00:00:03,790 --> 00:00:03,010
and it hits me oh my gosh this is that

00:00:04,869 --> 00:00:03,800
triangle

3
00:00:05,980 --> 00:00:04,879
you know there's explanation for

4
00:00:09,010 --> 00:00:05,990
everything that occurred in the

5
00:00:11,800 --> 00:00:09,020
Rendlesham forest incident it aliens at

6
00:00:16,630 --> 00:00:11,810
all it was completely silent it comes

7
00:00:18,400 --> 00:00:16,640
right over our head it's also really

8
00:00:19,989 --> 00:00:18,410
standing in the clearing he turned over

9
00:00:21,370 --> 00:00:19,999
it's my father held his hand and he

10
00:00:27,970 --> 00:00:21,380
looked in his eyes and said we're not

11
00:00:29,019 --> 00:00:27,980

37

00:01:38,260 --> 00:01:36,170

41

00:01:51,429 --> 00:01:49,520

always for free and I am going to draw a

42

00:01:54,100 --> 00:01:51,439

t-shirt next week only because I'm not

43

00:01:58,209 --> 00:01:54,110

prepared for that a winner for a t-shirt

44

00:02:01,240 --> 00:01:58,219

is coming up next week and so we are

45

00:02:03,910 --> 00:02:01,250

going to roll right into the news with

46

00:02:07,450 --> 00:02:03,920

Alejandro Rojas and what is going on

47

00:02:10,150 --> 00:02:07,460

Alejandro oh my gosh there's what's not

48

00:02:13,270 --> 00:02:10,160

going on is that there's a lot going on

49

00:02:15,760 --> 00:02:13,280

buddy yes yes always

50

00:02:16,690 --> 00:02:15,770

we are going to steer away from the UFOs

51

00:02:21,070 --> 00:02:16,700

slide news

52

00:02:22,180 --> 00:02:21,080

there's the Rosen wide nose then there's

53

00:02:26,440 --> 00:02:22,190

nothing going on

54

00:02:28,360 --> 00:02:26,450

there's no no yeah yeah where that you

55

00:02:30,150 --> 00:02:28,370

wanted to avoid that so I do have other

56

00:02:32,020 --> 00:02:30,160

stories well that's good you know I

57

00:02:34,420 --> 00:02:32,030

correspond a little bit with Kevin

58

00:02:36,880 --> 00:02:34,430

Randle today and congratulated him on a

59

00:02:39,190 --> 00:02:36,890

nice show on your podcast great

60

00:02:42,460 --> 00:02:39,200

interview I suggest anyone shoot over to

61

00:02:46,360 --> 00:02:42,470

open minds t TV and listen to that

62

00:02:49,300 --> 00:02:46,370

podcast and he did a great job and I I

63

00:02:52,270 --> 00:02:49,310

said it'll be really interesting in the

64

00:02:53,890 --> 00:02:52,280

future to look back at this and see you

65

00:02:57,100 --> 00:02:53,900

know what has developed all through

66

00:03:00,699 --> 00:02:57,110

these tangled webs that you know because

67

00:03:03,759 --> 00:03:00,709

things just things are kind of crazy on

68

00:03:07,509 --> 00:03:03,769

the whole thing and listeners of your

69

00:03:09,940 --> 00:03:07,519

podcast of course will hear a recognize

70

00:03:13,150 --> 00:03:09,950

a familiar voice at the beginning of

71

00:03:16,990 --> 00:03:13,160

that podcast where we reviewed the news

72

00:03:19,930 --> 00:03:17,000

and you know we've replaced Jason with

73

00:03:23,770 --> 00:03:19,940

you I know you know I am totally honored

74

00:03:25,780 --> 00:03:23,780

by that I really I was so thrilled when

75

00:03:28,539 --> 00:03:25,790

you asked me if I'd be available to do

76

00:03:31,690 --> 00:03:28,549

that and it's on my lunch break I don't

77

00:03:33,340 --> 00:03:31,700

have the best mic but but it no it

78

00:03:36,039 --> 00:03:33,350

sounded great I think it worked

79

00:03:37,539 --> 00:03:36,049

yeah yeah I mean Jason's gonna be sorely

80

00:03:39,850 --> 00:03:37,549

missed but it's you're gonna be a lot of

81

00:03:42,130 --> 00:03:39,860

fun talking with you during that the

82

00:03:43,720 --> 00:03:42,140

news every week yeah I'm probably you've

83

00:03:47,710 --> 00:03:43,730

probably got some hate mail from some of

84

00:03:48,370 --> 00:03:47,720

the Jason lovers but I don't know that's

85

00:03:50,860 --> 00:03:48,380

fine

86

00:03:52,539 --> 00:03:50,870

what's that that I've seen there's no

87

00:03:54,670 --> 00:03:52,549

hate mail I've seen this part but I'm

88

00:03:56,380 --> 00:03:54,680

not one of those guys who goes into all

89
00:03:58,569 --> 00:03:56,390
the social media and reads every comment

90
00:04:01,150 --> 00:03:58,579
and everything so there might be some

91
00:04:03,640 --> 00:04:01,160
out there but if there is I am blissful

92
00:04:05,530 --> 00:04:03,650
blissfully ignorant of it yes please

93
00:04:10,630 --> 00:04:05,540
keep me blissfully ignorant I don't want

94
00:04:14,410 --> 00:04:10,640
to know nice place to be yeah so what is

95
00:04:17,110 --> 00:04:14,420
going on the news this week yeah so to

96
00:04:19,449 --> 00:04:17,120
make Chris except this is a story that

97
00:04:21,490 --> 00:04:19,459
actually has done very poorly on our

98
00:04:23,800 --> 00:04:21,500
site but this is funny because it's been

99
00:04:25,440 --> 00:04:23,810
picked up by the news out there and

100
00:04:28,230 --> 00:04:25,450
people probably read it

101

00:04:30,120 --> 00:04:28,240

and this is has to do with the PGA

102

00:04:32,700 --> 00:04:30,130

tournament which I actually was about a

103

00:04:34,770 --> 00:04:32,710

week ago the players Championships where

104

00:04:39,330 --> 00:04:34,780

there was a viewer who believes he

105

00:04:41,070 --> 00:04:39,340

caught a UFO that he saw a UFO while he

106

00:04:44,460 --> 00:04:41,080

was watching this he recorded it with

107

00:04:47,130 --> 00:04:44,470

his bone so we recorded the TV that he

108

00:04:49,860 --> 00:04:47,140

was watching with his phone and so

109

00:04:51,480 --> 00:04:49,870

that's all we have and actually Lee

110

00:04:53,940 --> 00:04:51,490

Spiegel of The Huffington Post found

111

00:04:59,330 --> 00:04:53,950

this and the MUFON archives so he wrote

112

00:05:02,400 --> 00:04:59,340

a story about it so it's in the video

113

00:05:04,560 --> 00:05:02,410

you do see a bird fly by you see the

114

00:05:07,260 --> 00:05:04,570

golf ball flying up in the air and then

115

00:05:09,330 --> 00:05:07,270

you see another object in the air and

116

00:05:11,370 --> 00:05:09,340

that's what this guy thought was pretty

117

00:05:14,100 --> 00:05:11,380

mysterious and it does look you know

118

00:05:15,840 --> 00:05:14,110

kind of dist shaped and he said you know

119

00:05:17,340 --> 00:05:15,850

he couldn't figure out what it was he

120

00:05:20,400 --> 00:05:17,350

knew it wasn't a blimp he knew it wasn't

121

00:05:23,850 --> 00:05:20,410

this or that so Lee wrote about it and

122

00:05:28,080 --> 00:05:23,860

it got out there pretty well now Mark

123

00:05:31,350 --> 00:05:28,090

Dantonio the photo analyst for MUFON

124

00:05:33,510 --> 00:05:31,360

took a look at it and here's why even

125

00:05:36,420 --> 00:05:33,520

though when I write about UFO stories

126

00:05:38,720 --> 00:05:36,430

I'll often you know get a lot of hits in

127

00:05:41,580 --> 00:05:38,730

it but I'll put you know what the

128

00:05:44,250 --> 00:05:41,590

skeptics or maybe an analysts had found

129

00:05:46,350 --> 00:05:44,260

and people will still look at the story

130

00:05:49,350 --> 00:05:46,360

and they'll debate it whenever I put

131

00:05:51,810 --> 00:05:49,360

what the object possibly could have been

132

00:05:54,690 --> 00:05:51,820

in the title people won't even read the

133

00:05:57,390 --> 00:05:54,700

story it's kind of funny really but yeah

134

00:05:59,880 --> 00:05:57,400

so I put UFO at PGA tournament might be

135

00:06:03,360 --> 00:05:59,890

a birdie with a why of course I know

136

00:06:06,420 --> 00:06:03,370

birdie and golf terms is ie but that's

137

00:06:08,700 --> 00:06:06,430

because this thing is most likely a bird

138

00:06:10,230 --> 00:06:08,710

I don't know if people have followed you

139

00:06:12,450 --> 00:06:10,240

know I think even some of the stories

140

00:06:14,610 --> 00:06:12,460

you and I have talked about a bird in

141

00:06:16,440 --> 00:06:14,620

flight when it's wings are kind of even

142

00:06:19,130 --> 00:06:16,450

with the camera and the what you can't

143

00:06:21,720 --> 00:06:19,140

see its wings above or below it looks

144

00:06:24,000 --> 00:06:21,730

cylindrical it looks kind of it looks

145

00:06:26,670 --> 00:06:24,010

cigar shaped it looks you know

146

00:06:28,620 --> 00:06:26,680

elliptical really with points at two

147

00:06:31,560 --> 00:06:28,630

ends and and that's what this looks like

148

00:06:33,180 --> 00:06:31,570

it is in fact I think in the video late

149

00:06:36,900 --> 00:06:33,190

in the video you can kind of see this

150

00:06:38,790 --> 00:06:36,910

bird kind of Bank and fly off so that's

151

00:06:42,659 --> 00:06:38,800

what Mark felt it was

152

00:06:44,790 --> 00:06:42,669

and others disagree some you know

153

00:06:47,460 --> 00:06:44,800

conceded that it's a bird but that this

154

00:06:51,029 --> 00:06:47,470

is destroy that got quite quite a bit of

155

00:06:52,920 --> 00:06:51,039

news well that will be in the video and

156

00:06:54,990 --> 00:06:52,930

everything will be connected in the

157

00:06:56,670 --> 00:06:55,000

story oh yeah we've got to be done

158

00:06:59,550 --> 00:06:56,680

everything in our story at open mind

159

00:07:01,950 --> 00:06:59,560

Stevie okay and we'll have that link in

160

00:07:03,570 --> 00:07:01,960

our show notes and I just want to know

161

00:07:05,490 --> 00:07:03,580

the thing was you know Tiger Woods

162

00:07:10,860 --> 00:07:05,500

abducted or anything do you know no

163

00:07:12,960 --> 00:07:10,870

Tiger Woods was not abducted but he DC's

164

00:07:16,469 --> 00:07:12,970

he kind of he just is so uncomfortable

165

00:07:19,230 --> 00:07:16,479

and unhappy out there on the in the

166

00:07:21,059 --> 00:07:19,240

field it seems like he's just not the

167

00:07:24,420 --> 00:07:21,069

Tiger Woods he used to be unfortunately

168

00:07:28,439 --> 00:07:24,430

and he probably wishes he were abducted

169

00:07:36,089 --> 00:07:28,449

yeah need to go into that whole

170

00:07:38,580 --> 00:07:36,099

situation all right this is really cool

171

00:07:40,890 --> 00:07:38,590

and the fun thing here's the advantage

172

00:07:43,740 --> 00:07:40,900

that you have since you come and do the

173

00:07:46,080 --> 00:07:43,750

news with me on Monday and then I come

174

00:07:48,149 --> 00:07:46,090

on you know later in the week to talk to

175

00:07:50,670 --> 00:07:48,159

you there's sometimes of course newer

176

00:07:53,670 --> 00:07:50,680

stories or further developments on

177

00:07:55,409 --> 00:07:53,680

stories we've had so I do have a further

178

00:07:58,050 --> 00:07:55,419

development than what we talked about on

179

00:08:00,809 --> 00:07:58,060

on my show to this next story and that

180

00:08:05,730 --> 00:08:00,819

is we did it we had a guest review of

181

00:08:07,920 --> 00:08:05,740

the area 51 movie and this was done by a

182

00:08:10,589 --> 00:08:07,930

guy named the Ron Moore and a really

183

00:08:12,540 --> 00:08:10,599

cool guy he has a website where he talks

184

00:08:16,260 --> 00:08:12,550

about rock and roll and stuff like that

185

00:08:20,760 --> 00:08:16,270

some hardcore kind of rock music but

186

00:08:24,089 --> 00:08:20,770

what he did he's into UFOs and he's a

187

00:08:27,809 --> 00:08:24,099

big fan of ours so he wrote this from a

188

00:08:30,600 --> 00:08:27,819

UFO person's perspective some went into

189

00:08:34,440 --> 00:08:30,610

UFOs so he talks about how in this new

190

00:08:36,659 --> 00:08:34,450

area 51 it's a found footage film made

191

00:08:39,389 --> 00:08:36,669

by the guys who made paranormal activity

192

00:08:41,130 --> 00:08:39,399

which of course is huge and everybody

193

00:08:42,990 --> 00:08:41,140

knows about these movies paranormal

194

00:08:45,389 --> 00:08:43,000

activities so this is kind of similar

195

00:08:48,439 --> 00:08:45,399

where these guys go in sneak into area

196

00:08:50,790 --> 00:08:48,449

51 see aliens and all this stuff so

197

00:08:52,230 --> 00:08:50,800

what's interesting is that there are

198

00:08:56,519 --> 00:08:52,240

pieces from

199

00:08:59,009 --> 00:08:56,529

actual research in the film and there

200

00:09:02,759 --> 00:08:59,019

are a few UFO researchers so Glen

201
00:09:05,730 --> 00:09:02,769
Campbell Norio Hayakawa and George Knapp

202
00:09:09,629 --> 00:09:05,740
aren't in this film what's funny is when

203
00:09:11,730 --> 00:09:09,639
I posted this review of the film you

204
00:09:14,249 --> 00:09:11,740
know I tagged Norio and George Knapp

205
00:09:16,889 --> 00:09:14,259
norio was laughing because he's like I

206
00:09:18,780 --> 00:09:16,899
these guys I talked to them for 10

207
00:09:20,819 --> 00:09:18,790
minutes or they did some filming or

208
00:09:23,040 --> 00:09:20,829
something like that with me years ago

209
00:09:25,019 --> 00:09:23,050
and I thought the movie wasn't even

210
00:09:28,379 --> 00:09:25,029
gonna happen anymore so he's like I just

211
00:09:31,379 --> 00:09:28,389
found out about this myself George Knapp

212
00:09:35,009 --> 00:09:31,389
when I posted it said what he thought he

213
00:09:37,590 --> 00:09:35,019

seemed completely shocked and just the

214

00:09:39,749 --> 00:09:37,600

other day I think just yesterday he

215

00:09:42,090 --> 00:09:39,759

posted about a paragraph on my facebook

216

00:09:44,549 --> 00:09:42,100

to explain what he meant I guess

217

00:09:46,859 --> 00:09:44,559

something like three or four years ago

218

00:09:49,079 --> 00:09:46,869

they sat down and they had the main

219

00:09:51,989 --> 00:09:49,089

character interview him while they

220

00:09:54,030 --> 00:09:51,999

filmed the main character filming George

221

00:09:56,489 --> 00:09:54,040

Knapp you know and they film that so it

222

00:09:58,949 --> 00:09:56,499

was because it's found-footage thing so

223

00:10:00,929 --> 00:09:58,959

he said that he had forgotten completely

224

00:10:02,759 --> 00:10:00,939

about it he didn't think they were going

225

00:10:04,439 --> 00:10:02,769

to use it or the film was even going to

226

00:10:06,289 --> 00:10:04,449

get made because so many years had

227

00:10:09,179 --> 00:10:06,299

passed and this was even before

228

00:10:11,369 --> 00:10:09,189

paranormal activity so he saw you know

229

00:10:13,379 --> 00:10:11,379

since his interview with them they've

230

00:10:15,960 --> 00:10:13,389

become these big stars or and their

231

00:10:18,329 --> 00:10:15,970

movies became so huge so he didn't know

232

00:10:20,669 --> 00:10:18,339

what was going on so he only just found

233

00:10:23,699 --> 00:10:20,679

out that they used some of that footage

234

00:10:25,350 --> 00:10:23,709

a shot many many years ago in the film

235

00:10:27,210 --> 00:10:25,360

so kind of funny kind of cool that

236

00:10:29,340 --> 00:10:27,220

you'll be able to see some UFO

237

00:10:32,730 --> 00:10:29,350

researchers in this movie I haven't seen

238

00:10:35,220 --> 00:10:32,740

it yet but I do want to see it for that

239

00:10:36,859 --> 00:10:35,230

reason alone that otherwise the reviews

240

00:10:39,569 --> 00:10:36,869

our mix there's lots of people saying

241

00:10:42,780 --> 00:10:39,579

their own the guy who wrote the story

242

00:10:44,519 --> 00:10:42,790

liked the movie and so we have some

243

00:10:47,699 --> 00:10:44,529

people saying that he's full of it and

244

00:10:49,769 --> 00:10:47,709

the movie was awful but yeah you know

245

00:10:51,900 --> 00:10:49,779

that's how it goes with movies yeah well

246

00:10:54,689 --> 00:10:51,910

I'm looking forward to seeing it myself

247

00:10:57,509 --> 00:10:54,699

now Paranormal Activity was released in

248

00:10:59,460 --> 00:10:57,519

2009 No

249

00:11:03,539 --> 00:10:59,470

so this should be going way back then

250

00:11:05,670 --> 00:11:03,549

yeah said it was a long time ago yeah

251
00:11:08,309 --> 00:11:05,680
about that so

252
00:11:10,799 --> 00:11:08,319
yep you know I mean this is interesting

253
00:11:13,530 --> 00:11:10,809
but also you know keep in mind that I

254
00:11:17,040 --> 00:11:13,540
don't think anybody could sneak on area

255
00:11:21,569 --> 00:11:17,050
51 they have ground sensing you know

256
00:11:25,290 --> 00:11:21,579
alarms and that's up my fur god yeah in

257
00:11:27,900 --> 00:11:25,300
the interview George Knapp did say he

258
00:11:31,379 --> 00:11:27,910
has an idea of how to sneak on to area

259
00:11:32,939 --> 00:11:31,389
51 but he told the filmmakers in that

260
00:11:34,889 --> 00:11:32,949
interview he wouldn't tell them what

261
00:11:37,319 --> 00:11:34,899
that idea is because he doesn't want

262
00:11:38,609 --> 00:11:37,329
anybody to try it and then he'll get in

263
00:11:42,869 --> 00:11:38,619

trouble when they get caught or

264

00:11:44,970 --> 00:11:42,879

something I think that right

265

00:11:47,400 --> 00:11:44,980

doesn't seem easy yeah I don't think so

266

00:11:49,919 --> 00:11:47,410

I know I'm trying to remember his name

267

00:11:51,780 --> 00:11:49,929

he's he goes to a lot of UFO conferences

268

00:11:53,999 --> 00:11:51,790

and I got to talk to him I want to say

269

00:11:56,369 --> 00:11:54,009

Austin or something like that real fun

270

00:11:58,799 --> 00:11:56,379

guy anyway he said he just jumped over

271

00:11:59,999 --> 00:11:58,809

the line and jumped back just to say he

272

00:12:02,790 --> 00:12:00,009

could do it they got in his car and

273

00:12:05,730 --> 00:12:02,800

drove off that's funny because I did see

274

00:12:08,759 --> 00:12:05,740

a video just the other day and it says

275

00:12:10,919 --> 00:12:08,769

crossing the line at area 51 so I

276

00:12:12,629 --> 00:12:10,929

watched it and it's these guys in this

277

00:12:15,660 --> 00:12:12,639

moat and their motorcycles they go to

278

00:12:17,819 --> 00:12:15,670

the to the area where the sign is and

279

00:12:20,970 --> 00:12:17,829

they're kind of hanging out there then

280

00:12:23,129 --> 00:12:20,980

one of them goes past the sign just a

281

00:12:24,749 --> 00:12:23,139

few feet and then they all take off and

282

00:12:27,030 --> 00:12:24,759

they go as fast as they can and get out

283

00:12:29,189 --> 00:12:27,040

of there so kind of funny they weren't

284

00:12:31,650 --> 00:12:29,199

chased or anything but of course there

285

00:12:34,230 --> 00:12:31,660

are some or many people who have crossed

286

00:12:37,110 --> 00:12:34,240

the line who have gotten in trouble and

287

00:12:43,860 --> 00:12:37,120

had to spend some time in jail that's

288

00:12:45,900 --> 00:12:43,870

right it was funny guys so what else is

289

00:12:49,949 --> 00:12:45,910

going on for the news the other one is

290

00:12:53,309 --> 00:12:49,959

this a UFO inside of a building so this

291

00:12:55,619 --> 00:12:53,319

is a u.s. space walk of fame museum they

292

00:12:58,829 --> 00:12:55,629

caught on their security cameras twice

293

00:13:01,739 --> 00:12:58,839

in one week these orbs inside of their

294

00:13:03,989 --> 00:13:01,749

building and you know one of the videos

295

00:13:06,989 --> 00:13:03,999

the most impressive shows this orb

296

00:13:09,150 --> 00:13:06,999

coming off camera it moves and then it

297

00:13:11,039 --> 00:13:09,160

kind of turns around and comes back and

298

00:13:13,410 --> 00:13:11,049

then goes on screen a little for a

299

00:13:15,480 --> 00:13:13,420

little bit longer the director of the

300

00:13:17,369 --> 00:13:15,490

museum says they have ghostly activity

301
00:13:18,510 --> 00:13:17,379
there and he thinks they're mysterious

302
00:13:20,310 --> 00:13:18,520
he says the

303
00:13:22,470 --> 00:13:20,320
guy that installed their security system

304
00:13:24,990 --> 00:13:22,480
doesn't know what it is he said that

305
00:13:26,820 --> 00:13:25,000
their AC system was off so he doesn't

306
00:13:29,130 --> 00:13:26,830
think it was something blowing around

307
00:13:32,100 --> 00:13:29,140
like dust or something like that so he

308
00:13:34,320 --> 00:13:32,110
believes it to be a genuine mystery so

309
00:13:36,210 --> 00:13:34,330
it's gotten a lot of talk and a lot of

310
00:13:38,400 --> 00:13:36,220
people looking at these interesting

311
00:13:40,590 --> 00:13:38,410
videos you know I was wondering about

312
00:13:43,980 --> 00:13:40,600
that after I was on your show the other

313
00:13:47,100 --> 00:13:43,990

day whether this this place had any type

314

00:13:49,430 --> 00:13:47,110

of you know air ventilating system cause

315

00:13:52,140 --> 00:13:49,440

it's no it's sort of moved very quickly

316

00:13:55,140 --> 00:13:52,150

almost like something would move into a

317

00:13:58,020 --> 00:13:55,150

gust of wind of some type and then move

318

00:14:00,480 --> 00:13:58,030

the other way quickly but you know by

319

00:14:03,300 --> 00:14:00,490

golly could just be an orb you never

320

00:14:05,250 --> 00:14:03,310

know it could who knows and then of

321

00:14:08,910 --> 00:14:05,260

course because it's a Space Museum

322

00:14:12,030 --> 00:14:08,920

people have said maybe it's an alien but

323

00:14:13,620 --> 00:14:12,040

it's kind of more along the line of what

324

00:14:16,290 --> 00:14:13,630

the ghost hunters are kind of looking

325

00:14:18,840 --> 00:14:16,300

for but a pretty interesting video it's

326

00:14:22,650 --> 00:14:18,850

a fun video this story's getting out

327

00:14:24,090 --> 00:14:22,660

there so I definitely remember at least

328

00:14:26,580 --> 00:14:24,100

take a look and tell us what you think

329

00:14:29,280 --> 00:14:26,590

yeah you know the they're all excited

330

00:14:30,870 --> 00:14:29,290

because it's getting some press you know

331

00:14:33,240 --> 00:14:30,880

they'll probably get more visitors and

332

00:14:35,910 --> 00:14:33,250

and and all that you know realistically

333

00:14:38,010 --> 00:14:35,920

I think it's probably some type of dust

334

00:14:40,830 --> 00:14:38,020

particle they just they just need to

335

00:14:43,710 --> 00:14:40,840

figure it out and I'm sure if that's the

336

00:14:45,660 --> 00:14:43,720

case so they will see it again because

337

00:14:47,610 --> 00:14:45,670

they recently moved into this new

338

00:14:50,480 --> 00:14:47,620

building they haven't been in there that

339

00:14:53,340 --> 00:14:50,490

long so that's like it's an old building

340

00:14:55,770 --> 00:14:53,350

but they have not been in at in it that

341

00:14:57,330 --> 00:14:55,780

long and they didn't get into detail

342

00:15:01,320 --> 00:14:57,340

although maybe he's been interviewed

343

00:15:04,680 --> 00:15:01,330

again by now this is in Titusville

344

00:15:06,690 --> 00:15:04,690

Florida by the way but he do say there's

345

00:15:09,270 --> 00:15:06,700

been other you know what he believes to

346

00:15:10,860 --> 00:15:09,280

be ghostly activity in this building

347

00:15:12,390 --> 00:15:10,870

that's right and this week a little

348

00:15:14,520 --> 00:15:12,400

later on you're going to contact in the

349

00:15:16,830 --> 00:15:14,530

desert and you're speaking right that's

350

00:15:19,410 --> 00:15:16,840

right yeah this weekend I will be at

351

00:15:22,230 --> 00:15:19,420

contact in the desert at the Joshua tree

352

00:15:26,370 --> 00:15:22,240

retreat center it's kind of near 29

353

00:15:28,500 --> 00:15:26,380

palms in California so hopefully people

354

00:15:30,610 --> 00:15:28,510

will be there I'll be speaking Saturday

355

00:15:32,740 --> 00:15:30,620

night and Sunday morning

356

00:15:34,690 --> 00:15:32,750

both of these I think will be fun like

357

00:15:37,060 --> 00:15:34,700

your regular ticket will get me into my

358

00:15:41,020 --> 00:15:37,070

Saturday night lecture and that's gonna

359

00:15:42,700 --> 00:15:41,030

be about really strange et cases oh man

360

00:15:46,320 --> 00:15:42,710

and I would love for you in particular

361

00:15:50,470 --> 00:15:46,330

to see this talk sometime because I

362

00:15:52,540 --> 00:15:50,480

cover you know of course people will

363

00:15:54,190 --> 00:15:52,550

know Martin and I are on the skeptical

364

00:15:57,190 --> 00:15:54,200

end of the scale I think when it comes

365

00:16:00,390 --> 00:15:57,200

to UFOs however what I cover are

366

00:16:03,880 --> 00:16:00,400

abduction cases and alien contact cases

367

00:16:06,010 --> 00:16:03,890

that have made a real difference in how

368

00:16:08,950 --> 00:16:06,020

people think about this stuff and or

369

00:16:11,980 --> 00:16:08,960

mostly unknown are not very well known

370

00:16:13,750 --> 00:16:11,990

at all but are or are very credible like

371

00:16:16,090 --> 00:16:13,760

that happened a long time ago before

372

00:16:19,210 --> 00:16:16,100

this phenomena was even really known

373

00:16:22,300 --> 00:16:19,220

about so they're really compelling cases

374

00:16:24,160 --> 00:16:22,310

and interesting and strange and so they

375

00:16:26,530 --> 00:16:24,170

really even for the hardened skeptic

376

00:16:28,930 --> 00:16:26,540

like like us you know make you scratch

377

00:16:32,650 --> 00:16:28,940

your head so I think it's a really fun

378

00:16:34,570 --> 00:16:32,660

talk and then I've done it at the local

379

00:16:37,090 --> 00:16:34,580

MUFON and I developed it specifically

380

00:16:38,830 --> 00:16:37,100

for a crowd that's you know more into

381

00:16:40,960 --> 00:16:38,840

kind of the fringe type of stuff and

382

00:16:42,760 --> 00:16:40,970

then Sunday morning I'm kind of being

383

00:16:45,760 --> 00:16:42,770

more tight-lipped about the topic but

384

00:16:47,860 --> 00:16:45,770

it's about the absolute strangest

385

00:16:50,890 --> 00:16:47,870

abduction case I've ever been involved

386

00:16:53,650 --> 00:16:50,900

in and I'm kind of just doing a workshop

387

00:16:55,000 --> 00:16:53,660

where it's like here's what I happen to

388

00:16:57,430 --> 00:16:55,010

me what do you guys think

389

00:16:59,860 --> 00:16:57,440

am I being fooled is this a hoax and if

390

00:17:02,050 --> 00:16:59,870

so how can we account for some of these

391

00:17:04,240 --> 00:17:02,060

things that are really strange including

392

00:17:06,100 --> 00:17:04,250

some of my personal experiences attached

393

00:17:07,900 --> 00:17:06,110

to this some people who are you know

394

00:17:09,640 --> 00:17:07,910

about my research in a more

395

00:17:12,460 --> 00:17:09,650

controversial stuff I've been attached

396

00:17:16,330 --> 00:17:12,470

to will probably be able to figure out

397

00:17:19,390 --> 00:17:16,340

which case I'm talking about here so I'm

398

00:17:22,300 --> 00:17:19,400

gonna have to check that out thank you

399

00:17:25,960 --> 00:17:22,310

so much thank you so much and we'll talk

400

00:17:27,400 --> 00:17:25,970

to you next week yeah twice next week

401
00:17:30,070 --> 00:17:27,410
alright everyone hang in there we'll be

402
00:17:58,200 --> 00:17:30,080
right back after the music break with

403
00:18:02,409 --> 00:18:01,060
okay I want to apologize first of all to

404
00:18:04,900 --> 00:18:02,419
everyone seems like I've been doing that

405
00:18:07,330 --> 00:18:04,910
a few times but this time it was a

406
00:18:10,750 --> 00:18:07,340
microphone problem and this show almost

407
00:18:14,500 --> 00:18:10,760
didn't happen by about 15 seconds

408
00:18:17,890 --> 00:18:14,510
literally no joke we just got it cranked

409
00:18:21,880 --> 00:18:17,900
and just before that and luckily we got

410
00:18:25,990 --> 00:18:21,890
it fixed and so I have Leslie cane and

411
00:18:27,909 --> 00:18:26,000
Jose lei they are on Google like a

412
00:18:30,190 --> 00:18:27,919
Google Chat which I've never used that

413
00:18:36,630 --> 00:18:30,200

was another challenge but can you hear

414

00:18:42,610 --> 00:18:40,390

all right so how is the volume volume

415

00:18:44,200 --> 00:18:42,620

Martin is it okay everything seems to be

416

00:18:46,690 --> 00:18:44,210

fine in this end they'll let us know in

417

00:18:48,640 --> 00:18:46,700

the chat room also listeners just to let

418

00:18:51,880 --> 00:18:48,650

you know we're gonna allow calls tonight

419

00:18:56,380 --> 00:18:51,890

we'd like to call in that six zero three

420

00:18:58,690 --> 00:18:56,390

nine six seven four oh three oh just

421

00:19:01,720 --> 00:18:58,700

quickly wholesale a we've had him on a

422

00:19:03,990 --> 00:19:01,730

few different times I got to meet him as

423

00:19:06,730 --> 00:19:04,000

well as Leslie down in North Carolina

424

00:19:09,130 --> 00:19:06,740

two or three years ago now it is and

425

00:19:12,250 --> 00:19:09,140

Jose is the international affairs

426

00:19:14,260 --> 00:19:12,260

director of the sefa ha that's Chile's

427

00:19:16,780 --> 00:19:14,270

official agency I hope I pronounced that

428

00:19:18,700 --> 00:19:16,790

right investigating UFOs and of course

429

00:19:21,400 --> 00:19:18,710

Leslie Kane is a well known journalist

430

00:19:24,940 --> 00:19:21,410

you all know her New York Times best

431

00:19:27,880 --> 00:19:24,950

seller her great book I think is the

432

00:19:30,130 --> 00:19:27,890

book out there myself on UFOs generals

433

00:19:32,230 --> 00:19:30,140

pilots and government officials go on

434

00:19:34,720 --> 00:19:32,240

the record and they will be the guests

435

00:19:36,100 --> 00:19:34,730

and they're here right now so glad to

436

00:19:39,490 --> 00:19:36,110

have them and we're gonna be talking

437

00:19:41,320 --> 00:19:39,500

today about news story Leslie why don't

438

00:19:42,610 --> 00:19:41,330

you go into this story as you just

439

00:19:46,870 --> 00:19:42,620

published us in The Huffington Post

440

00:19:50,020 --> 00:19:46,880

recently ok well thanks a lot for having

441

00:19:52,060 --> 00:19:50,030

us on Martin and I don't know how many

442

00:19:53,830 --> 00:19:52,070

listeners have read the story but it is

443

00:19:55,630 --> 00:19:53,840

on the Huffington Post right now if

444

00:19:58,990 --> 00:19:55,640

anybody wants to log on while we're

445

00:20:02,320 --> 00:19:59,000

doing the show and it's basically about

446

00:20:04,780 --> 00:20:02,330

a case from me that the Sephiroth which

447

00:20:06,970 --> 00:20:04,790

is José's agency which is part of the

448

00:20:10,000 --> 00:20:06,980

chilean government investigated very

449

00:20:11,320 --> 00:20:10,010

very thoroughly with the help of lots of

450

00:20:13,570 --> 00:20:11,330

from people which he can tell you about

451
00:20:17,500 --> 00:20:13,580
but just to give you an overview of the

452
00:20:22,270 --> 00:20:17,510
case it took place in September of 2012

453
00:20:25,330 --> 00:20:22,280
and it took place at the Air Force War

454
00:20:29,890 --> 00:20:25,340
Academy in Santiago Chile and we refer

455
00:20:33,250 --> 00:20:29,900
to it as the agra case AGA because the

456
00:20:36,160 --> 00:20:33,260
agra AGA is the acronym as the initials

457
00:20:40,450 --> 00:20:36,170
for the Air Force War Academy which in

458
00:20:42,340 --> 00:20:40,460
Spanish is the academia de Guerra area I

459
00:20:44,830 --> 00:20:42,350
don't know if I said it right but anyway

460
00:20:46,630 --> 00:20:44,840
so the agra refers to the academy where

461
00:20:48,460 --> 00:20:46,640
it took place and basically what

462
00:20:51,850 --> 00:20:48,470
happened was there were three witnesses

463
00:20:54,850 --> 00:20:51,860

to a sighting which involved three

464

00:20:57,850 --> 00:20:54,860

different formations there was a

465

00:20:59,950 --> 00:20:57,860

sergeant involved at the academy and a

466

00:21:02,380 --> 00:20:59,960

paramedic and an emergency medical

467

00:21:06,520 --> 00:21:02,390

technician who we can refer to as the

468

00:21:08,560 --> 00:21:06,530

EMT the two paramedic and the EMT came

469

00:21:10,930 --> 00:21:08,570

to fill up their ambulance with gas at

470

00:21:12,970 --> 00:21:10,940

the academy because they have a pump

471

00:21:15,580 --> 00:21:12,980

there and the sergeant was assisting

472

00:21:18,070 --> 00:21:15,590

them and they saw these lights coming in

473

00:21:19,420 --> 00:21:18,080

over the andes mountain so which are

474

00:21:22,330 --> 00:21:19,430

very large mountains that you see

475

00:21:25,000 --> 00:21:22,340

everywhere in santiago it was nighttime

476

00:21:27,670 --> 00:21:25,010

it was early in the night about I

477

00:21:31,840 --> 00:21:27,680

believe was around 7:45 p.m. so it was

478

00:21:33,670 --> 00:21:31,850

dark and the lights basically came over

479

00:21:35,950 --> 00:21:33,680

the mountain and at first they thought

480

00:21:37,780 --> 00:21:35,960

they were helicopters but quickly

481

00:21:39,550 --> 00:21:37,790

realized especially the sergeant who had

482

00:21:41,380 --> 00:21:39,560

been in the Air Force for 27 years and

483

00:21:44,170 --> 00:21:41,390

was very experienced at dealing with

484

00:21:46,150 --> 00:21:44,180

helicopters well that's quite soon that

485

00:21:48,340 --> 00:21:46,160

they were not helicopters for one thing

486

00:21:50,530 --> 00:21:48,350

they were completely silent and the

487

00:21:51,280 --> 00:21:50,540

lights drew closer and they witnessed

488

00:21:54,550 --> 00:21:51,290

them form

489

00:21:56,500 --> 00:21:54,560

first of all of a horizontal line there

490

00:21:59,680 --> 00:21:56,510

were five lights then a triangle and

491

00:22:01,990 --> 00:21:59,690

then a circle and during this time two

492

00:22:03,460 --> 00:22:02,000

of the the paramedic and EMT actually

493

00:22:06,370 --> 00:22:03,470

pulled out their cell phones and we're

494

00:22:08,110 --> 00:22:06,380

filming them the sergeant was kind of

495

00:22:09,760 --> 00:22:08,120

running around he was very kind of

496

00:22:11,800 --> 00:22:09,770

frightened and responsible for the

497

00:22:14,950 --> 00:22:11,810

security of the base so he was he was

498

00:22:17,170 --> 00:22:14,960

calling out for the guard in the guard

499

00:22:18,970 --> 00:22:17,180

post to come out and he was just very

500

00:22:24,250 --> 00:22:18,980

alarmed by it

501
00:22:25,960 --> 00:22:24,260
and they all describe eventually there

502
00:22:27,310 --> 00:22:25,970
was a lot of interviews and we can I

503
00:22:28,510 --> 00:22:27,320
don't know how much you want me to go

504
00:22:30,900 --> 00:22:28,520
into actually what happened that's

505
00:22:33,880 --> 00:22:30,910
actually the nature of the case and then

506
00:22:35,500 --> 00:22:33,890
what happened was after it was over took

507
00:22:38,410 --> 00:22:35,510
a couple of minutes for them to witness

508
00:22:41,100 --> 00:22:38,420
these things a general came by happen to

509
00:22:44,380 --> 00:22:41,110
come by the Agra the Air Force Academy

510
00:22:45,880 --> 00:22:44,390
shortly after the event within five

511
00:22:48,880 --> 00:22:45,890
minutes he was just dropping something

512
00:22:51,040 --> 00:22:48,890
off and he was able to interview three

513
00:22:53,440 --> 00:22:51,050

witnesses and observe how absolutely

514

00:22:55,570 --> 00:22:53,450

shaken they were he said that the

515

00:22:56,860 --> 00:22:55,580

sergeant was just at was white you know

516

00:22:58,150 --> 00:22:56,870

they were they were really really

517

00:22:59,890 --> 00:22:58,160

disturbed by what they had seen

518

00:23:01,840 --> 00:22:59,900

particularly the sergeant and he was

519

00:23:03,370 --> 00:23:01,850

able to report and file a written a

520

00:23:05,680 --> 00:23:03,380

written statement about that later on

521

00:23:08,710 --> 00:23:05,690

but it was very important the fact that

522

00:23:12,490 --> 00:23:08,720

there was this very credible person who

523

00:23:14,560 --> 00:23:12,500

came by so quickly and then the director

524

00:23:16,210 --> 00:23:14,570

of the Academy was called he came over

525

00:23:17,770 --> 00:23:16,220

within fifteen minutes and so that's

526

00:23:21,910 --> 00:23:17,780

what happened the actual night of the

527

00:23:24,100 --> 00:23:21,920

event so phase two is is describing what

528

00:23:26,260 --> 00:23:24,110

happened during the investigation well

529

00:23:30,190 --> 00:23:26,270

we got plenty of time on the show here

530

00:23:32,110 --> 00:23:30,200

so uh Jose when did this first get

531

00:24:13,030 --> 00:23:32,120

reported to you when did you first hear

532

00:24:14,860 --> 00:24:13,040

about it and the one thing for the

533

00:24:18,820 --> 00:24:14,870

listener that hasn't heard this before

534

00:24:21,010 --> 00:24:18,830

this aha if I'm pronouncing that right I

535

00:24:24,340 --> 00:24:21,020

know it's something like that is an

536

00:24:26,380 --> 00:24:24,350

amazing government agency and why don't

537

00:24:27,850 --> 00:24:26,390

you explain a little bit more about that

538

00:24:29,860 --> 00:24:27,860

I know we've talked about it here a

539

00:24:31,960 --> 00:24:29,870

number of times but you know we have new

540

00:24:32,770 --> 00:24:31,970

listeners coming in all the time so if

541

00:24:35,560 --> 00:24:32,780

you wouldn't mind

542

00:28:39,840 --> 00:24:35,570

telling us what the government agency is

543

00:28:45,990 --> 00:28:43,110

and I think it's absolute

544

00:28:48,840 --> 00:28:46,000

wonderful example and hopefully other

545

00:28:50,940 --> 00:28:48,850

countries will fall Leslie you have

546

00:28:54,360 --> 00:28:50,950

really advocated for this to happen

547

00:28:56,880 --> 00:28:54,370

other countries to follow in the

548

00:28:59,010 --> 00:28:56,890

footsteps basically of Chile can you

549

00:29:02,430 --> 00:28:59,020

talk a little bit about that have you

550

00:29:08,549 --> 00:29:02,440

made any progress by exposing what they

551
00:29:10,680 --> 00:29:08,559
do to other countries I just want to

552
00:29:18,000 --> 00:29:10,690
clarify one thing first when Jose was

553
00:29:20,760 --> 00:29:18,010
referring to the DGA sea is the

554
00:29:23,040 --> 00:29:20,770
Department of Civil Aeronautics in Chile

555
00:29:25,590 --> 00:29:23,050
just to give people that clarity which

556
00:29:27,419 --> 00:29:25,600
is underneath the super underneath the

557
00:29:30,330 --> 00:29:27,429
purview of the Air Force so it's within

558
00:29:32,790 --> 00:29:30,340
the Air Force it's kind of like RFA so

559
00:29:36,450 --> 00:29:32,800
the sefa I was basically a department

560
00:29:38,810 --> 00:29:36,460
within the equivalent of the FAA here so

561
00:29:42,150 --> 00:29:38,820
so to answer your question about I

562
00:29:43,890 --> 00:29:42,160
definitely have been you know one of the

563
00:29:46,770 --> 00:29:43,900

reasons I feel that it's so important to

564

00:29:49,440 --> 00:29:46,780

make the work of the Sephiroth known is

565

00:29:52,020 --> 00:29:49,450

because I do feel that they are set such

566

00:29:55,590 --> 00:29:52,030

a good example for the world in terms of

567

00:29:58,350 --> 00:29:55,600

how an agency can operate very

568

00:30:01,320 --> 00:29:58,360

efficiently and get a lot of work done

569

00:30:04,020 --> 00:30:01,330

and do great investigations with all the

570

00:30:08,130 --> 00:30:04,030

resources available to them without it

571

00:30:11,760 --> 00:30:08,140

costing a lot and it's just they do it

572

00:30:14,549 --> 00:30:11,770

beautifully and seamlessly there and so

573

00:30:17,040 --> 00:30:14,559

I have the work that I do behind the

574

00:30:18,600 --> 00:30:17,050

scenes in Washington and I it's very

575

00:30:21,720 --> 00:30:18,610

very difficult when you say if I made

576

00:30:25,320 --> 00:30:21,730

any progress I would say some progress

577

00:30:28,350 --> 00:30:25,330

but it's really really slow and there

578

00:30:31,169 --> 00:30:28,360

are certain people that are interested

579

00:30:32,669 --> 00:30:31,179

in this who I can inform about things

580

00:30:34,980 --> 00:30:32,679

that go on and one of the important

581

00:30:38,580 --> 00:30:34,990

components of that is the work of the

582

00:30:41,760 --> 00:30:38,590

Chilean government but making progress

583

00:30:43,560 --> 00:30:41,770

in Washington is not an easy job so I

584

00:30:45,930 --> 00:30:43,570

can't really I don't know if I can

585

00:30:49,230 --> 00:30:45,940

describe it as progress except on a

586

00:30:51,120 --> 00:30:49,240

smaller scale but you never know when a

587

00:30:53,700 --> 00:30:51,130

break will come you never know when that

588

00:30:56,460 --> 00:30:53,710

moment will come where something can

589

00:30:58,530 --> 00:30:56,470

give and it's just a matter of

590

00:31:01,260 --> 00:30:58,540

for the people involved who really do

591

00:31:05,070 --> 00:31:01,270

want to support this effort that I'm

592

00:31:07,170 --> 00:31:05,080

making for them it's they only can do

593

00:31:08,940 --> 00:31:07,180

what they can do given all the

594

00:31:11,880 --> 00:31:08,950

circumstances that they're involved with

595

00:31:13,740 --> 00:31:11,890

and so it's really so much of it as a

596

00:31:16,650 --> 00:31:13,750

matter of timing and the positioning of

597

00:31:18,240 --> 00:31:16,660

various people and you know it can have

598

00:31:20,670 --> 00:31:18,250

it will happen when it can happen but

599

00:31:23,460 --> 00:31:20,680

there's so many factors that affect it

600

00:31:25,320 --> 00:31:23,470

right so that's just we just have to be

601
00:31:28,200 --> 00:31:25,330
very very patient but I do say but I

602
00:31:31,170 --> 00:31:28,210
can't emphasize enough the more that

603
00:31:34,710 --> 00:31:31,180
people can learn about how agencies like

604
00:31:38,450 --> 00:31:34,720
the one in Chile operate world I think

605
00:31:40,410 --> 00:31:38,460
the better informed we all are to

606
00:31:42,480 --> 00:31:40,420
hopefully have something like that

607
00:31:45,840 --> 00:31:42,490
happen here when the time is right for

608
00:31:48,110 --> 00:31:45,850
that right and you know you being

609
00:31:51,540 --> 00:31:48,120
patient and thorough

610
00:31:53,880 --> 00:31:51,550
I'm sure means a lot to the people that

611
00:31:56,310 --> 00:31:53,890
you're quietly dealing with but what

612
00:31:58,350 --> 00:31:56,320
happens when something you know fringy

613
00:32:00,870 --> 00:31:58,360

makes the news I'm not going to we all

614

00:32:03,720 --> 00:32:00,880

know what happened recently but how does

615

00:32:05,970 --> 00:32:03,730

that how do these things set you do they

616

00:32:08,880 --> 00:32:05,980

set you back or do you just immediately

617

00:32:11,040 --> 00:32:08,890

address it with the people involved that

618

00:32:14,670 --> 00:32:11,050

you're talking to and just say you know

619

00:32:16,650 --> 00:32:14,680

this is you know crazy we understand you

620

00:32:18,960 --> 00:32:16,660

know there's some most people in this

621

00:32:20,370 --> 00:32:18,970

field are not thinking in this manner or

622

00:32:25,530 --> 00:32:20,380

something like that how do you address

623

00:32:27,240 --> 00:32:25,540

that or do you it's just not necessary

624

00:32:29,190 --> 00:32:27,250

Martin because the people at the higher

625

00:32:31,470 --> 00:32:29,200

levels in Washington that are interested

626

00:32:33,270 --> 00:32:31,480

in this do not pay any attention to the

627

00:32:35,340 --> 00:32:33,280

kind of shenanigans that go on I mean

628

00:32:37,700 --> 00:32:35,350

it's just it's not on the radar screen

629

00:32:41,610 --> 00:32:37,710

and if it does come up as a little blip

630

00:32:43,680 --> 00:32:41,620

they know it's so obvious and so clear

631

00:32:52,650 --> 00:32:43,690

but it's not necessary for me to explain

632

00:32:55,740 --> 00:32:52,660

anything to them I see and now what

633

00:32:57,450 --> 00:32:55,750

about other governments I mean yeah yeah

634

00:33:00,270 --> 00:32:57,460

no no do you want to elaborate more than

635

00:33:02,070 --> 00:33:00,280

that that's fine I'm just gonna say I

636

00:33:04,470 --> 00:33:02,080

mean it's unfortunate when these things

637

00:33:06,840 --> 00:33:04,480

happen I certainly don't think it's you

638

00:33:08,160 --> 00:33:06,850

know it's it's definitely an unfortunate

639

00:33:12,270 --> 00:33:08,170

thing

640

00:33:14,220 --> 00:33:12,280

and but I think that so much of what I'm

641

00:33:18,720 --> 00:33:14,230

doing is sort of outside of the whole

642

00:33:20,430 --> 00:33:18,730

realm of the UFO UFO og world that

643

00:33:22,260 --> 00:33:20,440

whatever goes on in that sort of

644

00:33:25,860 --> 00:33:22,270

self-contained world I don't think is

645

00:33:30,210 --> 00:33:25,870

really significant for for this bigger

646

00:33:32,220 --> 00:33:30,220

picture that I mean it just doesn't

647

00:33:36,360 --> 00:33:32,230

impact the world the work that I do very

648

00:33:38,280 --> 00:33:36,370

much and the more sophisticated people

649

00:33:40,380 --> 00:33:38,290

can see through it that's the thing I

650

00:33:43,320 --> 00:33:40,390

mean the more sophisticated people who

651
00:33:45,480 --> 00:33:43,330
are outside of the UFO world and the

652
00:33:47,640 --> 00:33:45,490
mythology world can see right through it

653
00:33:49,200 --> 00:33:47,650
so it just doesn't have much effect I

654
00:33:51,630 --> 00:33:49,210
think it has much more of an effect

655
00:33:53,100 --> 00:33:51,640
within the self-contained world that you

656
00:33:55,680 --> 00:33:53,110
follow just have created for themselves

657
00:33:59,640 --> 00:33:55,690
than it does for those working outside

658
00:34:00,870 --> 00:33:59,650
of that mm-hmm you hear a lot a lot of

659
00:34:05,070 --> 00:34:00,880
times you hear that we need to drain the

660
00:34:07,470 --> 00:34:05,080
swamp saying a lot but I just want to

661
00:34:09,870 --> 00:34:07,480
tell the listener out there if you'd

662
00:34:12,419 --> 00:34:09,880
like to call in you can call in and ask

663
00:34:15,630 --> 00:34:12,429

Leslie or a Jose a question and that

664

00:34:18,870 --> 00:34:15,640

phone number is six zero three nine six

665

00:34:22,639 --> 00:34:18,880

seven four row three oh we have a

666

00:34:24,720 --> 00:34:22,649

question up on the message board where

667

00:34:27,090 --> 00:34:24,730

someone wants to know after you

668

00:34:28,290 --> 00:34:27,100

published your book generals pilots and

669

00:34:31,139 --> 00:34:28,300

government officials go on the record

670

00:34:33,540 --> 00:34:31,149

have you gotten a lot of new stories

671

00:34:43,139 --> 00:34:33,550

from credible military personnel since

672

00:34:45,419 --> 00:34:43,149

that time from Chile so I've got some

673

00:34:47,460 --> 00:34:45,429

very interesting stories from from Chile

674

00:34:49,260 --> 00:34:47,470

that I've actually published on The

675

00:34:50,700 --> 00:34:49,270

Huffington Post so I would encourage

676
00:34:53,100 --> 00:34:50,710
that person to just go to The Huffington

677
00:34:55,110 --> 00:34:53,110
Post website and search my name and

678
00:34:57,030 --> 00:34:55,120
you'll find those stories and really

679
00:34:59,910 --> 00:34:57,040
since the book came out my main interest

680
00:35:02,430 --> 00:34:59,920
has been to observe and learn more about

681
00:35:04,770 --> 00:35:02,440
the work of the the French agency and

682
00:35:06,300 --> 00:35:04,780
the Chilean agency those two those two

683
00:35:10,950 --> 00:35:06,310
areas and there have been some great

684
00:35:12,960 --> 00:35:10,960
cases that have come from those I'm not

685
00:35:14,910 --> 00:35:12,970
sure I is going to be able to stay on

686
00:35:16,620 --> 00:35:14,920
too late tonight so I'm hoping we can

687
00:35:18,810 --> 00:35:16,630
maybe turn the floor over to him a

688
00:35:21,960 --> 00:35:18,820

little bit more okay I can we stay on

689

00:35:25,260 --> 00:35:21,970

later okay sure

690

00:35:26,720 --> 00:35:25,270

josè have you just just throwing this

691

00:35:29,640 --> 00:35:26,730

question out of my hat here have you

692

00:35:32,570 --> 00:35:29,650

have you or your agency I should say

693

00:35:35,520 --> 00:35:32,580

worked with other government agencies or

694

00:38:58,410 --> 00:35:35,530

consulted with them about how to

695

00:39:02,910 --> 00:38:58,420

approach what you're doing hang on did

696

00:39:04,440 --> 00:39:02,920

you hear the caller I wondered if that

697

00:39:07,339 --> 00:39:04,450

might happen that's kind of why I wan to

698

00:39:10,920 --> 00:39:07,349

test this the caller wanted to know if

699

00:39:12,839 --> 00:39:10,930

you and Thank You caller I'm going to

700

00:39:17,730 --> 00:39:12,849

I'm going to let you go now Thank You

701

00:39:20,730 --> 00:39:17,740

Philip let's see the caller wanted to

702

00:39:23,130 --> 00:39:20,740

know if you've had any talks or anything

703

00:39:27,060 --> 00:39:23,140

with a Chinese group it's supposed to be

704

00:39:29,910 --> 00:39:27,070

a very large UFO involved group in China

705

00:39:31,950 --> 00:39:29,920

and he was wondering an association of

706

00:41:39,300 --> 00:39:31,960

some kind if you've had any interaction

707

00:42:39,730 --> 00:41:44,760

outside of that well I have to ask you

708

00:42:41,410 --> 00:42:39,740

why you take that position sure I you

709

00:42:43,810 --> 00:42:41,420

know I understand all that I just wanted

710

00:42:47,349 --> 00:42:43,820

to hear what you have to say now there's

711

00:42:50,950 --> 00:42:47,359

a message up on the message board asking

712

00:42:55,060 --> 00:42:50,960

if Chile thinks they are actually

713

00:42:58,750 --> 00:42:55,070

dealing with craft from offworld and if

714

00:43:00,550 --> 00:42:58,760

so how do they make the findings I'm

715

00:43:59,920 --> 00:43:00,560

sorry let me try to read that again how

716

00:44:04,089 --> 00:43:59,930

do they make their findings so I guess

717

00:44:05,980 --> 00:44:04,099

I'll rephrase the question in a little

718

00:44:09,790 --> 00:44:05,990

bit of a different way has there been

719

00:44:14,070 --> 00:44:09,800

any situation where sefa ha has just

720

00:44:16,570 --> 00:44:14,080

said this has to be or most likely

721

00:44:19,839 --> 00:44:16,580

that's well I guess it goes back to

722

00:44:22,089 --> 00:44:19,849

speculating but like the French report

723

00:44:25,810 --> 00:44:22,099

the Clamato report that initially got

724

00:44:28,060 --> 00:44:25,820

Leslie interested in this topic you know

725

00:44:29,980 --> 00:44:28,070

they one of the the best theory that

726

00:45:40,780 --> 00:44:29,990

they had hypothesis that they had of

727

00:45:45,190 --> 00:45:40,790

this situation is a situation no no I

728

00:45:49,240 --> 00:45:45,200

think now I'm gonna go on a wild topic

729

00:45:53,490 --> 00:45:49,250

but semi-related or associated I should

730

00:46:09,359 --> 00:45:53,500

say has this agency ever looked into

731

00:46:22,389 --> 00:46:19,389

the answer is a big no they're not

732

00:47:45,129 --> 00:46:22,399

associated with that at all that's what

733

00:47:47,559 --> 00:47:45,139

I wanted to know okay so let me ask you

734

00:47:51,219 --> 00:47:47,569

this question is well well we're on a

735

00:47:53,139 --> 00:47:51,229

similar topic or has the Chilean

736

00:47:56,679 --> 00:47:53,149

government ever looked into some of the

737

00:47:58,779 --> 00:47:56,689

major cases that have happened reported

738

00:48:04,720 --> 00:47:58,789

that have happened in different

739

00:48:35,920 --> 00:48:04,730

countries or do they know

740

00:48:38,460 --> 00:48:35,930

the reason I make an adjustment here

741

00:49:16,740 --> 00:48:38,470

it's gonna make some noise hang on and

742

00:50:25,530 --> 00:49:16,750

okay go ahead and slowly but surely

743

00:50:32,410 --> 00:50:28,330

because of because of the government

744

00:50:34,420 --> 00:50:32,420

because of this agency so the the

745

00:50:36,100 --> 00:50:34,430

question I had and the reason I had the

746

00:50:38,410 --> 00:50:36,110

question was like for instance you hear

747

00:50:41,260 --> 00:50:38,420

a lot of things happening in Brazil

748

00:50:43,960 --> 00:50:41,270

which is a neighboring country and I've

749

00:50:46,150 --> 00:50:43,970

just wondered if you is it seems to me

750

00:50:47,620 --> 00:50:46,160

that you could be teachable by certain

751
00:50:49,630 --> 00:50:47,630
things that happened or you could learn

752
00:50:51,880 --> 00:50:49,640
something and I just wondered if you

753
00:52:38,549 --> 00:50:51,890
ever pay attention to what's happening

754
00:52:44,289 --> 00:52:42,789
yes now there's a message up on the

755
00:52:47,230 --> 00:52:44,299
message board that'll ask you in just a

756
00:52:50,410 --> 00:52:47,240
second but so I'm gonna ask you this a

757
00:52:53,799 --> 00:52:50,420
little bit of a fringy question and that

758
00:52:55,660 --> 00:52:53,809
is has anyone ever reported that you're

759
00:52:58,329 --> 00:52:55,670
aware of that they saw any type of

760
00:53:01,059 --> 00:52:58,339
beings in these crafts or on these

761
00:53:03,579 --> 00:53:01,069
crafts are on the ground or has has

762
00:53:11,319 --> 00:53:03,589
beings ever come into any of the reports

763
00:53:14,680 --> 00:53:11,329

that you have looked at seriously well

764

00:53:17,229 --> 00:53:14,690

that was a quick answer okay

765

00:53:19,569 --> 00:53:17,239

so Jose we have a few minutes left here

766

00:53:21,970 --> 00:53:19,579

for the first hour and then we take a

767

00:53:24,640 --> 00:53:21,980

real quick music break and jump into the

768

00:53:26,799 --> 00:53:24,650

second hour so the question to you is do

769

00:53:30,870 --> 00:53:26,809

you want to hang out for the second hour

770

00:53:38,019 --> 00:53:30,880

of the show or a little bit of it or are

771

00:53:40,539 --> 00:53:38,029

you late that's that's really nice yeah

772

00:53:43,059 --> 00:53:40,549

and just to let the listener know poor

773

00:53:44,229 --> 00:53:43,069

Jose has been very sick and he still

774

00:53:46,569 --> 00:53:44,239

wanted to go through with this show

775

00:53:49,479 --> 00:53:46,579

tonight so you'll have to apologize him

776

00:53:53,589 --> 00:53:49,489

for giving a cop here and there okay

777

00:53:56,079 --> 00:53:53,599

up on the message board Shane wants to

778

00:53:59,799 --> 00:53:56,089

know what are your group's findings in

779

00:54:02,370 --> 00:53:59,809

general at this point and I don't know

780

00:54:03,759 --> 00:54:02,380

if I should word that better for you

781

00:54:06,430 --> 00:54:03,769

Jose

782

00:54:09,190 --> 00:54:06,440

let's just say what is the overall

783

00:54:18,979 --> 00:54:09,200

findings of the group since this has

784

00:54:29,390 --> 00:54:26,640

you think of a way to know what is the

785

00:54:34,769 --> 00:54:29,400

sort of conclusion or the position that

786

00:56:10,109 --> 00:54:34,779

has regarding the work that you've done

787

00:56:11,940 --> 00:56:10,119

you know what is your I was in thank you

788

00:56:14,969 --> 00:56:11,950

for that I was in an office yesterday

789

00:56:17,729 --> 00:56:14,979

and there was this older gentleman that

790

00:56:21,059 --> 00:56:17,739

was in marketing and like a Harvard

791

00:56:23,039 --> 00:56:21,069

Graduate type of gentleman and and I

792

00:56:25,620 --> 00:56:23,049

said oh I have to do recording on a show

793

00:56:29,609 --> 00:56:25,630

I was recording with Alejandro

794

00:56:31,859 --> 00:56:29,619

rojas for his show and so he asked me

795

00:56:35,099 --> 00:56:31,869

well would you do the show on and I said

796

00:56:38,430 --> 00:56:35,109

UFOs and he looked at me with this look

797

00:56:40,340 --> 00:56:38,440

like I was out of my mind and so I just

798

00:56:42,780 --> 00:56:40,350

looked at him and I said you know the

799

00:56:45,180 --> 00:56:42,790

something is happening and I'm not going

800

00:56:48,870 --> 00:56:45,190

to say that I know what is happening but

801
00:56:51,540 --> 00:56:48,880
it's a curious situation and something

802
00:56:55,890 --> 00:56:51,550
to look into and you know that's kind of

803
00:56:58,020 --> 00:56:55,900
my answer to someone that wants to think

804
00:56:59,540 --> 00:56:58,030
this is a total French thing that

805
00:57:02,940 --> 00:56:59,550
something is definitely happening

806
00:57:05,820 --> 00:57:02,950
because all of these people cannot be

807
00:57:07,500 --> 00:57:05,830
seeing something that is not existing

808
00:57:12,750 --> 00:57:07,510
you know it's just an impossibility

809
00:58:27,050 --> 00:57:12,760
that's right yeah yep so we're ready to

810
00:58:34,440 --> 00:58:30,450
welcome back were on the line with Jose

811
00:58:38,010 --> 00:58:34,450
lay down in Chile and also Leslie cane

812
00:58:41,610 --> 00:58:38,020
in New York and we are talking in this

813
00:58:42,750 --> 00:58:41,620

hour continuing on and I believe I had a

814

00:58:47,370 --> 00:58:42,760

question up here

815

00:58:50,970 --> 00:58:47,380

yes this question is for you Jose as are

816

00:58:54,720 --> 00:58:50,980

there any cases in the Chilean cases

817

00:59:15,500 --> 00:58:54,730

that have actual physical evidence like

818

01:00:26,600 --> 01:00:16,230

oh I was just the description of a

819

01:00:35,190 --> 01:00:26,610

landing that is nothing whatsoever just

820

01:00:36,890 --> 01:00:35,200

fly by change of directions change of

821

01:01:21,359 --> 01:00:36,900

direction

822

01:01:24,450 --> 01:01:21,369

a number of those tapes with subtitles

823

01:01:26,339 --> 01:01:24,460

put on them so you can actually hear the

824

01:01:27,960 --> 01:01:26,349

exchange between the pilots and the

825

01:01:29,510 --> 01:01:27,970

ground there really and you can hear the

826

01:01:31,980 --> 01:01:29,520

pilots describing what they're seeing

827

01:01:34,740 --> 01:01:31,990

these are really interesting I just want

828

01:01:36,839 --> 01:01:34,750

to add to the evidence even though they

829

01:01:38,460 --> 01:01:36,849

don't have ground traces in terms of

830

01:01:39,990 --> 01:01:38,470

physical evidence they do have a number

831

01:01:43,349 --> 01:01:40,000

of cases with very interesting

832

01:01:44,790 --> 01:01:43,359

photographs and they also have radar so

833

01:01:46,410 --> 01:01:44,800

although that's not really physical

834

01:01:48,690 --> 01:01:46,420

evidence in the sense that the question

835

01:01:51,359 --> 01:01:48,700

are meant it it's still very sort of

836

01:01:53,849 --> 01:01:51,369

concrete hard evidence showing the

837

01:01:56,069 --> 01:01:53,859

physicality of the object and they've

838

01:01:57,540 --> 01:01:56,079

done some really great photo analysis

839

01:01:58,170 --> 01:01:57,550

they have some great experts that do

840

01:02:01,470 --> 01:01:58,180

photo

841

01:02:02,970 --> 01:02:01,480

annal analyzing for them and for

842

01:02:05,550 --> 01:02:02,980

instance this AGGA case that we just

843

01:02:07,770 --> 01:02:05,560

been talking about has has video and

844

01:02:09,480 --> 01:02:07,780

there's other cases that have video and

845

01:02:11,040 --> 01:02:09,490

there's some cases that are still

846

01:02:13,890 --> 01:02:11,050

photographs and those are really really

847

01:02:16,380 --> 01:02:13,900

important because they're so well vetted

848

01:02:19,200 --> 01:02:16,390

they're not just like something you find

849

01:02:21,210 --> 01:02:19,210

on YouTube you know these are cases

850

01:02:22,800 --> 01:02:21,220

where they vetted the witnesses they

851
01:02:25,559 --> 01:02:22,810
know who took the photographs they're

852
01:02:27,240 --> 01:02:25,569
turned over immediately they know

853
01:02:29,640 --> 01:02:27,250
everything about their chain of custody

854
01:02:31,589 --> 01:02:29,650
and how they were created and and

855
01:02:33,300 --> 01:02:31,599
they're usually involving very very

856
01:02:37,440 --> 01:02:33,310
credible people and then of course they

857
01:02:40,290 --> 01:02:37,450
have their analysts do in bail in-depth

858
01:02:42,030 --> 01:02:40,300
studies of the photo so their I value

859
01:02:42,599 --> 01:02:42,040
the photos a lot that come out of the so

860
01:02:50,460 --> 01:02:42,609
far

861
01:02:54,450 --> 01:02:50,470
case is historic cases

862
01:02:57,510 --> 01:02:54,460
there's one you just mentioned with have

863
01:04:45,829 --> 01:02:57,520

you gone back further two cases that

864

01:04:59,910 --> 01:04:53,540

crazy or something like that something

865

01:05:03,030 --> 01:04:59,920

extremely unusual and this I call it is

866

01:05:33,299 --> 01:05:03,040

for us he's a member of our committee

867

01:05:36,030 --> 01:05:33,309

and the army now Leslie when did you

868

01:05:39,059 --> 01:05:36,040

first get in contact with the Chilean

869

01:05:43,380 --> 01:05:39,069

this office or did they reach out to you

870

01:05:45,210 --> 01:05:43,390

because of your book it was actually

871

01:05:46,859 --> 01:05:45,220

when I was writing my book I've had some

872

01:05:48,539 --> 01:05:46,869

contact with the office prior to that

873

01:05:50,250 --> 01:05:48,549

though because four years before doing

874

01:05:52,670 --> 01:05:50,260

my book I was very interested in

875

01:05:56,250 --> 01:05:52,680

connecting you know making contact with

876

01:05:57,900 --> 01:05:56,260

government agencies and and I had done a

877

01:06:01,440 --> 01:05:57,910

couple of interviews with general

878

01:06:04,890 --> 01:06:01,450

Bermudez over the years before my book

879

01:06:07,470 --> 01:06:04,900

and then when I actually was writing the

880

01:06:09,359 --> 01:06:07,480

book I invited him to write a chapter

881

01:06:11,880 --> 01:06:09,369

and of course general Bermudez being the

882

01:06:15,839 --> 01:06:11,890

director of the Sephiroth so he wrote a

883

01:06:18,809 --> 01:06:15,849

chapter for the book and then when there

884

01:06:21,539 --> 01:06:18,819

was a case called el Bosque which was

885

01:06:24,289 --> 01:06:21,549

the first case I reported on after the

886

01:06:31,109 --> 01:06:24,299

book came out from the chilean agency

887

01:06:36,180 --> 01:06:31,119

and i think that was in maybe 2011 when

888

01:06:37,470 --> 01:06:36,190

that case was about three three or four

889

01:06:38,880 --> 01:06:37,480

you know between three and three and a

890

01:06:42,539 --> 01:06:38,890

half years ago it was when I really

891

01:06:44,220 --> 01:06:42,549

became more involved and that and that

892

01:06:45,750 --> 01:06:44,230

was when I was reporting on that first

893

01:06:47,490 --> 01:06:45,760

case which I wrote a number of articles

894

01:06:49,440 --> 01:06:47,500

about the nothing post it was quite

895

01:06:51,359 --> 01:06:49,450

controversial but and that was the case

896

01:07:10,620 --> 01:06:51,369

that involved some video that was taken

897

01:07:43,979 --> 01:07:41,180

kept on the inside what's going on okay

898

01:07:47,039 --> 01:07:43,989

Leslie for some reason there's some

899

01:07:53,099 --> 01:07:47,049

major static someone on the message

900

01:07:57,539 --> 01:07:53,109

board just said it was en si and it just

901
01:08:00,630 --> 01:07:57,549
seems to Leslie I'm gonna have to ask

902
01:08:03,269 --> 01:08:00,640
you to hang up and then try to reconnect

903
01:08:05,670 --> 01:08:03,279
with a however you just did it earlier

904
01:08:09,719 --> 01:08:05,680
and see if we can fix that issue real

905
01:08:14,390 --> 01:08:09,729
quickly if you don't mind okay just just

906
01:08:21,510 --> 01:08:14,400
wait a minute it seems to be working now

907
01:08:27,450 --> 01:08:21,520
okay it just okay no sorry about that

908
01:08:28,829 --> 01:08:27,460
okay no it's a really very very strange

909
01:08:33,570 --> 01:08:28,839
sound I'm sure all the listeners thought

910
01:08:35,189 --> 01:08:33,580
the same thing it sounded very we heard

911
01:08:37,439 --> 01:08:35,199
most of what you just said but it

912
01:08:39,030 --> 01:08:37,449
sounded very alien like and I am joking

913
01:08:43,470 --> 01:08:39,040

yes okay

914

01:08:48,180 --> 01:08:43,480

Leslie is it true someone just moved

915

01:08:49,289 --> 01:08:48,190

that message hang on all right okay I'm

916

01:08:52,109 --> 01:08:49,299

sorry

917

01:08:54,899 --> 01:08:52,119

whenever any time someone puts a message

918

01:08:58,109 --> 01:08:54,909

in you lose the message above and I I

919

01:09:01,490 --> 01:08:58,119

had a question for you directly and so

920

01:09:06,120 --> 01:09:01,500

while I'm trying to get that sorted out

921

01:09:10,439 --> 01:09:06,130

what was the case that initially got

922

01:09:12,390 --> 01:09:10,449

this got sefa in gear was there a

923

01:09:15,660 --> 01:09:12,400

certain case that happened out of

924

01:09:20,680 --> 01:09:15,670

nowhere that all of a sudden the agency

925

01:09:28,910 --> 01:09:23,890

Jose I think that's a question for Jose

926

01:11:03,940 --> 01:09:28,920

the case Jose that more about that

927

01:12:19,160 --> 01:11:26,210

was asking about conversation that went

928

01:12:23,629 --> 01:12:21,109

we had a call or just tried to call in

929

01:12:25,490 --> 01:12:23,639

and I excuse me I'm working off two

930

01:12:27,169 --> 01:12:25,500

computers missed you so caller if you'd

931

01:12:28,839 --> 01:12:27,179

like to try again I'll try to catch you

932

01:12:33,859 --> 01:12:28,849

this time

933

01:12:36,049 --> 01:12:33,869

so Leslie did I see I'm just going to

934

01:12:36,589 --> 01:12:36,059

change change tracks here just for a

935

01:12:41,180 --> 01:12:36,599

second

936

01:12:49,729 --> 01:12:41,190

did I see someone write a book about

937

01:12:54,770 --> 01:12:49,739

your work Martin maybe it was an article

938

01:12:58,490 --> 01:12:54,780

about your work recently no recently

939

01:13:02,060 --> 01:12:58,500

yeah very recently with Michael someone

940

01:13:05,990 --> 01:13:02,070

announced something something they were

941

01:13:09,080 --> 01:13:06,000

writing about you and you're not aware

942

01:13:11,750 --> 01:13:09,090

of that it's possible no maybe it's

943

01:13:13,339 --> 01:13:11,760

something I don't know about okay now I

944

01:13:15,589 --> 01:13:13,349

actually got an announcement through an

945

01:13:18,260 --> 01:13:15,599

email so I'm gonna take a look after the

946

01:13:20,060 --> 01:13:18,270

show tonight and send that to you

947

01:13:23,240 --> 01:13:20,070

because maybe it's being done without

948

01:13:25,939 --> 01:13:23,250

you wanting it to be done but it looked

949

01:13:28,160 --> 01:13:25,949

like it was yeah it looked like it was

950

01:13:41,359 --> 01:13:28,170

something positive though I will put put

951

01:13:41,369 --> 01:13:56,949

perhaps it was some sort of I think

952

01:14:02,839 --> 01:13:59,869

there was an e-book that was published a

953

01:14:05,839 --> 01:14:02,849

couple of months ago and it's on Amazon

954

01:14:08,629 --> 01:14:05,849

it's called Oh unknown skies is what

955

01:14:12,529 --> 01:14:08,639

it's called maybe that it was it sounds

956

01:14:14,540 --> 01:14:12,539

it's it's something that a man named

957

01:14:16,850 --> 01:14:14,550

Steve DiNozzo who is basically an

958

01:14:22,159 --> 01:14:16,860

interview with me that was consolidated

959

01:14:22,909 --> 01:14:22,169

into a book that he put together that's

960

01:14:28,009 --> 01:14:22,919

exactly it

961

01:14:30,830 --> 01:14:28,019

I know sure okay yeah I just spaced it

962

01:14:33,770 --> 01:14:30,840

out i spaced it out he can barely speak

963

01:14:39,560 --> 01:14:33,780

English as a second language and he

964

01:14:41,060 --> 01:14:39,570

cracked it yeah yeah about that I do at

965

01:14:43,399 --> 01:14:41,070

the time lots of time I'll tell you that

966

01:14:45,949 --> 01:14:43,409

but I was really pleased with that

967

01:14:50,659 --> 01:14:45,959

because it sort of gives them more

968

01:14:52,850 --> 01:14:50,669

up-to-date perspective from me from you

969

01:14:55,580 --> 01:14:52,860

know what I have to say since the time

970

01:14:57,409 --> 01:14:55,590

my book came out and I think he was the

971

01:14:59,149 --> 01:14:57,419

person to put it together just wanted to

972

01:15:00,619 --> 01:14:59,159

sort of bring it up to date and talk

973

01:15:03,229 --> 01:15:00,629

about some of the work I've been doing

974

01:15:04,879 --> 01:15:03,239

the last couple of years and get my

975

01:15:06,469 --> 01:15:04,889

current thoughts about various things so

976

01:15:08,689 --> 01:15:06,479

that's what that ebook is it's really

977

01:15:11,810 --> 01:15:08,699

inexpensive too if anybody wants to go

978

01:15:14,509 --> 01:15:11,820

on Amazon and check it out uh-huh now

979

01:15:17,839 --> 01:15:14,519

Leslie do you have something else in the

980

01:15:24,409 --> 01:15:17,849

works or thoughts of something more in

981

01:15:27,469 --> 01:15:24,419

the future as far as this topic goes in

982

01:15:29,719 --> 01:15:27,479

terms of this topic I don't really have

983

01:15:32,149 --> 01:15:29,729

much I mean my ultimate goal is of

984

01:15:34,339 --> 01:15:32,159

course to try to bring the United States

985

01:15:36,379 --> 01:15:34,349

government around to the right position

986

01:15:38,929 --> 01:15:36,389

on this issue and I'm not going to stop

987

01:15:41,449 --> 01:15:38,939

working on that it's just as I said

988

01:15:43,580 --> 01:15:41,459

earlier you have to be very patient and

989

01:15:46,729 --> 01:15:43,590

take your take your moments when they

990

01:15:49,729 --> 01:15:46,739

come around I mean I want to continue to

991

01:15:50,869 --> 01:15:49,739

work with the material coming from

992

01:15:54,020 --> 01:15:50,879

Assefa oh there's another really

993

01:15:55,189 --> 01:15:54,030

fantastic case that the sefa has on the

994

01:16:02,990 --> 01:15:55,199

under burner now

995

01:16:05,470 --> 01:16:03,000

we can't talk about yet it's can't wait

996

01:16:08,030 --> 01:16:05,480

until I can report on that one and

997

01:16:09,740 --> 01:16:08,040

nothing they always take a while because

998

01:16:11,840 --> 01:16:09,750

the thing is Martin they do such a

999

01:16:14,750 --> 01:16:11,850

thorough investigation of every case

1000

01:16:17,120 --> 01:16:14,760

that it really takes time in there they

1001
01:16:18,530 --> 01:16:17,130
have there no rush just to you know get

1002
01:16:20,870 --> 01:16:18,540
the word out or anything like that they

1003
01:16:22,370 --> 01:16:20,880
take the time they need to bring it all

1004
01:16:25,220 --> 01:16:22,380
the experts from all these different

1005
01:16:27,220 --> 01:16:25,230
areas and do a really good investigation

1006
01:16:30,950 --> 01:16:27,230
so that's there's one underway right now

1007
01:16:32,270 --> 01:16:30,960
which is absolutely fantastic and so I

1008
01:16:34,070 --> 01:16:32,280
look forward to bringing that one

1009
01:16:35,720 --> 01:16:34,080
forward when the time comes and I don't

1010
01:16:39,950 --> 01:16:35,730
think it'll be too much longer but I

1011
01:16:43,550 --> 01:16:39,960
don't really know now okay now everyone

1012
01:16:45,169 --> 01:16:43,560
makes mistakes and I know I do believe

1013
01:16:47,990 --> 01:16:45,179

that was I just want to talk quickly

1014

01:16:50,959 --> 01:16:48,000

about wasn't and I may be totally wrong

1015

01:16:53,600 --> 01:16:50,969

about this but wasn't there supposed to

1016

01:16:57,050 --> 01:16:53,610

be a major sighting at an airfield with

1017

01:17:00,979 --> 01:16:57,060

these jets flying over and wasn't that

1018

01:17:03,140 --> 01:17:00,989

in Chile and didn't that finally get

1019

01:17:25,130 --> 01:17:03,150

analyzed as insects or am i thinking of

1020

01:17:27,740 --> 01:17:25,140

something else please so I had a message

1021

01:17:29,330 --> 01:17:27,750

last time the static happened from the

1022

01:17:31,760 --> 01:17:29,340

show producer and he said it was your

1023

01:17:34,070 --> 01:17:31,770

microphone that does that and he says

1024

01:17:35,990 --> 01:17:34,080

you may have to plug in and unplug it

1025

01:17:38,720 --> 01:17:36,000

and plug it back in or would you be able

1026

01:17:42,260 --> 01:17:38,730

to do that and and do the setting again

1027

01:17:44,479 --> 01:17:42,270

to make sure that works and so I'm going

1028

01:17:46,669 --> 01:17:44,489

to I'm going to ask hose eight while

1029

01:17:48,410 --> 01:17:46,679

you're doing that to continue on with

1030

01:17:55,220 --> 01:17:48,420

that case can you talk a little bit

1031

01:17:57,620 --> 01:17:55,230

about that Jose yeah

1032

01:20:04,840 --> 01:17:57,630

was that finally figured out as insects

1033

01:20:10,220 --> 01:20:07,610

know your your mic is off we're getting

1034

01:20:16,990 --> 01:20:10,230

feedback so just make sure the mic

1035

01:20:20,710 --> 01:20:17,000

setting you can you hear me better now I

1036

01:20:23,150 --> 01:20:20,720

think so I'm not hearing feedback

1037

01:20:26,210 --> 01:20:23,160

yeah I heard the feedback before but I

1038

01:20:30,320 --> 01:20:26,220

don't now yeah okay yes okay Leslie

1039

01:20:32,180 --> 01:20:30,330

here's a question for you and I cringe

1040

01:20:34,640 --> 01:20:32,190

while I'm asking this question Leslie

1041

01:20:37,400 --> 01:20:34,650

but I it's up on the message board and

1042

01:20:40,400 --> 01:20:37,410

if one person's asking a lot of other

1043

01:20:44,420 --> 01:20:40,410

people will want to know probably how

1044

01:20:47,630 --> 01:20:44,430

would you compare your efforts for

1045

01:20:49,790 --> 01:20:47,640

disclosure with Stephen Bassets please

1046

01:20:52,520 --> 01:20:49,800

please don't yell at me or for asking

1047

01:20:55,190 --> 01:20:52,530

that that's okay I mean first of all I'm

1048

01:20:56,540 --> 01:20:55,200

not making an effort for disclosure okay

1049

01:20:59,390 --> 01:20:56,550

so that's that's a big difference right

1050

01:21:02,120 --> 01:20:59,400

there that word disclosure I find very

1051

01:21:04,220 --> 01:21:02,130

distasteful and and I don't have any

1052

01:21:06,680 --> 01:21:04,230

relationship to it and I'm not working

1053

01:21:09,470 --> 01:21:06,690

towards disclosure in the sense that he

1054

01:21:13,100 --> 01:21:09,480

defines it so basically we're just done

1055

01:21:14,900 --> 01:21:13,110

completely different as and Ill just

1056

01:21:16,400 --> 01:21:14,910

disagree with him about the way he

1057

01:21:18,410 --> 01:21:16,410

approaches it he's drawn conclusions

1058

01:21:22,250 --> 01:21:18,420

that I don't think are acceptable to

1059

01:21:24,290 --> 01:21:22,260

draw he approaches members of he thinks

1060

01:21:25,820 --> 01:21:24,300

he's approaching government officials I

1061

01:21:28,880 --> 01:21:25,830

don't think they really pay attention

1062

01:21:31,940 --> 01:21:28,890

but making claims of extraterrestrial

1063

01:21:34,730 --> 01:21:31,950

contact and all kinds of statements that

1064

01:21:35,900 --> 01:21:34,740

he considers to be real but the

1065

01:21:39,320 --> 01:21:35,910

government officials don't take

1066

01:21:41,600 --> 01:21:39,330

seriously and so he really isn't I think

1067

01:21:46,250 --> 01:21:41,610

informed about the proper way to

1068

01:21:48,680 --> 01:21:46,260

approach government and so those are the

1069

01:21:50,510 --> 01:21:48,690

main two differences I you know that

1070

01:21:52,190 --> 01:21:50,520

I've had a lot of training from public

1071

01:21:53,510 --> 01:21:52,200

relations firms in Washington and people

1072

01:21:55,900 --> 01:21:53,520

that I've worked with and I've learned

1073

01:21:59,060 --> 01:21:55,910

how how to talk the language of

1074

01:22:00,860 --> 01:21:59,070

government officials and number two I'm

1075

01:22:03,020 --> 01:22:00,870

not involved with efforts towards

1076

01:22:05,720 --> 01:22:03,030

disclosure so those two things are the

1077

01:22:09,170 --> 01:22:05,730

main differences thank you that was a

1078

01:22:11,180 --> 01:22:09,180

good answer and let's see there's

1079

01:22:14,810 --> 01:22:11,190

someone up on the board also that wants

1080

01:22:17,120 --> 01:22:14,820

to know have either you Leslie or Jose

1081

01:22:22,440 --> 01:22:17,130

either one of you ever had witnessed

1082

01:22:28,180 --> 01:22:25,330

well I'll say no for myself and then I

1083

01:23:18,210 --> 01:22:28,190

think Jose might have more than I do but

1084

01:23:25,570 --> 01:23:21,400

yeah now did this happen before

1085

01:23:35,130 --> 01:23:25,580

you got involved in this in sefa ha

1086

01:23:39,130 --> 01:23:35,140

or was it during the time I see okay

1087

01:23:42,250 --> 01:23:39,140

Lesley another question is coming to you

1088

01:23:54,090 --> 01:23:42,260

after the last comment asking if you

1089

01:24:01,120 --> 01:23:58,030

okay this person was putting it in the

1090

01:24:02,830 --> 01:24:01,130

context of disclosure and I you know I

1091

01:24:05,229 --> 01:24:02,840

basically have an idea of what you're

1092

01:24:13,570 --> 01:24:05,239

going to say but I just thought I'd let

1093

01:24:16,510 --> 01:24:13,580

you say it in your own words I don't

1094

01:24:19,840 --> 01:24:16,520

advocate secrecy enforcement yeah

1095

01:24:21,640 --> 01:24:19,850

this is uh I'll put it this way and I'm

1096

01:24:23,560 --> 01:24:21,650

putting the words in the mouth of the

1097

01:24:26,080 --> 01:24:23,570

chatroom here but do you advocate

1098

01:24:29,560 --> 01:24:26,090

secrecy over disclosure that's the

1099

01:24:35,560 --> 01:24:33,250

I don't I still don't really understand

1100

01:24:38,020 --> 01:24:35,570

the question because disclosure is not

1101

01:24:39,459 --> 01:24:38,030

something that I really relate to I

1102

01:24:43,030 --> 01:24:39,469

don't know they have to define what they

1103

01:24:44,770 --> 01:24:43,040

mean by disclosure disclose I guess for

1104

01:24:46,600 --> 01:24:44,780

me to understand that okay yeah we'll

1105

01:24:50,379 --> 01:24:46,610

probably move on but I'll just try one

1106

01:24:53,740 --> 01:24:50,389

more time to get the listeners question

1107

01:24:55,209 --> 01:24:53,750

across all right say that we're gonna

1108

01:24:56,979 --> 01:24:55,219

say all right

1109

01:24:58,959 --> 01:24:56,989

so Stephen Bassett is trying to get

1110

01:25:01,450 --> 01:24:58,969

disclosure so the government admits that

1111

01:25:05,530 --> 01:25:01,460

it knows something about the UFO

1112

01:25:08,050 --> 01:25:05,540

phenomenon do you think that idea is a

1113

01:25:10,899 --> 01:25:08,060

good one or like for instance Stan

1114

01:25:14,200 --> 01:25:10,909

Stanton Friedman thinks it's not a good

1115

01:25:16,450 --> 01:25:14,210

idea that that there are some things

1116

01:25:18,069 --> 01:25:16,460

that people shouldn't get their hands on

1117

01:25:21,069 --> 01:25:18,079

if they're available to get their hands

1118

01:25:24,520 --> 01:25:21,079

on that type of thing so does that

1119

01:25:26,800 --> 01:25:24,530

question work any better for you I'll

1120

01:25:28,930 --> 01:25:26,810

try to answer it I mean it's not

1121

01:25:31,390 --> 01:25:28,940

completely clear to me but I think I

1122

01:25:33,100 --> 01:25:31,400

think that what when people talk about

1123

01:25:35,290 --> 01:25:33,110

disclosure in the way that Stephen

1124

01:25:37,000 --> 01:25:35,300

Bassett defines it they're not talking

1125

01:25:39,580 --> 01:25:37,010

about the government acknowledging

1126
01:25:42,339 --> 01:25:39,590
something about UFOs they're talking

1127
01:25:44,050 --> 01:25:42,349
about some kind of moment where a

1128
01:25:46,660 --> 01:25:44,060
government of a country stands up and

1129
01:25:49,000 --> 01:25:46,670
says extraterrestrials are here and

1130
01:25:51,550 --> 01:25:49,010
they've been here for since the 40s and

1131
01:25:57,160 --> 01:25:51,560
we've been covering it up I think that's

1132
01:25:59,050 --> 01:25:57,170
what he expects to happen when he and so

1133
01:26:01,030 --> 01:25:59,060
the question is do I advocate secrecy

1134
01:26:03,220 --> 01:26:01,040
I'm not even sure if there is a secret

1135
01:26:04,780 --> 01:26:03,230
being kept Martin mm-hmm I mean

1136
01:26:07,300 --> 01:26:04,790
certainly the governments of Chile and

1137
01:26:09,490 --> 01:26:07,310
France are not keeping secrets now

1138
01:26:11,379 --> 01:26:09,500

it's good as I wrote in my book and I

1139

01:26:13,209 --> 01:26:11,389

have a whole chapter about this and so

1140

01:26:14,470 --> 01:26:13,219

if people really want to understand my

1141

01:26:15,669 --> 01:26:14,480

thinking about it that would be the best

1142

01:26:18,060 --> 01:26:15,679

way to understand it because I don't

1143

01:26:21,819 --> 01:26:18,070

have much time here but in a nutshell

1144

01:26:25,209 --> 01:26:21,829

it's conceivable there are major secrets

1145

01:26:26,919 --> 01:26:25,219

being kept by the government that and

1146

01:26:29,280 --> 01:26:26,929

it's conceivable to me that there are

1147

01:26:32,020 --> 01:26:29,290

not either way either either either

1148

01:26:34,270 --> 01:26:32,030

aspect of that could be the case and I'm

1149

01:26:38,770 --> 01:26:34,280

not we don't have enough evidence in my

1150

01:26:43,330 --> 01:26:38,780

opinion to assume or that our government

1151
01:26:47,859 --> 01:26:45,700
satisfy me as a journalist I'm not a

1152
01:26:49,990 --> 01:26:47,869
ufologist I'm a journalist kind of

1153
01:26:51,700 --> 01:26:50,000
looking at this from the outside in and

1154
01:26:54,160 --> 01:26:51,710
there's never been evidence as presented

1155
01:26:56,560 --> 01:26:54,170
to me to convince me that anybody can

1156
01:26:58,390 --> 01:26:56,570
prove that it might be an interesting

1157
01:27:00,640 --> 01:26:58,400
thing to speculate there might be all

1158
01:27:02,500 --> 01:27:00,650
kinds of belief systems that people have

1159
01:27:05,500 --> 01:27:02,510
or conclusions they've drawn based on

1160
01:27:08,290 --> 01:27:05,510
their own perceptions about the issue

1161
01:27:10,990 --> 01:27:08,300
which is fine they can do that but it's

1162
01:27:13,709 --> 01:27:11,000
not enough to prove and as Jose has said

1163
01:27:19,149 --> 01:27:13,719

it's got to be a universally accepted

1164

01:27:21,220 --> 01:27:19,159

proof and so the conspiracy ideas of the

1165

01:27:23,500 --> 01:27:21,230

conspiracists have of government

1166

01:27:27,129 --> 01:27:23,510

cover-ups and and bodies being retrieved

1167

01:27:28,750 --> 01:27:27,139

and all of that there just is no proof

1168

01:27:33,160 --> 01:27:28,760

of that there's not enough hard evidence

1169

01:27:34,810 --> 01:27:33,170

for it so it's possible but I'm not

1170

01:27:37,899 --> 01:27:34,820

interested in something that I can't

1171

01:27:41,229 --> 01:27:37,909

that I can't document back up and be

1172

01:27:43,149 --> 01:27:41,239

certain about that's the thing so I

1173

01:27:45,970 --> 01:27:43,159

don't advocate secrecy because I'm not

1174

01:27:47,709 --> 01:27:45,980

sure if there's a secret being kept and

1175

01:27:49,510 --> 01:27:47,719

if there is a secret being kept of

1176

01:27:51,850 --> 01:27:49,520

course I don't advocate for it I believe

1177

01:27:53,830 --> 01:27:51,860

that any secrets about this issue should

1178

01:27:55,510 --> 01:27:53,840

be released absolutely and that's one of

1179

01:27:58,600 --> 01:27:55,520

the reasons I'm doing what I do is I

1180

01:28:00,820 --> 01:27:58,610

want all the doors to be open I want all

1181

01:28:02,890 --> 01:28:00,830

the information to be released just like

1182

01:28:04,450 --> 01:28:02,900

the rest of us do I think the only

1183

01:28:07,120 --> 01:28:04,460

difference I have is I'm not as

1184

01:28:09,640 --> 01:28:07,130

convinced as as some are that there is a

1185

01:28:11,950 --> 01:28:09,650

huge secret being kept I just don't know

1186

01:28:15,669 --> 01:28:11,960

you know I don't know whether there is

1187

01:28:18,490 --> 01:28:15,679

or not answers the question I think that

1188

01:28:21,750 --> 01:28:18,500

totally answers the question and thank

1189

01:28:23,830 --> 01:28:21,760

you for that one of the people I had on

1190

01:28:27,370 --> 01:28:23,840

probably about two and a half years ago

1191

01:28:29,740 --> 01:28:27,380

was a gentleman from Sweden and their

1192

01:28:34,359 --> 01:28:29,750

UFO group over there

1193

01:28:36,700 --> 01:28:34,369

his name was glass Swan and he they have

1194

01:28:41,490 --> 01:28:36,710

the largest UFO reference library in the

1195

01:28:45,359 --> 01:28:41,500

entire world I forget how many feet of

1196

01:28:48,100 --> 01:28:45,369

book shelving there is just full of UFO

1197

01:28:50,020 --> 01:28:48,110

books where people from all over

1198

01:28:53,919 --> 01:28:50,030

different countries you know will stop

1199

01:28:56,589 --> 01:28:53,929

in and research he also was telling me

1200

01:28:57,280 --> 01:28:56,599

in an interview and it's almost like

1201

01:28:59,260 --> 01:28:57,290

there should

1202

01:29:01,690 --> 01:28:59,270

some type of introduction because he was

1203

01:29:04,540 --> 01:29:01,700

saying that they take it serious there

1204

01:29:07,000 --> 01:29:04,550

there's never ridicule they look at the

1205

01:29:10,510 --> 01:29:07,010

topic serious and I just wondered have

1206

01:29:12,610 --> 01:29:10,520

you ever looked into Sweden as far as

1207

01:29:17,200 --> 01:29:12,620

one of these European countries that

1208

01:29:19,630 --> 01:29:17,210

look more scientifically I'll ask you

1209

01:29:22,450 --> 01:29:19,640

Leslie have you ever looked into Sweden

1210

01:29:25,150 --> 01:29:22,460

yeah well actually Jose has a

1211

01:29:27,370 --> 01:29:25,160

relationship Jose doesn't the stuff well

1212

01:29:37,690 --> 01:29:27,380

I have a relationship with Klaus is it

1213

01:30:10,750 --> 01:29:37,700

from Norway working relationship with

1214

01:30:17,800 --> 01:30:10,760

him I believe from Pacific that's

1215

01:30:20,740 --> 01:30:17,810

wonderful Sweden but yeah that's that's

1216

01:30:23,230 --> 01:30:20,750

wonderful but you know I I do remember

1217

01:30:26,860 --> 01:30:23,240

him mentioning that they will turn to

1218

01:30:28,560 --> 01:30:26,870

him many times for some type of sighting

1219

01:30:31,870 --> 01:30:28,570

or something that's on the news and he

1220

01:30:34,690 --> 01:30:31,880

will be interviewed and he says he's

1221

01:30:37,690 --> 01:30:34,700

never been ridiculed which i think is

1222

01:30:40,450 --> 01:30:37,700

totally fascinating and very unusual

1223

01:30:42,850 --> 01:30:40,460

well he probably he probably remains

1224

01:30:45,730 --> 01:30:42,860

very level-headed about it too and

1225

01:30:47,170 --> 01:30:45,740

doesn't it doesn't make a lot of wild

1226

01:30:49,260 --> 01:30:47,180

claims like you know that

1227

01:30:51,820 --> 01:30:49,270

extraterrestrials are communicating with

1228

01:30:53,950 --> 01:30:51,830

Fred former presidents of the country

1229

01:30:56,590 --> 01:30:53,960

and things like that he probably doesn't

1230

01:30:59,170 --> 01:30:56,600

go off on these these tangents that

1231

01:31:01,330 --> 01:30:59,180

would would lend themselves to ridicule

1232

01:31:11,020 --> 01:31:01,340

I assume yeah you mean they're not

1233

01:31:16,070 --> 01:31:14,360

yeah that's why I encourage people out

1234

01:31:18,530 --> 01:31:16,080

there that regardless of their personal

1235

01:31:20,750 --> 01:31:18,540

beliefs Martin I mean if you want to

1236

01:31:22,640 --> 01:31:20,760

believe that Eisenhower met with aliens

1237

01:31:24,320 --> 01:31:22,650

in the desert you know fine you can

1238

01:31:26,360 --> 01:31:24,330

believe that but if you're talking to

1239

01:31:28,910 --> 01:31:26,370

the media and you're talking to the

1240

01:31:31,100 --> 01:31:28,920

political establishment that is not

1241

01:31:33,170 --> 01:31:31,110

something you should talk about you have

1242

01:31:35,330 --> 01:31:33,180

to be you have to pick what you're going

1243

01:31:36,830 --> 01:31:35,340

to say and I've written articles about

1244

01:31:39,470 --> 01:31:36,840

this and I would encourage people to

1245

01:31:42,980 --> 01:31:39,480

just be very discerning to separate

1246

01:31:45,710 --> 01:31:42,990

their personal beliefs from the line

1247

01:31:48,560 --> 01:31:45,720

that they want to take in if they expect

1248

01:31:51,020 --> 01:31:48,570

to have a positive influence on the

1249

01:31:52,340 --> 01:31:51,030

status quo uh-huh there's there are two

1250

01:31:55,310 --> 01:31:52,350

different things you can believe what

1251
01:31:57,290 --> 01:31:55,320
you want but you got to say only certain

1252
01:31:59,960 --> 01:31:57,300
things and not other things if you want

1253
01:32:01,610 --> 01:31:59,970
to have and have a forward motion with

1254
01:32:04,430 --> 01:32:01,620
this issue and that's I think what a lot

1255
01:32:06,110 --> 01:32:04,440
of people have trouble separating their

1256
01:32:09,140 --> 01:32:06,120
own belief systems from what is

1257
01:32:10,250 --> 01:32:09,150
appropriate to actually say Leslie I

1258
01:32:11,750 --> 01:32:10,260
know you're not going to be able to hear

1259
01:32:15,050 --> 01:32:11,760
a caller but we have a caller on and

1260
01:32:17,750 --> 01:32:15,060
I'll pass the message on to you so call

1261
01:32:20,690 --> 01:32:17,760
her please introduce yourself by first

1262
01:32:28,850 --> 01:32:20,700
name and post your question

1263
01:32:32,900 --> 01:32:28,860

go ahead machine that's my first name is

1264

01:32:36,320 --> 01:32:32,910

Lou first name is Lou thank you Kien

1265

01:32:39,110 --> 01:32:36,330

came the she had any updates on the

1266

01:32:41,840 --> 01:32:39,120

current status of the Belgium triangle

1267

01:32:43,790 --> 01:32:41,850

photo there was a gentleman who yes not

1268

01:32:46,610 --> 01:32:43,800

only many years later claimed if he had

1269

01:32:48,860 --> 01:32:46,620

faked it but originally he was

1270

01:32:51,410 --> 01:32:48,870

established as being legit so my

1271

01:32:53,060 --> 01:32:51,420

question and I'll do you up here and

1272

01:32:55,700 --> 01:32:53,070

thank you very much thank you thank you

1273

01:32:57,650 --> 01:32:55,710

very much Lou sure sure all right Leslie

1274

01:33:01,430 --> 01:32:57,660

so the question was did you have any

1275

01:33:03,290 --> 01:33:01,440

updates on the belgian triangle photo i

1276

01:33:06,350 --> 01:33:03,300

remember i believe we talked about this

1277

01:33:08,000 --> 01:33:06,360

at one point where at one point they

1278

01:33:10,460 --> 01:33:08,010

thought that photo was legitimate and

1279

01:33:13,040 --> 01:33:10,470

then later on discovered that it was not

1280

01:33:13,400 --> 01:33:13,050

do you have any any new facts on that at

1281

01:33:17,060 --> 01:33:13,410

all

1282

01:33:19,190 --> 01:33:17,070

I don't have any new facts I don't know

1283

01:33:21,740 --> 01:33:19,200

to what extent the caller

1284

01:33:23,690 --> 01:33:21,750

is informed about it but just what I

1285

01:33:29,480 --> 01:33:23,700

know happened was I think it was in July

1286

01:33:32,330 --> 01:33:29,490

of 2011 yeah I was right people about a

1287

01:33:34,820 --> 01:33:32,340

month before my my this documentary that

1288

01:33:37,310 --> 01:33:34,830

I was very involved with this two-hour

1289

01:33:39,380 --> 01:33:37,320

special for the History Channel came out

1290

01:33:41,870 --> 01:33:39,390

in August of 2011 and we featured that

1291

01:33:44,000 --> 01:33:41,880

photograph in that piece and so one

1292

01:33:45,800 --> 01:33:44,010

month before that the and it was a

1293

01:33:47,950 --> 01:33:45,810

famous photograph that had been vetted

1294

01:33:51,910 --> 01:33:47,960

by all these laboratories I mean it was

1295

01:33:55,100 --> 01:33:51,920

just it was really a shock when the

1296

01:33:57,410 --> 01:33:55,110

shooter came out and July of 2012 and

1297

01:33:58,850 --> 01:33:57,420

announced that he had faked that picture

1298

01:34:02,060 --> 01:33:58,860

that he it was a hoax that he had

1299

01:34:06,380 --> 01:34:02,070

created this model out of styrofoam and

1300

01:34:08,720 --> 01:34:06,390

flashlights to build the object and none

1301
01:34:11,330 --> 01:34:08,730
of the photographs of course could could

1302
01:34:13,190 --> 01:34:11,340
you know absolutely eliminate that the

1303
01:34:14,720 --> 01:34:13,200
physical object was a hoax they could

1304
01:34:16,640 --> 01:34:14,730
eliminate that there any wires or

1305
01:34:21,680 --> 01:34:16,650
anything that they could discern in the

1306
01:34:23,420 --> 01:34:21,690
picture but it was so that's basically

1307
01:34:25,460 --> 01:34:23,430
what happened and some of the Belgian

1308
01:34:27,920 --> 01:34:25,470
investigators went and spoke with him

1309
01:34:30,020 --> 01:34:27,930
and he was not able to recreate it they

1310
01:34:32,600 --> 01:34:30,030
did ask him to recreate the picture and

1311
01:34:34,940 --> 01:34:32,610
he wasn't able to do that you wouldn't

1312
01:34:36,940 --> 01:34:34,950
do did you try there were two other

1313
01:34:40,520 --> 01:34:36,950

witnesses

1314

01:34:44,210 --> 01:34:40,530

mm-hmm I'm sorry we have a delay delay

1315

01:34:48,470 --> 01:34:44,220

here did he try to recreate the model

1316

01:34:50,240 --> 01:34:48,480

and showed the model to anyone well

1317

01:34:52,160 --> 01:34:50,250

that's the thing the investigators asked

1318

01:34:54,290 --> 01:34:52,170

him to do that they said well okay if

1319

01:34:57,080 --> 01:34:54,300

you built it then build it again for us

1320

01:34:59,060 --> 01:34:57,090

and he wouldn't do it he claimed that

1321

01:35:01,460 --> 01:34:59,070

the kinds of light bulbs that he used

1322

01:35:04,010 --> 01:35:01,470

then were not available I think that was

1323

01:35:05,630 --> 01:35:04,020

his argument but there were a lot of

1324

01:35:08,780 --> 01:35:05,640

issues involved with this this

1325

01:35:10,730 --> 01:35:08,790

photographer being in a big court battle

1326
01:35:12,860 --> 01:35:10,740
with the person who had the copyrights

1327
01:35:14,950 --> 01:35:12,870
to the photographs there's a lot of

1328
01:35:17,540 --> 01:35:14,960
background to this photograph that was

1329
01:35:21,710 --> 01:35:17,550
unpleasant and there were there was a

1330
01:35:22,490 --> 01:35:21,720
fight going on and it's conceivable to

1331
01:35:25,340 --> 01:35:22,500
me either

1332
01:35:27,170 --> 01:35:25,350
we don't know for sure that the photo

1333
01:35:29,330 --> 01:35:27,180
was haunted we have to assume it was

1334
01:35:32,180 --> 01:35:29,340
because the the guy came out and said it

1335
01:35:33,080 --> 01:35:32,190
was the guy that shot it but it is

1336
01:35:34,760 --> 01:35:33,090
conceivable

1337
01:35:37,189 --> 01:35:34,770
me that he may not be telling the truth

1338
01:35:39,020 --> 01:35:37,199

and that maybe it was a genuine

1339

01:35:40,700 --> 01:35:39,030

photograph and because he's angry with

1340

01:35:42,620 --> 01:35:40,710

the person who wants the copyright who's

1341

01:35:44,390 --> 01:35:42,630

been making money on the photograph that

1342

01:35:47,060 --> 01:35:44,400

may there may have been some kind of

1343

01:35:48,129 --> 01:35:47,070

dirty business going on there we don't

1344

01:35:50,270 --> 01:35:48,139

know we have no way of knowing

1345

01:35:52,970 --> 01:35:50,280

unfortunately so we have to assume that

1346

01:35:54,979 --> 01:35:52,980

it was a hoax but it's it's very

1347

01:35:57,770 --> 01:35:54,989

complicated and I think there's always

1348

01:35:59,540 --> 01:35:57,780

the possibility that it wasn't but we'll

1349

01:36:01,280 --> 01:35:59,550

probably never know so we have to as I

1350

01:36:04,820 --> 01:36:01,290

said we have to make that assumption as

1351

01:36:05,959 --> 01:36:04,830

it was a really shocking development and

1352

01:36:06,770 --> 01:36:05,969

no I haven't heard of anything more

1353

01:36:09,439 --> 01:36:06,780

recent

1354

01:36:10,520 --> 01:36:09,449

I think the Belgians looked into it and

1355

01:36:12,830 --> 01:36:10,530

there was really nothing more they could

1356

01:36:15,169 --> 01:36:12,840

do basically within the first six months

1357

01:36:18,770 --> 01:36:15,179

of a year or so of that discovery being

1358

01:36:22,430 --> 01:36:18,780

made very shocking though I have to tell

1359

01:36:29,689 --> 01:36:22,440

you that was hands-down my favorite UFO

1360

01:36:32,689 --> 01:36:29,699

picture the Costa Rica photograph from

1361

01:36:33,950 --> 01:36:32,699

1971 is will never be proven to be a

1362

01:36:35,810 --> 01:36:33,960

hoax because it was a government

1363

01:36:37,700 --> 01:36:35,820

photograph taken from a government

1364

01:36:42,109 --> 01:36:37,710

airplane and that's my all-time favorite

1365

01:36:44,000 --> 01:36:42,119

picture I am as we're moving along here

1366

01:36:45,620 --> 01:36:44,010

I'm gonna try to find that because I

1367

01:36:49,370 --> 01:36:45,630

don't know for sure if I know of that

1368

01:36:51,260 --> 01:36:49,380

one it's the first picture in my book

1369

01:36:54,950 --> 01:36:51,270

Martin it's the first picture in the

1370

01:36:57,680 --> 01:36:54,960

photo insert my book yeah okay I don't

1371

01:36:58,070 --> 01:36:57,690

have that right here with me but okay I

1372

01:37:00,169 --> 01:36:58,080

see it

1373

01:37:02,750 --> 01:37:00,179

Wow yeah that's an amazing picture and

1374

01:37:07,550 --> 01:37:02,760

I'll pull that up and just put a link

1375

01:37:12,439 --> 01:37:07,560

into the into the chat room so anyone

1376

01:37:14,209 --> 01:37:12,449

can take a quick peek at it so we have

1377

01:37:15,800 --> 01:37:14,219

just to let you know we have about oh I

1378

01:37:20,450 --> 01:37:15,810

don't know maybe 15 minutes or something

1379

01:37:22,729 --> 01:37:20,460

like that and we're welcome to go are

1380

01:37:25,459 --> 01:37:22,739

you are welcome to go into any further

1381

01:37:28,220 --> 01:37:25,469

topic and in your direction you want to

1382

01:37:30,339 --> 01:37:28,230

go Leslie is there anything that you

1383

01:37:34,100 --> 01:37:30,349

think is pressing to get out there to

1384

01:37:40,490 --> 01:37:34,110

the public in any type of way as far as

1385

01:37:42,620 --> 01:37:40,500

the subject goes I know that's a load no

1386

01:37:44,450 --> 01:37:42,630

I just I keep beating up on the same

1387

01:37:45,910 --> 01:37:44,460

Drummler I think that you know having

1388

01:37:48,250 --> 01:37:45,920

Jose lie here on the

1389

01:37:50,669 --> 01:37:48,260

is a very precious opportunity and I

1390

01:37:54,640 --> 01:37:50,679

just can't stress enough the the

1391

01:37:56,740 --> 01:37:54,650

importance that I see of government

1392

01:38:00,130 --> 01:37:56,750

agencies like the one in Chile

1393

01:38:01,630 --> 01:38:00,140

developing around the world and I think

1394

01:38:02,560 --> 01:38:01,640

if we're going to solve the UFO problem

1395

01:38:04,510 --> 01:38:02,570

that's the only way it's going to happen

1396

01:38:06,820 --> 01:38:04,520

and of course the United States being

1397

01:38:11,560 --> 01:38:06,830

central to that - the need for

1398

01:38:14,320 --> 01:38:11,570

government involvement so that resources

1399

01:38:17,830 --> 01:38:14,330

will be liberated within the United

1400

01:38:19,930 --> 01:38:17,840

States right for scientists to become

1401

01:38:21,700 --> 01:38:19,940

involved with this and be until our

1402

01:38:25,720 --> 01:38:21,710

government opens the door even just a

1403

01:38:29,860 --> 01:38:25,730

crack to allowing the you know knowledge

1404

01:38:31,720 --> 01:38:29,870

us the value of an investigation are

1405

01:38:34,300 --> 01:38:31,730

we're gonna have that door is going to

1406

01:38:36,850 --> 01:38:34,310

remain closed and I think Jose will

1407

01:38:39,490 --> 01:38:36,860

agree although they are doing tremendous

1408

01:38:42,610 --> 01:38:39,500

job there one small country as he said

1409

01:38:44,200 --> 01:38:42,620

and I think that general Bermudez and

1410

01:38:46,300 --> 01:38:44,210

Jose Lai both agree that the United

1411

01:38:52,050 --> 01:38:46,310

States needs to come on board it's very

1412

01:38:57,970 --> 01:38:55,900

pardon me both you hang on just one

1413

01:39:00,310 --> 01:38:57,980

moment we have another caller caller go

1414

01:39:06,760 --> 01:39:00,320

ahead say your first name please and

1415

01:39:08,590 --> 01:39:06,770

your question being tell us more about

1416

01:39:12,010 --> 01:39:08,600

the chili photo that she liked so much

1417

01:39:14,020 --> 01:39:12,020

the background on the context of it that

1418

01:39:16,030 --> 01:39:14,030

would be interesting to hear and is she

1419

01:39:18,550 --> 01:39:16,040

worried about the US government

1420

01:39:19,959 --> 01:39:18,560

undermining the chilean effort like they

1421

01:39:23,620 --> 01:39:19,969

did with like end day in the political

1422

01:39:25,380 --> 01:39:23,630

sphere and I'll take my answers off here

1423

01:39:27,790 --> 01:39:25,390

and thank you for your time thank you

1424

01:39:32,350 --> 01:39:27,800

first of all it's a two-part question

1425

01:39:35,680 --> 01:39:32,360

Leslie the Costa Rica image he wanted a

1426

01:39:37,900 --> 01:39:35,690

little more elaboration what you you

1427

01:39:40,450 --> 01:39:37,910

know what you thought about that the

1428

01:39:44,530 --> 01:39:40,460

credibility of it and and all that and

1429

01:39:47,169 --> 01:39:44,540

secondly has anyone worried that the

1430

01:39:48,939 --> 01:39:47,179

Chilean government would undermine any

1431

01:39:52,270 --> 01:39:48,949

part of the Chilean government would

1432

01:39:56,280 --> 01:39:52,280

under undermine sefa ha as they move

1433

01:40:00,640 --> 01:39:59,020

well when Jose take the second part of

1434

01:40:02,680 --> 01:40:00,650

that Jose is there any part of your

1435

01:41:04,030 --> 01:40:02,690

government that could undermine the work

1436

01:41:13,689 --> 01:41:04,040

that you're doing to take a decision to

1437

01:41:16,240 --> 01:41:13,699

just okay and Leslie the other part of

1438

01:41:18,340 --> 01:41:16,250

that you sort of explained about the

1439

01:41:22,540 --> 01:41:18,350

image but you can go into a little more

1440

01:41:24,490 --> 01:41:22,550

detail if you'd like yeah I mean again

1441

01:41:26,229 --> 01:41:24,500

it's if anybody looks it up online

1442

01:41:29,250 --> 01:41:26,239

they'll find a lot more information but

1443

01:41:31,390 --> 01:41:29,260

it was um there was a mapping plane a

1444

01:41:33,580 --> 01:41:31,400

geographical mapping plane that was

1445

01:41:36,490 --> 01:41:33,590

flying over Costa Rica and so they had a

1446

01:41:38,860 --> 01:41:36,500

camera strapped to the outside of the

1447

01:41:41,169 --> 01:41:38,870

airplane and that the the work of that

1448

01:41:43,840 --> 01:41:41,179

camera was to just snap these different

1449

01:41:47,229 --> 01:41:43,850

shots of the ground they were sort of

1450

01:41:49,330 --> 01:41:47,239

making a grid and documenting the layout

1451

01:41:51,250 --> 01:41:49,340

of the ground and like every I don't

1452

01:41:53,320 --> 01:41:51,260

know 15 seconds or every certain amount

1453

01:41:54,790 --> 01:41:53,330

of time the camera would snap and it was

1454

01:41:57,220 --> 01:41:54,800

was interesting about it was a very

1455

01:41:59,800 --> 01:41:57,230

large negative because they were trying

1456

01:42:02,770 --> 01:41:59,810

to get as much detail as possible of

1457

01:42:04,570 --> 01:42:02,780

these shots of the ground and in one of

1458

01:42:07,840 --> 01:42:04,580

the shots there was this disc that

1459

01:42:09,649 --> 01:42:07,850

showed up in the image very very clearly

1460

01:42:11,600 --> 01:42:09,659

again because it was such a big negative

1461

01:42:12,919 --> 01:42:11,610

which meant at high resolution and what

1462

01:42:15,890 --> 01:42:12,929

was interesting about it was that it was

1463

01:42:18,350 --> 01:42:15,900

underneath the plane most shots of UFOs

1464

01:42:20,000 --> 01:42:18,360

you're looking up at the UFO but this

1465

01:42:24,109 --> 01:42:20,010

one you're looking down at it which is

1466

01:42:26,029 --> 01:42:24,119

really interesting it was analyzed by

1467

01:42:28,250 --> 01:42:26,039

experts there's a lot of information

1468

01:42:29,750 --> 01:42:28,260

that was able to be determined about it

1469

01:42:32,149 --> 01:42:29,760

you could see the way the Sun is hitting

1470

01:42:34,129 --> 01:42:32,159

it from a certain angle it was they were

1471

01:42:36,830 --> 01:42:34,139

able to determine things about the speed

1472

01:42:41,239 --> 01:42:36,840

etc and the important thing was that it

1473

01:42:44,779 --> 01:42:41,249

was a government airplane so the it was

1474

01:42:50,469 --> 01:42:44,789

just one shot out of many so we know

1475

01:43:36,620 --> 01:42:58,640

the line of that photograph and in the

1476

01:43:51,890 --> 01:43:36,630

book but you can probably find it also

1477

01:43:55,969 --> 01:43:51,900

doing a mapping all right now that came

1478

01:43:59,419 --> 01:43:55,979

up earlier is is it really true that the

1479

01:44:05,899 --> 01:43:59,429

FAA discourages pilots on coming forward

1480

01:44:12,020 --> 01:44:05,909

about UAP encounters and this is the

1481

01:44:14,779 --> 01:44:12,030

u.s. written about this in my book

1482

01:44:16,759 --> 01:44:14,789

actually has a a manual that it's their

1483

01:44:18,649 --> 01:44:16,769

employees handbook or something like

1484

01:44:21,259 --> 01:44:18,659

that or manual their employees which

1485

01:44:23,690 --> 01:44:21,269

tells their pilots and any other

1486

01:44:26,600 --> 01:44:23,700

employee that if they see a

1487

01:44:27,950 --> 01:44:26,610

you fo they are not to report to the FAA

1488

01:44:29,960 --> 01:44:27,960

but they're to go to a civilian

1489

01:44:32,510 --> 01:44:29,970

organization and that the FAA basically

1490

01:44:35,420 --> 01:44:32,520

doesn't want to hear anything about UFOs

1491

01:44:37,880 --> 01:44:35,430

it's not within their jurisdiction so

1492

01:44:42,020 --> 01:44:37,890

they send them to either the national

1493

01:44:45,560 --> 01:44:42,030

UFO Reporting Center or to another group

1494

01:44:46,490 --> 01:44:45,570

which was set up by Bigelow what's his

1495

01:44:53,120 --> 01:44:46,500

first name

1496

01:44:55,610 --> 01:44:53,130

you know I mean wait and so it's it's

1497

01:44:58,310 --> 01:44:55,620

it's true I mean the FAA does not like

1498

01:45:00,340 --> 01:44:58,320

their pilots to report and and the the

1499

01:45:04,250 --> 01:45:00,350

pilots don't have any reporting forms

1500

01:45:06,410 --> 01:45:04,260

they have no no no you know way to

1501

01:45:09,440 --> 01:45:06,420

report it even if they want to I mean

1502

01:45:11,570 --> 01:45:09,450

for all these other obscure things like

1503

01:45:13,940 --> 01:45:11,580

let's say volcanic dust or something

1504

01:45:15,710 --> 01:45:13,950

like that that might be a danger to the

1505

01:45:18,470 --> 01:45:15,720

aircraft or a laser beam that was

1506

01:45:21,410 --> 01:45:18,480

shooting in through the cockpit there

1507

01:45:24,680 --> 01:45:21,420

are forms that they have to fill out for

1508

01:45:27,470 --> 01:45:24,690

very obscure things but there's no forms

1509

01:45:30,530 --> 01:45:27,480

for this I think so they're sort of

1510

01:45:33,170 --> 01:45:30,540

stuck with we do it I think they also

1511

01:45:35,810 --> 01:45:33,180

have a form for any flight dangers of

1512

01:45:38,120 --> 01:45:35,820

any kind you know but that you know

1513

01:45:41,930 --> 01:45:38,130

could loosely be used for that but yeah

1514

01:45:44,990 --> 01:45:41,940

they don't have any forms and another

1515

01:45:49,190 --> 01:45:45,000

question or it continues did you happen

1516

01:45:51,230 --> 01:45:49,200

to see the recent obama pilot that came

1517

01:45:53,420 --> 01:45:51,240

out about his major sighting I thought

1518

01:45:55,850 --> 01:45:53,430

that was a very well done that was

1519

01:46:00,830 --> 01:45:55,860

actually on Fox News which I personally

1520

01:46:02,390 --> 01:46:00,840

never watched but I thought the the

1521

01:46:04,010 --> 01:46:02,400

video clip of it was very good I

1522

01:46:07,760 --> 01:46:04,020

wondered if you had a chance to see that

1523

01:46:09,470 --> 01:46:07,770

Lesley I actually didn't I have to

1524

01:46:11,810 --> 01:46:09,480

confess I didn't see the video but I did

1525

01:46:14,510 --> 01:46:11,820

read the initial article that came out

1526

01:46:16,580 --> 01:46:14,520

which quoted him and and which he I

1527

01:46:18,020 --> 01:46:16,590

think he wrote that article himself I

1528

01:46:21,800 --> 01:46:18,030

think it didn't have his name on it

1529

01:46:23,300 --> 01:46:21,810

initially possibly um and yeah I did

1530

01:46:25,300 --> 01:46:23,310

read about it and I thought it was

1531

01:46:28,040 --> 01:46:25,310

fantastic that he came forward like that

1532

01:46:30,950 --> 01:46:28,050

absolutely very very interesting

1533

01:46:32,840 --> 01:46:30,960

so as a again we we don't have too much

1534

01:46:35,870 --> 01:46:32,850

time but one of the things you mentioned

1535

01:46:38,330 --> 01:46:35,880

real early on in the interview is

1536

01:46:41,240 --> 01:46:38,340

it wouldn't cost much to set up

1537

01:46:42,290 --> 01:46:41,250

something that similar to what the

1538

01:46:44,330 --> 01:46:42,300

Chilean government

1539

01:46:46,430 --> 01:46:44,340

I mean we're spending money maybe maybe

1540

01:46:48,649 --> 01:46:46,440

it doesn't cost enough it has to cost a

1541

01:46:50,870 --> 01:46:48,659

lot more before the government would be

1542

01:46:53,959 --> 01:46:50,880

interested in spending the money but it

1543

01:46:55,609 --> 01:46:53,969

doesn't seem like it would be a real

1544

01:46:58,430 --> 01:46:55,619

high expense it's more or less

1545

01:47:01,930 --> 01:46:58,440

cooperation from branches of the

1546

01:47:04,490 --> 01:47:01,940

government and I believe the office the

1547

01:47:07,780 --> 01:47:04,500

cephus only has about five people am i

1548

01:47:12,919 --> 01:47:07,790

right or is it more than better in house

1549

01:47:14,899 --> 01:47:12,929

four okay full-time staff yep and the

1550

01:47:16,970 --> 01:47:14,909

thing is in America we wouldn't I mean

1551

01:47:20,450 --> 01:47:16,980

what I'm advocating for is even less

1552

01:47:23,419 --> 01:47:20,460

than that even if we only had one two

1553

01:47:25,010 --> 01:47:23,429

would be better but even one person just

1554

01:47:26,209 --> 01:47:25,020

sitting in an office let's say within

1555

01:47:29,000 --> 01:47:26,219

the Office of Science and Technology

1556

01:47:31,040 --> 01:47:29,010

Policy or somewhere that would initially

1557

01:47:33,320 --> 01:47:31,050

just maybe even do a six month

1558

01:47:35,840 --> 01:47:33,330

assessment that would initially be

1559

01:47:37,970 --> 01:47:35,850

posted to do an assessment in

1560

01:47:40,430 --> 01:47:37,980

cooperation with other governments such

1561

01:47:42,970 --> 01:47:40,440

as the one in Chile as to whether this

1562

01:47:46,010 --> 01:47:42,980

issue was worthy of the United States

1563

01:47:48,050 --> 01:47:46,020

investigation that wouldn't cost

1564

01:47:50,959 --> 01:47:48,060

anything except the salary for the

1565

01:47:52,640 --> 01:47:50,969

staffer if the office was actually set

1566

01:47:55,700 --> 01:47:52,650

up and there was a case that came along

1567

01:47:57,859 --> 01:47:55,710

it as you say Martin what what what the

1568

01:48:00,680 --> 01:47:57,869

Chileans do and what we could do here is

1569

01:48:04,040 --> 01:48:00,690

to rely on experts from all these

1570

01:48:06,080 --> 01:48:04,050

different areas to give their time and

1571

01:48:08,510 --> 01:48:06,090

letting their resources to this agency

1572

01:48:11,000 --> 01:48:08,520

so if we needed a weather expert or we

1573

01:48:14,180 --> 01:48:11,010

needed a photo analyst or a soil expert

1574

01:48:16,790 --> 01:48:14,190

or whatever something like that there

1575

01:48:18,800 --> 01:48:16,800

would be laboratories and resources

1576

01:48:20,570 --> 01:48:18,810

available to this agency so that we

1577

01:48:23,990 --> 01:48:20,580

would there may be some fees that would

1578

01:48:27,919 --> 01:48:24,000

have to be paid but basically people can

1579

01:48:30,620 --> 01:48:27,929

people would contribute their their time

1580

01:48:32,780 --> 01:48:30,630

and their resources meaning their labs

1581

01:48:35,540 --> 01:48:32,790

or their their knowledge of whether

1582

01:48:37,669 --> 01:48:35,550

their knowledge of radar a civilian

1583

01:48:39,410 --> 01:48:37,679

organization can't get access to all the

1584

01:48:40,669 --> 01:48:39,420

information that's necessary that's the

1585

01:48:44,060 --> 01:48:40,679

bottom line and a government official

1586

01:48:46,189 --> 01:48:44,070

even just one person if something

1587

01:48:48,830 --> 01:48:46,199

happens and there's radar they can they

1588

01:48:50,900 --> 01:48:48,840

can get that radar sent over to them

1589

01:48:53,630 --> 01:48:50,910

whereas a civilian organization has to

1590

01:48:55,160 --> 01:48:53,640

file a Freedom of Information Act and

1591

01:48:56,690 --> 01:48:55,170

then they have to wait forever and then

1592

01:48:59,510 --> 01:48:56,700

the thing might be destroyed or they

1593

01:49:01,910 --> 01:48:59,520

might never get it so you need even just

1594

01:49:04,040 --> 01:49:01,920

one person who can order the information

1595

01:49:06,650 --> 01:49:04,050

that to be supplied to them right away

1596

01:49:09,740 --> 01:49:06,660

and do some kind of immediate they can

1597

01:49:12,590 --> 01:49:09,750

also order that the witnesses from an

1598

01:49:14,060 --> 01:49:12,600

airline be interviewed by them in the

1599

01:49:16,100 --> 01:49:14,070

O'Hare incident none of the witnesses

1600

01:49:19,040 --> 01:49:16,110

were interviewed they wouldn't give

1601
01:49:22,550 --> 01:49:19,050
their names the O'Hare incident of 2006

1602
01:49:24,500 --> 01:49:22,560
if you had a staffer in Washington who

1603
01:49:26,510 --> 01:49:24,510
had immediate access to everything he

1604
01:49:29,570 --> 01:49:26,520
would fly right out or she fly right out

1605
01:49:31,340 --> 01:49:29,580
to Chicago and all those witnesses would

1606
01:49:34,130 --> 01:49:31,350
have been interviewed on the record by

1607
01:49:36,230 --> 01:49:34,140
that person so it's it's so much of it

1608
01:49:38,480 --> 01:49:36,240
it's just having someone in place that

1609
01:49:41,720 --> 01:49:38,490
has access to information and that

1610
01:49:43,820 --> 01:49:41,730
doesn't cost much right do you think a

1611
01:49:45,500 --> 01:49:43,830
lot of the attitude I don't know if

1612
01:49:48,860 --> 01:49:45,510
you've ever looked into this Leslie or

1613
01:49:53,570 --> 01:49:48,870

not but the Robertson panel back I think

1614

01:49:55,190 --> 01:49:53,580

was 1952 it have you ever wondered if

1615

01:49:57,560 --> 01:49:55,200

you have if you've looked into that

1616

01:50:00,350 --> 01:49:57,570

subject at all have you ever wondered

1617

01:50:03,890 --> 01:50:00,360

that that's in part of the reason why

1618

01:50:05,480 --> 01:50:03,900

the government is not you know

1619

01:50:09,770 --> 01:50:05,490

committing themselves to do anything

1620

01:50:12,100 --> 01:50:09,780

like this well I certainly think the

1621

01:50:14,360 --> 01:50:12,110

Robertson panel had an effect on

1622

01:50:16,690 --> 01:50:14,370

establishing a sort of an attitude of

1623

01:50:19,160 --> 01:50:16,700

ridicule towards the subject back in the

1624

01:50:21,440 --> 01:50:19,170

1953 was when it existed and all through

1625

01:50:23,480 --> 01:50:21,450

the the life of Project Blue Book I

1626

01:50:25,570 --> 01:50:23,490

think that the conclusions of the

1627

01:50:28,370 --> 01:50:25,580

Robertson panel certainly had an effect

1628

01:50:30,710 --> 01:50:28,380

which were to kind of undermine any

1629

01:50:33,200 --> 01:50:30,720

civilian efforts and and and they

1630

01:50:35,900 --> 01:50:33,210

actually wrote in that in that document

1631

01:50:37,580 --> 01:50:35,910

so that they wanted to ridicule it and

1632

01:50:39,860 --> 01:50:37,590

debunk it I guess they use the word

1633

01:50:42,890 --> 01:50:39,870

debunk so there was sort of a

1634

01:50:45,170 --> 01:50:42,900

recommendation for a policy of debunking

1635

01:50:47,600 --> 01:50:45,180

that was set up through the CIA in this

1636

01:50:49,550 --> 01:50:47,610

document and that influenced the I'm

1637

01:50:53,240 --> 01:50:49,560

sure it influenced the media coverage

1638

01:50:54,620 --> 01:50:53,250

and the project Bluebook attitudes of

1639

01:50:57,470 --> 01:50:54,630

the employees there and so on and

1640

01:50:59,480 --> 01:50:57,480

whether it survived there's any direct

1641

01:51:01,940 --> 01:50:59,490

relationship to what's going on today I

1642

01:51:02,540 --> 01:51:01,950

mean it's hard to pinpoint it but I

1643

01:51:06,560 --> 01:51:02,550

think

1644

01:51:10,430 --> 01:51:06,570

one sprig would close down this this

1645

01:51:12,979 --> 01:51:10,440

issue was just so much kind of off the

1646

01:51:16,100 --> 01:51:12,989

radar for government people by the time

1647

01:51:17,419 --> 01:51:16,110

blue but closed down they just had every

1648

01:51:20,689 --> 01:51:17,429

excuse in the world not to pay attention

1649

01:51:22,939 --> 01:51:20,699

to it unfortunately and and then the

1650

01:51:25,569 --> 01:51:22,949

attitudes became so ingrained the

1651

01:51:28,310 --> 01:51:25,579

attitudes of not taking it seriously

1652

01:51:30,260 --> 01:51:28,320

that over decade after decade after

1653

01:51:33,950 --> 01:51:30,270

decade had just become entrenched

1654

01:51:36,080 --> 01:51:33,960

in the thinking of and and the culture

1655

01:51:38,000 --> 01:51:36,090

and of the political establishment and

1656

01:51:40,040 --> 01:51:38,010

so it's been a long long long process

1657

01:51:43,459 --> 01:51:40,050

with the Robertson panel as one

1658

01:51:45,319 --> 01:51:43,469

component of it I would agree a one

1659

01:51:48,049 --> 01:51:45,329

component of many that have influenced

1660

01:51:51,129 --> 01:51:48,059

this unfortunate stalemate that we face

1661

01:51:53,600 --> 01:51:51,139

right now right right

1662

01:51:59,680 --> 01:51:53,610

what do you think and we only have a few

1663

01:52:03,649 --> 01:51:59,690

minutes left just two minutes and

1664

01:52:05,299 --> 01:52:03,659

I'm wondering so make that about a

1665

01:52:10,330 --> 01:52:05,309

minute and a half I'm just looking right

1666

01:52:13,549 --> 01:52:10,340

now I'm wondering what type of advocate

1667

01:52:16,220 --> 01:52:13,559

and the public eye would be helpful do

1668

01:52:18,680 --> 01:52:16,230

you think first of all I think it would

1669

01:52:22,609 --> 01:52:18,690

be a death sentence as far as someone's

1670

01:52:24,379 --> 01:52:22,619

political career to advocate UFOs but do

1671

01:52:26,240 --> 01:52:24,389

you think there could be another public

1672

01:52:28,310 --> 01:52:26,250

person do you think that would have to

1673

01:52:29,660 --> 01:52:28,320

be a celebrity or someone that would

1674

01:52:34,729 --> 01:52:29,670

make a difference could make a

1675

01:52:36,770 --> 01:52:34,739

difference well I think more useful than

1676

01:52:39,140 --> 01:52:36,780

a celebrity might be somebody let's say

1677

01:52:41,930 --> 01:52:39,150

who's retired from public office or

1678

01:52:44,629 --> 01:52:41,940

who's some kind of a policymaker a very

1679

01:52:48,379 --> 01:52:44,639

influential player in in Washington but

1680

01:52:51,950 --> 01:52:48,389

may not be a part of the you know

1681

01:52:56,299 --> 01:52:51,960

elected he's not necessarily an elected

1682

01:52:58,760 --> 01:52:56,309

official he or she and does not have a

1683

01:53:01,010 --> 01:52:58,770

lot at stake isn't working for somebody

1684

01:53:04,430 --> 01:53:01,020

who is running for office or that kind

1685

01:53:07,850 --> 01:53:04,440

of thing somebody who has good

1686

01:53:10,250 --> 01:53:07,860

connections but it's not running for

1687

01:53:12,140 --> 01:53:10,260

office and therefore can afford to take

1688

01:53:16,910 --> 01:53:12,150

some risks if you see what I see I'm

1689

01:53:18,470 --> 01:53:16,920

sorry I do yep I'm sorry we

1690

01:53:20,750 --> 01:53:18,480

a delay here I'm gonna have to cut it

1691

01:53:23,780 --> 01:53:20,760

short we're out of time

1692

01:53:28,880 --> 01:53:23,790

so Leslie quickly say your website if

1693

01:53:32,750 --> 01:53:28,890

you would my website is UFOs on the

1694

01:53:35,510 --> 01:53:32,760

1697

show thank you everyone for listening I

1699
