

1
00:00:04,789 --> 00:00:01,910
hello everyone this is Martin Willis and

2
00:00:06,410 --> 00:00:04,799
I want to apologize the internet went

3
00:00:09,589 --> 00:00:06,420
out during our live show right at the

4
00:00:13,580 --> 00:00:09,599
beginning of this show with Jim Marrs so

5
00:00:17,930 --> 00:00:13,590
we did record just a few minutes ago and

6
00:00:21,310 --> 00:00:17,940
you get a total unedited version as well

7
00:00:25,400 --> 00:00:21,320
as the news from the other night is

8
00:00:26,990 --> 00:00:25,410
recorded with Alejandro Rojas so again I

9
00:00:29,330 --> 00:00:27,000
apologize for the delay but here it is

10
00:00:32,060 --> 00:00:29,340
and before I forget next week we have

11
00:00:34,130 --> 00:00:32,070
Katherine Martin and Stan Freeman is

12
00:00:36,709 --> 00:00:34,140
going to be on the show here and it hits

13
00:00:38,030 --> 00:00:36,719

me oh my gosh this is that triangle you

14

00:00:39,260 --> 00:00:38,040

know there's explanation for everything

15

00:00:41,869 --> 00:00:39,270

that occurred in the Rendlesham forest

16

00:00:44,600 --> 00:00:41,879

incident it doesn't involve aliens at

17

00:00:47,840 --> 00:00:44,610

all it was completely silent it comes

18

00:00:50,119 --> 00:00:47,850

right over our head it's so a classic

19

00:00:51,979 --> 00:00:50,129

flying-saucer really standing in the

20

00:00:53,450 --> 00:00:51,989

clearing he turned over to my father and

21

00:00:59,240 --> 00:00:53,460

held his hand and he looked in his eyes

22

00:01:02,569 --> 00:00:59,250

and said we're not alone welcome to

23

00:01:04,520 --> 00:01:02,579

those people who support the show I want

36

00:01:38,960 --> 00:01:35,850

to also tell everyone that I'm going to

37

00:01:41,170 --> 00:01:38,970

reopen the forum few people are

38

00:01:43,850 --> 00:01:41,180

interested in posting on the forum and

39

00:01:47,060 --> 00:01:43,860

we had I think it was I counted

40

00:01:49,910 --> 00:01:47,070

something like 13,000 spammers in just a

41

00:01:51,800 --> 00:01:49,920

few days so it's closed as far as

42

00:01:55,249 --> 00:01:51,810

signing up all you have to do is email

43

00:01:58,069 --> 00:01:55,259

50

00:02:16,010 --> 00:02:14,190

Eastern Standard Time

55
00:02:31,670 --> 00:02:27,090
that's also on PSN radio.com I think it

56
00:02:33,860 --> 00:02:31,680
is and if the whole show also plays on

57
00:02:37,850 --> 00:02:33,870
the dark matter digital network every

58
00:02:40,130 --> 00:02:37,860
Thursday from 10:00 to midnight Eastern

59
00:02:44,270 --> 00:02:40,140
Standard Time as well Alejandra what's

60
00:02:46,520 --> 00:02:44,280
going on what's going on is UFOs are

61
00:02:48,320 --> 00:02:46,530
going on but yeah we had a little

62
00:02:50,900 --> 00:02:48,330
technical difficulty when we tried to

63
00:02:53,180 --> 00:02:50,910

connect earlier and we did and you said

64

00:02:55,700 --> 00:02:53,190

hey there's a lot of stories a lot of

65

00:02:57,590 --> 00:02:55,710

goods yeah so leather is that's a good

66

00:02:59,570 --> 00:02:57,600

stuff and you said oh the government

67

00:03:01,910 --> 00:02:59,580

took us down so they did hopefully they

68

00:03:04,190 --> 00:03:01,920

let us stay connected well we'll try to

69

00:03:06,050 --> 00:03:04,200

get through this one yeah

70

00:03:07,970 --> 00:03:06,060

and that's your tax money well-spent

71

00:03:10,130 --> 00:03:07,980

that they're able we're talking to

72

00:03:11,900 --> 00:03:10,140

they're on the ball yeah they're you

73

00:03:13,880 --> 00:03:11,910

know they're all over the place yeah

74

00:03:15,800 --> 00:03:13,890

it's impressive all you have to do is

75

00:03:18,370 --> 00:03:15,810

you say the word UFO it goes across the

76
00:03:22,960 --> 00:03:18,380
NSA computer and that's it you're down

77
00:03:25,790 --> 00:03:22,970
boom yeah they're like gotcha sucka

78
00:03:29,390 --> 00:03:25,800
okay well cool yeah lots of UFO news

79
00:03:32,240 --> 00:03:29,400
first of all the the Podesta email

80
00:03:35,150 --> 00:03:32,250
WikiLeaks you know a lot of buzz about

81
00:03:39,710 --> 00:03:35,160
that and really nothing too

82
00:03:41,540 --> 00:03:39,720
extraordinary to add to that to those

83
00:03:43,850 --> 00:03:41,550
stories that I haven't already covered

84
00:03:46,370 --> 00:03:43,860
but you can go to open mindset TV and I

85
00:03:49,190 --> 00:03:46,380
have updated my stories on that too Tom

86
00:03:50,690 --> 00:03:49,200
the long string and the other one but

87
00:03:54,199 --> 00:03:50,700
you'll see that right on the front page

88
00:03:56,720 --> 00:03:54,209

so so the only interesting thing is

89

00:03:58,310 --> 00:03:56,730

there's been a couple more emails Tom

90

00:04:00,380 --> 00:03:58,320

DeLonge talking about a meeting with

91

00:04:03,650 --> 00:04:00,390

Steven Spielberg and some other people

92

00:04:06,229 --> 00:04:03,660

in the media and then on the Edgar

93

00:04:07,820 --> 00:04:06,239

Mitchell side just what we had already

94

00:04:10,600 --> 00:04:07,830

talked about more emails about how

95

00:04:13,100 --> 00:04:10,610

Podesta really was trying to set up a

96

00:04:16,490 --> 00:04:13,110

meeting with Mitchell and also Rebecca

97

00:04:17,960 --> 00:04:16,500

Hardcastle who is someone who worked

98

00:04:20,570 --> 00:04:17,970

with Mitchell who is trying to help with

99

00:04:22,820 --> 00:04:20,580

that she wrote a blog about you know how

100

00:04:25,700 --> 00:04:22,830

that all happened and there's a link

101
00:04:27,110 --> 00:04:25,710
there too so nothing totally new there

102
00:04:27,800 --> 00:04:27,120
but there are some interesting UFO

103
00:04:29,990 --> 00:04:27,810
sighting

104
00:04:32,210 --> 00:04:30,000
that we posted recently all right I

105
00:04:33,879 --> 00:04:32,220
think yeah good stuff so this is the

106
00:04:38,360 --> 00:04:33,889
first one I want to talk about is

107
00:04:42,110 --> 00:04:38,370
actually happen a few years ago this is

108
00:04:44,379 --> 00:04:42,120
at Fort Benning in Georgia and this is a

109
00:04:47,210 --> 00:04:44,389
fun story so it happened in July 10th

110
00:04:49,940 --> 00:04:47,220
2005 where this guy said him and his

111
00:04:51,650 --> 00:04:49,950
platoon were out training and some of

112
00:04:53,690 --> 00:04:51,660
the guys came back and said we saw a UFO

113
00:04:56,060 --> 00:04:53,700

there's this UFO following us and

114

00:04:58,820 --> 00:04:56,070

watching us it was really weird it was

115

00:05:01,159 --> 00:04:58,830

just his silver orb up in the sky and

116

00:05:03,680 --> 00:05:01,169

the guy said yeah right you're full of

117

00:05:06,260 --> 00:05:03,690

it he goes out the next day and sure

118

00:05:09,760 --> 00:05:06,270

enough there's this silver metallic orb

119

00:05:13,040 --> 00:05:09,770

up there he said it buzzed very loudly

120

00:05:16,219 --> 00:05:13,050

but there was no holes or openings it

121

00:05:18,409 --> 00:05:16,229

was just a solid orb that was up about

122

00:05:21,110 --> 00:05:18,419

50 feet in the air everybody saw it it

123

00:05:23,870 --> 00:05:21,120

was a big deal and after that they

124

00:05:25,460 --> 00:05:23,880

didn't see it again so he posted it and

125

00:05:27,650 --> 00:05:25,470

he was like you know I've been grappling

126

00:05:31,100 --> 00:05:27,660

with this whole thing the whole time was

127

00:05:33,320 --> 00:05:31,110

it a drone he's like I think it was some

128

00:05:35,540 --> 00:05:33,330

sort of drone the government was

129

00:05:37,550 --> 00:05:35,550

experimenting with and you know using it

130

00:05:39,560 --> 00:05:37,560

on us to watch us but he's like you know

131

00:05:43,969 --> 00:05:39,570

I've never seen any technology like this

132

00:05:46,310 --> 00:05:43,979

since so I don't know so yeah that's a

133

00:05:47,840 --> 00:05:46,320

really weird one I could see that the

134

00:05:50,960 --> 00:05:47,850

government could have drones all the way

135

00:05:54,890 --> 00:05:50,970

back in 2005 but for it to be a total

136

00:05:57,379 --> 00:05:54,900

solid mass without any you know cameras

137

00:05:59,750 --> 00:05:57,389

or anything like that or that's the

138

00:06:03,200 --> 00:05:59,760

weird part yeah the weird part is this

139

00:06:05,659 --> 00:06:03,210

it seemed like a solid metallic object

140

00:06:08,000 --> 00:06:05,669

and that is really weird and of course

141

00:06:11,570 --> 00:06:08,010

if it came out it is military that that

142

00:06:14,719 --> 00:06:11,580

would actually probably explain a ton of

143

00:06:16,850 --> 00:06:14,729

different UFO sightings so yeah that

144

00:06:23,830 --> 00:06:16,860

that's a really odd one that's kind of a

145

00:06:27,469 --> 00:06:23,840

cool one another one is from years ago

146

00:06:29,990 --> 00:06:27,479

this actually happened in 94 or 95 but

147

00:06:32,029 --> 00:06:30,000

it's kind of cool so Phillip mantel he's

148

00:06:34,070 --> 00:06:32,039

a guy in the UK by the way I should

149

00:06:36,950 --> 00:06:34,080

mention that last one was a MUFON case

150

00:06:40,010 --> 00:06:36,960

that was written by Roger Marsh this one

151
00:06:41,890 --> 00:06:40,020
is is provided from Phillip mantel so he

152
00:06:43,629 --> 00:06:41,900
heard from there's a wink

153
00:06:46,120 --> 00:06:43,639
and who had a sighting and I think we

154
00:06:49,060 --> 00:06:46,130
talked about that last time well because

155
00:06:52,240 --> 00:06:49,070
of he posted that story another guy this

156
00:06:55,930 --> 00:06:52,250
guy is a flight lieutenant sent him a

157
00:06:59,080 --> 00:06:55,940
story from the Royal Air Force of his

158
00:07:01,629 --> 00:06:59,090
sighting report so this guy had his

159
00:07:04,330 --> 00:07:01,639
sighting in 94 95 he can't remember it

160
00:07:07,110 --> 00:07:04,340
was Christmas time but essentially he

161
00:07:10,749 --> 00:07:07,120
was art at the Royal Air Force Base

162
00:07:13,560 --> 00:07:10,759
Linehan in Wiltshire when they were

163
00:07:17,950 --> 00:07:13,570

catching this weird object on radar

164

00:07:19,870 --> 00:07:17,960

radar Reiter Reiter and it was this kind

165

00:07:22,420 --> 00:07:19,880

of blob this mass that moved around and

166

00:07:25,060 --> 00:07:22,430

then boom exploded and flew off in

167

00:07:26,920 --> 00:07:25,070

several directions and sure enough one

168

00:07:30,400 --> 00:07:26,930

of the guards called and they were

169

00:07:33,580 --> 00:07:30,410

really freaked out and said hey I saw

170

00:07:36,430 --> 00:07:33,590

this bright white light that exploded

171

00:07:39,400 --> 00:07:36,440

and went in all directions so this light

172

00:07:41,170 --> 00:07:39,410

lieutenant actually reported it and he

173

00:07:43,060 --> 00:07:41,180

said that you know when he reported it

174

00:07:46,450 --> 00:07:43,070

they said well we usually don't pay

175

00:07:47,650 --> 00:07:46,460

attention to goofy kind of UFO sightings

176

00:07:49,930 --> 00:07:47,660

we think they're goofy but he's like

177

00:07:52,600 --> 00:07:49,940

what but you're a lieutenant so you're

178

00:07:54,969 --> 00:07:52,610

an officer and so we take these much

179

00:07:57,370 --> 00:07:54,979

more seriously and they took down the

180

00:07:59,439 --> 00:07:57,380

report and that was about it

181

00:08:01,930 --> 00:07:59,449

but yeah he wrote Phillip mantle about

182

00:08:04,600 --> 00:08:01,940

this Philip mantle then actually did do

183

00:08:07,300 --> 00:08:04,610

some foil work and he found he got some

184

00:08:10,000 --> 00:08:07,310

information he got the original sighting

185

00:08:13,060 --> 00:08:10,010

report and so we've posted that in the

186

00:08:15,939 --> 00:08:13,070

story as well so Phillip mantle runs the

187

00:08:17,710 --> 00:08:15,949

flying disc press out of the UK really

188

00:08:20,860 --> 00:08:17,720

cool guy and he contributes some stories

189

00:08:24,790 --> 00:08:20,870

to us sometimes another international

190

00:08:27,760 --> 00:08:24,800

contributor we have is Andres Muller and

191

00:08:30,219 --> 00:08:27,770

he's actually from Germany so he was

192

00:08:32,500 --> 00:08:30,229

like many others upset that you might

193

00:08:35,170 --> 00:08:32,510

have heard this the Ministry of Defence

194

00:08:37,360 --> 00:08:35,180

so we've talked about this how it was

195

00:08:39,610 --> 00:08:37,370

actually John burrows who was asking

196

00:08:43,449 --> 00:08:39,620

them about UFO FILES and they admitted

197

00:08:45,699 --> 00:08:43,459

oops we do have these 18 UFO files that

198

00:08:49,960 --> 00:08:45,709

we forgot to send out with the rest

199

00:08:52,420 --> 00:08:49,970

because you know for years they were

200

00:08:54,340 --> 00:08:52,430

putting out batches of UFO sub files and

201
00:08:55,810 --> 00:08:54,350
then they finished and they said that's

202
00:08:59,290 --> 00:08:55,820
it we gave you guys all our

203
00:09:02,130 --> 00:08:59,300
UFO FILES but then John Burroughs found

204
00:09:04,210 --> 00:09:02,140
out that hey there's more

205
00:09:06,940 --> 00:09:04,220
so they said they're going to release

206
00:09:09,220 --> 00:09:06,950
these quickly or or but they keep

207
00:09:10,480 --> 00:09:09,230
delaying delaying delaying delaying they

208
00:09:13,990 --> 00:09:10,490
said they were going to get it out in

209
00:09:16,450 --> 00:09:14,000
2016 early then they said in the summer

210
00:09:18,430 --> 00:09:16,460
all of these times have passed the

211
00:09:22,780 --> 00:09:18,440
latest they've done is pushed it all the

212
00:09:25,780 --> 00:09:22,790
way back now to early 2017 so it's just

213
00:09:30,880 --> 00:09:25,790

very odd they keep delaying these files

214

00:09:32,440 --> 00:09:30,890

so Andres the open minds contributor he

215

00:09:33,820 --> 00:09:32,450

wrote to them and said hey what's going

216

00:09:36,280 --> 00:09:33,830

on why did these keep getting delayed

217

00:09:38,680 --> 00:09:36,290

and it's kind of concerning what he

218

00:09:40,750 --> 00:09:38,690

found they said that first they have to

219

00:09:43,270 --> 00:09:40,760

release it from the Ministry of Defense

220

00:09:44,830 --> 00:09:43,280

to the National Archives they look it

221

00:09:47,320 --> 00:09:44,840

over and they prepare and then they

222

00:09:49,330 --> 00:09:47,330

release it but when they looked at them

223

00:09:53,770 --> 00:09:49,340

they found that there's more information

224

00:09:56,260 --> 00:09:53,780

in there that should have been not

225

00:09:58,360 --> 00:09:56,270

released so they've got to redact some

226

00:10:01,090 --> 00:09:58,370

of the information and so they have to

227

00:10:04,950 --> 00:10:01,100

reprocess it and that's why it's delayed

228

00:10:08,080 --> 00:10:04,960

oh wow yeah they say they sincerely

229

00:10:10,060 --> 00:10:08,090

apologize but yeah it's kind of

230

00:10:12,210 --> 00:10:10,070

concerning that you know what the heck's

231

00:10:16,090 --> 00:10:12,220

going on why do they have to keep

232

00:10:19,390 --> 00:10:16,100

re-examining these files I mean once in

233

00:10:21,580 --> 00:10:19,400

them so Andres kind of provided at the

234

00:10:24,580 --> 00:10:21,590

text of the letter he received from the

235

00:10:28,060 --> 00:10:24,590

Ministry of Defense and wrote that up on

236

00:10:30,220 --> 00:10:28,070

open mind TV so you could see that and

237

00:10:32,560 --> 00:10:30,230

those updates from the weekiy WikiLeaks

238

00:10:34,750 --> 00:10:32,570

wikki wikki wikki wikki leaks at open

239

00:10:38,400 --> 00:10:34,760

minds TV did you say that it was it was

240

00:10:42,700 --> 00:10:38,410

at 18 files as I what you said go erect

241

00:10:45,430 --> 00:10:42,710

it just seems to redact 18 files of who

242

00:10:47,440 --> 00:10:45,440

was just personal information wouldn't

243

00:10:50,140 --> 00:10:47,450

take that long but I don't know how

244

00:10:53,590 --> 00:10:50,150

these yeah work well it's weird and

245

00:10:55,300 --> 00:10:53,600

Andres provided a list of exemptions

246

00:10:57,460 --> 00:10:55,310

from the British Freedom of Information

247

00:11:02,700 --> 00:10:57,470

Act so that's what they're referencing

248

00:11:05,410 --> 00:11:02,710

so somehow in this list of exemptions

249

00:11:08,980 --> 00:11:05,420

some of the information in those files

250

00:11:09,490 --> 00:11:08,990

meet those exemptions and somehow that

251
00:11:11,860 --> 00:11:09,500
was

252
00:11:14,350 --> 00:11:11,870
overlooks so people can look through

253
00:11:16,840 --> 00:11:14,360
those exemptions to see what sort of

254
00:11:18,970 --> 00:11:16,850
things they could have been but it's

255
00:11:22,480 --> 00:11:18,980
just kind of a shart in a dark a guess

256
00:11:25,690 --> 00:11:22,490
as to what caused those delays at this

257
00:11:27,580 --> 00:11:25,700
point so yeah unfortunately more and

258
00:11:29,410 --> 00:11:27,590
more delays you know there has been

259
00:11:31,230 --> 00:11:29,420
someone in the House of Lords who

260
00:11:33,850 --> 00:11:31,240
actually brought this up a

261
00:11:35,620 --> 00:11:33,860
representative the House of Lords is

262
00:11:38,290 --> 00:11:35,630
weird in Britain essentially it's rich

263
00:11:39,550 --> 00:11:38,300

people who the Queen makes a lord and

264

00:11:41,260 --> 00:11:39,560

then they get their own branch of

265

00:11:43,810 --> 00:11:41,270

government but it's a bit chaotic

266

00:11:45,850 --> 00:11:43,820

there's tons of them and so it's it's

267

00:11:48,010 --> 00:11:45,860

kind of a branch that's more for show

268

00:11:49,960 --> 00:11:48,020

but they do have more access to the

269

00:11:52,780 --> 00:11:49,970

government they can ask questions such

270

00:11:54,910 --> 00:11:52,790

as one did he said why are these files

271

00:11:56,470 --> 00:11:54,920

getting delayed and they just kind of

272

00:11:59,590 --> 00:11:56,480

blew him off and said sorry we're

273

00:12:02,320 --> 00:11:59,600

working on it type of thing but so there

274

00:12:04,870 --> 00:12:02,330

is there are people on the other side of

275

00:12:06,850 --> 00:12:04,880

the pond looking at all of this but and

276

00:12:10,030 --> 00:12:06,860

there's anticipation all over the place

277

00:12:12,130 --> 00:12:10,040

but what's in those files hopefully

278

00:12:14,890 --> 00:12:12,140

we'll find out unless somehow they

279

00:12:18,850 --> 00:12:14,900

accidentally lose them which our

280

00:12:19,720 --> 00:12:18,860

government is prone to do hmm yes it

281

00:12:22,960 --> 00:12:19,730

does happen

282

00:12:25,930 --> 00:12:22,970

well nothing for this evening sir that

283

00:12:28,030 --> 00:12:25,940

is it for this evening all right we'll

284

00:12:29,050 --> 00:12:28,040

talk to you next week I wonder all right

285

00:12:31,090 --> 00:12:29,060

talk to you later buddy

286

00:12:33,010 --> 00:12:31,100

all right all right everyone so hang in

287

00:12:57,510 --> 00:12:33,020

there for the quick music break we'll be

288

00:12:57,520 --> 00:13:35,630

you

289

00:13:41,970 --> 00:13:39,540

Jim welcome to the show well Martin it's

290

00:13:44,579 --> 00:13:41,980

a good pleasure to be with you and sorry

291

00:13:47,610 --> 00:13:44,589

about the other night the internet went

292

00:13:50,490 --> 00:13:47,620

down all night long and took a couple of

293

00:13:52,410 --> 00:13:50,500

days to get it fixed and actually went

294

00:13:54,630 --> 00:13:52,420

down just before the show earlier today

295

00:13:57,420 --> 00:13:54,640

before the recording but this is

296

00:13:59,880 --> 00:13:57,430

Saturday and I do apologize to the live

297

00:14:02,040 --> 00:13:59,890

listeners we just couldn't I couldn't

298

00:14:05,130 --> 00:14:02,050

restore the Internet the other night but

299

00:14:06,870 --> 00:14:05,140

I also want to thank you Jim for the

300

00:14:10,620 --> 00:14:06,880

willingness to come back here on a

301
00:14:12,900 --> 00:14:10,630
Saturday and and record a show I really

302
00:14:15,180 --> 00:14:12,910
almost like it's quite all right and I

303
00:14:17,699 --> 00:14:15,190
totally understand the other day I was

304
00:14:20,820 --> 00:14:17,709
supposed to be doing something on the

305
00:14:22,920 --> 00:14:20,830
computer and I I guess it was a skype

306
00:14:25,500 --> 00:14:22,930
thing or whatever and then my computer

307
00:14:27,930 --> 00:14:25,510
good old Windows 10 it just kicked the

308
00:14:29,400 --> 00:14:27,940
red and said we're updating don't don't

309
00:14:30,780 --> 00:14:29,410
change anything and don't turn off your

310
00:14:32,370 --> 00:14:30,790
computer and then went all the way

311
00:14:35,550 --> 00:14:32,380
through the time I supposed to be on the

312
00:14:37,710 --> 00:14:35,560
interview oh you know Martin we're

313
00:14:40,949 --> 00:14:37,720

living in a time now when we don't run

314

00:14:44,400 --> 00:14:40,959

the computers they run us yeah Alejandro

315

00:14:48,090 --> 00:14:44,410

Rojas were I always a lot of times I

316

00:14:49,500 --> 00:14:48,100

rule pre-record news with him and we

317

00:14:51,510 --> 00:14:49,510

were doing that the other day and all of

318

00:14:54,360 --> 00:14:51,520

a sudden his skype started updating we

319

00:14:57,180 --> 00:14:54,370

had to postpone yeah we have no control

320

00:15:00,150 --> 00:14:57,190

you're right then that something's not

321

00:15:02,460 --> 00:15:00,160

right about that yeah seems to human

322

00:15:04,860 --> 00:15:02,470

should always be in control yeah yeah

323

00:15:06,780 --> 00:15:04,870

well you know what uh Elon Musk says

324

00:15:10,610 --> 00:15:06,790

about AI it's going to be the death of

325

00:15:12,630 --> 00:15:10,620

us all yep yeah and it may very well be

326

00:15:15,360 --> 00:15:12,640

you know and this goes all the way back

327

00:15:16,769 --> 00:15:15,370

I remember reading an early day science

328

00:15:20,250 --> 00:15:16,779

fiction story way back there somewhere

329

00:15:22,949 --> 00:15:20,260

where they finally put together there

330

00:15:24,510 --> 00:15:22,959

was the world computer man it was you

331

00:15:26,790 --> 00:15:24,520

know is all accusers and we're all

332

00:15:28,350 --> 00:15:26,800

locked together and they said okay let's

333

00:15:31,699 --> 00:15:28,360

put the ultimate question to it said

334

00:15:35,460 --> 00:15:31,709

okay world computer said we want peace

335

00:15:37,140 --> 00:15:35,470

bring peace to this world so to make a

336

00:15:39,030 --> 00:15:37,150

long story short the computer goes to

337

00:15:40,009 --> 00:15:39,040

continue to continue to get okay let's

338

00:15:42,109 --> 00:15:40,019

say Wars

339

00:15:44,869 --> 00:15:42,119

problem Wars cause about people okay we

340

00:15:47,269 --> 00:15:44,879

got to get rid of the people so they

341

00:15:49,790 --> 00:15:47,279

start eliminating the human race so then

342

00:15:51,829 --> 00:15:49,800

we'd have peace on this planet yeah well

343

00:15:54,290 --> 00:15:51,839

you know actually I know I'm starting

344

00:15:55,759 --> 00:15:54,300

off way off topic here but actually you

345

00:15:59,109 --> 00:15:55,769

know in a conversation I had with

346

00:16:03,739 --> 00:15:59,119

someone that's pretty involved in and

347

00:16:05,629 --> 00:16:03,749

like searching about future and AI said

348

00:16:07,100 --> 00:16:05,639

that a you know eventually it could just

349

00:16:11,869 --> 00:16:07,110

come to the point where someone would

350

00:16:15,439 --> 00:16:11,879

give a command okay your your job is to

351
00:16:17,479 --> 00:16:15,449
destroy all humans and whatever it takes

352
00:16:20,299 --> 00:16:17,489
and it would start replicating machines

353
00:16:22,189 --> 00:16:20,309
and self-replicating or whatever you

354
00:16:24,229 --> 00:16:22,199
know I mean there could be a lot hours

355
00:16:27,970 --> 00:16:24,239
about that sounds like Skynet

356
00:16:30,470 --> 00:16:27,980
yeah right yeah so yeah it could be

357
00:16:33,439 --> 00:16:30,480
hopefully we won't you know we'll have

358
00:16:35,619 --> 00:16:33,449
some control over artificial

359
00:16:38,419 --> 00:16:35,629
intelligence before we get to that point

360
00:16:42,910 --> 00:16:38,429
there's freaking fail-safes built in I

361
00:16:46,100 --> 00:16:42,920
would imagine but anyway Jim I know like

362
00:16:49,669 --> 00:16:46,110
95% of the people out there know who you

363
00:16:51,259 --> 00:16:49,679

are and actually I've had requests to

364

00:16:54,109 --> 00:16:51,269

have you on the show almost since day

365

00:16:55,970 --> 00:16:54,119

one in four years so so glad you're

366

00:16:58,009 --> 00:16:55,980

finally on but for the person that

367

00:16:59,650 --> 00:16:58,019

somewhere on the planet that's listening

368

00:17:02,329 --> 00:16:59,660

to the show that may not be familiar

369

00:17:05,269 --> 00:17:02,339

with who Jim Marrs is can you go into

370

00:17:07,610 --> 00:17:05,279

your background and I know I heard you

371

00:17:11,059 --> 00:17:07,620

say at one point that you liked unusual

372

00:17:13,549 --> 00:17:11,069

things or something like that I'm kind

373

00:17:16,159 --> 00:17:13,559

of gravitated to that yeah now basically

374

00:17:19,100 --> 00:17:16,169

I'm just an old Texas newspaper reporter

375

00:17:20,990 --> 00:17:19,110

okay I got a degree in journalism back

376

00:17:24,230 --> 00:17:21,000

in the days of the old republic when we

377

00:17:25,899 --> 00:17:24,240

actually were taught real journalism you

378

00:17:27,919 --> 00:17:25,909

know like look beyond the official

379

00:17:29,600 --> 00:17:27,929

pronouncements and try to find out the

380

00:17:33,740 --> 00:17:29,610

truth and I don't see that happening

381

00:17:35,980 --> 00:17:33,750

much anymore then of course I was an

382

00:17:38,409 --> 00:17:35,990

avid reader since I was a child and

383

00:17:41,570 --> 00:17:38,419

particularly I finally graduate

384

00:17:44,419 --> 00:17:41,580

gravitated into science fiction and

385

00:17:48,110 --> 00:17:44,429

you're talking about how things come

386

00:17:51,710 --> 00:17:48,120

about I was just thinking that you know

387

00:17:52,710 --> 00:17:51,720

science fiction is prophesied AC Welles

388

00:17:55,100 --> 00:17:52,720

prophesied

389

00:17:58,610 --> 00:17:55,110

automatic doors arthur c-- clark

390

00:18:00,630 --> 00:17:58,620

prophesied voice control computers

391

00:18:04,020 --> 00:18:00,640

submarines of course were first

392

00:18:06,690 --> 00:18:04,030

described by jules verne and then I ron

393

00:18:09,419 --> 00:18:06,700

hubbard he wants and bruce writing about

394

00:18:11,070 --> 00:18:09,429

hand-held electronic devices that where

395

00:18:13,320 --> 00:18:11,080

you can read you can actually read books

396

00:18:16,320 --> 00:18:13,330

on them so you know hey

397

00:18:20,250 --> 00:18:16,330

they've always been ahead of their time

398

00:18:22,289 --> 00:18:20,260

and so in my newspaper career i attended

399

00:18:24,799 --> 00:18:22,299

to gravitate towards the weird stories

400

00:18:27,840 --> 00:18:24,809

the ones that nobody could quite explain

401
00:18:29,850 --> 00:18:27,850
other other reporters and other editors

402
00:18:31,380 --> 00:18:29,860
they tend to shy away from those stories

403
00:18:33,060 --> 00:18:31,390
you know because it doesn't have a

404
00:18:37,049 --> 00:18:33,070
clear-cut ending in a clear-cut

405
00:18:39,149 --> 00:18:37,059
resolution so it's like well let's just

406
00:18:42,960 --> 00:18:39,159
leave that one alone but that's the ones

407
00:18:44,940 --> 00:18:42,970
always like so anyway I never left

408
00:18:48,149 --> 00:18:44,950
journalism but I have to say that

409
00:18:50,460 --> 00:18:48,159
journalism left me and so as a result in

410
00:18:52,830 --> 00:18:50,470
the last several years I've been putting

411
00:18:55,310 --> 00:18:52,840
out information in the form of books and

412
00:18:59,940 --> 00:18:55,320
I have five New York Times bestsellers

413
00:19:01,470 --> 00:18:59,950

and in a wide variety of things Martin

414

00:19:04,500 --> 00:19:01,480

you know we have become a very

415

00:19:07,590 --> 00:19:04,510

specialized society you know the lawyers

416

00:19:10,049 --> 00:19:07,600

know law the bankers know banking and

417

00:19:12,930 --> 00:19:10,059

the doctors know doctoring young you

418

00:19:16,409 --> 00:19:12,940

know but very seldom do they reach over

419

00:19:20,490 --> 00:19:16,419

and learn much anywhere else and I think

420

00:19:21,690 --> 00:19:20,500

this is a detriment to our society if

421

00:19:24,980 --> 00:19:21,700

you'll think back to the great

422

00:19:27,260 --> 00:19:24,990

philosophers of history Plato Socrates

423

00:19:31,080 --> 00:19:27,270

people like that

424

00:19:33,180 --> 00:19:31,090

where are our philosophers today you

425

00:19:36,740 --> 00:19:33,190

know anybody do you know anybody it's

426

00:19:39,450 --> 00:19:36,750

making a living being a philosopher no

427

00:19:43,649 --> 00:19:39,460

I've met some but usually they out on

428

00:19:46,470 --> 00:19:43,659

the street begging for spare change so

429

00:19:48,480 --> 00:19:46,480

what we really need so I am kind of a

430

00:19:51,630 --> 00:19:48,490

generalist I know a lot about a little

431

00:19:53,310 --> 00:19:51,640

bit a lot of things and not not a whole

432

00:19:55,710 --> 00:19:53,320

lot about anything and hips few things

433

00:19:58,080 --> 00:19:55,720

because I was here at the timing because

434

00:19:59,340 --> 00:19:58,090

I studied it and worked very closely

435

00:20:00,930 --> 00:19:59,350

with some of the earliest of the

436

00:20:03,120 --> 00:20:00,940

researchers in the bells Fort Worth area

437

00:20:05,190 --> 00:20:03,130

I do know a lot about the Kennedy

438

00:20:06,930 --> 00:20:05,200

assassination and that was reflected in

439

00:20:08,730 --> 00:20:06,940

my 1980s

440

00:20:11,670 --> 00:20:08,740

a cross fire of the plot to kill Kennedy

441

00:20:16,230 --> 00:20:11,680

it has now been released in 2013 an

442

00:20:18,210 --> 00:20:16,240

updated version and has gotten a very

443

00:20:19,710 --> 00:20:18,220

very warm reception because it's really

444

00:20:21,600 --> 00:20:19,720

everything you need to know about the

445

00:20:23,490 --> 00:20:21,610

Kennedy assassination is just all there

446

00:20:25,320 --> 00:20:23,500

you can hear it from the witnesses from

447

00:20:29,970 --> 00:20:25,330

the technical reports from the police

448

00:20:31,470 --> 00:20:29,980

reports from the federal investigations

449

00:20:34,020 --> 00:20:31,480

it's all there

450

00:20:38,130 --> 00:20:34,030

and that led of course to the question

451
00:20:40,530 --> 00:20:38,140
of well then wait a minute what's the

452
00:20:41,820 --> 00:20:40,540
next big secret government cover-up and

453
00:20:44,970 --> 00:20:41,830
almost everybody said we won't know

454
00:20:47,400 --> 00:20:44,980
about UFOs so I said okay I kind of do

455
00:20:51,210 --> 00:20:47,410
too so I begin to dig in investigate

456
00:20:56,220 --> 00:20:51,220
UFOs and that led to the location of my

457
00:20:59,400 --> 00:20:56,230
book alien agenda which is a overview of

458
00:21:01,170 --> 00:20:59,410
the UFO alien situation going all the

459
00:21:03,930 --> 00:21:01,180
way back to the ancient astronauts and

460
00:21:07,590 --> 00:21:03,940
coming forward to the cabin mutilations

461
00:21:11,130 --> 00:21:07,600
in the crop circles and the so-called

462
00:21:12,690 --> 00:21:11,140
abductions and etc etc and then of

463
00:21:14,220 --> 00:21:12,700

course that led to we'll know wait a

464

00:21:16,320 --> 00:21:14,230

minute you know how come they're not

465

00:21:18,090 --> 00:21:16,330

interacting more openly with earth and

466

00:21:19,620 --> 00:21:18,100

then I think the answer came back I said

467

00:21:21,930 --> 00:21:19,630

well there's nobody that speaks for

468

00:21:24,270 --> 00:21:21,940

Earth you know and until we have

469

00:21:25,560 --> 00:21:24,280

somebody who can speak for the earth you

470

00:21:27,990 --> 00:21:25,570

know what I don't think we're going to

471

00:21:30,300 --> 00:21:28,000

have open contact with our intergalactic

472

00:21:32,070 --> 00:21:30,310

neighbors and so then that led to

473

00:21:34,260 --> 00:21:32,080

question well then who does be further

474

00:21:36,420 --> 00:21:34,270

who's trying to speak for Earth and that

475

00:21:38,880 --> 00:21:36,430

led to rule by secrecy the secret

476
00:21:43,820 --> 00:21:38,890
societies that permeate our societies

477
00:21:48,090 --> 00:21:43,830
and operate in the dark and with various

478
00:21:49,890 --> 00:21:48,100
agendas and objectives and I think we

479
00:21:51,720 --> 00:21:49,900
really need to know about that and then

480
00:21:53,580 --> 00:21:51,730
that led to the rise of the Fourth Reich

481
00:21:55,410 --> 00:21:53,590
and the fact that yes we beat the

482
00:21:57,450 --> 00:21:55,420
Germans in World War two but we didn't

483
00:21:59,550 --> 00:21:57,460
defeat the Nazis they weren't even at

484
00:22:01,230 --> 00:21:59,560
the surrender table they we just force

485
00:22:02,910 --> 00:22:01,240
him to move and a lot of them thousands

486
00:22:05,670 --> 00:22:02,920
of them came to the United States and

487
00:22:11,100 --> 00:22:05,680
was rolled into our military industrial

488
00:22:13,200 --> 00:22:11,110

complex under the GS of fighting the

489

00:22:15,930 --> 00:22:13,210

Russians and providing us with the

490

00:22:18,510 --> 00:22:15,940

modern technology and of course the

491

00:22:20,340 --> 00:22:18,520

problem was is that not only did we get

492

00:22:23,370 --> 00:22:20,350

their technology we got their four

493

00:22:25,799 --> 00:22:23,380

see and that's why today we are seeing

494

00:22:28,379 --> 00:22:25,809

the rise of the fourth reich in the

495

00:22:30,210 --> 00:22:28,389

united states with just running parallel

496

00:22:32,370 --> 00:22:30,220

to what happened to the Germans in the

497

00:22:35,129 --> 00:22:32,380

30s they had the Reichstag fire we had

498

00:22:38,600 --> 00:22:35,139

9/11 they had the enabling act we had

499

00:22:40,740 --> 00:22:38,610

the Patriot Act they had the

500

00:22:43,970 --> 00:22:40,750

consolidated the police horses into the

501

00:22:46,350 --> 00:22:43,980

Gestapo we consolidated them into

502

00:22:48,269 --> 00:22:46,360

Homeland Security I mean we're just

503

00:22:50,249 --> 00:22:48,279

following right down the road and nobody

504

00:22:52,560 --> 00:22:50,259

seems to know because nobody knows their

505

00:22:55,980 --> 00:22:52,570

history yes to say history repeats

506

00:22:58,320 --> 00:22:55,990

itself when you're trying to hide I've

507

00:23:00,690 --> 00:22:58,330

got a I've got a cartoons in here's my

508

00:23:02,940 --> 00:23:00,700

favorite it says yeah those who didn't

509

00:23:03,480 --> 00:23:02,950

do not learn from history are doomed to

510

00:23:05,700 --> 00:23:03,490

repeat it

511

00:23:07,289 --> 00:23:05,710

you knows who did those who do study

512

00:23:09,539 --> 00:23:07,299

history are doomed to stand by

513

00:23:12,419 --> 00:23:09,549

helplessly while everybody else repeats

514

00:23:15,090 --> 00:23:12,429

it I've never heard that part of this

515

00:23:16,710 --> 00:23:15,100

okay really yeah but it's so true is so

516

00:23:19,190 --> 00:23:16,720

true you may know what's going on but

517

00:23:22,039 --> 00:23:19,200

nobody else does it what the heck yeah

518

00:23:24,299 --> 00:23:22,049

funny you mention this thing about

519

00:23:30,210 --> 00:23:24,309

specializing going back to that because

520

00:23:34,860 --> 00:23:30,220

up that I in my my real career is a fine

521

00:23:38,340 --> 00:23:34,870

arts and antique appraiser and I are

522

00:23:40,680 --> 00:23:38,350

very busy and because I'm what's I'm a

523

00:23:43,769 --> 00:23:40,690

generalist that's my title there's

524

00:23:47,279 --> 00:23:43,779

everyone now is specialists out there

525

00:23:48,990 --> 00:23:47,289

you know when it comes to fine arts or

526

00:23:50,639 --> 00:23:49,000

whatever it is they're all specialists

527

00:23:52,980 --> 00:23:50,649

and there's very few generalists so I'm

528

00:23:55,740 --> 00:23:52,990

busy all the time because of that good

529

00:23:59,220 --> 00:23:55,750

yeah well and to say that's what gives

530

00:24:01,889 --> 00:23:59,230

you such cachet when you're doing your

531

00:24:03,389 --> 00:24:01,899

business because you know if somebody's

532

00:24:07,310 --> 00:24:03,399

real specialize and they get some and

533

00:24:09,509 --> 00:24:07,320

don't fit into they're known you know a

534

00:24:11,490 --> 00:24:09,519

category within they're the kind of a

535

00:24:13,049 --> 00:24:11,500

loss but you you know enough about a lot

536

00:24:15,869 --> 00:24:13,059

of variety things you can say well you

537

00:24:18,149 --> 00:24:15,879

know I think it's over and dear no yes

538

00:24:19,320 --> 00:24:18,159

great well you know in reading all this

539

00:24:22,169 --> 00:24:19,330

science fiction stuff that's another

540

00:24:23,549 --> 00:24:22,179

thing I wanted to bring up I ron Hubbard

541

00:24:25,670 --> 00:24:23,559

you know everybody thinks well ron

542

00:24:27,860 --> 00:24:25,680

Hubbard and Scientology really

543

00:24:30,700 --> 00:24:27,870

well okay number one I'm not a

544

00:24:34,190 --> 00:24:30,710

Scientologist and Brun never will be and

545

00:24:39,320 --> 00:24:34,200

but I was reading I ron Hubbard way back

546

00:24:40,730 --> 00:24:39,330

in the 50s and 60s 70s because he at the

547

00:24:43,730 --> 00:24:40,740

time people like a lot of people don't

548

00:24:46,310 --> 00:24:43,740

know this but he was one of the top tier

549

00:24:48,530 --> 00:24:46,320

science fiction authors right right

550

00:24:52,760 --> 00:24:48,540

Yeah right along with Ray Bradbury and

551
00:24:53,320 --> 00:24:52,770
author C Clark and you know people like

552
00:24:56,570 --> 00:24:53,330
that

553
00:24:58,250 --> 00:24:56,580
and so I remember reading Battlefield

554
00:25:01,340 --> 00:24:58,260
Earth and I thought what a cool book it

555
00:25:03,400 --> 00:25:01,350
was it was really really interesting

556
00:25:07,420 --> 00:25:03,410
because it just goes all over the place

557
00:25:10,220 --> 00:25:07,430
but the key thing is is that unlike the

558
00:25:13,700 --> 00:25:10,230
unlike what we've seen here in recent

559
00:25:15,950 --> 00:25:13,710
years the modern audiences who've gone

560
00:25:18,500 --> 00:25:15,960
to the show see they've been they've all

561
00:25:21,080 --> 00:25:18,510
been seen these murders and alien

562
00:25:23,420 --> 00:25:21,090
invasions as such as the old classics

563
00:25:26,420 --> 00:25:23,430

earth vs. the flying saucer or the blob

564

00:25:28,880 --> 00:25:26,430

or invaders from Mars or even the more

565

00:25:31,340 --> 00:25:28,890

recent independence day the puppet

566

00:25:34,100 --> 00:25:31,350

masters Cowboys vs. aliens

567

00:25:35,480 --> 00:25:34,110

well okay Hubbard had a whole different

568

00:25:38,960 --> 00:25:35,490

tact I just thought it was so cool

569

00:25:40,610 --> 00:25:38,970

because in Battlefield Earth he they

570

00:25:41,930 --> 00:25:40,620

don't just come here and land and blow

571

00:25:45,260 --> 00:25:41,940

up everything and try to attack

572

00:25:47,480 --> 00:25:45,270

everybody no it's just a business deals

573

00:25:49,850 --> 00:25:47,490

just all business the intergalactic

574

00:25:52,910 --> 00:25:49,860

bankers loan money to the intergalactic

575

00:25:54,830 --> 00:25:52,920

Mining Corporation who sends some of

576

00:25:56,510 --> 00:25:54,840

their mining people here to earth to

577

00:25:59,300 --> 00:25:56,520

strip-mine the resources of the earth

578

00:26:01,640 --> 00:25:59,310

and oh well of course there's these

579

00:26:04,100 --> 00:26:01,650

pesky humans that are kind of in the way

580

00:26:08,240 --> 00:26:04,110

so they send a security force under

581

00:26:12,770 --> 00:26:08,250

these big giant hairy space guys in the

582

00:26:15,410 --> 00:26:12,780

call cyclos and after a while the book

583

00:26:17,600 --> 00:26:15,420

takes place in the year 3000 4000 years

584

00:26:19,370 --> 00:26:17,610

they've occupied the earth and most

585

00:26:22,040 --> 00:26:19,380

humans are scattered into small

586

00:26:23,780 --> 00:26:22,050

primitive tribes and they basically have

587

00:26:26,480 --> 00:26:23,790

forgotten that they or have been

588

00:26:33,020 --> 00:26:26,490

conquered by this alien race and it

589

00:26:37,100 --> 00:26:33,030

takes the hero of the book John good boy

590

00:26:39,500 --> 00:26:37,110

Tyler to realize that what's going on

591

00:26:41,330 --> 00:26:39,510

because he actually gets taken to the

592

00:26:44,570 --> 00:26:41,340

cyclos headquarters where they're going

593

00:26:46,670 --> 00:26:44,580

to use him as a slave house servant and

594

00:26:49,240 --> 00:26:46,680

he begins to realize what's going on and

595

00:26:53,750 --> 00:26:49,250

from then on is how to mount a

596

00:26:56,240 --> 00:26:53,760

counter-attack how to gain back control

597

00:26:58,820 --> 00:26:56,250

of the earth which is might someday

598

00:27:01,490 --> 00:26:58,830

prove a pretty useful template but

599

00:27:05,330 --> 00:27:01,500

anyway I was great and now I see that

600

00:27:07,160 --> 00:27:05,340

they have released the 21st edition of

601
00:27:09,350 --> 00:27:07,170
Battlefield Earth and you can go to

602
00:27:11,690 --> 00:27:09,360
Battlefield Earth comm and you can check

603
00:27:13,730 --> 00:27:11,700
it all out but the thing that gets me

604
00:27:16,190 --> 00:27:13,740
Martin is that in addition to the book

605
00:27:20,210 --> 00:27:16,200
which I found very interesting now they

606
00:27:22,640 --> 00:27:20,220
made a movie about the year 2000 it kind

607
00:27:26,090 --> 00:27:22,650
of got panned and I can understand why

608
00:27:27,710 --> 00:27:26,100
they the book is just so wide sweeping

609
00:27:29,780 --> 00:27:27,720
and then they tried to scrunch it into

610
00:27:33,470 --> 00:27:29,790
this film and it just didn't quite work

611
00:27:35,570 --> 00:27:33,480
so it was one of these cases where the

612
00:27:37,370 --> 00:27:35,580
movie didn't really follow the book and

613
00:27:39,560 --> 00:27:37,380

I think that was their problem but

614

00:27:41,030 --> 00:27:39,570

anyway now they're back with the book

615

00:27:42,560 --> 00:27:41,040

back out and I think you can get the

616

00:27:45,020 --> 00:27:42,570

whole book for pretty cheap right now -

617

00:27:47,000 --> 00:27:45,030

I'm not sure unless we go to Battlefield

618

00:27:48,800 --> 00:27:47,010

Earth calm or go to Amazon I'm sure you

619

00:27:54,440 --> 00:27:48,810

can find it but we're wouldn't tell you was

620

00:27:57,170 --> 00:27:54,450

there also issuing a audio book of these

621

00:27:58,310 --> 00:27:57,180

of Battlefield Earth and this thing is

622

00:28:00,950 --> 00:27:58,320

absolutely amazing

623

00:28:03,020 --> 00:28:00,960

they've got 68 voice character actors

624

00:28:05,570 --> 00:28:03,030

portraying about a hundred and ninety

625

00:28:07,670 --> 00:28:05,580

something characters with a hundred

626
00:28:10,040 --> 00:28:07,680
fifty thousand sound effects thrown in

627
00:28:12,470 --> 00:28:10,050
and a full and a full blown musical

628
00:28:15,860 --> 00:28:12,480
score written just for this for this

629
00:28:17,570 --> 00:28:15,870
purpose for this hood I know why so it's

630
00:28:19,040 --> 00:28:17,580
like I've heard a little bit of it and

631
00:28:21,140 --> 00:28:19,050
I'll tell you if you're going on a long

632
00:28:23,420 --> 00:28:21,150
vacation or if you have a really long

633
00:28:24,950 --> 00:28:23,430
commute er whatever this would be the

634
00:28:27,350 --> 00:28:24,960
thing to do man because it's like a

635
00:28:29,360 --> 00:28:27,360
movie for the mind you know keep down

636
00:28:31,280 --> 00:28:29,370
the road but endless the visions you'll

637
00:28:32,900 --> 00:28:31,290
have the whole you'll have it all right

638
00:28:35,120 --> 00:28:32,910

there in front of you it's really cool

639

00:28:38,090 --> 00:28:35,130

now isn't that a real lawn I mean that's

640

00:28:40,850 --> 00:28:38,100

a big book isn't it oh yeah it's real

641

00:28:45,530 --> 00:28:40,860

thick in fact the audio book is like 47

642

00:28:48,410 --> 00:28:45,540

hours probably this whoa that's a whole

643

00:28:49,580 --> 00:28:48,420

workweek and then some about that that's

644

00:28:53,180 --> 00:28:49,590

true that's true

645

00:28:55,250 --> 00:28:53,190

well amazing but it but it it's hour

646

00:28:57,350 --> 00:28:55,260

he made big waves and a lot of people

647

00:28:59,570 --> 00:28:57,360

have really recommended it and again I

648

00:29:03,050 --> 00:28:59,580

think he'd go to Battlefield Earth comm

649

00:29:07,400 --> 00:29:03,060

and probably listen to some of the the

650

00:29:10,520 --> 00:29:07,410

audio book so I would say give it a shot

651
00:29:12,320 --> 00:29:10,530
because it's really interesting but and

652
00:29:14,090 --> 00:29:12,330
it's kind of timely too because right

653
00:29:18,140 --> 00:29:14,100
now as you will know we just had the

654
00:29:20,540 --> 00:29:18,150
SpaceX Falcon 9 blow up and we've had

655
00:29:22,190 --> 00:29:20,550
some other space disasters and it almost

656
00:29:24,200 --> 00:29:22,200
seems like somebody doesn't want us

657
00:29:26,200 --> 00:29:24,210
getting off this planet mmm

658
00:29:29,420 --> 00:29:26,210
and of course we've been to the moon

659
00:29:31,430 --> 00:29:29,430
supposably six times and yet what that

660
00:29:33,310 --> 00:29:31,440
was 30 years ago we're never going back

661
00:29:36,770 --> 00:29:33,320
I know that is that's all that's been

662
00:29:38,270 --> 00:29:36,780
yeah yeah now one really one of the

663
00:29:40,400 --> 00:29:38,280

things that you know comes to mind we

664

00:29:42,140 --> 00:29:40,410

would talk about this business

665

00:29:45,860 --> 00:29:42,150

proposition and then strip-mining

666

00:29:48,440 --> 00:29:45,870

earth and all that I do are we unique as

667

00:29:53,060 --> 00:29:48,450

a planet that we would have resources

668

00:29:54,980 --> 00:29:53,070

that I mean I don't even know this I'm

669

00:29:56,000 --> 00:29:54,990

not sure anybody does I get what you're

670

00:29:58,760 --> 00:29:56,010

getting at it yeah

671

00:30:01,460 --> 00:29:58,770

I do know this that I'm old enough to

672

00:30:03,260 --> 00:30:01,470

remember before we went to the moon the

673

00:30:04,940 --> 00:30:03,270

idea was we were going to go the moon

674

00:30:06,950 --> 00:30:04,950

we're going to set up a base we were

675

00:30:10,130 --> 00:30:06,960

going to colonize the moon we were going

676
00:30:12,140 --> 00:30:10,140
to mine the moon for its mineral

677
00:30:14,990 --> 00:30:12,150
resources and that they would pay for

678
00:30:17,030 --> 00:30:15,000
the space program so wait a minute what

679
00:30:18,980 --> 00:30:17,040
happened to that and I could that could

680
00:30:21,350 --> 00:30:18,990
be a reality because of the hydrogen

681
00:30:24,100 --> 00:30:21,360
three I think it is I can't remember if

682
00:30:26,810 --> 00:30:24,110
that's yeah accurate but it's a very

683
00:30:28,970 --> 00:30:26,820
very and now well now we're finding that

684
00:30:31,070 --> 00:30:28,980
there's all this water frozen water

685
00:30:33,500 --> 00:30:31,080
yeah underneath the surface of some of

686
00:30:35,120 --> 00:30:33,510
Jupiter's moons you know where there's

687
00:30:37,330 --> 00:30:35,130
no telling what's out there but we just

688
00:30:39,740 --> 00:30:37,340

don't seem to be much interesting more

689

00:30:41,960 --> 00:30:39,750

when I was a young man the fifties in

690

00:30:43,940 --> 00:30:41,970

the 60s man going to space was the deal

691

00:30:45,200 --> 00:30:43,950

that was the bomb you know that's what

692

00:30:47,330 --> 00:30:45,210

we're going to do we're going to spread

693

00:30:49,670 --> 00:30:47,340

out we're going to have more room for

694

00:30:51,980 --> 00:30:49,680

everybody you know everybody and have

695

00:30:54,980 --> 00:30:51,990

their own little community and blah blah

696

00:30:57,830 --> 00:30:54,990

blah you know and now that happened and

697

00:30:58,850 --> 00:30:57,840

I personally suspect that we're being

698

00:31:01,430 --> 00:30:58,860

quarantined

699

00:31:03,890 --> 00:31:01,440

I think somebody up there says listen

700

00:31:07,010 --> 00:31:03,900

you guys are okay but you just stick to

701
00:31:09,800 --> 00:31:07,020
yourself with your murderous hatred ways

702
00:31:11,000 --> 00:31:09,810
and killing machines and you're not

703
00:31:13,460 --> 00:31:11,010
going to be allowed to bring that out

704
00:31:15,350 --> 00:31:13,470
the space so as soon as you guys can

705
00:31:16,670 --> 00:31:15,360
learn to get along together then you can

706
00:31:20,630 --> 00:31:16,680
come out here and join the rest of you

707
00:31:23,990 --> 00:31:20,640
neighbors yeah it is kind of it is kind

708
00:31:29,180 --> 00:31:24,000
of embarrassing to represent a species

709
00:31:31,190 --> 00:31:29,190
that is so violent and you know yeah and

710
00:31:33,140 --> 00:31:31,200
I and I don't understand it man all we

711
00:31:38,240 --> 00:31:33,150
want is peace you know now if you're

712
00:31:39,770 --> 00:31:38,250
more peace will kill you but I don't

713
00:31:43,970 --> 00:31:39,780

know what again all of us we just want

714

00:31:46,190 --> 00:31:43,980

peace right yeah I mean who knows maybe

715

00:31:50,570 --> 00:31:46,200

other societies pieces and even a word

716

00:31:52,910 --> 00:31:50,580

because you know in different life on

717

00:31:55,850 --> 00:31:52,920

elsewhere because they don't have the

718

00:31:58,730 --> 00:31:55,860

other side of it yeah you know you know

719

00:32:00,920 --> 00:31:58,740

have you ever thought about this one of

720

00:32:02,930 --> 00:32:00,930

the reasons the United States has so

721

00:32:06,050 --> 00:32:02,940

quickly grown into one of the most

722

00:32:08,420 --> 00:32:06,060

prosperous and and technologically

723

00:32:12,380 --> 00:32:08,430

advanced nations on the world is because

724

00:32:15,050 --> 00:32:12,390

from the get-go we have been a mongrel

725

00:32:17,180 --> 00:32:15,060

society where we're a mixture we got a

726

00:32:19,970 --> 00:32:17,190

little bit everybody we got Africans we

727

00:32:22,040 --> 00:32:19,980

got Germans we got French we had

728

00:32:24,110 --> 00:32:22,050

everybody came over here the English

729

00:32:27,080 --> 00:32:24,120

came over here you know the Spanish came

730

00:32:30,230 --> 00:32:27,090

over here and we are just a polyglot

731

00:32:32,480 --> 00:32:30,240

race of people and so maybe we've picked

732

00:32:34,850 --> 00:32:32,490

up some of the worst hash tributes of

733

00:32:37,550 --> 00:32:34,860

some but for certain we've picked up the

734

00:32:39,230 --> 00:32:37,560

best attributes of many okay and that's

735

00:32:42,860 --> 00:32:39,240

what made the United States so

736

00:32:45,680 --> 00:32:42,870

prosperous well what if the earth is the

737

00:32:48,080 --> 00:32:45,690

same way what if on other worlds they

738

00:32:49,700 --> 00:32:48,090

have these homogeneous races that you

739

00:32:51,800 --> 00:32:49,710

know they all grow together maybe even

740

00:32:54,380 --> 00:32:51,810

have the hive mind you know and they can

741

00:32:56,270 --> 00:32:54,390

all tell a telepath with each other they

742

00:32:57,590 --> 00:32:56,280

can know what each other's thinking they

743

00:32:59,810 --> 00:32:57,600

know what's going on which means you

744

00:33:02,420 --> 00:32:59,820

can't lie to anybody you know and maybe

745

00:33:04,400 --> 00:33:02,430

maybe they just come a different path

746

00:33:06,800 --> 00:33:04,410

than earth which has been seeded with

747

00:33:09,860 --> 00:33:06,810

several different races and we're a

748

00:33:12,230 --> 00:33:09,870

blend of all of those and again we have

749

00:33:15,590 --> 00:33:12,240

some of the best attributes and possibly

750

00:33:17,810 --> 00:33:15,600

some of the worst attributes but the but

751

00:33:19,620 --> 00:33:17,820

the fact that we're just a big mixture

752

00:33:22,840 --> 00:33:19,630

makes us up

753

00:33:25,150 --> 00:33:22,850

kind of a wonderment to the other people

754

00:33:28,540 --> 00:33:25,160

out the galaxy they look at us and go

755

00:33:31,570 --> 00:33:28,550

whoa were these folks come from now I

756

00:33:33,010 --> 00:33:31,580

mentioned this on my show of probably

757

00:33:35,410 --> 00:33:33,020

about three or four times over the last

758

00:33:37,930 --> 00:33:35,420

four years so longtime listeners have

759

00:33:41,110 --> 00:33:37,940

heard me say it before but years ago I

760

00:33:43,270 --> 00:33:41,120

had an insurance broker this is before I

761

00:33:43,780 --> 00:33:43,280

really got into the topic of UFOs or

762

00:33:46,660 --> 00:33:43,790

anything

763

00:33:48,730 --> 00:33:46,670

I had an insurance broker a life

764

00:33:51,640 --> 00:33:48,740

insurance and we were chatting one night

765

00:33:54,820 --> 00:33:51,650

and he said that he used to be part of a

766

00:33:58,590 --> 00:33:54,830

special Air Force division during the

767

00:34:03,460 --> 00:33:58,600

Vietnam War that used to used to

768

00:34:06,220 --> 00:34:03,470

research of the UFOs in Vietnam and so I

769

00:34:08,260 --> 00:34:06,230

said really a set of a of a reel and he

770

00:34:11,409 --> 00:34:08,270

says yeah UFOs are definitely real and

771

00:34:14,950 --> 00:34:11,419

then I mentioned to him that I had in

772

00:34:16,870 --> 00:34:14,960

high school I had written an essay for

773

00:34:20,020 --> 00:34:16,880

English it was like one of the only a

774

00:34:22,419 --> 00:34:20,030

Zyra got in English and it was that we

775

00:34:26,290 --> 00:34:22,429

were basically seated all the races were

776

00:34:27,669 --> 00:34:26,300

seated and as an experiment and I can't

777

00:34:30,730 --> 00:34:27,679

really remember but that was kind of the

778

00:34:33,250 --> 00:34:30,740

gist of it in anyway he said well that's

779

00:34:35,200 --> 00:34:33,260

not really far off and he says of the

780

00:34:37,930 --> 00:34:35,210

government's theory is that we're a

781

00:34:39,909 --> 00:34:37,940

petri dish those are is it exact words

782

00:34:41,770 --> 00:34:39,919

yeah exactly

783

00:34:44,590 --> 00:34:41,780

so they're just they're just stirring

784

00:34:46,450 --> 00:34:44,600

the dish and what they come up with yeah

785

00:34:48,490 --> 00:34:46,460

and I don't know if that's you know I

786

00:34:51,909 --> 00:34:48,500

don't know if he was blessing me I have

787

00:34:53,919 --> 00:34:51,919

no idea but I stuck to me

788

00:34:55,300 --> 00:34:53,929

I don't think so Martin and the reason I

789

00:34:58,030 --> 00:34:55,310

say this is because I've heard from

790

00:35:00,910 --> 00:34:58,040

other people that were in Vietnam and I

791

00:35:03,370 --> 00:35:00,920

also talked about a UFO study that was

792

00:35:05,590 --> 00:35:03,380

going on there and I fact I particularly

793

00:35:07,420 --> 00:35:05,600

remember talking with one guy who who

794

00:35:10,030 --> 00:35:07,430

showed up there fresh from the States

795

00:35:15,220 --> 00:35:10,040

and they put him into the big air base

796

00:35:17,740 --> 00:35:15,230

whatever that was oh well anyway and he

797

00:35:19,420 --> 00:35:17,750

was a radar operator so he put him down

798

00:35:20,980 --> 00:35:19,430

and he's heading down friends radar

799

00:35:22,990 --> 00:35:20,990

thing you know pretty soon he's calling

800

00:35:24,670 --> 00:35:23,000

the supervisor over he's going what's

801
00:35:30,220 --> 00:35:24,680
all that stuff and he says oh that's the

802
00:35:32,089 --> 00:35:30,230
UFOs don't worry about them so yeah they

803
00:35:34,789 --> 00:35:32,099
they had daily

804
00:35:40,479 --> 00:35:34,799
experience with UFOs now have you

805
00:35:48,529 --> 00:35:44,900
yes and no mostly no I have seen some

806
00:35:50,930 --> 00:35:48,539
strange acting lights in the sky but I'm

807
00:35:52,249 --> 00:35:50,940
I'm a good enough reporter and objective

808
00:35:53,960 --> 00:35:52,259
enough reporter that I'm not going to

809
00:35:55,670 --> 00:35:53,970
try to tell you that it's a spaceship

810
00:35:58,009 --> 00:35:55,680
full of a million people because I just

811
00:35:59,960 --> 00:35:58,019
simply don't know that and as far as

812
00:36:04,969 --> 00:35:59,970
actually seeing something up close that

813
00:36:07,400 --> 00:36:04,979

I definitely know is is not from Earth

814

00:36:10,160 --> 00:36:07,410

I'd have to say no I really haven't

815

00:36:12,410 --> 00:36:10,170

but the difference here is again it's

816

00:36:14,930 --> 00:36:12,420

back with the generalization thing is

817

00:36:17,059 --> 00:36:14,940

that in my and of course of my fifty

818

00:36:19,700 --> 00:36:17,069

years in journalism I've talked to too

819

00:36:21,769 --> 00:36:19,710

many people police officers pilots both

820

00:36:25,160 --> 00:36:21,779

commercial military air traffic

821

00:36:27,650 --> 00:36:25,170

controllers military officers you know

822

00:36:29,509 --> 00:36:27,660

and after a while you finally go you

823

00:36:31,519 --> 00:36:29,519

know all these people and they tell you

824

00:36:33,049 --> 00:36:31,529

these incredible stories and after a

825

00:36:35,329 --> 00:36:33,059

while you good day all these people

826

00:36:37,940 --> 00:36:35,339

cannot be lying you know and and their

827

00:36:40,609 --> 00:36:37,950

stories are consistent and they match in

828

00:36:43,579 --> 00:36:40,619

many places so I think what we're

829

00:36:45,200 --> 00:36:43,589

hearing is the truth and I think in fact

830

00:36:47,479 --> 00:36:45,210

people now ask me do you believe in

831

00:36:49,609 --> 00:36:47,489

aliens and i say no i don't i know i

832

00:36:51,440 --> 00:36:49,619

know there's aliens and another here

833

00:36:53,870 --> 00:36:51,450

because i've talked to too many people

834

00:36:57,200 --> 00:36:53,880

have too many stories even if half of

835

00:37:00,799 --> 00:36:57,210

them were somehow another pathological

836

00:37:02,390 --> 00:37:00,809

or just crazy or just making stuff up or

837

00:37:04,339 --> 00:37:02,400

just trying to make a name for

838

00:37:07,219 --> 00:37:04,349

themselves you know and you scrub half

839

00:37:09,979 --> 00:37:07,229

of miss Tilly's half that's legit and

840

00:37:12,049 --> 00:37:09,989

that would be thousands of cases so you

841

00:37:13,549 --> 00:37:12,059

know of course yeah there's something

842

00:37:14,029 --> 00:37:13,559

going on and we're not being told about

843

00:37:16,099 --> 00:37:14,039

it

844

00:37:18,559 --> 00:37:16,109

which is one of my big gripes because

845

00:37:19,940 --> 00:37:18,569

being a newsman I want the truth I want

846

00:37:23,150 --> 00:37:19,950

to know the truth about everything if

847

00:37:25,519 --> 00:37:23,160

it's good bad I'm sorry but it's okay if

848

00:37:27,829 --> 00:37:25,529

the Mafia's running the country you know

849

00:37:30,589 --> 00:37:27,839

okay so be it if everybody knows that

850

00:37:33,109 --> 00:37:30,599

and accepts that then Who am I to say

851

00:37:34,759 --> 00:37:33,119

anything okay so you know but I just

852

00:37:36,709 --> 00:37:34,769

want to know I will know the truth I

853

00:37:38,719 --> 00:37:36,719

don't know who are they and why they're

854

00:37:40,670 --> 00:37:38,729

here were they doing pretty well

855

00:37:42,060 --> 00:37:40,680

answered a lot of that in my book alien

856

00:37:45,690 --> 00:37:42,070

agenda

857

00:37:48,150 --> 00:37:45,700

and I think there's there's other things

858

00:37:51,270 --> 00:37:48,160

going on today that point to the you

859

00:37:54,840 --> 00:37:51,280

know they when there's old space launch

860

00:37:56,640 --> 00:37:54,850

and it's apparently not secret and maybe

861

00:37:59,130 --> 00:37:56,650

not military like just putting up

862

00:38:01,470 --> 00:37:59,140

communication satellite it seems to go

863

00:38:03,330 --> 00:38:01,480

off without a hitch but then like on the

864

00:38:04,800 --> 00:38:03,340

Falcon 9 when their experiment and

865

00:38:08,370 --> 00:38:04,810

trying to put their own stuff up there

866

00:38:10,800 --> 00:38:08,380

and when or like the Titan 4 when

867

00:38:13,770 --> 00:38:10,810

they're trying to put a military package

868

00:38:15,690 --> 00:38:13,780

under space all of a sudden these things

869

00:38:18,750 --> 00:38:15,700

they go off course they disappear they

870

00:38:21,450 --> 00:38:18,760

blow up you know it's like again it's

871

00:38:24,360 --> 00:38:21,460

almost like we're being quarantined hmm

872

00:38:26,190 --> 00:38:24,370

Wow yeah and have you heard about this

873

00:38:29,400 --> 00:38:26,200

is a recent it's recently out in the

874

00:38:31,890 --> 00:38:29,410

news that they found this with if all

875

00:38:34,140 --> 00:38:31,900

the way back in 1973 in Romania they

876

00:38:37,410 --> 00:38:34,150

found this thing that looks like a tool

877

00:38:39,840 --> 00:38:37,420

or some type of like I saw that yeah all

878

00:38:43,860 --> 00:38:39,850

that looked like some looks like some

879

00:38:45,690 --> 00:38:43,870

kind of early axe head you know and it's

880

00:38:47,370 --> 00:38:45,700

I don't know very strange but it

881

00:38:50,610 --> 00:38:47,380

certainly didn't look like a natural

882

00:38:53,520 --> 00:38:50,620

object and it's made out of 90% aluminum

883

00:38:54,960 --> 00:38:53,530

right which they didn't even have until

884

00:38:57,990 --> 00:38:54,970

200 years old

885

00:39:00,240 --> 00:38:58,000

begin yeah yeah the turn of the 1800s

886

00:39:01,830 --> 00:39:00,250

that's that's another thing about the

887

00:39:03,780 --> 00:39:01,840

Aurora spaceship crash which happened

888

00:39:06,510 --> 00:39:03,790

right here near me they have found

889

00:39:11,670 --> 00:39:06,520

pieces of molten aluminum near the crash

890

00:39:14,790 --> 00:39:11,680

site as late as 2013 and yet when I got

891

00:39:17,820 --> 00:39:14,800

onto that story and was interviewing mr.

892

00:39:20,040 --> 00:39:17,830

Oates who had lived there since the 19th

893

00:39:22,860 --> 00:39:20,050

early 1940s he said there had been no

894

00:39:24,690 --> 00:39:22,870

explosions then so it had to go back

895

00:39:28,020 --> 00:39:24,700

past this and this of course was the

896

00:39:29,940 --> 00:39:28,030

account given in 1897 said the silver

897

00:39:32,580 --> 00:39:29,950

cigar-shaped objects settled towards the

898

00:39:36,000 --> 00:39:32,590

earth hit the the windmill stand and

899

00:39:38,580 --> 00:39:36,010

blew up and scattered debris everywhere

900

00:39:40,560 --> 00:39:38,590

well they've tested these balls of

901
00:39:42,600 --> 00:39:40,570
aluminum that are embedded in the trees

902
00:39:45,150 --> 00:39:42,610
and the rocks indicating there was a

903
00:39:47,910 --> 00:39:45,160
tremendous explosion and they find that

904
00:39:50,250 --> 00:39:47,920
it's mostly aluminum but it is not quite

905
00:39:52,890 --> 00:39:50,260
the same composition as aluminum made

906
00:39:55,500 --> 00:39:52,900
today well that had me go back and check

907
00:39:58,440 --> 00:39:55,510
the history of aluminum in 1890

908
00:40:01,950 --> 00:39:58,450
and yes they had a little business but

909
00:40:04,530 --> 00:40:01,960
oh it costs more than gold that's right

910
00:40:07,020 --> 00:40:04,540
okay yeah and so the idea that they were

911
00:40:08,940 --> 00:40:07,030
using that for a hoax or using that to

912
00:40:10,650 --> 00:40:08,950
try to build some phony baloneys

913
00:40:12,840 --> 00:40:10,660

spaceship just doesn't make any sense at

914

00:40:14,400 --> 00:40:12,850

all so see we have all of this

915

00:40:16,650 --> 00:40:14,410

information we have all this knowledge

916

00:40:19,650 --> 00:40:16,660

but most people are not being told about

917

00:40:22,410 --> 00:40:19,660

it because the five corporations that

918

00:40:25,430 --> 00:40:22,420

control everything we see in here does

919

00:40:29,670 --> 00:40:25,440

not tell us these things hmm yeah now

920

00:40:33,500 --> 00:40:29,680

the Aurora crash they're supposedly they

921

00:40:36,600 --> 00:40:33,510

buried the body in in an unmarked grave

922

00:40:39,060 --> 00:40:36,610

well no it was marked at the end when I

923

00:40:41,250 --> 00:40:39,070

got on to the story in 1973 there was a

924

00:40:42,990 --> 00:40:41,260

little piece of a headstone still there

925

00:40:45,830 --> 00:40:43,000

and is real interesting Martin because

926

00:40:49,770 --> 00:40:45,840

picture this here you've got this little

927

00:40:52,470 --> 00:40:49,780

upside-down U shape heads down with a V

928

00:40:55,350 --> 00:40:52,480

across it laying outside with little

929

00:40:58,250 --> 00:40:55,360

circles in the middle like like a little

930

00:41:03,150 --> 00:40:58,260

saucer shaped object with portholes

931

00:41:05,070 --> 00:41:03,160

mm-hmm well but but we all wrote about

932

00:41:06,180 --> 00:41:05,080

it bill case for the Dallas Morning News

933

00:41:08,250 --> 00:41:06,190

wrote about it

934

00:41:10,560 --> 00:41:08,260

people started driving out there looking

935

00:41:12,780 --> 00:41:10,570

around so he put a police guard on the

936

00:41:16,500 --> 00:41:12,790

cemetery about Duke for about two weeks

937

00:41:17,820 --> 00:41:16,510

and the town marshal would would sit out

938

00:41:20,120 --> 00:41:17,830

there during the day and then at night

939

00:41:22,860 --> 00:41:20,130

at Wise County Sheriff Deputy would

940

00:41:24,420 --> 00:41:22,870

patrol along there and so that went long

941

00:41:26,610 --> 00:41:24,430

for about two weeks and then the very

942

00:41:28,770 --> 00:41:26,620

night that they pull the police guard

943

00:41:30,090 --> 00:41:28,780

the little headstone went missing and

944

00:41:33,540 --> 00:41:30,100

hasn't been seen since

945

00:41:36,920 --> 00:41:33,550

yeah well probably you know it did but

946

00:41:40,020 --> 00:41:36,930

they won't allow the body to be exhumed

947

00:41:42,210 --> 00:41:40,030

no no at the tent well number one I

948

00:41:43,860 --> 00:41:42,220

don't think it's even there I think the

949

00:41:46,500 --> 00:41:43,870

government's already assumed didn't many

950

00:41:51,620 --> 00:41:46,510

years ago so we're not missing anything

951
00:41:54,180 --> 00:41:51,630
but and in fact it's late again at 73

952
00:41:56,280 --> 00:41:54,190
bill case had a metal detector and we

953
00:41:58,650 --> 00:41:56,290
went over the little short grave and we

954
00:42:01,020 --> 00:41:58,660
found readings of dirt one near the

955
00:42:03,120 --> 00:42:01,030
headstone and two towards the middle and

956
00:42:05,250 --> 00:42:03,130
I remember laughing and saying yeah

957
00:42:08,070 --> 00:42:05,260
that's probably his tricorder and you

958
00:42:11,550 --> 00:42:08,080
know that thing they use in Star Trek

959
00:42:14,370 --> 00:42:11,560
and we left and then after the headstone

960
00:42:16,980 --> 00:42:14,380
went missing from case he said meet me

961
00:42:20,010 --> 00:42:16,990
up in Aurora so I went up to Aurora and

962
00:42:21,660 --> 00:42:20,020
he got his metal detector out we went

963
00:42:25,080 --> 00:42:21,670

back over the grave and there was no

964

00:42:26,550 --> 00:42:25,090

readings and I said whoa what happened

965

00:42:28,830 --> 00:42:26,560

here because it was quite obvious that

966

00:42:31,560 --> 00:42:28,840

the whole grave had not been disinterred

967

00:42:33,570 --> 00:42:31,570

so we got on our hands and knees and we

968

00:42:35,310 --> 00:42:33,580

found three little holes one up here

969

00:42:37,440 --> 00:42:35,320

where the headstone been and two right

970

00:42:42,300 --> 00:42:37,450

in the center right where we had located

971

00:42:43,770 --> 00:42:42,310

the metal detection and I said man

972

00:42:46,110 --> 00:42:43,780

somebody used some sophisticated

973

00:42:49,470 --> 00:42:46,120

equipment came in here loaded located

974

00:42:52,050 --> 00:42:49,480

those those metal objects and then used

975

00:42:54,060 --> 00:42:52,060

like a core sampler or something to go

976
00:42:56,370 --> 00:42:54,070
down in there and just extract that out

977
00:42:57,980 --> 00:42:56,380
of that gray I said who you think did

978
00:43:00,540 --> 00:42:57,990
that you think that was the UFO

979
00:43:02,790 --> 00:43:00,550
researchers and he said no and I didn't

980
00:43:04,620 --> 00:43:02,800
either he said I think it was the

981
00:43:06,900 --> 00:43:04,630
government and I did too

982
00:43:09,840 --> 00:43:06,910
well so they've known they've known

983
00:43:13,410 --> 00:43:09,850
since 1897 that we're not alone but

984
00:43:15,030 --> 00:43:13,420
they've kept it from us now so I want to

985
00:43:18,630 --> 00:43:15,040
talk to you about the government here in

986
00:43:22,230 --> 00:43:18,640
a second but there was some speculation

987
00:43:24,960 --> 00:43:22,240
that that was a small dirigible - I've

988
00:43:27,870 --> 00:43:24,970

heard that but again aluminum I know

989

00:43:30,750 --> 00:43:27,880

about aluminum as far as it was

990

00:43:33,650 --> 00:43:30,760

extremely expensive like I've mentioned

991

00:43:36,330 --> 00:43:33,660

before and it would make friends but

992

00:43:37,860 --> 00:43:36,340

head well as far as the dirt ripple goes

993

00:43:39,600 --> 00:43:37,870

keep in mind that I went back and

994

00:43:42,840 --> 00:43:39,610

checked and found out that the you know

995

00:43:44,880 --> 00:43:42,850

we've had balloons for a long time that

996

00:43:47,010 --> 00:43:44,890

balloons during the Civil War where it

997

00:43:48,690 --> 00:43:47,020

was but but they were all tethered okay

998

00:43:49,950 --> 00:43:48,700

they'd crank them up and then yeah

999

00:43:53,640 --> 00:43:49,960

they'd go out there so they could just

1000

00:43:56,490 --> 00:43:53,650

scout the surrounding countryside but as

1001

00:43:59,220 --> 00:43:56,500

far as powered balloon flight the first

1002

00:44:01,530 --> 00:43:59,230

recorded powered balloons flight was in

1003

00:44:04,140 --> 00:44:01,540

the same year as the Wright brothers

1004

00:44:07,590 --> 00:44:04,150

flying which would been 1903 I believe

1005

00:44:10,380 --> 00:44:07,600

so say there was nothing man-made in the

1006

00:44:12,330 --> 00:44:10,390

air in 1897 Wow

1007

00:44:14,540 --> 00:44:12,340

yeah during the Civil War those balloons

1008

00:44:17,220 --> 00:44:14,550

are really dangerous they'd blow up

1009

00:44:18,930 --> 00:44:17,230

right hydrogen I think they had in them

1010

00:44:21,360 --> 00:44:18,940

I can't remember what it was but well if

1011

00:44:24,180 --> 00:44:21,370

his hydrogen yeah they blow up as that's

1012

00:44:27,090 --> 00:44:24,190

why the Hindenburg blew up but now if

1013

00:44:28,920 --> 00:44:27,100

they used helium you can shoot him full

1014

00:44:31,350 --> 00:44:28,930

of holes and all they do is just slowly

1015

00:44:32,760 --> 00:44:31,360

settle back down to the earth yeah but

1016

00:44:34,470 --> 00:44:32,770

there were there were problems with the

1017

00:44:35,010 --> 00:44:34,480

balloons I remember hearing about that

1018

00:44:36,870 --> 00:44:35,020

missile

1019

00:44:38,370 --> 00:44:36,880

oh yeah well just all kinds of problems

1020

00:44:40,260 --> 00:44:38,380

you know they put one up and then the

1021

00:44:44,070 --> 00:44:40,270

wind had pick up and there it goes you

1022

00:44:45,690 --> 00:44:44,080

know yes in fact great steroids speak

1023

00:44:48,990 --> 00:44:45,700

the good science fiction stories I think

1024

00:44:51,060 --> 00:44:49,000

this is HG Wells - and I can't remember

1025

00:44:51,570 --> 00:44:51,070

the title of it 15 days in a balloon or

1026

00:44:53,730 --> 00:44:51,580

something like that

1027

00:44:56,640 --> 00:44:53,740

anyway it was a took place in the Civil

1028

00:45:00,420 --> 00:44:56,650

War and these these Yankees are trying

1029

00:45:01,920 --> 00:45:00,430

to escape prison camp and and then as a

1030

00:45:03,240 --> 00:45:01,930

couple of Confederates got caught with

1031

00:45:05,940 --> 00:45:03,250

them and they were all on this balloon

1032

00:45:08,100 --> 00:45:05,950

and they got swept away in this terrible

1033

00:45:09,900 --> 00:45:08,110

storm and ended up on this mysterious

1034

00:45:13,500 --> 00:45:09,910

island maybe that maybe that's the name

1035

00:45:15,050 --> 00:45:13,510

of it mysterious island anyway is a cool

1036

00:45:17,670 --> 00:45:15,060

story you know

1037

00:45:19,590 --> 00:45:17,680

alright well one of the things you heard

1038

00:45:22,770 --> 00:45:19,600

you mention a few times is the

1039

00:45:24,630 --> 00:45:22,780

government and I that's always been a

1040

00:45:26,970 --> 00:45:24,640

piece of the puzzle that's been a

1041

00:45:30,600 --> 00:45:26,980

mystery well there are so many mysteries

1042

00:45:32,610 --> 00:45:30,610

but another piece where I've wondered if

1043

00:45:35,450 --> 00:45:32,620

there is a part of the government that

1044

00:45:39,090 --> 00:45:35,460

really knows what's going on and how

1045

00:45:42,180 --> 00:45:39,100

compartmentalised is it and is need to

1046

00:45:45,080 --> 00:45:42,190

know and how do things get past say all

1047

00:45:49,920 --> 00:45:45,090

the way back from Roswell to current day

1048

00:45:53,760 --> 00:45:49,930

who are the guards of the the knowledge

1049

00:45:56,640 --> 00:45:53,770

of that have you ever looked into any of

1050

00:45:59,610 --> 00:45:56,650

that deeply oh yeah of course and that

1051
00:46:03,780 --> 00:45:59,620
brings us back to mj-12 if there is an

1052
00:46:06,780 --> 00:46:03,790
mj-12 who is mj-12 and mj-12 of course

1053
00:46:10,730 --> 00:46:06,790
was the small clique of people I think

1054
00:46:14,040 --> 00:46:10,740
that it's probably been run under the

1055
00:46:17,490 --> 00:46:14,050
technological Directorate of the Joint

1056
00:46:19,800 --> 00:46:17,500
Chiefs of Staff and at some point way

1057
00:46:23,940 --> 00:46:19,810
back there I think Eisenhower was

1058
00:46:28,230 --> 00:46:23,950
probably the last US president who more

1059
00:46:31,050 --> 00:46:28,240
fully understood the alien UFO question

1060
00:46:33,540 --> 00:46:31,060
kennedy was not able to get to the

1061
00:46:36,630 --> 00:46:33,550
questions and and and he knew

1062
00:46:39,450 --> 00:46:36,640
I in my book alien agenda I quote from a

1063
00:46:42,420 --> 00:46:39,460

guy named Bill Holden who was the

1064

00:46:45,840 --> 00:46:42,430

loadmaster for Air Force one and he told

1065

00:46:47,670 --> 00:46:45,850

me that in the summer of 1963 I believe

1066

00:46:49,530 --> 00:46:47,680

when they went to Europe and Kennedy

1067

00:46:52,620 --> 00:46:49,540

made his famous it could be a night and

1068

00:46:54,600 --> 00:46:52,630

bird in her speech you know that there

1069

00:46:56,250 --> 00:46:54,610

was kind of some stories about UFOs in

1070

00:46:58,080 --> 00:46:56,260

the European media and he said Kennedy

1071

00:47:00,390 --> 00:46:58,090

was actually pretty approachable and so

1072

00:47:02,940 --> 00:47:00,400

his went up James said mr. president he

1073

00:47:05,490 --> 00:47:02,950

says you know what do you think about

1074

00:47:08,390 --> 00:47:05,500

UFOs and all these stories like that and

1075

00:47:11,460 --> 00:47:08,400

he said Kennedy grew quite serious and

1076

00:47:14,040 --> 00:47:11,470

said quote I would like to tell the

1077

00:47:15,750 --> 00:47:14,050

public about the alien situation but my

1078

00:47:18,960 --> 00:47:15,760

hands are tied

1079

00:47:20,940 --> 00:47:18,970

whoa so even the even the president

1080

00:47:23,310 --> 00:47:20,950

knighted States may not have full access

1081

00:47:25,800 --> 00:47:23,320

to everything that's going on but hey

1082

00:47:27,600 --> 00:47:25,810

they they are now finally admitting that

1083

00:47:31,680 --> 00:47:27,610

the Pentagon well if you'll remember the

1084

00:47:33,630 --> 00:47:31,690

day before 9/11 Donald Rumsfeld publicly

1085

00:47:38,160 --> 00:47:33,640

stated that the Pentagon could not

1086

00:47:40,890 --> 00:47:38,170

account for 2.3 trillion dollars hmm

1087

00:47:43,740 --> 00:47:40,900

oops whoa that's more money than their

1088

00:47:47,610 --> 00:47:43,750

yearly budget for several years and now

1089

00:47:50,100 --> 00:47:47,620

today it's a past eight trillion dollars

1090

00:47:52,440 --> 00:47:50,110

now how does the government lose eight

1091

00:47:54,540 --> 00:47:52,450

trillion dollars and of course the fact

1092

00:47:57,990 --> 00:47:54,550

is they don't it went somewhere very

1093

00:48:01,170 --> 00:47:58,000

very secret and I suspect it went to the

1094

00:48:04,410 --> 00:48:01,180

spacely well to give us you can't even

1095

00:48:06,480 --> 00:48:04,420

fathom what a trillion dollars is but

1096

00:48:10,320 --> 00:48:06,490

now if you tell someone if they counted

1097

00:48:13,080 --> 00:48:10,330

day and night to 1 trillion it would

1098

00:48:15,260 --> 00:48:13,090

take them 32,000 years that kind of

1099

00:48:17,970 --> 00:48:15,270

gives you an idea of what a trillion is

1100

00:48:21,120 --> 00:48:17,980

exactly oh well gee yeah but I had it

1101
00:48:23,490 --> 00:48:21,130
when it came in right I don't know what

1102
00:48:25,620 --> 00:48:23,500
happened to it now this is so ridiculous

1103
00:48:27,690 --> 00:48:25,630
now and now who be handling all that

1104
00:48:30,630 --> 00:48:27,700
money ok it'd be flowing among the

1105
00:48:35,190 --> 00:48:30,640
defense contractors and you know the big

1106
00:48:37,470 --> 00:48:35,200
aircraft corporations and probably he

1107
00:48:40,740 --> 00:48:37,480
probably can be traced back to the

1108
00:48:43,350 --> 00:48:40,750
Clinton Foundation ok which mean Batson

1109
00:48:45,560 --> 00:48:43,360
could explain why she and her campaign

1110
00:48:47,180 --> 00:48:45,570
chairman John Podesta

1111
00:48:50,510 --> 00:48:47,190
actually made little comments about

1112
00:48:52,250 --> 00:48:50,520
space and about UFOs and you know maybe

1113
00:48:54,350 --> 00:48:52,260

we need to look into that because hey I

1114

00:48:55,910 --> 00:48:54,360

think they know and they know it's all

1115

00:48:58,250 --> 00:48:55,920

real and they don't want to look like

1116

00:49:01,100 --> 00:48:58,260

dummies when it finally all comes out so

1117

00:49:03,740 --> 00:49:01,110

they're making little you know plus if

1118

00:49:07,160 --> 00:49:03,750

you'll stop and think about it I would

1119

00:49:10,760 --> 00:49:07,170

think that the Liberals who are most are

1120

00:49:13,670 --> 00:49:10,770

who is the supporters of Clinton they're

1121

00:49:15,680 --> 00:49:13,680

probably more open to the idea of UFOs

1122

00:49:18,380 --> 00:49:15,690

and aliens then some of the staunch

1123

00:49:20,450 --> 00:49:18,390

conservatives so I think that was kind

1124

00:49:23,950 --> 00:49:20,460

of a cheap political ploy trying to

1125

00:49:26,330 --> 00:49:23,960

trying to garner more favor from their

1126

00:49:31,250 --> 00:49:26,340

constituents well I don't know that

1127

00:49:33,650 --> 00:49:31,260

started with here and well close by to

1128

00:49:37,760 --> 00:49:33,660

where I am in New Hampshire a reporter

1129

00:49:40,550 --> 00:49:37,770

asking Hillary you know about the UFO

1130

00:49:43,640 --> 00:49:40,560

issue right all right but you know John

1131

00:49:44,650 --> 00:49:43,650

Podesta has been interested in UFOs for

1132

00:49:47,360 --> 00:49:44,660

years

1133

00:49:49,460 --> 00:49:47,370

well whispers this way John Podesta has

1134

00:49:54,040 --> 00:49:49,470

been in control of that issue for many

1135

00:49:56,600 --> 00:49:54,050

years now you think so well yeah yeah

1136

00:49:58,640 --> 00:49:56,610

well again where do you think all those

1137

00:50:00,800 --> 00:49:58,650

trillions went to you know you think

1138

00:50:03,500 --> 00:50:00,810

they just you know just disappear I

1139

00:50:05,630 --> 00:50:03,510

don't think so yet go somewhere and

1140

00:50:07,430 --> 00:50:05,640

that's why they're still trying to get

1141

00:50:08,690 --> 00:50:07,440

Gary McKinnon back to this country

1142

00:50:11,300 --> 00:50:08,700

saying put him in prison

1143

00:50:13,010 --> 00:50:11,310

although the Pentagon has admitted that

1144

00:50:14,750 --> 00:50:13,020

yeah he hacked into the Pentagon

1145

00:50:17,420 --> 00:50:14,760

computers but he didn't really do any

1146

00:50:18,860 --> 00:50:17,430

harm okay so while they were trying to

1147

00:50:20,990 --> 00:50:18,870

get him back here and punishing because

1148

00:50:23,150 --> 00:50:21,000

when he got in Pentagon computers he

1149

00:50:24,830 --> 00:50:23,160

found the names of the officers and the

1150

00:50:27,280 --> 00:50:24,840

bases and the names of the ships that

1151

00:50:30,800 --> 00:50:27,290

compromised IRA Spacely

1152

00:50:33,470 --> 00:50:30,810

well yeah which which we're paying for

1153

00:50:35,900 --> 00:50:33,480

but they won't even acknowledge kind of

1154

00:50:37,730 --> 00:50:35,910

like chemtrails you know we're paying

1155

00:50:39,860 --> 00:50:37,740

they're undoubtedly using our tax money

1156

00:50:44,480 --> 00:50:39,870

to poison this but then they won't even

1157

00:50:48,620 --> 00:50:44,490

admit it's happening oh yeah now

1158

00:50:50,990 --> 00:50:48,630

supposedly he he was using just like I

1159

00:50:53,300 --> 00:50:51,000

want to say it I can't even remember

1160

00:50:56,570 --> 00:50:53,310

what you call when you have internet

1161

00:50:59,450 --> 00:50:56,580

over a phone line what's it called okay

1162

00:51:02,420 --> 00:50:59,460

I don't know how much information

1163

00:51:04,190 --> 00:51:02,430

he got into I know that there was some

1164

00:51:07,160 --> 00:51:04,200

undoctored pictures and things like that

1165

00:51:09,320 --> 00:51:07,170

but I didn't realize that the government

1166

00:51:12,500 --> 00:51:09,330

was still of the US government was still

1167

00:51:16,060 --> 00:51:12,510

after him are they role yet gary

1168

00:51:18,560 --> 00:51:16,070

mckinnon yeah well okay and I hear

1169

00:51:23,150 --> 00:51:18,570

connect the dots you know you go back to

1170

00:51:26,660 --> 00:51:23,160

the 33,000 missing emails the Duvall

1171

00:51:27,860 --> 00:51:26,670

Clinton also involved Podesta and it's

1172

00:51:29,780 --> 00:51:27,870

the only thing that's come out about

1173

00:51:33,110 --> 00:51:29,790

that is that some of that was highly

1174

00:51:36,320 --> 00:51:33,120

classified material including some even

1175

00:51:38,630 --> 00:51:36,330

special access was special access that's

1176

00:51:41,180 --> 00:51:38,640

that's even higher than top secret so

1177

00:51:43,700 --> 00:51:41,190

they had access to what was going on up

1178

00:51:46,280 --> 00:51:43,710

here okay and then you got all this

1179

00:51:48,770 --> 00:51:46,290

missing money and perhaps that's where

1180

00:51:55,070 --> 00:51:48,780

it was all being laundered and you know

1181

00:51:56,780 --> 00:51:55,080

it's we don't know because you know who

1182

00:51:59,480 --> 00:51:56,790

was it Obama said he was going to have a

1183

00:52:05,000 --> 00:51:59,490

transparent presidency well I guess he

1184

00:52:06,380 --> 00:52:05,010

has because I see right through him but

1185

00:52:07,490 --> 00:52:06,390

he hadn't told us anything and neither

1186

00:52:10,280 --> 00:52:07,500

does anybody else

1187

00:52:12,950 --> 00:52:10,290

yeah I think I think any president that

1188

00:52:14,630 --> 00:52:12,960

gets there in there is up against well

1189

00:52:18,320 --> 00:52:14,640

they they have their hands full to begin

1190

00:52:21,230 --> 00:52:18,330

with but I think they're all up against

1191

00:52:24,110 --> 00:52:21,240

a brick wall when it comes to you know

1192

00:52:26,300 --> 00:52:24,120

revealing certain things so yeah so what

1193

00:52:28,850 --> 00:52:26,310

you're saying is and I totally agree

1194

00:52:31,760 --> 00:52:28,860

is that the president United States the

1195

00:52:35,690 --> 00:52:31,770

leader of the free world is actually not

1196

00:52:37,670 --> 00:52:35,700

charged and things are not going to get

1197

00:52:40,430 --> 00:52:37,680

better until we start figuring out who

1198

00:52:42,200 --> 00:52:40,440

truly is in charge and how to get some

1199

00:52:44,290 --> 00:52:42,210

leverage over I'm getting do things that

1200

00:52:47,480 --> 00:52:44,300

are in our inch is not their interest

1201

00:52:51,470 --> 00:52:47,490

yeah yeah for sure

1202

00:52:54,920 --> 00:52:51,480

now getting back to the money the black

1203

00:52:58,190 --> 00:52:54,930

projects or whatever that were some of

1204

00:53:00,620 --> 00:52:58,200

that those trillions went to there's a

1205

00:53:02,390 --> 00:53:00,630

lot of people talking about the all the

1206

00:53:04,520 --> 00:53:02,400

black triangles they see today and they

1207

00:53:09,620 --> 00:53:04,530

are speculating that their secret

1208

00:53:11,390 --> 00:53:09,630

government you know aircraft you know I

1209

00:53:14,020 --> 00:53:11,400

don't know I have mixed feelings about

1210

00:53:16,210 --> 00:53:14,030

that because I just can't see how

1211

00:53:18,790 --> 00:53:16,220

something that could be kept so secret

1212

00:53:21,500 --> 00:53:18,800

but what are your thoughts on that well

1213

00:53:23,240 --> 00:53:21,510

I know I tend to think there's some

1214

00:53:27,200 --> 00:53:23,250

validity that I mean we already know

1215

00:53:29,810 --> 00:53:27,210

about the Blackbird and sr1 various

1216

00:53:31,940 --> 00:53:29,820

things like that but that they for a

1217

00:53:35,030 --> 00:53:31,950

long time they said didn't exist and now

1218

00:53:36,470 --> 00:53:35,040

that met the other exists and I can't

1219

00:53:40,180 --> 00:53:36,480

remember now they've actually come out

1220

00:53:43,190 --> 00:53:40,190

and and admitted to the the suborbital

1221

00:53:47,150 --> 00:53:43,200

ship the Aurora they call the Aurora

1222

00:53:48,770 --> 00:53:47,160

interestingly enough but everyone's

1223

00:53:50,270 --> 00:53:48,780

pretty well acknowledging aviation

1224

00:53:52,430 --> 00:53:50,280

experts already know that yeah that's

1225

00:53:56,270 --> 00:53:52,440

there yeah we do have secret government

1226

00:53:58,310 --> 00:53:56,280

test craft okay but see don't don't fall

1227

00:54:00,410 --> 00:53:58,320

into the trap of saying that because now

1228

00:54:01,910 --> 00:54:00,420

we have some secret government test

1229

00:54:03,170 --> 00:54:01,920

craft at everything that everybody's

1230

00:54:05,000 --> 00:54:03,180

seen all through the years has been

1231

00:54:08,150 --> 00:54:05,010

secret government test craft because I

1232

00:54:11,840 --> 00:54:08,160

guarantee in 1897 we didn't have any

1233

00:54:13,670 --> 00:54:11,850

secret government test craft so you know

1234

00:54:16,040 --> 00:54:13,680

there's something else going on in

1235

00:54:18,800 --> 00:54:16,050

addition to that but yes and that's

1236

00:54:23,930 --> 00:54:18,810

entirely possible that's why when you do

1237

00:54:26,840 --> 00:54:23,940

have something like the official UFO

1238

00:54:29,180 --> 00:54:26,850

investigation like Blue Book that's easy

1239

00:54:31,250 --> 00:54:29,190

for them say oh well that was a secret

1240

00:54:33,020 --> 00:54:31,260

government test craft and then there

1241

00:54:34,820 --> 00:54:33,030

everybody goes oh okay and that's in

1242

00:54:36,500 --> 00:54:34,830

that well maybe it was maybe it wasn't

1243

00:54:38,680 --> 00:54:36,510

we don't really know but that's a good

1244

00:54:42,590 --> 00:54:38,690

way to keep the whole thing covered up

1245

00:54:45,400 --> 00:54:42,600

did you ever look into the Stephenville

1246

00:54:49,220 --> 00:54:45,410

is it Stevensville is even Vil its

1247

00:54:52,160 --> 00:54:49,230

Stephenville do ya I did and that one

1248

00:54:54,170 --> 00:54:52,170

that one is a great one pia really need

1249

00:54:56,450 --> 00:54:54,180

to concentrate on that one because here

1250

00:54:59,840 --> 00:54:56,460

we had one night they had multiple

1251
00:55:02,860 --> 00:54:59,850
sightings of these long slow flying huge

1252
00:55:05,450 --> 00:55:02,870
objects maybe a mile wide you know and

1253
00:55:07,580 --> 00:55:05,460
that very night the local median

1254
00:55:10,310 --> 00:55:07,590
dallas-fort Worth actually did their job

1255
00:55:11,720 --> 00:55:10,320
and they called up the military and said

1256
00:55:13,730 --> 00:55:11,730
you know you guys got anything in the

1257
00:55:14,900 --> 00:55:13,740
air and there are going no no not us we

1258
00:55:17,180 --> 00:55:14,910
don't have anything in the air you know

1259
00:55:19,850 --> 00:55:17,190
so it kind of got to be a pretty big

1260
00:55:21,770 --> 00:55:19,860
dealing for the first time again on the

1261
00:55:24,290 --> 00:55:21,780
major news programs instead of

1262
00:55:26,290 --> 00:55:24,300
snickering and saying well farmer Jones

1263
00:55:29,030 --> 00:55:26,300

city saw some out

1264

00:55:31,190 --> 00:55:29,040

no.9 land rolling their eyes you know

1265

00:55:32,750 --> 00:55:31,200

like they had been for years they

1266

00:55:35,480 --> 00:55:32,760

actually took it seriously and begin to

1267

00:55:38,600 --> 00:55:35,490

report on what was going on and then the

1268

00:55:40,580 --> 00:55:38,610

thing that really kills me is about two

1269

00:55:42,620 --> 00:55:40,590

weeks later now they come on with a

1270

00:55:46,690 --> 00:55:42,630

program saying the military says that

1271

00:55:49,940 --> 00:55:46,700

well actually we had something like 24

1272

00:55:52,700 --> 00:55:49,950

f-16s in the area flying around you know

1273

00:55:55,010 --> 00:55:52,710

on some kind of exercise and I just

1274

00:55:56,960 --> 00:55:55,020

about choked right there if you'll think

1275

00:55:59,480 --> 00:55:56,970

back to the morning of 9/11 when we were

1276
00:56:02,000 --> 00:55:59,490
actually under attack and they sent two

1277
00:56:05,330 --> 00:56:02,010
squadrons of f6 teams those two

1278
00:56:07,640 --> 00:56:05,340
squadrons were to each for is the most

1279
00:56:09,410 --> 00:56:07,650
they could get together and then trying

1280
00:56:11,150 --> 00:56:09,420
to tell us they had two dozen flying

1281
00:56:13,400 --> 00:56:11,160
around in Texas on the night of the

1282
00:56:16,790 --> 00:56:13,410
sightings of the Stephenville it's just

1283
00:56:19,490 --> 00:56:16,800
more lies and smoke screens you know

1284
00:56:21,410 --> 00:56:19,500
they just will not tell us the truth of

1285
00:56:23,720 --> 00:56:21,420
what's going on do you know if that's

1286
00:56:26,600 --> 00:56:23,730
ever been a lot of you know some major

1287
00:56:27,980 --> 00:56:26,610
sightings they say you know repeat like

1288
00:56:30,200 --> 00:56:27,990

the Phoenix lights and things like that

1289

00:56:33,110 --> 00:56:30,210

right has even they'll ever been

1290

00:56:35,240 --> 00:56:33,120

repeated absolutely absolutely it

1291

00:56:36,740 --> 00:56:35,250

continued on after the news died away

1292

00:56:39,050 --> 00:56:36,750

and about a year later there were more

1293

00:56:40,640 --> 00:56:39,060

going through there over there yeah and

1294

00:56:42,470 --> 00:56:40,650

it's the same thing with the Phoenix

1295

00:56:44,540 --> 00:56:42,480

lights you know when most people

1296

00:56:47,000 --> 00:56:44,550

especially the UFO researchers they all

1297

00:56:51,530 --> 00:56:47,010

know about the Phoenix flyover of I

1298

00:56:55,400 --> 00:56:51,540

think that was what 1995 97 97 thank you

1299

00:56:57,770 --> 00:56:55,410

and but then Baton nobody pays attention

1300

00:56:59,870 --> 00:56:57,780

to that you're after they came back your

1301
00:57:01,550 --> 00:56:59,880
after that came back you know it's not

1302
00:57:05,390 --> 00:57:01,560
the only time this thing's flown over

1303
00:57:06,920 --> 00:57:05,400
Phoenix yeah no but see people people

1304
00:57:09,230 --> 00:57:06,930
don't know that because they're not told

1305
00:57:11,690 --> 00:57:09,240
that by the corporate mass media so they

1306
00:57:14,000 --> 00:57:11,700
just think well this just does not thing

1307
00:57:17,480 --> 00:57:14,010
but it was probably military flares like

1308
00:57:20,630 --> 00:57:17,490
they said now one of the yeah right and

1309
00:57:23,150 --> 00:57:20,640
one of the things that I always question

1310
00:57:27,580 --> 00:57:23,160
I can't get my head around it and that

1311
00:57:32,030 --> 00:57:27,590
is why are there hot spots why would one

1312
00:57:33,950 --> 00:57:32,040
say one ship be over Phoenix and then

1313
00:57:37,100 --> 00:57:33,960

you know a year later the same ship over

1314

00:57:39,320 --> 00:57:37,110

Phoenix you know what I mean uh-huh well

1315

00:57:40,130 --> 00:57:39,330

I gave it I can give you two words white

1316

00:57:44,590 --> 00:57:40,140

lines

1317

00:57:48,470 --> 00:57:44,600

hmm the energy grid they are powered and

1318

00:57:51,500 --> 00:57:48,480

apparently track along the ley lines the

1319

00:57:55,430 --> 00:57:51,510

energy grid that encompasses the world

1320

00:57:57,200 --> 00:57:55,440

and so that's why they tend to come over

1321

00:58:02,810 --> 00:57:57,210

the same areas if it's a particularly

1322

00:58:05,900 --> 00:58:02,820

hot ley line intersection recently the

1323

00:58:10,310 --> 00:58:05,910

there was a an announcement from NASA

1324

00:58:13,880 --> 00:58:10,320

that the Hubble had done a 20-year

1325

00:58:16,640 --> 00:58:13,890

research on of the amount of galaxies

1326

00:58:20,360 --> 00:58:16,650

and it appears it was about between 10

1327

00:58:24,800 --> 00:58:20,370

and 20 times more than they thought up

1328

00:58:27,710 --> 00:58:24,810

to 2 trillion galaxies so with that in

1329

00:58:29,480 --> 00:58:27,720

mind I mean the possibility of life out

1330

00:58:33,620 --> 00:58:29,490

there not on just on planets been on

1331

00:58:36,920 --> 00:58:33,630

moons as well oh it is multiplies

1332

00:58:38,680 --> 00:58:36,930

exponentially right right but I mean the

1333

00:58:45,050 --> 00:58:38,690

question is why would we be so unique

1334

00:58:47,510 --> 00:58:45,060

that we would be visited I guess that

1335

00:58:50,990 --> 00:58:47,520

way often right and I think the answer

1336

00:58:53,150 --> 00:58:51,000

is and probably we're not we're just

1337

00:58:56,140 --> 00:58:53,160

unique because we're the only ones we

1338

00:58:59,450 --> 00:58:56,150

know and so we think we're pretty hot

1339

00:59:02,930 --> 00:58:59,460

right but I mean what why would we be

1340

00:59:05,150 --> 00:59:02,940

visited instead of other light bearing

1341

00:59:07,430 --> 00:59:05,160

planets are they being visited - I mean

1342

00:59:10,910 --> 00:59:07,440

that's well it depends on what stage

1343

00:59:12,890 --> 00:59:10,920

you're at if you're at a stage where you

1344

00:59:16,610 --> 00:59:12,900

I have already entered into the

1345

00:59:18,830 --> 00:59:16,620

intergalactic Federation brotherhood

1346

00:59:21,080 --> 00:59:18,840

whatever you want to call it okay then

1347

00:59:23,630 --> 00:59:21,090

yeah chances are they come and go and

1348

00:59:25,400 --> 00:59:23,640

there's you know probably have scenes

1349

00:59:27,290 --> 00:59:25,410

like in Star Wars where you have all

1350

00:59:30,410 --> 00:59:27,300

these different races you know mixing at

1351

00:59:35,180 --> 00:59:30,420

the spaceship bar or something but then

1352

00:59:37,730 --> 00:59:35,190

if they are even more primitive than the

1353

00:59:39,770 --> 00:59:37,740

earth is and just number one how do you

1354

00:59:42,860 --> 00:59:39,780

determine where the earth is now anyway

1355

00:59:44,120 --> 00:59:42,870

if I come to your house you've got

1356

00:59:49,670 --> 00:59:44,130

running

1357

00:59:51,510 --> 00:59:49,680

and heating and air conditioning and

1358

00:59:54,510 --> 00:59:51,520

nice furniture and

1359

00:59:57,270 --> 00:59:54,520

oh hey you're top of the head on top of

1360

01:00:00,000 --> 00:59:57,280

line but if I was to go to certain parts

1361

01:00:03,090 --> 01:00:00,010

of India or Africa or Asia you know and

1362

01:00:05,880 --> 01:00:03,100

find people living in mud huts still

1363

01:00:09,150 --> 01:00:05,890

trying to warm water over a fire you

1364

01:00:11,730 --> 01:00:09,160

know that again the earth is just not

1365

01:00:13,770 --> 01:00:11,740

we're just not one homogeneous world

1366

01:00:16,380 --> 01:00:13,780

we're a whole collection of different

1367

01:00:19,950 --> 01:00:16,390

species and at different stages of

1368

01:00:21,780 --> 01:00:19,960

evolution so I don't know I guess you'd

1369

01:00:23,640 --> 01:00:21,790

answer your question it depends on what

1370

01:00:26,490 --> 01:00:23,650

stage of the evolution the planets own

1371

01:00:28,310 --> 01:00:26,500

if they're very very primitive very very

1372

01:00:31,020 --> 01:00:28,320

backwards then I think you would be

1373

01:00:33,600 --> 01:00:31,030

interfering with their natural progress

1374

01:00:35,370 --> 01:00:33,610

by showing yourself and by trying to

1375

01:00:38,160 --> 01:00:35,380

interact you know with this other

1376

01:00:39,780 --> 01:00:38,170

species whereas on the other hand if you

1377

01:00:41,430 --> 01:00:39,790

leave them alone quarantine them and

1378

01:00:44,580 --> 01:00:41,440

just leave them to their own devices

1379

01:00:46,710 --> 01:00:44,590

then maybe perhaps maybe with a gentle

1380

01:00:49,230 --> 01:00:46,720

nudge now and then you can push them on

1381

01:00:50,820 --> 01:00:49,240

up the evolutionary ladder and get them

1382

01:00:55,080 --> 01:00:50,830

to the point to where they could be part

1383

01:00:56,580 --> 01:00:55,090

of the intergalactic family hmm yeah you

1384

01:00:59,490 --> 01:00:56,590

know one of the things that we need to

1385

01:01:01,890 --> 01:00:59,500

talk about being seated you know that's

1386

01:01:03,810 --> 01:01:01,900

always a that's always been a thought of

1387

01:01:07,650 --> 01:01:03,820

myung a possibility of course that that

1388

01:01:10,260 --> 01:01:07,660

could be but also is it just intelligent

1389

01:01:14,010 --> 01:01:10,270

life that's seated or could part of the

1390

01:01:16,670 --> 01:01:14,020

animal kingdom be seated as well I mean

1391

01:01:20,790 --> 01:01:16,680

if we were an experiment they probably

1392

01:01:22,110 --> 01:01:20,800

you know well you know who knows what it

1393

01:01:24,210 --> 01:01:22,120

makes sense if you're going to come down

1394

01:01:27,030 --> 01:01:24,220

here and seed with some intelligent

1395

01:01:28,850 --> 01:01:27,040

primitive life and why not throw in a

1396

01:01:32,430 --> 01:01:28,860

few animals you know that might prove

1397

01:01:35,880 --> 01:01:32,440

productive or helpful you know yeah as

1398

01:01:38,520 --> 01:01:35,890

long as it didn't eat the yeah yeah yeah

1399

01:01:42,020 --> 01:01:38,530

you know getting back to mj-12 you

1400

01:01:44,160 --> 01:01:42,030

mentioned earlier I have kind of a

1401

01:01:48,330 --> 01:01:44,170

deflated announcement to make and that

1402

01:01:49,800 --> 01:01:48,340

is a several months ago I had been at an

1403

01:01:52,410 --> 01:01:49,810

auction gallery a friend of mine owns

1404

01:01:54,330 --> 01:01:52,420

and he told me he had some papers when

1405

01:01:56,000 --> 01:01:54,340

he found out that I did a show on UFOs

1406

01:01:59,790 --> 01:01:56,010

he had some papers for me to look at

1407

01:02:02,640 --> 01:01:59,800

that belonged to a CIA retired CIA agent

1408

01:02:04,890 --> 01:02:02,650

who passed away and he showed them to me

1409

01:02:09,960 --> 01:02:04,900

and they were the mj-12 documents a copy

1410

01:02:11,940 --> 01:02:09,970

ah but so I ended up speaking uh well I

1411

01:02:15,960 --> 01:02:11,950

didn't speak but my friend spoke with

1412

01:02:18,600 --> 01:02:15,970

the son of the man and asked why he

1413

01:02:21,080 --> 01:02:18,610

thought his father might have those you

1414

01:02:25,260 --> 01:02:21,090

know being in the CIA and all that and

1415

01:02:27,240 --> 01:02:25,270

the answer was kind of a you know no

1416

01:02:30,330 --> 01:02:27,250

answer at all like he had no idea the

1417

01:02:32,940 --> 01:02:30,340

papers were there and he had no idea why

1418

01:02:34,320 --> 01:02:32,950

his father would have them and as far as

1419

01:02:36,330 --> 01:02:34,330

he knew his father didn't have any

1420

01:02:40,380 --> 01:02:36,340

interest in UFOs that's the only answer

1421

01:02:42,300 --> 01:02:40,390

I can give the listening audience so it

1422

01:02:44,160 --> 01:02:42,310

could just be that he had some type of

1423

01:02:48,510 --> 01:02:44,170

passing interest or someone sent them to

1424

01:02:51,780 --> 01:02:48,520

him who knows I know that the real

1425

01:02:53,400 --> 01:02:51,790

controversial those papers anyway so it

1426
01:02:55,290 --> 01:02:53,410
might have been something circulating

1427
01:02:57,120 --> 01:02:55,300
around well yeah it's just controversial

1428
01:02:58,950 --> 01:02:57,130
because you know it's easy enough for

1429
01:03:01,500 --> 01:02:58,960
somebody and authorities to say all

1430
01:03:02,850 --> 01:03:01,510
that's not true you know and and that's

1431
01:03:03,900 --> 01:03:02,860
the nature of cover-up that's how

1432
01:03:05,490 --> 01:03:03,910
they've covered up to Kennedy

1433
01:03:07,170 --> 01:03:05,500
assassination that's how they covered up

1434
01:03:10,260 --> 01:03:07,180
9/11 that's how they've covered up any

1435
01:03:12,900 --> 01:03:10,270
number of scandals and corruptions and

1436
01:03:14,820 --> 01:03:12,910
stuff it's like Napoleon said it's

1437
01:03:17,910 --> 01:03:14,830
unnecessary to bury the truth only

1438
01:03:20,700 --> 01:03:17,920

necessary to obscure it until nobody

1439

01:03:22,680 --> 01:03:20,710

cares and that's what they've done they

1440

01:03:24,240 --> 01:03:22,690

just you know come up with a theory and

1441

01:03:26,610 --> 01:03:24,250

a counter theory and a charge and

1442

01:03:28,410 --> 01:03:26,620

counter-charge until the average person

1443

01:03:29,490 --> 01:03:28,420

just shakes her head and goes out and I

1444

01:03:30,960 --> 01:03:29,500

don't want to hear any more about that

1445

01:03:33,930 --> 01:03:30,970

do you think this would happen with

1446

01:03:36,240 --> 01:03:33,940

Roswell would you say yeah exactly

1447

01:03:38,400 --> 01:03:36,250

that's why they had cover story on top

1448

01:03:41,400 --> 01:03:38,410

of cover story with some backup cover

1449

01:03:43,710 --> 01:03:41,410

stories I know some years ago a friend

1450

01:03:46,310 --> 01:03:43,720

of mine published a book but the truth

1451
01:03:49,800 --> 01:03:46,320
of Roswell and he had met an old couple

1452
01:03:52,500 --> 01:03:49,810
who had worked there at the time and

1453
01:03:54,890 --> 01:03:52,510
they told him this incredible tale about

1454
01:03:56,790 --> 01:03:54,900
how that it was a bunch of Japanese

1455
01:03:58,830 --> 01:03:56,800
prisoners or something like that

1456
01:04:01,080 --> 01:03:58,840
with their heads shaven and that they

1457
01:04:03,530 --> 01:04:01,090
put in this capsule there's been an

1458
01:04:07,500 --> 01:04:03,540
accident it caught fire I don't know

1459
01:04:10,110 --> 01:04:07,510
this whole weird story and you know and

1460
01:04:12,840 --> 01:04:10,120
it just didn't it didn't jibe with

1461
01:04:15,000 --> 01:04:12,850
anything that I knew about Roswell but

1462
01:04:16,620 --> 01:04:15,010
it was a fascinating story and so you

1463
01:04:18,480 --> 01:04:16,630

know I went to my friend I said you know

1464

01:04:20,310 --> 01:04:18,490

you met these people yeah

1465

01:04:21,900 --> 01:04:20,320

do you think they were line tea no no I

1466

01:04:23,220 --> 01:04:21,910

think there were credible people and

1467

01:04:25,050 --> 01:04:23,230

after talking with him for a while I

1468

01:04:27,599 --> 01:04:25,060

decided okay I think maybe they were

1469

01:04:29,430 --> 01:04:27,609

credible people so what's going on well

1470

01:04:31,320 --> 01:04:29,440

I just kept digging further and I said

1471

01:04:33,660 --> 01:04:31,330

look does either one of these people did

1472

01:04:35,430 --> 01:04:33,670

they have direct knowledge of what

1473

01:04:38,400 --> 01:04:35,440

they're telling you about and he thought

1474

01:04:43,890 --> 01:04:38,410

for many he said well no they were told

1475

01:04:46,829 --> 01:04:43,900

this other superiors aha so see somebody

1476

01:04:49,710 --> 01:04:46,839

way back there they discover story on

1477

01:04:52,680 --> 01:04:49,720

this couple knowing that in their dotage

1478

01:04:55,440 --> 01:04:52,690

they would probably finally come out and

1479

01:04:58,800 --> 01:04:55,450

tell the story which was just add more

1480

01:05:02,250 --> 01:04:58,810

controversy another another theory if

1481

01:05:04,200 --> 01:05:02,260

you will and it would help cover the

1482

01:05:07,349 --> 01:05:04,210

truth of and that's how it works

1483

01:05:10,170 --> 01:05:07,359

I sometimes wonder you know a their's

1484

01:05:13,980 --> 01:05:10,180

like a hundred years from now if we

1485

01:05:16,290 --> 01:05:13,990

still don't know for sure we still have

1486

01:05:20,640 --> 01:05:16,300

no proof that we're being visited as we

1487

01:05:23,760 --> 01:05:20,650

have today no real proof a hundred years

1488

01:05:25,530 --> 01:05:23,770

from now what will Roswell be like is it

1489

01:05:28,320 --> 01:05:25,540

you know is it just going to be right

1490

01:05:32,130 --> 01:05:28,330

now it's kind of a you know it's a fair

1491

01:05:33,390 --> 01:05:32,140

during every July 4th right and and even

1492

01:05:36,750 --> 01:05:33,400

and even during the rest of the year

1493

01:05:39,180 --> 01:05:36,760

yeah when I first went to Roswell it was

1494

01:05:41,609 --> 01:05:39,190

just a sleepy little New Mexico town and

1495

01:05:44,280 --> 01:05:41,619

it's a lot smaller than most people

1496

01:05:45,900 --> 01:05:44,290

think and most of the people I talked to

1497

01:05:48,240 --> 01:05:45,910

they didn't care and they even want to

1498

01:05:50,070 --> 01:05:48,250

talk about UFOs or flying saucers you

1499

01:05:51,960 --> 01:05:50,080

know in fact a lot of them are going

1500

01:05:53,940 --> 01:05:51,970

eyes nothing to it nothing to it because

1501

01:05:55,020 --> 01:05:53,950

they don't want you know it's kind of

1502

01:05:56,339 --> 01:05:55,030

like where I live out here in rural

1503

01:05:59,250 --> 01:05:56,349

Texas people live out in the country

1504

01:06:01,740 --> 01:05:59,260

because they won't be left alone ok and

1505

01:06:04,140 --> 01:06:01,750

so you try to bring up specially weird

1506

01:06:05,730 --> 01:06:04,150

stuff there first tendency is go out I

1507

01:06:08,040 --> 01:06:05,740

don't know there's nothing there don't

1508

01:06:12,410 --> 01:06:08,050

don't worry about that but then of

1509

01:06:17,880 --> 01:06:12,420

course they begin to discover how

1510

01:06:20,609 --> 01:06:17,890

lucrative it could be commercially to to

1511

01:06:22,500 --> 01:06:20,619

market to your audience and so more the

1512

01:06:24,180 --> 01:06:22,510

last few times have been in Roswell I

1513

01:06:27,060 --> 01:06:24,190

mean they got little aliens all of

1514

01:06:28,980 --> 01:06:27,070

dentistry again they had a UFO crashing

1515

01:06:30,960 --> 01:06:28,990

into the front of the Walmart they got I

1516

01:06:31,800 --> 01:06:30,970

mean the whole town now is on the

1517

01:06:34,800 --> 01:06:31,810

bandwagon

1518

01:06:36,690 --> 01:06:34,810

and I think that in the future well

1519

01:06:38,400 --> 01:06:36,700

number one is not going to be such a big

1520

01:06:40,770 --> 01:06:38,410

deal because I think we're very very

1521

01:06:42,600 --> 01:06:40,780

close to where enough people are going

1522

01:06:44,670 --> 01:06:42,610

yes okay all right it's real they're

1523

01:06:47,070 --> 01:06:44,680

here you know and they we just start

1524

01:06:49,110 --> 01:06:47,080

accepting it but if everything rocks

1525

01:06:51,120 --> 01:06:49,120

along the way it is yeah I think that in

1526

01:06:53,370 --> 01:06:51,130

the near future Roswell just going to be

1527

01:06:55,500 --> 01:06:53,380

a bigger bigger tourist destination as

1528

01:06:59,820 --> 01:06:55,510

more and more people realize the reality

1529

01:07:02,340 --> 01:06:59,830

of UFOs so you think I don't want to

1530

01:07:06,300 --> 01:07:02,350

necessarily use the word of disclosure

1531

01:07:08,820 --> 01:07:06,310

but do you think that's near the future

1532

01:07:11,670 --> 01:07:08,830

that people will accept that we are

1533

01:07:13,650 --> 01:07:11,680

being visited I think the majority of

1534

01:07:16,350 --> 01:07:13,660

people have accepted it now it's just

1535

01:07:18,150 --> 01:07:16,360

not being announced you know what I mean

1536

01:07:20,880 --> 01:07:18,160

when I'm talking about the tipping point

1537

01:07:23,130 --> 01:07:20,890

you know there's a tipping point where a

1538

01:07:25,320 --> 01:07:23,140

certain number certain percentage of the

1539

01:07:27,240 --> 01:07:25,330

public began to believe something and it

1540

01:07:30,000 --> 01:07:27,250

doesn't have to be a majority it could

1541

01:07:32,340 --> 01:07:30,010

be 15 percent 20 percent maybe 25

1542

01:07:34,290 --> 01:07:32,350

percent but at a certain point when

1543

01:07:37,830 --> 01:07:34,300

enough people begin to realize what the

1544

01:07:40,320 --> 01:07:37,840

truth is then it it tilts it tips and

1545

01:07:43,190 --> 01:07:40,330

then pretty soon everybody is pretty

1546

01:07:46,670 --> 01:07:43,200

well accepting that case in point in

1547

01:07:49,140 --> 01:07:46,680

1964 the poll showed virtually nobody

1548

01:07:50,940 --> 01:07:49,150

believed that Lee Harvey Oswald was the

1549

01:07:52,740 --> 01:07:50,950

lone assassin of President Kennedy but

1550

01:07:57,150 --> 01:07:52,750

it was never talked about it was never

1551

01:07:59,310 --> 01:07:57,160

acknowledged by the mass media today the

1552

01:08:01,530 --> 01:07:59,320

mass media is still not acknowledging it

1553

01:08:03,120 --> 01:08:01,540

but the polls show that 80 percent or

1554

01:08:05,160 --> 01:08:03,130

more you go ask somebody was there a

1555

01:08:06,600 --> 01:08:05,170

conspiracy to kill Kennedy and 80

1556

01:08:09,960 --> 01:08:06,610

percent of them are going to say yes

1557

01:08:12,000 --> 01:08:09,970

okay so it's just you know we reach the

1558

01:08:14,100 --> 01:08:12,010

tipping point and now the most people

1559

01:08:16,950 --> 01:08:14,110

know yes it was conspiracy well we're

1560

01:08:21,720 --> 01:08:16,960

going to hit that same point if there is

1561

01:08:24,599 --> 01:08:21,730

not an open open admission which

1562

01:08:27,630 --> 01:08:24,609

probably incoming or been an open

1563

01:08:29,070 --> 01:08:27,640

disclosure for example if there is

1564

01:08:31,829 --> 01:08:29,080

disclosure it's probably going to be up

1565

01:08:34,200 --> 01:08:31,839

to them all they got to do is come hover

1566

01:08:36,120 --> 01:08:34,210

over a big city in daytime and hang

1567

01:08:37,860 --> 01:08:36,130

there long enough for the news crews to

1568

01:08:40,460 --> 01:08:37,870

get out and get good pictures of it and

1569

01:08:42,599 --> 01:08:40,470

the game's up you know there they are I

1570

01:08:43,700 --> 01:08:42,609

thought you said this was going to

1571

01:08:46,519 --> 01:08:43,710

happen they would have done

1572

01:08:50,269 --> 01:08:46,529

a long time ago I don't I don't know it

1573

01:08:53,269 --> 01:08:50,279

just seems so it seems so evasive and

1574

01:08:54,800 --> 01:08:53,279

well okay but here's here's the thing

1575

01:08:57,050 --> 01:08:54,810

first you got to go back and hadn't been

1576

01:08:58,640 --> 01:08:57,060

that many years ago in the same

1577

01:09:01,999 --> 01:08:58,650

newspaper that carries the Aurora

1578

01:09:04,039 --> 01:09:02,009

spaceship crash story there's a little

1579

01:09:06,920 --> 01:09:04,049

item from Granbury Texas and it says

1580

01:09:09,590 --> 01:09:06,930

last night at 9:30 the riddle rifles

1581

01:09:11,450 --> 01:09:09,600

while while drilling the riddle rifles

1582

01:09:14,479 --> 01:09:11,460

whatever they were some kind of militia

1583

01:09:16,459 --> 01:09:14,489

yes said the leader saw the air machine

1584

01:09:18,200 --> 01:09:16,469

of which we've heard so much and being a

1585

01:09:19,610 --> 01:09:18,210

populous he couldn't stand in the side

1586

01:09:21,890 --> 01:09:19,620

of the air machine so he ordered the

1587

01:09:24,410 --> 01:09:21,900

company to open fire and they did and

1588

01:09:27,440 --> 01:09:24,420

soon the whole town was aroused okay

1589

01:09:29,780 --> 01:09:27,450

what is it Joe Bob I don't know shoot at

1590

01:09:31,999 --> 01:09:29,790

it and that's what they do okay and

1591

01:09:33,769 --> 01:09:32,009

that's what's been the the usual thing

1592

01:09:35,240 --> 01:09:33,779

all the way go back to the fifties movie

1593

01:09:36,979 --> 01:09:35,250

you know there's something weird would

1594

01:09:38,510 --> 01:09:36,989

you be around the desert and they go

1595

01:09:41,300 --> 01:09:38,520

running out there with their gun right

1596

01:09:43,760 --> 01:09:41,310

so I think that's what's kind of held

1597

01:09:45,829 --> 01:09:43,770

things up in the past and today maybe we

1598

01:09:48,559 --> 01:09:45,839

wouldn't be quite so fast on the trigger

1599

01:09:52,099 --> 01:09:48,569

but nevertheless they they have to be

1600

01:09:54,050 --> 01:09:52,109

concerned about how the revelation that

1601
01:09:56,060 --> 01:09:54,060
we're not alone is played out to the

1602
01:09:58,729 --> 01:09:56,070
public because it could be very

1603
01:10:02,959 --> 01:09:58,739
traumatic just a lot of people in

1604
01:10:04,760 --> 01:10:02,969
political ways religious ways etc etc so

1605
01:10:06,590 --> 01:10:04,770
I think there's kind of been an

1606
01:10:08,600 --> 01:10:06,600
agreement all the way around both for

1607
01:10:10,220 --> 01:10:08,610
humans nonhumans everybody else they say

1608
01:10:12,770 --> 01:10:10,230
I think the best thing for right now is

1609
01:10:14,450 --> 01:10:12,780
just you know keep it on the Qt and the

1610
01:10:15,709 --> 01:10:14,460
people who want to study want to open

1611
01:10:17,930 --> 01:10:15,719
their mind want to learn want to

1612
01:10:20,180 --> 01:10:17,940
understand that all this is real that's

1613
01:10:22,100 --> 01:10:20,190

fine they can do that but then all the

1614

01:10:24,410 --> 01:10:22,110

rest of the people then just you know go

1615

01:10:28,910 --> 01:10:24,420

their merry way in fact if you'll think

1616

01:10:30,709 --> 01:10:28,920

about it this is exactly the attack that

1617

01:10:32,209 --> 01:10:30,719

the government has taken because let's

1618

01:10:35,060 --> 01:10:32,219

face it the government is the government

1619

01:10:37,400 --> 01:10:35,070

of all of us okay and there's a good

1620

01:10:40,790 --> 01:10:37,410

many of us who just frankly don't want

1621

01:10:43,520 --> 01:10:40,800

to know okay so like when it comes to

1622

01:10:45,740 --> 01:10:43,530

Roswell they say oh well there was just

1623

01:10:47,450 --> 01:10:45,750

crash dummies okay well now people

1624

01:10:50,180 --> 01:10:47,460

who've actually studied the case like

1625

01:10:52,850 --> 01:10:50,190

yourself myself we know that that's just

1626

01:10:55,250 --> 01:10:52,860

not not right it's not right it is

1627

01:10:57,530 --> 01:10:55,260

simply not right because they didn't

1628

01:11:00,590 --> 01:10:57,540

even have the crash dummies test until

1629

01:11:02,930 --> 01:11:00,600

during starting in 1954 so on the one

1630

01:11:05,720 --> 01:11:02,940

hand we go wow they're lying to us and

1631

01:11:07,970 --> 01:11:05,730

then holy cow they're lying to us that

1632

01:11:10,190 --> 01:11:07,980

must mean it's really true so it's kind

1633

01:11:12,530 --> 01:11:10,200

of a backhanded way of confirming that

1634

01:11:14,660 --> 01:11:12,540

yes something very unearthly happened at

1635

01:11:16,880 --> 01:11:14,670

Roswell but for the people who don't

1636

01:11:18,230 --> 01:11:16,890

want to know things sleep peacefully at

1637

01:11:21,080 --> 01:11:18,240

night and say well the government said

1638

01:11:23,840 --> 01:11:21,090

it was crash dummies and then going back

1639

01:11:25,400 --> 01:11:23,850

sleep you know so so the government is

1640

01:11:28,030 --> 01:11:25,410

actually trying to take care of both

1641

01:11:30,920 --> 01:11:28,040

sides of issue in both types of people

1642

01:11:33,770 --> 01:11:30,930

you know which is may or may not be such

1643

01:11:35,420 --> 01:11:33,780

a bad thing but I know you and I would

1644

01:11:40,280 --> 01:11:35,430

probably feel a lot better if they just

1645

01:11:42,830 --> 01:11:40,290

tell us the truth yeah yeah I agree also

1646

01:11:46,010 --> 01:11:42,840

that you know a lot of people is just

1647

01:11:49,490 --> 01:11:46,020

not part of their thoughts you know

1648

01:11:51,500 --> 01:11:49,500

they're busy with life and and you know

1649

01:11:53,600 --> 01:11:51,510

they're absorbed with what's right in

1650

01:11:55,070 --> 01:11:53,610

front of them and not even a lot of

1651
01:11:59,980 --> 01:11:55,080
people don't even think about you know

1652
01:12:02,510 --> 01:11:59,990
any part of space for instance so unless

1653
01:12:04,400 --> 01:12:02,520
you know if someone has a sighting

1654
01:12:08,120 --> 01:12:04,410
generally speaking that will change

1655
01:12:09,650 --> 01:12:08,130
everything you're right right well if

1656
01:12:11,780 --> 01:12:09,660
it's well I don't know you can go on

1657
01:12:13,970 --> 01:12:11,790
internet right now and just go to Google

1658
01:12:16,790 --> 01:12:13,980
Images and type in UFO you can spend

1659
01:12:18,740 --> 01:12:16,800
days weeks maybe even months looking at

1660
01:12:21,320 --> 01:12:18,750
all the stuff that pops up there now if

1661
01:12:23,540 --> 01:12:21,330
you're ready to include that in your

1662
01:12:25,220 --> 01:12:23,550
world outlook then that's cool and you

1663
01:12:26,750 --> 01:12:25,230

go wow there they are you know and look

1664

01:12:28,630 --> 01:12:26,760

all these different ones and blah blah

1665

01:12:30,740 --> 01:12:28,640

blah and course some of them are really

1666

01:12:32,120 --> 01:12:30,750

fuzzy and some of them are pretty sharp

1667

01:12:35,510 --> 01:12:32,130

and clear and some of them are really

1668

01:12:36,890 --> 01:12:35,520

kind of dangerous looking and some of

1669

01:12:40,100 --> 01:12:36,900

them look kind of just like little you

1670

01:12:41,690 --> 01:12:40,110

know little get around and so you know

1671

01:12:44,720 --> 01:12:41,700

you can kind of put into it what you

1672

01:12:46,520 --> 01:12:44,730

want but if you don't want to know about

1673

01:12:48,080 --> 01:12:46,530

that and don't believe in them and

1674

01:12:50,360 --> 01:12:48,090

you're not going to go look at those

1675

01:12:53,180 --> 01:12:50,370

images and for your little world they

1676

01:12:55,880 --> 01:12:53,190

just they're not there yeah yeah that's

1677

01:12:59,210 --> 01:12:55,890

funny my son had not even thought about

1678

01:13:01,490 --> 01:12:59,220

UFOs until I told him I did it I told I

1679

01:13:03,470 --> 01:13:01,500

started the show on it told him about my

1680

01:13:06,320 --> 01:13:03,480

sighting all in one night and he started

1681

01:13:12,510 --> 01:13:06,330

looking into it and he's still like on

1682

01:13:14,609 --> 01:13:12,520

the fence whether they exist or not I

1683

01:13:16,260 --> 01:13:14,619

especially doing the show how many

1684

01:13:18,959 --> 01:13:16,270

people I've talked to I have no idea at

1685

01:13:22,200 --> 01:13:18,969

this point but I really do think there

1686

01:13:25,470 --> 01:13:22,210

is something going on I still I still

1687

01:13:27,689 --> 01:13:25,480

don't know exactly what and I've said

1688

01:13:29,310 --> 01:13:27,699

this before on the show that it may be

1689

01:13:32,339 --> 01:13:29,320

something we haven't really even thought

1690

01:13:34,770 --> 01:13:32,349

of yet you know that is possible right

1691

01:13:37,649 --> 01:13:34,780

you know some of the ideas of what

1692

01:13:41,819 --> 01:13:37,659

people are seeing are pretty incredible

1693

01:13:44,129 --> 01:13:41,829

you know yeah yeah yeah oh well you

1694

01:13:46,859 --> 01:13:44,139

know I've heard some doozies including

1695

01:13:49,290 --> 01:13:46,869

from some military people who somehow

1696

01:13:51,810 --> 01:13:49,300

another got information that a UFO kept

1697

01:13:53,160 --> 01:13:51,820

appearing above this lake up and I

1698

01:13:55,140 --> 01:13:53,170

believe the Northwest

1699

01:13:57,240 --> 01:13:55,150

so they went over there and actually set

1700

01:13:58,859 --> 01:13:57,250

up on it and the most incredible thing

1701

01:14:01,350 --> 01:13:58,869

about this thing is when the UFO

1702

01:14:04,470 --> 01:14:01,360

appeared that was it it didn't come from

1703

01:14:08,490 --> 01:14:04,480

somewhere it just appeared it just kind

1704

01:14:10,080 --> 01:14:08,500

of materialized out of thin air and they

1705

01:14:11,580 --> 01:14:10,090

were all looking at it and trying to get

1706

01:14:13,800 --> 01:14:11,590

some pictures and trying to get some

1707

01:14:15,510 --> 01:14:13,810

into some information and then

1708

01:14:17,040 --> 01:14:15,520

apparently it became aware of them

1709

01:14:19,470 --> 01:14:17,050

because they've been in to turn towards

1710

01:14:21,120 --> 01:14:19,480

them and was I can't remember now maybe

1711

01:14:23,370 --> 01:14:21,130

it was like sending out some kind of

1712

01:14:26,160 --> 01:14:23,380

beam anyway scared the crap out of it

1713

01:14:27,660 --> 01:14:26,170

and they all took off and ran wow these

1714

01:14:31,770 --> 01:14:27,670

are these are these are these tough

1715

01:14:34,129 --> 01:14:31,780

tough military guys man yeah well then

1716

01:14:38,209 --> 01:14:34,139

that gets into you know you hear about

1717

01:14:41,970 --> 01:14:38,219

other dimensions or you know possible

1718

01:14:46,109 --> 01:14:41,980

dimensional travel yeah because there is

1719

01:14:50,459 --> 01:14:46,119

the problem of the amount of you know a

1720

01:14:53,160 --> 01:14:50,469

distance of so but I again but yeah but

1721

01:14:55,740 --> 01:14:53,170

we don't we don't know see everything up

1722

01:14:58,290 --> 01:14:55,750

until now we've always based what we

1723

01:14:59,790 --> 01:14:58,300

think we know about how they transfer

1724

01:15:02,010 --> 01:14:59,800

how they communicate everything else

1725

01:15:04,589 --> 01:15:02,020

just based on what our technology is

1726

01:15:06,839 --> 01:15:04,599

okay now you know if you took off from

1727

01:15:09,930 --> 01:15:06,849

the earth and a rocket ship it was you

1728

01:15:12,720 --> 01:15:09,940

know it was fuel jet fuel and you're

1729

01:15:15,209 --> 01:15:12,730

pushing those turbines or whatever he

1730

01:15:17,459 --> 01:15:15,219

has going to take you hundred years to

1731

01:15:19,530 --> 01:15:17,469

get one light year or something you know

1732

01:15:21,510 --> 01:15:19,540

but wait what if they're using

1733

01:15:22,640 --> 01:15:21,520

technology that we don't yet know about

1734

01:15:25,109 --> 01:15:22,650

you

1735

01:15:26,790 --> 01:15:25,119

absolutely and of course what they're

1736

01:15:30,479 --> 01:15:26,800

talking about now now you're getting

1737

01:15:32,279 --> 01:15:30,489

into physics and geophysics and all

1738

01:15:34,699 --> 01:15:32,289

kinds of stuff where they're talking

1739

01:15:37,560 --> 01:15:34,709

about wormholes and other dimensions and

1740

01:15:39,930 --> 01:15:37,570

folding time and space and you know we

1741

01:15:40,949 --> 01:15:39,940

just really don't know what what's out

1742

01:15:43,350 --> 01:15:40,959

there

1743

01:15:47,279 --> 01:15:43,360

but I just I for one happen to believe

1744

01:15:50,219 --> 01:15:47,289

that if man can even conceive of it we

1745

01:15:52,140 --> 01:15:50,229

can do it yeah yeah that's for sure and

1746

01:15:55,469 --> 01:15:52,150

I think we'll be seeing more and more

1747

01:15:58,469 --> 01:15:55,479

that what would you consider we've

1748

01:16:00,479 --> 01:15:58,479

talked about a couple of different major

1749

01:16:08,069 --> 01:16:00,489

cases but what would you consider the

1750

01:16:11,339 --> 01:16:08,079

most compelling UFO sighting but most

1751

01:16:13,350 --> 01:16:11,349

compelling UFO sighting doesn't have to

1752

01:16:16,830 --> 01:16:13,360

be a mass sighting but I mean what right

1753

01:16:21,149 --> 01:16:16,840

what would you consider like one of it I

1754

01:16:24,120 --> 01:16:21,159

can say one of the most profound I mean

1755

01:16:26,370 --> 01:16:24,130

is it Roswell or Rendlesham forest or

1756

01:16:30,029 --> 01:16:26,380

there's all a whole bunch of ones that

1757

01:16:31,799 --> 01:16:30,039

people consider the best and Wow

1758

01:16:34,799 --> 01:16:31,809

all I'm sitting there juggling all of

1759

01:16:37,290 --> 01:16:34,809

those and the one that deserves Lonnie

1760

01:16:39,810 --> 01:16:37,300

Zamora was making up in the New Mexico

1761

01:16:42,149 --> 01:16:39,820

State patrolman I don't know it's just

1762

01:16:44,459 --> 01:16:42,159

so mean because in all of these you've

1763

01:16:46,859 --> 01:16:44,469

got physical evidence you've got witness

1764

01:16:49,199 --> 01:16:46,869

element and you know evidence eccentric

1765

01:16:51,089 --> 01:16:49,209

fetcher let's just say I think the most

1766

01:16:54,660 --> 01:16:51,099

compelling argument is the cumulative

1767

01:16:56,520 --> 01:16:54,670

effect of all of these yeah okay well if

1768

01:16:59,520 --> 01:16:56,530

there was just one or two little

1769

01:17:01,319 --> 01:16:59,530

instances on the record and maybe it

1770

01:17:03,209 --> 01:17:01,329

says maybe it's that and maybe they were

1771

01:17:05,759 --> 01:17:03,219

drunk maybe they were smoking the wrong

1772

01:17:08,430 --> 01:17:05,769

weed or something you know then you

1773

01:17:11,239 --> 01:17:08,440

could always write that off but man when

1774

01:17:14,549 --> 01:17:11,249

you get all of these such good cases

1775

01:17:16,979 --> 01:17:14,559

then I think the cumulative effect is

1776

01:17:18,330 --> 01:17:16,989

proof that we're not alone and that

1777

01:17:21,989 --> 01:17:18,340

something is going on and we're not

1778

01:17:24,779 --> 01:17:21,999

being told about it yeah and I mentioned

1779

01:17:26,549 --> 01:17:24,789

before that you know the if the

1780

01:17:29,100 --> 01:17:26,559

government knows about it what part of

1781

01:17:31,709 --> 01:17:29,110

the government would know about it what

1782

01:17:33,989 --> 01:17:31,719

do you think about that yeah well again

1783

01:17:36,149 --> 01:17:33,999

I think that we whether they're calling

1784

01:17:38,459 --> 01:17:36,159

it mj-12 I think they're still

1785

01:17:40,890 --> 01:17:38,469

just a group probably within the

1786

01:17:44,659 --> 01:17:40,900

scientific Directorate of the Joint

1787

01:17:47,669 --> 01:17:44,669

Chiefs and the National Security Council

1788

01:17:49,859 --> 01:17:47,679

that is in charge this whole thing and

1789

01:17:51,299 --> 01:17:49,869

they they even screamed the president

1790

01:17:53,100 --> 01:17:51,309

United States they don't tell him

1791

01:17:56,669 --> 01:17:53,110

anything if they if he doesn't have a

1792

01:17:58,229 --> 01:17:56,679

need to know and I think they're the

1793

01:18:00,750 --> 01:17:58,239

ones that's playing footsie with this

1794

01:18:04,979 --> 01:18:00,760

now from what I understand from sources

1795

01:18:07,679 --> 01:18:04,989

that there is an internal split going on

1796

01:18:09,419 --> 01:18:07,689

between mj-12 or between this UFO group

1797

01:18:12,449 --> 01:18:09,429

and with some of the younger people

1798

01:18:13,919 --> 01:18:12,459

saying hey okay it's time to just clear

1799

01:18:15,629 --> 01:18:13,929

the air and let's just tell people

1800

01:18:17,310 --> 01:18:15,639

what's going on I don't think we're

1801

01:18:18,959 --> 01:18:17,320

going to have mass panic and I don't

1802

01:18:21,270 --> 01:18:18,969

think all the church is going to close

1803

01:18:23,129 --> 01:18:21,280

down you know let's just go ahead and

1804

01:18:24,929 --> 01:18:23,139

tell the truth but some of the older

1805

01:18:27,089 --> 01:18:24,939

hands are still sticking in there and I

1806

01:18:28,649 --> 01:18:27,099

can kind of understand that because you

1807

01:18:30,390 --> 01:18:28,659

know how are they going to look if it

1808

01:18:33,449 --> 01:18:30,400

ever comes out that they were in charge

1809

01:18:36,419 --> 01:18:33,459

and they lied to us seven years you know

1810

01:18:38,669 --> 01:18:36,429

so they nobody wants to fade that heat

1811

01:18:40,949 --> 01:18:38,679

so they they're still saying no no no

1812

01:18:43,409 --> 01:18:40,959

it's not yet time not quite not yet but

1813

01:18:45,029 --> 01:18:43,419

hey but I want to tell you I really

1814

01:18:47,669 --> 01:18:45,039

believe is getting close it's getting

1815

01:18:50,189 --> 01:18:47,679

really really close do you think that

1816

01:18:52,409 --> 01:18:50,199

they really know what's going on or do

1817

01:18:54,929 --> 01:18:52,419

you think they just have an idea the

1818

01:18:57,089 --> 01:18:54,939

that's another big problem I'm not sure

1819

01:19:00,120 --> 01:18:57,099

anybody knows precisely what's going on

1820

01:19:02,129 --> 01:19:00,130

even the alien races there are different

1821

01:19:05,370 --> 01:19:02,139

races they have different agendas they

1822

01:19:07,409 --> 01:19:05,380

have different imperatives some of them

1823

01:19:10,770 --> 01:19:07,419

may be a little more kindly disposed

1824

01:19:12,479 --> 01:19:10,780

towards humans and others I never won I

1825

01:19:14,939 --> 01:19:12,489

don't particularly worry about some

1826

01:19:16,859 --> 01:19:14,949

alien race is going to come independence

1827

01:19:18,600 --> 01:19:16,869

day bomb the world blow up the White

1828

01:19:20,040 --> 01:19:18,610

House you know because if that was the

1829

01:19:20,669 --> 01:19:20,050

case they would have done it long before

1830

01:19:23,370 --> 01:19:20,679

now

1831

01:19:26,069 --> 01:19:23,380

right but I do believe that there is a

1832

01:19:28,169 --> 01:19:26,079

contest going on about who's who and

1833

01:19:29,699 --> 01:19:28,179

what's what and what their motives are

1834

01:19:33,779 --> 01:19:29,709

what their agendas are what they're

1835

01:19:36,390 --> 01:19:33,789

imperatives are and I think that this is

1836

01:19:38,669 --> 01:19:36,400

why they are not even certain themselves

1837

01:19:41,279 --> 01:19:38,679

who the players are and what the game

1838

01:19:44,219 --> 01:19:41,289

plan is and neither are some of the

1839

01:19:46,500 --> 01:19:44,229

human leaders and so I think it's just

1840

01:19:48,179 --> 01:19:46,510

kind of a mutual agreement that well we

1841

01:19:49,830 --> 01:19:48,189

just won't talk about this because

1842

01:19:53,189 --> 01:19:49,840

nobody I think

1843

01:19:55,859 --> 01:19:53,199

as a clear-cut playbook as to exactly

1844

01:19:57,629 --> 01:19:55,869

what's going on and why mm-hmm how about

1845

01:20:01,859 --> 01:19:57,639

do you think that different countries

1846

01:20:04,470 --> 01:20:01,869

will interact with other countries as

1847

01:20:06,419 --> 01:20:04,480

far older that they already are other

1848

01:20:08,010 --> 01:20:06,429

countries are so far ahead to the United

1849

01:20:11,700 --> 01:20:08,020

States it's not even funny

1850

01:20:14,359 --> 01:20:11,710

Russia France Buenos Aires Argentina and

1851

01:20:16,680 --> 01:20:14,369

Mexico a lot of these countries they

1852

01:20:19,050 --> 01:20:16,690

actively talk about all this on national

1853

01:20:20,430 --> 01:20:19,060

television okay and that people coming

1854

01:20:22,740 --> 01:20:20,440

on tell them their stories they talk

1855

01:20:24,660 --> 01:20:22,750

about you know their real open and I

1856

01:20:27,209 --> 01:20:24,670

think in fact most of the world now is

1857

01:20:30,899 --> 01:20:27,219

beginning to join together to talk

1858

01:20:33,330 --> 01:20:30,909

openly about the UFO issue except the

1859

01:20:36,780 --> 01:20:33,340

very controlled media of the United

1860

01:20:39,270 --> 01:20:36,790

States and I think the reason for that

1861

01:20:41,879 --> 01:20:39,280

is is because it is very much under the

1862

01:20:44,310 --> 01:20:41,889

control of the CIA and the NSA other

1863

01:20:46,410 --> 01:20:44,320

alphabet agencies who for a long time

1864

01:20:48,330 --> 01:20:46,420

have been involved in the UFO issue and

1865

01:20:50,520 --> 01:20:48,340

again they don't want to be the ones to

1866

01:20:52,740 --> 01:20:50,530

go oh well we told you there's nothing

1867

01:20:55,740 --> 01:20:52,750

there but well okay actually there is

1868

01:20:57,770 --> 01:20:55,750

and they just don't want to go there so

1869

01:21:02,820 --> 01:20:57,780

they just keep the lid on the bottle

1870

01:21:06,450 --> 01:21:02,830

yeah that's uh yeah I know there are

1871

01:21:09,180 --> 01:21:06,460

some people that are trying to get more

1872

01:21:11,899 --> 01:21:09,190

interaction like Lesley Kahne I know

1873

01:21:15,780 --> 01:21:11,909

she's you know has tried to initiate

1874

01:21:20,220 --> 01:21:15,790

some type of interaction with other

1875

01:21:22,859 --> 01:21:20,230

countries well see she and dr. Greer and

1876

01:21:24,510 --> 01:21:22,869

all these others who are trying they're

1877

01:21:26,040 --> 01:21:24,520

looking for the right congressional

1878

01:21:28,020 --> 01:21:26,050

committee they're looking for the right

1879

01:21:29,939 --> 01:21:28,030

press conference you know and they're

1880

01:21:31,080 --> 01:21:29,949

going to blow it wide open you know nice

1881

01:21:34,050 --> 01:21:31,090

it ain't going to happen

1882

01:21:36,930 --> 01:21:34,060

ain't going to happen until the people

1883

01:21:40,350 --> 01:21:36,940

in control of our mass media decide that

1884

01:21:41,760 --> 01:21:40,360

it's time to tell the truth none of

1885

01:21:43,620 --> 01:21:41,770

that's going to go anywhere in fact if

1886

01:21:47,339 --> 01:21:43,630

you think when Greer had his Aldous

1887

01:21:49,620 --> 01:21:47,349

whistleblowers there in June of 2001 and

1888

01:21:52,439 --> 01:21:49,630

they had a big thing at the National

1889

01:21:55,350 --> 01:21:52,449

Press Club they had all the big networks

1890

01:21:58,290 --> 01:21:55,360

there and they had very credible

1891

01:22:00,209 --> 01:21:58,300

military veterans coming forward and

1892

01:22:02,580 --> 01:22:00,219

saying I saw this I know this I worked

1893

01:22:03,620 --> 01:22:02,590

with this and you would think that would

1894

01:22:05,870 --> 01:22:03,630

make huge news

1895

01:22:08,870 --> 01:22:05,880

yet there they all were but yet it never

1896

01:22:11,360 --> 01:22:08,880

really got reported on in a big way but

1897

01:22:14,180 --> 01:22:11,370

then finally as a must Rihanna got to be

1898

01:22:15,830 --> 01:22:14,190

July and August well the internet was

1899

01:22:17,360 --> 01:22:15,840

kind of alive with this stuff and more

1900

01:22:18,740 --> 01:22:17,370

and more people were picking up on the

1901

01:22:20,660 --> 01:22:18,750

idea wow they're really talking about

1902

01:22:22,790 --> 01:22:20,670

these UFOs are really you know they're

1903

01:22:23,510 --> 01:22:22,800

really making some headway here and then

1904

01:22:27,200 --> 01:22:23,520

what happened

1905

01:22:30,649 --> 01:22:27,210

9/11 and it all quit yeah it kind of

1906

01:22:32,149 --> 01:22:30,659

adjusted the whole world yeah yeah which

1907

01:22:34,550 --> 01:22:32,159

may have been may have been another

1908

01:22:37,520 --> 01:22:34,560

factor you don't pull things off like

1909

01:22:40,120 --> 01:22:37,530

that for just one reason you know you

1910

01:22:45,140 --> 01:22:40,130

have to wait till there's a whole

1911

01:22:47,870 --> 01:22:45,150

collection of reasons and excuses to

1912

01:22:49,760 --> 01:22:47,880

pull some of that magnitude off hmm

1913

01:22:54,439 --> 01:22:49,770

so that may have been just one of them

1914

01:22:55,760 --> 01:22:54,449

yeah yeah now when you you sit in the

1915

01:22:58,280 --> 01:22:55,770

very beginning of the show you said

1916

01:23:01,310 --> 01:22:58,290

journalism left you what did you mean by

1917

01:23:01,939 --> 01:23:01,320

that I mean there are no journals

1918

01:23:04,879 --> 01:23:01,949

anymore

1919

01:23:09,439 --> 01:23:04,889

there's just corporate advertising

1920

01:23:11,209 --> 01:23:09,449

placement entities you know oh if you

1921

01:23:13,220 --> 01:23:11,219

happen to get a little news mixed in

1922

01:23:16,100 --> 01:23:13,230

with your ads great so much the best for

1923

01:23:19,490 --> 01:23:16,110

you but it's all the same stuff it's

1924

01:23:21,169 --> 01:23:19,500

just all ablum eyes in fact when you get

1925

01:23:24,500 --> 01:23:21,179

to the Northeast you've got the AP and

1926

01:23:25,879 --> 01:23:24,510

you've got the the major news networks

1927

01:23:27,680 --> 01:23:25,889

and stuff like that they already have

1928

01:23:29,870 --> 01:23:27,690

companies now that they're all jointly

1929

01:23:33,080 --> 01:23:29,880

involved in who then send out one crew

1930

01:23:34,910 --> 01:23:33,090

to tape an interview with somebody and

1931

01:23:37,070 --> 01:23:34,920

then they come out and they all use that

1932

01:23:38,570 --> 01:23:37,080

same interview that's why you turn to

1933

01:23:40,250 --> 01:23:38,580

one channel and you see the same guy

1934

01:23:42,169 --> 01:23:40,260

saying the same thing you just said on

1935

01:23:44,810 --> 01:23:42,179

the other channel all right now they

1936

01:23:46,939 --> 01:23:44,820

think this is good because it saves them

1937

01:23:48,890 --> 01:23:46,949

money okay great but it's terrible for

1938

01:23:52,399 --> 01:23:48,900

News because you're only getting one

1939

01:23:54,140 --> 01:23:52,409

viewpoint you know and if there was a if

1940

01:23:55,939 --> 01:23:54,150

we go back to the good old days when

1941

01:23:57,530 --> 01:23:55,949

you'd have three and four different

1942

01:23:59,689 --> 01:23:57,540

networks and it's all seen their own

1943

01:24:01,910 --> 01:23:59,699

represent isn't at all then that all

1944

01:24:03,979 --> 01:24:01,920

asks the person different questions and

1945

01:24:05,540 --> 01:24:03,989

then you would kind of open up the

1946

01:24:08,450 --> 01:24:05,550

dialogue and you might get some actual

1947

01:24:08,810 --> 01:24:08,460

real answers but said it's not happening

1948

01:24:11,840 --> 01:24:08,820

anymore

1949

01:24:13,610 --> 01:24:11,850

in fact I am just absolutely give you an

1950

01:24:15,770 --> 01:24:13,620

example I'm reading one of the national

1951

01:24:17,179 --> 01:24:15,780

news magazines the other day and they're

1952

01:24:21,359 --> 01:24:17,189

talking about

1953

01:24:22,409 --> 01:24:21,369

pootin the dictator of russia what what

1954

01:24:25,379 --> 01:24:22,419

wait a minute

1955

01:24:28,079 --> 01:24:25,389

I don't know Putin but no you know he I

1956

01:24:29,579 --> 01:24:28,089

know he was he was elected and I know

1957

01:24:31,319 --> 01:24:29,589

that I hear from people who've been to

1958

01:24:34,469 --> 01:24:31,329

Russia and they say most people like

1959

01:24:37,560 --> 01:24:34,479

yeah you know I spent a mine Nessa and I

1960

01:24:39,689 --> 01:24:37,570

know people who say Obama is a dictator

1961

01:24:43,020 --> 01:24:39,699

but you don't ever see them saying

1962

01:24:45,239 --> 01:24:43,030

President Obama the dictator of America

1963

01:24:47,549 --> 01:24:45,249

that's just slanted journalism that's

1964

01:24:50,369 --> 01:24:47,559

just slanted now that's propaganda is

1965

01:24:52,049 --> 01:24:50,379

all that is you know you know he's the

1966

01:24:53,669 --> 01:24:52,059

bad guy with a good guy well wait a

1967

01:24:56,459 --> 01:24:53,679

minute okay who says so

1968

01:24:59,219 --> 01:24:56,469

and besides that if you'll actually stop

1969

01:25:01,290 --> 01:24:59,229

and look at with Russians had done done

1970

01:25:02,939 --> 01:25:01,300

not not what everybody says they've done

1971

01:25:04,829 --> 01:25:02,949

and not what everybody's accusing them I

1972

01:25:06,449 --> 01:25:04,839

just go actually look see what they've

1973

01:25:08,339 --> 01:25:06,459

done what had be done well let's see

1974

01:25:09,810 --> 01:25:08,349

they voluntarily pulled their military

1975

01:25:13,199 --> 01:25:09,820

out of Eastern Europe after the collapse

1976

01:25:15,419 --> 01:25:13,209

of communism they said hey we'll just go

1977

01:25:17,129 --> 01:25:15,429

back to being friends and we'll pull our

1978

01:25:19,799 --> 01:25:17,139

military out of Eastern Europe if you'll

1979

01:25:22,979 --> 01:25:19,809

guarantee not to expand NATO and we said

1980

01:25:24,750 --> 01:25:22,989

okay we agreed and then we broke it they

1981

01:25:27,569 --> 01:25:24,760

pulled out Eastern Europe and now we're

1982

01:25:29,699 --> 01:25:27,579

ringing Russia with missiles on the

1983

01:25:31,560 --> 01:25:29,709

Ukraine Poland all these nations that

1984

01:25:34,259 --> 01:25:31,570

were bringing into NATO through

1985

01:25:35,879 --> 01:25:34,269

expansion so it's he wait a minute

1986

01:25:38,939 --> 01:25:35,889

when you look at who's doing what and

1987

01:25:41,189 --> 01:25:38,949

then now they're mad at him for bombing

1988

01:25:43,979 --> 01:25:41,199

in Syria well wait a minute who started

1989

01:25:47,489 --> 01:25:43,989

all that we did because we created the

1990

01:25:49,770 --> 01:25:47,499

Syrian rebels and we armed them and then

1991

01:25:52,049 --> 01:25:49,780

find out they were Isis isn't it they

1992

01:25:55,829 --> 01:25:52,059

crew and crew and group with us still

1993

01:25:57,899 --> 01:25:55,839

arming them okay and then suddenly we

1994

01:25:59,879 --> 01:25:57,909

had to fight them and now we got to go

1995

01:26:01,859 --> 01:25:59,889

fight Isis so then Russia says oh you

1996

01:26:04,049 --> 01:26:01,869

guys want to fight Isis here let us help

1997

01:26:06,000 --> 01:26:04,059

you and they went in there with Russian

1998

01:26:07,949 --> 01:26:06,010

airpower in about two weeks they did

1999

01:26:09,689 --> 01:26:07,959

more damage diocese than we've done over

2000

01:26:12,029 --> 01:26:09,699

the past two years because they were our

2001

01:26:14,279 --> 01:26:12,039

guys and we were stuck we couldn't

2002

01:26:16,139 --> 01:26:14,289

really we couldn't really attack Russia

2003

01:26:18,419 --> 01:26:16,149

and blame Russia because we couldn't

2004

01:26:21,540 --> 01:26:18,429

very well say hey you don't bother those

2005

01:26:23,310 --> 01:26:21,550

people those are our people no sir

2006

01:26:25,979 --> 01:26:23,320

so we were kind of caught now that's

2007

01:26:26,900 --> 01:26:25,989

what makes everybody mad at Russian all

2008

01:26:29,570 --> 01:26:26,910

they're doing is

2009

01:26:31,670 --> 01:26:29,580

what we were doing it's amazing but

2010

01:26:33,290 --> 01:26:31,680

nobody thinks clearly anymore they just

2011

01:26:36,680 --> 01:26:33,300

listen to the media and they just get

2012

01:26:39,800 --> 01:26:36,690

led around by the nose yeah and you said

2013

01:26:41,480 --> 01:26:39,810

earlier that the media is owned by five

2014

01:26:44,510 --> 01:26:41,490

different corporations or something like

2015

01:26:46,370 --> 01:26:44,520

that right yeah with interlocking boards

2016

01:26:48,500 --> 01:26:46,380

of directors and ownership which means

2017

01:26:50,870 --> 01:26:48,510

there's only a handful of people that

2018

01:26:52,520 --> 01:26:50,880

control everything you see in here and

2019

01:26:55,130 --> 01:26:52,530

I'm not just talking about news I'm

2020

01:26:58,370 --> 01:26:55,140

talking about movies magazines TV

2021

01:27:02,600 --> 01:26:58,380

satellite cable books publishing book

2022

01:27:04,820 --> 01:27:02,610

book clubs billboards magazines you name

2023

01:27:06,440 --> 01:27:04,830

it to give these five corporations and

2024

01:27:09,080 --> 01:27:06,450

this handful of people that control them

2025

01:27:11,420 --> 01:27:09,090

they they own it all that's why in this

2026

01:27:13,730 --> 01:27:11,430

election cycle you'd have to be a

2027

01:27:16,460 --> 01:27:13,740

not to understand that the media has all

2028

01:27:19,100 --> 01:27:16,470

been behind Hillary Clinton the mass

2029

01:27:21,830 --> 01:27:19,110

media the only place you hear any kind

2030

01:27:25,940 --> 01:27:21,840

of dissenting voices on alternative

2031

01:27:28,970 --> 01:27:25,950

media well and they're shutting that

2032

01:27:30,980 --> 01:27:28,980

down yeah I'm trying I'm trying not to

2033

01:27:33,530 --> 01:27:30,990

go political here because it's I know I

2034

01:27:36,740 --> 01:27:33,540

know I'm but anyway I think the world

2035

01:27:38,930 --> 01:27:36,750

does need I got it I got a correct

2036

01:27:41,120 --> 01:27:38,940

treasure one thing actually I'm with you

2037

01:27:42,920 --> 01:27:41,130

I I don't want you to go political and I

2038

01:27:45,190 --> 01:27:42,930

don't think we need to be talking about

2039

01:27:50,030 --> 01:27:45,200

political things but can we talk about

2040

01:27:52,250 --> 01:27:50,040

criminality I think it's very surely

2041

01:27:55,190 --> 01:27:52,260

talking about krill me creamy and creamy

2042

01:27:57,260 --> 01:27:55,200

out criminality can be considered a

2043

01:27:59,710 --> 01:27:57,270

topic worthy of public discussion I

2044

01:28:06,650 --> 01:27:59,720

think it's going to be tied into

2045

01:28:08,570 --> 01:28:06,660

political yeah well you know supposedly

2046

01:28:10,430 --> 01:28:08,580

we're a nation of law and if you break

2047

01:28:13,030 --> 01:28:10,440

the law and you're a law breaker and

2048

01:28:16,280 --> 01:28:13,040

you're supposed to be punished right but

2049

01:28:18,470 --> 01:28:16,290

yeah then well I mean you can go back to

2050

01:28:24,110 --> 01:28:18,480

big banking you can see all all the

2051

01:28:26,330 --> 01:28:24,120

different you know in the 2008 crash it

2052

01:28:31,310 --> 01:28:26,340

all it's all about influence and money

2053

01:28:34,820 --> 01:28:31,320

and yeah and exactly there's this more

2054

01:28:37,160 --> 01:28:34,830

than one set of rules I agree about that

2055

01:28:40,460 --> 01:28:37,170

and I also think the world could use a

2056

01:28:43,820 --> 01:28:40,470

really good media investigative

2057

01:28:45,350 --> 01:28:43,830

journalism like I think that people

2058

01:28:50,180 --> 01:28:45,360

would really get involved in that

2059

01:28:53,810 --> 01:28:50,190

someone that really is not afraid to ask

2060

01:28:55,880 --> 01:28:53,820

questions and write both a show we need

2061

01:28:59,090 --> 01:28:55,890

see but you don't see that anymore no

2062

01:29:00,740 --> 01:28:59,100

you don't you know you go back to the

2063

01:29:03,350 --> 01:29:00,750

latest of the earlier days and they were

2064

01:29:05,390 --> 01:29:03,360

out there it was a lot of that going on

2065

01:29:07,180 --> 01:29:05,400

and well that's because if you go back

2066

01:29:10,880 --> 01:29:07,190

and think of some of the late great

2067

01:29:14,810 --> 01:29:10,890

newscasters like Walter Cronkite and I

2068

01:29:16,580 --> 01:29:14,820

don't know the guys are on kera McNeil

2069

01:29:18,770 --> 01:29:16,590

lair

2070

01:29:19,870 --> 01:29:18,780

you know these guys if you go back you

2071

01:29:22,490 --> 01:29:19,880

find out that they were actually

2072

01:29:24,650 --> 01:29:22,500

educated and trained as journalists

2073

01:29:26,990 --> 01:29:24,660

first and foremost and then they

2074

01:29:28,640 --> 01:29:27,000

gravitated Muslims started in newspaper

2075

01:29:32,990 --> 01:29:28,650

and then most and then they gravitated

2076
01:29:35,180 --> 01:29:33,000
into TV and so anyway to begin with they

2077
01:29:38,240 --> 01:29:35,190
were good journalists we'll have that

2078
01:29:42,440 --> 01:29:38,250
today we all we have are the talking

2079
01:29:44,510 --> 01:29:42,450
heads that are the so called anchors in

2080
01:29:47,150 --> 01:29:44,520
Britain they call them presenters and

2081
01:29:49,160 --> 01:29:47,160
that's a much more correct title they

2082
01:29:51,320 --> 01:29:49,170
just read whatever is put in front of

2083
01:29:55,850 --> 01:29:51,330
them and then try to put a happy face on

2084
01:29:57,500 --> 01:29:55,860
you know so it's amazing that we

2085
01:29:58,610 --> 01:29:57,510
actually get any truth about anything

2086
01:30:02,270 --> 01:29:58,620
yeah

2087
01:30:04,130 --> 01:30:02,280
so we're getting toward where we can

2088
01:30:08,780 --> 01:30:04,140

wrap this up but you have anything going

2089

01:30:13,130 --> 01:30:08,790

on well uh next weekend I'm going to be

2090

01:30:14,480 --> 01:30:13,140

in Santa Clara for the alien con oh I

2091

01:30:17,000 --> 01:30:14,490

never even heard of that

2092

01:30:18,530 --> 01:30:17,010

oh well I hadn't either but they said

2093

01:30:22,700 --> 01:30:18,540

you need to come on out here and I said

2094

01:30:25,370 --> 01:30:22,710

okay so anyway holler at me I'll give

2095

01:30:27,410 --> 01:30:25,380

you a report once I get back okay and

2096

01:30:30,500 --> 01:30:27,420

how about books are you doing any more

2097

01:30:32,120 --> 01:30:30,510

writing oh yeah I got a new book in now

2098

01:30:33,500 --> 01:30:32,130

it's a little premature to be talking

2099

01:30:37,040 --> 01:30:33,510

about it because it's not going to be

2100

01:30:38,900 --> 01:30:37,050

won't be coming out until probably the

2101
01:30:40,940 --> 01:30:38,910
late spring or something like that so

2102
01:30:43,880 --> 01:30:40,950
but hey that give us another chance to

2103
01:30:46,880 --> 01:30:43,890
talk about more stuff right right but

2104
01:30:48,890 --> 01:30:46,890
it's been a real pleasure Jim I like I

2105
01:30:50,890 --> 01:30:48,900
said I've had people wanting to have you

2106
01:30:53,000 --> 01:30:50,900
on the show ever since day one and

2107
01:30:54,320 --> 01:30:53,010
you're a fun man to talk to

2108
01:30:56,120 --> 01:30:54,330
it's been a lot of fun I really

2109
01:30:59,480 --> 01:30:56,130
appreciator well it's quite all right

2110
01:31:01,910 --> 01:30:59,490
and I appreciate the opportunity to to

2111
01:31:04,790 --> 01:31:01,920
be with you Martin and let's do it again

2112
01:31:07,280 --> 01:31:04,800
sometime meanwhile meanwhile go to Jim

2113
01:31:10,580 --> 01:31:07,290

Marrs dot-com and you can see all my

2114

01:31:12,950 --> 01:31:10,590

books and all my DVDs and all my stories

2115

01:31:14,930 --> 01:31:12,960

that I posted probably you're not going

2116

01:31:18,610 --> 01:31:14,940

to find in the mainstream media and then

2117

01:31:24,400 --> 01:31:18,620

while you add it go to Battlefield Earth

2118

01:31:26,630 --> 01:31:24,410

comm and check out that audio book with

2119

01:31:28,550 --> 01:31:26,640

150,000 sound effects it's really

2120

01:31:30,850 --> 01:31:28,560

something that's something else and just

2121

01:31:34,580 --> 01:31:30,860

remember it's Mars spelled with two R's

2122

01:31:38,180 --> 01:31:34,590

Giff alright thanks so much Jim thank

2123

01:31:40,220 --> 01:31:38,190

you adios adios well that's it for the

2124

01:31:42,530 --> 01:31:40,230

show thanks so much for listening and

2125

01:31:45,320 --> 01:31:42,540

thank you for your patience again we'll

2126

01:31:47,900 --> 01:31:45,330

be back next week with Stan Freeman and
