

1  
00:00:03,169 --> 00:00:02,450  
and it hits me oh my gosh this is that

2  
00:00:04,309 --> 00:00:03,179  
triangle

3  
00:00:05,420 --> 00:00:04,319  
you know there's explanation for

4  
00:00:07,789 --> 00:00:05,430  
everything that occurred in the

5  
00:00:10,129 --> 00:00:07,799  
Rendlesham forest incident it involved

6  
00:00:13,660 --> 00:00:10,139  
aliens at all it was completely silent

7  
00:00:16,550 --> 00:00:13,670  
it comes right over our head it's so a

8  
00:00:18,320 --> 00:00:16,560  
classic flying-saucer really stunningly

9  
00:00:20,060 --> 00:00:18,330  
McCleary he turned over to my father

10  
00:00:25,880 --> 00:00:20,070  
held his hand and he looked in his eyes

11  
00:00:28,490 --> 00:00:25,890  
and said we're not alone welcome to

12

Willis your host and I'm glad to be back

23

00:01:00,470 --> 00:00:57,480  
yes I'm back a little jet-lagged but I

24

00:01:02,240 --> 00:01:00,480  
am here tonight's guests we have a great

25

00:01:05,270 --> 00:01:02,250  
guest tonight interesting been wanting

26

00:01:08,870 --> 00:01:05,280

him on for a long time it's dr. John

27

00:01:11,270 --> 00:01:08,880

Alexander retired Army colonel a real

28

00:01:13,330 --> 00:01:11,280

interesting guy quite a background we'll

29

00:01:15,920 --> 00:01:13,340

be talking him in a little bit here

30

00:01:18,859 --> 00:01:15,930

before that we have Alejandro Rojas

31

00:01:20,690 --> 00:01:18,869

coming up with the news and now I'd like

32

00:01:23,480 --> 00:01:20,700

to tell you a little bit about what's

33

00:01:26,120 --> 00:01:23,490

going on this is the last day that

34

00:01:28,850 --> 00:01:26,130

Joyride is going to have their platform

35

00:01:31,760 --> 00:01:28,860

up they're going down this evening in

36

00:01:35,090 --> 00:01:31,770

just a couple of hours and so they're

37

00:01:37,340 --> 00:01:35,100

gone well it is really a blessing

38

00:01:39,740 --> 00:01:37,350

disguise if you ask me because now we

39

00:01:41,870 --> 00:01:39,750

have the whole program right on our

40

00:01:44,359 --> 00:01:41,880

website so the second part of the show

41

00:01:46,550 --> 00:01:44,369

will be available to support us and you

42

00:01:52,399 --> 00:01:46,560

can support the show for only a dollar

43

00:01:58,910 --> 00:01:52,409

or more per month and we have a \$1 of \$2

44

00:02:00,859 --> 00:01:58,920

45

00:02:04,060 --> 00:02:00,869

can be played on our website and

46

00:02:07,760 --> 00:02:04,070

downloaded we also have an RSS feed link

47

00:02:10,219 --> 00:02:07,770

that can go into almost any podcast

48

00:02:12,740 --> 00:02:10,229

application including iTunes your iPhone

49

00:02:13,339 --> 00:02:12,750

and all kinds of apps that you can get

50

00:02:20,509 --> 00:02:13,349

on

51  
00:02:23,270 --> 00:02:20,519  
who helped you know with that he

52  
00:02:25,280 --> 00:02:23,280  
basically set us up everything is

53  
00:02:26,449 --> 00:02:25,290  
working really well there's a couple of

54  
00:02:28,789 --> 00:02:26,459  
issues but I think we're getting them

55  
00:02:30,080 --> 00:02:28,799  
all worked out the buck stops here if

56  
00:02:33,110 --> 00:02:30,090  
there's any problems at all you're going

57  
00:02:35,390 --> 00:02:33,120  
to be emailing me at Martin at podcast

58  
00:02:39,229 --> 00:02:35,400  
UFO comm you go right on our website and

59  
00:02:42,140 --> 00:02:39,239

62  
00:02:49,610 --> 00:02:47,340  
nice system and I appreciate your

63  
00:02:51,050 --> 00:02:49,620

support any support you can give will

64

00:02:53,750 --> 00:02:51,060

help out we've added a couple more

65

00:02:55,789 --> 00:02:53,760

expenses with that we're getting some

66

00:02:57,229 --> 00:02:55,799

great guests coming up the skeptic

67

00:02:59,839 --> 00:02:57,239

Michael Shermer is coming up we have

68

00:03:02,479 --> 00:02:59,849

James Fox on a lot of other really great

69

00:03:04,399 --> 00:03:02,489

guests coming up so we're getting a lot

70

00:03:08,209 --> 00:03:04,409

of help with like I said with a new

71

00:03:11,390 --> 00:03:08,219

staff person helping with that and one

72

00:03:13,909 --> 00:03:11,400

thing I am going to shout out and one

73

00:03:15,649 --> 00:03:13,919

thing I'm going to ask for out theirs if

74

00:03:17,569 --> 00:03:15,659

anyone's a graphic designer

75

00:03:19,789 --> 00:03:17,579

the person that was going to be doing my

76

00:03:22,309 --> 00:03:19,799

t-shirts is kind of bowed out on me

77

00:03:23,780 --> 00:03:22,319

in New York City he keeps saying you

78

00:03:26,449 --> 00:03:23,790

know next week next week and it never

79

00:03:28,339 --> 00:03:26,459

happens so I need t-shirt graphics I

80

00:03:30,409 --> 00:03:28,349

also would like to have a banner graphic

81

00:03:32,449 --> 00:03:30,419

for my website I'm not real happy with

82

00:03:33,920 --> 00:03:32,459

what's up there now so if there's anyone

83

00:03:35,990 --> 00:03:33,930

out there that would like to do that

84

00:03:41,569 --> 00:03:36,000

type of work please contact me at Martin

85

00:03:44,210 --> 00:03:41,579

at podcast UFO comm also if someone

86

00:03:45,800 --> 00:03:44,220

wants to write a blog I am accepting

87

00:03:48,830 --> 00:03:45,810

guest blogs I never really talked about

88

00:03:51,080 --> 00:03:48,840

that but I do accept guest blogs and I

89

00:03:52,189 --> 00:03:51,090

guess that's enough chatting for a while

90

00:03:56,860 --> 00:03:52,199

so the first hour are going to be

91

00:03:59,270 --> 00:03:56,870

talking to John Alexander about his pass

92

00:04:00,530 --> 00:03:59,280

all the different things he's done and

93

00:04:02,990 --> 00:04:00,540

in the second hour we're going to be

94

00:04:04,520 --> 00:04:03,000

talking about the skinwalker ranch he

95

00:04:07,879 --> 00:04:04,530

was one of the researchers there and

96

00:04:10,069 --> 00:04:07,889

that to me is a fascinating place

97

00:04:11,899 --> 00:04:10,079

very eerie a lot of stuff going on there

98

00:04:14,629 --> 00:04:11,909

so right now we're going to be bringing

99

00:04:17,270 --> 00:04:14,639

in Alejandro Rojas for the news how are

100

00:04:20,719 --> 00:04:17,280

you Alejandro I'm doing all right how

101  
00:04:25,700 --> 00:04:20,729  
you doing good good good to be back in

102  
00:04:27,020 --> 00:04:25,710  
the US of A yeah huh yeah I you know it

103  
00:04:29,150 --> 00:04:27,030  
took 26 hours

104  
00:04:33,140 --> 00:04:29,160  
to get home and I'm still I just got

105  
00:04:34,460 --> 00:04:33,150  
home hours ago and so the time right now

106  
00:04:37,610 --> 00:04:34,470  
I was like three o'clock in the morning

107  
00:04:40,700 --> 00:04:37,620  
for me mm-hmm you know in this show yeah

108  
00:04:42,860 --> 00:04:40,710  
yeah so it's uh I'm going to try to do a

109  
00:04:44,930 --> 00:04:42,870  
good job how did you have fun I know

110  
00:04:46,640 --> 00:04:44,940  
there was this harrowing experience with

111  
00:04:49,760 --> 00:04:46,650  
this old lady who wanted to push you off

112  
00:04:51,860 --> 00:04:49,770  
of a cliff yeah she just heard American

113  
00:04:54,800 --> 00:04:51,870

yes they hated Americans there was a lot

114

00:04:56,390 --> 00:04:54,810

of people I noticed walking a very busy

115

00:04:58,250 --> 00:04:56,400

area on the Black Sea where I was

116

00:05:00,050 --> 00:04:58,260

walking along the I guess like a

117

00:05:03,860 --> 00:05:00,060

boardwalk type of thing with lots and

118

00:05:06,380 --> 00:05:03,870

lots of people a beautiful area but if I

119

00:05:07,880 --> 00:05:06,390

was talking I would get the stink-eye

120

00:05:10,970 --> 00:05:07,890

people would turn around look at me like

121

00:05:12,980 --> 00:05:10,980

real angry when they heard an American

122

00:05:14,750 --> 00:05:12,990

because it's not really there's not a

123

00:05:18,409 --> 00:05:14,760

lot of American tourists in the area I

124

00:05:20,540 --> 00:05:18,419

was in South Russia and it was extremely

125

00:05:22,730 --> 00:05:20,550

I was almost Arizona hut there it was in

126

00:05:25,159 --> 00:05:22,740

the 90s near 100 most of the time I was

127

00:05:28,250 --> 00:05:25,169

there yeah but I'll tell you I had a lot

128

00:05:31,100 --> 00:05:28,260

of near-death experiences driving real

129

00:05:34,010 --> 00:05:31,110

oh yeah if you're it's pretty crazy you

130

00:05:37,100 --> 00:05:34,020

know in Sullivan square they have you

131

00:05:38,210 --> 00:05:37,110

see all the dash cams and that meteor

132

00:05:40,460 --> 00:05:38,220

going over well there's a reason

133

00:05:41,900 --> 00:05:40,470

everyone has a dash cam is they want to

134

00:05:44,630 --> 00:05:41,910

know who they're going to have a head-on

135

00:05:46,460 --> 00:05:44,640

collision with yeah well I guess it is

136

00:05:48,290 --> 00:05:46,470

for insurance purposes because people

137

00:05:52,070 --> 00:05:48,300

drive so crazy that they can prove their

138

00:05:54,080 --> 00:05:52,080

case what insurance they about allegedly

139

00:05:57,830 --> 00:05:54,090

that's why they have dashcam so much out

140

00:06:00,469 --> 00:05:57,840

there oh yeah there's a dashcam UFO

141

00:06:03,230 --> 00:06:00,479

story going on right now oh really do

142

00:06:06,080 --> 00:06:03,240

you have information on NASA yeah I mean

143

00:06:08,690 --> 00:06:06,090

I didn't really pay at Munch attention

144

00:06:10,370 --> 00:06:08,700

because I you know the consensus even

145

00:06:13,010 --> 00:06:10,380

with the online people is that it's a

146

00:06:15,020 --> 00:06:13,020

bird but of course it says crazy UK

147

00:06:18,170 --> 00:06:15,030

tabloids that are pushing the story of

148

00:06:20,510 --> 00:06:18,180

UFO may have caused a crash and a fatal

149

00:06:22,909 --> 00:06:20,520

crash and you know there's a car driving

150

00:06:25,040 --> 00:06:22,919

along in Russia and you see a truck and

151

00:06:29,360 --> 00:06:25,050

it looks like a car mr. beard in the

152

00:06:31,150 --> 00:06:29,370

wrong lane got hit that should look that

153

00:06:34,130 --> 00:06:31,160

bad but I guess someone died from it but

154

00:06:35,570 --> 00:06:34,140

before the accident happens there's

155

00:06:37,550 --> 00:06:35,580

something that comes across this guy at

156

00:06:40,490 --> 00:06:37,560

the top of the screen and it does look

157

00:06:44,060 --> 00:06:40,500

like a bird but you know people got

158

00:06:45,920 --> 00:06:44,070

sensationalize you know I was up dropped

159

00:06:48,380 --> 00:06:45,930

at the airport like I said it was twenty

160

00:06:50,240 --> 00:06:48,390

six hours of by the time you land in

161

00:06:52,790 --> 00:06:50,250

Moscow and then go to the towns in South

162

00:06:56,030 --> 00:06:52,800

Russia where I went got off all that

163

00:06:59,630 --> 00:06:56,040

traveling got into the car and five

164

00:07:02,570 --> 00:06:59,640

minutes later going on a bridge to Lane

165

00:07:04,820 --> 00:07:02,580

bridge there's a car coming right at us

166

00:07:05,360 --> 00:07:04,830

head-on I wasn't even in the car five

167

00:07:09,380 --> 00:07:05,370

minutes

168

00:07:11,720 --> 00:07:09,390

Wow and the driver which was my

169

00:07:14,810 --> 00:07:11,730

girlfriend's father snugged at right

170

00:07:17,659 --> 00:07:14,820

almost under a semi so we wouldn't get

171

00:07:20,540 --> 00:07:17,669

hit and I'm not on you kidding no oh it

172

00:07:23,420 --> 00:07:20,550

was like thank God by inches and I and

173

00:07:25,040 --> 00:07:23,430

he's not wearing a seat belt and uh you

174

00:07:27,920 --> 00:07:25,050

know we I mean he unhooked his seatbelt

175

00:07:29,630 --> 00:07:27,930

just before that and I said to my

176

00:07:30,890 --> 00:07:29,640

girlfriend what's going on you know and

177

00:07:35,330 --> 00:07:30,900

and she's oh yeah he doesn't wear a

178

00:07:37,040 --> 00:07:35,340

seatbelt yeah and I saw some one more

179

00:07:39,560 --> 00:07:37,050

thing I got to say is uh I saw some

180

00:07:40,790 --> 00:07:39,570

corruption firsthand there really oh

181

00:07:42,860 --> 00:07:40,800

yeah tell me about it

182

00:07:44,960 --> 00:07:42,870

please corrupt was it button oh okay

183

00:07:48,020 --> 00:07:44,970

yeah no they they pull you over for

184

00:07:49,610 --> 00:07:48,030

absolutely no reason at all and they

185

00:07:52,030 --> 00:07:49,620

take your license they hold her in the

186

00:07:55,610 --> 00:07:52,040

hand if you want it back you have to pay

187

00:07:58,210 --> 00:07:55,620

650 rubles which is a hundred bucks and

188

00:08:02,360 --> 00:07:58,220

it's I'm not joking I'm not exaggerating

189

00:08:05,420 --> 00:08:02,370

so I saw that also getting our pet into

190

00:08:07,280 --> 00:08:05,430

the country at Moscow we had to slip a

191

00:08:10,640 --> 00:08:07,290

little cash to the veterinarian there

192

00:08:12,530 --> 00:08:10,650

geez you know on and on it's a lot like

193

00:08:15,110 --> 00:08:12,540

that you know and it's just it's it's

194

00:08:18,290 --> 00:08:15,120

the way things are done you have to if

195

00:08:19,790 --> 00:08:18,300

you want to survive you can't go down to

196

00:08:21,230 --> 00:08:19,800

the police department and complain

197

00:08:23,480 --> 00:08:21,240

either because the chief police is

198

00:08:26,480 --> 00:08:23,490

getting you know his percentage from the

199

00:08:28,400 --> 00:08:26,490

people out there so it's that is so sad

200

00:08:29,960 --> 00:08:28,410

you know there are a lot of South

201  
00:08:32,240 --> 00:08:29,970  
American countries including Mexico

202  
00:08:34,040 --> 00:08:32,250  
that's like that yeah it's like every

203  
00:08:36,230 --> 00:08:34,050  
month you owe your boss if you're a

204  
00:08:38,240 --> 00:08:36,240  
police officer or other government

205  
00:08:40,100 --> 00:08:38,250  
officials you owe your boss a certain

206  
00:08:42,430 --> 00:08:40,110  
amount of money and you owe your boss

207  
00:08:45,290 --> 00:08:42,440  
more money and you here especially in

208  
00:08:47,150 --> 00:08:45,300  
South American countries where you know

209  
00:08:49,190 --> 00:08:47,160  
anything if you want anything to get

210  
00:08:51,530 --> 00:08:49,200  
done it costs big bucks and there's some

211  
00:08:53,240 --> 00:08:51,540  
things if you're not rich just don't

212  
00:08:54,240 --> 00:08:53,250  
even bother you know getting a license

213  
00:08:57,059 --> 00:08:54,250

for your car what

214

00:08:59,490 --> 00:08:57,069

because they're preoccupied and you know

215

00:09:01,769 --> 00:08:59,500

the rich people go in the queue that

216

00:09:04,019 --> 00:09:01,779

give them money it's so sad that

217

00:09:06,059 --> 00:09:04,029

corruption that's exactly the way it is

218

00:09:09,150 --> 00:09:06,069

there I found that you know they're

219

00:09:11,550 --> 00:09:09,160

looking down at us right oh yeah they

220

00:09:13,139 --> 00:09:11,560

that's right but anyway it was a

221

00:09:15,809 --> 00:09:13,149

complaint hearing and they don't

222

00:09:17,699 --> 00:09:15,819

understand corruption no absolutely and

223

00:09:20,129 --> 00:09:17,709

I'll tell you it feels really good to

224

00:09:22,110 --> 00:09:20,139

get back you know really feels good feel

225

00:09:23,970 --> 00:09:22,120

safe here I feel so yeah well when the

226

00:09:26,490 --> 00:09:23,980

old ladies want to push you off a cliff

227

00:09:29,670 --> 00:09:26,500

that's right I told that story on your

228

00:09:31,650 --> 00:09:29,680

show but yeah meeting this group of

229

00:09:32,970 --> 00:09:31,660

people with dogs you know my dog was

230

00:09:35,759 --> 00:09:32,980

playing with their dog and stuff like

231

00:09:40,019 --> 00:09:35,769

that I don't speak any Russian and this

232

00:09:42,449 --> 00:09:40,029

woman was very very upset that I was

233

00:09:45,030 --> 00:09:42,459

there and when I walked away and took a

234

00:09:47,249 --> 00:09:45,040

picture of everyone in a group she was

235

00:09:49,019 --> 00:09:47,259

dead serious she wanted to push me off

236

00:09:52,499 --> 00:09:49,029

the cliff and wanted to kill me

237

00:09:55,619 --> 00:09:52,509

and every time she they ran into each

238

00:09:57,749 --> 00:09:55,629

other a bunch of times and you know

239

00:10:01,530 --> 00:09:57,759

every single time she said I really

240

00:10:04,759 --> 00:10:01,540

would love to kill him wow that is

241

00:10:07,319 --> 00:10:04,769

really wild and you know we don't I

242

00:10:09,629 --> 00:10:07,329

haven't met a Russian here in the States

243

00:10:11,280 --> 00:10:09,639

even the ones with accent in New York

244

00:10:13,199 --> 00:10:11,290

there's a lot of Russians or sometimes

245

00:10:14,610 --> 00:10:13,209

when you go and there's tourists and

246

00:10:17,040 --> 00:10:14,620

they don't even speak English in

247

00:10:21,629 --> 00:10:17,050

Colorado there is actually quite a few

248

00:10:23,129 --> 00:10:21,639

and bad you know I don't want to hurt

249

00:10:25,499 --> 00:10:23,139

him or kill him some of them are a lot

250

00:10:27,780 --> 00:10:25,509

of fun to hang out with oh I I really

251

00:10:30,240 --> 00:10:27,790

enjoy I enjoy the culture although as

252

00:10:32,189 --> 00:10:30,250

funny as you know in Colorado I had I

253

00:10:34,499 --> 00:10:32,199

lived in an apartment complex years ago

254

00:10:35,759 --> 00:10:34,509

and there were some Russian Russians

255

00:10:37,829 --> 00:10:35,769

that lived in it it was kind of a

256

00:10:40,470 --> 00:10:37,839

neighborhood were there Russians and my

257

00:10:42,720 --> 00:10:40,480

thought was as got least when it came to

258

00:10:45,350 --> 00:10:42,730

the girls how do I try to date one of

259

00:10:48,299 --> 00:10:45,360

these girls that doesn't speak English

260

00:10:51,569 --> 00:10:48,309

but certainly I didn't want to kill any

261

00:10:53,939 --> 00:10:51,579

of them yeah yeah absolutely well it's

262

00:10:56,790 --> 00:10:53,949

sort of a bipolar situation it was like

263

00:10:59,190 --> 00:10:56,800

oh you're an American Oh

264

00:11:01,800 --> 00:10:59,200

Wow you know I mean there was that too

265

00:11:04,680 --> 00:11:01,810

oh good so there were some people who

266

00:11:07,320 --> 00:11:04,690

wanted to yes who were very happy and

267

00:11:08,699 --> 00:11:07,330

and spoken melodies they they said all I

268

00:11:10,320 --> 00:11:08,709

want to go to America I want to live to

269

00:11:10,949 --> 00:11:10,330

America this one woman wanted me to

270

00:11:15,420 --> 00:11:10,959

marry her

271

00:11:16,920 --> 00:11:15,430

Wow yeah so I wish I was joking

272

00:11:20,400 --> 00:11:16,930

so did your girlfriend get in a fight

273

00:11:24,990 --> 00:11:20,410

with her no she she basically said go

274

00:11:29,130 --> 00:11:25,000

right ahead ha ha ha ha so anyway it's

275

00:11:32,610 --> 00:11:29,140

good to be back and in one piece and

276

00:11:35,880 --> 00:11:32,620

yeah but anyway that's going on with the

277

00:11:37,470 --> 00:11:35,890

UFO news this week UFO news I guess we

278

00:11:39,690 --> 00:11:37,480

ought to get to that yeah some

279

00:11:42,060 --> 00:11:39,700

interesting things a few interesting

280

00:11:43,500 --> 00:11:42,070

videos and actually you know all the

281

00:11:44,069 --> 00:11:43,510

stories I'm going to be doing is Roger

282

00:11:47,250 --> 00:11:44,079

Marsh

283

00:11:50,069 --> 00:11:47,260

at because I've gotten so busy with

284

00:11:52,259 --> 00:11:50,079

MUFON and with the Congress has got a

285

00:11:54,240 --> 00:11:52,269

lot of going on with that our UFO

286

00:11:56,910 --> 00:11:54,250

Congress which is in February however

287

00:11:58,860 --> 00:11:56,920

the and I should can tell people right

288

00:12:01,199 --> 00:11:58,870

now today is the last day to get the

289

00:12:04,310 --> 00:12:01,209

super early bird special so you get a

290

00:12:06,870 --> 00:12:04,320

huge discount if you go register today

291

00:12:09,630 --> 00:12:06,880

for the UFO Congress and the speaker's

292

00:12:11,610 --> 00:12:09,640

list is awesome but that's been a lot of

293

00:12:14,760 --> 00:12:11,620

work but Rogers been posting some really

294

00:12:16,530 --> 00:12:14,770

good stuff I challenged him to you know

295

00:12:18,720 --> 00:12:16,540

go through those MUFON files and look

296

00:12:20,850 --> 00:12:18,730

for some good videos and I think he's

297

00:12:22,920 --> 00:12:20,860

found some good stuff however this first

298

00:12:25,650 --> 00:12:22,930

one I want to talk to you about is not a

299

00:12:28,350 --> 00:12:25,660

UFO video however it's interesting

300

00:12:31,380 --> 00:12:28,360

because it's this elaborate kind of

301

00:12:33,720 --> 00:12:31,390

drawing that this witness had made of

302

00:12:36,810 --> 00:12:33,730

what she and her boyfriend believed they

303

00:12:39,510 --> 00:12:36,820

had seen at about 11:00 p.m. at night a

304

00:12:41,850 --> 00:12:39,520

large triangular craft with red and blue

305

00:12:45,090 --> 00:12:41,860

lights below it you know white lights

306

00:12:48,210 --> 00:12:45,100

had ran along the rim of two sides of

307

00:12:51,480 --> 00:12:48,220

this triangle and what's interesting is

308

00:12:54,030 --> 00:12:51,490

that they saw this in Livermore

309

00:12:56,939 --> 00:12:54,040

California which of course is the home

310

00:12:59,610 --> 00:12:56,949

of the famous Livermore Lawrence

311

00:13:01,350 --> 00:12:59,620

Livermore National Laboratory which is

312

00:13:03,329 --> 00:13:01,360

kind of where they do a lot of

313

00:13:06,840 --> 00:13:03,339

top-secret work but they saw this at

314

00:13:10,110 --> 00:13:06,850

about 11:00 p.m. on September 14th

315

00:13:12,030 --> 00:13:10,120

they were driving on the highway when

316

00:13:16,590 --> 00:13:12,040

they just noticed these lights they kept

317

00:13:18,900 --> 00:13:16,600

looking at it for a while until they you

318

00:13:21,750 --> 00:13:18,910

know they both couldn't realize what it

319

00:13:23,400 --> 00:13:21,760

was they thought perhaps and they

320

00:13:25,769 --> 00:13:23,410

noticed it was this large triangular

321

00:13:28,050 --> 00:13:25,779

craft they say so that's a really

322

00:13:30,180 --> 00:13:28,060

interesting report it just kind of

323

00:13:32,730 --> 00:13:30,190

blinked out and disappeared and

324

00:13:34,920 --> 00:13:32,740

unbelievable yeah I used to drive by

325

00:13:37,439 --> 00:13:34,930

when I was out in California used to

326

00:13:39,870 --> 00:13:37,449

drive by that that lab I remember was

327

00:13:42,420 --> 00:13:39,880

always very really very very hot there

328

00:13:44,880 --> 00:13:42,430

for some reason I would it was miserably

329

00:13:47,340 --> 00:13:44,890

hot wow that's weird

330

00:13:49,860 --> 00:13:47,350

yeah it's just one of those inland areas

331

00:13:51,540 --> 00:13:49,870

what if it's ran by reptilians and they

332

00:13:51,689 --> 00:13:51,550

like to keep it Hawking that's what it

333

00:13:54,449 --> 00:13:51,699

is

334

00:13:56,910 --> 00:13:54,459

yeah okay there we go it figure it out

335

00:14:00,300 --> 00:13:56,920

yes that's the other ones one from North

336

00:14:03,269 --> 00:14:00,310

Carolina and what you know this guy said

337

00:14:06,030 --> 00:14:03,279

he saw a star-like object moving slowly

338

00:14:09,740 --> 00:14:06,040

from the south to the north that

339

00:14:13,920 --> 00:14:09,750

normally would not sound so mysterious

340

00:14:18,269 --> 00:14:13,930

this is about 9:00 p.m. on June 26 of

341

00:14:20,850 --> 00:14:18,279

this year but he said that it moved in

342

00:14:24,319 --> 00:14:20,860

one direction slowly and then it turned

343

00:14:27,750 --> 00:14:24,329

around and moved the other direction and

344

00:14:30,180 --> 00:14:27,760

he's got a video of it and it's hard to

345

00:14:32,460 --> 00:14:30,190

tell but in the video it looks like this

346

00:14:34,439 --> 00:14:32,470

light does exactly what he says that

347

00:14:36,870 --> 00:14:34,449

it's moving solely in one direction and

348

00:14:40,019 --> 00:14:36,880

then moves back now he does pick up the

349

00:14:42,150 --> 00:14:40,029

camera and move so it could be that it's

350

00:14:45,050 --> 00:14:42,160

the movement of the camera and not the

351  
00:14:49,829 --> 00:14:45,060  
object and it could have been a star but

352  
00:14:53,340 --> 00:14:49,839  
but I think he said otherwise he thought

353  
00:14:55,889 --> 00:14:53,350  
you move in a zigzag motion and then

354  
00:14:57,540 --> 00:14:55,899  
disappear so and what's interesting is

355  
00:15:00,389 --> 00:14:57,550  
in Colorado I've seen something like

356  
00:15:02,460 --> 00:15:00,399  
that however during the day you know I

357  
00:15:04,380 --> 00:15:02,470  
used to be really skeptical and I got to

358  
00:15:06,210 --> 00:15:04,390  
say you know I don't know what's going

359  
00:15:09,120 --> 00:15:06,220  
on with alien abductions or whatever

360  
00:15:11,819 --> 00:15:09,130  
this girl had said she was abducted by

361  
00:15:14,699 --> 00:15:11,829  
aliens but we started hanging out we

362  
00:15:16,290 --> 00:15:14,709  
became good friends and she at first

363  
00:15:19,679 --> 00:15:16,300

would ask me you know why don't you come

364

00:15:21,460 --> 00:15:19,689

hang out and you know I'll show you that

365

00:15:24,970 --> 00:15:21,470

I see these these little

366

00:15:26,470 --> 00:15:24,980

or things and so we were hanging out you

367

00:15:28,270 --> 00:15:26,480

know I thought it'd be sitting outside

368

00:15:30,250 --> 00:15:28,280

for a while but we're just in her house

369

00:15:32,650 --> 00:15:30,260

hanging out for a while and she would

370

00:15:33,970 --> 00:15:32,660

say let's go outside and she would just

371

00:15:36,520 --> 00:15:33,980

want to go for a couple minutes because

372

00:15:38,290 --> 00:15:36,530

she kind of sent something and you know

373

00:15:40,720 --> 00:15:38,300

one of these times off in the distance

374

00:15:44,050 --> 00:15:40,730

there was this little light and I just

375

00:15:46,450 --> 00:15:44,060

sat there for during the day Wow for a

376

00:15:49,120 --> 00:15:46,460

while then it moved to the right really

377

00:15:51,730 --> 00:15:49,130

slowly then it moved to the left and

378

00:15:53,890 --> 00:15:51,740

then it just faded out kind of like what

379

00:15:56,860 --> 00:15:53,900

this thing's doing so a really

380

00:15:58,870 --> 00:15:56,870

interesting video there however the most

381

00:16:01,510 --> 00:15:58,880

interesting video we've had in a while

382

00:16:04,900 --> 00:16:01,520

is our at least since you've been gone

383

00:16:08,020 --> 00:16:04,910

is this one in Houston that Roger just

384

00:16:11,710 --> 00:16:08,030

posted today this is another MUFON case

385

00:16:14,610 --> 00:16:11,720

all of these are but this one's from

386

00:16:18,010 --> 00:16:14,620

March 30th and it was taken at 2:30 a.m.

387

00:16:20,710 --> 00:16:18,020

this witness says that they were outside

388

00:16:23,700 --> 00:16:20,720

when they saw a strange object that to

389

00:16:27,100 --> 00:16:23,710

them look metallic gray and spherical

390

00:16:28,960 --> 00:16:27,110

however in the video the video is weird

391

00:16:30,850 --> 00:16:28,970

it almost looks like the camera is kind

392

00:16:34,090 --> 00:16:30,860

of a bad camera and it's making some

393

00:16:35,770 --> 00:16:34,100

kind of weird kind of effect but at one

394

00:16:37,960 --> 00:16:35,780

point he zoomed out where you see the

395

00:16:39,910 --> 00:16:37,970

lights of the city and a streetlight and

396

00:16:42,460 --> 00:16:39,920

a light you know out there in the

397

00:16:44,860 --> 00:16:42,470

distance and when he zooms in on this

398

00:16:47,680 --> 00:16:44,870

light it's actually kind of like

399

00:16:50,650 --> 00:16:47,690

multiple lights you know moving around

400

00:16:54,730 --> 00:16:50,660

it's so weird

401  
00:16:57,190 --> 00:16:54,740  
it is a really weird video I have I

402  
00:17:01,810 --> 00:16:57,200  
can't make heads or tail of this thing

403  
00:17:04,840 --> 00:17:01,820  
that was investigated by the Texas State

404  
00:17:09,490 --> 00:17:04,850  
section director Arthur Goodrich and he

405  
00:17:11,890 --> 00:17:09,500  
closed it as an unknown in May but yeah

406  
00:17:13,900 --> 00:17:11,900  
it's a really weird video I don't know

407  
00:17:16,510 --> 00:17:13,910  
what the heck is going on here so one

408  
00:17:18,069 --> 00:17:16,520  
more thing before before we close out

409  
00:17:19,210 --> 00:17:18,079  
the news here what do you think about

410  
00:17:22,660 --> 00:17:19,220  
this

411  
00:17:26,160 --> 00:17:22,670  
NASA's report on salt water on Mars is

412  
00:17:28,630 --> 00:17:26,170  
pretty interesting huh yeah I think that

413  
00:17:30,669 --> 00:17:28,640

my stepdad is not going to be able to

414

00:17:34,210 --> 00:17:30,679

get out of this one because we have a

415

00:17:34,710 --> 00:17:34,220

long-standing bet I bet him probably 10

416

00:17:38,100 --> 00:17:34,720

years

417

00:17:39,899 --> 00:17:38,110

not longer that there would be standing

418

00:17:42,539 --> 00:17:39,909

water on Mars just because we started

419

00:17:45,120 --> 00:17:42,549

getting good pictures I even went to a

420

00:17:48,169 --> 00:17:45,130

lecture with the guy who heads JPL I

421

00:17:52,230 --> 00:17:48,179

can't remember his name at the Museum in

422

00:17:54,690 --> 00:17:52,240

Denver and he felt that way too and you

423

00:17:56,909 --> 00:17:54,700

know and well actually I just had water

424

00:17:59,430 --> 00:17:56,919

on Mars and when when they found it in

425

00:18:00,779 --> 00:17:59,440

the atmosphere my stepdad Wow no no no

426

00:18:03,659 --> 00:18:00,789

and he kept adding to it and then

427

00:18:06,990 --> 00:18:03,669

finally said standing water on Mars and

428

00:18:08,880 --> 00:18:07,000

now they found evidence of it so I think

429

00:18:10,560 --> 00:18:08,890

it's awesome I think it's really

430

00:18:13,169 --> 00:18:10,570

interesting I think that there have been

431

00:18:15,180 --> 00:18:13,179

lots of features that show that it's

432

00:18:19,200 --> 00:18:15,190

certainly a possibility so it's cool

433

00:18:20,730 --> 00:18:19,210

that they've been able to confirm it and

434

00:18:22,350 --> 00:18:20,740

I think people have to remember that

435

00:18:25,049 --> 00:18:22,360

when it comes to NASA you know a lot of

436

00:18:26,700 --> 00:18:25,059

people say oh do you know like Ridley

437

00:18:30,510 --> 00:18:26,710

Scott said I knew that a long time ago

438

00:18:32,399 --> 00:18:30,520

but you know with with NASA they're very

439

00:18:34,080 --> 00:18:32,409

careful and they want to prove it before

440

00:18:37,380 --> 00:18:34,090

they announce it they just don't want to

441

00:18:40,110 --> 00:18:37,390

speculate which is all it is prior to

442

00:18:41,940 --> 00:18:40,120

that so that's why NASA is late in the

443

00:18:43,740 --> 00:18:41,950

game work but when they say it you know

444

00:18:47,159 --> 00:18:43,750

you can be pretty sure it's been

445

00:18:49,440 --> 00:18:47,169

confirmed so it's another step hopefully

446

00:18:52,200 --> 00:18:49,450

now they send a rover or hopefully we'll

447

00:18:54,720 --> 00:18:52,210

see what happens next but again it's

448

00:18:56,039 --> 00:18:54,730

just like you know a lot of us were like

449

00:18:59,610 --> 00:18:56,049

we've talked about we feel like we're on

450

00:19:01,950 --> 00:18:59,620

the precipice of you know even microbial

451

00:19:04,529 --> 00:19:01,960

life being discovered elsewhere and

452

00:19:07,770 --> 00:19:04,539

we're just getting closer and closer to

453

00:19:09,960 --> 00:19:07,780

it so it's it's very very very exciting

454

00:19:13,350 --> 00:19:09,970

I think yes I just want to know how much

455

00:19:14,909 --> 00:19:13,360

did you bet well I don't want to

456

00:19:16,919 --> 00:19:14,919

disclose it it's a good amount of money

457

00:19:21,120 --> 00:19:16,929

Oh exactly a large amount of money

458

00:19:23,580 --> 00:19:21,130

however over the years I have he's

459

00:19:28,919 --> 00:19:23,590

probably spent you know a hundred fold

460

00:19:32,070 --> 00:19:28,929

on me well no there's no way I kid in

461

00:19:34,110 --> 00:19:32,080

could just go collect from him but

462

00:19:36,090 --> 00:19:34,120

bragging rights are a good guy for me

463

00:19:38,279 --> 00:19:36,100

yeah that's right that's right hey you

464

00:19:40,350 --> 00:19:38,289

know what on the way back from Russia I

465

00:19:44,070 --> 00:19:40,360

watched the movie contact now I haven't

466

00:19:46,409 --> 00:19:44,080

seen it since the game out and boy that

467

00:19:46,950 --> 00:19:46,419

was really good to watch that movie

468

00:19:51,840 --> 00:19:46,960

after

469

00:19:53,250 --> 00:19:51,850

talking to all these people some of the

470

00:19:54,960 --> 00:19:53,260

things that were said in the show are

471

00:19:56,730 --> 00:19:54,970

things that some of the people have

472

00:19:58,800 --> 00:19:56,740

quoted on you know some of the guests of

473

00:20:01,260 --> 00:19:58,810

quoted you know for instance Jeffrey

474

00:20:04,980 --> 00:20:01,270

Bennett says that his colleagues and

475

00:20:08,190 --> 00:20:04,990

himself say that if a civilization can

476

00:20:09,900 --> 00:20:08,200

go through a bit of high-technology

477

00:20:12,000 --> 00:20:09,910

without destroying themselves they'll

478

00:20:14,220 --> 00:20:12,010

eventually travel the Stars and that was

479

00:20:16,860 --> 00:20:14,230

more or less said in that movie

480

00:20:19,380 --> 00:20:16,870

um a lot of things like I said well Carl

481

00:20:21,570 --> 00:20:19,390

Sagan feels the same way he felt that if

482

00:20:24,150 --> 00:20:21,580

we are if there are advanced

483

00:20:28,850 --> 00:20:24,160

civilizations out there that they would

484

00:20:32,190 --> 00:20:28,860

be most likely have overcome social

485

00:20:36,150 --> 00:20:32,200

problems as well so yeah he's he felt

486

00:20:38,130 --> 00:20:36,160

like that the entire time and so do many

487

00:20:40,710 --> 00:20:38,140

many of the SETI scientists of course

488

00:20:42,990 --> 00:20:40,720

there's more stories out today about how

489

00:20:47,040 --> 00:20:43,000

Stephen Hawking does not feel the same

490

00:20:48,630 --> 00:20:47,050

way yeah yeah well you know he has a

491

00:20:52,080 --> 00:20:48,640

right to have his own opinion right

492

00:20:55,410 --> 00:20:52,090

right yeah whether we agree or not but

493

00:20:56,940 --> 00:20:55,420

right anyway you have a good one sir and

494

00:20:59,460 --> 00:20:56,950

we'll be talking to you next week

495

00:21:00,780 --> 00:20:59,470

you too we'll talk to you soon happy to

496

00:21:04,080 --> 00:21:00,790

have you back in the States

497

00:21:06,390 --> 00:21:04,090

safe and sound thank you and your - I'm

498

00:21:09,390 --> 00:21:06,400

sure yes my chihuahua has no jet lag but

499

00:21:11,190 --> 00:21:09,400

I do good so anyway so hanging everyone

500

00:21:13,170 --> 00:21:11,200

we'll be right back we have some new

501  
00:21:16,110 --> 00:21:13,180  
music by Carrie Lloyd Whitehouse he

502  
00:21:18,690 --> 00:21:16,120  
dedicated an entire album to our past

503  
00:21:21,210 --> 00:21:18,700  
astronomer who passed away recently

504  
00:21:22,830 --> 00:21:21,220  
Andy Fleming so here's a clip from

505  
00:23:12,220 --> 00:21:22,840  
Carrie Lloyd Wright house and we'll be

506  
00:23:18,200 --> 00:23:16,600  
hit me hello John welcome to the show

507  
00:23:22,670 --> 00:23:18,210  
thank you much

508  
00:23:24,920 --> 00:23:22,680  
yes John so I have been wanting to get

509  
00:23:26,210 --> 00:23:24,930  
you on the show for a long time could

510  
00:23:26,930 --> 00:23:26,220  
you pull up a little closer to your

511  
00:23:32,420 --> 00:23:26,940  
phone please

512  
00:23:36,980 --> 00:23:32,430  
the producer of the show okay all right

513  
00:23:39,320 --> 00:23:36,990

so John for the the person that is not

514

00:23:42,560 --> 00:23:39,330

aware of your background I'd like to go

515

00:23:46,070 --> 00:23:42,570

over your military career and how you

516

00:23:48,670 --> 00:23:46,080

get fascinated into the with the UFO

517

00:23:51,650 --> 00:23:48,680

topic and other paranormal topics and

518

00:23:56,150 --> 00:23:51,660

other things that you've actually had an

519

00:23:59,180 --> 00:23:56,160

open mind enough to look into I think

520

00:24:00,860 --> 00:23:59,190

it's all fascinating and I also and the

521

00:24:03,950 --> 00:24:00,870

second hour we'll talk about skinwalker

522

00:24:06,290 --> 00:24:03,960

ranch you're one of the people that were

523

00:24:09,430 --> 00:24:06,300

actually on site there doing some

524

00:24:12,800 --> 00:24:09,440

research I'd like to talk about that and

525

00:24:17,300 --> 00:24:12,810

so let's get started with uh with your

526  
00:24:20,480 --> 00:24:17,310  
background if you would well you've got

527  
00:24:20,980 --> 00:24:20,490  
that post isms for the military for 32

528  
00:24:24,890 --> 00:24:20,990  
years

529  
00:24:28,820 --> 00:24:24,900  
second career was Los Alamos National

530  
00:24:30,890 --> 00:24:28,830  
Laboratory and came over here worked

531  
00:24:34,580 --> 00:24:30,900  
part time with Bob Bigelow and the

532  
00:24:38,470 --> 00:24:34,590  
Nationalists to discovery science been

533  
00:24:42,680 --> 00:24:38,480  
about 10 years as a senior fellow with

534  
00:24:48,320 --> 00:24:42,690  
Joint Special Operations University sit

535  
00:24:50,930 --> 00:24:48,330  
back and write interesting material and

536  
00:24:56,690 --> 00:24:50,940  
monographs and thinking about strategic

537  
00:25:01,130 --> 00:24:56,700  
issues so uh-huh and so in your military

538  
00:25:03,800 --> 00:25:01,140

career when you were in the Army did you

539

00:25:10,130 --> 00:25:03,810

at that time did you have a fascination

540

00:25:14,450 --> 00:25:10,140

with UFOs well I started that when I was

541

00:25:16,880 --> 00:25:14,460

10 years old so yeah it always sort of

542

00:25:18,970 --> 00:25:16,890

continued there so oh how did that how

543

00:25:23,200 --> 00:25:18,980

did that come about a 10 year

544

00:25:26,049 --> 00:25:23,210

I just when Jen Arnold sighting came out

545

00:25:29,799 --> 00:25:26,059

and all all blue was going up at that

546

00:25:33,730 --> 00:25:29,809

time it definitely got my attention I

547

00:25:36,580 --> 00:25:33,740

remember I went to a very unusual grade

548

00:25:39,520 --> 00:25:36,590

school that had an internal radio system

549

00:25:42,580 --> 00:25:39,530

and the students would give a little bit

550

00:25:45,310 --> 00:25:42,590

yet over the school radio and I remember

551  
00:25:49,990 --> 00:25:45,320  
that was one of the topics that I chose

552  
00:25:53,789 --> 00:25:50,000  
to talk about that was 1947 wow that's

553  
00:25:58,240 --> 00:25:53,799  
amazing you know I grew up in Maine

554  
00:26:00,789 --> 00:25:58,250  
basically where I'm at now and we had I

555  
00:26:02,549 --> 00:26:00,799  
remember there was a flap you know they

556  
00:26:05,230 --> 00:26:02,559  
called it the New England flap but

557  
00:26:07,330 --> 00:26:05,240  
that's what they call it now but back

558  
00:26:12,220 --> 00:26:07,340  
then it just seemed like there was a lot

559  
00:26:14,940 --> 00:26:12,230  
of UFOs happening at that time and so I

560  
00:26:18,580 --> 00:26:14,950  
sort of had an interest in it you know

561  
00:26:21,100 --> 00:26:18,590  
but I had never seen anything until you

562  
00:26:24,940 --> 00:26:21,110  
know just a number of years ago but

563  
00:26:26,590 --> 00:26:24,950

before that I always had like some type

564

00:26:31,330 --> 00:26:26,600

a little bit of a fascination and

565

00:26:34,150 --> 00:26:31,340

definitely an open mind about it now you

566

00:26:35,950 --> 00:26:34,160

have one of the things I do want to talk

567

00:26:38,049 --> 00:26:35,960

about is you know you've ruffled a lot

568

00:26:41,350 --> 00:26:38,059

of feathers here and there in the UFO

569

00:26:43,810 --> 00:26:41,360

field because I think you're someone

570

00:26:47,740 --> 00:26:43,820

that says it the way it is a lot of

571

00:26:51,010 --> 00:26:47,750

times and since you've been at this so

572

00:26:52,390 --> 00:26:51,020

long I'm sure you've seen a lot of

573

00:26:56,520 --> 00:26:52,400

changes and you've had a lot of

574

00:27:00,730 --> 00:26:56,530

connections too I saw that you you were

575

00:27:03,490 --> 00:27:00,740

friends with was it Hal put off is that

576  
00:27:07,780 --> 00:27:03,500  
one of the people oh yeah for decades

577  
00:27:11,380 --> 00:27:07,790  
yeah interesting man right there and

578  
00:27:16,600 --> 00:27:11,390  
also you knew John Mac all kinds of

579  
00:27:18,549 --> 00:27:16,610  
people so as far as being getting

580  
00:27:26,950 --> 00:27:18,559  
involved in the field itself when did

581  
00:27:28,960 --> 00:27:26,960  
when did that start I guess in 1947 it

582  
00:27:34,070 --> 00:27:28,970  
started with you know individual

583  
00:27:39,150 --> 00:27:36,930  
don't know I mean I'd always you're

584  
00:27:40,350 --> 00:27:39,160  
looking for I mean just interest has

585  
00:27:44,940 --> 00:27:40,360  
always been there and I've taken

586  
00:27:50,850 --> 00:27:44,950  
advantage of the various situations to

587  
00:27:53,940 --> 00:27:50,860  
be able to explore the topics and you

588  
00:27:55,650 --> 00:27:53,950

know I did this is a main topic of the

589

00:28:00,420 --> 00:27:55,660

book of course is that I had put

590

00:28:04,340 --> 00:28:00,430

together a internal study group to look

591

00:28:07,260 --> 00:28:04,350

into the field and I guess where the

592

00:28:10,530 --> 00:28:07,270

feathers get ruffled is that what we

593

00:28:14,700 --> 00:28:10,540

found was certainly not what we expected

594

00:28:22,470 --> 00:28:14,710

we we expected pretty much foot you know

595

00:28:25,380 --> 00:28:22,480

a popular folklore says and you noticed

596

00:28:29,760 --> 00:28:25,390

I ended up as a I mentioned there

597

00:28:35,580 --> 00:28:29,770

talking to many many very senior people

598

00:28:37,890 --> 00:28:35,590

um it's a little complex in that I do

599

00:28:39,600 --> 00:28:37,900

think there are people you know in the

600

00:28:42,150 --> 00:28:39,610

government or wretches and I think one

601  
00:28:46,740 --> 00:28:42,160  
of the biggest problems is that people

602  
00:28:50,670 --> 00:28:46,750  
assume that the government is some big

603  
00:28:53,420 --> 00:28:50,680  
monolithic entity that everybody thinks

604  
00:28:56,400 --> 00:28:53,430  
alike um the thing I find most

605  
00:28:59,610 --> 00:28:56,410  
fascinating is the economy that

606  
00:29:01,520 --> 00:28:59,620  
basically we think that the government's

607  
00:29:06,620 --> 00:29:01,530  
totally incompetent

608  
00:29:10,980 --> 00:29:06,630  
except for UFOs where they're omniscient

609  
00:29:16,320 --> 00:29:10,990  
that's a really good point and now did I

610  
00:29:18,920 --> 00:29:16,330  
see a documentary um it could have been

611  
00:29:22,410 --> 00:29:18,930  
you in it that was actually trying to

612  
00:29:23,580 --> 00:29:22,420  
see how deeply you could go into the

613  
00:29:27,510 --> 00:29:23,590

government to see if there was anything

614

00:29:29,820 --> 00:29:27,520

hidden was that you I don't know about

615

00:29:31,920 --> 00:29:29,830

that what the documentary with Danna -

616

00:29:38,070 --> 00:29:31,930

no I've been on a number of shows of

617

00:29:39,630 --> 00:29:38,080

course um but so did you do research let

618

00:29:43,890 --> 00:29:39,640

me put it this way did you do research

619

00:29:46,259 --> 00:29:43,900

to see if you could find any links of

620

00:29:50,009 --> 00:29:46,269

the government

621

00:29:56,039 --> 00:29:50,019

see on ufos yeah like I said I was

622

00:29:59,879 --> 00:29:56,049

running a top-secret local group that we

623

00:30:01,829 --> 00:29:59,889

explored this and when in assuming that

624

00:30:05,579 --> 00:30:01,839

that was in fact the case

625

00:30:14,339 --> 00:30:05,589

I have come to kind of different

626

00:30:16,969 --> 00:30:14,349

conclusions now that and we certainly

627

00:30:22,769 --> 00:30:16,979

look into it and considerable depth

628

00:30:24,629 --> 00:30:22,779

uh-huh and because you hear a lot of you

629

00:30:27,719 --> 00:30:24,639

know a lot of speculation like you said

630

00:30:31,349 --> 00:30:27,729

earlier but also you hear speculation

631

00:30:35,369 --> 00:30:31,359

that there's one small part of the

632

00:30:39,269 --> 00:30:35,379

government that you know as as time goes

633

00:30:42,509 --> 00:30:39,279

on going back to like say 1947 there was

634

00:30:45,209 --> 00:30:42,519

one small part of the government that

635

00:30:47,729 --> 00:30:45,219

was keeping their eyes on you know the

636

00:30:50,849 --> 00:30:47,739

UFO subject and then there was Project

637

00:30:55,589 --> 00:30:50,859

Blue Book and well before that those of

638

00:30:58,949 --> 00:30:55,599

the other two organizations as far as

639

00:31:00,449 --> 00:30:58,959

the Air Force goes project sign and what

640

00:31:07,499 --> 00:31:00,459

it's the other one I just can't think of

641

00:31:09,779 --> 00:31:07,509

it grow okay yeah so would you disagree

642

00:31:11,519 --> 00:31:09,789

with that statement that there's do you

643

00:31:14,519 --> 00:31:11,529

think that at this time there's no part

644

00:31:16,589 --> 00:31:14,529

of the government or Air Force or NORAD

645

00:31:18,560 --> 00:31:16,599

or anything like that that has any

646

00:31:21,029 --> 00:31:18,570

interest in UFOs or do you think they're

647

00:31:24,329 --> 00:31:21,039

monitored because you I think there are

648

00:31:28,619 --> 00:31:24,339

people remember we're talking about very

649

00:31:30,899 --> 00:31:28,629

very large institutions and that what we

650

00:31:33,719 --> 00:31:30,909

know is that the adult population

651  
00:31:38,009 --> 00:31:33,729  
somewhere between seven and ten percent

652  
00:31:41,279 --> 00:31:38,019  
of the people of actually seen UFOs so

653  
00:31:44,699 --> 00:31:41,289  
that number applies to people in the

654  
00:31:48,029 --> 00:31:44,709  
government as well so I'm sure there are

655  
00:31:50,729 --> 00:31:48,039  
people who you know have interests now I

656  
00:31:53,789 --> 00:31:50,739  
mean you start laying out some timelines

657  
00:31:57,670 --> 00:31:53,799  
and you realize the people that are in

658  
00:32:04,000 --> 00:32:01,180  
all the started so you've got to be

659  
00:32:08,220 --> 00:32:04,010  
talking about groups that change over

660  
00:32:11,200 --> 00:32:08,230  
first with a fair degree regularity and

661  
00:32:13,450 --> 00:32:11,210  
you know I just have problems I am sure

662  
00:32:16,750 --> 00:32:13,460  
there are people who are interested and

663  
00:32:21,010 --> 00:32:16,760

you know follow up to some degree what

664

00:32:23,560 --> 00:32:21,020

I'm not sure of is you know I I don't

665

00:32:25,930 --> 00:32:23,570

see any massive cover-up that mean I've

666

00:32:29,800 --> 00:32:25,940

given talks as I have good news and bad

667

00:32:31,720 --> 00:32:29,810

news and government the good news is the

668

00:32:34,090 --> 00:32:31,730

government's been telling the truth

669

00:32:37,390 --> 00:32:34,100

the bad news is the government's been

670

00:32:39,790 --> 00:32:37,400

telling the truth reality is from an

671

00:32:42,640 --> 00:32:39,800

institutional perspective really don't

672

00:32:45,040 --> 00:32:42,650

care I mean this is people don't

673

00:32:49,620 --> 00:32:45,050

understand that and the problem is that

674

00:32:54,520 --> 00:32:49,630

the UFO community such as it is is

675

00:32:58,630 --> 00:32:54,530

totally incestuous in myopic and they

676

00:33:03,490 --> 00:32:58,640

believe that this is you know biggest

677

00:33:04,270 --> 00:33:03,500

thing since sex and sliced bread well it

678

00:33:06,670 --> 00:33:04,280

is

679

00:33:10,750 --> 00:33:06,680

there's Wars going on and most of the

680

00:33:14,080 --> 00:33:10,760

emphasis is on that sort of effort well

681

00:33:16,380 --> 00:33:14,090

alright let's let's look at it there

682

00:33:24,120 --> 00:33:16,390

must be a part of the government that

683

00:33:26,650 --> 00:33:24,130

sort of is similar to this talk why

684

00:33:32,380 --> 00:33:26,660

you know because let's just say that

685

00:33:35,400 --> 00:33:32,390

there must be some part of something I'm

686

00:33:39,010 --> 00:33:35,410

trying to do a parallel here with what

687

00:33:42,850 --> 00:33:39,020

would go through time being passed down

688

00:33:45,940 --> 00:33:42,860

to other people like you mentioned

689

00:33:50,320 --> 00:33:45,950

earlier that people weren't even born

690

00:33:52,300 --> 00:33:50,330

you know when Roswell happened so but

691

00:33:55,270 --> 00:33:52,310

I'm just saying there's parts of the

692

00:33:56,500 --> 00:33:55,280

government that are kept on autopsy

693

00:33:58,390 --> 00:33:56,510

cordon well

694

00:34:01,060 --> 00:33:58,400

no I'm saying there are parts of the

695

00:34:04,690 --> 00:34:01,070

government that's kept topside which

696

00:34:07,000 --> 00:34:04,700

port is it I'm not being I'm not being

697

00:34:10,540 --> 00:34:07,010

specific I'm just saying that I know

698

00:34:11,619 --> 00:34:10,550

that that is the problem and this is you

699

00:34:15,579 --> 00:34:11,629

know like one of the law

700

00:34:17,950 --> 00:34:15,589

chapters in the book is people just do

701  
00:34:21,730 --> 00:34:17,960  
not understand how the government works

702  
00:34:26,829 --> 00:34:21,740  
and again you get back to this dichotomy

703  
00:34:28,629 --> 00:34:26,839  
of you know being incompetent to handle

704  
00:34:30,700 --> 00:34:28,639  
anything certainly not going to handle

705  
00:34:32,230 --> 00:34:30,710  
health care and don't bill all right

706  
00:34:34,990 --> 00:34:32,240  
well let's just say the government's

707  
00:34:36,389 --> 00:34:35,000  
incompetent except for this little tiny

708  
00:34:38,289 --> 00:34:36,399  
niche

709  
00:34:39,999 --> 00:34:38,299  
alright well they're not going to share

710  
00:34:42,249 --> 00:34:40,009  
their secrets on how they made a nuclear

711  
00:34:47,409 --> 00:34:42,259  
bomb let's just say that okay that was

712  
00:34:48,460 --> 00:34:47,419  
in the 1940s what's that we have so I'm

713  
00:34:49,419 --> 00:34:48,470

not going to be able to come up with a

714

00:34:53,499 --> 00:34:49,429

good example

715

00:34:56,640 --> 00:34:53,509

it sounds like pick one stealth is a

716

00:34:58,480 --> 00:34:56,650

good example I mean all of these things

717

00:35:02,319 --> 00:34:58,490

at that time I worked

718

00:35:05,440 --> 00:35:02,329

remember Los Alamos my second career was

719

00:35:08,170 --> 00:35:05,450

place at brunch of the bomb I had a

720

00:35:10,180 --> 00:35:08,180

friend who was very high he had to wait

721

00:35:12,329 --> 00:35:10,190

a long time to get clearances and so

722

00:35:17,470 --> 00:35:12,339

what the he was a nuclear physicist and

723

00:35:18,730 --> 00:35:17,480

this would have been 70s early 80s and

724

00:35:21,970 --> 00:35:18,740

they said okay while you're waiting for

725

00:35:24,579 --> 00:35:21,980

your clearance um figure out how to make

726

00:35:26,499 --> 00:35:24,589

a nuclear bomb from open source

727

00:35:29,680 --> 00:35:26,509

literature and this is before the days

728

00:35:31,990 --> 00:35:29,690

of the internet and was able to do it so

729

00:35:35,410 --> 00:35:32,000

those secrets are out there unless that

730

00:35:38,579 --> 00:35:35,420

is one of the problems most of this

731

00:35:44,170 --> 00:35:38,589

information is just totally available

732

00:35:47,710 --> 00:35:44,180

well why wouldn't what let's just say

733

00:35:50,380 --> 00:35:47,720

that there are a lot of sightings

734

00:35:52,150 --> 00:35:50,390

there's a lot of inaudible lutely

735

00:35:56,140 --> 00:35:52,160

and out of those sightings there's a lot

736

00:35:58,150 --> 00:35:56,150

of unexplainable sightings sure and so

737

00:36:01,660 --> 00:35:58,160

why wouldn't the government have an

738

00:36:05,370 --> 00:36:01,670

interest in that because the government

739

00:36:08,620 --> 00:36:05,380

does not have a department of good ideas

740

00:36:11,109 --> 00:36:08,630

and that's sort of what we think of it

741

00:36:13,120 --> 00:36:11,119

would and this is their very serious

742

00:36:17,829 --> 00:36:13,130

stuff this is a total lack of

743

00:36:20,170 --> 00:36:17,839

understanding and you know like deep

744

00:36:22,240 --> 00:36:20,180

throat said follow the money so you look

745

00:36:25,270 --> 00:36:22,250

at the money trail see how does that

746

00:36:27,220 --> 00:36:25,280

system work by the way this is

747

00:36:32,410 --> 00:36:27,230

justifying to people in the government

748

00:36:36,400 --> 00:36:32,420

as well but basically you do what we

749

00:36:38,230 --> 00:36:36,410

call rack and stack you line up all of

750

00:36:42,370 --> 00:36:38,240

the things that you're required to take

751  
00:36:45,670 --> 00:36:42,380  
care of and then you allocate your funds

752  
00:36:48,610 --> 00:36:45,680  
against that and the problem is that in

753  
00:36:50,590 --> 00:36:48,620  
all cases you run out of money long

754  
00:36:54,790 --> 00:36:50,600  
before you run out of things that you

755  
00:36:56,530 --> 00:36:54,800  
really ought to be exploring do your

756  
00:36:59,740 --> 00:36:56,540  
poll thing because but I'm going to

757  
00:37:03,190 --> 00:36:59,750  
counter and say you know there are

758  
00:37:06,370 --> 00:37:03,200  
miracles that go on on a contingent in

759  
00:37:08,260 --> 00:37:06,380  
Lluis basis and yet for some reason the

760  
00:37:12,160 --> 00:37:08,270  
UFO community thinks the government

761  
00:37:14,830 --> 00:37:12,170  
ought to be involved in this why on the

762  
00:37:16,630 --> 00:37:14,840  
same you know wavelength would they not

763  
00:37:19,720 --> 00:37:16,640

be responsible for investigating

764

00:37:24,700 --> 00:37:19,730

miracles that happen all the time we

765

00:37:32,620 --> 00:37:24,710

have no expectation of that well I think

766

00:37:34,870 --> 00:37:32,630

that miracles are as you say that can't

767

00:37:37,890 --> 00:37:34,880

be explained yes they can really be

768

00:37:40,620 --> 00:37:37,900

something but if it actually comes to a

769

00:37:42,730 --> 00:37:40,630

possibility of say extraterrestrials

770

00:37:45,280 --> 00:37:42,740

visiting us I'm not saying because I

771

00:37:48,070 --> 00:37:45,290

really don't know but let's just not we

772

00:37:49,810 --> 00:37:48,080

we talked about there have been this is

773

00:37:51,940 --> 00:37:49,820

a very important issue one that I

774

00:37:55,960 --> 00:37:51,950

address in the community doesn't like it

775

00:37:59,230 --> 00:37:55,970

but the point is we have had reports of

776

00:38:02,560 --> 00:37:59,240

contact between sentient non-human

777

00:38:05,130 --> 00:38:02,570

beings and humans throughout the

778

00:38:10,030 --> 00:38:05,140

entirety of human history

779

00:38:15,160 --> 00:38:10,040

this shows up in ethology folklore in

780

00:38:17,350 --> 00:38:15,170

basically every country in the world and

781

00:38:19,840 --> 00:38:17,360

yet we do not expect the government to

782

00:38:22,690 --> 00:38:19,850

be interested in that and that may well

783

00:38:25,870 --> 00:38:22,700

be one of my early slides and all

784

00:38:28,450 --> 00:38:25,880

briefings that I get now is that I take

785

00:38:31,330 --> 00:38:28,460

and UFOs a small piece you know I've

786

00:38:34,770 --> 00:38:31,340

been involved with psychokinesis remote

787

00:38:39,040 --> 00:38:34,780

viewing near-death studies Boulder guys

788

00:38:40,810 --> 00:38:39,050

firewalking you name it I am first

789

00:38:44,560 --> 00:38:40,820

they convinced that there is some

790

00:38:46,630 --> 00:38:44,570

linkage between all of those things but

791

00:38:50,410 --> 00:38:46,640

we tend to and one of the big problems

792

00:38:52,450 --> 00:38:50,420

in understanding or coming to a

793

00:38:55,840 --> 00:38:52,460

theoretical basis for understanding

794

00:38:56,770 --> 00:38:55,850

these phenomena is everybody wants the

795

00:38:58,660 --> 00:38:56,780

stovepipe

796

00:39:00,490 --> 00:38:58,670

in other words I'm going to talk about

797

00:39:04,420 --> 00:39:00,500

you know I'm going to challenge you and

798

00:39:09,880 --> 00:39:04,430

say what do you mean by a UFO you can't

799

00:39:12,130 --> 00:39:09,890

even come up with a viable definition my

800

00:39:15,970 --> 00:39:12,140

point is that I got little balls of

801  
00:39:20,260 --> 00:39:15,980  
light floating around I've got huge

802  
00:39:22,680 --> 00:39:20,270  
craft with political evidence of things

803  
00:39:25,260 --> 00:39:22,690  
more than a mile across maybe

804  
00:39:28,690 --> 00:39:25,270  
considerably more than that and

805  
00:39:33,640 --> 00:39:28,700  
everything in between so which ones are

806  
00:39:37,900 --> 00:39:33,650  
UFOs and which ones are no what we're

807  
00:39:39,990 --> 00:39:37,910  
studying yeah I say that a lot said that

808  
00:39:42,190 --> 00:39:40,000  
quite a bit on on this show like it's

809  
00:39:43,840 --> 00:39:42,200  
whatever it is it could be something we

810  
00:39:48,250 --> 00:39:43,850  
haven't even thought of you know I mean

811  
00:39:50,440 --> 00:39:48,260  
or the first paragraph or the first

812  
00:39:54,790 --> 00:39:50,450  
sentence in the book that I wrote was

813  
00:39:58,690 --> 00:39:54,800

UFOs are real and by that I mean very

814

00:40:01,930 --> 00:39:58,700

physical tangible you know vehicles that

815

00:40:05,170 --> 00:40:01,940

are out there but I am just by saying

816

00:40:07,600 --> 00:40:05,180

whatever this is it is more complex than

817

00:40:10,630 --> 00:40:07,610

we ever imagined and maybe then we can

818

00:40:13,000 --> 00:40:10,640

imagine and I argue we're not at the

819

00:40:16,930 --> 00:40:13,010

point of asking the right questions

820

00:40:20,500 --> 00:40:16,940

much less coming up with answers okay up

821

00:40:23,800 --> 00:40:20,510

on the chatroom let's see there's no

822

00:40:26,260 --> 00:40:23,810

doubt that the government military has

823

00:40:29,800 --> 00:40:26,270

proof of these unexplained craft that

824

00:40:31,720 --> 00:40:29,810

show up on radar so the government

825

00:40:36,880 --> 00:40:31,730

wouldn't be doing their job seriously

826

00:40:39,100 --> 00:40:36,890

well he keeps going on if well okay when

827

00:40:41,650 --> 00:40:39,110

I when I tell these folks is okay you

828

00:40:46,500 --> 00:40:41,660

are now the manager of whatever this

829

00:40:49,600 --> 00:40:46,510

organization is you have a finite budget

830

00:40:52,090 --> 00:40:49,610

how much of that budget do you want to

831

00:40:54,970 --> 00:40:52,100

expand on something as you have a

832

00:40:57,340 --> 00:40:54,980

very low probability of resolving hmm

833

00:41:00,190 --> 00:40:57,350

that's that's always the case and I

834

00:41:02,500 --> 00:41:00,200

think that's a lot of the times why the

835

00:41:05,590 --> 00:41:02,510

science community won't look into this

836

00:41:09,040 --> 00:41:05,600

because of the issue of actually solving

837

00:41:12,450 --> 00:41:09,050

it well no the scientific community is a

838

00:41:18,160 --> 00:41:12,460

different issue and I tend to blame

839

00:41:20,140 --> 00:41:18,170

Condon here um I also did a whole

840

00:41:22,930 --> 00:41:20,150

chapter on content as well and it's

841

00:41:26,170 --> 00:41:22,940

interesting because in fact Compton was

842

00:41:28,570 --> 00:41:26,180

right to a degree but people don't

843

00:41:32,860 --> 00:41:28,580

realize the question to Condon was not

844

00:41:36,670 --> 00:41:32,870

our UFOs real is was our UFOs a threat

845

00:41:39,910 --> 00:41:36,680

and he said no threat haven't been

846

00:41:43,120 --> 00:41:39,920

invaded so that's probably fairly

847

00:41:45,460 --> 00:41:43,130

accurate the problem was that he then

848

00:41:49,090 --> 00:41:45,470

went on to say and there's no scientific

849

00:41:51,220 --> 00:41:49,100

value in this the other problem is that

850

00:41:55,360 --> 00:41:51,230

there's a perception in the general

851  
00:41:59,040 --> 00:41:55,370  
scientific very thorough study when it

852  
00:42:03,610 --> 00:41:59,050  
was not it was a very cursory study the

853  
00:42:06,430 --> 00:42:03,620  
airports had trouble you know locate was

854  
00:42:09,010 --> 00:42:06,440  
really even do the study Condon was far

855  
00:42:11,290 --> 00:42:09,020  
from the first choice but he was the

856  
00:42:14,320 --> 00:42:11,300  
only one at the University of Colorado

857  
00:42:20,920 --> 00:42:14,330  
would step up and say you know we'll

858  
00:42:22,990 --> 00:42:20,930  
even participate right yep and now I

859  
00:42:26,980 --> 00:42:23,000  
think I spoke about this a while back

860  
00:42:31,480 --> 00:42:26,990  
worth if someone went against what the

861  
00:42:33,700 --> 00:42:31,490  
the path that he was going on they they

862  
00:42:39,400 --> 00:42:33,710  
were basically bumped out or a couple

863  
00:42:41,590 --> 00:42:39,410

people were is that yeah now I just want

864

00:42:44,080 --> 00:42:41,600

to say they wrote after that effect to I

865

00:42:47,680 --> 00:42:44,090

mean the problem the kind of report

866

00:42:52,750 --> 00:42:47,690

itself is not that bad because if you

867

00:42:54,130 --> 00:42:52,760

read it it it basically says internally

868

00:42:57,610 --> 00:42:54,140

that there are a number of pretty damn

869

00:43:00,540 --> 00:42:57,620

good cases the problem was the condom

870

00:43:02,860 --> 00:43:00,550

who did not investigate any of the cases

871

00:43:04,180 --> 00:43:02,870

wrote the recommendations and

872

00:43:07,480 --> 00:43:04,190

conclusions

873

00:43:09,940 --> 00:43:07,490

and he concluded you know that there was

874

00:43:12,130 --> 00:43:09,950

nothing to it when in fact the body of

875

00:43:15,450 --> 00:43:12,140

the report disagrees

876

00:43:23,770 --> 00:43:15,460

you know it's internally in congruence

877

00:43:27,130 --> 00:43:23,780

Wow okay yeah and you hear a lot of

878

00:43:30,880 --> 00:43:27,140

people will quote the the Condon report

879

00:43:33,430 --> 00:43:30,890

as if it's um you know it's basically

880

00:43:35,829 --> 00:43:33,440

the Bible and you know I know it's the

881

00:43:39,430 --> 00:43:35,839

reason or what was used when they shut

882

00:43:42,400 --> 00:43:39,440

down Project Blue Book but I was

883

00:43:45,609 --> 00:43:42,410

understanding that was the answer that

884

00:43:48,640 --> 00:43:45,619

the air force water that was a foot up

885

00:43:51,579 --> 00:43:48,650

job the Air Force did not want to bother

886

00:43:56,079 --> 00:43:51,589

with UFOs you know just make this go

887

00:43:58,210 --> 00:43:56,089

away and the Condon report was designed

888

00:43:58,990 --> 00:43:58,220

to get that answer and they were

889

00:44:02,380 --> 00:43:59,000

successful

890

00:44:06,309 --> 00:44:02,390

basically went away now one of the

891

00:44:09,460 --> 00:44:06,319

things that that I am kind of curious

892

00:44:11,319 --> 00:44:09,470

about and that is a lot of the reports

893

00:44:14,710 --> 00:44:11,329

and actually I have a friend that

894

00:44:17,950 --> 00:44:14,720

actually saw this he saw a disc being

895

00:44:21,010 --> 00:44:17,960

chased by two Jets you know military

896

00:44:23,950 --> 00:44:21,020

jets and that is something you do hear

897

00:44:25,720 --> 00:44:23,960

about and what do you think happens when

898

00:44:27,910 --> 00:44:25,730

something like that I know I'm going a

899

00:44:29,260 --> 00:44:27,920

little around skipping around here a

900

00:44:32,170 --> 00:44:29,270

little bit but what do you think happens

901  
00:44:34,809 --> 00:44:32,180  
we know that there have been continued

902  
00:44:37,089 --> 00:44:34,819  
sighting the problem is that again this

903  
00:44:41,349 --> 00:44:37,099  
is where the UFO community makes a

904  
00:44:44,920 --> 00:44:41,359  
mistake I can list a number of really

905  
00:44:47,910 --> 00:44:44,930  
critical incidents Bentwaters would be

906  
00:44:53,289 --> 00:44:47,920  
tops on the list

907  
00:44:55,809 --> 00:44:53,299  
there's the mounts from base in the book

908  
00:44:58,599 --> 00:44:55,819  
I go into this ones in the former Soviet

909  
00:45:01,089 --> 00:44:58,609  
Union where you had you know really

910  
00:45:05,260 --> 00:45:01,099  
significant interactions with strategic

911  
00:45:07,299 --> 00:45:05,270  
systems and so the unwashed generally

912  
00:45:09,190 --> 00:45:07,309  
say well see therefore it must be

913  
00:45:11,950 --> 00:45:09,200

important well the idea was that

914

00:45:14,140 --> 00:45:11,960

yeah studies were in fact done but did

915

00:45:17,650 --> 00:45:14,150

not come up with an answer now

916

00:45:18,010 --> 00:45:17,660

when you I take all of these critical

917

00:45:29,920 --> 00:45:18,020

and

918

00:45:32,440 --> 00:45:29,930

pretty rare when you have I'm not

919

00:45:34,500 --> 00:45:32,450

talking about you know somebody taking a

920

00:45:38,530 --> 00:45:34,510

quick picture or something like that but

921

00:45:43,540 --> 00:45:38,540

actual you know interactions they're

922

00:45:45,460 --> 00:45:43,550

pretty damn rare events in fact if

923

00:45:47,260 --> 00:45:45,470

you're listening live out there you can

924

00:45:50,710 --> 00:45:47,270

jump in our chat room and that's at

925

00:45:54,040 --> 00:45:50,720

podcast UFO comm if you'd like to call

926  
00:45:56,770 --> 00:45:54,050  
and ask a dr. John Alexander question

927  
00:46:01,560 --> 00:45:56,780  
the phone number is six oh three nine

928  
00:46:05,500 --> 00:46:01,570  
six seven four oh three oh there I

929  
00:46:10,240 --> 00:46:05,510  
noticed your email address and that you

930  
00:46:12,850 --> 00:46:10,250  
had this non-lethal weapon and we have a

931  
00:46:14,650 --> 00:46:12,860  
question up on the message board so

932  
00:46:15,640 --> 00:46:14,660  
we're going to skip to that for right

933  
00:46:19,570 --> 00:46:15,650  
now if that's all right

934  
00:46:21,850 --> 00:46:19,580  
and they want to know let's see the

935  
00:46:24,430 --> 00:46:21,860  
non-lethal microwave weapons deployed in

936  
00:46:27,580 --> 00:46:24,440  
Afghanistan and Iraq on the back of

937  
00:46:31,750 --> 00:46:27,590  
Jeeps was this technology based on UFO

938  
00:46:35,890 --> 00:46:31,760

encounters what's that it was the point

939

00:46:39,550 --> 00:46:35,900

on what this is a question that's up

940

00:46:42,490 --> 00:46:39,560

there it says on Afghanistan and Iraq on

941

00:46:44,920 --> 00:46:42,500

the back of Jeeps is that that with

942

00:46:46,080 --> 00:46:44,930

these this technology is no such thing

943

00:46:50,830 --> 00:46:46,090

okay

944

00:46:55,330 --> 00:46:50,840

the best we had were I mean the V Mads

945

00:46:57,520 --> 00:46:55,340

who became the Active Denial system or

946

00:47:00,099 --> 00:46:57,530

ATS is what came along you're talking

947

00:47:05,080 --> 00:47:00,109

about the what Corp we known as the pain

948

00:47:09,730 --> 00:47:05,090

ray this is a microwave weapon it's

949

00:47:14,440 --> 00:47:09,740

really quite big you see it on Humvees

950

00:47:17,200 --> 00:47:14,450

that's highly optimistic but what it

951  
00:47:21,340 --> 00:47:17,210  
does is puts out a beam at 93 gigahertz

952  
00:47:23,940 --> 00:47:21,350  
it will hit the skin penetrates just a

953  
00:47:27,670 --> 00:47:23,950  
few millimeters but hits the pain

954  
00:47:30,460 --> 00:47:27,680  
centers and makes you want to go away

955  
00:47:31,339 --> 00:47:30,470  
very quickly I've been shot by that and

956  
00:47:35,579 --> 00:47:31,349  
most

957  
00:47:38,339 --> 00:47:35,589  
lethal weapons that seems like would be

958  
00:47:40,260 --> 00:47:38,349  
really good they're going to poured it

959  
00:47:43,650 --> 00:47:40,270  
seems like that would be really good and

960  
00:47:47,490 --> 00:47:43,660  
the issues they have with pirating open

961  
00:47:49,800 --> 00:47:47,500  
seas pirates well the problem there and

962  
00:47:51,690 --> 00:47:49,810  
we looked at this and was really the

963  
00:47:54,210 --> 00:47:51,700

nest Academy of science was doing a

964

00:48:00,359 --> 00:47:54,220

study on it for the Navy after the Cole

965

00:48:02,819 --> 00:48:00,369

incident and power becomes the main

966

00:48:06,030 --> 00:48:02,829

issue you need some place with power and

967

00:48:08,640 --> 00:48:06,040

the ships by and large we're not willing

968

00:48:12,359 --> 00:48:08,650

to make the trade-off in what you need

969

00:48:15,900 --> 00:48:12,369

you to relinquish in cubic footage for

970

00:48:21,420 --> 00:48:15,910

the advantage that you might get now we

971

00:48:23,550 --> 00:48:21,430

keep exploring these things my last job

972

00:48:26,849 --> 00:48:23,560

in the military was a director of

973

00:48:29,640 --> 00:48:26,859

advanced systems concepts at Fermilab

974

00:48:32,640 --> 00:48:29,650

rhetoric manned and I had all of the

975

00:48:36,390 --> 00:48:32,650

tactical directed energy which included

976

00:48:39,059 --> 00:48:36,400

lasers and high-power microwaves and

977

00:48:43,190 --> 00:48:39,069

that sort of thing and yeah there's been

978

00:48:45,660 --> 00:48:43,200

some advances but you know I have

979

00:48:47,130 --> 00:48:45,670

admonished some briefer or since then

980

00:48:50,790 --> 00:48:47,140

when they get up and they give these

981

00:48:53,280 --> 00:48:50,800

future concepts briefing and I asked

982

00:48:55,920 --> 00:48:53,290

them I said what what are you talking

983

00:49:00,450 --> 00:48:55,930

about because I gave this same briefing

984

00:49:02,550 --> 00:49:00,460

you know 25 years ago you know here you

985

00:49:05,520 --> 00:49:02,560

are talking about it hundreds of

986

00:49:09,660 --> 00:49:05,530

millions of dollars later and yes

987

00:49:11,700 --> 00:49:09,670

there's been some improvement but have

988

00:49:14,040 --> 00:49:11,710

not seen any breakthrough technology

989

00:49:17,220 --> 00:49:14,050

come along uh-huh

990

00:49:21,079 --> 00:49:17,230

question up on the message board could

991

00:49:24,059 --> 00:49:21,089

you let's see someone wants me to ask if

992

00:49:26,970 --> 00:49:24,069

evidence of government knowledge of UFOs

993

00:49:29,609 --> 00:49:26,980

lies and the following and following the

994

00:49:32,010 --> 00:49:29,619

money trail as you say how can Rumsfeld

995

00:49:34,559 --> 00:49:32,020

announce two point three trillion

996

00:49:36,990 --> 00:49:34,569

missing from the federal budget where

997

00:49:39,870 --> 00:49:37,000

does that money trail go mom sounds that

998

00:49:41,790 --> 00:49:39,880

that money we don't have that money

999

00:49:44,150 --> 00:49:41,800

missing and there's no big pots out

1000

00:49:47,390 --> 00:49:44,160

there yeah

1001  
00:49:51,290 --> 00:49:47,400  
you can slap around a few million

1002  
00:49:54,170 --> 00:49:51,300  
dollars but you know that's a popular

1003  
00:49:57,800 --> 00:49:54,180  
thing as Medicare Rumsfeld just before

1004  
00:50:00,380 --> 00:49:57,810  
9/11 he was about to take on you know

1005  
00:50:03,980 --> 00:50:00,390  
the military-industrial complex and

1006  
00:50:07,580 --> 00:50:03,990  
wanted to really ding the contractors

1007  
00:50:12,920 --> 00:50:07,590  
and had come up with a trillion dollar

1008  
00:50:17,990 --> 00:50:12,930  
figure there's no such money missing

1009  
00:50:20,510 --> 00:50:18,000  
as they say their black budgets yes with

1010  
00:50:23,270 --> 00:50:20,520  
folks on rely again you get back to lack

1011  
00:50:27,020 --> 00:50:23,280  
of understanding of the government is

1012  
00:50:32,060 --> 00:50:27,030  
that there are people who oversee black

1013  
00:50:34,040 --> 00:50:32,070

projects the money is finite and

1014

00:50:37,760 --> 00:50:34,050

particularly research and development

1015

00:50:43,430 --> 00:50:37,770

has been cut severely because of the

1016

00:50:47,570 --> 00:50:43,440

ongoing wars and while you know the

1017

00:50:51,440 --> 00:50:47,580

money is finite there's Pierce internal

1018

00:50:56,720 --> 00:50:51,450

competition even with him what you would

1019

00:51:00,260 --> 00:50:56,730

call the black world for money and if he

1020

00:51:04,600 --> 00:51:00,270

got crazy ideas you're probably not

1021

00:51:08,110 --> 00:51:04,610

going to come out with a lot of money

1022

00:51:11,140 --> 00:51:08,120

particularly in the extremely lean

1023

00:51:14,810 --> 00:51:11,150

budgetary constraints that we've had

1024

00:51:22,220 --> 00:51:14,820

further exacerbated by sequester that

1025

00:51:26,300 --> 00:51:22,230

has really really hurt all our D huh I

1026  
00:51:29,200 --> 00:51:26,310  
want to go back your stand pretty strong

1027  
00:51:31,490 --> 00:51:29,210  
that you don't think the government is

1028  
00:51:34,490 --> 00:51:31,500  
we don't think I'm going to back up

1029  
00:51:37,370 --> 00:51:34,500  
again sure government what is the

1030  
00:51:38,900 --> 00:51:37,380  
government it is not alright I just tell

1031  
00:51:42,230 --> 00:51:38,910  
you when I when I was in the Pentagon

1032  
00:51:44,840 --> 00:51:42,240  
used to run around say you know where's

1033  
00:51:46,790 --> 00:51:44,850  
this guy Pentagon because there's all

1034  
00:51:49,100 --> 00:51:46,800  
these things that the Pentagon says this

1035  
00:51:51,170 --> 00:51:49,110  
and the Pentagon says that the pentagon

1036  
00:51:53,990 --> 00:51:51,180  
probe will say anything it's a big stone

1037  
00:51:57,710 --> 00:51:54,000  
building but there are people in there

1038  
00:52:03,589 --> 00:52:00,710

so again you were back to this on

1039

00:52:09,080 --> 00:52:03,599

missions on UFOs and totally incompetent

1040

00:52:11,690 --> 00:52:09,090

and everything else but same people okay

1041

00:52:17,630 --> 00:52:11,700

alright let's just say that let's just

1042

00:52:22,400 --> 00:52:17,640

say DARPA or some part of the military I

1043

00:52:24,140 --> 00:52:22,410

would think that if something is in our

1044

00:52:26,420 --> 00:52:24,150

skies and they know that something's in

1045

00:52:29,000 --> 00:52:26,430

our skies but they don't know what it is

1046

00:52:31,670 --> 00:52:29,010

but the thing that gets me is I would

1047

00:52:35,180 --> 00:52:31,680

just think that there would be someone

1048

00:52:36,940 --> 00:52:35,190

really paying attention to that if

1049

00:52:39,050 --> 00:52:36,950

you're lucky you might get some

1050

00:52:41,300 --> 00:52:39,060

individuals who want to pay attention

1051  
00:52:44,450 --> 00:52:41,310  
but that's not going to be any big

1052  
00:52:48,580 --> 00:52:44,460  
effort again you're infected remember we

1053  
00:52:54,250 --> 00:52:48,590  
have been a war constantly since 2001

1054  
00:52:58,070 --> 00:52:54,260  
spent about three trillion in that so

1055  
00:53:01,580 --> 00:52:58,080  
what is it that you want them to pay

1056  
00:53:04,190 --> 00:53:01,590  
attention to that's different from you

1057  
00:53:05,599 --> 00:53:04,200  
know the war effort what I mean you keep

1058  
00:53:07,430 --> 00:53:05,609  
hearing you haven't gone to reverse

1059  
00:53:09,680 --> 00:53:07,440  
engineering but I should think that's a

1060  
00:53:12,500 --> 00:53:09,690  
topic that will come up and you go oh

1061  
00:53:14,630 --> 00:53:12,510  
wait a minute let's look at the

1062  
00:53:18,380 --> 00:53:14,640  
technological advances that we've seen

1063  
00:53:22,940 --> 00:53:18,390

and conflict or war those tend to bring

1064

00:53:27,849 --> 00:53:22,950

out technological advances and the best

1065

00:53:30,349 --> 00:53:27,859

we've seen is the f-35 and people are

1066

00:53:34,339 --> 00:53:30,359

worried now about the damn thing can't

1067

00:53:37,160 --> 00:53:34,349

fight after the billions and billions of

1068

00:53:40,060 --> 00:53:37,170

dollars that have been you know put into

1069

00:53:43,550 --> 00:53:40,070

that effort so you don't see anything

1070

00:53:48,200 --> 00:53:43,560

you know we see a really big leap in

1071

00:53:50,540 --> 00:53:48,210

technology again you get back to where

1072

00:53:54,400 --> 00:53:50,550

do you want apply your resources it's a

1073

00:54:00,410 --> 00:53:56,960

maybe you want to keep a finger in there

1074

00:54:04,160 --> 00:54:00,420

somebody it is primarily probably on

1075

00:54:07,760 --> 00:54:04,170

personal interest and I'm sure you know

1076

00:54:11,089 --> 00:54:07,770

as I said there are people inside the

1077

00:54:11,720 --> 00:54:11,099

government who have seen unusual sorts

1078

00:54:14,080 --> 00:54:11,730

of things

1079

00:54:17,810 --> 00:54:14,090

some acknowledged that through their um

1080

00:54:20,870 --> 00:54:17,820

the problem is when you have researched

1081

00:54:23,480 --> 00:54:20,880

them and we can go off on the Bentwaters

1082

00:54:26,210 --> 00:54:23,490

that's one of the you know I think one

1083

00:54:30,770 --> 00:54:26,220

of the best cases and and you still end

1084

00:54:32,950 --> 00:54:30,780

up with you know had no idea what it was

1085

00:54:35,450 --> 00:54:32,960

but something certainly happened there

1086

00:54:37,690 --> 00:54:35,460

yeah someone on the message board wants

1087

00:54:39,590 --> 00:54:37,700

you to describe the government

1088

00:54:44,030 --> 00:54:39,600

what's your description of the

1089

00:54:47,300 --> 00:54:44,040

government I'm not even going to play

1090

00:54:49,310 --> 00:54:47,310

with that and you know on the Google US

1091

00:54:53,240 --> 00:54:49,320

government will tell you the three

1092

00:54:56,000 --> 00:54:53,250

branches and etc etc the one things they

1093

00:54:57,859 --> 00:54:56,010

don't understand is that let's deal with

1094

00:55:00,950 --> 00:54:57,869

the people in the government first of

1095

00:55:03,290 --> 00:55:00,960

all their primary interest is retaining

1096

00:55:06,890 --> 00:55:03,300

their jobs this is certainly true and

1097

00:55:09,980 --> 00:55:06,900

the legislative and generally in the

1098

00:55:12,560 --> 00:55:09,990

executive branch as well so your primary

1099

00:55:16,130 --> 00:55:12,570

focus is on maintaining your job

1100

00:55:19,250 --> 00:55:16,140

the government is has organizations each

1101  
00:55:21,520 --> 00:55:19,260  
organization has very specific job

1102  
00:55:25,490 --> 00:55:21,530  
descriptions as to what they're

1103  
00:55:29,120 --> 00:55:25,500  
responsible for very strict laws and how

1104  
00:55:29,630 --> 00:55:29,130  
money is spent it cetera it's split

1105  
00:55:33,380 --> 00:55:29,640  
between

1106  
00:55:35,180 --> 00:55:33,390  
the executive branch which is you know

1107  
00:55:37,550 --> 00:55:35,190  
controlling most of the agencies and

1108  
00:55:39,880 --> 00:55:37,560  
you're talking about and the legislative

1109  
00:55:42,680 --> 00:55:39,890  
branch was controls the purse strings

1110  
00:55:45,500 --> 00:55:42,690  
well let me ask you this how important

1111  
00:55:49,270 --> 00:55:45,510  
do you think UFOs are and finding out

1112  
00:55:52,670 --> 00:55:49,280  
what they are in the UFO community very

1113  
00:55:56,620 --> 00:55:52,680

important to average person it's a whole

1114

00:55:59,859 --> 00:55:56,630

home I asked for such a thing probably

1115

00:56:03,530 --> 00:55:59,869

70% of the population believe in UFOs

1116

00:56:06,080 --> 00:56:03,540

but you ask them to our massive how much

1117

00:56:08,300 --> 00:56:06,090

of your tax dollar would you like spent

1118

00:56:10,880 --> 00:56:08,310

on this or would you be willing to have

1119

00:56:16,040 --> 00:56:10,890

taxes increase to study if the answer is

1120

00:56:20,830 --> 00:56:16,050

solid no I I have to agree with you on

1121

00:56:23,630 --> 00:56:20,840

that that I think that most people

1122

00:56:25,520 --> 00:56:23,640

unlike people that are listening to the

1123

00:56:29,870 --> 00:56:25,530

show and myself

1124

00:56:33,500 --> 00:56:29,880

are like busy with their lives and never

1125

00:56:35,660 --> 00:56:33,510

even really contemplate what's going on

1126

00:56:37,609 --> 00:56:35,670

in the universe or you know it just

1127

00:56:40,970 --> 00:56:37,619

doesn't affect them or they seemingly

1128

00:56:44,240 --> 00:56:40,980

doesn't affect them and we have Wars

1129

00:56:46,460 --> 00:56:44,250

going on that do not affect the American

1130

00:56:48,500 --> 00:56:46,470

public in general other than they pay a

1131

00:56:51,080 --> 00:56:48,510

lot of money for it that's one of the

1132

00:56:53,780 --> 00:56:51,090

Travis Jesus you know you've mentioned

1133

00:56:57,620 --> 00:56:53,790

Iraq and Afghanistan I did make

1134

00:56:59,870 --> 00:56:57,630

Afghanistan early on but less than one

1135

00:57:04,430 --> 00:56:59,880

percent of the American population is

1136

00:57:07,480 --> 00:57:04,440

affected you know by these conflicts and

1137

00:57:11,330 --> 00:57:07,490

so it just totally disconnected

1138

00:57:13,450 --> 00:57:11,340

similarly in the Europa unfortunately

1139

00:57:17,090 --> 00:57:13,460

it's a very incestuous community and

1140

00:57:20,840 --> 00:57:17,100

they drink their own bathwater and

1141

00:57:22,970 --> 00:57:20,850

believe their press press clippings and

1142

00:57:25,520 --> 00:57:22,980

start believing this and bleeding is a

1143

00:57:27,590 --> 00:57:25,530

big deal when you go you know the

1144

00:57:33,970 --> 00:57:27,600

question I have there is compared to

1145

00:57:37,010 --> 00:57:33,980

what compared to war or terrorism or

1146

00:57:40,460 --> 00:57:37,020

healthcare system or whatnot it just

1147

00:57:45,440 --> 00:57:40,470

doesn't make the cut well I see that

1148

00:57:47,920 --> 00:57:45,450

you're friends with John Mack and so

1149

00:57:52,099 --> 00:57:47,930

what do you what do you think about the

1150

00:57:55,340 --> 00:57:52,109

abduction side of this whole thing Oh

1151  
00:57:57,740 --> 00:57:55,350  
straight backs John was a great guy good

1152  
00:58:06,680 --> 00:57:57,750  
friend unfortunately but an untimely

1153  
00:58:11,120 --> 00:58:06,690  
demise in UK again I'll step back to

1154  
00:58:14,260 --> 00:58:11,130  
what I mentioned before interactions

1155  
00:58:16,760 --> 00:58:14,270  
between humans and sentient nonhumans

1156  
00:58:20,780 --> 00:58:16,770  
including things that sound a lot like

1157  
00:58:24,650 --> 00:58:20,790  
abductions the issue there is that the

1158  
00:58:25,940 --> 00:58:24,660  
UFO abduction is a fairly new wrinkle to

1159  
00:58:29,240 --> 00:58:25,950  
a very old story

1160  
00:58:30,890 --> 00:58:29,250  
I think things happen understand that

1161  
00:58:33,380 --> 00:58:30,900  
but let's understand some of these

1162  
00:58:37,220 --> 00:58:33,390  
incidents are certainly real if I'm not

1163  
00:58:39,559 --> 00:58:37,230

suggesting at all that is not real but

1164

00:58:42,109 --> 00:58:39,569

I'm not convinced that you know

1165

00:58:45,229 --> 00:58:42,119

little grey guys from Zeta Reticuli you

1166

00:58:48,739 --> 00:58:45,239

know coming down to snatch folks up now

1167

00:58:54,519 --> 00:58:48,749

have you ever really investigated your

1168

00:58:59,059 --> 00:58:56,959

we mentioned Bentwaters a couple of

1169

00:59:01,809 --> 00:58:59,069

times that's something is that is that a

1170

00:59:04,699 --> 00:59:01,819

case that you really looked into deeply

1171

00:59:07,519 --> 00:59:04,709

well I have talked to most of the

1172

00:59:09,019 --> 00:59:07,529

principals on that yes and I think it's

1173

00:59:13,489 --> 00:59:09,029

one of the strongest ones you end up

1174

00:59:17,479 --> 00:59:13,499

with about sixty identifiable witnesses

1175

00:59:21,140 --> 00:59:17,489

most of them in the PRP well you have

1176

00:59:25,120 --> 00:59:21,150

the physical evidence and certainly seen

1177

00:59:28,309 --> 00:59:25,130

the plaster casts and the recordings and

1178

00:59:30,140 --> 00:59:28,319

when I first talked to Jim Penniston and

1179

00:59:33,499 --> 00:59:30,150

you know he goes oh you mean the one I

1180

00:59:37,189 --> 00:59:33,509

touched yeah I believe he walked up and

1181

00:59:39,890 --> 00:59:37,199

touched something so and more and more

1182

00:59:43,969 --> 00:59:39,900

data you know have come out

1183

00:59:46,099 --> 00:59:43,979

I think they recently found the radar

1184

00:59:50,630 --> 00:59:46,109

corroboration that something was in the

1185

00:59:53,569 --> 00:59:50,640

area by the way that gets to some of the

1186

00:59:58,099 --> 00:59:53,579

most interesting technical aspects about

1187

01:00:01,819 --> 00:59:58,109

UFOs is that you have them on radar

1188

01:00:05,029 --> 01:00:01,829

moving very very fast making you know

1189

01:00:06,650 --> 01:00:05,039

high-speed turns that are basically it

1190

01:00:10,759 --> 01:00:06,660

would be physically impossible to

1191

01:00:14,029 --> 01:00:10,769

survive yet these things happen and at

1192

01:00:17,589 --> 01:00:14,039

other times you've got sightings of

1193

01:00:22,519 --> 01:00:17,599

things we have you know visual visible

1194

01:00:24,170 --> 01:00:22,529

confirmation and no correlating radar

1195

01:00:30,380 --> 01:00:24,180

even though you would expect them to

1196

01:00:32,979 --> 01:00:30,390

have such this gets back to them bottom

1197

01:00:36,259 --> 01:00:32,989

line is it it is terribly terribly

1198

01:00:38,660 --> 01:00:36,269

complex whatever we're dealing with now

1199

01:00:42,680 --> 01:00:38,670

the one thing about the Rendlesham

1200

01:00:47,059 --> 01:00:42,690

forest incident is that there's there's

1201  
01:00:50,449 --> 01:00:47,069  
a lot of controversy between you know

1202  
01:00:53,089 --> 01:00:50,459  
people involved you know and I've had I

1203  
01:00:53,450 --> 01:00:53,099  
had Charles Hall died I met him and he

1204  
01:00:57,290 --> 01:00:53,460  
was

1205  
01:01:00,380 --> 01:00:57,300  
on this show with John Burroughs there's

1206  
01:01:04,190 --> 01:01:00,390  
a lot of you know conflicts between a

1207  
01:01:07,460 --> 01:01:04,200  
number of the people in that this more

1208  
01:01:09,980 --> 01:01:07,470  
personal personality driven unknown

1209  
01:01:12,560 --> 01:01:09,990  
Chuck for years and Eppley Keys pretty

1210  
01:01:15,290 --> 01:01:12,570  
straightforward on them they know

1211  
01:01:19,640 --> 01:01:15,300  
Penniston talk to Burl's talk to a

1212  
01:01:25,270 --> 01:01:19,650  
number of others that were more of a you

1213  
01:01:28,250 --> 01:01:25,280

know on the side you know this was a

1214

01:01:32,330 --> 01:01:28,260

again the UFO community thinks that this

1215

01:01:35,120 --> 01:01:32,340

was a good deal for Chuck got him

1216

01:01:37,460 --> 01:01:35,130

promoted when in fact it was you know it

1217

01:01:41,420 --> 01:01:37,470

almost got him derailed he was already

1218

01:01:44,690 --> 01:01:41,430

on the fast track to Colonel and this

1219

01:01:46,580 --> 01:01:44,700

you know being associated with UFOs and

1220

01:01:48,590 --> 01:01:46,590

the military is generally not a good

1221

01:01:51,500 --> 01:01:48,600

thing and he will tell you that a number

1222

01:01:56,920 --> 01:01:51,510

of his people suffered from a career

1223

01:02:00,770 --> 01:01:56,930

perspective just because of any

1224

01:02:02,570 --> 01:02:00,780

relationship to the the incident what

1225

01:02:05,150 --> 01:02:02,580

would you say to the skeptic out there

1226

01:02:07,310 --> 01:02:05,160

you hear about all the lighthouse it was

1227

01:02:10,760 --> 01:02:07,320

just the lighthouse light Sandoval

1228

01:02:13,460 --> 01:02:10,770

ourselves yes and one of the things they

1229

01:02:15,740 --> 01:02:13,470

did shut up forget there was one program

1230

01:02:18,320 --> 01:02:15,750

that was done where they took the people

1231

01:02:22,040 --> 01:02:18,330

back there and they went to the actual

1232

01:02:24,260 --> 01:02:22,050

site and what they said is you cannot

1233

01:02:28,580 --> 01:02:24,270

see the lighthouse where the incident

1234

01:02:32,660 --> 01:02:28,590

took place periodicity notwithstanding

1235

01:02:34,810 --> 01:02:32,670

on the light that that the lighthouse

1236

01:02:37,370 --> 01:02:34,820

certainly didn't come up and you know

1237

01:02:39,830 --> 01:02:37,380

dent put dents on the ground and

1238

01:02:43,700 --> 01:02:39,840

radiation in the background well another

1239

01:02:47,600 --> 01:02:43,710

thing that's not as well known about the

1240

01:02:50,890 --> 01:02:47,610

case is we talk about it as two or three

1241

01:02:54,110 --> 01:02:50,900

incidents that happened December 1980

1242

01:02:58,340 --> 01:02:54,120

reality is weird stuff happened in that

1243

01:03:04,000 --> 01:02:58,350

area kind of forever and has even

1244

01:03:06,530 --> 01:03:04,010

continued after the base closed right so

1245

01:03:08,240 --> 01:03:06,540

we tend to try to listen

1246

01:03:13,310 --> 01:03:08,250

problem.the studying when you try to

1247

01:03:16,790 --> 01:03:13,320

isolate specific aspects of it and not

1248

01:03:19,640 --> 01:03:16,800

look at it in the larger context that's

1249

01:03:23,150 --> 01:03:19,650

right I believe when I spoke with the

1250

01:03:24,920 --> 01:03:23,160

Chuck he mentioned that things were

1251  
01:03:28,900 --> 01:03:24,930  
actually there was a sighting actually I

1252  
01:03:35,410 --> 01:03:28,910  
think from last year at some point still

1253  
01:03:43,370 --> 01:03:38,720  
even weirder things were going on all

1254  
01:03:47,540 --> 01:03:43,380  
along and it was far more than just the

1255  
01:03:51,110 --> 01:03:47,550  
two or three incidents that get written

1256  
01:03:54,260 --> 01:03:51,120  
above right okay that's it for the first

1257  
01:03:56,930 --> 01:03:54,270  
hour and hang in for this quick music

1258  
01:04:00,320 --> 01:03:56,940  
break we'll be right back to hear John

1259  
01:04:02,210 --> 01:04:00,330  
talk about Roswell skinwalker ranch and

1260  
01:04:03,590 --> 01:04:02,220  
more if you're listening this fire

1261  
01:04:44,210 --> 01:04:03,600  
you're a supporter and I want to thank

1262  
01:04:50,400 --> 01:04:47,960  
by the way the music for this show is

1263  
01:04:53,430 --> 01:04:50,410

created by Carrie Lloyd Whitehouse

1264

01:04:56,730 --> 01:04:53,440

season Ireland he makes music for

1265

01:04:59,690 --> 01:04:56,740

several movies some blockbuster movies

1266

01:05:03,329 --> 01:04:59,700

as well and he created an album

1267

01:05:05,609 --> 01:05:03,339

dedicated it to our past astronomer who

1268

01:05:09,210 --> 01:05:05,619

passed away recently

1269

01:05:11,460 --> 01:05:09,220

Andy Fleming and so there's a banner up

1270

01:05:13,710 --> 01:05:11,470

on podcast UFO on the sidebar and he

1271

01:05:15,870 --> 01:05:13,720

said anyone can download that music is

1272

01:05:18,960 --> 01:05:15,880

for free you can have it so that's right

1273

01:05:24,390 --> 01:05:18,970

on our website and Thank You Kerry for

1274

01:05:26,250 --> 01:05:24,400

that all right so John getting back to I

1275

01:05:29,849 --> 01:05:26,260

guess we're pretty much done on

1276

01:05:34,559 --> 01:05:29,859

Rendlesham forest I true I too think

1277

01:05:39,870 --> 01:05:34,569

it's truly in the top five cases that I

1278

01:05:42,780 --> 01:05:39,880

can think of and now I understand and I

1279

01:05:46,470 --> 01:05:42,790

know there's going to be some as Michael

1280

01:05:48,150 --> 01:05:46,480

who filled in for me last week said

1281

01:05:52,980 --> 01:05:48,160

there's going to be some heads exploding

1282

01:05:54,630 --> 01:05:52,990

but I understand you're not you don't

1283

01:06:00,599 --> 01:05:54,640

have a lot of faith in the Roswell

1284

01:06:06,059 --> 01:06:00,609

incident well the problem of Roswell is

1285

01:06:08,849 --> 01:06:06,069

the pieces never all quite fit I do tend

1286

01:06:11,370 --> 01:06:08,859

to come down against Roswell having said

1287

01:06:16,500 --> 01:06:11,380

that I've got some friends and I highly

1288

01:06:19,140 --> 01:06:16,510

respect to say that I'm wrong I happen

1289

01:06:23,039 --> 01:06:19,150

to think that it probably was something

1290

01:06:25,589 --> 01:06:23,049

of ours I I was kind of surprised it was

1291

01:06:32,339 --> 01:06:25,599

actually one of the programs that bill

1292

01:06:35,190 --> 01:06:32,349

burns dead and brought in when Jesse Jr

1293

01:06:38,640 --> 01:06:35,200

was still alive and there was a motor

1294

01:06:42,480 --> 01:06:38,650

sergeant they put out several thin films

1295

01:06:45,180 --> 01:06:42,490

and asked them to come in and say do you

1296

01:06:47,640 --> 01:06:45,190

see the material here that you had

1297

01:06:50,849 --> 01:06:47,650

handled years before and I absolutely

1298

01:06:53,520 --> 01:06:50,859

think that hey something did happen and

1299

01:06:54,240 --> 01:06:53,530

that Jesse Jr was absolutely

1300

01:06:56,910 --> 01:06:54,250

straight-arrow

1301

01:06:59,540 --> 01:06:56,920

on one of the few people who said

1302

01:07:03,450 --> 01:06:59,550

exactly what he knew and didn't

1303

01:07:06,780 --> 01:07:03,460

extrapolate but they both went in and

1304

01:07:11,580 --> 01:07:06,790

pointed to the same material and it did

1305

01:07:15,600 --> 01:07:11,590

exist at that time and it was exactly

1306

01:07:19,500 --> 01:07:15,610

what was needed for the mission that was

1307

01:07:23,760 --> 01:07:19,510

described so are you talking about that

1308

01:07:24,620 --> 01:07:23,770

the Mogul well something some of that

1309

01:07:29,250 --> 01:07:24,630

yeah

1310

01:07:34,800 --> 01:07:29,260

so this things don't when when someone

1311

01:07:36,990 --> 01:07:34,810

is taking apart the Roswell case there's

1312

01:07:40,560 --> 01:07:37,000

some things that don't fit either and

1313

01:07:43,620 --> 01:07:40,570

that is what first of all I've heard

1314

01:07:46,830 --> 01:07:43,630

different people's ideas on why the Army

1315

01:07:49,260 --> 01:07:46,840

Air Force would say that they recovered

1316

01:07:51,960 --> 01:07:49,270

a disk so first of all let's hear what

1317

01:07:58,020 --> 01:07:51,970

your thoughts are on why they would say

1318

01:08:01,410 --> 01:07:58,030

that oh they said they had the material

1319

01:08:03,090 --> 01:08:01,420

as opposed to a disc at number at the

1320

01:08:08,430 --> 01:08:03,100

time this funny thing that's interesting

1321

01:08:14,460 --> 01:08:08,440

Roswell was not a big deal in 1947 you

1322

01:08:17,790 --> 01:08:14,470

know it wasn't until more bullets came

1323

01:08:23,400 --> 01:08:17,800

forward with books what 20 years later

1324

01:08:26,340 --> 01:08:23,410

that it picked up the scheme again no I

1325

01:08:30,660 --> 01:08:26,350

I had people again a highly respect who

1326

01:08:33,420 --> 01:08:30,670

knew about the project of the material

1327

01:08:34,070 --> 01:08:33,430

that was picked up is exactly what was

1328

01:08:38,880 --> 01:08:34,080

needed

1329

01:08:41,550 --> 01:08:38,890

there's an interesting web on telling

1330

01:08:47,880 --> 01:08:41,560

the guy's name now there's a professor

1331

01:08:50,940 --> 01:08:47,890

at UC Berkeley who was involved in those

1332

01:08:56,430 --> 01:08:50,950

days and describes this in exquisite

1333

01:08:57,120 --> 01:08:56,440

detail one of the things I learned from

1334

01:09:00,960 --> 01:08:57,130

the process

1335

01:09:04,410 --> 01:09:00,970

I hadn't heard was that you got to

1336

01:09:10,050 --> 01:09:04,420

remember the context this was the bad

1337

01:09:13,290 --> 01:09:10,060

old days 47 we had popped hydrogen bombs

1338

01:09:17,430 --> 01:09:13,300

nobody else have but we knew the Soviet

1339

01:09:19,170 --> 01:09:17,440

Union was about to do so once that

1340

01:09:20,760 --> 01:09:19,180

happened there was an absolute

1341

01:09:27,660 --> 01:09:20,770

GameChanger from a geopolitical

1342

01:09:29,570 --> 01:09:27,670

standpoint and so knowing when they you

1343

01:09:32,730 --> 01:09:29,580

know touched off the first nuke was

1344

01:09:34,770 --> 01:09:32,740

absolutely critical there were some

1345

01:09:38,400 --> 01:09:34,780

things that were learned from World War

1346

01:09:42,170 --> 01:09:38,410

two this is the piece and I hadn't heard

1347

01:09:45,809 --> 01:09:42,180

about pilots flying over the Pacific

1348

01:09:48,690 --> 01:09:45,819

were given little balls and said if you

1349

01:09:51,510 --> 01:09:48,700

get shot down what you do is you pull a

1350

01:09:54,810 --> 01:09:51,520

pin on this thing and drop it into the

1351

01:09:55,800 --> 01:09:54,820

ocean if you haven't been picked up in

1352

01:09:59,310 --> 01:09:55,810

three days

1353

01:10:00,990 --> 01:09:59,320

pull the pin drop the second one and it

1354

01:10:04,260 --> 01:10:01,000

turns out there were certain acoustic

1355

01:10:05,760 --> 01:10:04,270

channels that we're in the water and so

1356

01:10:09,210 --> 01:10:05,770

what we would do is go and park

1357

01:10:11,160 --> 01:10:09,220

submarines in strategic areas near where

1358

01:10:14,730 --> 01:10:11,170

the flight pattern that was going to be

1359

01:10:17,160 --> 01:10:14,740

and they would hear the ping go up and

1360

01:10:19,350 --> 01:10:17,170

pick up the pilot well it turns out the

1361

01:10:21,630 --> 01:10:19,360

same things occur in the stratosphere

1362

01:10:26,520 --> 01:10:21,640

and what they were doing was taking

1363

01:10:31,230 --> 01:10:26,530

advantage of that now later our seismic

1364

01:10:34,410 --> 01:10:31,240

sensors became much more sophisticated

1365

01:10:37,920 --> 01:10:34,420

and able to do the sighting and we went

1366

01:10:40,950 --> 01:10:37,930

to you know relying on seismic sensors

1367

01:10:44,460 --> 01:10:40,960

as opposed to high-altitude acoustic

1368

01:10:47,130 --> 01:10:44,470

sensors but the material needed had to

1369

01:10:51,630 --> 01:10:47,140

be certain size shape and whatnot and a

1370

01:10:54,150 --> 01:10:51,640

lot of folks aren't aware but between 60

1371

01:10:57,630 --> 01:10:54,160

and 80 thousand feet there's horrendous

1372

01:10:59,750 --> 01:10:57,640

crosswinds and so what you needed was

1373

01:11:02,460 --> 01:10:59,760

material that could withstand

1374

01:11:05,330 --> 01:11:02,470

deformation and return to its original

1375

01:11:09,750 --> 01:11:05,340

configuration and that's exactly the

1376

01:11:13,620 --> 01:11:09,760

material that was picked up well in that

1377

01:11:15,810 --> 01:11:13,630

if that's the case why would so many

1378

01:11:18,930 --> 01:11:15,820

well this couple things why would so

1379

01:11:21,240 --> 01:11:18,940

many people make such a big deal about

1380

01:11:24,380 --> 01:11:21,250

it and why would they pick up their

1381

01:11:27,360 --> 01:11:24,390

reason that my point was they did

1382

01:11:29,130 --> 01:11:27,370

nobody raised their people with so many

1383

01:11:31,410 --> 01:11:29,140

years later all right

1384

01:11:34,020 --> 01:11:31,420

so many years later people are saying

1385

01:11:35,790 --> 01:11:34,030

they never saw anything like say the

1386

01:11:37,830 --> 01:11:35,800

material that these they crunched up in

1387

01:11:41,120 --> 01:11:37,840

their hands and well they did the people

1388

01:11:46,230 --> 01:11:41,130

that we know had their hands on it you

1389

01:11:50,790 --> 01:11:46,240

know did say this is either what I saw

1390

01:11:54,150 --> 01:11:50,800

very similar to it okay we have a lot of

1391

01:11:57,230 --> 01:11:54,160

people typing madly on the the town the

1392

01:12:00,870 --> 01:11:57,240

chatroom that I can't I can't

1393

01:12:03,210 --> 01:12:00,880

because we in trouble yeah but anyone is

1394

01:12:04,380 --> 01:12:03,220

welcome on the chatroom because I'm not

1395

01:12:06,780 --> 01:12:04,390

going to be able to read your questions

1396

01:12:10,440 --> 01:12:06,790

you're going so fast there please call

1397

01:12:14,130 --> 01:12:10,450

in at 6:03 967 403 Oh

1398

01:12:15,690 --> 01:12:14,140

and have a discussion with the dr. John

1399

01:12:17,280 --> 01:12:15,700

Alexander about Roswell if you'd like

1400

01:12:20,460 --> 01:12:17,290

while we're talking about it one of the

1401

01:12:24,090 --> 01:12:20,470

things that also comes to mind is why

1402

01:12:26,760 --> 01:12:24,100

would they fly the material to write in

1403

01:12:29,040 --> 01:12:26,770

the first place why would it be that

1404

01:12:31,170 --> 01:12:29,050

important if the material was

1405

01:12:34,340 --> 01:12:31,180

conventional to other weather balloons

1406

01:12:37,700 --> 01:12:34,350

and other marine animal not conventional

1407

01:12:40,350 --> 01:12:37,710

very businesses ultra ultra sensitive

1408

01:12:45,720 --> 01:12:40,360

one of the things where I totally

1409

01:12:48,600 --> 01:12:45,730

disagree with Jesse Marcel senior and

1410

01:12:51,300 --> 01:12:48,610

his interviews he said he was the Gd -

1411

01:12:54,300 --> 01:12:51,310

or the intelligence officer at Roswell

1412

01:12:55,770 --> 01:12:54,310

Army Airfield and therefore he knew

1413

01:12:58,800 --> 01:12:55,780

everything it was going on

1414

01:13:02,850 --> 01:12:58,810

that is just utter nonsense

1415

01:13:04,320 --> 01:13:02,860

this was you know he talked about a boat

1416

01:13:07,890 --> 01:13:04,330

top secret remember we were talking

1417

01:13:11,420 --> 01:13:07,900

about looking for the potential

1418

01:13:15,990 --> 01:13:11,430

game-changer in all the existing

1419

01:13:18,870 --> 01:13:16,000

geopolitical situation at the time well

1420

01:13:20,640 --> 01:13:18,880

no they didn't know and I do think that

1421

01:13:25,830 --> 01:13:20,650

one of the things that comes up as the

1422

01:13:27,570 --> 01:13:25,840

material being switched at Fort Worth

1423

01:13:31,500 --> 01:13:27,580

and I think that's absolutely what

1424

01:13:33,690 --> 01:13:31,510

happened and the reason was that by this

1425

01:13:37,180 --> 01:13:33,700

time people were on to what had happened

1426

01:13:40,959 --> 01:13:37,190

and that they knew the Soviets with

1427

01:13:44,320 --> 01:13:40,969

watching television and did not want

1428

01:13:47,920 --> 01:13:44,330

them to see what the real material was

1429

01:13:52,030 --> 01:13:47,930

on I'm convinced that a switch did take

1430

01:13:56,590 --> 01:13:52,040

place wasn't there these mobile balloons

1431

01:13:59,350 --> 01:13:56,600

weren't they pictured in newspapers let

1432

01:14:03,610 --> 01:13:59,360

them know that didn't come along until

1433

01:14:06,689 --> 01:14:03,620

many many years later alright well let's

1434

01:14:10,360 --> 01:14:06,699

talk about the people the witnesses that

1435

01:14:12,729 --> 01:14:10,370

there's like Kevin Randle who I actually

1436

01:14:17,610 --> 01:14:12,739

respect him a lot I think he's a very

1437

01:14:20,290 --> 01:14:17,620

guy we agree to disagree we can have

1438

01:14:24,810 --> 01:14:20,300

life with Sam Friedman and I know you

1439

01:14:28,780 --> 01:14:24,820

know we we have respectable the hill

1440

01:14:34,420 --> 01:14:28,790

disagreement on the facts and it I know

1441

01:14:36,160 --> 01:14:34,430

he's interviewed a lot of people it is

1442

01:14:39,400 --> 01:14:36,170

it for saying how many of them did not

1443

01:14:42,430 --> 01:14:39,410

come forward until because they many

1444

01:14:45,400 --> 01:14:42,440

many years later well in a way one of

1445

01:14:48,189 --> 01:14:45,410

the things I do think is important I do

1446

01:14:50,920 --> 01:14:48,199

believe that a an incident happened and

1447

01:14:54,760 --> 01:14:50,930

B that the cover-up was very

1448

01:14:58,350 --> 01:14:54,770

heavy-handed and when the folks went in

1449

01:15:01,420 --> 01:14:58,360

and absolutely were threatened and

1450

01:15:03,870 --> 01:15:01,430

whatever that was almost when hazel

1451  
01:15:08,770 --> 01:15:03,880  
O'Leary started truth and reconciliation

1452  
01:15:10,720 --> 01:15:08,780  
and they're like every in all of the

1453  
01:15:13,330 --> 01:15:10,730  
interview started with it was a

1454  
01:15:17,410 --> 01:15:13,340  
different time and I think one of the

1455  
01:15:19,420 --> 01:15:17,420  
problems not sure how old you are but if

1456  
01:15:23,260 --> 01:15:19,430  
you remember Duck and Cover and these

1457  
01:15:27,250 --> 01:15:23,270  
sorts of things people have today have

1458  
01:15:27,700 --> 01:15:27,260  
no concept of what the Cold War was like

1459  
01:15:31,180 --> 01:15:27,710  
and

1460  
01:15:33,160 --> 01:15:31,190  
we honestly believe that you know there

1461  
01:15:38,350 --> 01:15:33,170  
was an impending nuclear strike coming

1462  
01:15:41,380 --> 01:15:38,360  
at any you know any minute and it really

1463  
01:15:43,660 --> 01:15:41,390

was a totally different time in the

1464

01:15:46,270 --> 01:15:43,670

world hard to imagine in today's

1465

01:15:47,620 --> 01:15:46,280

environment yeah I remember hiding under

1466

01:15:49,750 --> 01:15:47,630

my desk you know that was one of the

1467

01:15:51,129 --> 01:15:49,760

things we had to do is crawl under our

1468

01:15:54,040 --> 01:15:51,139

desks like would be

1469

01:15:54,549 --> 01:15:54,050

saved from a nuclear bomb yeah under the

1470

01:15:55,959 --> 01:15:54,559

desk

1471

01:16:02,679 --> 01:15:55,969

what that would have done a lot of good

1472

01:16:05,350 --> 01:16:02,689

yeah yeah so alright I had a train of

1473

01:16:07,389 --> 01:16:05,360

thought here as far as some so the

1474

01:16:11,469 --> 01:16:07,399

material was flown what about the people

1475

01:16:13,739 --> 01:16:11,479

the many people and you just said right

1476

01:16:18,580 --> 01:16:13,749

there that there was a heavy-handed

1477

01:16:20,290 --> 01:16:18,590

threats going on there so maybe maybe

1478

01:16:21,819 --> 01:16:20,300

that's why people didn't talk about it

1479

01:16:26,109 --> 01:16:21,829

for years and they felt more comfortable

1480

01:16:28,330 --> 01:16:26,119

30 and there were very few with these or

1481

01:16:31,989 --> 01:16:28,340

firsthand almost all of them are

1482

01:16:34,089 --> 01:16:31,999

secondhand witnesses at best and what

1483

01:16:37,540 --> 01:16:34,099

about the bodies do you think that was

1484

01:16:40,149 --> 01:16:37,550

all the desirable I do not believe the

1485

01:16:42,639 --> 01:16:40,159

bodies you know and I've been talking

1486

01:16:46,389 --> 01:16:42,649

I've been told my friends I respect that

1487

01:16:48,969 --> 01:16:46,399

that's wrong but I I don't see bodies

1488

01:16:52,959 --> 01:16:48,979

they didn't enter the picture until much

1489

01:16:57,189 --> 01:16:52,969

later the whole mortuary story and all

1490

01:17:00,459 --> 01:16:57,199

valve in a geological college group that

1491

01:17:05,739 --> 01:17:00,469

supposedly yeah these new groups kept

1492

01:17:08,709 --> 01:17:05,749

popping up but it was Elm you didn't

1493

01:17:12,689 --> 01:17:08,719

hear any of that early on well one of

1494

01:17:15,879 --> 01:17:12,699

the things I think is something that

1495

01:17:18,509 --> 01:17:15,889

shouldn't be discounted quickly as the

1496

01:17:20,969 --> 01:17:18,519

woman in Florida that had the death bed

1497

01:17:24,159 --> 01:17:20,979

basically she was honored at bit and

1498

01:17:27,339 --> 01:17:24,169

said you know she wanted to talk to her

1499

01:17:29,500 --> 01:17:27,349

hospice worker or whoever it was about

1500

01:17:31,179 --> 01:17:29,510

seeing the bodies and being part of that

1501

01:17:34,689 --> 01:17:31,189

group and keeping it quiet all those

1502

01:17:38,500 --> 01:17:34,699

years you know to me that's I have no

1503

01:17:40,089 --> 01:17:38,510

data at all though that's up I can't

1504

01:17:42,339 --> 01:17:40,099

remember if it was I don't think it was

1505

01:17:45,159 --> 01:17:42,349

Kevin Randall I spoke to but I believe

1506

01:17:49,600 --> 01:17:45,169

it might have been the other people

1507

01:17:51,909 --> 01:17:49,610

involved in that so if you're on the

1508

01:17:54,279 --> 01:17:51,919

message board it's going pretty fast

1509

01:17:56,109 --> 01:17:54,289

here so if anyone wants a specific

1510

01:17:59,589 --> 01:17:56,119

question please type it as a question

1511

01:18:01,149 --> 01:17:59,599

and I'll pass it along to we're

1512

01:18:04,480 --> 01:18:01,159

listening right now to John Alexander

1513

01:18:07,990 --> 01:18:04,490

and the phone line is open

1514

01:18:16,200 --> 01:18:08,000

no one's dared to call you John and it's

1515

01:18:20,050 --> 01:18:16,210

6:03 967 403 oh that we bite yeah so

1516

01:18:22,990 --> 01:18:20,060

alright Roswell I think myself you know

1517

01:18:24,580 --> 01:18:23,000

I'm on on the other side of the fence

1518

01:18:28,720 --> 01:18:24,590

from you I just think there's too many

1519

01:18:31,030 --> 01:18:28,730

things I know a lot of times like a myth

1520

01:18:34,950 --> 01:18:31,040

will become fact because it's carried on

1521

01:18:36,910 --> 01:18:34,960

and retold many times for instance

1522

01:18:39,250 --> 01:18:36,920

Alexander the Great let's just say

1523

01:18:41,880 --> 01:18:39,260

Alexander the Great had a UFO sighting

1524

01:18:46,870 --> 01:18:41,890

well right you look back there's no

1525

01:18:48,040 --> 01:18:46,880

other you go before 1959 before a book

1526

01:18:50,050 --> 01:18:48,050

was written about that and there's

1527

01:18:53,590 --> 01:18:50,060

absolutely nothing out there so I

1528

01:18:56,350 --> 01:18:53,600

understand how these myths can get

1529

01:19:01,930 --> 01:18:56,360

carried on and there is a lot of myth

1530

01:19:04,780 --> 01:19:01,940

that has kind of coagulated with Roswell

1531

01:19:09,760 --> 01:19:04,790

and you know people you know dressing up

1532

01:19:13,150 --> 01:19:09,770

they actually wrote to that issue and I

1533

01:19:16,090 --> 01:19:13,160

forget I was published in with gufo

1534

01:19:19,660 --> 01:19:16,100

reporter or some that to look up and see

1535

01:19:22,180 --> 01:19:19,670

where it was published but in all

1536

01:19:25,450 --> 01:19:22,190

phenomena one of the things that I have

1537

01:19:28,720 --> 01:19:25,460

found I developed the whole model based

1538

01:19:32,710 --> 01:19:28,730

on this and what you start with

1539

01:19:35,770 --> 01:19:32,720

like with Roswell or and well Kent

1540

01:19:37,540 --> 01:19:35,780

Arnold and 47 you got a few sightings

1541

01:19:39,400 --> 01:19:37,550

and then you go forward you get more and

1542

01:19:41,980 --> 01:19:39,410

more sighting then you do some studies

1543

01:19:44,350 --> 01:19:41,990

and then you go forward and time and you

1544

01:19:46,810 --> 01:19:44,360

study then you do studies of studies and

1545

01:19:49,240 --> 01:19:46,820

try to aggregate and then at some

1546

01:19:52,330 --> 01:19:49,250

perspectives point in time you do a

1547

01:19:54,310 --> 01:19:52,340

historical perspective and the problem

1548

01:19:56,080 --> 01:19:54,320

with a historical perspective is when

1549

01:19:59,830 --> 01:19:56,090

you reach back you find out the

1550

01:20:02,920 --> 01:19:59,840

phenomena was there long before you

1551  
01:20:07,960 --> 01:20:02,930  
thought it was it just wasn't recognized

1552  
01:20:12,370 --> 01:20:07,970  
as such there are plenty of jacque de

1553  
01:20:14,729 --> 01:20:12,380  
ley did a book fairly recently and i

1554  
01:20:17,580 --> 01:20:14,739  
mean they went back 3,000 years

1555  
01:20:20,879 --> 01:20:17,590  
you know of sightings and yet everybody

1556  
01:20:23,700 --> 01:20:20,889  
wants to start you know the modern

1557  
01:20:30,390 --> 01:20:23,710  
mythology if you will starts with Kent

1558  
01:20:33,060 --> 01:20:30,400  
Arnold in summer 47 yes I actually spoke

1559  
01:20:38,239 --> 01:20:33,070  
with I had a little bit of a debate with

1560  
01:20:41,040 --> 01:20:38,249  
a doctor step show stock from SETI and

1561  
01:20:45,569 --> 01:20:41,050  
uh yeah that's I always say his name Ron

1562  
01:20:49,200 --> 01:20:45,579  
and he he said of the UFO phenomenon

1563  
01:20:52,049 --> 01:20:49,210

started in 1947 that's just you know his

1564

01:20:55,290 --> 01:20:52,059

belief a lot of people believe that you

1565

01:20:58,950 --> 01:20:55,300

know that that's it and so Teddy would

1566

01:21:01,649 --> 01:20:58,960

be scared to death if anything really

1567

01:21:04,080 --> 01:21:01,659

they turned up anything real I know what

1568

01:21:06,359 --> 01:21:04,090

they say but I think this is what they

1569

01:21:09,330 --> 01:21:06,369

say it would just scare the crap out of

1570

01:21:12,299 --> 01:21:09,340

them are you saying a signal is that

1571

01:21:16,410 --> 01:21:12,309

what you're saying or yeah the SETI

1572

01:21:23,669 --> 01:21:16,420

program I mean it is basically designed

1573

01:21:25,259 --> 01:21:23,679

for failure ha it I I have I have to

1574

01:21:27,959 --> 01:21:25,269

agree with you on that for the most part

1575

01:21:31,080 --> 01:21:27,969

because of what they're listening for

1576

01:21:35,430 --> 01:21:31,090

could be ancient technology to an

1577

01:21:37,489 --> 01:21:35,440

advanced civilization yeah I had Edward

1578

01:21:40,049 --> 01:21:37,499

Teller and we talked about it and said

1579

01:21:43,790 --> 01:21:40,059

hey they're looking in the wrong place

1580

01:21:46,950 --> 01:21:43,800

and B it's like you know looking out

1581

01:21:51,029 --> 01:21:46,960

basically using a straw explore the

1582

01:21:54,569 --> 01:21:51,039

universe and and we have a problem

1583

01:21:57,290 --> 01:21:54,579

I give I'm not going to get into the

1584

01:22:02,040 --> 01:21:57,300

other topics I've been involved with but

1585

01:22:04,669 --> 01:22:02,050

you know I I have hard evidence of

1586

01:22:07,140 --> 01:22:04,679

various phenomena that occurred in other

1587

01:22:09,750 --> 01:22:07,150

the other domain of the parts of the

1588

01:22:12,600 --> 01:22:09,760

world and the evidence in favor you know

1589

01:22:15,959 --> 01:22:12,610

physical evidence supporting these

1590

01:22:18,270 --> 01:22:15,969

Lamarr just overwhelming friend of mine

1591

01:22:20,609 --> 01:22:18,280

said if psy was a crime it would be

1592

01:22:21,649 --> 01:22:20,619

convicted you know you can stand up in a

1593

01:22:27,239 --> 01:22:21,659

court of law

1594

01:22:28,100 --> 01:22:27,249

but we can to just mock look at the

1595

01:22:29,810 --> 01:22:28,110

evidence

1596

01:22:35,479 --> 01:22:29,820

some interesting articles that came out

1597

01:22:39,350 --> 01:22:35,489

this this week it was designed primarily

1598

01:22:43,100 --> 01:22:39,360

to talk about the elections and

1599

01:22:47,800 --> 01:22:43,110

political things but how you know our

1600

01:22:50,720 --> 01:22:47,810

brains are literally skewed in favor of

1601  
01:22:53,320 --> 01:22:50,730  
emotion and preconceived ideas over

1602  
01:22:56,510 --> 01:22:53,330  
accepting facts particularly facts

1603  
01:23:02,030 --> 01:22:56,520  
radically disagree with the

1604  
01:23:04,370 --> 01:23:02,040  
preconception what you just said there

1605  
01:23:07,040 --> 01:23:04,380  
are a minute ago about overwhelming

1606  
01:23:10,810 --> 01:23:07,050  
evidence do you want to give a couple of

1607  
01:23:14,149 --> 01:23:10,820  
examples of what you're talking about

1608  
01:23:16,640 --> 01:23:14,159  
well which phenomena you want you know

1609  
01:23:18,740 --> 01:23:16,650  
I've been in your death study I think

1610  
01:23:23,330 --> 01:23:18,750  
continuation of consciousness beyond

1611  
01:23:27,620 --> 01:23:23,340  
physical death is you know all but but

1612  
01:23:31,760 --> 01:23:27,630  
proven some of the things that I'm doing

1613  
01:23:34,459 --> 01:23:31,770

when I was in Togo and Benin and West

1614

01:23:37,820 --> 01:23:34,469

Africa and saw things and voodoo

1615

01:23:39,350 --> 01:23:37,830

ceremonies that got on videotape that

1616

01:23:41,870 --> 01:23:39,360

I'm not publishing because I've never

1617

01:23:44,540 --> 01:23:41,880

seen anything like it but where guys are

1618

01:23:46,820 --> 01:23:44,550

standing in fire sitting in fire eating

1619

01:23:51,100 --> 01:23:46,830

fire holding it in their mouth and you

1620

01:23:53,689 --> 01:23:51,110

watch it glow as they inhale and exhale

1621

01:23:54,680 --> 01:23:53,699

so it's definitely there for holding it

1622

01:23:58,070 --> 01:23:54,690

there for a minute

1623

01:24:01,820 --> 01:23:58,080

I've had that examined by magicians and

1624

01:24:06,229 --> 01:24:01,830

just said no way you you know there's no

1625

01:24:09,740 --> 01:24:06,239

tricks of involved well I have seen I

1626

01:24:13,010 --> 01:24:09,750

you know we visited shamans all over the

1627

01:24:15,560 --> 01:24:13,020

world seen various kinds of phenomena

1628

01:24:21,520 --> 01:24:15,570

now where are things I point out is that

1629

01:24:24,830 --> 01:24:21,530

I do work in Brazil periodically and

1630

01:24:28,430 --> 01:24:24,840

often in the non-lethal weapons area but

1631

01:24:31,520 --> 01:24:28,440

the point there is that in dealing with

1632

01:24:35,600 --> 01:24:31,530

intelligentsia highly educated Western

1633

01:24:40,550 --> 01:24:35,610

systems their belief system totally

1634

01:24:41,899 --> 01:24:40,560

accommodates the spirit world and can

1635

01:24:45,020 --> 01:24:41,909

integrate that

1636

01:24:47,959 --> 01:24:45,030

a Western education with no problem the

1637

01:24:51,770 --> 01:24:47,969

problem we have in the quote Western

1638

01:24:54,439 --> 01:24:51,780

world is that we consider a spirit world

1639

01:24:57,109 --> 01:24:54,449

in the real world if you even believe in

1640

01:25:01,370 --> 01:24:57,119

the possibility of a spirit world to be

1641

01:25:03,770 --> 01:25:01,380

separate and distinct so there's a

1642

01:25:06,199 --> 01:25:03,780

fundamental problem in our belief

1643

01:25:09,439 --> 01:25:06,209

systems and what evidence were willing

1644

01:25:12,709 --> 01:25:09,449

to accept but I think it's overwhelming

1645

01:25:15,589 --> 01:25:12,719

and in favor now you had some

1646

01:25:19,009 --> 01:25:15,599

involvement somehow with remote viewing

1647

01:25:21,560 --> 01:25:19,019

as well I've certainly been on the

1648

01:25:24,770 --> 01:25:21,570

tangent of that and I was with the hurva

1649

01:25:27,250 --> 01:25:24,780

when it was on their board when it was

1650

01:25:29,919 --> 01:25:27,260

formed so quite familiar with the

1651

01:25:31,549 --> 01:25:29,929

participants and the technology yeah

1652

01:25:35,719 --> 01:25:31,559

uh-huh

1653

01:25:38,060 --> 01:25:35,729

that's that's a fascinating topic of

1654

01:25:40,939 --> 01:25:38,070

course it's way off of the UFO topic for

1655

01:25:43,399 --> 01:25:40,949

me moon I've looked into that a little

1656

01:25:47,299 --> 01:25:43,409

bit you know it's really really

1657

01:25:49,489 --> 01:25:47,309

interesting and yep I you know there are

1658

01:25:53,449 --> 01:25:49,499

a lot of things that are unexplainable

1659

01:25:55,100 --> 01:25:53,459

and that's going to steer us toward your

1660

01:25:59,600 --> 01:25:55,110

involvement with the skinwalker ranch

1661

01:26:01,640 --> 01:25:59,610

I've had a lot of email conversations

1662

01:26:03,620 --> 01:26:01,650

with George Knapp I've never been able

1663

01:26:06,890 --> 01:26:03,630

to get him on the show he's a very busy

1664

01:26:08,299 --> 01:26:06,900

guy I'm sure you know that but let's

1665

01:26:10,729 --> 01:26:08,309

talk about that so you were involved

1666

01:26:14,989 --> 01:26:10,739

with Bob Bigelow and how did it come

1667

01:26:18,080 --> 01:26:14,999

about where you were on this team there

1668

01:26:20,120 --> 01:26:18,090

at the skinwalker ranch well I was about

1669

01:26:25,219 --> 01:26:20,130

the day bought the ranch so I was the

1670

01:26:28,729 --> 01:26:25,229

first one our folks to actively they'll

1671

01:26:32,359 --> 01:26:28,739

stay up there the others you know

1672

01:26:34,640 --> 01:26:32,369

overtime spent a lot more time than I

1673

01:26:38,569 --> 01:26:34,650

did but we would go up and just watch

1674

01:26:41,449 --> 01:26:38,579

I've got to say when the things I

1675

01:26:45,399 --> 01:26:41,459

personally observed there I did not see

1676

01:26:51,290 --> 01:26:45,409

anything that isn't pretty explainable

1677

01:26:53,719 --> 01:26:51,300

personally that said there were a number

1678

01:26:54,790 --> 01:26:53,729

of incidents that happen with you know

1679

01:26:57,540 --> 01:26:54,800

our guys there

1680

01:27:01,270 --> 01:26:57,550

that just again over totally

1681

01:27:03,839 --> 01:27:01,280

overwhelming and absolutely happened and

1682

01:27:07,149 --> 01:27:03,849

so bizarre this is one of the problems

1683

01:27:09,750 --> 01:27:07,159

and in fact again in the book I did

1684

01:27:13,600 --> 01:27:09,760

address that and what I call the

1685

01:27:16,810 --> 01:27:13,610

precognitive sentience phenomena meaning

1686

01:27:19,330 --> 01:27:16,820

that UFOs were a piece of that but only

1687

01:27:23,500 --> 01:27:19,340

a small piece that the phenomena were

1688

01:27:29,200 --> 01:27:23,510

very broad and in considerable depth and

1689

01:27:32,080 --> 01:27:29,210

the point was that we would you know we

1690

01:27:33,669 --> 01:27:32,090

would start studying things and then you

1691

01:27:37,149 --> 01:27:33,679

know an incident would happened

1692

01:27:39,669 --> 01:27:37,159

start to study it and then phenomena

1693

01:27:42,160 --> 01:27:39,679

would go oh you like that try this and

1694

01:27:45,640 --> 01:27:42,170

you would get something totally

1695

01:27:48,669 --> 01:27:45,650

different now white why would you think

1696

01:27:51,280 --> 01:27:48,679

in one spot like that one area like that

1697

01:27:53,049 --> 01:27:51,290

so many things were happening any ideas

1698

01:27:56,950 --> 01:27:53,059

that anyone come try to come up with

1699

01:28:02,290 --> 01:27:56,960

something Oh many many things we had the

1700

01:28:04,959 --> 01:28:02,300

place in instrumented but with all of us

1701  
01:28:15,010 --> 01:28:04,969  
and we were monitoring that timeless

1702  
01:28:17,560 --> 01:28:15,020  
photography 24/7 and it was you know one

1703  
01:28:20,410 --> 01:28:17,570  
of the most phenomenal incidents that

1704  
01:28:22,540 --> 01:28:20,420  
happened was a case where we had four

1705  
01:28:27,910 --> 01:28:22,550  
cameras on posts about 20 feet high

1706  
01:28:31,390 --> 01:28:27,920  
looking to the west and the one of the

1707  
01:28:35,260 --> 01:28:31,400  
outer cameras suddenly stopped working

1708  
01:28:37,780 --> 01:28:35,270  
now the way it works is the cameras ECGs

1709  
01:28:40,180 --> 01:28:37,790  
are you know on top of the post there's

1710  
01:28:42,640 --> 01:28:40,190  
wires going up you got about half a roll

1711  
01:28:46,689 --> 01:28:42,650  
of duct tape holding on they got close

1712  
01:28:52,530 --> 01:28:46,699  
to the ground with PVC fixing it so you

1713  
01:28:54,850 --> 01:28:52,540

could it would be protected um and this

1714

01:28:58,049 --> 01:28:54,860

what we know when it stopped recording

1715

01:29:02,589 --> 01:28:58,059

and something had reached up and pulled

1716

01:29:06,399 --> 01:29:02,599

the wires loose from the camera the

1717

01:29:08,540 --> 01:29:06,409

entire duct tape was gone there was a

1718

01:29:12,170 --> 01:29:08,550

boning free but chunk of

1719

01:29:14,840 --> 01:29:12,180

the wire that was totally missing the

1720

01:29:18,910 --> 01:29:14,850

PVC had been pulled loose to you clamps

1721

01:29:22,970 --> 01:29:18,920

holding it were gone what was even more

1722

01:29:26,810 --> 01:29:22,980

interesting was at the time that this

1723

01:29:30,170 --> 01:29:26,820

happened the cattle were kind of

1724

01:29:32,600 --> 01:29:30,180

standing around right near the pole for

1725

01:29:34,970 --> 01:29:32,610

these incidents happen the significance

1726

01:29:38,320 --> 01:29:34,980

of that is that if anybody got near the

1727

01:29:40,730 --> 01:29:38,330

cattle you know they would scatter

1728

01:29:43,970 --> 01:29:40,740

absolutely nothing happened and yet

1729

01:29:46,540 --> 01:29:43,980

nothing shows up on the camera that is

1730

01:29:50,360 --> 01:29:46,550

staring at the one where all this

1731

01:29:52,310 --> 01:29:50,370

mischief occurred Wow now how long was

1732

01:29:55,310 --> 01:29:52,320

it that if that someone physically

1733

01:29:58,220 --> 01:29:55,320

looked at the camera in the pole and

1734

01:30:01,490 --> 01:29:58,230

everything after the incident Oh spent

1735

01:30:06,580 --> 01:30:01,500

lots of time they sent the the set the

1736

01:30:11,630 --> 01:30:06,590

wire out for analysis of what to cut it

1737

01:30:15,400 --> 01:30:11,640

it yeah lots of moss and nothing

1738

01:30:21,260 --> 01:30:15,410

absolutely nothing made sense and again

1739

01:30:23,390 --> 01:30:21,270

instrumented and you know should have

1740

01:30:26,540 --> 01:30:23,400

been on camera but there's absolutely

1741

01:30:28,580 --> 01:30:26,550

nothing there and that's true this is it

1742

01:30:30,350 --> 01:30:28,590

was from the incidents there were many

1743

01:30:32,110 --> 01:30:30,360

many incidents that happened up at the

1744

01:30:35,890 --> 01:30:32,120

ranch

1745

01:30:39,380 --> 01:30:35,900

and I said it's precognitive in that

1746

01:30:44,210 --> 01:30:39,390

something knows how you are going to

1747

01:30:48,740 --> 01:30:44,220

respond to stimuli and an accident or an

1748

01:30:51,260 --> 01:30:48,750

incident before it even occurs is

1749

01:30:54,500 --> 01:30:51,270

certainly intelligent and certainly

1750

01:30:57,340 --> 01:30:54,510

phenomenal you think do you think of a

1751

01:31:02,240 --> 01:30:57,350

trickster or whatnot um you know

1752

01:31:04,970 --> 01:31:02,250

something was there and it it was

1753

01:31:11,240 --> 01:31:04,980

totally in charge and every time you get

1754

01:31:14,840 --> 01:31:11,250

to working on it um you know it go oh

1755

01:31:16,840 --> 01:31:14,850

you like that try this and you would get

1756

01:31:20,750 --> 01:31:16,850

something totally different

1757

01:31:21,689 --> 01:31:20,760

what up the one thing when I read the

1758

01:31:25,890 --> 01:31:21,699

book

1759

01:31:27,120 --> 01:31:25,900

that really intrigued me was the talk

1760

01:31:29,219 --> 01:31:27,130

about I think there was two or three

1761

01:31:32,989 --> 01:31:29,229

people watching they saw what looked

1762

01:31:36,449 --> 01:31:32,999

like a portal or something and sometimes

1763

01:31:38,969 --> 01:31:36,459

yeah and then the being of whatever it

1764

01:31:42,899 --> 01:31:38,979

was crying all are kind of there you see

1765

01:31:45,779 --> 01:31:42,909

what you see is a Jim white probably

1766

01:31:48,810 --> 01:31:45,789

about three feet above the ground wasn't

1767

01:31:53,189 --> 01:31:48,820

quite there and something the head and

1768

01:31:57,479 --> 01:31:53,199

shoulders popped itself up and you know

1769

01:32:02,370 --> 01:31:57,489

went running off and this was a kind of

1770

01:32:05,759 --> 01:32:02,380

a powdery dirt road and he went down you

1771

01:32:08,009 --> 01:32:05,769

know no footprints so this I think

1772

01:32:11,790 --> 01:32:08,019

definitely came out from somewhere when

1773

01:32:14,969 --> 01:32:11,800

running off it just makes you wonder why

1774

01:32:17,160 --> 01:32:14,979

there's places were all these different

1775

01:32:18,540 --> 01:32:17,170

I mean especially I've never heard of so

1776

01:32:22,830 --> 01:32:18,550

many different things happen in one

1777

01:32:25,739 --> 01:32:22,840

location as a in that place what about

1778

01:32:29,129 --> 01:32:25,749

now what what do we know now what's

1779

01:32:33,209 --> 01:32:29,139

going on there uh I don't know I've not

1780

01:32:35,669 --> 01:32:33,219

been in touch with them they what

1781

01:32:42,540 --> 01:32:35,679

happened eventually was the event sort

1782

01:32:45,419 --> 01:32:42,550

of slowed down and you know Bob got more

1783

01:32:48,359 --> 01:32:45,429

interested in space you know in running

1784

01:32:54,629 --> 01:32:48,369

Bigelow Aerospace and went off in that

1785

01:32:56,640 --> 01:32:54,639

direction right so we had there were

1786

01:32:58,890 --> 01:32:56,650

like you said there were a couple of UFO

1787

01:33:02,640 --> 01:32:58,900

sightings I when I was reading the book

1788

01:33:05,669 --> 01:33:02,650

I remember that there was not talked

1789

01:33:11,239 --> 01:33:05,679

about too many maybe three or four times

1790

01:33:14,850 --> 01:33:11,249

that subject came up tides of

1791

01:33:20,819 --> 01:33:14,860

different like large dogs and animals

1792

01:33:23,580 --> 01:33:20,829

and so I do recommend that book to the

1793

01:33:26,839 --> 01:33:23,590

listener out there it's a hello first

1794

01:33:34,169 --> 01:33:26,849

for the skinwalker yes yeah excellent

1795

01:33:37,410 --> 01:33:34,179

yeah and so what what other things

1796

01:33:39,419 --> 01:33:37,420

were when you were there what was it

1797

01:33:41,009 --> 01:33:39,429

like being there I mean was it a lot of

1798

01:33:44,040 --> 01:33:41,019

sitting around and waiting for something

1799

01:33:48,029 --> 01:33:44,050

to happen well you know I had a shootout

1800

01:33:49,859 --> 01:33:48,039

with Jesse Ventura and yeah I was one of

1801  
01:33:53,219 --> 01:33:49,869  
the things they said yell can I catch up

1802  
01:33:56,189 --> 01:33:53,229  
the ranch since it will no said besides

1803  
01:33:59,040 --> 01:33:56,199  
you be really bored because again we

1804  
01:34:01,169 --> 01:33:59,050  
talked about we had phenomenal incidents

1805  
01:34:05,969 --> 01:34:01,179  
occur but when you split that up over

1806  
01:34:07,830 --> 01:34:05,979  
six years it's not like you know we're

1807  
01:34:12,679 --> 01:34:07,840  
stop popping every night or anything

1808  
01:34:16,410 --> 01:34:12,689  
like that so yet periodically these

1809  
01:34:18,839 --> 01:34:16,420  
phenomenal events did occur uh-huh and

1810  
01:34:19,410 --> 01:34:18,849  
cattle mutilations here that's how it

1811  
01:34:22,290 --> 01:34:19,420  
all began

1812  
01:34:24,629 --> 01:34:22,300  
didn't it or shortly after the family

1813  
01:34:27,359 --> 01:34:24,639

that moved there were several cases

1814

01:34:30,810 --> 01:34:27,369

Terry had lots and lots of problems at

1815

01:34:33,479 --> 01:34:30,820

the ranch I mean again I would recommend

1816

01:34:37,020 --> 01:34:33,489

the book because it covers many many of

1817

01:34:41,779 --> 01:34:37,030

the incidents one of the strangest ones

1818

01:34:44,669 --> 01:34:41,789

that happened under our watch was I

1819

01:34:46,589 --> 01:34:44,679

forget the year this is written up in

1820

01:34:52,919 --> 01:34:46,599

the book I think I used it but anyway

1821

01:34:55,679 --> 01:34:52,929

the it was cabbings season and Jerry went

1822

01:34:58,049 --> 01:34:55,689

out found the newborn what they would do

1823

01:35:01,589 --> 01:34:58,059

is tag it and weigh it the tag

1824

01:35:04,589 --> 01:35:01,599

associates it with the mother drove

1825

01:35:10,109 --> 01:35:04,599

across the field and this is just as

1826  
01:35:12,330 --> 01:35:10,119  
flat as you can imagine totally open you

1827  
01:35:16,199 --> 01:35:12,340  
know complete line of sight no problem

1828  
01:35:18,810 --> 01:35:16,209  
there um finds another newborn tags it

1829  
01:35:22,549 --> 01:35:18,820  
weighs it and he comes back in about 45

1830  
01:35:26,009 --> 01:35:22,559  
minutes elapsed time and cap one is dead

1831  
01:35:30,270 --> 01:35:26,019  
not only is it dead has been mutilated

1832  
01:35:34,129 --> 01:35:30,280  
exsanguinated ears been chopped off the

1833  
01:35:36,959 --> 01:35:34,139  
femur of this one I think the femur was

1834  
01:35:41,939 --> 01:35:36,969  
separated from the body but about 20

1835  
01:35:43,859 --> 01:35:41,949  
pounds of stopped yes excuse me is

1836  
01:35:47,100 --> 01:35:43,869  
missing Wow

1837  
01:35:47,850 --> 01:35:47,110  
and like I say it happened in broad

1838  
01:35:54,770 --> 01:35:47,860

daylight

1839

01:35:57,450 --> 01:35:54,780

I um

1840

01:35:58,919 --> 01:35:57,460

you know people said well the blood just

1841

01:36:02,970 --> 01:35:58,929

went in the ground

1842

01:36:05,729 --> 01:36:02,980

we had Adam get blood from a butcher job

1843

01:36:07,800 --> 01:36:05,739

pour it on the ground the weeks later

1844

01:36:10,500 --> 01:36:07,810

you'd say no that's for the blood was

1845

01:36:12,780 --> 01:36:10,510

bored on the ground so that did not

1846

01:36:17,189 --> 01:36:12,790

account for all of the things that

1847

01:36:19,140 --> 01:36:17,199

happened the here with the tag on looked

1848

01:36:22,500 --> 01:36:19,150

like it had been almost surgically

1849

01:36:25,109 --> 01:36:22,510

removed very very clean there were knife

1850

01:36:27,300 --> 01:36:25,119

marks on some of the other bones and

1851

01:36:30,870 --> 01:36:27,310

other cuts on there here's one that

1852

01:36:32,729 --> 01:36:30,880

happens like there is the problem with

1853

01:36:34,859 --> 01:36:32,739

most cattle mutilations is you have no

1854

01:36:37,560 --> 01:36:34,869

idea when they occurred you know people

1855

01:36:40,890 --> 01:36:37,570

think that ranchers see their cattle on

1856

01:36:42,600 --> 01:36:40,900

a continuous basis reality is that in

1857

01:36:44,580 --> 01:36:42,610

the summer they'll tell them loosening

1858

01:36:47,430 --> 01:36:44,590

you mean I'll see them for weeks or

1859

01:36:51,540 --> 01:36:47,440

months at a time so you come across a

1860

01:36:53,490 --> 01:36:51,550

dead calf and you don't know when the

1861

01:36:55,770 --> 01:36:53,500

incident occurred or what degree and

1862

01:36:58,560 --> 01:36:55,780

yeah some of that is certainly predation

1863

01:37:02,430 --> 01:36:58,570

but there's other kinds of incidents

1864

01:37:04,649 --> 01:37:02,440

that happen that certainly do not you

1865

01:37:10,160 --> 01:37:04,659

know answer that and this particular one

1866

01:37:14,879 --> 01:37:10,170

was suffocation we had George and that

1867

01:37:16,950 --> 01:37:14,889

was the DVM was on the scene within a

1868

01:37:22,310 --> 01:37:16,960

few hours and be able to do a necropsy

1869

01:37:25,550 --> 01:37:22,320

on it and justifies all reasonable

1870

01:37:28,410 --> 01:37:25,560

explanation one of the strangest

1871

01:37:31,500 --> 01:37:28,420

mutilations I've ever heard about was

1872

01:37:33,419 --> 01:37:31,510

one that happened there as well as the

1873

01:37:35,459 --> 01:37:33,429

one that appeared that it was like

1874

01:37:38,370 --> 01:37:35,469

picked up and dropped headfirst into a

1875

01:37:42,479 --> 01:37:38,380

hole Ethan you familiar with that in the

1876

01:37:43,800 --> 01:37:42,489

books don't remember that yeah well

1877

01:37:49,859 --> 01:37:43,810

there were several that we thought were

1878

01:37:51,810 --> 01:37:49,869

dropped or looked like got effects you

1879

01:37:54,990 --> 01:37:51,820

know the analysis on and we looked at

1880

01:37:57,689 --> 01:37:55,000

what had happened and you know you shoot

1881

01:38:00,839 --> 01:37:57,699

cattle rustler so right you know the

1882

01:38:01,660 --> 01:38:00,849

idea that we looked at all of the you

1883

01:38:03,820 --> 01:38:01,670

know the potential

1884

01:38:09,970 --> 01:38:03,830

big predators and things like that and

1885

01:38:15,550 --> 01:38:09,980

this did not get any known predator but

1886

01:38:19,780 --> 01:38:15,560

it you know the best guess was whatever

1887

01:38:21,580 --> 01:38:19,790

happened to happen someplace else now

1888

01:38:25,990 --> 01:38:21,590

having said that then you've got to have

1889

01:38:27,729 --> 01:38:26,000

a way to pick the calf up here go chop

1890

01:38:30,310 --> 01:38:27,739

it up and all that and come back and

1891

01:38:32,800 --> 01:38:30,320

drop it in so this may be the same

1892

01:38:35,380 --> 01:38:32,810

incident because there were a number of

1893

01:38:38,560 --> 01:38:35,390

strange one but what was unique about

1894

01:38:43,510 --> 01:38:38,570

this is we had an absolute you know time

1895

01:38:47,500 --> 01:38:43,520

hack from beginning to hands on it right

1896

01:38:50,350 --> 01:38:47,510

now whether I like you said about the

1897

01:38:54,300 --> 01:38:50,360

cattle cattle is very important to a

1898

01:38:57,580 --> 01:38:54,310

rancher getting a little bit of feedback

1899

01:39:02,260 --> 01:38:57,590

is your phone on speaker or anything

1900

01:39:05,890 --> 01:39:02,270

like that no for some reason okay sounds

1901

01:39:07,479 --> 01:39:05,900

okay now were there any other animals

1902

01:39:09,640 --> 01:39:07,489

horses or anything any other type of

1903

01:39:11,439 --> 01:39:09,650

mutilations happens all the time yeah

1904

01:39:16,030 --> 01:39:11,449

now there were there were lots of other

1905

01:39:20,110 --> 01:39:16,040

incidents that one the next day what was

1906

01:39:23,169 --> 01:39:20,120

unique about that was that again you had

1907

01:39:26,110 --> 01:39:23,179

a start time in a end time if you will

1908

01:39:29,410 --> 01:39:26,120

in a very short period on a bright sunny

1909

01:39:33,360 --> 01:39:29,420

you know morning ten o'clock in the

1910

01:39:40,240 --> 01:39:33,370

morning hi good visibility nothing

1911

01:39:44,680 --> 01:39:40,250

explains you know the incident yeah yeah

1912

01:39:46,720 --> 01:39:44,690

that's that's always intrigued me and

1913

01:39:50,229 --> 01:39:46,730

whether it has anything to do with UFOs

1914

01:39:51,580 --> 01:39:50,239

you know I mean you hear about every

1915

01:39:53,919 --> 01:39:51,590

once in a while someone will say they

1916

01:39:55,650 --> 01:39:53,929

had a sighting and then you know the

1917

01:39:57,900 --> 01:39:55,660

next day there was a cattle mutilation

1918

01:40:03,459 --> 01:39:57,910

it's just another one of those

1919

01:40:06,640 --> 01:40:03,469

unexplainable but there again this is I

1920

01:40:08,439 --> 01:40:06,650

think one of the big errors that that

1921

01:40:11,260 --> 01:40:08,449

they make and that is establishing

1922

01:40:13,090 --> 01:40:11,270

causal relationship in the incident that

1923

01:40:15,430 --> 01:40:13,100

I just described there's no known

1924

01:40:18,939 --> 01:40:15,440

sighting that occurred I do

1925

01:40:21,459 --> 01:40:18,949

no others and they try to make video the

1926

01:40:29,800 --> 01:40:21,469

relationship and that gets pretty damn

1927

01:40:33,250 --> 01:40:29,810

tenuous now I I watched a long time ago

1928

01:40:36,250 --> 01:40:33,260

Linda Moulton Howes first she did a

1929

01:40:38,050 --> 01:40:36,260

documentary years ago on cattle

1930

01:40:40,270 --> 01:40:38,060

mutilation I thought was pretty decent

1931

01:40:50,950 --> 01:40:40,280

what do you what's your opinion on that

1932

01:40:53,320 --> 01:40:50,960

did you get to watch that yep see it's

1933

01:40:56,290 --> 01:40:53,330

whatever you think it is I mean there

1934

01:40:58,959 --> 01:40:56,300

certainly were some strange things that

1935

01:41:01,750 --> 01:40:58,969

happened and that was in again the early

1936

01:41:06,640 --> 01:41:01,760

days and tool it would appear to be the

1937

01:41:10,120 --> 01:41:06,650

early days of these kinds of occurrences

1938

01:41:11,470 --> 01:41:10,130

so now this is a thing you know people

1939

01:41:14,709 --> 01:41:11,480

always talk about well there's no

1940

01:41:17,890 --> 01:41:14,719

evidence for UFOs or you know the

1941

01:41:19,570 --> 01:41:17,900

skeptics say there's you know UFOs

1942

01:41:21,459 --> 01:41:19,580

aren't important because there's no way

1943

01:41:23,830 --> 01:41:21,469

to get any evidence that they're here

1944

01:41:25,840 --> 01:41:23,840

which some people would argue that not

1945

01:41:27,490 --> 01:41:25,850

true I mean basically every sensor

1946

01:41:29,950 --> 01:41:27,500

system we have pick them up they are

1947

01:41:32,979 --> 01:41:29,960

picked up by satellite but you get

1948

01:41:36,390 --> 01:41:32,989

camera sightings on a continuous basic

1949

01:41:39,790 --> 01:41:36,400

you've got acoustic sensors we've had

1950

01:41:45,270 --> 01:41:39,800

magnetic sensors etc etc you've had you

1951

01:41:47,950 --> 01:41:45,280

know what Bentwaters radiation radar so

1952

01:41:50,800 --> 01:41:47,960

you say there's no evidence what you're

1953

01:41:53,410 --> 01:41:50,810

really saying is I'm not going to take

1954

01:41:56,740 --> 01:41:53,420

the time to look right so the point I

1955

01:41:59,950 --> 01:41:56,750

was making in that statement is that as

1956

01:42:05,709 --> 01:41:59,960

far as that's what a skeptic will say

1957

01:42:07,420 --> 01:42:05,719

well as far as cattle mutilations people

1958

01:42:09,810 --> 01:42:07,430

will say there's no evidence that

1959

01:42:13,900 --> 01:42:09,820

something unusual is going on it's a

1960

01:42:17,650 --> 01:42:13,910

it's a coyote getting the soft tissue or

1961

01:42:20,910 --> 01:42:17,660

whatever this is the classic answer that

1962

01:42:23,830 --> 01:42:20,920

comes up yeah but when I went but

1963

01:42:29,020 --> 01:42:23,840

obviously in cases like I just described

1964

01:42:31,870 --> 01:42:29,030

it was basically you know again happen

1965

01:42:35,040 --> 01:42:31,880

daylight short period of time there's no

1966

01:42:38,830 --> 01:42:35,050

way in hell that was predation right and

1967

01:42:40,750 --> 01:42:38,840

so but the one thing that puzzles me on

1968

01:42:45,700 --> 01:42:40,760

this whole situation of cattle

1969

01:42:49,330 --> 01:42:45,710

mutilations is that nobody has ever seen

1970

01:42:55,000 --> 01:42:49,340

one actually happening you know with

1971

01:42:57,640 --> 01:42:55,010

cameras with it just seems like the

1972

01:43:00,520 --> 01:42:57,650

ranchers would with all the ones that

1973

01:43:03,810 --> 01:43:00,530

have been lost over the years and that's

1974

01:43:07,720 --> 01:43:03,820

not me that's their goal we're back to

1975

01:43:10,240 --> 01:43:07,730

the same issue of you say all the ones

1976

01:43:12,790 --> 01:43:10,250

that have been lost yeah when you put it

1977

01:43:17,470 --> 01:43:12,800

in a single stack someone's like a lot

1978

01:43:20,890 --> 01:43:17,480

when you look at it you know over 50 60

1979

01:43:25,330 --> 01:43:20,900

years they're actually pretty rare

1980

01:43:27,729 --> 01:43:25,340

occurrences one thing about the ranch

1981

01:43:30,819 --> 01:43:27,739

was that they you know a lot of this

1982

01:43:34,510 --> 01:43:30,829

activity did seem to be concentrated in

1983

01:43:38,770 --> 01:43:34,520

that area right it was such a wide

1984

01:43:41,229 --> 01:43:38,780

variety of things and again if I go back

1985

01:43:44,799 --> 01:43:41,239

to remember we had incidents happened

1986

01:43:48,250 --> 01:43:44,809

had it instrumented and it was like

1987

01:43:51,819 --> 01:43:48,260

every time you tried to do something it

1988

01:43:57,520 --> 01:43:51,829

would go yet being this controller

1989

01:44:01,720 --> 01:43:57,530

whatever it is great the great trickster

1990

01:44:06,850 --> 01:44:01,730

if you will it would change it and again

1991

01:44:10,209 --> 01:44:06,860

it would know what you were planning to

1992

01:44:12,970 --> 01:44:10,219

do before you did it and every time I we

1993

01:44:16,330 --> 01:44:12,980

we did a lot of we went to animal

1994

01:44:19,930 --> 01:44:16,340

sensors of pens putting dogs and the

1995

01:44:22,120 --> 01:44:19,940

Pens saying okay let's have you know the

1996

01:44:23,770 --> 01:44:22,130

reason for the Pens was so they we knew

1997

01:44:28,350 --> 01:44:23,780

exactly where they were and how they

1998

01:44:33,779 --> 01:44:28,360

would respond well that didn't work um

1999

01:44:41,529 --> 01:44:33,789

it it whatever it is it is in charge

2000

01:44:42,859 --> 01:44:41,539

well and I believe that the Native

2001

01:44:45,409 --> 01:44:42,869

Americans local native

2002

01:44:48,319 --> 01:44:45,419

Americans were have said that something

2003

01:44:51,770 --> 01:44:48,329

in that area has been happening like

2004

01:44:53,869 --> 01:44:51,780

throughout their ancestry yep yeah

2005

01:44:57,439 --> 01:44:53,879

that's one of the things we did know

2006

01:44:59,750 --> 01:44:57,449

that you know people talk about Terry

2007

01:45:04,069 --> 01:44:59,760

was the guy that bought the ranch from

2008

01:45:09,020 --> 01:45:04,079

but these strange things in the area

2009

01:45:14,779 --> 01:45:09,030

certainly predated everybody that we

2010

01:45:15,500 --> 01:45:14,789

know now was anyone there ever that

2011

01:45:19,540 --> 01:45:15,510

you're aware of

2012

01:45:22,129 --> 01:45:19,550

did you ever feel scared being there no

2013

01:45:23,779 --> 01:45:22,139

so you never felt like anything

2014

01:45:26,899 --> 01:45:23,789

threatening even though something

2015

01:45:29,119 --> 01:45:26,909

unusual was happening all the time not

2016

01:45:32,089 --> 01:45:29,129

all the time but I mean it was one that

2017

01:45:34,310 --> 01:45:32,099

I think they talked about who seemed to

2018

01:45:36,739 --> 01:45:34,320

be more sensitive than the rest of us

2019

01:45:39,290 --> 01:45:36,749

who was aware of the fear would not have

2020

01:45:42,379 --> 01:45:39,300

been one of the descriptions but

2021

01:45:45,290 --> 01:45:42,389

certainly awareness and there was at one

2022

01:45:46,850 --> 01:45:45,300

time it was almost a predator if you're

2023

01:45:49,339 --> 01:45:46,860

going back to the movie like being

2024

01:45:54,229 --> 01:45:49,349

something moving up through the trees

2025

01:45:58,239 --> 01:45:54,239

and Gotha sensing that a mental message

2026  
01:46:04,580 --> 01:45:58,249  
that says we are watching you Wow and

2027  
01:46:09,319 --> 01:46:04,590  
but again the incidence while very very

2028  
01:46:11,089 --> 01:46:09,329  
dramatic were by and large rare it

2029  
01:46:12,619 --> 01:46:11,099  
wasn't like you could set up and say

2030  
01:46:17,799 --> 01:46:12,629  
okay we're going to go out Wednesday

2031  
01:46:20,989 --> 01:46:17,809  
night and have an incident occur yeah

2032  
01:46:23,959 --> 01:46:20,999  
well they wish we could do that but this

2033  
01:46:27,949 --> 01:46:23,969  
is where I get back to this you know the

2034  
01:46:28,520 --> 01:46:27,959  
trickster and whatever it is being in

2035  
01:46:32,540 --> 01:46:28,530  
charge

2036  
01:46:36,500 --> 01:46:32,550  
it totally determines what's going to

2037  
01:46:38,270 --> 01:46:36,510  
happen so in that case when Terry was

2038  
01:46:41,899 --> 01:46:38,280

there earlier with the him and his

2039

01:46:44,479 --> 01:46:41,909

family and running the ranch all those

2040

01:46:46,790 --> 01:46:44,489

things were happening when Bob bought

2041

01:46:50,899 --> 01:46:46,800

the place did things slow down

2042

01:46:53,959 --> 01:46:50,909

immediately or was that a gradual they

2043

01:46:56,070 --> 01:46:53,969

would fluctuate some of it seemed to be

2044

01:46:59,200 --> 01:46:56,080

cyclical

2045

01:47:00,160 --> 01:46:59,210

but you know not certainly not

2046

01:47:08,530 --> 01:47:00,170

predictable

2047

01:47:10,120 --> 01:47:08,540

we're ghost-like things I can't remember

2048

01:47:12,420 --> 01:47:10,130

did anything like that happen there as

2049

01:47:17,920 --> 01:47:15,970

ghost like yeah I mean did you nowhere

2050

01:47:19,450 --> 01:47:17,930

was there any ghost sightings in the

2051

01:47:21,130 --> 01:47:19,460

house or I mean there's so many

2052

01:47:23,290 --> 01:47:21,140

different things happened I just

2053

01:47:25,060 --> 01:47:23,300

wondered if that was part of it I can't

2054

01:47:33,550 --> 01:47:25,070

I can't remember I read the book quite a

2055

01:47:35,530 --> 01:47:33,560

quite a while ago yeah um I guess you'd

2056

01:47:39,580 --> 01:47:35,540

have to go back and say what do you mean

2057

01:47:42,370 --> 01:47:39,590

by ghosts and we may be moving to a hold

2058

01:47:46,470 --> 01:47:42,380

of you know phenomena here but there

2059

01:47:50,500 --> 01:47:46,480

were certainly things that happens that

2060

01:47:54,850 --> 01:47:50,510

have no correlation and physical reality

2061

01:47:57,430 --> 01:47:54,860

as we know it yeah all right well let's

2062

01:48:01,390 --> 01:47:57,440

just say were the wizard are we aware of

2063

01:48:03,130 --> 01:48:01,400

any poltergeist type of situations where

2064

01:48:05,979 --> 01:48:03,140

things were moved or anything like that

2065

01:48:09,820 --> 01:48:05,989

Oh Terry describes that happening

2066

01:48:12,670 --> 01:48:09,830

continuously yes okay I just put stuff

2067

01:48:15,310 --> 01:48:12,680

down and you know you go to get

2068

01:48:18,910 --> 01:48:15,320

something and you find the shovel up in

2069

01:48:21,040 --> 01:48:18,920

the tree or you know gloves moves and

2070

01:48:24,370 --> 01:48:21,050

things like that because then you serve

2071

01:48:26,229 --> 01:48:24,380

a woman's word I put it because it's not

2072

01:48:29,800 --> 01:48:26,239

like you were laying things out and

2073

01:48:36,510 --> 01:48:29,810

saying I'm going to expecting something

2074

01:48:39,939 --> 01:48:36,520

weird to happen but it did happen yeah

2075

01:48:43,660 --> 01:48:39,949

we got about six or eight minutes

2076

01:48:45,250 --> 01:48:43,670

something like that left and so if

2077

01:48:48,040 --> 01:48:45,260

you're in the message board you're

2078

01:48:50,920 --> 01:48:48,050

welcome to pose a question one of the

2079

01:48:54,310 --> 01:48:50,930

things I wanted to jump back to the UFO

2080

01:48:59,459 --> 01:48:54,320

topic it looks like about about seven

2081

01:49:03,939 --> 01:48:59,469

minutes or so I wanted if you would to

2082

01:49:05,979 --> 01:49:03,949

tell us what you think about you

2083

01:49:09,510 --> 01:49:05,989

mentioned crafts up to a mile long that

2084

01:49:13,110 --> 01:49:09,520

makes me think of the Phoenix lights so

2085

01:49:16,350 --> 01:49:13,120

mantastic case I know them so you had

2086

01:49:18,510 --> 01:49:16,360

her on oh yeah this is one where you

2087

01:49:21,420 --> 01:49:18,520

have thousands of witnesses and the

2088

01:49:25,730 --> 01:49:21,430

courts little problems is that it wasn't

2089

01:49:28,800 --> 01:49:25,740

Phoenix you know the incident started

2090

01:49:31,520 --> 01:49:28,810

here close where I am in Henderson

2091

01:49:36,750 --> 01:49:31,530

Nevada and you have a time-synchronized

2092

01:49:40,970 --> 01:49:36,760

down over the Kingman Arizona Prescott

2093

01:49:47,690 --> 01:49:40,980

over Phoenix and all the way down to

2094

01:49:49,800 --> 01:49:47,700

Tucson possibly coming back again

2095

01:49:53,580 --> 01:49:49,810

thousand literally thousands of

2096

01:49:56,340 --> 01:49:53,590

witnesses and another aspect folks think

2097

01:49:59,340 --> 01:49:56,350

of this as a single incident and what

2098

01:50:02,340 --> 01:49:59,350

lynn says is no this this stuff happened

2099

01:50:06,720 --> 01:50:02,350

periodically not nearly as dramatically

2100

01:50:10,890 --> 01:50:06,730

as you know the lights and all of that

2101  
01:50:13,110 --> 01:50:10,900  
but she's certainly taken photos it was

2102  
01:50:17,250 --> 01:50:13,120  
high up enough that actually looked down

2103  
01:50:19,890 --> 01:50:17,260  
on strange things flying in the area so

2104  
01:50:26,280 --> 01:50:19,900  
certainly not us again not a singular

2105  
01:50:29,160 --> 01:50:26,290  
incident right yes the thing that

2106  
01:50:31,830 --> 01:50:29,170  
intrigues me about that is Fife

2107  
01:50:32,910 --> 01:50:31,840  
Symington you know that's one of the one

2108  
01:50:35,250 --> 01:50:32,920  
of the ones that actually he actually

2109  
01:50:40,260 --> 01:50:35,260  
comes forward and says he saw that in

2110  
01:50:42,150 --> 01:50:40,270  
the park was that the one thing that I'm

2111  
01:50:45,240 --> 01:50:42,160  
a little confused on was at the same

2112  
01:50:47,190 --> 01:50:45,250  
night that everyone thought that Fife

2113  
01:50:50,930 --> 01:50:47,200

Symington went to the park and saw it

2114

01:50:56,550 --> 01:50:50,940

gee are you familiar with it which know

2115

01:50:59,240 --> 01:50:56,560

the governor Symington well Symington

2116

01:51:01,440 --> 01:50:59,250

said they saw I think what he did was

2117

01:51:03,210 --> 01:51:01,450

absolutely atrocious

2118

01:51:06,720 --> 01:51:03,220

I mean you know when he had his press

2119

01:51:09,500 --> 01:51:06,730

conference and have the aide come in or

2120

01:51:13,410 --> 01:51:09,510

keep staff dressed up as a big alien

2121

01:51:20,580 --> 01:51:13,420

hahaha isn't his play when he himself

2122

01:51:21,750 --> 01:51:20,590

had actually seen the whatever was the

2123

01:51:24,870 --> 01:51:21,760

phenomena so

2124

01:51:27,000 --> 01:51:24,880

that's where you get the vast number of

2125

01:51:30,470 --> 01:51:27,010

witnesses and I think it's a classic

2126  
01:51:33,359 --> 01:51:30,480  
example of how not to treat these things

2127  
01:51:37,319 --> 01:51:33,369  
we haven't gotten the hoaxes but I think

2128  
01:51:40,379 --> 01:51:37,329  
hoaxes are significant in that they are

2129  
01:51:42,209 --> 01:51:40,389  
you know they're treated as if harmless

2130  
01:51:45,149 --> 01:51:42,219  
diversions and I think that's absolutely

2131  
01:51:47,609 --> 01:51:45,159  
not true I think that they really do a

2132  
01:51:49,290 --> 01:51:47,619  
great disservice and particularly to

2133  
01:51:51,979 --> 01:51:49,300  
folks who are trying to figure out what

2134  
01:51:58,589 --> 01:51:51,989  
the hell the real phenomena are right

2135  
01:52:02,459 --> 01:51:58,599  
yeah YouTube is full of you know today

2136  
01:52:05,459 --> 01:52:02,469  
with the CGI technology and there's a

2137  
01:52:08,490 --> 01:52:05,469  
couple of channels that are there

2138  
01:52:10,410 --> 01:52:08,500

they're just looking for lots of views

2139

01:52:15,319 --> 01:52:10,420

could because they make you know money

2140

01:52:18,259 --> 01:52:15,329

per month that are putting out some some

2141

01:52:21,479 --> 01:52:18,269

video so that's all part of hoaxing

2142

01:52:23,910 --> 01:52:21,489

hoaxing has been around whatever the

2143

01:52:27,509 --> 01:52:23,920

subject is forever it's unfortunate it's

2144

01:52:29,850 --> 01:52:27,519

all part of our society and really the

2145

01:52:35,640 --> 01:52:29,860

only thing we can do about it is just be

2146

01:52:38,819 --> 01:52:35,650

aware of it really yeah but like I say

2147

01:52:41,399 --> 01:52:38,829

the hoaxers see themselves as benign and

2148

01:52:45,689 --> 01:52:41,409

I don't I think they're really

2149

01:52:49,350 --> 01:52:45,699

detrimental to the whole process I I do

2150

01:52:52,080 --> 01:52:49,360

too it's I'm in the fine arts and

2151  
01:52:55,919 --> 01:52:52,090  
antiques and I feel the same way about

2152  
01:52:58,229 --> 01:52:55,929  
things that are faked and you know

2153  
01:53:00,990 --> 01:52:58,239  
people that will fake documents or fake

2154  
01:53:01,649 --> 01:53:01,000  
paintings they'll fake anything that's

2155  
01:53:04,470 --> 01:53:01,659  
worth money

2156  
01:53:07,830 --> 01:53:04,480  
they will fake and even if it's a five

2157  
01:53:13,319 --> 01:53:07,840  
dollar vietnam vietnamese army patch

2158  
01:53:16,200 --> 01:53:13,329  
they'll fake that anything so we really

2159  
01:53:18,660 --> 01:53:16,210  
don't have too much time left i would

2160  
01:53:23,370 --> 01:53:18,670  
love to talk more about hoaxes up what

2161  
01:53:27,089 --> 01:53:23,380  
do you think just to wrap this up is in

2162  
01:53:32,580 --> 01:53:27,099  
your opinion the hoax that really got

2163  
01:53:35,190 --> 01:53:32,590

under your skin is there any in

2164

01:53:38,310 --> 01:53:35,200

particular or just hoaxes in general

2165

01:53:41,580 --> 01:53:38,320

oh well I would put in general there was

2166

01:53:45,150 --> 01:53:41,590

a classic one I think it was New Jersey

2167

01:53:47,970 --> 01:53:45,160

where they were using balloons and

2168

01:53:50,430 --> 01:53:47,980

putting lanterns in them and sending it

2169

01:53:53,430 --> 01:53:50,440

aloft to have people report UFOs

2170

01:53:56,490 --> 01:53:53,440

you know phenomenally dangerous to begin

2171

01:53:58,560 --> 01:53:56,500

with because those things fall down and

2172

01:54:00,810 --> 01:53:58,570

the flares may not go out starting fires

2173

01:54:05,010 --> 01:54:00,820

and whatnot and what was most

2174

01:54:07,500 --> 01:54:05,020

disconcerting is that you had you know

2175

01:54:10,050 --> 01:54:07,510

fairly legitimate you know in the

2176

01:54:12,120 --> 01:54:10,060

skeptical agencies if you will saying

2177

01:54:14,940 --> 01:54:12,130

you know isn't this wonderful that you

2178

01:54:18,120 --> 01:54:14,950

know they have proven how skeptic or how

2179

01:54:22,680 --> 01:54:18,130

gullible you know people were said no it

2180

01:54:24,780 --> 01:54:22,690

was just quite as dangerous yeah well

2181

01:54:26,820 --> 01:54:24,790

it's kind of like the Chinese lanterns

2182

01:54:29,490 --> 01:54:26,830

that was a little more elaborate but to

2183

01:54:30,770 --> 01:54:29,500

the Chinese lanterns I think I consider

2184

01:54:33,330 --> 01:54:30,780

them dangerous I mean

2185

01:54:35,430 --> 01:54:33,340

I understand how they work they have to

2186

01:54:37,380 --> 01:54:35,440

cool down which means the candles

2187

01:54:39,480 --> 01:54:37,390

supposed to go out before they drop but

2188

01:54:44,250 --> 01:54:39,490

still they just in general they can

2189

01:54:46,290 --> 01:54:44,260

catch on fire and remember if you go

2190

01:54:49,950 --> 01:54:46,300

back to World War two there was actually

2191

01:54:53,040 --> 01:54:49,960

a plot by the Japanese to firebomb the

2192

01:54:55,680 --> 01:54:53,050

Northwest using similar technology that

2193

01:54:58,770 --> 01:54:55,690

we're going to send balloons over and

2194

01:55:01,350 --> 01:54:58,780

with flares and have them burn the

2195

01:55:04,590 --> 01:55:01,360

Northwest kind of a harebrained scheme

2196

01:55:07,170 --> 01:55:04,600

but nonetheless was seriously thought

2197

01:55:09,840 --> 01:55:07,180

about oh I think I think I did hear

2198

01:55:12,240 --> 01:55:09,850

about that John so we're getting ready

2199

01:55:15,150 --> 01:55:12,250

to close here can you give out you you

2200

01:55:16,710 --> 01:55:15,160

do have a website correct and why don't

2201

01:55:19,500 --> 01:55:16,720

you give out that web address

2202

01:55:22,320 --> 01:55:19,510

well easiest thing to do was just google

2203

01:55:25,970 --> 01:55:22,330

my name rather than the website John D

2204

01:55:29,280 --> 01:55:25,980

Alexander middle initial D boy and

2205

01:55:30,930 --> 01:55:29,290

Google will take you right to it and we

2206

01:55:32,010 --> 01:55:30,940

didn't even talk about the title of your

2207

01:55:34,800 --> 01:55:32,020

book

2208

01:55:38,010 --> 01:55:34,810

it's that came out a few years ago it's

2209

01:55:41,280 --> 01:55:38,020

on Amazon with conspiracies and

2210

01:55:43,530 --> 01:55:41,290

realities yeah I like the title that's

2211

01:55:45,660 --> 01:55:43,540

good all right John well thanks so much

2212

01:55:48,340 --> 01:55:45,670

it was a it was a pleasure talking to

2213

01:55:52,210 --> 01:55:48,350

you okay check it out

2214

01:55:55,210 --> 01:55:52,220

2221

01:56:15,820 --> 01:56:11,810

Felber we have on next week he as a

2223

01:56:21,220 --> 01:56:17,930

scientist and he's going to be talking

2224

01:56:23,980 --> 01:56:21,230

about and encounter a couple that had an

2225

01:56:26,620 --> 01:56:23,990

encounter years ago he's really done

2226

01:56:31,210 --> 01:56:26,630

2227

01:56:32,500 --> 01:56:31,220

2228

01:56:34,390 --> 01:56:32,510

2230

01:56:38,320 --> 01:56:36,140

show and I want to thank Michael luck

2232

2234

01:56:49,960 --> 01:56:46,010
