

1
00:00:04,220 --> 00:00:02,450
and it hits me oh my gosh this is that

2
00:00:05,420 --> 00:00:04,230
triangle you know there's explanation

3
00:00:07,610 --> 00:00:05,430
for everything that appeared in the

4
00:00:10,129 --> 00:00:07,620
Rendlesham forest incident that involved

5
00:00:13,480 --> 00:00:10,139
aliens at all it was completely silent

6
00:00:16,760 --> 00:00:13,490
it comes right over our head it's so

7
00:00:18,380 --> 00:00:16,770
toxic he's also really standing in the

8
00:00:20,090 --> 00:00:18,390
clearing he turned over to my father

9
00:00:25,880 --> 00:00:20,100
held his hand and it looks in his eyes

10
00:00:28,490 --> 00:00:25,890
and said we're not alone welcome to

11
00:00:30,890 --> 00:00:28,500

and tonight we have a couple of guests

20

00:00:53,930 --> 00:00:50,969

coming up we have Ben moss and Tony

21

00:00:55,340 --> 00:00:53,940

angie ola and we're gonna be talking

22

00:00:58,610 --> 00:00:55,350

about a little bit about the Socorro

23

00:01:01,430 --> 00:00:58,620

case and so much more it should be an

24

00:01:04,399 --> 00:01:01,440

entertaining show those guys are a lot

25

00:01:07,490 --> 00:01:04,409

of fun and for that we have Alejandro

26

00:01:09,109 --> 00:01:07,500

Rojas coming up with the news if you

27

00:01:11,780 --> 00:01:09,119

support the show I want to thank you

28

00:01:14,510 --> 00:01:11,790

very much and if you're thinking about

29

00:01:16,340 --> 00:01:14,520

support supporting the show the benefit

30

00:01:19,130 --> 00:01:16,350

is you get to listen to the full two

31

00:01:20,929 --> 00:01:19,140

hours and all the archives and it's a

32

00:01:23,510 --> 00:01:20,939

one-time sign up it's pretty easy and

33

00:01:26,330 --> 00:01:23,520

for two dollars or more per month I

34

00:01:29,840 --> 00:01:26,340

guess that's it alejandro we in the

35

00:01:32,510 --> 00:01:29,850

united states have a new president we do

36

00:01:37,819 --> 00:01:32,520

we do and i don't know about you i

37

00:01:40,100 --> 00:01:37,829

stayed up really last night so yeah it

38

00:01:45,410 --> 00:01:40,110

happened and it it's going to be a very

39

00:01:50,149 --> 00:01:45,420

interesting ride however long it lasts

40

00:01:53,060 --> 00:01:50,159

it will but that is one thing that i've

41

00:01:55,480 --> 00:01:53,070

already agreed with a few people is it

42

00:01:58,789 --> 00:01:55,490

will definitely be definitely be

43

00:02:02,510 --> 00:01:58,799

interesting anything going on in the UFO

44

00:02:04,850 --> 00:02:02,520

world yeah i mean speaking of stories

45

00:02:07,100 --> 00:02:04,860

that we've posted that are just as

46

00:02:08,600 --> 00:02:07,110

they've been reported and we'll see

47

00:02:10,580 --> 00:02:08,610

these ones haven't been picked up by the

48

00:02:12,199 --> 00:02:10,590

tabloids and turned into something

49

00:02:13,430 --> 00:02:12,209

different because they're really going

50

00:02:16,430 --> 00:02:13,440

crazy with that

51
00:02:19,820 --> 00:02:16,440
why and story still funny out there yeah

52
00:02:21,200 --> 00:02:19,830
it's popping up all over this this alien

53
00:02:24,860 --> 00:02:21,210
base it's turned into this Hawaiian

54
00:02:28,430 --> 00:02:24,870
alien base story when it was innocently

55
00:02:30,320 --> 00:02:28,440
just a photo posted to move on by

56
00:02:31,820 --> 00:02:30,330
someone and the guy even said it might

57
00:02:35,570 --> 00:02:31,830
have been some kind of piece of junk on

58
00:02:38,030 --> 00:02:35,580
my lens or a bit of my training or it

59
00:02:41,720 --> 00:02:38,040
could have been a bird but now you know

60
00:02:44,450 --> 00:02:41,730
if you google Hawaiian UFO you'll get

61
00:02:48,440 --> 00:02:44,460
the story about how it's an alien base

62
00:02:50,480 --> 00:02:48,450
so these that luckily haven't happened

63
00:02:53,690 --> 00:02:50,490

yet but though this one is pretty

64

00:02:55,910 --> 00:02:53,700

fascinating you know all on its own this

65

00:02:58,250 --> 00:02:55,920

is a sighting that was reported to move

66

00:03:03,080 --> 00:02:58,260

on the incident took place on October

67

00:03:05,660 --> 00:03:03,090

22nd at 8 p.m. where this witness a

68

00:03:10,280 --> 00:03:05,670

white triangle that they said was well

69

00:03:13,760 --> 00:03:10,290

defined with a red globe at its base

70

00:03:15,830 --> 00:03:13,770

that's kind of strange they said they

71

00:03:19,040 --> 00:03:15,840

saw it for about 20 minutes it remained

72

00:03:21,490 --> 00:03:19,050

stationary it they described it as

73

00:03:24,680 --> 00:03:21,500

looking like two long white fluorescent

74

00:03:26,390 --> 00:03:24,690

bulbs configured in such a way that it

75

00:03:29,390 --> 00:03:26,400

gave the appearance of a triangle shape

76

00:03:31,820 --> 00:03:29,400

with a red light at its base the

77

00:03:34,040 --> 00:03:31,830

interior appeared darker than the

78

00:03:38,510 --> 00:03:34,050

lighted objects when they looked at it

79

00:03:40,490 --> 00:03:38,520

with an 8 x power binoculars and it's

80

00:03:43,280 --> 00:03:40,500

fun with this because the person

81

00:03:45,770 --> 00:03:43,290

submitted pictures some people get are I

82

00:03:47,600 --> 00:03:45,780

mean drawings I should say not pictures

83

00:03:49,790 --> 00:03:47,610

some people get frustrated were there

84

00:03:52,100 --> 00:03:49,800

drawing pictures but not everybody can

85

00:03:53,690 --> 00:03:52,110

get pictures and you know even if there

86

00:03:56,300 --> 00:03:53,700

are pictures I think it's helpful to

87

00:03:59,060 --> 00:03:56,310

have drawings of what the perception

88

00:04:00,820 --> 00:03:59,070

from the witness is because often as we

89

00:04:03,880 --> 00:04:00,830

know the pictures don't turn out to be

90

00:04:07,580 --> 00:04:03,890

anything like what they said they saw

91

00:04:10,940 --> 00:04:07,590

hmm good point and the perspectives are

92

00:04:12,350 --> 00:04:10,950

can always be different as well from yep

93

00:04:14,390 --> 00:04:12,360

you know especially if you're taking it

94

00:04:16,940 --> 00:04:14,400

with a I phone camera or something like

95

00:04:19,699 --> 00:04:16,950

that yep exactly

96

00:04:22,250 --> 00:04:19,709

so the MUFON guys you know did look it

97

00:04:24,409 --> 00:04:22,260

over I don't know that they came up with

98

00:04:26,990 --> 00:04:24,419

a conclusion not that I read I might

99

00:04:29,330 --> 00:04:27,000

have missed it but they're still

100

00:04:31,760 --> 00:04:29,340

investigating but they did they best far

101
00:04:34,880 --> 00:04:31,770
have not found you know anything to be

102
00:04:36,740 --> 00:04:34,890
in that area that it could have been and

103
00:04:38,840 --> 00:04:36,750
I don't even know if I mentioned where

104
00:04:40,670 --> 00:04:38,850
but this is in Florida and this was a

105
00:04:43,969 --> 00:04:40,680
couple of people who saw this was this

106
00:04:46,100 --> 00:04:43,979
was in Bradenton Florida so yeah this

107
00:04:48,020 --> 00:04:46,110
was pretty interesting you know the area

108
00:04:51,200 --> 00:04:48,030
yeah my aunt lived there for years I

109
00:04:54,590 --> 00:04:51,210
know that whole area has built up really

110
00:04:56,330 --> 00:04:54,600
fast uh-huh for like a whole over 30

111
00:05:00,310 --> 00:04:56,340
years it's like every time I've seen it

112
00:05:03,020 --> 00:05:00,320
it's changed it's very very busy area

113
00:05:05,690 --> 00:05:03,030

I'm highly populated bursting at the

114

00:05:08,800 --> 00:05:05,700

seams really mm-hmm

115

00:05:11,690 --> 00:05:08,810

yep Florida supposed to be a nice area I

116

00:05:14,510 --> 00:05:11,700

mean I loved it when I went to the MUFON

117

00:05:16,790 --> 00:05:14,520

symposium recently it was beautiful so

118

00:05:19,820 --> 00:05:16,800

green and the weather was great it was

119

00:05:22,070 --> 00:05:19,830

really nice although sometimes you got

120

00:05:24,860 --> 00:05:22,080

to watch out for that the the wildlife

121

00:05:30,050 --> 00:05:24,870

the large reptilian wildlife in the area

122

00:05:30,950 --> 00:05:30,060

yeah alligators mm-hmm right so what

123

00:05:34,760 --> 00:05:30,960

else is going on

124

00:05:40,219 --> 00:05:34,770

so another one this happened on October

125

00:05:43,100 --> 00:05:40,229

28th at 7:45 p.m. and this one I I don't

126
00:05:46,070 --> 00:05:43,110
know why when I read it and especially

127
00:05:49,219 --> 00:05:46,080
the witness testimony I can tell their

128
00:05:51,860 --> 00:05:49,229
excitement you know it was a couple

129
00:05:53,810 --> 00:05:51,870
years ago move on did kind of a play

130
00:05:57,020 --> 00:05:53,820
where they read deeds but everybody just

131
00:06:00,310 --> 00:05:57,030
kind of read them and I think they they

132
00:06:03,200 --> 00:06:00,320
could have infused some more excitement

133
00:06:04,700 --> 00:06:03,210
into it so I'm gonna kind of do that

134
00:06:10,130 --> 00:06:04,710
here for you okay

135
00:06:12,830 --> 00:06:10,140
sad okay let's see here I saw a strange

136
00:06:15,110 --> 00:06:12,840
object right in front of me in the sky

137
00:06:17,150 --> 00:06:15,120
that was sitting still I thought it was

138
00:06:19,490 --> 00:06:17,160

a plane but it was too close to the

139

00:06:23,029 --> 00:06:19,500

ground to be a plane so I rolled my

140

00:06:26,839 --> 00:06:23,039

window down to listen just to be sure it

141

00:06:29,900 --> 00:06:26,849

began to slowly end and an extremely

142

00:06:32,240 --> 00:06:29,910

smooth and constant speed fly over my

143

00:06:34,520 --> 00:06:32,250

car heading the opposite direction of me

144

00:06:37,460 --> 00:06:34,530

as it passed overhead I saw that it had

145

00:06:40,779 --> 00:06:37,470

three red lights on all three corners

146

00:06:43,400 --> 00:06:40,789

and the front one was blink

147

00:06:45,290 --> 00:06:43,410

how was that that was really good

148

00:06:49,070 --> 00:06:45,300

I was ready to do sound effects but you

149

00:06:54,860 --> 00:06:49,080

didn't say you heard anything yeah no

150

00:06:56,570 --> 00:06:54,870

and then I heard a loud noise noise he

151

00:06:58,040 --> 00:06:56,580

didn't really hear a loud noise okay

152

00:07:02,390 --> 00:06:58,050

they didn't hear any noise which is an

153

00:07:04,040 --> 00:07:02,400

important part of it so it just said you

154

00:07:06,499 --> 00:07:04,050

know it was moving very quickly

155

00:07:08,420 --> 00:07:06,509

another triangular-shaped object it

156

00:07:12,290 --> 00:07:08,430

didn't make any noise like a jet should

157

00:07:14,990 --> 00:07:12,300

make a noise so it the interesting part

158

00:07:17,659 --> 00:07:15,000

of this is just yet again another

159

00:07:20,150 --> 00:07:17,669

triangular craft this person saying it

160

00:07:25,010 --> 00:07:20,160

was at about treetop level so that's

161

00:07:28,850 --> 00:07:25,020

pretty small that flew over his car and

162

00:07:31,580 --> 00:07:28,860

in the wilds of Georgia Moultrie Georgia

163

00:07:35,510 --> 00:07:31,590

well the southern states a couple of

164

00:07:40,990 --> 00:07:35,520

them huh yeah so is there anything else

165

00:07:47,120 --> 00:07:44,719

nothing at all nothing at all well no I

166

00:07:51,969 --> 00:07:47,130

guess I get those are all those just a

167

00:07:56,000 --> 00:07:51,979

couple sightings that that's about oh

168

00:07:58,070 --> 00:07:56,010

yeah otherwise same old same old no big

169

00:07:59,750 --> 00:07:58,080

news but I'm sure if you looked at the

170

00:08:00,800 --> 00:07:59,760

tabloids you would find something

171

00:08:06,529 --> 00:08:00,810

extraordinary

172

00:08:09,830 --> 00:08:06,539

aliens eating the heads off of innocent

173

00:08:13,700 --> 00:08:09,840

bystanders here and there's some

174

00:08:15,409 --> 00:08:13,710

craziness yeah yeah well I think you're

175

00:08:18,260 --> 00:08:15,419

right how you comment know what you

176
00:08:21,200 --> 00:08:18,270
commented on earlier that you know you

177
00:08:23,290 --> 00:08:21,210
just have to we just have to keep our

178
00:08:27,080 --> 00:08:23,300
side of the road clean basically and you

179
00:08:29,089 --> 00:08:27,090
know you can't control tabloids or

180
00:08:31,159 --> 00:08:29,099
anyone that is trying to make a splash

181
00:08:33,440 --> 00:08:31,169
out there and it's too bad it just

182
00:08:35,120 --> 00:08:33,450
muddies the waters as far as people

183
00:08:37,899 --> 00:08:35,130
taking this whole thing seriously or not

184
00:08:42,159 --> 00:08:37,909
let's do that mm-hmm

185
00:08:44,780 --> 00:08:42,169
yeah yeah what can you do except for

186
00:08:47,540 --> 00:08:44,790
what we try to do which is try to lay

187
00:08:52,370 --> 00:08:47,550
down the information and what we know

188
00:08:53,240 --> 00:08:52,380

out there with sources in credibility so

189

00:08:55,100 --> 00:08:53,250

because

190

00:08:57,500 --> 00:08:55,110

really that the ceiling is kind of well

191

00:08:59,630 --> 00:08:57,510

you know it can stick around mythology's

192

00:09:01,790 --> 00:08:59,640

do stick around so at least there is a

193

00:09:04,340 --> 00:09:01,800

source for something more credible and I

194

00:09:07,100 --> 00:09:04,350

I know I get feedback that that people

195

00:09:10,790 --> 00:09:07,110

appreciate that so thank you very much

196

00:09:12,920 --> 00:09:10,800

to two people who do contact us and and

197

00:09:15,740 --> 00:09:12,930

do appreciate that because you know what

198

00:09:18,590 --> 00:09:15,750

it's harder to look for the facts and to

199

00:09:20,870 --> 00:09:18,600

research and find sources and it is just

200

00:09:22,640 --> 00:09:20,880

to make stuff up yeah or make

201
00:09:25,130 --> 00:09:22,650
assumptions now that's the easy road

202
00:09:27,650 --> 00:09:25,140
yeah all right man well thanks a lot and

203
00:09:28,520 --> 00:09:27,660
we'll be talking to next week thank you

204
00:09:30,290 --> 00:09:28,530
talk to you next week

205
00:09:31,940 --> 00:09:30,300
all right everyone hang in there for

206
00:09:59,319 --> 00:09:31,950
this quick music break we'll be right

207
00:11:02,430 --> 00:10:56,990
you

208
00:11:08,810 --> 00:11:02,440
it going good

209
00:11:11,310 --> 00:11:08,820
then you there I'm here hey I was wrong

210
00:11:14,490 --> 00:11:11,320
let's see I bet you guys a couple of

211
00:11:17,040 --> 00:11:14,500
times heaven I think both two years in a

212
00:11:18,780 --> 00:11:17,050
row out in Phoenix yeah at least a

213
00:11:20,490 --> 00:11:18,790

couple three times right yeah we'll be

214

00:11:22,710 --> 00:11:20,500

out there again we're gonna we'll see

215

00:11:24,630 --> 00:11:22,720

out there in February yeah I can't wait

216

00:11:25,740 --> 00:11:24,640

such a nice time we're gonna really

217

00:11:27,120 --> 00:11:25,750

we're gonna really do an interview with

218

00:11:29,940 --> 00:11:27,130

you then only we're gonna do the

219

00:11:33,810 --> 00:11:29,950

interviewing yeah I'm you're doing a

220

00:11:36,270 --> 00:11:33,820

show now actually we did you you and I

221

00:11:38,760 --> 00:11:36,280

the three of us kind of clowned around

222

00:11:41,040 --> 00:11:38,770

and did like a couple of interviews but

223

00:11:44,160 --> 00:11:41,050

you've actually built on that a little

224

00:11:46,040 --> 00:11:44,170

bit and our doing some type of video

225

00:11:49,860 --> 00:11:46,050

what is it that you're doing exactly

226

00:11:51,950 --> 00:11:49,870

yeah we call it the UFO guys and we got

227

00:11:58,380 --> 00:11:51,960

our first sample up on our website at

228

00:12:00,060 --> 00:11:58,390

wwlp.com you can click on on pictures or

229

00:12:02,100 --> 00:12:00,070

click on new pictures that are taking

230

00:12:04,830 --> 00:12:02,110

it'll take you straight to the page that

231

00:12:06,870 --> 00:12:04,840

we now have the new pictures from

232

00:12:08,910 --> 00:12:06,880

Greensboro North Carolina where Ben

233

00:12:12,420 --> 00:12:08,920

interviews Travis Walton Nick Redfern

234

00:12:14,970 --> 00:12:12,430

and Tom Reed ah okay and that by the way

235

00:12:19,110 --> 00:12:14,980

that's Tony that's speaking right there

236

00:12:20,850 --> 00:12:19,120

and you guys are a lot of fun I had a

237

00:12:24,600 --> 00:12:20,860

lot of fun hanging out with you that was

238

00:12:29,040 --> 00:12:24,610

just a blast and oh that's why the heavy

239

00:12:30,720 --> 00:12:29,050

drinking and drugs will do I'm not sure

240

00:12:33,900 --> 00:12:30,730

how much of a part of that I was but

241

00:12:37,340 --> 00:12:33,910

anyway I observe the Mortons doing bad

242

00:12:39,810 --> 00:12:37,350

bills and the aspirin yeah that's right

243

00:12:42,360 --> 00:12:39,820

Flintstone vitamins about as heavy duty

244

00:12:44,040 --> 00:12:42,370

as I get it these days you can't go

245

00:12:47,070 --> 00:12:44,050

wrong we were talking about anal probes

246

00:12:50,400 --> 00:12:47,080

and implants right I think that's what

247

00:12:54,060 --> 00:12:50,410

it was like that's what I was so moving

248

00:12:56,970 --> 00:12:54,070

right along here you you guys you got

249

00:13:01,230 --> 00:12:56,980

really into it now actually we met also

250

00:13:04,860 --> 00:13:01,240

at Ray Stanford's house back in is that

251
00:13:07,010 --> 00:13:04,870
I want to say 2014 or is it 2015

252
00:13:10,970 --> 00:13:07,020
maybe 2005

253
00:13:13,730 --> 00:13:10,980
I think it was early 2015 or late 2014 I

254
00:13:15,470 --> 00:13:13,740
can't remember but yeah it was a good

255
00:13:17,270 --> 00:13:15,480
time he did your show from there yeah

256
00:13:19,250 --> 00:13:17,280
that's right it was so blistering hot

257
00:13:23,710 --> 00:13:19,260
remember that yeah

258
00:13:27,020 --> 00:13:23,720
oh yeah but you were really now you had

259
00:13:29,330 --> 00:13:27,030
when I had talked to you you were going

260
00:13:30,830 --> 00:13:29,340
to erase all the time you're not how

261
00:13:33,650 --> 00:13:30,840
long does it take you to get there

262
00:13:37,220 --> 00:13:33,660
you're not that far away right we're

263
00:13:38,870 --> 00:13:37,230

about 45 minutes away roughly we took a

264

00:13:40,880 --> 00:13:38,880

break lately because I've been studying

265

00:13:43,910 --> 00:13:40,890

Ben's been working and Ray's been

266

00:13:46,640 --> 00:13:43,920

working with Goddard on the new on the

267

00:13:49,940 --> 00:13:46,650

Goddard slab yeah and what the Goddard

268

00:13:51,500 --> 00:13:49,950

slab is is basically a dinosaur tracks

269

00:13:54,340 --> 00:13:51,510

and there's some all kinds of

270

00:13:57,500 --> 00:13:54,350

discoveries in this one great big slab

271

00:14:00,260 --> 00:13:57,510

it's it's real important and there's

272

00:14:01,970 --> 00:14:00,270

really not much to say right now until

273

00:14:04,160 --> 00:14:01,980

some it's going to be a scientific paper

274

00:14:05,570 --> 00:14:04,170

published and everything else is going

275

00:14:07,130 --> 00:14:05,580

to be a lot of publicity about Ray

276

00:14:11,690 --> 00:14:07,140

doesn't really want anyone to talk about

277

00:14:14,510 --> 00:14:11,700

it yet but he has done it's funny either

278

00:14:16,460 --> 00:14:14,520

looking at UFOs up in the sky or looking

279

00:14:20,660 --> 00:14:16,470

down on the ground he's going to real

280

00:14:22,760 --> 00:14:20,670

keen eye to catch these dinosaur tracks

281

00:14:25,880 --> 00:14:22,770

and it's really he's gotten quite a

282

00:14:27,560 --> 00:14:25,890

great worldwide reputation pretty

283

00:14:29,990 --> 00:14:27,570

amazing yeah when he when he had that a

284

00:14:32,960 --> 00:14:30,000

Washington Post reporter that wrote that

285

00:14:35,240 --> 00:14:32,970

article about him in 2012 ray dragged

286

00:14:38,240 --> 00:14:35,250

him down to the creek behind his house

287

00:14:40,670 --> 00:14:38,250

and found some dinosaur bones down there

288

00:14:41,930 --> 00:14:40,680

by the creek and the guy was just really

289

00:14:43,850 --> 00:14:41,940

impressed he kept picking up things

290

00:14:47,900 --> 00:14:43,860

going is this a dinosaur bone I was like

291

00:14:49,700 --> 00:14:47,910

no that's mud but but yeah he proved it

292

00:14:52,850 --> 00:14:49,710

when he was out with this guy I think

293

00:14:55,310 --> 00:14:52,860

they found a claw or something from a

294

00:14:57,800 --> 00:14:55,320

notice or it's pretty interesting Wow

295

00:14:59,720 --> 00:14:57,810

Wow amazing he also that you know you

296

00:15:02,210 --> 00:14:59,730

know he's got that amazing collection of

297

00:15:04,430 --> 00:15:02,220

pre-columbian artifacts and vessels and

298

00:15:06,140 --> 00:15:04,440

probably the largest look better than

299

00:15:08,060 --> 00:15:06,150

the Smithsonian has I believe yeah when

300

00:15:09,140 --> 00:15:08,070

the Smithsonian guy come out comes over

301
00:15:10,370 --> 00:15:09,150
he always says he's got a better

302
00:15:14,810 --> 00:15:10,380
collection he has back at the

303
00:15:18,680 --> 00:15:14,820
Smithsonian Wow yeah yeah it is being in

304
00:15:20,090 --> 00:15:18,690
the kind of nd I am a slightly involved

305
00:15:22,579 --> 00:15:20,100
in ancient arts you know

306
00:15:24,769 --> 00:15:22,589
ancient pre-columbian pieces and I do a

307
00:15:29,180 --> 00:15:24,779
lot of appraisals working on one right

308
00:15:31,460 --> 00:15:29,190
now actually Peruvian and all but it was

309
00:15:35,749 --> 00:15:31,470
just fascinating really fascinating to

310
00:15:38,030 --> 00:15:35,759
get to go to his place but Socorro you

311
00:15:39,980 --> 00:15:38,040
have I don't want to say taken the reins

312
00:15:44,680 --> 00:15:39,990
but you've actually taken a strong

313
00:15:49,670 --> 00:15:44,690

interest in keeping that story alive and

314

00:15:53,030 --> 00:15:49,680

and you you've done presentations more

315

00:15:55,280 --> 00:15:53,040

than one on this haven't you yeah we

316

00:15:57,730 --> 00:15:55,290

just got back from Orlando we did a

317

00:16:00,170 --> 00:15:57,740

presentation there of the Socorro

318

00:16:02,720 --> 00:16:00,180

landing which a lot of people

319

00:16:05,120 --> 00:16:02,730

misunderstand and called the Socorro

320

00:16:06,769 --> 00:16:05,130

crash we have to always correct people

321

00:16:08,870 --> 00:16:06,779

and remind them that it was a landing

322

00:16:11,569 --> 00:16:08,880

that a police officer witnessed and saw

323

00:16:14,240 --> 00:16:11,579

take off it was at the yeah the 2016

324

00:16:15,259 --> 00:16:14,250

MUFON symposium and we had a good time

325

00:16:17,930 --> 00:16:15,269

as a great turnout

326

00:16:19,309 --> 00:16:17,940

we saw Alejandro down there a lot of a

327

00:16:23,870 --> 00:16:19,319

lot of old friends we haven't seen in a

328

00:16:26,480 --> 00:16:23,880

while and we also filmed thinks yeah we

329

00:16:27,379 --> 00:16:26,490

filmed with NASA's unexplained files on

330

00:16:29,269 --> 00:16:27,389

the Discovery Channel

331

00:16:32,240 --> 00:16:29,279

um they haven't released those episodes

332

00:16:34,280 --> 00:16:32,250

yet so I think it's the next season

333

00:16:35,809 --> 00:16:34,290

which might be season 5 I think it is

334

00:16:37,280 --> 00:16:35,819

and they're gonna hopefully you know

335

00:16:39,350 --> 00:16:37,290

give us a heads up we'll put links up on

336

00:16:42,079 --> 00:16:39,360

our website for those who want to

337

00:16:43,579 --> 00:16:42,089

directly access those those episodes

338

00:16:46,129 --> 00:16:43,589

uh-huh

339

00:16:47,809 --> 00:16:46,139

just to let listening the live listening

340

00:16:50,600 --> 00:16:47,819

the audience know that I'm not able to

341

00:16:52,790 --> 00:16:50,610

take phone calls this evening I had to

342

00:16:54,079 --> 00:16:52,800

switch my Skype address we had trouble

343

00:16:57,769 --> 00:16:54,089

with them I don't know what's going on

344

00:16:59,480 --> 00:16:57,779

with my regular Skype account but had to

345

00:17:01,309 --> 00:16:59,490

switch to a different Skype account to

346

00:17:03,590 --> 00:17:01,319

get this show I mean we just barely came

347

00:17:07,760 --> 00:17:03,600

on the air just you know and just barely

348

00:17:09,380 --> 00:17:07,770

made it live however if later on if you

349

00:17:12,159 --> 00:17:09,390

wanted to Skype you all you have to do

350

00:17:14,960 --> 00:17:12,169

is the contact name is podcast you fo

351

00:17:16,640 --> 00:17:14,970

for the Skype name but I don't have a

352

00:17:19,130 --> 00:17:16,650

Skype number attached to this particular

353

00:17:20,750 --> 00:17:19,140

Skype account so no phone calls but you

354

00:17:23,840 --> 00:17:20,760

could Skype in if you wanted to you can

355

00:17:26,480 --> 00:17:23,850

also go in our chat room at podcast UFO

356

00:17:28,789 --> 00:17:26,490

comm it's a real easy one-click sign up

357

00:17:30,950 --> 00:17:28,799

or two click sign up and you can pose

358

00:17:32,899 --> 00:17:30,960

questions we have some couple new people

359

00:17:33,720 --> 00:17:32,909

in there tonight you can pose questions

360

00:17:36,570 --> 00:17:33,730

for

361

00:17:38,340 --> 00:17:36,580

Tony and Ben as we go along something

362

00:17:41,250 --> 00:17:38,350

new I've talked about recently as I

363

00:17:46,740 --> 00:17:41,260

reopened after after getting over

364

00:17:48,480 --> 00:17:46,750

spammed I've reopened the forum and the

365

00:17:52,409 --> 00:17:48,490

forum used to be real active when it

366

00:17:54,120 --> 00:17:52,419

first started I have a forum in there

367

00:17:55,500 --> 00:17:54,130

where you can actually pose questions

368

00:17:57,779 --> 00:17:55,510

for our guests so we have a couple of

369

00:18:00,149 --> 00:17:57,789

questions that will be coming up for our

370

00:18:03,060 --> 00:18:00,159

guests you can also email me questions

371

00:18:04,470 --> 00:18:03,070

if you choose I'd rather get the forum

372

00:18:10,889 --> 00:18:04,480

going but if you want to email me that's

373

00:18:13,259 --> 00:18:10,899

martinet podcast UFO calm so when you

374

00:18:14,669 --> 00:18:13,269

have been looking now I know you

375

00:18:17,159 --> 00:18:14,679

actually went to Socorro because I

376

00:18:19,259 --> 00:18:17,169

remember we talked about that and you

377

00:18:22,980 --> 00:18:19,269

have really been looking deeply into

378

00:18:25,379 --> 00:18:22,990

this case now there any new revelations

379

00:18:26,909 --> 00:18:25,389

that you have found but first of all

380

00:18:29,490 --> 00:18:26,919

before we get into any of that can you

381

00:18:31,710 --> 00:18:29,500

for the listener that is not real

382

00:18:33,680 --> 00:18:31,720

familiar with Socorro case which it does

383

00:18:38,100 --> 00:18:33,690

seem to come up quite a bit on this show

384

00:18:40,919 --> 00:18:38,110

as one of the most substantial cases out

385

00:18:44,220 --> 00:18:40,929

there with such a great witness Lonnie

386

00:18:47,549 --> 00:18:44,230

Zamora can you in a nutshell one of you

387

00:18:49,680 --> 00:18:47,559

Tony or been talk about what actually

388

00:18:52,519 --> 00:18:49,690

happened at Sakura back in I want to say

389

00:18:56,430 --> 00:18:52,529

1965 I would be wrong what's the date

390

00:18:58,860 --> 00:18:56,440

1964 April 24th all right so go ahead

391

00:19:01,470 --> 00:18:58,870

want to be if you can tell the listening

392

00:19:04,649 --> 00:19:01,480

audience exactly what happened

393

00:19:07,259 --> 00:19:04,659

yeah Lonnie Zamora was on random Patrol

394

00:19:09,180 --> 00:19:07,269

a speeder passed and he started

395

00:19:11,340 --> 00:19:09,190

following the speeder and as he went out

396

00:19:14,399 --> 00:19:11,350

on this road that we drove down we drove

397

00:19:17,460 --> 00:19:14,409

the route that we think he took but he

398

00:19:21,120 --> 00:19:17,470

saw a blue flame and something crossing

399

00:19:22,649 --> 00:19:21,130

the sky there was a roaring sound so he

400

00:19:25,470 --> 00:19:22,659

started following that he didn't know

401
00:19:27,210 --> 00:19:25,480
what was going on but with the roar he

402
00:19:29,070 --> 00:19:27,220
knows that this thing was near the

403
00:19:31,200 --> 00:19:29,080
dynamite Shack so he was worried that

404
00:19:34,500 --> 00:19:31,210
maybe that thing there might be some

405
00:19:37,919 --> 00:19:34,510
trouble so he went up this road which is

406
00:19:40,259 --> 00:19:37,929
really bad I beat my rental car when we

407
00:19:42,180 --> 00:19:40,269
went up at but and it's the same today

408
00:19:44,789 --> 00:19:42,190
as it was in he goes up the road takes

409
00:19:46,200 --> 00:19:44,799
him three tries he crest the hill right

410
00:19:47,070 --> 00:19:46,210
before he crests the hill he sees an

411
00:19:49,620 --> 00:19:47,080
object with

412
00:19:52,769 --> 00:19:49,630
two figures next to it small figures and

413
00:19:54,570 --> 00:19:52,779

first he thinks it's a over turn van or

414

00:19:56,580 --> 00:19:54,580

something then when he gets up over the

415

00:20:00,720 --> 00:19:56,590

hill he sees it's a white egg-shaped

416

00:20:04,130 --> 00:20:00,730

object on four landing struts and the

417

00:20:07,259 --> 00:20:04,140

two small beans he saw next to it had

418

00:20:09,480 --> 00:20:07,269

disappeared and he heard two Slams like

419

00:20:12,960 --> 00:20:09,490

a inner and outer hull door slamming and

420

00:20:16,740 --> 00:20:12,970

then the object started roaring again

421

00:20:20,299 --> 00:20:16,750

and he when he hit the dirt and then he

422

00:20:23,700 --> 00:20:20,309

got back up and the object became silent

423

00:20:25,860 --> 00:20:23,710

retracted it's for landing gear he saw a

424

00:20:27,539 --> 00:20:25,870

symbol on the side which we've been

425

00:20:30,990 --> 00:20:27,549

going back and forth with Kevin Randall

426
00:20:32,909 --> 00:20:31,000
on the symbol but anyway it lifted up an

427
00:20:35,610 --> 00:20:32,919
intern silent and started heading

428
00:20:37,830 --> 00:20:35,620
towards the perlite mills in Socorro the

429
00:20:41,340 --> 00:20:37,840
mountain range and accelerating all the

430
00:20:43,919 --> 00:20:41,350
while and as a police officer reported

431
00:20:47,100 --> 00:20:43,929
it right away another police officer

432
00:20:48,750 --> 00:20:47,110
showed up we think he saw it too but

433
00:20:52,799 --> 00:20:48,760
what's interesting when you asked about

434
00:20:54,779 --> 00:20:52,809
updates we we did find that there was

435
00:20:57,029 --> 00:20:54,789
another the police had talked about

436
00:21:00,000 --> 00:20:57,039
another landing of this craft near the

437
00:21:02,190 --> 00:21:00,010
canal at Socorro then we got Kevin

438
00:21:03,360 --> 00:21:02,200

Randall involved and Kevin there were

439

00:21:05,039 --> 00:21:03,370

some things that we say in our

440

00:21:07,879 --> 00:21:05,049

presentation we just don't have time to

441

00:21:10,649 --> 00:21:07,889

go into the detail so he he checked on

442

00:21:13,580 --> 00:21:10,659

the fact that three people did report

443

00:21:16,289 --> 00:21:13,590

seeing the blue flame before Lonnie's a

444

00:21:18,750 --> 00:21:16,299

account happened and he actually found

445

00:21:20,899 --> 00:21:18,760

that holder had said that was true they

446

00:21:27,090 --> 00:21:20,909

just didn't make police reports and then

447

00:21:29,519 --> 00:21:27,100

he got a hold of Morano where Bob Mercer

448

00:21:32,279 --> 00:21:29,529

Ohio State MUFON gentleman got those

449

00:21:34,320 --> 00:21:32,289

files as kind of blue book files that

450

00:21:37,139 --> 00:21:34,330

were missing from the whole oh yeah case

451
00:21:40,200 --> 00:21:37,149
files and so we we've got a hold of

452
00:21:43,529 --> 00:21:40,210
those and so Kevin Randall actually got

453
00:21:45,539 --> 00:21:43,539
a hold of lieutenant Morano who those

454
00:21:47,340 --> 00:21:45,549
files came from did make sure he wanted

455
00:21:48,720 --> 00:21:47,350
to he found out he was alive first of

456
00:21:50,070 --> 00:21:48,730
all but he wanted to make sure that the

457
00:21:54,299 --> 00:21:50,080
Providence was there that these were

458
00:21:56,519 --> 00:21:54,309
actually blue book notes and turns out

459
00:21:57,910 --> 00:21:56,529
they were not part of the files but they

460
00:22:01,299 --> 00:21:57,920
were probably written by the

461
00:22:03,210 --> 00:22:01,309
the Bluebook people hmm so there's a lot

462
00:22:07,000 --> 00:22:03,220
of before we get a lot of things like

463
00:22:10,000 --> 00:22:07,010

separated from where there wouldn't be

464

00:22:13,030 --> 00:22:10,010

any access to to it or what do you mean

465

00:22:14,560 --> 00:22:13,040

by that well as Ray would say there's a

466

00:22:16,000 --> 00:22:14,570

lot of details missing from the official

467

00:22:17,890 --> 00:22:16,010

report the fact that Lonnie hit the

468

00:22:20,770 --> 00:22:17,900

ground there's a lot of things missing

469

00:22:22,570 --> 00:22:20,780

the blue flame the the evidence the

470

00:22:24,400 --> 00:22:22,580

metal and the rock that was found there

471

00:22:26,169 --> 00:22:24,410

there's just so much it was missing that

472

00:22:27,760 --> 00:22:26,179

these could have been notes that they

473

00:22:30,070 --> 00:22:27,770

just didn't want in there or were

474

00:22:32,950 --> 00:22:30,080

written by people and never associated

475

00:22:34,210 --> 00:22:32,960

with the file but the box of material

476

00:22:36,789 --> 00:22:34,220

you got was very interesting it had

477

00:22:39,549 --> 00:22:36,799

footage old UFO footage I think the

478

00:22:41,020 --> 00:22:39,559

original trimming ttan footage from I

479

00:22:44,230 --> 00:22:41,030

think that was Michigan of the object

480

00:22:45,490 --> 00:22:44,240

flying really fast in the sky so Kevin

481

00:22:47,830 --> 00:22:45,500

did a really good job you know it's a

482

00:22:50,049 --> 00:22:47,840

pretty thorough guy of verifying a lot

483

00:22:51,880 --> 00:22:50,059

of the data that we came up with and

484

00:22:54,310 --> 00:22:51,890

there were some it's just some new

485

00:22:55,870 --> 00:22:54,320

things that have come about all the

486

00:22:58,419 --> 00:22:55,880

police officers admitted that they had

487

00:22:59,830 --> 00:22:58,429

seen this object they just didn't report

488

00:23:02,680 --> 00:22:59,840

it because they saw the way that Lonnie

489

00:23:06,970 --> 00:23:02,690

Zamora was treated mm-hmm someone just

490

00:23:09,789 --> 00:23:06,980

posted on the on the message board why

491

00:23:11,680 --> 00:23:09,799

would a ET craft use propulsion that

492

00:23:15,370 --> 00:23:11,690

produced a blue flame that's just plain

493

00:23:17,140 --> 00:23:15,380

stupid what's your cousin that's yeah

494

00:23:22,600 --> 00:23:17,150

like you know that stupid is as stupid

495

00:23:24,640 --> 00:23:22,610

does um how do we know you know why

496

00:23:27,280 --> 00:23:24,650

wasn't out red while wasn't it green you

497

00:23:29,110 --> 00:23:27,290

know it's like blue seems to be inviting

498

00:23:31,299 --> 00:23:29,120

them I think any plane at all is what he

499

00:23:33,159 --> 00:23:31,309

was getting at but I'm not sure yeah I

500

00:23:35,350 --> 00:23:33,169

mean it wasn't necessarily a flame we

501
00:23:38,169 --> 00:23:35,360
call it a flame so how it was described

502
00:23:39,909 --> 00:23:38,179
but it's quite likely that it would

503
00:23:42,100 --> 00:23:39,919
could have been like the release of us

504
00:23:44,710 --> 00:23:42,110
like a subatomic particle inventing so

505
00:23:47,980 --> 00:23:44,720
to speak because this flame it knifed

506
00:23:50,020 --> 00:23:47,990
into the ground slicing a crea si si

507
00:23:53,680 --> 00:23:50,030
Bush you know right in half and it takes

508
00:23:56,380 --> 00:23:53,690
a lot of a lot of heat to do that and it

509
00:23:57,820 --> 00:23:56,390
kind of changed the the soil a little

510
00:24:02,320 --> 00:23:57,830
bit there because even when Ben and I

511
00:24:05,409 --> 00:24:02,330
went to visit the ground zero area we

512
00:24:09,250 --> 00:24:05,419
noticed that where the flame was

513
00:24:10,870 --> 00:24:09,260

reported the the the sound was was

514

00:24:13,060 --> 00:24:10,880

noticeably different

515

00:24:15,160 --> 00:24:13,070

brighter whites you know it almost felt

516

00:24:16,630 --> 00:24:15,170

a little bit different then people were

517

00:24:18,760 --> 00:24:16,640

asking us why don't you bring some fat

518

00:24:20,200 --> 00:24:18,770

back and it's funny cuz it's like you

519

00:24:21,190 --> 00:24:20,210

get wrapped up in the moment and stuff

520

00:24:22,750 --> 00:24:21,200

and like there's really nothing to

521

00:24:24,130 --> 00:24:22,760

discover I mean other than the fact that

522

00:24:25,390 --> 00:24:24,140

the texture feels a little bit different

523

00:24:27,760 --> 00:24:25,400

it looks a little bit different than the

524

00:24:29,380 --> 00:24:27,770

surrounding soil but there's there's no

525

00:24:32,880 --> 00:24:29,390

radiation left there there's really

526

00:24:35,380 --> 00:24:32,890

nothing - it's really analyzed but

527

00:24:37,150 --> 00:24:35,390

that's why it was blue because that's

528

00:24:39,250 --> 00:24:37,160

what it was reported Lonnie did a really

529

00:24:40,840 --> 00:24:39,260

good job reporting that it was blue we

530

00:24:43,960 --> 00:24:40,850

can only speculate that as possibly

531

00:24:45,580 --> 00:24:43,970

subatomic particles being released you

532

00:24:47,830 --> 00:24:45,590

know there's a roaring sound there's a

533

00:24:49,720 --> 00:24:47,840

different Drive it seems like when it

534

00:24:52,150 --> 00:24:49,730

reached a certain elevation because it

535

00:24:54,130 --> 00:24:52,160

went completely silent when against the

536

00:24:56,710 --> 00:24:54,140

wind that was gusting up to 40 miles per

537

00:24:58,450 --> 00:24:56,720

hour towards the perlite mill so there's

538

00:25:00,150 --> 00:24:58,460

a lot of really you know interesting

539

00:25:03,670 --> 00:25:00,160

facts and he reported a lot of this

540

00:25:06,010 --> 00:25:03,680

immediately in Spanish you know right

541

00:25:10,240 --> 00:25:06,020

after the craft left me a radio show or

542

00:25:12,280 --> 00:25:10,250

something right on the yeah you

543

00:25:15,490 --> 00:25:12,290

mentioned that on Walters Road a radio

544

00:25:16,810 --> 00:25:15,500

show but he was on the CB radio back to

545

00:25:20,080 --> 00:25:16,820

you know his headquarters when he was

546

00:25:22,960 --> 00:25:20,090

talking about what he had seen yeah let

547

00:25:25,090 --> 00:25:22,970

me add that you know just like when we

548

00:25:26,950 --> 00:25:25,100

go to the moon we have one craft that

549

00:25:29,620 --> 00:25:26,960

gets us there and another one with the

550

00:25:31,660 --> 00:25:29,630

you know maybe two different types of

551
00:25:35,230 --> 00:25:31,670
propulsion to get you to land and take

552
00:25:39,120 --> 00:25:35,240
off but the Socorro craft was a blue

553
00:25:41,980 --> 00:25:39,130
knifing probably more like a you know

554
00:25:46,060 --> 00:25:41,990
what a photon engine would look like it

555
00:25:48,400 --> 00:25:46,070
was not a propellant based propulsion so

556
00:25:50,920 --> 00:25:48,410
that pretty much ruled out any type of

557
00:25:53,200 --> 00:25:50,930
black project or anything and most

558
00:25:55,390 --> 00:25:53,210
people assume it was the the lunar

559
00:25:58,060 --> 00:25:55,400
module but the lunar module didn't have

560
00:26:01,000 --> 00:25:58,070
an internal engine in 64 there were no

561
00:26:04,750 --> 00:26:01,010
black projects the FBI CIA and White

562
00:26:06,820 --> 00:26:04,760
House were all asking Hector quintanilla

563
00:26:08,410 --> 00:26:06,830

to get he gave top-secret clearance so

564

00:26:10,180 --> 00:26:08,420

he could get all these bases because he

565

00:26:12,760 --> 00:26:10,190

thought this thing was in a hangar in

566

00:26:14,650 --> 00:26:12,770

the base somewhere and and lieutenant

567

00:26:16,720 --> 00:26:14,660

holder a captain holder was up range

568

00:26:18,820 --> 00:26:16,730

commander of white sands he knew it was

569

00:26:20,740 --> 00:26:18,830

flying around there Bell Labs Hughes

570

00:26:22,480 --> 00:26:20,750

Aircraft all these company said it's not

571

00:26:23,000 --> 00:26:22,490

ours we didn't have anything flying that

572

00:26:26,090 --> 00:26:23,010

day

573

00:26:28,159 --> 00:26:26,100

so by process of elimination you know

574

00:26:29,930 --> 00:26:28,169

our conclusion was it's a non humid

575

00:26:32,419 --> 00:26:29,940

event we just don't know where it came

576
00:26:34,700 --> 00:26:32,429
from or what it was but the technology

577
00:26:36,710 --> 00:26:34,710
is still something that it with those

578
00:26:38,450 --> 00:26:36,720
characteristics today we don't build

579
00:26:40,340 --> 00:26:38,460
crafts like that we don't have crafts

580
00:26:42,470 --> 00:26:40,350
that can do that we don't have as Ray

581
00:26:44,539 --> 00:26:42,480
would say midgets as black project

582
00:26:46,640 --> 00:26:44,549
pilots you know there's a lot of things

583
00:26:48,530 --> 00:26:46,650
about the case that just never added up

584
00:26:51,710 --> 00:26:48,540
plus it's still an unknown it was never

585
00:26:53,750 --> 00:26:51,720
solved and Hector really really wanted

586
00:26:56,030 --> 00:26:53,760
to solve it and he hoped it was a black

587
00:27:00,110 --> 00:26:56,040
project but he never found evidence of

588
00:27:03,440 --> 00:27:00,120

that so the blue flame you know I think

589

00:27:05,270 --> 00:27:03,450

you've ever seen it like a a plasma

590

00:27:06,980 --> 00:27:05,280

engine that's what it probably looked

591

00:27:09,380 --> 00:27:06,990

like which is not really a flame at all

592

00:27:12,530 --> 00:27:09,390

it's like a blue beam almost you know

593

00:27:18,080 --> 00:27:12,540

that's uh that that's yeah I agree with

594

00:27:20,450 --> 00:27:18,090

that now everyone that has ever been on

595

00:27:22,760 --> 00:27:20,460

the show has all said the same thing

596

00:27:27,190 --> 00:27:22,770

that the witnesses do not get better

597

00:27:30,500 --> 00:27:27,200

than Lonnie's and Zamora and I know that

598

00:27:34,940 --> 00:27:30,510

he he mentioned that Ray's ray

599

00:27:36,590 --> 00:27:34,950

Stanford's book a God we're gonna get it

600

00:27:40,669 --> 00:27:36,600

wrong flying saucer in the Pentagon

601
00:27:44,870 --> 00:27:40,679

Papers thank you

602
00:27:46,669 --> 00:27:44,880

Ray's book was a Lonnie Zamora told his

603
00:27:49,280 --> 00:27:46,679

daughter that that was the best account

604
00:27:51,770 --> 00:27:49,290

that anyone had written about what

605
00:27:53,810 --> 00:27:51,780

actually happened now I do want to talk

606
00:27:57,530 --> 00:27:53,820

to you about you just mentioned the look

607
00:27:59,060 --> 00:27:57,540

a few minutes ago about the the symbol

608
00:28:00,919 --> 00:27:59,070

on the side because it seems like that's

609
00:28:03,140 --> 00:28:00,929

been I don't want to say a bone of

610
00:28:07,549 --> 00:28:03,150

contention but it's been something

611
00:28:12,590 --> 00:28:07,559

that's been focused on a lot over with

612
00:28:16,159 --> 00:28:12,600

Ray and and holder's son involved I

613
00:28:19,030 --> 00:28:16,169

believe and a few few other people it's

614

00:28:23,330 --> 00:28:19,040

been kind of controversial and I

615

00:28:26,930 --> 00:28:23,340

understand that Lonnie had written down

616

00:28:30,020 --> 00:28:26,940

the symbol I guess right shortly after

617

00:28:34,220 --> 00:28:30,030

the incident and then he was told a few

618

00:28:36,450 --> 00:28:34,230

days later to change the symbol so there

619

00:28:38,660 --> 00:28:36,460

wasn't any type of copycat or

620

00:28:41,520 --> 00:28:38,670

type of situation where someone could

621

00:28:44,430 --> 00:28:41,530

say hoax something or say that they

622

00:28:48,720 --> 00:28:44,440

witnessed it when indeed the symbol was

623

00:28:51,720 --> 00:28:48,730

would be different so that being said

624

00:28:55,500 --> 00:28:51,730

have you come to any saw the conclusion

625

00:28:57,750 --> 00:28:55,510

about what the symbol actually was yeah

626

00:29:00,090 --> 00:28:57,760

um you know I've been a lot of people

627

00:29:02,220 --> 00:29:00,100

getting really heated about the symbol

628

00:29:05,370 --> 00:29:02,230

and the first thing I want to say about

629

00:29:07,710 --> 00:29:05,380

it is you know the symbols not that

630

00:29:09,450 --> 00:29:07,720

important because what is important is a

631

00:29:13,080 --> 00:29:09,460

something amazing did happen that's

632

00:29:15,360 --> 00:29:13,090

obviously otherworldly but you know they

633

00:29:17,250 --> 00:29:15,370

like to you know nitpick little things

634

00:29:18,990 --> 00:29:17,260

like the symbol and which one was it how

635

00:29:20,520 --> 00:29:19,000

about the fact that there was a symbol

636

00:29:22,650 --> 00:29:20,530

there was something seen on the craft

637

00:29:24,480 --> 00:29:22,660

that this amazing thing happened it

638

00:29:27,300 --> 00:29:24,490

landed it took off look at all the facts

639

00:29:30,780 --> 00:29:27,310

all the hard evidence that that it is

640

00:29:32,610 --> 00:29:30,790

very reliable this symbol was obvious

641

00:29:34,860 --> 00:29:32,620

skated obviously if you really you know

642

00:29:36,750 --> 00:29:34,870

just put your detective hat on - you

643

00:29:38,670 --> 00:29:36,760

know detect hoaxers and people calling

644

00:29:40,410 --> 00:29:38,680

and saying I saw it - and if they

645

00:29:42,050 --> 00:29:40,420

described the wrong symbol then the Air

646

00:29:44,400 --> 00:29:42,060

Force would know not to waste their time

647

00:29:47,070 --> 00:29:44,410

investigating that the fact of the

648

00:29:49,170 --> 00:29:47,080

matter is is that everybody knew what

649

00:29:51,240 --> 00:29:49,180

Lonnie saw because he told everybody he

650

00:29:52,950 --> 00:29:51,250

drew it for people even Walter Schroeder

651
00:29:54,360 --> 00:29:52,960
knew that it was an inverted V with

652
00:29:56,100 --> 00:29:54,370
three lines through it Lonnie was

653
00:29:57,810 --> 00:29:56,110
drawing in on napkins and you know

654
00:29:59,550 --> 00:29:57,820
everyone in town knew what it was and

655
00:30:01,290 --> 00:29:59,560
then the Air Force came and came up with

656
00:30:04,680 --> 00:30:01,300
this whole thing about using a different

657
00:30:07,620 --> 00:30:04,690
symbol for those reasons and then even

658
00:30:08,850 --> 00:30:07,630
ray initially thought that the inverted

659
00:30:11,490 --> 00:30:08,860
V with the three lines through it was

660
00:30:13,080 --> 00:30:11,500
incorrect and he even documented it in

661
00:30:14,760 --> 00:30:13,090
his report saying that this is the wrong

662
00:30:19,020 --> 00:30:14,770
symbol then later changed his mind when

663
00:30:22,740 --> 00:30:19,030

you realize that pre the official symbol

664

00:30:25,050 --> 00:30:22,750

that Lonnie had to sign before he he

665

00:30:27,180 --> 00:30:25,060

signed that little drawing that he did

666

00:30:29,780 --> 00:30:27,190

not make that was not done in his in his

667

00:30:32,490 --> 00:30:29,790

handwriting it was only his signature

668

00:30:34,080 --> 00:30:32,500

before that symbol came about everyone

669

00:30:36,360 --> 00:30:34,090

was already talking about an inverted V

670

00:30:38,910 --> 00:30:36,370

with three lines through it so this

671

00:30:40,020 --> 00:30:38,920

umbrella looking arched shaped thing

672

00:30:43,110 --> 00:30:40,030

with an arrow in it and all that

673

00:30:44,760 --> 00:30:43,120

elaborateness that that's not the right

674

00:30:47,010 --> 00:30:44,770

symbol and we've been going in circles

675

00:30:49,650 --> 00:30:47,020

about this and everyone's getting all

676

00:30:51,690 --> 00:30:49,660

fired up about it but uh I like

677

00:30:53,730 --> 00:30:51,700

say is don't worry about it don't worry

678

00:30:55,710 --> 00:30:53,740

about the symbol exactly what it was

679

00:30:57,330 --> 00:30:55,720

that's not what we should be focusing on

680

00:30:59,430 --> 00:30:57,340

I think it was a radiation symbol I

681

00:31:02,850 --> 00:30:59,440

don't think it was you know could have

682

00:31:05,280 --> 00:31:02,860

been the V was showing the location of

683

00:31:07,710 --> 00:31:05,290

the thruster and the three bars are a

684

00:31:10,860 --> 00:31:07,720

universal symbol for radioactivity if it

685

00:31:13,800 --> 00:31:10,870

was red red is a universal symbol for

686

00:31:16,710 --> 00:31:13,810

probably danger because red is hot fires

687

00:31:19,100 --> 00:31:16,720

red things that hurt you a red but I

688

00:31:21,690 --> 00:31:19,110

think it was an e to jose symbol

689

00:31:24,210 --> 00:31:21,700

galactic galactic version of it

690

00:31:26,310 --> 00:31:24,220

Hynek drouth symbol in the archives that

691

00:31:28,650 --> 00:31:26,320

Rey found inverted V with three bars

692

00:31:30,960 --> 00:31:28,660

also I don't know how you can come up

693

00:31:34,200 --> 00:31:30,970

with that if the other symbol was a true

694

00:31:37,470 --> 00:31:34,210

symbol holder admitted to a Sun that he

695

00:31:40,890 --> 00:31:37,480

had Lonnie changed the symbol so I just

696

00:31:42,210 --> 00:31:40,900

think that this you know there's there's

697

00:31:43,650 --> 00:31:42,220

a couple things wrong with this little

698

00:31:45,150 --> 00:31:43,660

scrap of paper first of all it looks

699

00:31:48,270 --> 00:31:45,160

like the corner of a newspaper and

700

00:31:49,950 --> 00:31:48,280

Lonnie had you know police dispatched

701
00:31:51,240 --> 00:31:49,960
paper and note paper and all kinds of

702
00:31:54,000 --> 00:31:51,250
different things that he would have

703
00:31:55,860 --> 00:31:54,010
drawn it on I think that he probably

704
00:31:57,690 --> 00:31:55,870
drew the right symbol but then they -

705
00:32:00,300 --> 00:31:57,700
you know I said no and tore a piece of

706
00:32:02,460 --> 00:32:00,310
paper and said we're gonna draw the

707
00:32:05,100 --> 00:32:02,470
symbol you sign it and as you know as an

708
00:32:08,340 --> 00:32:05,110
Army veteran you need to you know follow

709
00:32:11,280 --> 00:32:08,350
what we say and be you know patriotic so

710
00:32:12,690 --> 00:32:11,290
we could be wrong but I think the

711
00:32:14,970 --> 00:32:12,700
evidence points more towards the

712
00:32:16,200 --> 00:32:14,980
inverted V D with three bars and that

713
00:32:18,600 --> 00:32:16,210

what's interesting is that symbol

714

00:32:22,080 --> 00:32:18,610

doesn't really show up anywhere in any

715

00:32:24,480 --> 00:32:22,090

type of alchemy or ancient symbols there

716

00:32:26,520 --> 00:32:24,490

are things that are close but I think it

717

00:32:29,460 --> 00:32:26,530

just might be a danger don't stand here

718

00:32:31,530 --> 00:32:29,470

a radiation type thing on the side of

719

00:32:34,140 --> 00:32:31,540

the craft how deeply did you search that

720

00:32:35,960 --> 00:32:34,150

symbol like through you know like

721

00:32:39,300 --> 00:32:35,970

trademarks and things like that as well

722

00:32:42,060 --> 00:32:39,310

well yeah it showed up in several

723

00:32:42,480 --> 00:32:42,070

newspapers days after the event drew

724

00:32:49,590 --> 00:32:42,490

power

725

00:32:51,660 --> 00:32:49,600

to find out if that was a little Ani

726

00:32:54,750 --> 00:32:51,670

star that looks a lot more like this

727

00:32:56,970 --> 00:32:54,760

fake symbol they drew an astro power you

728

00:32:59,340 --> 00:32:56,980

know as we were investigating and not

729

00:33:00,960 --> 00:32:59,350

making any crafts they just made

730

00:33:03,750 --> 00:33:00,970

software

731

00:33:05,340 --> 00:33:03,760

there was no symbol like that every

732

00:33:07,530 --> 00:33:05,350

used on a vehicle that has ever been

733

00:33:11,460 --> 00:33:07,540

built we usually put the American flag

734

00:33:13,440 --> 00:33:11,470

on our space vehicles but yeah just

735

00:33:16,410 --> 00:33:13,450

there there's inverted V isn't theirs

736

00:33:17,970 --> 00:33:16,420

inverted V with a dot in it and there's

737

00:33:21,180 --> 00:33:17,980

there's things that are close but

738

00:33:24,180 --> 00:33:21,190

nothing like that and I just think it's

739

00:33:25,860 --> 00:33:24,190

a simple warning or you know could be

740

00:33:28,470 --> 00:33:25,870

their national symbol or something but

741

00:33:30,600 --> 00:33:28,480

from a practical standpoint I think it's

742

00:33:32,790 --> 00:33:30,610

a warning about where that thruster is

743

00:33:36,150 --> 00:33:32,800

because it did radiate the ground for

744

00:33:38,880 --> 00:33:36,160

one day there was fog film and we did

745

00:33:40,800 --> 00:33:38,890

show a clip from Ray's video that he

746

00:33:42,840 --> 00:33:40,810

gave us permission to show where Hynek

747

00:33:45,210 --> 00:33:42,850

says the film was indeed fogged and

748

00:33:46,740 --> 00:33:45,220

that's why they didn't return it to Ted

749

00:33:48,750 --> 00:33:46,750

Jordan after he took the pictures with

750

00:33:50,780 --> 00:33:48,760

his polaroid and then the next day there

751
00:33:52,950 --> 00:33:50,790
was no radiation so you're talking about

752
00:33:55,010 --> 00:33:52,960
unusual right really activity with a

753
00:33:57,900 --> 00:33:55,020
very short half-life and I don't know

754
00:33:59,850 --> 00:33:57,910
much radioactivity that would behave

755
00:34:03,660 --> 00:33:59,860
like that fog film one day and the next

756
00:34:06,720 --> 00:34:03,670
day have nothing at all there now ray

757
00:34:09,720 --> 00:34:06,730
often is listening to the show and he's

758
00:34:10,680 --> 00:34:09,730
probably listening this evening I don't

759
00:34:13,560 --> 00:34:10,690
know if you've spoken to him recently

760
00:34:17,659 --> 00:34:13,570
but I would guess that he's probably

761
00:34:20,940 --> 00:34:17,669
listening but already hey ray

762
00:34:23,159 --> 00:34:20,950
the visit that I had down there I saw

763
00:34:26,430 --> 00:34:23,169

and I believe was something like 120

764

00:34:28,320 --> 00:34:26,440

days later after the incident he went to

765

00:34:31,830 --> 00:34:28,330

the dynamite Shack the area the landing

766

00:34:34,159 --> 00:34:31,840

area and for perspective he had a friend

767

00:34:39,090 --> 00:34:34,169

that was with him stand near the

768

00:34:42,000 --> 00:34:39,100

dynamite Shack and took a picture so he

769

00:34:44,970 --> 00:34:42,010

was looking through these the different

770

00:34:46,320 --> 00:34:44,980

Socorro pictures just I don't know what

771

00:34:50,129 --> 00:34:46,330

a couple years ago or something like

772

00:34:55,950 --> 00:34:50,139

that and I was oh and something caught

773

00:34:57,690 --> 00:34:55,960

his eye and he blew up in the picture he

774

00:35:01,710 --> 00:34:57,700

never noticed it before but blew up in

775

00:35:07,380 --> 00:35:01,720

the picture and I saw this with my own

776

00:35:09,000 --> 00:35:07,390

eyes it really looks like exactly what

777

00:35:10,920 --> 00:35:09,010

people were saying the crack I mean

778

00:35:14,760 --> 00:35:10,930

Lonnie Zamora said the craft looked like

779

00:35:16,380 --> 00:35:14,770

in the air above the dynamite Shack over

780

00:35:19,090 --> 00:35:16,390

you know in the distance

781

00:35:21,250 --> 00:35:19,100

I'm sure you saw this picture I wanted

782

00:35:22,870 --> 00:35:21,260

to get your thoughts oh we've seen this

783

00:35:26,530 --> 00:35:22,880

picture many times and we're not allowed

784

00:35:28,060 --> 00:35:26,540

to be excited about anymore ray

785

00:35:31,180 --> 00:35:28,070

downplayed it the last time he was

786

00:35:33,340 --> 00:35:31,190

interviewed but he's gonna kill me for

787

00:35:34,870 --> 00:35:33,350

saying this but ray we are just excited

788

00:35:37,740 --> 00:35:34,880

as you are about and we understand why

789

00:35:40,150 --> 00:35:37,750

you're downplaying it but he is

790

00:35:41,680 --> 00:35:40,160

ridiculous yeah he is you know he's so

791

00:35:45,250 --> 00:35:41,690

careful before you know Ray's

792

00:35:47,440 --> 00:35:45,260

credibility is very important and he

793

00:35:50,380 --> 00:35:47,450

wants to make sure that it is in fact

794

00:35:52,720 --> 00:35:50,390

you know what it appears to be before he

795

00:35:54,370 --> 00:35:52,730

releases it and before he gets too

796

00:35:55,930 --> 00:35:54,380

excited about it or before he lets us

797

00:35:57,430 --> 00:35:55,940

get too excited about it

798

00:36:00,790 --> 00:35:57,440

even though he'll probably tell you that

799

00:36:02,110 --> 00:36:00,800

we're too excited about it already but I

800

00:36:03,610 --> 00:36:02,120

understand why he's doing that because

801
00:36:05,080 --> 00:36:03,620
he wants to make sure that you know when

802
00:36:07,930 --> 00:36:05,090
he gets the negative and compares it to

803
00:36:09,250 --> 00:36:07,940
the print that there's no aberrations or

804
00:36:12,490 --> 00:36:09,260
smudges or anything that it could

805
00:36:14,860 --> 00:36:12,500
possibly be because he had another

806
00:36:16,420 --> 00:36:14,870
photograph that you know was suspected

807
00:36:19,090 --> 00:36:16,430
to be something interesting and it

808
00:36:21,940 --> 00:36:19,100
turned out to be just a strange artifact

809
00:36:24,010 --> 00:36:21,950
of a processing of the of the film and

810
00:36:26,110 --> 00:36:24,020
the print and all this but the very

811
00:36:27,550 --> 00:36:26,120
distinctive and you saw this what was

812
00:36:29,650 --> 00:36:27,560
very distinctive about this photo is

813
00:36:31,630 --> 00:36:29,660

that the object in the sky looks very

814

00:36:35,110 --> 00:36:31,640

reminiscent to a lawn you described and

815

00:36:37,270 --> 00:36:35,120

it had legs coming off of it right and

816

00:36:38,650 --> 00:36:37,280

and then the disc and and it was like

817

00:36:42,370 --> 00:36:38,660

shaped I mean it's exactly the way

818

00:36:44,500 --> 00:36:42,380

tilted it wasn't like exactly it was it

819

00:36:46,240 --> 00:36:44,510

could fly aerodynamic right it was

820

00:36:49,060 --> 00:36:46,250

tilted just like Lyon mentioned it was

821

00:36:50,650 --> 00:36:49,070

tilted on the ground so and also in the

822

00:36:52,510 --> 00:36:50,660

distance or there's other objects that

823

00:36:54,340 --> 00:36:52,520

are further out so so the the object

824

00:36:57,820 --> 00:36:54,350

with the legs down is about a half a

825

00:36:59,050 --> 00:36:57,830

mile away and then the other objects are

826

00:37:01,960 --> 00:36:59,060

you know about two miles you know

827

00:37:03,820 --> 00:37:01,970

further away but yeah I mean it's an

828

00:37:06,580 --> 00:37:03,830

amazing photograph I look forward to the

829

00:37:08,950 --> 00:37:06,590

day when ray can say that conclusively

830

00:37:09,850 --> 00:37:08,960

that you know it is what it is and we

831

00:37:11,950 --> 00:37:09,860

can talk about it again

832

00:37:14,260 --> 00:37:11,960

as a matter of fact it was your podcast

833

00:37:16,230 --> 00:37:14,270

radio show when he first I think talked

834

00:37:20,080 --> 00:37:16,240

about it right I think so

835

00:37:22,180 --> 00:37:20,090

yeah that's what he did on naps yeah

836

00:37:26,660 --> 00:37:22,190

George Knapp show too but that was when

837

00:37:28,640 --> 00:37:26,670

the the blog went bananas and

838

00:37:30,770 --> 00:37:28,650

Ben was Ben was fighting with people for

839

00:37:32,210 --> 00:37:30,780

like months about it and I kind of wish

840

00:37:36,320 --> 00:37:32,220

that it was never mentioned because it

841

00:37:38,000 --> 00:37:36,330

wasn't something we could just yeah

842

00:37:41,480 --> 00:37:38,010

please don't hate us we're just doing

843

00:37:45,230 --> 00:37:41,490

the best we can I mean the picture

844

00:37:47,000 --> 00:37:45,240

itself is a confirmation to me that

845

00:37:49,070 --> 00:37:47,010

ronnie was incredibly accurate because

846

00:37:51,890 --> 00:37:49,080

his description is right on that's about

847

00:37:54,230 --> 00:37:51,900

probably 12 feet long egg shaped you can

848

00:37:56,480 --> 00:37:54,240

see several of the struts coming out off

849

00:37:58,310 --> 00:37:56,490

of it I don't think that's an artifact

850

00:38:01,400 --> 00:37:58,320

and it's only 0.6 miles from the camera

851

00:38:03,680 --> 00:38:01,410

but it if that's really is an object in

852

00:38:05,630 --> 00:38:03,690

the sky then Lonnie was very accurate

853

00:38:07,970 --> 00:38:05,640

the event probably happened exactly like

854

00:38:09,920 --> 00:38:07,980

you said it did because he was a pretty

855

00:38:11,330 --> 00:38:09,930

upstanding guy he thought that you know

856

00:38:13,480 --> 00:38:11,340

I think he talked to his priest right

857

00:38:15,710 --> 00:38:13,490

after he thought it was demonic and

858

00:38:17,600 --> 00:38:15,720

Chavez was convinced that as a black

859

00:38:19,610 --> 00:38:17,610

project both of which it didn't turn out

860

00:38:22,670 --> 00:38:19,620

to be but you know it's just

861

00:38:24,710 --> 00:38:22,680

confirmation kind of a lucky thing and

862

00:38:26,240 --> 00:38:24,720

and if he did capture that in the

863

00:38:28,250 --> 00:38:26,250

background it's just like the police

864

00:38:30,620 --> 00:38:28,260

officers said the things were flying

865

00:38:33,290 --> 00:38:30,630

around all the time and this time frame

866

00:38:35,240 --> 00:38:33,300

and what's interesting is the the place

867

00:38:37,820 --> 00:38:35,250

had disappeared up into the perlite

868

00:38:39,560 --> 00:38:37,830

Mills and the mountains up there that

869

00:38:42,290 --> 00:38:39,570

area is owned by the army it's

870

00:38:44,300 --> 00:38:42,300

off-limits it's not talked about but

871

00:38:45,860 --> 00:38:44,310

there's a gate around that whole area

872

00:38:47,810 --> 00:38:45,870

you cannot get in the air but that's

873

00:38:50,150 --> 00:38:47,820

somebody that actually I think worked

874

00:38:52,610 --> 00:38:50,160

out there right we met somebody in

875

00:38:54,470 --> 00:38:52,620

Florida that ran into Lonnie and the guy

876

00:38:57,170 --> 00:38:54,480

was a radiation expert and Lonnie was

877

00:38:59,150 --> 00:38:57,180

asking him if he possibly could have

878

00:39:01,700 --> 00:38:59,160

caught radiation this is well after the

879

00:39:03,200 --> 00:39:01,710

event and so the gentleman you know

880

00:39:04,790 --> 00:39:03,210

heard the story for the first time

881

00:39:06,740 --> 00:39:04,800

figured out the direction that thing

882

00:39:09,590 --> 00:39:06,750

went drove up in the mountains because

883

00:39:12,050 --> 00:39:09,600

he worked at white sands and and got

884

00:39:14,000 --> 00:39:12,060

denied when he ran into a gate and turns

885

00:39:17,330 --> 00:39:14,010

out that whole area up there is

886

00:39:19,520 --> 00:39:17,340

off-limits to anybody but the military

887

00:39:21,200 --> 00:39:19,530

gee that almost makes you one I don't

888

00:39:25,160 --> 00:39:21,210

know how this thing could possibly be

889

00:39:27,140 --> 00:39:25,170

military in 1964 you know it just

890

00:39:30,920 --> 00:39:27,150

doesn't make any sense but it makes you

891

00:39:32,870 --> 00:39:30,930

wonder being that close to a base you

892

00:39:36,320 --> 00:39:32,880

know especially a one-off you know I

893

00:39:38,720 --> 00:39:36,330

mean well-protected base like that well

894

00:39:40,070 --> 00:39:38,730

maybe if they were landing and coming

895

00:39:41,720 --> 00:39:40,080

out of that area maybe

896

00:39:44,630 --> 00:39:41,730

found something really interesting and

897

00:39:47,060 --> 00:39:44,640

decided to grab the whole area and

898

00:39:49,220 --> 00:39:47,070

explore why they may have been using

899

00:39:52,370 --> 00:39:49,230

that as a base that's just speculation

900

00:39:54,980 --> 00:39:52,380

on my part but there might be something

901
00:39:56,930 --> 00:39:54,990
unusual up there you never know there is

902
00:39:59,390 --> 00:39:56,940
uranium in that area I don't know if

903
00:40:01,130 --> 00:39:59,400
there was a big pocket up there but they

904
00:40:03,200 --> 00:40:01,140
were there for some kind of reason so

905
00:40:04,070 --> 00:40:03,210
maybe they're one of the reasons is up

906
00:40:06,770 --> 00:40:04,080
in those mountains

907
00:40:09,740 --> 00:40:06,780
I always makes me wonder about hot spots

908
00:40:13,310 --> 00:40:09,750
you hear about hot spots and what makes

909
00:40:16,130 --> 00:40:13,320
a UFO show up at the same place you know

910
00:40:19,400 --> 00:40:16,140
multiple times it's like a huge possibly

911
00:40:21,500 --> 00:40:19,410
ninth parallel ya know there's that

912
00:40:24,530 --> 00:40:21,510
swath of land that goes around the

913
00:40:26,390 --> 00:40:24,540

planet that seems to it's a certain

914

00:40:28,340 --> 00:40:26,400

longitude and latitude that seems to

915

00:40:30,500 --> 00:40:28,350

chug the cup you wrote a book on them

916

00:40:32,180 --> 00:40:30,510

yeah it seems to be a lot of activity

917

00:40:34,210 --> 00:40:32,190

within that band i'ma know if there's a

918

00:40:37,460 --> 00:40:34,220

lot of ley lines there or magnetic

919

00:40:39,850 --> 00:40:37,470

faults or whatever but you know there

920

00:40:42,620 --> 00:40:39,860

are areas that seem to be attractors and

921

00:40:45,230 --> 00:40:42,630

what kills me is when we get cases where

922

00:40:47,120 --> 00:40:45,240

people go this shows up all the time and

923

00:40:49,640 --> 00:40:47,130

they're not filming it using a cell

924

00:40:51,710 --> 00:40:49,650

phone to take pictures like come on man

925

00:40:53,900 --> 00:40:51,720

you got for me to really want to come

926
00:40:55,400 --> 00:40:53,910
out there and look at this thing closely

927
00:40:57,020 --> 00:40:55,410
you got to send me some film that

928
00:40:59,240 --> 00:40:57,030
reminds me of a quick segue if you don't

929
00:41:01,520 --> 00:40:59,250
mind we recently ran into our friend

930
00:41:02,840 --> 00:41:01,530
Chris Bledsoe senior in North Carolina

931
00:41:04,340 --> 00:41:02,850
he showed us some really interesting

932
00:41:06,380 --> 00:41:04,350
photographs he took on his cell phone

933
00:41:08,240 --> 00:41:06,390
and like Ben just said he's one of those

934
00:41:09,980 --> 00:41:08,250
folks that are saying these things are

935
00:41:11,690 --> 00:41:09,990
happening all the time and his property

936
00:41:14,840 --> 00:41:11,700
so we're gonna make plans hopefully soon

937
00:41:15,380 --> 00:41:14,850
to investigate that area and see what we

938
00:41:19,100 --> 00:41:15,390

can find

939

00:41:25,130 --> 00:41:19,110

Oh interesting how far away are you from

940

00:41:28,070 --> 00:41:25,140

from bludso five hours by that's not a

941

00:41:29,990 --> 00:41:28,080

short trip yeah so anybody want to help

942

00:41:32,690 --> 00:41:30,000

us out we do have a donate button on our

943

00:41:35,390 --> 00:41:32,700

website for PayPal pay for some or gas

944

00:41:37,760 --> 00:41:35,400

we pass Chapel Hill on the way so it's a

945

00:41:39,560 --> 00:41:37,770

haul Wow Wow

946

00:41:41,210 --> 00:41:39,570

you know the picture we're not supposed

947

00:41:44,860 --> 00:41:41,220

to talk about I just want to talk about

948

00:41:48,760 --> 00:41:44,870

a little bit of the shellman be renamed

949

00:41:50,650 --> 00:41:48,770

that I I was at Bray's for two days and

950

00:41:53,200 --> 00:41:50,660

saw some incredible things but I got to

951
00:41:56,130 --> 00:41:53,210
tell you of all the things that I saw at

952
00:41:57,820 --> 00:41:56,140
his house that blew me away oh

953
00:42:01,030 --> 00:41:57,830
absolutely

954
00:42:03,370 --> 00:42:01,040
it's the coup de Gras of that case I

955
00:42:05,080 --> 00:42:03,380
mean it's just amazing but his foot his

956
00:42:06,880 --> 00:42:05,090
footage that we haven't seen we've seen

957
00:42:09,550 --> 00:42:06,890
the PowerPoint from the airplane of the

958
00:42:12,670 --> 00:42:09,560
mothership I mean that's just I just

959
00:42:15,580 --> 00:42:12,680
keep wanting to see that footage but I I

960
00:42:18,040 --> 00:42:15,590
fear that that old emulsion film is just

961
00:42:20,050 --> 00:42:18,050
you know fading away with time but we

962
00:42:23,350 --> 00:42:20,060
try to watch a couple of old films and

963
00:42:25,930 --> 00:42:23,360

unfortunately due to time the the

964

00:42:27,670 --> 00:42:25,940

chemicals must have faded on it and you

965

00:42:29,500 --> 00:42:27,680

know it's it was a something that was a

966

00:42:31,720 --> 00:42:29,510

caught in just a few frames it was very

967

00:42:33,690 --> 00:42:31,730

quick and we played it back a few times

968

00:42:35,560 --> 00:42:33,700

we bought two different projectors and

969

00:42:37,990 --> 00:42:35,570

unfortunately we just couldn't see

970

00:42:40,060 --> 00:42:38,000

anything and Ray says he might have some

971

00:42:41,770 --> 00:42:40,070

more copies of it but he hasn't had a

972

00:42:44,830 --> 00:42:41,780

chance to find X he's been so busy with

973

00:42:47,140 --> 00:42:44,840

his Godard work right yeah I mean if we

974

00:42:49,270 --> 00:42:47,150

could just digitize everything and that

975

00:42:52,750 --> 00:42:49,280

way you can get a better analysis done

976
00:42:55,240 --> 00:42:52,760
on the things he has but you know time

977
00:42:58,990 --> 00:42:55,250
as time keeps going by and I just fear

978
00:43:01,330 --> 00:42:59,000
every day they're fading yeah it's just

979
00:43:03,760 --> 00:43:01,340
like old photographs I'm at the age now

980
00:43:05,530 --> 00:43:03,770
when I look at my old photographs from

981
00:43:08,320 --> 00:43:05,540
when I was a teenager that don't look

982
00:43:09,880 --> 00:43:08,330
like they used to no Mekhi I think time

983
00:43:11,470 --> 00:43:09,890
is going by so fast imagine when I must

984
00:43:13,780 --> 00:43:11,480
be like for Ray you know it's like he's

985
00:43:16,240 --> 00:43:13,790
so sharp that he's got memories like

986
00:43:19,870 --> 00:43:16,250
they just happened yesterday I know he's

987
00:43:22,410 --> 00:43:19,880
amazing so one of the things also is in

988
00:43:25,750 --> 00:43:22,420

the chat room and also in the forum

989

00:43:28,570 --> 00:43:25,760

there's a question that's actually aimed

990

00:43:32,140 --> 00:43:28,580

at Ray and that's so wise why is he

991

00:43:34,450 --> 00:43:32,150

waiting to release these pictures yeah

992

00:43:36,970 --> 00:43:34,460

again it's got to do with having time to

993

00:43:39,760 --> 00:43:36,980

find the original negative and make sure

994

00:43:41,560 --> 00:43:39,770

that what's on that negative is in fact

995

00:43:44,170 --> 00:43:41,570

the same information that's on the print

996

00:43:48,270 --> 00:43:44,180

yeah I do understand that now that was

997

00:43:51,700 --> 00:43:48,280

just I know he's very busy mmm with this

998

00:43:53,380 --> 00:43:51,710

dinosaur tracking thing right now to get

999

00:43:55,390 --> 00:43:53,390

involved in that but that is I just hope

1000

00:43:57,410 --> 00:43:55,400

some day he does have the time to dig in

1001

00:43:58,910 --> 00:43:57,420

there and yeah really soon

1002

00:44:00,650 --> 00:43:58,920

it's at the top of his list I believe in

1003

00:44:03,289 --> 00:44:00,660

the new year come January we're gonna

1004

00:44:06,079 --> 00:44:03,299

get reignited with all the UFO work and

1005

00:44:08,900 --> 00:44:06,089

hopefully make some new discoveries yeah

1006

00:44:11,120 --> 00:44:08,910

I'm also in the forum there's a question

1007

00:44:13,490 --> 00:44:11,130

and you sort of talked about rubber so

1008

00:44:15,740 --> 00:44:13,500

who has actually been on this show and

1009

00:44:18,530 --> 00:44:15,750

this person and wanted to know do the

1010

00:44:20,780 --> 00:44:18,540

Bluebook files that were obtained by Rob

1011

00:44:23,210 --> 00:44:20,790

Mercer reveal anything significant about

1012

00:44:24,559 --> 00:44:23,220

the Socorro case I know you touched on

1013

00:44:27,589 --> 00:44:24,569

it but was there anything in particular

1014

00:44:30,020 --> 00:44:27,599

that was unknown or anything that came

1015

00:44:32,539 --> 00:44:30,030

out of that well there were a lot of

1016

00:44:35,720 --> 00:44:32,549

interesting notes there was some bad

1017

00:44:37,309 --> 00:44:35,730

spelling there were hastily written

1018

00:44:39,859 --> 00:44:37,319

probably while the guy was talking on

1019

00:44:42,890 --> 00:44:39,869

the telephone but the notes did show

1020

00:44:45,680 --> 00:44:42,900

they did draw the inverted V with three

1021

00:44:48,349 --> 00:44:45,690

bars in the notes so that's another

1022

00:44:50,299 --> 00:44:48,359

source of that there was speculation

1023

00:44:52,099 --> 00:44:50,309

that would be answered like they were

1024

00:44:53,569 --> 00:44:52,109

saying what about this guy Lonnie and

1025

00:44:56,270 --> 00:44:53,579

then though we found him to be very

1026
00:44:58,460 --> 00:44:56,280
credible witness he would make this up

1027
00:45:00,109 --> 00:44:58,470
in fact he's sorry even spoke about it

1028
00:45:02,980 --> 00:45:00,119
and a lot of just thoughts that people

1029
00:45:05,690 --> 00:45:02,990
were writing down that kind of follow

1030
00:45:09,430 --> 00:45:05,700
the case deeper than what was reported

1031
00:45:11,960 --> 00:45:09,440
officially it's more like you know

1032
00:45:14,960 --> 00:45:11,970
running notes as people were looking at

1033
00:45:17,180 --> 00:45:14,970
documents and I mean it had the request

1034
00:45:20,480 --> 00:45:17,190
from the Joint Chiefs of Staff

1035
00:45:22,730 --> 00:45:20,490
Hynek was also there were some notes of

1036
00:45:24,920 --> 00:45:22,740
hynek's in there he was bad for what why

1037
00:45:26,569 --> 00:45:24,930
did the Joint Chiefs of Staff he weren't

1038
00:45:29,809 --> 00:45:26,579

calling up Lonnie and wanting to visit

1039

00:45:32,569 --> 00:45:29,819

Lonnie and it just shows the notes show

1040

00:45:34,670 --> 00:45:32,579

how confused they were there was one

1041

00:45:37,010 --> 00:45:34,680

though can we call it a hoax I think dr.

1042

00:45:39,859 --> 00:45:37,020

Menzel asked that and Hynek was like no

1043

00:45:41,150 --> 00:45:39,869

we can't call it hoax because hoaxes

1044

00:45:44,000 --> 00:45:41,160

don't leave holes in the ground and

1045

00:45:46,609 --> 00:45:44,010

radiate film but there were just these

1046

00:45:48,140 --> 00:45:46,619

notes about follow-ups and things they

1047

00:45:49,490 --> 00:45:48,150

were doing and every one of the notes

1048

00:45:51,410 --> 00:45:49,500

came to the conclusion that they didn't

1049

00:45:54,170 --> 00:45:51,420

know what the heck it was it's very

1050

00:45:56,750 --> 00:45:54,180

empty because even Hector was determined

1051
00:45:58,760 --> 00:45:56,760
we do have all the documents that show

1052
00:46:00,049 --> 00:45:58,770
that the White House had inquired that

1053
00:46:03,680 --> 00:46:00,059
they've granted him the security

1054
00:46:06,680 --> 00:46:03,690
clearance to go into White Sands and all

1055
00:46:09,500 --> 00:46:06,690
these bases and look through hangars but

1056
00:46:11,030 --> 00:46:09,510
it's it's more of a running storyline of

1057
00:46:13,430 --> 00:46:11,040
how they were look

1058
00:46:15,590 --> 00:46:13,440
things what they found out what they

1059
00:46:18,700 --> 00:46:15,600
what they determined wasn't true or

1060
00:46:21,470 --> 00:46:18,710
wasn't real and and it just gave greater

1061
00:46:23,030 --> 00:46:21,480
mystery to it because they never found

1062
00:46:24,230 --> 00:46:23,040
the explanation they really wanted to I

1063
00:46:26,300 --> 00:46:24,240

mean if it had been a black project

1064

00:46:28,730 --> 00:46:26,310

trust me they would have announced it

1065

00:46:30,590 --> 00:46:28,740

and closed the books on the case it but

1066

00:46:32,090 --> 00:46:30,600

instead is still an unknown to this very

1067

00:46:35,090 --> 00:46:32,100

day do you think they would have

1068

00:46:37,130 --> 00:46:35,100

actually is kind of one of those almost

1069

00:46:40,160 --> 00:46:37,140

on the borderline of national security

1070

00:46:41,710 --> 00:46:40,170

to release that it was a black project

1071

00:46:45,440 --> 00:46:41,720

do you think they would have actually

1072

00:46:46,820 --> 00:46:45,450

men look look what they did with Roswell

1073

00:46:48,440 --> 00:46:46,830

they came out and said it was a mogul

1074

00:46:50,270 --> 00:46:48,450

below they would have got the long term

1075

00:46:51,350 --> 00:46:50,280

you know for that you know yeah but they

1076
00:46:52,580 --> 00:46:51,360
would have made something I they could

1077
00:46:55,160 --> 00:46:52,590
have made something up and just

1078
00:46:57,050 --> 00:46:55,170
dismissed it the the there was no black

1079
00:47:00,110 --> 00:46:57,060
project I mean if they had black

1080
00:47:02,180 --> 00:47:00,120
projects of this capability in 64 we

1081
00:47:04,760 --> 00:47:02,190
would certainly be seeing some

1082
00:47:07,520 --> 00:47:04,770
documentation of something like that now

1083
00:47:10,220 --> 00:47:07,530
because everything built in 64 we've

1084
00:47:12,710 --> 00:47:10,230
seen you think that by 1964 the Air

1085
00:47:14,930 --> 00:47:12,720
Force would have had their you know

1086
00:47:17,180 --> 00:47:14,940
their their stories ready to go you know

1087
00:47:19,160 --> 00:47:17,190
to cut refer ups but not you know think

1088
00:47:21,440 --> 00:47:19,170

it got caught him off guard really and

1089

00:47:24,470 --> 00:47:21,450

one thing we showed in a presentation we

1090

00:47:27,980 --> 00:47:24,480

added this clip that I found online of

1091

00:47:31,340 --> 00:47:27,990

this kind of bulbous looking craft that

1092

00:47:34,700 --> 00:47:31,350

was made to land on foreign objects this

1093

00:47:37,100 --> 00:47:34,710

is a video from 2010 and it's spewing a

1094

00:47:40,970 --> 00:47:37,110

propellant it lifts off it tilts over

1095

00:47:42,560 --> 00:47:40,980

and it blows up and that's in 2010 so if

1096

00:47:44,510 --> 00:47:42,570

we had something in 64 over these

1097

00:47:46,640 --> 00:47:44,520

characteristics there is no way we'd be

1098

00:47:49,880 --> 00:47:46,650

spending millions of dollars on this

1099

00:47:52,340 --> 00:47:49,890

propellant type asteroid lander that

1100

00:47:53,960 --> 00:47:52,350

blew up after getting six feet off the

1101
00:47:59,150 --> 00:47:53,970
ground it just doesn't make any sense

1102
00:48:02,900 --> 00:47:59,160
hmm not very perfected you know there's

1103
00:48:06,350 --> 00:48:02,910
a there's someone in the message board

1104
00:48:08,360 --> 00:48:06,360
earlier I mentioned sort of a connection

1105
00:48:10,400 --> 00:48:08,370
between the cash Landrum case now that

1106
00:48:13,750 --> 00:48:10,410
one in particular I don't know if you

1107
00:48:18,950 --> 00:48:13,760
looked into that deeply or not but that

1108
00:48:22,760 --> 00:48:18,960
to me has a real feel of a man-made

1109
00:48:23,930 --> 00:48:22,770
vehicle yeah it was followed by Chinook

1110
00:48:27,140 --> 00:48:23,940
Melek Haluk

1111
00:48:28,820 --> 00:48:27,150
kurz it was a yeah operating well it was

1112
00:48:30,770 --> 00:48:28,830
almost like something we were trying to

1113
00:48:32,270 --> 00:48:30,780

make work and it just wasn't doing and

1114

00:48:34,070 --> 00:48:32,280

then they killed the poor woman is

1115

00:48:36,290 --> 00:48:34,080

obviously leaking radiation for sure

1116

00:48:37,880 --> 00:48:36,300

yeah yeah and the fact it was followed

1117

00:48:40,100 --> 00:48:37,890

by helicopters probably they were

1118

00:48:42,410 --> 00:48:40,110

supposed to follow it on some other path

1119

00:48:44,690 --> 00:48:42,420

and got wacky and all of a sudden

1120

00:48:46,670 --> 00:48:44,700

they're chasing it and what's

1121

00:48:48,320 --> 00:48:46,680

interesting in cash London is when she

1122

00:48:50,420 --> 00:48:48,330

complained to the Air Force and went out

1123

00:48:52,700 --> 00:48:50,430

there when they were talking to her in a

1124

00:48:56,360 --> 00:48:52,710

room there was a big map on the board

1125

00:48:59,540 --> 00:48:56,370

and there was one red pen in exactly the

1126

00:49:02,120 --> 00:48:59,550

location that she saw the craft mmm I

1127

00:49:05,630 --> 00:49:02,130

never heard that part that's true I know

1128

00:49:10,970 --> 00:49:05,640

the case well oh wow I actually had

1129

00:49:13,100 --> 00:49:10,980

Colby on a while ago and also that's

1130

00:49:15,950 --> 00:49:13,110

that's in the archives if anyone's

1131

00:49:18,430 --> 00:49:15,960

listening wants to check that out Colby

1132

00:49:21,140 --> 00:49:18,440

Landrum has it's one of his very few

1133

00:49:22,760 --> 00:49:21,150

interviews it's I can't remember what

1134

00:49:26,560 --> 00:49:22,770

episode it was it was I think three

1135

00:49:31,010 --> 00:49:26,570

years ago on this upon podcast UFO comm

1136

00:49:33,680 --> 00:49:31,020

but you know he was such a young kid you

1137

00:49:35,390 --> 00:49:33,690

know at the time I can't remember how

1138

00:49:36,950 --> 00:49:35,400

old he was but he was you know three or

1139

00:49:43,030 --> 00:49:36,960

four years old or maybe a little bit

1140

00:49:46,310 --> 00:49:43,040

older than that he does remember it yeah

1141

00:49:48,550 --> 00:49:46,320

anyway pretty young but he remembers you

1142

00:49:51,020 --> 00:49:48,560

know going underneath the dashboard and

1143

00:49:55,040 --> 00:49:51,030

you know luckily for him he got out of

1144

00:49:57,800 --> 00:49:55,050

there radiation compared to his his aunt

1145

00:50:00,710 --> 00:49:57,810

that like you said didn't last too long

1146

00:50:05,750 --> 00:50:00,720

afterwards yeah she got it she got it

1147

00:50:07,910 --> 00:50:05,760

pretty bad right in the in the forum

1148

00:50:11,260 --> 00:50:07,920

also there's a question and it has it

1149

00:50:14,720 --> 00:50:11,270

again to do with the Socorro case and

1150

00:50:16,250 --> 00:50:14,730

the person who wants to know and I was

1151
00:50:18,710 --> 00:50:16,260
not aware of this and I've never heard

1152
00:50:22,400 --> 00:50:18,720
ray say anything about it but it says

1153
00:50:24,020 --> 00:50:22,410
has raised second rock been analyzed yet

1154
00:50:26,960 --> 00:50:24,030
what can you tell us about the

1155
00:50:30,980 --> 00:50:26,970
significance of this rock are you aware

1156
00:50:33,590 --> 00:50:30,990
of another Rock the main The Rock that

1157
00:50:37,010 --> 00:50:33,600
that we've it's it's only one rock and

1158
00:50:39,440 --> 00:50:37,020
it had a lot of metal fragments on it

1159
00:50:41,570 --> 00:50:39,450
the the biggest piece of metal which was

1160
00:50:44,030 --> 00:50:41,580
rolled up if we have it we have

1161
00:50:47,420 --> 00:50:44,040
photographs of it and we have that shown

1162
00:50:50,720 --> 00:50:47,430
in our presentation that piece of metal

1163
00:50:52,609 --> 00:50:50,730

fell off during transfer and it was

1164

00:50:56,780 --> 00:50:52,619

never located but the remaining amount

1165

00:51:00,890 --> 00:50:56,790

of mental Goddard scraped cleanly off to

1166

00:51:02,120 --> 00:51:00,900

analyze it and I don't know if many

1167

00:51:04,040 --> 00:51:02,130

people listening right now are familiar

1168

00:51:05,930 --> 00:51:04,050

to familiar with that or not but dr.

1169

00:51:07,730 --> 00:51:05,940

Frankel did the annal you know the

1170

00:51:09,290 --> 00:51:07,740

analysis on it and he was really excited

1171

00:51:11,359 --> 00:51:09,300

about what he found because he was

1172

00:51:14,089 --> 00:51:11,369

checking it against the periodic table

1173

00:51:16,730 --> 00:51:14,099

and found an including all the known

1174

00:51:18,410 --> 00:51:16,740

elements including Russia I guess that

1175

00:51:20,780 --> 00:51:18,420

was significant they couldn't really

1176
00:51:23,540 --> 00:51:20,790
determine how the the metals were bound

1177
00:51:25,550 --> 00:51:23,550
it was a zinc iron alloy and we also

1178
00:51:28,160 --> 00:51:25,560
showed a clip when Ray is talking to

1179
00:51:29,900 --> 00:51:28,170
Hynek in our presentation where he talks

1180
00:51:31,880 --> 00:51:29,910
a little bit more in depth about what

1181
00:51:33,859 --> 00:51:31,890
Frankl discovered but was interesting

1182
00:51:35,450 --> 00:51:33,869
was that dr. Frankel kind of disappeared

1183
00:51:38,060 --> 00:51:35,460
from the whole case after a few days

1184
00:51:42,190 --> 00:51:38,070
that went by and Ray was trying to reach

1185
00:51:44,780 --> 00:51:42,200
out to him and then earlier this year

1186
00:51:46,910 --> 00:51:44,790
Ray's friends with a lot of people at

1187
00:51:49,099 --> 00:51:46,920
Goddard and they know him from his

1188
00:51:51,320 --> 00:51:49,109

paleontological work with dinosaur bones

1189

00:51:52,880 --> 00:51:51,330

and fossils and they called one guy

1190

00:51:54,740 --> 00:51:52,890

called him up the scientists called him

1191

00:51:56,359 --> 00:51:54,750

up earlier this year and said oh by the

1192

00:52:00,230 --> 00:51:56,369

way did you hear about what happened to

1193

00:52:03,320 --> 00:52:00,240

dr. Frankel not knowing that Ray had

1194

00:52:04,849 --> 00:52:03,330

worked with him in the past and Ray was

1195

00:52:06,470 --> 00:52:04,859

inquiring about that saying now what

1196

00:52:08,630 --> 00:52:06,480

happened to dr. Franklin so it turns out

1197

00:52:11,180 --> 00:52:08,640

he was he was sent to the woodshed for

1198

00:52:13,660 --> 00:52:11,190

working on a UFO rock you know that the

1199

00:52:16,160 --> 00:52:13,670

past and so it was interesting

1200

00:52:20,420 --> 00:52:16,170

confirmation that you know gave ray a

1201
00:52:22,040 --> 00:52:20,430
little bit of you know I guess more into

1202
00:52:23,839 --> 00:52:22,050
the mystery as to what happened to dr.

1203
00:52:25,430 --> 00:52:23,849
Frankel that he was actually kind of

1204
00:52:28,070 --> 00:52:25,440
blocked you know from the rest of the

1205
00:52:30,079 --> 00:52:28,080
case and so yeah the other part of the

1206
00:52:32,770 --> 00:52:30,089
rock is that there's a crystal that's

1207
00:52:35,300 --> 00:52:32,780
melted a kind of a green crystal that

1208
00:52:37,210 --> 00:52:35,310
doesn't seem to be melted by natural

1209
00:52:41,000 --> 00:52:37,220
processes it could have been a factor of

1210
00:52:43,329 --> 00:52:41,010
the heat if the that flame went over

1211
00:52:46,099 --> 00:52:43,339
that rock it might have cooked this

1212
00:52:47,780 --> 00:52:46,109
crystal melted it so there is something

1213
00:52:50,299 --> 00:52:47,790

to look at there you know if it's a

1214

00:52:53,449 --> 00:52:50,309

crystal that requires 2,000 degrees

1215

00:52:55,789 --> 00:52:53,459

to be liquefied then there might still

1216

00:52:58,549 --> 00:52:55,799

be some type of evidence on the rock as

1217

00:53:00,979 --> 00:52:58,559

to this propulsions capabilities and Rey

1218

00:53:02,900 --> 00:53:00,989

fully intends to have it analyzed but as

1219

00:53:03,709 --> 00:53:02,910

you can imagine he won't let it out of

1220

00:53:04,910 --> 00:53:03,719

his sight

1221

00:53:06,949 --> 00:53:04,920

you know it's not something that you can

1222

00:53:09,979 --> 00:53:06,959

ship off or send away because it

1223

00:53:13,309 --> 00:53:09,989

probably will never come back so he

1224

00:53:15,469 --> 00:53:13,319

found some someplace in another state we

1225

00:53:17,569 --> 00:53:15,479

can't say where that will actually do

1226

00:53:19,309 --> 00:53:17,579

this work in front of him and it's a

1227

00:53:21,319 --> 00:53:19,319

place that he trusts and it's just a

1228

00:53:22,999 --> 00:53:21,329

matter of you know getting the money

1229

00:53:27,289 --> 00:53:23,009

together and getting out there and

1230

00:53:31,039 --> 00:53:27,299

getting it done right right Wow and also

1231

00:53:35,209 --> 00:53:31,049

the heat of the flame set a creosote

1232

00:53:38,179 --> 00:53:35,219

bush on fire as well at least one bush

1233

00:53:42,229 --> 00:53:38,189

right it sliced it in half it takes I

1234

00:53:44,660 --> 00:53:42,239

think a couple of thousand degrees to to

1235

00:53:46,549 --> 00:53:44,670

do that in that time frame it just like

1236

00:53:48,920 --> 00:53:46,559

the vitrified sand that may or may not

1237

00:53:51,859 --> 00:53:48,930

have been there sand vitrify is I think

1238

00:53:54,559 --> 00:53:51,869

2,200 degrees but the crea side bush

1239

00:53:56,660 --> 00:53:54,569

those things you know they don't they're

1240

00:53:59,359 --> 00:53:56,670

not easy to burn and the the one that is

1241

00:54:03,679 --> 00:53:59,369

in the famous picture was sliced in half

1242

00:54:07,309 --> 00:54:03,689

as that craft moved over the I think

1243

00:54:09,529 --> 00:54:07,319

this garage is smoldering you know it

1244

00:54:11,959 --> 00:54:09,539

wasn't like it wasn't like in flames

1245

00:54:15,169 --> 00:54:11,969

I wasn't like flaming when when they

1246

00:54:16,849 --> 00:54:15,179

came upon it when when Ted Jordan and

1247

00:54:20,599 --> 00:54:16,859

and in Lonnie and all the more yellow

1248

00:54:23,870 --> 00:54:20,609

still smoking so it was it was hot but

1249

00:54:25,669 --> 00:54:23,880

not hot to the touch it just flew over I

1250

00:54:27,289 --> 00:54:25,679

was able to do that like an acetylene

1251

00:54:29,179 --> 00:54:27,299

torch that tells you there was an

1252

00:54:32,059 --> 00:54:29,189

incredible amount of heat generated by

1253

00:54:34,039 --> 00:54:32,069

whatever that was that first form

1254

00:54:36,079 --> 00:54:34,049

function was because when the craft

1255

00:54:38,989 --> 00:54:36,089

lifted up and went silent the blue flame

1256

00:54:41,059 --> 00:54:38,999

was not coming out anymore and it flew

1257

00:54:42,739 --> 00:54:41,069

off silence so once again that's one

1258

00:54:45,380 --> 00:54:42,749

engine that Lange and you and bring you

1259

00:54:47,689 --> 00:54:45,390

up the two wars and another engine to

1260

00:54:50,630 --> 00:54:47,699

operate maybe in the upper atmosphere or

1261

00:54:55,099 --> 00:54:50,640

outside of the atmosphere yeah now I

1262

00:54:57,229 --> 00:54:55,109

want to talk about the regalia I can't

1263

00:54:58,339 --> 00:54:57,239

remember how you say his name Anthony

1264

00:55:01,039 --> 00:54:58,349

bergoglio yeah

1265

00:55:02,900 --> 00:55:01,049

and how he says this whole thing was

1266

00:55:05,359 --> 00:55:02,910

hoax and he exposed

1267

00:55:08,660 --> 00:55:05,369

and it was a college prank and all that

1268

00:55:12,140 --> 00:55:08,670

I mean not that is so far from what

1269

00:55:17,120 --> 00:55:12,150

happened did me save like there was a

1270

00:55:19,819 --> 00:55:17,130

screen film screen put out in like a

1271

00:55:21,200 --> 00:55:19,829

video or something I mean it's just such

1272

00:55:23,990 --> 00:55:21,210

a bizarre story

1273

00:55:26,420 --> 00:55:24,000

yeah that's Beth bananas um if anybody's

1274

00:55:28,339 --> 00:55:26,430

ever been out there which you'll notice

1275

00:55:30,859 --> 00:55:28,349

first of all is that there's no easy way

1276

00:55:33,829 --> 00:55:30,869

to get to that spot and there were no

1277

00:55:37,880 --> 00:55:33,839

footprints anywhere if they were using a

1278

00:55:40,609 --> 00:55:37,890

balloon it would take a lot of people to

1279

00:55:42,859 --> 00:55:40,619

stabilize it and then to release it in a

1280

00:55:44,720 --> 00:55:42,869

40 mile an hour wind that was that this

1281

00:55:45,980 --> 00:55:44,730

craft went against well the balloon

1282

00:55:47,690 --> 00:55:45,990

would have gone in the other direction

1283

00:55:49,819 --> 00:55:47,700

there's no way that a balloon that large

1284

00:55:52,670 --> 00:55:49,829

is gonna fly against the 40 mile an hour

1285

00:55:54,170 --> 00:55:52,680

gust of wind and there'd be footprints

1286

00:55:55,609 --> 00:55:54,180

everywhere and there's just no way of

1287

00:55:58,400 --> 00:55:55,619

knowing when Lonnie was gonna be there

1288

00:56:00,230 --> 00:55:58,410

anyway he was on random Patrol the only

1289

00:56:01,309 --> 00:56:00,240

footprints were the two prints near when

1290

00:56:02,900 --> 00:56:01,319

the craft

1291

00:56:05,210 --> 00:56:02,910

ladder would come down or something but

1292

00:56:07,309 --> 00:56:05,220

there's nowhere to hide there there's no

1293

00:56:09,529 --> 00:56:07,319

way there's absolutely no way it could

1294

00:56:12,109 --> 00:56:09,539

have been students that was just a guess

1295

00:56:14,210 --> 00:56:12,119

on his part the whole student thing is

1296

00:56:16,730 --> 00:56:14,220

can be easily disproved by the fact that

1297

00:56:19,160 --> 00:56:16,740

you had probably 11 witnesses and all

1298

00:56:21,980 --> 00:56:19,170

that heard the noise you had the three

1299

00:56:23,690 --> 00:56:21,990

witnesses before Lonnie's event started

1300

00:56:26,180 --> 00:56:23,700

that reported the blue flame heading

1301
00:56:28,809 --> 00:56:26,190
towards Socorro you had the two brothers

1302
00:56:31,190 --> 00:56:28,819
driving down the road that saw its exit

1303
00:56:32,870 --> 00:56:31,200
there's just you would have to have

1304
00:56:34,339 --> 00:56:32,880
coordinated such a thing and then you'd

1305
00:56:36,349 --> 00:56:34,349
have to fly off into the wind and

1306
00:56:39,499 --> 00:56:36,359
radiate the film it's just no way that

1307
00:56:41,779 --> 00:56:39,509
the hoax theory is dead in the water

1308
00:56:43,700 --> 00:56:41,789
because the evidence shows that there's

1309
00:56:46,240 --> 00:56:43,710
absolutely no way you could have host

1310
00:56:49,480 --> 00:56:46,250
this thing well not only that

1311
00:56:52,609 --> 00:56:49,490
Socorro is not like a big metropolitan

1312
00:56:56,180 --> 00:56:52,619
area either it's such a it's kind of

1313
00:56:57,890 --> 00:56:56,190

like a small town isn't it am I getting

1314

00:56:59,359 --> 00:56:57,900

that right oh it's a small town I'll

1315

00:57:01,880 --> 00:56:59,369

tell you what they got the best burgers

1316

00:57:06,170 --> 00:57:01,890

and steaks they've ever had a bodega

1317

00:57:07,970 --> 00:57:06,180

burger there's a plug for you one of the

1318

00:57:09,620 --> 00:57:07,980

things about the SoCo host was they're

1319

00:57:11,030 --> 00:57:09,630

trying to draw tourists they were gonna

1320

00:57:13,340 --> 00:57:11,040

make this site and

1321

00:57:15,680 --> 00:57:13,350

none of that is true this road still on

1322

00:57:17,780 --> 00:57:15,690

pave there's the lines of more Memorial

1323

00:57:19,550 --> 00:57:17,790

which we had to brush to pull the it's

1324

00:57:23,990 --> 00:57:19,560

covered in tumble tumble weeds away just

1325

00:57:25,670 --> 00:57:24,000

a photograph like a stone it's on your

1326

00:57:28,610 --> 00:57:25,680

mitts like a call it's like a water

1327

00:57:32,270 --> 00:57:28,620

return so I got some mint kind of yeah

1328

00:57:34,540 --> 00:57:32,280

like a damn looking somebody painted on

1329

00:57:37,070 --> 00:57:34,550

it with and put the dates of the famous

1330

00:57:38,930 --> 00:57:37,080

incident I mean it's a tribute to him

1331

00:57:40,580 --> 00:57:38,940

but it's certainly not a tourist

1332

00:57:41,990 --> 00:57:40,590

attraction because you can if you didn't

1333

00:57:43,730 --> 00:57:42,000

know where was leave it takes tours to

1334

00:57:46,010 --> 00:57:43,740

have a tourist attraction yeah they're

1335

00:57:47,480 --> 00:57:46,020

not there weren't any tourists we were

1336

00:57:49,310 --> 00:57:47,490

the only tourists we got a hold of

1337

00:57:53,720 --> 00:57:49,320

editor if they'll be a fencer chieftain

1338

00:57:56,150 --> 00:57:53,730

and he even owner of the land gave him

1339

00:57:58,970 --> 00:57:56,160

permission to bring us to the site it

1340

00:58:00,470 --> 00:57:58,980

took them 35 40 minutes to find the site

1341

00:58:03,110 --> 00:58:00,480

he finally had to get out when we passed

1342

00:58:04,760 --> 00:58:03,120

it twice yeah there was just no way we

1343

00:58:07,040 --> 00:58:04,770

we wouldn't have found it if we didn't

1344

00:58:09,620 --> 00:58:07,050

have him with us you know a little been

1345

00:58:12,440 --> 00:58:09,630

trespassing the dynamite track I assume

1346

00:58:14,300 --> 00:58:12,450

is long gone long gone yeah we took

1347

00:58:16,670 --> 00:58:14,310

pictures I did a panoramic of the whole

1348

00:58:20,450 --> 00:58:16,680

area where we parked our car right where

1349

00:58:22,280 --> 00:58:20,460

Lonnie's car was and we it is the

1350

00:58:24,590 --> 00:58:22,290

interesting thing it is a little bold

1351

00:58:26,690 --> 00:58:24,600

depression there so if you wanted to

1352

00:58:28,760 --> 00:58:26,700

land not be seen from the ridge line

1353

00:58:30,770 --> 00:58:28,770

which is far away that was a good place

1354

00:58:34,790 --> 00:58:30,780

to do it because it was only flat area

1355

00:58:37,010 --> 00:58:34,800

around there and but again with the hoax

1356

00:58:39,830 --> 00:58:37,020

theory there's just nowhere to hide

1357

00:58:42,440 --> 00:58:39,840

you'd have to run about a quarter of a

1358

00:58:44,150 --> 00:58:42,450

mile in any direction before you can get

1359

00:58:47,990 --> 00:58:44,160

over this crest that would have hide

1360

00:58:49,370 --> 00:58:48,000

that site from you well before let's

1361

00:58:50,720 --> 00:58:49,380

just say before I forget the listeners

1362

00:58:52,280 --> 00:58:50,730

if they want to read a little bit about

1363

00:58:53,810 --> 00:58:52,290

it we have a link on our website that

1364

00:58:56,660 --> 00:58:53,820

says socorro right on the front page of

1365

00:59:01,960 --> 00:58:56,670

MUFON VA and also a link to Ray's book

1366

00:59:07,520 --> 00:59:01,970

on there so there's a depression and

1367

00:59:09,920 --> 00:59:07,530

also I'm sure that bronchial however I

1368

00:59:12,080 --> 00:59:09,930

can't say his name right I'm sure Lea he

1369

00:59:14,120 --> 00:59:12,090

never really visited the site himself

1370

00:59:16,850 --> 00:59:14,130

probably not I don't but nobody ever

1371

00:59:18,470 --> 00:59:16,860

investigated this when we were there the

1372

00:59:21,020 --> 00:59:18,480

guy said they were two gentlemen that

1373

00:59:23,269 --> 00:59:21,030

claimed they were the students and so I

1374

00:59:25,009 --> 00:59:23,279

immediately said well where are they

1375

00:59:26,719 --> 00:59:25,019

we'll interview him well once in the

1376

00:59:29,049 --> 00:59:26,729

hospital he won't talk to you the elbe

1377

00:59:31,279 --> 00:59:29,059

moved out of town it was just two guys

1378

00:59:34,640 --> 00:59:31,289

trying to get their 15 minutes of fame

1379

00:59:37,399 --> 00:59:34,650

babe that whole story is so ludicrous if

1380

00:59:39,709 --> 00:59:37,409

you actually went to the site and and

1381

00:59:41,749 --> 00:59:39,719

looked around and read all the newspaper

1382

00:59:44,599 --> 00:59:41,759

articles and everything you realize that

1383

00:59:48,229 --> 00:59:44,609

there is just no way that that is even

1384

00:59:50,089 --> 00:59:48,239

possible the multiple witnesses kind of

1385

00:59:52,459 --> 00:59:50,099

you know there's a time line and the guy

1386

00:59:55,579 --> 00:59:52,469

that visited opal grinder station that

1387

00:59:57,679 --> 00:59:55,589

saw the thing almost hit his car and

1388

00:59:59,539 --> 00:59:57,689

then he saw as a family of five yeah I

1389

01:00:01,189 --> 00:59:59,549

saw a lot of going like that mm-hmm

1390

01:00:02,479 --> 01:00:01,199

I mean how would they have known that

1391

01:00:04,699 --> 01:00:02,489

all these people were gonna witness that

1392

01:00:06,229 --> 01:00:04,709

so alley Mike talking about it because

1393

01:00:08,929 --> 01:00:06,239

it's so stupid it doesn't make any sense

1394

01:00:10,819 --> 01:00:08,939

it's just it's like with with Roswell

1395

01:00:12,229 --> 01:00:10,829

people though that was a brother balloon

1396

01:00:14,329 --> 01:00:12,239

you know but that's all they remember

1397

01:00:15,890 --> 01:00:14,339

well I'll tell you why I brought it up I

1398

01:00:18,620 --> 01:00:15,900

brought okay because if anyone is

1399

01:00:21,499 --> 01:00:18,630

searching this the coral case they're

1400

01:00:25,309 --> 01:00:21,509

gonna find this you know that it's a

1401

01:00:29,539 --> 01:00:25,319

hoax and I just wanted to get the word

1402

01:00:31,609 --> 01:00:29,549

out there that that is an absurd absurd

1403

01:00:33,109 --> 01:00:31,619

thing and not to pay attention to it

1404

01:00:37,759 --> 01:00:33,119

really yeah they really need to do their

1405

01:00:39,380 --> 01:00:37,769

homework and buy our DVD diction we've

1406

01:00:40,999 --> 01:00:39,390

got all the evidence there I mean that

1407

01:00:42,769 --> 01:00:41,009

we did two years on it ray did a

1408

01:00:44,209 --> 01:00:42,779

lifetime on it yeah Ray's been doing

1409

01:00:46,809 --> 01:00:44,219

this forever let's not forget that this

1410

01:00:50,569 --> 01:00:46,819

is one of the seven hundred and one yeah

1411

01:00:53,749 --> 01:00:50,579

Project Blue Book unsolved cases right

1412

01:00:56,949 --> 01:00:53,759

to this day and that question I think is

1413

01:00:59,630 --> 01:00:56,959

a fitting question on the forum as well

1414

01:01:02,689 --> 01:00:59,640

do you feel the weight of the evidence

1415

01:01:06,049 --> 01:01:02,699

on the Socorro case affected J Allen

1416

01:01:08,269 --> 01:01:06,059

Hynek personally or that it may have

1417

01:01:09,999 --> 01:01:08,279

been violence a change of opinion on his

1418

01:01:12,289 --> 01:01:10,009

part of the subject of UFOs

1419

01:01:14,239 --> 01:01:12,299

yeah jail in hiding this was the case

1420

01:01:16,939 --> 01:01:14,249

that pushed him over the edge that that

1421

01:01:22,009 --> 01:01:16,949

made him change his mind about swamp gas

1422

01:01:24,199 --> 01:01:22,019

excuses it was it was so moving for him

1423

01:01:27,079 --> 01:01:24,209

especially Lonnie with Zamora as a

1424

01:01:29,179 --> 01:01:27,089

witness Jay Allen Hynek was always

1425

01:01:31,370 --> 01:01:29,189

saying what what a credible witness

1426

01:01:33,559 --> 01:01:31,380

Lonnie was and how honest he was and

1427

01:01:35,800 --> 01:01:33,569

yeah this case in particular was the one

1428

01:01:37,660 --> 01:01:35,810

that the that changed his mind about

1429

01:01:39,190 --> 01:01:37,670

ufology and sent him in a different

1430

01:01:40,780 --> 01:01:39,200

direction yeah you form Koufos

1431

01:01:42,820 --> 01:01:40,790

afterwards there were a couple of cases

1432

01:01:44,320 --> 01:01:42,830

that that helped but you know this was

1433

01:01:47,200 --> 01:01:44,330

one of the most evidential Close

1434

01:01:48,610 --> 01:01:47,210

Encounters of the Third Kind and in the

1435

01:01:51,430 --> 01:01:48,620

notes Hynek you can tell he's really

1436

01:01:54,310 --> 01:01:51,440

baffled and even in hectic when Tania's

1437

01:01:58,540 --> 01:01:54,320

book that had a project Bluebook he just

1438

01:02:00,370 --> 01:01:58,550

you could just feel his frustration and

1439

01:02:02,290 --> 01:02:00,380

not being able to solve the case and he

1440

01:02:05,410 --> 01:02:02,300

had access to everything he had he had

1441

01:02:07,690 --> 01:02:05,420

top-secret clearance and the FBI CIA and

1442

01:02:09,640 --> 01:02:07,700

the White House all wanted an answer so

1443

01:02:11,890 --> 01:02:09,650

there's no way that all the other

1444

01:02:15,550 --> 01:02:11,900

agencies even the black project agencies

1445

01:02:17,590 --> 01:02:15,560

could not not answer their requests so

1446

01:02:19,300 --> 01:02:17,600

when when Hector went to a base he was

1447

01:02:21,160 --> 01:02:19,310

allowed to walk anywhere he wanted to

1448

01:02:23,740 --> 01:02:21,170

and he was sure he's gonna find this

1449

01:02:26,620 --> 01:02:23,750

thing in the hangar somewhere the the

1450

01:02:29,050 --> 01:02:26,630

only conclusion we could come to is if

1451
01:02:31,510 --> 01:02:29,060
nobody on earth admits to making that

1452
01:02:34,930 --> 01:02:31,520
vehicle having that capability having

1453
01:02:37,390 --> 01:02:34,940
midgets fly it and had to answer the

1454
01:02:40,810 --> 01:02:37,400
White House for these investigations

1455
01:02:43,120 --> 01:02:40,820
then it's not man-made so it's not

1456
01:02:46,120 --> 01:02:43,130
man-made what is it well no way to know

1457
01:02:47,530 --> 01:02:46,130
about that an easy answer is et but you

1458
01:02:50,830 --> 01:02:47,540
know you could be talking about some

1459
01:02:53,080 --> 01:02:50,840
kind of parallel universe or quantum

1460
01:02:55,600 --> 01:02:53,090
theory postulates I think it's 26

1461
01:02:58,540 --> 01:02:55,610
universes now or 26 different realities

1462
01:03:00,100 --> 01:02:58,550
it could have been a lot of different

1463
01:03:01,720 --> 01:03:00,110

lives Drake equations about a billion

1464

01:03:03,820 --> 01:03:01,730

earth-like planets in our own galaxy

1465

01:03:06,610 --> 01:03:03,830

right now yeah there's two train

1466

01:03:10,240 --> 01:03:06,620

galaxies that we know of that just

1467

01:03:12,820 --> 01:03:10,250

expanded you know a it's just to me and

1468

01:03:15,460 --> 01:03:12,830

Tony also the evidence showed that this

1469

01:03:17,470 --> 01:03:15,470

was not a man-made craft didn't behave

1470

01:03:19,330 --> 01:03:17,480

like one didn't have pilots like one

1471

01:03:21,250 --> 01:03:19,340

there were no craft that had the

1472

01:03:23,770 --> 01:03:21,260

capability of being that far off base

1473

01:03:26,490 --> 01:03:23,780

because the bases weren't close white

1474

01:03:28,870 --> 01:03:26,500

sands testing ground was pretty far away

1475

01:03:30,190 --> 01:03:28,880

like I said the lunar lander wasn't even

1476

01:03:31,750 --> 01:03:30,200

flying at the time it's being dropped

1477

01:03:33,430 --> 01:03:31,760

from a cable to test the landing struts

1478

01:03:35,830 --> 01:03:33,440

and the picture of the looming ladder

1479

01:03:37,720 --> 01:03:35,840

it's two dudes sitting in a lunar lander

1480

01:03:41,070 --> 01:03:37,730

it's not hard to see what it is it's not

1481

01:03:44,140 --> 01:03:41,080

egg-shaped they're not five feet tall so

1482

01:03:45,730 --> 01:03:44,150

if you really look into the case and get

1483

01:03:47,620 --> 01:03:45,740

past some of the hoax theories and dig

1484

01:03:48,780 --> 01:03:47,630

down what you see is evidence of

1485

01:03:52,950 --> 01:03:48,790

something really

1486

01:03:55,350 --> 01:03:52,960

bizarre and not normal are known to you

1487

01:03:57,540 --> 01:03:55,360

know mankind now there may not so much

1488

01:03:59,370 --> 01:03:57,550

go ahead and right I was just gonna say

1489

01:04:03,000 --> 01:03:59,380

and like been mentioned earlier to this

1490

01:04:05,460 --> 01:04:03,010

day there's nothing that flies like that

1491

01:04:07,050 --> 01:04:05,470

there's nothing that can that can roar

1492

01:04:09,270 --> 01:04:07,060

like that and then goes completely

1493

01:04:12,360 --> 01:04:09,280

silent and travel against the wind and

1494

01:04:15,480 --> 01:04:12,370

then reach supersonic speeds in a short

1495

01:04:17,910 --> 01:04:15,490

period of time at a strong angle the way

1496

01:04:19,680 --> 01:04:17,920

that it did yeah when it goes silent

1497

01:04:23,280 --> 01:04:19,690

that's one that can't be explained for

1498

01:04:26,100 --> 01:04:23,290

sure though the lead witness Lonnie

1499

01:04:28,650 --> 01:04:26,110

Zamora I have my own thoughts but I'd

1500

01:04:31,290 --> 01:04:28,660

like for you to express one of you to

1501

01:04:35,310 --> 01:04:31,300

express why was Lonnie such a solid

1502

01:04:38,310 --> 01:04:35,320

witness well Lonnie I mean who knows

1503

01:04:40,140 --> 01:04:38,320

he's a really good guy you know he was

1504

01:04:42,210 --> 01:04:40,150

former military he was in the army he

1505

01:04:45,390 --> 01:04:42,220

was a police officer and he took his job

1506

01:04:48,150 --> 01:04:45,400

very seriously you know he was just a

1507

01:04:50,550 --> 01:04:48,160

down-to-earth guy a family a family man

1508

01:04:52,430 --> 01:04:50,560

he's very honest and you know true to

1509

01:04:55,020 --> 01:04:52,440

his word this is something that rune is

1510

01:04:56,130 --> 01:04:55,030

in a lot of ways in my opinion I mean

1511

01:04:59,220 --> 01:04:56,140

some people might say didn't ruin his

1512

01:05:01,350 --> 01:04:59,230

life but he was being ridiculed ever

1513

01:05:02,730 --> 01:05:01,360

since this event took place little kids

1514

01:05:06,180 --> 01:05:02,740

would tease him on the street people

1515

01:05:08,820 --> 01:05:06,190

would say things to him out there just

1516

01:05:10,560 --> 01:05:08,830

kind of kind of just poking him everyday

1517

01:05:11,730 --> 01:05:10,570

to the point where he said you know what

1518

01:05:13,320 --> 01:05:11,740

I'm not gonna do this anymore he ended

1519

01:05:16,110 --> 01:05:13,330

up working at a gas station for a little

1520

01:05:18,090 --> 01:05:16,120

bit and then he went to work at the at

1521

01:05:22,350 --> 01:05:18,100

the dump I think for a long time right

1522

01:05:24,810 --> 01:05:22,360

then yeah the thing about Lonnie was he

1523

01:05:28,920 --> 01:05:24,820

was a church-going man he didn't he

1524

01:05:31,650 --> 01:05:28,930

rarely drank he was very religious

1525

01:05:34,230 --> 01:05:31,660

he wouldn't know he didn't even think

1526

01:05:36,000 --> 01:05:34,240

about UFOs he was sorry he afterwards he

1527

01:05:37,800 --> 01:05:36,010

was sorry ever brought it up he said

1528

01:05:38,970 --> 01:05:37,810

he'd if he saw the damn thing again he

1529

01:05:43,040 --> 01:05:38,980

would never talk about it

1530

01:05:45,210 --> 01:05:43,050

so as a guy not not prone to fiction

1531

01:05:47,730 --> 01:05:45,220

seeking publicity wasn't seeking

1532

01:05:50,130 --> 01:05:47,740

publicity was a down-to-earth guy was a

1533

01:05:52,560 --> 01:05:50,140

you know well-known in community as a

1534

01:05:55,230 --> 01:05:52,570

stand-up guy and even hynix conclusion

1535

01:05:56,310 --> 01:05:55,240

and Quentin Elia said you know he was

1536

01:05:58,950 --> 01:05:56,320

probably one of the most credible

1537

01:06:02,580 --> 01:05:58,960

witnesses we've had because we believe

1538

01:06:05,700 --> 01:06:02,590

that what he says he believes you know

1539

01:06:08,400 --> 01:06:05,710

yeah and then you know with the photo

1540

01:06:10,740 --> 01:06:08,410

you you kind of have confirmation that

1541

01:06:14,100 --> 01:06:10,750

what he saw is captured in that photo

1542

01:06:16,530 --> 01:06:14,110

it's just you know it's like just Joe

1543

01:06:19,350 --> 01:06:16,540

Blow on a street honest hard-working guy

1544

01:06:21,120 --> 01:06:19,360

sees something extraordinary reports it

1545

01:06:22,890 --> 01:06:21,130

then gets all kinds of grief about it

1546

01:06:24,210 --> 01:06:22,900

and then he's sorry he talked about but

1547

01:06:25,950 --> 01:06:24,220

you know I'm sure he didn't know the

1548

01:06:27,750 --> 01:06:25,960

ramifications of what was gonna happen

1549

01:06:29,250 --> 01:06:27,760

he if he thought through it he probably

1550

01:06:30,390 --> 01:06:29,260

would have kept it to himself you know

1551

01:06:32,070 --> 01:06:30,400

that's kind of a recurrent thing and

1552

01:06:33,750 --> 01:06:32,080

mizzen have been like you know we see

1553

01:06:36,570 --> 01:06:33,760

cases like the Hickson case you know

1554

01:06:38,580 --> 01:06:36,580

same kind of thing you know he reports

1555

01:06:39,990 --> 01:06:38,590

something and it's people started to

1556

01:06:42,570 --> 01:06:40,000

trash him about it he wishes he never

1557

01:06:44,040 --> 01:06:42,580

brought it and that kind of solidifies

1558

01:06:46,440 --> 01:06:44,050

the fact that a lot of the other

1559

01:06:48,480 --> 01:06:46,450

officers said they had seen the thing

1560

01:06:50,280 --> 01:06:48,490

before and after this event but they

1561

01:06:52,290 --> 01:06:50,290

said because the way Lonnie's treated we

1562

01:06:54,180 --> 01:06:52,300

would never tell anybody except their

1563

01:06:56,100 --> 01:06:54,190

fellow police officers about they said

1564

01:06:58,290 --> 01:06:56,110

they saw it many times afterwards and

1565

01:07:01,050 --> 01:06:58,300

they said they refused to tell the

1566

01:07:02,340 --> 01:07:01,060

airforce ever again yeah they didn't

1567

01:07:05,550 --> 01:07:02,350

like the way Lonnie was treated they all

1568

01:07:07,230 --> 01:07:05,560

hated the airforce the Bluebook guys the

1569

01:07:08,940 --> 01:07:07,240

military guys they really didn't like

1570

01:07:10,710 --> 01:07:08,950

when all they probably some of them

1571

01:07:12,480 --> 01:07:10,720

didn't like ray but he was kind of a

1572

01:07:15,600 --> 01:07:12,490

civilian investigator at the time

1573

01:07:17,010 --> 01:07:15,610

working for nycap but it's just one of

1574

01:07:19,310 --> 01:07:17,020

those things where you have incredible

1575

01:07:21,600 --> 01:07:19,320

witnessing and incredible thing and

1576

01:07:23,190 --> 01:07:21,610

probably reported it exactly as it

1577

01:07:24,630 --> 01:07:23,200

happened didn't embellish it at all

1578

01:07:26,340 --> 01:07:24,640

never embellished it later in life

1579

01:07:29,490 --> 01:07:26,350

didn't even want to talk about the

1580

01:07:31,350 --> 01:07:29,500

creatures and did very few interviews

1581

01:07:33,210 --> 01:07:31,360

afterwards if the guy was seeking

1582

01:07:35,490 --> 01:07:33,220

publicity he sure did a poor job of

1583

01:07:40,500 --> 01:07:35,500

doing it right you touched on everything

1584

01:07:43,320 --> 01:07:40,510

of my thoughts especially the part where

1585

01:07:45,810 --> 01:07:43,330

he was not seeking any type of notoriety

1586

01:07:48,870 --> 01:07:45,820

and and he was scared to that's one

1587

01:07:51,450 --> 01:07:48,880

thing he was it really shook him up this

1588

01:07:53,850 --> 01:07:51,460

whole event yeah yeah this he was like

1589

01:07:55,410 --> 01:07:53,860

why does it ghost when Chavez showed up

1590

01:07:57,240 --> 01:07:55,420

he said he looked really physically

1591

01:08:01,140 --> 01:07:57,250

shaking trembling and mm-hmm

1592

01:08:03,540 --> 01:08:01,150

now there is a there is also controversy

1593

01:08:05,960 --> 01:08:03,550

about well we want to call him little

1594

01:08:13,020 --> 01:08:05,970

people not midgets but about the small

1595

01:08:15,360 --> 01:08:13,030

beings there's controversy whether they

1596

01:08:16,200 --> 01:08:15,370

were he mentioned them and that he did

1597

01:08:18,360 --> 01:08:16,210

mention them or

1598

01:08:20,070 --> 01:08:18,370

mention him I mean I've heard people say

1599

01:08:23,160 --> 01:08:20,080

that but I've always heard the story as

1600

01:08:24,630 --> 01:08:23,170

he saw the two beings well he said he

1601
01:08:27,479 --> 01:08:24,640
described his figures he said he saw two

1602
01:08:29,700 --> 01:08:27,489
figures and he described him as they

1603
01:08:31,170 --> 01:08:29,710
were wearing like coveralls yeah he

1604
01:08:32,459 --> 01:08:31,180
never mentioned any facial features

1605
01:08:36,059 --> 01:08:32,469
because he's about he saw them in about

1606
01:08:38,280 --> 01:08:36,069
450 feet away so you know as far as

1607
01:08:40,920 --> 01:08:38,290
semantics goes he described him as two

1608
01:08:42,240 --> 01:08:40,930
figures and wearing white what appear to

1609
01:08:44,249 --> 01:08:42,250
be white coveralls and they were

1610
01:08:46,410 --> 01:08:44,259
standing next to a five-foot Priya side

1611
01:08:48,870 --> 01:08:46,420
Bush and they didn't come up to the top

1612
01:08:52,920 --> 01:08:48,880
of the bush 10 year older yeah less than

1613
01:08:55,709 --> 01:08:52,930

five feet tall mmm yeah yeah but yeah

1614

01:08:57,269 --> 01:08:55,719

that's just the added part to this case

1615

01:09:01,890 --> 01:08:57,279

that really makes it even more

1616

01:09:07,470 --> 01:09:01,900

mysterious and and if it is a good one

1617

01:09:10,289 --> 01:09:07,480

and you know this having a witness like

1618

01:09:13,320 --> 01:09:10,299

Lonnie is is pretty rare all the way

1619

01:09:16,890 --> 01:09:13,330

through especially you know someone that

1620

01:09:19,349 --> 01:09:16,900

is not on the circuit so to speak and

1621

01:09:22,200 --> 01:09:19,359

never was yeah yeah and one thing I can

1622

01:09:25,499 --> 01:09:22,210

add is that as we were investigating we

1623

01:09:27,959 --> 01:09:25,509

did find I think seven other incidents

1624

01:09:30,329 --> 01:09:27,969

in the area in the same time frame of

1625

01:09:34,110 --> 01:09:30,339

egg-shaped craft there was actually a

1626

01:09:37,229 --> 01:09:34,120

Ford of a egg-shaped class with four

1627

01:09:38,760 --> 01:09:37,239

landing gear landing on Halloran that

1628

01:09:40,950 --> 01:09:38,770

didn't get a little publicity but I

1629

01:09:42,900 --> 01:09:40,960

found that and in a newspaper article

1630

01:09:45,570 --> 01:09:42,910

and then there was another report of a

1631

01:09:48,870 --> 01:09:45,580

pilot who said he saw the thing in the

1632

01:09:51,329 --> 01:09:48,880

air and he described it had a symbol of

1633

01:09:54,420 --> 01:09:51,339

inverted V with three bars on and this

1634

01:09:56,550 --> 01:09:54,430

was a military pilot really Wow always

1635

01:10:05,790 --> 01:09:56,560

what was a pilot flying a plane or

1636

01:10:08,010 --> 01:10:05,800

helicopter pilot possibly flying his own

1637

01:10:10,979 --> 01:10:08,020

piper or whatever they had the time but

1638

01:10:14,160 --> 01:10:10,989

the thing is as we look deeper there are

1639

01:10:16,709 --> 01:10:14,170

some other cases that are similar

1640

01:10:18,600 --> 01:10:16,719

reporting a similar craft in that area

1641

01:10:21,570 --> 01:10:18,610

in that time frame at 64 you know had

1642

01:10:24,959 --> 01:10:21,580

credible amount of UFO high end UFO

1643

01:10:27,810 --> 01:10:24,969

cases and there was other events that

1644

01:10:29,790 --> 01:10:27,820

might tie to that event so trying to

1645

01:10:31,319 --> 01:10:29,800

figure out how to plot all this on

1646

01:10:33,780 --> 01:10:31,329

app and they get the time frame right

1647

01:10:36,870 --> 01:10:33,790

and look at these other stories and see

1648

01:10:38,549 --> 01:10:36,880

how viable they are then we can kind of

1649

01:10:40,080 --> 01:10:38,559

put together maybe a timeline of where

1650

01:10:41,430 --> 01:10:40,090

those things were going and coming from

1651
01:10:43,319 --> 01:10:41,440
there one of the most amazing things

1652
01:10:45,540 --> 01:10:43,329
about this case Martin is the more we

1653
01:10:47,189 --> 01:10:45,550
dig the more we find even today which is

1654
01:10:49,049 --> 01:10:47,199
just amazing yeah

1655
01:10:51,060 --> 01:10:49,059
sometimes I get feedback where people

1656
01:10:54,000 --> 01:10:51,070
say oh you know you do is talk about old

1657
01:10:55,799 --> 01:10:54,010
cases and reaction but I think that you

1658
01:10:58,439 --> 01:10:55,809
know your point you just made Tony I

1659
01:11:02,160 --> 01:10:58,449
think when you dig deep I mean you're

1660
01:11:04,200 --> 01:11:02,170
finding articles which is used to do

1661
01:11:08,040 --> 01:11:04,210
that through microfiche is it done

1662
01:11:09,870 --> 01:11:08,050
differently now it's all onion well we

1663
01:11:12,359 --> 01:11:09,880

do have some microfiche that we need to

1664

01:11:15,540 --> 01:11:12,369

get converted that we're borrowing from

1665

01:11:16,830 --> 01:11:15,550

somebody and hopefully we're gonna maybe

1666

01:11:18,390 --> 01:11:16,840

be able to dig through that a little bit

1667

01:11:20,790 --> 01:11:18,400

and find some more corroborating

1668

01:11:22,649 --> 01:11:20,800

evidence and well you know we're all

1669

01:11:24,330 --> 01:11:22,659

willing to go back to Socorro hopefully

1670

01:11:26,250 --> 01:11:24,340

in February and do the same thing we did

1671

01:11:28,589 --> 01:11:26,260

last time this is kind of start our trip

1672

01:11:32,850 --> 01:11:28,599

up there and maybe we'll be able to

1673

01:11:34,410 --> 01:11:32,860

interview some people did you attempt to

1674

01:11:37,379 --> 01:11:34,420

do that you didn't have time to do that

1675

01:11:39,030 --> 01:11:37,389

last time no no it was yeah we didn't

1676
01:11:40,890 --> 01:11:39,040
have much time and luckily Ben drove

1677
01:11:44,640 --> 01:11:40,900
he's he's a professionally trained

1678
01:11:46,439 --> 01:11:44,650
IndyCar racer and he was able to reach

1679
01:11:51,229 --> 01:11:46,449
the speed of light in our rental car as

1680
01:11:52,350 --> 01:11:51,239
it critical mass from Sakura to

1681
01:11:55,799 --> 01:11:52,360
Scottsdale

1682
01:11:58,049 --> 01:11:55,809
I think but 60 west's you know that goes

1683
01:12:01,049 --> 01:11:58,059
through Magdalena and they tall as all

1684
01:12:03,209 --> 01:12:01,059
cities with histories of UFO crashes and

1685
01:12:07,169 --> 01:12:03,219
famous UFO sightings so that whole

1686
01:12:09,870 --> 01:12:07,179
corridor from Socorro out to Arizona is

1687
01:12:11,939 --> 01:12:09,880
full of history as a matter of fact we

1688
01:12:13,680 --> 01:12:11,949

have some few peaks that we have made

1689

01:12:16,649 --> 01:12:13,690

some discoveries talking to people

1690

01:12:18,600 --> 01:12:16,659

everywhere we stopped and we would ask

1691

01:12:21,959 --> 01:12:18,610

have you guys seen any UFOs around here

1692

01:12:24,720 --> 01:12:21,969

and we just show them our our badge our

1693

01:12:26,220 --> 01:12:24,730

official match in our cars and they say

1694

01:12:28,049 --> 01:12:26,230

yeah man we see UFOs all the time we got

1695

01:12:29,390 --> 01:12:28,059

albums full of them we're sick of them

1696

01:12:32,069 --> 01:12:29,400

we know we see these things all the time

1697

01:12:34,799 --> 01:12:32,079

so basically you know you makes you want

1698

01:12:37,379 --> 01:12:34,809

to you know spend like a month there and

1699

01:12:41,399 --> 01:12:37,389

just set up shop and see what you

1700

01:12:43,380 --> 01:12:41,409

capture Wow yeah it is

1701

01:12:45,630 --> 01:12:43,390

yeah it's puzzling why there's

1702

01:12:48,120 --> 01:12:45,640

just so much activity in that area it

1703

01:12:50,640 --> 01:12:48,130

really is and you said earlier the 39th

1704

01:12:54,170 --> 01:12:50,650

parallel I'm not sure if I heard anyone

1705

01:12:57,450 --> 01:12:54,180

else talk about that yeah that's a

1706

01:13:00,360 --> 01:12:57,460

there's a lot of cases across this area

1707

01:13:01,770 --> 01:13:00,370

of the United States I think I'm saying

1708

01:13:03,450 --> 01:13:01,780

McHale mutilations from what I

1709

01:13:06,660 --> 01:13:03,460

understand in that 30-minute parallel

1710

01:13:09,690 --> 01:13:06,670

and what is you know they discovered new

1711

01:13:11,850 --> 01:13:09,700

things all the time there's a one of the

1712

01:13:15,090 --> 01:13:11,860

shows I saw right on this parallel there

1713

01:13:18,330 --> 01:13:15,100

were all these interesting formations

1714

01:13:21,960 --> 01:13:18,340

and four huge formations and now we

1715

01:13:25,650 --> 01:13:21,970

found out that that area was struck by

1716

01:13:27,270 --> 01:13:25,660

multiple meteorites of great size back

1717

01:13:29,130 --> 01:13:27,280

way back in the past and that's what

1718

01:13:30,990 --> 01:13:29,140

created these formations right through

1719

01:13:34,680 --> 01:13:31,000

the heart of the United States

1720

01:13:37,980 --> 01:13:34,690

Wow that is pretty interesting we have

1721

01:13:40,620 --> 01:13:37,990

another question on the board off this

1722

01:13:43,860 --> 01:13:40,630

topic and with your investigation work

1723

01:13:46,950 --> 01:13:43,870

with MUFON has there been any cases you

1724

01:13:49,380 --> 01:13:46,960

were involved in that have had a

1725

01:13:52,830 --> 01:13:49,390

profound emotional effect on witnesses

1726

01:13:55,800 --> 01:13:52,840

if so did they influence you do you

1727

01:14:01,380 --> 01:13:55,810

think human elements sometimes gets

1728

01:14:04,650 --> 01:14:01,390

missed from witness reports you know

1729

01:14:06,600 --> 01:14:04,660

I've gotten several cases even where

1730

01:14:08,520 --> 01:14:06,610

yeah people get very emotional about

1731

01:14:11,160 --> 01:14:08,530

what they think they witnessed and the

1732

01:14:12,690 --> 01:14:11,170

reason I say that is because you know

1733

01:14:13,800 --> 01:14:12,700

you've followed you today is it's real

1734

01:14:17,970 --> 01:14:13,810

challenging me it's probably one of the

1735

01:14:20,010 --> 01:14:17,980

hardest fields that you can you know

1736

01:14:22,470 --> 01:14:20,020

take part in because there's so many

1737

01:14:25,140 --> 01:14:22,480

different facets to it you know from the

1738

01:14:28,200 --> 01:14:25,150

abduction experiencers to spiritual

1739

01:14:29,760 --> 01:14:28,210

people to you know what Ben and I like

1740

01:14:31,250 --> 01:14:29,770

to focus on is the hard evidence you

1741

01:14:34,500 --> 01:14:31,260

know you'll never hear us talking about

1742

01:14:35,910 --> 01:14:34,510

you know we're never going to speculate

1743

01:14:37,280 --> 01:14:35,920

if something's an alien or there's

1744

01:14:39,930 --> 01:14:37,290

something is from its mother world

1745

01:14:41,880 --> 01:14:39,940

unless we have that physical evidence

1746

01:14:43,320 --> 01:14:41,890

unless there's some kind of an alien

1747

01:14:45,590 --> 01:14:43,330

sitting right in front of us and showing

1748

01:14:48,090 --> 01:14:45,600

us their technology and giving us a ride

1749

01:14:49,680 --> 01:14:48,100

so we get a lot of people to speculate

1750

01:14:51,000 --> 01:14:49,690

what they think they saw if they see a

1751

01:14:52,590 --> 01:14:51,010

light in the sky and they say they were

1752

01:14:55,290 --> 01:14:52,600

emotionally affected and then they had

1753

01:14:56,160 --> 01:14:55,300

these dreams that you know things happen

1754

01:14:58,350 --> 01:14:56,170

to them and

1755

01:15:01,350 --> 01:14:58,360

you know we had missing time you know

1756

01:15:04,590 --> 01:15:01,360

that could very well be true but we're

1757

01:15:06,270 --> 01:15:04,600

not qualified to hypnotize anybody we're

1758

01:15:08,070 --> 01:15:06,280

not qualified to speculate what happened

1759

01:15:10,680 --> 01:15:08,080

to them and there's people and MUFON

1760

01:15:12,689 --> 01:15:10,690

that do specialize in that area so we

1761

01:15:15,180 --> 01:15:12,699

don't even try to to pretend that we

1762

01:15:17,550 --> 01:15:15,190

know that information but we will you

1763

01:15:20,220 --> 01:15:17,560

know do our best to gather hard physical

1764

01:15:23,400 --> 01:15:20,230

evidence and get things analyzed photo

1765

01:15:26,490 --> 01:15:23,410

analysis we use you know the tools like

1766

01:15:28,709 --> 01:15:26,500

ela and made of made of tag analyzers

1767

01:15:30,689 --> 01:15:28,719

and you know photo forensics and things

1768

01:15:32,010 --> 01:15:30,699

like that to try and determine if a

1769

01:15:33,240 --> 01:15:32,020

photograph is manipulate been

1770

01:15:35,250 --> 01:15:33,250

manipulated or faked you know

1771

01:15:39,270 --> 01:15:35,260

recompressed or what have you trying to

1772

01:15:41,430 --> 01:15:39,280

help that witness witnesses testimony of

1773

01:15:44,070 --> 01:15:41,440

course we want to believe and but unless

1774

01:15:45,360 --> 01:15:44,080

we have that real proof and that's we

1775

01:15:47,910 --> 01:15:45,370

love so much much liqueur there's just

1776

01:15:50,100 --> 01:15:47,920

so much tangible evidence and so much

1777

01:15:52,350 --> 01:15:50,110

you know original photographs to work

1778

01:15:54,090 --> 01:15:52,360

with and then we have Rey you know and

1779

01:15:56,520 --> 01:15:54,100

so he's been a great resource for us and

1780

01:15:58,439 --> 01:15:56,530

that's one of the historical cases that

1781

01:16:01,439 --> 01:15:58,449

we've just been immersed in because we

1782

01:16:03,750 --> 01:16:01,449

have that access we have you know array

1783

01:16:09,300 --> 01:16:03,760

at our back door to help us out with

1784

01:16:13,320 --> 01:16:09,310

that mm-hmm let's see someone wanted to

1785

01:16:17,729 --> 01:16:13,330

know what you thought about the whole

1786

01:16:19,950 --> 01:16:17,739

UFO paranormal connection have you

1787

01:16:21,750 --> 01:16:19,960

experienced anything like that you know

1788

01:16:24,120 --> 01:16:21,760

the connection between other paranormal

1789

01:16:29,100 --> 01:16:24,130

activities and UFOs I believe that

1790

01:16:31,350 --> 01:16:29,110

Scotian well I think a big there's a

1791

01:16:34,169 --> 01:16:31,360

book you could call a psychic connection

1792

01:16:36,660 --> 01:16:34,179

I think that if we're dealing with a

1793

01:16:38,310 --> 01:16:36,670

civilization that's you know five

1794

01:16:40,919 --> 01:16:38,320

thousand five hundred thousand five

1795

01:16:42,840 --> 01:16:40,929

million whatever years ahead of us they

1796

01:16:45,959 --> 01:16:42,850

would have the ability to probably

1797

01:16:49,470 --> 01:16:45,969

monitor you on some type of personal

1798

01:16:51,689 --> 01:16:49,480

level I mean if NSA can do it certainly

1799

01:16:53,640 --> 01:16:51,699

a race coming from somewhere else could

1800

01:16:55,229 --> 01:16:53,650

do it I think that they know when you're

1801
01:16:57,150 --> 01:16:55,239
observing them I think they know where

1802
01:16:58,680 --> 01:16:57,160
you might be thinking I think there's a

1803
01:17:01,380 --> 01:16:58,690
psychic connection that's why some

1804
01:17:03,990 --> 01:17:01,390
people do seem to be attractors but a

1805
01:17:06,000 --> 01:17:04,000
lot of people when they say shoot I got

1806
01:17:07,530 --> 01:17:06,010
to grab my camera that's when they

1807
01:17:08,520 --> 01:17:07,540
disappear because they know you're

1808
01:17:10,620 --> 01:17:08,530
grabbing a camera the

1809
01:17:12,150 --> 01:17:10,630
I think there's some type of psychic

1810
01:17:14,430 --> 01:17:12,160
connection that's not really psychic

1811
01:17:16,470 --> 01:17:14,440
it's just high-technology you know it's

1812
01:17:17,910 --> 01:17:16,480
just something that we haven't imagined

1813
01:17:19,110 --> 01:17:17,920

yet but they they probably know what

1814

01:17:21,180 --> 01:17:19,120

you're thinking what your actions are

1815

01:17:23,760 --> 01:17:21,190

going to be they know who's observing

1816

01:17:25,650 --> 01:17:23,770

them because I feel with the technology

1817

01:17:27,060 --> 01:17:25,660

they have if they really really didn't

1818

01:17:30,330 --> 01:17:27,070

want you to see him then you wouldn't

1819

01:17:32,460 --> 01:17:30,340

see him they probably do show themselves

1820

01:17:36,360 --> 01:17:32,470

at times may could be some type of

1821

01:17:38,490 --> 01:17:36,370

mechanical issue but maybe just to test

1822

01:17:40,410 --> 01:17:38,500

what happens afterwards to do a study to

1823

01:17:42,180 --> 01:17:40,420

you know kind of like a field study

1824

01:17:44,310 --> 01:17:42,190

could be students on a field trip for

1825

01:17:45,840 --> 01:17:44,320

all we know but they're you know they

1826

01:17:47,700 --> 01:17:45,850

might appear for five seconds and

1827

01:17:49,110 --> 01:17:47,710

disappear and then okay how they react

1828

01:17:51,240 --> 01:17:49,120

what are they thinking they're one of my

1829

01:17:52,890 --> 01:17:51,250

favorite cases is that one in Italy in

1830

01:17:54,420 --> 01:17:52,900

that remote region where the Catholic

1831

01:17:56,580 --> 01:17:54,430

priests and the schoolchildren were

1832

01:17:58,350 --> 01:17:56,590

watching that UFO and the people up over

1833

01:17:59,790 --> 01:17:58,360

the phone the dome were like waving back

1834

01:18:01,650 --> 01:17:59,800

and forth that that sighting was like a

1835

01:18:03,570 --> 01:18:01,660

couple 10 20 minutes long or something

1836

01:18:09,390 --> 01:18:03,580

wasn't it yeah that was there for like a

1837

01:18:11,180 --> 01:18:09,400

day time looking at it they went are you

1838

01:18:16,530 --> 01:18:11,190

talking about the farther the father

1839

01:18:19,020 --> 01:18:16,540

Guild case yeah yeah yeah and she

1840

01:18:20,460 --> 01:18:19,030

stopped but you know to you had somebody

1841

01:18:24,090 --> 01:18:20,470

that says whether you talk about all

1842

01:18:26,490 --> 01:18:24,100

cases alejandro touched on the the

1843

01:18:27,990 --> 01:18:26,500

triangles and you know he said red light

1844

01:18:30,150 --> 01:18:28,000

at the base i don't know if you met red

1845

01:18:33,510 --> 01:18:30,160

light in the center but virginia gets a

1846

01:18:35,310 --> 01:18:33,520

lot of triangle reports and when i hear

1847

01:18:37,650 --> 01:18:35,320

you know white light on each corner red

1848

01:18:39,780 --> 01:18:37,660

light in the center that to me sounds so

1849

01:18:43,650 --> 01:18:39,790

much like a nuts and bolts military type

1850

01:18:45,960 --> 01:18:43,660

vehicle what's interesting is in Ray's

1851

01:18:47,790 --> 01:18:45,970

one of rays power point where these

1852

01:18:50,130 --> 01:18:47,800

things seem to be coming off this larger

1853

01:18:51,870 --> 01:18:50,140

craft and docking underneath it their

1854

01:18:53,640 --> 01:18:51,880

triangle shape but they look like sports

1855

01:18:57,080 --> 01:18:53,650

models and this is from the 70s and

1856

01:18:59,970 --> 01:18:57,090

they're not trying to shape crafts

1857

01:19:03,960 --> 01:18:59,980

people don't realize that originally the

1858

01:19:06,690 --> 01:19:03,970

Roswell crash was reported as a delta

1859

01:19:08,820 --> 01:19:06,700

shaped craft so that's something that

1860

01:19:10,530 --> 01:19:08,830

could be coming out of a larger objects

1861

01:19:12,840 --> 01:19:10,540

that are flying aerodynamically thus

1862

01:19:15,930 --> 01:19:12,850

they have the Delta shape maybe using

1863

01:19:18,510 --> 01:19:15,940

some more atmospheric type of polishing

1864

01:19:21,180 --> 01:19:18,520

but I think here and then since the late

1865

01:19:21,970 --> 01:19:21,190

70s early 80s I think most of these

1866

01:19:25,330 --> 01:19:21,980

triangles

1867

01:19:27,010 --> 01:19:25,340

our military and they sometimes fly them

1868

01:19:29,170 --> 01:19:27,020

over we have one go right down a highway

1869

01:19:31,150 --> 01:19:29,180

in Richmond with or near Richmond with

1870

01:19:33,010 --> 01:19:31,160

some footage they clearly showed a

1871

01:19:35,680 --> 01:19:33,020

triangle with a red light in it moving

1872

01:19:37,270 --> 01:19:35,690

very slowly and silently that to me is

1873

01:19:40,840 --> 01:19:37,280

just to nuts and bolts I think that's

1874

01:19:42,640 --> 01:19:40,850

military black project and also Martin I

1875

01:19:44,080 --> 01:19:42,650

just gonna add to that that I recently

1876

01:19:46,780 --> 01:19:44,090

had lunch with an old friend of mine

1877

01:19:48,580 --> 01:19:46,790

haven't seen in 20 years and I was

1878

01:19:50,830 --> 01:19:48,590

talking about the black triangle crafts

1879

01:19:53,830 --> 01:19:50,840

and things like this and this person was

1880

01:19:56,890 --> 01:19:53,840

telling me that at a young age sitting

1881

01:19:58,330 --> 01:19:56,900

with her father there was a TV show that

1882

01:20:00,880 --> 01:19:58,340

came on to talk about these black

1883

01:20:03,610 --> 01:20:00,890

triangles and he literally dropped his

1884

01:20:05,290 --> 01:20:03,620

beer and his mouth was just a gate

1885

01:20:08,800 --> 01:20:05,300

because he said that's the craft I

1886

01:20:11,530 --> 01:20:08,810

worked on when when I was working for

1887

01:20:13,540 --> 01:20:11,540

civilian government and he described how

1888

01:20:16,270 --> 01:20:13,550

the thing flies by putting his hands out

1889

01:20:19,960 --> 01:20:16,280

in three-dimensional space and touching

1890

01:20:22,240 --> 01:20:19,970

like a flat kind of a control panel and

1891

01:20:24,010 --> 01:20:22,250

he also you know described you know some

1892

01:20:26,410 --> 01:20:24,020

other intricate things about the craft

1893

01:20:28,750 --> 01:20:26,420

but she said that at a young age she

1894

01:20:29,830 --> 01:20:28,760

remembers seeing him go in and out of

1895

01:20:32,710 --> 01:20:29,840

the house with a briefcase with

1896

01:20:35,110 --> 01:20:32,720

handcuffs on and he would disappear to

1897

01:20:36,670 --> 01:20:35,120

different parts of the world just all of

1898

01:20:39,280 --> 01:20:36,680

a sudden like two days later he was gone

1899

01:20:41,350 --> 01:20:39,290

for a week kind of thing so not sure

1900

01:20:42,850 --> 01:20:41,360

what he was doing for a living but she

1901

01:20:44,560 --> 01:20:42,860

didn't remember the day that he saw that

1902

01:20:46,660 --> 01:20:44,570

on TV and he was amazed that it was

1903

01:20:50,070 --> 01:20:46,670

being shown well I have I have some

1904

01:20:53,650 --> 01:20:50,080

questions since we're on this subject

1905

01:20:56,110 --> 01:20:53,660

because of the military connection you

1906

01:21:00,850 --> 01:20:56,120

know I think it's possible that some of

1907

01:21:05,890 --> 01:21:00,860

these are military questions are why

1908

01:21:07,510 --> 01:21:05,900

would they be exposing these crafts so

1909

01:21:08,740 --> 01:21:07,520

often and all over the place in

1910

01:21:11,350 --> 01:21:08,750

populated areas

1911

01:21:13,890 --> 01:21:11,360

that's one question another question is

1912

01:21:18,370 --> 01:21:13,900

if there was silent propulsion that

1913

01:21:20,400 --> 01:21:18,380

could move a craft slowly over head it

1914

01:21:23,740 --> 01:21:20,410

just seems like that couldn't be kept

1915

01:21:27,520 --> 01:21:23,750

quiet as long as it has been and there's

1916

01:21:30,100 --> 01:21:27,530

you know I spoke to a girl at an auction

1917

01:21:34,680 --> 01:21:30,110

gallery I'd say I don't know six months

1918

01:21:41,189 --> 01:21:37,800

she said oh I saw online you do a show

1919

01:21:45,030 --> 01:21:41,199

on UFOs and when I was when I was young

1920

01:21:47,550 --> 01:21:45,040

you know hit back in like 1973 I think

1921

01:21:49,439 --> 01:21:47,560

she said it was 73 in Massachusetts she

1922

01:21:51,629 --> 01:21:49,449

said that this big huge triangle came

1923

01:21:53,729 --> 01:21:51,639

over are floated over a car and my aunt

1924

01:21:56,459 --> 01:21:53,739

got out and you know she's telling me

1925

01:21:58,220 --> 01:21:56,469

this whole story all excited you know

1926

01:22:00,990 --> 01:21:58,230

she never really thinks about UFOs

1927

01:22:03,959 --> 01:22:01,000

anymore but you know that's something

1928

01:22:06,120 --> 01:22:03,969

that she saw so if these crafts are

1929

01:22:09,300 --> 01:22:06,130

military how could they be around first

1930

01:22:14,100 --> 01:22:09,310

of all so long and you talk to David

1931

01:22:18,600 --> 01:22:14,110

Marlar about that and how could they be

1932

01:22:21,840 --> 01:22:18,610

kept a secret so long and that type of

1933

01:22:23,250 --> 01:22:21,850

propulsion well we know the government

1934

01:22:27,600 --> 01:22:23,260

is good at keeping secrets

1935

01:22:30,120 --> 01:22:27,610

and I always go back to the a-bomb that

1936

01:22:31,169 --> 01:22:30,130

had maybe ten thousand people working on

1937

01:22:33,000 --> 01:22:31,179

their project and the Vice President

1938

01:22:37,020 --> 01:22:33,010

United States knew nothing about it

1939

01:22:38,850 --> 01:22:37,030

until they dropped on Nagasaki so the

1940

01:22:41,370 --> 01:22:38,860

government can keep secrets usually when

1941

01:22:43,919 --> 01:22:41,380

they show US military craft like the

1942

01:22:47,280 --> 01:22:43,929

sr-71 blackbird I mean that thing was

1943

01:22:49,890 --> 01:22:47,290

built a long time ago and we didn't see

1944

01:22:51,810 --> 01:22:49,900

it for a long time there are other

1945

01:22:54,840 --> 01:22:51,820

projects that when they show us

1946

01:22:56,399 --> 01:22:54,850

something usually it's old it's not the

1947

01:22:59,310 --> 01:22:56,409

latest technology it's it's the latest

1948

01:23:02,459 --> 01:22:59,320

when they show us and the silent

1949

01:23:04,680 --> 01:23:02,469

triangles could be you know there as far

1950

01:23:08,760 --> 01:23:04,690

as what might be called the Aurora goes

1951

01:23:11,790 --> 01:23:08,770

or the TR b TR b3 that could be a

1952

01:23:14,669 --> 01:23:11,800

durable type craft that you know is

1953

01:23:16,200 --> 01:23:14,679

flying on helium or something I think

1954

01:23:20,280 --> 01:23:16,210

that's isn't it I've heard that was a

1955

01:23:22,200 --> 01:23:20,290

hoax well no there was designs that seen

1956

01:23:23,669 --> 01:23:22,210

designs for something because you know

1957

01:23:27,660 --> 01:23:23,679

we are going back to these

1958

01:23:29,160 --> 01:23:27,670

lighter-than-air ships that don't blow

1959

01:23:30,570 --> 01:23:29,170

up like that anywhere it looked like

1960

01:23:33,419 --> 01:23:30,580

what's-her-name's but oh yeah the

1961

01:23:35,580 --> 01:23:33,429

Kardashian ship but you know and that

1962

01:23:39,180 --> 01:23:35,590

that crashed also but

1963

01:23:41,610 --> 01:23:39,190

the thing with military is that you know

1964

01:23:43,080 --> 01:23:41,620

it can be an experiment like well let's

1965

01:23:45,420 --> 01:23:43,090

fly this down the highway see what

1966

01:23:47,730 --> 01:23:45,430

people see you know how easily does it

1967

01:23:49,800 --> 01:23:47,740

get dismissed how easily - do people say

1968

01:23:52,050 --> 01:23:49,810

you're crazy you didn't see anything you

1969

01:23:54,180 --> 01:23:52,060

know and even the footage you know it

1970

01:23:55,560 --> 01:23:54,190

could be photoshopped there's just a lot

1971

01:23:57,660 --> 01:23:55,570

of things there are a lot of reasons why

1972

01:23:59,250 --> 01:23:57,670

they would test and they they've done it

1973

01:24:01,620 --> 01:23:59,260

before they've tested things to see if

1974

01:24:05,550 --> 01:24:01,630

people notice see but it's the news see

1975

01:24:07,680 --> 01:24:05,560

if it kept quiet it's easy to deny they

1976

01:24:09,180 --> 01:24:07,690

can always deny everything that's not

1977

01:24:10,740 --> 01:24:09,190

ours we didn't fly that we don't have

1978

01:24:12,480 --> 01:24:10,750

anything like that but they could be

1979

01:24:14,670 --> 01:24:12,490

really doing and it's just all a social

1980

01:24:18,030 --> 01:24:14,680

experiment well see ya here's another

1981

01:24:19,320 --> 01:24:18,040

one I have a listener I haven't seen her

1982

01:24:21,600 --> 01:24:19,330

I haven't heard from her in a while

1983

01:24:24,240 --> 01:24:21,610

she's from Australia grew up in

1984

01:24:26,160 --> 01:24:24,250

Australia she's in her 30s now and when

1985

01:24:27,690 --> 01:24:26,170

she was around eight or nine years old

1986

01:24:31,680 --> 01:24:27,700

she was in the garden with her mother

1987

01:24:34,470 --> 01:24:31,690

and she felt this force that actually

1988

01:24:36,150 --> 01:24:34,480

pushed her down on the ground she

1989

01:24:38,130 --> 01:24:36,160

couldn't really explain what it was and

1990

01:24:41,400 --> 01:24:38,140

looked up and there was a big huge

1991

01:24:45,090 --> 01:24:41,410

triangle like floating over and she felt

1992

01:24:47,400 --> 01:24:45,100

like the force of it and silent

1993

01:24:50,010 --> 01:24:47,410

completely silent and this is going back

1994

01:24:51,900 --> 01:24:50,020

you know many years I just it's hard for

1995

01:24:55,560 --> 01:24:51,910

me to fathom that the military and

1996

01:25:00,000 --> 01:24:55,570

different places I also had a an

1997

01:25:02,700 --> 01:25:00,010

astronomer a amateur astronomer used to

1998

01:25:05,700 --> 01:25:02,710

be part of the show who passed away last

1999

01:25:07,500 --> 01:25:05,710

year and his thing was he was carrying

2000

01:25:12,030 --> 01:25:07,510

his telescope back to his house in

2001

01:25:14,430 --> 01:25:12,040

England and you know a huge he also said

2002

01:25:16,800 --> 01:25:14,440

it was huge and you hear that a lot huge

2003

01:25:20,600 --> 01:25:16,810

triangle now you say only a dirigibles

2004

01:25:23,910 --> 01:25:20,610

and so you gotta say it right it's huge

2005

01:25:26,160 --> 01:25:23,920

but so he saw this triangle float

2006

01:25:27,720 --> 01:25:26,170

you know float over and and then a

2007

01:25:29,280 --> 01:25:27,730

question on the message board why do

2008

01:25:31,620 --> 01:25:29,290

they have navigation light so the

2009

01:25:33,740 --> 01:25:31,630

military experimental craft have

2010

01:25:37,590 --> 01:25:33,750

navigation lights well that's possible

2011

01:25:39,720 --> 01:25:37,600

right it's hard to say I mean a lot of

2012

01:25:41,460 --> 01:25:39,730

these you know flying vehicles like you

2013

01:25:43,020 --> 01:25:41,470

know the kind that you see like in Close

2014

01:25:45,180 --> 01:25:43,030

Encounters they sure had a lot of lights

2015

01:25:48,330 --> 01:25:45,190

and they've been described that way but

2016

01:25:51,290 --> 01:25:48,340

I think that in our experience the

2017

01:25:54,750 --> 01:25:51,300

that crafts that we have seen that our

2018

01:25:56,580 --> 01:25:54,760

real lack of a better word um they don't

2019

01:25:59,100 --> 01:25:56,590

seem to have lights they just have they

2020

01:26:01,650 --> 01:25:59,110

just distort the air around them we see

2021

01:26:03,930 --> 01:26:01,660

a lot of you know plasma type evidence

2022

01:26:06,510 --> 01:26:03,940

that if there is a light it's it's being

2023

01:26:08,610 --> 01:26:06,520

emitted from that propulsion mechanism

2024

01:26:10,440 --> 01:26:08,620

so to speak but I haven't really seen

2025

01:26:12,570 --> 01:26:10,450

anything it has like Christmas lights or

2026
01:26:15,360 --> 01:26:12,580
anything fancy like that other one thing

2027
01:26:17,580 --> 01:26:15,370
especially working with Ray is some of

2028
01:26:19,680 --> 01:26:17,590
these day report portholes with lights

2029
01:26:22,950 --> 01:26:19,690
whereas that could be really some type

2030
01:26:25,010 --> 01:26:22,960
of magnetic or plasma venting because

2031
01:26:27,930 --> 01:26:25,020
with plasma and some of the

2032
01:26:29,490 --> 01:26:27,940
electromagnetic effects you can create

2033
01:26:30,900 --> 01:26:29,500
all kinds of colors that look like

2034
01:26:32,820 --> 01:26:30,910
lights but they're a factor of the

2035
01:26:35,610 --> 01:26:32,830
propulsion and probably the material

2036
01:26:37,530 --> 01:26:35,620
that these things are made of and you

2037
01:26:40,470 --> 01:26:37,540
know probably not metal probably some

2038
01:26:43,440 --> 01:26:40,480

type of ceramic conductive whereas the

2039

01:26:46,590 --> 01:26:43,450

whole ship might be conductive but it's

2040

01:26:48,720 --> 01:26:46,600

just I mean from what we've seen that

2041

01:26:50,970 --> 01:26:48,730

Ray has are these triangles back in the

2042

01:26:54,360 --> 01:26:50,980

70s they just don't look like these

2043

01:26:55,890 --> 01:26:54,370

really sharp edge triangles black

2044

01:26:57,480 --> 01:26:55,900

triangles that are being imported now

2045

01:27:00,960 --> 01:26:57,490

there's a little enormous yeah they look

2046

01:27:02,820 --> 01:27:00,970

like they're constructed here where the

2047

01:27:07,170 --> 01:27:02,830

other ones were just so exotic looking

2048

01:27:09,660 --> 01:27:07,180

and so almost like built for tremendous

2049

01:27:11,490 --> 01:27:09,670

speed that they just didn't look like

2050

01:27:13,140 --> 01:27:11,500

something that we would make the the

2051
01:27:15,360 --> 01:27:13,150
ones they're being filmed just look like

2052
01:27:16,890 --> 01:27:15,370
a black project in the shape of a

2053
01:27:18,720 --> 01:27:16,900
triangle that's our black bird looks

2054
01:27:21,750 --> 01:27:18,730
really weird when it's flying a lot of

2055
01:27:23,940 --> 01:27:21,760
these craft do the the a lot of the

2056
01:27:26,190 --> 01:27:23,950
stealth fighters look like discs on edge

2057
01:27:28,560 --> 01:27:26,200
when they're coming towards you and a

2058
01:27:30,390 --> 01:27:28,570
lot of people did report triangles and

2059
01:27:32,130 --> 01:27:30,400
the day when a lot of these planes are

2060
01:27:35,220 --> 01:27:32,140
flying that are our triangle at shape

2061
01:27:38,160 --> 01:27:35,230
plus you can have a I mean an airplane

2062
01:27:41,010 --> 01:27:38,170
has a red green and white light situated

2063
01:27:43,260 --> 01:27:41,020

for navigation lights and landing lights

2064

01:27:45,540 --> 01:27:43,270

because we live near Dulles Airport and

2065

01:27:47,280 --> 01:27:45,550

in a distance it looks like a triangle

2066

01:27:49,800 --> 01:27:47,290

because the lights are in a shape of a

2067

01:27:51,180 --> 01:27:49,810

triangle and we did have one reported

2068

01:27:53,280 --> 01:27:51,190

triangle right by a Dulles Airport

2069

01:27:56,250 --> 01:27:53,290

reported by a pilot on his way home and

2070

01:27:58,500 --> 01:27:56,260

you know he knows what aircraft looked

2071

01:28:00,480 --> 01:27:58,510

like he actually trains pilots and he

2072

01:28:01,899 --> 01:28:00,490

was just getting off the X and Route 28

2073

01:28:03,969 --> 01:28:01,909

on a 66

2074

01:28:06,159 --> 01:28:03,979

West heading towards Manassas and he

2075

01:28:08,169 --> 01:28:06,169

reported seeing this black triangular

2076

01:28:11,709 --> 01:28:08,179

craft with a red dome light in the

2077

01:28:14,529 --> 01:28:11,719

middle but no lights on the points and

2078

01:28:16,569 --> 01:28:14,539

the each each side of the craft he was

2079

01:28:20,409 --> 01:28:16,579

reported between 30 and 50 feet in

2080

01:28:23,370 --> 01:28:20,419

length now as far as black triangles go

2081

01:28:27,069 --> 01:28:23,380

you know the ones that I think are truly

2082

01:28:29,109 --> 01:28:27,079

extraterrestrial are like a mile and you

2083

01:28:33,939 --> 01:28:29,119

know a mile length and it just you know

2084

01:28:36,669 --> 01:28:33,949

just enormous ly huge but um these craft

2085

01:28:40,390 --> 01:28:36,679

like Ben just described I believe are in

2086

01:28:42,580 --> 01:28:40,400

our military and perhaps you know they

2087

01:28:44,049 --> 01:28:42,590

were that was completely silent to this

2088

01:28:46,540 --> 01:28:44,059

poly report he said there was no sound

2089

01:28:48,129 --> 01:28:46,550

he rolled his windows down he tried to

2090

01:28:50,350 --> 01:28:48,139

follow it as far as he could but you

2091

01:28:52,120 --> 01:28:50,360

know after you know ten seconds this

2092

01:28:53,500 --> 01:28:52,130

thing you know started moving picking up

2093

01:28:57,069 --> 01:28:53,510

speed and moving in a direction that the

2094

01:28:58,719 --> 01:28:57,079

road was not traveling in but again yeah

2095

01:29:00,069 --> 01:28:58,729

it's it's very similar to that and Anna

2096

01:29:03,850 --> 01:29:00,079

had another report in North Carolina

2097

01:29:06,580 --> 01:29:03,860

where a woman was vacationing by the

2098

01:29:07,899 --> 01:29:06,590

water and this craft you know was late

2099

01:29:09,429 --> 01:29:07,909

at night like 1:00 in the morning and

2100

01:29:11,949 --> 01:29:09,439

this craft threw right overhead while

2101

01:29:13,449 --> 01:29:11,959

she was out on her balcony smoking

2102

01:29:16,060 --> 01:29:13,459

cigarette and you know it was very

2103

01:29:18,310 --> 01:29:16,070

similar into the same description now

2104

01:29:21,399 --> 01:29:18,320

what about the Belgian UFO wait you know

2105

01:29:24,129 --> 01:29:21,409

I mean I thought what I thought was yeah

2106

01:29:24,879 --> 01:29:24,139

the real famous picture turned out to be

2107

01:29:29,589 --> 01:29:24,889

a hoax

2108

01:29:31,089 --> 01:29:29,599

well okay before we go and just throw

2109

01:29:33,939 --> 01:29:31,099

that away as a hoax I've had long

2110

01:29:39,310 --> 01:29:33,949

conversations with Lesley Kaine about

2111

01:29:42,640 --> 01:29:39,320

this this the person that claims that

2112

01:29:44,739 --> 01:29:42,650

was a picture that he hoaxed he has not

2113

01:29:46,479 --> 01:29:44,749

been able to replicate it you know

2114

01:29:48,489 --> 01:29:46,489

that's one of the things and there was

2115

01:29:52,989 --> 01:29:48,499

there's a little bit of hanky-panky

2116

01:29:54,549 --> 01:29:52,999

going on there so I would not 100% just

2117

01:29:57,909 --> 01:29:54,559

say that that's a hundred percent of

2118

01:29:59,709 --> 01:29:57,919

hoax well that's just representative of

2119

01:30:02,020 --> 01:29:59,719

what went on bills and I think there was

2120

01:30:05,979 --> 01:30:02,030

definitely a flap I think that there was

2121

01:30:08,799 --> 01:30:05,989

something unusual that occurred it's

2122

01:30:10,659 --> 01:30:08,809

just you know with all the reports and

2123

01:30:12,549 --> 01:30:10,669

all the sightings that happened during

2124

01:30:15,310 --> 01:30:12,559

that wave in Belgium how come I only

2125

01:30:18,370 --> 01:30:15,320

have that one photograph that to me

2126

01:30:20,830 --> 01:30:18,380

does not make a lot of sense you know

2127

01:30:24,760 --> 01:30:20,840

the police cars have cameras and I'm the

2128

01:30:26,770 --> 01:30:24,770

this is 1989 in 1990 and there were no

2129

01:30:29,050 --> 01:30:26,780

cell phones so you know there were there

2130

01:30:32,140 --> 01:30:29,060

were cell phones but very few and none

2131

01:30:33,790 --> 01:30:32,150

but you know guys like Ray in the 50s

2132

01:30:36,399 --> 01:30:33,800

60s and 70s walked around with eight

2133

01:30:38,350 --> 01:30:36,409

millimeter 12 mil 16 millimeter I mean

2134

01:30:40,660 --> 01:30:38,360

it just seems like if something went on

2135

01:30:43,030 --> 01:30:40,670

for the the multiple days it did that

2136

01:30:45,280 --> 01:30:43,040

somebody go hey let me grab my old 16

2137

01:30:48,220 --> 01:30:45,290

millimeter and start or my video camera

2138

01:30:49,629 --> 01:30:48,230

and start filming this I don't know you

2139

01:30:52,240 --> 01:30:49,639

know when you when you have these

2140

01:30:55,390 --> 01:30:52,250

reports as famous as that flap is

2141

01:30:57,189 --> 01:30:55,400

there's still only stories until you

2142

01:30:59,919 --> 01:30:57,199

have some other type of evidence a photo

2143

01:31:01,450 --> 01:30:59,929

film multiple witnesses multiple

2144

01:31:03,520 --> 01:31:01,460

witnesses are great but it's still a

2145

01:31:08,649 --> 01:31:03,530

story it's still circumstantial evidence

2146

01:31:10,540 --> 01:31:08,659

yeah well Bruce Maccabee says that a

2147

01:31:12,780 --> 01:31:10,550

picture is the weakest part of the whole

2148

01:31:16,540 --> 01:31:12,790

thing you know it has to do with the

2149

01:31:18,069 --> 01:31:16,550

witness Bruce he went on the record just

2150

01:31:20,740 --> 01:31:18,079

recently with his wife's blurry

2151

01:31:22,930 --> 01:31:20,750

photograph of what was the Busby Bigfoot

2152

01:31:24,669 --> 01:31:22,940

and it's just this big blur and he's

2153

01:31:25,750 --> 01:31:24,679

like right there that's that's evidence

2154

01:31:26,950 --> 01:31:25,760

right there that's a Bigfoot you don't

2155

01:31:32,020 --> 01:31:26,960

see you can't see anything I can't

2156

01:31:34,870 --> 01:31:32,030

believe he said that oh wow and then

2157

01:31:36,790 --> 01:31:34,880

even Dave blood he goes he says I

2158

01:31:37,930 --> 01:31:36,800

wouldn't even even talk about this if it

2159

01:31:39,160 --> 01:31:37,940

wasn't for because this is Bruce

2160

01:31:41,050 --> 01:31:39,170

Maccabee so that's why I'm talking about

2161

01:31:44,680 --> 01:31:41,060

because it's Bruce I'm thinking on

2162

01:31:46,450 --> 01:31:44,690

Facebook I couldn't see anything in the

2163

01:31:48,550 --> 01:31:46,460

photo and the conclusions that were

2164

01:31:50,859 --> 01:31:48,560

coming you know I know Bruce he's a

2165

01:31:55,240 --> 01:31:50,869

great guy I just that was kind of off

2166

01:31:58,689 --> 01:31:55,250

the charts I did that right yeah the the

2167

01:32:00,520 --> 01:31:58,699

Bruce did a good job with Trent you know

2168

01:32:02,169 --> 01:32:00,530

that's another one where the hoax Theory

2169

01:32:04,899 --> 01:32:02,179

keeps coming up that that object was

2170

01:32:08,560 --> 01:32:04,909

hanging from the telephone wires and you

2171

01:32:10,720 --> 01:32:08,570

know we have copies of Ray's analysis

2172

01:32:12,939 --> 01:32:10,730

and we also took the original the

2173

01:32:14,890 --> 01:32:12,949

clearest copy the original we could and

2174

01:32:16,689 --> 01:32:14,900

you know that thing definitely is not

2175

01:32:19,839 --> 01:32:16,699

hanging from the wire it definitely has

2176
01:32:22,270 --> 01:32:19,849
a plasma or some type of thermal down

2177
01:32:24,089 --> 01:32:22,280
flow and which the you know the

2178
01:32:27,069 --> 01:32:24,099
witnesses said they were hit with a

2179
01:32:28,959 --> 01:32:27,079
blast of warm air and that second

2180
01:32:30,790 --> 01:32:28,969
picture is tilted towards them

2181
01:32:32,530 --> 01:32:30,800
and you can clearly see a down flow

2182
01:32:35,800 --> 01:32:32,540
coming from that something that in the

2183
01:32:37,600 --> 01:32:35,810
50s a hoaxter wouldn't have thought of I

2184
01:32:40,660 --> 01:32:37,610
don't think the Trent thought it was a

2185
01:32:42,610 --> 01:32:40,670
hoax at all because of the good job yeah

2186
01:32:44,320 --> 01:32:42,620
Bruce show there's no string and then

2187
01:32:46,060 --> 01:32:44,330
really something came out they

2188
01:32:48,939 --> 01:32:46,070

mathematically proved there was a string

2189

01:32:50,590 --> 01:32:48,949

on that thing I'm like why don't you

2190

01:32:52,570 --> 01:32:50,600

show me a picture of the string I don't

2191

01:32:54,010 --> 01:32:52,580

care what your math says they still

2192

01:32:56,530 --> 01:32:54,020

can't produce a picture of the string

2193

01:32:58,510 --> 01:32:56,540

and so that's another one of those cases

2194

01:33:01,150 --> 01:32:58,520

where people go wouldn't that you know

2195

01:33:03,910 --> 01:33:01,160

his his side mirror from his truck

2196

01:33:07,780 --> 01:33:03,920

hanging from though yeah what yeah no

2197

01:33:09,430 --> 01:33:07,790

it's clearly has some typos yeah yeah

2198

01:33:11,860 --> 01:33:09,440

those are all really convincing it well

2199

01:33:16,930 --> 01:33:11,870

I'm glad that they're you know that the

2200

01:33:18,490 --> 01:33:16,940

Kent photo or trend photo mm-hmm they do

2201

01:33:21,280 --> 01:33:18,500

a celebration every year about that

2202

01:33:23,950 --> 01:33:21,290

there's like a little conference and I I

2203

01:33:26,530 --> 01:33:23,960

think that is one that will never get

2204

01:33:29,620 --> 01:33:26,540

totally debunked people have tried like

2205

01:33:32,080 --> 01:33:29,630

you said yeah this should invite us will

2206

01:33:34,180 --> 01:33:32,090

show them then you can take the picture

2207

01:33:37,270 --> 01:33:34,190

I mean the original photograph without

2208

01:33:39,880 --> 01:33:37,280

any contrasting at all clearly shows

2209

01:33:41,620 --> 01:33:39,890

this funnel shape down flow beneath that

2210

01:33:43,150 --> 01:33:41,630

and that's just something that people

2211

01:33:46,330 --> 01:33:43,160

would think of it's like that famous

2212

01:33:49,209 --> 01:33:46,340

photo of the silver cigar shaped object

2213

01:33:51,550 --> 01:33:49,219

in Brazil I think that an engineer snap

2214

01:33:54,550 --> 01:33:51,560

with this big white plume coming out of

2215

01:33:55,979 --> 01:33:54,560

the back really neat photo but it's

2216

01:33:59,290 --> 01:33:55,989

flying over a river and then the river

2217

01:34:00,820 --> 01:33:59,300

is a reflection of the craft I don't

2218

01:34:02,770 --> 01:34:00,830

think anybody that's I'm frozen in the

2219

01:34:04,270 --> 01:34:02,780

water too right yeah and then the stream

2220

01:34:06,189 --> 01:34:04,280

coming out behind it I don't think

2221

01:34:07,689 --> 01:34:06,199

anybody had the capability or even but a

2222

01:34:09,189 --> 01:34:07,699

thought of a picture of black and white

2223

01:34:10,900 --> 01:34:09,199

from I think that's from the fifties

2224

01:34:14,380 --> 01:34:10,910

also or even putting breasts on Bigfoot

2225

01:34:16,420 --> 01:34:14,390

for the human fear the the Patterson

2226

01:34:18,970 --> 01:34:16,430

footage and they put I I think that's a

2227

01:34:22,120 --> 01:34:18,980

real humanoid everything good breasts on

2228

01:34:24,160 --> 01:34:22,130

a suit yeah don't worry it requires

2229

01:34:26,290 --> 01:34:24,170

horses D at that location and the

2230

01:34:29,650 --> 01:34:26,300

footprints were deep in prints and I've

2231

01:34:31,660 --> 01:34:29,660

seen the digital analysis of that the

2232

01:34:33,790 --> 01:34:31,670

knees are in the wrong place the face

2233

01:34:36,760 --> 01:34:33,800

when they finally digitized the face is

2234

01:34:39,700 --> 01:34:36,770

incredibly detailed the mouth is in the

2235

01:34:42,099 --> 01:34:39,710

wrong place there were no mat I don't

2236

01:34:44,500 --> 01:34:42,109

know of any suits made for female

2237

01:34:47,049 --> 01:34:44,510

in that timeframe but they estimated the

2238

01:34:48,729 --> 01:34:47,059

female was at least six and a half feet

2239

01:34:49,329 --> 01:34:48,739

tall weighed close to six seven hundred

2240

01:34:52,209 --> 01:34:49,339

pounds

2241

01:34:55,149 --> 01:34:52,219

well anatomically to the knees and hip

2242

01:34:57,759 --> 01:34:55,159

and all that did not really line up most

2243

01:34:59,589 --> 01:34:57,769

humans right the rippling muscle and the

2244

01:35:02,079 --> 01:34:59,599

thigh and buttocks and back is just

2245

01:35:05,379 --> 01:35:02,089

there's no suit made that was that tight

2246

01:35:07,270 --> 01:35:05,389

that then skinned today yeah not easy to

2247

01:35:08,889 --> 01:35:07,280

do and that gait they couldn't reproduce

2248

01:35:11,679 --> 01:35:08,899

the gate because the knees in the wrong

2249

01:35:14,560 --> 01:35:11,689

place and it's kind of along the lines

2250

01:35:19,929 --> 01:35:14,570

of a gorilla I think Bigfoot is probably

2251

01:35:22,719 --> 01:35:19,939

an undiscovered maybe dar vcn or you

2252

01:35:25,719 --> 01:35:22,729

know an unknown species of some type of

2253

01:35:27,699 --> 01:35:25,729

remnant of early man maybe some kind of

2254

01:35:29,290 --> 01:35:27,709

Neanderthal hybrid or something but I

2255

01:35:32,169 --> 01:35:29,300

think the reason we don't find that

2256

01:35:33,729 --> 01:35:32,179

thing is it's real smart and as one of

2257

01:35:36,069 --> 01:35:33,739

the famous climbers of Mount Everest

2258

01:35:37,779 --> 01:35:36,079

said when he encountered you said the

2259

01:35:39,429 --> 01:35:37,789

reason we don't see it is because we

2260

01:35:41,679 --> 01:35:39,439

know these things can smell us when were

2261

01:35:43,270 --> 01:35:41,689

three miles away and they're very

2262

01:35:45,189 --> 01:35:43,280

interesting they survived all the time

2263

01:35:47,109 --> 01:35:45,199

yeah they're just very intelligent I

2264

01:35:49,060 --> 01:35:47,119

think that are also associated with UFO

2265

01:35:50,139 --> 01:35:49,070

sightings as well as well I don't think

2266

01:35:52,779 --> 01:35:50,149

they spent time here I think they're

2267

01:35:57,839 --> 01:35:52,789

getting either beamed up or something I

2268

01:36:00,909 --> 01:35:57,849

don't know about that but well yeah

2269

01:36:03,009 --> 01:36:00,919

that's reaching fine that's reaching so

2270

01:36:05,049 --> 01:36:03,019

that's what so far off topic are there a

2271

01:36:08,889 --> 01:36:05,059

lot a are there a lot of Bigfoot

2272

01:36:10,089 --> 01:36:08,899

sightings in your area or any well it's

2273

01:36:12,579 --> 01:36:10,099

interesting you mentioned that because

2274

01:36:14,889 --> 01:36:12,589

we were talking to Stan Gordon and

2275

01:36:17,049 --> 01:36:14,899

Ronald Murphy about coming out to my

2276

01:36:18,129 --> 01:36:17,059

house in Pennsylvania next spring we

2277

01:36:19,899 --> 01:36:18,139

were supposed to do it this year but

2278

01:36:21,509 --> 01:36:19,909

Ronald Murphy's wife was injured at work

2279

01:36:23,589 --> 01:36:21,519

and we had to cancel the trip but

2280

01:36:25,179 --> 01:36:23,599

hopefully we'll get Stan Gordon come out

2281

01:36:27,159 --> 01:36:25,189

as well we're gonna do a Bigfoot hunt

2282

01:36:29,709 --> 01:36:27,169

out in Allegheny by the Kinzua Dam

2283

01:36:31,959 --> 01:36:29,719

there's been quite a number of reported

2284

01:36:33,279 --> 01:36:31,969

sightings there and Ronald is some

2285

01:36:34,959 --> 01:36:33,289

research and he says he knows where to

2286

01:36:37,389 --> 01:36:34,969

look we're not experts in that field

2287

01:36:39,699 --> 01:36:37,399

we're just coming along for the ride and

2288

01:36:41,770 --> 01:36:39,709

to assist in any way we can

2289

01:36:44,319 --> 01:36:41,780

maybe we'll provide the that guns and

2290

01:36:46,060 --> 01:36:44,329

ammo or something but it's a really

2291

01:36:48,129 --> 01:36:46,070

interesting subject and he showed us

2292

01:36:51,489 --> 01:36:48,139

some plaster casts which we're really

2293

01:36:52,899 --> 01:36:51,499

interesting and it's just it's a subject

2294

01:36:54,420 --> 01:36:52,909

I'm not too familiar with but I'm

2295

01:36:56,610 --> 01:36:54,430

learning

2296

01:36:58,050 --> 01:36:56,620

sors I mean you know there's species

2297

01:37:00,240 --> 01:36:58,060

discovered all the time you know

2298

01:37:05,670 --> 01:37:00,250

gorillas weren't actually made known to

2299

01:37:07,020 --> 01:37:05,680

be real until I think the 1950s and you

2300

01:37:09,420 --> 01:37:07,030

know just because you can't find

2301
01:37:11,250 --> 01:37:09,430
something the evidence suggests there is

2302
01:37:12,930 --> 01:37:11,260
something out there the one of the most

2303
01:37:16,350 --> 01:37:12,940
famous guys in a world that's studying

2304
01:37:18,210 --> 01:37:16,360
this Mulder him I think the scientists

2305
01:37:22,350 --> 01:37:18,220
you know he's convinced is some type of

2306
01:37:24,690 --> 01:37:22,360
a homo no way there can't open thickest

2307
01:37:26,640 --> 01:37:24,700
that we haven't discovered yet and there

2308
01:37:28,200 --> 01:37:26,650
were creatures like that yeah they were

2309
01:37:30,960 --> 01:37:28,210
creature like that if these things

2310
01:37:33,330 --> 01:37:30,970
survive you know the darsana that there

2311
01:37:35,820 --> 01:37:33,340
are cine ins dark standing is how you

2312
01:37:38,550 --> 01:37:35,830
pronounce it home to do they were you

2313
01:37:40,290 --> 01:37:38,560

know extremely powerful very big much

2314

01:37:42,680 --> 01:37:40,300

stronger than today's athletes much

2315

01:37:45,870 --> 01:37:42,690

faster you know just incredible

2316

01:37:47,400 --> 01:37:45,880

creatures and and if these things they

2317

01:37:48,780 --> 01:37:47,410

survived all this time they've learned

2318

01:37:51,360 --> 01:37:48,790

how to survive they know how to hide

2319

01:37:53,040 --> 01:37:51,370

they've seen you know don't understand

2320

01:37:56,340 --> 01:37:53,050

it but technology come after them they

2321

01:37:58,320 --> 01:37:56,350

probably understand that people are

2322

01:37:59,940 --> 01:37:58,330

searching for them and and if they can

2323

01:38:03,540 --> 01:37:59,950

smell you three or four miles away like

2324

01:38:05,580 --> 01:38:03,550

most animals can in a while then you're

2325

01:38:08,820 --> 01:38:05,590

you're not gonna find them you know just

2326

01:38:12,090 --> 01:38:08,830

like bears how many bear carcasses do we

2327

01:38:14,730 --> 01:38:12,100

find not hardly any that's something

2328

01:38:16,200 --> 01:38:14,740

they never thought of but yeah yeah

2329

01:38:17,640 --> 01:38:16,210

elephants you don't find the car

2330

01:38:19,740 --> 01:38:17,650

business because they wander off to

2331

01:38:23,820 --> 01:38:19,750

specific places yeah when they're time

2332

01:38:25,980 --> 01:38:23,830

through the hitam yeah speaking of

2333

01:38:30,360 --> 01:38:25,990

x-files you just mentioned a we have a

2334

01:38:33,990 --> 01:38:30,370

upcoming guests Dean Haglund Eggland's

2335

01:38:36,660 --> 01:38:34,000

who played ringo langley and the x-files

2336

01:38:38,850 --> 01:38:36,670

he's gonna be on to talk about UFOs he

2337

01:38:43,110 --> 01:38:38,860

has confirmed I'm just setting up a date

2338

01:38:45,110 --> 01:38:43,120

so that's an upcoming guest well big

2339

01:38:47,870 --> 01:38:45,120

x-files fans they you need to have some

2340

01:38:50,490 --> 01:38:47,880

intent MUFON investigators on that Jeff

2341

01:38:51,900 --> 01:38:50,500

know a couple they mentioned MUFON

2342

01:38:54,060 --> 01:38:51,910

several times you know we can play

2343

01:38:55,920 --> 01:38:54,070

ourselves and be a very integral part of

2344

01:38:57,840 --> 01:38:55,930

getting molder on the right track

2345

01:39:00,180 --> 01:38:57,850

yeah I don't know the time to redo the

2346

01:39:01,650 --> 01:39:00,190

show I know that we have what seven

2347

01:39:03,060 --> 01:39:01,660

episodes a seven episodes they've

2348

01:39:06,180 --> 01:39:03,070

already they've already said they're

2349

01:39:07,859 --> 01:39:06,190

coming back with another season ah well

2350

01:39:11,189 --> 01:39:07,869

that's good yeah

2351

01:39:14,339 --> 01:39:11,199

it's great hey we're back a lot of fun a

2352

01:39:16,439 --> 01:39:14,349

lot of really good fans love that show

2353

01:39:21,689 --> 01:39:16,449

yeah that's great

2354

01:39:24,600 --> 01:39:21,699

so we have about 10 or 15 minutes left

2355

01:39:26,939 --> 01:39:24,610

is there any particular case that comes

2356

01:39:30,410 --> 01:39:26,949

to mind that you either want to have

2357

01:39:33,810 --> 01:39:30,420

personally investigated that was really

2358

01:39:37,160 --> 01:39:33,820

very very good that you thought was a

2359

01:39:40,560 --> 01:39:37,170

really solid case I mean that's current

2360

01:39:44,399 --> 01:39:40,570

yeah purely I'm not talking about coral

2361

01:39:47,910 --> 01:39:44,409

you know fairly current or in your in

2362

01:39:51,060 --> 01:39:47,920

your MUFON career so to speak there's

2363

01:39:54,180 --> 01:39:51,070

one the Rakata - working on which has to

2364

01:39:56,280 --> 01:39:54,190

do with Shenandoah apparently when it

2365

01:40:00,149 --> 01:39:56,290

rains on this one particular mountain

2366

01:40:02,250 --> 01:40:00,159

this individual noticed these black UFOs

2367

01:40:04,919 --> 01:40:02,260

it seemed to come out of the clouds

2368

01:40:07,649 --> 01:40:04,929

pretty consistently and we're trying to

2369

01:40:11,399 --> 01:40:07,659

get up there to hopefully capture this

2370

01:40:12,899 --> 01:40:11,409

on film and we're probably gonna get

2371

01:40:14,490 --> 01:40:12,909

around I know if we can get there by

2372

01:40:16,339 --> 01:40:14,500

this to summer I'm not sure but we also

2373

01:40:20,100 --> 01:40:16,349

want to get back down North Carolina and

2374

01:40:21,540 --> 01:40:20,110

visit Chris Bledsoe and film some of the

2375

01:40:23,810 --> 01:40:21,550

evidence that he's been showing us on

2376

01:40:28,500 --> 01:40:23,820

his phone and hopefully capture it on

2377

01:40:31,350 --> 01:40:28,510

our phones or our equipment yeah I had a

2378

01:40:32,899 --> 01:40:31,360

trio of cases in Shenandoah which is up

2379

01:40:35,310 --> 01:40:32,909

in the mountains here in Virginia

2380

01:40:36,930 --> 01:40:35,320

there's a deep pass in between the

2381

01:40:39,720 --> 01:40:36,940

mountains a good place to fly around not

2382

01:40:41,700 --> 01:40:39,730

be seen but I had a couple of cases that

2383

01:40:43,169 --> 01:40:41,710

were unknown to each other that tied

2384

01:40:46,620 --> 01:40:43,179

into the fact that there's some really

2385

01:40:49,620 --> 01:40:46,630

strange things going on one family I

2386

01:40:51,000 --> 01:40:49,630

talked to the son cuz the mother talked

2387

01:40:52,740 --> 01:40:51,010

to me for a second then couldn't talk

2388

01:40:54,810 --> 01:40:52,750

anymore and his son told me that she's

2389

01:40:56,640 --> 01:40:54,820

so freaked out she doesn't leave the

2390

01:40:58,859 --> 01:40:56,650

house at night because things sweep down

2391

01:41:01,410 --> 01:40:58,869

out of the sky and scare the crap out of

2392

01:41:03,240 --> 01:41:01,420

her and then there was a child that

2393

01:41:06,629 --> 01:41:03,250

disappeared from a house and then turned

2394

01:41:08,580 --> 01:41:06,639

up still ins baby seat on the neighbor's

2395

01:41:10,320 --> 01:41:08,590

house hours later after the police

2396

01:41:12,540 --> 01:41:10,330

couldn't find him

2397

01:41:14,220 --> 01:41:12,550

and yeah it gets very emotional when

2398

01:41:18,030 --> 01:41:14,230

things like that happened just really

2399

01:41:19,500 --> 01:41:18,040

bizarre some mutilations up there all in

2400

01:41:21,390 --> 01:41:19,510

the same area and

2401

01:41:23,819 --> 01:41:21,400

and we've actually had somebody in

2402

01:41:26,520 --> 01:41:23,829

political position up in that area tell

2403

01:41:27,810 --> 01:41:26,530

us a UFO story so that is where we're

2404

01:41:30,839 --> 01:41:27,820

getting some very interesting cases I

2405

01:41:33,120 --> 01:41:30,849

did have a triangle case where it wasn't

2406

01:41:36,149 --> 01:41:33,130

reported to MUFON but the guy told me

2407

01:41:39,899 --> 01:41:36,159

his story after one of our meetings that

2408

01:41:42,629 --> 01:41:39,909

he had come to of a triangle but you

2409

01:41:45,240 --> 01:41:42,639

know it it was really bizarre and the

2410

01:41:47,549 --> 01:41:45,250

ones that you think might actually be

2411

01:41:49,049 --> 01:41:47,559

the truth are the ones that are just so

2412

01:41:52,319 --> 01:41:49,059

weird that you couldn't even thank him

2413

01:41:53,819 --> 01:41:52,329

up but this guy had a saw a triangle and

2414

01:41:55,410 --> 01:41:53,829

then it followed him then it hit him

2415

01:41:57,149 --> 01:41:55,420

with a light and then all of a sudden

2416

01:41:58,500 --> 01:41:57,159

there was a light next to his car that

2417

01:42:00,870 --> 01:41:58,510

went through his car and went through

2418

01:42:03,180 --> 01:42:00,880

him and then two hours later he's

2419

01:42:06,560 --> 01:42:03,190

watching this thing move away so I had

2420

01:42:08,970 --> 01:42:06,570

the combination of this weird almost

2421

01:42:11,759 --> 01:42:08,980

contact with some type of entity and

2422

01:42:14,879 --> 01:42:11,769

missing time and black triangles and

2423

01:42:17,759 --> 01:42:14,889

white spheres Wow just a really strange

2424

01:42:20,069 --> 01:42:17,769

case that I can't go into all the detail

2425

01:42:21,930 --> 01:42:20,079

but you know sometimes you get these

2426

01:42:24,149 --> 01:42:21,940

cases where you go that is just so

2427

01:42:26,580 --> 01:42:24,159

bizarre that it sounds like it's true

2428

01:42:28,560 --> 01:42:26,590

because you can't make something to

2429

01:42:31,410 --> 01:42:28,570

stuff up and when you get down to some

2430

01:42:33,240 --> 01:42:31,420

of the cases that you know might be

2431

01:42:34,919 --> 01:42:33,250

exactly have happened exactly as they

2432

01:42:37,439 --> 01:42:34,929

are and when people just report what

2433

01:42:40,620 --> 01:42:37,449

happened and it's really bizarre it's

2434

01:42:43,319 --> 01:42:40,630

kind of makes sense because as Carl

2435

01:42:45,479 --> 01:42:43,329

Sagan said you know when you encounter

2436

01:42:47,459 --> 01:42:45,489

an advanced technology everything they

2437

01:42:49,770 --> 01:42:47,469

do could look like magic they could be

2438

01:42:52,080 --> 01:42:49,780

like gods and you you just don't know

2439

01:42:55,379 --> 01:42:52,090

how their technology will operate so you

2440

01:42:58,259 --> 01:42:55,389

you know that's why in some ways the

2441

01:42:59,850 --> 01:42:58,269

Bible could be reports of people having

2442

01:43:01,770 --> 01:42:59,860

encounters with advanced civilizations

2443

01:43:02,549 --> 01:43:01,780

and mistaking them for angels and demons

2444

01:43:05,790 --> 01:43:02,559

and gods

2445

01:43:08,029 --> 01:43:05,800

mm-hmm yeah that's it I don't want to

2446

01:43:11,100 --> 01:43:08,039

upset any any Christians out there but

2447

01:43:13,560 --> 01:43:11,110

you know zekiel suil and a lot of these

2448

01:43:15,810 --> 01:43:13,570

reports I mean it's easy to say that

2449

01:43:20,129 --> 01:43:15,820

that was God but it sounds like

2450

01:43:21,959 --> 01:43:20,139

technology face it without without being

2451

01:43:25,080 --> 01:43:21,969

cruel in any type of way that religion

2452

01:43:27,990 --> 01:43:25,090

often explained many unexplainable

2453

01:43:30,270 --> 01:43:28,000

things through other means you know yeah

2454

01:43:32,660 --> 01:43:30,280

faith is the main thing just you have to

2455

01:43:34,970 --> 01:43:32,670

believe that they have

2456

01:43:37,610 --> 01:43:34,980

it's divine but you know when you

2457

01:43:40,669 --> 01:43:37,620

describe some of these things it just

2458

01:43:44,450 --> 01:43:40,679

sounds like abductions and technology

2459

01:43:46,580 --> 01:43:44,460

and somebody trying to guide us into a

2460

01:43:49,689 --> 01:43:46,590

better ways it's like every culture on

2461

01:43:53,030 --> 01:43:49,699

earth has these records or a legend

2462

01:43:55,220 --> 01:43:53,040

history of a race coming either from the

2463

01:43:56,930 --> 01:43:55,230

sky or across the waters and teach them

2464

01:43:59,120 --> 01:43:56,940

when to plant seeds and how to build

2465

01:44:01,880 --> 01:43:59,130

structures and the progression of the

2466

01:44:03,770 --> 01:44:01,890

equinox and you know that whole whole

2467

01:44:05,930 --> 01:44:03,780

world of astronomy and how to plant

2468

01:44:08,450 --> 01:44:05,940

during seasons and you know it's just

2469

01:44:10,910 --> 01:44:08,460

strange that every culture no matter how

2470

01:44:14,000 --> 01:44:10,920

old they are refers back to another

2471

01:44:17,830 --> 01:44:14,010

culture that didn't seem to be earthly

2472

01:44:23,120 --> 01:44:17,840

so whether that's angels or visitors

2473

01:44:24,800 --> 01:44:23,130

could be both could be either you know

2474

01:44:26,959 --> 01:44:24,810

just that's why we kind of pursue this

2475

01:44:29,240 --> 01:44:26,969

thing because it makes the world much

2476

01:44:30,890 --> 01:44:29,250

more interesting if yeah it all it all

2477

01:44:34,010 --> 01:44:30,900

it takes is for one of these reports to

2478

01:44:36,590 --> 01:44:34,020

be a real UFO as Stan Freeman has said

2479

01:44:38,959 --> 01:44:36,600

and then you got something yeah and no I

2480

01:44:40,669 --> 01:44:38,969

don't think so yeah I don't think 100

2481

01:44:45,200 --> 01:44:40,679

percent of these cases are all you know

2482

01:44:47,330 --> 01:44:45,210

explainable it's just you know it's one

2483

01:44:48,680 --> 01:44:47,340

of those things where you have to open

2484

01:44:51,590 --> 01:44:48,690

your mind and realize that if there are

2485

01:44:53,300 --> 01:44:51,600

two trillion universes or galaxies in

2486

01:44:55,150 --> 01:44:53,310

the universe then there's probably

2487

01:44:58,189 --> 01:44:55,160

mathematically the Drake Equation

2488

01:44:59,720 --> 01:44:58,199

and this junk Santa diversion yeah yeah

2489

01:45:01,400 --> 01:44:59,730

there's probably a hundred million

2490

01:45:04,189 --> 01:45:01,410

civilizations in our Milky Way galaxy

2491

01:45:06,860 --> 01:45:04,199

maybe more but it seems like Goldilocks

2492

01:45:09,229 --> 01:45:06,870

planets not too far too close to the Sun

2493

01:45:12,110 --> 01:45:09,239

where the liquid waters present is very

2494

01:45:14,120 --> 01:45:12,120

very common in the universe and carbon

2495

01:45:16,400 --> 01:45:14,130

and water and all these elements are

2496

01:45:18,380 --> 01:45:16,410

found everywhere in the universe so that

2497

01:45:20,030 --> 01:45:18,390

would mean that especially if we find

2498

01:45:22,729 --> 01:45:20,040

which I think there are fossils on Mars

2499

01:45:24,350 --> 01:45:22,739

when that had atmosphere if you find

2500

01:45:25,580 --> 01:45:24,360

evidence of life on any other planet in

2501

01:45:28,910 --> 01:45:25,590

our solar system then mathematically

2502

01:45:30,650 --> 01:45:28,920

it's it's everywhere right yeah doesn't

2503

01:45:31,430 --> 01:45:30,660

it could be on a moon - not just a

2504

01:45:33,260 --> 01:45:31,440

planet

2505

01:45:35,840 --> 01:45:33,270

well I even drew up I think under the

2506

01:45:37,729 --> 01:45:35,850

oceans of U of ice is these oceans on

2507

01:45:42,439 --> 01:45:37,739

Europa there's probably life and those

2508

01:45:44,400 --> 01:45:42,449

oceans right right Matt Matthew wants to

2509

01:45:47,190 --> 01:45:44,410

know do either of you

2510

01:45:50,070 --> 01:45:47,200

actively Skywatch or do you use infrared

2511

01:45:52,080 --> 01:45:50,080

night vision technology any tips that

2512

01:45:53,970 --> 01:45:52,090

you can suggest to prove the odds of

2513

01:45:55,170 --> 01:45:53,980

seeing a craft and and someone else want

2514

01:45:59,850 --> 01:45:55,180

to know heavier than one of you actually

2515

01:46:02,160 --> 01:45:59,860

witnessed a UFO yes the best way to

2516

01:46:05,220 --> 01:46:02,170

shoot at night is not to do it during

2517

01:46:07,350 --> 01:46:05,230

the daytime if you're gonna you're gonna

2518

01:46:08,910 --> 01:46:07,360

get a lot more actually a lot more

2519

01:46:11,340 --> 01:46:08,920

activity or in the daytime especially

2520

01:46:12,720 --> 01:46:11,350

during sunset which you know Ray was

2521

01:46:14,100 --> 01:46:12,730

telling us for the longest time he's

2522

01:46:17,250 --> 01:46:14,110

like hey you know when the sun's going

2523

01:46:18,660 --> 01:46:17,260

down you know it ionizing polarizes the

2524

01:46:20,370 --> 01:46:18,670

light and you know if anything is

2525

01:46:22,080 --> 01:46:20,380

cloaking in infrared you're gonna see it

2526

01:46:24,930 --> 01:46:22,090

so we kind of did that we experimented

2527

01:46:27,150 --> 01:46:24,940

with and we were in New Mexico sure

2528

01:46:29,280 --> 01:46:27,160

enough Suns going down my camera ready

2529

01:46:30,900 --> 01:46:29,290

and we were looking out the window

2530

01:46:33,540 --> 01:46:30,910

rolled the window down saw something

2531

01:46:34,830 --> 01:46:33,550

photographed about a series of seven of

2532

01:46:37,770 --> 01:46:34,840

ten shots we still don't know exactly

2533

01:46:39,900 --> 01:46:37,780

will we capture but it was something

2534

01:46:43,470 --> 01:46:39,910

emitting light it was moving quickly

2535

01:46:46,590 --> 01:46:43,480

changed direction and it went away from

2536

01:46:48,090 --> 01:46:46,600

us at quite a distance so and very fast

2537

01:46:51,120 --> 01:46:48,100

we don't know exactly what it was

2538

01:46:52,890 --> 01:46:51,130

because I did not bring my telephoto

2539

01:46:54,750 --> 01:46:52,900

lens so one thing for sure is I have a

2540

01:46:57,120 --> 01:46:54,760

really good camera if you can afford it

2541

01:46:59,310 --> 01:46:57,130

as much as you can afford and a really

2542

01:47:01,500 --> 01:46:59,320

good telephoto lens a friend of mine she

2543

01:47:02,790 --> 01:47:01,510

likes to shoot go to the zoo and shoots

2544

01:47:05,220 --> 01:47:02,800

animals and she may take some of the

2545

01:47:08,160 --> 01:47:05,230

best amateur photographs of you know

2546

01:47:10,020 --> 01:47:08,170

lions and tigers and bears and I said

2547

01:47:12,330 --> 01:47:10,030

man what kind of camera do you have she

2548

01:47:14,130 --> 01:47:12,340

saw the canon was a canon 60 or

2549

01:47:15,420 --> 01:47:14,140

something and I said how much was that

2550

01:47:17,010 --> 01:47:15,430

thing she's like I was about you know

2551
01:47:18,360 --> 01:47:17,020
thousand bucks or something for the body

2552
01:47:19,800 --> 01:47:18,370
and so no how much was that lens she's

2553
01:47:21,900 --> 01:47:19,810
like I was about 2,000 for the lens and

2554
01:47:25,200 --> 01:47:21,910
Dragonman I need to get some money

2555
01:47:27,630 --> 01:47:25,210
because if I had her camera in that

2556
01:47:29,910 --> 01:47:27,640
telephoto lens what I went what we saw

2557
01:47:32,340 --> 01:47:29,920
what we shot in New Mexico might be a

2558
01:47:33,870 --> 01:47:32,350
little more identifiable so you know if

2559
01:47:35,880 --> 01:47:33,880
you have the money you can afford a

2560
01:47:37,560 --> 01:47:35,890
really good camera in today's cameras

2561
01:47:38,940 --> 01:47:37,570
you know like the canons and then icons

2562
01:47:41,580 --> 01:47:38,950
they also have the ability to shoot

2563
01:47:44,250 --> 01:47:41,590

video in RAW format and all these great

2564

01:47:48,150 --> 01:47:44,260

features that capture a lot of data on

2565

01:47:50,460 --> 01:47:48,160

those on those little SD cards so yeah I

2566

01:47:52,050 --> 01:47:50,470

wouldn't invest too much into

2567

01:47:53,730 --> 01:47:52,060

night-vision cameras and shooting at

2568

01:47:55,500 --> 01:47:53,740

night simply because what are you gonna

2569

01:47:56,940 --> 01:47:55,510

get you're gonna see a bright light and

2570

01:47:57,549 --> 01:47:56,950

against darkness and it's gonna be

2571

01:47:59,259 --> 01:47:57,559

moving very

2572

01:48:00,969 --> 01:47:59,269

quickly data yeah there's actually

2573

01:48:03,309 --> 01:48:00,979

nothing to analyze there but during the

2574

01:48:04,959 --> 01:48:03,319

day you get three-dimensional light you

2575

01:48:07,089 --> 01:48:04,969

know you have an object with reflection

2576

01:48:09,309 --> 01:48:07,099

you know where the Sun is you can you

2577

01:48:10,779 --> 01:48:09,319

know just get it to slow up so much more

2578

01:48:12,879 --> 01:48:10,789

information especially if you can see

2579

01:48:15,339 --> 01:48:12,889

the ground or something to relate to the

2580

01:48:17,259 --> 01:48:15,349

objects you know approximately how far

2581

01:48:19,659 --> 01:48:17,269

away it is from a mountain range or from

2582

01:48:21,549 --> 01:48:19,669

trees or from known objects of known

2583

01:48:23,500 --> 01:48:21,559

height known distance in order to

2584

01:48:25,329 --> 01:48:23,510

triangulate the location of it in

2585

01:48:26,349 --> 01:48:25,339

three-dimensional space at night how are

2586

01:48:28,209 --> 01:48:26,359

you gonna do that all you're gonna have

2587

01:48:30,009 --> 01:48:28,219

is you know you know if you see lights

2588

01:48:31,899 --> 01:48:30,019

at night that are moving in triangular

2589

01:48:34,479 --> 01:48:31,909

shapes and zigzagging around and just

2590

01:48:36,040 --> 01:48:34,489

acting completely bananas that's great

2591

01:48:38,679 --> 01:48:36,050

if you're gonna videotape it but what we

2592

01:48:39,909 --> 01:48:38,689

found is that a photograph you know

2593

01:48:43,299 --> 01:48:39,919

things taken in photographs at night

2594

01:48:44,770 --> 01:48:43,309

just a dot in the sky you know it's

2595

01:48:47,589 --> 01:48:44,780

really just nothing you can really do

2596

01:48:50,589 --> 01:48:47,599

with it yeah yeah lights in the sky are

2597

01:48:52,959 --> 01:48:50,599

tough you know I've seen some things

2598

01:48:55,569 --> 01:48:52,969

that you know I have no idea what they

2599

01:48:58,809 --> 01:48:55,579

are but you know the question that you

2600

01:49:02,109 --> 01:48:58,819

hear a lot of not always skeptics but

2601
01:49:04,329 --> 01:49:02,119
even people in the UFO field say is how

2602
01:49:06,969 --> 01:49:04,339
come we're not seeing more good UFO

2603
01:49:09,969 --> 01:49:06,979
films everybody i mean pictures

2604
01:49:11,229 --> 01:49:09,979
everybody has up around over nice camera

2605
01:49:13,029 --> 01:49:11,239
in their pocket on their phone why

2606
01:49:15,659 --> 01:49:13,039
aren't we seeing better pictures just

2607
01:49:17,739 --> 01:49:15,669
want to hear your side of that well

2608
01:49:19,989 --> 01:49:17,749
having been in this field a long time

2609
01:49:21,759 --> 01:49:19,999
the one thing that happens a lot is when

2610
01:49:25,419 --> 01:49:21,769
you see something extraordinary

2611
01:49:27,939 --> 01:49:25,429
you forget you got a camera there yeah I

2612
01:49:30,369 --> 01:49:27,949
understand yeah yeah everybody's told me

2613
01:49:33,219 --> 01:49:30,379

that and so you like him and then when

2614

01:49:34,989 --> 01:49:33,229

it happened to us we saw we were doing a

2615

01:49:37,389 --> 01:49:34,999

presentation of the library down in

2616

01:49:40,569 --> 01:49:37,399

McLean Virginia and this tumbling black

2617

01:49:42,729 --> 01:49:40,579

sphere was flying over our heads because

2618

01:49:44,559 --> 01:49:42,739

we could see the Jets heading towards

2619

01:49:47,500 --> 01:49:44,569

Dulles to the west this thing was going

2620

01:49:49,449 --> 01:49:47,510

from north to south and we couldn't film

2621

01:49:51,339 --> 01:49:49,459

it I mean I looked through my camera on

2622

01:49:54,279 --> 01:49:51,349

my phone like all I could see was the

2623

01:49:56,109 --> 01:49:54,289

Sun Tony pulled out his camera which is

2624

01:49:58,809 --> 01:49:56,119

supposed to be fully charged it was dead

2625

01:50:00,790 --> 01:49:58,819

it said you know and this happens a lot

2626
01:50:03,219 --> 01:50:00,800
there there are cases where cameras

2627
01:50:05,139 --> 01:50:03,229
drain really quickly that's true and I

2628
01:50:07,119 --> 01:50:05,149
think if they are using a plasma beam

2629
01:50:09,549 --> 01:50:07,129
and that like the beam ahead that ray

2630
01:50:11,560 --> 01:50:09,559
talks about then maybe those things can

2631
01:50:13,360 --> 01:50:11,570
shut down your devices but

2632
01:50:15,430 --> 01:50:13,370
I think a factor is people aren't

2633
01:50:17,050 --> 01:50:15,440
looking up people look only at night we

2634
01:50:20,470 --> 01:50:17,060
don't get much data you just get a light

2635
01:50:23,200 --> 01:50:20,480
the daytime the sunrise and sunset it

2636
01:50:25,000 --> 01:50:23,210
that's when you can really get a lot of

2637
01:50:27,040 --> 01:50:25,010
data and probably these things are

2638
01:50:28,390 --> 01:50:27,050

flying around a lot more but people are

2639

01:50:30,010 --> 01:50:28,400

driving home from work or they're

2640

01:50:33,190 --> 01:50:30,020

picking up the kids or just not looking

2641

01:50:36,010 --> 01:50:33,200

up there but if you look through some

2642

01:50:38,650 --> 01:50:36,020

reputable sites and some of the data the

2643

01:50:42,090 --> 01:50:38,660

files of a MUFON there are great footage

2644

01:50:45,520 --> 01:50:42,100

of UFOs and James Fox is out of the blue

2645

01:50:47,560 --> 01:50:45,530

starts with a black discs hovering over

2646

01:50:49,870 --> 01:50:47,570

telephone poles is that people say you

2647

01:50:51,730 --> 01:50:49,880

don't have clear foot footage a UFO well

2648

01:50:55,000 --> 01:50:51,740

here's clear footage of a disc hanging

2649

01:50:58,450 --> 01:50:55,010

in the air and there are some film from

2650

01:51:00,550 --> 01:50:58,460

back before CGI and Photoshop that show

2651
01:51:02,410 --> 01:51:00,560
very incredible things flying in the air

2652
01:51:05,560 --> 01:51:02,420
so it's out there you just have to

2653
01:51:07,150 --> 01:51:05,570
separate from CGI and and the hoaxers

2654
01:51:10,330 --> 01:51:07,160
and a third phase of moon and all these

2655
01:51:12,670 --> 01:51:10,340
guys that just put up a lot of BS yeah

2656
01:51:14,860 --> 01:51:12,680
yeah unfortunately there's there's that

2657
01:51:15,730 --> 01:51:14,870
and there's another one secure team 10 I

2658
01:51:18,760 --> 01:51:15,740
think it's called

2659
01:51:20,380 --> 01:51:18,770
secure theme 6 security team 7 yeah if

2660
01:51:25,270 --> 01:51:20,390
you just care secure team then you know

2661
01:51:30,940 --> 01:51:25,280
it's a fake news story yeah I had I had

2662
01:51:34,240 --> 01:51:30,950
a former military I'm trying to think of

2663
01:51:36,550 --> 01:51:34,250

Chris melon was on this show he's only

2664

01:51:39,700 --> 01:51:36,560

done two interviews and part of the

2665

01:51:42,970 --> 01:51:39,710

Defense Department years ago and he saw

2666

01:51:44,830 --> 01:51:42,980

a secure team 10 video and he you know

2667

01:51:48,040 --> 01:51:44,840

he broke me is this real

2668

01:51:50,470 --> 01:51:48,050

you know so they fool you know someone

2669

01:51:52,120 --> 01:51:50,480

new really intelligent that knows a lot

2670

01:51:54,910 --> 01:51:52,130

of things and it's it's a shame it's

2671

01:51:57,880 --> 01:51:54,920

again just one of the things I've talked

2672

01:52:00,100 --> 01:51:57,890

about muddying the waters yeah and it's

2673

01:52:02,320 --> 01:52:00,110

not going to get any better and that's

2674

01:52:04,570 --> 01:52:02,330

why we're trying to capture our own data

2675

01:52:06,790 --> 01:52:04,580

we're trying to move more towards will

2676
01:52:09,880 --> 01:52:06,800
still work the cases and all but what we

2677
01:52:11,830 --> 01:52:09,890
want to do is capture our own data that

2678
01:52:13,660 --> 01:52:11,840
way we immediately know we're not

2679
01:52:16,600 --> 01:52:13,670
starting with a hoax because we filmed

2680
01:52:18,430 --> 01:52:16,610
it and then we can because there's

2681
01:52:20,800 --> 01:52:18,440
certain things to look for the the the

2682
01:52:22,570 --> 01:52:20,810
purple the green plasma discharges

2683
01:52:25,230 --> 01:52:22,580
around these objects the warping of

2684
01:52:26,430 --> 01:52:25,240
space the the fields

2685
01:52:28,980 --> 01:52:26,440
there's a difference between that in

2686
01:52:31,950 --> 01:52:28,990
pixelation where object is inserted into

2687
01:52:33,720 --> 01:52:31,960
a film or picture but these things that

2688
01:52:36,650 --> 01:52:33,730

seem to be using exact propulsion and

2689

01:52:39,750 --> 01:52:36,660

have multiple colors they're distorted

2690

01:52:42,060 --> 01:52:39,760

they're very interesting they don't seem

2691

01:52:44,550 --> 01:52:42,070

to be nuts and bolts and they don't

2692

01:52:48,030 --> 01:52:44,560

operate under any laws of physics that

2693

01:52:50,430 --> 01:52:48,040

we know yeah we're out of time can one

2694

01:52:51,540 --> 01:52:50,440

of you blurt out your whet the MUFON

david paris he was on before several

2711

01:53:31,620 --> 01:53:30,130

years ago talking about warp drive he

2712

01:53:33,360 --> 01:53:31,630

says he has some updates he wants to

2713

01:53:36,210 --> 01:53:33,370

talk about should be an interesting show

2714

01:53:38,120 --> 01:53:36,220

next week and I want to thank the people
