

1
00:00:04,970 --> 00:00:04,190
and it hits me oh my gosh this is that

2
00:00:06,050 --> 00:00:04,980
triangle

3
00:00:07,160 --> 00:00:06,060
you know there's explanation for

4
00:00:09,110 --> 00:00:07,170
everything that occurred in the

5
00:00:11,480 --> 00:00:09,120
Rendlesham forest incident that doesn't

6
00:00:13,999 --> 00:00:11,490
involve aliens at all it was completely

7
00:00:17,840 --> 00:00:14,009
silent it comes right over our heads

8
00:00:19,609 --> 00:00:17,850
it's so a classic flying-saucer really

9
00:00:21,230 --> 00:00:19,619
standing in the clearing he turned over

10
00:00:26,470 --> 00:00:21,240
to my father held his hand and he looked

11
00:00:32,630 --> 00:00:30,230
welcome to podcast UFO for our live show

12
00:00:35,510 --> 00:00:32,640
we're live every Wednesday at 8 p.m.

13
00:00:38,090 --> 00:00:35,520

00:00:42,500 --> 00:00:40,079
participate live in our chat room and

16

00:00:45,680 --> 00:00:42,510

00:00:47,959 --> 00:00:45,690
active Facebook page hello and welcome

18

00:00:50,540 --> 00:00:47,969
to the show I'm Martin Willis your host

19

00:00:53,180 --> 00:00:50,550
and we have Alejandro Rojas coming up in

20

00:00:55,459 --> 00:00:53,190
just a minute with the news our guest

21

00:00:58,310 --> 00:00:55,469
this evening you probably never heard of

22

00:01:00,349 --> 00:00:58,320
him his name is dr. George Gaines I

23

00:01:03,470 --> 00:01:00,359
spoke to him about another matter and

24

00:01:05,149 --> 00:01:03,480
his story is so incredible I decided to

25

00:01:07,490 --> 00:01:05,159
have him on as a guest I like having

26

00:01:10,850 --> 00:01:07,500

people on that are not like in the

27

00:01:13,370 --> 00:01:10,860

mainstream guest lineups so this this

28

00:01:15,800 --> 00:01:13,380

guy is you're gonna really enjoy the

29

00:01:18,800 --> 00:01:15,810

show I'll tell you that well last week I

30

00:01:21,890 --> 00:01:18,810

had to end the show early and for those

31

00:01:25,760 --> 00:01:21,900

of you out there who have gotten to know

32

00:01:29,510 --> 00:01:25,770

me you know that I am a big animal lover

33

00:01:32,289 --> 00:01:29,520

and I am totally in love with my dog who

34

00:01:35,780 --> 00:01:32,299

collapsed during the show last week and

35

00:01:39,109 --> 00:01:35,790

he has congestive heart failure but he

36

00:01:41,539 --> 00:01:39,119

is okay he was we raced off to the

37

00:01:45,639 --> 00:01:41,549

emergency vet he was in oxygen for

38

00:01:49,069 --> 00:01:45,649

several hours but anyway he's doing okay

39

00:01:51,440 --> 00:01:49,079

but thank you for all the email and all

40

00:01:51,889 --> 00:01:51,450

your concern out there it means a lot to

41

00:01:56,510 --> 00:01:51,899

me

42

00:02:00,050 --> 00:01:56,520

so peanut is still with us and with that

43

00:02:03,709 --> 00:02:00,060

I will bring on Alejandro Rojas who met

44

00:02:06,440 --> 00:02:03,719

him how you doing I am a big peanut fan

45

00:02:09,350 --> 00:02:06,450

that's right medically brought him out

46

00:02:12,229 --> 00:02:09,360

to Arizona here he doing better yeah he

47

00:02:14,210 --> 00:02:12,239

hung out yeah he's a cool little guy he

48

00:02:17,000 --> 00:02:14,220

is so were

49

00:02:20,710 --> 00:02:17,010

life I forgot to know my gosh yes we are

50

00:02:25,250 --> 00:02:20,720

live this is this is nerve-racking it is

51
00:02:26,660 --> 00:02:25,260
and also for those of you who support

52
00:02:27,620 --> 00:02:26,670
the show I forgot to mention this thank

53
00:02:29,510 --> 00:02:27,630
you very much

54
00:02:32,660 --> 00:02:29,520
if you can't support the show and want

55
00:02:34,100 --> 00:02:32,670
to hear the whole show live every

56
00:02:37,060 --> 00:02:34,110
Wednesday night from 8:00 to 10:00 p.m.

57
00:02:41,420 --> 00:02:37,070
Eastern Standard Time on podcast UFO

58
00:02:44,150 --> 00:02:41,430
calm or PS and radio dark matter digital

59
00:02:47,510 --> 00:02:44,160
network a plays the show as a podcast on

60
00:02:50,000 --> 00:02:47,520
Thursdays from 10:00 to midnight so

61
00:02:53,210 --> 00:02:50,010
Alejandro I hear you have some scorching

62
00:02:57,110 --> 00:02:53,220
heat out there in Arizona uh yeah I mean

63
00:03:02,210 --> 00:02:57,120

it's been pretty consistent about a

64

00:03:06,400 --> 00:03:02,220

hundred and ten ish or a couple weeks

65

00:03:08,390 --> 00:03:06,410

now at least so yeah it's been warm

66

00:03:10,880 --> 00:03:08,400

amazing I don't know how you do it I

67

00:03:12,620 --> 00:03:10,890

know it's the dry heat as they say but

68

00:03:15,020 --> 00:03:12,630

yeah yeah that's just

69

00:03:17,150 --> 00:03:15,030

you live in air-conditioning right dry

70

00:03:21,440 --> 00:03:17,160

heat will kill you just as quickly I

71

00:03:25,750 --> 00:03:21,450

think probably mm-hmm so yeah always in

72

00:03:28,880 --> 00:03:25,760

the a/c because otherwise you will die

73

00:03:33,350 --> 00:03:28,890

well it's kind of like if you've seen

74

00:03:36,800 --> 00:03:33,360

it's like that movie what was that one

75

00:03:40,070 --> 00:03:36,810

where they go to Mars and it's Arnold

76

00:03:43,759 --> 00:03:40,080

Schwarzenegger oh yes I was like get

77

00:03:45,320 --> 00:03:43,769

your bleep to Mars I'm not sure I don't

78

00:03:48,800 --> 00:03:45,330

think you allow cussing on the show so I

79

00:03:51,920 --> 00:03:48,810

can use the real word yes we are safe

80

00:03:54,110 --> 00:03:51,930

for work here yes remember that scene at

81

00:03:56,180 --> 00:03:54,120

the end where like he's out on the

82

00:03:58,729 --> 00:03:56,190

surface of Mars and his eyes are bulging

83

00:04:00,229 --> 00:03:58,739

out oh yeah it's really big that's

84

00:04:02,330 --> 00:04:00,239

that's what it'll happen to you out here

85

00:04:04,070 --> 00:04:02,340

yeah if you're in the Sun for too long

86

00:04:05,990 --> 00:04:04,080

you know I can't believe people lived

87

00:04:08,900 --> 00:04:06,000

without air-conditioning out there and

88

00:04:10,490 --> 00:04:08,910

so I know amazing well you know what and

89

00:04:13,820 --> 00:04:10,500

and there's people who work out there

90

00:04:15,500 --> 00:04:13,830

like I am I'm super busy like right now

91

00:04:17,060 --> 00:04:15,510

because I'm closing on my house I'm

92

00:04:20,690 --> 00:04:17,070

getting a new house built it's gonna be

93

00:04:23,630 --> 00:04:20,700

done tomorrow or the next day whoa and

94

00:04:25,850 --> 00:04:23,640

but there are all of those home builders

95

00:04:27,990 --> 00:04:25,860

as people building homes all day long

96

00:04:29,550 --> 00:04:28,000

out in that heat and

97

00:04:33,120 --> 00:04:29,560

I don't know how they do it they get an

98

00:04:35,610 --> 00:04:33,130

early start but it's still you know it

99

00:04:39,180 --> 00:04:35,620

for me right when I get up not that I'm

100

00:04:43,050 --> 00:04:39,190

an early bird but I mean it's still hot

101
00:04:44,940 --> 00:04:43,060
it like eight o'clock so yeah it's warm

102
00:04:48,150 --> 00:04:44,950
someone just wrote in the message board

103
00:04:49,590 --> 00:04:48,160
Alejandro that they they miss your show

104
00:04:52,080 --> 00:04:49,600
but you did a show right it just came

105
00:04:54,150 --> 00:04:52,090
out right I did a show recently with

106
00:04:56,640 --> 00:04:54,160
Morgan Bell who is the Florida straight

107
00:04:59,100 --> 00:04:56,650
state director for move on so I just

108
00:05:01,770 --> 00:04:59,110
posted that yesterday it was a little

109
00:05:04,170 --> 00:05:01,780
late because of all the home paperwork

110
00:05:06,630 --> 00:05:04,180
stuff I had to do a half-day Monday so I

111
00:05:08,790 --> 00:05:06,640
couldn't get it up Monday as usual but

112
00:05:12,330 --> 00:05:08,800
yes I do have a new show up all of this

113
00:05:13,980 --> 00:05:12,340

and some vacation has meant that I

114

00:05:16,410 --> 00:05:13,990

haven't been able to do a couple shows

115

00:05:18,510 --> 00:05:16,420

in the last few weeks so yeah go check

116

00:05:20,190 --> 00:05:18,520

it out it's a great show it was a lot of

117

00:05:23,070 --> 00:05:20,200

fun we're talking about the upcoming

118

00:05:23,850 --> 00:05:23,080

MUFON symposium which is at the end of

119

00:05:26,310 --> 00:05:23,860

next month

120

00:05:28,140 --> 00:05:26,320

I'll be speaking there and but we talked

121

00:05:30,690 --> 00:05:28,150

about all of the other really great

122

00:05:33,780 --> 00:05:30,700

speakers who will be there some of whom

123

00:05:35,370 --> 00:05:33,790

don't go to lectures or conferences

124

00:05:37,530 --> 00:05:35,380

often that I think are really

125

00:05:39,150 --> 00:05:37,540

interesting so we talked about that and

126

00:05:41,850 --> 00:05:39,160

other things at Florida move on it's

127

00:05:43,770 --> 00:05:41,860

working on that other people probably

128

00:05:46,950 --> 00:05:43,780

are not aware of

129

00:05:49,110 --> 00:05:46,960

Morgan was also part of the homeland

130

00:05:51,060 --> 00:05:49,120

security video from Puerto Rico the

131

00:05:53,280 --> 00:05:51,070

group that investigated that so we

132

00:05:55,740 --> 00:05:53,290

talked a little bit about that also but

133

00:05:58,200 --> 00:05:55,750

I've had Morgan and others with that

134

00:06:01,020 --> 00:05:58,210

group on to talk about that in more

135

00:06:03,120 --> 00:06:01,030

depth you know before we move on to two

136

00:06:07,200 --> 00:06:03,130

news I just I just want to tell you I

137

00:06:08,190 --> 00:06:07,210

had who's the guy with the bow tie I'm

138

00:06:10,050 --> 00:06:08,200

just drawing a blank

139

00:06:12,510 --> 00:06:10,060

rich Hoffman yes he was on a couple

140

00:06:15,810 --> 00:06:12,520

weeks ago and we talked about that case

141

00:06:18,690 --> 00:06:15,820

and I've mentioned to him you know Mark

142

00:06:21,840 --> 00:06:18,700

Dantonio thinks it's a balloon and but

143

00:06:24,180 --> 00:06:21,850

what Mark doesn't really know is that

144

00:06:27,450 --> 00:06:24,190

they they were there was a lot that led

145

00:06:29,690 --> 00:06:27,460

up to this sighting in other words it

146

00:06:32,700 --> 00:06:29,700

was the object was going at high speed

147

00:06:35,790 --> 00:06:32,710

you know there's a lot of data involved

148

00:06:37,290 --> 00:06:35,800

in this that makes it such a strange

149

00:06:41,400 --> 00:06:37,300

case yeah

150

00:06:43,590 --> 00:06:41,410

mark admittedly has not

151
00:06:45,270 --> 00:06:43,600
completely finished his analysis of that

152
00:06:47,910 --> 00:06:45,280
video because it's a lot of work it took

153
00:06:50,880 --> 00:06:47,920
the seu group two years to do it mark

154
00:06:51,900 --> 00:06:50,890
often will take the data available to

155
00:06:54,930 --> 00:06:51,910
him

156
00:06:57,930 --> 00:06:54,940
meaning the video data to analyze the

157
00:07:01,620 --> 00:06:57,940
video itself this particular video

158
00:07:06,420 --> 00:07:01,630
because it was on a military a camera

159
00:07:08,910 --> 00:07:06,430
system which kept recorded a lot of

160
00:07:13,620 --> 00:07:08,920
telemetry gives you a lot of data and

161
00:07:15,810 --> 00:07:13,630
his initial idea was that it probably is

162
00:07:18,390 --> 00:07:15,820
a balloon and he has that's his theory

163
00:07:23,100 --> 00:07:18,400

now he admits he's got to do more work

164

00:07:25,740 --> 00:07:23,110

to prove that and demonstrate it but it

165

00:07:29,130 --> 00:07:25,750

marks an expert mark knows video well

166

00:07:33,240 --> 00:07:29,140

however I just feel rare which is rare

167

00:07:34,740 --> 00:07:33,250

in this case we have even higher experts

168

00:07:38,400 --> 00:07:34,750

we have people who work on these

169

00:07:40,440 --> 00:07:38,410

particular systems and they have a lot

170

00:07:42,420 --> 00:07:40,450

of compelling arguments such as a

171

00:07:44,760 --> 00:07:42,430

balloons not going to be that hot the

172

00:07:47,640 --> 00:07:44,770

the balloon is really dark indicating a

173

00:07:52,980 --> 00:07:47,650

very hot object much hotter than a

174

00:07:55,620 --> 00:07:52,990

balloon right mm-hmm and the thing when

175

00:07:57,570 --> 00:07:55,630

it like splits after it goes for the

176
00:08:00,900 --> 00:07:57,580
water I mean there's just a lot of yeah

177
00:08:04,860 --> 00:08:00,910
things now interesting enough the radar

178
00:08:07,410 --> 00:08:04,870
the expert of that system he is he

179
00:08:10,490 --> 00:08:07,420
agrees with mark that the speed of the

180
00:08:15,030 --> 00:08:10,500
object is a little bit difficult to

181
00:08:18,090 --> 00:08:15,040
determine based off of the video and he

182
00:08:20,100 --> 00:08:18,100
also says it's difficult to necessarily

183
00:08:21,840 --> 00:08:20,110
determine what happened at the end

184
00:08:26,040 --> 00:08:21,850
whether it went in and out of the water

185
00:08:27,810 --> 00:08:26,050
like it appears to do however the SDU

186
00:08:30,540 --> 00:08:27,820
group you know does have some

187
00:08:32,610 --> 00:08:30,550
interesting data to show that it did do

188
00:08:34,830 --> 00:08:32,620

that and that it was moving quickly so

189

00:08:38,730 --> 00:08:34,840

yeah there's a lot of interesting

190

00:08:40,860 --> 00:08:38,740

aspects to that video yeah now I guess

191

00:08:42,990 --> 00:08:40,870

you're we're going to talk about the

192

00:08:44,030 --> 00:08:43,000

news and we haven't done what again it's

193

00:08:48,300 --> 00:08:44,040

just Oh

194

00:08:51,030 --> 00:08:48,310

UFO news oh that's right yeah okay yeah

195

00:08:53,850 --> 00:08:51,040

I know this has been good so but it has

196

00:08:55,020 --> 00:08:53,860

anything let's see you and I just talked

197

00:08:59,280 --> 00:08:55,030

the other day any

198

00:09:00,240 --> 00:08:59,290

going out there oh I'm doing that

199

00:09:02,310 --> 00:09:00,250

awkward thing again

200

00:09:03,390 --> 00:09:02,320

okay yes there is and you can't stop me

201
00:09:05,580 --> 00:09:03,400
because it's a live show

202
00:09:06,720 --> 00:09:05,590
but anyway yeah there are some

203
00:09:08,880 --> 00:09:06,730
interesting stories that have been

204
00:09:11,190 --> 00:09:08,890
posted lately both of these come from

205
00:09:15,090 --> 00:09:11,200
Roger Marsh the director of

206
00:09:17,430 --> 00:09:15,100
communications were MUFON and he posts

207
00:09:20,900 --> 00:09:17,440
stories of course on open mindset TV and

208
00:09:23,730 --> 00:09:20,910
the latest are a couple one of them is a

209
00:09:26,580 --> 00:09:23,740
sighting from July 19th it was at 2:00

210
00:09:29,310 --> 00:09:26,590
p.m. now there's no photos or videos

211
00:09:32,280 --> 00:09:29,320
with this one however it was a

212
00:09:36,990 --> 00:09:32,290
reddish-brown object that they said was

213
00:09:39,480 --> 00:09:37,000

hotdogs shaped and they felt that this

214

00:09:42,330 --> 00:09:39,490

thing might have been a creature they

215

00:09:46,380 --> 00:09:42,340

said it was making a swimming motion in

216

00:09:48,090 --> 00:09:46,390

the air similar to an eel so they don't

217

00:09:50,580 --> 00:09:48,100

think it was a drone but they think

218

00:09:53,040 --> 00:09:50,590

possibly it was some sort of creature so

219

00:09:54,920 --> 00:09:53,050

that's kind of interesting they saw this

220

00:09:58,080 --> 00:09:54,930

while they were driving on the highway

221

00:10:00,660 --> 00:09:58,090

but yeah kind of a interesting little

222

00:10:05,700 --> 00:10:00,670

story there now there are others Trevor

223

00:10:07,560 --> 00:10:05,710

James constable most famous for hit the

224

00:10:10,680 --> 00:10:07,570

space critters and thinking that maybe

225

00:10:13,190 --> 00:10:10,690

some UFOs are actually living beings and

226

00:10:16,290 --> 00:10:13,200

there's also the story of a Bonny's

227

00:10:21,660 --> 00:10:16,300

which is a name that i'm a moose on and

228

00:10:24,890 --> 00:10:21,670

some others gave too long UFO looking

229

00:10:29,010 --> 00:10:24,900

objects however the majority of those

230

00:10:31,080 --> 00:10:29,020

videos look to be strings of balloons

231

00:10:34,170 --> 00:10:31,090

like the wedding arches where they have

232

00:10:37,320 --> 00:10:34,180

all these balloons in a string and I was

233

00:10:39,030 --> 00:10:37,330

even at his conference went and bless

234

00:10:40,530 --> 00:10:39,040

their hearts these investigators who

235

00:10:43,050 --> 00:10:40,540

were showing the video they're like it

236

00:10:45,270 --> 00:10:43,060

looks a lot like balloons you zoom in

237

00:10:48,630 --> 00:10:45,280

and it looks exactly like balloons but

238

00:10:52,370 --> 00:10:48,640

we think maybe it's weird and it's like

239

00:10:55,530 --> 00:10:52,380

well that's just not convincing enough

240

00:10:59,130 --> 00:10:55,540

however more interesting perhaps is a

241

00:11:03,270 --> 00:10:59,140

video from Virginia which was taken on

242

00:11:04,680 --> 00:11:03,280

July 24th at 8:55 p.m. it's also a fun

243

00:11:06,180 --> 00:11:04,690

video because you hear these women in

244

00:11:07,230 --> 00:11:06,190

the car and they're like oh my gosh what

245

00:11:07,780 --> 00:11:07,240

is that what is that

246

00:11:11,020 --> 00:11:07,790

and

247

00:11:14,110 --> 00:11:11,030

this configuration of lights in a

248

00:11:16,690 --> 00:11:14,120

triangle goes over their car now it

249

00:11:19,750 --> 00:11:16,700

looks like a conventional craft however

250

00:11:23,290 --> 00:11:19,760

there is a red light in the middle that

251
00:11:25,600 --> 00:11:23,300
is blinking so it this one hasn't been

252
00:11:27,520 --> 00:11:25,610
investigated it's a short video so I'd

253
00:11:30,520 --> 00:11:27,530
recommend people take a look at it a

254
00:11:33,130 --> 00:11:30,530
very clear video this thing was going

255
00:11:35,470 --> 00:11:33,140
right overhead and I don't know that

256
00:11:38,260 --> 00:11:35,480
conventional aircraft have a red

257
00:11:40,270 --> 00:11:38,270
blinking light in the middle so that

258
00:11:41,950 --> 00:11:40,280
would be kind of weird some people have

259
00:11:44,920 --> 00:11:41,960
said well maybe it's a hang glider or

260
00:11:49,180 --> 00:11:44,930
something like that but yeah interesting

261
00:11:51,610 --> 00:11:49,190
video that these people took just just a

262
00:11:54,880 --> 00:11:51,620
couple days ago now it was this posted

263
00:11:57,820 --> 00:11:54,890

by Roger Marsh as well it was so that

264

00:12:00,880 --> 00:11:57,830

means it's in the hands of MUFON has

265

00:12:05,160 --> 00:12:00,890

just not been investigated yet exactly

266

00:12:08,650 --> 00:12:05,170

at the investigation is underway and

267

00:12:11,110 --> 00:12:08,660

back he notes that their star team is

268

00:12:14,560 --> 00:12:11,120

looking into it so and the star team are

269

00:12:18,670 --> 00:12:14,570

kind of like the the more seasoned and

270

00:12:21,430 --> 00:12:18,680

expert investigators right now did you

271

00:12:25,210 --> 00:12:21,440

say anything about a drone or has anyone

272

00:12:26,530 --> 00:12:25,220

talked about the possibility no one has

273

00:12:28,800 --> 00:12:26,540

really this thing doesn't look like a

274

00:12:31,480 --> 00:12:28,810

drone it looks too large to be a drone

275

00:12:34,630 --> 00:12:31,490

so yeah you'll have to check out the

276
00:12:38,410 --> 00:12:34,640
video and it seems to be moving over a

277
00:12:41,080 --> 00:12:38,420
pretty vast distance so nobody's really

278
00:12:43,840 --> 00:12:41,090
gone with drone on this one but if you

279
00:12:47,500 --> 00:12:43,850
want to be the guy that you know lays

280
00:12:48,880 --> 00:12:47,510
down a few dollars on drone no go for it

281
00:12:51,910 --> 00:12:48,890
well you haven't seen the video see that

282
00:12:53,710 --> 00:12:51,920
maybe you're right I don't know no just

283
00:12:56,650 --> 00:12:53,720
with your description I'll I'll take

284
00:12:58,390 --> 00:12:56,660
your word on this one yeah so it is it

285
00:13:00,940 --> 00:12:58,400
is interesting so I know Roger was

286
00:13:03,910 --> 00:13:00,950
excited about this one so we'll see what

287
00:13:06,190 --> 00:13:03,920
it turns out to be like when we have

288
00:13:09,550 --> 00:13:06,200

these sort of videos I half expect

289

00:13:12,100 --> 00:13:09,560

soon after I post it for someone to say

290

00:13:14,380 --> 00:13:12,110

I know what it is and they figure it out

291

00:13:16,120 --> 00:13:14,390

because that often happens which i think

292

00:13:19,240 --> 00:13:16,130

is great that's where the great things

293

00:13:20,860 --> 00:13:19,250

is kind of crowdsourcing looking into

294

00:13:21,610 --> 00:13:20,870

these things some people don't like to

295

00:13:24,220 --> 00:13:21,620

do that because

296

00:13:26,860 --> 00:13:24,230

like someone's gonna debunk it and I

297

00:13:28,510 --> 00:13:26,870

know it's an alien but I like to do that

298

00:13:29,890 --> 00:13:28,520

because then everybody can put their

299

00:13:32,200 --> 00:13:29,900

heads together to figure out what

300

00:13:34,120 --> 00:13:32,210

something is and if it can withstand

301

00:13:37,750 --> 00:13:34,130

that sort of scrutiny then you have

302

00:13:40,240 --> 00:13:37,760

something truly mysterious so nobody has

303

00:13:42,310 --> 00:13:40,250

though yet come back and said hey I know

304

00:13:45,400 --> 00:13:42,320

what that is so so you're talking about

305

00:13:47,550 --> 00:13:45,410

this posting on the Facebook page where

306

00:13:50,829 --> 00:13:47,560

a lot of people look over these

307

00:13:53,829 --> 00:13:50,839

sightings is that which on or right on

308

00:13:56,290 --> 00:13:53,839

the website they make comments on all of

309

00:13:59,980 --> 00:13:56,300

these places yeah kind of on the

310

00:14:02,710 --> 00:13:59,990

internet anywhere on the Internet well

311

00:14:06,640 --> 00:14:02,720

yeah there's a lot of people looking at

312

00:14:08,560 --> 00:14:06,650

the Internet luckily that's for sure

313

00:14:10,360 --> 00:14:08,570

I guess well you know we're close to

314

00:14:12,880 --> 00:14:10,370

being out of time did you have another

315

00:14:14,370 --> 00:14:12,890

story there was I know there was some

316

00:14:18,760 --> 00:14:14,380

entry a couple of interesting ones

317

00:14:21,490 --> 00:14:18,770

there's so many interesting stories we

318

00:14:25,030 --> 00:14:21,500

do have what we have some older stories

319

00:14:28,840 --> 00:14:25,040

that we posted as well we posted some

320

00:14:30,519 --> 00:14:28,850

photographs from Italy from 1972 this is

321

00:14:33,120 --> 00:14:30,529

one of the videos that we do where we

322

00:14:35,650 --> 00:14:33,130

take some old pictures out of our

323

00:14:37,449 --> 00:14:35,660

archives and typically these are

324

00:14:40,360 --> 00:14:37,459

pictures that are you know before

325

00:14:41,230 --> 00:14:40,370

Photoshop and that have some sort of

326

00:14:43,120 --> 00:14:41,240

history because they've been

327

00:14:45,400 --> 00:14:43,130

investigated and shared those pictures

328

00:14:49,300 --> 00:14:45,410

and their investigation so we've got

329

00:14:53,769 --> 00:14:49,310

that and also one of the more famous or

330

00:14:56,230 --> 00:14:53,779

at least it used to be UFO landing cases

331

00:14:59,350 --> 00:14:56,240

this was investigated by Ted Phillips

332

00:15:03,130 --> 00:14:59,360

who's known for that sort of thing this

333

00:15:05,980 --> 00:15:03,140

was in Davos Kansas in 1971 where a

334

00:15:09,790 --> 00:15:05,990

young man was outside with his dog and

335

00:15:13,000 --> 00:15:09,800

they saw he cording you know this

336

00:15:15,250 --> 00:15:13,010

mushroom shaped object come fly in land

337

00:15:19,390 --> 00:15:15,260

in their yard and fly away and there was

338

00:15:23,019 --> 00:15:19,400

a ring left on the ground this it's a

339

00:15:25,000 --> 00:15:23,029

controversial case but and also these

340

00:15:26,680 --> 00:15:25,010

guys won some money and this is kind of

341

00:15:30,520 --> 00:15:26,690

a neat story and I have a picture

342

00:15:33,730 --> 00:15:30,530

embedded there of this panel the

343

00:15:35,049 --> 00:15:33,740

National Enquirer was actually giving

344

00:15:39,489 --> 00:15:35,059

out a war

345

00:15:41,829 --> 00:15:39,499

it's for the best UFO cases no and they

346

00:15:44,289 --> 00:15:41,839

had a panel of investigators who would

347

00:15:47,409 --> 00:15:44,299

look at these cases and choose them and

348

00:15:49,389 --> 00:15:47,419

this one was chosen and you know there

349

00:15:52,209 --> 00:15:49,399

is some debate even by one of the

350

00:15:54,189 --> 00:15:52,219

scientists who was on that board that

351

00:15:56,679 --> 00:15:54,199

perhaps they were just trying to get

352

00:16:00,489 --> 00:15:56,689

that award and it was reward and it was

353

00:16:03,189 --> 00:16:00,499

not a genuine Wow incident never heard

354

00:16:06,759 --> 00:16:03,199

that side of the story I know it was a

355

00:16:09,399 --> 00:16:06,769

farm and this ring was left on the

356

00:16:12,009 --> 00:16:09,409

ground they took pictures of the ring I

357

00:16:14,439 --> 00:16:12,019

have think the woman something happened

358

00:16:17,169 --> 00:16:14,449

when the mother and father came out to

359

00:16:20,769 --> 00:16:17,179

take the picture the mother well there's

360

00:16:22,929 --> 00:16:20,779

a suspected missing time element and two

361

00:16:26,199 --> 00:16:22,939

mothers but it's very typical of an

362

00:16:30,339 --> 00:16:26,209

in-depth open minds TV story like this

363

00:16:33,219 --> 00:16:30,349

one to have aspects in the the in-depth

364

00:16:37,539 --> 00:16:33,229

research that we do of the case that

365

00:16:40,479 --> 00:16:37,549

you've never heard before that's good no

366

00:16:41,139 --> 00:16:40,489

thanks so much so yeah no problem my

367

00:16:43,239 --> 00:16:41,149

pleasure

368

00:16:45,069 --> 00:16:43,249

yeah and thanks for being live I know

369

00:16:46,179 --> 00:16:45,079

it's awful hard for you to do because

370

00:16:48,179 --> 00:16:46,189

you're trying to get out of the office

371

00:16:51,489 --> 00:16:48,189

and good luck with your closing tomorrow

372

00:16:53,019 --> 00:16:51,499

yeah thanks man you have a great one I

373

00:16:55,299 --> 00:16:53,029

hope you have a great show I'm really

374

00:16:57,999 --> 00:16:55,309

interested in your guest tonight and his

375

00:17:00,009 --> 00:16:58,009

sighting it sounds really cool so you

376

00:17:02,229 --> 00:17:00,019

have a good evening and thank you very

377

00:17:02,619 --> 00:17:02,239

much thank you all right talk to you

378

00:17:05,980 --> 00:17:02,629

next week

379

00:17:09,189 --> 00:17:05,990

talk to you later all right so our guest

380

00:17:12,789 --> 00:17:09,199

this evening is dr. W George Gaines he

381

00:17:14,559 --> 00:17:12,799

grew up in Pensacola Florida and he's

382

00:17:16,929 --> 00:17:14,569

lived and worked throughout the United

383

00:17:20,739 --> 00:17:16,939

States and Europe and we're going to

384

00:17:23,319 --> 00:17:20,749

talk about a sighting had an encounter

385

00:17:26,230 --> 00:17:23,329

he had when he was very young and what

386

00:17:29,440 --> 00:17:26,240

followed after that and welcome to the

387

00:17:30,999 --> 00:17:29,450

show George well thanks Martin I'm

388

00:17:33,489 --> 00:17:31,009

pleased to be with you tonight

389

00:17:36,190 --> 00:17:33,499

thank you now you and I it's funny you

390

00:17:40,659 --> 00:17:36,200

and I talked on the phone about a whole

391

00:17:43,149 --> 00:17:40,669

nother subject and I came clean and told

392

00:17:46,810 --> 00:17:43,159

you I did a show on UFOs that's how our

393

00:17:48,640 --> 00:17:46,820

conversation start it right yeah

394

00:17:50,230 --> 00:17:48,650

and so

395

00:17:53,860 --> 00:17:50,240

can you give a little bit of background

396

00:17:56,020 --> 00:17:53,870

and and also you're you know you've

397

00:17:58,590 --> 00:17:56,030

you've had a professional career and all

398

00:18:01,840 --> 00:17:58,600

that and you know it's interesting how

399

00:18:05,340 --> 00:18:01,850

this encounter probably changed your way

400

00:18:09,150 --> 00:18:05,350

of thinking didn't it it certainly did

401
00:18:12,220 --> 00:18:09,160
and let me just begin by saying that

402
00:18:14,860 --> 00:18:12,230
much of the story that I'll tell tonight

403
00:18:18,850 --> 00:18:14,870
has been reconstructed over a long

404
00:18:23,440 --> 00:18:18,860
period of time a lot of what I'm going

405
00:18:26,320 --> 00:18:23,450
to tell I didn't know at the time but

406
00:18:29,700 --> 00:18:26,330
it's things that I have found out since

407
00:18:31,930 --> 00:18:29,710
then by doing research and follow-up so

408
00:18:34,030 --> 00:18:31,940
people might wonder well did you know

409
00:18:35,860 --> 00:18:34,040
this at the time and the answer is no of

410
00:18:39,040 --> 00:18:35,870
course I didn't know I was a 12 year old

411
00:18:42,870 --> 00:18:39,050
kid all I knew is what happened that

412
00:18:46,299 --> 00:18:42,880
night and you know as an adult I have

413
00:18:48,549 --> 00:18:46,309

tried to follow this as best as I could

414

00:18:52,060 --> 00:18:48,559

and it's only in recent years that I was

415

00:18:56,200 --> 00:18:52,070

able to learn more about deciding oh you

416

00:18:58,030 --> 00:18:56,210

actually learned more now is this so

417

00:19:01,660 --> 00:18:58,040

this why don't why don't you go into the

418

00:19:06,549 --> 00:19:01,670

story how the whole encounter began in

419

00:19:15,330 --> 00:19:06,559

the whole situation sure well we go back

420

00:19:19,419 --> 00:19:15,340

to July the 23rd 1956 Pensacola Florida

421

00:19:24,370 --> 00:19:19,429

Pensacola at the time and still is the

422

00:19:29,260 --> 00:19:24,380

cradle of Naval Aviation it's there are

423

00:19:31,750 --> 00:19:29,270

many bases there that are were there

424

00:19:35,110 --> 00:19:31,760

back in the 50s and probably even more

425

00:19:38,500 --> 00:19:35,120

than there are today at least a half a

426

00:19:41,410 --> 00:19:38,510

dozen basis where Naval aircraft flew in

427

00:19:45,180 --> 00:19:41,420

and out regularly I was born in

428

00:19:48,310 --> 00:19:45,190

Pensacola my father was a naval aviator

429

00:19:51,940 --> 00:19:48,320

during the war and also an instructor

430

00:19:55,380 --> 00:19:51,950

and then he ended up flying heavy

431

00:19:58,540 --> 00:19:55,390

bombers in World War two out of England

432

00:20:01,660 --> 00:19:58,550

for for the Navy

433

00:20:02,500 --> 00:20:01,670

not too many Navy pilots flew heavy

434

00:20:04,870 --> 00:20:02,510

bombers

435

00:20:07,960 --> 00:20:04,880

out of England in World War two but my

436

00:20:12,040 --> 00:20:07,970

dad was one of those and was fortunate

437

00:20:14,710 --> 00:20:12,050

enough to to survive I'll come back to

438

00:20:17,650 --> 00:20:14,720

him a little bit later because he's an

439

00:20:18,790 --> 00:20:17,660

interesting figure in in his own right

440

00:20:22,330 --> 00:20:18,800

mm-hmm

441

00:20:25,710 --> 00:20:22,340

so you know I grew up in an environment

442

00:20:30,250 --> 00:20:25,720

of being extremely familiar with

443

00:20:35,290 --> 00:20:30,260

aircraft in the sky day night and and I

444

00:20:38,650 --> 00:20:35,300

prided myself as a young aviation into

445

00:20:41,410 --> 00:20:38,660

enthusiast I mean my goal was to become

446

00:20:46,420 --> 00:20:41,420

a Marine Corps pilot one day that never

447

00:20:50,170 --> 00:20:46,430

happened but I was very very interested

448

00:20:53,530 --> 00:20:50,180

in aircraft and could identify any any

449

00:20:58,930 --> 00:20:53,540

aircraft by type and model or and so

450

00:21:01,660 --> 00:20:58,940

forth and and and I was also interested

451
00:21:03,100 --> 00:21:01,670
in UFOs I'll just say that right up

452
00:21:07,240 --> 00:21:03,110
front

453
00:21:10,180 --> 00:21:07,250
I remember at a very tender age when the

454
00:21:12,430 --> 00:21:10,190
Roswell incident was first publicized I

455
00:21:17,070 --> 00:21:12,440
remember how excited my mother got about

456
00:21:20,290 --> 00:21:17,080
it and she you know told me about it and

457
00:21:23,440 --> 00:21:20,300
from from the earliest times I can

458
00:21:28,240 --> 00:21:23,450
remember I was interested in astronomy

459
00:21:30,880 --> 00:21:28,250
in the stars and aircraft and through

460
00:21:34,480 --> 00:21:30,890
just simply through what I would call

461
00:21:38,080 --> 00:21:34,490
logic I was convinced in my own mind

462
00:21:40,540 --> 00:21:38,090
that that we were not alone but I'd

463
00:21:42,940 --> 00:21:40,550

never seen anything and was always

464

00:21:45,900 --> 00:21:42,950

thought of looking but never really saw

465

00:21:49,600 --> 00:21:45,910

anything other than what was obvious

466

00:21:51,610 --> 00:21:49,610

aircraft flying at night George hang on

467

00:21:54,040 --> 00:21:51,620

just a second there can we before we

468

00:21:56,530 --> 00:21:54,050

move on from this I wanted to ask you

469

00:21:59,800 --> 00:21:56,540

because you don't hear a lot about

470

00:22:02,350 --> 00:21:59,810

people talking about Roswell when it

471

00:22:04,960 --> 00:22:02,360

happened you know so I just wanted to

472

00:22:07,030 --> 00:22:04,970

touch on that a little bit you you know

473

00:22:11,130 --> 00:22:07,040

I understand that you know the news went

474

00:22:13,870 --> 00:22:11,140

out and it was in papers everywhere and

475

00:22:15,580 --> 00:22:13,880

you know it was publicized and then it

476
00:22:15,769 --> 00:22:15,590
was you know the weather the balloon the

477
00:22:18,349 --> 00:22:15,779
net

478
00:22:19,789 --> 00:22:18,359
stay and then nobody talked about it for

479
00:22:23,359 --> 00:22:19,799
for many many years

480
00:22:27,889 --> 00:22:23,369
so do you you you remember hearing about

481
00:22:28,999 --> 00:22:27,899
that and you you probably heard the next

482
00:22:32,180 --> 00:22:29,009
day that it was just a weather balloon

483
00:22:35,359 --> 00:22:32,190
but did you remember that

484
00:22:38,060 --> 00:22:35,369
in your childhood and as you got older

485
00:22:41,330 --> 00:22:38,070
and then when it resurfaced in the late

486
00:22:43,430 --> 00:22:41,340
1980s you said oh yeah or something like

487
00:22:46,070 --> 00:22:43,440
that how did that all how did that it oh

488
00:22:50,389 --> 00:22:46,080

yeah I mean it was it was it was a very

489

00:22:53,599 --> 00:22:50,399

powerful early memory I remember a great

490

00:22:56,299 --> 00:22:53,609

deal about my early childhood it's it's

491

00:23:00,889 --> 00:22:56,309

not the the blur that some people have

492

00:23:03,769 --> 00:23:00,899

but I'm fortunate to have have some very

493

00:23:06,379 --> 00:23:03,779

clear memories I remember when world war

494

00:23:11,269 --> 00:23:06,389

ii ended and i was very small at the

495

00:23:13,430 --> 00:23:11,279

time and but but I remember the Roswell

496

00:23:15,889 --> 00:23:13,440

incident being in the paper I don't

497

00:23:18,289 --> 00:23:15,899

remember reading about it but I know my

498

00:23:22,639 --> 00:23:18,299

mother read about it and and then when

499

00:23:24,979 --> 00:23:22,649

they came up with the debunking story my

500

00:23:27,829 --> 00:23:24,989

mother was quite a skeptic and she says

501
00:23:31,999 --> 00:23:27,839
I think they've just made that up I

502
00:23:34,399 --> 00:23:32,009
think it's a cover-up and and so that's

503
00:23:36,560 --> 00:23:34,409
my earliest recollection of Roswell and

504
00:23:39,940 --> 00:23:36,570
then of course when it can't it's been

505
00:23:43,249 --> 00:23:39,950
back in the news you know several times

506
00:23:46,009 --> 00:23:43,259
that you know I guess I always believed

507
00:23:50,239 --> 00:23:46,019
it was just a cover-up by the government

508
00:23:55,969 --> 00:23:50,249
to shield us from the truth

509
00:23:58,159 --> 00:23:55,979
so that was my attitude so at the time

510
00:24:01,369 --> 00:23:58,169
of the sighting I would say that I was

511
00:24:04,339 --> 00:24:01,379
certainly receptive and anything but a

512
00:24:06,529 --> 00:24:04,349
skeptic but I was not a child that was

513
00:24:09,440 --> 00:24:06,539

subject to wild imaginations

514

00:24:14,659 --> 00:24:09,450

I was very scientific in my orientation

515

00:24:17,389 --> 00:24:14,669

and you know have had a good career as a

516

00:24:20,769 --> 00:24:17,399

behavioral scientist and and so I

517

00:24:25,909 --> 00:24:20,779

consider myself a pretty cold-blooded

518

00:24:29,340 --> 00:24:25,919

objective observer so the the way this

519

00:24:31,470 --> 00:24:29,350

happened was it was a hot it was a hot

520

00:24:32,909 --> 00:24:31,480

summer night and I had a little

521

00:24:38,760 --> 00:24:32,919

girlfriend that lived down the street

522

00:24:42,750 --> 00:24:38,770

and her parents invited me and and her

523

00:24:44,789 --> 00:24:42,760

to go out to the airport and of course

524

00:24:48,240 --> 00:24:44,799

you might say well go to the airport

525

00:24:50,460 --> 00:24:48,250

what is that well in Pensacola in 1956

526
00:24:53,970 --> 00:24:50,470
that was about the most exciting thing

527
00:24:56,549 --> 00:24:53,980
for for kids to do was to go out to the

528
00:24:59,190 --> 00:24:56,559
airport and wait for the occasional

529
00:25:00,659 --> 00:24:59,200
aircraft to land because then you could

530
00:25:03,390 --> 00:25:00,669
see him come up and you could feel the

531
00:25:06,029 --> 00:25:03,400
propwash and all that and see the people

532
00:25:10,590 --> 00:25:06,039
getting off and people getting on it was

533
00:25:12,690 --> 00:25:10,600
a very exciting thing to do so we went

534
00:25:14,460 --> 00:25:12,700
out to the airport and I remember that

535
00:25:17,039 --> 00:25:14,470
her mother and father were not

536
00:25:18,990 --> 00:25:17,049
particularly interested in and hanging

537
00:25:22,409 --> 00:25:19,000
around with us they were in the coffee

538
00:25:24,720 --> 00:25:22,419

shop there having I guess

539

00:25:28,529 --> 00:25:24,730

coffee and pie or whatever they were

540

00:25:31,320 --> 00:25:28,539

drinking and so my little girlfriend and

541

00:25:34,350 --> 00:25:31,330

I went out to the fence and the fence

542

00:25:36,360 --> 00:25:34,360

was you know this is not like an airport

543

00:25:40,409 --> 00:25:36,370

today I mean it's just a chain-link

544

00:25:42,779 --> 00:25:40,419

fence and you could I can remember you

545

00:25:44,340 --> 00:25:42,789

know putting my fingers on it and you

546

00:25:46,560 --> 00:25:44,350

know holding onto the fence and kind of

547

00:25:50,159 --> 00:25:46,570

leaning back and forth and so we were

548

00:25:54,899 --> 00:25:50,169

just looking for aircraft to to come in

549

00:25:56,940 --> 00:25:54,909

and land and as it turned out my

550

00:26:01,890 --> 00:25:56,950

girlfriend was a year older than me she

551
00:26:03,480 --> 00:26:01,900
was 13 and she she had to wear glasses

552
00:26:05,850 --> 00:26:03,490
for distance

553
00:26:07,680 --> 00:26:05,860
and but she didn't have him on that

554
00:26:09,570 --> 00:26:07,690
night I guess because she was hoping

555
00:26:12,480 --> 00:26:09,580
that they you know I might try to kiss

556
00:26:14,880 --> 00:26:12,490
her well that that was so far from my

557
00:26:16,710 --> 00:26:14,890
mind as a 12 year old I mean I just

558
00:26:19,230 --> 00:26:16,720
wasn't about to do anything like that

559
00:26:21,240 --> 00:26:19,240
but but she didn't you know with being

560
00:26:24,210 --> 00:26:21,250
you know a young lady she was slightly

561
00:26:26,669 --> 00:26:24,220
vain and wanted to appear very very

562
00:26:30,930 --> 00:26:26,679
attractive which she was and still is

563
00:26:35,340 --> 00:26:30,940

and and so we were looking at the fence

564

00:26:37,890 --> 00:26:35,350

and looking up at the moon which was not

565

00:26:40,610 --> 00:26:37,900

a crescent moon but it wasn't a quarter

566

00:26:42,840 --> 00:26:40,620

moon either it was somewhere in between

567

00:26:46,020 --> 00:26:42,850

and there were some

568

00:26:49,320 --> 00:26:46,030

stars that were very very close to the

569

00:26:52,140 --> 00:26:49,330

moon and I commented to us it looking

570

00:26:55,200 --> 00:26:52,150

look at those stars there right next to

571

00:26:56,940 --> 00:26:55,210

the moon man so we looked at him for a

572

00:26:59,430 --> 00:26:56,950

while and she said yeah yeah I see him

573

00:27:04,520 --> 00:26:59,440

and and in fact she really didn't see

574

00:27:08,790 --> 00:27:04,530

anything so my one witness was was

575

00:27:12,060 --> 00:27:08,800

worthless and and so I noticed that one

576
00:27:14,550 --> 00:27:12,070
of the stars seemed to be getting bigger

577
00:27:16,530 --> 00:27:14,560
and bigger I said wow I said look at

578
00:27:19,800 --> 00:27:16,540
that that's that could be an airplane

579
00:27:23,010 --> 00:27:19,810
coming in and but but it was stationary

580
00:27:26,400 --> 00:27:23,020
just never moved never moved it got

581
00:27:30,810 --> 00:27:26,410
bigger and bigger and all of a sudden it

582
00:27:33,720 --> 00:27:30,820
got so big that it divided into two what

583
00:27:36,990 --> 00:27:33,730
appeared to be stars I said holy smokes

584
00:27:41,070 --> 00:27:37,000
look at that they're two of them and and

585
00:27:43,980 --> 00:27:41,080
so they remain stationary for at least

586
00:27:47,970 --> 00:27:43,990
five or six minutes and without moving

587
00:27:49,860 --> 00:27:47,980
but there is but one became two and then

588
00:27:52,200 --> 00:27:49,870

I thought I said I believe they're

589

00:27:56,160 --> 00:27:52,210

moving to the south because we were

590

00:27:58,500 --> 00:27:56,170

looking eastward and I said yes yes look

591

00:28:01,560 --> 00:27:58,510

there they're both moving together and

592

00:28:05,160 --> 00:28:01,570

then then they began to move apart where

593

00:28:07,140 --> 00:28:05,170

one went up and the other remained

594

00:28:10,590 --> 00:28:07,150

stationary more or less flying along the

595

00:28:12,990 --> 00:28:10,600

horizon and so this this really got my

596

00:28:15,570 --> 00:28:13,000

juices going because I'd never seen

597

00:28:19,740 --> 00:28:15,580

anything quite like this and then the

598

00:28:23,580 --> 00:28:19,750

one on top accelerated rapidly and then

599

00:28:26,610 --> 00:28:23,590

took off straight up just like it was

600

00:28:30,360 --> 00:28:26,620

shot out of a cannon and I'd never seen

601
00:28:33,180 --> 00:28:30,370
any aircraft do anything like that

602
00:28:36,240 --> 00:28:33,190
and I was just stunned to see it and

603
00:28:38,940 --> 00:28:36,250
then the second one the lower one kept

604
00:28:40,800 --> 00:28:38,950
moving straight along the horizon to

605
00:28:44,400 --> 00:28:40,810
toward the south toward the Gulf of

606
00:28:47,010 --> 00:28:44,410
Mexico and then it took off at the same

607
00:28:50,040 --> 00:28:47,020
rate of speed and just it was just a

608
00:28:55,050 --> 00:28:50,050
blur I mean it wasn't even fast it just

609
00:28:56,989 --> 00:28:55,060
just streaked up and was gone so that

610
00:29:02,549 --> 00:28:56,999
was the signing

611
00:29:04,560 --> 00:29:02,559
and all I can say is that on the way

612
00:29:06,029 --> 00:29:04,570
home you know we told her parents what

613
00:29:07,859 --> 00:29:06,039

we had seen and they seemed very

614

00:29:10,859 --> 00:29:07,869

interested and believe just because they

615

00:29:15,210 --> 00:29:10,869

knew I was not the kind of young man who

616

00:29:19,919 --> 00:29:15,220

made up silly stories and but when I got

617

00:29:21,720 --> 00:29:19,929

home I told my mother about it and you

618

00:29:24,480 --> 00:29:21,730

know it just was

619

00:29:26,759 --> 00:29:24,490

she said well we'll make sure you write

620

00:29:29,899 --> 00:29:26,769

down everything so you'll remember it

621

00:29:32,940 --> 00:29:29,909

and and so I did in and I was in my room

622

00:29:37,590 --> 00:29:32,950

making notes and writing it out and I

623

00:29:40,169 --> 00:29:37,600

was so frightened by what I saw it

624

00:29:42,960 --> 00:29:40,179

wasn't I mean there was the initial

625

00:29:46,139 --> 00:29:42,970

exhilaration but upon reflection I

626
00:29:51,749 --> 00:29:46,149
realized that I had seen something that

627
00:29:54,269 --> 00:29:51,759
was absolutely mind-blowing and I was I

628
00:29:56,210 --> 00:29:54,279
was afraid I don't know what I was

629
00:29:59,580 --> 00:29:56,220
afraid of I guess I was afraid that

630
00:30:03,629 --> 00:29:59,590
maybe they saw me and knew that I saw

631
00:30:06,299 --> 00:30:03,639
them and and that they somehow I had a

632
00:30:11,879 --> 00:30:06,309
feeling that they must have known that I

633
00:30:15,389 --> 00:30:11,889
saw this and and so I made detailed

634
00:30:17,730 --> 00:30:15,399
notes on everything and as a young

635
00:30:19,470 --> 00:30:17,740
scientist and later when I was in high

636
00:30:22,680 --> 00:30:19,480
school I won the science fair

637
00:30:24,840 --> 00:30:22,690
it's a sophomore so that gives you an

638
00:30:28,440 --> 00:30:24,850

idea of the kind of notes that I was

639

00:30:31,529 --> 00:30:28,450

making even at 12 years of age so I made

640

00:30:33,600 --> 00:30:31,539

very very detailed notes and so the next

641

00:30:37,409 --> 00:30:33,610

day I told my mother I said mother I

642

00:30:39,779 --> 00:30:37,419

said I'm gonna write a report and send

643

00:30:42,690 --> 00:30:39,789

it to the Air Force and she says oh no

644

00:30:45,570 --> 00:30:42,700

no you you don't want to do that I said

645

00:30:47,730 --> 00:30:45,580

why not she says oh no she said that

646

00:30:51,899 --> 00:30:47,740

would just create problems you don't

647

00:30:55,310 --> 00:30:51,909

want to do that don't do that so I went

648

00:30:57,869 --> 00:30:55,320

ahead and wrote up a letter and I

649

00:31:01,049 --> 00:30:57,879

consolidated my notes and put it in the

650

00:31:06,480 --> 00:31:01,059

best language that I could and I wrote I

651
00:31:10,259 --> 00:31:06,490
addressed it to UFO investigations Eglin

652
00:31:13,349 --> 00:31:10,269
Air Force Base Florida and May

653
00:31:16,229 --> 00:31:13,359
we didn't have ZIP codes in 1956 and

654
00:31:17,940 --> 00:31:16,239
Eglin was you know figured the post

655
00:31:19,979 --> 00:31:17,950
office knew where that was because it's

656
00:31:22,589 --> 00:31:19,989
not really in a city it's just ugly an

657
00:31:25,560 --> 00:31:22,599
Air Force Base and I dropped it in the

658
00:31:27,599 --> 00:31:25,570
mail and didn't think anything more

659
00:31:32,159 --> 00:31:27,609
about it hmm

660
00:31:36,449 --> 00:31:32,169
now less than a week later it was a

661
00:31:39,149 --> 00:31:36,459
Saturday morning the phone rings and so

662
00:31:40,889 --> 00:31:39,159
my job at the house since my parents

663
00:31:44,969 --> 00:31:40,899

were divorced so I live with my mother

664

00:31:46,739 --> 00:31:44,979

and my grandmother and and and so my job

665

00:31:51,599 --> 00:31:46,749

as the man of the house was to always

666

00:31:55,169 --> 00:31:51,609

answer the phone which I did and a man

667

00:31:58,560 --> 00:31:55,179

on the other end said amass speak to

668

00:32:01,949 --> 00:31:58,570

George Gaines and I said this is he he

669

00:32:05,489 --> 00:32:01,959

said is this the same George that lives

670

00:32:08,310 --> 00:32:05,499

at such-and-such an address I said yes

671

00:32:11,129 --> 00:32:08,320

it is and he says it's the same George

672

00:32:14,579 --> 00:32:11,139

who sent a report to the airforce a few

673

00:32:18,419 --> 00:32:14,589

days ago about what you had seen and I

674

00:32:22,729 --> 00:32:18,429

took a deep breath yes and said yes it

675

00:32:25,169 --> 00:32:22,739

is he says well great he said George

676

00:32:29,789 --> 00:32:25,179

what are you doing this morning I said

677

00:32:32,069 --> 00:32:29,799

and so I immediately said oh well I'm

678

00:32:34,469 --> 00:32:32,079

I'm going I'm going out I'm going to the

679

00:32:37,199 --> 00:32:34,479

pool to swim because I was a collegiate

680

00:32:39,239 --> 00:32:37,209

swimmer and high school swimmer and so I

681

00:32:42,599 --> 00:32:39,249

was you know we're going to go to

682

00:32:47,399 --> 00:32:42,609

practice and I'm going to swim practice

683

00:32:50,279 --> 00:32:47,409

and he said George he said you just sit

684

00:32:53,909 --> 00:32:50,289

tight we'll be right over

685

00:32:58,499 --> 00:32:53,919

and I remember those words so clearly

686

00:32:59,159 --> 00:32:58,509

George you just sit tight we'll be right

687

00:33:02,159 --> 00:32:59,169

over

688

00:33:05,099 --> 00:33:02,169

it didn't say can we come by how do you

689

00:33:09,299 --> 00:33:05,109

do anything we're coming over so I

690

00:33:10,739 --> 00:33:09,309

realized then that I was in a jam and I

691

00:33:12,839 --> 00:33:10,749

had to explain to my mother

692

00:33:15,269 --> 00:33:12,849

very quickly what had happened I said

693

00:33:19,499 --> 00:33:15,279

mother mother I said she's who was that

694

00:33:21,629 --> 00:33:19,509

I said ah it was a nice man you remember

695

00:33:23,190 --> 00:33:21,639

the I said I was thinking about

696

00:33:23,890 --> 00:33:23,200

submitting a report to the Air Force

697

00:33:28,030 --> 00:33:23,900

she's

698

00:33:30,370 --> 00:33:28,040

you didn't I said yes I did and I said

699

00:33:32,680 --> 00:33:30,380

they're coming over she says oh my god

700

00:33:33,220 --> 00:33:32,690

she says now we're in trouble we're in

701
00:33:37,380 --> 00:33:33,230
trouble

702
00:33:39,130 --> 00:33:37,390
I mean this was 1956 and you know if

703
00:33:42,670 --> 00:33:39,140
things were different then

704
00:33:44,830 --> 00:33:42,680
is it a different world and so you

705
00:33:48,760 --> 00:33:44,840
didn't file reports or anything unless

706
00:33:52,810 --> 00:33:48,770
you had good reason and I thought I had

707
00:33:55,330 --> 00:33:52,820
good reason so you know I told my

708
00:33:58,480 --> 00:33:55,340
grandmother and and she says oh lordy

709
00:34:01,090 --> 00:33:58,490
she says you're in trouble now I said

710
00:34:03,460 --> 00:34:01,100
well you know I I told I told the truth

711
00:34:06,250 --> 00:34:03,470
I didn't make anything up it's all true

712
00:34:09,820 --> 00:34:06,260
it's all true and so while we were

713
00:34:12,100 --> 00:34:09,830

talking I mean this this couldn't have

714

00:34:14,320 --> 00:34:12,110

been more than five minutes from when I

715

00:34:16,330 --> 00:34:14,330

hung up maybe not that long my

716

00:34:17,590 --> 00:34:16,340

grandmother who used to sit in the

717

00:34:19,200 --> 00:34:17,600

living room looking out the window she

718

00:34:23,380 --> 00:34:19,210

says oh here they come

719

00:34:26,320 --> 00:34:23,390

and so my mother and I went to the door

720

00:34:32,889 --> 00:34:26,330

and she you know song they pulled up in

721

00:34:35,020 --> 00:34:32,899

in a four-door 1955 or 56 I couldn't

722

00:34:40,960 --> 00:34:35,030

tell the exact model I always thought it

723

00:34:44,080 --> 00:34:40,970

was a 55 white Cadillac air conditioned

724

00:34:47,139 --> 00:34:44,090

it was absolutely spotless and I

725

00:34:52,480 --> 00:34:47,149

remember thinking why isn't it gray and

726

00:34:55,659 --> 00:34:52,490

why doesn't it have military stencils on

727

00:34:58,450 --> 00:34:55,669

it saying US Air Force or US Navy or

728

00:35:02,140 --> 00:34:58,460

something but it was a civilian car but

729

00:35:04,530 --> 00:35:02,150

it was a beautiful white Cadillac and it

730

00:35:06,430 --> 00:35:04,540

was air-conditioned and that was very

731

00:35:08,410 --> 00:35:06,440

unusual because we didn't have air

732

00:35:11,500 --> 00:35:08,420

conditioning in our home in Florida and

733

00:35:16,240 --> 00:35:11,510

and I never knew anybody who had an

734

00:35:19,360 --> 00:35:16,250

air-conditioned car until in 1958 so

735

00:35:23,200 --> 00:35:19,370

this was this was quite a rare event and

736

00:35:25,510 --> 00:35:23,210

then out of the car come to air force

737

00:35:28,810 --> 00:35:25,520

officers men who were dressed as air

738

00:35:33,910 --> 00:35:28,820

force officers who come up and greet me

739

00:35:36,070 --> 00:35:33,920

and my mother on the front porch so why

740

00:35:37,810 --> 00:35:36,080

don't I just take a quick pause and say

741

00:35:40,210 --> 00:35:37,820

you know

742

00:35:42,730 --> 00:35:40,220

have any questions that you wanna ask me

743

00:35:47,440 --> 00:35:42,740

at this point before we get into the

744

00:35:50,200 --> 00:35:47,450

interview no not really it's up you and

745

00:35:51,820 --> 00:35:50,210

I had kind of gone over this in our talk

746

00:35:54,190 --> 00:35:51,830

I think it was I don't know maybe four

747

00:35:58,380 --> 00:35:54,200

or four or five months ago so it's

748

00:36:01,000 --> 00:35:58,390

almost like new coming at me but I

749

00:36:02,830 --> 00:36:01,010

couldn't remember the encounter of you

750

00:36:07,090 --> 00:36:02,840

know what what your sighting was to

751

00:36:09,130 --> 00:36:07,100

begin with but just the fact that they

752

00:36:13,690 --> 00:36:09,140

came to see you that quickly is pretty

753

00:36:15,790 --> 00:36:13,700

pretty interesting well yes I mean I

754

00:36:19,930 --> 00:36:15,800

didn't think think through it very

755

00:36:22,600 --> 00:36:19,940

carefully at the time I was just really

756

00:36:24,520 --> 00:36:22,610

scared that they were coming to talk to

757

00:36:27,220 --> 00:36:24,530

me because I didn't know know what to

758

00:36:29,080 --> 00:36:27,230

expect but the two the two gentlemen

759

00:36:31,210 --> 00:36:29,090

came in and they showed my mother some

760

00:36:34,030 --> 00:36:31,220

identification in addition to their

761

00:36:36,880 --> 00:36:34,040

their uniforms and she welcomed them and

762

00:36:39,760 --> 00:36:36,890

said please please come in they said

763

00:36:44,470 --> 00:36:39,770

well we would like to talk to George

764

00:36:47,920 --> 00:36:44,480

about what what he saw and and so the

765

00:36:53,350 --> 00:36:47,930

two were it was a captain and a

766

00:36:55,870 --> 00:36:53,360

lieutenant and the the captain did not

767

00:36:58,900 --> 00:36:55,880

have what I would call a military

768

00:37:03,160 --> 00:36:58,910

bearing he seemed to be sweating a

769

00:37:05,800 --> 00:37:03,170

little bit it was hot and and so he

770

00:37:08,050 --> 00:37:05,810

unbuttoned his blouse when he sat down

771

00:37:10,750 --> 00:37:08,060

and crossed his legs and made himself

772

00:37:15,370 --> 00:37:10,760

very much at home he just seemed very

773

00:37:18,990 --> 00:37:15,380

comfortable and then the lieutenant was

774

00:37:24,460 --> 00:37:19,000

just the opposite he was buttoned down

775

00:37:27,640 --> 00:37:24,470

he had on a I think what you call almost

776

00:37:29,710 --> 00:37:27,650

an Eisenhower jacket as opposed to the

777

00:37:33,010 --> 00:37:29,720

the captain with the blouse you know it

778

00:37:34,920 --> 00:37:33,020

was very tight around the waist and he

779

00:37:36,160 --> 00:37:34,930

had a you know tie on and he had a

780

00:37:40,600 --> 00:37:36,170

crew-cut

781

00:37:44,140 --> 00:37:40,610

dark hair with salt and pepper the

782

00:37:46,630 --> 00:37:44,150

captain had had longer hair and and just

783

00:37:49,660 --> 00:37:46,640

seemed more he seemed more like a

784

00:37:51,390 --> 00:37:49,670

civilian dressed up in an Air Force

785

00:37:55,999 --> 00:37:51,400

uniform

786

00:37:59,939 --> 00:37:56,009

and and so they begin the the

787

00:38:03,599 --> 00:37:59,949

questioning in the living room and so

788

00:38:06,120 --> 00:38:03,609

the captain then asked the lieutenant to

789

00:38:08,519 --> 00:38:06,130

go out and you know once he agreed to do

790

00:38:10,439 --> 00:38:08,529

it he sent to lieutenant out to the car

791

00:38:14,120 --> 00:38:10,449

and he opened the trunk up and brought

792

00:38:18,239 --> 00:38:14,130

all sorts of stuff in he brought in

793

00:38:21,569 --> 00:38:18,249

charts that you know were like a movie

794

00:38:22,529 --> 00:38:21,579

screen with flip charts he brought in a

795

00:38:25,919 --> 00:38:22,539

movie screen

796

00:38:28,829 --> 00:38:25,929

a movie projector and what I remember

797

00:38:32,459 --> 00:38:28,839

most vividly was a reel-to-reel woollen

798

00:38:35,969 --> 00:38:32,469

sack tape recorder where everything in

799

00:38:41,489 --> 00:38:35,979

the interview was being taped and that

800

00:38:45,329 --> 00:38:41,499

thing just ran and ran and ran so they

801
00:38:48,839 --> 00:38:45,339
begin and I don't remember all of what

802
00:38:51,989 --> 00:38:48,849
what was said or what was asked but I do

803
00:38:53,789 --> 00:38:51,999
remember the the captain are the the

804
00:38:58,559 --> 00:38:53,799
lieutenant standing up like he was

805
00:39:00,569 --> 00:38:58,569
giving military military briefing and he

806
00:39:03,809 --> 00:39:00,579
had a pointer stick and he kept pointing

807
00:39:06,870 --> 00:39:03,819
you know to these these charts of the

808
00:39:09,539 --> 00:39:06,880
sky and and disc and he was using a lot

809
00:39:12,390 --> 00:39:09,549
of technical language like azimuth

810
00:39:14,339 --> 00:39:12,400
perigee Apogee and stuff that I really

811
00:39:16,289 --> 00:39:14,349
didn't what was not familiar with and

812
00:39:18,870 --> 00:39:16,299
the captain would would kind of

813
00:39:21,679 --> 00:39:18,880

interpret for him he says okay what the

814

00:39:24,809 --> 00:39:21,689

lieutenant is saying is is this George

815

00:39:27,539 --> 00:39:24,819

tell me more about how you you saw this

816

00:39:30,919 --> 00:39:27,549

and they of course had had my report

817

00:39:34,589 --> 00:39:30,929

there which they let me look at and

818

00:39:37,739 --> 00:39:34,599

about that time I'd say probably an hour

819

00:39:40,739 --> 00:39:37,749

into it my mother had gotten on the

820

00:39:43,620 --> 00:39:40,749

phone and called the parents of the

821

00:39:45,599 --> 00:39:43,630

young girl who was with me and this was

822

00:39:49,279 --> 00:39:45,609

it turned out to be a real embarrassment

823

00:39:54,989 --> 00:39:49,289

for her because she had nothing to add

824

00:39:58,829 --> 00:39:54,999

to it now she she had made up a report

825

00:40:01,289 --> 00:39:58,839

as well of what she didn't see and on

826

00:40:04,560 --> 00:40:01,299

that report she doodled and drew a

827

00:40:06,930 --> 00:40:04,570

picture of like an alien coming

828

00:40:10,020 --> 00:40:06,940

out of a spaceship it's a cartoon-like

829

00:40:11,820 --> 00:40:10,030

and so when they came up there the

830

00:40:13,650 --> 00:40:11,830

captain saw that and he just he just

831

00:40:17,850 --> 00:40:13,660

grabbed it and took it out Randy said

832

00:40:19,950 --> 00:40:17,860

I'll take that it's so yeah you know he

833

00:40:23,130 --> 00:40:19,960

had that she stayed around for about

834

00:40:25,080 --> 00:40:23,140

fifteen minutes and and listened and and

835

00:40:26,400 --> 00:40:25,090

couldn't really add anything cuz you

836

00:40:28,950 --> 00:40:26,410

didn't see anything

837

00:40:31,490 --> 00:40:28,960

and then then they let asked her to to

838

00:40:34,800 --> 00:40:31,500

go ahead you know she could go back home

839

00:40:37,350 --> 00:40:34,810

so then they got out some films and

840

00:40:40,590 --> 00:40:37,360

showed me films now these some of the

841

00:40:43,530 --> 00:40:40,600

films I remember having seen before and

842

00:40:47,270 --> 00:40:43,540

it was like you know lights and it was

843

00:40:51,030 --> 00:40:47,280

daytime scenes of maybe four or five

844

00:40:53,520 --> 00:40:51,040

lights flying together or what could be

845

00:40:54,990 --> 00:40:53,530

interpreted as UFOs and they kept asking

846

00:40:56,580 --> 00:40:55,000

me is this what you saw you see

847

00:40:59,670 --> 00:40:56,590

something like that I said well no no

848

00:41:02,310 --> 00:40:59,680

mine mine weren't doing that it was just

849

00:41:05,730 --> 00:41:02,320

too and you know I can't I really stuck

850

00:41:08,100 --> 00:41:05,740

to my story because Martin that that's

851

00:41:10,680 --> 00:41:08,110

the only story I had and I didn't know

852

00:41:14,640 --> 00:41:10,690

what else to do other than stick stick

853

00:41:17,400 --> 00:41:14,650

to the story now did so this is kind of

854

00:41:20,760 --> 00:41:17,410

curious they were showing you films yes

855

00:41:23,420 --> 00:41:20,770

they had films and were there's some

856

00:41:25,470 --> 00:41:23,430

really good films too of some UFOs oh

857

00:41:30,330 --> 00:41:25,480

they were they were decent

858

00:41:33,930 --> 00:41:30,340

they were decent you know of stuff some

859

00:41:37,380 --> 00:41:33,940

stuff I'd seen in in in books before or

860

00:41:39,960 --> 00:41:37,390

magazines that had been published so I

861

00:41:40,440 --> 00:41:39,970

kept thinking well I've seen all this

862

00:41:42,720 --> 00:41:40,450

before

863

00:41:44,340 --> 00:41:42,730

he said you ever seen this I said well

864

00:41:47,370 --> 00:41:44,350

I've seen it I've seen something like

865

00:41:52,290 --> 00:41:47,380

that in a magazine but some some I had

866

00:41:54,120 --> 00:41:52,300

not seen and so after we got through

867

00:41:56,430 --> 00:41:54,130

with the movies I guess it was around

868

00:41:59,670 --> 00:41:56,440

lunchtime well these guys didn't stop

869

00:42:01,470 --> 00:41:59,680

for lunch and and my mother and

870

00:42:04,650 --> 00:42:01,480

grandmother particularly my grandmother

871

00:42:06,720 --> 00:42:04,660

kept she was very nosy and kept walking

872

00:42:08,910 --> 00:42:06,730

into the room and walking out of the

873

00:42:11,160 --> 00:42:08,920

room and in and out like they thought I

874

00:42:12,900 --> 00:42:11,170

was going to be molested or something so

875

00:42:15,690 --> 00:42:12,910

finally they told my mother I said look

876

00:42:18,420 --> 00:42:15,700

we'd like to question George now in

877

00:42:19,829 --> 00:42:18,430

private okay do you have another place

878

00:42:24,059 --> 00:42:19,839

we can go and she said yeah we have a

879

00:42:27,660 --> 00:42:24,069

den small den we went in there and set

880

00:42:31,829 --> 00:42:27,670

up shop and they closed and locked the

881

00:42:34,200 --> 00:42:31,839

door just keep them out so the the

882

00:42:35,940 --> 00:42:34,210

interrogation you know and my grandma

883

00:42:38,579 --> 00:42:35,950

said well the poor child hasn't eaten he

884

00:42:43,349 --> 00:42:38,589

said well we'll let him have something

885

00:42:45,750 --> 00:42:43,359

to eat when we're finished yeah so we

886

00:42:48,299 --> 00:42:45,760

went into the den and they had they

887

00:42:50,220 --> 00:42:48,309

brought in some scrapbooks what I call

888

00:42:53,520 --> 00:42:50,230

scrapbooks they were I guess notebook

889

00:42:56,430 --> 00:42:53,530

big big notebooks big ones and so he

890

00:43:00,569 --> 00:42:56,440

says ok I'm going to show you some some

891

00:43:04,380 --> 00:43:00,579

pictures and so these were you know

892

00:43:07,290 --> 00:43:04,390

pictures of UFOs photos photographs some

893

00:43:09,210 --> 00:43:07,300

sketches and you know on you know that

894

00:43:10,680 --> 00:43:09,220

it looked like this it looked like I

895

00:43:12,120 --> 00:43:10,690

said wow it's pretty interesting there I

896

00:43:13,740 --> 00:43:12,130

said no it didn't he said look like I

897

00:43:17,069 --> 00:43:13,750

know it didn't look like that I'm

898

00:43:20,069 --> 00:43:17,079

telling you it was just a light in the

899

00:43:23,190 --> 00:43:20,079

sky just a very bright light in the sky

900

00:43:27,210 --> 00:43:23,200

it was moving slow and then it moved

901
00:43:31,020 --> 00:43:27,220
really fast so went on and on and you

902
00:43:34,319 --> 00:43:31,030
know went through several of these books

903
00:43:36,329 --> 00:43:34,329
and finally there was another book there

904
00:43:39,720 --> 00:43:36,339
and I figured once we get through the

905
00:43:43,859 --> 00:43:39,730
last book these guys will leave because

906
00:43:45,539 --> 00:43:43,869
I was really really getting tired of you

907
00:43:47,670 --> 00:43:45,549
know telling the same story over and

908
00:43:50,370 --> 00:43:47,680
over again and then they would stop me

909
00:43:53,789 --> 00:43:50,380
and say okay George let's go back tell

910
00:43:56,970 --> 00:43:53,799
me from the very beginning what you saw

911
00:44:00,780 --> 00:43:56,980
and so they must have had me repeat my

912
00:44:02,940 --> 00:44:00,790
story four or five times during this

913
00:44:04,230 --> 00:44:02,950

whole episode do you think they were

914

00:44:06,599 --> 00:44:04,240

trying to see if you would trip up a

915

00:44:08,910 --> 00:44:06,609

little or something yeah I think they

916

00:44:12,059 --> 00:44:08,920

just you know were you know it's like

917

00:44:13,980 --> 00:44:12,069

the cops I mean they're trying you know

918

00:44:18,930 --> 00:44:13,990

as you tell the same story over and over

919

00:44:23,400 --> 00:44:18,940

again and so finally then the captain

920

00:44:28,980 --> 00:44:23,410

began to make suggestions and he said

921

00:44:31,809 --> 00:44:28,990

now when the craft got close could you

922

00:44:35,379 --> 00:44:31,819

see any portholes

923

00:44:38,469 --> 00:44:35,389

I said I don't know how close he's got

924

00:44:44,019 --> 00:44:38,479

but it wasn't close enough that I could

925

00:44:48,249 --> 00:44:44,029

see any detail he says okay so when the

926
00:44:50,859 --> 00:44:48,259
craft got close could you see any more

927
00:44:55,149 --> 00:44:50,869
anybody looking out of a porthole I said

928
00:44:58,269 --> 00:44:55,159
I just said no it it didn't get that

929
00:45:00,339 --> 00:44:58,279
close and then you know go on and then

930
00:45:02,919 --> 00:45:00,349
he'd come back said now George when the

931
00:45:05,319 --> 00:45:02,929
craft landed um

932
00:45:08,799 --> 00:45:05,329
did did a door open I said the craft

933
00:45:10,689 --> 00:45:08,809
didn't land I wish it had a hook you

934
00:45:13,389 --> 00:45:10,699
know I wish I could say it did but it

935
00:45:16,870 --> 00:45:13,399
didn't it just flew off and it flew off

936
00:45:19,059 --> 00:45:16,880
at a very high rate of speed so you know

937
00:45:22,509 --> 00:45:19,069
he went through all this highly

938
00:45:24,879 --> 00:45:22,519

suggestive questioning hmm and and

939

00:45:27,249 --> 00:45:24,889

finally you know I said oh no he's got

940

00:45:29,949 --> 00:45:27,259

to show me this last book I said are you

941

00:45:31,289 --> 00:45:29,959

going to show me what's in when are you

942

00:45:32,529 --> 00:45:31,299

going to show me what's in the last

943

00:45:34,959 --> 00:45:32,539

scrapbook

944

00:45:39,179 --> 00:45:34,969

he said well George you said you didn't

945

00:45:43,659 --> 00:45:39,189

see anybody right I said right I didn't

946

00:45:44,859 --> 00:45:43,669

he said well he says I'm I'm not so sure

947

00:45:49,659 --> 00:45:44,869

you did

948

00:45:52,839 --> 00:45:49,669

I said I didn't and he says well I'll

949

00:45:55,419 --> 00:45:52,849

show you what's in here anyhow and so

950

00:45:59,019 --> 00:45:55,429

when we went through this book this book

951
00:46:03,699 --> 00:45:59,029
was filled with pictures and sketches of

952
00:46:05,889 --> 00:46:03,709
aliens okay I mean ridiculous looking

953
00:46:07,599 --> 00:46:05,899
something I'd seen in comic books I said

954
00:46:10,389 --> 00:46:07,609
I've seen that that's an icon seen that

955
00:46:12,789 --> 00:46:10,399
in a comic book is okay next one and

956
00:46:15,039 --> 00:46:12,799
then then he showed me a picture I

957
00:46:17,620 --> 00:46:15,049
remember it very very distinctly because

958
00:46:21,459 --> 00:46:17,630
my eyes must have just lit up like a

959
00:46:26,709 --> 00:46:21,469
cheap pinball machine was a look like an

960
00:46:28,989 --> 00:46:26,719
alien laying on an examining table kind

961
00:46:32,499 --> 00:46:28,999
of like I guess when when I saw the

962
00:46:35,709 --> 00:46:32,509
alien autopsy you know movie I said whew

963
00:46:40,449 --> 00:46:35,719

that looks a lot like what the captain

964

00:46:42,249 --> 00:46:40,459

showed me I mean I was probably 40 or 50

965

00:46:44,079 --> 00:46:42,259

years old when I saw that for the first

966

00:46:45,050 --> 00:46:44,089

time and I said well I've seen that

967

00:46:47,450 --> 00:46:45,060

before so

968

00:46:50,330 --> 00:46:47,460

I asked him I said wool what is that

969

00:46:52,070 --> 00:46:50,340

real and he looked at me and kind of

970

00:46:56,180 --> 00:46:52,080

smiled he said does it look real to you

971

00:46:58,700 --> 00:46:56,190

I said it looks real to me is it and he

972

00:47:00,410 --> 00:46:58,710

just he just wouldn't answer and then

973

00:47:04,700 --> 00:47:00,420

when we got to the end of the book

974

00:47:06,950 --> 00:47:04,710

and he says okay George we're done thank

975

00:47:08,840 --> 00:47:06,960

you so much thank my mother and it was

976

00:47:11,420 --> 00:47:08,850

about 3:00 in the clock three o'clock in

977

00:47:19,400 --> 00:47:11,430

the afternoon and he in the lieutenant

978

00:47:23,080 --> 00:47:19,410

got in there Cadillac and left now a lot

979

00:47:27,860 --> 00:47:23,090

of Reconstruction has gone on since then

980

00:47:30,860 --> 00:47:27,870

this was you know a long time ago the

981

00:47:32,840 --> 00:47:30,870

the one thing that did was said as they

982

00:47:36,980 --> 00:47:32,850

were leaving my mother asked ask the

983

00:47:39,650 --> 00:47:36,990

captain did do you all investigate every

984

00:47:41,570 --> 00:47:39,660

sighting from a twelve-year-old boy you

985

00:47:44,810 --> 00:47:41,580

must be getting hundreds of these he

986

00:47:47,990 --> 00:47:44,820

says ma'am he says we get thousands of

987

00:47:50,450 --> 00:47:48,000

these reports he said but you know you

988

00:47:53,120 --> 00:47:50,460

this report was very interesting to us

989

00:47:55,400 --> 00:47:53,130

we wanted to talk to George because he

990

00:47:59,150 --> 00:47:55,410

was very thorough in his documentation

991

00:48:01,540 --> 00:47:59,160

we believed every word he said and to be

992

00:48:05,960 --> 00:48:01,550

honest we had we had some corroborating

993

00:48:08,540 --> 00:48:05,970

information from other sources to

994

00:48:13,610 --> 00:48:08,550

corroborate the sighting so we wanted to

995

00:48:16,370 --> 00:48:13,620

hear his story and he said the only

996

00:48:18,860 --> 00:48:16,380

thing I would ask you is I would advise

997

00:48:21,170 --> 00:48:18,870

you I can't order you he said but I

998

00:48:26,390 --> 00:48:21,180

would advise you strongly never to

999

00:48:28,160 --> 00:48:26,400

discuss this with anyone never actually

1000

00:48:30,350 --> 00:48:28,170

say this to you or was that to your

1001
00:48:33,950 --> 00:48:30,360
mother it was to my mother but I heard

1002
00:48:36,530 --> 00:48:33,960
it and you know and it was spoken really

1003
00:48:40,660 --> 00:48:36,540
to both of us and so I never discussed

1004
00:48:46,490 --> 00:48:40,670
it until I was probably in my late 40s

1005
00:48:49,690 --> 00:48:46,500
really Wow yeah I'm silent for over 30

1006
00:48:55,220 --> 00:48:49,700
years before I said anything about it

1007
00:48:56,900 --> 00:48:55,230
Wow and one of the things we left out

1008
00:48:58,820 --> 00:48:56,910
you're probably going to bring it up is

1009
00:49:03,320 --> 00:48:58,830
who one of the gentlemen

1010
00:49:08,000 --> 00:49:03,330
were that's right I didn't know who

1011
00:49:12,110 --> 00:49:08,010
these guys were and in in the the late

1012
00:49:17,480 --> 00:49:12,120
night of in the late nineteen now in the

1013
00:49:21,230 --> 00:49:17,490

late 1980s early 1990s of course we had

1014

00:49:26,090 --> 00:49:21,240

the famous Gulf Breeze sightings in in

1015

00:49:30,110 --> 00:49:26,100

the Pensacola area and my oldest

1016

00:49:32,680 --> 00:49:30,120

daughter was very very interested in in

1017

00:49:36,470 --> 00:49:32,690

this and she became an active member of

1018

00:49:39,650 --> 00:49:36,480

the MUFON chapter there in Pensacola and

1019

00:49:41,180 --> 00:49:39,660

she begged me to come to a meeting and

1020

00:49:43,340 --> 00:49:41,190

tell the story and I said Beth I'm not

1021

00:49:46,220 --> 00:49:43,350

going to do it I'm just not going to do

1022

00:49:48,140 --> 00:49:46,230

it and so finally it was a Christmas

1023

00:49:50,390 --> 00:49:48,150

time and she said would you at least

1024

00:49:53,150 --> 00:49:50,400

come to the Christmas party they're

1025

00:49:54,710 --> 00:49:53,160

having a nice Christmas party so I went

1026

00:49:56,600 --> 00:49:54,720

to the party and it was really really a

1027

00:50:02,300 --> 00:49:56,610

nice affair a lot of people were there

1028

00:50:04,760 --> 00:50:02,310

and one of the guys I knew asked me

1029

00:50:06,770 --> 00:50:04,770

about it she said he said your daughter

1030

00:50:08,660 --> 00:50:06,780

told me something about this hiding I

1031

00:50:10,820 --> 00:50:08,670

said yeah he said they're a couple of

1032

00:50:13,010 --> 00:50:10,830

Air Force guys here who would really

1033

00:50:17,000 --> 00:50:13,020

like to meet you and talk to you so

1034

00:50:19,040 --> 00:50:17,010

these guys were probably 20 years older

1035

00:50:22,510 --> 00:50:19,050

than me I guess at the time so they must

1036

00:50:25,430 --> 00:50:22,520

have been probably late 60s early 70s

1037

00:50:27,980 --> 00:50:25,440

and and so I learned a great deal about

1038

00:50:32,030 --> 00:50:27,990

them and I told them the story they said

1039

00:50:34,730 --> 00:50:32,040

well number one Eglin Air Force Base had

1040

00:50:38,180 --> 00:50:34,740

no investigating authority these guys

1041

00:50:40,910 --> 00:50:38,190

did not come from from Eglin number two

1042

00:50:43,240 --> 00:50:40,920

they most likely came down from

1043

00:50:45,310 --> 00:50:43,250

wright-patterson Air Force Base in Ohio

1044

00:50:50,570 --> 00:50:45,320

because they were the primary

1045

00:50:52,640 --> 00:50:50,580

investigators and number three they may

1046

00:50:57,250 --> 00:50:52,650

not even have been Air Force they may

1047

00:51:00,260 --> 00:50:57,260

have been CIA or NSA because a lot of

1048

00:51:02,620 --> 00:51:00,270

the investigators were wearing military

1049

00:51:06,980 --> 00:51:02,630

uniforms during these investigations

1050

00:51:10,970 --> 00:51:06,990

that went on in Project Blue Book in the

1051
00:51:11,880 --> 00:51:10,980
later years so all of that is partially

1052
00:51:15,150 --> 00:51:11,890
true

1053
00:51:18,299 --> 00:51:15,160
because I found out through the internet

1054
00:51:21,900 --> 00:51:18,309
by looking at pictures when I saw the

1055
00:51:25,109 --> 00:51:21,910
picture of Captain Edward ruppelt who

1056
00:51:28,979 --> 00:51:25,119
was the head of blue book until 1953 I

1057
00:51:32,370 --> 00:51:28,989
said there he is that's who that's who

1058
00:51:37,640 --> 00:51:32,380
came to see me I would know him anywhere

1059
00:51:41,609 --> 00:51:37,650
slightly pudgy chubby cheeks just uh

1060
00:51:44,190 --> 00:51:41,619
just a charming individual to talk talk

1061
00:51:46,910 --> 00:51:44,200
to and and he must have been a special

1062
00:51:49,710 --> 00:51:46,920
guy because it was for a captain

1063
00:51:53,039 --> 00:51:49,720

somebody with the rank of captain to

1064

00:51:57,450 --> 00:51:53,049

have that kind of authority he must have

1065

00:51:59,339 --> 00:51:57,460

been just a remarkable officer I mean he

1066

00:52:02,700 --> 00:51:59,349

had a distinguished combat record in

1067

00:52:04,559 --> 00:52:02,710

Korea and so forth and you know

1068

00:52:08,190 --> 00:52:04,569

distinguished himself in every way but

1069

00:52:10,859 --> 00:52:08,200

but he was evidently a superb manager

1070

00:52:17,549 --> 00:52:10,869

and that's why he was given the Bluebook

1071

00:52:19,559 --> 00:52:17,559

assignment now he had retired in 1953 he

1072

00:52:23,190 --> 00:52:19,569

was no longer in the Air Force he was

1073

00:52:27,509 --> 00:52:23,200

out and he took a job as a consulting

1074

00:52:29,339 --> 00:52:27,519

engineer aeronautical engineer with the

1075

00:52:31,890 --> 00:52:29,349

North American Aviation out in

1076

00:52:36,239 --> 00:52:31,900

California and was living in California

1077

00:52:38,150 --> 00:52:36,249

at the time in 1956 so do you think them

1078

00:52:42,140 --> 00:52:38,160

all the way to Florida to talk to you

1079

00:52:45,900 --> 00:52:42,150

yes yes I do

1080

00:52:49,489 --> 00:52:45,910

amazing B he collaborated with Blue Book

1081

00:52:52,769 --> 00:52:49,499

after he left and I don't know how many

1082

00:52:57,589 --> 00:52:52,779

investigations he did but now his book

1083

00:53:01,529 --> 00:52:57,599

was first published in August of 1956 so

1084

00:53:04,170 --> 00:53:01,539

he was already working on a revision and

1085

00:53:08,069 --> 00:53:04,180

you know he may have wanted this

1086

00:53:10,440 --> 00:53:08,079

material for his revision how he found

1087

00:53:13,200 --> 00:53:10,450

out about the sighting I'm sure that you

1088

00:53:15,779 --> 00:53:13,210

know he was in regular contact with the

1089

00:53:19,259 --> 00:53:15,789

Blue Book staff the lieutenant turned

1090

00:53:21,989 --> 00:53:19,269

out to be a lieutenant Robert Olson I

1091

00:53:25,760 --> 00:53:21,999

don't know if Olson had retired or not

1092

00:53:28,130 --> 00:53:25,770

he was a little bit younger but

1093

00:53:32,810 --> 00:53:28,140

I found his photograph on the internet

1094

00:53:34,580 --> 00:53:32,820

in with with ruffled and they were there

1095

00:53:36,740 --> 00:53:34,590

together looking at some charts and I

1096

00:53:40,520 --> 00:53:36,750

said whoa there's the second guy I know

1097

00:53:43,400 --> 00:53:40,530

him who will so that I only found out

1098

00:53:46,250 --> 00:53:43,410

their identities perhaps six months ago

1099

00:53:49,880 --> 00:53:46,260

when I was doing this research and I was

1100

00:53:53,090 --> 00:53:49,890

thrilled to do this because you know I

1101
00:53:55,790 --> 00:53:53,100
always wondered who were these guys who

1102
00:53:59,110 --> 00:53:55,800
are these guys that came came to see me

1103
00:54:02,210 --> 00:53:59,120
now maybe maybe ruffled was in

1104
00:54:04,220 --> 00:54:02,220
wright-patterson on an assignment when

1105
00:54:06,560 --> 00:54:04,230
something happened when he got the

1106
00:54:11,330 --> 00:54:06,570
report and decided to fly down to

1107
00:54:13,280 --> 00:54:11,340
Pensacola but they they didn't drive

1108
00:54:15,580 --> 00:54:13,290
over I mean they they probably flew into

1109
00:54:18,470 --> 00:54:15,590
Naas Pensacola and

1110
00:54:22,130 --> 00:54:18,480
got the rental car and from an admiral

1111
00:54:28,040 --> 00:54:22,140
or something and came on out came on at

1112
00:54:31,580 --> 00:54:28,050
to see me but captain ruppelt had

1113
00:54:37,190 --> 00:54:31,590

suffered a heart attack earlier that

1114

00:54:39,920 --> 00:54:37,200

year and I suspect that to me he looked

1115

00:54:43,610 --> 00:54:39,930

he just looked uncomfortable like he was

1116

00:54:45,710 --> 00:54:43,620

sweating and and and he he never went

1117

00:54:48,200 --> 00:54:45,720

out to the car to bring anything in he

1118

00:54:51,710 --> 00:54:48,210

just stayed in a chair the whole time

1119

00:54:53,930 --> 00:54:51,720

and Olson went out and got everything

1120

00:54:56,690 --> 00:54:53,940

and brought it in of course he was the

1121

00:54:58,970 --> 00:54:56,700

lower ranking officer and and I guess

1122

00:55:04,070 --> 00:54:58,980

that would explain it but it seemed that

1123

00:55:07,190 --> 00:55:04,080

he was a bit fatigued and then of course

1124

00:55:12,620 --> 00:55:07,200

we we know tragically captain ruppelt

1125

00:55:16,160 --> 00:55:12,630

died of a heart attack in in 1960 his

1126

00:55:21,470 --> 00:55:16,170

wife lived out in California I believe

1127

00:55:25,130 --> 00:55:21,480

she passed away the late night 1990s or

1128

00:55:28,910 --> 00:55:25,140

right around 2000 captain ruppelt had a

1129

00:55:31,670 --> 00:55:28,920

brother who lived in the Sarasota area

1130

00:55:38,440 --> 00:55:31,680

not far from me but he passed I believe

1131

00:55:43,890 --> 00:55:38,450

in 2010 so edward ruffle

1132

00:55:48,880 --> 00:55:43,900

was one heck of a fine officer

1133

00:55:53,470 --> 00:55:48,890

outstanding career raised in I believe

1134

00:55:58,420 --> 00:55:53,480

in in Nebraska or Iowa somewhere in in

1135

00:56:01,630 --> 00:55:58,430

the Corn Belt area and just was just an

1136

00:56:06,790 --> 00:56:01,640

outstanding young man and student in

1137

00:56:08,530 --> 00:56:06,800

college and engineer you know when you

1138

00:56:12,790 --> 00:56:08,540

read about him you can't help but admire

1139

00:56:16,630 --> 00:56:12,800

him and and I certainly enjoyed my seven

1140

00:56:19,900 --> 00:56:16,640

or eight hours of working with him on on

1141

00:56:26,349 --> 00:56:19,910

this on this little project that I

1142

00:56:29,500 --> 00:56:26,359

created he was a total gentleman and and

1143

00:56:33,390 --> 00:56:29,510

and we developed really an excellent

1144

00:56:37,599 --> 00:56:33,400

rapport during that during that time

1145

00:56:39,880 --> 00:56:37,609

captain or lieutenant Olsen was always

1146

00:56:44,020 --> 00:56:39,890

in the background so I never had much of

1147

00:56:47,680 --> 00:56:44,030

a chance to develop a relationship with

1148

00:56:50,710 --> 00:56:47,690

him but but with ruffled it was it was

1149

00:56:52,809 --> 00:56:50,720

special and and like I said what the

1150

00:56:55,480 --> 00:56:52,819

minute I saw his picture on the internet

1151

00:56:57,250 --> 00:56:55,490

I I didn't know who it was said that

1152

00:56:59,170 --> 00:56:57,260

that's the guy there he is

1153

00:57:05,859 --> 00:56:59,180

and then I did the background research

1154

00:57:08,950 --> 00:57:05,869

on him yeah and how about his book is

1155

00:57:12,900 --> 00:57:08,960

like one of the according to Alejandro

1156

00:57:15,730 --> 00:57:12,910

Rojas who was just on with the news he

1157

00:57:19,809 --> 00:57:15,740

thinks it's the best book on UFOs ever

1158

00:57:23,290 --> 00:57:19,819

written I would say it certainly was

1159

00:57:28,599 --> 00:57:23,300

he was amazingly forthcoming in the book

1160

00:57:31,930 --> 00:57:28,609

I mean he he didn't it was not an effort

1161

00:57:36,640 --> 00:57:31,940

to debunk at all it was a very

1162

00:57:40,540 --> 00:57:36,650

open-minded objective look at it and he

1163

00:57:43,620 --> 00:57:40,550

went into a great deal to report on some

1164

00:57:49,359 --> 00:57:43,630

of the investigations that they had done

1165

00:57:51,630 --> 00:57:49,369

however the word got out through

1166

00:57:55,590 --> 00:57:51,640

channels that the

1167

00:57:58,200 --> 00:57:55,600

the government of the air force was not

1168

00:58:00,060 --> 00:57:58,210

pleased with the book at first they you

1169

00:58:02,450 --> 00:58:00,070

know said yeah yeah it's a very good

1170

00:58:05,160 --> 00:58:02,460

book and all that but back-channel

1171

00:58:07,890 --> 00:58:05,170

information was delivered to ruppelt

1172

00:58:10,740 --> 00:58:07,900

that it was not something they were

1173

00:58:15,420 --> 00:58:10,750

happy with and they wanted him to put

1174

00:58:18,900 --> 00:58:15,430

out a revision and and so the revised

1175

00:58:22,380 --> 00:58:18,910

edition came out I think about a year

1176

00:58:28,110 --> 00:58:22,390

and a half later and in the revised

1177

00:58:34,440 --> 00:58:28,120

edition he took a different view

1178

00:58:36,740 --> 00:58:34,450

he basically it was just one section at

1179

00:58:43,110 --> 00:58:36,750

the end where he just kind of said well

1180

00:58:48,000 --> 00:58:43,120

it's just all imagination and then he

1181

00:58:49,980 --> 00:58:48,010

died in sixty now there's been you know

1182

00:58:52,410 --> 00:58:49,990

stuff on the internet some people that

1183

00:58:57,060 --> 00:58:52,420

knew him and live there said that one

1184

00:59:00,420 --> 00:58:57,070

one woman I think she may still be alive

1185

00:59:03,510 --> 00:59:00,430

she was 95 a couple of years ago said

1186

00:59:07,590 --> 00:59:03,520

that she was a neighbor of theirs and

1187

00:59:11,250 --> 00:59:07,600

that her husband and Ed rippled rode to

1188

00:59:12,930 --> 00:59:11,260

work together every day and what their

1189

00:59:16,020 --> 00:59:12,940

work was she said she didn't know

1190

00:59:19,380 --> 00:59:16,030

because they never ever discussed it she

1191

00:59:25,250 --> 00:59:19,390

said but she always believed in her

1192

00:59:34,620 --> 00:59:29,760

murdered and he did not die of natural

1193

00:59:39,180 --> 00:59:34,630

causes huh well you said earlier he had

1194

00:59:43,530 --> 00:59:39,190

a heart attack yes yeah had the heart

1195

00:59:48,720 --> 00:59:43,540

attack in 56 and then fatal heart attack

1196

00:59:50,730 --> 00:59:48,730

or whatever in in 60 37 years old so he

1197

00:59:53,510 --> 00:59:50,740

was 32 years old when he had his first

1198

00:59:57,870 --> 00:59:53,520

heart attack which is very young very

1199

01:00:02,700 --> 00:59:57,880

very young yeah Wow amazing

1200

01:00:04,410 --> 01:00:02,710

so other his brother passed away I think

1201
01:00:05,220 --> 01:00:04,420
is slightly younger brother I think he

1202
01:00:09,349 --> 01:00:05,230
was well

1203
01:00:11,819 --> 01:00:09,359
in these upper 80s 87 yeah so it's just

1204
01:00:14,450 --> 01:00:11,829
there's longevity and his family but it

1205
01:00:21,270 --> 01:00:14,460
didn't happen with him

1206
01:00:25,380 --> 01:00:21,280
so have you now was this case part of

1207
01:00:28,170 --> 01:00:25,390
let's see was a grunt project what am I

1208
01:00:31,250 --> 01:00:28,180
thinking of it's in blue book it is in

1209
01:00:34,230 --> 01:00:31,260
blue book this case is yes yes it is now

1210
01:00:39,120 --> 01:00:34,240
interestingly enough about five years

1211
01:00:41,069 --> 01:00:39,130
ago when I had attempted to go up to

1212
01:00:45,120 --> 01:00:41,079
Montgomery Alabama where they had the

1213
01:00:47,700 --> 01:00:45,130

archives and when I finally got somebody

1214

01:00:51,540 --> 01:00:47,710

that could talk they said oh well that's

1215

01:00:55,260 --> 01:00:51,550

all now in Washington DC I said oh great

1216

01:00:57,599 --> 01:00:55,270

so I gave up on that but then I somehow

1217

01:01:01,470 --> 01:00:57,609

I found out that the archives were now

1218

01:01:03,060 --> 01:01:01,480

online and I found the what's called the

1219

01:01:06,300 --> 01:01:03,070

I'm not sure what the airforce

1220

01:01:09,770 --> 01:01:06,310

nomenclature is but it's one zero zero

1221

01:01:14,370 --> 01:01:09,780

seven three that's the form number I

1222

01:01:17,809 --> 01:01:14,380

guess they call it ten zero 73 all the

1223

01:01:21,030 --> 01:01:17,819

reports are filed on that form number I

1224

01:01:24,809 --> 01:01:21,040

actually found that and I wish that I

1225

01:01:27,780 --> 01:01:24,819

had made a copy of it but I didn't I

1226

01:01:30,150 --> 01:01:27,790

found it and read read the the report it

1227

01:01:32,760 --> 01:01:30,160

was a brief synopsis but there were no

1228

01:01:36,030 --> 01:01:32,770

field notes or anything else attached

1229

01:01:39,300 --> 01:01:36,040

and the conclusion was that I had

1230

01:01:43,579 --> 01:01:39,310

witnessed it didn't give my name but it

1231

01:01:47,970 --> 01:01:43,589

said you know I think it's a 12 year old

1232

01:01:51,510 --> 01:01:47,980

Pensacola that I had witnessed a mid-air

1233

01:01:53,970 --> 01:01:51,520

refueling operation I thought that was a

1234

01:01:56,010 --> 01:01:53,980

pretty pretty clever way of explaining

1235

01:01:57,720 --> 01:01:56,020

it and and that would have that would

1236

01:02:05,069 --> 01:01:57,730

have worked fine except when the two

1237

01:02:07,950 --> 01:02:05,079

separated oh they don't do that so that

1238

01:02:09,720 --> 01:02:07,960

was the that was the explanation but but

1239

01:02:11,910 --> 01:02:09,730

no field notes were attached

1240

01:02:14,280 --> 01:02:11,920

since that time I've gone back to the

1241

01:02:18,180 --> 01:02:14,290

blue back to blue book archives and I

1242

01:02:18,760 --> 01:02:18,190

have searched exhaustively and all I can

1243

01:02:22,300 --> 01:02:18,770

find

1244

01:02:27,130 --> 01:02:22,310

is a reference to the date a reference

1245

01:02:30,610 --> 01:02:27,140

to just that there was a sighting and in

1246

01:02:38,560 --> 01:02:30,620

Pensacola Florida that date and it says

1247

01:02:41,620 --> 01:02:38,570

case missing missing case missing how

1248

01:02:44,860 --> 01:02:41,630

about that so you actually saw it at one

1249

01:02:47,500 --> 01:02:44,870

time and then it just it's gone as God

1250

01:02:50,290 --> 01:02:47,510

is my witness I saw it and and showed it

1251

01:02:52,120 --> 01:02:50,300

to my wife and and and kids they all

1252

01:02:55,410 --> 01:02:52,130

they all saw it we all saw it read it

1253

01:02:58,480 --> 01:02:55,420

together so well that's kind of a downer

1254

01:03:00,520 --> 01:02:58,490

because you know at least they could

1255

01:03:05,080 --> 01:03:00,530

have said it was unexplained but now I

1256

01:03:07,180 --> 01:03:05,090

mean that was the explanation which I

1257

01:03:11,860 --> 01:03:07,190

guess is plausible and they said that it

1258

01:03:14,620 --> 01:03:11,870

was a the refueling was over Tyndall Air

1259

01:03:17,140 --> 01:03:14,630

Force Base in Panama City which is about

1260

01:03:23,200 --> 01:03:17,150

a hundred and five miles away by the

1261

01:03:28,300 --> 01:03:23,210

crow it's pretty far away to see lights

1262

01:03:31,390 --> 01:03:28,310

pretty pretty darn close so well

1263

01:03:33,310 --> 01:03:31,400

evidently they you know they had seen

1264

01:03:38,230 --> 01:03:33,320

something they'd get I don't know

1265

01:03:41,710 --> 01:03:38,240

whether it was radar visual civilian

1266

01:03:44,110 --> 01:03:41,720

military sighting but somebody had seen

1267

01:03:51,100 --> 01:03:44,120

something that really really tweaked

1268

01:03:55,090 --> 01:03:51,110

their interest the you know I've talked

1269

01:03:59,350 --> 01:03:55,100

to you know some some experts and back

1270

01:04:02,440 --> 01:03:59,360

in the 90s guys that are you know a part

1271

01:04:04,270 --> 01:04:02,450

of the regular talk show group and they

1272

01:04:07,630 --> 01:04:04,280

basically say well you know your

1273

01:04:09,850 --> 01:04:07,640

sighting is is nothing I mean all you

1274

01:04:12,850 --> 01:04:09,860

saw were night lights and that's nothing

1275

01:04:14,050 --> 01:04:12,860

that wouldn't have justified them coming

1276

01:04:17,740 --> 01:04:14,060

out there must have been some other

1277

01:04:19,870 --> 01:04:17,750

reason why they came out and when you

1278

01:04:30,310 --> 01:04:19,880

considered that it was a Drupal himself

1279

01:04:32,200 --> 01:04:30,320

and and Robert Olson yeah Olson two of

1280

01:04:36,870 --> 01:04:32,210

the the mainstays

1281

01:04:39,730 --> 01:04:36,880

in the organization that they came

1282

01:04:42,880 --> 01:04:39,740

almost three years after Roe Bolton was

1283

01:04:46,299 --> 01:04:42,890

out in a civilian you know he still had

1284

01:04:50,819 --> 01:04:46,309

his uniform I guess but Wow

1285

01:04:52,150 --> 01:04:50,829

I mean what what what what prompted it

1286

01:04:54,250 --> 01:04:52,160

now

1287

01:04:57,040 --> 01:04:54,260

you mentioned earlier that they had

1288

01:05:00,130 --> 01:04:57,050

there was some there was some

1289

01:05:05,109 --> 01:05:00,140

cooperation in other words uh someone

1290

01:05:07,030 --> 01:05:05,119

else had seen this obviously was did you

1291

01:05:11,260 --> 01:05:07,040

happen to notice was that noted anywhere

1292

01:05:15,190 --> 01:05:11,270

as well no you it wasn't and there was

1293

01:05:18,609 --> 01:05:15,200

no other sighting in the area around

1294

01:05:20,049 --> 01:05:18,619

those dates so it kind of make you

1295

01:05:21,490 --> 01:05:20,059

wonder if you're trying to put together

1296

01:05:26,309 --> 01:05:21,500

a puzzle pieces

1297

01:05:29,980 --> 01:05:26,319

maybe maybe someone saw the encounter

1298

01:05:31,900 --> 01:05:29,990

even the sighting even closer maybe

1299

01:05:35,020 --> 01:05:31,910

someone saw it earlier and there was a

1300

01:05:37,750 --> 01:05:35,030

landing trying to figure out why they

1301

01:05:42,640 --> 01:05:37,760

would try to lead you into telling them

1302

01:05:47,140 --> 01:05:42,650

that the thing landed they were he was

1303

01:05:51,130 --> 01:05:47,150

very very leading in that regard and I

1304

01:05:54,819 --> 01:05:51,140

remember feeling great discomfort like I

1305

01:05:56,799 --> 01:05:54,829

should be telling him you know that it

1306

01:06:00,700 --> 01:05:56,809

had landed but I couldn't because it

1307

01:06:03,579 --> 01:06:00,710

hadn't I just I had to I had to stick to

1308

01:06:07,900 --> 01:06:03,589

my story which was the only story I had

1309

01:06:09,339 --> 01:06:07,910

which was what I saw mm-hmm now you

1310

01:06:12,549 --> 01:06:09,349

mentioned your you mentioned your

1311

01:06:14,589 --> 01:06:12,559

parents were divorced at that time but

1312

01:06:18,220 --> 01:06:14,599

if were you in touch with your father

1313

01:06:20,380 --> 01:06:18,230

did you talk to him about this only in

1314

01:06:24,480 --> 01:06:20,390

later life and that's an interesting

1315

01:06:29,230 --> 01:06:24,490

part of the story I got to know my dad

1316

01:06:33,130 --> 01:06:29,240

really really well in in my 40s and and

1317

01:06:36,859 --> 01:06:33,140

we became great friends and oded to each

1318

01:06:45,319 --> 01:06:36,869

other up until the time of his death and

1319

01:06:49,670 --> 01:06:45,329

in the 90s but after after World War two

1320

01:06:53,539 --> 01:06:49,680

well but as I said my dad flew b-24s

1321

01:06:55,759 --> 01:06:53,549

heavy bombers over over England he was

1322

01:06:59,059 --> 01:06:55,769

not part of the 8th Air Force but flew

1323

01:07:01,579 --> 01:06:59,069

with the 8th Air Force those guys got to

1324

01:07:03,470 --> 01:07:01,589

fly 25 missions if they survived of

1325

01:07:06,170 --> 01:07:03,480

course I think the average was about six

1326

01:07:10,190 --> 01:07:06,180

or seven missions and then the pilots

1327

01:07:12,380 --> 01:07:10,200

you know that's how long they live I'm

1328

01:07:15,079 --> 01:07:12,390

not sure how many missions my dad flew

1329

01:07:20,900 --> 01:07:15,089

but he was there for a couple of years

1330

01:07:24,079 --> 01:07:20,910

and he didn't get to go home he he was

1331

01:07:28,130 --> 01:07:24,089

originally sent to Europe to fly

1332

01:07:32,150 --> 01:07:28,140

anti-submarine warfare but we had no

1333

01:07:40,569 --> 01:07:32,160

technology for doing that but at the end

1334

01:07:44,089 --> 01:07:40,579

of the war he was sent to Topeka Kansas

1335

01:07:47,029 --> 01:07:44,099

to a secret training operation where

1336

01:07:50,839 --> 01:07:47,039

they had developed I guess what we'd

1337

01:07:54,259 --> 01:07:50,849

call a laser-guided or smart bomb they

1338

01:07:57,979 --> 01:07:54,269

would drop three buoys and triangulate

1339

01:08:02,089 --> 01:07:57,989

on a submarine and so he told me he said

1340

01:08:05,870 --> 01:08:02,099

look he says you know I came home from

1341

01:08:07,849 --> 01:08:05,880

the war with a pocket full of medals and

1342

01:08:10,309 --> 01:08:07,859

he said but I have two accomplishments

1343

01:08:13,779 --> 01:08:10,319

that I was very proud of one I never

1344

01:08:16,939 --> 01:08:13,789

lost a crewman he was shot down twice

1345

01:08:20,570 --> 01:08:16,949

but crashed twice but never lost a

1346

01:08:22,700 --> 01:08:20,580

crewman and he said the second and what

1347

01:08:28,070 --> 01:08:22,710

I was most proud of was when I came back

1348

01:08:30,800 --> 01:08:28,080

from Kansas I think a German u-boat that

1349

01:08:33,050 --> 01:08:30,810

was this was after the war was over it

1350

01:08:38,090 --> 01:08:33,060

was a rogue u-boat he said I sunk a

1351

01:08:42,079 --> 01:08:38,100

u-boat and a PBY and he said we dropped

1352

01:08:44,030 --> 01:08:42,089

you know he said we were out we were

1353

01:08:49,370 --> 01:08:44,040

near the end of our mission we're

1354

01:08:51,019 --> 01:08:49,380

running low on fuel and we we got us we

1355

01:08:54,950 --> 01:08:51,029

spotted

1356

01:08:57,890 --> 01:08:54,960

periscope and so he said my co-pilot

1357

01:09:00,079 --> 01:08:57,900

says a bill it's let's head on back he

1358

01:09:03,019 --> 01:09:00,089

said no I can't he says there's a whole

1359

01:09:05,419 --> 01:09:03,029

flotilla of hospital ships going back he

1360

01:09:07,700 --> 01:09:05,429

says that u-boats going to have its way

1361

01:09:10,370 --> 01:09:07,710

with him if we don't stop it so he

1362

01:09:13,700 --> 01:09:10,380

dropped the three buoys and then got a

1363

01:09:16,309 --> 01:09:13,710

fix on the u-boat and dropped the bomb

1364

01:09:18,229 --> 01:09:16,319

that went or the torpedo that went to it

1365

01:09:20,149 --> 01:09:18,239

and they could actually hear it he says

1366

01:09:22,910 --> 01:09:20,159

I can hear the baffles collapsing I

1367

01:09:25,070 --> 01:09:22,920

could hear the screams on board and I

1368

01:09:29,780 --> 01:09:25,080

knew that we had sunk that u-boat

1369

01:09:31,280 --> 01:09:29,790

because then it went all quiet and he

1370

01:09:33,470 --> 01:09:31,290

said that's that's my proudest

1371

01:09:35,329 --> 01:09:33,480

accomplishment he says I said he said I

1372

01:09:36,919 --> 01:09:35,339

took a lot of lives with a lot of bombs

1373

01:09:39,320 --> 01:09:36,929

and people that didn't need to die I

1374

01:09:42,919 --> 01:09:39,330

said but I saved a lot of lives of

1375

01:09:45,019 --> 01:09:42,929

American GIs who were coming back so I

1376

01:09:48,499 --> 01:09:45,029

just offered that story to give you a

1377

01:09:51,950 --> 01:09:48,509

little insight into my dad he he was an

1378

01:09:56,479 --> 01:09:51,960

engineer as well and like captain

1379

01:09:58,820 --> 01:09:56,489

ruppelt and maybe I maybe I saw a little

1380

01:10:02,270 --> 01:09:58,830

bit of my dad and captain ruppelt or

1381

01:10:06,919 --> 01:10:02,280

kind of wanted that dad figure is why I

1382

01:10:09,649 --> 01:10:06,929

liked him so so much but in in having

1383

01:10:12,310 --> 01:10:09,659

adult conversation with my dad about it

1384

01:10:15,680 --> 01:10:12,320

I asked him I said standard did you ever

1385

01:10:18,859 --> 01:10:15,690

see anything when you were flying any

1386

01:10:21,560 --> 01:10:18,869

any UFOs he says oh you mean Foo

1387

01:10:23,870 --> 01:10:21,570

Fighters uh-oh

1388

01:10:26,689 --> 01:10:23,880

he said yeah they flew very matter oh

1389

01:10:29,030 --> 01:10:26,699

they flew with us all the time I said

1390

01:10:30,620 --> 01:10:29,040

really he says oh yeah they on almost

1391

01:10:34,100 --> 01:10:30,630

every mission they were they were flying

1392

01:10:35,629 --> 01:10:34,110

with us I said well did they ever attack

1393

01:10:39,439 --> 01:10:35,639

or anything no no they just they just

1394

01:10:41,419 --> 01:10:39,449

they just flew like escorts and he was

1395

01:10:46,689 --> 01:10:41,429

very matter-of-fact about it just like

1396

01:10:49,729 --> 01:10:46,699

you know and so I later found out that

1397

01:10:53,060 --> 01:10:49,739

you know when working as a civilian at

1398

01:10:57,560 --> 01:10:53,070

Fort Rucker where he was chief of air

1399

01:11:00,439 --> 01:10:57,570

safety as a civilian he he actually we

1400

01:11:03,800 --> 01:11:00,449

believe can't prove we think he pretty

1401

01:11:06,680 --> 01:11:03,810

sure he worked for the CIA and

1402

01:11:11,240 --> 01:11:06,690

and I always wondered if you know with

1403

01:11:13,070 --> 01:11:11,250

his secret stuff that he was doing you

1404

01:11:15,680 --> 01:11:13,080

know he never left the military I mean

1405

01:11:19,190 --> 01:11:15,690

he was out of the military but he never

1406

01:11:22,280 --> 01:11:19,200

I think like had ruppelt you know he was

1407

01:11:25,820 --> 01:11:22,290

just part of that clandestine service

1408

01:11:28,190 --> 01:11:25,830

and never never really left so I

1409

01:11:30,230 --> 01:11:28,200

wondered if if you know when they saw my

1410

01:11:32,600 --> 01:11:30,240

name if you know if that if that

1411

01:11:34,730 --> 01:11:32,610

triggered you know you know what's this

1412

01:11:37,550 --> 01:11:34,740

is this guy this is the son of this guy

1413

01:11:41,900 --> 01:11:37,560

does he you know but but my mother said

1414

01:11:44,540 --> 01:11:41,910

it never came up you know with captain

1415

01:11:46,760 --> 01:11:44,550

ruppelt that he never asked you know

1416

01:11:51,320 --> 01:11:46,770

how's your husband doing or anything

1417

01:11:54,860 --> 01:11:51,330

like so that's probably you know a false

1418

01:11:55,640 --> 01:11:54,870

lead but but I often wondered if if that

1419

01:11:58,460 --> 01:11:55,650

were the case

1420

01:12:04,610 --> 01:11:58,470

well did I ask man I asked my dad also

1421

01:12:07,490 --> 01:12:04,620

as a dad I said if if UFOs are are real

1422

01:12:10,460 --> 01:12:07,500

and the government knows I said how can

1423

01:12:12,590 --> 01:12:10,470

that be kept a secret he looked at me he

1424

01:12:15,230 --> 01:12:12,600

says I I'll tell you I'll tell you this

1425

01:12:18,500 --> 01:12:15,240

he says and don't you ever ask me that

1426

01:12:21,560 --> 01:12:18,510

again he says they tell you that if you

1427

01:12:23,780 --> 01:12:21,570

ever tell about this that you will be

1428

01:12:26,330 --> 01:12:23,790

killed and so will every member of your

1429

01:12:31,630 --> 01:12:26,340

family well I said that's how secrets

1430

01:12:36,530 --> 01:12:34,370

do you think he was exaggerating or do

1431

01:12:43,130 --> 01:12:36,540

you think not this man

1432

01:12:46,370 --> 01:12:43,140

no wow he's no exaggeration not an

1433

01:12:47,180 --> 01:12:46,380

exaggerating bone in this guy's body Wow

1434

01:12:51,830 --> 01:12:47,190

amazing

1435

01:12:54,340 --> 01:12:51,840

so the Foo Fighters you when you read

1436

01:12:58,670 --> 01:12:54,350

about that or you hear about that they

1437

01:13:01,070 --> 01:12:58,680

they had no idea according to most there

1438

01:13:02,660 --> 01:13:01,080

was no idea what they were there was

1439

01:13:05,180 --> 01:13:02,670

speculation that they could have been

1440

01:13:06,980 --> 01:13:05,190

from the Germans or what did he think

1441

01:13:12,680 --> 01:13:06,990

did he talk about what he thought they

1442

01:13:17,599 --> 01:13:12,690

were not really he considered them to be

1443

01:13:22,489 --> 01:13:17,609

friendly did they were not hostile

1444

01:13:26,259 --> 01:13:22,499

and they they flew with us like escorts

1445

01:13:30,589 --> 01:13:26,269

and we were glad they were there and

1446

01:13:32,329 --> 01:13:30,599

it's almost like they guided us you know

1447

01:13:33,829 --> 01:13:32,339

I think he said something like it's

1448

01:13:38,779 --> 01:13:33,839

almost like they helped us find our

1449

01:13:41,000 --> 01:13:38,789

targets it was just but he would he

1450

01:13:44,209 --> 01:13:41,010

talked about that very freely but when

1451

01:13:48,049 --> 01:13:44,219

once we got into the subject of UFOs and

1452

01:13:50,089 --> 01:13:48,059

secrets boy did the door ever close and

1453

01:13:51,829 --> 01:13:50,099

he says I can talk about the Foo

1454

01:13:55,579 --> 01:13:51,839

Fighters because everybody knew about

1455

01:14:02,419 --> 01:13:55,589

that I'm not talking out of school but

1456

01:14:08,029 --> 01:14:02,429

he he had my dad had cardiac arrest when

1457

01:14:12,049 --> 01:14:08,039

he was I think 60 years old and survived

1458

01:14:15,049 --> 01:14:12,059

it but when he went to University of

1459

01:14:20,000 --> 01:14:15,059

Alabama Birmingham to have his quintuple

1460

01:14:24,770 --> 01:14:20,010

bypass there were two FBI agents in the

1461

01:14:27,199 --> 01:14:24,780

operating room with him really Wow yeah

1462

01:14:32,359 --> 01:14:27,209

they would not let him be sedated

1463

01:14:36,020 --> 01:14:32,369

without the FBI there so that's the kind

1464

01:14:41,179 --> 01:14:36,030

of secret clearance he had Wow amazing

1465

01:14:43,069 --> 01:14:41,189

so when the the thing that another owed

1466

01:14:46,729 --> 01:14:43,079

just to continue a little bit on the Foo

1467

01:14:48,829 --> 01:14:46,739

Fighters again the speculation is you

1468

01:14:51,139 --> 01:14:48,839

know why did they only happen during

1469

01:14:56,449 --> 01:14:51,149

World War two you didn't hear about them

1470

01:14:58,009 --> 01:14:56,459

afterwards and you know some people I'm

1471

01:15:00,139 --> 01:14:58,019

not saying this is my thoughts at all

1472

01:15:03,979 --> 01:15:00,149

but some people have speculated that

1473

01:15:06,500 --> 01:15:03,989

it's a time travel situation that people

1474

01:15:08,299 --> 01:15:06,510

are focusing on historic events now I

1475

01:15:12,169 --> 01:15:08,309

don't know if I buy into that in any

1476

01:15:14,239 --> 01:15:12,179

type of way or not but it is it's very

1477

01:15:15,560 --> 01:15:14,249

interesting that that just seemed to

1478

01:15:19,069 --> 01:15:15,570

happen during the war and then you

1479

01:15:22,250 --> 01:15:19,079

didn't hear about it after it was like

1480

01:15:25,819 --> 01:15:22,260

gone that's right I mean where did the

1481

01:15:28,879 --> 01:15:25,829

Foo Fighters go why why were they just

1482

01:15:30,729 --> 01:15:28,889

in northern Europe I don't think they

1483

01:15:34,029 --> 01:15:30,739

were ever

1484

01:15:36,279 --> 01:15:34,039

perhaps they were recorded in southern

1485

01:15:40,479 --> 01:15:36,289

Europe and Italy and Greece and places

1486

01:15:43,149 --> 01:15:40,489

like that but they they were definitely

1487

01:15:47,649 --> 01:15:43,159

in in Northern Europe where my dad was

1488

01:15:50,290 --> 01:15:47,659

was flying and you know he said oh yeah

1489

01:15:52,989 --> 01:15:50,300

I saw him all the time there they were

1490

01:15:56,080 --> 01:15:52,999

always there now a lot of people are

1491

01:15:59,679 --> 01:15:56,090

saying that they were similar to orbs

1492

01:16:02,140 --> 01:15:59,689

like and some said they were green and

1493

01:16:04,120 --> 01:16:02,150

you know they're different colors did he

1494

01:16:08,020 --> 01:16:04,130

did he go into detail I know this is

1495

01:16:10,989 --> 01:16:08,030

probably a little redundant for you but

1496

01:16:14,259 --> 01:16:10,999

did he go into detail about them not

1497

01:16:18,100 --> 01:16:14,269

really not really you just called them

1498

01:16:20,350 --> 01:16:18,110

Foo Fighters and it was they were like

1499

01:16:23,560 --> 01:16:20,360

he said they were like flew with us in

1500

01:16:26,049 --> 01:16:23,570

formation like escorts so it was sort of

1501

01:16:28,209 --> 01:16:26,059

the impression I had from him was they

1502

01:16:31,330 --> 01:16:28,219

weren't just buzzing around but they

1503

01:16:33,790 --> 01:16:31,340

were kind of flying I guess like if you

1504

01:16:36,939 --> 01:16:33,800

look out on the wing and you see a light

1505

01:16:39,219 --> 01:16:36,949

out there on the air you know on the end

1506

01:16:42,399 --> 01:16:39,229

of your wing or a landing light it's

1507

01:16:44,969 --> 01:16:42,409

just it's just like seeing a light out

1508

01:16:49,089 --> 01:16:44,979

there and it's just flying with them

1509

01:16:52,560 --> 01:16:49,099

most of my dad's flying wasn't I know

1510

01:16:57,160 --> 01:16:52,570

really young mm-hmm so going back to

1511

01:17:00,239 --> 01:16:57,170

this all the way back to the encounter

1512

01:17:08,379 --> 01:17:00,249

you had and back to the visit from

1513

01:17:12,279 --> 01:17:08,389

RuPaul and Owens Olson I mean it is very

1514

01:17:14,919 --> 01:17:12,289

unusual that they would spend four

1515

01:17:19,270 --> 01:17:14,929

lights in the sky basically that there

1516

01:17:22,479 --> 01:17:19,280

was been seven or eight hours in in the

1517

01:17:26,020 --> 01:17:22,489

home now you said you felt comfortable

1518

01:17:29,949 --> 01:17:26,030

but when they wanted to speak to alone I

1519

01:17:34,390 --> 01:17:29,959

mean that must have been you know for a

1520

01:17:38,279 --> 01:17:34,400

young kid you must have felt a little

1521

01:17:43,359 --> 01:17:38,289

uncomfortable I would think actually not

1522

01:17:44,580 --> 01:17:43,369

rupal was so warm and engaging that that

1523

01:17:48,580 --> 01:17:44,590

he was just like

1524

01:17:53,259 --> 01:17:48,590

you know it was like he become friends

1525

01:17:56,919 --> 01:17:53,269

and so I trusted him and didn't you know

1526

01:18:00,299 --> 01:17:56,929

Olsen you know I'm not so sure trusted

1527

01:18:04,629 --> 01:18:00,309

him I mean because he was always talking

1528

01:18:07,629 --> 01:18:04,639

above my head so to speak and just

1529

01:18:15,279 --> 01:18:07,639

didn't seem to have the the same the

1530

01:18:16,839 --> 01:18:15,289

same degree of empathy but whether maybe

1531

01:18:19,089 --> 01:18:16,849

a happen perhaps he wasn't even

1532

01:18:23,169 --> 01:18:19,099

interested in in the in the case but

1533

01:18:25,359 --> 01:18:23,179

Rupert clearly was interested in wanting

1534

01:18:28,240 --> 01:18:25,369

to get all the information he could but

1535

01:18:31,600 --> 01:18:28,250

no I was I was pretty relaxed by then

1536

01:18:34,149 --> 01:18:31,610

and I was I was wanting to to end it I

1537

01:18:36,490 --> 01:18:34,159

mean I was I was ready to I mean the day

1538

01:18:40,990 --> 01:18:36,500

was shot and obviously wasn't going to

1539

01:18:44,879 --> 01:18:41,000

get to the pool I just wanted to get get

1540

01:18:51,399 --> 01:18:44,889

the heck out of there and and finish up

1541

01:18:53,049 --> 01:18:51,409

yeah Wow so as you moved on you said you

1542

01:18:54,939 --> 01:18:53,059

didn't really talk about this for forty

1543

01:19:01,390 --> 01:18:54,949

years but did you keep a keen interest

1544

01:19:03,910 --> 01:19:01,400

in UFOs oh yes oh yes always you know

1545

01:19:06,459 --> 01:19:03,920

kept up with it you know would read

1546

01:19:10,660 --> 01:19:06,469

about it occasionally buy a book about

1547

01:19:15,430 --> 01:19:10,670

you know and and so i i've kept up with

1548

01:19:19,569 --> 01:19:15,440

it all along and you know i'm i'm

1549

01:19:21,879 --> 01:19:19,579

certainly don't consider myself you know

1550

01:19:24,779 --> 01:19:21,889

an expert I'm not reading you know I'm

1551

01:19:27,549 --> 01:19:24,789

not interested in going on the tour or

1552

01:19:31,359 --> 01:19:27,559

you know going to any conferences or

1553

01:19:33,520 --> 01:19:31,369

anything like that you know I'm happy to

1554

01:19:37,540 --> 01:19:33,530

talk to you in the audience about it

1555

01:19:40,720 --> 01:19:37,550

tonight and share it because it's my

1556

01:19:44,520 --> 01:19:40,730

story and it's the it's the same story I

1557

01:19:48,930 --> 01:19:44,530

told captain ruppelt you know 50

1558

01:19:54,700 --> 01:19:48,940

ever'body years ago 55 or more years ago

1559

01:19:57,350 --> 01:19:54,710

60 years ago is it yeah I'm years ago it

1560

01:20:01,850 --> 01:19:57,360

it's still a very very

1561

01:20:05,780 --> 01:20:01,860

vivid memory I've done some work on

1562

01:20:09,620 --> 01:20:05,790

trying to reconstruct things through

1563

01:20:12,530 --> 01:20:09,630

visualization I've gone back and found

1564

01:20:16,370 --> 01:20:12,540

old pictures of the airport how it used

1565

01:20:18,260 --> 01:20:16,380

to look I've you know the house of

1566

01:20:20,810 --> 01:20:18,270

course that we lived in is no longer

1567

01:20:23,000 --> 01:20:20,820

there it's bulldozed years ago but I've

1568

01:20:25,880 --> 01:20:23,010

gone back and tried to sketch the

1569

01:20:29,450 --> 01:20:25,890

floorplan and to look at some some old

1570

01:20:32,780 --> 01:20:29,460

pictures of the house inside and out and

1571

01:20:37,190 --> 01:20:32,790

in trying to sort of reconstruct the

1572

01:20:41,200 --> 01:20:37,200

events my youngest daughter Laura who I

1573

01:20:44,720 --> 01:20:41,210

think you may have spoken to in the past

1574

01:20:48,050 --> 01:20:44,730

laura is an excellent artist and she

1575

01:20:51,350 --> 01:20:48,060

does she can do anything and in drawing

1576

01:20:54,680 --> 01:20:51,360

so we're going to we're working on a

1577

01:20:56,630 --> 01:20:54,690

collaboration what I'd call sort of not

1578

01:21:00,830 --> 01:20:56,640

not a comic book because it's not funny

1579

01:21:04,270 --> 01:21:00,840

but but an illustrated view of what

1580

01:21:08,510 --> 01:21:04,280

happened so there would be pictures of

1581

01:21:11,390 --> 01:21:08,520

you know a scenes all the scenes that I

1582

01:21:13,760 --> 01:21:11,400

remember vividly to try to you know get

1583

01:21:15,410 --> 01:21:13,770

her to describe I would describe and get

1584

01:21:18,230 --> 01:21:15,420

her to draw it and then we would have a

1585

01:21:20,930 --> 01:21:18,240

narrative that goes with that and and

1586

01:21:21,620 --> 01:21:20,940

that's I mean that's just for my own

1587

01:21:27,020 --> 01:21:21,630

amusement

1588

01:21:28,490 --> 01:21:27,030

really but I think that visual is you

1589

01:21:30,620 --> 01:21:28,500

know my doctorates in educational

1590

01:21:36,140 --> 01:21:30,630

psychology and and and I know that

1591

01:21:40,360 --> 01:21:36,150

visualization is very very important to

1592

01:21:42,470 --> 01:21:40,370

to learning and end to end to memory

1593

01:21:43,700 --> 01:21:42,480

we're getting a thunderstorm here I

1594

01:21:48,070 --> 01:21:43,710

don't know if you heard the clap of

1595

01:21:51,050 --> 01:21:48,080

thunder there but it's just cracked so

1596

01:21:54,110 --> 01:21:51,060

creating those images helps to bring

1597

01:21:56,660 --> 01:21:54,120

back some of the details and I found

1598

01:22:00,620 --> 01:21:56,670

that that my memory seems to improve

1599

01:22:03,350 --> 01:22:00,630

with with the visualization of the

1600

01:22:05,990 --> 01:22:03,360

different scenes of where we were and

1601
01:22:10,520 --> 01:22:06,000
I've got some pretty good embedded

1602
01:22:13,430 --> 01:22:10,530
visuals of of it and because of

1603
01:22:16,160 --> 01:22:13,440
I've thought about it I may not have

1604
01:22:19,939 --> 01:22:16,170
told the story a lot over the years but

1605
01:22:23,419 --> 01:22:19,949
I've thought about it many many times

1606
01:22:27,020 --> 01:22:23,429
in and it's it's because not just at the

1607
01:22:32,209 --> 01:22:27,030
visit but of what caused the visit the

1608
01:22:37,040 --> 01:22:32,219
sighting itself mmm that was that was

1609
01:22:39,859 --> 01:22:37,050
just very very powerful and thrilling to

1610
01:22:42,649 --> 01:22:39,869
see something like that because I've

1611
01:22:44,209 --> 01:22:42,659
never seen anything like it since have

1612
01:22:48,709 --> 01:22:44,219
you had any type of sighting at all

1613
01:22:51,520 --> 01:22:48,719

since that time one or two nights when

1614

01:22:55,580 --> 01:22:51,530

we were living in Pensacola and in the

1615

01:22:58,009 --> 01:22:55,590

early 90s my wife and I went out with

1616

01:23:03,379 --> 01:22:58,019

the MUFON group they would go out to the

1617

01:23:07,310 --> 01:23:03,389

Pensacola Bay Bridge and and look and we

1618

01:23:09,350 --> 01:23:07,320

did we did see a moving light I don't

1619

01:23:12,979 --> 01:23:09,360

know what it was but it wasn't nearly as

1620

01:23:15,169 --> 01:23:12,989

impressive what I saw when I was 12 and

1621

01:23:17,509 --> 01:23:15,179

some of the people you know said they

1622

01:23:22,250 --> 01:23:17,519

saw a lot of things that I'm sure some

1623

01:23:25,609 --> 01:23:22,260

of them did you know but but I try to

1624

01:23:29,239 --> 01:23:25,619

remain a healthy skeptic and you know if

1625

01:23:32,060 --> 01:23:29,249

it's somebody I know and believe I've

1626

01:23:35,629 --> 01:23:32,070

had you know some folks that I've known

1627

01:23:37,819 --> 01:23:35,639

and you know worked with over the years

1628

01:23:41,330 --> 01:23:37,829

and I believe and when they tell me

1629

01:23:44,330 --> 01:23:41,340

something they saw something you know I

1630

01:23:46,640 --> 01:23:44,340

think they're they're probably a lot of

1631

01:23:49,370 --> 01:23:46,650

people like me who had seen things that

1632

01:23:52,640 --> 01:23:49,380

just never really talked about it yeah

1633

01:23:54,469 --> 01:23:52,650

that's true that that's uh I'm sure it's

1634

01:23:56,089 --> 01:23:54,479

a large percentage you know I forgot to

1635

01:23:58,250 --> 01:23:56,099

mention that if anyone's listening live

1636

01:23:59,959 --> 01:23:58,260

and they would like to call in and ask

1637

01:24:02,750 --> 01:23:59,969

our guests a question you're welcome to

1638

01:24:06,279 --> 01:24:02,760

do that that's six oh three nine six

1639

01:24:14,569 --> 01:24:06,289

seven four oh three oh so during the

1640

01:24:20,000 --> 01:24:14,579

late 1980s the Gulf Breeze incident you

1641

01:24:22,250 --> 01:24:20,010

all right yes I'm here okay you know a a

1642

01:24:23,450 --> 01:24:22,260

lot of that a lot of people claim that

1643

01:24:30,410 --> 01:24:23,460

was a hoax

1644

01:24:33,380 --> 01:24:30,420

possibly did you were you paying

1645

01:24:36,229 --> 01:24:33,390

attention to that when it was going on I

1646

01:24:37,060 --> 01:24:36,239

certainly did of course we didn't know

1647

01:24:41,900 --> 01:24:37,070

who it was

1648

01:24:43,700 --> 01:24:41,910

until much later and then much to my

1649

01:24:49,520 --> 01:24:43,710

surprise it turned out to be ed Walters

1650

01:24:51,470 --> 01:24:49,530

and I knew ed Walters just like a real

1651
01:24:55,700 --> 01:24:51,480
estate developer or something right yeah

1652
01:25:02,450 --> 01:24:55,710
yeah a builder a very very nice guy and

1653
01:25:06,380 --> 01:25:02,460
and just a regular businessman we shared

1654
01:25:08,000 --> 01:25:06,390
the same CPA the CPA and I were

1655
01:25:10,340 --> 01:25:08,010
fraternity brothers we known each other

1656
01:25:13,430 --> 01:25:10,350
for years and and I talked to him about

1657
01:25:20,600 --> 01:25:13,440
it and he says yeah he says ed is just

1658
01:25:27,010 --> 01:25:20,610
as level-headed as anybody and so you

1659
01:25:34,450 --> 01:25:30,920
senator mcconnell who was the medical

1660
01:25:37,580 --> 01:25:34,460
examiner there in Escambia County a

1661
01:25:43,190 --> 01:25:37,590
really a wonderful person and

1662
01:25:45,950 --> 01:25:43,200
outstanding physician had you know he

1663
01:25:49,340 --> 01:25:45,960

had seen and and when Fenner when Fenner

1664

01:25:50,870 --> 01:25:49,350

spoke I mean you knew this this is can't

1665

01:25:55,640 --> 01:25:50,880

say it on the air but he's a no-nonsense

1666

01:25:57,140 --> 01:25:55,650

guy he wouldn't make it up you know no

1667

01:26:02,000 --> 01:25:57,150

way Feder McConnell would ever make

1668

01:26:06,080 --> 01:26:02,010

anything up and his sister lived in

1669

01:26:09,709 --> 01:26:06,090

Mississippi and she had a sighting about

1670

01:26:12,260 --> 01:26:09,719

the same time and she was visited by

1671

01:26:15,709 --> 01:26:12,270

some men in black and they threatened

1672

01:26:19,459 --> 01:26:15,719

her and when Fenner told that story I

1673

01:26:23,000 --> 01:26:19,469

believed I absolutely believed sadly

1674

01:26:25,459 --> 01:26:23,010

Fenner was accidentally killed he was a

1675

01:26:27,830 --> 01:26:25,469

great jogger and was jogging across the

1676

01:26:30,380 --> 01:26:27,840

Bob Sykes bridge one day and I guess

1677

01:26:32,720 --> 01:26:30,390

somebody just wasn't looking where they

1678

01:26:35,600 --> 01:26:32,730

were going and ran him down and killed

1679

01:26:43,340 --> 01:26:39,860

so there were there were some people in

1680

01:26:45,920 --> 01:26:43,350

that group that I went and went to

1681

01:26:48,940 --> 01:26:45,930

elementary and high school with and that

1682

01:26:52,430 --> 01:26:48,950

I've known all my life and these are

1683

01:26:55,400 --> 01:26:52,440

these are people that don't don't lie

1684

01:26:58,490 --> 01:26:55,410

and don't tell don't make up stories I

1685

01:27:03,650 --> 01:26:58,500

mean you know this is Pensacola's the

1686

01:27:08,330 --> 01:27:03,660

deep south and that kind of you know

1687

01:27:11,270 --> 01:27:08,340

people that make up tall tales they're

1688

01:27:13,550 --> 01:27:11,280

ostracized and so when these guys come

1689

01:27:14,890 --> 01:27:13,560

out and say they saw something you

1690

01:27:17,420 --> 01:27:14,900

better believe they're telling the truth

1691

01:27:20,360 --> 01:27:17,430

that they saw they saw something they

1692

01:27:25,780 --> 01:27:20,370

couldn't explain now maybe there may be

1693

01:27:31,190 --> 01:27:25,790

an explanation for it besides aliens

1694

01:27:33,230 --> 01:27:31,200

operate equipment but I mean they were

1695

01:27:35,630 --> 01:27:33,240

there are a lot of stories that popped

1696

01:27:38,150 --> 01:27:35,640

up there a lot of stories that popped up

1697

01:27:43,970 --> 01:27:38,160

yeah and so that was that was a

1698

01:27:46,180 --> 01:27:43,980

fascinating time you know people would

1699

01:27:50,000 --> 01:27:46,190

say hello it's just mass hysteria and

1700

01:27:52,010 --> 01:27:50,010

all that yeah I mean you you hear you

1701
01:27:55,070 --> 01:27:52,020
hear of ed Walters but there was also a

1702
01:27:57,650 --> 01:27:55,080
lot of people that were witnessing some

1703
01:28:00,620 --> 01:27:57,660
thought went on prominent prominent

1704
01:28:03,410 --> 01:28:00,630
people hmm prominent people in the

1705
01:28:08,630 --> 01:28:03,420
community I mean one one guy I know is

1706
01:28:12,620 --> 01:28:08,640
an Eagle Scout and this guy was never he

1707
01:28:15,560 --> 01:28:12,630
would never tell well here here's the

1708
01:28:17,650 --> 01:28:15,570
thing that seems to happen you know

1709
01:28:21,080 --> 01:28:17,660
because I understand when someone bought

1710
01:28:22,850 --> 01:28:21,090
Eadie Walters house they found a model

1711
01:28:25,160 --> 01:28:22,860
of the craft up underneath some

1712
01:28:29,380 --> 01:28:25,170
insulation in the attic when they were

1713
01:28:32,540 --> 01:28:29,390

changing the heating system you know so

1714

01:28:36,230 --> 01:28:32,550

what seems to happen and I've seen this

1715

01:28:38,210 --> 01:28:36,240

and talked about it before is that yes

1716

01:28:41,840 --> 01:28:38,220

so someone does have a sighting it's

1717

01:28:43,610 --> 01:28:41,850

it's monumental to them and then time

1718

01:28:46,600 --> 01:28:43,620

goes on and they're they're trying to

1719

01:28:50,120 --> 01:28:46,610

like keep it alive or or keep themselves

1720

01:28:52,250 --> 01:28:50,130

in the news or whatever it is

1721

01:28:54,160 --> 01:28:52,260

and then they they seem to go wrong this

1722

01:28:58,030 --> 01:28:54,170

seems to happen to a number of people

1723

01:29:01,910 --> 01:28:58,040

where someone will either hoax or

1724

01:29:05,689 --> 01:29:01,920

exaggerate a story just to keep keep the

1725

01:29:07,490 --> 01:29:05,699

spotlight on them on themselves so it's

1726

01:29:08,750 --> 01:29:07,500

well I can only speculate that's what

1727

01:29:13,760 --> 01:29:08,760

happened with that but I don't really

1728

01:29:18,379 --> 01:29:13,770

know I don't either and and I can't I

1729

01:29:22,669 --> 01:29:18,389

can't be the judge of that I want to be

1730

01:29:27,350 --> 01:29:22,679

but there were enough other people know

1731

01:29:32,870 --> 01:29:27,360

that were that had credible sightings

1732

01:29:39,459 --> 01:29:32,880

that make me believe that at least part

1733

01:29:42,500 --> 01:29:39,469

of what it had said he saw was real so

1734

01:29:45,109 --> 01:29:42,510

whether you know what pressures he felt

1735

01:29:50,629 --> 01:29:45,119

after that I don't know I'm sure it must

1736

01:29:53,930 --> 01:29:50,639

have been extensive but yeah so you

1737

01:29:55,820 --> 01:29:53,940

you've gone this long I'm you paying

1738

01:29:59,000 --> 01:29:55,830

attention to what's going on and the

1739

01:30:01,100 --> 01:29:59,010

UFOs is actually a symposium coming up

1740

01:30:04,430 --> 01:30:01,110

we were talking about really with with

1741

01:30:07,430 --> 01:30:04,440

Alejandro in Florida coming up this year

1742

01:30:08,810 --> 01:30:07,440

it's a it's a real good one have you I

1743

01:30:10,040 --> 01:30:08,820

know you mentioned you went to the

1744

01:30:14,450 --> 01:30:10,050

Christmas party but have you ever

1745

01:30:20,120 --> 01:30:14,460

attended any type of UFO convention of

1746

01:30:21,620 --> 01:30:20,130

any type never have never have well it's

1747

01:30:23,780 --> 01:30:21,630

gonna be a good one this year I just

1748

01:30:26,689 --> 01:30:23,790

can't remember where it is in Florida

1749

01:30:30,010 --> 01:30:26,699

but that's an August a lot of really

1750

01:30:34,820 --> 01:30:30,020

good speakers there so what do you think

1751

01:30:36,800 --> 01:30:34,830

I always like to kind of get people's

1752

01:30:40,850 --> 01:30:36,810

different opinion what do you think they

1753

01:30:43,899 --> 01:30:40,860

are do you think it's a possible it's

1754

01:30:53,290 --> 01:30:43,909

possible that these are extraterrestrial

1755

01:31:01,459 --> 01:30:58,550

think it's probably today what people

1756

01:31:02,780 --> 01:31:01,469

are seeing is probably some kind of

1757

01:31:05,720 --> 01:31:02,790

reverse engineered

1758

01:31:07,730 --> 01:31:05,730

crafts that we've managed to fly or or

1759

01:31:09,740 --> 01:31:07,740

maybe not even reverse-engineered maybe

1760

01:31:12,050 --> 01:31:09,750

it's just something you know in the

1761

01:31:16,220 --> 01:31:12,060

skunkworks that we came up with it that

1762

01:31:18,020 --> 01:31:16,230

looks looks really weird you know when

1763

01:31:23,420 --> 01:31:18,030

we first saw the Stealth's i mean it was

1764

01:31:26,870 --> 01:31:23,430

kind of like whoa look at that so but

1765

01:31:32,920 --> 01:31:26,880

but the old sidings Oh tightening that I

1766

01:31:40,160 --> 01:31:37,190

though those had to be I mean they were

1767

01:31:42,950 --> 01:31:40,170

not Russians they were not our secret

1768

01:31:44,630 --> 01:31:42,960

planes flying around because we didn't

1769

01:31:46,040 --> 01:31:44,640

have anything could do that and really

1770

01:31:51,620 --> 01:31:46,050

we still don't have anything that I know

1771

01:31:55,090 --> 01:31:51,630

of that can do that so I believe that

1772

01:32:00,470 --> 01:31:55,100

the at least the the older sightings

1773

01:32:03,500 --> 01:32:00,480

were extraterrestrial in nature that's

1774

01:32:07,880 --> 01:32:03,510

just the best guess I think I think it's

1775

01:32:11,860 --> 01:32:07,890

the most logical guess and I say that

1776

01:32:14,210 --> 01:32:11,870

without any emotion or you know

1777

01:32:17,600 --> 01:32:14,220

titillation I just really think that's

1778

01:32:19,430 --> 01:32:17,610

that's probably the best guess that you

1779

01:32:22,400 --> 01:32:19,440

know we hadn't been alone - how long

1780

01:32:27,580 --> 01:32:22,410

they've been coming here or whatever who

1781

01:32:31,190 --> 01:32:27,590

knows and but but I suspect it there's

1782

01:32:34,190 --> 01:32:31,200

it's more than just you know idle

1783

01:32:36,620 --> 01:32:34,200

curiosity I mean they they they're here

1784

01:32:37,990 --> 01:32:36,630

if if they're here they're here for a

1785

01:32:41,090 --> 01:32:38,000

reason

1786

01:32:46,340 --> 01:32:41,100

if they're community if they're not

1787

01:32:49,730 --> 01:32:46,350

communicating with us in a public sense

1788

01:32:56,390 --> 01:32:49,740

then there's a reason for that

1789

01:32:59,150 --> 01:32:56,400

I had a I brought this up probably about

1790

01:33:02,720 --> 01:32:59,160

five or six times on the show out of 200

1791

01:33:06,320 --> 01:33:02,730

some odd episodes and that is uh I spoke

1792

01:33:09,950 --> 01:33:06,330

to someone years ago that told me they

1793

01:33:14,500 --> 01:33:09,960

were part of the air force that was

1794

01:33:16,609 --> 01:33:14,510

investigating UFOs during Vietnam and

1795

01:33:20,750 --> 01:33:16,619

which wasn't supposed to be

1796

01:33:26,029 --> 01:33:20,760

happening or I mean anyway the bottom

1797

01:33:28,750 --> 01:33:26,039

line is I asked why were they you know

1798

01:33:32,959 --> 01:33:28,760

what are they and why are they here

1799

01:33:36,290 --> 01:33:32,969

and he said he said because we're a

1800

01:33:38,779 --> 01:33:36,300

petri dish and I mean it was just like a

1801
01:33:42,589 --> 01:33:38,789
blunt statement like that like we're

1802
01:33:46,060 --> 01:33:42,599
being observed so I just thought it was

1803
01:33:49,520 --> 01:33:46,070
an interesting statement whether he was

1804
01:33:55,299 --> 01:33:49,530
biessing or telling the truth it's still

1805
01:33:58,389 --> 01:33:55,309
an interesting thought well there

1806
01:34:02,179 --> 01:33:58,399
there's some pretty pretty smart guys in

1807
01:34:03,739 --> 01:34:02,189
academia that let's just say a little

1808
01:34:07,009 --> 01:34:03,749
bit out of the mainstream because

1809
01:34:13,459 --> 01:34:07,019
mainstream science is extremely

1810
01:34:16,219 --> 01:34:13,469
conservative and non risk-taking but

1811
01:34:20,540 --> 01:34:16,229
there are there are some very bright

1812
01:34:23,629 --> 01:34:20,550
rebels that believe and I happen to

1813
01:34:31,459 --> 01:34:23,639

share this belief that our DNA has been

1814

01:34:35,479 --> 01:34:31,469

modified that you know this you know the

1815

01:34:38,659 --> 01:34:35,489

whole theory of evolution is just is

1816

01:34:43,250 --> 01:34:38,669

something I personally don't find much

1817

01:34:45,589 --> 01:34:43,260

scientific merit for it or logic for it

1818

01:34:48,739 --> 01:34:45,599

you know Homo sapiens when it comes to

1819

01:34:51,229 --> 01:34:48,749

humans I agree with you yeah when it

1820

01:34:55,009 --> 01:34:51,239

comes to homo sapiens

1821

01:34:55,819 --> 01:34:55,019

you know we we appeared very very

1822

01:34:57,709 --> 01:34:55,829

rapidly

1823

01:34:59,899 --> 01:34:57,719

yes about a hundred hundred twenty

1824

01:35:02,479 --> 01:34:59,909

thousand years ago it doesn't make any

1825

01:35:03,949 --> 01:35:02,489

sense I've said that we know this to

1826

01:35:06,830 --> 01:35:03,959

show about UFOs but I've said that a

1827

01:35:11,709 --> 01:35:06,840

couple of times it just seems so quickly

1828

01:35:22,520 --> 01:35:19,100

you know how it was done who knows you

1829

01:35:24,949 --> 01:35:22,530

know was a completely new species it was

1830

01:35:29,389 --> 01:35:24,959

introduced from somewhere or as a

1831

01:35:29,970 --> 01:35:29,399

genetic modification who knows how it

1832

01:35:32,550 --> 01:35:29,980

was

1833

01:35:34,950 --> 01:35:32,560

and you know I'll probably will probably

1834

01:35:38,790 --> 01:35:34,960

never know in our lifetime and I'm not

1835

01:35:43,190 --> 01:35:38,800

sure it makes any difference but you

1836

01:35:46,310 --> 01:35:43,200

know the extinction of Neanderthal and

1837

01:35:49,140 --> 01:35:46,320

you know did Homo sapiens just simply

1838

01:35:52,530 --> 01:35:49,150

it's just a we just vicious killers that

1839

01:35:58,110 --> 01:35:52,540

put these guys out or you know did we

1840

01:36:00,450 --> 01:35:58,120

interbreed with them or you know it's

1841

01:36:03,840 --> 01:36:00,460

just it just happened too quickly and

1842

01:36:05,100 --> 01:36:03,850

and they can you know hypothesize all

1843

01:36:07,350 --> 01:36:05,110

they want but I just think it's

1844

01:36:11,750 --> 01:36:07,360

foolishness I mean it's just it's just

1845

01:36:15,120 --> 01:36:11,760

much it's a much better explanation to

1846

01:36:22,170 --> 01:36:15,130

just think that we are in in essence an

1847

01:36:25,680 --> 01:36:22,180

experiment and you know but mainstream

1848

01:36:28,230 --> 01:36:25,690

science you know or they just they can't

1849

01:36:30,060 --> 01:36:28,240

handle it because because they would be

1850

01:36:31,980 --> 01:36:30,070

wrong you know everything they've

1851

01:36:34,920 --> 01:36:31,990

learned would be wrong yeah they don't

1852

01:36:39,480 --> 01:36:34,930

want to rewrite the textbooks no no it

1853

01:36:43,740 --> 01:36:39,490

it would be humiliating and you know

1854

01:36:49,970 --> 01:36:43,750

their their arrogance is is unbelievable

1855

01:36:54,500 --> 01:36:49,980

so yeah I know you hear a lot about how

1856

01:36:57,930 --> 01:36:54,510

that there are discoveries in

1857

01:36:59,700 --> 01:36:57,940

archaeology that that don't make any

1858

01:37:02,250 --> 01:36:59,710

sense and you just don't hear about them

1859

01:37:06,180 --> 01:37:02,260

there's there's a question up on the

1860

01:37:10,530 --> 01:37:06,190

message board someone wants to know do

1861

01:37:13,280 --> 01:37:10,540

you ever go skywatching now occasionally

1862

01:37:16,590 --> 01:37:13,290

I do I mean when I go out at night I

1863

01:37:20,250 --> 01:37:16,600

always look around but you know I

1864

01:37:26,220 --> 01:37:20,260

haven't I haven't seen anything in about

1865

01:37:29,270 --> 01:37:26,230

25 years so you know I'm not I'm not

1866

01:37:32,010 --> 01:37:29,280

looking looking for anything but yeah

1867

01:37:35,370 --> 01:37:32,020

yeah if I saw something it would be

1868

01:37:41,910 --> 01:37:35,380

great but yeah you know I've had my

1869

01:37:43,600 --> 01:37:41,920

moment I I had my surprise well yeah

1870

01:37:46,810 --> 01:37:43,610

enough for a lifetime

1871

01:37:52,870 --> 01:37:46,820

well you know as since I've had my

1872

01:37:56,860 --> 01:37:52,880

sighting which was only in 2006

1873

01:37:59,440 --> 01:37:56,870

I am constantly looking to this guy and

1874

01:38:01,510 --> 01:37:59,450

I think that's unlike you know an

1875

01:38:03,580 --> 01:38:01,520

average person you know once you have a

1876

01:38:07,180 --> 01:38:03,590

sighting I think it just kind of changes

1877

01:38:10,180 --> 01:38:07,190

the way you think about things and also

1878

01:38:12,220 --> 01:38:10,190

changes the way you observe because I

1879

01:38:14,620 --> 01:38:12,230

think you know the average person is not

1880

01:38:19,920 --> 01:38:14,630

really even looking up in the sky too

1881

01:38:24,160 --> 01:38:19,930

much I would agree

1882

01:38:27,520 --> 01:38:24,170

when I say you know I had my moment 60

1883

01:38:31,000 --> 01:38:27,530

years ago I I kind of feel like I've I

1884

01:38:33,310 --> 01:38:31,010

had enough I mean I don't need to see

1885

01:38:38,320 --> 01:38:33,320

anything else it might frighten me too

1886

01:38:41,560 --> 01:38:38,330

bad yeah really fine I was really really

1887

01:38:44,880 --> 01:38:41,570

scared as a 12 year old really scared

1888

01:38:47,770 --> 01:38:44,890

well kind of it's a new paradigm

1889

01:38:51,340 --> 01:38:47,780

basically when you see something like

1890

01:38:54,010 --> 01:38:51,350

that then everything changes you know I

1891

01:38:55,780 --> 01:38:54,020

mean not not to everybody you know I've

1892

01:38:58,660 --> 01:38:55,790

talked to people that have had major

1893

01:39:00,400 --> 01:38:58,670

sightings and it never they never think

1894

01:39:02,800 --> 01:39:00,410

about it like it just doesn't they don't

1895

01:39:05,110 --> 01:39:02,810

really care you know I mean it surprises

1896

01:39:07,680 --> 01:39:05,120

the heck out of me because I think it's

1897

01:39:14,020 --> 01:39:07,690

probably one of the most important

1898

01:39:19,980 --> 01:39:14,030

questions to be answered I agree you

1899

01:39:22,990 --> 01:39:19,990

know but my sighting was certainly not

1900

01:39:25,660 --> 01:39:23,000

for me it was very exciting but when you

1901

01:39:27,400 --> 01:39:25,670

when you put it among all the sightings

1902

01:39:30,190 --> 01:39:27,410

that you know where people have actually

1903

01:39:33,160 --> 01:39:30,200

seen a craft low you know at a low level

1904

01:39:37,480 --> 01:39:33,170

or in a field or you know they come over

1905

01:39:41,830 --> 01:39:37,490

the house or or you know I mean my mind

1906

01:39:43,420 --> 01:39:41,840

mind just pales by comparison and and

1907

01:39:47,830 --> 01:39:43,430

certainly I would love to see something

1908

01:39:52,030 --> 01:39:47,840

like that but I've seen enough to know

1909

01:39:57,040 --> 01:39:52,040

that they're real and to me the rest is

1910

01:40:03,580 --> 01:40:00,880

we're not alone there you know are there

1911

01:40:05,380 --> 01:40:03,590

more than one type out there I mean if

1912

01:40:08,080 --> 01:40:05,390

there's one type there's more than one

1913

01:40:13,390 --> 01:40:08,090

and are we being visited by more than

1914

01:40:18,030 --> 01:40:13,400

one probably so and will they ever make

1915

01:40:20,410 --> 01:40:18,040

themselves known to us maybe maybe not

1916

01:40:22,960 --> 01:40:20,420

maybe in the past they have made

1917

01:40:29,290 --> 01:40:22,970

themselves known and that knowledge was

1918

01:40:31,630 --> 01:40:29,300

lost certainly some of the the old art

1919

01:40:33,790 --> 01:40:31,640

that's you know found from you know

1920

01:40:36,340 --> 01:40:33,800

thousands of years ago makes you you

1921

01:40:38,650 --> 01:40:36,350

wonder if they really didn't have some

1922

01:40:40,270 --> 01:40:38,660

serious contact with these these folks

1923

01:40:42,820 --> 01:40:40,280

yeah there was a question that came up

1924

01:40:44,800 --> 01:40:42,830

on the message board someone wanted to

1925

01:40:49,180 --> 01:40:44,810

know what is your thoughts on the

1926

01:40:51,340 --> 01:40:49,190

ancient ancient alien theories probably

1927

01:40:54,430 --> 01:40:51,350

so I mean if they're here if they you

1928

01:40:58,210 --> 01:40:54,440

know did they just show up in 47 yeah

1929

01:41:01,410 --> 01:40:58,220

for the first time I don't think so

1930

01:41:05,410 --> 01:41:01,420

well there I mean there were sightings

1931

01:41:08,950 --> 01:41:05,420

all around before that so when you go

1932

01:41:11,980 --> 01:41:08,960

back you can find them so how long have

1933

01:41:15,370 --> 01:41:11,990

they been coming probably a long long

1934

01:41:19,360 --> 01:41:15,380

time yeah Jean Pele and another author

1935

01:41:24,730 --> 01:41:19,370

put together a book fairly recently that

1936

01:41:26,890 --> 01:41:24,740

is about ancient sightings which is I I

1937

01:41:30,730 --> 01:41:26,900

would really like to read that that's

1938

01:41:33,220 --> 01:41:30,740

very fascinating to me and yeah if they

1939

01:41:35,700 --> 01:41:33,230

visiting now they could have been

1940

01:41:40,060 --> 01:41:35,710

visiting a million years ago who knows

1941

01:41:43,180 --> 01:41:40,070

they could they absolutely could have

1942

01:41:47,890 --> 01:41:43,190

and who knows what what they look like

1943

01:41:51,760 --> 01:41:47,900

I mean some of the the pictures I saw I

1944

01:41:53,830 --> 01:41:51,770

don't know where Eadie ruffled gottoms

1945

01:41:58,720 --> 01:41:53,840

but they were there was some pretty

1946

01:42:00,910 --> 01:41:58,730

scary pretty pretty scary critters that

1947

01:42:04,900 --> 01:42:00,920

he showed me pictures of and I didn't

1948

01:42:07,720 --> 01:42:04,910

ever want to meet them tell you that now

1949

01:42:08,890 --> 01:42:07,730

when you were lets going back to that we

1950

01:42:10,689 --> 01:42:08,900

have a lot of people that are just

1951

01:42:15,570 --> 01:42:10,699

joining the show now

1952

01:42:20,350 --> 01:42:15,580

and so going back to that this was a

1953

01:42:22,180 --> 01:42:20,360

notebook that you were shown and would

1954

01:42:23,800 --> 01:42:22,190

you say pardon me would you say that

1955

01:42:25,900 --> 01:42:23,810

there were a lot of pictures of

1956

01:42:29,830 --> 01:42:25,910

so-called aliens that some of them were

1957

01:42:32,800 --> 01:42:29,840

just abstracts from comic books and

1958

01:42:37,209 --> 01:42:32,810

things like that yeah it was the real it

1959

01:42:40,450 --> 01:42:37,219

was a real mix real mix I mean you know

1960

01:42:42,490 --> 01:42:40,460

it kind of looked like Creature from the

1961

01:42:44,890 --> 01:42:42,500

Black Lagoon or something like that or

1962

01:42:49,600 --> 01:42:44,900

lizard man and some looked more like

1963

01:42:52,320 --> 01:42:49,610

insects and and some just didn't didn't

1964

01:42:56,790 --> 01:42:52,330

seem to make didn't look like anything

1965

01:43:00,280 --> 01:42:56,800

but I do remember the the little guy

1966

01:43:03,970 --> 01:43:00,290

gray fell off on the on the table and

1967

01:43:09,189 --> 01:43:03,980

and that that that that was a vivid

1968

01:43:10,900 --> 01:43:09,199

image in my mind and special in 1956 I

1969

01:43:13,930 --> 01:43:10,910

don't think I've ever seen that before

1970

01:43:16,330 --> 01:43:13,940

yeah that wasn't really being shown you

1971

01:43:18,520 --> 01:43:16,340

know not like the alien autopsy film

1972

01:43:21,880 --> 01:43:18,530

that was a hoax or anything like that

1973

01:43:24,220 --> 01:43:21,890

you know this is going back but what

1974

01:43:26,500 --> 01:43:24,230

even though it was a hoax it was it was

1975

01:43:34,780 --> 01:43:26,510

darn close to what what he had a picture

1976

01:43:39,390 --> 01:43:34,790

of well it was it was strange very very

1977

01:43:43,419 --> 01:43:39,400

strange but my whole family is is

1978

01:43:47,770 --> 01:43:43,429

interested in the subject matter both

1979

01:43:49,900 --> 01:43:47,780

both my daughters and my son have you

1980

01:43:57,250 --> 01:43:49,910

know seen things in the sky that they

1981

01:43:59,800 --> 01:43:57,260

thought were were there they've you know

1982

01:44:03,479 --> 01:43:59,810

we don't have any evidence or you know

1983

01:44:06,490 --> 01:44:03,489

photographs or anything like that but

1984

01:44:08,410 --> 01:44:06,500

they're they're very open to the idea

1985

01:44:12,130 --> 01:44:08,420

and I think because we raised them to be

1986

01:44:16,419 --> 01:44:12,140

open-minded and to to the possibility

1987

01:44:20,229 --> 01:44:16,429

that this is you know what we what we

1988

01:44:23,270 --> 01:44:20,239

perceive to be reality may not be quite

1989

01:44:29,330 --> 01:44:23,280

exactly what we suppose it is

1990

01:44:31,940 --> 01:44:29,340

so they have been been been part of the

1991

01:44:34,400 --> 01:44:31,950

story I mean they've shared the story

1992

01:44:36,710 --> 01:44:34,410

with them of course and that's that's

1993

01:44:39,290 --> 01:44:36,720

how you know my daughter gagas got me to

1994

01:44:42,950 --> 01:44:39,300

come out of the closet so to speak and

1995

01:44:44,780 --> 01:44:42,960

be open about it how old was your

1996

01:44:48,860 --> 01:44:44,790

daughter when you told her the one that

1997

01:44:51,260 --> 01:44:48,870

has interests in you know in UFOs and

1998

01:44:57,260 --> 01:44:51,270

MUFON and all that how old was she when

1999

01:44:59,920 --> 01:44:57,270

you told her the story I say she she was

2000

01:45:02,450 --> 01:44:59,930

not in college yet so she must have been

2001

01:45:04,810 --> 01:45:02,460

she must have been in high school

2002

01:45:13,850 --> 01:45:04,820

mom's been like a senior in high school

2003

01:45:16,570 --> 01:45:13,860

when we went to the went to the the

2004

01:45:19,100 --> 01:45:16,580

Christmas party that was held by MUFON

2005

01:45:25,750 --> 01:45:19,110

so she was when she was the youngest

2006

01:45:28,310 --> 01:45:25,760

person in the MUFON group and really

2007

01:45:30,020 --> 01:45:28,320

that was that was very fortunate because

2008

01:45:33,980 --> 01:45:30,030

I I don't know if I ever would have

2009

01:45:39,710 --> 01:45:33,990

really opened up about it but meeting

2010

01:45:43,400 --> 01:45:39,720

meeting the the other people and that

2011

01:45:46,250 --> 01:45:43,410

were involved and it was really

2012

01:45:50,240 --> 01:45:46,260

insightful and helpful to me to

2013

01:45:54,380 --> 01:45:50,250

recognize what what had happened it was

2014

01:45:57,140 --> 01:45:54,390

not just a quirk of fate but and the

2015

01:46:00,020 --> 01:45:57,150

subsequent research that I've done by

2016

01:46:01,780 --> 01:46:00,030

being able to thank goodness again for

2017

01:46:04,760 --> 01:46:01,790

the internet that I was able to

2018

01:46:07,070 --> 01:46:04,770

recognize and identify the two officers

2019

01:46:08,780 --> 01:46:07,080

who came to see me someone wanted to

2020

01:46:11,750 --> 01:46:08,790

know earlier they had a message up on

2021

01:46:14,150 --> 01:46:11,760

the board and wanted to ask you if you

2022

01:46:14,680 --> 01:46:14,160

were a hundred percent sure that's who

2023

01:46:18,940 --> 01:46:14,690

it was

2024

01:46:29,480 --> 01:46:18,950

100 percent 100 percent

2025

01:46:35,480 --> 01:46:29,490

Wow yeah amazing oh I would say as far

2026

01:46:37,009 --> 01:46:35,490

as lieutenant Olsen the guy I saw the

2027

01:46:41,089 --> 01:46:37,019

picture I was a dead ringer

2028

01:46:44,569 --> 01:46:41,099

now there's only one picture of Olson I

2029

01:46:48,080 --> 01:46:44,579

could ever find on anywhere so I don't

2030

01:46:51,410 --> 01:46:48,090

have all that rope has multiple pictures

2031

01:46:54,520 --> 01:46:51,420

at different stages of his career and

2032

01:46:58,759 --> 01:46:54,530

and so when I say it was a truffled

2033

01:47:01,759 --> 01:46:58,769

ain't no doubt in my mind that was him

2034

01:47:06,140 --> 01:47:01,769

mm-hmm it was him

2035

01:47:09,919 --> 01:47:06,150

no question no question in my mind yeah

2036

01:47:11,750 --> 01:47:09,929

yeah well you know this has been really

2037

01:47:14,319 --> 01:47:11,760

interesting we still a little while to

2038

01:47:17,120 --> 01:47:14,329

go here but I think one of the most

2039

01:47:23,239 --> 01:47:17,130

interesting parts of your story is your

2040

01:47:26,390 --> 01:47:23,249

father that basically when he was

2041

01:47:28,419 --> 01:47:26,400

threatened to never talk about UFOs I

2042

01:47:32,270 --> 01:47:28,429

mean it must have really sparked your

2043

01:47:36,979 --> 01:47:32,280

curiosity enough to want to you know get

2044

01:47:40,600 --> 01:47:36,989

more information out of him it did but

2045

01:47:45,290 --> 01:47:40,610

but he made it clear that that was a

2046

01:47:51,259 --> 01:47:45,300

closed area yeah and we weren't going to

2047

01:47:59,959 --> 01:47:51,269

go there in discussions but he he was

2048

01:48:05,509 --> 01:47:59,969

kind of a spooky guy and you know he he

2049

01:48:12,109 --> 01:48:05,519

just never talked much about anything

2050

01:48:18,790 --> 01:48:12,119

until late in life he never talked about

2051

01:48:21,890 --> 01:48:18,800

what he did during the war very much

2052

01:48:24,830 --> 01:48:21,900

typical of that generation the great

2053

01:48:26,899 --> 01:48:24,840

generation yeah we're doing our jobs and

2054

01:48:32,319 --> 01:48:26,909

that was it well they were they were

2055

01:48:36,529 --> 01:48:32,329

doing more than just jobs these were

2056

01:48:41,709 --> 01:48:36,539

remarkable people and you know how he

2057

01:48:45,680 --> 01:48:41,719

survived you know to two plane crashes

2058

01:48:49,380 --> 01:48:45,690

we're amazing basically basically they

2059

01:48:56,550 --> 01:48:49,390

were shot down but

2060

01:48:58,470 --> 01:48:56,560

he was he was a real tough guy Purple

2061

01:49:01,080 --> 01:48:58,480

Heart wounded I mean you know he said oh

2062

01:49:04,620 --> 01:49:01,090

yeah we were all shot up because oh oh

2063

01:49:06,810 --> 01:49:04,630

yeah we all got shot but you know took

2064

01:49:10,500 --> 01:49:06,820

her we took our lumps but we didn't I

2065

01:49:12,600 --> 01:49:10,510

never lost anybody he was really really

2066

01:49:15,900 --> 01:49:12,610

proud of that he said everybody wanted

2067

01:49:19,470 --> 01:49:15,910

to fly with him in fact in 12 o'clock

2068

01:49:21,750 --> 01:49:19,480

high the movie there was an incident

2069

01:49:26,790 --> 01:49:21,760

where I think they had the chaplain or

2070

01:49:30,210 --> 01:49:26,800

somebody was smuggled on board too

2071

01:49:33,870 --> 01:49:30,220

because they always wanted to see the

2072

01:49:36,150 --> 01:49:33,880

the bombs drop and they they had a rough

2073

01:49:39,420 --> 01:49:36,160

time or almost got shot down or whatever

2074

01:49:43,110 --> 01:49:39,430

it was and that actually happened to my

2075

01:49:48,810 --> 01:49:43,120

dad when they were on a bombing mission

2076

01:49:50,820 --> 01:49:48,820

and they were shot up pretty bad by I

2077

01:49:53,610 --> 01:49:50,830

measure between the flak and the

2078

01:49:57,150 --> 01:49:53,620

Messerschmitts he said they were down to

2079

01:49:59,580 --> 01:49:57,160

two engines and and just limping and he

2080

01:50:01,800 --> 01:49:59,590

he said he went on the PA and he said

2081

01:50:06,120 --> 01:50:01,810

okay guys he says we got we got three

2082

01:50:12,210 --> 01:50:06,130

choices one he says we can bail out now

2083

01:50:14,430 --> 01:50:12,220

and be prisoners of war two we can fly

2084

01:50:16,950 --> 01:50:14,440

to the chanting you know get to the the

2085

01:50:19,230 --> 01:50:16,960

channel and and try to ditch in the

2086

01:50:22,290 --> 01:50:19,240

channel and hope they'll pick us up or

2087

01:50:26,010 --> 01:50:22,300

three we can just hold on for dear life

2088

01:50:29,760 --> 01:50:26,020

and try to get back to dry land and then

2089

01:50:33,690 --> 01:50:29,770

he says if it was unanimous loud vote

2090

01:50:36,630 --> 01:50:33,700

get us back home it is more to jump out

2091

01:50:38,430 --> 01:50:36,640

they didn't want a ditch they wanted to

2092

01:50:40,410 --> 01:50:38,440

get back home well he said when they

2093

01:50:42,390 --> 01:50:40,420

came across the coast of England

2094

01:50:47,130 --> 01:50:42,400

actually I think he said they were up

2095

01:50:50,640 --> 01:50:47,140

north in Scotland he said we were about

2096

01:50:52,710 --> 01:50:50,650

a hundred feet above the treeline and he

2097

01:50:54,900 --> 01:50:52,720

says with no way were we getting back to

2098

01:50:57,360 --> 01:50:54,910

base so he said I was going to have to

2099

01:50:59,970 --> 01:50:57,370

put it down and he said you know it was

2100

01:51:02,610 --> 01:50:59,980

a big old swampy area he said so I found

2101
01:51:03,070 --> 01:51:02,620
I said looking you know he said I gotta

2102
01:51:06,040 --> 01:51:03,080
find me

2103
01:51:08,680 --> 01:51:06,050
two big trees and so he went between two

2104
01:51:12,310 --> 01:51:08,690
big trees so it would shear off the

2105
01:51:16,330 --> 01:51:12,320
wings and the fuselage would just go go

2106
01:51:18,160 --> 01:51:16,340
forward and and so he said just just as

2107
01:51:22,150 --> 01:51:18,170
we came in I told everybody said okay

2108
01:51:24,670 --> 01:51:22,160
hold on and duck and he said we the the

2109
01:51:27,220 --> 01:51:24,680
copilot the Navigator nod ducked he says

2110
01:51:30,850 --> 01:51:27,230
a good thing we did because the the

2111
01:51:32,410 --> 01:51:30,860
water from the swamp blew the windshield

2112
01:51:34,630 --> 01:51:32,420
over their heads it would have

2113
01:51:37,870 --> 01:51:34,640

decapitated them had they been looking

2114

01:51:41,230 --> 01:51:37,880

up and he said of course the whole the

2115

01:51:43,750 --> 01:51:41,240

whole plane was filled with water and in

2116

01:51:47,770 --> 01:51:43,760

mud and but it stopped he said pretty

2117

01:51:49,960 --> 01:51:47,780

pretty quickly and they had I believe I

2118

01:51:51,640 --> 01:51:49,970

never can remember it was 11 or 12 and

2119

01:51:54,250 --> 01:51:51,650

crew but let's just say for the sake of

2120

01:51:55,870 --> 01:51:54,260

arguments 11-man crew so he said they

2121

01:51:57,750 --> 01:51:55,880

had a they had a drill that they had

2122

01:52:00,250 --> 01:51:57,760

worked on if they ever had that happen

2123

01:52:04,960 --> 01:52:00,260

everybody would get out and assemble

2124

01:52:07,690 --> 01:52:04,970

about 50 meters in front of the fuselage

2125

01:52:10,090 --> 01:52:07,700

in front of the nose so he said

2126
01:52:11,920 --> 01:52:10,100
everybody kind of you know bailed out of

2127
01:52:15,310 --> 01:52:11,930
course they had no no communications

2128
01:52:18,010 --> 01:52:15,320
because everything was shot and so he

2129
01:52:20,650 --> 01:52:18,020
said they all they all piled piled out

2130
01:52:23,410 --> 01:52:20,660
and you know everybody seemed to be ok

2131
01:52:25,300 --> 01:52:23,420
and look he looked at everybody and

2132
01:52:28,900 --> 01:52:25,310
everybody was coated in mud he said it

2133
01:52:32,620 --> 01:52:28,910
was like a minstrel show this is like

2134
01:52:36,010 --> 01:52:32,630
you know we're all dark and so he

2135
01:52:39,850 --> 01:52:36,020
counted he's ok let's count 1 2 3 4 5 6

2136
01:52:41,740 --> 01:52:39,860
count all the way 1112 no that can't be

2137
01:52:44,620 --> 01:52:41,750
right so I will count one more time

2138
01:52:48,430 --> 01:52:44,630

yeah they had an extra one on board so

2139

01:52:51,310 --> 01:52:48,440

he counted again in 1112 so he pulls out

2140

01:52:55,870 --> 01:52:51,320

his Colt 45 and says don't anybody move

2141

01:52:58,900 --> 01:52:55,880

we got a freaking saboteur on board this

2142

01:53:04,090 --> 01:52:58,910

one guy said commander commander Gaines

2143

01:53:07,630 --> 01:53:04,100

it's it's me so-and-so he says uh I the

2144

01:53:10,240 --> 01:53:07,640

guy's stuck me on Oh II told him he said

2145

01:53:11,770 --> 01:53:10,250

he said I always wanted to go on a

2146

01:53:14,140 --> 01:53:11,780

mission because all I did was load the

2147

01:53:16,990 --> 01:53:14,150

bombs and I wanted to see what happened

2148

01:53:20,170 --> 01:53:17,000

I promise

2149

01:53:23,620 --> 01:53:20,180

so away weren't marshalled I'll never do

2150

01:53:23,890 --> 01:53:23,630

it again so my dad's okay don't ever do

2151

01:53:26,350 --> 01:53:23,900

it

2152

01:53:30,660 --> 01:53:26,360

and that seen something similar to that

2153

01:53:34,570 --> 01:53:30,670

was in 12 o'clock high movie about that

2154

01:53:36,190 --> 01:53:34,580

going back all the way back we have a

2155

01:53:38,560 --> 01:53:36,200

question up on the message board I think

2156

01:53:41,740 --> 01:53:38,570

a pretty good one and we only have about

2157

01:53:44,620 --> 01:53:41,750

five minutes left here but going back to

2158

01:53:49,000 --> 01:53:44,630

the videos that you were shown by the

2159

01:53:51,790 --> 01:53:49,010

two Air Force officers can you describe

2160

01:53:54,310 --> 01:53:51,800

what they actually showed you you know

2161

01:53:56,740 --> 01:53:54,320

some you said you've seen before but

2162

01:53:59,530 --> 01:53:56,750

were there some like really interesting

2163

01:54:01,600 --> 01:53:59,540

ones this goes back to 1956 so there

2164

01:54:03,430 --> 01:54:01,610

couldn't have been well actually there

2165

01:54:07,090 --> 01:54:03,440

there was quite a bit of filming in the

2166

01:54:08,860 --> 01:54:07,100

52 and stuff like that but can you

2167

01:54:11,440 --> 01:54:08,870

describe more of what you saw

2168

01:54:14,890 --> 01:54:11,450

do you remember well these these were

2169

01:54:18,160 --> 01:54:14,900

all films you know it was a film they

2170

01:54:20,380 --> 01:54:18,170

showed me there was no video in those

2171

01:54:21,850 --> 01:54:20,390

days a lot of men films yeah I know was

2172

01:54:24,730 --> 01:54:21,860

the projector in the scroll

2173

01:54:29,260 --> 01:54:24,740

you know projector and and it was a film

2174

01:54:32,860 --> 01:54:29,270

of a film and and the film quality was

2175

01:54:35,170 --> 01:54:32,870

not good I mean it was jerky and and you

2176
01:54:38,590 --> 01:54:35,180
would you could see the objects you know

2177
01:54:40,270 --> 01:54:38,600
moving around and and it was more more

2178
01:54:42,340 --> 01:54:40,280
trying to find out is that is that

2179
01:54:45,420 --> 01:54:42,350
similar to what you saw they were trying

2180
01:54:49,110 --> 01:54:45,430
to get a visualization of what I saw

2181
01:54:52,810 --> 01:54:49,120
they never actually showed me anything

2182
01:54:57,190 --> 01:54:52,820
that was like what I saw so well it's a

2183
01:54:59,410 --> 01:54:57,200
light it's bright and you know some of

2184
01:55:01,900 --> 01:54:59,420
some of the shapes were were kind of a

2185
01:55:08,080 --> 01:55:01,910
little bit oblong looking that we're

2186
01:55:10,600 --> 01:55:08,090
moving but I had I had seen I guess in

2187
01:55:12,370 --> 01:55:10,610
the movie or something somewhere I had

2188
01:55:14,010 --> 01:55:12,380

seen one of those films because I

2189

01:55:18,700 --> 01:55:14,020

remember saying oh I've seen that before

2190

01:55:20,260 --> 01:55:18,710

but that's not what I saw and I wish I

2191

01:55:24,790 --> 01:55:20,270

could remember everything

2192

01:55:27,700 --> 01:55:24,800

they showed me but it was it was a full

2193

01:55:30,489 --> 01:55:27,710

reel I mean it is like a newsreel of you

2194

01:55:33,459 --> 01:55:30,499

know one and one after another

2195

01:55:37,450 --> 01:55:33,469

and there was nothing in between that I

2196

01:55:42,370 --> 01:55:37,460

recall like okay this is Los Alamos 1948

2197

01:55:44,560 --> 01:55:42,380

this is Topeka Kansas 1952 say what it

2198

01:55:46,859 --> 01:55:44,570

was it was just here's here's the raw

2199

01:55:49,529 --> 01:55:46,869

data is what about this what about that

2200

01:55:51,759 --> 01:55:49,539

well I'd love to see that real today I

2201

01:55:53,950 --> 01:55:51,769

wouldn't I wouldn't I'd love to see the

2202

01:55:57,879 --> 01:55:53,960

feel notes and and everything that they

2203

01:56:00,790 --> 01:55:57,889

had they don't destroy that stuff we

2204

01:56:07,870 --> 01:56:00,800

know that it's it's it's it's in a vault

2205

01:56:10,719 --> 01:56:07,880

somewhere where we don't know we you

2206

01:56:14,319 --> 01:56:10,729

know try I'm trying to find out where

2207

01:56:16,649 --> 01:56:14,329

those records might be I understand that

2208

01:56:21,040 --> 01:56:16,659

that captain ruffles

2209

01:56:22,839 --> 01:56:21,050

personal notes and records actually at

2210

01:56:27,669 --> 01:56:22,849

one time and they may still be at the

2211

01:56:29,799 --> 01:56:27,679

Hynek center i've community called them

2212

01:56:31,600 --> 01:56:29,809

written to them and and i can't get an

2213

01:56:36,939 --> 01:56:31,610

answer nobody ever answers the phone

2214

01:56:40,149 --> 01:56:36,949

nobody ever responds to messages so I

2215

01:56:41,919 --> 01:56:40,159

think there's a retired I can't remember

2216

01:56:44,319 --> 01:56:41,929

his name offhand but there's a retired

2217

01:56:47,560 --> 01:56:44,329

professor who has written a very

2218

01:56:49,779 --> 01:56:47,570

exhaustive book on on the subject and

2219

01:56:51,850 --> 01:56:49,789

probably has more information on robot

2220

01:56:56,649 --> 01:56:51,860

than anybody else but I've been unable

2221

01:56:59,290 --> 01:56:56,659

to get in contact with him so if anybody

2222

01:57:03,189 --> 01:56:59,300

you know out in the audience knows some

2223

01:57:07,270 --> 01:57:03,199

of these guys that are prominent that

2224

01:57:09,850 --> 01:57:07,280

could could help me find those notes I'd

2225

01:57:12,520 --> 01:57:09,860

love to see I'd love to hear the the

2226

01:57:14,259 --> 01:57:12,530

reel-to-reel I'd love to hear I'd like

2227

01:57:16,719 --> 01:57:14,269

to hear my twelve-year-old voice telling

2228

01:57:18,850 --> 01:57:16,729

the story and I'd like to see the I'd

2229

01:57:22,540 --> 01:57:18,860

like to see the scrapbooks one more time

2230

01:57:25,930 --> 01:57:22,550

and see how much is real and how much is

2231

01:57:27,910 --> 01:57:25,940

what I may have imagined in 60 years

2232

01:57:30,520 --> 01:57:27,920

since then right so if anyone's out

2233

01:57:34,209 --> 01:57:30,530

there listening that can somehow get any

2234

01:57:35,529 --> 01:57:34,219

of this access or stumble across it they

2235

01:57:37,560 --> 01:57:35,539

can always get a hold of me and I can

2236

01:57:41,169 --> 01:57:37,570

reach out to you so thank you so much

2237

01:57:42,790 --> 01:57:41,179

for all show this evening it's a it's a

2238

01:57:43,660 --> 01:57:42,800

pleasure I hope I didn't talk your ear

2239

01:57:46,050 --> 01:57:43,670

off

2240

01:57:48,700 --> 01:57:46,060

well that's what you're supposed to do

2241

01:57:51,040 --> 01:57:48,710

well it was it was great being able to

2242

01:57:52,690 --> 01:57:51,050

share and I'm sure I must have left

2243

01:57:56,170 --> 01:57:52,700

something out along the way but I've

2244

01:57:58,920 --> 01:57:56,180

tried to be as comprehensive as I could

2245

01:58:01,450 --> 01:57:58,930

yeah I was great all right thanks a lot

2246

01:58:04,750 --> 01:58:01,460

you're welcome Martin and thank you for

2247

01:58:06,700 --> 01:58:04,760

having me on take care bye bye bye all

2248

01:58:08,440 --> 01:58:06,710

right so that's it for our show this

2249

01:58:11,770 --> 01:58:08,450

the show or listening live and we'll be

2251

01:58:19,330 --> 01:58:14,840

back at the same time next week right

2252

01:58:21,430 --> 01:58:19,340

here on podcast UFO or PSN radio and I'm

2253

01:58:23,980 --> 01:58:21,440

not sure how our guest is next week I do

2254

01:58:27,550 --> 01:58:23,990

not have a confirmation but if you pay

2255

01:58:29,230 --> 01:58:27,560

attention to podcast UFO on Sunday I

2256

01:58:30,700 --> 01:58:29,240

will have the new guest posted then
