

A night scene of a marina with a glowing UFO in the sky. The UFO is a saucer-shaped object with a bright light on top and a dark underside, flying across the dark blue sky. The marina below has several boats docked at a pier, with their lights reflecting on the water. The overall atmosphere is mysterious and dark.

1  
00:00:04,039 --> 00:00:03,260  
and it hits me oh my gosh this is that

2  
00:00:05,150 --> 00:00:04,049  
triangle

3  
00:00:06,260 --> 00:00:05,160  
you know there's explanation for

4  
00:00:09,169 --> 00:00:06,270  
everything that occurred in the

5  
00:00:12,080 --> 00:00:09,179  
Rendlesham forest incident that aliens

6  
00:00:15,320 --> 00:00:12,090  
at all it was completely silent it comes

7  
00:00:17,570 --> 00:00:15,330  
right over our head it's so classic

8  
00:00:19,189 --> 00:00:17,580  
flying-saucer really standing in the

9  
00:00:20,870 --> 00:00:19,199  
clearing he turned over it's my father

10  
00:00:26,689 --> 00:00:20,880  
held his hand and he looked in his eyes

11  
00:00:29,330 --> 00:00:26,699  
he said we're not alone welcome to

12  
00:00:31,700 --> 00:00:29,340  
podcast UFO for our live show

13  
00:00:35,120 --> 00:00:31,710

we're live every Wednesday at 8 p.m.

19  
00:00:49,250 --> 00:00:46,980  
Martin Willis your host in just a minute

20  
00:00:52,160 --> 00:00:49,260  
we have Alejandro Rojas coming up with

21  
00:00:54,680 --> 00:00:52,170  
the UFO updates and our guest this

22  
00:00:56,450 --> 00:00:54,690  
evening is sam moranto he's a repeat

23  
00:00:58,340 --> 00:00:56,460  
guests he's been on a number of times

24  
00:01:01,400 --> 00:00:58,350  
used to actually help out with the show

25  
00:01:04,820 --> 00:01:01,410  
way back when and you can actually

26

00:01:06,500 --> 00:01:04,830

listen to these old shows and archives

27

00:01:08,690 --> 00:01:06,510

if you support the show for only two

28

00:01:10,870 --> 00:01:08,700

dollars or more a month if you are

29

00:01:13,160 --> 00:01:10,880

supporting show thank you if you cannot

30

00:01:16,520 --> 00:01:13,170

then you can still listen to the whole

31

00:01:18,350 --> 00:01:16,530

show live every Wednesday evening at 8

32

00:01:22,820 --> 00:01:18,360

p.m. to 10 p.m. Eastern Standard Time

33

00:01:26,600 --> 00:01:22,830

right here on podcast UFO calm or on PS

34

00:01:27,950 --> 00:01:26,610

and radio and also if that's not a good

35

00:01:30,319 --> 00:01:27,960

night for you you can listen to the full

36

00:01:32,840 --> 00:01:30,329

show on the Dark Matter digital network

37

00:01:35,590 --> 00:01:32,850

and that's Thursdays at 10 o'clock to

38

00:01:38,719 --> 00:01:35,600

midnight Eastern Standard Time and

39

00:01:42,590 --> 00:01:38,729

Alejandro how are you you're back from

40

00:01:46,249 --> 00:01:42,600

the South from Florida I am I am back

41

00:01:48,889 --> 00:01:46,259

from Florida yeah I want to hear how

42

00:01:52,370 --> 00:01:48,899

that went uh some of my UFO buddies were

43

00:01:53,330 --> 00:01:52,380

there how was that it went great yeah it

44

00:01:55,910 --> 00:01:53,340

was a lot of fun

45

00:01:58,999 --> 00:01:55,920

I thought the lineup was great you just

46

00:02:02,690 --> 00:01:59,009

mentioned the PSN network angel Espino

47

00:02:04,490 --> 00:02:02,700

who started that lives in Florida and

48

00:02:09,260 --> 00:02:04,500

he's someone I've been working with for

49

00:02:11,089 --> 00:02:09,270

years and he says I don't know if you've

50

00:02:12,949 --> 00:02:11,099

heard this and I'm very flattered he

51  
00:02:13,940 --> 00:02:12,959  
says it over and over again he got

52  
00:02:15,830 --> 00:02:13,950  
inspired even to

53  
00:02:18,699 --> 00:02:15,840  
do podcasting because he was a fan of my

54  
00:02:22,160 --> 00:02:18,709  
show but I remember back in the day

55  
00:02:25,729 --> 00:02:22,170  
hearing from him so but after all of

56  
00:02:26,710 --> 00:02:25,739  
these years of him listening to my UFO

57  
00:02:30,470 --> 00:02:26,720  
show

58  
00:02:32,059 --> 00:02:30,480  
UFO think tank and then open minds this

59  
00:02:32,509 --> 00:02:32,069  
is the first time I've met him face to

60  
00:02:36,110 --> 00:02:32,519  
face

61  
00:02:39,620 --> 00:02:36,120  
ah so that was really cool but otherwise

62  
00:02:43,220 --> 00:02:39,630  
great speakers I mean Erlang strand from

63  
00:02:46,300 --> 00:02:43,230

Norway where I excellent yeah that was

64

00:02:49,339 --> 00:02:46,310

really cool to hear him and his

65

00:02:52,569 --> 00:02:49,349

perspectives on that and I was able to

66

00:02:55,400 --> 00:02:52,579

confirm if you didn't make it to move on

67

00:02:58,250 --> 00:02:55,410

we're gonna bring him to the UFO

68

00:03:00,620 --> 00:02:58,260

Congress so oh he says his schedule

69

00:03:03,440 --> 00:03:00,630

should be able to accommodate it and he

70

00:03:05,330 --> 00:03:03,450

is very excited about it so wait till

71

00:03:07,280 --> 00:03:05,340

you see some of the video and cool stuff

72

00:03:08,990 --> 00:03:07,290

they have from Norway there I can't

73

00:03:10,370 --> 00:03:09,000

believe that just just for the listener

74

00:03:12,259 --> 00:03:10,380

that's not aware of this this is a

75

00:03:14,300 --> 00:03:12,269

scientific study that's been going on

76

00:03:16,520 --> 00:03:14,310

for a long time there's a little like a

77

00:03:20,210 --> 00:03:16,530

little outbuilding separate building

78

00:03:21,830 --> 00:03:20,220

with instruments right yeah they have a

79

00:03:24,710 --> 00:03:21,840

building with a bunch of instruments

80

00:03:27,080 --> 00:03:24,720

that they measure this light phenomena

81

00:03:30,470 --> 00:03:27,090

that happens in this area called Heslin

82

00:03:32,930 --> 00:03:30,480

and they have plenty of videos in fact

83

00:03:35,180 --> 00:03:32,940

you could go to youtube and google the

84

00:03:37,900 --> 00:03:35,190

has DeLand lights and you're gonna find

85

00:03:40,309 --> 00:03:37,910

a lot of videos that have been captured

86

00:03:43,190 --> 00:03:40,319

he is a professor I think at the

87

00:03:45,319 --> 00:03:43,200

University of Oslo but I know lots of

88

00:03:47,360 --> 00:03:45,329

people out of that university have

89

00:03:49,250 --> 00:03:47,370

headed up a scientific investigation of

90

00:03:52,610 --> 00:03:49,260

these lights they don't know what they

91

00:03:53,930 --> 00:03:52,620

are and interesting enough you know that

92

00:03:58,069 --> 00:03:53,940

they think they could be some sort of

93

00:04:00,410 --> 00:03:58,079

plasma ball and professor strand does

94

00:04:02,270 --> 00:04:00,420

not agree with that he thinks that they

95

00:04:04,789 --> 00:04:02,280

appear at times to be intelligently

96

00:04:08,000 --> 00:04:04,799

controlled which is a very interesting

97

00:04:10,339 --> 00:04:08,010

thing I was shocked by that yes I think

98

00:04:13,789 --> 00:04:10,349

up I think I've heard someone else say

99

00:04:15,050 --> 00:04:13,799

that that maybe was him on does he

100

00:04:18,440 --> 00:04:15,060

actually say that one of the YouTube

101

00:04:20,960 --> 00:04:18,450

videos I'm not sure I'm not sure but

102

00:04:25,219 --> 00:04:20,970

there is a documentary that actually won

103

00:04:27,680 --> 00:04:25,229

the I think a lot on People's Choice or

104

00:04:29,870 --> 00:04:27,690

or best full-length documentary at

105

00:04:31,640 --> 00:04:29,880

the UFO Congress just a few years ago on

106

00:04:33,890 --> 00:04:31,650

this case a couple of people from Norway

107

00:04:35,600 --> 00:04:33,900

they actually came out to the UFO

108

00:04:38,570 --> 00:04:35,610

Congress from Norway to accept their

109

00:04:40,640 --> 00:04:38,580

award and to show their documentary but

110

00:04:42,790 --> 00:04:40,650

there is a great documentary out there

111

00:04:46,310 --> 00:04:42,800

and they do have a version in English or

112

00:04:48,770 --> 00:04:46,320

on the head stolen lights yeah yeah

113

00:04:51,530 --> 00:04:48,780

that's a that's a another one of these

114

00:04:54,050 --> 00:04:51,540

areas but to hear you know someone like

115

00:04:56,210 --> 00:04:54,060

him who's been studying at think that

116

00:04:59,750 --> 00:04:56,220

there aren't as intelligently controlled

117

00:05:01,820 --> 00:04:59,760

that is pretty exciting mm-hmm because I

118

00:05:04,540 --> 00:05:01,830

know that like for instance Brown

119

00:05:07,880 --> 00:05:04,550

Mountain there's a lot of copper

120

00:05:09,370 --> 00:05:07,890

deposits in the in the ground there

121

00:05:11,870 --> 00:05:09,380

around there and a lot of people are

122

00:05:14,630 --> 00:05:11,880

suggesting that somehow that has to do

123

00:05:17,750 --> 00:05:14,640

with you know some type of reaction you

124

00:05:19,790 --> 00:05:17,760

know natural phenomena mm-hmm and I was

125

00:05:21,950 --> 00:05:19,800

wondering about where the Heslin lights

126

00:05:25,340 --> 00:05:21,960

are if that's also if there's any type

127

00:05:27,230 --> 00:05:25,350

of deposits of any type of minerals or

128

00:05:29,510 --> 00:05:27,240

metals or anything like that that's one

129

00:05:32,630 --> 00:05:29,520

of the questions I would ask people can

130

00:05:35,570 --> 00:05:32,640

look in the analysis and they that has

131

00:05:37,880 --> 00:05:35,580

been done the geography of the area the

132

00:05:41,900 --> 00:05:37,890

geology of the area has all been looked

133

00:05:44,900 --> 00:05:41,910

into as to part of the mystery although

134

00:05:47,060 --> 00:05:44,910

I think some people argue that the

135

00:05:49,760 --> 00:05:47,070

geology although there are some things

136

00:05:51,830 --> 00:05:49,770

that are different out there that could

137

00:05:55,180 --> 00:05:51,840

be causing it I don't know that

138

00:05:58,940 --> 00:05:55,190

anybody's seen that it's particularly

139

00:06:01,100 --> 00:05:58,950

you know unique that it has features

140

00:06:05,659 --> 00:06:01,110

that you can't find other places that

141

00:06:08,150 --> 00:06:05,669

don't have this phenomena Wow happening

142

00:06:11,510 --> 00:06:08,160

that's pretty calm what about Ben moss

143

00:06:13,640 --> 00:06:11,520

and Tony I was very excited to hear they

144

00:06:15,890 --> 00:06:13,650

were talking mostly about the Socorro

145

00:06:18,440 --> 00:06:15,900

incident weren't they yeah that was

146

00:06:20,990 --> 00:06:18,450

really interesting especially for people

147

00:06:22,370 --> 00:06:21,000

well it was interesting I was gonna say

148

00:06:24,470 --> 00:06:22,380

that was really interesting especially

149

00:06:27,620 --> 00:06:24,480

for people who don't know about that

150

00:06:29,420 --> 00:06:27,630

case but it is actually very interesting

151  
00:06:32,450 --> 00:06:29,430  
for people who do know about the case

152  
00:06:35,480 --> 00:06:32,460  
such as myself also because I got to

153  
00:06:39,200 --> 00:06:35,490  
learn about more witnesses there are a

154  
00:06:41,370 --> 00:06:39,210  
lot more witnesses and then I knew I got

155  
00:06:43,680 --> 00:06:41,380  
to see the analysis on you know

156  
00:06:47,490 --> 00:06:43,690  
the things that people thought it could

157  
00:06:50,250 --> 00:06:47,500  
be and why it was not more pictures in

158  
00:06:53,690 --> 00:06:50,260  
that I've ever seen of you know Lonnie

159  
00:06:59,400 --> 00:06:53,700  
Zamora the person who witnessed that

160  
00:07:01,940 --> 00:06:59,410  
that UFO in a great video with Rafe out

161  
00:07:05,790 --> 00:07:01,950  
or ray Stanford

162  
00:07:08,040 --> 00:07:05,800  
yeah Stanford yeah and it's you know

163  
00:07:11,220 --> 00:07:08,050

talking about his research into this

164

00:07:13,800 --> 00:07:11,230

he's the the guy who's researched it the

165

00:07:16,200 --> 00:07:13,810

most I mean for many many years and so

166

00:07:18,930 --> 00:07:16,210

it was really cool to see him talking

167

00:07:21,720 --> 00:07:18,940

about it and to see pictures and and a

168

00:07:24,600 --> 00:07:21,730

video of him and talking with Hynek as a

169

00:07:27,420 --> 00:07:24,610

very young man about the investigation

170

00:07:29,160 --> 00:07:27,430

so some really cool stuff that was a lot

171

00:07:29,700 --> 00:07:29,170

of fun yeah I would like to see that

172

00:07:32,790 --> 00:07:29,710

myself

173

00:07:34,620 --> 00:07:32,800

I really would and Ray is a dedicated

174

00:07:35,790 --> 00:07:34,630

listener to this show so he's listening

175

00:07:41,910 --> 00:07:35,800

right now I'm sure of it

176

00:07:43,800 --> 00:07:41,920

great yeah the other talks and they were

177

00:07:45,900 --> 00:07:43,810

all good I don't think there was a bad

178

00:07:47,730 --> 00:07:45,910

talk at all a lot of them were really

179

00:07:49,830 --> 00:07:47,740

fun but you know I wanted to highlight

180

00:07:52,200 --> 00:07:49,840

some of the unique ones that you do we

181

00:07:54,270 --> 00:07:52,210

haven't heard before and I had bill

182

00:07:56,970 --> 00:07:54,280

Schroder on my show recently

183

00:07:58,710 --> 00:07:56,980

MUFON man he goes by a retired police

184

00:08:03,630 --> 00:07:58,720

officer who had an incredible sighting

185

00:08:06,090 --> 00:08:03,640

and he hadn't spoken you know at a UFO

186

00:08:07,620 --> 00:08:06,100

conference before but he did great he

187

00:08:10,530 --> 00:08:07,630

was really interesting he had a

188

00:08:12,690 --> 00:08:10,540

phenomenal case a sighting he had while

189

00:08:15,480 --> 00:08:12,700

he was in the military that he spoke

190

00:08:18,060 --> 00:08:15,490

about and it was a really and he was

191

00:08:21,870 --> 00:08:18,070

just great I mean he's a very likable

192

00:08:24,600 --> 00:08:21,880

person and it was just one of those

193

00:08:27,270 --> 00:08:24,610

great things to see someone with you

194

00:08:29,760 --> 00:08:27,280

know the the background he has talking

195

00:08:32,400 --> 00:08:29,770

about his investigations into the topic

196

00:08:34,560 --> 00:08:32,410

but he was really good too but everybody

197

00:08:39,060 --> 00:08:34,570

was really good I thought it was great

198

00:08:39,990 --> 00:08:39,070

some people have commented that there

199

00:08:42,270 --> 00:08:40,000

was a low turnout

200

00:08:44,340 --> 00:08:42,280

I saw it somebody online say something

201  
00:08:46,410 --> 00:08:44,350  
like that I didn't notice that I mean I

202  
00:08:48,090 --> 00:08:46,420  
go to MUFON conferences every single

203  
00:08:50,400 --> 00:08:48,100  
year I think I've only missed one the

204  
00:08:53,370 --> 00:08:50,410  
one in Kentucky maybe three or four

205  
00:08:55,550 --> 00:08:53,380  
years ago and they've all had similar

206  
00:08:58,680 --> 00:08:55,560  
turnouts I think

207  
00:09:03,690 --> 00:08:58,690  
california-irvine always does a little

208  
00:09:06,570 --> 00:09:03,700  
better and otherwise you know they're

209  
00:09:09,000 --> 00:09:06,580  
all about the same and this one was not

210  
00:09:11,220 --> 00:09:09,010  
the least attendant that I've seen so it

211  
00:09:13,560 --> 00:09:11,230  
was you know it had a good turnout I

212  
00:09:16,949 --> 00:09:13,570  
mean at the dinner there was a big that

213  
00:09:19,500 --> 00:09:16,959

the room was full so it was really fun

214

00:09:21,510 --> 00:09:19,510

and just that the number of people is

215

00:09:24,210 --> 00:09:21,520

great we were talking about Earling

216

00:09:26,430 --> 00:09:24,220

strand he's actually what they've done

217

00:09:28,380 --> 00:09:26,440

out at the Heslin lights with all of

218

00:09:30,570 --> 00:09:28,390

these cameras and everything that that

219

00:09:33,389 --> 00:09:30,580

group UFO data is trying to reproduce

220

00:09:36,360 --> 00:09:33,399

and put more units around and and

221

00:09:38,190 --> 00:09:36,370

Earling is part of that crew but it was

222

00:09:40,949 --> 00:09:38,200

interesting they had at least kind of a

223

00:09:44,400 --> 00:09:40,959

couple social so socials or gatherings

224

00:09:47,070 --> 00:09:44,410

where people from UFO data mark from

225

00:09:49,740 --> 00:09:47,080

who's got the you photog project going

226

00:09:52,430 --> 00:09:49,750

on and Bill Schroeder and Morgan Bell

227

00:09:55,920 --> 00:09:52,440

from Florida MUFON they have their own

228

00:09:58,110 --> 00:09:55,930

night sky observation kind of project

229

00:10:00,449 --> 00:09:58,120

that they've been doing as well so they

230

00:10:02,519 --> 00:10:00,459

all got together to kind of share what

231

00:10:04,980 --> 00:10:02,529

they were doing the idea was them to

232

00:10:07,500 --> 00:10:04,990

hopefully network and share ideas and

233

00:10:11,400 --> 00:10:07,510

work together I don't know if that's

234

00:10:14,040 --> 00:10:11,410

gonna happen I don't know that in these

235

00:10:15,690 --> 00:10:14,050

meetings we learn at least I learn

236

00:10:18,150 --> 00:10:15,700

anything that I didn't know before but

237

00:10:19,829 --> 00:10:18,160

that's kind of I it's not necessarily

238

00:10:24,000 --> 00:10:19,839

fair because I've interviewed all of

239

00:10:26,010 --> 00:10:24,010

these guys whereas others haven't so but

240

00:10:29,880 --> 00:10:26,020

it was really cool that they actually

241

00:10:31,490 --> 00:10:29,890

all got to be together and and discuss

242

00:10:33,600 --> 00:10:31,500

their projects so that was another

243

00:10:35,610 --> 00:10:33,610

important thing that happened out there

244

00:10:38,130 --> 00:10:35,620

yeah I'm actually glad to hear that

245

00:10:41,550 --> 00:10:38,140

happen because I've actually been

246

00:10:43,410 --> 00:10:41,560

advocating that the they talk so it

247

00:10:45,030 --> 00:10:43,420

sounds like perhaps a first step or

248

00:10:47,460 --> 00:10:45,040

maybe they have even gone beyond that

249

00:10:53,269 --> 00:10:47,470

that's excellent yeah at least a first

250

00:10:56,370 --> 00:10:53,279

step and then I also got to go to Epcot

251  
00:10:57,930 --> 00:10:56,380  
where I got to participate in a mission

252  
00:11:00,360 --> 00:10:57,940  
to Mars oh really

253  
00:11:03,780 --> 00:11:00,370  
yeah things went a little haywire we

254  
00:11:06,150 --> 00:11:03,790  
were on a bracket the there was some

255  
00:11:08,230 --> 00:11:06,160  
sort of telemetry that went wrong so we

256  
00:11:12,940 --> 00:11:08,240  
kind of had to crash-land on

257  
00:11:14,620 --> 00:11:12,950  
but Gary Sinise was our at the Capcom

258  
00:11:17,590 --> 00:11:14,630  
you know guiding us through everything

259  
00:11:20,680 --> 00:11:17,600  
and we made it you made it awesome how

260  
00:11:22,720 --> 00:11:20,690  
is the Red Planet these days uh it looks

261  
00:11:25,720 --> 00:11:22,730  
good looks good there's a base out there

262  
00:11:29,260 --> 00:11:25,730  
and when we arrived and Satan finally

263  
00:11:31,810 --> 00:11:29,270

landed safely the personnel at the base

264

00:11:35,350 --> 00:11:31,820

were really excited did you happen to

265

00:11:38,620 --> 00:11:35,360

see Schwarzenegger swatching Haga was

266

00:11:40,810 --> 00:11:38,630

not there I just wanted to hear you

267

00:11:46,060 --> 00:11:40,820

imitate him that's why I brought that up

268

00:11:48,250 --> 00:11:46,070

wow that's great so what glassed amaz so

269

00:11:50,139 --> 00:11:48,260

what else is going on anything happening

270

00:11:53,139 --> 00:11:50,149

four sightings or anything like that

271

00:11:56,110 --> 00:11:53,149

that's really the best news out there no

272

00:11:59,290 --> 00:11:56,120

there are some things going on there is

273

00:12:02,110 --> 00:11:59,300

a bit an interesting UFO video from

274

00:12:04,810 --> 00:12:02,120

August 19 to 2016 that we just posted

275

00:12:07,120 --> 00:12:04,820

yesterday from Portland Oregon of course

276

00:12:10,360 --> 00:12:07,130

this is another Roger Marsh story from

277

00:12:12,819 --> 00:12:10,370

the MUFON files what's interesting about

278

00:12:15,100 --> 00:12:12,829

this is you do see some lights in the

279

00:12:17,620 --> 00:12:15,110

sky it starts off with a couple lights

280

00:12:19,060 --> 00:12:17,630

in the sky and and they look to be kind

281

00:12:22,420 --> 00:12:19,070

of flickering so you're thinking well

282

00:12:24,699 --> 00:12:22,430

maybe Chinese lanterns may be flares but

283

00:12:26,710 --> 00:12:24,709

then another light comes on a little

284

00:12:31,150 --> 00:12:26,720

further away flickers for a while and

285

00:12:34,090 --> 00:12:31,160

then goes out which is not indicative of

286

00:12:38,319 --> 00:12:34,100

a Chinese lantern that's not so strange

287

00:12:40,810 --> 00:12:38,329

for a flare however they're it's not

288

00:12:43,510 --> 00:12:40,820

over at there aren't any military bases

289

00:12:45,940 --> 00:12:43,520

in the area it appears so there still

290

00:12:48,579 --> 00:12:45,950

could be a prosaic answer to this

291

00:12:52,210 --> 00:12:48,589

sighting but it is a little bit odd at

292

00:12:55,569 --> 00:12:52,220

first so at least I haven't seen anybody

293

00:12:57,610 --> 00:12:55,579

really crack this case yet but yeah

294

00:12:58,720 --> 00:12:57,620

that's an interesting one well yeah a

295

00:13:01,870 --> 00:12:58,730

Chinese lantern

296

00:13:04,540 --> 00:13:01,880

cannot rise without being on the whole

297

00:13:07,480 --> 00:13:04,550

entire time so forth exactly just come

298

00:13:09,970 --> 00:13:07,490

on that is interesting a flare could do

299

00:13:10,960 --> 00:13:09,980

that but you'd see a streak when it was

300

00:13:13,240 --> 00:13:10,970

shot up you know you

301

00:13:17,910 --> 00:13:13,250

if someone shot out of a flare gun or

302

00:13:20,560 --> 00:13:17,920

something yeah yeah so yeah I don't know

303

00:13:22,000 --> 00:13:20,570

there have been divers you know with

304

00:13:24,850 --> 00:13:22,010

shrieking right

305

00:13:26,230 --> 00:13:24,860

on them oh that's I don't know yeah I

306

00:13:27,640 --> 00:13:26,240

don't know what it might have been it

307

00:13:29,200 --> 00:13:27,650

didn't look like that either because you

308

00:13:31,480 --> 00:13:29,210

see them kind of twisting and turning

309

00:13:35,320 --> 00:13:31,490

and and things like that so I'm not

310

00:13:37,660 --> 00:13:35,330

quite sure what it is yet but it's

311

00:13:40,180 --> 00:13:37,670

pretty interesting so what else is

312

00:13:42,460 --> 00:13:40,190

happening yeah there are a couple

313

00:13:45,610 --> 00:13:42,470

headlines too you know and we post those

314

00:13:47,680 --> 00:13:45,620

on our front page also under articles

315

00:13:50,200 --> 00:13:47,690

you can go see the daily UFO headlines

316

00:13:52,030 --> 00:13:50,210

but just a couple bigger stories that

317

00:13:54,550 --> 00:13:52,040

are out there that we we don't

318

00:13:57,220 --> 00:13:54,560

necessarily have stories from but the

319

00:14:00,610 --> 00:13:57,230

biggest being said I haven't gotten a

320

00:14:03,250 --> 00:14:00,620

signal recently that was a strong signal

321

00:14:05,290 --> 00:14:03,260

and it seems like more of the media is

322

00:14:08,680 --> 00:14:05,300

saying it possibly could have been alien

323

00:14:12,310 --> 00:14:08,690

as opposed to SETI itself in fact Shaw

324

00:14:14,380 --> 00:14:12,320

stack says Shaw stack posted a video on

325

00:14:16,840 --> 00:14:14,390

why he doesn't think it's aliens but

326

00:14:20,170 --> 00:14:16,850

that's creating kind of a buzz out there

327

00:14:24,240 --> 00:14:20,180

too I bet so this happened back into a

328

00:14:27,340 --> 00:14:24,250

prolonged 2015 if I recall and the

329

00:14:30,040 --> 00:14:27,350

Russians and I'm trying to think who

330

00:14:33,010 --> 00:14:30,050

else we're involved and kind of didn't

331

00:14:34,270 --> 00:14:33,020

really talk about it until recently so

332

00:14:37,540 --> 00:14:34,280

I'm sure there's a little bit of buzz

333

00:14:40,120 --> 00:14:37,550

about that as well yeah so everybody's

334

00:14:42,280 --> 00:14:40,130

posting about that it's really all over

335

00:14:47,470 --> 00:14:42,290

the place yeah if I remember right it's

336

00:14:52,510 --> 00:14:47,480

96 light years away and they know that

337

00:14:53,920 --> 00:14:52,520

there is a planet around that Sun but

338

00:14:55,630 --> 00:14:53,930

they're not they think it's more like a

339

00:14:58,240 --> 00:14:55,640

mercury type planet or something like

340

00:15:02,950 --> 00:14:58,250

that no earth-like planet found but

341

00:15:05,170 --> 00:15:02,960

szostak is is obviously pretty I think

342

00:15:07,690 --> 00:15:05,180

he's a little peeved that people are

343

00:15:11,710 --> 00:15:07,700

running with this kind an alien signal

344

00:15:14,860 --> 00:15:11,720

yeah well I think the reason are part of

345

00:15:16,300 --> 00:15:14,870

the reason is you know anytime someone

346

00:15:18,490 --> 00:15:16,310

keeps something quiet for a while and

347

00:15:21,010 --> 00:15:18,500

then it comes out you know if the

348

00:15:23,350 --> 00:15:21,020

conspiracy conspiracy theorists kind of

349

00:15:25,480 --> 00:15:23,360

go after something like that and it's

350

00:15:27,370 --> 00:15:25,490

more fun to put in your headline aliens

351  
00:15:29,620 --> 00:15:27,380  
you know you're gonna get some more

352  
00:15:32,380 --> 00:15:29,630  
clicks if you put that in there slightly

353  
00:15:34,000 --> 00:15:32,390  
yeah yeah absolutely

354  
00:15:36,020 --> 00:15:34,010  
hey you said there was a couple things

355  
00:15:38,390 --> 00:15:36,030  
anything else

356  
00:15:39,860 --> 00:15:38,400  
yeah let me see there are other videos I

357  
00:15:44,380 --> 00:15:39,870  
mean interesting enough there have been

358  
00:15:45,620 --> 00:15:44,390  
some videos in lately so for instance in

359  
00:15:47,600 --> 00:15:45,630  
weicome

360  
00:15:50,990 --> 00:15:47,610  
most of these are kind of in the UK

361  
00:15:54,620 --> 00:15:51,000  
actually there was a blue flash that was

362  
00:15:56,240 --> 00:15:54,630  
in the sky otherwise just the news has

363  
00:16:00,050 --> 00:15:56,250

some other videos out there that luckily

364

00:16:02,870 --> 00:16:00,060

are not from security 10 or or what's

365

00:16:05,000 --> 00:16:02,880

this other one section 51 I think or

366

00:16:06,800 --> 00:16:05,010

from you know hoax videos these are just

367

00:16:08,930 --> 00:16:06,810

people who have submitted videos to them

368

00:16:11,330 --> 00:16:08,940

and some of them are a bit interesting

369

00:16:14,300 --> 00:16:11,340

but yeah there have been a quite a few

370

00:16:16,010 --> 00:16:14,310

of those out lately as well which is

371

00:16:19,640 --> 00:16:16,020

pretty cool and you can see everything

372

00:16:21,980 --> 00:16:19,650

on your website or link to it so most of

373

00:16:23,330 --> 00:16:21,990

them right yeah exactly all of these you

374

00:16:25,520 --> 00:16:23,340

can find an open mind to that TV

375

00:16:28,610 --> 00:16:25,530

excellent so thanks so much

376

00:16:30,560 --> 00:16:28,620

Alejandro thank you my friend alright

377

00:16:34,280 --> 00:16:30,570

and glad to have you back safe and sound

378

00:16:35,780 --> 00:16:34,290

and we'll be talking next week excellent

379

00:16:37,490 --> 00:16:35,790

all right hang on everyone

380

00:16:39,320 --> 00:16:37,500

we have a quick music break and we'll be

381

00:17:45,110 --> 00:16:39,330

right back with the one and only Sam

382

00:17:50,880 --> 00:17:48,840

that clip is by Bruce Renier a fan of

383

00:17:53,940 --> 00:17:50,890

the show he lives in Canada thank you

384

00:17:54,830 --> 00:17:53,950

Bruce sam moranto welcome back to the

385

00:17:58,340 --> 00:17:54,840

show

386

00:18:01,710 --> 00:17:58,350

what a pleasure to be back my friend and

387

00:18:03,930 --> 00:18:01,720

it's nice hearing Alejandro's voice and

388

00:18:07,560 --> 00:18:03,940

did we not have one act of a great time

389

00:18:09,299 --> 00:18:07,570

at the conference oh my gosh that was

390

00:18:12,480 --> 00:18:09,309

that was really a blast

391

00:18:15,680 --> 00:18:12,490

it was so great hanging with you and

392

00:18:19,200 --> 00:18:15,690

Julie we just had such a good time and

393

00:18:21,330 --> 00:18:19,210

by the way if you haven't heard sam

394

00:18:25,590 --> 00:18:21,340

moranto on the show before and you're

395

00:18:28,620 --> 00:18:25,600

new to us Sam was on with we were

396

00:18:30,870 --> 00:18:28,630

together for a little while helping out

397

00:18:34,549 --> 00:18:30,880

with the show and I consider Sam one of

398

00:18:37,620 --> 00:18:34,559

my good friends and really a pleasure to

399

00:18:40,560 --> 00:18:37,630

always talk to you Sam well it's it's

400

00:18:42,210 --> 00:18:40,570

the same goes this way here but I tell

401  
00:18:44,700 --> 00:18:42,220  
you what it was a perfect marriage as

402  
00:18:47,430 --> 00:18:44,710  
far as talents and abilities with you

403  
00:18:49,980 --> 00:18:47,440  
and Halle Han dro and I want to thank

404  
00:18:51,659 --> 00:18:49,990  
you very much for starting out with you

405  
00:18:54,990 --> 00:18:51,669  
in those early days we did have a good

406  
00:18:56,789 --> 00:18:55,000  
time but I know we're talents really

407  
00:19:00,810 --> 00:18:56,799  
seemed to work together and you guys

408  
00:19:04,799 --> 00:19:00,820  
just gel perfectly gel that's a good

409  
00:19:06,930 --> 00:19:04,809  
word yes yeah so for the listener out

410  
00:19:09,899 --> 00:19:06,940  
there again who is new who hasn't heard

411  
00:19:11,370 --> 00:19:09,909  
you before I know a number of people as

412  
00:19:13,799 --> 00:19:11,380  
for you in the chat room that have heard

413  
00:19:18,090 --> 00:19:13,809

you on a few times but can you kind of

414

00:19:19,710 --> 00:19:18,100

go into who you are and and your I know

415

00:19:21,269 --> 00:19:19,720

you had a sighting I think when you were

416

00:19:23,490 --> 00:19:21,279

nine years old or something you're very

417

00:19:25,440 --> 00:19:23,500

young I believe but anyway can you kind

418

00:19:29,940 --> 00:19:25,450

of go into all that stuff too for the

419

00:19:33,659 --> 00:19:29,950

new listener sure my you ufology found

420

00:19:37,620 --> 00:19:33,669

me I didn't find it I had my first

421

00:19:41,009 --> 00:19:37,630

experience in 1959 when I was a child

422

00:19:43,289 --> 00:19:41,019

probably about let's see I'm 61 years

423

00:19:46,950 --> 00:19:43,299

old my birthday's coming up on the 14th

424

00:19:50,310 --> 00:19:46,960

of September so I was a young guy out

425

00:19:53,039 --> 00:19:50,320

there at my uncle's cottage exploring

426  
00:19:54,430 --> 00:19:53,049  
while he was working on his new cottage

427  
00:19:58,119 --> 00:19:54,440  
and he had just

428  
00:20:00,249 --> 00:19:58,129  
dug a well that day they were out there

429  
00:20:02,470 --> 00:20:00,259  
digging the well and of course I had to

430  
00:20:04,600 --> 00:20:02,480  
find out how deep it was I'm dropping

431  
00:20:06,220 --> 00:20:04,610  
all sorts of stuff down there and he

432  
00:20:08,230 --> 00:20:06,230  
goes and he says get away from there

433  
00:20:12,129 --> 00:20:08,240  
don't go drop anything down so I go in

434  
00:20:13,749 --> 00:20:12,139  
the back and there was a canal that

435  
00:20:18,580 --> 00:20:13,759  
connects to a lake this would be in the

436  
00:20:19,180 --> 00:20:18,590  
Fox Lake area in McHenry Fox Lake area

437  
00:20:21,490 --> 00:20:19,190  
up north

438  
00:20:23,590 --> 00:20:21,500

Nilla noi saw him out there and i'm

439

00:20:27,700 --> 00:20:23,600

pitching you know skipping rocks across

440

00:20:29,919 --> 00:20:27,710

the the canal over there or channel and

441

00:20:33,249 --> 00:20:29,929

all of a sudden there was this brilliant

442

00:20:36,149 --> 00:20:33,259

orb of light comes flying across my

443

00:20:39,009 --> 00:20:36,159

right shoulder goes over a fence and

444

00:20:43,299 --> 00:20:39,019

goes and back of a willow and shoots

445

00:20:46,840 --> 00:20:43,309

back up into the clouds and it became

446

00:20:49,299 --> 00:20:46,850

very strange because my body was really

447

00:20:54,159 --> 00:20:49,309

hot at that point it frightened the heck

448

00:20:57,129 --> 00:20:54,169

out of me and I was very warm and before

449

00:20:59,590 --> 00:20:57,139

I knew it time lapsed extremely quick my

450

00:21:02,649 --> 00:20:59,600

aunt was looking for me and it was dark

451  
00:21:04,810 --> 00:21:02,659  
out and she says where were you why were

452  
00:21:06,879 --> 00:21:04,820  
you hiding what were you doing back here

453  
00:21:09,279 --> 00:21:06,889  
why were you hiding from me I go I was

454  
00:21:12,129 --> 00:21:09,289  
here all this time and apparently

455  
00:21:14,230 --> 00:21:12,139  
something transpired because it scared

456  
00:21:17,169 --> 00:21:14,240  
the bejesus out of me I jumped into the

457  
00:21:19,180 --> 00:21:17,179  
car we went back home like we got out of

458  
00:21:21,940 --> 00:21:19,190  
the house got into the house I crawled

459  
00:21:24,549 --> 00:21:21,950  
right in bed and my mom goes and says

460  
00:21:27,070 --> 00:21:24,559  
aren't you gonna watch leave it mostly

461  
00:21:28,840 --> 00:21:27,080  
to beaver it was Dennis the Menace and I

462  
00:21:30,850 --> 00:21:28,850  
always watched watched and I go know if

463  
00:21:33,820 --> 00:21:30,860

I don't want to watch it so that was an

464

00:21:37,720 --> 00:21:33,830

experience that I had and I had a few

465

00:21:39,430 --> 00:21:37,730

other experiences with entities a suit

466

00:21:41,019 --> 00:21:39,440

and thereafter and and that was

467

00:21:44,830 --> 00:21:41,029

something I didn't want to talk about

468

00:21:46,899 --> 00:21:44,840

for years so that was the first thing

469

00:21:49,720 --> 00:21:46,909

then my dad had an interest in this

470

00:21:53,019 --> 00:21:49,730

subject and he got interested in it one

471

00:21:55,840 --> 00:21:53,029

day by going to he was a music teacher

472

00:21:59,409 --> 00:21:55,850

so he was went to the house and was

473

00:22:02,080 --> 00:21:59,419

teaching piano to this one boy and his

474

00:22:03,820 --> 00:22:02,090

father who were amateur astronomers were

475

00:22:05,799 --> 00:22:03,830

outside there looking at some objects in

476

00:22:07,840 --> 00:22:05,809

the sky he gets to the door rings the

477

00:22:08,290 --> 00:22:07,850

doorbell the wife goes and says oh hurry

478

00:22:09,580 --> 00:22:08,300

up

479

00:22:12,580 --> 00:22:09,590

outside they're looking at some things

480

00:22:14,710 --> 00:22:12,590

in the sky he goes back there and they

481

00:22:18,910 --> 00:22:14,720

go yeah we just seen a bunch of UFOs my

482

00:22:20,560 --> 00:22:18,920

dad goes what are UFOs and then they go

483

00:22:23,110 --> 00:22:20,570

in the house and they gave him a book

484

00:22:24,910 --> 00:22:23,120

and before you know it that book and the

485

00:22:28,480 --> 00:22:24,920

magazine are sitting on the table the

486

00:22:30,370 --> 00:22:28,490

next morning and that was a little day

487

00:22:32,500 --> 00:22:30,380

no they gave me the adventure of a

488

00:22:35,920 --> 00:22:32,510

lifetime that's what really got me

489

00:22:40,690 --> 00:22:35,930

started and I gave my first presentation

490

00:22:45,580 --> 00:22:40,700

on the subject of UFOs I think in 1966

491

00:22:47,860 --> 00:22:45,590

or 67 and probably to every single class

492

00:22:50,560 --> 00:22:47,870

that I was in into high school I

493

00:22:53,440 --> 00:22:50,570

probably gave a presentation so it was a

494

00:22:58,090 --> 00:22:53,450

assumption a subject that that it just

495

00:23:00,580 --> 00:22:58,100

took me you know heart and soul I mean

496

00:23:04,300 --> 00:23:00,590

it just grabbed me and the scientific

497

00:23:06,070 --> 00:23:04,310

aspect is where I really am interested

498

00:23:08,200 --> 00:23:06,080

in heading and of course you know the

499

00:23:10,150 --> 00:23:08,210

mass sightings right yeah we're gonna

500

00:23:12,940 --> 00:23:10,160

talk about that now

501

00:23:17,650 --> 00:23:12,950

so what was it like you know I had I had

502

00:23:21,340 --> 00:23:17,660

a friend when uh you know we were like I

503

00:23:24,220 --> 00:23:21,350

don't know teen early teens and you know

504

00:23:26,230 --> 00:23:24,230

the subject came up one day and you know

505

00:23:28,330 --> 00:23:26,240

we both thought it was really cool and

506

00:23:30,550 --> 00:23:28,340

you know but I don't remember much else

507

00:23:32,860 --> 00:23:30,560

about that so when you were going

508

00:23:36,490 --> 00:23:32,870

through school and you did your

509

00:23:39,430 --> 00:23:36,500

presentation and a couple of times uh

510

00:23:41,860 --> 00:23:39,440

were you were you ridiculed at all or

511

00:23:43,870 --> 00:23:41,870

teased you know any any like classmates

512

00:23:45,580 --> 00:23:43,880

give you a hard time about that well I

513

00:23:48,460 --> 00:23:45,590

was so used to it because of the Knights

514

00:23:51,010 --> 00:23:48,470

little plump Italian boy so I was used

515

00:23:53,200 --> 00:23:51,020

to be good you know teased or ridiculed

516

00:23:55,390 --> 00:23:53,210

and sarcasm and all sorts of stuff that

517

00:23:58,810 --> 00:23:55,400

fell in line and to me it was just like

518

00:24:00,310 --> 00:23:58,820

water on a dock it didn't matter I had

519

00:24:03,220 --> 00:24:00,320

an interest but then there was enough

520

00:24:05,320 --> 00:24:03,230

people in the group anytime he gave a

521

00:24:08,320 --> 00:24:05,330

presentation it's his day it doesn't

522

00:24:11,470 --> 00:24:08,330

matter I really enjoy a serious

523

00:24:13,150 --> 00:24:11,480

confrontation of a meeting in the mines

524

00:24:16,150 --> 00:24:13,160

when it comes to this matter so I don't

525

00:24:17,680 --> 00:24:16,160

care about that but you know there's

526

00:24:20,320 --> 00:24:17,690

enough people in a group even as

527

00:24:22,120 --> 00:24:20,330

children that that warrant you know

528

00:24:24,659 --> 00:24:22,130

bringing this information out because

529

00:24:27,310 --> 00:24:24,669

they're just theirs they're just

530

00:24:32,200 --> 00:24:27,320

yearning for this information all right

531

00:24:35,110 --> 00:24:32,210

well let me let me just play this at you

532

00:24:38,590 --> 00:24:35,120

basically and that is some all right I

533

00:24:40,480 --> 00:24:38,600

just meet you you got off the stage

534

00:24:43,810 --> 00:24:40,490

talking about UFOs and I'm gonna say to

535

00:24:47,200 --> 00:24:43,820

you ah there's nothing to UFOs what can

536

00:24:48,909 --> 00:24:47,210

you possibly prove like proof yeah the

537

00:24:51,190 --> 00:24:48,919

thing is you know me and proof that's

538

00:24:52,960 --> 00:24:51,200

one word I don't really like because

539

00:24:56,200 --> 00:24:52,970

science doesn't really ask for proof

540

00:24:59,260 --> 00:24:56,210

alcohol and math does so but I can tell

541

00:25:02,500 --> 00:24:59,270

you about evidence and you know we have

542

00:25:05,080 --> 00:25:02,510

Ted Phillips with some 3,000 plus cases

543

00:25:07,210 --> 00:25:05,090

of physical trace evidence we have radar

544

00:25:10,630 --> 00:25:07,220

data and pretty much anything that

545

00:25:14,320 --> 00:25:10,640

science would use as far as any sort of

546

00:25:17,470 --> 00:25:14,330

sensorial type of instrumentation we've

547

00:25:19,029 --> 00:25:17,480

established something is there and that

548

00:25:22,210 --> 00:25:19,039

is the most important thing from a

549

00:25:24,610 --> 00:25:22,220

scientific perspective is that science

550

00:25:28,330 --> 00:25:24,620

is best when it's out looking and

551  
00:25:31,120 --> 00:25:28,340  
weighing the evidence on phenomena not

552  
00:25:33,490 --> 00:25:31,130  
cutting the same frog over and over

553  
00:25:36,520 --> 00:25:33,500  
again we've done that we know what the

554  
00:25:39,669 --> 00:25:36,530  
inside of certain things look like let's

555  
00:25:42,060 --> 00:25:39,679  
explore the phenomenons that are out

556  
00:25:45,279 --> 00:25:42,070  
there and this is what science is about

557  
00:25:49,299 --> 00:25:45,289  
you know science is also especially when

558  
00:25:52,510 --> 00:25:49,309  
it comes to astronomy is observational

559  
00:25:55,090 --> 00:25:52,520  
for the most part you know I mean so you

560  
00:25:57,880 --> 00:25:55,100  
know just going along those lines you

561  
00:26:02,560 --> 00:25:57,890  
know there's people totally convinced

562  
00:26:06,880 --> 00:26:02,570  
there's dark matter and dark energy out

563  
00:26:09,370 --> 00:26:06,890

there but there's no proof of that as

564

00:26:12,730 --> 00:26:09,380

well but I think it's kind of

565

00:26:16,299 --> 00:26:12,740

interesting that you know there's so

566

00:26:19,779 --> 00:26:16,309

many people that just think it's the UFO

567

00:26:22,930 --> 00:26:19,789

phenomena is as bogus no matter no

568

00:26:26,919 --> 00:26:22,940

matter what they hear or no matter who

569

00:26:28,720 --> 00:26:26,929

has witnessed one true I mean how many

570

00:26:29,770 --> 00:26:28,730

times we hear in fact this morning I

571

00:26:31,720 --> 00:26:29,780

don't know if you got my email

572

00:26:34,539 --> 00:26:31,730

two questions came in that I thought

573

00:26:35,740 --> 00:26:34,549

they are brilliant questions yeah I'll

574

00:26:37,180 --> 00:26:35,750

oppose those

575

00:26:39,040 --> 00:26:37,190

why don't we just go into that right now

576

00:26:42,160 --> 00:26:39,050

if you don't mind oh yeah yeah yeah hang

577

00:26:45,670 --> 00:26:42,170

on so by the way anyone any listening to

578

00:26:50,650 --> 00:26:45,680

the show you are welcome to send me an

579

00:26:52,180 --> 00:26:50,660

email at Martin at podcast UFO comm if

580

00:26:54,220 --> 00:26:52,190

you have any questions for the guests

581

00:26:57,970 --> 00:26:54,230

and a lot of times a question could be

582

00:26:59,920 --> 00:26:57,980

generic so if it's not geared to a guest

583

00:27:04,570 --> 00:26:59,930

it can be just geared to any guest and

584

00:27:06,850 --> 00:27:04,580

I'd be glad to ask so here is here is

585

00:27:10,120 --> 00:27:06,860

one of the questions right here as most

586

00:27:13,210 --> 00:27:10,130

of the population carry carries

587

00:27:16,660 --> 00:27:13,220

smartphone technology and with the use

588

00:27:19,150 --> 00:27:16,670

of social media if a mass sighting

589

00:27:20,980 --> 00:27:19,160

occurred in present-day do you think the

590

00:27:24,250 --> 00:27:20,990

government would still be able to use

591

00:27:26,260 --> 00:27:24,260

tactics to discredit any coverage of the

592

00:27:29,560 --> 00:27:26,270

incident I'll ask that one in the second

593

00:27:31,720 --> 00:27:29,570

question later well the thing here is as

594

00:27:34,210 --> 00:27:31,730

we know how many times we keep we keep

595

00:27:37,450 --> 00:27:34,220

hearing well we have these cell phones

596

00:27:39,040 --> 00:27:37,460

out there and or is this evidence well

597

00:27:42,400 --> 00:27:39,050

it doesn't matter how much evidence

598

00:27:46,420 --> 00:27:42,410

there is the bottom line is I can assure

599

00:27:50,020 --> 00:27:46,430

you there is a program or programs in

600

00:27:53,200 --> 00:27:50,030

place to basically circumvent obfuscate

601  
00:27:55,900 --> 00:27:53,210  
to some degree or detract any value of

602  
00:27:58,090 --> 00:27:55,910  
it at any time and this has been thought

603  
00:28:00,160 --> 00:27:58,100  
out to the tenth degree and you could

604  
00:28:01,900 --> 00:28:00,170  
read be rest assured of that so it

605  
00:28:03,760 --> 00:28:01,910  
doesn't matter if they land on the White

606  
00:28:05,740 --> 00:28:03,770  
House lawn because what it's going to be

607  
00:28:07,420 --> 00:28:05,750  
is probably the first thing is that

608  
00:28:11,380 --> 00:28:07,430  
they're gonna say it's a beer commercial

609  
00:28:12,430 --> 00:28:11,390  
or some sort of terrorist act and then

610  
00:28:15,100 --> 00:28:12,440  
before you know what they're bombing

611  
00:28:17,860 --> 00:28:15,110  
some country that has a resource that we

612  
00:28:21,640 --> 00:28:17,870  
may need something will happen and I can

613  
00:28:24,610 --> 00:28:21,650

assure you this is the type of programs

614

00:28:27,250 --> 00:28:24,620

that they have in place and they thought

615

00:28:30,010 --> 00:28:27,260

this out for years I'll give you a quick

616

00:28:33,340 --> 00:28:30,020

example when Jim Marrs

617

00:28:37,840 --> 00:28:33,350

was doing his research on the Aurora a

618

00:28:41,320 --> 00:28:37,850

crash back in 1897 and by the way that

619

00:28:46,240 --> 00:28:41,330

that crash was the absolute and all of

620

00:28:49,610 --> 00:28:46,250

that that the great airship episode

621

00:28:52,370 --> 00:28:49,620

during that period of time of 1898 90

622

00:28:54,590 --> 00:28:52,380

seven that was the last period the last

623

00:28:57,350 --> 00:28:54,600

time it was actually published anything

624

00:28:59,900 --> 00:28:57,360

was published of the 1500 articles in

625

00:29:02,450 --> 00:28:59,910

newspapers around the United States and

626

00:29:05,390 --> 00:29:02,460

I had asked him I says well what was the

627

00:29:06,799 --> 00:29:05,400

most interesting thing that that when

628

00:29:08,540 --> 00:29:06,809

you were doing this research what was

629

00:29:11,860 --> 00:29:08,550

the most interesting thing that you

630

00:29:14,480 --> 00:29:11,870

discovered he says Sam did you know that

631

00:29:17,000 --> 00:29:14,490

there were people there within a

632

00:29:19,820 --> 00:29:17,010

relatively short period of time telling

633

00:29:23,840 --> 00:29:19,830

people to go home picking up the pieces

634

00:29:27,680 --> 00:29:23,850

of the the craft and putting carrying it

635

00:29:29,270 --> 00:29:27,690

away and I says you mean to tell me that

636

00:29:31,040 --> 00:29:29,280

in a short period of time people from

637

00:29:33,680 --> 00:29:31,050

outside the community were there which

638

00:29:39,799 --> 00:29:33,690

obviously means a protocol was in place

639

00:29:41,600 --> 00:29:39,809

in 1897 he says Sam yes and I go well

640

00:29:44,870 --> 00:29:41,610

who on earth could that be and he goes

641

00:29:49,640 --> 00:29:44,880

that's the question who is orchestrating

642

00:29:52,430 --> 00:29:49,650

then so I mean we have these events that

643

00:29:56,660 --> 00:29:52,440

go on and some things that that go

644

00:29:59,660 --> 00:29:56,670

outside the scope of right now I'm doing

645

00:30:02,210 --> 00:29:59,670

some research for a for a presentation

646

00:30:05,030 --> 00:30:02,220

I'm gonna give on Fatima which was

647

00:30:07,310 --> 00:30:05,040

October 13th in 1917 which was a mass

648

00:30:09,890 --> 00:30:07,320

sighting out of an unidentified aerial

649

00:30:13,040 --> 00:30:09,900

phenomena of course which which which

650

00:30:15,260 --> 00:30:13,050

got scooped up into the religious realm

651  
00:30:18,169 --> 00:30:15,270  
and there may be some component to that

652  
00:30:20,630 --> 00:30:18,179  
I don't know but it depends on what your

653  
00:30:23,140 --> 00:30:20,640  
definition is and from the new

654  
00:30:27,350 --> 00:30:23,150  
revelations that came forth in the last

655  
00:30:29,210 --> 00:30:27,360  
say 20 years there's there's been a lot

656  
00:30:32,740 --> 00:30:29,220  
of information that it wasn't revealed

657  
00:30:35,830 --> 00:30:32,750  
and I think we have tons and tons of

658  
00:30:40,580 --> 00:30:35,840  
accounts like this where people have

659  
00:30:42,799 --> 00:30:40,590  
scurried off evidence have told the

660  
00:30:44,990 --> 00:30:42,809  
witnesses to shut up or nothing happen

661  
00:30:49,070 --> 00:30:45,000  
or if they were a very active vocal and

662  
00:30:51,770 --> 00:30:49,080  
known basically tell them you know be

663  
00:30:52,450 --> 00:30:51,780

quiet or just shut them up some way or

664

00:30:57,500 --> 00:30:52,460

another

665

00:31:00,050 --> 00:30:57,510

hmm Wow so can you go into that case a

666

00:31:02,140 --> 00:31:00,060

little bit more I'm just not familiar

667

00:31:05,190 --> 00:31:02,150

with it

668

00:31:07,680 --> 00:31:05,200

the effect on my case yes well it was

669

00:31:10,930 --> 00:31:07,690

for a period of six months

670

00:31:14,830 --> 00:31:10,940

on the 13th a month every month there

671

00:31:18,820 --> 00:31:14,840

was a appearance of this small being

672

00:31:22,240 --> 00:31:18,830

approximately three feet tall and this

673

00:31:24,640 --> 00:31:22,250

being appeared to be female the drawings

674

00:31:28,300 --> 00:31:24,650

of which were that aren't actually

675

00:31:31,270 --> 00:31:28,310

archived and were are now available and

676

00:31:33,670 --> 00:31:31,280

and there are three very good books a

677

00:31:36,820 --> 00:31:33,680

number of researchers have been out

678

00:31:38,500 --> 00:31:36,830

there looking at this and the funny

679

00:31:42,040 --> 00:31:38,510

thing is it was all in Portuguese up

680

00:31:44,860 --> 00:31:42,050

until I believe it was about 2006 or it

681

00:31:46,600 --> 00:31:44,870

was translated and the fact that that's

682

00:31:48,790 --> 00:31:46,610

one person you know I would recommend

683

00:31:50,620 --> 00:31:48,800

having on your show is the person who

684

00:31:52,630 --> 00:31:50,630

the translation and I'll get that

685

00:31:55,390 --> 00:31:52,640

information to you

686

00:31:57,460 --> 00:31:55,400

very interesting story I have a

687

00:31:59,890 --> 00:31:57,470

background in theology because I went to

688

00:32:03,730 --> 00:31:59,900

a seminary so I knew about the case and

689

00:32:06,370 --> 00:32:03,740

of course what was echoed is the the

690

00:32:09,000 --> 00:32:06,380

religious correlation of this being the

691

00:32:13,600 --> 00:32:09,010

sighting of these children seeing the

692

00:32:16,330 --> 00:32:13,610

the Blessed Virgin and this happened in

693

00:32:20,110 --> 00:32:16,340

Portugal and course during First World

694

00:32:22,780 --> 00:32:20,120

War the background as far as the social

695

00:32:25,270 --> 00:32:22,790

environment was being torn apart by

696

00:32:28,060 --> 00:32:25,280

social and rest there was the socialist

697

00:32:31,150 --> 00:32:28,070

the fascist parties each of them having

698

00:32:34,300 --> 00:32:31,160

their own directives the women in the

699

00:32:36,520 --> 00:32:34,310

community were very strictly governed as

700

00:32:38,770 --> 00:32:36,530

far as what they can do and cannot do it

701  
00:32:43,600 --> 00:32:38,780  
was very strict they couldn't read they

702  
00:32:45,910 --> 00:32:43,610  
couldn't go to school and it the social

703  
00:32:51,270 --> 00:32:45,920  
structure was was very rigid and hard

704  
00:32:54,460 --> 00:32:51,280  
and the German invasions into the

705  
00:32:55,960 --> 00:32:54,470  
colonies in Africa were taking place so

706  
00:32:57,730 --> 00:32:55,970  
they were there was spending money

707  
00:33:00,790 --> 00:32:57,740  
overseas the government was having

708  
00:33:04,180 --> 00:33:00,800  
problems and of course the with the rise

709  
00:33:06,310 --> 00:33:04,190  
of communism we had that taking place

710  
00:33:11,650 --> 00:33:06,320  
and of course the church was very

711  
00:33:15,070 --> 00:33:11,660  
concerned about losing the volumes of of

712  
00:33:18,100 --> 00:33:15,080  
course their converts

713  
00:33:21,820 --> 00:33:18,110

in the Eastern Europe and with the

714

00:33:24,340 --> 00:33:21,830

advent of communism and atheism the

715

00:33:27,159 --> 00:33:24,350

there was major concern so this happened

716

00:33:31,509 --> 00:33:27,169

at the right time to be scooped up and

717

00:33:34,600 --> 00:33:31,519

used if not genuinely at least it fell

718

00:33:38,919 --> 00:33:34,610

in to a good political position either

719

00:33:41,379 --> 00:33:38,929

way what these children saw mainly the

720

00:33:46,869 --> 00:33:41,389

big sighting the mass sighting took

721

00:33:50,440 --> 00:33:46,879

place on October the 13th of 2017 so

722

00:33:53,049 --> 00:33:50,450

next year it will be 100 years and there

723

00:33:55,989 --> 00:33:53,059

were approximately 60 to 70 thousand

724

00:33:59,919 --> 00:33:55,999

people out there at approximately 1:30

725

00:34:02,859 --> 00:33:59,929

there was a beam of light coming beaming

726  
00:34:07,409 --> 00:34:02,869  
down from the object that appeared to be

727  
00:34:12,030 --> 00:34:07,419  
pearlescent silver pearlescent and

728  
00:34:16,180 --> 00:34:12,040  
within the scope of that very small beam

729  
00:34:19,919 --> 00:34:16,190  
there was this image of this woman or

730  
00:34:23,230 --> 00:34:19,929  
his female type image and the

731  
00:34:29,409 --> 00:34:23,240  
characteristics were a short skirt type

732  
00:34:32,379 --> 00:34:29,419  
thing and some draped something tripped

733  
00:34:32,919 --> 00:34:32,389  
over the arms and holding an orb in its

734  
00:34:36,970 --> 00:34:32,929  
hand

735  
00:34:38,950 --> 00:34:36,980  
and no nothing was actually spoken but

736  
00:34:41,980 --> 00:34:38,960  
talked you know basically a telepathic

737  
00:34:44,289 --> 00:34:41,990  
scenario and during this time there was

738  
00:34:47,619 --> 00:34:44,299

buzzing and a head like insects they

739

00:34:50,139 --> 00:34:47,629

were hearing insects like buzzing around

740

00:34:52,809 --> 00:34:50,149

them which is commonplace to a lot of

741

00:34:56,099 --> 00:34:52,819

close encounter type scenarios with

742

00:35:00,849 --> 00:34:56,109

crafts I had another case in Malibu that

743

00:35:03,160 --> 00:35:00,859

was very similar to that and the thing

744

00:35:05,440 --> 00:35:03,170

is there were people out there standing

745

00:35:08,049 --> 00:35:05,450

in the rain you know we're talking tens

746

00:35:11,020 --> 00:35:08,059

of thousands of people and in any

747

00:35:12,910 --> 00:35:11,030

instance this object comes down which

748

00:35:17,319 --> 00:35:12,920

they thought was the Sun and is referred

749

00:35:20,710 --> 00:35:17,329

to as the the miracle of the Sun in fact

750

00:35:22,740 --> 00:35:20,720

this is a very huge thing for Portugal

751

00:35:26,170 --> 00:35:22,750

it is probably one of the biggest

752

00:35:28,329 --> 00:35:26,180

tourist attractions of religious tourist

753

00:35:28,690 --> 00:35:28,339

attractions and I sure would love to go

754

00:35:31,420 --> 00:35:28,700

there one

755

00:35:33,839 --> 00:35:31,430

these days and people had experienced

756

00:35:36,910 --> 00:35:33,849

miracles won this event took place

757

00:35:40,569 --> 00:35:36,920

within the scope of approximately 200

758

00:35:44,050 --> 00:35:40,579

meters they they were miraculously

759

00:35:47,640 --> 00:35:44,060

healed from various diseases etc that

760

00:35:50,109 --> 00:35:47,650

this disc object came down and became

761

00:35:52,780 --> 00:35:50,119

translucent and they were able to see

762

00:35:55,359 --> 00:35:52,790

three beings actually inside of it and

763

00:35:58,329 --> 00:35:55,369

the object actually feared off over the

764

00:36:01,589 --> 00:35:58,339

Kover the crowd there's a photo of it

765

00:36:04,450 --> 00:36:01,599

you could see on the internet and

766

00:36:07,120 --> 00:36:04,460

there's not a real not a real photo of

767

00:36:10,329 --> 00:36:07,130

it is there oh yes there was in nineteen

768

00:36:15,430 --> 00:36:10,339

seventeen nineteen seventeen huh yeah

769

00:36:17,200 --> 00:36:15,440

yeah the real photo and the when this

770

00:36:21,000 --> 00:36:17,210

took place there was a tremendous amount

771

00:36:24,720 --> 00:36:21,010

of heat they there was the there was a

772

00:36:28,210 --> 00:36:24,730

discoloration of everybody in the crowd

773

00:36:31,359 --> 00:36:28,220

it was it was very bizarre on and on and

774

00:36:32,980 --> 00:36:31,369

on and the the clothes that they were

775

00:36:35,530 --> 00:36:32,990

they were wearing were soaked and

776

00:36:40,300 --> 00:36:35,540

immediately dried the mud in that area

777

00:36:44,230 --> 00:36:40,310

turned to tried soil I mean it was just

778

00:36:46,690 --> 00:36:44,240

a strange miraculous event that was very

779

00:36:50,620 --> 00:36:46,700

commonplace or approximately fifteen

780

00:36:52,510 --> 00:36:50,630

correlations to encounters that we would

781

00:36:54,910 --> 00:36:52,520

have today or in the past you know

782

00:36:57,640 --> 00:36:54,920

throughout history that fall in line

783

00:37:00,940 --> 00:36:57,650

with these unidentified aerial phenomena

784

00:37:02,980 --> 00:37:00,950

call it whatever you want be it from

785

00:37:06,130 --> 00:37:02,990

wherever they come from it doesn't

786

00:37:10,390 --> 00:37:06,140

matter this is pretty much the same type

787

00:37:12,609 --> 00:37:10,400

of phenomenon why remind me why there

788

00:37:15,640 --> 00:37:12,619

were so many people that saw this

789

00:37:17,980 --> 00:37:15,650

because it was six months I think it

790

00:37:20,800 --> 00:37:17,990

started in I know March I believe was

791

00:37:25,300 --> 00:37:20,810

the first month March I believe was the

792

00:37:29,550 --> 00:37:25,310

first month and this apparition had told

793

00:37:35,319 --> 00:37:29,560

them there was a three children and

794

00:37:40,180 --> 00:37:35,329

Lucinda Francesco and the other niece

795

00:37:42,279 --> 00:37:40,190

the other cousin excuse me and they they

796

00:37:45,009 --> 00:37:42,289

were they were told that you know

797

00:37:48,400 --> 00:37:45,019

to come there each and every month and

798

00:37:52,359 --> 00:37:48,410

the 13th approximately noon well on the

799

00:37:54,309 --> 00:37:52,369

13th of October was the big event where

800

00:37:56,669 --> 00:37:54,319

he had all these people and they had

801  
00:37:59,259 --> 00:37:56,679  
heard about this the funny thing was

802  
00:38:01,150 --> 00:37:59,269  
this a little apparition and these type

803  
00:38:03,579 --> 00:38:01,160  
of events had gone on in this area

804  
00:38:06,880 --> 00:38:03,589  
before and throughout history it wasn't

805  
00:38:09,969 --> 00:38:06,890  
something on you know unknown it was

806  
00:38:12,579 --> 00:38:09,979  
known throughout certain pockets of the

807  
00:38:17,259 --> 00:38:12,589  
community and especially the more rural

808  
00:38:20,650 --> 00:38:17,269  
areas and but this really took you know

809  
00:38:23,859 --> 00:38:20,660  
it really caught on and the people were

810  
00:38:28,359 --> 00:38:23,869  
showing up there were cures miraculous

811  
00:38:31,239 --> 00:38:28,369  
events so boy it is just one heck of an

812  
00:38:34,599 --> 00:38:31,249  
interesting case and of course it's a

813  
00:38:36,489 --> 00:38:34,609

mass sighting of something unusual now

814

00:38:39,039 --> 00:38:36,499

whether you drink that did they used to

815

00:38:42,640 --> 00:38:39,049

have a movie about that not exactly like

816

00:38:44,979 --> 00:38:42,650

it sure you definitely was a movie in

817

00:38:49,839 --> 00:38:44,989

and that movie was all geared towards

818

00:38:52,359 --> 00:38:49,849

the a religious pas I saw that when I

819

00:38:55,299 --> 00:38:52,369

was a kid yeah yeah back in the 50s

820

00:38:57,669 --> 00:38:55,309

remember I think was 1952 they came out

821

00:39:00,459 --> 00:38:57,679

with it well I saw it I saw it when I

822

00:39:03,789 --> 00:39:00,469

was you know like sometime in the 60s or

823

00:39:06,519 --> 00:39:03,799

early 70s something like that yes and I

824

00:39:09,039 --> 00:39:06,529

remembered it was more about like you

825

00:39:11,799 --> 00:39:09,049

said the religious part of it like Mary

826

00:39:14,469 --> 00:39:11,809

I believe was supposed to have shown up

827

00:39:16,390 --> 00:39:14,479

or something correct yeah and and boy

828

00:39:18,189 --> 00:39:16,400

those kids and the photographs if you

829

00:39:19,749 --> 00:39:18,199

take a picture if you take a look at

830

00:39:21,909 --> 00:39:19,759

those photographs look at the

831

00:39:23,769 --> 00:39:21,919

expressions on the two girls the one

832

00:39:26,469 --> 00:39:23,779

little girl has her hand on the side and

833

00:39:29,349 --> 00:39:26,479

she they both have their eyes they're

834

00:39:30,999 --> 00:39:29,359

looking they were not happy because

835

00:39:35,529 --> 00:39:31,009

people were saying oh you're a liar

836

00:39:37,809 --> 00:39:35,539

doing this they were they were given the

837

00:39:40,719 --> 00:39:37,819

third degree they were interrogated this

838

00:39:45,899 --> 00:39:40,729

was a serious event this was taken very

839

00:39:48,729 --> 00:39:45,909

seriously and because you know it had

840

00:39:51,219 --> 00:39:48,739

various implications especially the

841

00:39:55,780 --> 00:39:51,229

religious overtones and this whole this

842

00:40:00,210 --> 00:39:55,790

big social divide in the community in

843

00:40:04,270 --> 00:40:00,220

and this riff so it was a very

844

00:40:08,320 --> 00:40:04,280

significant event and the other thing

845

00:40:13,870 --> 00:40:08,330

was there were messages given to the

846

00:40:17,470 --> 00:40:13,880

eldest of the group and three messages

847

00:40:19,120 --> 00:40:17,480

and that had religious overtones to or

848

00:40:21,880 --> 00:40:19,130

could have been interpreted into

849

00:40:25,290 --> 00:40:21,890

religious overtones the third of which

850

00:40:29,880 --> 00:40:25,300

was never revealed huh how about that

851

00:40:34,390 --> 00:40:29,890

yep Wow and is there a lot of

852

00:40:37,030 --> 00:40:34,400

documentation tons and I think you said

853

00:40:40,210 --> 00:40:37,040

there were 1500 articles so choose oh

854

00:40:42,460 --> 00:40:40,220

it's that was the great airship so oh

855

00:40:45,310 --> 00:40:42,470

sorry I confused it too yeah so but at

856

00:40:49,330 --> 00:40:45,320

the time was um that was this worldwide

857

00:40:53,110 --> 00:40:49,340

press yes it was documented throughout

858

00:40:55,450 --> 00:40:53,120

the world it was well it became very

859

00:40:58,600 --> 00:40:55,460

popular soon thereafter the war was of

860

00:41:02,380 --> 00:40:58,610

course front and center and but what had

861

00:41:08,170 --> 00:41:02,390

happened is 19 I think was 1978 they had

862

00:41:10,000 --> 00:41:08,180

a a ban on secrecy and censorship so

863

00:41:14,320 --> 00:41:10,010

what they were doing is opening the

864

00:41:17,100 --> 00:41:14,330

archives of on all past information and

865

00:41:20,050 --> 00:41:17,110

the one individual who was Portuguese

866

00:41:23,080 --> 00:41:20,060

researcher and historian was doing

867

00:41:28,000 --> 00:41:23,090

research on of all things women's rights

868

00:41:30,010 --> 00:41:28,010

and and within that time period as far

869

00:41:32,490 --> 00:41:30,020

as getting a profile of of what they

870

00:41:36,250 --> 00:41:32,500

went through during that time period and

871

00:41:38,320 --> 00:41:36,260

went through this case because there

872

00:41:40,720 --> 00:41:38,330

were so many women involved a course two

873

00:41:45,720 --> 00:41:40,730

of the three witnesses were two female

874

00:41:48,640 --> 00:41:45,730

girls and one of the things portrayed or

875

00:41:50,470 --> 00:41:48,650

this being portrayed to them was that

876

00:41:53,440 --> 00:41:50,480

they were to get knowledge and they were

877

00:41:56,550 --> 00:41:53,450

to read and they were to learn and that

878

00:41:59,290 --> 00:41:56,560

was against the principles of that time

879

00:42:02,740 --> 00:41:59,300

you know for this these Beck community

880

00:42:05,050 --> 00:42:02,750

they kept the women away from knowledge

881

00:42:08,770 --> 00:42:05,060

and treated them you know like

882

00:42:09,580 --> 00:42:08,780

second-class citizens so that's how she

883

00:42:12,400 --> 00:42:09,590

was able to

884

00:42:14,410 --> 00:42:12,410

actually get into this information and

885

00:42:17,860 --> 00:42:14,420

everything else that came out of it was

886

00:42:21,010 --> 00:42:17,870

a revelation that she had no no idea

887

00:42:22,990 --> 00:42:21,020

about and so many people had no idea

888

00:42:26,140 --> 00:42:23,000

about and and many people actually

889

00:42:27,490 --> 00:42:26,150

within within the religious orders

890

00:42:30,820 --> 00:42:27,500

didn't even know about all this

891

00:42:34,210 --> 00:42:30,830

information it was there but nobody went

892

00:42:36,400 --> 00:42:34,220

into it and read the details Wow Wow

893

00:42:39,640 --> 00:42:36,410

so by the way if you're listening live

894

00:42:43,240 --> 00:42:39,650

and you want to pose a question for our

895

00:42:45,490 --> 00:42:43,250

guest this evening Sam moranto all you

896

00:42:49,470 --> 00:42:45,500

have to do is go to the chat room and

897

00:42:52,360 --> 00:42:49,480

that's on podcast UFO comm it's also on

898

00:42:55,240 --> 00:42:52,370

PSN radio has the one as well if you're

899

00:42:57,100 --> 00:42:55,250

listening over there and I will pick up

900

00:43:00,940 --> 00:42:57,110

a message either on either a chat and

901  
00:43:02,820 --> 00:43:00,950  
also you are welcome to call in anyone

902  
00:43:05,950 --> 00:43:02,830  
is welcome to call them during the show

903  
00:43:09,670 --> 00:43:05,960  
and that number is six zero three nine

904  
00:43:11,500 --> 00:43:09,680  
six seven four oh three oh if you miss

905  
00:43:14,560 --> 00:43:11,510  
that number it's right on our website

906  
00:43:18,730 --> 00:43:14,570  
podcast UFO calm during the show you'll

907  
00:43:19,870 --> 00:43:18,740  
see it so Sam you're into mass sightings

908  
00:43:21,580 --> 00:43:19,880  
I'm going to ask you this other question

909  
00:43:24,010 --> 00:43:21,590  
here in just a minute but you're into

910  
00:43:27,130 --> 00:43:24,020  
mass sightings and the obvious of why

911  
00:43:29,470 --> 00:43:27,140  
mass sightings are so important is the

912  
00:43:34,990 --> 00:43:29,480  
fact that there are so many witnesses

913  
00:43:38,890 --> 00:43:35,000

what other some other what besides the

914

00:43:40,420 --> 00:43:38,900

multiple witnesses what do you think is

915

00:43:41,950 --> 00:43:40,430

so important about mass sightings

916

00:43:44,290 --> 00:43:41,960

because I know you like to focus on

917

00:43:47,080 --> 00:43:44,300

those well the thing and you mentioned

918

00:43:53,910 --> 00:43:47,090

before observation in science the number

919

00:43:57,910 --> 00:43:53,920

one sense since oral or century sensory

920

00:44:01,570 --> 00:43:57,920

component to science is observation

921

00:44:05,230 --> 00:44:01,580

first and last always it it's very

922

00:44:08,110 --> 00:44:05,240

important observation is key and yet and

923

00:44:11,470 --> 00:44:08,120

this is what I find to be so hysterical

924

00:44:15,070 --> 00:44:11,480

astronomers base the volumes of what

925

00:44:18,910 --> 00:44:15,080

they do especially in the past purely

926  
00:44:21,850 --> 00:44:18,920  
almost on observation and observation is

927  
00:44:23,440 --> 00:44:21,860  
key for them but yet for our scope of

928  
00:44:26,920 --> 00:44:23,450  
research it's

929  
00:44:29,589 --> 00:44:26,930  
you know it's nonsense and and

930  
00:44:31,359 --> 00:44:29,599  
understandably within reason that it you

931  
00:44:33,609 --> 00:44:31,369  
know I could see where they think it

932  
00:44:36,400 --> 00:44:33,619  
scoff at certain things but the bottom

933  
00:44:42,730 --> 00:44:36,410  
line is observation is key and when you

934  
00:44:45,270 --> 00:44:42,740  
have a a large section represented you

935  
00:44:49,299 --> 00:44:45,280  
know in a fashion that isn't planned

936  
00:44:51,760 --> 00:44:49,309  
it's just a spontaneous scenario of of

937  
00:44:55,530 --> 00:44:51,770  
people but with a cross-section of the

938  
00:45:01,260 --> 00:44:55,540

demographic of your community giving a

939

00:45:05,950 --> 00:45:04,030

interpretations as far as what they saw

940

00:45:08,230 --> 00:45:05,960

and that's really all you want we when

941

00:45:11,109 --> 00:45:08,240

you're investigating what did you see

942

00:45:14,289 --> 00:45:11,119

give me detail I don't want you to tell

943

00:45:17,559 --> 00:45:14,299

me what you think it is where it came

944

00:45:20,620 --> 00:45:17,569

from its implications anything other

945

00:45:24,910 --> 00:45:20,630

than give me the details give me the

946

00:45:29,020 --> 00:45:24,920

size colors shapes distance motion those

947

00:45:32,380 --> 00:45:29,030

things that are relative to the very

948

00:45:35,530 --> 00:45:32,390

first components of an observation to

949

00:45:37,480 --> 00:45:35,540

let us know first of all it was there it

950

00:45:40,750 --> 00:45:37,490

was an imaginary now when you have

951  
00:45:44,200 --> 00:45:40,760  
multiple witnesses you have credence now

952  
00:45:46,109 --> 00:45:44,210  
you have things like Tinley Park Phoenix

953  
00:45:48,640 --> 00:45:46,119  
where you have video footage

954  
00:45:50,880 --> 00:45:48,650  
photographic footage and in some

955  
00:45:54,069 --> 00:45:50,890  
instances even physical trace evidence

956  
00:45:56,799 --> 00:45:54,079  
here you have this unidentified aerial

957  
00:46:00,579 --> 00:45:56,809  
phenomena take place over 30-some

958  
00:46:02,890 --> 00:46:00,589  
thousand people in 1917 where we only

959  
00:46:04,930 --> 00:46:02,900  
had by wing airplanes nothing more

960  
00:46:07,569 --> 00:46:04,940  
sophisticated than that wasn't a drone

961  
00:46:10,030 --> 00:46:07,579  
wasn't this that or the other it wasn't

962  
00:46:13,030 --> 00:46:10,040  
a celestial event we know that and

963  
00:46:15,579 --> 00:46:13,040

there's a photograph they experienced it

964

00:46:17,950 --> 00:46:15,589

and there was physical trace evidence it

965

00:46:21,120 --> 00:46:17,960

had all the markings of everything

966

00:46:25,599 --> 00:46:21,130

necessary to really make a solid case

967

00:46:27,940 --> 00:46:25,609

now unfortunately not every case works

968

00:46:31,150 --> 00:46:27,950

out that way let's take for instance a

969

00:46:35,109 --> 00:46:31,160

veljohnson case with the police officer

970

00:46:37,870 --> 00:46:35,119

in 1979 driving along I ended up in his

971

00:46:41,270 --> 00:46:37,880

car could said well

972

00:46:43,040 --> 00:46:41,280

had no other witnesses than himself and

973

00:46:45,410 --> 00:46:43,050

the other witness to it can only be

974

00:46:49,100 --> 00:46:45,420

relative to physical trace evidence that

975

00:46:51,860 --> 00:46:49,110

was it and of course the condition that

976  
00:46:55,400 --> 00:46:51,870  
he was in when the other police officer

977  
00:46:57,890 --> 00:46:55,410  
responded to him but other than that he

978  
00:47:00,280 --> 00:46:57,900  
had the physical trace evidence speaking

979  
00:47:03,500 --> 00:47:00,290  
for him so when the evidence speaks

980  
00:47:05,300 --> 00:47:03,510  
physical trace evidence in a scenario

981  
00:47:07,730 --> 00:47:05,310  
like that could say a lot especially

982  
00:47:10,010 --> 00:47:07,740  
when it's been tested as much as his

983  
00:47:12,710 --> 00:47:10,020  
case right and that car is still intact

984  
00:47:17,840 --> 00:47:12,720  
to the way the way it was in 79 right

985  
00:47:19,220 --> 00:47:17,850  
yes in fact one of my investigators just

986  
00:47:23,510 --> 00:47:19,230  
came back in fact he's the chief

987  
00:47:25,100 --> 00:47:23,520  
investigator for the Michigan State and

988  
00:47:28,640 --> 00:47:25,110

he is our triage director here at

989

00:47:31,730 --> 00:47:28,650

Illinois and dance know he went up there

990

00:47:35,270 --> 00:47:31,740

and took pictures of it and he went to

991

00:47:37,610 --> 00:47:35,280

the very site that Belle was at and took

992

00:47:40,160 --> 00:47:37,620

and analyzed the side to a bunch of

993

00:47:43,250 --> 00:47:40,170

photographs and really took really he's

994

00:47:45,110 --> 00:47:43,260

very good at analyzing that now I had

995

00:47:49,880 --> 00:47:45,120

the privilege of actually meeting and

996

00:47:53,450 --> 00:47:49,890

interviewing Val back in 2005 and I have

997

00:47:55,880 --> 00:47:53,460

his is his interview on tape I don't

998

00:47:59,210 --> 00:47:55,890

know if anybody has any on tapes you

999

00:48:02,660 --> 00:47:59,220

know since the original first couple

1000

00:48:05,210 --> 00:48:02,670

years he kind of went low-key and didn't

1001  
00:48:07,400 --> 00:48:05,220  
want to be bothered by this anymore but

1002  
00:48:09,560 --> 00:48:07,410  
you know here's a case that it would

1003  
00:48:11,750 --> 00:48:09,570  
have been all that much more better if

1004  
00:48:14,450 --> 00:48:11,760  
he had at least another couple witnesses

1005  
00:48:18,140 --> 00:48:14,460  
or another witness to at least say no

1006  
00:48:22,370 --> 00:48:18,150  
this man isn't making this up this light

1007  
00:48:24,250 --> 00:48:22,380  
came at him it hit the car and what he

1008  
00:48:26,780 --> 00:48:24,260  
thinks may very well some of this energy

1009  
00:48:29,750 --> 00:48:26,790  
actually went through the car as you

1010  
00:48:34,700 --> 00:48:29,760  
remember the windshield was displaced

1011  
00:48:38,060 --> 00:48:34,710  
both split out and in and even though it

1012  
00:48:39,740 --> 00:48:38,070  
is reproducible in a laboratory you can

1013  
00:48:40,640 --> 00:48:39,750

reproduce it you cannot do it

1014

00:48:44,270 --> 00:48:40,650

simultaneously

1015

00:48:48,710 --> 00:48:44,280

so there's volumes of scientific data

1016

00:48:50,779 --> 00:48:48,720

there and but but yet the value of

1017

00:48:52,880 --> 00:48:50,789

another observation

1018

00:48:55,130 --> 00:48:52,890

is is really key it would have been

1019

00:48:57,409 --> 00:48:55,140

right they would have solved so much of

1020

00:48:59,719 --> 00:48:57,419

the dilemma this man went through the

1021

00:49:01,939 --> 00:48:59,729

allegations my fill class that this was

1022

00:49:04,909 --> 00:49:01,949

some sort of prank in other words

1023

00:49:08,929 --> 00:49:04,919

getting back to the observation to have

1024

00:49:11,689 --> 00:49:08,939

another body to add credence especially

1025

00:49:14,509 --> 00:49:11,699

an independent one is great if you have

1026

00:49:16,159 --> 00:49:14,519

multiple that's that much better then if

1027

00:49:19,789 --> 00:49:16,169

you have a mass sighting and to me a

1028

00:49:23,499 --> 00:49:19,799

hundred people or more my god and here

1029

00:49:26,630 --> 00:49:23,509

you had multiple communities coming out

1030

00:49:28,789 --> 00:49:26,640

30,000 60,000 people Wow

1031

00:49:31,370 --> 00:49:28,799

chin Lee Park the Tinley Park sighting

1032

00:49:35,299 --> 00:49:31,380

we had thousands of witnesses I mean it

1033

00:49:40,789 --> 00:49:35,309

wasn't a small event so mm-hmm I think

1034

00:49:42,679 --> 00:49:40,799

this is is the value observation right

1035

00:49:44,809 --> 00:49:42,689

it all starts there now you could take a

1036

00:49:46,400 --> 00:49:44,819

picture and people show me pictures

1037

00:49:48,949 --> 00:49:46,410

we'll look I'm going through these

1038

00:49:50,559 --> 00:49:48,959

photos and look what I see well that

1039

00:49:53,359 --> 00:49:50,569

doesn't mean anything it's interpretive

1040

00:49:54,349 --> 00:49:53,369

nobody there seen whatever is there we

1041

00:49:58,519 --> 00:49:54,359

don't know what that is it could be a

1042

00:50:01,009 --> 00:49:58,529

dust particle or whatever so right well

1043

00:50:08,049 --> 00:50:01,019

they kind of look back to the last

1044

00:50:12,079 --> 00:50:08,059

question that the gentleman posed to you

1045

00:50:15,229 --> 00:50:12,089

most people do have at least in the

1046

00:50:17,120 --> 00:50:15,239

states and parts of Europe and different

1047

00:50:20,359 --> 00:50:17,130

areas in the world most people do have a

1048

00:50:24,620 --> 00:50:20,369

smartphone with a camera and a video

1049

00:50:28,519 --> 00:50:24,630

player in their pocket and the argument

1050

00:50:33,349 --> 00:50:28,529

you often hear like when I had the last

1051

00:50:35,689 --> 00:50:33,359

time I had seth shostack on or the first

1052

00:50:37,849 --> 00:50:35,699

time I should say he mentioned that he

1053

00:50:42,319 --> 00:50:37,859

said you know everyone has video cameras

1054

00:50:46,699 --> 00:50:42,329

why don't we have a good video of a UFO

1055

00:50:49,339 --> 00:50:46,709

and I just wanted to hear what you well

1056

00:50:51,799 --> 00:50:49,349

as and funny thing about it is the

1057

00:50:55,429 --> 00:50:51,809

really good stuff is faked and see a guy

1058

00:50:57,739 --> 00:50:55,439

and CGI with the advent of CGI that just

1059

00:51:00,049 --> 00:50:57,749

created all that much more dilemmas when

1060

00:51:01,819 --> 00:51:00,059

it comes to analyzing video in fact

1061

00:51:03,259 --> 00:51:01,829

there's some people say well I won't

1062

00:51:04,790 --> 00:51:03,269

even look at a video because it's

1063

00:51:07,460 --> 00:51:04,800

probably CGI

1064

00:51:10,600 --> 00:51:07,470

there are certain attributes to the

1065

00:51:15,920 --> 00:51:10,610

genuine phenomena that will display

1066

00:51:20,050 --> 00:51:15,930

itself in video in any sort of digital

1067

00:51:24,650 --> 00:51:20,060

format that is almost telltale something

1068

00:51:28,400 --> 00:51:24,660

unusual and you know we hear this you

1069

00:51:30,980 --> 00:51:28,410

know fuzzy photos don't have any value

1070

00:51:32,780 --> 00:51:30,990

well each and every day fuzzy photos

1071

00:51:37,880 --> 00:51:32,790

save lights lifes and they're called

1072

00:51:40,520 --> 00:51:37,890

x-rays and there is attributes you know

1073

00:51:42,830 --> 00:51:40,530

when it comes to that energy those

1074

00:51:45,970 --> 00:51:42,840

energy fields how they affect photons

1075

00:51:49,010 --> 00:51:45,980

and how they affect the camera

1076

00:51:52,180 --> 00:51:49,020

renderings so the thing is there are

1077

00:51:56,240 --> 00:51:52,190

other components there and unfortunately

1078

00:52:00,320 --> 00:51:56,250

we are so trained to look at real high

1079

00:52:04,210 --> 00:52:00,330

you know really clean images and the

1080

00:52:07,250 --> 00:52:04,220

more exotic it is the more titillating

1081

00:52:09,320 --> 00:52:07,260

that is what we are drawn to that's

1082

00:52:13,280 --> 00:52:09,330

because we have such short attention

1083

00:52:16,040 --> 00:52:13,290

spans we sure do and you know I can

1084

00:52:19,280 --> 00:52:16,050

recall a sighting back on that was June

1085

00:52:22,990 --> 00:52:19,290

20th 2004 right before all this stuff

1086

00:52:26,390 --> 00:52:23,000

happened in Tinley Park it was down in

1087

00:52:31,370 --> 00:52:26,400

Wilmington Illinois three kids were

1088

00:52:35,000 --> 00:52:31,380

standing out and seen a disc over a

1089

00:52:37,670 --> 00:52:35,010

field rotating in fact the rotation of

1090

00:52:40,040 --> 00:52:37,680

it they said it looked like a quarter on

1091

00:52:44,510 --> 00:52:40,050

edge if you were to hit it and watch it

1092

00:52:46,250 --> 00:52:44,520

spin exactly like that and it was over

1093

00:52:48,200 --> 00:52:46,260

some tree line they were watching it and

1094

00:52:49,880 --> 00:52:48,210

the one the eldest brother comes along

1095

00:52:52,340 --> 00:52:49,890

he had gone to the store to pick up some

1096

00:52:54,710 --> 00:52:52,350

Pepsi the four of them are out there

1097

00:52:56,750 --> 00:52:54,720

watching this thing for a few minutes

1098

00:52:59,480 --> 00:52:56,760

and instead of observing until it

1099

00:53:05,000 --> 00:52:59,490

finally left they went back to playing

1100

00:53:06,890 --> 00:53:05,010

video games uh now you'd say well that's

1101

00:53:09,050 --> 00:53:06,900

the way children are no that's the way

1102

00:53:11,360 --> 00:53:09,060

most people are now mind you the Gimli

1103

00:53:13,370 --> 00:53:11,370

Park sightings these objects were

1104

00:53:15,610 --> 00:53:13,380

sitting out there for some length of

1105

00:53:18,420 --> 00:53:15,620

time and yet when you look the average

1106

00:53:20,940 --> 00:53:18,430

observation is approximately 50

1107

00:53:23,069 --> 00:53:20,950

minutes that's because people get bored

1108

00:53:25,230 --> 00:53:23,079

I may go back to doing whatever they're

1109

00:53:26,010 --> 00:53:25,240

doing that's the average but not

1110

00:53:29,819 --> 00:53:26,020

everybody

1111

00:53:32,940 --> 00:53:29,829

I remember one gentleman in 2003 saw

1112

00:53:34,589 --> 00:53:32,950

this huge triangular craft fly over

1113

00:53:36,180 --> 00:53:34,599

while he went to the porch they were

1114

00:53:38,730 --> 00:53:36,190

cleaning the basement he's standing

1115

00:53:42,270 --> 00:53:38,740

there looking at it his jaw dropping

1116

00:53:44,579 --> 00:53:42,280

saying what on earth would something who

1117

00:53:46,589 --> 00:53:44,589

would need something that huge and he's

1118

00:53:49,650 --> 00:53:46,599

watching this thing traverse across the

1119

00:53:51,030 --> 00:53:49,660

sky and his wife calls him and says hey

1120

00:53:52,829 --> 00:53:51,040

get down here we got to clean the

1121

00:53:54,540 --> 00:53:52,839

basement and you know what he does he

1122

00:53:56,849 --> 00:53:54,550

leaves go down there cleans the basement

1123

00:53:59,849 --> 00:53:56,859

he says I could have kicked myself in a

1124

00:54:03,890 --> 00:53:59,859

butt for that but this is what people do

1125

00:54:06,870 --> 00:54:03,900

we were so regimented so trained and

1126

00:54:08,730 --> 00:54:06,880

conditioned that we forfeit it's the

1127

00:54:11,819 --> 00:54:08,740

good common sense to just make the

1128

00:54:14,790 --> 00:54:11,829

observation sit there observe it and

1129

00:54:17,700 --> 00:54:14,800

when you're observing try to get as much

1130

00:54:19,799 --> 00:54:17,710

detail as possible don't think

1131

00:54:22,950 --> 00:54:19,809

outlandish thinks of where it came from

1132

00:54:26,880 --> 00:54:22,960

or just get the detail watch the

1133

00:54:29,309 --> 00:54:26,890

characteristics get as much detail I

1134

00:54:31,799 --> 00:54:29,319

could give as far as distance height

1135

00:54:34,470 --> 00:54:31,809

whatever because this stuff is crucial

1136

00:54:36,329 --> 00:54:34,480

and that's really what all that matters

1137

00:54:40,099 --> 00:54:36,339

when it comes to a case is compile the

1138

00:54:44,130 --> 00:54:40,109

data yeah going back to the Fatima

1139

00:54:45,630 --> 00:54:44,140

sighting anybody can maybe I'll try to

1140

00:54:47,430 --> 00:54:45,640

put something up in the show notes but

1141

00:54:51,559 --> 00:54:47,440

if anyone wanted to see the pictures of

1142

00:54:54,089 --> 00:54:51,569

that all you have to do is Google 1917

1143

00:54:58,920 --> 00:54:54,099

Fatima it's spelled just the way it

1144

00:55:02,970 --> 00:54:58,930

sounds FA T ima sighting or aberration

1145

00:55:05,160 --> 00:55:02,980

or or the Sun what did you call it

1146

00:55:10,880 --> 00:55:05,170

miracle miracle of the Sun yeah and

1147

00:55:13,170 --> 00:55:10,890

you'll see the pictures there and so I

1148

00:55:13,549 --> 00:55:13,180

understand in a way what you're talking

1149

00:55:17,400 --> 00:55:13,559

about

1150

00:55:19,470 --> 00:55:17,410

it does baffle me though we have someone

1151  
00:55:21,720 --> 00:55:19,480  
recently on the show that basically said

1152  
00:55:26,760 --> 00:55:21,730  
her mother went to sleep when everyone

1153  
00:55:28,380 --> 00:55:26,770  
else was watching this UFO so I I do get

1154  
00:55:31,890 --> 00:55:28,390  
that everyone's attention span

1155  
00:55:32,700 --> 00:55:31,900  
especially today is so short and it kind

1156  
00:55:34,410 --> 00:55:32,710  
of leads

1157  
00:55:37,079 --> 00:55:34,420  
into this question you sort of answered

1158  
00:55:39,690 --> 00:55:37,089  
it already this is also from the same

1159  
00:55:42,630 --> 00:55:39,700  
email and do you think that people are

1160  
00:55:45,120 --> 00:55:42,640  
getting blase to the potential genuine

1161  
00:55:49,320 --> 00:55:45,130  
video evidence as is so much CGI fake

1162  
00:55:52,490 --> 00:55:49,330  
videos out there and what you know we

1163  
00:55:56,640 --> 00:55:52,500

sort of answered that already but I also

1164

00:55:59,550 --> 00:55:56,650

do want to say that how much of a big

1165

00:56:04,260 --> 00:55:59,560

deal would most people think it would be

1166

00:56:05,670 --> 00:56:04,270

if if there was a mass sighting and do

1167

00:56:08,220 --> 00:56:05,680

you think it would just kind of vanish

1168

00:56:11,700 --> 00:56:08,230

away in the in the media like it

1169

00:56:13,920 --> 00:56:11,710

generally does yes I'm just thinking

1170

00:56:15,690 --> 00:56:13,930

what they did here in Tinley Park

1171

00:56:17,520 --> 00:56:15,700

I mean think of Tinley Park or think of

1172

00:56:21,660 --> 00:56:17,530

the O'Hare sighting was a mass sighting

1173

00:56:24,450 --> 00:56:21,670

and in these they lived in the media for

1174

00:56:26,400 --> 00:56:24,460

X period of time and sometimes they get

1175

00:56:29,040 --> 00:56:26,410

celebrated you know like for instance

1176

00:56:31,290 --> 00:56:29,050

the Tinley Park case was celebrated last

1177

00:56:33,720 --> 00:56:31,300

year by some there's some cheesy stuff

1178

00:56:35,970 --> 00:56:33,730

you know some basically some fluff in

1179

00:56:38,490 --> 00:56:35,980

the media but nothing beyond that

1180

00:56:40,589 --> 00:56:38,500

serious you know nothing of a serious

1181

00:56:43,740 --> 00:56:40,599

tone or say no this really did happen

1182

00:56:45,630 --> 00:56:43,750

and you know they always thrown the

1183

00:56:47,370 --> 00:56:45,640

extra-terrestrial hypotheses and and

1184

00:56:51,480 --> 00:56:47,380

they have to make fun of that and

1185

00:56:53,940 --> 00:56:51,490

anything else you know it doesn't matter

1186

00:56:58,589 --> 00:56:53,950

the bottom line is they're always going

1187

00:57:00,810 --> 00:56:58,599

to try to shuffle it away and strangely

1188

00:57:03,359 --> 00:57:00,820

enough that ridicule factor that we

1189

00:57:06,089 --> 00:57:03,369

always have that giggle factor even on

1190

00:57:08,810 --> 00:57:06,099

we get cases you know 90 some percent of

1191

00:57:09,990 --> 00:57:08,820

the cases we get in are just are just

1192

00:57:13,260 --> 00:57:10,000

explainable

1193

00:57:15,810 --> 00:57:13,270

just by reading it in cross reference at

1194

00:57:18,150 --> 00:57:15,820

celestial objects misidentifications etc

1195

00:57:19,170 --> 00:57:18,160

but we need every once in a while when

1196

00:57:21,150 --> 00:57:19,180

you get something a little more

1197

00:57:23,820 --> 00:57:21,160

elaborate the first thing comes to mind

1198

00:57:27,960 --> 00:57:23,830

how they're crazy maybe they're not get

1199

00:57:32,339 --> 00:57:27,970

the information but the added feature of

1200

00:57:35,910 --> 00:57:32,349

a video today is is so important get a

1201  
00:57:39,300 --> 00:57:35,920  
picture get a picture the other thing is

1202  
00:57:41,670 --> 00:57:39,310  
multiple pictures heck it's a phone call

1203  
00:57:43,470 --> 00:57:41,680  
somebody get somebody out on the porch

1204  
00:57:46,380 --> 00:57:43,480  
or wherever they're at get another

1205  
00:57:48,539 --> 00:57:46,390  
perspective we can do triangulations

1206  
00:57:50,759 --> 00:57:48,549  
triangulation we could tell the size and

1207  
00:57:53,539 --> 00:57:50,769  
everything else do you have the

1208  
00:57:57,710 --> 00:57:53,549  
technology there you have it there I

1209  
00:58:05,039 --> 00:57:57,720  
that can't be dismissed its science so

1210  
00:58:06,779 --> 00:58:05,049  
right I also think that I I have talked

1211  
00:58:10,140 --> 00:58:06,789  
to you before about the sighting I had

1212  
00:58:14,069 --> 00:58:10,150  
and how the thought of taking a picture

1213  
00:58:16,620 --> 00:58:14,079

never even crossed my mind and and I I I

1214

00:58:20,130 --> 00:58:16,630

didn't have I didn't actually that was

1215

00:58:21,569 --> 00:58:20,140

in 2006 I it wasn't like a smartphone I

1216

00:58:24,680 --> 00:58:21,579

think I had a flip phone and would have

1217

00:58:27,120 --> 00:58:24,690

taken a terrible picture but still I

1218

00:58:30,690 --> 00:58:27,130

think a lot of times when someone has a

1219

00:58:33,480 --> 00:58:30,700

sees has a sighting I know that right

1220

00:58:36,150 --> 00:58:33,490

now I would grab my camera if I have I

1221

00:58:37,650 --> 00:58:36,160

saw something but I don't know if it was

1222

00:58:38,849 --> 00:58:37,660

the first time I saw something if I

1223

00:58:42,319 --> 00:58:38,859

would even think of that because you're

1224

00:58:46,349 --> 00:58:42,329

in the moment and you're mesmerized and

1225

00:58:48,210 --> 00:58:46,359

and it's tough but but there are enough

1226

00:58:52,650 --> 00:58:48,220

people that think to take a picture out

1227

00:58:56,220 --> 00:58:52,660

there that the reason there's so much

1228

00:58:59,579 --> 00:58:56,230

going on that's pictured is because

1229

00:59:01,259 --> 00:58:59,589

people now know how to all they have to

1230

00:59:06,359 --> 00:59:01,269

do is look on the internet and they can

1231

00:59:09,349 --> 00:59:06,369

see the different sites to report and so

1232

00:59:12,509 --> 00:59:09,359

always interesting

1233

00:59:15,690 --> 00:59:12,519

so you mentioned just a second ago about

1234

00:59:17,970 --> 00:59:15,700

the O'Hare incident did you have I know

1235

00:59:20,190 --> 00:59:17,980

you're in that area you're not too far

1236

00:59:22,650 --> 00:59:20,200

away from O'Hare probably an hour drive

1237

00:59:22,950 --> 00:59:22,660

maybe something like that right about an

1238

00:59:26,609 --> 00:59:22,960

hour

1239

00:59:28,319 --> 00:59:26,619

yeah now did you have any any interest

1240

00:59:30,930 --> 00:59:28,329

when that was going on did you have any

1241

00:59:34,380 --> 00:59:30,940

investigative work that you did on that

1242

00:59:37,049 --> 00:59:34,390

yourself yes I worked under what would

1243

00:59:39,599 --> 00:59:37,059

happen is the you know first of all like

1244

00:59:43,200 --> 00:59:39,609

like the origin of cases like where the

1245

00:59:46,710 --> 00:59:43,210

case like the the it was a new for case

1246

00:59:48,769 --> 00:59:46,720

that came in Peter Davenport had the

1247

00:59:52,680 --> 00:59:48,779

case they were called in to him and

1248

00:59:55,859 --> 00:59:52,690

Peter Davenport that was also the same

1249

00:59:58,589 --> 00:59:55,869

scenario with the Tinley Park case he

1250

01:00:00,180 --> 00:59:58,599

said I come to MUFON it to CMS and went

1251

01:00:01,560 --> 01:00:00,190

to Peter Davenport

1252

01:00:05,490 --> 01:00:01,570

even though it was right in my backyard

1253

01:00:07,050 --> 01:00:05,500

it's amazing but then they contacted you

1254

01:00:09,240 --> 01:00:07,060

know we got contacted here I was

1255

01:00:11,430 --> 01:00:09,250

contacted and but to work on it the

1256

01:00:15,170 --> 01:00:11,440

O'Hare case I didn't find out about it

1257

01:00:18,780 --> 01:00:15,180

until Marc Ron eager called me up and

1258

01:00:21,540 --> 01:00:18,790

he's mark and I are talking because the

1259

01:00:25,860 --> 01:00:21,550

very day that had happened I'm on the

1260

01:00:27,690 --> 01:00:25,870

phone with Dave Marlar and who was the

1261

01:00:30,300 --> 01:00:27,700

you know the state director at the time

1262

01:00:32,940 --> 01:00:30,310

and he was in the process of handing it

1263

01:00:35,790 --> 01:00:32,950

over to me and we were going to get

1264

01:00:38,580 --> 01:00:35,800

together on the weekend so we were

1265

01:00:41,010 --> 01:00:38,590

making the arrangements and just

1266

01:00:43,140 --> 01:00:41,020

basically talking and Peter Davenport

1267

01:00:44,880 --> 01:00:43,150

gave him a call he goes oh I got to get

1268

01:00:47,220 --> 01:00:44,890

off the phone right away it's Peter you

1269

01:00:49,080 --> 01:00:47,230

know and sure enough that was what was

1270

01:00:50,970 --> 01:00:49,090

going on and he was explaining to him

1271

01:00:54,510 --> 01:00:50,980

that there is this case going on and

1272

01:00:57,260 --> 01:00:54,520

that you know Richard Haines dr. Haines

1273

01:01:01,470 --> 01:00:57,270

is going to be the point man on that at

1274

01:01:06,330 --> 01:01:01,480

you know NICAP National Aviation

1275

01:01:09,030 --> 01:01:06,340

Reporting Center and Arquette so for

1276

01:01:11,490 --> 01:01:09,040

your phenomena so he was the point man

1277

01:01:13,730 --> 01:01:11,500

on it and there were different people

1278

01:01:15,900 --> 01:01:13,740

with X you know different disciplines

1279

01:01:18,330 --> 01:01:15,910

assigned different tasks and he did a

1280

01:01:20,550 --> 01:01:18,340

great job putting it together I was out

1281

01:01:24,510 --> 01:01:20,560

there I had a couple people that I

1282

01:01:26,040 --> 01:01:24,520

interviewed one person in in called che

1283

01:01:28,280 --> 01:01:26,050

age and if you get a chance to look at

1284

01:01:33,480 --> 01:01:28,290

the hundred and twenty some page

1285

01:01:35,100 --> 01:01:33,490

technical report at nark F dot or if you

1286

01:01:37,950 --> 01:01:35,110

could see it I think it's number ten and

1287

01:01:41,250 --> 01:01:37,960

you could actually read through it or

1288

01:01:46,890 --> 01:01:41,260

download the details and my interview

1289

01:01:49,770 --> 01:01:46,900

was with this JH was a she was a retired

1290

01:01:55,290 --> 01:01:49,780

teacher and she came to East Coast she

1291

01:01:59,130 --> 01:01:55,300

had a background as being a a reporter

1292

01:02:01,980 --> 01:01:59,140

she was a military brat and her father

1293

01:02:05,210 --> 01:02:01,990

was a commander of a helicopter Air Wing

1294

01:02:07,830 --> 01:02:05,220

in the Navy knew all the technical terms

1295

01:02:11,190 --> 01:02:07,840

she had seen pretty much everything that

1296

01:02:13,920 --> 01:02:11,200

flew her and her friend who was a belief

1297

01:02:15,480 --> 01:02:13,930

she was a doctor from Belgium

1298

01:02:18,089 --> 01:02:15,490

they were going to the International

1299

01:02:22,770 --> 01:02:18,099

Khan courts to pick up a friend who was

1300

01:02:24,960 --> 01:02:22,780

a pilot coming in from overseas so on

1301

01:02:27,780 --> 01:02:24,970

the way down on Mannheim they seen the

1302

01:02:31,589 --> 01:02:27,790

object below the ceiling of clouds which

1303

01:02:33,569 --> 01:02:31,599

is about 6,000 feet of the ceiling was

1304

01:02:35,549 --> 01:02:33,579

about 6,000 feet by the way we're gonna

1305

01:02:36,299 --> 01:02:35,559

we're coming up on the ten-year

1306

01:02:39,930 --> 01:02:36,309

anniversary

1307

01:02:43,680 --> 01:02:39,940

November 6 November 7 5/7 yeah it was

1308

01:02:47,250 --> 01:02:43,690

new thousand six but about was about 420

1309

01:02:48,900 --> 01:02:47,260

or so in the afternoon right and so

1310

01:02:50,970 --> 01:02:48,910

they're watching this thing it was a

1311

01:02:53,520 --> 01:02:50,980

said it was clearly visible this thing

1312

01:02:55,200 --> 01:02:53,530

was they're sitting there and so they

1313

01:02:57,000 --> 01:02:55,210

got off getting to the Conchords there

1314

01:02:58,319 --> 01:02:57,010

are other people out there they didn't

1315

01:03:00,839 --> 01:02:58,329

have to point anything out they were

1316

01:03:03,450 --> 01:03:00,849

watching him and they says and they were

1317

01:03:07,140 --> 01:03:03,460

videoing them people were taking

1318

01:03:09,059 --> 01:03:07,150

photographs and that's why we were so

1319

01:03:11,400 --> 01:03:09,069

surprised that we really didn't get our

1320

01:03:14,370 --> 01:03:11,410

share of video or photographs out of out

1321

01:03:16,109 --> 01:03:14,380

of that sighting the other thing is the

1322

01:03:19,799 --> 01:03:16,119

use are getting our hands on the

1323

01:03:21,450 --> 01:03:19,809

security camera footage so either way

1324

01:03:23,700 --> 01:03:21,460

all this stuff you know people say well

1325

01:03:26,099 --> 01:03:23,710

that wasn't even photograph oh no it

1326

01:03:30,780 --> 01:03:26,109

actually was photograph the pilot who

1327

01:03:32,809 --> 01:03:30,790

was at the c-17 gate c-17 they were

1328

01:03:35,640 --> 01:03:32,819

going to be pushed back pretty soon and

1329

01:03:38,069 --> 01:03:35,650

you know one of the I believe it was the

1330

01:03:41,880 --> 01:03:38,079

copilot at a camera took some pictures

1331

01:03:44,880 --> 01:03:41,890

so there were pictures taken a few were

1332

01:03:47,430 --> 01:03:44,890

submitted to mark Alyn over and above

1333

01:03:51,030 --> 01:03:47,440

top-secret and that's actually how I got

1334

01:03:52,950 --> 01:03:51,040

the the witness as I'd called him

1335

01:03:56,940 --> 01:03:52,960

because I read some something on the

1336

01:03:58,859 --> 01:03:56,950

blog and also noted it she said there

1337

01:04:01,020 --> 01:03:58,869

was photographs being there were

1338

01:04:03,960 --> 01:04:01,030

photographs taken and that a photograph

1339

01:04:06,599 --> 01:04:03,970

was submitted to above top-secret that

1340

01:04:09,510 --> 01:04:06,609

seemed to be legit so I looked at it and

1341

01:04:12,809 --> 01:04:09,520

the thing is if we don't have a chain of

1342

01:04:16,589 --> 01:04:12,819

custody we don't know who had it can't

1343

01:04:20,339 --> 01:04:16,599

examine the camera etc basically all it

1344

01:04:22,410 --> 01:04:20,349

is is a Dilla stration at that point but

1345

01:04:25,230 --> 01:04:22,420

it's a very good illustration and that

1346

01:04:27,810 --> 01:04:25,240

is specifically what she said she saw

1347

01:04:30,060 --> 01:04:27,820

from the air kind of course looking up

1348

01:04:33,210 --> 01:04:30,070

and she said that object was there for

1349

01:04:36,240 --> 01:04:33,220

some period of time then at a very steep

1350

01:04:39,120 --> 01:04:36,250

angle or a very slight angle excuse me

1351

01:04:41,430 --> 01:04:39,130

had shot up straight through the the

1352

01:04:44,160 --> 01:04:41,440

cloud nearly straight up leaving a

1353

01:04:46,980 --> 01:04:44,170

gaping hole to the blue sky above right

1354

01:04:51,120 --> 01:04:46,990

and if you get a chance to actually look

1355

01:04:53,280 --> 01:04:51,130

at that the technical report and the

1356

01:04:56,250 --> 01:04:53,290

site and dr. Haynes did a great job and

1357

01:04:58,170 --> 01:04:56,260

everybody else putting it together you

1358

01:05:02,100 --> 01:04:58,180

could actually see what it would take to

1359

01:05:05,760 --> 01:05:02,110

displace that much vapor in an instance

1360

01:05:08,250 --> 01:05:05,770

and now that's all science there and

1361

01:05:11,040 --> 01:05:08,260

it's very impressive and though it

1362

01:05:12,450 --> 01:05:11,050

doesn't stay you know by analyzing that

1363

01:05:13,200 --> 01:05:12,460

that it's something from out of this

1364

01:05:16,890 --> 01:05:13,210

world

1365

01:05:19,760 --> 01:05:16,900

it is a it would be by our understanding

1366

01:05:23,040 --> 01:05:19,770

of conventional technology a pretty

1367

01:05:27,360 --> 01:05:23,050

difficult task for anything conventional

1368

01:05:29,010 --> 01:05:27,370

to do right now ok one of the things I

1369

01:05:32,010 --> 01:05:29,020

have mentioned on this show in the past

1370

01:05:33,450 --> 01:05:32,020

and and I'll just run it by you to get

1371

01:05:35,220 --> 01:05:33,460

your your thoughts on it

1372

01:05:38,310 --> 01:05:35,230

so there was something like a dozen or

1373

01:05:41,010 --> 01:05:38,320

so United Airlines employees that watch

1374

01:05:46,020 --> 01:05:41,020

this thing steadily for the five or so

1375

01:05:48,690 --> 01:05:46,030

minutes before it shot up and they were

1376

01:05:51,330 --> 01:05:48,700

told not to say anything now the one of

1377

01:05:54,480 --> 01:05:51,340

the things I think about is the airline

1378

01:05:56,760 --> 01:05:54,490

business in general I'm not talking

1379

01:05:59,130 --> 01:05:56,770

about pilots have it pretty tough

1380

01:06:01,830 --> 01:05:59,140

because they have to watch what they say

1381

01:06:05,160 --> 01:06:01,840

but there are like flight attendants and

1382

01:06:08,810 --> 01:06:05,170

other crew ground crews stuff like that

1383

01:06:12,180 --> 01:06:08,820

and nobody stays at that job

1384

01:06:14,460 --> 01:06:12,190

there's a lot of in and out a lot of

1385

01:06:16,860 --> 01:06:14,470

open and closed doors in that field so

1386

01:06:19,290 --> 01:06:16,870

people will leave their job and I'm just

1387

01:06:22,530 --> 01:06:19,300

wondering what your thoughts are why

1388

01:06:25,020 --> 01:06:22,540

nobody has come forward past employee of

1389

01:06:26,940 --> 01:06:25,030

United at the time why nobody has come

1390

01:06:30,690 --> 01:06:26,950

forward yet a witness and actually

1391

01:06:35,450 --> 01:06:30,700

talked about it directly well we had 14

1392

01:06:41,460 --> 01:06:37,920

you know John Hill kovitch because it

1393

01:06:44,930 --> 01:06:41,470

was right in the Tribune and I think

1394

01:06:48,750 --> 01:06:44,940

about the same number two with spoke to

1395

01:06:51,079 --> 01:06:48,760

dr. Haynes I've interviewed four people

1396

01:06:54,420 --> 01:06:51,089

since that you know since the first

1397

01:06:56,220 --> 01:06:54,430

since the original event that that first

1398

01:07:00,960 --> 01:06:56,230

witnessed the last time I spoke to her I

1399

01:07:02,309 --> 01:07:00,970

think was February 26th or 24th and I

1400

01:07:04,260 --> 01:07:02,319

don't even know if she's alive she was

1401

01:07:08,700 --> 01:07:04,270

very ill at that time and gone through

1402

01:07:12,210 --> 01:07:08,710

some surgery but Linda Moulton Howe I

1403

01:07:15,960 --> 01:07:12,220

also spoke to her but we we did speak to

1404

01:07:16,890 --> 01:07:15,970

a few other people that were at the gate

1405

01:07:19,740 --> 01:07:16,900

c-17

1406

01:07:21,750 --> 01:07:19,750

and pretty much the same thing the only

1407

01:07:24,599 --> 01:07:21,760

difference is I was getting a better

1408

01:07:28,200 --> 01:07:24,609

idea from two other individuals as to

1409

01:07:30,750 --> 01:07:28,210

the size and it was large it could have

1410

01:07:33,510 --> 01:07:30,760

been you know 60 feet or so in diameter

1411

01:07:36,589 --> 01:07:33,520

it wasn't all that small it could be it

1412

01:07:39,270 --> 01:07:36,599

could have been larger than initially

1413

01:07:43,319 --> 01:07:39,280

what we may have thought it could have

1414

01:07:45,420 --> 01:07:43,329

been larger so I mean the thing is as

1415

01:07:48,690 --> 01:07:45,430

time progresses and of course this was

1416

01:07:50,490 --> 01:07:48,700

the largest UAL was during just getting

1417

01:07:52,200 --> 01:07:50,500

out of bankruptcy at that time in

1418

01:07:58,950 --> 01:07:52,210

February and it was the largest

1419

01:08:02,099 --> 01:07:58,960

bankruptcy at that time of a an airline

1420

01:08:04,170 --> 01:08:02,109

so of course I think they encouraged

1421

01:08:06,569 --> 01:08:04,180

people to shut their yaps because they

1422

01:08:09,180 --> 01:08:06,579

didn't want to be known you know take on

1423

01:08:11,370 --> 01:08:09,190

a new marketing scheme as being the you

1424

01:08:13,980 --> 01:08:11,380

know the airlines that really caters to

1425

01:08:17,789 --> 01:08:13,990

some out of the this world customers or

1426  
01:08:21,749 --> 01:08:17,799  
service so yeah I think that was maybe

1427  
01:08:24,720 --> 01:08:21,759  
smart or very cautious on on their side

1428  
01:08:28,559 --> 01:08:24,730  
and if it wasn't for John Hill kovitch

1429  
01:08:31,950 --> 01:08:28,569  
the story I think would never broke he

1430  
01:08:33,090 --> 01:08:31,960  
you know of course asked called up there

1431  
01:08:34,860 --> 01:08:33,100  
and said of this

1432  
01:08:36,959 --> 01:08:34,870  
was there anything to this and of course

1433  
01:08:39,510 --> 01:08:36,969  
they said no and then he said well I'll

1434  
01:08:40,920 --> 01:08:39,520  
just you know request a FOIA and then

1435  
01:08:43,079 --> 01:08:40,930  
all of a sudden I got a call back and

1436  
01:08:45,360 --> 01:08:43,089  
yes there were safety concerns and yes

1437  
01:08:48,140 --> 01:08:45,370  
people did come forward because it was a

1438  
01:08:50,099 --> 01:08:48,150

safety issue its class Class B airspace

1439

01:08:52,800 --> 01:08:50,109

nothing should be flying around out

1440

01:08:53,640 --> 01:08:52,810

there without a transponder you know so

1441

01:08:57,570 --> 01:08:53,650

sorry

1442

01:08:59,940 --> 01:08:57,580

yeah there were concerns and things did

1443

01:09:02,040 --> 01:08:59,950

change the patterns did change a little

1444

01:09:03,660 --> 01:09:02,050

bit there was some backup but but this

1445

01:09:05,760 --> 01:09:03,670

you know the bottom line is none of this

1446

01:09:09,930 --> 01:09:05,770

months to come forward they want to

1447

01:09:11,880 --> 01:09:09,940

brush this under the rug and and for

1448

01:09:14,790 --> 01:09:11,890

good reason people get concerned about

1449

01:09:18,870 --> 01:09:14,800

it yeah I think it's interesting because

1450

01:09:21,630 --> 01:09:18,880

that that is one of the only case that I

1451

01:09:25,170 --> 01:09:21,640

can think of where it was right in the

1452

01:09:27,870 --> 01:09:25,180

airspace right over a gate you know I

1453

01:09:29,880 --> 01:09:27,880

can't think of any other case you know

1454

01:09:33,930 --> 01:09:29,890

there's a purported case where of course

1455

01:09:37,410 --> 01:09:33,940

one landed at and an Air Force Base you

1456

01:09:40,080 --> 01:09:37,420

know but this one just with the

1457

01:09:42,690 --> 01:09:40,090

witnesses it's it's just to me it's one

1458

01:09:45,120 --> 01:09:42,700

of the it's one of the top top sightings

1459

01:09:50,130 --> 01:09:45,130

I know it didn't last very long but just

1460

01:09:52,050 --> 01:09:50,140

the you know the witnesses and the

1461

01:09:54,150 --> 01:09:52,060

description and how they all matched and

1462

01:09:58,350 --> 01:09:54,160

I think I had someone on the show a

1463

01:10:00,990 --> 01:09:58,360

while back where they said that they had

1464

01:10:04,410 --> 01:10:01,000

a witness come forward that was actually

1465

01:10:06,030 --> 01:10:04,420

flying in and he kept his ticket just so

1466

01:10:10,110 --> 01:10:06,040

he could prove that he saw this thing

1467

01:10:12,870 --> 01:10:10,120

from the air and indeed the flight

1468

01:10:14,760 --> 01:10:12,880

Peregrine was right and everything so

1469

01:10:16,140 --> 01:10:14,770

you never know someone could come

1470

01:10:17,310 --> 01:10:16,150

forward they were told not to talk about

1471

01:10:20,820 --> 01:10:17,320

it

1472

01:10:22,620 --> 01:10:20,830

could come forward and speak publicly

1473

01:10:25,260 --> 01:10:22,630

about it I think that would be really

1474

01:10:27,540 --> 01:10:25,270

good if that happens someday well I find

1475

01:10:32,370 --> 01:10:27,550

it interesting that you know in was a

1476

01:10:37,260 --> 01:10:32,380

2008 January of 2008 or February we had

1477

01:10:38,940 --> 01:10:37,270

a it was February I believe I'd be

1478

01:10:40,800 --> 01:10:38,950

wearing March it was still snowing

1479

01:10:42,540 --> 01:10:40,810

effect we had a blizzard that day we had

1480

01:10:46,410 --> 01:10:42,550

a an event

1481

01:10:49,170 --> 01:10:46,420

Radek er myself and Ted Phillips we had

1482

01:10:53,700 --> 01:10:49,180

him calling in on the line a few other

1483

01:10:55,560 --> 01:10:53,710

folks we had a presentation at that buck

1484

01:11:00,990 --> 01:10:55,570

it was at Harper College up there they

1485

01:11:02,520 --> 01:11:01,000

have a big Center it's beautiful and one

1486

01:11:05,430 --> 01:11:02,530

of the people showed up in this

1487

01:11:07,410 --> 01:11:05,440

miserable blizzard was a nine year old

1488

01:11:11,130 --> 01:11:07,420

nurse with just

1489

01:11:13,980 --> 01:11:11,140

you know just love the subject and I

1490

01:11:16,320 --> 01:11:13,990

gave the presentation talking about the

1491

01:11:18,030 --> 01:11:16,330

sighting you know the case and she came

1492

01:11:20,400 --> 01:11:18,040

up to me afterwards and she goes Sam you

1493

01:11:22,830 --> 01:11:20,410

know I've dealt with so many so many

1494

01:11:24,630 --> 01:11:22,840

pilots because this is what I did and

1495

01:11:27,710 --> 01:11:24,640

you know why they don't want to talk to

1496

01:11:29,550 --> 01:11:27,720

you realized a grueling paperwork and

1497

01:11:33,210 --> 01:11:29,560

interrogations they have to go through a

1498

01:11:36,290 --> 01:11:33,220

medical experience you know the they

1499

01:11:38,520 --> 01:11:36,300

have to be analyzed psychologically

1500

01:11:41,010 --> 01:11:38,530

because this is why it's just

1501

01:11:43,500 --> 01:11:41,020

intimidating the other thing is it stays

1502

01:11:46,080 --> 01:11:43,510

on your record you don't yell on it on

1503

01:11:46,680 --> 01:11:46,090

your record yeah I mean it's a game

1504

01:11:49,710 --> 01:11:46,690

changer

1505

01:11:53,510 --> 01:11:49,720

it's it could destroy your credibility

1506

01:11:56,910 --> 01:11:53,520

or reputation your career that's right I

1507

01:12:00,830 --> 01:11:56,920

I have a friend that I hadn't spoken to

1508

01:12:06,510 --> 01:12:00,840

in a number of years that is a pilot and

1509

01:12:08,820 --> 01:12:06,520

he is I believe somewhere stationed

1510

01:12:13,730 --> 01:12:08,830

basically overseas working for some

1511

01:12:16,170 --> 01:12:13,740

foreign airline an interesting guy and

1512

01:12:17,970 --> 01:12:16,180

we would have conversations back and

1513

01:12:20,460 --> 01:12:17,980

forth um I used to know him when he was

1514

01:12:23,450 --> 01:12:20,470

in the area we lived near each other and

1515

01:12:29,460 --> 01:12:23,460

we hung out a few times a fun guy

1516

01:12:31,110 --> 01:12:29,470

so I emailed him and we had this email

1517

01:12:34,980 --> 01:12:31,120

exchange going back and forth and then I

1518

01:12:37,950 --> 01:12:34,990

said hey by the way can you tell me if

1519

01:12:39,920 --> 01:12:37,960

you or any of your you know friend

1520

01:12:43,980 --> 01:12:39,930

pilots ever had a UFO sighting I've

1521

01:12:47,760 --> 01:12:43,990

never heard from him again that was it

1522

01:12:49,440 --> 01:12:47,770

Wow yeah yeah there's about it it's

1523

01:12:50,910 --> 01:12:49,450

taboo you know for some people

1524

01:12:53,340 --> 01:12:50,920

especially if they had their own

1525

01:12:57,530 --> 01:12:53,350

experiences one of our very own

1526

01:13:01,950 --> 01:12:57,540

investigators came onboard and he was a

1527

01:13:09,300 --> 01:13:01,960

air traffic controller in Puerto Rico

1528

01:13:13,830 --> 01:13:09,310

and it they saw a object large disc

1529

01:13:17,670 --> 01:13:13,840

large come out of the water and into the

1530

01:13:19,839 --> 01:13:17,680

sky and hover and just take off and that

1531

01:13:22,030 --> 01:13:19,849

just blew them away

1532

01:13:24,790 --> 01:13:22,040

and he really didn't want to go into all

1533

01:13:31,450 --> 01:13:24,800

that much detail publicly ever about

1534

01:13:34,200 --> 01:13:31,460

this and but I guess his manager you

1535

01:13:39,010 --> 01:13:34,210

know the chief or whoever was in charge

1536

01:13:42,069 --> 01:13:39,020

said that this was not all that uncommon

1537

01:13:46,870 --> 01:13:42,079

and they were seen but they don't report

1538

01:13:50,530 --> 01:13:46,880

it and it's just boom so it and you know

1539

01:13:53,830 --> 01:13:50,540

one of the one of our guys here he has a

1540

01:13:57,430 --> 01:13:53,840

background in radar he was on the Kitty

1541

01:14:00,760 --> 01:13:57,440

Hawk during the Vietnam War and he just

1542

01:14:03,520 --> 01:14:00,770

loves any UFO and aviation type cases

1543

01:14:06,939 --> 01:14:03,530

and he found a whole bunch of very

1544

01:14:10,300 --> 01:14:06,949

unusual cases that took place during

1545

01:14:15,010 --> 01:14:10,310

that time but the shoot darn orders into

1546

01:14:19,000 --> 01:14:15,020

the 50s here and in Illinois he had some

1547

01:14:20,830 --> 01:14:19,010

very interesting cases and I have you

1548

01:14:21,459 --> 01:14:20,840

ever had Frank Vashi Nerul on - yes

1549

01:14:26,740 --> 01:14:21,469

uh-huh

1550

01:14:33,729 --> 01:14:26,750

he does the monster the what am I

1551

01:14:36,100 --> 01:14:33,739

thinking of the he's up he's someone

1552

01:14:38,280 --> 01:14:36,110

that has written a book and talks about

1553

01:14:42,790 --> 01:14:38,290

the something Woods flatwoods monster

1554

01:14:45,250 --> 01:14:42,800

yep yeah that's where it's his mother's

1555

01:14:49,780 --> 01:14:45,260

I think it's another side the family is

1556

01:14:53,530 --> 01:14:49,790

up there and Frank is just one really

1557

01:14:57,160 --> 01:14:53,540

interesting guy and detailed oh my gosh

1558

01:14:59,680 --> 01:14:57,170

I found him yeah he was a character oh

1559

01:15:02,950 --> 01:14:59,690

he's a blast guys something else we had

1560

01:15:06,189 --> 01:15:02,960

him out here twice we just enjoy him and

1561

01:15:10,020 --> 01:15:06,199

his mom she was talking to her she was

1562

01:15:13,419 --> 01:15:10,030

was a lot of fun wonderful people and

1563

01:15:17,020 --> 01:15:13,429

just down-to-earth you know and but

1564

01:15:20,470 --> 01:15:17,030

knows how to do research he had tons of

1565

01:15:23,229 --> 01:15:20,480

data and that whole shoot down order

1566

01:15:26,109 --> 01:15:23,239

during that period of time I'm wondering

1567

01:15:30,850 --> 01:15:26,119

if it still stands I don't I don't think

1568

01:15:33,020 --> 01:15:30,860

so but I I'm curious to find out you

1569

01:15:35,780 --> 01:15:33,030

know if it is or isn't

1570

01:15:39,280 --> 01:15:35,790

I don't know now up on the message board

1571

01:15:41,690 --> 01:15:39,290

a good point was talking about airline

1572

01:15:45,920 --> 01:15:41,700

pilots captains or whatever look what

1573

01:15:49,580 --> 01:15:45,930

happened to the Japanese crew of the

1574

01:15:53,810 --> 01:15:49,590

Japanese pilots Terry's Terry youichi

1575

01:15:58,180 --> 01:15:53,820

whatever is in reach in 1628 JJ yeah an

1576

01:16:01,100 --> 01:15:58,190

airline that I would love to have

1577

01:16:04,090 --> 01:16:01,110

someone on to talk about that so that's

1578

01:16:08,600 --> 01:16:04,100

citing to me is one of the best ones and

1579

01:16:11,390 --> 01:16:08,610

I'm trying to remember the FAA a guy

1580

01:16:15,200 --> 01:16:11,400

that does talk about Jack Elliott yeah

1581

01:16:17,720 --> 01:16:15,210

yeah Callahan right that whole case is

1582

01:16:20,090 --> 01:16:17,730

so fascinating it's one of it to me one

1583

01:16:25,180 --> 01:16:20,100

of the you know we talked about O'Hare

1584

01:16:27,650 --> 01:16:25,190

this I consider that a major incident

1585

01:16:29,150 --> 01:16:27,660

and we look what did happen to him he

1586

01:16:31,880 --> 01:16:29,160

had to take a desk job

1587

01:16:35,140 --> 01:16:31,890

oh sure hang on Sam we have an incoming

1588

01:16:39,710 --> 01:16:35,150

call let's see who I was talk to us

1589

01:16:42,770 --> 01:16:39,720

hello this is uh whoops see there he's

1590

01:16:43,940 --> 01:16:42,780

persons you there hi there how you doing

1591

01:16:45,730 --> 01:16:43,950

you're on the air

1592

01:16:48,320 --> 01:16:45,740

what's your name were you calling from

1593

01:16:49,520 --> 01:16:48,330

its dock from England again how are you

1594

01:16:52,070 --> 01:16:49,530

Martin Hey

1595

01:16:54,800 --> 01:16:52,080

from England doc how are you ron was Sam

1596

01:16:55,940 --> 01:16:54,810

moranto you have a question for him what

1597

01:16:59,450 --> 01:16:55,950

it's not so much it's more of an

1598

01:17:01,970 --> 01:16:59,460

observation couple of things I actually

1599

01:17:04,280 --> 01:17:01,980

have a sighting right near an airport

1600

01:17:04,460 --> 01:17:04,290

and there was a group of us we all saw

1601

01:17:07,430 --> 01:17:04,470

it

1602

01:17:10,520 --> 01:17:07,440

not one of us took our camera we just

1603

01:17:12,470 --> 01:17:10,530

stood there and stared it and it was

1604

01:17:14,510 --> 01:17:12,480

just everyone was like looking each

1605

01:17:16,160 --> 01:17:14,520

other and like did you just see what I

1606

01:17:18,350 --> 01:17:16,170

saw across the flight path of an

1607

01:17:22,160 --> 01:17:18,360

aircraft and they were all the same

1608

01:17:24,320 --> 01:17:22,170

but none of us today I took eight hours

1609

01:17:26,120 --> 01:17:24,330

out the second thing that I was like to

1610

01:17:29,030 --> 01:17:26,130

say and you know I'm a professional

1611

01:17:30,890 --> 01:17:29,040

videographer and the first thing would

1612

01:17:33,770 --> 01:17:30,900

happen to me if I sometimes ink we might

1613

01:17:39,320 --> 01:17:33,780

put them is it'll be like because I'm a

1614

01:17:41,300 --> 01:17:39,330

professional oh yeah yeah the more the

1615

01:17:44,240 --> 01:17:41,310

more credibility in a more experience

1616

01:17:46,340 --> 01:17:44,250

you have it seems that it diminishes in

1617

01:17:46,919 --> 01:17:46,350

the eyes of the public that's very

1618

01:17:49,410 --> 01:17:46,929

interesting

1619

01:17:52,020 --> 01:17:49,420

and you know what else Martin well your

1620

01:17:53,430 --> 01:17:52,030

point there about not you know just

1621

01:17:55,950 --> 01:17:53,440

don't want to take your eyes off it

1622

01:17:58,169 --> 01:17:55,960

I am guilty I will swear I am guilty I

1623

01:18:01,470 --> 01:17:58,179

had a sighting both Julie and I have an

1624

01:18:05,040 --> 01:18:01,480

orange orb in Orland Park May I think it

1625

01:18:08,399 --> 01:18:05,050

was the 3rd was a Friday at 9:40 in 2003

1626

01:18:11,070 --> 01:18:08,409

and that orb sat there in a 23 mile an

1627

01:18:13,800 --> 01:18:11,080

hour winds static in the sky and do you

1628

01:18:16,890 --> 01:18:13,810

know I couldn't even blink I didn't have

1629

01:18:19,290 --> 01:18:16,900

any sort of camera yeah but I I couldn't

1630

01:18:25,110 --> 01:18:19,300

even blink so my friend I am as guilty

1631

01:18:28,890 --> 01:18:25,120

as the rest of us so yes I my eyes were

1632

01:18:30,780 --> 01:18:28,900

watering so bad I couldn't blink I swear

1633

01:18:33,330 --> 01:18:30,790

I kept them open for seven minutes

1634

01:18:35,910 --> 01:18:33,340

because that's almost exactly how long

1635

01:18:38,700 --> 01:18:35,920

we observed it and sat there perfectly

1636

01:18:41,370 --> 01:18:38,710

still static in the sky as orange

1637

01:18:43,560 --> 01:18:41,380

reddish orange the Setting Sun nothing

1638

01:18:47,370 --> 01:18:43,570

in the sky looks like that and there was

1639

01:18:49,410 --> 01:18:47,380

just these discharges looking like

1640

01:18:52,140 --> 01:18:49,420

fireworks shooting off all around it and

1641

01:18:54,060 --> 01:18:52,150

that there was some oozing which was

1642

01:18:58,020 --> 01:18:54,070

another type of discharge on the bottom

1643

01:19:01,649 --> 01:18:58,030

and then it took off in a space south by

1644

01:19:04,800 --> 01:19:01,659

south westerly direction and it as it

1645

01:19:07,169 --> 01:19:04,810

was going it transformed its color range

1646

01:19:10,260 --> 01:19:07,179

which was really interesting as far as

1647

01:19:14,250 --> 01:19:10,270

some idea of telling what sort of energy

1648

01:19:15,750 --> 01:19:14,260

may be involved here and we watched it

1649

01:19:18,660 --> 01:19:15,760

for approximately seven minutes and I

1650

01:19:23,310 --> 01:19:18,670

swear I didn't blink my eyes had a

1651  
01:19:25,200 --> 01:19:23,320  
sokham after that hey dark out over in

1652  
01:19:30,000 --> 01:19:25,210  
England what time you got over there

1653  
01:19:33,419 --> 01:19:30,010  
right now in the morning I thought so

1654  
01:19:35,430 --> 01:19:33,429  
now you yourself do some type of filming

1655  
01:19:38,399 --> 01:19:35,440  
while you're planning on doing some type

1656  
01:19:42,270 --> 01:19:38,409  
of filming or something yeah well I've

1657  
01:19:45,390 --> 01:19:42,280  
got two cameras one is the sony alpha 7s

1658  
01:19:47,340 --> 01:19:45,400  
rather than XF 200 most of my work is

1659  
01:19:49,020 --> 01:19:47,350  
corporate based so I basically stand the

1660  
01:19:52,950 --> 01:19:49,030  
back at conferences being really bored

1661  
01:19:57,360 --> 01:19:52,960  
but quite often but there at the camera

1662  
01:20:00,870 --> 01:19:57,370  
the designs really sir they can do like

1663  
01:20:03,379 --> 01:20:00,880

being almost zero like shooting

1664

01:20:06,660 --> 01:20:03,389

one of them was the definely was bought

1665

01:20:10,260 --> 01:20:06,670

because I'd welcome short films and in

1666

01:20:11,850 --> 01:20:10,270

them at nighttime it's fantastic here

1667

01:20:13,979 --> 01:20:11,860

really clean images with it

1668

01:20:16,169 --> 01:20:13,989

and that was the idea I know I live in a

1669

01:20:19,260 --> 01:20:16,179

senator town right the light pollution

1670

01:20:21,300 --> 01:20:19,270

is just dreadful so what I want to try

1671

01:20:24,750 --> 01:20:21,310

and do is produce something so people

1672

01:20:26,370 --> 01:20:24,760

can see how the principles of night

1673

01:20:30,060 --> 01:20:26,380

filling works with professional

1674

01:20:30,750 --> 01:20:30,070

equipment and that that was the battle

1675

01:20:33,149 --> 01:20:30,760

plan

1676

01:20:36,510 --> 01:20:33,159

I reach the airport the officer has to

1677

01:20:37,680 --> 01:20:36,520

do sky watching but it's just it's

1678

01:20:40,140 --> 01:20:37,690

bigger than where I live I just cannot

1679

01:20:41,340 --> 01:20:40,150

get anywhere without getting all the

1680

01:20:43,740 --> 01:20:41,350

light pollution as soon as you open up

1681

01:20:46,620 --> 01:20:43,750

the camera to the light you start to

1682

01:20:49,350 --> 01:20:46,630

hear that orange glow of like street

1683

01:20:51,810 --> 01:20:49,360

lights just flooding in so it's quite

1684

01:20:52,260 --> 01:20:51,820

difficult where I am but yeah that's

1685

01:20:56,070 --> 01:20:52,270

what I do

1686

01:20:59,399 --> 01:20:56,080

have anything else for a guest this

1687

01:21:02,189 --> 01:20:59,409

evening no that's fine thanks let you

1688

01:21:03,810 --> 01:21:02,199

know and see what happen but well I will

1689

01:21:05,129 --> 01:21:03,820

leave him alone three mothers one of the

1690

01:21:07,830 --> 01:21:05,139

people I was working with that day we

1691

01:21:09,540 --> 01:21:07,840

had a slicing he'd actually even a

1692

01:21:11,820 --> 01:21:09,550

student coming from window he's been in

1693

01:21:13,560 --> 01:21:11,830

the country for but they in it was his

1694

01:21:20,780 --> 01:21:13,570

second day in the country and he said to

1695

01:21:26,760 --> 01:21:23,310

thank you fun all right hey thanks for

1696

01:21:31,020 --> 01:21:26,770

the ride doc all right okay oops I just

1697

01:21:33,090 --> 01:21:31,030

cut him off a little short so Sam you

1698

01:21:35,720 --> 01:21:33,100

wanted to there was something you

1699

01:21:37,680 --> 01:21:35,730

mentioned that you wanted to talk about

1700

01:21:42,990 --> 01:21:37,690

earlier and I'm trying to remember what

1701

01:21:46,020 --> 01:21:43,000

it was when we were speaking si o si s

1702

01:21:49,050 --> 01:21:46,030

I's yeah yeah Chinese sky lanterns you

1703

01:21:52,470 --> 01:21:49,060

know you know Venus's was the Nemesis

1704

01:21:56,459 --> 01:21:52,480

four years yeah fill class I think or

1705

01:22:04,919 --> 01:21:56,469

that out too in fact he you know the

1706

01:22:06,990 --> 01:22:04,929

late great Phil glass you there Sam you

1707

01:22:15,210 --> 01:22:11,189

Sam your internet I know you uh you had

1708

01:22:17,970 --> 01:22:15,220

trouble with it before let's see if we

1709

01:22:21,840 --> 01:22:17,980

get you back here alright hang on

1710

01:22:23,610 --> 01:22:21,850

everyone we're trying Sam his internet

1711

01:22:26,370 --> 01:22:23,620

went out don't fret though because I

1712

01:22:28,350 --> 01:22:26,380

have a backup number if I can't get

1713

01:22:31,860 --> 01:22:28,360

through to him we'll just give it a try

1714

01:22:34,590 --> 01:22:31,870

here for a second you know for all I

1715

01:22:36,720 --> 01:22:34,600

know sim could be still talking and have

1716

01:22:40,980 --> 01:22:36,730

no idea that he's not online are you

1717

01:22:42,990 --> 01:22:40,990

there Sam you there Sam yes I'm back ok

1718

01:22:44,670 --> 01:22:43,000

I was just saying you could be talking

1719

01:22:48,450 --> 01:22:44,680

constantly and have no idea you were

1720

01:22:51,150 --> 01:22:48,460

offline yes I was like what was that ok

1721

01:22:54,000 --> 01:22:51,160

but Phil class said that that was Venus

1722

01:22:56,250 --> 01:22:54,010

was what the officers down in Southern

1723

01:22:59,850 --> 01:22:56,260

Illinois were saying and and I guess

1724

01:23:01,500 --> 01:22:59,860

that was what Nancy carpenter was also

1725

01:23:05,550 --> 01:23:01,510

videotaping because now we have a

1726

01:23:07,620 --> 01:23:05,560

videotape that was taken that evening so

1727

01:23:10,500 --> 01:23:07,630

I guess Venus was up in the air doing

1728

01:23:14,190 --> 01:23:10,510

all sorts of interesting things but you

1729

01:23:16,680 --> 01:23:14,200

know the so-called skeptics could say

1730

01:23:19,530 --> 01:23:16,690

anything cuz they people are so anxious

1731

01:23:22,260 --> 01:23:19,540

to get their hands on some sort of

1732

01:23:25,140 --> 01:23:22,270

prosaic explanation so they could you

1733

01:23:27,930 --> 01:23:25,150

know despotic alee you know say AHA told

1734

01:23:31,200 --> 01:23:27,940

you see there are no such things UFOs

1735

01:23:33,960 --> 01:23:31,210

yeah and therefore I could go back to my

1736

01:23:38,610 --> 01:23:33,970

comfort of ignorance and and you know

1737

01:23:40,710 --> 01:23:38,620

dispel that I think I think we can also

1738

01:23:44,850 --> 01:23:40,720

shoot ourselves in the foot to when

1739

01:23:48,960 --> 01:23:44,860

there is a prosaic answer for something

1740

01:23:52,110 --> 01:23:48,970

and there's a denial factor with with

1741

01:23:55,800 --> 01:23:52,120

all some people you know so I can kind

1742

01:23:58,650 --> 01:23:55,810

of understand but I do think you know I

1743

01:24:01,440 --> 01:23:58,660

can understand part of when someone you

1744

01:24:03,210 --> 01:24:01,450

know just wants to just discount

1745

01:24:07,010 --> 01:24:03,220

something without really looking into it

1746

01:24:09,780 --> 01:24:07,020

I do think though if someone is

1747

01:24:11,850 --> 01:24:09,790

open-minded and they're interested in

1748

01:24:14,790 --> 01:24:11,860

the subject then they will take more of

1749

01:24:16,620 --> 01:24:14,800

a look but if they're open-minded that

1750

01:24:18,870 --> 01:24:16,630

not interest in the subject they may

1751

01:24:21,390 --> 01:24:18,880

just still discount it as very possible

1752

01:24:24,660 --> 01:24:21,400

all it takes is objectivity and and

1753

01:24:27,150 --> 01:24:24,670

that's all you have to have you know

1754

01:24:28,900 --> 01:24:27,160

back to the whole issue of dichotomy you

1755

01:24:31,810 --> 01:24:28,910

have the skeptic and you have to believe

1756

01:24:35,860 --> 01:24:31,820

you have the person that is everything

1757

01:24:39,220 --> 01:24:35,870

every unusual story and unless we have

1758

01:24:41,620 --> 01:24:39,230

evidence all it is is a story it has to

1759

01:24:44,260 --> 01:24:41,630

have something more embankment of stance

1760

01:24:46,540 --> 01:24:44,270

to substantiate it and again that going

1761

01:24:48,970 --> 01:24:46,550

back to the various types you have a

1762

01:24:51,760 --> 01:24:48,980

scenario with very good physical trace

1763

01:24:54,700 --> 01:24:51,770

evidence phenomenal trace evidence like

1764

01:24:57,850 --> 01:24:54,710

the veljohnson case but you don't have

1765

01:25:00,670 --> 01:24:57,860

another witness especially an

1766

01:25:04,210 --> 01:25:00,680

independent witness to cook you know

1767

01:25:06,610 --> 01:25:04,220

corroborate the the scenario that yes

1768

01:25:09,990 --> 01:25:06,620

this did thing did hit him somebody

1769

01:25:12,940 --> 01:25:10,000

without any sort of interest whatsoever

1770

01:25:15,700 --> 01:25:12,950

then you have a mass sighting like

1771

01:25:18,610 --> 01:25:15,710

Tinley Park but you don't have physical

1772

01:25:21,000 --> 01:25:18,620

evidence per se on the volume of like

1773

01:25:25,090 --> 01:25:21,010

the veljohnson case but you have a

1774

01:25:29,380 --> 01:25:25,100

multiplicity of other things you have a

1775

01:25:32,530 --> 01:25:29,390

radio transmission and interferences you

1776

01:25:35,050 --> 01:25:32,540

have photographs you have video you have

1777

01:25:37,170 --> 01:25:35,060

you know at least a thousand witnesses

1778

01:25:42,370 --> 01:25:37,180

over a hundred so it's a mass sighting

1779

01:25:44,920 --> 01:25:42,380

then you have a case like like Fatima

1780

01:25:47,260 --> 01:25:44,930

you know the UAP unidentified aerial

1781

01:25:50,410 --> 01:25:47,270

phenomena even though it gets scooped up

1782

01:25:52,930 --> 01:25:50,420

into her religious concept the bottom

1783

01:25:55,600 --> 01:25:52,940

line is it's still a UAP and it has

1784

01:25:58,290 --> 01:25:55,610

pretty much everything but nobody has

1785

01:26:02,320 --> 01:25:58,300

anything more than this one picture

1786

01:26:05,200 --> 01:26:02,330

right so you you have this whole range

1787

01:26:07,360 --> 01:26:05,210

of of different things and then you get

1788

01:26:09,640 --> 01:26:07,370

now mind you you're working with these

1789

01:26:13,390 --> 01:26:09,650

things and then you have the person that

1790

01:26:15,610 --> 01:26:13,400

calls you up or leaves a report in a CMS

1791

01:26:17,560 --> 01:26:15,620

stating that you know I have this

1792

01:26:22,060 --> 01:26:17,570

feeling that I've been abducted

1793

01:26:24,520 --> 01:26:22,070

because you know my pen was moved I

1794

01:26:28,230 --> 01:26:24,530

found it in a wrong place or some stupid

1795

01:26:30,430 --> 01:26:28,240

thing or I saw this light in the sky and

1796

01:26:33,070 --> 01:26:30,440

it's there again tonight

1797

01:26:34,990 --> 01:26:33,080

in the same spot and I'm getting strange

1798

01:26:40,900 --> 01:26:35,000

thoughts in my head you know what I'm

1799

01:26:42,610 --> 01:26:40,910

saying - right yeah it still would have

1800

01:26:45,330 --> 01:26:42,620

a field day with that

1801

01:26:48,460 --> 01:26:45,340

so the bottom line is is yeah I mean I

1802

01:26:50,710 --> 01:26:48,470

don't want a cater to anyone's notion of

1803

01:26:52,800 --> 01:26:50,720

what it is I just want to follow the

1804

01:26:59,080 --> 01:26:52,810

evidence and let it speak for itself

1805

01:27:03,460 --> 01:26:59,090

right and there I'm trying to think of

1806

01:27:05,080 --> 01:27:03,470

who the new fill glass is so you know

1807

01:27:07,930 --> 01:27:05,090

there's there's a michael shermer

1808

01:27:10,720 --> 01:27:07,940

there's there's a lot of people involved

1809

01:27:14,020 --> 01:27:10,730

in you know the skeptics movement so to

1810

01:27:18,580 --> 01:27:14,030

speak and it's really pretty solid in

1811

01:27:22,600 --> 01:27:18,590

the in the college you know Oh big time

1812

01:27:25,180 --> 01:27:22,610

genre big big big big time in fact I had

1813

01:27:27,760 --> 01:27:25,190

the opportunity to speak before one

1814

01:27:31,600 --> 01:27:27,770

group out in Illinois and a skeptics

1815

01:27:35,260 --> 01:27:31,610

group Ill and I love it mm-hmm and I

1816

01:27:37,990 --> 01:27:35,270

have no problem with that but you have

1817

01:27:41,350 --> 01:27:38,000

like folks like Neil you know Tyson Neil

1818

01:27:43,210 --> 01:27:41,360

- yeah us and he basically is the you

1819

01:27:45,790 --> 01:27:43,220

know I forgot about him but you're right

1820

01:27:49,600 --> 01:27:45,800

yeah he's the spokesman science you know

1821

01:27:52,540 --> 01:27:49,610

in that and that real orthodoxy of it

1822

01:27:55,300 --> 01:27:52,550

has to be this way type of scenario that

1823

01:27:57,610 --> 01:27:55,310

the figurehead of science has changed

1824

01:28:00,520 --> 01:27:57,620

throughout time you know and and there

1825

01:28:03,790 --> 01:28:00,530

always has to be a figurehead Carl Sagan

1826  
01:28:06,520 --> 01:28:03,800  
was really the first honest-to-goodness

1827  
01:28:09,930 --> 01:28:06,530  
celebrity after Einstein but in the in

1828  
01:28:12,490 --> 01:28:09,940  
the realm of who's gonna be the next

1829  
01:28:16,180 --> 01:28:12,500  
figurehead it was gonna be a spokesman

1830  
01:28:19,600 --> 01:28:16,190  
for science it was him it was Carl Sagan

1831  
01:28:21,310 --> 01:28:19,610  
and with the demise you know after he

1832  
01:28:22,960 --> 01:28:21,320  
passed and everything I think they were

1833  
01:28:26,380 --> 01:28:22,970  
running about to find somebody

1834  
01:28:28,780 --> 01:28:26,390  
comparable and I think Seth really

1835  
01:28:31,710 --> 01:28:28,790  
filled the shoes for the longest period

1836  
01:28:34,870 --> 01:28:31,720  
of time I think

1837  
01:28:37,840 --> 01:28:34,880  
michio kaku was there for a while until

1838  
01:28:40,000 --> 01:28:37,850

they realized you couldn't put the reins

1839

01:28:40,570 --> 01:28:40,010

on him and it wasn't going to be there

1840

01:28:43,450 --> 01:28:40,580

boy

1841

01:28:46,300 --> 01:28:43,460

he's very serious about his research and

1842

01:28:50,740 --> 01:28:46,310

it may cross swords with the orthodoxies

1843

01:28:53,350 --> 01:28:50,750

and now Neil is that person who would be

1844

01:28:57,390 --> 01:28:53,360

front and center to be the spokesman for

1845

01:29:01,450 --> 01:28:57,400

that very strict

1846

01:29:04,270 --> 01:29:01,460

be at orthodoxy or skeptic or pseudo

1847

01:29:07,000 --> 01:29:04,280

skeptic whatever and then you have

1848

01:29:10,360 --> 01:29:07,010

course Michael Shermer who has skeptic

1849

01:29:12,610 --> 01:29:10,370

magazine and then you have the old guard

1850

01:29:14,200 --> 01:29:12,620

you have in fact we ran into him and I

1851

01:29:16,960 --> 01:29:14,210

spent a lot of time with Robert

1852

01:29:20,470 --> 01:29:16,970

Schaeffer and I enjoy Robert and I

1853

01:29:22,780 --> 01:29:20,480

haven't had even a chance to meet James

1854

01:29:25,810 --> 01:29:22,790

maga he would really enjoy him he's a

1855

01:29:27,610 --> 01:29:25,820

very good astronomer and though I don't

1856

01:29:29,830 --> 01:29:27,620

agree with them when it comes to some of

1857

01:29:31,750 --> 01:29:29,840

these views but it's in their own right

1858

01:29:34,450 --> 01:29:31,760

as far as their disciplines are they're

1859

01:29:36,520 --> 01:29:34,460

brilliant men and then of course Joe

1860

01:29:37,960 --> 01:29:36,530

Nichols who was a you know good

1861

01:29:40,150 --> 01:29:37,970

investigator and does a lot of great

1862

01:29:43,770 --> 01:29:40,160

work too but in the same tone I would

1863

01:29:45,880 --> 01:29:43,780

agree with them on some of their

1864

01:29:50,200 --> 01:29:45,890

interpretations of these of all these

1865

01:29:54,640 --> 01:29:50,210

cases some of them yes of course yes you

1866

01:29:58,210 --> 01:29:54,650

know they can Oh someone has a question

1867

01:30:01,810 --> 01:29:58,220

up here let's see do you have to know

1868

01:30:04,330 --> 01:30:01,820

anything about the three Canadian guys

1869

01:30:06,250 --> 01:30:04,340

that were out hunting and the crazy

1870

01:30:08,470 --> 01:30:06,260

scope sighting I think he's talking

1871

01:30:10,030 --> 01:30:08,480

about the one where the guy I'm dumb the

1872

01:30:11,710 --> 01:30:10,040

tree and was there all night I'm not

1873

01:30:16,420 --> 01:30:11,720

really sure are you familiar with that

1874

01:30:18,040 --> 01:30:16,430

one doesn't come to mind yeah no problem

1875

01:30:24,100 --> 01:30:18,050

it's just a question on the message

1876

01:30:26,590 --> 01:30:24,110

board so Neil deGrasse Tyson I have

1877

01:30:29,770 --> 01:30:26,600

heard him talk about UFOs before totally

1878

01:30:35,460 --> 01:30:29,780

discounting them like they're you know

1879

01:30:40,230 --> 01:30:35,470

ridiculous and the thing that always

1880

01:30:42,820 --> 01:30:40,240

crosses my mind is there must be some

1881

01:30:45,220 --> 01:30:42,830

for someone like him they must have some

1882

01:30:48,250 --> 01:30:45,230

little bit of curiosity about it oh I'm

1883

01:30:51,370 --> 01:30:48,260

sure but I think the fact that he is you

1884

01:30:54,010 --> 01:30:51,380

know he is very instrumental and and

1885

01:30:57,130 --> 01:30:54,020

works the consultant NASA so he's read

1886

01:31:01,170 --> 01:30:57,140

into a lot of things and I think he has

1887

01:31:03,790 --> 01:31:01,180

to maintain a certain posture sure and

1888

01:31:07,390 --> 01:31:03,800

you know the thing is in maintaining

1889

01:31:09,280 --> 01:31:07,400

posture in a public view when you're

1890

01:31:11,129 --> 01:31:09,290

doing investigative work when you're

1891

01:31:13,450 --> 01:31:11,139

doing things

1892

01:31:15,370 --> 01:31:13,460

you know different with different titles

1893

01:31:18,549 --> 01:31:15,380

or whatever you have to maintain a

1894

01:31:20,799 --> 01:31:18,559

certain posture now I could get is off

1895

01:31:22,989 --> 01:31:20,809

the you know off on a beaten path

1896

01:31:25,330 --> 01:31:22,999

talking about some of the most bizarre

1897

01:31:27,819 --> 01:31:25,340

things when it comes to this subject

1898

01:31:30,069 --> 01:31:27,829

matter because it is bizarre and I've

1899

01:31:31,989 --> 01:31:30,079

had enough experience with it to state

1900

01:31:35,830 --> 01:31:31,999

that you know yes these things do take

1901

01:31:37,810 --> 01:31:35,840

place and they are bizarre is there a

1902

01:31:41,649 --> 01:31:37,820

correlation with them say for instance

1903

01:31:43,810 --> 01:31:41,659

the tie in to say for instance something

1904

01:31:46,719 --> 01:31:43,820

along the line of something like Telep

1905

01:31:48,549 --> 01:31:46,729

telepathy which of course would be you

1906

01:31:50,290 --> 01:31:48,559

know everybody would say now they're

1907

01:31:52,390 --> 01:31:50,300

campaigning correlation and apparently

1908

01:31:55,299 --> 01:31:52,400

there is something there or there may be

1909

01:31:58,719 --> 01:31:55,309

something there but time and time again

1910

01:32:01,209 --> 01:31:58,729

we hear about that and so that sounds a

1911

01:32:04,120 --> 01:32:01,219

little too far-fetched for the first

1912

01:32:06,609 --> 01:32:04,130

person on say a a level one coming into

1913

01:32:08,500 --> 01:32:06,619

first take a peek at the subject you

1914

01:32:11,379 --> 01:32:08,510

don't want to drive them away our

1915

01:32:13,779 --> 01:32:11,389

concern or our concern should be is

1916

01:32:18,250 --> 01:32:13,789

getting more people at least to put

1917

01:32:20,890 --> 01:32:18,260

their toe in you know into the water and

1918

01:32:23,020 --> 01:32:20,900

and test it first and we take a look at

1919

01:32:26,830 --> 01:32:23,030

the subject matter and don't scare them

1920

01:32:30,640 --> 01:32:26,840

away with all the truly bizarre aspects

1921

01:32:32,919 --> 01:32:30,650

to it but let them basically understand

1922

01:32:35,500 --> 01:32:32,929

first of all foremost that the phenomena

1923

01:32:40,989 --> 01:32:35,510

is genuine and is probably the most

1924

01:32:43,779 --> 01:32:40,999

important subject on a larger scope than

1925

01:32:46,899 --> 01:32:43,789

anything that could ever they could ever

1926

01:32:49,299 --> 01:32:46,909

get into and the subject matter has more

1927

01:32:53,879 --> 01:32:49,309

about us than it is about whatever it is

1928

01:32:55,959 --> 01:32:53,889

playing around or visiting right right

1929

01:33:00,850 --> 01:32:55,969

someone put up on the message board

1930

01:33:04,120 --> 01:33:00,860

James Oberg also as a debunker and if

1931

01:33:06,759 --> 01:33:04,130

he's the one I think he is he looks like

1932

01:33:09,489 --> 01:33:06,769

an angry guy do you know who he is

1933

01:33:11,859 --> 01:33:09,499

oh that's James McGaha but James Oberg

1934

01:33:14,200 --> 01:33:11,869

or he actually does work with NASA and

1935

01:33:18,850 --> 01:33:14,210

he's a consultant for right he's a

1936

01:33:22,859 --> 01:33:18,860

consultant for NBC right on a night when

1937

01:33:24,450 --> 01:33:22,869

I worked with Dateline we did the 10

1938

01:33:33,370 --> 01:33:24,460

best

1939

01:33:35,859 --> 01:33:33,380

UFOs oh yes

1940

01:33:38,049 --> 01:33:35,869

and he was one of the individuals that

1941

01:33:42,750 --> 01:33:38,059

was on the other side that's right and

1942

01:33:45,479 --> 01:33:42,760

so was Robert Schaffer and of course

1943

01:33:50,290 --> 01:33:45,489

Michael Shermer in fact Michael Shermer

1944

01:33:52,750 --> 01:33:50,300

said the ferry he he they showed him

1945

01:33:54,790 --> 01:33:52,760

saying the statement that was my first

1946

01:33:56,410 --> 01:33:54,800

statement when I sat down and was on

1947

01:33:59,049 --> 01:33:56,420

camera which was any three points of

1948

01:34:00,790 --> 01:33:59,059

light automatically makes a triangle so

1949

01:34:01,660 --> 01:34:00,800

your eyes can play tricks tricks on you

1950

01:34:04,089 --> 01:34:01,670

and that's something you have to pay

1951

01:34:05,680 --> 01:34:04,099

attention to all the time and he

1952

01:34:07,660 --> 01:34:05,690

mentioned that but they didn't have me

1953

01:34:10,149 --> 01:34:07,670

making that statement what they wanted

1954

01:34:14,379 --> 01:34:10,159

me to do they were waiting for me to say

1955

01:34:16,780 --> 01:34:14,389

the e word and I was a time yeah I don't

1956

01:34:19,569 --> 01:34:16,790

as you know I that's something that

1957

01:34:22,030 --> 01:34:19,579

doesn't come out of my mouth very often

1958

01:34:25,330 --> 01:34:22,040

and I sat there i swear for about two

1959

01:34:29,109 --> 01:34:25,340

hours before I put it into a very well

1960

01:34:32,919 --> 01:34:29,119

constructed compound sentence and they

1961

01:34:36,310 --> 01:34:32,929

edited it so they could only get it may

1962

01:34:39,189 --> 01:34:36,320

very well be something extraterrestrial

1963

01:34:42,939 --> 01:34:39,199

or something along that line but they

1964

01:34:44,799 --> 01:34:42,949

chopped that up so bad and but that's

1965

01:34:45,490 --> 01:34:44,809

the you know that's basically how it

1966

01:34:47,740 --> 01:34:45,500

goes

1967

01:34:49,899 --> 01:34:47,750

and I talked to the producer I says you

1968

01:34:52,569 --> 01:34:49,909

know well why are they coming on board

1969

01:34:54,609 --> 01:34:52,579

they go it has to be balanced so I

1970

01:34:56,649 --> 01:34:54,619

talked to router Gary well what do they

1971

01:34:59,379 --> 01:34:56,659

mean by balanced he goes the host Sam

1972

01:35:00,700 --> 01:34:59,389

that means are gonna chop it up they're

1973

01:35:04,689 --> 01:35:00,710

gonna take what you know they're gonna

1974

01:35:08,020 --> 01:35:04,699

forfeit some of the material and you

1975

01:35:09,370 --> 01:35:08,030

know give them rain now we started to

1976

01:35:11,830 --> 01:35:09,380

talk about the Chinese lanterns and

1977

01:35:15,549 --> 01:35:11,840

never went anywhere oh yeah

1978

01:35:19,660 --> 01:35:15,559

so I think along with the Chinese

1979

01:35:22,060 --> 01:35:19,670

lanterns and we also have drones the

1980

01:35:22,859 --> 01:35:22,070

things that are against the ufology

1981

01:35:25,990 --> 01:35:22,869

today

1982

01:35:27,580 --> 01:35:26,000

drones are probably the biggest one now

1983

01:35:30,040 --> 01:35:27,590

the Chinese lanterns we have have

1984

01:35:32,379 --> 01:35:30,050

formulas and we trained people to I mean

1985

01:35:34,569 --> 01:35:32,389

I could look at footage and just by

1986

01:35:38,530 --> 01:35:34,579

analyzing the footage get the weather

1987

01:35:42,630 --> 01:35:38,540

data pretty much discounted you know yes

1988

01:35:46,360 --> 01:35:42,640

there is a video that someone sent me on

1989

01:35:49,060 --> 01:35:46,370

YouTube and it's clearly Chinese

1990

01:35:53,110 --> 01:35:49,070

lanterns and the people seeing them are

1991

01:35:55,990 --> 01:35:53,120

just freaking out like oh they just you

1992

01:35:59,650 --> 01:35:56,000

know like screaming and like that it's a

1993

01:36:01,960 --> 01:35:59,660

UFO so I understand I saw

1994

01:36:05,080 --> 01:36:01,970

I've personally have seen Chinese

1995

01:36:07,960 --> 01:36:05,090

lanterns during fourth of July a few

1996

01:36:12,070 --> 01:36:07,970

years ago and I understand why people

1997

01:36:15,520 --> 01:36:12,080

mistake them because they're quite the

1998

01:36:17,080 --> 01:36:15,530

quite amazing oh yeah when you see in

1999

01:36:18,880 --> 01:36:17,090

them floating up you know and all

2000

01:36:22,240 --> 01:36:18,890

they're gorgeous yeah and and you could

2001  
01:36:23,980 --> 01:36:22,250  
see them at a distance you know people

2002  
01:36:27,130 --> 01:36:23,990  
were saying you know the Tinley Park

2003  
01:36:29,440 --> 01:36:27,140  
lights were Flair's fact Michael Shermer

2004  
01:36:33,160 --> 01:36:29,450  
I thought it was eliminations of flares

2005  
01:36:35,350 --> 01:36:33,170  
you know on balloons and but he didn't

2006  
01:36:37,600 --> 01:36:35,360  
understand the weather didn't understand

2007  
01:36:39,970 --> 01:36:37,610  
didn't review the footage didn't

2008  
01:36:41,890 --> 01:36:39,980  
understand things were perfectly static

2009  
01:36:44,440 --> 01:36:41,900  
hovering didn't break the geometric

2010  
01:36:47,860 --> 01:36:44,450  
pattern only the perspective of the

2011  
01:36:51,340 --> 01:36:47,870  
observer of the camera and would be the

2012  
01:36:53,200 --> 01:36:51,350  
alteration of the design then you know

2013  
01:36:55,420 --> 01:36:53,210

the fact that it would you know this was

2014

01:36:58,060 --> 01:36:55,430

being seen not just here but around the

2015

01:37:00,430 --> 01:36:58,070

world and recorded around the world we

2016

01:37:02,800 --> 01:37:00,440

had footage from here British Columbia

2017

01:37:05,380 --> 01:37:02,810

there was a sighting in the Aegean Sea

2018

01:37:07,510 --> 01:37:05,390

and then we had footage from Melbourne

2019

01:37:10,090 --> 01:37:07,520

the next day all within the scope of our

2020

01:37:12,580 --> 01:37:10,100

investigation which was 72 hours Wow

2021

01:37:16,990 --> 01:37:12,590

and you know all this stuff was analyzed

2022

01:37:18,730 --> 01:37:17,000

by multiple groups independently and now

2023

01:37:22,810 --> 01:37:18,740

what we're gonna be doing is placing

2024

01:37:26,080 --> 01:37:22,820

this into a documentary this was just

2025

01:37:28,920 --> 01:37:26,090

purely the scientific laying it out from

2026

01:37:32,920 --> 01:37:28,930

a three dimensional type evaluation and

2027

01:37:34,750 --> 01:37:32,930

I think it's gonna be great it's going

2028

01:37:36,670 --> 01:37:34,760

to take some time but it's gonna be

2029

01:37:39,010 --> 01:37:36,680

great it's gonna be one heck of a

2030

01:37:40,470 --> 01:37:39,020

production when do you think that'll

2031

01:37:44,920 --> 01:37:40,480

actually be available to the public

2032

01:37:48,310 --> 01:37:44,930

probably two years yeah so it's a two

2033

01:37:50,900 --> 01:37:48,320

years 18 months 24 months I just

2034

01:37:54,680 --> 01:37:50,910

recently had a text

2035

01:37:57,050 --> 01:37:54,690

and forthwith James Fox just because

2036

01:38:00,040 --> 01:37:57,060

Carrie Lloyd Whitehouse who does music

2037

01:38:03,920 --> 01:38:00,050

for our show offered to do the music for

2038

01:38:05,900 --> 01:38:03,930

701 what James Fox is coming out with so

2039

01:38:07,760 --> 01:38:05,910

I texted him and said hey do you have

2040

01:38:13,910 --> 01:38:07,770

music needs to check back in a year and

2041

01:38:17,480 --> 01:38:13,920

a half so you know okay so these things

2042

01:38:20,360 --> 01:38:17,490

do take a ton of time to do and of

2043

01:38:21,410 --> 01:38:20,370

course I'm also in touch with Randy

2044

01:38:25,160 --> 01:38:21,420

Nickerson

2045

01:38:26,660 --> 01:38:25,170

for the Ariel school documentary that

2046

01:38:29,660 --> 01:38:26,670

he's been making that's been going on

2047

01:38:34,490 --> 01:38:29,670

for seven years he is a perfectionist

2048

01:38:36,500 --> 01:38:34,500

yes does phenomenal work his photography

2049

01:38:40,220 --> 01:38:36,510

is amazing oh gosh I was just watching

2050

01:38:44,030 --> 01:38:40,230

I'm taking multiple multiple multiple

2051  
01:38:45,770 --> 01:38:44,040  
takes on just one segment or a sequence

2052  
01:38:47,630 --> 01:38:45,780  
that he was going to put together like

2053  
01:38:50,960 --> 01:38:47,640  
oh this guy's perfectionist I like his

2054  
01:38:53,080 --> 01:38:50,970  
work yeah that'll be in fact James Fox

2055  
01:38:55,880 --> 01:38:53,090  
James is very good too in fact I

2056  
01:38:58,760 --> 01:38:55,890  
presented it to him to work with me

2057  
01:39:00,500 --> 01:38:58,770  
years ago and then it was before his

2058  
01:39:03,980 --> 01:39:00,510  
father passed away and I haven't talked

2059  
01:39:07,700 --> 01:39:03,990  
to him in ages I it's been ages

2060  
01:39:10,280 --> 01:39:07,710  
mm-hmm yep yeah I expect it out of the

2061  
01:39:12,830 --> 01:39:10,290  
blue is one of my very favorite movies

2062  
01:39:14,990 --> 01:39:12,840  
people asked me what my favorite and so

2063  
01:39:17,300 --> 01:39:15,000

there you go that's one of my very

2064

01:39:18,650 --> 01:39:17,310

favorites one 7:01 supposed to be

2065

01:39:20,960 --> 01:39:18,660

wrapped up what are they saying that's

2066

01:39:22,370 --> 01:39:20,970

well he basically said check back for a

2067

01:39:24,020 --> 01:39:22,380

year and a half for the music so I'm

2068

01:39:28,750 --> 01:39:24,030

guessing it's probably going to be a

2069

01:39:31,400 --> 01:39:28,760

couple years at least hmm and what what

2070

01:39:34,220 --> 01:39:31,410

you know that the you have to have

2071

01:39:35,420 --> 01:39:34,230

funding to move ahead with any type of

2072

01:39:36,800 --> 01:39:35,430

when you're getting into

2073

01:39:40,010 --> 01:39:36,810

so films I know we're getting way off

2074

01:39:42,530 --> 01:39:40,020

topic here but you have to have tons of

2075

01:39:43,760 --> 01:39:42,540

funding because you're you know just a

2076

01:39:47,420 --> 01:39:43,770

little bit of background that I know

2077

01:39:50,810 --> 01:39:47,430

about you know film your editing alone

2078

01:39:55,580 --> 01:39:50,820

can cost you a small fortune our large

2079

01:39:57,860 --> 01:39:55,590

fortune monster money and using I mean

2080

01:40:00,360 --> 01:39:57,870

just getting the use of the studio's

2081

01:40:03,090 --> 01:40:00,370

getting the people in there to do it

2082

01:40:05,580 --> 01:40:03,100

you know right now I'm just in getting

2083

01:40:07,950 --> 01:40:05,590

the getting the information together

2084

01:40:11,240 --> 01:40:07,960

lining up the people that's gonna take a

2085

01:40:15,030 --> 01:40:11,250

year the actual shooting I mean and then

2086

01:40:17,610 --> 01:40:15,040

that's the fun part yeah lying laying

2087

01:40:21,990 --> 01:40:17,620

everything out getting your it's a pain

2088

01:40:24,570 --> 01:40:22,000

in the neck yeah but I remember we were

2089

01:40:26,670 --> 01:40:24,580

we were working with I was working on

2090

01:40:28,580 --> 01:40:26,680

you have owners out here and running

2091

01:40:31,140 --> 01:40:28,590

around getting you know running with the

2092

01:40:33,720 --> 01:40:31,150

doing logistics with the logistics

2093

01:40:35,340 --> 01:40:33,730

director and getting pulling permits and

2094

01:40:37,620 --> 01:40:35,350

doing all this stuff and getting that

2095

01:40:42,270 --> 01:40:37,630

calling making sure we have this site to

2096

01:40:43,800 --> 01:40:42,280

use getting that getting air hangers

2097

01:40:45,930 --> 01:40:43,810

airplane hangars that we were supposed

2098

01:40:47,760 --> 01:40:45,940

to go to I forgot work they originally

2099

01:40:49,560 --> 01:40:47,770

had like oh no no no you'll never get in

2100

01:40:51,690 --> 01:40:49,570

there and I had a change that around

2101

01:40:54,180 --> 01:40:51,700

last minute and run out here run out

2102

01:40:57,990 --> 01:40:54,190

there and then then weather is always a

2103

01:41:01,470 --> 01:40:58,000

factor we had a storm when we were doing

2104

01:41:03,840 --> 01:41:01,480

that to invasion Illinois in Tinley Park

2105

01:41:06,570 --> 01:41:03,850

when we did the experiment and we went

2106

01:41:10,080 --> 01:41:06,580

out oh boy way out southwest from here

2107

01:41:13,020 --> 01:41:10,090

and we had tornadoes come through three

2108

01:41:14,940 --> 01:41:13,030

tornadoes were just a few miles away boy

2109

01:41:19,290 --> 01:41:14,950

these guys from California never seen

2110

01:41:19,890 --> 01:41:19,300

anything like this and wow it was

2111

01:41:23,700 --> 01:41:19,900

frightening

2112

01:41:28,110 --> 01:41:23,710

so yeah this a lot never think of that

2113

01:41:31,620 --> 01:41:28,120

part so we did talk about Tinley Park

2114

01:41:35,370 --> 01:41:31,630

couple times but for the new listener

2115

01:41:37,320 --> 01:41:35,380

that is not familiar with that case can

2116

01:41:41,340 --> 01:41:37,330

you actually talk about it a little bit

2117

01:41:44,040 --> 01:41:41,350

oh sure the first mass sighting date was

2118

01:41:46,290 --> 01:41:44,050

August the 21st which was the air and

2119

01:41:47,520 --> 01:41:46,300

water show Chicago air and water should

2120

01:41:52,650 --> 01:41:47,530

I believe it was three million people

2121

01:41:53,640 --> 01:41:52,660

downtown that day and it was a perfect

2122

01:41:55,740 --> 01:41:53,650

evening

2123

01:41:57,710 --> 01:41:55,750

I should say near perfect cuz I didn't

2124

01:42:01,500 --> 01:41:57,720

get a chance to actually go off enjoy it

2125

01:42:04,470 --> 01:42:01,510

and people were having these barbecues a

2126  
01:42:06,630 --> 01:42:04,480  
lot of block parties going on and then

2127  
01:42:08,310 --> 01:42:06,640  
of course in Tinley Park at that time

2128  
01:42:09,920 --> 01:42:08,320  
they had the Midwest Center which I

2129  
01:42:14,189 --> 01:42:09,930  
think was a tweeter center at that time

2130  
01:42:16,759 --> 01:42:14,199  
which is a big outdoor concert center

2131  
01:42:20,729 --> 01:42:16,769  
Ozzy Osbourne was playing that's right

2132  
01:42:25,580 --> 01:42:20,739  
we had so much activity in and about the

2133  
01:42:30,390 --> 01:42:25,590  
area and these illuminations showed up

2134  
01:42:32,339 --> 01:42:30,400  
around 10 o'clock and sat there over the

2135  
01:42:34,709 --> 01:42:32,349  
community and traversed over the

2136  
01:42:36,930 --> 01:42:34,719  
community but that but they were you

2137  
01:42:38,939 --> 01:42:36,940  
know in British Columbia earlier they

2138  
01:42:43,250 --> 01:42:38,949

were in the Aegean they were seeing out

2139

01:42:47,819 --> 01:42:43,260

that way they were seen in New York and

2140

01:42:50,069 --> 01:42:47,829

it just sat there in a sky and by the

2141

01:42:54,589 --> 01:42:50,079

the funny thing is you know air traffic

2142

01:42:58,259 --> 01:42:54,599

out here we have what 32 our ports and

2143

01:43:03,719 --> 01:42:58,269

small airports heliports and medevac I

2144

01:43:05,250 --> 01:43:03,729

think it's 32 in this area so besides

2145

01:43:07,979 --> 01:43:05,260

you know you know we're talking already

2146

01:43:10,919 --> 01:43:07,989

thinks of the big airports but Illinois

2147

01:43:12,719 --> 01:43:10,929

had and the Northwest Indiana area has

2148

01:43:15,169 --> 01:43:12,729

quite a bit of stuff as far as when it

2149

01:43:19,229 --> 01:43:15,179

comes to airports a medevac and

2150

01:43:21,120 --> 01:43:19,239

heliports anyways no air traffic while

2151  
01:43:21,750 --> 01:43:21,130  
these illuminations were sitting there

2152  
01:43:25,739 --> 01:43:21,760  
in the sky

2153  
01:43:28,560 --> 01:43:25,749  
zero none and that lasted for well over

2154  
01:43:32,699 --> 01:43:28,570  
an hour and a half nearly two hours and

2155  
01:43:36,660 --> 01:43:32,709  
then after they cleared the area normal

2156  
01:43:38,790 --> 01:43:36,670  
normal activity took place very unusual

2157  
01:43:41,660 --> 01:43:38,800  
that is hilly strange and has anyone

2158  
01:43:46,890 --> 01:43:41,670  
ever tried to figure out exactly why

2159  
01:43:51,569 --> 01:43:46,900  
well that first night I didn't request a

2160  
01:43:54,509 --> 01:43:51,579  
FOIA on the radar data but of course

2161  
01:43:58,469 --> 01:43:54,519  
they came back again of all nights on

2162  
01:44:02,209 --> 01:43:58,479  
Halloween night and Halloween night was

2163  
01:44:08,040 --> 01:44:02,219

the unusual far more unusual one because

2164

01:44:11,689 --> 01:44:08,050

we had multiple types of you AP's up

2165

01:44:15,750 --> 01:44:11,699

there multiple types UFOs whatever and

2166

01:44:17,969 --> 01:44:15,760

we had the orange orb being seen the

2167

01:44:21,000 --> 01:44:17,979

east side of the city in the town

2168

01:44:23,429 --> 01:44:21,010

Portland hills or the park one gentleman

2169

01:44:27,279 --> 01:44:23,439

had it over his house and if he says Sam

2170

01:44:29,410 --> 01:44:27,289

it as big as my house it was huge

2171

01:44:32,080 --> 01:44:29,420

and he thought that is what everybody

2172

01:44:35,200 --> 01:44:32,090

else was saying and it wasn't the

2173

01:44:40,089 --> 01:44:35,210

triangular object was further east at

2174

01:44:43,020 --> 01:44:40,099

that very same time over by his near the

2175

01:44:46,680 --> 01:44:43,030

Oak Park Avenue and further east and

2176  
01:44:49,419 --> 01:44:46,690  
traversing north east to south east and

2177  
01:44:52,359 --> 01:44:49,429  
then there were three other objects seen

2178  
01:44:56,589 --> 01:44:52,369  
earlier a horseshoe tape shaped object

2179  
01:45:00,430 --> 01:44:56,599  
with a boom and a round sphere on top of

2180  
01:45:01,930 --> 01:45:00,440  
it a gentleman seen that it was directly

2181  
01:45:05,229 --> 01:45:01,940  
over his head he got out of his truck

2182  
01:45:09,069 --> 01:45:05,239  
and that was a very interesting report

2183  
01:45:12,939 --> 01:45:09,079  
and those objects are actually seeing

2184  
01:45:15,970 --> 01:45:12,949  
with the mass of triangles and it's part

2185  
01:45:18,640 --> 01:45:15,980  
of its it's actually covered in Dave

2186  
01:45:20,319 --> 01:45:18,650  
Marley's book by the large triangles and

2187  
01:45:23,049 --> 01:45:20,329  
he has these other objects that are

2188  
01:45:26,649 --> 01:45:23,059

associated with large object the large

2189

01:45:31,089 --> 01:45:26,659

isosceles and other types of triangular

2190

01:45:32,879 --> 01:45:31,099

craft these massive ones so we had a it

2191

01:45:36,490 --> 01:45:32,889

was like a used-car lot up there

2192

01:45:40,390 --> 01:45:36,500

unidentified objects going on that day

2193

01:45:42,189 --> 01:45:40,400

and it was chaos the poor police

2194

01:45:43,899 --> 01:45:42,199

department they were getting calls left

2195

01:45:46,500 --> 01:45:43,909

and right people were stopping in the

2196

01:45:50,319 --> 01:45:46,510

middle of the street I mean it was nuts

2197

01:45:54,189 --> 01:45:50,329

I bet well but that night was the night

2198

01:45:55,990 --> 01:45:54,199

that TJ was was was filming and I think

2199

01:45:58,120 --> 01:45:56,000

you've seen the footage were I've got it

2200

01:46:01,149 --> 01:45:58,130

I've got it on today yeah you always got

2201

01:46:03,609 --> 01:46:01,159

the airplane the jet airliners flying

2202

01:46:05,919 --> 01:46:03,619

and he thought of cut between them the

2203

01:46:07,689 --> 01:46:05,929

object was was oh I don't even know how

2204

01:46:09,759 --> 01:46:07,699

many miles two and a half miles three

2205

01:46:12,549 --> 01:46:09,769

miles away from him from where this

2206

01:46:14,470 --> 01:46:12,559

plane actually was and he didn't know

2207

01:46:16,689 --> 01:46:14,480

that but we knew it because we had

2208

01:46:19,990 --> 01:46:16,699

multiple sets of footage all

2209

01:46:26,069 --> 01:46:20,000

simultaneously being shot showing that

2210

01:46:30,430 --> 01:46:26,079

that was the case so boy it was just one

2211

01:46:32,500 --> 01:46:30,440

interesting scenario of a mass sighting

2212

01:46:35,470 --> 01:46:32,510

probably one of the best would video

2213

01:46:38,319 --> 01:46:35,480

footage and it's a sleeper I really

2214

01:46:41,069 --> 01:46:38,329

haven't gone crazy as far as going with

2215

01:46:45,750 --> 01:46:41,079

the publicity on it but when you look at

2216

01:46:48,449 --> 01:46:45,760

you remember that big green oh the

2217

01:46:49,919 --> 01:46:48,459

United States map of locations of the

2218

01:46:52,589 --> 01:46:49,929

best sightings of most amount of

2219

01:46:54,569 --> 01:46:52,599

sightings and Illinois was was right

2220

01:46:59,189 --> 01:46:54,579

there and the reason why was the Tinley

2221

01:47:01,259 --> 01:46:59,199

Park case and that wasn't the only mass

2222

01:47:04,979 --> 01:47:01,269

sighting we had during you know the

2223

01:47:07,979 --> 01:47:04,989

early part of the of 2000 we had the

2224

01:47:11,579 --> 01:47:07,989

Rockford sighting which was pretty much

2225

01:47:14,819 --> 01:47:11,589

the same vehicles and then the southern

2226

01:47:17,369 --> 01:47:14,829

illinois case which came on the heels of

2227

01:47:20,399 --> 01:47:17,379

that case that was january 4th and 5th

2228

01:47:23,849 --> 01:47:20,409

and the ones up in Rockford that mass

2229

01:47:27,149 --> 01:47:23,859

sighting took place on Christmas Eve and

2230

01:47:28,770 --> 01:47:27,159

- excuse me New Year's Eve into two

2231

01:47:30,779 --> 01:47:28,780

years afterwards they had sightings up

2232

01:47:36,869 --> 01:47:30,789

there and they do correlate with the

2233

01:47:39,989 --> 01:47:36,879

Carteret sightings in July of 2000 and I

2234

01:47:42,119 --> 01:47:39,999

believe was 2001 so I mean these objects

2235

01:47:44,040 --> 01:47:42,129

were seen in and about the area around

2236

01:47:47,459 --> 01:47:44,050

that period of time throughout the

2237

01:47:50,810 --> 01:47:47,469

throughout the country Wow now what

2238

01:47:54,659 --> 01:47:50,820

about just to switch gears a little bit

2239

01:47:56,639 --> 01:47:54,669

because I know of generally the location

2240

01:48:00,179 --> 01:47:56,649

where you're at I have spent a lot of

2241

01:48:04,169 --> 01:48:00,189

time out in the Chicago area what about

2242

01:48:08,279 --> 01:48:04,179

the Great Lakes as far as sightings go

2243

01:48:11,969 --> 01:48:08,289

oh boy there's been I remember talking

2244

01:48:14,009 --> 01:48:11,979

to one guy and this gentleman called me

2245

01:48:16,409 --> 01:48:14,019

up because he was watching UFO hunters

2246

01:48:17,969 --> 01:48:16,419

and they had invasion Illinois they had

2247

01:48:20,399 --> 01:48:17,979

the Tinley Park case he calls me up he

2248

01:48:22,919 --> 01:48:20,409

goes that you on television I go yes he

2249

01:48:25,379 --> 01:48:22,929

goes tell you what those aren't three

2250

01:48:27,929 --> 01:48:25,389

objects it's one huge object and I've

2251

01:48:31,079 --> 01:48:27,939

seen it I've seen it up here in

2252

01:48:32,609 --> 01:48:31,089

Wisconsin up by Red Mountain and he was

2253

01:48:34,469 --> 01:48:32,619

telling about all of his experiences

2254

01:48:37,709 --> 01:48:34,479

that he had seen he says one time he was

2255

01:48:39,719 --> 01:48:37,719

on Lake Michigan and he had a house

2256

01:48:42,689 --> 01:48:39,729

relatively close to the lake and so he

2257

01:48:46,349 --> 01:48:42,699

was on the shore and he says this huge

2258

01:48:48,839 --> 01:48:46,359

UFO came right out of the water and then

2259

01:48:51,119 --> 01:48:48,849

another one often the distance came up

2260

01:48:53,969 --> 01:48:51,129

two of them and they took off and that

2261

01:48:54,830 --> 01:48:53,979

wasn't the first time that or the last

2262

01:48:59,180 --> 01:48:54,840

time that he had

2263

01:49:01,670 --> 01:48:59,190

come out of the water UFO sightings in

2264

01:49:05,600 --> 01:49:01,680

about the lakes you know Michigan had

2265

01:49:10,760 --> 01:49:05,610

Grant had Haven had some phenomenal

2266

01:49:13,850 --> 01:49:10,770

sightings out there and in the 1990s it

2267

01:49:16,700 --> 01:49:13,860

was phenomenal I mean this was some of

2268

01:49:22,180 --> 01:49:16,710

the great sightings and of course we had

2269

01:49:25,550 --> 01:49:22,190

the the 1966 sightings up there in

2270

01:49:28,180 --> 01:49:25,560

Dexter and Ann Arbor that really changed

2271

01:49:32,120 --> 01:49:28,190

the course of ufology those sightings

2272

01:49:33,710 --> 01:49:32,130

those were mass sightings and I'm not

2273

01:49:35,570 --> 01:49:33,720

generally with those can you can you

2274

01:49:39,710 --> 01:49:35,580

talk about that a little bit sure sure

2275

01:49:42,620 --> 01:49:39,720

that was the swamp gas sigh yes mm-hmm

2276

01:49:44,990 --> 01:49:42,630

and one word J Allen Hynek said that it

2277

01:49:49,070 --> 01:49:45,000

was swamp gas yep he came in from

2278

01:49:51,500 --> 01:49:49,080

Arizona in fact I think I think check

2279

01:49:55,250 --> 01:49:51,510

the lake met him up here too but they

2280

01:49:57,050 --> 01:49:55,260

came in and he was told to basically

2281

01:49:59,810 --> 01:49:57,060

bury this under the rug he had gotten a

2282

01:50:02,240 --> 01:49:59,820

call and they said you know hey let's

2283

01:50:05,690 --> 01:50:02,250

get this buried let's do something with

2284

01:50:09,140 --> 01:50:05,700

it and he comes up with the term you

2285

01:50:11,810 --> 01:50:09,150

know it was swamp gas and in later I

2286

01:50:14,180 --> 01:50:11,820

remember one interview he said that and

2287

01:50:16,430 --> 01:50:14,190

it was that time it was at that moment

2288

01:50:19,670 --> 01:50:16,440

that I realized that this will be the

2289

01:50:22,040 --> 01:50:19,680

last time I will pull a chestnut out of

2290

01:50:24,260 --> 01:50:22,050

the fire for the Air Force

2291

01:50:28,940 --> 01:50:24,270

that's a quote yeah I've heard that

2292

01:50:31,940 --> 01:50:28,950

before yes and very interesting man you

2293

01:50:34,490 --> 01:50:31,950

know Michigan had tremendous amount of

2294

01:50:37,000 --> 01:50:34,500

sight as they still do are the chief

2295

01:50:40,100 --> 01:50:37,010

investigator there is the head of our

2296

01:50:42,110 --> 01:50:40,110

triage in fact he'll be doing the

2297

01:50:46,010 --> 01:50:42,120

presentation with me on the veljohnson

2298

01:50:50,450 --> 01:50:46,020

caissons dumper seventeenth at our state

2299

01:50:51,890 --> 01:50:50,460

meeting and I mean we try to you know me

2300

01:50:53,960 --> 01:50:51,900

I like to try to get along but everybody

2301

01:50:56,420 --> 01:50:53,970

and get overly involved in doing a

2302

01:50:59,630 --> 01:50:56,430

project it's fun that way mm-hmm and

2303

01:51:01,220 --> 01:50:59,640

this guy dance no dance no is just like

2304

01:51:04,810 --> 01:51:01,230

one of the greatest people you could

2305

01:51:08,720 --> 01:51:04,820

meet and hard-worker diligent scientific

2306

01:51:10,460 --> 01:51:08,730

investigator he's been he was field

2307

01:51:14,510 --> 01:51:10,470

- Gator of the year I think two years

2308

01:51:16,940 --> 01:51:14,520

ago for MUFON just one great guy and I'm

2309

01:51:20,120 --> 01:51:16,950

so happy so proud to have him on our

2310

01:51:23,479 --> 01:51:20,130

team I'll tell you so are the rest of

2311

01:51:25,640 --> 01:51:23,489

the folks but yeah we have some great

2312

01:51:27,320 --> 01:51:25,650

sightings and it's not just the Great

2313

01:51:27,830 --> 01:51:27,330

Lakes some of the smaller lakes we've

2314

01:51:30,200 --> 01:51:27,840

had

2315

01:51:32,570 --> 01:51:30,210

I remember initially come when I came on

2316

01:51:34,340 --> 01:51:32,580

board the assistant state director was

2317

01:51:36,080 --> 01:51:34,350

talking about sightings down in southern

2318

01:51:38,060 --> 01:51:36,090

Illinois I don't know if was leaked Karl

2319

01:51:42,110 --> 01:51:38,070

oil one of those like smaller lakes but

2320

01:51:44,540 --> 01:51:42,120

relatively large that objects were

2321

01:51:48,860 --> 01:51:44,550

seeing coming in and out of the lakes so

2322

01:51:51,350 --> 01:51:48,870

you have that USO type phenomena here in

2323

01:51:56,180 --> 01:51:51,360

the Great Lake region and some of the

2324

01:52:01,600 --> 01:51:56,190

smaller lakes Wow yeah so we've got only

2325

01:52:05,030 --> 01:52:01,610

about six or so minutes left and I

2326  
01:52:06,590 --> 01:52:05,040  
wanted to I wanted you to you said you

2327  
01:52:09,410 --> 01:52:06,600  
have this presentation coming up what

2328  
01:52:10,520 --> 01:52:09,420  
else do you have coming up are you

2329  
01:52:13,729 --> 01:52:10,530  
involved

2330  
01:52:15,890 --> 01:52:13,739  
you already said in this this film and

2331  
01:52:19,130 --> 01:52:15,900  
that what else what else are you

2332  
01:52:21,320 --> 01:52:19,140  
involved in coming up oh just few local

2333  
01:52:24,320 --> 01:52:21,330  
speaking engagements nothing major at

2334  
01:52:27,200 --> 01:52:24,330  
the moment and I that's rare I haven't

2335  
01:52:31,250 --> 01:52:27,210  
worked on any major projects in almost

2336  
01:52:33,890 --> 01:52:31,260  
two years right now so I've been laying

2337  
01:52:35,330 --> 01:52:33,900  
low but I'm gonna get back into you know

2338  
01:52:38,150 --> 01:52:35,340

speaking and doing speaking

2339

01:52:39,860 --> 01:52:38,160

presentations I have one that's sitting

2340

01:52:43,970 --> 01:52:39,870

on the fence I don't know if I'm gonna

2341

01:52:45,800 --> 01:52:43,980

talk about it for any speaking gauges so

2342

01:52:48,110 --> 01:52:45,810

if I do I'm just gonna have to wear

2343

01:52:51,560 --> 01:52:48,120

armor because it is one of those

2344

01:52:55,820 --> 01:52:51,570

situations that you know it could just

2345

01:52:58,070 --> 01:52:55,830

cost me my life I don't know yeah it's

2346

01:53:00,320 --> 01:52:58,080

it's one of those it would be an event

2347

01:53:03,290 --> 01:53:00,330

change or one of those what would change

2348

01:53:05,660 --> 01:53:03,300

the course of things well this may very

2349

01:53:08,180 --> 01:53:05,670

well do it and I don't know if I want to

2350

01:53:09,920 --> 01:53:08,190

do it but if I don't there's still

2351  
01:53:11,330 --> 01:53:09,930  
enough other cases Tinley Park we're

2352  
01:53:14,690 --> 01:53:11,340  
gonna wrap that up we have some other

2353  
01:53:17,540 --> 01:53:14,700  
cases and at the book that I'm writing

2354  
01:53:20,030 --> 01:53:17,550  
and you know it's the it's I think I've

2355  
01:53:22,580 --> 01:53:20,040  
told you the title of it before social

2356  
01:53:25,100 --> 01:53:22,590  
response and it's going to be

2357  
01:53:27,350 --> 01:53:25,110  
mass sightings in the potential of an

2358  
01:53:27,740 --> 01:53:27,360  
extraterrestrial hypotheses as far as

2359  
01:53:32,090 --> 01:53:27,750  
that goes

2360  
01:53:36,020 --> 01:53:32,100  
but it's gonna be gonna be a few other

2361  
01:53:38,360 --> 01:53:36,030  
people involved in that and it's gonna

2362  
01:53:42,740 --> 01:53:38,370  
be pretty interesting it's gonna be more

2363  
01:53:44,980 --> 01:53:42,750

of a social psychology type book but

2364

01:53:50,780 --> 01:53:44,990

hopefully I'll have that done before the

2365

01:53:54,410 --> 01:53:50,790

the movie or the documentary I clone it

2366

01:53:58,280 --> 01:53:54,420

that is a interesting lease sociological

2367

01:54:01,070 --> 01:53:58,290

aspect of any type of group situation

2368

01:54:02,600 --> 01:54:01,080

totally changes oh god yes

2369

01:54:05,230 --> 01:54:02,610

you know and that you know the social

2370

01:54:08,180 --> 01:54:05,240

response the way the the entire

2371

01:54:12,050 --> 01:54:08,190

community reacts to it I mean down from

2372

01:54:14,810 --> 01:54:12,060

just individual to I know I think of the

2373

01:54:18,800 --> 01:54:14,820

Rockford case police officers were told

2374

01:54:21,220 --> 01:54:18,810

not to even look at this object on and

2375

01:54:25,730 --> 01:54:21,230

on weird things

2376

01:54:28,790 --> 01:54:25,740

the I know I out here we have a problem

2377

01:54:31,150 --> 01:54:28,800

with the I don't know what you would

2378

01:54:33,140 --> 01:54:31,160

call it radical Christian

2379

01:54:36,530 --> 01:54:33,150

fundamentalists where they actually

2380

01:54:41,240 --> 01:54:36,540

protest I get protests I've had protests

2381

01:54:42,380 --> 01:54:41,250

at events I've had their Lily oh wow

2382

01:54:57,410 --> 01:54:42,390

yeah

2383

01:55:00,530 --> 01:54:57,420

like why and okay so it can someone

2384

01:55:01,760 --> 01:55:00,540

actually reach out to you if say

2385

01:55:05,030 --> 01:55:01,770

someone's listening in there and

2386

01:55:07,040 --> 01:55:05,040

Illinois and first of all they would

2387

01:55:11,150 --> 01:55:07,050

contact you're the director of MUFON in

2388

01:55:13,190 --> 01:55:11,160

in Illinois yeah so how does up with

2389

01:55:15,020 --> 01:55:13,200

someone be able to reach you is they

2390

01:55:20,050 --> 01:55:15,030

could you know they could email me at

2391

01:55:23,210 --> 01:55:20,060

MUFON Sam wand at gmail.com

2392

01:55:26,840 --> 01:55:23,220

okay MUFON one I'm sorry

2393

01:55:30,440 --> 01:55:26,850

MUFON Sam Sam want at dan milne Elcom

2394

01:55:32,780 --> 01:55:30,450

yeah so and don't so there's someone

2395

01:55:34,830 --> 01:55:32,790

else out there named MUFON Sam because

2396

01:55:38,850 --> 01:55:34,840

you had to do with the number one huh

2397

01:55:41,550 --> 01:55:38,860

well I had it I had Comcast and when I

2398

01:55:43,820 --> 01:55:41,560

move they they end up they all don't

2399

01:55:46,320 --> 01:55:43,830

worry you it'll be fine and well I lost

2400

01:55:49,320 --> 01:55:46,330

so much information I had to grab a

2401

01:55:52,140 --> 01:55:49,330

gmail account so it's gmail.com yeah

2402

01:55:54,690 --> 01:55:52,150

that's right all right well hey thank

2403

01:55:58,110 --> 01:55:54,700

thanks so much Sam it's been it's been a

2404

01:56:00,050 --> 01:55:58,120

real pleasure speaking to you as always

2405

01:56:05,450 --> 01:56:00,060

again I consider you a good friend and

2406

01:56:09,000 --> 01:56:05,460

same here and really enjoy seeing you

2407

01:56:11,520 --> 01:56:09,010

was really enjoying hanging out with you

2408

01:56:13,320 --> 01:56:11,530

out in Phoenix hopefully someday I hope

2409

01:56:16,260 --> 01:56:13,330

you get back out here to Chicago and we

2410

01:56:17,490 --> 01:56:16,270

could we see each other - yeah I had a

2411

01:56:19,830 --> 01:56:17,500

situation where I was going out there

2412

01:56:23,520 --> 01:56:19,840

two or three times a year at least and

2413

01:56:26,100 --> 01:56:23,530

up to up to four or five times and that

2414

01:56:30,330 --> 01:56:26,110

whole I was working an event out there

2415

01:56:33,060 --> 01:56:30,340

for doing actually antique appraisal

2416

01:56:36,210 --> 01:56:33,070

work at a big event that happened and

2417

01:56:38,280 --> 01:56:36,220

that's that's not happening anymore so

2418

01:56:40,320 --> 01:56:38,290

but you never know I have a lot of

2419

01:56:42,840 --> 01:56:40,330

friends out there anyway so be good to

2420

01:56:45,720 --> 01:56:42,850

see us sometime oh yes yeah you take

2421

01:56:48,590 --> 01:56:45,730

care all right you too all right so

2422

01:56:51,510 --> 01:56:48,600

that's it for our guests this evening

2423

01:56:53,960 --> 01:56:51,520

and I want to thank a few people first

2424

01:56:58,020 --> 01:56:53,970

of all of course our guests Sam moranto

2425

01:57:00,930 --> 01:56:58,030

Alejandro Rojas for joining us for the

2426

01:57:03,000 --> 01:57:00,940

news at the beginning I also want to

2427

01:57:05,820 --> 01:57:03,010

thank Peggy shunning for managing the

2428

01:57:08,850 --> 01:57:05,830

Facebook page people that do the music

2429

01:57:11,450 --> 01:57:08,860

we have Bruce vernier and Carrie Lloyd

2430

01:57:14,520 --> 01:57:11,460

Whitehouse I want to thank them as well

2431

01:57:16,620 --> 01:57:14,530

next week's guest has not been confirmed

2432

01:57:18,750 --> 01:57:16,630

so it's gonna be a surprise guest but I

2433

01:57:20,610 --> 01:57:18,760

do tell people if you want to see who

2434

01:57:24,540 --> 01:57:20,620

the guests is all you have to generally

2435

01:57:28,530 --> 01:57:24,550

do is check the website podcast UFO calm

2436

01:57:30,930 --> 01:57:28,540

on Sunday I usually have the guest post

2437

01:57:33,180 --> 01:57:30,940

it at that time so all you have to do is

2438

01:57:35,580 --> 01:57:33,190

go to podcast UFO calm Sunday and again

2439

01:57:39,450 --> 01:57:35,590

you can email me with questions for the

2440

01:57:41,220 --> 01:57:39,460

guests at Martin at podcast UFO calm

2441

01:57:42,300 --> 01:57:41,230

thanks a lot everyone and if you're

2442

01:57:44,070 --> 01:57:42,310

listening this far you're either

2443

01:57:47,410 --> 01:57:44,080

supporting the show or listening to it

2444

01:57:49,360 --> 01:57:47,420

free live

2445

01:57:51,340 --> 01:57:49,370

so I appreciate it and we'll see you
