

David Marker

1
00:00:03,169 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,179
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:06,710 --> 00:00:05,370
everything that occurred in the

5
00:00:09,169 --> 00:00:06,720
Rendlesham forest incident

6
00:00:12,020 --> 00:00:09,179
it doesn't involve aliens at all it was

7
00:00:12,799 --> 00:00:12,030
completely silent it comes right over

8
00:00:16,039 --> 00:00:12,809
our heads

9
00:00:17,630 --> 00:00:16,049
it's so classic flying-saucer really

10
00:00:19,400 --> 00:00:17,640
standing in the clearing he turned over

11
00:00:20,689 --> 00:00:19,410
to my father and held his hand and he

12
00:00:27,380 --> 00:00:20,699
looked in his eyes they said we're not

13
00:00:28,429 --> 00:00:27,390

alone welcome to podcast UFO for our

14

00:00:30,830 --> 00:00:28,439

live show

15

00:00:33,020 --> 00:00:30,840

we're live every Wednesday at 8 p.m.

16

00:00:35,569 --> 00:00:33,030

Eastern Standard Time on the dark matter

17

00:00:39,319 --> 00:00:35,579

radio network please remember to visit

18

00:00:41,330 --> 00:00:39,329

the website podcast UFO calm during the

19

00:00:43,819 --> 00:00:41,340

show feel free to participate live in

20

00:00:46,840 --> 00:00:43,829

our chat room and don't forget to Like

21

00:00:49,250 --> 00:00:46,850

us on our very active Facebook page

22

00:00:51,439 --> 00:00:49,260

hello and welcome to the show on Martin

23

00:00:52,310 --> 00:00:51,449

Wilshire host and we have a great show

24

00:00:55,639 --> 00:00:52,320

for you tonight

25

00:00:57,920 --> 00:00:55,649

with guest David Marlar on triangular

26
00:01:00,650 --> 00:00:57,930
UFOs and a lot more and I've been trying

27
00:01:02,660 --> 00:01:00,660
to get Dave on for quite some time and

28
00:01:05,840 --> 00:01:02,670
I'm really excited about this well

29
00:01:09,050 --> 00:01:05,850
Alejandro Rojas is in Las Vegas this

30
00:01:11,090 --> 00:01:09,060
week so there's no UFO news from him and

31
00:01:14,750 --> 00:01:11,100
I kind of feel like the stay-at-home mom

32
00:01:17,510 --> 00:01:14,760
while hubby is doing what ever

33
00:01:19,820 --> 00:01:17,520
who knows what in Vegas so I decided to

34
00:01:22,039 --> 00:01:19,830
cheat on him and bring in Ryan Sprague

35
00:01:23,810 --> 00:01:22,049
he's going to be talking in a few

36
00:01:26,810 --> 00:01:23,820
minutes about his first for you

37
00:01:31,340 --> 00:01:26,820
experience and before that I want to say

38
00:01:32,539 --> 00:01:31,350

after throwing wads of bills into

39

00:01:35,530 --> 00:01:32,549

people's foreheads

40

00:01:38,600 --> 00:01:35,540

of the tech people over at Hostgator I

41

00:01:41,810 --> 00:01:38,610

finally got my email working that since

42

00:01:43,460 --> 00:01:41,820

January so it's finally at reactivated

43

00:01:46,069 --> 00:01:43,470

and working just fine and I have a slew

44

00:01:47,990 --> 00:01:46,079

of responding to catch up on I apologize

45

00:01:51,980 --> 00:01:48,000

if you wrote me a while ago and I didn't

46

00:01:53,870 --> 00:01:51,990

respond thank you to the supporters that

47

00:01:55,609 --> 00:01:53,880

are helping out with the show and I'll

48

00:01:57,170 --> 00:01:55,619

be traveling to Maryland this weekend to

49

00:01:59,690 --> 00:01:57,180

spend a couple of days with longtime

50

00:02:02,120 --> 00:01:59,700

researcher ray Stanford who's going to

51
00:02:05,359 --> 00:02:02,130
be going over all kinds of UFO evidence

52
00:02:07,249 --> 00:02:05,369
with me at some point we're going to be

53
00:02:08,930 --> 00:02:07,259
doing some pre recording for next week's

54
00:02:11,110 --> 00:02:08,940
show so that's right next week's show is

55
00:02:13,300 --> 00:02:11,120
not live but I'll be in the chatroom

56
00:02:15,760 --> 00:02:13,310
during the live show

57
00:02:18,220 --> 00:02:15,770
of chatroom you can go in there and if

58
00:02:20,890 --> 00:02:18,230
you're listening live now and just go

59
00:02:24,100 --> 00:02:20,900
over to podcast UFO calm and it's our

60
00:02:27,309 --> 00:02:24,110
easy one to click sign-in again I want

61
00:02:28,630 --> 00:02:27,319
to thank supporters for just as little

62
00:02:30,160 --> 00:02:28,640
as a dollar a month you can help support

63
00:02:32,259 --> 00:02:30,170

us and listen to the full show the

64

00:02:33,610 --> 00:02:32,269

second part of the show and here's

65

00:02:36,850 --> 00:02:33,620

another quick shout out we have a lot of

66

00:02:40,870 --> 00:02:36,860

\$5 a month or more supporters Todd L

67

00:02:44,589 --> 00:02:40,880

Thank You Jon s mark P Jeremy Z Linda

68

00:02:46,840 --> 00:02:44,599

see Robin D bill E and there'll be more

69

00:02:48,009 --> 00:02:46,850

next week so it's time to bring in Ryan

70

00:02:50,380 --> 00:02:48,019

Sprague how are you Ryan

71

00:02:53,949 --> 00:02:50,390

I'm doing great Martin I'm so happy to

72

00:02:58,800 --> 00:02:53,959

be here and be the one that you are

73

00:03:00,940 --> 00:02:58,810

cheating on with Alejandro thank God yes

74

00:03:01,300 --> 00:03:00,950

you came up on the show a couple of

75

00:03:04,150 --> 00:03:01,310

times

76

00:03:08,020 --> 00:03:04,160

we also debunked one of your AP or your

77

00:03:09,490 --> 00:03:08,030

April Fool's jokes so that was a fun

78

00:03:11,170 --> 00:03:09,500

experience I thought it would be a funny

79

00:03:13,870 --> 00:03:11,180

joke and it turned out to be the biggest

80

00:03:15,820 --> 00:03:13,880

Facebook post I've ever had so there

81

00:03:17,800 --> 00:03:15,830

that tells you something right there

82

00:03:20,259 --> 00:03:17,810

you used all the right keywords that's

83

00:03:22,030 --> 00:03:20,269

what it is yeah yeah so why don't you

84

00:03:24,310 --> 00:03:22,040

tell us what's going on with this for

85

00:03:26,110 --> 00:03:24,320

yup you finally received a paper you did

86

00:03:28,509 --> 00:03:26,120

I know a lot of people have these

87

00:03:30,670 --> 00:03:28,519

experiences but it's always it's always

88

00:03:34,420 --> 00:03:30,680

interesting to hear about the process

89

00:03:37,150 --> 00:03:34,430

and what you found out yeah I had been

90

00:03:39,190 --> 00:03:37,160

following the work of John Greenwald for

91

00:03:41,710 --> 00:03:39,200

a really long time Martin over at the

92

00:03:43,349 --> 00:03:41,720

black vault where this guy's got over a

93

00:03:47,830 --> 00:03:43,359

million declassified documents

94

00:03:50,920 --> 00:03:47,840

pertaining to you know UFOs national

95

00:03:54,610 --> 00:03:50,930

security conspiracy theories it's

96

00:03:57,809 --> 00:03:54,620

incredible and sort of took a catapult

97

00:04:01,050 --> 00:03:57,819

from that and looked into the one of the

98

00:04:06,430 --> 00:04:01,060

most intriguing cases in my opinion the

99

00:04:09,340 --> 00:04:06,440

1976 Tehran UFO incident hmm so you know

100

00:04:11,710 --> 00:04:09,350

John I had spoken to you at the UFO

101
00:04:14,470 --> 00:04:11,720
Congress last year and he said if you're

102
00:04:16,360 --> 00:04:14,480
gonna request these things for an FOI a

103
00:04:19,479 --> 00:04:16,370
you have to be as specific as possible

104
00:04:21,520 --> 00:04:19,489
if if you do not specifically request

105
00:04:23,170 --> 00:04:21,530
something they're not going to give it

106
00:04:25,270 --> 00:04:23,180
to you they don't have the time they

107
00:04:27,490 --> 00:04:25,280
don't have the wherewithal and frankly

108
00:04:28,990 --> 00:04:27,500
they don't care so unless you are

109
00:04:31,750 --> 00:04:29,000
super specific about what you were

110
00:04:33,880 --> 00:04:31,760
looking for and the specific documents

111
00:04:35,800 --> 00:04:33,890
they're not going to send it to you so

112
00:04:38,560 --> 00:04:35,810
it took me a while to sort of gather all

113
00:04:42,730 --> 00:04:38,570

the information on this case and see

114

00:04:45,400 --> 00:04:42,740

what I was looking for and I was able to

115

00:04:48,160 --> 00:04:45,410

get from the Defense Intelligence Agency

116

00:04:51,180 --> 00:04:48,170

all the documents that they had on the

117

00:04:55,120 --> 00:04:51,190

case this spanned over ten pages

118

00:04:57,730 --> 00:04:55,130

detailing the incident reported by both

119

00:05:01,000 --> 00:04:57,740

the NSA the CIA and the Defense

120

00:05:05,470 --> 00:05:01,010

Intelligence Agency I was very surprised

121

00:05:08,080 --> 00:05:05,480

to say the least and yeah it was took a

122

00:05:09,760 --> 00:05:08,090

while as these things always do but how

123

00:05:13,690 --> 00:05:09,770

long did it take uh

124

00:05:16,060 --> 00:05:13,700

it took about I would say five months or

125

00:05:18,730 --> 00:05:16,070

so for me to just get a response from

126

00:05:20,500 --> 00:05:18,740

them and that wasn't even in reference

127

00:05:23,230 --> 00:05:20,510

to the documents themselves that took

128

00:05:25,450 --> 00:05:23,240

another two or three months but you know

129

00:05:29,920 --> 00:05:25,460

in their official letter to me they they

130

00:05:31,990 --> 00:05:29,930

apologized for such a backlog and yeah

131

00:05:34,270 --> 00:05:32,000

with these sort of things Martin you

132

00:05:37,630 --> 00:05:34,280

have to be very patient because they get

133

00:05:39,670 --> 00:05:37,640

these requests all the time and just

134

00:05:42,400 --> 00:05:39,680

like any government agency they only

135

00:05:44,170 --> 00:05:42,410

have you know one person doing these

136

00:05:46,719 --> 00:05:44,180

things especially when it comes to the

137

00:05:49,570 --> 00:05:46,729

UFO topic so we should be lucky that

138

00:05:51,670 --> 00:05:49,580

we're getting anything I guess no do

139

00:05:54,520 --> 00:05:51,680

they treat as far as you know do they

140

00:05:56,770 --> 00:05:54,530

treat anyone any differently than anyone

141

00:05:59,170 --> 00:05:56,780

else or is everyone treated equally I

142

00:06:01,840 --> 00:05:59,180

would say everyone is treated equally

143

00:06:04,750 --> 00:06:01,850

again it has to do with how you request

144

00:06:07,659 --> 00:06:04,760

these things you can't go to the DIA the

145

00:06:10,510 --> 00:06:07,669

CIA anything like that and say I want

146

00:06:11,890 --> 00:06:10,520

information about UFOs or I want your

147

00:06:13,420 --> 00:06:11,900

information on Roswell

148

00:06:15,670 --> 00:06:13,430

these are things that they will

149

00:06:18,070 --> 00:06:15,680

immediately shrug off and your request

150

00:06:19,659 --> 00:06:18,080

will be put in the garbage you have to

151
00:06:22,510 --> 00:06:19,669
show that you have put time and effort

152
00:06:26,440 --> 00:06:22,520
into this to get your your requests

153
00:06:30,430 --> 00:06:26,450
answered so again being as specific as

154
00:06:32,460 --> 00:06:30,440
you can about dates people involved you

155
00:06:35,290 --> 00:06:32,470
know certain agencies that perhaps

156
00:06:36,880 --> 00:06:35,300
documented the case these are things

157
00:06:39,400 --> 00:06:36,890
that they're looking for that so that

158
00:06:41,140 --> 00:06:39,410
they have to do the least amount of work

159
00:06:43,690 --> 00:06:41,150
to to give

160
00:06:45,940 --> 00:06:43,700
back to you so yeah as long as you are

161
00:06:47,800 --> 00:06:45,950
detailed in specific they will treat you

162
00:06:50,440 --> 00:06:47,810
just the same as anyone else requesting

163
00:06:53,560 --> 00:06:50,450

now is any part of these ten pages

164

00:06:56,670 --> 00:06:53,570

redacted at all there were certain

165

00:07:00,250 --> 00:06:56,680

things redacted such as specific names

166

00:07:02,470 --> 00:07:00,260

pilots involved but other than that the

167

00:07:05,080 --> 00:07:02,480

key players key witnesses involved in

168

00:07:06,940 --> 00:07:05,090

the case we're all still there and have

169

00:07:08,530 --> 00:07:06,950

also gone on the record so right there I

170

00:07:09,700 --> 00:07:08,540

think that's why those certain things

171

00:07:11,710 --> 00:07:09,710

were not redacted

172

00:07:14,200 --> 00:07:11,720

now did you learn anything that you

173

00:07:17,410 --> 00:07:14,210

didn't know already by looking through

174

00:07:19,300 --> 00:07:17,420

these documents that's a great question

175

00:07:21,490 --> 00:07:19,310

a lot of people have asked me was there

176

00:07:23,920 --> 00:07:21,500

any new information this case has been

177

00:07:27,220 --> 00:07:23,930

available through the foia for a while

178

00:07:30,010 --> 00:07:27,230

now but it was very exciting for me to

179

00:07:31,270 --> 00:07:30,020

actually get official documentation on

180

00:07:34,060 --> 00:07:31,280

it

181

00:07:37,780 --> 00:07:34,070

now you are now in the FBI NSA's

182

00:07:40,510 --> 00:07:37,790

watchlist exactly I know I as soon as I

183

00:07:42,610 --> 00:07:40,520

got that letter back I you know I told

184

00:07:46,690 --> 00:07:42,620

my friends yep there we go

185

00:07:49,690 --> 00:07:46,700

I'm in made it in but but yeah I think

186

00:07:51,880 --> 00:07:49,700

what what struck me the most was certain

187

00:07:54,400 --> 00:07:51,890

quotations by the witnesses involved

188

00:07:59,760 --> 00:07:54,410

that were in the documents this was a

189

00:08:02,530 --> 00:07:59,770

heavily reported and documented case and

190

00:08:04,990 --> 00:08:02,540

extremely fascinating and this was an

191

00:08:07,240 --> 00:08:05,000

encounter I mean these pilots their

192

00:08:09,240 --> 00:08:07,250

instruments failed when they got close

193

00:08:12,730 --> 00:08:09,250

to these objects and they were

194

00:08:15,490 --> 00:08:12,740

quote-unquote attacked by the object so

195

00:08:18,250 --> 00:08:15,500

the listener who has not heard about

196

00:08:20,620 --> 00:08:18,260

this specific case can you just go over

197

00:08:22,840 --> 00:08:20,630

that in a nutshell just briefly of

198

00:08:26,950 --> 00:08:22,850

course the Tehran incident happened more

199

00:08:30,730 --> 00:08:26,960

in September 19th of 1976 and this was

200

00:08:33,820 --> 00:08:30,740

in the city of Tehran in Iran and this

201
00:08:36,790 --> 00:08:33,830
was witnessed by the Imperial Iranian

202
00:08:39,220 --> 00:08:36,800
Air Force they got reports of lights

203
00:08:41,440 --> 00:08:39,230
being seen in the sky so they thought it

204
00:08:44,080 --> 00:08:41,450
would be Venus or you know the the

205
00:08:47,650 --> 00:08:44,090
quintessential swamp gas so they sent an

206
00:08:49,870 --> 00:08:47,660
F 4th fighter up to investigate and when

207
00:08:52,540 --> 00:08:49,880
they got up there they they noticed that

208
00:08:54,740 --> 00:08:52,550
this was an actual solid diamond-shaped

209
00:08:56,510 --> 00:08:54,750
object that was actually

210
00:08:59,210 --> 00:08:56,520
breaking off into several other objects

211
00:09:01,520 --> 00:08:59,220
that would come close to the pilot the

212
00:09:05,210 --> 00:09:01,530
pilot then landed reported what he saw

213
00:09:08,390 --> 00:09:05,220

and then they sent up more fighter jets

214

00:09:10,580 --> 00:09:08,400

to to investigate and when the fighter

215

00:09:12,830 --> 00:09:10,590

pilots got closer to the object all of

216

00:09:14,660 --> 00:09:12,840

their instruments failed so at that

217

00:09:19,280 --> 00:09:14,670

point you know what could they do they

218

00:09:21,410 --> 00:09:19,290

had to land and figure out how you know

219

00:09:23,870 --> 00:09:21,420

how to approach this thing an

220

00:09:26,630 --> 00:09:23,880

investigation was done afterwards both

221

00:09:31,040 --> 00:09:26,640

by the Iranian Air Force and the US

222

00:09:33,680 --> 00:09:31,050

government and very very fascinating I

223

00:09:34,970 --> 00:09:33,690

would definitely urge people to look

224

00:09:38,360 --> 00:09:34,980

further into it

225

00:09:40,520 --> 00:09:38,370

there's many TV shows that have included

226

00:09:42,650 --> 00:09:40,530

this event but for all of that

227

00:09:45,470 --> 00:09:42,660

information I suggest going to either

228

00:09:48,080 --> 00:09:45,480

the article that I wrote or to John

229

00:09:49,940 --> 00:09:48,090

Greenwald's black vault website and to

230

00:09:51,620 --> 00:09:49,950

see the documents firsthand

231

00:09:54,740 --> 00:09:51,630

now what's uh what's the name of your

232

00:09:57,830 --> 00:09:54,750

blog my blog is somewhere in the skies

233

00:09:59,720 --> 00:09:57,840

dot-com yeah I like that great name well

234

00:10:03,050 --> 00:09:59,730

hey thanks so much and I hope Allah

235

00:10:06,020 --> 00:10:03,060

Hondros jealous that would make my day

236

00:10:08,270 --> 00:10:06,030

yeah all right I'll talk to you soon

237

00:10:10,100 --> 00:10:08,280

Ryan so hang in there everyone we'll be

238

00:11:41,330 --> 00:10:10,110

right back after the music break with

239

00:11:45,810 --> 00:11:44,040

well that tune was by Carrie Lloyd

240

00:11:47,940 --> 00:11:45,820

Whitehouse and you know I played that on

241

00:11:52,700 --> 00:11:47,950

mono I apologize it and the sound near

242

00:11:55,590 --> 00:11:52,710

is good and David Marlar how are you I

243

00:11:56,970 --> 00:11:55,600

am doing quite well thank you did you

244

00:11:59,400 --> 00:11:56,980

forget to unmute your mic

245

00:12:03,000 --> 00:11:59,410

I don't know there's a little lag in the

246

00:12:05,430 --> 00:12:03,010

computer okay hey David I'm real excited

247

00:12:08,340 --> 00:12:05,440

to have you on the show and I've heard

248

00:12:09,180 --> 00:12:08,350

your name for quite a while nothing but

249

00:12:11,580 --> 00:12:09,190

good

250

00:12:13,980 --> 00:12:11,590

I've listened to interviews with you and

251

00:12:15,630 --> 00:12:13,990

I'm just really excited and everyone is

252

00:12:17,190 --> 00:12:15,640

on the chat board as well we'll be

253

00:12:19,110 --> 00:12:17,200

having some questions come in if you

254

00:12:21,630 --> 00:12:19,120

haven't jumped in the chat room you

255

00:12:23,880 --> 00:12:21,640

listening live go to podcast UFO comm

256

00:12:27,150 --> 00:12:23,890

and right on the sidebar it's just two

257

00:12:29,820 --> 00:12:27,160

clicks and you're in and so the first

258

00:12:34,500 --> 00:12:29,830

hour we're gonna be talking about all

259

00:12:35,760 --> 00:12:34,510

types of triangle UFOs obscure etc in

260

00:12:37,440 --> 00:12:35,770

the second hour we're going to be

261

00:12:40,320 --> 00:12:37,450

talking about a new project to working

262

00:12:44,190 --> 00:12:40,330

on plus we're gonna be talking about the

263

00:12:46,190 --> 00:12:44,200

January 5th 2000 sighting that involved

264

00:12:48,780 --> 00:12:46,200

police officers a real fascinating

265

00:12:50,850 --> 00:12:48,790

sighting I've heard about for a number

266

00:12:53,430 --> 00:12:50,860

of years and I can't wait to talk about

267

00:12:55,050 --> 00:12:53,440

that as well so for the person who

268

00:12:58,680 --> 00:12:55,060

doesn't know who David

269

00:13:00,330 --> 00:12:58,690

Marlar is can you go ahead and say who

270

00:13:02,220 --> 00:13:00,340

you are your background and all that if

271

00:13:03,930 --> 00:13:02,230

you would please sure

272

00:13:06,330 --> 00:13:03,940

well I've been actively involved in the

273

00:13:08,940 --> 00:13:06,340

UFO field now for about 25 years

274

00:13:12,150 --> 00:13:08,950

always had an interest even as a child

275

00:13:13,860 --> 00:13:12,160

growing up in the early 70s and my

276

00:13:17,520 --> 00:13:13,870

interest was initially piqued back in

277

00:13:19,950 --> 00:13:17,530

1973 during a wave of UFO sightings in

278

00:13:23,340 --> 00:13:19,960

and around the vicinity of a small town

279

00:13:24,420 --> 00:13:23,350

called Piedmont Missouri and that was

280

00:13:27,090 --> 00:13:24,430

what initially piqued my interest

281

00:13:29,700 --> 00:13:27,100

because I had family and friends that

282

00:13:31,200 --> 00:13:29,710

lived down there at the time and so that

283

00:13:34,260 --> 00:13:31,210

was my initial introduction at the age

284

00:13:38,250 --> 00:13:34,270

of five years old to the UFO subject but

285

00:13:40,800 --> 00:13:38,260

in 1990 I became involved with MUFON the

286

00:13:44,160 --> 00:13:40,810

mutual UFO network and later became

287

00:13:46,140 --> 00:13:44,170

state director and over the years in

288

00:13:49,500 --> 00:13:46,150

doing investigations I was slowly

289

00:13:51,210 --> 00:13:49,510

amassing a very large private library of

290

00:13:54,329 --> 00:13:51,220

UFO books journals and

291

00:13:57,780 --> 00:13:54,339

papers news clippings audio recordings

292

00:14:00,030 --> 00:13:57,790

etc and you know have one of the larger

293

00:14:02,400 --> 00:14:00,040

private collections on the subject and

294

00:14:05,249 --> 00:14:02,410

much of the material that I wrote about

295

00:14:06,540 --> 00:14:05,259

in my book was derived from many of

296

00:14:08,850 --> 00:14:06,550

these news clippings many of these

297

00:14:11,550 --> 00:14:08,860

obscure private newspapers published you

298

00:14:17,550 --> 00:14:11,560

know anywhere between the 1940s all the

299

00:14:20,610 --> 00:14:17,560

way up into the present day and what

300

00:14:23,519 --> 00:14:20,620

what what started you in the particular

301

00:14:25,920 --> 00:14:23,529

interest of triangle UFOs well my

302

00:14:28,679 --> 00:14:25,930

initial introduction like many here in

303

00:14:31,410 --> 00:14:28,689

the United States was the initial cover

304

00:14:34,259 --> 00:14:31,420

stories being published in the MUFON

305

00:14:38,460 --> 00:14:34,269

Journal at the time and this was like I

306

00:14:40,079 --> 00:14:38,470

said in 1990 and into 1991 and of course

307

00:14:43,259 --> 00:14:40,089

the Belgian wave of these large

308

00:14:46,319 --> 00:14:43,269

triangular UFOs started in November of

309

00:14:50,280 --> 00:14:46,329

1989 and stretched all the way into the

310

00:14:52,050 --> 00:14:50,290

spring of 1991 and just purely as an

311

00:14:54,540 --> 00:14:52,060

academic at just reading about these

312

00:14:57,210 --> 00:14:54,550

reports I was fascinated by a couple of

313

00:14:59,009 --> 00:14:57,220

different things Martin one as I'm sure

314

00:15:01,350 --> 00:14:59,019

you can appreciate was just the sheer

315

00:15:04,290 --> 00:15:01,360

scale of what was being reported you

316

00:15:06,509 --> 00:15:04,300

know historically we hear these reports

317

00:15:09,059 --> 00:15:06,519

of these twenty thirty foot diameter

318

00:15:12,150 --> 00:15:09,069

flying saucers or flying discs so you

319

00:15:14,340 --> 00:15:12,160

know what these military and law

320

00:15:15,900 --> 00:15:14,350

enforcement officers and citizenry over

321

00:15:18,569 --> 00:15:15,910

in Belgium we're describing were you

322

00:15:21,540 --> 00:15:18,579

know 300 foot long dark triangular

323

00:15:23,910 --> 00:15:21,550

objects not flitting about in the sky so

324

00:15:26,840 --> 00:15:23,920

much but you know cavorting very slowly

325

00:15:29,280 --> 00:15:26,850

at low altitude over the treetops and

326

00:15:31,410 --> 00:15:29,290

virtually silent if not completely

327

00:15:34,499 --> 00:15:31,420

silent so it was a departure from that

328

00:15:36,960 --> 00:15:34,509

classic imagery that that I I cannot

329

00:15:38,999 --> 00:15:36,970

refer we have of the silver flying

330

00:15:41,639 --> 00:15:39,009

saucer zipping about in the sky and

331

00:15:44,879 --> 00:15:41,649

coupled with that I was amazed with the

332

00:15:47,280 --> 00:15:44,889

way in which the Belgian military was

333

00:15:49,679 --> 00:15:47,290

not only investigating the reports but

334

00:15:51,299 --> 00:15:49,689

very willingly sharing their their

335

00:15:54,449 --> 00:15:51,309

findings their investigative findings

336

00:15:56,579 --> 00:15:54,459

with the general public so it was a huge

337

00:15:58,139 --> 00:15:56,589

departure from what we're used to here

338

00:15:59,819 --> 00:15:58,149

in the United States with military

339

00:16:03,030 --> 00:15:59,829

officials regarding the UFO subject

340

00:16:04,490 --> 00:16:03,040

right I had the pleasure of talking to

341

00:16:07,840 --> 00:16:04,500

in meeting Jenna

342

00:16:11,720 --> 00:16:07,850

- Brauer yes what what a nice man he is

343

00:16:14,210 --> 00:16:11,730

interesting and you know he was right in

344

00:16:16,520 --> 00:16:14,220

the the midst of the whole thing yeah

345

00:16:18,290 --> 00:16:16,530

and I have to give him credit for a man

346

00:16:20,780 --> 00:16:18,300

in his position

347

00:16:22,700 --> 00:16:20,790

you know the UFO subject obviously is

348

00:16:24,800 --> 00:16:22,710

difficult for us to manage as as

349

00:16:27,740 --> 00:16:24,810

citizens but to be in a position of

350

00:16:29,890 --> 00:16:27,750

military authority and to acknowledge as

351

00:16:32,210 --> 00:16:29,900

he did at the time that we have

352

00:16:34,250 --> 00:16:32,220

unidentified objects in our Air Force

353

00:16:37,100 --> 00:16:34,260

that are in our airspace that are beyond

354

00:16:38,780 --> 00:16:37,110

our control and that's that's a huge

355

00:16:41,000 --> 00:16:38,790

statement coming from a man that's

356

00:16:44,810 --> 00:16:41,010

supposed to be in control of our

357

00:16:46,640 --> 00:16:44,820

airspace and in charge and I've been

358

00:16:49,010 --> 00:16:46,650

struck by the humility of the the

359

00:16:51,350 --> 00:16:49,020

Belgian people not only general de

360

00:16:53,510 --> 00:16:51,360

Brouwer but also a good friend that I've

361

00:16:57,170 --> 00:16:53,520

come to know over the years mr. Patrick

362

00:16:59,090 --> 00:16:57,180

Ferran who is the director of now it's

363

00:17:01,010 --> 00:16:59,100

called Co peps but at the time it was so

364

00:17:03,020 --> 00:17:01,020

peps the investigative group that

365

00:17:07,220 --> 00:17:03,030

basically catalogued all of these

366

00:17:09,830 --> 00:17:07,230

sightings really I think I saw something

367

00:17:12,230 --> 00:17:09,840

on him wasn't there like then to have

368

00:17:14,510 --> 00:17:12,240

like two books or a big huge books full

369

00:17:16,670 --> 00:17:14,520

or maybe even more than that yes I'm

370

00:17:18,230 --> 00:17:16,680

looking at I'm looking at the copies

371

00:17:21,500 --> 00:17:18,240

sitting over on my bookshelf right now

372

00:17:23,960 --> 00:17:21,510

actually and very comprehensive they've

373

00:17:25,460 --> 00:17:23,970

never been translated into English which

374

00:17:27,590 --> 00:17:25,470

one day hopefully we can get those

375

00:17:31,460 --> 00:17:27,600

translated for english-speaking

376

00:17:34,580 --> 00:17:31,470

audiences but a fascinating compendium

377

00:17:36,320 --> 00:17:34,590

of triangular but not just triangular

378

00:17:38,870 --> 00:17:36,330

UFOs that were being reported at the

379

00:17:40,640 --> 00:17:38,880

time but other shapes and sizes and some

380

00:17:43,550 --> 00:17:40,650

of that factors into the historical

381

00:17:48,580 --> 00:17:43,560

research that I've gathered and in point

382

00:17:51,080 --> 00:17:48,590

of fact I'm happy to say that in June

383

00:17:52,610 --> 00:17:51,090

mr. patrick ferrant will be in the

384

00:17:54,710 --> 00:17:52,620

united states and he will be here in

385

00:17:56,810 --> 00:17:54,720

albuquerque and we are planning our

386

00:17:58,070 --> 00:17:56,820

first face-to-face meeting so I'm

387

00:18:00,260 --> 00:17:58,080

looking forward to exchanging

388

00:18:02,570 --> 00:18:00,270

information with him face to face

389

00:18:04,790 --> 00:18:02,580

well excellent now about I'd say about a

390

00:18:08,210 --> 00:18:04,800

year year and a half ago I did more or

391

00:18:12,190 --> 00:18:08,220

less a UFO debate with Roger Nygaard who

392

00:18:14,770 --> 00:18:12,200

is a documentarian or a dark hour film

393

00:18:18,409 --> 00:18:14,780

what am I trying to say

394

00:18:22,090 --> 00:18:18,419

filmmaker ok did Trekkies and

395

00:18:26,119 --> 00:18:22,100

a bunch of different films and anyway he

396

00:18:28,549 --> 00:18:26,129

had his answer for all of the triangle

397

00:18:30,109 --> 00:18:28,559

UFOs he said they were all military that

398

00:18:32,749 --> 00:18:30,119

we don't know about and that you know

399

00:18:35,810 --> 00:18:32,759

you hear a lot of do I want to say

400

00:18:38,169 --> 00:18:35,820

skeptics or debunkers either one but a

401
00:18:40,849 --> 00:18:38,179
lot of times they'll bring up that the

402
00:18:43,369 --> 00:18:40,859
triangle UFOs are nothing but something

403
00:18:44,930 --> 00:18:43,379
military that we don't know about what's

404
00:18:45,169 --> 00:18:44,940
your what's your answer to someone like

405
00:18:47,659 --> 00:18:45,179
that

406
00:18:49,340 --> 00:18:47,669
well let me just say this because I've

407
00:18:51,710 --> 00:18:49,350
stated this to audiences across the

408
00:18:55,869 --> 00:18:51,720
country over the last year year and a

409
00:18:58,580 --> 00:18:55,879
half I do not deny that some triangular

410
00:19:03,320 --> 00:18:58,590
objects triangular UFOs if you will

411
00:19:05,320 --> 00:19:03,330
could be military aircraft now those

412
00:19:07,849 --> 00:19:05,330
aren't necessarily the low-flying

413
00:19:09,799 --> 00:19:07,859

extremely large objects that are being

414

00:19:12,619 --> 00:19:09,809

seen you know flitting over the treetops

415

00:19:15,680 --> 00:19:12,629

and power lines across this country in

416

00:19:19,190 --> 00:19:15,690

many other countries but to make it a

417

00:19:22,129 --> 00:19:19,200

blanket explanation to me speaks to the

418

00:19:24,560 --> 00:19:22,139

person's ignorance and I I don't say

419

00:19:26,359 --> 00:19:24,570

that I don't say that lightly and the

420

00:19:27,440 --> 00:19:26,369

reason I say that for anyone that's read

421

00:19:30,680 --> 00:19:27,450

my book

422

00:19:34,489 --> 00:19:30,690

these reports go back at least to the

423

00:19:37,279 --> 00:19:34,499

late 1800s and I have numerous accounts

424

00:19:40,970 --> 00:19:37,289

of these triangular objects before the

425

00:19:43,430 --> 00:19:40,980

advent of powered flight and I I think

426
00:19:45,470 --> 00:19:43,440
you know you can make that argument with

427
00:19:47,119 --> 00:19:45,480
regard to the modern date reports and by

428
00:19:49,909 --> 00:19:47,129
that I mean maybe over the last twenty

429
00:19:51,560 --> 00:19:49,919
thirty years but then there's some

430
00:19:54,830 --> 00:19:51,570
common sense questions that come into

431
00:19:57,049 --> 00:19:54,840
play why are we flying these around all

432
00:19:59,180 --> 00:19:57,059
over the world apparently just for the

433
00:20:01,580 --> 00:19:59,190
entertainment of civilians who see them

434
00:20:03,259 --> 00:20:01,590
and yet we have no reports of these

435
00:20:06,139 --> 00:20:03,269
being seen over military theater

436
00:20:07,940 --> 00:20:06,149
operations if we have military aircraft

437
00:20:09,499 --> 00:20:07,950
and colonel john alexander that wrote

438
00:20:12,440 --> 00:20:09,509

the foreword of my book he and i agree

439

00:20:15,139 --> 00:20:12,450

on this point wholeheartedly if we had

440

00:20:17,989 --> 00:20:15,149

craft that can behave maneuver like

441

00:20:20,029 --> 00:20:17,999

these objects are reported to do we

442

00:20:23,419 --> 00:20:20,039

would be using them we would not be

443

00:20:25,519 --> 00:20:23,429

resorting to f-117a stealth fighters b-2

444

00:20:29,930 --> 00:20:25,529

stealth bombers which you know in

445

00:20:32,280 --> 00:20:29,940

comparison is is infantile technology so

446

00:20:34,340 --> 00:20:32,290

if we have this technology why are

447

00:20:36,510 --> 00:20:34,350

we using it within military theaters

448

00:20:40,500 --> 00:20:36,520

we're saving it for something really

449

00:20:44,100 --> 00:20:40,510

good maybe for the next big war yeah no

450

00:20:46,620 --> 00:20:44,110

I that makes total sense to me and if

451
00:20:48,830 --> 00:20:46,630
you're going back into the 1800s they

452
00:20:51,530 --> 00:20:48,840
can't really argue that and I was

453
00:20:54,120 --> 00:20:51,540
absolutely unaware that there were

454
00:20:56,370 --> 00:20:54,130
triangular sightings that far back you

455
00:21:00,270 --> 00:20:56,380
know it seems to me you hear about of

456
00:21:03,750 --> 00:21:00,280
course first was sort of like a wing to

457
00:21:06,510 --> 00:21:03,760
disk and then the disk you know the

458
00:21:09,270 --> 00:21:06,520
flying saucer so to speak sort of came

459
00:21:14,010 --> 00:21:09,280
into fashion as it seemed the cigar

460
00:21:15,540 --> 00:21:14,020
shape and then the triangle it seems to

461
00:21:17,220 --> 00:21:15,550
me you know I had a discussion I think

462
00:21:19,260 --> 00:21:17,230
it was with Leo sprinkle just last week

463
00:21:21,210 --> 00:21:19,270

and you know perhaps these different

464

00:21:24,330 --> 00:21:21,220

crafts if we're going in the

465

00:21:26,040 --> 00:21:24,340

extra-terrestrial route to say that's

466

00:21:28,410 --> 00:21:26,050

what these are of course no one really

467

00:21:32,280 --> 00:21:28,420

knows for sure but if we're saying that

468

00:21:35,400 --> 00:21:32,290

is the truth then they could be from

469

00:21:38,100 --> 00:21:35,410

different planets or you know just next

470

00:21:39,420 --> 00:21:38,110

year's model or something absolutely and

471

00:21:41,040 --> 00:21:39,430

you bring up a good point you know I

472

00:21:44,400 --> 00:21:41,050

agree with what you just said you know

473

00:21:46,170 --> 00:21:44,410

we don't know and it really bothers me

474

00:21:47,940 --> 00:21:46,180

when you have as you mentioned the

475

00:21:50,850 --> 00:21:47,950

skeptics or even many people within the

476

00:21:52,890 --> 00:21:50,860

UFO community that are open to UFOs but

477

00:21:56,130 --> 00:21:52,900

they make this delineation where well

478

00:21:57,690 --> 00:21:56,140

the triangles those are ours and this is

479

00:22:00,030 --> 00:21:57,700

the thing if you're going to make a

480

00:22:02,460 --> 00:22:00,040

statement you damn well better back it

481

00:22:05,520 --> 00:22:02,470

up with facts and to just arbitrarily

482

00:22:07,500 --> 00:22:05,530

throw that comment out there what is

483

00:22:10,680 --> 00:22:07,510

your basis for making that conclusion

484

00:22:12,420 --> 00:22:10,690

and the basis that I made the historical

485

00:22:14,940 --> 00:22:12,430

argument as I like to say is is

486

00:22:17,160 --> 00:22:14,950

basically in my book looking at the

487

00:22:20,340 --> 00:22:17,170

history looking at the consistency of

488

00:22:24,030 --> 00:22:20,350

these reports spanning worldwide over

489

00:22:27,420 --> 00:22:24,040

decades it really stretches the the

490

00:22:29,460 --> 00:22:27,430

believability of this theory that these

491

00:22:31,470 --> 00:22:29,470

are some type of top-secret military

492

00:22:34,500 --> 00:22:31,480

aircraft that that we're not aware of

493

00:22:36,150 --> 00:22:34,510

and unfortunately that a lot of this

494

00:22:37,980 --> 00:22:36,160

goes back and this is kind of a sacred

495

00:22:39,920 --> 00:22:37,990

cow that I'm going to be poking here so

496

00:22:43,290 --> 00:22:39,930

I'm we're probably get a lot of chatter

497

00:22:45,850 --> 00:22:43,300

as a result of this from the audience

498

00:22:48,100 --> 00:22:45,860

but you know people arbitrarily if you

499

00:22:50,200 --> 00:22:48,110

look up triangular UFOs I see it so

500

00:22:52,810 --> 00:22:50,210

often it really irritates me

501
00:22:55,630 --> 00:22:52,820
they'll state well oh the triangle UFOs

502
00:22:58,330 --> 00:22:55,640
those are just the tr-3b aircraft yeah

503
00:23:00,669 --> 00:22:58,340
okay well first off let's take really

504
00:23:03,820 --> 00:23:00,679
exists does it well that's just the

505
00:23:07,240 --> 00:23:03,830
point it might I can't sit here and say

506
00:23:09,640 --> 00:23:07,250
that it doesn't exist but that story

507
00:23:13,360 --> 00:23:09,650
really goes back to one individual who

508
00:23:16,450 --> 00:23:13,370
claims to have worked on inside military

509
00:23:18,310 --> 00:23:16,460
projects and again you know for the

510
00:23:19,630 --> 00:23:18,320
audience let's just take a dose of

511
00:23:22,210 --> 00:23:19,640
common sense for a minute

512
00:23:24,370 --> 00:23:22,220
in writing my book I interviewed

513
00:23:27,520 --> 00:23:24,380

aerospace engineers from British

514

00:23:30,520 --> 00:23:27,530

Aerospace Boeing and McDonnell Douglas

515

00:23:32,440 --> 00:23:30,530

and there may be some some aviation

516

00:23:33,730 --> 00:23:32,450

aircraft design engineers out there

517

00:23:36,159 --> 00:23:33,740

right now that are listening to this

518

00:23:37,600 --> 00:23:36,169

this one individual who I won't name

519

00:23:40,539 --> 00:23:37,610

because I don't wish to give him any

520

00:23:42,789 --> 00:23:40,549

more celebrity or audience than he are

521

00:23:44,980 --> 00:23:42,799

he's already garnered he claims to have

522

00:23:47,140 --> 00:23:44,990

worked on this project but he goes one

523

00:23:49,180 --> 00:23:47,150

step further he says not only did I work

524

00:23:50,799 --> 00:23:49,190

on the project here's the physics and

525

00:23:52,570 --> 00:23:50,809

here's how the object worked and here's

526

00:23:55,480 --> 00:23:52,580

some detailed schematics of how the

527

00:23:58,299 --> 00:23:55,490

object worked for anyone that has worked

528

00:24:00,580 --> 00:23:58,309

in the defense industry if you are

529

00:24:03,520 --> 00:24:00,590

working on a top-secret aircraft or

530

00:24:07,090 --> 00:24:03,530

let's just say a component thereof and

531

00:24:09,159 --> 00:24:07,100

you go public with said information you

532

00:24:11,080 --> 00:24:09,169

are going to be arrested you are going

533

00:24:13,470 --> 00:24:11,090

to have your pension revoked and you are

534

00:24:15,789 --> 00:24:13,480

going to be looking at serious jail time

535

00:24:19,650 --> 00:24:15,799

none of this has happened to this

536

00:24:22,659 --> 00:24:19,660

individual it sort of bob lazar like

537

00:24:24,250 --> 00:24:22,669

well and that's another sacred cow that

538

00:24:26,140 --> 00:24:24,260

i'm sorry yeah you know I'm just pretty

539

00:24:29,770 --> 00:24:26,150

blatant I don't sugarcoat it anymore Bob

540

00:24:32,890 --> 00:24:29,780

Lazar is this information as far as I'm

541

00:24:35,530 --> 00:24:32,900

concerned in my opinion and the reason I

542

00:24:36,909 --> 00:24:35,540

say that is you know sometimes that rubs

543

00:24:38,890 --> 00:24:36,919

people the wrong way that have their

544

00:24:41,289 --> 00:24:38,900

belief systems hinged on these people

545

00:24:44,289 --> 00:24:41,299

and their testimony but this is this is

546

00:24:47,320 --> 00:24:44,299

what I posed to you these are the people

547

00:24:50,620 --> 00:24:47,330

making the claims the burden of proof is

548

00:24:52,570 --> 00:24:50,630

on them not me to tear them down they

549

00:24:57,340 --> 00:24:52,580

have made these outrageous claims but

550

00:24:59,710 --> 00:24:57,350

where are their facts right right I like

551
00:25:04,990 --> 00:24:59,720
you Dave I can tell you that right now

552
00:25:06,669 --> 00:25:05,000
I think a lot similar to the way you do

553
00:25:08,740 --> 00:25:06,679
I want to tell you a story that is

554
00:25:10,450 --> 00:25:08,750
pretty interesting because there's a lot

555
00:25:12,840 --> 00:25:10,460
there's a lot of information that I've

556
00:25:15,840 --> 00:25:12,850
had since I started the show on

557
00:25:19,360 --> 00:25:15,850
triangular UFOs and encounters with them

558
00:25:20,770 --> 00:25:19,370
and one of them is a listener I'm not

559
00:25:23,860 --> 00:25:20,780
sure if she's listening now she's in

560
00:25:25,450 --> 00:25:23,870
Australia she said when she was a little

561
00:25:28,860 --> 00:25:25,460
girl working in the garden with her

562
00:25:33,190 --> 00:25:28,870
mother all of a sudden this big triangle

563
00:25:35,620 --> 00:25:33,200

UFO flew right over them and and this is

564

00:25:37,930 --> 00:25:35,630

something that I haven't heard or maybe

565

00:25:39,430 --> 00:25:37,940

I heard it once or twice but they felt

566

00:25:41,350 --> 00:25:39,440

like it was like they were being

567

00:25:43,299 --> 00:25:41,360

pressured like it pushed her right down

568

00:25:45,279 --> 00:25:43,309

on the ground this pressure as it went

569

00:25:48,760 --> 00:25:45,289

over have you ever heard a story like

570

00:25:51,730 --> 00:25:48,770

that not involving an individual but I

571

00:25:55,029 --> 00:25:51,740

just was lecturing in Florida for the

572

00:25:56,740 --> 00:25:55,039

state MUFON group down there and a great

573

00:25:59,350 --> 00:25:56,750

group by the way I have to thank them

574

00:26:02,289 --> 00:25:59,360

publicly while I'm mentioning that I had

575

00:26:05,399 --> 00:26:02,299

a wonderful time but I actually

576
00:26:08,590 --> 00:26:05,409
encountered someone who had a sighting

577
00:26:10,899 --> 00:26:08,600
several years ago in southern Illinois

578
00:26:13,090 --> 00:26:10,909
which is where I used to reside up until

579
00:26:15,039 --> 00:26:13,100
three years ago and again I was state

580
00:26:17,770 --> 00:26:15,049
state Illinois fine state director for

581
00:26:20,110 --> 00:26:17,780
several years there his experience

582
00:26:24,430 --> 00:26:20,120
involved some type of pressure or

583
00:26:27,010 --> 00:26:24,440
downdraft that was affecting a group of

584
00:26:28,830 --> 00:26:27,020
trees in fact I'll be interviewing him

585
00:26:31,810 --> 00:26:28,840
later this weekend to get more

586
00:26:36,850 --> 00:26:31,820
additional details on this but there are

587
00:26:39,490 --> 00:26:36,860
a small percentage of situations where

588
00:26:41,710 --> 00:26:39,500

there seems to be some effect on the

589

00:26:45,880 --> 00:26:41,720

surroundings especially underneath the

590

00:26:48,039 --> 00:26:45,890

object but the vast majority usually

591

00:26:49,930 --> 00:26:48,049

these objects are seemingly moving

592

00:26:52,210 --> 00:26:49,940

through the air without displacement of

593

00:26:54,730 --> 00:26:52,220

air without any electromagnetic effects

594

00:26:56,200 --> 00:26:54,740

although again there are some in the

595

00:26:59,860 --> 00:26:56,210

reports that have been able to gather

596

00:27:03,010 --> 00:26:59,870

but it's very interesting and there are

597

00:27:05,230 --> 00:27:03,020

variations within the reports I don't

598

00:27:07,180 --> 00:27:05,240

like to make it sound like every every

599

00:27:10,389 --> 00:27:07,190

account fits a pattern there there are

600

00:27:12,159 --> 00:27:10,399

certainly variations in the reports but

601
00:27:13,240 --> 00:27:12,169
you know admittedly sometimes that may

602
00:27:15,040 --> 00:27:13,250
be do not

603
00:27:17,380 --> 00:27:15,050
much to the UFO being observed but the

604
00:27:20,680 --> 00:27:17,390
UFO observer there you know their lack

605
00:27:23,770 --> 00:27:20,690
of visual acuity maybe their lack of you

606
00:27:27,130 --> 00:27:23,780
know auditory you know ability to hear

607
00:27:28,780 --> 00:27:27,140
the object obviously the wind blowing in

608
00:27:31,450 --> 00:27:28,790
the opposite direction if there was a

609
00:27:33,940 --> 00:27:31,460
slight sound that may inhibit or

610
00:27:36,820 --> 00:27:33,950
attenuate the ability to you know hear

611
00:27:38,500 --> 00:27:36,830
that that sound so there are variations

612
00:27:40,390 --> 00:27:38,510
in the reports I don't want to make it

613
00:27:43,360 --> 00:27:40,400

sound like it's one homogeneous body of

614

00:27:44,530 --> 00:27:43,370

sighting reports and sometimes it's

615

00:27:47,020 --> 00:27:44,540

interesting you know you look for

616

00:27:48,340 --> 00:27:47,030

patterns you look for consistencies but

617

00:27:49,750 --> 00:27:48,350

I think equally interesting as a

618

00:27:51,970 --> 00:27:49,760

researcher it's interesting to find

619

00:27:54,610 --> 00:27:51,980

those that don't fit the pattern those

620

00:27:56,380 --> 00:27:54,620

those outliers where I have no other

621

00:27:57,880 --> 00:27:56,390

case that reports that isn't that

622

00:27:59,710 --> 00:27:57,890

interesting should we explore that a

623

00:28:01,930 --> 00:27:59,720

little bit further there's actually one

624

00:28:03,340 --> 00:28:01,940

from 1957 which hopefully we can touch

625

00:28:05,980 --> 00:28:03,350

on maybe later

626
00:28:07,240 --> 00:28:05,990
where there was an unusual case that

627
00:28:09,670 --> 00:28:07,250
just didn't seem to fit the overall

628
00:28:12,730 --> 00:28:09,680
pattern that was in an air intelligence

629
00:28:13,840 --> 00:28:12,740
report in Project Blue Book why don't we

630
00:28:15,700 --> 00:28:13,850
just go right into that right now

631
00:28:17,290 --> 00:28:15,710
because I do have some questions on the

632
00:28:20,730 --> 00:28:17,300
chatroom boat why don't you just

633
00:28:24,370 --> 00:28:20,740
describe that particular story okay well

634
00:28:26,170 --> 00:28:24,380
you know besides the newspaper articles

635
00:28:28,180 --> 00:28:26,180
in the newspaper archives I went through

636
00:28:31,600 --> 00:28:28,190
I did a comprehensive review of all the

637
00:28:33,940 --> 00:28:31,610
Declassified UFO mo D files as well as

638
00:28:37,180 --> 00:28:33,950

Air Force project Bluebook files looking

639

00:28:39,700 --> 00:28:37,190

for triangular reports and there were

640

00:28:42,580 --> 00:28:39,710

quite a few in in all of these different

641

00:28:43,630 --> 00:28:42,590

areas and I sifted through them I tried

642

00:28:46,180 --> 00:28:43,640

to find the best the most

643

00:28:48,880 --> 00:28:46,190

well-documented you know even some

644

00:28:52,200 --> 00:28:48,890

involving radar confirmation in addition

645

00:28:56,350 --> 00:28:52,210

to multiple eyewitness accounts but in

646

00:28:59,590 --> 00:28:56,360

1957 November of 1957 I found what

647

00:29:01,990 --> 00:28:59,600

appears to be a global wave of

648

00:29:04,510 --> 00:29:02,000

triangular UFO sightings now I know it

649

00:29:06,010 --> 00:29:04,520

may sound strange those that are you

650

00:29:09,630 --> 00:29:06,020

know familiar to hearing these accounts

651
00:29:14,650 --> 00:29:09,640
in the 80s and the 90s this was 1957 and

652
00:29:15,400 --> 00:29:14,660
November of 1957 the Belgian Defense

653
00:29:21,150 --> 00:29:15,410
Intelligence

654
00:29:23,950 --> 00:29:21,160
Service was investigating a wave of

655
00:29:25,810 --> 00:29:23,960
triangular space ships that was their

656
00:29:26,890 --> 00:29:25,820
term not mine at the time in the

657
00:29:28,390 --> 00:29:26,900
newspapers

658
00:29:31,330 --> 00:29:28,400
triangular spaceships that were being

659
00:29:33,070 --> 00:29:31,340
reported and investigated numerous

660
00:29:35,230 --> 00:29:33,080
accounts I also found a Reuters news

661
00:29:37,330 --> 00:29:35,240
article that corroborated that and

662
00:29:40,360 --> 00:29:37,340
discussed in detail a particular

663
00:29:45,480 --> 00:29:40,370

sighting but as those accounts were

664

00:29:48,580 --> 00:29:45,490

occurring in in Denmark over in Illinois

665

00:29:50,380 --> 00:29:48,590

there were two sightings Illinois one in

666

00:29:53,710 --> 00:29:50,390

Illinois one in Wisconsin on the same

667

00:29:57,340 --> 00:29:53,720

night involving a 200-foot triangular

668

00:30:00,370 --> 00:29:57,350

object and while all of this is going on

669

00:30:03,730 --> 00:30:00,380

within a week's period of time there was

670

00:30:05,800 --> 00:30:03,740

a intelligence report in Project Blue

671

00:30:09,550 --> 00:30:05,810

Book involving two fishermen that were

672

00:30:12,910 --> 00:30:09,560

in Sumatra Indonesia that observed this

673

00:30:16,600 --> 00:30:12,920

large triangular object move over their

674

00:30:19,330 --> 00:30:16,610

fishing boat and it described that there

675

00:30:21,940 --> 00:30:19,340

were these lights on each point and

676
00:30:24,460 --> 00:30:21,950
there were smoke billowing out of each

677
00:30:27,040 --> 00:30:24,470
point and that was I've never ever heard

678
00:30:29,380 --> 00:30:27,050
of any type of a mission like that and I

679
00:30:31,840 --> 00:30:29,390
you know sheer speculation on my part by

680
00:30:33,340 --> 00:30:31,850
speculated was this a rare instance of

681
00:30:35,920 --> 00:30:33,350
one of these objects and some type of

682
00:30:38,200 --> 00:30:35,930
mechanical distress but I think it's

683
00:30:40,570 --> 00:30:38,210
worthy to note that Air Force

684
00:30:43,150 --> 00:30:40,580
intelligence officers deemed it credible

685
00:30:44,260 --> 00:30:43,160
enough and again probably in the context

686
00:30:47,380 --> 00:30:44,270
of these other reports they were

687
00:30:49,480 --> 00:30:47,390
receiving worldwide to actually file an

688
00:30:51,250 --> 00:30:49,490

air intelligence report documenting this

689

00:30:53,860 --> 00:30:51,260

and in making it part of Air Force

690

00:30:56,290 --> 00:30:53,870

project Bluebook files wow that is

691

00:30:58,000 --> 00:30:56,300

amazing so we have a question a couple

692

00:31:00,400 --> 00:30:58,010

of questions up on the message board and

693

00:31:04,570 --> 00:31:00,410

one is a lot of times you hear about

694

00:31:07,540 --> 00:31:04,580

these craft flying very low altitudes

695

00:31:08,620 --> 00:31:07,550

right over the treetops as you said you

696

00:31:10,930 --> 00:31:08,630

know a lot of times you'll hear the

697

00:31:13,660 --> 00:31:10,940

description like a football-field-sized

698

00:31:17,850 --> 00:31:13,670

or something like that yes are they ever

699

00:31:21,580 --> 00:31:17,860

observed at higher altitudes they are

700

00:31:23,260 --> 00:31:21,590

again fairly rare in in the general

701
00:31:27,040 --> 00:31:23,270
scheme of reporting that I've been able

702
00:31:30,670 --> 00:31:27,050
to document the Chilean Air Force in

703
00:31:35,110 --> 00:31:30,680
1980 actually had two incidents where

704
00:31:38,440 --> 00:31:35,120
the triangular UFOs were being tracked

705
00:31:40,370 --> 00:31:38,450
on radar and jet interceptors were sent

706
00:31:45,920 --> 00:31:40,380
up to identify and possibly enter

707
00:31:49,550 --> 00:31:45,930
these UFOs and the pilot kept a captain

708
00:31:51,800 --> 00:31:49,560
Danilo Catalan Fortius was able to

709
00:31:54,200 --> 00:31:51,810
establish visual contact with one of the

710
00:31:57,050 --> 00:31:54,210
objects which he described as large dark

711
00:31:59,480 --> 00:31:57,060
and triangular but these were high high

712
00:32:01,820 --> 00:31:59,490
altitude sightings and apparently the

713
00:32:04,490 --> 00:32:01,830

objects were departing as a result of

714

00:32:06,590 --> 00:32:04,500

the Jets closing in on them you know

715

00:32:08,180 --> 00:32:06,600

during this attempted identification

716

00:32:11,960 --> 00:32:08,190

and/or intercept

717

00:32:15,860 --> 00:32:11,970

there are other accounts of relatively

718

00:32:18,770 --> 00:32:15,870

high altitude triangular UFOs now just

719

00:32:21,110 --> 00:32:18,780

just to make a little point here in in

720

00:32:24,140 --> 00:32:21,120

examining these reports I don't accept

721

00:32:27,470 --> 00:32:24,150

every reported face value and regarding

722

00:32:31,040 --> 00:32:27,480

high altitude sightings in 1966 there

723

00:32:33,200 --> 00:32:31,050

was a report of a triangular UFO that

724

00:32:35,660 --> 00:32:33,210

garnered worldwide media attention I

725

00:32:40,400 --> 00:32:35,670

have many original newspaper clippings

726

00:32:42,860 --> 00:32:40,410

with a photo of said triangular UFO but

727

00:32:44,240 --> 00:32:42,870

later it was determined estimated that

728

00:32:46,820 --> 00:32:44,250

what this was was actually a

729

00:32:50,510 --> 00:32:46,830

high-altitude balloon which when viewed

730

00:32:52,610 --> 00:32:50,520

from directly below had the shape of a

731

00:32:56,690 --> 00:32:52,620

triangle but in fact it was more of an

732

00:32:59,600 --> 00:32:56,700

inverted pyramid and there's a French

733

00:33:02,630 --> 00:32:59,610

research balloon that was also an

734

00:33:05,690 --> 00:33:02,640

explanation for a triangular UFO

735

00:33:08,870 --> 00:33:05,700

sighting in Riga Latvia that was in the

736

00:33:10,730 --> 00:33:08,880

Soviet UFO FILES and they were able to

737

00:33:13,100 --> 00:33:10,740

film that and in that particular

738

00:33:16,100 --> 00:33:13,110

instance it was high altitude triangular

739

00:33:18,940 --> 00:33:16,110

but it also was semi-transparent and

740

00:33:20,840 --> 00:33:18,950

somewhat reflective and the

741

00:33:22,190 --> 00:33:20,850

investigators ultimately determined it

742

00:33:25,340 --> 00:33:22,200

must have been a high altitude French

743

00:33:27,080 --> 00:33:25,350

research balloon and so you know when I

744

00:33:29,210 --> 00:33:27,090

come across these reports I tried to do

745

00:33:31,580 --> 00:33:29,220

a fair fairly good job of vetting the

746

00:33:33,680 --> 00:33:31,590

reports mm-hm and separating the wheat

747

00:33:36,500 --> 00:33:33,690

from the chaff you know in putting these

748

00:33:38,330 --> 00:33:36,510

cases together my book now a lot of

749

00:33:39,280 --> 00:33:38,340

times you will hear what you just

750

00:33:43,280 --> 00:33:39,290

mentioned it's sort of like a

751
00:33:46,130 --> 00:33:43,290
translucent and also let's for instance

752
00:33:49,010 --> 00:33:46,140
the Phoenix lights you hear about these

753
00:33:51,470 --> 00:33:49,020
sort of orbs that are underneath them

754
00:33:54,320 --> 00:33:51,480
sort of like a really unique color

755
00:33:57,980 --> 00:33:54,330
glowing a lot of these trying

756
00:34:02,149 --> 00:33:57,990
those have that they do but I will say

757
00:34:04,009 --> 00:34:02,159
this of all the common patterns the

758
00:34:06,350 --> 00:34:04,019
common consistencies characteristics

759
00:34:08,389 --> 00:34:06,360
that I've found with the triangles what

760
00:34:11,930 --> 00:34:08,399
you're touching on the lighting patterns

761
00:34:13,909 --> 00:34:11,940
that seems to be the most variable and I

762
00:34:15,680 --> 00:34:13,919
don't know really how to explain that

763
00:34:17,419 --> 00:34:15,690

again you know Martin we we have more

764

00:34:22,339 --> 00:34:17,429

questions and answers with regard to

765

00:34:24,560 --> 00:34:22,349

these these objects but I do tend to

766

00:34:26,359 --> 00:34:24,570

lean towards the idea and I'm just gonna

767

00:34:28,550 --> 00:34:26,369

leave it at that I'm certainly not sold

768

00:34:29,990 --> 00:34:28,560

on the idea but you know at some point

769

00:34:31,879 --> 00:34:30,000

we have to you know separate ourselves

770

00:34:33,889 --> 00:34:31,889

from all the facts were gathering and at

771

00:34:35,810 --> 00:34:33,899

some point as a researcher you have to

772

00:34:38,180 --> 00:34:35,820

speculate a little bit I try not to go

773

00:34:40,040 --> 00:34:38,190

down that slippery slope too much but I

774

00:34:42,169 --> 00:34:40,050

think that these lights due to the

775

00:34:44,690 --> 00:34:42,179

shifting patterns due to the variability

776

00:34:47,419 --> 00:34:44,700

that the lights may in fact be some

777

00:34:50,980 --> 00:34:47,429

inherent part of the propulsion system

778

00:34:55,099 --> 00:34:50,990

and based on manoeuvring based on

779

00:34:57,109 --> 00:34:55,109

acceleration deceleration etc that were

780

00:34:59,359 --> 00:34:57,119

probably seeing variable lights

781

00:35:01,790 --> 00:34:59,369

displayed as a direct result of the

782

00:35:04,820 --> 00:35:01,800

propulsion system that's involved in

783

00:35:06,700 --> 00:35:04,830

propelling these objects but yes Phoenix

784

00:35:09,020 --> 00:35:06,710

lights was certainly interesting

785

00:35:13,460 --> 00:35:09,030

interesting thing about that is many of

786

00:35:15,530 --> 00:35:13,470

the accounts back in 1997 they describe

787

00:35:17,510 --> 00:35:15,540

as the object went overhead they could

788

00:35:19,790 --> 00:35:17,520

see these lights that were recessed and

789

00:35:22,190 --> 00:35:19,800

I think that's an important important

790

00:35:24,260 --> 00:35:22,200

point to bring out that these aren't

791

00:35:26,359 --> 00:35:24,270

just simply lights floating around and

792

00:35:28,849 --> 00:35:26,369

certainly you know I tried to weed

793

00:35:30,440 --> 00:35:28,859

through accounts in the Blue Book files

794

00:35:32,240 --> 00:35:30,450

and Ministry of Defense files where

795

00:35:34,310 --> 00:35:32,250

people simply saw three points of light

796

00:35:35,930 --> 00:35:34,320

because let's be honest Martin that

797

00:35:37,820 --> 00:35:35,940

could be just that it could be three

798

00:35:40,310 --> 00:35:37,830

separate independent light sources just

799

00:35:43,130 --> 00:35:40,320

flying in a triangular formation but

800

00:35:46,310 --> 00:35:43,140

like the Phoenix lights case where you

801
00:35:47,000 --> 00:35:46,320
have multiple witnesses describing these

802
00:35:50,060 --> 00:35:47,010
lights

803
00:35:53,329 --> 00:35:50,070
apparently affixed to to some solid

804
00:35:56,210 --> 00:35:53,339
rigid platform that blocked out the

805
00:35:57,829 --> 00:35:56,220
stars as it moved overhead I think we

806
00:35:59,210 --> 00:35:57,839
need to take a step back and look at

807
00:36:01,520 --> 00:35:59,220
those accounts a little bit more

808
00:36:04,700 --> 00:36:01,530
critically and try to evaluate what are

809
00:36:06,770 --> 00:36:04,710
we dealing with here right right another

810
00:36:08,090 --> 00:36:06,780
pardon me another question up on the

811
00:36:11,150 --> 00:36:08,100
board here

812
00:36:16,910 --> 00:36:11,160
if you're considering just to consider

813
00:36:19,820 --> 00:36:16,920

the extraterrestrial hypotheses which

814

00:36:21,470 --> 00:36:19,830

alien race is associated with triangles

815

00:36:23,870 --> 00:36:21,480

has you have you ever heard of that you

816

00:36:24,800 --> 00:36:23,880

know like the greys Nordics reptilians

817

00:36:27,230 --> 00:36:24,810

is something like that

818

00:36:30,830 --> 00:36:27,240

has anyone ever associated a being with

819

00:36:33,440 --> 00:36:30,840

a triangle they have now let me preface

820

00:36:36,020 --> 00:36:33,450

this by saying that I haven't personally

821

00:36:37,280 --> 00:36:36,030

come across in any any credible accounts

822

00:36:41,840 --> 00:36:37,290

that I would be willing to you know

823

00:36:42,650 --> 00:36:41,850

discuss but a dear colleague of mine in

824

00:36:45,170 --> 00:36:42,660

the UK

825

00:36:48,650 --> 00:36:45,180

mr. Omar Fowler who I always like to pay

826

00:36:51,170 --> 00:36:48,660

credit two years ago wrote two small

827

00:36:53,120 --> 00:36:51,180

monographs on the triangular UFO mystery

828

00:36:56,750 --> 00:36:53,130

which he's extensively investigated in

829

00:36:58,970 --> 00:36:56,760

the UK and I wanted him to be part of my

830

00:37:01,609 --> 00:36:58,980

book because really it was his work that

831

00:37:04,460 --> 00:37:01,619

served as kind of a precursor to me

832

00:37:06,380 --> 00:37:04,470

deciding to go ahead and you know take

833

00:37:09,290 --> 00:37:06,390

the information that he documented and

834

00:37:12,590 --> 00:37:09,300

really try to expand on it even further

835

00:37:15,940 --> 00:37:12,600

and in in my book mr. Omar Fowler

836

00:37:19,130 --> 00:37:15,950

recounts one or two instances involving

837

00:37:22,010 --> 00:37:19,140

apparently an abduction scenario alien

838

00:37:24,920 --> 00:37:22,020

abduction scenario associated with a

839

00:37:27,560 --> 00:37:24,930

triangular UFO now I've had a lot of

840

00:37:30,020 --> 00:37:27,570

people tell me during lectures you know

841

00:37:32,540 --> 00:37:30,030

have you investigated the abduction

842

00:37:34,970 --> 00:37:32,550

mystery and the aliens in reference to

843

00:37:36,800 --> 00:37:34,980

triangle as I said well up to this point

844

00:37:39,080 --> 00:37:36,810

you have to appreciate mine was more of

845

00:37:41,060 --> 00:37:39,090

a historical endeavor and when you're

846

00:37:43,760 --> 00:37:41,070

looking at newspaper accounts from the

847

00:37:45,080 --> 00:37:43,770

the late 40s the early 50s and certainly

848

00:37:48,290 --> 00:37:45,090

even accounts going back to the late

849

00:37:50,960 --> 00:37:48,300

1800s that was not discussed at the time

850

00:37:52,460 --> 00:37:50,970

it wasn't written about so just by

851

00:37:54,349 --> 00:37:52,470

virtue of the fact I was focusing on

852

00:37:55,940 --> 00:37:54,359

older cases I just didn't come across

853

00:37:57,890 --> 00:37:55,950

that now certainly on the internet

854

00:38:01,400 --> 00:37:57,900

there's many claims many stories of

855

00:38:03,800 --> 00:38:01,410

alien abduction and triangular UFOs I

856

00:38:05,030 --> 00:38:03,810

just I just really can't speak to that

857

00:38:06,710 --> 00:38:05,040

just simply because I haven't really

858

00:38:09,980 --> 00:38:06,720

devoted a lot of research into that

859

00:38:14,870 --> 00:38:09,990

particular area sure that that makes

860

00:38:16,490 --> 00:38:14,880

total sense to me now someone else on

861

00:38:20,270 --> 00:38:16,500

the message board wanted to know have

862

00:38:22,670 --> 00:38:20,280

you ever seen I'm not you personally but

863

00:38:25,640 --> 00:38:22,680

have you ever heard of site

864

00:38:27,950 --> 00:38:25,650

of different types of crafts along with

865

00:38:28,400 --> 00:38:27,960

the triangle UFOs and while we're going

866

00:38:31,039 --> 00:38:28,410

there

867

00:38:34,430 --> 00:38:31,049

how about multiple triangle UFOs at the

868

00:38:36,859 --> 00:38:34,440

same time two two great questions I'm

869

00:38:38,809 --> 00:38:36,869

glad you asked me those Martin well let

870

00:38:41,029 --> 00:38:38,819

me let me ask let me answer the second

871

00:38:44,510 --> 00:38:41,039

question first while I was down in

872

00:38:50,930 --> 00:38:44,520

Florida I met a gentleman and his wife

873

00:38:55,460 --> 00:38:50,940

who had in April of last year April of

874

00:38:58,250 --> 00:38:55,470

2014 had observed nine triangular

875

00:39:00,079 --> 00:38:58,260

objects one after the other

876

00:39:04,609 --> 00:39:00,089

flying low altitude over their property

877

00:39:08,089 --> 00:39:04,619

and this involved at least two neighbors

878

00:39:11,260 --> 00:39:08,099

and possibly involves some of these

879

00:39:13,760 --> 00:39:11,270

objects being photographed or filmed and

880

00:39:15,410 --> 00:39:13,770

this is another interview that I'll be

881

00:39:18,140 --> 00:39:15,420

conducting this weekend to get

882

00:39:19,670 --> 00:39:18,150

additional information but I sat and and

883

00:39:23,870 --> 00:39:19,680

spoke with the man and I'll be speaking

884

00:39:26,180 --> 00:39:23,880

with his wife as well and it this has

885

00:39:28,039 --> 00:39:26,190

been investigated by MUFON and I'm

886

00:39:30,890 --> 00:39:28,049

certainly going to be interviewing all

887

00:39:33,890 --> 00:39:30,900

of the witnesses involved but that is

888

00:39:36,529 --> 00:39:33,900

just one example a fairly recent example

889

00:39:39,470 --> 00:39:36,539
of multiple triangular UFOs being

890

00:39:42,859 --> 00:39:39,480
sighted and yeah what I am finding is

891

00:39:46,480 --> 00:39:42,869
that a vast majority of these triangular

892

00:39:49,940 --> 00:39:46,490
reports typically involve at least two

893

00:39:52,970 --> 00:39:49,950
triangular UFOs on the evening of March

894

00:39:56,539 --> 00:39:52,980
29th 1989 over the Loch Aleph a dam and

895

00:39:57,650 --> 00:39:56,549
near the village of upon the there were

896

00:39:59,990 --> 00:39:57,660
two Jean d'armes

897

00:40:01,819 --> 00:40:00,000
who had observed initially a large

898

00:40:04,670 --> 00:40:01,829
triangular platform hovering over a

899

00:40:06,170 --> 00:40:04,680
field they then watched it move over at

900

00:40:08,750 --> 00:40:06,180
the La Jolla Fay dam and as they

901
00:40:11,299 --> 00:40:08,760
observed it for several minutes suddenly

902
00:40:13,789 --> 00:40:11,309
another triangular UFO that matched its

903
00:40:16,010 --> 00:40:13,799
appearance came up over a hill over a

904
00:40:18,920 --> 00:40:16,020
rise of trees and they observed two

905
00:40:20,900 --> 00:40:18,930
triangular UFOs now going through the

906
00:40:23,750 --> 00:40:20,910
historical record I found numerous

907
00:40:27,380 --> 00:40:23,760
accounts involving multiple triangular

908
00:40:30,799 --> 00:40:27,390
UFOs and some even in the military files

909
00:40:32,960 --> 00:40:30,809
which is extremely interesting in the UK

910
00:40:35,400 --> 00:40:32,970
they've had a number of such reports and

911
00:40:37,620 --> 00:40:35,410
in 1949

912
00:40:39,779 --> 00:40:37,630
over Maryland there was a daylight

913
00:40:43,170 --> 00:40:39,789

sighting by multiple witnesses that was

914

00:40:46,259 --> 00:40:43,180

interviewed and investigated by Air

915

00:40:48,720 --> 00:40:46,269

Force investigators at the time and it

916

00:40:52,380 --> 00:40:48,730

involved daylight sighting of at least

917

00:40:54,150 --> 00:40:52,390

12 to 15 triangular UFOs and it's

918

00:40:57,779 --> 00:40:54,160

interesting that Air Force investigators

919

00:40:59,579 --> 00:40:57,789

were very open to the testimony of this

920

00:41:01,559 --> 00:40:59,589

individual who was a former Air Force

921

00:41:04,049 --> 00:41:01,569

tech sergeant and Air Force

922

00:41:06,240 --> 00:41:04,059

investigators also interviewed his

923

00:41:07,920 --> 00:41:06,250

neighbors down the entire city block who

924

00:41:12,660 --> 00:41:07,930

had stepped outside to observe the

925

00:41:14,940 --> 00:41:12,670

spectacle this was actually one that one

926
00:41:17,880 --> 00:41:14,950
of the producers for a documentary I

927
00:41:19,109 --> 00:41:17,890
just just worked on last year which is

928
00:41:22,230 --> 00:41:19,119
going to be airing here in the States

929
00:41:24,269 --> 00:41:22,240
this spring the producer who read my

930
00:41:27,150 --> 00:41:24,279
book was very interested in that report

931
00:41:28,799 --> 00:41:27,160
and it was well documented and there's

932
00:41:30,839 --> 00:41:28,809
another one that they're also going to

933
00:41:33,809 --> 00:41:30,849
feature besides that case and in the

934
00:41:37,049 --> 00:41:33,819
episode and this involved in f-86 Sabre

935
00:41:40,650 --> 00:41:37,059
jet pilot over Albany Georgia in 1953

936
00:41:43,380 --> 00:41:40,660
who observed a very distinct sharp white

937
00:41:44,999 --> 00:41:43,390
light which caught his attention because

938
00:41:47,430 --> 00:41:45,009

it just seemed to have a very sharply

939

00:41:49,109 --> 00:41:47,440

defined edge to it compared to stars or

940

00:41:51,900 --> 00:41:49,119

planets that have that scintillation and

941

00:41:54,329 --> 00:41:51,910

twinkling and he thought well I'll

942

00:41:56,279 --> 00:41:54,339

increase my altitude and if the object

943

00:41:57,720 --> 00:41:56,289

gets larger then obviously it's

944

00:41:59,309 --> 00:41:57,730

something within the atmosphere if it

945

00:42:02,190 --> 00:41:59,319

doesn't change perspective it must be a

946

00:42:04,079 --> 00:42:02,200

star or planet as he did so within a

947

00:42:05,819 --> 00:42:04,089

matter of minutes he realized that the

948

00:42:08,670 --> 00:42:05,829

light that was above him was now beneath

949

00:42:11,759 --> 00:42:08,680

him which immediately ruled out any type

950

00:42:14,249 --> 00:42:11,769

of astronomical explanation and as he

951
00:42:15,900 --> 00:42:14,259
then began to dicen and approach the

952
00:42:19,170 --> 00:42:15,910
object the light changed into an

953
00:42:22,049 --> 00:42:19,180
equilateral triangle which then divided

954
00:42:25,170 --> 00:42:22,059
into two triangles and then they

955
00:42:28,039 --> 00:42:25,180
immediately disappeared so yes we have

956
00:42:31,650 --> 00:42:28,049
accounts of multiple triangular UFOs and

957
00:42:35,539 --> 00:42:31,660
so we have that and they have also been

958
00:42:39,150 --> 00:42:35,549
cited to your first question with other

959
00:42:41,009 --> 00:42:39,160
UFOs we'll talk a little bit about this

960
00:42:43,920 --> 00:42:41,019
in the second hour when we talk about

961
00:42:45,960 --> 00:42:43,930
the January 5th incident but suffice it

962
00:42:47,880 --> 00:42:45,970
to say that the Soto pepsin

963
00:42:49,200 --> 00:42:47,890

investigators in Belgium as well as

964

00:42:52,019 --> 00:42:49,210

elsewhere

965

00:42:56,160 --> 00:42:52,029

have investigated these triangular UFOs

966

00:43:00,299 --> 00:42:56,170

being seen with other shaped UFOs

967

00:43:02,900 --> 00:43:00,309

specifically rectangular UFOs on that

968

00:43:06,660 --> 00:43:02,910

evening of March 29 that I mentioned

969

00:43:09,240 --> 00:43:06,670

1989 the dispatcher Albert Kreutz at the

970

00:43:11,490 --> 00:43:09,250

upand Police Station stepped out on his

971

00:43:14,279 --> 00:43:11,500

balcony and observed a triangular UFO

972

00:43:17,039 --> 00:43:14,289

float off in the distance it was quickly

973

00:43:20,490 --> 00:43:17,049

replaced by a rectangular UFO with

974

00:43:22,470 --> 00:43:20,500

bright lights at each corner now in my

975

00:43:25,410 --> 00:43:22,480

lectures that I do across the country

976

00:43:28,620 --> 00:43:25,420

I showed his sketch and then I do a

977

00:43:32,400 --> 00:43:28,630

side-by-side comparison of a sketch that

978

00:43:36,510 --> 00:43:32,410

was drawn five years previously by a

979

00:43:38,880 --> 00:43:36,520

witness in New York the state of New

980

00:43:40,589 --> 00:43:38,890

York and this was a housewife and her

981

00:43:43,740 --> 00:43:40,599

daughter coming back from the grocery

982

00:43:47,430 --> 00:43:43,750

store who observed this was in the a

983

00:43:49,620 --> 00:43:47,440

profiles observed a triangular UFO which

984

00:43:51,539 --> 00:43:49,630

disappeared behind the trees and then

985

00:43:55,529 --> 00:43:51,549

shortly thereafter it was replaced with

986

00:43:58,349 --> 00:43:55,539

a rectangular UFO with four bright

987

00:44:00,630 --> 00:43:58,359

lights one at each corner and when you

988

00:44:05,220 --> 00:44:00,640

do the sketches side by side they're

989

00:44:07,200 --> 00:44:05,230

virtually identical amazing one of the

990

00:44:09,779 --> 00:44:07,210

things that a couple of times I've heard

991

00:44:13,740 --> 00:44:09,789

this situation one is Rendlesham forest

992

00:44:15,809 --> 00:44:13,750

and yes another incident a friend of

993

00:44:18,450 --> 00:44:15,819

mine cited this years ago in

994

00:44:21,359 --> 00:44:18,460

Massachusetts where an object actually

995

00:44:22,980 --> 00:44:21,369

burst into lights is that something

996

00:44:26,910 --> 00:44:22,990

you've heard more than those you know

997

00:44:29,670 --> 00:44:26,920

just a few times as far as the triangle

998

00:44:31,559 --> 00:44:29,680

but bursting into light yeah or changing

999

00:44:35,220 --> 00:44:31,569

you mentioned just a minute ago that one

1000

00:44:39,269 --> 00:44:35,230

divided or something yes we have

1001
00:44:41,490 --> 00:44:39,279
accounts of triangular UFOs merging in

1002
00:44:44,250 --> 00:44:41,500
other words two triangular UFOs merging

1003
00:44:46,319 --> 00:44:44,260
into one we also have accounts as I

1004
00:44:51,059 --> 00:44:46,329
mentioned with the 1953 Albany Georgia

1005
00:44:53,549 --> 00:44:51,069
case of triangles dividing now to even

1006
00:44:56,940 --> 00:44:53,559
stretch the imagination even further we

1007
00:45:02,060 --> 00:44:56,950
have accounts of UFOs triangular UFOs

1008
00:45:04,360 --> 00:45:02,070
that appear to morph or change right in

1009
00:45:08,210 --> 00:45:04,370
the eyewitness we had a famous case from

1010
00:45:10,610 --> 00:45:08,220
1954 British overseas Airways er case

1011
00:45:15,110 --> 00:45:10,620
and this was known as the flying

1012
00:45:18,110 --> 00:45:15,120
jellyfish case and the pilot a captain

1013
00:45:21,160 --> 00:45:18,120

Howard was flying from New York to over

1014

00:45:24,680 --> 00:45:21,170

Labrador and had observed this

1015

00:45:27,500 --> 00:45:24,690

triangular UFO with smaller attendant

1016

00:45:30,110 --> 00:45:27,510

objects that were flying alongside it it

1017

00:45:33,530 --> 00:45:30,120

kept pace with their plane essentially

1018

00:45:38,060 --> 00:45:33,540

the same altitude the crew observed this

1019

00:45:41,360 --> 00:45:38,070

for about 18 minutes the the passengers

1020

00:45:42,950 --> 00:45:41,370

observed it as well and at one point

1021

00:45:45,460 --> 00:45:42,960

captain Howard's attention was

1022

00:45:48,140 --> 00:45:45,470

distracted and when he looked back he

1023

00:45:50,150 --> 00:45:48,150

asked I believe it was Lee Boyd the

1024

00:45:52,280 --> 00:45:50,160

navigator on the plane where did the

1025

00:45:54,620 --> 00:45:52,290

smaller objects disappear to and he said

1026

00:45:56,540 --> 00:45:54,630

he replied to captain Howard well it

1027

00:45:59,120 --> 00:45:56,550

appears that the smaller objects went

1028

00:46:01,310 --> 00:45:59,130

into the large one and then they

1029

00:46:03,950 --> 00:46:01,320

observed this large object shifting

1030

00:46:05,740 --> 00:46:03,960

morphing changing shape and this was

1031

00:46:09,050 --> 00:46:05,750

well documented if some of the original

1032

00:46:12,500 --> 00:46:09,060

British and American newspapers from

1033

00:46:15,050 --> 00:46:12,510

1954 that chronicled this and have

1034

00:46:18,860 --> 00:46:15,060

sketches from captain Howard and some of

1035

00:46:20,480 --> 00:46:18,870

the crew now that's a situation where

1036

00:46:23,440 --> 00:46:20,490

the odd we have smaller attendant

1037

00:46:26,890 --> 00:46:23,450

objects going into the triangular craft

1038

00:46:29,270 --> 00:46:26,900

going back to the the Danish wave of

1039

00:46:31,330 --> 00:46:29,280

1957 that I referred to earlier at the

1040

00:46:34,400 --> 00:46:31,340

Reuters news article that I found

1041

00:46:37,400 --> 00:46:34,410

references the Danish village of

1042

00:46:41,060 --> 00:46:37,410

brochure in which a woman reportedly saw

1043

00:46:43,160 --> 00:46:41,070

a large dark silent triangular object

1044

00:46:45,730 --> 00:46:43,170

low altitude now doesn't that sound very

1045

00:46:48,680 --> 00:46:45,740

very similar to modern-day accounts and

1046

00:46:51,200 --> 00:46:48,690

she described it as she observed the

1047

00:46:54,170 --> 00:46:51,210

object hovering silently smaller

1048

00:46:57,140 --> 00:46:54,180

horseshoe shaped objects each emitting a

1049

00:46:59,930 --> 00:46:57,150

strong light came out of the larger

1050

00:47:03,130 --> 00:46:59,940

triangular object now this is Reuters

1051
00:47:07,910 --> 00:47:03,140
news service that ran the story in 1958

1052
00:47:11,090 --> 00:47:07,920
what is of interest is that the news the

1053
00:47:13,250 --> 00:47:11,100
news reporters found at least 20 other

1054
00:47:15,590 --> 00:47:13,260
villagers that corroborated the woman's

1055
00:47:23,240 --> 00:47:20,050
amazing now would you consider the

1056
00:47:25,720 --> 00:47:23,250
triangular sightings on the rise

1057
00:47:28,250 --> 00:47:25,730
compared to other shaped crafts

1058
00:47:30,650 --> 00:47:28,260
absolutely matter of fact at the

1059
00:47:32,960 --> 00:47:30,660
beginning of my book I you know we can

1060
00:47:35,270 --> 00:47:32,970
talk about frequency we can talk about

1061
00:47:37,430 --> 00:47:35,280
increasing sightings but I really like

1062
00:47:38,930 --> 00:47:37,440
to try to put some numbers to it and as

1063
00:47:41,060 --> 00:47:38,940

you can appreciate we have different

1064

00:47:44,540 --> 00:47:41,070

series of statistics that exist within

1065

00:47:46,490 --> 00:47:44,550

the UFO field but in 2004 during an

1066

00:47:48,290 --> 00:47:46,500

early stage of my investigation and

1067

00:47:49,940 --> 00:47:48,300

trying to start looking at patterns in

1068

00:47:52,730 --> 00:47:49,950

the historical record regarding these

1069

00:47:54,560 --> 00:47:52,740

objects I decided to check my dear

1070

00:47:56,210 --> 00:47:54,570

friend and colleague Peter Davenport at

1071

00:47:57,740 --> 00:47:56,220

the national UFO Reporting Center and

1072

00:48:00,590 --> 00:47:57,750

check the statistics that they had

1073

00:48:04,960 --> 00:48:00,600

posted at the time and in November of

1074

00:48:07,790 --> 00:48:04,970

2004 I was looking at the breakdown of

1075

00:48:10,730 --> 00:48:07,800

objects reported based on shape or based

1076
00:48:15,520 --> 00:48:10,740
on description and I was amazed to find

1077
00:48:18,740 --> 00:48:15,530
that the category designated as light

1078
00:48:20,780 --> 00:48:18,750
just light in the sky or report of a

1079
00:48:23,450 --> 00:48:20,790
light they had five thousand five

1080
00:48:25,040 --> 00:48:23,460
hundred and nine reports on file now I

1081
00:48:27,230 --> 00:48:25,050
think we'll all agree any conservative

1082
00:48:29,240 --> 00:48:27,240
investigator out there will agree that

1083
00:48:31,460 --> 00:48:29,250
could be Venus that could be a satellite

1084
00:48:33,610 --> 00:48:31,470
it's a pretty vague description when you

1085
00:48:36,680 --> 00:48:33,620
just see a light in the nighttime sky

1086
00:48:39,050 --> 00:48:36,690
but five thousand five hundred nine

1087
00:48:43,280 --> 00:48:39,060
reports of Lights the second runner-up

1088
00:48:45,620 --> 00:48:43,290

in 2004 was triangle two thousand seven

1089

00:48:46,910 --> 00:48:45,630

hundred and eighty two reports and when

1090

00:48:50,300 --> 00:48:46,920

I do my lectures I always like to

1091

00:48:52,280 --> 00:48:50,310

compare that to the disks flying disks

1092

00:48:55,130 --> 00:48:52,290

that were reported two thousand four

1093

00:48:58,160 --> 00:48:55,140

hundred thirty nine so flying disks are

1094

00:49:01,310 --> 00:48:58,170

you know basically coming in third

1095

00:49:02,510 --> 00:49:01,320

you know after triangular UFOs and I

1096

00:49:04,280 --> 00:49:02,520

thought well that was interesting

1097

00:49:05,810 --> 00:49:04,290

and that's that some numbers that at

1098

00:49:07,610 --> 00:49:05,820

least we can look at and admittedly

1099

00:49:09,290 --> 00:49:07,620

those are raw reports all of those have

1100

00:49:11,210 --> 00:49:09,300

not been vetted and investigated

1101
00:49:13,520 --> 00:49:11,220
necessarily but at least gives us an

1102
00:49:15,800 --> 00:49:13,530
idea of what are people reporting

1103
00:49:19,250 --> 00:49:15,810
regardless of the legitimacy or the

1104
00:49:21,140 --> 00:49:19,260
veracity of the reports well into 2012 I

1105
00:49:22,370 --> 00:49:21,150
was doing another lecture and I decided

1106
00:49:24,560 --> 00:49:22,380
you know what I'm going to revisit those

1107
00:49:27,890 --> 00:49:24,570
statistics just to see if the the same

1108
00:49:30,140 --> 00:49:27,900
pattern tends to play out and now keep

1109
00:49:33,530 --> 00:49:30,150
in mind these this is accumulative total

1110
00:49:35,780 --> 00:49:33,540
but in February 2012 the category of

1111
00:49:38,930 --> 00:49:35,790
light there was thirteen thousand nine

1112
00:49:43,000 --> 00:49:38,940
hundred ninety seven reports second to

1113
00:49:46,790 --> 00:49:43,010

that was the category of triangle 6957

1114

00:49:49,100 --> 00:49:46,800

and again the category of disc was five

1115

00:49:51,740 --> 00:49:49,110

thousand two hundred and eighty eight so

1116

00:49:54,320 --> 00:49:51,750

we do seem to see an increase in

1117

00:49:56,900 --> 00:49:54,330

frequency of these triangular UFOs being

1118

00:49:59,210 --> 00:49:56,910

reported and I will concede that that

1119

00:50:01,130 --> 00:49:59,220

might be due to the fact that some of

1120

00:50:03,680 --> 00:50:01,140

these triangles being reported could be

1121

00:50:05,210 --> 00:50:03,690

military aircraft but I don't like to

1122

00:50:07,880 --> 00:50:05,220

talk in absolutes I don't like to say

1123

00:50:10,760 --> 00:50:07,890

all or none as some of the skeptics like

1124

00:50:12,950 --> 00:50:10,770

to do but I do think that some of these

1125

00:50:14,960 --> 00:50:12,960

triangular UFOs might be military but

1126

00:50:17,270 --> 00:50:14,970

when you look at the history when you

1127

00:50:20,270 --> 00:50:17,280

look at the consistency and you compare

1128

00:50:22,430 --> 00:50:20,280

modern reports to these early reports I

1129

00:50:24,110 --> 00:50:22,440

think we at least need to maintain an

1130

00:50:25,550 --> 00:50:24,120

open mind regarding the subject that

1131

00:50:28,970 --> 00:50:25,560

these may not necessarily be

1132

00:50:32,690 --> 00:50:28,980

manufactured here on earth now do you

1133

00:50:35,060 --> 00:50:32,700

actually see more of a concentration in

1134

00:50:39,010 --> 00:50:35,070

any certain country like Canada or the

1135

00:50:42,230 --> 00:50:39,020

United States over say a European nation

1136

00:50:45,050 --> 00:50:42,240

well I certainly had a lot of accounts

1137

00:50:49,490 --> 00:50:45,060

from the United States I have a lot of

1138

00:50:52,670 --> 00:50:49,500

reports from the UK but I'm always very

1139

00:50:55,130 --> 00:50:52,680

quick to add that I think part of the

1140

00:50:57,230 --> 00:50:55,140

problem and I do call it a problem not

1141

00:50:59,420 --> 00:50:57,240

just triangular UFO research but UFO

1142

00:51:02,960 --> 00:50:59,430

research in general is as you can

1143

00:51:05,120 --> 00:51:02,970

appreciate a simple language barrier I'm

1144

00:51:07,070 --> 00:51:05,130

sure that we have some South American

1145

00:51:08,750 --> 00:51:07,080

reports that were just not hearing about

1146

00:51:11,600 --> 00:51:08,760

because they may have only been you know

1147

00:51:14,780 --> 00:51:11,610

published in you know Portuguese or

1148

00:51:17,630 --> 00:51:14,790

Spanish and I was just talking to a

1149

00:51:20,300 --> 00:51:17,640

friend and researcher out in California

1150

00:51:23,090 --> 00:51:20,310

mr. Ted bonnet and he was asking me

1151
00:51:24,980 --> 00:51:23,100
about reports from China and really when

1152
00:51:27,200 --> 00:51:24,990
you look on the internet we don't see a

1153
00:51:28,850 --> 00:51:27,210
lot of reports yet when you look at the

1154
00:51:30,260 --> 00:51:28,860
country when you look at the country of

1155
00:51:33,470 --> 00:51:30,270
China I mean my god how many

1156
00:51:35,510 --> 00:51:33,480
eyewitnesses do you have but we have

1157
00:51:38,330 --> 00:51:35,520
language barriers obviously that come

1158
00:51:40,610 --> 00:51:38,340
into play and if we could break down

1159
00:51:42,920 --> 00:51:40,620
those language barriers I think we'd be

1160
00:51:45,950 --> 00:51:42,930
surprised and shocked at the

1161
00:51:48,260 --> 00:51:45,960
of reports and when it'd be nice if we

1162
00:51:50,180 --> 00:51:48,270
could have an international gathering of

1163
00:51:52,970 --> 00:51:50,190

UFO case files where we could put it

1164

00:51:54,170 --> 00:51:52,980

into a centralized database and then we

1165

00:51:57,140 --> 00:51:54,180

could really start looking at

1166

00:51:59,120 --> 00:51:57,150

frequencies and statistics but until

1167

00:52:00,740 --> 00:51:59,130

then I'm afraid we're still faced with

1168

00:52:02,210 --> 00:52:00,750

some language barriers which is why

1169

00:52:05,240 --> 00:52:02,220

primarily I have accounts from the

1170

00:52:07,099 --> 00:52:05,250

United States and the UK we had a

1171

00:52:11,349 --> 00:52:07,109

correspondent for a while there in China

1172

00:52:15,710 --> 00:52:11,359

but his email keeps bouncing then a

1173

00:52:17,299 --> 00:52:15,720

month now a question up on the message

1174

00:52:22,190 --> 00:52:17,309

board and I think it's a pretty good one

1175

00:52:27,829 --> 00:52:22,200

are any reports of these as US owes you

1176
00:52:30,470 --> 00:52:27,839
know underwater yes well I I am familiar

1177
00:52:32,450 --> 00:52:30,480
with the you know US owes in general but

1178
00:52:34,910 --> 00:52:32,460
I don't have any accounts of these

1179
00:52:38,299 --> 00:52:34,920
triangular UFOs being sited underwater

1180
00:52:39,770 --> 00:52:38,309
or emerging from water which is

1181
00:52:43,760 --> 00:52:39,780
interesting because certainly we do have

1182
00:52:46,390 --> 00:52:43,770
other UFOs reportedly in association

1183
00:52:48,559 --> 00:52:46,400
with water or coming in or out of water

1184
00:52:50,960 --> 00:52:48,569
one thing I would like to add to that

1185
00:52:52,700 --> 00:52:50,970
though and again it's interesting to see

1186
00:52:54,410 --> 00:52:52,710
what the reports reflect it's also

1187
00:52:56,780 --> 00:52:54,420
interesting to see what what you don't

1188
00:52:58,880 --> 00:52:56,790

find in the reports and I'm really

1189

00:53:00,740 --> 00:52:58,890

amazed that after just calling through

1190

00:53:02,539 --> 00:53:00,750

hundreds literally hundreds of these

1191

00:53:05,210 --> 00:53:02,549

triangular UFO reports over the last

1192

00:53:08,120 --> 00:53:05,220

several decades I have not been able to

1193

00:53:10,220 --> 00:53:08,130

find one credible and I emphasize that

1194

00:53:12,319 --> 00:53:10,230

I've heard some some rather curious

1195

00:53:15,829 --> 00:53:12,329

accounts but I really don't deem them as

1196

00:53:19,130 --> 00:53:15,839

credible but I don't have one credible

1197

00:53:23,270 --> 00:53:19,140

account of a triangular UFO landing

1198

00:53:27,260 --> 00:53:23,280

touching ground or taking off which is

1199

00:53:28,789 --> 00:53:27,270

interesting well well you know the the

1200

00:53:32,510 --> 00:53:28,799

one in Rendlesham of course I know that

1201
00:53:35,299 --> 00:53:32,520
was a small one but it was purported to

1202
00:53:39,920 --> 00:53:35,309
you know land on the ground with those

1203
00:53:42,230 --> 00:53:39,930
tripod marks yes yes that is the one

1204
00:53:44,480 --> 00:53:42,240
example and certainly let me be very

1205
00:53:46,640 --> 00:53:44,490
clear I would not consider that a non

1206
00:53:48,859 --> 00:53:46,650
credible case I certainly do find that a

1207
00:53:51,829 --> 00:53:48,869
very credible case but I'm hesitant to

1208
00:53:53,569 --> 00:53:51,839
put it into the category I do mention it

1209
00:53:56,420 --> 00:53:53,579
in my book by the way just in passing

1210
00:53:59,420 --> 00:53:56,430
but I don't necessarily put it in the

1211
00:54:02,750 --> 00:53:59,430
category of these large-scale triangular

1212
00:54:04,370 --> 00:54:02,760
folks but you bring up a very good point

1213
00:54:06,800 --> 00:54:04,380

Martin that that was a very good case

1214

00:54:08,810 --> 00:54:06,810

and certainly that was described and

1215

00:54:11,390 --> 00:54:08,820

discussed and well documented at the

1216

00:54:14,330 --> 00:54:11,400

time but as far as these large objects

1217

00:54:15,620 --> 00:54:14,340

are concerned we just simply have no

1218

00:54:17,960 --> 00:54:15,630

credible accounts of these things

1219

00:54:21,380 --> 00:54:17,970

landing or taking off leaving scorched

1220

00:54:23,390 --> 00:54:21,390

marks or depressed vegetation again like

1221

00:54:25,370 --> 00:54:23,400

we did you know several decades ago with

1222

00:54:27,410 --> 00:54:25,380

the flying saucer reports where we had a

1223

00:54:29,720 --> 00:54:27,420

number of those you know that have been

1224

00:54:35,870 --> 00:54:29,730

investigated by mr. Ted Phillips over

1225

00:54:38,750 --> 00:54:35,880

the last several decades right there was

1226

00:54:41,900 --> 00:54:38,760

a MUFON investigator that was on our

1227

00:54:45,020 --> 00:54:41,910

show you may have you may even know her

1228

00:54:46,070 --> 00:54:45,030

chase kutsuki i know ever we've never

1229

00:54:48,890 --> 00:54:46,080

had the opportunity to meet

1230

00:54:51,560 --> 00:54:48,900

unfortunately well she has quite a story

1231

00:54:54,350 --> 00:54:51,570

about a triangle craft she went down to

1232

00:54:57,500 --> 00:54:54,360

investigate and basically tell this

1233

00:54:59,060 --> 00:54:57,510

person I believe it was Tennessee tell

1234

00:55:01,100 --> 00:54:59,070

this person that what they were seeing

1235

00:55:03,440 --> 00:55:01,110

was you know something else she went

1236

00:55:05,030 --> 00:55:03,450

down there to try it out more or less

1237

00:55:06,410 --> 00:55:05,040

debunk what he was seeing and you know

1238

00:55:08,930 --> 00:55:06,420

he was saying that their back or

1239

00:55:11,390 --> 00:55:08,940

whatever and all of a sudden this big

1240

00:55:14,180 --> 00:55:11,400

huge thing you know she saw it coming

1241

00:55:16,250 --> 00:55:14,190

and went right over them y'all standing

1242

00:55:19,760 --> 00:55:16,260

there together and that really changed

1243

00:55:22,610 --> 00:55:19,770

her mind oh absolutely I was last last

1244

00:55:25,130 --> 00:55:22,620

year I was at the International UFO

1245

00:55:27,230 --> 00:55:25,140

Congress where I spoke and I had a

1246

00:55:28,970 --> 00:55:27,240

chance to sit and chat with mr. Lee

1247

00:55:32,240 --> 00:55:28,980

Spiegel from the Huffington Post and

1248

00:55:35,290 --> 00:55:32,250

lately was very happy with my book and

1249

00:55:37,730 --> 00:55:35,300

very happy that I talked about the the

1250

00:55:41,030 --> 00:55:37,740

Lumberton North Carolina wave back in

1251
00:55:42,950 --> 00:55:41,040
1975 and he said well he goes you know I

1252
00:55:44,480 --> 00:55:42,960
went down there investigated so yeah I

1253
00:55:47,120 --> 00:55:44,490
was as familiar I was reading the

1254
00:55:48,940 --> 00:55:47,130
reports he said yeah but I also saw the

1255
00:55:51,170 --> 00:55:48,950
object and it was a similar situation

1256
00:55:53,570 --> 00:55:51,180
where he went out with some law

1257
00:55:55,370 --> 00:55:53,580
enforcement officers into a mirror field

1258
00:55:57,980 --> 00:55:55,380
where they had seen an object just days

1259
00:55:59,480 --> 00:55:57,990
earlier and as they were standing there

1260
00:56:01,280 --> 00:55:59,490
they saw these lights off in the

1261
00:56:04,100 --> 00:56:01,290
distance that slowly started moving

1262
00:56:08,210 --> 00:56:04,110
towards them and as the object literally

1263
00:56:10,010 --> 00:56:08,220

came overhead the object shown a beam of

1264

00:56:12,200 --> 00:56:10,020

light down on the squad

1265

00:56:14,240 --> 00:56:12,210

Carr the surrounding area and Lee and

1266

00:56:17,630 --> 00:56:14,250

all of these police officers that were

1267

00:56:19,280 --> 00:56:17,640

with him at the time and so it's one of

1268

00:56:21,020 --> 00:56:19,290

those rare instances as I always like to

1269

00:56:23,480 --> 00:56:21,030

mention when I when I cite that case

1270

00:56:25,730 --> 00:56:23,490

that that's one of those rare situations

1271

00:56:27,230 --> 00:56:25,740

like like chase where you go down as an

1272

00:56:30,680 --> 00:56:27,240

investigator and you suddenly become a

1273

00:56:34,310 --> 00:56:30,690

participant right well Colonel Charles

1274

00:56:35,690 --> 00:56:34,320

halt he went out there too you know more

1275

00:56:37,760 --> 00:56:35,700

or less tell these guys they were crazy

1276
00:56:40,430 --> 00:56:37,770
and then yeah you know changed his life

1277
00:56:42,110 --> 00:56:40,440
totally well I hope Martin eventually I

1278
00:56:44,660 --> 00:56:42,120
can put myself in that category because

1279
00:56:46,550 --> 00:56:44,670
I despite all my academic interest in

1280
00:56:48,590 --> 00:56:46,560
the subject I have yet to see one but I

1281
00:56:50,840 --> 00:56:48,600
certainly hope one day I will well we

1282
00:56:53,720 --> 00:56:50,850
certainly need people like you out there

1283
00:56:57,410 --> 00:56:53,730
doing the investigation someone to make

1284
00:56:59,030 --> 00:56:57,420
it more credible than well just just

1285
00:57:01,820 --> 00:56:59,040
your presentation in your thoughts I

1286
00:57:04,670 --> 00:57:01,830
think it really is pretty solid and I'm

1287
00:57:07,040 --> 00:57:04,680
glad you're you're doing this we have

1288
00:57:10,400 --> 00:57:07,050

just a couple of minutes left before the

1289

00:57:12,650 --> 00:57:10,410

top of the hour and no message is

1290

00:57:16,850 --> 00:57:12,660

flowing in right now so I just want to

1291

00:57:19,250 --> 00:57:16,860

ask one more thing and that is um

1292

00:57:23,060 --> 00:57:19,260

a lot of times you hear about these

1293

00:57:25,070 --> 00:57:23,070

going you know very slow over houses or

1294

00:57:27,500 --> 00:57:25,080

fields or whatever it is has there ever

1295

00:57:29,150 --> 00:57:27,510

been any interrupted cars you know

1296

00:57:31,040 --> 00:57:29,160

sometimes you hear about cars stalling

1297

00:57:33,230 --> 00:57:31,050

out and then restarting afterwards have

1298

00:57:35,600 --> 00:57:33,240

you ever heard of anything like that not

1299

00:57:37,850 --> 00:57:35,610

so not so much with vehicle interference

1300

00:57:38,450 --> 00:57:37,860

but one of the characteristics which I

1301

00:57:40,130 --> 00:57:38,460

list

1302

00:57:42,200 --> 00:57:40,140

I have primary characteristics and

1303

00:57:44,050 --> 00:57:42,210

secondary characteristics one of the

1304

00:57:47,000 --> 00:57:44,060

secondary characteristics is in fact

1305

00:57:50,030 --> 00:57:47,010

electromagnetic interference apparent

1306

00:57:52,010 --> 00:57:50,040

electromagnetic interference and I

1307

00:57:54,920 --> 00:57:52,020

haven't really found any vehicle

1308

00:57:57,140 --> 00:57:54,930

interference cases although I do I must

1309

00:57:58,970 --> 00:57:57,150

add that I do have numerous accounts of

1310

00:58:01,220 --> 00:57:58,980

these triangular UFOs hovering over

1311

00:58:03,980 --> 00:58:01,230

vehicles that are trying to basically

1312

00:58:06,080 --> 00:58:03,990

escape and as the vehicle increased in

1313

00:58:08,000 --> 00:58:06,090

speed the triangular UFO increased in

1314

00:58:09,590 --> 00:58:08,010

speed and kept with the individuals I

1315

00:58:11,300 --> 00:58:09,600

have a number of people I've interviewed

1316

00:58:13,760 --> 00:58:11,310

here in the States as well as over in

1317

00:58:16,040 --> 00:58:13,770

the UK that had similar instances but

1318

00:58:18,800 --> 00:58:16,050

none that involved vehicle interference

1319

00:58:21,220 --> 00:58:18,810

but there are some that are in the files

1320

00:58:23,790 --> 00:58:21,230

where there do appear to be some type of

1321

00:58:26,310 --> 00:58:23,800

electromagnetic interference

1322

00:58:29,100 --> 00:58:26,320

there was one in fact again reported by

1323

00:58:32,970 --> 00:58:29,110

a pro and this one occurred in November

1324

00:58:34,320 --> 00:58:32,980

of 1982 in California and the couple was

1325

00:58:36,630 --> 00:58:34,330

he actually camping they were in their

1326

00:58:39,300 --> 00:58:36,640

tent and they heard this humming or

1327

00:58:41,610 --> 00:58:39,310

buzzing sound and they felt like there

1328

00:58:43,920 --> 00:58:41,620

was like this extreme static electricity

1329

00:58:46,620 --> 00:58:43,930

like there was a sharp prickling feeling

1330

00:58:49,680 --> 00:58:46,630

all over their arms in their body and as

1331

00:58:52,080 --> 00:58:49,690

they exited the the tent they saw this

1332

00:58:54,870 --> 00:58:52,090

huge manta ray shaped triangular

1333

00:58:56,820 --> 00:58:54,880

essentially UFO hovering low altitude

1334

00:58:59,040 --> 00:58:56,830

over them and then there was another

1335

00:59:01,820 --> 00:58:59,050

instance in Japan the only one I have

1336

00:59:05,370 --> 00:59:01,830

from Japan courtesy of mr. Omar Fowler

1337

00:59:06,480 --> 00:59:05,380

involving a wedding coordinator who was

1338

00:59:09,210 --> 00:59:06,490

actually setting up for a wedding

1339

00:59:12,360 --> 00:59:09,220

reception and saw this triangular UFO

1340

00:59:14,520 --> 00:59:12,370

fly overhead and investigators were able

1341

00:59:16,200 --> 00:59:14,530

to document that in the surrounding area

1342

00:59:19,800 --> 00:59:16,210

a number of people had radio

1343

00:59:22,320 --> 00:59:19,810

interference at the time interesting

1344

00:59:25,080 --> 00:59:22,330

well we have just one more question I'm

1345

00:59:27,030 --> 00:59:25,090

going to throw at you and that is have

1346

00:59:29,370 --> 00:59:27,040

you ever seen a really really good

1347

00:59:34,260 --> 00:59:29,380

picture of one of these or a really

1348

00:59:35,700 --> 00:59:34,270

really good video well that's a hard one

1349

00:59:37,610 --> 00:59:35,710

to answer and I'll try to answer it as

1350

00:59:39,900 --> 00:59:37,620

accurately as I can

1351
00:59:41,460 --> 00:59:39,910
obviously for anyone that searches the

1352
00:59:43,350 --> 00:59:41,470
internet or goes on YouTube you're going

1353
00:59:45,330 --> 00:59:43,360
to see some really interesting videos

1354
00:59:49,440 --> 00:59:45,340
and really interesting photos of these

1355
00:59:53,370 --> 00:59:49,450
triangular UFOs unfortunately yeah

1356
00:59:55,320 --> 00:59:53,380
exactly Martin there they look real they

1357
00:59:56,940 --> 00:59:55,330
certainly look convincing but you know

1358
00:59:58,830 --> 00:59:56,950
when you've had video analysts tear them

1359
01:00:03,180 --> 00:59:58,840
apart it turns out that it's actually

1360
01:00:05,520 --> 01:00:03,190
CGI and other hoaxes there was actually

1361
01:00:08,220 --> 01:00:05,530
one that I used talking it was a video

1362
01:00:11,130 --> 01:00:08,230
that was filmed in Florida and like I

1363
01:00:13,050 --> 01:00:11,140

said I was recently speaking there and I

1364

01:00:14,520 --> 01:00:13,060

show this video that I pulled off of

1365

01:00:16,350 --> 01:00:14,530

YouTube that was filmed by a news

1366

01:00:18,870 --> 01:00:16,360

affiliate in Florida a few years back

1367

01:00:22,050 --> 01:00:18,880

and I use it to illustrate the fact that

1368

01:00:23,340 --> 01:00:22,060

all the video shows is three points of

1369

01:00:25,380 --> 01:00:23,350

light light in a triangular

1370

01:00:27,660 --> 01:00:25,390

configuration with a strobing red light

1371

01:00:30,090 --> 01:00:27,670

in the center but there's no objects in

1372

01:00:31,980 --> 01:00:30,100

the foreground no objects in the

1373

01:00:35,400 --> 01:00:31,990

background I said this could be a

1374

01:00:37,380 --> 01:00:35,410

200-foot triangular UFO hovering over a

1375

01:00:38,910 --> 01:00:37,390

cornfield it could also be a

1376

01:00:40,710 --> 01:00:38,920

three inch models suspended over your

1377

01:00:42,600 --> 01:00:40,720

bed on fishing wire in a completely

1378

01:00:45,600 --> 01:00:42,610

darkened room I said we simply don't

1379

01:00:49,080 --> 01:00:45,610

know so we need to be very careful with

1380

01:00:50,700 --> 01:00:49,090

photos and with video I have not seen

1381

01:00:53,580 --> 01:00:50,710

any that have been you know truly

1382

01:00:56,010 --> 01:00:53,590

substantiated but really photos and

1383

01:00:58,650 --> 01:00:56,020

video to me are one of the weakest forms

1384

01:01:00,510 --> 01:00:58,660

of evidence if I can use that word I'm

1385

01:01:02,850 --> 01:01:00,520

more interested in multiple witness

1386

01:01:04,950 --> 01:01:02,860

sightings that are corroborated by radar

1387

01:01:07,170 --> 01:01:04,960

I think those are the more compelling

1388

01:01:10,530 --> 01:01:07,180

because obviously radars a little bit

1389

01:01:12,840 --> 01:01:10,540

harder to fabricate or hoax yeah but

1390

01:01:15,720 --> 01:01:12,850

you'll hear the debunking about that but

1391

01:01:17,250 --> 01:01:15,730

oh yes just the way it is so that's it

1392

01:01:19,350 --> 01:01:17,260

for part one of the show hanging we'll

1393

01:01:21,660 --> 01:01:19,360

be right back with David Marlar right

1394

01:01:24,330 --> 01:01:21,670

after the music break to talk about the

1395

01:01:26,640 --> 01:01:24,340

incident that happened in the year 2000

1396

01:01:49,810 --> 01:01:26,650

and a lot more thank you for supporting

1397

01:01:54,920 --> 01:01:52,640

okay we're back with David Marlar and

1398

01:01:57,140 --> 01:01:54,930

we're talking about triangle UFOs and

1399

01:01:59,660 --> 01:01:57,150

this hour we're going to touch on a

1400

01:02:01,640 --> 01:01:59,670

great case one of the I think one of the

1401

01:02:04,760 --> 01:02:01,650

most solid cases out there involving

1402

01:02:08,410 --> 01:02:04,770

police officers back in the year 2000

1403

01:02:10,760 --> 01:02:08,420

but David welcome back and before we

1404

01:02:14,350 --> 01:02:10,770

move on to that I want to ask a couple

1405

01:02:19,580 --> 01:02:14,360

of questions up on the message board and

1406

01:02:23,540 --> 01:02:19,590

one of them is you keep mentioning Omar

1407

01:02:27,230 --> 01:02:23,550

Omar Fowler is Omar related to Raymond

1408

01:02:29,600 --> 01:02:27,240

Fowler or is he just also another UFO

1409

01:02:30,860 --> 01:02:29,610

researcher that's actually a really good

1410

01:02:32,690 --> 01:02:30,870

question

1411

01:02:36,140 --> 01:02:32,700

to my knowledge there's no relationship

1412

01:02:38,240 --> 01:02:36,150

whatsoever but for anyone that is not

1413

01:02:40,130 --> 01:02:38,250

familiar with mr. Omar Fowler I'd

1414

01:02:42,980 --> 01:02:40,140

recommend you know doing a google search

1415

01:02:45,020 --> 01:02:42,990

and looking him up he's been a veteran

1416

01:02:46,790 --> 01:02:45,030

researcher for many many decades and

1417

01:02:50,350 --> 01:02:46,800

then I'll be honest with you Martin I

1418

01:02:52,940 --> 01:02:50,360

really truly appreciate in value

1419

01:02:55,280 --> 01:02:52,950

researchers like mr. Fowler that for

1420

01:02:57,400 --> 01:02:55,290

decades have dedicated their lives to

1421

01:02:59,780 --> 01:02:57,410

investigating this mystery as

1422

01:03:02,510 --> 01:02:59,790

frustrating as it can be and I'm sure

1423

01:03:04,700 --> 01:03:02,520

you can agree with me on that it can be

1424

01:03:06,350 --> 01:03:04,710

damn frustrating but you know there are

1425

01:03:08,780 --> 01:03:06,360

those researchers out there and you

1426

01:03:10,360 --> 01:03:08,790

mentioned of course race Stanford who I

1427

01:03:13,340 --> 01:03:10,370

was just speaking with this weekend

1428

01:03:16,580 --> 01:03:13,350

raised another one you know I I really

1429

01:03:18,680 --> 01:03:16,590

truly appreciate the years the decades

1430

01:03:21,980 --> 01:03:18,690

of dedication these men have dedicated

1431

01:03:23,630 --> 01:03:21,990

to investigating the subject yeah I'm

1432

01:03:25,130 --> 01:03:23,640

actually going down to visit him this

1433

01:03:25,720 --> 01:03:25,140

coming weekend I'm pretty excited about

1434

01:03:28,160 --> 01:03:25,730

it

1435

01:03:29,780 --> 01:03:28,170

absolutely he's a he's a fountain of

1436

01:03:32,750 --> 01:03:29,790

knowledge yes and he's probably

1437

01:03:35,180 --> 01:03:32,760

listening right now and by the way

1438

01:03:39,950 --> 01:03:35,190

anyone can call into the show including

1439

01:03:42,680 --> 01:03:39,960

you Ray if you'd like that 603 967 403

1440

01:03:44,600 --> 01:03:42,690

oh and a question up on the message

1441

01:03:47,270 --> 01:03:44,610

board does this mean that you have not

1442

01:03:51,150 --> 01:03:47,280

personally interviewed a witness with

1443

01:03:54,660 --> 01:03:51,160

pictures only or pictures

1444

01:03:55,950 --> 01:03:54,670

no none of the witnesses that well I do

1445

01:03:58,320 --> 01:03:55,960

take that back we're going to talk about

1446

01:04:00,120 --> 01:03:58,330

the January 5th 2000 case and there was

1447

01:04:02,340 --> 01:04:00,130

a photo taken by one of the police

1448

01:04:04,710 --> 01:04:02,350

officers but unfortunately was a

1449

01:04:06,420 --> 01:04:04,720

Polaroid which you know we don't even

1450

01:04:09,330 --> 01:04:06,430

have those anymore but it was a Polaroid

1451

01:04:10,680 --> 01:04:09,340

Instamatic camera which you know for any

1452

01:04:13,109 --> 01:04:10,690

photographers out there you know that

1453

01:04:16,230 --> 01:04:13,119

you know initially even if it's a

1454

01:04:18,300 --> 01:04:16,240

daylight sighting or a daylight photo

1455

01:04:20,849 --> 01:04:18,310

the the Polaroids were not exactly

1456

01:04:22,500 --> 01:04:20,859

high-resolution cameras coupled with the

1457

01:04:26,099 --> 01:04:22,510

fact that it was sitting in the trunk of

1458

01:04:27,960 --> 01:04:26,109

his squad car and was below the normal

1459

01:04:31,770 --> 01:04:27,970

operating temperatures you know design

1460

01:04:34,410 --> 01:04:31,780

for that camera so very poor photo came

1461

01:04:36,990 --> 01:04:34,420

out as a result and really from an

1462

01:04:39,990 --> 01:04:37,000

evidentiary standpoint it really yielded

1463

01:04:41,849 --> 01:04:40,000

nothing but I do commend the officer

1464

01:04:43,200 --> 01:04:41,859
officer Craig Stevens for at least

1465

01:04:45,420 --> 01:04:43,210
having the forethought to do that

1466

01:04:48,180 --> 01:04:45,430
because in so many cases we have

1467

01:04:50,790 --> 01:04:48,190
witnesses that are stunned or as they

1468

01:04:52,920 --> 01:04:50,800
like to say in the UK gobsmacked by what

1469

01:04:54,120 --> 01:04:52,930
they're looking at that sometimes they

1470

01:04:55,740 --> 01:04:54,130
have a camera in their hand and they

1471

01:04:57,450 --> 01:04:55,750
don't even think about taking a picture

1472

01:04:59,430 --> 01:04:57,460
because they're just literally in awe of

1473

01:05:01,890 --> 01:04:59,440
what they're observing I can totally

1474

01:05:04,470 --> 01:05:01,900
relate to that because I had a sighting

1475

01:05:06,690 --> 01:05:04,480
and and it was like the furthest thing

1476

01:05:10,020 --> 01:05:06,700

from my mind at the time

1477

01:05:13,109 --> 01:05:10,030

now before we move on to that particular

1478

01:05:15,090 --> 01:05:13,119

case what about noise you know you

1479

01:05:18,060 --> 01:05:15,100

always hear about them being completely

1480

01:05:19,890 --> 01:05:18,070

silent but some of them actually have

1481

01:05:22,800 --> 01:05:19,900

like there's a humming noise on some of

1482

01:05:25,050 --> 01:05:22,810

them can you talk about that correct

1483

01:05:27,420 --> 01:05:25,060

yeah matter of fact just real quick as I

1484

01:05:29,250 --> 01:05:27,430

know we'll go into it in more detail but

1485

01:05:31,859 --> 01:05:29,260

Craig Stevens officer Craig Stevens from

1486

01:05:34,530 --> 01:05:31,869

Illinois from the January 5th 2000 case

1487

01:05:36,750 --> 01:05:34,540

he was the believe the only witness in

1488

01:05:39,359 --> 01:05:36,760

that in that series of sightings that

1489

01:05:41,220 --> 01:05:39,369

described hearing some type of noise and

1490

01:05:43,500 --> 01:05:41,230

he described it as like a low decibel

1491

01:05:45,359 --> 01:05:43,510

buzzing or humming sound as it is

1492

01:05:49,290 --> 01:05:45,369

similar to he likened it to like an

1493

01:05:52,290 --> 01:05:49,300

electrical transformer and we do have

1494

01:05:55,980 --> 01:05:52,300

other accounts describing droning

1495

01:06:00,630 --> 01:05:55,990

humming some type of sound emanating

1496

01:06:02,670 --> 01:06:00,640

from these objects now again do all of

1497

01:06:04,080 --> 01:06:02,680

the objects make this sound and only

1498

01:06:06,780 --> 01:06:04,090

certain people are you

1499

01:06:11,430 --> 01:06:06,790

a close enough or B have the auditory

1500

01:06:14,120 --> 01:06:11,440

acuity to hear it I don't know but to

1501

01:06:17,490 --> 01:06:14,130

your point Martin the vast majority are

1502

01:06:19,680 --> 01:06:17,500

reported as being completely silent you

1503

01:06:25,080 --> 01:06:19,690

mentioned earlier that they seem to defy

1504

01:06:27,450 --> 01:06:25,090

like for instance you hear about this

1505

01:06:29,490 --> 01:06:27,460

all the time they may speed up well over

1506

01:06:34,770 --> 01:06:29,500

the speed of sound and they seem to defy

1507

01:06:37,410 --> 01:06:34,780

all of those those basic physics yes

1508

01:06:40,020 --> 01:06:37,420

like I said like I mentioned earlier in

1509

01:06:41,820 --> 01:06:40,030

the first hour I spoke with people at

1510

01:06:45,210 --> 01:06:41,830

Boeing McDonnell Douglas British

1511

01:06:47,870 --> 01:06:45,220

Aerospace and you know these things

1512

01:06:50,160 --> 01:06:47,880

whatever they are are exhibiting

1513

01:06:52,590 --> 01:06:50,170

characteristics indicative of some

1514

01:06:55,560 --> 01:06:52,600

radical type of propulsion technology

1515

01:06:57,300 --> 01:06:55,570

beyond combustion jet engines I think I

1516

01:06:59,550 --> 01:06:57,310

think we can at least safely establish

1517

01:07:01,980 --> 01:06:59,560

that based on all of the eyewitness

1518

01:07:03,930 --> 01:07:01,990

accounts it was interesting though I

1519

01:07:04,380 --> 01:07:03,940

can't mention the the gentleman's name

1520

01:07:06,330 --> 01:07:04,390

Amy

1521

01:07:08,760 --> 01:07:06,340

I've never gotten permission to use his

1522

01:07:12,510 --> 01:07:08,770

name publicly with regard to this but he

1523

01:07:14,880 --> 01:07:12,520

was instrumental he he works for British

1524

01:07:18,090 --> 01:07:14,890

Aerospace he was instrumental in putting

1525

01:07:20,610 --> 01:07:18,100

me in touch with another scientist in

1526

01:07:23,550 --> 01:07:20,620

the aeronautics aviation field that I

1527

01:07:25,320 --> 01:07:23,560

did interview in the book and I told him

1528

01:07:27,630 --> 01:07:25,330

I really thank you for your cooperation

1529

01:07:29,460 --> 01:07:27,640

in putting me in touch with with this

1530

01:07:31,590 --> 01:07:29,470

professor and he's agreed to be

1531

01:07:33,480 --> 01:07:31,600

interviewed for my book I said when the

1532

01:07:34,830 --> 01:07:33,490

books published you know I would like to

1533

01:07:37,470 --> 01:07:34,840

thank you by sending you an autographed

1534

01:07:40,110 --> 01:07:37,480

copy of my book I found his reply rather

1535

01:07:43,350 --> 01:07:40,120

interesting he said David you are too

1536

01:07:46,320 --> 01:07:43,360

kind he goes he goes on to say an email

1537

01:07:48,780 --> 01:07:46,330

after all we're all striving for the

1538

01:07:52,830 --> 01:07:48,790

same thing to understand how these UFOs

1539

01:07:56,130 --> 01:07:52,840

fly Wow and this was a leading research

1540

01:07:57,630 --> 01:07:56,140

scientist in British Aerospace that told

1541

01:07:59,730 --> 01:07:57,640

me that and I found that to be a very

1542

01:08:01,440 --> 01:07:59,740

telling statement isn't that something

1543

01:08:03,110 --> 01:08:01,450

well you can say his name cuz no one's

1544

01:08:06,960 --> 01:08:03,120

listening

1545

01:08:09,630 --> 01:08:06,970

don't say that Martin no that wouldn't

1546

01:08:14,640 --> 01:08:09,640

be good for business now why are some of

1547

01:08:17,610 --> 01:08:14,650

the ufos called doritos ah yes a wave of

1548

01:08:20,730 --> 01:08:17,620

sightings over the UK several years ago

1549

01:08:22,200 --> 01:08:20,740

Oh were being called flying Doritos

1550

01:08:23,790 --> 01:08:22,210

because of course their their

1551

01:08:27,990 --> 01:08:23,800

characteristic triangular shaped like

1552

01:08:30,330 --> 01:08:28,000

the snack ship and I have a number of

1553

01:08:32,970 --> 01:08:30,340

original British news clippings when I

1554

01:08:36,720 --> 01:08:32,980

was running the UFO news clipping

1555

01:08:38,100 --> 01:08:36,730

service after Luke Farish had decided he

1556

01:08:40,530 --> 01:08:38,110

didn't want to do that anymore after

1557

01:08:42,150 --> 01:08:40,540

doing it for decades and I was getting a

1558

01:08:45,420 --> 01:08:42,160

lot of newspaper clippings at the time

1559

01:08:47,880 --> 01:08:45,430

and they were calling it the flying

1560

01:08:50,250 --> 01:08:47,890

Dorito or the Dudley Dorito because it

1561

01:08:54,240 --> 01:08:50,260

was being seen near an area a little

1562

01:08:55,380 --> 01:08:54,250

village called Dudley and yeah and it's

1563

01:08:57,900 --> 01:08:55,390

interesting you bring that up too

1564

01:08:59,820 --> 01:08:57,910

because in doing the historical research

1565

01:09:01,800 --> 01:08:59,830

it for anybody that's out there that's

1566

01:09:04,680 --> 01:09:01,810

done research historical research of any

1567

01:09:07,530 --> 01:09:04,690

kind let alone UFO research there's a

1568

01:09:09,630 --> 01:09:07,540

lot of work that goes into it and when

1569

01:09:12,090 --> 01:09:09,640

you're doing searches internet searches

1570

01:09:15,630 --> 01:09:12,100

or you're searching digital archival

1571

01:09:18,120 --> 01:09:15,640

databases triangle might be a search

1572

01:09:20,190 --> 01:09:18,130

term one of the terms that they used in

1573

01:09:22,230 --> 01:09:20,200

the 50s to describe these triangular

1574

01:09:25,260 --> 01:09:22,240

UFOs in the UK they call them flying

1575

01:09:30,110 --> 01:09:25,270

deltas so Delta is another search term

1576

01:09:32,160 --> 01:09:30,120

you need to use flying wedge flying wing

1577

01:09:33,930 --> 01:09:32,170

Arrowhead these are all different

1578

01:09:35,880 --> 01:09:33,940

descriptives that have been used by

1579

01:09:38,340 --> 01:09:35,890

witnesses over the years but they're

1580

01:09:40,200 --> 01:09:38,350

essentially describing the same thing so

1581

01:09:41,910 --> 01:09:40,210

you have to be very creative and try to

1582

01:09:43,830 --> 01:09:41,920

come up with come up with all the

1583

01:09:45,870 --> 01:09:43,840

possibilities as far as how would people

1584

01:09:49,410 --> 01:09:45,880

describe these objects sounds like a

1585

01:09:51,600 --> 01:09:49,420

microfiche headache to me yes yes well

1586

01:09:53,070 --> 01:09:51,610

as I like to joke with my friends and my

1587

01:09:56,070 --> 01:09:53,080

co-workers I didn't have to wear reading

1588

01:09:57,780 --> 01:09:56,080

glasses after reading books all these

1589

01:09:59,900 --> 01:09:57,790

years but after writing one I certainly

1590

01:10:01,920 --> 01:09:59,910

developed a need for for reading glasses

1591

01:10:05,370 --> 01:10:01,930

I'm sure I'm sure

1592

01:10:08,760 --> 01:10:05,380

okay let's talk about January 5th 2000

1593

01:10:09,930 --> 01:10:08,770

and that was Illinois right yes at the

1594

01:10:12,570 --> 01:10:09,940

time I lived in southern Illinois

1595

01:10:15,750 --> 01:10:12,580

approximately 20 miles from where all of

1596

01:10:19,680 --> 01:10:15,760

these sightings occurred this was a very

1597

01:10:22,680 --> 01:10:19,690

cold night early morning

1598

01:10:25,950 --> 01:10:22,690

you know the evening of January 4th the

1599

01:10:27,480 --> 01:10:25,960

early morning of January 5th 2000 and it

1600

01:10:29,430 --> 01:10:27,490

was a series of incidents and it's

1601

01:10:30,840 --> 01:10:29,440

really fascinating as a researcher

1602

01:10:33,420 --> 01:10:30,850

whether it's try

1603

01:10:37,910 --> 01:10:33,430

UFOs or otherwise when you can establish

1604

01:10:40,410 --> 01:10:37,920

a flight pattern of a UFO over a fairly

1605

01:10:43,110 --> 01:10:40,420

confined geographic area and that's

1606

01:10:45,270 --> 01:10:43,120

exactly what we were able to do the

1607

01:10:47,700 --> 01:10:45,280

series of incidents began with an

1608

01:10:49,740 --> 01:10:47,710

over-the-road truck driver that had just

1609

01:10:52,410 --> 01:10:49,750

arrived in Highland Illinois which is

1610

01:10:53,820 --> 01:10:52,420

approximately 3035 miles east of st.

1611

01:10:56,280 --> 01:10:53,830

Louis Missouri just across the

1612

01:10:57,900 --> 01:10:56,290

Mississippi into Illinois and he was

1613

01:11:01,170 --> 01:10:57,910

coming home and again the temperatures

1614

01:11:04,290 --> 01:11:01,180

were very cold during the summertime he

1615

01:11:07,410 --> 01:11:04,300

actually runs a little family fun time

1616

01:11:09,870 --> 01:11:07,420

miniature golf course and he arrived

1617

01:11:13,200 --> 01:11:09,880

just before four o'clock in the morning

1618

01:11:15,090 --> 01:11:13,210

on January 5th and decided that before

1619

01:11:17,250 --> 01:11:15,100

he went home he thought he'd better go

1620

01:11:19,200 --> 01:11:17,260

by his business establishment to see if

1621

01:11:21,860 --> 01:11:19,210

the pipes had frozen or burst because it

1622

01:11:25,650 --> 01:11:21,870

was a very cold bitter bitter cold night

1623

01:11:28,560 --> 01:11:25,660

he pulls his truck in he exits his

1624

01:11:31,380 --> 01:11:28,570

vehicle and as he's walking towards the

1625

01:11:33,810 --> 01:11:31,390

the door to his establishment a light

1626

01:11:36,600 --> 01:11:33,820

off in the distance to the Northeast

1627

01:11:37,710 --> 01:11:36,610

catches his attention and he looked at

1628

01:11:39,840 --> 01:11:37,720

it didn't really give it too much

1629

01:11:41,810 --> 01:11:39,850

thought but just his initial thought was

1630

01:11:44,610 --> 01:11:41,820

wow that's that's really a bright star

1631

01:11:47,190 --> 01:11:44,620

enters the building checks very quickly

1632

01:11:48,990 --> 01:11:47,200

the pipes everything was sound and no

1633

01:11:51,710 --> 01:11:49,000

pipes had broken there was no water

1634

01:11:55,320 --> 01:11:51,720

flooding flooding the facility and

1635

01:11:57,570 --> 01:11:55,330

immediately turns around exits the the

1636

01:12:01,260 --> 01:11:57,580

building locks it up and is walking back

1637

01:12:03,450 --> 01:12:01,270

to his pickup truck looks back over just

1638

01:12:04,950 --> 01:12:03,460

to see if the light was still there the

1639

01:12:08,100 --> 01:12:04,960

light was still there but it was

1640

01:12:10,670 --> 01:12:08,110

apparently moving and moving closer to

1641

01:12:13,560 --> 01:12:10,680

him and in gaining an intensity in size

1642

01:12:16,320 --> 01:12:13,570

he stood there for for what was probably

1643

01:12:19,650 --> 01:12:16,330

just a few minutes and watched this a

1644

01:12:22,470 --> 01:12:19,660

light move to the south of his position

1645

01:12:24,150 --> 01:12:22,480

just over a row of trees that lines the

1646

01:12:27,420 --> 01:12:24,160

back of his property the miniature golf

1647

01:12:29,520 --> 01:12:27,430

course right there and as the light

1648

01:12:31,290 --> 01:12:29,530

moved to the south of his position he

1649

01:12:34,110 --> 01:12:31,300

realized that the light that he saw

1650

01:12:39,210 --> 01:12:34,120

initially was in fact affixed to some

1651
01:12:42,510 --> 01:12:39,220
type of solid dark object that had his

1652
01:12:43,700 --> 01:12:42,520
term windows on the side large picture

1653
01:12:47,540 --> 01:12:43,710
windows we

1654
01:12:49,220 --> 01:12:47,550
white emanating from the inside out he

1655
01:12:51,800 --> 01:12:49,230
watched it moves silently over these

1656
01:12:54,530 --> 01:12:51,810
trees and then it moved to the from the

1657
01:12:57,170 --> 01:12:54,540
Northeast to the southwest as it

1658
01:12:59,120 --> 01:12:57,180
departed he could see windows in the

1659
01:13:03,380 --> 01:12:59,130
back with what he described as dark

1660
01:13:05,720 --> 01:13:03,390
vertical bars so he observes this move

1661
01:13:09,320 --> 01:13:05,730
off disappears behind the trees

1662
01:13:11,390 --> 01:13:09,330
and I always like to describe him as the

1663
01:13:13,910 --> 01:13:11,400

hero of this story because if it wasn't

1664

01:13:16,160 --> 01:13:13,920

for him having the forethought and I

1665

01:13:18,290 --> 01:13:16,170

would also add the courage to do what he

1666

01:13:19,850 --> 01:13:18,300

did next this whole sequence would not

1667

01:13:20,630 --> 01:13:19,860

have played out the way we now know it

1668

01:13:23,600 --> 01:13:20,640

took that played out

1669

01:13:25,190 --> 01:13:23,610

he decided that whatever this is I'm

1670

01:13:28,550 --> 01:13:25,200

gonna go to the police station and

1671

01:13:30,590 --> 01:13:28,560

notify them so he went in told him what

1672

01:13:33,290 --> 01:13:30,600

he saw he described it as a flying house

1673

01:13:36,680 --> 01:13:33,300

moving over the the village of Highland

1674

01:13:38,240 --> 01:13:36,690

Illinois and stated that look you don't

1675

01:13:40,550 --> 01:13:38,250

have to believe me but whatever this

1676

01:13:42,200 --> 01:13:40,560

thing is it's moving to the southwest in

1677

01:13:45,650 --> 01:13:42,210

the direction in the vicinity of the

1678

01:13:47,690 --> 01:13:45,660

neighboring town of Lebanon Illinois so

1679

01:13:49,250 --> 01:13:47,700

there's laughter and chuckling because

1680

01:13:50,930 --> 01:13:49,260

you know we were able through the

1681

01:13:52,520 --> 01:13:50,940

efforts of Darrell Barker my friend and

1682

01:13:55,040 --> 01:13:52,530

colleague that also investigated this

1683

01:13:57,830 --> 01:13:55,050

case he was able to secure copies of the

1684

01:14:00,200 --> 01:13:57,840

st. Clair County dispatch recordings of

1685

01:14:01,729 --> 01:14:00,210

the police officers so which is a vital

1686

01:14:03,229 --> 01:14:01,739

record when you think about it Martin

1687

01:14:04,880 --> 01:14:03,239

that we have the recordings of the

1688

01:14:07,070 --> 01:14:04,890

officers in communication with each

1689

01:14:08,990 --> 01:14:07,080

other while the events are playing out

1690

01:14:11,270 --> 01:14:09,000

which we obviously don't always have

1691

01:14:15,110 --> 01:14:11,280

access to something like that

1692

01:14:19,670 --> 01:14:15,120

the officer officer ed Barton in Lebanon

1693

01:14:21,740 --> 01:14:19,680

Illinois now deceased told me that you

1694

01:14:23,150 --> 01:14:21,750

know he laughed at first and and said

1695

01:14:24,560 --> 01:14:23,160

you know well if I happen to find it

1696

01:14:26,780 --> 01:14:24,570

what am I supposed to do with it he was

1697

01:14:28,250 --> 01:14:26,790

telling the dispatchers this but he said

1698

01:14:29,600 --> 01:14:28,260

well that's fine I'll head out and see

1699

01:14:34,160 --> 01:14:29,610

if I see anything on the east end of

1700

01:14:36,860 --> 01:14:34,170

town he observed what was at first two

1701

01:14:39,290 --> 01:14:36,870

bright lights then ooh one bright light

1702

01:14:41,900 --> 01:14:39,300

that then as it approached closer was

1703

01:14:43,970 --> 01:14:41,910

two bright lights that were so intense

1704

01:14:46,370 --> 01:14:43,980

he said there were these rays that were

1705

01:14:48,410 --> 01:14:46,380

emanating off of them and he likened it

1706

01:14:51,620 --> 01:14:48,420

to the Japanese Rising Sun battle flag

1707

01:14:55,520 --> 01:14:51,630

very distinct rays of light emanating

1708

01:14:56,600 --> 01:14:55,530

from these he then hopped on the highway

1709

01:14:59,300 --> 01:14:56,610

near near

1710

01:15:02,030 --> 01:14:59,310

his vicinity there moved into Lebanon

1711

01:15:04,280 --> 01:15:02,040

and then moved to the east end of town

1712

01:15:06,109 --> 01:15:04,290

trying to intercept essentially where

1713

01:15:07,010 --> 01:15:06,119

this object was moving you know to the

1714

01:15:09,950 --> 01:15:07,020

east of town

1715

01:15:13,419 --> 01:15:09,960

he pulled a squad car over on old route

1716

01:15:17,000 --> 01:15:13,429

50 just outside just east of Lebanon and

1717

01:15:19,899 --> 01:15:17,010

turned his engine off he then saw this

1718

01:15:23,570 --> 01:15:19,909

what now was apparently a triangular

1719

01:15:26,330 --> 01:15:23,580

elongated triangular UFO move virtually

1720

01:15:28,550 --> 01:15:26,340

over his squad car completely silent and

1721

01:15:31,370 --> 01:15:28,560

I've been on location I was on location

1722

01:15:32,540 --> 01:15:31,380

with Ed Barton and and you this is an

1723

01:15:35,570 --> 01:15:32,550

area where you could literally hear a

1724

01:15:40,370 --> 01:15:35,580

pin drop it's rural there's no cars out

1725

01:15:43,040 --> 01:15:40,380

there very minimal traffic and he

1726

01:15:46,040 --> 01:15:43,050

observed this object as it moved towards

1727

01:15:48,010 --> 01:15:46,050

him it then made a flat pivot turn which

1728

01:15:50,030 --> 01:15:48,020

is indicative of these objects and

1729

01:15:52,070 --> 01:15:50,040

without making a sound

1730

01:15:55,370 --> 01:15:52,080

suddenly accelerated from a dead stop

1731

01:15:58,120 --> 01:15:55,380

and then streaked to the southwest

1732

01:16:01,490 --> 01:15:58,130

several miles until he lost sight of it

1733

01:16:03,859 --> 01:16:01,500

and at this point he stated if the

1734

01:16:06,560 --> 01:16:03,869

Shiloh police officer another village

1735

01:16:09,229 --> 01:16:06,570

near Lebanon also near Scott Air Force

1736

01:16:12,350 --> 01:16:09,239

Base he said the Shiloh officer looks up

1737

01:16:14,359 --> 01:16:12,360

he can probably see it by now now prior

1738

01:16:18,290 --> 01:16:14,369

to this rapid acceleration officer

1739

01:16:20,330 --> 01:16:18,300

Barton States to the dispatcher will you

1740

01:16:22,250 --> 01:16:20,340

contact Scott Air Force Base and see if

1741

01:16:24,859 --> 01:16:22,260

they have anything flying in this area

1742

01:16:26,570 --> 01:16:24,869

and the dispatcher contacted Scott Air

1743

01:16:29,840 --> 01:16:26,580

Force Base they denied having any

1744

01:16:32,390 --> 01:16:29,850

military aircraft in the vicinity and

1745

01:16:34,280 --> 01:16:32,400

then the object was being seen by the

1746

01:16:36,439 --> 01:16:34,290

Shiloh police officer which is

1747

01:16:38,419 --> 01:16:36,449

immediately to the west right right

1748

01:16:41,390 --> 01:16:38,429

outside the West Gate of Scott Air Force

1749

01:16:44,570 --> 01:16:41,400

Base and he observed this triangular

1750

01:16:47,419 --> 01:16:44,580

object at first moving slowly then

1751
01:16:51,410 --> 01:16:47,429
accelerating rapidly and stopping and in

1752
01:16:54,350 --> 01:16:51,420
accelerating away again and this object

1753
01:16:56,959 --> 01:16:54,360
then from what we were able to ascertain

1754
01:17:01,399 --> 01:16:56,969
moved and continued in a southwesterly

1755
01:17:03,350 --> 01:17:01,409
direction now while these two previous

1756
01:17:05,510 --> 01:17:03,360
officers were observing this and

1757
01:17:07,790 --> 01:17:05,520
discussing this on the police band as

1758
01:17:09,320 --> 01:17:07,800
you can appreciate any other officers in

1759
01:17:10,310 --> 01:17:09,330
the area that are on the same frequency

1760
01:17:13,970 --> 01:17:10,320
or hearing this

1761
01:17:15,770 --> 01:17:13,980
well officer Craig Stevens in mill still

1762
01:17:17,030 --> 01:17:15,780
annoy is hearing all this chatter and

1763
01:17:18,440 --> 01:17:17,040

thinking to himself you know what did

1764

01:17:20,960 --> 01:17:18,450

these guys seeing they must be saying

1765

01:17:23,360 --> 01:17:20,970

seeing something military so he's kind

1766

01:17:24,980 --> 01:17:23,370

of chuckling and of course again this is

1767

01:17:27,260 --> 01:17:24,990

after a four o'clock in the morning so

1768

01:17:30,260 --> 01:17:27,270

not much going on in mill still annoy at

1769

01:17:31,760 --> 01:17:30,270

4:00 in the morning and he decides that

1770

01:17:34,100 --> 01:17:31,770

I'll drive to the east end of town

1771

01:17:36,650 --> 01:17:34,110

whatever this object is I'll see it

1772

01:17:38,660 --> 01:17:36,660

heading my direction so he parked for

1773

01:17:40,190 --> 01:17:38,670

just a few minutes and noticed he didn't

1774

01:17:42,200 --> 01:17:40,200

see anything so then he moved to the

1775

01:17:45,050 --> 01:17:42,210

north end of town an area known as

1776

01:17:47,180 --> 01:17:45,060

Liederkrantz park which really affords a

1777

01:17:49,760 --> 01:17:47,190

beautiful panoramic view looking to the

1778

01:17:51,530 --> 01:17:49,770

north and the northwest in fact during

1779

01:17:52,940 --> 01:17:51,540

this time of year way off in the

1780

01:17:55,460 --> 01:17:52,950

distance you can see some of the

1781

01:17:58,520 --> 01:17:55,470

downtown st. Louis city lights across

1782

01:18:00,080 --> 01:17:58,530

the Mississippi River so he's sitting

1783

01:18:02,630 --> 01:18:00,090

there and within a matter of minutes he

1784

01:18:05,570 --> 01:18:02,640

suddenly notices this large triangular

1785

01:18:07,970 --> 01:18:05,580

object move over his squad car and move

1786

01:18:12,550 --> 01:18:07,980

over this field this wide open field

1787

01:18:14,960 --> 01:18:12,560

near Liederkrantz Park he hops out and

1788

01:18:17,900 --> 01:18:14,970

after after contacting the police

1789

01:18:20,060 --> 01:18:17,910

dispatch he he tells them and he's got

1790

01:18:21,500 --> 01:18:20,070

the object inside also and the

1791

01:18:24,020 --> 01:18:21,510

dispatcher kind of laughs and says are

1792

01:18:25,670 --> 01:18:24,030

you serious and he says it's huge and

1793

01:18:26,780 --> 01:18:25,680

then he gets out of his squad car and

1794

01:18:28,520 --> 01:18:26,790

tries to take a picture with the

1795

01:18:31,880 --> 01:18:28,530

Polaroid which I as I mentioned earlier

1796

01:18:36,910 --> 01:18:31,890

didn't turn out very well and he then

1797

01:18:39,980 --> 01:18:36,920

asks if the duplo officer has a Polaroid

1798

01:18:41,870 --> 01:18:39,990

because again it was going from mill

1799

01:18:44,300 --> 01:18:41,880

stock now towards the neighboring

1800

01:18:46,130 --> 01:18:44,310

village of dupe oh now this would be

1801

01:18:48,080 --> 01:18:46,140

taking it basically in a trajectory

1802

01:18:50,390 --> 01:18:48,090

where it's heading towards downtown st.

1803

01:18:54,710 --> 01:18:50,400

Louis if it continues on that flight

1804

01:18:56,690 --> 01:18:54,720

path and so the duple officer hears this

1805

01:18:58,780 --> 01:18:56,700

and he starts looking he drives to the

1806

01:19:01,010 --> 01:18:58,790

end of town the east end of town and

1807

01:19:03,170 --> 01:19:01,020

doesn't see an object that sees a

1808

01:19:07,400 --> 01:19:03,180

conglomeration of lights that apparently

1809

01:19:09,740 --> 01:19:07,410

was much much higher and moving from its

1810

01:19:11,990 --> 01:19:09,750

current position to the Northeast so

1811

01:19:14,660 --> 01:19:12,000

what were we able to determine is that

1812

01:19:17,180 --> 01:19:14,670

this object whatever it was after Craig

1813

01:19:19,070 --> 01:19:17,190

Stevens observed at Mill stock the

1814

01:19:21,200 --> 01:19:19,080

object apparently increased in altitude

1815

01:19:22,510 --> 01:19:21,210

and then moved back to the northeast

1816

01:19:25,180 --> 01:19:22,520

from the direction the object

1817

01:19:28,240 --> 01:19:25,190

originated the reason I say that is in

1818

01:19:31,630 --> 01:19:28,250

the initial stages of my investigation I

1819

01:19:33,940 --> 01:19:31,640

was surprised that when officer Stevens

1820

01:19:35,950 --> 01:19:33,950

reported that it was moving towards do

1821

01:19:38,320 --> 01:19:35,960

Poe again that would have taken it on a

1822

01:19:41,710 --> 01:19:38,330

flight path right over downtown st.

1823

01:19:43,030 --> 01:19:41,720

Louis which even at around 4:30 quarter

1824

01:19:45,670 --> 01:19:43,040

to 5:00 in the morning which was this

1825

01:19:49,180 --> 01:19:45,680

time you think we would have had many

1826

01:19:51,820 --> 01:19:49,190

many witnesses reporting this and when I

1827

01:19:55,540 --> 01:19:51,830

finally interviewed the officer Matt

1828

01:19:57,070 --> 01:19:55,550

Janie in do pó he informed me well no it

1829

01:19:59,740 --> 01:19:57,080

didn't go that direction

1830

01:20:02,950 --> 01:19:59,750

what I saw was moving along the bluffs

1831

01:20:04,450 --> 01:20:02,960

along the floodplain and apparently then

1832

01:20:05,980 --> 01:20:04,460

moved off to the Northeast

1833

01:20:09,070 --> 01:20:05,990

so that explained why we had no

1834

01:20:12,760 --> 01:20:09,080

witnesses in Missouri during that series

1835

01:20:17,230 --> 01:20:12,770

of sightings now was it limited to just

1836

01:20:18,760 --> 01:20:17,240

that area or did you happen to research

1837

01:20:21,580 --> 01:20:18,770

in to see if there was any other

1838

01:20:23,950 --> 01:20:21,590

sightings you know as you said this

1839

01:20:25,320 --> 01:20:23,960

thing fled off really fast so it could

1840

01:20:28,450 --> 01:20:25,330

go about anywhere it wanted to of course

1841

01:20:30,100 --> 01:20:28,460

yes did you hear about any other

1842

01:20:33,850 --> 01:20:30,110

sightings even like a day after or

1843

01:20:35,890 --> 01:20:33,860

anything like that not a day after in

1844

01:20:38,530 --> 01:20:35,900

the subsequent weeks and months I did

1845

01:20:40,480 --> 01:20:38,540

hear of other accounts and unfortunately

1846

01:20:42,070 --> 01:20:40,490

some of these people initially contacted

1847

01:20:44,020 --> 01:20:42,080

me but then when I try to schedule times

1848

01:20:46,840 --> 01:20:44,030

to meet with them and this often happens

1849

01:20:48,580 --> 01:20:46,850

in UFO investigations they either get

1850

01:20:50,800 --> 01:20:48,590

cold feet or they decide that they don't

1851
01:20:53,830 --> 01:20:50,810
want to meet with me you know to do an

1852
01:20:55,690 --> 01:20:53,840
actual formal interview so we do have

1853
01:20:59,320 --> 01:20:55,700
some other accounts now one that I will

1854
01:21:01,390 --> 01:20:59,330
mention I contacted all of the

1855
01:21:02,920 --> 01:21:01,400
neighboring police departments besides

1856
01:21:05,850 --> 01:21:02,930
the ones I mentioned thinking perhaps

1857
01:21:10,180 --> 01:21:05,860
other police officers had observed this

1858
01:21:12,820 --> 01:21:10,190
there's a small village just south of

1859
01:21:16,930 --> 01:21:12,830
Scott Air Force Base to the south

1860
01:21:20,250 --> 01:21:16,940
southeast called mascoutah illinois and

1861
01:21:22,780 --> 01:21:20,260
when I contacted mascoutah illinois i

1862
01:21:24,370 --> 01:21:22,790
stated who I was I was the Illinois

1863
01:21:26,470 --> 01:21:24,380

State Director for MUFON and I'm

1864

01:21:28,420 --> 01:21:26,480
investigating this well-publicized

1865

01:21:30,640 --> 01:21:28,430
UFO sighting and I'm just simply trying

1866

01:21:32,920 --> 01:21:30,650
to ascertain if you had received any

1867

01:21:35,159 --> 01:21:32,930
calls or if in fact any of your officers

1868

01:21:38,399 --> 01:21:35,169
had observed this object

1869

01:21:41,609 --> 01:21:38,409
the dispatcher stated oh yes you need to

1870

01:21:43,229 --> 01:21:41,619
talk to officer so-and-so she called in

1871

01:21:45,719 --> 01:21:43,239
and she said she saw the object that

1872

01:21:47,040 --> 01:21:45,729
night well I never got a chance to

1873

01:21:49,799 --> 01:21:47,050
interview her never got permission to

1874

01:21:53,069 --> 01:21:49,809
use her name so I can't say it but in

1875

01:21:55,439 --> 01:21:53,079
several attempts both by phone and by

1876

01:21:57,839 --> 01:21:55,449

mail I was never able to get this

1877

01:22:00,120 --> 01:21:57,849

officer to come forward and give me her

1878

01:22:01,770 --> 01:22:00,130

testimony but the dispatcher lit up like

1879

01:22:03,509 --> 01:22:01,780

a Christmas tree when I mentioned this

1880

01:22:06,899 --> 01:22:03,519

and she said oh yes you need to talk to

1881

01:22:08,969 --> 01:22:06,909

officer so-and-so so I know at least one

1882

01:22:11,100 --> 01:22:08,979

other police officer observed this but

1883

01:22:12,569 --> 01:22:11,110

was not willing to come forward and then

1884

01:22:15,989 --> 01:22:12,579

approximately a year year and a half

1885

01:22:19,830 --> 01:22:15,999

later office officer mark Lowe paano of

1886

01:22:22,649 --> 01:22:19,840

the of the both Allen Police Department

1887

01:22:25,350 --> 01:22:22,659

came forward and that's also very close

1888

01:22:27,120 --> 01:22:25,360

to Scott Air Force Base in Shiloh and he

1889

01:22:28,830 --> 01:22:27,130

came forward and was interviewed by my

1890

01:22:31,409 --> 01:22:28,840

friend and colleague Darryl Barker and

1891

01:22:34,409 --> 01:22:31,419

he described what he observed being a

1892

01:22:37,199 --> 01:22:34,419

large triangular object so we have

1893

01:22:38,790 --> 01:22:37,209

multiple police officers as well as the

1894

01:22:41,819 --> 01:22:38,800

initial civilian witness the truck

1895

01:22:44,009 --> 01:22:41,829

driver that observed this object we

1896

01:22:46,919 --> 01:22:44,019

quite literally were able to take their

1897

01:22:48,719 --> 01:22:46,929

testimony in conjunction with the police

1898

01:22:51,509 --> 01:22:48,729

dispatch recordings which were

1899

01:22:54,060 --> 01:22:51,519

time-stamped and it gave us a very

1900

01:22:57,000 --> 01:22:54,070

detailed point-by-point literally

1901

01:23:00,569 --> 01:22:57,010

connect the dots on a map flight path of

1902

01:23:04,469 --> 01:23:00,579

this UFO now of course there was no

1903

01:23:07,169 --> 01:23:04,479

radar evidence of that was reported or

1904

01:23:08,669 --> 01:23:07,179

they were saying Scott airbase was

1905

01:23:11,879 --> 01:23:08,679

saying they had nothing up in the air at

1906

01:23:15,229 --> 01:23:11,889

the time correct yes and I actually

1907

01:23:17,939 --> 01:23:15,239

explored Martin the radar aspect and

1908

01:23:22,080 --> 01:23:17,949

just to jump forward a little bit this

1909

01:23:25,259 --> 01:23:22,090

was in January of 2000 in April of 2000

1910

01:23:28,739 --> 01:23:25,269

I was asked by by the late Lou Farish a

1911

01:23:30,899 --> 01:23:28,749

good friend and researcher to come and

1912

01:23:32,850 --> 01:23:30,909

speak at the Ozark UFO conference to

1913

01:23:34,199 --> 01:23:32,860

discuss this case because it had

1914

01:23:36,449 --> 01:23:34,209

garnered so much

1915

01:23:39,029 --> 01:23:36,459

initially local and then certainly

1916

01:23:40,949 --> 01:23:39,039

national media attention and it was the

1917

01:23:43,080 --> 01:23:40,959

first public lecture to really discuss

1918

01:23:45,870 --> 01:23:43,090

the initial findings that we had on this

1919

01:23:48,560 --> 01:23:45,880

investigation as soon as I stepped away

1920

01:23:51,080 --> 01:23:48,570

from the podium a gentleman approached

1921

01:23:53,240 --> 01:23:51,090

put his hand on my shoulder presented

1922

01:23:56,180 --> 01:23:53,250

his business card as if to validate what

1923

01:23:58,610 --> 01:23:56,190

he was telling me and he stated you know

1924

01:24:00,500 --> 01:23:58,620

Dave I'm with the FAA he goes I'm here

1925

01:24:02,570 --> 01:24:00,510

unofficially because I'm just interested

1926

01:24:04,640 --> 01:24:02,580

in the subject but because I helped

1927

01:24:06,890 --> 01:24:04,650

install the radar systems at Lambert

1928

01:24:08,990 --> 01:24:06,900

International Airport and I've been with

1929

01:24:10,790 --> 01:24:09,000

the FAA for approximately thirty years

1930

01:24:12,950 --> 01:24:10,800

he goes if you need any assistance with

1931

01:24:15,710 --> 01:24:12,960

radar I'd be happy to help you well

1932

01:24:17,360 --> 01:24:15,720

obviously that piqued my interest now I

1933

01:24:20,000 --> 01:24:17,370

always like to point out and I mention

1934

01:24:22,070 --> 01:24:20,010

this in the book he offered to take me

1935

01:24:24,080 --> 01:24:22,080

on a tour of the radar facility at

1936

01:24:27,020 --> 01:24:24,090

Lambert International Airport now again

1937

01:24:29,150 --> 01:24:27,030

this is this is mm this this was around

1938

01:24:32,390 --> 01:24:29,160

April of 2000 so this was before 9/11

1939

01:24:33,070 --> 01:24:32,400

before security was you know what it is

1940

01:24:36,620 --> 01:24:33,080

today

1941

01:24:39,010 --> 01:24:36,630

and so I took him up on his invitation

1942

01:24:42,440 --> 01:24:39,020

about a month later when he was in town

1943

01:24:45,200 --> 01:24:42,450

he took me to a Lambert International

1944

01:24:48,050 --> 01:24:45,210

Airport we went into the FAA control

1945

01:24:50,360 --> 01:24:48,060

tower met all of the individuals there

1946

01:24:52,100 --> 01:24:50,370

we actually went up to the top of the

1947

01:24:53,570 --> 01:24:52,110

control tower met with the radar

1948

01:24:56,060 --> 01:24:53,580

operators could see all the planes

1949

01:24:57,800 --> 01:24:56,070

coming into Lambert and it was really an

1950

01:25:00,230 --> 01:24:57,810

interesting experience Martin because

1951

01:25:02,120 --> 01:25:00,240

I've dealt with enough law enforcement

1952

01:25:04,430 --> 01:25:02,130

I've dealt with enough scientists and so

1953

01:25:06,170 --> 01:25:04,440

forth where as soon as I mentioned UFOs

1954

01:25:08,510 --> 01:25:06,180

I can kind of see them repressing that

1955

01:25:09,800 --> 01:25:08,520

little smirk because they don't

1956

01:25:12,590 --> 01:25:09,810

necessarily think there's any legitimacy

1957

01:25:14,420 --> 01:25:12,600

I'm here to tell you when I went up

1958

01:25:16,430 --> 01:25:14,430

there with with my friend Richard Taylor

1959

01:25:17,900 --> 01:25:16,440

I can say his name he's become a very

1960

01:25:20,900 --> 01:25:17,910

good friend of mine we still keep in

1961

01:25:22,730 --> 01:25:20,910

touch to this day when Richard brought

1962

01:25:24,410 --> 01:25:22,740

me up there they won they respected

1963

01:25:27,890 --> 01:25:24,420

Richard they knew Richard for many years

1964

01:25:30,230 --> 01:25:27,900

but when he stated that Dave is the lead

1965

01:25:31,730 --> 01:25:30,240

investigator on this this UFO sighting

1966

01:25:34,490 --> 01:25:31,740

that's been making the news with these

1967

01:25:37,340 --> 01:25:34,500

police officers every single one of them

1968

01:25:39,980 --> 01:25:37,350

Martin were dead serious and were asking

1969

01:25:41,300 --> 01:25:39,990

me about all the details they wanted to

1970

01:25:42,770 --> 01:25:41,310

know what was going on they said well

1971

01:25:44,180 --> 01:25:42,780

what have you found out so far with your

1972

01:25:46,310 --> 01:25:44,190

investigation you know where's the

1973

01:25:48,140 --> 01:25:46,320

investigation at have you found any

1974

01:25:50,300 --> 01:25:48,150

other witnesses they were very

1975

01:25:53,060 --> 01:25:50,310

interested and I do commend st. Louis

1976

01:25:55,460 --> 01:25:53,070

media for that because all of the media

1977

01:25:57,440 --> 01:25:55,470

attention up to that point locally took

1978

01:25:59,090 --> 01:25:57,450

these officers very seriously there was

1979

01:26:01,680 --> 01:25:59,100

not the typical UFO tongue-in-cheek

1980

01:26:04,080 --> 01:26:01,690

media coverage that were used to

1981

01:26:06,530 --> 01:26:04,090

so I found that to be very refreshing

1982

01:26:12,360 --> 01:26:06,540

because I'm sure you can appreciate and

1983

01:26:14,700 --> 01:26:12,370

so I knew at the time that back in 2000

1984

01:26:16,140 --> 01:26:14,710

in order to gain radar data you had to

1985

01:26:19,560 --> 01:26:16,150

file a Freedom of Information Act

1986

01:26:21,630 --> 01:26:19,570

request usually to the local radar

1987

01:26:25,700 --> 01:26:21,640

facility but also to their regional

1988

01:26:28,470 --> 01:26:25,710

facility to obtain the data and

1989

01:26:32,160 --> 01:26:28,480

unfortunately we we missed the 14-day

1990

01:26:34,290 --> 01:26:32,170

window to do that but Richard was

1991

01:26:38,100 --> 01:26:34,300

conveying this to one of the gentlemen

1992

01:26:40,740 --> 01:26:38,110

there and the person looked at him and

1993

01:26:42,390 --> 01:26:40,750

said well he goes we've got that data he

1994

01:26:43,800 --> 01:26:42,400

goes what do you mean he goes yeah we've

1995

01:26:45,300 --> 01:26:43,810

got that data and he mentioned one of

1996

01:26:48,959 --> 01:26:45,310

the other gentlemen that's there at the

1997

01:26:50,760 --> 01:26:48,969

FAA office he said so-and-so received a

1998

01:26:52,590 --> 01:26:50,770

call from an outside agency and they

1999

01:26:55,650 --> 01:26:52,600

were told to quote/unquote pulled the

2000

01:26:57,900 --> 01:26:55,660

data and to back it up to save it and at

2001
01:27:00,090 --> 01:26:57,910
that time they had put it on a for those

2002
01:27:05,130 --> 01:27:00,100
computer geeks they remember the old zip

2003
01:27:07,080 --> 01:27:05,140
drives zip disks and my friend Richard

2004
01:27:09,720 --> 01:27:07,090
was blown away up to this point we

2005
01:27:13,110 --> 01:27:09,730
thought that that radar data was gone so

2006
01:27:16,290 --> 01:27:13,120
as a result I was able to get the radar

2007
01:27:18,600 --> 01:27:16,300
data able to obtain software to run it

2008
01:27:20,160 --> 01:27:18,610
on my computer and with Richard's

2009
01:27:21,930 --> 01:27:20,170
assistance of course was able to

2010
01:27:24,570 --> 01:27:21,940
interpret the data that we were looking

2011
01:27:27,300 --> 01:27:24,580
at we were able to plot the latitude

2012
01:27:30,240 --> 01:27:27,310
longitude coordinates of the witnesses

2013
01:27:32,610 --> 01:27:30,250

we were able to take the timestamps from

2014

01:27:34,830 --> 01:27:32,620

the st. Clair County dispatch tape to

2015

01:27:36,900 --> 01:27:34,840

let us know the time of their sighting

2016

01:27:38,880 --> 01:27:36,910

the location of the sighting and then

2017

01:27:41,640 --> 01:27:38,890

correlate that with the radar data and

2018

01:27:43,200 --> 01:27:41,650

we were not able we ran a multitude of

2019

01:27:45,240 --> 01:27:43,210

times we were not able to find any

2020

01:27:48,150 --> 01:27:45,250

primary targets or for that matter

2021

01:27:51,300 --> 01:27:48,160

commercial or military aircraft that

2022

01:27:53,400 --> 01:27:51,310

correlated with the times and locations

2023

01:27:55,590 --> 01:27:53,410

of the eyewitness sightings let alone

2024

01:27:59,310 --> 01:27:55,600

anything that basically followed this

2025

01:28:01,890 --> 01:27:59,320

flight path that was reported now one

2026

01:28:04,170 --> 01:28:01,900

thing that was stated by one of the FAA

2027

01:28:06,150 --> 01:28:04,180

gentlemen that were there was the fact

2028

01:28:09,150 --> 01:28:06,160

that well what was the estimated

2029

01:28:10,530 --> 01:28:09,160

altitude at this object and I stated the

2030

01:28:12,870 --> 01:28:10,540

majority of witnesses said it was

2031

01:28:15,299 --> 01:28:12,880

approximately anywhere from five hundred

2032

01:28:18,179 --> 01:28:15,309

to a thousand feet

2033

01:28:20,250 --> 01:28:18,189

they said well based on where our radar

2034

01:28:23,250 --> 01:28:20,260

array is located here in st. Louis and

2035

01:28:25,139 --> 01:28:23,260

based on the topography and low altitude

2036

01:28:28,319 --> 01:28:25,149

of this object we may not have been able

2037

01:28:29,969 --> 01:28:28,329

to pick it up on radar but your best

2038

01:28:32,699 --> 01:28:29,979

option would be to approach Scott Air

2039

01:28:34,439 --> 01:28:32,709

Force Base well I had already filed a

2040

01:28:36,209 --> 01:28:34,449

Freedom of Information Act request with

2041

01:28:39,569 --> 01:28:36,219

Scott Air Force Base I have a copy of

2042

01:28:43,619 --> 01:28:39,579

the the reply letter and they denied

2043

01:28:46,049 --> 01:28:43,629

that they had any military aircraft that

2044

01:28:49,049 --> 01:28:46,059

either was dispatched from there or that

2045

01:28:52,199 --> 01:28:49,059

they were supporting in any way and they

2046

01:28:55,949 --> 01:28:52,209

stated that their radar system was down

2047

01:28:58,079 --> 01:28:55,959

at the time of deciding which I thought

2048

01:29:01,469 --> 01:28:58,089

which I thought was a cover story and it

2049

01:29:03,479 --> 01:29:01,479

might be but my friends at the FAA did

2050

01:29:05,939 --> 01:29:03,489

tell me you know Dave for a layman that

2051

01:29:10,139 --> 01:29:05,949

does sound suspicious and we're not

2052

01:29:12,389 --> 01:29:10,149

saying it's not but they do weekly and

2053

01:29:14,909 --> 01:29:12,399

monthly maintenance on their radar array

2054

01:29:16,619 --> 01:29:14,919

and they do typically shut it down and

2055

01:29:19,229 --> 01:29:16,629

do this work between the hours of

2056

01:29:20,579 --> 01:29:19,239

midnight and 6:00 a.m. simply because

2057

01:29:23,939 --> 01:29:20,589

they usually don't have any air traffic

2058

01:29:26,159 --> 01:29:23,949

scheduled during that time so was the

2059

01:29:29,129 --> 01:29:26,169

radar operating was it not we still

2060

01:29:31,339 --> 01:29:29,139

really don't know conclusively but as I

2061

01:29:35,849 --> 01:29:31,349

as I posed to to my readers in my book

2062

01:29:38,939 --> 01:29:35,859

if the radar was down whoever whatever

2063

01:29:40,500 --> 01:29:38,949

was piloting this object isn't it

2064

01:29:43,219 --> 01:29:40,510

interesting that they took that window

2065

01:29:46,770 --> 01:29:43,229

of opportunity to do a flyby by the base

2066

01:29:50,369 --> 01:29:46,780

right you know when you talk about the

2067

01:29:53,639 --> 01:29:50,379

FAA having someone from the FAA having a

2068

01:29:56,399 --> 01:29:53,649

curiosity it kind of makes you wonder if

2069

01:29:59,639 --> 01:29:56,409

the government knows just about as much

2070

01:30:02,069 --> 01:29:59,649

as we do what these things are what what

2071

01:30:03,779 --> 01:30:02,079

are your thoughts on that well I get

2072

01:30:05,399 --> 01:30:03,789

that question posed to me a lot when I'm

2073

01:30:07,049 --> 01:30:05,409

doing my lectures and we had an

2074

01:30:08,759 --> 01:30:07,059

interesting discussion down in Florida

2075

01:30:11,099 --> 01:30:08,769

recently with the MUFON group down there

2076

01:30:12,929 --> 01:30:11,109

and I'm somewhat I guess you can say

2077

01:30:15,029 --> 01:30:12,939

somewhat of a minority in the UFO

2078

01:30:19,349 --> 01:30:15,039

community I don't necessarily buy off on

2079

01:30:23,129 --> 01:30:19,359

the shall we say the UFO belief system

2080

01:30:26,219 --> 01:30:23,139

if I can use that term my attitude is

2081

01:30:28,950 --> 01:30:26,229

that does the government know more than

2082

01:30:30,690 --> 01:30:28,960

we do about UFOs I think apps

2083

01:30:33,150 --> 01:30:30,700

solutely without a doubt and the reason

2084

01:30:35,220 --> 01:30:33,160

I say that is they have spy satellites

2085

01:30:37,890 --> 01:30:35,230

they have all of this technology for

2086

01:30:39,840 --> 01:30:37,900

tracking things I don't have more

2087

01:30:43,110 --> 01:30:39,850

information than us then that's pretty

2088

01:30:44,700 --> 01:30:43,120

scary you know certainly we have all

2089

01:30:46,470 --> 01:30:44,710

these accounts of pilots that have shot

2090

01:30:49,260 --> 01:30:46,480

gun camera footage over the years

2091

01:30:51,900 --> 01:30:49,270

my attitude is if they've shot footage

2092

01:30:53,430 --> 01:30:51,910

that footage has been sent somewhere if

2093

01:30:55,980 --> 01:30:53,440

they're tracking these objects on

2094

01:30:58,470 --> 01:30:55,990

satellite imagery that data is going

2095

01:31:01,080 --> 01:30:58,480

somewhere so do they have more

2096

01:31:03,930 --> 01:31:01,090

information than we do I think yes

2097

01:31:05,100 --> 01:31:03,940

without a doubt they probably do but I

2098

01:31:07,500 --> 01:31:05,110

always like to make a distinction

2099

01:31:09,510 --> 01:31:07,510

because again the UFO mythology the

2100

01:31:12,200 --> 01:31:09,520

beliefs that the central belief system

2101
01:31:13,920 --> 01:31:12,210
with a lot of UFO believers is that

2102
01:31:16,320 --> 01:31:13,930
Roswell happened

2103
01:31:18,240 --> 01:31:16,330
we recovered technology we back

2104
01:31:20,300 --> 01:31:18,250
engineered it and what people are seeing

2105
01:31:24,000 --> 01:31:20,310
today are the back-engineering result of

2106
01:31:25,860 --> 01:31:24,010
extraterrestrial technology ok that's

2107
01:31:28,140 --> 01:31:25,870
kind of a house of cards it's based on a

2108
01:31:30,240 --> 01:31:28,150
lot of supposition and we need to take

2109
01:31:31,830 --> 01:31:30,250
each one of those in turn first off

2110
01:31:33,630 --> 01:31:31,840
let's just say and I'm kind of an

2111
01:31:35,370 --> 01:31:33,640
agnostic with regard to Roswell it could

2112
01:31:37,350 --> 01:31:35,380
have happened but I wasn't there and

2113
01:31:39,510 --> 01:31:37,360

there's been so many variations of that

2114

01:31:41,940 --> 01:31:39,520

story told I don't know what to believe

2115

01:31:43,050 --> 01:31:41,950

or accept but I do tend to lean towards

2116

01:31:45,570 --> 01:31:43,060

the fact that something highly

2117

01:31:48,750 --> 01:31:45,580

unconventional crashed in here in New

2118

01:31:51,830 --> 01:31:48,760

Mexico in 1947 but let's just take a

2119

01:31:55,020 --> 01:31:51,840

step back for a moment let's just say

2120

01:31:56,550 --> 01:31:55,030

for the sake of argument Martin just but

2121

01:31:59,310 --> 01:31:56,560

if you can bear with me as I go through

2122

01:32:02,040 --> 01:31:59,320

this this hypothetical yeah an

2123

01:32:05,490 --> 01:32:02,050

extraterrestrial vehicle crashed in 1947

2124

01:32:08,670 --> 01:32:05,500

and let's just be conservative let's say

2125

01:32:12,570 --> 01:32:08,680

it was a thousand years ahead of us in

2126
01:32:14,700 --> 01:32:12,580
technology are we really going to have

2127
01:32:17,820 --> 01:32:14,710
any fundamental understanding of this

2128
01:32:19,770 --> 01:32:17,830
technology then or now if it's a

2129
01:32:23,520 --> 01:32:19,780
thousand years ahead of us in

2130
01:32:27,530 --> 01:32:23,530
technological advancement and if we

2131
01:32:31,230 --> 01:32:27,540
recovered said UFO and said alien bodies

2132
01:32:33,840 --> 01:32:31,240
does that wrecked ship does that dead

2133
01:32:35,820 --> 01:32:33,850
body tell you where they came from why

2134
01:32:37,920 --> 01:32:35,830
they're here you know what is their

2135
01:32:41,190 --> 01:32:37,930
belief system what is them what is their

2136
01:32:42,629 --> 01:32:41,200
moral code we may have information we

2137
01:32:46,189 --> 01:32:42,639
may have hardware

2138
01:32:49,770 --> 01:32:46,199

that doesn't equate to having answers

2139

01:32:52,020 --> 01:32:49,780

and I really think that you know this

2140

01:32:54,359 --> 01:32:52,030

kind of touches on the the \$64,000

2141

01:32:57,000 --> 01:32:54,369

question why is the government covering

2142

01:32:58,679 --> 01:32:57,010

all of this up I think it's because they

2143

01:33:01,919 --> 01:32:58,689

don't know what they're dealing with I

2144

01:33:04,679 --> 01:33:01,929

think that they may have hardware they

2145

01:33:07,649 --> 01:33:04,689

may have radar tracking film footage etc

2146

01:33:11,310 --> 01:33:07,659

the list goes on and on but that doesn't

2147

01:33:14,009 --> 01:33:11,320

mean they have answers and you know when

2148

01:33:16,469 --> 01:33:14,019

you look at technology and I always like

2149

01:33:18,839 --> 01:33:16,479

to use the analogy of my cell phone I've

2150

01:33:21,929 --> 01:33:18,849

got an iPhone if I go back and see

2151

01:33:23,850 --> 01:33:21,939

Alexander Graham Bell and I shown my

2152

01:33:26,959 --> 01:33:23,860

phone he first off he's not even gonna

2153

01:33:29,639 --> 01:33:26,969

recognize that it's a phone right now

2154

01:33:31,889 --> 01:33:29,649

does he even understand the fundamental

2155

01:33:34,709 --> 01:33:31,899

concept of how that phone is powered and

2156

01:33:36,899 --> 01:33:34,719

then I have to explain to him how this

2157

01:33:39,779 --> 01:33:36,909

phone really doesn't operate unless it's

2158

01:33:41,459 --> 01:33:39,789

within a cellular network how do you

2159

01:33:45,330 --> 01:33:41,469

think Alexander Graham Bell is gonna try

2160

01:33:48,500 --> 01:33:45,340

to wrap his mind around that one now now

2161

01:33:50,580 --> 01:33:48,510

I'm only talking what 150 years maybe

2162

01:33:53,189 --> 01:33:50,590

difference and I'm talking human

2163

01:33:55,500 --> 01:33:53,199

technology to human technology again

2164

01:33:57,839 --> 01:33:55,510

going with that hypothetical scenario if

2165

01:33:59,209 --> 01:33:57,849

we're dealing with an alien culture you

2166

01:34:03,870 --> 01:33:59,219

know read into that whatever you will

2167

01:34:06,120 --> 01:34:03,880

that crashed in 1947 that's a thousand

2168

01:34:07,770 --> 01:34:06,130

years ahead of us in technology first

2169

01:34:11,250 --> 01:34:07,780

off it's a thousand years ahead of us

2170

01:34:13,500 --> 01:34:11,260

second of all it's alien right

2171

01:34:16,229 --> 01:34:13,510

what what what energy source do they use

2172

01:34:18,889 --> 01:34:16,239

what materials might they have that we

2173

01:34:23,879 --> 01:34:18,899

don't necessarily have here on earth

2174

01:34:27,479 --> 01:34:23,889

right right to all that now if you you

2175

01:34:29,069 --> 01:34:27,489

think about it you know what I just this

2176

01:34:30,750 --> 01:34:29,079

is one of the first time this has

2177

01:34:33,479 --> 01:34:30,760

happened to me in a long time I totally

2178

01:34:34,979 --> 01:34:33,489

lost my train of thought I was coming

2179

01:34:36,889 --> 01:34:34,989

right into something hopefully I didn't

2180

01:34:39,239 --> 01:34:36,899

put you to sleep with that hypothetical

2181

01:34:42,870 --> 01:34:39,249

no not at all

2182

01:34:46,199 --> 01:34:42,880

and it had to do with technology no boy

2183

01:34:48,359 --> 01:34:46,209

I'm gonna have to move on to to

2184

01:34:50,489 --> 01:34:48,369

something else and ask you to elaborate

2185

01:34:53,669 --> 01:34:50,499

on something you said you were working

2186

01:34:55,709 --> 01:34:53,679

on yes I actually haven't talked

2187

01:34:55,930 --> 01:34:55,719

publicly about this other than the group

2188

01:35:05,140 --> 01:34:55,940

in

2189

01:35:08,830 --> 01:35:05,150

secretive by any means but I just simply

2190

01:35:10,810 --> 01:35:08,840

don't want to upset the balance so to

2191

01:35:13,810 --> 01:35:10,820

speak because I'm working on this and I

2192

01:35:15,760 --> 01:35:13,820

there's a lot involved basically what

2193

01:35:19,450 --> 01:35:15,770

I'm working on Martin is putting

2194

01:35:23,830 --> 01:35:19,460

together a nonprofit organization with

2195

01:35:29,110 --> 01:35:23,840

the sole goal of preserving historical

2196

01:35:30,610 --> 01:35:29,120

UFO case files and information now one

2197

01:35:32,740 --> 01:35:30,620

of the the situations that really

2198

01:35:35,890 --> 01:35:32,750

bothers me with regard to the history of

2199

01:35:38,350 --> 01:35:35,900

UFOs and UFO investigations are the

2200

01:35:41,620 --> 01:35:38,360

missing a profiles aerial phenomenon a

2201

01:35:43,630 --> 01:35:41,630

research organization an estimated

2202

01:35:46,630 --> 01:35:43,640

eleven four-drawer file cabinets

2203

01:35:49,479 --> 01:35:46,640

consisting of approximately 15,000 UFO

2204

01:35:53,220 --> 01:35:49,489

case files from the early days from 1952

2205

01:35:57,070 --> 01:35:53,230

all the way into the mid late 80s

2206

01:35:58,540 --> 01:35:57,080

basically is disappeared there's a whole

2207

01:36:00,910 --> 01:35:58,550

story behind that for anyone interested

2208

01:36:02,530 --> 01:36:00,920

they can just type in missing a profiles

2209

01:36:06,580 --> 01:36:02,540

and they can read the history on this

2210

01:36:10,420 --> 01:36:06,590

but the point is we apparently have lost

2211

01:36:12,340 --> 01:36:10,430

all of that information and I don't want

2212

01:36:14,290 --> 01:36:12,350

to lose additional information because

2213

01:36:16,660 --> 01:36:14,300

I'm not interested in the UFO subject

2214

01:36:18,870 --> 01:36:16,670

because it's a mystery and because it

2215

01:36:21,880 --> 01:36:18,880

makes for great campfire stories I

2216

01:36:26,439 --> 01:36:21,890

really want to know what's going on I

2217

01:36:29,020 --> 01:36:26,449

want answers and we need to preserve the

2218

01:36:30,939 --> 01:36:29,030

data that we already have the motto of

2219

01:36:34,570 --> 01:36:30,949

the x-files is always the truth is out

2220

01:36:37,900 --> 01:36:34,580

there I would argue that the truth is in

2221

01:36:40,510 --> 01:36:37,910

the files we already have I'm working

2222

01:36:42,790 --> 01:36:40,520

with a large large organization that's

2223

01:36:45,280 --> 01:36:42,800

sitting on one of the largest bodies of

2224

01:36:48,580 --> 01:36:45,290

case files going back to the late 50s

2225

01:36:52,630 --> 01:36:48,590

and my goal is to get all of those files

2226

01:36:54,490 --> 01:36:52,640

Case Files digitized and upload it to

2227

01:36:56,640 --> 01:36:54,500

the internet so people will have free

2228

01:36:59,530 --> 01:36:56,650

and open access to review these files

2229

01:37:01,180 --> 01:36:59,540

we're talking thousands of UFO case

2230

01:37:05,320 --> 01:37:01,190

files that have really never seen the

2231

01:37:07,600 --> 01:37:05,330

light of day and I'm working on that as

2232

01:37:08,860 --> 01:37:07,610

well as another collection of case files

2233

01:37:10,900 --> 01:37:08,870

in a Europe

2234

01:37:12,430 --> 01:37:10,910

country I can't say anymore because I

2235

01:37:14,080 --> 01:37:12,440

haven't even talked to the individual

2236

01:37:17,590 --> 01:37:14,090

that's in possession of these files yet

2237

01:37:20,620 --> 01:37:17,600

but what I'm trying to do is preserve

2238

01:37:23,680 --> 01:37:20,630

the cases we already have that we're not

2239

01:37:26,980 --> 01:37:23,690

using currently and it's all about data

2240

01:37:28,930 --> 01:37:26,990

points in analyzing my triangular UFO

2241

01:37:30,880 --> 01:37:28,940

book in putting all that information

2242

01:37:33,610 --> 01:37:30,890

together the only way I was able to

2243

01:37:35,530 --> 01:37:33,620

extrapolate the data that I did was by

2244

01:37:38,410 --> 01:37:35,540

doing a systematic comparison and

2245

01:37:41,800 --> 01:37:38,420

analysis and organization of triangular

2246

01:37:44,440 --> 01:37:41,810

UFO reports let's take that concept put

2247

01:37:46,870 --> 01:37:44,450

on a much broader scale with UFO Case

2248

01:37:48,820 --> 01:37:46,880

Files in general and I know MUFON is

2249

01:37:50,980 --> 01:37:48,830

kind of working on a similar project in

2250

01:37:53,110 --> 01:37:50,990

this regard with their files and perhaps

2251

01:37:57,640 --> 01:37:53,120

one day we'll unify all this into one

2252

01:37:59,080 --> 01:37:57,650

centralized online database and my goal

2253

01:37:59,800 --> 01:37:59,090

is to preserve this information when you

2254

01:38:02,710 --> 01:37:59,810

think about it

2255

01:38:04,690 --> 01:38:02,720

thousands of UFO case files that are not

2256

01:38:07,330 --> 01:38:04,700

readily available to the general public

2257

01:38:08,050 --> 01:38:07,340

if we can get those digitized because

2258

01:38:11,740 --> 01:38:08,060

god forbid

2259

01:38:15,610 --> 01:38:11,750

a fire occurs or a flood those files are

2260

01:38:17,920 --> 01:38:15,620

lost forever and we need to preserve

2261

01:38:21,630 --> 01:38:17,930

that sure we had someone on from MUFON

2262

01:38:24,010 --> 01:38:21,640

oh I think about two weeks ago and he

2263

01:38:26,200 --> 01:38:24,020

was saying because he's a MUFON

2264

01:38:29,380 --> 01:38:26,210

investigator that he has full access to

2265

01:38:32,980 --> 01:38:29,390

the files but the average Joe out there

2266

01:38:35,260 --> 01:38:32,990

who was not involved that deeply in

2267

01:38:37,240 --> 01:38:35,270

MUFON could not get a lot of that

2268

01:38:40,450 --> 01:38:37,250

information of course I understand like

2269

01:38:44,050 --> 01:38:40,460

the anonymity and that you have to keep

2270

01:38:46,420 --> 01:38:44,060

you know that secure - yes have it safe

2271

01:38:49,630 --> 01:38:46,430

for people to report absolutely

2272

01:38:51,400 --> 01:38:49,640

you know redacted their names out you

2273

01:38:53,080 --> 01:38:51,410

know something like that and that would

2274

01:38:54,820 --> 01:38:53,090

be part of this project as well -

2275

01:38:56,890 --> 01:38:54,830

because we do want to we do want to

2276

01:38:58,090 --> 01:38:56,900

guarantee the anonymity of witnesses

2277

01:38:59,530 --> 01:38:58,100

that have come forward over the years

2278

01:39:02,440 --> 01:38:59,540

certainly mm-hmm

2279

01:39:04,960 --> 01:39:02,450

the thing that I had totally blanked out

2280

01:39:07,240 --> 01:39:04,970

on just a minute ago was I was going to

2281

01:39:10,240 --> 01:39:07,250

say that if the government absolutely

2282

01:39:12,160 --> 01:39:10,250

knew as much as we did about what these

2283

01:39:14,350 --> 01:39:12,170

things are in other words they didn't

2284

01:39:16,960 --> 01:39:14,360

have much more information other than

2285

01:39:21,070 --> 01:39:16,970

they found a crashed saucer or two here

2286

01:39:22,600 --> 01:39:21,080

and there they they would be scared they

2287

01:39:25,570 --> 01:39:22,610

would be scared that they

2288

01:39:27,340 --> 01:39:25,580

no and of course that being said they

2289

01:39:29,890 --> 01:39:27,350

wouldn't let us know that they didn't

2290

01:39:33,070 --> 01:39:29,900

know oh yeah absolutely I mean

2291

01:39:35,800 --> 01:39:33,080

absolutely it serves no purpose and and

2292

01:39:37,450 --> 01:39:35,810

again I I know that I'm I'm poking a lot

2293

01:39:40,780 --> 01:39:37,460

of sacred cows here tonight Martin so I

2294

01:39:42,820 --> 01:39:40,790

may get a lot of hate emails but the

2295

01:39:44,650 --> 01:39:42,830

question came up about disclosure that

2296

01:39:47,770 --> 01:39:44,660

being a very hot topic in the UFO

2297

01:39:49,420 --> 01:39:47,780

community today and had a very wonderful

2298

01:39:50,740 --> 01:39:49,430

exchange actually with the gentleman

2299

01:39:52,690 --> 01:39:50,750

that posed this to me in Florida

2300

01:39:54,520 --> 01:39:52,700

recently and he said well what's your

2301

01:39:56,800 --> 01:39:54,530

thoughts on disclosure I said well I

2302

01:39:59,950 --> 01:39:56,810

said I commend the people that are

2303

01:40:01,300 --> 01:39:59,960

lobbying for that but I said in my own

2304

01:40:02,560 --> 01:40:01,310

personal opinion I think it's an

2305

01:40:04,960 --> 01:40:02,570

exercise in futility

2306

01:40:07,840 --> 01:40:04,970

I said getting people to sign a petition

2307

01:40:12,270 --> 01:40:07,850

is not going to pry the very firmly

2308

01:40:15,100 --> 01:40:12,280

tight lid of this this cover-up

2309

01:40:17,290 --> 01:40:15,110

regarding UFOs you're not going to

2310

01:40:19,540 --> 01:40:17,300

pressure the government to release

2311

01:40:22,750 --> 01:40:19,550

information on this if they don't want

2312

01:40:25,060 --> 01:40:22,760

to because you signed a petition III

2313

01:40:27,250 --> 01:40:25,070

think that's just a little bit of

2314

01:40:29,590 --> 01:40:27,260

naivete on a part of how it would happen

2315

01:40:34,570 --> 01:40:29,600

if it would ever happen it would have to

2316

01:40:37,690 --> 01:40:34,580

be so spectacular like you know landing

2317

01:40:40,210 --> 01:40:37,700

and living among us and yeah I mean

2318

01:40:41,860 --> 01:40:40,220

something really spectacular before and

2319

01:40:44,470 --> 01:40:41,870

I say that with the utmost respect for

2320

01:40:46,690 --> 01:40:44,480

those individuals that are really

2321

01:40:47,440 --> 01:40:46,700

working toward that I I wish them the

2322

01:40:50,440 --> 01:40:47,450

best of luck

2323

01:40:53,020 --> 01:40:50,450

me personally I'm going to focus on the

2324

01:40:55,440 --> 01:40:53,030

phenomenon rather than trying to lobby

2325

01:40:58,420 --> 01:40:55,450

the government to release their files

2326

01:41:01,240 --> 01:40:58,430

the government may or may not have good

2327

01:41:03,610 --> 01:41:01,250

reasons for suppressing this information

2328

01:41:05,440 --> 01:41:03,620

and keeping it secret as we touched on

2329

01:41:07,260 --> 01:41:05,450

earlier Martin I think a lot of it is

2330

01:41:10,240 --> 01:41:07,270

they're just dealing with this this

2331

01:41:12,160 --> 01:41:10,250

inconvenient situation the 300 pound

2332

01:41:15,160 --> 01:41:12,170

gorilla in the room that they don't want

2333

01:41:18,100 --> 01:41:15,170

to officially acknowledge because we pay

2334

01:41:21,400 --> 01:41:18,110

our tax money really one primary reason

2335

01:41:23,590 --> 01:41:21,410

is for what to say or security yeah and

2336

01:41:25,990 --> 01:41:23,600

if you suddenly acknowledge the fact

2337

01:41:30,250 --> 01:41:26,000

that we're faced with a phenomenon that

2338

01:41:33,280 --> 01:41:30,260

a is real B we don't know where it comes

2339

01:41:36,010 --> 01:41:33,290

from C we don't know really why they're

2340

01:41:37,030 --> 01:41:36,020

here and we have no ability to control

2341

01:41:39,910 --> 01:41:37,040

the situation

2342

01:41:42,790 --> 01:41:39,920

do you really think any not just United

2343

01:41:44,680 --> 01:41:42,800

States any world leader or military

2344

01:41:49,800 --> 01:41:44,690

group is going to step forward and

2345

01:41:54,250 --> 01:41:49,810

acknowledge that exactly I do commend

2346

01:41:57,070 --> 01:41:54,260

Chile and a few other countries for

2347

01:42:00,820 --> 01:41:57,080

really taking this subject seriously

2348

01:42:02,649 --> 01:42:00,830

though oh yes absolutely absolutely and

2349

01:42:04,600 --> 01:42:02,659

I think some of the countries that have

2350

01:42:07,089 --> 01:42:04,610

come forward and released their files

2351

01:42:10,419 --> 01:42:07,099

may have released all they had again

2352

01:42:12,280 --> 01:42:10,429

they may they may be absent of physical

2353

01:42:15,490 --> 01:42:12,290

trace evidence they may be absent of

2354

01:42:17,260 --> 01:42:15,500

having any answers and and what's

2355

01:42:19,000 --> 01:42:17,270

interesting is again those are all data

2356

01:42:20,979 --> 01:42:19,010

points you know if we can take the

2357

01:42:22,810 --> 01:42:20,989

project Bluebook files and disregard

2358

01:42:25,570 --> 01:42:22,820

some of the ridiculous explanations they

2359

01:42:27,820 --> 01:42:25,580

made for some of these UFO sightings and

2360

01:42:30,790 --> 01:42:27,830

look at just the report because as I say

2361

01:42:33,100 --> 01:42:30,800

in my in my research on triangles I take

2362

01:42:35,709 --> 01:42:33,110

those reports at face value I don't

2363

01:42:37,720 --> 01:42:35,719

necessarily even look at the Air Force

2364

01:42:39,609 --> 01:42:37,730

explanation because in some cases it

2365

01:42:42,250 --> 01:42:39,619

doesn't make any sense the Albany

2366

01:42:44,140 --> 01:42:42,260

Georgia incident that I referred to they

2367

01:42:47,520 --> 01:42:44,150

stated their final conclusion it was a

2368

01:42:50,589 --> 01:42:47,530

visual sighting of the planet Venus now

2369

01:42:55,149 --> 01:42:50,599

as I like to point out there's two

2370

01:42:56,800 --> 01:42:55,159

problems with that one the pilot when he

2371

01:43:00,129 --> 01:42:56,810

accelerated and increased in altitude

2372

01:43:03,820 --> 01:43:00,139

realized that Venus was now below his

2373

01:43:05,950 --> 01:43:03,830

jet so I have a hard time resolving that

2374

01:43:08,350 --> 01:43:05,960

as a semi educated logical individual

2375

01:43:11,229 --> 01:43:08,360

and then secondly the Albany Georgia

2376

01:43:13,209 --> 01:43:11,239

Regional Airport was tracking an unknown

2377

01:43:16,270 --> 01:43:13,219

primary target in the location at the

2378

01:43:19,780 --> 01:43:16,280

time that the pilot observed his UFO so

2379

01:43:26,589 --> 01:43:19,790

we have radar confirmation it is really

2380

01:43:29,200 --> 01:43:26,599

funny how absurd some of the answers are

2381

01:43:31,419 --> 01:43:29,210

for you know what happened like that you

2382

01:43:33,760 --> 01:43:31,429

think of you know the whole thing with

2383

01:43:36,430 --> 01:43:33,770

the swamp gas and all you know just

2384

01:43:38,350 --> 01:43:36,440

excuse that way exactly well and it's

2385

01:43:40,270 --> 01:43:38,360

funny you mentioned swamp gas because of

2386

01:43:42,490 --> 01:43:40,280

one of the surprises I came across doing

2387

01:43:44,770 --> 01:43:42,500

my historical research of course that

2388

01:43:47,709 --> 01:43:44,780

that term was coined quoted by dr. J

2389

01:43:49,290 --> 01:43:47,719

Allen Hynek when he went up to Michigan

2390

01:43:51,030 --> 01:43:49,300

in 1966

2391

01:43:53,270 --> 01:43:51,040

- look at those sightings around Dexter

2392

01:43:57,360 --> 01:43:53,280

Michigan and the Hillsdale College area

2393

01:44:00,360 --> 01:43:57,370

in going through the newspaper archives

2394

01:44:03,810 --> 01:44:00,370

online I stumbled across two or three

2395

01:44:05,640 --> 01:44:03,820

newspaper articles discussing the

2396

01:44:10,050 --> 01:44:05,650

sightings that were occurring in that

2397

01:44:13,290 --> 01:44:10,060

area at the time and I was surprised to

2398

01:44:16,230 --> 01:44:13,300

find that in the articles they

2399

01:44:19,730 --> 01:44:16,240

referenced that many of the initial UFO

2400

01:44:23,670 --> 01:44:19,740

sightings in the Ann Arbor Dexter area

2401

01:44:27,860 --> 01:44:23,680

were being reported by police officers

2402

01:44:31,860 --> 01:44:27,870

who described the objects as triangular

2403

01:44:33,720 --> 01:44:31,870

Wow I had never heard of that before how

2404

01:44:36,120 --> 01:44:33,730

about that now when you're getting your

2405

01:44:38,760 --> 01:44:36,130

someone up on the message board wondered

2406

01:44:42,930 --> 01:44:38,770

how you got your unique newspaper

2407

01:44:45,240 --> 01:44:42,940

collection and a thought came to mind do

2408

01:44:47,400 --> 01:44:45,250

you find out like for instance where a

2409

01:44:49,410 --> 01:44:47,410

sighting was on microfilm or something

2410

01:44:51,270 --> 01:44:49,420

like that and then you contact the

2411

01:44:53,130 --> 01:44:51,280

newspaper and try to get an Edition from

2412

01:44:55,200 --> 01:44:53,140

that time or how do you find your

2413

01:44:58,500 --> 01:44:55,210

newspapers well that's a really good

2414

01:45:00,420 --> 01:44:58,510

question I really appreciate that well I

2415

01:45:03,390 --> 01:45:00,430

always like to say that my collection is

2416

01:45:04,860 --> 01:45:03,400

a collection of collections and over the

2417

01:45:06,420 --> 01:45:04,870

years and this gets back to the

2418

01:45:08,310 --> 01:45:06,430

preserving history and that's kind of my

2419

01:45:09,980 --> 01:45:08,320

little my little mission with UFOs

2420

01:45:12,990 --> 01:45:09,990

preserving the history of this field

2421

01:45:15,540 --> 01:45:13,000

I've had the pleasure of meeting some of

2422

01:45:17,610 --> 01:45:15,550

the investigators and researchers over

2423

01:45:18,030 --> 01:45:17,620

the years some well-known others not so

2424

01:45:21,450 --> 01:45:18,040

much

2425

01:45:23,250 --> 01:45:21,460

that were sitting on scrapbooks of

2426

01:45:25,200 --> 01:45:23,260

newspaper articles that they had

2427

01:45:29,250 --> 01:45:25,210

collected over the last several decades

2428

01:45:31,670 --> 01:45:29,260

and one group in particular I still have

2429

01:45:34,380 --> 01:45:31,680

very dear friends in the st. Louis area

2430

01:45:37,680 --> 01:45:34,390

an organization that was a precursor to

2431

01:45:40,070 --> 01:45:37,690

the mutual UFO network or MUFON was the

2432

01:45:44,280 --> 01:45:40,080

UFO study group of greater st. Louis and

2433

01:45:46,830 --> 01:45:44,290

two of the early members of this

2434

01:45:48,600 --> 01:45:46,840

organization was mr. Walt Andrus and mr.

2435

01:45:51,230 --> 01:45:48,610

John Schuessler who were later

2436

01:45:53,670 --> 01:45:51,240

international directors for MUFON and

2437

01:45:55,500 --> 01:45:53,680

John lived in st. Louis he worked for

2438

01:45:57,990 --> 01:45:55,510

McDonnell Douglas and Walt Andrus worked

2439

01:45:59,520 --> 01:45:58,000

for Motorola in Quincy Illinois so they

2440

01:46:01,970 --> 01:45:59,530

were regular attendees at these meetings

2441

01:46:03,950 --> 01:46:01,980

but they amassed a

2442

01:46:08,950 --> 01:46:03,960

large number of case files news

2443

01:46:12,650 --> 01:46:08,960

clippings scrapbooks journals etc in

2444

01:46:14,660 --> 01:46:12,660

2005 I was contacted by the board

2445

01:46:16,100 --> 01:46:14,670

members who I had come to know over the

2446

01:46:18,170 --> 01:46:16,110

years and I had lectured at some of

2447

01:46:19,010 --> 01:46:18,180

their meetings and they knew that I was

2448

01:46:22,280 --> 01:46:19,020

already doing some preliminary

2449

01:46:24,290 --> 01:46:22,290

historical research that they actually

2450

01:46:26,540 --> 01:46:24,300

held a meeting and not to put too fine a

2451

01:46:28,970 --> 01:46:26,550

point on it the gist of the meeting was

2452

01:46:31,040 --> 01:46:28,980

we're all getting up in our 70s and 80s

2453

01:46:32,479 --> 01:46:31,050

and we're slowly dying off and what are

2454

01:46:35,240 --> 01:46:32,489

we going to do with all this material

2455

01:46:36,890 --> 01:46:35,250

and I'm very proud and I still would

2456

01:46:39,350 --> 01:46:36,900

like to say thank you publicly to them

2457

01:46:40,640 --> 01:46:39,360

they entrusted all of their material to

2458

01:46:43,490 --> 01:46:40,650

me because they knew I was trying to

2459

01:46:45,200 --> 01:46:43,500

preserve all of this this data and so

2460

01:46:48,410 --> 01:46:45,210

there was a vast collection of case

2461

01:46:50,870 --> 01:46:48,420

files news clippings in there a pro

2462

01:46:53,890 --> 01:46:50,880

bulletins from the early 50s with you

2463

01:46:56,180 --> 01:46:53,900

know chock-full of old case material

2464

01:46:58,130 --> 01:46:56,190

then there were several other ageing

2465

01:47:01,040 --> 01:46:58,140

researchers that I've come to know in

2466

01:47:02,750 --> 01:47:01,050

Arkansas Missouri Illinois that were

2467

01:47:04,910 --> 01:47:02,760

either willing to donate their

2468

01:47:08,570 --> 01:47:04,920

collections or allow me to purchase

2469

01:47:10,640 --> 01:47:08,580

their collections mr. bill Pitts veteran

2470

01:47:13,450 --> 01:47:10,650

a UFO researcher down in Fort Smith

2471

01:47:16,310 --> 01:47:13,460

Arkansas I obtained his collection and

2472

01:47:18,229 --> 01:47:16,320

and then just you know like many people

2473

01:47:20,210 --> 01:47:18,239

just going on eBay and going on the

2474

01:47:23,180 --> 01:47:20,220

internet and looking for collections for

2475

01:47:24,800 --> 01:47:23,190

sale and so it's just over the last 25

2476

01:47:27,200 --> 01:47:24,810

years has developed into this large

2477

01:47:29,300 --> 01:47:27,210

private library that I have which I make

2478

01:47:31,280 --> 01:47:29,310

accessible to any credible individuals

2479

01:47:33,200 --> 01:47:31,290

that are willing to you know come out to

2480

01:47:34,790 --> 01:47:33,210

Albuquerque and interested in looking at

2481

01:47:36,650 --> 01:47:34,800

the data I've had several several

2482

01:47:37,520 --> 01:47:36,660

researchers I've had Kathleen Martin

2483

01:47:40,550 --> 01:47:37,530

here

2484

01:47:42,979 --> 01:47:40,560

I had Greg Bishop wrote project beta

2485

01:47:46,130 --> 01:47:42,989

about the Paul bennewitz affair I've had

2486

01:47:47,780 --> 01:47:46,140

Greg Valdez who's the son of Gabe Valdez

2487

01:47:49,310 --> 01:47:47,790

who was the New Mexico State Trooper out

2488

01:47:52,310 --> 01:47:49,320

here investigating UFOs cattle

2489

01:47:53,990 --> 01:47:52,320

mutilations mr. Michael rat has been out

2490

01:47:56,900 --> 01:47:54,000

here several times enjoy having Mike

2491

01:47:59,360 --> 01:47:56,910

Michael over so you know I make the

2492

01:48:01,340 --> 01:47:59,370

information available and that's part of

2493

01:48:03,830 --> 01:48:01,350

the nonprofit concept is to take the

2494

01:48:05,900 --> 01:48:03,840

data that I have eventually get all that

2495

01:48:07,700 --> 01:48:05,910

digitized because I want to make it

2496

01:48:10,040 --> 01:48:07,710

readily accessible but most importantly

2497

01:48:12,260 --> 01:48:10,050

make it free because I believe that this

2498

01:48:15,680 --> 01:48:12,270

data this information belongs to

2499

01:48:17,450 --> 01:48:15,690

everyone right now I'm looking

2500

01:48:19,840 --> 01:48:17,460

at your Skype picture and I see a whole

2501
01:48:23,900 --> 01:48:19,850
bunch of books in the background there

2502
01:48:27,230 --> 01:48:23,910
and so are you are you like are carved

2503
01:48:30,830 --> 01:48:27,240
archival e you know keeping these pieces

2504
01:48:33,350 --> 01:48:30,840
like for instance in archival folders

2505
01:48:35,060 --> 01:48:33,360
and things like that much well I'm

2506
01:48:36,980 --> 01:48:35,070
actually over the last year and a half

2507
01:48:39,050 --> 01:48:36,990
since the books been published I've

2508
01:48:41,510 --> 01:48:39,060
actually had a number of volunteers

2509
01:48:43,520 --> 01:48:41,520
retired individuals that have been

2510
01:48:44,840 --> 01:48:43,530
coming over and helping me sort through

2511
01:48:46,100 --> 01:48:44,850
through the news clippings we just

2512
01:48:49,490 --> 01:48:46,110
finished sorting through literally

2513
01:48:50,840 --> 01:48:49,500

hundreds of old news clippings and we're

2514

01:48:53,090 --> 01:48:50,850

going to be going through the process of

2515

01:48:54,740 --> 01:48:53,100

doing some inventory but yes trying to

2516

01:48:58,370 --> 01:48:54,750

preserve this stuff you know for the

2517

01:49:00,260 --> 01:48:58,380

next generation and really excited about

2518

01:49:03,050 --> 01:49:00,270

you know eventually digitizing these

2519

01:49:04,850 --> 01:49:03,060

case files because again you know Martin

2520

01:49:07,340 --> 01:49:04,860

we've been doing this now for 70 years

2521

01:49:08,860 --> 01:49:07,350

we we are sitting on a lot of data but

2522

01:49:11,270 --> 01:49:08,870

we've got to make it more accessible

2523

01:49:14,060 --> 01:49:11,280

make it centralized and make it

2524

01:49:16,760 --> 01:49:14,070

searchable let let people whether it's a

2525

01:49:19,580 --> 01:49:16,770

student in Paraguay or a retired physics

2526

01:49:22,490 --> 01:49:19,590

professor in Switzerland or a college

2527

01:49:24,980 --> 01:49:22,500

student in Michigan be able to just go

2528

01:49:27,320 --> 01:49:24,990

online access the information and look

2529

01:49:29,180 --> 01:49:27,330

for patterns in the data I certainly

2530

01:49:30,710 --> 01:49:29,190

don't have any answers but you know

2531

01:49:32,630 --> 01:49:30,720

there's other people out there who are

2532

01:49:34,850 --> 01:49:32,640

thinking outside the box that might be

2533

01:49:37,400 --> 01:49:34,860

willing to look at the data from a whole

2534

01:49:39,650 --> 01:49:37,410

different angle and really when it comes

2535

01:49:42,530 --> 01:49:39,660

down to it we can talk conspiracy

2536

01:49:45,140 --> 01:49:42,540

theories we can talk about what Martin

2537

01:49:47,630 --> 01:49:45,150

believes what David believes but at the

2538

01:49:49,810 --> 01:49:47,640

end of the day the lifeblood of this

2539

01:49:51,950 --> 01:49:49,820

phenomenon really comes back down to

2540

01:49:54,650 --> 01:49:51,960

unconventional objects that people

2541

01:49:57,440 --> 01:49:54,660

reported in our skies and it comes back

2542

01:50:00,290 --> 01:49:57,450

down to those old Case Files have you

2543

01:50:03,410 --> 01:50:00,300

heard of a gentleman named Rob Mercer oh

2544

01:50:05,360 --> 01:50:03,420

yes I know Rob very well good I'm glad

2545

01:50:06,590 --> 01:50:05,370

you could know each other matter of fact

2546

01:50:07,880 --> 01:50:06,600

we'll be talking this weekend that's

2547

01:50:11,210 --> 01:50:07,890

another phone call and many phone calls

2548

01:50:13,550 --> 01:50:11,220

I'll be making this week yeah because if

2549

01:50:16,280 --> 01:50:13,560

you - you two should get together and

2550

01:50:18,740 --> 01:50:16,290

with those files I'd hate to see them he

2551
01:50:21,560 --> 01:50:18,750
and I were talking he was on the show a

2552
01:50:24,260 --> 01:50:21,570
while back yes yes yeah I would love to

2553
01:50:25,880 --> 01:50:24,270
see those preserved the work that he's

2554
01:50:27,830 --> 01:50:25,890
doing preserving those files is

2555
01:50:28,480 --> 01:50:27,840
tremendous and I congratulated him

2556
01:50:30,960 --> 01:50:28,490
several

2557
01:50:34,030 --> 01:50:30,970
times that of all people for those files

2558
01:50:35,890 --> 01:50:34,040
you know to wind up with it round up

2559
01:50:38,770 --> 01:50:35,900
with someone that truly appreciates the

2560
01:50:41,170 --> 01:50:38,780
historical significance of that and you

2561
01:50:43,060 --> 01:50:41,180
know I'm sort of that's sort of my

2562
01:50:45,580 --> 01:50:43,070
background and filled in the antiques

2563
01:50:47,260 --> 01:50:45,590

and fine art and documents and things

2564

01:50:50,620 --> 01:50:47,270

like that and documents is one of my

2565

01:50:53,320 --> 01:50:50,630

passions I really enjoy and you know you

2566

01:50:55,480 --> 01:50:53,330

think of like right now you could say

2567

01:50:57,460 --> 01:50:55,490

there are probably thousands and

2568

01:50:59,890 --> 01:50:57,470

thousands of Abraham Lincoln signatures

2569

01:51:02,140 --> 01:50:59,900

on documents and attics right now that

2570

01:51:04,750 --> 01:51:02,150

are just being spoiled away because he

2571

01:51:06,670 --> 01:51:04,760

was a lawyer for you know 25 years and

2572

01:51:09,730 --> 01:51:06,680

signed you know many documents numerous

2573

01:51:13,000 --> 01:51:09,740

documents so absolutely so along those

2574

01:51:15,760 --> 01:51:13,010

lines so there's probably a lot of UFO

2575

01:51:19,300 --> 01:51:15,770

information that is out there

2576
01:51:20,890 --> 01:51:19,310
and unfound at this point and that is an

2577
01:51:24,610 --> 01:51:20,900
amazing story how that showed up on

2578
01:51:27,430 --> 01:51:24,620
Craigslist and absolutely absolutely and

2579
01:51:29,290 --> 01:51:27,440
it just goes to show - you know as

2580
01:51:32,590 --> 01:51:29,300
you're mentioning Martin you don't know

2581
01:51:35,710 --> 01:51:32,600
where this data is sitting and how in a

2582
01:51:37,990 --> 01:51:35,720
roundabout serendipitous way it can come

2583
01:51:39,850 --> 01:51:38,000
into the possession of us again to where

2584
01:51:43,780 --> 01:51:39,860
we can have access to it and be able to

2585
01:51:45,640 --> 01:51:43,790
review that data it's you know and for

2586
01:51:47,320 --> 01:51:45,650
any any individuals out there that that

2587
01:51:48,940 --> 01:51:47,330
are from the early generation when

2588
01:51:52,540 --> 01:51:48,950

flying saucers first came into our

2589

01:51:54,760 --> 01:51:52,550

modern mindset in 1947 if there's anyone

2590

01:51:56,200 --> 01:51:54,770

out there with archival material our

2591

01:51:58,870 --> 01:51:56,210

collections that they don't know what to

2592

01:52:00,610 --> 01:51:58,880

do with you know feel free to reach out

2593

01:52:02,770 --> 01:52:00,620

to me I would appreciate speaking with

2594

01:52:05,230 --> 01:52:02,780

you about that because we're looking to

2595

01:52:06,820 --> 01:52:05,240

develop this nonprofit group and I

2596

01:52:09,610 --> 01:52:06,830

really think we're gonna make some

2597

01:52:12,610 --> 01:52:09,620

headway in preserving these articles of

2598

01:52:15,010 --> 01:52:12,620

history and that's I always make this

2599

01:52:16,660 --> 01:52:15,020

point Martin in my lectures it went you

2600

01:52:17,670 --> 01:52:16,670

know across the country when I lecture

2601

01:52:21,630 --> 01:52:17,680

on the subject

2602

01:52:25,090 --> 01:52:21,640

UFOs whether you consider it fact

2603

01:52:28,420 --> 01:52:25,100

fiction or folklore it's part of our

2604

01:52:31,000 --> 01:52:28,430

history that's right and let's preserve

2605

01:52:37,270 --> 01:52:31,010

it if nothing else for historical value

2606

01:52:39,810 --> 01:52:37,280

alone right and you know we owe that in

2607

01:52:42,160 --> 01:52:39,820

so many ways of so many documents and

2608

01:52:44,709 --> 01:52:42,170

current material

2609

01:52:49,450 --> 01:52:44,719

that you know we really need to preserve

2610

01:52:51,550 --> 01:52:49,460

and pass on to the generations and a lot

2611

01:52:53,260 --> 01:52:51,560

of things become rare and valuable

2612

01:52:55,990 --> 01:52:53,270

because people don't have that mindset

2613

01:52:58,000 --> 01:52:56,000

and they get destroyed or discarded

2614

01:52:58,560 --> 01:52:58,010

we've heard of researchers over the

2615

01:53:00,880 --> 01:52:58,570

years

2616

01:53:03,910 --> 01:53:00,890

unfortunately veteran researchers that

2617

01:53:06,850 --> 01:53:03,920

yeah supposedly had large collections

2618

01:53:08,919 --> 01:53:06,860

and you know weeks or months after they

2619

01:53:10,270 --> 01:53:08,929

passed away the question was asked well

2620

01:53:11,169 --> 01:53:10,280

you know what happened all those books

2621

01:53:13,450 --> 01:53:11,179

what happened to those and those

2622

01:53:17,890 --> 01:53:13,460

newspaper scrapbooks that that you know

2623

01:53:19,750 --> 01:53:17,900

mr. Wilson had well from what I heard

2624

01:53:21,760 --> 01:53:19,760

the kids didn't share his interest in

2625

01:53:23,380 --> 01:53:21,770

the subject they actually kind of didn't

2626
01:53:24,520 --> 01:53:23,390
like how much time he devoted to it so

2627
01:53:26,919 --> 01:53:24,530
when he passed away they just threw it

2628
01:53:29,410 --> 01:53:26,929
all in the trash hear that all the time

2629
01:53:32,110 --> 01:53:29,420
we only have a few moments left now I

2630
01:53:33,689 --> 01:53:32,120
looked online I didn't see a website

2631
01:53:36,490 --> 01:53:33,699
right off the bat do you have one eye

2632
01:53:37,979 --> 01:53:36,500
well long story with that I'll just give

2633
01:53:40,630 --> 01:53:37,989
you the Reader's Digest version I was

2634
01:53:42,610 --> 01:53:40,640
scheduled to get one online well over a

2635
01:53:45,070 --> 01:53:42,620
year ago but I've been involved in so

2636
01:53:48,850 --> 01:53:45,080
many different projects decided to

2637
01:53:50,800 --> 01:53:48,860
postpone getting one of my own and again

2638
01:53:52,870 --> 01:53:50,810

we're in the preliminary stages but once

2639

01:53:56,229 --> 01:53:52,880

this nonprofit organization gets close

2640

01:53:57,910 --> 01:53:56,239

to getting kick-started then we will

2641

01:54:00,040 --> 01:53:57,920

have a website and that will be my

2642

01:54:02,050 --> 01:54:00,050

website part of this nonprofit group

2643

01:54:03,459 --> 01:54:02,060

that I can be reached at I do have an

2644

01:54:05,530 --> 01:54:03,469

email address if I can throw that out

2645

01:54:07,780 --> 01:54:05,540

there go right ahead

2646

01:54:09,880 --> 01:54:07,790

if anyone would like to reach out with a

2647

01:54:12,580 --> 01:54:09,890

sighting or with any archival material

2648

01:54:16,419 --> 01:54:12,590

you might have you can contact me at

2649

01:54:21,459 --> 01:54:16,429

triangular UFOs that's plural with an S

2650

01:54:24,310 --> 01:54:21,469

at hotmail.com did you have a hard time

2651
01:54:26,620 --> 01:54:24,320
getting that that was just yeah I'm sure

2652
01:54:28,600 --> 01:54:26,630
nobody had taken that one yet so it was

2653
01:54:29,500 --> 01:54:28,610
very people remember that one so I

2654
01:54:33,370 --> 01:54:29,510
figured I'll go with that

2655
01:54:36,600 --> 01:54:33,380
right right and do you have any follow

2656
01:54:39,640 --> 01:54:36,610
up thing that you're going to author

2657
01:54:41,470 --> 01:54:39,650
well you know this is I have several

2658
01:54:45,100 --> 01:54:41,480
different ideas I would like to work on

2659
01:54:47,260 --> 01:54:45,110
but to be quite honest I was speaking

2660
01:54:49,570 --> 01:54:47,270
with a researcher this past weekend

2661
01:54:52,600 --> 01:54:49,580
about this nonprofit and about accessing

2662
01:54:53,920 --> 01:54:52,610
some of these case files and I've had a

2663
01:54:55,570 --> 01:54:53,930

lot of people in

2664

01:54:57,130 --> 01:54:55,580

I take this as a very high compliment

2665

01:55:00,430 --> 01:54:57,140

I've never written a book before until

2666

01:55:01,750 --> 01:55:00,440

my book came out but a lot of people

2667

01:55:03,580 --> 01:55:01,760

have asked me what your next book gonna

2668

01:55:06,160 --> 01:55:03,590

be on or I'm looking forward to the next

2669

01:55:09,040 --> 01:55:06,170

book by David Marlar I'll be honest with

2670

01:55:10,600 --> 01:55:09,050

you I think my time is best suited and

2671

01:55:13,510 --> 01:55:10,610

it would be the best contribution to the

2672

01:55:15,190 --> 01:55:13,520

field of ufology if I really focus my

2673

01:55:18,280 --> 01:55:15,200

energies on trying to preserve and

2674

01:55:21,460 --> 01:55:18,290

access and gain access to these UFO case

2675

01:55:23,800 --> 01:55:21,470

files and rather than writing a book I

2676

01:55:25,500 --> 01:55:23,810

would like to be known for being able to

2677

01:55:27,880 --> 01:55:25,510

preserve all of these case files

2678

01:55:28,450 --> 01:55:27,890

digitize them so that they'll be around

2679

01:55:31,420 --> 01:55:28,460

forever

2680

01:55:33,250 --> 01:55:31,430

well that's a great a great project

2681

01:55:35,830 --> 01:55:33,260

you're into and we have to say good

2682

01:55:37,410 --> 01:55:35,840

night it's been a real pleasure enjoyed

2683

01:55:39,250 --> 01:55:37,420

it Martin had a great time thank you

2684

01:55:39,730 --> 01:55:39,260

absolutely would love to have you back

2685

01:55:42,010 --> 01:55:39,740

someday

2686

01:55:43,390 --> 01:55:42,020

yes we'll talk more about the project

2687

01:55:45,520 --> 01:55:43,400

once it gets underway oh that sounds

2688

01:55:47,320 --> 01:55:45,530

great so I want to thank everyone for

2689

01:55:49,120 --> 01:55:47,330

helping out with the show today

2690

01:55:52,180 --> 01:55:49,130

Ryan Sprague for filling in for

2691

01:55:54,790 --> 01:55:52,190

Alejandro Rojas Carrie Lloyd Whitehouse

2692

01:55:56,620 --> 01:55:54,800

for the music Peggy shining through

2693

01:55:59,380 --> 01:55:56,630

managing our Facebook page and remember

2694

01:56:02,200 --> 01:55:59,390

you can like us on Facebook for all the

2695

01:56:04,750 --> 01:56:02,210

latest UFO news of course I want to

2696

01:56:06,610 --> 01:56:04,760

thank our guest David Marlar and next

2697

01:56:08,320 --> 01:56:06,620

week you will be listening to ray

2698

01:56:08,920 --> 01:56:08,330

Stanford I'm going to go down there this

2699

01:56:13,360 --> 01:56:08,930

weekend

2700

01:56:15,190 --> 01:56:13,370

and you can listen to this show live at

2701

01:56:17,230 --> 01:56:15,200

the Dark Matter radio network

2702

01:56:18,880 --> 01:56:17,240

every Wednesday 8 p.m. to 10 p.m.

2703

01:56:21,070 --> 01:56:18,890

Eastern Standard Time
