had red glowing eyes

774

00:39:49,940 --> 00:39:47,760

but that she did not move in that that's

775

00:39:54,590 --> 00:39:49,950

how it she earned the name the stone

776

00:39:56,720 --> 00:39:54,600

woman according to the young hunter she

777

00:39:58,820 --> 00:39:56,730

sparked in the Rays of the Rising Sun

778

00:40:01,130 --> 00:39:58,830

and he said he was so awestruck by her

779

00:40:03,050 --> 00:40:01,140

appearance that he threw his gun aside

780

00:40:05,270 --> 00:40:03,060

and he ran to the village and told the

781

00:40:08,720 --> 00:40:05,280

people all about this beautiful woman of

782

00:40:12,710 --> 00:40:08,730

stone and several villagers including

783

00:40:14,870 --> 00:40:12,720

the local priest or shaman went went to

784

00:40:17,660 --> 00:40:14,880

the site and when they arrived there

785

00:40:20,540 --> 00:40:17,670

they found the mouth of the cave but the

786

00:40:23,030 --> 00:40:20,550

stone woman had disappeared well

787

00:40:24,950 --> 00:40:23,040

occasionally the stone woman reappears

788

00:40:29,090 --> 00:40:24,960

and I happened to be in that part of the

789

00:40:32,210 --> 00:40:29,100

world one time when there was a recent

790

00:40:36,380 --> 00:40:32,220

account of a local shaman reporting the

791

00:40:41,660 --> 00:40:36,390

stone woman was seen again and and that

792

00:40:44,710 --> 00:40:41,670

he saw her ascending to a large silver

793

00:40:47,570 --> 00:40:44,720

disc that hung over the ancient site

794

00:40:49,490 --> 00:40:47,580

others that witnessed the event said

795

00:40:53,150 --> 00:40:49,500

they saw her climb the pyramid and

796

00:40:54,890 --> 00:40:53,160

disappear inside a wall and even though

797

00:40:57,440 --> 00:40:54,900

Stevens and Catherwood had not ventured

798

00:41:01,400 --> 00:40:57,450

to this site I decided to take that trip

799

00:41:03,970 --> 00:41:01,410

because I wanted to get the lowdown so

800

00:41:07,390 --> 00:41:03,980

to speak on what was going on

801
00:41:11,410 --> 00:41:07,400
and so my guide and I headed out to the

802
00:41:13,630 --> 00:41:11,420
village and we the the priest was gone

803
00:41:16,300 --> 00:41:13,640
home but she told us where that we could

804
00:41:17,650 --> 00:41:16,310
find him at the ancient site so in order

805
00:41:20,800 --> 00:41:17,660
to get there you have to take this

806
00:41:24,070 --> 00:41:20,810
hand-cranked ferry over the the motown

807
00:41:28,920 --> 00:41:24,080
River and so we got on this ferry and we

808
00:41:36,220 --> 00:41:28,930
we cranked our way across the river and

809
00:41:39,880 --> 00:41:36,230
the waited like a a mile from Guatemala

810
00:41:42,940 --> 00:41:39,890
in fact it's that close to the

811
00:41:49,360 --> 00:41:42,950
Guatemalan border but there's no road to

812
00:41:51,670 --> 00:41:49,370
get there they estimate that that this

813
00:41:53,020 --> 00:41:51,680

place was probably abandoned around a

814

00:41:58,030 --> 00:41:53,030

thousand AD

815

00:42:00,100 --> 00:41:58,040

well we located the shaman who agreed to

816

00:42:02,020 --> 00:42:00,110

tell us the story and he explained that

817

00:42:03,790 --> 00:42:02,030

for several weeks

818

00:42:10,570 --> 00:42:03,800

the residents had been seeing strange

819

00:42:12,850 --> 00:42:10,580

flying objects over the town and the

820

00:42:16,300 --> 00:42:12,860

villagers called the object circles that

821

00:42:18,280 --> 00:42:16,310

blocked the Sun and reportedly there was

822

00:42:20,890 --> 00:42:18,290

a light radiating from underneath the

823

00:42:24,160 --> 00:42:20,900

craft which pulsated from a bright

824

00:42:26,020 --> 00:42:24,170

yellow to a blinding blue light but

825

00:42:27,700 --> 00:42:26,030

there was no sound coming from the craft

826

00:42:30,220 --> 00:42:27,710

so they called it the circles that

827

00:42:32,860 --> 00:42:30,230

blocked the Sun and then after several

828

00:42:36,280 --> 00:42:32,870

weeks the sightings had had set the

829

00:42:38,140 --> 00:42:36,290

people on edge and so he said that the

830

00:42:40,360 --> 00:42:38,150

people had spent much of their time in

831

00:42:43,240 --> 00:42:40,370

church praying because they weren't sure

832

00:42:44,980 --> 00:42:43,250

what was going on and I asked him I said

833

00:42:47,650 --> 00:42:44,990

what was this the time that the stone

834

00:42:49,740 --> 00:42:47,660

woman appeared and he said yes and he

835

00:42:52,690 --> 00:42:49,750

said from the first time she was spotted

836

00:42:57,400 --> 00:42:52,700

the owners talked about a strange flying

837

00:42:59,830 --> 00:42:57,410

machine that circled the sky and I said

838

00:43:00,940 --> 00:42:59,840

well the stories of her originated in

839

00:43:03,580 --> 00:43:00,950

the 1800s

840

00:43:06,850 --> 00:43:03,590

did those stories also talk about a

841

00:43:08,860 --> 00:43:06,860

flying saucer and he said as long as he

842

00:43:10,840 --> 00:43:08,870

could remember the owners have said the

843

00:43:14,230 --> 00:43:10,850

stone woman comes from the sky

844

00:43:15,910 --> 00:43:14,240

and they said she is a scar woman and I

845

00:43:19,690 --> 00:43:15,920

said well what did he tell me about the

846

00:43:21,580 --> 00:43:19,700

most recent event and he said well it

847

00:43:23,260 --> 00:43:21,590

was a Sunday morning and the people are

848

00:43:25,240 --> 00:43:23,270

headed to church when the craft came

849

00:43:29,020 --> 00:43:25,250

over the village at a very slow speed

850

00:43:31,720 --> 00:43:29,030

and I said well can you tell me any

851

00:43:35,410 --> 00:43:31,730

details and he said well it was loud it

852

00:43:37,660 --> 00:43:35,420

had no wings and I said well did you see

853

00:43:40,210 --> 00:43:37,670

a woman the woman called the one called

854

00:43:43,480 --> 00:43:40,220

the stone woman and he said I saw a

855

00:43:45,430 --> 00:43:43,490

woman and she was magnificent and he

856

00:43:47,730 --> 00:43:45,440

said she glowed like the star she was

857

00:43:50,920 --> 00:43:47,740

the most beautiful woman I've ever seen

858

00:43:53,710 --> 00:43:50,930

she said he said she descended from the

859

00:43:55,600 --> 00:43:53,720

craft on a beam of light she stood at

860

00:43:58,180 --> 00:43:55,610

the entrance of the pyramid and walked

861

00:44:01,180 --> 00:43:58,190

inside the cave and he said when she

862

00:44:03,640 --> 00:44:01,190

emerged she climbed to the top of

863

00:44:05,710 --> 00:44:03,650

tostito and a beam of light came down

864

00:44:09,220 --> 00:44:05,720

and she entered the craft just as she

865

00:44:10,990 --> 00:44:09,230

had emerged from it and I said to him I

866

00:44:12,750 --> 00:44:11,000

said well were you the only witness and

867

00:44:15,220 --> 00:44:12,760

he said well there were several others

868

00:44:18,250 --> 00:44:15,230

but some of them said she walked inside

869

00:44:21,070 --> 00:44:18,260

the pyramid and disappeared but he said

870

00:44:24,340 --> 00:44:21,080

I know the truth because I waited her

871

00:44:27,670 --> 00:44:24,350

eyes and I said well what do you mean

872

00:44:30,900 --> 00:44:27,680

you avoided her eyes and he said she has

873

00:44:34,030 --> 00:44:30,910

red glowing eyes and she has the ability

874

00:44:37,300 --> 00:44:34,040

that if you look at this look at it in

875

00:44:40,450 --> 00:44:37,310

July she has a power over you that makes

876

00:44:44,590 --> 00:44:40,460

you see what she wants to see and he

877

00:44:47,290 --> 00:44:44,600

said so I knew that and so I didn't look

878

00:44:49,870 --> 00:44:47,300

in her eyes and so I was able to see

879

00:44:52,000 --> 00:44:49,880

what was actually going on where she

880

00:44:55,930 --> 00:44:52,010

made the other people see what she

881

00:44:58,690 --> 00:44:55,940

wanted them to see so that was the story

882

00:45:03,930 --> 00:44:58,700

of a stone woman of belief and you know

883

00:45:07,660 --> 00:45:03,940

based on an ancient ancient story I

884

00:45:09,700 --> 00:45:07,670

asked him I said do you believe the

885

00:45:12,040 --> 00:45:09,710

original story that she was a woman of

886

00:45:14,560 --> 00:45:12,050

stone and he said I don't believe she

887

00:45:17,320 --> 00:45:14,570

was he said I think the young hunter who

888

00:45:19,930 --> 00:45:17,330

first saw her was so dazzled by her

889

00:45:21,260 --> 00:45:19,940

beauty she made him think she was a

890

00:45:23,270 --> 00:45:21,270

woman of succs don't

891

00:45:26,210 --> 00:45:23,280

these are the people from the stars have

892

00:45:30,470 --> 00:45:26,220

great powers more than those of us on

893

00:45:32,990 --> 00:45:30,480

earth and he said I believe she is a

894

00:45:36,530 --> 00:45:33,000

living breathing star goddess who cast a

895

00:45:39,040 --> 00:45:36,540

spell on those who saw her and made them

896

00:45:44,450 --> 00:45:39,050

believe what she wanted them to believe

897

00:45:46,550 --> 00:45:44,460

and he said she was taller than our

898

00:45:49,670 --> 00:45:46,560

women she had black hair that flowed

899

00:45:53,030 --> 00:45:49,680

down the back to her waist she long

900

00:45:55,160 --> 00:45:53,040

white dress with embroidery and but he

901
00:45:57,500 --> 00:45:55,170
said I wasn't close enough to recognize

902
00:45:59,330 --> 00:45:57,510
the sign designs of her embroidery and

903
00:46:02,870 --> 00:45:59,340
as I mentioned before that was very

904
00:46:06,520 --> 00:46:02,880
important because each village has its

905
00:46:10,460 --> 00:46:06,530
own way of dress in many parts of that

906
00:46:14,090 --> 00:46:10,470
of Mesoamerica that identifies where

907
00:46:16,430 --> 00:46:14,100
they're from and as the women you know

908
00:46:19,400 --> 00:46:16,440
to us they may look like floral designs

909
00:46:23,720 --> 00:46:19,410
or abstract designs but the women tell

910
00:46:28,070 --> 00:46:23,730
me that in in the old days a traditional

911
00:46:29,990 --> 00:46:28,080
way of embroidering your dress had to do

912
00:46:36,800 --> 00:46:30,000
with your connection with the cosmos in

913
00:46:38,660 --> 00:46:36,810

the star system so that was one of the

914

00:46:43,370 --> 00:46:38,670

stories I thought that was interesting

915

00:46:46,430 --> 00:46:43,380

you know and you know and in Iran on I

916

00:46:48,620 --> 00:46:46,440

met another a man and believes who told

917

00:46:51,710 --> 00:46:48,630

me that he had a double on another

918

00:46:56,720 --> 00:46:51,720

planet that he had actually been cloned

919

00:47:00,200 --> 00:46:56,730

and for the purposes and he grew up with

920

00:47:04,430 --> 00:47:00,210

this this child who was his clone and

921

00:47:08,500 --> 00:47:04,440

this clone learned everything from him

922

00:47:11,660 --> 00:47:08,510

and then the idea being that the

923

00:47:15,940 --> 00:47:11,670

basement excuse me the space men were

924

00:47:18,339 --> 00:47:15,950

literally populating another planet

925

00:47:20,440 --> 00:47:18,349

and he was going to be one that they

926
00:47:23,530 --> 00:47:20,450
would use but his clone would populate

927
00:47:26,200 --> 00:47:23,540
be a part of that population so some

928
00:47:28,780 --> 00:47:26,210
interesting stories out of belief yes

929
00:47:31,030 --> 00:47:28,790
and let's let's go into some of the

930
00:47:35,460 --> 00:47:31,040
other country some well let me ask you

931
00:47:38,500 --> 00:47:35,470
this this just occurred to me were there

932
00:47:41,440 --> 00:47:38,510
commonalities in some of these stories

933
00:47:43,930 --> 00:47:41,450
spread apart in different areas and

934
00:47:47,039 --> 00:47:43,940
different in different countries as you

935
00:47:53,470 --> 00:47:47,049
were traveling well you know I think

936
00:47:55,450 --> 00:47:53,480
sometimes a description of the the of

937
00:48:02,099 --> 00:47:55,460
the aliens they encountered or the

938
00:48:07,059 --> 00:48:05,349

there were similarities with other

939

00:48:09,490 --> 00:48:07,069

stories that you've heard in the u.s.

940

00:48:11,410 --> 00:48:09,500

like the different kinds of aliens I

941

00:48:13,180 --> 00:48:11,420

think we could say some of them were

942

00:48:16,240 --> 00:48:13,190

that's all whites and some of them were

943

00:48:20,339 --> 00:48:16,250

the the little gray men and some of them

944

00:48:28,049 --> 00:48:20,349

were lizard like men or more lizard than

945

00:48:33,460 --> 00:48:28,059

humans or you know human-like but I

946

00:48:38,370 --> 00:48:33,470

heard stories of women being abducted

947

00:48:41,710 --> 00:48:38,380

and pregnant and tagged nated but not

948

00:48:45,010 --> 00:48:41,720

necessarily you know it ran the whole

949

00:48:47,230 --> 00:48:45,020

gamut of of different kinds of things

950

00:48:49,839 --> 00:48:47,240

that you know to say the only

951
00:48:52,750 --> 00:48:49,849
commonality would be the encounters you

952
00:48:55,860 --> 00:48:52,760
know that they had encounters well but

953
00:49:01,680 --> 00:48:55,870
they varied so distinctly

954
00:49:03,570 --> 00:49:01,690
right uh-huh and when when you were also

955
00:49:07,950 --> 00:49:03,580
speaking to the people there were there

956
00:49:13,140 --> 00:49:07,960
any incidents that happened you know

957
00:49:16,590 --> 00:49:13,150
fairly you know not that long ago like

958
00:49:19,110 --> 00:49:16,600
in other words a recent encounter well

959
00:49:21,510 --> 00:49:19,120
there was one encounter that occurred

960
00:49:27,000 --> 00:49:21,520
you know in Honduras when I was there

961
00:49:30,360 --> 00:49:27,010
and I was stating in this kind of

962
00:49:34,740 --> 00:49:30,370
boutique hotel my driver from Belize had

963
00:49:37,080 --> 00:49:34,750

taken me to Honduras to coupon which it

964

00:49:41,940 --> 00:49:37,090

was the the first site that Stevens and

965

00:49:45,000 --> 00:49:41,950

Catherwood had visited and so my plan

966

00:49:47,910 --> 00:49:45,010

was you know I had arranged for a driver

967

00:49:52,700 --> 00:49:47,920

to pick me up and cope on and take me to

968

00:49:56,880 --> 00:49:52,710

Guatemala but I did not have a driver

969

00:49:59,460 --> 00:49:56,890

once I got to cope on because the city

970

00:50:01,680 --> 00:49:59,470

is actually called copan ruins and and

971

00:50:03,540 --> 00:50:01,690

and then the villa the ancient site is

972

00:50:05,070 --> 00:50:03,550

is called Poupon

973

00:50:06,780 --> 00:50:05,080

to me it felt like it should have been

974

00:50:11,310 --> 00:50:06,790

the opposite but that's the way it was

975

00:50:13,620 --> 00:50:11,320

and all along there were enough people

976
00:50:15,510 --> 00:50:13,630
there who spoke English to because there

977
00:50:22,200 --> 00:50:15,520
is a bilingual school there this teaches

978
00:50:24,510 --> 00:50:22,210
English and and us Spanish and what's

979
00:50:26,670 --> 00:50:24,520
interesting is they attract all of these

980
00:50:29,550 --> 00:50:26,680
students these english-speaking students

981
00:50:33,030 --> 00:50:29,560
from all over the world particularly

982
00:50:36,510 --> 00:50:33,040
from the UK to come there and teach in

983
00:50:39,270 --> 00:50:36,520
their school for minimum rewards and I

984
00:50:45,499 --> 00:50:39,280
think perhaps room and board and these

985
00:50:50,120 --> 00:50:45,509
kids are all learning English and but

986
00:50:53,389 --> 00:50:50,130
I Eleni approached me and and and say to

987
00:50:55,999 --> 00:50:53,399
me that she said you know if you go into

988
00:51:00,079 --> 00:50:56,009

cope on at night if you go into the site

989

00:51:02,269 --> 00:51:00,089

at night the ancestors will come if you

990

00:51:03,199 --> 00:51:02,279

are indigenous and she said you are

991

00:51:09,019 --> 00:51:03,209

indigenous

992

00:51:12,349 --> 00:51:09,029

I said yes USA and she said well the

993

00:51:14,479 --> 00:51:12,359

priest said you would come and I said

994

00:51:17,299 --> 00:51:14,489

are you talking about the Catholic

995

00:51:20,209 --> 00:51:17,309

priest and she said no I'm talking about

996

00:51:26,599 --> 00:51:20,219

our priest in in my village she says I

997

00:51:30,679 --> 00:51:26,609

live in the mountains away from the city

998

00:51:32,889 --> 00:51:30,689

and she began to tell me that this they

999

00:51:39,319 --> 00:51:32,899

had fallen on hard times and this was

1000

00:51:42,079 --> 00:51:39,329

around 2008 when the economy had really

1001
00:51:47,749 --> 00:51:42,089
tanked and people weren't traveling as

1002
00:51:50,029 --> 00:51:47,759
much to that part of the world and their

1003
00:51:51,919 --> 00:51:50,039
economy had suffered because the people

1004
00:51:56,379 --> 00:51:51,929
there depends so much on the tourist

1005
00:52:00,649 --> 00:51:56,389
industry and so she told me that that

1006
00:52:03,729 --> 00:52:00,659
their priests had said that a woman was

1007
00:52:07,669 --> 00:52:03,739
coming from the north el norte

1008
00:52:10,819 --> 00:52:07,679
and that this woman was going to be very

1009
00:52:14,299 --> 00:52:10,829
kind and she said I know you're that

1010
00:52:16,549 --> 00:52:14,309
woman and I said well I know I'm not I

1011
00:52:20,599 --> 00:52:16,559
can't be that woman I'm you know I'm

1012
00:52:23,689 --> 00:52:20,609
just a professor I'm not anybody and she

1013
00:52:25,370 --> 00:52:23,699

said oh no you are she said you know I

1014

00:52:28,370 --> 00:52:25,380

see how you treat people

1015

00:52:31,370 --> 00:52:28,380

I see how you talk to the children I see

1016

00:52:35,509 --> 00:52:31,380

how you leave tips I see how you speak

1017

00:52:38,479 --> 00:52:35,519

to people so she just insisted that I

1018

00:52:40,309 --> 00:52:38,489

was the woman that her her priest had

1019

00:52:43,759 --> 00:52:40,319

had predicted would comes to their

1020

00:52:45,440 --> 00:52:43,769

village and she said tonight my brother

1021

00:52:48,410 --> 00:52:45,450

will come for you

1022

00:52:51,260 --> 00:52:48,420

and he will take you into the city and

1023

00:52:54,470 --> 00:52:51,270

if you have a kind heart and you are

1024

00:52:59,329 --> 00:52:54,480

that woman the the the ancients were

1025

00:53:02,059 --> 00:52:59,339

coming and I said well who are the

1026
00:53:05,049 --> 00:53:02,069
ancients you mean the star people and

1027
00:53:07,780 --> 00:53:05,059
she said see they they they will come

1028
00:53:11,839 --> 00:53:07,790
and so about midnight her brother

1029
00:53:17,980 --> 00:53:11,849
Theodora door knocked on the door and

1030
00:53:22,130 --> 00:53:17,990
and he led me into the jungle and we

1031
00:53:26,870 --> 00:53:22,140
find this pyramid in the dark and we sat

1032
00:53:29,960 --> 00:53:26,880
there and I could hear the bat you know

1033
00:53:32,890 --> 00:53:29,970
below and I can see the stars that just

1034
00:53:35,240 --> 00:53:32,900
seemed you know unbelievably bright

1035
00:53:46,059 --> 00:53:35,250
sitting there on that pyramid and he

1036
00:53:49,970 --> 00:53:46,069
says now we wait and along before dogs

1037
00:53:51,859 --> 00:53:49,980
all of a sudden these lights appeared

1038
00:53:57,710 --> 00:53:51,869

and they they were like they were

1039

00:54:03,980 --> 00:53:57,720

cavorting in the plaza and there were

1040

00:54:07,910 --> 00:54:03,990

several of them maybe 20 just almost

1041

00:54:12,380 --> 00:54:07,920

like they were dancing they were and he

1042

00:54:14,089 --> 00:54:12,390

and Pedro says they're here and then one

1043

00:54:16,900 --> 00:54:14,099

of them broke away from the rest of the

1044

00:54:21,820 --> 00:54:16,910

group that came right in front of me and

1045

00:54:27,010 --> 00:54:21,830

the others lined up behind this light

1046

00:54:32,280 --> 00:54:27,020

and then all of a sudden the Sun came up

1047

00:54:38,650 --> 00:54:32,290

and they disappeared and I looked up

1048

00:54:45,100 --> 00:54:38,660

overhead and there was a wheel light

1049

00:54:48,220 --> 00:54:45,110

craft circling above the closet it is it

1050

00:54:50,560 --> 00:54:48,230

covered the entire space now one of the

1051

00:54:53,290 --> 00:54:50,570

plazas I forget is what four or five

1052

00:54:57,070 --> 00:54:53,300

foot pulses four thousand four five

1053

00:55:00,630 --> 00:54:57,080

football fields it was rotating very

1054

00:55:05,970 --> 00:55:00,640

slowly and then all of a sudden it

1055

00:55:09,520 --> 00:55:05,980

accelerated and it took off and was gone

1056

00:55:15,630 --> 00:55:09,530

well I'm just dumbfounded and my trip my

1057

00:55:19,480 --> 00:55:15,640

guide Teodoro says you're one of us and

1058

00:55:21,460 --> 00:55:19,490

and so we're walking back to the village

1059

00:55:23,440 --> 00:55:21,470

and he's trying to say will you go with

1060

00:55:26,440 --> 00:55:23,450

me tomorrow night and I said well you

1061

00:55:29,680 --> 00:55:26,450

know I'm a driver it's coming for me

1062

00:55:32,380 --> 00:55:29,690

today this morning I'm on my way Aguada

1063

00:55:34,540 --> 00:55:32,390

mama and so he he made me promise that I

1064

00:55:36,460 --> 00:55:34,550

would return because he says you know

1065

00:55:38,410 --> 00:55:36,470

you have brought prosperity to our

1066

00:55:40,960 --> 00:55:38,420

village because this is what the priest

1067

00:55:44,020 --> 00:55:40,970

said that when this woman from the north

1068

00:55:48,640 --> 00:55:44,030

would come she would and she visited

1069

00:55:50,980 --> 00:55:48,650

with the ancients that when the ancients

1070

00:55:53,780 --> 00:55:50,990

appeared to her that meant that the

1071

00:55:58,460 --> 00:55:53,790

village would be prosperous again

1072

00:55:59,120 --> 00:55:58,470

and so when I we were driving out of the

1073

00:56:01,460 --> 00:55:59,130

village

1074

00:56:05,210 --> 00:56:01,470

I remember my driver saying to me did

1075

00:56:08,420 --> 00:56:05,220

you see the UFO last night and he said I

1076

00:56:13,550 --> 00:56:08,430

was in Guatemala and we saw it and it

1077

00:56:16,190 --> 00:56:13,560

was headed toward coupons and you know I

1078

00:56:19,000 --> 00:56:16,200

was I didn't even respond to him because

1079

00:56:23,720 --> 00:56:19,010

I'm thinking about what I had just seen

1080

00:56:27,350 --> 00:56:23,730

we got to Guatemala City I was so

1081

00:56:34,700 --> 00:56:27,360

exhausted I went into I had dinner went

1082

00:56:37,880 --> 00:56:34,710

to the hotel and went to bed and the

1083

00:56:40,970 --> 00:56:37,890

next morning I found out that that craft

1084

00:56:43,520 --> 00:56:40,980

I assumed it was the same craft had

1085

00:56:45,800 --> 00:56:43,530

circled over the hotel that night hmm

1086

00:56:48,800 --> 00:56:45,810

and there were probably 20 or 30 people

1087

00:56:51,440 --> 00:56:48,810

who had witnessed this craft that I

1088

00:56:55,430 --> 00:56:51,450

described to you you're saying when they

1089

00:56:59,270 --> 00:56:55,440

described to me that had hovered over

1090

00:57:03,230 --> 00:56:59,280

the hotel that night and actually taken

1091

00:57:06,200 --> 00:57:03,240

one of the waiters on board the craft so

1092

00:57:09,230 --> 00:57:06,210

his story is also in the book Wow

1093

00:57:12,920 --> 00:57:09,240

so we're just about three minutes away

1094

00:57:14,510 --> 00:57:12,930

from the top of the hour and so just one

1095

00:57:17,930 --> 00:57:14,520

question came up on the message board

1096

00:57:20,270 --> 00:57:17,940

and and it would be nice to get the

1097

00:57:22,970 --> 00:57:20,280

answer from you any of these people that

1098

00:57:27,050 --> 00:57:22,980

were having these encounters did they

1099

00:57:32,230 --> 00:57:27,060

claim to receive any message from the

1100

00:57:37,720 --> 00:57:35,980

the ulti messages and and this only came

1101
00:57:42,730 --> 00:57:37,730
from maybe two or three of the people

1102
00:57:46,300 --> 00:57:42,740
was that the people had not taken very

1103
00:57:49,270 --> 00:57:46,310
good care of the earth and that in the

1104
00:57:52,060 --> 00:57:49,280
future we would have to pay the

1105
00:57:54,880 --> 00:57:52,070
consequences for our mistakes when I

1106
00:57:59,590 --> 00:57:54,890
tell you what you hear that hear that in

1107
00:58:04,330 --> 00:57:59,600
in the South African Rwanda I believe

1108
00:58:06,310 --> 00:58:04,340
that's what it was yeah you hear it

1109
00:58:09,280 --> 00:58:06,320
everywhere and that's something that

1110
00:58:11,760 --> 00:58:09,290
really makes you wonder and you know

1111
00:58:17,310 --> 00:58:11,770
it's it's actually common sense as well

1112
00:58:20,860 --> 00:58:17,320
you know we we are ruining our planet so

1113
00:58:23,980 --> 00:58:20,870

you know it's just that we're in a

1114

00:58:26,230 --> 00:58:23,990

society that lives for today you know

1115

00:58:27,820 --> 00:58:26,240

and I brought this up you know before

1116

00:58:30,520 --> 00:58:27,830

when we were talking about nuclear power

1117

00:58:33,370 --> 00:58:30,530

you know we we use like the power we

1118

00:58:36,520 --> 00:58:33,380

need for just today but we we put the

1119

00:58:38,050 --> 00:58:36,530

burden out there for 250,000 years of

1120

00:58:38,980 --> 00:58:38,060

people to take care of the waste you

1121

00:58:42,790 --> 00:58:38,990

know that type of stuff

1122

00:58:46,330 --> 00:58:42,800

so yeah we're not treating our planet

1123

00:58:52,950 --> 00:58:46,340

very nicely that's for sure and that's

1124

00:58:58,570 --> 00:58:55,480

well we just got a couple minutes left

1125

00:59:00,040 --> 00:58:58,580

in this hour is before we jump into the

1126

00:59:03,580 --> 00:59:00,050

next hour and talk about you're the

1127

00:59:06,700 --> 00:59:03,590

Native American culture and your first

1128

00:59:09,430 --> 00:59:06,710

book is there another quick story you

1129

00:59:13,140 --> 00:59:09,440

can tell us from one of the people you

1130

00:59:17,110 --> 00:59:13,150

know in Honduras as well I met this um I

1131

00:59:17,860 --> 00:59:17,120

meant to Selzer and he was um he spoke

1132

00:59:22,299 --> 00:59:17,870

English

1133

00:59:29,609 --> 00:59:26,499

I asked him how he had how he had had

1134

00:59:32,620 --> 00:59:29,619

learned English so well and he said that

1135

00:59:36,249 --> 00:59:32,630

when he was a small boy he said I was

1136

00:59:37,150 --> 00:59:36,259

born in 1904 they said when I was five

1137

00:59:40,539 --> 00:59:37,160

years old

1138

00:59:42,880 --> 00:59:40,549

Herbert spendin and Kurt spendin was the

1139

00:59:45,219 --> 00:59:42,890

assistant curator of anthropology at the

1140

00:59:49,989 --> 00:59:45,229

American Museum of Natural History in

1141

00:59:53,529 --> 00:59:49,999

New York and Kirsten and came to cope on

1142

01:00:02,410 --> 00:59:53,539

and he spent 20 years there from 1909 to

1143

01:00:05,199 --> 01:00:02,420

1929 so Ruth was was five years old when

1144

01:00:07,929 --> 01:00:05,209

he first arrived there and he said and

1145

01:00:12,160 --> 01:00:07,939

he was and at the time I interviewed him

1146

01:00:15,160 --> 01:00:12,170

he was 99 years old he said I worked at

1147

01:00:17,349 --> 01:00:15,170

this site for almost 75 years and he

1148

01:00:19,719 --> 01:00:17,359

said spending was the first to her me

1149

01:00:21,910 --> 01:00:19,729

and he said mostly in those days I was a

1150

01:00:24,429 --> 01:00:21,920

runner I would go get him water and I

1151

01:00:26,709 --> 01:00:24,439

would bring lunches to the site and he

1152

01:00:29,739 --> 01:00:26,719

said I worked all day for ten cents a

1153

01:00:31,870 --> 01:00:29,749

day and he said but spenden told me that

1154

01:00:34,359 --> 01:00:31,880

if I learned English he would pay me

1155

01:00:37,120 --> 01:00:34,369

more money and he says by the time I was

1156

01:00:40,929 --> 01:00:37,130

eight I spoke English and he raised my

1157

01:00:43,719 --> 01:00:40,939

sorry - 25 cents a day and he paid me 25

1158

01:00:46,989 --> 01:00:43,729

cents a day in - he left and he said

1159

01:00:49,599 --> 01:00:46,999

then the Carnegie scientists came to

1160

01:00:51,939 --> 01:00:49,609

excavate and restore this city and he

1161

01:00:55,120 --> 01:00:51,949

said they paid me 50 cents a day because

1162

01:00:59,769 --> 01:00:55,130

I could speak English and he said that

1163

01:01:02,319 --> 01:00:59,779

on the weekends when the scientists took

1164

01:01:06,069 --> 01:01:02,329

Tom off he and his friends would go up

1165

01:01:10,359 --> 01:01:06,079

into the mountains above coupon and you

1166

01:01:12,669 --> 01:01:10,369

know I'm tell you about really extensive

1167

01:01:14,499 --> 01:01:12,679

mountain ranges in that area and they

1168

01:01:16,509 --> 01:01:14,509

would go up into those mountains and

1169

01:01:18,279 --> 01:01:16,519

there are a lot of caves and they were

1170

01:01:20,769 --> 01:01:18,289

going through these case to see if they

1171

01:01:23,160 --> 01:01:20,779

can find any artifacts because if they

1172

01:01:25,150 --> 01:01:23,170

did they would bring them back and me

1173

01:01:27,300 --> 01:01:25,160

archaeologists would pay them for them

1174

01:01:30,520 --> 01:01:27,310

they were buying from them

1175

01:01:32,710 --> 01:01:30,530

and he said I was about 11 o clock we

1176

01:01:37,030 --> 01:01:32,720

said we would go up there these are my

1177

01:01:40,270 --> 01:01:37,040

cousins that I found this skeleton of a

1178

01:01:42,670 --> 01:01:40,280

man in a silver suit and he said his

1179

01:01:46,060 --> 01:01:42,680

suit was silver from the top of his head

1180

01:01:48,070 --> 01:01:46,070

to the bottom of his feet and he said

1181

01:01:50,830 --> 01:01:48,080

but all that remained inside the suit

1182

01:01:53,920 --> 01:01:50,840

was a skeleton and he said from the size

1183

01:01:58,900 --> 01:01:53,930

of the suit he was a he was a small man

1184

01:02:01,030 --> 01:01:58,910

and I estimated because he was motioning

1185

01:02:04,240 --> 01:02:01,040

how tall he was it is probably about a

1186

01:02:09,130 --> 01:02:04,250

meter tall and he said his head was

1187

01:02:12,690 --> 01:02:09,140

covered in a hard metal like tube and he

1188

01:02:16,480 --> 01:02:12,700

said there were strange cat at a tablet

1189

01:02:18,310 --> 01:02:16,490

beside him and with strange characters

1190

01:02:20,530 --> 01:02:18,320

on it and he said it was not my

1191

01:02:23,020 --> 01:02:20,540

enlighting because we knew what my array

1192

01:02:24,820 --> 01:02:23,030

Mayan writing looked like and he said

1193

01:02:26,440 --> 01:02:24,830

this writing was foreign to us and he

1194

01:02:28,330 --> 01:02:26,450

said when we showed it to the

1195

01:02:30,910 --> 01:02:28,340

archaeologists they didn't know what it

1196

01:02:34,710 --> 01:02:30,920

wasn't either and I said well tell me

1197

01:02:37,150 --> 01:02:34,720

more about the helmet and he said well

1198

01:02:41,080 --> 01:02:37,160

the best he could describe it it was

1199

01:02:43,060 --> 01:02:41,090

like a large coffee can but it was that

1200

01:02:45,609 --> 01:02:43,070

was the shape of it but it was bigger

1201

01:02:48,820 --> 01:02:45,619

than a coffee can and he said it was

1202

01:02:51,370 --> 01:02:48,830

attached to the suit and had a hose that

1203

01:02:52,870 --> 01:02:51,380

attached to the front of the suit and he

1204

01:02:54,940 --> 01:02:52,880

said there were different color buttons

1205

01:02:57,580 --> 01:02:54,950

on the front of the breast of the suit

1206

01:02:59,590 --> 01:02:57,590

and I said well what did you do with it

1207

01:03:02,470 --> 01:02:59,600

and he said well we carried it back to

1208

01:03:05,530 --> 01:03:02,480

the archaeologists and and he said they

1209

01:03:07,390 --> 01:03:05,540

were really excited he said they took it

1210

01:03:10,540 --> 01:03:07,400

into one of their tents and they began

1211

01:03:12,370 --> 01:03:10,550

examining this and exactly and they said

1212

01:03:14,500 --> 01:03:12,380

he heard one of the archaeologists say

1213

01:03:18,250 --> 01:03:14,510

but they had to send it back to the USA

1214

01:03:22,880 --> 01:03:18,260

immediately and he said

1215

01:03:24,680 --> 01:03:22,890

the next day I saw a box in the tip and

1216

01:03:26,420 --> 01:03:24,690

he said I think they packed him up and

1217

01:03:29,090 --> 01:03:26,430

shipped him to their University and he

1218

01:03:31,730 --> 01:03:29,100

said I never saw him again and he said

1219

01:03:35,270 --> 01:03:31,740

all of my life I have felt guilty about

1220

01:03:37,640 --> 01:03:35,280

the silver man and he said I'm sure the

1221

01:03:39,350 --> 01:03:37,650

scientists in the USA have studied and

1222

01:03:42,710 --> 01:03:39,360

Rees cutting him but they keep it a

1223

01:03:46,370 --> 01:03:42,720

secret and he said I believe it's proof

1224

01:03:50,030 --> 01:03:46,380

that alien exists don't you and he said

1225

01:03:53,240 --> 01:03:50,040

I feel so bad because it was such an

1226

01:03:55,280 --> 01:03:53,250

important part now that I'm I'm an old

1227

01:03:58,790 --> 01:03:55,290

man he says I know it was such an

1228

01:04:02,330 --> 01:03:58,800

important part of proving the Maya

1229

01:04:04,130 --> 01:04:02,340

connection with the Stars and and then

1230

01:04:10,430 --> 01:04:04,140

he went on to tell me that his

1231

01:04:12,830 --> 01:04:10,440

grandfather always told him about these

1232

01:04:14,780 --> 01:04:12,840

men who came from the stars and who

1233

01:04:19,100 --> 01:04:14,790

lived in the mountains sometimes for

1234

01:04:20,750 --> 01:04:19,110

months and that they never bothered the

1235

01:04:23,750 --> 01:04:20,760

people in the village so the people in

1236

01:04:25,670 --> 01:04:23,760

the village never bothered them and he

1237

01:04:29,390 --> 01:04:25,680

said they came and silversmiths that

1238

01:04:32,960 --> 01:04:29,400

spitfyre and the men were there were

1239

01:04:36,440 --> 01:04:32,970

suits and he says I think I discovered

1240

01:04:38,930 --> 01:04:36,450

we discovered one of those who died on

1241

01:04:45,190 --> 01:04:38,940

one of those visits and they buried him

1242

01:04:50,600 --> 01:04:48,890

amazing story it really is well you know

1243

01:04:52,970 --> 01:04:50,610

that's it for this part of the show and

1244

01:04:53,870 --> 01:04:52,980

we'll be back what wasn't what's the

1245

01:04:55,430 --> 01:04:53,880

name of the book we're going to be

1246

01:05:00,650 --> 01:04:55,440

discussing in the second half of the

1247

01:05:04,480 --> 01:05:00,660

show encounter with star people it's

1248

01:06:24,810 --> 01:05:04,490

Native American basically yes write

1249

01:06:29,109 --> 01:06:26,800

welcome back and if you're listening

1250

01:06:34,180 --> 01:06:29,119

live and you just joined us we are alive

1251

01:06:36,340 --> 01:06:34,190

with dr. hardy six killer Clark and we

1252

01:06:38,650 --> 01:06:36,350

are been talking about her travels

1253

01:06:41,980 --> 01:06:38,660

through Mesoamerica and now we're going

1254

01:06:44,050 --> 01:06:41,990

to be talking in this hour about the

1255

01:06:46,960 --> 01:06:44,060

Native American culture and her first

1256

01:06:49,260 --> 01:06:46,970

book and if you are listening live I do

1257

01:06:53,140 --> 01:06:49,270

apologize there is some intermittent

1258

01:06:56,140 --> 01:06:53,150

issues with the sound the producer Keith

1259

01:06:59,290 --> 01:06:56,150

is trying to get that fixed as soon as

1260

01:07:01,630 --> 01:06:59,300

possible up on the message board if you

1261

01:07:04,870 --> 01:07:01,640

scroll up you'll see a link to another

1262

01:07:07,300 --> 01:07:04,880

site where people are claiming the the

1263

01:07:09,910 --> 01:07:07,310

sound is clear on that and not not

1264

01:07:11,740 --> 01:07:09,920

breaking up so just go to our message

1265

01:07:14,470 --> 01:07:11,750

board scroll up and you'll see the link

1266

01:07:15,820 --> 01:07:14,480

to that I think it's up I can't remember

1267

01:07:17,440 --> 01:07:15,830

what it's called iTunes radio or

1268

01:07:20,340 --> 01:07:17,450

something like that where this is

1269

01:07:24,550 --> 01:07:20,350

playing as well but anyway welcome back

1270

01:07:27,700 --> 01:07:24,560

Artie and let's talk about your your

1271

01:07:32,410 --> 01:07:27,710

your travels in Native America and to me

1272

01:07:35,340 --> 01:07:32,420

this is I actually have some Native

1273

01:07:38,500 --> 01:07:35,350

American blood in me and both

1274

01:07:41,320 --> 01:07:38,510

great-grandmother's on one of my

1275

01:07:43,480 --> 01:07:41,330

father's side and one of my my mother's

1276

01:07:47,140 --> 01:07:43,490

side with both full blood Native

1277

01:07:50,140 --> 01:07:47,150

American and so I've always had a in

1278

01:07:52,090 --> 01:07:50,150

this and I've listened to I actually

1279

01:07:54,370 --> 01:07:52,100

used to have a property that used to be

1280

01:07:56,800 --> 01:07:54,380

part of a park where I used to have a

1281

01:07:58,450 --> 01:07:56,810

powwow every year and it had a blast

1282

01:08:02,470 --> 01:07:58,460

people came from all over the country

1283

01:08:03,910 --> 01:08:02,480

and and you never even knew they were

1284

01:08:07,330 --> 01:08:03,920

there when they left the place was

1285

01:08:09,460 --> 01:08:07,340

spotless every year so anyway I've

1286

01:08:13,690 --> 01:08:09,470

enjoyed that culture a lot over the

1287

01:08:15,580 --> 01:08:13,700

years and and and love the stories not

1288

01:08:17,470 --> 01:08:15,590

not only the stories about star people

1289

01:08:19,960 --> 01:08:17,480

but you know so many traditions that

1290

01:08:23,829 --> 01:08:19,970

have been handed down generation after

1291

01:08:25,660 --> 01:08:23,839

generation and so let's go let's talk

1292

01:08:27,970 --> 01:08:25,670

about that and how you started that book

1293

01:08:29,470 --> 01:08:27,980

and I'm going to ask you kind of an

1294

01:08:32,950 --> 01:08:29,480

oddball question what was your first

1295

01:08:34,569 --> 01:08:32,960

interview that you did in relation to

1296

01:08:39,299 --> 01:08:34,579

that book

1297

01:08:42,430 --> 01:08:39,309

oh let me think about that

1298

01:08:46,419 --> 01:08:42,440

put your eyes spot good nice yeah

1299

01:08:50,370 --> 01:08:46,429

because you know I collected so many

1300

01:08:56,439 --> 01:08:50,380

stories and I didn't necessarily um I

1301

01:09:04,990 --> 01:08:59,459

well we can change gears here and just

1302

01:09:09,610 --> 01:09:05,000

let's just talk about which one happens

1303

01:09:10,959 --> 01:09:09,620

first and that that dad was kind of it

1304

01:09:13,809 --> 01:09:10,969

like I said it was an off-the-cuff

1305

01:09:18,430 --> 01:09:13,819

question and but we can let's just

1306

01:09:21,249 --> 01:09:18,440

change the question to how did the book

1307

01:09:24,180 --> 01:09:21,259

start formulating because obviously you

1308

01:09:27,570 --> 01:09:24,190

said he collected stories long before so

1309

01:09:31,840 --> 01:09:27,580

how did you start putting that together

1310

01:09:37,539 --> 01:09:31,850

you know whenever I decided I was going

1311

01:09:41,229 --> 01:09:37,549

to write a book I I just you know I had

1312

01:09:43,269 --> 01:09:41,239

shoeboxes full of tapes and and you know

1313

01:09:45,760 --> 01:09:43,279

I had him organized in my notebooks

1314

01:09:49,019 --> 01:09:45,770

numbered and so I just went by it

1315

01:09:51,880 --> 01:09:49,029

started back through and and started

1316

01:09:53,650 --> 01:09:51,890

going through everything and saying well

1317

01:09:55,300 --> 01:09:53,660

this will be a good story to tell and

1318

01:09:59,200 --> 01:09:55,310

this one would be a good story to tell

1319

01:10:03,370 --> 01:09:59,210

and so after I got to about 30 stories I

1320

01:10:08,910 --> 01:10:03,380

just sat down and started writing and I

1321

01:10:13,990 --> 01:10:08,920

think the first story that I recorded

1322

01:10:23,010 --> 01:10:14,000

was a story of that I called the

1323

01:10:26,020 --> 01:10:23,020

traveling model I met this this couple I

1324

01:10:28,510 --> 01:10:26,030

had stopped off at their place I had

1325

01:10:31,780 --> 01:10:28,520

visited some elders in the region and

1326

01:10:36,790 --> 01:10:31,790

and I stopped off at their place when I

1327

01:10:41,770 --> 01:10:36,800

heard that their place their ranch kind

1328

01:10:43,540 --> 01:10:41,780

of had frequent sightings of UFOs and I

1329

01:10:48,450 --> 01:10:43,550

went over and I introduced myself to

1330

01:10:52,720 --> 01:10:48,460

them and and I had previously met

1331

01:10:58,060 --> 01:10:52,730

Cynthia who was and and she was married

1332

01:11:01,600 --> 01:10:58,070

to a rancher Hovind and I had met her

1333

01:11:03,779 --> 01:11:01,610

because she she was a she was a teacher

1334

01:11:11,009 --> 01:11:03,789

and

1335

01:11:18,509 --> 01:11:11,019

invited me to come stay to come visit

1336

01:11:20,399 --> 01:11:18,519

them and when I arrived at their place

1337

01:11:22,140 --> 01:11:20,409

they invited me in and said you know

1338

01:11:27,149 --> 01:11:22,150

won't you join us for dinner they were

1339

01:11:28,589 --> 01:11:27,159

getting ready to have dinner and I asked

1340

01:11:35,910 --> 01:11:28,599

them I said well you know I'm here

1341

01:11:38,220 --> 01:11:35,920

because I've heard that you haven't you

1342

01:11:40,950 --> 01:11:38,230

know the UFOs come to your your ranch

1343

01:11:43,109 --> 01:11:40,960

and they said well you know I ancestors

1344

01:11:45,479 --> 01:11:43,119

live among the stars and they keep watch

1345

01:11:48,209 --> 01:11:45,489

over us and they're the keepers of this

1346

01:11:51,359 --> 01:11:48,219

planet and we believe that the Milky Way

1347

01:11:54,569 --> 01:11:51,369

was created by the star beings as a

1348

01:11:58,709 --> 01:11:54,579

trail to guide us after we die - as our

1349

01:12:01,049 --> 01:11:58,719

way to return to the heavens what you

1350

01:12:03,660 --> 01:12:01,059

know the same thing you know you hear

1351

01:12:05,279 --> 01:12:03,670

that and in the Maya culture because of

1352

01:12:07,649 --> 01:12:05,289

Maya you know after they go through the

1353

01:12:10,109 --> 01:12:07,659

Otherworld you know go to Jamal mo which

1354

01:12:14,609 --> 01:12:10,119

is you across the Milky Way to get to

1355

01:12:16,350 --> 01:12:14,619

Chavez which is heaven those swords and

1356

01:12:18,600 --> 01:12:16,360

I asked her I said well have you had

1357

01:12:20,399 --> 01:12:18,610

personal contact with the star people

1358

01:12:23,189 --> 01:12:20,409

and she says well we both seen them more

1359

01:12:26,069 --> 01:12:23,199

than once she said sometimes they come

1360

01:12:28,500 --> 01:12:26,079

and they take water out of our lake or

1361

01:12:31,620 --> 01:12:28,510

they just hover over it and you can see

1362

01:12:36,270 --> 01:12:31,630

the water rise into the cleft it's like

1363

01:12:38,310 --> 01:12:36,280

a downpour going upward she said she

1364

01:12:40,620 --> 01:12:38,320

says I said well has anyone else in your

1365

01:12:43,439 --> 01:12:40,630

family or any of your friends seen them

1366

01:12:45,120 --> 01:12:43,449

and she said our children saw them all

1367

01:12:47,850 --> 01:12:45,130

the time when they were growing up and

1368

01:12:50,000 --> 01:12:47,860

she said but they got used to it so it

1369

01:12:53,090 --> 01:12:50,010

was normal for them

1370

01:12:54,560 --> 01:12:53,100

and she and Ivan don't want to tell me

1371

01:12:57,729 --> 01:12:54,570

that Indians had always had a

1372

01:13:01,610 --> 01:12:57,739

relationship with soybeans and that so

1373

01:13:04,010 --> 01:13:01,620

to see a UFO on the reservation was not

1374

01:13:07,760 --> 01:13:04,020

something that was shocking to them

1375

01:13:10,940 --> 01:13:07,770

because the aliens weren't alien to them

1376

01:13:13,250 --> 01:13:10,950

they were a part of the universe and a

1377

01:13:15,470 --> 01:13:13,260

part of the cosmos and they're our

1378

01:13:23,680 --> 01:13:15,480

ancestors and our keepers and they watch

1379

01:13:28,810 --> 01:13:23,690

over us and while I was there there

1380

01:13:32,720 --> 01:13:28,820

their daughters stopped by to visit and

1381

01:13:36,200 --> 01:13:32,730

they we walked down to the lake where

1382

01:13:45,290 --> 01:13:36,210

they said that the UFOs would come and

1383

01:13:46,970 --> 01:13:45,300

and get water and the dollar said you

1384

01:13:50,479 --> 01:13:46,980

know they landed near the lake sometimes

1385

01:13:53,420 --> 01:13:50,489

back in the trees and she said this one

1386

01:13:55,160 --> 01:13:53,430

time mom and dad were gone and she said

1387

01:13:56,600 --> 01:13:55,170

I don't remember where they'd gone or

1388

01:13:59,360 --> 01:13:56,610

maybe they were out working in the

1389

01:14:01,670 --> 01:13:59,370

fields she said because dad raised hay

1390

01:14:04,550 --> 01:14:01,680

and alfalfa for the horses and cattle

1391

01:14:06,950 --> 01:14:04,560

and she said on this particular day the

1392

01:14:08,780 --> 01:14:06,960

star people came and she said it was

1393

01:14:11,720 --> 01:14:08,790

late in the evening but it was still

1394

01:14:13,370 --> 01:14:11,730

daylight and she said Harold and I

1395

01:14:13,760 --> 01:14:13,380

watched some land that Harold was her

1396

01:14:16,010 --> 01:14:13,770

brother

1397

01:14:17,870 --> 01:14:16,020

and she said we decided to go down to

1398

01:14:20,570 --> 01:14:17,880

the lake and see if we could talk with

1399

01:14:22,400 --> 01:14:20,580

him even though we knew that we were not

1400

01:14:24,680 --> 01:14:22,410

supposed to do that and she said when we

1401

01:14:26,390 --> 01:14:24,690

got there we stood outside the

1402

01:14:32,270 --> 01:14:26,400

spacecraft him when he waited patiently

1403

01:14:35,030 --> 01:14:32,280

until a door slid open and two star

1404

01:14:39,110 --> 01:14:35,040

beings came out she said I remembered a

1405

01:14:42,380 --> 01:14:39,120

wave just a little way she says and one

1406

01:14:46,310 --> 01:14:42,390

actually wave back to me and held went

1407

01:14:48,530 --> 01:14:46,320

to him and handed him a marble and she

1408

01:14:50,510 --> 01:14:48,540

said then the star people they they

1409

01:14:53,930 --> 01:14:50,520

turned and disappeared inside the

1410

01:14:57,589 --> 01:14:53,940

spacecraft but the sir man she said kept

1411

01:15:00,050 --> 01:14:57,599

Harold's marble and we were so excited

1412

01:15:03,260 --> 01:15:00,060

she said we ran I was really upset

1413

01:15:05,540 --> 01:15:03,270

though with my brother because I didn't

1414

01:15:07,310 --> 01:15:05,550

know that he was going to take something

1415

01:15:10,459 --> 01:15:07,320

to give to them I would have taken

1416

01:15:13,160 --> 01:15:10,469

something too and she said that after

1417

01:15:16,040 --> 01:15:13,170

they left she says many nights we would

1418

01:15:18,979 --> 01:15:16,050

live outside on a blanket and stare at

1419

01:15:23,020 --> 01:15:18,989

the stars and pretend that we knew where

1420

01:15:28,700 --> 01:15:23,030

that tore that Marvel Marvel might be

1421

01:15:32,300 --> 01:15:28,710

and make-believe and when I asked her to

1422

01:15:35,180 --> 01:15:32,310

describe this space traveler she said

1423

01:15:37,550 --> 01:15:35,190

well they were smaller than most Indian

1424

01:15:41,660 --> 01:15:37,560

men well and her tribe that Indian men

1425

01:15:44,660 --> 01:15:41,670

you know are tall probably 510 - six -

1426

01:15:47,390 --> 01:15:44,670

and she said maybe they were about five

1427

01:15:49,970 --> 01:15:47,400

feet tall and they had light skin and

1428

01:15:53,359 --> 01:15:49,980

they were dark brown one-piece suit she

1429

01:15:56,390 --> 01:15:53,369

said she said their bodies were very

1430

01:15:58,760 --> 01:15:56,400

thin and she assumed they were men

1431

01:16:03,379 --> 01:15:58,770

because they didn't have breasts like

1432

01:16:06,290 --> 01:16:03,389

human females and they never spoke and

1433

01:16:07,939 --> 01:16:06,300

they didn't make any sound and I said

1434

01:16:10,220 --> 01:16:07,949

well what about their eyes and she said

1435

01:16:13,640 --> 01:16:10,230

I really don't know she said they had

1436

01:16:16,879 --> 01:16:13,650

these very strange-looking big glasses

1437

01:16:19,129 --> 01:16:16,889

on and I remember thinking I wish I had

1438

01:16:20,689 --> 01:16:19,139

a pair of those glasses that everybody

1439

01:16:25,129 --> 01:16:20,699

would be jealous if I had a pair of

1440

01:16:28,069 --> 01:16:25,139

those glasses and she said we got a good

1441

01:16:30,080 --> 01:16:28,079

look at the craft we walked around it

1442

01:16:33,500 --> 01:16:30,090

and we counted off the steps and it took

1443

01:16:35,510 --> 01:16:33,510

us 44 steps to get around it and she

1444

01:16:37,700 --> 01:16:35,520

said but now remember we were nine or

1445

01:16:40,430 --> 01:16:37,710

ten so our steps were smaller than a

1446

01:16:44,120 --> 01:16:40,440

foot but it was still a pretty big class

1447

01:16:46,520 --> 01:16:44,130

she said she said there was no opening

1448

01:16:48,250 --> 01:16:46,530

for a door but when the class open we

1449

01:16:52,189 --> 01:16:48,260

were that's why they were so surprised

1450

01:16:54,020 --> 01:16:52,199

and the opening was like of these it was

1451
01:16:56,330 --> 01:16:54,030
like the sides just opened up and then

1452
01:16:58,370 --> 01:16:56,340
when they went back in it closed she

1453
01:17:01,089 --> 01:16:58,380
said it was like one piece we could we

1454
01:17:03,189 --> 01:17:01,099
couldn't see inside

1455
01:17:05,709 --> 01:17:03,199
so later that evening when I was going

1456
01:17:08,589 --> 01:17:05,719
back to town she followed me in and she

1457
01:17:10,299 --> 01:17:08,599
called her brother and she invited her

1458
01:17:13,959 --> 01:17:10,309
brother to join us at the Dairy Queen

1459
01:17:16,390 --> 01:17:13,969
and her brother came down and basically

1460
01:17:18,279 --> 01:17:16,400
he told the same story and she did not

1461
01:17:23,859 --> 01:17:18,289
alert him at all that she had told me

1462
01:17:26,290 --> 01:17:23,869
the story he told me how he had told I

1463
01:17:28,779 --> 01:17:26,300

told her a Lydia that he was going down

1464

01:17:32,020 --> 01:17:28,789

there and then he was just gonna check

1465

01:17:34,930 --> 01:17:32,030

out things and he said that when that

1466

01:17:36,939 --> 01:17:34,940

panel opens in the two beans climbed out

1467

01:17:39,100 --> 01:17:36,949

he said I don't remember what what I

1468

01:17:42,339 --> 01:17:39,110

didn't know what to do and he said

1469

01:17:44,799 --> 01:17:42,349

that's when I was so nervous and he said

1470

01:17:46,779 --> 01:17:44,809

when I handed him this marble and he

1471

01:17:49,779 --> 01:17:46,789

took it and looked at it and closed his

1472

01:17:51,850 --> 01:17:49,789

fingers around it and climb back into

1473

01:17:55,270 --> 01:17:51,860

the craft a little laughs I was gonna

1474

01:17:57,100 --> 01:17:55,280

faint he said and he talked about how

1475

01:18:00,580 --> 01:17:57,110

they made up stories about the marble

1476

01:18:04,330 --> 01:18:00,590

and and tried to figure out which planet

1477

01:18:06,100 --> 01:18:04,340

or star it might be visiting and he said

1478

01:18:08,350 --> 01:18:06,110

but Lydia never forgave me for giving

1479

01:18:12,040 --> 01:18:08,360

him a marble because she wanted to give

1480

01:18:14,919 --> 01:18:12,050

him something to take to the stars - and

1481

01:18:24,520 --> 01:18:14,929

and talked about the repeated at times

1482

01:18:27,819 --> 01:18:24,530

they had seen the UFOs and how it was a

1483

01:18:29,950 --> 01:18:27,829

commonplace event that was probably the

1484

01:18:31,899 --> 01:18:29,960

one of the first stories I collected as

1485

01:18:49,149 --> 01:18:31,909

I recall well I'll tell you that is

1486

01:18:51,729 --> 01:18:49,159

quite a story - in you know just reached

1487

01:18:55,450 --> 01:18:51,739

in his pocket and gave him a marble you

1488

01:18:58,060 --> 01:18:55,460

know you know I have heard that story

1489

01:19:06,540 --> 01:18:58,070

and I'm just trying to remember was that

1490

01:19:11,299 --> 01:19:09,160

telling my story because this is an

1491

01:19:13,819 --> 01:19:11,309

original story yeah

1492

01:19:15,500 --> 01:19:13,829

you know it may not have been a marble

1493

01:19:19,159 --> 01:19:15,510

but it was something it was a story very

1494

01:19:22,159 --> 01:19:19,169

very similar and and I definitely have

1495

01:19:24,439 --> 01:19:22,169

heard that in the past and I just I just

1496

01:19:26,119 --> 01:19:24,449

can't remember exactly where unless I

1497

01:19:28,279 --> 01:19:26,129

listen to your show you were being

1498

01:19:32,179 --> 01:19:28,289

interviewed huh at some point that could

1499

01:19:42,909 --> 01:19:32,189

very well be the same thing no so where

1500

01:19:54,729 --> 01:19:52,399

in the 80s or early 90s I see and where

1501
01:19:57,919 --> 01:19:54,739
and what part of the country was that in

1502
01:20:00,169 --> 01:19:57,929
well it was in the Northern Plains you

1503
01:20:02,959 --> 01:20:00,179
know one of the things that in order to

1504
01:20:07,099 --> 01:20:02,969
get people to talk to me I agreed that I

1505
01:20:08,839 --> 01:20:07,109
would not divulge the location I see one

1506
01:20:13,579 --> 01:20:08,849
of the biggest fears that native people

1507
01:20:15,559 --> 01:20:13,589
have is if they tell their stories that

1508
01:20:21,290 --> 01:20:15,569
all of these researchers will come

1509
01:20:25,279 --> 01:20:21,300
around and not only will they anger the

1510
01:20:28,969 --> 01:20:25,289
tribal council and and the people in

1511
01:20:32,479 --> 01:20:28,979
power but that they will also just make

1512
01:20:34,429 --> 01:20:32,489
a nuisance of themselves demanding to

1513
01:20:37,849 --> 01:20:34,439

see the site where it occurred bring

1514

01:20:39,739 --> 01:20:37,859

their cameras and and they just don't

1515

01:20:42,770 --> 01:20:39,749

want to deal with it and I don't blame

1516

01:20:45,349 --> 01:20:42,780

them right yeah I don't either

1517

01:20:47,809 --> 01:20:45,359

now I'm going back to let's just stay

1518

01:20:51,079 --> 01:20:47,819

around the same story for a minute first

1519

01:20:53,329 --> 01:20:51,089

of all you you hear of other stories

1520

01:20:55,729 --> 01:20:53,339

where water is drawn up from a lake

1521

01:20:58,699 --> 01:20:55,739

which only makes sense if you know water

1522

01:21:02,959 --> 01:20:58,709

is you know the common thing that life

1523

01:21:05,569 --> 01:21:02,969

needs and up on the message boards

1524

01:21:09,679 --> 01:21:05,579

someone ones know what type of craft did

1525

01:21:12,460 --> 01:21:09,689

they say that it appeared to be and did

1526

01:21:17,520 --> 01:21:12,470

they say why they were visiting

1527

01:21:21,570 --> 01:21:17,530

in telepathic they have as far as I know

1528

01:21:24,790 --> 01:21:21,580

they did not tell me of any

1529

01:21:29,290 --> 01:21:24,800

communication they had mother than the

1530

01:21:33,910 --> 01:21:29,300

wave the shy like wave that she talks

1531

01:21:35,710 --> 01:21:33,920

about waving to them and then he gives

1532

01:21:39,670 --> 01:21:35,720

them the marble and then they go away

1533

01:21:41,380 --> 01:21:39,680

there's not know you know how you some

1534

01:21:45,660 --> 01:21:41,390

of the people talk about communicating

1535

01:21:48,970 --> 01:21:45,670

with him mentally there was none of that

1536

01:21:51,280 --> 01:21:48,980

it was just that the Marvel was given

1537

01:21:53,590 --> 01:21:51,290

and they left and the craft was circular

1538

01:21:55,770 --> 01:21:53,600

as I said you know they walked around

1539

01:21:59,350 --> 01:21:55,780

and they said they counted their steps

1540

01:22:01,870 --> 01:21:59,360

144 uh-huh and you know another thing

1541

01:22:03,520 --> 01:22:01,880

you mentioned in this or they mentioned

1542

01:22:11,620 --> 01:22:03,530

in this story the way the door closed

1543

01:22:13,960 --> 01:22:11,630

and then saw like one piece yes and

1544

01:22:17,320 --> 01:22:13,970

that's something I've heard numerous

1545

01:22:20,440 --> 01:22:17,330

amounts of times and that could just be

1546

01:22:22,780 --> 01:22:20,450

another part of a physical physical

1547

01:22:29,650 --> 01:22:22,790

technology that we haven't figured out

1548

01:22:33,640 --> 01:22:29,660

yet to make some in Mesoamerica I had

1549

01:22:39,000 --> 01:22:33,650

elders tell me that that the means of

1550

01:22:50,560 --> 01:22:39,010

travel of these sky gods or star people

1551
01:22:54,340 --> 01:22:50,570
is so far beyond our knowledge one of

1552
01:22:58,690 --> 01:22:54,350
them told me that they had people have

1553
01:23:01,470 --> 01:22:58,700
the ability to literally be in one place

1554
01:23:07,030 --> 01:23:01,480
and think of another place and be there

1555
01:23:09,970 --> 01:23:07,040
that's how their travel is operates that

1556
01:23:14,590 --> 01:23:09,980
it's not with propulsion and it's not

1557
01:23:18,610 --> 01:23:14,600
with gallons of fuel they simply think

1558
01:23:20,980 --> 01:23:18,620
of a place and go there well you know

1559
01:23:23,680 --> 01:23:20,990
that makes this much sense of as them

1560
01:23:25,600 --> 01:23:23,690
getting here you know people always say

1561
01:23:27,940 --> 01:23:25,610
it's impossible for them to get here and

1562
01:23:29,980 --> 01:23:27,950
so right I guess you could look at it

1563
01:23:33,370 --> 01:23:29,990

that way a question up on the mat you

1564

01:23:35,200 --> 01:23:33,380

know and I also you know there this

1565

01:23:37,330 --> 01:23:35,210

story will be in my next book but I

1566

01:23:40,600 --> 01:23:37,340

interviewed a man who told me about the

1567

01:23:42,790 --> 01:23:40,610

universal highway and he said the

1568

01:23:44,860 --> 01:23:42,800

universal highway there's different

1569

01:23:47,830 --> 01:23:44,870

ports of entry of the universal holidays

1570

01:23:51,640 --> 01:23:47,840

and they're all over the world and he

1571

01:23:57,420 --> 01:23:51,650

had entered one when he was in the

1572

01:24:01,960 --> 01:23:57,430

military in Iraq and had been offered

1573

01:24:03,940 --> 01:24:01,970

what lot of those start people to take

1574

01:24:07,300 --> 01:24:03,950

him to safety because he was in battle

1575

01:24:10,150 --> 01:24:07,310

and he was trying to he was in it it was

1576

01:24:11,740 --> 01:24:10,160

in a city because he had been his unit

1577

01:24:15,070 --> 01:24:11,750

had been said there because they had

1578

01:24:18,160 --> 01:24:15,080

been told that Saddam Hussein was

1579

01:24:19,930 --> 01:24:18,170

perhaps hiding out in this city and so

1580

01:24:22,360 --> 01:24:19,940

they had sends a man and of course they

1581

01:24:24,460 --> 01:24:22,370

were immediately it was an ambush and

1582

01:24:26,740 --> 01:24:24,470

they were they were trapped and he was

1583

01:24:28,930 --> 01:24:26,750

looking for some means or cover from the

1584

01:24:31,720 --> 01:24:28,940

snipers in the building across the

1585

01:24:33,430 --> 01:24:31,730

across the street from him and he

1586

01:24:36,970 --> 01:24:33,440

stumbled into this abandoned building

1587

01:24:39,130 --> 01:24:36,980

and was suddenly on what was in this

1588

01:24:47,070 --> 01:24:39,140

tunnel which was the universal highway

1589

01:24:50,710 --> 01:24:47,080

and he talked about being taken by this

1590

01:24:55,240 --> 01:24:50,720

star man down this long tunnel and

1591

01:25:02,030 --> 01:24:55,250

coming into an area that was would have

1592

01:25:11,220 --> 01:25:06,090

aircraft that the military owned and the

1593

01:25:13,590 --> 01:25:11,230

craft was a circular craft was there and

1594

01:25:16,050 --> 01:25:13,600

they offered to take him to safety to

1595

01:25:19,080 --> 01:25:16,060

take him home and he told them that he

1596

01:25:21,630 --> 01:25:19,090

could not do that because he couldn't

1597

01:25:25,620 --> 01:25:21,640

disappear would become identified as a

1598

01:25:30,060 --> 01:25:25,630

deserter at that at least and but more

1599

01:25:32,720 --> 01:25:30,070

importantly he couldn't desert his his

1600

01:25:36,270 --> 01:25:32,730

unit he couldn't betray his fellow

1601

01:25:38,130 --> 01:25:36,280

soldiers and they were fascinated with

1602

01:25:41,729 --> 01:25:38,140

that idea because they couldn't

1603

01:25:44,280 --> 01:25:41,739

understand the concept of betrayal and

1604

01:25:49,140 --> 01:25:44,290

and why he would want to put himself in

1605

01:25:51,900 --> 01:25:49,150

harm's way and they when he when he

1606

01:25:55,709 --> 01:25:51,910

refused to go with them they told him

1607

01:25:59,430 --> 01:25:55,719

they would be back the next day and that

1608

01:26:02,430 --> 01:25:59,440

if he wanted to go with him for for him

1609

01:26:05,070 --> 01:26:02,440

to come but he he said he didn't and

1610

01:26:09,180 --> 01:26:05,080

then he peaced he told me he said now

1611

01:26:11,570 --> 01:26:09,190

there's a place in near Chile in Arizona

1612

01:26:15,390 --> 01:26:11,580

there is a place in West Virginia

1613

01:26:21,170 --> 01:26:15,400

there's a place in Montana and and you

1614

01:26:27,330 --> 01:26:25,170

you know the the Blackfeet Indians you

1615

01:26:31,439 --> 01:26:27,340

know have had a number of stories about

1616

01:26:33,479 --> 01:26:31,449

this special place and in up on the

1617

01:26:37,340 --> 01:26:33,489

Canadian border where you could you

1618

01:26:40,020 --> 01:26:37,350

could step into another dimension and

1619

01:26:42,990 --> 01:26:40,030

and in fact this is where I met this man

1620

01:26:44,790 --> 01:26:43,000

who told me it was telling me this about

1621

01:26:48,630 --> 01:26:44,800

being in the military and what happened

1622

01:26:52,709 --> 01:26:48,640

to him and he said that but this white

1623

01:26:55,220 --> 01:26:52,719

guy had written about it back years ago

1624

01:26:59,100 --> 01:26:55,230

when he said that he went there and he

1625

01:27:02,189 --> 01:26:59,110

stepped into another dimension and saw a

1626

01:27:05,520 --> 01:27:02,199

completely different world well

1627

01:27:08,850 --> 01:27:05,530

according to the the man I interviewed

1628

01:27:10,580 --> 01:27:08,860

this is actually the entry port into the

1629

01:27:13,490 --> 01:27:10,590

universal hallway and

1630

01:27:15,879 --> 01:27:13,500

said that the universal highway is

1631

01:27:17,479 --> 01:27:15,889

connected to all of these different

1632

01:27:20,810 --> 01:27:17,489

planets

1633

01:27:27,530 --> 01:27:20,820

it has ports entry ports all over the

1634

01:27:30,020 --> 01:27:27,540

world and that that's how many of the

1635

01:27:33,070 --> 01:27:30,030

spacecraft travel is on this Universal

1636

01:27:36,950 --> 01:27:33,080

highway and they talked about an

1637

01:27:38,959 --> 01:27:36,960

invisible tunnel that exists and they

1638

01:27:42,439 --> 01:27:38,969

said there's one in West Virginia

1639

01:27:44,810 --> 01:27:42,449

there's one and Chinle and I told him

1640

01:27:46,790 --> 01:27:44,820

that I met a man in Hawaii who told me

1641

01:27:50,899 --> 01:27:46,800

about this same thing about this

1642

01:27:56,390 --> 01:27:50,909

Universal hallway and he said and this

1643

01:27:59,780 --> 01:27:56,400

was on Maui out in the section of on the

1644

01:28:07,669 --> 01:27:59,790

road to Hana which is you know a remote

1645

01:28:12,229 --> 01:28:07,679

part of Maui and he there's one in Peru

1646

01:28:16,070 --> 01:28:12,239

he said I believe he said there was one

1647

01:28:18,169 --> 01:28:16,080

in Puerto Rico but that there are places

1648

01:28:20,810 --> 01:28:18,179

all over the world for you could walk

1649

01:28:23,660 --> 01:28:20,820

into these the entryway city if you know

1650

01:28:25,700 --> 01:28:23,670

what you're looking for so then it goes

1651
01:28:37,609 --> 01:28:25,710
back to you know people talking about

1652
01:28:41,240 --> 01:28:37,619
you know portholes and you know that

1653
01:28:43,850 --> 01:28:41,250
that when the Spaniards were destroying

1654
01:28:46,070 --> 01:28:43,860
the Inca Empire you know that that's a

1655
01:28:49,250 --> 01:28:46,080
great leader of the Inca nation just

1656
01:28:52,850 --> 01:28:49,260
walked into to a portal and just

1657
01:28:56,750 --> 01:28:52,860
disappeared you know it's still

1658
01:28:59,600 --> 01:28:56,760
considered a sacred place and bruised up

1659
01:29:02,629 --> 01:28:59,610
on there's a pretty interesting question

1660
01:29:04,640 --> 01:29:02,639
hang on just a second it a lot of people

1661
01:29:08,060 --> 01:29:04,650
here it is right here

1662
01:29:13,119 --> 01:29:08,070
what is the natives definition of the

1663
01:29:17,310 --> 01:29:13,129

terms star seed or star child

1664

01:29:21,819 --> 01:29:17,320

I've never heard the music warmest

1665

01:29:24,819 --> 01:29:21,829

Starchild's at all that is something

1666

01:29:28,509 --> 01:29:24,829

that has in the hundreds and hundreds of

1667

01:29:31,839 --> 01:29:28,519

interviews now in their stories in their

1668

01:29:34,509 --> 01:29:31,849

ancient stories they tell of women who

1669

01:29:41,739 --> 01:29:34,519

went to the stars and more children and

1670

01:29:46,959 --> 01:29:41,749

who came back and with a child and that

1671

01:29:50,139 --> 01:29:46,969

child had the capabilities of the earth

1672

01:29:53,619 --> 01:29:50,149

person I mean could look like an earth

1673

01:29:56,290 --> 01:29:53,629

person but had tremendous powers could

1674

01:29:59,619 --> 01:29:56,300

move mountains could create rivers could

1675

01:30:04,149 --> 01:29:59,629

change the whole terrain and they were

1676

01:30:07,810 --> 01:30:04,159

often called the Chablis or the Thunder

1677

01:30:11,020 --> 01:30:07,820

or something of that nature but as far

1678

01:30:15,250 --> 01:30:11,030

as any contemporary belief in star

1679

01:30:19,599 --> 01:30:15,260

children as you know as I understand now

1680

01:30:24,359 --> 01:30:19,609

stars feed the seeding I've heard about

1681

01:30:28,330 --> 01:30:24,369

is the seeding that is done on planets

1682

01:30:31,449 --> 01:30:28,340

I've had particularly down in Mexico I

1683

01:30:35,349 --> 01:30:31,459

had stories of my elders who told me

1684

01:30:38,589 --> 01:30:35,359

that that the that the star people

1685

01:30:45,489 --> 01:30:38,599

travel the universe and if they find a

1686

01:30:49,209 --> 01:30:45,499

planet that is compatible to to life or

1687

01:30:51,549 --> 01:30:49,219

if they can do some kind of variations

1688

01:30:54,129 --> 01:30:51,559

that they could create atmospheres they

1689

01:30:56,469 --> 01:30:54,139

can see the planet and that's the

1690

01:30:59,169 --> 01:30:56,479

seeding I've heard where they they seed

1691

01:31:02,760 --> 01:30:59,179

the planet and they make it livable and

1692

01:31:06,990 --> 01:31:02,770

then they populate the planet

1693

01:31:10,990 --> 01:31:07,000

mm-hmm you know with clones yeah you

1694

01:31:13,720 --> 01:31:11,000

hear all kinds of these things let's

1695

01:31:15,760 --> 01:31:13,730

let's talk I want to hear some more

1696

01:31:18,640 --> 01:31:15,770

stories because that Marvel story was

1697

01:31:20,770 --> 01:31:18,650

great and were there any stories that

1698

01:31:28,930 --> 01:31:20,780

even came close to that I mean what one

1699

01:31:33,240 --> 01:31:28,940

that's a great one to start out with I

1700

01:31:35,860 --> 01:31:33,250

had known as Selzer for about 30 years

1701

01:31:40,420 --> 01:31:35,870

when I first went to Montana State

1702

01:31:45,460 --> 01:31:40,430

University one of the things I had a I

1703

01:31:50,320 --> 01:31:45,470

had a reputation of as a grants writer

1704

01:31:54,040 --> 01:31:50,330

and I could I could write grants when I

1705

01:31:56,850 --> 01:31:54,050

I had been in the Rapid City Schools I

1706

01:32:03,400 --> 01:31:56,860

was working in a Rapid City Schools and

1707

01:32:05,170 --> 01:32:03,410

my first day on the job the district had

1708

01:32:09,100 --> 01:32:05,180

been cited as being out of compliance

1709

01:32:16,240 --> 01:32:09,110

with the federal law and because of my

1710

01:32:19,450 --> 01:32:16,250

background in English the district had

1711

01:32:22,750 --> 01:32:19,460

me trained in this compliance law down

1712

01:32:25,090 --> 01:32:22,760

in Denver and then requested that I

1713

01:32:26,890 --> 01:32:25,100

write their compliance agreement with

1714

01:32:28,390 --> 01:32:26,900

federal government but what the federal

1715

01:32:32,500 --> 01:32:28,400

government's doing was holding all their

1716

01:32:34,510 --> 01:32:32,510

federal dollars and and this is

1717

01:32:37,390 --> 01:32:34,520

something that I started doing for other

1718

01:32:44,950 --> 01:32:37,400

school districts that were in trouble

1719

01:32:47,170 --> 01:32:44,960

and and so my reputation had preceded me

1720

01:32:49,030 --> 01:32:47,180

when I came to MSU that I could write

1721

01:32:51,490 --> 01:32:49,040

grants and I could do different kinds of

1722

01:32:54,430 --> 01:32:51,500

things and so the school district

1723

01:32:56,710 --> 01:32:54,440

contacted me and asked me if I would

1724

01:32:59,260 --> 01:32:56,720

come and help them write a grant because

1725

01:33:00,940 --> 01:32:59,270

they needed funding for something and so

1726

01:33:03,250 --> 01:33:00,950

I went to the reservation and the

1727

01:33:05,860 --> 01:33:03,260

intercultural at my contact there was

1728

01:33:07,990 --> 01:33:05,870

cultural specialist and he didn't like

1729

01:33:09,460 --> 01:33:08,000

it that they had invited me to come

1730

01:33:11,170 --> 01:33:09,470

there because he didn't think they

1731

01:33:13,630 --> 01:33:11,180

needed any outside help

1732

01:33:15,590 --> 01:33:13,640

and besides who is I coming there I

1733

01:33:19,600 --> 01:33:15,600

wasn't even from their tribe

1734

01:33:22,100 --> 01:33:19,610

and so he was very suspicious of me and

1735

01:33:28,970 --> 01:33:22,110

but over the years we became great

1736

01:33:34,310 --> 01:33:28,980

friends and I had known him

1737

01:33:36,800 --> 01:33:34,320

oh maybe 2025 years before he he he said

1738

01:33:38,660 --> 01:33:36,810

to me said one day they did you collect

1739

01:33:41,060 --> 01:33:38,670

stories about star people don't shave I

1740

01:33:44,240 --> 01:33:41,070

said yes and he said I've heard people

1741

01:33:46,040 --> 01:33:44,250

call you the UFO lady and I laughed you

1742

01:33:48,140 --> 01:33:46,050

know and he said well I have a story to

1743

01:33:49,850 --> 01:33:48,150

tell you but he says you're gonna have

1744

01:33:52,460 --> 01:33:49,860

to take a trip with me tomorrow morning

1745

01:33:56,210 --> 01:33:52,470

because I'm gonna have to show you where

1746

01:33:59,000 --> 01:33:56,220

it occurred because I can't describe it

1747

01:34:01,130 --> 01:33:59,010

accurately without you seeing it so the

1748

01:34:05,120 --> 01:34:01,140

next morning he picked me up at my motel

1749

01:34:08,380 --> 01:34:05,130

room and we went out probably 60 miles

1750

01:34:12,680 --> 01:34:08,390

from this town where I was staying and

1751
01:34:14,990 --> 01:34:12,690
on gravel roads and we got to the

1752
01:34:16,670 --> 01:34:15,000
turnoff to his place and there wasn't

1753
01:34:18,740 --> 01:34:16,680
even a road there you just had to go out

1754
01:34:21,290 --> 01:34:18,750
through fields and down over hills and

1755
01:34:24,380 --> 01:34:21,300
chip dirt and whatever it rained you

1756
01:34:27,020 --> 01:34:24,390
couldn't get out of there because gypsum

1757
01:34:29,150 --> 01:34:27,030
is so is that's what they make soap suds

1758
01:34:33,920 --> 01:34:29,160
out and so you could imagine trying to

1759
01:34:40,040 --> 01:34:33,930
drive through muddy gypsum and his place

1760
01:34:42,920 --> 01:34:40,050
was on a huge river and he began telling

1761
01:34:44,510 --> 01:34:42,930
me the story that his this was a place

1762
01:34:48,140 --> 01:34:44,520
he if he had inherited from his

1763
01:34:51,890 --> 01:34:48,150

grandfather and that at one time his

1764

01:34:56,690 --> 01:34:51,900

grandfather had a spacecraft now this

1765

01:34:59,120 --> 01:34:56,700

was before Roswell spacecraft crashed on

1766

01:35:02,390 --> 01:34:59,130

his grandfather's property

1767

01:35:03,710 --> 01:35:02,400

and that when it came to these

1768

01:35:05,480 --> 01:35:03,720

grandfather's thought it was an

1769

01:35:07,820 --> 01:35:05,490

earthquake because he was inside the

1770

01:35:11,000 --> 01:35:07,830

house when it occurred because said the

1771

01:35:14,390 --> 01:35:11,010

ground shook his whole house shook but

1772

01:35:17,900 --> 01:35:14,400

it lodged inside a Butte across the

1773

01:35:20,330 --> 01:35:17,910

river from from where his grandfather's

1774

01:35:22,280 --> 01:35:20,340

house set his grandfather's house set up

1775

01:35:27,050 --> 01:35:22,290

on a butte overlooking the river and

1776

01:35:29,660 --> 01:35:27,060

this spacecraft had gone into and only

1777

01:35:36,230 --> 01:35:29,670

the back part of the spacecraft was

1778

01:35:42,470 --> 01:35:36,240

showing but there were 17 beans inside

1779

01:35:45,440 --> 01:35:42,480

that craft and they were stranded there

1780

01:35:47,300 --> 01:35:45,450

was no way to repair their craft but

1781

01:35:49,700 --> 01:35:47,310

they weren't able to camouflage the

1782

01:35:53,840 --> 01:35:49,710

glass in such a way that people could

1783

01:35:56,300 --> 01:35:53,850

not see it and his grandfather he this

1784

01:35:58,190 --> 01:35:56,310

the man who was having story you would

1785

01:36:00,980 --> 01:35:58,200

say you know that he would go there

1786

01:36:03,740 --> 01:36:00,990

every summer and stay with his

1787

01:36:06,410 --> 01:36:03,750

grandfather both of his parents had jobs

1788

01:36:08,870 --> 01:36:06,420

with a tribe and so when school was out

1789

01:36:11,320 --> 01:36:08,880

they would take him and deposit him well

1790

01:36:15,950 --> 01:36:11,330

you know with a paper bag filled with

1791

01:36:19,430 --> 01:36:15,960

some paperback books and a change of

1792

01:36:22,190 --> 01:36:19,440

clothes and he went to his grandfather's

1793

01:36:23,870 --> 01:36:22,200

to spend the summer and when a week

1794

01:36:26,690 --> 01:36:23,880

before school started they would come

1795

01:36:29,720 --> 01:36:26,700

back and get him getting new clothes and

1796

01:36:31,280 --> 01:36:29,730

then getting ready for school and he

1797

01:36:33,350 --> 01:36:31,290

said this is the way it was from the

1798

01:36:37,190 --> 01:36:33,360

time he started school and through high

1799

01:36:38,570 --> 01:36:37,200

school but anyway he said that one

1800

01:36:41,810 --> 01:36:38,580

summer when he arrived there his

1801
01:36:44,180 --> 01:36:41,820
grandfather told him about you know the

1802
01:36:47,090 --> 01:36:44,190
spacecraft that had crashed and said

1803
01:36:50,000 --> 01:36:47,100
they took him down and they they went

1804
01:36:52,709 --> 01:36:50,010
across the river and he said he climbed

1805
01:36:56,330 --> 01:36:52,719
into this spacecraft

1806
01:37:00,000 --> 01:36:56,340
and he found a way in and he talks about

1807
01:37:02,760 --> 01:37:00,010
he he sat in one of the chairs he said

1808
01:37:04,620 --> 01:37:02,770
there were 19 chairs but he said his

1809
01:37:07,530 --> 01:37:04,630
grandfather said there were only 17

1810
01:37:10,530 --> 01:37:07,540
beans that he counted and his

1811
01:37:12,780 --> 01:37:10,540
grandfather came to understand that they

1812
01:37:15,570 --> 01:37:12,790
wanted to stay there they asked his

1813
01:37:17,970 --> 01:37:15,580

permission to stay there until they were

1814

01:37:20,700 --> 01:37:17,980

rescued and they said it would be like

1815

01:37:23,459 --> 01:37:20,710

three months before some someone could

1816

01:37:25,709 --> 01:37:23,469

get there to come for them and his

1817

01:37:28,260 --> 01:37:25,719

grandfather said that was fine and in

1818

01:37:31,110 --> 01:37:28,270

fact his grandfather took on kind of a

1819

01:37:33,150 --> 01:37:31,120

protective role he he didn't want

1820

01:37:35,209 --> 01:37:33,160

anybody going down to the river he

1821

01:37:37,439 --> 01:37:35,219

didn't want anybody around and

1822

01:37:41,360 --> 01:37:37,449

fortunately his closest neighbor was

1823

01:37:47,130 --> 01:37:41,370

four miles away and they had gone to

1824

01:37:50,720 --> 01:37:47,140

Mississippi for for the winter and was

1825

01:37:54,470 --> 01:37:50,730

not even around because there they had a

1826

01:37:57,450 --> 01:37:54,480

son of them all from Mississippi er

1827

01:38:00,630 --> 01:37:57,460

but anyway he said that you know he was

1828

01:38:03,420 --> 01:38:00,640

the only one there it was at miles but

1829

01:38:05,100 --> 01:38:03,430

if anyone came to visit him he'd kept

1830

01:38:10,890 --> 01:38:05,110

them away from the river because he

1831

01:38:13,709 --> 01:38:10,900

wanted to protect these four men and so

1832

01:38:16,950 --> 01:38:13,719

this little boy tells about by the time

1833

01:38:19,590 --> 01:38:16,960

he got there the start men were God but

1834

01:38:21,870 --> 01:38:19,600

he talked about going into the craft

1835

01:38:26,729 --> 01:38:21,880

there were 19 chairs there but there

1836

01:38:28,740 --> 01:38:26,739

were only 17 living beings so he didn't

1837

01:38:31,890 --> 01:38:28,750

know if two had died or there was simply

1838

01:38:34,709 --> 01:38:31,900

only 17 on the craft he said when he sat

1839

01:38:36,180 --> 01:38:34,719

down in the chair it closed around him

1840

01:38:38,550 --> 01:38:36,190

and it made him very frightened because

1841

01:38:40,350 --> 01:38:38,560

he wasn't thinking that he was not going

1842

01:38:43,290 --> 01:38:40,360

to be able to get out of there but he

1843

01:38:46,050 --> 01:38:43,300

said then when he he just thought it

1844

01:38:49,229 --> 01:38:46,060

opened up and when he thought I want to

1845

01:38:51,840 --> 01:38:49,239

get up it opened up and so he sat back

1846

01:38:53,640 --> 01:38:51,850

down again and it closed around him he

1847

01:38:56,490 --> 01:38:53,650

thought again I want to get up and this

1848

01:38:58,830 --> 01:38:56,500

and the chair opened up so he was really

1849

01:39:00,800 --> 01:38:58,840

fascinated with that he talked about

1850

01:39:04,940 --> 01:39:00,810

finding these up

1851
01:39:09,530 --> 01:39:04,950
these vials of a slimy substance that he

1852
01:39:12,530 --> 01:39:09,540
said that it smelled like a rotted grass

1853
01:39:15,470 --> 01:39:12,540
or something of that nature and and he

1854
01:39:18,440 --> 01:39:15,480
wanted to take a sample and his

1855
01:39:21,020 --> 01:39:18,450
grandfather said no that sacred you must

1856
01:39:24,080 --> 01:39:21,030
leave that there you know we we are not

1857
01:39:28,850 --> 01:39:24,090
allowed we cannot disturb this sacred

1858
01:39:32,930 --> 01:39:28,860
place he told me that his grandfather

1859
01:39:34,640 --> 01:39:32,940
talked about they had the kind of suits

1860
01:39:38,480 --> 01:39:34,650
that when you went in the water they

1861
01:39:41,060 --> 01:39:38,490
never got wet and it is grandfather all

1862
01:39:49,150 --> 01:39:41,070
of his life he wanted one of those suits

1863
01:39:59,420 --> 01:39:52,970

suit that that that they were wearing he

1864

01:40:03,530 --> 01:39:59,430

talked about taking going hunting and

1865

01:40:07,910 --> 01:40:03,540

taking food to them and they told him

1866

01:40:14,060 --> 01:40:07,920

they didn't eat food as earth as Earth

1867

01:40:16,670 --> 01:40:14,070

man ate food that's pretty convenient

1868

01:40:20,540 --> 01:40:16,680

and you know maybe that's why you always

1869

01:40:22,880 --> 01:40:20,550

hear them being so thin No well and

1870

01:40:26,180 --> 01:40:22,890

maybe you know they have perfected a way

1871

01:40:27,740 --> 01:40:26,190

of just using some kind of vitamins or

1872

01:40:30,020 --> 01:40:27,750

something you know maybe that's what he

1873

01:40:33,260 --> 01:40:30,030

found was their food those vials he was

1874

01:40:36,020 --> 01:40:33,270

talking about you know and there's

1875

01:40:38,180 --> 01:40:36,030

always been said that his grandfather

1876

01:40:40,490 --> 01:40:38,190

said they had the ability to vanish in

1877

01:40:41,990 --> 01:40:40,500

thin air when you know when he said when

1878

01:40:44,030 --> 01:40:42,000

he first encountered them they would

1879

01:40:46,820 --> 01:40:44,040

just disappear right in front of him but

1880

01:40:48,980 --> 01:40:46,830

then after they became more comfortable

1881

01:40:53,120 --> 01:40:48,990

around him and saw that he wasn't going

1882

01:41:00,110 --> 01:40:56,090

he he said they told him that there was

1883

01:41:03,830 --> 01:41:00,120

a spaceship a huge spaceship that had

1884

01:41:06,230 --> 01:41:03,840

been that that was up in the sky and

1885

01:41:08,030 --> 01:41:06,240

that there were four small spacecraft

1886

01:41:10,910 --> 01:41:08,040

that had come out of it that were

1887

01:41:13,250 --> 01:41:10,920

exploring the earth they came out of the

1888

01:41:15,080 --> 01:41:13,260

bigger ship and he said that they said

1889

01:41:19,190 --> 01:41:15,090

that they had to wade into one of those

1890

01:41:21,860 --> 01:41:19,200

ships came back they were on they were

1891

01:41:23,030 --> 01:41:21,870

three months they would be exploring and

1892

01:41:24,590 --> 01:41:23,040

then they would go back through the ship

1893

01:41:30,200 --> 01:41:24,600

and he said that's when they will

1894

01:41:33,740 --> 01:41:30,210

discover that we that we have crashed

1895

01:41:34,540 --> 01:41:33,750

and they will come for us you would

1896

01:41:38,120 --> 01:41:34,550

think that they would have a

1897

01:41:41,690 --> 01:41:38,130

communication you know very well perhaps

1898

01:41:43,520 --> 01:41:41,700

they did but you know he didn't I don't

1899

01:41:46,250 --> 01:41:43,530

know that's what the grandfather told

1900

01:41:48,560 --> 01:41:46,260

the grandson but they had to wait

1901

01:41:50,450 --> 01:41:48,570

he said that they took him on board

1902

01:41:56,020 --> 01:41:50,460

their craft they they showed him

1903

01:41:59,180 --> 01:41:56,030

pictures from her from their home in

1904

01:42:01,160 --> 01:41:59,190

something like what I would describe as

1905

01:42:02,780 --> 01:42:01,170

a TV or a computer but in his

1906

01:42:06,320 --> 01:42:02,790

grandfather's day there was no such

1907

01:42:10,280 --> 01:42:06,330

thing because keep in mind this was 1945

1908

01:42:13,700 --> 01:42:10,290

and they had he hasn't seen any computer

1909

01:42:15,680 --> 01:42:13,710

so he he told her picture machines he

1910

01:42:17,390 --> 01:42:15,690

talked about flashing pictures that

1911

01:42:20,240 --> 01:42:17,400

showed a place that was very different

1912

01:42:22,610 --> 01:42:20,250

from Earth and he said that if he had to

1913

01:42:24,740 --> 01:42:22,620

pick a place on earth and it reminded

1914

01:42:27,260 --> 01:42:24,750

him of it would be the Badlands because

1915

01:42:30,490 --> 01:42:27,270

there was no vegetation and he said they

1916

01:42:33,260 --> 01:42:30,500

told him their houses were underground

1917

01:42:34,970 --> 01:42:33,270

and he said he has some about heaven and

1918

01:42:38,690 --> 01:42:34,980

they told him they did not have a place

1919

01:42:40,940 --> 01:42:38,700

such as heaven he said he went back

1920

01:42:44,030 --> 01:42:40,950

several times to ask if he could see the

1921

01:42:45,980 --> 01:42:44,040

picture machine and they they agreed to

1922

01:42:48,080 --> 01:42:45,990

let him look at it every time they went

1923

01:42:50,379 --> 01:42:48,090

the visitors told him that they really

1924

01:42:53,770 --> 01:42:50,389

liked the green of Earth

1925

01:42:55,479 --> 01:42:53,780

and they thought the Red Willow they

1926

01:42:58,030 --> 01:42:55,489

grew along the banks of the river was

1927

01:43:01,750 --> 01:42:58,040

quite beautiful and that they loved

1928

01:43:03,939 --> 01:43:01,760

water they said on their planet water

1929

01:43:06,640 --> 01:43:03,949

was underground nothing was on the

1930

01:43:09,700 --> 01:43:06,650

surface and he said his grandfather

1931

01:43:13,000 --> 01:43:09,710

would take them Geo's do you know what a

1932

01:43:15,040 --> 01:43:13,010

geode is and they were taking he would

1933

01:43:16,840 --> 01:43:15,050

he would go out into his fields and he

1934

01:43:19,660 --> 01:43:16,850

would gather these geodes on his ranch

1935

01:43:22,330 --> 01:43:19,670

and he said they were just so many broke

1936

01:43:25,740 --> 01:43:22,340

them open to to reveal the crystallized

1937

01:43:29,200 --> 01:43:25,750

cities inside you know the geode and and

1938

01:43:33,359 --> 01:43:29,210

they they wanted them they wanted to add

1939

01:43:38,410 --> 01:43:33,369

them to their collection but then

1940

01:43:44,580 --> 01:43:38,420

there's more to this story because what

1941

01:43:51,850 --> 01:43:47,700

the Corps of Engineers came in and

1942

01:43:55,720 --> 01:43:51,860

decided to build a dam and when they

1943

01:43:58,030 --> 01:43:55,730

decided to build the dam they asked his

1944

01:44:00,459 --> 01:43:58,040

grandfather to leave his ranch because

1945

01:44:02,820 --> 01:44:00,469

they were going to be boasting and they

1946

01:44:05,560 --> 01:44:02,830

were they were building that dam

1947

01:44:09,189 --> 01:44:05,570

basically for recreational purposes so

1948

01:44:14,370 --> 01:44:09,199

that upset him but they they paid for

1949

01:44:19,390 --> 01:44:14,380

them to stay in a motel in a neighboring

1950

01:44:21,370 --> 01:44:19,400

town and he and he was tell me he said

1951

01:44:23,979 --> 01:44:21,380

we had two double beds and three mill

1952

01:44:26,350 --> 01:44:23,989

paths at the local restaurant but he

1953

01:44:29,109 --> 01:44:26,360

says his grandfather was like a caged

1954

01:44:31,660 --> 01:44:29,119

animal I hated the motel and they hated

1955

01:44:34,629 --> 01:44:31,670

the restaurant and he said that they

1956

01:44:37,240 --> 01:44:34,639

spent hours walking dirt roads out of

1957

01:44:40,939 --> 01:44:37,250

town and he worried about his horses and

1958

01:44:47,359 --> 01:44:44,660

he said I read in western paperback

1959

01:44:49,819 --> 01:44:47,369

books and we played checkers a lot and

1960

01:44:52,069 --> 01:44:49,829

he said that then when they let him go

1961

01:44:56,000 --> 01:44:52,079

back to the ranch it was near the end of

1962

01:44:57,830 --> 01:44:56,010

July and he said that he said I remember

1963

01:45:01,370 --> 01:44:57,840

it took most of August to round up the

1964

01:45:02,930 --> 01:45:01,380

horses and cattle for the winter and he

1965

01:45:04,609 --> 01:45:02,940

said I was worried I wasn't gonna be

1966

01:45:06,979 --> 01:45:04,619

able to help him get the job done before

1967

01:45:08,750 --> 01:45:06,989

school started and I said well did the

1968

01:45:10,609 --> 01:45:08,760

place change and he said well when we

1969

01:45:13,390 --> 01:45:10,619

were out the landscape was totally

1970

01:45:16,790 --> 01:45:13,400

changed he said they had literally moved

1971

01:45:18,770 --> 01:45:16,800

mountains of dirt and one of there was

1972

01:45:20,449 --> 01:45:18,780

once a hill they were now where there

1973

01:45:23,299 --> 01:45:20,459

was once a field there were now hills

1974

01:45:25,729 --> 01:45:23,309

and it was impossible to even figure out

1975

01:45:28,910 --> 01:45:25,739

where the Butte had been where the

1976

01:45:32,089 --> 01:45:28,920

spacecraft had landed because now the

1977

01:45:34,549 --> 01:45:32,099

water had flooded that whole region and

1978

01:45:38,600 --> 01:45:34,559

he said if the spacecraft were still

1979

01:45:41,060 --> 01:45:38,610

there it would have been under water but

1980

01:45:45,020 --> 01:45:41,070

his grandfather was convinced that the

1981

01:45:48,140 --> 01:45:45,030

military found the craft and because he

1982

01:45:51,199 --> 01:45:48,150

said that one day the engineers came to

1983

01:45:54,709 --> 01:45:51,209

his house and they talked to him about

1984

01:45:57,589 --> 01:45:54,719

how inaccessible the ranch was that had

1985

01:45:59,509 --> 01:45:57,599

he ever seen anything strange and he

1986

01:46:01,430 --> 01:45:59,519

said his grandfather was about to tell

1987

01:46:03,799 --> 01:46:01,440

him anything and his grandfather just

1988

01:46:06,319 --> 01:46:03,809

said nothing ever happens out here but

1989

01:46:08,209 --> 01:46:06,329

he felt they were asking him these

1990

01:46:13,939 --> 01:46:08,219

questions because they had found that

1991

01:46:16,009 --> 01:46:13,949

that crashed UFO and he said you know

1992

01:46:19,640 --> 01:46:16,019

regrettably he was very able to return

1993

01:46:21,319 --> 01:46:19,650

because he said it was underwater and he

1994

01:46:22,850 --> 01:46:21,329

said they had changed the Train so much

1995

01:46:27,770 --> 01:46:22,860

he wasn't even sure if he'd ever be able

1996

01:46:29,629 --> 01:46:27,780

to find it and he said that I said well

1997

01:46:31,250 --> 01:46:29,639

how would they get something and he

1998

01:46:32,689 --> 01:46:31,260

thought they had taken it out of there

1999

01:46:34,430 --> 01:46:32,699

his grandfather was sure that they had

2000

01:46:36,379 --> 01:46:34,440

discovered it and had taken it out there

2001

01:46:38,959 --> 01:46:36,389

and he said well you know you gotta keep

2002

01:46:40,700 --> 01:46:38,969

in mind that this was back in the days

2003

01:46:50,240 --> 01:46:40,710

that

2004

01:46:52,790 --> 01:46:50,250

reservation then he said when all this

2005

01:46:54,410 --> 01:46:52,800

big equipment started coming in people

2006

01:46:57,080 --> 01:46:54,420

would stand along the side of the road

2007

01:46:59,930 --> 01:46:57,090

just to watch it go by he said you could

2008

01:47:01,520 --> 01:46:59,940

have bought anything in and out of the

2009

01:47:04,820 --> 01:47:01,530

reservation and nobody would have known

2010

01:47:09,020 --> 01:47:04,830

what it was and so he thinks at least

2011

01:47:12,140 --> 01:47:09,030

his grandfather's believed that they had

2012

01:47:14,630 --> 01:47:12,150

found the spacecraft the military had

2013

01:47:17,209 --> 01:47:14,640

come in and had taken it out and simply

2014

01:47:19,400 --> 01:47:17,219

drove it off the reservation covered it

2015

01:47:20,110 --> 01:47:19,410

up perhaps and nobody ever knew any

2016

01:47:25,550 --> 01:47:20,120

difference

2017

01:47:27,890 --> 01:47:25,560

mmm-hmm that was an amazing story and

2018

01:47:32,300 --> 01:47:27,900

especially since it happened you know

2019

01:47:33,950 --> 01:47:32,310

before Roswell yeah that that really is

2020

01:47:37,160 --> 01:47:33,960

something that was quite the story now

2021

01:47:43,760 --> 01:47:37,170

did they ever talk about you know how

2022

01:47:46,010 --> 01:47:43,770

they communicated his father said that

2023

01:47:49,370 --> 01:47:46,020

he just saw the question and they

2024

01:47:51,650 --> 01:47:49,380

answered it in his head mm-hmm just like

2025

01:47:57,400 --> 01:47:51,660

that that would be colep they yeah

2026

01:48:09,400 --> 01:48:00,890

you know that's a common way I've heard

2027

01:48:15,550 --> 01:48:11,900

how they communicate he says they just

2028

01:48:20,660 --> 01:48:15,560

talk to me the words are in my head or

2029

01:48:22,820 --> 01:48:20,670

they talk to me in my head and I no one

2030

01:48:25,459 --> 01:48:22,830

was telling me how he had to practice

2031

01:48:30,140 --> 01:48:25,469

asking a question because they told him

2032

01:48:32,060 --> 01:48:30,150

they and he didn't in fact one one elder

2033

01:48:34,430 --> 01:48:32,070

was tell me that they find the English

2034

01:48:37,190 --> 01:48:34,440

language the sounds of the English

2035

01:48:39,640 --> 01:48:37,200

language quite offensive and so they

2036

01:48:47,140 --> 01:48:39,650

told him just thanks for questions

2037

01:48:52,400 --> 01:48:51,070

just take the question and he says and

2038

01:48:56,600 --> 01:48:52,410

justice

2039

01:48:59,000 --> 01:48:56,610

the question so this so this you said

2040

01:49:02,180 --> 01:48:59,010

this was about ten years ahead of

2041

01:49:04,010 --> 01:49:02,190

Roswell or or something here two years

2042

01:49:06,200 --> 01:49:04,020

ahead of Roswell yeah

2043

01:49:10,220 --> 01:49:06,210

yeah isn't that amazing well you know

2044

01:49:13,190 --> 01:49:10,230

people don't talk about it much but you

2045

01:49:14,870 --> 01:49:13,200

know if you talk to a skeptic out there

2046

01:49:17,300 --> 01:49:14,880

or a lot of people out there they're

2047

01:49:20,420 --> 01:49:17,310

looking you know seriously at the UFO

2048

01:49:24,140 --> 01:49:20,430

topic most people say that you know

2049

01:49:25,880 --> 01:49:24,150

nothing happened prior to Roswell of any

2050

01:49:27,890 --> 01:49:25,890

consequence but you know if you really

2051

01:49:31,490 --> 01:49:27,900

look into the subject deeply you'll see

2052

01:49:32,330 --> 01:49:31,500

that you know there's been encounters of

2053

01:49:35,210 --> 01:49:32,340

some kind

2054

01:49:39,620 --> 01:49:35,220

going back for centuries that are noted

2055

01:49:44,750 --> 01:49:39,630

I mean you know even here in Montana we

2056

01:49:46,010 --> 01:49:44,760

have those stories young bird you know

2057

01:49:52,610 --> 01:49:46,020

he's written a wonderful book called

2058

01:49:54,770 --> 01:49:52,620

UFOs and mom and you know she chronicles

2059

01:49:57,560 --> 01:49:54,780

the history of UFOs in this state and

2060

01:49:59,690 --> 01:49:57,570

and you know they go back to the days of

2061

01:50:01,490 --> 01:49:59,700

the trappers and you know the first

2062

01:50:05,980 --> 01:50:01,500

white man that came to this region you

2063

01:50:10,430 --> 01:50:08,540

all right well that's well I'm gonna

2064

01:50:12,500 --> 01:50:10,440

this is live on the air but I'm still

2065

01:50:14,270 --> 01:50:12,510

going to say this I had communicated

2066

01:50:16,070 --> 01:50:14,280

with Joan and she was going to be on the

2067

01:50:18,380 --> 01:50:16,080

show and then all of a sudden her email

2068

01:50:20,120 --> 01:50:18,390

she must have changed email and I've

2069

01:50:22,900 --> 01:50:20,130

never been able to reach her so you and

2070

01:50:26,660 --> 01:50:22,910

I will be talking about that a little

2071

01:50:31,130 --> 01:50:26,670

because yeah she's she frequently stops

2072

01:50:34,700 --> 01:50:31,140

at my house and she's been doing a lot

2073

01:50:36,770 --> 01:50:34,710

of traveling oh I see yep but she was

2074

01:50:38,180 --> 01:50:36,780

going to be on the show or or I can't

2075

01:50:40,160 --> 01:50:38,190

remember how far we got with that but

2076

01:50:43,070 --> 01:50:40,170

I'd love to have her on she's very

2077

01:50:46,760 --> 01:50:43,080

interesting so while we're talking about

2078

01:50:50,340 --> 01:50:46,770

Montana other any stories that you got

2079

01:50:58,150 --> 01:50:56,350

but I'm trying to think of well I told

2080

01:51:00,850 --> 01:50:58,160

you the one about the man I met with the

2081

01:51:03,490 --> 01:51:00,860

universal highway that had happened in

2082

01:51:05,890 --> 01:51:03,500

Montana oh I see there was one that

2083

01:51:07,840 --> 01:51:05,900

happened in Montana that one of my

2084

01:51:11,320 --> 01:51:07,850

favorite characters his name was

2085

01:51:14,200 --> 01:51:11,330

Chauncey and his granddaughter was a

2086

01:51:21,060 --> 01:51:14,210

student of mine and she came into my

2087

01:51:26,070 --> 01:51:24,580

poster on my wall that said I believe

2088

01:51:29,350 --> 01:51:26,080

with the UFO on it

2089

01:51:32,200 --> 01:51:29,360

mm-hmm and she said my granddad would

2090

01:51:33,850 --> 01:51:32,210

love that poster and so I just took it

2091

01:51:36,250 --> 01:51:33,860

down off the wall and rolled it up and I

2092

01:51:39,730 --> 01:51:36,260

said take it to him when you see him and

2093

01:51:41,200 --> 01:51:39,740

she said a couple weeks later she came

2094

01:51:43,930 --> 01:51:41,210

back to my office and she said my

2095

01:51:46,210 --> 01:51:43,940

granddad loved that poster and she said

2096

01:51:49,090 --> 01:51:46,220

he said that if you're ever up our way

2097

01:51:53,560 --> 01:51:49,100

to come stop and see us she said you

2098

01:51:56,140 --> 01:51:53,570

know he's he's got a reputation that

2099

01:52:00,250 --> 01:51:56,150

he's the only man that ever shot an

2100

01:52:03,220 --> 01:52:00,260

alien well that was just too much of a

2101
01:52:05,770 --> 01:52:03,230
tidbit of information for me so the next

2102
01:52:08,710 --> 01:52:05,780
time I was on a reservation I went in

2103
01:52:15,730 --> 01:52:08,720
search of him and of course he they have

2104
01:52:18,130 --> 01:52:15,740
been a very isolated area and he was out

2105
01:52:20,350 --> 01:52:18,140
you know shooting what I when I got

2106
01:52:22,630 --> 01:52:20,360
there shooting Gophers and he said that

2107
01:52:25,570 --> 01:52:22,640
you must be that lady from the

2108
01:52:27,670 --> 01:52:25,580
University and I said yes and so I

2109
01:52:30,760 --> 01:52:27,680
shared my lunch with him and I brought

2110
01:52:34,960 --> 01:52:30,770
him some food and and some tobacco and

2111
01:52:36,820 --> 01:52:34,970
and he began to tell me this story he

2112
01:52:38,410 --> 01:52:36,830
said now that you're recording this

2113
01:52:41,620 --> 01:52:38,420

story I better tell you the truth he

2114

01:52:44,040 --> 01:52:41,630

said I really didn't shoot an alien he

2115

01:52:46,320 --> 01:52:44,050

said I shot at once

2116

01:52:50,700 --> 01:52:46,330

and he said I was in a house one night

2117

01:52:54,690 --> 01:52:50,710

and he had a dog that he called his blue

2118

01:52:57,450 --> 01:52:54,700

Sun and he said this is my boy this is

2119

01:53:01,890 --> 01:52:57,460

my son all my other kids left me but not

2120

01:53:04,500 --> 01:53:01,900

this one this is my only boy and and it

2121

01:53:07,290 --> 01:53:04,510

was obvious that he just loved this dog

2122

01:53:09,360 --> 01:53:07,300

and this dog loved him well he was in

2123

01:53:12,900 --> 01:53:09,370

his tavern one night and and the dog

2124

01:53:15,180 --> 01:53:12,910

just started howling and he said he

2125

01:53:17,940 --> 01:53:15,190

opened the door and the dog ran out into

2126
01:53:21,750 --> 01:53:17,950
the night and he said he grabbed his

2127
01:53:23,550 --> 01:53:21,760
shotgun that was propped up by the door

2128
01:53:25,740 --> 01:53:23,560
and went out after him

2129
01:53:31,740 --> 01:53:25,750
and he said he went around the back of

2130
01:53:34,820 --> 01:53:31,750
the house and he saw this this creature

2131
01:53:38,810 --> 01:53:34,830
or this being and he said he was glowing

2132
01:53:46,790 --> 01:53:38,820
he said he was dressed in this he

2133
01:53:54,150 --> 01:53:51,840
pajama set and he said he had my dog

2134
01:53:56,430 --> 01:53:54,160
down on the ground and I thought he was

2135
01:54:02,310 --> 01:53:56,440
hurting my dog and he said that he shot

2136
01:54:08,310 --> 01:54:02,320
at him and he said then the beam stood

2137
01:54:10,350 --> 01:54:08,320
up and came toward him and and and said

2138
01:54:14,880 --> 01:54:10,360

that you know he didn't mean any harm

2139

01:54:23,850 --> 01:54:14,890

and and told him that he came from the

2140

01:54:26,700 --> 01:54:23,860

stars and that that he that that he was

2141

01:54:28,590 --> 01:54:26,710

a visitor and so he said that he

2142

01:54:30,990 --> 01:54:28,600

continued talking to him and he said the

2143

01:54:34,590 --> 01:54:31,000

Sun started coming over the mountain or

2144

01:54:36,420 --> 01:54:34,600

over the over the horizon and he said so

2145

01:54:40,230 --> 01:54:36,430

I said well you show me where your craft

2146

01:54:44,700 --> 01:54:40,240

is and he says that they began walking

2147

01:54:47,840 --> 01:54:44,710

toward this this huge boulder on his

2148

01:54:50,420 --> 01:54:47,850

property and he said that

2149

01:54:54,590 --> 01:54:50,430

this is being told him that it was

2150

01:54:56,810 --> 01:54:54,600

behind this Boulder and he said that

2151
01:54:59,900 --> 01:54:56,820
while they're rocking blue Sun is

2152
01:55:04,850 --> 01:54:59,910
walking with him but staying clear of

2153
01:55:07,040 --> 01:55:04,860
him and he said that blue Sun wants to

2154
01:55:08,810 --> 01:55:07,050
play so he would throw a stick and the

2155
01:55:12,380 --> 01:55:08,820
dog would bring a bag and drop it at his

2156
01:55:14,870 --> 01:55:12,390
feet and when he told the dog to heel it

2157
01:55:17,960 --> 01:55:14,880
was he only told the dog to sit it would

2158
01:55:21,890 --> 01:55:17,970
fit and and this being became very

2159
01:55:24,560 --> 01:55:21,900
interested in this dog well when they

2160
01:55:28,220 --> 01:55:24,570
round them the boulder there is this

2161
01:55:30,110 --> 01:55:28,230
small craft and he said it was not it

2162
01:55:32,990 --> 01:55:30,120
would only hold one or two people

2163
01:55:35,720 --> 01:55:33,000

he's a very small craft and he said that

2164

01:55:38,380 --> 01:55:35,730

when they got there that the being

2165

01:55:43,180 --> 01:55:38,390

turned to him and pointed to his dogs

2166

01:55:45,800 --> 01:55:43,190

and he wanted to take the dog with him

2167

01:55:47,510 --> 01:55:45,810

pardon me I hate to interrupt you this

2168

01:55:48,410 --> 01:55:47,520

is such a great story but you know we're

2169

01:55:55,970 --> 01:55:48,420

out of time

2170

01:55:59,110 --> 01:55:55,980

can you believe it that's right so you

2171

01:56:01,520 --> 01:55:59,120

can find your book right on amazon.com

2172

01:56:41,720 --> 01:56:01,530

right and my website is

2173

01:56:44,720 --> 01:56:41,730

www.miamikettlebell.com at a Radio

2174

01:56:47,690 --> 01:56:44,730

Network next week Wednesday Eastern

2175

01:56:49,460 --> 01:56:47,700

Standard Time that is and we'll see you

2176

01:56:52,130 --> 01:56:49,470

next week this is Martin Willis and

2177

01:56:53,810 --> 01:56:52,140

we're signing off keep your eyes to the
