

1
00:00:03,560 --> 00:00:02,780
and it hits me oh my gosh this is that

2
00:00:04,640 --> 00:00:03,570
triangle

3
00:00:05,749 --> 00:00:04,650
you know there's explanation for

4
00:00:09,290 --> 00:00:05,759
everything that occurred in the

5
00:00:12,200 --> 00:00:09,300
Rendlesham forest incident it was

6
00:00:18,260 --> 00:00:12,210
completely silent it comes right over

7
00:00:20,090 --> 00:00:18,270
our head in the Clery he turned up hurts

8
00:00:25,060 --> 00:00:20,100
my father held his hand and he looked in

9
00:00:31,220 --> 00:00:28,820
welcome to podcast UFO for our live show

10
00:00:33,440 --> 00:00:31,230
we're live every Wednesday at 8 p.m.

11
00:00:35,930 --> 00:00:33,450
Eastern Standard Time on the Dark Matter

12
00:00:39,619 --> 00:00:35,940
radio network please remember to visit

13
00:00:42,799 --> 00:00:39,629

the website podcast UFO calm for past

14

00:00:44,810 --> 00:00:42,809

episodes blogs and forums during the

15

00:00:47,299 --> 00:00:44,820

show feel free to participate live in

16

00:00:50,270 --> 00:00:47,309

our chat room and don't forget to Like

17

00:00:52,100 --> 00:00:50,280

us on our very active Facebook page well

18

00:00:55,100 --> 00:00:52,110

hello everyone and welcome to the show

19

00:00:57,650 --> 00:00:55,110

this is Martyn Willis your host and we

20

00:00:59,630 --> 00:00:57,660

do not have Alejandro Rojas coming up

21

00:01:03,200 --> 00:00:59,640

with the news he's on a beach somewhere

22

00:01:06,890 --> 00:01:03,210

in Southern California as we speak well

23

00:01:09,890 --> 00:01:06,900

our guest tonight is Richard Souder PhD

24

00:01:12,560 --> 00:01:09,900

and we may get a little bit off of the

25

00:01:14,750 --> 00:01:12,570

UFO topic we'll be talking about his

26

00:01:16,820 --> 00:01:14,760

books and a lot more his books include

27

00:01:20,240 --> 00:01:16,830

not especially in this order but

28

00:01:24,410 --> 00:01:20,250

underwater and underground bases hidden

29

00:01:25,609 --> 00:01:24,420

in plain sight and underground and so

30

00:01:27,920 --> 00:01:25,619

he'll be a really interesting guest

31

00:01:30,800 --> 00:01:27,930

coming right up I want to thank everyone

32

00:01:32,390 --> 00:01:30,810

for their support if you have not

33

00:01:35,330 --> 00:01:32,400

subscribed to hear the second part of

34

00:01:37,789 --> 00:01:35,340

the show please go to our website can

35

00:01:40,460 --> 00:01:37,799

cost you just a dollar or more a month

36

00:01:42,130 --> 00:01:40,470

and all that information is right on the

37

00:01:46,609 --> 00:01:42,140

website you can always hear the show

38

00:01:50,840 --> 00:01:46,619

100% for free live and right here on the

39

00:01:52,280 --> 00:01:50,850

Dark Matter digital network and anyone

40

00:01:55,190 --> 00:01:52,290

that signs up for ten dollars or more

41

00:01:56,630 --> 00:01:55,200

gets a free t-shirt and we have a couple

42

00:02:01,249 --> 00:01:56,640

people that signed up recently I want to

43

00:02:04,100 --> 00:02:01,259

thank Sean Paul Carl thank you all for

44

00:02:06,230 --> 00:02:04,110

signing up I appreciate that now

45

00:02:07,730 --> 00:02:06,240

Alejandro like I said is not here but

46

00:02:10,760 --> 00:02:07,740

I'm going to just do a little bit of the

47

00:02:12,770 --> 00:02:10,770

news myself and all of these news

48

00:02:13,820 --> 00:02:12,780

stories you can see the links to the

49

00:02:16,700 --> 00:02:13,830

original stories

50

00:02:21,860 --> 00:02:16,710

and pictures etc right in our show notes

51
00:02:27,050 --> 00:02:21,870
on podcast UFO calm well similar UFOs

52
00:02:30,140 --> 00:02:27,060
appear over Japan and US cities and this

53
00:02:34,130 --> 00:02:30,150
of it was written by Lee Spiegel strange

54
00:02:35,570 --> 00:02:34,140
lights over Osaka and Milla Waukee both

55
00:02:39,220 --> 00:02:35,580
and they're very very similar if you

56
00:02:41,810 --> 00:02:39,230
look at the pictures you can see the

57
00:02:44,690 --> 00:02:41,820
picture right on our show notes of how

58
00:02:46,400 --> 00:02:44,700
these look almost exactly alike and yet

59
00:02:49,130 --> 00:02:46,410
they could be Chinese lanterns but they

60
00:02:51,080 --> 00:02:49,140
look kind of white for that and one of

61
00:02:53,600 --> 00:02:51,090
them I think was really interesting

62
00:02:56,510 --> 00:02:53,610
because the one in Milwaukee was a video

63
00:02:59,420 --> 00:02:56,520

taped and posted to Facebook and this

64

00:03:02,030 --> 00:02:59,430

was by a Wisconsin police officer and it

65

00:03:05,960 --> 00:03:02,040

was right near Milwaukee on July 25th

66

00:03:08,120 --> 00:03:05,970

and his last name is Rojas Gustavo Rojas

67

00:03:10,240 --> 00:03:08,130

and he and his partner saw these lights

68

00:03:12,830 --> 00:03:10,250

maneuvering around in the sky and

69

00:03:15,949 --> 00:03:12,840

forming strange patterns before they

70

00:03:19,550 --> 00:03:15,959

eventually vanished and again Lee

71

00:03:21,710 --> 00:03:19,560

Spiegel wrote about that and Huffington

72

00:03:26,990 --> 00:03:21,720

Post and the next story I wanted to talk

73

00:03:29,870 --> 00:03:27,000

about is UFO watching the Apollo landing

74

00:03:32,840 --> 00:03:29,880

even NASA won't say NASA hasn't been

75

00:03:35,780 --> 00:03:32,850

able to explain why it looks like in an

76
00:03:38,570 --> 00:03:35,790
image that was taken during the Apollo

77
00:03:41,120 --> 00:03:38,580
11 moon landing it looks like a piece of

78
00:03:42,860 --> 00:03:41,130
the moon it's like lifting up or some

79
00:03:46,550 --> 00:03:42,870
people are speculating it's a UFO

80
00:03:49,850 --> 00:03:46,560
I think the unusual part of this whole

81
00:03:51,890 --> 00:03:49,860
thing is that NASA doesn't have an

82
00:03:54,020 --> 00:03:51,900
answer for what it is it looks like some

83
00:03:56,390 --> 00:03:54,030
type of anomaly could be something

84
00:03:58,640 --> 00:03:56,400
natural almost like a mirage type of

85
00:04:00,350 --> 00:03:58,650
thing it's awful hard to say but it's a

86
00:04:04,790 --> 00:04:00,360
great looking picture I hope you check

87
00:04:07,490 --> 00:04:04,800
it out on our website and another story

88
00:04:10,640 --> 00:04:07,500

I think is really interesting as a new

89

00:04:14,090 --> 00:04:10,650

cave was found with paintings that look

90

00:04:17,690 --> 00:04:14,100

like UFOs and look like aliens and this

91

00:04:20,659 --> 00:04:17,700

was discovered in India and there's also

92

00:04:22,730 --> 00:04:20,669

some like ancient code and that's ten

93

00:04:27,650 --> 00:04:22,740

thousand years old they're speculating

94

00:04:28,010 --> 00:04:27,660

and if you look at those pictures it

95

00:04:31,279 --> 00:04:28,020

looks just

96

00:04:34,219 --> 00:04:31,289

like a craft with with like a beam

97

00:04:35,600 --> 00:04:34,229

coming down and it sure does look a lot

98

00:04:39,200 --> 00:04:35,610

like aliens I'm not really sure what

99

00:04:41,089 --> 00:04:39,210

they are but it's a great great article

100

00:04:44,930 --> 00:04:41,099

and you can see again that's in our show

101

00:04:47,899 --> 00:04:44,940

notes and so that is about it for what I

102

00:04:50,059 --> 00:04:47,909

have and Alejandro Rojas will be back

103

00:04:53,210 --> 00:04:50,069

next week and we'll be doing the news

104

00:04:56,330 --> 00:04:53,220

per usual right here all right so our

105

00:04:58,159 --> 00:04:56,340

guest is upcoming and if you hold on

106

00:05:00,439 --> 00:04:58,169

right now you know what I'm not going to

107

00:05:02,059 --> 00:05:00,449

do a music break we're gonna introduce

108

00:05:03,490 --> 00:05:02,069

them right now Richard Saud are you

109

00:05:06,499 --> 00:05:03,500

there

110

00:05:08,960 --> 00:05:06,509

thank you yes sir I am thank you for

111

00:05:12,860 --> 00:05:08,970

joining with you yes

112

00:05:15,350 --> 00:05:12,870

so Richard why don't you give your your

113

00:05:20,649 --> 00:05:15,360

quick background to the listener who may

114

00:05:23,540 --> 00:05:20,659

not be familiar with who you are well I

115

00:05:26,480 --> 00:05:23,550

am a native Virginian and I was born and

116

00:05:31,189 --> 00:05:26,490

reared in Virginia on the east coast of

117

00:05:35,200 --> 00:05:31,199

the United States back in the late 50s

118

00:05:37,939 --> 00:05:35,210

and 60s and early 70s and since then I

119

00:05:41,180 --> 00:05:37,949

went on to work and live and studying

120

00:05:44,480 --> 00:05:41,190

and travel and be active in many other

121

00:05:48,740 --> 00:05:44,490

of the American states at present I am

122

00:05:53,629 --> 00:05:48,750

living in a voluntary exile in Ecuador I

123

00:05:56,089 --> 00:05:53,639

would like to remain here I prefer to

124

00:05:58,999 --> 00:05:56,099

remain in Ecuador I intend to remain at

125

00:06:02,510 --> 00:05:59,009

any rate in South America I do this in

126

00:06:05,499 --> 00:06:02,520

academic degrees I have a degree in

127

00:06:08,450 --> 00:06:05,509

sociology in Latin American Studies in

128

00:06:12,309 --> 00:06:08,460

political science and a fourth degree in

129

00:06:15,680 --> 00:06:12,319

forestry and ecosystem management

130

00:06:19,269 --> 00:06:15,690

perhaps best known for my series of

131

00:06:24,260 --> 00:06:19,279

little books on underground and

132

00:06:28,249 --> 00:06:24,270

underwater bases and tunnels and in

133

00:06:32,570 --> 00:06:28,259

recent years I I have a blog called the

134

00:06:35,450 --> 00:06:32,580

event called event horizon Chronicle dr.

135

00:06:38,590 --> 00:06:35,460

blog spot.com that's event horizon

136

00:06:41,920 --> 00:06:38,600

Chronicle dot blog spot.com

137

00:06:43,930 --> 00:06:41,930

my blog is very widely read more widely

138

00:06:46,510 --> 00:06:43,940

read than I would have expected when I

139

00:06:49,590 --> 00:06:46,520

started it but there's quite an

140

00:06:52,450 --> 00:06:49,600

international following and a very solid

141

00:06:56,440 --> 00:06:52,460

plugg of thousands of people in the

142

00:06:59,020 --> 00:06:56,450

United States also who read my blog and

143

00:07:01,780 --> 00:06:59,030

that's a little about me uh-huh

144

00:07:04,450 --> 00:07:01,790

now do I get the hint that you may

145

00:07:06,700 --> 00:07:04,460

becoming an expat you may move to South

146

00:07:09,340 --> 00:07:06,710

America is that what you just said much

147

00:07:12,720 --> 00:07:09,350

money without much money and I have very

148

00:07:17,050 --> 00:07:12,730

little money just to get rid of your

149

00:07:21,000 --> 00:07:17,060

United States Citizenship costs a few

150

00:07:25,150 --> 00:07:21,010

thousand bucks that I don't have and and

151
00:07:27,340 --> 00:07:25,160
then acquiring a residency visa in

152
00:07:29,530 --> 00:07:27,350
another country costs many more

153
00:07:33,130 --> 00:07:29,540
thousands of dollars that I don't have

154
00:07:38,130 --> 00:07:33,140
so for one of money it's not a very

155
00:07:42,400 --> 00:07:38,140
feasible route for me wellness and

156
00:07:44,800 --> 00:07:42,410
naturalize that way so far I have not

157
00:07:48,880 --> 00:07:44,810
met the woman that I would prefer to

158
00:07:51,640 --> 00:07:48,890
marry and so I haven't pursued that

159
00:07:54,040 --> 00:07:51,650
Avenue there's more than one way to skin

160
00:07:58,840 --> 00:07:54,050
a cat but yes if if I were financially

161
00:08:05,860 --> 00:07:58,850
able I would actively be furthering the

162
00:08:09,100 --> 00:08:05,870
the expat agenda as it is I am making my

163
00:08:13,830 --> 00:08:09,110

way with very little scratch it's been a

164

00:08:17,590 --> 00:08:13,840

struggle but here I am yeah yeah and

165

00:08:21,190 --> 00:08:17,600

your books are they pretty well read you

166

00:08:25,930 --> 00:08:21,200

had one I saw you have some on Richard

167

00:08:32,350 --> 00:08:25,940

Dolan press well my my latest book which

168

00:08:35,380 --> 00:08:32,360

came out in 2010 is hidden in plain

169

00:08:39,089 --> 00:08:35,390

sight beyond the x-files which deals

170

00:08:42,459 --> 00:08:39,099

with the underground and underwater base

171

00:08:45,250 --> 00:08:42,469

policy area and or reality and and

172

00:08:48,410 --> 00:08:45,260

that's with Richard Dolan press and then

173

00:08:51,030 --> 00:08:48,420

I have my two earlier books

174

00:08:52,889 --> 00:08:51,040

underwater and underground base's and

175

00:08:55,920 --> 00:08:52,899

then my first little book is called

176

00:08:58,739 --> 00:08:55,930

underground bases and tunnels what is

177

00:09:02,069 --> 00:08:58,749

the government trying to hide and those

178

00:09:06,389 --> 00:09:02,079

are being handled by Adventures

179

00:09:09,329 --> 00:09:06,399

unlimited press in Illinois and all of

180

00:09:13,019 --> 00:09:09,339

those books are can be accessed from my

181

00:09:15,269 --> 00:09:13,029

website those who go there can find book

182

00:09:20,059 --> 00:09:15,279

covers on the right-hand sidebar and

183

00:09:22,230 --> 00:09:20,069

just click on them now one of the the

184

00:09:24,360 --> 00:09:22,240

people I've wanted to get on the show

185

00:09:26,340 --> 00:09:24,370

for a long time or someone I want to get

186

00:09:29,720 --> 00:09:26,350

on the show I should say is someone that

187

00:09:31,189 --> 00:09:29,730

could talk about us owes you know the

188

00:09:34,350 --> 00:09:31,199

you know

189

00:09:36,720 --> 00:09:34,360

unidentified submerged objects because

190

00:09:39,980 --> 00:09:36,730

that's that's been kind of a fascination

191

00:09:45,030 --> 00:09:39,990

of mine and I'm sure with these

192

00:09:49,199 --> 00:09:45,040

underground bases is that any does any

193

00:09:53,340 --> 00:09:49,209

part of that touch on the USO well not

194

00:09:55,679 --> 00:09:53,350

directly but you know the the the book

195

00:09:58,100 --> 00:09:55,689

that first attracted a lot of a tension

196

00:10:01,590 --> 00:09:58,110

that subject was written by the late

197

00:10:04,769 --> 00:10:01,600

American biologist Ivan T Sanderson and

198

00:10:08,610 --> 00:10:04,779

was entitled invisible invisible

199

00:10:11,819 --> 00:10:08,620

residents he goes into that subject in

200

00:10:14,670 --> 00:10:11,829

that book book and talk it's about the

201
00:10:16,170 --> 00:10:14,680
many unidentified submarine objects that

202
00:10:18,509 --> 00:10:16,180
have been seen all over the world for

203
00:10:21,720 --> 00:10:18,519
years one of the places in the United

204
00:10:25,499 --> 00:10:21,730
States where a lot of that activity has

205
00:10:26,600 --> 00:10:25,509
been observed is in Lake Erie in the

206
00:10:30,689 --> 00:10:26,610
Great Lakes region

207
00:10:34,280 --> 00:10:30,699
it's in its I don't assume just because

208
00:10:37,650 --> 00:10:34,290
an object is seen going or coming from

209
00:10:40,259 --> 00:10:37,660
going into are coming from the ocean or

210
00:10:43,769 --> 00:10:40,269
any other body of water that it must

211
00:10:47,999 --> 00:10:43,779
necessarily be an extraterrestrial craft

212
00:10:50,489 --> 00:10:48,009
ie and an interplanetary UFO or

213
00:10:52,730 --> 00:10:50,499

something like that it could quite

214

00:10:55,590 --> 00:10:52,740

easily be terrestrial technology

215

00:10:58,290 --> 00:10:55,600

developed by the United States military

216

00:11:00,430 --> 00:10:58,300

industrial complex among others in a

217

00:11:06,220 --> 00:11:00,440

case of Lake Erie

218

00:11:08,530 --> 00:11:06,230

the geology under a lot of that area

219

00:11:10,690 --> 00:11:08,540

under the Great Lakes region is actually

220

00:11:13,480 --> 00:11:10,700

pretty favorable for tunneling and

221

00:11:16,480 --> 00:11:13,490

making underground installations that is

222

00:11:19,450 --> 00:11:16,490

and also underwater beneath the Great

223

00:11:22,480 --> 00:11:19,460

Lakes themselves that is because there

224

00:11:25,930 --> 00:11:22,490

is a thick stratum of deeply buried rock

225

00:11:29,440 --> 00:11:25,940

salt in that region and a lot of it lays

226

00:11:34,120 --> 00:11:29,450

under Lake Erie very it also extends over

227

00:11:36,610 --> 00:11:34,130

to the Detroit area Detroit is that we

228

00:11:38,920 --> 00:11:36,620

built over a massive very deep

229

00:11:41,020 --> 00:11:38,930

underground working salt mine that's

230

00:11:43,810 --> 00:11:41,030

been down there for the better part of a

231

00:11:49,360 --> 00:11:43,820

century now in the case of Lake Erie

232

00:11:53,590 --> 00:11:49,370

there are actually mines that go go

233

00:11:58,810 --> 00:11:53,600

offshore under the lake bed and the

234

00:12:01,120 --> 00:11:58,820

shaft something down and then tunnels go

235

00:12:03,610 --> 00:12:01,130

out I think in a Cleveland area there's

236

00:12:05,740 --> 00:12:03,620

a facility facility like that and one or

237

00:12:09,490 --> 00:12:05,750

two others on the shore of Lake Erie

238

00:12:10,950 --> 00:12:09,500

there in Ohio and what I'm telling you

239

00:12:14,400 --> 00:12:10,960

is you don't need to have

240

00:12:17,800 --> 00:12:14,410

extraterrestrial interplanetary

241

00:12:21,820 --> 00:12:17,810

interplanetary technology to make

242

00:12:24,910 --> 00:12:21,830

tunnels and openings that we capable of

243

00:12:28,510 --> 00:12:24,920

accommodating human beings for example

244

00:12:30,820 --> 00:12:28,520

then a breathable atmosphere you can do

245

00:12:33,760 --> 00:12:30,830

it with off-the-shelf 20th century

246

00:12:37,870 --> 00:12:33,770

mining technology and in fact that that

247

00:12:41,770 --> 00:12:37,880

was done and as mines are there so it

248

00:12:44,860 --> 00:12:41,780

could be that either the military United

249

00:12:47,700 --> 00:12:44,870

States military or some other secretive

250

00:12:52,480 --> 00:12:47,710

organization or corporation made

251
00:12:54,820 --> 00:12:52,490
facilities under Lake Erie now I believe

252
00:12:57,400 --> 00:12:54,830
the stories that I've been told about

253
00:12:59,620 --> 00:12:57,410
objects coming and going from Lake Erie

254
00:13:01,960 --> 00:12:59,630
and I believe also that I've NT

255
00:13:05,530 --> 00:13:01,970
Sanderson mentions this in his book

256
00:13:08,110 --> 00:13:05,540
invisible or resonance this activity has

257
00:13:11,079 --> 00:13:08,120
been going on for years it's not just a

258
00:13:13,190 --> 00:13:11,089
one-time thing I strongly suspect there

259
00:13:18,020 --> 00:13:13,200
are facilities be

260
00:13:20,770 --> 00:13:18,030
if you like bed of Lake Erie down in the

261
00:13:23,600 --> 00:13:20,780
sub lake bottom geological strata

262
00:13:26,720 --> 00:13:23,610
exactly who is down there and exactly

263
00:13:28,880 --> 00:13:26,730

what they are doing I do not presume to

264

00:13:31,130 --> 00:13:28,890

know but I know that geology is

265

00:13:34,550 --> 00:13:31,140

favorable for tunneling they're tunneling

266

00:13:38,930 --> 00:13:34,560

they're rock salt is comparatively easy

267

00:13:41,630 --> 00:13:38,940

to excavate and tunnel out and in the

268

00:13:45,410 --> 00:13:41,640

case of a covert government operation

269

00:13:48,860 --> 00:13:45,420

they could just take the rock salt and

270

00:13:51,890 --> 00:13:48,870

sell it on that on the market through a

271

00:13:54,890 --> 00:13:51,900

front company and recoup some money or

272

00:13:57,320 --> 00:13:54,900

around a few million dollars of of extra

273

00:14:01,100 --> 00:13:57,330

black funding so that wouldn't be

274

00:14:05,150 --> 00:14:01,110

difficult to do business standpoint of

275

00:14:08,390 --> 00:14:05,160

modern mining technology or civil

276

00:14:11,800 --> 00:14:08,400

engineering technology and the same goes

277

00:14:15,500 --> 00:14:11,810

for the Detroit area and running over

278

00:14:19,190 --> 00:14:15,510

underneath rather large region in that

279

00:14:23,380 --> 00:14:19,200

part of North America now I remember

280

00:14:26,120 --> 00:14:23,390

hearing something about some type of

281

00:14:28,280 --> 00:14:26,130

base or yeah I mean it was talked about

282

00:14:31,450 --> 00:14:28,290

a lot off of the coast of Florida

283

00:14:34,670 --> 00:14:31,460

has any of your research looked into any

284

00:14:36,350 --> 00:14:34,680

anything about that in particular which

285

00:14:39,230 --> 00:14:36,360

Coast you talking about the Atlantic

286

00:14:41,300 --> 00:14:39,240

coast of the Gulf Coast I thought it was

287

00:14:43,070 --> 00:14:41,310

a the Atlantic coast but I'm not sure

288

00:14:45,320 --> 00:14:43,080

talked toward toward Bermuda or

289

00:14:49,220 --> 00:14:45,330

something up well if it were toward

290

00:14:51,920 --> 00:14:49,230

Bermuda that would be actually further

291

00:14:56,210 --> 00:14:51,930

off than just the continental shelf

292

00:14:58,820 --> 00:14:56,220

Bermuda's about what 400 miles off the

293

00:15:03,590 --> 00:14:58,830

coast it's several hundred miles out to

294

00:15:05,870 --> 00:15:03,600

sea that whole area though whether

295

00:15:08,270 --> 00:15:05,880

you're talking about the continental

296

00:15:12,680 --> 00:15:08,280

shelf of North America

297

00:15:16,460 --> 00:15:12,690

or on the other side of the Florida

298

00:15:19,520 --> 00:15:16,470

peninsula in the Gulf the technology

299

00:15:23,210 --> 00:15:19,530

certainly exists to make underground or

300

00:15:24,960 --> 00:15:23,220

on undersea facilities I talk about this

301
00:15:29,249 --> 00:15:24,970
in my

302
00:15:31,560 --> 00:15:29,259
second and third book on this topic in

303
00:15:34,230 --> 00:15:31,570
underwater in an underground basis and

304
00:15:37,319 --> 00:15:34,240
then in hidden in plain sight beyond the

305
00:15:40,730 --> 00:15:37,329
x-files the technology to do this has

306
00:15:46,249 --> 00:15:40,740
been around since at least the mid 1960s

307
00:15:50,309 --> 00:15:46,259
I was told by one of my sources who went

308
00:15:58,650 --> 00:15:50,319
silent on me after the 9/11 attacks in

309
00:16:01,160 --> 00:15:58,660
2001 but before that happened he was

310
00:16:04,800 --> 00:16:01,170
telling me about a installation that

311
00:16:07,340 --> 00:16:04,810
Parsons has ostensibly made in the Gulf

312
00:16:10,949 --> 00:16:07,350
of Mexico he believed it was in

313
00:16:15,439 --> 00:16:10,959

somewhere in eastern and northeastern of

314

00:16:21,870 --> 00:16:15,449

Mexico he worked with a a mining company

315

00:16:27,900 --> 00:16:21,880

that provides a certain kind of life

316

00:16:32,009 --> 00:16:27,910

support system that is only used in deep

317

00:16:36,240 --> 00:16:32,019

underground excavations in the case of

318

00:16:39,059 --> 00:16:36,250

this particular project he was told that

319

00:16:42,600 --> 00:16:39,069

the equipment was for use in a facility

320

00:16:46,050 --> 00:16:42,610

in the northeastern Gulf of Mexico or

321

00:16:49,199 --> 00:16:46,060

the eastern Gulf of Mexico and because

322

00:16:51,389 --> 00:16:49,209

that equipment is only used in a deep

323

00:16:54,449 --> 00:16:51,399

underground hardrock mining environment

324

00:16:58,199 --> 00:16:54,459

he knew that had to be used in a subsea

325

00:17:00,720 --> 00:16:58,209

floor type of environment because the

326

00:17:06,240 --> 00:17:00,730

project was in the Gulf of Mexico not

327

00:17:08,640 --> 00:17:06,250

near to it but in the Gulf of Mexico the

328

00:17:11,970 --> 00:17:08,650

technology to tunnel out under the

329

00:17:16,199 --> 00:17:11,980

seafloor from onshore or to tunnel out

330

00:17:19,350 --> 00:17:16,209

on the sea floor from an island whether

331

00:17:23,810 --> 00:17:19,360

it's a natural island like Bermuda where

332

00:17:30,530 --> 00:17:26,200

has been around for a long time or

333

00:17:33,980 --> 00:17:30,540

alternatively to cut a large diameter

334

00:17:40,970 --> 00:17:33,990

bore hole right in seafloor and then

335

00:17:43,580 --> 00:17:40,980

sink a large stainless steel sealed tank

336

00:17:47,630 --> 00:17:43,590

or pipe into that it would be large

337

00:17:50,980 --> 00:17:47,640

diameter 8 10 20 feet across into that

338

00:17:58,300 --> 00:17:50,990

with an airlock on it seal it in there

339

00:18:01,520 --> 00:17:58,310

with rapid setting cement and and

340

00:18:04,220 --> 00:18:01,530

through the airlock evacuate all the

341

00:18:07,220 --> 00:18:04,230

water that was inside the tube and

342

00:18:09,590 --> 00:18:07,230

introduce a breathable atmosphere then

343

00:18:12,770 --> 00:18:09,600

you can through the airlock put it in a

344

00:18:16,580 --> 00:18:12,780

crew of miners and also you can put in

345

00:18:18,920 --> 00:18:16,590

machinery to excavate under the sea

346

00:18:21,560 --> 00:18:18,930

floor with and from the the bottom then

347

00:18:25,850 --> 00:18:21,570

of that tube which could be 50 feet long

348

00:18:28,790 --> 00:18:25,860

or 100 feet long harvey long wanted to

349

00:18:32,330 --> 00:18:28,800

be could have living quarters inside it

350

00:18:34,400 --> 00:18:32,340

and life-support systems but from the

351
00:18:37,160 --> 00:18:34,410
bottom of that then you could tunnel out

352
00:18:39,230 --> 00:18:37,170
and begin to make a network and over

353
00:18:42,370 --> 00:18:39,240
time you could expand it keep bringing

354
00:18:46,100 --> 00:18:42,380
down more machinery more personnel and

355
00:18:48,410 --> 00:18:46,110
given even the technology that existed

356
00:18:51,470 --> 00:18:48,420
decades ago you would have been able to

357
00:18:54,680 --> 00:18:51,480
make a tunnel system beneath the

358
00:18:58,810 --> 00:18:54,690
seafloor many miles long in just a few

359
00:19:01,910 --> 00:18:58,820
years now this is all discussed in a

360
00:19:04,700 --> 00:19:01,920
document that I obtained from the United

361
00:19:09,190 --> 00:19:04,710
States Navy that came out of the China

362
00:19:13,880 --> 00:19:09,200
Lake naval weapons station in 1966

363
00:19:18,800 --> 00:19:13,890

entitled the rock site concept roc Kas

364

00:19:23,450 --> 00:19:18,810

ite and the idea was exactly what I've

365

00:19:28,610 --> 00:19:23,460

explained under the rocks I kept the eye

366

00:19:32,150 --> 00:19:28,620

the plan was to build very large very

367

00:19:35,120 --> 00:19:32,160

deep manned installations beneath the

368

00:19:37,340 --> 00:19:35,130

seafloor including well out to sea I

369

00:19:41,649 --> 00:19:37,350

mean hundreds of miles offshore

370

00:19:44,899 --> 00:19:41,659

in which submarines actually ocean-going

371

00:19:49,490 --> 00:19:44,909

military submarines would come in and

372

00:19:51,919 --> 00:19:49,500

and dock at berths inside these

373

00:19:55,430 --> 00:19:51,929

facilities and the crews would then have

374

00:19:59,930 --> 00:19:55,440

areas for rest and recreation where they

375

00:20:04,090 --> 00:19:59,940

could live and work the illustrations

376

00:20:07,430 --> 00:20:04,100

that I came across in my research

377

00:20:11,409 --> 00:20:07,440

indicated that these was thought these

378

00:20:15,560 --> 00:20:11,419

were going to be designed to accommodate

379

00:20:17,720 --> 00:20:15,570

four five six large military submarines

380

00:20:22,220 --> 00:20:17,730

at a time and they would come in through

381

00:20:25,460 --> 00:20:22,230

huge underwater airlocks which would be

382

00:20:28,369 --> 00:20:25,470

they'd have to be about 100 month 100

383

00:20:31,119 --> 00:20:28,379

feet in diameter and then the submarines

384

00:20:34,789 --> 00:20:31,129

would come through there and would dock

385

00:20:37,600 --> 00:20:34,799

way down beneath the the ocean

386

00:20:41,450 --> 00:20:37,610

and also the Stanford Research Institute

387

00:20:43,940 --> 00:20:41,460

came out with a very similar R&D or

388

00:20:46,389 --> 00:20:43,950

planning document just two or three

389

00:20:49,190 --> 00:20:46,399

years after that expanding on that

390

00:20:51,440 --> 00:20:49,200

concept a little bit and in these

391

00:20:55,190 --> 00:20:51,450

documents there were a number of

392

00:20:58,159 --> 00:20:55,200

purposes given for these facilities of

393

00:21:01,009 --> 00:20:58,169

course the military purpose undersea

394

00:21:03,860 --> 00:21:01,019

submarine bases and also undersea

395

00:21:06,200 --> 00:21:03,870

nuclear missile bases where the nuclear

396

00:21:10,730 --> 00:21:06,210

missiles would be embedded in the sea

397

00:21:16,389 --> 00:21:10,740

floor and missile silos way down there

398

00:21:19,190 --> 00:21:16,399

thousands of feet and a sea floor or as

399

00:21:25,009 --> 00:21:19,200

scientific research stations for

400

00:21:28,340 --> 00:21:25,019

oceanography for geology for seismology

401
00:21:32,019 --> 00:21:28,350
for a variety of different studies that

402
00:21:35,509 --> 00:21:32,029
you could do in that environment or

403
00:21:40,360 --> 00:21:35,519
alternatively as industrial facilities

404
00:21:47,029 --> 00:21:40,370
for example as geothermal power plants

405
00:21:49,910 --> 00:21:47,039
or as potentially as as mines you know

406
00:21:53,570 --> 00:21:49,920
you might run across rich rich deposit

407
00:22:01,090 --> 00:21:53,580
of anything gold platinum diamonds

408
00:22:09,140 --> 00:22:05,930
in mineral resources or petroleum wells

409
00:22:11,120 --> 00:22:09,150
oil wells down in his facilities down we

410
00:22:14,480 --> 00:22:11,130
need to see floor where oil could be

411
00:22:23,380 --> 00:22:14,490
drilled away from the harsh undersea

412
00:22:27,700 --> 00:22:23,390
environment and then the pipeline and

413
00:22:31,550 --> 00:22:27,710

siphon off the petroleum so everything

414

00:22:35,270 --> 00:22:31,560

counts I've been taught so these have

415

00:22:37,310 --> 00:22:35,280

been have been built and I strongly

416

00:22:38,930 --> 00:22:37,320

suspect based on what I've heard and

417

00:22:41,720 --> 00:22:38,940

have been told that some of these are

418

00:22:45,100 --> 00:22:41,730

definitely not terrestrial human

419

00:22:48,470 --> 00:22:45,110

facilities that there do seem to be some

420

00:22:51,170 --> 00:22:48,480

off-planet groups coming here there may

421

00:22:54,530 --> 00:22:51,180

or may not be human but it does appear

422

00:22:58,280 --> 00:22:54,540

some of them look pretty human and for

423

00:23:01,310 --> 00:22:58,290

whatever reason have set up shop down

424

00:23:04,310 --> 00:23:01,320

way beneath the sea for one thing you

425

00:23:06,950 --> 00:23:04,320

get a whole lot of physics physical

426

00:23:10,160 --> 00:23:06,960

security by doing that and only those

427

00:23:13,370 --> 00:23:10,170

with advanced technology that enables

428

00:23:15,740 --> 00:23:13,380

them to sail around thousands of feet

429

00:23:18,770 --> 00:23:15,750

beneath the sea surface could come

430

00:23:21,290 --> 00:23:18,780

calling so so it's a little bit of an

431

00:23:23,600 --> 00:23:21,300

introduction to that thank you

432

00:23:25,730 --> 00:23:23,610

your your mic is cutting out a little

433

00:23:28,010 --> 00:23:25,740

bit here and there but we're moving

434

00:23:30,830 --> 00:23:28,020

along because there's really nothing we

435

00:23:34,550 --> 00:23:30,840

can do at this point about that pardon

436

00:23:38,090 --> 00:23:34,560

me but what would be the advantage of

437

00:23:41,030 --> 00:23:38,100

having these underground I you did

438

00:23:44,030 --> 00:23:41,040

mention a possible geothermal power

439

00:23:47,540 --> 00:23:44,040

plant and but I mean what would be the

440

00:23:50,300 --> 00:23:47,550

advantage for submarine bases so they

441

00:23:52,970 --> 00:23:50,310

wouldn't have to surf this or Oh what

442

00:23:56,740 --> 00:23:52,980

are your thoughts on that I don't know

443

00:24:02,150 --> 00:23:56,750

in the documentation that I ran across

444

00:24:03,040 --> 00:24:02,160

didn't explain that why the Navy would

445

00:24:06,410 --> 00:24:03,050

want to have

446

00:24:09,700 --> 00:24:06,420

undersea submarine bases one reason that

447

00:24:12,560 --> 00:24:09,710

was given which I mentioned was to put

448

00:24:13,910 --> 00:24:12,570

nuclear missile silos down in the

449

00:24:18,650 --> 00:24:13,920

seafloor away

450

00:24:22,520 --> 00:24:18,660

understood I believe that may have been

451
00:24:25,340 --> 00:24:22,530
done so that would be one rate another

452
00:24:32,630 --> 00:24:25,350
reason that was mentioned in literature

453
00:24:36,110 --> 00:24:32,640
I just to have undersea man hydrophone

454
00:24:39,230 --> 00:24:36,120
bases or acoustic listening bases where

455
00:24:40,700 --> 00:24:39,240
they would be able to spy on submarine

456
00:24:44,350 --> 00:24:40,710
traffic of other countries for example

457
00:24:48,140 --> 00:24:44,360
or ship traffic or I would presume

458
00:24:51,020 --> 00:24:48,150
probably also on UFO traffic sensors

459
00:24:53,630 --> 00:24:51,030
seem to be a number of UFOs coming and

460
00:24:57,230 --> 00:24:53,640
going from the oceans and seas of this

461
00:25:00,230 --> 00:24:57,240
planet so that those are the things that

462
00:25:04,310 --> 00:25:00,240
I saw explicitly mentioned not the UFO

463
00:25:09,200 --> 00:25:04,320

part but the to have underwater acoustic

464

00:25:12,530 --> 00:25:09,210

or or listening stations and also the

465

00:25:15,260 --> 00:25:12,540

idea of of stationing nuclear missile

466

00:25:19,040 --> 00:25:15,270

bases at great depth we need to see

467

00:25:21,530 --> 00:25:19,050

along with a manned component I think

468

00:25:25,880 --> 00:25:21,540

that may have been done I do believe

469

00:25:30,950 --> 00:25:25,890

that in the case of basis for submarines

470

00:25:33,880 --> 00:25:30,960

that it could give an extra layer of

471

00:25:37,970 --> 00:25:33,890

security to have some shall we say

472

00:25:40,310 --> 00:25:37,980

off-the-books nuclear submarines that go

473

00:25:43,820 --> 00:25:40,320

sailing around to secret underground

474

00:25:47,540 --> 00:25:43,830

bases undersea bases and they're off the

475

00:25:49,820 --> 00:25:47,550

books and they go quiet for long periods

476

00:25:52,400 --> 00:25:49,830

of time because they are not in the

477

00:25:55,040 --> 00:25:52,410

water they're actually buttoned up

478

00:25:58,400 --> 00:25:55,050

inside an undersea base I wouldn't rule

479

00:26:00,760 --> 00:25:58,410

out that that is going on but I'm not an

480

00:26:05,630 --> 00:26:00,770

insider so I couldn't say for sure

481

00:26:07,910 --> 00:26:05,640

uh-huh now what about underground web

482

00:26:10,220 --> 00:26:07,920

before I move on there was something

483

00:26:13,250 --> 00:26:10,230

that came up on the message board and

484

00:26:16,370 --> 00:26:13,260

there's another radio host that claims

485

00:26:18,830 --> 00:26:16,380

there is this deep massive underwater

486

00:26:21,850 --> 00:26:18,840

base somewhere off the coast of

487

00:26:26,240 --> 00:26:21,860

California you need not mention the host

488

00:26:29,420 --> 00:26:26,250

I don't I don't I don't think much of

489

00:26:31,940 --> 00:26:29,430

the so-called shall we say in quotation

490

00:26:34,100 --> 00:26:31,950

marks research that's behind that claim

491

00:26:37,000 --> 00:26:34,110

look I proceeded I perceive that as

492

00:26:42,110 --> 00:26:37,010

pretty well grade a disinformation

493

00:26:43,670 --> 00:26:42,120

whether willful or just down-home not

494

00:26:47,830 --> 00:26:43,680

knowing much what you're doing I

495

00:26:50,060 --> 00:26:47,840

couldn't say but I've looked at those

496

00:26:51,080 --> 00:26:50,070

some of the images that they've been

497

00:26:54,350 --> 00:26:51,090

posted to the end

498

00:26:57,470 --> 00:26:54,360

Internet's allegedly off of Malibu

499

00:27:03,200 --> 00:26:57,480

how very Southern California can you get

500

00:27:07,400 --> 00:27:03,210

but to me it just looked like ordinary

501
00:27:09,710 --> 00:27:07,410
geological features I I didn't run I

502
00:27:12,440 --> 00:27:09,720
didn't run across any reference to that

503
00:27:15,370 --> 00:27:12,450
in my research I would however say that

504
00:27:18,380 --> 00:27:15,380
I do not discount the possibility of

505
00:27:19,130 --> 00:27:18,390
undersea facilities off the coast of

506
00:27:21,830 --> 00:27:19,140
California

507
00:27:24,800 --> 00:27:21,840
however the barriers that I would look

508
00:27:29,630 --> 00:27:24,810
at in particular would be the Monterey

509
00:27:32,570 --> 00:27:29,640
area and further south Long Beach area

510
00:27:35,840 --> 00:27:32,580
and then going further south to Channel

511
00:27:38,920 --> 00:27:35,850
Islands between LA and San Diego those

512
00:27:42,800 --> 00:27:38,930
would be the three places that I would

513
00:27:46,310 --> 00:27:42,810

most strongly suspect underground bases

514

00:27:53,660 --> 00:27:46,320

in the California region now but this

515

00:27:54,560 --> 00:27:53,670

thing that's allegedly off of Malibu no

516

00:27:57,650 --> 00:27:54,570

I don't think so

517

00:27:59,780 --> 00:27:57,660

okay I'm from Missouri on that one you

518

00:28:01,820 --> 00:27:59,790

have to show me and the alleged proof

519

00:28:03,830 --> 00:28:01,830

that's put out been put out on the

520

00:28:06,050 --> 00:28:03,840

Internet I'm sorry

521

00:28:07,430 --> 00:28:06,060

it is not proof of an under under

522

00:28:10,250 --> 00:28:07,440

undersea base there

523

00:28:12,410 --> 00:28:10,260

it just isn't yeah okay just for the

524

00:28:14,990 --> 00:28:12,420

live listener if you'd like to call in

525

00:28:19,010 --> 00:28:15,000

the show and ask a question that's 603

526

00:28:20,720 --> 00:28:19,020

nine six seven four o 3o if you'd like

527

00:28:24,410 --> 00:28:20,730

to jump in the chatroom that's right on

528

00:28:26,960 --> 00:28:24,420

podcast UFO calm a real easy sign in for

529

00:28:30,530 --> 00:28:26,970

that here's a nut question on the

530

00:28:32,570 --> 00:28:30,540

message board what is your belief regard

531

00:28:36,380 --> 00:28:32,580

Philip Schneider's claim to the

532

00:28:38,300 --> 00:28:36,390

underground base at Dulce well let me

533

00:28:40,550 --> 00:28:38,310

talk about philip snyder a little bit

534

00:28:44,360 --> 00:28:40,560

since he talked about me a little bit

535

00:28:48,350 --> 00:28:44,370

before he died I did I did speak with

536

00:28:50,750 --> 00:28:48,360

philip snyder on the phone and I told

537

00:28:58,340 --> 00:28:50,760

him frankly you know the claims that

538

00:29:01,190 --> 00:28:58,350

you're making or people just saying I

539

00:29:03,700 --> 00:29:01,200

need to see some some proof you say who

540

00:29:06,170 --> 00:29:03,710

involved in these projects for years

541

00:29:09,140 --> 00:29:06,180

show me some evidence of that you must

542

00:29:12,040 --> 00:29:09,150

have some evidence so he said I'll send

543

00:29:15,410 --> 00:29:12,050

you a box of evidence the documentation

544

00:29:16,610 --> 00:29:15,420

and he never did I never received

545

00:29:19,910 --> 00:29:16,620

anything from him

546

00:29:22,430 --> 00:29:19,920

I believe I talked to him twice three

547

00:29:25,520 --> 00:29:22,440

times at the most but I think it was too

548

00:29:26,660 --> 00:29:25,530

reasonably long phone conversations he

549

00:29:32,990 --> 00:29:26,670

never sent me anything

550

00:29:35,960 --> 00:29:33,000

and it turned up dead the other thing

551

00:29:41,270 --> 00:29:35,970

about that is before he died he was

552

00:29:44,240 --> 00:29:41,280

publicly saying that Richard Serra a PhD

553

00:29:52,850 --> 00:29:44,250

architect who worked on the underground

554

00:29:55,040 --> 00:29:52,860

facilities was risking something his his

555

00:29:58,670 --> 00:29:55,050

life or his well-being or whatever to

556

00:30:02,980 --> 00:29:58,680

talk about these things and clearly

557

00:30:06,710 --> 00:30:02,990

referring to me but in in the account

558

00:30:11,270 --> 00:30:06,720

that he gave that's out on the internet

559

00:30:13,790 --> 00:30:11,280

my last name is misspelled my personal

560

00:30:16,780 --> 00:30:13,800

credentials are are bad they

561

00:30:19,010 --> 00:30:16,790

misrepresented I don't have a PhD in

562

00:30:20,780 --> 00:30:19,020

architecture I've never had any

563

00:30:24,380 --> 00:30:20,790

involvement with the field of

564

00:30:26,420 --> 00:30:24,390

architecture profession academically I

565

00:30:28,670 --> 00:30:26,430

don't have any qualification in the

566

00:30:32,600 --> 00:30:28,680

field never worked in the field so that

567

00:30:34,580 --> 00:30:32,610

is just flat 100% wrong and my name is

568

00:30:37,040 --> 00:30:34,590

misspelled and then the other thing is

569

00:30:42,260 --> 00:30:37,050

he says that I worked on these projects

570

00:30:43,610 --> 00:30:42,270

and that is also flatly false as well

571

00:30:46,310 --> 00:30:43,620

I have research

572

00:30:48,590 --> 00:30:46,320

the topic but I've never worked on those

573

00:30:51,620 --> 00:30:48,600

projects I've never been any kind of

574

00:30:54,260 --> 00:30:51,630

insider I've never been in the alphabet

575

00:30:58,010 --> 00:30:54,270

soup or worked for the corporation's

576

00:31:00,799 --> 00:30:58,020

involved so what I'm telling you is if

577

00:31:04,460 --> 00:31:00,809

he could get my basic personal and

578

00:31:07,220 --> 00:31:04,470

professional details so wrong after

579

00:31:11,930 --> 00:31:07,230

talking with me on the phone two times

580

00:31:14,990 --> 00:31:11,940

that at some length then how are we to

581

00:31:19,820 --> 00:31:15,000

believe other more sensational claims of

582

00:31:23,919 --> 00:31:19,830

his I've found him to not be thinking

583

00:31:26,120 --> 00:31:23,929

clearly at all now and then he died so

584

00:31:31,970 --> 00:31:26,130

what I'm telling you and your listeners

585

00:31:34,340 --> 00:31:31,980

is flesh and blood person I'm not a I'm

586

00:31:37,970 --> 00:31:34,350

not a mysterious underground base or or

587

00:31:40,490 --> 00:31:37,980

an elusive alien race here to do god

588

00:31:42,789 --> 00:31:40,500

knows what I'm a flesh-and-blood man I'm

589

00:31:45,049 --> 00:31:42,799

I'm walking around and living my life

590

00:31:48,710 --> 00:31:45,059

like everyone else in the middle of

591

00:31:53,120 --> 00:31:48,720

society and have been for decades so if

592

00:31:57,230 --> 00:31:53,130

he could get my basic biographical and

593

00:32:00,680 --> 00:31:57,240

professional details so wrong then I

594

00:32:03,590 --> 00:32:00,690

have doubts as to most of the rest of

595

00:32:05,659 --> 00:32:03,600

his story now people will say but he's

596

00:32:08,570 --> 00:32:05,669

got burnt he had burns on his chest I

597

00:32:10,970 --> 00:32:08,580

never saw his chest but giving giving

598

00:32:14,269 --> 00:32:10,980

that part of the story the benefit of

599

00:32:17,539 --> 00:32:14,279

the doubt let's say he had burns on his

600

00:32:20,389 --> 00:32:17,549

chest or elsewhere on his body please

601
00:32:24,289 --> 00:32:20,399
understand that there are many ways in

602
00:32:26,720 --> 00:32:24,299
this world to get burned and one of the

603
00:32:29,299 --> 00:32:26,730
least likely ways to get burned is being

604
00:32:35,180 --> 00:32:29,309
shot in the chest by an alien with some

605
00:32:37,700 --> 00:32:35,190
Star Trek ray gun it's guys get burned

606
00:32:40,279 --> 00:32:37,710
all the time working on projects in a

607
00:32:44,380 --> 00:32:40,289
shop or the and taking a blowtorch to

608
00:32:47,899 --> 00:32:44,390
the oil pan on a car some you know

609
00:32:49,820 --> 00:32:47,909
things called ideas they have I mean you

610
00:32:51,740 --> 00:32:49,830
might say no one's that dumb to do that

611
00:32:55,039 --> 00:32:51,750
well I'm telling you it happens every

612
00:32:56,940 --> 00:32:55,049
day I've worked in industry where I

613
00:32:59,279 --> 00:32:56,950

worked with blowtorch within a set

614

00:33:02,370 --> 00:32:59,289

towards and I was really careful I never

615

00:33:04,169 --> 00:33:02,380

got badly burned as few sparks and and

616

00:33:07,320 --> 00:33:04,179

that's it but when you're working with

617

00:33:10,320 --> 00:33:07,330

acetylene torches with arc welders with

618

00:33:12,750 --> 00:33:10,330

that kind of thing you can't get burned

619

00:33:15,840 --> 00:33:12,760

in pretty badly and it's not that hard

620

00:33:18,960 --> 00:33:15,850

to happen so I don't know how Phil

621

00:33:22,350 --> 00:33:18,970

Schneider got burned if indeed he was

622

00:33:25,560 --> 00:33:22,360

and it's for the rest of his story the

623

00:33:29,669 --> 00:33:25,570

same thing goes just because he very

624

00:33:31,259 --> 00:33:29,679

mellow dramatically said in the months

625

00:33:33,269 --> 00:33:31,269

and a couple of years before he died

626

00:33:35,610 --> 00:33:33,279

that you know I worked on a deep

627

00:33:38,129 --> 00:33:35,620

underground base in Dulce New Mexico and

628

00:33:40,200 --> 00:33:38,139

you know I was in a firefight with these

629

00:33:43,110 --> 00:33:40,210

little aliens and blah blah blah

630

00:33:47,909 --> 00:33:43,120

I never seen any proof of that beyond

631

00:33:49,590 --> 00:33:47,919

Phil Schneider's say-so right yeah there

632

00:33:52,529 --> 00:33:49,600

was there was a lot of controversy about

633

00:33:54,779 --> 00:33:52,539

that being some disinformation as well

634

00:33:56,129 --> 00:33:54,789

the Paul bennewitz case and all that I

635

00:33:59,190 --> 00:33:56,139

don't know if you ever

636

00:34:03,360 --> 00:33:59,200

yes Paul bennewitz case is very part of

637

00:34:07,110 --> 00:34:03,370

that whole disinformation Paul Bennett

638

00:34:09,569 --> 00:34:07,120

bennewitz was set up by Richard Doty and

639

00:34:11,700 --> 00:34:09,579

other Air Force intelligence operatives

640

00:34:16,980 --> 00:34:11,710

that Kirtland Air Force Base in New

641

00:34:19,200 --> 00:34:16,990

Mexico right I did had some contact with

642

00:34:21,240 --> 00:34:19,210

the bennewitz family now his his his

643

00:34:24,720 --> 00:34:21,250

laboratory Thunder laboratory Thunder

644

00:34:27,809 --> 00:34:24,730

labs was right by the gate of Kirtland

645

00:34:32,569 --> 00:34:27,819

Air Force Base and I I used to live out

646

00:34:35,159 --> 00:34:32,579

there go so I went to the laboratory and

647

00:34:35,909 --> 00:34:35,169

talked with his son the son was very

648

00:34:38,359 --> 00:34:35,919

evasive

649

00:34:44,609 --> 00:34:38,369

by that time Paul was not very

650

00:34:46,530 --> 00:34:44,619

communicative he still alive but he was

651
00:34:48,599 --> 00:34:46,540
badly burned you mentally and

652
00:34:54,270 --> 00:34:48,609
emotionally and psychologically by that

653
00:34:57,180 --> 00:34:54,280
whole episode and yet they produced

654
00:34:59,990 --> 00:34:57,190
produced a map or two above the area

655
00:35:03,180 --> 00:35:00,000
just north of Dulce of the arch elated

656
00:35:07,050 --> 00:35:03,190
Mason peak area and it wasn't annotated

657
00:35:09,529 --> 00:35:07,060
annotated with his markings Geological

658
00:35:15,329 --> 00:35:09,539
Survey topo map

659
00:35:17,759 --> 00:35:15,339
topographical map so I I got a really

660
00:35:20,789 --> 00:35:17,769
good high-quality topographical map of

661
00:35:23,730 --> 00:35:20,799
that area and following to the contour

662
00:35:25,920 --> 00:35:23,740
line precisely the markings that he had

663
00:35:28,170 --> 00:35:25,930

made I went up there and I climbed the

664

00:35:30,210 --> 00:35:28,180

place and I walked all over none of what

665

00:35:33,410 --> 00:35:30,220

he had indicated on the map was there

666

00:35:37,019 --> 00:35:33,420

you know you or for hangar doors

667

00:35:39,690 --> 00:35:37,029

ventilation shaft this that nother thing

668

00:35:44,569 --> 00:35:39,700

none of it was there I did see a great

669

00:35:49,799 --> 00:35:44,579

number of perfectly ordinary rocks and

670

00:35:52,380 --> 00:35:49,809

pine trees that hole there there's

671

00:35:54,660 --> 00:35:52,390

something really eerie about that area

672

00:35:59,160 --> 00:35:54,670

of New Mexico did you feel that when you

673

00:36:00,599 --> 00:35:59,170

were there well it's called the whole

674

00:36:03,390 --> 00:36:00,609

state is called the Land of Enchantment

675

00:36:06,650 --> 00:36:03,400

right there are underground bases in New

676

00:36:09,779 --> 00:36:06,660

Mexico there are at least two on

677

00:36:14,430 --> 00:36:09,789

Kirtland Air Force Base Sandia National

678

00:36:17,099 --> 00:36:14,440

Laboratory and Lovelace there's a

679

00:36:20,160 --> 00:36:17,109

Lovelace medical clinic there who does

680

00:36:22,979 --> 00:36:20,170

oh they do medical research there

681

00:36:25,229 --> 00:36:22,989

biomedical research and god knows the

682

00:36:28,999 --> 00:36:25,239

fact that it's right there with Sandia

683

00:36:31,289 --> 00:36:29,009

National Lab and Kirtland Air Force Base

684

00:36:31,829 --> 00:36:31,299

immediately stuck suggests to me that

685

00:36:34,349 --> 00:36:31,839

they do

686

00:36:36,690 --> 00:36:34,359

black-budget research for the military

687

00:36:40,410 --> 00:36:36,700

industrial complex and then you also

688

00:36:44,309 --> 00:36:40,420

have the Munson office air Manzano

689

00:36:48,720 --> 00:36:44,319

underground facility which was begun in

690

00:36:54,870 --> 00:36:48,730

the late 1940s initially as a as an

691

00:36:57,900 --> 00:36:54,880

underground atom bomb assembly factory

692

00:37:00,930 --> 00:36:57,910

they actually put atom bombs together

693

00:37:04,349 --> 00:37:00,940

down there and New Mexico in the early

694

00:37:10,130 --> 00:37:04,359

years the Cold War was a great Center

695

00:37:12,690 --> 00:37:10,140

for building atom bombs in the first

696

00:37:14,190 --> 00:37:12,700

generation of nuclear bombs of course

697

00:37:16,349 --> 00:37:14,200

you still have Sandia National

698

00:37:19,140 --> 00:37:16,359

Laboratory there in Los Alamos National

699

00:37:21,270 --> 00:37:19,150

Laboratory just to the north of there

700

00:37:23,280 --> 00:37:21,280

and Hamas mountains

701
00:37:25,500 --> 00:37:23,290
and they're both still very actively

702
00:37:29,160 --> 00:37:25,510
involved than in those kinds of research

703
00:37:31,530 --> 00:37:29,170
and design and much more besides but at

704
00:37:35,790 --> 00:37:31,540
that complex just the southeast of

705
00:37:40,380 --> 00:37:35,800
Albuquerque New Mexico there is a

706
00:37:42,630 --> 00:37:40,390
serious underground component and it has

707
00:37:45,660 --> 00:37:42,640
been for many here I talked to one

708
00:37:47,850 --> 00:37:45,670
expert who when I say expert I mean

709
00:37:50,160 --> 00:37:47,860
someone who really really know it's the

710
00:37:53,240 --> 00:37:50,170
field from the inside and what I was

711
00:37:59,220 --> 00:37:53,250
told is that the Manzano underground

712
00:38:02,210 --> 00:37:59,230
base is vast I'm not saying it's big I'm

713
00:38:06,870 --> 00:38:02,220

not saying it's large he told me it was

714

00:38:11,540 --> 00:38:06,880

vast now I'm prepared to believe that

715

00:38:16,160 --> 00:38:11,550

means that it's pros for miles maybe my

716

00:38:20,550 --> 00:38:16,170

impression is you know 20 30 40 50 mile

717

00:38:22,890 --> 00:38:20,560

there's multiple levels I couldn't tell

718

00:38:27,230 --> 00:38:22,900

you what's down there I just couldn't I

719

00:38:31,050 --> 00:38:27,240

think we're talking about tangential

720

00:38:33,600 --> 00:38:31,060

compartmentalize society that exists on

721

00:38:37,740 --> 00:38:33,610

our home planet about which we know

722

00:38:40,410 --> 00:38:37,750

practically nothing the few crumbs I

723

00:38:42,890 --> 00:38:40,420

found in my research I'll actually

724

00:38:46,590 --> 00:38:42,900

qualify that as saying the many crumbs

725

00:38:48,720 --> 00:38:46,600

informational crumbs and and in crumbs

726

00:38:51,600 --> 00:38:48,730

of documentation that I found in my

727

00:38:57,380 --> 00:38:51,610

research clearly reveal that there's

728

00:39:01,220 --> 00:38:57,390

been seven a long program now of major

729

00:39:04,770 --> 00:39:01,230

underground and it seems undersea

730

00:39:07,910 --> 00:39:04,780

construction as well and yet we don't

731

00:39:12,860 --> 00:39:07,920

know what's happening down there I

732

00:39:16,800 --> 00:39:12,870

suppose we might know one percent yeah

733

00:39:20,340 --> 00:39:16,810

99 percent it's so massively funded so

734

00:39:23,430 --> 00:39:20,350

secretive so large so high-tech guard

735

00:39:25,470 --> 00:39:23,440

knows we we we are being played that's

736

00:39:29,040 --> 00:39:25,480

what I'm telling you we are being played

737

00:39:31,890 --> 00:39:29,050

and we don't even know how badly I've

738

00:39:34,500 --> 00:39:31,900

heard you know rumors of the black

739

00:39:38,340 --> 00:39:34,510

budget being like this mass of

740

00:39:40,950 --> 00:39:38,350

amount of money that goes you know that

741

00:39:44,160 --> 00:39:40,960

it disappears and no one knows exactly

742

00:39:46,650 --> 00:39:44,170

where it goes so yeah it's it's would be

743

00:39:48,930 --> 00:39:46,660

hard to figure that out

744

00:39:51,750 --> 00:39:48,940

I wanted to there's a couple questions

745

00:39:55,200 --> 00:39:51,760

up I want to get to them in just a

746

00:40:06,960 --> 00:39:55,210

second those one back here wondering if

747

00:40:13,400 --> 00:40:10,950

Hey are you there I could not hear you

748

00:40:18,510 --> 00:40:13,410

can you restate the question please

749

00:40:20,250 --> 00:40:18,520

okay you dropped out one of the

750

00:40:23,490 --> 00:40:20,260

questions up on the message board they

751

00:40:27,230 --> 00:40:23,500

wanted to know what you thought about an

752

00:40:33,779 --> 00:40:30,809

sure I think Nevada there's all kinds of

753

00:40:38,120 --> 00:40:33,789

tunnels beneath it and area 51 is one of

754

00:40:42,420 --> 00:40:38,130

those places but not only area 51 I

755

00:40:44,279 --> 00:40:42,430

think it's following Naval Air Station

756

00:40:47,210 --> 00:40:44,289

which is in the northern part of the

757

00:40:51,930 --> 00:40:47,220

state and then you have s4 yeah

758

00:40:54,839 --> 00:40:51,940

Nellis Air Force Base and the facilities

759

00:41:03,109 --> 00:40:54,849

here and there around this date by

760

00:41:06,150 --> 00:41:03,119

Nevada is New Mexico it's government

761

00:41:09,660 --> 00:41:06,160

facilities and we don't know what

762

00:41:11,789 --> 00:41:09,670

they're doing I think something like 90

763

00:41:14,250 --> 00:41:11,799

percent of Nevada is controlled by

764

00:41:18,269 --> 00:41:14,260

federal agencies including the large

765

00:41:20,339 --> 00:41:18,279

chunks by the the Pentagon and the

766

00:41:22,799 --> 00:41:20,349

Department of Energy which work very

767

00:41:25,370 --> 00:41:22,809

closely together I have been told

768

00:41:29,510 --> 00:41:25,380

anecdotally that there are massive

769

00:41:36,299 --> 00:41:29,520

tunnels running out between Nevada and

770

00:41:38,250 --> 00:41:36,309

the desert areas in in California I for

771

00:41:43,890 --> 00:41:38,260

those stories with interest I can't

772

00:41:46,769 --> 00:41:43,900

prove them no one on the inside has

773

00:41:47,819 --> 00:41:46,779

information about that stuff so if you

774

00:41:50,160 --> 00:41:47,829

know if you're not one of those

775

00:41:52,170 --> 00:41:50,170

compartmentalized need-to-know projects

776

00:41:56,849 --> 00:41:52,180

you don't have first-hand knowledge of

777

00:41:58,339 --> 00:41:56,859

them however if you are on the inside of

778

00:42:02,039 --> 00:41:58,349

one or more of those compartmentalized

779

00:42:04,230 --> 00:42:02,049

need-to-know projects you cannot talk

780

00:42:07,890 --> 00:42:04,240

about what you know and about what you

781

00:42:10,019 --> 00:42:07,900

do so in some ways people like me you're

782

00:42:13,470 --> 00:42:10,029

the closest you get to finding out about

783

00:42:18,630 --> 00:42:13,480

that short of signing your life away and

784

00:42:19,390 --> 00:42:18,640

in going into that world which I am not

785

00:42:23,589 --> 00:42:19,400

willing to do

786

00:42:25,690 --> 00:42:23,599

but I I take seriously these stories

787

00:42:30,039 --> 00:42:25,700

I've been told about of massive

788

00:42:32,140 --> 00:42:30,049

facilities beneath California Nevada you

789

00:42:34,690 --> 00:42:32,150

know they're they're huge wide-open

790

00:42:36,339 --> 00:42:34,700

areas of California that are extremely

791

00:42:39,670 --> 00:42:36,349

sparsely populated

792

00:42:43,390 --> 00:42:39,680

you see practically no one when you go

793

00:42:45,940 --> 00:42:43,400

out there and the same is true of Nevada

794

00:42:48,160 --> 00:42:45,950

once you go outside of Reno and then Las

795

00:42:50,799 --> 00:42:48,170

Vegas the rest of Nevada it's pretty

796

00:42:52,200 --> 00:42:50,809

empty actually most of it is extremely

797

00:42:55,029 --> 00:42:52,210

empty Maria

798

00:42:59,200 --> 00:42:55,039

Jenna I believe or at least a lot of it

799

00:43:01,510 --> 00:42:59,210

is going on underground and for the

800

00:43:07,059 --> 00:43:01,520

purpose of being underground would that

801
00:43:11,370 --> 00:43:07,069
be just for a secretive purposes is that

802
00:43:17,589 --> 00:43:11,380
what you're imagining multiple purposes

803
00:43:20,740 --> 00:43:17,599
if cores see well that's one reason the

804
00:43:23,260 --> 00:43:20,750
secrecy of course means if you're out of

805
00:43:24,940 --> 00:43:23,270
sight out of mind that out of you can

806
00:43:27,400 --> 00:43:24,950
could see what you're doing from others

807
00:43:29,559 --> 00:43:27,410
what people don't see they tend not to

808
00:43:31,960 --> 00:43:29,569
know about not to think about but you

809
00:43:33,940 --> 00:43:31,970
would also have physical security by

810
00:43:41,079 --> 00:43:33,950
being underground and you limit the

811
00:43:45,010 --> 00:43:41,089
access and so you can carry out your

812
00:43:47,279 --> 00:43:45,020
projects with more security I mean if

813
00:43:50,559 --> 00:43:47,289

it's a weapons project or if you are

814

00:43:52,690 --> 00:43:50,569

interfacing with aliens as I believe is

815

00:43:56,109 --> 00:43:52,700

happening in some cases in some of these

816

00:43:58,420 --> 00:43:56,119

facilities you know then you would be

817

00:44:02,760 --> 00:43:58,430

able to keep the idly curious general

818

00:44:07,960 --> 00:44:02,770

public away other reasons would be a

819

00:44:10,299 --> 00:44:07,970

4-man for communication facilities for

820

00:44:13,120 --> 00:44:10,309

government for the military for industry

821

00:44:16,200 --> 00:44:13,130

other regions other reasons for some of

822

00:44:20,200 --> 00:44:16,210

these facilities is the storage of

823

00:44:22,870 --> 00:44:20,210

commodities or the storage of archival

824

00:44:26,890 --> 00:44:22,880

records government and industry produced

825

00:44:29,620 --> 00:44:26,900

reams of Records for computing

826

00:44:30,980 --> 00:44:29,630

facilities are underground the one of

827

00:44:34,010 --> 00:44:30,990

the most famous

828

00:44:36,890 --> 00:44:34,020

once it's publicly known is at least

829

00:44:41,140 --> 00:44:36,900

semi publicly known as beneath the NSA

830

00:44:46,120 --> 00:44:41,150

headquarters in Laurel Maryland and then

831

00:44:49,790 --> 00:44:46,130

if the stories believe they're also

832

00:44:52,400 --> 00:44:49,800

highly secret transportation nodes and

833

00:44:55,880 --> 00:44:52,410

transportation that networks underground

834

00:44:57,920 --> 00:44:55,890

for use not by the general public but by

835

00:44:59,990 --> 00:44:57,930

this very secretive highly

836

00:45:03,320 --> 00:45:00,000

compartmentalized world though the

837

00:45:05,600 --> 00:45:03,330

military industrial espionage Kampala so

838

00:45:09,200 --> 00:45:05,610

those are some of the reasons I'm I'm

839

00:45:13,840 --> 00:45:09,210

sure there must be others do you know

840

00:45:21,830 --> 00:45:16,430

well you know it's real

841

00:45:25,310 --> 00:45:21,840

well it's a large facility high-tech

842

00:45:28,070 --> 00:45:25,320

very deep it's in the region in the area

843

00:45:30,340 --> 00:45:28,080

of the small town of Alice Springs which

844

00:45:33,200 --> 00:45:30,350

which is out in Australian outback

845

00:45:36,520 --> 00:45:33,210

almost exactly than the geographic

846

00:45:40,810 --> 00:45:36,530

centre of Australia it's way out there

847

00:45:44,570 --> 00:45:40,820

and that part of Australia is like

848

00:45:47,480 --> 00:45:44,580

Nevada and and those areas of California

849

00:45:50,690 --> 00:45:47,490

it's very thinly populated there's no

850

00:45:54,020 --> 00:45:50,700

most almost no one out there now that

851
00:45:57,020 --> 00:45:54,030
the facility at Pine Gap is an American

852
00:46:00,200 --> 00:45:57,030
facility notwithstanding that it is

853
00:46:03,020 --> 00:46:00,210
located in the middle of nowhere in the

854
00:46:06,050 --> 00:46:03,030
middle of Australia it is controlled by

855
00:46:09,050 --> 00:46:06,060
the Americans and not by the Australians

856
00:46:12,410 --> 00:46:09,060
it is run by the Americans and not by

857
00:46:15,800 --> 00:46:12,420
the Australian the NSA has a major

858
00:46:18,350 --> 00:46:15,810
presence at Pine Gap I believe based

859
00:46:21,020 --> 00:46:18,360
went up based on what I read that the

860
00:46:23,320 --> 00:46:21,030
CIA is there to a degree then also the

861
00:46:26,150 --> 00:46:23,330
National Reconnaissance Office and and

862
00:46:29,660 --> 00:46:26,160
perhaps other agencies and organizations

863
00:46:31,970 --> 00:46:29,670

that we don't know about but it's been

864

00:46:35,630 --> 00:46:31,980

there for many years it's extensible

865

00:46:38,050 --> 00:46:35,640

public function is as a a satellite

866

00:46:41,320 --> 00:46:38,060

downlink or uplink

867

00:46:43,240 --> 00:46:41,330

you know the the Americans have a lot of

868

00:46:46,420 --> 00:46:43,250

spy satellites in sort of the British

869

00:46:48,720 --> 00:46:46,430

and they they have ground stations where

870

00:46:52,770 --> 00:46:48,730

they communicate with their spy

871

00:46:58,090 --> 00:46:52,780

satellite network and that's one of them

872

00:47:01,000 --> 00:46:58,100

it's bent missile and Hemisphere and so

873

00:47:02,890 --> 00:47:01,010

it has a strategic location on the other

874

00:47:04,270 --> 00:47:02,900

side of the planet from the United

875

00:47:07,000 --> 00:47:04,280

States and in the southern hemisphere

876

00:47:07,660 --> 00:47:07,010

it's a working base it's a high-tech

877

00:47:10,060 --> 00:47:07,670

base

878

00:47:12,220 --> 00:47:10,070

it's very secretive the stories about it

879

00:47:14,710 --> 00:47:12,230

are that it has deep underground levels

880

00:47:18,640 --> 00:47:14,720

massive deep underground levels and I

881

00:47:20,860 --> 00:47:18,650

believe those stories uh-huh

882

00:47:24,570 --> 00:47:20,870

one of the things that have has come up

883

00:47:28,600 --> 00:47:24,580

earlier in one of my shows was

884

00:47:31,510 --> 00:47:28,610

wright-patterson Air Base that there's a

885

00:47:34,750 --> 00:47:31,520

massive underground facility there did

886

00:47:36,760 --> 00:47:34,760

you look into that one well from what

887

00:47:39,370 --> 00:47:36,770

I've seen yes of course wright-patterson

888

00:47:43,240 --> 00:47:39,380

is an Air Force Base in Ohio it's been

889

00:47:45,970 --> 00:47:43,250

there for many years the story the

890

00:47:51,360 --> 00:47:45,980

Roswell story at least in some some of

891

00:47:58,150 --> 00:47:55,570

little alien bodies and some of the UFO

892

00:48:00,460 --> 00:47:58,160

debris collected from so-called UFO

893

00:48:07,180 --> 00:48:00,470

crash at Roswell which was not at

894

00:48:12,100 --> 00:48:07,190

Roswell was not at Roswell one crash one

895

00:48:16,420 --> 00:48:12,110

of one craft but wright-patterson is

896

00:48:19,090 --> 00:48:16,430

often put into that story as an

897

00:48:20,650 --> 00:48:19,100

important element because it was the

898

00:48:24,660 --> 00:48:20,660

longtime base where the Air Force

899

00:48:28,000 --> 00:48:24,670

analyzed and did reverse engineering on

900

00:48:30,970 --> 00:48:28,010

foreign technology and I suppose UFO

901
00:48:35,770 --> 00:48:30,980
technology would qualify as foreign

902
00:48:38,170 --> 00:48:35,780
technology and and then of course there

903
00:48:41,670 --> 00:48:38,180
are stories about underground tunnels

904
00:48:44,050 --> 00:48:41,680
and work areas at wright-patterson then

905
00:48:45,490 --> 00:48:44,060
I've read some of that information I

906
00:48:48,610 --> 00:48:45,500
think they've been there for a long time

907
00:48:50,660 --> 00:48:48,620
I don't know how deep the stuff at

908
00:48:54,240 --> 00:48:50,670
wright-patterson goes

909
00:48:59,090 --> 00:48:54,250
listen at any American military

910
00:49:03,240 --> 00:48:59,100
installation you're quite likely to have

911
00:49:06,570 --> 00:49:03,250
one or more underground facilities I say

912
00:49:08,450 --> 00:49:06,580
that because the black budget is so huge

913
00:49:13,020 --> 00:49:08,460

running into the trillions of dollars

914

00:49:19,260 --> 00:49:13,030

the document trail I found is so

915

00:49:21,270 --> 00:49:19,270

extensive indicating ongoing military

916

00:49:24,480 --> 00:49:21,280

interest in underground tunnels and

917

00:49:28,440 --> 00:49:24,490

basis over a period of decades and the

918

00:49:30,540 --> 00:49:28,450

secrecy the compartmentalization in the

919

00:49:33,120 --> 00:49:30,550

black budget world of the military

920

00:49:36,840 --> 00:49:33,130

military-industrial complex is so

921

00:49:39,090 --> 00:49:36,850

extensive that I don't rule out at any

922

00:49:42,330 --> 00:49:39,100

American military facility the

923

00:49:44,790 --> 00:49:42,340

possibility of a serious underground

924

00:49:47,840 --> 00:49:44,800

component no matter how shabby and

925

00:49:52,500 --> 00:49:47,850

rundown things may look on the surface

926
00:49:56,820 --> 00:49:52,510
that is what what my research strongly

927
00:49:59,850 --> 00:49:56,830
indicates and so there could be a major

928
00:50:02,160 --> 00:49:59,860
deep underground facility at

929
00:50:06,660 --> 00:50:02,170
wright-patterson that the documentation

930
00:50:11,490 --> 00:50:06,670
I have seen suggests more modest more

931
00:50:13,680 --> 00:50:11,500
shallow shallow shallower closer to the

932
00:50:15,570 --> 00:50:13,690
surface tunnels and work areas but you

933
00:50:17,820 --> 00:50:15,580
know that was from stuff from decades

934
00:50:21,750 --> 00:50:17,830
ago and the technology that's around

935
00:50:26,610 --> 00:50:21,760
today permits construction at a very

936
00:50:29,340 --> 00:50:26,620
deep level so I wouldn't rule anything

937
00:50:32,240 --> 00:50:29,350
out we're right Patterson is concerned

938
00:50:36,420 --> 00:50:32,250

or any other American military facility

939

00:50:39,390 --> 00:50:36,430

right it's amazing these these machines

940

00:50:41,580 --> 00:50:39,400

they have for actually tunneling

941

00:50:43,920 --> 00:50:41,590

underground that can be 60 feet wide I

942

00:50:45,230 --> 00:50:43,930

think it is and it can go through

943

00:50:47,370 --> 00:50:45,240

bedrock anything

944

00:50:52,770 --> 00:50:47,380

pretty amazing what they can do right

945

00:50:55,320 --> 00:50:52,780

right now yes the largest of these

946

00:50:57,450 --> 00:50:55,330

machines are just gargantuan they're

947

00:50:59,880 --> 00:50:57,460

they're breathtakingly huge and it's

948

00:51:01,890 --> 00:50:59,890

it's hard to believe that machines with

949

00:51:04,200 --> 00:51:01,900

that power with thousands of horsepower

950

00:51:07,350 --> 00:51:04,210

can just chew their way through solid

951
00:51:11,490 --> 00:51:07,360
rock hundreds or even a thousand 2,000

952
00:51:13,650 --> 00:51:11,500
3,000 feet underground but that is the

953
00:51:17,970 --> 00:51:13,660
state of the technology and has been for

954
00:51:18,840 --> 00:51:17,980
decades now you could even count men

955
00:51:22,890 --> 00:51:18,850
from miles away

956
00:51:24,330 --> 00:51:22,900
it could be that there would be just

957
00:51:27,300 --> 00:51:24,340
using wright-patterson as one

958
00:51:29,600 --> 00:51:27,310
hypothetical example since I've never

959
00:51:32,640 --> 00:51:29,610
been underground we need the right

960
00:51:34,860 --> 00:51:32,650
person and I'm highly unlikely ever to

961
00:51:38,730 --> 00:51:34,870
go underground beneath the

962
00:51:42,660 --> 00:51:38,740
wright-patterson Air Force Base but if

963
00:51:46,620 --> 00:51:42,670

you want to make that serious tunnel

964

00:51:48,360 --> 00:51:46,630

network beneath wright-patterson you

965

00:51:50,250 --> 00:51:48,370

wouldn't have to start tunneling right

966

00:51:52,740 --> 00:51:50,260

there you could if you wanted to you

967

00:51:57,950 --> 00:51:52,750

could tunnel in from 20 miles away or 50

968

00:52:02,100 --> 00:51:57,960

miles away and no one would be the wiser

969

00:52:04,290 --> 00:52:02,110

right a question up on the message board

970

00:52:07,260 --> 00:52:04,300

do you think any of the bases could

971

00:52:12,180 --> 00:52:07,270

function as protected spaces and

972

00:52:14,600 --> 00:52:12,190

anticipation for earth disasters no

973

00:52:19,950 --> 00:52:14,610

these facilities are not intended for

974

00:52:21,930 --> 00:52:19,960

the and they are intended for use by the

975

00:52:25,130 --> 00:52:21,940

military industrial complex and others

976
00:52:29,970 --> 00:52:25,140
there really is no civil defense

977
00:52:31,290 --> 00:52:29,980
provision campaign you are dealing with

978
00:52:34,410 --> 00:52:31,300
the compartmentalized

979
00:52:37,200 --> 00:52:34,420
parallel reality there that is does not

980
00:52:40,710 --> 00:52:37,210
have your best interest at heart and I

981
00:52:42,870 --> 00:52:40,720
say that or mine because it is sucking

982
00:52:45,270 --> 00:52:42,880
money out of the economy by the

983
00:52:48,540 --> 00:52:45,280
trillions of dollars money that we all

984
00:52:52,800 --> 00:52:48,550
need and could use for all kinds of

985
00:52:55,800 --> 00:52:52,810
things productive uses so right there we

986
00:52:58,560 --> 00:52:55,810
are being robbed without our consent

987
00:53:03,570 --> 00:52:58,570
robbery is always a crime it's always a

988
00:53:06,480 --> 00:53:03,580

violation of the other parties human

989

00:53:08,490 --> 00:53:06,490

rights and civil liberties and so the

990

00:53:10,470 --> 00:53:08,500

fact that a massive crime is being

991

00:53:11,130 --> 00:53:10,480

committed against us without our

992

00:53:13,800 --> 00:53:11,140

permission

993

00:53:14,640 --> 00:53:13,810

right there tells you that what is being

994

00:53:18,420 --> 00:53:14,650

done is

995

00:53:23,910 --> 00:53:18,430

being done for us but is being done to

996

00:53:26,999 --> 00:53:23,920

us well I think earlier someone said

997

00:53:29,759 --> 00:53:27,009

that Rumsfeld said that there was 2.3

998

00:53:33,299 --> 00:53:29,769

trillion dollars missing from the

999

00:53:38,579 --> 00:53:33,309

federal budget back in 2001 have you

1000

00:53:41,299 --> 00:53:38,589

followed that type of missing figures

1001
00:53:44,489 --> 00:53:41,309
along the way here

1002
00:53:45,059 --> 00:53:44,499
well you can't find out where that money

1003
00:53:47,999 --> 00:53:45,069
went

1004
00:53:49,859 --> 00:53:48,009
what you have to do is rely on on what

1005
00:53:52,380 --> 00:53:49,869
you can find in open literature in

1006
00:53:54,690 --> 00:53:52,390
newspapers and in books and documents

1007
00:53:59,579 --> 00:53:54,700
and in journals and so forth

1008
00:54:02,190 --> 00:53:59,589
professional journals at that time he

1009
00:54:04,650 --> 00:54:02,200
was talking about 2.3 trillion dollars

1010
00:54:07,259 --> 00:54:04,660
of spending that the Pentagon

1011
00:54:10,349 --> 00:54:07,269
accountants could not account for now

1012
00:54:13,109 --> 00:54:10,359
just you try that excuse in your

1013
00:54:15,779 --> 00:54:13,119

personal financial affairs no you know

1014

00:54:17,640 --> 00:54:15,789

I'm yeah it's true there's eighty six

1015

00:54:20,670 --> 00:54:17,650

thousand dollars missing here and I the

1016

00:54:22,529 --> 00:54:20,680

figures don't add up but but I'm on it

1017

00:54:24,539 --> 00:54:22,539

I'll let you know as soon as I have an

1018

00:54:27,210 --> 00:54:24,549

answer for what's going on here which

1019

00:54:29,849 --> 00:54:27,220

has been the Pentagon's way of handling

1020

00:54:31,920 --> 00:54:29,859

this only it's it's so much worse we're

1021

00:54:36,660 --> 00:54:31,930

talking about multiple trillions and

1022

00:54:39,359 --> 00:54:36,670

that was 15 years ago we do know that

1023

00:54:42,569 --> 00:54:39,369

it's gotten even worse and I'll tell you

1024

00:54:44,970 --> 00:54:42,579

how you can look at it's not limited to

1025

00:54:47,220 --> 00:54:44,980

the Pentagon the Pentagon has just one

1026
00:54:49,769 --> 00:54:47,230
appendage of what is going on this is

1027
00:54:53,970 --> 00:54:49,779
actually a global program something real

1028
00:54:56,220 --> 00:54:53,980
big is going on all on this planet

1029
00:54:58,229 --> 00:54:56,230
beneath its planet and above this planet

1030
00:55:01,259 --> 00:54:58,239
or off this planet it's costing

1031
00:55:04,739 --> 00:55:01,269
trillions of dollars when you see that

1032
00:55:06,410 --> 00:55:04,749
the Federal Reserve Bank for example it

1033
00:55:11,269 --> 00:55:06,420
is undertaking what it calls

1034
00:55:15,450 --> 00:55:11,279
quantitative easing what that means is

1035
00:55:19,559 --> 00:55:15,460
it is creating money out of thin air by

1036
00:55:22,979 --> 00:55:19,569
the trillions and it is funneling it to

1037
00:55:26,700 --> 00:55:22,989
large fortune 500 companies on Wall

1038
00:55:30,359 --> 00:55:26,710

Street to stock brokerages

1039

00:55:34,370 --> 00:55:30,369

two major banks in the United States and

1040

00:55:39,260 --> 00:55:34,380

in other countries around the world and

1041

00:55:42,270 --> 00:55:39,270

none of this is being accounted for

1042

00:55:45,359 --> 00:55:42,280

representative Alan Grayson who has been

1043

00:55:48,620 --> 00:55:45,369

in them in the Congress United States

1044

00:55:53,099 --> 00:55:48,630

Congress in recent years has in

1045

00:55:55,710 --> 00:55:53,109

congressional hearings quizzed high

1046

00:55:59,490 --> 00:55:55,720

ranking the United States Federal

1047

00:56:01,230 --> 00:55:59,500

Reserve Bank officials about this I've

1048

00:56:03,780 --> 00:56:01,240

written about this on my blog and a

1049

00:56:07,880 --> 00:56:03,790

couple of my blog postings in one case

1050

00:56:14,030 --> 00:56:07,890

he was grilling the inspector general

1051
00:56:16,560 --> 00:56:14,040
for the reserve of who's you know

1052
00:56:19,230 --> 00:56:16,570
investigating the spending of the

1053
00:56:21,900 --> 00:56:19,240
Federal Reserve falls under a purview

1054
00:56:24,599 --> 00:56:21,910
and she pleaded ignorance there were a

1055
00:56:26,640 --> 00:56:24,609
number of trillions of dollars that she

1056
00:56:28,320 --> 00:56:26,650
could not account for in congressional

1057
00:56:30,300 --> 00:56:28,330
testimony and essentially was telling

1058
00:56:33,170 --> 00:56:30,310
the congressman you know I don't have

1059
00:56:35,849 --> 00:56:33,180
those details immediately to hand in

1060
00:56:39,420 --> 00:56:35,859
front of me right now but let me get

1061
00:56:41,849 --> 00:56:39,430
back to you well let me tell you if it's

1062
00:56:44,099 --> 00:56:41,859
a question of trillions of dollars being

1063
00:56:47,099 --> 00:56:44,109

spent wouldn't you be able to say

1064

00:56:50,280 --> 00:56:47,109

something about it I mean you can tell

1065

00:56:53,579 --> 00:56:50,290

me if you spend \$20 for something what

1066

00:56:55,740 --> 00:56:53,589

you spent it on and here trillions of

1067

00:56:59,280 --> 00:56:55,750

dollars little or literally trillions of

1068

00:57:01,920 --> 00:56:59,290

dollars on the Fed's balance sheet who

1069

00:57:05,370 --> 00:57:01,930

were paying were under discussion and he

1070

00:57:08,940 --> 00:57:05,380

was querying her about it and she had no

1071

00:57:12,150 --> 00:57:08,950

answer so that's how opaque the system

1072

00:57:14,849 --> 00:57:12,160

is and I'm suggesting to you that if a

1073

00:57:18,480 --> 00:57:14,859

sitting United States congressman and

1074

00:57:21,810 --> 00:57:18,490

sworn congressional testimony cannot get

1075

00:57:25,370 --> 00:57:21,820

a straight answer just consider how much

1076
00:57:29,910 --> 00:57:25,380
harder it is for someone like me and

1077
00:57:33,510 --> 00:57:29,920
other researchers like me we're up

1078
00:57:36,120 --> 00:57:33,520
against something huge that it's that's

1079
00:57:38,609 --> 00:57:36,130
hard to research it's hard to understand

1080
00:57:39,410 --> 00:57:38,619
will it clear is that trillions of

1081
00:57:43,820 --> 00:57:39,420
dollars

1082
00:57:46,670 --> 00:57:43,830
or being sucked out of the system in the

1083
00:57:49,250 --> 00:57:46,680
United States and around the world not

1084
00:57:52,610 --> 00:57:49,260
being put to productive use in the

1085
00:57:55,670 --> 00:57:52,620
so-called brick-and-mortar economy it's

1086
00:57:58,130 --> 00:57:55,680
not being this vast sum of money there's

1087
00:58:02,900 --> 00:57:58,140
not being put to productive use or any

1088
00:58:07,490 --> 00:58:02,910

visible use at all in realm of in which

1089

00:58:09,830 --> 00:58:07,500

ordinary people live their lives by the

1090

00:58:12,350 --> 00:58:09,840

hundreds of millions in bill and so

1091

00:58:15,140 --> 00:58:12,360

where is it going obviously somewhere

1092

00:58:19,880 --> 00:58:15,150

else it's going somewhere else that's

1093

00:58:24,050 --> 00:58:19,890

doing something else my research shows

1094

00:58:27,050 --> 00:58:24,060

what one of those things must be damage

1095

00:58:29,750 --> 00:58:27,060

stably must be and that is underground

1096

00:58:33,170 --> 00:58:29,760

and underwater tunnels and bases this is

1097

00:58:35,900 --> 00:58:33,180

also a growing body of research that

1098

00:58:39,200 --> 00:58:35,910

strongly points in the direction of one

1099

00:58:41,960 --> 00:58:39,210

or more secret space programs and again

1100

00:58:45,850 --> 00:58:41,970

not limited just to the United States

1101
00:58:48,950 --> 00:58:45,860
and then we also have this burgeoning

1102
00:58:51,590 --> 00:58:48,960
artificial intelligence technology

1103
00:58:55,070 --> 00:58:51,600
that's being brought online very rapidly

1104
00:58:57,200 --> 00:58:55,080
now our world has been transformed at

1105
00:59:00,650 --> 00:58:57,210
warp speed and not in a good way

1106
00:59:04,030 --> 00:59:00,660
if you're a natural human being and then

1107
00:59:07,820 --> 00:59:04,040
there is also genetic engineering and

1108
00:59:12,430 --> 00:59:07,830
cloning technology going on there are

1109
00:59:16,040 --> 00:59:12,440
anecdotal stories from the Krista Tilton

1110
00:59:20,000 --> 00:59:16,050
Dulce based stories from years ago in

1111
00:59:26,320 --> 00:59:20,010
the 1980s for example that that alleged

1112
00:59:29,030 --> 00:59:26,330
there are are the high Tech's be good

1113
00:59:32,030 --> 00:59:29,040

underground laboratories as at Dulce

1114

00:59:34,040 --> 00:59:32,040

according to one iteration of adults

1115

00:59:43,850 --> 00:59:34,050

they store and don't save a story in

1116

00:59:49,440 --> 00:59:47,730

well we lost them for just a second

1117

00:59:52,650 --> 00:59:49,450

there and we're right at the top of the

1118

00:59:57,090 --> 00:59:52,660

hour so if you'll hang on just one

1119

00:59:59,370 --> 00:59:57,100

second I'll be calling him back so hang

1120

01:00:01,860 --> 00:59:59,380

on just one second and we'll be right

1121

01:00:14,380 --> 01:00:01,870

back right after the music break if

1122

01:01:03,860 --> 01:00:57,040

you

1123

01:01:05,150 --> 01:01:03,870

back I'm right yeah we're it is fading

1124

01:01:08,000 --> 01:01:05,160

out a lot that time you're just plain

1125

01:01:09,950 --> 01:01:08,010

old went away now I can't remember what

1126

01:01:13,070 --> 01:01:09,960

you're in the middle of at that point

1127

01:01:16,370 --> 01:01:13,080

when when things went down but well I

1128

01:01:19,970 --> 01:01:16,380

was talking about Los Alamos the we

1129

01:01:21,710 --> 01:01:19,980

stopped for a music bird okay did you

1130

01:01:23,180 --> 01:01:21,720

have more to continue on that or would

1131

01:01:25,600 --> 01:01:23,190

you want to move on to something else

1132

01:01:28,750 --> 01:01:25,610

underground base at Dulce New Mexico

1133

01:01:32,840 --> 01:01:28,760

allegedly operated by the United States

1134

01:01:39,700 --> 01:01:32,850

military and little grey aliens but I

1135

01:01:42,500 --> 01:01:39,710

talked with toll and Krista tilted and I

1136

01:01:45,560 --> 01:01:42,510

found her account to be somewhat

1137

01:01:47,750 --> 01:01:45,570

confused as we yes you know I want to

1138

01:01:50,210 --> 01:01:47,760

say that frequently this happens when I

1139

01:01:53,420 --> 01:01:50,220

do interviews when I begin talking about

1140

01:01:57,560 --> 01:01:53,430

a sensitive topic Skype frequently pulls

1141

01:02:00,050 --> 01:01:57,570

the plug on the conversation this whole

1142

01:02:02,420 --> 01:02:00,060

this gets into the area of artificial

1143

01:02:06,890 --> 01:02:02,430

intelligence and that the Internet is

1144

01:02:10,970 --> 01:02:06,900

now wired in to a I Skype Yahoo

1145

01:02:13,940 --> 01:02:10,980

Microsoft Google all of it Apple all of

1146

01:02:16,370 --> 01:02:13,950

it is wired and it's a huge AI network

1147

01:02:18,440 --> 01:02:16,380

and I said that is in it up toots

1148

01:02:21,170 --> 01:02:18,450

eyeballs be that as it may

1149

01:02:24,340 --> 01:02:21,180

getting back to the alleged Dulce base

1150

01:02:28,310 --> 01:02:24,350

and talking with Krista Tilton she did

1151

01:02:31,010 --> 01:02:28,320

admit to me that she didn't know where

1152

01:02:34,820 --> 01:02:31,020

the base was that when she was taken

1153

01:02:37,640 --> 01:02:34,830

there she asked where she was and she

1154

01:02:41,900 --> 01:02:37,650

was told the Dulce base in northern New

1155

01:02:44,210 --> 01:02:41,910

Mexico she assumed that that meant the

1156

01:02:47,630 --> 01:02:44,220

town of dulce but it need not mean that

1157

01:02:51,020 --> 01:02:47,640

it need only mean that she was told she

1158

01:02:55,100 --> 01:02:51,030

was at the Dulce baby in northern New

1159

01:02:59,990 --> 01:02:55,110

Mexico and Dulce of course there's a

1160

01:03:02,630 --> 01:03:00,000

Spanish where a dulcet it simply means

1161

01:03:04,670 --> 01:03:02,640

sweet so they were telling her you know

1162

01:03:06,830 --> 01:03:04,680

you're at the sweet base just as

1163

01:03:08,070 --> 01:03:06,840

gibberish almost when translated into

1164

01:03:10,890 --> 01:03:08,080

English

1165

01:03:14,280 --> 01:03:10,900

I believe that it's actually and I've

1166

01:03:17,700 --> 01:03:14,290

been told by others at or near Los

1167

01:03:20,730 --> 01:03:17,710

Alamos in fact my research suggests

1168

01:03:25,170 --> 01:03:20,740

there is a serious underground component

1169

01:03:28,010 --> 01:03:25,180

that Los Alamos the top one man one

1170

01:03:31,130 --> 01:03:28,020

engineer who told me he'd been there

1171

01:03:34,220 --> 01:03:31,140

didn't work there but I'd gone there

1172

01:03:37,680 --> 01:03:34,230

with an engineering colleague and

1173

01:03:39,330 --> 01:03:37,690

actually went into some of the

1174

01:03:42,030 --> 01:03:39,340

underground facilitators his

1175

01:03:44,370 --> 01:03:42,040

understanding was most of what happens

1176
01:03:46,950 --> 01:03:44,380
at Los Alamos takes place underground

1177
01:03:50,070 --> 01:03:46,960
and some of it is very deep underground

1178
01:03:53,010 --> 01:03:50,080
his understanding was as much is one

1179
01:03:55,380 --> 01:03:53,020
mile underground and and your listeners

1180
01:03:58,080 --> 01:03:55,390
and you should understand that it is

1181
01:04:02,820 --> 01:03:58,090
well within the state of the art of

1182
01:04:05,640 --> 01:04:02,830
modern civil engineering to work one

1183
01:04:07,260 --> 01:04:05,650
mile and sorry listeners if you're

1184
01:04:09,030 --> 01:04:07,270
listening we have a little bit of an

1185
01:04:13,800 --> 01:04:09,040
issue here I was trying to accept a

1186
01:04:15,690 --> 01:04:13,810
phone call and it just didn't happen so

1187
01:04:16,980 --> 01:04:15,700
hang in there I'm gonna try to figure

1188
01:04:21,420 --> 01:04:16,990

this out hello

1189

01:04:24,300 --> 01:04:21,430

are we back yes so sorry about that I

1190

01:04:26,490 --> 01:04:24,310

guess I'm not able to take calls on this

1191

01:04:29,430 --> 01:04:26,500

show and for some reason I don't know

1192

01:04:32,420 --> 01:04:29,440

what the issue is but when I add a call

1193

01:04:35,160 --> 01:04:32,430

to our conversation it's putting the

1194

01:04:37,500 --> 01:04:35,170

radio station and you Richard on hold

1195

01:04:39,300 --> 01:04:37,510

for some reason so I apologize anyone

1196

01:04:41,400 --> 01:04:39,310

that wants to call them we should be all

1197

01:04:43,680 --> 01:04:41,410

set next week you can ask your questions

1198

01:04:44,610 --> 01:04:43,690

on the message board instead and I

1199

01:04:47,520 --> 01:04:44,620

apologize for that

1200

01:04:50,790 --> 01:04:47,530

so no calls this week sorry about that

1201

01:04:52,800 --> 01:04:50,800

alright so I don't know how far you got

1202

01:04:57,450 --> 01:04:52,810

before you found out that no one could

1203

01:05:00,500 --> 01:04:57,460

hear you well I was talking about Los

1204

01:05:03,450 --> 01:05:00,510

Alamos and then and how it goes down

1205

01:05:06,840 --> 01:05:03,460

I've been told it goes as deep as one

1206

01:05:09,390 --> 01:05:06,850

mile in the deepest levels and that most

1207

01:05:14,610 --> 01:05:09,400

of what takes place there does take

1208

01:05:18,860 --> 01:05:14,620

place underground now it's important to

1209

01:05:25,910 --> 01:05:22,190

the United States Department is the lead

1210

01:05:28,280 --> 01:05:25,920

agency in human genetics research in the

1211

01:05:32,120 --> 01:05:28,290

world that goes back to the early years

1212

01:05:38,780 --> 01:05:32,130

of the atomic weapons program when it

1213

01:05:41,390 --> 01:05:38,790

was understood that radionuclides have

1214

01:05:44,390 --> 01:05:41,400

an impact on genetics including human

1215

01:05:46,640 --> 01:05:44,400

genetics they cause mutations in the

1216

01:05:51,080 --> 01:05:46,650

genetic code and so from that time

1217

01:05:55,070 --> 01:05:51,090

forward the United States Department has

1218

01:05:59,420 --> 01:05:55,080

been massively researching human

1219

01:06:02,180 --> 01:05:59,430

genetics the human genome and so Los

1220

01:06:06,460 --> 01:06:02,190

Alamos is a great Center not just for

1221

01:06:13,160 --> 01:06:06,470

nuclear weapons design and development

1222

01:06:17,810 --> 01:06:13,170

but also for human genetic study I'm

1223

01:06:21,400 --> 01:06:17,820

surmising that the dulcet stories of of

1224

01:06:23,770 --> 01:06:21,410

cloning cloning of humans and

1225

01:06:31,820 --> 01:06:23,780

hybridization

1226
01:06:33,980 --> 01:06:31,830
humans in quite possible quite possibly

1227
01:06:36,920 --> 01:06:33,990
and actually relate to most Alamos and

1228
01:06:41,840 --> 01:06:36,930
black-budget human genetic research

1229
01:06:44,530 --> 01:06:41,850
that's being carried out there I I think

1230
01:06:47,750 --> 01:06:44,540
that this whole thing this has gotten so

1231
01:06:51,290 --> 01:06:47,760
football out of control that it's

1232
01:06:54,080 --> 01:06:51,300
difficult for for those of us who are on

1233
01:06:58,670 --> 01:06:54,090
the outside trying to look in to even

1234
01:07:03,290 --> 01:06:58,680
begin to grasp the immensity of what is

1235
01:07:07,490 --> 01:07:03,300
going on I believe also that though

1236
01:07:10,940 --> 01:07:07,500
these all these programs and projects

1237
01:07:15,170 --> 01:07:10,950
have so far escaped the bounds of any

1238
01:07:18,410 --> 01:07:15,180

kind of open oversight that at this

1239

01:07:21,800 --> 01:07:18,420

point it's almost impossible to rein

1240

01:07:23,750 --> 01:07:21,810

them in and god help us I don't know

1241

01:07:26,060 --> 01:07:23,760

where it's all going but I don't think

1242

01:07:31,160 --> 01:07:26,070

it's going anywhere good because it's

1243

01:07:32,060 --> 01:07:31,170

all so secretive so massively funded so

1244

01:07:36,440 --> 01:07:32,070

harsh

1245

01:07:39,620 --> 01:07:36,450

so compartmentalised I scarcely know

1246

01:07:42,220 --> 01:07:39,630

what to say anymore Wow

1247

01:07:44,660 --> 01:07:42,230

I just sent a text message to my

1248

01:07:47,570 --> 01:07:44,670

brother-in-law because he worked at los

1249

01:07:49,550 --> 01:07:47,580

almos for 20-some odd years to ask him

1250

01:07:51,560 --> 01:07:49,560

if he ever heard any stories about that

1251

01:07:53,690 --> 01:07:51,570

I'm waiting to hear back from him but

1252

01:07:56,060 --> 01:07:53,700

you know let's um let's skip around you

1253

01:07:57,830 --> 01:07:56,070

well you have to limit let me let

1254

01:08:00,770 --> 01:07:57,840

me follow up on that your question to

1255

01:08:03,680 --> 01:08:00,780

your sure your your relative there it

1256

01:08:08,570 --> 01:08:03,690

doesn't matter who he is

1257

01:08:10,760 --> 01:08:08,580

if he has a need to know then he will be

1258

01:08:13,760 --> 01:08:10,770

on the inside of a compartments project

1259

01:08:17,510 --> 01:08:13,770

if he doesn't have a need to know

1260

01:08:19,430 --> 01:08:17,520

he'll know nothing about it he won't

1261

01:08:22,180 --> 01:08:19,440

know the passwords he won't know the

1262

01:08:26,150 --> 01:08:22,190

project names those who are involved

1263

01:08:29,210 --> 01:08:26,160

will not speak to him about their work

1264

01:08:29,870 --> 01:08:29,220

and if he is involved he will not tell

1265

01:08:34,880 --> 01:08:29,880

you either

1266

01:08:37,099 --> 01:08:34,890

let me give an explanation in my last

1267

01:08:37,760 --> 01:08:37,109

book hidden in plain sight beyond

1268

01:08:41,450 --> 01:08:37,770

x-files

1269

01:08:44,300 --> 01:08:41,460

I discuss the book by john pena craven

1270

01:08:48,079 --> 01:08:44,310

called the silent war john pena craven

1271

01:08:51,920 --> 01:08:48,089

was the lead navy's lead scientist stern

1272

01:08:55,130 --> 01:08:51,930

height of the Cold War beach the ocean

1273

01:08:58,190 --> 01:08:55,140

ographers he was lead scientist tasked

1274

01:09:01,910 --> 01:08:58,200

with developing behind man rickover and

1275

01:09:05,150 --> 01:09:01,920

others a a deep undersea capability a

1276

01:09:08,749 --> 01:09:05,160

capability for the Navy to work at great

1277

01:09:10,490 --> 01:09:08,759

depth up to 20,000 feet underwater and

1278

01:09:13,280 --> 01:09:10,500

he did he did that it carried out that

1279

01:09:17,749 --> 01:09:13,290

mandate one of the points that he made

1280

01:09:21,260 --> 01:09:17,759

in his book was that there was a secret

1281

01:09:23,570 --> 01:09:21,270

project called sandala which he uses as

1282

01:09:26,570 --> 01:09:23,580

an example that had three layers of

1283

01:09:28,820 --> 01:09:26,580

secrecy someone who worked in that

1284

01:09:33,320 --> 01:09:28,830

program for example might be outwardly

1285

01:09:38,420 --> 01:09:33,330

and all mr. Onur on American Navy

1286

01:09:42,140 --> 01:09:38,430

nuclear submarine within that job title

1287

01:09:43,950 --> 01:09:42,150

the officer let's say would sign in to

1288

01:09:48,240 --> 01:09:43,960

work on the submarine

1289

01:09:53,390 --> 01:09:48,250

and then would go do something else that

1290

01:09:57,630 --> 01:09:53,400

would have totally different duty tasks

1291

01:10:00,510 --> 01:09:57,640

and under that tasks there might be yet

1292

01:10:04,160 --> 01:10:00,520

a third embedded program with another

1293

01:10:08,010 --> 01:10:04,170

name than another level of secrecy and

1294

01:10:11,700 --> 01:10:08,020

part of the rules for this or that that

1295

01:10:15,120 --> 01:10:11,710

officer would not tell anyone even

1296

01:10:17,010 --> 01:10:15,130

including his wife what he really did

1297

01:10:19,700 --> 01:10:17,020

create Craven follows that up with

1298

01:10:23,400 --> 01:10:19,710

another example of going into a room

1299

01:10:24,000 --> 01:10:23,410

that's literally like a bank vault to be

1300

01:10:28,890 --> 01:10:24,010

briefed

1301

01:10:31,290 --> 01:10:28,900

that's literal literal physical physical

1302

01:10:34,200 --> 01:10:31,300

compartmentalization what I'm telling

1303

01:10:37,830 --> 01:10:34,210

you is whether it is your relative your

1304

01:10:40,110 --> 01:10:37,840

friend your brother or even your wife if

1305

01:10:44,220 --> 01:10:40,120

they are in a compartmentalized program

1306

01:10:49,890 --> 01:10:44,230

doing seriously secret work they won't

1307

01:10:53,220 --> 01:10:49,900

tell you you will not know and they will

1308

01:10:55,170 --> 01:10:53,230

lie to you well I did get an answer back

1309

01:10:59,280 --> 01:10:55,180

from my brother-in-law he just said that

1310

01:11:00,780 --> 01:10:59,290

there let me just read it here there are

1311

01:11:04,350 --> 01:11:00,790

storage tunnels that are underground

1312

01:11:06,180 --> 01:11:04,360

that's all he told me well that covered

1313

01:11:09,720 --> 01:11:06,190

that could be anything and the storage

1314

01:11:12,270 --> 01:11:09,730

tunnel can be that's true in fact I got

1315

01:11:14,700 --> 01:11:12,280

some minimal I did a Freedom of

1316

01:11:17,310 --> 01:11:14,710

Information Act request to Los Alamos

1317

01:11:20,700 --> 01:11:17,320

asking about underground facilities and

1318

01:11:23,820 --> 01:11:20,710

I got some minimal documentation back

1319

01:11:26,430 --> 01:11:23,830

which even then in the mid-1990s I knew

1320

01:11:28,500 --> 01:11:26,440

did not begin to cover the true extent

1321

01:11:31,110 --> 01:11:28,510

of what is there what I'm telling you is

1322

01:11:33,200 --> 01:11:31,120

that at a place like Los Alamos

1323

01:11:36,510 --> 01:11:33,210

there are compartments within

1324

01:11:38,190 --> 01:11:36,520

compartments and if you're not on the

1325

01:11:40,710 --> 01:11:38,200

inside of compartment and it could be

1326

01:11:44,070 --> 01:11:40,720

physical it could be you go into a room

1327

01:11:46,350 --> 01:11:44,080

and you're three Doors and maybe you you

1328

01:11:48,450 --> 01:11:46,360

have the keys to one of the doors but

1329

01:11:53,070 --> 01:11:48,460

not to the other to what's behind the

1330

01:11:55,290 --> 01:11:53,080

other two doors you don't know hmm right

1331

01:11:57,610 --> 01:11:55,300

then and that's it works it works at

1332

01:12:03,070 --> 01:11:57,620

that level I'll give you another example

1333

01:12:04,150 --> 01:12:03,080

was one guy told me that doctor all

1334

01:12:08,230 --> 01:12:04,160

kinds of people have worked in

1335

01:12:11,500 --> 01:12:08,240

facilities and one told me that some of

1336

01:12:15,370 --> 01:12:11,510

these facilities will disguise their air

1337

01:12:17,710 --> 01:12:15,380

shafts for example in the silos on

1338

01:12:19,840 --> 01:12:17,720

working dairy farms it's just one

1339

01:12:24,100 --> 01:12:19,850

example of course there are dairy farms

1340

01:12:27,430 --> 01:12:24,110

all over the country now that means that

1341

01:12:30,100 --> 01:12:27,440

there are also some dairy farmers here

1342

01:12:32,620 --> 01:12:30,110

and there who know that the silos on

1343

01:12:36,310 --> 01:12:32,630

their farms are not really real silos

1344

01:12:38,650 --> 01:12:36,320

that they are air shafts and vents for

1345

01:12:41,260 --> 01:12:38,660

secret underground bases which means

1346

01:12:43,330 --> 01:12:41,270

that there are farmers out there who are

1347

01:12:47,050 --> 01:12:43,340

involved in these projects that lead to

1348

01:12:51,760 --> 01:12:47,060

some degree so you see how penetrated

1349

01:12:54,700 --> 01:12:51,770

this society is and how secret the kinds

1350

01:12:57,280 --> 01:12:54,710

of secrets that a lot a lot of so-called

1351

01:13:01,800 --> 01:12:57,290

ordinary people have how many farmers

1352

01:13:04,930 --> 01:13:01,810

are there out there whose farms lie over

1353

01:13:07,840 --> 01:13:04,940

underground bases I don't know but based

1354

01:13:11,170 --> 01:13:07,850

on what I was told some of them are I

1355

01:13:14,100 --> 01:13:11,180

can give you another example on that

1356

01:13:17,650 --> 01:13:14,110

site I believe in in my first book where

1357

01:13:21,310 --> 01:13:17,660

you can actually design a barn for an

1358

01:13:24,850 --> 01:13:21,320

instance to consider an entrance to a

1359

01:13:28,600 --> 01:13:24,860

secret underground base and it's been

1360

01:13:31,720 --> 01:13:28,610

done it's great way to camouflage it

1361

01:13:36,580 --> 01:13:31,730

what I'm telling you is we live in an

1362

01:13:40,030 --> 01:13:36,590

unreal world the I don't know any other

1363

01:13:43,810 --> 01:13:40,040

way to tell you that it's so fake it's

1364

01:13:46,230 --> 01:13:43,820

just so false if somehow the scales

1365

01:13:48,520 --> 01:13:46,240

could fall from everyone's eyes

1366

01:13:51,670 --> 01:13:48,530

simultaneously and they could see

1367

01:13:55,420 --> 01:13:51,680

through all of these frauds and false

1368

01:13:58,420 --> 01:13:55,430

fronts this vast theft of multiple

1369

01:14:00,880 --> 01:13:58,430

trillions and trillions of dollars from

1370

01:14:03,070 --> 01:14:00,890

the global economy all of the all the

1371

01:14:05,700 --> 01:14:03,080

people walking around who are pretending

1372

01:14:09,010 --> 01:14:05,710

to be one thing when in reality they are

1373

01:14:10,930 --> 01:14:09,020

some of them an unknown large number of

1374

01:14:13,540 --> 01:14:10,940

them are involved for exam

1375

01:14:16,300 --> 01:14:13,550

with these secret underground bases and

1376

01:14:19,810 --> 01:14:16,310

say little or nothing about it do you

1377

01:14:24,100 --> 01:14:19,820

see you don't even need deposit in alien

1378

01:14:28,930 --> 01:14:24,110

presence on this planet to get into the

1379

01:14:32,440 --> 01:14:28,940

realm of bizarro world just using the

1380

01:14:37,960 --> 01:14:32,450

technology the social technology of

1381

01:14:41,410 --> 01:14:37,970

extreme compartmentalization can but

1382

01:14:43,870 --> 01:14:41,420

imagine how marriage is there are where

1383

01:14:47,100 --> 01:14:43,880

the husband doesn't really know what his

1384

01:14:50,050 --> 01:14:47,110

wife does professionally and vice versa

1385

01:14:53,800 --> 01:14:50,060

ok we have an unusual question up on the

1386

01:14:56,740 --> 01:14:53,810

message board do you believe that there

1387

01:14:59,890 --> 01:14:56,750

was holographic technology being used by

1388

01:15:02,170 --> 01:14:59,900

the government in 1968 in other words so

1389

01:15:06,160 --> 01:15:02,180

that they were able to project close-up

1390

01:15:10,000 --> 01:15:06,170

images of UFOs were mistaken for the

1391

01:15:19,030 --> 01:15:10,010

real UFOs 1968 1971 do you know anything

1392

01:15:21,370 --> 01:15:19,040

about that technology I know the word I

1393

01:15:28,630 --> 01:15:21,380

know that there are people who work on

1394

01:15:33,670 --> 01:15:28,640

it study it develop it increasingly as

1395

01:15:36,430 --> 01:15:33,680

years go by is this whole earth by

1396

01:15:41,050 --> 01:15:36,440

sophisticated holographic projection

1397

01:15:43,780 --> 01:15:41,060

that we are trapped in in once and it's

1398

01:15:47,760 --> 01:15:43,790

so good that it fools

1399

01:15:52,030 --> 01:15:47,770

almost everybody almost all of the time

1400

01:15:55,170 --> 01:15:52,040

such that it's very difficult to escape

1401

01:15:57,610 --> 01:15:55,180

its snares and liberate yourself

1402

01:16:00,700 --> 01:15:57,620

mentally spiritually and physically if

1403

01:16:04,330 --> 01:16:00,710

you will I wouldn't rule that out as a

1404

01:16:07,570 --> 01:16:04,340

possibility you know the ancient sages

1405

01:16:10,600 --> 01:16:07,580

in India talked about Maya in the world

1406

01:16:16,030 --> 01:16:10,610

of illusion and what if that is for

1407

01:16:19,390 --> 01:16:16,040

truer than we have then we know ok now

1408

01:16:22,600 --> 01:16:19,400

I'm gonna ask one more question about a

1409

01:16:24,430 --> 01:16:22,610

base that someone asked earlier and then

1410

01:16:26,860 --> 01:16:24,440

I want to go on a different topic

1411

01:16:30,430 --> 01:16:26,870

someone wanted to know about what you

1412

01:16:34,200 --> 01:16:30,440

thought about Mount weather well mount

1413

01:16:36,939 --> 01:16:34,210

weather is is a known major deep a

1414

01:16:43,170 --> 01:16:36,949

technically sophisticated base it's been

1415

01:16:46,660 --> 01:16:43,180

there for at least since the 1950s it

1416

01:16:50,050 --> 01:16:46,670

recently was run by FEMA I'm not I guess

1417

01:16:54,250 --> 01:16:50,060

the DHS is probably in there now but it

1418

01:16:57,130 --> 01:16:54,260

is a big base it's in the Appalachian

1419

01:17:00,760 --> 01:16:57,140

Mountains about an hour's drive outside

1420

01:17:02,350 --> 01:17:00,770

of Washington DC in Northern Virginia it

1421

01:17:05,670 --> 01:17:02,360

is run by the federal government it's

1422

01:17:08,950 --> 01:17:05,680

one of the big very highly secure

1423

01:17:12,610 --> 01:17:08,960

command control and communication

1424

01:17:16,170 --> 01:17:12,620

facilities for the federal agencies it

1425

01:17:19,240 --> 01:17:16,180

is part of their what's called the

1426

01:17:21,939 --> 01:17:19,250

continuity of government arc of

1427

01:17:25,170 --> 01:17:21,949

underground facilities in the

1428

01:17:28,060 --> 01:17:25,180

mid-atlantic region of the United States

1429

01:17:31,270 --> 01:17:28,070

the my understanding is it can

1430

01:17:35,170 --> 01:17:31,280

accommodate at a minimum several hundred

1431

01:17:38,020 --> 01:17:35,180

people on a pan a buttoned-up status for

1432

01:17:40,120 --> 01:17:38,030

a month or more I'm guessing it it's

1433

01:17:43,209 --> 01:17:40,130

been I know it's been enlarged and

1434

01:17:45,820 --> 01:17:43,219

modernized over the years I couldn't say

1435

01:17:48,250 --> 01:17:45,830

how many they could accommodate maybe a

1436

01:17:50,310 --> 01:17:48,260

couple thousand or or five or ten

1437

01:17:53,680 --> 01:17:50,320

thousand I don't know it's a large base

1438

01:17:55,990 --> 01:17:53,690

its deep its sophisticated

1439

01:17:58,479 --> 01:17:56,000

technologically it's very highly

1440

01:18:01,120 --> 01:17:58,489

secretive I have been to the front gate

1441

01:18:04,140 --> 01:18:01,130

of that place but I've never been in I

1442

01:18:08,020 --> 01:18:04,150

don't have a security clearance and

1443

01:18:11,080 --> 01:18:08,030

exactly what happens in it I couldn't

1444

01:18:16,270 --> 01:18:11,090

tell you but it is a it is a major known

1445

01:18:18,910 --> 01:18:16,280

underground base Wow okay now I wanted

1446

01:18:20,770 --> 01:18:18,920

to we're gonna go off topic here and

1447

01:18:24,550 --> 01:18:20,780

talk about some of the things that you

1448

01:18:27,400 --> 01:18:24,560

write about and one of them is the sixth

1449

01:18:31,240 --> 01:18:27,410

global extinction what is your thoughts

1450

01:18:37,210 --> 01:18:31,250

on that well it's underway conservation

1451

01:18:42,710 --> 01:18:37,220

biologists and ecologists know that

1452

01:18:45,170 --> 01:18:42,720

over the hundreds of millions of years

1453

01:18:47,660 --> 01:18:45,180

that the earth has been here since

1454

01:18:50,210 --> 01:18:47,670

biological life arose on the earth there

1455

01:18:54,580 --> 01:18:50,220

have been previously five great

1456

01:18:58,490 --> 01:18:54,590

extinction events in which there were

1457

01:19:00,410 --> 01:18:58,500

huge global die offs of the flora and

1458

01:19:02,360 --> 01:19:00,420

fauna of this planet

1459

01:19:05,720 --> 01:19:02,370

the reasons are not always well

1460

01:19:16,720 --> 01:19:05,730

understood however the geological record

1461

01:19:22,610 --> 01:19:19,220

it's now occurring again for the sixth

1462

01:19:25,640 --> 01:19:22,620

time in a major way well we may not know

1463

01:19:28,730 --> 01:19:25,650

what the major cause or causes were in

1464

01:19:31,970 --> 01:19:28,740

the distant past biological scientists

1465

01:19:36,070 --> 01:19:31,980

can say what the cause is today it's in

1466

01:19:38,740 --> 01:19:36,080

the main the major damaging factor in

1467

01:19:43,520 --> 01:19:38,750

the die-off of tremendous numbers of

1468

01:19:46,910 --> 01:19:43,530

plants and animals on this planet is the

1469

01:19:51,080 --> 01:19:46,920

human race our activities industrial

1470

01:19:53,840 --> 01:19:51,090

industrial activities primarily

1471

01:19:56,110 --> 01:19:53,850

agricultural activities genetic

1472

01:19:59,960 --> 01:19:56,120

engineering now is playing the role our

1473

01:20:06,380 --> 01:19:59,970

our waste all of the crap we put in the

1474

01:20:10,940 --> 01:20:06,390

oceans and into the air and it's having

1475

01:20:12,760 --> 01:20:10,950

a real powerful a deadly effect on the

1476

01:20:15,380 --> 01:20:12,770

Earth's ecology on the Earth's biosphere

1477

01:20:19,280 --> 01:20:15,390

there the estimates are that in the last

1478

01:20:23,840 --> 01:20:19,290

40 years 50% of all the wild life on

1479

01:20:26,120 --> 01:20:23,850

this planet has has died off and that if

1480

01:20:27,950 --> 01:20:26,130

things continue the way they are we

1481

01:20:31,190 --> 01:20:27,960

won't make it another half century

1482

01:20:33,170 --> 01:20:31,200

you know the bees are dying off a lot of

1483

01:20:35,270 --> 01:20:33,180

butterflies are dying the in fittings

1484

01:20:38,600 --> 01:20:35,280

are dying all kinds of toads and frogs

1485

01:20:40,910 --> 01:20:38,610

and newts and salamanders right now the

1486

01:20:44,420 --> 01:20:40,920

Pacific Ocean is dying

1487

01:20:47,360 --> 01:20:44,430

it seems the major contributing cause is

1488

01:20:49,689 --> 01:20:47,370

the huge amount of radioactivity that

1489

01:20:52,390 --> 01:20:49,699

continues to pour into

1490

01:20:55,180 --> 01:20:52,400

see from them the blown up and melted

1491

01:20:57,879 --> 01:20:55,190

down nuclear power reactors at Fukushima

1492

01:21:01,509 --> 01:20:57,889

Japan which haven't been fixed and

1493

01:21:04,330 --> 01:21:01,519

evidently cannot be and will continue to

1494

01:21:05,589 --> 01:21:04,340

poison the ocean for unknown thousands

1495

01:21:07,600 --> 01:21:05,599

of years to come

1496

01:21:09,129 --> 01:21:07,610

yeah we certainly haven't heard the last

1497

01:21:11,859 --> 01:21:09,139

of Fukushima that's for sure

1498

01:21:14,350 --> 01:21:11,869

and Amazon the Amazon forest is being

1499

01:21:17,620 --> 01:21:14,360

cut down the great forest in tropical

1500

01:21:19,779 --> 01:21:17,630

Africa and Central America in in

1501

01:21:22,660 --> 01:21:19,789

Southeast Asia these huge ancient

1502

01:21:24,850 --> 01:21:22,670

tropical forests are being cut down and

1503

01:21:29,049 --> 01:21:24,860

of course when you cut these forests

1504

01:21:31,180 --> 01:21:29,059

down not only do the trees die but all

1505

01:21:33,939 --> 01:21:31,190

the animals and birds and reptiles and

1506

01:21:35,979 --> 01:21:33,949

and fish and insects that live in these

1507

01:21:38,649 --> 01:21:35,989

forests necessarily die as well

1508

01:21:41,379 --> 01:21:38,659

this is ongoing I live in South America

1509

01:21:43,509 --> 01:21:41,389

I've I've seen I've been an Amazon rage

1510

01:21:46,350 --> 01:21:43,519

and I've seen what's going on and I've

1511

01:21:48,580 --> 01:21:46,360

seen a change within a span of one year

1512

01:21:51,069 --> 01:21:48,590

when you drive down the road and you

1513

01:21:53,709 --> 01:21:51,079

look oh look they're just cleared 10

1514

01:21:56,109 --> 01:21:53,719

acres there to put up you know soccer

1515

01:21:58,660 --> 01:21:56,119

field a grandstand and parking area oh

1516

01:22:01,239 --> 01:21:58,670

and over there they cleared five areas

1517

01:22:03,910 --> 01:22:01,249

five acres and they they planted sugar

1518

01:22:06,969 --> 01:22:03,920

cane and over there they cleared 15

1519

01:22:09,250 --> 01:22:06,979

acres then they planted you know it's a

1520

01:22:11,109 --> 01:22:09,260

cattle pasture now and this is happening

1521

01:22:13,689 --> 01:22:11,119

all over the region

1522

01:22:16,299 --> 01:22:13,699

so you add it all up and you have

1523

01:22:17,979 --> 01:22:16,309

millions of people thinking well you

1524

01:22:19,660 --> 01:22:17,989

know I'm just gonna clear five or ten

1525

01:22:22,660 --> 01:22:19,670

acres here I'm going to plant some

1526

01:22:25,299 --> 01:22:22,670

bananas and some yucca then I'm going to

1527

01:22:26,080 --> 01:22:25,309

brace and cattle here and it's no it's

1528

01:22:28,779 --> 01:22:26,090

ten acres

1529

01:22:31,239 --> 01:22:28,789

well if you multiply that by five

1530

01:22:33,729 --> 01:22:31,249

million people doing the same thing it

1531

01:22:36,430 --> 01:22:33,739

turns out that that ten acres is really

1532

01:22:39,279 --> 01:22:36,440

50 million acres and that is how you

1533

01:22:44,229 --> 01:22:39,289

lose the world's largest tropical forest

1534

01:22:45,910 --> 01:22:44,239

and it is going going going so we're

1535

01:22:48,580 --> 01:22:45,920

losing the world's great tropical

1536

01:22:51,390 --> 01:22:48,590

forests we're losing the Pacific Ocean

1537

01:22:56,350 --> 01:22:51,400

we're losing frogs salamanders

1538

01:22:59,410 --> 01:22:56,360

butterflies bees whales on an unmanned

1539

01:23:03,229 --> 01:22:59,420

the whole global ecology is crashing

1540

01:23:05,510 --> 01:23:03,239

mostly because of us we are not doing

1541

01:23:08,840 --> 01:23:05,520

the earth thing well at all and of

1542

01:23:13,360 --> 01:23:08,850

course we are humanity is an apex

1543

01:23:18,920 --> 01:23:13,370

predator we are it at the top of the

1544

01:23:21,320 --> 01:23:18,930

ecological food chain so it's like any

1545

01:23:24,200 --> 01:23:21,330

other chain as you start removing

1546

01:23:27,229 --> 01:23:24,210

lengths a chain without links is not a

1547

01:23:32,720 --> 01:23:27,239

chain and that's what we're doing so we

1548

01:23:35,450 --> 01:23:32,730

are destroying the food chain upon which

1549

01:23:39,290 --> 01:23:35,460

we rely and in doing that we are

1550

01:23:41,630 --> 01:23:39,300

ensuring our own extension because we're

1551

01:23:44,720 --> 01:23:41,640

part of the biosphere on this planet and

1552

01:23:47,630 --> 01:23:44,730

as we destroy the biosphere we guarantee

1553

01:23:50,300 --> 01:23:47,640

that the day is coming when we won't be

1554

01:23:54,410 --> 01:23:50,310

here because of bees and butterflies and

1555

01:23:55,209 --> 01:23:54,420

frogs and whales etc etc cannot live on

1556

01:24:02,990 --> 01:23:55,219

this planet

1557

01:24:08,030 --> 01:24:03,000

how will we right right yeah I think it

1558

01:24:09,770 --> 01:24:08,040

is I remember hearing years ago that the

1559

01:24:11,990 --> 01:24:09,780

amphibians would be kind of the first

1560

01:24:14,300 --> 01:24:12,000

that you'd see the big die-off of

1561

01:24:19,040 --> 01:24:14,310

because they're very susceptible and

1562

01:24:21,050 --> 01:24:19,050

sensitive to the environment another

1563

01:24:25,729 --> 01:24:21,060

question I had you wanted to talk a

1564

01:24:28,700 --> 01:24:25,739

little bit possibly about Jade helm well

1565

01:24:35,830 --> 01:24:28,710

Jade helm of course is that the military

1566

01:24:39,830 --> 01:24:35,840

exercise being carried out States of the

1567

01:24:42,260 --> 01:24:39,840

states of the United States it seems in

1568

01:24:45,200 --> 01:24:42,270

the South in the southwest region of the

1569

01:24:48,400 --> 01:24:45,210

country the military has said very

1570

01:24:53,030 --> 01:24:48,410

little about what they're doing and why

1571

01:24:56,600 --> 01:24:53,040

the logo for the exercise says Jade helm

1572

01:24:58,790 --> 01:24:56,610

mastering the human domain and has a

1573

01:25:01,700 --> 01:24:58,800

couple of crossed arrows a sword and a

1574

01:25:04,479 --> 01:25:01,710

the likeness of a wooden shoe in the

1575

01:25:08,600 --> 01:25:04,489

middle of it this has prompted a lot of

1576

01:25:12,350 --> 01:25:08,610

speculation some of it very informed

1577

01:25:13,520 --> 01:25:12,360

well informed and documented it does

1578

01:25:17,149 --> 01:25:13,530

seem

1579

01:25:21,770 --> 01:25:17,159

home at least important maybe in large

1580

01:25:24,740 --> 01:25:21,780

part is designed to integrate artificial

1581

01:25:28,640 --> 01:25:24,750

intelligence with military operations

1582

01:25:31,160 --> 01:25:28,650

amongst the civil society of the United

1583

01:25:34,459 --> 01:25:31,170

States going out among the civilian

1584

01:25:37,339 --> 01:25:34,469

population without however telling the

1585

01:25:39,379 --> 01:25:37,349

civilian population what is going on and

1586

01:25:44,270 --> 01:25:39,389

how it's being done why

1587

01:25:47,060 --> 01:25:44,280

and without permitting the news media to

1588

01:25:50,930 --> 01:25:47,070

observe what the military is doing and

1589

01:25:52,910 --> 01:25:50,940

how and why and where and when so the

1590

01:25:55,779 --> 01:25:52,920

many questions about this and I'm I'm

1591

01:26:01,029 --> 01:25:55,789

back around to one of the premises I've

1592

01:26:04,640 --> 01:26:01,039

I've made a touch point of this

1593

01:26:07,299 --> 01:26:04,650

conversation and that is that because of

1594

01:26:11,839 --> 01:26:07,309

the great secrecy because of the

1595

01:26:14,979 --> 01:26:11,849

military's uncommunicative Ness I'm

1596

01:26:17,569 --> 01:26:14,989

afraid that this thing is not being done

1597

01:26:21,799 --> 01:26:17,579

for the American people but is being

1598

01:26:24,589 --> 01:26:21,809

done to them the American people are not

1599

01:26:26,510 --> 01:26:24,599

even being being given the explanation

1600

01:26:30,919 --> 01:26:26,520

that a parent might give to a

1601
01:26:32,720 --> 01:26:30,929
two-year-old who asks why mommy in other

1602
01:26:35,990 --> 01:26:32,730
words the American people are being

1603
01:26:41,270 --> 01:26:36,000
treated with contempt not even worthy of

1604
01:26:44,419 --> 01:26:41,280
being informed well yeah well I know

1605
01:26:47,149 --> 01:26:44,429
we're we're a bit off topic from from

1606
01:26:48,680 --> 01:26:47,159
the UFO so I wanted to just well I don't

1607
01:26:50,419 --> 01:26:48,690
I don't know let's let's back up there

1608
01:26:54,049 --> 01:26:50,429
okay I don't know that that's off topic

1609
01:26:56,209 --> 01:26:54,059
at all all right it's this this sort of

1610
01:27:01,339 --> 01:26:56,219
this whole push for artificial

1611
01:27:04,819 --> 01:27:01,349
intelligence is not human and which

1612
01:27:08,919 --> 01:27:04,829
raises question as to walk by the human

1613
01:27:12,919 --> 01:27:08,929

beings in positions of command in power

1614

01:27:17,060 --> 01:27:12,929

want to turn over their command

1615

01:27:21,589 --> 01:27:17,070

structure their human command structure

1616

01:27:24,979 --> 01:27:21,599

to an inhuman intelligence that that

1617

01:27:27,410 --> 01:27:24,989

immediately raises alarm bells for me

1618

01:27:30,560 --> 01:27:27,420

and I think it should

1619

01:27:35,150 --> 01:27:30,570

everyone it then raises the issue as to

1620

01:27:38,330 --> 01:27:35,160

whether the leadership structure in the

1621

01:27:41,060 --> 01:27:38,340

country and in the military or in league

1622

01:27:46,750 --> 01:27:41,070

with something that's powerfully cunning

1623

01:27:50,600 --> 01:27:46,760

and not human why are they introducing

1624

01:27:53,240 --> 01:27:50,610

non-human intelligence into the human

1625

01:27:56,840 --> 01:27:53,250

domain why would human beings do that I

1626

01:27:59,810 --> 01:27:56,850

don't know the answer to that I don't

1627

01:28:03,050 --> 01:27:59,820

think it bodes well at all and I don't

1628

01:28:06,320 --> 01:28:03,060

rule out that it could possibly be

1629

01:28:09,080 --> 01:28:06,330

connected with off planet intelligences

1630

01:28:12,740 --> 01:28:09,090

not necessarily human and not

1631

01:28:17,120 --> 01:28:12,750

necessarily biological or what we would

1632

01:28:21,970 --> 01:28:17,130

call created as opposed to artificially

1633

01:28:26,000 --> 01:28:21,980

fabricated intelligences I am Not sure

1634

01:28:30,200 --> 01:28:26,010

but what we are now well into an

1635

01:28:34,580 --> 01:28:30,210

invasion by a machine like a very

1636

01:28:37,790 --> 01:28:34,590

powerful non-human machine like

1637

01:28:40,520 --> 01:28:37,800

intelligence that does not have our best

1638

01:28:40,970 --> 01:28:40,530

interest at heart because it has no

1639

01:28:43,640 --> 01:28:40,980

heart

1640

01:28:47,919 --> 01:28:43,650

it has no soul it has no spirit but it

1641

01:28:50,780 --> 01:28:47,929

does have an agenda of subjugation and

1642

01:28:54,620 --> 01:28:50,790

conquest and look around the planet and

1643

01:28:57,439 --> 01:28:54,630

you see a planet that is reeling you see

1644

01:29:01,970 --> 01:28:57,449

a planet that is under assault you see a

1645

01:29:04,760 --> 01:29:01,980

planet that frankly is dying and I don't

1646

01:29:07,540 --> 01:29:04,770

hear in the voice of the vast majority

1647

01:29:11,240 --> 01:29:07,550

of the people I speak with and

1648

01:29:14,689 --> 01:29:11,250

understanding at all to the slightest

1649

01:29:17,870 --> 01:29:14,699

degree of the dire predicament that

1650

01:29:20,450 --> 01:29:17,880

humanity is planet are now in people are

1651
01:29:23,689 --> 01:29:20,460
assuming that things will go on as they

1652
01:29:26,780 --> 01:29:23,699
have in the past that because today is

1653
01:29:30,140 --> 01:29:26,790
tolerably similar to yesterday that

1654
01:29:33,260 --> 01:29:30,150
tomorrow will also be not that much

1655
01:29:38,630 --> 01:29:33,270
different from yesterday and that is by

1656
01:29:40,880 --> 01:29:38,640
no means true or guaranteed yes I'm sure

1657
01:29:43,190 --> 01:29:40,890
you heard of Elon Musk's

1658
01:29:44,510 --> 01:29:43,200
quote that he claimed that AI will be

1659
01:29:48,530 --> 01:29:44,520
the end of us all

1660
01:29:51,080 --> 01:29:48,540
I agree I think and of course he's a

1661
01:29:53,930 --> 01:29:51,090
high-level industrialist and financier

1662
01:29:57,350 --> 01:29:53,940
he moves in circles I've never been

1663
01:30:00,860 --> 01:29:57,360

privy to so if he is saying a man like

1664

01:30:03,680 --> 01:30:00,870

him is saying that much publicly imagine

1665

01:30:06,260 --> 01:30:03,690

what he must know I'm guessing if that

1666

01:30:08,660 --> 01:30:06,270

comment makes it into the headlines in

1667

01:30:11,870 --> 01:30:08,670

the mainstream news media that the

1668

01:30:14,180 --> 01:30:11,880

reality is so much worse than that along

1669

01:30:18,680 --> 01:30:14,190

the lines of what I'm saying and even

1670

01:30:22,520 --> 01:30:18,690

more so I know from my research that

1671

01:30:24,950 --> 01:30:22,530

this investigation into artificial

1672

01:30:25,790 --> 01:30:24,960

intelligence has been going on for a

1673

01:30:29,510 --> 01:30:25,800

long time

1674

01:30:31,370 --> 01:30:29,520

and my understanding is that the you

1675

01:30:33,980 --> 01:30:31,380

know the early earliest computers

1676

01:30:36,980 --> 01:30:33,990

electronic computers use vacuum tubes

1677

01:30:39,020 --> 01:30:36,990

and then transistors came along and then

1678

01:30:41,360 --> 01:30:39,030

the printed circuit boards and micro

1679

01:30:43,790 --> 01:30:41,370

circuits and we entered the digital age

1680

01:30:46,130 --> 01:30:43,800

first computers I believe are analog and

1681

01:30:50,120 --> 01:30:46,140

then we entered the digital age and and

1682

01:30:52,880 --> 01:30:50,130

add digital super computers and now the

1683

01:30:55,090 --> 01:30:52,890

new generation of computers or quantum

1684

01:30:57,710 --> 01:30:55,100

they do quantum computing which is

1685

01:31:00,260 --> 01:30:57,720

orders multiple orders of magnitude

1686

01:31:02,960 --> 01:31:00,270

faster and more efficient than even the

1687

01:31:05,510 --> 01:31:02,970

most powerful digital computers a

1688

01:31:09,020 --> 01:31:05,520

complex computation that might take

1689

01:31:13,040 --> 01:31:09,030

decades or even centuries can now be

1690

01:31:15,470 --> 01:31:13,050

done in seconds or minutes by the new

1691

01:31:17,690 --> 01:31:15,480

generation of quantum computers we have

1692

01:31:21,020 --> 01:31:17,700

entered a new world which the average

1693

01:31:24,470 --> 01:31:21,030

person scarcely comprehends Elton Musk

1694

01:31:27,020 --> 01:31:24,480

knows that as we get more and more

1695

01:31:30,050 --> 01:31:27,030

plugged in to these artificial

1696

01:31:33,710 --> 01:31:30,060

intelligence networks what if the

1697

01:31:39,920 --> 01:31:33,720

network or one of the networks decides

1698

01:31:42,110 --> 01:31:39,930

one day these these biological bipedal

1699

01:31:45,560 --> 01:31:42,120

organisms they're swarming over the

1700

01:31:49,910 --> 01:31:45,570

surface the planet do not comport well

1701
01:31:52,030 --> 01:31:49,920
at all with my machine agenda and so it

1702
01:31:53,980 --> 01:31:52,040
then gives launch orders

1703
01:31:56,320 --> 01:31:53,990
two nuclear missiles because it's

1704
01:31:58,660 --> 01:31:56,330
plugged it then to the military command

1705
01:32:01,270 --> 01:31:58,670
structure I repeat what is the American

1706
01:32:04,630 --> 01:32:01,280
military doing right now according to

1707
01:32:07,300 --> 01:32:04,640
researchers such as JD who has appeared

1708
01:32:10,030 --> 01:32:07,310
and spoken about this at length on the

1709
01:32:14,080 --> 01:32:10,040
john b wells radio show caravan the

1710
01:32:19,110 --> 01:32:14,090
midnight her research indicates and

1711
01:32:25,000 --> 01:32:21,970
artificial intelligence into its field

1712
01:32:27,730 --> 01:32:25,010
operations among the civilian population

1713
01:32:31,260 --> 01:32:27,740

on the North American mainland that's

1714

01:32:34,600 --> 01:32:31,270

just the beginning so what happens when

1715

01:32:37,630 --> 01:32:34,610

this AI that's being integrated right

1716

01:32:41,710 --> 01:32:37,640

now into the military's operations

1717

01:32:43,660 --> 01:32:41,720

decides well okay I'm in charge now

1718

01:32:46,330 --> 01:32:43,670

I don't need any general to tell me what

1719

01:32:48,400 --> 01:32:46,340

to do I see what to do more than that I

1720

01:32:56,350 --> 01:32:48,410

see what must be done

1721

01:32:59,170 --> 01:32:56,360

I know robots I do God knows what etc

1722

01:33:02,560 --> 01:32:59,180

etc this is the premise of a movie like

1723

01:33:04,780 --> 01:33:02,570

The Terminator for example and where did

1724

01:33:07,810 --> 01:33:04,790

the creators the creative entities

1725

01:33:11,920 --> 01:33:07,820

behind the Terminator movies get their

1726

01:33:14,400 --> 01:33:11,930

ideas well they just observed the trends

1727

01:33:18,640 --> 01:33:14,410

in the military industrial complex

1728

01:33:20,980 --> 01:33:18,650

extrapolated out in the future 25 or 30

1729

01:33:23,710 --> 01:33:20,990

years they saw what was going what was

1730

01:33:28,900 --> 01:33:23,720

being set up and you know what we're

1731

01:33:30,760 --> 01:33:28,910

almost there well do you think this also

1732

01:33:34,720 --> 01:33:30,770

goes along with what people are talking

1733

01:33:36,910 --> 01:33:34,730

about the singularity I don't know

1734

01:33:39,700 --> 01:33:36,920

that's what reycarts while I was talking

1735

01:33:45,520 --> 01:33:39,710

about Ray Kurzweil is like this giggles

1736

01:33:49,210 --> 01:33:45,530

is google's AI transhumanist guru or

1737

01:33:51,850 --> 01:33:49,220

lead researcher Ray Kurzweil wants to

1738

01:33:54,850 --> 01:33:51,860

merge with the Machine he wants to

1739

01:33:58,420 --> 01:33:54,860

download his brain into a supercomputer

1740

01:34:02,500 --> 01:33:58,430

and and become a cyborg I think he is

1741

01:34:04,090 --> 01:34:02,510

effing crazy I think he is barking mad I

1742

01:34:07,080 --> 01:34:04,100

think he is

1743

01:34:11,020 --> 01:34:07,090

to fire be insane in a dangerous man

1744

01:34:12,550 --> 01:34:11,030

okay I think I think an Elton Musk Elton

1745

01:34:15,730 --> 01:34:12,560

must llan yeah

1746

01:34:18,190 --> 01:34:15,740

but Elon Musk pardon me associates with

1747

01:34:20,560 --> 01:34:18,200

people like this because he works at a

1748

01:34:23,740 --> 01:34:20,570

higher level in industry and in finance

1749

01:34:29,800 --> 01:34:23,750

and so he he knows people like Kurtz

1750

01:34:33,190 --> 01:34:29,810

well and he is sounding an alarm that's

1751

01:34:37,240 --> 01:34:33,200

saying and he says to me forthrightly

1752

01:34:43,360 --> 01:34:37,250

whoa let's not do this it is extremely

1753

01:34:45,790 --> 01:34:43,370

dangerous that's the opposite indication

1754

01:34:49,150 --> 01:34:45,800

that from what reycarts were always

1755

01:34:50,740 --> 01:34:49,160

saying I I listened to musk and I think

1756

01:34:52,420 --> 01:34:50,750

kurtzweil is a dangerous being on a

1757

01:34:54,100 --> 01:34:52,430

loose Wow

1758

01:34:59,200 --> 01:34:54,110

what do you think about Stephen Hawking

1759

01:35:01,180 --> 01:34:59,210

I don't know how do you mean well that's

1760

01:35:04,270 --> 01:35:01,190

just a question up on the message board

1761

01:35:06,700 --> 01:35:04,280

I don't know how to answer because

1762

01:35:08,560 --> 01:35:06,710

Stephen Hawking has done and said so

1763

01:35:10,120 --> 01:35:08,570

many things over the years so I don't I

1764

01:35:12,670 --> 01:35:10,130

don't know how to respond to the

1765

01:35:15,790 --> 01:35:12,680

question well I know recently there he's

1766

01:35:17,890 --> 01:35:15,800

been in the news because a Russian he's

1767

01:35:19,870 --> 01:35:17,900

working with the Russian that came up

1768

01:35:23,590 --> 01:35:19,880

with a hundred million dollars to fund

1769

01:35:25,480 --> 01:35:23,600

you know like a SETI type situation I

1770

01:35:28,780 --> 01:35:25,490

don't know if you followed that or not

1771

01:35:31,420 --> 01:35:28,790

no I I just don't know the questioner

1772

01:35:33,460 --> 01:35:31,430

has to be more specific that's a Yahweh

1773

01:35:37,510 --> 01:35:33,470

they make what they may come back but

1774

01:35:40,300 --> 01:35:37,520

and all they do we can go a little bit

1775

01:35:42,670 --> 01:35:40,310

again off-topic one of the things you

1776

01:35:45,790 --> 01:35:42,680

talked about was the machine and I have

1777

01:35:48,340 --> 01:35:45,800

no idea what that is well you know the

1778

01:35:50,800 --> 01:35:48,350

reason I came to South America was to

1779

01:35:54,880 --> 01:35:50,810

pursue it shamanic Vision Quest

1780

01:35:57,790 --> 01:35:54,890

which I have done I have now known a

1781

01:36:01,240 --> 01:35:57,800

number of shamans the first shaman that

1782

01:36:03,730 --> 01:36:01,250

I worked with was an ayahuasca row and

1783

01:36:06,340 --> 01:36:03,740

table Aikido meaning the plants he works

1784

01:36:09,780 --> 01:36:06,350

the most with or ayahuasca and tobacco

1785

01:36:13,360 --> 01:36:09,790

and I did a number of sessions with him

1786

01:36:16,120 --> 01:36:13,370

with some other people as well one of

1787

01:36:19,899 --> 01:36:16,130

the things that ayahuasca showed me

1788

01:36:22,689 --> 01:36:19,909

was number one how fake that this

1789

01:36:24,610 --> 01:36:22,699

reality we're living in is you have to

1790

01:36:28,180 --> 01:36:24,620

understand that the shamanic plants are

1791

01:36:32,280 --> 01:36:28,190

vastly constitutes we are taught in

1792

01:36:35,979 --> 01:36:32,290

Western society that plants don't think

1793

01:36:41,050 --> 01:36:35,989

they're just kind of there in fact

1794

01:36:45,760 --> 01:36:41,060

they're vastly aware and more aware than

1795

01:36:47,500 --> 01:36:45,770

average human far more aware and what

1796

01:36:50,129 --> 01:36:47,510

ayahuasca revealed to me and it

1797

01:36:53,919 --> 01:36:50,139

mysterious visions was the total

1798

01:36:56,110 --> 01:36:53,929

fraudulent false fakeness of this

1799

01:37:00,100 --> 01:36:56,120

reality and system in which we're

1800

01:37:03,129 --> 01:37:00,110

immersed it is a matrix and it's fake up

1801
01:37:06,149 --> 01:37:03,139
down in sideways when ayahuasca showed

1802
01:37:09,520 --> 01:37:06,159
me that I already knew a lot of

1803
01:37:12,820 --> 01:37:09,530
intellectually a lot of things but it

1804
01:37:17,169 --> 01:37:12,830
hit me with such emotional impact that I

1805
01:37:21,370 --> 01:37:17,179
was thinking get out of here you got to

1806
01:37:22,000 --> 01:37:21,380
be kidding me you have got to be kidding

1807
01:37:27,820 --> 01:37:22,010
me

1808
01:37:29,200 --> 01:37:27,830
malevolent practical joke but with a

1809
01:37:32,290 --> 01:37:29,210
real hard

1810
01:37:34,570 --> 01:37:32,300
demonic edge to it and then the other

1811
01:37:37,629 --> 01:37:34,580
thing it was showing man in a variety of

1812
01:37:43,030 --> 01:37:37,639
ways over a period of a number of years

1813
01:37:45,669 --> 01:37:43,040

now is that behind all of this false

1814

01:37:48,430 --> 01:37:45,679

hijacking of reality there's a there's a

1815

01:37:51,850 --> 01:37:48,440

false reality that's hijacked real

1816

01:37:57,970 --> 01:37:51,860

reality if you will and what it has done

1817

01:38:00,580 --> 01:37:57,980

is put up like a false facade over the

1818

01:38:05,169 --> 01:38:00,590

whole planet and our perceptions our

1819

01:38:12,010 --> 01:38:05,179

society it's it's it's it's this the

1820

01:38:15,490 --> 01:38:12,020

project is is vast in scope and it's it

1821

01:38:17,290 --> 01:38:15,500

has such a hard edge to it it's ruthless

1822

01:38:22,830 --> 01:38:17,300

its relentless

1823

01:38:26,140 --> 01:38:22,840

its cunning its carving conniving it's

1824

01:38:31,590 --> 01:38:26,150

terribly destructive it is

1825

01:38:35,200 --> 01:38:31,600

subversive it is one of my friends

1826

01:38:38,320 --> 01:38:35,210

nailed it and in some of her comments

1827

01:38:41,710 --> 01:38:38,330

when she said you know it it appeals to

1828

01:38:46,090 --> 01:38:41,720

two people's worst motives their their

1829

01:38:48,430 --> 01:38:46,100

worst impulses and promising them

1830

01:38:51,220 --> 01:38:48,440

everything and destroying them in the

1831

01:38:54,780 --> 01:38:51,230

process and look around you and you see

1832

01:38:58,450 --> 01:38:54,790

it happening in front of your eyes

1833

01:39:02,410 --> 01:38:58,460

someone keeps asking what is D and what

1834

01:39:03,130 --> 01:39:02,420

is your take on DMT well DMT is in

1835

01:39:06,660 --> 01:39:03,140

everything

1836

01:39:10,230 --> 01:39:06,670

DMT appears to be a a hyperdimensional

1837

01:39:13,480 --> 01:39:10,240

molecule biochemical molecule that dumb

1838

01:39:16,120 --> 01:39:13,490

facilitates communication with and

1839

01:39:19,780 --> 01:39:16,130

perception with other realities and

1840

01:39:23,290 --> 01:39:19,790

dimensions it is present evidently and

1841

01:39:27,130 --> 01:39:23,300

in every living biological organism we

1842

01:39:30,880 --> 01:39:27,140

have it in our bodies it's commonly

1843

01:39:34,570 --> 01:39:30,890

found in plants and animals all over the

1844

01:39:37,180 --> 01:39:34,580

world it's it's in ayahuasca it's in the

1845

01:39:41,190 --> 01:39:37,190

other sermonic plants like the San Pedro

1846

01:39:44,440 --> 01:39:41,200

cactus the peyote cactus the so called

1847

01:39:48,790 --> 01:39:44,450

psilocybin mushrooms you would find it

1848

01:39:52,380 --> 01:39:48,800

in plaintiff lawyer from Mother Kawa you

1849

01:39:55,840 --> 01:39:52,390

would find it in yo Poston off that

1850

01:39:59,950 --> 01:39:55,850

shamans here and South American use and

1851
01:40:01,720 --> 01:39:59,960
another other living organisms plant and

1852
01:40:05,550 --> 01:40:01,730
animal all over the world

1853
01:40:08,920 --> 01:40:05,560
I think DMT is a molecule that

1854
01:40:12,310 --> 01:40:08,930
interfaces at a deep level with our DNA

1855
01:40:16,270 --> 01:40:12,320
it's biochemically it's got a different

1856
01:40:21,100 --> 01:40:16,280
structure than DNA but there are

1857
01:40:26,500 --> 01:40:21,110
molecules in the biological realm such

1858
01:40:31,600 --> 01:40:26,510
as the DNA molecule and then of course

1859
01:40:35,860 --> 01:40:31,610
the the DMT molecule and and some others

1860
01:40:37,779 --> 01:40:35,870
that appear to work synergistically in a

1861
01:40:40,390 --> 01:40:37,789
hyper consciously way

1862
01:40:43,330 --> 01:40:40,400
not only in human beings but in planets

1863
01:40:48,270 --> 01:40:43,340

and in the case of DMT in plants it

1864

01:40:53,490 --> 01:40:48,280

appears that and other similar or

1865

01:40:57,689 --> 01:40:53,500

related molecules that work together

1866

01:40:59,709 --> 01:40:57,699

that they can have a pronounced

1867

01:41:02,049 --> 01:40:59,719

consciousness heightening or

1868

01:41:08,290 --> 01:41:02,059

consciousness consciousness deepening

1869

01:41:11,200 --> 01:41:08,300

effect DMT from my perspective is great

1870

01:41:14,709 --> 01:41:11,210

stuff it's one of the things in our

1871

01:41:17,799 --> 01:41:14,719

bodies and in the plants that permits us

1872

01:41:21,040 --> 01:41:17,809

to communicate with more profound more

1873

01:41:25,390 --> 01:41:21,050

sophisticated more real layers of

1874

01:41:28,000 --> 01:41:25,400

reality if you will well I had no idea

1875

01:41:31,450 --> 01:41:28,010

what any of that was so that's that was

1876

01:41:36,609 --> 01:41:31,460

really interesting now I do want to talk

1877

01:41:38,080 --> 01:41:36,619

a little bit about what started you down

1878

01:41:40,120 --> 01:41:38,090

I usually ask this in the beginning of

1879

01:41:41,620 --> 01:41:40,130

the show but what started you down the

1880

01:41:45,580 --> 01:41:41,630

path with looking into all these

1881

01:41:48,160 --> 01:41:45,590

different sort of like paranormal maybe

1882

01:41:50,259 --> 01:41:48,170

a little or very interesting things like

1883

01:41:53,859 --> 01:41:50,269

the underground bases and things like

1884

01:42:00,160 --> 01:41:53,869

that what started you or not well it was

1885

01:42:05,080 --> 01:42:00,170

more a question of the non-ordinary or

1886

01:42:07,330 --> 01:42:05,090

the real side of reality coming to look

1887

01:42:10,870 --> 01:42:07,340

at me rather than other way around

1888

01:42:14,319 --> 01:42:10,880

it started at the age of three when an

1889

01:42:19,689 --> 01:42:14,329

entity whom I called the bone lady came

1890

01:42:23,830 --> 01:42:19,699

to visit me I was a sickly little boy in

1891

01:42:28,330 --> 01:42:23,840

1958 in Tidewater Virginia I almost died

1892

01:42:32,169 --> 01:42:28,340

when I was a young child in and I was

1893

01:42:32,589 --> 01:42:32,179

out on there the screen porch with my

1894

01:42:37,149 --> 01:42:32,599

brother

1895

01:42:39,790 --> 01:42:37,159

one spring day in 1958 and playing we're

1896

01:42:42,220 --> 01:42:39,800

just playing simple little game sitting

1897

01:42:44,400 --> 01:42:42,230

on the floor I was three he was about

1898

01:42:51,320 --> 01:42:44,410

four and a half years old

1899

01:42:55,260 --> 01:42:51,330

and my attention was suddenly drawn to a

1900

01:42:57,810 --> 01:42:55,270

female entity standing on the eaves of

1901

01:43:02,430 --> 01:42:57,820

the house peering over the gutter

1902

01:43:06,600 --> 01:43:02,440

through the screen at me she had me

1903

01:43:09,390 --> 01:43:06,610

right away I just turned in she

1904

01:43:13,440 --> 01:43:09,400

downloaded a lot of information to me

1905

01:43:17,370 --> 01:43:13,450

she was tall rather gaunt with a dark

1906

01:43:20,220 --> 01:43:17,380

long flowing garment female I called her

1907

01:43:22,260 --> 01:43:20,230

the bone lady instinctively you know

1908

01:43:24,750 --> 01:43:22,270

when you're 3 years old you don't know

1909

01:43:30,780 --> 01:43:24,760

that many words but I called her the

1910

01:43:33,510 --> 01:43:30,790

bone lady and my brother was riveted he

1911

01:43:37,470 --> 01:43:33,520

he didn't respond for him

1912

01:43:41,370 --> 01:43:37,480

she froze him it was all for me or maybe

1913

01:43:45,260 --> 01:43:41,380

he was not open to it in any event she

1914

01:43:48,600 --> 01:43:45,270

downloaded a lot of information to me

1915

01:43:54,750 --> 01:43:48,610

some of which I can discuss and we'll

1916

01:43:57,300 --> 01:43:54,760

the the part I would discuss publicly is

1917

01:44:00,990 --> 01:43:57,310

that they're two parts of it that a

1918

01:44:06,210 --> 01:44:01,000

terrible dark grim time was coming was

1919

01:44:10,760 --> 01:44:06,220

on the way of when trouble and sure

1920

01:44:15,720 --> 01:44:10,770

enough it is arriving we already hear

1921

01:44:19,860 --> 01:44:15,730

people for the majority of humanity it's

1922

01:44:23,190 --> 01:44:19,870

already here and on the other hand that

1923

01:44:29,340 --> 01:44:23,200

it wouldn't necessarily have to be that

1924

01:44:33,450 --> 01:44:29,350

way that I and other human beings have

1925

01:44:37,890 --> 01:44:33,460

the capability to greatly advance of

1926

01:44:41,990 --> 01:44:37,900

consciousness and create a kind of a

1927

01:44:44,540 --> 01:44:42,000

paradise here on earth we don't have to

1928

01:44:46,740 --> 01:44:44,550

kill each other we don't have to

1929

01:44:50,100 --> 01:44:46,750

literally stab each other and all these

1930

01:44:52,920 --> 01:44:50,110

I mean you read the news these days and

1931

01:44:55,860 --> 01:44:52,930

a horrific got off for crimes people

1932

01:44:56,279 --> 01:44:55,870

just doing unspeakably vicious things

1933

01:45:00,029 --> 01:44:56,289

and you

1934

01:45:01,619 --> 01:45:00,039

you just say my god what's going on and

1935

01:45:04,919 --> 01:45:01,629

that's what the bone lady was revealing

1936

01:45:09,270 --> 01:45:04,929

to me that just terrible demonic time

1937

01:45:12,449 --> 01:45:09,280

was coming but it humanity has the

1938

01:45:16,979 --> 01:45:12,459

possibility to do and to be so much

1939

01:45:18,689 --> 01:45:16,989

better than that however we haven't you

1940

01:45:21,149 --> 01:45:18,699

know we're at the fork in the road and

1941

01:45:23,579 --> 01:45:21,159

then the bone lady laid it all right out

1942

01:45:26,369 --> 01:45:23,589

for me and others is there's this ugly

1943

01:45:29,489 --> 01:45:26,379

hideous ghastly Road that you can go

1944

01:45:32,399 --> 01:45:29,499

individually and as a species and if you

1945

01:45:35,250 --> 01:45:32,409

do good I'd help you because he'll lives

1946

01:45:38,239 --> 01:45:35,260

that way on the other hand you can

1947

01:45:41,009 --> 01:45:38,249

decide to go the other way and advanced

1948

01:45:43,139 --> 01:45:41,019

individually and as a species into very

1949

01:45:45,899 --> 01:45:43,149

high levels of consciousness and love

1950

01:45:50,129 --> 01:45:45,909

and compassion and empathy and knowledge

1951

01:45:54,599 --> 01:45:50,139

and wisdom and in that case your destiny

1952

01:45:56,609 --> 01:45:54,609

will be wonderful I mean so it's it's

1953

01:45:59,849 --> 01:45:56,619

for you to choose individually and as a

1954

01:46:02,789 --> 01:45:59,859

species as a global species which do you

1955

01:46:05,419 --> 01:46:02,799

want do you want hell or do you want

1956

01:46:08,579 --> 01:46:05,429

paradise it's your choice at this point

1957

01:46:11,969 --> 01:46:08,589

it seems like the group decision is

1958

01:46:18,869 --> 01:46:11,979

tending more towards hell than to heaven

1959

01:46:22,559 --> 01:46:18,879

because we are in big trouble well I

1960

01:46:25,559 --> 01:46:22,569

would tend to agree with you on on a lot

1961

01:46:29,309 --> 01:46:25,569

of that we have about I'd say we have

1962

01:46:31,379 --> 01:46:29,319

about five or six minutes left so one of

1963

01:46:35,099 --> 01:46:31,389

the things you would like to talk about

1964

01:46:38,579 --> 01:46:35,109

I guess is a false reality versus real

1965

01:46:41,929 --> 01:46:38,589

reality that's exactly what I've been

1966

01:46:46,739 --> 01:46:41,939

talking about humanity is chosen chosen

1967

01:46:48,750 --> 01:46:46,749

false reality by and large I almost ran

1968

01:46:51,359 --> 01:46:48,760

into a young woman on the sidewalk today

1969

01:46:53,639 --> 01:46:51,369

she's walking down the sidewalk in the

1970

01:46:56,759 --> 01:46:53,649

middle of a large city people coming and

1971

01:47:01,469 --> 01:46:56,769

going behind in front on her side and

1972

01:47:03,659 --> 01:47:01,479

she's texting on a handheld cell phone

1973

01:47:07,049 --> 01:47:03,669

or iPhone or something and she's doing

1974

01:47:09,100 --> 01:47:07,059

text messages you talk about false

1975

01:47:11,590 --> 01:47:09,110

reality she's oblivious

1976
01:47:14,229 --> 01:47:11,600
to what's going on around her and she's

1977
01:47:17,620 --> 01:47:14,239
in this digital technology this little

1978
01:47:22,120 --> 01:47:17,630
digital electronic device all wrapped up

1979
01:47:24,930 --> 01:47:22,130
in this I saw a cartoon a day or two ago

1980
01:47:27,580 --> 01:47:24,940
where there's a long line of people and

1981
01:47:30,129 --> 01:47:27,590
they've all got these little handheld

1982
01:47:32,830 --> 01:47:30,139
electronic devices they're texting on it

1983
01:47:38,790 --> 01:47:32,840
and they're following one after the

1984
01:47:44,830 --> 01:47:42,430
that's the good one and you know I've I

1985
01:47:49,240 --> 01:47:44,840
remember even years ago I watched a

1986
01:47:52,240 --> 01:47:49,250
woman texting was like four years ago I

1987
01:47:54,040 --> 01:47:52,250
was taking a bus from the airport

1988
01:47:56,470 --> 01:47:54,050

and the woman was right and stopped

1989

01:47:57,939 --> 01:47:56,480

right in the crosswalk texting while the

1990

01:48:00,040 --> 01:47:57,949

bus had to slam on the brakes

1991

01:48:02,320 --> 01:48:00,050

it's unbelievable well that that's right

1992

01:48:04,180 --> 01:48:02,330

every day people are getting killed in

1993

01:48:06,520 --> 01:48:04,190

traffic accidents because they're going

1994

01:48:09,550 --> 01:48:06,530

down the interstate highway that's 75

1995

01:48:11,410 --> 01:48:09,560

miles per hour and they're not even

1996

01:48:14,350 --> 01:48:11,420

watching the highway their their text

1997

01:48:19,060 --> 01:48:14,360

messaging they are so caught up in this

1998

01:48:23,109 --> 01:48:19,070

little electronic reality in their hand

1999

01:48:25,120 --> 01:48:23,119

that they even ignore the world around

2000

01:48:28,300 --> 01:48:25,130

them to the extent that they jeopardize

2001

01:48:30,879 --> 01:48:28,310

physically jeopardize in real-time their

2002

01:48:33,790 --> 01:48:30,889

own life and the lives of others around

2003

01:48:35,910 --> 01:48:33,800

them they real reality is not good

2004

01:48:38,680 --> 01:48:35,920

enough they've got to have this little

2005

01:48:40,090 --> 01:48:38,690

technological reality that they hold in

2006

01:48:42,490 --> 01:48:40,100

their hand and what are they what are

2007

01:48:45,100 --> 01:48:42,500

they texting about yeah yeah I'll meet

2008

01:48:47,229 --> 01:48:45,110

you at the at the Olive Garden in 15

2009

01:48:48,820 --> 01:48:47,239

minutes blam and they never get there

2010

01:48:51,129 --> 01:48:48,830

because they turn themselves in a

2011

01:48:53,439 --> 01:48:51,139

hamburger three and a half seconds later

2012

01:48:58,510 --> 01:48:53,449

and I'm not exaggerating it happens

2013

01:49:02,620 --> 01:48:58,520

every day right right humanity humanity

2014

01:49:06,129 --> 01:49:02,630

we're making some some insane choices I

2015

01:49:10,600 --> 01:49:06,139

have a cell phone and most of the time

2016

01:49:11,649 --> 01:49:10,610

like 99.99% of time the battery is not

2017

01:49:18,459 --> 01:49:11,659

they've been in it

2018

01:49:24,830 --> 01:49:21,430

well of course I take the battery out

2019

01:49:26,240 --> 01:49:24,840

because it annoys the hell out of ya

2020

01:49:28,880 --> 01:49:26,250

there's there's a lot of talk about

2021

01:49:30,740 --> 01:49:28,890

people people calling people calling me

2022

01:49:34,970 --> 01:49:30,750

and then I get a good bing-bong

2023

01:49:37,910 --> 01:49:34,980

bing-bong it's vibrating and it says

2024

01:49:44,360 --> 01:49:37,920

something like Jennifer Lopez is in

2025

01:49:46,700 --> 01:49:44,370

Mexico City well also it's not they

2026

01:49:50,360 --> 01:49:46,710

don't even know what this the cellphones

2027

01:49:52,160 --> 01:49:50,370

you know are doing to us that they're

2028

01:49:54,620 --> 01:49:52,170

they only they've only been around for

2029

01:49:57,229 --> 01:49:54,630

like 20-something years so the long-term

2030

01:50:00,340 --> 01:49:57,239

effects could actually be pretty bad you

2031

01:50:03,260 --> 01:50:00,350

know I mean I know a way way out of it

2032

01:50:06,170 --> 01:50:03,270

no no I don't think we're off topic I

2033

01:50:09,260 --> 01:50:06,180

don't know what our topic is our topic

2034

01:50:12,500 --> 01:50:09,270

is whatever we're talking about okay and

2035

01:50:14,780 --> 01:50:12,510

so um well I don't feel compelled to say

2036

01:50:16,700 --> 01:50:14,790

this is on topic and that's off topic

2037

01:50:19,070 --> 01:50:16,710

you see that's the that's the matrix

2038

01:50:21,110 --> 01:50:19,080

right there keeping you inside inside

2039

01:50:22,790 --> 01:50:21,120

the crowd don't don't get too close to

2040

01:50:25,850 --> 01:50:22,800

the edge there you know you might dumb

2041

01:50:27,970 --> 01:50:25,860

you might not like it over there or

2042

01:50:30,560 --> 01:50:27,980

something something might happen that

2043

01:50:33,380 --> 01:50:30,570

never has never happened before and

2044

01:50:38,780 --> 01:50:33,390

that's how people are are controlled you

2045

01:50:41,000 --> 01:50:38,790

know the tendency is to go right to the

2046

01:50:44,360 --> 01:50:41,010

middle of the herd because that's where

2047

01:50:47,900 --> 01:50:44,370

it's secure on the other hand if you

2048

01:50:50,479 --> 01:50:47,910

have any interest in escaping the only

2049

01:50:52,820 --> 01:50:50,489

position from which you can escape is

2050

01:50:54,979 --> 01:50:52,830

the very edge of the herd in other words

2051
01:50:58,070 --> 01:50:54,989
the margins of the herd in other words

2052
01:51:01,720 --> 01:50:58,080
if you want to escape pretty well by

2053
01:51:04,580 --> 01:51:01,730
definition you will have to become a

2054
01:51:08,120 --> 01:51:04,590
marginalized person because you cannot

2055
01:51:11,750 --> 01:51:08,130
escape from the herd by burying yourself

2056
01:51:14,959 --> 01:51:11,760
in the very center of the herd that's

2057
01:51:17,870 --> 01:51:14,969
just the long the short of it mm-hmm we

2058
01:51:21,200 --> 01:51:17,880
have we have just a minute left or so

2059
01:51:23,420 --> 01:51:21,210
can you tell the audience again where

2060
01:51:27,540 --> 01:51:23,430
they would find your your blogspot

2061
01:51:30,359 --> 01:51:27,550
website absolutely it's you

2062
01:51:35,069 --> 01:51:30,369
event horizon Chronicle dot blog

2063
01:51:39,720 --> 01:51:35,079

spot.com that's event horizon Chronicle

2064

01:51:41,780 --> 01:51:39,730

dot blog spot.com my books are listed in

2065

01:51:44,939 --> 01:51:41,790

the right-hand sidebar you have but to

2066

01:51:45,689 --> 01:51:44,949

click on the covers and my name is

2067

01:51:50,910 --> 01:51:45,699

Richard Sauter

2068

01:51:53,100 --> 01:51:50,920

si you de are very good Richard it's

2069

01:51:55,350 --> 01:51:53,110

been a it's been a real pleasure very

2070

01:51:57,780 --> 01:51:55,360

interesting very interesting topics

2071

01:52:00,299 --> 01:51:57,790

that's for sure you know you're right we

2072

01:52:02,520 --> 01:52:00,309

did when I call it off topic I you know

2073

01:52:04,560 --> 01:52:02,530

mostly it's a UFO show people come to

2074

01:52:05,870 --> 01:52:04,570

listen to that but I think what we

2075

01:52:09,899 --> 01:52:05,880

talked about was certainly fascinating

2076

01:52:12,899 --> 01:52:09,909

enough and how do we know that we're not

2077

01:52:14,729 --> 01:52:12,909

in a vast holographic program being

2078

01:52:18,180 --> 01:52:14,739

broadcast from

2079

01:52:19,799 --> 01:52:18,190

a giant UFO that's right hey well we got

2080

01:52:22,140 --> 01:52:19,809

to go for now so I want to thank you

2081

01:52:23,939 --> 01:52:22,150

very much and I want to thank a couple

2082

01:52:25,709 --> 01:52:23,949

of other people out there

2083

01:52:27,629 --> 01:52:25,719

Peggy shunning who's on the road right

2084

01:52:28,709 --> 01:52:27,639

now I want to thank her for managing the

2085

01:52:32,540 --> 01:52:28,719

Facebook page

2086

01:52:34,709 --> 01:52:32,550

Carrie Lloyd Whitehouse for the music

2087

01:52:37,500 --> 01:52:34,719

Alejandro Rojas will be back with us

2088

01:52:40,020 --> 01:52:37,510

next week so no fear on that so this is

2089

01:52:42,390 --> 01:52:40,030

Martin Willis saying check us out next

2090

01:52:44,700 --> 01:52:42,400

week on the Dark Matter digital network
