

2:11

1
00:00:03,139 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,149
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:07,309 --> 00:00:05,370
everything that occurred in the

5
00:00:09,140 --> 00:00:07,319
Rendlesham forest incident didn't

6
00:00:10,459 --> 00:00:09,150
involved it means at all it was

7
00:00:14,570 --> 00:00:10,469
completely silent

8
00:00:16,670 --> 00:00:14,580
it comes right over our head he saw the

9
00:00:18,230 --> 00:00:16,680
Flying Saucer really standing in the

10
00:00:19,939 --> 00:00:18,240
clearing he turned over to my father

11
00:00:25,820 --> 00:00:19,949
held his hand and he looked in his eyes

12
00:00:28,429 --> 00:00:25,830
they said we're not alone welcome to

13
00:00:30,830 --> 00:00:28,439

hello and welcome to our show

23

00:00:56,840 --> 00:00:54,239

I'm Martin Wallace your host and I'm

24

00:01:00,049 --> 00:00:56,850

coming at you live right now from Sochi

25

00:01:02,630 --> 00:01:00,059

Russia where it is 3 a.m. our guest

26

00:01:04,310 --> 00:01:02,640

tonight is Ryan mala he he's gonna be

27

00:01:05,840 --> 00:01:04,320

talking about New Hampshire UFOs but

28

00:01:08,510 --> 00:01:05,850

before our guests we have Alejandro

29

00:01:10,850 --> 00:01:08,520

Rojas coming up with the news in just a

30

00:01:12,980 --> 00:01:10,860

minute I want to thank all you listeners

31

00:01:14,690 --> 00:01:12,990

who support the show if you can't

32

00:01:17,120 --> 00:01:14,700

support the show we still appreciate you

00:01:28,760 --> 00:01:26,400

on podcast UFO calm and you can also

37

00:01:33,410 --> 00:01:28,770

jump in the chatroom there we also run

38

00:01:35,780 --> 00:01:33,420

the full shows as a podcast on the Dark

39

00:01:38,330 --> 00:01:35,790

Matter digital network on Thursdays at

40

00:01:41,149 --> 00:01:38,340

10:00 to midnight Eastern Standard Time

41

00:01:43,069 --> 00:01:41,159

how are you Alejandro I'm doing good how

42

00:01:45,200 --> 00:01:43,079

you doing out there

43

00:01:49,870 --> 00:01:45,210

I'm doing pretty good you know it's

44

00:01:54,230 --> 00:01:49,880

absolutely beautiful in Sochi it's

45

00:01:56,450 --> 00:01:54,240

tropical where I am staying like there's

46

00:01:59,149 --> 00:01:56,460

banana trees palm trees all that right

47

00:02:01,429 --> 00:01:59,159

in the Black Sea and then you drive an

48

00:02:04,940 --> 00:02:01,439

hour west and you're where they had the

49

00:02:07,609 --> 00:02:04,950

2014 winter and limit Olympics and I was

50

00:02:10,520 --> 00:02:07,619

standing on snow you know just hours ago

51
00:02:12,260 --> 00:02:10,530
and it's absolutely beautiful as the

52
00:02:14,360 --> 00:02:12,270
caucus mountains

53
00:02:16,010 --> 00:02:14,370
and you are at where they had the

54
00:02:17,720 --> 00:02:16,020
Olympics you were totally surrounded by

55
00:02:20,630 --> 00:02:17,730
mountains it's really really beautiful

56
00:02:24,650 --> 00:02:20,640
went up on one of those tramps to the

57
00:02:26,930 --> 00:02:24,660
very top and yeah too bad it was foggy

58
00:02:30,680 --> 00:02:26,940
but you could see you could still see it

59
00:02:33,020 --> 00:02:30,690
was just gorgeous yeah that's awesome it

60
00:02:34,910 --> 00:02:33,030
sounds pretty incredible I mean I've

61
00:02:37,550 --> 00:02:34,920
seen lots of beach pictures from the

62
00:02:39,890 --> 00:02:37,560
area yeah that so it's hard to imagine

63
00:02:41,630 --> 00:02:39,900

and of course the Olympic so it's kind

64

00:02:44,180 --> 00:02:41,640

of weird that they have that Beach and

65

00:02:48,230 --> 00:02:44,190

snow so close to each other you have the

66

00:02:49,940 --> 00:02:48,240

town itself oh is really big I was

67

00:02:52,640 --> 00:02:49,950

talking to a guy that speaks a little

68

00:02:54,530 --> 00:02:52,650

bit of English here and he said that

69

00:02:57,500 --> 00:02:54,540

it's a hundred and forty-five kilometers

70

00:02:59,150 --> 00:02:57,510

wide and it feels like that

71

00:03:01,580 --> 00:02:59,160

I mean you you're in the car for like

72

00:03:03,590 --> 00:03:01,590

ever to go across the you know from

73

00:03:05,810 --> 00:03:03,600

where you first go through soch you have

74

00:03:07,310 --> 00:03:05,820

to go to like a place where they check

75

00:03:10,190 --> 00:03:07,320

your passport and all that when you

76

00:03:11,780 --> 00:03:10,200

first come into it and that was a good

77

00:03:14,090 --> 00:03:11,790

hour and a half two hours from the

78

00:03:17,120 --> 00:03:14,100

centre of town and that's all just

79

00:03:19,040 --> 00:03:17,130

spread you know right across this

80

00:03:19,850 --> 00:03:19,050

beautiful landscape in the mountains on

81

00:03:22,930 --> 00:03:19,860

the Black Sea

82

00:03:24,410 --> 00:03:22,940

that's way to put it really cool cool

83

00:03:26,690 --> 00:03:24,420

sounds awesome

84

00:03:28,460 --> 00:03:26,700

yep and but you can't get to the Black

85

00:03:31,310 --> 00:03:28,470

Sea from the town you have to go

86

00:03:32,630 --> 00:03:31,320

I think it's north a little bit before

87

00:03:34,340 --> 00:03:32,640

you get to any like public beach

88

00:03:35,870 --> 00:03:34,350

everything else is privately-owned if

89

00:03:38,720 --> 00:03:35,880

you want to go to a hotel or something

90

00:03:41,050 --> 00:03:38,730

like that you can get to the beach yeah

91

00:03:43,220 --> 00:03:41,060

well how is it how are people there

92

00:03:45,620 --> 00:03:43,230

really friendly here

93

00:03:47,750 --> 00:03:45,630

uh-huh I think it's just because there's

94

00:03:49,910 --> 00:03:47,760

a more more Americans come to this part

95

00:03:52,760 --> 00:03:49,920

than they do in the town I'm generally

96

00:03:55,490 --> 00:03:52,770

staying in so it's uh there's a lot of

97

00:03:57,170 --> 00:03:55,500

like english-speaking people and a lot

98

00:04:00,380 --> 00:03:57,180

of the like restaurants they actually

99

00:04:01,970 --> 00:04:00,390

have restaurants here and some American

100

00:04:05,449 --> 00:04:01,980

restaurants is pretty funny McDonald's

101
00:04:08,570 --> 00:04:05,459
stuff like that but they have where you

102
00:04:09,560 --> 00:04:08,580
can you'll see the Russian name for

103
00:04:12,080 --> 00:04:09,570
restaurant and then I'll have the

104
00:04:13,880 --> 00:04:12,090
English spelling for it below so you

105
00:04:15,770 --> 00:04:13,890
know they're accepted you know English

106
00:04:16,970 --> 00:04:15,780
is acceptable here and they don't want

107
00:04:21,320 --> 00:04:16,980
to kill me like they do in the other

108
00:04:24,200 --> 00:04:21,330
town good so boots here that's a good

109
00:04:26,150 --> 00:04:24,210
thing yeah that's what you yea Putin is

110
00:04:29,600 --> 00:04:26,160
there yah he's at us now he might want

111
00:04:32,330 --> 00:04:29,610
kill you he might yeah but he's not

112
00:04:34,490 --> 00:04:32,340
returning any calls and I want to know

113
00:04:38,240 --> 00:04:34,500

you try calling yeah I wanted to talk to

114

00:04:41,270 --> 00:04:38,250

him about the way we had to bribe to get

115

00:04:43,430 --> 00:04:41,280

our dog in at the Munich I mean at the

116

00:04:46,190 --> 00:04:43,440

Moscow Airport second year in a row oh

117

00:04:48,530 --> 00:04:46,200

you did oh yeah last time you had to do

118

00:04:50,630 --> 00:04:48,540

this is it now this is a bribe cost less

119

00:04:51,740 --> 00:04:50,640

because it's a little dog it - little

120

00:04:56,240 --> 00:04:51,750

chihuahua

121

00:04:58,700 --> 00:04:56,250

well you know they they say both times

122

00:05:00,440 --> 00:04:58,710

this happened but you know different

123

00:05:03,350 --> 00:05:00,450

things said oh this time they said

124

00:05:04,940 --> 00:05:03,360

you're missing a form and you know we

125

00:05:07,010 --> 00:05:04,950

very carefully filled out all the right

126

00:05:09,590 --> 00:05:07,020

forms did everything through the

127

00:05:11,630 --> 00:05:09,600

Agriculture Department everything that

128

00:05:14,540 --> 00:05:11,640

did it perfectly and so the form they

129

00:05:20,480 --> 00:05:14,550

said we were missing that cost \$100 to

130

00:05:23,180 --> 00:05:20,490

let us in it does not exist oh wow yeah

131

00:05:24,290 --> 00:05:23,190

so you just have to keep that in mind if

132

00:05:26,410 --> 00:05:24,300

you're traveling here or whatever you

133

00:05:29,300 --> 00:05:26,420

have to have a little extra money on you

134

00:05:31,550 --> 00:05:29,310

yeah Pat especially if you're traveling

135

00:05:34,760 --> 00:05:31,560

with a chihuahua that's right

136

00:05:38,180 --> 00:05:34,770

deadly chihuahua mm-hmm yeah you met

137

00:05:40,910 --> 00:05:38,190

peanut I have met pianet I like peanut

138

00:05:41,810 --> 00:05:40,920

peanut school he's a great dog love that

139

00:05:45,110 --> 00:05:41,820

dog

140

00:05:49,340 --> 00:05:45,120

all right so what's going on for UFO

141

00:05:51,110 --> 00:05:49,350

news this week UFO news so a couple of

142

00:05:53,990 --> 00:05:51,120

cool stories we have out there I think

143

00:05:56,690 --> 00:05:54,000

one of them is kind of fun and I think

144

00:05:59,240 --> 00:05:56,700

it'll be good to you know give your

145

00:06:04,640 --> 00:05:59,250

listeners a heads up on and this is the

146

00:06:08,200 --> 00:06:04,650

army chief of staff warning ROTC cadets

147

00:06:12,909 --> 00:06:08,210

about hybrid armies and little green men

148

00:06:16,340 --> 00:06:12,919

wild huh it it really is quite a title

149

00:06:19,400 --> 00:06:16,350

but it's not what it sounds like so and

150

00:06:21,290 --> 00:06:19,410

this is kind of a you know and hopefully

151

00:06:23,270 --> 00:06:21,300

the Russians don't catch on to us

152

00:06:26,300 --> 00:06:23,280

talking about this because this is a

153

00:06:29,510 --> 00:06:26,310

little critical of them because these

154

00:06:32,870 --> 00:06:29,520

terms a hybrid army and little green men

155

00:06:35,240 --> 00:06:32,880

they don't mean like alien-human hybrids

156

00:06:37,070 --> 00:06:35,250

and little green men are attacking it

157

00:06:40,250 --> 00:06:37,080

they have to get ready for it what it

158

00:06:42,710 --> 00:06:40,260

does mean is that these are turn

159

00:06:45,530 --> 00:06:42,720

that means something else in military

160

00:06:47,570 --> 00:06:45,540

terms so a hybrid army for instance that

161

00:06:49,820 --> 00:06:47,580

one's not you can kind of see that more

162

00:06:52,460 --> 00:06:49,830

of being a term meaning something else

163

00:06:54,440 --> 00:06:52,470

and what it means our army is kind of

164

00:06:56,540 --> 00:06:54,450

the non-conventional nature of armies

165

00:06:59,300 --> 00:06:56,550

these days so for instance you have

166

00:07:02,710 --> 00:06:59,310

non-state combatants kind of like Isis

167

00:07:05,629 --> 00:07:02,720

and you have terrorists and so they're

168

00:07:06,980 --> 00:07:05,639

hybrid because they they're these armies

169

00:07:09,409 --> 00:07:06,990

that have all of these different

170

00:07:13,670 --> 00:07:09,419

components one of those components being

171

00:07:15,650 --> 00:07:13,680

cyber wealth warfare also so that's what

172

00:07:18,230 --> 00:07:15,660

hybrid armies means when he's warning

173

00:07:21,800 --> 00:07:18,240

people about hybrid armies little green

174

00:07:25,940 --> 00:07:21,810

men actually is a term for these

175

00:07:27,740 --> 00:07:25,950

unacknowledged Russian armies and I'll

176

00:07:30,230 --> 00:07:27,750

bet you if you ask and maybe you should

177

00:07:31,640 --> 00:07:30,240

try this I don't know and when if you

178

00:07:34,760 --> 00:07:31,650

should do this when putting is around

179

00:07:36,830 --> 00:07:34,770

but ask some of the people in Russia

180

00:07:41,360 --> 00:07:36,840

there if they think that with the

181

00:07:43,730 --> 00:07:41,370

Russian army has troops in the Ukraine

182

00:07:46,190 --> 00:07:43,740

or if they had them in Crimea because

183

00:07:47,960 --> 00:07:46,200

the Russian government denies that they

184

00:07:49,909 --> 00:07:47,970

have troops there however the

185

00:07:52,070 --> 00:07:49,919

international community is well aware

186

00:07:54,290 --> 00:07:52,080

that they have troops however the troops

187

00:07:56,630 --> 00:07:54,300

that I have over there do not have

188

00:07:59,029 --> 00:07:56,640

insignia on their uniforms and they're

189

00:08:01,340 --> 00:07:59,039

driving unmarked vehicles and they're

190

00:08:03,740 --> 00:08:01,350

wearing these green uniforms so they're

191

00:08:06,380 --> 00:08:03,750

called little green men it's a term

192

00:08:10,310 --> 00:08:06,390

that's more familiar and in fact if you

193

00:08:11,870 --> 00:08:10,320

if you google it as far as Army's you're

194

00:08:13,340 --> 00:08:11,880

gonna find other stories out there that

195

00:08:15,469 --> 00:08:13,350

the news is written about the little

196

00:08:18,980 --> 00:08:15,479

green men so it's a it is a common

197

00:08:20,659 --> 00:08:18,990

military term for those guys and so when

198

00:08:22,070 --> 00:08:20,669

he said they straight up he said you're

199

00:08:23,659 --> 00:08:22,080

gonna be dealing with terrorists you're

200

00:08:26,719 --> 00:08:23,669

gonna be dealing with hybrid armies

201
00:08:28,990 --> 00:08:26,729
little green men tribes all of this

202
00:08:32,170 --> 00:08:29,000
stuff you know he's very straightforward

203
00:08:36,440 --> 00:08:32,180
this army general who told these ROTC

204
00:08:39,529 --> 00:08:36,450
guys this but he wasn't talking about

205
00:08:41,690 --> 00:08:39,539
aliens at all and the reason this became

206
00:08:44,000 --> 00:08:41,700
such a big deal or why I'm bringing it

207
00:08:46,850 --> 00:08:44,010
up is because of course a lot of the UFO

208
00:08:48,980 --> 00:08:46,860
sites went crazy they assumed an about

209
00:08:50,900 --> 00:08:48,990
aliens and really for many people I

210
00:08:53,270 --> 00:08:50,910
can't blame them for you know they're

211
00:08:53,660 --> 00:08:53,280
kind of weird terms that they would be a

212
00:08:56,210 --> 00:08:53,670
Dobb

213
00:08:58,250 --> 00:08:56,220

into military terminology is interesting

214

00:08:59,900 --> 00:08:58,260

but I mean they even have Wikipedia

215

00:09:02,900 --> 00:08:59,910

entries order all over it's just

216

00:09:04,370 --> 00:09:02,910

well-known funny thing is it's just the

217

00:09:08,200 --> 00:09:04,380

other day I think it was yeah it was

218

00:09:12,260 --> 00:09:08,210

Friday the Army Times wrote a story

219

00:09:15,380 --> 00:09:12,270

about how UFO enthusiasts have gone wild

220

00:09:18,200 --> 00:09:15,390

over these terms and what the general

221

00:09:24,110 --> 00:09:18,210

has said and they even referenced my

222

00:09:26,080 --> 00:09:24,120

story at open minds TV to debunk or let

223

00:09:29,090 --> 00:09:26,090

people know what those terms really mean

224

00:09:32,030 --> 00:09:29,100

so I got a bit of a kudos from the Army

225

00:09:34,310 --> 00:09:32,040

Times there but yeah this is kind of

226

00:09:36,590 --> 00:09:34,320

turned into a funny story and there are

227

00:09:38,120 --> 00:09:36,600

some you know UFO sites out there who

228

00:09:41,330 --> 00:09:38,130

are just saying you know it's a

229

00:09:45,910 --> 00:09:41,340

conspiracy I don't care what you say

230

00:09:49,400 --> 00:09:45,920

these are he's talking about aliens even

231

00:09:51,410 --> 00:09:49,410

after all that they still people will

232

00:09:52,460 --> 00:09:51,420

just hang on to that and you know what I

233

00:09:53,900 --> 00:09:52,470

wonderful

234

00:09:57,800 --> 00:09:53,910

we're gonna be hearing about this like a

235

00:09:59,390 --> 00:09:57,810

year from now same thing you know well

236

00:10:01,820 --> 00:09:59,400

yeah we're gonna be hearing out about it

237

00:10:04,520 --> 00:10:01,830

over the next few months I'm sure

238

00:10:06,260 --> 00:10:04,530

because there are some noted UFO

239

00:10:08,540 --> 00:10:06,270

researchers who have large follower

240

00:10:12,290 --> 00:10:08,550

followings who are still sticking to

241

00:10:14,420 --> 00:10:12,300

this idea that he meant aliens geez what

242

00:10:20,900 --> 00:10:14,430

can you do huh I almost want you to say

243

00:10:23,210 --> 00:10:20,910

the names you know well people can go

244

00:10:25,670 --> 00:10:23,220

find that that yeah and and if you're a

245

00:10:27,920 --> 00:10:25,680

follower of one of these people you're

246

00:10:29,480 --> 00:10:27,930

either saying oh man you know that

247

00:10:31,700 --> 00:10:29,490

person got it wrong or you're saying

248

00:10:35,390 --> 00:10:31,710

Alejandro has fallen for it he's a

249

00:10:37,730 --> 00:10:35,400

sucker that you know this other person

250

00:10:39,970 --> 00:10:37,740

is right and they're the army is talking

251

00:10:44,540 --> 00:10:39,980

about aliens so hmm

252

00:10:46,460 --> 00:10:44,550

yeah you know I don't know it's good

253

00:10:48,770 --> 00:10:46,470

that they referenced you because they're

254

00:10:52,190 --> 00:10:48,780

trying to keep the story but you know

255

00:10:54,320 --> 00:10:52,200

yeah I wonder when he said that if he

256

00:10:56,900 --> 00:10:54,330

had any idea at all that something like

257

00:10:58,910 --> 00:10:56,910

that would happen I don't think so I

258

00:11:01,940 --> 00:10:58,920

he's really straightforward and he just

259

00:11:04,160 --> 00:11:01,950

says you know his whole speech I think

260

00:11:05,620 --> 00:11:04,170

that these terms are really part of

261

00:11:08,740 --> 00:11:05,630

their lexicon and

262

00:11:11,380 --> 00:11:08,750

that you know when they are on their day

263

00:11:14,890 --> 00:11:11,390

to day discussion talking about things

264

00:11:17,010 --> 00:11:14,900

you know they're using these terms just

265

00:11:19,210 --> 00:11:17,020

like we would use the term let's say

266

00:11:22,570 --> 00:11:19,220

experience or I interviewed you know

267

00:11:24,970 --> 00:11:22,580

some this guy who works on that and he

268

00:11:28,020 --> 00:11:24,980

uses the term experimenter someone who

269

00:11:29,920 --> 00:11:28,030

doesn't know you know this field and

270

00:11:31,750 --> 00:11:29,930

wouldn't know what the heck is he

271

00:11:34,570 --> 00:11:31,760

talking about what's an experimenter you

272

00:11:37,000 --> 00:11:34,580

know but we know what it is and we use

273

00:11:39,550 --> 00:11:37,010

the term on a regular basis so I think

274

00:11:42,940 --> 00:11:39,560

he just is so familiar with that term

275

00:11:45,730 --> 00:11:42,950

and using it everyday in his regular

276

00:11:49,660 --> 00:11:45,740

talk that at at least at the time it

277

00:11:51,640 --> 00:11:49,670

eluded him that the civilians in the

278

00:11:53,920 --> 00:11:51,650

audience and that would read you know or

279

00:11:55,930 --> 00:11:53,930

hear his comment would have no clue what

280

00:11:58,000 --> 00:11:55,940

the hell he's talking about and think

281

00:12:01,570 --> 00:11:58,010

he's talking about aliens so how did

282

00:12:04,030 --> 00:12:01,580

this get um how did this hit the media

283

00:12:06,580 --> 00:12:04,040

in the beginning anyway oh it was the

284

00:12:09,760 --> 00:12:06,590

army times actually the army time wrote

285

00:12:11,680 --> 00:12:09,770

a story about his talk this is the

286

00:12:13,300 --> 00:12:11,690

Army's chief of staff I'm not sure if I

287

00:12:15,490 --> 00:12:13,310

mentioned that who made this speech and

288

00:12:19,720 --> 00:12:15,500

he was at a university giving a speech

289

00:12:25,000 --> 00:12:19,730
to ROTC cadets on the 100th anniversary

290

00:12:27,910 --> 00:12:25,010
of the ROTC and so it was a special

291

00:12:29,440 --> 00:12:27,920
event where he gave this talk and they

292

00:12:31,810 --> 00:12:29,450
essentially were writing the story

293

00:12:33,400 --> 00:12:31,820
straight forward and you know among

294

00:12:36,430 --> 00:12:33,410
everything that they wrote they wrote

295

00:12:38,710 --> 00:12:36,440
that he had said you know among the

296

00:12:42,370 --> 00:12:38,720
things he said it is about how to be

297

00:12:44,170 --> 00:12:42,380
leaders and some of the threats that or

298

00:12:46,240 --> 00:12:44,180
things that they're going to be facing

299

00:12:49,630 --> 00:12:46,250
in the future and so they had this quote

300

00:12:51,810 --> 00:12:49,640
in there and so it was an army time

301
00:12:55,630 --> 00:12:51,820
story originally then the video got

302
00:12:59,260 --> 00:12:55,640
uploaded to YouTube of him saying it and

303
00:13:02,590 --> 00:12:59,270
it just took off from there well I'm

304
00:13:07,960 --> 00:13:02,600
assuming that the army didn't use that

305
00:13:11,950 --> 00:13:07,970
as a title that no they did not in fact

306
00:13:14,110 --> 00:13:11,960
the original story let me look it up

307
00:13:19,480 --> 00:13:14,120
actually I've got it right here

308
00:13:29,870 --> 00:13:22,760
army chief two leaders winning is

309
00:13:34,850 --> 00:13:29,880
everything in combat so yeah so it was

310
00:13:37,580 --> 00:13:34,860
just about his talk it really you had to

311
00:13:40,130 --> 00:13:37,590
actually read the story and I think what

312
00:13:44,990 --> 00:13:40,140
happened is you know someone read the

313
00:13:49,040 --> 00:13:45,000

story and tipped off the UFO researcher

314

00:13:51,260 --> 00:13:49,050

who first you know felt it was aliens

315

00:13:53,030 --> 00:13:51,270

and stuff and it it's funny cuz now when

316

00:13:54,860 --> 00:13:53,040

you look at the original story you can

317

00:13:58,430 --> 00:13:54,870

scroll to the bottom and have a story of

318

00:14:02,480 --> 00:13:58,440

this general with an alien and that's a

319

00:14:06,580 --> 00:14:02,490

link to their story about how it set off

320

00:14:08,930 --> 00:14:06,590

UFO enthusiasts as they put it well

321

00:14:11,770 --> 00:14:08,940

amazing well we'll watch how that yeah

322

00:14:14,270 --> 00:14:11,780

unravels well so what else has happening

323

00:14:17,540 --> 00:14:14,280

what else is happening I you made note

324

00:14:20,270 --> 00:14:17,550

of a very clear UFO image that Roger

325

00:14:22,850 --> 00:14:20,280

Marsh from MUFON had posted this was

326

00:14:26,420 --> 00:14:22,860

from a sighting in Turkey in a town

327

00:14:29,150 --> 00:14:26,430

called Antalya a town that is not unlike

328

00:14:33,560 --> 00:14:29,160

the one you're in now it's a beach town

329

00:14:38,780 --> 00:14:33,570

where kind of a vacation place and there

330

00:14:41,180 --> 00:14:38,790

was somebody out there and he saw a

331

00:14:43,040 --> 00:14:41,190

shiny object in the sky said at first he

332

00:14:46,130 --> 00:14:43,050

thought maybe it was a helium-filled

333

00:14:48,560 --> 00:14:46,140

metallic balloon but it moved off to the

334

00:14:51,620 --> 00:14:48,570

north and then it came back and it

335

00:14:56,300 --> 00:14:51,630

hovered over the sea so he got a few

336

00:14:58,490 --> 00:14:56,310

shots with his nice kick amaura with a

337

00:15:01,370 --> 00:14:58,500

zoom lens and you see this metallic

338

00:15:03,020 --> 00:15:01,380

object so yeah it's kind of some

339

00:15:05,330 --> 00:15:03,030

interesting pictures he took about six

340

00:15:08,750 --> 00:15:05,340

pictures and we have links to all of the

341

00:15:10,760 --> 00:15:08,760

pictures and we have a few of those

342

00:15:13,280 --> 00:15:10,770

pictures and the zoom in on the object

343

00:15:15,920 --> 00:15:13,290

in the pictures however some people have

344

00:15:18,860 --> 00:15:15,930

noted and these pictures are so clear

345

00:15:23,240 --> 00:15:18,870

that you hardly zoom in when some people

346

00:15:29,120 --> 00:15:23,250

have noted that it looks like an a like

347

00:15:31,369 --> 00:15:29,130

a silver egg shaped balloon and if you

348

00:15:33,859 --> 00:15:31,379

go Google you know

349

00:15:36,319 --> 00:15:33,869

letters like silver mylar balloons that

350

00:15:41,239 --> 00:15:36,329

are letter shape they are out there so

351

00:15:44,359 --> 00:15:41,249

it very well could be the letter a an a

352

00:15:47,929 --> 00:15:44,369

shaped mylar balloon so something

353

00:15:50,419 --> 00:15:47,939

actually so here mylar balloons and big

354

00:15:53,749 --> 00:15:50,429

letters yeah I think it practically

355

00:15:56,539 --> 00:15:53,759

every letter yeah you know I was

356

00:15:59,239 --> 00:15:56,549

noticing that and that's I would

357

00:16:03,199 --> 00:15:59,249

probably say that you're right that's

358

00:16:05,059 --> 00:16:03,209

probably what it is yeah so I think that

359

00:16:07,449 --> 00:16:05,069

that's you know a lot of people are

360

00:16:09,710 --> 00:16:07,459

feeling that's what it is who are typing

361

00:16:12,229 --> 00:16:09,720

but yeah you can see there's like these

362

00:16:15,259 --> 00:16:12,239

40 inch letter a balloon which is a

363

00:16:18,289 --> 00:16:15,269

fairly popular balloon but they have yet

364

00:16:20,689 --> 00:16:18,299

lots of shiny balloons that are in

365

00:16:24,979 --> 00:16:20,699

different probably every letter of the

366

00:16:27,019 --> 00:16:24,989

alphabet but that are so and some of

367

00:16:29,149 --> 00:16:27,029

them are pretty big you know like three

368

00:16:32,029 --> 00:16:29,159

four feet long or something yeah back so

369

00:16:33,649 --> 00:16:32,039

yeah that's probably what this is you

370

00:16:35,659 --> 00:16:33,659

know it probably is just like a weird

371

00:16:38,210 --> 00:16:35,669

weather wind pattern or something like

372

00:16:41,739 --> 00:16:38,220

that yeah you know people don't realize

373

00:16:44,419 --> 00:16:41,749

you know the wind does at the wind at

374

00:16:47,239 --> 00:16:44,429

different altitudes the winds go

375

00:16:49,129 --> 00:16:47,249

different directions that's right so if

376

00:16:50,899 --> 00:16:49,139

you're a UFO researcher and you go look

377

00:16:53,809 --> 00:16:50,909

at the wind and it says there was a wind

378

00:16:56,929 --> 00:16:53,819

you know at five miles an hour to the

379

00:16:57,919 --> 00:16:56,939

north well that could that's most likely

380

00:16:59,659 --> 00:16:57,929

ground-level

381

00:17:00,979 --> 00:16:59,669

you would have to find an almanac or

382

00:17:03,319 --> 00:17:00,989

something else that shows at different

383

00:17:05,840 --> 00:17:03,329

levels because you know some you might

384

00:17:07,759 --> 00:17:05,850

have seen clouds that are blowing in one

385

00:17:09,829 --> 00:17:07,769

direction and then clouds that are

386

00:17:10,879 --> 00:17:09,839

higher than that going completely the

387

00:17:14,269 --> 00:17:10,889

opposite direction

388

00:17:16,519 --> 00:17:14,279

yessum happens if you're ballooning like

389

00:17:18,289 --> 00:17:16,529

in a hot-air balloon I just had some

390

00:17:21,409 --> 00:17:18,299

friends that used to have one and these

391

00:17:23,840 --> 00:17:21,419

two tell me they used to be able to they

392

00:17:25,220 --> 00:17:23,850

used to be in competitions and they had

393

00:17:27,079 --> 00:17:25,230

what they called the hair balloon and

394

00:17:28,820 --> 00:17:27,089

everybody had to get as close to the

395

00:17:31,419 --> 00:17:28,830

hair balloon as they could it was just a

396

00:17:33,950 --> 00:17:31,429

balloon with a long ribbon hanging and

397

00:17:35,269 --> 00:17:33,960

he that's what they do they go up and

398

00:17:37,039 --> 00:17:35,279

down until they hit the right wind

399

00:17:39,560 --> 00:17:37,049

currents to get toward that direction

400

00:17:40,129 --> 00:17:39,570

it's pretty interesting huh yeah that's

401

00:17:42,259 --> 00:17:40,139

pretty cool

402

00:17:44,240 --> 00:17:42,269

not that the winds blow in every single

403

00:17:46,610 --> 00:17:44,250

direction but there are you know

404

00:17:50,020 --> 00:17:46,620

different writes here and there yeah

405

00:17:53,690 --> 00:17:50,030

mm-hmm but anyway it's a great picture

406

00:17:55,730 --> 00:17:53,700

stupid it's a letter yeah yeah well you

407

00:17:58,789 --> 00:17:55,740

know most likely that one is a letter

408

00:18:02,060 --> 00:17:58,799

but another story that we just posted

409

00:18:04,520 --> 00:18:02,070

yesterday that people should check out

410

00:18:08,950 --> 00:18:04,530

this is an old famous sighting it's from

411

00:18:10,850 --> 00:18:08,960

1994 it's during a Michigan UFO flap and

412

00:18:13,430 --> 00:18:10,860

where there were like three hundred

413

00:18:16,279 --> 00:18:13,440

witnesses to UFO sightings in the area

414

00:18:20,029 --> 00:18:16,289

this one in particular was near the town

415

00:18:23,180 --> 00:18:20,039

of Holland in Ottawa County but this is

416

00:18:26,630 --> 00:18:23,190

really cool because MUFON Roger Marsh

417

00:18:29,899 --> 00:18:26,640

posted this but MUFON posted the 911

418

00:18:32,360 --> 00:18:29,909

operator tapes in a you tube so the

419

00:18:36,320 --> 00:18:32,370

audio is in this YouTube but Roger wrote

420

00:18:39,320 --> 00:18:36,330

up a story and we posted it on our site

421

00:18:43,100 --> 00:18:39,330

it's just called 911 operator tapes

422

00:18:44,960 --> 00:18:43,110

described 1994 Michigan UFO flap but

423

00:18:46,940 --> 00:18:44,970

these are really fun you know to hear

424

00:18:51,980 --> 00:18:46,950

these 911 calls from people calling in

425

00:18:54,230 --> 00:18:51,990

these UFO sightings from 1994 Wow

426

00:18:57,590 --> 00:18:54,240

I love those old cases that he keeps

427

00:18:59,810 --> 00:18:57,600

writing about uh-huh I know it's fun I

428

00:19:01,700 --> 00:18:59,820

mean so many of these cases are so

429

00:19:03,980 --> 00:19:01,710

interesting some people complain well

430

00:19:06,230 --> 00:19:03,990

there's no picture there's no video well

431

00:19:09,529 --> 00:19:06,240

often the picture Anderson videos are

432

00:19:11,630 --> 00:19:09,539

not that impressive anyway and a lot of

433

00:19:13,940 --> 00:19:11,640

the best cases come down to credible

434

00:19:15,200 --> 00:19:13,950

witness testimonies so yeah I think

435

00:19:17,840 --> 00:19:15,210

they're really interesting and

436

00:19:19,370 --> 00:19:17,850

especially if they're in your area or

437

00:19:21,919 --> 00:19:19,380

they're a case that you're particularly

438

00:19:24,830 --> 00:19:21,929

interested in in fact we've already had

439

00:19:27,350 --> 00:19:24,840

at least one person commenting that I

440

00:19:30,549 --> 00:19:27,360

was there in the area and I remember

441

00:19:34,090 --> 00:19:30,559

seeing this oh wow

442

00:19:37,100 --> 00:19:34,100

yes I talked to someone that had it

443

00:19:41,210 --> 00:19:37,110

pardon me I just got a some just message

444

00:19:43,970 --> 00:19:41,220

me in the in the message board that I

445

00:19:46,270 --> 00:19:43,980

sound very nasal II and I do I'm just

446

00:19:49,880 --> 00:19:46,280

not used to talking the mill the night

447

00:19:52,610 --> 00:19:49,890

so yeah we are live again anyway well

448

00:19:58,019 --> 00:19:52,620

yeah so it's what time is it there it is

449

00:20:00,359 --> 00:19:58,029

3:30 4:00 a.m. it kind of had to get up

450

00:20:01,589 --> 00:20:00,369

the middle of the night and to do this

451

00:20:04,169 --> 00:20:01,599

yeah that's right

452

00:20:06,209 --> 00:20:04,179

yeah yeah and I plan on doing that I'm

453

00:20:09,239 --> 00:20:06,219

just sure that I'm gonna have better

454

00:20:13,229 --> 00:20:09,249

internet where I'm at but the other

455

00:20:15,989 --> 00:20:13,239

weeks mm-hmm so anyway I appreciate

456

00:20:20,519 --> 00:20:15,999

that's it for the news tonight that's it

457

00:20:24,509 --> 00:20:20,529

for the news tonight all right or today

458

00:20:27,479 --> 00:20:24,519

whatever it is today this morning yeah

459

00:20:29,820 --> 00:20:27,489

well whatever it is wherever you may be

460

00:20:32,700 --> 00:20:29,830

that's right I've heard that before all

461

00:20:34,259 --> 00:20:32,710

right man well have a good one all right

462

00:20:38,729 --> 00:20:34,269

you too all right

463

00:20:42,239 --> 00:20:38,739

okay so our guests coming up a little

464

00:20:44,430 --> 00:20:42,249

bit about him he's Ryan Mullah he he's a

465

00:20:48,419 --> 00:20:44,440

return guest he's been on before he's

466

00:20:51,570 --> 00:20:48,429

the founder of New Hampshire UFO

467

00:20:52,919 --> 00:20:51,580

research and he's been studying the UFO

468

00:20:56,579 --> 00:20:52,929

phenomena in the state of New Hampshire

469

00:20:58,889 --> 00:20:56,589

and New England for 18 years we're going

470

00:21:02,519 --> 00:20:58,899

to be talking all about that plus he has

471

00:21:05,639 --> 00:21:02,529

some new information about Pease Air

472

00:21:09,119 --> 00:21:05,649

Force Base that was in Newington New

473

00:21:10,979 --> 00:21:09,129

Hampshire it's a defunct base but I have

474

00:21:16,499 --> 00:21:10,989

a little bit to say about that myself

475

00:21:20,310 --> 00:21:16,509

and Ryan's also given a presentation I

476

00:21:22,799 --> 00:21:20,320

saw him in the Exeter UFO festival at

477

00:21:24,599 --> 00:21:22,809

the Exeter Town Hall and there's the

478

00:21:26,849 --> 00:21:24,609

Exeter incident I'm sure you're familiar

479

00:21:28,799 --> 00:21:26,859

with that that's a great story we'll be

480

00:21:32,930 --> 00:21:28,809

touching on that a little bit as well

481

00:21:36,629 --> 00:21:32,940

and he's been on behind the paranormal

482

00:21:41,209 --> 00:21:36,639

Public Radio this show here and Mac

483

00:21:43,379 --> 00:21:41,219

Melones x-files and if anyone's ever

484

00:21:45,209 --> 00:21:43,389

wants to listen to a great show Mac

485

00:21:48,629 --> 00:21:45,219

Maloney does a great show every week and

486

00:21:52,560 --> 00:21:48,639

he's on the Dark Matter digital network

487

00:21:53,690 --> 00:21:52,570

as well a good guy like Mac anyway how

488

00:21:57,419 --> 00:21:53,700

you doing Ryan

489

00:21:59,579 --> 00:21:57,429

I'm doing great mine me thanks for

490

00:22:05,070 --> 00:21:59,589

hanging in while we have have had all

491

00:22:09,829 --> 00:22:05,080

these technical difficulties no problem

492

00:22:11,970 --> 00:22:09,839

yeah it's the live show just seems to be

493

00:22:13,320 --> 00:22:11,980

going in and out I have

494

00:22:16,080 --> 00:22:13,330

working on it so if you're listening

495

00:22:18,770 --> 00:22:16,090

live and you can hear me now hang in

496

00:22:23,490 --> 00:22:18,780

where you have someone trying to

497

00:22:26,430 --> 00:22:23,500

manually turn on the server it keeps

498

00:22:31,620 --> 00:22:26,440

going off and on but anyway Ryan how's

499

00:22:33,930 --> 00:22:31,630

everything going for you now it's

500

00:22:36,419 --> 00:22:33,940

interesting very interesting can you

501
00:22:39,390 --> 00:22:36,429
tell the listener that may not have

502
00:22:43,310 --> 00:22:39,400
heard you before you're your background

503
00:22:47,850 --> 00:22:43,320
and how you got interested in UFOs sure

504
00:22:50,789 --> 00:22:47,860
in 1998 I was traveling to New Hampshire

505
00:22:54,900 --> 00:22:50,799
with a few friends and had a date time

506
00:22:57,870 --> 00:22:54,910
UFO sighting and that really sparked my

507
00:23:00,210 --> 00:22:57,880
interest and starting to work into UFOs

508
00:23:02,280 --> 00:23:00,220
in the state of New Hampshire as well as

509
00:23:04,110 --> 00:23:02,290
New England and that was really the

510
00:23:07,680 --> 00:23:04,120
catalyst for me to start doing research

511
00:23:12,480 --> 00:23:07,690
into UFOs look can you explain that

512
00:23:13,860 --> 00:23:12,490
sighting sure we we had taken the trip

513
00:23:16,560 --> 00:23:13,870

to New Hampshire just to do a little

514

00:23:18,780 --> 00:23:16,570

shopping on like a Sunday afternoon and

515

00:23:23,159 --> 00:23:18,790

we were returning to Massachusetts where

516

00:23:24,960 --> 00:23:23,169

I lived at the time on route 13 and we

517

00:23:26,310 --> 00:23:24,970

were getting close to the mass border

518

00:23:30,150 --> 00:23:26,320

and basically we were just driving down

519

00:23:34,590 --> 00:23:30,160

you know an interesting highway sort of

520

00:23:37,200 --> 00:23:34,600

road and just a bit to the right of our

521

00:23:42,299 --> 00:23:37,210

car just above the treeline we saw a

522

00:23:44,430 --> 00:23:42,309

yellow sparkling object that suddenly

523

00:23:47,340 --> 00:23:44,440

appeared and dropped down into the woods

524

00:23:50,549 --> 00:23:47,350

off to the right of the road with kind

525

00:23:52,640 --> 00:23:50,559

of a swinging motion and we stopped the

526

00:23:55,650 --> 00:23:52,650

car dead in the middle of the road and

527

00:23:57,870 --> 00:23:55,660

all three of us saw it there's three of

528

00:24:00,180 --> 00:23:57,880

us in the vehicle and we just kind of

529

00:24:02,070 --> 00:24:00,190

looked at each other and we're just like

530

00:24:04,409 --> 00:24:02,080

what was that and you know kind of have

531

00:24:06,000 --> 00:24:04,419

a quick conversation about and decided

532

00:24:09,180 --> 00:24:06,010

it probably wasn't a good idea to go

533

00:24:11,070 --> 00:24:09,190

into the woods and just continued on you

534

00:24:15,000 --> 00:24:11,080

know to not see Jesus and not know how

535

00:24:20,310 --> 00:24:15,010

was that so it's funny how someone like

536

00:24:22,260 --> 00:24:20,320

yourself and same with me you know had a

537

00:24:24,440 --> 00:24:22,270

sighting that was just kind of like

538

00:24:26,060 --> 00:24:24,450

unbelievable or mine was

539

00:24:28,610 --> 00:24:26,070

and kind of like change their lives and

540

00:24:30,740 --> 00:24:28,620

then other people they it just they're

541

00:24:33,640 --> 00:24:30,750

just not interested it's really quite

542

00:24:37,190 --> 00:24:33,650

amazing it really sparked my curiosity

543

00:24:38,950 --> 00:24:37,200

about the whole situation and it sounds

544

00:24:42,110 --> 00:24:38,960

like I might have done the same with you

545

00:24:44,720 --> 00:24:42,120

it did I agree you know I found it just

546

00:24:47,480 --> 00:24:44,730

very fascinating and you know it set me

547

00:24:49,310 --> 00:24:47,490

on my journey to start you know I said

548

00:24:51,200 --> 00:24:49,320

to myself after I told Jesus is so

549

00:24:53,150 --> 00:24:51,210

fascinating I want to try and understand

550

00:24:56,930 --> 00:24:53,160

what I saw so I started looking around

551
00:24:58,880 --> 00:24:56,940
for good information on UFOs in New

552
00:25:01,780 --> 00:24:58,890
Hampshire and New England and that kind

553
00:25:07,280 --> 00:25:01,790
of started me on my journey of research

554
00:25:08,450 --> 00:25:07,290
Wow and and you have lived in new you

555
00:25:10,580 --> 00:25:08,460
said you were driving through New

556
00:25:15,320 --> 00:25:10,590
Hampshire but have you lived in New

557
00:25:21,080 --> 00:25:15,330
Hampshire a long time about 10 years I

558
00:25:24,160 --> 00:25:21,090
see uh-huh and when we first talked you

559
00:25:27,580 --> 00:25:24,170
had uncovered the truth about that great

560
00:25:33,170 --> 00:25:27,590
UFO photo in the clouds in New Hampshire

561
00:25:36,560 --> 00:25:33,180
stereopticon view oh yes the alleged

562
00:25:38,060 --> 00:25:36,570
oldest known UFO photo that's right for

563
00:25:39,440 --> 00:25:38,070

the person that you were on such a long

564

00:25:41,150 --> 00:25:39,450

time talking about that why don't you

565

00:25:46,040 --> 00:25:41,160

why don't you chat about that a little

566

00:25:48,260 --> 00:25:46,050

bit sure well there's a photo that's

567

00:25:52,790 --> 00:25:48,270

been circulating for quite some time or

568

00:25:54,320 --> 00:25:52,800

have been on UFO sites and you know

569

00:25:57,110 --> 00:25:54,330

every once in a while people would write

570

00:26:01,820 --> 00:25:57,120

about it what not that was claimed to be

571

00:26:04,520 --> 00:26:01,830

the oldest known UFO photo and so I was

572

00:26:06,530 --> 00:26:04,530

always intrigued by it the photo because

573

00:26:08,990 --> 00:26:06,540

it was so old because I believe it was

574

00:26:12,290 --> 00:26:09,000

18 I don't have the date friends I

575

00:26:15,170 --> 00:26:12,300

believe was about 1870 that the photo

576

00:26:17,180 --> 00:26:15,180

was taken was very long time was the

577

00:26:21,260 --> 00:26:17,190

first expedition to the top of Mount

578

00:26:24,080 --> 00:26:21,270

Washington when the photo was taken and

579

00:26:26,210 --> 00:26:24,090

so I just there was a photo that I was

580

00:26:28,100 --> 00:26:26,220

always fascinated by and I would look

581

00:26:29,930 --> 00:26:28,110

into here and there and you know to kind

582

00:26:32,030 --> 00:26:29,940

of hit a brick wall and kind of leave it

583

00:26:37,520 --> 00:26:32,040

alone and go back to it and then

584

00:26:38,490 --> 00:26:37,530

eventually I was able to find out the I

585

00:26:40,710 --> 00:26:38,500

came across

586

00:26:42,000 --> 00:26:40,720

names of the photographers and then once

587

00:26:44,700 --> 00:26:42,010

I had that information

588

00:26:46,890 --> 00:26:44,710

it led me to more information about this

589

00:26:49,350 --> 00:26:46,900

expedition that was at the top of Mount

590

00:26:51,900 --> 00:26:49,360

Washington where the photo was taken and

591

00:26:54,120 --> 00:26:51,910

it turned out that two photographers had

592

00:26:56,970 --> 00:26:54,130

traveled with the army courts at the top

593

00:26:59,550 --> 00:26:56,980

of Mount Washington to document the

594

00:27:01,770 --> 00:26:59,560

expedition and a series of photos were

595

00:27:04,140 --> 00:27:01,780

taken I believe there's about 41 photos

596

00:27:06,360 --> 00:27:04,150

that were after the fact that were sold

597

00:27:09,390 --> 00:27:06,370

as a set and they were stereoscopic

598

00:27:11,820 --> 00:27:09,400

photos and so basically just through my

599

00:27:14,250 --> 00:27:11,830

research I was able to come across the

600

00:27:16,260 --> 00:27:14,260

actual photo lives which listed the

601
00:27:20,400 --> 00:27:16,270
particular photo that had been claimed

602
00:27:22,830 --> 00:27:20,410
to be a UFO as frost architecture now on

603
00:27:26,760 --> 00:27:22,840
the surface of my washing at the top

604
00:27:28,380 --> 00:27:26,770
it's so cold and between the cold and

605
00:27:30,780 --> 00:27:28,390
the precipitation there's these ice

606
00:27:35,280 --> 00:27:30,790
structures that will just form at the

607
00:27:36,750 --> 00:27:35,290
top and so what this photo was was the

608
00:27:41,610 --> 00:27:36,760
photographer's taking a photo of these

609
00:27:44,130 --> 00:27:41,620
big formations up there so it was not a

610
00:27:46,230 --> 00:27:44,140
UFO and there was actually a book

611
00:27:48,180 --> 00:27:46,240
written about the expedition as well and

612
00:27:49,890 --> 00:27:48,190
there was a whole chapter devoted to the

613
00:27:52,680 --> 00:27:49,900

photography and you know there's

614

00:27:54,930 --> 00:27:52,690

obviously no mention of any UFOs or

615

00:27:57,240 --> 00:27:54,940

anything in the sky so there was pretty

616

00:28:00,720 --> 00:27:57,250

you know pretty complete evidence that

617

00:28:03,380 --> 00:28:00,730

it was just a benign photo of a snow

618

00:28:05,850 --> 00:28:03,390

structure with a piece of wood in it

619

00:28:07,770 --> 00:28:05,860

whereas most people that claimed the

620

00:28:09,630 --> 00:28:07,780

photo was a UFO claimed it was a cloud

621

00:28:11,340 --> 00:28:09,640

in the sky and it was there was a ship

622

00:28:14,460 --> 00:28:11,350

but it was really just a piece of wood

623

00:28:17,370 --> 00:28:14,470

peeking out of a nice structure you know

624

00:28:19,380 --> 00:28:17,380

it really does look like that I mean it

625

00:28:23,640 --> 00:28:19,390

really does look like a UFO I can

626

00:28:25,590 --> 00:28:23,650

understand why people thought that but I

627

00:28:29,010 --> 00:28:25,600

mean really to totally jump to the

628

00:28:31,020 --> 00:28:29,020

conclusion that it is I mean I guess if

629

00:28:34,290 --> 00:28:31,030

I saw it that I my first thought would

630

00:28:36,600 --> 00:28:34,300

be is that wow this has got to be a UFO

631

00:28:38,610 --> 00:28:36,610

but I I don't know I'd have to really

632

00:28:40,230 --> 00:28:38,620

look into it before I'd actually write

633

00:28:44,090 --> 00:28:40,240

something about it but I guess there's

634

00:28:46,890 --> 00:28:44,100

people still claiming that's what it is

635

00:28:48,450 --> 00:28:46,900

there's still a few people and you know

636

00:28:50,360 --> 00:28:48,460

it's important to mention too that you

637

00:28:52,169 --> 00:28:50,370

know the photo when it was originally

638

00:28:55,379 --> 00:28:52,179

circulated was a heavily

639

00:28:59,340 --> 00:28:55,389

o'clock low res image it wasn't the

640

00:29:00,930 --> 00:28:59,350

actual stereoscopic photograph so when

641

00:29:02,970 --> 00:29:00,940

most people looked at it it was very

642

00:29:06,690 --> 00:29:02,980

hard to tell exactly what you were

643

00:29:08,609 --> 00:29:06,700

looking at but once the stereo actual

644

00:29:10,529 --> 00:29:08,619

photo because there's a number of them

645

00:29:13,249 --> 00:29:10,539

available you can even sometimes find

646

00:29:17,070 --> 00:29:13,259

them on ebay from that particular set

647

00:29:19,350 --> 00:29:17,080

once we got a good high res copy of the

648

00:29:22,440 --> 00:29:19,360

actual stereoscopic photo film I believe

649

00:29:24,029 --> 00:29:22,450

the New York Public Library you can see

650

00:29:26,609 --> 00:29:24,039

the service of the mountain in the

651

00:29:28,409 --> 00:29:26,619

background you can see clearly

652

00:29:30,149 --> 00:29:28,419

distinctly you can differentiate between

653

00:29:32,460 --> 00:29:30,159

the sky and the surface of the mountain

654

00:29:34,680 --> 00:29:32,470

so once you're able to look at the

655

00:29:36,840 --> 00:29:34,690

stereoscopic photo as opposed to the low

656

00:29:39,690 --> 00:29:36,850

ledge crop you know becomes more

657

00:29:44,609 --> 00:29:39,700

apparent yeah right

658

00:29:48,389 --> 00:29:44,619

yeah all right so let's I think that is

659

00:29:51,389 --> 00:29:48,399

actually on your blog too isn't it yep

660

00:29:54,749 --> 00:29:51,399

that's on articles right on my blog and

661

00:30:02,629 --> 00:29:54,759

let's talk about that's New Hampshire

662

00:30:10,499 --> 00:30:07,710

research dot blog spot.com okay is the

663

00:30:15,389 --> 00:30:10,509

site and is that an active site that you

664

00:30:17,489 --> 00:30:15,399

keep that you update um I do I haven't

665

00:30:20,759 --> 00:30:17,499

updated it much lately I'm actually

666

00:30:22,379 --> 00:30:20,769

working on a newer refurbished site

667

00:30:25,259 --> 00:30:22,389

something a little bit a little bit

668

00:30:27,869 --> 00:30:25,269

better so I've been working on that but

669

00:30:30,509 --> 00:30:27,879

I don't update it very often unless I

670

00:30:32,730 --> 00:30:30,519

have a new research article that I post

671

00:30:34,529 --> 00:30:32,740

or there's some new news as far as New

672

00:30:36,570 --> 00:30:34,539

England or in New Hampshire UFOs I'll

673

00:30:38,999 --> 00:30:36,580

you know I'll post that on there but I

674

00:30:40,739 --> 00:30:39,009

don't tend to update it on like a weekly

675

00:30:43,049 --> 00:30:40,749

basis it's mainly just a place for

676
00:30:47,070 --> 00:30:43,059
whenever I do a new research article

677
00:30:51,450 --> 00:30:47,080
I'll post it there uh-huh okay so let's

678
00:30:55,350 --> 00:30:51,460
talk about New Hampshire as far as the

679
00:30:59,190 --> 00:30:55,360
activity on a scale of population and

680
00:31:02,810 --> 00:30:59,200
all that what is the activity like like

681
00:31:11,240 --> 00:31:08,170
um do you mean just across time or

682
00:31:16,850 --> 00:31:11,250
contemporary yeah and well in general

683
00:31:18,560 --> 00:31:16,860
yeah across time sure I mean there's you

684
00:31:22,130 --> 00:31:18,570
know New Hampshire has a rich UFO

685
00:31:24,770 --> 00:31:22,140
history I mean from 1947 up to present

686
00:31:27,470 --> 00:31:24,780
there there has been a lot of UFO

687
00:31:31,490 --> 00:31:27,480
reports and there have been a lot of

688
00:31:35,150 --> 00:31:31,500

very credible UFO reports from police

689

00:31:40,250 --> 00:31:35,160

and military witnesses as well as very

690

00:31:42,290 --> 00:31:40,260

credible citizens and local politician

691

00:31:45,050 --> 00:31:42,300

things of that nature so New Hampshire

692

00:31:47,690 --> 00:31:45,060

has had a lot of UFO sightings a lot of

693

00:31:51,140 --> 00:31:47,700

credible and fascinating ones over the

694

00:31:53,780 --> 00:31:51,150

last 60 years so I think there's been

695

00:31:55,850 --> 00:31:53,790

quite a bit of sightings now I wasn't

696

00:31:59,870 --> 00:31:55,860

familiar with the earlier ones like the

697

00:32:02,150 --> 00:31:59,880

47 it was Sur was this when everybody

698

00:32:06,580 --> 00:32:02,160

was seeing them you know right after or

699

00:32:08,840 --> 00:32:06,590

right around the Roswell time Yeah right

700

00:32:12,140 --> 00:32:08,850

right around the laws of all time

701
00:32:15,260 --> 00:32:12,150
surprisingly there was a bunch of UFO

702
00:32:19,310 --> 00:32:15,270
sightings in New Hampshire right around

703
00:32:21,140 --> 00:32:19,320
the time of Roswell and actually yeah

704
00:32:22,520 --> 00:32:21,150
one of which that comes to mind it was

705
00:32:26,000 --> 00:32:22,530
actually the governor in New Hampshire

706
00:32:28,370 --> 00:32:26,010
at the time son and a companion and they

707
00:32:32,000 --> 00:32:28,380
were both ex-military pilots and they

708
00:32:34,490 --> 00:32:32,010
had a sighting in New Hampshire in the

709
00:32:37,370 --> 00:32:34,500
skies while flying the week of Roswell

710
00:32:41,030 --> 00:32:37,380
so and there's there's been sightings

711
00:32:42,770 --> 00:32:41,040
you know before Roswell but there's been

712
00:32:47,660 --> 00:32:42,780
sightings in New Hampshire right back to

713
00:32:49,940 --> 00:32:47,670

1947 right up to present well and of

714

00:32:52,820 --> 00:32:49,950

course is a Betty hill case Betty and

715

00:32:55,640 --> 00:32:52,830

Barney Hill pretty famous as far as New

716

00:32:58,910 --> 00:32:55,650

Hampshire goes and I'm trying to think

717

00:33:02,390 --> 00:32:58,920

of Exeter incident our incident Exeter

718

00:33:04,340 --> 00:33:02,400

or whatever it's called that that's

719

00:33:07,760 --> 00:33:04,350

probably the top sighting wouldn't you

720

00:33:10,250 --> 00:33:07,770

say yeah Betty and Barney Hill and in

721

00:33:12,320 --> 00:33:10,260

the incident eggs are really the two

722

00:33:14,060 --> 00:33:12,330

landmark New Hampshire cases those are

723

00:33:15,740 --> 00:33:14,070

the ones that you know most people are

724

00:33:18,660 --> 00:33:15,750

familiar

725

00:33:21,120 --> 00:33:18,670

you know via books and you know movies

726

00:33:23,580 --> 00:33:21,130

and pop culture not so much incident

727

00:33:26,610 --> 00:33:23,590

eggs that case you know got a lot of

728

00:33:29,130 --> 00:33:26,620

notoriety in the 60s around the time

729

00:33:31,470 --> 00:33:29,140

that it happened but you don't

730

00:33:37,380 --> 00:33:31,480

necessarily hear it mentioned very often

731

00:33:41,160 --> 00:33:37,390

you know in conversations though yeah

732

00:33:44,070 --> 00:33:41,170

but incredible case for the listener who

733

00:33:48,620 --> 00:33:44,080

has not heard that can you go ahead and

734

00:33:52,770 --> 00:33:48,630

tell them about the Exeter case sure

735

00:33:55,830 --> 00:33:52,780

well it was September 3rd 1965 and a

736

00:33:58,980 --> 00:33:55,840

young man named Norman muscarello was

737

00:34:00,480 --> 00:33:58,990

hitchhiking home he was 18 he had just

738

00:34:03,480 --> 00:34:00,490

finished school and he was about to

739

00:34:06,000 --> 00:34:03,490

enter the Navy and he was hitchhiking on

740

00:34:08,669 --> 00:34:06,010

a back road in kitchens in New Hampshire

741

00:34:11,250 --> 00:34:08,679

which is right next to Exeter the actual

742

00:34:12,870 --> 00:34:11,260

UFO sighting happened in Kensington but

743

00:34:16,650 --> 00:34:12,880

the case is just called the incident

744

00:34:18,300 --> 00:34:16,660

Exeter because that's the biggest town

745

00:34:19,620 --> 00:34:18,310

near where it happened and also the

746

00:34:22,169 --> 00:34:19,630

police that were involved were from

747

00:34:24,630 --> 00:34:22,179

Exeter and so Norman was hitchhiking

748

00:34:26,730 --> 00:34:24,640

home it was late at night around 1:00 or

749

00:34:29,850 --> 00:34:26,740

2:00 in the morning and as he was

750

00:34:32,250 --> 00:34:29,860

passing a farmhouse he noticed a red

751

00:34:35,070 --> 00:34:32,260

object in the sky that started swooping

752

00:34:38,130 --> 00:34:35,080

down at him he dove in a ditch next to a

753

00:34:39,870 --> 00:34:38,140

wall to take cover and then when and for

754

00:34:41,909 --> 00:34:39,880

instantly Bend on the door of the

755

00:34:43,320 --> 00:34:41,919

farmhouse people were home but they

756

00:34:45,150 --> 00:34:43,330

wouldn't answer the door because it was

757

00:34:48,210 --> 00:34:45,160

so late and they were probably why is

758

00:34:51,450 --> 00:34:48,220

this guy knocking on our door and so at

759

00:34:53,820 --> 00:34:51,460

any rate Norman kind of hunch there

760

00:34:55,980 --> 00:34:53,830

awaited and then saw a car coming down

761

00:34:59,070 --> 00:34:55,990

the road so he jumped out flagged the

762

00:35:02,820 --> 00:34:59,080

car down and had them bring him to the

763

00:35:06,030 --> 00:35:02,830

Exeter police station now in another

764

00:35:09,090 --> 00:35:06,040

part of Exeter while that was happening

765

00:35:11,310 --> 00:35:09,100

officer Eugene Bertram was on patrol and

766

00:35:14,940 --> 00:35:11,320

he came across a car that was parked on

767

00:35:16,530 --> 00:35:14,950

the side of the road and he got out you

768

00:35:18,120 --> 00:35:16,540

know to investigate check that out and

769

00:35:19,920 --> 00:35:18,130

it turned out there was a woman and her

770

00:35:21,510 --> 00:35:19,930

daughter in the car that were crying and

771

00:35:23,580 --> 00:35:21,520

they were distraught and they claimed

772

00:35:27,630 --> 00:35:23,590

that a red object was swooping down at

773

00:35:28,710 --> 00:35:27,640

their vehicle so when Norman came into

774

00:35:31,230 --> 00:35:28,720

the police station

775

00:35:35,880 --> 00:35:31,240

and said look you know I just saw this

776

00:35:38,430 --> 00:35:35,890

object swooping down at me the desk

777

00:35:41,069 --> 00:35:38,440

officer was like wow because he had just

778

00:35:42,930 --> 00:35:41,079

gotten word from officer Bertrand about

779

00:35:44,190 --> 00:35:42,940

what you know to stop he had made to

780

00:35:48,660 --> 00:35:44,200

help the ladies and what they were

781

00:35:50,849 --> 00:35:48,670

saying so the desk officer scratched

782

00:35:53,880 --> 00:35:50,859

Toland and eugene Bertrand the the

783

00:35:56,220 --> 00:35:53,890

officer they decided that the best thing

784

00:35:58,200 --> 00:35:56,230

to do was for Officer Bertrand to go

785

00:36:00,839 --> 00:35:58,210

back out to the field with Norman and

786

00:36:01,650 --> 00:36:00,849

take a look and see if anything you know

787

00:36:05,220 --> 00:36:01,660

was still up there

788

00:36:07,200 --> 00:36:05,230

so normally an officer Bertrand drove

789

00:36:10,020 --> 00:36:07,210

back to the field they walked out into

790

00:36:12,930 --> 00:36:10,030

the field and just a few minutes after

791

00:36:15,329 --> 00:36:12,940

walking onto the field an object came up

792

00:36:19,740 --> 00:36:15,339

over the trees over them in the field

793

00:36:21,599 --> 00:36:19,750

and according to the officer was

794

00:36:22,800 --> 00:36:21,609

approximately a hundred feet over them

795

00:36:25,620 --> 00:36:22,810

now

796

00:36:27,300 --> 00:36:25,630

officer Bertrand extensively dropped his

797

00:36:29,839 --> 00:36:27,310

knee and Drew's revolver but then

798

00:36:33,660 --> 00:36:29,849

realized that was kind of a bad idea and

799

00:36:35,640 --> 00:36:33,670

Norman froze so officer Bertrand grabbed

800

00:36:37,829 --> 00:36:35,650

Norman they ran back to the cruiser they

801
00:36:41,880 --> 00:36:37,839
radioed they saying you know I'm seeing

802
00:36:44,309 --> 00:36:41,890
this thing - as that happened there was

803
00:36:46,559 --> 00:36:44,319
another officer David Hunt who was on

804
00:36:49,020 --> 00:36:46,569
patrol he heard the call so he's raced

805
00:36:50,579 --> 00:36:49,030
to the scene and him and officer

806
00:36:53,730 --> 00:36:50,589
Bertrand stood there and watched this

807
00:36:58,440 --> 00:36:53,740
object for a I believe was approximately

808
00:37:01,950 --> 00:36:58,450
eight to ten minutes as it took off in

809
00:37:05,910 --> 00:37:01,960
the distance and the object was silent

810
00:37:11,250 --> 00:37:05,920
it cast a red glow across the field and

811
00:37:13,050 --> 00:37:11,260
the farmhouse and there was it was red

812
00:37:16,050 --> 00:37:13,060
but there was also bright light so they

813
00:37:18,870 --> 00:37:16,060

had a hard time making out the actual

814

00:37:24,270 --> 00:37:18,880

form of the craft so that was deciding

815

00:37:27,540 --> 00:37:24,280

that they had amazing sighting and let's

816

00:37:29,720 --> 00:37:27,550

address the if you anyone is searching

817

00:37:32,790 --> 00:37:29,730

for that incident right now you'll see

818

00:37:36,050 --> 00:37:32,800

something like 40-year old case solved

819

00:37:40,470 --> 00:37:36,060

exeter incident talks about a refueler

820

00:37:42,510 --> 00:37:40,480

it really doesn't match what any of the

821

00:37:44,640 --> 00:37:42,520

witnesses were saying but

822

00:37:48,420 --> 00:37:44,650

someone writes that it's solved it sure

823

00:37:51,320 --> 00:37:48,430

gets a lot of attention it does yes

824

00:37:55,320 --> 00:37:51,330

that's an article that was written by

825

00:37:58,710 --> 00:37:55,330

skeptic Joe Nickell and James McGaha

826

00:38:02,310 --> 00:37:58,720

both both kind of career skeptics if you

827

00:38:07,560 --> 00:38:02,320

yeah you probably call them and they put

828

00:38:09,930 --> 00:38:07,570

that article out in 2011 and I released

829

00:38:12,390 --> 00:38:09,940

a rebuttal article to that which is on

830

00:38:14,520 --> 00:38:12,400

my site and you know just to speak a

831

00:38:19,110 --> 00:38:14,530

little bit to that

832

00:38:22,110 --> 00:38:19,120

you know they for their article claiming

833

00:38:25,890 --> 00:38:22,120

to solve the Exeter case they had a

834

00:38:30,090 --> 00:38:25,900

total of 13 sources ten of which were

835

00:38:33,350 --> 00:38:30,100

UFO books one was a UFO newsletter one

836

00:38:36,390 --> 00:38:33,360

was a UFO article a moment a TV show

837

00:38:39,600 --> 00:38:36,400

they really you know they didn't do

838

00:38:41,460 --> 00:38:39,610

their research on the case when I did my

839

00:38:43,140 --> 00:38:41,470

article my rebuttal article which is on

840

00:38:46,530 --> 00:38:43,150

my site and you know I'll kind of point

841

00:38:48,210 --> 00:38:46,540

out some of the main points that point

842

00:38:52,140 --> 00:38:48,220

to the fact that you know they really

843

00:38:52,710 --> 00:38:52,150

didn't solve the case but like my

844

00:38:56,580 --> 00:38:52,720

rebuttal

845

00:38:59,670 --> 00:38:56,590

I had 26 sources ten of which were Air

846

00:39:01,200 --> 00:38:59,680

Force project Bluebook documents one of

847

00:39:06,030 --> 00:39:01,210

which was the congressional hearing

848

00:39:08,280 --> 00:39:06,040

number 55 which was in 1966 Congress

849

00:39:13,310 --> 00:39:08,290

actually had a hearing on UFOs and the

850

00:39:18,150 --> 00:39:13,320

Exeter case was one of the key cases and

851

00:39:20,340 --> 00:39:18,160

so my point being is you know I also

852

00:39:22,680 --> 00:39:20,350

used Raymond Fowler who's the primary

853

00:39:26,640 --> 00:39:22,690

investigator on the Exeter case his

854

00:39:29,040 --> 00:39:26,650

hundred page file the Blue Book document

855

00:39:30,600 --> 00:39:29,050

so all of these things that I used in my

856

00:39:32,160 --> 00:39:30,610

rebuttal to the article these are all

857

00:39:35,700 --> 00:39:32,170

things that are available for anybody

858

00:39:37,470 --> 00:39:35,710

out there and for some reason these

859

00:39:39,270 --> 00:39:37,480

skeptics that wrote the article they

860

00:39:41,280 --> 00:39:39,280

just they didn't access any of this

861

00:39:44,250 --> 00:39:41,290

information which is the core

862

00:39:46,110 --> 00:39:44,260

information on Exeter is Raymond

863

00:39:48,030 --> 00:39:46,120

Fowler's report and the Project Blue

864

00:39:50,070 --> 00:39:48,040

Book documents but that's the core of

865

00:39:52,920 --> 00:39:50,080

the case so they didn't even bother to

866

00:39:55,320 --> 00:39:52,930

access that information when they wrote

867

00:39:56,200 --> 00:39:55,330

their rebuttal and they just came to a

868

00:39:58,530 --> 00:39:56,210

conclusion

869

00:40:02,410 --> 00:39:58,540

oh it sounds like it was a kc-97

870

00:40:04,660 --> 00:40:02,420

refueling jet and they really didn't

871

00:40:06,880 --> 00:40:04,670

offer anything to back up their claim

872

00:40:09,250 --> 00:40:06,890

that that's what it was I think is that

873

00:40:12,040 --> 00:40:09,260

something like there was one flying that

874

00:40:14,680 --> 00:40:12,050

night or something like that yeah no

875

00:40:17,770 --> 00:40:14,690

they did they never provided any proof

876

00:40:20,500 --> 00:40:17,780

of that and interestingly enough if you

877

00:40:24,099 --> 00:40:20,510

read the the Blue Book documents on

878

00:40:27,400 --> 00:40:24,109

Exeter you know one of the first things

879

00:40:31,450 --> 00:40:27,410

they did was because at the time Pease

880

00:40:33,250 --> 00:40:31,460

was a sac nuclear base so this is not

881

00:40:35,170 --> 00:40:33,260

the sort of area where you're going to

882

00:40:38,770 --> 00:40:35,180

have you know unknown things flying

883

00:40:41,349 --> 00:40:38,780

around or even military aircraft that

884

00:40:43,089 --> 00:40:41,359

are not accounted for typically so one

885

00:40:45,970 --> 00:40:43,099

of the first things that Bluebook did

886

00:40:48,700 --> 00:40:45,980

was MPs was look at you know do we have

887

00:40:51,940 --> 00:40:48,710

anything in the area and when J Allen

888

00:40:55,260 --> 00:40:51,950

Hynek got involved even he even asked

889

00:40:58,570 --> 00:40:55,270

that the crew of a plane that was flying

890

00:41:02,800 --> 00:40:58,580

you know somewhere near that time was

891

00:41:05,680 --> 00:41:02,810

interrogated and ultimately they didn't

892

00:41:10,120 --> 00:41:05,690

provide any information that there was a

893

00:41:12,310 --> 00:41:10,130

kc-97 in the area and while Pease could

894

00:41:15,790 --> 00:41:12,320

have had a kc-97 they started phasing

895

00:41:17,320 --> 00:41:15,800

those out in 58 for the kc-135 so that

896

00:41:20,200 --> 00:41:17,330

you know they weren't even able to prove

897

00:41:22,180 --> 00:41:20,210

that there was a kc-97 you know at Pease

898

00:41:23,980 --> 00:41:22,190

let alone that there was one fly in that

899

00:41:26,589 --> 00:41:23,990

night you know so that that's the first

900

00:41:28,660 --> 00:41:26,599

problem then the other big problems is

901
00:41:31,660 --> 00:41:28,670
they also ignored that the two officers

902
00:41:33,550 --> 00:41:31,670
Bertrand and hon officer Bertrand had

903
00:41:37,780 --> 00:41:33,560
been in the Air Force have had for years

904
00:41:39,550 --> 00:41:37,790
refueling Casey 97 so it's talked about

905
00:41:42,160 --> 00:41:39,560
having a witness not only is he a police

906
00:41:45,010 --> 00:41:42,170
officer but he was in the Air Force and

907
00:41:47,170 --> 00:41:45,020
he refueled kc-97 so he was in a unique

908
00:41:51,040 --> 00:41:47,180
position to be able to identify all

909
00:41:53,530 --> 00:41:51,050
sorts of aircraft and officer hunt had

910
00:41:55,270 --> 00:41:53,540
been in the Army Reserves for six years

911
00:41:58,599 --> 00:41:55,280
and both of them have been patrolling

912
00:42:02,620 --> 00:41:58,609
Exeter for quite some time so they were

913
00:42:05,230 --> 00:42:02,630

familiar with the typical air traffic in

914

00:42:07,390 --> 00:42:05,240

the area so you know that was another

915

00:42:09,570 --> 00:42:07,400

thing that they they just they didn't

916

00:42:12,120 --> 00:42:09,580

they completely ignored

917

00:42:16,080 --> 00:42:12,130

you know among other things I can I can

918

00:42:18,210 --> 00:42:16,090

mention as well now did you try to post

919

00:42:24,120 --> 00:42:18,220

a link to your article or anything like

920

00:42:26,580 --> 00:42:24,130

that under their claim no you know I

921

00:42:28,770 --> 00:42:26,590

don't tend to do that um you know

922

00:42:31,140 --> 00:42:28,780

whenever I do a research article that

923

00:42:33,540 --> 00:42:31,150

kind of counters something somebody else

924

00:42:35,340 --> 00:42:33,550

is saying you know people always say oh

925

00:42:38,070 --> 00:42:35,350

did you know did you send that over to

926
00:42:42,780 --> 00:42:38,080
them and you know I don't I didn't

927
00:42:44,880 --> 00:42:42,790
because you know I I'm familiar with the

928
00:42:46,620 --> 00:42:44,890
two individuals that wrote it and I just

929
00:42:48,690 --> 00:42:46,630
I don't you know I don't know that much

930
00:42:52,380 --> 00:42:48,700
constructive dialog would come from it

931
00:42:54,620 --> 00:42:52,390
I'm sure they've probably seen me I've

932
00:42:56,850 --> 00:42:54,630
never heard any feedback from them but

933
00:42:58,260 --> 00:42:56,860
you know I'm more the sort of person I

934
00:42:59,910 --> 00:42:58,270
like to do the research write up

935
00:43:01,860 --> 00:42:59,920
something and just put it out there and

936
00:43:02,930 --> 00:43:01,870
you know let people make the decision

937
00:43:06,030 --> 00:43:02,940
for themselves

938
00:43:07,740 --> 00:43:06,040

what do you suppose it is that someone

939

00:43:10,610 --> 00:43:07,750

like them would write something like

940

00:43:15,810 --> 00:43:10,620

that without you know just making broad

941

00:43:17,490 --> 00:43:15,820

brushstroke claims like that well you

942

00:43:21,750 --> 00:43:17,500

know I think what it is is I think when

943

00:43:24,360 --> 00:43:21,760

you're a career skeptic you you kind of

944

00:43:27,570 --> 00:43:24,370

you know your job in a way is to kind of

945

00:43:31,020 --> 00:43:27,580

poopoo things and if you read the

946

00:43:34,650 --> 00:43:31,030

article they basically have like a

947

00:43:38,460 --> 00:43:34,660

brainstorm session decide that oh it's a

948

00:43:42,480 --> 00:43:38,470

kc-97 and then they refer to themselves

949

00:43:44,700 --> 00:43:42,490

as the Hardy Boys and then they just

950

00:43:46,590 --> 00:43:44,710

then they proceed did not show any

951
00:43:48,900 --> 00:43:46,600
evidence for what you know what they're

952
00:43:50,730 --> 00:43:48,910
claiming so it's you know anyone that

953
00:43:53,940 --> 00:43:50,740
reads the article can tell that it

954
00:43:57,060 --> 00:43:53,950
wasn't really done from a impartial

955
00:43:59,790 --> 00:43:57,070
research standpoint so I think that's

956
00:44:01,170 --> 00:43:59,800
like that you know the big problem you

957
00:44:02,970 --> 00:44:01,180
know that's unfortunate though that

958
00:44:06,900 --> 00:44:02,980
because anyone that wants to look into

959
00:44:09,330 --> 00:44:06,910
that case that's one of the I believe if

960
00:44:12,540 --> 00:44:09,340
you googled that incident it's one of

961
00:44:14,190 --> 00:44:12,550
the first things that come up I know and

962
00:44:17,390 --> 00:44:14,200
not you know that's why I wrote the

963
00:44:20,930 --> 00:44:17,400

article and I also did a presentation

964

00:44:23,150 --> 00:44:20,940

for the 50th anniversary to Exeter

965

00:44:25,490 --> 00:44:23,160

basically it was a PowerPoint

966

00:44:28,910 --> 00:44:25,500

presentation based on my article showing

967

00:44:33,050 --> 00:44:28,920

all the evidence showing the actual Blue

968

00:44:34,880 --> 00:44:33,060

Book documents showing all the evidence

969

00:44:37,700 --> 00:44:34,890

right up on the screen so everybody can

970

00:44:39,080 --> 00:44:37,710

see it to show that you know what what

971

00:44:42,020 --> 00:44:39,090

they're saying just doesn't jive with

972

00:44:45,140 --> 00:44:42,030

what the Air Force PV Air Force Base and

973

00:44:46,700 --> 00:44:45,150

Project Blue Book said so you know I've

974

00:44:48,350 --> 00:44:46,710

tried to do my part to get the word out

975

00:44:52,550 --> 00:44:48,360

but you're right it is unfortunate that

976

00:44:54,560 --> 00:44:52,560

they can just write that article not use

977

00:44:56,390 --> 00:44:54,570

any of the primary sources for the case

978

00:44:58,670 --> 00:44:56,400

that are readily available for free on

979

00:45:00,260 --> 00:44:58,680

the internet and then a lot of people go

980

00:45:05,750 --> 00:45:00,270

and read that and they think oh you know

981

00:45:09,530 --> 00:45:05,760

it was just the kc-97 oh all right the

982

00:45:11,450 --> 00:45:09,540

Exeter Festival is free it's put on by

983

00:45:14,000 --> 00:45:11,460

what is it the Lions Club or something

984

00:45:17,000 --> 00:45:14,010

like that um it's the Kiwanis it's

985

00:45:19,370 --> 00:45:17,010

actually not honest read it was it was

986

00:45:22,130 --> 00:45:19,380

free for the first you know three or

987

00:45:25,490 --> 00:45:22,140

four years on what they're doing yeah

988

00:45:27,560 --> 00:45:25,500

what they're doing now is they they do I

989

00:45:29,480 --> 00:45:27,570

mean it's a very good deal and all the

990

00:45:32,120 --> 00:45:29,490

money goes they give all the money to

991

00:45:34,670 --> 00:45:32,130

charity so I believe what they're doing

992

00:45:38,000 --> 00:45:34,680

this year is there's like an admission

993

00:45:40,010 --> 00:45:38,010

button and it's you know maybe ten

994

00:45:42,680 --> 00:45:40,020

dollars I'm not sure but it's for both

995

00:45:44,840 --> 00:45:42,690

days so it's um you know it's not bad in

996

00:45:46,910 --> 00:45:44,850

the sense you get a nice memento you get

997

00:45:48,620 --> 00:45:46,920

admission for both days and then you

998

00:45:54,080 --> 00:45:48,630

know the money or money is going to help

999

00:45:56,080 --> 00:45:54,090

kids charity so yeah and you know

1000

00:45:59,930 --> 00:45:56,090

there's some pretty good speakers there

1001

00:46:01,790 --> 00:45:59,940

every year that I've seen I like going

1002

00:46:05,510 --> 00:46:01,800

there what's up it's a pretty little

1003

00:46:09,470 --> 00:46:05,520

town in New Hampshire yeah great I mean

1004

00:46:12,290 --> 00:46:09,480

it's a lot of old brick architecture the

1005

00:46:15,470 --> 00:46:12,300

Town Hall is very historic Abraham

1006

00:46:18,020 --> 00:46:15,480

Lincoln spoke there and actually the

1007

00:46:20,180 --> 00:46:18,030

connection to the case is that the

1008

00:46:23,480 --> 00:46:20,190

episode or police station was actually

1009

00:46:25,490 --> 00:46:23,490

in the back of the Town Hall building at

1010

00:46:28,640 --> 00:46:25,500

the time when the UFO sighting happened

1011

00:46:32,780 --> 00:46:28,650

so the Town Hall actually has a little

1012

00:46:36,620 --> 00:46:32,790

significance in the story as well now

1013

00:46:43,790 --> 00:46:36,630

there are there any of witnesses still

1014

00:46:46,610 --> 00:46:43,800

around from that incident well both the

1015

00:46:48,470 --> 00:46:46,620

officers in Norman have passed away so

1016

00:46:51,800 --> 00:46:48,480

as far as the the three primary

1017

00:46:54,560 --> 00:46:51,810

witnesses they have passed but there

1018

00:46:56,990 --> 00:46:54,570

were people in the area that saw things

1019

00:46:59,540 --> 00:46:57,000

at night and around the time period that

1020

00:47:01,760 --> 00:46:59,550

are still alive but all of the primary

1021

00:47:04,850 --> 00:47:01,770

people have now passed away Wow

1022

00:47:06,260 --> 00:47:04,860

now was this something that occurred at

1023

00:47:12,590 --> 00:47:06,270

another time as while I was at a

1024

00:47:14,930 --> 00:47:12,600

one-time deal yeah or that did anyone

1025

00:47:16,970 --> 00:47:14,940

else you know how you here a lot of

1026

00:47:20,570 --> 00:47:16,980

times look an object will appear you

1027

00:47:23,450 --> 00:47:20,580

know several times for some reason did

1028

00:47:26,570 --> 00:47:23,460

anything like that happen with this um

1029

00:47:29,960 --> 00:47:26,580

well actually the exeter area has had a

1030

00:47:32,180 --> 00:47:29,970

big history of that area where it

1031

00:47:36,800 --> 00:47:32,190

happened has a big history of UFO

1032

00:47:39,740 --> 00:47:36,810

sightings in the 60s and so yes that

1033

00:47:45,350 --> 00:47:39,750

area has been a big hop head and so much

1034

00:47:47,150 --> 00:47:45,360

so that john oswald who's one of the one

1035

00:47:50,000 --> 00:47:47,160

of the UFO researchers that worked with

1036

00:47:52,730 --> 00:47:50,010

ray fowler in the 60s 70s and 80s in new

1037

00:47:56,930 --> 00:47:52,740

hampshire he actually moved to Exeter as

1038

00:48:00,260 --> 00:47:56,940

a young man to them scientists as well

1039

00:48:01,520 --> 00:48:00,270

to investigate in research UFOs there

1040

00:48:04,790 --> 00:48:01,530

were so many sightings in that

1041

00:48:06,710 --> 00:48:04,800

particular area at one point that he was

1042

00:48:09,500 --> 00:48:06,720

involved with what's called the made our

1043

00:48:12,050 --> 00:48:09,510

project which they set up I believe it

1044

00:48:16,490 --> 00:48:12,060

was about 15 electromagnetic sensors

1045

00:48:19,610 --> 00:48:16,500

over up in that area in Exeter in

1046

00:48:22,660 --> 00:48:19,620

Kensington and worked you know we're

1047

00:48:25,400 --> 00:48:22,670

trying to be able to correlate changes

1048

00:48:28,190 --> 00:48:25,410

with these electromagnetic sensors with

1049

00:48:30,650 --> 00:48:28,200

reported UFO sightings so there was

1050

00:48:33,320 --> 00:48:30,660

quite a few and it actually just a year

1051
00:48:35,510 --> 00:48:33,330
or so after the Exeter case there was

1052
00:48:38,570 --> 00:48:35,520
another big sighting with some of the

1053
00:48:41,660 --> 00:48:38,580
same officers involved so yeah there was

1054
00:48:47,089 --> 00:48:41,670
a lot going on in that area yeah what

1055
00:48:51,410 --> 00:48:47,099
was that sighting about that sighting

1056
00:48:53,569 --> 00:48:51,420
a policeman was downtown checking doors

1057
00:48:55,190 --> 00:48:53,579
as I guess police used to do in the old

1058
00:48:56,900 --> 00:48:55,200
days they would go around downtown and

1059
00:49:00,859 --> 00:48:56,910
make sure all the businesses were locked

1060
00:49:03,319 --> 00:49:00,869
and he basically saw in objects in the

1061
00:49:05,989 --> 00:49:03,329
sky dropped significantly almost like

1062
00:49:09,109 --> 00:49:05,999
dropping out of the stars and then it

1063
00:49:11,839 --> 00:49:09,119

dropped and then just stopped and was

1064

00:49:15,739 --> 00:49:11,849

hovering then was near some power lines

1065

00:49:17,569 --> 00:49:15,749

and so he called them to base and said

1066

00:49:19,640 --> 00:49:17,579

hey can you have somebody come down and

1067

00:49:21,579 --> 00:49:19,650

bring some binoculars I'm looking I've

1068

00:49:24,019 --> 00:49:21,589

got something here I'm looking at and

1069

00:49:25,940 --> 00:49:24,029

coincidentally there was a reporter from

1070

00:49:28,309 --> 00:49:25,950

I believe it was the Manchester union

1071

00:49:30,200 --> 00:49:28,319

leader that was hanging out at the

1072

00:49:32,719 --> 00:49:30,210

police station so a few people went down

1073

00:49:35,749 --> 00:49:32,729

and met this officer and they were able

1074

00:49:38,420 --> 00:49:35,759

to observe this object in the distance

1075

00:49:39,579 --> 00:49:38,430

through binoculars and they watched it

1076

00:49:44,269 --> 00:49:39,589

for quite some time

1077

00:49:46,430 --> 00:49:44,279

Wow now the way a bird flies it's about

1078

00:49:49,729 --> 00:49:46,440

10 miles away from Pease Air Force Base

1079

00:49:54,140 --> 00:49:49,739

when you say something like that yeah

1080

00:49:56,779 --> 00:49:54,150

that's very close yeah and which will

1081

00:50:01,849 --> 00:49:56,789

lead into a topic we're going to talk

1082

00:50:04,430 --> 00:50:01,859

about now Pease Air Force is one of the

1083

00:50:07,459 --> 00:50:04,440

decommissioned air bases is now like a

1084

00:50:11,259 --> 00:50:07,469

park for businesses things like that and

1085

00:50:15,229 --> 00:50:11,269

I'm lived I grew up in the area actually

1086

00:50:18,309 --> 00:50:15,239

lived across the river on a beautiful

1087

00:50:22,279 --> 00:50:18,319

home I was lucky enough to grow up and

1088

00:50:25,519 --> 00:50:22,289

that oversaw the whole river and the

1089

00:50:28,459 --> 00:50:25,529

could see the airbase right across from

1090

00:50:30,380 --> 00:50:28,469

where I grew up so my sisters and I

1091

00:50:33,019 --> 00:50:30,390

would sit on the hill we'd see weather

1092

00:50:35,359 --> 00:50:33,029

balloons and all kinds of stuff over

1093

00:50:37,400 --> 00:50:35,369

there and there was something always

1094

00:50:40,099 --> 00:50:37,410

intriguing about Pease there was a lot

1095

00:50:43,759 --> 00:50:40,109

of activity there all the time there was

1096

00:50:46,190 --> 00:50:43,769

a crash I remember an F I forget what it

1097

00:50:48,109 --> 00:50:46,200

was the jet that crashed there I

1098

00:50:52,160 --> 00:50:48,119

remember it clearly the whole house

1099

00:50:55,160 --> 00:50:52,170

shook lamp of chandeliers were shaking

1100

00:50:55,549 --> 00:50:55,170

back and forth all that oh wow what year

1101
00:50:57,799 --> 00:50:55,559
was that

1102
00:51:00,660 --> 00:50:57,809
I don't know I'm sure you can find it

1103
00:51:05,640 --> 00:51:00,670
online but I was just a little

1104
00:51:08,900 --> 00:51:05,650
yeah so let's talk about peas you've

1105
00:51:12,210 --> 00:51:08,910
uncovered something about UFOs

1106
00:51:15,720 --> 00:51:12,220
yeah well it's it's good because it kind

1107
00:51:20,490 --> 00:51:15,730
of stems off of the Exeter case so when

1108
00:51:22,970 --> 00:51:20,500
the Exeter case happened in 65 typically

1109
00:51:25,920 --> 00:51:22,980
most Air Force bases had a designated

1110
00:51:28,799 --> 00:51:25,930
officer that was a UFO death officer

1111
00:51:31,890 --> 00:51:28,809
that would communicate with Project Blue

1112
00:51:34,140 --> 00:51:31,900
Book if there was any sightings or

1113
00:51:36,329 --> 00:51:34,150

anything so the almost every base it was

1114

00:51:40,079 --> 00:51:36,339

a known thing the basis would have a UFO

1115

00:51:43,019 --> 00:51:40,089

officer but when the Exeter sighting

1116

00:51:45,420 --> 00:51:43,029

happened what was odd about it was they

1117

00:51:47,609 --> 00:51:45,430

didn't have a UFO office or at least

1118

00:51:52,519 --> 00:51:47,619

they they claimed that they did and what

1119

00:51:54,359 --> 00:51:52,529

they did was is they had they had

1120

00:51:58,740 --> 00:51:54,369

lieutenant Brandt who was the

1121

00:52:01,769 --> 00:51:58,750

information officer and depending for a

1122

00:52:03,660 --> 00:52:01,779

major Griffin they were two gentlemen on

1123

00:52:07,230 --> 00:52:03,670

the base they were appointed to look

1124

00:52:10,920 --> 00:52:07,240

into it so one of the big questions

1125

00:52:13,049 --> 00:52:10,930

after Exeter in the aftermath was does

1126
00:52:16,019 --> 00:52:13,059
Pease have a UFO investigative officer

1127
00:52:17,670 --> 00:52:16,029
because they you know kind of skirted

1128
00:52:19,670 --> 00:52:17,680
whether they had an actual one and

1129
00:52:22,109 --> 00:52:19,680
they'd sent out lieutenant Brennan and

1130
00:52:25,529 --> 00:52:22,119
Griffin

1131
00:52:28,410 --> 00:52:25,539
so flash to you know the the peace

1132
00:52:33,509 --> 00:52:28,420
connection while going through Project

1133
00:52:35,460 --> 00:52:33,519
Blue Book documents online I just one

1134
00:52:37,079 --> 00:52:35,470
day stumbled across a document that was

1135
00:52:40,829 --> 00:52:37,089
a communication between Pease and

1136
00:52:42,240 --> 00:52:40,839
Project Blue Book and just looking over

1137
00:52:45,299 --> 00:52:42,250
the document I looked down and I noticed

1138
00:52:49,259 --> 00:52:45,309

that it said who was signed you up full

1139

00:52:51,720 --> 00:52:49,269

investigative officer and you know I'd

1140

00:52:53,490 --> 00:52:51,730

never seen this as far as anything

1141

00:52:55,980 --> 00:52:53,500

pertaining to New Hampshire that sort of

1142

00:53:00,150 --> 00:52:55,990

signature and in the document so you

1143

00:53:03,749 --> 00:53:00,160

know I was intrigued by and so basically

1144

00:53:06,509 --> 00:53:03,759

I did a little research and it turns out

1145

00:53:11,690 --> 00:53:06,519

that this gentleman who was at the time

1146

00:53:14,530 --> 00:53:11,700

he was a major but he retired a colonel

1147

00:53:17,960 --> 00:53:14,540

Colonel Frank James junior

1148

00:53:22,550 --> 00:53:17,970

he was pieces UFO investigative officer

1149

00:53:25,190 --> 00:53:22,560

in 1967 so you know being one of the big

1150

00:53:28,310 --> 00:53:25,200

questions after Exeter did they actually

1151
00:53:30,320 --> 00:53:28,320
have a UFO investigator appease this is

1152
00:53:32,870 --> 00:53:30,330
the first proof that there was one there

1153
00:53:37,760 --> 00:53:32,880
so you know a great find very

1154
00:53:41,360 --> 00:53:37,770
fascinating well now I spoke to someone

1155
00:53:44,060 --> 00:53:41,370
that was at peace for a long time

1156
00:53:47,450 --> 00:53:44,070
I can't remember he was a captain but I

1157
00:53:50,930 --> 00:53:47,460
don't really know if he was when he

1158
00:53:52,340 --> 00:53:50,940
first got there but I actually was brave

1159
00:53:55,790 --> 00:53:52,350
enough to ask him if he'd ever heard

1160
00:53:58,190 --> 00:53:55,800
anything about UFOs at peace and he said

1161
00:54:00,050 --> 00:53:58,200
well not that I can think of I mean he

1162
00:54:03,980 --> 00:54:00,060
sounded like he'd be open to the idea

1163
00:54:06,350 --> 00:54:03,990

but so I'm sure something like that

1164

00:54:08,690 --> 00:54:06,360

isn't just another thing that is a

1165

00:54:12,250 --> 00:54:08,700

need-to-know type of thing if something

1166

00:54:15,370 --> 00:54:12,260

would occur you would think yeah

1167

00:54:20,000 --> 00:54:15,380

definitely and what's interesting is

1168

00:54:21,860 --> 00:54:20,010

about Colonel Jones is that when I

1169

00:54:25,790 --> 00:54:21,870

started looking into him and who he was

1170

00:54:28,370 --> 00:54:25,800

I mean he first off he was at peace with

1171

00:54:30,230 --> 00:54:28,380

the five-o ninth Bomb Group which is the

1172

00:54:32,240 --> 00:54:30,240

most elite Bomb Group that we have they

1173

00:54:34,220 --> 00:54:32,250

there's a Bomb Group that dropped the

1174

00:54:36,860 --> 00:54:34,230

nuclear bombs on Hiroshima and Nagasaki

1175

00:54:40,160 --> 00:54:36,870

so this is you know the elite of the

1176
00:54:42,920 --> 00:54:40,170
elite nuclear bomber squad so he was a

1177
00:54:45,560 --> 00:54:42,930
major and pilot with them at the time so

1178
00:54:48,680 --> 00:54:45,570
that carries a lot of weight and then

1179
00:54:50,180 --> 00:54:48,690
looking into his history as a pilot he

1180
00:54:53,710 --> 00:54:50,190
flew in World War two

1181
00:54:56,480 --> 00:54:53,720
he flew in Vietnam he flew in Korea and

1182
00:54:58,820 --> 00:54:56,490
he in World War two he flew with the

1183
00:55:02,060 --> 00:54:58,830
360th who was bombing over occupied

1184
00:55:04,550 --> 00:55:02,070
Germany so you know not only was this

1185
00:55:06,500 --> 00:55:04,560
gentleman with the 509 a major but he

1186
00:55:09,740 --> 00:55:06,510
was a highly decorated pilot who had

1187
00:55:12,530 --> 00:55:09,750
flown in three wars so you know just the

1188
00:55:16,250 --> 00:55:12,540

stress you know how reputable of a

1189

00:55:18,020 --> 00:55:16,260

gentleman he was so you know that makes

1190

00:55:20,000 --> 00:55:18,030

it even more interesting just you know

1191

00:55:21,830 --> 00:55:20,010

finding out his history and just you

1192

00:55:23,660 --> 00:55:21,840

know he wasn't just some you know

1193

00:55:25,580 --> 00:55:23,670

private that they had in a desk you know

1194

00:55:25,970 --> 00:55:25,590

you may linger and not emailing but

1195

00:55:28,520 --> 00:55:25,980

certainly

1196

00:55:33,940 --> 00:55:28,530

letters to Bluebook he was actually a

1197

00:55:38,450 --> 00:55:33,950

highly decorated pilot Wow interesting

1198

00:55:43,760 --> 00:55:38,460

now it's there when you found this

1199

00:55:44,480 --> 00:55:43,770

did you also find cases that he was

1200

00:55:50,240 --> 00:55:44,490

working on

1201

00:55:52,460 --> 00:55:50,250

besides possibly Exeter well the thing

1202

00:55:54,859 --> 00:55:52,470

is we don't you know we don't know for

1203

00:55:58,700 --> 00:55:54,869

sure that he was working on Exeter all

1204

00:56:02,840 --> 00:55:58,710

we do know is that um in 1967 at that

1205

00:56:04,910 --> 00:56:02,850

time he was you know working as the UFO

1206

00:56:06,410 --> 00:56:04,920

investigative officer unfortunately you

1207

00:56:07,700 --> 00:56:06,420

know and it's still an ongoing thing

1208

00:56:09,230 --> 00:56:07,710

where I'm you know I'm working on

1209

00:56:12,080 --> 00:56:09,240

getting more information I've actually

1210

00:56:13,790 --> 00:56:12,090

luckily been able to get ahold of his

1211

00:56:16,849 --> 00:56:13,800

family so I'm hoping to work with them a

1212

00:56:21,440 --> 00:56:16,859

little bit more yeah to fill in the

1213

00:56:24,500 --> 00:56:21,450

blanks so so we don't know that he was

1214

00:56:28,070 --> 00:56:24,510

necessarily the UFO officer then but we

1215

00:56:35,090 --> 00:56:28,080

do know he was in 1967 so we do know

1216

00:56:37,400 --> 00:56:35,100

that much Wow twisting you know as I

1217

00:56:39,950 --> 00:56:37,410

said earlier it always seemed very

1218

00:56:42,950 --> 00:56:39,960

intriguing as a kid to look across at

1219

00:56:45,200 --> 00:56:42,960

peace do you know what they did they

1220

00:56:49,849 --> 00:56:45,210

ever do any aircraft testing or did you

1221

00:56:53,390 --> 00:56:49,859

ever look into any of that you know I

1222

00:56:56,060 --> 00:56:53,400

don't anything on testing you know I

1223

00:56:57,859 --> 00:56:56,070

just know that you know throughout the

1224

00:57:00,230 --> 00:56:57,869

sixties and the seventies in the

1225

00:57:02,690 --> 00:57:00,240

eighties you know it was a very there's

1226
00:57:05,810 --> 00:57:02,700
a soccer nuclear base was very active it

1227
00:57:08,150 --> 00:57:05,820
was used in certain capacities during

1228
00:57:11,840 --> 00:57:08,160
certain conflicts and I believe even the

1229
00:57:14,900 --> 00:57:11,850
Iraq war so I don't know that I've ever

1230
00:57:18,560 --> 00:57:14,910
heard any of actual aircraft testing

1231
00:57:19,790 --> 00:57:18,570
there it's been more refueling

1232
00:57:23,540 --> 00:57:19,800
operations

1233
00:57:29,180 --> 00:57:23,550
nature

1234
00:57:31,490 --> 00:57:29,190
yeah and it's a 10,000 foot runway it's

1235
00:57:34,160 --> 00:57:31,500
one of the places designated for the

1236
00:57:37,340 --> 00:57:34,170
back when the shuttle was flying one of

1237
00:57:39,220 --> 00:57:37,350
the places it could land was available

1238
00:57:41,420 --> 00:57:39,230

to land

1239

00:57:44,060 --> 00:57:41,430

and I don't think there were a lot of

1240

00:57:47,900 --> 00:57:44,070

the airbases I had a strip that long I'm

1241

00:57:50,390 --> 00:57:47,910

not sure yeah I don't think so they're

1242

00:57:53,770 --> 00:57:50,400

actually you know they're actually

1243

00:57:56,540 --> 00:57:53,780

reviving the the base part a bit there

1244

00:58:00,590 --> 00:57:56,550

they're going to be receiving some new

1245

00:58:03,380 --> 00:58:00,600

Boeing refueling planes military feeling

1246

00:58:08,330 --> 00:58:03,390

plans and they actually just had to I

1247

00:58:10,490 --> 00:58:08,340

believe they had to do some refurb

1248

00:58:12,230 --> 00:58:10,500

actually be able to fit these new Boeing

1249

00:58:14,930 --> 00:58:12,240

Jets that they're getting into the

1250

00:58:16,310 --> 00:58:14,940

hangar so it seems like you know piece

1251
00:58:18,860 --> 00:58:16,320
is seeing a little bit of a

1252
00:58:19,850 --> 00:58:18,870
revitalization as far as being a base so

1253
00:58:22,760 --> 00:58:19,860
that's pretty interesting

1254
00:58:25,730 --> 00:58:22,770
oh wow didn't know that actually I saw

1255
00:58:28,670 --> 00:58:25,740
this huge jet last time I went through

1256
00:58:30,650 --> 00:58:28,680
the area I don't know what it was it was

1257
00:58:33,290 --> 00:58:30,660
like a big cargo it looked like a cargo

1258
00:58:36,320 --> 00:58:33,300
jet or something I've never seen one in

1259
00:58:39,710 --> 00:58:36,330
person only like on you know TV or

1260
00:58:42,800 --> 00:58:39,720
something like that so and I was it was

1261
00:58:46,520 --> 00:58:42,810
all green you know so definitely

1262
00:58:49,940 --> 00:58:46,530
military and I think that clothes back

1263
00:58:57,110 --> 00:58:49,950

in the 80s early eighties something like

1264

00:58:59,630 --> 00:58:57,120

that I believe actually maybe the 90s

1265

00:59:03,320 --> 00:58:59,640

like was 99 you want it kind of teeter

1266

00:59:05,060 --> 00:59:03,330

totters back and forth initially they

1267

00:59:07,730 --> 00:59:05,070

were gonna close it completely and then

1268

00:59:09,740 --> 00:59:07,740

I think what they did was as they move

1269

00:59:12,970 --> 00:59:09,750

some of the bomb groups out of there and

1270

00:59:16,190 --> 00:59:12,980

kind of brought it to limited capacity

1271

00:59:19,300 --> 00:59:16,200

so yeah there's a whole history with

1272

00:59:26,120 --> 00:59:19,310

that as well but yeah believe it was

1273

00:59:28,940 --> 00:59:26,130

either early eighties well let's let's

1274

00:59:31,160 --> 00:59:28,950

talk about some other intriguing New

1275

00:59:35,750 --> 00:59:31,170

England cases that you've looked into

1276

00:59:38,060 --> 00:59:35,760

and you know I think of I can't really

1277

00:59:39,380 --> 00:59:38,070

think of any right now other than you

1278

00:59:41,750 --> 00:59:39,390

know the ones that we were talking about

1279

00:59:43,460 --> 00:59:41,760

earlier Exeter incident

1280

00:59:46,730 --> 00:59:43,470

so there's some other ones that you've

1281

00:59:48,650 --> 00:59:46,740

really looked into yeah there's this

1282

00:59:51,620 --> 00:59:48,660

there's a few we can talk I mean there's

1283

00:59:52,250 --> 00:59:51,630

plenty of cases because basically would

1284

00:59:53,570 --> 00:59:52,260

I you know

1285

00:59:57,980 --> 00:59:53,580

what I do with the little cheerful

1286

01:00:00,890 --> 00:59:57,990

research is you know I go and research

1287

01:00:03,890 --> 01:00:00,900

sightings in cases and I go to archives

1288

01:00:07,100 --> 01:00:03,900

and use microphones and basically what

1289

01:00:11,450 --> 01:00:07,110

I'm trying to do is develop a history

1290

01:00:14,270 --> 01:00:11,460

and a timeline of credible UFO sightings

1291

01:00:17,690 --> 01:00:14,280

in New Hampshire from 1947 until present

1292

01:00:21,500 --> 01:00:17,700

and so there's been a lot of UFO

1293

01:00:23,300 --> 01:00:21,510

sightings in New Hampshire just sheer

1294

01:00:25,190 --> 01:00:23,310

volume but some of the other ones I can

1295

01:00:29,690 --> 01:00:25,200

talk about probably the next one that

1296

01:00:32,510 --> 01:00:29,700

comes to mind after Exeter which I think

1297

01:00:33,320 --> 01:00:32,520

is an amazing case is the Zeller

1298

01:00:41,000 --> 01:00:33,330

incident

1299

01:00:42,380 --> 01:00:41,010

this is October 15 to 1984 and it

1300

01:00:46,400 --> 01:00:42,390

actually took place in Keene New

1301
01:00:47,930 --> 01:00:46,410
Hampshire and officer Zeller was out the

1302
01:00:50,930 --> 01:00:47,940
police station and he received a call

1303
01:00:54,950 --> 01:00:50,940
saying there's something hovering over

1304
01:00:56,900 --> 01:00:54,960
her Keene and so he's pretty skeptical

1305
01:01:00,050 --> 01:00:56,910
about it but he had to go check it out

1306
01:01:02,150 --> 01:01:00,060
so he jumped in his cruiser drove down

1307
01:01:05,630 --> 01:01:02,160
you know through the city and then took

1308
01:01:08,420 --> 01:01:05,640
a left onto the Route 12 which it's kind

1309
01:01:11,150 --> 01:01:08,430
of an interstate road highway type Road

1310
01:01:13,220 --> 01:01:11,160
and as soon as he turned on the road he

1311
01:01:14,960 --> 01:01:13,230
saw the car coming towards him veer off

1312
01:01:17,290 --> 01:01:14,970
the road and the people jump out and

1313
01:01:20,780 --> 01:01:17,300

they started pointing at the sky so

1314

01:01:23,990 --> 01:01:20,790

officer Zeller pulled over and there was

1315

01:01:28,490 --> 01:01:24,000

this object hovering just up in the sky

1316

01:01:31,790 --> 01:01:28,500

about 500 to 700 feet up making no sound

1317

01:01:36,350 --> 01:01:31,800

and it was green red and it had like

1318

01:01:38,030 --> 01:01:36,360

white pulsating lights so officer Zeller

1319

01:01:42,290 --> 01:01:38,040

and the people just kind of stood there

1320

01:01:44,660 --> 01:01:42,300

and observed it and a crowd of about 30

1321

01:01:46,820 --> 01:01:44,670

people gathered because people were

1322

01:01:48,110 --> 01:01:46,830

driving this is a pretty busy road so

1323

01:01:49,940 --> 01:01:48,120

people were driving by in both

1324

01:01:51,680 --> 01:01:49,950

directions and you know obviously saw

1325

01:01:53,210 --> 01:01:51,690

the officers cruiser and the people

1326

01:01:55,040 --> 01:01:53,220

standing and pointing or looking and

1327

01:01:56,870 --> 01:01:55,050

it's a pretty wide open area there's not

1328

01:01:59,290 --> 01:01:56,880

a lot of trees there so it's actually a

1329

01:02:02,600 --> 01:01:59,300

great place to be observing something

1330

01:02:05,930 --> 01:02:02,610

because it is wide open whereas mostly

1331

01:02:08,359 --> 01:02:05,940

I'm sure there's a lot of trees so

1332

01:02:10,550 --> 01:02:08,369

at any rate they were observing the

1333

01:02:14,720 --> 01:02:10,560

object and finally the officer decided

1334

01:02:17,540 --> 01:02:14,730

he was gonna point his his spotlight on

1335

01:02:21,440 --> 01:02:17,550

the object as soon as he pointed the

1336

01:02:25,870 --> 01:02:21,450

spotlight on the object it began to move

1337

01:02:28,970 --> 01:02:25,880

towards of the cruiser and also descend

1338

01:02:31,010 --> 01:02:28,980

so at that point the people that were

1339

01:02:32,990 --> 01:02:31,020

watching got a little bit alarmed and

1340

01:02:34,790 --> 01:02:33,000

apparently started running or running

1341

01:02:37,609 --> 01:02:34,800

you know grab your shotgun and you know

1342

01:02:39,170 --> 01:02:37,619

kind of freaking out and the officer to

1343

01:02:41,240 --> 01:02:39,180

Zeller was like you know no I'm just

1344

01:02:43,490 --> 01:02:41,250

gonna wait this out and he stood there

1345

01:02:45,859 --> 01:02:43,500

as this thing floated over his cruiser

1346

01:02:48,800 --> 01:02:45,869

and you know he shined the light on the

1347

01:02:51,020 --> 01:02:48,810

bottom of it tried to figure out what it

1348

01:02:52,790 --> 01:02:51,030

was it was a very odd object from his

1349

01:02:56,180 --> 01:02:52,800

description it was cream-colored with

1350

01:02:58,520 --> 01:02:56,190

blunt ends and as it went over the

1351

01:03:00,200 --> 01:02:58,530

cruiser had made a two-tone hum whereas

1352

01:03:01,819 --> 01:03:00,210

you know prior they hadn't heard any

1353

01:03:04,540 --> 01:03:01,829

noise coming out of it and it just

1354

01:03:08,089 --> 01:03:04,550

floated over the cruiser floated by them

1355

01:03:12,380 --> 01:03:08,099

went over by the Ramada Inn and it was

1356

01:03:14,510 --> 01:03:12,390

gone Wow amazing and you know

1357

01:03:16,400 --> 01:03:14,520

yeah and it's an amazing case too

1358

01:03:20,170 --> 01:03:16,410

because you know with a lot of UFO

1359

01:03:23,359 --> 01:03:20,180

sightings there's an there's not often

1360

01:03:25,430 --> 01:03:23,369

news coverage as far as newspaper

1361

01:03:27,740 --> 01:03:25,440

articles or even the news coming down

1362

01:03:29,180 --> 01:03:27,750

and talking to witnesses and what's

1363

01:03:30,980 --> 01:03:29,190

great about this case is there was a

1364

01:03:34,010 --> 01:03:30,990

number of good articles written in the

1365

01:03:36,290 --> 01:03:34,020

paper about it you know interviewing

1366

01:03:38,630 --> 01:03:36,300

officer Zeller and you know he always

1367

01:03:40,670 --> 01:03:38,640

was very matter-of-fact you know I'm not

1368

01:03:43,609 --> 01:03:40,680

saying it was a spaceship or a UFO was

1369

01:03:45,710 --> 01:03:43,619

just a flying object that I have no idea

1370

01:03:48,620 --> 01:03:45,720

what it was and you know he always stood

1371

01:03:52,150 --> 01:03:48,630

by you know that what he saw it wasn't

1372

01:03:55,790 --> 01:03:52,160

it wasn't an airplane or anything else

1373

01:03:58,550 --> 01:03:55,800

so and he was also interviewed by The

1374

01:04:00,890 --> 01:03:58,560

Evening News right at the spot where of

1375

01:04:02,900 --> 01:04:00,900

the sighting and gave a detailed account

1376

01:04:05,660 --> 01:04:02,910

so I was able to get that you know for

1377

01:04:07,609 --> 01:04:05,670

my archives as well so you know it's a

1378

01:04:10,700 --> 01:04:07,619

great case in the sense that it was a

1379

01:04:13,190 --> 01:04:10,710

police officer multiple witnesses

1380

01:04:16,789 --> 01:04:13,200

you know a wide-open area a very

1381

01:04:20,920 --> 01:04:16,799

credible officer and there's just a very

1382

01:04:27,680 --> 01:04:20,930

intriguing case what year was this again

1383

01:04:29,749 --> 01:04:27,690

October 15 1984 1984 Wow yeah that is I

1384

01:04:31,759 --> 01:04:29,759

always love it when there's police

1385

01:04:35,799 --> 01:04:31,769

officers and I remember having a

1386

01:04:37,849 --> 01:04:35,809

conversation with chef Seth Shostak and

1387

01:04:40,160 --> 01:04:37,859

mentioned to him well what about you

1388

01:04:42,079 --> 01:04:40,170

know astronauts police officers you know

1389

01:04:44,180 --> 01:04:42,089

witnesses like that and he said well

1390

01:04:45,799 --> 01:04:44,190

they're no more a credible witness and

1391

01:04:47,900 --> 01:04:45,809

anyone else what makes them any better

1392

01:04:51,410 --> 01:04:47,910

through they have training you know

1393

01:04:55,249 --> 01:04:51,420

stuff like that and actually yes most

1394

01:04:57,709 --> 01:04:55,259

astronauts do have training of aircraft

1395

01:05:02,650 --> 01:04:57,719

anyway because they usually I mean there

1396

01:05:05,779 --> 01:05:02,660

are all pilots to begin with I believe

1397

01:05:09,650 --> 01:05:05,789

yeah you know I've heard a few skeptics

1398

01:05:11,749 --> 01:05:09,660

say that and you know it always it kind

1399

01:05:13,999 --> 01:05:11,759

of makes me laugh because you know a

1400

01:05:16,309 --> 01:05:14,009

police officer at a job is to observe

1401

01:05:18,529 --> 01:05:16,319

and report to a certain degree so and

1402

01:05:20,390 --> 01:05:18,539

you know and a police officer whether

1403

01:05:22,190 --> 01:05:20,400

it's a crime or any incident they have

1404

01:05:24,469 --> 01:05:22,200

to write a detailed report about what

1405

01:05:26,900 --> 01:05:24,479

happens so you know I think the idea

1406

01:05:29,329 --> 01:05:26,910

that you know police officers or even an

1407

01:05:32,029 --> 01:05:29,339

astronaut who you know is a great enough

1408

01:05:34,579 --> 01:05:32,039

pilot that they're sent into space I

1409

01:05:36,170 --> 01:05:34,589

think you know the idea that someone of

1410

01:05:41,589 --> 01:05:36,180

their intelligence and training and

1411

01:05:46,579 --> 01:05:44,779

yeah now when you and you and I have

1412

01:05:50,989 --> 01:05:46,589

chatted on the phone a number of times

1413

01:05:54,410 --> 01:05:50,999

and I've heard you say you you consider

1414

01:05:57,950 --> 01:05:54,420

yourself a serious researcher and can

1415

01:05:59,630 --> 01:05:57,960

you kind of explain what you do it seems

1416

01:06:02,359 --> 01:05:59,640

like you just were mentioning earlier

1417

01:06:04,459 --> 01:06:02,369

you go way back and you try to get all

1418

01:06:06,940 --> 01:06:04,469

the information you can can you can you

1419

01:06:11,059 --> 01:06:06,950

kind of explain how you do your research

1420

01:06:12,979 --> 01:06:11,069

sure you know when I specified that I

1421

01:06:16,759 --> 01:06:12,989

guess was you know what I was commenting

1422

01:06:19,940 --> 01:06:16,769

on is you know with in ufology or UFO

1423

01:06:21,499 --> 01:06:19,950

research right now you know there's a

1424

01:06:22,960 --> 01:06:21,509

lot of people that claim to be

1425

01:06:25,930 --> 01:06:22,970

researchers

1426
01:06:27,700 --> 01:06:25,940
or you know these sort of thing and you

1427
01:06:29,350 --> 01:06:27,710
know unfortunately right now there's a

1428
01:06:31,420 --> 01:06:29,360
lot of people out there that you know

1429
01:06:33,250 --> 01:06:31,430
they're really not doing much research

1430
01:06:34,810 --> 01:06:33,260
you know they're not going to archives

1431
01:06:39,970 --> 01:06:34,820
they're not sitting in front of a

1432
01:06:43,690 --> 01:06:39,980
microfilm reader they're not specifying

1433
01:06:45,940 --> 01:06:43,700
on this particular aspect of UFOs which

1434
01:06:47,650 --> 01:06:45,950
early on that's you know one of the

1435
01:06:51,760 --> 01:06:47,660
things that I decided I was going to do

1436
01:06:53,140 --> 01:06:51,770
was focus on New Hampshire specifically

1437
01:06:56,800 --> 01:06:53,150
you know also in New England because

1438
01:06:59,710 --> 01:06:56,810

it's my periphery but so that was the

1439

01:07:01,390 --> 01:06:59,720

first thing that I did was have a focus

1440

01:07:04,720 --> 01:07:01,400

which i think is a good thing for people

1441

01:07:06,640 --> 01:07:04,730

to do in UFO research because there's so

1442

01:07:08,770 --> 01:07:06,650

many different aspects of it and there's

1443

01:07:10,480 --> 01:07:08,780

so much stuff going on I think sometimes

1444

01:07:13,900 --> 01:07:10,490

if you can just take a little chunk and

1445

01:07:15,700 --> 01:07:13,910

focus on it it's a good thing for people

1446

01:07:19,240 --> 01:07:15,710

to do like they're staying Gordon in

1447

01:07:21,870 --> 01:07:19,250

Pennsylvania he you know has for decades

1448

01:07:24,580 --> 01:07:21,880

has been kind of the guy down there

1449

01:07:27,190 --> 01:07:24,590

doing awful investigation and research

1450

01:07:30,420 --> 01:07:27,200

there's also Ted Phillips who

1451

01:07:33,520 --> 01:07:30,430

specializes in landing trees cases so

1452

01:07:35,230 --> 01:07:33,530

early on I decided that you know I

1453

01:07:37,450 --> 01:07:35,240

wanted to have a focus and that's why I

1454

01:07:38,640 --> 01:07:37,460

decided to focus on one state New

1455

01:07:43,570 --> 01:07:38,650

Hampshire

1456

01:07:47,020 --> 01:07:43,580

and so what I as far as explaining how I

1457

01:07:51,340 --> 01:07:47,030

do my research I use a number of

1458

01:07:55,150 --> 01:07:51,350

credible sources to find UFO sightings

1459

01:07:58,030 --> 01:07:55,160

and I document those and then I search

1460

01:08:00,580 --> 01:07:58,040

for other sources on those same

1461

01:08:05,080 --> 01:08:00,590

sightings whether it be newspaper

1462

01:08:08,800 --> 01:08:05,090

articles TV radio credible internet

1463

01:08:12,370 --> 01:08:08,810

sources military or airforce documents

1464

01:08:13,990 --> 01:08:12,380

and that's basically what I do and

1465

01:08:17,530 --> 01:08:14,000

sometimes it involves interviewing

1466

01:08:20,740 --> 01:08:17,540

witnesses and then what I do is

1467

01:08:24,250 --> 01:08:20,750

accumulate that information and have

1468

01:08:26,890 --> 01:08:24,260

have it stored for people if they need

1469

01:08:29,320 --> 01:08:26,900

information they can contact uh-huh

1470

01:08:31,210 --> 01:08:29,330

it'll be on your a lot of the

1471

01:08:35,590 --> 01:08:31,220

informations on your blog or most of it

1472

01:08:36,870 --> 01:08:35,600

is right um no not at the time on my

1473

01:08:38,610 --> 01:08:36,880

blog right now I

1474

01:08:43,410 --> 01:08:38,620

research articles that I've written over

1475

01:08:45,180 --> 01:08:43,420

the last five years but actually taking

1476

01:08:46,649 --> 01:08:45,190

all of the data that I'm talking about

1477

01:08:48,780 --> 01:08:46,659

now like all of the hundreds of

1478

01:08:51,419 --> 01:08:48,790

newspaper articles I have in different

1479

01:08:54,329 --> 01:08:51,429

things eventually I am going to put all

1480

01:08:56,579 --> 01:08:54,339

that on a website but that is not up at

1481

01:08:59,669 --> 01:08:56,589

this point at this point I put out

1482

01:09:02,160 --> 01:08:59,679

research articles and I'm also available

1483

01:09:05,459 --> 01:09:02,170

if a researcher has a question about a

1484

01:09:07,800 --> 01:09:05,469

particular case in the answer they can

1485

01:09:11,450 --> 01:09:07,810

cons that mean you know I'll access that

1486

01:09:15,149 --> 01:09:11,460

information to them uh-huh

1487

01:09:17,550 --> 01:09:15,159

do you find your source of information

1488

01:09:26,360 --> 01:09:17,560

really difficult to access when it comes

1489

01:09:32,220 --> 01:09:28,950

luckily I haven't been in too many

1490

01:09:34,740 --> 01:09:32,230

positions where you know I've been in

1491

01:09:36,780 --> 01:09:34,750

position where MUFON was you know the

1492

01:09:38,999 --> 01:09:36,790

only person that had something and I had

1493

01:09:43,140 --> 01:09:39,009

to ask but you know in my experience

1494

01:09:46,919 --> 01:09:43,150

just kind of watching doof on and just

1495

01:09:49,050 --> 01:09:46,929

you know it seems like there's a bit of

1496

01:09:52,110 --> 01:09:49,060

a you know there's a bit of a conflict

1497

01:09:54,240 --> 01:09:52,120

between their mission statement and what

1498

01:09:57,240 --> 01:09:54,250

actually happens and and what I mean by

1499

01:09:59,820 --> 01:09:57,250

that is paraphrasing but you know in

1500

01:10:01,590 --> 01:09:59,830

their mission seem and it says something

1501
01:10:04,770 --> 01:10:01,600
to the effect of research gather

1502
01:10:07,169 --> 01:10:04,780
information on UFOs to give to

1503
01:10:09,419 --> 01:10:07,179
researchers worldwide and it's something

1504
01:10:11,760 --> 01:10:09,429
to that effect and you know over the

1505
01:10:13,649 --> 01:10:11,770
past you know five ten years many

1506
01:10:16,229 --> 01:10:13,659
researchers have talked about trying to

1507
01:10:19,560 --> 01:10:16,239
request files from MUFON on particular

1508
01:10:22,350 --> 01:10:19,570
cases for their research and they've hit

1509
01:10:24,270 --> 01:10:22,360
brick walls and you know there's all

1510
01:10:27,360 --> 01:10:24,280
these kind of a different reason given

1511
01:10:29,010 --> 01:10:27,370
for why you know they won't hand over

1512
01:10:31,620 --> 01:10:29,020
the files whether it be they're not

1513
01:10:34,169 --> 01:10:31,630

scanned there's confidentiality reasons

1514

01:10:37,439 --> 01:10:34,179

as there's been different reasons that

1515

01:10:39,570 --> 01:10:37,449

I've heard so I've never had to too much

1516

01:10:43,140 --> 01:10:39,580

issue because I've been lucky enough in

1517

01:10:44,820 --> 01:10:43,150

the cases that I've worked on I've been

1518

01:10:48,270 --> 01:10:44,830

able to get the information I need

1519

01:10:50,729 --> 01:10:48,280

without having to really go to them but

1520

01:10:52,470 --> 01:10:50,739

you know I just think that a lot of

1521

01:10:54,330 --> 01:10:52,480

people seem to be having trouble getting

1522

01:10:56,880 --> 01:10:54,340

you know old reports or things for their

1523

01:11:00,510 --> 01:10:56,890

research and so you know that's really

1524

01:11:03,330 --> 01:11:00,520

all I can comment on it yeah sure I

1525

01:11:06,540 --> 01:11:03,340

understand you know there's this

1526

01:11:08,459 --> 01:11:06,550

controversy a lot of times that you know

1527

01:11:11,910 --> 01:11:08,469

a lot of people have brought up on this

1528

01:11:14,090 --> 01:11:11,920

show as far as being able to access

1529

01:11:16,770 --> 01:11:14,100

files and not being able to get to

1530

01:11:18,240 --> 01:11:16,780

people unless you're on the inside that

1531

01:11:18,750 --> 01:11:18,250

part of the star team or something like

1532

01:11:21,810 --> 01:11:18,760

that

1533

01:11:26,420 --> 01:11:21,820

I'm not able to access information which

1534

01:11:28,950 --> 01:11:26,430

I I understand as far as keeping the

1535

01:11:31,170 --> 01:11:28,960

witnesses anonymous I truly do

1536

01:11:35,490 --> 01:11:31,180

understand that because it gives them a

1537

01:11:38,870 --> 01:11:35,500

safe haven to report but also the one

1538

01:11:43,500 --> 01:11:38,880

thing that say Chris Lambright mentioned

1539

01:11:47,060 --> 01:11:43,510

was that he wanted a case he was

1540

01:11:49,800 --> 01:11:47,070

investigating he wanted them to give the

1541

01:11:52,080 --> 01:11:49,810

person that made the report his

1542

01:11:57,479 --> 01:11:52,090

information if they wanted to contact

1543

01:11:59,700 --> 01:11:57,489

him and they won't do that so yeah it's

1544

01:12:04,229 --> 01:11:59,710

kind of a gray area but I some of it I

1545

01:12:07,080 --> 01:12:04,239

understand yeah because obviously

1546

01:12:09,060 --> 01:12:07,090

convinced confidentiality is a concern

1547

01:12:10,860 --> 01:12:09,070

you know if someone gave them a report

1548

01:12:11,490 --> 01:12:10,870

and didn't you know want it to be

1549

01:12:14,250 --> 01:12:11,500

confidential

1550

01:12:17,550 --> 01:12:14,260

I think move on obviously has to honor

1551

01:12:19,229 --> 01:12:17,560

that but with a lot of you know the like

1552

01:12:21,300 --> 01:12:19,239

I guess from my point view like a lot of

1553

01:12:23,910 --> 01:12:21,310

the cases if I were to contact MUFON

1554

01:12:30,780 --> 01:12:23,920

about these would be cases from like 60

1555

01:12:32,340 --> 01:12:30,790

you know 70s 80s 90s and so in a lot of

1556

01:12:34,740 --> 01:12:32,350

cases I mean a lot of people have passed

1557

01:12:40,700 --> 01:12:34,750

away but on top of that they also can

1558

01:12:45,780 --> 01:12:43,860

and you know for the researcher and then

1559

01:12:47,910 --> 01:12:45,790

so you know there's ways around that so

1560

01:12:49,410 --> 01:12:47,920

it's tough to really tell I mean the

1561

01:12:51,240 --> 01:12:49,420

best part you know I know you said you

1562

01:12:53,070 --> 01:12:51,250

had Jane House in on and you may have

1563

01:12:55,260 --> 01:12:53,080

asked him that I mean the best people to

1564

01:12:57,570 --> 01:12:55,270

really ask is move on you know because I

1565

01:13:00,180 --> 01:12:57,580

I really don't know I mean I don't know

1566

01:13:01,000 --> 01:13:00,190

whether they're if it's confidentiality

1567

01:13:03,609 --> 01:13:01,010

or

1568

01:13:05,259 --> 01:13:03,619

a proprietary thing where you know they

1569

01:13:06,879 --> 01:13:05,269

want to just kind of keep the goodies

1570

01:13:10,180 --> 01:13:06,889

for themselves and you I really don't

1571

01:13:12,580 --> 01:13:10,190

know you know I'm so you know it's

1572

01:13:15,580 --> 01:13:12,590

difficult to kind of figure that out why

1573

01:13:19,870 --> 01:13:15,590

they're keeping everything so close yeah

1574

01:13:23,229 --> 01:13:19,880

yeah there's there's also conspiracies

1575

01:13:25,629 --> 01:13:23,239

you hear I'm sure you hear that a lot

1576

01:13:27,370 --> 01:13:25,639

CIA infiltration or they want to hold

1577

01:13:30,970 --> 01:13:27,380

them you know for themselves you hear

1578

01:13:33,160 --> 01:13:30,980

all that stuff but I don't personally

1579

01:13:36,990 --> 01:13:33,170

think that that's the case as far as

1580

01:13:42,640 --> 01:13:37,000

right now you know possibly in the past

1581

01:13:45,040 --> 01:13:42,650

there's some actually we had Stan I'm

1582

01:13:46,390 --> 01:13:45,050

sorry race Stanford mentioned some

1583

01:13:49,750 --> 01:13:46,400

first-hand account he actually

1584

01:13:53,379 --> 01:13:49,760

confronted Jan Tarzan when Tarzan was on

1585

01:13:56,169 --> 01:13:53,389

about a situation he knew about but I

1586

01:13:59,020 --> 01:13:56,179

don't know now what about Peter

1587

01:14:01,770 --> 01:13:59,030

Davenport's site does he does he make

1588

01:14:07,660 --> 01:14:01,780

his things readily available do you know

1589

01:14:12,100 --> 01:14:07,670

yeah Peter Davenport he you know takes

1590

01:14:13,600 --> 01:14:12,110

calls about UFOs planes and I think I

1591

01:14:17,020 --> 01:14:13,610

haven't been on there in a little bit

1592

01:14:19,060 --> 01:14:17,030

but typically the last time was on there

1593

01:14:21,399 --> 01:14:19,070

he'll kind of I don't know that he's

1594

01:14:24,009 --> 01:14:21,409

posting things like up-to-date like

1595

01:14:26,830 --> 01:14:24,019

daily but I believe maybe once every few

1596

01:14:28,240 --> 01:14:26,840

weeks or so he will put up the sightings

1597

01:14:31,540 --> 01:14:28,250

that he's had for all the different

1598

01:14:33,189 --> 01:14:31,550

states and so you know you can go there

1599

01:14:36,160 --> 01:14:33,199

and just look specifically under New

1600

01:14:38,379 --> 01:14:36,170

Hampshire wherever you want so I don't

1601
01:14:40,810 --> 01:14:38,389
know that it's added real-time like day

1602
01:14:43,000 --> 01:14:40,820
to day but I believe he updates it you

1603
01:14:46,959 --> 01:14:43,010
know every few weeks or a month I

1604
01:14:49,390 --> 01:14:46,969
believe yeah I heard him say recently

1605
01:14:51,450 --> 01:14:49,400
that he's really frustrated I'm now

1606
01:14:54,430 --> 01:14:51,460
here's this guy taking all these calls

1607
01:14:58,319 --> 01:14:54,440
doing all this work mostly on his own I

1608
01:15:03,040 --> 01:14:58,329
mean real dedication and he's getting

1609
01:15:05,049 --> 01:15:03,050
prank calls constantly and I think that

1610
01:15:06,970 --> 01:15:05,059
it's probably I mean it sounds like it

1611
01:15:09,609 --> 01:15:06,980
would be only one person doing there may

1612
01:15:12,399 --> 01:15:09,619
be a few people doing it but he said

1613
01:15:14,870 --> 01:15:12,409

that he had over 45 prank calls in one

1614

01:15:16,990 --> 01:15:14,880

afternoon which is really wearing

1615

01:15:19,459 --> 01:15:17,000

so I was trying to figure out a way to

1616

01:15:22,510 --> 01:15:19,469

change the hotline so he doesn't have to

1617

01:15:26,990 --> 01:15:22,520

deal with that and hopefully he won't

1618

01:15:29,390 --> 01:15:27,000

shut it down totally yeah no I mean

1619

01:15:31,760 --> 01:15:29,400

that's unfortunate I have heard him on

1620

01:15:33,350 --> 01:15:31,770

shows you know saying that he has to you

1621

01:15:38,090 --> 01:15:33,360

know deal with that and that's

1622

01:15:40,520 --> 01:15:38,100

unfortunate because you know besides

1623

01:15:42,770 --> 01:15:40,530

MUFON who takes reports national UFO

1624

01:15:45,500 --> 01:15:42,780

Reporting Center is the only other place

1625

01:15:48,830 --> 01:15:45,510

online that really fields and posts

1626

01:15:51,919 --> 01:15:48,840

about UFO sightings so it's unfortunate

1627

01:15:55,220 --> 01:15:51,929

to hear that these people are given in

1628

01:15:57,680 --> 01:15:55,230

trouble yeah I wrote them the other day

1629

01:16:00,800 --> 01:15:57,690

because there's a way to block prank

1630

01:16:02,240 --> 01:16:00,810

calls from playing prank call services

1631

01:16:05,840 --> 01:16:02,250

they actually have services can you

1632

01:16:07,580 --> 01:16:05,850

believe that Wow it's like I think

1633

01:16:10,660 --> 01:16:07,590

there's like 12 of them and you can

1634

01:16:13,550 --> 01:16:10,670

block your number from the services and

1635

01:16:15,470 --> 01:16:13,560

but I don't know why anyone would even

1636

01:16:20,629 --> 01:16:15,480

create a service for prank calls

1637

01:16:24,530 --> 01:16:20,639

that's silly anyway we're on topic let's

1638

01:16:29,629 --> 01:16:24,540

that last the UFO case you mentioned was

1639

01:16:31,520 --> 01:16:29,639

really interesting and I had someone

1640

01:16:34,070 --> 01:16:31,530

mentioned a case to me and perhaps

1641

01:16:36,770 --> 01:16:34,080

you're aware of it it was either in 76

1642

01:16:38,780 --> 01:16:36,780

or 79 it was in New England in

1643

01:16:42,290 --> 01:16:38,790

Massachusetts and it was a triangle

1644

01:16:44,479 --> 01:16:42,300

sighting and it hit the papers this girl

1645

01:16:48,229 --> 01:16:44,489

explained it to me that someone I know

1646

01:16:51,110 --> 01:16:48,239

outside of the UFO topic she actually

1647

01:16:55,399 --> 01:16:51,120

the secretary had an auction gallery I

1648

01:16:58,209 --> 01:16:55,409

was at and she said that she was with

1649

01:17:02,930 --> 01:16:58,219

her aunt I think in someone else and

1650

01:17:04,970 --> 01:17:02,940

they saw this triangle in the road over

1651
01:17:06,530 --> 01:17:04,980
them and the aunt got out of the car and

1652
01:17:10,370 --> 01:17:06,540
she's like yelling get back in get back

1653
01:17:12,830 --> 01:17:10,380
in and just stopped over their car and

1654
01:17:14,990 --> 01:17:12,840
basically when they moved it moved and

1655
01:17:17,209 --> 01:17:15,000
then it shot off she said it shot off

1656
01:17:20,890 --> 01:17:17,219
really fast she couldn't remember if it

1657
01:17:25,580 --> 01:17:20,900
was 76 or and you know exactly in that

1658
01:17:27,169 --> 01:17:25,590
time but she did say that it was in the

1659
01:17:28,430 --> 01:17:27,179
newspaper the next day because other

1660
01:17:30,110 --> 01:17:28,440
people saw it

1661
01:17:34,700 --> 01:17:30,120
you familiar with the triangle from the

1662
01:17:37,010 --> 01:17:34,710
70s I am now I you know I can't be sure

1663
01:17:42,439 --> 01:17:37,020

with that little amount of info but

1664

01:17:46,520 --> 01:17:42,449

there was one from 79 that involves a

1665

01:17:49,459 --> 01:17:46,530

triangular shaped object and so there

1666

01:17:55,360 --> 01:17:49,469

very well may be that doc case I believe

1667

01:17:58,610 --> 01:17:55,370

I believe it was May of 79 April maybe

1668

01:17:59,870 --> 01:17:58,620

so yeah there was that that time period

1669

01:18:02,450 --> 01:17:59,880

if it's the same time there it's

1670

01:18:04,250 --> 01:18:02,460

interesting because the case I'm

1671

01:18:08,990 --> 01:18:04,260

thinking of there was actually two

1672

01:18:14,110 --> 01:18:09,000

Boston radio personalities who were

1673

01:18:17,209 --> 01:18:14,120

driving and saw this large object and

1674

01:18:18,680 --> 01:18:17,219

some people described this triangle some

1675

01:18:20,959 --> 01:18:18,690

of the reports are almost like a

1676

01:18:22,850 --> 01:18:20,969

baseball diamond almost like home plate

1677

01:18:26,150 --> 01:18:22,860

where it's triangle yes one and then

1678

01:18:29,300 --> 01:18:26,160

squared in the back and so these two

1679

01:18:30,680 --> 01:18:29,310

guys radio guys saw this thing and

1680

01:18:33,590 --> 01:18:30,690

they're just like you know what what is

1681

01:18:35,840 --> 01:18:33,600

that and so they didn't say anything and

1682

01:18:38,930 --> 01:18:35,850

then they started hearing reports the

1683

01:18:40,280 --> 01:18:38,940

next day so then they decided hey we

1684

01:18:44,090 --> 01:18:40,290

should probably come forward and say

1685

01:18:46,610 --> 01:18:44,100

where we saw and so that was actually

1686

01:18:49,040 --> 01:18:46,620

there's actually a news piece on YouTube

1687

01:18:50,810 --> 01:18:49,050

about that there's a video about that I

1688

01:18:52,970 --> 01:18:50,820

could send over if you want to link to

1689

01:18:55,010 --> 01:18:52,980

where they're interviewed about it and

1690

01:18:58,670 --> 01:18:55,020

they were actually part of a documentary

1691

01:19:01,729 --> 01:18:58,680

that was done and now I'm probably going

1692

01:19:03,620 --> 01:19:01,739

to forget the name but there's a

1693

01:19:06,439 --> 01:19:03,630

specific area in Massachusetts that's

1694

01:19:07,580 --> 01:19:06,449

had a lot of you know UFO sightings and

1695

01:19:10,760 --> 01:19:07,590

paranormal things so there's a

1696

01:19:13,010 --> 01:19:10,770

particular triangle Bridgewater onto

1697

01:19:14,600 --> 01:19:13,020

something the Bridgewater triangle yes

1698

01:19:16,580 --> 01:19:14,610

so this sighting that I'm thinking of

1699

01:19:17,810 --> 01:19:16,590

what the triangle object was covered in

1700

01:19:22,910 --> 01:19:17,820

that documentary the Bridgewater

1701

01:19:26,810 --> 01:19:22,920

triangle yeah yeah that's I had Aaron

1702

01:19:30,979 --> 01:19:26,820

Turner member's name on that did that

1703

01:19:32,639 --> 01:19:30,989

documentary and yeah it's a very very

1704

01:19:37,409 --> 01:19:32,649

interesting area

1705

01:19:41,939 --> 01:19:37,419

you know I wore that shirt t-shirt he

1706

01:19:44,339 --> 01:19:41,949

gave me somewhere and since someone

1707

01:19:46,169 --> 01:19:44,349

stopped me and all said all about that

1708

01:19:48,359 --> 01:19:46,179

and I was I was like hottest out of

1709

01:19:58,699 --> 01:19:48,369

state so it's so instead of quite a

1710

01:20:03,449 --> 01:20:01,739

it's kind of an obscure you know saying

1711

01:20:05,040 --> 01:20:03,459

the the Bridgewater triangle so they

1712

01:20:13,739 --> 01:20:05,050

have somebody out of state recognized

1713

01:20:27,619 --> 01:20:13,749

Anderson distorted yeah your audio just

1714

01:20:32,159 --> 01:20:27,629

one a little distorted on me until this

1715

01:20:37,040 --> 01:20:32,169

there's honestly can you talk about some

1716

01:20:40,080 --> 01:20:37,050

other faces sure another great case that

1717

01:20:42,540 --> 01:20:40,090

that involves a police officer from New

1718

01:20:47,939 --> 01:20:42,550

Hampshire that I've looked into a little

1719

01:20:51,779 --> 01:20:47,949

bit is it was October 31st 1983 which is

1720

01:20:55,649 --> 01:20:51,789

Halloween so this particular case was in

1721

01:20:58,399 --> 01:20:55,659

Rochester New Hampshire and basically

1722

01:21:02,459 --> 01:20:58,409

what happened was a police officer

1723

01:21:05,219 --> 01:21:02,469

spotted an object hovering in the sky

1724

01:21:07,679 --> 01:21:05,229

and so he took notice and he drove over

1725

01:21:10,830 --> 01:21:07,689

to the local drive-in and was observing

1726

01:21:13,679 --> 01:21:10,840

the objects he shined his light at the

1727

01:21:15,479 --> 01:21:13,689

object and when he shined the light of

1728

01:21:17,459 --> 01:21:15,489

the object the object supposedly darted

1729

01:21:21,060 --> 01:21:17,469

across the sky and changed his position

1730

01:21:25,350 --> 01:21:21,070

quickly and then took off and then there

1731

01:21:27,000 --> 01:21:25,360

was also a local town councilor or

1732

01:21:29,250 --> 01:21:27,010

someone with the local town government

1733

01:21:32,609 --> 01:21:29,260

that also phoned in a report and then

1734

01:21:36,919 --> 01:21:32,619

there was four or five other individual

1735

01:21:42,119 --> 01:21:36,929

civilian reports of a UFO that night and

1736

01:21:45,299 --> 01:21:42,129

on top of all that the power went out in

1737

01:21:47,360 --> 01:21:45,309

the area that this UFO was spotted that

1738

01:21:49,410 --> 01:21:47,370

particular night

1739

01:21:52,320 --> 01:21:49,420
so that that one's very interesting

1740

01:21:54,180 --> 01:21:52,330
because you know the officer was

1741

01:21:55,970 --> 01:21:54,190
observing the object he shined a light

1742

01:21:59,640 --> 01:21:55,980
he seemed to think the object was

1743

01:22:02,100 --> 01:21:59,650
reacting to his life there was a bunch

1744

01:22:05,460 --> 01:22:02,110
of independent local citizen witnesses

1745

01:22:07,530 --> 01:22:05,470
and so you know it's a pretty compelling

1746

01:22:09,930 --> 01:22:07,540
case and you know with that one it gets

1747

01:22:12,390 --> 01:22:09,940
murky because you know one one of the

1748

01:22:17,340 --> 01:22:12,400
things that in New Hampshire when there

1749

01:22:21,780 --> 01:22:17,350
is a UFO sighting air operations

1750

01:22:23,760 --> 01:22:21,790
frumpies often when these UFO sightings

1751

01:22:26,730 --> 01:22:23,770

are discussed in the papers are often

1752

01:22:29,730 --> 01:22:26,740

those are what are you know used as an

1753

01:22:32,220 --> 01:22:29,740

explanation now I mean a very and very

1754

01:22:34,980 --> 01:22:32,230

well could be that but in this

1755

01:22:37,620 --> 01:22:34,990

particular case the police officer as

1756

01:22:40,140 --> 01:22:37,630

well as the citizen witnesses were very

1757

01:22:42,540 --> 01:22:40,150

adamant that whatever they were seeing

1758

01:22:44,340 --> 01:22:42,550

did not appear to be in military craft

1759

01:22:47,160 --> 01:22:44,350

and it was very low and it was

1760

01:22:50,280 --> 01:22:47,170

odd-shaped and it was you know moving

1761

01:22:51,480 --> 01:22:50,290

not not like a typical craft so that

1762

01:22:53,490 --> 01:22:51,490

one's interesting where you have a

1763

01:22:55,410 --> 01:22:53,500

police officer written issue of citizen

1764

01:22:58,020 --> 01:22:55,420

witnesses and then you have the power

1765

01:23:00,150 --> 01:22:58,030

outage in that area which it wasn't

1766

01:23:03,720 --> 01:23:00,160

explained so that one's pretty

1767

01:23:08,040 --> 01:23:03,730

interesting as well Wow sounds like my

1768

01:23:10,980 --> 01:23:08,050

audio might be back so it's really

1769

01:23:14,550 --> 01:23:10,990

interesting that there's two cases

1770

01:23:18,390 --> 01:23:14,560

you're talking about where an officer or

1771

01:23:21,330 --> 01:23:18,400

someone put a flashlight toward a craft

1772

01:23:25,050 --> 01:23:21,340

or whatever it was and it reacted in the

1773

01:23:30,590 --> 01:23:25,060

same thing as for the allagash case up

1774

01:23:33,990 --> 01:23:30,600

in Maine where charlie faults said he

1775

01:23:37,380 --> 01:23:34,000

flashed his light pack you know

1776

01:23:39,080 --> 01:23:37,390

flickered it at the craft and then it

1777

01:23:41,580 --> 01:23:39,090

came after them in the rest is history

1778

01:23:46,200 --> 01:23:41,590

that was an incredible case have you

1779

01:23:48,450 --> 01:23:46,210

ever looked into that one I you know

1780

01:23:57,080 --> 01:23:48,460

being being a fan of Raymond Fowler and

1781

01:23:58,209 --> 01:23:57,090

his work it seems like it's ongoing to

1782

01:24:01,439 --> 01:23:58,219

you

1783

01:24:05,830 --> 01:24:01,449

there's things happening to those those

1784

01:24:07,630 --> 01:24:05,840

four guys still to this day which is

1785

01:24:09,640 --> 01:24:07,640

well pretty amazing

1786

01:24:11,860 --> 01:24:09,650

just like the whole thing has changed

1787

01:24:14,290 --> 01:24:11,870

their lives and that's such an

1788

01:24:16,720 --> 01:24:14,300

incredible case for the person who

1789

01:24:20,979 --> 01:24:16,730

hasn't heard that it was what was that

1790

01:24:25,479 --> 01:24:20,989

and it's 79 or something like that Du

1791

01:24:27,520 --> 01:24:25,489

Bois right yeah that might have may have

1792

01:24:29,800 --> 01:24:27,530

the time off but basically four people

1793

01:24:30,760 --> 01:24:29,810

were up in the gala cache which is a

1794

01:24:35,140 --> 01:24:30,770

series of

1795

01:24:38,470 --> 01:24:35,150

chain lakes connected by streams and

1796

01:24:41,439 --> 01:24:38,480

things like that yeah it's just an

1797

01:24:43,450 --> 01:24:41,449

incredible case I really encouraged the

1798

01:24:46,060 --> 01:24:43,460

listener who has not heard about it just

1799

01:24:51,820 --> 01:24:46,070

google it and check it out

1800

01:24:53,680 --> 01:24:51,830

they basically forgot everything for

1801
01:24:55,660 --> 01:24:53,690
about ten years I think it was and the

1802
01:24:58,360 --> 01:24:55,670
whole thing came back to them and the

1803
01:25:00,880 --> 01:24:58,370
one thing that they all remembered right

1804
01:25:03,340 --> 01:25:00,890
off when they got back from their canoe

1805
01:25:06,370 --> 01:25:03,350
trip that the fire had died down which

1806
01:25:09,130 --> 01:25:06,380
was an impossibility you know and that

1807
01:25:13,630 --> 01:25:09,140
was their missing time basically really

1808
01:25:15,550 --> 01:25:13,640
great story all right so we have about I

1809
01:25:17,850 --> 01:25:15,560
don't know about 20 minutes left

1810
01:25:23,590 --> 01:25:17,860
something like that

1811
01:25:26,140 --> 01:25:23,600
what what would you consider most recent

1812
01:25:34,450 --> 01:25:26,150
interesting case that you've looked into

1813
01:25:37,750 --> 01:25:34,460

I tend to I tend to not look into more

1814

01:25:40,120 --> 01:25:37,760

recent cases not that I won't look into

1815

01:25:42,850 --> 01:25:40,130

them but you know there's really as far

1816

01:25:46,030 --> 01:25:42,860

as lately there's not really anything

1817

01:25:49,900 --> 01:25:46,040

that comes to mind as you know say as

1818

01:25:53,920 --> 01:25:49,910

far as 2016 2015 and recently newer

1819

01:25:56,830 --> 01:25:53,930

cases although I was just recently

1820

01:25:59,439 --> 01:25:56,840

contacted by someone about an older case

1821

01:26:02,560 --> 01:25:59,449

and you know at this point I've been

1822

01:26:04,209 --> 01:26:02,570

going through you know just so many

1823

01:26:05,950 --> 01:26:04,219

Hampshire your little cases for so long

1824

01:26:07,450 --> 01:26:05,960

that you know I tend to when I go

1825

01:26:10,420 --> 01:26:07,460

through you know my notes and my

1826

01:26:13,060 --> 01:26:10,430

archives a most cases I've looked

1827

01:26:15,430 --> 01:26:13,070

seeing something about you know a New

1828

01:26:17,920 --> 01:26:15,440

Hampshire case even if I'm not ultra I

1829

01:26:19,240 --> 01:26:17,930

mean the mall what major cases I'm

1830

01:26:22,420 --> 01:26:19,250

pretty well-versed in but you know

1831

01:26:24,130 --> 01:26:22,430

somebody saw something on a in the sky

1832

01:26:25,690 --> 01:26:24,140

you know the little blurb cases that

1833

01:26:27,490 --> 01:26:25,700

don't have much to research you know I

1834

01:26:29,170 --> 01:26:27,500

have those documented but I don't spend

1835

01:26:33,130 --> 01:26:29,180

a lot of time on those and I actually

1836

01:26:35,590 --> 01:26:33,140

had a lady contact me about a case from

1837

01:26:37,900 --> 01:26:35,600

the early 90s that's really fascinating

1838

01:26:40,870 --> 01:26:37,910

I can tell you a little bit about I'm

1839

01:26:43,690 --> 01:26:40,880

still actually working on it so I don't

1840

01:26:45,580 --> 01:26:43,700

have like a full detailed but it's it's

1841

01:26:49,960 --> 01:26:45,590

intriguing nonetheless I can share that

1842

01:26:53,620 --> 01:26:49,970

with you yeah why don't you well early

1843

01:26:56,500 --> 01:26:53,630

90s there was I believe it was 91 there

1844

01:26:59,500 --> 01:26:56,510

was a particular sighting where two or

1845

01:27:01,750 --> 01:26:59,510

three in the morning all sorts of people

1846

01:27:05,650 --> 01:27:01,760

from Virginia to Canada or seeing things

1847

01:27:08,110 --> 01:27:05,660

streaked across the sky and so between

1848

01:27:10,900 --> 01:27:08,120

250 and 3 in the morning there was a

1849

01:27:14,080 --> 01:27:10,910

bunch of reports of kind of fireballs or

1850

01:27:17,260 --> 01:27:14,090

UFOs or odd looking things so that

1851

01:27:20,290 --> 01:27:17,270

sighting ended up being determined that

1852

01:27:22,780 --> 01:27:20,300

it was like a fireball you know that was

1853

01:27:25,180 --> 01:27:22,790

seen from Virginia to Maine but about

1854

01:27:27,730 --> 01:27:25,190

six hours later at 9 a.m. in New

1855

01:27:30,180 --> 01:27:27,740

Hampshire up in the mountains a

1856

01:27:33,370 --> 01:27:30,190

gentleman was in his house with his

1857

01:27:34,780 --> 01:27:33,380

housekeeper just there and all the

1858

01:27:39,010 --> 01:27:34,790

sudden he spotted something in the sky

1859

01:27:41,620 --> 01:27:39,020

and this object was flying almost flying

1860

01:27:44,200 --> 01:27:41,630

down the side of the mountain that they

1861

01:27:46,330 --> 01:27:44,210

lived near you know almost along the

1862

01:27:48,370 --> 01:27:46,340

mountain heading towards the bottom of

1863

01:27:50,920 --> 01:27:48,380

it and it was leaving this Whiting

1864

01:27:53,650 --> 01:27:50,930

yellow ribbon in his path

1865

01:27:56,650 --> 01:27:53,660

so you know they were watching in there

1866

01:28:00,100 --> 01:27:56,660

I'm right here what is this so the

1867

01:28:01,510 --> 01:28:00,110

gentleman sent his housekeeper to go get

1868

01:28:03,550 --> 01:28:01,520

neighbors and get more people because

1869

01:28:05,860 --> 01:28:03,560

they wanted people to other people to

1870

01:28:09,090 --> 01:28:05,870

see it so they went and got a bunch of

1871

01:28:11,560 --> 01:28:09,100

other people who also witnessed it and

1872

01:28:15,100 --> 01:28:11,570

basically it took about five minutes or

1873

01:28:17,010 --> 01:28:15,110

so to make its descent and then when it

1874

01:28:20,980 --> 01:28:17,020

got towards the bottom of the mountain

1875

01:28:23,950 --> 01:28:20,990

either stopped or landed and stayed in

1876

01:28:27,040 --> 01:28:23,960

this spot for about 15 minutes

1877

01:28:29,770 --> 01:28:27,050

and then smoke started coming from this

1878

01:28:31,750 --> 01:28:29,780

area and they were able to see blinking

1879

01:28:35,500 --> 01:28:31,760

lights and the object itself was like a

1880

01:28:37,660 --> 01:28:35,510

yellow almost sun-like object so the

1881

01:28:41,140 --> 01:28:37,670

object got to the bottom stayed there

1882

01:28:46,270 --> 01:28:41,150

for about 15 minutes and then it was

1883

01:28:48,459 --> 01:28:46,280

gone and so the police were called the

1884

01:28:51,459 --> 01:28:48,469

police didn't see the object but they

1885

01:28:53,650 --> 01:28:51,469

saw the smoke rising from the area and

1886

01:28:56,860 --> 01:28:53,660

the the police took it very seriously so

1887

01:28:59,410 --> 01:28:56,870

they actually sent a plane and a

1888

01:29:03,970 --> 01:28:59,420

helicopter up to the mountain to check

1889

01:29:06,250 --> 01:29:03,980

this particular area and this is you

1890

01:29:07,720 --> 01:29:06,260

know where things get a bit murky you

1891

01:29:09,370 --> 01:29:07,730

know supposedly they didn't find

1892

01:29:12,970 --> 01:29:09,380

anything when they sent the plane and

1893

01:29:15,760 --> 01:29:12,980

the helicopter up but the police chief

1894

01:29:19,420 --> 01:29:15,770

at the time who was interviewed about

1895

01:29:22,990 --> 01:29:19,430

this sighting you know even after they

1896

01:29:25,209 --> 01:29:23,000

had sent the the airplane in the air air

1897

01:29:28,420 --> 01:29:25,219

up there to look and there was a few

1898

01:29:30,250 --> 01:29:28,430

expeditions I believe by MUFON at the

1899

01:29:32,229 --> 01:29:30,260

time to go up and try and you know see

1900

01:29:33,910 --> 01:29:32,239

if there was anything in the woods even

1901

01:29:35,320 --> 01:29:33,920

after all that you know it was funny

1902

01:29:37,690 --> 01:29:35,330

because the police chief and the paper

1903

01:29:38,860 --> 01:29:37,700

was like you know one of these days we

1904

01:29:40,720 --> 01:29:38,870

should really go up there with some

1905

01:29:42,910 --> 01:29:40,730

four-wheelers and you know give things a

1906

01:29:46,540 --> 01:29:42,920

more thorough look so you know once

1907

01:29:48,910 --> 01:29:46,550

again the police took it really serious

1908

01:29:51,520 --> 01:29:48,920

you know they sent the helicopter in the

1909

01:29:54,130 --> 01:29:51,530

plane up there and you know just seemed

1910

01:29:56,140 --> 01:29:54,140

like the the police chief you know still

1911

01:29:57,820 --> 01:29:56,150

wasn't completely satisfied maybe with

1912

01:30:00,760 --> 01:29:57,830

the you know the search or whatnot so

1913

01:30:05,290 --> 01:30:00,770

that's a one that I hadn't heard of and

1914

01:30:06,220 --> 01:30:05,300

it you know it just goes to show even

1915

01:30:07,720 --> 01:30:06,230

when you've been doing something like

1916

01:30:10,060 --> 01:30:07,730

this for a long time just when you think

1917

01:30:12,610 --> 01:30:10,070

you've heard of every great case in your

1918

01:30:14,800 --> 01:30:12,620

particular area or whatever someone can

1919

01:30:16,479 --> 01:30:14,810

contact you and just you know tell you

1920

01:30:17,950 --> 01:30:16,489

about something and then boom you find

1921

01:30:20,430 --> 01:30:17,960

out about a case like this which is

1922

01:30:22,870 --> 01:30:20,440

great because there's credible witnesses

1923

01:30:26,950 --> 01:30:22,880

you know it's not characteristic of a

1924

01:30:28,750 --> 01:30:26,960

normal aircraft or the media and with

1925

01:30:30,910 --> 01:30:28,760

the smoke and you know all those things

1926

01:30:33,580 --> 01:30:30,920

it's a very compelling case do they

1927

01:30:34,720 --> 01:30:33,590

think the object itself was smoking or

1928

01:30:37,200 --> 01:30:34,730

did they think it was like a fire

1929

01:30:41,100 --> 01:30:37,210

started

1930

01:30:43,260 --> 01:30:41,110

well they were viewing this you know the

1931

01:30:45,660 --> 01:30:43,270

the gentleman is housekeeper the initial

1932

01:30:49,620 --> 01:30:45,670

people they were they were viewing it

1933

01:30:51,900 --> 01:30:49,630

from 8 or 9 miles away so it was really

1934

01:30:54,120 --> 01:30:51,910

hard for them you know to determine

1935

01:30:55,650 --> 01:30:54,130

exactly what was going on they just

1936

01:30:58,560 --> 01:30:55,660

really did their best to kind of

1937

01:31:01,410 --> 01:30:58,570

describe what they were seeing

1938

01:31:03,540 --> 01:31:01,420

so it was really hard for them you know

1939

01:31:07,680 --> 01:31:03,550

they know that smoke was rising but I

1940

01:31:09,570 --> 01:31:07,690

don't believe they saw any fire so yeah

1941

01:31:12,720 --> 01:31:09,580

it's a bit murky mm-hmm

1942

01:31:16,920 --> 01:31:12,730

now have you looked into the Betty and

1943

01:31:19,650 --> 01:31:16,930

Barney Hill case yourself I have I have

1944

01:31:21,780 --> 01:31:19,660

I've done a good amount of research on

1945

01:31:23,459 --> 01:31:21,790

it I tend to you know shy away from I

1946

01:31:24,270 --> 01:31:23,469

mean I definitely talk about it with you

1947

01:31:28,250 --> 01:31:24,280

right now if you like

1948

01:31:30,990 --> 01:31:28,260

I came to shy away from it just because

1949

01:31:33,030 --> 01:31:31,000

you know obviously Kathleen Mardin and

1950

01:31:35,370 --> 01:31:33,040

Stan Freeman you know tell obviously

1951

01:31:37,350 --> 01:31:35,380

talk a lot of Oh Betty and Barney Hill

1952

01:31:39,390 --> 01:31:37,360

and they're the experts on that so I

1953

01:31:41,190 --> 01:31:39,400

feel like they tend to cover you know

1954

01:31:43,229 --> 01:31:41,200

most of the ground on that case but I'm

1955

01:31:45,300 --> 01:31:43,239

definitely did you have a question about

1956

01:31:49,200 --> 01:31:45,310

it well um you know I just wondered if

1957

01:31:51,660 --> 01:31:49,210

you ever looked at the the I can't

1958

01:31:53,250 --> 01:31:51,670

remember his name he's writing kind of

1959

01:31:56,430 --> 01:31:53,260

debunking the whole thing I wondered if

1960

01:31:58,760 --> 01:31:56,440

you've ever looked into that at all are

1961

01:32:02,160 --> 01:31:58,770

you familiar with them is saying the

1962

01:32:07,080 --> 01:32:02,170

jack-o'-lantern restaurant and the light

1963

01:32:13,530 --> 01:32:07,090

up on top of the mountain Oh somebody's

1964

01:32:15,450 --> 01:32:13,540

claiming that it was a I have heard that

1965

01:32:17,220 --> 01:32:15,460

I believe I believe there was one person

1966

01:32:20,790 --> 01:32:17,230

trying to say it was a light on Cannon

1967

01:32:23,810 --> 01:32:20,800

mouth and yeah I have heard that yeah I

1968

01:32:27,750 --> 01:32:23,820

mean I don't you know I mean I

1969

01:32:29,610 --> 01:32:27,760

researched the case thoroughly and yeah

1970

01:32:32,940 --> 01:32:29,620

I don't think that's really feasible I

1971

01:32:34,590 --> 01:32:32,950

mean I'm familiar with the area I spent

1972

01:32:38,370 --> 01:32:34,600

a bit of time up there when I was a kid

1973

01:32:40,709 --> 01:32:38,380

and yeah it's just it doesn't doesn't

1974

01:32:44,100 --> 01:32:40,719

seem like a very feasible explanation

1975

01:32:48,270 --> 01:32:44,110

I asked Stan Friedman when he was on

1976

01:32:50,340 --> 01:32:48,280

last week what he had to say about dr.

1977

01:32:57,150 --> 01:32:50,350

Simon saying that he didn't believe

1978

01:32:59,100 --> 01:32:57,160

that the they were actually abducted and

1979

01:33:01,170 --> 01:32:59,110

that was from someone that made a

1980

01:33:04,220 --> 01:33:01,180

personal call a listener to the show to

1981

01:33:06,390 --> 01:33:04,230

Simon when he was alive and he said that

1982

01:33:09,720 --> 01:33:06,400

Simon was just under a great deal of

1983

01:33:12,950 --> 01:33:09,730

pressure and you know he would he did

1984

01:33:16,890 --> 01:33:12,960

stand obviously claimed that he

1985

01:33:21,990 --> 01:33:16,900

addressed this in some book how he was

1986

01:33:24,750 --> 01:33:22,000

under such pressure not to agree that

1987

01:33:26,790 --> 01:33:24,760

they were actually abducted for his

1988

01:33:30,750 --> 01:33:26,800

career I don't know if you ever heard

1989

01:33:34,440 --> 01:33:30,760

anything about that you know but I mean

1990

01:33:36,840 --> 01:33:34,450

I would hide that sounds very possible

1991

01:33:40,890 --> 01:33:36,850

and you know I do know that dr. Simon

1992

01:33:43,050 --> 01:33:40,900

was very credible and you know I know

1993

01:33:43,860 --> 01:33:43,060

that you know he he approached it very

1994

01:33:48,240 --> 01:33:43,870

seriously

1995

01:33:50,790 --> 01:33:48,250

and you know I mean I've heard the I've

1996

01:33:55,290 --> 01:33:50,800

heard the tapes myself and you know I

1997

01:33:57,660 --> 01:33:55,300

mean Barney Hills uh you know his tape

1998

01:34:00,140 --> 01:33:57,670

is probably one of the more terrifying

1999

01:34:04,680 --> 01:34:00,150

things you could ever hear yes really

2000

01:34:06,240 --> 01:34:04,690

so you know yeah so I don't know I mean

2001

01:34:09,300 --> 01:34:06,250

you know I think that you know with a

2002

01:34:11,070 --> 01:34:09,310

case like the whole case there's there's

2003

01:34:14,370 --> 01:34:11,080

always going to be somebody popping up

2004

01:34:16,560 --> 01:34:14,380

with a new you know oh you know dr.

2005

01:34:18,270 --> 01:34:16,570

Simon this or yeah there's gonna always

2006

01:34:22,350 --> 01:34:18,280

be new things but you know I think

2007

01:34:24,600 --> 01:34:22,360

ultimately it's you know people need to

2008

01:34:26,370 --> 01:34:24,610

have more you know if they're gonna make

2009

01:34:28,620 --> 01:34:26,380

a claim like it's a light on Cannon

2010

01:34:34,410 --> 01:34:28,630

Mountain or you know anything like that

2011

01:34:36,630 --> 01:34:34,420

you know they should have a bit more to

2012

01:34:39,030 --> 01:34:36,640

back it up and then just going back and

2013

01:34:48,480 --> 01:34:39,040

you know dr. Simon said somewhere in an

2014

01:34:50,370 --> 01:34:48,490

interview you know well I think that the

2015

01:34:52,920 --> 01:34:50,380

one thing that really helps that whole

2016

01:34:56,190 --> 01:34:52,930

case a lot is they didn't want to go

2017

01:34:58,100 --> 01:34:56,200

public with it it was leaked you know

2018

01:35:04,140 --> 01:34:58,110

and that's that's how the whole thing

2019

01:35:12,060 --> 01:35:08,880

you know happened in 61 and didn't go

2020

01:35:14,280 --> 01:35:12,070

public I believe until it was at 66 I

2021

01:35:17,430 --> 01:35:14,290

believe 65 66 so there was a whole

2022

01:35:18,150 --> 01:35:17,440

five-year period between when the event

2023

01:35:20,850 --> 01:35:18,160

happened

2024

01:35:22,410 --> 01:35:20,860

and when it actually went public and as

2025

01:35:24,690 --> 01:35:22,420

you said they you know they weren't

2026

01:35:27,420 --> 01:35:24,700

looking to get public with it and also

2027

01:35:30,090 --> 01:35:27,430

on top of that Betty and Barney were

2028

01:35:33,270 --> 01:35:30,100

very credible intelligent people in the

2029

01:35:36,710 --> 01:35:33,280

community they both had good jobs they

2030

01:35:39,290 --> 01:35:36,720

were very involved in civil rights so

2031

01:35:42,780 --> 01:35:39,300

you know there were very credible people

2032

01:35:46,230 --> 01:35:42,790

so you know I think they think all of

2033

01:35:49,680 --> 01:35:46,240

those things you know oh what make the

2034

01:35:51,510 --> 01:35:49,690

case so compelling the fact that it

2035

01:35:53,460 --> 01:35:51,520

didn't go public for five years

2036

01:35:56,400 --> 01:35:53,470

and you know they weren't necessarily

2037

01:35:57,840 --> 01:35:56,410

looking for publicity on and I think

2038

01:36:00,840 --> 01:35:57,850

that's you know some of the stronger

2039

01:36:03,990 --> 01:36:00,850

things about that case yeah yeah and

2040

01:36:06,210 --> 01:36:04,000

it's some landmark it's actually well I

2041

01:36:08,400 --> 01:36:06,220

mentioned this to someone before I can't

2042

01:36:12,210 --> 01:36:08,410

remember who it was and said it's like

2043

01:36:15,440 --> 01:36:12,220

the first well-known abduction case and

2044

01:36:19,070 --> 01:36:15,450

I guess it was one in that in the 20s

2045

01:36:21,840 --> 01:36:19,080

which I was kind of surprised like 1926

2046

01:36:24,330 --> 01:36:21,850

something happened that was very similar

2047

01:36:28,500 --> 01:36:24,340

I don't know if you ever heard of

2048

01:36:31,380 --> 01:36:28,510

puppies no where no no no this was

2049

01:36:32,700 --> 01:36:31,390

somewhere else but okay you know I

2050

01:36:34,200 --> 01:36:32,710

shouldn't really talk about unless I

2051

01:36:35,060 --> 01:36:34,210

have the facts in front of me I really

2052

01:36:40,920 --> 01:36:35,070

don't remember

2053

01:36:44,400 --> 01:36:40,930

the information on it but anyway it it

2054

01:36:48,380 --> 01:36:44,410

was really the hill case is really one

2055

01:36:52,080 --> 01:36:48,390

of the you know foundations of I think

2056

01:36:55,920 --> 01:36:52,090

what you hear about a lot and I'm not

2057

01:36:58,140 --> 01:36:55,930

really sure about the abduction thing I

2058

01:37:00,750 --> 01:36:58,150

go back and forth all the time just the

2059

01:37:03,120 --> 01:37:00,760

fact that so many people are claiming it

2060

01:37:07,310 --> 01:37:03,130

it's just to me I don't know what's your

2061

01:37:12,540 --> 01:37:10,950

abduction I you know I train kind of

2062

01:37:16,230 --> 01:37:12,550

approach things from the center gravity

2063

01:37:17,979 --> 01:37:16,240

so as far as you know abductions I'm

2064

01:37:19,660 --> 01:37:17,989

open-minded but

2065

01:37:21,819 --> 01:37:19,670

skeptical is probably the best way to

2066

01:37:25,149 --> 01:37:21,829

describe my you know my opinion of

2067

01:37:29,859 --> 01:37:25,159

abductions as far as New Hampshire UFO

2068

01:37:31,870 --> 01:37:29,869

research goes I mainly try and focus on

2069

01:37:34,419 --> 01:37:31,880

police and military sightings just

2070

01:37:36,910 --> 01:37:34,429

because I feel like you know when

2071

01:37:40,000 --> 01:37:36,920

bringing research to the public and you

2072

01:37:42,160 --> 01:37:40,010

know talking about cases I've just found

2073

01:37:43,810 --> 01:37:42,170

that um you know cases that involve

2074

01:37:47,350 --> 01:37:43,820

credible people like police and military

2075

01:37:49,000 --> 01:37:47,360

those seem to carry the most weight you

2076

01:37:52,870 --> 01:37:49,010

know when discussing this topic with

2077

01:37:55,060 --> 01:37:52,880

people so while I do document any UFO

2078

01:37:56,799 --> 01:37:55,070

case I come across or abduction in New

2079

01:37:59,109 --> 01:37:56,809

Hampshire's for my records in my

2080

01:38:00,600 --> 01:37:59,119

archives and you know there are others

2081

01:38:02,979 --> 01:38:00,610

that have happened in New Hampshire

2082

01:38:04,779 --> 01:38:02,989

allegedly besides the Betty and Barney

2083

01:38:08,529 --> 01:38:04,789

Hill there's a few other interesting

2084

01:38:10,989 --> 01:38:08,539

ones but so I I have a middle approach

2085

01:38:14,080 --> 01:38:10,999

you know middle gravity where I'm open

2086

01:38:17,350 --> 01:38:14,090

minded but I don't spend too much time

2087

01:38:19,029 --> 01:38:17,360

on them because there's only a handful

2088

01:38:20,919 --> 01:38:19,039

that of allegedly happen in New

2089

01:38:25,689 --> 01:38:20,929

Hampshire and you know for reasons that

2090

01:38:27,129 --> 01:38:25,699

I just stated I I just find that um you

2091

01:38:29,140 --> 01:38:27,139

know it's the other thing with police

2092

01:38:30,819 --> 01:38:29,150

and military sightings is there's the

2093

01:38:32,859 --> 01:38:30,829

tends to be documents there's newspaper

2094

01:38:35,290 --> 01:38:32,869

articles there's tangibles that I can

2095

01:38:38,169 --> 01:38:35,300

get ahold of and get information from

2096

01:38:40,839 --> 01:38:38,179

where as a researcher when it comes to

2097

01:38:42,520 --> 01:38:40,849

abduction cases the Betty and Barney

2098

01:38:44,350 --> 01:38:42,530

Hill there's an enormous amount of

2099

01:38:46,540 --> 01:38:44,360

information because the Bluebook file is

2100

01:38:48,339 --> 01:38:46,550

I think it's probably I think it's about

2101
01:38:50,439 --> 01:38:48,349
like a hundred pages quite a lot of

2102
01:38:52,390 --> 01:38:50,449
stuff in the Blue Book file and then

2103
01:38:55,060 --> 01:38:52,400
obviously there's interrupted journey

2104
01:38:57,160 --> 01:38:55,070
there's captured and there's you know a

2105
01:39:00,399 --> 01:38:57,170
lot of other research and information

2106
01:39:02,319 --> 01:39:00,409
about the case out there so that's an

2107
01:39:04,330 --> 01:39:02,329
abduction case that you know can be

2108
01:39:05,589 --> 01:39:04,340
really thoroughly researched as far as

2109
01:39:08,620 --> 01:39:05,599
New Hampshire because there's a lot of

2110
01:39:10,479 --> 01:39:08,630
meat there to be looked into whereas

2111
01:39:13,509 --> 01:39:10,489
most of the other ones is not you know

2112
01:39:15,819 --> 01:39:13,519
as much stuff to look into so that's

2113
01:39:19,379 --> 01:39:15,829

pretty much my take on I'm open-minded

2114

01:39:23,319 --> 01:39:19,389

but skeptical about abduction mm-hmm

2115

01:39:26,200 --> 01:39:23,329

excuse me well I think that's gonna be

2116

01:39:29,140 --> 01:39:26,210

about it for the show this week I know

2117

01:39:31,730 --> 01:39:29,150

we had a lot of trouble and I really

2118

01:39:33,680 --> 01:39:31,740

appreciate the list

2119

01:39:35,900 --> 01:39:33,690

for hanging in there the live listener

2120

01:39:39,290 --> 01:39:35,910

with all the audio trouble hopefully

2121

01:39:42,320 --> 01:39:39,300

we'll get that fixed by next next week

2122

01:39:44,240 --> 01:39:42,330

so we're I'm really looking forward to

2123

01:39:47,480 --> 01:39:44,250

see your new website when that comes up

2124

01:39:49,690 --> 01:39:47,490

but for now someone can find your blog

2125

01:39:54,700 --> 01:39:49,700

can you give that address one more time

2126

01:39:58,460 --> 01:39:54,710

sure sure UFO research dot blog spot.com

2127

01:40:00,260 --> 01:39:58,470

and also I encourage people to go to my

2128

01:40:04,040 --> 01:40:00,270

facebook page in the hampshire year for

2129

01:40:06,620 --> 01:40:04,050

research like that i post information

2130

01:40:10,400 --> 01:40:06,630

about research i also post regularly

2131

01:40:11,900 --> 01:40:10,410

about space and new aircraft and you

2132

01:40:14,480 --> 01:40:11,910

know all these things that are on the

2133

01:40:15,860 --> 01:40:14,490

periphery of ufos you know things that

2134

01:40:18,110 --> 01:40:15,870

it's good for people to educate

2135

01:40:20,540 --> 01:40:18,120

themselves on whether things of that

2136

01:40:24,410 --> 01:40:20,550

nature so definitely you know go check

2137

01:40:26,780 --> 01:40:24,420

out the facebook and yeah i appreciate

2138

01:40:28,970 --> 01:40:26,790

it thank you for having me online yes

2139

01:40:32,870 --> 01:40:28,980

and hopefully next time you'll be on we

2140

01:40:34,730 --> 01:40:32,880

will not have all these issues well

2141

01:40:36,410 --> 01:40:34,740

that's okay i really appreciate you

2142

01:40:37,880 --> 01:40:36,420

doing it and you know doing it all the

2143

01:40:41,290 --> 01:40:37,890

way from Russia I think you did a great

2144

01:40:45,440 --> 01:40:41,300

job so thank you well yeah well thanks

2145

01:40:48,680 --> 01:40:45,450

now anyway thanks so much and we'll be

2146

01:40:51,980 --> 01:40:48,690

talking to you soon and alright everyone

2147

01:40:56,630 --> 01:40:51,990

so that's it for the show and next week

2148

01:40:58,220 --> 01:40:56,640

we have Arthur Coleman on and so that's
