

1  
00:00:03,169 --> 00:00:02,389  
and it hits me oh my gosh this is that

2  
00:00:04,280 --> 00:00:03,179  
triangle

3  
00:00:05,390 --> 00:00:04,290  
you know there's explanation for

4  
00:00:07,730 --> 00:00:05,400  
everything that occurred in the

5  
00:00:10,070 --> 00:00:07,740  
Rendlesham forest incident it involved

6  
00:00:12,799 --> 00:00:10,080  
aliens at all it was completely silent

7  
00:00:16,700 --> 00:00:12,809  
it comes right over our heads

8  
00:00:18,320 --> 00:00:16,710  
it's also really standing in the

9  
00:00:20,000 --> 00:00:18,330  
clearing he turned over to my father

10  
00:00:25,820 --> 00:00:20,010  
held his hand and he looked in his eyes

11  
00:00:29,150 --> 00:00:25,830  
and said we're not alone welcome to

12  
00:00:31,400 --> 00:00:29,160

go over to PSN radio we're live there as

34  
00:01:39,830 --> 00:01:36,930  
well and that's PS and - like I think

35  
00:01:42,170 --> 00:01:39,840  
it's radio calm I should know that and

36  
00:01:44,840 --> 00:01:42,180  
there's a Skype chat room over there

37  
00:01:47,420 --> 00:01:44,850  
as a chat room on podcast UFO and you're

38  
00:01:50,539 --> 00:01:47,430

welcome to jump in there and pose us

39

00:01:53,060 --> 00:01:50,549

some questions this evening and don't

40

00:01:55,039 --> 00:01:53,070

forget we also run the show as a full

41

00:01:57,889 --> 00:01:55,049

show as a podcast on the dark matter

42

00:02:00,770 --> 00:01:57,899

digital network every Thursday from

43

00:02:04,719 --> 00:02:00,780

10:00 to midnight and that's also

44

00:02:08,990 --> 00:02:04,729

Eastern Standard Time and Alejandro

45

00:02:11,600 --> 00:02:09,000

welcome to the show thank you it's great

46

00:02:12,660 --> 00:02:11,610

to be here I've heard so much about the

47

00:02:14,520 --> 00:02:12,670

show

48

00:02:20,520 --> 00:02:14,530

and everybody routes about it so it's

49

00:02:21,990 --> 00:02:20,530

nice to actually be on yeah you always

50

00:02:24,479 --> 00:02:22,000

crack me up

51  
00:02:25,860 --> 00:02:24,489  
I'm feeling like I'm gonna do any news

52  
00:02:29,850 --> 00:02:25,870  
tonight we didn't even talk about that

53  
00:02:32,090 --> 00:02:29,860  
yeah sure why not I mean that's what the

54  
00:02:36,600 --> 00:02:32,100  
people expect and we better deliver

55  
00:02:38,880 --> 00:02:36,610  
that's true yeah so before we get into

56  
00:02:42,570 --> 00:02:38,890  
that we're just going to this is just

57  
00:02:45,720 --> 00:02:42,580  
gonna be like a conversation so you you

58  
00:02:47,910 --> 00:02:45,730  
are welcome to pose some questions we

59  
00:02:50,690 --> 00:02:47,920  
did have some people this week send us

60  
00:02:53,490 --> 00:02:50,700  
some questions that they want us to

61  
00:02:54,780 --> 00:02:53,500  
topics that they want us to touch on but

62  
00:02:57,720 --> 00:02:54,790  
anyway I just thought I'd throw that out

63  
00:03:00,120 --> 00:02:57,730

there if you want to call in you can

64

00:03:02,490 --> 00:03:00,130

also do that later on not for the first

65

00:03:05,580 --> 00:03:02,500

hour or so and that's six oh three nine

66

00:03:07,140 --> 00:03:05,590

six seven four oh three oh so what do we

67

00:03:10,680 --> 00:03:07,150

got going on for news this week

68

00:03:14,370 --> 00:03:10,690

Alejandro well we have a big Roswell

69

00:03:15,900 --> 00:03:14,380

story surprise surprise but well maybe

70

00:03:20,130 --> 00:03:15,910

I'll save that for the end because we

71

00:03:22,319 --> 00:03:20,140

could talk about that more you know to

72

00:03:24,990 --> 00:03:22,329

take more time with that one but some of

73

00:03:29,130 --> 00:03:25,000

the other stories that we've gotten

74

00:03:33,509 --> 00:03:29,140

lately this one is kind of a weird one

75

00:03:37,560 --> 00:03:33,519

this is a witness says he saw a triangle

76  
00:03:41,880 --> 00:03:37,570  
UFO in California he was in town called

77  
00:03:45,210 --> 00:03:41,890  
Davis it was 143 a.m. on October 2nd in

78  
00:03:47,370 --> 00:03:45,220  
2012 this is an older one and some time

79  
00:03:50,340 --> 00:03:47,380  
people started going over an older one

80  
00:03:51,990 --> 00:03:50,350  
and that's because Roger Marsh the

81  
00:03:54,390 --> 00:03:52,000  
director of communications for move on

82  
00:03:57,150 --> 00:03:54,400  
who writes for us will go into the

83  
00:03:59,190 --> 00:03:57,160  
archives you know looking for videos and

84  
00:04:02,069 --> 00:03:59,200  
pictures that were closed as unknowns

85  
00:04:03,840 --> 00:04:02,079  
you know investigated by MUFON filled

86  
00:04:05,759 --> 00:04:03,850  
investigators and then he'll write a

87  
00:04:09,210 --> 00:04:05,769  
story and post it on open minds for us

88  
00:04:12,870 --> 00:04:09,220

so I think that's a cool service and you

89

00:04:15,360 --> 00:04:12,880

know I got a saying before we started

90

00:04:18,330 --> 00:04:15,370

doing this just a few years ago just a

91

00:04:20,789 --> 00:04:18,340

couple years ago people who are MUFON

92

00:04:23,370 --> 00:04:20,799

members probably remember this

93

00:04:24,210 --> 00:04:23,380

besides the journal that was about it I

94

00:04:26,400 --> 00:04:24,220

mean the web's

95

00:04:28,680 --> 00:04:26,410

it was very stagnant

96

00:04:31,740 --> 00:04:28,690

there wasn't a lot going on Baron that

97

00:04:34,650 --> 00:04:31,750

why Roger and I work this out because I

98

00:04:37,920 --> 00:04:34,660

felt you know hey for one I'll be able

99

00:04:40,950 --> 00:04:37,930

to post you know a portion of this on

100

00:04:43,020 --> 00:04:40,960

the MUFON website so at least you'll get

101  
00:04:44,910 --> 00:04:43,030  
some stories going and some content

102  
00:04:46,740 --> 00:04:44,920  
because they had nothing they would go

103  
00:04:50,190 --> 00:04:46,750  
for months with with absolutely nothing

104  
00:04:53,280 --> 00:04:50,200  
new on the website besides if you went

105  
00:04:55,140 --> 00:04:53,290  
straight into the database and and so

106  
00:04:58,770 --> 00:04:55,150  
it's worked really well for both of us

107  
00:05:00,750 --> 00:04:58,780  
so like in 2012 for instance you know

108  
00:05:03,060 --> 00:05:00,760  
there was this stuff wasn't getting out

109  
00:05:05,550 --> 00:05:03,070  
there so now we're able to delve into

110  
00:05:06,990 --> 00:05:05,560  
those archives and get some of this

111  
00:05:08,940 --> 00:05:07,000  
stuff out there so a lot of people

112  
00:05:11,370 --> 00:05:08,950  
probably haven't people probably haven't

113  
00:05:12,600 --> 00:05:11,380

seen like video and heard about this

114

00:05:15,060 --> 00:05:12,610

sighting so it's kind of interesting

115

00:05:18,300 --> 00:05:15,070

it's been a bit controversial because

116

00:05:21,180 --> 00:05:18,310

the guy says he woke up because he heard

117

00:05:24,060 --> 00:05:21,190

these sounds of horns and trumpets

118

00:05:26,160 --> 00:05:24,070

he looked outside and he saw what he

119

00:05:28,800 --> 00:05:26,170

thought was a triangular craft with

120

00:05:32,550 --> 00:05:28,810

these lights around it he was able to

121

00:05:36,960 --> 00:05:32,560

videotape it and you see these three

122

00:05:39,210 --> 00:05:36,970

lights and these strobing lights and he

123

00:05:41,640 --> 00:05:39,220

only gets it for a few seconds there are

124

00:05:46,200 --> 00:05:41,650

no none of these noises are happening

125

00:05:47,670 --> 00:05:46,210

while he was filming so he just thought

126

00:05:50,659 --> 00:05:47,680

it was really weird he thought it was

127

00:05:53,730 --> 00:05:50,669

weird other people had reported it and

128

00:05:58,500 --> 00:05:53,740

and so that was close it says an unknown

129

00:06:00,990 --> 00:05:58,510

now I looking at the video alone the

130

00:06:02,340 --> 00:06:01,000

lights are strobing kind of like a plane

131

00:06:05,130 --> 00:06:02,350

and a couple of people have said hey

132

00:06:08,520 --> 00:06:05,140

that's just a plane so I did post a

133

00:06:10,140 --> 00:06:08,530

video of these strobing lights that you

134

00:06:13,770 --> 00:06:10,150

can attach to an airplane if you have

135

00:06:17,400 --> 00:06:13,780

one and you can see how they work and I

136

00:06:21,440 --> 00:06:17,410

think do look similar now some people

137

00:06:24,690 --> 00:06:21,450

have disagreed so for instance the MUFON

138

00:06:29,990 --> 00:06:24,700

investigator he disagreed he said that

139

00:06:32,880 --> 00:06:30,000

the object was 500 feet above his head

140

00:06:35,640 --> 00:06:32,890

you know that's really close and that it

141

00:06:38,460 --> 00:06:35,650

looked like it was huge and triangular

142

00:06:40,640 --> 00:06:38,470

and it had these sounds that came out of

143

00:06:46,920 --> 00:06:44,280

so he really feel strongly and that the

144

00:06:49,110 --> 00:06:46,930

dog was visibly scared this guy said so

145

00:06:50,820 --> 00:06:49,120

the guy who investigate it feels very

146

00:06:53,580 --> 00:06:50,830

strongly it was not a conventional

147

00:06:55,740 --> 00:06:53,590

aircraft I still kind of argue you know

148

00:06:58,710 --> 00:06:55,750

how can you tell it's 500 feet if it's

149

00:07:01,050 --> 00:06:58,720

nice and it's a you know just this this

150

00:07:02,219 --> 00:07:01,060

thing above your head and when you're

151  
00:07:04,890 --> 00:07:02,229  
just waking up

152  
00:07:06,689 --> 00:07:04,900  
you're so disoriented the sound could

153  
00:07:09,750 --> 00:07:06,699  
have not been related to the craft at

154  
00:07:12,570 --> 00:07:09,760  
all I think as possible so I don't know

155  
00:07:14,189 --> 00:07:12,580  
it's an interesting one I I think people

156  
00:07:17,040 --> 00:07:14,199  
should look at it because there's people

157  
00:07:18,450 --> 00:07:17,050  
going either way some people are saying

158  
00:07:20,270 --> 00:07:18,460  
that there's no way that these are

159  
00:07:24,840 --> 00:07:20,280  
strobe lights that this is definitely

160  
00:07:27,450 --> 00:07:24,850  
you know mysterious triangular craft so

161  
00:07:28,680 --> 00:07:27,460  
yeah so people I implore people to take

162  
00:07:29,010 --> 00:07:28,690  
a look at this one and see what they

163  
00:07:31,920 --> 00:07:29,020

think

164

00:07:33,500 --> 00:07:31,930

uh-huh have you been able to look at it

165

00:07:36,180 --> 00:07:33,510

probably not hot cuz we kind of sprung

166

00:07:42,150 --> 00:07:36,190

now unfortunately I have not seen that

167

00:07:44,400 --> 00:07:42,160

one no damn but I will check it out yeah

168

00:07:45,860 --> 00:07:44,410

I mean it's important for you to look at

169

00:07:51,839 --> 00:07:45,870

the site daily

170

00:07:54,450 --> 00:07:51,849

yes and make sure come on itself yeah

171

00:07:58,860 --> 00:07:54,460

that's that one let's see

172

00:08:00,570 --> 00:07:58,870

otherwise we do have one from this is

173

00:08:03,089 --> 00:08:00,580

kind of a cool story won't go into the

174

00:08:07,050 --> 00:08:03,099

details of it and again this is not one

175

00:08:09,750 --> 00:08:07,060

that is new either but this is destroyed

176

00:08:14,100 --> 00:08:09,760

written by Paul Stonehill and it's

177

00:08:16,920 --> 00:08:14,110

exciting because um it's about UFOs in

178

00:08:19,170 --> 00:08:16,930

China so we just go over especially one

179

00:08:23,610 --> 00:08:19,180

scientist in particular and his thoughts

180

00:08:27,050 --> 00:08:23,620

about UFOs and this is a guy who had a

181

00:08:30,900 --> 00:08:27,060

couple of great sightings one of them in

182

00:08:32,519 --> 00:08:30,910

1977 and so you could read about that

183

00:08:35,310 --> 00:08:32,529

what's interesting is there has also

184

00:08:39,089 --> 00:08:35,320

been a couple times he predicted there

185

00:08:41,909 --> 00:08:39,099

will be some UFO sightings and he's been

186

00:08:46,230 --> 00:08:41,919

accurate one time at least they aided

187

00:08:49,710 --> 00:08:46,240

use the prediction even made it into the

188

00:08:52,470 --> 00:08:49,720

news there in China so it's a really

189

00:08:53,540 --> 00:08:52,480

interesting story and he has some older

190

00:08:55,910 --> 00:08:53,550

stories that go back

191

00:09:01,250 --> 00:08:55,920

time if people remember Paul Stonehill

192

00:09:03,550 --> 00:09:01,260

is a Russian UFO researcher he's from

193

00:09:07,670 --> 00:09:03,560

Russia he lives in the United States now

194

00:09:10,519 --> 00:09:07,680

he wrote a book about Russia's UFO FILES

195

00:09:15,790 --> 00:09:10,529

and more recently however he's wrote and

196

00:09:19,000 --> 00:09:15,800

written a book about us oh so underwater

197

00:09:23,240 --> 00:09:19,010

submerge of unidentified submersible

198

00:09:25,819 --> 00:09:23,250

objects yes and he was on your show

199

00:09:27,980 --> 00:09:25,829

recently great interview but thank you

200

00:09:30,110 --> 00:09:27,990

yeah that was a lot of fun he's he's

201  
00:09:32,000 --> 00:09:30,120  
really interesting so he kind of talks

202  
00:09:34,880 --> 00:09:32,010  
about how it relates to these these

203  
00:09:36,949 --> 00:09:34,890  
Chinese stories with and how they kind

204  
00:09:40,790 --> 00:09:36,959  
of found out about him through his

205  
00:09:42,230 --> 00:09:40,800  
research in Russian ufology so yeah

206  
00:09:46,370 --> 00:09:42,240  
that's really interesting otherwise

207  
00:09:50,569 --> 00:09:46,380  
another sighting this one was in Wasilla

208  
00:09:52,310 --> 00:09:50,579  
Alaska and this was from another one

209  
00:09:55,720 --> 00:09:52,320  
from 2012 so another one from the

210  
00:09:58,370 --> 00:09:55,730  
archives but this is another video of

211  
00:10:01,940 --> 00:09:58,380  
kind of like one I think we talked about

212  
00:10:05,900 --> 00:10:01,950  
last week with these two lights kind of

213  
00:10:09,620 --> 00:10:05,910

floating through the sky these light and

214

00:10:12,170 --> 00:10:09,630

a flew but it's kind of a funny video

215

00:10:13,610 --> 00:10:12,180

because this lady said she saw these

216

00:10:16,910 --> 00:10:13,620

lights and she didn't know what they

217

00:10:19,579 --> 00:10:16,920

were and she got scared she watched him

218

00:10:21,650 --> 00:10:19,589

until she couldn't see him anymore she

219

00:10:25,519 --> 00:10:21,660

knows it was a UFO sighting and she

220

00:10:27,260 --> 00:10:25,529

recorded them and posted those but it

221

00:10:29,960 --> 00:10:27,270

was kind of funny because this happened

222

00:10:31,850 --> 00:10:29,970

on October 27th when she was loading her

223

00:10:35,240 --> 00:10:31,860

kids into the car to take them to a

224

00:10:37,519 --> 00:10:35,250

haunted house and you can see in the

225

00:10:38,810 --> 00:10:37,529

video she's videotaping and it's kind of

226

00:10:42,410 --> 00:10:38,820

like you get this sense that her

227

00:10:45,079 --> 00:10:42,420

husband's like okay honey let's go let's

228

00:10:48,460 --> 00:10:45,089

go you know like could you get done

229

00:10:51,380 --> 00:10:48,470

taping your UFOs so if you can go now

230

00:10:54,470 --> 00:10:51,390

but so it's kind of an interesting video

231

00:11:00,019 --> 00:10:54,480

that one again was investigated and

232

00:11:03,079 --> 00:11:00,029

closed as an unknown hey before we move

233

00:11:05,750 --> 00:11:03,089

on to I know we're gonna end the news

234

00:11:07,130 --> 00:11:05,760

with Roswell and going to that alia

235

00:11:10,220 --> 00:11:07,140

but before

236

00:11:11,780 --> 00:11:10,230

I wanted to talk about China I used to

237

00:11:13,579 --> 00:11:11,790

be in touch with someone over there we

238

00:11:15,710 --> 00:11:13,589

all kind of lost touch he used to

239

00:11:19,130 --> 00:11:15,720

actually report in on what's going on in

240

00:11:23,900 --> 00:11:19,140

China but we really don't get a lot of

241

00:11:26,930 --> 00:11:23,910

information about UFOs in China what do

242

00:11:28,639 --> 00:11:26,940

you know about that yeah we don't get a

243

00:11:33,319 --> 00:11:28,649

lot of information I love talking about

244

00:11:35,630 --> 00:11:33,329

Japanese ufology so here we go I'm glad

245

00:11:37,370 --> 00:11:35,640

you brought this up but you're right I

246

00:11:39,350 --> 00:11:37,380

think it's the same reason we don't hear

247

00:11:39,980 --> 00:11:39,360

a lot except for from Stonehill from

248

00:11:42,710 --> 00:11:39,990

Russia

249

00:11:45,009 --> 00:11:42,720

I think non-english speaking countries

250

00:11:49,220 --> 00:11:45,019

we just typically don't hear much from

251  
00:11:51,800 --> 00:11:49,230  
now we do hear from mexico occasionally

252  
00:11:55,250 --> 00:11:51,810  
of course they're close we have people

253  
00:11:59,210 --> 00:11:55,260  
like Jaime slap moose on bless his heart

254  
00:12:00,699 --> 00:11:59,220  
you know who is reporting some stuff not

255  
00:12:04,100 --> 00:12:00,709  
the best source of information

256  
00:12:06,980 --> 00:12:04,110  
necessarily let's discriminate so in

257  
00:12:10,850 --> 00:12:06,990  
other words if Jaime's reporting and

258  
00:12:14,600 --> 00:12:10,860  
still look into it and think it was a

259  
00:12:17,740 --> 00:12:14,610  
famous song but we also have of course

260  
00:12:21,019 --> 00:12:17,750  
in South America actual government

261  
00:12:23,500 --> 00:12:21,029  
reporting agencies so we hear from them

262  
00:12:26,750 --> 00:12:23,510  
often of course France has a

263  
00:12:28,910 --> 00:12:26,760

organization as well but again I think

264

00:12:31,189 --> 00:12:28,920

because they're not as high profile and

265

00:12:33,410 --> 00:12:31,199

because there's a language barrier there

266

00:12:37,389 --> 00:12:33,420

we just don't hear from them so we just

267

00:12:40,490 --> 00:12:37,399

don't hear much about ufology in China

268

00:12:43,730 --> 00:12:40,500

for those reasons we've interviewed and

269

00:12:46,910 --> 00:12:43,740

you can find it on YouTube fessor tomb

270

00:12:50,300 --> 00:12:46,920

she Liddy who isn't Chinese ufologists

271

00:12:52,100 --> 00:12:50,310

and he's a really interesting guy but of

272

00:12:56,329 --> 00:12:52,110

course this is what's funny about that

273

00:13:00,980 --> 00:12:56,339

interview soon she please speaks Chinese

274

00:13:03,980 --> 00:13:00,990

and Spanish so he was interviewed by

275

00:13:08,090 --> 00:13:03,990

Antonio who Naas who used to work for

276

00:13:11,079 --> 00:13:08,100

open mind and he speaks many languages

277

00:13:13,850 --> 00:13:11,089

including Spanish so he had to translate

278

00:13:16,819 --> 00:13:13,860

you know dis Chinese guys speaking

279

00:13:19,730 --> 00:13:16,829

Spanish Antonio who then translated that

280

00:13:20,870 --> 00:13:19,740

to English which is kind of funny so I

281

00:13:24,320 --> 00:13:20,880

think it's just thank

282

00:13:28,940 --> 00:13:24,330

um you know the the language barriers

283

00:13:31,850 --> 00:13:28,950

the big issue but China has an

284

00:13:34,100 --> 00:13:31,860

interesting history one of the best

285

00:13:36,920 --> 00:13:34,110

books available that you're just not

286

00:13:38,570 --> 00:13:36,930

gonna get though I apologize but it's

287

00:13:39,620 --> 00:13:38,580

written by a guy named Paul dong in

288

00:13:42,500 --> 00:13:39,630

China and here's what's interesting

289

00:13:44,150 --> 00:13:42,510

about China is that we've written quite

290

00:13:45,530 --> 00:13:44,160

a bit about this in our magazine and on

291

00:13:48,710 --> 00:13:45,540

the website and I don't see this

292

00:13:52,340 --> 00:13:48,720

anywhere else a lot of this is research

293

00:13:55,880 --> 00:13:52,350

that was done by Wendell and Antonio but

294

00:13:58,040 --> 00:13:55,890

in China they were and Suchi Lee who has

295

00:14:01,850 --> 00:13:58,050

written stories for us and we translated

296

00:14:03,350 --> 00:14:01,860

but essentially there were professors in

297

00:14:06,820 --> 00:14:03,360

Chile and some of his colleagues were

298

00:14:11,210 --> 00:14:06,830

really into UFOs but at the beginning of

299

00:14:14,510 --> 00:14:11,220

China's you know socialist or communist

300

00:14:18,470 --> 00:14:14,520

regime they were really tied closely

301  
00:14:21,050 --> 00:14:18,480  
with Russia and Russia had a bad outlook

302  
00:14:24,740 --> 00:14:21,060  
on the whole UFO topic so it was really

303  
00:14:26,450 --> 00:14:24,750  
underground and it wasn't really done so

304  
00:14:29,570 --> 00:14:26,460  
for instance the professors in China

305  
00:14:32,930 --> 00:14:29,580  
couldn't really talk about UFOs and that

306  
00:14:36,080 --> 00:14:32,940  
was because Russia was really in control

307  
00:14:38,180 --> 00:14:36,090  
of things in the 70s that began to

308  
00:14:42,110 --> 00:14:38,190  
change and the Chinese started to take

309  
00:14:47,420 --> 00:14:42,120  
control of themselves at one point and I

310  
00:14:49,700 --> 00:14:47,430  
believe it was soon chilly he went to he

311  
00:14:51,830 --> 00:14:49,710  
decided he wanted to start writing about

312  
00:14:55,730 --> 00:14:51,840  
some of these UFO stories and to create

313  
00:15:00,230 --> 00:14:55,740

an organization a UFO organization monks

314

00:15:02,990 --> 00:15:00,240

to call up academics what if I believe

315

00:15:06,590 --> 00:15:03,000

it was worked for and I'm pretty sure

316

00:15:08,690 --> 00:15:06,600

this is all accurate all the details but

317

00:15:10,820 --> 00:15:08,700

this is essentially how it worked his

318

00:15:12,890 --> 00:15:10,830

wife worked for the government so they

319

00:15:15,170 --> 00:15:12,900

actually approached the government and

320

00:15:19,070 --> 00:15:15,180

said we would like permission to create

321

00:15:22,730 --> 00:15:19,080

a UFO journal and that they said ok no

322

00:15:25,250 --> 00:15:22,740

problem and they even said you know

323

00:15:26,450 --> 00:15:25,260

who's gonna fund it and Sue she's like I

324

00:15:29,270 --> 00:15:26,460

don't know why I haven't gotten that far

325

00:15:32,930 --> 00:15:29,280

the Chinese government actually offered

326

00:15:34,130 --> 00:15:32,940

to fund its journal and so the dome got

327

00:15:36,830 --> 00:15:34,140

created and that's

328

00:15:39,110 --> 00:15:36,840

this organization that burgeoned into a

329

00:15:41,330 --> 00:15:39,120

huge organization with a lot of members

330

00:15:43,610 --> 00:15:41,340

and it's more like a professional

331

00:15:46,310 --> 00:15:43,620

scientific society where if you're a

332

00:15:49,280 --> 00:15:46,320

doctor or professional you can join the

333

00:15:51,590 --> 00:15:49,290

society as a full-fledged member but if

334

00:15:53,690 --> 00:15:51,600

you're not a doctor than you had you can

335

00:15:55,370 --> 00:15:53,700

only be kind of an associate member and

336

00:15:57,140 --> 00:15:55,380

you can get the journal and stuff like

337

00:15:58,550 --> 00:15:57,150

that so kind of like we were talking

338

00:16:01,700 --> 00:15:58,560

about with MUFON they would put out a

339

00:16:07,310 --> 00:16:01,710

journal that was written on a monthly

340

00:16:09,920 --> 00:16:07,320

basis but moving forward in time to this

341

00:16:12,380 --> 00:16:09,930

book so when did that information start

342

00:16:15,500 --> 00:16:12,390

getting here wendell stevens

343

00:16:18,380 --> 00:16:15,510

some of you may know was an american in

344

00:16:20,620 --> 00:16:18,390

the air forest a very controversial you

345

00:16:23,960 --> 00:16:20,630

work with billy meyers and some other

346

00:16:27,110 --> 00:16:23,970

contactees quote-unquote some of the

347

00:16:29,810 --> 00:16:27,120

cases that aren't that credible

348

00:16:32,780 --> 00:16:29,820

essentially what happened is Paul dong

349

00:16:35,660 --> 00:16:32,790

wrote this book about UFOs in China and

350

00:16:39,200 --> 00:16:35,670

these are cases that were from you know

351

00:16:41,320 --> 00:16:39,210

that like really nineteen hundreds up

352

00:16:44,570 --> 00:16:41,330

until that time period in the eighties

353

00:16:45,650 --> 00:16:44,580

really great cases he asked Wendell if

354

00:16:47,990 --> 00:16:45,660

Wendell would like to get that

355

00:16:50,510 --> 00:16:48,000

translated and print it in English and

356

00:16:51,530 --> 00:16:50,520

Wendell said well I'd love to but I

357

00:16:53,780 --> 00:16:51,540

don't speak Chinese

358

00:16:55,700 --> 00:16:53,790

Paul Dong actually went to the

359

00:16:57,650 --> 00:16:55,710

government the government offered to

360

00:17:00,440 --> 00:16:57,660

translate it and one of the departments

361

00:17:03,020 --> 00:17:00,450

and the Chinese government translated

362

00:17:04,790 --> 00:17:03,030

his book into English gave that text to

363

00:17:05,990 --> 00:17:04,800

Wendell with all of these wonderful

364

00:17:09,470 --> 00:17:06,000

pictures and everything

365

00:17:13,130 --> 00:17:09,480

and Wendell printed that and packaged it

366

00:17:16,579 --> 00:17:13,140

and it's just a book full of great

367

00:17:20,540 --> 00:17:16,589

incredible Chinese cases luckily for you

368

00:17:22,430 --> 00:17:20,550

all in our magazine open my magazine but

369

00:17:25,550 --> 00:17:22,440

also on our website we have a lot of

370

00:17:28,370 --> 00:17:25,560

these stories that you'll be able to

371

00:17:30,350 --> 00:17:28,380

find here and there and in fact at least

372

00:17:33,410 --> 00:17:30,360

one of these stories that is in the Paul

373

00:17:35,990 --> 00:17:33,420

Stonehill story was also in windows book

374

00:17:38,390 --> 00:17:36,000

so at least one of the images maybe a

375

00:17:42,320 --> 00:17:38,400

couple come from the book that Wendell

376

00:17:43,700 --> 00:17:42,330

Stevens worked on but if you can get it

377

00:17:47,920 --> 00:17:43,710

you know there's a good science out

378

00:17:53,080 --> 00:17:47,930

there aids books and others look

379

00:17:54,640 --> 00:17:53,090

you know UFOs over China and and written

380

00:17:58,030 --> 00:17:54,650

by wendell stevens and you'll be able to

381

00:18:01,420 --> 00:17:58,040

see it you had one more chatted earlier

382

00:18:03,250 --> 00:18:01,430

today I'd like to talk about what the

383

00:18:06,190 --> 00:18:03,260

article that you're working on if you

384

00:18:09,010 --> 00:18:06,200

would Roswell

385

00:18:14,440 --> 00:18:09,020

so some people get upset now like oh man

386

00:18:16,060 --> 00:18:14,450

why are they talking about do you get

387

00:18:18,130 --> 00:18:16,070

that have you heard people call about

388

00:18:22,230 --> 00:18:18,140

that always yes uh-huh

389

00:18:24,460 --> 00:18:22,240

yeah and so to those people I would say

390

00:18:26,110 --> 00:18:24,470

regardless of what you may think and you

391

00:18:28,810 --> 00:18:26,120

can call in we could debate this but

392

00:18:31,480 --> 00:18:28,820

there are not a lot of great cases out

393

00:18:34,690 --> 00:18:31,490

there and abundance of credible

394

00:18:39,370 --> 00:18:34,700

witnesses Roswell is one of those very

395

00:18:42,760 --> 00:18:39,380

very very few cases and that's why we

396

00:18:44,740 --> 00:18:42,770

Roswell is important and not only that

397

00:18:48,150 --> 00:18:44,750

when you think you when the general

398

00:18:50,620 --> 00:18:48,160

public thinks UFOs they think Roswell so

399

00:18:53,470 --> 00:18:50,630

you know that that also makes it really

400

00:18:55,840 --> 00:18:53,480

important but this also makes it really

401  
00:18:58,690 --> 00:18:55,850  
important this story is cool so I Kevin

402  
00:19:01,630 --> 00:18:58,700  
Randall some of you have you had him on

403  
00:19:04,690 --> 00:19:01,640  
the show oh yes he does yeah yeah he's

404  
00:19:08,650 --> 00:19:04,700  
great he's as well researchers a UFO

405  
00:19:12,730 --> 00:19:08,660  
researcher and author he's got a blog

406  
00:19:15,580 --> 00:19:12,740  
out there and in his blog just late last

407  
00:19:17,320 --> 00:19:15,590  
week he wrote that one of a cop one of

408  
00:19:21,790 --> 00:19:17,330  
his colleagues someone he's been in

409  
00:19:23,800 --> 00:19:21,800  
communication with has offered to I

410  
00:19:25,000 --> 00:19:23,810  
guess they were talking about this Ramey

411  
00:19:30,550 --> 00:19:25,010  
memo which I'll get to

412  
00:19:33,100 --> 00:19:30,560  
but they've offered to pay ten thousand

413  
00:19:36,820 --> 00:19:33,110

dollars to anyone who can decipher this

414

00:19:39,040 --> 00:19:36,830

memo so let's explain this memo so what

415

00:19:42,790 --> 00:19:39,050

happened it it just to give people a

416

00:19:46,090 --> 00:19:42,800

little refresher is in 1947 in

417

00:19:49,740 --> 00:19:46,100

particular on July 8 was they that were

418

00:19:52,930 --> 00:19:49,750

looking at um this was the morning when

419

00:19:56,620 --> 00:19:52,940

Walter Haught who was the communications

420

00:19:59,860 --> 00:19:56,630

guy at the Roswell Army Airfield sent

421

00:20:00,610 --> 00:19:59,870

out the press release that said we found

422

00:20:03,190 --> 00:20:00,620

a flying

423

00:20:06,310 --> 00:20:03,200

saucer and of course he based that off

424

00:20:11,670 --> 00:20:06,320

of the intelligence officer for the

425

00:20:14,020 --> 00:20:11,680

Roswell Army Air Force Air Base

426

00:20:16,299 --> 00:20:14,030

intelligence officer Jesse Marcel who

427

00:20:18,880 --> 00:20:16,309

went to day before to look at this

428

00:20:20,770 --> 00:20:18,890

debris that people had you know that Mac

429

00:20:22,870 --> 00:20:20,780

Brazel said was a crashed UFO

430

00:20:24,250 --> 00:20:22,880

he went and looked at the Bri debris he

431

00:20:26,590 --> 00:20:24,260

couldn't figure out what it was he

432

00:20:29,560 --> 00:20:26,600

butted in

433

00:20:32,710 --> 00:20:29,570

then on the 8th he was ordered to take

434

00:20:35,740 --> 00:20:32,720

this material and have it shipped to

435

00:20:39,370 --> 00:20:35,750

Fort Worth and for himself also to go to

436

00:20:45,160 --> 00:20:39,380

Fort Worth where he would meet general

437

00:20:47,410 --> 00:20:45,170

Roger Ramey so while he's in the air and

438

00:20:50,500 --> 00:20:47,420

while he's there you know Walter Haught

439

00:20:53,530 --> 00:20:50,510

write this press release since it out in

440

00:20:56,230 --> 00:20:53,540

the morning the end the AP then in the

441

00:20:59,620 --> 00:20:56,240

afternoon of the 8th posts this story

442

00:21:00,880 --> 00:20:59,630

you know the Air Force or the the Army

443

00:21:02,620 --> 00:21:00,890

Air Force because at the time that was

444

00:21:06,430 --> 00:21:02,630

about the time right before the Air

445

00:21:10,180 --> 00:21:06,440

Force was created so it was a department

446

00:21:12,430 --> 00:21:10,190

of the army actually you know wrote the

447

00:21:14,230 --> 00:21:12,440

big story and so when everywhere that

448

00:21:20,470 --> 00:21:14,240

they found this flying saucer

449

00:21:21,160 --> 00:21:20,480

well Ramey when Jesse Marcel got to Fort

450

00:21:23,980 --> 00:21:21,170

Worth

451  
00:21:27,400 --> 00:21:23,990  
they walked Jesse Marcel to Raimi's

452  
00:21:30,640 --> 00:21:27,410  
office and in his office he had some

453  
00:21:33,970 --> 00:21:30,650  
material on the floor that later Marcel

454  
00:21:35,799 --> 00:21:33,980  
said was obviously a weather balloon but

455  
00:21:39,060 --> 00:21:35,809  
he was told what we're gonna tell the

456  
00:21:41,950 --> 00:21:39,070  
public that this is what you found and

457  
00:21:44,590 --> 00:21:41,960  
being a good soldier you know Jesse

458  
00:21:47,530 --> 00:21:44,600  
Marcel jr. who was a friend of mine

459  
00:21:48,820 --> 00:21:47,540  
confirmed this as a good soldier Jesse

460  
00:21:51,070 --> 00:21:48,830  
Marcel said yes sir

461  
00:21:53,200 --> 00:21:51,080  
didn't ask questions he this was these

462  
00:21:55,480 --> 00:21:53,210  
were his orders he said we'll tell

463  
00:21:57,370 --> 00:21:55,490

people this is what I got so a

464

00:22:01,990 --> 00:21:57,380

photographer came in they took pictures

465

00:22:04,960 --> 00:22:02,000

of Ramey his chief of staff Colonel

466

00:22:06,760 --> 00:22:04,970

Thomas de Blois and Jesse Marcel with

467

00:22:09,190 --> 00:22:06,770

this material that was obviously a

468

00:22:12,130 --> 00:22:09,200

weather balloon then they sent out to

469

00:22:16,090 --> 00:22:12,140

reply that oh sorry we screwed up that

470

00:22:21,250 --> 00:22:18,100

so these pictures in these pictures

471

00:22:25,300 --> 00:22:21,260

Roger Ramey is holding a piece of paper

472

00:22:28,240 --> 00:22:25,310

and and most of these pictures you can't

473

00:22:30,340 --> 00:22:28,250

tell what is on that piece of paper but

474

00:22:32,260 --> 00:22:30,350

in one of these pictures you know it

475

00:22:35,440 --> 00:22:32,270

looks like there's some writing on it or

476  
00:22:38,170 --> 00:22:35,450  
something what some researchers have

477  
00:22:41,110 --> 00:22:38,180  
done the most well-known who's done this

478  
00:22:44,800 --> 00:22:41,120  
is David rudy AK right and in fact in my

479  
00:22:47,260 --> 00:22:44,810  
story I have a video of a part of a

480  
00:22:49,930 --> 00:22:47,270  
sci-fi channel special where they go

481  
00:22:52,690 --> 00:22:49,940  
over rudy AK and his findings but

482  
00:22:54,190 --> 00:22:52,700  
they've taken you know good clear photos

483  
00:22:57,700 --> 00:22:54,200  
and they've been able to scan them and

484  
00:23:00,190 --> 00:22:57,710  
blow them up and David react has look at

485  
00:23:03,640 --> 00:23:00,200  
this mone feels that you can see some

486  
00:23:07,210 --> 00:23:03,650  
things on this memo such as the phrases

487  
00:23:11,830 --> 00:23:07,220  
and the victims of the wreck and another

488  
00:23:13,680 --> 00:23:11,840

phrase in the disk they will ship he

489

00:23:16,120 --> 00:23:13,690

thinks that's very important because it

490

00:23:19,420 --> 00:23:16,130

indicates to him that there was a disc

491

00:23:21,720 --> 00:23:19,430

that was found when it says victims of

492

00:23:24,670 --> 00:23:21,730

the wreck he feels that then that

493

00:23:26,950 --> 00:23:24,680

corroborates the testimony from some of

494

00:23:28,840 --> 00:23:26,960

the witnesses who say there were you

495

00:23:33,720 --> 00:23:28,850

know aliens that were found that were

496

00:23:36,370 --> 00:23:33,730

part of this crash so he actually has

497

00:23:40,810 --> 00:23:36,380

ideas about what the entire term memo

498

00:23:42,150 --> 00:23:40,820

said in fact I could read it if you want

499

00:23:48,010 --> 00:23:42,160

me to sure yep mm-hmm

500

00:23:50,710 --> 00:23:48,020

it says FWAA F Fort Worth Army Airfield

501  
00:23:53,680 --> 00:23:50,720  
is what that stands for acknowledges

502  
00:23:57,550 --> 00:23:53,690  
that a disc is the next new fine west of

503  
00:24:00,940 --> 00:23:57,560  
the cordon at location or in addition

504  
00:24:04,300 --> 00:24:00,950  
was a wreck or perhaps he thinks it

505  
00:24:07,240 --> 00:24:04,310  
might say pod or air for air foil near

506  
00:24:09,670 --> 00:24:07,250  
operation at the ranch and the victims

507  
00:24:14,080 --> 00:24:09,680  
of the wreck you forward it to the team

508  
00:24:21,070 --> 00:24:14,090  
at Fort Worth Texas aviators in the disc

509  
00:24:24,180 --> 00:24:21,080  
they will ship for a 8th Army Airfield

510  
00:24:27,730 --> 00:24:24,190  
that part is let's compare battle by

511  
00:24:32,370 --> 00:24:27,740  
b-29 or c-47 right

512  
00:24:36,460 --> 00:24:32,380  
air force assesses air foil at Roswell

513  
00:24:38,560 --> 00:24:36,470

about that or about noon some of these

514

00:24:41,440 --> 00:24:38,570

words he has alternate possibilities

515

00:24:44,140 --> 00:24:41,450

said that this miss state meaning of

516

00:24:48,430 --> 00:24:44,150

story and think late today next sent out

517

00:24:54,850 --> 00:24:48,440

PR of water water weather balloon would

518

00:24:59,470 --> 00:24:54,860

take if photos used and land something

519

00:25:01,600 --> 00:24:59,480

crews so I mean as you can tell is

520

00:25:04,450 --> 00:25:01,610

definitely not got it all figured out

521

00:25:07,590 --> 00:25:04,460

but you know that's a lot more than I

522

00:25:12,490 --> 00:25:07,600

heard before that was deciphered on this

523

00:25:15,640 --> 00:25:12,500

so is this recently well this is not

524

00:25:18,160 --> 00:25:15,650

really I mean this is as if he's got I

525

00:25:22,540 --> 00:25:18,170

mean this is what he feels that the memo

526

00:25:25,390 --> 00:25:22,550

most likely says he's a certain about

527

00:25:28,570 --> 00:25:25,400

all of this he's certain about like

528

00:25:31,120 --> 00:25:28,580

those phrases but yeah that's what he

529

00:25:34,690 --> 00:25:31,130

feels most likely what it says that's

530

00:25:36,730 --> 00:25:34,700

pretty amazing yeah so so the thing is

531

00:25:38,860 --> 00:25:36,740

is that not everybody agrees with him

532

00:25:42,910 --> 00:25:38,870

some people have accused him of being

533

00:25:45,990 --> 00:25:42,920

biased and so that has you know tainted

534

00:25:48,910 --> 00:25:46,000

his deciphering of this letter

535

00:25:54,430 --> 00:25:48,920

Kevin Randle has been a bit critical of

536

00:25:57,190 --> 00:25:54,440

some of the areas of the the letter in

537

00:25:59,740 --> 00:25:57,200

fact and this is interesting the Air

538

00:26:02,620 --> 00:25:59,750

Force themselves took a look at this

539

00:26:07,360 --> 00:26:02,630

picture and tried to decipher what was

540

00:26:10,630 --> 00:26:07,370

in the letter so in 1994 New Mexico

541

00:26:12,280 --> 00:26:10,640

congressman Steven Schiff asked the Air

542

00:26:14,470 --> 00:26:12,290

Force to explain what's going on in

543

00:26:17,080 --> 00:26:14,480

Roswell why are people talking about

544

00:26:19,330 --> 00:26:17,090

this and I should explain to people some

545

00:26:22,870 --> 00:26:19,340

people probably don't realize this but

546

00:26:26,860 --> 00:26:22,880

that Roswell was really unknown until

547

00:26:28,420 --> 00:26:26,870

the 80s that once Ramey came out and

548

00:26:31,510 --> 00:26:28,430

said oops sorry it was a weather balloon

549

00:26:33,550 --> 00:26:31,520

the the public and the press said oh

550

00:26:37,600 --> 00:26:33,560

okay it was just a weather balloon and

551  
00:26:38,830 --> 00:26:37,610  
it was lost to obscurity until you can

552  
00:26:40,990 --> 00:26:38,840  
there are a couple

553  
00:26:41,500 --> 00:26:41,000  
obscure references here and there to it

554  
00:26:46,930 --> 00:26:41,510  
but that's a

555  
00:26:50,590 --> 00:26:46,940  
about it but then in in it was about 79

556  
00:26:53,410 --> 00:26:50,600  
was the late 70s when freed I heard

557  
00:26:55,870 --> 00:26:53,420  
about us himself telling people about

558  
00:26:58,720 --> 00:26:55,880  
this and so we interviewed Jesse Marcel

559  
00:27:01,570 --> 00:26:58,730  
and Jesse Marcel said yeah that was not

560  
00:27:05,470 --> 00:27:01,580  
a weather balloon that was an alien

561  
00:27:07,330 --> 00:27:05,480  
spacecraft and so Stanton along with

562  
00:27:09,610 --> 00:27:07,340  
Bill Moore

563  
00:27:12,190 --> 00:27:09,620

they began researching and finding other

564

00:27:15,580 --> 00:27:12,200

witnesses and that culminated into bill

565

00:27:17,800 --> 00:27:15,590

Moore's book about graz well and then

566

00:27:20,170 --> 00:27:17,810

and then Stanton wrote a book and all

567

00:27:22,270 --> 00:27:20,180

kinds of books came and when it got huge

568

00:27:26,230 --> 00:27:22,280

then everybody started to know about

569

00:27:29,380 --> 00:27:26,240

Roswell and some Roswell got so big that

570

00:27:30,910 --> 00:27:29,390

this congressman I asked what's going on

571

00:27:35,110 --> 00:27:30,920

here everybody's talking about Roswell

572

00:27:37,900 --> 00:27:35,120

what is this and so in 1994 and it was

573

00:27:40,600 --> 00:27:37,910

updated in 95 the Air Force wrote this

574

00:27:44,590 --> 00:27:40,610

long paper something like 300 pages

575

00:27:48,570 --> 00:27:44,600

about they thought Roswell was really I

576

00:27:51,040 --> 00:27:48,580

feel it not that great of a

577

00:27:52,990 --> 00:27:51,050

investigation they didn't talk to a lot

578

00:27:55,060 --> 00:27:53,000

of the important with witnesses they

579

00:27:57,790 --> 00:27:55,070

didn't talk to ourselves just you some

580

00:28:00,190 --> 00:27:57,800

of the things he said one of the other

581

00:28:04,480 --> 00:28:00,200

things that's important is do boy

582

00:28:08,530 --> 00:28:04,490

DuBose who's in the picture with Ramey

583

00:28:12,550 --> 00:28:08,540

mmm-hmm there's a posted this video on

584

00:28:13,180 --> 00:28:12,560

our our story but he has said it was a

585

00:28:14,770 --> 00:28:13,190

cover-up

586

00:28:17,230 --> 00:28:14,780

he said that weather balloon was not

587

00:28:18,640 --> 00:28:17,240

what was there it was understood by all

588

00:28:20,140 --> 00:28:18,650

of us in that room that that was a

589

00:28:23,230 --> 00:28:20,150

cover-up

590

00:28:25,810 --> 00:28:23,240

now the Air Force in their analysis said

591

00:28:29,710 --> 00:28:25,820

that it was a cover-up that Ramey

592

00:28:32,980 --> 00:28:29,720

and for some reason had decided to cover

593

00:28:35,500 --> 00:28:32,990

up what it really was and call it a

594

00:28:38,830 --> 00:28:35,510

welder boom when it was in reality a

595

00:28:41,740 --> 00:28:38,840

project mogul balloon it seems like they

596

00:28:43,630 --> 00:28:41,750

even questioned know whether Ramey would

597

00:28:46,270 --> 00:28:43,640

have even known about project mogul but

598

00:28:48,370 --> 00:28:46,280

they say it was a project mogul balloon

599

00:28:50,560 --> 00:28:48,380

and so Ramey didn't want the public to

600

00:28:51,690 --> 00:28:50,570

know about project mogul so he said it

601  
00:28:55,360 --> 00:28:51,700  
was a weather balloon

602  
00:28:57,400 --> 00:28:55,370  
project mogul was it was still a balloon

603  
00:28:59,350 --> 00:28:57,410  
this was balloons they were launching

604  
00:29:01,390 --> 00:28:59,360  
that had listening devices on them so

605  
00:29:04,060 --> 00:29:01,400  
they could listen for Russian

606  
00:29:06,850 --> 00:29:04,070  
detonations of nuclear bombs so they can

607  
00:29:09,190 --> 00:29:06,860  
see if they were testing so that's why

608  
00:29:12,340 --> 00:29:09,200  
they said the cover-up happened but

609  
00:29:14,230 --> 00:29:12,350  
again you know Jesse Marcel says that

610  
00:29:16,420 --> 00:29:14,240  
was not a balloon I mean I would have

611  
00:29:19,570 --> 00:29:16,430  
known the Mogul look like I would have

612  
00:29:21,430 --> 00:29:19,580  
known what balloons like this was not a

613  
00:29:26,610 --> 00:29:21,440

balloon according to Jesse Marcel and

614

00:29:31,360 --> 00:29:26,620

other witnesses so and then you have

615

00:29:33,970 --> 00:29:31,370

this memo so people still feel that this

616

00:29:36,000 --> 00:29:33,980

memo could be like The Smoking Gun to

617

00:29:38,560 --> 00:29:36,010

Roswell that if we can figure out

618

00:29:41,920 --> 00:29:38,570

phonetically you know what's on that

619

00:29:44,170 --> 00:29:41,930

memo then we figure out what's going on

620

00:29:47,020 --> 00:29:44,180

with Roswell and that's essentially I

621

00:29:49,030 --> 00:29:47,030

guess what Randall says he was talking

622

00:29:52,060 --> 00:29:49,040

with his friend about is you know if we

623

00:29:54,850 --> 00:29:52,070

could find if we could fund a lab to do

624

00:29:56,830 --> 00:29:54,860

some real research you know because you

625

00:29:58,750 --> 00:29:56,840

know hire some professionals to figure

626

00:30:00,430 --> 00:29:58,760

out what's in in that that would be

627

00:30:02,110 --> 00:30:00,440

really cool and that's when his

628

00:30:08,410 --> 00:30:02,120

colleague decided well I'll offer a

629

00:30:10,000 --> 00:30:08,420

\$10,000 reward so he does say that in

630

00:30:12,400 --> 00:30:10,010

order to get the reward

631

00:30:15,010 --> 00:30:12,410

there must be overwhelming agreement

632

00:30:17,500 --> 00:30:15,020

that the result is definitive in the

633

00:30:19,870 --> 00:30:17,510

most of the clear text clear enough that

634

00:30:22,180 --> 00:30:19,880

there is little or no disagreement on

635

00:30:24,760 --> 00:30:22,190

what it says cross a broad spectrum

636

00:30:28,300 --> 00:30:24,770

people of all opinions whether true

637

00:30:32,320 --> 00:30:28,310

believer a complete skeptic now is this

638

00:30:35,200 --> 00:30:32,330

the original skin or the original the

639

00:30:43,230 --> 00:30:35,210

original negative is that is that what

640

00:30:49,780 --> 00:30:47,830

and as far as I know that that's the

641

00:30:54,040 --> 00:30:49,790

best source if you go to Rudy Act's

642

00:30:56,920 --> 00:30:54,050

website for the the best versions of

643

00:30:58,120 --> 00:30:56,930

those images and I'm sure on one of his

644

00:31:00,430 --> 00:30:58,130

blog Kevin rink

645

00:31:04,500 --> 00:31:00,440

Randall has links to that as well but I

646

00:31:07,160 --> 00:31:04,510

have a linked Rudy ACK site here mm-hmm

647

00:31:10,130 --> 00:31:07,170

well simple I've complained

648

00:31:13,300 --> 00:31:10,140

how can there be a consensus amongst

649

00:31:15,680 --> 00:31:13,310

people there's never a consensus point

650

00:31:19,130 --> 00:31:15,690

that that's impossible

651  
00:31:21,920 --> 00:31:19,140  
but Randall then argued that well

652  
00:31:24,800 --> 00:31:21,930  
remember the Roswell slide that when

653  
00:31:26,870 --> 00:31:24,810  
that placard was deciphered you know

654  
00:31:28,670 --> 00:31:26,880  
with the Roswell site of course was when

655  
00:31:30,020 --> 00:31:28,680  
these people found this photo they were

656  
00:31:32,150 --> 00:31:30,030  
saying was an alien but there's a

657  
00:31:34,370 --> 00:31:32,160  
placard in it but that placard was

658  
00:31:38,180 --> 00:31:34,380  
quickly deciphered by some people on the

659  
00:31:39,800 --> 00:31:38,190  
internet some great researchers and they

660  
00:31:40,640 --> 00:31:39,810  
even showed me how to do it so I could

661  
00:31:42,980 --> 00:31:40,650  
do it myself

662  
00:31:45,040 --> 00:31:42,990  
and we all came to the consensus that

663  
00:31:47,330 --> 00:31:45,050

yes the placard said you know this was a

664

00:31:51,890 --> 00:31:47,340

my fine body of a bit of American

665

00:31:54,080 --> 00:31:51,900

essentially a museum display so he

666

00:31:56,360 --> 00:31:54,090

argued that you know there was a

667

00:31:59,300 --> 00:31:56,370

consensus about what that placard said

668

00:32:02,900 --> 00:31:59,310

and that the only ones who didn't agree

669

00:32:05,180 --> 00:32:02,910

with what the deciphering of the placard

670

00:32:08,440 --> 00:32:05,190

were the people that had a vested

671

00:32:10,850 --> 00:32:08,450

interest in the photo being an alien

672

00:32:13,010 --> 00:32:10,860

people like I'm a moose on who never

673

00:32:17,300 --> 00:32:13,020

gave up that it's an alien when it

674

00:32:22,700 --> 00:32:17,310

obviously is not so and so I think that

675

00:32:24,770 --> 00:32:22,710

indicates that you know if Randall is

676

00:32:28,490 --> 00:32:24,780

involved with being able to make the

677

00:32:31,160 --> 00:32:28,500

judgement that as long as you know what

678

00:32:34,580 --> 00:32:31,170

he determined are Stauber are on

679

00:32:37,250 --> 00:32:34,590

credible researchers who have who have

680

00:32:41,000 --> 00:32:37,260

come to a consensus then hopefully

681

00:32:42,890 --> 00:32:41,010

they'll ward this money but and I trust

682

00:32:45,050 --> 00:32:42,900

Kevin Randall I think Karen Randall is

683

00:32:48,020 --> 00:32:45,060

one of the best researchers out there I

684

00:32:50,900 --> 00:32:48,030

think he's great very grounded very

685

00:32:55,070 --> 00:32:50,910

level-headed he's never given any one

686

00:32:59,180 --> 00:32:55,080

reason I don't think to doubt his his

687

00:33:03,830 --> 00:32:59,190

credibility at all which you can't say

688

00:33:06,560 --> 00:33:03,840

for every researcher out there but so

689

00:33:10,550 --> 00:33:06,570

yeah so that's kind of interesting

690

00:33:13,340 --> 00:33:10,560

yeah now it makes me one of the first

691

00:33:15,050 --> 00:33:13,350

things I think of is you know the who

692

00:33:17,030 --> 00:33:15,060

would you go to that would have the best

693

00:33:20,180 --> 00:33:17,040

equipment to decipher this and the first

694

00:33:21,020 --> 00:33:20,190

thing I think of is the FBI or some CIA

695

00:33:23,480 --> 00:33:21,030

or something

696

00:33:26,870 --> 00:33:23,490

like that would have the best equipment

697

00:33:28,760 --> 00:33:26,880

for actually deciphering this first of

698

00:33:31,610 --> 00:33:28,770

all it was a boo-boo for him to be

699

00:33:35,360 --> 00:33:31,620

holding that in his hand obviously yeah

700

00:33:39,050 --> 00:33:35,370

hence second of all though if that is so

701  
00:33:41,720 --> 00:33:39,060  
that the FBI or CIA or whoever could

702  
00:33:45,830 --> 00:33:41,730  
decipher it would they even bother I

703  
00:33:50,980 --> 00:33:45,840  
mean you know is it even an issue that

704  
00:33:55,490 --> 00:33:50,990  
there would ever think about or and

705  
00:33:59,180 --> 00:33:55,500  
another thing is you know about the the

706  
00:34:01,280 --> 00:33:59,190  
crash itself and you mentioned Kevin

707  
00:34:05,330 --> 00:34:01,290  
Randle just a second ago and last time I

708  
00:34:07,010 --> 00:34:05,340  
had him on the show I said I told him

709  
00:34:10,340 --> 00:34:07,020  
what the skeptics often say about

710  
00:34:12,290 --> 00:34:10,350  
Roswell that it hadn't been heard of you

711  
00:34:15,169 --> 00:34:12,300  
know for years and it just popped up in

712  
00:34:17,540 --> 00:34:15,179  
1980 when you're you know when Stan Stan

713  
00:34:20,450 --> 00:34:17,550

Freeman got ahold of it and he said well

714

00:34:22,960 --> 00:34:20,460

on the contrary when it first happened

715

00:34:27,110 --> 00:34:22,970

it was like the biggest story of July of

716

00:34:30,680 --> 00:34:27,120

1947 they probably was but it it was one

717

00:34:34,430 --> 00:34:30,690

of those flash in the pans that as soon

718

00:34:37,520 --> 00:34:34,440

as the press release went out to recant

719

00:34:39,740 --> 00:34:37,530

it and calling it a weather balloon it

720

00:34:41,870 --> 00:34:39,750

did die like you said you know totally

721

00:34:43,970 --> 00:34:41,880

died until it was brought up again and I

722

00:34:46,550 --> 00:34:43,980

think I heard that somewhere in Canada

723

00:34:49,430 --> 00:34:46,560

there was some type of publication like

724

00:34:50,690 --> 00:34:49,440

in the 1960s or something about it but

725

00:34:55,340 --> 00:34:50,700

other than that that was it was very

726

00:34:59,090 --> 00:34:55,350

little talked about which exactly which

727

00:35:03,200 --> 00:34:59,100

is kind of unusual I think in general

728

00:35:05,870 --> 00:35:03,210

because it was such a major broadcast of

729

00:35:08,840 --> 00:35:05,880

this thing being found I mean when in

730

00:35:11,390 --> 00:35:08,850

time has it ever happened that the Air

731

00:35:13,430 --> 00:35:11,400

Force said they had a disc you know I

732

00:35:16,730 --> 00:35:13,440

mean it's just kind of weird that it

733

00:35:18,470 --> 00:35:16,740

just went away so like it did you know

734

00:35:21,350 --> 00:35:18,480

what and you make another great point

735

00:35:23,750 --> 00:35:21,360

and rot why Roswell is important I mean

736

00:35:26,870 --> 00:35:23,760

never have we had the Air Force say we

737

00:35:29,660 --> 00:35:26,880

found a UFO except for or a flying

738

00:35:32,600 --> 00:35:29,670

saucer which at that time you know

739

00:35:33,690 --> 00:35:32,610

implied an extraterrestrial spacecraft I

740

00:35:35,849 --> 00:35:33,700

mean

741

00:35:37,589 --> 00:35:35,859

at the if you listen Andrew DIAC has it

742

00:35:40,380 --> 00:35:37,599

on its website but if you listen to

743

00:35:42,510 --> 00:35:40,390

those radio broadcasts you know they

744

00:35:44,579 --> 00:35:42,520

make a crowd something like oh you know

745

00:35:46,020 --> 00:35:44,589

we finally know we're finally going to

746

00:35:48,059 --> 00:35:46,030

figure out what are these flying saucers

747

00:35:50,010 --> 00:35:48,069

that have been seen flying all over the

748

00:35:53,520 --> 00:35:50,020

country so it was something that people

749

00:35:57,059 --> 00:35:53,530

were were aware of that was going on it

750

00:35:58,829 --> 00:35:57,069

was a new story and the Air Force says

751  
00:36:02,220 --> 00:35:58,839  
yeah they've captured one we've never

752  
00:36:05,549 --> 00:36:02,230  
had that so that's what makes makes this

753  
00:36:09,120 --> 00:36:05,559  
a big deal and I think you know makes

754  
00:36:11,339 --> 00:36:09,130  
all of this a big deal so as far as

755  
00:36:14,819 --> 00:36:11,349  
would do it yeah I think you've got a

756  
00:36:17,940 --> 00:36:14,829  
great point I think that doing it this

757  
00:36:20,880 --> 00:36:17,950  
way you would have to have someone who's

758  
00:36:23,329 --> 00:36:20,890  
willing to go to some lab I'm sure there

759  
00:36:26,460 --> 00:36:23,339  
are some labs that do this sort of thing

760  
00:36:29,520 --> 00:36:26,470  
you know data recovery type specialists

761  
00:36:33,829 --> 00:36:29,530  
that work also on and you know

762  
00:36:35,849 --> 00:36:33,839  
deciphering material like this but

763  
00:36:38,520 --> 00:36:35,859

someone would have to want to put the

764

00:36:40,710 --> 00:36:38,530

money up front with the expectation that

765

00:36:43,680 --> 00:36:40,720

they'll be able to get it at the end or

766

00:36:45,599 --> 00:36:43,690

a lab that does its kind of work but

767

00:36:48,089 --> 00:36:45,609

needed confident enough that they'd be

768

00:36:50,309 --> 00:36:48,099

able to decipher it that they would be

769

00:36:52,799 --> 00:36:50,319

like hey let's do this and and make some

770

00:36:54,660 --> 00:36:52,809

money so yeah but you know we're in a

771

00:36:58,319 --> 00:36:54,670

situation like that ten thousand dollars

772

00:37:01,020 --> 00:36:58,329

is nothing if you went to hire like a

773

00:37:02,849 --> 00:37:01,030

real specialized lab to decipher they'd

774

00:37:05,160 --> 00:37:02,859

probably want a retainer of ten thousand

775

00:37:07,859 --> 00:37:05,170

dollars you know just yeah I think so

776  
00:37:09,569 --> 00:37:07,869  
yeah probably you know I mean I have no

777  
00:37:11,670 --> 00:37:09,579  
idea what something like this would cost

778  
00:37:13,020 --> 00:37:11,680  
that that seems high but maybe you're

779  
00:37:16,920 --> 00:37:13,030  
right I don't know no I actually

780  
00:37:19,680 --> 00:37:16,930  
contacted a place in Illinois about we

781  
00:37:22,470 --> 00:37:19,690  
had a conversation and it's still not

782  
00:37:25,770 --> 00:37:22,480  
completely over yet about the mj-12

783  
00:37:27,809 --> 00:37:25,780  
papers that were found in a CIA's estate

784  
00:37:30,569 --> 00:37:27,819  
this is something I brought up a while

785  
00:37:33,059 --> 00:37:30,579  
back and so I contacted this company and

786  
00:37:37,099 --> 00:37:33,069  
just to do testing to see if the paper

787  
00:37:41,099 --> 00:37:37,109  
was from 1947 and the ink they wanted a

788  
00:37:43,410 --> 00:37:41,109

\$2,500 retainer so I can imagine if

789

00:37:45,089 --> 00:37:43,420

someone is going to try to decipher a

790

00:37:47,880 --> 00:37:45,099

letter like that it's going to be big

791

00:37:50,789 --> 00:37:47,890

bucks you know maybe I'm told

792

00:37:53,370 --> 00:37:50,799

wrong and I but before we move off of

793

00:37:55,170 --> 00:37:53,380

this subject I want to stay on it for a

794

00:37:58,849 --> 00:37:55,180

little bit also just to let you know I

795

00:38:01,289 --> 00:37:58,859

had an email today from a listener that

796

00:38:04,620 --> 00:38:01,299

randomly said you know he was a mailman

797

00:38:08,069 --> 00:38:04,630

and he delivered mail to this guy and

798

00:38:13,349 --> 00:38:08,079

had conversations annex NSA agent and

799

00:38:15,299 --> 00:38:13,359

one day the well not to elaborate

800

00:38:17,609 --> 00:38:15,309

anymore than what he said the mailman

801  
00:38:20,480 --> 00:38:17,619  
said that Roswell did indeed happen with

802  
00:38:22,920 --> 00:38:20,490  
aliens and everything crash and aliens

803  
00:38:25,319 --> 00:38:22,930  
weather you know I mean I don't know if

804  
00:38:30,420 --> 00:38:25,329  
I'll get any more information and if

805  
00:38:33,390 --> 00:38:30,430  
anything can be you know you know if

806  
00:38:36,690 --> 00:38:33,400  
anything can be elaborated on and if

807  
00:38:37,980 --> 00:38:36,700  
this guy is is who he says he is and all

808  
00:38:41,940 --> 00:38:37,990  
that stuff but I thought that was pretty

809  
00:38:46,079 --> 00:38:41,950  
interesting it just happened today yeah

810  
00:38:48,750 --> 00:38:46,089  
that is interesting so yeah so we'll see

811  
00:38:50,069 --> 00:38:48,760  
what happens with this hopefully people

812  
00:38:52,650 --> 00:38:50,079  
pick it up and hopefully it

813  
00:38:56,339 --> 00:38:52,660

reinvigorates kind of this search for

814

00:38:58,859 --> 00:38:56,349

what the letter might had said when you

815

00:39:01,079 --> 00:38:58,869

are mentioning the FBI getting involved

816

00:39:03,329 --> 00:39:01,089

or someone going to the FBI maybe this

817

00:39:06,170 --> 00:39:03,339

is their opportunity to say you know

818

00:39:09,390 --> 00:39:06,180

what we decided to take another look and

819

00:39:12,150 --> 00:39:09,400

you know come up with a virgin something

820

00:39:15,390 --> 00:39:12,160

maybe get seemed like using yelled at

821

00:39:19,079 --> 00:39:15,400

like you know what kind of mess are we

822

00:39:23,940 --> 00:39:19,089

in you guys have made this us the

823

00:39:27,839 --> 00:39:23,950

victims of the wreck of this disaster of

824

00:39:31,499 --> 00:39:27,849

the press release you know we're gonna

825

00:39:33,749 --> 00:39:31,509

stick this disc where the Sun won't

826

00:39:35,789 --> 00:39:33,759

shine or something like that you know to

827

00:39:38,730 --> 00:39:35,799

to kind of make it seem like it was

828

00:39:40,650 --> 00:39:38,740

something others and what it really may

829

00:39:42,269 --> 00:39:40,660

have been but who knows I think it's

830

00:39:49,490 --> 00:39:42,279

really interesting what they think they

831

00:39:52,380 --> 00:39:49,500

see so far yeah and yeah I mean it's

832

00:39:58,529 --> 00:39:52,390

something that you know we'll talk about

833

00:40:01,440 --> 00:39:58,539

quite often so yeah Roswell has a lot of

834

00:40:01,770 --> 00:40:01,450

moving parts it's it's um it's one of

835

00:40:04,470 --> 00:40:01,780

those

836

00:40:08,820 --> 00:40:04,480

things that that obviously is never

837

00:40:11,250 --> 00:40:08,830

going to die but I wonder sometimes what

838

00:40:15,510 --> 00:40:11,260

will Roswell be a hundred years from now

839

00:40:17,670 --> 00:40:15,520

if we never actually get the evidence

840

00:40:20,430 --> 00:40:17,680

that you know something indeed really

841

00:40:23,610 --> 00:40:20,440

did happen if we never get the full-on

842

00:40:27,480 --> 00:40:23,620

evidence because so much of it is turned

843

00:40:28,650 --> 00:40:27,490

into mythology and you go to Roswell

844

00:40:32,190 --> 00:40:28,660

every year matter of fact you're doing

845

00:40:35,040 --> 00:40:32,200

talk there you can say mention a little

846

00:40:37,590 --> 00:40:35,050

bit about that coming up in a few weeks

847

00:40:39,570 --> 00:40:37,600

you're going to be out there and so you

848

00:40:43,350 --> 00:40:39,580

know what I'm talking about like there's

849

00:40:46,830 --> 00:40:43,360

a lot of this that just gets into pop

850

00:40:48,900 --> 00:40:46,840

culture and and gets distorted which

851

00:40:52,500 --> 00:40:48,910

makes me wonder what the Roswell future

852

00:40:56,240 --> 00:40:52,510

is yeah you know what's interesting is

853

00:40:59,130 --> 00:40:56,250

is Roswell is definitely kind of a it's

854

00:41:01,050 --> 00:40:59,140

interesting to see for instance when

855

00:41:04,230 --> 00:41:01,060

people come to and it's kind of like her

856

00:41:07,170 --> 00:41:04,240

power field is in general when people

857

00:41:11,310 --> 00:41:07,180

come to Roswell they have ideas about

858

00:41:14,610 --> 00:41:11,320

UFOs and Roswell even though many of

859

00:41:17,250 --> 00:41:14,620

them haven't read a book maybe they've

860

00:41:19,980 --> 00:41:17,260

seen movies maybe a couple episodes of a

861

00:41:23,390 --> 00:41:19,990

documentary and that's about it but

862

00:41:27,180 --> 00:41:23,400

people just kind of get these ideas it

863

00:41:29,940 --> 00:41:27,190

represents how they feel about the

864

00:41:34,100 --> 00:41:29,950

possibility or likelihood that we're

865

00:41:36,870 --> 00:41:34,110

being visited by ayiti right now and

866

00:41:38,550 --> 00:41:36,880

that makes it kind of interesting and

867

00:41:42,330 --> 00:41:38,560

it's interesting that you know some

868

00:41:44,490 --> 00:41:42,340

people would you know when they see you

869

00:41:46,980 --> 00:41:44,500

know just here very likely that

870

00:41:49,380 --> 00:41:46,990

supposedly this UFO crash and there were

871

00:41:51,180 --> 00:41:49,390

aliens in it oh yeah that happened and

872

00:41:52,890 --> 00:41:51,190

just right immediately they can believe

873

00:41:57,350 --> 00:41:52,900

it and think that it probably happened

874

00:42:00,750 --> 00:41:57,360

whereas others are immediately skeptical

875

00:42:02,850 --> 00:42:00,760

where and others you know I like and

876

00:42:05,400 --> 00:42:02,860

like for me it makes me want to look

877

00:42:10,320 --> 00:42:05,410

more into it really who says this you

878

00:42:13,080 --> 00:42:10,330

know why do people leave this so I mean

879

00:42:15,839 --> 00:42:13,090

you get to see how belief systems work

880

00:42:17,880 --> 00:42:15,849

and how different people operate

881

00:42:20,760 --> 00:42:17,890

which i think is really important

882

00:42:24,900 --> 00:42:20,770

because really when it comes to world

883

00:42:27,059 --> 00:42:24,910

views or the elections and all of the

884

00:42:30,359 --> 00:42:27,069

the talk that's going on right now is a

885

00:42:34,710 --> 00:42:30,369

great example the direction a society

886

00:42:38,370 --> 00:42:34,720

moves in is based off of beliefs and

887

00:42:41,280 --> 00:42:38,380

concepts and ideas that don't

888

00:42:44,819 --> 00:42:41,290

necessarily need to be rooted in any but

889

00:42:50,430 --> 00:42:44,829

in its reality but it's a belief you

890

00:42:52,859 --> 00:42:50,440

know a lot of countries are governed by

891

00:42:55,589 --> 00:42:52,869

their religions and that pushes them

892

00:42:58,020 --> 00:42:55,599

forward or that motivates their decision

893

00:43:00,539 --> 00:42:58,030

making for us you know there's debates

894

00:43:02,549 --> 00:43:00,549

about climate change there's debates

895

00:43:05,460 --> 00:43:02,559

about everything

896

00:43:07,859 --> 00:43:05,470

there's conspiracies about Trump and

897

00:43:10,829 --> 00:43:07,869

Hillary and Obama there's conspiracies

898

00:43:12,780 --> 00:43:10,839

about everybody about you know some

899

00:43:16,740 --> 00:43:12,790

ominous things they may or may not have

900

00:43:19,980 --> 00:43:16,750

been related to that how people decide

901  
00:43:24,510 --> 00:43:19,990  
why they do what they do so these kind

902  
00:43:28,140 --> 00:43:24,520  
of things that these leave system are

903  
00:43:29,490 --> 00:43:28,150  
important when it comes to to you know

904  
00:43:31,950 --> 00:43:29,500  
what's gonna happen in the future so

905  
00:43:33,630 --> 00:43:31,960  
what people think of Roswell in the

906  
00:43:35,609 --> 00:43:33,640  
future I think will be important as to

907  
00:43:39,329 --> 00:43:35,619  
especially what people think of this

908  
00:43:44,609 --> 00:43:39,339  
field or you know how much they may

909  
00:43:46,650 --> 00:43:44,619  
divert from belief in science and or

910  
00:43:52,349 --> 00:43:46,660  
governments I think one of the things

911  
00:43:55,410 --> 00:43:52,359  
that we've seen and especially I I feel

912  
00:43:57,120 --> 00:43:55,420  
and others may disagree and I and I

913  
00:43:58,530 --> 00:43:57,130

don't mean this to mean that it's you

914

00:44:01,400 --> 00:43:58,540

know all the Republicans but it

915

00:44:05,549 --> 00:44:01,410

certainly during the Bush era and during

916

00:44:07,770 --> 00:44:05,559

when defense lost all that money you

917

00:44:09,900 --> 00:44:07,780

know and Rumsfeld was having to hand her

918

00:44:11,309 --> 00:44:09,910

for these millions and billions of

919

00:44:14,400 --> 00:44:11,319

dollars that the defense couldn't

920

00:44:18,380 --> 00:44:14,410

account for during that period of time

921

00:44:23,039 --> 00:44:18,390

it's especially it seems like people

922

00:44:24,480 --> 00:44:23,049

began to really just be skeptical of the

923

00:44:27,799 --> 00:44:24,490

government and everything that they have

924

00:44:29,390 --> 00:44:27,809

to say and that has not been repaired

925

00:44:31,510 --> 00:44:29,400

and I think

926

00:44:35,240 --> 00:44:31,520

you know for us working in this field

927

00:44:36,050 --> 00:44:35,250

just like Ramey lying about the weather

928

00:44:38,630 --> 00:44:36,060

balloon

929

00:44:42,820 --> 00:44:38,640

we've all kind of opened our eyes and

930

00:44:45,230 --> 00:44:42,830

come to this realization that the

931

00:44:48,070 --> 00:44:45,240

government isn't necessarily gonna tell

932

00:44:51,710 --> 00:44:48,080

the truth you know neither are companies

933

00:44:56,330 --> 00:44:51,720

that there's a knee-jerk reaction to lie

934

00:44:59,480 --> 00:44:56,340

or to keep secrets and so that leaves us

935

00:45:03,200 --> 00:44:59,490

I think disillusioned and sort of and

936

00:45:04,760 --> 00:45:03,210

skeptical and so that can be damaging

937

00:45:09,740 --> 00:45:04,770

Jacques Vallee used to talk a lot about

938

00:45:11,390 --> 00:45:09,750

this sort of idea and and so when you

939

00:45:13,550 --> 00:45:11,400

take primates for instance when

940

00:45:15,890 --> 00:45:13,560

scientists are saying one thing or the

941

00:45:18,620 --> 00:45:15,900

EPA or NASA is saying one thing and

942

00:45:25,040 --> 00:45:18,630

people are deciding not to believe that

943

00:45:28,570 --> 00:45:25,050

in mass you know it sure shows then how

944

00:45:30,920 --> 00:45:28,580

much of an influence those traditional

945

00:45:35,090 --> 00:45:30,930

influencers have had and how that's

946

00:45:37,520 --> 00:45:35,100

waning and then so what becomes the

947

00:45:40,640 --> 00:45:37,530

influencers out there who knows maybe

948

00:45:45,500 --> 00:45:40,650

you'll have someone like Stephen Bassett

949

00:45:48,080 --> 00:45:45,510

running on a et platform and using

950

00:45:52,630 --> 00:45:48,090

things like the mj-12 files which I

951

00:45:57,650 --> 00:45:52,640

think are highly biased and and not

952

00:45:59,180 --> 00:45:57,660

whatsoever in my own opinion or research

953

00:46:02,690 --> 00:45:59,190

or let's say something else some other

954

00:46:05,630 --> 00:46:02,700

mythology that that is created maybe the

955

00:46:07,490 --> 00:46:05,640

Roswell slides for instance that that

956

00:46:11,030 --> 00:46:07,500

becomes where everybody starts believing

957

00:46:13,520 --> 00:46:11,040

that really was an alien I mean what I'm

958

00:46:17,930 --> 00:46:13,530

getting at is that that the mass is in

959

00:46:20,540 --> 00:46:17,940

their their beliefs can wane an ebb and

960

00:46:24,070 --> 00:46:20,550

flow and it doesn't necessarily have to

961

00:46:27,140 --> 00:46:24,080

be based off of science or anything so

962

00:46:28,280 --> 00:46:27,150

who knows Roswell could bergeon into

963

00:46:31,340 --> 00:46:28,290

something huge

964

00:46:33,650 --> 00:46:31,350

or it can be furthered to bunk and and

965

00:46:36,740 --> 00:46:33,660

be something that's seen as more of a

966

00:46:38,990 --> 00:46:36,750

joke but at least right now I think the

967

00:46:40,640 --> 00:46:39,000

trend is for people to take this sort of

968

00:46:43,310 --> 00:46:40,650

stuff more seriously

969

00:46:46,820 --> 00:46:43,320

well you know I wonder also

970

00:46:50,060 --> 00:46:46,830

if there's any other Roswell's out there

971

00:46:53,060 --> 00:46:50,070

in other words something that happened

972

00:46:56,180 --> 00:46:53,070

somewhere along the line in was covered

973

00:46:59,030 --> 00:46:56,190

up quickly and we just haven't found out

974

00:47:02,090 --> 00:46:59,040

I wonder if you know it's possible that

975

00:47:05,750 --> 00:47:02,100

someday another Roswell will land on the

976

00:47:08,090 --> 00:47:05,760

UFO doorstep that yeah you know

977

00:47:12,320 --> 00:47:08,100

something happened and and was quickly

978

00:47:16,340 --> 00:47:12,330

changed you know I don't you know

979

00:47:19,400 --> 00:47:16,350

because here I consider Roswell I mean

980

00:47:21,200 --> 00:47:19,410

most skeptics and people that really pay

981

00:47:24,470 --> 00:47:21,210

attention to this topic of this topic

982

00:47:27,650 --> 00:47:24,480

that it's it's probably the most

983

00:47:30,740 --> 00:47:27,660

important case at least in American

984

00:47:33,190 --> 00:47:30,750

history as far as UFOs go and it was

985

00:47:36,050 --> 00:47:33,200

unknown for all those years

986

00:47:39,860 --> 00:47:36,060

excuse me what else could be unknown out

987

00:47:47,120 --> 00:47:39,870

there yeah yeah I mean it's possible it

988

00:47:49,580 --> 00:47:47,130

could be something that's uncovered you

989

00:47:52,970 --> 00:47:49,590

know via something like WikiLeaks I mean

990

00:47:55,160 --> 00:47:52,980

for example there are little files in

991

00:47:58,550 --> 00:47:55,170

there not a whole lot but George Knapp

992

00:48:02,270 --> 00:47:58,560

even today put posted on Facebook of

993

00:48:04,010 --> 00:48:02,280

WikiLeaks of a beaten UFO sighting

994

00:48:07,010 --> 00:48:04,020

that's some thing

995

00:48:11,450 --> 00:48:07,020

WikiLeaks didn't just that this file was

996

00:48:12,950 --> 00:48:11,460

posted something like three ago but it's

997

00:48:15,170 --> 00:48:12,960

just something that hasn't gotten a lot

998

00:48:17,510 --> 00:48:15,180

of attention and it's short it doesn't

999

00:48:19,040 --> 00:48:17,520

say a whole lot some people have

1000

00:48:22,490 --> 00:48:19,050

reported reciting but it's an

1001  
00:48:25,160 --> 00:48:22,500  
interesting biting so if you know a

1002  
00:48:41,930 --> 00:48:25,170  
WikiLeaks file reports something that

1003  
00:48:46,670 --> 00:48:44,420  
b-back says she yep yeah it says she put

1004  
00:48:48,410 --> 00:48:46,680  
me on hold yeah sorry about that I was

1005  
00:48:52,910 --> 00:48:48,420  
trying to take a call and I pushed the

1006  
00:48:56,450 --> 00:48:52,920  
wrong button yeah and so caller if if

1007  
00:49:00,559 --> 00:48:56,460  
you if sorry hung up on you if you want

1008  
00:49:03,380 --> 00:49:00,569  
to try again I'll try to click the right

1009  
00:49:05,329 --> 00:49:03,390  
button this time so along those lines we

1010  
00:49:08,029 --> 00:49:05,339  
had a question come in by email this

1011  
00:49:12,410 --> 00:49:08,039  
week that asks what do you what if

1012  
00:49:16,660 --> 00:49:12,420  
anything did Gary McKinnon see now Gary

1013  
00:49:21,260 --> 00:49:16,670

McKinnon was a hacker that broke into

1014

00:49:23,150 --> 00:49:21,270

was it NSA do you remember who we we've

1015

00:49:26,750 --> 00:49:23,160

got a story on it and I think it's one

1016

00:49:29,809 --> 00:49:26,760

of the best stories he broke into I know

1017

00:49:36,520 --> 00:49:29,819

at JPL I would have to look I can't

1018

00:49:37,940 --> 00:49:36,530

remember all of the ones I'll look it up

1019

00:49:41,210 --> 00:49:37,950

eventually

1020

00:49:43,849 --> 00:49:41,220

he broke into a couple places and one of

1021

00:49:46,400 --> 00:49:43,859

them and these were like NASA and stuff

1022

00:49:52,029 --> 00:49:46,410

like that now these are claims what he

1023

00:49:55,010 --> 00:49:52,039

claims to have seen or hacked into and

1024

00:49:57,769 --> 00:49:55,020

and one of the hard parts is and people

1025

00:50:04,430 --> 00:49:57,779

get mad at me for saying this but if you

1026  
00:50:07,069 --> 00:50:04,440  
look at my story I reference giver

1027  
00:50:08,750 --> 00:50:07,079  
MacKinnon's comments himself because I

1028  
00:50:09,410 --> 00:50:08,760  
essentially wanted to figure this out

1029  
00:50:11,900 --> 00:50:09,420  
too

1030  
00:50:13,339 --> 00:50:11,910  
what did he actually say that he saw

1031  
00:50:15,920 --> 00:50:13,349  
because I didn't think there was a good

1032  
00:50:18,859 --> 00:50:15,930  
story out there for that so I did a lot

1033  
00:50:21,049 --> 00:50:18,869  
of research to find out from his own

1034  
00:50:25,279 --> 00:50:21,059  
mouth not just what other people were

1035  
00:50:28,370 --> 00:50:25,289  
saying what he said and essentially he

1036  
00:50:32,569 --> 00:50:28,380  
says he was drunk and stoned the entire

1037  
00:50:35,210 --> 00:50:32,579  
time he was doing this hacking in and it

1038  
00:50:42,140 --> 00:50:35,220

wasn't like he was this major mastermind

1039

00:50:46,220 --> 00:50:42,150

hacker he was looking able to build this

1040

00:50:49,010 --> 00:50:46,230

this software that would go in and look

1041

00:50:51,950 --> 00:50:49,020

for computers that essentially hadn't

1042

00:50:54,019 --> 00:50:51,960

set their password and user name so it

1043

00:50:55,300 --> 00:50:54,029

was looking for like the username

1044

00:50:58,120 --> 00:50:55,310

username and

1045

00:51:00,070 --> 00:50:58,130

sort of password you know it's looking

1046

00:51:03,370 --> 00:51:00,080

for computers where people hadn't set

1047

00:51:06,370 --> 00:51:03,380

their usernames and it was at a level to

1048

00:51:08,530 --> 00:51:06,380

where you know these are computers that

1049

00:51:12,220 --> 00:51:08,540

were accessible that were in the deep

1050

00:51:14,980 --> 00:51:12,230

firewalls and stuff so the computer

1051  
00:51:17,500 --> 00:51:14,990  
systems belong to NASA the army the Navy

1052  
00:51:21,010 --> 00:51:17,510  
the Department of Defense and the Air

1053  
00:51:28,590 --> 00:51:21,020  
Force what he says he found he says he

1054  
00:51:33,760 --> 00:51:28,600  
found a satellite picture of a UFO and

1055  
00:51:36,970 --> 00:51:33,770  
that he this was a time period of

1056  
00:51:39,280 --> 00:51:36,980  
dial-up and that he was looking at it

1057  
00:51:41,770 --> 00:51:39,290  
but before he could download it he was

1058  
00:51:43,780 --> 00:51:41,780  
busted and they turned him off so that

1059  
00:51:45,490 --> 00:51:43,790  
should have indicated to him hey you

1060  
00:51:48,160 --> 00:51:45,500  
know they they know you're looking but

1061  
00:51:52,540 --> 00:51:48,170  
he kept he kept looking anyway here's

1062  
00:51:55,150 --> 00:51:52,550  
his exact quote - he that was smoking a

1063  
00:51:58,720 --> 00:51:55,160

lot of dope at the time not good for the

1064

00:52:00,490 --> 00:51:58,730

intellect the other thing that he said

1065

00:52:04,210 --> 00:52:00,500

he saw is he broke into you a Space

1066

00:52:11,470 --> 00:52:04,220

Command and he saw said he saw a roster

1067

00:52:13,060 --> 00:52:11,480

of non-terrestrial officers and to him

1068

00:52:17,260 --> 00:52:13,070

that makes him believe that perhaps

1069

00:52:19,330 --> 00:52:17,270

there's a space program out there that

1070

00:52:23,230 --> 00:52:19,340

is going on and that's why these guys

1071

00:52:25,570 --> 00:52:23,240

were called non-terrestrial officers you

1072

00:52:27,070 --> 00:52:25,580

know nobody's Space Command hasn't said

1073

00:52:29,800 --> 00:52:27,080

we do have non-terrestrial officers

1074

00:52:33,460 --> 00:52:29,810

nobody's kind of said what that means or

1075

00:52:38,320 --> 00:52:33,470

if he even saw that there are rumors

1076

00:52:41,950 --> 00:52:38,330

that he saw but the transfer logs of the

1077

00:52:46,480 --> 00:52:41,960

names of ships that are like space ships

1078

00:52:51,540 --> 00:52:46,490

the USS for like United States space

1079

00:52:54,190 --> 00:52:51,550

ship LeMay and the USS Hillen Cotter and

1080

00:52:58,470 --> 00:52:54,200

these are names of people who allegedly

1081

00:53:01,120 --> 00:52:58,480

have been related to UFO issues however

1082

00:53:02,860 --> 00:53:01,130

that is just a rumor that is not

1083

00:53:05,650 --> 00:53:02,870

something that Gary McKinnon said

1084

00:53:08,740 --> 00:53:05,660

himself so essentially that's about it

1085

00:53:09,100 --> 00:53:08,750

you know he was inspired by Steven Greer

1086

00:53:10,930 --> 00:53:09,110

and the

1087

00:53:14,920 --> 00:53:10,940

closure project which is kind of funny

1088

00:53:18,040 --> 00:53:14,930

because so was i but to get into all of

1089

00:53:19,300 --> 00:53:18,050

this the disclosure project itself but

1090

00:53:21,790 --> 00:53:19,310

that's about it

1091

00:53:23,080 --> 00:53:21,800

so there's not much that he said and he

1092

00:53:26,710 --> 00:53:23,090

doesn't remember much

1093

00:53:28,600 --> 00:53:26,720

and he didn't download anything because

1094

00:53:31,840 --> 00:53:28,610

he was drunk and stoned the whole time

1095

00:53:33,490 --> 00:53:31,850

he was doing it is and these are his

1096

00:53:37,060 --> 00:53:33,500

words so you can go to the store it's

1097

00:53:39,130 --> 00:53:37,070

called what did UFO hacker really fine

1098

00:53:41,800 --> 00:53:39,140

I've got a story on this and I've got

1099

00:53:45,040 --> 00:53:41,810

links to all of my references to his

1100

00:53:48,520 --> 00:53:45,050

interviews where he's talked about what

1101  
00:53:51,010 --> 00:53:48,530  
he actually saw the sad thing is is it

1102  
00:53:54,000 --> 00:53:51,020  
was kind of funny because when they

1103  
00:53:57,100 --> 00:53:54,010  
busted him they came to his house and

1104  
00:53:59,020 --> 00:53:57,110  
they took him away and they offered him

1105  
00:54:00,460 --> 00:53:59,030  
a really good deal that could have saved

1106  
00:54:02,350 --> 00:54:00,470  
him a lot of headache they offered him

1107  
00:54:04,600 --> 00:54:02,360  
something like six months probation or

1108  
00:54:07,060 --> 00:54:04,610  
something if he just admits to it and

1109  
00:54:11,770 --> 00:54:07,070  
stuff and he thought he would be cool

1110  
00:54:12,940 --> 00:54:11,780  
and he said no I don't think you're

1111  
00:54:15,700 --> 00:54:12,950  
gonna bust me because I've got

1112  
00:54:18,250 --> 00:54:15,710  
information you don't want out there and

1113  
00:54:21,580 --> 00:54:18,260

they were like oh yeah what information

1114

00:54:23,950 --> 00:54:21,590

and of course all he had was this and so

1115

00:54:26,740 --> 00:54:23,960

they said no and threw the book at him

1116

00:54:28,510 --> 00:54:26,750

and we're going to extradite him and and

1117

00:54:30,490 --> 00:54:28,520

you know throw him in jail for like 20

1118

00:54:32,380 --> 00:54:30,500

years or something like that

1119

00:54:37,350 --> 00:54:32,390

he won his case where he didn't get

1120

00:54:42,280 --> 00:54:37,360

extradited however they weren't afraid

1121

00:54:45,070 --> 00:54:42,290

whatsoever of the this information that

1122

00:54:46,090 --> 00:54:45,080

he thought they would be afraid to get

1123

00:54:47,680 --> 00:54:46,100

out Wow

1124

00:54:52,180 --> 00:54:47,690

so that's the side of the story I've

1125

00:54:54,640 --> 00:54:52,190

never heard yeah and and so that just

1126

00:54:57,550 --> 00:54:54,650

goes to show that how things can get

1127

00:54:59,620 --> 00:54:57,560

distorted yeah they're really distorted

1128

00:55:03,550 --> 00:54:59,630

out there because now especially about

1129

00:55:06,790 --> 00:55:03,560

you know in some circles out there it's

1130

00:55:09,040 --> 00:55:06,800

like a given that the u.s. SS LeMay and

1131

00:55:10,420 --> 00:55:09,050

the u.s. SS hill and Cotter are flying

1132

00:55:13,690 --> 00:55:10,430

around out there and there are these

1133

00:55:18,760 --> 00:55:13,700

giant spaceships with with you know

1134

00:55:20,920 --> 00:55:18,770

these these non-terrestrial officers and

1135

00:55:24,819 --> 00:55:20,930

military personnel on there and

1136

00:55:27,309 --> 00:55:24,829

and everything but no those were rumors

1137

00:55:31,020 --> 00:55:27,319

I think I know where those rumors stem

1138

00:55:35,230 --> 00:55:31,030

from and the person who said them and

1139

00:55:37,450 --> 00:55:35,240

made that rumor popular I asked him

1140

00:55:38,530 --> 00:55:37,460

where did you hear that and he said I

1141

00:55:40,720 --> 00:55:38,540

don't know I think I heard that

1142

00:55:42,910 --> 00:55:40,730

somewhere and it's unfortunate because

1143

00:55:46,690 --> 00:55:42,920

then this person goes out there and

1144

00:55:48,339 --> 00:55:46,700

talks about it and you know these people

1145

00:55:49,569 --> 00:55:48,349

believe what this person has to say and

1146

00:55:51,640 --> 00:55:49,579

I won't see his name because I don't

1147

00:55:55,690 --> 00:55:51,650

want to you know trash him or anything

1148

00:56:01,540 --> 00:55:55,700

but yeah this person is just an older

1149

00:56:04,299 --> 00:56:01,550

person who his memory is a bit faulty

1150

00:56:05,859 --> 00:56:04,309

and he goes out there and oxygen shows a

1151

00:56:08,859 --> 00:56:05,869

bunch of pictures and said they're from

1152

00:56:10,690 --> 00:56:08,869

these words they're not this is someone

1153

00:56:12,819 --> 00:56:10,700

who's old enough where they never got on

1154

00:56:14,500 --> 00:56:12,829

the internet so they don't know that you

1155

00:56:16,990 --> 00:56:14,510

know on the internet you can find the

1156

00:56:18,430 --> 00:56:17,000

real places these come from but

1157

00:56:20,950 --> 00:56:18,440

unfortunately a lot of people take

1158

00:56:22,480 --> 00:56:20,960

people at their word and don't do the

1159

00:56:25,000 --> 00:56:22,490

research and believe everything that

1160

00:56:28,030 --> 00:56:25,010

they have to say and can you say his

1161

00:56:31,059 --> 00:56:28,040

first name like in a cough no just guys

1162

00:56:35,440 --> 00:56:31,069

no okay well thank you I'm gonna give

1163

00:56:36,880 --> 00:56:35,450

you absolutely no I'm gonna tried it

1164

00:56:40,030 --> 00:56:36,890

this guy that's been trying to call the

1165

00:56:42,339 --> 00:56:40,040

call us I'm gonna try to dial out so

1166

00:56:44,680 --> 00:56:42,349

have patience I hope this isn't one of

1167

00:56:48,400 --> 00:56:44,690

these things that crash is I'm gonna try

1168

00:56:50,530 --> 00:56:48,410

to dial him so Phil I'm gonna try to

1169

00:56:59,410 --> 00:56:50,540

dial yet here we go I'm gonna try to add

1170

00:57:03,910 --> 00:56:59,420

you I have no idea what's gonna happen

1171

00:57:07,750 --> 00:57:03,920

when I press the send button could be

1172

00:57:10,260 --> 00:57:07,760

goodbye to Alejandro we'll see now how

1173

00:57:18,010 --> 00:57:14,140

nothing's happening well I just did it

1174

00:57:20,500 --> 00:57:18,020

on ad trying to add the call and okay I

1175

00:57:22,450 --> 00:57:20,510

guess we're not gonna be able to waste

1176

00:57:22,960 --> 00:57:22,460

any of the time whoops that didn't do

1177

00:57:26,640 --> 00:57:22,970

anything

1178

00:57:31,599 --> 00:57:26,650

all right sorry about that Phil we tried

1179

00:57:34,690 --> 00:57:31,609

okay so I'm gonna ask you to let's see

1180

00:57:36,849 --> 00:57:34,700

he wanted to know this is in the message

1181

00:57:39,190 --> 00:57:36,859

bored he wanted to talk about the Frank

1182

00:57:41,400 --> 00:57:39,200

Edwards book and the UFO thing that

1183

00:57:43,930 --> 00:57:41,410

happened in his home town which is

1184

00:57:46,980 --> 00:57:43,940

Michigan I believe do you know anything

1185

00:57:57,160 --> 00:57:54,490

No however the Frank Edwards book is a

1186

00:57:59,950 --> 00:57:57,170

lot of very dubious information so I

1187

00:58:02,680 --> 00:57:59,960

think he's talking about if I'm thinking

1188

00:58:06,670 --> 00:58:02,690

about the right book it's like one of

1189

00:58:15,400 --> 00:58:06,680

the very first UFO books Oh an early one

1190

00:58:16,930 --> 00:58:15,410

mm-hmm well I'm not sure no I can't

1191

00:58:22,599 --> 00:58:16,940

think of what that is anyway so I

1192

00:58:24,300 --> 00:58:22,609

apologize yeah so there's so many

1193

00:58:27,819 --> 00:58:24,310

different directions we can take this

1194

00:58:33,910 --> 00:58:27,829

this show in and we're right at the top

1195

00:58:36,760 --> 00:58:33,920

of the hour so I wanted to talk a little

1196

00:58:39,490 --> 00:58:36,770

bit about the different kind of groups

1197

00:58:41,319 --> 00:58:39,500

that sort of do not collaborate we don't

1198

00:58:44,290 --> 00:58:41,329

really have to get into that right right

1199

00:58:49,170 --> 00:58:44,300

away there are some questions that came

1200

00:58:51,490 --> 00:58:49,180

in I'm going to ask one of them here

1201  
00:58:59,589 --> 00:58:51,500  
from Carrie who sends us a lot of

1202  
00:59:02,800 --> 00:58:59,599  
questions and have let's see have any

1203  
00:59:05,290 --> 00:59:02,810  
incidents or guests on is talking to

1204  
00:59:08,020 --> 00:59:05,300  
either one of us on your show influenced

1205  
00:59:12,250 --> 00:59:08,030  
your personal beliefs or perspectives on

1206  
00:59:14,260 --> 00:59:12,260  
the UFO subject if so how can you think

1207  
00:59:18,250 --> 00:59:14,270  
of anyone Alejandro and I'm gonna think

1208  
00:59:22,510 --> 00:59:18,260  
ponder that while you have you know I

1209  
00:59:24,730 --> 00:59:22,520  
would say most most guests however

1210  
00:59:28,480 --> 00:59:24,740  
skeptical I have of what they have to

1211  
00:59:31,450 --> 00:59:28,490  
say I you know I listen with an open

1212  
00:59:35,410 --> 00:59:31,460  
mind and an open heart and I mean I

1213  
00:59:39,099 --> 00:59:35,420

truly respect everyone that I interview

1214

00:59:41,640 --> 00:59:39,109

and I would say most of them have

1215

00:59:44,230 --> 00:59:41,650

something to say that makes me rethink

1216

00:59:47,390 --> 00:59:44,240

things that make me change my

1217

00:59:51,450 --> 00:59:47,400

perspective a little bit I think

1218

00:59:53,609 --> 00:59:51,460

often even some of the people you don't

1219

00:59:55,560 --> 00:59:53,619

see eye-to-eye with the most at least

1220

00:59:57,630 --> 00:59:55,570

you have something that you agree on or

1221

01:00:00,680 --> 00:59:57,640

they have some piece of wisdom that

1222

01:00:03,990 --> 01:00:00,690

makes you scratch your head or think so

1223

01:00:06,480 --> 01:00:04,000

yeah I would have to say most of the

1224

01:00:11,250 --> 01:00:06,490

guests I think so for instance let's

1225

01:00:16,380 --> 01:00:11,260

think about a recent guest so I had Paul

1226

01:00:18,480 --> 01:00:16,390

dong on recently or Paul Dini I was

1227

01:00:19,829 --> 01:00:18,490

talking about Paul Don that was you

1228

01:00:22,530 --> 01:00:19,839

missed that part that was part of the

1229

01:00:25,980 --> 01:00:22,540

Chinese thing but I had Paul Dehn and he

1230

01:00:31,339 --> 01:00:25,990

was talking about you know who in the

1231

01:00:35,250 --> 01:00:31,349

government has been looking for UFOs and

1232

01:00:37,560 --> 01:00:35,260

and where are those files going because

1233

01:00:39,839 --> 01:00:37,570

we know just because the Air Force says

1234

01:00:42,240 --> 01:00:39,849

they don't look at UFOs and the FAA says

1235

01:00:44,250 --> 01:00:42,250

they don't look at UFOs they're looking

1236

01:00:46,410 --> 01:00:44,260

at there's no doubt they're looking at

1237

01:00:49,140 --> 01:00:46,420

something that would be of concern they

1238

01:00:51,599 --> 01:00:49,150

can't be that inept that they would be

1239

01:00:54,270 --> 01:00:51,609

completely not paying attention to

1240

01:00:58,170 --> 01:00:54,280

things that are being reported in the

1241

01:01:01,260 --> 01:00:58,180

sky that you know could be something

1242

01:01:03,540 --> 01:01:01,270

that could be threat and so you know

1243

01:01:04,770 --> 01:01:03,550

he's been following this string to find

1244

01:01:09,120 --> 01:01:04,780

what those aren't you've had him on the

1245

01:01:14,880 --> 01:01:09,130

show so he brought up a prep three which

1246

01:01:18,329 --> 01:01:14,890

is this this channel to report important

1247

01:01:20,790 --> 01:01:18,339

information like that he said it's been

1248

01:01:22,440 --> 01:01:20,800

changed and closed but there's there's a

1249

01:01:25,140 --> 01:01:22,450

route that I didn't know of that's

1250

01:01:27,660 --> 01:01:25,150

fascinating Paul Stonehill who we were

1251

01:01:31,440 --> 01:01:27,670

talking about talking about the Soviet

1252

01:01:34,170 --> 01:01:31,450

UFO bile but unwatered cases I think

1253

01:01:36,930 --> 01:01:34,180

what was really interesting with him was

1254

01:01:40,050 --> 01:01:36,940

you know he can name off I especially

1255

01:01:47,130 --> 01:01:40,060

find it interesting that he has spoken

1256

01:01:50,520 --> 01:01:47,140

to so many ex Soviet military who are

1257

01:01:52,349 --> 01:01:50,530

really into UFOs and you know believe

1258

01:01:55,829 --> 01:01:52,359

that there there's something to the

1259

01:01:58,260 --> 01:01:55,839

topic that is fascinating because that's

1260

01:02:00,630 --> 01:01:58,270

something that I didn't know before so I

1261

01:02:04,290 --> 01:02:00,640

would say most

1262

01:02:05,760 --> 01:02:04,300

I'm kind of a now guy you I most paying

1263

01:02:10,680 --> 01:02:05,770

attention to what's going on right now

1264

01:02:13,140 --> 01:02:10,690

out there so that's why you know the

1265

01:02:15,930 --> 01:02:13,150

most recent things come to mind when I

1266

01:02:18,060 --> 01:02:15,940

think of this sort of stuff but gap

1267

01:02:21,990 --> 01:02:18,070

practically every guest makes me think

1268

01:02:24,990 --> 01:02:22,000

or changes my perspective in some way

1269

01:02:27,150 --> 01:02:25,000

mm-hmm well I myself have to say that

1270

01:02:30,510 --> 01:02:27,160

you know there are a few that have stood

1271

01:02:33,750 --> 01:02:30,520

out but I don't feel actually like I'm

1272

01:02:36,870 --> 01:02:33,760

any closer to knowing anything about the

1273

01:02:39,690 --> 01:02:36,880

topic then I was to begin with you know

1274

01:02:42,270 --> 01:02:39,700

just but I love hearing you know the

1275

01:02:45,510 --> 01:02:42,280

different guests thoughts on what could

1276

01:02:48,390 --> 01:02:45,520

possibly be happening and I listened

1277

01:02:52,080 --> 01:02:48,400

briefly to Paul II know he does a show

1278

01:02:55,440 --> 01:02:52,090

Paul and his son Ben and I listened

1279

01:02:57,450 --> 01:02:55,450

recently to him talk on a show and I

1280

01:03:02,000 --> 01:02:57,460

have to get him back on my show because

1281

01:03:06,420 --> 01:03:02,010

he has a theory of everything which is a

1282

01:03:09,290 --> 01:03:06,430

connection of everything which it was

1283

01:03:12,120 --> 01:03:09,300

late at night I was listening and

1284

01:03:15,300 --> 01:03:12,130

whatever he was saying it made me

1285

01:03:17,430 --> 01:03:15,310

scratch my his head and say wow you know

1286

01:03:20,610 --> 01:03:17,440

I could have never thought of that

1287

01:03:23,210 --> 01:03:20,620

and so I promise I'm gonna reach out to

1288

01:03:26,190 --> 01:03:23,220

him and get him on the show fairly soon

1289

01:03:27,960 --> 01:03:26,200

and see if I can get him to talk about

1290

01:03:32,690 --> 01:03:27,970

that on this show but it was it was

1291

01:03:35,970 --> 01:03:32,700

fascinating I have a theory of nothing

1292

01:03:37,620 --> 01:03:35,980

nothing's related so if you were to meet

1293

01:03:40,290 --> 01:03:37,630

a Bigfoot and say hey Bigfoot what do

1294

01:03:42,870 --> 01:03:40,300

you know about UFOs and and ghosts he

1295

01:03:45,150 --> 01:03:42,880

would say nothing I don't even believe a

1296

01:03:46,740 --> 01:03:45,160

while what do you know and and same if

1297

01:03:48,690 --> 01:03:46,750

you sat down with a ghost and said what

1298

01:03:51,360 --> 01:03:48,700

do you know about Bigfoot or UFOs atps

1299

01:03:53,280 --> 01:03:51,370

like there's no such thing so I don't

1300

01:03:56,490 --> 01:03:53,290

think they they know are related to each

1301

01:03:58,170 --> 01:03:56,500

other at all well okay I'm kidding I

1302

01:03:59,040 --> 01:03:58,180

don't know that's that's good that's

1303

01:04:02,700 --> 01:03:59,050

good

1304

01:04:04,560 --> 01:04:02,710

no I I like you know some of the guests

1305

01:04:06,390 --> 01:04:04,570

that have stood out I mean there there

1306

01:04:10,560 --> 01:04:06,400

are many some recent guests up I

1307

01:04:15,300 --> 01:04:10,570

actually really liked our last week how

1308

01:04:17,970 --> 01:04:15,310

last week's guest Ron yup he was gray

1309

01:04:20,460 --> 01:04:17,980

the Chris melon I thought was pretty

1310

01:04:23,309 --> 01:04:20,470

good actually interesting very

1311

01:04:26,520 --> 01:04:23,319

interesting to talk to and and David

1312

01:04:27,780 --> 01:04:26,530

Marlar stands out as someone really

1313

01:04:30,750 --> 01:04:27,790

important to me

1314

01:04:32,970 --> 01:04:30,760

someone really solid and Kevin Randall

1315

01:04:34,800 --> 01:04:32,980

you mentioned him but these are all

1316

01:04:37,079 --> 01:04:34,810

people that have really these are all

1317

01:04:40,170 --> 01:04:37,089

really intelligent people to have good

1318

01:04:43,109 --> 01:04:40,180

insight but it's all still guessing

1319

01:04:47,520 --> 01:04:43,119

I mean guessing with the evidence that

1320

01:04:49,829 --> 01:04:47,530

we have really yeah Marlar will be in

1321

01:04:51,059 --> 01:04:49,839

Roswell I'll be there speaking you

1322

01:04:53,250 --> 01:04:51,069

mentioned I'll be speaking for the

1323

01:04:55,890 --> 01:04:53,260

Roswell Daily Record which was a

1324

01:04:58,140 --> 01:04:55,900

newspaper that you know the famous

1325

01:05:00,630 --> 01:04:58,150

newspaper cover you see from the Roswell

1326

01:05:03,839 --> 01:05:00,640

Daily Record about the UFO I'll be

1327

01:05:05,760 --> 01:05:03,849

speaking for that newspaper Marlar isn't

1328

01:05:07,260 --> 01:05:05,770

going to be speaking unfortunately but I

1329

01:05:10,290 --> 01:05:07,270

heard he's going to be out there just to

1330

01:05:12,750 --> 01:05:10,300

kind of hang out with people when I was

1331

01:05:15,900 --> 01:05:12,760

running these talks for the city

1332

01:05:17,839 --> 01:05:15,910

I had Marlar come out and speak but I'm

1333

01:05:21,329 --> 01:05:17,849

no longer running the Roswell talk so

1334

01:05:23,430 --> 01:05:21,339

but Roswell I believe Marlar will also

1335

01:05:27,690 --> 01:05:23,440

be speaking at MUFON and I'll be

1336

01:05:30,540 --> 01:05:27,700

speaking there as well oh yeah August in

1337

01:05:32,790 --> 01:05:30,550

Florida he'll be speaking I think Marla

1338

01:05:37,079 --> 01:05:32,800

is great too yeah yeah he definitely

1339

01:05:40,589 --> 01:05:37,089

stands out and you know it's it's

1340

01:05:43,680 --> 01:05:40,599

interesting to just how some people are

1341

01:05:46,559 --> 01:05:43,690

just very very careful and some people

1342

01:05:48,960 --> 01:05:46,569

are not and I'd consider him you know

1343

01:05:52,020 --> 01:05:48,970

someone that's very cautious and and the

1344

01:05:56,490 --> 01:05:52,030

work that they do yeah I agree

1345

01:06:00,059 --> 01:05:56,500

and the reason I appreciate that is you

1346

01:06:01,800 --> 01:06:00,069

know anybody can speculate all day and I

1347

01:06:05,309 --> 01:06:01,810

don't think there's a problem with

1348

01:06:08,309 --> 01:06:05,319

speculation that's great it's fun to sit

1349

01:06:10,200 --> 01:06:08,319

around with and to speculate or even to

1350

01:06:15,000 --> 01:06:10,210

look like it's like we do sometimes and

1351

01:06:17,880 --> 01:06:15,010

speculate however what I do does get

1352

01:06:19,800 --> 01:06:17,890

frustrating to me is some people feel

1353

01:06:22,800 --> 01:06:19,810

that their speculation is better than

1354

01:06:27,569 --> 01:06:22,810

others and that they can sit up there

1355

01:06:28,370 --> 01:06:27,579

and speculate and you have to subscribe

1356

01:06:32,779 --> 01:06:28,380

to their space

1357

01:06:34,970 --> 01:06:32,789

chelation so much so that they sell

1358

01:06:37,039 --> 01:06:34,980

their speculation as if it's knowledge

1359

01:06:40,339 --> 01:06:37,049

and that's really frustrating and

1360

01:06:43,910 --> 01:06:40,349

egotistical to me I think we need to do

1361

01:06:46,279 --> 01:06:43,920

I prefer the people like Marla or others

1362

01:06:49,809 --> 01:06:46,289

that that are sharing you know research

1363

01:06:55,519 --> 01:06:49,819

and information and respecting everyone

1364

01:06:57,349 --> 01:06:55,529

for their speculation I mean that's I

1365

01:07:00,380 --> 01:06:57,359

just and that's one of the reasons I

1366

01:07:02,480 --> 01:07:00,390

like to put out information because I

1367

01:07:05,509 --> 01:07:02,490

just think you need to be respectful of

1368

01:07:07,640 --> 01:07:05,519

everybody's speculation and that

1369

01:07:11,210 --> 01:07:07,650

everybody has the opportunity and the

1370

01:07:14,180 --> 01:07:11,220

right to and I just don't like some of

1371

01:07:16,819 --> 01:07:14,190

these people who are they seem real

1372

01:07:19,759 --> 01:07:16,829

oppressive with their speculation well

1373

01:07:22,700 --> 01:07:19,769

I'm glad you brought that up because it

1374

01:07:25,670 --> 01:07:22,710

kind of is a good segue into something I

1375

01:07:28,460 --> 01:07:25,680

wanted to discuss a little bit and that

1376

01:07:31,970 --> 01:07:28,470

is I don't want to use the word clicky

1377

01:07:37,609 --> 01:07:31,980

but there seems to be different camps in

1378

01:07:42,650 --> 01:07:37,619

the UFO field and they seem to shun one

1379

01:07:45,859 --> 01:07:42,660

another or ignore one another and I'm

1380

01:07:47,299 --> 01:07:45,869

just going to some people may not like

1381

01:07:53,089 --> 01:07:47,309

me saying this but I'm gonna say it

1382

01:07:55,940 --> 01:07:53,099

anyway and that is uh we have someone

1383

01:08:00,079 --> 01:07:55,950

like Doug Trumbull and Mark Dantonio

1384

01:08:04,099 --> 01:08:00,089

doing the UFO talk to that are earnestly

1385

01:08:08,599 --> 01:08:04,109

trying to create these units you have

1386

01:08:11,240 --> 01:08:08,609

rate Stanford that that had was doing

1387

01:08:12,890 --> 01:08:11,250

this way back in the 1970s with the

1388

01:08:14,569 --> 01:08:12,900

state of the art 2 million dollars worth

1389

01:08:17,539 --> 01:08:14,579

of equipment at the time which was big

1390

01:08:21,110 --> 01:08:17,549

big box it might have been a million but

1391

01:08:23,809 --> 01:08:21,120

it was over a million anyway so you have

1392

01:08:34,579 --> 01:08:23,819

his knowledge you have in these these

1393

01:08:38,300 --> 01:08:34,589

people are volunteers no collaboration

1394

01:08:41,479 --> 01:08:38,310

between all of them however array has

1395

01:08:42,260 --> 01:08:41,489

mentioned that he wanted to offer any

1396

01:08:46,490 --> 01:08:42,270

advice

1397

01:08:49,220 --> 01:08:46,500

he could help with Mark Dantonio i'ma

1398

01:08:52,340 --> 01:08:49,230

sure along with Doug Trumbull would like

1399

01:08:54,680 --> 01:08:52,350

to help and there just seems to be a

1400

01:08:57,920 --> 01:08:54,690

disconnect I see that and a couple of

1401

01:09:02,240 --> 01:08:57,930

other aspects of this field where people

1402

01:09:05,210 --> 01:09:02,250

want to stay in their camp maybe they

1403

01:09:07,130 --> 01:09:05,220

don't trust other people or they believe

1404

01:09:09,440 --> 01:09:07,140

something bad about them or whatever I

1405

01:09:14,260 --> 01:09:09,450

don't know Oh what are your what are

1406

01:09:24,740 --> 01:09:19,300

yeah I don't know that there's

1407

01:09:33,680 --> 01:09:24,750

territorialism that happened there I

1408

01:09:37,640 --> 01:09:33,690

think a lot of the issues come with when

1409

01:09:43,910 --> 01:09:37,650

people are trying to whether it's pride

1410

01:09:45,320 --> 01:09:43,920

or a want of Fame or fiduciary and

1411

01:09:47,990 --> 01:09:45,330

that's what's kind of scary is when

1412

01:09:50,630 --> 01:09:48,000

people make a living and they're trying

1413

01:09:57,050 --> 01:09:50,640

to make money off of things and those

1414

01:09:59,300 --> 01:09:57,060

become their primary goals then it's

1415

01:10:01,400 --> 01:09:59,310

unfortunately when when those things get

1416

01:10:05,180 --> 01:10:01,410

in the way otherwise there are a lot of

1417

01:10:12,710 --> 01:10:05,190

people just who also feel they want to

1418

01:10:14,690 --> 01:10:12,720

go about things differently and I don't

1419

01:10:17,690 --> 01:10:14,700

know I'll agree with you the it gets

1420

01:10:20,120 --> 01:10:17,700

frustrating when different groups don't

1421

01:10:25,490 --> 01:10:20,130

work together I think that's what's fun

1422

01:10:27,440 --> 01:10:25,500

about something like I mean I hate to

1423

01:10:28,850 --> 01:10:27,450

always talk about myself for what we do

1424

01:10:30,950 --> 01:10:28,860

but I guess that's what I do every day

1425

01:10:33,170 --> 01:10:30,960

in this field is try to concentrate on

1426

01:10:35,120 --> 01:10:33,180

these sort of things but the UFO

1427

01:10:38,600 --> 01:10:35,130

Congress for instance is something where

1428

01:10:41,750 --> 01:10:38,610

we try to not be clicky

1429

01:10:44,870 --> 01:10:41,760

I mean we we are nichy in a way so for

1430

01:10:51,080 --> 01:10:44,880

instance we don't have channelers we

1431

01:10:53,080 --> 01:10:51,090

don't often have experiencers because we

1432

01:10:56,290 --> 01:10:53,090

opt to have people who research

1433

01:10:58,670 --> 01:10:56,300

experiencers or

1434

01:11:00,590 --> 01:10:58,680

experiencers maybe that have been part

1435

01:11:03,110 --> 01:11:00,600

like a Travis Walton that been part of a

1436

01:11:06,860 --> 01:11:03,120

huge case with multiple witnesses and

1437

01:11:12,820 --> 01:11:06,870

things like that as and so we're not

1438

01:11:17,240 --> 01:11:12,830

trying to not include those people but

1439

01:11:19,210 --> 01:11:17,250

we're trying to you know represent as

1440

01:11:21,230 --> 01:11:19,220

much of the material of research or

1441

01:11:23,240 --> 01:11:21,240

experiences as possible because of

1442

01:11:25,190 --> 01:11:23,250

course like the researchers let's say of

1443

01:11:26,630 --> 01:11:25,200

on Smith we haven't announced at but

1444

01:11:28,670 --> 01:11:26,640

she'll be speaking at the next UFO

1445

01:11:31,190 --> 01:11:28,680

Congress she spoken to a lot of

1446

01:11:33,350 --> 01:11:31,200

experiences so she can talk a bit at a

1447

01:11:35,480 --> 01:11:33,360

higher level and we're gonna have a

1448

01:11:39,140 --> 01:11:35,490

flame heard and some others who will be

1449

01:11:40,850 --> 01:11:39,150

talking about this sort of thing so but

1450

01:11:42,980 --> 01:11:40,860

at least at the Congress that's that's

1451

01:11:46,100 --> 01:11:42,990

the only kind of nichy kind of we do

1452

01:11:48,560 --> 01:11:46,110

otherwise we our goal is to try to bring

1453

01:11:50,710 --> 01:11:48,570

people together that haven't met or

1454

01:11:54,140 --> 01:11:50,720

talked or worked with each other before

1455

01:11:56,270 --> 01:11:54,150

and luckily that happens and same with a

1456

01:11:58,610 --> 01:11:56,280

radio show and everything but sometimes

1457

01:11:59,810 --> 01:11:58,620

people just don't like working with

1458

01:12:02,360 --> 01:11:59,820

other people they don't like their

1459

01:12:06,020 --> 01:12:02,370

methods and things in the case that you

1460

01:12:09,800 --> 01:12:06,030

brought up UFO data and then there's you

1461

01:12:13,190 --> 01:12:09,810

photog you know working separately on

1462

01:12:16,700 --> 01:12:13,200

the one hand I know mark and have a

1463

01:12:19,550 --> 01:12:16,710

specific vision and move down the road

1464

01:12:23,420 --> 01:12:19,560

towards their vision their specialty is

1465

01:12:26,450 --> 01:12:23,430

in kind of manufacturing and especially

1466

01:12:28,730 --> 01:12:26,460

around optics because that's what they

1467

01:12:30,230 --> 01:12:28,740

do I mean they they're working in

1468

01:12:32,630 --> 01:12:30,240

Hollywood and for commercials and stuff

1469

01:12:35,060 --> 01:12:32,640

like that out of all those people I'm

1470

01:12:36,560 --> 01:12:35,070

most closed with Mark Dantonio even

1471

01:12:39,590 --> 01:12:36,570

though I've talked to a lot of the

1472

01:12:42,110 --> 01:12:39,600

people in all the groups but I talk to

1473

01:12:44,600 --> 01:12:42,120

Mark more regularly and and I know he's

1474

01:12:50,620 --> 01:12:44,610

reached out and hasn't gotten much

1475

01:12:53,780 --> 01:12:50,630

response and that is unfortunate and it

1476

01:12:55,790 --> 01:12:53,790

at least some sort of communication I

1477

01:12:58,790 --> 01:12:55,800

think has always helped I think we've

1478

01:13:03,410 --> 01:12:58,800

enough say even if we're not gonna work

1479

01:13:05,870 --> 01:13:03,420

with someone why for instance when I was

1480

01:13:07,850 --> 01:13:05,880

doing PR for MUFON

1481

01:13:09,710 --> 01:13:07,860

people would ask what does it move on do

1482

01:13:11,900 --> 01:13:09,720

that why doesn't move on do that

1483

01:13:15,830 --> 01:13:11,910

I would have to say that's not what

1484

01:13:19,280 --> 01:13:15,840

MUFON is move on we don't we barely have

1485

01:13:22,190 --> 01:13:19,290

enough resources for what we do which is

1486

01:13:24,110 --> 01:13:22,200

true of open minds as well and so we

1487

01:13:27,830 --> 01:13:24,120

have to focus and if we're gonna do

1488

01:13:30,770 --> 01:13:27,840

something halfway decently we can't be

1489

01:13:33,500 --> 01:13:30,780

everything for everyone if you feel that

1490

01:13:35,360 --> 01:13:33,510

that needs to is an area that's not

1491

01:13:39,470 --> 01:13:35,370

getting attention then go for it

1492

01:13:42,230 --> 01:13:39,480

you can go ahead and do that and support

1493

01:13:44,420 --> 01:13:42,240

you and help you however you like but we

1494

01:13:46,280 --> 01:13:44,430

just don't have the resources to do that

1495

01:13:48,830 --> 01:13:46,290

and in fact with open minds I have to

1496

01:13:53,810 --> 01:13:48,840

say that and you know and it's one of

1497

01:13:55,400 --> 01:13:53,820

the things out there you you you kind of

1498

01:13:57,830 --> 01:13:55,410

kind of do for yourself and can't expect

1499

01:13:59,420 --> 01:13:57,840

for others to do it but at least you

1500

01:14:02,330 --> 01:13:59,430

know when you're communicating like I

1501  
01:14:04,610 --> 01:14:02,340  
have no idea who have oh data people

1502  
01:14:06,650 --> 01:14:04,620  
don't seem to be wanting to work with

1503  
01:14:08,840 --> 01:14:06,660  
the two you photog when I asked them

1504  
01:14:11,630 --> 01:14:08,850  
they said oh yeah we would like to talk

1505  
01:14:15,290 --> 01:14:11,640  
to them well talk to them that and at

1506  
01:14:17,000 --> 01:14:15,300  
least tell them why you you want to

1507  
01:14:22,150 --> 01:14:17,010  
remain separate so we can all learn from

1508  
01:14:26,810 --> 01:14:22,160  
that I mean it's about communicating

1509  
01:14:29,750 --> 01:14:26,820  
right you know there are other you know

1510  
01:14:32,360 --> 01:14:29,760  
parts of the UFO field like that and but

1511  
01:14:34,070 --> 01:14:32,370  
another thing I thought would be you

1512  
01:14:37,940 --> 01:14:34,080  
know we don't have to focus on that but

1513  
01:14:40,310 --> 01:14:37,950

you know I was watching a let's see

1514

01:14:42,110 --> 01:14:40,320

recently on Netflix there's I can't

1515

01:14:44,570 --> 01:14:42,120

remember this series there's some UFO

1516

01:14:48,860 --> 01:14:44,580

series that just came out and I started

1517

01:14:51,620 --> 01:14:48,870

watching it the other day and there's a

1518

01:14:54,530 --> 01:14:51,630

lot of people from the 19 this is all

1519

01:14:57,050 --> 01:14:54,540

filmed in the late or mid to late 1990s

1520

01:14:59,630 --> 01:14:57,060

and there's a lot of people that I just

1521

01:15:03,140 --> 01:14:59,640

don't recognize their name you know

1522

01:15:07,610 --> 01:15:03,150

because I wasn't in it back then so

1523

01:15:09,560 --> 01:15:07,620

there's what seems to happen incorrectly

1524

01:15:12,250 --> 01:15:09,570

if I'm wrong but a lot of people get

1525

01:15:14,690 --> 01:15:12,260

burned out for some reason or another I

1526

01:15:16,010 --> 01:15:14,700

tried to contact someone that did some

1527

01:15:18,050 --> 01:15:16,020

good work and I can't remember his name

1528

01:15:21,080 --> 01:15:18,060

and he says I have nothing to do with

1529

01:15:23,300 --> 01:15:21,090

the UFO field from now on so that does

1530

01:15:23,690 --> 01:15:23,310

happen there's there's people that could

1531

01:15:27,710 --> 01:15:23,700

just

1532

01:15:29,060 --> 01:15:27,720

ten with situations and you've been at

1533

01:15:32,690 --> 01:15:29,070

this a long time I'm sure you've seen

1534

01:15:35,300 --> 01:15:32,700

that yeah definitely have seen it in

1535

01:15:37,940 --> 01:15:35,310

fact that's what Antonio is is in one of

1536

01:15:40,640 --> 01:15:37,950

those modes he's just done for and he

1537

01:15:43,220 --> 01:15:40,650

has been for a couple of years and I can

1538

01:15:48,350 --> 01:15:43,230

understand it I mean I you hear from a

1539

01:15:50,300 --> 01:15:48,360

lot of people who faked that and you

1540

01:15:52,040 --> 01:15:50,310

know especially I think it's even harder

1541

01:15:54,740 --> 01:15:52,050

in today's world than it was before

1542

01:15:56,810 --> 01:15:54,750

because now we have this instant

1543

01:16:02,120 --> 01:15:56,820

feedback and I have to try to remind

1544

01:16:04,550 --> 01:16:02,130

myself not to look at social media too

1545

01:16:08,230 --> 01:16:04,560

often because there are just a lot of

1546

01:16:11,420 --> 01:16:08,240

people who are really mean out there and

1547

01:16:13,700 --> 01:16:11,430

you know when you all you're trying to

1548

01:16:16,670 --> 01:16:13,710

do is put together some information and

1549

01:16:19,310 --> 01:16:16,680

share it there's so much kill the

1550

01:16:21,500 --> 01:16:19,320

messenger in fact I think some of these

1551  
01:16:24,320 --> 01:16:21,510  
people if they could reach through their

1552  
01:16:29,420 --> 01:16:24,330  
computer and literally kill you they

1553  
01:16:32,300 --> 01:16:29,430  
would and and so when you trying to be

1554  
01:16:36,890 --> 01:16:32,310  
positive and send out information for

1555  
01:16:40,430 --> 01:16:36,900  
you know positive reasons and you see so

1556  
01:16:42,830 --> 01:16:40,440  
much hate coming back at you that's

1557  
01:16:44,660 --> 01:16:42,840  
really really hard to deal with and I

1558  
01:16:49,400 --> 01:16:44,670  
think anybody that puts themselves out

1559  
01:16:52,730 --> 01:16:49,410  
there in the media or or to share

1560  
01:16:56,420 --> 01:16:52,740  
information you know as a recipient of

1561  
01:16:58,280 --> 01:16:56,430  
that sort of of thing and and a lot of

1562  
01:17:02,510 --> 01:16:58,290  
people aren't expecting it they don't

1563  
01:17:04,490 --> 01:17:02,520

like it they don't want it and and so

1564

01:17:07,280 --> 01:17:04,500

you know I can understand how it would

1565

01:17:10,040 --> 01:17:07,290

be difficult for some people and it is

1566

01:17:12,940 --> 01:17:10,050

really difficult for some people it's

1567

01:17:16,460 --> 01:17:12,950

also even with tears even when they base

1568

01:17:20,720 --> 01:17:16,470

what may be constructive criticism or at

1569

01:17:22,280 --> 01:17:20,730

least presented in that way some people

1570

01:17:24,350 --> 01:17:22,290

aren't very good at handling that

1571

01:17:26,120 --> 01:17:24,360

because they're not used to it they

1572

01:17:28,790 --> 01:17:26,130

don't have that in their everyday life

1573

01:17:35,840 --> 01:17:28,800

and it's another thing I think we all

1574

01:17:38,240 --> 01:17:35,850

have to kind of be open to or try to as

1575

01:17:41,910 --> 01:17:38,250

researchers try to

1576

01:17:44,570 --> 01:17:41,920

take one of the things I do for instance

1577

01:17:47,700 --> 01:17:44,580

I think some of the most harshest

1578

01:17:50,700 --> 01:17:47,710

criticism not necessarily all negative

1579

01:17:54,150 --> 01:17:50,710

in a negative way comes in in a folk

1580

01:17:55,890 --> 01:17:54,160

group called UFO updates there's a lot

1581

01:17:59,310 --> 01:17:55,900

of people there there's there are some

1582

01:18:02,130 --> 01:17:59,320

people who are just too a bit rude I'll

1583

01:18:04,709 --> 01:18:02,140

certainly but when I have a piece that

1584

01:18:06,930 --> 01:18:04,719

I've done research on or a lot of my

1585

01:18:09,330 --> 01:18:06,940

pieces I like to put in UFO updates

1586

01:18:12,270 --> 01:18:09,340

because then they can go at it and

1587

01:18:13,590 --> 01:18:12,280

criticize it and at least I can say you

1588

01:18:15,990 --> 01:18:13,600

know oh you know what they have a

1589

01:18:18,600 --> 01:18:16,000

legitimate criticism I need to address

1590

01:18:21,900 --> 01:18:18,610

that so I can learn and improve and

1591

01:18:24,630 --> 01:18:21,910

become better myself but if it's just

1592

01:18:27,990 --> 01:18:24,640

petty kind of stuff then I can disregard

1593

01:18:30,830 --> 01:18:28,000

that but at least you do have to test

1594

01:18:34,200 --> 01:18:30,840

yourself in some ways but when you just

1595

01:18:37,140 --> 01:18:34,210

otherwise when instance looking at his

1596

01:18:39,959 --> 01:18:37,150

Gary Mann entry all I did was write

1597

01:18:42,330 --> 01:18:39,969

about what Garen MacKinnon said I'm not

1598

01:18:43,890 --> 01:18:42,340

judging Gary McKinnon for being drunken

1599

01:18:49,770 --> 01:18:43,900

stone if he wanted to be drunk and

1600

01:18:51,570 --> 01:18:49,780

stoned so be it I mean he he had issues

1601

01:18:53,760 --> 01:18:51,580

going on in this life and I'm not

1602

01:18:55,260 --> 01:18:53,770

judging him I'm just trying to get to

1603

01:18:57,450 --> 01:18:55,270

the root of the story and the

1604

01:18:59,870 --> 01:18:57,460

information and put that out there but

1605

01:19:02,910 --> 01:18:59,880

if you read the comments in that story

1606

01:19:05,340 --> 01:19:02,920

people really mean one I mean just

1607

01:19:07,200 --> 01:19:05,350

saying that I'm trying to be full of

1608

01:19:09,900 --> 01:19:07,210

disinformation and I'm trying to drag

1609

01:19:13,200 --> 01:19:09,910

him down and if they read you know these

1610

01:19:15,350 --> 01:19:13,210

are direct quotes from him if anybody's

1611

01:19:17,459 --> 01:19:15,360

disparaging him it's it's him

1612

01:19:20,550 --> 01:19:17,469

discouraging him not me

1613

01:19:23,880 --> 01:19:20,560

no and that can be really tough I talked

1614

01:19:26,520 --> 01:19:23,890

to people on a regular basis and there

1615

01:19:32,340 --> 01:19:26,530

are a lot for instance of MUFON people

1616

01:19:36,720 --> 01:19:32,350

who as they get to post more stuff

1617

01:19:39,180 --> 01:19:36,730

online they they get met with this this

1618

01:19:41,040 --> 01:19:39,190

negativity and they're just done and

1619

01:19:42,900 --> 01:19:41,050

that's it there are people getting

1620

01:19:43,979 --> 01:19:42,910

involved with this field trying to put

1621

01:19:47,640 --> 01:19:43,989

themselves out there and then just

1622

01:19:51,600 --> 01:19:47,650

walking away on a regular basis it

1623

01:19:53,640 --> 01:19:51,610

happens a lot because as instead

1624

01:19:55,740 --> 01:19:53,650

getting you know a lot of positive

1625

01:19:58,680 --> 01:19:55,750

feedback it's just a positive people I

1626

01:20:01,290 --> 01:19:58,690

think are quieter what I'd like to see

1627

01:20:04,260 --> 01:20:01,300

is an increase in the heads and increase

1628

01:20:06,030 --> 01:20:04,270

in listen and listens to the show that

1629

01:20:07,560 --> 01:20:06,040

keeps me inspired so I know that the

1630

01:20:11,520 --> 01:20:07,570

people that appreciate this are out

1631

01:20:13,439 --> 01:20:11,530

there but yes some people just feel like

1632

01:20:19,470 --> 01:20:13,449

you know this is not worth it it's not

1633

01:20:23,160 --> 01:20:19,480

worth all of this this this frustration

1634

01:20:24,390 --> 01:20:23,170

and this anger that that had faced your

1635

01:20:28,649 --> 01:20:24,400

direction because you don't agree with

1636

01:20:31,109 --> 01:20:28,659

what someone you know believes so yeah

1637

01:20:33,479 --> 01:20:31,119

it can be difficult so I understand it

1638

01:20:36,390 --> 01:20:33,489

and and it is there it happens more

1639

01:20:38,250 --> 01:20:36,400

often than not then over a period of

1640

01:20:40,590 --> 01:20:38,260

years that people got to walk away at

1641

01:20:42,959 --> 01:20:40,600

least for a little while and some people

1642

01:20:46,859 --> 01:20:42,969

get really and you can be this evolution

1643

01:20:49,379 --> 01:20:46,869

some people get me and then some people

1644

01:20:51,450 --> 01:20:49,389

just decide to disregard what anybody

1645

01:20:54,600 --> 01:20:51,460

has to say and kind of go off in their

1646

01:20:56,459 --> 01:20:54,610

own lala land and not listen to any

1647

01:20:59,070 --> 01:20:56,469

feedback and just kind of do their own

1648

01:21:00,990 --> 01:20:59,080

thing and and you know it's a result of

1649

01:21:03,629 --> 01:21:01,000

this how people deal with it with that

1650

01:21:04,410 --> 01:21:03,639

sort of things so some of it I think has

1651  
01:21:11,100 --> 01:21:04,420  
to do

1652  
01:21:12,750 --> 01:21:11,110  
with the fact that some that I've talked

1653  
01:21:15,270 --> 01:21:12,760  
to that have been at it for a long time

1654  
01:21:17,220 --> 01:21:15,280  
just say you know I'm no closer to any

1655  
01:21:22,410 --> 01:21:17,230  
type of the answer than I was 35 years

1656  
01:21:25,229 --> 01:21:22,420  
ago you know yeah and and so that gets

1657  
01:21:27,359 --> 01:21:25,239  
frustrating in that way yeah well how

1658  
01:21:30,300 --> 01:21:27,369  
about you I mean I'm curious you face

1659  
01:21:33,959 --> 01:21:30,310  
that negativity and yeah

1660  
01:21:36,300 --> 01:21:33,969  
and I would imagine you wouldn't feel

1661  
01:21:38,189 --> 01:21:36,310  
that you haven't necessarily learned a

1662  
01:21:40,410 --> 01:21:38,199  
whole lot or at least not the roots of

1663  
01:21:42,180 --> 01:21:40,420

the mystery since you've been doing this

1664

01:21:46,439 --> 01:21:42,190

I feel that way

1665

01:21:48,240 --> 01:21:46,449

what could you motive I still I still

1666

01:21:52,410 --> 01:21:48,250

really like talking to fascinating

1667

01:21:56,340 --> 01:21:52,420

people that have you know ideas on the

1668

01:21:59,100 --> 01:21:56,350

subject it's a you know because when you

1669

01:22:03,419 --> 01:21:59,110

start talking to some you never know

1670

01:22:05,520 --> 01:22:03,429

what's going to be revealed so it's

1671

01:22:08,310 --> 01:22:05,530

always fascinating like last week

1672

01:22:09,870 --> 01:22:08,320

Ron mogera had no idea what he was gonna

1673

01:22:14,220 --> 01:22:09,880

be like and he was wonderful I thought

1674

01:22:19,490 --> 01:22:14,230

he was really good so and so I guess

1675

01:22:22,020 --> 01:22:19,500

what keeps me going is I feel like my

1676

01:22:26,120 --> 01:22:22,030

you know actually I feel like my life is

1677

01:22:29,190 --> 01:22:26,130

better being involved in this

1678

01:22:31,290 --> 01:22:29,200

fascinating topic you know it's it's

1679

01:22:33,120 --> 01:22:31,300

interesting and it's also very

1680

01:22:36,770 --> 01:22:33,130

interesting when people find out about

1681

01:22:42,120 --> 01:22:36,780

it out in you know my world whether it's

1682

01:22:46,920 --> 01:22:42,130

my real job in antiques and fine arts

1683

01:22:50,310 --> 01:22:46,930

and things like that that actually have

1684

01:22:52,860 --> 01:22:50,320

a story I love hearing stories you know

1685

01:22:54,630 --> 01:22:52,870

from people that I'm just out in the

1686

01:22:57,630 --> 01:22:54,640

field and people that normally would

1687

01:22:59,250 --> 01:22:57,640

never share a story with anyone and when

1688

01:23:00,570 --> 01:22:59,260

they find out that I'm doing this and

1689

01:23:04,200 --> 01:23:00,580

they'll share it with me and I think

1690

01:23:07,470 --> 01:23:04,210

that's really that's pretty nice nice

1691

01:23:12,900 --> 01:23:07,480

what about negativity that is focused in

1692

01:23:16,920 --> 01:23:12,910

your direction you know I heard I heard

1693

01:23:19,440 --> 01:23:16,930

a really good quote once and I try to

1694

01:23:21,390 --> 01:23:19,450

exercise that now because yes I do get

1695

01:23:24,240 --> 01:23:21,400

there is a lot of negativity that comes

1696

01:23:27,420 --> 01:23:24,250

and emails and comments and comments

1697

01:23:29,580 --> 01:23:27,430

that I won't allow post posted on under

1698

01:23:34,590 --> 01:23:29,590

our shows and things like that and that

1699

01:23:37,050 --> 01:23:34,600

is if you take every negative comment

1700

01:23:40,380 --> 01:23:37,060

with the same grain of salt that you

1701  
01:23:42,740 --> 01:23:40,390  
take a compliment with then you'll have

1702  
01:23:46,020 --> 01:23:42,750  
you you'll be grounded in other words

1703  
01:23:48,150 --> 01:23:46,030  
don't elect don't let a negative comment

1704  
01:23:51,060 --> 01:23:48,160  
affect you any more than a positive

1705  
01:23:53,460 --> 01:23:51,070  
comment should affect you just be happy

1706  
01:23:57,060 --> 01:23:53,470  
with what you're doing or don't do it

1707  
01:23:59,340 --> 01:23:57,070  
and so I guess if I can keep that

1708  
01:24:03,180 --> 01:23:59,350  
philosophy then the negative comments

1709  
01:24:06,480 --> 01:24:03,190  
aren't going to they you know I had

1710  
01:24:08,940 --> 01:24:06,490  
someone recently got an email from

1711  
01:24:10,590 --> 01:24:08,950  
someone that you know I'm not even gonna

1712  
01:24:12,780 --> 01:24:10,600  
use any of the language they wrote in

1713  
01:24:14,490 --> 01:24:12,790

the email but basically saying that the

1714

01:24:17,130 --> 01:24:14,500

show sucked and I was terrible and all

1715

01:24:19,109 --> 01:24:17,140

that and and you know go to hell type of

1716

01:24:21,990 --> 01:24:19,119

thing but with harsh words

1717

01:24:23,520 --> 01:24:22,000

and I just said you know I just wrote

1718

01:24:25,979 --> 01:24:23,530

back I'm sorry your must be having some

1719

01:24:29,010 --> 01:24:25,989

type of trouble and I really am sorry

1720

01:24:31,410 --> 01:24:29,020

and it's true you know and but there are

1721

01:24:33,180 --> 01:24:31,420

people that you know this Shield of the

1722

01:24:36,300 --> 01:24:33,190

internet or whatever it is so there's no

1723

01:24:37,979 --> 01:24:36,310

eye to eye contact that people can say

1724

01:24:40,560 --> 01:24:37,989

anything they choose and that happens

1725

01:24:42,419 --> 01:24:40,570

you see it especially on like it says

1726

01:24:42,979 --> 01:24:42,429

social media and YouTube and places like

1727

01:24:49,680 --> 01:24:42,989

that

1728

01:24:54,330 --> 01:24:49,690

do seem to handle it well I haven't urge

1729

01:24:57,689 --> 01:24:54,340

you safe man again take this yeah you

1730

01:25:00,479 --> 01:24:57,699

know I say in the beginning when I would

1731

01:25:02,729 --> 01:25:00,489

get that I was much more susceptible to

1732

01:25:04,770 --> 01:25:02,739

worrying about it but now it's some

1733

01:25:08,280 --> 01:25:04,780

everybody has their opinions and that's

1734

01:25:10,709 --> 01:25:08,290

fine yeah and you know one thing that I

1735

01:25:15,959 --> 01:25:10,719

will not do is compromise my integrity

1736

01:25:18,839 --> 01:25:15,969

and I'm looking for answers and truth

1737

01:25:24,060 --> 01:25:18,849

and sometimes I don't know and it's like

1738

01:25:25,919 --> 01:25:24,070

oh man you know I I find out or Mark

1739

01:25:28,560 --> 01:25:25,929

Dantonio does this to me all the time or

1740

01:25:30,149 --> 01:25:28,570

some great picture or some great video

1741

01:25:32,550 --> 01:25:30,159

that I thought this is never gonna be

1742

01:25:35,879 --> 01:25:32,560

debunked this is amazing this is great

1743

01:25:36,479 --> 01:25:35,889

and then you know something's figured

1744

01:25:38,930 --> 01:25:36,489

out that ow

1745

01:25:43,379 --> 01:25:38,940

actually that was a paper airplane

1746

01:25:45,450 --> 01:25:43,389

thrown by you know little Joey passes a

1747

01:25:49,290 --> 01:25:45,460

window and Aunt Ruth took a picture at

1748

01:25:52,500 --> 01:25:49,300

that time and so and I know I'm gonna

1749

01:25:55,109 --> 01:25:52,510

get a lot of hate for it but one thing I

1750

01:25:59,070 --> 01:25:55,119

will not do is just let that go and let

1751

01:26:02,609 --> 01:25:59,080

people you know go on with that believe

1752

01:26:05,189 --> 01:26:02,619

that ruled out the for me and about you

1753

01:26:08,669 --> 01:26:05,199

know little Joey fessing up that he was

1754

01:26:10,169 --> 01:26:08,679

tricking Aunt Ruth you know because

1755

01:26:12,120 --> 01:26:10,179

that's that's what we're here for is to

1756

01:26:13,979 --> 01:26:12,130

get out information that's what I'm here

1757

01:26:18,479 --> 01:26:13,989

for us to get out information about this

1758

01:26:24,600 --> 01:26:18,489

topic and and not everybody appreciates

1759

01:26:27,330 --> 01:26:24,610

that you know you know I now let's talk

1760

01:26:29,220 --> 01:26:27,340

a little bit about your day to you you

1761

01:26:31,800 --> 01:26:29,230

do this is a full-time job and I think

1762

01:26:32,380 --> 01:26:31,810

you're probably one of the very few in

1763

01:26:35,350 --> 01:26:32,390

the entire

1764

01:26:36,760 --> 01:26:35,360

world that actually does this for a

1765

01:26:42,250 --> 01:26:36,770

full-time job am i right

1766

01:26:47,620 --> 01:26:42,260

I think oh yeah yeah I would be mad

1767

01:26:48,790 --> 01:26:47,630

there's maybe only a handful if that

1768

01:26:52,390 --> 01:26:48,800

yeah

1769

01:26:54,520 --> 01:26:52,400

so you come in in the morning let's say

1770

01:26:56,110 --> 01:26:54,530

a typical day now this is I'm not going

1771

01:26:59,800 --> 01:26:56,120

to turn this into a total interview of

1772

01:27:04,090 --> 01:26:59,810

you but you come in you start searching

1773

01:27:08,290 --> 01:27:04,100

for something new or do people send you

1774

01:27:10,270 --> 01:27:08,300

things a little bit of both so on a

1775

01:27:12,160 --> 01:27:10,280

typical day what I do is I'll come in

1776

01:27:15,760 --> 01:27:12,170

and the very first thing that I like to

1777

01:27:17,800 --> 01:27:15,770

do is look for the headlines and that

1778

01:27:20,620 --> 01:27:17,810

actually is a lot of work but I think

1779

01:27:25,570 --> 01:27:20,630

it's a great service it's something that

1780

01:27:28,540 --> 01:27:25,580

I'm doing for a long time and I started

1781

01:27:30,550 --> 01:27:28,550

doing it because there was a kind of a

1782

01:27:32,830 --> 01:27:30,560

news clipping thing that John Schuessler

1783

01:27:35,290 --> 01:27:32,840

used to do he was a director from for a

1784

01:27:37,540 --> 01:27:35,300

MUFON only the second director for MUFON

1785

01:27:40,930 --> 01:27:37,550

and he was the director when I joined

1786

01:27:43,090 --> 01:27:40,940

MUFON and he would send out emails or in

1787

01:27:46,120 --> 01:27:43,100

some cases at his meetings he would hand

1788

01:27:49,150 --> 01:27:46,130

out news clippings UFO stories in the

1789

01:27:51,760 --> 01:27:49,160

headlines and when the internet started

1790

01:27:53,590 --> 01:27:51,770

getting big I would take those those

1791

01:27:55,150 --> 01:27:53,600

pieces of information with his blessing

1792

01:27:57,520 --> 01:27:55,160

you know working with him here's a

1793

01:27:59,440 --> 01:27:57,530

mentor of mine and I would get those

1794

01:28:02,560 --> 01:27:59,450

online at first I got him like on a

1795

01:28:04,750 --> 01:28:02,570

Google like what's it at Google I forgot

1796

01:28:06,610 --> 01:28:04,760

yeah group or something like that I

1797

01:28:10,390 --> 01:28:06,620

think it was yahoo groups that was a big

1798

01:28:13,750 --> 01:28:10,400

thing and I called it some I call and

1799

01:28:15,970 --> 01:28:13,760

then I started doing putting him in

1800

01:28:18,640 --> 01:28:15,980

emails and then online and these

1801  
01:28:21,700 --> 01:28:18,650  
different things and so and then when I

1802  
01:28:25,330 --> 01:28:21,710  
started my podcast and my web site UFO

1803  
01:28:27,280 --> 01:28:25,340  
think tank I started doing that these

1804  
01:28:29,820 --> 01:28:27,290  
headlines and I think it's really

1805  
01:28:33,610 --> 01:28:29,830  
important and it's really cool because

1806  
01:28:35,980 --> 01:28:33,620  
it demonstrates that there are UFO

1807  
01:28:39,250 --> 01:28:35,990  
stories in the mainstream out there that

1808  
01:28:43,990 --> 01:28:39,260  
there there is a discussion about UFOs

1809  
01:28:46,120 --> 01:28:44,000  
all over the world and so I love sharing

1810  
01:28:47,800 --> 01:28:46,130  
those and it seems pretty popular

1811  
01:28:51,160 --> 01:28:47,810  
to be a service that people really like

1812  
01:28:53,170 --> 01:28:51,170  
and so my first thing is to look for

1813  
01:28:57,070 --> 01:28:53,180

stories and look for good stories and

1814

01:28:58,990 --> 01:28:57,080

pertinent stories credible stories it's

1815

01:29:03,130 --> 01:28:59,000

unfortunate that right now we're in the

1816

01:29:05,860 --> 01:29:03,140

era of the UK tabloids is what I call it

1817

01:29:09,780 --> 01:29:05,870

new follow G where they're kind of

1818

01:29:13,540 --> 01:29:09,790

taking a lead on the direction that

1819

01:29:16,540 --> 01:29:13,550

mainstream media covers the topic and as

1820

01:29:18,310 --> 01:29:16,550

a typical tabloid as you you know what

1821

01:29:20,620 --> 01:29:18,320

you think of The Enquirer or something

1822

01:29:23,050 --> 01:29:20,630

they're full of dubious or just

1823

01:29:26,500 --> 01:29:23,060

completely false information or making a

1824

01:29:29,220 --> 01:29:26,510

big deal out of hoaxes often they steal

1825

01:29:32,560 --> 01:29:29,230

my story I mean just today John Austin

1826

01:29:36,310 --> 01:29:32,570

this name that lives infamy amongst

1827

01:29:39,310 --> 01:29:36,320

people who follow this stuff online took

1828

01:29:41,800 --> 01:29:39,320

one of my stories and took my name out

1829

01:29:43,330 --> 01:29:41,810

of it took my quotes that I got from

1830

01:29:45,730 --> 01:29:43,340

interviewing this person and didn't

1831

01:29:48,640 --> 01:29:45,740

reference me at all and posted the story

1832

01:29:52,120 --> 01:29:48,650

on The Daily Express in the UK in some

1833

01:29:53,290 --> 01:29:52,130

cases I like it when it's promoting you

1834

01:29:55,090 --> 01:29:53,300

know something that I would like to

1835

01:29:57,160 --> 01:29:55,100

promote although I would like at least

1836

01:29:58,510 --> 01:29:57,170

credit I mean I don't mind if anybody

1837

01:30:00,550 --> 01:29:58,520

takes her stuff or at least references

1838

01:30:06,610 --> 01:30:00,560

or whatever as long as they give us

1839

01:30:08,530 --> 01:30:06,620

credit but you know they often these

1840

01:30:10,090 --> 01:30:08,540

tabloids get the and it's a Daily Star

1841

01:30:13,630 --> 01:30:10,100

we've talked about these Daily Express

1842

01:30:15,790 --> 01:30:13,640

the fact wrong and free thing so I don't

1843

01:30:17,560 --> 01:30:15,800

know link to them at all because they

1844

01:30:19,960 --> 01:30:17,570

these days they have very little

1845

01:30:22,630 --> 01:30:19,970

credible information if any that they

1846

01:30:24,430 --> 01:30:22,640

cover but otherwise there's lots of news

1847

01:30:26,350 --> 01:30:24,440

stories out there lots of really

1848

01:30:28,690 --> 01:30:26,360

interesting stuff so that's the first

1849

01:30:31,270 --> 01:30:28,700

thing I do is is the headlines I focus

1850

01:30:33,190 --> 01:30:31,280

heavily on that and you know if you go

1851  
01:30:35,560 --> 01:30:33,200  
to open mind sat TV pretty much every

1852  
01:30:37,420 --> 01:30:35,570  
day you're gonna see a new set of UFO

1853  
01:30:40,870 --> 01:30:37,430  
headlines there right in the center on

1854  
01:30:42,970 --> 01:30:40,880  
the front page so that's the first thing

1855  
01:30:44,920 --> 01:30:42,980  
I do and then I'm always looking for

1856  
01:30:48,880 --> 01:30:44,930  
stories and following what other people

1857  
01:30:52,060 --> 01:30:48,890  
are do I do the website so there's some

1858  
01:30:55,660 --> 01:30:52,070  
administration of that and post it Roger

1859  
01:30:57,850 --> 01:30:55,670  
or she's worried love to post other

1860  
01:30:58,950 --> 01:30:57,860  
people's stories like Paul Stony Hills

1861  
01:31:01,400 --> 01:30:58,960  
and then I

1862  
01:31:03,930 --> 01:31:01,410  
to look for images make sure I credit

1863  
01:31:06,360 --> 01:31:03,940

one of the things that I do that you'll

1864

01:31:09,030 --> 01:31:06,370

find on open minds as I give credit to

1865

01:31:13,130 --> 01:31:09,040

everybody I reference sources with a

1866

01:31:16,229 --> 01:31:13,140

link and give credit on every photo and

1867

01:31:18,479 --> 01:31:16,239

I give credit and link on any reference

1868

01:31:22,320 --> 01:31:18,489

in any of our stories to make sure that

1869

01:31:25,020 --> 01:31:22,330

if I'm referencing Kevin Randle I'm

1870

01:31:27,240 --> 01:31:25,030

linking to the web if I'm linking a

1871

01:31:28,830 --> 01:31:27,250

referencing a couple things he said that

1872

01:31:30,150 --> 01:31:28,840

we're on two different blogs and I'm

1873

01:31:33,390 --> 01:31:30,160

gonna link to both blogs

1874

01:31:35,100 --> 01:31:33,400

David Rudy AK in this story I have at

1875

01:31:37,740 --> 01:31:35,110

least two or three links to his website

1876

01:31:39,510 --> 01:31:37,750

so making sure that people know where to

1877

01:31:42,390 --> 01:31:39,520

get more information and that the people

1878

01:31:44,340 --> 01:31:42,400

who do deserve the credit get it because

1879

01:31:46,320 --> 01:31:44,350

if someone if we're highlighting

1880

01:31:48,290 --> 01:31:46,330

someone's work that's the whole point is

1881

01:31:50,940 --> 01:31:48,300

highlighting that look at this cool

1882

01:31:53,700 --> 01:31:50,950

great research that this person has done

1883

01:31:56,880 --> 01:31:53,710

even if it's something I'm dubious of

1884

01:31:58,950 --> 01:31:56,890

it's like still this took effort to do

1885

01:32:00,720 --> 01:31:58,960

this what do you think you know here's

1886

01:32:03,780 --> 01:32:00,730

what I think what do you think about

1887

01:32:05,520 --> 01:32:03,790

what this person has done and so that

1888

01:32:07,380 --> 01:32:05,530

takes a lot of time and effort I mean

1889

01:32:09,690 --> 01:32:07,390

it's easier to do what John Austin did

1890

01:32:12,330 --> 01:32:09,700

and to just go out there and grab a

1891

01:32:14,100 --> 01:32:12,340

story take all the references out of it

1892

01:32:16,380 --> 01:32:14,110

to see you can say this person said this

1893

01:32:19,050 --> 01:32:16,390

and this did this it's easy you could

1894

01:32:21,330 --> 01:32:19,060

write stories just like these tabloids

1895

01:32:25,110 --> 01:32:21,340

do all day every day if you don't have

1896

01:32:27,390 --> 01:32:25,120

to reference anything but that's not

1897

01:32:30,780 --> 01:32:27,400

what we do how do you find something

1898

01:32:32,790 --> 01:32:30,790

like that do you you just look for

1899

01:32:34,620 --> 01:32:32,800

stories and all of a sudden you pops up

1900

01:32:38,540 --> 01:32:34,630

and you see a story that well hey that's

1901

01:32:43,050 --> 01:32:38,550

my story is that what happens with that

1902

01:32:44,459 --> 01:32:43,060

usually for an instant that um when I do

1903

01:32:50,220 --> 01:32:44,469

my search is to look for mainstream

1904

01:32:52,200 --> 01:32:50,230

media stories I often run across our

1905

01:32:54,600 --> 01:32:52,210

stories or people referencing our

1906

01:32:58,080 --> 01:32:54,610

stories for instance one of the people

1907

01:32:59,580 --> 01:32:58,090

one of the new sources that I don't put

1908

01:33:02,490 --> 01:32:59,590

in our headlines because I don't feel

1909

01:33:04,979 --> 01:33:02,500

it's mainstream enough is the Inquisitor

1910

01:33:07,290 --> 01:33:04,989

but I I should say cuz there's the

1911

01:33:09,270 --> 01:33:07,300

Inquisitor and the examiner pretty much

1912

01:33:11,130 --> 01:33:09,280

anybody can go on and sign on to be a

1913

01:33:12,480 --> 01:33:11,140

writer so those are kind of Bloggie

1914

01:33:17,280 --> 01:33:12,490

they're not really

1915

01:33:18,780 --> 01:33:17,290

you know mainstream news but I gotta

1916

01:33:20,850 --> 01:33:18,790

give credit cuz there's there's a

1917

01:33:23,220 --> 01:33:20,860

gentleman I remember his name right now

1918

01:33:24,930 --> 01:33:23,230

who writes a lot of UFO stories an

1919

01:33:28,740 --> 01:33:24,940

Inquisitor baby he does a great job

1920

01:33:30,270 --> 01:33:28,750

referencing people so you know as long

1921

01:33:32,580 --> 01:33:30,280

as you reference that's cool so I'll

1922

01:33:34,140 --> 01:33:32,590

usually finding it in my regular search

1923

01:33:37,740 --> 01:33:34,150

and I've got these different ways that I

1924

01:33:40,290 --> 01:33:37,750

search for stuff multiple different ways

1925

01:33:43,680 --> 01:33:40,300

and that's how I'll run across them and

1926

01:33:46,350 --> 01:33:43,690

I'm pretty good it's rare that they're

1927

01:33:50,040 --> 01:33:46,360

stored on UFOs or even extraterrestrial

1928

01:33:52,980 --> 01:33:50,050

life that somebody posts that I didn't

1929

01:33:57,440 --> 01:33:52,990

see but it does happen because people

1930

01:34:00,500 --> 01:33:57,450

like Billy Cox don't use those keywords

1931

01:34:03,030 --> 01:34:00,510

so it's harder to find their stories I

1932

01:34:06,330 --> 01:34:03,040

love Billy Cox he writes for the

1933

01:34:08,640 --> 01:34:06,340

Sarasota Herald Tribune bring up but he

1934

01:34:10,920 --> 01:34:08,650

doesn't he never uses the term UFOs and

1935

01:34:13,500 --> 01:34:10,930

his headlines and so it can be hard to

1936

01:34:15,060 --> 01:34:13,510

to find that he's writing about UFOs

1937

01:34:17,220 --> 01:34:15,070

yeah I'm trying to get him on the show

1938

01:34:19,560 --> 01:34:17,230

have you ever interviewed him no he

1939

01:34:21,240 --> 01:34:19,570

doesn't like doing it or trying to get

1940

01:34:23,250 --> 01:34:21,250

him on and he doesn't he doesn't like to

1941

01:34:24,870 --> 01:34:23,260

do interviews unfortunately because I

1942

01:34:27,600 --> 01:34:24,880

think you'd have some fascinating thing

1943

01:34:30,120 --> 01:34:27,610

to say but I really recommend him and

1944

01:34:32,070 --> 01:34:30,130

when I find a story of his I definitely

1945

01:34:34,560 --> 01:34:32,080

do link to it because he is in the

1946

01:34:40,020 --> 01:34:34,570

Sarasota Herald Tribune - he is a staff

1947

01:34:41,550 --> 01:34:40,030

writer a journalist so so yeah so that's

1948

01:34:43,410 --> 01:34:41,560

that's radio and then I found all these

1949

01:34:46,560 --> 01:34:43,420

stories and they post them and then also

1950

01:34:49,800 --> 01:34:46,570

I try to write my own stories but you

1951

01:34:54,330 --> 01:34:49,810

know I my stories take a lot of research

1952

01:34:56,700 --> 01:34:54,340

so what and I hope that people when they

1953

01:34:59,760 --> 01:34:56,710

look at my Roswell story for instance I

1954

01:35:02,430 --> 01:34:59,770

think it's pretty concise but gives you

1955

01:35:04,710 --> 01:35:02,440

the latest and the greatest on what's

1956

01:35:07,440 --> 01:35:04,720

going on with that Ramey memo so you

1957

01:35:11,280 --> 01:35:07,450

understand and you see what people think

1958

01:35:12,690 --> 01:35:11,290

that the most is currently and that

1959

01:35:13,740 --> 01:35:12,700

takes some time to research and make

1960

01:35:15,720 --> 01:35:13,750

sure you give the credit and everything

1961

01:35:18,810 --> 01:35:15,730

so I want to write about

1962

01:35:20,700 --> 01:35:18,820

paul-dean and some of his work I want to

1963

01:35:24,120 --> 01:35:20,710

write about some some other great work

1964

01:35:25,830 --> 01:35:24,130

that's out there but there's also the

1965

01:35:30,030 --> 01:35:25,840

the Congress coming up

1966

01:35:34,709 --> 01:35:30,040

and you know inviting speakers making

1967

01:35:37,200 --> 01:35:34,719

sure the websites updated and creating

1968

01:35:42,290 --> 01:35:37,210

documents and all the paperwork you know

1969

01:35:45,390 --> 01:35:42,300

speaker punch fax under contracts and

1970

01:35:47,220 --> 01:35:45,400

figuring out the space and and you know

1971

01:35:48,720 --> 01:35:47,230

communicating all of these different

1972

01:35:52,080 --> 01:35:48,730

things with the conference is always a

1973

01:35:54,810 --> 01:35:52,090

lot of work and then you know every

1974

01:35:59,149 --> 01:35:54,820

Monday Jason or Michael and I Michael

1975

01:36:03,689 --> 01:35:59,159

the amazing video guy that we have with

1976

01:36:06,410 --> 01:36:03,699

open minds I write a script and then

1977

01:36:10,709 --> 01:36:06,420

Michael and I quote the script for the

1978

01:36:12,839 --> 01:36:10,719

UFO report and then we film that and

1979

01:36:15,180 --> 01:36:12,849

then we work together on posting that

1980

01:36:17,220 --> 01:36:15,190

and then I create these emails you know

1981

01:36:19,050 --> 01:36:17,230

cuz we send out emails every other week

1982

01:36:21,570 --> 01:36:19,060

to let people what's going on know

1983

01:36:25,020 --> 01:36:21,580

what's going on with open minds so I'm

1984

01:36:29,729 --> 01:36:25,030

always super super busy and I don't get

1985

01:36:32,520 --> 01:36:29,739

back on emails that often I don't get

1986

01:36:35,250 --> 01:36:32,530

back on phone calls if that off I really

1987

01:36:38,750 --> 01:36:35,260

even answer the phone I let it go to the

1988

01:36:44,010 --> 01:36:38,760

voicemail and then get back with people

1989

01:36:46,410 --> 01:36:44,020

and so correspondence wise you know

1990

01:36:48,660 --> 01:36:46,420

honestly it can take me some time in

1991

01:36:50,790 --> 01:36:48,670

fact I don't know if I should even say

1992

01:36:54,680 --> 01:36:50,800

it but the secret is the quickest way to

1993

01:36:57,450 --> 01:36:54,690

get to me is probably via Facebook but

1994

01:37:01,320 --> 01:36:57,460

or pretend you're Martin because I take

1995

01:37:05,189 --> 01:37:01,330

Martin emails very seriously there some

1996

01:37:07,800 --> 01:37:05,199

reason to thank you yeah I I I'm sure

1997

01:37:10,800 --> 01:37:07,810

you get a lot of email I do as well and

1998

01:37:13,350 --> 01:37:10,810

I welcome email I am way behind on it

1999

01:37:14,820 --> 01:37:13,360

right now and I just have to give the

2000

01:37:19,050 --> 01:37:14,830

message out there that if you're gonna

2001  
01:37:22,589 --> 01:37:19,060  
write me an email I have a DD I'm sure I

2002  
01:37:24,270 --> 01:37:22,599  
do I'm just kind of probably look joking

2003  
01:37:26,040 --> 01:37:24,280  
a little bit but I have a hard time

2004  
01:37:29,459 --> 01:37:26,050  
reading when I open an email and I see

2005  
01:37:30,000 --> 01:37:29,469  
it's up like four pages long I don't get

2006  
01:37:32,310 --> 01:37:30,010  
through it

2007  
01:37:34,680 --> 01:37:32,320  
so if you want to email me and get your

2008  
01:37:38,580 --> 01:37:34,690  
point across within a paragraph or two

2009  
01:37:39,360 --> 01:37:38,590  
then I'll probably be able to respond we

2010  
01:37:41,460 --> 01:37:39,370  
speaking of

2011  
01:37:44,370 --> 01:37:41,470  
we had some questions this one's a

2012  
01:37:45,600 --> 01:37:44,380  
little unusual and if you don't mind

2013  
01:37:48,840 --> 01:37:45,610

I'll throw it at you

2014

01:37:53,880 --> 01:37:48,850

and what if anything is going on in the

2015

01:37:55,500 --> 01:37:53,890

Antarctic today why is the area in the

2016

01:37:57,780 --> 01:37:55,510

immediate vicinity of the South Pole

2017

01:38:00,830 --> 01:37:57,790

whited out on Google Earth and other

2018

01:38:03,180 --> 01:38:00,840

imagery what happens with Admiral Byrd

2019

01:38:05,340 --> 01:38:03,190

unusually large immediate post-war

2020

01:38:07,770 --> 01:38:05,350

contingency when they journey there do

2021

01:38:10,110 --> 01:38:07,780

you know anything about that or do I've

2022

01:38:12,240 --> 01:38:10,120

heard people talk about some type of

2023

01:38:14,130 --> 01:38:12,250

connection between UFOs and Antarctica

2024

01:38:17,880 --> 01:38:14,140

and I just I've never really looked into

2025

01:38:24,150 --> 01:38:17,890

it have you how dare you ask me this

2026

01:38:25,890 --> 01:38:24,160

question no no actually I mean I've

2027

01:38:27,510 --> 01:38:25,900

heard a couple interesting stories

2028

01:38:30,270 --> 01:38:27,520

Wendell Stevens for instance who I

2029

01:38:34,470 --> 01:38:30,280

referenced earlier that might have been

2030

01:38:37,050 --> 01:38:34,480

what you were not able to hear us but he

2031

01:38:40,260 --> 01:38:37,060

had he says when he was in the Air Force

2032

01:38:42,600 --> 01:38:40,270

he they witnessed the UFO landing and

2033

01:38:45,330 --> 01:38:42,610

and he was in the Air Force and they

2034

01:38:50,850 --> 01:38:45,340

actually investigated it otherwise

2035

01:38:53,790 --> 01:38:50,860

Admiral Byrd I mean and I and here again

2036

01:38:56,970 --> 01:38:53,800

I apologize for any anyone who is really

2037

01:38:59,310 --> 01:38:56,980

married to this story but from my

2038

01:39:02,940 --> 01:38:59,320

research it appears it's all bunk

2039

01:39:05,490 --> 01:39:02,950

so essentially the fuggle rod so there's

2040

01:39:09,450 --> 01:39:05,500

a story a legend out there that Admiral

2041

01:39:13,110 --> 01:39:09,460

Byrd when he was out exploring got into

2042

01:39:15,510 --> 01:39:13,120

his plane and he flew and he saw this

2043

01:39:17,370 --> 01:39:15,520

hole where he looked down and they could

2044

01:39:20,550 --> 01:39:17,380

see into the earth and they flew in

2045

01:39:22,940 --> 01:39:20,560

there and these um uh foes but not

2046

01:39:25,620 --> 01:39:22,950

dissembled or swastikas on the side

2047

01:39:27,360 --> 01:39:25,630

escorted them in and they talked to

2048

01:39:29,430 --> 01:39:27,370

these aliens and the aliens were of

2049

01:39:32,010 --> 01:39:29,440

course upset with us and they called

2050

01:39:34,980 --> 01:39:32,020

their spaceships fuggle rods and that

2051

01:39:37,650 --> 01:39:34,990

they were helping out Hitler at the time

2052

01:39:40,800 --> 01:39:37,660

and that's why Hitler created UFOs and

2053

01:39:44,760 --> 01:39:40,810

all of this wild and crazy stuff that

2054

01:39:47,550 --> 01:39:44,770

was all in this alleged secret Journal

2055

01:39:51,210 --> 01:39:47,560

of Admiral Byrd it turned out that was a

2056

01:39:53,310 --> 01:39:51,220

complete hoax it was actually a hoax

2057

01:39:57,600 --> 01:39:53,320

perpetrated someone who elect

2058

01:39:59,640 --> 01:39:57,610

plea was related to Admiral Byrd but it

2059

01:40:01,890 --> 01:39:59,650

was a complete hoax oh really if you

2060

01:40:04,170 --> 01:40:01,900

look into Admiral Byrd there are a

2061

01:40:06,000 --> 01:40:04,180

couple photos out there from his

2062

01:40:08,250 --> 01:40:06,010

expeditions that people think are

2063

01:40:11,340 --> 01:40:08,260

mysterious and and who knows these could

2064

01:40:14,010 --> 01:40:11,350

be genuine UFO photos they're so old

2065

01:40:17,070 --> 01:40:14,020

it's difficult to tell I know of at

2066

01:40:19,170 --> 01:40:17,080

least one person I don't even think he

2067

01:40:22,620 --> 01:40:19,180

has a website or anything a friend of

2068

01:40:25,350 --> 01:40:22,630

mine Joe fax had these pictures that

2069

01:40:27,120 --> 01:40:25,360

that showed some interesting things in

2070

01:40:31,160 --> 01:40:27,130

the guy that was taken during the

2071

01:40:34,830 --> 01:40:31,170

expedition but other than that I

2072

01:40:37,230 --> 01:40:34,840

apologize I don't really put any stock

2073

01:40:40,500 --> 01:40:37,240

into those stories and I say that after

2074

01:40:43,500 --> 01:40:40,510

having done some thorough research into

2075

01:40:47,820 --> 01:40:43,510

those stories so other than that you

2076

01:40:49,860 --> 01:40:47,830

know I don't have I don't any you know

2077

01:40:51,990 --> 01:40:49,870

there's there's stories about the Nazis

2078

01:40:54,680 --> 01:40:52,000

going up there and creating bases and

2079

01:41:01,800 --> 01:40:54,690

stuff like this but none of this has

2080

01:41:05,160 --> 01:41:01,810

ever panned out an investigation so yeah

2081

01:41:07,020 --> 01:41:05,170

that's all yeah well that's uh that is

2082

01:41:10,440 --> 01:41:07,030

really interesting I never heard the

2083

01:41:12,000 --> 01:41:10,450

whole story about that yeah that's

2084

01:41:15,390 --> 01:41:12,010

pretty wild you know when it comes to

2085

01:41:17,880 --> 01:41:15,400

myths another one is and I've even seen

2086

01:41:18,360 --> 01:41:17,890

this in documentaries as Alexander the

2087

01:41:21,840 --> 01:41:18,370

Great

2088

01:41:23,700 --> 01:41:21,850

you know had a UFO encounter when when

2089

01:41:26,310 --> 01:41:23,710

that's really looked into and traced

2090

01:41:28,770 --> 01:41:26,320

back it only goes back to a 1952 I think

2091

01:41:32,280 --> 01:41:28,780

it is novel and that's as far back as it

2092

01:41:35,630 --> 01:41:32,290

goes yeah I was in some novel that he

2093

01:41:41,130 --> 01:41:35,640

did in then later it was taken as fact

2094

01:41:44,250 --> 01:41:41,140

so yeah I mean if someone doesn't

2095

01:41:45,960 --> 01:41:44,260

research and they just you know

2096

01:41:47,940 --> 01:41:45,970

broadcast something like this then you

2097

01:41:52,590 --> 01:41:47,950

know eventually people are gonna believe

2098

01:41:55,200 --> 01:41:52,600

it's true you know yeah yeah and that

2099

01:41:56,820 --> 01:41:55,210

happened so often I mean with the gary

2100

01:42:00,450 --> 01:41:56,830

mckinnon stuff like we were talking

2101  
01:42:03,690 --> 01:42:00,460  
about earlier certainly I mean I love to

2102  
01:42:05,850 --> 01:42:03,700  
be corrected if you find references of

2103  
01:42:06,570 --> 01:42:05,860  
something that I was not aware of I love

2104  
01:42:09,420 --> 01:42:06,580  
that and

2105  
01:42:13,620 --> 01:42:09,430  
will very quickly add that to my stories

2106  
01:42:16,560 --> 01:42:13,630  
and give credit but you know I try to be

2107  
01:42:19,170 --> 01:42:16,570  
as thorough as possible when I'm putting

2108  
01:42:21,630 --> 01:42:19,180  
these things together and you know for

2109  
01:42:23,400 --> 01:42:21,640  
instance when I go to look at a story

2110  
01:42:26,400 --> 01:42:23,410  
like Admiral Byrd okay let's write this

2111  
01:42:28,110 --> 01:42:26,410  
up but let's figure this out if I don't

2112  
01:42:32,400 --> 01:42:28,120  
find anything credible then there's

2113  
01:42:34,890 --> 01:42:32,410

nothing to do there so it often turns

2114

01:42:39,890 --> 01:42:34,900

out these are legends that are really

2115

01:42:43,880 --> 01:42:39,900

dubious so what can you do right right

2116

01:42:47,460 --> 01:42:43,890

so we have about I don't know about 12

2117

01:42:50,280 --> 01:42:47,470

minutes left and one of the things up

2118

01:42:53,700 --> 01:42:50,290

you know I was talking earlier about how

2119

01:42:57,660 --> 01:42:53,710

back in the 1990s there were so many

2120

01:43:01,860 --> 01:42:57,670

people that had changed and dropped out

2121

01:43:06,270 --> 01:43:01,870

of the field and I do want to talk I

2122

01:43:08,130 --> 01:43:06,280

would do want to touch on what has

2123

01:43:12,810 --> 01:43:08,140

happened since the beginning since let's

2124

01:43:15,120 --> 01:43:12,820

say 1947 when you got into the contactee

2125

01:43:17,370 --> 01:43:15,130

movement and all that but there's kind

2126  
01:43:20,610 --> 01:43:17,380  
of a controversial subject to someone

2127  
01:43:23,060 --> 01:43:20,620  
who's a longtime listener of both of our

2128  
01:43:25,860 --> 01:43:23,070  
shows and I met him out in Phoenix and

2129  
01:43:28,740 --> 01:43:25,870  
he's a big fan of both of our shows and

2130  
01:43:31,350 --> 01:43:28,750  
he asked this question and would we be

2131  
01:43:33,570 --> 01:43:31,360  
willing to comment on Stan Roman acts

2132  
01:43:37,590 --> 01:43:33,580  
apology I didn't get a chance to look at

2133  
01:43:41,250 --> 01:43:37,600  
some YouTube video he sent me and that's

2134  
01:43:44,730 --> 01:43:41,260  
aji let's see he explains why he

2135  
01:43:47,400 --> 01:43:44,740  
discredited him it discredited himself

2136  
01:43:48,810 --> 01:43:47,410  
having observed high strangeness do you

2137  
01:43:54,030 --> 01:43:48,820  
know anything about that and would you

2138  
01:43:56,250 --> 01:43:54,040

want to comment on it I do and I mean I

2139

01:44:01,560 --> 01:43:56,260

don't comment on this stuff much and

2140

01:44:04,470 --> 01:44:01,570

it's out of respect for the family was

2141

01:44:07,470 --> 01:44:04,480

very close with Romanick and his family

2142

01:44:10,740 --> 01:44:07,480

and I for instance his wife and his

2143

01:44:12,890 --> 01:44:10,750

stepchildren hurt her children I just

2144

01:44:18,170 --> 01:44:12,900

loved to death they're wonderful people

2145

01:44:20,010 --> 01:44:18,180

and all of their friends but you know I

2146

01:44:22,740 --> 01:44:20,020

very very dis

2147

01:44:26,550 --> 01:44:22,750

pointed in insanity I think he

2148

01:44:28,350 --> 01:44:26,560

perpetrated a hoax on my radio show he

2149

01:44:31,290 --> 01:44:28,360

perpetrated a hoe and that was years

2150

01:44:33,750 --> 01:44:31,300

before this one that this this person's

2151

01:44:35,280 --> 01:44:33,760

referring to but he did this interview

2152

01:44:37,410 --> 01:44:35,290

where he threw a pen in the air

2153

01:44:40,320 --> 01:44:37,420

pretending like it you know the aliens

2154

01:44:41,940 --> 01:44:40,330

made it fly across the screen and was

2155

01:44:45,390 --> 01:44:41,950

busted for it because you could see him

2156

01:44:47,880 --> 01:44:45,400

flicking it and yeah eventually he

2157

01:44:53,070 --> 01:44:47,890

apologized but it was a real convoluted

2158

01:44:55,980 --> 01:44:53,080

sort of reason like the the government

2159

01:44:58,560 --> 01:44:55,990

made him do it or something like that no

2160

01:45:02,700 --> 01:44:58,570

I thought that was on the the guy in

2161

01:45:04,770 --> 01:45:02,710

Australia's video yeah yeah but Romanick

2162

01:45:08,190 --> 01:45:04,780

did a thing where he apologized for it

2163

01:45:11,490 --> 01:45:08,200

that's what this listener is referring

2164

01:45:14,930 --> 01:45:11,500

to I see and I think it's unfortunate

2165

01:45:17,160 --> 01:45:14,940

because you know there were some I

2166

01:45:20,760 --> 01:45:17,170

experienced some strange things I at

2167

01:45:24,060 --> 01:45:20,770

least saw a UFO sighting with him who

2168

01:45:25,440 --> 01:45:24,070

knows if you know he had anything to do

2169

01:45:27,450 --> 01:45:25,450

with that it could have been just a

2170

01:45:29,700 --> 01:45:27,460

coincidence because I used to spend lots

2171

01:45:34,950 --> 01:45:29,710

of time with his family that I saw this

2172

01:45:37,650 --> 01:45:34,960

thing and you know his family his sister

2173

01:45:39,270 --> 01:45:37,660

for instance and his best friend Mark I

2174

01:45:42,150 --> 01:45:39,280

used to spend a lot of time with that

2175

01:45:43,830 --> 01:45:42,160

their friend mine and you know we used

2176

01:45:47,010 --> 01:45:43,840

to do sky watching just like I do about

2177

01:45:50,100 --> 01:45:47,020

here with the MUFON out here and and so

2178

01:45:54,780 --> 01:45:50,110

you know I had seen things I think that

2179

01:45:58,100 --> 01:45:54,790

it's there are a lot of things with

2180

01:46:02,720 --> 01:45:58,110

his case that I think maybe just maybe

2181

01:46:05,460 --> 01:46:02,730

might be legitimately odd and strange

2182

01:46:08,250 --> 01:46:05,470

there are things that happen I couldn't

2183

01:46:11,430 --> 01:46:08,260

explained and if he faked all of all of

2184

01:46:15,960 --> 01:46:11,440

what's happened to him and the things

2185

01:46:19,430 --> 01:46:15,970

that I've seen then she is you know more

2186

01:46:23,700 --> 01:46:19,440

capable than I have given him credit for

2187

01:46:25,500 --> 01:46:23,710

so I am disappointed in him and you know

2188

01:46:28,860 --> 01:46:25,510

because like I said integrity he's a big

2189

01:46:31,140 --> 01:46:28,870

deal to me and when you do something

2190

01:46:34,049 --> 01:46:31,150

like what he did with the catching of

2191

01:46:36,959 --> 01:46:34,059

the flicking and and other things

2192

01:46:40,529 --> 01:46:36,969

have witness then your case holds no

2193

01:46:43,189 --> 01:46:40,539

more credibility so if there was even

2194

01:46:46,379 --> 01:46:43,199

something that really seriously

2195

01:46:48,329 --> 01:46:46,389

paranormal happened then there's nothing

2196

01:46:51,119 --> 01:46:48,339

you can do with it it's tainted and it's

2197

01:46:53,520 --> 01:46:51,129

destroyed yeah it's just like billy

2198

01:46:57,029 --> 01:46:53,530

meier I think most of his stuff is all

2199

01:46:58,979 --> 01:46:57,039

fake it may be some of his early

2200

01:47:01,790 --> 01:46:58,989

sightings are real there's a really

2201

01:47:04,770 --> 01:47:01,800

interesting sighting he had with like a

2202

01:47:08,129 --> 01:47:04,780

politician indeed this lady is very

2203

01:47:10,739 --> 01:47:08,139

credible and though maybe he had some

2204

01:47:12,439 --> 01:47:10,749

legitimate sightings but now it's all

2205

01:47:14,129 --> 01:47:12,449

tainted from all this other stuff

2206

01:47:17,399 --> 01:47:14,139

plagiarizing and all this other stuff

2207

01:47:19,919 --> 01:47:17,409

he's gotten busted for so and he could

2208

01:47:23,699 --> 01:47:19,929

go case-by-case on this sort of thing

2209

01:47:25,559 --> 01:47:23,709

but then what can you do with it you

2210

01:47:27,809 --> 01:47:25,569

know when it comes to credibility if I'm

2211

01:47:29,879 --> 01:47:27,819

focused on the mainstream like I am and

2212

01:47:33,540 --> 01:47:29,889

I'm trying to bring credibility to the

2213

01:47:35,790 --> 01:47:33,550

field and try to demonstrate to the

2214

01:47:38,189 --> 01:47:35,800

mainstream that look there are credible

2215

01:47:39,989 --> 01:47:38,199

people there's credible cases this is

2216

01:47:43,770 --> 01:47:39,999

something worse there are things worth

2217

01:47:46,979 --> 01:47:43,780

taking seriously those then have to fall

2218

01:47:48,779 --> 01:47:46,989

off the wayside and and I can't whoops

2219

01:47:52,379 --> 01:47:48,789

my time with any of that stuff I've got

2220

01:47:54,629 --> 01:47:52,389

to focused on what's new and what's good

2221

01:47:56,849 --> 01:47:54,639

out there and so no you're right you're

2222

01:48:00,059 --> 01:47:56,859

right absolutely right and I think what

2223

01:48:03,359 --> 01:48:00,069

happens in a situation like that is say

2224

01:48:05,399 --> 01:48:03,369

I have thought maybe personally that you

2225

01:48:06,779 --> 01:48:05,409

know Billy Meyer at one time did have

2226

01:48:11,579 --> 01:48:06,789

something happen but you're right I mean

2227

01:48:13,619 --> 01:48:11,589

everything is purely very easily it's

2228

01:48:17,819 --> 01:48:13,629

easy to tell it's very there's a lot of

2229

01:48:21,270 --> 01:48:17,829

bogus stuff going on there also Nancy

2230

01:48:23,129 --> 01:48:21,280

tell that said she spent I think a week

2231

01:48:26,250 --> 01:48:23,139

and a half at Stan Roman acts house

2232

01:48:28,859 --> 01:48:26,260

years ago and she said things were

2233

01:48:32,399 --> 01:48:28,869

actually happening she saw things happen

2234

01:48:34,709 --> 01:48:32,409

with her own eyes in that house and

2235

01:48:38,790 --> 01:48:34,719

horeb went across the room and all kinds

2236

01:48:42,270 --> 01:48:38,800

of weird stuff but you know I think what

2237

01:48:45,809 --> 01:48:42,280

happens is maybe things happen with

2238

01:48:47,310 --> 01:48:45,819

these people and like they obviously do

2239

01:48:51,390 --> 01:48:47,320  
with Romanick

2240

01:48:53,910 --> 01:48:51,400  
but he gets so into it and gets

2241

01:48:56,220 --> 01:48:53,920  
attention from it and I'm just playing

2242

01:48:58,500 --> 01:48:56,230  
devil's advocate here and perhaps have

2243

01:49:02,700 --> 01:48:58,510  
to instigate more you know that's not

2244

01:49:04,620 --> 01:49:02,710  
enough well Ben Hansen does a talk on

2245

01:49:05,970 --> 01:49:04,630  
this that is just brilliant if you

2246

01:49:08,069 --> 01:49:05,980  
haven't seen it he's done it at the

2247

01:49:10,290 --> 01:49:08,079  
Congress and you can go watch it in fact

2248

01:49:13,050 --> 01:49:10,300  
we have a video portal where you can go

2249

01:49:16,560 --> 01:49:13,060  
watch all of the Congress videos and I'm

2250

01:49:18,870 --> 01:49:16,570  
happy to say to Michael especially who I

2251

01:49:21,180 --> 01:49:18,880

mentioned earlier a video guy I mean our

2252

01:49:23,220 --> 01:49:21,190

videos of our UFO lectures at our

2253

01:49:25,109 --> 01:49:23,230

conference you won't get the quality

2254

01:49:29,220 --> 01:49:25,119

anywhere else they're extremely high

2255

01:49:31,919 --> 01:49:29,230

quality high definition good audio you

2256

01:49:33,689 --> 01:49:31,929

can see these lectures presented in a

2257

01:49:35,729 --> 01:49:33,699

way you'll not see anywhere else but Ben

2258

01:49:37,319 --> 01:49:35,739

does a great talk that you can get out

2259

01:49:40,919 --> 01:49:37,329

our video portal you'll see a link to it

2260

01:49:43,229 --> 01:49:40,929

on our site and about this and he came

2261

01:49:45,870 --> 01:49:43,239

up with a term he called it legend izing

2262

01:49:47,760 --> 01:49:45,880

where people legend dies where they have

2263

01:49:52,140 --> 01:49:47,770

something paranormal happened to them

2264

01:49:53,939 --> 01:49:52,150

and they become super popular and so in

2265

01:49:56,270 --> 01:49:53,949

order to keep themselves in the

2266

01:49:59,790 --> 01:49:56,280

limelight begin to folks and fake stuff

2267

01:50:02,069 --> 01:49:59,800

and uh and I know for a fact talking to

2268

01:50:03,660 --> 01:50:02,079

him personally he doesn't say it but

2269

01:50:05,220 --> 01:50:03,670

Roman acts one of the people he has in

2270

01:50:08,160 --> 01:50:05,230

mind when he was coming up with this

2271

01:50:10,140 --> 01:50:08,170

idea but Billy Myers who typically

2272

01:50:13,290 --> 01:50:10,150

references when he talks about legend

2273

01:50:15,450 --> 01:50:13,300

izing and it's really fascinating it's

2274

01:50:17,160 --> 01:50:15,460

an incredible idea that's very similar

2275

01:50:18,629 --> 01:50:17,170

to what you were just talking about and

2276

01:50:21,240 --> 01:50:18,639

I think you bet you're both onto

2277

01:50:22,319 --> 01:50:21,250

something there yeah yeah I think wow I

2278

01:50:25,200 --> 01:50:22,329

have to I'll have to check that out

2279

01:50:26,850 --> 01:50:25,210

definitely yeah another good one from

2280

01:50:30,240 --> 01:50:26,860

Ben I guess so

2281

01:50:34,709 --> 01:50:30,250

Phil is a longtime supporter of the show

2282

01:50:36,839 --> 01:50:34,719

and asks this question what do what can

2283

01:50:41,870 --> 01:50:36,849

we say about Peter Davenport's idea of

2284

01:50:44,430 --> 01:50:41,880

passive radar it's an interesting idea

2285

01:50:46,470 --> 01:50:44,440

the problem is I mean there's a lot of

2286

01:50:49,859 --> 01:50:46,480

great ideas out there and you know and

2287

01:50:52,020 --> 01:50:49,869

this is one of them but you know this is

2288

01:50:53,640 --> 01:50:52,030

an idea and it comes back to what you

2289

01:50:56,819 --> 01:50:53,650

were talking about with you photog and

2290

01:50:58,649 --> 01:50:56,829

UFO data like the other flip side to

2291

01:51:00,480 --> 01:50:58,659

this is that these are great ideas but

2292

01:51:02,610 --> 01:51:00,490

they take so much effort

2293

01:51:06,090 --> 01:51:02,620

and money that they never come to

2294

01:51:07,710 --> 01:51:06,100

fruition I mean I love mark and Doug

2295

01:51:09,270 --> 01:51:07,720

Trumbull to death Doug Trumbull is a

2296

01:51:11,760 --> 01:51:09,280

huge legend to me

2297

01:51:14,670 --> 01:51:11,770

but they've been working on this project

2298

01:51:17,780 --> 01:51:14,680

and talking about it for years many many

2299

01:51:20,100 --> 01:51:17,790

years and and nothing come of it yeah

2300

01:51:22,490 --> 01:51:20,110

you're Davenport's been talking about

2301

01:51:26,490 --> 01:51:22,500

his project even longer than that one

2302

01:51:28,650 --> 01:51:26,500

it's a great idea but so it's it's

2303

01:51:30,900 --> 01:51:28,660

there's so many good ideas out there but

2304

01:51:37,470 --> 01:51:30,910

just the research in this field blacks

2305

01:51:39,720 --> 01:51:37,480

is resources in in manpower and in our

2306

01:51:41,760 --> 01:51:39,730

human power I should say because there's

2307

01:51:46,350 --> 01:51:41,770

a lot of very talented and capable women

2308

01:51:47,730 --> 01:51:46,360

in this field and and and money and we

2309

01:51:49,170 --> 01:51:47,740

just don't have those things to make

2310

01:51:51,000 --> 01:51:49,180

them happen but yeah I think it's a

2311

01:51:53,610 --> 01:51:51,010

great idea he's essentially talking

2312

01:51:56,760 --> 01:51:53,620

about tapping into other radar to be

2313

01:52:01,980 --> 01:51:56,770

able to monitor all of the skies to for

2314

01:52:04,920 --> 01:52:01,990

UFOs and it's a good idea you know now

2315

01:52:06,720 --> 01:52:04,930

here's some here's a couple of

2316

01:52:09,000 --> 01:52:06,730

follow-ups I want to just ask if you

2317

01:52:11,310 --> 01:52:09,010

know anything about an that is I believe

2318

01:52:14,640 --> 01:52:11,320

on your show I help you out with the

2319

01:52:16,890 --> 01:52:14,650

news also on your show that's true and

2320

01:52:18,770 --> 01:52:16,900

and that comes out every Monday

2321

01:52:21,780 --> 01:52:18,780

afternoon almost every Monday afternoon

2322

01:52:24,770 --> 01:52:21,790

you had talked about a woman picking up

2323

01:52:26,910 --> 01:52:24,780

some silvery substance after a UFO

2324

01:52:29,880 --> 01:52:26,920

sighting and I just wondered has that

2325

01:52:32,850 --> 01:52:29,890

advanced has anyone looked into what

2326

01:52:35,460 --> 01:52:32,860

that was oh yeah what I would have to

2327

01:52:38,340 --> 01:52:35,470

ask Roger for a follow-up on that one

2328

01:52:40,590 --> 01:52:38,350

okay so yeah unfortunately I don't have

2329

01:52:42,780 --> 01:52:40,600

an answer for it okay the next one is um

2330

01:52:46,290 --> 01:52:42,790

have we heard anything from our guys

2331

01:52:48,690 --> 01:52:46,300

over there at the CubeSat Dave Cody and

2332

01:52:51,390 --> 01:52:48,700

all that is your dad well yeah we hear a

2333

01:52:52,890 --> 01:52:51,400

lot from them Dave one of the Dave's

2334

01:52:56,250 --> 01:52:52,900

because there's these two Dave's Dave

2335

01:53:00,480 --> 01:52:56,260

shock so yeah in our open mind

2336

01:53:02,580 --> 01:53:00,490

UFO news group that's our Facebook page

2337

01:53:05,790 --> 01:53:02,590

where we don't allow trollers only a

2338

01:53:07,620 --> 01:53:05,800

simple discussion in there and people

2339

01:53:09,240 --> 01:53:07,630

who even disagree with each other as

2340

01:53:12,270 --> 01:53:09,250

long as he talks civilly with each other

2341

01:53:14,340 --> 01:53:12,280

so go to the open minds UFO news

2342

01:53:16,550 --> 01:53:14,350

Facebook group it's a closed

2343

01:53:19,200 --> 01:53:16,560

but just ask you joining will let you

2344

01:53:23,070 --> 01:53:19,210

being close just allows us to boot you

2345

01:53:24,540 --> 01:53:23,080

if you start to get mean that's yeah

2346

01:53:25,920 --> 01:53:24,550

dave shucks in there a lot they're

2347

01:53:28,560 --> 01:53:25,930

they're still working they're they're

2348

01:53:30,180 --> 01:53:28,570

still raising money I guess which is

2349

01:53:34,230 --> 01:53:30,190

kind of weird to me because they've

2350

01:53:36,740 --> 01:53:34,240

already had a successful IndieGoGo

2351  
01:53:40,320 --> 01:53:36,750  
campaign so they're in the process of

2352  
01:53:44,010 --> 01:53:40,330  
getting it done but it's going to take

2353  
01:53:47,100 --> 01:53:44,020  
some time however it is going to happen

2354  
01:53:49,140 --> 01:53:47,110  
because they get their funding and other

2355  
01:53:52,530 --> 01:53:49,150  
just trying to get funding put to add

2356  
01:53:53,670 --> 01:53:52,540  
more cool stuff on to it so yeah that's

2357  
01:53:55,140 --> 01:53:53,680  
gonna be a lot of fun and interesting

2358  
01:53:57,900 --> 01:53:55,150  
when it happens and for people who don't

2359  
01:53:59,520 --> 01:53:57,910  
know you can look up cube SATs and

2360  
01:54:01,740 --> 01:53:59,530  
actually there have been some launched

2361  
01:54:04,950 --> 01:54:01,750  
even by students lately where it's a

2362  
01:54:06,600 --> 01:54:04,960  
small cube and naso are actually these

2363  
01:54:08,880 --> 01:54:06,610

other space companies will allow you to

2364

01:54:10,890 --> 01:54:08,890

put whatever you want on that cube then

2365

01:54:13,530 --> 01:54:10,900

they launch it and they let it go into

2366

01:54:15,600 --> 01:54:13,540

space and what these guys are going to

2367

01:54:18,720 --> 01:54:15,610

do is put a camera and some

2368

01:54:21,600 --> 01:54:18,730

communication so that this camera will

2369

01:54:24,360 --> 01:54:21,610

send pictures back to the planet so they

2370

01:54:26,160 --> 01:54:24,370

can kind of monitor space for UFOs but

2371

01:54:29,310 --> 01:54:26,170

they want to put other telemetry on

2372

01:54:32,220 --> 01:54:29,320

there sort of like you photog or the UFO

2373

01:54:36,000 --> 01:54:32,230

data they can monitor electromagnetic

2374

01:54:37,710 --> 01:54:36,010

forces and other things so that's what

2375

01:54:38,550 --> 01:54:37,720

they're looking to do well guess what

2376

01:54:41,940 --> 01:54:38,560

we're out of time

2377

01:54:44,550 --> 01:54:41,950

boy that went fast yeah all right thanks

2378

01:54:49,460 --> 01:54:44,560

so much Alejandro and we'll be catching

2379

01:54:52,290 --> 01:54:49,470

you next week for the news here alright

2380

01:54:55,110 --> 01:54:52,300

alright and so thank you everyone for

2381

01:54:57,480 --> 01:54:55,120

listening and I have a guest but I don't

2382

01:55:00,270 --> 01:54:57,490

have a solid confirmation for next week

2383

01:55:02,520 --> 01:55:00,280

so I don't want to announce it so anyway

2384

01:55:04,950 --> 01:55:02,530

thanks for listening and thank you

2385

01:55:07,680 --> 01:55:04,960

Alejandro for being the guest and the

2386

01:55:09,960 --> 01:55:07,690

news guy both this week I want to also

2387

01:55:12,750 --> 01:55:09,970

thank a Peggy shining for Manning the

2388

01:55:15,090 --> 01:55:12,760

Facebook page or woman will Manning the

2389

01:55:17,610 --> 01:55:15,100

Facebook page I should say carry large

2390

01:55:18,120 --> 01:55:17,620

white house for the music and so that's

2391

01:55:21,840 --> 01:55:18,130

it
