

1  
00:00:03,169 --> 00:00:02,389  
and it hits me oh my gosh this is that

2  
00:00:04,249 --> 00:00:03,179  
triangle

3  
00:00:05,360 --> 00:00:04,259  
you know there's explanation for

4  
00:00:08,419 --> 00:00:05,370  
everything that occurred in the

5  
00:00:11,180 --> 00:00:08,429  
Rendlesham forest incident did aliens at

6  
00:00:14,450 --> 00:00:11,190  
all it was completely silent it comes

7  
00:00:16,700 --> 00:00:14,460  
right over our head it's so classic

8  
00:00:18,529 --> 00:00:16,710  
flying-saucer really standing in the

9  
00:00:20,000 --> 00:00:18,539  
clearing he turned over to my father and

10  
00:00:24,670 --> 00:00:20,010  
held his hand and he looked in his eyes

11  
00:00:30,830 --> 00:00:28,429  
welcome to podcast UFO for our live show

12  
00:00:33,020 --> 00:00:30,840  
we're live every Wednesday at 8 p.m.

13  
00:00:35,569 --> 00:00:33,030

Eastern Standard Time on the dark matter

14

00:00:39,229 --> 00:00:35,579

radio network please remember to visit

15

00:00:42,440 --> 00:00:39,239

the website podcast UFO calm for past

16

00:00:44,420 --> 00:00:42,450

episodes blogs and forums during the

17

00:00:46,910 --> 00:00:44,430

show feel free to participate live in

18

00:00:50,380 --> 00:00:46,920

our chat room and don't forget to like

19

00:00:53,240 --> 00:00:50,390

us on our very active Facebook page

20

00:00:55,010 --> 00:00:53,250

hello and welcome to the show I'm Martyn

21

00:00:55,729 --> 00:00:55,020

Willis your host and we have a great

22

00:00:59,840 --> 00:00:55,739

show tonight

23

00:01:02,779 --> 00:00:59,850

with guest jeremy Korb and he's an

24

00:01:06,620 --> 00:01:02,789

investigative filmmaker well before that

25

00:01:09,109 --> 00:01:06,630

we have Alejandro Rojas and he's gonna

26  
00:01:11,840 --> 00:01:09,119  
be there with the latest UFO news coming

27  
00:01:15,350 --> 00:01:11,850  
up and if you're listening live please

28  
00:01:18,830 --> 00:01:15,360  
head over to podcast UFO comm and sign

29  
00:01:20,359 --> 00:01:18,840  
in to our easy sign in chat room again I

30  
00:01:22,600 --> 00:01:20,369  
want to always want to thank supporters

31  
00:01:26,570 --> 00:01:22,610  
for just as little as a dollar a month

32  
00:01:28,730 --> 00:01:26,580  
you can help support us and if you're

33  
00:01:30,920 --> 00:01:28,740  
not able to we still appreciate each and

34  
00:01:33,050 --> 00:01:30,930  
every one of you regardless a little

35  
00:01:36,469 --> 00:01:33,060  
shout out to a couple of people that

36  
00:01:39,980 --> 00:01:36,479  
helped like Alan s or bill E Bruce app

37  
00:01:42,020 --> 00:01:39,990  
James R Bobby Hernandez I'm saying his

38  
00:01:44,810 --> 00:01:42,030

whole name because he hung out with me

39

00:01:49,429 --> 00:01:44,820

and North Carolina so I feel like I can

40

00:01:51,230 --> 00:01:49,439

say his full name we have a Iran B I

41

00:01:54,770 --> 00:01:51,240

hope I'm pronouncing that right and

42

00:01:58,160 --> 00:01:54,780

we're gonna quickly draw for a \$10

43

00:02:03,920 --> 00:01:58,170

supporter a month or more t-shirt andand

44

00:02:05,630 --> 00:02:03,930

we have Cathy M she wins all right well

45

00:02:07,819 --> 00:02:05,640

that's enough of my shenanigans it's

46

00:02:11,420 --> 00:02:07,829

time to bring on the one and the only

47

00:02:14,630 --> 00:02:11,430

Alejandro will follow just roll

48

00:02:15,589 --> 00:02:14,640

bah Loompa I was getting you back for on

49

00:02:18,949 --> 00:02:15,599

your show

50

00:02:21,800 --> 00:02:18,959

adding the middle name yeah well that's

51  
00:02:23,599 --> 00:02:21,810  
that's a custom on my show to add the

52  
00:02:27,860 --> 00:02:23,609  
middle name so it sounds like you're

53  
00:02:30,649 --> 00:02:27,870  
adopting that you also did a bit of

54  
00:02:32,720 --> 00:02:30,659  
which we did on a show a lot of the kind

55  
00:02:38,300 --> 00:02:32,730  
of a Seinfeld hello at the beginning oh

56  
00:02:41,149 --> 00:02:38,310  
I did that's almost like mrs. Doubtfire

57  
00:02:44,659 --> 00:02:41,159  
hello oh yeah that's right well there

58  
00:02:47,149 --> 00:02:44,669  
was who yeah but I guess if I should

59  
00:02:49,550 --> 00:02:47,159  
start to get very similar I don't think

60  
00:02:52,099 --> 00:02:49,560  
people are gonna mind because they'll

61  
00:02:54,740 --> 00:02:52,109  
get the shows twice that's right well

62  
00:02:57,770 --> 00:02:54,750  
you know I had I've only had one kind of

63  
00:02:59,360 --> 00:02:57,780

complaint about that and really it is we

64

00:03:01,459 --> 00:02:59,370

are we always have to watch our guests

65

00:03:04,039 --> 00:03:01,469

because sometimes our guests can almost

66

00:03:07,129 --> 00:03:04,049

overlap and I don't think we ever do

67

00:03:09,259 --> 00:03:07,139

that on purpose you know this happens so

68

00:03:11,179 --> 00:03:09,269

in fact there's times where I'll try to

69

00:03:13,849 --> 00:03:11,189

be sure that you know it's someone

70

00:03:15,319 --> 00:03:13,859

different you know what I've started

71

00:03:17,780 --> 00:03:15,329

listening to your show and I'm finding

72

00:03:19,219 --> 00:03:17,790

it quite enjoyable really yeah I'm

73

00:03:20,539 --> 00:03:19,229

almost thinking about just giving up

74

00:03:22,430 --> 00:03:20,549

this show and just listening to your

75

00:03:25,369 --> 00:03:22,440

show okay

76

00:03:27,770 --> 00:03:25,379

no not people like both of them going

77

00:03:30,289 --> 00:03:27,780

that's right now a lot of times that

78

00:03:32,210 --> 00:03:30,299

there are times for you know go go to

79

00:03:34,250 --> 00:03:32,220

shows or something and people be like oh

80

00:03:35,869 --> 00:03:34,260

yeah I heard you're on Martin show and I

81

00:03:38,890 --> 00:03:35,879

have to had some feedback I usually

82

00:03:40,909 --> 00:03:38,900

don't pay attention much to feedback

83

00:03:43,219 --> 00:03:40,919

mostly because I'm too busy writing

84

00:03:45,289 --> 00:03:43,229

stories and everything but there were a

85

00:03:47,929 --> 00:03:45,299

few people that were of course sad that

86

00:03:50,059 --> 00:03:47,939

Jason was gone from our show but a happy

87

00:03:52,399 --> 00:03:50,069

that you're gonna be joining me on a

88

00:03:54,409 --> 00:03:52,409

weekly basis so that's cool yeah I've

89

00:03:56,869 --> 00:03:54,419

got a lot of people you know really

90

00:03:59,509 --> 00:03:56,879

we'll miss Jason I listened to a number

91

00:04:02,240 --> 00:03:59,519

of shows in the past and he was good he

92

00:04:05,300 --> 00:04:02,250

did a good job yeah he's a funny little

93

00:04:07,159 --> 00:04:05,310

feller yeah he is he is funny all right

94

00:04:09,349 --> 00:04:07,169

so what do we have going on for news

95

00:04:11,929 --> 00:04:09,359

this week all right well we have a

96

00:04:14,569 --> 00:04:11,939

sighting that was posted by Roger Marsh

97

00:04:18,289 --> 00:04:14,579

another MUFON a sighting on the site and

98

00:04:21,409 --> 00:04:18,299

he says that this was seen on May 25th

99

00:04:24,440 --> 00:04:21,419

at about 10:30 p.m. I was seen over the

100

00:04:27,260 --> 00:04:24,450

i-75 highway in Michigan near

101  
00:04:32,350 --> 00:04:27,270  
little park and this witness says they

102  
00:04:36,350 --> 00:04:32,360  
saw something that was oblong

103  
00:04:39,590 --> 00:04:36,360  
horizontally they say and and the edges

104  
00:04:42,740 --> 00:04:39,600  
had pieces that appeared to be sticking

105  
00:04:44,450 --> 00:04:42,750  
out from it so the object they felt was

106  
00:04:47,120 --> 00:04:44,460  
kind of strange-looking even though it

107  
00:04:49,700 --> 00:04:47,130  
was mostly kind of an orangish reddish

108  
00:04:53,570 --> 00:04:49,710  
light that was an orange light flying

109  
00:04:54,980 --> 00:04:53,580  
through the sky the person setup first

110  
00:04:56,870 --> 00:04:54,990  
they thought maybe that it was a Chinese

111  
00:04:59,900 --> 00:04:56,880  
lantern but then they changed their mind

112  
00:05:03,680 --> 00:04:59,910  
for a couple of reasons those reasons

113  
00:05:06,200 --> 00:05:03,690

being let me scroll down here to read

114

00:05:08,600 --> 00:05:06,210

these is that first of all it was too

115

00:05:13,280 --> 00:05:08,610

large they said to be a Chinese lantern

116

00:05:15,380 --> 00:05:13,290

also that it moved too far or and fast

117

00:05:18,680 --> 00:05:15,390

and that it didn't have smooth round

118

00:05:20,750 --> 00:05:18,690

edges so the person estimated that the

119

00:05:23,900 --> 00:05:20,760

object was 300 feet away that's pretty

120

00:05:25,580 --> 00:05:23,910

close right they did get a video from

121

00:05:27,650 --> 00:05:25,590

their cellphone and it doesn't appear to

122

00:05:29,630 --> 00:05:27,660

be a very close object in fact

123

00:05:31,880 --> 00:05:29,640

unfortunately on the video all you can

124

00:05:33,380 --> 00:05:31,890

see is this small point of light off in

125

00:05:35,930 --> 00:05:33,390

the distance so you can't really make

126

00:05:38,630 --> 00:05:35,940

much out of it but an interesting

127

00:05:41,810 --> 00:05:38,640

sighting now when they say this thing

128

00:05:44,060 --> 00:05:41,820

had weird like structure or edges or

129

00:05:46,130 --> 00:05:44,070

something like that did if the video

130

00:05:48,860 --> 00:05:46,140

didn't come out very good did they draw

131

00:05:51,650 --> 00:05:48,870

a picture of it are you aware of that I

132

00:05:54,770 --> 00:05:51,660

it did not come along with the MUFON

133

00:05:57,080 --> 00:05:54,780

report so they didn't draw and submit a

134

00:05:58,880 --> 00:05:57,090

sighting see now this is one of the

135

00:06:01,100 --> 00:05:58,890

things Roger Marsh when he posts his

136

00:06:02,870 --> 00:06:01,110

stories typically he is posting them

137

00:06:05,240 --> 00:06:02,880

when they're posted onto the MUFON

138

00:06:07,130 --> 00:06:05,250

website so that we could get you know

139

00:06:09,320 --> 00:06:07,140

quickly some of the sightings that are

140

00:06:11,360 --> 00:06:09,330

out there now what will happen and it

141

00:06:13,390 --> 00:06:11,370

can take a long time is that a MUFON

142

00:06:17,420 --> 00:06:13,400

investigator will contact the witness

143

00:06:18,770 --> 00:06:17,430

and then perhaps if they feel it's

144

00:06:20,840 --> 00:06:18,780

warranted then they'll meet with the

145

00:06:22,610 --> 00:06:20,850

witness and perhaps get some drawings

146

00:06:24,320 --> 00:06:22,620

and things like that then I'll write up

147

00:06:27,380 --> 00:06:24,330

a report and submit it that could take a

148

00:06:29,330 --> 00:06:27,390

month - a long period of time they like

149

00:06:32,540 --> 00:06:29,340

that the reports to be completed within

150

00:06:34,730 --> 00:06:32,550

90 days so it can take some time and

151  
00:06:38,060 --> 00:06:34,740  
then once they're submitted

152  
00:06:40,970 --> 00:06:38,070  
you know then Roger never knows when

153  
00:06:43,490 --> 00:06:40,980  
submitted so sometimes he'll have to go

154  
00:06:46,670 --> 00:06:43,500  
back and look to see what reports were

155  
00:06:48,830 --> 00:06:46,680  
finished up and what the results were so

156  
00:06:51,710 --> 00:06:48,840  
it takes some time to get that sort of

157  
00:06:55,070 --> 00:06:51,720  
thing so perhaps in the future if this

158  
00:06:57,380 --> 00:06:55,080  
after investigation proves to be remain

159  
00:06:59,900 --> 00:06:57,390  
an unknown object that he'll get some

160  
00:07:01,790 --> 00:06:59,910  
drawings or something like that but thus

161  
00:07:04,070 --> 00:07:01,800  
far there are no drawings that were

162  
00:07:06,620 --> 00:07:04,080  
included yeah I'm always interested in

163  
00:07:09,290 --> 00:07:06,630

the different shaped craft when

164

00:07:11,650 --> 00:07:09,300

something you know is unusual compared

165

00:07:15,050 --> 00:07:11,660

to what you usually hear they look like

166

00:07:17,180 --> 00:07:15,060

one of those and it can be hard though I

167

00:07:19,550 --> 00:07:17,190

mean because your eyes especially at

168

00:07:21,950 --> 00:07:19,560

night also you know everybody sees this

169

00:07:24,470 --> 00:07:21,960

the kind of a starlight effect where you

170

00:07:28,970 --> 00:07:24,480

know it seems to not be a point of light

171

00:07:32,270 --> 00:07:28,980

when it actually is so sometimes that

172

00:07:35,170 --> 00:07:32,280

those can be illusions right right so

173

00:07:37,060 --> 00:07:35,180

what else is happening what's happening

174

00:07:39,740 --> 00:07:37,070

well this is kind of interesting

175

00:07:43,580 --> 00:07:39,750

Skrillex you heard of this dude oh yeah

176

00:07:47,210 --> 00:07:43,590

yeah yeah he's got this kind of wild

177

00:07:50,150 --> 00:07:47,220

haircut and I first heard about Skrillex

178

00:07:52,340 --> 00:07:50,160

from Travis Walton because Travis Walton

179

00:07:55,280 --> 00:07:52,350

said he went to this guy's birthday

180

00:07:57,050 --> 00:07:55,290

party in Malibu and that there were lots

181

00:07:59,330 --> 00:07:57,060

of stars there so I was like what the

182

00:08:02,510 --> 00:07:59,340

heck who is this guy turns out he's an

183

00:08:05,380 --> 00:08:02,520

electronic dance music guy who's really

184

00:08:07,730 --> 00:08:05,390

into UFOs and aliens and stuff and

185

00:08:09,500 --> 00:08:07,740

supposedly I guess he had a dream at

186

00:08:11,870 --> 00:08:09,510

least that he believes that might be

187

00:08:14,360 --> 00:08:11,880

really related to alien contact or

188

00:08:17,210 --> 00:08:14,370

terror aliens in this dream and somehow

189

00:08:20,120 --> 00:08:17,220

he got this idea from this dream to

190

00:08:23,420 --> 00:08:20,130

share images of the earth from

191

00:08:25,460 --> 00:08:23,430

satellites now maybe it was from maybe

192

00:08:26,840 --> 00:08:25,470

he was in a UFO flying around and he

193

00:08:30,650 --> 00:08:26,850

looked out the window and said hey that

194

00:08:33,589 --> 00:08:30,660

looks cool like that so he actually came

195

00:08:36,080 --> 00:08:33,599

up with this idea from a dream yeah from

196

00:08:40,790 --> 00:08:36,090

a dream about alien somehow he doesn't

197

00:08:43,610 --> 00:08:40,800

go into detail but this is information

198

00:08:46,250 --> 00:08:43,620

that was written on a website called PS

199

00:08:48,410 --> 00:08:46,260

FK that keeps up on technology and it's

200

00:08:51,540 --> 00:08:48,420

based off of something that Google just

201  
00:08:55,860 --> 00:08:51,550  
released that they worked with Skrillex

202  
00:08:58,590 --> 00:08:55,870  
with Google released some Android phone

203  
00:09:01,650 --> 00:08:58,600  
cases and with the phone cases you get

204  
00:09:05,040 --> 00:09:01,660  
this wallpaper and this wallpapers beams

205  
00:09:07,170 --> 00:09:05,050  
your phone live images from satellites

206  
00:09:09,389 --> 00:09:07,180  
so pretty cool I mean I'm that's a good

207  
00:09:12,300 --> 00:09:09,399  
idea for a wallpaper I think oh it also

208  
00:09:14,550 --> 00:09:12,310  
comes with an app where you get Skrillex

209  
00:09:16,620 --> 00:09:14,560  
music you get the album before it comes

210  
00:09:17,400 --> 00:09:16,630  
out all of this cool Skrillex stuff if

211  
00:09:19,380 --> 00:09:17,410  
you're into it

212  
00:09:22,079 --> 00:09:19,390  
Skrillex is really into aliens like I

213  
00:09:24,990 --> 00:09:22,089

said so he has lots of alien imagery in

214

00:09:28,430 --> 00:09:25,000

his artwork so it's kind of cool and

215

00:09:31,470 --> 00:09:28,440

yeah he Travis said that at the last

216

00:09:34,400 --> 00:09:31,480

birthday party he had that Giorgio

217

00:09:38,340 --> 00:09:34,410

tsoukalos was there let's see who else

218

00:09:40,530 --> 00:09:38,350

Corey Feldman great Craig Robinson I

219

00:09:43,440 --> 00:09:40,540

don't know who that is Tony Hawk he's a

220

00:09:45,660 --> 00:09:43,450

skateboarder guy Ryan Cabrera I'm not

221

00:09:48,660 --> 00:09:45,670

sure who that is Gary Busey everybody

222

00:09:52,980 --> 00:09:48,670

knows he is he's nuts as can be I love

223

00:09:57,660 --> 00:09:52,990

the guy and Tara Reid oh yeah

224

00:10:00,720 --> 00:09:57,670

from American baby boy oh is that right

225

00:10:03,569 --> 00:10:00,730

now he's in sharknado you know Skrillex

226

00:10:06,180 --> 00:10:03,579

that seems up that's a real good alien

227

00:10:08,040 --> 00:10:06,190

name if you think about it it is that's

228

00:10:09,990 --> 00:10:08,050

a really good point and maybe I don't

229

00:10:13,199 --> 00:10:10,000

know where the name derives from maybe

230

00:10:15,449 --> 00:10:13,209

from the alien dream could be but you

231

00:10:16,500 --> 00:10:15,459

know I mean how do we know you know with

232

00:10:18,090 --> 00:10:16,510

the haircut and everything how do we

233

00:10:21,769 --> 00:10:18,100

know he's not an alien

234

00:10:24,780 --> 00:10:21,779

it's entirely possible I think that

235

00:10:26,579 --> 00:10:24,790

probable in fact if we ask the Roswell

236

00:10:29,130 --> 00:10:26,589

slides people I'm sure they'll be able

237

00:10:31,889 --> 00:10:29,140

to find some goofball scientists who

238

00:10:33,900 --> 00:10:31,899

will be able to claim that Skrillex is

239

00:10:37,290 --> 00:10:33,910

an alien as long as they can do it from

240

00:10:41,550 --> 00:10:37,300

a photo if we send up a photo of

241

00:10:45,420 --> 00:10:41,560

Skrillex zing yeah all right so what's

242

00:10:49,680 --> 00:10:45,430

the last story today the last story has

243

00:10:51,480 --> 00:10:49,690

to do with your girlfriend oh she is an

244

00:10:54,300 --> 00:10:51,490

alien I sent a picture to the Roswell

245

00:10:55,920 --> 00:10:54,310

people and no actually it does because

246

00:10:58,829 --> 00:10:55,930

and I know this because she told me

247

00:11:01,920 --> 00:10:58,839

about this on my show but as to do with

248

00:11:03,990 --> 00:11:01,930

a Russian UFO video so the UK media

249

00:11:05,310 --> 00:11:04,000

media picked up on this Russian UFO

250

00:11:07,560 --> 00:11:05,320

video

251  
00:11:09,389 --> 00:11:07,570  
and you know they post it without doing

252  
00:11:11,699 --> 00:11:09,399  
research because they're really terrible

253  
00:11:15,210 --> 00:11:11,709  
at doing investigative about journalism

254  
00:11:17,220 --> 00:11:15,220  
and they assume that this video was

255  
00:11:20,490 --> 00:11:17,230  
recent because it did go up on YouTube

256  
00:11:21,629 --> 00:11:20,500  
and said Russian UFO 2015 but if they

257  
00:11:22,889 --> 00:11:21,639  
wouldn't have done a little bit of

258  
00:11:26,420 --> 00:11:22,899  
research it would have found that this

259  
00:11:29,939 --> 00:11:26,430  
video actually comes from 2013 and

260  
00:11:32,460 --> 00:11:29,949  
furthermore that the UFOs in this video

261  
00:11:34,230 --> 00:11:32,470  
were also seen over st. Petersburg in

262  
00:11:36,629 --> 00:11:34,240  
2012 and there's some other videos

263  
00:11:38,730 --> 00:11:36,639

posted there as well so although the

264

00:11:40,439 --> 00:11:38,740

video isn't from 2015 it's a very

265

00:11:44,129 --> 00:11:40,449

interesting video it does show these

266

00:11:46,319 --> 00:11:44,139

lights these these points of light and

267

00:11:49,410 --> 00:11:46,329

it's not quite dark out it's kind of

268

00:11:52,860 --> 00:11:49,420

like Twilight and they're kind of in a

269

00:11:55,139 --> 00:11:52,870

cluster floating up there in the air in

270

00:11:57,689 --> 00:11:55,149

all of these videos and so you could see

271

00:11:59,519 --> 00:11:57,699

those in our story so it's kind of weird

272

00:12:00,990 --> 00:11:59,529

there's people who are adamant that

273

00:12:04,740 --> 00:12:01,000

these are flares some people have

274

00:12:06,600 --> 00:12:04,750

suggested Chinese lanterns I'm kind of

275

00:12:09,059 --> 00:12:06,610

thinking I could see how they might be

276

00:12:13,500 --> 00:12:09,069

flares but you made some arguments as

277

00:12:16,110 --> 00:12:13,510

how to why they might not be yeah well

278

00:12:17,370 --> 00:12:16,120

first of all there's no way they're

279

00:12:20,280 --> 00:12:17,380

Chinese lanterns because they're just

280

00:12:23,960 --> 00:12:20,290

way too light they're super grade and

281

00:12:26,309 --> 00:12:23,970

then the other argument I made is that

282

00:12:30,449 --> 00:12:26,319

well one I didn't think of at the time

283

00:12:33,780 --> 00:12:30,459

is why were they staying so still

284

00:12:37,829 --> 00:12:33,790

there's absolutely no fall in them do do

285

00:12:39,509 --> 00:12:37,839

new type of technology flares stay in

286

00:12:40,379 --> 00:12:39,519

one place or do they actually float

287

00:12:42,240 --> 00:12:40,389

toward the ground

288

00:12:44,069 --> 00:12:42,250

well here's the thing and I've got video

289

00:12:46,530 --> 00:12:44,079

that I posted with this story that I've

290

00:12:48,660 --> 00:12:46,540

taken up flares because I used to see

291

00:12:51,780 --> 00:12:48,670

flares a lot here by my home in the

292

00:12:53,610 --> 00:12:51,790

Goldwater range the same area where the

293

00:12:57,329 --> 00:12:53,620

players were supposedly dropped at 10:00

294

00:13:01,230 --> 00:12:57,339

p.m. the night of the Phoenix lights for

295

00:13:03,030 --> 00:13:01,240

some reason but they do when they're

296

00:13:06,600 --> 00:13:03,040

really far off like these are like

297

00:13:08,910 --> 00:13:06,610

Goldwater is like 60 80 miles away from

298

00:13:12,030 --> 00:13:08,920

me and surprisingly you see these things

299

00:13:13,590 --> 00:13:12,040

just like in this video super bright but

300

00:13:16,559 --> 00:13:13,600

they're so far away and I guess they're

301  
00:13:18,410 --> 00:13:16,569  
on parachutes you don't see flame you

302  
00:13:22,370 --> 00:13:18,420  
don't see smoke

303  
00:13:25,910 --> 00:13:22,380  
you don't see parachutes and they don't

304  
00:13:28,790 --> 00:13:25,920  
seem to be dropping at all they seem to

305  
00:13:32,210 --> 00:13:28,800  
be just still there in the air so I

306  
00:13:34,970 --> 00:13:32,220  
think they drop it's such a low rate

307  
00:13:36,439 --> 00:13:34,980  
that they don't appear to be dropping at

308  
00:13:38,540 --> 00:13:36,449  
all unless you have some sort of

309  
00:13:40,730 --> 00:13:38,550  
reference point something on the ground

310  
00:13:43,850 --> 00:13:40,740  
next to them which often you don't when

311  
00:13:46,790 --> 00:13:43,860  
they're in the air so yeah they can look

312  
00:13:50,329 --> 00:13:46,800  
like they're standing still okay well

313  
00:13:52,879 --> 00:13:50,339

they're most likely flares I I have to

314

00:13:54,470 --> 00:13:52,889

admit that you know was kind of puzzling

315

00:13:57,680 --> 00:13:54,480

to me a couple things are puzzling one

316

00:14:00,079 --> 00:13:57,690

is yes the ones in st. Petersburg look

317

00:14:02,629 --> 00:14:00,089

exactly like them and would they

318

00:14:05,420 --> 00:14:02,639

actually drop flares over st. Petersburg

319

00:14:07,910 --> 00:14:05,430

that's another question and then you

320

00:14:12,680 --> 00:14:07,920

know these were like almost daylight or

321

00:14:14,810 --> 00:14:12,690

early Twilight and and that just was

322

00:14:16,819 --> 00:14:14,820

kind of puzzling you didn't see any

323

00:14:20,180 --> 00:14:16,829

plane they did go out around three

324

00:14:22,250 --> 00:14:20,190

quarters away through and then there was

325

00:14:23,750 --> 00:14:22,260

another sighting over to the left he's

326

00:14:25,579 --> 00:14:23,760

actually one of them is yelling and

327

00:14:28,370 --> 00:14:25,589

Russian looked to the left and you could

328

00:14:30,949 --> 00:14:28,380

barely see some over there and then the

329

00:14:33,290 --> 00:14:30,959

ones to the right come back exactly in

330

00:14:35,360 --> 00:14:33,300

the same place and they appear to be in

331

00:14:37,790 --> 00:14:35,370

exactly the same cluster after they went

332

00:14:41,300 --> 00:14:37,800

out so it's to me it's kind of puzzling

333

00:14:42,500 --> 00:14:41,310

maybe it is just flares but if so you

334

00:14:45,560 --> 00:14:42,510

know there was just a couple of those

335

00:14:47,710 --> 00:14:45,570

questions I had yeah I was feeling

336

00:14:49,910 --> 00:14:47,720

pretty confident that they were flares

337

00:14:54,380 --> 00:14:49,920

early on because I've seen them in

338

00:14:56,150 --> 00:14:54,390

clusters like this before but you

339

00:14:57,290 --> 00:14:56,160

certainly gave me some things to think

340

00:14:59,840 --> 00:14:57,300

about like when you mentioned you know

341

00:15:02,840 --> 00:14:59,850

your your girlfriend translated the video

342

00:15:05,870 --> 00:15:02,850

and was able to hear those things but

343

00:15:08,509 --> 00:15:05,880

also that it's Twilight and that is very

344

00:15:10,189 --> 00:15:08,519

strange because it seems that flares

345

00:15:11,960 --> 00:15:10,199

aren't gonna be very effective at

346

00:15:14,809 --> 00:15:11,970

Twilight

347

00:15:16,519 --> 00:15:14,819

to light up the ground so I don't know

348

00:15:18,370 --> 00:15:16,529

why they would be doing that unless

349

00:15:21,230 --> 00:15:18,380

maybe they're just practicing the

350

00:15:24,350 --> 00:15:21,240

dropping of them and not using them to

351

00:15:25,699 --> 00:15:24,360

light the ground so I don't know they

352

00:15:27,410 --> 00:15:25,709

are kind of weird people should

353

00:15:29,930 --> 00:15:27,420

definitely take a look at the videos I

354

00:15:31,220 --> 00:15:29,940

think they're pretty striking and it's

355

00:15:31,970 --> 00:15:31,230

interesting that they should be

356

00:15:34,070 --> 00:15:31,980

happening

357

00:15:36,290 --> 00:15:34,080

in these populated areas that's right

358

00:15:38,600 --> 00:15:36,300

yeah I do suggest to take a look at the

359

00:15:40,160 --> 00:15:38,610

video because it is intriguing and you

360

00:15:43,670 --> 00:15:40,170

can find that in our show notes on

361

00:15:45,560 --> 00:15:43,680

podcast UFO which will link over to open

362

00:15:49,700 --> 00:15:45,570

minds TV

363

00:15:52,040 --> 00:15:49,710

it and thanks a lot Alejandro my

364

00:15:54,620 --> 00:15:52,050

pleasure and we'll be talking to you

365

00:15:56,090 --> 00:15:54,630

twice next week again and hanging

366

00:16:57,880 --> 00:15:56,100

everyone we're gonna be right back after

367

00:17:03,890 --> 00:17:02,330

Jeremie Korbel how are you I'm good

368

00:17:05,000 --> 00:17:03,900

Martin how're you doing good

369

00:17:10,040 --> 00:17:05,010

I always worried that someone's gonna

370

00:17:14,420 --> 00:17:10,050

forget to turn off their mute thanks for

371

00:17:16,550 --> 00:17:14,430

joining us yeah I was uh I was excited

372

00:17:20,090 --> 00:17:16,560

to meet you out in Phoenix back in

373

00:17:22,280 --> 00:17:20,100

February I watched a film you did and I

374

00:17:25,090 --> 00:17:22,290

thought you did an excellent job on it

375

00:17:28,340 --> 00:17:25,100

in many ways it's very artistically

376

00:17:29,900 --> 00:17:28,350

filmed and everything about it so I

377

00:17:33,080 --> 00:17:29,910

thought you did a really good job and

378

00:17:35,690 --> 00:17:33,090

I'm excited to see what else you do as

379

00:17:38,720 --> 00:17:35,700

time goes on why don't you fill in the

380

00:17:41,390 --> 00:17:38,730

listening audience of actually who you

381

00:17:43,100 --> 00:17:41,400

are and but more and not more

382

00:17:45,320 --> 00:17:43,110

importantly but just as importantly as

383

00:17:48,980 --> 00:17:45,330

what intrigued you in the beginning of

384

00:17:51,770 --> 00:17:48,990

this subject yeah okay but that's a

385

00:17:56,360 --> 00:17:51,780

pretty easy question answer so basically

386

00:17:59,690 --> 00:17:56,370

I am Jeremy Korbelt I started into this

387

00:18:03,430 --> 00:17:59,700

field probably the the same way anybody

388

00:18:06,380 --> 00:18:03,440

starts just out of sheer curiosity

389

00:18:10,610 --> 00:18:06,390

specifically the moment I remember is I

390

00:18:15,740 --> 00:18:10,620

was 13 years old and somehow I heard on

391

00:18:20,480 --> 00:18:15,750

the radio the voice of bob lazar John

392

00:18:23,840 --> 00:18:20,490

Lear jeha and George Knapp and that was

393

00:18:26,900 --> 00:18:23,850

an amazing moment because that was back

394

00:18:29,780 --> 00:18:26,910

in 1989 when Bob Lazar was coming

395

00:18:33,050 --> 00:18:29,790

forward and telling his story and at

396

00:18:34,490 --> 00:18:33,060

that time the way he described the

397

00:18:38,270 --> 00:18:34,500

propulsion system

398

00:18:41,420 --> 00:18:38,280

it was so counterintuitive to what we

399

00:18:43,700 --> 00:18:41,430

know of traditional or classic

400

00:18:45,290 --> 00:18:43,710

propulsion systems that it literally I

401  
00:18:47,750 --> 00:18:45,300  
mean I like to say it weaponized my

402  
00:18:51,610 --> 00:18:47,760  
curiosity it did it made me want to know

403  
00:18:54,500 --> 00:18:51,620  
more it expanded my imagination and

404  
00:18:57,620 --> 00:18:54,510  
allowed me to kind of look into this

405  
00:19:00,380 --> 00:18:57,630  
because in a way it just made sense if

406  
00:19:03,970 --> 00:19:00,390  
things are traversing or objects are

407  
00:19:05,640 --> 00:19:03,980  
traversing space time gravity

408  
00:19:08,280 --> 00:19:05,650  
amplification or

409  
00:19:09,750 --> 00:19:08,290  
the warping of gravity seems like the

410  
00:19:14,040 --> 00:19:09,760  
logical way in which that would be

411  
00:19:16,049 --> 00:19:14,050  
happening so even as a young kid this is

412  
00:19:18,210 --> 00:19:16,059  
how it all started for me was just

413  
00:19:19,740 --> 00:19:18,220

simply hearing a story I mean I didn't

414

00:19:22,580 --> 00:19:19,750

have a sighting or something powerful

415

00:19:25,560 --> 00:19:22,590

like that I wish I have but I had him

416

00:19:28,170 --> 00:19:25,570

but more than anything it was just the

417

00:19:30,120 --> 00:19:28,180

way that the propulsion system was

418

00:19:34,770 --> 00:19:30,130

described that was absolutely

419

00:19:36,420 --> 00:19:34,780

fascinating so that's how I started that

420

00:19:38,610 --> 00:19:36,430

is not the path that I took for the

421

00:19:41,520 --> 00:19:38,620

majority of my life this is a more

422

00:19:43,860 --> 00:19:41,530

recent endeavor for me where I've

423

00:19:47,310 --> 00:19:43,870

dedicated you know my livelihood my life

424

00:19:51,570 --> 00:19:47,320

and all of my time to this for the last

425

00:19:54,570 --> 00:19:51,580

six years so six years and so you you're

426

00:19:57,240 --> 00:19:54,580

a fairly young in 1989 when you and did

427

00:19:59,160 --> 00:19:57,250

you actually hear that show live I don't

428

00:20:02,669 --> 00:19:59,170

remember how I heard the show

429

00:20:04,410 --> 00:20:02,679

specifically but I just remember hearing

430

00:20:08,930 --> 00:20:04,420

it and I remember being about 13 years

431

00:20:11,940 --> 00:20:08,940

old and it was something that I remember

432

00:20:13,080 --> 00:20:11,950

affected me I mean it was really you

433

00:20:15,030 --> 00:20:13,090

know you go around running around

434

00:20:16,290 --> 00:20:15,040

telling your friends oh my gosh I

435

00:20:18,450 --> 00:20:16,300

finally heard something that makes sense

436

00:20:20,340 --> 00:20:18,460

I think there's probably et life

437

00:20:22,500 --> 00:20:20,350

visiting the planet and people are like

438

00:20:24,630 --> 00:20:22,510

you know back at that time people are

439

00:20:27,030 --> 00:20:24,640

like what are you talking about and

440

00:20:29,520 --> 00:20:27,040

nowadays you know everybody's hip with

441

00:20:31,410 --> 00:20:29,530

the exoplanets in the Goldilocks zone I

442

00:20:33,450 --> 00:20:31,420

mean the skeptics are pretending like

443

00:20:36,090 --> 00:20:33,460

they made it up themselves it's it's

444

00:20:38,460 --> 00:20:36,100

it's absolutely incredible the paradigm

445

00:20:41,400 --> 00:20:38,470

has shifted within human consciousness

446

00:20:44,940 --> 00:20:41,410

to the point where what we were laughing

447

00:20:47,669 --> 00:20:44,950

about you know 20 years ago is commonly

448

00:20:49,919 --> 00:20:47,679

accepted by the majority of people on

449

00:20:52,410 --> 00:20:49,929

the planet today it makes you wonder

450

00:20:54,690 --> 00:20:52,420

what the second question that will be

451  
00:20:57,450 --> 00:20:54,700  
answered in 20 years is you know I have

452  
00:21:00,780 --> 00:20:57,460  
theories but yeah it's a different world

453  
00:21:02,960 --> 00:21:00,790  
now you know it's a lot of times when

454  
00:21:06,960 --> 00:21:02,970  
the subject comes up and it did recently

455  
00:21:08,640 --> 00:21:06,970  
when I was talking to an executive about

456  
00:21:11,040 --> 00:21:08,650  
a whole different matter I said I had to

457  
00:21:13,290 --> 00:21:11,050  
do a show he said what show and I said

458  
00:21:16,050 --> 00:21:13,300  
well it's on UFOs and he looks at me and

459  
00:21:19,440 --> 00:21:16,060  
he said you believe in those things and

460  
00:21:22,620 --> 00:21:19,450  
I said well I don't know if belief in

461  
00:21:24,240 --> 00:21:22,630  
I said something is going on I just

462  
00:21:27,779 --> 00:21:24,250  
don't know what it is and I don't think

463  
00:21:29,789 --> 00:21:27,789

anyone really knows 100% sure what it is

464

00:21:31,139 --> 00:21:29,799

you know that type of thing but I like

465

00:21:33,600 --> 00:21:31,149

that when a lot of people say you

466

00:21:35,789 --> 00:21:33,610

believe in like it already

467

00:21:38,549 --> 00:21:35,799

it's like connotation that they're gonna

468

00:21:40,860 --> 00:21:38,559

you know it's a bad thing right it's

469

00:21:45,210 --> 00:21:40,870

actually it's it's amazing that's that's

470

00:21:47,279 --> 00:21:45,220

why I've called my you know my

471

00:21:50,310 --> 00:21:47,289

investigative series extraordinary

472

00:21:52,680 --> 00:21:50,320

beliefs it was essentially two kind of

473

00:21:54,180 --> 00:21:52,690

real people in saying okay if you want

474

00:21:56,879 --> 00:21:54,190

to call it a belief then we'll call it

475

00:22:00,000 --> 00:21:56,889

an extraordinary belief I no longer have

476  
00:22:02,850 --> 00:22:00,010  
the luxury of disbelief but the point is

477  
00:22:06,419 --> 00:22:02,860  
it's a ruse because it's either true or

478  
00:22:09,509 --> 00:22:06,429  
it's not true this has nothing to do

479  
00:22:12,990 --> 00:22:09,519  
with belief there is either craft that

480  
00:22:15,299 --> 00:22:13,000  
is the that's visiting Earth from

481  
00:22:17,549 --> 00:22:15,309  
another intelligence from somewhere

482  
00:22:20,490 --> 00:22:17,559  
other than Earth itself or it's not true

483  
00:22:23,639 --> 00:22:20,500  
it's one or the other you know it's not

484  
00:22:27,529 --> 00:22:23,649  
a matter of belief it's fact or it's

485  
00:22:31,950 --> 00:22:27,539  
fiction all of the evidence is is is

486  
00:22:34,320 --> 00:22:31,960  
extremely weighty that it is fact I mean

487  
00:22:36,210 --> 00:22:34,330  
you know you talk to anybody who's had

488  
00:22:39,389 --> 00:22:36,220

access to military programs I mean

489

00:22:41,190 --> 00:22:39,399

current active military individuals at

490

00:22:43,700 --> 00:22:41,200

the highest ranking levels that I've

491

00:22:46,350 --> 00:22:43,710

ever had contact with have told me

492

00:22:48,299 --> 00:22:46,360

deadpan straightforward not for me to

493

00:22:50,789 --> 00:22:48,309

share specifics with anybody else but

494

00:22:53,759 --> 00:22:50,799

have told me yes we are being engaged

495

00:22:56,669 --> 00:22:53,769

and we track these on a daily basis with

496

00:22:59,730 --> 00:22:56,679

a multitude of different types of radar

497

00:23:02,669 --> 00:22:59,740

and it's just a fact our airspace is

498

00:23:05,240 --> 00:23:02,679

being you know traversed from vehicles

499

00:23:08,190 --> 00:23:05,250

of highly advanced origin that are

500

00:23:10,399 --> 00:23:08,200

non-terrestrial and non-human and if

501  
00:23:13,289 --> 00:23:10,409  
that's true I mean I'm exterior

502  
00:23:16,379 --> 00:23:13,299  
mysterious is you I want to know more

503  
00:23:19,350 --> 00:23:16,389  
you know yeah yeah and I you know you

504  
00:23:22,370 --> 00:23:19,360  
wonder I think a lot of times you know

505  
00:23:25,289 --> 00:23:22,380  
in my lifetime I would love to know

506  
00:23:27,389 --> 00:23:25,299  
actually the answer if there is an

507  
00:23:29,430 --> 00:23:27,399  
answer and one of the things I've said a

508  
00:23:30,830 --> 00:23:29,440  
number of times and I kind of repeat

509  
00:23:33,060 --> 00:23:30,840  
myself a little bit here and there but

510  
00:23:34,440 --> 00:23:33,070  
it might be some

511  
00:23:37,289 --> 00:23:34,450  
thing that we haven't even thought of

512  
00:23:39,930 --> 00:23:37,299  
yet you know this whole absolutely I am

513  
00:23:42,539 --> 00:23:39,940

with you on that a hundred percent the

514

00:23:46,080 --> 00:23:42,549

the deeper I go into this the the more I

515

00:23:48,629 --> 00:23:46,090

realize that this cosmic game or

516

00:23:52,740 --> 00:23:48,639

whatever it is that's going on it is not

517

00:23:55,680 --> 00:23:52,750

as simple as we make it it cannot simply

518

00:23:58,409 --> 00:23:55,690

be you know craft from other

519

00:24:01,019 --> 00:23:58,419

intelligences that live in other solar

520

00:24:03,749 --> 00:24:01,029

systems within the Milky Way galaxy or

521

00:24:06,210 --> 00:24:03,759

beyond I mean it just cannot it's too

522

00:24:09,749 --> 00:24:06,220

bizarre it's too strange its

523

00:24:11,789 --> 00:24:09,759

unfathomable so I'm with you you know

524

00:24:14,279 --> 00:24:11,799

I'm kind of like go old-school Jacques

525

00:24:18,119 --> 00:24:14,289

ballet style there is something else

526

00:24:21,180 --> 00:24:18,129

going on most likely it seems that there

527

00:24:23,009 --> 00:24:21,190

is a I didn't even know if I'd call it

528

00:24:26,519 --> 00:24:23,019

an education program like like ballet

529

00:24:30,029 --> 00:24:26,529

would say but it's some sort of it

530

00:24:33,119 --> 00:24:30,039

appears to me that whatever is going on

531

00:24:34,799 --> 00:24:33,129

is far beyond vehicles coming from other

532

00:24:37,080 --> 00:24:34,809

star systems that's a lot of comfortable

533

00:24:39,119 --> 00:24:37,090

thing because I'm as lost as you yeah

534

00:24:40,980 --> 00:24:39,129

yeah now let's talk quickly about your

535

00:24:43,259 --> 00:24:40,990

website we'll bring that up a few times

536

00:24:46,799 --> 00:24:43,269

but I also like the name of it

537

00:24:49,740 --> 00:24:46,809

extraordinary beliefs calm yeah and on

538

00:24:54,499 --> 00:24:49,750

that website one of the favorite spots I

539

00:24:56,789 --> 00:24:54,509

found today was your favorite UFO quotes

540

00:24:58,919 --> 00:24:56,799

because a lot of it yeah a lot of them I

541

00:25:03,299 --> 00:24:58,929

had never heard before or seen before

542

00:25:06,659 --> 00:25:03,309

and interesting quotes and they date all

543

00:25:09,629 --> 00:25:06,669

the way back you know to the 40s and you

544

00:25:10,980 --> 00:25:09,639

know there's presidents there's how long

545

00:25:11,999 --> 00:25:10,990

did it take you to compile that list

546

00:25:14,369 --> 00:25:12,009

it's a great list

547

00:25:17,249 --> 00:25:14,379

thanks man um you know what that was

548

00:25:19,799 --> 00:25:17,259

just over a long time and you know I've

549

00:25:21,779 --> 00:25:19,809

tried to kind of validate there's so

550

00:25:24,600 --> 00:25:21,789

many quotes on there that I had that

551

00:25:27,419 --> 00:25:24,610

were amazing but I just I could not

552

00:25:29,129 --> 00:25:27,429

trace them back so I would say you know

553

00:25:31,860 --> 00:25:29,139

the majority of what you find there I've

554

00:25:35,519 --> 00:25:31,870

been able to kind of validate in some

555

00:25:37,799 --> 00:25:35,529

way you know I reserve the right to take

556

00:25:39,180 --> 00:25:37,809

any out of there but the majority you

557

00:25:40,529 --> 00:25:39,190

know I did work on them I didn't just

558

00:25:43,500 --> 00:25:40,539

like copy and paste from the internet

559

00:25:45,570 --> 00:25:43,510

you know I would find quotes try to find

560

00:25:47,430 --> 00:25:45,580

the origins of them so

561

00:25:50,400 --> 00:25:47,440

I can stand behind most of them but I'm

562

00:25:53,160 --> 00:25:50,410

willing to be wrong but yeah what was

563

00:25:56,490 --> 00:25:53,170

your favorite quote hey let's say it's

564

00:25:59,970 --> 00:25:56,500

one I've heard before and oh the twining

565

00:26:02,430 --> 00:25:59,980

the twining memo I always wonder is that

566

00:26:05,790 --> 00:26:02,440

the first one did the UFO phenomenon

567

00:26:08,250 --> 00:26:05,800

being reported is something real and not

568

00:26:11,660 --> 00:26:08,260

visionary or fictitious that's general

569

00:26:16,140 --> 00:26:11,670

Nathan twining and that was from a

570

00:26:17,310 --> 00:26:16,150

memorandum you know that yeah I mean so

571

00:26:19,710 --> 00:26:17,320

they said that one actually have a date

572

00:26:22,950 --> 00:26:19,720

for I I feel like that as a real quote

573

00:26:24,600 --> 00:26:22,960

but a lot of these are pretty you know

574

00:26:27,720 --> 00:26:24,610

do your research and please audience

575

00:26:31,860 --> 00:26:27,730

listening tell me if I missed a good one

576

00:26:35,760 --> 00:26:31,870

or if one of them is not right yeah yeah

577

00:26:39,240 --> 00:26:35,770

yeah then the Flying Saucer situation is

578

00:26:42,060 --> 00:26:39,250

not at all imaginary you know night that

579

00:26:44,190 --> 00:26:42,070

was all the way back in 1847 well I mean

580

00:26:46,350 --> 00:26:44,200

look this this phenomenon that we call

581

00:26:49,440 --> 00:26:46,360

the UFO phenomenon which i think is a

582

00:26:51,600 --> 00:26:49,450

really like narrow way to look at it but

583

00:26:54,420 --> 00:26:51,610

but this experience that we're having as

584

00:26:56,580 --> 00:26:54,430

humans where there appears to be other

585

00:26:58,890 --> 00:26:56,590

intelligences communicating with

586

00:27:00,870 --> 00:26:58,900

humanity I mean it dates back to the

587

00:27:03,120 --> 00:27:00,880

beginning of recorded human history I

588

00:27:05,370 --> 00:27:03,130

mean we all know that we've all been

589

00:27:07,020 --> 00:27:05,380

exposed to ancient alien theories and

590

00:27:09,210 --> 00:27:07,030

all of this I mean even you know

591

00:27:12,360 --> 00:27:09,220

Christopher Columbus has documented in

592

00:27:13,860 --> 00:27:12,370

his journals you know us owes which are

593

00:27:16,530 --> 00:27:13,870

not talked about but were some of the

594

00:27:18,750 --> 00:27:16,540

first sightings ever recorded

595

00:27:21,450 --> 00:27:18,760

so I mean most of the planet is water

596

00:27:24,600 --> 00:27:21,460

and if these things usually and actually

597

00:27:26,520 --> 00:27:24,610

use gravitational propulsion systems

598

00:27:30,030 --> 00:27:26,530

then it wouldn't matter if they were

599

00:27:31,800 --> 00:27:30,040

traversing water or air or up in outer

600

00:27:32,970 --> 00:27:31,810

space it would be the same to them

601  
00:27:36,720 --> 00:27:32,980  
because they're creating an artificial

602  
00:27:38,610 --> 00:27:36,730  
field so if any of this is true you know

603  
00:27:41,310 --> 00:27:38,620  
the place I would hide is you know where

604  
00:27:43,740 --> 00:27:41,320  
most of the planet is which is water so

605  
00:27:47,370 --> 00:27:43,750  
you SOS because it's hard to study is

606  
00:27:50,460 --> 00:27:47,380  
one of the most interesting you know

607  
00:27:52,890 --> 00:27:50,470  
parts of this phenomenon yes recently I

608  
00:27:55,140 --> 00:27:52,900  
was looking for a guest actually I

609  
00:27:56,580 --> 00:27:55,150  
haven't had anyone really talk on that

610  
00:27:58,290 --> 00:27:56,590  
subject I know there are a few people

611  
00:27:59,010 --> 00:27:58,300  
out there but are you looking to get

612  
00:28:00,540 --> 00:27:59,020  
again

613  
00:28:04,740 --> 00:28:00,550

on the show that we'll talk exclusively

614

00:28:07,020 --> 00:28:04,750

about that my fascinating yeah my mentor

615

00:28:08,760 --> 00:28:07,030

George Knapp and you know I with a lot

616

00:28:11,700 --> 00:28:08,770

of gratitude I'm able to call my mentor

617

00:28:13,770 --> 00:28:11,710

you know he has helped me incredibly as

618

00:28:15,360 --> 00:28:13,780

he likes to say separating you know the

619

00:28:18,480 --> 00:28:15,370

wheat from the chaff and trying to

620

00:28:21,270 --> 00:28:18,490

figure out what the the pitfalls are how

621

00:28:22,980 --> 00:28:21,280

to you know that in individuals and

622

00:28:26,760 --> 00:28:22,990

information I mean he's straight up

623

00:28:28,380 --> 00:28:26,770

called Nellis Air Force Base you know to

624

00:28:31,110 --> 00:28:28,390

help you know figure something out for

625

00:28:33,450 --> 00:28:31,120

me I mean this guy's amazing so I model

626

00:28:35,220 --> 00:28:33,460

my my investigations after him and you

627

00:28:39,500 --> 00:28:35,230

know one day I hope that I'm half as

628

00:28:43,200 --> 00:28:39,510

good as him but um you know essentially

629

00:28:45,900 --> 00:28:43,210

yeah he had somebody on about us owes on

630

00:28:47,730 --> 00:28:45,910

Coast Coast the other night and it was

631

00:28:50,970 --> 00:28:47,740

fascinating I mean the guy wrote a whole

632

00:28:53,070 --> 00:28:50,980

book on us owes oh I'm gonna have to

633

00:28:54,540 --> 00:28:53,080

check out the data but it was just on

634

00:28:55,710 --> 00:28:54,550

you know probably wouldn't work but

635

00:28:58,530 --> 00:28:55,720

anyway I

636

00:29:02,580 --> 00:28:58,540

I agree about George Knapp I think he's

637

00:29:05,280 --> 00:29:02,590

top shelf being really I really respect

638

00:29:13,950 --> 00:29:05,290

him highly respect him he has almost

639

00:29:16,230 --> 00:29:13,960

been on the show like ten times now this

640

00:29:18,360 --> 00:29:16,240

guy I've seen him in action you know he

641

00:29:20,750 --> 00:29:18,370

is the busiest man on the planet but you

642

00:29:26,670 --> 00:29:20,760

know the thing about George Knapp is

643

00:29:28,890 --> 00:29:26,680

that he has the absolute 100% look we're

644

00:29:33,330 --> 00:29:28,900

talking about a two-time Peabody

645

00:29:35,250 --> 00:29:33,340

award-winning 24 aamed journalist you

646

00:29:37,680 --> 00:29:35,260

know for excellence in journalism and

647

00:29:39,870 --> 00:29:37,690

those stories which we're not about UFOs

648

00:29:42,360 --> 00:29:39,880

I mean maybe maybe one of them was but

649

00:29:44,430 --> 00:29:42,370

the point is he is an incredible

650

00:29:47,400 --> 00:29:44,440

investigative journalist to begin with

651

00:29:50,850 --> 00:29:47,410

and the fact that he will openly and

652

00:29:54,030 --> 00:29:50,860

honestly investigate all of these you

653

00:29:56,400 --> 00:29:54,040

know phenomena and report on them I mean

654

00:29:58,470 --> 00:29:56,410

I don't know if you can you can cuss on

655

00:30:05,550 --> 00:29:58,480

your show but he's got you know he's a

656

00:30:08,490 --> 00:30:05,560

strong dude so we're getting since we're

657

00:30:12,270 --> 00:30:08,500

talking about George Knapp I watched

658

00:30:12,600 --> 00:30:12,280

your film last night Lazar on your on

659

00:30:17,030 --> 00:30:12,610

your

660

00:30:22,620 --> 00:30:17,040

website I rented it and watched it and I

661

00:30:25,169 --> 00:30:22,630

and I also read your blog on the I don't

662

00:30:26,940 --> 00:30:25,179

know if it was a confrontation or at the

663

00:30:29,820 --> 00:30:26,950

conference I missed it anyway I had to

664

00:30:32,370 --> 00:30:29,830

come back early I guess it was the night

665

00:30:38,850 --> 00:30:32,380

wasn't a debate it was like in a panel

666

00:30:42,630 --> 00:30:38,860

discussion but anyway Bob Lazar has been

667

00:30:44,130 --> 00:30:42,640

one of those cases that and I like I

668

00:30:47,150 --> 00:30:44,140

just told you how I thought about George

669

00:30:51,240 --> 00:30:47,160

Knapp and I know George Knapp basically

670

00:30:54,150 --> 00:30:51,250

stands behind the Lazar story but

671

00:30:56,159 --> 00:30:54,160

there's a lot of questions when he

672

00:30:57,390 --> 00:30:56,169

stands behind what he's reported on if

673

00:31:00,090 --> 00:30:57,400

we have course there's a lot of

674

00:31:02,400 --> 00:31:00,100

questions let's take a step back for a

675

00:31:04,610 --> 00:31:02,410

second just let's start from the

676  
00:31:07,100 --> 00:31:04,620  
beginning sir first of all there's no

677  
00:31:10,919 --> 00:31:07,110  
confrontation there there is a

678  
00:31:13,530 --> 00:31:10,929  
legitimate debate that is going on right

679  
00:31:17,669 --> 00:31:13,540  
now about the Lazar story which there

680  
00:31:20,250 --> 00:31:17,679  
should be a healthy debate that debate I

681  
00:31:24,000 --> 00:31:20,260  
guess is between Stanton Friedman and

682  
00:31:27,390 --> 00:31:24,010  
myself I feel that over the last 25

683  
00:31:29,940 --> 00:31:27,400  
years that Stanton has decided to ignore

684  
00:31:33,270 --> 00:31:29,950  
evidence that has been brought forward

685  
00:31:37,289 --> 00:31:33,280  
because it suits his engineered ideas

686  
00:31:39,750 --> 00:31:37,299  
now I'm this is not bad-mouthing Stanton

687  
00:31:41,190 --> 00:31:39,760  
this is just simply my perspective I

688  
00:31:44,130 --> 00:31:41,200

think that there's more to the story

689

00:31:46,470 --> 00:31:44,140

than is being accepted and being

690

00:31:49,980 --> 00:31:46,480

propagated just because Stanton goes out

691

00:31:52,830 --> 00:31:49,990

there and is unopposed doesn't make him

692

00:31:55,380 --> 00:31:52,840

right you know he's not judge jury and

693

00:31:57,539 --> 00:31:55,390

executioner for all things Lazar he's a

694

00:31:57,750 --> 00:31:57,549

guy that spent a little time looking at

695

00:32:01,230 --> 00:31:57,760

it

696

00:32:04,169 --> 00:32:01,240

but as we know George Knapp has spent 25

697

00:32:07,680 --> 00:32:04,179

years relentlessly digging up the story

698

00:32:10,380 --> 00:32:07,690

if you spend the smallest amount of time

699

00:32:12,900 --> 00:32:10,390

looking at the actual words that Bob

700

00:32:16,020 --> 00:32:12,910

Lazar has said and trying to understand

701  
00:32:18,690 --> 00:32:16,030  
what he truly conveyed then you you may

702  
00:32:20,640 --> 00:32:18,700  
have a different opinion on just all you

703  
00:32:23,549 --> 00:32:20,650  
know all of a sudden shutting out the

704  
00:32:25,620 --> 00:32:23,559  
idea that he's telling you the truth I

705  
00:32:26,240 --> 00:32:25,630  
find there's more misconceptions about

706  
00:32:29,780 --> 00:32:26,250  
the Lazar

707  
00:32:33,020 --> 00:32:29,790  
story than any other UFO story on the

708  
00:32:33,800 --> 00:32:33,030  
planet so mm-hmm just just to get to the

709  
00:32:35,990 --> 00:32:33,810  
basics of it

710  
00:32:38,090 --> 00:32:36,000  
yeah Rendlesham forest I think is one of

711  
00:32:39,740 --> 00:32:38,100  
them that's not too far away from from

712  
00:32:42,920 --> 00:32:39,750  
that either just that there's a lot of

713  
00:32:46,460 --> 00:32:42,930

controversy in that so one of the the

714

00:32:49,790 --> 00:32:46,470

one of the things that I thought was

715

00:32:53,060 --> 00:32:49,800

very condemning I guess I would say and

716

00:32:55,040 --> 00:32:53,070

but I I can't I can't find any

717

00:32:59,300 --> 00:32:55,050

information on it I heard it somewhere

718

00:33:01,570 --> 00:32:59,310

at one time so it's not you know good

719

00:33:05,390 --> 00:33:01,580

evidence but what I had heard was that

720

00:33:08,480 --> 00:33:05,400

bob was being interviewed and someone

721

00:33:11,570 --> 00:33:08,490

said to him well Bob I went to MIT what

722

00:33:14,360 --> 00:33:11,580

is the what is the square right outside

723

00:33:18,680 --> 00:33:14,370

of MIT and everyone knows it's Kenmore

724

00:33:20,660 --> 00:33:18,690

Square and Bob Lazar did not know and if

725

00:33:22,790 --> 00:33:20,670

you went to MIT you step out of the door

726  
00:33:25,700 --> 00:33:22,800  
and there's Kenmore Square right there

727  
00:33:27,560 --> 00:33:25,710  
so that's the only thing that I mean

728  
00:33:29,420 --> 00:33:27,570  
that's one of the things I've heard that

729  
00:33:32,930 --> 00:33:29,430  
I think huh how could he possibly have

730  
00:33:34,240 --> 00:33:32,940  
gone there okay so so I've never heard

731  
00:33:36,710 --> 00:33:34,250  
that story and again it's like

732  
00:33:38,210 --> 00:33:36,720  
secondhand third-hand like right you

733  
00:33:41,210 --> 00:33:38,220  
know here's the deal

734  
00:33:44,750 --> 00:33:41,220  
on stage at the International UFO

735  
00:33:46,550 --> 00:33:44,760  
Congress 2015 I mean I I went up on

736  
00:33:48,650 --> 00:33:46,560  
stage I had no idea what they wanted me

737  
00:33:50,870 --> 00:33:48,660  
to talk about it they're whistleblowers

738  
00:33:52,790 --> 00:33:50,880

I was like okay let's talk sit next to

739

00:33:54,890 --> 00:33:52,800

Stan you know who I respect greatly you

740

00:33:57,290 --> 00:33:54,900

know he's a nice dude and all of a

741

00:33:59,450 --> 00:33:57,300

sudden I realize oh okay this is what

742

00:34:02,480 --> 00:33:59,460

they want me to talk about right and so

743

00:34:04,100 --> 00:34:02,490

the thing is I pulled out of Stan for

744

00:34:07,040 --> 00:34:04,110

the first time ever he's been saying for

745

00:34:11,119 --> 00:34:07,050

25 years that Bob Lazar cannot answer

746

00:34:13,850 --> 00:34:11,129

the most fundamental scientific or

747

00:34:17,149 --> 00:34:13,860

physics-based questions and I thought

748

00:34:21,260 --> 00:34:17,159

that was unbelievably misleading because

749

00:34:23,960 --> 00:34:21,270

I mean bob has has written the most

750

00:34:26,540 --> 00:34:23,970

incredible scientific emails to me ain't

751  
00:34:29,360 --> 00:34:26,550  
no basically you know debunking some of

752  
00:34:31,100 --> 00:34:29,370  
my stuff you know so it's amazing to me

753  
00:34:33,740 --> 00:34:31,110  
that someone would say that so I kind of

754  
00:34:35,990 --> 00:34:33,750  
asked Stan like have you ever had an

755  
00:34:39,620 --> 00:34:36,000  
in-depth conversation you know with Bob

756  
00:34:44,330 --> 00:34:39,630  
Lazar the answer was no Stan Freeman has

757  
00:34:46,580 --> 00:34:44,340  
net bob lazar he's never met him he

758  
00:34:48,290 --> 00:34:46,590  
claims to have like a conversation for

759  
00:34:50,000 --> 00:34:48,300  
like a minute now look this is very

760  
00:34:52,220 --> 00:34:50,010  
different than a man like George Knapp

761  
00:34:54,260 --> 00:34:52,230  
who spent 25 years communicating and

762  
00:34:56,270 --> 00:34:54,270  
trying to get to the bottom of this so

763  
00:34:58,220 --> 00:34:56,280

you know I just kind of fell dissolute

764

00:35:01,790 --> 00:34:58,230

that was a huge moment for me that was

765

00:35:04,250 --> 00:35:01,800

like I realized on stage that what we

766

00:35:07,430 --> 00:35:04,260

were being told by an authority within

767

00:35:10,700 --> 00:35:07,440

the UFO world was based upon third hand

768

00:35:12,530 --> 00:35:10,710

knowledge he admitted on stage that he

769

00:35:14,630 --> 00:35:12,540

came up with that idea that Bob couldn't

770

00:35:17,960 --> 00:35:14,640

answer basic scientific questions

771

00:35:20,750 --> 00:35:17,970

because you know he heard from somebody

772

00:35:23,900 --> 00:35:20,760

that when they were running a radio show

773

00:35:26,350 --> 00:35:23,910

that there was a scientist kind of

774

00:35:28,760 --> 00:35:26,360

hidden on the telephone listening and

775

00:35:31,670 --> 00:35:28,770

that person on the radio asked

776

00:35:34,550 --> 00:35:31,680

afterwards to that scientist person is a

777

00:35:35,780 --> 00:35:34,560

real scientist and that person said let

778

00:35:37,880 --> 00:35:35,790

me just say he's not gonna have his day

779

00:35:39,530 --> 00:35:37,890

job tomorrow I mean just look at the lek

780

00:35:41,630 --> 00:35:39,540

look at the debate or whatever you want

781

00:35:44,990 --> 00:35:41,640

to call it it was a huge moment I just

782

00:35:48,260 --> 00:35:45,000

realized it's all hearsay you know look

783

00:35:51,430 --> 00:35:48,270

bottom line is believe Bob or don't

784

00:35:55,100 --> 00:35:51,440

believe Bob I don't think he cares

785

00:35:59,480 --> 00:35:55,110

what's more important is what did he say

786

00:36:02,780 --> 00:35:59,490

and can we entertain the idea possibly

787

00:36:06,620 --> 00:36:02,790

the outlandish idea that Bob is Thomas

788

00:36:09,380 --> 00:36:06,630

the truth so so so I hear you I hear

789

00:36:12,050 --> 00:36:09,390

what you're saying well what I said is

790

00:36:14,930 --> 00:36:12,060

this you know very similar because it's

791

00:36:16,730 --> 00:36:14,940

like either I was told that and a

792

00:36:18,770 --> 00:36:16,740

conference or something but I don't you

793

00:36:20,420 --> 00:36:18,780

know I looked before this show tonight I

794

00:36:23,200 --> 00:36:20,430

looked online to see if I could find

795

00:36:26,270 --> 00:36:23,210

anything about that and I found nothing

796

00:36:29,560 --> 00:36:26,280

okay let's get to the the crux of the

797

00:36:33,590 --> 00:36:29,570

matter like like with wood Stan okay I

798

00:36:36,380 --> 00:36:33,600

am not actively trying to figure out if

799

00:36:38,900 --> 00:36:36,390

Bob went to MIT I actually don't care

800

00:36:41,300 --> 00:36:38,910

what girl he dated I don't care what

801  
00:36:47,140 --> 00:36:41,310  
kind of cereal he likes I want to know

802  
00:36:50,680 --> 00:36:47,150  
did bob lazar work at or somewhere near

803  
00:36:53,360 --> 00:36:50,690  
area 51 that a sub base called s4

804  
00:36:55,940 --> 00:36:53,370  
back-engineering alien spacecraft

805  
00:36:58,640 --> 00:36:55,950  
attempting to that's what I want to know

806  
00:37:01,100 --> 00:36:58,650  
so the first question I need to do is I

807  
00:37:05,030 --> 00:37:01,110  
need to figure out did he work at Los

808  
00:37:07,400 --> 00:37:05,040  
Alamos that could be a beginning to that

809  
00:37:10,850 --> 00:37:07,410  
if he worked at Los Alamos in a

810  
00:37:14,360 --> 00:37:10,860  
scientific capacity as a physicist it

811  
00:37:17,060 --> 00:37:14,370  
then makes sense to me that he could

812  
00:37:19,610 --> 00:37:17,070  
possibly be cherry picked to work on

813  
00:37:22,850 --> 00:37:19,620

some project out on the Nellis Air Force

814

00:37:27,740 --> 00:37:22,860

Base I mean that to me has always been

815

00:37:31,640 --> 00:37:27,750

key so if I can prove that if I can say

816

00:37:34,670 --> 00:37:31,650

yes he worked at Los Alamos in a

817

00:37:37,490 --> 00:37:34,680

scientific capacity as a physicist then

818

00:37:41,630 --> 00:37:37,500

from there I can move forward other

819

00:37:43,610 --> 00:37:41,640

stuff like whatever I mean go ahead and

820

00:37:45,470 --> 00:37:43,620

find out what zero he likes or when he

821

00:37:50,180 --> 00:37:45,480

went to school I don't know if it's true

822

00:37:53,390 --> 00:37:50,190

there's no way for me to prove that what

823

00:37:55,940 --> 00:37:53,400

I can what what are hoping to prove is

824

00:37:58,310 --> 00:37:55,950

that he worked at Los Alamos and it

825

00:38:02,030 --> 00:37:58,320

would be great to prove if you worked in

826

00:38:04,610 --> 00:38:02,040

some capacity through Nellis my my

827

00:38:07,160 --> 00:38:04,620

brother-in-law worked at Los Alamos for

828

00:38:11,270 --> 00:38:07,170

years and my sister-in-law lived there

829

00:38:14,660 --> 00:38:11,280

forever and we eighties in the 80s yep

830

00:38:16,790 --> 00:38:14,670

and I was there back I was back in Los

831

00:38:17,480 --> 00:38:16,800

Alamos visiting lived with them for

832

00:38:20,300 --> 00:38:17,490

almost a year

833

00:38:25,070 --> 00:38:20,310

like in 78 79 something like that oh wow

834

00:38:26,870 --> 00:38:25,080

anyway so I said to my my brother in law

835

00:38:29,450 --> 00:38:26,880

who loves cars and everything I said hey

836

00:38:31,190 --> 00:38:29,460

did you hear about this jet car and I

837

00:38:33,290 --> 00:38:31,200

figured for sure he would know about a

838

00:38:38,180 --> 00:38:33,300

jet car in Los Alamos it's not a huge

839

00:38:40,910 --> 00:38:38,190

town he didn't know about it but but you

840

00:38:43,010 --> 00:38:40,920

can find there are newspaper clippings

841

00:38:45,590 --> 00:38:43,020

all right yeah give me a break man to

842

00:38:48,560 --> 00:38:45,600

locate the Los Alamos monitor okay here

843

00:38:50,330 --> 00:38:48,570

an internal magazine for the scientists

844

00:38:52,790 --> 00:38:50,340

of weather as you said it's a small

845

00:38:57,290 --> 00:38:52,800

community so you got to monitor the long

846

00:39:00,230 --> 00:38:57,300

los alamos monitor front page is Babas

847

00:39:03,470 --> 00:39:00,240

are identified as a physicist at Los

848

00:39:05,990 --> 00:39:03,480

Alamos with his jet car you know look

849

00:39:06,720 --> 00:39:06,000

I've talked to a number of people that

850

00:39:08,670 --> 00:39:06,730

knew Bob

851

00:39:11,430 --> 00:39:08,680

los alamos now they won't go on the

852

00:39:15,000 --> 00:39:11,440

record because they because they want to

853

00:39:17,730 --> 00:39:15,010

stay employed I want I would say that

854

00:39:20,190 --> 00:39:17,740

they all won't go on the record because

855

00:39:23,280 --> 00:39:20,200

I do have an announcement coming up in

856

00:39:25,560 --> 00:39:23,290

June on coast but but but I will say

857

00:39:27,960 --> 00:39:25,570

that the majority of people won't go on

858

00:39:31,440 --> 00:39:27,970

the record but what do we have we have

859

00:39:34,260 --> 00:39:31,450

front page of Los Alamos monitor Bob

860

00:39:37,109 --> 00:39:34,270

Lazar identified as a physicist with a

861

00:39:39,330 --> 00:39:37,119

picture of him at his jet car we have a

862

00:39:41,780 --> 00:39:39,340

phone book that George Knapp happened

863

00:39:45,780 --> 00:39:41,790

right right and the phone book lists

864

00:39:49,260 --> 00:39:45,790

Robert Lazar now Stan likes to make this

865

00:39:51,510 --> 00:39:49,270

huge deal that it has km after his name

866

00:39:54,840 --> 00:39:51,520

Kurt Meyer so oh he could have been a

867

00:39:57,150 --> 00:39:54,850

janitor hired by Kurt Meyer to you know

868

00:40:02,340 --> 00:39:57,160

work at Los Alamos do you know how

869

00:40:04,859 --> 00:40:02,350

ridiculous that is every I mean almost

870

00:40:08,540 --> 00:40:04,869

everybody that works at Los Alamos as

871

00:40:11,880 --> 00:40:08,550

you probably know with your brother is a

872

00:40:14,940 --> 00:40:11,890

subcontractor I have met dozens and

873

00:40:19,020 --> 00:40:14,950

dozens of subcontractors for from Los

874

00:40:21,660 --> 00:40:19,030

Alamos so this whole idea of separating

875

00:40:25,070 --> 00:40:21,670

you know Lazar because he was you know

876

00:40:29,670 --> 00:40:25,080

hired by Kurt Meyer is absolutely

877

00:40:32,700 --> 00:40:29,680

sleight-of-hand ridiculous hmm well you

878

00:40:34,440 --> 00:40:32,710

know it's it's one of these things I

879

00:40:37,109 --> 00:40:34,450

remember having a conversation maybe

880

00:40:40,349 --> 00:40:37,119

four years ago with someone that's not

881

00:40:43,650 --> 00:40:40,359

really in UFO field or you know they

882

00:40:45,570 --> 00:40:43,660

have a curiosity of it and Bob Lazar

883

00:40:47,970 --> 00:40:45,580

name came up and we were talking about

884

00:40:50,460 --> 00:40:47,980

it and and I said well you know no one

885

00:40:52,950 --> 00:40:50,470

can find any you know academic records

886

00:40:56,250 --> 00:40:52,960

or you know there's a lot of puzzling

887

00:40:59,220 --> 00:40:56,260

things and he says and he basically said

888

00:41:01,320 --> 00:40:59,230

to me well how do you know it wasn't all

889

00:41:04,190 --> 00:41:01,330

wiped out when he started talking you

890

00:41:09,530 --> 00:41:04,200

know I mean so even people like on the

891

00:41:11,430 --> 00:41:09,540

outside of the UFO field are curious as

892

00:41:13,859 --> 00:41:11,440

wondering if something like that may

893

00:41:16,440 --> 00:41:13,869

have happened I can't say either way

894

00:41:17,550 --> 00:41:16,450

yeah I mean look look you can't just go

895

00:41:20,010 --> 00:41:17,560

ahead I've done it

896

00:41:23,250 --> 00:41:20,020

go ahead and just like call up Louis

897

00:41:27,870 --> 00:41:23,260

ask him who they're employ good go ahead

898

00:41:31,650 --> 00:41:27,880

and good luck it doesn't work like that

899

00:41:33,720 --> 00:41:31,660

and you know I have no claim and in here

900

00:41:36,120 --> 00:41:33,730

like you know that I know he did this or

901  
00:41:37,950 --> 00:41:36,130  
that I'm just as puzzled by you at

902  
00:41:41,070 --> 00:41:37,960  
certain things it's just that I'm

903  
00:41:44,790 --> 00:41:41,080  
looking to keep my eye on the prize if I

904  
00:41:47,910 --> 00:41:44,800  
can find a colleague if I can prove in

905  
00:41:50,640 --> 00:41:47,920  
some way that other people saw Bob at

906  
00:41:53,250 --> 00:41:50,650  
Los Alamos during that time I mean

907  
00:41:54,930 --> 00:41:53,260  
that's what I'm looking to do because

908  
00:41:56,790 --> 00:41:54,940  
you know I have talked to a number of

909  
00:41:58,200 --> 00:41:56,800  
people who have worked with him there at

910  
00:41:59,360 --> 00:41:58,210  
that time but they're not willing to go

911  
00:42:03,660 --> 00:41:59,370  
on the record

912  
00:42:05,490 --> 00:42:03,670  
most most or not by the way the listener

913  
00:42:07,650 --> 00:42:05,500

out there the live listener you can call

914

00:42:09,420 --> 00:42:07,660

in the show if you'd like and I'm facing

915

00:42:10,470 --> 00:42:09,430

three different computers sometimes I

916

00:42:12,660 --> 00:42:10,480

didn't catch a call the other night

917

00:42:15,450 --> 00:42:12,670

until it was too late it is six oh three

918

00:42:17,820 --> 00:42:15,460

nine six seven four OH three oh if you'd

919

00:42:22,620 --> 00:42:17,830

like to call in we also have a message

920

00:42:25,980 --> 00:42:22,630

board and I just saw a message up there

921

00:42:29,280 --> 00:42:25,990

I mean a question up there for you but

922

00:42:32,460 --> 00:42:29,290

oh yes I know what it was Bob Lazar

923

00:42:34,520 --> 00:42:32,470

worked at s4 for what wasn't it didn't

924

00:42:37,770 --> 00:42:34,530

he claim was only for a couple of weeks

925

00:42:40,050 --> 00:42:37,780

yeah it was a short amount of time okay

926

00:42:41,790 --> 00:42:40,060

so yeah I mean I don't know if your

927

00:42:45,060 --> 00:42:41,800

listeners understand that the basics of

928

00:42:48,030 --> 00:42:45,070

the story but you know look when he was

929

00:42:50,190 --> 00:42:48,040

hired to go out there there was a period

930

00:42:52,230 --> 00:42:50,200

of time when he was getting you know

931

00:42:53,700 --> 00:42:52,240

confirmed through all of his security

932

00:42:55,470 --> 00:42:53,710

clearances and I'll just say allegedly

933

00:42:57,900 --> 00:42:55,480

for the whole thing like this you know

934

00:42:59,970 --> 00:42:57,910

you believe what you want to believe you

935

00:43:02,040 --> 00:42:59,980

know I've had personal confirmation at

936

00:43:04,470 --> 00:43:02,050

the highest possible level I'd no longer

937

00:43:07,500 --> 00:43:04,480

have the luxury of disbelief but you the

938

00:43:10,890 --> 00:43:07,510

listener as Bob would say under the

939

00:43:13,650 --> 00:43:10,900

scientific method you are obligated not

940

00:43:16,410 --> 00:43:13,660

to believe him because he cannot you

941

00:43:19,260 --> 00:43:16,420

know produce evidence that you require

942

00:43:22,440 --> 00:43:19,270

but I personally let's let's pretend

943

00:43:25,790 --> 00:43:22,450

that I have had evidence okay Bob worked

944

00:43:28,830 --> 00:43:25,800

out there for a short amount of time

945

00:43:31,560 --> 00:43:28,840

during that time as he described at the

946

00:43:32,349 --> 00:43:31,570

2015 international UFO conference right

947

00:43:34,720 --> 00:43:32,359

or Congress

948

00:43:37,539 --> 00:43:34,730

he described it when he worked out there

949

00:43:41,589 --> 00:43:37,549

he it was a process of him getting his

950

00:43:44,349 --> 00:43:41,599

proper you know certifications or you

951  
00:43:47,799 --> 00:43:44,359  
know security clearances and during that

952  
00:43:49,420 --> 00:43:47,809  
time they bring him out you know moment

953  
00:43:51,489 --> 00:43:49,430  
by moment he never really knew they

954  
00:43:54,249 --> 00:43:51,499  
bring him out he'd be read into this or

955  
00:43:57,309 --> 00:43:54,259  
that and he'd start working in little

956  
00:43:59,829 --> 00:43:57,319  
bits of capacity but then he admitted on

957  
00:44:04,420 --> 00:43:59,839  
stage there were personal problems in

958  
00:44:08,680 --> 00:44:04,430  
his life that caused him to be what they

959  
00:44:10,839 --> 00:44:08,690  
would consider unstable and he said on

960  
00:44:15,329 --> 00:44:10,849  
stage his wife was cheating on him

961  
00:44:18,670 --> 00:44:15,339  
and it was actually the the the people

962  
00:44:21,009 --> 00:44:18,680  
you know at the base that we're kind of

963  
00:44:21,729 --> 00:44:21,019

handling him that said hey your house is

964

00:44:23,620 --> 00:44:21,739

not in order

965

00:44:24,940 --> 00:44:23,630

we've been tapping your phone and we

966

00:44:27,489 --> 00:44:24,950

heard about the flight instructor and

967

00:44:28,839 --> 00:44:27,499

you gotta get your house in order that's

968

00:44:31,720 --> 00:44:28,849

the first time he had ever heard about

969

00:44:33,220 --> 00:44:31,730

it poor guy do you know they actually

970

00:44:36,579 --> 00:44:33,230

said they were tapping his phone now

971

00:44:39,309 --> 00:44:36,589

that's what he claimed I'm it's it's

972

00:44:41,049 --> 00:44:39,319

more than that's what he claimed if you

973

00:44:44,829 --> 00:44:41,059

really get into the story with with

974

00:44:47,920 --> 00:44:44,839

George Knapp and with John Lear and with

975

00:44:50,650 --> 00:44:47,930

Bob Lazar Jean Huff it's undeniable at

976  
00:44:52,359 --> 00:44:50,660  
the time they were listening they wanted

977  
00:44:56,229 --> 00:44:52,369  
to make sure that his life was stable

978  
00:44:59,039 --> 00:44:56,239  
even George Knapp had a number of people

979  
00:45:02,499 --> 00:44:59,049  
that came forward after the Lazar Story

980  
00:45:04,239 --> 00:45:02,509  
six of them specifically that we're

981  
00:45:08,769 --> 00:45:04,249  
going to give him more information and

982  
00:45:11,470 --> 00:45:08,779  
were threatened and backed out so yes

983  
00:45:14,410 --> 00:45:11,480  
their phones were tapped and yes they

984  
00:45:16,599 --> 00:45:14,420  
were being followed and yes they were

985  
00:45:18,819 --> 00:45:16,609  
told by the people who were following

986  
00:45:21,279 --> 00:45:18,829  
them later George Knapp actually met a

987  
00:45:23,920 --> 00:45:21,289  
couple of them so they were under

988  
00:45:26,140 --> 00:45:23,930

surveillance and you know look it was a

989

00:45:28,720 --> 00:45:26,150

weird time they all say that

990

00:45:30,849 --> 00:45:28,730

and yeah that's what happened is

991

00:45:31,989 --> 00:45:30,859

essentially they were listening and he

992

00:45:34,089 --> 00:45:31,999

had to sign something that said

993

00:45:36,940 --> 00:45:34,099

basically everything you know that you

994

00:45:40,930 --> 00:45:36,950

do is under scrutiny and they found out

995

00:45:42,880 --> 00:45:40,940

about the affair and told him before he

996

00:45:44,680 --> 00:45:42,890

knew it's really sad he admitted that

997

00:45:45,520 --> 00:45:44,690

I'm not talking out of school he

998

00:45:47,110 --> 00:45:45,530

admitted that

999

00:45:50,800 --> 00:45:47,120

stage if you just watch this lecture

1000

00:45:53,200 --> 00:45:50,810

from the 2015 international UFO Congress

1001  
00:45:55,090 --> 00:45:53,210  
yeah I'm gonna have to get Alejandro to

1002  
00:45:57,280 --> 00:45:55,100  
send me that oh you got to watch it man

1003  
00:46:00,900 --> 00:45:57,290  
it's it's epic bob lazar with his black

1004  
00:46:05,410 --> 00:46:00,910  
suit and red sneakers i mean come on

1005  
00:46:07,840 --> 00:46:05,420  
guys yeah I think I think he's his looks

1006  
00:46:09,580 --> 00:46:07,850  
have actually improved with age you know

1007  
00:46:11,770 --> 00:46:09,590  
it's like a real cool gentleman now you

1008  
00:46:13,870 --> 00:46:11,780  
know you know I you know he's a

1009  
00:46:16,420 --> 00:46:13,880  
conundrum I don't claim to you know to

1010  
00:46:21,340 --> 00:46:16,430  
be to be as a BFF or anything that would

1011  
00:46:23,980 --> 00:46:21,350  
be jean huff but but I'd say look it for

1012  
00:46:26,020 --> 00:46:23,990  
what it's worth which probably for most

1013  
00:46:30,010 --> 00:46:26,030

people not that much

1014

00:46:32,680 --> 00:46:30,020

I believe Bob you know I've spent time

1015

00:46:35,710 --> 00:46:32,690

enough on this case and I've had enough

1016

00:46:39,430 --> 00:46:35,720

face time and and been you know I've

1017

00:46:41,260 --> 00:46:39,440

been in rooms were between him and John

1018

00:46:43,660 --> 00:46:41,270

Lennon George Knapp and Jean Hoff and

1019

00:46:45,640 --> 00:46:43,670

Bob Lazar yeah one person didn't know

1020

00:46:47,950 --> 00:46:45,650

that I was in the room let's say and

1021

00:46:49,510 --> 00:46:47,960

they were talking over the phone and I

1022

00:46:52,930 --> 00:46:49,520

could hear it on speaker like these guys

1023

00:46:55,330 --> 00:46:52,940

are not lying what they claimed happened

1024

00:46:58,060 --> 00:46:55,340

to them happen to them you know whether

1025

00:47:01,810 --> 00:46:58,070

your mind can accept that or not as the

1026

00:47:06,160 --> 00:47:01,820

listener that's on you but for what it's

1027

00:47:10,660 --> 00:47:06,170

worth you know I believe Bob well you

1028

00:47:13,180 --> 00:47:10,670

know I understand that because when

1029

00:47:15,040 --> 00:47:13,190

you're in like for instance I I've been

1030

00:47:22,720 --> 00:47:15,050

face to face with Travis Walton many

1031

00:47:24,690 --> 00:47:22,730

times and also Jim Weiner and I don't

1032

00:47:30,160 --> 00:47:24,700

know if you know heard of the allagash

1033

00:47:32,880 --> 00:47:30,170

incident but also Charlie faults I've

1034

00:47:35,830 --> 00:47:32,890

talked to these people face-to-face and

1035

00:47:38,500 --> 00:47:35,840

you know I'm completely a hook line and

1036

00:47:41,470 --> 00:47:38,510

sinker I believe their stories you know

1037

00:47:43,270 --> 00:47:41,480

and I think you have to you if you're

1038

00:47:47,530 --> 00:47:43,280

facing someone you're talking to them

1039

00:47:49,030 --> 00:47:47,540

and I mean you have to know if that

1040

00:47:51,610 --> 00:47:49,040

person is telling the truth I believe

1041

00:47:54,010 --> 00:47:51,620

that yeah I mean look you do your best I

1042

00:47:55,359 --> 00:47:54,020

mean you know the whole thing I I do all

1043

00:47:58,839 --> 00:47:55,369

my interviews in person

1044

00:48:00,940 --> 00:47:58,849

that people to the core you know I you

1045

00:48:02,559 --> 00:48:00,950

know for example just to give you an

1046

00:48:03,579 --> 00:48:02,569

example there's a couple whistleblowers

1047

00:48:05,710 --> 00:48:03,589

that have come to me alleged

1048

00:48:07,900 --> 00:48:05,720

whistleblowers and you know one of them

1049

00:48:11,140 --> 00:48:07,910

I just straight up didn't believe so I

1050

00:48:12,910 --> 00:48:11,150

spent an entire weekend you know doing

1051

00:48:14,620 --> 00:48:12,920

this filming with a prominent

1052

00:48:17,859 --> 00:48:14,630

investigator you know putting them on

1053

00:48:19,359 --> 00:48:17,869

film I never saw let a a frame of that

1054

00:48:21,370 --> 00:48:19,369

footage you know come to light because

1055

00:48:23,230 --> 00:48:21,380

frankly I just didn't believe him and

1056

00:48:27,370 --> 00:48:23,240

it's no big secret I told Alejandro on

1057

00:48:29,890 --> 00:48:27,380

stage you know who was but the the point

1058

00:48:31,569 --> 00:48:29,900

is is that you know as an investigator

1059

00:48:33,640 --> 00:48:31,579

and if you know we're I'm a

1060

00:48:35,799 --> 00:48:33,650

self-proclaimed investigator I just like

1061

00:48:39,700 --> 00:48:35,809

basically you know I've found myself in

1062

00:48:41,230 --> 00:48:39,710

position where I had great access and

1063

00:48:43,210 --> 00:48:41,240

I've been you know my camera has been my

1064

00:48:45,220 --> 00:48:43,220

passport into the mysteries of the

1065

00:48:47,170 --> 00:48:45,230

universe it's very exciting but

1066

00:48:49,720 --> 00:48:47,180

basically you have to bet your sources

1067

00:48:53,019 --> 00:48:49,730

and if you think they're talking a whole

1068

00:48:54,999 --> 00:48:53,029

bunch of BS then it is your duty to not

1069

00:48:56,529 --> 00:48:55,009

put that out into the world or to give

1070

00:48:58,900 --> 00:48:56,539

them any you know energy that's gonna

1071

00:49:01,989 --> 00:48:58,910

help them you know sell their BS you

1072

00:49:04,120 --> 00:49:01,999

know about disclosure or whatever it is

1073

00:49:07,539 --> 00:49:04,130

that they're trying to sell you based on

1074

00:49:10,930 --> 00:49:07,549

fear it's your job not to help propagate

1075

00:49:13,089 --> 00:49:10,940

that BS and that's yeah that's how I

1076

00:49:14,979 --> 00:49:13,099

feel man well you know I've had a few

1077

00:49:16,479 --> 00:49:14,989

people on the show like in the middle of

1078

00:49:21,099 --> 00:49:16,489

the show all of a sudden I'm not feeling

1079

00:49:23,950 --> 00:49:21,109

it and all I can do is is you know maybe

1080

00:49:25,569 --> 00:49:23,960

question a question or two and then you

1081

00:49:28,029 --> 00:49:25,579

know let the listener make up their own

1082

00:49:29,710 --> 00:49:28,039

mind but if you think my listeners are

1083

00:49:37,210 --> 00:49:29,720

going to let you say what you just did

1084

00:49:40,450 --> 00:49:37,220

and not say who that person is I'm just

1085

00:49:44,079 --> 00:49:40,460

saying that you know people need to use

1086

00:49:47,440 --> 00:49:44,089

the rational mind you know do not you

1087

00:49:50,890 --> 00:49:47,450

know do not support people that prey

1088

00:49:52,900 --> 00:49:50,900

upon your fear the the whole thing is is

1089

00:49:55,900 --> 00:49:52,910

that you know I personally believe like

1090

00:49:59,559 --> 00:49:55,910

you know that my partner Ruben Langdon

1091

00:50:02,559 --> 00:49:59,569

he was the unsung hero of the Citizen

1092

00:50:04,630 --> 00:50:02,569

hearing Ruben Langdon was the reason you

1093

00:50:07,890 --> 00:50:04,640

know as far as a you know production

1094

00:50:10,500 --> 00:50:07,900

standpoint that that all happened and I

1095

00:50:14,130 --> 00:50:10,510

you probably know like so Reuben and I

1096

00:50:18,359 --> 00:50:14,140

have been fighting to get really high

1097

00:50:21,299 --> 00:50:18,369

quality edited versions of the Citizen

1098

00:50:23,880 --> 00:50:21,309

hearing testimony out to the public as

1099

00:50:27,510 --> 00:50:23,890

best we can it's been an uphill fight

1100

00:50:29,220 --> 00:50:27,520

and but we've done it man we have done

1101  
00:50:33,210 --> 00:50:29,230  
it you know if you go to Citizen hearing

1102  
00:50:36,690 --> 00:50:33,220  
org you will be able to see all of the

1103  
00:50:39,630 --> 00:50:36,700  
testimony in HD with multiple cameras

1104  
00:50:42,000 --> 00:50:39,640  
and it's done it's beautiful

1105  
00:50:43,890 --> 00:50:42,010  
it took an army to get that done you

1106  
00:50:46,289 --> 00:50:43,900  
know don't get me wrong it took it took

1107  
00:50:49,200 --> 00:50:46,299  
everybody to get that done but but

1108  
00:50:51,539 --> 00:50:49,210  
Reuben Langdon is the unsung hero and we

1109  
00:50:54,720 --> 00:50:51,549  
are proud to announce that you can go

1110  
00:50:57,510 --> 00:50:54,730  
and watch the entire testimony now for a

1111  
00:51:00,059 --> 00:50:57,520  
very reasonable price and every dollar

1112  
00:51:02,730 --> 00:51:00,069  
that comes into that we haven't gotten

1113  
00:51:04,710 --> 00:51:02,740

paid in years you know the whole point

1114

00:51:07,859 --> 00:51:04,720

is that we're gonna you know put out a

1115

00:51:09,779 --> 00:51:07,869

documentary film about you know some of

1116

00:51:12,900 --> 00:51:09,789

the primary investigators within this

1117

00:51:15,059 --> 00:51:12,910

field so that that's the bottom line it

1118

00:51:16,890 --> 00:51:15,069

doesn't matter about other people it

1119

00:51:19,920 --> 00:51:16,900

doesn't matter about you know what

1120

00:51:22,650 --> 00:51:19,930

people think about disclosure you know

1121

00:51:25,140 --> 00:51:22,660

acknowledgement is here man and and if

1122

00:51:30,630 --> 00:51:25,150

you just listen to the testimony and you

1123

00:51:32,970 --> 00:51:30,640

just watch the 40 hours or 30 hours

1124

00:51:34,829 --> 00:51:32,980

whatever it is of testimony you will be

1125

00:51:37,710 --> 00:51:34,839

influenced and you will be better

1126

00:51:39,390 --> 00:51:37,720

educated and that's the point so it's

1127

00:51:42,059 --> 00:51:39,400

not about bad-mouthed than anybody it's

1128

00:51:44,970 --> 00:51:42,069

about getting information out there I

1129

00:51:47,339 --> 00:51:44,980

think I I think it was just yesterday or

1130

00:51:49,950 --> 00:51:47,349

their day before I got that email that

1131

00:51:52,829 --> 00:51:49,960

the DVDs are ready isn't that right oh

1132

00:51:54,539 --> 00:51:52,839

oh yeah yeah they've been ready yes of

1133

00:51:56,990 --> 00:51:54,549

the D that's right so the the actual

1134

00:51:59,609 --> 00:51:57,000

physical DVDs we have a limited edition

1135

00:52:01,710 --> 00:51:59,619

we had to print those because that's

1136

00:52:03,960 --> 00:52:01,720

kind of was our original campaign was

1137

00:52:05,910 --> 00:52:03,970

that we were gonna deliver these DVDs to

1138

00:52:08,910 --> 00:52:05,920

people and yes absolutely you can buy

1139

00:52:11,549 --> 00:52:08,920

the physical DVDs online but we also

1140

00:52:12,779 --> 00:52:11,559

made it available streaming which you

1141

00:52:14,609 --> 00:52:12,789

know it's really the future everybody

1142

00:52:16,490 --> 00:52:14,619

can just watch it on their iPhone watch

1143

00:52:19,529 --> 00:52:16,500

it on their computer at their leisure

1144

00:52:21,750 --> 00:52:19,539

but yes we also do have physical copies

1145

00:52:24,210 --> 00:52:21,760

that we can now mail out to people

1146

00:52:27,390 --> 00:52:24,220

and man I mean we're still in the red it

1147

00:52:29,250 --> 00:52:27,400

was difficult to do all this and I don't

1148

00:52:33,210 --> 00:52:29,260

want to bore you with those details but

1149

00:52:33,660 --> 00:52:33,220

but the success the success moment right

1150

00:52:36,920 --> 00:52:33,670

now

1151

00:52:39,060 --> 00:52:36,930

is that the average typical everyday

1152

00:52:42,990 --> 00:52:39,070

person that is interested to learn more

1153

00:52:46,350 --> 00:52:43,000

can hear testimony but astronauts people

1154

00:52:49,050 --> 00:52:46,360

within the FAA former military former

1155

00:52:50,870 --> 00:52:49,060

police former intelligence and you can

1156

00:52:53,640 --> 00:52:50,880

hear them stand up in front of five

1157

00:52:55,080 --> 00:52:53,650

congressional members or ex

1158

00:52:58,320 --> 00:52:55,090

congressional members and one senator

1159

00:52:59,550 --> 00:52:58,330

senator gravel and you can hear their

1160

00:53:02,730 --> 00:52:59,560

testimony under oath

1161

00:53:04,290 --> 00:53:02,740

I mean it is a powerful thing the

1162

00:53:07,140 --> 00:53:04,300

message board there's a question are

1163

00:53:10,350 --> 00:53:07,150

these the exact same DVDs that were sent

1164

00:53:13,410 --> 00:53:10,360

to the you know the congressional people

1165

00:53:14,790 --> 00:53:13,420

recently these are 500 of them sent out

1166

00:53:20,160 --> 00:53:14,800

I believe or something these are

1167

00:53:22,860 --> 00:53:20,170

actually way higher quality those were a

1168

00:53:27,060 --> 00:53:22,870

kind of rush job that were that were

1169

00:53:29,580 --> 00:53:27,070

actually I had no hand in that neither

1170

00:53:32,340 --> 00:53:29,590

did my partner Reuben Lane and that was

1171

00:53:35,400 --> 00:53:32,350

unfortunate we were so close to having

1172

00:53:39,090 --> 00:53:35,410

this professionally edited pieces done

1173

00:53:43,020 --> 00:53:39,100

so so what you will be receiving in

1174

00:53:45,120 --> 00:53:43,030

these like online or and also we have

1175

00:53:47,760 --> 00:53:45,130

been in full Spanish translation by the

1176  
00:53:49,530 --> 00:53:47,770  
way there's another whole set online but

1177  
00:53:51,480 --> 00:53:49,540  
what you will be receiving in these

1178  
00:53:55,320 --> 00:53:51,490  
night sessions and in these testimonies

1179  
00:53:58,950 --> 00:53:55,330  
are professionally edited beautiful

1180  
00:54:03,480 --> 00:53:58,960  
copies that again the unsung hero Ruben

1181  
00:54:06,450 --> 00:54:03,490  
Langdon made sure were perfect Wow now I

1182  
00:54:09,240 --> 00:54:06,460  
in our two I want to talk a little bit

1183  
00:54:12,120 --> 00:54:09,250  
about I think it's called patience 17

1184  
00:54:15,360 --> 00:54:12,130  
yeah that's a baby yeah that coming up

1185  
00:54:17,490 --> 00:54:15,370  
and that has Roger Leir I got to see

1186  
00:54:20,370 --> 00:54:17,500  
that sneak preview of that out in

1187  
00:54:23,130 --> 00:54:20,380  
Phoenix but speaking of the name Leah a

1188  
00:54:25,530 --> 00:54:23,140

whole different spelling have you met

1189

00:54:28,560 --> 00:54:25,540

John you've met John Lear obvious awe

1190

00:54:30,840 --> 00:54:28,570

and have I met John okay so we're not on

1191

00:54:33,360 --> 00:54:30,850

the same page here okay check it out so

1192

00:54:34,270 --> 00:54:33,370

how this all started for me I told you

1193

00:54:36,970 --> 00:54:34,280

was kind of here

1194

00:54:41,290 --> 00:54:36,980

you know the Lazar you know we're now

1195

00:54:45,400 --> 00:54:41,300

okay so the very first frame of film

1196

00:54:47,470 --> 00:54:45,410

that I ever filmed as a filmmaker I went

1197

00:54:50,620 --> 00:54:47,480

out after three years trying to get a

1198

00:54:53,109 --> 00:54:50,630

hold of John where finally he called me

1199

00:54:54,310 --> 00:54:53,119

back and he's like Jeremy I hear you've

1200

00:54:55,750 --> 00:54:54,320

been trying to get ahold of me and I'm

1201  
00:54:58,660 --> 00:54:55,760  
thinking yeah I've had intelligence

1202  
00:55:00,339 --> 00:54:58,670  
officers I've had you people call you

1203  
00:55:01,660 --> 00:55:00,349  
from every why haven't you called me

1204  
00:55:04,120 --> 00:55:01,670  
back it was incredible

1205  
00:55:06,910 --> 00:55:04,130  
so he's like alright come on over so I

1206  
00:55:08,710 --> 00:55:06,920  
come over to his house and I mean this

1207  
00:55:10,990 --> 00:55:08,720  
was like five years ago or something and

1208  
00:55:13,180 --> 00:55:11,000  
I was like I wanna make a film on you

1209  
00:55:15,240 --> 00:55:13,190  
John I want to hear what you're just I

1210  
00:55:17,530 --> 00:55:15,250  
want proof of the you know

1211  
00:55:19,780 --> 00:55:17,540  
extraterrestrial visitors so you know I

1212  
00:55:22,150 --> 00:55:19,790  
sit down in his house and I look at him

1213  
00:55:25,990 --> 00:55:22,160

and for three days I mean the dude was

1214

00:55:28,630 --> 00:55:26,000

like silent he'd look at me I was like I

1215

00:55:31,060 --> 00:55:28,640

was staring down the barrel of his cigar

1216

00:55:33,430 --> 00:55:31,070

you know he's like he wouldn't even

1217

00:55:35,349 --> 00:55:33,440

acknowledge me unless I asked the

1218

00:55:41,290 --> 00:55:35,359

question if my question was stupid he

1219

00:55:44,560 --> 00:55:41,300

just looked at me like questions like

1220

00:55:46,630 --> 00:55:44,570

flew for the CIA like you know I cut it

1221

00:55:48,520 --> 00:55:46,640

you know he had some wild theories and I

1222

00:55:50,710 --> 00:55:48,530

was a jiu-jitsu fighter I mean I wasn't

1223

00:55:52,870 --> 00:55:50,720

like super scared but it was like you

1224

00:55:56,620 --> 00:55:52,880

know intimidated you know so basically

1225

00:55:59,140 --> 00:55:56,630

that was my intro into ufology is you

1226

00:56:02,380 --> 00:55:59,150

know the The Godfather of conspiracy

1227

00:56:04,720 --> 00:56:02,390

John Lear so I I'm happy to report that

1228

00:56:07,510 --> 00:56:04,730

I love him like a grandfather you know

1229

00:56:09,430 --> 00:56:07,520

that we've become you know good friends

1230

00:56:11,680 --> 00:56:09,440

on a good day sometimes he gets super

1231

00:56:13,990 --> 00:56:11,690

pissed at me because he feels I don't

1232

00:56:17,500 --> 00:56:14,000

agree with everything he agrees with but

1233

00:56:19,930 --> 00:56:17,510

but I love the guy and man has does he

1234

00:56:23,650 --> 00:56:19,940

have some powerful theories and although

1235

00:56:24,160 --> 00:56:23,660

I don't you know subscribe to all of

1236

00:56:27,550 --> 00:56:24,170

them

1237

00:56:31,390 --> 00:56:27,560

the things I haven't had a Bilal 'day

1238

00:56:33,910 --> 00:56:31,400

twit he has said I mean wow what an

1239

00:56:36,250 --> 00:56:33,920

incredible enlightening experience to

1240

00:56:38,950 --> 00:56:36,260

know John Lear I have been making a film

1241

00:56:41,160 --> 00:56:38,960

on John Lear called immaculate deception

1242

00:56:45,860 --> 00:56:41,170

which is far beyond a film now

1243

00:56:49,700 --> 00:56:45,870

essentially it is an archive a man's

1244

00:56:52,700 --> 00:56:49,710

and life and you know he's a pioneer you

1245

00:56:56,300 --> 00:56:52,710

know he is a cowboy he was a renegade

1246

00:56:58,940 --> 00:56:56,310

and I feel like I've captured that over

1247

00:57:03,470 --> 00:56:58,950

these maybe about five years now filming

1248

00:57:05,680 --> 00:57:03,480

and I decided instead of doing just a

1249

00:57:09,440 --> 00:57:05,690

short you know stairs like a normal film

1250

00:57:13,250 --> 00:57:09,450

immaculate deception I'm gonna release a

1251  
00:57:14,390 --> 00:57:13,260  
series of pieces on John because I find

1252  
00:57:16,640 --> 00:57:14,400  
him to be one of the most intriguing

1253  
00:57:20,480 --> 00:57:16,650  
humans on the planet

1254  
00:57:23,120 --> 00:57:20,490  
now did I see something on YouTube that

1255  
00:57:26,200 --> 00:57:23,130  
you filmed with him in his basement or

1256  
00:57:29,090 --> 00:57:26,210  
something you may there's a little

1257  
00:57:33,950 --> 00:57:29,100  
things slip out here and there but I've

1258  
00:57:37,730 --> 00:57:33,960  
got when I gave a presentation just

1259  
00:57:40,720 --> 00:57:37,740  
before George Knapp and Bob I did

1260  
00:57:44,060 --> 00:57:40,730  
premiere for the first time ever the

1261  
00:57:47,200 --> 00:57:44,070  
trailer or the teaser I'd say for the

1262  
00:57:50,510 --> 00:57:47,210  
work that I've been doing with John Lear

1263  
00:57:53,660 --> 00:57:50,520

so that's a little bit of that has kind

1264

00:57:56,960 --> 00:57:53,670

of snuck out onto the web but you will

1265

00:57:59,510 --> 00:57:56,970

be seeing a lot more very soon okay I

1266

00:58:01,220 --> 00:57:59,520

had him on the show oh I don't know a

1267

00:58:03,620 --> 00:58:01,230

couple years ago and it was really funny

1268

00:58:07,340 --> 00:58:03,630

because um we set a time and everything

1269

00:58:10,280 --> 00:58:07,350

and I want to say it was it was a

1270

00:58:12,020 --> 00:58:10,290

landmark birthday the day after he was

1271

00:58:16,730 --> 00:58:12,030

extremely hungover

1272

00:58:19,040 --> 00:58:16,740

and and he's like he kept like stumbling

1273

00:58:21,470 --> 00:58:19,050

and I think at the time I was doing some

1274

00:58:23,480 --> 00:58:21,480

I was doing the podcast only so I was

1275

00:58:25,370 --> 00:58:23,490

able to edit and I kept telling him

1276

00:58:28,100 --> 00:58:25,380

don't worry I'll edit it out I'll edit

1277

00:58:30,500 --> 00:58:28,110

it out let's you know just to get clear

1278

00:58:33,560 --> 00:58:30,510

John doesn't drink since the moment that

1279

00:58:36,650 --> 00:58:33,570

I've known him about five years ago he

1280

00:58:39,440 --> 00:58:36,660

hasn't had a drop of alcohol so most

1281

00:58:41,660 --> 00:58:39,450

likely what you were experiencing was

1282

00:58:44,750 --> 00:58:41,670

that John has you know pain from time to

1283

00:58:48,200 --> 00:58:44,760

time John you know look when he was 16

1284

00:58:51,500 --> 00:58:48,210

years old he crashed an airplane and

1285

00:58:53,450 --> 00:58:51,510

boom almost every bone in his body I

1286

00:58:56,740 --> 00:58:53,460

mean he didn't he was not supposed to

1287

00:58:58,990 --> 00:58:56,750

survive you know he was saved somehow so

1288

00:59:01,720 --> 00:58:59,000

you know this man has been through more

1289

00:59:04,540 --> 00:59:01,730

than you or I probably he's got grit

1290

00:59:07,210 --> 00:59:04,550

we'll just put it that way so sometimes

1291

00:59:09,640 --> 00:59:07,220

with his health you know he's 100% there

1292

00:59:11,290 --> 00:59:09,650

and he's on other times he's not but

1293

00:59:13,660 --> 00:59:11,300

what you experience definitely was not

1294

00:59:16,630 --> 00:59:13,670

alcohol okay well that was wrong for me

1295

00:59:18,460 --> 00:59:16,640

to say that but something he did tell me

1296

00:59:21,150 --> 00:59:18,470

that he was up most the night there's

1297

00:59:22,300 --> 00:59:21,160

something he told me that he he was like

1298

00:59:24,280 --> 00:59:22,310

exhausted

1299

00:59:26,230 --> 00:59:24,290

yeah well probably he was researching

1300

00:59:28,990 --> 00:59:26,240

when John is a very very active

1301  
00:59:32,140 --> 00:59:29,000  
researcher with every ounce that he has

1302  
00:59:34,599 --> 00:59:32,150  
he puts in and just one more time kind

1303  
00:59:36,849 --> 00:59:34,609  
of in John's defense although I do not

1304  
00:59:39,300 --> 00:59:36,859  
agree again with all of the things that

1305  
00:59:43,089 --> 00:59:39,310  
he says just cuz I can't validate them

1306  
00:59:47,980 --> 00:59:43,099  
but but what I will say is that you know

1307  
00:59:50,319 --> 00:59:47,990  
he I have been in his presence when

1308  
00:59:53,200 --> 00:59:50,329  
people travel across the United States

1309  
00:59:56,079 --> 00:59:53,210  
or further internationally just to have

1310  
01:00:00,250 --> 00:59:56,089  
audience with him and he has been privy

1311  
01:00:02,770 --> 01:00:00,260  
to information that you or I will never

1312  
01:00:04,569 --> 01:00:02,780  
be privy to I mean it's it's amazing the

1313  
01:00:08,500 --> 01:00:04,579

people that just like show up on his

1314

01:00:11,200 --> 01:00:08,510

doorstep and want to tell him oh it's

1315

01:00:14,410 --> 01:00:11,210

amazing and I was able to film that over

1316

01:00:15,880 --> 01:00:14,420

these years and once in a while you know

1317

01:00:19,120 --> 01:00:15,890

you kind of get a glimpse into the world

1318

01:00:23,140 --> 01:00:19,130

he lives in and man I mean he's tireless

1319

01:00:23,770 --> 01:00:23,150

Wow now his father Bill Lee or I guess

1320

01:00:28,000 --> 01:00:23,780

it is

1321

01:00:30,130 --> 01:00:28,010

you know inventor of the Learjet do you

1322

01:00:31,809 --> 01:00:30,140

and this is a question I never asked him

1323

01:00:33,790 --> 01:00:31,819

when I was talking to him but do you

1324

01:00:36,790 --> 01:00:33,800

happen to know if he had any thoughts on

1325

01:00:39,309 --> 01:00:36,800

UFOs did you ever ask him that yeah well

1326

01:00:41,559 --> 01:00:39,319

I probably asked you know John Lear

1327

01:00:43,569 --> 01:00:41,569

every question under the rainbow at this

1328

01:00:45,940 --> 01:00:43,579

point you know I mean I've spent many a

1329

01:00:49,420 --> 01:00:45,950

nights at his home trying to understand

1330

01:00:52,089 --> 01:00:49,430

the man and his philosophies so yes I

1331

01:00:54,790 --> 01:00:52,099

have now you know bill Lear John's

1332

01:00:57,250 --> 01:00:54,800

father was the inventor of the Learjet

1333

01:00:59,920 --> 01:00:57,260

as we know you know by the way his

1334

01:01:02,890 --> 01:00:59,930

company was what is now known as

1335

01:01:05,559 --> 01:01:02,900

Motorola because it was the 8-track

1336

01:01:06,370 --> 01:01:05,569

stereo also that he invented so like

1337

01:01:08,260 --> 01:01:06,380

yeah

1338

01:01:10,390 --> 01:01:08,270

so--but Bill there was an incredible guy

1339

01:01:13,239 --> 01:01:10,400

now John will it

1340

01:01:15,880 --> 01:01:13,249

that you know bill his father and

1341

01:01:17,999 --> 01:01:15,890

himself they didn't get along you know

1342

01:01:22,239 --> 01:01:18,009

they didn't get along in a lot of ways

1343

01:01:25,960 --> 01:01:22,249

but that that question if bill Lear had

1344

01:01:28,539 --> 01:01:25,970

anything to do with ufology well it was

1345

01:01:32,249 --> 01:01:28,549

late in John's life when he found out

1346

01:01:35,890 --> 01:01:32,259

that in fact bill was one of the primary

1347

01:01:38,380 --> 01:01:35,900

contractors working on anti-gravity and

1348

01:01:41,979 --> 01:01:38,390

that sort of stuff so that as the story

1349

01:01:49,739 --> 01:01:41,989

goes his father actually was in some way

1350

01:01:52,690 --> 01:01:49,749

connected to the you know gravitational

1351

01:01:54,880 --> 01:01:52,700

experimentation with in with an

1352

01:01:56,829 --> 01:01:54,890

aerospace Wow

1353

01:01:58,569 --> 01:01:56,839

okay well actually that's it for the

1354

01:02:00,969 --> 01:01:58,579

first hour if you want to hang in

1355

01:02:26,870 --> 01:02:00,979

everyone just hang in there and we'll be

1356

01:02:34,160 --> 01:02:31,130

all right we're back with our two and

1357

01:02:37,050 --> 01:02:34,170

we're back here with Jeremy Korbel and

1358

01:02:40,230 --> 01:02:37,060

in our two I wanted to talk a little bit

1359

01:02:43,230 --> 01:02:40,240

about well the other films that you've

1360

01:02:44,910 --> 01:02:43,240

done and what you've got coming up so do

1361

01:02:49,430 --> 01:02:44,920

you want to just briefly go over what

1362

01:02:53,420 --> 01:02:49,440

what's happening yeah that sounds great

1363

01:02:57,330 --> 01:02:53,430

okay so essentially if you go to

1364

01:03:00,060 --> 01:02:57,340

extraordinary beliefs calm you can see

1365

01:03:03,000 --> 01:03:00,070

the three minute plus little teaser on

1366

01:03:07,950 --> 01:03:03,010

that front page and that teaser kind of

1367

01:03:09,930 --> 01:03:07,960

shows you images and an idea of what the

1368

01:03:13,050 --> 01:03:09,940

in total investigative series is about

1369

01:03:15,360 --> 01:03:13,060

but if you look you know on the front

1370

01:03:18,630 --> 01:03:15,370

page of the website as well there are

1371

01:03:23,220 --> 01:03:18,640

twelve individual film properties so

1372

01:03:27,120 --> 01:03:23,230

most of which are about UFOs or in some

1373

01:03:30,090 --> 01:03:27,130

way connected to ufology they are all

1374

01:03:31,920 --> 01:03:30,100

developing some of them are out right

1375

01:03:34,050 --> 01:03:31,930

you can watch them right now like Las

1376

01:03:36,840 --> 01:03:34,060

Vegas it was actually interestingly

1377

01:03:39,600 --> 01:03:36,850

enough and funny enough it was my first

1378

01:03:43,080 --> 01:03:39,610

meeting with John Lear i sat in his home

1379

01:03:45,080 --> 01:03:43,090

I came to film him I was already and yet

1380

01:03:49,530 --> 01:03:45,090

he wouldn't let me turn on the camera

1381

01:03:51,750 --> 01:03:49,540

it's like vetting me you know so for

1382

01:03:55,470 --> 01:03:51,760

example Las Vegas you can watch right

1383

01:03:58,260 --> 01:03:55,480

now and so on extraordinary beliefs

1384

01:04:00,330 --> 01:03:58,270

there are 12 film properties currently

1385

01:04:03,960 --> 01:04:00,340

that are all in different stages of

1386

01:04:06,660 --> 01:04:03,970

development the first one that I think

1387

01:04:09,510 --> 01:04:06,670

you'll be able to see will be patient

1388

01:04:12,990 --> 01:04:09,520

seventeen and that was about dr. Roger

1389

01:04:16,860 --> 01:04:13,000

Leir different spelling different person

1390

01:04:20,370 --> 01:04:16,870

he is for those who don't know you know

1391

01:04:23,730 --> 01:04:20,380

the only individual on the planet who

1392

01:04:27,420 --> 01:04:23,740

was removing alleged offworld implants

1393

01:04:31,860 --> 01:04:27,430

and he was doing that right here out of

1394

01:04:33,870 --> 01:04:31,870

California and that was a film that I

1395

01:04:37,589 --> 01:04:33,880

was very reluctant to do but I ended up

1396

01:04:39,299 --> 01:04:37,599

following patients 17 as we call him

1397

01:04:42,509 --> 01:04:39,309

through his whole experience of

1398

01:04:44,549 --> 01:04:42,519

childhood abductions into the final

1399

01:04:46,199 --> 01:04:44,559

surgical removal of this anomalous

1400

01:04:48,079 --> 01:04:46,209

material that was found in his leg that

1401

01:04:51,479 --> 01:04:48,089

we had researched

1402

01:04:54,859 --> 01:04:51,489

isotopically broad-spectrum elemental

1403

01:04:58,140 --> 01:04:54,869

analysis everything and that film

1404

01:04:59,880 --> 01:04:58,150

I'll hint that you might be able to

1405

01:05:04,169 --> 01:04:59,890

watch it at the end of the month if you

1406

01:05:05,729 --> 01:05:04,179

listen in the radio okay we had some

1407

01:05:07,669 --> 01:05:05,739

questions that came up on I'm having a

1408

01:05:11,849 --> 01:05:07,679

little trouble with the question

1409

01:05:14,579 --> 01:05:11,859

question message board right now but so

1410

01:05:18,209 --> 01:05:14,589

Raj earlier you obviously got to meet

1411

01:05:21,630 --> 01:05:18,219

him as well pardon me we had him on the

1412

01:05:23,759 --> 01:05:21,640

show shortly before he actually passed

1413

01:05:25,829 --> 01:05:23,769

away he seems like a real real nice

1414

01:05:29,899 --> 01:05:25,839

gentleman I'm glad you got him before he

1415

01:05:33,899 --> 01:05:29,909

passed a really really special guy okay

1416

01:05:40,949 --> 01:05:33,909

are you familiar with Derrel Sims yes I

1417

01:05:42,419 --> 01:05:40,959

am I met Darryl at the Congress well on

1418

01:05:43,949 --> 01:05:42,429

the message board earlier and I just

1419

01:05:45,209 --> 01:05:43,959

can't seem to get to it they were

1420

01:05:49,259 --> 01:05:45,219

talking about someone that was going to

1421

01:05:54,419 --> 01:05:49,269

take Roger Lear's place as far as

1422

01:05:56,009 --> 01:05:54,429

removing a physical surgeon somebody

1423

01:05:58,499 --> 01:05:56,019

that was gonna kind of care take the

1424

01:06:01,259 --> 01:05:58,509

process I think it was I'm not really

1425

01:06:04,499 --> 01:06:01,269

sure okay well you know as far as a

1426

01:06:07,049 --> 01:06:04,509

physical surgeon I you know look there's

1427

01:06:09,449 --> 01:06:07,059

so much disorganization you know the

1428

01:06:11,759 --> 01:06:09,459

rights to the objects I mean gosh it's

1429

01:06:15,479 --> 01:06:11,769

been a pain in the butt just to be able

1430

01:06:17,999 --> 01:06:15,489

to study you know the object itself

1431

01:06:20,009 --> 01:06:18,009

you know honestly who has custodianship

1432

01:06:23,130 --> 01:06:20,019

of them I'm a little confused myself

1433

01:06:26,059 --> 01:06:23,140

right now but but but really the big

1434

01:06:29,429 --> 01:06:26,069

question you just asked is are people

1435

01:06:32,039 --> 01:06:29,439

who believe they have an offworld

1436

01:06:34,559 --> 01:06:32,049

implant embedded in their body emitting

1437

01:06:36,409 --> 01:06:34,569

frequency denser than bone that might be

1438

01:06:39,209 --> 01:06:36,419

nanotechnology from another civilization

1439

01:06:41,459 --> 01:06:39,219

you know is anybody gonna take them

1440

01:06:42,149 --> 01:06:41,469

seriously and can they have it cut out

1441

01:06:46,169 --> 01:06:42,159

of their body

1442

01:06:49,950 --> 01:06:46,179

that's your if that's your question you

1443

01:06:53,520 --> 01:06:49,960

know the answer to that is contact me

1444

01:06:56,910 --> 01:06:53,530

and I do have a surgeon who has agreed

1445

01:07:00,870 --> 01:06:56,920

to to do this it was a my childhood

1446

01:07:04,920 --> 01:07:00,880

friends father so you know the question

1447

01:07:08,220 --> 01:07:04,930

is can this research continue yes it can

1448

01:07:09,599 --> 01:07:08,230

the great thing about dr. Roger Leir was

1449

01:07:11,250 --> 01:07:09,609

that he put people through a

1450

01:07:12,540 --> 01:07:11,260

psychological examination through a

1451

01:07:16,170 --> 01:07:12,550

psychological test

1452

01:07:19,140 --> 01:07:16,180

he had them provide him with certain

1453

01:07:21,510 --> 01:07:19,150

levels of evidence prior to removal

1454

01:07:23,010 --> 01:07:21,520

prior to him even saying I'm gonna cut

1455

01:07:25,079 --> 01:07:23,020

the body I mean it's not like the first

1456

01:07:25,800 --> 01:07:25,089

coat of medicine is do no harm right

1457

01:07:29,070 --> 01:07:25,810

mm-hmm

1458

01:07:32,760 --> 01:07:29,080

so I'm not a doctor but I assume it's

1459

01:07:34,980 --> 01:07:32,770

something like that right so yeah so is

1460

01:07:38,400 --> 01:07:34,990

it gonna continue I certainly hope so

1461

01:07:41,250 --> 01:07:38,410

now anybody is free to contact me

1462

01:07:44,280 --> 01:07:41,260

through my website and you know from

1463

01:07:46,770 --> 01:07:44,290

there if a claim is valid in any way if

1464

01:07:50,220 --> 01:07:46,780

I can prove it anyway there are people

1465

01:07:51,780 --> 01:07:50,230

that want to help so I I hope you know I

1466

01:07:53,400 --> 01:07:51,790

hope that people do continue this

1467

01:07:55,440 --> 01:07:53,410

research I think it is important I think

1468

01:07:57,720 --> 01:07:55,450

you know John Mack head of Harvard

1469

01:08:00,450 --> 01:07:57,730

psychiatry and you know Budd Hopkins

1470

01:08:03,480 --> 01:08:00,460

both of whom are passed away now would

1471

01:08:07,490 --> 01:08:03,490

agree if they were here this research is

1472

01:08:11,280 --> 01:08:07,500

important the this is not fictitious

1473

01:08:14,280 --> 01:08:11,290

this is not a psychological problem that

1474

01:08:17,220 --> 01:08:14,290

something is going on and we should

1475

01:08:20,099 --> 01:08:17,230

investigate sure and I want to go into

1476

01:08:22,800 --> 01:08:20,109

one of your films nano man in a minute

1477

01:08:26,370 --> 01:08:22,810

but before that you brought up a really

1478

01:08:29,849 --> 01:08:26,380

good point as it stands right now who

1479

01:08:32,940 --> 01:08:29,859

has the custody of these implants that

1480

01:08:38,309 --> 01:08:32,950

were extracted over you know what it was

1481

01:08:43,650 --> 01:08:38,319

a 17 or 18 of them yeah yeah so patient

1482

01:08:49,590 --> 01:08:43,660

17 who was the man is featured in my

1483

01:08:56,400 --> 01:08:49,600

film was the last implant removal of dr.

1484

01:08:59,880 --> 01:08:56,410

Lear's career and so they're 17 now at

1485

01:09:03,480 --> 01:08:59,890

one time I know that I was working with

1486

01:09:07,140 --> 01:09:03,490

Steve Colburn who was the cuz

1487

01:09:10,020 --> 01:09:07,150

stoyan of these objects and I know I

1488

01:09:13,710 --> 01:09:10,030

believe he had them all I found it very

1489

01:09:16,020 --> 01:09:13,720

difficult in you know to study the

1490

01:09:20,640 --> 01:09:16,030

sample from who I now consider a really

1491

01:09:24,860 --> 01:09:20,650

good friend patient 17 but we were able

1492

01:09:27,210 --> 01:09:24,870

to get some basic analysis done on it I

1493

01:09:29,790 --> 01:09:27,220

you know kind of read some internet

1494

01:09:32,370 --> 01:09:29,800

stuff I have no idea to be honest with

1495

01:09:34,620 --> 01:09:32,380

you like I think the patient's own these

1496

01:09:38,340 --> 01:09:34,630

things like it is my feeling that if it

1497

01:09:41,550 --> 01:09:38,350

came out of my body I would say that was

1498

01:09:46,110 --> 01:09:41,560

mine but the thing is I don't know and

1499

01:09:49,170 --> 01:09:46,120

and honestly after 17 removals if you

1500

01:09:52,250 --> 01:09:49,180

have not been able to definitively prove

1501

01:09:55,470 --> 01:09:52,260

something then is this the right path

1502

01:09:58,820 --> 01:09:55,480

you know I don't know but but what I do

1503

01:10:03,080 --> 01:09:58,830

know is that it merits investigation so

1504

01:10:07,680 --> 01:10:03,090

all I can say is I encourage whoever has

1505

01:10:10,230 --> 01:10:07,690

custodianship of these 17 alleged

1506

01:10:12,810 --> 01:10:10,240

offworld implants that they just allow

1507

01:10:17,160 --> 01:10:12,820

the scientific community to engage these

1508

01:10:20,130 --> 01:10:17,170

implants or to engage these objects you

1509

01:10:23,610 --> 01:10:20,140

know I I don't operate in mystery I

1510

01:10:27,270 --> 01:10:23,620

don't operate in secrecy put it on the

1511

01:10:31,020 --> 01:10:27,280

table if it has value it does if it

1512

01:10:33,420 --> 01:10:31,030

doesn't go home have you ever actually

1513

01:10:35,280 --> 01:10:33,430

seen one of these objects really really

1514

01:10:38,910 --> 01:10:35,290

close did you were you able to examine

1515

01:10:40,350 --> 01:10:38,920

when making that film I absolutely I was

1516

01:10:42,840 --> 01:10:40,360

sitting right there when it got cut out

1517

01:10:44,130 --> 01:10:42,850

I was watched it me tell how much dr.

1518

01:10:45,750 --> 01:10:44,140

Leir to put it in his hand

1519

01:10:48,990 --> 01:10:45,760

take it over put it in some tissue

1520

01:10:52,500 --> 01:10:49,000

sample and yeah ship it off to the lab I

1521

01:10:55,560 --> 01:10:52,510

actually made a point to pay for the

1522

01:10:59,250 --> 01:10:55,570

broad spectrum elemental analysis and

1523

01:11:01,230 --> 01:10:59,260

isotopic analysis of you know sample

1524

01:11:04,560 --> 01:11:01,240

number 17 because I wanted to know for

1525

01:11:07,190 --> 01:11:04,570

my friend what it was is is a piece of

1526

01:11:10,800 --> 01:11:07,200

rebar is this nanotechnology you know

1527

01:11:14,040 --> 01:11:10,810

from an offworld civilization like so

1528

01:11:16,140 --> 01:11:14,050

yeah I saw it up close and what how did

1529

01:11:22,140 --> 01:11:16,150

the test results come out

1530

01:11:25,320 --> 01:11:22,150

we gotta watch move I did watch the

1531

01:11:26,670 --> 01:11:25,330

movie okay so so so you know and you

1532

01:11:29,010 --> 01:11:26,680

just kind of will kind of keep it a

1533

01:11:34,320 --> 01:11:29,020

little mysterious here but that you know

1534

01:11:37,070 --> 01:11:34,330

I will say this like everything you're

1535

01:11:41,480 --> 01:11:37,080

thinking and more is true this is a

1536

01:11:43,740 --> 01:11:41,490

complicated case you know you can have

1537

01:11:47,220 --> 01:11:43,750

incredible results but then you have to

1538

01:11:51,780 --> 01:11:47,230

scrutinize those results so so you know

1539

01:11:54,240 --> 01:11:51,790

I am still today you know the the ending

1540

01:12:00,420 --> 01:11:54,250

of the film for me was frustrating I'm

1541

01:12:02,550 --> 01:12:00,430

still questioning what's going on and I

1542

01:12:05,220 --> 01:12:02,560

hope to be able to have access to the

1543

01:12:07,290 --> 01:12:05,230

sample again and I hope to be able to go

1544

01:12:09,780 --> 01:12:07,300

further with this I mean there is a part

1545

01:12:12,510 --> 01:12:09,790

two but we got to get people up to the

1546

01:12:16,110 --> 01:12:12,520

level of part one they need to purchase

1547

01:12:18,060 --> 01:12:16,120

the film view the film somehow which I'm

1548

01:12:20,880 --> 01:12:18,070

working on I'm working on how to get

1549

01:12:23,160 --> 01:12:20,890

this out there will be the small window

1550

01:12:25,080 --> 01:12:23,170

of opportunity at the end of June but

1551

01:12:27,120 --> 01:12:25,090

but he said I'm trying to get this into

1552

01:12:30,750 --> 01:12:27,130

people's hands so that I can continue

1553

01:12:32,520 --> 01:12:30,760

the research now did dr. Leir remove I

1554

01:12:35,130 --> 01:12:32,530

know he was a podiatrist but did he

1555

01:12:38,070 --> 01:12:35,140

remove all of these implants or did he

1556

01:12:40,320 --> 01:12:38,080

work with another surgery yes so I guess

1557

01:12:43,950 --> 01:12:40,330

as a podiatrist you're kind of limited

1558

01:12:45,780 --> 01:12:43,960

to you know cutting defeat right so you

1559

01:12:50,220 --> 01:12:45,790

know essentially you have to kind of

1560

01:12:51,510 --> 01:12:50,230

outsource other other scalpels right to

1561

01:12:55,950 --> 01:12:51,520

cut into different parts of the body

1562

01:12:58,800 --> 01:12:55,960

patient Seventeen's object was in his

1563

01:13:02,700 --> 01:12:58,810

leg and so that was dr. mattress Yano

1564

01:13:04,950 --> 01:13:02,710

that actually you know cut it open but

1565

01:13:09,060 --> 01:13:04,960

dr. Leir is there and you know he's the

1566

01:13:11,430 --> 01:13:09,070

the expert on all of this and you know

1567

01:13:14,280 --> 01:13:11,440

that that was his his role so I think

1568

01:13:16,440 --> 01:13:14,290

some he cut out and other ones he you

1569

01:13:17,910 --> 01:13:16,450

know had dr. matrisciana do it you know

1570

01:13:19,650 --> 01:13:17,920

look who's willing to do it if you pay

1571

01:13:22,380 --> 01:13:19,660

him you know but I have another doctor

1572

01:13:25,710 --> 01:13:22,390

who's willing to donate his time oh wow

1573

01:13:29,100 --> 01:13:25,720

well your friend you say is your friend

1574

01:13:29,939 --> 01:13:29,110

and that's patient 17 to me you know

1575

01:13:33,270 --> 01:13:29,949

watching the move

1576

01:13:38,880 --> 01:13:33,280

in Phoenix I thought he was a very

1577

01:13:41,220 --> 01:13:38,890

believable type of subject that didn't

1578

01:13:43,080 --> 01:13:41,230

seemed at all like he would be someone

1579

01:13:44,580 --> 01:13:43,090

that would talk about any type of

1580

01:13:48,439 --> 01:13:44,590

abductions or anything

1581

01:13:51,870 --> 01:13:48,449

oh yeah he's he's a straight-up very

1582

01:13:55,350 --> 01:13:51,880

intelligent I mean the man six foot nine

1583

01:13:59,070 --> 01:13:55,360

and first of all he wanted science I

1584

01:14:00,870 --> 01:13:59,080

mean the guy is like towers over me I

1585

01:14:04,380 --> 01:14:00,880

had to like change my camera angles just

1586

01:14:07,830 --> 01:14:04,390

to get the frame but like you know he's

1587

01:14:11,970 --> 01:14:07,840

a very intelligent thoughtful human

1588

01:14:14,640 --> 01:14:11,980

being he is a very skilled contractor I

1589

01:14:18,180 --> 01:14:14,650

would even say artisan like you know the

1590

01:14:24,500 --> 01:14:18,190

way that he does construction and he's

1591

01:14:28,530 --> 01:14:24,510

very articulate and he is the absolute

1592

01:14:30,840 --> 01:14:28,540

contradiction to what you would think of

1593

01:14:32,340 --> 01:14:30,850

well what I would think of when I when I

1594

01:14:33,840 --> 01:14:32,350

was thinking somebody that's telling me

1595

01:14:35,760 --> 01:14:33,850

about an abduction I had all these

1596

01:14:37,650 --> 01:14:35,770

preconceived notions in my mind to be

1597

01:14:40,709 --> 01:14:37,660

honest with you I did not want to do

1598

01:14:43,110 --> 01:14:40,719

this movie you know dr. Leir personally

1599

01:14:45,689 --> 01:14:43,120

was like Jeremy you got to do this movie

1600

01:14:47,370 --> 01:14:45,699

and my friend Reuben Langdon you know

1601

01:14:49,650 --> 01:14:47,380

really kind of I was like throw me in

1602

01:14:53,790 --> 01:14:49,660

coach you know he he put me in as a

1603

01:14:56,040 --> 01:14:53,800

producer and I I did not even want to do

1604

01:14:59,490 --> 01:14:56,050

it I told dr. Leir I said look if this

1605

01:15:02,669 --> 01:14:59,500

is BS I mean I'm a serious investigative

1606

01:15:04,950 --> 01:15:02,679

filmmaker I will out you if this is BS

1607

01:15:11,130 --> 01:15:04,960

are you sure you want me to film this

1608

01:15:13,680 --> 01:15:11,140

and he says if I there wasn't something

1609

01:15:17,340 --> 01:15:13,690

to it I wouldn't ask you to do it and so

1610

01:15:18,930 --> 01:15:17,350

I was convinced and what really made me

1611

01:15:21,030 --> 01:15:18,940

stick with this because really I was

1612

01:15:24,030 --> 01:15:21,040

just thrown into like you know dr. Lior

1613

01:15:27,000 --> 01:15:24,040

wanted me to film the surgery okay make

1614

01:15:30,900 --> 01:15:27,010

a little film on his surgeries but it

1615

01:15:34,890 --> 01:15:30,910

was meeting patient 17 that really kind

1616

01:15:39,390 --> 01:15:34,900

of turned the tide for me just as you

1617

01:15:42,780 --> 01:15:39,400

said he is a typical he's not what I

1618

01:15:46,190 --> 01:15:42,790

expected you know I don't know what

1619

01:15:52,850 --> 01:15:46,200

expected but but he's a intelligent

1620

01:15:56,460 --> 01:15:52,860

articulate down-to-earth you know he but

1621

01:16:01,170 --> 01:15:56,470

at the same time you can tell that he

1622

01:16:04,950 --> 01:16:01,180

has been traumatized by experiences

1623

01:16:10,200 --> 01:16:04,960

outside of his control now I will also

1624

01:16:13,140 --> 01:16:10,210

say that I don't think that he

1625

01:16:17,390 --> 01:16:13,150

necessarily associated what was in his

1626  
01:16:23,520 --> 01:16:17,400  
leg with his abductive experiences I

1627  
01:16:25,290 --> 01:16:23,530  
believe that he he had his abductive

1628  
01:16:27,420 --> 01:16:25,300  
experiences something that is no doubt

1629  
01:16:30,900 --> 01:16:27,430  
like he will tell you straight forward

1630  
01:16:34,020 --> 01:16:30,910  
this is what I experienced but it was

1631  
01:16:36,480 --> 01:16:34,030  
kind of like intimated to him hey well

1632  
01:16:39,180 --> 01:16:36,490  
this thing in your leg which by the way

1633  
01:16:42,960 --> 01:16:39,190  
was admitting electromagnetic frequency

1634  
01:16:46,400 --> 01:16:42,970  
which is weird may have something to do

1635  
01:16:48,630 --> 01:16:46,410  
with these missing time you know

1636  
01:16:51,060 --> 01:16:48,640  
abductive experiences we are seeing

1637  
01:16:53,310 --> 01:16:51,070  
these grays and this whole thing so yeah

1638  
01:16:57,120 --> 01:16:53,320

he's not the typical guy you'd imagine I

1639

01:16:59,640 --> 01:16:57,130

mean he's very credible he's not lying I

1640

01:17:02,070 --> 01:16:59,650

know the guy no how did you know there

1641

01:17:07,620 --> 01:17:02,080

was something in his leg well you know

1642

01:17:10,650 --> 01:17:07,630

he had x-rays he had a lot of pain and

1643

01:17:12,570 --> 01:17:10,660

he was riding this motorcycle and he's a

1644

01:17:14,580 --> 01:17:12,580

motorcycle rider a passionate motorcycle

1645

01:17:16,380 --> 01:17:14,590

rider and he had this all this pain in

1646

01:17:20,640 --> 01:17:16,390

his leg so he had it x-rayed I mean it

1647

01:17:23,400 --> 01:17:20,650

was like 10 11 years ago and this object

1648

01:17:27,570 --> 01:17:23,410

appeared in the x-ray denser than bone

1649

01:17:30,360 --> 01:17:27,580

so it's metallic and you know just it

1650

01:17:32,190 --> 01:17:30,370

was there and the docs were like when

1651

01:17:35,490 --> 01:17:32,200

did you have surgery anything I didn't

1652

01:17:37,830 --> 01:17:35,500

have surgery well something's left in

1653

01:17:41,190 --> 01:17:37,840

your leg and and so that kind of just

1654

01:17:44,310 --> 01:17:41,200

sat in the back of his mind and then you

1655

01:17:47,280 --> 01:17:44,320

know he went to go to you know do a

1656

01:17:51,150 --> 01:17:47,290

construction job and it was the the

1657

01:17:54,060 --> 01:17:51,160

watcher's guys and they basically you

1658

01:17:56,049 --> 01:17:54,070

know asked him he saw something on the

1659

01:17:57,490 --> 01:17:56,059

screen or something like this and

1660

01:17:59,350 --> 01:17:57,500

and they and they asked him and he

1661

01:18:01,209 --> 01:17:59,360

mentioned the thing in his leg and his

1662

01:18:03,729 --> 01:18:01,219

abductive experience is one thing led to

1663

01:18:06,100 --> 01:18:03,739

the next and he met dr. Leir and it was

1664

01:18:12,310 --> 01:18:06,110

kind of like he was led down this path

1665

01:18:15,520 --> 01:18:12,320

now we still again watch the movie but

1666

01:18:20,919 --> 01:18:15,530

it's fascinating I don't know what to

1667

01:18:24,339 --> 01:18:20,929

think right right now question up on the

1668

01:18:27,399 --> 01:18:24,349

message board did you happen to know as

1669

01:18:31,600 --> 01:18:27,409

much detail to know what frequency what

1670

01:18:35,560 --> 01:18:31,610

frequency the modulation was you know it

1671

01:18:41,049 --> 01:18:35,570

so I I knew nothing I I'll say that I

1672

01:18:44,649 --> 01:18:41,059

was completely naive and an ignorant to

1673

01:18:46,959 --> 01:18:44,659

the entire culture of this implant

1674

01:18:50,109 --> 01:18:46,969

removal or implant

1675

01:18:52,359 --> 01:18:50,119

you know phenomenon

1676

01:18:54,790 --> 01:18:52,369

you know this was not my field of

1677

01:18:57,160 --> 01:18:54,800

research I was finding individuals

1678

01:18:59,950 --> 01:18:57,170

within the military or the government

1679

01:19:02,200 --> 01:18:59,960

who or intelligence agencies it would

1680

01:19:05,529 --> 01:19:02,210

they would speak out to me that was my

1681

01:19:08,859 --> 01:19:05,539

focus so this whole thing was not really

1682

01:19:13,180 --> 01:19:08,869

my within the field or the scope of my

1683

01:19:15,790 --> 01:19:13,190

expertise sure now with that said I was

1684

01:19:19,270 --> 01:19:15,800

told a number of things we've all heard

1685

01:19:21,879 --> 01:19:19,280

the story that dr. Lear claimed that it

1686

01:19:23,919 --> 01:19:21,889

was at the five megahertz frequency and

1687

01:19:27,580 --> 01:19:23,929

that this is the deep-space frequency

1688

01:19:30,700 --> 01:19:27,590

and it sounds really nice now I have no

1689

01:19:33,520 --> 01:19:30,710

idea I really have no idea

1690

01:19:35,890 --> 01:19:33,530

I saw a Gauss meter which I guess

1691

01:19:39,100 --> 01:19:35,900

measures electromagnetic frequency like

1692

01:19:42,220 --> 01:19:39,110

we brought it up to my camera I have one

1693

01:19:45,399 --> 01:19:42,230

now it just basically makes a sound okay

1694

01:19:47,760 --> 01:19:45,409

so you get electromagnetic frequency you

1695

01:19:53,169 --> 01:19:47,770

know you bring this over the object and

1696

01:19:55,990 --> 01:19:53,179

it goes off okay but I have no idea if

1697

01:19:59,950 --> 01:19:56,000

this is truly a frequency from the

1698

01:20:02,290 --> 01:19:59,960

object itself as dr. Leir claimed or if

1699

01:20:06,790 --> 01:20:02,300

it's ambient electromagnetic frequency

1700

01:20:09,069 --> 01:20:06,800

again it's not my specialty the claim is

1701

01:20:09,910 --> 01:20:09,079

also once you detach it from the body it

1702

01:20:12,790 --> 01:20:09,920

shuts off

1703

01:20:16,300 --> 01:20:12,800

you know like as if the body powers it

1704

01:20:21,130 --> 01:20:16,310

can I prove that no am i trying to prove

1705

01:20:24,820 --> 01:20:21,140

that definitely not but the basic idea

1706

01:20:27,040 --> 01:20:24,830

is that there is some sort of energetic

1707

01:20:27,700 --> 01:20:27,050

field that surrounds these things like a

1708

01:20:30,640 --> 01:20:27,710

beacon

1709

01:20:34,180 --> 01:20:30,650

now dr. Leir claimed that these were

1710

01:20:37,900 --> 01:20:34,190

most likely transmitting on a scalar

1711

01:20:39,850 --> 01:20:37,910

wave frequency which again to me I don't

1712

01:20:41,169 --> 01:20:39,860

really understand what that means and

1713

01:20:42,160 --> 01:20:41,179

maybe some of your listeners can

1714

01:20:45,760 --> 01:20:42,170

enlighten me

1715

01:20:49,990 --> 01:20:45,770

but what we're picking up imagine it

1716

01:20:53,470 --> 01:20:50,000

like this you throw a rock into water

1717

01:20:56,200 --> 01:20:53,480

and that's the impact but there's a

1718

01:20:58,060 --> 01:20:56,210

ripple effect and on the shore you can

1719

01:20:59,050 --> 01:20:58,070

pick up the fact that something was

1720

01:21:01,200 --> 01:20:59,060

throwing the water because you get

1721

01:21:03,910 --> 01:21:01,210

little waves so maybe what we're

1722

01:21:06,490 --> 01:21:03,920

experiencing kind of like gravity itself

1723

01:21:08,800 --> 01:21:06,500

maybe what we're experiencing is some

1724

01:21:12,040 --> 01:21:08,810

sort of runoff from a greater frequency

1725

01:21:15,850 --> 01:21:12,050

and that is a reach that is a stretch I

1726

01:21:19,300 --> 01:21:15,860

am theorizing right now all I know is a

1727

01:21:22,720 --> 01:21:19,310

is a foreign object was removed from a

1728

01:21:25,209 --> 01:21:22,730

man's leg this object was interrogated

1729

01:21:27,970 --> 01:21:25,219

both with broad spectrum elemental

1730

01:21:31,689 --> 01:21:27,980

analysis and isotopic analysis to try to

1731

01:21:34,780 --> 01:21:31,699

determine its non-terrestrial 'ti or at

1732

01:21:37,510 --> 01:21:34,790

rest reality you know I cannot claim

1733

01:21:38,950 --> 01:21:37,520

that I have any knowledge more about

1734

01:21:41,370 --> 01:21:38,960

that uh-huh

1735

01:21:43,810 --> 01:21:41,380

one of the questions that comes up

1736

01:21:47,560 --> 01:21:43,820

surprisingly is do you happen to know

1737

01:21:49,360 --> 01:21:47,570

what blood type patient 17 was I have no

1738

01:21:52,630 --> 01:21:49,370

idea but that is something I will now

1739

01:21:54,100 --> 01:21:52,640

ask ya find out if it's Rh negative if

1740

01:21:56,530 --> 01:21:54,110

you would if you want to make a note of

1741

01:21:59,380 --> 01:21:56,540

that because yeah I will be sure it

1742

01:22:03,550 --> 01:21:59,390

seems you know we have someone in the

1743

01:22:05,709 --> 01:22:03,560

chatroom that asks almost every time we

1744

01:22:08,919 --> 01:22:05,719

have someone on that's involved in

1745

01:22:11,169 --> 01:22:08,929

abductions in it and over and over and

1746

01:22:16,860 --> 01:22:11,179

over it's almost like he's making his

1747

01:22:22,600 --> 01:22:19,930

what your writer is I'm asking about is

1748

01:22:23,500 --> 01:22:22,610

is a very popular theory actually so I'm

1749

01:22:25,299 --> 01:22:23,510

I do

1750

01:22:28,149 --> 01:22:25,309

have some understanding of why he's

1751

01:22:29,919 --> 01:22:28,159

asking that question you know there

1752

01:22:32,319 --> 01:22:29,929

there's a there's a wealth of

1753

01:22:35,500 --> 01:22:32,329

information out there online if you want

1754

01:22:38,560 --> 01:22:35,510

to research that I will ask and we'll

1755

01:22:41,799 --> 01:22:38,570

find out that for sure what I'm looking

1756

01:22:44,770 --> 01:22:41,809

forward to is hopefully there'll be this

1757

01:22:47,439 --> 01:22:44,780

like seven day window at the end of June

1758

01:22:49,810 --> 01:22:47,449

where you'll be able to view a pre

1759

01:22:51,189 --> 01:22:49,820

premier kind of like hey tell me what

1760

01:22:52,660 --> 01:22:51,199

you think about the movie what do you

1761

01:22:54,790 --> 01:22:52,670

think about it what can I make better

1762

01:22:57,339 --> 01:22:54,800

you know what what else would you like

1763

01:22:59,379 --> 01:22:57,349

to know if I do a part two that's what

1764

01:23:00,700 --> 01:22:59,389

I'm planning to do so these types of

1765

01:23:01,870 --> 01:23:00,710

questions like there are negative

1766

01:23:03,549 --> 01:23:01,880

that'll be great but what I'm gonna be

1767

01:23:05,830 --> 01:23:03,559

doing with the release of the film is

1768

01:23:08,319 --> 01:23:05,840

also releasing the isotopic and

1769

01:23:09,459 --> 01:23:08,329

elemental analysis I'm putting it all

1770

01:23:12,729 --> 01:23:09,469

out on the table

1771

01:23:15,370 --> 01:23:12,739

and I'm saying hey everybody get on this

1772

01:23:19,750 --> 01:23:15,380

tell me is this anomalous or is this not

1773

01:23:22,810 --> 01:23:19,760

because we are divided 50/50 I mean

1774

01:23:24,459 --> 01:23:22,820

certainly some of the information the

1775

01:23:25,720 --> 01:23:24,469

data that came back without giving it

1776

01:23:27,850 --> 01:23:25,730

all away I want you to watch the movie

1777

01:23:31,270 --> 01:23:27,860

this is how I make my living I hope

1778

01:23:35,109 --> 01:23:31,280

right but when you watch the movie some

1779

01:23:39,399 --> 01:23:35,119

of the data came back definitively a

1780

01:23:42,669 --> 01:23:39,409

novelist but what I want to know is what

1781

01:23:45,669 --> 01:23:42,679

is the margin of error how can this be

1782

01:23:48,580 --> 01:23:45,679

an error you know and I think there are

1783

01:23:51,100 --> 01:23:48,590

answers to that you know so the quick

1784

01:23:53,200 --> 01:23:51,110

you know it comes down to I have no idea

1785

01:23:55,089 --> 01:23:53,210

for ever gonna prove this or not but we

1786

01:23:57,879 --> 01:23:55,099

you know we have a sample we have some

1787

01:24:03,180 --> 01:23:57,889

analysis I want the world to tear it

1788

01:24:06,370 --> 01:24:03,190

apart now when I had Roger on I think I

1789

01:24:09,520 --> 01:24:06,380

asked him some questions about what type

1790

01:24:13,720 --> 01:24:09,530

of research has been done once these

1791

01:24:17,740 --> 01:24:13,730

have been pulled out and extracted is a

1792

01:24:19,209 --> 01:24:17,750

better word for that and tested do you

1793

01:24:22,029 --> 01:24:19,219

happen to know if they put in some type

1794

01:24:25,209 --> 01:24:22,039

of solution and just put away or do you

1795

01:24:27,490 --> 01:24:25,219

know how their storage is well the

1796

01:24:33,160 --> 01:24:27,500

stories if it totally different matter

1797

01:24:36,729 --> 01:24:33,170

but like how I personally had object 17

1798

01:24:40,060 --> 01:24:36,739

analyzed it was a destructive test

1799

01:24:41,979 --> 01:24:40,070

so I had it you know the the object

1800

01:24:45,370 --> 01:24:41,989

itself I worked with Steve Coburn who

1801  
01:24:50,470 --> 01:24:45,380  
was holding the object at the time and I

1802  
01:24:53,670 --> 01:24:50,480  
had him sent directly to a laboratory

1803  
01:24:57,910 --> 01:24:53,680  
it's an accredited great laboratory and

1804  
01:25:01,600 --> 01:24:57,920  
they dissolve the part of the object and

1805  
01:25:04,990 --> 01:25:01,610  
then from that they're able to determine

1806  
01:25:07,660 --> 01:25:05,000  
a number of things again broad spectrum

1807  
01:25:15,070 --> 01:25:07,670  
elemental analysis this piece of metal

1808  
01:25:18,070 --> 01:25:15,080  
had over 35 alloys 35 elements yeah it

1809  
01:25:21,370 --> 01:25:18,080  
was complex now

1810  
01:25:23,080 --> 01:25:21,380  
some were in very very trace trace

1811  
01:25:27,160 --> 01:25:23,090  
amounts I mean the majority of it was

1812  
01:25:28,390 --> 01:25:27,170  
iron but it's these tiny little trace

1813  
01:25:30,820 --> 01:25:28,400

amounts that I've been kind of

1814

01:25:33,660 --> 01:25:30,830

investigating and then isotopically I

1815

01:25:38,290 --> 01:25:33,670

was able to have to or pay for two

1816

01:25:42,000 --> 01:25:38,300

different isotopes to be analyzed zinc

1817

01:25:47,260 --> 01:25:42,010

and copper zinc was absolutely

1818

01:25:50,470 --> 01:25:47,270

fascinating the zinc isotopes were I was

1819

01:25:52,390 --> 01:25:50,480

really fascinated by the results and

1820

01:25:54,700 --> 01:25:52,400

again it's kind of heady stuff like it

1821

01:25:56,770 --> 01:25:54,710

was a huge learning curve for me look I

1822

01:26:01,209 --> 01:25:56,780

was a mixed martial a cleat I was at

1823

01:26:04,780 --> 01:26:01,219

jujitsu fighter I was I was not I was

1824

01:26:11,530 --> 01:26:04,790

not analyzing isotopes or elements in

1825

01:26:13,209 --> 01:26:11,540

college you know doing artwork and you

1826

01:26:15,220 --> 01:26:13,219

know so now it was it was a steep

1827

01:26:17,530 --> 01:26:15,230

learning curve but the one thing that I

1828

01:26:21,010 --> 01:26:17,540

did learn from martial arts was you know

1829

01:26:24,340 --> 01:26:21,020

tenacity it was the ability to you know

1830

01:26:27,370 --> 01:26:24,350

fight for something until you get

1831

01:26:30,160 --> 01:26:27,380

results and so that really helped me and

1832

01:26:32,800 --> 01:26:30,170

so with the analysis it was a

1833

01:26:35,830 --> 01:26:32,810

destructive test but not all of it just

1834

01:26:39,580 --> 01:26:35,840

part of it and we were able to determine

1835

01:26:42,310 --> 01:26:39,590

precisely what 35 or 36 different

1836

01:26:46,470 --> 01:26:42,320

elements were contained even in trace

1837

01:26:48,520 --> 01:26:46,480

amounts within this object object 17 and

1838

01:26:49,630 --> 01:26:48,530

additionally I had two elements that

1839

01:26:51,880 --> 01:26:49,640

were analyzed

1840

01:26:54,630 --> 01:26:51,890

and look I took these results to nano

1841

01:26:57,730 --> 01:26:54,640

physicists I took these results to

1842

01:27:01,270 --> 01:26:57,740

meteorite specialists the head of the

1843

01:27:04,690 --> 01:27:01,280

meteorite department at UCLA I took

1844

01:27:10,450 --> 01:27:04,700

these results to scientists that worked

1845

01:27:13,840 --> 01:27:10,460

on the original nuclear tests out at out

1846

01:27:17,080 --> 01:27:13,850

in Alamogordo I took these results to

1847

01:27:19,510 --> 01:27:17,090

people that worked at Los Alamos so I've

1848

01:27:22,270 --> 01:27:19,520

done the best I can you know now it's

1849

01:27:27,340 --> 01:27:22,280

kind of up to the public jury to figure

1850

01:27:30,310 --> 01:27:27,350

out what to do next I need your help so

1851

01:27:33,370 --> 01:27:30,320

let's let's talk a little bit about nano

1852

01:27:35,800 --> 01:27:33,380

man because this is sort of similar in a

1853

01:27:37,690 --> 01:27:35,810

way this is a film you have coming out

1854

01:27:41,170 --> 01:27:37,700

or is it is it out already

1855

01:27:44,620 --> 01:27:41,180

again it's a huge series and then if you

1856

01:27:46,750 --> 01:27:44,630

go to extraordinary beliefs calm and you

1857

01:27:50,380 --> 01:27:46,760

click on like the first you know of the

1858

01:27:54,490 --> 01:27:50,390

12 film properties you'll be able to see

1859

01:27:59,380 --> 01:27:54,500

like a 31 second teaser and a little

1860

01:28:02,650 --> 01:27:59,390

audio clip there are two IMDB sites for

1861

01:28:06,010 --> 01:28:02,660

it basically I have two shorts that are

1862

01:28:08,470 --> 01:28:06,020

done one is called nano man utility fog

1863

01:28:11,440 --> 01:28:08,480

and the other one is about something

1864

01:28:14,080 --> 01:28:11,450

that he calls the space drive soon

1865

01:28:18,370 --> 01:28:14,090

enough I will release nano man's

1866

01:28:22,450 --> 01:28:18,380

identity he is a military funded nano

1867

01:28:26,470 --> 01:28:22,460

physicist who was developing under the

1868

01:28:29,110 --> 01:28:26,480

authority of the the Navy funding from

1869

01:28:31,900 --> 01:28:29,120

wright-patterson Air Force Base a

1870

01:28:35,020 --> 01:28:31,910

propulsion technology unlike anything

1871

01:28:38,890 --> 01:28:35,030

that has been seen before and it has

1872

01:28:40,300 --> 01:28:38,900

promised it's quite fascinating and his

1873

01:28:43,240 --> 01:28:40,310

whole thing is upscaling it to

1874

01:28:46,930 --> 01:28:43,250

marketability and that sort of thing the

1875

01:28:50,290 --> 01:28:46,940

other film again a short it is called

1876

01:28:54,340 --> 01:28:50,300

utility fog and I'm opening with this

1877

01:28:58,000 --> 01:28:54,350

June 25th or 26th it'll be available and

1878

01:29:01,570 --> 01:28:58,010

I'm opening with this film because it

1879

01:29:02,850 --> 01:29:01,580

shows you how a very serious scientific

1880

01:29:07,800 --> 01:29:02,860

man

1881

01:29:10,480 --> 01:29:07,810

kind of achieved some of his greater

1882

01:29:14,640 --> 01:29:10,490

accomplishments in life is because he

1883

01:29:17,880 --> 01:29:14,650

was shown materials that modern-day

1884

01:29:21,520 --> 01:29:17,890

nanotechnology simply can not build and

1885

01:29:24,370 --> 01:29:21,530

one day he handed me a vial which looked

1886

01:29:26,950 --> 01:29:24,380

like water and it was ethanol and he

1887

01:29:31,500 --> 01:29:26,960

said the inside this little vial of

1888

01:29:33,760 --> 01:29:31,510

ethanol was nanotechnology that is a

1889

01:29:39,190 --> 01:29:33,770

thousand years beyond what we have now

1890

01:29:41,170 --> 01:29:39,200

and I was totally skeptical it looks

1891

01:29:43,510 --> 01:29:41,180

like a bottle it looks like a little

1892

01:29:45,970 --> 01:29:43,520

vial of water I'm like you've got to be

1893

01:29:49,870 --> 01:29:45,980

kidding me anything's not only that but

1894

01:29:53,170 --> 01:29:49,880

this was collected at a like like at an

1895

01:29:55,540 --> 01:29:53,180

abduction site or a crop circle like no

1896

01:30:01,660 --> 01:29:55,550

it was UFO related and I was like come

1897

01:30:03,850 --> 01:30:01,670

on man I'm like if you're so sure didn't

1898

01:30:05,950 --> 01:30:03,860

let me analyze it and he goes no problem

1899

01:30:08,440 --> 01:30:05,960

and he hands it to me because not only

1900

01:30:11,050 --> 01:30:08,450

that but you're gonna need a scanning

1901  
01:30:14,830 --> 01:30:11,060  
electron microscope to do that so let me

1902  
01:30:18,400 --> 01:30:14,840  
just get you into NASA as a visitor and

1903  
01:30:20,860 --> 01:30:18,410  
let you have an unrestricted film access

1904  
01:30:23,680 --> 01:30:20,870  
pass and see what you find and I hope

1905  
01:30:28,150 --> 01:30:23,690  
you find what I saw in this sample nine

1906  
01:30:31,780 --> 01:30:28,160  
years ago and sure enough that's what my

1907  
01:30:36,240 --> 01:30:31,790  
film is about I take this vial of liquid

1908  
01:30:39,970 --> 01:30:36,250  
and I take it to NASA Ames in NorCal

1909  
01:30:41,950 --> 01:30:39,980  
California and I have it analyzed for an

1910  
01:30:44,350 --> 01:30:41,960  
entire day under scanning like a

1911  
01:30:49,300 --> 01:30:44,360  
microscope and if you want to show the

1912  
01:30:51,730 --> 01:30:49,310  
rest you have to watch the movie which

1913  
01:30:57,610 --> 01:30:51,740

will be released I mean it's not you

1914

01:31:03,130 --> 01:30:57,620

know it will be out there as of the you

1915

01:31:05,470 --> 01:31:03,140

know 25th or 26th of this month Wow

1916

01:31:08,530 --> 01:31:05,480

so you actually were able to go right in

1917

01:31:11,200 --> 01:31:08,540

this and do this filming I was actually

1918

01:31:13,630 --> 01:31:11,210

shocked I mean I'm a dude with a beard

1919

01:31:14,610 --> 01:31:13,640

and a bunch of tattoos and you're given

1920

01:31:17,450 --> 01:31:14,620

let me walk in

1921

01:31:20,880 --> 01:31:17,460

with a driver's license and get it

1922

01:31:23,730 --> 01:31:20,890

unrestricted right no escort pass to

1923

01:31:26,250 --> 01:31:23,740

film at NASA Ames I mean look I'm a nice

1924

01:31:29,670 --> 01:31:26,260

guy and I'm grateful for it I was just a

1925

01:31:31,440 --> 01:31:29,680

little bit shocked and and fortunately

1926

01:31:34,970 --> 01:31:31,450

yeah that that's what happened I mean

1927

01:31:38,070 --> 01:31:34,980

you know nano man yes I called him now

1928

01:31:40,850 --> 01:31:38,080

what was able to set up through this

1929

01:31:43,260 --> 01:31:40,860

really great technician who works on the

1930

01:31:45,600 --> 01:31:43,270

electron microscope there and it was

1931

01:31:47,010 --> 01:31:45,610

actually two-foot Foothill College they

1932

01:31:49,260 --> 01:31:47,020

were the ones that have funded it and

1933

01:31:51,630 --> 01:31:49,270

they knew what I was looking for they

1934

01:31:54,600 --> 01:31:51,640

were like you have an anomalous alloy

1935

01:31:56,100 --> 01:31:54,610

we're excited to find out more as well

1936

01:31:58,140 --> 01:31:56,110

if there's anything in there so yeah

1937

01:32:01,080 --> 01:31:58,150

unrestricted I mean the film is really

1938

01:32:04,140 --> 01:32:01,090

cool you see this technician just kind

1939

01:32:08,460 --> 01:32:04,150

of like grab his head rock his face

1940

01:32:12,480 --> 01:32:08,470

side-to-side like I don't know how to

1941

01:32:14,610 --> 01:32:12,490

explain what we're seeing yeah it was

1942

01:32:17,730 --> 01:32:14,620

cool it was cool I still I'm not any

1943

01:32:18,930 --> 01:32:17,740

closer to to being able to prove

1944

01:32:21,330 --> 01:32:18,940

anything

1945

01:32:24,900 --> 01:32:21,340

but what I what I can say is there are

1946

01:32:29,250 --> 01:32:24,910

anomalies and it's our duty to research

1947

01:32:30,810 --> 01:32:29,260

them right we have a question up that is

1948

01:32:32,100 --> 01:32:30,820

totally unrelated so we're going to be

1949

01:32:35,700 --> 01:32:32,110

skipping around a little bit here and

1950

01:32:37,740 --> 01:32:35,710

there I love tangents during during a

1951

01:32:40,230 --> 01:32:37,750

recent conversation with Stephen Bassett

1952

01:32:42,510 --> 01:32:40,240

he was on this show wasn't that recent

1953

01:32:46,350 --> 01:32:42,520

but a few months ago he stated that he

1954

01:32:49,020 --> 01:32:46,360

was unaware of any of the congressional

1955

01:32:51,180 --> 01:32:49,030

people that watched his DVDs that were

1956

01:32:55,980 --> 01:32:51,190

mailed out do you know if that's changed

1957

01:32:58,920 --> 01:32:55,990

since then oh gosh I have no clue what

1958

01:33:01,890 --> 01:32:58,930

what anything about that that was not

1959

01:33:05,790 --> 01:33:01,900

something that my partner

1960

01:33:10,200 --> 01:33:05,800

Ruben Langdon or myself were involved

1961

01:33:12,320 --> 01:33:10,210

with you know yeah yeah the early mail

1962

01:33:17,280 --> 01:33:12,330

out I you know honestly that is not

1963

01:33:20,430 --> 01:33:17,290

within the scope of my responsibilities

1964

01:33:23,460 --> 01:33:20,440

my responsibility is to the you know

1965

01:33:26,010 --> 01:33:23,470

original funding members of our campaign

1966

01:33:28,140 --> 01:33:26,020

to make a documentary so my

1967

01:33:30,570 --> 01:33:28,150

responsibility is

1968

01:33:35,160 --> 01:33:30,580

to make sure that the Citizen hearing

1969

01:33:38,130 --> 01:33:35,170

was edited and perfectly created with

1970

01:33:40,860 --> 01:33:38,140

Reuben Langdon so that the people could

1971

01:33:45,950 --> 01:33:40,870

get this information and move that tide

1972

01:33:50,880 --> 01:33:45,960

forward you know just openly speaking

1973

01:33:53,459 --> 01:33:50,890

anything else is is really to me you

1974

01:33:55,740 --> 01:33:53,469

know if I were to spend my time on it

1975

01:33:58,110 --> 01:33:55,750

it's a fool's errand what what I'm

1976

01:34:01,649 --> 01:33:58,120

trying to do is get the information out

1977

01:34:05,459 --> 01:34:01,659

to the people through these perfectly

1978

01:34:07,950 --> 01:34:05,469

edited DVD sets and also just online Bo

1979

01:34:11,220 --> 01:34:07,960

DS and then from there you know the

1980

01:34:13,950 --> 01:34:11,230

people can champion the rest of it so I

1981

01:34:15,510 --> 01:34:13,960

have no knowledge and and really not

1982

01:34:16,860 --> 01:34:15,520

that much interest in the rest of that

1983

01:34:17,160 --> 01:34:16,870

I'm just trying to get it out to the

1984

01:34:20,820 --> 01:34:17,170

people

1985

01:34:24,330 --> 01:34:20,830

mm-hmm now what are you thinking in your

1986

01:34:25,500 --> 01:34:24,340

own mind you have like a plan of say

1987

01:34:28,229 --> 01:34:25,510

ufo-related

1988

01:34:30,780 --> 01:34:28,239

films that you want to attack and try in

1989

01:34:33,419 --> 01:34:30,790

the future do you have a general plan or

1990

01:34:36,660 --> 01:34:33,429

and along those lines what do you think

1991

01:34:39,479 --> 01:34:36,670

of some of the old cases are those just

1992

01:34:43,530 --> 01:34:39,489

too far in the past to really do an

1993

01:34:46,290 --> 01:34:43,540

investigative filming on oh absolutely

1994

01:34:49,550 --> 01:34:46,300

not like they you know I you know look

1995

01:34:53,820 --> 01:34:49,560

the the older cases might be of

1996

01:34:56,790 --> 01:34:53,830

extremely high value I I wouldn't you

1997

01:35:00,180 --> 01:34:56,800

know count them out in in anyway

1998

01:35:03,209 --> 01:35:00,190

there's always something there's always

1999

01:35:06,090 --> 01:35:03,219

a rock that hasn't been turned over you

2000

01:35:09,090 --> 01:35:06,100

know if you are curious enough you will

2001

01:35:11,040 --> 01:35:09,100

be driven and it takes an army it's like

2002

01:35:15,450 --> 01:35:11,050

one individual is not going to do it

2003

01:35:17,669 --> 01:35:15,460

right it takes an army so the best kind

2004

01:35:20,010 --> 01:35:17,679

of leads that I've ever gotten are from

2005

01:35:21,510 --> 01:35:20,020

my viewers you know it's from people who

2006

01:35:24,000 --> 01:35:21,520

write to me through extraordinary

2007

01:35:27,750 --> 01:35:24,010

beliefs calm like it's people who send

2008

01:35:30,300 --> 01:35:27,760

me you know certain tips you know and if

2009

01:35:33,360 --> 01:35:30,310

I can kind of get my hooks in them if

2010

01:35:35,729 --> 01:35:33,370

there's any substance to them then great

2011

01:35:40,590 --> 01:35:35,739

so so for me what what I'm looking to do

2012

01:35:41,240 --> 01:35:40,600

is I have about six years of content I'd

2013

01:35:45,570 --> 01:35:41,250

say

2014

01:35:48,030 --> 01:35:45,580

that is is really ready to go so

2015

01:35:50,220 --> 01:35:48,040

hopefully you'll be seeing a lot more of

2016

01:35:52,500 --> 01:35:50,230

it I mean I spent a number of days with

2017

01:35:56,209 --> 01:35:52,510

dr. Edgar Mitchell out at his home in

2018

01:36:00,420 --> 01:35:56,219

Florida we talked all about his ideas of

2019

01:36:03,270 --> 01:36:00,430

the cover-up as he talks about it of our

2020

01:36:05,610 --> 01:36:03,280

planet being engaged by nonhumans

2021

01:36:09,060 --> 01:36:05,620

I've got his film called the Summoner

2022

01:36:11,580 --> 01:36:09,070

and it's about an ex an ex homeless

2023

01:36:13,709 --> 01:36:11,590

ex-heroin addict this beautiful amazing

2024

01:36:17,160 --> 01:36:13,719

individual whose whole life turned

2025

01:36:19,380 --> 01:36:17,170

around the moment that he realized and

2026

01:36:23,190 --> 01:36:19,390

also I realized rather than believed

2027

01:36:28,740 --> 01:36:23,200

because for him it's very true that he

2028

01:36:31,140 --> 01:36:28,750

could summon in quotes UFOs and I'm

2029

01:36:33,000 --> 01:36:31,150

doing a piece on cold fusion because

2030

01:36:35,550 --> 01:36:33,010

that would be part of the technology or

2031

01:36:38,370 --> 01:36:35,560

the energy source that's used for these

2032

01:36:40,110 --> 01:36:38,380

crafts the anonymous interview you might

2033

01:36:41,430 --> 01:36:40,120

know about who is the whistleblower up

2034

01:36:45,300 --> 01:36:41,440

and oh yeah

2035

01:36:47,160 --> 01:36:45,310

North America I mean there's a bunch of

2036

01:36:50,220 --> 01:36:47,170

films that I'm working on right now I

2037

01:36:54,180 --> 01:36:50,230

have I have a really good subject for

2038

01:36:55,560 --> 01:36:54,190

you and yeah we can I guess I'll talk

2039

01:36:57,510 --> 01:36:55,570

about it a little bit on air because

2040

01:37:00,600 --> 01:36:57,520

it'd be kind of unfair me for me to say

2041

01:37:03,479 --> 01:37:00,610

that but actually he's been on the show

2042

01:37:05,610 --> 01:37:03,489

a number of times and I've gotten to be

2043

01:37:09,540 --> 01:37:05,620

pretty close friends with him he's an

2044

01:37:12,840 --> 01:37:09,550

old-time researcher race Stanford are

2045

01:37:15,060 --> 01:37:12,850

you familiar with him he did he was a he

2046

01:37:18,450 --> 01:37:15,070

wrote a book about the Socorro incident

2047

01:37:21,200 --> 01:37:18,460

but he is a fascinating mainstreaming

2048

01:37:24,150 --> 01:37:21,210

and not only that he has some

2049

01:37:26,490 --> 01:37:24,160

unbelievable films I've talked to many

2050

01:37:28,740 --> 01:37:26,500

people that have visited him and are

2051  
01:37:32,130 --> 01:37:28,750  
absolutely blown away with some of the

2052  
01:37:35,280 --> 01:37:32,140  
things he has and so I'm going to try to

2053  
01:37:38,310 --> 01:37:35,290  
connect you two together that'd be great

2054  
01:37:40,880 --> 01:37:38,320  
yeah I mean the the you know the name

2055  
01:37:45,650 --> 01:37:40,890  
Zamora incident as they say I mean

2056  
01:37:49,890 --> 01:37:45,660  
amazing that case was absolutely amazing

2057  
01:37:52,470 --> 01:37:49,900  
and I recently learned that you know

2058  
01:37:53,340 --> 01:37:52,480  
within the investigations by Project

2059  
01:37:58,260 --> 01:37:53,350  
Blue Book

2060  
01:38:04,020 --> 01:37:58,270  
that they actually hid the the the the

2061  
01:38:07,110 --> 01:38:04,030  
the the truth I'll tell you right now

2062  
01:38:10,260 --> 01:38:07,120  
that I just tonight I just got an email

2063  
01:38:12,600 --> 01:38:10,270

from Ray that he is displaying what the

2064

01:38:13,440 --> 01:38:12,610

real insignia was he just sent that to

2065

01:38:19,980 --> 01:38:13,450

me really

2066

01:38:22,170 --> 01:38:19,990

I would he's an interesting guy that you

2067

01:38:23,820 --> 01:38:22,180

would you know say hey has gone deep and

2068

01:38:26,340 --> 01:38:23,830

and vouch for him then hey said in my

2069

01:38:28,470 --> 01:38:26,350

way anybody can email me I mean it's not

2070

01:38:32,760 --> 01:38:28,480

that hard I'll get the email you know

2071

01:38:36,060 --> 01:38:32,770

just send an email yeah yeah but Ray has

2072

01:38:37,920 --> 01:38:36,070

told me now that I was actually heading

2073

01:38:40,200 --> 01:38:37,930

down and I had a business deal come up

2074

01:38:43,380 --> 01:38:40,210

but I couldn't go but he told me that he

2075

01:38:43,860 --> 01:38:43,390

wants two days of your time just to talk

2076

01:38:47,010 --> 01:38:43,870

to you

2077

01:38:49,800 --> 01:38:47,020

and show you what he has before you make

2078

01:38:52,350 --> 01:38:49,810

before you do anything he wants he wants

2079

01:38:54,780 --> 01:38:52,360

that me personally anyone who's

2080

01:38:58,500 --> 01:38:54,790

interested in really looking into what

2081

01:39:01,080 --> 01:38:58,510

he has needs to be able to have two days

2082

01:39:02,880 --> 01:39:01,090

with him well whatever he has better be

2083

01:39:05,660 --> 01:39:02,890

able to time shift and give me those two

2084

01:39:08,970 --> 01:39:05,670

days back if I can't do anything with it

2085

01:39:10,500 --> 01:39:08,980

but I'm feeling you I mean look anybody

2086

01:39:14,130 --> 01:39:10,510

that can't tell me something in two

2087

01:39:16,350 --> 01:39:14,140

minutes and get me engaged I don't know

2088

01:39:20,040 --> 01:39:16,360

what to say like you know I am I am in

2089

01:39:22,200 --> 01:39:20,050

I've spent years years on cases but you

2090

01:39:25,230 --> 01:39:22,210

know what within two minutes you can

2091

01:39:27,720 --> 01:39:25,240

give me the basics if I can do anything

2092

01:39:30,930 --> 01:39:27,730

for you then you should be able to just

2093

01:39:33,930 --> 01:39:30,940

tell me straight up but from that I mean

2094

01:39:35,850 --> 01:39:33,940

look I every case I'm working on at this

2095

01:39:37,620 --> 01:39:35,860

current moment all twelve properties

2096

01:39:41,640 --> 01:39:37,630

that you see on extra lives

2097

01:39:44,280 --> 01:39:41,650

I spent years on you know I am NOT a

2098

01:39:47,010 --> 01:39:44,290

sound byte investigative journalist I

2099

01:39:49,530 --> 01:39:47,020

get deep I try to find out the truth and

2100

01:39:51,660 --> 01:39:49,540

even if I spent time and I'm talking

2101

01:39:54,060 --> 01:39:51,670

about like a year of my time and it

2102

01:39:57,300 --> 01:39:54,070

turns out that at the end I just don't

2103

01:40:00,120 --> 01:39:57,310

buy it I don't give it any energy I

2104

01:40:02,430 --> 01:40:00,130

don't give it any popularity mm-hmm so

2105

01:40:03,870 --> 01:40:02,440

so but listen your buddy ray like I love

2106

01:40:06,780 --> 01:40:03,880

to meet them love to hear what he has to

2107

01:40:08,790 --> 01:40:06,790

say if there's substance to it

2108

01:40:10,710 --> 01:40:08,800

then we'll go from there all right I

2109

01:40:14,040 --> 01:40:10,720

will I'll have them get in touch with

2110

01:40:16,980 --> 01:40:14,050

you or set something up but so one of

2111

01:40:19,860 --> 01:40:16,990

the things that comes to mind is are you

2112

01:40:21,930 --> 01:40:19,870

getting funding for these shows or do to

2113

01:40:24,030 --> 01:40:21,940

kick-start or anything like that no I

2114

01:40:27,230 --> 01:40:24,040

you know I kind of refused to do that

2115

01:40:30,690 --> 01:40:27,240

like everything is done you know just

2116

01:40:33,330 --> 01:40:30,700

self-funded and you know that there are

2117

01:40:35,310 --> 01:40:33,340

limitations to that I mean this is what

2118

01:40:38,790 --> 01:40:35,320

I've dedicated a hundred percent of my

2119

01:40:41,910 --> 01:40:38,800

time to you know luckily from my jujitsu

2120

01:40:44,280 --> 01:40:41,920

past and this sort of thing you know I

2121

01:40:46,710 --> 01:40:44,290

was able to own a property or two and

2122

01:40:49,170 --> 01:40:46,720

that that's helping me but I mean it's

2123

01:40:52,890 --> 01:40:49,180

it's it's come to its the come to Jesus

2124

01:40:54,900 --> 01:40:52,900

moment here like you know I need to

2125

01:40:57,750 --> 01:40:54,910

start putting my work out and if I've

2126  
01:41:00,240 --> 01:40:57,760  
done a good job then people will start

2127  
01:41:02,850 --> 01:41:00,250  
buying my work you know it's kind of

2128  
01:41:04,320 --> 01:41:02,860  
like the Citizen hearing I don't believe

2129  
01:41:07,290 --> 01:41:04,330  
in fund raising

2130  
01:41:11,190 --> 01:41:07,300  
you know just we have a great product go

2131  
01:41:13,110 --> 01:41:11,200  
rent it if you rent it or buy it then we

2132  
01:41:15,180 --> 01:41:13,120  
will be able to continue our work

2133  
01:41:17,610 --> 01:41:15,190  
same thing with extraordinary beliefs

2134  
01:41:20,820 --> 01:41:17,620  
calm if you go there and you like my

2135  
01:41:23,010 --> 01:41:20,830  
work rent it that goes to me and then

2136  
01:41:25,560 --> 01:41:23,020  
I'll be able to continue my work I am

2137  
01:41:31,380 --> 01:41:25,570  
not funded by some billionaire I am NOT

2138  
01:41:32,940 --> 01:41:31,390

like and I have to make the choices so

2139

01:41:35,610 --> 01:41:32,950

that's why I have to be discriminatory

2140

01:41:38,130 --> 01:41:35,620

when it comes to what leads that I

2141

01:41:42,330 --> 01:41:38,140

follow but I will take any claim

2142

01:41:44,280 --> 01:41:42,340

seriously until I just can't mm-hmm well

2143

01:41:48,240 --> 01:41:44,290

I'll tell you one film that I'm excited

2144

01:41:51,660 --> 01:41:48,250

to see is the the John Lear you know

2145

01:41:53,580 --> 01:41:51,670

because he is fascinating the end he

2146

01:41:56,180 --> 01:41:53,590

really is I mean some people say he's

2147

01:41:59,880 --> 01:41:56,190

not so whatever but he's still very

2148

01:42:02,880 --> 01:41:59,890

highly intelligent and I mean how many

2149

01:42:04,220 --> 01:42:02,890

planes did that guy fly okay anything

2150

01:42:07,260 --> 01:42:04,230

right yeah

2151

01:42:10,200 --> 01:42:07,270

undoubtedly he is you know

2152

01:42:13,860 --> 01:42:10,210

borderline genius right and that he will

2153

01:42:16,710 --> 01:42:13,870

also you know he will also entertain

2154

01:42:18,520 --> 01:42:16,720

that you think he's crazy like he does

2155

01:42:21,189 --> 01:42:18,530

not you know he hasn't

2156

01:42:26,500 --> 01:42:21,199

qualms with that he knows what he knows

2157

01:42:29,649 --> 01:42:26,510

and he doesn't give whatever if you care

2158

01:42:31,959 --> 01:42:29,659

if you believe him but he is one of most

2159

01:42:34,720 --> 01:42:31,969

fascinating people that I know and he

2160

01:42:37,810 --> 01:42:34,730

has an incredible range of theories and

2161

01:42:40,600 --> 01:42:37,820

beliefs he is an accredited pilot you

2162

01:42:44,799 --> 01:42:40,610

know every FAA certificate you know he

2163

01:42:47,890 --> 01:42:44,809

did fly as a subcontractor like Lazar

2164

01:42:51,279 --> 01:42:47,900

Los Alamos ok he did fly for the CIA

2165

01:42:53,470 --> 01:42:51,289

back in the 70s but more than that the

2166

01:42:55,660 --> 01:42:53,480

guy's just a pioneer and Explorer and an

2167

01:42:57,970 --> 01:42:55,670

open-minded individual and he is

2168

01:43:00,700 --> 01:42:57,980

fascinating everything about him is

2169

01:43:03,189 --> 01:43:00,710

fascinating he dug so deep until you

2170

01:43:05,680 --> 01:43:03,199

follow he the only reason we know you

2171

01:43:08,560 --> 01:43:05,690

followed you like we do today is because

2172

01:43:12,430 --> 01:43:08,570

of John Lear he came forward look

2173

01:43:15,910 --> 01:43:12,440

remember the reason why he had any play

2174

01:43:19,930 --> 01:43:15,920

at all with the news station back in the

2175

01:43:22,209 --> 01:43:19,940

day with George's mentor Ned day right

2176  
01:43:24,760 --> 01:43:22,219  
who was this incredible journalist who

2177  
01:43:29,109 --> 01:43:24,770  
kind of like you know helped George

2178  
01:43:33,490 --> 01:43:29,119  
along the way is because he brought in

2179  
01:43:35,950 --> 01:43:33,500  
to the news station pictures of the

2180  
01:43:38,049 --> 01:43:35,960  
stealth fighter before it was

2181  
01:43:40,450 --> 01:43:38,059  
acknowledged by the United States

2182  
01:43:42,669 --> 01:43:40,460  
government I mean here's a guy who would

2183  
01:43:43,810 --> 01:43:42,679  
sit outside of area 51 snapping photos

2184  
01:43:47,350 --> 01:43:43,820  
I'll tell you a little funny story about

2185  
01:43:49,450 --> 01:43:47,360  
John Lear so there is and he's probably

2186  
01:43:52,330 --> 01:43:49,460  
hanging out with Jim Goodall or

2187  
01:43:56,020 --> 01:43:52,340  
something like that and they're looking

2188  
01:44:00,640 --> 01:43:56,030

for planes you know and john rolls up to

2189

01:44:02,830 --> 01:44:00,650

area 51 in his pickup and he busts out

2190

01:44:04,629 --> 01:44:02,840

his camera and at the time there's that

2191

01:44:06,669 --> 01:44:04,639

there's literally a chain-link fence

2192

01:44:10,540 --> 01:44:06,679

right there not even chain-link I'm

2193

01:44:13,540 --> 01:44:10,550

sorry there's a hanging chain on the dry

2194

01:44:17,589 --> 01:44:13,550

lake bed okay that was the security this

2195

01:44:18,220 --> 01:44:17,599

is 1977 yeah and he takes this he takes

2196

01:44:21,399 --> 01:44:18,230

his camera

2197

01:44:26,890 --> 01:44:21,409

and he does from left to right snap snap

2198

01:44:28,569 --> 01:44:26,900

snap snap but he takes this 51 from the

2199

01:44:30,729 --> 01:44:28,579

ground level

2200

01:44:32,829 --> 01:44:30,739

you have never seen a photo like this

2201

01:44:36,189 --> 01:44:32,839

like that and then he takes it and he

2202

01:44:39,069 --> 01:44:36,199

pulls out of his camera the film and he

2203

01:44:41,109 --> 01:44:39,079

puts it under the ashtray of his car

2204

01:44:43,659 --> 01:44:41,119

because he sees like cars here coming

2205

01:44:47,489 --> 01:44:43,669

across the desert at him he pops in

2206

01:44:50,889 --> 01:44:47,499

another roll of film does the exact same

2207

01:44:53,259 --> 01:44:50,899

set of shots and by the time the car

2208

01:44:55,000 --> 01:44:53,269

pulls up to them what are you doing here

2209

01:44:56,949 --> 01:44:55,010

you can't be here and he says well this

2210

01:44:59,349 --> 01:44:56,959

is BLM land I'm on this side of the

2211

01:45:01,719 --> 01:44:59,359

chain and like well you can we're

2212

01:45:03,939 --> 01:45:01,729

confiscating everything you got let me

2213

01:45:05,379 --> 01:45:03,949

just give you my film and he pulls out

2214

01:45:11,229 --> 01:45:05,389

of the camera the film and he hands it

2215

01:45:13,689 --> 01:45:11,239

to him in the ashtray anyway so this

2216

01:45:15,879 --> 01:45:13,699

story came out you know George Knapp has

2217

01:45:18,069 --> 01:45:15,889

used these before I mean they're public

2218

01:45:21,279 --> 01:45:18,079

images now as I'm not like you know that

2219

01:45:23,859 --> 01:45:21,289

I have the original negatives and I have

2220

01:45:26,459 --> 01:45:23,869

they were filming I scan them all to

2221

01:45:29,109 --> 01:45:26,469

make sure they're you know completely

2222

01:45:31,509 --> 01:45:29,119

documented for all history but they are

2223

01:45:33,509 --> 01:45:31,519

the most incredible shots of area 51

2224

01:45:36,969 --> 01:45:33,519

I've ever seen because they are from the

2225

01:45:41,589 --> 01:45:36,979

perspective of the lakebed with

2226

01:45:43,540 --> 01:45:41,599

literally a chain that just hangs the

2227

01:45:47,229 --> 01:45:43,550

frame it's amazing

2228

01:45:49,719 --> 01:45:47,239

so John Lear is just an epic individual

2229

01:45:53,979 --> 01:45:49,729

and I cannot wait to start releasing

2230

01:45:56,439 --> 01:45:53,989

that footage and again I'm one person

2231

01:45:59,859 --> 01:45:56,449

you know I'm not like a huge production

2232

01:46:02,619 --> 01:45:59,869

company it's just me and I'm trying to

2233

01:46:03,729 --> 01:46:02,629

survive so these films have to come out

2234

01:46:05,739 --> 01:46:03,739

one at a time

2235

01:46:10,569 --> 01:46:05,749

and I hope that they fund my further

2236

01:46:12,609 --> 01:46:10,579

research now when I spoke to John I had

2237

01:46:15,479 --> 01:46:12,619

mentioned that I was going to be

2238

01:46:20,379 --> 01:46:15,489

interviewing him the week before my

2239

01:46:21,939 --> 01:46:20,389

podcast came out and someone posed a

2240

01:46:25,029 --> 01:46:21,949

question for me to ask him it was about

2241

01:46:27,369 --> 01:46:25,039

a letter that was hoaxed by him and

2242

01:46:30,099 --> 01:46:27,379

someone else and they the question was

2243

01:46:32,770 --> 01:46:30,109

did he actually write that letter

2244

01:46:34,719 --> 01:46:32,780

it wasn't hoax people are so crazy that

2245

01:46:38,319 --> 01:46:34,729

was the Crill letter right for a letter

2246

01:46:40,869 --> 01:46:38,329

right that they they created it or so he

2247

01:46:41,920 --> 01:46:40,879

created it with someone else man people

2248

01:46:45,610 --> 01:46:41,930

just it's

2249

01:46:49,840 --> 01:46:45,620

unless I'm wrong it's just people are

2250

01:46:51,850 --> 01:46:49,850

just dis informed I mean man what John

2251

01:46:54,280 --> 01:46:51,860

was doing with that letter as I

2252

01:46:56,800 --> 01:46:54,290

understand it and again I am open to

2253

01:46:59,830 --> 01:46:56,810

being completely wrong and John would be

2254

01:47:01,870 --> 01:46:59,840

the guy to ask not me okay but from the

2255

01:47:05,040 --> 01:47:01,880

way I understand it was he was writing

2256

01:47:10,060 --> 01:47:05,050

an assessment he was trying to explain

2257

01:47:14,410 --> 01:47:10,070

what what his idea is at the time what

2258

01:47:16,690 --> 01:47:14,420

the general concept of ufology was and

2259

01:47:19,630 --> 01:47:16,700

somehow that got turned into he was

2260

01:47:22,150 --> 01:47:19,640

hoaxing letters you know John John

2261

01:47:26,140 --> 01:47:22,160

couldn't hoax anything man you know he's

2262

01:47:28,570 --> 01:47:26,150

transparent you know I make a joke but

2263

01:47:30,340 --> 01:47:28,580

it's like you know these guys couldn't

2264

01:47:32,620 --> 01:47:30,350

keep a secret if their life depended on

2265

01:47:34,870 --> 01:47:32,630

it you know I mean it's just you know

2266

01:47:38,170 --> 01:47:34,880

I've spent time with him he's not trying

2267

01:47:40,810 --> 01:47:38,180

to hoax people life is too exciting and

2268

01:47:42,870 --> 01:47:40,820

fascinating in and of itself there's too

2269

01:47:46,300 --> 01:47:42,880

many mysteries to waste your time

2270

01:47:49,030 --> 01:47:46,310

hoaxing people so the best answer I have

2271

01:47:51,460 --> 01:47:49,040

for that was people misinterpreted the

2272

01:47:53,200 --> 01:47:51,470

whole point of what he wrote but yeah he

2273

01:47:55,750 --> 01:47:53,210

wrote the the crille letter that was his

2274

01:47:57,340 --> 01:47:55,760

big argument with William Cooper you

2275

01:47:59,380 --> 01:47:57,350

know William Cooper claimed because he

2276

01:48:03,190 --> 01:47:59,390

was a total charlatan and con man

2277

01:48:05,020 --> 01:48:03,200

William Cooper claimed that he read the

2278

01:48:08,260 --> 01:48:05,030

Crill letters when he was in the Navy

2279

01:48:10,120 --> 01:48:08,270

bs pulled him aside and said how can you

2280

01:48:13,660 --> 01:48:10,130

say that I wrote that everybody knows

2281

01:48:15,310 --> 01:48:13,670

that so you know if anything that was a

2282

01:48:17,920 --> 01:48:15,320

misunderstanding but again you should

2283

01:48:20,830 --> 01:48:17,930

ask the man himself and not me because I

2284

01:48:23,080 --> 01:48:20,840

might be misinformed yeah I did I did

2285

01:48:26,200 --> 01:48:23,090

ask him it's just I can't I can't

2286

01:48:27,940 --> 01:48:26,210

remember how I asked him or how he

2287

01:48:30,460 --> 01:48:27,950

answered the question actually but he

2288

01:48:32,680 --> 01:48:30,470

did he was honest I know whatever it was

2289

01:48:35,800 --> 01:48:32,690

he was he was honest I was just looking

2290

01:48:39,190 --> 01:48:35,810

now that was back in December 2012 when

2291

01:48:40,480 --> 01:48:39,200

I interviewed him about and he's always

2292

01:48:45,190 --> 01:48:40,490

honest I mean that's the thing about

2293

01:48:47,320 --> 01:48:45,200

John is a you know he's a no no BS dude

2294

01:48:50,890 --> 01:48:47,330

you know you know you might not agree

2295

01:48:54,520 --> 01:48:50,900

with anything he says but but he's not

2296

01:48:55,510 --> 01:48:54,530

trying to hoax you yeah and that was I

2297

01:48:57,580 --> 01:48:55,520

see in the notes here

2298

01:48:59,650 --> 01:48:57,590

was the day after his 70th birthday oh

2299

01:49:02,620 --> 01:48:59,660

yeah I was there that was amazing we had

2300

01:49:04,930 --> 01:49:02,630

a bash man we had a great bash we were

2301

01:49:07,150 --> 01:49:04,940

there that was actually a very special

2302

01:49:09,760 --> 01:49:07,160

day because man people came out of the

2303

01:49:12,610 --> 01:49:09,770

woodwork for that to kind of honor John

2304

01:49:14,770 --> 01:49:12,620

and at his house it was a big party and

2305

01:49:17,830 --> 01:49:14,780

I filmed the whole thing and the

2306

01:49:19,930 --> 01:49:17,840

interviews I got that night man that the

2307

01:49:23,380 --> 01:49:19,940

people that came from Lockheed

2308

01:49:25,930 --> 01:49:23,390

skunkworks from just you know aviation

2309

01:49:27,700 --> 01:49:25,940

people that were just in awe of what he

2310

01:49:29,080 --> 01:49:27,710

had achieved he's on one of only two

2311

01:49:30,760 --> 01:49:29,090

people in the world that got the fly

2312

01:49:32,710 --> 01:49:30,770

under the the Golden Gate Bridge

2313

01:49:35,920 --> 01:49:32,720

happened to be because his plane was

2314

01:49:37,600 --> 01:49:35,930

about to crash but yeah like 16 world

2315

01:49:40,000 --> 01:49:37,610

speed records and the Learjet I mean

2316

01:49:41,890 --> 01:49:40,010

people come just for aviation itself you

2317

01:49:44,710 --> 01:49:41,900

know I was there and the one of the head

2318

01:49:47,020 --> 01:49:44,720

instructors at Nellis Air Force Base you

2319

01:49:49,120 --> 01:49:47,030

know just because John asked him to come

2320

01:49:51,220 --> 01:49:49,130

and Buzz the house I mean the windows

2321

01:49:53,410 --> 01:49:51,230

were shaking this plane came right over

2322

01:49:54,730 --> 01:49:53,420

the house it was wild then the other

2323

01:49:58,480 --> 01:49:54,740

thing about John I just want to throw

2324

01:50:01,030 --> 01:49:58,490

this out there for you if you go look at

2325

01:50:04,780 --> 01:50:01,040

the trailer for immaculate deception you

2326

01:50:07,770 --> 01:50:04,790

will hear audio that audio which are

2327

01:50:11,950 --> 01:50:07,780

radio calls 505 dreamland dreamland

2328

01:50:15,100 --> 01:50:11,960

those are actual recordings the only

2329

01:50:18,010 --> 01:50:15,110

ones that I know of from area 51 that

2330

01:50:22,720 --> 01:50:18,020

John took way back in the day that are

2331

01:50:24,640 --> 01:50:22,730

now public record well he did tell me

2332

01:50:27,430 --> 01:50:24,650

about the story about when he went out I

2333

01:50:30,880 --> 01:50:27,440

think it was him yeah he went out with

2334

01:50:34,630 --> 01:50:30,890

Bob Lazar right to look for UFOs over

2335

01:50:36,490 --> 01:50:34,640

area 51 well very specifically Bob Lazar

2336

01:50:38,140 --> 01:50:36,500

at a time when he thought he was not

2337

01:50:39,910 --> 01:50:38,150

going to be called back into work and

2338

01:50:42,280 --> 01:50:39,920

probably was a little bit pissed about

2339

01:50:45,130 --> 01:50:42,290

it because of his personal troubles

2340

01:50:47,260 --> 01:50:45,140

right and starting to take people out

2341

01:50:53,440 --> 01:50:47,270

there I think John and you know how to

2342

01:50:55,870 --> 01:50:53,450

the best telescope in town they all went

2343

01:50:59,260 --> 01:50:55,880

out there and on a number of occasions I

2344

01:51:01,120 --> 01:50:59,270

think and and yeah and they were out

2345

01:51:05,140 --> 01:51:01,130

there and you know gene Huff in

2346

01:51:06,780 --> 01:51:05,150

particular with Bob you know they and

2347

01:51:11,190 --> 01:51:06,790

John as well you know they

2348

01:51:14,670 --> 01:51:11,200

saw a disc over Papoose Lake a flying

2349

01:51:18,030 --> 01:51:14,680

saucer glowing orange so much so they

2350

01:51:20,700 --> 01:51:18,040

had to kind of dive behind a car because

2351  
01:51:24,450 --> 01:51:20,710  
I was gonna explode right at the exact

2352  
01:51:26,730 --> 01:51:24,460  
time and the exact place that was are

2353  
01:51:28,470 --> 01:51:26,740  
told them it would be there right and

2354  
01:51:31,020 --> 01:51:28,480  
again that's something that people just

2355  
01:51:33,330 --> 01:51:31,030  
kind of bypass like that evidence just

2356  
01:51:36,210 --> 01:51:33,340  
doesn't sit within their theory that Bob

2357  
01:51:39,300 --> 01:51:36,220  
is a con man and a fraud which is a

2358  
01:51:41,160 --> 01:51:39,310  
ridiculous personal attack still class

2359  
01:51:44,370 --> 01:51:41,170  
style that you would even say about

2360  
01:51:47,160 --> 01:51:44,380  
somebody you know go to the evidence go

2361  
01:51:49,410 --> 01:51:47,170  
to this story go to what people say

2362  
01:51:51,780 --> 01:51:49,420  
don't make assaults against their

2363  
01:51:54,330 --> 01:51:51,790

character but anyway that's something

2364

01:51:56,580 --> 01:51:54,340

that's an inconvenient truth for people

2365

01:51:59,520 --> 01:51:56,590

that want to just debunk you know

2366

01:52:04,080 --> 01:51:59,530

anything was Oliver said he knew the

2367

01:52:06,420 --> 01:52:04,090

time and the place that a disc that

2368

01:52:08,820 --> 01:52:06,430

looked like a flying saucer glowing

2369

01:52:11,640 --> 01:52:08,830

orange making extreme maneuvers would

2370

01:52:13,380 --> 01:52:11,650

rise up out of a sub base that

2371

01:52:17,700 --> 01:52:13,390

apparently nobody knew about at the time

2372

01:52:22,320 --> 01:52:17,710

called s4 at Papoose dry lake explained

2373

01:52:26,940 --> 01:52:22,330

that right and I think Lear said that by

2374

01:52:29,460 --> 01:52:26,950

accident he he kicked the tripod super

2375

01:52:31,680 --> 01:52:29,470

super leer style right I mean whatever

2376

01:52:34,520 --> 01:52:31,690

it's a tripod it's not a camera so

2377

01:52:36,960 --> 01:52:34,530

whatever but yeah he had a perfect

2378

01:52:38,970 --> 01:52:36,970

perfect sight of it you know through

2379

01:52:41,370 --> 01:52:38,980

through the try it through the you know

2380

01:52:44,070 --> 01:52:41,380

telescope and then his buddy wanted to

2381

01:52:48,060 --> 01:52:44,080

see it who remained unnamed somebody

2382

01:52:49,800 --> 01:52:48,070

wanted to see it and like his ankle gets

2383

01:52:53,550 --> 01:52:49,810

caught on the tripod and you know you

2384

01:52:56,490 --> 01:52:53,560

move those things a millimeter so Lear

2385

01:52:58,470 --> 01:52:56,500

had a close-up you know visual on it

2386

01:53:00,150 --> 01:52:58,480

apparently but um yeah they saw it on

2387

01:53:01,890 --> 01:53:00,160

multiple occasions I mean that there was

2388

01:53:05,400 --> 01:53:01,900

a test fight that was regular that

2389

01:53:09,000 --> 01:53:05,410

somehow this guy who people would like

2390

01:53:11,130 --> 01:53:09,010

to pretend didn't have any access to to

2391

01:53:14,360 --> 01:53:11,140

the Nellis Air Force Base just knew it

2392

01:53:17,850 --> 01:53:14,370

would be flying you know it's incredible

2393

01:53:20,770 --> 01:53:17,860

An Inconvenient Truth Oh someone was

2394

01:53:24,549 --> 01:53:20,780

asking no okay I guess they were asking

2395

01:53:28,000 --> 01:53:24,559

me asking me a question separately sorry

2396

01:53:29,979 --> 01:53:28,010

about that and we have about seven

2397

01:53:33,040 --> 01:53:29,989

minutes left and one of the things

2398

01:53:37,029 --> 01:53:33,050

actually it's only three minutes to wrap

2399

01:53:39,310 --> 01:53:37,039

up I was wondering have you are you

2400

01:53:41,109 --> 01:53:39,320

reaching out to anyone or trying to

2401

01:53:45,939 --> 01:53:41,119

reach out to someone I know you

2402

01:53:48,459 --> 01:53:45,949

mentioned before that it was it took

2403

01:53:50,680 --> 01:53:48,469

quite a while to get Roger I mean I'm

2404

01:53:52,060 --> 01:53:50,690

sorry for John to take you seriously are

2405

01:53:54,370 --> 01:53:52,070

there other people you've been trying to

2406

01:53:58,029 --> 01:53:54,380

get ahold of that you're having

2407

01:54:00,430 --> 01:53:58,039

difficulty you know at this moment I

2408

01:54:02,370 --> 01:54:00,440

would say no there's nobody that I'm

2409

01:54:06,689 --> 01:54:02,380

trying to get ahold of that I'm having

2410

01:54:10,390 --> 01:54:06,699

difficulty what I would say is that

2411

01:54:13,120 --> 01:54:10,400

currently I'm the best information that

2412

01:54:16,479 --> 01:54:13,130

I'm getting is from people who are

2413

01:54:18,520 --> 01:54:16,489

within the United States military in any

2414

01:54:20,229 --> 01:54:18,530

of the branches that want to come

2415

01:54:22,720 --> 01:54:20,239

forward and they want to tell their

2416

01:54:25,299 --> 01:54:22,730

story either off the record or on the

2417

01:54:28,359 --> 01:54:25,309

record and they can either be active or

2418

01:54:30,310 --> 01:54:28,369

not active but that is what I'm truly

2419

01:54:33,609 --> 01:54:30,320

interested in because you know there is

2420

01:54:36,010 --> 01:54:33,619

a stranglehold on the physics of the

2421

01:54:38,290 --> 01:54:36,020

universe by these sub factions of the

2422

01:54:41,470 --> 01:54:38,300

United States military so all I'd like

2423

01:54:43,660 --> 01:54:41,480

to say is reach out to me if you have

2424

01:54:46,810 --> 01:54:43,670

something that you want to tell me just

2425

01:54:51,399 --> 01:54:46,820

email me editor at extraordinary beliefs

2426

01:54:54,629 --> 01:54:51,409

comm that will get to me you are my

2427

01:54:57,819 --> 01:54:54,639

first line of defense is you know

2428

01:55:01,089 --> 01:54:57,829

offense you know learning what's going

2429

01:55:03,879 --> 01:55:01,099

on you the listener yeah yeah I mean

2430

01:55:06,669 --> 01:55:03,889

there are one of the things I I'm always

2431

01:55:09,100 --> 01:55:06,679

puzzled at like for instance the O'Hare

2432

01:55:11,200 --> 01:55:09,110

incident back in Chicago so many years

2433

01:55:13,299 --> 01:55:11,210

ago with all those witnesses that

2434

01:55:17,140 --> 01:55:13,309

clammed up and went away and I always

2435

01:55:19,330 --> 01:55:17,150

think well they probably all we not all

2436

01:55:21,819 --> 01:55:19,340

of them kept their job and you know why

2437

01:55:23,740 --> 01:55:21,829

wouldn't they talk now and that's to me

2438

01:55:25,870 --> 01:55:23,750

I'm hoping that someone will come

2439

01:55:27,970 --> 01:55:25,880

forward on that particular case that

2440

01:55:29,859 --> 01:55:27,980

would be great go investigate each of

2441

01:55:31,540 --> 01:55:29,869

those witnesses I mean you know look

2442

01:55:32,770 --> 01:55:31,550

with a little more funding I would be on

2443

01:55:34,000 --> 01:55:32,780

that like you wouldn't believe

2444

01:55:36,100 --> 01:55:34,010

you know but

2445

01:55:37,299 --> 01:55:36,110

you know one day at a time here I'm just

2446

01:55:39,250 --> 01:55:37,309

putting out some of the stuff that I

2447

01:55:42,580 --> 01:55:39,260

already have that is a fascinating case

2448

01:55:46,600 --> 01:55:42,590

a very fascinating case that's right

2449

01:55:50,649 --> 01:55:46,610

well one more time you can find out more

2450

01:55:52,810 --> 01:55:50,659

about Jeremy at extraordinary beliefs

2451

01:55:55,930 --> 01:55:52,820

calm did I say that right absolutely

2452

01:55:58,149 --> 01:55:55,940

extraordinary beliefs calm and Jeremy I

2453

01:55:59,979 --> 01:55:58,159

got to say it's been a real real

2454

01:56:01,600 --> 01:55:59,989

pleasure talking it's been it's been a

2455

01:56:02,169 --> 01:56:01,610

pleasure thank you so much for having me

2456

01:56:04,390 --> 01:56:02,179

on

2457

01:56:06,010 --> 01:56:04,400

again like everything I'm doing starting

2458

01:56:08,729 --> 01:56:06,020

at least it's like the modern-day

2459

01:56:11,859 --> 01:56:08,739

Twilight Zone except that everything is

2460

01:56:13,649 --> 01:56:11,869

absolutely real myth illusion and

2461

01:56:16,720 --> 01:56:13,659

scientific fact kind of merge into one

2462

01:56:19,500 --> 01:56:16,730

and it's an unique portrait of UFO

2463

01:56:22,270 --> 01:56:19,510

reality so please go check it out and be

2464

01:56:23,950 --> 01:56:22,280

communicative you know become part of

2465

01:56:27,370 --> 01:56:23,960

the investigation not just an observer

2466

01:56:29,470 --> 01:56:27,380

right and the one thing I really enjoyed

2467

01:56:32,080 --> 01:56:29,480

about you the most is when you when you

2468

01:56:33,069 --> 01:56:32,090

call BS you don't go forward with it I

2469

01:56:35,620 --> 01:56:33,079

really like that a lot

2470

01:56:38,709 --> 01:56:35,630

well thanks again that's it tonight for

2471

01:56:40,450 --> 01:56:38,719

the show everyone if you want to check

2472

01:56:42,399 --> 01:56:40,460

us out next week we'll be here alive on

2473

01:56:44,439 --> 01:56:42,409

the dark matter radio network right here

2474

01:56:47,200 --> 01:56:44,449

at eight o'clock Eastern Standard Time

2475

01:56:48,970 --> 01:56:47,210

on Wednesday I want to thank some people

2476

01:56:52,089 --> 01:56:48,980

for helping out with the show Alejandro

2477

01:56:55,060 --> 01:56:52,099

Rojas for the news our guest of course

2478

01:56:56,950 --> 01:56:55,070

Jerry Korbel Peggy shunning for managing

2479

01:56:59,799 --> 01:56:56,960

the Facebook page remember to like us on

2480

01:57:02,859 --> 01:56:59,809

Facebook for all the latest UFO news and

2481

01:57:04,540 --> 01:57:02,869

we'll see you here next week and thanks
