

1
00:00:04,160 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:05,360 --> 00:00:04,170
triangle you know there's explanation

3
00:00:07,309 --> 00:00:05,370
for everything that occurred in the

4
00:00:09,799 --> 00:00:07,319
rendlesham forest incident that doesn't

5
00:00:13,190 --> 00:00:09,809
involve aliens at all it was completely

6
00:00:16,039 --> 00:00:13,200
silent it comes right over our head it's

7
00:00:17,660 --> 00:00:16,049
so a classic flying-saucer really

8
00:00:19,400 --> 00:00:17,670
standing in the clearing he turned over

9
00:00:20,779 --> 00:00:19,410
to my father and held his hand and he

10
00:00:27,380 --> 00:00:20,789
looked in his eyes and said we're not

11
00:00:30,290 --> 00:00:27,390
alone welcome to Podcast UFO for our

12
00:00:32,510 --> 00:00:30,300
live show we're live every wednesday at

13
00:00:34,760 --> 00:00:32,520

eight pm eastern standard time on the

14

00:00:36,790 --> 00:00:34,770

Dark Matter radio network please

15

00:00:40,760 --> 00:00:36,800

remember to visit the website podcast

16

00:00:43,250 --> 00:00:40,770

UFO calm for past episodes blogs and

17

00:00:45,290 --> 00:00:43,260

forums during the show feel free to

18

00:00:47,720 --> 00:00:45,300

participate live in our chat room and

19

00:00:51,709 --> 00:00:47,730

don't forget to Like us on our very

20

00:00:53,389 --> 00:00:51,719

active Facebook page hello and welcome

21

00:00:56,689 --> 00:00:53,399

to the show this is Martin will assure

22

00:00:59,630 --> 00:00:56,699

host we have alejandro rojas coming up

23

00:01:02,060 --> 00:00:59,640

with the news in just a bit tonight we

24

00:01:05,299 --> 00:01:02,070

have two guests our one is the one and

25

00:01:08,330 --> 00:01:05,309

only Erich von Daniken and that's a

26
00:01:11,240 --> 00:01:08,340
pre-recorded show because in theory he's

27
00:01:14,480 --> 00:01:11,250
sleeping right now in Switzerland as it

28
00:01:16,460 --> 00:01:14,490
is the middle of the night our two we

29
00:01:18,560 --> 00:01:16,470
have Barbara Harris she's going to be

30
00:01:22,730 --> 00:01:18,570
live and we're going to be talking about

31
00:01:25,249 --> 00:01:22,740
the contactees of yesteryear should be

32
00:01:27,770 --> 00:01:25,259
an interesting topic there's some really

33
00:01:30,530 --> 00:01:27,780
fringy stuff involved in that we'll see

34
00:01:33,050 --> 00:01:30,540
how that goes both of these fine people

35
00:01:36,170 --> 00:01:33,060
can be seen at contact in the desert

36
00:01:40,069 --> 00:01:36,180
joshua tree out in California and that's

37
00:01:42,230 --> 00:01:40,079
may 29th through the 31st coming right

38
00:01:44,840 --> 00:01:42,240

up well I want to thank everyone for

39

00:01:48,350 --> 00:01:44,850

their support and I'd like to thank

40

00:01:53,389 --> 00:01:48,360

people like mr. Davis mr. Allen Mr

41

00:01:56,420 --> 00:01:53,399

Sanders miss Colleen miss Nelson mr.

42

00:01:58,969 --> 00:01:56,430

Marsh mr. Sanderson mr. Sikora mr.

43

00:02:01,399 --> 00:01:58,979

Jacobson and many more I'll mention some

44

00:02:04,310 --> 00:02:01,409

more next week and if you want to hear

45

00:02:08,479 --> 00:02:04,320

the second part of the show just go to

46

00:02:10,580 --> 00:02:08,489

our podcast podcast UFO calm and right

47

00:02:13,330 --> 00:02:10,590

on the sidebar you will see how to do

48

00:02:15,970 --> 00:02:13,340

that that's get joy ride you can use

49

00:02:19,690 --> 00:02:15,980

private link in itunes and all kinds of

50

00:02:25,000 --> 00:02:19,700

or any type of play media i should say

51
00:02:27,910 --> 00:02:25,010
player media and it's slam dunk it's

52
00:02:30,820 --> 00:02:27,920
pretty easy so far only a dollar or more

53
00:02:32,979 --> 00:02:30,830
perdon month you can help us out help us

54
00:02:35,710 --> 00:02:32,989
pay expenses and some of those expenses

55
00:02:38,710 --> 00:02:35,720
are some nice blogs we have one coming

56
00:02:40,780 --> 00:02:38,720
right up with michael luke great writer

57
00:02:42,490 --> 00:02:40,790
he's going to be providing us with some

58
00:02:47,050 --> 00:02:42,500
interesting blog so check out our

59
00:02:50,110 --> 00:02:47,060
website again podcast UFO calm and with

60
00:02:52,839 --> 00:02:50,120
no further ado we are having alejandro

61
00:02:55,750 --> 00:02:52,849
rojas he's back from vacation rested and

62
00:02:57,690 --> 00:02:55,760
ready to go how are you alejandro i am

63
00:03:00,610 --> 00:02:57,700

doing well I've got a bit of a cold

64

00:03:03,339 --> 00:03:00,620

super busy had a lot to catch up on and

65

00:03:05,110 --> 00:03:03,349

since I've been back luckily I didn't

66

00:03:06,460 --> 00:03:05,120

catch the cold until like the last day

67

00:03:09,400 --> 00:03:06,470

of the trip actually during the

68

00:03:11,559 --> 00:03:09,410

traveling day so didn't ruin my trip at

69

00:03:14,309 --> 00:03:11,569

all which was amazing and hopefully

70

00:03:17,410 --> 00:03:14,319

people follow me on Facebook and Twitter

71

00:03:20,080 --> 00:03:17,420

you know you can find my stuff at open

72

00:03:24,190 --> 00:03:20,090

mindset TV it's a stroll ATR on Twitter

73

00:03:26,050 --> 00:03:24,200

and just alejandro on facebook because i

74

00:03:28,449 --> 00:03:26,060

post you know pictures and stuff like

75

00:03:30,190 --> 00:03:28,459

that if people are interested in people

76

00:03:35,410 --> 00:03:30,200

some people might be like a little I

77

00:03:37,839 --> 00:03:35,420

care but yeah well you know I had a day

78

00:03:40,180 --> 00:03:37,849

I was at an antique fair and a fan came

79

00:03:42,280 --> 00:03:40,190

over to actually see me fan of the show

80

00:03:45,220 --> 00:03:42,290

and he said he's really dying to meet

81

00:03:48,220 --> 00:03:45,230

you someday Oh that'd be great I love

82

00:03:51,250 --> 00:03:48,230

meeting listeners in fact i'll be going

83

00:03:52,390 --> 00:03:51,260

to contact in a desert oh yeah just not

84

00:03:54,250 --> 00:03:52,400

this weekend maybe we could talk more

85

00:03:57,640 --> 00:03:54,260

about that next week but in a couple

86

00:03:59,379 --> 00:03:57,650

weeks so people can meet me there some

87

00:04:01,559 --> 00:03:59,389

other stuff like MUFON coming up to

88

00:04:04,409 --> 00:04:01,569

Travis Walton conference stuff like that

89

00:04:07,360 --> 00:04:04,419

right so you know before we move along

90

00:04:11,770 --> 00:04:07,370

it is time for me pick out the

91

00:04:13,300 --> 00:04:11,780

ten-dollar or more t-shirt thing so the

92

00:04:15,670 --> 00:04:13,310

only thing is if I pick out the same

93

00:04:18,520 --> 00:04:15,680

person I've already sent one to they

94

00:04:20,710 --> 00:04:18,530

will not I'll have to pick someone else

95

00:04:23,320 --> 00:04:20,720

so if anyone supports the show for ten

96

00:04:25,330 --> 00:04:23,330

dollars or more per month it's our once

97

00:04:26,860 --> 00:04:25,340

a month drawing and just Alejandra I'm

98

00:04:28,570 --> 00:04:26,870

going to ask you right now this

99

00:04:34,689 --> 00:04:28,580

unrehearsed pick a number one through

100

00:04:35,950 --> 00:04:34,699

eight seven noon in it ah oh he's

101

00:04:40,960 --> 00:04:35,960

European is going to cost me some

102

00:04:42,969 --> 00:04:40,970

postage ondas Jacobson you get a t-shirt

103

00:04:45,430 --> 00:04:42,979

it's probably gonna cost me nine hundred

104

00:04:48,520 --> 00:04:45,440

dollars to mail it to him over there but

105

00:04:51,070 --> 00:04:48,530

that's okay so all right so let's move

106

00:04:53,230 --> 00:04:51,080

on to the new wait a minute I did

107

00:04:55,659 --> 00:04:53,240

something I want to say to you while you

108

00:04:58,060 --> 00:04:55,669

were sailing the Seas and everything all

109

00:05:00,189 --> 00:04:58,070

this alien slide thing went down I bet

110

00:05:02,140 --> 00:05:00,199

you were kind of like Jones them just a

111

00:05:03,760 --> 00:05:02,150

little bit for it I know that we're not

112

00:05:05,890 --> 00:05:03,770

going to cover it because I've already

113

00:05:07,060 --> 00:05:05,900

we've already talked about it what do

114

00:05:09,189 --> 00:05:07,070

you mean we're not going to cover it

115

00:05:12,400 --> 00:05:09,199

that's what I've been doing the last two

116

00:05:14,950 --> 00:05:12,410

days is poring over all the Roswell

117

00:05:18,490 --> 00:05:14,960

slide stuff and actually I wrote my

118

00:05:20,200 --> 00:05:18,500

story up yesterday I finally oh my gosh

119

00:05:23,740 --> 00:05:20,210

it took me forever going through so much

120

00:05:25,840 --> 00:05:23,750

stuff to get caught up but it's all in

121

00:05:28,390 --> 00:05:25,850

my story I even listen to your podcast

122

00:05:31,180 --> 00:05:28,400

you know oh gosh you had the perfect

123

00:05:33,820 --> 00:05:31,190

people yet kirk collins Kevin Randall

124

00:05:36,190 --> 00:05:33,830

Phillip mantle all of whom are in my

125

00:05:39,490 --> 00:05:36,200

story I even reference a comment from

126

00:05:41,469 --> 00:05:39,500

Phillip in your podcast because those

127

00:05:44,020 --> 00:05:41,479

are the best people to have so really

128

00:05:45,670 --> 00:05:44,030

you did a great job getting those guys

129

00:05:47,140 --> 00:05:45,680

and really your listeners are pretty

130

00:05:50,110 --> 00:05:47,150

caught up but if you want anything else

131

00:05:52,210 --> 00:05:50,120

in fact how to recreate some of the D

132

00:05:55,180 --> 00:05:52,220

blurring you can go to my story and see

133

00:05:57,820 --> 00:05:55,190

that but you know what was funny luckily

134

00:05:59,219 --> 00:05:57,830

I I have been you know Phillip and

135

00:06:02,379 --> 00:05:59,229

others have been getting me information

136

00:06:04,689 --> 00:06:02,389

so even while I was on the ship I'm

137

00:06:07,390 --> 00:06:04,699

checking my phone / stuff then I

138

00:06:10,570 --> 00:06:07,400

downloaded the deblurring program and

139

00:06:14,200 --> 00:06:10,580

then we set sail and I'm out of contact

140

00:06:16,300 --> 00:06:14,210

for for many days so luckily in order to

141

00:06:18,580 --> 00:06:16,310

rest I had to let it all go and I did

142

00:06:20,920 --> 00:06:18,590

but every chance I got here and there I

143

00:06:23,500 --> 00:06:20,930

would play with a deblurring program to

144

00:06:25,990 --> 00:06:23,510

see if I could recreate the placard

145

00:06:28,779 --> 00:06:26,000

thing and also to get familiar with the

146

00:06:30,490 --> 00:06:28,789

program I wasn't able to recreate that

147

00:06:32,050 --> 00:06:30,500

the placard thing but then I found out

148

00:06:34,390 --> 00:06:32,060

you know it took the guy who was able to

149

00:06:36,640 --> 00:06:34,400

finally crack it hours and hours and

150

00:06:38,469 --> 00:06:36,650

hours but at least I knew the program

151
00:06:40,600 --> 00:06:38,479
them so I knew what he was talking about

152
00:06:44,649 --> 00:06:40,610
and I knew how to manipulate

153
00:06:47,320 --> 00:06:44,659
recreate the deblurring myself so yeah I

154
00:06:51,309 --> 00:06:47,330
was really curious but I knew the thing

155
00:06:54,040 --> 00:06:51,319
had been done so it was you know nice to

156
00:06:56,589 --> 00:06:54,050
hear that dawn and had apologized and

157
00:06:58,439 --> 00:06:56,599
kind of kind of given in and because I

158
00:07:02,920 --> 00:06:58,449
had been hearing from some of these guys

159
00:07:05,379 --> 00:07:02,930
about you know disappointed in the take

160
00:07:07,240 --> 00:07:05,389
i was at taking but you know my thing

161
00:07:09,040 --> 00:07:07,250
was it looks like a moment you guys need

162
00:07:13,089 --> 00:07:09,050
to tell us I don't understand why you

163
00:07:15,040 --> 00:07:13,099

think it looks like an alien so Adam do

164

00:07:17,800 --> 00:07:15,050

right before I left said hey if you have

165

00:07:19,540 --> 00:07:17,810

some questions I'll answer those so sure

166

00:07:21,100 --> 00:07:19,550

enough as soon as I got back I had some

167

00:07:23,830 --> 00:07:21,110

questions and I told him I'd be gone and

168

00:07:26,619 --> 00:07:23,840

I haven't heard from him surprisingly it

169

00:07:28,209 --> 00:07:26,629

is shocking no I no I don't I don't want

170

00:07:30,969 --> 00:07:28,219

to talk too long in this but with okay

171

00:07:33,309 --> 00:07:30,979

yeah yeah yeah but I will say if you

172

00:07:35,350 --> 00:07:33,319

heard of the show then you heard me say

173

00:07:37,330 --> 00:07:35,360

that I didn't think Jaime mulsanne was

174

00:07:39,550 --> 00:07:37,340

going to actually come out and admit it

175

00:07:41,320 --> 00:07:39,560

and I because he has such strong

176
00:07:44,140 --> 00:07:41,330
followers he could say whatever he wants

177
00:07:48,490 --> 00:07:44,150
and they'll follow him you know all the

178
00:07:50,499 --> 00:07:48,500
way and so far that is held true oh no

179
00:07:52,659 --> 00:07:50,509
one has held true and it's unfortunate

180
00:07:54,939 --> 00:07:52,669
and Robert solace wrote a big

181
00:07:57,490 --> 00:07:54,949
interesting thing on UFO chronicles

182
00:08:00,399 --> 00:07:57,500
we're bringing up some concerns around

183
00:08:01,899 --> 00:08:00,409
that and I think they're valid all right

184
00:08:03,820 --> 00:08:01,909
I'm gonna have to check that out that

185
00:08:05,709 --> 00:08:03,830
sounds interesting but I do want to

186
00:08:07,300 --> 00:08:05,719
thank you too to mentioning that you

187
00:08:09,219 --> 00:08:07,310
know we had and I had done the interview

188
00:08:11,559 --> 00:08:09,229

with Adam do because he hasn't spoken

189

00:08:12,700 --> 00:08:11,569

with many people and not many people

190

00:08:14,320 --> 00:08:12,710

interviewed him and I think it's

191

00:08:16,809 --> 00:08:14,330

important that they should have sought

192

00:08:18,219 --> 00:08:16,819

to do so because he's really kind of

193

00:08:20,409 --> 00:08:18,229

getting demonized everybody's starting

194

00:08:22,149 --> 00:08:20,419

to say oh it's his fault that all this

195

00:08:24,490 --> 00:08:22,159

happened maybe it'll turn out that's the

196

00:08:26,829 --> 00:08:24,500

case we're not getting much information

197

00:08:29,290 --> 00:08:26,839

but thanks for mentioning that and kudos

198

00:08:31,540 --> 00:08:29,300

to you to at least trying to get him on

199

00:08:33,310 --> 00:08:31,550

your show oh yeah yeah it didn't hear

200

00:08:36,279 --> 00:08:33,320

you know he was actually communicating

201
00:08:38,829 --> 00:08:36,289
back and forth with Peggy who you know

202
00:08:41,219 --> 00:08:38,839
helps with the show right up until the

203
00:08:45,639 --> 00:08:41,229
day before the you know what hit the fan

204
00:08:48,400 --> 00:08:45,649
and then he went into stealth mode and

205
00:08:52,059 --> 00:08:48,410
is probably under a rock somewhere or he

206
00:08:53,690 --> 00:08:52,069
should be anyway but anyway what

207
00:08:55,160 --> 00:08:53,700
happened yeah so

208
00:08:57,410 --> 00:08:55,170
that's kind of funny we just talked

209
00:08:59,330 --> 00:08:57,420
about 45 minutes of something we said we

210
00:09:01,550 --> 00:08:59,340
want to talk about it but that's all

211
00:09:05,000 --> 00:09:01,560
right so let's move on to this week in

212
00:09:08,360 --> 00:09:05,010
UFO news okay I'll try to be kind of

213
00:09:11,390 --> 00:09:08,370

quick but this is kind of cool now you

214

00:09:13,370 --> 00:09:11,400

and I had talked about this before when

215

00:09:16,190 --> 00:09:13,380

in the New York Daily News this guy who

216

00:09:19,460 --> 00:09:16,200

was a pilot for Obama during the 2008

217

00:09:21,140 --> 00:09:19,470

campaign had written an article because

218

00:09:24,680 --> 00:09:21,150

he writes for New York Daily News

219

00:09:26,840 --> 00:09:24,690

occasionally about his own UFO sighting

220

00:09:28,820 --> 00:09:26,850

and saying kind of you know people are

221

00:09:30,860 --> 00:09:28,830

afraid to talk about UFOs but you know

222

00:09:33,740 --> 00:09:30,870

what I've seen one and I'm laying it all

223

00:09:36,500 --> 00:09:33,750

on the line and here's my story well Fox

224

00:09:38,810 --> 00:09:36,510

News interviewed him the other day and

225

00:09:42,140 --> 00:09:38,820

this is really kind of cool it was on

226

00:09:46,490 --> 00:09:42,150

fox and friends to show i never watch on

227

00:09:48,800 --> 00:09:46,500

a channel i never watch fox news but the

228

00:09:50,900 --> 00:09:48,810

interviewer was Clayton Morris and this

229

00:09:52,760 --> 00:09:50,910

is kind of interesting because they they

230

00:09:54,140 --> 00:09:52,770

were treating him very nice I thought

231

00:09:57,260 --> 00:09:54,150

maybe I oh they're going to make fun of

232

00:09:59,150 --> 00:09:57,270

him but they let this Andy dancing or

233

00:10:01,730 --> 00:09:59,160

talk it was kind of interesting because

234

00:10:03,230 --> 00:10:01,740

the Clayton Morris asked well why

235

00:10:05,750 --> 00:10:03,240

haven't you talked about this before and

236

00:10:08,720 --> 00:10:05,760

he said well there's no policy not to

237

00:10:11,060 --> 00:10:08,730

speak about UFOs at my airline or any

238

00:10:13,880 --> 00:10:11,070

other airlines I've worked at but it is

239

00:10:16,400 --> 00:10:13,890

kind of an unwritten rule because we

240

00:10:18,640 --> 00:10:16,410

don't want our careers to be affected

241

00:10:21,530 --> 00:10:18,650

and people are kind of ridiculed for

242

00:10:23,290 --> 00:10:21,540

believing in this thing but he did say

243

00:10:27,020 --> 00:10:23,300

as he wrote in the New York Daily News

244

00:10:29,840 --> 00:10:27,030

that I have talked to other pilots about

245

00:10:33,350 --> 00:10:29,850

UFOs and he says most pilots believe in

246

00:10:34,850 --> 00:10:33,360

UFOs which is pretty cool so he talked a

247

00:10:36,710 --> 00:10:34,860

little bit about his sighting and you

248

00:10:41,090 --> 00:10:36,720

can read that at length you know on our

249

00:10:43,910 --> 00:10:41,100

site or on an article essentially they

250

00:10:45,560 --> 00:10:43,920

saw this kind of disc-shaped object when

251
00:10:48,860 --> 00:10:45,570
they were flying from Kansas City to

252
00:10:53,410 --> 00:10:48,870
Iowa and then it turned into this large

253
00:10:57,170 --> 00:10:53,420
red orb object and it was really

254
00:11:03,650 --> 00:10:57,180
incredible to them but this is kind of

255
00:11:06,240 --> 00:11:03,660
cool so Morris odd the host must be into

256
00:11:08,790 --> 00:11:06,250
UFOs also because he

257
00:11:12,150 --> 00:11:08,800
he says that when he interviews pilots

258
00:11:15,420 --> 00:11:12,160
he often asks them about UFOs and if

259
00:11:18,540 --> 00:11:15,430
they've seen UFOs and many of them say

260
00:11:20,310 --> 00:11:18,550
that they have seen UFOs but they would

261
00:11:22,740 --> 00:11:20,320
never talk about it they keep it quiet

262
00:11:25,200 --> 00:11:22,750
and then Morris again asked dancing or

263
00:11:28,830 --> 00:11:25,210

you know why do you think that is in

264

00:11:30,630 --> 00:11:28,840

dancing or again said probably because

265

00:11:33,030 --> 00:11:30,640

they don't want to be brandished just

266

00:11:35,610 --> 00:11:33,040

being crazy and he noted that the

267

00:11:39,270 --> 00:11:35,620

government seems to discount UFO

268

00:11:42,210 --> 00:11:39,280

sightings and the media can be jerky

269

00:11:44,550 --> 00:11:42,220

about the whole thing too so why say

270

00:11:47,280 --> 00:11:44,560

anything so I thought it was a really

271

00:11:49,290 --> 00:11:47,290

incredible interview that one you know

272

00:11:52,980 --> 00:11:49,300

dancing girl would would stick by all

273

00:11:54,840 --> 00:11:52,990

this stuff and kind of share why pilots

274

00:11:57,630 --> 00:11:54,850

don't talk about it but to that Clayton

275

00:12:00,420 --> 00:11:57,640

Morris the hosts seem to really be into

276

00:12:03,480 --> 00:12:00,430

UFOs himself quite shocking well that's

277

00:12:06,410 --> 00:12:03,490

something now has been Sanger retired or

278

00:12:09,090 --> 00:12:06,420

is he still is he still active but

279

00:12:12,450 --> 00:12:09,100

that's a great question and I don't know

280

00:12:18,030 --> 00:12:12,460

that for sure offhand I can't think of

281

00:12:19,680 --> 00:12:18,040

it I so I'm not sure about that yeah you

282

00:12:22,380 --> 00:12:19,690

know it seems like he could be a little

283

00:12:25,050 --> 00:12:22,390

more comfortable coming out of the

284

00:12:27,990 --> 00:12:25,060

closet about it you know if he has

285

00:12:30,350 --> 00:12:28,000

indeed you know retired but if he's

286

00:12:33,630 --> 00:12:30,360

still active I'd be actually surprised

287

00:12:38,010 --> 00:12:33,640

him p an he was an Air Force One pilot

288

00:12:39,780 --> 00:12:38,020

right so they get their top notch yeah

289

00:12:42,750 --> 00:12:39,790

he's a top-notch you know you we've got

290

00:12:45,690 --> 00:12:42,760

pictures of him with Obama and flying

291

00:12:47,460 --> 00:12:45,700

the Obama plane and everything so yeah

292

00:12:51,540 --> 00:12:47,470

he's got to be a pretty serious pilot

293

00:12:53,910 --> 00:12:51,550

and so that's a really cool story now I

294

00:12:55,980 --> 00:12:53,920

wonder if this is trickled back to Obama

295

00:12:58,500 --> 00:12:55,990

himself or if it's just like he's just

296

00:13:00,270 --> 00:12:58,510

too overwhelmed with everything he's

297

00:13:01,920 --> 00:13:00,280

dealing with the even take notice of

298

00:13:04,920 --> 00:13:01,930

something like this it's a great

299

00:13:06,900 --> 00:13:04,930

question my sense even with all this

300

00:13:09,870 --> 00:13:06,910

latest stuff you know with Obama and

301
00:13:12,090 --> 00:13:09,880
everything speaking on Jimmy Kimmel my

302
00:13:14,310 --> 00:13:12,100
sense is just from watching this and i

303
00:13:16,860 --> 00:13:14,320
watch obama a lot i listen to him and

304
00:13:19,720 --> 00:13:16,870
I'm a news hand I listen to NPR all the

305
00:13:22,329 --> 00:13:19,730
time and everything I think Obama

306
00:13:25,600 --> 00:13:22,339
really likes to make jokes about the

307
00:13:27,850 --> 00:13:25,610
topic he's always joking about UFOs and

308
00:13:30,160 --> 00:13:27,860
everything so I don't think she has an

309
00:13:32,860 --> 00:13:30,170
inclination to really look into it

310
00:13:34,629 --> 00:13:32,870
seriously and there's no reason he

311
00:13:37,540 --> 00:13:34,639
should I mean politically it's a hot

312
00:13:39,759 --> 00:13:37,550
potato why do it he's busy with other

313
00:13:41,920 --> 00:13:39,769

stuff it's kind of like Paul Hellyer

314

00:13:43,840 --> 00:13:41,930

who's a defence minister of canada i've

315

00:13:46,180 --> 00:13:43,850

asked him about you know when he was

316

00:13:48,759 --> 00:13:46,190

defense minister did he ever look into

317

00:13:50,530 --> 00:13:48,769

UFOs and he said once in a while

318

00:13:51,850 --> 00:13:50,540

something we come across his desk and he

319

00:13:54,550 --> 00:13:51,860

would throw it away he wouldn't even

320

00:13:57,189 --> 00:13:54,560

give it a look because he's like I'm too

321

00:14:00,430 --> 00:13:57,199

busy with serious stuff to worry about

322

00:14:03,160 --> 00:14:00,440

paranormal phenomena so I think that's

323

00:14:05,800 --> 00:14:03,170

probably where Obama is on all of this

324

00:14:08,050 --> 00:14:05,810

so hopefully one day maybe once he's

325

00:14:10,449 --> 00:14:08,060

retired which isn't going to be too long

326

00:14:12,340 --> 00:14:10,459

from now he'll actually look at this

327

00:14:16,090 --> 00:14:12,350

stuff or maybe someone will ask him

328

00:14:19,600 --> 00:14:16,100

about about you know Danzinger and his

329

00:14:21,069 --> 00:14:19,610

sighting but I don't think he gives it

330

00:14:23,350 --> 00:14:21,079

too much thought at this point that's

331

00:14:27,389 --> 00:14:23,360

not what I think going back to Paul

332

00:14:31,360 --> 00:14:27,399

Hellyer now I'm kind of surprised that

333

00:14:34,300 --> 00:14:31,370

he takes the stand now when he you know

334

00:14:36,280 --> 00:14:34,310

when early on he obviously didn't have

335

00:14:39,100 --> 00:14:36,290

all that much interest for he was

336

00:14:42,009 --> 00:14:39,110

designed to busy yeah what would you

337

00:14:44,230 --> 00:14:42,019

guess well you know in these days I'm

338

00:14:46,930 --> 00:14:44,240

brutally honest about how i feel about

339

00:14:48,610 --> 00:14:46,940

this kind of stuff I he didn't I've

340

00:14:50,199 --> 00:14:48,620

asked him in details when he first came

341

00:14:51,910 --> 00:14:50,209

out about this stuff we've had him speak

342

00:14:54,939 --> 00:14:51,920

at the Congress I've had lunch with him

343

00:14:56,800 --> 00:14:54,949

and stuff I haven't in a while but he

344

00:14:59,019 --> 00:14:56,810

says yeah he wasn't interested in it

345

00:15:01,720 --> 00:14:59,029

before what got him interested is he

346

00:15:06,250 --> 00:15:01,730

read the day after roswell book which

347

00:15:08,230 --> 00:15:06,260

came out in the 90s and he thought that

348

00:15:12,879 --> 00:15:08,240

was interesting he says he asked a

349

00:15:16,240 --> 00:15:12,889

friend in who's a general in the US and

350

00:15:18,850 --> 00:15:16,250

if it was true and the general said that

351

00:15:21,730 --> 00:15:18,860

yeah he believed it was true and that's

352

00:15:24,730 --> 00:15:21,740

when he started getting into this then

353

00:15:27,610 --> 00:15:24,740

he started talking with UFO researchers

354

00:15:31,410 --> 00:15:27,620

and I know in particular a couple that

355

00:15:32,760 --> 00:15:31,420

he really liked and started listening to

356

00:15:35,820 --> 00:15:32,770

and now it's kind of like the Boyd

357

00:15:39,270 --> 00:15:35,830

Bushman thing or even the Edgar Mitchell

358

00:15:42,270 --> 00:15:39,280

thing they regurgitate all of this real

359

00:15:46,170 --> 00:15:42,280

far-fetched you know stuff that out

360

00:15:51,360 --> 00:15:46,180

there hearing from these UFO researchers

361

00:15:54,290 --> 00:15:51,370

or UFO enthusiasts and that's it's real

362

00:15:57,210 --> 00:15:54,300

similar to Boyd Bushman so in that

363

00:15:59,730 --> 00:15:57,220

unfortunately you know when he says a

364

00:16:03,150 --> 00:15:59,740

lot of what he's saying is his personal

365

00:16:04,980 --> 00:16:03,160

opinion but the only thing he says he

366

00:16:06,960 --> 00:16:04,990

knows for a fact is that he asked his

367

00:16:09,570 --> 00:16:06,970

friend who is a general who told me I

368

00:16:12,360 --> 00:16:09,580

that day after roswell stuff something

369

00:16:14,850 --> 00:16:12,370

in there is probably true well well I

370

00:16:16,860 --> 00:16:14,860

know we got we got to kind of make the

371

00:16:19,230 --> 00:16:16,870

other stories a little bit shorter so

372

00:16:22,410 --> 00:16:19,240

because we're we're running on a

373

00:16:25,170 --> 00:16:22,420

deadline tonight so what is the next

374

00:16:27,000 --> 00:16:25,180

story yeah I was going to talk about ELQ

375

00:16:29,250 --> 00:16:27,010

over this really quickly just a couple

376

00:16:32,700 --> 00:16:29,260

sightings MUFON sightings at Roger Marsh

377

00:16:36,750 --> 00:16:32,710

is posted on our site and one of them is

378

00:16:38,490 --> 00:16:36,760

in Indiana on May sixteenth there were

379

00:16:40,800 --> 00:16:38,500

quite a few people who saw these red

380

00:16:43,140 --> 00:16:40,810

orbs that were floating across the sky

381

00:16:45,050 --> 00:16:43,150

now they did say they didn't make any

382

00:16:47,940 --> 00:16:45,060

sound they were moving in one direction

383

00:16:50,400 --> 00:16:47,950

the witness said that a jet seemed to be

384

00:16:53,280 --> 00:16:50,410

flying towards the red orb and then it

385

00:16:54,930 --> 00:16:53,290

disappeared soon after another red orb

386

00:16:59,100 --> 00:16:54,940

disappeared moving in the same

387

00:17:00,750 --> 00:16:59,110

trajectory or appeared and it moved in

388

00:17:03,360 --> 00:17:00,760

the same trajectory and then disappeared

389

00:17:06,870 --> 00:17:03,370

as well it kind of sounds like Chinese

390

00:17:08,700 --> 00:17:06,880

lanterns on this one but who knows but

391

00:17:11,370 --> 00:17:08,710

this was a sighting in Indiana on May

392

00:17:13,830 --> 00:17:11,380

sixteenth but a bit more interesting as

393

00:17:17,130 --> 00:17:13,840

his sighting in Delaware and this was on

394

00:17:19,560 --> 00:17:17,140

mesa again and there's his family

395

00:17:21,870 --> 00:17:19,570

watching the sunset and they say that

396

00:17:23,940 --> 00:17:21,880

they saw this large rectangular object

397

00:17:26,730 --> 00:17:23,950

blocking out the Sun right at the

398

00:17:29,010 --> 00:17:26,740

horizon they even drove around got in

399

00:17:32,400 --> 00:17:29,020

there door so mystified by it got in a

400

00:17:35,820 --> 00:17:32,410

car drove around trying to get a better

401
00:17:37,710 --> 00:17:35,830
angle out what this thing was but they

402
00:17:39,090 --> 00:17:37,720
weren't able to get any more they tried

403
00:17:41,940 --> 00:17:39,100
to take a picture but it didn't really

404
00:17:44,730 --> 00:17:41,950
turn out and finally when the sunset

405
00:17:47,070 --> 00:17:44,740
they couldn't see this thing anymore but

406
00:17:48,540 --> 00:17:47,080
that's kind of a weird one it's a really

407
00:17:51,210 --> 00:17:48,550
strange sighting I haven't heard

408
00:17:54,240 --> 00:17:51,220
anything quite like this report really

409
00:17:56,850 --> 00:17:54,250
well and so for the listener you can go

410
00:17:59,340 --> 00:17:56,860
to our show notes and all these links

411
00:18:01,770 --> 00:17:59,350
will jump right over to these stories

412
00:18:02,850 --> 00:18:01,780
and Alejandro thanks so much and hey by

413
00:18:06,150 --> 00:18:02,860

the way you're going to be around next

414

00:18:08,669 --> 00:18:06,160

week I will be alright so we'll be

415

00:18:10,620 --> 00:18:08,679

talking to you next week then all right

416

00:18:12,330 --> 00:18:10,630

talk to you next week betty alright so

417

00:18:14,340 --> 00:18:12,340

everyone hang in there and we'll be

418

00:18:44,070 --> 00:18:14,350

right back after this quick music clip

419

00:18:46,650 --> 00:18:44,080

with Erich von Daniken all right so I am

420

00:18:50,070 --> 00:18:46,660

on the line to Switzerland with Erich

421

00:18:52,410 --> 00:18:50,080

von Daniken how are you hello hello

422

00:18:54,799 --> 00:18:52,420

hello I'm really sitting in the Sun it's

423

00:18:57,450 --> 00:18:54,809

great you're are you outside in the Sun

424

00:19:00,240 --> 00:18:57,460

yes I'm outside it's a wonderful day

425

00:19:02,130 --> 00:19:00,250

here it's like Americans would call an

426

00:19:04,590 --> 00:19:02,140

Indian summer old tall through its

427

00:19:07,530 --> 00:19:04,600

spring time ah Wow yeah we've had some

428

00:19:12,150 --> 00:19:07,540

strange weather yeah must have something

429

00:19:13,890 --> 00:19:12,160

to do with ancient aliens so anyway I

430

00:19:16,799 --> 00:19:13,900

just thought we talked a little bit

431

00:19:19,290 --> 00:19:16,809

beforehand and a bit i'm a big fan of

432

00:19:21,890 --> 00:19:19,300

yours and and i think the work you have

433

00:19:25,230 --> 00:19:21,900

done you know has really changed

434

00:19:27,930 --> 00:19:25,240

basically society I mean people are

435

00:19:30,540 --> 00:19:27,940

looking at your ideas in all different

436

00:19:32,700 --> 00:19:30,550

ways there's been a lot of TV shows and

437

00:19:35,220 --> 00:19:32,710

and I want to publicly thank you for the

438

00:19:37,830 --> 00:19:35,230

work you've done thank you very much i'm

439

00:19:41,100 --> 00:19:37,840

happy to be it is in the meantime I'm 80

440

00:19:44,160 --> 00:19:41,110

years old or young but my brain

441

00:19:46,590 --> 00:19:44,170

functions fantastically Wow well and

442

00:19:49,830 --> 00:19:46,600

you're coming up pretty soon here at

443

00:19:52,799 --> 00:19:49,840

contact in the desert you get excited

444

00:19:54,570 --> 00:19:52,809

about that I'm happy about it this is

445

00:19:57,299 --> 00:19:54,580

contacting the desert is in Joshua Tree

446

00:19:58,510 --> 00:19:57,309

I was there last year and it was

447

00:20:01,030 --> 00:19:58,520

absolutely great

448

00:20:03,490 --> 00:20:01,040

there were thousands of people sitting

449

00:20:05,920 --> 00:20:03,500

all around and later listening to my

450

00:20:08,770 --> 00:20:05,930

speeches having question and answers I

451
00:20:12,100 --> 00:20:08,780
was very happy that's why I'm happy to

452
00:20:15,400 --> 00:20:12,110
to come back this year great great now I

453
00:20:17,440 --> 00:20:15,410
want to ask you I'm sure you probably

454
00:20:20,500 --> 00:20:17,450
asked this a million times but how did

455
00:20:22,810 --> 00:20:20,510
you conceive of this whole idea in the

456
00:20:24,760 --> 00:20:22,820
very beginning and before you even get

457
00:20:27,640 --> 00:20:24,770
into that what what sparked your

458
00:20:30,910 --> 00:20:27,650
interest in looking at this this type of

459
00:20:33,130 --> 00:20:30,920
thing that you got into you see I was

460
00:20:36,340 --> 00:20:33,140
educated in Switzerland Switzerland as a

461
00:20:39,700 --> 00:20:36,350
strict Catholic and I was 46 years in a

462
00:20:43,000 --> 00:20:39,710
boarding school led by Jesuits and I

463
00:20:45,700 --> 00:20:43,010

must say I was a deep believer in God by

464

00:20:47,980 --> 00:20:45,710

the way I am still a believer in god i

465

00:20:51,220 --> 00:20:47,990

am still one of these persons who pray

466

00:20:54,790 --> 00:20:51,230

every day but my god when I was young

467

00:20:57,160 --> 00:20:54,800

had to have some minimum qualities for

468

00:20:59,890 --> 00:20:57,170

example God would never need a vehicle

469

00:21:04,090 --> 00:20:59,900

in which to move around from point A to

470

00:21:07,210 --> 00:21:04,100

point B God is everywhere or God is out

471

00:21:09,580 --> 00:21:07,220

of time he would not use to make

472

00:21:12,190 --> 00:21:09,590

experiments and then he has to wait but

473

00:21:15,400 --> 00:21:12,200

the result is he should know it in

474

00:21:18,730 --> 00:21:15,410

advance or of course of course God makes

475

00:21:20,920 --> 00:21:18,740

no mistakes etc now in my boarding

476

00:21:23,410 --> 00:21:20,930

school we had to make translations of

477

00:21:25,870 --> 00:21:23,420

parts of the Bible from Greek to Latin

478

00:21:29,260 --> 00:21:25,880

and from latitude German and there i

479

00:21:31,840 --> 00:21:29,270

read that my god which I adore the god

480

00:21:34,240 --> 00:21:31,850

of the engine Testament makes mistakes

481

00:21:36,580 --> 00:21:34,250

and he uses vehicle in which to move

482

00:21:39,490 --> 00:21:36,590

around from one point to the other so I

483

00:21:42,010 --> 00:21:39,500

simply had doubts in my own education

484

00:21:44,890 --> 00:21:42,020

and I wanted to know if other

485

00:21:47,650 --> 00:21:44,900

communities in antiquity have similar

486

00:21:50,530 --> 00:21:47,660

stories as we have them among the Jewish

487

00:21:53,050 --> 00:21:50,540

and Christian community and that was the

488

00:21:55,930 --> 00:21:53,060

stopping point I was nearly 16 years old

489

00:21:58,750 --> 00:21:55,940

oh wow and when did you where did you

490

00:22:01,720 --> 00:21:58,760

start like exploring and I know you've

491

00:22:04,030 --> 00:22:01,730

been everywhere looking into this when

492

00:22:08,200 --> 00:22:04,040

did you start actually writing and

493

00:22:10,090 --> 00:22:08,210

exploring you see from my family I came

494

00:22:13,150 --> 00:22:10,100

from the hotel business

495

00:22:16,150 --> 00:22:13,160

so after my hike school I first went

496

00:22:17,980 --> 00:22:16,160

into the hotel business I was in hotel

497

00:22:21,010 --> 00:22:17,990

schools I was a way that I was a

498

00:22:23,350 --> 00:22:21,020

barkeeper I was all kind of in the

499

00:22:25,600 --> 00:22:23,360

gastronomy when I wrote Chariots of the

500

00:22:28,180 --> 00:22:25,610

Gods I was the managing director of a

501
00:22:30,760 --> 00:22:28,190
first-class hotel in Switzerland but

502
00:22:33,460 --> 00:22:30,770
during all this time in my hotel

503
00:22:36,970 --> 00:22:33,470
business I was traveling and traveling

504
00:22:39,640 --> 00:22:36,980
as much as I could I don't know in how

505
00:22:42,880 --> 00:22:39,650
many countries and how many ruins I

506
00:22:46,419 --> 00:22:42,890
visited and of course how many books of

507
00:22:48,430 --> 00:22:46,429
religion and mythologies I read but

508
00:22:51,310 --> 00:22:48,440
there were hundreds and hundreds and

509
00:22:53,890 --> 00:22:51,320
finally I came to an idea why should the

510
00:22:55,690 --> 00:22:53,900
hotel manager not write the book and I

511
00:22:59,399 --> 00:22:55,700
did it and that was Chariots of the Gods

512
00:23:03,279 --> 00:22:59,409
and had you had any a literary of

513
00:23:05,950 --> 00:23:03,289

education as well only in high school

514

00:23:07,690 --> 00:23:05,960

you see I was only six years in high

515

00:23:09,820 --> 00:23:07,700

school but that was a very very

516

00:23:12,010 --> 00:23:09,830

brilliant hike school in Switzerland and

517

00:23:15,430 --> 00:23:12,020

a very expensive hike still at school

518

00:23:18,490 --> 00:23:15,440

too so there we learned to write and to

519

00:23:21,640 --> 00:23:18,500

speak and to read and to research I i

520

00:23:25,360 --> 00:23:21,650

see i see now i just want to i want to

521

00:23:29,320 --> 00:23:25,370

just do a quote that i had dr. Seth

522

00:23:31,450 --> 00:23:29,330

Shostak from SETI on my show and we sort

523

00:23:33,490 --> 00:23:31,460

of debated UFOs way back I don't know a

524

00:23:37,590 --> 00:23:33,500

year and a half ago and I mentioned

525

00:23:39,549 --> 00:23:37,600

about on the the cave walls to him and

526

00:23:41,890 --> 00:23:39,559

you know I said well how would you

527

00:23:43,180 --> 00:23:41,900

explain you know back in ancient times I

528

00:23:45,760 --> 00:23:43,190

said they may have been here forever and

529

00:23:48,220 --> 00:23:45,770

how would you explain on the cave walls

530

00:23:50,919 --> 00:23:48,230

the drawings and then he said well my

531

00:23:53,799 --> 00:23:50,929

you know my three-year-old used to draw

532

00:23:56,740 --> 00:23:53,809

you know things just like that you know

533

00:23:59,740 --> 00:23:56,750

cause of course of course he's right but

534

00:24:02,380 --> 00:23:59,750

that's not everything you see we have

535

00:24:04,960 --> 00:24:02,390

cave paintings all around the world and

536

00:24:07,600 --> 00:24:04,970

the so-called gods are always

537

00:24:09,940 --> 00:24:07,610

represented with haloes around their

538

00:24:13,270 --> 00:24:09,950

head or with the Rays coming out of

539

00:24:15,340 --> 00:24:13,280

their head now in Stone Age time there

540

00:24:17,620 --> 00:24:15,350

were these people had no contact from

541

00:24:19,680 --> 00:24:17,630

one continent to another so why have

542

00:24:23,470 --> 00:24:19,690

they all come to a similar idea

543

00:24:25,930 --> 00:24:23,480

worldwide did in peru in australia

544

00:24:28,540 --> 00:24:25,940

in the Sahara Desert wherever the gods

545

00:24:30,460 --> 00:24:28,550

were always represented with haloes

546

00:24:32,650 --> 00:24:30,470

around their heads with helmets and

547

00:24:35,770 --> 00:24:32,660

things like that but that's only half of

548

00:24:39,130 --> 00:24:35,780

the answer of course I know that our

549

00:24:42,280 --> 00:24:39,140

first religions Stone Age people were

550

00:24:44,440 --> 00:24:42,290

natural religions you see our Stone Age

551
00:24:46,780 --> 00:24:44,450
ancestors they realized that the

552
00:24:48,880 --> 00:24:46,790
lightning is coming from heaven they

553
00:24:50,620 --> 00:24:48,890
hear the thundering later and they

554
00:24:53,320 --> 00:24:50,630
couldn't understand what the

555
00:24:56,050 --> 00:24:53,330
significance was or maybe they saw the

556
00:24:58,240 --> 00:24:56,060
moon on the sky and then it disappeared

557
00:25:00,370 --> 00:24:58,250
the next few days so they could not

558
00:25:02,920 --> 00:25:00,380
understand all these things so the first

559
00:25:06,130 --> 00:25:02,930
religions definitely were natural

560
00:25:08,560 --> 00:25:06,140
religions but then the beings from the

561
00:25:10,780 --> 00:25:08,570
sky descended and there is a big

562
00:25:13,600 --> 00:25:10,790
difference because this being from the

563
00:25:16,390 --> 00:25:13,610

skies they were teaching they gave

564

00:25:18,550 --> 00:25:16,400

information so they pitched our

565

00:25:20,950 --> 00:25:18,560

forefathers for example in astronomy

566

00:25:23,290 --> 00:25:20,960

they thought them how the calendar work

567

00:25:27,250 --> 00:25:23,300

that the early surrounding the Sun in

568

00:25:28,930 --> 00:25:27,260

clearance 65 days etc and that's the

569

00:25:31,750 --> 00:25:28,940

difference between a natural religion

570

00:25:34,420 --> 00:25:31,760

and the extraterrestrials natural

571

00:25:37,690 --> 00:25:34,430

religion does not teach in a scientific

572

00:25:40,120 --> 00:25:37,700

way but the others were speaking mm-hmm

573

00:25:42,310 --> 00:25:40,130

one of the things that have always

574

00:25:45,190 --> 00:25:42,320

puzzled me and wondered what you know

575

00:25:48,280 --> 00:25:45,200

the scientific answers were too or I

576
00:25:51,910 --> 00:25:48,290
should say theories are there are so

577
00:25:55,570 --> 00:25:51,920
many similar things that spring up in

578
00:25:57,820 --> 00:25:55,580
cultures not just not just like cave

579
00:26:00,430 --> 00:25:57,830
paintings but a lot of things worldwide

580
00:26:03,370 --> 00:26:00,440
that just do not make any sense being

581
00:26:06,760 --> 00:26:03,380
less there was some type of travel at

582
00:26:09,670 --> 00:26:06,770
some ancient time for instance in in

583
00:26:12,280 --> 00:26:09,680
Mexico there's a Chinese influence that

584
00:26:15,400 --> 00:26:12,290
goes back to you know over 2,000 years

585
00:26:20,110 --> 00:26:15,410
and supposedly there was not supposed to

586
00:26:23,380 --> 00:26:20,120
be any travel of course not yep is he I

587
00:26:25,840 --> 00:26:23,390
always use an example we all live in a

588
00:26:28,810 --> 00:26:25,850

Christian society and we have a great

589

00:26:30,520 --> 00:26:28,820

and wonderful Christian culture for

590

00:26:33,490 --> 00:26:30,530

example we have wonderful Christian

591

00:26:36,169 --> 00:26:33,500

churches cathedrals and we have them

592

00:26:39,269 --> 00:26:36,179

worldwide you find Christian

593

00:26:40,860 --> 00:26:39,279

cathedrals in South America you find

594

00:26:45,210 --> 00:26:40,870

them in in Europe you find them all over

595

00:26:48,690 --> 00:26:45,220

but none of the artists none of the

596

00:26:52,230 --> 00:26:48,700

painters was there when Jesus Christ was

597

00:26:54,870 --> 00:26:52,240

alive 2,000 years ago they all did their

598

00:26:57,269 --> 00:26:54,880

work because of tradition they learned

599

00:26:59,279 --> 00:26:57,279

it it happened something two thousand

600

00:27:00,980 --> 00:26:59,289

years ago the same thing happened with

601
00:27:03,240 --> 00:27:00,990
extraterrestrials these

602
00:27:05,820 --> 00:27:03,250
extraterrestrials were here they'd be

603
00:27:08,700 --> 00:27:05,830
helped themselves as today's ethnologist

604
00:27:10,740 --> 00:27:08,710
would do they studied a few tribes they

605
00:27:12,539 --> 00:27:10,750
learned a few language they gave a few

606
00:27:15,360 --> 00:27:12,549
advisers and one day they disappeared

607
00:27:19,019 --> 00:27:15,370
with the promise in a far future we

608
00:27:21,870 --> 00:27:19,029
return again and now this message went

609
00:27:24,899 --> 00:27:21,880
throughout the world like the Christian

610
00:27:28,289 --> 00:27:24,909
message at now the artists in Central

611
00:27:31,680 --> 00:27:28,299
America in Mexico in South America they

612
00:27:34,649 --> 00:27:31,690
start to chisel to make sculptors to

613
00:27:37,680 --> 00:27:34,659

make paintings all because of traditions

614

00:27:40,110 --> 00:27:37,690

they were never I witness when the

615

00:27:42,930 --> 00:27:40,120

extraterrestrials were here comparable

616

00:27:45,810 --> 00:27:42,940

to Christianity the painters and artists

617

00:27:48,720 --> 00:27:45,820

were not I witness in a time of the lead

618

00:27:52,680 --> 00:27:48,730

of the life of Jesus Christ right right

619

00:27:55,529 --> 00:27:52,690

now I want to go back to you and anyone

620

00:27:58,620 --> 00:27:55,539

at any time that anyone comes up with

621

00:28:02,009 --> 00:27:58,630

such a revolutionary idea and that

622

00:28:04,379 --> 00:28:02,019

someone hasn't come up with before faces

623

00:28:07,470 --> 00:28:04,389

a lot of turmoil you know you go back in

624

00:28:10,529 --> 00:28:07,480

time Galileo and I'm saying you know he

625

00:28:12,419 --> 00:28:10,539

was like saying the for instance you

626

00:28:16,500 --> 00:28:12,429

earth goes around the Sun that type of

627

00:28:19,139 --> 00:28:16,510

thing so when you came out with this and

628

00:28:21,990 --> 00:28:19,149

there was the publicity started the book

629

00:28:23,970 --> 00:28:22,000

started you know just the sales on the

630

00:28:28,289 --> 00:28:23,980

book just started soaring and all that

631

00:28:31,830 --> 00:28:28,299

what type of turmoil if any did you did

632

00:28:35,340 --> 00:28:31,840

you go through well in the beginning I

633

00:28:38,129 --> 00:28:35,350

was crashed down more or less by the

634

00:28:40,919 --> 00:28:38,139

whole scientific community first of all

635

00:28:43,409 --> 00:28:40,929

I was not a scientist when i wrote

636

00:28:46,049 --> 00:28:43,419

Chariots of the Gods I was a simply

637

00:28:49,080 --> 00:28:46,059

managing director of a first-class hotel

638

00:28:49,830 --> 00:28:49,090

so the critic said how can a managing

639

00:28:51,990 --> 00:28:49,840

director of

640

00:28:54,960 --> 00:28:52,000

they write such a book what are his

641

00:28:58,669 --> 00:28:54,970

qualities etcetera and then of course I

642

00:29:02,130 --> 00:28:58,679

was attacked for a lot of reasonable

643

00:29:04,500 --> 00:29:02,140

grounds for example an astronomer would

644

00:29:07,830 --> 00:29:04,510

say well wishes from outer space that

645

00:29:10,470 --> 00:29:07,840

would mean they had to reach somehow the

646

00:29:13,440 --> 00:29:10,480

light ears the distances but this is not

647

00:29:15,840 --> 00:29:13,450

possible nobody can reach the speed of

648

00:29:19,260 --> 00:29:15,850

light so Eric from Daniken must be wrong

649

00:29:21,779 --> 00:29:19,270

or in Chariots of the Gods I compared

650

00:29:24,600 --> 00:29:21,789

these teachers from heaven with humans

651
00:29:27,029 --> 00:29:24,610
they had the form of humans now the

652
00:29:29,700 --> 00:29:27,039
critics say this is a rubbish I mean

653
00:29:32,430 --> 00:29:29,710
evolution on another solar system would

654
00:29:35,310 --> 00:29:32,440
go in complete different way then in our

655
00:29:38,279 --> 00:29:35,320
solar system so if extraterrestrials

656
00:29:41,310 --> 00:29:38,289
would exist David might maybe look like

657
00:29:45,539 --> 00:29:41,320
flying elephants or whatever but never

658
00:29:48,690 --> 00:29:45,549
like you ins etc etc so the critics had

659
00:29:51,240 --> 00:29:48,700
good reasons to critic myself in the

660
00:29:54,060 --> 00:29:51,250
meantime we know that it will be

661
00:29:55,620 --> 00:29:54,070
possible to reach the spear not the

662
00:29:57,870 --> 00:29:55,630
speed of light but to reach between the

663
00:30:00,139 --> 00:29:57,880

stars to make life space travel between

664

00:30:02,880 --> 00:30:00,149

the stuff we know for what reason

665

00:30:04,500 --> 00:30:02,890

extraterrestrials might well look

666

00:30:08,100 --> 00:30:04,510

similar to us there is a good reason for

667

00:30:10,680 --> 00:30:08,110

it etc so the situation has changed I

668

00:30:13,769 --> 00:30:10,690

mean Chariots of the Gods is nearly 45

669

00:30:16,740 --> 00:30:13,779

years old so really the situation has

670

00:30:19,110 --> 00:30:16,750

changed i would rather say has changed

671

00:30:22,470 --> 00:30:19,120

little in my favor we see it differently

672

00:30:25,080 --> 00:30:22,480

now i believe so and i've heard that

673

00:30:27,720 --> 00:30:25,090

argument is well like I think I heard a

674

00:30:29,909 --> 00:30:27,730

scientist said say something like well

675

00:30:32,730 --> 00:30:29,919

they you know what stops them from

676
00:30:34,860 --> 00:30:32,740
having you know 14 eyes or something

677
00:30:38,070 --> 00:30:34,870
like that but you know that the the

678
00:30:40,730 --> 00:30:38,080
binocular view is you know the best it's

679
00:30:43,909 --> 00:30:40,740
all if it is you know based on evolution

680
00:30:48,149 --> 00:30:43,919
everything about us the opposing thumbs

681
00:30:51,600 --> 00:30:48,159
you name it it's all it's all evolution

682
00:30:53,760 --> 00:30:51,610
in just so i think it's it's pretty

683
00:30:56,519 --> 00:30:53,770
close-minded to think that it's not

684
00:31:00,419 --> 00:30:56,529
possible that something would look like

685
00:31:04,000 --> 00:31:00,429
us i mean apes evolved as well what do

686
00:31:06,910 --> 00:31:04,010
you see there was a swedish nobel prize

687
00:31:11,050 --> 00:31:06,920
winner that's 70 years ago his name was

688
00:31:13,360 --> 00:31:11,060

Sam aunty Iranian and he in his time

689

00:31:15,570 --> 00:31:13,370

already came up with the theory which is

690

00:31:20,560 --> 00:31:15,580

known in the scientific community as

691

00:31:23,260 --> 00:31:20,570

panspermia panspermia says at some place

692

00:31:25,930 --> 00:31:23,270

in ours in our galaxy in our Milky Way

693

00:31:28,570 --> 00:31:25,940

there was the first form of life now you

694

00:31:31,900 --> 00:31:28,580

could stop the heart stopped how did the

695

00:31:35,350 --> 00:31:31,910

first form of life started we have no

696

00:31:38,050 --> 00:31:35,360

answer you see in religion in philosophy

697

00:31:40,810 --> 00:31:38,060

too we say in the beginning with God and

698

00:31:42,760 --> 00:31:40,820

God was the world and in astronomy or

699

00:31:46,330 --> 00:31:42,770

astrophysics we say in the beginning

700

00:31:48,940 --> 00:31:46,340

there was the the big bang but in

701
00:31:51,430 --> 00:31:48,950
religion we are stuck what started God

702
00:31:54,430 --> 00:31:51,440
what is God come from in astronomy we

703
00:31:58,270 --> 00:31:54,440
say ok and what started the big bang job

704
00:32:00,850 --> 00:31:58,280
the theory of panspermia says it started

705
00:32:04,210 --> 00:32:00,860
somewhere at the first intelligent form

706
00:32:07,960 --> 00:32:04,220
of life had a certain interest to spread

707
00:32:11,620 --> 00:32:07,970
out their own form of lives and now they

708
00:32:14,100 --> 00:32:11,630
do it we buy just infecting infecting a

709
00:32:18,160 --> 00:32:14,110
section of the Milky Way with their own

710
00:32:20,380 --> 00:32:18,170
form of life which is possible spread

711
00:32:22,270 --> 00:32:20,390
out their own form of life by the way

712
00:32:24,490 --> 00:32:22,280
that does not contradict evolution we

713
00:32:27,640 --> 00:32:24,500

are still produce products of evolution

714

00:32:31,020 --> 00:32:27,650

but in a way we are offsprings of

715

00:32:34,510 --> 00:32:31,030

another solar system and this again is

716

00:32:36,760 --> 00:32:34,520

handed down in every big religion even

717

00:32:39,700 --> 00:32:36,770

in our Christian religion that says and

718

00:32:43,180 --> 00:32:39,710

God created humans according their own

719

00:32:44,620 --> 00:32:43,190

image you know I said this before in a

720

00:32:46,810 --> 00:32:44,630

couple of podcasts and it's a little

721

00:32:50,290 --> 00:32:46,820

redundant for my regular listeners but

722

00:32:52,840 --> 00:32:50,300

when I was in high school I came up with

723

00:32:56,320 --> 00:32:52,850

this i wrote for english and an essay

724

00:32:57,610 --> 00:32:56,330

basically that I had an answer for the

725

00:32:59,050 --> 00:32:57,620

reason that there were different races

726
00:33:01,720 --> 00:32:59,060
throughout the world and that we were

727
00:33:02,980 --> 00:33:01,730
seated here from different planets you

728
00:33:06,280 --> 00:33:02,990
know it's just kind of sort of like a

729
00:33:09,390 --> 00:33:06,290
fictional writing but it was actually

730
00:33:12,190 --> 00:33:09,400
received the best of anything I ever did

731
00:33:15,130 --> 00:33:12,200
hahaha I've had the clap you do happy to

732
00:33:18,620 --> 00:33:15,140
you this yeah and

733
00:33:20,750 --> 00:33:18,630
but i do remember your book everywhere

734
00:33:22,940 --> 00:33:20,760
seeing your book everywhere and like I

735
00:33:25,610 --> 00:33:22,950
had friends reading it and and you know

736
00:33:27,470 --> 00:33:25,620
it really just that the title alone I

737
00:33:29,510 --> 00:33:27,480
mean I don't know how you chose that

738
00:33:33,040 --> 00:33:29,520

title but it's such an intriguing title

739

00:33:37,310 --> 00:33:33,050

in English and did you have a hard time

740

00:33:40,610 --> 00:33:37,320

getting the book published and bashed oh

741

00:33:44,600 --> 00:33:40,620

yes you see at that time I finished the

742

00:33:49,040 --> 00:33:44,610

manuscript in 1966 and at that time we

743

00:33:51,350 --> 00:33:49,050

did not had our two days copy technology

744

00:33:54,800 --> 00:33:51,360

so what I wanted to make a photocopy of

745

00:33:57,920 --> 00:33:54,810

a page I had to photocopy each page on

746

00:34:01,700 --> 00:33:57,930

its own it was not just a 200 page so i

747

00:34:04,510 --> 00:34:01,710

copied my manuscript 20 times and i sent

748

00:34:07,370 --> 00:34:04,520

20 copies of it to 20 different

749

00:34:09,470 --> 00:34:07,380

publishers in the german world and all

750

00:34:11,720 --> 00:34:09,480

the 20 publishers centered the

751
00:34:14,570 --> 00:34:11,730
manuscript back and they said no it's

752
00:34:16,820 --> 00:34:14,580
not good it's too speculative it's not

753
00:34:19,190 --> 00:34:16,830
written in a professional way or it is

754
00:34:22,310 --> 00:34:19,200
not part of our program so I was a

755
00:34:24,830 --> 00:34:22,320
absolutely crashed down before the book

756
00:34:27,530 --> 00:34:24,840
was on the market but as I said before I

757
00:34:30,410 --> 00:34:27,540
was a managing director of a hotel and

758
00:34:32,570 --> 00:34:30,420
in this hotel every winter we had a

759
00:34:35,000 --> 00:34:32,580
brilliant guessed he was the chief

760
00:34:37,370 --> 00:34:35,010
editor of a scientific newspaper in

761
00:34:40,100 --> 00:34:37,380
Germany and he said when even into me

762
00:34:42,380 --> 00:34:40,110
Eric why don't you write a book and I

763
00:34:44,690 --> 00:34:42,390

said listen I have a manuscript but I

764

00:34:47,000 --> 00:34:44,700

cannot find a publisher and then he said

765

00:34:49,520 --> 00:34:47,010

well I know a publisher I will phone him

766

00:34:52,280 --> 00:34:49,530

tomorrow and I remember if it would be

767

00:34:55,190 --> 00:34:52,290

yesterday he said to someone on the for

768

00:34:57,050 --> 00:34:55,200

which I didn't know listened Aaron I'm

769

00:34:59,330 --> 00:34:57,060

standing here in Switzerland before a

770

00:35:02,060 --> 00:34:59,340

young man and this man has written a

771

00:35:04,730 --> 00:35:02,070

complete crazy book but the human the

772

00:35:07,460 --> 00:35:04,740

man is not crazy you should maybe listen

773

00:35:09,080 --> 00:35:07,470

to him and that's how it started so

774

00:35:12,830 --> 00:35:09,090

chariots of the gods came on the market

775

00:35:15,230 --> 00:35:12,840

in 1968 well I bet I bet all those

776

00:35:17,810 --> 00:35:15,240

publishers or were kicking themselves on

777

00:35:20,720 --> 00:35:17,820

the butt for that yeah yeah really yeah

778

00:35:23,000 --> 00:35:20,730

yep you know I'm uh the the what I do

779

00:35:25,550 --> 00:35:23,010

for real work is I'm in the fine arts

780

00:35:28,810 --> 00:35:25,560

and antiques and I have dealt a lot of

781

00:35:32,690 --> 00:35:28,820

time at auction with a pre-columbian

782

00:35:35,330 --> 00:35:32,700

pieces of pottery and figures and I got

783

00:35:37,460 --> 00:35:35,340

to tell you you know when I was

784

00:35:40,700 --> 00:35:37,470

cataloging these pieces over the many

785

00:35:43,430 --> 00:35:40,710

years they're the strangest some of the

786

00:35:47,780 --> 00:35:43,440

figures are the strangest-looking thinks

787

00:35:49,970 --> 00:35:47,790

I mean so alien like and I just pulled

788

00:35:52,220 --> 00:35:49,980

up your website and I saw you have some

789

00:35:54,650 --> 00:35:52,230

type of figure down right by your email

790

00:36:00,020 --> 00:35:54,660

address which is just reminding me of

791

00:36:02,210 --> 00:36:00,030

that okay and so have you are you this

792

00:36:04,850 --> 00:36:02,220

is just a little op shoot of this but

793

00:36:06,410 --> 00:36:04,860

are you also a collector of things that

794

00:36:10,100 --> 00:36:06,420

you find that are intriguing that are

795

00:36:13,280 --> 00:36:10,110

ancient uh no I don't collect material I

796

00:36:15,230 --> 00:36:13,290

don't collect any original I never stole

797

00:36:17,960 --> 00:36:15,240

some original from another country of

798

00:36:20,450 --> 00:36:17,970

course I have copies of many of the

799

00:36:23,570 --> 00:36:20,460

artifacts and i must say i have the

800

00:36:27,410 --> 00:36:23,580

biggest archive concerning pictures i

801
00:36:29,920 --> 00:36:27,420
have about 200,000 pictures and in the

802
00:36:32,780 --> 00:36:29,930
meantime they are all on the computer

803
00:36:35,450 --> 00:36:32,790
the original still exists in form of

804
00:36:37,609 --> 00:36:35,460
slides but 200,000 and by the way in

805
00:36:39,920 --> 00:36:37,619
Joshua Tree you know contact in the

806
00:36:42,790 --> 00:36:39,930
desert I have at least three speeches

807
00:36:44,870 --> 00:36:42,800
and workshops and I will well show you

808
00:36:47,660 --> 00:36:44,880
pictures which you have never seen

809
00:36:50,420 --> 00:36:47,670
before from all over the world pictures

810
00:36:52,910 --> 00:36:50,430
which should not exist in archaeology

811
00:36:55,550 --> 00:36:52,920
for example you're talking about

812
00:36:58,160 --> 00:36:55,560
columbia in in South America is a

813
00:37:01,430 --> 00:36:58,170

country called Ecuador in Ecuador is a

814

00:37:04,370 --> 00:37:01,440

place city called cuenta and there some

815

00:37:07,070 --> 00:37:04,380

25 years ago was an old priest living

816

00:37:09,470 --> 00:37:07,080

his name is father Crespi's we know each

817

00:37:12,680 --> 00:37:09,480

other very good and father crespi had an

818

00:37:15,740 --> 00:37:12,690

incredible collections of objects of art

819

00:37:18,920 --> 00:37:15,750

all kind which the indians make to him

820

00:37:21,349 --> 00:37:18,930

because he helped them in every way also

821

00:37:24,410 --> 00:37:21,359

against the government sometimes so i

822

00:37:27,320 --> 00:37:24,420

photographed at least 500 incredible

823

00:37:29,480 --> 00:37:27,330

objects you see pyramid and pyramids

824

00:37:31,400 --> 00:37:29,490

which have a writing on it but this

825

00:37:33,980 --> 00:37:31,410

writing has not been deciphered by

826

00:37:35,840 --> 00:37:33,990

nobody I published some of these books

827

00:37:38,660 --> 00:37:35,850

in a picture book and from the

828

00:37:41,330 --> 00:37:38,670

archaeological site there is no answer

829

00:37:42,830 --> 00:37:41,340

we don't know what it is so they say it

830

00:37:45,650 --> 00:37:42,840

must be falsification

831

00:37:48,890 --> 00:37:45,660

but they are not falsification they are

832

00:37:51,980 --> 00:37:48,900

real old well the pictures and the

833

00:37:54,020 --> 00:37:51,990

arguments and the the motifs on it is

834

00:37:59,810 --> 00:37:54,030

thousands of years old and nobody

835

00:38:02,240 --> 00:37:59,820

understands it I'm amazing now getting

836

00:38:04,250 --> 00:38:02,250

up talking about the pyramids a little

837

00:38:06,800 --> 00:38:04,260

bit you know I mean what do you think is

838

00:38:09,350 --> 00:38:06,810

more intriguing the pyramids or the

839

00:38:13,070 --> 00:38:09,360

Sphinx and another thing about that is

840

00:38:16,850 --> 00:38:13,080

these things are you can't really for my

841

00:38:19,190 --> 00:38:16,860

own you can't really date stone I mean

842

00:38:21,440 --> 00:38:19,200

stone is now no you cannot directly

843

00:38:23,180 --> 00:38:21,450

they'd stolen soonest they are broken

844

00:38:26,720 --> 00:38:23,190

off the rock you cannot date them

845

00:38:29,780 --> 00:38:26,730

anymore but you see the pyramid it's a

846

00:38:32,300 --> 00:38:29,790

long long story according to a geologist

847

00:38:35,750 --> 00:38:32,310

the great pyramid was constructed by

848

00:38:39,770 --> 00:38:35,760

cubes chiapas FL over in this the Fourth

849

00:38:42,050 --> 00:38:39,780

Dynasty roughly 2500 BC and generally

850

00:38:45,050 --> 00:38:42,060

you can say why should he not have made

851

00:38:48,350 --> 00:38:45,060

this building well these were more or

852

00:38:51,230 --> 00:38:48,360

less Stone Age people not directly they

853

00:38:53,420 --> 00:38:51,240

were in the Iron Age and so on but the

854

00:38:57,620 --> 00:38:53,430

problem with the Great Pyramid is not

855

00:39:00,550 --> 00:38:57,630

the construction itself each planning in

856

00:39:03,140 --> 00:39:00,560

the meantime because of electrical

857

00:39:06,680 --> 00:39:03,150

electronical measurement we have found

858

00:39:09,740 --> 00:39:06,690

inside the pyramid different new shafts

859

00:39:13,010 --> 00:39:09,750

and rooms they are small these shafts

860

00:39:15,740 --> 00:39:13,020

and rooms only robots can climb in there

861

00:39:18,560 --> 00:39:15,750

by the way I show some of these new

862

00:39:22,130 --> 00:39:18,570

shafts in my speech in Joshua Tree now

863

00:39:23,960 --> 00:39:22,140

as more shafts and room you have inside

864

00:39:26,720 --> 00:39:23,970

the pyramid and under the pyramid as

865

00:39:30,380 --> 00:39:26,730

more complicated becomes the planning

866

00:39:32,960 --> 00:39:30,390

the planning means engineering work you

867

00:39:35,930 --> 00:39:32,970

have to plan everything before you stop

868

00:39:38,600 --> 00:39:35,940

start cutting rocks and moving rocks

869

00:39:41,630 --> 00:39:38,610

about and the planning does not fit in

870

00:39:44,060 --> 00:39:41,640

caleb's time that they don't have this

871

00:39:46,730 --> 00:39:44,070

engineering knowledge at that time now

872

00:39:49,640 --> 00:39:46,740

again we have ancient traditions for

873

00:39:53,030 --> 00:39:49,650

example there are Arabian Cranitch

874

00:39:55,640 --> 00:39:53,040

Ibrahim Abdul al Makris is one of them

875

00:39:56,600 --> 00:39:55,650

and he wrote the great pyramid was

876

00:39:59,480 --> 00:39:56,610

constructed

877

00:40:02,120 --> 00:39:59,490

before the Great Flood and it was made

878

00:40:05,480 --> 00:40:02,130

by a pharaoh with the name of salaried

879

00:40:09,230 --> 00:40:05,490

and he says salaried is the same figure

880

00:40:12,500 --> 00:40:09,240

which the Hebrew community names in oak

881

00:40:15,950 --> 00:40:12,510

now Enoch again is one of my friend he

882

00:40:17,660 --> 00:40:15,960

was teach by the guardians of the sky he

883

00:40:20,840 --> 00:40:17,670

was up there he learned their language

884

00:40:23,810 --> 00:40:20,850

and finally he disappeared with them so

885

00:40:26,210 --> 00:40:23,820

to me it makes sense Enoch was the seven

886

00:40:29,510 --> 00:40:26,220

patria before the Great Flood a

887

00:40:34,550 --> 00:40:29,520

brilliant figure he was shot in

888

00:40:36,170 --> 00:40:34,560

scientist in scientific learning by the

889

00:40:38,120 --> 00:40:36,180

way I'm sorry my mother languages German

890

00:40:41,720 --> 00:40:38,130

i already have to translate a little so

891

00:40:44,450 --> 00:40:41,730

and he wrote 300 books and before you

892

00:40:46,940 --> 00:40:44,460

know cleft our planet he gave these

893

00:40:49,400 --> 00:40:46,950

thing on the books to his son his son

894

00:40:52,220 --> 00:40:49,410

was Methuselah the one from the Bible

895

00:40:56,810 --> 00:40:52,230

and he gave it them with the words my

896

00:40:59,900 --> 00:40:56,820

son keep peace books for mankind after

897

00:41:02,810 --> 00:40:59,910

the Great Flood so it was done before

898

00:41:06,620 --> 00:41:02,820

the Great Flood other abyan historian

899

00:41:08,600 --> 00:41:06,630

said wow well on all your travels I was

900

00:41:11,210 --> 00:41:08,610

looking through some of your pictures

901
00:41:12,680 --> 00:41:11,220
that you have on your website and all

902
00:41:17,860 --> 00:41:12,690
your travels what do you think is the

903
00:41:20,630 --> 00:41:17,870
most unique man-made structure that's

904
00:41:24,320 --> 00:41:20,640
angel for me it's still the stone of

905
00:41:28,160 --> 00:41:24,330
palenque you see Palenque is a place in

906
00:41:30,890 --> 00:41:28,170
Mexico and Palenque today's tourist

907
00:41:33,080 --> 00:41:30,900
place an archeological place there is a

908
00:41:37,550 --> 00:41:33,090
pyramid which is called the temple of

909
00:41:40,790 --> 00:41:37,560
inscription at in 1952 professor dr.

910
00:41:43,940 --> 00:41:40,800
Ruth's discovered under the temple of

911
00:41:47,440 --> 00:41:43,950
inscription a secret tomb the tomb was

912
00:41:52,190 --> 00:41:47,450
covered with the big stone I mean big

913
00:41:54,590 --> 00:41:52,200

3.8 meters long 2.2 meters large that's

914

00:41:57,620 --> 00:41:54,600

quite the block one block one mana light

915

00:42:00,560 --> 00:41:57,630

and under stone block was an incredible

916

00:42:03,290 --> 00:42:00,570

kisling you see something like a frame

917

00:42:06,470 --> 00:42:03,300

and in this frame is hitting a human

918

00:42:09,019 --> 00:42:06,480

being he's bending forward almost like a

919

00:42:10,819 --> 00:42:09,029

motor racing cyclist he

920

00:42:13,099 --> 00:42:10,829

his two hands to manipulate some

921

00:42:16,099 --> 00:42:13,109

controls he's definitely sitting on a

922

00:42:19,309 --> 00:42:16,109

chair and outside the frame you see

923

00:42:21,380 --> 00:42:19,319

something like a linking slam now this

924

00:42:23,509 --> 00:42:21,390

stone has a right thing around it and

925

00:42:27,019 --> 00:42:23,519

some of this writing can be translated

926

00:42:30,559 --> 00:42:27,029

so we know for sure the figure which is

927

00:42:33,229 --> 00:42:30,569

represented in this stone is Pakal Patel

928

00:42:36,140 --> 00:42:33,239

was the second last ruler of the Maya

929

00:42:40,969 --> 00:42:36,150

city of Palenque but in the beginning in

930

00:42:43,189 --> 00:42:40,979

1952 until about two years from now all

931

00:42:47,120 --> 00:42:43,199

the archaeological explorations was

932

00:42:49,999 --> 00:42:47,130

Puckle is sitting in the open mouth of a

933

00:42:53,929 --> 00:42:50,009

mythological monster he's falling into

934

00:42:56,299 --> 00:42:53,939

the air earth and out of his chest you

935

00:42:59,209 --> 00:42:56,309

see some something like at the cross of

936

00:43:01,069 --> 00:42:59,219

life or the tree of life but in the

937

00:43:03,859 --> 00:43:01,079

meantime and this is just one and a half

938

00:43:06,499 --> 00:43:03,869

years ago the scientific translation has

939

00:43:09,169 --> 00:43:06,509

changed completely there are two

940

00:43:12,109 --> 00:43:09,179

professors American professors from the

941

00:43:14,959 --> 00:43:12,119

University of Texas their name is Stuart

942

00:43:17,089 --> 00:43:14,969

and steward it's the father and the Son

943

00:43:19,969 --> 00:43:17,099

and they are the best translators

944

00:43:22,880 --> 00:43:19,979

definitely in Maya language and now the

945

00:43:25,399 --> 00:43:22,890

new translation they say yes it is

946

00:43:28,309 --> 00:43:25,409

Puckle the second-last rover but he's

947

00:43:31,909 --> 00:43:28,319

not falling into the earth he's

948

00:43:34,370 --> 00:43:31,919

traveling out from our earth he out in

949

00:43:37,880 --> 00:43:34,380

the universe and every little thing or

950

00:43:40,279 --> 00:43:37,890

this famous stone block can be seen it

951
00:43:43,099 --> 00:43:40,289
has to do something with the universe

952
00:43:45,769 --> 00:43:43,109
with the cosmos so that the situation

953
00:43:48,319 --> 00:43:45,779
has changed you asked me for the best

954
00:43:50,829 --> 00:43:48,329
looking place look at this stone from

955
00:43:53,749 --> 00:43:50,839
Palenque and you are really scatterers

956
00:43:56,439 --> 00:43:53,759
yes I just pulled that up well I pulled

957
00:43:58,759 --> 00:43:56,449
up the structure overall pretty amazing

958
00:44:01,519 --> 00:43:58,769
you know the thing that always puzzles

959
00:44:03,649 --> 00:44:01,529
me is how with what they had to work

960
00:44:06,739 --> 00:44:03,659
with the tools they had to work with how

961
00:44:08,569 --> 00:44:06,749
could they create such incredible you

962
00:44:12,199 --> 00:44:08,579
know works of art it just it always

963
00:44:14,449 --> 00:44:12,209

puzzles me but no we always a lot of

964

00:44:17,209 --> 00:44:14,459

times in our society we always think

965

00:44:20,419 --> 00:44:17,219

that people were not as smart as we are

966

00:44:22,010 --> 00:44:20,429

today and all that and I can argue that

967

00:44:23,630 --> 00:44:22,020

we're probably not anyway

968

00:44:29,300 --> 00:44:23,640

you're as smart as a lot of most of them

969

00:44:32,180 --> 00:44:29,310

were but let me just think here I I will

970

00:44:33,770 --> 00:44:32,190

edit this by the way but so far so far

971

00:44:36,950 --> 00:44:33,780

there's no reason to edit it's been

972

00:44:38,480 --> 00:44:36,960

going it's been going well so but I'm

973

00:44:41,860 --> 00:44:38,490

just trying to think of where did when I

974

00:44:45,220 --> 00:44:41,870

attempt you your point of view you see

975

00:44:48,680 --> 00:44:45,230

what puzzles me all the time is that

976
00:44:51,400 --> 00:44:48,690
some of the stone blocks and some of the

977
00:44:55,220 --> 00:44:51,410
Chi ceilings which are very very old

978
00:44:58,430 --> 00:44:55,230
have used more technology than the

979
00:45:01,550 --> 00:44:58,440
latest stones for example in Egypt on

980
00:45:03,920 --> 00:45:01,560
the Nile is a place called Abydos and in

981
00:45:06,320 --> 00:45:03,930
Abydos there is a temple from from a

982
00:45:09,860 --> 00:45:06,330
fellow which we know from the 13th

983
00:45:11,810 --> 00:45:09,870
century now we need this temple of the

984
00:45:14,060 --> 00:45:11,820
follow his name is set us the first

985
00:45:17,000 --> 00:45:14,070
there is another structure and the

986
00:45:19,160 --> 00:45:17,010
structure is much Tryg antic and bigger

987
00:45:23,270 --> 00:45:19,170
than the temple of safety the first

988
00:45:27,320 --> 00:45:23,280

which means the oldest monuments are

989

00:45:29,210 --> 00:45:27,330

more precise concerning technology than

990

00:45:31,970 --> 00:45:29,220

the lathe temple it should be

991

00:45:34,310 --> 00:45:31,980

differently because in evolution you

992

00:45:36,770 --> 00:45:34,320

learn with little things you learn to

993

00:45:39,320 --> 00:45:36,780

move small stones little stores and then

994

00:45:41,630 --> 00:45:39,330

you learn how much to transport bigger

995

00:45:44,300 --> 00:45:41,640

stones how to cut them to chisel them

996

00:45:47,300 --> 00:45:44,310

how to transport them etc so evolution

997

00:45:49,070 --> 00:45:47,310

in technology starts small and then you

998

00:45:51,710 --> 00:45:49,080

become smarter and smarter and more

999

00:45:53,810 --> 00:45:51,720

intelligent but in Abydos this is one of

1000

00:45:57,020 --> 00:45:53,820

the example what is all on the other

1001
00:45:58,940 --> 00:45:57,030
side the most perfect technology is the

1002
00:46:03,230 --> 00:45:58,950
oldest one and we have no explanation

1003
00:46:06,470 --> 00:46:03,240
for it right right speaking of

1004
00:46:09,230 --> 00:46:06,480
technology if you think about it the way

1005
00:46:13,070 --> 00:46:09,240
that we are always developing technology

1006
00:46:16,990 --> 00:46:13,080
as far as like penetrating radar and

1007
00:46:20,150 --> 00:46:17,000
penetrating through different waves

1008
00:46:23,120 --> 00:46:20,160
objects and I think that more and more

1009
00:46:25,610 --> 00:46:23,130
of these ancient places will be found

1010
00:46:29,570 --> 00:46:25,620
you know deeply buried because over time

1011
00:46:31,910 --> 00:46:29,580
you know everything gets buried slow you

1012
00:46:35,420 --> 00:46:31,920
know and and undiscovered and forgotten

1013
00:46:35,940 --> 00:46:35,430

about and just just wanted to get your

1014

00:46:38,280 --> 00:46:35,950

opinion

1015

00:46:41,339 --> 00:46:38,290

this what do you think mainstream

1016

00:46:43,800 --> 00:46:41,349

science would do if they discovered more

1017

00:46:46,770 --> 00:46:43,810

along the lines of what your theory was

1018

00:46:49,230 --> 00:46:46,780

or even that the human race was a lot

1019

00:46:50,790 --> 00:46:49,240

older than you know the two million

1020

00:46:54,410 --> 00:46:50,800

years or whatever it is they're

1021

00:46:57,650 --> 00:46:54,420

suggesting it is well in the beginning

1022

00:46:59,760 --> 00:46:57,660

we always have to be reasonable and

1023

00:47:03,060 --> 00:46:59,770

mainstream scientists will in the

1024

00:47:06,089 --> 00:47:03,070

beginning be against it but science is

1025

00:47:09,030 --> 00:47:06,099

an open society that normally those

1026

00:47:11,700 --> 00:47:09,040

scientists I know a brilliant man you

1027

00:47:14,069 --> 00:47:11,710

know and they learn and they accept when

1028

00:47:16,650 --> 00:47:14,079

you can prove a situation so the

1029

00:47:18,900 --> 00:47:16,660

situation will change because of our

1030

00:47:21,390 --> 00:47:18,910

technology just let me give you two

1031

00:47:24,690 --> 00:47:21,400

little example everybody is talking

1032

00:47:26,790 --> 00:47:24,700

about the changing of Klima now I don't

1033

00:47:29,790 --> 00:47:26,800

doubt doubt the changing of Klima but

1034

00:47:32,940 --> 00:47:29,800

what do we do because now the eyes for

1035

00:47:36,390 --> 00:47:32,950

example on the Antarctic is melting what

1036

00:47:39,030 --> 00:47:36,400

do we do when suddenly out of the ice a

1037

00:47:41,339 --> 00:47:39,040

building appears we can do nothing

1038

00:47:43,319 --> 00:47:41,349

against it we know that this building

1039

00:47:46,680 --> 00:47:43,329

must be thousands and thousands of years

1040

00:47:49,319 --> 00:47:46,690

old otherwise it would not be covered by

1041

00:47:51,390 --> 00:47:49,329

the eyes now the ice melts and the

1042

00:47:53,280 --> 00:47:51,400

building comes out so what can the

1043

00:47:56,579 --> 00:47:53,290

scientific community do against it

1044

00:48:00,000 --> 00:47:56,589

nothing bored in South America in Peru

1045

00:48:03,359 --> 00:48:00,010

we have this very well-known plane of

1046

00:48:06,359 --> 00:48:03,369

Nazca not skies a desert and when you

1047

00:48:08,520 --> 00:48:06,369

fly over it you see gigantic figures in

1048

00:48:12,120 --> 00:48:08,530

the desert then you see gigantic lines

1049

00:48:14,849 --> 00:48:12,130

looking like air strips etc etc now we

1050

00:48:18,930 --> 00:48:14,859

always looked at Nazca a something

1051
00:48:21,990 --> 00:48:18,940
unique Nazca only happens in Peru but

1052
00:48:24,960 --> 00:48:22,000
thanks to technology thanks to satellite

1053
00:48:27,390 --> 00:48:24,970
then to satellite photographs we know in

1054
00:48:30,380 --> 00:48:27,400
the meantime that we have at least in

1055
00:48:33,990 --> 00:48:30,390
five different places on our planet

1056
00:48:36,960 --> 00:48:34,000
something similar to Nazca we find it in

1057
00:48:40,589 --> 00:48:36,970
Saudi Arabia we find it in jordania we

1058
00:48:43,470 --> 00:48:40,599
find it in in Russia etc all by

1059
00:48:46,859 --> 00:48:43,480
satellites so suddenly we have to ask

1060
00:48:49,650 --> 00:48:46,869
hey nuts guys not unique why have our

1061
00:48:52,650 --> 00:48:49,660
forefathers thousands of years ago

1062
00:48:55,049 --> 00:48:52,660
on different continents made gigantic

1063
00:48:58,020 --> 00:48:55,059

carvings in the ground lines and

1064

00:49:00,510 --> 00:48:58,030

pictures which are so big that you can

1065

00:49:02,430 --> 00:49:00,520

overlook the boundary from the air why

1066

00:49:05,130 --> 00:49:02,440

have they done this on different

1067

00:49:07,529 --> 00:49:05,140

countries now Erich von Daniken comes

1068

00:49:10,500 --> 00:49:07,539

and says I'm sorry we have old writings

1069

00:49:13,589 --> 00:49:10,510

we have literature on which these gods

1070

00:49:15,420 --> 00:49:13,599

the so-called gods are described they

1071

00:49:19,319 --> 00:49:15,430

were flying around with flying machines

1072

00:49:22,380 --> 00:49:19,329

called the Rings gods of Vimanas in

1073

00:49:24,599 --> 00:49:22,390

India or whatever so take the old

1074

00:49:27,150 --> 00:49:24,609

literature into consideration and then

1075

00:49:30,120 --> 00:49:27,160

you find an explanation for these signs

1076
00:49:32,520 --> 00:49:30,130
the humans made designs not the extra

1077
00:49:34,650 --> 00:49:32,530
places but of such over the mention of

1078
00:49:39,120 --> 00:49:34,660
the size that you can see them only from

1079
00:49:40,920 --> 00:49:39,130
the air mm-hmm you know I like to bounce

1080
00:49:43,740 --> 00:49:40,930
around a little bit and in these

1081
00:49:45,420 --> 00:49:43,750
discussions and and now I'm going to ask

1082
00:49:48,660 --> 00:49:45,430
you I know you've written a lot of books

1083
00:49:52,049 --> 00:49:48,670
we can talk about that as well but since

1084
00:49:55,170 --> 00:49:52,059
you wrote Chariots of the Gods how did

1085
00:49:58,380 --> 00:49:55,180
your life change what just just walk us

1086
00:50:00,240 --> 00:49:58,390
through what what happened well I was

1087
00:50:03,120 --> 00:50:00,250
the managing director of the hotel and

1088
00:50:05,640 --> 00:50:03,130

they gave up the hotel and I simply just

1089

00:50:07,950 --> 00:50:05,650

was a writer and researcher with the

1090

00:50:10,410 --> 00:50:07,960

money I made by the way I have never

1091

00:50:12,870 --> 00:50:10,420

become a rich man still until today not

1092

00:50:16,380 --> 00:50:12,880

I still have an open the taxpayer Bill

1093

00:50:19,950 --> 00:50:16,390

but I spend a lot of money in traveling

1094

00:50:24,569 --> 00:50:19,960

with my colleagues sometimes I finance

1095

00:50:27,690 --> 00:50:24,579

expeditions in in in Saudi Arabia or or

1096

00:50:31,049 --> 00:50:27,700

in Brazil and so so I earned money and I

1097

00:50:33,299 --> 00:50:31,059

spend money so my life has changed and

1098

00:50:36,000 --> 00:50:33,309

of course in Chariots of the Gods and in

1099

00:50:38,579 --> 00:50:36,010

earlier books I was a young man and as a

1100

00:50:40,890 --> 00:50:38,589

young man you are enthusiastic you are

1101
00:50:43,380 --> 00:50:40,900
not self critical enough and you believe

1102
00:50:46,950 --> 00:50:43,390
sometimes every rubbish which someone

1103
00:50:50,730 --> 00:50:46,960
may tell you so later you learn do not

1104
00:50:53,059 --> 00:50:50,740
repeat any mistake mistake every book

1105
00:50:55,890 --> 00:50:53,069
has to be perfect and controllable

1106
00:50:58,200 --> 00:50:55,900
controllable every source has to be

1107
00:51:00,720 --> 00:50:58,210
correct so that's what you learn what

1108
00:51:02,850 --> 00:51:00,730
you not change in your life in the

1109
00:51:05,700 --> 00:51:02,860
meantime of the 80 year old

1110
00:51:08,580 --> 00:51:05,710
man I think that the the scientific

1111
00:51:11,850 --> 00:51:08,590
community accepts the way how my

1112
00:51:13,320 --> 00:51:11,860
theories are presented well that's good

1113
00:51:16,950 --> 00:51:13,330

to hear I was that was going to be my

1114

00:51:19,290 --> 00:51:16,960

next question was to ask you if you had

1115

00:51:21,690 --> 00:51:19,300

like cyan't any scientists that you're

1116

00:51:25,140 --> 00:51:21,700

aware of I was looking at your legendary

1117

00:51:29,640 --> 00:51:25,150

times and if you want to talk about that

1118

00:51:31,350 --> 00:51:29,650

a little bit it oh this is something you

1119

00:51:33,870 --> 00:51:31,360

publish right but you have like a

1120

00:51:36,960 --> 00:51:33,880

membership a 10,000 members can you talk

1121

00:51:40,290 --> 00:51:36,970

about that yeah you see long time ago

1122

00:51:42,630 --> 00:51:40,300

that was in the in 1971 I had speeches

1123

00:51:45,030 --> 00:51:42,640

in the United States and one evening an

1124

00:51:46,530 --> 00:51:45,040

American Lawyer came to me his name was

1125

00:51:49,860 --> 00:51:46,540

Jean Philippe he was an absolutely

1126

00:51:52,500 --> 00:51:49,870

modest and sympathetic man and he

1127

00:51:55,770 --> 00:51:52,510

suggested to me we should create an eric

1128

00:51:58,320 --> 00:51:55,780

from Daniken society and i was again the

1129

00:52:01,050 --> 00:51:58,330

name of Erich von Daniken society I was

1130

00:52:02,850 --> 00:52:01,060

for a society you know I had something

1131

00:52:05,910 --> 00:52:02,860

in mind like the National Geographic

1132

00:52:08,340 --> 00:52:05,920

Society or whatever so I said to him all

1133

00:52:10,470 --> 00:52:08,350

right we make a society but let's find

1134

00:52:14,370 --> 00:52:10,480

another name and he suggested the name

1135

00:52:17,010 --> 00:52:14,380

of ancient astronaut society and this

1136

00:52:19,770 --> 00:52:17,020

international society gives out a

1137

00:52:22,530 --> 00:52:19,780

magazine every two or three months which

1138

00:52:25,140 --> 00:52:22,540

is called ancient aliens now this

1139

00:52:28,140 --> 00:52:25,150

society has an American branch and the

1140

00:52:30,660 --> 00:52:28,150

European branch and in America you know

1141

00:52:33,560 --> 00:52:30,670

my friend Jojo to scholars everyone

1142

00:52:36,870 --> 00:52:33,570

knows Jon's officials from the TV series

1143

00:52:39,960 --> 00:52:36,880

engine aliens he's doing this is job

1144

00:52:43,530 --> 00:52:39,970

wonderful I'm doing this in Europe our

1145

00:52:46,620 --> 00:52:43,540

magazine has in the meantime 45 pizza

1146

00:52:49,230 --> 00:52:46,630

pages is in full color and comes out

1147

00:52:52,440 --> 00:52:49,240

every two months and there we always

1148

00:52:54,390 --> 00:52:52,450

present the newest findings of course

1149

00:52:56,190 --> 00:52:54,400

the u.s. literature and there we

1150

00:52:59,250 --> 00:52:56,200

published were Erich von Daniken has

1151
00:53:01,620 --> 00:52:59,260
speeches what can you see him etc I'm

1152
00:53:03,780 --> 00:53:01,630
happy that we have this international

1153
00:53:06,480 --> 00:53:03,790
organization among the German

1154
00:53:09,270 --> 00:53:06,490
organization we have at least i would

1155
00:53:12,770 --> 00:53:09,280
say 100 scientists from different

1156
00:53:15,900 --> 00:53:12,780
faculties really well now I think

1157
00:53:16,470 --> 00:53:15,910
Giorgio has been Giorgio has been a

1158
00:53:19,470 --> 00:53:16,480
really good

1159
00:53:22,440 --> 00:53:19,480
but thankful publicity because everyone

1160
00:53:24,300 --> 00:53:22,450
knows him by his hair so he comes up

1161
00:53:27,060 --> 00:53:24,310
everywhere in pictures all over the

1162
00:53:28,710 --> 00:53:27,070
internet and then people that don't ever

1163
00:53:31,050 --> 00:53:28,720

had people that have never watched

1164

00:53:33,270 --> 00:53:31,060

ancient aliens all of a sudden like oh

1165

00:53:36,270 --> 00:53:33,280

you know they get interested just

1166

00:53:38,910 --> 00:53:36,280

because I uh you know him and Jojo even

1167

00:53:41,550 --> 00:53:38,920

has an own TV series in the meantime by

1168

00:53:45,359 --> 00:53:41,560

the way Jojo grew up in Switzerland I

1169

00:53:48,120 --> 00:53:45,369

knew him when he was nearly 18 years old

1170

00:53:50,250 --> 00:53:48,130

young man so we were together at that

1171

00:53:52,340 --> 00:53:50,260

time already later he went to the United

1172

00:53:55,260 --> 00:53:52,350

States how about that I never knew that

1173

00:53:57,420 --> 00:53:55,270

now let's talk about your other have you

1174

00:54:01,380 --> 00:53:57,430

really written 55 books I thought it was

1175

00:54:03,840 --> 00:54:01,390

20-something now it's 30 37 books in the

1176

00:54:06,990 --> 00:54:03,850

meantime with the total edition of

1177

00:54:09,300 --> 00:54:07,000

around 65 million copy something like

1178

00:54:11,700 --> 00:54:09,310

this but as I said before I have never

1179

00:54:15,390 --> 00:54:11,710

become a rich man i'm traveling all the

1180

00:54:18,450 --> 00:54:15,400

time just in three days I'm going to

1181

00:54:20,520 --> 00:54:18,460

Greece and then as I said in about 10

1182

00:54:24,090 --> 00:54:20,530

days or so I will be in the United

1183

00:54:26,340 --> 00:54:24,100

States in California Wow and you travel

1184

00:54:28,290 --> 00:54:26,350

all over the world constantly don't you

1185

00:54:31,230 --> 00:54:28,300

yeah Oh constantly all over the world

1186

00:54:33,960 --> 00:54:31,240

not only for speeches sometimes I have a

1187

00:54:36,750 --> 00:54:33,970

lot of speeches but also for researchers

1188

00:54:39,210 --> 00:54:36,760

you see whenever I read all right here

1189

00:54:41,430 --> 00:54:39,220

something of new discoveries namak

1190

00:54:43,830 --> 00:54:41,440

archaeology and whenever I hear it has

1191

00:54:46,590 --> 00:54:43,840

something to do with astronomy or it's

1192

00:54:49,170 --> 00:54:46,600

strange a stranger we cannot explain of

1193

00:54:51,180 --> 00:54:49,180

course I take the next aircraft and I go

1194

00:54:53,400 --> 00:54:51,190

there and they look for a contact with

1195

00:54:55,859 --> 00:54:53,410

the local archaeologist and those who I

1196

00:54:59,430 --> 00:54:55,869

know absolutely brilliant and friendly

1197

00:55:03,660 --> 00:54:59,440

personalities uh-huh excuse me let's

1198

00:55:09,000 --> 00:55:03,670

talk about that the astrological lying

1199

00:55:10,830 --> 00:55:09,010

lining up of the pyramids and and what I

1200

00:55:12,930 --> 00:55:10,840

am going to edit this eric I got to tell

1201
00:55:14,460 --> 00:55:12,940
you I've i'm working in antique fair and

1202
00:55:18,810 --> 00:55:14,470
I'm totally exhausted i've been trying

1203
00:55:21,570 --> 00:55:18,820
to hold it together so but what am I

1204
00:55:23,130 --> 00:55:21,580
trying to say the alignments of

1205
00:55:25,230 --> 00:55:23,140
different structures that's what I'm

1206
00:55:27,570 --> 00:55:25,240
trying to say so how would be a good way

1207
00:55:29,499 --> 00:55:27,580
for me to pose that question but that's

1208
00:55:33,519 --> 00:55:29,509
like complicated really think

1209
00:55:36,999 --> 00:55:33,529
you see everyone knows more or less

1210
00:55:39,189 --> 00:55:37,009
about the Greek mythology there is a God

1211
00:55:42,819 --> 00:55:39,199
with the name of dues he had the son of

1212
00:55:45,999 --> 00:55:42,829
apollo etc now in Greece we have

1213
00:55:49,929 --> 00:55:46,009

different old holy places they were

1214

00:55:52,149 --> 00:55:49,939

temple already in Stone Age later these

1215

00:55:57,339 --> 00:55:52,159

temple has become classical structures

1216

00:56:01,449 --> 00:55:57,349

like Delphie Epidaurus Acropolis etc but

1217

00:56:04,659 --> 00:56:01,459

what we know now know all these old holy

1218

00:56:10,029 --> 00:56:04,669

places are linked together in the same

1219

00:56:12,879 --> 00:56:10,039

distance and always the same angles so

1220

00:56:15,609 --> 00:56:12,889

you you can just measure it very very

1221

00:56:17,589 --> 00:56:15,619

easy the distances from Delphie to the

1222

00:56:19,989 --> 00:56:17,599

Acropolis is the same as we are

1223

00:56:22,959 --> 00:56:19,999

Acropolis to FP dollars from Epidaurus

1224

00:56:26,139 --> 00:56:22,969

the same distance etc etcetera this goes

1225

00:56:29,259 --> 00:56:26,149

on and on now Greece is a land with

1226
00:56:32,019 --> 00:56:29,269
mountains and hills and sometimes they

1227
00:56:34,509 --> 00:56:32,029
are islands which are 200 kilometers

1228
00:56:36,999 --> 00:56:34,519
away from the landscape now and there

1229
00:56:39,909 --> 00:56:37,009
again you have the same distances so

1230
00:56:43,289 --> 00:56:39,919
someone must have much measured the old

1231
00:56:46,749 --> 00:56:43,299
grease before plateau before Pythagoras

1232
00:56:50,649 --> 00:56:46,759
before I click it was already there in

1233
00:56:53,439 --> 00:56:50,659
Stone Age why why has somebody told to

1234
00:56:55,479 --> 00:56:53,449
our for voters okay you want to make a

1235
00:56:57,909 --> 00:56:55,489
temple or a building in our honor we

1236
00:57:00,609 --> 00:56:57,919
accept this but please make it just on

1237
00:57:02,649 --> 00:57:00,619
this place with which we tell you and

1238
00:57:06,189 --> 00:57:02,659

you ought to say okay only in this place

1239

00:57:09,669 --> 00:57:06,199

and I have a hunch why they have done

1240

00:57:12,099 --> 00:57:09,679

this they knew exactly that far away in

1241

00:57:13,709 --> 00:57:12,109

the future thousands of years after the

1242

00:57:16,870 --> 00:57:13,719

visits of these extraterrestrials

1243

00:57:19,569 --> 00:57:16,880

mankind would develop technology we

1244

00:57:22,089 --> 00:57:19,579

would find the way of flying as we have

1245

00:57:25,179 --> 00:57:22,099

our aircraft then we would measure our

1246

00:57:28,089 --> 00:57:25,189

lands we would realize that some of

1247

00:57:30,609 --> 00:57:28,099

these all sightings the holy places are

1248

00:57:32,919 --> 00:57:30,619

all linked together in the same

1249

00:57:35,769 --> 00:57:32,929

geometrical measures soon as we

1250

00:57:38,079 --> 00:57:35,779

understand this at Bessie's effect which

1251
00:57:41,400 --> 00:57:38,089
everyone can control soon as we know

1252
00:57:43,770 --> 00:57:41,410
this we start to ask questions we ask

1253
00:57:46,200 --> 00:57:43,780
how it is possible but there may be

1254
00:57:49,080 --> 00:57:46,210
another civilization before our

1255
00:57:50,990 --> 00:57:49,090
civilization or someone may come up with

1256
00:57:53,280 --> 00:57:51,000
the idea where there may be

1257
00:57:56,460 --> 00:57:53,290
extraterrestrials could display an XP an

1258
00:57:59,280 --> 00:57:56,470
explanation now we are exactly in this

1259
00:58:01,560 --> 00:57:59,290
situation we have this measurement and

1260
00:58:03,810 --> 00:58:01,570
we have the question have you been

1261
00:58:06,960 --> 00:58:03,820
visited from outer space and we ask the

1262
00:58:09,600 --> 00:58:06,970
next question well if so what is that to

1263
00:58:12,600 --> 00:58:09,610

prove they must have left something what

1264

00:58:15,300 --> 00:58:12,610

we found the answer but without the

1265

00:58:17,490 --> 00:58:15,310

stone age places we would never come up

1266

00:58:20,790 --> 00:58:17,500

with the question so it was done on

1267

00:58:23,370 --> 00:58:20,800

purpose the future generation should

1268

00:58:30,030 --> 00:58:23,380

stop to ask questions and that's exactly

1269

00:58:32,670 --> 00:58:30,040

our situation today in of all the

1270

00:58:35,430 --> 00:58:32,680

research that you have done all through

1271

00:58:38,190 --> 00:58:35,440

the years which would you say is the

1272

00:58:41,760 --> 00:58:38,200

most compelling evidence that we have

1273

00:58:44,370 --> 00:58:41,770

been visited well the greatest mystery

1274

00:58:47,190 --> 00:58:44,380

is still and this only nowadays the

1275

00:58:49,320 --> 00:58:47,200

Great Pyramid as I mentioned before by

1276

00:58:52,020 --> 00:58:49,330

electronic meanings we have discovered

1277

00:58:54,720 --> 00:58:52,030

shafts and rooms in and under the

1278

00:58:57,270 --> 00:58:54,730

pyramid which we did not know before so

1279

00:59:00,180 --> 00:58:57,280

this is a mystery the other mention i

1280

00:59:02,310 --> 00:59:00,190

mentioned is palenque this tombstone of

1281

00:59:05,820 --> 00:59:02,320

palenque and the other one are the holy

1282

00:59:08,760 --> 00:59:05,830

books you see some hundred seventy years

1283

00:59:12,150 --> 00:59:08,770

ago in ethiopia in an old library a

1284

00:59:15,480 --> 00:59:12,160

British man found the book with the name

1285

00:59:17,970 --> 00:59:15,490

The Book of Enoch this book of Enoch was

1286

00:59:20,490 --> 00:59:17,980

translated from the Ethiopian language

1287

00:59:22,830 --> 00:59:20,500

into English and later from English into

1288

00:59:26,010 --> 00:59:22,840

German but the translations the first

1289

00:59:29,370 --> 00:59:26,020

were were hundred and seventy years ago

1290

00:59:31,410 --> 00:59:29,380

at that time no one know of the

1291

00:59:34,410 --> 00:59:31,420

professors or the translators knew

1292

00:59:37,650 --> 00:59:34,420

anything about flying there was no

1293

00:59:39,290 --> 00:59:37,660

flying machines 170 years ago no one

1294

00:59:42,000 --> 00:59:39,300

used something about space travel

1295

00:59:46,410 --> 00:59:42,010

spaceship sort of translations were

1296

00:59:49,230 --> 00:59:46,420

always made in the sense of religion for

1297

00:59:52,950 --> 00:59:49,240

example they translate well to angels

1298

00:59:54,740 --> 00:59:52,960

descended from the sky to the earth they

1299

00:59:57,230 --> 00:59:54,750

took Enoch at

1300

00:59:59,750 --> 00:59:57,240

into the sky into the heaven there he

1301

01:00:02,720 --> 00:59:59,760

came together with the almighty god in

1302

01:00:06,580 --> 01:00:02,730

the meantime the new translation makes

1303

01:00:09,320 --> 01:00:06,590

clear it was not to angels it was to

1304

01:00:11,870 --> 01:00:09,330

extraterrestrials it was not he was not

1305

01:00:14,870 --> 01:00:11,880

taken into heaven he was taken into

1306

01:00:17,870 --> 01:00:14,880

space he was not sitting before the

1307

01:00:20,120 --> 01:00:17,880

great drone of the Almighty God he was

1308

01:00:22,310 --> 01:00:20,130

setting city before the chair of the

1309

01:00:25,280 --> 01:00:22,320

commanding of the commander of the space

1310

01:00:28,820 --> 01:00:25,290

club so it's all a question of the

1311

01:00:32,120 --> 01:00:28,830

spirit of time how you translate these

1312

01:00:34,700 --> 01:00:32,130

old texts now in India we have a

1313

01:00:37,430 --> 01:00:34,710

brilliant professor of Sanskrit his name

1314

01:00:40,550 --> 01:00:37,440

is dr. Kanjilal he now translated old

1315

01:00:43,610 --> 01:00:40,560

Indian texts in this modern sense and

1316

01:00:45,350 --> 01:00:43,620

the result is absolutely buffing the

1317

01:00:47,720 --> 01:00:45,360

same see happened with Sumerian

1318

01:00:49,940 --> 01:00:47,730

cuneiform we have a German professor in

1319

01:00:52,970 --> 01:00:49,950

Sioux merle-jo morality his name is

1320

01:00:55,970 --> 01:00:52,980

burger and he translated now Sumerian

1321

01:00:58,570 --> 01:00:55,980

texts to reforms in this modern sense

1322

01:01:02,120 --> 01:00:58,580

and he told me Eric this is fascinating

1323

01:01:05,540 --> 01:01:02,130

in the past we all translated it from a

1324

01:01:08,630 --> 01:01:05,550

religions and / and that psychological

1325

01:01:11,300 --> 01:01:08,640

view but it is not religion and

1326

01:01:16,760 --> 01:01:11,310

psychology it was reality and the

1327

01:01:19,130 --> 01:01:16,770

outcome is fantastic over the years with

1328

01:01:22,670 --> 01:01:19,140

all your books starting right from the

1329

01:01:24,800 --> 01:01:22,680

beat the very beginning I'm sure that

1330

01:01:26,360 --> 01:01:24,810

you were met with a lot of skeptics you

1331

01:01:28,340 --> 01:01:26,370

know trying to explain everything in

1332

01:01:31,040 --> 01:01:28,350

your book in your books and in your

1333

01:01:34,610 --> 01:01:31,050

writings and film and all that how do

1334

01:01:37,880 --> 01:01:34,620

you deal with that I left them this is

1335

01:01:40,730 --> 01:01:37,890

this still goes on until today last week

1336

01:01:42,950 --> 01:01:40,740

I had a speech in a university in

1337

01:01:45,830 --> 01:01:42,960

Switzerland in a city called free book

1338

01:01:48,440 --> 01:01:45,840

it was not a public speech it was just a

1339

01:01:52,790 --> 01:01:48,450

normal university speech you know in an

1340

01:01:55,700 --> 01:01:52,800

auditorium with about 45 students at

1341

01:01:59,120 --> 01:01:55,710

about six professors and there I from my

1342

01:02:02,420 --> 01:01:59,130

side explained that in ancient Indians

1343

01:02:04,370 --> 01:02:02,430

some flying machines existed and there

1344

01:02:06,470 --> 01:02:04,380

were differences between different

1345

01:02:08,150 --> 01:02:06,480

machines some of them could fly to the

1346

01:02:10,970 --> 01:02:08,160

moon others could of

1347

01:02:13,400 --> 01:02:10,980

I between the continents and so on after

1348

01:02:15,920 --> 01:02:13,410

my short speech the professor of in

1349

01:02:17,900 --> 01:02:15,930

dollar G answered it initiate to the

1350

01:02:20,299 --> 01:02:17,910

students well we had to have to

1351

01:02:23,299 --> 01:02:20,309

understand this completely different as

1352

01:02:26,299 --> 01:02:23,309

mr. von Daniken says we all know that

1353

01:02:29,569 --> 01:02:26,309

rich people today they have some cars

1354

01:02:32,359 --> 01:02:29,579

for example mercedes or a Ferrari they

1355

01:02:35,210 --> 01:02:32,369

are proud of having one or two cars now

1356

01:02:37,789 --> 01:02:35,220

the cars are sometimes opened they go

1357

01:02:40,880 --> 01:02:37,799

with high speed and the air comes to

1358

01:02:43,640 --> 01:02:40,890

their hairs etc and he says in antiquity

1359

01:02:46,700 --> 01:02:43,650

we had the same thing the rich families

1360

01:02:49,579 --> 01:02:46,710

they had some cars chariots they were

1361

01:02:52,339 --> 01:02:49,589

driven by two or three or four horses

1362

01:02:54,740 --> 01:02:52,349

and they were standing on this chariot

1363

01:02:58,069 --> 01:02:54,750

like we see it in the movie been Hoover

1364

01:03:01,130 --> 01:02:58,079

and also in an ancient times because of

1365

01:03:04,760 --> 01:03:01,140

the speed of their chariot there the air

1366

01:03:07,099 --> 01:03:04,770

was floating to their hair etc so we

1367

01:03:10,760 --> 01:03:07,109

have to understand these flying chariots

1368

01:03:14,029 --> 01:03:10,770

in this way in a natural way now see you

1369

01:03:17,059 --> 01:03:14,039

see the skeptics are still trying to

1370

01:03:19,700 --> 01:03:17,069

find a natural explanation later again

1371

01:03:21,799 --> 01:03:19,710

in a very friendly debate I said to the

1372

01:03:24,769 --> 01:03:21,809

professor it's wonderful your point of

1373

01:03:27,859 --> 01:03:24,779

view but in the ancient Indian text you

1374

01:03:30,650 --> 01:03:27,869

can see clear differences between cars

1375

01:03:33,349 --> 01:03:30,660

which have wheels and others which have

1376

01:03:35,569 --> 01:03:33,359

no wheels between cars which touch the

1377

01:03:37,460 --> 01:03:35,579

ground and others who do not touch the

1378

01:03:40,250 --> 01:03:37,470

ground and he said well I'm not familiar

1379

01:03:42,940 --> 01:03:40,260

with these texts in the meantime I send

1380

01:03:46,130 --> 01:03:42,950

it to them so the situation will change

1381

01:03:49,549 --> 01:03:46,140

we live in another world the spirit of

1382

01:03:53,750 --> 01:03:49,559

time has changed now the show that we do

1383

01:03:56,390 --> 01:03:53,760

here is on UFOs basically and this of

1384

01:03:58,460 --> 01:03:56,400

course is you know all part of it I you

1385

01:04:02,450 --> 01:03:58,470

know I believe but what is your thoughts

1386

01:04:05,480 --> 01:04:02,460

on today's sightings Newman these UFO

1387

01:04:09,349 --> 01:04:05,490

sightings yes well personally I never

1388

01:04:11,630 --> 01:04:09,359

had a UFO sites I don't know why I love

1389

01:04:15,529 --> 01:04:11,640

to see one but on the other hand I know

1390

01:04:17,569 --> 01:04:15,539

of the new UFO books you see in the old

1391

01:04:20,320 --> 01:04:17,579

UFO books sometimes there is a lot of

1392

01:04:23,750 --> 01:04:20,330

rubbish inside and their people

1393

01:04:26,180 --> 01:04:23,760

very quick so and in the meantime we

1394

01:04:27,890 --> 01:04:26,190

have some scientific books at least in

1395

01:04:29,330 --> 01:04:27,900

the German market some of them exist

1396

01:04:32,150 --> 01:04:29,340

also in the United States for example

1397

01:04:35,530 --> 01:04:32,160

the book of Leslie Kean or the book of

1398

01:04:38,330 --> 01:04:35,540

John be Alexander and there you see the

1399

01:04:40,940 --> 01:04:38,340

eyewitness and they speak and these

1400

01:04:43,310 --> 01:04:40,950

eyewitness are scientists were

1401

01:04:45,860 --> 01:04:43,320

scientists in the past years in the

1402

01:04:47,900 --> 01:04:45,870

meantime they are retired or governor

1403

01:04:51,170 --> 01:04:47,910

Governor like the Governor of Arizona

1404

01:04:54,440 --> 01:04:51,180

mr. Fife Symington and nowadays tell

1405

01:04:56,540 --> 01:04:54,450

what they saw some years ago and what

1406

01:04:59,030 --> 01:04:56,550

they had and they tell us that they did

1407

01:05:02,000 --> 01:04:59,040

not tell us that through some 10 or 15

1408

01:05:05,600 --> 01:05:02,010

years ago so again the situation changes

1409

01:05:09,290 --> 01:05:05,610

I myself have Reese received just a few

1410

01:05:13,310 --> 01:05:09,300

months ago a disc CD from a fighter

1411

01:05:16,340 --> 01:05:13,320

pilot from Costa Rica and there you see

1412

01:05:18,500 --> 01:05:16,350

a UFO and definitely there's no files

1413

01:05:21,890 --> 01:05:18,510

indicate because everything you know

1414

01:05:24,800 --> 01:05:21,900

when you take the pictures from from the

1415

01:05:26,980 --> 01:05:24,810

cockpit of a fighter and a fighter then

1416

01:05:30,140 --> 01:05:26,990

you see all the the higher quality

1417

01:05:32,780 --> 01:05:30,150

inscription inside the distance hood

1418

01:05:35,810 --> 01:05:32,790

through the to the object the exact time

1419

01:05:39,560 --> 01:05:35,820

the geographical position etc by the way

1420

01:05:41,660 --> 01:05:39,570

I show this UFO film also again in

1421

01:05:44,990 --> 01:05:41,670

Joshua Tree and I give it up to

1422

01:05:46,780 --> 01:05:45,000

discussion I showed this UFO to some

1423

01:05:50,180 --> 01:05:46,790

scientist he and the German community

1424

01:05:53,180 --> 01:05:50,190

including to Chandra becomes him he's

1425

01:05:55,580 --> 01:05:53,190

the chief of astrophysics at the

1426

01:05:57,800 --> 01:05:55,590

University of Cardiff I gave it to him

1427

01:06:00,050 --> 01:05:57,810

just a few weeks ago and he tell told me

1428

01:06:02,930 --> 01:06:00,060

at the phone Eric we cannot disprove

1429

01:06:05,350 --> 01:06:02,940

this anymore but we don't know what it

1430

01:06:08,600 --> 01:06:05,360

is definitely there is an object

1431

01:06:11,300 --> 01:06:08,610

appearing flying over over the earth in

1432

01:06:13,790 --> 01:06:11,310

high speed going into the water coming

1433

01:06:16,310 --> 01:06:13,800

out of the water and we cannot explain

1434

01:06:20,180 --> 01:06:16,320

it this must be another dimension but at

1435

01:06:22,400 --> 01:06:20,190

least things are here some 20 years ago

1436

01:06:25,880 --> 01:06:22,410

we all denied it we said nothing is here

1437

01:06:30,440 --> 01:06:25,890

in the meantime below learn something is

1438

01:06:33,470 --> 01:06:30,450

here so you just had your 80th birthday

1439

01:06:34,320 --> 01:06:33,480

just last month and I'm happy belated

1440

01:06:37,200 --> 01:06:34,330

birthday about

1441

01:06:39,660 --> 01:06:37,210

way are you doing any more writing at

1442

01:06:41,730 --> 01:06:39,670

this time in your life of course it

1443

01:06:43,980 --> 01:06:41,740

never ending I'm happy that the cops

1444

01:06:46,650 --> 01:06:43,990

loved me that my brain is functioning

1445

01:06:49,770 --> 01:06:46,660

perfectly you see I had some two and a

1446

01:06:51,900 --> 01:06:49,780

half weeks i had this 80 birthday and

1447

01:06:53,970 --> 01:06:51,910

there was a congress in my hunter in

1448

01:06:57,360 --> 01:06:53,980

Germany and there were three thousands

1449

01:07:01,320 --> 01:06:57,370

of persons and I was very very happy and

1450

01:07:03,540 --> 01:07:01,330

very proud and graceful of course and a

1451

01:07:05,790 --> 01:07:03,550

lot of connections again and wonderful

1452

01:07:08,550 --> 01:07:05,800

connections which scientists so the

1453

01:07:12,240 --> 01:07:08,560

situation again has changed Oh excellent

1454

01:07:14,520 --> 01:07:12,250

excellent well Eric this is wrapping up

1455

01:07:16,590 --> 01:07:14,530

the show I want to thank you so much

1456

01:07:19,830 --> 01:07:16,600

it's been a real pleasure speaking to

1457

01:07:21,450 --> 01:07:19,840

you it's a pleasure for being with you

1458

01:07:23,220 --> 01:07:21,460

thank you for your help for your

1459

01:07:27,090 --> 01:07:23,230

understanding and I'm happy to come to

1460

01:07:29,820 --> 01:07:27,100

California wonder ok bye bye bye bye so

1461

01:07:31,830 --> 01:07:29,830

ok so that's it for the first part of

1462

01:07:33,780 --> 01:07:31,840

the show and hang in there for the music

1463

01:07:35,610 --> 01:07:33,790

break we'll be right back for the second

1464

01:08:39,410 --> 01:07:35,620

part of the show and Barbara Harris

1465

01:08:50,519 --> 01:08:46,860

Heidi Barbara Barbara Barbara they would

1466

01:08:55,800 --> 01:08:50,529

help if i had my microphone on i think

1467

01:08:58,680 --> 01:08:55,810

i'm the one who told you to make sure hi

1468

01:09:01,019 --> 01:08:58,690

there boy you know i do have to say some

1469

01:09:04,800 --> 01:09:01,029

apologies to about that just now and

1470

01:09:05,939 --> 01:09:04,810

also for the live listener and you know

1471

01:09:07,499 --> 01:09:05,949

i'm just going to keep things the way

1472

01:09:11,099 --> 01:09:07,509

they are and i'm just going to say that

1473

01:09:14,640 --> 01:09:11,109

by accident I had just ran the file that

1474

01:09:17,370 --> 01:09:14,650

was unedited with Erich von dank and

1475

01:09:18,689 --> 01:09:17,380

Daniken and so I apologize for that but

1476

01:09:20,789 --> 01:09:18,699

it's just like hearing a live show

1477

01:09:21,840 --> 01:09:20,799

except for the fact that I tell them two

1478

01:09:24,360 --> 01:09:21,850

or three times and I'm going to be

1479

01:09:27,059 --> 01:09:24,370

editing it but that's the way it is it's

1480

01:09:29,309 --> 01:09:27,069

raw it's all the way it was at the time

1481

01:09:32,419 --> 01:09:29,319

and that's how we do our live show

1482

01:09:35,130 --> 01:09:32,429

anyway Barbara I want to welcome you and

1483

01:09:37,499 --> 01:09:35,140

and we need to know the scoop what's

1484

01:09:40,229 --> 01:09:37,509

your story and I know we're going to be

1485

01:09:41,910 --> 01:09:40,239

talking a little bit about is a great

1486

01:09:45,890 --> 01:09:41,920

rock i always get that mixed up with big

1487

01:09:49,650 --> 01:09:45,900

rock a great work a giant giant rock

1488

01:09:51,959 --> 01:09:49,660

something big but let's talk about all

1489

01:09:53,729 --> 01:09:51,969

that and who you are and how you get

1490

01:09:55,890 --> 01:09:53,739

interested in i guess we have something

1491

01:10:00,090 --> 01:09:55,900

in common too were into historical

1492

01:10:03,390 --> 01:10:00,100

societies and history a bit oh yes I'm

1493

01:10:05,939 --> 01:10:03,400

that's that's my background first of all

1494

01:10:09,360 --> 01:10:05,949

I I'm a from the east I'm from

1495

01:10:11,520 --> 01:10:09,370

Pennsylvania and in the late 70s I might

1496

01:10:14,820 --> 01:10:11,530

grade it out here to California and I

1497

01:10:16,410 --> 01:10:14,830

found my way to the Mojave Desert and I

1498

01:10:19,590 --> 01:10:16,420

would come out here to the Mojave Desert

1499

01:10:22,169 --> 01:10:19,600

and and I started to enjoy the desert

1500

01:10:25,229 --> 01:10:22,179

and so I found this thing out in the

1501

01:10:27,060 --> 01:10:25,239

desert and it was this giant rock and it

1502

01:10:29,910 --> 01:10:27,070

was connected to this other thing called

1503

01:10:32,790 --> 01:10:29,920

the integratron so you can't imagine

1504

01:10:35,910 --> 01:10:32,800

this way back in the 80s ok so the early

1505

01:10:39,540 --> 01:10:35,920

80s and I would be coming out here to

1506

01:10:41,760 --> 01:10:39,550

this desert and and and the giant rock

1507

01:10:44,540 --> 01:10:41,770

that would be standing out here and this

1508

01:10:48,810 --> 01:10:44,550

rock was seven stories tall it was

1509

01:10:49,850 --> 01:10:48,820

25,000 tons and in it covered an area of

1510

01:10:52,640 --> 01:10:49,860

about six

1511

01:10:54,919 --> 01:10:52,650

the square feet so uh you know I got

1512

01:10:58,520 --> 01:10:54,929

really intrigued by this back then in

1513

01:11:01,910 --> 01:10:58,530

the 80s and I started doing research on

1514

01:11:04,129 --> 01:11:01,920

it and as I I started to find out more

1515

01:11:07,609 --> 01:11:04,139

and more about it and this thing went

1516

01:11:10,609 --> 01:11:07,619

way back and it would go back to the

1517

01:11:12,770 --> 01:11:10,619

early Native Americans of the time and i

1518

01:11:14,570 --> 01:11:12,780

found out all about that history and

1519

01:11:16,850 --> 01:11:14,580

then it connected to the early

1520

01:11:20,359 --> 01:11:16,860

homesteaders of the time that moved into

1521

01:11:22,609 --> 01:11:20,369

this area the Mojave Desert and and then

1522

01:11:25,580 --> 01:11:22,619

it got really interesting because then

1523

01:11:29,209 --> 01:11:25,590

it connected to a man named George

1524

01:11:31,760 --> 01:11:29,219

beyond castle and and I think many of

1525

01:11:34,520 --> 01:11:31,770

your listeners might get know George Van

1526

01:11:38,990 --> 01:11:34,530

Tassel because he has a connection with

1527

01:11:42,020 --> 01:11:39,000

the contactees and and George Van Tassel

1528

01:11:45,770 --> 01:11:42,030

was known as the the first space

1529

01:11:48,620 --> 01:11:45,780

channeler and and that was in the 50s

1530

01:11:51,770 --> 01:11:48,630

and the 60s and where it got really

1531

01:11:54,200 --> 01:11:51,780

interesting for me was this giant rock

1532

01:11:57,890 --> 01:11:54,210

that sits up the middle of this gathered

1533

01:12:01,160 --> 01:11:57,900

out of nowhere is I did more and more

1534

01:12:04,209 --> 01:12:01,170

research I found out that in the 1950s

1535

01:12:09,140 --> 01:12:04,219

late May me mainly in the late 1950s

1536

01:12:12,500 --> 01:12:09,150

there was a time that as many as 15,000

1537

01:12:15,169 --> 01:12:12,510

people would migrate out to this rock to

1538

01:12:18,620 --> 01:12:15,179

listen to George Van Tassel and other

1539

01:12:21,490 --> 01:12:18,630

contactees of the time come to listen to

1540

01:12:24,680 --> 01:12:21,500

him speak and talk about their UFO

1541

01:12:28,310 --> 01:12:24,690

experiences and I come to find out that

1542

01:12:32,570 --> 01:12:28,320

this was a very popular spot for UFO

1543

01:12:34,910 --> 01:12:32,580

sightings so yeah that's that's a little

1544

01:12:38,240 --> 01:12:34,920

bit of what drew me out here into the

1545

01:12:40,939 --> 01:12:38,250

desert and in the year two thousand and

1546

01:12:42,950 --> 01:12:40,949

four my husband and i uprooted ourselves

1547

01:12:45,800 --> 01:12:42,960

from the coast while we were living in

1548

01:12:48,470 --> 01:12:45,810

Southern California and we actually

1549

01:12:52,609 --> 01:12:48,480

moved out here and made this our home

1550

01:12:56,450 --> 01:12:52,619

and eventually IDK i became president of

1551

01:12:59,209 --> 01:12:56,460

the local Historical Society and did

1552

01:13:01,730 --> 01:12:59,219

more research and have had well over 30

1553

01:13:04,730 --> 01:13:01,740

years of research now in

1554

01:13:06,950 --> 01:13:04,740

about giant rock in the integratron and

1555

01:13:10,250 --> 01:13:06,960

and now I'm doing speaking engagements

1556

01:13:14,000 --> 01:13:10,260

and still researching this giant rock

1557

01:13:18,980 --> 01:13:14,010

and this rejuvenation machine called the

1558

01:13:21,350 --> 01:13:18,990

integratron now yeah now have you heard

1559

01:13:27,100 --> 01:13:21,360

of a lot of basically a lot of sightings

1560

01:13:30,770 --> 01:13:27,110

in that area I heard of it yes and

1561

01:13:33,920 --> 01:13:30,780

according to a lot of my research this

1562

01:13:37,940 --> 01:13:33,930

area in particular has a lot of

1563

01:13:44,210 --> 01:13:37,950

documentation with sightings and me in

1564

01:13:48,320 --> 01:13:44,220

particular I actually got photobombed in

1565

01:13:50,840 --> 01:13:48,330

March by a UFO this is no kidding I

1566

01:13:53,470 --> 01:13:50,850

actually we were you know we were on our

1567

01:13:56,840 --> 01:13:53,480

way up to a Joshua Tree National Park

1568

01:14:00,530 --> 01:13:56,850

which is very close to this giant rock

1569

01:14:01,910 --> 01:14:00,540

and and actually where the contact in

1570

01:14:06,110 --> 01:14:01,920

the desert is going to be held this year

1571

01:14:08,870 --> 01:14:06,120

and we were out with some friends and we

1572

01:14:11,960 --> 01:14:08,880

were out taking photos and doing some

1573

01:14:14,420 --> 01:14:11,970

things and my friend was taken pictures

1574

01:14:17,720 --> 01:14:14,430

and she went home and she sent me over

1575

01:14:20,660 --> 01:14:17,730

her photos and when I downloaded the

1576

01:14:23,440 --> 01:14:20,670

photos I emailed her back and I went

1577

01:14:26,300 --> 01:14:23,450

haha nice nice trick you know

1578

01:14:29,110 --> 01:14:26,310

photoshopping that UFO in the background

1579

01:14:32,240 --> 01:14:29,120

and she emailed me back and she goes uh

1580

01:14:35,330 --> 01:14:32,250

what I didn't do anything and eventually

1581

01:14:39,470 --> 01:14:35,340

we pulled up the photo and looked it

1582

01:14:42,470 --> 01:14:39,480

over and there's this spaceship floating

1583

01:14:44,360 --> 01:14:42,480

around in the background and none of us

1584

01:14:46,850 --> 01:14:44,370

even knew it was there didn't see it

1585

01:14:48,980 --> 01:14:46,860

when we took the photo and and it's

1586

01:14:51,260 --> 01:14:48,990

quite common it happens quite a bit out

1587

01:14:54,560 --> 01:14:51,270

here now did you ever have anyone else

1588

01:14:56,510 --> 01:14:54,570

look at that photo closely like anyone

1589

01:15:00,800 --> 01:14:56,520

that does any type of research or

1590

01:15:03,980 --> 01:15:00,810

anything yes well I can't say intensely

1591

01:15:07,520 --> 01:15:03,990

that we did put it up on on facebook and

1592

01:15:13,460 --> 01:15:07,530

and I do have a few associates that are

1593

01:15:15,470 --> 01:15:13,470

very involved in the UFO field and of

1594

01:15:17,540 --> 01:15:15,480

course we did have a lot of

1595

01:15:21,530 --> 01:15:17,550

people examine it they gave their their

1596

01:15:24,190 --> 01:15:21,540

perspective on it what it was we went

1597

01:15:27,380 --> 01:15:24,200

over it with a fine-tooth comb

1598

01:15:29,990 --> 01:15:27,390

everything with regards to the shutter

1599

01:15:31,670 --> 01:15:30,000

speeds how fast they were going all the

1600

01:15:35,660 --> 01:15:31,680

details that would involve with that

1601
01:15:38,210 --> 01:15:35,670
particular photo we can't debunk it we

1602
01:15:40,880 --> 01:15:38,220
don't have anything we could actually

1603
01:15:44,750 --> 01:15:40,890
say it is a UFO because nobody seems to

1604
01:15:47,810 --> 01:15:44,760
know what it is and and basically when

1605
01:15:50,479 --> 01:15:47,820
you work it out somebody is says it

1606
01:15:55,880 --> 01:15:50,489
looks more like a scout ship is what

1607
01:15:58,880 --> 01:15:55,890
ultimately the final you know synopsis

1608
01:16:02,030 --> 01:15:58,890
of the the whole photo I'd be glad to

1609
01:16:05,660 --> 01:16:02,040
share that with a friend Mark Dantonio

1610
01:16:08,960 --> 01:16:05,670
he is of the chief investigator for

1611
01:16:11,120 --> 01:16:08,970
images and video for move on I'd be glad

1612
01:16:13,490 --> 01:16:11,130
to share that with him and see what he

1613
01:16:15,320 --> 01:16:13,500

has to say about it if you'd like oh and

1614

01:16:20,090 --> 01:16:15,330

we can talk about that off air course

1615

01:16:23,840 --> 01:16:20,100

and let's talk about is it the integrant

1616

01:16:27,710 --> 01:16:23,850

ton and do yeah is that it that's a

1617

01:16:30,710 --> 01:16:27,720

structure yes that was built yeah okay

1618

01:16:34,130 --> 01:16:30,720

that's that connected very much to giant

1619

01:16:39,080 --> 01:16:34,140

rock because that was part of George Van

1620

01:16:42,890 --> 01:16:39,090

Tassel's legacy you might say and how

1621

01:16:45,979 --> 01:16:42,900

that came about was George Van Tassel he

1622

01:16:49,580 --> 01:16:45,989

lived at giant rock he moved his family

1623

01:16:53,330 --> 01:16:49,590

out there and and what happened to him

1624

01:16:58,070 --> 01:16:53,340

is he was at giant rock and and as he

1625

01:17:03,440 --> 01:16:58,080

was out there one night he he says that

1626

01:17:07,970 --> 01:17:03,450

he had a spaceship land and these he had

1627

01:17:11,450 --> 01:17:07,980

contacts with people from Venus and the

1628

01:17:14,720 --> 01:17:11,460

the story goes into detail in many of

1629

01:17:16,880 --> 01:17:14,730

the van tassel writings and but

1630

01:17:19,820 --> 01:17:16,890

basically what these people from Venus

1631

01:17:22,220 --> 01:17:19,830

told him and I like to summarize very

1632

01:17:24,950 --> 01:17:22,230

quickly and they told him that you know

1633

01:17:28,040 --> 01:17:24,960

you people on earth humans you're coming

1634

01:17:29,240 --> 01:17:28,050

along okay as a species however it seems

1635

01:17:34,160 --> 01:17:29,250

by the time you fly

1636

01:17:37,400 --> 01:17:34,170

even get it you die so what these these

1637

01:17:40,430 --> 01:17:37,410

beings revenues were going to do they

1638

01:17:43,270 --> 01:17:40,440

were going to give George and what they

1639

01:17:47,600 --> 01:17:43,280

did is they were giving him information

1640

01:17:51,230 --> 01:17:47,610

about technology and to give him you

1641

01:17:54,920 --> 01:17:51,240

know ways of how to extend and how to

1642

01:17:57,670 --> 01:17:54,930

rejuvenate human cellular structure thus

1643

01:18:01,190 --> 01:17:57,680

that was the building of the integratron

1644

01:18:04,850 --> 01:18:01,200

so in order for George to raise funds to

1645

01:18:07,280 --> 01:18:04,860

build the integratron that's how he he

1646

01:18:09,770 --> 01:18:07,290

built he would do these spaceship

1647

01:18:15,110 --> 01:18:09,780

conventions out in the desert at giant

1648

01:18:19,490 --> 01:18:15,120

rock and he also started a foundation

1649

01:18:23,690 --> 01:18:19,500

called the Council for universal wisdom

1650

01:18:26,180 --> 01:18:23,700

and and he had a booklet called the

1651

01:18:27,710 --> 01:18:26,190

proceedings and these little booklets

1652

01:18:31,340 --> 01:18:27,720

could go out and people would make their

1653

01:18:35,330 --> 01:18:31,350

donations so he built the he started

1654

01:18:39,280 --> 01:18:35,340

building the integratron and and the

1655

01:18:42,650 --> 01:18:39,290

integratron has now been very popular

1656

01:18:45,680 --> 01:18:42,660

people can look it up and and it was a

1657

01:18:52,390 --> 01:18:45,690

structure that was supposed to be able

1658

01:18:56,540 --> 01:18:52,400

to rejuvenate the human cells and but i

1659

01:19:00,160 --> 01:18:56,550

never got turned on because George Van

1660

01:19:04,640 --> 01:19:00,170

Tassel died before it ever got turned on

1661

01:19:07,370 --> 01:19:04,650

so but the actual structure itself is

1662

01:19:12,920 --> 01:19:07,380

very fascinating and it has a big

1663

01:19:16,370 --> 01:19:12,930

history behind it so the and the big

1664

01:19:19,040 --> 01:19:16,380

thing about the integratron is that it

1665

01:19:23,630 --> 01:19:19,050

has it works in conjunction with giant

1666

01:19:29,200 --> 01:19:23,640

rock because where it is built is very

1667

01:19:34,850 --> 01:19:29,210

important because it fits on a spot that

1668

01:19:38,840 --> 01:19:34,860

converges on a ley line that the same as

1669

01:19:42,180 --> 01:19:38,850

giant rock plus in the center of the

1670

01:19:44,970 --> 01:19:42,190

integratron is worth three

1671

01:19:46,680 --> 01:19:44,980

aquifers which for those who don't know

1672

01:19:50,370 --> 01:19:46,690

what the aquifers are it's three

1673

01:19:53,670 --> 01:19:50,380

underground rivers converge so that

1674

01:19:58,560 --> 01:19:53,680

creates some a very strong energy field

1675

01:20:02,910 --> 01:19:58,570

or vortex and and also what also makes

1676

01:20:06,150 --> 01:20:02,920

the integratron very special is the fact

1677

01:20:09,810 --> 01:20:06,160

that it's built like a parabolic shape

1678

01:20:14,340 --> 01:20:09,820

and it's built in a sacred geometry so

1679

01:20:19,200 --> 01:20:14,350

its shape amplifies that energy plus it

1680

01:20:22,260 --> 01:20:19,210

was built with no no metal it was built

1681

01:20:26,220 --> 01:20:22,270

in the in the way like shipbuilders

1682

01:20:29,610 --> 01:20:26,230

would build so you had a an upstairs and

1683

01:20:34,320 --> 01:20:29,620

a downstairs and and you had a positive

1684

01:20:37,470 --> 01:20:34,330

and a negative charge and in what was

1685

01:20:40,380 --> 01:20:37,480

intended was that it would spin on a bed

1686

01:20:44,450 --> 01:20:40,390

of air and as it would spin you would

1687

01:20:47,189 --> 01:20:44,460

create this pot this positive charge and

1688

01:20:49,140 --> 01:20:47,199

people were intended to walk through the

1689

01:20:51,479 --> 01:20:49,150

building and as they walk through the

1690

01:20:55,140 --> 01:20:51,489

building this charge would then

1691

01:20:57,540 --> 01:20:55,150

rejuvenate their cells so it gets real

1692

01:20:59,400 --> 01:20:57,550

more complicated than that in there and

1693

01:21:01,350 --> 01:20:59,410

they can always go to the integratron

1694

01:21:03,990 --> 01:21:01,360

you know website to find out more

1695

01:21:07,979 --> 01:21:04,000

information and look it up does it is

1696

01:21:09,590 --> 01:21:07,989

very detailed and bent a so again you

1697

01:21:15,650 --> 01:21:09,600

know he got a lot of this information

1698

01:21:18,270 --> 01:21:15,660

from you know the people from Venus well

1699

01:21:20,760 --> 01:21:18,280

what do you think about that and you

1700

01:21:25,620 --> 01:21:20,770

know I mean we know that life on Venus

1701

01:21:28,890 --> 01:21:25,630

who is impossible virtually and you know

1702

01:21:32,670 --> 01:21:28,900

I mean what are your thoughts on that my

1703

01:21:35,850 --> 01:21:32,680

thoughts uh I don't really know in the

1704

01:21:39,180 --> 01:21:35,860

fact that the people from Venus now when

1705

01:21:45,320 --> 01:21:39,190

George describes these beings that he

1706

01:21:49,650 --> 01:21:45,330

did meet I kind of question it because

1707

01:21:52,260 --> 01:21:49,660

it seems that the the people that he

1708

01:21:55,320 --> 01:21:52,270

describes from Venus they were always

1709

01:21:59,900 --> 01:21:55,330

blond hair and blue eyes

1710

01:22:02,400 --> 01:21:59,910

they were very tall very gorgeous and

1711

01:22:06,930 --> 01:22:02,410

you know you would you would think of

1712

01:22:12,770 --> 01:22:06,940

them as beings of love you know

1713

01:22:16,290 --> 01:22:12,780

voluptuous and and in that type of thing

1714

01:22:21,090 --> 01:22:16,300

as for saying that they were coming from

1715

01:22:26,070 --> 01:22:21,100

Venus uh who knows you know there might

1716

01:22:28,830 --> 01:22:26,080

be underground you know places there

1717

01:22:32,660 --> 01:22:28,840

might be things living in Venus that I

1718

01:22:35,850 --> 01:22:32,670

don't know about so again like

1719

01:22:38,700 --> 01:22:35,860

extraterrestrials or UFOs I don't have

1720

01:22:41,040 --> 01:22:38,710

the knowledge or the you know the

1721

01:22:44,100 --> 01:22:41,050

foresight to know what's going on

1722

01:22:48,110 --> 01:22:44,110

another planet so I can't second-guess

1723

01:22:53,670 --> 01:22:48,120

it I just always I'm always leery of

1724

01:22:56,400 --> 01:22:53,680

people or things that project you know

1725

01:22:59,300 --> 01:22:56,410

their visions or their ideas I guess to

1726

01:23:02,730 --> 01:22:59,310

that people who can explain maybe a

1727

01:23:05,580 --> 01:23:02,740

situation they have to relate it to

1728

01:23:08,970 --> 01:23:05,590

something that they can associate so

1729

01:23:12,570 --> 01:23:08,980

maybe George saw something that the only

1730

01:23:16,440 --> 01:23:12,580

way he could explain it was in terms or

1731

01:23:19,470 --> 01:23:16,450

in ways of things that he can associate

1732

01:23:22,880 --> 01:23:19,480

maybe he saw something but all he can

1733

01:23:26,430 --> 01:23:22,890

describe it as a blond-haired blue-eyed

1734

01:23:30,240 --> 01:23:26,440

people you know so that's all I could

1735

01:23:33,210 --> 01:23:30,250

say I don't know yeah there's a Michael

1736

01:23:35,250 --> 01:23:33,220

luck that writes our blogs wrote I I

1737

01:23:38,730 --> 01:23:35,260

hadn't had a chance to look at it but he

1738

01:23:42,150 --> 01:23:38,740

wrote on both George Adamski in Van

1739

01:23:43,860 --> 01:23:42,160

Tassel and um you know I mean these guys

1740

01:23:45,570 --> 01:23:43,870

were out there you know and some of the

1741

01:23:48,740 --> 01:23:45,580

things they said but you know it was

1742

01:23:52,230 --> 01:23:48,750

right after the war world war two and

1743

01:23:55,790 --> 01:23:52,240

you know things were you know people

1744

01:23:59,730 --> 01:23:55,800

were looking in different directions and

1745

01:24:04,230 --> 01:23:59,740

he you know the contact he claims are

1746

01:24:07,290 --> 01:24:04,240

pretty priya fringy but interesting and

1747

01:24:08,820 --> 01:24:07,300

amazing the type of following that these

1748

01:24:11,460 --> 01:24:08,830

people could muster up I mean

1749

01:24:14,400 --> 01:24:11,470

you said what 15,000 people at a time

1750

01:24:19,620 --> 01:24:14,410

would be out there exactly and again

1751

01:24:21,570 --> 01:24:19,630

like I said it was after the war and he

1752

01:24:24,390 --> 01:24:21,580

and he was at seeing that I always

1753

01:24:27,120 --> 01:24:24,400

thought isn't historian you have to you

1754

01:24:31,740 --> 01:24:27,130

have to take a step back because this

1755

01:24:35,010 --> 01:24:31,750

was after the war it was also Van Tassel

1756

01:24:38,400 --> 01:24:35,020

was giving people a chance to come he

1757

01:24:41,310 --> 01:24:38,410

might say come out from from a lot of my

1758

01:24:43,620 --> 01:24:41,320

history research many of the people that

1759

01:24:46,320 --> 01:24:43,630

attended these conventions they were

1760

01:24:49,500 --> 01:24:46,330

people who were kind of like left in

1761

01:24:52,980 --> 01:24:49,510

hiding they were people who never had an

1762

01:24:56,340 --> 01:24:52,990

opportunity to even talk about UFOs to

1763

01:24:59,520 --> 01:24:56,350

talk about their experiences or X Files

1764

01:25:01,890 --> 01:24:59,530

or government conspiracies and for the

1765

01:25:04,170 --> 01:25:01,900

first time people are coming out and

1766

01:25:08,070 --> 01:25:04,180

gathering and talking about these things

1767

01:25:10,200 --> 01:25:08,080

in public and it was an interesting

1768

01:25:13,380 --> 01:25:10,210

thing because even in the research files

1769

01:25:16,200 --> 01:25:13,390

that we had you know they were under a

1770

01:25:18,450 --> 01:25:16,210

lot of scrutiny and the government you

1771

01:25:20,880 --> 01:25:18,460

know I don't you know as part of the

1772

01:25:23,100 --> 01:25:20,890

whole conspiracy thing you know the

1773

01:25:25,850 --> 01:25:23,110

government had their eyes on this George

1774

01:25:31,290 --> 01:25:25,860

had has an FBI file that's four inches

1775

01:25:33,510 --> 01:25:31,300

deep and you know this was a very very

1776

01:25:35,940 --> 01:25:33,520

interesting time and it was very scary

1777

01:25:38,130 --> 01:25:35,950

for a lot of these people especially out

1778

01:25:41,010 --> 01:25:38,140

here in the desert you gotta figure and

1779

01:25:44,160 --> 01:25:41,020

if you ever see pictures of where this

1780

01:25:45,840 --> 01:25:44,170

this rock is and and how we live and

1781

01:25:48,780 --> 01:25:45,850

whether this is this is out in the

1782

01:25:50,820 --> 01:25:48,790

middle of nowhere so in you also gotta

1783

01:25:53,550 --> 01:25:50,830

look at the fact that this is also at

1784

01:25:56,190 --> 01:25:53,560

the same time Rodwell is coming out and

1785

01:25:58,980 --> 01:25:56,200

so people were just starting to come out

1786

01:26:02,660 --> 01:25:58,990

of their shell and feeling maybe their

1787

01:26:05,780 --> 01:26:02,670

freedom where they can start talking or

1788

01:26:08,760 --> 01:26:05,790

mentioning you know government x-files

1789

01:26:12,210 --> 01:26:08,770

conspiracies and maybe taking steps

1790

01:26:15,240 --> 01:26:12,220

against the government so that's what I

1791

01:26:18,840 --> 01:26:15,250

I kind of look at it it I kind of look

1792

01:26:21,810 --> 01:26:18,850

at it as I tell people nowadays it was

1793

01:26:25,270 --> 01:26:21,820

almost like the Burning Man of its time

1794

01:26:28,270 --> 01:26:25,280

in a weird way because is it evolved

1795

01:26:30,880 --> 01:26:28,280

from the fiftieth into the 60s you look

1796

01:26:32,860 --> 01:26:30,890

at the photos and the pictures you

1797

01:26:35,470 --> 01:26:32,870

actually see people you know getting

1798

01:26:37,930 --> 01:26:35,480

more dressed up and it became more artsy

1799

01:26:40,690 --> 01:26:37,940

and they became more like a trekkie

1800

01:26:44,700 --> 01:26:40,700

convict or you know comic-con or

1801

01:26:47,290 --> 01:26:44,710

something like that it did evolve and

1802

01:26:52,630 --> 01:26:47,300

Life magazine has a very good

1803

01:26:54,880 --> 01:26:52,640

documentation of it so in 1957 if you

1804

01:26:58,479 --> 01:26:54,890

want to look up in google and google it

1805

01:27:01,630 --> 01:26:58,489

nineteen fifty life magazines have some

1806

01:27:05,380 --> 01:27:01,640

great photographs of giant rock and in

1807

01:27:07,720 --> 01:27:05,390

the van tassel they're hot they're yeah

1808

01:27:10,120 --> 01:27:07,730

it's kind of like the bohemian movement

1809

01:27:14,590 --> 01:27:10,130

and you know on the west coast and you

1810

01:27:16,150 --> 01:27:14,600

know people were just looking for like

1811

01:27:20,320 --> 01:27:16,160

you said they were looking for something

1812

01:27:23,530 --> 01:27:20,330

after the war and and this is definitely

1813

01:27:26,620 --> 01:27:23,540

fascinating and you know some of the

1814

01:27:29,680 --> 01:27:26,630

claims you know George Adamski made our

1815

01:27:31,150 --> 01:27:29,690

way out there and you know you know

1816

01:27:34,060 --> 01:27:31,160

people have called him a con man you

1817

01:27:35,890 --> 01:27:34,070

know I mean I I don't know I you know I

1818

01:27:37,510 --> 01:27:35,900

have nothing to say about that but I

1819

01:27:38,770 --> 01:27:37,520

just want to let people know that if

1820

01:27:41,200 --> 01:27:38,780

you're listening live you can jump in

1821

01:27:43,959 --> 01:27:41,210

the chat room at podcast UFO calm and

1822

01:27:46,709 --> 01:27:43,969

I'm also going to allow Collins if

1823

01:27:56,229 --> 01:27:46,719

anyone wants to call in they can dial

1824

01:28:00,250 --> 01:27:56,239

6039 6740 30 so getting back to other

1825

01:28:02,410 --> 01:28:00,260

contactees have you looked into other

1826

01:28:07,240 --> 01:28:02,420

ones that were involved out there or was

1827

01:28:10,750 --> 01:28:07,250

it just a small handful but many of

1828

01:28:13,090 --> 01:28:10,760

the contactees are gone now however I

1829

01:28:16,060 --> 01:28:13,100

did get an opportunity of Frank

1830

01:28:21,340 --> 01:28:16,070

strangers when I first moved out here I

1831

01:28:24,850 --> 01:28:21,350

actually tried to start up some of the

1832

01:28:26,860 --> 01:28:24,860

van tassel you know get-togethers and I

1833

01:28:29,350 --> 01:28:26,870

and I would have a mat the integratron

1834

01:28:33,580 --> 01:28:29,360

and they were called retro we called

1835

01:28:35,450 --> 01:28:33,590

them retro UFO and at the towing Frank

1836

01:28:39,920 --> 01:28:35,460

strangers was still alive

1837

01:28:41,959 --> 01:28:39,930

and I was able to have him come to want

1838

01:28:45,050 --> 01:28:41,969

to be actually he came to two of these

1839

01:28:48,380 --> 01:28:45,060

venues that I had and he did some

1840

01:28:51,560 --> 01:28:48,390

speaking there and and then there was

1841

01:28:53,690 --> 01:28:51,570

another man Robert short he was also a

1842

01:28:56,000 --> 01:28:53,700

participant and I've talked to him quite

1843

01:28:58,250 --> 01:28:56,010

a bit about what happened there and bill

1844

01:29:00,700 --> 01:28:58,260

hamilton I don't think he was he wasn't

1845

01:29:04,490 --> 01:29:00,710

party part of the original contactees

1846

01:29:08,300 --> 01:29:04,500

but and I've also been in contact and I

1847

01:29:11,990 --> 01:29:08,310

talked with the Adamski foundation so

1848

01:29:14,959 --> 01:29:12,000

and you know I as a historian I try to

1849

01:29:17,680 --> 01:29:14,969

stay open-minded about a lot of the

1850

01:29:20,630 --> 01:29:17,690

information because like you said

1851

01:29:24,530 --> 01:29:20,640

there's a lot of information and you you

1852

01:29:28,430 --> 01:29:24,540

way at all about you know con man and

1853

01:29:32,000 --> 01:29:28,440

and how people felt towards these people

1854

01:29:34,340 --> 01:29:32,010

that you know came out here and and and

1855

01:29:36,979 --> 01:29:34,350

that's you know to be honest that that

1856

01:29:40,310 --> 01:29:36,989

was one of the biggest aha moments for

1857

01:29:43,640 --> 01:29:40,320

me because when i did move out here I i

1858

01:29:45,560 --> 01:29:43,650

was i was so excited about the

1859

01:29:47,870 --> 01:29:45,570

information that i was finding about

1860

01:29:50,180 --> 01:29:47,880

giant rock and the integratron and I

1861

01:29:52,160 --> 01:29:50,190

thought man this is the most exciting

1862

01:29:55,070 --> 01:29:52,170

information why doesn't everybody

1863

01:29:58,340 --> 01:29:55,080

excited about this this is so great and

1864

01:30:00,709 --> 01:29:58,350

and then you know I thought the local

1865

01:30:03,680 --> 01:30:00,719

people would just you know be so happy

1866

01:30:05,959 --> 01:30:03,690

that I was just finding all this but as

1867

01:30:07,940 --> 01:30:05,969

I started doing more and more research

1868

01:30:12,050 --> 01:30:07,950

and I was able to talk to more of the

1869

01:30:15,320 --> 01:30:12,060

local people i found that divide that

1870

01:30:17,990 --> 01:30:15,330

the people that knew him and the the

1871

01:30:21,500 --> 01:30:18,000

local people that had experienced with

1872

01:30:23,780 --> 01:30:21,510

what went on out here and as i did get

1873

01:30:27,440 --> 01:30:23,790

involved with the Historical Society and

1874

01:30:32,090 --> 01:30:27,450

I did oral histories with people I got

1875

01:30:34,040 --> 01:30:32,100

to hear both sides of it and so it gives

1876

01:30:36,890 --> 01:30:34,050

a different perspective to the history

1877

01:30:39,290 --> 01:30:36,900

of what went on out here but in that

1878

01:30:42,670 --> 01:30:39,300

same realm i also got to hear some

1879

01:30:46,490 --> 01:30:42,680

fabulous history and collect some

1880

01:30:49,320 --> 01:30:46,500

amazing pieces of memorabilia about how

1881

01:30:53,220 --> 01:30:49,330

in the 50s and 60s

1882

01:30:57,620 --> 01:30:53,230

how this local area was such a hotbed

1883

01:31:02,670 --> 01:30:57,630

for UFO sightings I got to tell you I

1884

01:31:06,990 --> 01:31:02,680

the the local people in this area of the

1885

01:31:11,580 --> 01:31:07,000

morongo basin UFO sightings were so

1886

01:31:13,920 --> 01:31:11,590

commonplace that the people here would

1887

01:31:17,700 --> 01:31:13,930

actually publish in their local new

1888

01:31:21,930 --> 01:31:17,710

letters and local newspapers they would

1889

01:31:25,170 --> 01:31:21,940

call in their sightings of ufos and they

1890

01:31:28,200 --> 01:31:25,180

were so well documented in and so

1891

01:31:30,810 --> 01:31:28,210

commonplace that that it was just like

1892

01:31:33,330 --> 01:31:30,820

oh he saw that up on the hill today and

1893

01:31:35,970 --> 01:31:33,340

and and they were so descriptive about

1894

01:31:38,910 --> 01:31:35,980

what they saw that that was another part

1895

01:31:42,270 --> 01:31:38,920

of the history here that may be so

1896

01:31:46,620 --> 01:31:42,280

excited to live here because it was just

1897

01:31:48,600 --> 01:31:46,630

it was part of their history and and in

1898

01:31:53,790 --> 01:31:48,610

its part of giant rock and part of the

1899

01:31:58,020 --> 01:31:53,800

integratron and and and its mix and it

1900

01:32:00,780 --> 01:31:58,030

makes sense to me even more now why like

1901
01:32:03,270 --> 01:32:00,790
something like contact in the desert why

1902
01:32:05,850 --> 01:32:03,280
something like that which could be held

1903
01:32:09,960 --> 01:32:05,860
here here in this part of the desert

1904
01:32:13,920 --> 01:32:09,970
because it is such an attraction for for

1905
01:32:15,780 --> 01:32:13,930
that that type of phenomena now there's

1906
01:32:17,820 --> 01:32:15,790
a some questions coming up here and

1907
01:32:20,130 --> 01:32:17,830
there and it's kind of hard to work this

1908
01:32:23,970 --> 01:32:20,140
message board sometime did you move

1909
01:32:28,650 --> 01:32:23,980
there to the giant rock area yourself

1910
01:32:32,430 --> 01:32:28,660
purposely for the any of this I you know

1911
01:32:34,590 --> 01:32:32,440
what I'm going to say I think we my

1912
01:32:38,010 --> 01:32:34,600
husband and I we were coming here so

1913
01:32:40,080 --> 01:32:38,020

often and we had a very successful we

1914

01:32:42,900 --> 01:32:40,090

still have a successful business going

1915

01:32:46,350 --> 01:32:42,910

that we were we were living on the the

1916

01:32:50,220 --> 01:32:46,360

Southern California coast and at the

1917

01:32:52,980 --> 01:32:50,230

time we had a business going and we had

1918

01:32:55,350 --> 01:32:52,990

an office with people in it and we were

1919

01:32:58,980 --> 01:32:55,360

coming out here to the desert so often

1920

01:33:00,330 --> 01:32:58,990

that we invested in a house out here you

1921

01:33:02,859 --> 01:33:00,340

know because we were about ready to take

1922

01:33:07,370 --> 01:33:02,869

stock in the local hotel

1923

01:33:09,260 --> 01:33:07,380

so at one point knowing that this house

1924

01:33:12,620 --> 01:33:09,270

was sitting out here in the desert and

1925

01:33:14,660 --> 01:33:12,630

we were coming so much that one day I

1926

01:33:16,879 --> 01:33:14,670

would just had a meltdown I just said I

1927

01:33:19,459 --> 01:33:16,889

cannot sit on these California freeways

1928

01:33:21,740 --> 01:33:19,469

any longer I'm getting older heat my

1929

01:33:25,280 --> 01:33:21,750

husband was getting older and we just

1930

01:33:26,959 --> 01:33:25,290

decided in 204 that we were coming out

1931

01:33:29,979 --> 01:33:26,969

here to the desert and because of the

1932

01:33:32,330 --> 01:33:29,989

business were in the internet and

1933

01:33:35,689 --> 01:33:32,340

computers were coming into a phase where

1934

01:33:38,990 --> 01:33:35,699

you can we could work on our jobs and do

1935

01:33:41,359 --> 01:33:39,000

things at a distance and to answer your

1936

01:33:44,020 --> 01:33:41,369

question I don't want to say I

1937

01:33:50,750 --> 01:33:44,030

specifically moved here for giant rock

1938

01:33:53,209 --> 01:33:50,760

but in my heart I did and I did and I

1939

01:33:55,339 --> 01:33:53,219

compare myself to you ever see Close

1940

01:33:58,189 --> 01:33:55,349

Encounters of a third time in Richard

1941

01:34:00,530 --> 01:33:58,199

Dreyfuss when he he's sitting there and

1942

01:34:03,439 --> 01:34:00,540

he's building the devil's tower out of

1943

01:34:06,080 --> 01:34:03,449

his mashed potatoes yeah how I feel

1944

01:34:09,169 --> 01:34:06,090

sometimes and you're building the giant

1945

01:34:11,450 --> 01:34:09,179

rug Oh guys the rocketry and no matter

1946

01:34:13,010 --> 01:34:11,460

how I try to get that rock out of my

1947

01:34:14,979 --> 01:34:13,020

system and I go I'm not doing this

1948

01:34:17,410 --> 01:34:14,989

anymore i'm not doing it anymore

1949

01:34:20,750 --> 01:34:17,420

something will happen and i find myself

1950

01:34:23,510 --> 01:34:20,760

being researching something new or

1951

01:34:25,790 --> 01:34:23,520

something new pops up in them and you

1952

01:34:27,979 --> 01:34:25,800

know like if UFO popping in my life in

1953

01:34:31,220 --> 01:34:27,989

March and I'm going why did this happen

1954

01:34:34,040 --> 01:34:31,230

it just dragged me back in so so yeah

1955

01:34:39,430 --> 01:34:34,050

I'm hooked now how far away are you from

1956

01:34:45,830 --> 01:34:39,440

of Joshua Tree I'm from Joshua Tree I'm

1957

01:34:47,180 --> 01:34:45,840

but five miles five miles okay Wow oh so

1958

01:34:49,129 --> 01:34:47,190

that's what you're doing this thing at

1959

01:34:51,229 --> 01:34:49,139

contact in the desert where you're

1960

01:34:55,430 --> 01:34:51,239

bringing people out to giant rock aren't

1961

01:34:58,609 --> 01:34:55,440

you yes I am and we'll go to the joshua

1962

01:35:01,490 --> 01:34:58,619

tree retreat center and that's right it

1963

01:35:05,149 --> 01:35:01,500

just down the road from where i actually

1964

01:35:07,399 --> 01:35:05,159

do live and and then in the evenings

1965

01:35:12,379 --> 01:35:07,409

after being at there a tree people can

1966

01:35:15,180 --> 01:35:12,389

join me and and we'll caravan out to the

1967

01:35:18,780 --> 01:35:15,190

giant rock in the evening

1968

01:35:22,700 --> 01:35:18,790

and sit there at night and be able to

1969

01:35:25,709 --> 01:35:22,710

star watch see things are in the sky and

1970

01:35:28,350 --> 01:35:25,719

you sit there until you know late into

1971

01:35:30,870 --> 01:35:28,360

the evening and then we bring them back

1972

01:35:34,380 --> 01:35:30,880

uh-huh now a question up on the message

1973

01:35:37,439 --> 01:35:34,390

board have you interviewed the children

1974

01:35:40,260 --> 01:35:37,449

of the inventor of the integrity taker

1975

01:35:44,450 --> 01:35:40,270

how do you ever say that anyway oh the

1976

01:35:48,479 --> 01:35:44,460

integratron integra taught integra

1977

01:35:51,240 --> 01:35:48,489

integra Tron Tron got it sorry that's

1978

01:35:55,200 --> 01:35:51,250

okay hiccup Tron the Disneyland oh yes

1979

01:35:57,900 --> 01:35:55,210

yeah okay now George Van Tassel was the

1980

01:36:02,850 --> 01:35:57,910

inventor and George Van Tassel died

1981

01:36:06,990 --> 01:36:02,860

before it ever got turned on so it it

1982

01:36:09,810 --> 01:36:07,000

never you know turned on and the

1983

01:36:15,780 --> 01:36:09,820

integratron is now presently owned by

1984

01:36:18,360 --> 01:36:15,790

three sisters and they operate it and

1985

01:36:21,930 --> 01:36:18,370

and what they do there and what their

1986

01:36:24,920 --> 01:36:21,940

brand is is they don't work it like

1987

01:36:28,110 --> 01:36:24,930

George Van Tassel intended it to work

1988

01:36:30,870 --> 01:36:28,120

because Van Tassel had it it was called

1989

01:36:35,040 --> 01:36:30,880

more of an electromagnetic static

1990

01:36:37,590 --> 01:36:35,050

generator it had more of a more of a

1991

01:36:41,250 --> 01:36:37,600

scientific background where it was

1992

01:36:46,050 --> 01:36:41,260

intended maybe to rejuvenate more with

1993

01:36:47,760 --> 01:36:46,060

electricity and and actually it was if

1994

01:36:49,620 --> 01:36:47,770

it was ever really going to turn on

1995

01:36:52,200 --> 01:36:49,630

there are some people that say that it

1996

01:36:55,080 --> 01:36:52,210

could have been a time machine and and

1997

01:36:58,770 --> 01:36:55,090

it has all kinds of science to go behind

1998

01:37:01,020 --> 01:36:58,780

that also that today if you go up on to

1999

01:37:03,390 --> 01:37:01,030

the integratron website you'll see that

2000

01:37:06,810 --> 01:37:03,400

the new owners and the owners that have

2001

01:37:10,500 --> 01:37:06,820

it now they they have they rented out

2002

01:37:12,510 --> 01:37:10,510

and they also do things they're called a

2003

01:37:16,110 --> 01:37:12,520

sound bath and they use crystal bowls

2004

01:37:19,250 --> 01:37:16,120

and they do healing and do things within

2005

01:37:21,030 --> 01:37:19,260

the the grounds of the integratron

2006

01:37:24,689 --> 01:37:21,040

someone wants to know if they'll be

2007

01:37:27,990 --> 01:37:24,699

younger if they go into that thing sit

2008

01:37:28,770 --> 01:37:28,000

fourth well it's all a state of mind you

2009

01:37:30,959 --> 01:37:28,780

know

2010

01:37:33,270 --> 01:37:30,969

well to be honest with you the

2011

01:37:36,419 --> 01:37:33,280

integratron brand and how they like to

2012

01:37:39,180 --> 01:37:36,429

work over there is they really want

2013

01:37:43,649 --> 01:37:39,190

people to have their own experience so

2014

01:37:46,799 --> 01:37:43,659

if you go to the integratron you you go

2015

01:37:49,319 --> 01:37:46,809

with an open mind and you get to

2016

01:37:54,120 --> 01:37:49,329

experience how you want to experience

2017

01:37:56,220 --> 01:37:54,130

the integratron because each person many

2018

01:37:59,310 --> 01:37:56,230

people go there to experience it for

2019

01:38:04,260 --> 01:37:59,320

music there's been people who will go

2020

01:38:07,169 --> 01:38:04,270

there and do recordings people it's a

2021

01:38:10,319 --> 01:38:07,179

fabulous Sound Chamber that's that's

2022

01:38:12,600 --> 01:38:10,329

what it's really been noted for and

2023

01:38:16,370 --> 01:38:12,610

that's why doing crystal bowls in the

2024

01:38:20,279 --> 01:38:16,380

upper chamber will heighten your

2025

01:38:22,439 --> 01:38:20,289

cellular structure or do things people

2026

01:38:25,410 --> 01:38:22,449

who go there for others to get in touch

2027

01:38:28,049 --> 01:38:25,420

with their spiritual self you can do

2028

01:38:31,649 --> 01:38:28,059

that because of being in touch with the

2029

01:38:34,169 --> 01:38:31,659

vortexes and and weird that's it other

2030

01:38:36,419 --> 01:38:34,179

people will go there just to you know

2031

01:38:38,879 --> 01:38:36,429

it's just to get in touch with the

2032

01:38:41,819 --> 01:38:38,889

desert in the surrounding areas it's an

2033

01:38:44,459 --> 01:38:41,829

art you know you know it has many

2034

01:38:47,779 --> 01:38:44,469

outlets so they encourage people to

2035

01:38:50,010 --> 01:38:47,789

experience the integratron in their own

2036

01:38:52,080 --> 01:38:50,020

you know way that they want to

2037

01:38:57,060 --> 01:38:52,090

experience it now why can't this thing

2038

01:39:00,330 --> 01:38:57,070

be turned on who as they say who said

2039

01:39:03,600 --> 01:39:00,340

it's not so it might not be turned on in

2040

01:39:08,850 --> 01:39:03,610

the way that George Van Tassel intended

2041

01:39:13,140 --> 01:39:08,860

it but you know energies energy and the

2042

01:39:16,379 --> 01:39:13,150

way and where it said when we take

2043

01:39:21,240 --> 01:39:16,389

people even out to the desert now you

2044

01:39:24,270 --> 01:39:21,250

people again you feel an energy people

2045

01:39:27,120 --> 01:39:24,280

feel something and you know whether it's

2046

01:39:31,529 --> 01:39:27,130

a something good or something not so

2047

01:39:34,379 --> 01:39:31,539

good or just something neutral you will

2048

01:39:37,680 --> 01:39:34,389

walk away from just feeling a desert

2049

01:39:40,799 --> 01:39:37,690

energy you're going to notice something

2050

01:39:42,480 --> 01:39:40,809

different within yourself all right so

2051

01:39:47,730 --> 01:39:42,490

let's go all the way back to

2052

01:39:51,780 --> 01:39:47,740

whoo whenever the exact date is that Van

2053

01:39:54,780 --> 01:39:51,790

Tassel moves out there and it's in the

2054

01:39:58,260 --> 01:39:54,790

middle of nowhere he finds you know the

2055

01:40:00,330 --> 01:39:58,270

big rock and all that but how did he

2056

01:40:02,940 --> 01:40:00,340

survive out there I mean there can't be

2057

01:40:05,130 --> 01:40:02,950

any place easily to get food or anything

2058

01:40:08,790 --> 01:40:05,140

like that at that time you know maybe

2059

01:40:09,990 --> 01:40:08,800

now it's a little bit different but from

2060

01:40:12,180 --> 01:40:10,000

what I understand it was like in the

2061

01:40:15,930 --> 01:40:12,190

middle of nowhere like you said nothing

2062

01:40:18,150 --> 01:40:15,940

available how did they survive that's a

2063

01:40:21,540 --> 01:40:18,160

good methyl area question because he had

2064

01:40:24,870 --> 01:40:21,550

a wife and three daughters with him and

2065

01:40:27,990 --> 01:40:24,880

also what is out there at the giant rock

2066

01:40:32,070 --> 01:40:28,000

that the previous person who was before

2067

01:40:34,320 --> 01:40:32,080

him at the giant rock he that there was

2068

01:40:36,660 --> 01:40:34,330

a man named Frank right sir and Frank

2069

01:40:38,340 --> 01:40:36,670

right sir was a minor and he has a whole

2070

01:40:42,000 --> 01:40:38,350

other story that we don't have time to

2071

01:40:46,350 --> 01:40:42,010

go into the Frank Kreitzer dug under

2072

01:40:49,950 --> 01:40:46,360

giant rock and in he dug a 400 square

2073

01:40:52,380 --> 01:40:49,960

foot area under this 25,000 ton Boulder

2074

01:40:55,890 --> 01:40:52,390

if you can imagine that sounds like a

2075

01:40:57,900 --> 01:40:55,900

death wish to me well event well if he

2076

01:40:59,970 --> 01:40:57,910

knew Frank right sirs story he

2077

01:41:02,330 --> 01:40:59,980

eventually committed suicide and he blew

2078

01:41:04,560 --> 01:41:02,340

himself up so it was a dip with

2079

01:41:09,210 --> 01:41:04,570

eventually he has a very interesting

2080

01:41:11,730 --> 01:41:09,220

story and but Frank right sir and George

2081

01:41:14,880 --> 01:41:11,740

Van Tassel were friends and in after

2082

01:41:16,830 --> 01:41:14,890

Frank suicide front that's when George

2083

01:41:19,170 --> 01:41:16,840

Van Tassel moved his family out there

2084

01:41:21,600 --> 01:41:19,180

and another thing that Frank right sir

2085

01:41:24,780 --> 01:41:21,610

did is he built an airstrip out there

2086

01:41:29,100 --> 01:41:24,790

and it was called giant rock you know

2087

01:41:33,600 --> 01:41:29,110

airport so so there was an airport out

2088

01:41:36,480 --> 01:41:33,610

there and then also what George Van

2089

01:41:39,690 --> 01:41:36,490

Tassel also did when he moved out there

2090

01:41:42,420 --> 01:41:39,700

if he built a restaurant can't believe

2091

01:41:44,550 --> 01:41:42,430

this in the middle of nowhere he built a

2092

01:41:46,890 --> 01:41:44,560

restaurant so he could feed himself let

2093

01:41:49,440 --> 01:41:46,900

me get with it was very profitable

2094

01:41:52,080 --> 01:41:49,450

though because one of the one of the

2095

01:41:55,740 --> 01:41:52,090

people who became very interested in

2096

01:41:59,730 --> 01:41:55,750

this whole adventure of

2097

01:42:03,780 --> 01:41:59,740

the integratron and giant rock was how

2098

01:42:06,150 --> 01:42:03,790

are you so Howard Hughes was one of the

2099

01:42:09,660 --> 01:42:06,160

first contributors into the integratron

2100

01:42:12,690 --> 01:42:09,670

and and how are used was famous for

2101

01:42:16,230 --> 01:42:12,700

flying his airplane in to the giant rock

2102

01:42:19,260 --> 01:42:16,240

airport just to get a hammer and to get

2103

01:42:23,400 --> 01:42:19,270

a piece of the apple pie that George's

2104

01:42:27,900 --> 01:42:23,410

wife would serve so this is a really

2105

01:42:32,370 --> 01:42:27,910

interesting historic story isn't it and

2106

01:42:35,010 --> 01:42:32,380

when people were coming to this this you

2107

01:42:37,770 --> 01:42:35,020

know these these conventions out in the

2108

01:42:41,250 --> 01:42:37,780

middle of this desert they would fly

2109

01:42:42,780 --> 01:42:41,260

their airplanes in and not that's how

2110

01:42:45,120 --> 01:42:42,790

they would get this they would fly

2111

01:42:48,990 --> 01:42:45,130

airplanes they would come by their

2112

01:42:51,810 --> 01:42:49,000

campers and they would drive cars and if

2113

01:42:54,630 --> 01:42:51,820

you would see these this place it's

2114

01:42:56,640 --> 01:42:54,640

covered in boulders and and they would

2115

01:42:59,730 --> 01:42:56,650

have these these areas where people

2116

01:43:03,960 --> 01:42:59,740

would just sit over all these boulders

2117

01:43:06,060 --> 01:43:03,970

and these big open desert areas and the

2118

01:43:08,660 --> 01:43:06,070

road there was no there was only a one

2119

01:43:12,260 --> 01:43:08,670

dirt road that led into this area and

2120

01:43:15,780 --> 01:43:12,270

the road would be lined with airplanes

2121

01:43:18,840 --> 01:43:15,790

that's how they got there but as for

2122

01:43:22,560 --> 01:43:18,850

them surviving there they had to drive

2123

01:43:25,670 --> 01:43:22,570

and they had a girl like three miles to

2124

01:43:28,590 --> 01:43:25,680

have water trucked in they had to have a

2125

01:43:31,230 --> 01:43:28,600

container out by the giant rock because

2126

01:43:33,690 --> 01:43:31,240

there was no water there was no air

2127

01:43:36,930 --> 01:43:33,700

conditioning there's no porta-potties

2128

01:43:39,660 --> 01:43:36,940

there was nothing out there and and I

2129

01:43:42,420 --> 01:43:39,670

often as a historian I had an issue with

2130

01:43:45,360 --> 01:43:42,430

that because here you go you have a

2131

01:43:48,090 --> 01:43:45,370

husband you have a wife and three

2132

01:43:52,590 --> 01:43:48,100

daughters and I go gosh if he did that

2133

01:43:55,890 --> 01:43:52,600

to me I would just man how terrible you

2134

01:43:57,990 --> 01:43:55,900

know and and in Georgia's writings he

2135

01:44:01,080 --> 01:43:58,000

would talk about that's why he built the

2136

01:44:04,620 --> 01:44:01,090

restaurant for his wife so it gave her

2137

01:44:06,729 --> 01:44:04,630

something to do and something to and it

2138

01:44:08,379 --> 01:44:06,739

was called to come on in

2139

01:44:11,890 --> 01:44:08,389

and and that's what they named the

2140

01:44:14,589 --> 01:44:11,900

restaurant and so it was for his life to

2141

01:44:17,709 --> 01:44:14,599

you know cook her meals and it was a

2142

01:44:20,399 --> 01:44:17,719

very popular place around here in the

2143

01:44:24,279 --> 01:44:20,409

desert for the little for the locals to

2144

01:44:27,489 --> 01:44:24,289

ride around and stop in and when they

2145

01:44:30,489 --> 01:44:27,499

had when you have 15,000 people coming

2146

01:44:32,560 --> 01:44:30,499

to a you know conference or convention

2147

01:44:35,830 --> 01:44:32,570

in the middle of a desert I can imagine

2148

01:44:39,839 --> 01:44:35,840

it kind of profitable although the first

2149

01:44:43,149 --> 01:44:39,849

the first restaurant only had six seats

2150

01:44:46,500 --> 01:44:43,159

so you know I don't think it held many

2151
01:44:49,390 --> 01:44:46,510
people and eventually they expanded it

2152
01:44:51,729 --> 01:44:49,400
but he was a rough life the daughters

2153
01:44:53,919 --> 01:44:51,739
yeah I can't imagine because the

2154
01:44:56,500 --> 01:44:53,929
daughters himself in order to go to

2155
01:45:01,180 --> 01:44:56,510
school we had three daughters and they

2156
01:45:04,359 --> 01:45:01,190
would have to go almost five miles to

2157
01:45:06,729 --> 01:45:04,369
the nearest road just to catch a bus to

2158
01:45:10,419 --> 01:45:06,739
get on a bus that would take them

2159
01:45:14,410 --> 01:45:10,429
another 45 minutes to get to the nearest

2160
01:45:19,149 --> 01:45:14,420
school every day well so that would be

2161
01:45:21,399 --> 01:45:19,159
their life and I pick thought hang on

2162
01:45:24,489 --> 01:45:21,409
just a second hang on just a second we

2163
01:45:26,979 --> 01:45:24,499

have a call in here welcome caller would

2164

01:45:29,799 --> 01:45:26,989

you like to ask what your name would you

2165

01:45:31,959 --> 01:45:29,809

like to ask a question my name is Ray

2166

01:45:36,700 --> 01:45:31,969

Stanford and I was there I knew van

2167

01:45:38,529 --> 01:45:36,710

tassel oh hey right yep am I talking to

2168

01:45:42,310 --> 01:45:38,539

Martin oh yeah how are you good good to

2169

01:45:44,529 --> 01:45:42,320

have you on yeah well I I had I'd heard

2170

01:45:46,089 --> 01:45:44,539

enough I think I'll deceptive record

2171

01:45:49,359 --> 01:45:46,099

straight about what was really going on

2172

01:45:54,220 --> 01:45:49,369

now advantage place yeah go ahead go

2173

01:45:58,239 --> 01:45:54,230

ahead okay let me say that starting back

2174

01:46:01,239 --> 01:45:58,249

in the nineteen fifty-three October well

2175

01:46:03,609 --> 01:46:01,249

own in 254 I corresponding with George

2176
01:46:06,040 --> 01:46:03,619
Adamski he had links by as a high school

2177
01:46:10,239 --> 01:46:06,050
student and I got to anointment and

2178
01:46:12,339 --> 01:46:10,249
fully believed him until in the late 50s

2179
01:46:15,009 --> 01:46:12,349
he took compassion upon my twin brother

2180
01:46:16,959 --> 01:46:15,019
and I who were out there and one morning

2181
01:46:19,029 --> 01:46:16,969
after he I guess I've loosened up with

2182
01:46:19,850 --> 01:46:19,039
quite a few egnogs as they called them

2183
01:46:23,090 --> 01:46:19,860
knocks

2184
01:46:24,950 --> 01:46:23,100
polish accent he he told us that he

2185
01:46:27,020 --> 01:46:24,960
never had to meet any physical space

2186
01:46:28,520 --> 01:46:27,030
people but he had picked this all up he

2187
01:46:31,040 --> 01:46:28,530
didn't use the word psycho he said by

2188
01:46:34,910 --> 01:46:31,050

unified state of consciousness so does

2189

01:46:36,530 --> 01:46:34,920

this book pioneers of space in which he

2190

01:46:39,169 --> 01:46:36,540

wrote the same things he claims it

2191

01:46:41,450 --> 01:46:39,179

happened to him later in inside the

2192

01:46:44,120 --> 01:46:41,460

spaceships and he'd written this way

2193

01:46:47,090 --> 01:46:44,130

back in aggregate letters in the 40s or

2194

01:46:48,620 --> 01:46:47,100

the 30s and he said frankly that he did

2195

01:46:49,910 --> 01:46:48,630

all this for money and that he wouldn't

2196

01:46:52,100 --> 01:46:49,920

have had to get into all this saucer

2197

01:46:55,790 --> 01:46:52,110

craft and that was his exact words and

2198

01:46:57,979 --> 01:46:55,800

this was money now danske took us down

2199

01:47:01,879 --> 01:46:57,989

into what he said was his workshop and

2200

01:47:04,040 --> 01:47:01,889

this was a little room adjacent to the

2201

01:47:05,840 --> 01:47:04,050

the high-waist night growing up to Mount

2202

01:47:11,000 --> 01:47:05,850

Palomar of his place there a couple of

2203

01:47:15,250 --> 01:47:11,010

Gordon's and opened the door and here in

2204

01:47:19,490 --> 01:47:15,260

the room on little tiny strings were

2205

01:47:21,350 --> 01:47:19,500

going steak little ufos which he had

2206

01:47:23,930 --> 01:47:21,360

used in his faking of his mothership

2207

01:47:27,459 --> 01:47:23,940

photographs and they all kind of curved

2208

01:47:30,649 --> 01:47:27,469

over falling down from back behind black

2209

01:47:32,030 --> 01:47:30,659

image of the mothership was there in the

2210

01:47:34,609 --> 01:47:32,040

background where he had faked these

2211

01:47:36,919 --> 01:47:34,619

pictures and I think he had just taken

2212

01:47:38,689 --> 01:47:36,929

compassion on my brother me and decided

2213

01:47:41,390 --> 01:47:38,699

to young people shouldn't waste their

2214

01:47:45,200 --> 01:47:41,400

lives following his ms that he had done

2215

01:47:47,560 --> 01:47:45,210

for financial reasons and I have to tell

2216

01:47:50,060 --> 01:47:47,570

you I did criminal your cookies here

2217

01:47:52,189 --> 01:47:50,070

anybody who believes in Van Tassel but

2218

01:47:54,439 --> 01:47:52,199

George Van Tassel claimed that he met

2219

01:47:57,590 --> 01:47:54,449

slow gan de on the desert and that he

2220

01:47:59,750 --> 01:47:57,600

was a Volusion well he describes the

2221

01:48:05,390 --> 01:47:59,760

craft and he says came down and it was

2222

01:48:07,790 --> 01:48:05,400

the the fake starship that dodge dodge

2223

01:48:11,930 --> 01:48:07,800

advance get photographs I have my old

2224

01:48:13,550 --> 01:48:11,940

computer I will computer my hard drive

2225

01:48:16,280 --> 01:48:13,560

back there like to have a photograph of

2226

01:48:18,109 --> 01:48:16,290

this model that he used with one side of

2227

01:48:20,270 --> 01:48:18,119

it been in it was not real there's not

2228

01:48:23,419 --> 01:48:20,280

an engine spaceship and drug vans

2229

01:48:25,990 --> 01:48:23,429

absolutist plane believing knowing their

2230

01:48:28,609 --> 01:48:26,000

danske was popular he made that story up

2231

01:48:30,740 --> 01:48:28,619

clanking metal garden and he claimed the

2232

01:48:33,230 --> 01:48:30,750

soul ganda gave him basically the secret

2233

01:48:35,660 --> 01:48:33,240

of the integratron and you know

2234

01:48:38,090 --> 01:48:35,670

us he said the great mathematical secret

2235

01:48:41,120 --> 01:48:38,100

was f equals 1 over t f equals force

2236

01:48:43,940 --> 01:48:41,130

dinging first time that is totally

2237

01:48:47,630 --> 01:48:43,950

nonsensical useless and ridiculous has

2238

01:48:50,870 --> 01:48:47,640

nothing to do with his it's pure fantasy

2239

01:48:53,570 --> 01:48:50,880

and imagination now the statement has

2240

01:48:54,920 --> 01:48:53,580

been made tonight that 15,000 people out

2241

01:48:58,190 --> 01:48:54,930

of these contents well that's pure

2242

01:49:00,230 --> 01:48:58,200

balloon to Bologna there were not I was

2243

01:49:03,790 --> 01:49:00,240

there three different years and I spoke

2244

01:49:06,350 --> 01:49:03,800

there one time and there were about

2245

01:49:08,510 --> 01:49:06,360

maximum if we reduce that by a factor of

2246

01:49:10,580 --> 01:49:08,520

10 there were a maximum of fifteen

2247

01:49:12,290 --> 01:49:10,590

hundred people out there now to call

2248

01:49:15,080 --> 01:49:12,300

this an airport is utterly ridiculous

2249

01:49:17,420 --> 01:49:15,090

there was he called a giant rock airport

2250

01:49:20,240 --> 01:49:17,430

and he called the little cafe which was

2251

01:49:22,940 --> 01:49:20,250

a tiny little thing that come on in I NN

2252

01:49:24,740 --> 01:49:22,950

and he had pictured these fake

2253

01:49:27,710 --> 01:49:24,750

mothership photographs oh damn he's up

2254

01:49:31,430 --> 01:49:27,720

all the walls of the little come on in

2255

01:49:32,930 --> 01:49:31,440

but by golly I i was at those

2256

01:49:35,270 --> 01:49:32,940

conferences and i spoke at one of them

2257

01:49:37,730 --> 01:49:35,280

and they're absolutely were not that

2258

01:49:40,130 --> 01:49:37,740

many people the landing strip was only

2259

01:49:43,010 --> 01:49:40,140

that it was just a cleared place in the

2260

01:49:45,410 --> 01:49:43,020

desert wasn't paved there was no control

2261

01:49:47,420 --> 01:49:45,420

tower there were no landing beacons

2262

01:49:49,430 --> 01:49:47,430

there was nothing electronic there no

2263

01:49:51,080 --> 01:49:49,440

radio to communicate with aircraft or

2264

01:49:53,330 --> 01:49:51,090

anything people just came in i flew them

2265

01:49:56,600 --> 01:49:53,340

there one time with Robert seat back and

2266

01:49:58,670 --> 01:49:56,610

his private plane my brother I and he

2267

01:50:02,960 --> 01:49:58,680

command there no authority could say I

2268

01:50:05,150 --> 01:50:02,970

listened recently to a recording for TV

2269

01:50:07,280 --> 01:50:05,160

with Van Tassel made into the

2270

01:50:08,660 --> 01:50:07,290

interviewer asked him well how did he

2271

01:50:10,400 --> 01:50:08,670

make any money out there and he said all

2272

01:50:13,490 --> 01:50:10,410

those people paying me to come in and

2273

01:50:16,880 --> 01:50:13,500

and use the airport that's not true

2274

01:50:19,280 --> 01:50:16,890

that's not true at all the I believe

2275

01:50:21,170 --> 01:50:19,290

that the integratron would never have

2276

01:50:23,780 --> 01:50:21,180

functioned in the first place yes it was

2277

01:50:27,200 --> 01:50:23,790

wood and he made all kind of claims

2278

01:50:30,470 --> 01:50:27,210

using this this fake formula and by

2279

01:50:32,300 --> 01:50:30,480

golly it's a good thing you died because

2280

01:50:35,420 --> 01:50:32,310

he would have been totally embarrassed

2281

01:50:38,660 --> 01:50:35,430

because it simply would not function it

2282

01:50:40,670 --> 01:50:38,670

was not based on anything any scientific

2283

01:50:42,680 --> 01:50:40,680

principle anything else it kept on

2284

01:50:46,640 --> 01:50:42,690

bringing in money and contributions by

2285

01:50:49,149 --> 01:50:46,650

believers and he kept them council going

2286

01:50:52,100 --> 01:50:49,159

but i believe the thing was basically a

2287

01:50:54,890 --> 01:50:52,110

part of a fantasy of Van Tassel and

2288

01:50:57,470 --> 01:50:54,900

partly I think a tendency to just plain

2289

01:51:00,380 --> 01:50:57,480

old them use it to bring in money I

2290

01:51:01,430 --> 01:51:00,390

can't prove that but let me say that no

2291

01:51:02,930 --> 01:51:01,440

one has ever showed that there's

2292

01:51:07,100 --> 01:51:02,940

anything in that billing that would work

2293

01:51:09,500 --> 01:51:07,110

and I just had heard so much hype

2294

01:51:12,770 --> 01:51:09,510

tonight about this man and his story and

2295

01:51:16,880 --> 01:51:12,780

i can tell you i can swear to it that

2296

01:51:18,860 --> 01:51:16,890

his fiction he he never met oh he also

2297

01:51:20,330 --> 01:51:18,870

gave the dimensions of this recording

2298

01:51:23,530 --> 01:51:20,340

and he had published these I had all of

2299

01:51:25,640 --> 01:51:23,540

his publications the Proceedings of

2300

01:51:27,950 --> 01:51:25,650

universal wisdom and all this had

2301

01:51:30,140 --> 01:51:27,960

everything we ever published but the

2302

01:51:31,729 --> 01:51:30,150

vent hustle said that the thing that

2303

01:51:34,790 --> 01:51:31,739

landed out there they came down and

2304

01:51:36,680 --> 01:51:34,800

hover just above ground rather was he

2305

01:51:39,200 --> 01:51:36,690

described exactly Georgia dance keys

2306

01:51:43,070 --> 01:51:39,210

little fake model spaceship that he had

2307

01:51:46,250 --> 01:51:43,080

photographed and he said it was 36 feet

2308

01:51:50,090 --> 01:51:46,260

diameter I believe got 18 feet high and

2309

01:51:52,040 --> 01:51:50,100

he said that he was taken up in the

2310

01:51:54,680 --> 01:51:52,050

middle of it was so gone to following

2311

01:51:56,600 --> 01:51:54,690

him and when he gave those dimensions

2312

01:51:58,700 --> 01:51:56,610

and he described so down to he's

2313

01:52:01,490 --> 01:51:58,710

describing the soul ganda is five feet

2314

01:52:05,660 --> 01:52:01,500

six inches tall and with this long

2315

01:52:09,110 --> 01:52:05,670

blonde hair and exactly as Jordan and

2316

01:52:11,990 --> 01:52:09,120

she described the alleged Venusian that

2317

01:52:13,580 --> 01:52:12,000

he claimed he met on the desert and I

2318

01:52:15,169 --> 01:52:13,590

want to say that I also knew the

2319

01:52:17,720 --> 01:52:15,179

Georgetown Williams and recordings and

2320

01:52:20,330 --> 01:52:17,730

personally and he told me that they

2321

01:52:21,700 --> 01:52:20,340

never saw any man out there on the

2322

01:52:23,959 --> 01:52:21,710

desert talking to George Adamski

2323

01:52:26,300 --> 01:52:23,969

contrary to what was claimed in the book

2324

01:52:28,370 --> 01:52:26,310

flying saucers have landed so if anybody

2325

01:52:30,800 --> 01:52:28,380

wants to believe George Van Tassel and

2326

01:52:32,750 --> 01:52:30,810

his claim that he met the guy that Judge

2327

01:52:35,649 --> 01:52:32,760

advanced he met they better rewrite

2328

01:52:38,330 --> 01:52:35,659

their own book because it never ever

2329

01:52:41,060 --> 01:52:38,340

happened and George it as he confessed

2330

01:52:43,939 --> 01:52:41,070

all of this to my brother me and said it

2331

01:52:46,130 --> 01:52:43,949

was for money cooney party tonight can I

2332

01:52:49,220 --> 01:52:46,140

make something very clear now am i able

2333

01:52:50,870 --> 01:52:49,230

to talk are you over your head available

2334

01:52:54,950 --> 01:52:50,880

you've been talking about that exploit

2335

01:52:59,470 --> 01:52:54,960

okay okay well okay I'm going to can I

2336

01:53:01,410 --> 01:52:59,480

find a historian I'm not a UF ologist

2337

01:53:04,900 --> 01:53:01,420

and the one thing I do want to

2338

01:53:08,410 --> 01:53:04,910

compliment you on is the fact that you

2339

01:53:12,790 --> 01:53:08,420

have a lot of facts and that is that is

2340

01:53:14,920 --> 01:53:12,800

wonderful and in I'm going to back up

2341

01:53:19,270 --> 01:53:14,930

your facts I'm going to say that you are

2342

01:53:22,780 --> 01:53:19,280

very correct in your what you're saying

2343

01:53:25,660 --> 01:53:22,790

because in much of my research those are

2344

01:53:29,620 --> 01:53:25,670

the same facts that I've come across for

2345

01:53:33,310 --> 01:53:29,630

the purposes of radio and things I I

2346

01:53:37,600 --> 01:53:33,320

offer information that people have I

2347

01:53:39,340 --> 01:53:37,610

answer questions and and to get into all

2348

01:53:41,620 --> 01:53:39,350

the facts that you've just come into

2349

01:53:44,950 --> 01:53:41,630

those are not the questions I've been

2350

01:53:49,990 --> 01:53:44,960

asked so the the other thing that I

2351
01:53:52,330 --> 01:53:50,000
would share with you is that adamski the

2352
01:53:54,850 --> 01:53:52,340
as a historian the one thing that did

2353
01:53:57,340 --> 01:53:54,860
happen that George Adamski came to the

2354
01:54:00,280 --> 01:53:57,350
the very first UFO conference with

2355
01:54:02,260 --> 01:54:00,290
George Van Tassel in Georgia and tesco

2356
01:54:04,420 --> 01:54:02,270
and George wit and George Adamski did

2357
01:54:05,950 --> 01:54:04,430
not get along at all just to let you

2358
01:54:09,130 --> 01:54:05,960
know I'm sorry to interrupt you but we

2359
01:54:11,410 --> 01:54:09,140
only have about a minute and so ray

2360
01:54:12,760 --> 01:54:11,420
you're not going to be able to have yeah

2361
01:54:17,860 --> 01:54:12,770
we have about a minute left right now

2362
01:54:19,780 --> 01:54:17,870
okay so but I will agree and and I you

2363
01:54:22,680 --> 01:54:19,790

agree and I and I encourage people to

2364

01:54:26,020 --> 01:54:22,690

look at the whole story and to and to

2365

01:54:27,940 --> 01:54:26,030

hear both sides of the story and if he

2366

01:54:29,830 --> 01:54:27,950

would have heard my my talk in the very

2367

01:54:32,350 --> 01:54:29,840

beginning he would have heard me to say

2368

01:54:35,020 --> 01:54:32,360

that you know I encourage and I want

2369

01:54:36,850 --> 01:54:35,030

people to know both sides and and i also

2370

01:54:39,370 --> 01:54:36,860

want to reference that the people that

2371

01:54:41,979 --> 01:54:39,380

lived here gave two sides to the story

2372

01:54:43,300 --> 01:54:41,989

they're appreciated by the way I did

2373

01:54:45,190 --> 01:54:43,310

listen to you from the start of your

2374

01:54:47,470 --> 01:54:45,200

interview I've heard all of it and

2375

01:54:49,750 --> 01:54:47,480

appreciate what you said yeah there are

2376

01:54:52,210 --> 01:54:49,760

people that absolutely supported George

2377

01:54:54,850 --> 01:54:52,220

Van Tassel in what he is doing and then

2378

01:54:57,760 --> 01:54:54,860

our people that did not and and I don't

2379

01:55:02,500 --> 01:54:57,770

come off on either side of of the fence

2380

01:55:04,930 --> 01:55:02,510

I as a historian I relate facts and and

2381

01:55:07,900 --> 01:55:04,940

I will always and I will always state

2382

01:55:09,520 --> 01:55:07,910

facts and stories and I will let the

2383

01:55:11,650 --> 01:55:09,530

public and i will let people make up

2384

01:55:13,120 --> 01:55:11,660

their own minds and their choices of

2385

01:55:17,110 --> 01:55:13,130

what they want to believe

2386

01:55:20,110 --> 01:55:17,120

with regards to how UFOs I you have many

2387

01:55:23,140 --> 01:55:20,120

many documentation of the morongo basin

2388

01:55:25,660 --> 01:55:23,150

in this particular area in how UFO

2389

01:55:28,479 --> 01:55:25,670

sightings were documented in how the

2390

01:55:31,750 --> 01:55:28,489

people of this particular area observed

2391

01:55:35,140 --> 01:55:31,760

in and noted and we're excited about

2392

01:55:38,649 --> 01:55:35,150

their their history of this area and how

2393

01:55:41,410 --> 01:55:38,659

they viewed it so and you know that's an

2394

01:55:45,550 --> 01:55:41,420

eye and I'm very grateful and I welcome

2395

01:55:48,129 --> 01:55:45,560

your time thank you for even bringing

2396

01:55:50,790 --> 01:55:48,139

that up okay I'm sorry we're going to

2397

01:55:54,430 --> 01:55:50,800

have to cut this short and thank you

2398

01:55:58,899 --> 01:55:54,440

thank you Ray for calling us and thank

2399

01:56:00,220 --> 01:55:58,909

you very much also Barbara so want to

2400

01:56:02,169 --> 01:56:00,230

thank a couple people for helping out

2401

01:56:06,820 --> 01:56:02,179

with the show first our guest this

2402

01:56:10,270 --> 01:56:06,830

evening and also Peggy shunning for

2403

01:56:11,919 --> 01:56:10,280

managing our Facebook page and we're

2404

01:56:15,640 --> 01:56:11,929

going to be here next week with Leslie

2405

01:56:17,379 --> 01:56:15,650

Kane and Jose la from Chile and that's

2406

01:56:19,899 --> 01:56:17,389

our show for next week on The Dark

2407

01:56:22,720 --> 01:56:19,909

Matter radio network thanks everyone for
