

A night scene of a marina with a glowing UFO in the sky. The UFO is a saucer-shaped object with a bright light on top and a dark underside, flying across the dark blue sky. The marina below has several boats docked at a pier, with their lights reflecting on the water. The overall atmosphere is mysterious and dark.

I'm Martyn Willis your host and tonight

19

00:01:00,470 --> 00:00:57,840

we have Cheryl Kosta coming up we're

20

00:01:02,240 --> 00:01:00,480

gonna be talking about early UFOs which

21

00:01:05,149 --> 00:01:02,250

is always kind of interesting to me

22

00:01:07,210 --> 00:01:05,159

being kind of a history all I don't want

23

00:01:11,359 --> 00:01:07,220

to say buff but kind of a history fan

24

00:01:13,160 --> 00:01:11,369

and so I'm looking forward to that for

25

00:01:15,679 --> 00:01:13,170

that we have Alejandro Rojas coming up

26
00:01:18,800 --> 00:01:15,689
with the news but I wanted to announce

27
00:01:21,260 --> 00:01:18,810
we have a winner for the t-shirt graphic

28
00:01:24,920 --> 00:01:21,270
contest we had four different people

29
00:01:28,039 --> 00:01:24,930
enter five different graphics and if you

30
00:01:31,940 --> 00:01:28,049
look on our page number two from Diane

31
00:01:34,130 --> 00:01:31,950
cash is the hands-down winner beautiful

32
00:01:37,580 --> 00:01:34,140
graphic and she's the same one that made

33
00:01:39,800 --> 00:01:37,590
the banner for our website podcast UFO

34
00:01:41,840 --> 00:01:39,810
calm I want to thank everyone for

35
00:01:44,960 --> 00:01:41,850
supporting the show and you can do that

36
00:01:48,440 --> 00:01:44,970
just by going on our website and all

37
00:01:50,389 --> 00:01:48,450
that informations right there and we

38
00:01:53,300 --> 00:01:50,399

have some exciting guests coming up just

39

00:01:56,359 --> 00:01:53,310

a little heads up we have Jann Harrison

40

00:02:00,819 --> 00:01:56,369

coming up December 2nd of he is the

41

00:02:03,560 --> 00:02:00,829

executive director of MUFON we also have

42

00:02:05,420 --> 00:02:03,570

someone I've been trying to get on the

43

00:02:08,690 --> 00:02:05,430

show for a long time I had some help and

44

00:02:10,720 --> 00:02:08,700

that's James Fox finally I've actually

45

00:02:12,920 --> 00:02:10,730

tried to get him on almost since day one

46

00:02:13,390 --> 00:02:12,930

he's going to be on the show on just

47

00:02:17,360 --> 00:02:13,400

some

48

00:02:19,670 --> 00:02:17,370

416 and next week I have Michael Luke

49

00:02:21,589 --> 00:02:19,680

who I used to do the news with we always

50

00:02:26,750 --> 00:02:21,599

have a lot of fun he's my guest for the

51
00:02:29,150 --> 00:02:26,760
entire show but not of course Alejandro

52
00:02:30,530 --> 00:02:29,160
will be here right Alejandro right

53
00:02:33,260 --> 00:02:30,540
that's good

54
00:02:36,550 --> 00:02:33,270
I'm glad how are you Alejandro I'm good

55
00:02:40,970 --> 00:02:36,560
so is this like do I get a start talking

56
00:02:44,300 --> 00:02:40,980
okay yeah that was an awkward segue it

57
00:02:46,729 --> 00:02:44,310
really was I do so awkward pretty well

58
00:02:48,380 --> 00:02:46,739
you know that I got to hang out with

59
00:02:50,180 --> 00:02:48,390
James Fox just a couple weeks ago

60
00:02:52,670 --> 00:02:50,190
because he came to the Travis Walton

61
00:02:55,100 --> 00:02:52,680
event and he I gave him a ride you know

62
00:02:59,059 --> 00:02:55,110
a couple hours from there to the airport

63
00:03:02,900 --> 00:02:59,069

I've known him for a while and he is so

64

00:03:05,479 --> 00:03:02,910

fun and he's got so many interesting

65

00:03:08,300 --> 00:03:05,489

stories he's great

66

00:03:11,690 --> 00:03:08,310

really excited to have him on and I had

67

00:03:14,210 --> 00:03:11,700

some help and someone that just really

68

00:03:18,710 --> 00:03:14,220

just wouldn't let go and he finally said

69

00:03:23,080 --> 00:03:18,720

yes cool so yeah looking forward to that

70

00:03:27,590 --> 00:03:23,090

so the girl the lady who won for the art

71

00:03:30,259 --> 00:03:27,600

contest is the same one nope that's Big

72

00:03:32,660 --> 00:03:30,269

Ben do you hear big bag - are you in

73

00:03:35,509 --> 00:03:32,670

London now actually it's a doorbell

74

00:03:39,680 --> 00:03:35,519

which never works and it works of course

75

00:03:41,030 --> 00:03:39,690

only when we're recording here but she's

76

00:03:44,240 --> 00:03:41,040

the one who did the banner for your

77

00:03:46,569 --> 00:03:44,250

website yes because that is so cool is

78

00:03:48,319 --> 00:03:46,579

that a particular sighting that is

79

00:03:51,979 --> 00:03:48,329

depicting where there's like this

80

00:03:55,789 --> 00:03:51,989

v-shaped you know UFO there no I just

81

00:03:58,729 --> 00:03:55,799

told her I I just told her kind of an

82

00:04:01,759 --> 00:03:58,739

idea of what I liked and you know she

83

00:04:03,410 --> 00:04:01,769

said she surprised me and I said

84

00:04:06,199 --> 00:04:03,420

something you know early evening

85

00:04:09,020 --> 00:04:06,209

Twilight something and she just sent me

86

00:04:10,479 --> 00:04:09,030

that graphic along with another one the

87

00:04:13,670 --> 00:04:10,489

other one I have on our Facebook page

88

00:04:15,830 --> 00:04:13,680

but this was that banner for the website

89

00:04:19,129 --> 00:04:15,840

I thought it was pretty awesome it's

90

00:04:20,810 --> 00:04:19,139

very awesome super cool yeah I love it

91

00:04:24,409 --> 00:04:20,820

yeah she's very talented I'll say yeah

92

00:04:25,760 --> 00:04:24,419

very so we got some news do we we do

93

00:04:29,930 --> 00:04:25,770

that some new

94

00:04:31,999 --> 00:04:29,940

so here's a couple pieces of news the

95

00:04:34,820 --> 00:04:32,009

first one is a sighting in El Salvador

96

00:04:36,740 --> 00:04:34,830

it's a sphere shaped UFO that this guy

97

00:04:41,779 --> 00:04:36,750

took pictures of and videotaped on

98

00:04:44,120 --> 00:04:41,789

October 29 to 2014 it was 537 p.m. when

99

00:04:46,939 --> 00:04:44,130

he saw this object and started taking

100

00:04:49,040 --> 00:04:46,949

some pictures and video the reason why

101
00:04:51,140 --> 00:04:49,050
it's posted now is because now it's been

102
00:04:54,620 --> 00:04:51,150
investigated and the director of

103
00:04:58,700 --> 00:04:54,630
Investigations for move on Chuck Reaver

104
00:05:02,540 --> 00:04:58,710
closed the case as an unknown now in the

105
00:05:04,490 --> 00:05:02,550
pictures in the video I guess they're

106
00:05:08,210 --> 00:05:04,500
all of the same sighting but and the

107
00:05:11,120 --> 00:05:08,220
object looks very spherical hmm

108
00:05:13,580 --> 00:05:11,130
you don't hear that too often you know

109
00:05:16,370 --> 00:05:13,590
other than the orbs that video is right

110
00:05:18,860 --> 00:05:16,380
up on our website I did embed that as

111
00:05:20,629 --> 00:05:18,870
well and the show note links by the way

112
00:05:24,159 --> 00:05:20,639
you can click on them and they'll go to

113
00:05:28,879 --> 00:05:24,169

the full stories over at open minds TV

114

00:05:32,770 --> 00:05:28,889

so what else is happening what else this

115

00:05:35,120 --> 00:05:32,780

is a cool sighting this one happened

116

00:05:36,529 --> 00:05:35,130

there was no date I don't think on this

117

00:05:41,659 --> 00:05:36,539

one but I'm pretty sure that this was

118

00:05:45,469 --> 00:05:41,669

this year but this is a guy who stopped

119

00:05:46,999 --> 00:05:45,479

at a Dairy Queen and they looked out of

120

00:05:50,180 --> 00:05:47,009

their window on the way home and they

121

00:05:52,879 --> 00:05:50,190

saw this a bright light and they didn't

122

00:05:54,830 --> 00:05:52,889

know what it was it got closer and they

123

00:05:56,240 --> 00:05:54,840

noticed it had these big windows at

124

00:05:57,800 --> 00:05:56,250

first they thought it was a jet but then

125

00:06:00,680 --> 00:05:57,810

they thought well the windows are too

126
00:06:04,640 --> 00:06:00,690
big and they were able to see people

127
00:06:07,610 --> 00:06:04,650
inside and this thing was huge and they

128
00:06:10,879 --> 00:06:07,620
notice it was not like a jet it was some

129
00:06:13,129 --> 00:06:10,889
kind of UFO with these creatures or

130
00:06:16,129 --> 00:06:13,139
something inside they don't describe

131
00:06:18,320 --> 00:06:16,139
what these beings look like inside but

132
00:06:20,270 --> 00:06:18,330
they could see people in there the way

133
00:06:23,719 --> 00:06:20,280
they drawn they look sort of humanoid

134
00:06:27,230 --> 00:06:23,729
with a head and a torso type of thing

135
00:06:29,809 --> 00:06:27,240
but and then the object quickly took off

136
00:06:34,490 --> 00:06:29,819
in another direction yeah that is really

137
00:06:36,470 --> 00:06:34,500
interesting and I wonder if anyone has

138
00:06:40,040 --> 00:06:36,480

investigated that and

139

00:06:42,500 --> 00:06:40,050

gone into detail with what the creatures

140

00:06:44,390 --> 00:06:42,510

whatever they were look like yeah maybe

141

00:06:47,780 --> 00:06:44,400

we'll hear more about this one this one

142

00:06:49,790 --> 00:06:47,790

was recently posted or reported to move

143

00:06:52,250 --> 00:06:49,800

on although it's still under

144

00:06:53,900 --> 00:06:52,260

investigation so Roger Marsh the

145

00:06:56,540 --> 00:06:53,910

director of communications from MUFON

146

00:06:58,930 --> 00:06:56,550

wrote this story and he says that this

147

00:07:02,660 --> 00:06:58,940

one's still under investigation

148

00:07:04,820 --> 00:07:02,670

yep you know these sightings when now

149

00:07:06,770 --> 00:07:04,830

that's weird that it had big you know

150

00:07:08,690 --> 00:07:06,780

rectangular windows I mean that's just

151

00:07:13,190 --> 00:07:08,700

yeah that's almost like an observation

152

00:07:15,740 --> 00:07:13,200

deck and you know like which you know

153

00:07:17,360 --> 00:07:15,750

does make me think what it what is it

154

00:07:19,870 --> 00:07:17,370

they're traveling back in time for look

155

00:07:23,810 --> 00:07:19,880

at some event that didn't happen or or

156

00:07:26,300 --> 00:07:23,820

yeah you know or you know if it is

157

00:07:28,850 --> 00:07:26,310

extraterrestrial I never like to say it

158

00:07:30,200 --> 00:07:28,860

is but if it is did it come out of a

159

00:07:33,500 --> 00:07:30,210

mother ship and then they're just

160

00:07:35,210 --> 00:07:33,510

floating around observing you know well

161

00:07:36,800 --> 00:07:35,220

that Betty and Barney Hill case you know

162

00:07:38,920 --> 00:07:36,810

they said they saw this object with

163

00:07:42,040 --> 00:07:38,930

Windows and they saw the people inside

164

00:07:46,060 --> 00:07:42,050

and there's been a few other cases

165

00:07:50,840 --> 00:07:46,070

there's a turkey video right and and

166

00:07:54,080 --> 00:07:50,850

although you know I that might be

167

00:07:56,930 --> 00:07:54,090

there's some research unfortunately that

168

00:07:59,390 --> 00:07:56,940

well we're better where seems to maybe

169

00:08:03,260 --> 00:07:59,400

explain the turkey video that it's

170

00:08:05,990 --> 00:08:03,270

actually a reflection of the lens the

171

00:08:09,230 --> 00:08:06,000

curvature inside the lens and they've

172

00:08:12,680 --> 00:08:09,240

been able to demonstrate similar effects

173

00:08:16,430 --> 00:08:12,690

that have happened before with this sort

174

00:08:19,220 --> 00:08:16,440

of thing so I'm still trying to to do

175

00:08:19,700 --> 00:08:19,230

more work into that but actually Frank

176
00:08:22,640 --> 00:08:19,710
Warren

177
00:08:25,670 --> 00:08:22,650
of UFO Chronicles has some stuff posted

178
00:08:27,290 --> 00:08:25,680
on that but some people feel that

179
00:08:28,970 --> 00:08:27,300
there's a window there with some

180
00:08:30,620 --> 00:08:28,980
creatures that you could see and they're

181
00:08:32,480 --> 00:08:30,630
there some people even feel that they're

182
00:08:34,630 --> 00:08:32,490
over a body and in fact and he's

183
00:08:37,280 --> 00:08:34,640
completely serious my boss feels that

184
00:08:40,190 --> 00:08:37,290
that these things are eating so they're

185
00:08:43,720 --> 00:08:40,200
kind of enjoying sucking the juices out

186
00:08:47,510 --> 00:08:43,730
of a human while they're looking out and

187
00:08:49,920 --> 00:08:47,520
the Turkish shoreline enjoying the

188
00:08:50,970 --> 00:08:49,930

beautiful view or something so

189

00:08:53,160 --> 00:08:50,980

you know if that was some type of

190

00:08:57,120 --> 00:08:53,170

reflection now I've looked at a lot of

191

00:09:01,260 --> 00:08:57,130

images stills from those videos and me

192

00:09:03,269 --> 00:09:01,270

too you know Roger Leir actually did

193

00:09:07,139 --> 00:09:03,279

some filming - mm-hmm

194

00:09:09,660 --> 00:09:07,149

but it really they look just like heads

195

00:09:11,610 --> 00:09:09,670

you know I mean it would be to be a

196

00:09:13,139 --> 00:09:11,620

reflection there's two heads and then

197

00:09:16,290 --> 00:09:13,149

there's one time where there's one

198

00:09:18,300 --> 00:09:16,300

single well I don't know I don't think

199

00:09:21,900 --> 00:09:18,310

they I don't think they look like heads

200

00:09:23,760 --> 00:09:21,910

to me I mean they're round objects there

201
00:09:27,600 --> 00:09:23,770
are round kind of but you got to

202
00:09:30,180 --> 00:09:27,610
remember these things if you took the

203
00:09:32,790 --> 00:09:30,190
originals and you zoom in there has been

204
00:09:34,470 --> 00:09:32,800
some like fiddling with the pictures to

205
00:09:38,550 --> 00:09:34,480
try to determine what they are but that

206
00:09:40,740 --> 00:09:38,560
doesn't necessarily accurately display

207
00:09:44,460 --> 00:09:40,750
what they are I mean these methods that

208
00:09:46,139 --> 00:09:44,470
are used for that sort of thing and you

209
00:09:48,750 --> 00:09:46,149
know there could be inside of this

210
00:09:52,889 --> 00:09:48,760
crevice any kind of and what's what's

211
00:09:54,480 --> 00:09:52,899
unfortunate is that the lenses I keep

212
00:09:57,180 --> 00:09:54,490
saying unfortunate because it's such a

213
00:09:58,019 --> 00:09:57,190

good case and I'm afraid that maybe they

214

00:10:00,480 --> 00:09:58,029

figured it out

215

00:10:02,519 --> 00:10:00,490

is that inside of the lenses in the

216

00:10:06,750 --> 00:10:02,529

Rings that hold like the lenses and

217

00:10:11,640 --> 00:10:06,760

stuff there are notches and this notch

218

00:10:13,230 --> 00:10:11,650

looks like one of those no so that's a

219

00:10:16,650 --> 00:10:13,240

actually see a light though that they

220

00:10:19,949 --> 00:10:16,660

focused on yeah but I mean that's the

221

00:10:23,400 --> 00:10:19,959

whole point is that it's a single point

222

00:10:26,060 --> 00:10:23,410

of light a star or a planet that when

223

00:10:29,100 --> 00:10:26,070

they zoom in on it with this lens

224

00:10:31,650 --> 00:10:29,110

there's a reflection inside of the lens

225

00:10:34,140 --> 00:10:31,660

that causes this anomaly but didn't

226

00:10:37,980 --> 00:10:34,150

there wasn't there multiple filming and

227

00:10:39,800 --> 00:10:37,990

different hours just one camera just one

228

00:10:44,310 --> 00:10:39,810

camera even though it was several times

229

00:10:46,139 --> 00:10:44,320

correct one camera and that's why people

230

00:10:47,550 --> 00:10:46,149

at first thought you know maybe it was a

231

00:10:49,800 --> 00:10:47,560

star or something but that didn't pan

232

00:10:51,930 --> 00:10:49,810

out because it didn't look like one but

233

00:10:53,490 --> 00:10:51,940

maybe it is a reflection of that start

234

00:10:58,319 --> 00:10:53,500

because it was the same time every day

235

00:11:00,690 --> 00:10:58,329

and it was but it was up in the air

236

00:11:02,850 --> 00:11:00,700

that's what blows away the I think blows

237

00:11:03,540 --> 00:11:02,860

away the theory that this was the top of

238

00:11:36,329 --> 00:11:03,550

a

239

00:11:39,810 --> 00:11:36,339
reflection of of the inside workings of

240

00:11:41,430 --> 00:11:39,820
the lens itself well I'd like to keep up

241

00:11:45,329 --> 00:11:41,440
on that I'd like to find out if yeah

242

00:11:47,759 --> 00:11:45,339
going back to humanoid-type noted in

243

00:11:49,170 --> 00:11:47,769
crafts there was some case other than

244

00:11:51,030 --> 00:11:49,180
you know there was a Fothergill case

245

00:11:54,329 --> 00:11:51,040
where they're standing on top of the

246

00:11:57,060 --> 00:11:54,339
craft there was another case that

247

00:11:59,670 --> 00:11:57,070
someone was describing one time where

248

00:12:01,199 --> 00:11:59,680
they were in a car and this craft came

249

00:12:06,150 --> 00:12:01,209
over and they could see the beings and

250

00:12:08,610 --> 00:12:06,160
the guy waved and they waved back which

251

00:12:10,710 --> 00:12:08,620

is really another thing like you know

252

00:12:12,510 --> 00:12:10,720

the father Gill case yeah I don't think

253

00:12:13,980 --> 00:12:12,520

I remember that case er I don't know

254

00:12:16,980 --> 00:12:13,990

that I'm aware of that one yeah I'd like

255

00:12:19,260 --> 00:12:16,990

to look that one up and yeah there's

256

00:12:21,510 --> 00:12:19,270

something I read you know it's just

257

00:12:24,360 --> 00:12:21,520

those type of cases are really

258

00:12:26,190 --> 00:12:24,370

fascinating to me because it really gets

259

00:12:27,870 --> 00:12:26,200

you wondering if it's you know if

260

00:12:30,810 --> 00:12:27,880

there's actually some type of being in

261

00:12:33,660 --> 00:12:30,820

there well one of the best humanoid

262

00:12:35,670 --> 00:12:33,670

cases and here's you know I told you I

263

00:12:38,040 --> 00:12:35,680

was going to give you a couple announced

264

00:12:41,310 --> 00:12:38,050

or an announcement yeah and I actually

265

00:12:43,860 --> 00:12:41,320

have a couple things and you said you

266

00:12:46,829 --> 00:12:43,870

didn't want to know what it was but it

267

00:12:48,810 --> 00:12:46,839

has to do with this Boyle that I've got

268

00:12:50,880 --> 00:12:48,820

I wanted to ask you about that's why I

269

00:12:55,490 --> 00:12:50,890

want to catch you off air but since you

270

00:12:59,010 --> 00:12:55,500

wanted me to say that no I'm kidding

271

00:13:01,829 --> 00:12:59,020

No one of the announcements is that one

272

00:13:04,829 --> 00:13:01,839

of the best humanoid cases is the rule I

273

00:13:06,509 --> 00:13:04,839

case right the aerial school where these

274

00:13:10,530 --> 00:13:06,519

kids we're gonna have one of the

275

00:13:12,420 --> 00:13:10,540

witnesses Oh at the UFO Congress I'm so

276

00:13:15,810 --> 00:13:12,430

excited about it I've met her she's come

277

00:13:17,400 --> 00:13:15,820

into the office she's really shy she

278

00:13:19,079 --> 00:13:17,410

actually did get on the airport

279

00:13:20,699 --> 00:13:19,089

a couple minutes when I was doing an

280

00:13:21,030 --> 00:13:20,709

interview with her friend who came with

281

00:13:25,769 --> 00:13:21,040

her

282

00:13:26,850 --> 00:13:25,779

in Canada so but they're gonna come and

283

00:13:29,160 --> 00:13:26,860

she's going to come and talk and what's

284

00:13:30,900 --> 00:13:29,170

great is she has this artwork that she's

285

00:13:32,699 --> 00:13:30,910

been doing that is inspired by the

286

00:13:35,129 --> 00:13:32,709

experience that she feels is even

287

00:13:37,769 --> 00:13:35,139

influenced by her experience so it's

288

00:13:39,809 --> 00:13:37,779

going to be super interesting but here's

289

00:13:43,559 --> 00:13:39,819

the other big announcement this is a

290

00:13:47,579 --> 00:13:43,569

really big one that I'm announcing in

291

00:13:49,230 --> 00:13:47,589

the works to working out the

292

00:13:50,579 --> 00:13:49,240

announcement and it's going to be

293

00:13:53,819 --> 00:13:50,589

announced the first time right here

294

00:13:56,189 --> 00:13:53,829

alright Joe that is that we're going to

295

00:13:58,579 --> 00:13:56,199

have another one of the first

296

00:14:01,579 --> 00:13:58,589

researchers are one of the greatest

297

00:14:03,600 --> 00:14:01,589

credible researchers of humanoid cases

298

00:14:05,790 --> 00:14:03,610

from way back when

299

00:14:08,490 --> 00:14:05,800

really yeah who do you think that might

300

00:14:13,439 --> 00:14:08,500

be oh my gosh you're putting me on the

301

00:14:14,850 --> 00:14:13,449

spot I'm going to say I don't want to

302

00:14:19,110 --> 00:14:14,860

guess wrong so go ahead and tell me

303

00:14:21,569 --> 00:14:19,120

oh it is Jacques Vallee

304

00:14:23,490 --> 00:14:21,579

are you kidding yeah I think it's the

305

00:14:25,620 --> 00:14:23,500

first time he's ever really done a UFO

306

00:14:28,939 --> 00:14:25,630

conference he's definitely hasn't done

307

00:14:31,139 --> 00:14:28,949

anything like this for decades he is

308

00:14:33,240 --> 00:14:31,149

friends with Lee Spiegel and they met

309

00:14:37,040 --> 00:14:33,250

back in the 70s when Lee Spiegel

310

00:14:38,189 --> 00:14:37,050

organized this UN event for sir Eric

311

00:14:40,980 --> 00:14:38,199

gairy

312

00:14:45,210 --> 00:14:40,990

of oh man I can't remember the country

313

00:14:47,340 --> 00:14:45,220

right-o Grenada and Eric Gairy was into

314

00:14:49,590 --> 00:14:47,350

UFOs and he was pushing to get the UN to

315

00:14:51,960 --> 00:14:49,600

investigate UFOs and so Lee Spiegel

316

00:14:54,389 --> 00:14:51,970

organized his presentation to the UN for

317

00:14:56,280 --> 00:14:54,399

him right these Spiegel who now works

318

00:14:57,660 --> 00:14:56,290

for The Huffington Post and so he

319

00:15:00,269 --> 00:14:57,670

brought all of these credible people

320

00:15:02,610 --> 00:15:00,279

Jacques Vallee being one of them

321

00:15:05,100 --> 00:15:02,620

and so they've talked over the years and

322

00:15:07,379 --> 00:15:05,110

I've been trying to get I've gotten one

323

00:15:09,720 --> 00:15:07,389

interview with Jacques Vallee over his

324

00:15:12,150 --> 00:15:09,730

great book wonders in the sky well and

325

00:15:14,369 --> 00:15:12,160

finally hard to really hard to nail down

326

00:15:16,379 --> 00:15:14,379

and get a hold of I'm trying to get all

327

00:15:18,119 --> 00:15:16,389

of them for two years yeah and I've

328

00:15:20,850 --> 00:15:18,129

asked him several times now that I've

329

00:15:22,949 --> 00:15:20,860

had the contact if he would speak at the

330

00:15:24,960 --> 00:15:22,959

Congress he says no I just don't do that

331

00:15:26,460 --> 00:15:24,970

sort of thing and he's told me this for

332

00:15:28,110 --> 00:15:26,470

years even when I was with MUFON we

333

00:15:30,060 --> 00:15:28,120

tried and he's just says no I don't do

334

00:15:31,530 --> 00:15:30,070

UFO conferences

335

00:15:33,930 --> 00:15:31,540

well Lee Spiegel just for the hell of it

336

00:15:36,509 --> 00:15:33,940

said what would you come to the UFO

337

00:15:39,480 --> 00:15:36,519

Congress if I interviewed you on stage

338

00:15:41,759 --> 00:15:39,490

and Jacque said you know what that's

339

00:15:45,090 --> 00:15:41,769

something I would like to do oh my god

340

00:15:47,340 --> 00:15:45,100

you know what if if I was not planning

341

00:15:49,800 --> 00:15:47,350

on him being there in Phoenix this

342

00:15:53,340 --> 00:15:49,810

February I would I would be there

343

00:15:55,889 --> 00:15:53,350

because of that alone yeah me too

344

00:15:57,689 --> 00:15:55,899

I mean I the bob lazar thing was great

345

00:16:00,660 --> 00:15:57,699

it was a lot of fun people were floored

346

00:16:01,889 --> 00:16:00,670

they they had a great time so many

347

00:16:03,269 --> 00:16:01,899

people have been telling me it was

348

00:16:05,879 --> 00:16:03,279

historical and it did it there was a

349

00:16:11,309 --> 00:16:05,889

feeling of just you know and this was

350

00:16:14,389 --> 00:16:11,319

like a one-off event and but for me this

351
00:16:18,480 --> 00:16:14,399
is even bigger Jacques Vallee I mean I

352
00:16:22,579 --> 00:16:18,490
am a huge Hynek van J Allen Hynek who

353
00:16:25,319 --> 00:16:22,589
was an astronomer at Northwestern and

354
00:16:28,680 --> 00:16:25,329
consultant for the Air Force on UFOs and

355
00:16:30,180 --> 00:16:28,690
his protege was Jacques Vallee both of

356
00:16:32,850 --> 00:16:30,190
them being consultants for Close

357
00:16:35,100 --> 00:16:32,860
Encounters true foes character even

358
00:16:38,009 --> 00:16:35,110
being based off of Jacques Vallee the

359
00:16:40,439 --> 00:16:38,019
French guy and so I mean and his books

360
00:16:42,569 --> 00:16:40,449
I've always been a huge fan of valets I

361
00:16:45,930 --> 00:16:42,579
was so floored when I got an interview

362
00:16:48,860 --> 00:16:45,940
but now that I'm gonna get to meet him

363
00:16:53,610 --> 00:16:48,870

this is going to be a treasured selfie

364

00:16:56,280 --> 00:16:53,620

well that's great I'm so excited about

365

00:16:59,250 --> 00:16:56,290

it I'm excited too actually that's just

366

00:17:03,329 --> 00:16:59,260

great yeah I mean this is the ufologist

367

00:17:05,549 --> 00:17:03,339

ufologist you know yeah so this is gonna

368

00:17:07,679 --> 00:17:05,559

be really cool but yeah he investigated

369

00:17:09,929 --> 00:17:07,689

a lot of humanoids and and Jacques

370

00:17:11,819 --> 00:17:09,939

what's great about Jacques and I think

371

00:17:13,230 --> 00:17:11,829

you agree you just mentioned maybe they

372

00:17:13,649 --> 00:17:13,240

come from the future or something like

373

00:17:18,360 --> 00:17:13,659

that

374

00:17:21,360 --> 00:17:18,370

because he's never said for you know

375

00:17:23,460 --> 00:17:21,370

that he always says it's not necessarily

376

00:17:25,380 --> 00:17:23,470

extraterrestrial there could be other

377

00:17:27,149 --> 00:17:25,390

things now when I interviewed him he

378

00:17:28,649 --> 00:17:27,159

said he talked a lot about that and how

379

00:17:31,260 --> 00:17:28,659

people get frustrated when he talks

380

00:17:32,370 --> 00:17:31,270

about that but I asked do you do believe

381

00:17:33,930 --> 00:17:32,380

that some of this could be

382

00:17:36,870 --> 00:17:33,940

extraterrestrial and he said yeah he

383

00:17:38,340 --> 00:17:36,880

believes that some of it probably is but

384

00:17:40,140 --> 00:17:38,350

that there's probably many many other

385

00:17:42,299 --> 00:17:40,150

things happening that are just beyond

386

00:17:43,919 --> 00:17:42,309

our comprehension right that's up I

387

00:17:46,919 --> 00:17:43,929

totally agree with that

388

00:17:48,930 --> 00:17:46,929

a lot of times you know I've said kind

389

00:17:50,460 --> 00:17:48,940

of redundantly that you know maybe it's

390

00:17:53,279 --> 00:17:50,470

something that nobody's even thought of

391

00:17:55,470 --> 00:17:53,289

yet you know it very well could be yeah

392

00:17:57,659 --> 00:17:55,480

exactly and I think it most likely is

393

00:18:00,570 --> 00:17:57,669

because that's what science typically is

394

00:18:02,669 --> 00:18:00,580

we we have ideas about things should be

395

00:18:03,960 --> 00:18:02,679

this way or that way and then once we

396

00:18:06,509 --> 00:18:03,970

get there

397

00:18:08,190 --> 00:18:06,519

send the probe or you know put it on

398

00:18:09,690 --> 00:18:08,200

down to a microscope it's completely

399

00:18:13,320 --> 00:18:09,700

something we never even could have

400

00:18:14,730 --> 00:18:13,330

imagined it could have been right now we

401
00:18:16,529 --> 00:18:14,740
probably ought to get on with the news a

402
00:18:18,539 --> 00:18:16,539
little bit and I also have a story after

403
00:18:21,570 --> 00:18:18,549
your I know you have one more I think to

404
00:18:24,570 --> 00:18:21,580
go OK and after that I'd like to talk

405
00:18:28,799 --> 00:18:24,580
about a story ok great I'm excited to

406
00:18:31,409 --> 00:18:28,809
hear it know this last one's a fun one

407
00:18:33,960 --> 00:18:31,419
because this is a Miami witness this was

408
00:18:35,820 --> 00:18:33,970
actually an event that happen in 1997

409
00:18:38,730 --> 00:18:35,830
and the witness just wrote MUFON about

410
00:18:41,580 --> 00:18:38,740
it happened in December 24th when the

411
00:18:44,369 --> 00:18:41,590
witness is 12 years old she says that on

412
00:18:48,389 --> 00:18:44,379
Christmas Eve she was sitting on top of

413
00:18:51,480 --> 00:18:48,399

her mom's car this was in Miami I think

414

00:18:55,109 --> 00:18:51,490

I said that but and she was sitting up

415

00:18:57,720 --> 00:18:55,119

there with a friend and her friend just

416

00:19:00,330 --> 00:18:57,730

kind of got shocked and was looking in

417

00:19:03,180 --> 00:19:00,340

the sky and she looked up and there was

418

00:19:05,879 --> 00:19:03,190

like this red light and she looked at it

419

00:19:07,950 --> 00:19:05,889

for a while and finally just and just

420

00:19:10,320 --> 00:19:07,960

saw that there was this big craft in the

421

00:19:14,759 --> 00:19:10,330

air that this red light was attached to

422

00:19:17,100 --> 00:19:14,769

and then this red light shot down a beam

423

00:19:20,940 --> 00:19:17,110

she says it was only maybe 20 30 feet

424

00:19:24,239 --> 00:19:20,950

long and it was circular in shape it was

425

00:19:25,859 --> 00:19:24,249

a dull gray colored saucer she even said

426

00:19:27,749 --> 00:19:25,869

that she thinks that that her friend the

427

00:19:30,720 --> 00:19:27,759

guy could have stood up and possibly

428

00:19:33,600 --> 00:19:30,730

touched it but it shined down a beam she

429

00:19:38,899 --> 00:19:33,610

says and she was paralyzed and she could

430

00:19:40,259 --> 00:19:38,909

look around but her and and the guy were

431

00:19:43,109 --> 00:19:40,269

paralyzed

432

00:19:45,629 --> 00:19:43,119

once it the beam turned off it slowly

433

00:19:48,330 --> 00:19:45,639

started to move away and they both ran

434

00:19:51,149 --> 00:19:48,340

into their homes to call their families

435

00:19:54,060 --> 00:19:51,159

out to look and finally their families

436

00:19:56,760 --> 00:19:54,070

came out and were able to see this red

437

00:19:58,950 --> 00:19:56,770

light taking off in the distance

438

00:20:01,290 --> 00:19:58,960

yeah that's something about the

439

00:20:03,530 --> 00:20:01,300

paralyzing thing and that almost like

440

00:20:06,240 --> 00:20:03,540

leads into what you hear about a lot of

441

00:20:08,760 --> 00:20:06,250

abduction accounts you know they they

442

00:20:09,990 --> 00:20:08,770

just are frozen they can't move it could

443

00:20:11,730 --> 00:20:10,000

be something like that

444

00:20:13,380 --> 00:20:11,740

you know I mean if they you know as it

445

00:20:15,030 --> 00:20:13,390

said many times if they had the

446

00:20:17,400 --> 00:20:15,040

technology to do what they do you know

447

00:20:18,990 --> 00:20:17,410

who knows what else they can do mm-hmm

448

00:20:21,900 --> 00:20:19,000

yeah exactly

449

00:20:25,110 --> 00:20:21,910

and zapping someone with a paralyzing

450

00:20:29,010 --> 00:20:25,120

beam should be no problem at all yeah

451

00:20:33,210 --> 00:20:29,020

who knows I mean it's a really

452

00:20:34,470 --> 00:20:33,220

interesting account but just I don't

453

00:20:36,180 --> 00:20:34,480

know every you know you hear stories

454

00:20:37,530 --> 00:20:36,190

like this and you read about them and

455

00:20:41,970 --> 00:20:37,540

you just kind of put yourself in their

456

00:20:44,820 --> 00:20:41,980

shoes and just imagine and and the how

457

00:20:46,530 --> 00:20:44,830

incredible would be to see this it's

458

00:20:47,790 --> 00:20:46,540

kind of similar because of the Travis

459

00:20:51,780 --> 00:20:47,800

Walton thing you know I've been thinking

460

00:20:53,340 --> 00:20:51,790

a lot about when he came back and he

461

00:20:55,799 --> 00:20:53,350

says he was laying on the road when he

462

00:20:59,220 --> 00:20:55,809

saw this crap above him and then it and

463

00:21:02,760 --> 00:20:59,230

it took off kind of similar to this it's

464

00:21:06,169 --> 00:21:02,770

just I don't know it's amazing that what

465

00:21:08,310 --> 00:21:06,179

kind of experience that would be and

466

00:21:11,100 --> 00:21:08,320

just so many people with these great

467

00:21:15,299 --> 00:21:11,110

experiences right right now it's time

468

00:21:17,940 --> 00:21:15,309

for my story yeah so I had to show

469

00:21:21,510 --> 00:21:17,950

recently with Kevin Randle a few weeks

470

00:21:23,460 --> 00:21:21,520

ago and um someone this gentleman was

471

00:21:25,890 --> 00:21:23,470

searching the internet and came across

472

00:21:29,400 --> 00:21:25,900

the Kevin Randle and listened to the

473

00:21:32,490 --> 00:21:29,410

podcast and then he wrote me and he said

474

00:21:34,140 --> 00:21:32,500

basically that I heard Kevin Randle say

475

00:21:37,410 --> 00:21:34,150

that there's no talk about Roswell

476
00:21:38,970 --> 00:21:37,420
before 1980 basically he says well I

477
00:21:43,890 --> 00:21:38,980
have a different account of that because

478
00:21:48,299 --> 00:21:43,900
when he was back in school in the 1960s

479
00:21:51,840 --> 00:21:48,309
I think it was 1965 or so one of his

480
00:21:55,169 --> 00:21:51,850
roommates that was in the service and

481
00:21:57,299 --> 00:21:55,179
went off to do some training and he came

482
00:22:00,530 --> 00:21:57,309
back and he basically told the whole

483
00:22:03,990 --> 00:22:00,540
Roswell story seeing images of the crash

484
00:22:05,909 --> 00:22:04,000
images of actually bodies and the whole

485
00:22:07,590 --> 00:22:05,919
thing and so they were talking about it

486
00:22:10,070 --> 00:22:07,600
over some beers he said no the more

487
00:22:13,880 --> 00:22:10,080
drunk but they talked about it

488
00:22:15,440 --> 00:22:13,890

some beers back in 1965 and he is

489

00:22:17,510 --> 00:22:15,450

looking to get ahold of these people

490

00:22:20,900 --> 00:22:17,520

this guy's name is Frank Barnes he's

491

00:22:22,610 --> 00:22:20,910

freely giving his name and he's looking

492

00:22:25,520 --> 00:22:22,620

to see if he can reach the guy that

493

00:22:28,310 --> 00:22:25,530

actually was the first hand witness to

494

00:22:31,040 --> 00:22:28,320

those photographs and in the Air Force

495

00:22:32,960 --> 00:22:31,050

training yeah that is so interesting

496

00:22:35,270 --> 00:22:32,970

because Kevin's right of course then

497

00:22:38,750 --> 00:22:35,280

Kevin should know and I I'd like to make

498

00:22:40,760 --> 00:22:38,760

that point too is that you know often

499

00:22:42,320 --> 00:22:40,770

people will say oh it was a crash at

500

00:22:44,780 --> 00:22:42,330

Roswell that started the Air Force

501
00:22:47,060 --> 00:22:44,790
looking into UFOs or Scott people into

502
00:22:49,790 --> 00:22:47,070
it that's not true people after it

503
00:22:52,070 --> 00:22:49,800
happened it pretty much even ufologists

504
00:22:54,050 --> 00:22:52,080
didn't really there's a couple obscure

505
00:22:57,440 --> 00:22:54,060
references here and there actually that

506
00:22:58,790 --> 00:22:57,450
I found over the years but for the most

507
00:23:02,510 --> 00:22:58,800
part people just didn't know about it

508
00:23:04,640 --> 00:23:02,520
until really Stanton Friedman you know

509
00:23:06,320 --> 00:23:04,650
made it popular again after finding

510
00:23:10,100 --> 00:23:06,330
Jesse Marcel and doing those interviews

511
00:23:12,200 --> 00:23:10,110
and then him and well he didn't get

512
00:23:12,860 --> 00:23:12,210
credit but for his research along with

513
00:23:15,830 --> 00:23:12,870

Bill Moore's

514

00:23:16,730 --> 00:23:15,840

and then putting together together the

515

00:23:19,070 --> 00:23:16,740

book on Roswell

516

00:23:21,320 --> 00:23:19,080

so yeah this is that that's what makes

517

00:23:24,500 --> 00:23:21,330

the account that you're talking about

518

00:23:28,100 --> 00:23:24,510

that much more significant because you

519

00:23:30,860 --> 00:23:28,110

know you really had to know something to

520

00:23:32,330 --> 00:23:30,870

even know about it yeah you know that

521

00:23:35,270 --> 00:23:32,340

would be great to actually talk to this

522

00:23:37,910 --> 00:23:35,280

guy if he ever does on uncover the the

523

00:23:40,370 --> 00:23:37,920

witness you know to talk to them both so

524

00:23:42,710 --> 00:23:40,380

I'm going to keep on that and we'll see

525

00:23:45,250 --> 00:23:42,720

what happens with that whole thing yeah

526

00:23:48,980 --> 00:23:45,260

it would you know a lot of people even

527

00:23:50,570 --> 00:23:48,990

debunkers or skeptics say you know there

528

00:23:55,940 --> 00:23:50,580

was nothing ever said about it you know

529

00:23:57,560 --> 00:23:55,950

and after it it hit the what was the

530

00:23:59,420 --> 00:23:57,570

name of the paper that came out in which

531

00:24:02,360 --> 00:23:59,430

is not a good paper the grocery-store

532

00:24:03,620 --> 00:24:02,370

tabloid I like that Inquirer yeah that's

533

00:24:05,510 --> 00:24:03,630

right it came out and they think wire

534

00:24:07,520 --> 00:24:05,520

back in 1980

535

00:24:10,820 --> 00:24:07,530

you know the interview but the Enquirer

536

00:24:14,390 --> 00:24:10,830

was a credible actual newspaper back

537

00:24:17,120 --> 00:24:14,400

when oh and then it then it was bought

538

00:24:20,480 --> 00:24:17,130

by the former CIA guy and then it went

539

00:24:22,550 --> 00:24:20,490

kind of in fact yeah I mean one of the

540

00:24:23,860 --> 00:24:22,560

big UFO researchers was Bob Pratt

541

00:24:27,340 --> 00:24:23,870

because he

542

00:24:30,280 --> 00:24:27,350

he was a writer for the National

543

00:24:32,710 --> 00:24:30,290

Enquirer and you know when you read his

544

00:24:35,020 --> 00:24:32,720

files which move on I think has reposted

545

00:24:37,360 --> 00:24:35,030

because they inherited those because Bob

546

00:24:39,190 --> 00:24:37,370

Pratt was a MUFON guy in and they gave

547

00:24:42,940 --> 00:24:39,200

him all of his files but when you read

548

00:24:45,660 --> 00:24:42,950

through some of that stuff bill more

549

00:24:49,030 --> 00:24:45,670

later on who became a dubious character

550

00:24:51,820 --> 00:24:49,040

you know was trying to pitch this mj-12

551
00:24:54,340 --> 00:24:51,830
story to him and there were others that

552
00:24:57,190 --> 00:24:54,350
Richard Doty tried to give him a fake

553
00:24:59,560 --> 00:24:57,200
UFO story that he researched any found

554
00:25:01,720 --> 00:24:59,570
was faked even flew around to where it

555
00:25:03,280 --> 00:25:01,730
happened and discovered it was faked and

556
00:25:05,500 --> 00:25:03,290
all of these things he wouldn't print

557
00:25:07,870 --> 00:25:05,510
because he talked about he was he was a

558
00:25:10,180 --> 00:25:07,880
credible journalist and if he couldn't

559
00:25:12,640 --> 00:25:10,190
he reported the facts and he couldn't

560
00:25:15,460 --> 00:25:12,650
verify something or if he found out it

561
00:25:17,410 --> 00:25:15,470
was a hoax he would not print it not

562
00:25:18,640 --> 00:25:17,420
like today where essentially they just

563
00:25:21,100 --> 00:25:18,650

kind of make stuff up

564

00:25:24,640 --> 00:25:21,110

yeah the print things without even

565

00:25:27,190 --> 00:25:24,650

looking into him yeah wow that's amazing

566

00:25:29,530 --> 00:25:27,200

and I I know Bill Moore you know walked

567

00:25:33,220 --> 00:25:29,540

ran away from that you have foe field

568

00:25:37,030 --> 00:25:33,230

and he was he was kind of important in a

569

00:25:39,250 --> 00:25:37,040

lot of ways but you know but you said

570

00:25:41,380 --> 00:25:39,260

dubious and that's pretty well describes

571

00:25:44,860 --> 00:25:41,390

you know what he turned out to be and I

572

00:25:47,230 --> 00:25:44,870

just wondered if anyone in the UFO field

573

00:25:48,430 --> 00:25:47,240

at all ever speaks to him or will he not

574

00:25:48,910 --> 00:25:48,440

talk to anyone do you know anything

575

00:25:53,440 --> 00:25:48,920

about that

576

00:25:56,710 --> 00:25:53,450

he won't the the latest I mean someone I

577

00:25:59,260 --> 00:25:56,720

think he talks to occasionally is Greg

578

00:26:02,500 --> 00:25:59,270

Bishop and Greg Bishop wrote a book

579

00:26:05,200 --> 00:26:02,510

called project beta which included some

580

00:26:08,080 --> 00:26:05,210

interviews with Bill Moore and that book

581

00:26:10,720 --> 00:26:08,090

now is probably 1015 years old but it

582

00:26:13,180 --> 00:26:10,730

was about this whole you know Richard

583

00:26:15,130 --> 00:26:13,190

Doty affair and everything but yeah

584

00:26:19,030 --> 00:26:15,140

great big chef he does a show I think

585

00:26:23,310 --> 00:26:19,040

called Radio Mysterio but it's a good

586

00:26:25,840 --> 00:26:23,320

book project beta if you can get it and

587

00:26:28,330 --> 00:26:25,850

he was the only one I know who has

588

00:26:30,160 --> 00:26:28,340

talked to him in the past so other than

589

00:26:32,290 --> 00:26:30,170

him I don't know of anyone I know

590

00:26:34,109 --> 00:26:32,300

he didn't Stanton Friedman had a falling

591

00:26:39,359 --> 00:26:34,119

out and yeah

592

00:26:42,569 --> 00:26:39,369

and it was because of some dishonest

593

00:26:44,939 --> 00:26:42,579

dealings that bill Moore was involved

594

00:26:47,219 --> 00:26:44,949

with that Sam Friedman had to say I

595

00:26:49,889 --> 00:26:47,229

can't be attached to that it was the

596

00:26:51,899 --> 00:26:49,899

famous announce me made Chris Lambright

597

00:26:54,209 --> 00:26:51,909

was sitting right in the audience when

598

00:26:57,689 --> 00:26:54,219

he came out yeah basically admitted to

599

00:27:00,779 --> 00:26:57,699

the entire I don't know if was a MUFON

600

00:27:03,389 --> 00:27:00,789

convention or what it was but mmm he

601
00:27:06,029 --> 00:27:03,399
admitted to everybody what was a what

602
00:27:11,609 --> 00:27:06,039
was she admitted that he had been

603
00:27:14,099 --> 00:27:11,619
working with Richard Doty who was an OSI

604
00:27:19,229 --> 00:27:14,109
agent Office of Special Investigations

605
00:27:22,859 --> 00:27:19,239
with Kirtland Air Force Base and he said

606
00:27:24,569 --> 00:27:22,869
that he was given to secret UFO info or

607
00:27:28,559 --> 00:27:24,579
that he was promised to be given secret

608
00:27:33,149 --> 00:27:28,569
UFO empo if he updated Doty on what the

609
00:27:35,699 --> 00:27:33,159
UFO people were up to and he says he did

610
00:27:40,009 --> 00:27:35,709
he knows Doty had spread disinformation

611
00:27:42,629 --> 00:27:40,019
but at that meeting he said she did not

612
00:27:46,229 --> 00:27:42,639
willingly spread any disinformation

613
00:27:48,779 --> 00:27:46,239

however later he admitted that he did

614

00:27:51,179 --> 00:27:48,789

and his you know his accounts have

615

00:27:54,089 --> 00:27:51,189

changed and fluctuated and gone this way

616

00:27:56,069 --> 00:27:54,099

in that way but everything the different

617

00:27:57,569 --> 00:27:56,079

things but so he's not necessarily that

618

00:27:59,399 --> 00:27:57,579

trustworthy but in that meeting he was

619

00:28:03,589 --> 00:27:59,409

kind of trying to justify what he did

620

00:28:06,869 --> 00:28:03,599

but it fell on deaf ears and people were

621

00:28:09,149 --> 00:28:06,879

screaming at him and and they even had

622

00:28:11,429 --> 00:28:09,159

to stop his talk people were storming

623

00:28:15,059 --> 00:28:11,439

out and they had to stop the talking to

624

00:28:16,409 --> 00:28:15,069

help remind everybody to be civil before

625

00:28:21,269 --> 00:28:16,419

they started up again

626

00:28:24,179 --> 00:28:21,279

yelled and yeah yeah so it was a it was

627

00:28:26,189 --> 00:28:24,189

a dark period for ufology and it's

628

00:28:29,039 --> 00:28:26,199

something that unfortunately ufologist

629

00:28:31,459 --> 00:28:29,049

have many people who were involved just

630

00:28:33,749 --> 00:28:31,469

try to forget and I can understand why

631

00:28:35,129 --> 00:28:33,759

they just decided well I'm not dealing

632

00:28:38,219 --> 00:28:35,139

with him and I'm just gonna forget he

633

00:28:40,079 --> 00:28:38,229

exists but you know under further

634

00:28:41,849 --> 00:28:40,089

examination there was a lot of important

635

00:28:43,259 --> 00:28:41,859

stuff that can't be forgotten because

636

00:28:46,079 --> 00:28:43,269

there were a lot of hoaxes and

637

00:28:47,970 --> 00:28:46,089

disinformation that were spread during

638

00:28:49,799 --> 00:28:47,980

that period of time and of course

639

00:28:52,770 --> 00:28:49,809

it's important to try to ferret out what

640

00:28:54,390 --> 00:28:52,780

was real and what wasn't and that's why

641

00:28:57,419 --> 00:28:54,400

I have like a video online and I've

642

00:29:00,750 --> 00:28:57,429

written about this all as well as Chris

643

00:29:03,600 --> 00:29:00,760

Lambert he and I don't necessarily did

644

00:29:05,669 --> 00:29:03,610

agree on on all of this but Chris is a

645

00:29:08,450 --> 00:29:05,679

great resource because like you said he

646

00:29:12,030 --> 00:29:08,460

was there yeah and he has some really

647

00:29:14,610 --> 00:29:12,040

interesting insight into that whole

648

00:29:18,600 --> 00:29:14,620

period of time right right well we went

649

00:29:20,610 --> 00:29:18,610

a little long today oh that's fine so I

650

00:29:23,370 --> 00:29:20,620

want to thank you very much it was a lot

651
00:29:25,320 --> 00:29:23,380
of fun and yeah thanks for having me on

652
00:29:27,150 --> 00:29:25,330
again it was great and come see Jack

653
00:29:28,740 --> 00:29:27,160
Ballet at the UFO Congress I'm

654
00:29:31,470 --> 00:29:28,750
definitely gonna be there alright

655
00:29:33,090 --> 00:29:31,480
alejandro so everyone hang in there for

656
00:30:23,680 --> 00:29:33,100
this quick music break we'll be right

657
00:30:30,650 --> 00:30:26,810
Jocasta hello there welcome to the show

658
00:30:34,820 --> 00:30:30,660
this is Martin Willis hi hi there so

659
00:30:38,000 --> 00:30:34,830
Cheryl we met in Phoenix last year at

660
00:30:40,820 --> 00:30:38,010
the UFO Congress and it was a pleasure

661
00:30:43,580 --> 00:30:40,830
meeting you and I sat in on party to

662
00:30:44,870 --> 00:30:43,590
talk someone distracted me I was taken

663
00:30:48,290 --> 00:30:44,880

away I didn't get to listen to your

664

00:30:51,440 --> 00:30:48,300

whole talk but I'm I here with some

665

00:30:56,510 --> 00:30:51,450

background noise I just moved away from

666

00:30:58,040 --> 00:30:56,520

it okay good all right I'm kind of a I'm

667

00:31:00,290 --> 00:30:58,050

not a history buff I shouldn't say that

668

00:31:03,200 --> 00:31:00,300

I'm a fan of history and you were

669

00:31:05,420 --> 00:31:03,210

talking about early UFO sightings that

670

00:31:06,950 --> 00:31:05,430

fascinates me but before we get into any

671

00:31:10,180 --> 00:31:06,960

of that can you tell the listening

672

00:31:13,640 --> 00:31:10,190

audience your background basically and

673

00:31:15,800 --> 00:31:13,650

what started you down the path of the

674

00:31:18,470 --> 00:31:15,810

UFO field and writing about it well I

675

00:31:21,830 --> 00:31:18,480

was always sort of a UFO bystander I had

676
00:31:26,780 --> 00:31:21,840
my first sighting Memphis about 12 years

677
00:31:28,670 --> 00:31:26,790
old the specter of 65 or so and we were

678
00:31:30,200 --> 00:31:28,680
coming down off the family was out on a

679
00:31:31,820 --> 00:31:30,210
Sunday afternoon we were coming down a

680
00:31:34,790 --> 00:31:31,830
country road off the side of a hill

681
00:31:37,430 --> 00:31:34,800
beautiful late August afternoon

682
00:31:40,460 --> 00:31:37,440
blue skies not a cloud anywhere and out

683
00:31:42,440 --> 00:31:40,470
there in the western sky about four

684
00:31:44,210 --> 00:31:42,450
o'clock me after a western sky was a

685
00:31:48,020 --> 00:31:44,220
great big silver ball and it just hung

686
00:31:52,000 --> 00:31:48,030
there for 20 minutes and and then when

687
00:31:53,180 --> 00:31:52,010
it did depart president departed with

688
00:31:56,870 --> 00:31:53,190

lickety-split

689

00:31:59,690 --> 00:31:56,880

Wow so I know we all knew it wasn't a

690

00:32:02,150 --> 00:31:59,700

balloon after we had watched it my

691

00:32:06,680 --> 00:32:02,160

mother was very tender about it sat down

692

00:32:09,590 --> 00:32:06,690

and explained to me something about UFO

693

00:32:11,360 --> 00:32:09,600

apparently she was a little bit red on

694

00:32:15,350 --> 00:32:11,370

it as much as she could be probably in

695

00:32:17,390 --> 00:32:15,360

the 1965 timeframe and that was it

696

00:32:19,100 --> 00:32:17,400

that was my introduction and as I was

697

00:32:20,630 --> 00:32:19,110

going through high school I found a good

698

00:32:22,490 --> 00:32:20,640

book at the library I drink it home and

699

00:32:25,700 --> 00:32:22,500

we'd share it you know so this is kind

700

00:32:27,020 --> 00:32:25,710

of a bonding thing with my mom huh wow

701
00:32:31,430 --> 00:32:27,030
that's kind of interesting you don't

702
00:32:34,850 --> 00:32:31,440
hear that too often no no you don't

703
00:32:37,159 --> 00:32:34,860
now the show the live show producer just

704
00:32:38,930 --> 00:32:37,169
asked if you could get into the phone a

705
00:32:39,409 --> 00:32:38,940
little more he says the volume is pretty

706
00:32:41,779 --> 00:32:39,419
low

707
00:32:43,400 --> 00:32:41,789
sure sure I can do that I also can speak

708
00:32:46,310 --> 00:32:43,410
up properly probably he needs that a

709
00:32:49,190 --> 00:32:46,320
little bit yeah and so you're also a

710
00:32:52,520 --> 00:32:49,200
playwright and yeah

711
00:32:55,490 --> 00:32:52,530
yeah I've been writing play since since

712
00:32:59,029 --> 00:32:55,500
the well I guess my first formal play

713
00:33:01,460 --> 00:32:59,039

that got actually debuted was in 1994

714

00:33:03,080 --> 00:33:01,470

but I've written about thirty since that

715

00:33:04,310 --> 00:33:03,090

time I've had about three-quarters of

716

00:33:08,270 --> 00:33:04,320

them produced some of them

717

00:33:10,460 --> 00:33:08,280

internationally and the thing with

718

00:33:12,770 --> 00:33:10,470

playwrights is unless unless you're some

719

00:33:16,580 --> 00:33:12,780

guy like Neil Simon nobody knows your

720

00:33:20,000 --> 00:33:16,590

name yep that's right that's right well

721

00:33:22,700 --> 00:33:20,010

you know it through any field it takes

722

00:33:24,380 --> 00:33:22,710

really you know for someone to hit the

723

00:33:27,590 --> 00:33:24,390

top of about anything you know to become

724

00:33:29,510 --> 00:33:27,600

the rock star of that field it's you

725

00:33:33,049 --> 00:33:29,520

know it's like salmon going upstream

726

00:33:37,640 --> 00:33:33,059

there's just a few make it yes that's

727

00:33:41,840 --> 00:33:37,650

very true yeah the UFO field is about

728

00:33:43,580 --> 00:33:41,850

the same way you know there's a handful

729

00:33:45,200 --> 00:33:43,590

of people seem to be invited to all the

730

00:33:46,730 --> 00:33:45,210

conventions and there's a whole bunch of

731

00:33:48,980 --> 00:33:46,740

other people like myself who are out

732

00:33:52,880 --> 00:33:48,990

there doing some serious serious work

733

00:33:55,430 --> 00:33:52,890

and we don't get invited well you did

734

00:33:56,810 --> 00:33:55,440

you did speak at the and Phoenix what

735

00:34:00,789 --> 00:33:56,820

and I thought you were great

736

00:34:04,669 --> 00:34:00,799

so I'm surprised I didn't lead to more

737

00:34:09,980 --> 00:34:04,679

engagements for you I led to a lot of

738

00:34:12,500 --> 00:34:09,990

radio interviews both radio and podcast

739

00:34:16,010 --> 00:34:12,510

type things that type of thing I mean

740

00:34:19,070 --> 00:34:16,020

Richard Dolan had me in his show uh-huh

741

00:34:20,690 --> 00:34:19,080

and a lot of people have had me I'm

742

00:34:23,450 --> 00:34:20,700

probably good twelve or fifteen people

743

00:34:26,740 --> 00:34:23,460

have had me on in one one capacity or

744

00:34:29,169 --> 00:34:26,750

another over the past eight months

745

00:34:32,720 --> 00:34:29,179

actually almost ten months at this point

746

00:34:37,550 --> 00:34:32,730

but it hasn't everybody saying oh I'll

747

00:34:40,700 --> 00:34:37,560

call you up in 2017 you know it's kind

748

00:34:42,560 --> 00:34:40,710

of strange there's a button there is an

749

00:34:44,780 --> 00:34:42,570

effort afoot here in upstate New York

750

00:34:45,230 --> 00:34:44,790

we're trying to get enough state in New

751
00:34:47,869 --> 00:34:45,240
York

752
00:34:50,180 --> 00:34:47,879
convention going now and they start out

753
00:34:52,369 --> 00:34:50,190
small maybe like a one day convention

754
00:34:54,320 --> 00:34:52,379
kind of thing but we're trying there's a

755
00:34:56,480 --> 00:34:54,330
handful of us out there trying to pull

756
00:34:57,830 --> 00:34:56,490
it together and there's folks down from

757
00:34:59,810 --> 00:34:57,840
the New York City area who are

758
00:35:01,790 --> 00:34:59,820
interested in making it happen and bunch

759
00:35:04,250 --> 00:35:01,800
of us have been talking and saying maybe

760
00:35:07,670 --> 00:35:04,260
we can get together a a four or five

761
00:35:10,490 --> 00:35:07,680
speaker one-day event at some point now

762
00:35:11,810 --> 00:35:10,500
hang on to that thought because I want

763
00:35:14,600 --> 00:35:11,820

to say something but I also want to

764

00:35:16,820 --> 00:35:14,610

remind people that anyone can call in if

765

00:35:19,400 --> 00:35:16,830

you like that six oh three nine six

766

00:35:21,770 --> 00:35:19,410

seven four OH three Oh or you can jump

767

00:35:25,940 --> 00:35:21,780

in the chatroom that podcast UFO comm

768

00:35:28,730 --> 00:35:25,950

real easy sign up so you have you

769

00:35:31,370 --> 00:35:28,740

mentioned Richard Dolan now all right

770

00:35:34,460 --> 00:35:31,380

and you are in are you actually in

771

00:35:36,950 --> 00:35:34,470

Syracuse I mean I'm in Syracuse so

772

00:35:39,530 --> 00:35:36,960

Richard is judge out Rochester way so

773

00:35:42,080 --> 00:35:39,540

he's about 90 minutes from me right now

774

00:35:45,560 --> 00:35:42,090

is he proactive actually and trying to

775

00:35:49,130 --> 00:35:45,570

get group going to I haven't reached out

776

00:35:51,410 --> 00:35:49,140

to Richard yet that would be good he

777

00:35:54,590 --> 00:35:51,420

would be a good household name more or

778

00:35:57,080 --> 00:35:54,600

less you know well yeah there's actually

779

00:36:01,250 --> 00:35:57,090

quite a few people here in New York

780

00:36:03,470 --> 00:36:01,260

State who have had good contact with you

781

00:36:04,820 --> 00:36:03,480

know either publishing in UFOs things

782

00:36:07,820 --> 00:36:04,830

like this under spot probably good

783

00:36:09,859 --> 00:36:07,830

half-dozen people really know Zimmerman

784

00:36:12,070 --> 00:36:09,869

in the Hudson Valley

785

00:36:14,870 --> 00:36:12,080

mhm Pete Robbins writes extensively

786

00:36:17,030 --> 00:36:14,880

about it he's just about an hour from me

787

00:36:18,770 --> 00:36:17,040

down down towards Watkins oh I thought

788

00:36:21,170 --> 00:36:18,780

he was in Pennsylvania so he's not that

789

00:36:26,810 --> 00:36:21,180

he's actually in New York down down

790

00:36:28,310 --> 00:36:26,820

nearby Seneca Lake and there's a handful

791

00:36:30,470 --> 00:36:28,320

of other people I can't pull off top my

792

00:36:34,190 --> 00:36:30,480

head right now and there's another new

793

00:36:38,359 --> 00:36:34,200

guy a new guy by the name of Tom Conway

794

00:36:41,210 --> 00:36:38,369

and he is up in Detroit New York area

795

00:36:43,580 --> 00:36:41,220

bye-bye Albany mm-hmm

796

00:36:45,950 --> 00:36:43,590

and he's been doing similar research to

797

00:36:48,740 --> 00:36:45,960

me and in fact we kind of put our heads

798

00:36:51,080 --> 00:36:48,750

together and we quite accidentally on

799

00:36:55,640 --> 00:36:51,090

Facebook one day I was showing a chart

800

00:36:58,400 --> 00:36:55,650

of the percentage of UFO sightings based

801
00:36:59,089 --> 00:36:58,410
at the county level in New York State

802
00:37:02,269 --> 00:36:59,099
it's a very

803
00:37:05,359 --> 00:37:02,279
rare kind of presentation I had to go in

804
00:37:08,120 --> 00:37:05,369
and pull County data both for MUFON and

805
00:37:10,640 --> 00:37:08,130
I had to create it using the national

806
00:37:12,410 --> 00:37:10,650
UFO Reporting database because they

807
00:37:14,420 --> 00:37:12,420
don't they don't track County data so I

808
00:37:16,759 --> 00:37:14,430
had to literally go look up 3,500

809
00:37:19,579 --> 00:37:16,769
sightings to and put it in a spreadsheet

810
00:37:23,509 --> 00:37:19,589
what county they were in Wow two months

811
00:37:25,039 --> 00:37:23,519
took two months and every evening for a

812
00:37:25,700 --> 00:37:25,049
couple of hours for two months that's

813
00:37:29,269 --> 00:37:25,710

what I did

814

00:37:31,430 --> 00:37:29,279

but what we figured out I had a pattern

815

00:37:34,400 --> 00:37:31,440

of where all the hotspots in New York

816

00:37:37,249 --> 00:37:34,410

State were mmm okay and there's about

817

00:37:39,410 --> 00:37:37,259

nine major hotspots and what was

818

00:37:42,469 --> 00:37:39,420

interesting was I was showing a couple

819

00:37:45,589 --> 00:37:42,479

of the slides on the UFO updates on the

820

00:37:48,859 --> 00:37:45,599

Facebook and Tom came back to me and

821

00:37:50,719 --> 00:37:48,869

shot me a shot me a picture of a map he

822

00:37:53,420 --> 00:37:50,729

had on the wall he had a New York State

823

00:37:54,739 --> 00:37:53,430

map on the wall road map and he had pins

824

00:37:57,650 --> 00:37:54,749

and he had gone through the same

825

00:38:00,489 --> 00:37:57,660

databases and was putting pins in but he

826

00:38:02,839 --> 00:38:00,499

was doing like he had pink pins for

827

00:38:04,759 --> 00:38:02,849

fireballs on another wall he had another

828

00:38:07,160 --> 00:38:04,769

road map up there and he was doing

829

00:38:10,039 --> 00:38:07,170

triangles you know and he was able to

830

00:38:13,099 --> 00:38:10,049

show the distribution of different types

831

00:38:15,859 --> 00:38:13,109

of major types of UFOs and their

832

00:38:18,109 --> 00:38:15,869

patterns in New York State and quite a

833

00:38:19,969 --> 00:38:18,119

lively presentation that he's got so I'm

834

00:38:22,219 --> 00:38:19,979

hoping to get him get him to do

835

00:38:23,870 --> 00:38:22,229

something it whatever kind of a little

836

00:38:26,950 --> 00:38:23,880

convention or conference we put together

837

00:38:29,989 --> 00:38:26,960

boy I wish I could be that organized

838

00:38:32,089 --> 00:38:29,999

sounds really great now I saw one of

839

00:38:33,559 --> 00:38:32,099

your articles you write for the Syracuse

840

00:38:35,450 --> 00:38:33,569

New Times is it

841

00:38:37,219 --> 00:38:35,460

I read for two new services that write

842

00:38:39,769 --> 00:38:37,229

for Syracuse News Times been with them

843

00:38:42,229 --> 00:38:39,779

two and a half years the columns called

844

00:38:45,589 --> 00:38:42,239

New York skies and it's a weekly blog

845

00:38:48,469 --> 00:38:45,599

and it's one of the hit blogs it's a

846

00:38:50,959 --> 00:38:48,479

rock we rock and roll that that

847

00:38:52,789 --> 00:38:50,969

newspaper and we've got international

848

00:38:54,349 --> 00:38:52,799

readership the editors just do

849

00:38:56,539 --> 00:38:54,359

cartwheels about the fact that we have

850

00:38:59,269 --> 00:38:56,549

international readership a little weekly

851

00:39:01,910 --> 00:38:59,279

in upstate New York and then I also

852

00:39:05,359 --> 00:39:01,920

write for the slant news service out of

853

00:39:08,299 --> 00:39:05,369

New York City and I the science editor

854

00:39:12,740 --> 00:39:08,309

there has me write UFO articles for him

855

00:39:15,170 --> 00:39:12,750

as well well now I I noticed in the

856

00:39:17,390 --> 00:39:15,180

one of your articles was on a triangle

857

00:39:21,800 --> 00:39:17,400

and it was a great great article great

858

00:39:24,140 --> 00:39:21,810

sighting and yeah I was afraid that no

859

00:39:26,330 --> 00:39:24,150

no it was about the guy that said he

860

00:39:28,910 --> 00:39:26,340

could if there was a pole on his barn he

861

00:39:31,490 --> 00:39:28,920

could he could reach it from there or

862

00:39:33,260 --> 00:39:31,500

something like that and it was 12 foot

863

00:39:35,270 --> 00:39:33,270

by 12 foot by 12 foot he said that

864

00:39:38,210 --> 00:39:35,280

that's the approximate size it flew real

865

00:39:40,310 --> 00:39:38,220

low yeah it was the one that was like

866

00:39:45,380 --> 00:39:40,320

literally floating over his barn yeah

867

00:39:46,910 --> 00:39:45,390

yeah so triangles always interest me and

868

00:39:50,300 --> 00:39:46,920

it just seems like there's more and more

869

00:39:53,210 --> 00:39:50,310

of them and when you were doing this or

870

00:39:56,210 --> 00:39:53,220

when you were looking at this chart did

871

00:40:01,220 --> 00:39:56,220

you see that there there was a like a

872

00:40:06,260 --> 00:40:01,230

peak in triangles no no not as much as

873

00:40:11,090 --> 00:40:06,270

you might think I didn't I didn't do a a

874

00:40:13,220 --> 00:40:11,100

real serious breakdown on triangles but

875

00:40:14,720 --> 00:40:13,230

maybe a little later in the program I

876

00:40:17,030 --> 00:40:14,730

can give you some good numbers here I

877

00:40:19,520 --> 00:40:17,040

only need to pull up a spreadsheet and I

878

00:40:23,230 --> 00:40:19,530

can give you some real serious numbers I

879

00:40:25,610 --> 00:40:23,240

just don't have it right this moment

880

00:40:31,460 --> 00:40:25,620

actually I found it

881

00:40:34,130 --> 00:40:31,470

orange fireballs uh-huh that's the very

882

00:40:37,190 --> 00:40:34,140

predominant yep isn't that something we

883

00:40:40,690 --> 00:40:37,200

had Terry ray on he he and a few other

884

00:40:44,090 --> 00:40:40,700

people are organizing some type of

885

00:40:47,840 --> 00:40:44,100

orange orb and move on and move on and

886

00:40:49,040 --> 00:40:47,850

some type of research I'm not sure if

887

00:40:52,340 --> 00:40:49,050

you're familiar with that or not but

888

00:40:54,080 --> 00:40:52,350

they are going to explore all these

889

00:40:56,630 --> 00:40:54,090

orange orbs that people are seeing and I

890

00:41:00,590 --> 00:40:56,640

know they're some of them can certainly

891

00:41:02,750 --> 00:41:00,600

be Chinese lanterns but there are some

892

00:41:06,410 --> 00:41:02,760

there's just too many sightings that do

893

00:41:08,840 --> 00:41:06,420

too many unusual things that it just

894

00:41:12,770 --> 00:41:08,850

wouldn't be explained by the Chinese

895

00:41:15,800 --> 00:41:12,780

leaners well that's the joke my spouse

896

00:41:20,690 --> 00:41:15,810

has with this whole thing every time

897

00:41:22,670 --> 00:41:20,700

somebody talks about the the Chinese

898

00:41:25,670 --> 00:41:22,680

Lantern it moves a hundred and fifty six

899

00:41:26,570 --> 00:41:25,680

hundred miles an hour you know I you

900

00:41:28,070 --> 00:41:26,580

know that

901
00:41:30,050 --> 00:41:28,080
the difference I have a lot of people

902
00:41:33,080 --> 00:41:30,060
write me and honestly tell me all it's

903
00:41:35,270 --> 00:41:33,090
just Chinese lanterns they have

904
00:41:37,460 --> 00:41:35,280
absolutely no idea what the what people

905
00:41:41,900 --> 00:41:37,470
are really reporting and these things

906
00:41:44,180 --> 00:41:41,910
are flying in formations they're flying

907
00:41:46,450 --> 00:41:44,190
in formations and darting around like a

908
00:41:49,070 --> 00:41:46,460
bunch of like a bunch of fireflies

909
00:41:51,200 --> 00:41:49,080
they're flying in formations where

910
00:41:54,320 --> 00:41:51,210
they'll bill they'll make themselves

911
00:41:57,320 --> 00:41:54,330
look like an airplane when the best ones

912
00:41:59,270 --> 00:41:57,330
I ever saw was it was they actually it

913
00:42:01,250 --> 00:41:59,280

was about ten of them and they lined

914

00:42:02,690 --> 00:42:01,260

themselves up and if you looked at if

915

00:42:04,490 --> 00:42:02,700

you just glanced up in the sky you but I

916

00:42:06,380 --> 00:42:04,500

thought it was just a jetliner up there

917

00:42:09,080 --> 00:42:06,390

but it was actually ten of them like in

918

00:42:10,520 --> 00:42:09,090

a crosstie kind of formation with a

919

00:42:13,910 --> 00:42:10,530

couple them in the back make it look

920

00:42:16,040 --> 00:42:13,920

like the back wing wow it was it was

921

00:42:17,840 --> 00:42:16,050

very stealth but very cute the way they

922

00:42:19,460 --> 00:42:17,850

were making it look it was if it's quite

923

00:42:22,220 --> 00:42:19,470

interesting so this is actually a

924

00:42:26,270 --> 00:42:22,230

sighting that you had know I saw a

925

00:42:28,310 --> 00:42:26,280

picture of it mhm now one of the things

926

00:42:32,660 --> 00:42:28,320

I remembered you're talking about is a

927

00:42:35,110 --> 00:42:32,670

200 year old the UFO account yes all

928

00:42:38,240 --> 00:42:35,120

right can we talk about that sure again

929

00:42:43,280 --> 00:42:38,250

okay so you know over a 14 year window

930

00:42:47,120 --> 00:42:43,290

okay 14 your window we had 378 triangle

931

00:42:50,360 --> 00:42:47,130

sightings oh you're looking at this data

932

00:42:55,160 --> 00:42:50,370

right now I just pulled up the pivot

933

00:42:55,810 --> 00:42:55,170

table yeah we had can we give it to you

934

00:43:00,260 --> 00:42:55,820

again

935

00:43:03,740 --> 00:43:00,270

378 triangle sightings this is out of 30

936

00:43:07,250 --> 00:43:03,750

a grand total of 30 931 sightings over a

937

00:43:10,970 --> 00:43:07,260

period of let us say over the last

938

00:43:15,050 --> 00:43:10,980

hundred years okay and you know please

939

00:43:16,790 --> 00:43:15,060

understand before about 1960 there's not

940

00:43:20,300 --> 00:43:16,800

a whole heck of a lot in the database

941

00:43:23,870 --> 00:43:20,310

but from from there on up to about the

942

00:43:26,960 --> 00:43:23,880

late 80s early 90s we start seeing a lot

943

00:43:29,150 --> 00:43:26,970

of a lot of sightings in the database

944

00:43:32,090 --> 00:43:29,160

only because people either remembered it

945

00:43:33,980 --> 00:43:32,100

and put it in the modern database or it

946

00:43:36,980 --> 00:43:33,990

was stuff that was carried over from up

947

00:43:39,140 --> 00:43:36,990

you know back from the time before the

948

00:43:40,680 --> 00:43:39,150

internet when people fax these things in

949

00:43:42,120 --> 00:43:40,690

I did about four

950

00:43:43,829 --> 00:43:42,130

smell recordings and things like that

951
00:43:46,200 --> 00:43:43,839
that's how people used to report these

952
00:43:48,120 --> 00:43:46,210
things after we got into the mid 90s

953
00:43:50,790 --> 00:43:48,130
people started using things like BBS's

954
00:43:53,309 --> 00:43:50,800
both on board services and then as we

955
00:43:54,089 --> 00:43:53,319
towards the late 90s we got onto the

956
00:43:57,480 --> 00:43:54,099
Internet

957
00:44:00,089 --> 00:43:57,490
and from about 99 and we start seeing

958
00:44:01,859 --> 00:44:00,099
some serious solid reporting of UFO

959
00:44:03,839 --> 00:44:01,869
sightings that's important to keep in

960
00:44:05,540 --> 00:44:03,849
mind now I was going to tell you the

961
00:44:09,329 --> 00:44:05,550
other one there the big one here

962
00:44:12,390 --> 00:44:09,339
circular-shaped UFOs we're going to call

963
00:44:14,280 --> 00:44:12,400

them like the the just the circular

964

00:44:16,890 --> 00:44:14,290

shape some of these saw a circular shape

965

00:44:19,079 --> 00:44:16,900

that's in the 400 range

966

00:44:22,410 --> 00:44:19,089

diamond diamond shapes are almost

967

00:44:25,470 --> 00:44:22,420

non-existent people seeing them flying

968

00:44:27,800 --> 00:44:25,480

discs the classic flying-saucer 288 of

969

00:44:32,550 --> 00:44:27,810

them fireballs on the other hand about

970

00:44:34,829 --> 00:44:32,560

311 hmm so this is this is probably over

971

00:44:37,079 --> 00:44:34,839

the last 20 years as the strength of

972

00:44:41,880 --> 00:44:37,089

this database mm-hmm

973

00:44:46,920 --> 00:44:41,890

well the fireballs do you mean as in a

974

00:44:50,190 --> 00:44:46,930

meteor no no no no no just um they are

975

00:44:53,640 --> 00:44:50,200

typically depicted like a glowing ball

976

00:44:57,240 --> 00:44:53,650

hmm they have a kind of a they have kind

977

00:44:59,790 --> 00:44:57,250

of a a fiery qualities oh I saw one

978

00:45:03,180 --> 00:44:59,800

actually last summer I had gone to a

979

00:45:05,970 --> 00:45:03,190

kanay conference done and down in

980

00:45:09,059 --> 00:45:05,980

Philadelphia and we were coming we were

981

00:45:13,230 --> 00:45:09,069

coming back up I 81 just north of

982

00:45:15,270 --> 00:45:13,240

Scranton and it looked almost like a

983

00:45:17,069 --> 00:45:15,280

bumble being the distance coming down

984

00:45:18,420 --> 00:45:17,079

the valley it was kind of darting back

985

00:45:20,640 --> 00:45:18,430

and forth and it was still daylight

986

00:45:23,670 --> 00:45:20,650

maybe about a half an hour for sunset

987

00:45:26,250 --> 00:45:23,680

and the guy driving the car said is that

988

00:45:28,140 --> 00:45:26,260

an orb in all and I looked down the road

989

00:45:29,730 --> 00:45:28,150

and I saw this thing it was probably at

990

00:45:33,270 --> 00:45:29,740

about a thousand maybe two thousand feet

991

00:45:36,440 --> 00:45:33,280

off the ground and as we literally grow

992

00:45:43,670 --> 00:45:36,450

under it I looked up at it

993

00:45:48,030 --> 00:45:43,680

imagine a circular ball of iridescent

994

00:45:49,260 --> 00:45:48,040

that has kind of a I'm going to say you

995

00:45:51,089 --> 00:45:49,270

know like if you saw in the movies

996

00:45:52,620 --> 00:45:51,099

sometimes the things have kind of an

997

00:45:54,660 --> 00:45:52,630

iridescent and then there's kind of like

998

00:45:55,890 --> 00:45:54,670

a maybe a teeny quality or

999

00:45:58,590 --> 00:45:55,900

that kind of makes it almost look like

1000

00:45:59,070 --> 00:45:58,600

it's maybe on fire or steaming or

1001
00:46:01,590 --> 00:45:59,080
something

1002
00:46:05,490 --> 00:46:01,600
you had that quality to it and it was

1003
00:46:08,460 --> 00:46:05,500
bright orange Wow yeah daylight

1004
00:46:10,680 --> 00:46:08,470
sightings are are really interesting and

1005
00:46:12,750 --> 00:46:10,690
one of the things that I was thinking of

1006
00:46:15,630 --> 00:46:12,760
when you were talking about all these

1007
00:46:17,550 --> 00:46:15,640
different ways of reporting is can you

1008
00:46:19,830 --> 00:46:17,560
imagine what the small percentage of

1009
00:46:22,110 --> 00:46:19,840
people that actually go through all the

1010
00:46:25,140 --> 00:46:22,120
trouble of reporting you know it's

1011
00:46:27,150 --> 00:46:25,150
probably very low Stanton Friedman it

1012
00:46:29,520 --> 00:46:27,160
when we were at the International UFO

1013
00:46:32,430 --> 00:46:29,530

conference down in Phoenix back in

1014

00:46:35,520 --> 00:46:32,440

February at one point he was on a panel

1015

00:46:39,060 --> 00:46:35,530

and they raised that point they said you

1016

00:46:42,030 --> 00:46:39,070

know what is the rate of people who

1017

00:46:43,950 --> 00:46:42,040

actually do pick up and AG are going to

1018

00:46:46,140 --> 00:46:43,960

the computer or kentley you know make a

1019

00:46:48,990 --> 00:46:46,150

make a formal report and they figure

1020

00:46:51,870 --> 00:46:49,000

it's like 1 in 10 I wouldn't doubt it

1021

00:46:53,700 --> 00:46:51,880

because well you know the this the point

1022

00:46:55,560 --> 00:46:53,710

of my show comes up quite a bit when I'm

1023

00:46:57,630 --> 00:46:55,570

talking to someone when I feel

1024

00:46:59,730 --> 00:46:57,640

comfortable enough I'll say well you

1025

00:47:02,820 --> 00:46:59,740

know I do kind of well sort of an

1026
00:47:05,940 --> 00:47:02,830
esoteric show on UFOs huh I'll admit it

1027
00:47:07,950 --> 00:47:05,950
and it's kind of funny because I've had

1028
00:47:10,980 --> 00:47:07,960
so many people talk about their

1029
00:47:14,580 --> 00:47:10,990
sightings that are just you know people

1030
00:47:16,560 --> 00:47:14,590
you would never imagine and the question

1031
00:47:18,930 --> 00:47:16,570
always come up comes up did you report

1032
00:47:21,120 --> 00:47:18,940
it and they say no you know I would say

1033
00:47:22,830 --> 00:47:21,130
that of all the people that I've talked

1034
00:47:25,650 --> 00:47:22,840
to I don't think there's one person that

1035
00:47:27,600 --> 00:47:25,660
said they reported it and that's got to

1036
00:47:30,840 --> 00:47:27,610
be twenty or thirty different people in

1037
00:47:32,400 --> 00:47:30,850
general conversation I put up a chart a

1038
00:47:36,380 --> 00:47:32,410

couple of weeks ago I put it up on

1039

00:47:42,930 --> 00:47:36,390

Facebook where I listed the top ten

1040

00:47:46,530 --> 00:47:42,940

states for UFO sightings okay and the

1041

00:47:48,450 --> 00:47:46,540

top ten and when I put it up and I did

1042

00:47:50,280 --> 00:47:48,460

it in a little bar chart so you see you

1043

00:47:52,590 --> 00:47:50,290

know who really were the heavy hitters

1044

00:47:55,800 --> 00:47:52,600

for it now this was strictly based on

1045

00:47:58,140 --> 00:47:55,810

national UFO Reporting Center data

1046

00:48:01,620 --> 00:47:58,150

because it's easily it's easily

1047

00:48:04,110 --> 00:48:01,630

downloadable and you put it into a

1048

00:48:06,960 --> 00:48:04,120

spreadsheet or into a database and

1049

00:48:08,700 --> 00:48:06,970

crunch it very nicely it's a little

1050

00:48:11,640 --> 00:48:08,710

harder to get the

1051
00:48:13,770 --> 00:48:11,650
who finds data but what I have found

1052
00:48:16,200 --> 00:48:13,780
when I have gone off and actually got

1053
00:48:19,830 --> 00:48:16,210
move on data's safer a same period of

1054
00:48:22,500 --> 00:48:19,840
time I find that it's less than about

1055
00:48:24,540 --> 00:48:22,510
three percent duplication and sightings

1056
00:48:26,400 --> 00:48:24,550
probably actually down were around one

1057
00:48:28,860 --> 00:48:26,410
to two percent duplication and sighting

1058
00:48:32,430 --> 00:48:28,870
when you combine both databases the

1059
00:48:34,290 --> 00:48:32,440
numbers about double hmm so I've got a

1060
00:48:37,080 --> 00:48:34,300
place where there's a hundred sightings

1061
00:48:39,150 --> 00:48:37,090
on the national UFO Reporting Center if

1062
00:48:40,890 --> 00:48:39,160
I throw the MUFON numbers in there maybe

1063
00:48:42,990 --> 00:48:40,900

there's another seventy for the same

1064

00:48:45,660 --> 00:48:43,000

period of time so the numbers almost

1065

00:48:50,520 --> 00:48:45,670

double so if I if I tell you that New

1066

00:48:52,350 --> 00:48:50,530

York State had four thousand four forty

1067

00:48:56,610 --> 00:48:52,360

six hundred and seventy five sightings

1068

00:48:58,410 --> 00:48:56,620

over a 14 year window it was because but

1069

00:49:01,100 --> 00:48:58,420

that was national UFO Reporting Center

1070

00:49:04,890 --> 00:49:01,110

data they probably had closer to eight

1071

00:49:08,040 --> 00:49:04,900

thousand sightings would combine data

1072

00:49:09,930 --> 00:49:08,050

from both databases right right and then

1073

00:49:13,850 --> 00:49:09,940

old and then you throw that other thing

1074

00:49:16,410 --> 00:49:13,860

on top one in ten reported UFO sighting

1075

00:49:19,860 --> 00:49:16,420

you do the math it gets pretty scary

1076

00:49:21,510 --> 00:49:19,870

it does get scary I told one of the

1077

00:49:23,370 --> 00:49:21,520

things I told one of the editors at the

1078

00:49:25,110 --> 00:49:23,380

newspaper one day he said well how many

1079

00:49:26,370 --> 00:49:25,120

sightings do we really have in your say

1080

00:49:28,470 --> 00:49:26,380

it's at five percent of the world

1081

00:49:33,660 --> 00:49:28,480

sightings and about fell off his chair

1082

00:49:35,880 --> 00:49:33,670

and and when he wrote an editorial last

1083

00:49:39,990 --> 00:49:35,890

year in fact it was last one he did with

1084

00:49:42,240 --> 00:49:40,000

the paper just before he retired and in

1085

00:49:45,030 --> 00:49:42,250

fact it was the last one of last year

1086

00:49:46,920 --> 00:49:45,040

and he quite literally said you know the

1087

00:49:48,660 --> 00:49:46,930

most popular column we've got here at

1088

00:49:52,380 --> 00:49:48,670

the paper is that in print it's on the

1089

00:49:54,600 --> 00:49:52,390

internet and it's about UFOs and oh by

1090

00:49:57,000 --> 00:49:54,610

the way before you say why is there a

1091

00:49:58,710 --> 00:49:57,010

UFO column in the Syracuse New Times he

1092

00:50:00,990 --> 00:49:58,720

says because there's a lot of sightings

1093

00:50:03,300 --> 00:50:01,000

in New York State and then you started

1094

00:50:06,390 --> 00:50:03,310

quoting some of my numbers you know and

1095

00:50:08,310 --> 00:50:06,400

it got a rather interesting response and

1096

00:50:09,930 --> 00:50:08,320

from the from the reading public so to

1097

00:50:12,300 --> 00:50:09,940

speak a lot of people are going why

1098

00:50:13,920 --> 00:50:12,310

isn't somebody talking about this and

1099

00:50:16,410 --> 00:50:13,930

that was one of my arguments and how I

1100

00:50:19,620 --> 00:50:16,420

got into writing a column because nobody

1101

00:50:21,090 --> 00:50:19,630

was reporting this stuff and I've had

1102

00:50:22,230 --> 00:50:21,100

people write me and say well how come

1103

00:50:23,730 --> 00:50:22,240

you're reporting a fourteen

1104

00:50:26,130 --> 00:50:23,740

your old funny because nobody wrote

1105

00:50:30,210 --> 00:50:26,140

about it uh-huh

1106

00:50:33,090 --> 00:50:30,220

know that the subject is very popular it

1107

00:50:37,050 --> 00:50:33,100

really is and have you ever looked into

1108

00:50:40,260 --> 00:50:37,060

I want to say is it the Hudson what was

1109

00:50:44,730 --> 00:50:40,270

that the lower Hudson sightings or

1110

00:50:46,320 --> 00:50:44,740

whatever the one that kept happening the

1111

00:50:49,020 --> 00:50:46,330

one kept happening down around the

1112

00:50:51,600 --> 00:50:49,030

endpoint of the reactor

1113

00:50:53,220 --> 00:50:51,610

I'm gonna say black triangles there was

1114

00:50:55,230 --> 00:50:53,230

some type of sighting that was seen this

1115

00:50:58,440 --> 00:50:55,240

is going way back though I'm talking you

1116

00:51:00,870 --> 00:50:58,450

know twenty twenty some odd years it was

1117

00:51:05,280 --> 00:51:00,880

like a parkway in New York that people

1118

00:51:07,410 --> 00:51:05,290

kept seeing Titanic Parkway well that

1119

00:51:09,359 --> 00:51:07,420

particular location in New York is one

1120

00:51:14,130 --> 00:51:09,369

of the habits in Westchester County and

1121

00:51:16,920 --> 00:51:14,140

Westchester County is a hot spot mm-hmm

1122

00:51:18,900 --> 00:51:16,930

in fact if you give me 20 seconds I'll

1123

00:51:20,460 --> 00:51:18,910

pull up one of my slides and I'll tell

1124

00:51:22,920 --> 00:51:20,470

you exactly how many sightings they've

1125

00:51:25,830 --> 00:51:22,930

got actually what I can actually do for

1126
00:51:28,230 --> 00:51:25,840
you is I can actually tell you how where

1127
00:51:30,210 --> 00:51:28,240
the hot spots are is that something not

1128
00:51:34,290 --> 00:51:30,220
many people know is I haven't published

1129
00:51:36,480 --> 00:51:34,300
this data yet Wow yeah your audience is

1130
00:51:39,150 --> 00:51:36,490
gonna get the first crack at this okay

1131
00:51:43,290 --> 00:51:39,160
hotspots are always intriguing to me and

1132
00:51:48,390 --> 00:51:43,300
it just makes me wonder why why they are

1133
00:51:51,420 --> 00:51:48,400
hotspots well when I did a chart I broke

1134
00:51:54,570 --> 00:51:51,430
my my study down this the study has not

1135
00:51:57,420 --> 00:51:54,580
been presented yet okay when I broke I

1136
00:52:00,620 --> 00:51:57,430
went and did a in fact this came out of

1137
00:52:06,180 --> 00:52:00,630
the National you know it came out of the

1138
00:52:08,070 --> 00:52:06,190

eye of the International UFO Congress

1139

00:52:09,870 --> 00:52:08,080

meeting that we all went to there in

1140

00:52:12,120 --> 00:52:09,880

February this year mm-hmm

1141

00:52:14,790 --> 00:52:12,130

there was a professor there from a

1142

00:52:17,460 --> 00:52:14,800

California University and after he saw

1143

00:52:19,740 --> 00:52:17,470

my presentation he said well I'm doing

1144

00:52:27,930 --> 00:52:19,750

some studying down in the Hudson Valley

1145

00:52:29,609 --> 00:52:27,940

of some caves that are not natural they

1146

00:52:32,099 --> 00:52:29,619

were made by somebody and they're

1147

00:52:35,370 --> 00:52:32,109

estimated to be close to 12,000 years

1148

00:52:36,000 --> 00:52:35,380

old well and they have gone out and

1149

00:52:39,090 --> 00:52:36,010

serve

1150

00:52:40,980 --> 00:52:39,100

these things with GPS and they can quite

1151
00:52:45,150 --> 00:52:40,990
literally tell you the zip code of every

1152
00:52:48,360 --> 00:52:45,160
one of these these caves and she asked

1153
00:52:50,040 --> 00:52:48,370
me if I could give him a map of the

1154
00:52:51,840 --> 00:52:50,050
hotspots within New York State and I

1155
00:52:54,450 --> 00:52:51,850
said you know it doesn't exist but I'll

1156
00:52:57,570 --> 00:52:54,460
make it for you and so the next four

1157
00:52:59,640 --> 00:52:57,580
months I worked on you know breaking all

1158
00:53:01,410 --> 00:52:59,650
that data down it's down to the county

1159
00:53:03,450 --> 00:53:01,420
level and I he's looked the only person

1160
00:53:06,750 --> 00:53:03,460
I shared the entire list of what the

1161
00:53:08,550 --> 00:53:06,760
County sighting counts are but that's

1162
00:53:12,260 --> 00:53:08,560
how that came to us how the study came

1163
00:53:15,090 --> 00:53:12,270

to be and what was funny about it was

1164

00:53:17,430 --> 00:53:15,100

everybody was saying to me well you know

1165

00:53:20,580 --> 00:53:17,440

how come that hot spots there's a

1166

00:53:23,490 --> 00:53:20,590

nuclear reactor in or it's a military

1167

00:53:25,770 --> 00:53:23,500

base or something like this and those

1168

00:53:27,300 --> 00:53:25,780

questions started really really coming

1169

00:53:33,600 --> 00:53:27,310

in everybody tried to take a shot at

1170

00:53:35,280 --> 00:53:33,610

what was there and I took one I first

1171

00:53:38,130 --> 00:53:35,290

thing I took all the counties and broke

1172

00:53:41,310 --> 00:53:38,140

them down by the ten economic regions of

1173

00:53:44,010 --> 00:53:41,320

upstate New York of New York State okay

1174

00:53:48,590 --> 00:53:44,020

typically about five to eight counties

1175

00:53:51,630 --> 00:53:48,600

per economic region near 62 counties and

1176
00:53:54,030 --> 00:53:51,640
within each economic region there was

1177
00:53:57,330 --> 00:53:54,040
one state that hovered above them all

1178
00:53:59,850 --> 00:53:57,340
and so if five counties of the six and

1179
00:54:02,340 --> 00:53:59,860
reticular economic region had sightings

1180
00:54:04,830 --> 00:54:02,350
over 14 years average no more than four

1181
00:54:06,540 --> 00:54:04,840
to fifteen or twenty over the fourteen

1182
00:54:11,460 --> 00:54:06,550
years there was one County and there

1183
00:54:12,630 --> 00:54:11,470
would have 200 why are 150 or 500 or

1184
00:54:15,090 --> 00:54:12,640
something like that yeah that pretty

1185
00:54:17,340 --> 00:54:15,100
much spells it out right so there was a

1186
00:54:23,010 --> 00:54:17,350
spike so I went in my editor one day and

1187
00:54:24,510 --> 00:54:23,020
I slayed all 10 slides out and let him

1188
00:54:26,310 --> 00:54:24,520

look at them and he started asking all

1189

00:54:28,110 --> 00:54:26,320

the same questions was there nuclear

1190

00:54:31,290 --> 00:54:28,120

reactor there is there pollution there

1191

00:54:33,990 --> 00:54:31,300

is it just a population center what is

1192

00:54:35,910 --> 00:54:34,000

it and he told me check everything I

1193

00:54:40,440 --> 00:54:35,920

spent the next three months check we

1194

00:54:44,580 --> 00:54:40,450

checked ley lines we checked geological

1195

00:54:47,190 --> 00:54:44,590

faults we checked natural resources and

1196

00:54:48,810 --> 00:54:47,200

mineral minerals reactor there's many

1197

00:54:49,650 --> 00:54:48,820

foreigners or reactors in New York State

1198

00:54:53,250 --> 00:54:49,660

and

1199

00:54:55,740 --> 00:54:53,260

of them are down on the Hudson Valley

1200

00:54:58,620 --> 00:54:55,750

that's it yeah what's the Hudson Valley

1201
00:55:01,020 --> 00:54:58,630
you have the Hudson River Valley UFO

1202
00:55:04,910 --> 00:55:01,030
sightings what I was thinking of well

1203
00:55:08,160 --> 00:55:07,200
there's a place down you're called I

1204
00:55:09,960 --> 00:55:08,170
don't know if you ever heard it it's

1205
00:55:11,760 --> 00:55:09,970
called Pine Bush oh yeah

1206
00:55:14,849 --> 00:55:11,770
down the I had done this they claim to

1207
00:55:18,990 --> 00:55:14,859
be the UFO capital of New York right

1208
00:55:20,520 --> 00:55:19,000
there not nine other counties in New

1209
00:55:23,339 --> 00:55:20,530
York City have more sightings than they

1210
00:55:25,049 --> 00:55:23,349
do now what didn't they at one time

1211
00:55:28,700 --> 00:55:25,059
wasn't something going on at one time

1212
00:55:31,740 --> 00:55:28,710
that it was even people are lining up

1213
00:55:33,660 --> 00:55:31,750

someone that helps out with the show on

1214

00:55:35,930 --> 00:55:33,670

our Facebook was telling me a story

1215

00:55:39,029 --> 00:55:35,940

about actually parking her car and

1216

00:55:42,299 --> 00:55:39,039

waiting you know people all out on their

1217

00:55:44,700 --> 00:55:42,309

lawn chairs waiting am i i'm pretty sure

1218

00:55:47,339 --> 00:55:44,710

that was Pine Bush it might have been in

1219

00:55:49,410 --> 00:55:47,349

fact the thing is one of the points with

1220

00:55:51,180 --> 00:55:49,420

pine Bush and this is where I went nine

1221

00:55:52,589 --> 00:55:51,190

rounds with them about this because they

1222

00:55:54,660 --> 00:55:52,599

got very upset when I published an

1223

00:55:57,089 --> 00:55:54,670

article said that they weren't this

1224

00:56:00,089 --> 00:55:57,099

Capitol okay all right

1225

00:56:02,010 --> 00:56:00,099

there's a point did they report it in

1226

00:56:04,559 --> 00:56:02,020

the database yes there were there were

1227

00:56:07,289 --> 00:56:04,569

reports but I told the one guy it's like

1228

00:56:09,329 --> 00:56:07,299

he says 5,000 people saw I said yeah but

1229

00:56:12,539 --> 00:56:09,339

if it was one sighting and 5,000 people

1230

00:56:15,299 --> 00:56:12,549

saw it it was just one sighting mm-hmm

1231

00:56:17,670 --> 00:56:15,309

okay just because 5,000 people so it

1232

00:56:22,500 --> 00:56:17,680

doesn't give you 5,000 count accounts

1233

00:56:24,240 --> 00:56:22,510

yeah so that was where the issue is

1234

00:56:25,650 --> 00:56:24,250

yeah they handled they had more yeah

1235

00:56:27,299 --> 00:56:25,660

I'll tell you those guys under your

1236

00:56:30,180 --> 00:56:27,309

knots and Valley have had some extremely

1237

00:56:33,000 --> 00:56:30,190

visible sightings over the years some

1238

00:56:37,079 --> 00:56:33,010

amazing things there's there was a

1239

00:56:40,589 --> 00:56:37,089

couple down by the US Military Academy

1240

00:56:42,059 --> 00:56:40,599

at West Point and I can't put my fingers

1241

00:56:45,059 --> 00:56:42,069

on those right now but there was a

1242

00:56:47,010 --> 00:56:45,069

couple amazing ones down there but again

1243

00:56:49,589 --> 00:56:47,020

trying to find good write-ups about it

1244

00:56:51,809 --> 00:56:49,599

and everything so it's difficult now

1245

00:56:54,000 --> 00:56:51,819

what part of New York State I've got

1246

00:56:58,769 --> 00:56:54,010

that chart up I can tell you where all

1247

00:57:01,109 --> 00:56:58,779

the hot spots are oh good okay it go

1248

00:57:01,980 --> 00:57:01,119

ahead tell we lead the way where do you

1249

00:57:03,600 --> 00:57:01,990

want well no it's

1250

00:57:05,790 --> 00:57:03,610

see I don't have a map of New York up in

1251
00:57:08,760 --> 00:57:05,800
front of me so well let me take it this

1252
00:57:12,540 --> 00:57:08,770
way if you go up to the western part of

1253
00:57:13,710 --> 00:57:12,550
New York State Niagara Falls that area

1254
00:57:16,620 --> 00:57:13,720
mm-hmm

1255
00:57:20,609 --> 00:57:16,630
Erie County New York State is

1256
00:57:23,270 --> 00:57:20,619
essentially Buffalo New York okay and if

1257
00:57:27,000 --> 00:57:23,280
all the other sightings in the state

1258
00:57:30,240 --> 00:57:27,010
we're averaging around 50 over 14 year

1259
00:57:32,850 --> 00:57:30,250
period or in that in general area they

1260
00:57:35,310 --> 00:57:32,860
had 305 Wow

1261
00:57:36,990 --> 00:57:35,320
and sometimes referred to as the Erie

1262
00:57:39,780 --> 00:57:37,000
Lake effect that they have a lot of

1263
00:57:41,760 --> 00:57:39,790

sightings up around Erie Lake so what

1264

00:57:43,800 --> 00:57:41,770

about New York City you think of the

1265

00:57:46,950 --> 00:57:43,810

population I don't go down there you

1266

00:57:48,450 --> 00:57:46,960

staying up staying there okay I'm gonna

1267

00:57:50,370 --> 00:57:48,460

get I'm gonna get I'm gonna get to New

1268

00:57:52,440 --> 00:57:50,380

York but let me give you one of the

1269

00:57:55,260 --> 00:57:52,450

mysteries here New York City is easy

1270

00:57:57,420 --> 00:57:55,270

because they got a big population but

1271

00:57:59,940 --> 00:57:57,430

amazing stuff everybody says New York

1272

00:58:03,000 --> 00:57:59,950

City is tops in thee they are and they

1273

00:58:06,450 --> 00:58:03,010

aren't okay if you work the numbers back

1274

00:58:08,490 --> 00:58:06,460

against the size of the population there

1275

00:58:10,920 --> 00:58:08,500

are other counties in your state by

1276
00:58:14,640 --> 00:58:10,930
population that have had more sightings

1277
00:58:16,650 --> 00:58:14,650
than they do per person okay okay now

1278
00:58:18,870 --> 00:58:16,660
let's go to Rochester New York up there

1279
00:58:22,050 --> 00:58:18,880
right there on Lake Ontario mm-hmm a

1280
00:58:25,560 --> 00:58:22,060
similar phenomena that we saw with with

1281
00:58:27,690 --> 00:58:25,570
Erie County they have like this 282

1282
00:58:29,400 --> 00:58:27,700
sightings over 14 years in the hole all

1283
00:58:32,099 --> 00:58:29,410
the other cat all the other eight

1284
00:58:36,900 --> 00:58:32,109
counties in that district average maybe

1285
00:58:40,020 --> 00:58:36,910
about 20 over the 20 for the 20 year for

1286
00:58:41,580 --> 00:58:40,030
the 14 year period I've had several

1287
00:58:43,950 --> 00:58:41,590
you'll from New York State you'll follow

1288
00:58:46,200 --> 00:58:43,960

just look at that chart and say my god

1289

00:58:49,859 --> 00:58:46,210

maybe there's an onlay con Theriault

1290

00:58:53,930 --> 00:58:49,869

effect that we never knew about mm-hmm

1291

00:58:56,220 --> 00:58:53,940

and so that's something to be considered

1292

00:58:58,140 --> 00:58:56,230

but you want to know about New York City

1293

00:58:59,580 --> 00:58:58,150

okay no I don't have to jump I don't

1294

00:59:01,440 --> 00:58:59,590

have to jump there because up I

1295

00:59:04,050 --> 00:59:01,450

remembered there was sightings out in

1296

00:59:04,590 --> 00:59:04,060

Long Island - so long island well

1297

00:59:07,440 --> 00:59:04,600

actually

1298

00:59:10,650 --> 00:59:07,450

Long Island is is the if the

1299

00:59:12,150 --> 00:59:10,660

heavy-hitter it is yeah I mean let me

1300

00:59:14,140 --> 00:59:12,160

give you let me give you the Hudson

1301

00:59:16,630 --> 00:59:14,150

Valley and capital district

1302

00:59:19,390 --> 00:59:16,640

New York State's capital is Albany New

1303

00:59:21,430 --> 00:59:19,400

York way up on the Hudson about middle

1304

00:59:23,680 --> 00:59:21,440

of the state okay

1305

00:59:26,200 --> 00:59:23,690

they've got a huge number for working

1306

00:59:28,900 --> 00:59:26,210

years 173 and the rest of the counties

1307

00:59:33,690 --> 00:59:28,910

are down there in about 30th 30 per

1308

00:59:39,069 --> 00:59:35,920

Westchester County where a lot of the

1309

00:59:40,180 --> 00:59:39,079

UFO sightings were not Westchester

1310

00:59:42,210 --> 00:59:40,190

County if you're getting down there

1311

00:59:44,140 --> 00:59:42,220

where whitley strieber had you know

1312

00:59:46,000 --> 00:59:44,150

communion and all that kind of thing

1313

00:59:48,549 --> 00:59:46,010

you're down in that general area

1314

00:59:51,069 --> 00:59:48,559

Westchester County they had something in

1315

00:59:54,190 --> 00:59:51,079

the ballpark of 211 for the 14 year

1316

00:59:59,019 --> 00:59:54,200

period which is a lot Orange County

1317

01:00:02,140 --> 00:59:59,029

where Pine Bush is logged 158 so I

1318

01:00:04,089 --> 01:00:02,150

finally pulled up a county map and right

1319

01:00:05,650 --> 01:00:04,099

and I'd like to go over that with you

1320

01:00:07,870 --> 01:00:05,660

but we're at the top of the hour we take

1321

01:00:33,660 --> 01:00:07,880

a quick music break hang in everyone

1322

01:00:40,209 --> 01:00:35,799

all right we're back and we're talking

1323

01:00:43,479 --> 01:00:40,219

live to Cheryl Costa and anyone can jump

1324

01:00:46,029 --> 01:00:43,489

in the chat room or you can actually

1325

01:00:48,339 --> 01:00:46,039

call in at six oh three nine six seven

1326

01:00:50,109 --> 01:00:48,349

four OH three oh just let you know

1327

01:00:51,880 --> 01:00:50,119

Cheryl we have a lot of listeners but

1328

01:00:55,140 --> 01:00:51,890

not too many people call in most people

1329

01:00:58,599 --> 01:00:55,150

will go you know in the chat room and

1330

01:01:00,969 --> 01:00:58,609

pose a few questions we do have one up

1331

01:01:03,219 --> 01:01:00,979

there for you but I do want to finish

1332

01:01:05,739 --> 01:01:03,229

this conversation in the different

1333

01:01:07,870 --> 01:01:05,749

counties so now that I have my county

1334

01:01:10,179 --> 01:01:07,880

map yep

1335

01:01:13,170 --> 01:01:10,189

so you said Long Island right off the

1336

01:01:15,209 --> 01:01:13,180

bat you said that's a heavy hitter yes

1337

01:01:20,679 --> 01:01:15,219

that church

1338

01:01:22,630 --> 01:01:20,689

Long Island has two counties Nassau and

1339

01:01:25,029 --> 01:01:22,640

Suffolk okay

1340

01:01:28,900 --> 01:01:25,039

in the 14-year period we were sampling

1341

01:01:30,959 --> 01:01:28,910

1999 to 2014 actually it's a 15-year

1342

01:01:33,579 --> 01:01:30,969

window

1343

01:01:37,749 --> 01:01:33,589

Nassau which is closer to New York City

1344

01:01:40,870 --> 01:01:37,759

had 286 sightings this is combined eight

1345

01:01:46,630 --> 01:01:40,880

of most national UFO and MUFON data

1346

01:01:51,130 --> 01:01:46,640

combined data and Suffolk County had 541

1347

01:01:53,979 --> 01:01:51,140

Wow and this big that is huge it's the

1348

01:01:57,219 --> 01:01:53,989

biggest in the state now when you were

1349

01:01:59,559 --> 01:01:57,229

going through all this data did you see

1350

01:02:03,429 --> 01:01:59,569

anything that made any sense in any type

1351

01:02:07,059 --> 01:02:03,439

of way like where body of water was say

1352

01:02:10,449 --> 01:02:07,069

the ocean or you mentioned the lakes did

1353

01:02:14,439 --> 01:02:10,459

you see any like counties that had

1354

01:02:16,689 --> 01:02:14,449

similar things going on that you could

1355

01:02:19,449 --> 01:02:16,699

connect the dots and see why there were

1356

01:02:22,419 --> 01:02:19,459

so many sightings hotspots Oh nope not

1357

01:02:25,870 --> 01:02:22,429

at all mm-hmm I pulled my hair out for

1358

01:02:28,989 --> 01:02:25,880

three months and other people look at it

1359

01:02:30,999 --> 01:02:28,999

I shared PDF charts with some of the

1360

01:02:34,439 --> 01:02:31,009

other ufo-ologists everybody was pulling

1361

01:02:36,220 --> 01:02:34,449

their hair up nothing nothing worked

1362

01:02:39,819 --> 01:02:36,230

then I got a whole

1363

01:02:41,740 --> 01:02:39,829

of Ben moss I met him at the he's a

1364

01:02:45,550 --> 01:02:41,750

move-on guy people see him on hangar 1

1365

01:02:49,450 --> 01:02:45,560

he's the chief MUFON investigator for

1366

01:02:51,160 --> 01:02:49,460

state of Virginia mm-hmm in fact I rode

1367

01:02:53,319 --> 01:02:51,170

the shuttle bus in from the airport to

1368

01:02:55,319 --> 01:02:53,329

go to the International Foundation of

1369

01:03:00,310 --> 01:02:55,329

the International UFO Congress

1370

01:03:03,400 --> 01:03:00,320

conference and him and I got to be we be

1371

01:03:05,620 --> 01:03:03,410

sure to drink or two and I called him up

1372

01:03:07,270 --> 01:03:05,630

and said hey Ben I got a problem here

1373

01:03:08,560 --> 01:03:07,280

you know something's down to chart you

1374

01:03:10,390 --> 01:03:08,570

looked at it I told him all the

1375

01:03:14,020 --> 01:03:10,400

different things we looked at nothing

1376

01:03:18,329 --> 01:03:14,030

nothing nothing lined up he said ask me

1377

01:03:23,050 --> 01:03:18,339

if I could find a map of ancient tribal

1378

01:03:26,770 --> 01:03:23,060

land I did a little research found

1379

01:03:30,490 --> 01:03:26,780

something we overload overlaid our our

1380

01:03:32,260 --> 01:03:30,500

sighting chart of you know you know they

1381

01:03:34,420 --> 01:03:32,270

basically looked like little big stars

1382

01:03:38,530 --> 01:03:34,430

where they where all the hot spots were

1383

01:03:44,589 --> 01:03:38,540

and it lined up over top of all of the

1384

01:03:47,020 --> 01:03:44,599

ancient Native American territories Wow

1385

01:03:50,980 --> 01:03:47,030

so that is the only thing we could

1386

01:03:53,859 --> 01:03:50,990

correlate now that said I have to tell

1387

01:03:57,190 --> 01:03:53,869

you what my science librarian spouse has

1388

01:04:04,390 --> 01:03:57,200

to say correlation does not necessarily

1389

01:04:06,579 --> 01:04:04,400

mean causality but it was it that was

1390

01:04:09,280 --> 01:04:06,589

the only thing that we found that

1391

01:04:12,329 --> 01:04:09,290

correlated consistently the only other

1392

01:04:15,460 --> 01:04:12,339

thing that was maybe somewhat correlated

1393

01:04:19,089 --> 01:04:15,470

was yes if you looked at all the stars

1394

01:04:22,990 --> 01:04:19,099

overtop of a blank map of New York State

1395

01:04:25,930 --> 01:04:23,000

it looked like it followed across the

1396

01:04:28,030 --> 01:04:25,940

HUD across the Erie Canal from Buffalo

1397

01:04:28,540 --> 01:04:28,040

all the way to Albany and all the way

1398

01:04:30,910 --> 01:04:28,550

down

1399

01:04:32,859 --> 01:04:30,920

such and it on first glance it looked

1400

01:04:37,390 --> 01:04:32,869

like it was following the population

1401

01:04:40,510 --> 01:04:37,400

centers but not completely there were

1402

01:04:42,670 --> 01:04:40,520

counties that were off by themselves off

1403

01:04:44,620 --> 01:04:42,680

the main track of things not on the New

1404

01:04:48,849 --> 01:04:44,630

York State Thruway not on the Erie Canal

1405

01:04:50,050 --> 01:04:48,859

that had heavy-hitter numbers and for

1406

01:04:53,710 --> 01:04:50,060

that matter so was

1407

01:04:55,870 --> 01:04:53,720

so was a Long Island they hit two of the

1408

01:04:57,910 --> 01:04:55,880

highest months of sightings and they

1409

01:04:59,079 --> 01:04:57,920

weren't weren't near one of these things

1410

01:05:02,609 --> 01:04:59,089

in fact they've got an actually

1411

01:05:06,099 --> 01:05:02,619

relatively low population per sighting

1412

01:05:07,390 --> 01:05:06,109

than any place in New York State I was

1413

01:05:11,530 --> 01:05:07,400

kind of surprised I was out in Long

1414

01:05:15,089 --> 01:05:11,540

Island just a few weeks ago and and

1415

01:05:19,120 --> 01:05:15,099

drove right out to the east I believe I

1416

01:05:23,530 --> 01:05:19,130

do you happen to have the live show on

1417

01:05:25,839 --> 01:05:23,540

your computer I'm getting feedback no I

1418

01:05:27,370 --> 01:05:25,849

don't okay it's I'm just hearing

1419

01:05:29,710 --> 01:05:27,380

feedback I don't know if it might maybe

1420

01:05:31,750 --> 01:05:29,720

coming through your phone it might be

1421

01:05:34,660 --> 01:05:31,760

bouncing off my wall I don't know

1422

01:05:36,250 --> 01:05:34,670

yeah I'll get to I'll get to buy some

1423

01:05:37,200 --> 01:05:36,260

furniture real suck up some of the

1424

01:05:42,970 --> 01:05:37,210

bounce

1425

01:05:45,099 --> 01:05:42,980

sorry about that listener okay so you

1426

01:05:46,270 --> 01:05:45,109

know I lost my train of thought that's

1427

01:05:49,030 --> 01:05:46,280

terrible

1428

01:05:50,980 --> 01:05:49,040

what about someplace you were traveling

1429

01:05:57,520 --> 01:05:50,990

oh yeah yeah I was out in Long Island

1430

01:05:59,260 --> 01:05:57,530

East and went to take the ferry north we

1431

01:06:00,490 --> 01:05:59,270

have a call coming in up I just missed

1432

01:06:03,970 --> 01:06:00,500

the call sorry

1433

01:06:06,579 --> 01:06:03,980

caller if you can hear me please try to

1434

01:06:11,770 --> 01:06:06,589

call back I just missed your call sorry

1435

01:06:14,319 --> 01:06:11,780

about that please try again okay so I

1436

01:06:16,750 --> 01:06:14,329

was traveling out to take the ferry and

1437

01:06:19,240 --> 01:06:16,760

I noticed there was there was a lot of

1438

01:06:21,400 --> 01:06:19,250

land you know I always thought it was

1439

01:06:25,210 --> 01:06:21,410

like heavily populated but it's not out

1440

01:06:28,240 --> 01:06:25,220

toward the east so it's pretty raw out

1441

01:06:30,220 --> 01:06:28,250

there really is hmm which really

1442

01:06:33,280 --> 01:06:30,230

surprised me because it's not that many

1443

01:06:36,069 --> 01:06:33,290

hours away from New York City and you

1444

01:06:42,280 --> 01:06:36,079

just expect that people would populate

1445

01:06:44,440 --> 01:06:42,290

it so I'm just gonna say again sorry

1446

01:06:50,130 --> 01:06:44,450

missed your call caller you can try

1447

01:06:54,609 --> 01:06:50,140

again 603 nine six seven here it is

1448

01:06:56,559 --> 01:06:54,619

hello there caller hi it's Chris in

1449

01:06:58,480 --> 01:06:56,569

Pennsylvania and I just wanted to throw

1450

01:07:00,990 --> 01:06:58,490

something out there you guys were

1451
01:07:05,010 --> 01:07:01,000
talking about sightings in counties that

1452
01:07:07,690 --> 01:07:05,020
didn't necessarily have a high

1453
01:07:10,270 --> 01:07:07,700
population and I was wondering if you

1454
01:07:12,520 --> 01:07:10,280
took into consideration people who live

1455
01:07:14,950 --> 01:07:12,530
in the city primarily who have never

1456
01:07:18,100 --> 01:07:14,960
been upstate where there's no light

1457
01:07:21,460 --> 01:07:18,110
pollution maybe in awe of all the stars

1458
01:07:23,950 --> 01:07:21,470
that you can see in the sky it's it's

1459
01:07:25,870 --> 01:07:23,960
such a huge contrast that that may I

1460
01:07:28,120 --> 01:07:25,880
don't know that they caused some people

1461
01:07:32,280 --> 01:07:28,130
to the port sightings then they're just

1462
01:07:36,250 --> 01:07:32,290
seeing stars that never saw before hmm

1463
01:07:40,530 --> 01:07:36,260

that's possible that is possible but

1464

01:07:43,270 --> 01:07:40,540

amazingly enough New York City averages

1465

01:07:46,270 --> 01:07:43,280

they average a lot of sightings in fact

1466

01:07:48,910 --> 01:07:46,280

the raw numbers they some it appears

1467

01:07:50,890 --> 01:07:48,920

like they're the number one place for

1468

01:07:54,490 --> 01:07:50,900

sightings in New York State if you

1469

01:07:56,800 --> 01:07:54,500

combine all five boroughs of New York

1470

01:07:59,770 --> 01:07:56,810

said all five channels of New York City

1471

01:08:02,010 --> 01:07:59,780

together it looks like a huge number but

1472

01:08:05,800 --> 01:08:02,020

if you break it down by Counting the

1473

01:08:08,620 --> 01:08:05,810

giving example New York County of New

1474

01:08:12,640 --> 01:08:08,630

York of New York City actually has less

1475

01:08:14,410 --> 01:08:12,650

sightings than Albany New York does Wow

1476

01:08:17,620 --> 01:08:14,420

that's surprising you know with all the

1477

01:08:19,360 --> 01:08:17,630

like Aleutian yeah that's what's

1478

01:08:21,999 --> 01:08:19,370

interesting that they have some rather

1479

01:08:25,780 --> 01:08:22,009

bizarre sightings down there you know

1480

01:08:28,690 --> 01:08:25,790

it's almost as if the the the UFOs are

1481

01:08:31,980 --> 01:08:28,700

coming there to hang out because there

1482

01:08:35,190 --> 01:08:31,990

are bizarre people there or whatever

1483

01:08:38,440 --> 01:08:35,200

it's a cosmopolitan place as they say

1484

01:08:41,200 --> 01:08:38,450

but that people have reported something

1485

01:08:44,110 --> 01:08:41,210

new amazing sightings where people would

1486

01:08:45,610 --> 01:08:44,120

see a light come in from the ocean and

1487

01:08:47,230 --> 01:08:45,620

they thought it was an airplane and then

1488

01:08:49,059 --> 01:08:47,240

the next thing you know they they saw it

1489

01:08:51,070 --> 01:08:49,069

looked like it went down hovered and

1490

01:08:54,370 --> 01:08:51,080

went down into Central Park things like

1491

01:08:57,010 --> 01:08:54,380

that you know there's a number of

1492

01:09:02,950 --> 01:08:57,020

airports right there you know right

1493

01:09:06,249 --> 01:09:02,960

around New York City people may be

1494

01:09:07,900 --> 01:09:06,259

seeing landing lights that is a that you

1495

01:09:10,030 --> 01:09:07,910

do hear about that the landing lights

1496

01:09:13,269 --> 01:09:10,040

even off a Long Island I think I've

1497

01:09:15,460 --> 01:09:13,279

heard that people can you know they see

1498

01:09:17,440 --> 01:09:15,470

the light coming in really bright bright

1499

01:09:21,400 --> 01:09:17,450

coming in and it's just patterns

1500

01:09:24,340 --> 01:09:21,410

of landing so I imagine there is some

1501

01:09:26,590 --> 01:09:24,350

portion of the sightings that's that's

1502

01:09:29,260 --> 01:09:26,600

just a guess oh well actually there's a

1503

01:09:31,450 --> 01:09:29,270

formula that you can crank the numbers

1504

01:09:35,980 --> 01:09:31,460

through this formula and it breaks it

1505

01:09:41,410 --> 01:09:35,990

down to like 3% are hoaxes 5% are crazy

1506

01:09:43,990 --> 01:09:41,420

people 30% are clouds birds you know

1507

01:09:48,280 --> 01:09:44,000

they've got this number but about almost

1508

01:09:52,140 --> 01:09:48,290

ufo-ologists hold that about 20% are the

1509

01:09:55,990 --> 01:09:52,150

are of the totally unexplained and

1510

01:09:58,000 --> 01:09:56,000

really really out there quality and in

1511

01:10:02,650 --> 01:09:58,010

the numbers we were working with with

1512

01:10:06,700 --> 01:10:02,660

this chart about 4647 sightings over 14

1513

01:10:09,880 --> 01:10:06,710

years or 15 years about 20% of that

1514

01:10:12,190 --> 01:10:09,890

falls into that category which is when

1515

01:10:15,790 --> 01:10:12,200

you think about it around coming up out

1516

01:10:18,010 --> 01:10:15,800

of almost a thousand sightings over 15

1517

01:10:21,190 --> 01:10:18,020

year window are of the unexplained

1518

01:10:28,000 --> 01:10:21,200

variety mm-hmm is that it Kris you all

1519

01:10:31,690 --> 01:10:28,010

set yeah thanks for calling in okay all

1520

01:10:35,410 --> 01:10:31,700

right so the question we had up on the

1521

01:10:41,920 --> 01:10:35,420

message board for you Cheryl was are you

1522

01:10:44,050 --> 01:10:41,930

also an experimenter have you had any

1523

01:10:49,120 --> 01:10:44,060

abduction accounts that's what someone's

1524

01:10:52,090 --> 01:10:49,130

asking on the message board that's

1525

01:10:57,400 --> 01:10:52,100

really personal information to ask okay

1526

01:10:59,860 --> 01:10:57,410

um so something information if I was or

1527

01:11:03,010 --> 01:10:59,870

wasn't if I'm not I I have had the

1528

01:11:06,210 --> 01:11:03,020

opportunity to sit with the experiencers

1529

01:11:10,960 --> 01:11:06,220

and I've heard some very very very

1530

01:11:12,910 --> 01:11:10,970

amazing accounts but I gave them my word

1531

01:11:15,010 --> 01:11:12,920

I would not talk about it and I would

1532

01:11:17,080 --> 01:11:15,020

not write about it there was the only

1533

01:11:19,180 --> 01:11:17,090

condition was the only way I could make

1534

01:11:21,070 --> 01:11:19,190

a condition that I could come in and sit

1535

01:11:22,630 --> 01:11:21,080

in with them well I'll give you a flavor

1536

01:11:25,630 --> 01:11:22,640

or something with it when we were at the

1537

01:11:27,250 --> 01:11:25,640

convention they had restriction the

1538

01:11:29,170 --> 01:11:27,260

press couldn't come in but like I said I

1539

01:11:31,300 --> 01:11:29,180

made an arrangement with them that I

1540

01:11:33,550 --> 01:11:31,310

would just come in and observe

1541

01:11:35,320 --> 01:11:33,560

but I would not write about it oh okay

1542

01:11:37,600 --> 01:11:35,330

no this is what my press pass away I

1543

01:11:40,030 --> 01:11:37,610

expected go in and find maybe 15 20

1544

01:11:43,120 --> 01:11:40,040

maybe 50 people in there there was close

1545

01:11:44,980 --> 01:11:43,130

to 200 people in there sat right Wow

1546

01:11:49,000 --> 01:11:44,990

now the person was asking them that on

1547

01:11:53,200 --> 01:11:49,010

the message board if you talk about

1548

01:11:56,560 --> 01:11:53,210

yourself being an experiencer that was
