

1
00:00:04,160 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:05,360 --> 00:00:04,170
triangle you know there's explanation

3
00:00:07,309 --> 00:00:05,370
for everything that occurred in the

4
00:00:09,410 --> 00:00:07,319
rendlesham forest incident that doesn't

5
00:00:12,440 --> 00:00:09,420
involve aliens at all it was completely

6
00:00:16,039 --> 00:00:12,450
silent it comes right over our heads

7
00:00:17,630 --> 00:00:16,049
it's so a classic flying-saucer really

8
00:00:19,400 --> 00:00:17,640
standing in the clearing he turned over

9
00:00:20,689 --> 00:00:19,410
to my father and held his hand and he

10
00:00:27,380 --> 00:00:20,699
looked in his eyes and said we're not

11
00:00:30,290 --> 00:00:27,390
alone welcome to Podcast UFO for our

12
00:00:32,510 --> 00:00:30,300
live show we're live every wednesday at

13
00:00:34,760 --> 00:00:32,520

eight pm eastern standard time on the

14

00:00:36,760 --> 00:00:34,770

Dark Matter radio network please

15

00:00:40,760 --> 00:00:36,770

remember to visit the website podcast

16

00:00:43,250 --> 00:00:40,770

UFO calm for past episodes blogs and

17

00:00:45,290 --> 00:00:43,260

forums during the show feel free to

18

00:00:47,720 --> 00:00:45,300

participate live in our chat room and

19

00:00:50,959 --> 00:00:47,730

don't forget to Like us on our very

20

00:00:53,420 --> 00:00:50,969

active Facebook page hi everyone this is

21

00:00:55,729 --> 00:00:53,430

Martin Willis and the first part of the

22

00:00:59,750 --> 00:00:55,739

show today is going to be pre-recorded

23

00:01:02,420 --> 00:00:59,760

and I had to pre-record on Sunday May

24

00:01:05,240 --> 00:01:02,430

tenth just because I'm recording with

25

00:01:07,700 --> 00:01:05,250

Philip mantel he's in England and he's

26

00:01:09,230 --> 00:01:07,710

not able to actually be on the show live

27

00:01:13,340 --> 00:01:09,240

which is the middle of the night and I'm

28

00:01:15,200 --> 00:01:13,350

going to be away at a show work for work

29

00:01:17,390 --> 00:01:15,210

actually so I'm not going to be able to

30

00:01:19,580 --> 00:01:17,400

cut out any time during the day is just

31

00:01:22,219 --> 00:01:19,590

the way I had to work out the whole show

32

00:01:26,899 --> 00:01:22,229

today is going to be dedicated to the

33

00:01:28,520 --> 00:01:26,909

Roswell alien slides quote unquote first

34

00:01:31,630 --> 00:01:28,530

part of the show will be Phillip mantle

35

00:01:34,249 --> 00:01:31,640

and the second part of the show will be

36

00:01:37,280 --> 00:01:34,259

Kurt Collins he is going to be speaking

37

00:01:39,710 --> 00:01:37,290

on behalf of the Roswell slides research

38

00:01:41,950 --> 00:01:39,720

group now of course between Monday and

39

00:01:43,969 --> 00:01:41,960

Wednesday there is going to be a lot of

40

00:01:46,190 --> 00:01:43,979

changes the way this thing has been

41

00:01:48,889 --> 00:01:46,200

escalating so Kurt will update us on the

42

00:01:50,210 --> 00:01:48,899

live and right now in just a second

43

00:01:53,510 --> 00:01:50,220

we're going to be bringing on Phillip

44

00:01:58,520 --> 00:01:53,520

mantle and he is the editor of UFO today

45

00:02:01,039 --> 00:01:58,530

and a couple of things first I just want

46

00:02:03,410 --> 00:02:01,049

to say that thank you for all the people

47

00:02:04,999 --> 00:02:03,420

that support the show and if you'd like

48

00:02:06,770 --> 00:02:05,009

to find out information on how to do

49

00:02:09,559 --> 00:02:06,780

that for a dollar a month or more that's

50

00:02:12,559 --> 00:02:09,569

just 23 cents a week you can sign up on

51
00:02:13,670 --> 00:02:12,569
our side bar at podcast UFO calm just

52
00:02:16,610 --> 00:02:13,680
follow the instructions

53
00:02:19,130 --> 00:02:16,620
and Alejandro Rojas will not be on the

54
00:02:22,309 --> 00:02:19,140
show this week he's on the high seas on

55
00:02:25,369 --> 00:02:22,319
a cruise and I'm somewhere in a hotel

56
00:02:27,979 --> 00:02:25,379
and so we're going to get moving right

57
00:02:30,949 --> 00:02:27,989
now with Phillip mantle and one more

58
00:02:33,679 --> 00:02:30,959
thing I'm going to say this we're going

59
00:02:35,509 --> 00:02:33,689
to get over this the whole UFO field I

60
00:02:37,220 --> 00:02:35,519
think is going to get over this and we

61
00:02:39,110 --> 00:02:37,230
want to put this behind us I'm not going

62
00:02:41,209 --> 00:02:39,120
to talk about this every week this just

63
00:02:42,740 --> 00:02:41,219

show is dedicated to it and then we're

64

00:02:44,479 --> 00:02:42,750

just moving on from there because this

65

00:02:46,940 --> 00:02:44,489

is a black eye in the UFO community if

66

00:02:49,819 --> 00:02:46,950

you ask me and Phillip mantle across the

67

00:02:51,770 --> 00:02:49,829

seas how are you I'm fine mines not to

68

00:02:52,940 --> 00:02:51,780

speak to you again yes I think this is

69

00:02:55,879 --> 00:02:52,950

the third time you've been on the show

70

00:02:59,599 --> 00:02:55,889

if i remember right it probably yeah

71

00:03:02,300 --> 00:02:59,609

I'll take your word for that so I now

72

00:03:04,970 --> 00:03:02,310

fill the first time you were on the show

73

00:03:07,819 --> 00:03:04,980

we were talking about the alien autopsy

74

00:03:11,030 --> 00:03:07,829

film and your part in uncovering the

75

00:03:14,030 --> 00:03:11,040

hoax of that so you got to I'm sure when

76

00:03:16,849 --> 00:03:14,040

you open the file on like I'm I myself

77

00:03:18,920 --> 00:03:16,859

did and saw this image you know right

78

00:03:21,379 --> 00:03:18,930

away I went oh god you know I mean I

79

00:03:22,580 --> 00:03:21,389

just you know I address that in the last

80

00:03:24,319 --> 00:03:22,590

week's show i'm not going to get into it

81

00:03:26,599 --> 00:03:24,329

but you know the first thing i thought

82

00:03:29,839 --> 00:03:26,609

was is what it actually earned ended up

83

00:03:32,149 --> 00:03:29,849

being but tell me what your reaction was

84

00:03:35,300 --> 00:03:32,159

in the beginning and how you got to work

85

00:03:37,699 --> 00:03:35,310

on this thing well you might marching i

86

00:03:42,080 --> 00:03:37,709

mean i spent many years working on the

87

00:03:45,939 --> 00:03:42,090

evening autopsy film and you know the

88

00:03:51,229 --> 00:03:45,949

parallels between that and the so-called

89

00:03:53,300 --> 00:03:51,239

roswell slides to make it obvious and

90

00:03:57,259 --> 00:03:53,310

I'd like I hoped like everybody else

91

00:04:00,890 --> 00:03:57,269

Martin that I was wrong and that when

92

00:04:03,530 --> 00:04:00,900

the reveal came just a few days ago all

93

00:04:05,719 --> 00:04:03,540

made the fifth that you know something

94

00:04:09,979 --> 00:04:05,729

will be shown that you know would be

95

00:04:13,030 --> 00:04:09,989

worthy worthy of further study and I'm

96

00:04:16,360 --> 00:04:13,040

possibly rated to related to Roswell

97

00:04:18,789 --> 00:04:16,370

although we had our suspicions

98

00:04:21,969 --> 00:04:18,799

beforehand as you know Marty

99

00:04:26,379 --> 00:04:21,979

some time ago a blurry blurry right

100

00:04:29,110 --> 00:04:26,389

image was released and again it's it's

101
00:04:32,850 --> 00:04:29,120
the way information was released it's

102
00:04:37,480 --> 00:04:32,860
all been controlled by the people that

103
00:04:40,659 --> 00:04:37,490
on these sides their promoters is what I

104
00:04:42,430 --> 00:04:40,669
would call them and again it I'm not

105
00:04:43,809 --> 00:04:42,440
saying it's exactly the same as the

106
00:04:46,149 --> 00:04:43,819
alien autopsy film but there many

107
00:04:48,969 --> 00:04:46,159
similar similarities for example you

108
00:04:51,279 --> 00:04:48,979
know Ray Santilli who owned the alien

109
00:04:54,550 --> 00:04:51,289
autopsy film let our little snippets

110
00:04:58,240 --> 00:04:54,560
beforehand he got a number of people

111
00:05:01,420 --> 00:04:58,250
closely involved me being one of them he

112
00:05:03,369 --> 00:05:01,430
got his own experts to comment on the

113
00:05:06,249 --> 00:05:03,379

film before anyone else had seen it and

114

00:05:08,830 --> 00:05:06,259

they were experts Martin and brick you

115

00:05:11,339 --> 00:05:08,840

know I'm one of which was a weather was

116

00:05:14,529 --> 00:05:11,349

a well-known pathologist here in the UK

117

00:05:17,080 --> 00:05:14,539

who said that the creature was flesh and

118

00:05:19,510 --> 00:05:17,090

blood so the parallels are similar

119

00:05:21,999 --> 00:05:19,520

similar there before anyone saw the film

120

00:05:24,070 --> 00:05:22,009

that was bitsy pieces released there was

121

00:05:26,230 --> 00:05:24,080

some stills released in a magazine in

122

00:05:28,570 --> 00:05:26,240

France first here we are with the

123

00:05:31,089 --> 00:05:28,580

Roswell slides we get a blurry image

124

00:05:33,700 --> 00:05:31,099

that's released so the parallels were

125

00:05:36,640 --> 00:05:33,710

already building up before it were

126
00:05:39,640 --> 00:05:36,650
before the reveal on on made a fifth and

127
00:05:42,760 --> 00:05:39,650
of course once we saw the the clear

128
00:05:46,360 --> 00:05:42,770
photographs of this thing well you know

129
00:05:50,589 --> 00:05:46,370
again Martin with the greatest of

130
00:05:53,790 --> 00:05:50,599
respect to the individuals involved you

131
00:05:57,219 --> 00:05:53,800
didn't have to be an expert in anything

132
00:06:01,149 --> 00:05:57,229
to see that it was a desiccated human

133
00:06:03,459 --> 00:06:01,159
being or flying on us on display in what

134
00:06:06,149 --> 00:06:03,469
looked like him a museum display

135
00:06:09,279 --> 00:06:06,159
somewhere he's even got a little info

136
00:06:10,959 --> 00:06:09,289
placard right on the front and one

137
00:06:14,769 --> 00:06:10,969
around the other side and is even in a

138
00:06:18,959 --> 00:06:14,779

little item on display so he hit you

139

00:06:22,149 --> 00:06:18,969

right in the face the hold on a minute

140

00:06:26,230 --> 00:06:22,159

do you know this isn't all right this

141

00:06:29,339 --> 00:06:26,240

isn't not what we're expecting and of

142

00:06:30,760 --> 00:06:29,349

course I it in advance of this again

143

00:06:33,369 --> 00:06:30,770

using makes

144

00:06:35,309 --> 00:06:33,379

perience there any real research or

145

00:06:38,830 --> 00:06:35,319

whatever was going to be released

146

00:06:41,379 --> 00:06:38,840

wouldn't start until the photographs

147

00:06:43,330 --> 00:06:41,389

themselves were in the public domain and

148

00:06:45,939 --> 00:06:43,340

that's exactly what that's exactly

149

00:06:48,010 --> 00:06:45,949

what's happened Marty because again when

150

00:06:49,899 --> 00:06:48,020

I first saw the alien autopsy film it

151
00:06:53,290 --> 00:06:49,909
was in race antilles office in London

152
00:06:54,850 --> 00:06:53,300
and he going back to the old VHS video

153
00:06:57,670 --> 00:06:54,860
old days you put it in the video

154
00:06:59,680 --> 00:06:57,680
cassette player and show me and I was

155
00:07:02,170 --> 00:06:59,690
just thinking on my feet and I just

156
00:07:05,439 --> 00:07:02,180
thought what we need to do is to get

157
00:07:07,659 --> 00:07:05,449
this film into the public domain then we

158
00:07:10,749 --> 00:07:07,669
can really find out what's going on with

159
00:07:12,670 --> 00:07:10,759
it which is exactly what we did took a

160
00:07:15,219 --> 00:07:12,680
long time to finally get to the bottom

161
00:07:18,159 --> 00:07:15,229
of it good nevertheless that's what

162
00:07:21,040 --> 00:07:18,169
happened and it's the same with the

163
00:07:25,600 --> 00:07:21,050

so-called sides they've been released

164

00:07:28,360 --> 00:07:25,610

into the public some fairly high quality

165

00:07:32,020 --> 00:07:28,370

resolution images have been obtained I

166

00:07:35,770 --> 00:07:32,030

got a couple and of course people are

167

00:07:37,689 --> 00:07:35,780

better qualified than myself in in a

168

00:07:41,680 --> 00:07:37,699

variety of disciplines Martin you know

169

00:07:44,110 --> 00:07:41,690

that I assume that have used software on

170

00:07:47,050 --> 00:07:44,120

their computer to decipher the the

171

00:07:48,820 --> 00:07:47,060

information pluck out on the front for

172

00:07:52,990 --> 00:07:48,830

those don't know what it says it says

173

00:07:54,430 --> 00:07:53,000

it's a money of a two-year-old child and

174

00:08:00,820 --> 00:07:54,440

it's obviously it's on display somewhere

175

00:08:03,999 --> 00:08:00,830

and what I did to start off with is I

176

00:08:09,399 --> 00:08:04,009

sent a copy of the one of the pictures

177

00:08:11,559 --> 00:08:09,409

to a number of people in Egyptology and

178

00:08:14,499 --> 00:08:11,569

I just asked them to comment what do you

179

00:08:17,260 --> 00:08:14,509

think this picture is but number email

180

00:08:19,269 --> 00:08:17,270

me back saying sorry the pictures not

181

00:08:22,240 --> 00:08:19,279

good in a quality don't want to comment

182

00:08:24,010 --> 00:08:22,250

some did offer a comment and then when I

183

00:08:25,779 --> 00:08:24,020

asked him if I could quote them did

184

00:08:27,399 --> 00:08:25,789

obviously done their homework and then

185

00:08:30,189 --> 00:08:27,409

said no no way you're going to comment

186

00:08:31,959 --> 00:08:30,199

me on this or a couple there were a

187

00:08:33,579 --> 00:08:31,969

couple of Martin and well I've got more

188

00:08:36,969 --> 00:08:33,589

than a couple but I released a couple of

189

00:08:39,730 --> 00:08:36,979

names who said it's so mommy you know

190

00:08:42,219 --> 00:08:39,740

they couldn't you know just by a quick

191

00:08:42,879 --> 00:08:42,229

look at a photograph define what type of

192

00:08:44,530 --> 00:08:42,889

money where

193

00:08:47,049 --> 00:08:44,540

might have originated they just said

194

00:08:48,340 --> 00:08:47,059

each other you know this dial but

195

00:08:50,499 --> 00:08:48,350

nonetheless it's a mommy and when I

196

00:08:52,929 --> 00:08:50,509

asked if I could quote them disagree all

197

00:08:56,259 --> 00:08:52,939

means and these were you know I checked

198

00:08:59,289 --> 00:08:56,269

on online beforehand their credentials

199

00:09:01,629 --> 00:08:59,299

and they were certainly qualified more

200

00:09:04,629 --> 00:09:01,639

than qualified to make such comments so

201
00:09:06,939 --> 00:09:04,639
I'm at least that and then again you

202
00:09:09,280 --> 00:09:06,949
know with the beauty of the Internet

203
00:09:12,970 --> 00:09:09,290
today Martin you know information

204
00:09:16,119 --> 00:09:12,980
spreads like wildfire he mentioned Curt

205
00:09:18,699 --> 00:09:16,129
and his colleagues at the Roswell team I

206
00:09:20,799 --> 00:09:18,709
think they've done a fantastic job and

207
00:09:24,269 --> 00:09:20,809
others have followed suit of course you

208
00:09:26,859 --> 00:09:24,279
know they've taken taken their lead and

209
00:09:31,749 --> 00:09:26,869
and I've come up with all kinds of

210
00:09:34,629 --> 00:09:31,759
things I even hello gentlemen is well

211
00:09:36,669 --> 00:09:34,639
known i can quote him is it a model i

212
00:09:41,319 --> 00:09:36,679
would say a psychic so paranormal

213
00:09:42,909 --> 00:09:41,329

researcher dr. Barry Taff and he was

214

00:09:45,599 --> 00:09:42,919

fairly confident that he had actually

215

00:09:50,499 --> 00:09:45,609

seen this thing on display at one point

216

00:09:51,970 --> 00:09:50,509

there was a small museum as a small I

217

00:09:53,229 --> 00:09:51,980

don't know the actual side of it was

218

00:09:56,499 --> 00:09:53,239

certainly not the size of the British

219

00:09:58,539 --> 00:09:56,509

Museum all the Smithsonian her down in

220

00:10:00,159 --> 00:09:58,549

New Mexico near near the Carlsbad

221

00:10:02,109 --> 00:10:00,169

Caverns i think i pronounce that

222

00:10:04,389 --> 00:10:02,119

correctly mm-hmm it was called the

223

00:10:08,559 --> 00:10:04,399

million-dollar museum and it was full of

224

00:10:10,479 --> 00:10:08,569

all kinds of items martin you know the

225

00:10:14,259 --> 00:10:10,489

world and wonderful it may have ended up

226

00:10:18,039 --> 00:10:14,269

there at one point we also that they is

227

00:10:20,169 --> 00:10:18,049

it the messer per day right they are the

228

00:10:22,600 --> 00:10:20,179

museum and it looks like that the

229

00:10:26,289 --> 00:10:22,610

photograph may have been taken in that

230

00:10:29,499 --> 00:10:26,299

museum again I would believe thats in

231

00:10:31,779 --> 00:10:29,509

New Mexico again please excuse my

232

00:10:33,879 --> 00:10:31,789

pronunciations I come from Yorkshire

233

00:10:36,069 --> 00:10:33,889

Martina I'm not even English never mind

234

00:10:39,659 --> 00:10:36,079

anything else did the Pueblo Indians

235

00:10:44,109 --> 00:10:39,669

lived in that that that's a that place

236

00:10:47,739 --> 00:10:44,119

but nonetheless the messy bird a museum

237

00:10:50,169 --> 00:10:47,749

looks like the likely location of where

238

00:10:51,129 --> 00:10:50,179

these photographs were taken it cannot

239

00:10:53,829 --> 00:10:51,139

be a hundred percent

240

00:10:55,929 --> 00:10:53,839

positive Martin from a photograph the

241

00:10:59,710 --> 00:10:55,939

the fixtures and fittings that are on

242

00:11:01,840 --> 00:10:59,720

display match no yes furniture in the

243

00:11:04,329 --> 00:11:01,850

background match even even the tiles on

244

00:11:06,669 --> 00:11:04,339

the floor look that quite the same you

245

00:11:09,159 --> 00:11:06,679

can make comparisons between the two and

246

00:11:10,809 --> 00:11:09,169

like I say dr. Barry Taff he believes he

247

00:11:14,349 --> 00:11:10,819

may have even seen that the item on

248

00:11:16,869 --> 00:11:14,359

display at some point and you know

249

00:11:18,849 --> 00:11:16,879

information has been obtained that you

250

00:11:22,239 --> 00:11:18,859

know such mummies were on display there

251

00:11:24,189 --> 00:11:22,249

and of course on the black guard on the

252

00:11:26,259 --> 00:11:24,199

front is a gentleman's name or can't

253

00:11:29,710 --> 00:11:26,269

remember but he's associated both with

254

00:11:32,859 --> 00:11:29,720

the mr. Byrd a museum and he may have

255

00:11:35,319 --> 00:11:32,869

loaned the mummy together was a mr es el

256

00:11:38,289 --> 00:11:35,329

Palmer jr. that's the one I've San

257

00:11:40,840 --> 00:11:38,299

Francisco yeah because again and if we

258

00:11:44,199 --> 00:11:40,850

go back to that day and age the rules

259

00:11:46,419 --> 00:11:44,209

and regulations on archaeology and and

260

00:11:48,249 --> 00:11:46,429

an artifacts of that nature want as

261

00:11:49,629 --> 00:11:48,259

strict as they are today I mean II know

262

00:11:51,989 --> 00:11:49,639

you're going to dig anything up if you

263

00:11:55,539 --> 00:11:51,999

wanted you know with the regulations

264

00:11:57,579 --> 00:11:55,549

thankfully have changed since then so

265

00:12:00,639 --> 00:11:57,589

when it comes to the plaque out for

266

00:12:03,729 --> 00:12:00,649

example their curtains colleagues were

267

00:12:07,840 --> 00:12:03,739

accused by their promoters of committing

268

00:12:12,549 --> 00:12:07,850

hard great photo shots the the writing

269

00:12:15,579 --> 00:12:12,559

on it but they gave on lining a you know

270

00:12:17,859 --> 00:12:15,589

a PowerPoint presentation if you want to

271

00:12:20,889 --> 00:12:17,869

call it that but to show you how you can

272

00:12:22,359 --> 00:12:20,899

do it so others like I said downloaded

273

00:12:24,009 --> 00:12:22,369

the software and I've done exactly the

274

00:12:26,619 --> 00:12:24,019

same and got the same results pretty

275

00:12:29,619 --> 00:12:26,629

much it's a you know the moment mommy

276

00:12:30,909 --> 00:12:29,629

have a two-year-old child and I you know

277

00:12:33,100 --> 00:12:30,919

the several colleagues have done that

278

00:12:34,479 --> 00:12:33,110

totally independent of Curt and his

279

00:12:37,539 --> 00:12:34,489

colleagues well that's what you call

280

00:12:39,729 --> 00:12:37,549

science right nothing you know many

281

00:12:41,949 --> 00:12:39,739

scientists for example will do the same

282

00:12:45,129 --> 00:12:41,959

experiment at different locations and

283

00:12:47,799 --> 00:12:45,139

see what result they get if you go back

284

00:12:50,199 --> 00:12:47,809

to another famous scientific tests not

285

00:12:53,650 --> 00:12:50,209

wasn't placed on a photograph it was the

286

00:12:56,650 --> 00:12:53,660

Turin Shroud when they took some samples

287

00:12:58,150 --> 00:12:56,660

of it you know they give it to various

288

00:13:00,319 --> 00:12:58,160

locations and they all came back with a

289

00:13:02,299 --> 00:13:00,329

pretty much the same kind of thing

290

00:13:04,729 --> 00:13:02,309

so you know the plaque the plaque out

291

00:13:06,679 --> 00:13:04,739

and the writing on it has been verified

292

00:13:09,379 --> 00:13:06,689

it as far as I'm concerned I think this

293

00:13:11,479 --> 00:13:09,389

three or four different independent

294

00:13:14,960 --> 00:13:11,489

sources have come up with the same

295

00:13:16,699 --> 00:13:14,970

results what more can I say you know so

296

00:13:20,090 --> 00:13:16,709

we have you can read the blackout

297

00:13:22,489 --> 00:13:20,100

there's circumstantial evidence they may

298

00:13:24,889 --> 00:13:22,499

have been shot in the messy Verde museum

299

00:13:26,689 --> 00:13:24,899

because of the the backgrounds and the

300

00:13:32,979 --> 00:13:26,699

shelving and the display units and the

301
00:13:35,419 --> 00:13:32,989
flooring we have several archaeologists

302
00:13:37,639 --> 00:13:35,429
that I've released the names of two of

303
00:13:40,189 --> 00:13:37,649
them who just sent straight off the bat

304
00:13:42,229 --> 00:13:40,199
it's um for me you know didn't go into

305
00:13:45,009 --> 00:13:42,239
any great detail Justin ate some mummy

306
00:13:48,710 --> 00:13:45,019
and we even have a jet on them who may

307
00:13:52,519 --> 00:13:48,720
who may have seen the item on display I

308
00:13:56,150 --> 00:13:52,529
mean all that pretty much adds up Martin

309
00:13:59,749 --> 00:13:56,160
and in my mind it leaves the promoters

310
00:14:01,809 --> 00:13:59,759
with a little place to hide right they

311
00:14:06,169 --> 00:14:01,819
say the will try and hide but you know

312
00:14:09,470 --> 00:14:06,179
there you go yeah I I have a couple of

313
00:14:13,090 --> 00:14:09,480

questions for you and that is all right

314

00:14:18,139 --> 00:14:13,100

so I don't consider myself any more

315

00:14:19,850 --> 00:14:18,149

intelligent than Jaime mulvanne or Don

316

00:14:23,030 --> 00:14:19,860

Schmidt or Tom Carrey or any of those

317

00:14:25,100 --> 00:14:23,040

guys one thing for the record I'm going

318

00:14:26,900 --> 00:14:25,110

to say that I believe that most of the

319

00:14:29,479 --> 00:14:26,910

people involved in this we're not

320

00:14:32,419 --> 00:14:29,489

perpetuating a hoax I believe that they

321

00:14:35,809 --> 00:14:32,429

just this is my own opinion of course

322

00:14:38,689 --> 00:14:35,819

but I think that they they just had this

323

00:14:41,569 --> 00:14:38,699

wishful thinking cloud their judgment or

324

00:14:47,059 --> 00:14:41,579

something but I think there is possibly

325

00:14:48,650 --> 00:14:47,069

one party I almost hesitate to say

326

00:14:50,929 --> 00:14:48,660

the name but he was actually

327

00:14:54,590 --> 00:14:50,939

corresponding with a friend of the show

328

00:14:56,780 --> 00:14:54,600

here that helps out the show Adam do you

329

00:14:58,549 --> 00:14:56,790

know I mean he it seems like they mostly

330

00:15:01,359 --> 00:14:58,559

rests on his shoulders i don't really

331

00:15:03,859 --> 00:15:01,369

know for sure but here here's my

332

00:15:06,049 --> 00:15:03,869

judgment on this whole thing like I said

333

00:15:08,150 --> 00:15:06,059

I don't think I'm any smarter than any

334

00:15:12,590 --> 00:15:08,160

of these people that were involved at

335

00:15:14,150 --> 00:15:12,600

all and you know instantly everything

336

00:15:16,579 --> 00:15:14,160

about it screamed

337

00:15:20,629 --> 00:15:16,589

mummy in a museum first of all why would

338

00:15:22,519 --> 00:15:20,639

a body fresh body like that look like

339

00:15:24,530 --> 00:15:22,529

that even if it was burned or whatever

340

00:15:26,720 --> 00:15:24,540

secondly why would it not be

341

00:15:29,300 --> 00:15:26,730

refrigerated or preserved in some type

342

00:15:31,970 --> 00:15:29,310

of way and thirdly why would it be in an

343

00:15:34,759 --> 00:15:31,980

open glass display case with adjustable

344

00:15:36,730 --> 00:15:34,769

shelves all these questions came to mind

345

00:15:39,350 --> 00:15:36,740

instantly to me and like I said I'm not

346

00:15:42,860 --> 00:15:39,360

calling myself any brighter than anyone

347

00:15:45,530 --> 00:15:42,870

else I just as an observer how could

348

00:15:48,590 --> 00:15:45,540

these people like Jaime lasane Tom carry

349

00:15:52,040 --> 00:15:48,600

Don Schmidt but all these people except

350

00:15:54,980 --> 00:15:52,050

Jaime has been on my show nice people

351

00:15:56,929 --> 00:15:54,990

how could they how could this happen in

352

00:15:58,879 --> 00:15:56,939

your opinion there's a good question

353

00:16:01,249 --> 00:15:58,889

margin and again you know I'm not going

354

00:16:04,220 --> 00:16:01,259

to like yourself I'm not going to sit in

355

00:16:08,840 --> 00:16:04,230

judgment over anyone all of the dream

356

00:16:11,480 --> 00:16:08,850

team that Roswell dream team who were

357

00:16:14,509 --> 00:16:11,490

involved in this is course Anthony

358

00:16:19,220 --> 00:16:14,519

brad.leah and today Anthony's held his

359

00:16:22,249 --> 00:16:19,230

hand up he apologized and said you know

360

00:16:24,439 --> 00:16:22,259

it was a huge mistake he's blaming the

361

00:16:26,569 --> 00:16:24,449

gentleman you mentioned mr. do I've had

362

00:16:31,220 --> 00:16:26,579

no correspondence with him he's he Adam

363

00:16:32,749 --> 00:16:31,230

do you yes he's blaming him saying that

364

00:16:35,059 --> 00:16:32,759

you know they were only given bits of

365

00:16:38,210 --> 00:16:35,069

information and photographs weren't that

366

00:16:42,829 --> 00:16:38,220

great quality and so on but why you said

367

00:16:45,850 --> 00:16:42,839

Martin you don't have to be a professor

368

00:16:48,980 --> 00:16:45,860

Hawking's to look at the photograph and

369

00:16:50,990 --> 00:16:48,990

see what it is you know the old saying

370

00:16:53,350 --> 00:16:51,000

if it looks like a duck walks like it

371

00:16:57,249 --> 00:16:53,360

open quacks like a duck then he's a duck

372

00:17:00,920 --> 00:16:57,259

you know yeah it's as simple as that and

373

00:17:02,840 --> 00:17:00,930

you know I've got friends that are not

374

00:17:04,520 --> 00:17:02,850

involved in ufology and know nothing

375

00:17:07,750 --> 00:17:04,530

about it and I showed the picture to

376

00:17:10,789 --> 00:17:07,760

them and they said they were just amazed

377

00:17:13,579 --> 00:17:10,799

you know they could see that i express

378

00:17:16,399 --> 00:17:13,589

it all night said well it leaves it you

379

00:17:18,649 --> 00:17:16,409

know is it some kind of money you know i

380

00:17:21,110 --> 00:17:18,659

gotta tell you i l've showed the same

381

00:17:24,380 --> 00:17:21,120

thing I I work with a lot of young

382

00:17:26,389 --> 00:17:24,390

people in a startup company for my quote

383

00:17:27,500 --> 00:17:26,399

unquote you know real job right now I'm

384

00:17:30,260 --> 00:17:27,510

involved in a startup

385

00:17:31,550 --> 00:17:30,270

and you know I showed the image to all

386

00:17:33,350 --> 00:17:31,560

the guys there and they're laughing you

387

00:17:35,120 --> 00:17:33,360

know saying oh that looks like me after

388

00:17:38,030 --> 00:17:35,130

a night of tequila you know making fun

389

00:17:40,700 --> 00:17:38,040

of it and everything but I showed it to

390

00:17:42,680 --> 00:17:40,710

one person independently and she

391

00:17:44,360 --> 00:17:42,690

instantly looked at and these are this

392

00:17:46,070 --> 00:17:44,370

is just me myself showing the picture

393

00:17:48,200 --> 00:17:46,080

not saying a single word what do you

394

00:17:52,340 --> 00:17:48,210

think that is and she said it looks like

395

00:17:55,460 --> 00:17:52,350

an alien I was shocked so I mean so I

396

00:17:58,040 --> 00:17:55,470

can I can you know you can understand a

397

00:18:00,650 --> 00:17:58,050

little bit like someone might if they

398

00:18:03,110 --> 00:18:00,660

have a vivid imagination but to just to

399

00:18:06,080 --> 00:18:03,120

go all that way and let's talk about the

400

00:18:07,940 --> 00:18:06,090

five hour video you know that was a

401
00:18:09,950 --> 00:18:07,950
major undertaking for someone oh

402
00:18:13,340 --> 00:18:09,960
absolutely i mean that the you know the

403
00:18:15,830 --> 00:18:13,350
the presentation in mexico you know I'm

404
00:18:19,880 --> 00:18:15,840
led to believe was was you know was

405
00:18:22,160 --> 00:18:19,890
excellent I was going to view it later

406
00:18:25,400 --> 00:18:22,170
but I subsequently learned that way if

407
00:18:27,830 --> 00:18:25,410
you did access the online at a majority

408
00:18:32,750 --> 00:18:27,840
of it was in Spanish well I said no use

409
00:18:34,790 --> 00:18:32,760
to me but um again you know it doesn't

410
00:18:37,550 --> 00:18:34,800
matter again it has all of your

411
00:18:40,970 --> 00:18:37,560
hallmarks of the alien autopsy film

412
00:18:43,490 --> 00:18:40,980
Martin the release of information he's

413
00:18:45,920 --> 00:18:43,500

been controlled by its promoters whoever

414

00:18:49,340 --> 00:18:45,930

you want to label them as I'm mr. do I

415

00:18:52,400 --> 00:18:49,350

am assuming whoever you know the experts

416

00:18:54,890 --> 00:18:52,410

that they get up on screen now confirm x

417

00:18:57,530 --> 00:18:54,900

y&z are controlled by them and not

418

00:19:00,410 --> 00:18:57,540

independent we have no idea what they've

419

00:19:02,570 --> 00:19:00,420

been told or shown and race until he did

420

00:19:05,960 --> 00:19:02,580

exactly the same you know I think it was

421

00:19:08,930 --> 00:19:05,970

a professor Christopher Milroy who was a

422

00:19:12,020 --> 00:19:08,940

pathologist here in the UK put out a

423

00:19:13,910 --> 00:19:12,030

written statement that the alien autopsy

424

00:19:15,710 --> 00:19:13,920

film he'd been commissioned to look at

425

00:19:18,560 --> 00:19:15,720

it by Ray Santilli and he said it was

426

00:19:20,810 --> 00:19:18,570

flesh and blood and couldn't identify as

427

00:19:24,290 --> 00:19:20,820

a human and so on because it wasn't it

428

00:19:26,780 --> 00:19:24,300

was it dami you know so again why I

429

00:19:28,910 --> 00:19:26,790

suggested on I did a newspaper interview

430

00:19:31,490 --> 00:19:28,920

with somebody was that you must ignore

431

00:19:35,420 --> 00:19:31,500

any information that comes from the

432

00:19:36,920 --> 00:19:35,430

film's promoters just ignoring you

433

00:19:39,440 --> 00:19:36,930

cannot accept because it is being

434

00:19:40,820 --> 00:19:39,450

controlled you know they have a vested

435

00:19:43,669 --> 00:19:40,830

interest

436

00:19:46,130 --> 00:19:43,679

promoting these slides yep not you

437

00:19:47,720 --> 00:19:46,140

saying here we go there you go have a

438

00:19:49,789 --> 00:19:47,730

look at them you make over what you will

439

00:19:51,980 --> 00:19:49,799

know they have a vested interest there's

440

00:19:54,590 --> 00:19:51,990

a lot vested interest is there are some

441

00:19:57,769 --> 00:19:54,600

well as a money trail to begin with no

442

00:20:00,440 --> 00:19:57,779

people had to pay to go to this event in

443

00:20:02,750 --> 00:20:00,450

Mexico heads page of YouTube to to view

444

00:20:05,180 --> 00:20:02,760

it online and I believe there's a

445

00:20:08,149 --> 00:20:05,190

documentary called kodachrome other

446

00:20:09,200 --> 00:20:08,159

being made or in the making and i pray

447

00:20:11,899 --> 00:20:09,210

you know are there going to give that

448

00:20:14,889 --> 00:20:11,909

away from me I'm find it unlikely and

449

00:20:17,090 --> 00:20:14,899

you know so there is a money trail

450

00:20:19,430 --> 00:20:17,100

irrespective that it they have a vested

451
00:20:22,220 --> 00:20:19,440
interest in promoting this in a positive

452
00:20:25,159 --> 00:20:22,230
manner and the so-called experts they

453
00:20:28,700 --> 00:20:25,169
got up on the screen they are they're

454
00:20:32,000 --> 00:20:28,710
experts you know we have no idea what

455
00:20:35,120 --> 00:20:32,010
they've been told and of course when we

456
00:20:37,750 --> 00:20:35,130
go back to the pluck out all of them

457
00:20:40,730 --> 00:20:37,760
involved all of them and that includes

458
00:20:45,560 --> 00:20:40,740
carry and Schmidt said it was impossible

459
00:20:47,360 --> 00:20:45,570
for the writing on this placard to be

460
00:20:49,789 --> 00:20:47,370
deciphered it was too blurry and they'd

461
00:20:53,090 --> 00:20:49,799
use this expert this software and right

462
00:20:55,250 --> 00:20:53,100
and of course once high-res images of it

463
00:20:57,680 --> 00:20:55,260

were released that proved to be

464

00:20:59,810 --> 00:20:57,690

incorrect you know that you could

465

00:21:01,759 --> 00:20:59,820

decipher it so they shot themselves in

466

00:21:03,440 --> 00:21:01,769

the foot there big time but then then

467

00:21:06,500 --> 00:21:03,450

you know sometimes this happens when

468

00:21:09,080 --> 00:21:06,510

things out what they're supposed to be

469

00:21:12,399 --> 00:21:09,090

Martin and then the accusations came

470

00:21:15,169 --> 00:21:12,409

between oh that realized their mistake

471

00:21:17,149 --> 00:21:15,179

but again like I said this was all

472

00:21:19,419 --> 00:21:17,159

verified independently I guess three or

473

00:21:22,519 --> 00:21:19,429

four different source has done that so

474

00:21:25,090 --> 00:21:22,529

the shot the cells in the foot there and

475

00:21:29,570 --> 00:21:25,100

so you know my my predictions are you

476

00:21:32,750 --> 00:21:29,580

sadly so far you know approved it

477

00:21:34,220 --> 00:21:32,760

correct um you know I account see into

478

00:21:37,500 --> 00:21:34,230

the future i was just using my

479

00:21:41,340 --> 00:21:37,510

experience of being

480

00:21:43,500 --> 00:21:41,350

in this type of thing in the past and so

481

00:21:46,770 --> 00:21:43,510

far you know I think I think we're

482

00:21:49,170 --> 00:21:46,780

correct right now what do you think i'm

483

00:21:52,490 --> 00:21:49,180

going to ask this the same question to

484

00:21:55,320 --> 00:21:52,500

kurt in the second part of the show but

485

00:21:58,710 --> 00:21:55,330

first of all it's a two-part question

486

00:22:03,060 --> 00:21:58,720

someone like Richard Dolan you know he's

487

00:22:05,130 --> 00:22:03,070

he's been on this show and you you see

488

00:22:07,680 --> 00:22:05,140

him a lot and every almost every

489

00:22:11,580 --> 00:22:07,690

documentary about UFOs and things like

490

00:22:14,640 --> 00:22:11,590

that there's Richard Dolan and he he was

491

00:22:18,090 --> 00:22:14,650

in you know he went down there and said

492

00:22:20,850 --> 00:22:18,100

talked all about this slide and how he

493

00:22:23,490 --> 00:22:20,860

thought you know it was really something

494

00:22:26,040 --> 00:22:23,500

and all that and anyway anyway bottom

495

00:22:28,080 --> 00:22:26,050

line is he stood behind this slide is

496

00:22:30,870 --> 00:22:28,090

being real he's had some angry

497

00:22:34,020 --> 00:22:30,880

supporters of one in general in

498

00:22:36,270 --> 00:22:34,030

particular wrote on his facebook page

499

00:22:38,850 --> 00:22:36,280

look I went down I was supporting you i

500

00:22:41,790 --> 00:22:38,860

went down to mexico spent all this money

501
00:22:44,220 --> 00:22:41,800
you a public apology you know and all

502
00:22:47,010 --> 00:22:44,230
this stuff to me I think it really

503
00:22:48,840 --> 00:22:47,020
really hurts anyone's credibility

504
00:22:52,050 --> 00:22:48,850
involved in something like this how

505
00:22:55,440 --> 00:22:52,060
could they be so careless well anyway

506
00:22:57,690 --> 00:22:55,450
that was that was one question one part

507
00:22:59,520 --> 00:22:57,700
of the person yeah I mean I again I'm

508
00:23:02,610 --> 00:22:59,530
not going to defend mitch it's big

509
00:23:04,440 --> 00:23:02,620
enough to do that himself but in a

510
00:23:09,210 --> 00:23:04,450
roundabout way I can understand him

511
00:23:11,180 --> 00:23:09,220
going there barely mind the Ken that the

512
00:23:14,130 --> 00:23:11,190
you know the promoters of this events

513
00:23:19,260 --> 00:23:14,140

paid for Richards expenses to go down

514

00:23:21,210 --> 00:23:19,270

there wasn't paid a fee and so he was

515

00:23:23,460 --> 00:23:21,220

there they they believed by inviting

516

00:23:25,440 --> 00:23:23,470

Richard it would add credibility to the

517

00:23:30,240 --> 00:23:25,450

event Taylor that's right I'm done in my

518

00:23:32,250 --> 00:23:30,250

opinion I understand that Richard didn't

519

00:23:33,840 --> 00:23:32,260

make a presentation there he didn't say

520

00:23:36,480 --> 00:23:33,850

anything it was there purely as an

521

00:23:38,130 --> 00:23:36,490

observer initially before the light

522

00:23:40,080 --> 00:23:38,140

event he was shown the photographs to

523

00:23:43,650 --> 00:23:40,090

believe and he was very impressed and

524

00:23:47,700 --> 00:23:43,660

again in the auditorium I believe you

525

00:23:49,950 --> 00:23:47,710

could have the spanish-speaking experts

526
00:23:50,490 --> 00:23:49,960
translated into English our web I assume

527
00:23:52,770 --> 00:23:50,500
that x

528
00:23:58,380 --> 00:23:52,780
phones or whatever come he was impressed

529
00:24:00,330 --> 00:23:58,390
by their statements and I think it's

530
00:24:02,400 --> 00:24:00,340
only when he when he got back home and

531
00:24:06,420 --> 00:24:02,410
had time to reflect oh this is the way I

532
00:24:09,450 --> 00:24:06,430
interpret it and you know think about it

533
00:24:11,610 --> 00:24:09,460
he said well you know you must examine

534
00:24:16,140 --> 00:24:11,620
first what these experts have had to say

535
00:24:20,760 --> 00:24:16,150
and then of course it probably hit the

536
00:24:24,900 --> 00:24:20,770
fan and within no time at all serious

537
00:24:28,080 --> 00:24:24,910
discrepancies were being found in the

538
00:24:32,400 --> 00:24:28,090

slides richard has obviously looked at

539

00:24:33,810 --> 00:24:32,410

these wait up the information of the

540

00:24:36,560 --> 00:24:33,820

evidence whatever you want to call it

541

00:24:39,000 --> 00:24:36,570

and any released another statement

542

00:24:41,850 --> 00:24:39,010

saying that you know despite everything

543

00:24:44,790 --> 00:24:41,860

he did believe it was a museum x you

544

00:24:46,590 --> 00:24:44,800

know exhibit you know didn't stay yes

545

00:24:48,780 --> 00:24:46,600

he's definitely a mummy but in other

546

00:24:53,940 --> 00:24:48,790

words it's not what they propose it is

547

00:24:55,620 --> 00:24:53,950

it's something mundane and I 12 wedding

548

00:24:57,780 --> 00:24:55,630

is pretty much left here that now

549

00:25:00,000 --> 00:24:57,790

whether you can argue that it's damaged

550

00:25:02,760 --> 00:25:00,010

his credibility or not that that's a

551
00:25:06,570 --> 00:25:02,770
separate argument but I can kind of I

552
00:25:08,490 --> 00:25:06,580
can kind of understand Richard going

553
00:25:10,260 --> 00:25:08,500
down in the first place I mean it was

554
00:25:14,460 --> 00:25:10,270
going to be it was a big event let's not

555
00:25:17,370 --> 00:25:14,470
kid ourselves Martin and I thought to

556
00:25:19,890 --> 00:25:17,380
myself you know if I mean I I know Jaime

557
00:25:20,940 --> 00:25:19,900
of making several times if he'd phone me

558
00:25:22,530 --> 00:25:20,950
up and said they just want you to come

559
00:25:25,380 --> 00:25:22,540
along Phillip and we'll pay you you're

560
00:25:28,860 --> 00:25:25,390
flying your hotel and whatever they have

561
00:25:30,690 --> 00:25:28,870
turned him down maybe maybe the

562
00:25:33,330 --> 00:25:30,700
curiosity might just have got the better

563
00:25:35,850 --> 00:25:33,340

of me and said right I'm only way I

564

00:25:38,760 --> 00:25:35,860

don't know I can see both sides of the

565

00:25:42,330 --> 00:25:38,770

argument about about Richard be he will

566

00:25:44,970 --> 00:25:42,340

defend himself I think we should really

567

00:25:48,060 --> 00:25:44,980

take him out of the equation for now

568

00:25:52,290 --> 00:25:48,070

because he's had no real involvement

569

00:25:54,690 --> 00:25:52,300

behind the scenes with these slides the

570

00:25:56,970 --> 00:25:54,700

so-called some of some of the some of

571

00:25:59,340 --> 00:25:56,980

the members of the so-called Roswell

572

00:26:00,740 --> 00:25:59,350

dream team like Tom Carrie Donna Schmidt

573

00:26:03,410 --> 00:26:00,750

Anthony Bradley

574

00:26:06,170 --> 00:26:03,420

have been involved right and have been

575

00:26:08,330 --> 00:26:06,180

making positive statements you know

576
00:26:09,950 --> 00:26:08,340
Anthony's held his hand up and said we

577
00:26:14,180 --> 00:26:09,960
you know we got it wrong but it also

578
00:26:16,100 --> 00:26:14,190
claims that Adam do said them incorrect

579
00:26:19,520 --> 00:26:16,110
information or the photographs but I'm

580
00:26:22,370 --> 00:26:19,530
not great and so on you know but the

581
00:26:25,430 --> 00:26:22,380
others as possible where mr. Carey and

582
00:26:28,490 --> 00:26:25,440
Donna Schmidt haven't said anything as

583
00:26:33,440 --> 00:26:28,500
yet which I find curious are up there

584
00:26:35,270 --> 00:26:33,450
may be under a storm of protest Martin

585
00:26:37,070 --> 00:26:35,280
us I think you know they've been a

586
00:26:38,900 --> 00:26:37,080
bunker somewhere that's what I would I

587
00:26:42,530 --> 00:26:38,910
was in their position you know I love me

588
00:26:44,570 --> 00:26:42,540

we're celebrating the anniversary of

589

00:26:46,190 --> 00:26:44,580

what we call VE day to day I was

590

00:26:50,330 --> 00:26:46,200

picturing in Europe in the second world

591

00:26:52,640 --> 00:26:50,340

war followed not one of course my v-j

592

00:26:55,460 --> 00:26:52,650

day victory in Japan by the American

593

00:26:57,080 --> 00:26:55,470

forces but sound you know how it just

594

00:26:58,730 --> 00:26:57,090

reminded me watching the service is

595

00:27:01,490 --> 00:26:58,740

there was thinking about this i think i

596

00:27:06,290 --> 00:27:01,500

would surpass they should be in a bunker

597

00:27:07,640 --> 00:27:06,300

somewhere be well and so I can

598

00:27:10,220 --> 00:27:07,650

understand Richard I think maybe

599

00:27:12,590 --> 00:27:10,230

curiosity got the better of him you know

600

00:27:14,900 --> 00:27:12,600

I did make up he did make up there was a

601
00:27:17,170 --> 00:27:14,910
video of him you know basically saying

602
00:27:19,610 --> 00:27:17,180
all the points why you know he believed

603
00:27:22,040 --> 00:27:19,620
this was not a mummy and stuff like that

604
00:27:24,140 --> 00:27:22,050
you know so there is a video out there

605
00:27:25,130 --> 00:27:24,150
of him I've seen it I've seen it but

606
00:27:27,230 --> 00:27:25,140
i'll give you I'll give you another

607
00:27:32,920 --> 00:27:27,240
scenario just to give you an example

608
00:27:37,280 --> 00:27:32,930
Martin in 2006 back end of 2006 I

609
00:27:40,730 --> 00:27:37,290
finally finally cook pay to the alien

610
00:27:42,140 --> 00:27:40,740
autopsy film I met and found the man who

611
00:27:44,720 --> 00:27:42,150
led the team that hate it was called

612
00:27:46,340 --> 00:27:44,730
sparrows Morales I interviewed in a

613
00:27:50,000 --> 00:27:46,350

couple of times on the telephone first

614

00:27:52,550 --> 00:27:50,010

then I went to his house in the South of

615

00:27:55,400 --> 00:27:52,560

England view Woody's documentary

616

00:27:57,560 --> 00:27:55,410

evidence there was no question you know

617

00:27:59,330 --> 00:27:57,570

I finally finally proved it was a fake

618

00:28:00,980 --> 00:27:59,340

we knew it was a fake just couldn't

619

00:28:02,600 --> 00:28:00,990

prove it and we've been looking for this

620

00:28:05,930 --> 00:28:02,610

guy we knew his first name for years

621

00:28:09,980 --> 00:28:05,940

Spiros you put Spiro single bloods hear

622

00:28:13,030 --> 00:28:09,990

what you get you know but the following

623

00:28:16,120 --> 00:28:13,040

year and hadn't released anything

624

00:28:19,540 --> 00:28:16,130

spiros we were still working on it a

625

00:28:25,330 --> 00:28:19,550

colleague of mine invited me over to the

626

00:28:30,430 --> 00:28:25,340

states to Roswell to the the conference

627

00:28:32,800 --> 00:28:30,440

there and he paid for y'all Amy he is a

628

00:28:35,350 --> 00:28:32,810

big supporter of the alien autopsy film

629

00:28:37,030 --> 00:28:35,360

even now he still believed it's real so

630

00:28:40,180 --> 00:28:37,040

I had this information that I wasn't

631

00:28:41,680 --> 00:28:40,190

like and if he flew me over there and

632

00:28:45,340 --> 00:28:41,690

then you really have the heart to tell

633

00:28:48,670 --> 00:28:45,350

him you know I really didn't matter

634

00:28:50,350 --> 00:28:48,680

whether you know Richard felt obliged to

635

00:28:52,780 --> 00:28:50,360

say something positive while he was

636

00:28:55,240 --> 00:28:52,790

there you know they'd paid for his

637

00:28:57,010 --> 00:28:55,250

flight and everything I again I don't

638

00:28:59,440 --> 00:28:57,020

know I'm only speculating I can

639

00:29:01,600 --> 00:28:59,450

understand that but again she'd take

640

00:29:03,760 --> 00:29:01,610

Richard out of the equation because he's

641

00:29:06,340 --> 00:29:03,770

had no real involvement he flew down

642

00:29:08,440 --> 00:29:06,350

there watched it made a statement it's

643

00:29:11,230 --> 00:29:08,450

realized his error and as we attracted

644

00:29:13,630 --> 00:29:11,240

it kind of when it's finally got a home

645

00:29:17,170 --> 00:29:13,640

and had time to think about it it's the

646

00:29:21,820 --> 00:29:17,180

others as I've said mr. Bragg Leah mr.

647

00:29:24,040 --> 00:29:21,830

Kerry mr. Smith they're the ones that we

648

00:29:25,990 --> 00:29:24,050

should be looking at in Jaime you know

649

00:29:28,000 --> 00:29:26,000

Anthony Bradley Ellis is held his hand

650

00:29:30,550 --> 00:29:28,010

up don't agree with everything was said

651

00:29:32,820 --> 00:29:30,560

but he's apologized whether that will

652

00:29:34,990 --> 00:29:32,830

damage his reputation or not I'll leave

653

00:29:38,500 --> 00:29:35,000

those them to come to their own

654

00:29:40,510 --> 00:29:38,510

conclusions Yahoo know what who knows

655

00:29:42,640 --> 00:29:40,520

what's going to happen between now and

656

00:29:47,170 --> 00:29:42,650

when the show airs on Wednesday either

657

00:29:49,690 --> 00:29:47,180

but I you know I give kudos to to Tony

658

00:29:52,780 --> 00:29:49,700

for actually being the first one to come

659

00:29:57,400 --> 00:29:52,790

forward and admit the mistake so the

660

00:29:59,880 --> 00:29:57,410

other part of this question is is how do

661

00:30:03,670 --> 00:29:59,890

you believe this will hurt the whole

662

00:30:06,520 --> 00:30:03,680

Roswell investigation in general well

663

00:30:08,890 --> 00:30:06,530

you know that's a good question because

664

00:30:11,650 --> 00:30:08,900

the same was said over the alien autopsy

665

00:30:14,500 --> 00:30:11,660

film Martinez it always will well damage

666

00:30:17,950 --> 00:30:14,510

Rose well it will damage you apology or

667

00:30:20,800 --> 00:30:17,960

damage UFO research but in reality quite

668

00:30:24,340 --> 00:30:20,810

the opposite happened what it did it

669

00:30:25,230 --> 00:30:24,350

raised the interest in the subject I'm

670

00:30:28,020 --> 00:30:25,240

in control

671

00:30:31,440 --> 00:30:28,030

sells Martin right yeah I know we don't

672

00:30:36,450 --> 00:30:31,450

like it but it does it's put Roswell

673

00:30:38,970 --> 00:30:36,460

UFOs backing the news that you know the

674

00:30:41,430 --> 00:30:38,980

the today's maybe not the main steam use

675

00:30:44,220 --> 00:30:41,440

not your local newspaper or or your

676

00:30:45,900 --> 00:30:44,230

dailies but today social media we didn't

677

00:30:48,120 --> 00:30:45,910

have that back in in when they alien

678

00:30:51,420 --> 00:30:48,130

autopsy film came out and it's gone

679

00:30:54,020 --> 00:30:51,430

absolutely ballistic yeah you just have

680

00:30:55,920 --> 00:30:54,030

to search hashtag Roswell slides

681

00:30:57,690 --> 00:30:55,930

absolutely so yes people are

682

00:31:00,020 --> 00:30:57,700

disappointed that they will make

683

00:31:02,490 --> 00:31:00,030

predictions that it will damage x y&z

684

00:31:05,280 --> 00:31:02,500

but I would predict it will have exactly

685

00:31:07,950 --> 00:31:05,290

the opposite effect I may be wrong but

686

00:31:09,330 --> 00:31:07,960

again i'm only using my experience from

687

00:31:11,880 --> 00:31:09,340

the alien autopsy will give me one

688

00:31:14,310 --> 00:31:11,890

example when the only autopsy films

689

00:31:17,790 --> 00:31:14,320

interesting it was at its height in the

690

00:31:19,500 --> 00:31:17,800

UK i won't mention any names but UFO

691

00:31:22,890 --> 00:31:19,510

researcher and author had a book out at

692

00:31:25,710 --> 00:31:22,900

the time and it wasn't me and although

693

00:31:27,750 --> 00:31:25,720

she was very critical of the film i'm

694

00:31:29,880 --> 00:31:27,760

going to be very critical her book sales

695

00:31:34,110 --> 00:31:29,890

went up they had to do a reprint you

696

00:31:36,150 --> 00:31:34,120

know so i said well you know we've all

697

00:31:37,710 --> 00:31:36,160

benefited from it not from the film

698

00:31:40,350 --> 00:31:37,720

itself but from the interest is

699

00:31:44,580 --> 00:31:40,360

generated and I think you'll be the same

700

00:31:46,920 --> 00:31:44,590

here that and again only time will tell

701
00:31:48,870 --> 00:31:46,930
but to me that's how it works when when

702
00:31:51,060 --> 00:31:48,880
there's ever a controversy and it hits

703
00:31:53,370 --> 00:31:51,070
the news people become interested they

704
00:31:55,710 --> 00:31:53,380
become engaged Martin that's the word I

705
00:31:57,720 --> 00:31:55,720
was looking for engaged you know where

706
00:31:59,430 --> 00:31:57,730
is that [h__h] about its arguing about

707
00:32:01,920 --> 00:31:59,440
it up falling out someone do their own

708
00:32:04,920 --> 00:32:01,930
research you'll see people online now

709
00:32:07,140 --> 00:32:04,930
Martin looking at this film themselves I

710
00:32:09,300 --> 00:32:07,150
solid these two slides themselves doing

711
00:32:11,010 --> 00:32:09,310
their own research you know well it's

712
00:32:12,960 --> 00:32:11,020
perhaps before they would just SAT idly

713
00:32:15,930 --> 00:32:12,970

by and read it and got lectures and the

714

00:32:18,330 --> 00:32:15,940

conferences and not do anything I once

715

00:32:20,520 --> 00:32:18,340

the matter eventually been disappointed

716

00:32:22,980 --> 00:32:20,530

with the the end result they'll be

717

00:32:24,540 --> 00:32:22,990

pleased of how they got there if you

718

00:32:28,200 --> 00:32:24,550

want me they've helped to their better

719

00:32:30,990 --> 00:32:28,210

contribution so I don't think it will

720

00:32:33,820 --> 00:32:31,000

damage anything as far as Roswell itself

721

00:32:36,159 --> 00:32:33,830

is concerned an old friend

722

00:32:38,320 --> 00:32:36,169

on a colleague who now lives in the

723

00:32:41,529 --> 00:32:38,330

United States I'm sure you know him Nick

724

00:32:45,360 --> 00:32:41,539

Pope yep probably the MLD he said last

725

00:32:48,159 --> 00:32:45,370

year the Roswell was dead anyway so

726
00:32:50,769 --> 00:32:48,169
whether whether this is the Grim Reaper

727
00:32:54,820 --> 00:32:50,779
hanging over it i seriously doubt i

728
00:32:58,019 --> 00:32:54,830
seriously doubt Roswell is the one case

729
00:33:00,460 --> 00:32:58,029
that refuses to lie down and die and

730
00:33:02,680 --> 00:33:00,470
exposes in the alien autopsy film as a

731
00:33:05,259 --> 00:33:02,690
fake as a hoax because I money-making

732
00:33:07,000 --> 00:33:05,269
scam didn't kill it off and I'm pretty

733
00:33:09,340 --> 00:33:07,010
sure these two slides won't kill it off

734
00:33:11,259 --> 00:33:09,350
either whether it damages the reputation

735
00:33:15,250 --> 00:33:11,269
of those involved or not remains to be

736
00:33:18,009 --> 00:33:15,260
seen but you have to remember that the

737
00:33:20,940 --> 00:33:18,019
champion of Roswell out of all of them

738
00:33:23,950 --> 00:33:20,950

is Stanton Friedman right and Stanton

739

00:33:26,289 --> 00:33:23,960

washed his hands of these slides right

740

00:33:29,259 --> 00:33:26,299

from the very beginning I think he he

741

00:33:31,539 --> 00:33:29,269

took sort of a neutral neutral but yes

742

00:33:36,159 --> 00:33:31,549

yeah he would have nothing to do with

743

00:33:39,730 --> 00:33:36,169

them right and so when it comes to

744

00:33:41,590 --> 00:33:39,740

Roswell you still have exchanged and of

745

00:33:44,139 --> 00:33:41,600

course Kevin Randall you know I know

746

00:33:48,039 --> 00:33:44,149

Kevin Wright washed his hands of demand

747

00:33:50,669 --> 00:33:48,049

and has written several items for it is

748

00:33:53,529 --> 00:33:50,679

written for our magazine at UFO today

749

00:33:56,200 --> 00:33:53,539

about how the slides came about the

750

00:33:59,409 --> 00:33:56,210

evolution you know open till them until

751
00:34:01,149 --> 00:33:59,419
they were released and yeah you know in

752
00:34:03,399 --> 00:34:01,159
that article he hasn't said that fake or

753
00:34:07,500 --> 00:34:03,409
real is just documented how it all came

754
00:34:09,639 --> 00:34:07,510
about for those that weren't aware so um

755
00:34:11,290 --> 00:34:09,649
you know I think that he's still it will

756
00:34:14,619 --> 00:34:11,300
still have exchanged and Roswell will

757
00:34:17,500 --> 00:34:14,629
still go on and I know you know there

758
00:34:19,000 --> 00:34:17,510
may be temporary damage Martin you know

759
00:34:21,520 --> 00:34:19,010
much bit like a puncture on your tire

760
00:34:23,139 --> 00:34:21,530
you know what stops you care for a while

761
00:34:25,419 --> 00:34:23,149
because consume get it you'll soon get

762
00:34:27,310 --> 00:34:25,429
it fixed and on you go again yeah and i

763
00:34:30,399 --> 00:34:27,320

think was will bandwagon with people i'm

764

00:34:34,149 --> 00:34:30,409

rolling right well i think it was a PT

765

00:34:35,829 --> 00:34:34,159

Barnum said something like pub there's

766

00:34:39,250 --> 00:34:35,839

no such thing as bad publicity or

767

00:34:41,919 --> 00:34:39,260

something so I I understand where that's

768

00:34:43,770 --> 00:34:41,929

going I might I might try to reach out

769

00:34:46,750 --> 00:34:43,780

to Kevin he's been on the show before

770

00:34:47,740 --> 00:34:46,760

see if he can chime in and in the second

771

00:34:49,419 --> 00:34:47,750

part of the show

772

00:34:51,909 --> 00:34:49,429

again this is just speculation because

773

00:34:55,240 --> 00:34:51,919

this is Sunday and the show goes live on

774

00:34:58,330 --> 00:34:55,250

Wednesday you know I mean I jokingly

775

00:35:00,340 --> 00:34:58,340

said on a Facebook page that everyone

776

00:35:02,980 --> 00:35:00,350

involved should either hide under a rock

777

00:35:06,670 --> 00:35:02,990

or go to Scotland and start looking for

778

00:35:08,770 --> 00:35:06,680

Nessie on a permanent basis but you know

779

00:35:12,100 --> 00:35:08,780

I think there's going to have to be a

780

00:35:16,120 --> 00:35:12,110

lot of damage control to you know try to

781

00:35:18,760 --> 00:35:16,130

salvage you know I might reach out to

782

00:35:20,290 --> 00:35:18,770

Don Smith Schmidt and just get his

783

00:35:23,560 --> 00:35:20,300

opinion I don't know if he would even

784

00:35:27,520 --> 00:35:23,570

want to be chiming in at all but i

785

00:35:29,890 --> 00:35:27,530

really think that dawn just in general

786

00:35:33,610 --> 00:35:29,900

after watching him he seemed really

787

00:35:36,370 --> 00:35:33,620

convinced i think that Don just really

788

00:35:38,620 --> 00:35:36,380

bought it you know I've done I mean

789

00:35:41,140 --> 00:35:38,630

again we don't we don't know we can only

790

00:35:43,960 --> 00:35:41,150

view the event you know and the the

791

00:35:47,560 --> 00:35:43,970

comments they've made button until the

792

00:35:50,020 --> 00:35:47,570

slides would release to get you know an

793

00:35:52,450 --> 00:35:50,030

overview now of how they feel I think

794

00:35:54,940 --> 00:35:52,460

he's important and what do they make of

795

00:35:57,250 --> 00:35:54,950

the various revelations that have that

796

00:35:59,620 --> 00:35:57,260

have happened black the pluck out being

797

00:36:02,520 --> 00:35:59,630

deciphered and Egyptology have seen it's

798

00:36:06,490 --> 00:36:02,530

it's a money and all the other things

799

00:36:08,980 --> 00:36:06,500

you know it would I think they'll have

800

00:36:10,630 --> 00:36:08,990

to Martin at some point they're going to

801
00:36:11,890 --> 00:36:10,640
have to come out of hiding you know

802
00:36:15,130 --> 00:36:11,900
you're going to have to make a statement

803
00:36:17,410 --> 00:36:15,140
so album is you know stand with what

804
00:36:19,120 --> 00:36:17,420
they've already said or like Anthony all

805
00:36:20,830 --> 00:36:19,130
the hand up and say sorry you know but

806
00:36:23,020 --> 00:36:20,840
we you know we've made a big mistake

807
00:36:25,300 --> 00:36:23,030
here and that may have happened while

808
00:36:28,030 --> 00:36:25,310
we've been talking for he know I think

809
00:36:30,790 --> 00:36:28,040
things with it slides are changing

810
00:36:32,770 --> 00:36:30,800
minute by minute not not they not be the

811
00:36:35,260 --> 00:36:32,780
end result but more is being added and

812
00:36:37,030 --> 00:36:35,270
someone said and I was reading it just

813
00:36:40,300 --> 00:36:37,040

before I started speaking to you what we

814

00:36:42,730 --> 00:36:40,310

need now Philippines is photograph seen

815

00:36:44,530 --> 00:36:42,740

seats you of the same money taken by

816

00:36:46,600 --> 00:36:44,540

someone else you know what I visited at

817

00:36:50,170 --> 00:36:46,610

the Museum and so on and I said well you

818

00:36:52,210 --> 00:36:50,180

know maybe it's out there I don't know

819

00:36:55,030 --> 00:36:52,220

but I said that I know for a fact that

820

00:36:57,340 --> 00:36:55,040

he's on to try and find it now I found a

821

00:36:58,680 --> 00:36:57,350

photograph that was very similar not

822

00:37:00,750 --> 00:36:58,690

exactly the same

823

00:37:05,700 --> 00:37:00,760

but certainly a similar type of thing

824

00:37:09,089 --> 00:37:05,710

from the same area so the hunt is on and

825

00:37:11,150 --> 00:37:09,099

if there are or the photograph by versus

826

00:37:14,069 --> 00:37:11,160

less a similar line marketing and this

827

00:37:16,530 --> 00:37:14,079

so-called Roswell slide as I firmly

828

00:37:19,290 --> 00:37:16,540

believe is is a mummification of a small

829

00:37:23,430 --> 00:37:19,300

child on display in a museum somewhere

830

00:37:25,589 --> 00:37:23,440

and it's not a very exciting thing it's

831

00:37:27,599 --> 00:37:25,599

not King George you know I've seen him

832

00:37:29,700 --> 00:37:27,609

I've been to Edom seen him and he's not

833

00:37:31,559 --> 00:37:29,710

exciting either gonna be honest mounting

834

00:37:34,170 --> 00:37:31,569

you know you wouldn't take him to a

835

00:37:37,349 --> 00:37:34,180

party again or you [h__h] Halloween party

836

00:37:39,240 --> 00:37:37,359

yeah yeah but it's just one of a number

837

00:37:41,250 --> 00:37:39,250

of cured bills it's not their main

838

00:37:44,309 --> 00:37:41,260

attraction by any stretch of the

839

00:37:46,200 --> 00:37:44,319

imagination but let's assume where I is

840

00:37:48,240 --> 00:37:46,210

a museum display so there is a

841

00:37:50,940 --> 00:37:48,250

possibility that ilysm you know walks

842

00:37:53,839 --> 00:37:50,950

around snapping pictures and taking

843

00:37:56,910 --> 00:37:53,849

photographs of me it may be now lying in

844

00:37:59,250 --> 00:37:56,920

a cellar somewhere if it finished it's

845

00:38:00,839 --> 00:37:59,260

time off at the million-dollar museum as

846

00:38:02,819 --> 00:38:00,849

some people speculated might have done

847

00:38:05,460 --> 00:38:02,829

that's closed and all the items were

848

00:38:07,770 --> 00:38:05,470

sold off but people are an electronic

849

00:38:10,770 --> 00:38:07,780

find where the items from there went who

850

00:38:13,200 --> 00:38:10,780

bought them that of course again with

851

00:38:16,140 --> 00:38:13,210

the magic of the internet that makes it

852

00:38:19,980 --> 00:38:16,150

a lot easier so you know things change

853

00:38:22,440 --> 00:38:19,990

rapidly and maybe they will find a you

854

00:38:24,540 --> 00:38:22,450

know a similar photograph taken in situ

855

00:38:27,990 --> 00:38:24,550

by you know mr. Smith for mr. Brown or

856

00:38:30,599 --> 00:38:28,000

whoever so the hunt is on so things will

857

00:38:33,240 --> 00:38:30,609

change rapidly but it's going to be

858

00:38:36,599 --> 00:38:33,250

interesting to see how the film's

859

00:38:38,670 --> 00:38:36,609

promoters react they've already said

860

00:38:42,120 --> 00:38:38,680

that the deciphering of the placard was

861

00:38:45,180 --> 00:38:42,130

a fake that it was top dog shot right

862

00:38:48,300 --> 00:38:45,190

you know several independent sources

863

00:38:50,280 --> 00:38:48,310

have done the exact same thing one of

864

00:38:52,260 --> 00:38:50,290

those independent sources is a is a

865

00:38:54,210 --> 00:38:52,270

colleague that I've been liaising with

866

00:38:57,599 --> 00:38:54,220

and I supplied him with the high

867

00:39:00,030 --> 00:38:57,609

resolution images and hanging was some

868

00:39:02,940 --> 00:39:00,040

supplied me with the high-resolution

869

00:39:06,450 --> 00:39:02,950

images so they've come from the direct

870

00:39:09,690 --> 00:39:06,460

source and he's come up with exactly the

871

00:39:11,359 --> 00:39:09,700

same conclusion you know that it says on

872

00:39:14,809 --> 00:39:11,369

the black alley somewhere over to you

873

00:39:19,700 --> 00:39:14,819

you know to you know child well so was i

874

00:39:23,120 --> 00:39:19,710

shared a i was shared a email chain that

875

00:39:26,960 --> 00:39:23,130

i believe i saw your name on as well and

876

00:39:29,720 --> 00:39:26,970

that was from jaime supposedly i can't

877

00:39:32,720 --> 00:39:29,730

say for sure it was but what is the size

878

00:39:35,870 --> 00:39:32,730

of a two-year-old ? answer 23 inches or

879

00:39:37,640 --> 00:39:35,880

58 centimeters less than two feet what's

880

00:39:39,349 --> 00:39:37,650

the size of this body answer no less

881

00:39:42,259 --> 00:39:39,359

than four feet they are faking this

882

00:39:44,779 --> 00:39:42,269

Jaime yeah absolutely absolutely did say

883

00:39:47,450 --> 00:39:44,789

that so I challenged him a lot and I

884

00:39:50,210 --> 00:39:47,460

said how have you come to that

885

00:39:53,650 --> 00:39:50,220

conclusion how can you back up that

886

00:39:56,450 --> 00:39:53,660

statement right show me the mathematical

887

00:39:59,029 --> 00:39:56,460

formula that will allow you to do that

888

00:40:01,940 --> 00:39:59,039

it's a simple forgive you if you speak

889

00:40:03,799 --> 00:40:01,950

so again using experience that I've

890

00:40:05,299 --> 00:40:03,809

gained down the years in you in UFO

891

00:40:08,329 --> 00:40:05,309

research you have to be a jack of all

892

00:40:11,120 --> 00:40:08,339

trades at times Martin and I remember

893

00:40:14,779 --> 00:40:11,130

sending some photographs alleged UFO

894

00:40:17,450 --> 00:40:14,789

photographs to dr. Bruce Maccabee and he

895

00:40:20,329 --> 00:40:17,460

asked me to take some measurements basic

896

00:40:22,069 --> 00:40:20,339

photo basically a guy looking out with

897

00:40:24,710 --> 00:40:22,079

bedroom window took fast naps of an

898

00:40:27,529 --> 00:40:24,720

alleged flying saucer so dr. Maccabee

899

00:40:30,650 --> 00:40:27,539

asked me to could I get access to the

900

00:40:32,839 --> 00:40:30,660

location yeah measure from where the guy

901
00:40:34,309 --> 00:40:32,849
was stood to the window there's some

902
00:40:36,410 --> 00:40:34,319
buildings outside you know in the

903
00:40:38,269 --> 00:40:36,420
background could I get the distance of

904
00:40:40,880 --> 00:40:38,279
them which I did these are basic

905
00:40:43,640 --> 00:40:40,890
photometric tests which would then allow

906
00:40:45,440 --> 00:40:43,650
him to estimate the size of a bear these

907
00:40:48,079 --> 00:40:45,450
things anyway it turned out to be a fake

908
00:40:51,229 --> 00:40:48,089
you can actually stuck on the window so

909
00:40:53,150 --> 00:40:51,239
I said the same to homie okay there's a

910
00:40:57,109 --> 00:40:53,160
woman in the background how far away

911
00:40:59,690 --> 00:40:57,119
from the display is she stood how far

912
00:41:01,609 --> 00:40:59,700
was the photographer still away

913
00:41:04,009 --> 00:41:01,619

prominent display all these things you

914

00:41:05,960 --> 00:41:04,019

would need to know to determine an exact

915

00:41:08,150 --> 00:41:05,970

size unless you have something in the

916

00:41:10,940 --> 00:41:08,160

frame next to this thing that you know

917

00:41:13,549 --> 00:41:10,950

is a common object so you can measure

918

00:41:15,769 --> 00:41:13,559

its size make them comparisons I said

919

00:41:19,549 --> 00:41:15,779

you know what cameras use you need to

920

00:41:23,059 --> 00:41:19,559

know you know the lens is as always for

921

00:41:24,190 --> 00:41:23,069

example well of course it easy phelipe

922

00:41:25,839 --> 00:41:24,200

it's only guessing

923

00:41:29,800 --> 00:41:25,849

well exactly is only guessing in other

924

00:41:33,130 --> 00:41:29,810

words they didn't know so you know any

925

00:41:36,670 --> 00:41:33,140

information like that is worthless well

926

00:41:39,700 --> 00:41:36,680

also for instance the placard when the

927

00:41:42,280 --> 00:41:39,710

placard was written you know the age was

928

00:41:44,220 --> 00:41:42,290

probably an estimation as well I mean or

929

00:41:47,740 --> 00:41:44,230

that could have been off but that's

930

00:41:49,780 --> 00:41:47,750

besides the fact absolutely you know

931

00:41:51,910 --> 00:41:49,790

again yeah absolutely a two-year-old

932

00:41:54,609 --> 00:41:51,920

child I mean I've been to the Cairo

933

00:41:56,440 --> 00:41:54,619

Museum and look at some of those

934

00:41:57,849 --> 00:41:56,450

fabulous artifacts they have there and

935

00:41:59,530 --> 00:41:57,859

so are those believe it or not marching

936

00:42:01,210 --> 00:41:59,540

just have a bit of paper stuck on the

937

00:42:04,420 --> 00:42:01,220

wall next to them to tell you what it is

938

00:42:06,670 --> 00:42:04,430

you know and there are other things in

939

00:42:08,079 --> 00:42:06,680

there that they've had for a while on

940

00:42:11,050 --> 00:42:08,089

the still not quite sure what they are

941

00:42:13,720 --> 00:42:11,060

you know but yeah it could be an

942

00:42:15,130 --> 00:42:13,730

estimated age we're not saying it's the

943

00:42:16,990 --> 00:42:15,140

body of a two-year-old child what

944

00:42:20,710 --> 00:42:17,000

they're saying is that's what the pluck

945

00:42:23,500 --> 00:42:20,720

ad says break if it does not say this is

946

00:42:25,180 --> 00:42:23,510

a looming of a deadly alien you know

947

00:42:28,300 --> 00:42:25,190

this is it's a memory of a two-year-old

948

00:42:31,660 --> 00:42:28,310

child it may be an estimated age it may

949

00:42:34,329 --> 00:42:31,670

have been tested for all we know and

950

00:42:36,190 --> 00:42:34,339

we've come up with the the information

951
00:42:37,829 --> 00:42:36,200
that it's approximately two years it was

952
00:42:42,190 --> 00:42:37,839
to proximate to you knows when he died

953
00:42:43,870 --> 00:42:42,200
who knows but the point is let's go down

954
00:42:46,150 --> 00:42:43,880
the other room art and let's say we

955
00:42:50,470 --> 00:42:46,160
believe firmly that aliens crashed at

956
00:42:53,800 --> 00:42:50,480
roswell in 1947 and the the dead bodies

957
00:42:55,569 --> 00:42:53,810
were recovered by the pod prodigies

958
00:42:58,109 --> 00:42:55,579
wherever you want to say they are and

959
00:43:00,160 --> 00:42:58,119
they were whipped away somewhere

960
00:43:03,220 --> 00:43:00,170
anything going to stick it on a glass

961
00:43:05,589 --> 00:43:03,230
shelf out in the open it would saw light

962
00:43:07,630 --> 00:43:05,599
coming through the window behind hmm you

963
00:43:11,290 --> 00:43:07,640

know with something else on display next

964

00:43:12,490 --> 00:43:11,300

to it behind it for all to see yeah

965

00:43:14,829 --> 00:43:12,500

there wasn't no it's a part of the

966

00:43:17,559 --> 00:43:14,839

spacecraft behind it there's a

967

00:43:19,660 --> 00:43:17,569

desiccated body so yeah you know how'd

968

00:43:22,839 --> 00:43:19,670

the the Roswell aliens the reason why

969

00:43:25,349 --> 00:43:22,849

it's crushed that they dried out on

970

00:43:29,349 --> 00:43:25,359

routes and of course it's not damaged

971

00:43:32,829 --> 00:43:29,359

it's not all broke them a mangled up it

972

00:43:35,770 --> 00:43:32,839

doesn't make any sense you know I've had

973

00:43:37,630 --> 00:43:35,780

uh you know I want to say friendly

974

00:43:41,170 --> 00:43:37,640

arguments with a

975

00:43:45,880 --> 00:43:41,180

someone on this that was on the other

976
00:43:47,230 --> 00:43:45,890
side you know well you know and I know

977
00:43:50,769 --> 00:43:47,240
she's going to get mad at me for talking

978
00:43:53,259 --> 00:43:50,779
about it but like she said well maybe

979
00:43:56,319 --> 00:43:53,269
alien bodies don't you know decompose

980
00:43:58,329 --> 00:43:56,329
like so they didn't have to you know

981
00:44:01,839 --> 00:43:58,339
preserve it in any type of way and we

982
00:44:04,120 --> 00:44:01,849
went back back and forth for 42 days and

983
00:44:06,039 --> 00:44:04,130
I said you know it's a museum but it's

984
00:44:08,079 --> 00:44:06,049
not to say that you know I'm right

985
00:44:10,839 --> 00:44:08,089
you're wrong type of thing I think this

986
00:44:13,299 --> 00:44:10,849
is stirred up a major debate and I

987
00:44:14,620 --> 00:44:13,309
wanted to ask you another two part

988
00:44:17,200 --> 00:44:14,630

question one do you think there'll be

989

00:44:19,019 --> 00:44:17,210

any lawsuits and number two do you think

990

00:44:22,990 --> 00:44:19,029

they'll any diehards that'll just keep

991

00:44:25,210 --> 00:44:23,000

hanging on to the idea well part 10

992

00:44:28,329 --> 00:44:25,220

rounds I think he's highly unlikely to

993

00:44:30,609 --> 00:44:28,339

be any lawsuits again you know people

994

00:44:33,910 --> 00:44:30,619

ask me that same question about Ray

995

00:44:36,609 --> 00:44:33,920

Santilli an azalea not autopsy film but

996

00:44:38,319 --> 00:44:36,619

you know TV companies paid lots of money

997

00:44:40,210 --> 00:44:38,329

for it they said to me it's not what he

998

00:44:42,009 --> 00:44:40,220

claimed it was a stripper the cheek TV

999

00:44:44,650 --> 00:44:42,019

companies also made money out of it so

1000

00:44:47,559 --> 00:44:44,660

how we gonna sue him did have you know

1001

00:44:50,349 --> 00:44:47,569

did by showing the film on TV did did

1002

00:44:52,450 --> 00:44:50,359

you know did their company collapse so

1003

00:44:55,240 --> 00:44:52,460

or whatever and no they made money out

1004

00:44:57,640 --> 00:44:55,250

of it you know it it's just so I think

1005

00:44:58,870 --> 00:44:57,650

that's highly like you one or two people

1006

00:45:02,730 --> 00:44:58,880

might scream when that's for the money

1007

00:45:05,289 --> 00:45:02,740

back oh it's alex fair enough you know

1008

00:45:07,120 --> 00:45:05,299

which is exactly what happened with Sam

1009

00:45:09,130 --> 00:45:07,130

chillingly an autopsy film when he sold

1010

00:45:11,019 --> 00:45:09,140

copies of the film he put a little rider

1011

00:45:13,930 --> 00:45:11,029

on it somewhere so if you want happy

1012

00:45:15,460 --> 00:45:13,940

giving you money back you know so people

1013

00:45:17,769 --> 00:45:15,470

might claim their money back for going

1014

00:45:19,299 --> 00:45:17,779

there I don't know who'll be bothered I

1015

00:45:23,289 --> 00:45:19,309

mean I don't think it was a huge fee to

1016

00:45:27,099 --> 00:45:23,299

get in tell you that's unlikely and as

1017

00:45:29,259 --> 00:45:27,109

for the diehards then ones already held

1018

00:45:31,630 --> 00:45:29,269

his hand up and said I'm sorry she's

1019

00:45:34,690 --> 00:45:31,640

Anthony Bradley of course there will

1020

00:45:36,970 --> 00:45:34,700

always be the diehards that have dug

1021

00:45:39,940 --> 00:45:36,980

their heels in right away and I'm I'm

1022

00:45:42,819 --> 00:45:39,950

not going to mention any names and and

1023

00:45:46,720 --> 00:45:42,829

who will not give in and they will make

1024

00:45:47,630 --> 00:45:46,730

all kinds of lame excuses for it Martin

1025

00:45:50,720 --> 00:45:47,640

ill and it

1026

00:45:53,150 --> 00:45:50,730

infinitum like I said colleague and

1027

00:45:57,500 --> 00:45:53,160

friend of mine who flew me out to to

1028

00:45:58,880 --> 00:45:57,510

Ozma in 2007 despite me telling him and

1029

00:46:01,210 --> 00:45:58,890

showing him everything I've got on the

1030

00:46:03,740 --> 00:46:01,220

alien autopsy film think some wrong

1031

00:46:06,680 --> 00:46:03,750

looks he's all [h__\h] lies not online

1032

00:46:11,420 --> 00:46:06,690

and he believes that he oh it's

1033

00:46:13,880 --> 00:46:11,430

offensive anticipate this very day you

1034

00:46:16,820 --> 00:46:13,890

know so you will get them who it will be

1035

00:46:21,350 --> 00:46:16,830

remains to be seen and that's going to

1036

00:46:23,750 --> 00:46:21,360

be the fun part Martin is to see how the

1037

00:46:25,520 --> 00:46:23,760

promoter is regal and they will regal

1038

00:46:29,090 --> 00:46:25,530

make no mistake of it they will blame

1039

00:46:31,310 --> 00:46:29,100

somebody else it wasn't me you know they

1040

00:46:34,030 --> 00:46:31,320

will blame somebody else they will crop

1041

00:46:38,330 --> 00:46:34,040

their experts until the mall in the face

1042

00:46:42,170 --> 00:46:38,340

all it was simply ignore any evidence

1043

00:46:45,140 --> 00:46:42,180

that others come forward with and they

1044

00:46:47,810 --> 00:46:45,150

will restrict if not you know not allow

1045

00:46:51,170 --> 00:46:47,820

any further access to any information

1046

00:46:53,180 --> 00:46:51,180

you know I think that realizes a big

1047

00:46:54,620 --> 00:46:53,190

mistake by you know in all of a

1048

00:46:56,000 --> 00:46:54,630

confident really by Allah in these

1049

00:46:57,410 --> 00:46:56,010

pictures out because I think when they

1050

00:47:01,910 --> 00:46:57,420

showed it on the screen you couldn't

1051
00:47:03,800 --> 00:47:01,920
read the plaque out you know so they

1052
00:47:06,290 --> 00:47:03,810
will regal there will be the diehards

1053
00:47:07,850 --> 00:47:06,300
who they'll be remains to be seen I've

1054
00:47:11,210 --> 00:47:07,860
got a couple of ideas but I won't say

1055
00:47:12,860 --> 00:47:11,220
anything and you know they'll argue till

1056
00:47:14,870 --> 00:47:12,870
they're blue in the face but eventually

1057
00:47:17,510 --> 00:47:14,880
people will stop taking any notice of

1058
00:47:18,800 --> 00:47:17,520
them and I've already got irritated with

1059
00:47:21,470 --> 00:47:18,810
a couple and I'm say well that's a bit

1060
00:47:24,140 --> 00:47:21,480
disrespectful teasing to hear you say

1061
00:47:26,270 --> 00:47:24,150
that Phillip so I apologize for that I

1062
00:47:28,010 --> 00:47:26,280
wasn't very polite but I'm you know I'm

1063
00:47:32,570 --> 00:47:28,020

a grumpy old man at times Martin I'm

1064

00:47:34,250 --> 00:47:32,580

sorry you know so that yes you know so

1065

00:47:36,740 --> 00:47:34,260

analysis to your question part 1 and

1066

00:47:39,200 --> 00:47:36,750

doubt will be any lawsuits part 2

1067

00:47:41,270 --> 00:47:39,210

they'll certainly be some diehards will

1068

00:47:43,940 --> 00:47:41,280

hang on in there all those will fall by

1069

00:47:47,870 --> 00:47:43,950

the wayside all right now this is uh

1070

00:47:50,600 --> 00:47:47,880

this is the last question for you and

1071

00:47:52,970 --> 00:47:50,610

that is all right someone comes to you

1072

00:47:54,920 --> 00:47:52,980

and they say all right I have Roswell I

1073

00:47:56,900 --> 00:47:54,930

the slides that I think are in Roswell

1074

00:48:01,490 --> 00:47:56,910

and I want you to handle this situation

1075

00:48:04,490 --> 00:48:01,500

and you it's all up to you

1076

00:48:06,830 --> 00:48:04,500

you you handle it I want a big to-do

1077

00:48:10,280 --> 00:48:06,840

about this a big release here's the

1078

00:48:11,720 --> 00:48:10,290

slides what are you gonna do well that's

1079

00:48:13,670 --> 00:48:11,730

a good question because believe me I

1080

00:48:16,460 --> 00:48:13,680

know friend I had lunch with yesterday

1081

00:48:18,890 --> 00:48:16,470

asked me the exact same question he said

1082

00:48:20,630 --> 00:48:18,900

if somebody had evidence of this kind

1083

00:48:23,300 --> 00:48:20,640

against a slide did you said evidence

1084

00:48:24,890 --> 00:48:23,310

what would you do Phillip but it's a

1085

00:48:27,440 --> 00:48:24,900

good question much and it's not a

1086

00:48:30,260 --> 00:48:27,450

straightforward as you would imagine

1087

00:48:32,750 --> 00:48:30,270

however i did say why would first do i

1088

00:48:36,140 --> 00:48:32,760

would notify a number of colleagues i

1089

00:48:38,240 --> 00:48:36,150

know in respect which is what i did with

1090

00:48:40,280 --> 00:48:38,250

the alien autopsy film in those days

1091

00:48:42,170 --> 00:48:40,290

there was no email so I literally wrote

1092

00:48:46,160 --> 00:48:42,180

to a number of individuals in different

1093

00:48:48,470 --> 00:48:46,170

parts of the world that I knew I could

1094

00:48:51,380 --> 00:48:48,480

trust I knew I could respect and they

1095

00:48:53,090 --> 00:48:51,390

wouldn't let leaked anything to begin

1096

00:48:55,340 --> 00:48:53,100

with and I wrote them and told them what

1097

00:48:58,010 --> 00:48:55,350

Sam said he was claiming and I kept them

1098

00:49:01,220 --> 00:48:58,020

updated you know I another one breathed

1099

00:49:03,890 --> 00:49:01,230

the word of it so we kept in confidence

1100

00:49:05,630 --> 00:49:03,900

because again Santilli was promising me

1101
00:49:07,700 --> 00:49:05,640
all kinds of things and I'm telling them

1102
00:49:09,290 --> 00:49:07,710
he's it's saying he's going to supply me

1103
00:49:11,960 --> 00:49:09,300
with bits of film and bits of this

1104
00:49:15,380 --> 00:49:11,970
because it never came and now had that

1105
00:49:17,510 --> 00:49:15,390
changed had Santa Lee given me some

1106
00:49:20,180 --> 00:49:17,520
16-millimeter film with images of the

1107
00:49:22,430 --> 00:49:20,190
creature on it then things would have

1108
00:49:23,990 --> 00:49:22,440
changed I would have then been sent to

1109
00:49:26,840 --> 00:49:24,000
my colleagues I would not accept it to

1110
00:49:28,490 --> 00:49:26,850
myself there is no way you know and i

1111
00:49:31,610 --> 00:49:28,500
will be taking advice from them and

1112
00:49:33,170 --> 00:49:31,620
saying right this is what i have i may

1113
00:49:34,640 --> 00:49:33,180

be able to make you a copy of it so you

1114

00:49:37,550 --> 00:49:34,650

can see it for yourself but I've got the

1115

00:49:39,380 --> 00:49:37,560

I've got the genuine article here what

1116

00:49:41,960 --> 00:49:39,390

is the best way to go forward on this

1117

00:49:45,680 --> 00:49:41,970

and we're going to work together you

1118

00:49:47,840 --> 00:49:45,690

know because again Martin you know we

1119

00:49:50,840 --> 00:49:47,850

all have our as we've seen with the

1120

00:49:53,600 --> 00:49:50,850

release of these slides we all have our

1121

00:49:56,000 --> 00:49:53,610

own little bit so call it expertise but

1122

00:49:59,000 --> 00:49:56,010

I don't mean that you know people have

1123

00:50:02,120 --> 00:49:59,010

got in touch with Egyptologists with

1124

00:50:04,220 --> 00:50:02,130

pathologists you know with with computer

1125

00:50:05,720 --> 00:50:04,230

experts once they've got the hands on

1126

00:50:07,220 --> 00:50:05,730

the slides of only two old on their

1127

00:50:08,540 --> 00:50:07,230

little bit of thing and I would have

1128

00:50:10,520 --> 00:50:08,550

done the same but I would have done it

1129

00:50:13,609 --> 00:50:10,530

collective listen right what's the best

1130

00:50:16,930 --> 00:50:13,619

way to proceed when we came to a consent

1131

00:50:19,489 --> 00:50:16,940

says then we move forward I will say I

1132

00:50:21,079 --> 00:50:19,499

don't have any problem in making with

1133

00:50:23,720 --> 00:50:21,089

people making money out if it's the

1134

00:50:25,789 --> 00:50:23,730

genuine article right yeah I don't have

1135

00:50:29,019 --> 00:50:25,799

a problem with that because let's just

1136

00:50:33,079 --> 00:50:29,029

let's assume writing I've got a cracking

1137

00:50:34,670 --> 00:50:33,089

piece of film here of X that I've I you

1138

00:50:37,130 --> 00:50:34,680

know I genuinely believe he's authentic

1139

00:50:38,930 --> 00:50:37,140

and about it tested you know here then

1140

00:50:40,400 --> 00:50:38,940

in everywhere and I want to reveal it

1141

00:50:42,079 --> 00:50:40,410

well why do you go with it let's say

1142

00:50:44,539 --> 00:50:42,089

we've gone down that track now marching

1143

00:50:47,420 --> 00:50:44,549

in you know these experts have

1144

00:50:49,430 --> 00:50:47,430

authenticated it they will have to go on

1145

00:50:51,680 --> 00:50:49,440

the record like I said there was a

1146

00:50:54,079 --> 00:50:51,690

number of Egyptologists came back and

1147

00:50:55,759 --> 00:50:54,089

said think it's a mommy but don't call

1148

00:50:57,859 --> 00:50:55,769

me so I'm not allowed to mention their

1149

00:51:00,499 --> 00:50:57,869

names so that's what basic what they've

1150

00:51:02,839 --> 00:51:00,509

said is useless unless you've allowed to

1151
00:51:04,489 --> 00:51:02,849
quote them so get a pro you know burnley

1152
00:51:06,440 --> 00:51:04,499
mine again you know we had cold a [h__\h]

1153
00:51:07,759 --> 00:51:06,450
we've called a unit in the UK they well

1154
00:51:09,140 --> 00:51:07,769
they were sat ready and waiting to go

1155
00:51:12,019 --> 00:51:09,150
with a piece of film on the alien

1156
00:51:13,609 --> 00:51:12,029
autopsies on it never arrived and they

1157
00:51:17,359 --> 00:51:13,619
were going to go public with whatever

1158
00:51:19,430 --> 00:51:17,369
they came up with so it's a question

1159
00:51:21,019 --> 00:51:19,440
then how do you make this public do you

1160
00:51:23,239 --> 00:51:21,029
do it on your own like the dealing in

1161
00:51:24,289 --> 00:51:23,249
Mexico what are your other options you

1162
00:51:26,539 --> 00:51:24,299
got to get it out you're going to make

1163
00:51:28,479 --> 00:51:26,549

it public marching always what's the

1164

00:51:30,859 --> 00:51:28,489

point do you go away in a newspaper

1165

00:51:34,130 --> 00:51:30,869

you'll make money out of it but so will

1166

00:51:35,599 --> 00:51:34,140

the newspaper do you go buy a TV they're

1167

00:51:37,249 --> 00:51:35,609

going to make money out of it you will

1168

00:51:39,289 --> 00:51:37,259

as well what are you having this

1169

00:51:43,789 --> 00:51:39,299

instance with the slides is that the

1170

00:51:47,410 --> 00:51:43,799

promoters of it whoever they may be the

1171

00:51:49,789 --> 00:51:47,420

promoters of it have kept total control

1172

00:51:52,099 --> 00:51:49,799

they've decided well it's gonna be

1173

00:51:55,279 --> 00:51:52,109

released by whom you know for how much

1174

00:51:57,890 --> 00:51:55,289

on what you're allowed to see you know

1175

00:52:00,680 --> 00:51:57,900

yeah if you take it to a newspaper when

1176

00:52:02,720 --> 00:52:00,690

Santilli he telephoned one of the

1177

00:52:05,450 --> 00:52:02,730

biggest circulation national newspapers

1178

00:52:06,979 --> 00:52:05,460

here in the UK and then so what we'd

1179

00:52:10,089 --> 00:52:06,989

have to have the feel an authenticated

1180

00:52:13,370 --> 00:52:10,099

first course he never went back to them

1181

00:52:15,710 --> 00:52:13,380

you see what I mean yeah so here you

1182

00:52:18,710 --> 00:52:15,720

know so some chili you know piecemeal

1183

00:52:20,329 --> 00:52:18,720

sold it off and the TV companies weren't

1184

00:52:22,190 --> 00:52:20,339

bothered about authenticating it there

1185

00:52:24,589 --> 00:52:22,200

that's not their job you know they're

1186

00:52:25,560 --> 00:52:24,599

just to make TV shows make money simple

1187

00:52:27,990 --> 00:52:25,570

as that

1188

00:52:30,420 --> 00:52:28,000

so in this instance with the slides the

1189

00:52:34,290 --> 00:52:30,430

promoters have kept total control over

1190

00:52:38,250 --> 00:52:34,300

it until it's gone live then look what's

1191

00:52:39,480 --> 00:52:38,260

happened you know so you know if you did

1192

00:52:42,270 --> 00:52:39,490

have something that you thought it was

1193

00:52:44,490 --> 00:52:42,280

genuine and it's not a fake or anything

1194

00:52:50,250 --> 00:52:44,500

like that there are many options that

1195

00:52:51,960 --> 00:52:50,260

are open to you you may for example take

1196

00:52:54,210 --> 00:52:51,970

it to a you know a scientific

1197

00:52:56,220 --> 00:52:54,220

publication on a scientific organization

1198

00:52:58,770 --> 00:52:56,230

depends what your motives are behind it

1199

00:53:00,270 --> 00:52:58,780

you know some Tilly was honest to a

1200

00:53:01,590 --> 00:53:00,280

degree and he said I wanna make money

1201
00:53:05,640 --> 00:53:01,600
out of this film you said it from day

1202
00:53:09,330 --> 00:53:05,650
one mm-hmm you know I think that I think

1203
00:53:13,080 --> 00:53:09,340
Adam do has said that to Alejandro Rojas

1204
00:53:17,400 --> 00:53:13,090
in an interview basically yeah again you

1205
00:53:21,630 --> 00:53:17,410
know there's a financial motive behind

1206
00:53:24,750 --> 00:53:21,640
it but you know that that makes you

1207
00:53:27,270 --> 00:53:24,760
somewhat suspicious so if you have

1208
00:53:30,090 --> 00:53:27,280
something like this for example you know

1209
00:53:32,700 --> 00:53:30,100
Martin you know people here and it does

1210
00:53:35,420 --> 00:53:32,710
happen use their metal detectors and

1211
00:53:37,920 --> 00:53:35,430
find a Saxon gold hold it does happen

1212
00:53:40,890 --> 00:53:37,930
you wouldn't then dig it up and take you

1213
00:53:43,650 --> 00:53:40,900

home you know you go to the correct

1214

00:53:46,470 --> 00:53:43,660

Institute to verify it similarly if you

1215

00:53:49,410 --> 00:53:46,480

you know she wore a house Martin and you

1216

00:53:51,300 --> 00:53:49,420

found an old painting in the Attic you

1217

00:53:54,560 --> 00:53:51,310

know and it said Rembrandt on it what

1218

00:53:57,270 --> 00:53:54,570

would you do you have put in a yard sale

1219

00:53:59,460 --> 00:53:57,280

no no no I go of course I get it

1220

00:54:00,960 --> 00:53:59,470

authenticated which is very difficult to

1221

00:54:03,900 --> 00:54:00,970

do but yes you might want to sell you

1222

00:54:07,350 --> 00:54:03,910

yeah you know it's worth zillions I can

1223

00:54:09,810 --> 00:54:07,360

forget work I can sell this so there are

1224

00:54:12,840 --> 00:54:09,820

many options open to you there isn't

1225

00:54:15,960 --> 00:54:12,850

anyone right or wrong course of action

1226

00:54:18,060 --> 00:54:15,970

you know that it just depends on what

1227

00:54:21,290 --> 00:54:18,070

your motives are you know your motives

1228

00:54:23,820 --> 00:54:21,300

might not be financial therefore

1229

00:54:26,310 --> 00:54:23,830

customer again when I met centrally in

1230

00:54:28,170 --> 00:54:26,320

solar still my motives were work finance

1231

00:54:29,910 --> 00:54:28,180

I'm have a financial investment in this

1232

00:54:30,350 --> 00:54:29,920

thing I just wanted to get it out in the

1233

00:54:32,570 --> 00:54:30,360

open

1234

00:54:34,430 --> 00:54:32,580

to the bottom of it and and Ray said to

1235

00:54:35,960 --> 00:54:34,440

me in his your agenda of my agenda a

1236

00:54:37,760 --> 00:54:35,970

totally different Philip of course it

1237

00:54:39,920 --> 00:54:37,770

was right he's agenda was to make money

1238

00:54:43,820 --> 00:54:39,930

my agenda was the same find out what the

1239

00:54:47,030 --> 00:54:43,830

damn film was and had no problem with

1240

00:54:49,010 --> 00:54:47,040

that so again we can only speculate here

1241

00:54:50,840 --> 00:54:49,020

Martin and I mean you know that there is

1242

00:54:52,760 --> 00:54:50,850

no right or wrong way to deal with this

1243

00:54:55,310 --> 00:54:52,770

kind of thing there's many different

1244

00:54:57,080 --> 00:54:55,320

avenues you can go down depending on

1245

00:54:58,880 --> 00:54:57,090

your motives I mean you know I don't

1246

00:55:00,770 --> 00:54:58,890

know Matthew you might be a wealthy man

1247

00:55:03,650 --> 00:55:00,780

you might comes with the Kassam then

1248

00:55:05,660 --> 00:55:03,660

like this not interested in money go hey

1249

00:55:11,090 --> 00:55:05,670

presto here you go you know give you

1250

00:55:12,500 --> 00:55:11,100

away you know well Phil I'm going to cut

1251

00:55:14,450 --> 00:55:12,510

this short just now so we can get

1252

00:55:17,960 --> 00:55:14,460

another person on for a little bit of

1253

00:55:20,270 --> 00:55:17,970

the first hour and hopefully that maybe

1254

00:55:22,940 --> 00:55:20,280

a few other people besides kirk collins

1255

00:55:25,270 --> 00:55:22,950

but we'll see it could be just Curt I'm

1256

00:55:28,310 --> 00:55:25,280

not really sure again this is Sunday and

1257

00:55:30,470 --> 00:55:28,320

the recording goes live on Wednesday

1258

00:55:33,710 --> 00:55:30,480

thanks so much and this is Phillip

1259

00:55:35,120 --> 00:55:33,720

mantle editor of UFO today and all you

1260

00:55:36,380 --> 00:55:35,130

have to do is google that and you can

1261

00:55:38,810 --> 00:55:36,390

get to his website in his magazine

1262

00:55:40,940 --> 00:55:38,820

thanks a lot Phillip my pleasure mazi

1263

00:55:42,320 --> 00:55:40,950

thank you very much alright so hang in

1264

00:55:44,750 --> 00:55:42,330

for the music break and we'll be right

1265

00:56:08,270 --> 00:55:44,760

back with another guest still before the

1266

00:56:16,170 --> 00:56:11,910

and we're darling in to Kurt how are you

1267

00:56:18,569 --> 00:56:16,180

Kurt fine fine and we're live now that

1268

00:56:20,069 --> 00:56:18,579

was pre-recorded thank you and guess

1269

00:56:22,079 --> 00:56:20,079

what everyone we have Kevin rambla

1270

00:56:26,130 --> 00:56:22,089

coming up at 15 minutes after the hour

1271

00:56:29,819 --> 00:56:26,140

to join us so Kurt since we're live I

1272

00:56:33,020 --> 00:56:29,829

had to do the pre record on Sunday what

1273

00:56:35,420 --> 00:56:33,030

has happened all kinds of things Oh

1274

00:56:38,069 --> 00:56:35,430

quite a bit and I just want to say

1275

00:56:39,450 --> 00:56:38,079

Phillip did a great job of covering the

1276
00:56:40,559 --> 00:56:39,460
information a process and what had

1277
00:56:43,500 --> 00:56:40,569
happened there were a lot of things

1278
00:56:46,410 --> 00:56:43,510
happening just uh in in quick succession

1279
00:56:47,339 --> 00:56:46,420
and so I think he he did a great job you

1280
00:56:49,920 --> 00:56:47,349
know there a lot of behind-the-scenes

1281
00:56:53,359 --> 00:56:49,930
things but as far as what surfaced and

1282
00:56:55,500 --> 00:56:53,369
the way its impacted he did a great job

1283
00:56:57,300 --> 00:56:55,510
just to update a couple of things he

1284
00:56:58,950 --> 00:56:57,310
said the million-dollar museum thing

1285
00:57:00,930 --> 00:56:58,960
turned out to be a bust there was a

1286
00:57:03,059 --> 00:57:00,940
similar body there but the other one

1287
00:57:06,390 --> 00:57:03,069
that he mentioned Mesa Verde has been

1288
00:57:10,460 --> 00:57:06,400

confirmed as the museum that the mummy

1289

00:57:14,640 --> 00:57:10,470

was displayed in there have been some

1290

00:57:16,559 --> 00:57:14,650

matching photographs of the location the

1291

00:57:19,140 --> 00:57:16,569

placards are identical talk to other

1292

00:57:21,180 --> 00:57:19,150

things we were not located a picture the

1293

00:57:22,859 --> 00:57:21,190

mummy itself but you can see the

1294

00:57:26,700 --> 00:57:22,869

shelving the holes and everything it is

1295

00:57:29,220 --> 00:57:26,710

I it it takes mental gymnastics not to

1296

00:57:33,059 --> 00:57:29,230

put it there yeah and you know some

1297

00:57:35,220 --> 00:57:33,069

people I'll wait till Kevin is on we're

1298

00:57:37,349 --> 00:57:35,230

also going to talk about the people that

1299

00:57:39,140 --> 00:57:37,359

are steadfast but I'd rather wait till

1300

00:57:42,780 --> 00:57:39,150

he's on for that but let's talk about

1301
00:57:46,700 --> 00:57:42,790
you basically broke the story on this

1302
00:57:49,819 --> 00:57:46,710
for the Roswell slide research group

1303
00:57:52,410 --> 00:57:49,829
first of all can you tell us what that

1304
00:57:54,960 --> 00:57:52,420
is how many people are involved and all

1305
00:57:57,300 --> 00:57:54,970
that and how you got got ahold of this

1306
00:58:00,329 --> 00:57:57,310
whole thing well there's a there's about

1307
00:58:02,579 --> 00:58:00,339
20 of us and it evolved it was a reason

1308
00:58:04,410 --> 00:58:02,589
you know i just well you know facebook

1309
00:58:06,180 --> 00:58:04,420
is a co-star in this story i have to

1310
00:58:09,480 --> 00:58:06,190
tell you because it was a facebook group

1311
00:58:13,589 --> 00:58:09,490
of friends and the one of the friends

1312
00:58:14,970 --> 00:58:13,599
jose antonio care Waka from Spain is was

1313
00:58:16,980 --> 00:58:14,980

in the group and we have been discussing

1314

00:58:18,490 --> 00:58:16,990

those slides and he said why don't we

1315

00:58:20,770 --> 00:58:18,500

have a separate group

1316

00:58:23,380 --> 00:58:20,780

to focus specifically on this to share

1317

00:58:25,150 --> 00:58:23,390

ideas and in research and we said okay

1318

00:58:27,340 --> 00:58:25,160

well let's do that so we created a new

1319

00:58:30,010 --> 00:58:27,350

group with a subset of our other friends

1320

00:58:34,930 --> 00:58:30,020

and it was you know a variety of people

1321

00:58:38,140 --> 00:58:34,940

skeptics and UFO UFO proponents Chris

1322

00:58:41,680 --> 00:58:38,150

witkowsky is one of them Steven miles

1323

00:58:45,400 --> 00:58:41,690

Lewis he's more of a Ford Ian researcher

1324

00:58:47,110 --> 00:58:45,410

I can name them all but you wouldn't

1325

00:58:49,660 --> 00:58:47,120

remember him so if you look at the

1326
00:58:52,350 --> 00:58:49,670
Roswell slides research group at Roswell

1327
00:58:55,510 --> 00:58:52,360
swats logic rom-com you can find our

1328
00:58:57,430 --> 00:58:55,520
report and that represents the things

1329
00:58:59,590 --> 00:58:57,440
that we have a consistent consensus on

1330
00:59:01,600 --> 00:58:59,600
there's a lot of things that are

1331
00:59:05,020 --> 00:59:01,610
individual opinions we have posted our

1332
00:59:08,790 --> 00:59:05,030
separate blogs and web Facebook pages

1333
00:59:11,470 --> 00:59:08,800
and whatever so you know there's but on

1334
00:59:14,080 --> 00:59:11,480
the and there were other people they

1335
00:59:15,790 --> 00:59:14,090
helped us late in the game so it was

1336
00:59:17,740 --> 00:59:15,800
really just a sharing of interest and

1337
00:59:20,230 --> 00:59:17,750
resources and that was really what made

1338
00:59:22,240 --> 00:59:20,240

everything possible it was a joy working

1339

00:59:24,340 --> 00:59:22,250

together like this it was very open and

1340

00:59:27,730 --> 00:59:24,350

information was presented and shared

1341

00:59:29,770 --> 00:59:27,740

quickly and it was um I think I think

1342

00:59:32,500 --> 00:59:29,780

it's a great way to work in a model of

1343

00:59:34,390 --> 00:59:32,510

openness and transparency that should be

1344

00:59:36,400 --> 00:59:34,400

duplicated for other projects I don't

1345

00:59:38,470 --> 00:59:36,410

know if we'll survive to do it again but

1346

00:59:40,540 --> 00:59:38,480

I think I think it shows what can be

1347

00:59:41,980 --> 00:59:40,550

done all right pretty soon we're coming

1348

00:59:43,390 --> 00:59:41,990

up on the top of the hour and we're

1349

00:59:45,400 --> 00:59:43,400

going to take just a quick break and

1350

00:59:47,140 --> 00:59:45,410

then we're coming back at nine fifteen

1351
00:59:51,370 --> 00:59:47,150
we're going to be talking with you but

1352
00:59:53,050 --> 00:59:51,380
Kevin's going to join us so there is

1353
00:59:56,230 --> 00:59:53,060
someone in the the message board that

1354
00:59:58,600 --> 00:59:56,240
mentioned earlier that all she knew

1355
01:00:00,430 --> 00:59:58,610
about was that they were getting like

1356
01:00:04,660 --> 01:00:00,440
copies of the slides no one had a high

1357
01:00:06,640 --> 01:00:04,670
res first of all it makes it doesn't

1358
01:00:09,610 --> 01:00:06,650
make any sense that anyone even tried to

1359
01:00:13,210 --> 01:00:09,620
you know d plur this thing in the

1360
01:00:15,340 --> 01:00:13,220
beginning I mean obviously if they could

1361
01:00:17,500 --> 01:00:15,350
do that from a second generation type of

1362
01:00:19,240 --> 01:00:17,510
situation then if someone had the

1363
01:00:21,790 --> 01:00:19,250

original slide they could obviously do

1364

01:00:24,010 --> 01:00:21,800

it very easily so I believe that falls

1365

01:00:26,560 --> 01:00:24,020

on Adam do but I don't know the

1366

01:00:28,280 --> 01:00:26,570

circumstances do you have anything any

1367

01:00:30,620 --> 01:00:28,290

input on that

1368

01:00:32,030 --> 01:00:30,630

oh well they let me let me see here cuz

1369

01:00:33,650 --> 01:00:32,040

I didn't really finish the answer to

1370

01:00:35,420 --> 01:00:33,660

your question about what has changed so

1371

01:00:38,090 --> 01:00:35,430

let me know all right let me check my

1372

01:00:40,100 --> 01:00:38,100

notes here one thing we can talk about

1373

01:00:41,510 --> 01:00:40,110

this later is it there was a lot of

1374

01:00:44,060 --> 01:00:41,520

confusion about the live stream

1375

01:00:46,880 --> 01:00:44,070

broadcast but Richard Dolan did appear

1376

01:00:48,800 --> 01:00:46,890

and speak I haven't seen it myself i

1377

01:00:51,590 --> 01:00:48,810

have seen a short clip from it I think

1378

01:00:54,080 --> 01:00:51,600

he gave a talk about 20 minutes long I

1379

01:00:59,020 --> 01:00:54,090

think the most of the focus of his

1380

01:01:02,110 --> 01:00:59,030

speech was that how this could open up a

1381

01:01:04,430 --> 01:01:02,120

snowball into some sort of disclosure or

1382

01:01:06,860 --> 01:01:04,440

understanding it was something it was

1383

01:01:08,420 --> 01:01:06,870

sort of um it was sort of a closing this

1384

01:01:11,900 --> 01:01:08,430

message I'm told it was fairly well

1385

01:01:15,080 --> 01:01:11,910

received them let's see if there was

1386

01:01:17,990 --> 01:01:15,090

anything else here Deborah Lee about

1387

01:01:21,080 --> 01:01:18,000

kind of different film now I'm you know

1388

01:01:23,750 --> 01:01:21,090

this was what he said Tom carry and Don

1389

01:01:26,600 --> 01:01:23,760

Schmidt have issued a statement in

1390

01:01:29,360 --> 01:01:26,610

response I guess one of the things you

1391

01:01:32,350 --> 01:01:29,370

have to acknowledge is they were still

1392

01:01:34,700 --> 01:01:32,360

in Mexico when the placard was exposed

1393

01:01:37,700 --> 01:01:34,710

so so they were not able to immediately

1394

01:01:42,410 --> 01:01:37,710

respond I think it's it probably runs

1395

01:01:46,000 --> 01:01:42,420

our trip but had me I would say so ok

1396

01:01:48,320 --> 01:01:46,010

you know I don't know I don't know I

1397

01:01:50,900 --> 01:01:48,330

have a lot of questions I don't want to

1398

01:01:53,990 --> 01:01:50,910

make a lot of judgments but there's some

1399

01:01:56,480 --> 01:01:54,000

things that don't add up the the

1400

01:01:59,540 --> 01:01:56,490

statement was not particularly favorable

1401
01:02:02,750 --> 01:01:59,550
to on me and my friends I must say yes

1402
01:02:05,060 --> 01:02:02,760
Tom statement in particular how I'd said

1403
01:02:06,530 --> 01:02:05,070
that it was it was faked but that our

1404
01:02:08,270 --> 01:02:06,540
results were faked they were

1405
01:02:10,730 --> 01:02:08,280
photoshopped by getting back hurt just

1406
01:02:12,920 --> 01:02:10,740
getting back to this one thing did the

1407
01:02:15,740 --> 01:02:12,930
person or the people that did that to

1408
01:02:18,700 --> 01:02:15,750
blur software did they have a high

1409
01:02:21,530 --> 01:02:18,710
resolution image of this to begin with

1410
01:02:23,600 --> 01:02:21,540
I'm not a technical person i can tell

1411
01:02:25,820 --> 01:02:23,610
you that it is at the time they had

1412
01:02:27,740 --> 01:02:25,830
something better than what was on the

1413
01:02:30,800 --> 01:02:27,750

atom do his website and when he released

1414

01:02:33,890 --> 01:02:30,810

it that was what was a what able for

1415

01:02:35,870 --> 01:02:33,900

everyone else to duplicate it I see okay

1416

01:02:38,180 --> 01:02:35,880

well we're at the top of the hour we're

1417

01:02:41,450 --> 01:02:38,190

going to take a quick music break and

1418

01:02:42,140 --> 01:02:41,460

then we'll be right back with you Curt

1419

01:02:44,960 --> 01:02:42,150

Collins

1420

01:02:48,349 --> 01:02:44,970

and after that we'll be right back also

1421

01:02:50,150 --> 01:02:48,359

at 15 minutes past the hour with Kevin

1422

01:03:15,410 --> 01:02:50,160

Randall so hang a nail we'll be right

1423

01:03:21,510 --> 01:03:18,750

that's a partial tune by a listener of

1424

01:03:24,770 --> 01:03:21,520

the show Bruce ranier and thank you

1425

01:03:28,680 --> 01:03:24,780

Bruce for that and so getting back to

1426

01:03:31,190 --> 01:03:28,690

this this whole situation here the

1427

01:03:34,500 --> 01:03:31,200

Roswell slides we have Curtis Colin

1428

01:03:35,970 --> 01:03:34,510

Collins is on the line also if you're

1429

01:03:38,280 --> 01:03:35,980

listening on the Dark Matter radio

1430

01:03:40,860 --> 01:03:38,290

network you can jump over to our chat

1431

01:03:43,920 --> 01:03:40,870

room and chime in ask questions and

1432

01:03:45,720 --> 01:03:43,930

that's at podcast UFO comets you'll see

1433

01:03:48,120 --> 01:03:45,730

it right on the sidebar and there's a

1434

01:03:50,190 --> 01:03:48,130

little corner thing you can click on the

1435

01:03:52,550 --> 01:03:50,200

chat room that'll make it pop up in a

1436

01:03:58,230 --> 01:03:52,560

separate window makes it easier to use

1437

01:04:00,780 --> 01:03:58,240

Oh Kurt so just it can you just tell the

1438

01:04:03,000 --> 01:04:00,790

sequence of events on on how this thing

1439

01:04:07,230 --> 01:04:03,010

was you said there are 20 people

1440

01:04:08,460 --> 01:04:07,240

involved and and I want to make this

1441

01:04:10,680 --> 01:04:08,470

statement too and don't worry about

1442

01:04:12,810 --> 01:04:10,690

anyone slinging mud you can say whatever

1443

01:04:16,590 --> 01:04:12,820

you want no one's going to sue us but

1444

01:04:19,110 --> 01:04:16,600

one of the things I was thinking about

1445

01:04:21,060 --> 01:04:19,120

was some all these people are involved

1446

01:04:23,190 --> 01:04:21,070

they're trying only to get to the truth

1447

01:04:24,360 --> 01:04:23,200

there is a lot of snippy pneus out there

1448

01:04:25,680 --> 01:04:24,370

there's a lot of people that were so

1449

01:04:30,330 --> 01:04:25,690

disappointed there's a lot of

1450

01:04:33,450 --> 01:04:30,340

mudslinging but the people that let's

1451

01:04:35,430 --> 01:04:33,460

just say the parties involved are making

1452

01:04:37,520 --> 01:04:35,440

it look like oh it's just the debunkers

1453

01:04:40,320 --> 01:04:37,530

the dude bunkers are attacking us there

1454

01:04:42,330 --> 01:04:40,330

you know the skeptics like like it's a

1455

01:04:43,830 --> 01:04:42,340

bad word and all we're trying to do or

1456

01:04:45,630 --> 01:04:43,840

all the people out here trying to do is

1457

01:04:48,480 --> 01:04:45,640

to get to the truth of what these things

1458

01:04:51,600 --> 01:04:48,490

really are I'm and like you said you had

1459

01:04:53,880 --> 01:04:51,610

some unfavorable comments I'm wondering

1460

01:04:56,280 --> 01:04:53,890

what's your opinion how long these

1461

01:04:58,860 --> 01:04:56,290

people are going to stick to their guns

1462

01:05:01,410 --> 01:04:58,870

I I think I personally I'm just going to

1463

01:05:03,780 --> 01:05:01,420

say this and they consume me if they

1464

01:05:06,600 --> 01:05:03,790

want but I think Camilla sayin has such

1465

01:05:10,170 --> 01:05:06,610

a large following that he may stick to

1466

01:05:14,610 --> 01:05:10,180

his guns because his word to his large

1467

01:05:16,590 --> 01:05:14,620

following is more like God's Word and I

1468

01:05:18,570 --> 01:05:16,600

think they'll listen to whatever he says

1469

01:05:20,640 --> 01:05:18,580

and ignore anyone else and I think he's

1470

01:05:23,370 --> 01:05:20,650

got everything to lose there's also

1471

01:05:27,120 --> 01:05:23,380

books that are being written there's a

1472

01:05:27,540 --> 01:05:27,130

there's a documentary film was it called

1473

01:05:29,910 --> 01:05:27,550

code

1474

01:05:32,100 --> 01:05:29,920

chrome or something Roswell kodachrome a

1475

01:05:35,100 --> 01:05:32,110

green but anyway there's all this stuff

1476

01:05:38,000 --> 01:05:35,110

involved and i know i'm totally

1477

01:05:45,660 --> 01:05:38,010

scattered here but i'll let you continue

1478

01:05:47,640 --> 01:05:45,670

well oh the the statement you know some

1479

01:05:49,950 --> 01:05:47,650

people are calling with the the fiasco

1480

01:05:51,450 --> 01:05:49,960

in mexico and that's one of the condor

1481

01:05:52,590 --> 01:05:51,460

things you hear about it and you're

1482

01:05:53,940 --> 01:05:52,600

right there's there's been some

1483

01:05:56,550 --> 01:05:53,950

criticism certainly people are

1484

01:05:58,050 --> 01:05:56,560

disappointed but as far as our group

1485

01:06:00,450 --> 01:05:58,060

you're our most were just to find the

1486

01:06:01,740 --> 01:06:00,460

truth in it was a mixture disciplines

1487

01:06:03,540 --> 01:06:01,750

and we said you know if we could have

1488

01:06:05,310 --> 01:06:03,550

proven this was an alien we would have

1489

01:06:08,490 --> 01:06:05,320

shared those results and you know that

1490

01:06:10,920 --> 01:06:08,500

would be fantastic but um you know it is

1491

01:06:13,230 --> 01:06:10,930

really a matter of proving what is and

1492

01:06:14,910 --> 01:06:13,240

giving what isn't out of the way you

1493

01:06:17,340 --> 01:06:14,920

know there is a whole lot of baloney and

1494

01:06:19,560 --> 01:06:17,350

in everything really look at diet books

1495

01:06:20,970 --> 01:06:19,570

are you know anything uh you know if

1496

01:06:26,330 --> 01:06:20,980

there's an if there's money to be made

1497

01:06:29,280 --> 01:06:26,340

there's going to be a fraud and then I

1498

01:06:31,050 --> 01:06:29,290

want to make transition to fraud I'm

1499

01:06:33,270 --> 01:06:31,060

loomis on but let me say this i have

1500

01:06:35,160 --> 01:06:33,280

heard i saw on twitter that he was

1501

01:06:36,360 --> 01:06:35,170

preparing to make a statement and as

1502

01:06:37,860 --> 01:06:36,370

right now i don't know what the

1503

01:06:41,310 --> 01:06:37,870

statement is going to be but he's

1504

01:06:43,920 --> 01:06:41,320

apparently ready to say something Adam

1505

01:06:46,530 --> 01:06:43,930

dude has been silent since printing on

1506

01:06:49,980 --> 01:06:46,540

his website that are a results were

1507

01:06:51,720 --> 01:06:49,990

faked other people duplicated it you

1508

01:06:52,650 --> 01:06:51,730

know we heard Phillip man described that

1509

01:06:56,040 --> 01:06:52,660

so I'm not going to go through that

1510

01:06:58,800 --> 01:06:56,050

again you know it's genuine the mummy is

1511

01:07:01,470 --> 01:06:58,810

I told you that the location is found

1512

01:07:04,050 --> 01:07:01,480

the photographs of the case the

1513

01:07:05,670 --> 01:07:04,060

furniture background you know that seems

1514

01:07:07,470 --> 01:07:05,680

rock-solid in me so there's there's

1515

01:07:10,290 --> 01:07:07,480

really not much point in discussing that

1516

01:07:11,850 --> 01:07:10,300

but yours is a statement I mean it's

1517

01:07:14,790 --> 01:07:11,860

really long so I can't have read much of

1518

01:07:16,320 --> 01:07:14,800

it and also it's kind of nasty so it's

1519

01:07:19,860 --> 01:07:16,330

going to make me sound like a drug if I

1520

01:07:22,730 --> 01:07:19,870

read it but they say this was a the dawn

1521

01:07:25,560 --> 01:07:22,740

Schmidt adjusted we believe the recently

1522

01:07:27,180 --> 01:07:25,570

released reading they have that in

1523

01:07:29,790 --> 01:07:27,190

quotes of the placard by the so-called

1524

01:07:31,440 --> 01:07:29,800

Roswell slides research group is still

1525

01:07:35,190 --> 01:07:31,450

open to debate now that was toned down

1526
01:07:36,710 --> 01:07:35,200
from fake or something like that if the

1527
01:07:37,910 --> 01:07:36,720
other highlights are just want to get

1528
01:07:40,220 --> 01:07:37,920
regarding the

1529
01:07:42,109 --> 01:07:40,230
placard we quickly determined that the

1530
01:07:43,849 --> 01:07:42,119
content would be key to interpreting the

1531
01:07:45,950 --> 01:07:43,859
slots and then you mentioned a number of

1532
01:07:47,990 --> 01:07:45,960
experts and they all say but don't

1533
01:07:52,670 --> 01:07:48,000
present a report say that the experts

1534
01:07:54,829 --> 01:07:52,680
said it was unreadable our own computer

1535
01:07:57,410 --> 01:07:54,839
guys says he applied the smart deploy

1536
01:07:59,270 --> 01:07:57,420
software to the placard over year ago

1537
01:08:01,430 --> 01:07:59,280
without any success he did so again this

1538
01:08:03,859 --> 01:08:01,440

week an enhanced sharper version of the

1539

01:08:07,010 --> 01:08:03,869

placard with the latest edition without

1540

01:08:10,670 --> 01:08:07,020

success now here's where he takes on a

1541

01:08:13,220 --> 01:08:10,680

real tone now we are told not asked to

1542

01:08:15,740 --> 01:08:13,230

believe that the cast of characters one

1543

01:08:18,410 --> 01:08:15,750

of whom has clearly become unhinged and

1544

01:08:20,900 --> 01:08:18,420

what's himself a party to a known UFO

1545

01:08:23,599 --> 01:08:20,910

body hook some years ago has used the

1546

01:08:26,479 --> 01:08:23,609

same program smart to blur on a store

1547

01:08:30,530 --> 01:08:26,489

distorted screen gab grabbed the placard

1548

01:08:33,260 --> 01:08:30,540

and is somehow able to read it will all

1549

01:08:34,939 --> 01:08:33,270

be above some of whom have had much more

1550

01:08:37,880 --> 01:08:34,949

sophisticated equipment and techniques

1551

01:08:41,110 --> 01:08:37,890

at their disposal could not I ask you

1552

01:08:43,849 --> 01:08:41,120

what's wrong with this picture so he's

1553

01:08:46,939 --> 01:08:43,859

he's challenging our results I can

1554

01:08:49,789 --> 01:08:46,949

understand that he has you know it put a

1555

01:08:51,740 --> 01:08:49,799

lot of time into this and some property

1556

01:08:57,410 --> 01:08:51,750

reputation probably some financial stake

1557

01:08:58,999 --> 01:08:57,420

in this this would close close us out he

1558

01:09:01,459 --> 01:08:59,009

says so what are we to make of all this

1559

01:09:03,169 --> 01:09:01,469

humming the Sun topic area dodge Metro

1560

01:09:04,939 --> 01:09:03,179

lot on the ball Torre to conclusions

1561

01:09:06,590 --> 01:09:04,949

that they have reached then when our

1562

01:09:08,870 --> 01:09:06,600

conclusions but the scientists we

1563

01:09:10,280 --> 01:09:08,880

consulted we have at this point in the

1564

01:09:12,260 --> 01:09:10,290

proceedings have sent out additional

1565

01:09:14,689 --> 01:09:12,270

copies of the placard damage to third

1566

01:09:16,820 --> 01:09:14,699

parties whose opinions we can trust to

1567

01:09:19,130 --> 01:09:16,830

run the smart deploy application on it

1568

01:09:21,079 --> 01:09:19,140

and are prepared to abide by their

1569

01:09:23,630 --> 01:09:21,089

findings wherever the chips may fall

1570

01:09:26,510 --> 01:09:23,640

thus for Tom Kerry's statement ended but

1571

01:09:28,910 --> 01:09:26,520

Donna Schmidt added as tua Tom said this

1572

01:09:30,950 --> 01:09:28,920

morning if the independent analysis if

1573

01:09:33,229 --> 01:09:30,960

the placard comes back and supported the

1574

01:09:35,360 --> 01:09:33,239

opposition's read that will accept that

1575

01:09:38,300 --> 01:09:35,370

read I will remain a gentleman and

1576

01:09:41,829 --> 01:09:38,310

concede that point so it was tone down

1577

01:09:44,809 --> 01:09:41,839

from the original and apparently if they

1578

01:09:47,930 --> 01:09:44,819

see results they will accept them so

1579

01:09:48,789 --> 01:09:47,940

that was their statement and that the

1580

01:09:50,260 --> 01:09:48,799

probably field

1581

01:09:54,490 --> 01:09:50,270

about that pretty much brings us up to

1582

01:09:56,939 --> 01:09:54,500

date now did it can you well let me just

1583

01:10:00,549 --> 01:09:56,949

put it this way any of the so-called

1584

01:10:04,330 --> 01:10:00,559

Roswell slide research group are any of

1585

01:10:08,470 --> 01:10:04,340

them letting their names be known yes

1586

01:10:11,169 --> 01:10:08,480

how long there are a few people Isaac

1587

01:10:13,030 --> 01:10:11,179

coins that well known researcher in the

1588

01:10:16,479 --> 01:10:13,040

UK now that's a pseudonym he's a

1589

01:10:19,390 --> 01:10:16,489

barrister UFO interest does not go over

1590

01:10:22,569 --> 01:10:19,400

well so he people know him and packed

1591

01:10:24,310 --> 01:10:22,579

him but you know I mentioned Jose I'm

1592

01:10:26,770 --> 01:10:24,320

gonna go through the list here jose

1593

01:10:29,470 --> 01:10:26,780

antonio care Waka already mentioned he's

1594

01:10:31,450 --> 01:10:29,480

a key player and he's more important

1595

01:10:33,910 --> 01:10:31,460

than than i can really express good you

1596

01:10:36,160 --> 01:10:33,920

know he got us together and really

1597

01:10:38,680 --> 01:10:36,170

inspired us another one with the

1598

01:10:41,140 --> 01:10:38,690

pseudonym I man from france he was the

1599

01:10:43,089 --> 01:10:41,150

key to did boring that he's the one that

1600

01:10:44,589 --> 01:10:43,099

came with the idea to use this he had

1601
01:10:47,319 --> 01:10:44,599
actually talked about it before we had

1602
01:10:50,169 --> 01:10:47,329
the image to use because of the quality

1603
01:10:52,780 --> 01:10:50,179
of the delete image NAB later is the

1604
01:10:55,390 --> 01:10:52,790
name that he goes by Lance moody is a

1605
01:10:57,129 --> 01:10:55,400
skeptic you know he's actually a nice

1606
01:10:59,709 --> 01:10:57,139
guy except when it gets into an argument

1607
01:11:04,419 --> 01:10:59,719
and by the way I want to say a lot of

1608
01:11:08,109 --> 01:11:04,429
these people have been active on Kevin's

1609
01:11:10,089 --> 01:11:08,119
a blog and also rich rentals by the way

1610
01:11:11,260 --> 01:11:10,099
rich rentals might be if you know

1611
01:11:13,240 --> 01:11:11,270
they're Indian diamonds he's a

1612
01:11:17,080 --> 01:11:13,250
co-conspirator because he's the one that

1613
01:11:21,040 --> 01:11:17,090

really broke the story and was sort of a

1614

01:11:22,810 --> 01:11:21,050

instigator encouraging both sides and I

1615

01:11:26,530 --> 01:11:22,820

just like one of those what's you and

1616

01:11:27,970 --> 01:11:26,540

him fight so uh but he wasn't part of

1617

01:11:29,350 --> 01:11:27,980

our team I just wanted to mention though

1618

01:11:32,350 --> 01:11:29,360

that he is a player in the store and

1619

01:11:35,410 --> 01:11:32,360

then giving back to us course Tim Hebert

1620

01:11:38,700 --> 01:11:35,420

as a mother skeptic now he came in

1621

01:11:43,470 --> 01:11:38,710

really it's relatively late but he is

1622

01:11:46,660 --> 01:11:43,480

unbelieving as a nurse and he saw he's

1623

01:11:48,129 --> 01:11:46,670

in addition to being smart a lot of

1624

01:11:50,260 --> 01:11:48,139

things you know specifically he could

1625

01:11:53,109 --> 01:11:50,270

help us out with the anatomy and we had

1626

01:11:55,569 --> 01:11:53,119

up we had an extensive studies of the

1627

01:11:57,790 --> 01:11:55,579

the body of what we could see compared

1628

01:12:00,070 --> 01:11:57,800

to two mummies and the children of

1629

01:12:01,930 --> 01:12:00,080

skeletons and a matched up in in mama

1630

01:12:03,880 --> 01:12:01,940

it was solved before anything happened

1631

01:12:07,500 --> 01:12:03,890

but you know without some sort of

1632

01:12:10,150 --> 01:12:07,510

tangible proof people were certain

1633

01:12:12,310 --> 01:12:10,160

factions were going to hold on to the

1634

01:12:14,530 --> 01:12:12,320

story being presented and by the way

1635

01:12:17,110 --> 01:12:14,540

that supporting story has not been shown

1636

01:12:19,810 --> 01:12:17,120

to hold up in any way it was almost as

1637

01:12:22,630 --> 01:12:19,820

if you had drawn dots and then connected

1638

01:12:26,230 --> 01:12:22,640

them yourselves you know it was very

1639

01:12:27,760 --> 01:12:26,240

sketchy I love you finish out my team

1640

01:12:31,180 --> 01:12:27,770

and then we can give some other point

1641

01:12:34,630 --> 01:12:31,190

Paul Kimball all right he's here dawg

1642

01:12:37,390 --> 01:12:34,640

see he had a long history with um

1643

01:12:40,720 --> 01:12:37,400

something the promoters of this anthony

1644

01:12:42,460 --> 01:12:40,730

regalia for example I have trouble

1645

01:12:45,520 --> 01:12:42,470

Sonny's foreign names I believe this

1646

01:12:48,070 --> 01:12:45,530

print-out stud Jill's Fernandez he's

1647

01:12:49,780 --> 01:12:48,080

from France by the way you know it's one

1648

01:12:52,860 --> 01:12:49,790

emphasize that you know we have people

1649

01:12:54,790 --> 01:12:52,870

with different disciplines different

1650

01:12:56,170 --> 01:12:54,800

backgrounds different interests you know

1651

01:12:58,150 --> 01:12:56,180

some of these people are the more

1652

01:13:00,070 --> 01:12:58,160

interested in photography than UFOs but

1653

01:13:02,980 --> 01:13:00,080

they all share an interest in UFOs and

1654

01:13:05,500 --> 01:13:02,990

would sort of the other another

1655

01:13:09,850 --> 01:13:05,510

anonymous when trained observer and one

1656

01:13:12,130 --> 01:13:09,860

of the things he he provided a a lead on

1657

01:13:15,900 --> 01:13:12,140

a mummy that was so close we were

1658

01:13:18,880 --> 01:13:15,910

convinced that it was uh the Smithsonian

1659

01:13:22,990 --> 01:13:18,890

boy from Bebe's that it come from wistar

1660

01:13:25,870 --> 01:13:23,000

it was an event in a thought is 2397 the

1661

01:13:28,300 --> 01:13:25,880

the except for the skull the condition

1662

01:13:29,590 --> 01:13:28,310

of the body position of the limbs almost

1663

01:13:33,330 --> 01:13:29,600

a dead what we couldn't see the missing

1664

01:13:36,220 --> 01:13:33,340

leg because that was behind a placard

1665

01:13:38,860 --> 01:13:36,230

but that told us that the dimensions

1666

01:13:41,260 --> 01:13:38,870

matched and you know he was good to that

1667

01:13:44,200 --> 01:13:41,270

link provide that lead and also he makes

1668

01:13:46,090 --> 01:13:44,210

some good observations about the the the

1669

01:13:48,640 --> 01:13:46,100

case itself and he said you know this is

1670

01:13:50,770 --> 01:13:48,650

open this is not preserved you know it's

1671

01:13:53,440 --> 01:13:50,780

not that well you know not treat this

1672

01:13:55,420 --> 01:13:53,450

like a biohazard material but that his

1673

01:13:57,040 --> 01:13:55,430

name is trained observant now Chris

1674

01:14:01,090 --> 01:13:57,050

witkowsky and I know you've had it we

1675

01:14:03,790 --> 01:14:01,100

have on your on your show and now he was

1676

01:14:06,310 --> 01:14:03,800

busy with the Canadian UFO report annual

1677

01:14:08,170 --> 01:14:06,320

survey and so you know he would check in

1678

01:14:10,450 --> 01:14:08,180

and give us encouragement and every once

1679

01:14:11,080 --> 01:14:10,460

in a while he would they you know so he

1680

01:14:15,250 --> 01:14:11,090

was a good

1681

01:14:18,430 --> 01:14:15,260

source and but he had real things to do

1682

01:14:21,640 --> 01:14:18,440

investigating real UFO of the stories

1683

01:14:23,979 --> 01:14:21,650

and think so but he was there he was

1684

01:14:28,540 --> 01:14:23,989

there with us and a Roger glassell from

1685

01:14:34,270 --> 01:14:28,550

Sweden he was great till he contacted

1686

01:14:37,540 --> 01:14:34,280

the um uh dr. Kafka dr. black dr. hunt

1687

01:14:40,720 --> 01:14:37,550

with the Smithsonian and got us really

1688

01:14:43,120 --> 01:14:40,730

looking at the physiological details and

1689

01:14:45,910 --> 01:14:43,130

he'll into that just today he matched up

1690

01:14:48,399 --> 01:14:45,920

a picture of the bench at the mesa verde

1691

01:14:51,820 --> 01:14:48,409

right I'm using and that's visible in

1692

01:14:53,589 --> 01:14:51,830

background so I told Kevin I'd call him

1693

01:14:55,839 --> 01:14:53,599

right on the button and I'm gonna have

1694

01:14:57,370 --> 01:14:55,849

to apologize to the listeners because I

1695

01:14:59,260 --> 01:14:57,380

was thinking I could dial without any

1696

01:15:00,850 --> 01:14:59,270

number without any beeping but

1697

01:15:02,169 --> 01:15:00,860

unfortunately gonna make a beep so bear

1698

01:15:06,790 --> 01:15:02,179

with me everybody were you going to hear

1699

01:15:09,129 --> 01:15:06,800

that the gonna hear me dial I hope that

1700

01:15:12,850 --> 01:15:09,139

doesn't mean you can hang on just one

1701

01:15:14,950 --> 01:15:12,860

second well while your logic darling one

1702

01:15:17,830 --> 01:15:14,960

other guy Steven miles Lewis sometimes

1703

01:15:20,919 --> 01:15:17,840

known as smiles Lewis and he was the 14

1704

01:15:24,669 --> 01:15:20,929

and you know he was definitely he was

1705

01:15:27,910 --> 01:15:24,679

definitely he's basically branagh or

1706

01:15:30,700 --> 01:15:27,920

proponent or really open-minded so you

1707

01:15:33,700 --> 01:15:30,710

know if you he was definitely our UFO

1708

01:15:36,399 --> 01:15:33,710

and believer policeman so okay know if

1709

01:15:39,129 --> 01:15:36,409

there was going to be I'm sorry I'm

1710

01:15:42,790 --> 01:15:39,139

darling away here how are you Kevin I'm

1711

01:15:44,740 --> 01:15:42,800

fine how are you good good Kurt meet

1712

01:15:50,620 --> 01:15:44,750

Kevin have you guys ever spoke to each

1713

01:15:52,899 --> 01:15:50,630

other once on your show Oh goin once

1714

01:15:55,089 --> 01:15:52,909

yeah sure did I can't remember the

1715

01:15:57,459 --> 01:15:55,099

question but uh seems like I got a

1716

01:16:02,229 --> 01:15:57,469

pretty good answer um and I've emailed

1717

01:16:04,030 --> 01:16:02,239

you a few times so yeah oh yeah I forgot

1718

01:16:05,649 --> 01:16:04,040

I've actually hosted one of your

1719

01:16:08,080 --> 01:16:05,659

articles on my side you had a cash

1720

01:16:10,600 --> 01:16:08,090

Landrum piece that I thought I shared so

1721

01:16:13,600 --> 01:16:10,610

and yeah so we you know touched a little

1722

01:16:14,740 --> 01:16:13,610

bit and went through email and the

1723

01:16:19,209 --> 01:16:14,750

internet which is how a lot of people

1724

01:16:23,050 --> 01:16:19,219

communicate but now so okay great well

1725

01:16:24,910 --> 01:16:23,060

Kevin we Kurt was just on talking about

1726

01:16:26,590 --> 01:16:24,920

you know his involvement

1727

01:16:28,120 --> 01:16:26,600

and I know that you were really I was

1728

01:16:29,760 --> 01:16:28,130

following what you were doing too and

1729

01:16:33,280 --> 01:16:29,770

you were getting some great information

1730

01:16:34,750 --> 01:16:33,290

do you have do you have any I don't know

1731

01:16:36,400 --> 01:16:34,760

if you listen to any of the show but I'm

1732

01:16:40,150 --> 01:16:36,410

wonder if you have anything to add right

1733

01:16:42,939 --> 01:16:40,160

now but I'd like to ask you what was

1734

01:16:46,540 --> 01:16:42,949

your I know what my gut feeling was as

1735

01:16:49,030 --> 01:16:46,550

soon as I saw this thing I can't even

1736

01:16:51,520 --> 01:16:49,040

understand why anyone elses gut feeling

1737

01:16:53,890 --> 01:16:51,530

would be that different anyone that's

1738

01:16:56,020 --> 01:16:53,900

ever seen anything in a museum or seen

1739

01:16:57,700 --> 01:16:56,030

anything displayed what was your how did

1740

01:17:04,600 --> 01:16:57,710

it all come about when you first saw

1741

01:17:06,820 --> 01:17:04,610

this I was I surprised about this whole

1742

01:17:08,650 --> 01:17:06,830

thing I've said for months and months

1743

01:17:11,560 --> 01:17:08,660

that this was going to turn out badly I

1744

01:17:14,080 --> 01:17:11,570

feared it would turn out badly and I had

1745

01:17:17,650 --> 01:17:14,090

not seen anything other than the screen

1746

01:17:20,080 --> 01:17:17,660

grab that came from Adam dues little

1747

01:17:21,400 --> 01:17:20,090

documentary that i believe it was german

1748

01:17:24,640 --> 01:17:21,410

group who managed to get that and

1749

01:17:27,669 --> 01:17:24,650

circulated it and i looked at that and i

1750

01:17:31,240 --> 01:17:27,679

just was appalled that the whole deal

1751

01:17:34,000 --> 01:17:31,250

the other thing was i sent i had tried

1752

01:17:35,380 --> 01:17:34,010

to figure out based on the timing of

1753

01:17:37,810 --> 01:17:35,390

this and yet the slides were actually

1754

01:17:40,240 --> 01:17:37,820

taken in 1947 what could they possibly

1755

01:17:41,590 --> 01:17:40,250

show and i went back to a number of

1756

01:17:43,870 --> 01:17:41,600

books that i have it they talked about

1757

01:17:45,280 --> 01:17:43,880

what was going on in science fiction in

1758

01:17:47,050 --> 01:17:45,290

the movies at the time and it really

1759

01:17:49,479 --> 01:17:47,060

wasn't anything to fit that because all

1760

01:17:53,740 --> 01:17:49,489

the aliens in the movies were pretty

1761

01:17:55,990 --> 01:17:53,750

much human and looking at the covers of

1762

01:17:57,669 --> 01:17:56,000

science fiction magazines from the 30s

1763

01:18:00,340 --> 01:17:57,679

and 40s you get a whole variety of

1764

01:18:02,470 --> 01:18:00,350

really weird-looking aliens and I sent

1765

01:18:04,689 --> 01:18:02,480

Tom carry an email in December and I

1766

01:18:06,400 --> 01:18:04,699

said Tom could this possibly be a money

1767

01:18:08,290 --> 01:18:06,410

because there was anything I could think

1768

01:18:09,939 --> 01:18:08,300

about some kind of a mummy probably

1769

01:18:12,550 --> 01:18:09,949

discovered in the southwest simply

1770

01:18:17,560 --> 01:18:12,560

because the rage lived in the southwest

1771

01:18:20,169 --> 01:18:17,570

and that was where the geological area

1772

01:18:21,640 --> 01:18:20,179

that he covered was Anton said no it's

1773

01:18:23,530 --> 01:18:21,650

not a money we've looked at hundreds and

1774

01:18:26,110 --> 01:18:23,540

hundreds of pictures of mummies and this

1775

01:18:27,669 --> 01:18:26,120

doesn't match and I suspect now they

1776

01:18:30,520 --> 01:18:27,679

were looking for an exact match as

1777

01:18:34,689 --> 01:18:30,530

opposed to kind of a general match so I

1778

01:18:37,000 --> 01:18:34,699

was always kind of leery of the thing

1779

01:18:38,630 --> 01:18:37,010

and I imposed questions about the

1780

01:18:40,520 --> 01:18:38,640

provenance of

1781

01:18:44,360 --> 01:18:40,530

the slide how do we know they came from

1782

01:18:46,490 --> 01:18:44,370

the raise how do we know that they were

1783

01:18:48,590 --> 01:18:46,500

found in Sedona Arizona how do we know

1784

01:18:50,300 --> 01:18:48,600

all of this stuff and not only did we

1785

01:18:52,280 --> 01:18:50,310

not have a good provenance we couldn't

1786

01:18:53,780 --> 01:18:52,290

couldn't talk supt ographers we couldn't

1787

01:18:56,450 --> 01:18:53,790

talk to the people who'd found the

1788

01:19:00,380 --> 01:18:56,460

slides but there was no chain of custody

1789

01:19:03,170 --> 01:19:00,390

because apparently these were found one

1790

01:19:04,670 --> 01:19:03,180

maybe years after Hilda ray had died in

1791

01:19:05,810 --> 01:19:04,680

a house it may have been abandoned we

1792

01:19:08,300 --> 01:19:05,820

don't know who owned it or anything

1793

01:19:10,190 --> 01:19:08,310

about it so the chain of custody was

1794

01:19:14,410 --> 01:19:10,200

broken in a number of places so it just

1795

01:19:16,730 --> 01:19:14,420

wasn't a good linkage of the slides to

1796

01:19:17,990 --> 01:19:16,740

specific people and we couldn't question

1797

01:19:20,210 --> 01:19:18,000

the photographer so there were a lot of

1798

01:19:21,650 --> 01:19:20,220

problems with the provenance and that

1799

01:19:24,050 --> 01:19:21,660

worried me greatly and I think on my

1800

01:19:25,310 --> 01:19:24,060

blog I talked about this a number of

1801

01:19:31,400 --> 01:19:25,320

times that I was worried about the

1802

01:19:32,780 --> 01:19:31,410

provenance yeah now in just just going

1803

01:19:35,540 --> 01:19:32,790

to throw this at you Kevin because you

1804

01:19:39,230 --> 01:19:35,550

were so heavily involved in Roswell

1805

01:19:40,430 --> 01:19:39,240

research do you think and earlier Philip

1806

01:19:43,280 --> 01:19:40,440

mantel said that he didn't really

1807

01:19:44,660 --> 01:19:43,290

believe it would hurt the investigation

1808

01:19:46,790 --> 01:19:44,670

going on he thought it would make it

1809

01:19:49,760 --> 01:19:46,800

more you know the publicity would bring

1810

01:19:51,830 --> 01:19:49,770

more people interested in it I myself

1811

01:19:54,800 --> 01:19:51,840

I'm not really of that opinion I think

1812

01:19:56,870 --> 01:19:54,810

it's kind of a black eye and what's your

1813

01:19:59,000 --> 01:19:56,880

opinion on that I think it's a black eye

1814

01:20:01,340 --> 01:19:59,010

as well I I don't see how it can do

1815

01:20:02,810 --> 01:20:01,350

anything but hurt if we look at the Air

1816

01:20:05,420 --> 01:20:02,820

Force investigation that took place in

1817

01:20:07,850 --> 01:20:05,430

the mid-1990s when they release their

1818

01:20:10,730 --> 01:20:07,860

information most everybody kind of

1819

01:20:12,650 --> 01:20:10,740

laughed at their idea of anthropomorphic

1820

01:20:15,890 --> 01:20:12,660

dummies being dropped from 10 or 15

1821

01:20:19,070 --> 01:20:15,900

years after the events in Roswell today

1822

01:20:21,440 --> 01:20:19,080

we now hear people who say well yeah

1823

01:20:23,960 --> 01:20:21,450

Roger was just this mobile balloon even

1824

01:20:27,290 --> 01:20:23,970

though the documentation chose is not a

1825

01:20:29,480 --> 01:20:27,300

mogul balloon the flight was cancelled

1826

01:20:31,370 --> 01:20:29,490

we have all of that information we still

1827

01:20:34,490 --> 01:20:31,380

have that problem and you can debate

1828

01:20:36,380 --> 01:20:34,500

that I think legitimately among the

1829

01:20:39,050 --> 01:20:36,390

skeptics and the believers and all of

1830

01:20:41,990 --> 01:20:39,060

that you can legitimately debate whether

1831

01:20:45,890 --> 01:20:42,000

or not the Moga bully makes sense but

1832

01:20:49,250 --> 01:20:45,900

here is something that blew up in a

1833

01:20:52,370 --> 01:20:49,260

matter of hours after after people

1834

01:20:55,280 --> 01:20:52,380

received a high quality good

1835

01:20:58,430 --> 01:20:55,290

resolution scan of one of the slides

1836

01:21:01,730 --> 01:20:58,440

within hours it was determined that it

1837

01:21:04,760 --> 01:21:01,740

was a mummy based on what the placard

1838

01:21:09,230 --> 01:21:04,770

said and within 24 hours I think Tony

1839

01:21:13,100 --> 01:21:09,240

magalia had found a listing at Mesa

1840

01:21:14,930 --> 01:21:13,110

Verde in a 1938 publication that talked

1841

01:21:17,900 --> 01:21:14,940

about the return of the money to Mesa

1842

01:21:20,540 --> 01:21:17,910

Verde and the wordage the verbiage

1843

01:21:24,560 --> 01:21:20,550

inside that article matched almost

1844

01:21:26,870 --> 01:21:24,570

exactly the text on the placard that had

1845

01:21:29,840 --> 01:21:26,880

been been uncovered by Kurt and the

1846

01:21:32,540 --> 01:21:29,850

Roswell slides research group and at

1847

01:21:34,820 --> 01:21:32,550

that point it's pretty clear that the

1848

01:21:37,130 --> 01:21:34,830

mummy has been identified we know where

1849

01:21:39,890 --> 01:21:37,140

it was they they have sent said they

1850

01:21:42,220 --> 01:21:39,900

removed all the human remains from their

1851
01:21:44,330 --> 01:21:42,230
displays and have them properly in turn

1852
01:21:47,740 --> 01:21:44,340
which i think is a wonderful thing for

1853
01:21:53,420 --> 01:21:47,750
them to have done but but within within

1854
01:21:55,250 --> 01:21:53,430
little hours of those outside the inner

1855
01:21:58,250 --> 01:21:55,260
circle getting the information they

1856
01:22:00,740 --> 01:21:58,260
needed it was identified exactly what it

1857
01:22:02,780 --> 01:22:00,750
was and I cannot see how that can do

1858
01:22:05,900 --> 01:22:02,790
anything but hurt the entire Roswell

1859
01:22:08,530 --> 01:22:05,910
investigation because it's suggest of

1860
01:22:12,290 --> 01:22:08,540
sloppiness in the investigative process

1861
01:22:14,320 --> 01:22:12,300
that kind of taint all of us because

1862
01:22:18,800 --> 01:22:14,330
because of the way this been played out

1863
01:22:20,180 --> 01:22:18,810

right right you know something I kind of

1864

01:22:23,500 --> 01:22:20,190

threw up in the chat room just to get a

1865

01:22:26,450 --> 01:22:23,510

little discussion going earlier was

1866

01:22:29,060 --> 01:22:26,460

could this I mean there's probably too

1867

01:22:31,760 --> 01:22:29,070

many key people involved but this could

1868

01:22:33,740 --> 01:22:31,770

almost be considered a disinformation

1869

01:22:37,880 --> 01:22:33,750

ploy to make us look like a bunch of

1870

01:22:41,510 --> 01:22:37,890

bozos I mean you know I mean I'm sure it

1871

01:22:44,630 --> 01:22:41,520

isn't but you know I it's pretty clear

1872

01:22:47,120 --> 01:22:44,640

it's not a disinformation ploy I think

1873

01:22:49,100 --> 01:22:47,130

the the I think I always thought of it

1874

01:22:50,990 --> 01:22:49,110

and I said a long time ago that I kind

1875

01:22:53,660 --> 01:22:51,000

of thought of this is alien autopsy

1876

01:22:54,950 --> 01:22:53,670

light because all they had to do is come

1877

01:22:58,670 --> 01:22:54,960

up with a couple of slides you didn't

1878

01:23:02,090 --> 01:22:58,680

have to come up with movie footage and

1879

01:23:03,800 --> 01:23:02,100

and so I I think of it as alien autopsy

1880

01:23:05,550 --> 01:23:03,810

light but there is a documentary that

1881

01:23:10,040 --> 01:23:05,560

was being prepared during the

1882

01:23:14,670 --> 01:23:10,050

time and I think that was the motivation

1883

01:23:18,210 --> 01:23:14,680

for Adam do and his people was to make

1884

01:23:22,650 --> 01:23:18,220

the documentary and so they weren't

1885

01:23:24,960 --> 01:23:22,660

working to resolve what it was with the

1886

01:23:27,420 --> 01:23:24,970

same vigor that that that the left of us

1887

01:23:31,070 --> 01:23:27,430

should have been looking for it so I

1888

01:23:33,930 --> 01:23:31,080

think that's really the motivation is a

1889

01:23:37,140 --> 01:23:33,940

money-making ploy by Adam do and his

1890

01:23:41,360 --> 01:23:37,150

documentary company yeah unfortunately I

1891

01:23:47,220 --> 01:23:45,840

Peggy who helps us with facebook I hope

1892

01:23:49,080 --> 01:23:47,230

you know you're listening right now hope

1893

01:23:51,870 --> 01:23:49,090

she's not going to mad at me but she's

1894

01:23:54,720 --> 01:23:51,880

actually was communicating with with

1895

01:23:56,670 --> 01:23:54,730

Adam do right after this whole thing

1896

01:23:58,230 --> 01:23:56,680

came out and he was emailing her back

1897

01:24:01,620 --> 01:23:58,240

they had conversations going back and

1898

01:24:06,270 --> 01:24:01,630

forth and then once the placard was deep

1899

01:24:08,670 --> 01:24:06,280

lurd he came out strictly just saying

1900

01:24:11,490 --> 01:24:08,680

that you know it was false it was done

1901
01:24:12,780 --> 01:24:11,500
through Photoshop and you know I think

1902
01:24:16,410 --> 01:24:12,790
he's kind of sticking to his guns on

1903
01:24:19,110 --> 01:24:16,420
that and before I move on from that i

1904
01:24:22,380 --> 01:24:19,120
would like to also ask we do what you

1905
01:24:24,240 --> 01:24:22,390
thought of this I'm not trying to sling

1906
01:24:28,260 --> 01:24:24,250
mud but I don't think that hi Mia

1907
01:24:29,700 --> 01:24:28,270
Mulsanne is going to change what he his

1908
01:24:32,700 --> 01:24:29,710
thoughts are on this I think he's going

1909
01:24:33,990 --> 01:24:32,710
to stick to his guns I may be totally

1910
01:24:35,760 --> 01:24:34,000
wrong do you have any input on that

1911
01:24:39,150 --> 01:24:35,770
Kevin the only thing the only thing I

1912
01:24:41,070 --> 01:24:39,160
know and I for him it's true second

1913
01:24:44,370 --> 01:24:41,080

parties I I have not communicated with

1914

01:24:48,240 --> 01:24:44,380

him directly but he seems to be of the

1915

01:24:51,950 --> 01:24:48,250

opinion we have these experts the

1916

01:24:54,780 --> 01:24:51,960

Canadian I think there's three Mexican

1917

01:24:56,940 --> 01:24:54,790

pathologist or medical personnel

1918

01:24:59,280 --> 01:24:56,950

involved in this who said that it's not

1919

01:25:00,660 --> 01:24:59,290

human and he's sticking to that he say

1920

01:25:03,450 --> 01:25:00,670

well how do you explain these guys

1921

01:25:05,070 --> 01:25:03,460

coming to these conclusions and I'm

1922

01:25:08,430 --> 01:25:05,080

thinking they were looking at a freaking

1923

01:25:09,950 --> 01:25:08,440

slide so I'm not sure how they made some

1924

01:25:14,190 --> 01:25:09,960

of these some of these conclusions

1925

01:25:16,380 --> 01:25:14,200

that's where they they are Don Madonn

1926

01:25:17,830 --> 01:25:16,390

Tom caring released a statement

1927

01:25:20,050 --> 01:25:17,840

yesterday

1928

01:25:21,280 --> 01:25:20,060

that I grew up on my blog and I think

1929

01:25:24,700 --> 01:25:21,290

it's been up on a number of other

1930

01:25:26,890 --> 01:25:24,710

locations as well and tom is sticking to

1931

01:25:30,220 --> 01:25:26,900

it as well and it's the same sort of

1932

01:25:33,640 --> 01:25:30,230

attitude but we have the scientist who

1933

01:25:37,540 --> 01:25:33,650

said the it isn't human and my response

1934

01:25:40,780 --> 01:25:37,550

is but we know it is because we found

1935

01:25:43,209 --> 01:25:40,790

the mummy and it didn't take months and

1936

01:25:46,870 --> 01:25:43,219

months of searching once we had the good

1937

01:25:49,209 --> 01:25:46,880

quality scanned it was a matter of hours

1938

01:25:55,050 --> 01:25:49,219

before all of this blew up so he's

1939

01:25:58,510 --> 01:25:55,060

sticking to it tom is I think very very

1940

01:26:00,129 --> 01:25:58,520

disturbed and very very disheartened by

1941

01:26:02,919 --> 01:26:00,139

this whole thing but he's sticking with

1942

01:26:05,830 --> 01:26:02,929

his friends one of his friends being the

1943

01:26:09,160 --> 01:26:05,840

Canadian anthropologist he's sticking

1944

01:26:12,300 --> 01:26:09,170

with their analysis that the thing is

1945

01:26:17,280 --> 01:26:12,310

not human even in light of the fact that

1946

01:26:21,550 --> 01:26:17,290

the the placard has been then be blurred

1947

01:26:24,040 --> 01:26:21,560

Don had said in an email yesterday that

1948

01:26:28,689 --> 01:26:24,050

if it could be verified to independent

1949

01:26:30,910 --> 01:26:28,699

sources that it the pocket is ben de

1950

01:26:33,220 --> 01:26:30,920

blurred then then he would he would step

1951

01:26:35,020 --> 01:26:33,230

up to the plate and I sent him an

1952

01:26:39,550 --> 01:26:35,030

immediate email after i saw that and he

1953

01:26:41,350 --> 01:26:39,560

said Don if not just the waffle slide

1954

01:26:43,300 --> 01:26:41,360

group which you could dismiss if you

1955

01:26:47,229 --> 01:26:43,310

want to because do you thinking of them

1956

01:26:49,570 --> 01:26:47,239

as debunkers or or skeptics but it's a

1957

01:26:51,580 --> 01:26:49,580

lot of other people from at least a half

1958

01:26:55,570 --> 01:26:51,590

a dozen different arenas saying that's

1959

01:26:57,640 --> 01:26:55,580

what it says not to mention the journal

1960

01:27:03,879 --> 01:26:57,650

article have been found and so I think

1961

01:27:08,729 --> 01:27:03,889

God's attitude is we blew it right right

1962

01:27:11,410 --> 01:27:08,739

now you and I spoke just briefly earlier

1963

01:27:14,379 --> 01:27:11,420

later on do you want to talk about your

1964

01:27:15,550 --> 01:27:14,389

conversation you had earlier that was

1965

01:27:18,580 --> 01:27:15,560

that was kind of the crux of the

1966

01:27:21,399 --> 01:27:18,590

conversation was what do we do now don

1967

01:27:23,709 --> 01:27:21,409

was speaking of him and Tom and his

1968

01:27:26,250 --> 01:27:23,719

group what do we do now and my advice

1969

01:27:29,859 --> 01:27:26,260

was released a statement immediately

1970

01:27:30,669 --> 01:27:29,869

that quickly you can put it out about

1971

01:27:33,850 --> 01:27:30,679

what

1972

01:27:36,699 --> 01:27:33,860

happened do not point fingers do not lay

1973

01:27:40,569 --> 01:27:36,709

blame which is basically saying we blew

1974

01:27:44,140 --> 01:27:40,579

it and and I think that's the direction

1975

01:27:46,839 --> 01:27:44,150

he's going to take from my discussion

1976

01:27:48,729 --> 01:27:46,849

with him we'll have to wait and see

1977

01:27:53,739 --> 01:27:48,739

exactly how he says it but from my

1978

01:27:57,100 --> 01:27:53,749

discussions with him he realizes they

1979

01:27:59,109 --> 01:27:57,110

blew it I don't think the blame falls on

1980

01:28:01,390 --> 01:27:59,119

him I think that if you look at it and

1981

01:28:05,109 --> 01:28:01,400

you talk to the people involved in all

1982

01:28:07,330 --> 01:28:05,119

of this they were working off what they

1983

01:28:12,040 --> 01:28:07,340

thought were the best quality scans of

1984

01:28:16,080 --> 01:28:12,050

the slides provided by Adam do and so I

1985

01:28:19,060 --> 01:28:16,090

think that that it's pretty clear that

1986

01:28:21,790 --> 01:28:19,070

one portion of the slide if you could

1987

01:28:23,919 --> 01:28:21,800

see the the placard had been had they

1988

01:28:26,830 --> 01:28:23,929

been manipulated so it could not be d

1989

01:28:29,140 --> 01:28:26,840

blurred by anybody else until those

1990

01:28:34,319 --> 01:28:29,150

those other scans appeared and I think

1991

01:28:39,129 --> 01:28:34,329

it was Kurt who mentioned that they took

1992

01:28:43,029 --> 01:28:39,139

the scan off Adam dudes website after

1993

01:28:45,489 --> 01:28:43,039

this program appeared a played-out and

1994

01:28:47,259 --> 01:28:45,499

it was within a couple of hours they

1995

01:28:48,819 --> 01:28:47,269

were able to see exactly what the

1996

01:28:51,339 --> 01:28:48,829

placard said and there's no question

1997

01:28:53,589 --> 01:28:51,349

that's what it says right hurt the game

1998

01:28:57,399 --> 01:28:53,599

and drop at this point we are it's done

1999

01:29:00,339 --> 01:28:57,409

we know what the slides are exactly you

2000

01:29:02,679 --> 01:29:00,349

know I mean there's just so many things

2001
01:29:04,779 --> 01:29:02,689
you know I don't want to repeat myself

2002
01:29:07,149 --> 01:29:04,789
so I'm not going to but there was just

2003
01:29:09,660 --> 01:29:07,159
so many things in the situation that was

2004
01:29:12,429 --> 01:29:09,670
pointing in that direction anyway Kurt

2005
01:29:14,649 --> 01:29:12,439
how many people were are you aware of

2006
01:29:19,750 --> 01:29:14,659
that did independent separate a

2007
01:29:26,469 --> 01:29:19,760
deblurring of the placard there are

2008
01:29:27,790 --> 01:29:26,479
there quite a few and Christian Ultron

2009
01:29:30,640 --> 01:29:27,800
network we're going to publish a list

2010
01:29:32,620 --> 01:29:30,650
and it actually um Isaac oi put

2011
01:29:34,870 --> 01:29:32,630
something on the love top secret website

2012
01:29:36,819 --> 01:29:34,880
showing how it could be done encourage

2013
01:29:38,280 --> 01:29:36,829

people to try and in fact it once you

2014

01:29:40,590 --> 01:29:38,290

know how to do it and

2015

01:29:44,220 --> 01:29:40,600

the proper settings he said you can do

2016

01:29:46,590 --> 01:29:44,230

it in 90 seconds so its own it but the

2017

01:29:48,480 --> 01:29:46,600

trick is knowing how I can understand

2018

01:29:50,160 --> 01:29:48,490

you know even some of our people you

2019

01:29:52,530 --> 01:29:50,170

know they had they had to work at it and

2020

01:29:55,200 --> 01:29:52,540

some of the early results are really bad

2021

01:29:57,930 --> 01:29:55,210

and the first words that came out were

2022

01:30:00,090 --> 01:29:57,940

made of two and we said aha it's it's

2023

01:30:01,620 --> 01:30:00,100

something that's like a fake made out of

2024

01:30:04,470 --> 01:30:01,630

two different things like a Fiji mermaid

2025

01:30:08,970 --> 01:30:04,480

but as it became clear we saw it was

2026

01:30:11,430 --> 01:30:08,980

over two year old boy and the but to

2027

01:30:14,070 --> 01:30:11,440

answer your question a lot but I don't

2028

01:30:16,980 --> 01:30:14,080

have the numbers and names right in

2029

01:30:21,300 --> 01:30:16,990

front of me but the the threat on 80s

2030

01:30:24,210 --> 01:30:21,310

will show you some of it Jeff Ritzman

2031

01:30:26,970 --> 01:30:24,220

well he did an independent version and

2032

01:30:29,340 --> 01:30:26,980

then once he had done he offered help

2033

01:30:32,100 --> 01:30:29,350

and he he was you know just a day or so

2034

01:30:34,020 --> 01:30:32,110

ago became part of our group and he was

2035

01:30:37,110 --> 01:30:34,030

able to really show us how to refine the

2036

01:30:40,020 --> 01:30:37,120

image and to save it so that it could be

2037

01:30:42,990 --> 01:30:40,030

shared and you know with the technical

2038

01:30:46,410 --> 01:30:43,000

details come with you oh I think a

2039

01:30:49,140 --> 01:30:46,420

fillip mantle I said in in the segment

2040

01:30:52,980 --> 01:30:49,150

with him that it he and his friends had

2041

01:30:54,810 --> 01:30:52,990

done it and now I don't do is saying

2042

01:30:58,260 --> 01:30:54,820

that he hasn't been able to replicate it

2043

01:31:01,110 --> 01:30:58,270

I will say oh this is important I wanted

2044

01:31:03,000 --> 01:31:01,120

to ask up I'm Kevin about Tony bruh

2045

01:31:08,010 --> 01:31:03,010

galleon I don't know him at all except

2046

01:31:09,720 --> 01:31:08,020

for when he's insulted me but he

2047

01:31:12,150 --> 01:31:09,730

published he claimed that what we had

2048

01:31:14,700 --> 01:31:12,160

done was fake and he probably believed

2049

01:31:19,350 --> 01:31:14,710

that at the time but he he published I

2050

01:31:20,730 --> 01:31:19,360

think four or five images scans and I'm

2051
01:31:23,010 --> 01:31:20,740
not a technical guy at all you know I

2052
01:31:24,810 --> 01:31:23,020
barely got this microphone working the

2053
01:31:26,370 --> 01:31:24,820
guys that had it though they looked at

2054
01:31:28,200 --> 01:31:26,380
and they said this has been processed

2055
01:31:30,180 --> 01:31:28,210
this has been bleached out and they were

2056
01:31:32,010 --> 01:31:30,190
trying to make it clearer but this isn't

2057
01:31:34,260 --> 01:31:32,020
something good to work for prom and I

2058
01:31:38,310 --> 01:31:34,270
don't know if they're experts were shown

2059
01:31:41,820 --> 01:31:38,320
anything better but hey we're not that

2060
01:31:44,070 --> 01:31:41,830
and that's the problem Tony told me

2061
01:31:46,200 --> 01:31:44,080
specifically this is the this light or

2062
01:31:48,360 --> 01:31:46,210
the the image they were working from so

2063
01:31:50,460 --> 01:31:48,370

they couldn't possibly be blur it

2064

01:31:51,450 --> 01:31:50,470

because it had been manipulated so they

2065

01:31:53,130 --> 01:31:51,460

couldn't

2066

01:31:55,979 --> 01:31:53,140

I think David rhew diac had the same

2067

01:31:57,840 --> 01:31:55,989

problem and any when you're talking

2068

01:32:00,660 --> 01:31:57,850

about who else has been able to deburr

2069

01:32:02,340 --> 01:32:00,670

it now that Lou diac has gotten a good

2070

01:32:05,220 --> 01:32:02,350

copy of the slide he's been able to be

2071

01:32:07,620 --> 01:32:05,230

blur it as his Frank Warren so with

2072

01:32:09,420 --> 01:32:07,630

Phillip mantle people and everybody else

2073

01:32:11,640 --> 01:32:09,430

you know half a dozen people i'm aware

2074

01:32:15,300 --> 01:32:11,650

of who've done it independently of

2075

01:32:17,310 --> 01:32:15,310

Kurt's group who has done it so if it's

2076

01:32:19,770 --> 01:32:17,320

clear we know what it says and tony was

2077

01:32:22,650 --> 01:32:19,780

the one that actually found the journal

2078

01:32:24,930 --> 01:32:22,660

article that that discussed it as well

2079

01:32:26,820 --> 01:32:24,940

using almost the same words and i know

2080

01:32:29,120 --> 01:32:26,830

at that point tony was extremely

2081

01:32:31,740 --> 01:32:29,130

distressed by the whole the whole thing

2082

01:32:34,020 --> 01:32:31,750

and being being led but they were

2083

01:32:37,380 --> 01:32:34,030

working from scans provided by adam do

2084

01:32:40,620 --> 01:32:37,390

and i am those scans I don't think could

2085

01:32:42,959 --> 01:32:40,630

be de blurred so there was a lot of

2086

01:32:44,729 --> 01:32:42,969

manipulation of the slides going on as

2087

01:32:47,790 --> 01:32:44,739

they were being shared amongst the

2088

01:32:50,610 --> 01:32:47,800

researchers I want to ask a question of

2089

01:32:52,650 --> 01:32:50,620

someone on the message board basically

2090

01:32:55,170 --> 01:32:52,660

said that they're not going to believe

2091

01:32:57,330 --> 01:32:55,180

these were too blurred until they have

2092

01:33:02,280 --> 01:32:57,340

evidence of it anyone want to address

2093

01:33:05,070 --> 01:33:02,290

that I i think i think the point is

2094

01:33:07,860 --> 01:33:05,080

excuse me could I think the point is I

2095

01:33:09,870 --> 01:33:07,870

take a look at what is from the nineteen

2096

01:33:11,280 --> 01:33:09,880

thirty-eight journal article which has

2097

01:33:13,770 --> 01:33:11,290

been sourced so you can look it up

2098

01:33:16,470 --> 01:33:13,780

yourselves I think the people at the

2099

01:33:21,000 --> 01:33:16,480

Museum it Mesa Verde has made some it's

2100

01:33:24,060 --> 01:33:21,010

a makeover yes I have said this was a

2101

01:33:26,130 --> 01:33:24,070

mummy on display in our Museum until we

2102

01:33:28,910 --> 01:33:26,140

removed it because we wanted to treat

2103

01:33:32,640 --> 01:33:28,920

the human remains as we'd expect our own

2104

01:33:35,010 --> 01:33:32,650

family members to be treated so that's

2105

01:33:36,810 --> 01:33:35,020

really kind of a moot point it's not an

2106

01:33:39,209 --> 01:33:36,820

argument of whether the placard says

2107

01:33:43,050 --> 01:33:39,219

what we think it says it's now how did

2108

01:33:45,930 --> 01:33:43,060

we get to this point ok indefinitely had

2109

01:33:48,240 --> 01:33:45,940

I just wanted to say one thing that will

2110

01:33:50,820 --> 01:33:48,250

you know he said better than I could but

2111

01:33:53,100 --> 01:33:50,830

I just want the in an article that I put

2112

01:33:55,740 --> 01:33:53,110

up today I collected the information we

2113

01:33:57,150 --> 01:33:55,750

found another article matching the mummy

2114

01:33:59,870 --> 01:33:57,160

not only describing what was on the

2115

01:34:01,780 --> 01:33:59,880

placard but specific details about the

2116

01:34:03,760 --> 01:34:01,790

part of a blanket around

2117

01:34:06,250 --> 01:34:03,770

the neck and the fact that the lower leg

2118

01:34:08,100 --> 01:34:06,260

was missing and I forget something else

2119

01:34:12,400 --> 01:34:08,110

always I think a third descriptive but

2120

01:34:13,870 --> 01:34:12,410

there's well I suppose some people will

2121

01:34:15,160 --> 01:34:13,880

down anything especially if it's come

2122

01:34:17,560 --> 01:34:15,170

from something they someone they don't

2123

01:34:20,170 --> 01:34:17,570

agree with but the description matches

2124

01:34:23,230 --> 01:34:20,180

the body that's displayed in the Roswell

2125

01:34:24,520 --> 01:34:23,240

slides pictures and the other thing is

2126
01:34:27,370 --> 01:34:24,530
there are people who do believe the

2127
01:34:30,340 --> 01:34:27,380
alien autopsy and realize who made it

2128
01:34:31,630 --> 01:34:30,350
have even said yes we made it and then

2129
01:34:33,280 --> 01:34:31,640
you can't get that yet and there's

2130
01:34:34,990 --> 01:34:33,290
people who believe that so there's going

2131
01:34:38,050 --> 01:34:35,000
to be a small group of people who are

2132
01:34:39,760 --> 01:34:38,060
going to not believe it that it has been

2133
01:34:40,990 --> 01:34:39,770
resolved that we know what it is is

2134
01:34:42,700 --> 01:34:41,000
going to be that group of people who are

2135
01:34:44,350 --> 01:34:42,710
going to reject all the information

2136
01:34:46,060 --> 01:34:44,360
regardless because they want to believe

2137
01:34:48,430 --> 01:34:46,070
here are pictures of alien creatures

2138
01:34:51,460 --> 01:34:48,440

that's right does anyone know who came

2139

01:34:55,060 --> 01:34:51,470

up with the the clear image how that got

2140

01:34:58,960 --> 01:34:55,070

out part of it came from Adam do himself

2141

01:35:01,840 --> 01:34:58,970

off his website so someone actually was

2142

01:35:04,600 --> 01:35:01,850

able to take the image off of Adam Jews

2143

01:35:08,200 --> 01:35:04,610

his own personal website and to blur it

2144

01:35:10,870 --> 01:35:08,210

yeah that's what doesn't make any sense

2145

01:35:12,430 --> 01:35:10,880

to me if he actually was claiming that

2146

01:35:13,720 --> 01:35:12,440

so many people were trying to work on

2147

01:35:16,780 --> 01:35:13,730

this thing and could come up with

2148

01:35:21,100 --> 01:35:16,790

nothing that's a crazy claim to make

2149

01:35:23,110 --> 01:35:21,110

really i'm going to back up to a couple

2150

01:35:25,210 --> 01:35:23,120

things we touched on you mentioned a

2151
01:35:27,460 --> 01:35:25,220
high knee massage he claims to be

2152
01:35:30,580 --> 01:35:27,470
issuing a statement but what is what he

2153
01:35:33,610 --> 01:35:30,590
has said so far indicates the belief

2154
01:35:37,510 --> 01:35:33,620
that even if the placard somehow turns

2155
01:35:40,390 --> 01:35:37,520
out to be correct it's a inconsequential

2156
01:35:43,450 --> 01:35:40,400
and that the body is out of an alien now

2157
01:35:45,580 --> 01:35:43,460
I see so is a disinformation thing no no

2158
01:35:48,250 --> 01:35:45,590
they put a placard in front a mummy

2159
01:35:51,540 --> 01:35:48,260
placard in front of an alien yeah just a

2160
01:35:56,800 --> 01:35:51,550
museum got it wrong dancing an alien I

2161
01:35:59,200 --> 01:35:56,810
love it so wow I can tell them can I ask

2162
01:36:01,690 --> 01:35:59,210
you are you familiar with the the owners

2163
01:36:05,470 --> 01:36:01,700

of the slides of the people that did you

2164

01:36:11,410 --> 01:36:05,480

know that story because it's okay it's

2165

01:36:13,150 --> 01:36:11,420

out now and the oh I don't know the true

2166

01:36:14,470 --> 01:36:13,160

story but I mean I know that the names

2167

01:36:16,060 --> 01:36:14,480

of the people that's all

2168

01:36:17,440 --> 01:36:16,070

I don't know what they're up to but I

2169

01:36:21,310 --> 01:36:17,450

know that it's there's been an effort to

2170

01:36:24,310 --> 01:36:21,320

keep them secret the man is Joseph dicen

2171

01:36:27,700 --> 01:36:24,320

and he's a he's a partner in slime vox

2172

01:36:30,250 --> 01:36:27,710

media the company sister the night he

2173

01:36:32,890 --> 01:36:30,260

got a key with an IT guy yeah he

2174

01:36:35,170 --> 01:36:32,900

designed their website the slide box me

2175

01:36:36,729 --> 01:36:35,180

too what website too so you know I'm

2176

01:36:39,660 --> 01:36:36,739

assuming he's right back there right

2177

01:36:43,840 --> 01:36:39,670

along with them you know all along

2178

01:36:45,220 --> 01:36:43,850

supposedly yeah I only don't know much

2179

01:36:46,930 --> 01:36:45,230

more than that I know that you know was

2180

01:36:48,700 --> 01:36:46,940

his sister there's a story goes foul

2181

01:36:54,970 --> 01:36:48,710

down the slides and she appeared in the

2182

01:36:56,830 --> 01:36:54,980

program be witness the thing that the

2183

01:36:59,740 --> 01:36:56,840

question I won't asked and I haven't

2184

01:37:02,710 --> 01:36:59,750

been able to get answers how do you find

2185

01:37:05,110 --> 01:37:02,720

these slides and then assume that

2186

01:37:08,140 --> 01:37:05,120

they're an alien creature how do you

2187

01:37:11,560 --> 01:37:08,150

make that leap exactly I've been saying

2188

01:37:13,060 --> 01:37:11,570

that since the beginning I don't insult

2189

01:37:14,530 --> 01:37:13,070

these people too much because they've

2190

01:37:16,390 --> 01:37:14,540

done a really good job of shoot

2191

01:37:18,700 --> 01:37:16,400

themselves in the foot but look Kevin

2192

01:37:21,040 --> 01:37:18,710

you know you've investigated all this

2193

01:37:22,420 --> 01:37:21,050

time you've gone out you belong to talk

2194

01:37:25,540 --> 01:37:22,430

to people they claim to done the same

2195

01:37:27,910 --> 01:37:25,550

thing and archaeological digs and you

2196

01:37:30,490 --> 01:37:27,920

know that can be demonstrated but then

2197

01:37:32,350 --> 01:37:30,500

after whatever 20 years you get an email

2198

01:37:34,390 --> 01:37:32,360

from synovitis says I've got a picture

2199

01:37:36,880 --> 01:37:34,400

of an alien you know you can't produce

2200

01:37:39,370 --> 01:37:36,890

with this work and then that just I

2201

01:37:40,840 --> 01:37:39,380

don't know that's I would be highly

2202

01:37:44,800 --> 01:37:40,850

suspicious I know they just said they

2203

01:37:49,750 --> 01:37:44,810

were but I it's probable I think what

2204

01:37:50,979 --> 01:37:49,760

happened here is is decent and do were

2205

01:37:55,660 --> 01:37:50,989

the ones that came forward with the

2206

01:37:59,140 --> 01:37:55,670

slide and approached Tom caring and talk

2207

01:38:01,300 --> 01:37:59,150

to him about it and I know that there

2208

01:38:04,720 --> 01:38:01,310

was some reticence on the part of cherry

2209

01:38:06,640 --> 01:38:04,730

and Schmidt to accept this as an alien

2210

01:38:10,840 --> 01:38:06,650

and what was sort of the convincing

2211

01:38:12,490 --> 01:38:10,850

factor was some of the expert opinion

2212

01:38:15,940 --> 01:38:12,500

saying this is not a mummy this is not a

2213

01:38:17,710 --> 01:38:15,950

human being this is a I think one of the

2214

01:38:21,010 --> 01:38:17,720

guy said it's a creature that evolved on

2215

01:38:25,420 --> 01:38:21,020

another planet and it's more reptilian

2216

01:38:28,240 --> 01:38:25,430

than humans and I think that was part of

2217

01:38:32,340 --> 01:38:28,250

the thing that that convinced them

2218

01:38:38,200 --> 01:38:32,350

here are these experts in human anatomy

2219

01:38:41,470 --> 01:38:38,210

human evolution human biology who were

2220

01:38:44,770 --> 01:38:41,480

saying these sorts of things about the

2221

01:38:48,210 --> 01:38:44,780

picture the the slide and I think that

2222

01:38:51,220 --> 01:38:48,220

went away one a long way of convincing

2223

01:38:56,530 --> 01:38:51,230

the others that there was this was

2224

01:38:58,060 --> 01:38:56,540

something alien and I hardly have a hard

2225

01:39:02,860 --> 01:38:58,070

time wrapping my head around how you

2226

01:39:07,510 --> 01:39:02,870

could be dragged to that point given

2227

01:39:11,710 --> 01:39:07,520

given what we've seen now but by the

2228

01:39:16,210 --> 01:39:11,720

same token they were never given I think

2229

01:39:18,430 --> 01:39:16,220

dawn saw the slides one time in a

2230

01:39:20,650 --> 01:39:18,440

restaurant and he had to use a jeweler's

2231

01:39:22,360 --> 01:39:20,660

loupe to examine them so he didn't get a

2232

01:39:24,160 --> 01:39:22,370

good look at him from that point on they

2233

01:39:28,720 --> 01:39:24,170

worked from scans that were provided by

2234

01:39:29,770 --> 01:39:28,730

do and apparently the scans well as i

2235

01:39:33,250 --> 01:39:29,780

said the scans were apparently

2236

01:39:36,400 --> 01:39:33,260

manipulated and Don had said that he

2237

01:39:38,050 --> 01:39:36,410

didn't he thought the second slide when

2238

01:39:40,270 --> 01:39:38,060

he showed the head he didn't realize it

2239

01:39:43,570 --> 01:39:40,280

was the whole body and he didn't see

2240

01:39:46,240 --> 01:39:43,580

that slide until Tuesday when they were

2241

01:39:49,660 --> 01:39:46,250

in Mexico City so I think there was some

2242

01:39:52,690 --> 01:39:49,670

of that going on and you've got you've

2243

01:39:57,580 --> 01:39:52,700

got other people you got do ambushing a

2244

01:39:59,050 --> 01:39:57,590

90 year old guy in a driveway who is one

2245

01:40:01,990 --> 01:39:59,060

of the only people who claim to have

2246

01:40:05,050 --> 01:40:02,000

seen the bodies back in 1947 ambushing

2247

01:40:07,420 --> 01:40:05,060

him in his driveway and with a camera

2248

01:40:09,340 --> 01:40:07,430

crew trying to get him to say that yeah

2249

01:40:10,930 --> 01:40:09,350

this is what i saw this is exactly what

2250

01:40:13,720 --> 01:40:10,940

I saw as a way of connecting it to the

2251

01:40:14,740 --> 01:40:13,730

Roswell case right you know before I

2252

01:40:16,330 --> 01:40:14,750

just want to make this quick

2253

01:40:19,240 --> 01:40:16,340

announcement because i forgot to say it

2254

01:40:22,630 --> 01:40:19,250

earlier I mentioned that Peggy was in

2255

01:40:24,880 --> 01:40:22,640

communication with Adam do the last

2256

01:40:29,320 --> 01:40:24,890

number of days and we did formally

2257

01:40:30,850 --> 01:40:29,330

invite him on this show and for some

2258

01:40:33,940 --> 01:40:30,860

strange reason we haven't heard back

2259

01:40:36,370 --> 01:40:33,950

from him so I will also tell you that

2260

01:40:37,960 --> 01:40:36,380

that that don and Tom have not heard

2261

01:40:39,990 --> 01:40:37,970

from him in a couple of days too and

2262

01:40:42,070 --> 01:40:40,000

they sent him a number of emails asking

2263

01:40:45,280 --> 01:40:42,080

questions about things and

2264

01:40:49,510 --> 01:40:45,290

they were gone do and decent of God

2265

01:40:52,510 --> 01:40:49,520

silence yeah yep I believe that totally

2266

01:40:55,150 --> 01:40:52,520

believe that we contacted him as soon as

2267

01:40:57,220 --> 01:40:55,160

we had our results was this one had the

2268

01:40:58,930 --> 01:40:57,230

top line there was that their first two

2269

01:41:00,940 --> 01:40:58,940

things we could read well I think what

2270

01:41:02,770 --> 01:41:00,950

most people get on the first try and

2271

01:41:04,690 --> 01:41:02,780

that's the top line and then to San

2272

01:41:07,060 --> 01:41:04,700

Francisco it takes a lot of work to get

2273

01:41:09,130 --> 01:41:07,070

the rest of it and hurling results we

2274

01:41:11,020 --> 01:41:09,140

had a bunch of things blacked out but we

2275

01:41:14,020 --> 01:41:11,030

send it to we send it to Adam and said

2276

01:41:18,240 --> 01:41:14,030

you know what's going on and even

2277

01:41:21,700 --> 01:41:18,250

applied your Photoshop work is not good

2278

01:41:24,040 --> 01:41:21,710

even visually it is obvious so he

2279

01:41:26,110 --> 01:41:24,050

rejected it you know since called it

2280

01:41:29,530 --> 01:41:26,120

called it fake and as flowers and things

2281

01:41:31,720 --> 01:41:29,540

like that well when he called us

2282

01:41:33,430 --> 01:41:31,730

internet trolls to so which it was

2283

01:41:35,530 --> 01:41:33,440

probably true for some of the guys some

2284

01:41:38,200 --> 01:41:35,540

of the time if you read much of Lance

2285

01:41:42,250 --> 01:41:38,210

mute moody's communication but you know

2286

01:41:44,440 --> 01:41:42,260

he's got a softer side to some Frank

2287

01:41:47,500 --> 01:41:44,450

keep telling him he needs to talk down

2288

01:41:50,350 --> 01:41:47,510

the rhetoric in the comment section yes

2289

01:41:53,740 --> 01:41:50,360

yes but we know that's up to our own

2290

01:41:57,130 --> 01:41:53,750

comments um so you know this was really

2291

01:41:59,260 --> 01:41:57,140

born in on a blog I mean that's how the

2292

01:42:01,120 --> 01:41:59,270

story in the interest i mean i have to

2293

01:42:03,550 --> 01:42:01,130

admit that's why I got into it started

2294

01:42:05,530 --> 01:42:03,560

talking about with the guys in all these

2295

01:42:07,480 --> 01:42:05,540

stories at rich Reynolds and it seemed

2296

01:42:09,910 --> 01:42:07,490

like he really filled the debate and

2297

01:42:16,210 --> 01:42:09,920

then once it blew up he deleted all his

2298

01:42:17,800 --> 01:42:16,220

material on it well you'll have to

2299

01:42:23,860 --> 01:42:17,810

discuss with Bruce Reynolds with rich

2300

01:42:28,300 --> 01:42:23,870

Reynolds so the way that story got out

2301

01:42:32,170 --> 01:42:28,310

is always bothered me because apparently

2302

01:42:34,710 --> 01:42:32,180

from from what I've been told somebody

2303

01:42:37,960 --> 01:42:34,720

had gone to Midland to research the Rays

2304

01:42:39,250 --> 01:42:37,970

and someone overheard a conversation and

2305

01:42:40,960 --> 01:42:39,260

they were talking about this and called

2306

01:42:43,450 --> 01:42:40,970

Nick Redfern and gave him some of the

2307

01:42:45,070 --> 01:42:43,460

information and Redford was the one that

2308

01:42:48,220 --> 01:42:45,080

gave it to its rentals and he was a

2309

01:42:49,900 --> 01:42:48,230

woman published it on his blog so that

2310

01:42:52,750 --> 01:42:49,910

was that was how I first think about it

2311

01:42:56,770 --> 01:42:52,760

was when Reynold published it on in blog

2312

01:42:58,990 --> 01:42:56,780

but according to other information I've

2313

01:43:02,320 --> 01:42:59,000

got now is it was beef and who was down

2314

01:43:05,350 --> 01:43:02,330

in Midland trying looking into the Rays

2315

01:43:07,600 --> 01:43:05,360

and I'm just wondering if there was an

2316

01:43:09,610 --> 01:43:07,610

actual trip to Midland to look into the

2317

01:43:13,420 --> 01:43:09,620

background of the Rays and if decent or

2318

01:43:17,010 --> 01:43:13,430

somebody just didn't call Nick Redfern

2319

01:43:19,360 --> 01:43:17,020

to kind of stir the pot keep them going

2320

01:43:21,190 --> 01:43:19,370

that's a question up on the message

2321

01:43:23,640 --> 01:43:21,200

board and either one of you can answer

2322

01:43:29,740 --> 01:43:23,650

it if you'd like do you believe that

2323

01:43:32,110 --> 01:43:29,750

Kerry Schmidt umbra gaelia etc Jaime all

2324

01:43:36,670 --> 01:43:32,120

of them do you think they are still

2325

01:43:39,210 --> 01:43:36,680

credible researchers well i'm going to

2326

01:43:43,120 --> 01:43:39,220

say no but i'm going to leave it then

2327

01:43:44,860 --> 01:43:43,130

and what your do you hear better vote

2328

01:43:48,340 --> 01:43:44,870

their credibility has taken a major hit

2329

01:43:51,340 --> 01:43:48,350

and you did no way to deny it because of

2330

01:43:53,440 --> 01:43:51,350

of what has happened i mean if you go

2331

01:43:55,510 --> 01:43:53,450

back and you look at the statements they

2332

01:43:58,440 --> 01:43:55,520

made publicly you go back and look at

2333

01:44:01,360 --> 01:43:58,450

the statements that were on the internet

2334

01:44:02,770 --> 01:44:01,370

the documentaries they put out some of

2335

01:44:06,010 --> 01:44:02,780

the stuff that Jaime had put out as a

2336

01:44:07,660 --> 01:44:06,020

publicity for these the program and you

2337

01:44:09,610 --> 01:44:07,670

you listen to those statements and you

2338

01:44:12,640 --> 01:44:09,620

compare it with what we know now the

2339

01:44:17,380 --> 01:44:12,650

credibility has taken a major hit and I

2340

01:44:19,780 --> 01:44:17,390

think I think Don and Tom both know that

2341

01:44:22,600 --> 01:44:19,790

I think ponies has taken a lesser yet

2342

01:44:25,300 --> 01:44:22,610

simply because he is now on the record

2343

01:44:27,820 --> 01:44:25,310

as freeing yeah it's a money so his

2344

01:44:29,590 --> 01:44:27,830

credibility isn't damaged as much but it

2345

01:44:33,100 --> 01:44:29,600

clearly it had to have damaged their

2346

01:44:36,730 --> 01:44:33,110

credibility right right and what about

2347

01:44:38,710 --> 01:44:36,740

accountability and when I say that you

2348

01:44:40,420 --> 01:44:38,720

know someone was suggesting you know at

2349

01:44:43,060 --> 01:44:40,430

least these people should get a refund

2350

01:44:44,620 --> 01:44:43,070

and I know you know perhaps it could

2351
01:44:47,080 --> 01:44:44,630
make someone go bankrupt with all the

2352
01:44:50,980 --> 01:44:47,090
expenses but anyone want to chime in on

2353
01:44:54,310 --> 01:44:50,990
that is complicated you know if the

2354
01:44:55,900 --> 01:44:54,320
thing is if they had not it would have

2355
01:44:57,790 --> 01:44:55,910
never come together without the slides

2356
01:44:59,380 --> 01:44:57,800
they presented some information on

2357
01:45:01,900 --> 01:44:59,390
Roswell but it's tainted by everything

2358
01:45:03,490 --> 01:45:01,910
else you know I think as far as it being

2359
01:45:03,850 --> 01:45:03,500
connect with raw as well you know you

2360
01:45:05,320 --> 01:45:03,860
can't

2361
01:45:08,920 --> 01:45:05,330
going all the way and it does put a

2362
01:45:10,630 --> 01:45:08,930
stink on it but you know personally well

2363
01:45:14,440 --> 01:45:10,640

I'd only get into I'm not that

2364

01:45:16,510 --> 01:45:14,450

interested in Roswell but um as a show

2365

01:45:19,390 --> 01:45:16,520

it was like Kevin's on the other side

2366

01:45:21,310 --> 01:45:19,400

right all I do i do you know what I

2367

01:45:23,320 --> 01:45:21,320

respect his work look with Roswell all I

2368

01:45:24,760 --> 01:45:23,330

can say about it is you know even if you

2369

01:45:27,040 --> 01:45:24,770

disagree with it there are things to

2370

01:45:30,280 --> 01:45:27,050

examine investigate and everything and

2371

01:45:32,680 --> 01:45:30,290

you know if if there's a UFO case first

2372

01:45:34,690 --> 01:45:32,690

of all you want there to be a UFO the

2373

01:45:37,030 --> 01:45:34,700

story that actually have one you want

2374

01:45:39,400 --> 01:45:37,040

there to you know it's the first thing

2375

01:45:41,380 --> 01:45:39,410

you have to have is a UFO report and I

2376

01:45:42,490 --> 01:45:41,390

don't consider a picture or UFO report

2377

01:45:44,620 --> 01:45:42,500

because you're going to have a picture

2378

01:45:46,300 --> 01:45:44,630

of a board thing or a bird or something

2379

01:45:48,910 --> 01:45:46,310

like that and that no one actually saw

2380

01:45:51,670 --> 01:45:48,920

and shows up in a picture so what's key

2381

01:45:53,710 --> 01:45:51,680

to a UFO report is a person and it can

2382

01:45:54,730 --> 01:45:53,720

be supported by a picture you know when

2383

01:45:57,010 --> 01:45:54,740

you've got something to talk about

2384

01:45:59,350 --> 01:45:57,020

documents all that helps but you know

2385

01:46:01,210 --> 01:45:59,360

this was this was a picture and from the

2386

01:46:03,070 --> 01:46:01,220

picture they tried to make a story

2387

01:46:04,510 --> 01:46:03,080

around it and I said okay well here's a

2388

01:46:10,150 --> 01:46:04,520

picture this looks like Mamie Eisenhower

2389

01:46:12,850 --> 01:46:10,160

you know and it was it was the first

2390

01:46:16,690 --> 01:46:12,860

step in the trip was false the journey

2391

01:46:19,000 --> 01:46:16,700

ended up in a false direction so I don't

2392

01:46:21,190 --> 01:46:19,010

remember what started talking about but

2393

01:46:23,620 --> 01:46:21,200

that's is that all the time so it's okay

2394

01:46:26,470 --> 01:46:23,630

that's the time you're getting old yeah

2395

01:46:27,940 --> 01:46:26,480

i was gonna interrupt just to say that

2396

01:46:29,800 --> 01:46:27,950

rozell is a nice little town so you

2397

01:46:32,770 --> 01:46:29,810

shouldn't be uninterested in Roswell

2398

01:46:34,810 --> 01:46:32,780

it's a nice little town but that's a

2399

01:46:36,070 --> 01:46:34,820

whole other argument yeah well you know

2400

01:46:38,650 --> 01:46:36,080

some people would say we should be

2401

01:46:40,180 --> 01:46:38,660

talking about corona so anyway well

2402

01:46:42,640 --> 01:46:40,190

thank you was corona didn't have their

2403

01:46:45,820 --> 01:46:42,650

reputation smeared there's another

2404

01:46:48,250 --> 01:46:45,830

there's another question up here the

2405

01:46:50,320 --> 01:46:48,260

suggestion is the suggestion correct

2406

01:46:52,360 --> 01:46:50,330

that the first release of information

2407

01:46:55,690 --> 01:46:52,370

about the slides may have come from rich

2408

01:46:59,800 --> 01:46:55,700

Reynolds site wasn't carry the first

2409

01:47:02,650 --> 01:46:59,810

person contacted I'm not sure that's

2410

01:47:04,300 --> 01:47:02,660

true there may have been somebody else

2411

01:47:09,430 --> 01:47:04,310

contacted first and I'm trying to verify

2412

01:47:12,040 --> 01:47:09,440

that I say but but even so the first

2413

01:47:15,160 --> 01:47:12,050

public information came from a troubled

2414

01:47:16,940 --> 01:47:15,170

site so that that we the public learned

2415

01:47:19,250 --> 01:47:16,950

about the slides at

2416

01:47:22,880 --> 01:47:19,260

point and and the the public

2417

01:47:26,900 --> 01:47:22,890

investigation began from that point but

2418

01:47:29,210 --> 01:47:26,910

there was little that came out of the

2419

01:47:31,130 --> 01:47:29,220

slides camp and I know Tom and Don

2420

01:47:34,790 --> 01:47:31,140

signed non-disclosure agreements and

2421

01:47:36,740 --> 01:47:34,800

they worked very hard to honor those

2422

01:47:38,930 --> 01:47:36,750

agreements well it didn't then also

2423

01:47:41,750 --> 01:47:38,940

torpedo the whole thing the fact that

2424

01:47:43,790 --> 01:47:41,760

they couldn't share information I think

2425

01:47:46,220 --> 01:47:43,800

so right i think the ones of the one

2426

01:47:50,080 --> 01:47:46,230

lesson to be taken away from this is

2427

01:47:53,900 --> 01:47:50,090

that had the information be been shared

2428

01:47:55,550 --> 01:47:53,910

sooner well the course the presentation

2429

01:47:57,350 --> 01:47:55,560

in New Mexican Mexico City wouldn't have

2430

01:47:59,990 --> 01:47:57,360

taken place because we all have the

2431

01:48:02,570 --> 01:48:00,000

answers and I think that what we should

2432

01:48:05,650 --> 01:48:02,580

take away from this is and it doesn't

2433

01:48:07,520 --> 01:48:05,660

need to be any kind of a thermalized

2434

01:48:09,680 --> 01:48:07,530

coalition but there should be a loosely

2435

01:48:12,620 --> 01:48:09,690

based coalition of people who are

2436

01:48:14,270 --> 01:48:12,630

interested enough in the topic that we

2437

01:48:17,120 --> 01:48:14,280

say well we've got this case can you

2438

01:48:18,980 --> 01:48:17,130

help me solve it or you know what what

2439

01:48:20,840 --> 01:48:18,990

you make of this what is your area of

2440

01:48:24,260 --> 01:48:20,850

expertise going to help me understand

2441

01:48:26,300 --> 01:48:24,270

more about this cage and that sort of

2442

01:48:28,130 --> 01:48:26,310

what has happened with the look at the

2443

01:48:30,680 --> 01:48:28,140

slides but it's something that should go

2444

01:48:33,920 --> 01:48:30,690

on we should facilitate that so that we

2445

01:48:35,600 --> 01:48:33,930

have that sharing of information without

2446

01:48:38,300 --> 01:48:35,610

everybody sort of sitting on their

2447

01:48:41,780 --> 01:48:38,310

little piece of it and people had

2448

01:48:43,910 --> 01:48:41,790

criticized lens Springfield for his

2449

01:48:45,500 --> 01:48:43,920

status reports but that was kind of what

2450

01:48:47,900 --> 01:48:45,510

he was doing i have this piece of

2451

01:48:51,410 --> 01:48:47,910

information I don't know that much about

2452

01:48:53,150 --> 01:48:51,420

it but I'm hoping that if I publish this

2453

01:48:56,600 --> 01:48:53,160

somebody else who knows something about

2454

01:48:58,580 --> 01:48:56,610

it will be able to resolve this case and

2455

01:49:00,170 --> 01:48:58,590

I think you know that's that's kind of

2456

01:49:02,530 --> 01:49:00,180

what we ought to take away from this is

2457

01:49:05,870 --> 01:49:02,540

we need that create this this a

2458

01:49:07,850 --> 01:49:05,880

community a real community coalition

2459

01:49:09,950 --> 01:49:07,860

that will look at these things without

2460

01:49:11,900 --> 01:49:09,960

saying I can't believe you because your

2461

01:49:14,030 --> 01:49:11,910

Lance new moody and you're a skeptic or

2462

01:49:15,590 --> 01:49:14,040

I can't believe you because you're Kevin

2463

01:49:17,240 --> 01:49:15,600

Randall and you're a believer and this

2464

01:49:19,760 --> 01:49:17,250

sort of thing it's what is your

2465

01:49:23,750 --> 01:49:19,770

expertise can you help us understand

2466

01:49:26,180 --> 01:49:23,760

this further I totally agree that sounds

2467

01:49:27,310 --> 01:49:26,190

great you know this then how much time

2468

01:49:28,149 --> 01:49:27,320

we've got but I would

2469

01:49:30,609 --> 01:49:28,159

if you think you talked about

2470

01:49:33,160 --> 01:49:30,619

accountability okay well you talk about

2471

01:49:35,589 --> 01:49:33,170

accountability you know this is a long

2472

01:49:37,540 --> 01:49:35,599

up there's a lot of people agitated and

2473

01:49:40,450 --> 01:49:37,550

you know some people are are driven to

2474

01:49:43,990 --> 01:49:40,460

to malaise I think other people are

2475

01:49:45,700 --> 01:49:44,000

driving to mania and you know it's cause

2476

01:49:47,560 --> 01:49:45,710

of fear there's been a backlash some

2477

01:49:50,260 --> 01:49:47,570

people or it sounds like the cone for

2478

01:49:51,790 --> 01:49:50,270

Richard Dolan's head and I think you

2479

01:49:54,510 --> 01:49:51,800

know it was wondering it's like in some

2480

01:49:56,589 --> 01:49:54,520

ways you know he's a historian and is

2481

01:49:58,600 --> 01:49:56,599

you know some people rightly or wrongly

2482

01:50:02,169 --> 01:49:58,610

look at public figures as role models

2483

01:50:04,089 --> 01:50:02,179

man by appearing at some events like

2484

01:50:07,959 --> 01:50:04,099

this and others that are fairly

2485

01:50:10,990 --> 01:50:07,969

questionable hitam i'm wondering if fun

2486

01:50:13,660 --> 01:50:11,000

well i kind of look at him as a Pied

2487

01:50:18,819 --> 01:50:13,670

Piper I think he's leading people in the

2488

01:50:20,979 --> 01:50:18,829

wrong direction Kevin did you want to

2489

01:50:22,959 --> 01:50:20,989

comment on I mean number a number of

2490

01:50:25,209 --> 01:50:22,969

years ago I was at a convention in

2491

01:50:27,430 --> 01:50:25,219

Phoenix Arizona that I want to because I

2492

01:50:29,140 --> 01:50:27,440

wanted to go to mesa de cv to look for

2493

01:50:33,189 --> 01:50:29,150

the lost Adam diggings and I didn't find

2494

01:50:35,080 --> 01:50:33,199

it but one of the reporters there said

2495

01:50:37,569 --> 01:50:35,090

to me that I found it fairly credible I

2496

01:50:39,280 --> 01:50:37,579

don't know what I'd done them doing on

2497

01:50:41,950 --> 01:50:39,290

that opinion but but that's what she

2498

01:50:43,629 --> 01:50:41,960

said doesn't it hurt your credibility to

2499

01:50:46,959 --> 01:50:43,639

show up at a venue with some of these

2500

01:50:50,200 --> 01:50:46,969

other people and I said if we do not

2501
01:50:52,689 --> 01:50:50,210
show up to give the credible side of the

2502
01:50:56,290 --> 01:50:52,699
story then it looks like everything is

2503
01:50:58,419 --> 01:50:56,300
sort of in the world of whoo and so we

2504
01:51:00,010 --> 01:50:58,429
kind of have an obligation to present a

2505
01:51:01,810 --> 01:51:00,020
more credible scientific point of view

2506
01:51:04,030 --> 01:51:01,820
than some of these other people whose

2507
01:51:05,950 --> 01:51:04,040
credibility isn't the greatest and I'm

2508
01:51:09,760 --> 01:51:05,960
thinking specifically Harley bird who

2509
01:51:11,890 --> 01:51:09,770
was at one pointing the nephew of

2510
01:51:13,780 --> 01:51:11,900
Admiral Byrd and then pretty soon he

2511
01:51:16,060 --> 01:51:13,790
became a grandson of Admiral Byrd so he

2512
01:51:19,359 --> 01:51:16,070
got promoted in that way but Harley bird

2513
01:51:21,520 --> 01:51:19,369

was one of the people there and not

2514

01:51:23,140 --> 01:51:21,530

presenting the most credible programming

2515

01:51:25,479 --> 01:51:23,150

and so we have to look at it from that

2516

01:51:28,540 --> 01:51:25,489

point of view too you know if we have if

2517

01:51:33,470 --> 01:51:28,550

we all boycott those venues than the we

2518

01:51:38,090 --> 01:51:36,470

I have absolutely no idea how that just

2519

01:51:40,370 --> 01:51:38,100

happened everyone i had politan choice

2520

01:51:42,620 --> 01:51:40,380

this has been one of those shows I'm not

2521

01:51:45,830 --> 01:51:42,630

even on anywhere that could have been

2522

01:51:47,450 --> 01:51:45,840

clicked so I apologize for that we only

2523

01:51:49,700 --> 01:51:47,460

have I think we only have a couple

2524

01:51:53,660 --> 01:51:49,710

minutes left here and I'm waiting for a

2525

01:51:56,090 --> 01:51:53,670

countdown and so and there was so much

2526
01:51:57,500 --> 01:51:56,100
more I wanted to say because this you

2527
01:51:58,700 --> 01:51:57,510
know it just seems like it's short I'm

2528
01:52:02,060 --> 01:51:58,710
not really going to talk about this

2529
01:52:06,050 --> 01:52:02,070
anymore after tonight but you know being

2530
01:52:09,340 --> 01:52:06,060
in the antique estate sale business and

2531
01:52:11,479 --> 01:52:09,350
all that okay we have one minute left I

2532
01:52:13,760 --> 01:52:11,489
understand how this person that

2533
01:52:15,020 --> 01:52:13,770
originally got it looked through and

2534
01:52:16,580 --> 01:52:15,030
thought they had something special but

2535
01:52:18,830 --> 01:52:16,590
when they came to that particular slide

2536
01:52:21,110 --> 01:52:18,840
I can't imagine how they thought well

2537
01:52:23,570 --> 01:52:21,120
that's an alien slide and and someone

2538
01:52:26,840 --> 01:52:23,580

that does estate sales they're going to

2539

01:52:28,820 --> 01:52:26,850

they're going to want to have they're

2540

01:52:29,930 --> 01:52:28,830

going to want to make money so I'm sure

2541

01:52:32,990 --> 01:52:29,940

that's how this whole thing was

2542

01:52:35,000 --> 01:52:33,000

perpetuated and we only have like 30

2543

01:52:36,740 --> 01:52:35,010

seconds left if anyone wants to quickly

2544

01:52:40,400 --> 01:52:36,750

comment on that well I just well yeah I

2545

01:52:42,410 --> 01:52:40,410

want to encourage Kevin to write up the

2546

01:52:46,340 --> 01:52:42,420

sentiments he just expressed about

2547

01:52:48,740 --> 01:52:46,350

sharing information and the the secrecy

2548

01:52:51,620 --> 01:52:48,750

was a problem in this I think yet you

2549

01:52:53,360 --> 01:52:51,630

know a lot of progress can be made by

2550

01:52:57,470 --> 01:52:53,370

sharing information and listen to other

2551

01:52:59,300 --> 01:52:57,480

people and I think that that is the the

2552

01:53:01,460 --> 01:52:59,310

sad lesson in this and the way to start

2553

01:53:03,710 --> 01:53:01,470

rebuilding the credibility of the UFO

2554

01:53:07,100 --> 01:53:03,720

field all right I wish we could talk

2555

01:53:08,720 --> 01:53:07,110

longer everyone we have to wrap it up

2556

01:53:11,479 --> 01:53:08,730

for tonight thanks both you very much

2557

01:53:12,920 --> 01:53:11,489

for being on and Kevin I want you back

2558

01:53:14,750 --> 01:53:12,930

on the show again Curt you've been on a

2559

01:53:16,970 --> 01:53:14,760

few times and always you're always

2560

01:53:18,890 --> 01:53:16,980

welcome so that's it for our show

2561

01:53:21,470 --> 01:53:18,900

tonight I want to thank everyone for

2562

01:53:24,170 --> 01:53:21,480

helping out next week we have erich von

2563

01:53:26,540 --> 01:53:24,180

daniken on i'm pretty excited about that

2564

01:53:29,780 --> 01:53:26,550

and after that well that's our one hour

2565

01:53:31,729 --> 01:53:29,790

to we have Barbara Harris and when thank

2566

01:53:33,710 --> 01:53:31,739

everyone for helping out Peggy shunning

2567

01:53:35,810 --> 01:53:33,720

for managing the post book the facebook

2568

01:53:39,350 --> 01:53:35,820

page a post book that's a pretty good

2569

01:53:42,470 --> 01:53:39,360

one and I want to thank let's see Carrie

2570

01:53:44,810 --> 01:53:42,480

Lloyd White House and Bruce ranier for

2571

01:53:46,490 --> 01:53:44,820

the music and if you check out our

2572

01:53:47,240 --> 01:53:46,500

website we have a new blog just went up

2573

01:53:49,850 --> 01:53:47,250

Michael

2574

01:53:52,160 --> 01:53:49,860

loke just wrote a blog it's on NASA and

2575

01:53:55,580 --> 01:53:52,170

ancient aliens and thank you all very

2576

01:53:58,670 --> 01:53:55,590

much in looking forward to being back

2577

01:54:01,100 --> 01:53:58,680

next week same time Wednesday out Dark
