

A man with a goatee and glasses, wearing a black cowboy hat and a dark jacket over a light-colored shirt, is shown in a desert landscape with red rock formations in the background. He is looking slightly to the left of the camera.

AUTHOR / UFO INVESTIGATOR

1
00:00:04,070 --> 00:00:03,290
and it hits me oh my gosh this is that

2
00:00:05,150 --> 00:00:04,080
triangle

3
00:00:06,260 --> 00:00:05,160
you know there's explanation for

4
00:00:09,290 --> 00:00:06,270
everything that occurred in the

5
00:00:12,080 --> 00:00:09,300
Rendlesham forest incident it aliens at

6
00:00:16,820 --> 00:00:12,090
all it was completely silent it comes

7
00:00:18,680 --> 00:00:16,830
right over our heads it's also really

8
00:00:20,269 --> 00:00:18,690
standing in the clearing he turned over

9
00:00:21,650 --> 00:00:20,279
to my father and held his hand and he

10
00:00:25,570 --> 00:00:21,660
looked in his eyes and said we're not

Time as well and so that's it for me

46
00:02:00,920 --> 00:01:57,869
Alejandro are you doing anything

47
00:02:02,330 --> 00:02:00,930
exciting for Thanksgiving I know it's

48
00:02:05,030 --> 00:02:02,340
just in America we have a lot of other

49
00:02:07,280 --> 00:02:05,040
listeners but it's one of my favorite

50
00:02:12,940 --> 00:02:07,290
holidays I have it's very festive I

51
00:02:16,480 --> 00:02:12,950
enjoy it good no I asked you a question

52
00:02:19,960 --> 00:02:16,490
oh well you asked me and then you said

53
00:02:21,309 --> 00:02:19,970
and then I oh you were asking me if I

54
00:02:24,130 --> 00:02:21,319
did some I'm doing something special

55
00:02:26,350 --> 00:02:24,140
yeah um you know what the typical dinner

56
00:02:28,479 --> 00:02:26,360
with family type of stuff so that's kind

57
00:02:33,100 --> 00:02:28,489
of fun and having some family in town I

58
00:02:35,860 --> 00:02:33,110
haven't had in town in a while and or

59
00:02:38,260 --> 00:02:35,870
since I got my new house I'm excited to

60
00:02:39,160 --> 00:02:38,270
show them the house oh yeah I bet yeah

61
00:02:41,140 --> 00:02:39,170
hmm

62
00:02:43,479 --> 00:02:41,150
so yeah it should be fun I mean I like

63
00:02:47,410 --> 00:02:43,489

hanging out with family and stuff and

64

00:02:49,330 --> 00:02:47,420

loved one so I am definitely looking

65

00:02:53,020 --> 00:02:49,340

forward to it

66

00:02:54,850 --> 00:02:53,030

yeah awesome awesome so uh before we get

67

00:02:57,580 --> 00:02:54,860

into the news I did want to talk and you

68

00:02:59,140 --> 00:02:57,590

and I both watched arrival and I don't

69

00:03:01,900 --> 00:02:59,150

want to I don't want to do any spoilers

70

00:03:04,059 --> 00:03:01,910

out there to listeners who haven't

71

00:03:07,390 --> 00:03:04,069

listened I mean who haven't watched it

72

00:03:10,360 --> 00:03:07,400

yet but I really really enjoyed that

73

00:03:13,479 --> 00:03:10,370

movie I thought it was great and what

74

00:03:15,130 --> 00:03:13,489

did you think of it I like to chew you

75

00:03:17,259 --> 00:03:15,140

know it was what I thought it would be

76

00:03:21,310 --> 00:03:17,269

more like contact so it's not a

77

00:03:23,830 --> 00:03:21,320

shoot-'em-up kind of alien thing but

78

00:03:26,740 --> 00:03:23,840

it's it makes you think I mean it really

79

00:03:29,860 --> 00:03:26,750

makes you think and especially for

80

00:03:32,710 --> 00:03:29,870

people in this field to think about this

81

00:03:34,870 --> 00:03:32,720

topic often it's fun to have movies like

82

00:03:37,840 --> 00:03:34,880

this that kind of change your

83

00:03:42,759 --> 00:03:37,850

perspective a bit and give you something

84

00:03:44,620 --> 00:03:42,769

new to think about and that movie did

85

00:03:46,330 --> 00:03:44,630

that that's for sure yeah I thought

86

00:03:49,330 --> 00:03:46,340

there was a lot of meat to it and it was

87

00:03:51,670 --> 00:03:49,340

more you know I mean I I was expecting

88

00:03:53,440 --> 00:03:51,680

you know maybe a lot more special

89

00:03:56,170 --> 00:03:53,450

effects and I was glad that they weren't

90

00:03:58,539 --> 00:03:56,180

it was really based more on the meat of

91

00:04:00,130 --> 00:03:58,549

the topic than it was on special effects

92

00:04:02,890 --> 00:04:00,140

although there were some really good

93

00:04:04,599 --> 00:04:02,900

ones but it wasn't crazy with special

94

00:04:07,809 --> 00:04:04,609

effects like some of the you know movies

95

00:04:09,309 --> 00:04:07,819

are yeah what's cool about the special

96

00:04:12,069 --> 00:04:09,319

effects on this movie too is that

97

00:04:14,650 --> 00:04:12,079

they're they're really good so it fills

98

00:04:17,440 --> 00:04:14,660

it doesn't feel like special effects I

99

00:04:19,990 --> 00:04:17,450

mean it's not you know this action stuff

100

00:04:23,860 --> 00:04:20,000

it's just you know places and you know

101
00:04:26,050 --> 00:04:23,870
craft of course and creatures but you

102
00:04:26,890 --> 00:04:26,060
know they're done so well that it

103
00:04:31,629 --> 00:04:26,900
doesn't feel

104
00:04:32,560 --> 00:04:31,639
like special effects so yeah and yeah

105
00:04:34,540 --> 00:04:32,570
very well done

106
00:04:35,770 --> 00:04:34,550
and I think I think they handled it

107
00:04:39,430 --> 00:04:35,780
pretty well with the predictability of

108
00:04:41,110 --> 00:04:39,440
the human nature and that is you know

109
00:04:44,860 --> 00:04:41,120
again I'm trying not to spoil anything

110
00:04:46,390 --> 00:04:44,870
but you know violence always seems to be

111
00:04:50,800 --> 00:04:46,400
you know part of our nature

112
00:04:53,020 --> 00:04:50,810
and you know yeah I better stop talking

113
00:04:55,210 --> 00:04:53,030

or I am going to spoil things but it's

114

00:04:58,719 --> 00:04:55,220

kind of like I thought they portrayed

115

00:05:03,250 --> 00:04:58,729

that very accurately oh yeah and I think

116

00:05:05,710 --> 00:05:03,260

it to me I don't think this is spoil and

117

00:05:08,050 --> 00:05:05,720

you can cut it if you think I am I don't

118

00:05:10,659 --> 00:05:08,060

think so but one of the questions I walk

119

00:05:15,820 --> 00:05:10,669

away from and really made me think about

120

00:05:17,320 --> 00:05:15,830

is are we ready and you know people can

121

00:05:20,469 --> 00:05:17,330

see the events in the movie into what

122

00:05:23,670 --> 00:05:20,479

they think of that but it really you

123

00:05:27,250 --> 00:05:23,680

know I keep coming back to that question

124

00:05:30,159 --> 00:05:27,260

thinking about the different you know

125

00:05:31,719 --> 00:05:30,169

scenarios and things maybe you have when

126

00:05:34,839 --> 00:05:31,729

think of that were brought up in this

127

00:05:37,029 --> 00:05:34,849

movie yeah and good actors not a

128

00:05:38,770 --> 00:05:37,039

big-name actress but really good actress

129

00:05:41,350 --> 00:05:38,780

in that and again the movie is called a

130

00:05:43,330 --> 00:05:41,360

rival and if you're into this topic i

131

00:05:46,180 --> 00:05:43,340

really suggest to check it out it's a

132

00:05:49,750 --> 00:05:46,190

great movie I give it a thumbs up two

133

00:05:54,219 --> 00:05:49,760

thumbs up yeah definitely a must watch

134

00:05:56,890 --> 00:05:54,229

for people who are into this topic and

135

00:05:58,710 --> 00:05:56,900

in the spirit of the movie I give it a

136

00:06:01,510 --> 00:05:58,720

thumbs up

137

00:06:04,210 --> 00:06:01,520

very good they'll understand have to

138

00:06:04,210 --> 00:06:04,220

watch it

139

00:06:10,570 --> 00:06:07,150

alright so anything going on in the UFO

140

00:06:12,370 --> 00:06:10,580

world no okay all right well I'll talk

141

00:06:15,790 --> 00:06:12,380

to you next week then all right I have a

142

00:06:17,230 --> 00:06:15,800

good Thanksgiving happy turkey day right

143

00:06:20,710 --> 00:06:17,240

so there are a couple of things

144

00:06:22,900 --> 00:06:20,720

happening oh I wrote a story yesterday

145

00:06:24,909 --> 00:06:22,910

that I'm proud of that I hope you let me

146

00:06:27,939 --> 00:06:24,919

share yes new please but I think it's

147

00:06:30,339 --> 00:06:27,949

interesting so I wanted to wait until

148

00:06:31,900 --> 00:06:30,349

this whole Podesta email thing was

149

00:06:35,800 --> 00:06:31,910

finished wait till the elections was

150

00:06:37,779 --> 00:06:35,810

over to kind of recap and the stories

151
00:06:40,659 --> 00:06:37,789
actually been brewing I've been saving

152
00:06:44,110 --> 00:06:40,669
information conversing with people

153
00:06:48,850 --> 00:06:44,120
and then I wanted to finally take a look

154
00:06:52,510 --> 00:06:48,860
back what a story that came out of the

155
00:06:55,629 --> 00:06:52,520
WikiLeaks and I think that I've got it

156
00:06:58,330 --> 00:06:55,639
and I highlighted it and really what I

157
00:06:59,740 --> 00:06:58,340
seen here and there is a guy who emails

158
00:07:01,929 --> 00:06:59,750
me and I think him at the end of the

159
00:07:04,540 --> 00:07:01,939
story named elephant in the room and he

160
00:07:05,080 --> 00:07:04,550
had kind of just ideas and he was really

161
00:07:07,629 --> 00:07:05,090
helpful

162
00:07:09,550 --> 00:07:07,639
playing putting giving me a couple

163
00:07:12,879 --> 00:07:09,560

pieces of information I was not aware of

164

00:07:14,589 --> 00:07:12,889

but in these emails Tom DeLonge of

165

00:07:17,890 --> 00:07:14,599

course we talked about this meeting he

166

00:07:19,629 --> 00:07:17,900

had with these two generals one of them

167

00:07:21,850 --> 00:07:19,639

who worked at wright-patterson was in

168

00:07:24,369 --> 00:07:21,860

charge of research labs one of them who

169

00:07:27,610 --> 00:07:24,379

worked with the commanders of Space

170

00:07:29,559 --> 00:07:27,620

Command and then this private guy worked

171

00:07:31,659 --> 00:07:29,569

in the private sector who worked with

172

00:07:35,140 --> 00:07:31,669

Lockheed skunkworks who of course is in

173

00:07:36,999 --> 00:07:35,150

charge of area 51 so and Podesta John

174

00:07:39,249 --> 00:07:37,009

Podesta Hillary's campaign manager

175

00:07:40,990 --> 00:07:39,259

arranged all this so the top of the top

176
00:07:43,779 --> 00:07:41,000
you know these are the people who you

177
00:07:45,790 --> 00:07:43,789
would want to talk to well interesting

178
00:07:48,249 --> 00:07:45,800
enough what's interesting about this is

179
00:07:50,640 --> 00:07:48,259
that actually Tom DeLonge seemed to be a

180
00:07:54,010 --> 00:07:50,650
little disappointed in the meeting he

181
00:07:58,119 --> 00:07:54,020
wrote an email that we can see after the

182
00:08:02,320 --> 00:07:58,129
meeting saying that McCasland who is the

183
00:08:05,110 --> 00:08:02,330
wright-patterson general McDo long says

184
00:08:07,390 --> 00:08:05,120
tupid essay he mentioned he's a skeptic

185
00:08:10,420 --> 00:08:07,400
he's not I've been working with him for

186
00:08:12,279 --> 00:08:10,430
four months I just got done giving him a

187
00:08:15,579 --> 00:08:12,289
four-hour presentation of the entire

188
00:08:19,570 --> 00:08:15,589

project a few weeks ago he goes on to

189

00:08:23,680 --> 00:08:19,580

say that McCasland actually helped him

190

00:08:25,689 --> 00:08:23,690

assemble his advisory team he also made

191

00:08:27,279 --> 00:08:25,699

note that of course McCaslin was in

192

00:08:31,839 --> 00:08:27,289

charge of the labs at wright-patterson

193

00:08:35,199 --> 00:08:31,849

which is where he says you know that the

194

00:08:36,850 --> 00:08:35,209

Roswell craft was taken so DeLong

195

00:08:39,310 --> 00:08:36,860

obviously believes in the Roswell crash

196

00:08:41,350 --> 00:08:39,320

and everything now I spoke with grant

197

00:08:44,050 --> 00:08:41,360

Cameron and we debated a bit but you

198

00:08:45,970 --> 00:08:44,060

know like grant points out these guys

199

00:08:47,710 --> 00:08:45,980

knew who they were going into a meeting

200

00:08:52,120 --> 00:08:47,720

with they knew they were going in with

201
00:08:54,199 --> 00:08:52,130
Tom DeLonge who believes that aliens or

202
00:08:56,389 --> 00:08:54,209
you know technology has been back in

203
00:08:58,609 --> 00:08:56,399
engineered from from crash UFOs he

204
00:09:00,769 --> 00:08:58,619
believes in Roswell stuff like this he

205
00:09:03,439 --> 00:09:00,779
shared that in fact that's what his

206
00:09:05,119 --> 00:09:03,449
project is about about UFOs and

207
00:09:07,340 --> 00:09:05,129
back-engineering so why would they talk

208
00:09:08,929 --> 00:09:07,350
to him what's even more interesting of

209
00:09:11,809 --> 00:09:08,939
course is that that Tom DeLonge says

210
00:09:15,590 --> 00:09:11,819
this guy advised him and helped him come

211
00:09:18,049 --> 00:09:15,600
up with his group of people well looking

212
00:09:23,090 --> 00:09:18,059
back and other comments Tom DeLonge has

213
00:09:25,730 --> 00:09:23,100

made including on Facebook he says for

214

00:09:28,429 --> 00:09:25,740

instance he talks about landing at a

215

00:09:30,530 --> 00:09:28,439

tarmac walking off the plane meeting a

216

00:09:33,470 --> 00:09:30,540

guy in his 60s who's a multi star

217

00:09:36,350 --> 00:09:33,480

general they began to talk and this

218

00:09:37,749 --> 00:09:36,360

general told him that we found a

219

00:09:40,790 --> 00:09:37,759

life-form

220

00:09:43,609 --> 00:09:40,800

tom says he said I need help getting

221

00:09:46,369 --> 00:09:43,619

this story out to young adults and the

222

00:09:49,220 --> 00:09:46,379

general said what do you need and Tom

223

00:09:51,799 --> 00:09:49,230

DeLonge said advisers and then he says

224

00:09:56,119 --> 00:09:51,809

that this person helped him come up with

225

00:09:58,129 --> 00:09:56,129

a team of advisers well so essentially

226

00:10:00,829 --> 00:09:58,139

he's saying here he's implying that this

227

00:10:03,079 --> 00:10:00,839

McCaslin helped him come up with

228

00:10:06,889 --> 00:10:03,089

advisers and told him that they had

229

00:10:09,980 --> 00:10:06,899

found a body so I mean I think that's

230

00:10:16,819 --> 00:10:09,990

really significant and the question here

231

00:10:20,239 --> 00:10:16,829

is of course is Tom lying did McCaslin

232

00:10:22,189 --> 00:10:20,249

not really say this another theory which

233

00:10:24,650 --> 00:10:22,199

Robbie graham who wrote the book silver

234

00:10:28,069 --> 00:10:24,660

screamed saucers some people may be

235

00:10:29,809 --> 00:10:28,079

familiar with him he's in the UK and he

236

00:10:33,379 --> 00:10:29,819

has a different aspect he's been writing

237

00:10:36,019 --> 00:10:33,389

on mysterious universe a blog about how

238

00:10:38,809 --> 00:10:36,029

Tom DeLonge could be a victim of

239

00:10:41,900 --> 00:10:38,819
disinformation from the military hmm and

240

00:10:43,699 --> 00:10:41,910
there have been situations where the

241

00:10:45,199 --> 00:10:43,709
military has approached the media say

242

00:10:47,539 --> 00:10:45,209
said hey we're going to give you

243

00:10:49,460 --> 00:10:47,549
information proof that we we've

244

00:10:51,739 --> 00:10:49,470
interacted with aliens that you can

245

00:10:54,319 --> 00:10:51,749
release to the public and then later on

246

00:10:57,079 --> 00:10:54,329
at later stages they say nope sorry we

247

00:11:01,129 --> 00:10:57,089
can't do that when the only child for

248

00:11:02,960 --> 00:11:01,139
one yeah Linda Moulton Howe the person

249

00:11:04,999 --> 00:11:02,970
who approached her was Richard Doty and

250

00:11:07,460 --> 00:11:05,009
of course I've written quite a bit about

251
00:11:09,110 --> 00:11:07,470
that and I embedded my videos were

252
00:11:11,810 --> 00:11:09,120
do a whole analysis on that whole

253
00:11:14,480 --> 00:11:11,820
situation but Robbie has been writing

254
00:11:16,190 --> 00:11:14,490
about more so those are kind of two

255
00:11:18,230 --> 00:11:16,200
perspectives there's grant who's saying

256
00:11:19,970 --> 00:11:18,240
oh no this is happening the general

257
00:11:21,530 --> 00:11:19,980
probably does want to release this

258
00:11:22,430 --> 00:11:21,540
information he's working with Tom

259
00:11:24,410 --> 00:11:22,440
DeLonge to do it

260
00:11:27,710 --> 00:11:24,420
there's Robbie saying no he's a victim

261
00:11:29,510 --> 00:11:27,720
of disinformation he's just falling prey

262
00:11:32,180 --> 00:11:29,520
similar to what these other people have

263
00:11:36,950 --> 00:11:32,190

done the thing is in both of these

264

00:11:39,380 --> 00:11:36,960

scenarios that we would find out soon so

265

00:11:42,950 --> 00:11:39,390

in other words if grant is right like

266

00:11:45,260 --> 00:11:42,960

grant says I even come January he says

267

00:11:47,450 --> 00:11:45,270

we're gonna know because the next step

268

00:11:49,850 --> 00:11:47,460

will will be taken and they'll release

269

00:11:51,560 --> 00:11:49,860

some information and some sort of you

270

00:11:53,720 --> 00:11:51,570

know a step towards UFO to the

271

00:11:56,420 --> 00:11:53,730

disclosure will be happening in the

272

00:11:59,510 --> 00:11:56,430

Robbie scenario then the military at

273

00:12:00,890 --> 00:11:59,520

some point maybe even using these wiki

274

00:12:03,320 --> 00:12:00,900

leaks because they probably weren't

275

00:12:05,330 --> 00:12:03,330

expecting these wiki leaks but maybe

276

00:12:06,770 --> 00:12:05,340

you've been using them as an excuse

277

00:12:09,350 --> 00:12:06,780

saying oh we can't work with you anymore

278

00:12:11,570 --> 00:12:09,360

Tom DeLonge we've told you all this

279

00:12:13,610 --> 00:12:11,580

important stuff but now we can't give

280

00:12:15,890 --> 00:12:13,620

you that proof or anything to move

281

00:12:18,400 --> 00:12:15,900

forward which is what they did in the

282

00:12:21,200 --> 00:12:18,410

past they said so sorry and walked away

283

00:12:23,060 --> 00:12:21,210

another scenario is is that they just

284

00:12:25,580 --> 00:12:23,070

have an interest in UFOs like John

285

00:12:30,760 --> 00:12:25,590

Podesta and they do want to help him out

286

00:12:33,320 --> 00:12:30,770

but even if that's the case you know

287

00:12:36,080 --> 00:12:33,330

they're helping someone out who's

288

00:12:39,500 --> 00:12:36,090

essentially saying like especially with

289

00:12:41,090 --> 00:12:39,510

this McCaslin general that he's part of

290

00:12:43,610 --> 00:12:41,100

this major cover-up covering up this

291

00:12:45,680 --> 00:12:43,620

alien technology they got from the

292

00:12:48,110 --> 00:12:45,690

Roswell crash that they are holding at

293

00:12:49,850 --> 00:12:48,120

wright-patterson Air Force Base so it's

294

00:12:52,850 --> 00:12:49,860

just really weird

295

00:12:55,760 --> 00:12:52,860

it's an odd mystery I think it's it's

296

00:12:57,740 --> 00:12:55,770

really interesting and we're probably

297

00:13:00,110 --> 00:12:57,750

not done because so long has said he's

298

00:13:02,270 --> 00:13:00,120

still working on all of this you know we

299

00:13:05,950 --> 00:13:02,280

know Podesta is still into UFOs we don't

300

00:13:08,060 --> 00:13:05,960

know what he thinks of all of this but I

301
00:13:11,360 --> 00:13:08,070
think it's just a really incredible

302
00:13:15,050 --> 00:13:11,370
really interesting mystery that's posed

303
00:13:17,870 --> 00:13:15,060
here and even if Robbie's right and it's

304
00:13:20,030 --> 00:13:17,880
disinformation the military's kind of

305
00:13:21,319 --> 00:13:20,040
got busted in the past we don't really

306
00:13:24,519 --> 00:13:21,329
have names or anything

307
00:13:27,499 --> 00:13:24,529
but in this case we do no McCaslin was

308
00:13:30,410 --> 00:13:27,509
at least attending this meeting and

309
00:13:33,139 --> 00:13:30,420
everything and you know Tom DeLonge

310
00:13:36,919 --> 00:13:33,149
didn't mean to call him out or name him

311
00:13:39,859 --> 00:13:36,929
but now he is named so well dodi's been

312
00:13:42,979 --> 00:13:39,869
named in the past as far as judy was

313
00:13:46,489 --> 00:13:42,989

named Dodi named himself yeah so but

314

00:13:50,569 --> 00:13:46,499

Dodi also says he was he had his own

315

00:13:54,139 --> 00:13:50,579

handlers who he has not like Vogue who

316

00:13:56,720 --> 00:13:54,149

they are yeah so and people question

317

00:14:02,660 --> 00:13:56,730

whether or not he did have handlers or

318

00:14:04,519 --> 00:14:02,670

not so yeah it's really weird I think

319

00:14:07,939 --> 00:14:04,529

it's a really great mystery so I've

320

00:14:10,819 --> 00:14:07,949

outlined all of this for people on this

321

00:14:13,609 --> 00:14:10,829

on this a story I wrote recently Wow

322

00:14:15,530 --> 00:14:13,619

great and are you gonna reach out to Tom

323

00:14:18,710 --> 00:14:15,540

yourself because I know he was on open

324

00:14:20,929 --> 00:14:18,720

minds at one time right yeah I mean he

325

00:14:23,119 --> 00:14:20,939

we've interviewed him we used to have a

326

00:14:24,679 --> 00:14:23,129

website called strange times where he

327

00:14:27,439 --> 00:14:24,689

would repost our work with our

328

00:14:29,689 --> 00:14:27,449

permission with links back to us so we

329

00:14:32,720 --> 00:14:29,699

did have somewhat of a relationship he

330

00:14:35,509 --> 00:14:32,730

actually came to the UFO Congress right

331

00:14:38,179 --> 00:14:35,519

ah because when Bob Lazar was there he

332

00:14:42,439 --> 00:14:38,189

actually of course is spoken with George

333

00:14:46,309 --> 00:14:42,449

Knapp on coast to coast and but we

334

00:14:49,789 --> 00:14:46,319

haven't spoken in a while and really

335

00:14:51,799 --> 00:14:49,799

haven't heard from him and I guess I've

336

00:14:56,539 --> 00:14:51,809

been working through a friend of a

337

00:14:58,309 --> 00:14:56,549

friend and so he is aware of you know

338

00:15:00,710 --> 00:14:58,319

what I'm writing and keeping up on and

339

00:15:05,259 --> 00:15:00,720

and this friend of a friend it says you

340

00:15:08,949 --> 00:15:05,269

know I'm doing well in and you know not

341

00:15:12,769 --> 00:15:08,959

stumbling like not making assumptions or

342

00:15:14,929 --> 00:15:12,779

not stepping out of line or connecting

343

00:15:19,039 --> 00:15:14,939

the dots in a silly way or anything so

344

00:15:21,109 --> 00:15:19,049

mmm but so far he he hasn't reached out

345

00:15:24,199 --> 00:15:21,119

or anything I'm not sure that he will

346

00:15:28,400 --> 00:15:24,209

yeah of course he's big time and he's

347

00:15:30,439 --> 00:15:28,410

working with these these big guys but it

348

00:15:35,060 --> 00:15:30,449

would be wonderful if he did because I

349

00:15:36,770 --> 00:15:35,070

really you know if you look at it people

350

00:15:38,360 --> 00:15:36,780

criticize Tom DeLonge and what he's

351

00:15:40,820 --> 00:15:38,370

doing but what would you do is a

352

00:15:42,860 --> 00:15:40,830

question if you had this if you had the

353

00:15:46,250 --> 00:15:42,870

ability to meet with these generals to

354

00:15:48,380 --> 00:15:46,260

discuss these topics mm-hmm

355

00:15:52,010 --> 00:15:48,390

you know you may be cognizant or wary

356

00:15:54,230 --> 00:15:52,020

that it's possible this information

357

00:15:56,000 --> 00:15:54,240

situation but I would still meet with

358

00:15:58,550 --> 00:15:56,010

them I would still talk with them and

359

00:16:01,910 --> 00:15:58,560

create these relationships so I don't

360

00:16:05,120 --> 00:16:01,920

yeah I think it's wise that he's doing

361

00:16:08,150 --> 00:16:05,130

that hopefully he's not being dishonest

362

00:16:11,540 --> 00:16:08,160

in any way like some people are implying

363

00:16:14,720 --> 00:16:11,550

but I don't think it would be any to his

364

00:16:16,100 --> 00:16:14,730

benefit at all to be dishonest yeah he

365

00:16:17,330 --> 00:16:16,110

doesn't need to they were saying maybe

366

00:16:19,880 --> 00:16:17,340

you don't know for marketing purposes

367

00:16:23,930 --> 00:16:19,890

you know trying to get people more

368

00:16:27,320 --> 00:16:23,940

excited about what he's doing but I I

369

00:16:30,710 --> 00:16:27,330

really again I think that it's great

370

00:16:33,200 --> 00:16:30,720

he's pursuing this and he's getting to

371

00:16:36,170 --> 00:16:33,210

places that other researchers have not

372

00:16:36,470 --> 00:16:36,180

been able to get right and for better or

373

00:16:39,110 --> 00:16:36,480

worse

374

00:16:42,710 --> 00:16:39,120

now due to mostly WikiLeaks you know

375

00:16:46,010 --> 00:16:42,720

we're getting some insight into the

376

00:16:47,540 --> 00:16:46,020

great progress he has made so yeah I

377

00:16:48,590 --> 00:16:47,550

don't really blame him for doing what

378

00:16:50,900 --> 00:16:48,600

he's doing I think it's really

379

00:16:53,780 --> 00:16:50,910

interesting and I would love to talk to

380

00:16:55,310 --> 00:16:53,790

him yeah I hope you get to well you know

381

00:16:57,740 --> 00:16:55,320

we're plumb out of time so if we have

382

00:17:02,180 --> 00:16:57,750

any other UFO news we're gonna just have

383

00:17:04,970 --> 00:17:02,190

to table and as we yeah okay all righty

384

00:17:06,560 --> 00:17:04,980

all right hey thanks man and we'll no

385

00:17:09,079 --> 00:17:06,570

problem we'll see you next week and have

386

00:17:11,300 --> 00:17:09,089

a great Thanksgiving tomorrow you too

387

00:17:13,040 --> 00:17:11,310

have a great turkey day I will all right

388

00:17:14,660 --> 00:17:13,050

all right hang in everyone we'll be

389

00:17:16,690 --> 00:17:14,670

right back after this quick music break

390

00:17:51,860 --> 00:17:16,700

with Chris O'Brien

391

00:19:00,600 --> 00:17:59,660

[Music]

392

00:19:06,880 --> 00:19:04,750

Wow that music I forget to mention this

393

00:19:09,909 --> 00:19:06,890

sometimes but Carrie Lloyd of Whitehouse

394

00:19:13,539 --> 00:19:09,919

from Ireland writes up music for movies

395

00:19:16,140 --> 00:19:13,549

and a lot of movies and some that are

396

00:19:18,159 --> 00:19:16,150

you know big movies not just

397

00:19:21,370 --> 00:19:18,169

independence anyway

398

00:19:23,799 --> 00:19:21,380

he supplies music for this show and that

399

00:19:26,890 --> 00:19:23,809

was written for the allagash incident

400

00:19:29,470 --> 00:19:26,900

and he has a bunch of different ones so

401
00:19:32,140 --> 00:19:29,480
of course we play these little parts of

402
00:19:36,880 --> 00:19:32,150
these clips almost every show and

403
00:19:39,940 --> 00:19:36,890
welcome to the show Chris they're happy

404
00:19:42,940 --> 00:19:39,950
day before turkey day that's right right

405
00:19:45,549 --> 00:19:42,950
you I think this your third visit on

406
00:19:50,020 --> 00:19:45,559
this show and you're always welcome

407
00:19:51,669 --> 00:19:50,030
always a lot of fun and so we have a lot

408
00:19:54,070 --> 00:19:51,679
of new listeners all the time just I

409
00:19:56,140 --> 00:19:54,080
know that you're part of the para para

410
00:19:58,750 --> 00:19:56,150
cast so you know what that's about

411
00:20:00,279 --> 00:19:58,760
so if you can go a little bit into your

412
00:20:03,190 --> 00:20:00,289
background but you know one thing I

413
00:20:06,279 --> 00:20:03,200

don't think I've ever asked you is what

414

00:20:08,500 --> 00:20:06,289

got you interested in the UFO topic and

415

00:20:12,340 --> 00:20:08,510

other topics that you're interested in

416

00:20:15,220 --> 00:20:12,350

the very beginning well that's you know

417

00:20:20,669 --> 00:20:15,230

that's I I guess a good question and for

418

00:20:24,669 --> 00:20:20,679

many years I would not really fess up to

419

00:20:28,480 --> 00:20:24,679

the real reason because you know

420

00:20:30,870 --> 00:20:28,490

starting out as a you know open-minded

421

00:20:32,919 --> 00:20:30,880

skeptic but but a healthily skeptical

422

00:20:38,770 --> 00:20:32,929

investigator field investigator

423

00:20:42,070 --> 00:20:38,780

I didn't publicly come out with this

424

00:20:45,430 --> 00:20:42,080

particular motivation for many years

425

00:20:49,299 --> 00:20:45,440

because I I didn't want it to color

426
00:20:53,409 --> 00:20:49,309
people's impression of my of me and and

427
00:20:56,320 --> 00:20:53,419
then consequently my work but I'm an

428
00:20:57,880 --> 00:20:56,330
experienced ER I had a very up close and

429
00:21:00,970 --> 00:20:57,890
personal encounter when I was seven

430
00:21:04,120 --> 00:21:00,980
years old in Bellevue Washington it's

431
00:21:06,970 --> 00:21:04,130
unlike it's similar in some ways to a

432
00:21:10,480 --> 00:21:06,980
lot of encounters that of course people

433
00:21:12,730 --> 00:21:10,490
have heard about since since the 70s

434
00:21:15,039 --> 00:21:12,740
basically late seventies early eighties

435
00:21:18,129 --> 00:21:15,049
around the whitley strieber time period

436
00:21:23,080 --> 00:21:18,139
weather scene seems to have been quite

437
00:21:24,669 --> 00:21:23,090
an upsurge in contactee reports and

438
00:21:26,680 --> 00:21:24,679

counter reports abductions that sort of

439

00:21:31,330 --> 00:21:26,690

thing but when i was seven years old

440

00:21:33,369 --> 00:21:31,340

i woke up one night in the spring of i'm

441

00:21:36,669 --> 00:21:33,379

not sure if i was seven or just about to

442

00:21:44,560 --> 00:21:36,679

turn seven but it was in the spring of

443

00:21:47,759 --> 00:21:44,570

1963 i'm 59 and i had these non-human

444

00:21:53,139 --> 00:21:47,769

entities about the same height as me

445

00:21:54,879 --> 00:21:53,149

ringing around the foot of my bed and it

446

00:21:57,399 --> 00:21:54,889

was pitch black in my room my room was

447

00:21:59,919 --> 00:21:57,409

kind of half in the basement you know

448

00:22:01,779 --> 00:21:59,929

half on the ground in the basement if I

449

00:22:04,659 --> 00:22:01,789

stood on my bed as a little kid I could

450

00:22:06,039 --> 00:22:04,669

put my chin right at ground level and I

451
00:22:08,950 --> 00:22:06,049
had two windows that were at ground

452
00:22:11,259 --> 00:22:08,960
level you know about six feet off the

453
00:22:13,269 --> 00:22:11,269
ground the five feet off the ground and

454
00:22:16,629 --> 00:22:13,279
so my bedroom was was unusually dark

455
00:22:19,149 --> 00:22:16,639
because it was outside my window was a

456
00:22:20,169 --> 00:22:19,159
cantilever the house didn't go all the

457
00:22:24,669 --> 00:22:20,179
way down on the ground

458
00:22:26,919 --> 00:22:24,679
the upper floor above me stuck out into

459
00:22:28,720 --> 00:22:26,929
the yard about four or five feet so it

460
00:22:31,739 --> 00:22:28,730
was unusually dark in there at night and

461
00:22:33,789 --> 00:22:31,749
the only reason that I was able to

462
00:22:37,090 --> 00:22:33,799
detect that there was something there is

463
00:22:40,119 --> 00:22:37,100

because the three entities at the foot

464

00:22:42,060 --> 00:22:40,129

of the bed there seemed to be a fourth

465

00:22:44,230 --> 00:22:42,070

one in the back that was kind of hiding

466

00:22:45,609 --> 00:22:44,240

there was may have been a little bit

467

00:22:47,980 --> 00:22:45,619

taller but they were about same height

468

00:22:51,820 --> 00:22:47,990

as me about two three and a half four

469

00:22:56,190 --> 00:22:51,830

about four feet tall and they were

470

00:22:58,509 --> 00:22:56,200

holding these about two foot lit l

471

00:23:01,299 --> 00:22:58,519

called him I called him stick men with

472

00:23:04,840 --> 00:23:01,309

Spears was the only entry description

473

00:23:07,169 --> 00:23:04,850

that I could give my family but there

474

00:23:11,470 --> 00:23:07,179

were three beans impossibly skinny l

475

00:23:12,340 --> 00:23:11,480

mean with arms like maybe about as thick

476
00:23:14,710 --> 00:23:12,350
as my thumb

477
00:23:16,149 --> 00:23:14,720
you know I mean really super skinny

478
00:23:19,119 --> 00:23:16,159
that's why I called him stick men and

479
00:23:21,220 --> 00:23:19,129
they they had these kind of hands I

480
00:23:26,019 --> 00:23:21,230
couldn't really get much detail from the

481
00:23:26,680 --> 00:23:26,029
hands but they were holding these lip

482
00:23:28,090 --> 00:23:26,690
wands

483
00:23:31,630 --> 00:23:28,100
had this light that was kind of jumping

484
00:23:34,830 --> 00:23:31,640
up and down and sparkling and there was

485
00:23:37,390 --> 00:23:34,840
enough light so it illuminated them and

486
00:23:43,420 --> 00:23:37,400
not much but but enough so that I could

487
00:23:46,990 --> 00:23:43,430
see they were not your normal you know

488
00:23:48,310 --> 00:23:47,000

humanoid you know a person and of course

489

00:23:51,280 --> 00:23:48,320

the first thing I did was hide under the

490

00:23:54,340 --> 00:23:51,290

covers and hoping that I was dreaming

491

00:23:55,540 --> 00:23:54,350

and when I pulled the covers back down

492

00:23:59,890 --> 00:23:55,550

they were still there

493

00:24:03,330 --> 00:23:59,900

I was not paralyzed I had full mobility

494

00:24:06,910 --> 00:24:03,340

and of course the first thing I did was

495

00:24:09,670 --> 00:24:06,920

- out of the room I just ran to the left

496

00:24:11,620 --> 00:24:09,680

sideways out the door turn the corner

497

00:24:13,150 --> 00:24:11,630

went up ten stairs to the landing

498

00:24:16,360 --> 00:24:13,160

outside the you know right inside the

499

00:24:19,000 --> 00:24:16,370

front door and they were had either

500

00:24:21,040 --> 00:24:19,010

teleported to the top of the stairway

501
00:24:23,290 --> 00:24:21,050
that went up to my parents side of the

502
00:24:25,420 --> 00:24:23,300
house or there was another group there I

503
00:24:27,490 --> 00:24:25,430
don't know but when I turned the corner

504
00:24:30,430 --> 00:24:27,500
at the top of the staircase and the

505
00:24:32,140 --> 00:24:30,440
landing in inside the front door they

506
00:24:34,120 --> 00:24:32,150
were standing at the top of the next set

507
00:24:38,200 --> 00:24:34,130
of stairs sounds like a nightmare

508
00:24:39,790 --> 00:24:38,210
but to run through the kitchen and I was

509
00:24:41,680 --> 00:24:39,800
going to go through the kitchen door and

510
00:24:43,150 --> 00:24:41,690
run around the house through the

511
00:24:46,660 --> 00:24:43,160
backyard because my parents had their

512
00:24:50,200 --> 00:24:46,670
own outside entrance and I pulled the

513
00:24:51,880 --> 00:24:50,210

door open and I you know we wanted to

514

00:24:55,810 --> 00:24:51,890

run through the door and I forgot my dad

515

00:24:58,180 --> 00:24:55,820

had put the screen door on and I ran

516

00:25:02,740 --> 00:24:58,190

right into the screen door boom it

517

00:25:04,270 --> 00:25:02,750

literally knocked me down and I I turned

518

00:25:05,650 --> 00:25:04,280

and looked and they were standing at the

519

00:25:08,320 --> 00:25:05,660

other end of the kitchen looking at me

520

00:25:11,320 --> 00:25:08,330

and I got a little bit better look at

521

00:25:12,790 --> 00:25:11,330

him at that point and I'm not sure why

522

00:25:15,370 --> 00:25:12,800

but I ended up running down the driveway

523

00:25:17,800 --> 00:25:15,380

and then through the hedge to the

524

00:25:19,270 --> 00:25:17,810

neighbor's house because I thought if I

525

00:25:22,030 --> 00:25:19,280

could bang on their door they'd let me

526

00:25:24,330 --> 00:25:22,040

in and I could call my parents and say

527

00:25:27,430 --> 00:25:24,340

look something weird is going on here I

528

00:25:30,280 --> 00:25:27,440

banged on the the Richards door my

529

00:25:33,340 --> 00:25:30,290

neighbors and nobody answered and I

530

00:25:37,140 --> 00:25:33,350

looked back and the Richards had a three

531

00:25:39,610 --> 00:25:37,150

step terraced yard so there was like a

532

00:25:40,930 --> 00:25:39,620

platform and then some gardens

533

00:25:43,810 --> 00:25:40,940

and about four feet down another

534

00:25:46,240 --> 00:25:43,820

platform of grass and then and then went

535

00:25:48,580 --> 00:25:46,250

down to another area to some hedges and

536

00:25:52,330 --> 00:25:48,590

I could see the tops of their heads

537

00:25:55,110 --> 00:25:52,340

just barely and they weren't bobbing

538

00:25:57,549 --> 00:25:55,120

they were moving in a very smooth motion

539

00:25:59,799 --> 00:25:57,559

and and they kind of stopped together

540

00:26:01,660 --> 00:25:59,809

and moved together it was almost like

541

00:26:05,020 --> 00:26:01,670

they were one thing but they were you

542

00:26:07,780 --> 00:26:05,030

know definitely in separate so my only

543

00:26:09,340 --> 00:26:07,790

recourse because nobody answered the

544

00:26:11,260 --> 00:26:09,350

door was to run out in the middle of

545

00:26:12,850 --> 00:26:11,270

there keep going towards the next

546

00:26:16,380 --> 00:26:12,860

neighbor's house and they had a big lawn

547

00:26:19,450 --> 00:26:16,390

with like a streetlight that was right

548

00:26:21,850 --> 00:26:19,460

by their garage and the street light lit

549

00:26:23,799 --> 00:26:21,860

their driveway outside of the garage and

550

00:26:26,470 --> 00:26:23,809

I ran out in the middle of the lawn and

551

00:26:28,000 --> 00:26:26,480

I stood there for a second because it

552

00:26:30,430 --> 00:26:28,010

was obvious they were following me so I

553

00:26:32,440 --> 00:26:30,440

wanted to see though I had plenty of

554

00:26:34,000 --> 00:26:32,450

room around me and I wanted to really

555

00:26:37,480 --> 00:26:34,010

get a better look at them when they came

556

00:26:40,090 --> 00:26:37,490

through the light from from the you know

557

00:26:44,770 --> 00:26:40,100

the streetlight or farm light that the

558

00:26:47,530 --> 00:26:44,780

the Richards had and you know I told the

559

00:26:50,350 --> 00:26:47,540

story a number of times on the air over

560

00:26:52,360 --> 00:26:50,360

the years now but the weirdest thing

561

00:26:54,160 --> 00:26:52,370

about the whole incident if what I've

562

00:26:57,220 --> 00:26:54,170

described already isn't weird enough is

563

00:26:59,500 --> 00:26:57,230

they approached the light and then they

564

00:27:01,180 --> 00:26:59,510

turn the only way I can describe this as

565

00:27:05,260 --> 00:27:01,190

they turn sideways and it was like they

566

00:27:10,510 --> 00:27:05,270

were they had no depth they came through

567

00:27:12,250 --> 00:27:10,520

the light as thin lines it's like when

568

00:27:15,310 --> 00:27:12,260

you take a piece of paper and you turn

569

00:27:17,700 --> 00:27:15,320

it sideways and that absolutely

570

00:27:21,270 --> 00:27:17,710

terrified me the next thing I remember

571

00:27:25,140 --> 00:27:21,280

was pounding on the next neighbor's door

572

00:27:29,470 --> 00:27:25,150

I don't recall seeing them following me

573

00:27:32,020 --> 00:27:29,480

but the last thing I remember is the

574

00:27:34,270 --> 00:27:32,030

porch light coming on the Barkers with

575

00:27:37,000 --> 00:27:34,280

who the other neighbors their porch

576

00:27:41,620 --> 00:27:37,010

light came on and the next thing I know

577

00:27:43,270 --> 00:27:41,630

I'm three houses away across across the

578

00:27:47,410 --> 00:27:43,280

street I'm several hundred yards away

579

00:27:48,430 --> 00:27:47,420

I'm at the end of a porch I don't know

580

00:27:52,180 --> 00:27:48,440

how I got there

581

00:27:53,010 --> 00:27:52,190

my sister is coming on the porch you

582

00:27:55,500 --> 00:27:53,020

know

583

00:27:59,669 --> 00:27:55,510

her nightgown in her robe and she took

584

00:28:02,400 --> 00:27:59,679

me home and of course I refused to go

585

00:28:05,190 --> 00:28:02,410

down in my bedroom and she you know she

586

00:28:06,660 --> 00:28:05,200

my sister was 18 now why was she that

587

00:28:08,790 --> 00:28:06,670

why was she happened why was she there

588

00:28:11,790 --> 00:28:08,800

at that other house well it turns out

589

00:28:13,680 --> 00:28:11,800

that the Barkers had called my house and

590

00:28:14,190 --> 00:28:13,690

she was the one that picked up the fuzzy

591

00:28:17,220 --> 00:28:14,200

uh-huh

592

00:28:18,630 --> 00:28:17,230

and she said you little you you know you

593

00:28:20,400 --> 00:28:18,640

look the cook

594

00:28:23,549 --> 00:28:20,410

Kimmy is that was called when I was a

595

00:28:25,410 --> 00:28:23,559

kid is is out you're hysterical we don't

596

00:28:27,870 --> 00:28:25,420

know what's going on and so she went

597

00:28:30,150 --> 00:28:27,880

over there I wasn't there and then she

598

00:28:31,620 --> 00:28:30,160

started looking for me and she said that

599

00:28:35,640 --> 00:28:31,630

she looked for me for about 15 or 20

600

00:28:37,410 --> 00:28:35,650

minutes it may have been longer she

601
00:28:40,860 --> 00:28:37,420
wasn't quite sure but that was kind of

602
00:28:43,590 --> 00:28:40,870
the you know but it wasn't actually a

603
00:28:45,120 --> 00:28:43,600
quiz door on this in the late 90s about

604
00:28:47,730 --> 00:28:45,130
this and I said you remember that time

605
00:28:49,530 --> 00:28:47,740
uh-huh and he said yeah I do and so we

606
00:28:52,410 --> 00:28:49,540
kind of compared notes and she thought

607
00:28:54,630 --> 00:28:52,420
it was very strange so she let me climb

608
00:28:56,580 --> 00:28:54,640
into bed with her and and because I was

609
00:28:59,970 --> 00:28:56,590
you know I was pretty terrified really

610
00:29:04,950 --> 00:28:59,980
and kind of just to give you a sense of

611
00:29:07,440 --> 00:29:04,960
how deeply traumatized I was she said

612
00:29:09,750 --> 00:29:07,450
that I tried to nurse her I she never

613
00:29:13,290 --> 00:29:09,760

told me this but until I brought this

614

00:29:18,870 --> 00:29:13,300

back up and you know in the 90s she said

615

00:29:20,430 --> 00:29:18,880

yeah you tried to nurse me and of course

616

00:29:21,930 --> 00:29:20,440

you know my parents said you you had a

617

00:29:23,669 --> 00:29:21,940

dream you had a nightmare you were

618

00:29:27,690 --> 00:29:23,679

sleepwalking of course I've never slept

619

00:29:30,660 --> 00:29:27,700

walk ever before since I've never had an

620

00:29:33,150 --> 00:29:30,670

extra full full-on experience like this

621

00:29:37,440 --> 00:29:33,160

since are you having I was gonna ask

622

00:29:41,760 --> 00:29:37,450

that no I did have another instance that

623

00:29:44,370 --> 00:29:41,770

happened but I think it was a group it's

624

00:29:46,080 --> 00:29:44,380

in my first book on the mysterious

625

00:29:49,650 --> 00:29:46,090

valley I had something come through the

626
00:29:51,299 --> 00:29:49,660
wall in my bedroom in Colorado and yeah

627
00:29:52,919 --> 00:29:51,309
I could it was almost like a rippling in

628
00:29:55,410 --> 00:29:52,929
the air I really couldn't see it was

629
00:29:56,940 --> 00:29:55,420
almost like they were cloaked similar

630
00:29:58,890 --> 00:29:56,950
kind of situation that came through very

631
00:30:01,980 --> 00:29:58,900
close to me I'm a right-side through the

632
00:30:03,930 --> 00:30:01,990
wall the headboard of the bed that my

633
00:30:06,549 --> 00:30:03,940
girlfriend and I slept in was against

634
00:30:09,789 --> 00:30:06,559
the outside wall and they came in

635
00:30:12,100 --> 00:30:09,799
I felt a a large presence there was a

636
00:30:14,230 --> 00:30:12,110
number of them and they seemed to gather

637
00:30:17,680 --> 00:30:14,240
around the the foot of the bed I woke

638
00:30:20,110 --> 00:30:17,690

her up in quietly and said look at the

639

00:30:22,149 --> 00:30:20,120

foot of the bed do you see anything and

640

00:30:24,879 --> 00:30:22,159

she said no you know I always thought

641

00:30:27,970 --> 00:30:24,889

that that was you know I wanted

642

00:30:30,850 --> 00:30:27,980

validation you know and she was very

643

00:30:34,299 --> 00:30:30,860

sensitive and come to find out two weeks

644

00:30:36,759 --> 00:30:34,309

later I found out actually a number of

645

00:30:40,180 --> 00:30:36,769

days later that my neighbor who was

646

00:30:42,009 --> 00:30:40,190

about maybe 200 feet away the next house

647

00:30:45,070 --> 00:30:42,019

over and in the little town I lived in

648

00:30:48,430 --> 00:30:45,080

that something had happened to her in

649

00:30:50,379 --> 00:30:48,440

her child but she didn't want to talk

650

00:30:52,299 --> 00:30:50,389

about it and so it took about two weeks

651
00:30:56,649 --> 00:30:52,309
for me to kind of soften her up and and

652
00:30:58,499 --> 00:30:56,659
and she went ahead and him agreed to

653
00:31:00,730 --> 00:30:58,509
talk to me

654
00:31:04,419 --> 00:31:00,740
of course I'd she didn't want me to use

655
00:31:08,109 --> 00:31:04,429
her name but I can say that she was the

656
00:31:13,539 --> 00:31:08,119
widow of a very very famous psychologist

657
00:31:17,159 --> 00:31:13,549
from England who I've named elsewhere so

658
00:31:21,100 --> 00:31:17,169
I might as well Artie Lange's Widow and

659
00:31:24,129 --> 00:31:21,110
she said that a group of humanoid gray

660
00:31:26,230 --> 00:31:24,139
type aliens had come through the wall of

661
00:31:28,720 --> 00:31:26,240
her son's bedroom she happened to be

662
00:31:30,159 --> 00:31:28,730
sleeping on the loves loveseat that was

663
00:31:33,009 --> 00:31:30,169

in his bedroom because he was really

664

00:31:34,090 --> 00:31:33,019

upset that night and she saw them come

665

00:31:36,190 --> 00:31:34,100

through she said that they were like

666

00:31:37,739 --> 00:31:36,200

rippling water when they came through

667

00:31:40,869 --> 00:31:37,749

the wall and then they became fully

668

00:31:44,139 --> 00:31:40,879

present she could see them they were

669

00:31:45,730 --> 00:31:44,149

opaque and she knew me she said they

670

00:31:48,100 --> 00:31:45,740

ignored her but they were concentrating

671

00:31:50,710 --> 00:31:48,110

on her boy and she surrounded herself

672

00:31:52,389 --> 00:31:50,720

and her son with light and closed her

673

00:31:56,289 --> 00:31:52,399

eyes and prayed and said if you're not

674

00:31:58,119 --> 00:31:56,299

you know of the light leave and they

675

00:32:01,570 --> 00:31:58,129

stuck around for a little bit but left

676
00:32:04,810 --> 00:32:01,580
and I was really intrigued by this and I

677
00:32:06,999 --> 00:32:04,820
said did you happen to to take note so

678
00:32:09,549 --> 00:32:07,009
when this happens she goes yeah I keep a

679
00:32:13,740 --> 00:32:09,559
journal it happened 20 minutes after I

680
00:32:17,080 --> 00:32:13,750
had had my experience just two hundred

681
00:32:19,659 --> 00:32:17,090
three hundred feet away so it was the

682
00:32:19,869 --> 00:32:19,669
same night within less than a half an

683
00:32:21,819 --> 00:32:19,879
hour

684
00:32:23,919 --> 00:32:21,829
time period so I'm pretty convinced and

685
00:32:26,319 --> 00:32:23,929
I I picked up on something that night

686
00:32:29,079 --> 00:32:26,329
and if people are interested in that

687
00:32:31,119 --> 00:32:29,089
particular event I do go into it in

688
00:32:33,999 --> 00:32:31,129

detail in the mysterious valley and then

689

00:32:39,159 --> 00:32:34,009

my own personal experience as a child I

690

00:32:43,359 --> 00:32:39,169

I mentioned in in my third book but for

691

00:32:45,969 --> 00:32:43,369

many years I refute you couldn't tell

692

00:32:49,239 --> 00:32:45,979

anybody about this exactly you know my

693

00:32:52,599 --> 00:32:49,249

family my brother you know he was a year

694

00:32:54,609 --> 00:32:52,609

younger than me he believed me and we

695

00:32:56,619 --> 00:32:54,619

shared another experience later on there

696

00:33:00,639 --> 00:32:56,629

were no entities involved but we saw

697

00:33:04,419 --> 00:33:00,649

craft coming over Lake Washington late

698

00:33:07,299 --> 00:33:04,429

at night you know we had a couple of

699

00:33:10,149 --> 00:33:07,309

interesting experiences I was woken up

700

00:33:12,069 --> 00:33:10,159

by my bedside table drawer moving in and

701

00:33:14,109 --> 00:33:12,079

out on its own and the rattling of the

702

00:33:16,589 --> 00:33:14,119

wooden drawers what woke me up there was

703

00:33:20,769 --> 00:33:16,599

a strange green glow went downstairs

704

00:33:22,569 --> 00:33:20,779

craft was out coming from west to east

705

00:33:25,419 --> 00:33:22,579

over Lake Washington we had a beautiful

706

00:33:28,779 --> 00:33:25,429

view of of Seattle from across the lake

707

00:33:30,039 --> 00:33:28,789

in Bellevue and so an answer to a

708

00:33:33,029 --> 00:33:30,049

question I know that's kind of a long

709

00:33:35,979 --> 00:33:33,039

answer but but that changed my life I

710

00:33:37,509 --> 00:33:35,989

immediately I had not been exposed to

711

00:33:39,999 --> 00:33:37,519

science fiction I wasn't allowed to

712

00:33:42,459 --> 00:33:40,009

watch TV except the disney and lawrence

713

00:33:44,499 --> 00:33:42,469

welk and a few select programs that my

714

00:33:47,049 --> 00:33:44,509

parents would allow that my brother and

715

00:33:50,829 --> 00:33:47,059

I to watch I wasn't exposed to mass

716

00:33:55,449 --> 00:33:50,839

media there very down on they were very

717

00:33:57,249 --> 00:33:55,459

protective of us I had no concept of

718

00:33:59,739 --> 00:33:57,259

what aliens were maybe you know

719

00:34:01,809 --> 00:33:59,749

peripherally I kind of I kind of did but

720

00:34:05,229 --> 00:34:01,819

but no images or anything like that and

721

00:34:07,349 --> 00:34:05,239

if I did have images they were they they

722

00:34:10,149 --> 00:34:07,359

weren't anything like what I experienced

723

00:34:12,279 --> 00:34:10,159

this was way outside of my realm of

724

00:34:15,759 --> 00:34:12,289

experience in comprehension as a

725

00:34:18,369 --> 00:34:15,769

seven-year-old and but I'll tell you you

726

00:34:20,829 --> 00:34:18,379

know I learned to read it for it was

727

00:34:22,960 --> 00:34:20,839

very bright kid and I immediately just

728

00:34:25,659 --> 00:34:22,970

devoured every book I could find on the

729

00:34:28,869 --> 00:34:25,669

subject how did you know what it was

730

00:34:30,819 --> 00:34:28,879

though I mean you know when you're when

731

00:34:32,980 --> 00:34:30,829

you're seven years old like you said it

732

00:34:33,790 --> 00:34:32,990

took a long did when did you start

733

00:34:37,240 --> 00:34:33,800

reading books

734

00:34:40,690 --> 00:34:37,250

on on this I should ask as soon as I got

735

00:34:44,200 --> 00:34:40,700

a library card but I mean how did you

736

00:34:45,760 --> 00:34:44,210

know what it was you know I mean you're

737

00:34:49,270 --> 00:34:45,770

a seven year old these things show up at

738

00:34:51,070 --> 00:34:49,280

your bed did you have any thoughts I

739

00:34:53,919 --> 00:34:51,080

mean did you think they just have to be

740

00:34:57,340 --> 00:34:53,929

from another planet or something or what

741

00:35:02,580 --> 00:34:57,350

no I never thought that it was only

742

00:35:05,340 --> 00:35:02,590

going through looking for information I

743

00:35:08,260 --> 00:35:05,350

you know I thought maybe that they were

744

00:35:12,160 --> 00:35:08,270

you know I was exposed then to elves and

745

00:35:16,090 --> 00:35:12,170

fairies and then you know the whole idea

746

00:35:18,010 --> 00:35:16,100

of UFOs and aliens were kind of cemented

747

00:35:20,830 --> 00:35:18,020

into my head because of the experience

748

00:35:23,470 --> 00:35:20,840

of seeing the glowing kind of green oval

749

00:35:27,060 --> 00:35:23,480

coming across the lake and I'm not even

750

00:35:30,820 --> 00:35:27,070

sure this was about six months later I

751

00:35:33,940 --> 00:35:30,830

wasn't even sure I didn't know if the

752

00:35:35,530 --> 00:35:33,950

two events were related I remember

753

00:35:37,330 --> 00:35:35,540

yelling at them what do you want why are

754

00:35:38,950 --> 00:35:37,340

you following me talk you know you know

755

00:35:40,660 --> 00:35:38,960

say something you know and they never

756

00:35:45,460 --> 00:35:40,670

they were completely neutral they were

757

00:35:48,520 --> 00:35:45,470

they seemed almost like they were in a

758

00:35:50,980 --> 00:35:48,530

trance I don't I've blocked out what

759

00:35:52,090 --> 00:35:50,990

their eyes look like I don't recall I

760

00:35:54,100 --> 00:35:52,100

don't remember

761

00:35:58,710 --> 00:35:54,110

big Wallman shaped eyes I do remember

762

00:36:02,890 --> 00:35:58,720

they had a pasty whitish kind of matte

763

00:36:04,840 --> 00:36:02,900

you know non reflective skin tone they

764

00:36:08,260 --> 00:36:04,850

had spindle II like I said impossibly

765

00:36:10,600 --> 00:36:08,270

skinny spindly limbs the one in the back

766

00:36:12,310 --> 00:36:10,610

seemed to have possibly clothes or a

767

00:36:15,750 --> 00:36:12,320

cloak or something on I couldn't really

768

00:36:17,950 --> 00:36:15,760

tell there were no clothing no

769

00:36:21,640 --> 00:36:17,960

identifying genitalia

770

00:36:23,200 --> 00:36:21,650

I don't remember ears or even mouths I

771

00:36:27,340 --> 00:36:23,210

can't really even recall if they had

772

00:36:29,740 --> 00:36:27,350

mouths and they seemed to they move like

773

00:36:33,670 --> 00:36:29,750

cattails in the wind they move perfectly

774

00:36:37,360 --> 00:36:33,680

in sync together which really was quite

775

00:36:39,040 --> 00:36:37,370

quite startling so you know I started

776

00:36:41,830 --> 00:36:39,050

devouring every book that I could read

777

00:36:43,960 --> 00:36:41,840

and started accumulating books some of

778

00:36:46,870 --> 00:36:43,970

which I still have some of the original

779

00:36:47,320 --> 00:36:46,880

Adamski books in a Donald Menzel book

780

00:36:51,610 --> 00:36:47,330

who was

781

00:36:53,890 --> 00:36:51,620

an early debunker you know as a kid I

782

00:36:57,100 --> 00:36:53,900

really wanted to try to explain away

783

00:37:01,620 --> 00:36:57,110

this whole experience somehow come up

784

00:37:04,600 --> 00:37:01,630

with some sort of information that would

785

00:37:07,900 --> 00:37:04,610

you know kind of put my my mind at ease

786

00:37:09,370 --> 00:37:07,910

and it wasn't until the early 90s I was

787

00:37:12,880 --> 00:37:09,380

reading a John keel book I think

788

00:37:16,570 --> 00:37:12,890

operation Trojan horse he mentions three

789

00:37:19,000 --> 00:37:16,580

cases of children having experiences in

790

00:37:21,850 --> 00:37:19,010

Redmond I think in in Issaquah witcher 2

791

00:37:23,470 --> 00:37:21,860

towns ones on one on the west side of

792

00:37:26,020 --> 00:37:23,480

bellevue and the others on the east side

793

00:37:28,150 --> 00:37:26,030

of bellevue and i was during that same

794

00:37:31,450 --> 00:37:28,160

spring of 63 that there were two other

795

00:37:35,680 --> 00:37:31,460

cases i think two or three and one of

796

00:37:39,190 --> 00:37:35,690

the kids said stickmen used the same

797

00:37:40,900 --> 00:37:39,200

exact term that i did i'm not i'm not

798

00:37:43,060 --> 00:37:40,910

sure which key book it is I'm pretty

799

00:37:44,830 --> 00:37:43,070

sure it's a keel book and that was that

800

00:37:48,130 --> 00:37:44,840

was kind of some major validation for me

801
00:37:52,090 --> 00:37:48,140
many years later obviously thirty years

802
00:37:54,670 --> 00:37:52,100
later but I mean something like that

803
00:38:00,130 --> 00:37:54,680
happening to you that changes you know

804
00:38:03,100 --> 00:38:00,140
you absolutely have a completely 180

805
00:38:07,320 --> 00:38:03,110
degree view about reality I knew that

806
00:38:09,910 --> 00:38:07,330
these things were extremely strange I

807
00:38:13,210 --> 00:38:09,920
couldn't find very it took me a long

808
00:38:15,640 --> 00:38:13,220
time to really find any information I

809
00:38:16,180 --> 00:38:15,650
you know devoured every UFO book I could

810
00:38:19,870 --> 00:38:16,190
find

811
00:38:22,840 --> 00:38:19,880
I remember reading incident at Exeter

812
00:38:25,810 --> 00:38:22,850
when it came out interrupted journey

813
00:38:29,110 --> 00:38:25,820

when it came out and I kept I kept this

814

00:38:32,710 --> 00:38:29,120

this whole thing secret I I didn't know

815

00:38:35,200 --> 00:38:32,720

I didn't profess any sort of interest in

816

00:38:38,590 --> 00:38:35,210

the subject for for years and years and

817

00:38:42,970 --> 00:38:38,600

years until I was in high school I

818

00:38:44,950 --> 00:38:42,980

started to you know let my my interest

819

00:38:50,350 --> 00:38:44,960

in my curiosity be known to friends and

820

00:38:52,630 --> 00:38:50,360

stuff of course I I did dabble in quite

821

00:38:55,990 --> 00:38:52,640

a number of psychedelics when I was in

822

00:38:58,270 --> 00:38:56,000

high school in college so that that

823

00:39:01,650 --> 00:38:58,280

allowed me I think the freedom

824

00:39:03,970 --> 00:39:01,660

to talk to close friends about it and

825

00:39:05,740 --> 00:39:03,980

you know I lived in New York City for

826

00:39:08,590 --> 00:39:05,750

many years and you just don't talk about

827

00:39:11,500 --> 00:39:08,600

aliens and UFOs when you live in

828

00:39:13,120 --> 00:39:11,510

Manhattan it's social suicide and you

829

00:39:16,860 --> 00:39:13,130

know yeah I knew better and it wasn't

830

00:39:19,840 --> 00:39:16,870

until I moved out to Colorado in 1989

831

00:39:21,820 --> 00:39:19,850

that stuff

832

00:39:23,920 --> 00:39:21,830

why did have a sighting experience in 79

833

00:39:27,100 --> 00:39:23,930

up and up in New Paltz with a number of

834

00:39:30,130 --> 00:39:27,110

friends half of which we're tripping and

835

00:39:32,940 --> 00:39:30,140

the other half weren't by the way we

836

00:39:35,590 --> 00:39:32,950

went to a gentle giant concert and I

837

00:39:37,990 --> 00:39:35,600

happened to spot some stars it seemed to

838

00:39:39,610 --> 00:39:38,000

be moving and I told brought everybody's

839

00:39:41,890 --> 00:39:39,620

attention to it we lay on the football

840

00:39:44,830 --> 00:39:41,900

field and sure enough they were milling

841

00:39:46,150 --> 00:39:44,840

around and and those of us that you know

842

00:39:49,090 --> 00:39:46,160

under the influence

843

00:39:50,890 --> 00:39:49,100

we're the one I saw them first and the

844

00:39:52,390 --> 00:39:50,900

other people it took them a little while

845

00:39:53,800 --> 00:39:52,400

to see them but then it was obvious

846

00:39:59,890 --> 00:39:53,810

because they started zipping around

847

00:40:02,410 --> 00:39:59,900

fairly obviously and and we got bored

848

00:40:06,400 --> 00:40:02,420

and went to a party after they settled

849

00:40:09,520 --> 00:40:06,410

down strange but it wasn't until I got

850

00:40:12,190 --> 00:40:09,530

out to Colorado and had you know events

851
00:40:14,080 --> 00:40:12,200
happening literally overhead of the town

852
00:40:16,000 --> 00:40:14,090
and and starting to investigate them I

853
00:40:18,880 --> 00:40:16,010
wrote an article for the local paper

854
00:40:21,010 --> 00:40:18,890
which got picked up by the news services

855
00:40:23,320 --> 00:40:21,020
services and went all over the world and

856
00:40:27,820 --> 00:40:23,330
I got inundated with with people

857
00:40:30,010 --> 00:40:27,830
interested in in the article and and and

858
00:40:31,720 --> 00:40:30,020
got two or three months later I mean

859
00:40:33,820 --> 00:40:31,730
unsolved mysteries showed up in

860
00:40:36,250 --> 00:40:33,830
sightings and all these TV shows and

861
00:40:37,720 --> 00:40:36,260
stuff because of the kinds of activity

862
00:40:41,350 --> 00:40:37,730
that we're going on in Colorado at the

863
00:40:44,200 --> 00:40:41,360

time and I do document all this in in my

864

00:40:46,600 --> 00:40:44,210

books about the San Luis Valley where I

865

00:40:48,670 --> 00:40:46,610

lived in Colorado probably some of your

866

00:40:52,660 --> 00:40:48,680

listeners are aware of my work there but

867

00:40:55,930 --> 00:40:52,670

I did meticulously put together a

868

00:40:58,960 --> 00:40:55,940

database of my investigations which I'm

869

00:41:00,820 --> 00:40:58,970

going to be publishing I had so many

870

00:41:02,710 --> 00:41:00,830

people asking me for information about

871

00:41:05,200 --> 00:41:02,720

the sighting events that I was

872

00:41:06,880 --> 00:41:05,210

investigating investigators from all

873

00:41:09,220 --> 00:41:06,890

over the world that I I started

874

00:41:11,160 --> 00:41:09,230

publishing a monthly report to send out

875

00:41:14,130 --> 00:41:11,170

free I didn't charge for it

876

00:41:15,569 --> 00:41:14,140

to send out to other investigators to

877

00:41:18,150 --> 00:41:15,579

keep them up to speed and what was going

878

00:41:20,099 --> 00:41:18,160

on and I think I did six years of these

879

00:41:23,130 --> 00:41:20,109

things you know when the activity would

880

00:41:25,559 --> 00:41:23,140

would die out for months at a time

881

00:41:27,089 --> 00:41:25,569

there would be two three four months I

882

00:41:29,010 --> 00:41:27,099

wouldn't put out one but then BOOM as

883

00:41:31,020 --> 00:41:29,020

soon as I had enough stuff to to put

884

00:41:33,450 --> 00:41:31,030

together and my mysterious Valley report

885

00:41:36,809 --> 00:41:33,460

as I called it I'd sent it out it's it's

886

00:41:38,220 --> 00:41:36,819

a stack I don't know if I'm gonna be

887

00:41:43,620 --> 00:41:38,230

able to fit them all in a single book

888

00:41:47,910 --> 00:41:43,630

but there's you know I had 10 10 data

889

00:41:51,859 --> 00:41:47,920

points it for my database and I had

890

00:41:55,710 --> 00:41:51,869

around a thousand separate events that I

891

00:41:58,380 --> 00:41:55,720

investigated or was made aware of in

892

00:42:02,250 --> 00:41:58,390

made phone calls and and did my best to

893

00:42:03,839 --> 00:42:02,260

cover 10,000 square miles the San Luis

894

00:42:06,660 --> 00:42:03,849

Valley is the world's largest Alpine

895

00:42:08,789 --> 00:42:06,670

Valley and I put up 300,000 miles on my

896

00:42:11,130 --> 00:42:08,799

truck in six years running around

897

00:42:14,640 --> 00:42:11,140

investigating cattle mutilation cases

898

00:42:18,020 --> 00:42:14,650

and in UFO reports and crypto Bigfoot

899

00:42:22,049 --> 00:42:18,030

other other types of things occult crime

900

00:42:27,299 --> 00:42:22,059

kind of strange sort of Brujo Native

901
00:42:29,789 --> 00:42:27,309
American weirdness a whole kind of

902
00:42:32,970 --> 00:42:29,799
potpourri of things that came my way

903
00:42:35,609 --> 00:42:32,980
through the local law enforcement the

904
00:42:38,430 --> 00:42:35,619
local university I was working with the

905
00:42:41,250 --> 00:42:38,440
head of the Department of Sociology and

906
00:42:43,710 --> 00:42:41,260
a couple of astronomy students there and

907
00:42:46,859 --> 00:42:43,720
I was the unofficial deputy of weirdness

908
00:42:49,200 --> 00:42:46,869
for like four or five counties in

909
00:42:50,730 --> 00:42:49,210
Colorado they had my number there by the

910
00:42:52,289 --> 00:42:50,740
dispatcher and if somebody would call up

911
00:42:54,660 --> 00:42:52,299
with a with a report they tell them to

912
00:42:56,880 --> 00:42:54,670
get in touch with me and because I was

913
00:42:58,890 --> 00:42:56,890

local and I honored people's request for

914

00:43:01,130 --> 00:42:58,900

anonymity and I didn't embellish things

915

00:43:05,460 --> 00:43:01,140

and I didn't sensationalize things

916

00:43:09,000 --> 00:43:05,470

people trusted me and I I was able to

917

00:43:11,880 --> 00:43:09,010

make quite a bit of headway and in pull

918

00:43:14,099 --> 00:43:11,890

cases out you know neighbors would call

919

00:43:16,170 --> 00:43:14,109

and say you got to talk to so-and-so you

920

00:43:18,870 --> 00:43:16,180

know something landed in their field or

921

00:43:20,220 --> 00:43:18,880

a family member would call and say these

922

00:43:23,110 --> 00:43:20,230

people don't want to talk about it you

923

00:43:25,900 --> 00:43:23,120

know my uncle or whomever

924

00:43:27,820 --> 00:43:25,910

and you know I'd work on them slowly and

925

00:43:29,710 --> 00:43:27,830

get them to open up so that I could get

926

00:43:31,270 --> 00:43:29,720

the data but I'm really proud of my

927

00:43:33,790 --> 00:43:31,280

database it's probably the largest

928

00:43:38,190 --> 00:43:33,800

database from a single geographic region

929

00:43:42,130 --> 00:43:38,200

maybe and ruffles is bigger from the LA

930

00:43:44,440 --> 00:43:42,140

basin area because she had an extra 25

931

00:43:46,420 --> 00:43:44,450

30 year head start on me but man I'll

932

00:43:47,980 --> 00:43:46,430

tell you there's hundreds and hundreds

933

00:43:50,290 --> 00:43:47,990

and hundreds of reports in there and

934

00:43:52,750 --> 00:43:50,300

those are the only only the reports that

935

00:43:54,970 --> 00:43:52,760

had ten ten data points if I didn't have

936

00:43:57,280 --> 00:43:54,980

a date a time a duration I couldn't use

937

00:44:00,430 --> 00:43:57,290

it in my database so I literally had

938

00:44:02,170 --> 00:44:00,440

thousands of stories reports that sort

939

00:44:05,160 --> 00:44:02,180

of thing but the ones that made the

940

00:44:09,130 --> 00:44:05,170

database had to have the ten data points

941

00:44:13,570 --> 00:44:09,140

Wow um we have we have a number of

942

00:44:15,550 --> 00:44:13,580

questions on the on the forum and by the

943

00:44:18,460 --> 00:44:15,560

way anyone can join the forum it's a

944

00:44:21,150 --> 00:44:18,470

real easy sign in I just have to approve

945

00:44:24,520 --> 00:44:21,160

you because of the spammers but anyway

946

00:44:25,980 --> 00:44:24,530

before that though it's I just wanted to

947

00:44:28,900 --> 00:44:25,990

ask you when you're telling your story

948

00:44:30,550 --> 00:44:28,910

had seven years old a few people in the

949

00:44:32,560 --> 00:44:30,560

chat room said wow that's almost like

950

00:44:35,350 --> 00:44:32,570

way too detailed for a seven-year-old I

951
00:44:38,950 --> 00:44:35,360
just wanted you to address that but also

952
00:44:40,600 --> 00:44:38,960
yeah absolutely do you feel how does it

953
00:44:43,150 --> 00:44:40,610
make you feel to tell that story I mean

954
00:44:46,120 --> 00:44:43,160
does it get you um you know now it's it

955
00:44:47,680 --> 00:44:46,130
I'm okay with it because I have I have

956
00:44:50,710 --> 00:44:47,690
gone public with it

957
00:44:54,220 --> 00:44:50,720
in in terms of detail you know I have a

958
00:44:58,150 --> 00:44:54,230
semi photographic memory I was extremely

959
00:45:02,590 --> 00:44:58,160
extremely bright as a child gifted

960
00:45:06,610 --> 00:45:02,600
gifted child and gifted programs I have

961
00:45:08,770 --> 00:45:06,620
a very good recall especially the

962
00:45:13,020 --> 00:45:08,780
younger I was the better my recall was

963
00:45:16,920 --> 00:45:13,030

and this kind of experience was

964

00:45:22,870 --> 00:45:16,930

emblazoned into my mind I remember

965

00:45:24,960 --> 00:45:22,880

details that from my this is the most

966

00:45:27,760 --> 00:45:24,970

vivid memory I have from my childhood

967

00:45:31,030 --> 00:45:27,770

besides getting my front two teeth

968

00:45:33,060 --> 00:45:31,040

knocked out by a by a line drive playing

969

00:45:35,580 --> 00:45:33,070

baseball that's that was

970

00:45:39,750 --> 00:45:35,590

kind of a hard one to forget a couple of

971

00:45:43,950 --> 00:45:39,760

bad falls on my bike I remember in in

972

00:45:45,780 --> 00:45:43,960

great detail human memory is is

973

00:45:46,680 --> 00:45:45,790

interesting in that and that is a good

974

00:45:49,620 --> 00:45:46,690

point

975

00:45:52,710 --> 00:45:49,630

you know normally people don't have a

976

00:45:54,570 --> 00:45:52,720

real good recall when it comes to you

977

00:45:57,600 --> 00:45:54,580

know most mundane things that happen in

978

00:46:01,200 --> 00:45:57,610

our lives and in 99.999% of our lives or

979

00:46:03,770 --> 00:46:01,210

mundane but I recall dreams from my

980

00:46:05,940 --> 00:46:03,780

childhood very vivid dreams some

981

00:46:12,150 --> 00:46:05,950

reoccurring that have nothing to do with

982

00:46:15,030 --> 00:46:12,160

with UFOs particularly but but you know

983

00:46:17,460 --> 00:46:15,040

that being a little kid and sneak ins

984

00:46:19,760 --> 00:46:17,470

you know sneaking under the table during

985

00:46:24,930 --> 00:46:19,770

the Christmas party this would have been

986

00:46:29,010 --> 00:46:24,940

when I was eight or nine and sneaked in

987

00:46:30,840 --> 00:46:29,020

half half filled glasses of wine and in

988

00:46:33,470 --> 00:46:30,850

trying them under the table with my

989

00:46:35,700 --> 00:46:33,480

brother you know going to Disneyland

990

00:46:37,440 --> 00:46:35,710

remember that really well I remember

991

00:46:40,800 --> 00:46:37,450

where I was when Kennedy was

992

00:46:43,080 --> 00:46:40,810

assassinated I remember it was in great

993

00:46:45,720 --> 00:46:43,090

detail I happen to be in LA with my mom

994

00:46:47,820 --> 00:46:45,730

and my little brother and and I remember

995

00:46:49,890 --> 00:46:47,830

the cops pulling a dead body out of the

996

00:46:52,970 --> 00:46:49,900

trunk of a car as we came out into the

997

00:46:56,250 --> 00:46:52,980

parking lot so you know vivid

998

00:47:00,270 --> 00:46:56,260

experiences tend to become emblazoned in

999

00:47:03,090 --> 00:47:00,280

your in your yeah in your mind and in

1000

00:47:06,990 --> 00:47:03,100

your memory banks and and they do they

1001
00:47:09,630 --> 00:47:07,000
do have staying power yeah okay another

1002
00:47:12,110 --> 00:47:09,640
another person asked have you ever

1003
00:47:17,220 --> 00:47:12,120
considered or have you ever had

1004
00:47:20,730 --> 00:47:17,230
regressions there you know hypnotherapy

1005
00:47:25,950 --> 00:47:20,740
I I did one time when I was 13 my mom

1006
00:47:27,720 --> 00:47:25,960
took me because I I got so bored in

1007
00:47:31,050 --> 00:47:27,730
school I already knew all the answers

1008
00:47:34,980 --> 00:47:31,060
and you know all the kids I just was way

1009
00:47:37,710 --> 00:47:34,990
ahead of everybody and I started acting

1010
00:47:41,370 --> 00:47:37,720
up in school and so my mom took me to

1011
00:47:43,470 --> 00:47:41,380
the first certified hypnotherapist in

1012
00:47:46,350 --> 00:47:43,480
the United States dr. ivor berkland look

1013
00:47:46,670 --> 00:47:46,360

him up and his son was buzzy berkland

1014

00:47:49,610 --> 00:47:46,680

who was

1015

00:47:52,640 --> 00:47:49,620

the chief orthopedic doctor for the US

1016

00:47:54,650 --> 00:47:52,650

Ski Team and I've our Brooklands

1017

00:47:58,600 --> 00:47:54,660

grandson Bob Brooklyn was on my soccer

1018

00:48:01,310 --> 00:47:58,610

team the three-point Hornets we were

1019

00:48:03,470 --> 00:48:01,320

Washington state champions in youth

1020

00:48:08,240 --> 00:48:03,480

soccer I was in the first youth soccer

1021

00:48:11,690 --> 00:48:08,250

league in the United States buzzy his

1022

00:48:15,080 --> 00:48:11,700

dad was a psychologist and was the first

1023

00:48:17,210 --> 00:48:15,090

licensed hypnotherapist and my mom took

1024

00:48:19,880 --> 00:48:17,220

me for some motivational hypnotherapy

1025

00:48:21,590 --> 00:48:19,890

and I think I may have been regressed

1026

00:48:24,680 --> 00:48:21,600

because she never let me go back and she

1027

00:48:27,470 --> 00:48:24,690

was freaked out when she talked to to

1028

00:48:28,490 --> 00:48:27,480

berkland about my session and she

1029

00:48:31,990 --> 00:48:28,500

wouldn't let me hear what they were

1030

00:48:36,920 --> 00:48:32,000

talking about and and I was not I never

1031

00:48:39,020 --> 00:48:36,930

went back and I do remember him asking

1032

00:48:41,300 --> 00:48:39,030

me some things about my child you know

1033

00:48:42,800 --> 00:48:41,310

my earlier childhood because I was

1034

00:48:46,040 --> 00:48:42,810

adopted my brother and I were both

1035

00:48:50,180 --> 00:48:46,050

adopted by the O'Briens and for some

1036

00:48:51,590 --> 00:48:50,190

reason he was I because I was in a hypno

1037

00:48:53,960 --> 00:48:51,600

state I don't remember the exact

1038

00:48:57,080 --> 00:48:53,970

questions but I do have a sensitive was

1039

00:48:59,840 --> 00:48:57,090

asking me about earlier times and you

1040

00:49:03,740 --> 00:48:59,850

know I was about 13 at that point and

1041

00:49:05,420 --> 00:49:03,750

she my mom uncharacteristically she

1042

00:49:06,770 --> 00:49:05,430

wouldn't talk about it and I asked her

1043

00:49:07,220 --> 00:49:06,780

ambassador and she wouldn't talk about

1044

00:49:11,210 --> 00:49:07,230

it

1045

00:49:13,280 --> 00:49:11,220

I remember when I was 10 going to

1046

00:49:16,610 --> 00:49:13,290

Safeway shopping on a Saturday with my

1047

00:49:18,230 --> 00:49:16,620

mom and seeing a National Enquirer or

1048

00:49:21,350 --> 00:49:18,240

the world news or one of those you know

1049

00:49:24,410 --> 00:49:21,360

supermarket rags with the headline

1050

00:49:26,660 --> 00:49:24,420

flying saucers killed my horse and that

1051

00:49:28,940 --> 00:49:26,670

was the the snippy the horse case I

1052

00:49:32,540 --> 00:49:28,950

remember that is a kid bugging my mom do

1053

00:49:34,580 --> 00:49:32,550

you know to give me a 25 cents or

1054

00:49:36,260 --> 00:49:34,590

whatever was to buy it and of course I

1055

00:49:38,090 --> 00:49:36,270

devoured the article before I even got

1056

00:49:39,770 --> 00:49:38,100

home and and it's interesting that I

1057

00:49:41,510 --> 00:49:39,780

should end up in Colorado in the San

1058

00:49:44,570 --> 00:49:41,520

Luis Valley about 40 miles from where

1059

00:49:46,250 --> 00:49:44,580

that case took place and I got to know

1060

00:49:48,950 --> 00:49:46,260

the owner of the horse and I have the

1061

00:49:51,560 --> 00:49:48,960

only full-length video interview with

1062

00:49:53,900 --> 00:49:51,570

him and and I'm probably one of the you

1063

00:49:55,760 --> 00:49:53,910

know the most knowledgeable people about

1064

00:49:58,349 --> 00:49:55,770

that case now because of the amount of

1065

00:50:01,589 --> 00:49:58,359

work that I put in on it's a whole job

1066

00:50:05,579 --> 00:50:01,599

in my books talking to herd which we

1067

00:50:06,929 --> 00:50:05,589

talked about last time I was here so you

1068

00:50:09,029 --> 00:50:06,939

know what can I say

1069

00:50:13,140 --> 00:50:09,039

you know that's my story and I'm

1070

00:50:15,299 --> 00:50:13,150

sticking to it okay good we have a we

1071

00:50:16,650 --> 00:50:15,309

have so is the guy that this is Linda

1072

00:50:18,059 --> 00:50:16,660

Moulton Howe I recall his past

1073

00:50:21,179 --> 00:50:18,069

appearance on your show

1074

00:50:23,699 --> 00:50:21,189

he knows everything just ask him well oh

1075

00:50:26,339 --> 00:50:23,709

I see her in the chat room yeah I don't

1076

00:50:28,789 --> 00:50:26,349

diss Linda Moulton Howe I just don't

1077

00:50:31,499 --> 00:50:28,799

agree with her conclusions I'm very

1078

00:50:34,019 --> 00:50:31,509

grateful to Linda she trained me how to

1079

00:50:36,120 --> 00:50:34,029

interview people out in the field she is

1080

00:50:38,640 --> 00:50:36,130

a tremendously courageous invested

1081

00:50:41,880 --> 00:50:38,650

investigator I think she's kind of gone

1082

00:50:44,099 --> 00:50:41,890

off the rails a bit and in her work

1083

00:50:46,289 --> 00:50:44,109

she's she's got blinders on she's

1084

00:50:48,239 --> 00:50:46,299

figured it all out and she only looks at

1085

00:50:50,999 --> 00:50:48,249

the data that supports her her

1086

00:50:53,370 --> 00:50:51,009

conclusions but I I don't I don't diss

1087

00:50:56,279 --> 00:50:53,380

her I just don't agree with her yeah

1088

00:50:58,439 --> 00:50:56,289

well I think yes I did spend time guest

1089

00:51:02,549 --> 00:50:58,449

625 yes I did

1090

00:51:04,559 --> 00:51:02,559

spend time talking UFOs and crop circles

1091

00:51:06,390 --> 00:51:04,569

in the paranormal and politics with

1092

00:51:06,959 --> 00:51:06,400

Laurance Rockefeller he funded me for

1093

00:51:10,079 --> 00:51:06,969

two years

1094

00:51:11,669 --> 00:51:10,089

really oh yeah didn't even okay so

1095

00:51:15,390 --> 00:51:11,679

you're reading off the chatroom I was

1096

00:51:18,749 --> 00:51:15,400

gonna read you some I was gonna read you

1097

00:51:21,839 --> 00:51:18,759

some questions on the forum that I think

1098

00:51:24,809 --> 00:51:21,849

these were sayin where's the form of the

1099

00:51:27,150 --> 00:51:24,819

forum out it's actually it's a drop-down

1100

00:51:30,199 --> 00:51:27,160

on the website as well but but I'll read

1101

00:51:34,019 --> 00:51:32,400

I'll read you this question here do you

1102

00:51:38,069 --> 00:51:34,029

think cattle mutilations are caused by

1103

00:51:39,959 --> 00:51:38,079

humans are there any cases of you are

1104

00:51:42,239 --> 00:51:39,969

familiar with to appear to involve a

1105

00:51:44,549 --> 00:51:42,249

level of surgical technique or surgical

1106

00:51:49,349 --> 00:51:44,559

technology that would suggest something

1107

00:51:51,390 --> 00:51:49,359

more advanced than a human source yes

1108

00:51:54,779 --> 00:51:51,400

there are there are cases that I believe

1109

00:51:58,679 --> 00:51:54,789

are high strange they they even

1110

00:52:02,400 --> 00:51:58,689

paranormal a great example of that would

1111

00:52:04,499 --> 00:52:02,410

be a case in Iowa in 1980 the head of

1112

00:52:05,819 --> 00:52:04,509

the Iowa of Veterinary College or Iowa

1113

00:52:08,279 --> 00:52:05,829

State Veterinary College I think his

1114

00:52:12,120 --> 00:52:08,289

name was John Andrews attempted to

1115

00:52:14,910 --> 00:52:12,130

duplicate the a fresh calf mutilation he

1116

00:52:18,300 --> 00:52:14,920

he and his veterinary pathologist

1117

00:52:21,510 --> 00:52:18,310

buddies attempted to duplicate a case

1118

00:52:24,540 --> 00:52:21,520

side-by-side in the pathology lab and

1119

00:52:28,530 --> 00:52:24,550

they with great difficulty were able to

1120

00:52:30,480 --> 00:52:28,540

duplicate all the surgeries but he his

1121

00:52:34,200 --> 00:52:30,490

comment was and is in the pathology

1122

00:52:37,320 --> 00:52:34,210

report whoever did this had to have been

1123

00:52:40,830 --> 00:52:37,330

a world-class veterinary pathologist or

1124

00:52:42,810 --> 00:52:40,840

surgeon because they had the-they they

1125

00:52:44,640 --> 00:52:42,820

almost were not able to pull the tongue

1126
00:52:46,470 --> 00:52:44,650
to cut the tongue out deep in the

1127
00:52:49,800 --> 00:52:46,480
esophagus the way it was done on the on

1128
00:52:53,490 --> 00:52:49,810
the case they attempted to duplicated on

1129
00:52:55,530 --> 00:52:53,500
a on a calf and with great difficulty

1130
00:52:56,670 --> 00:52:55,540
they were able to do it but you know

1131
00:52:58,800 --> 00:52:56,680
there were only a handful of people

1132
00:53:01,770 --> 00:52:58,810
really that are capable have that kind

1133
00:53:06,750 --> 00:53:01,780
of skill set so in there are other cases

1134
00:53:09,090 --> 00:53:06,760
we had a case you know this calf was

1135
00:53:11,760 --> 00:53:09,100
missing its brain no break into the

1136
00:53:14,640 --> 00:53:11,770
skull the the brain case was completely

1137
00:53:18,360 --> 00:53:14,650
dry the animal was found was found in

1138
00:53:20,790 --> 00:53:18,370

five inches of snow the upper arrest the

1139

00:53:23,160 --> 00:53:20,800

respiratory organs you know the lungs

1140

00:53:25,140 --> 00:53:23,170

were gone the spine was gone from the

1141

00:53:28,500 --> 00:53:25,150

break from the back of the skull to the

1142

00:53:31,440 --> 00:53:28,510

to where the spine joins to hips the

1143

00:53:33,900 --> 00:53:31,450

right front leg was was was gone the

1144

00:53:36,900 --> 00:53:33,910

liver and heart were surgically

1145

00:53:38,490 --> 00:53:36,910

perfectly excised and left in the bottom

1146

00:53:40,800 --> 00:53:38,500

at the body cavity those are the two

1147

00:53:44,370 --> 00:53:40,810

organs that animals go after first by

1148

00:53:46,890 --> 00:53:44,380

the way scavengers and it was found in a

1149

00:53:48,390 --> 00:53:46,900

pristine 5 inches of fresh snow and

1150

00:53:50,280 --> 00:53:48,400

there wasn't there was one drop of blood

1151
00:53:54,480 --> 00:53:50,290
that we found and was on the back left

1152
00:53:57,750 --> 00:53:54,490
hoof of the animal that in my estimation

1153
00:53:58,890 --> 00:53:57,760
and the veterinarian that looked at the

1154
00:54:00,870 --> 00:53:58,900
case and the sheriff and the

1155
00:54:03,240 --> 00:54:00,880
investigators was physically impossible

1156
00:54:05,100 --> 00:54:03,250
for someone to pull that off so I mean I

1157
00:54:07,170 --> 00:54:05,110
could give you example after example but

1158
00:54:10,110 --> 00:54:07,180
these are the exception the vast

1159
00:54:12,570 --> 00:54:10,120
majority of cases could be done by

1160
00:54:14,700 --> 00:54:12,580
someone proficient who knew what they

1161
00:54:16,710 --> 00:54:14,710
were doing and was trained the vast

1162
00:54:20,370 --> 00:54:16,720
majority of cases are done it appears

1163
00:54:23,160 --> 00:54:20,380

with a sharp implement like a scalpel I

1164

00:54:25,920 --> 00:54:23,170

did turn in a number of cases to a

1165

00:54:29,400 --> 00:54:25,930

hematologist who worked with Linda

1166

00:54:32,630 --> 00:54:29,410

in Denver dr. John Altschuler and in two

1167

00:54:35,670 --> 00:54:32,640

of those cases if I remember correctly

1168

00:54:38,280 --> 00:54:35,680

there was evidence of high heat so some

1169

00:54:41,550 --> 00:54:38,290

sort of heat implement was used whether

1170

00:54:43,950 --> 00:54:41,560

it was a hot knife or possibly some sort

1171

00:54:46,860 --> 00:54:43,960

of lazy an instrument I don't know but

1172

00:54:49,530 --> 00:54:46,870

the the wound seemed to be sealed like

1173

00:54:51,840 --> 00:54:49,540

cotton cauterized

1174

00:54:56,310 --> 00:54:51,850

yeah there was cooked hemoglobin along

1175

00:54:58,940 --> 00:54:56,320

the incision ledge but that's the way

1176

00:55:01,530 --> 00:54:58,950

the exception those cases are you know

1177

00:55:03,480 --> 00:55:01,540

way the exception the vast majority of

1178

00:55:05,430 --> 00:55:03,490

cases I saw were either people

1179

00:55:06,600 --> 00:55:05,440

misidentifying scavenger action of the

1180

00:55:10,020 --> 00:55:06,610

cases that appeared to have been

1181

00:55:12,360 --> 00:55:10,030

perpetrated by someone was skill the

1182

00:55:15,060 --> 00:55:12,370

vast majority of them were with a sharp

1183

00:55:17,310 --> 00:55:15,070

cutting implement and someone with the

1184

00:55:20,100 --> 00:55:17,320

skill could have done those things yeah

1185

00:55:21,900 --> 00:55:20,110

I I remember some of the things you said

1186

00:55:24,090 --> 00:55:21,910

in the last show that I thought was

1187

00:55:27,000 --> 00:55:24,100

really fascinating but um someone in the

1188

00:55:30,180 --> 00:55:27,010

chatroom wanted to know if what the

1189

00:55:32,370 --> 00:55:30,190

frequency was of these happening of

1190

00:55:34,800 --> 00:55:32,380

these mutilations happening a downed win

1191

00:55:40,470 --> 00:55:34,810

or downstream of new plants or test

1192

00:55:43,140 --> 00:55:40,480

zones yeah that was a theory that was

1193

00:55:46,020 --> 00:55:43,150

arrived at by my mentor David Perkins

1194

00:55:47,610 --> 00:55:46,030

who he and I are co-authoring me follow

1195

00:55:51,240 --> 00:55:47,620

up thus talking to heard called mute

1196

00:55:55,920 --> 00:55:51,250

speak David was the first one to notice

1197

00:55:58,050 --> 00:55:55,930

and realize that the areas of high

1198

00:56:01,800 --> 00:55:58,060

incidents or regions where these cases

1199

00:56:04,080 --> 00:56:01,810

tended to cluster seem to be a all

1200

00:56:10,190 --> 00:56:04,090

downwind and downstream of where we

1201

00:56:12,630 --> 00:56:10,200

utilize mine weaponize you know uranium

1202

00:56:14,910 --> 00:56:12,640

downwind from power plants downstream

1203

00:56:17,840 --> 00:56:14,920

from power plants downwind of the Nevada

1204

00:56:20,670 --> 00:56:17,850

Test Site if you look at a map of

1205

00:56:23,240 --> 00:56:20,680

radiation you know above ground

1206

00:56:27,210 --> 00:56:23,250

radiation from a hundred you know

1207

00:56:28,860 --> 00:56:27,220

nuclear tests detonations the areas

1208

00:56:32,640 --> 00:56:28,870

where most of that fallout occurred

1209

00:56:35,010 --> 00:56:32,650

tends to be where quite a number of the

1210

00:56:37,670 --> 00:56:35,020

cases I'd almost say a majority of cases

1211

00:56:43,610 --> 00:56:37,680

are clustered in the Upper Midwest

1212

00:56:47,430 --> 00:56:43,620

Colorado Wyoming Montana Kansas Nebraska

1213

00:56:51,240 --> 00:56:47,440

these areas where were in the the way

1214

00:56:53,010 --> 00:56:51,250

the Gulf the jet stream works a lot of

1215

00:56:54,870 --> 00:56:53,020

that radiation was deposited there and

1216

00:56:58,580 --> 00:56:54,880

then if you go downwind and downstream

1217

00:57:01,380 --> 00:56:58,590

from weapons labs missile silo fields

1218

00:57:02,970 --> 00:57:01,390

places are uranium mines that sort of

1219

00:57:06,840 --> 00:57:02,980

thing there are exceptions to that rule

1220

00:57:11,010 --> 00:57:06,850

of course this is mostly a west or east

1221

00:57:12,990 --> 00:57:11,020

of the Rockies scenario as you go west

1222

00:57:15,960 --> 00:57:13,000

of the Rockies the mutilations

1223

00:57:17,670 --> 00:57:15,970

dramatically fall-off in number the vast

1224

00:57:21,090 --> 00:57:17,680

majority of them are on the Front Range

1225

00:57:23,040 --> 00:57:21,100

of the Rockies on the east side of the

1226
00:57:25,830 --> 00:57:23,050
Rockies and then out in the Midwest does

1227
00:57:27,750 --> 00:57:25,840
that extend to I'm sorry does that have

1228
00:57:31,130 --> 00:57:27,760
anything to do with the head count the

1229
00:57:36,210 --> 00:57:31,140
herd I mean the the head of cattle

1230
00:57:38,970 --> 00:57:36,220
population well yeah your your I mean

1231
00:57:43,650 --> 00:57:38,980
you do have plenty of cattle and on the

1232
00:57:47,610 --> 00:57:43,660
west coast Washington Oregon less or so

1233
00:57:49,290 --> 00:57:47,620
in Nevada less or so in Idaho but yeah

1234
00:57:52,410 --> 00:57:49,300
that's where your largest concentration

1235
00:57:57,750 --> 00:57:52,420
of cattle is from from Texas north to

1236
00:58:00,390 --> 00:57:57,760
you know the Dakotas Wow now another

1237
00:58:03,690 --> 00:58:00,400
question that came up in the forum is

1238
00:58:05,580 --> 00:58:03,700

what's your what is in your talked

1239

00:58:07,470 --> 00:58:05,590

earlier briefly about the San Luis

1240

00:58:09,810 --> 00:58:07,480

Valley there but what's your opinion on

1241

00:58:11,700 --> 00:58:09,820

why certain locations on our planet

1242

00:58:14,730 --> 00:58:11,710

seemed to be hotspots for UFO activity

1243

00:58:16,350 --> 00:58:14,740

and do you think the reason there is a

1244

00:58:21,650 --> 00:58:16,360

reason for this

1245

00:58:25,320 --> 00:58:21,660

that we have yet to consider well I'm

1246

00:58:28,980 --> 00:58:25,330

dr. Lou Lewis turi came up with a

1247

00:58:34,770 --> 00:58:28,990

formula that I've kind of expanded upon

1248

00:58:38,670 --> 00:58:34,780

and we both noticed that if you have an

1249

00:58:41,250 --> 00:58:38,680

area where you have sacred sites for

1250

00:58:43,080 --> 00:58:41,260

indigenous people Indian reservations

1251

00:58:48,390 --> 00:58:43,090

and this is I'm talking about North

1252

00:58:51,660 --> 00:58:48,400

America primarily here and that those

1253

00:58:54,170 --> 00:58:51,670

locations have unusual geophysical

1254

00:58:56,880 --> 00:58:54,180

whether it's the close proximity of

1255

00:58:58,470 --> 00:58:56,890

maximum and minimum magnetic field

1256

00:59:02,430 --> 00:58:58,480

strength and close proximity to one

1257

00:59:09,329 --> 00:59:02,440

another Davidic lows for instance

1258

00:59:11,370 --> 00:59:09,339

aquifers and you'll often find that

1259

00:59:15,000 --> 00:59:11,380

those areas have indigenous legends of

1260

00:59:18,839 --> 00:59:15,010

flying seed pods flying shields flying

1261

00:59:21,150 --> 00:59:18,849

canoes you have waves of activity and

1262

00:59:23,400 --> 00:59:21,160

flaps of activity that tend to tend to

1263

00:59:26,849 --> 00:59:23,410

go on longer you know they tend to be

1264

00:59:29,760 --> 00:59:26,859

centralized and invariably you have a US

1265

00:59:31,680 --> 00:59:29,770

military presence and oftentimes they're

1266

00:59:34,079 --> 00:59:31,690

trying to expand their presence and if

1267

00:59:37,140 --> 00:59:34,089

you have those five things in a

1268

00:59:38,579 --> 00:59:37,150

particular region chances are you're

1269

00:59:40,740 --> 00:59:38,589

gonna have all kinds of weirdness

1270

00:59:45,150 --> 00:59:40,750

whether it's cryptozoological sightings

1271

00:59:47,339 --> 00:59:45,160

of wild men Bigfoot Momo skunk apes or

1272

00:59:51,349 --> 00:59:47,349

you know whatever you know name you want

1273

00:59:55,559 --> 00:59:51,359

to use strange aberrant social behavior

1274

00:59:57,480 --> 00:59:55,569

weird weather all these things tend to

1275

01:00:00,569 --> 00:59:57,490

cluster around areas that I would call

1276

01:00:05,400 --> 01:00:00,579

window area a doorway area hot spot a

1277

01:00:07,410 --> 01:00:05,410

portal area so if you if you look at

1278

01:00:10,319 --> 01:00:07,420

that those five elements and they're

1279

01:00:12,359 --> 01:00:10,329

present in a location all you have to do

1280

01:00:15,240 --> 01:00:12,369

is start doing some research and doing

1281

01:00:18,480 --> 01:00:15,250

some digging in newspaper archives and

1282

01:00:20,309 --> 01:00:18,490

and you know look back into the into

1283

01:00:23,299 --> 01:00:20,319

your primary source material you'll

1284

01:00:26,220 --> 01:00:23,309

uncover an incredible potpourri of of

1285

01:00:29,520 --> 01:00:26,230

weirdness trust me on that I've I've

1286

01:00:31,740 --> 01:00:29,530

I've done it now I know you look deeply

1287

01:00:35,120 --> 01:00:31,750

into the San Luis Valley and you talked

1288

01:00:38,670 --> 01:00:35,130

earlier about your database and

1289

01:00:41,250 --> 01:00:38,680

extensive work on that have you looked

1290

01:00:43,170 --> 01:00:41,260

into other hotspot areas as this like

1291

01:00:45,930 --> 01:00:43,180

intrigued you to look into other another

1292

01:00:49,620 --> 01:00:45,940

one yeah I have you know I live now in

1293

01:00:51,359 --> 01:00:49,630

Arizona and I've been slowly kind of

1294

01:00:54,329 --> 01:00:51,369

nosing around the Sedona area in fact

1295

01:00:57,359 --> 01:00:54,339

last week I had a sighting with four

1296

01:00:59,039 --> 01:00:57,369

ladies from Beijing actually they were

1297

01:01:00,329 --> 01:00:59,049

visiting the Sedona area with a group

1298

01:01:03,180 --> 01:01:00,339

for a conference

1299

01:01:04,700 --> 01:01:03,190

they took I took them out on a UFO tour

1300

01:01:07,160 --> 01:01:04,710

I'm a tour guide up

1301

01:01:10,839 --> 01:01:07,170

I do private tours to Grand Canyon we

1302

01:01:13,640 --> 01:01:10,849

also operate you have donkeys in there

1303

01:01:17,210 --> 01:01:13,650

the donkeys know that their mule trips

1304

01:01:20,089 --> 01:01:17,220

no I Drive up in a you know in a Lincoln

1305

01:01:23,450 --> 01:01:20,099

Navigator and it's you know on the South

1306

01:01:26,390 --> 01:01:23,460

Rim and you know lunch at El Tovar it's

1307

01:01:28,070 --> 01:01:26,400

it's kind of a top shelf deal you know

1308

01:01:31,450 --> 01:01:28,080

they walk along the rim a little bit but

1309

01:01:33,800 --> 01:01:31,460

I've been up there over 400 times Wow

1310

01:01:35,120 --> 01:01:33,810

yeah I had heard something about an

1311

01:01:38,810 --> 01:01:35,130

outer nose maybe someone was teasing

1312

01:01:40,550 --> 01:01:38,820

there cutting out the the mule trips are

1313

01:01:42,020 --> 01:01:40,560

they really Wow yeah they're only doing

1314

01:01:43,940 --> 01:01:42,030

a couple three a week now they used to

1315

01:01:45,710 --> 01:01:43,950

do that many a day it cost too much

1316

01:01:48,579 --> 01:01:45,720

money to keep the trail the Bright Angel

1317

01:01:50,690 --> 01:01:48,589

Trail and the K Bab trail maintained

1318

01:01:52,130 --> 01:01:50,700

because of the wear and tear from the

1319

01:01:53,540 --> 01:01:52,140

mule trips and they have to do the mule

1320

01:01:55,790 --> 01:01:53,550

trips down to the Phantom Ranch because

1321

01:01:57,290 --> 01:01:55,800

that's the only way they can get the

1322

01:01:59,720 --> 01:01:57,300

Phantom Ranch is right on the river and

1323

01:02:02,030 --> 01:01:59,730

they have to load in all the food and

1324

01:02:04,420 --> 01:02:02,040

take out all the garbage and stuff and

1325

01:02:07,099 --> 01:02:04,430

so they run the reprovision trips

1326

01:02:09,020 --> 01:02:07,109

frequently and the amount of money they

1327

01:02:11,930 --> 01:02:09,030

charge the Cowboys for the concession

1328

01:02:14,060 --> 01:02:11,940

doesn't even put a lick the tip of the

1329

01:02:15,650 --> 01:02:14,070

iceberg for the amount of money it costs

1330

01:02:17,810 --> 01:02:15,660

to keep the trail up if you have so many

1331

01:02:19,339 --> 01:02:17,820

mule trips going down so they're phasing

1332

01:02:22,550 --> 01:02:19,349

them out going into the canyon they're

1333

01:02:27,470 --> 01:02:22,560

now urging people to take the rim trips

1334

01:02:30,760 --> 01:02:27,480

along the rim yeah Wow so let's see

1335

01:02:33,079 --> 01:02:30,770

there was a another question that

1336

01:02:35,210 --> 01:02:33,089

someone wanted to know in the view of

1337

01:02:38,960 --> 01:02:35,220

the number of UFO sightings over bodies

1338

01:02:41,870 --> 01:02:38,970

of water what do you think there no do

1339

01:02:46,790 --> 01:02:41,880

you think there could be possibly under

1340

01:02:48,200 --> 01:02:46,800

water or underground UFO bases yeah I

1341

01:02:51,140 --> 01:02:48,210

think everybody out there should read

1342

01:02:52,970 --> 01:02:51,150

one of the best books UFO books ever

1343

01:02:55,880 --> 01:02:52,980

written by Ivan T Sanderson called

1344

01:02:59,030 --> 01:02:55,890

invisible residents and he makes the

1345

01:03:02,630 --> 01:02:59,040

very actually surprising statement that

1346

01:03:06,040 --> 01:03:02,640

50% of all UFO sightings are in

1347

01:03:09,950 --> 01:03:06,050

conjunction with bodies of water and I

1348

01:03:12,200 --> 01:03:09,960

find that very interesting you know when

1349

01:03:14,599 --> 01:03:12,210

you look at shag harbour

1350

01:03:18,710 --> 01:03:14,609

there's quite a number of fairly well

1351

01:03:21,220 --> 01:03:18,720

documented sightings of of us owes or on

1352

01:03:24,049 --> 01:03:21,230

you know unidentified submerged objects

1353

01:03:25,910 --> 01:03:24,059

there were objects my dad was in the

1354

01:03:28,010 --> 01:03:25,920

Coast Guard John O'Brien was in the

1355

01:03:30,559 --> 01:03:28,020

Coast Guard during the mid to late 40s

1356

01:03:32,329 --> 01:03:30,569

in Puget Sound and he said that when

1357

01:03:35,539 --> 01:03:32,339

they gotten a new radar unit on their

1358

01:03:37,279 --> 01:03:35,549

Coast Guard Cutter that at at one point

1359

01:03:39,410 --> 01:03:37,289

there were objects seen entering and

1360

01:03:45,260 --> 01:03:39,420

leaving the straits of Juan de Fuca at

1361

01:03:46,940 --> 01:03:45,270

impossible speeds back in in the right

1362

01:03:51,859 --> 01:03:46,950

around the Kenneth Arnold time he was in

1363

01:03:55,339 --> 01:03:51,869

the Coast Guard I think 46 47 48 49 or

1364

01:03:57,500 --> 01:03:55,349

45 46 47 48 so it was sometime in that

1365

01:03:59,180 --> 01:03:57,510

time period of course he told us the

1366

01:04:01,099 --> 01:03:59,190

story a couple times when you know I was

1367

01:04:03,470 --> 01:04:01,109

growing up and then when I got into all

1368

01:04:06,769 --> 01:04:03,480

this stuff is you know pretty you know

1369

01:04:09,589 --> 01:04:06,779

full-time back in the 90s he totally

1370

01:04:12,079 --> 01:04:09,599

denied that he ever told us I wanted to

1371

01:04:14,150 --> 01:04:12,089

get him on record and he's oh no no no

1372

01:04:15,170 --> 01:04:14,160

you know you never heard that for me and

1373

01:04:18,109 --> 01:04:15,180

of course you know the whole family

1374

01:04:21,170 --> 01:04:18,119

heard the story a number of times so he

1375

01:04:22,370 --> 01:04:21,180

just refused to fess up on it he would

1376

01:04:26,150 --> 01:04:22,380

always change the subject

1377

01:04:30,410 --> 01:04:26,160

yeah yes I do I do have a sense that we

1378

01:04:32,450 --> 01:04:30,420

do have some sort of presence you know

1379

01:04:34,069 --> 01:04:32,460

people often ask me do you think we're

1380

01:04:37,279 --> 01:04:34,079

being visited by aliens from another

1381

01:04:38,900 --> 01:04:37,289

planet and my stock responses how do you

1382

01:04:41,029 --> 01:04:38,910

know we're not the aliens and they're

1383

01:04:42,500 --> 01:04:41,039

more terrestrial than we are we may be

1384

01:04:45,200 --> 01:04:42,510

dealing with other tenants in the

1385

01:04:47,650 --> 01:04:45,210

building folks just because they they

1386

01:04:49,789 --> 01:04:47,660

want us to believe that they're

1387

01:04:53,180 --> 01:04:49,799

extraterrestrials and from outside of

1388

01:04:55,099 --> 01:04:53,190

our our you know our close system here

1389

01:04:58,880 --> 01:04:55,109

it doesn't necessarily mean they are

1390

01:05:00,769 --> 01:04:58,890

they could have a long time many

1391

01:05:03,319 --> 01:05:00,779

thousands of your presence here and they

1392

01:05:06,230 --> 01:05:03,329

could have an underground or underwater

1393

01:05:08,630 --> 01:05:06,240

facilities I've heard rumors over the

1394

01:05:12,710 --> 01:05:08,640

years of our own military

1395

01:05:14,539 --> 01:05:12,720

having under underwater bases some that

1396

01:05:17,120 --> 01:05:14,549

go inland for miles

1397

01:05:18,829 --> 01:05:17,130

there's allegedly you know submarine

1398

01:05:21,559 --> 01:05:18,839

pens that come in all the way from the

1399

01:05:23,839 --> 01:05:21,569

California coast all the way according

1400

01:05:25,370 --> 01:05:23,849

to some rumors all the way to Nevada I

1401

01:05:29,090 --> 01:05:25,380

have a hard time believing

1402

01:05:33,290 --> 01:05:29,100

that but you know you go off the what is

1403

01:05:36,590 --> 01:05:33,300

it the north the southeast corner or the

1404

01:05:40,460 --> 01:05:36,600

northeast corner of Puerto Rico just off

1405

01:05:42,880 --> 01:05:40,470

the of the El Yunque mountain mountain

1406

01:05:46,670 --> 01:05:42,890

area and the UK National Reserve there

1407

01:05:48,140 --> 01:05:46,680

there been were many many reports of UFO

1408

01:05:50,180 --> 01:05:48,150

type craft entering and leaving the

1409

01:05:51,800 --> 01:05:50,190

ocean there right off the continental

1410

01:05:54,200 --> 01:05:51,810

shelf it would be a perfect place to

1411

01:05:57,980 --> 01:05:54,210

hide when you think about it and I saw

1412

01:06:00,950 --> 01:05:57,990

some crazy post a number of weeks ago

1413

01:06:02,540 --> 01:06:00,960

and somebody might want to chime in if

1414

01:06:05,090 --> 01:06:02,550

you have some information about this but

1415

01:06:07,490 --> 01:06:05,100

according to this source and again we're

1416

01:06:10,490 --> 01:06:07,500

dealing with the potential realm of fake

1417

01:06:13,100 --> 01:06:10,500

news here but someone claiming that ads

1418

01:06:15,530 --> 01:06:13,110

ads Edward Snowden said that the

1419

01:06:19,910 --> 01:06:15,540

president gets a brief every day of

1420

01:06:22,910 --> 01:06:19,920

monitoring deep ocean trench vents where

1421

01:06:25,970 --> 01:06:22,920

UFOs are said to come and go from the

1422

01:06:27,950 --> 01:06:25,980

interior of the earth now I don't you

1423

01:06:31,480 --> 01:06:27,960

know I haven't heard anybody else

1424

01:06:35,570 --> 01:06:31,490

jump jump on board on that particular

1425

01:06:38,600 --> 01:06:35,580

you know leaked email or whatever the

1426

01:06:40,280 --> 01:06:38,610

source is from that from Snowden and of

1427

01:06:43,550 --> 01:06:40,290

course I always assume that it's it's

1428

01:06:45,530 --> 01:06:43,560

just somebody pulling our leg but it

1429

01:06:48,470 --> 01:06:45,540

wouldn't surprise me let's put it that

1430

01:06:50,330 --> 01:06:48,480

way it would not surprise me in fact you

1431

01:06:53,180 --> 01:06:50,340

know people don't understand how

1432

01:06:55,640 --> 01:06:53,190

sophisticated our technology is how many

1433

01:06:58,460 --> 01:06:55,650

out there know about dumpster which is a

1434

01:07:01,550 --> 01:06:58,470

a satellite system that I started

1435

01:07:04,340 --> 01:07:01,560

hearing about in the mid 90s that's able

1436

01:07:06,620 --> 01:07:04,350

to map according to this article on

1437

01:07:10,310 --> 01:07:06,630

milsat magazine which is a you know with

1438

01:07:13,970 --> 01:07:10,320

it's the go-to website for new and

1439

01:07:16,580 --> 01:07:13,980

interesting I guess unclassified news

1440

01:07:18,650 --> 01:07:16,590

about spy satellites military weather

1441

01:07:20,960 --> 01:07:18,660

GPS all that sort of thing there's an

1442

01:07:25,310 --> 01:07:20,970

article from 2008 that talks about

1443

01:07:28,160 --> 01:07:25,320

dumpster which is a ten by ten or a

1444

01:07:30,020 --> 01:07:28,170

hundred of satellites that are able to

1445

01:07:31,850 --> 01:07:30,030

look into the Earth's core and according

1446

01:07:34,100 --> 01:07:31,860

to this article it says fifty thousand

1447

01:07:36,470 --> 01:07:34,110

feet into the Earth's core now I heard

1448

01:07:38,000 --> 01:07:36,480

the number five thousand feet but in

1449

01:07:39,330 --> 01:07:38,010

this article that says the dumpster

1450

01:07:42,510 --> 01:07:39,340

satellites will map

1451

01:07:44,700 --> 01:07:42,520

to a depth of 50,000 feet and then it

1452

01:07:50,520 --> 01:07:44,710

goes on to say it's quite an interesting

1453

01:07:53,690 --> 01:07:50,530

article it's dumpster D um STR now I

1454

01:07:56,280 --> 01:07:53,700

heard in 1997-98 that this was

1455

01:07:58,340 --> 01:07:56,290

operational and that the first place

1456

01:08:00,870 --> 01:07:58,350

that they mapped was the Giza Plateau

1457

01:08:03,120 --> 01:08:00,880

the second place they mapped was the

1458

01:08:06,390 --> 01:08:03,130

Yucatan Peninsula and the third place

1459

01:08:09,180 --> 01:08:06,400

they mapped was the southern Rocky

1460

01:08:11,430 --> 01:08:09,190

Mountains right where I lived looking

1461

01:08:15,270 --> 01:08:11,440

for negative spaces underground or

1462

01:08:18,599 --> 01:08:15,280

caverns lava tubes an ancient

1463

01:08:20,820 --> 01:08:18,609

underground tunnel system I interviewed

1464

01:08:23,999 --> 01:08:20,830

a miner who helped expand the National

1465

01:08:26,820 --> 01:08:24,009

Lab at Los Alamos underground back in

1466

01:08:29,249 --> 01:08:26,830

the late 50s early 60s his group

1467

01:08:31,309 --> 01:08:29,259

allegedly according to him broke into an

1468

01:08:34,470 --> 01:08:31,319

ancient underground tunneling system

1469

01:08:35,820 --> 01:08:34,480

that by the appearance of the amount of

1470

01:08:37,470 --> 01:08:35,830

mineralization and stuff in there they

1471

01:08:38,130 --> 01:08:37,480

estimated was thousands and thousands of

1472

01:08:40,920 --> 01:08:38,140

years old

1473

01:08:44,160 --> 01:08:40,930

ran it appeared to run for miles and

1474

01:08:46,590 --> 01:08:44,170

miles they were sworn to secrecy if the

1475

01:08:47,820 --> 01:08:46,600

the team of this particular team of

1476

01:08:49,440 --> 01:08:47,830

miners was broken up and they were all

1477

01:08:52,800 --> 01:08:49,450

sent to different teams and told not to

1478

01:08:55,740 --> 01:08:52,810

talk about it and this comes from a very

1479

01:09:00,590 --> 01:08:55,750

very reputable source with a

1480

01:09:03,150 --> 01:09:00,600

three-generation presence at the lab so

1481

01:09:05,099 --> 01:09:03,160

it would not surprise me an answer to

1482

01:09:07,590 --> 01:09:05,109

your listeners question no it would not

1483

01:09:09,960 --> 01:09:07,600

surprise me at all in fact I I have a

1484

01:09:12,059 --> 01:09:09,970

feeling that you know just read Richard

1485

01:09:15,240 --> 01:09:12,069

sadhas' a wonderful book underground

1486

01:09:16,470 --> 01:09:15,250

bases and tunnel the underground bases

1487

01:09:18,390 --> 01:09:16,480

and tunnels what is the government

1488

01:09:21,120 --> 01:09:18,400

trying to hide by Richard solder is an

1489

01:09:22,760 --> 01:09:21,130

exceptional book he spent years combing

1490

01:09:25,200 --> 01:09:22,770

through all the appropriations bills

1491

01:09:32,400 --> 01:09:25,210

sent out of Congress and could find not

1492

01:09:33,990 --> 01:09:32,410

one bit of funding for 129 underground

1493

01:09:36,720 --> 01:09:34,000

facilities that we know about that are

1494

01:09:40,160 --> 01:09:36,730

publicly acknowledged he couldn't find

1495

01:09:42,900 --> 01:09:40,170

how they were actually funded and built

1496

01:09:45,960 --> 01:09:42,910

now I think NORAD's Cheyenne Mountain

1497

01:09:49,170 --> 01:09:45,970

may be an exception I'm not sure if that

1498

01:09:52,630 --> 01:09:49,180

was in his list of of apparently

1499

01:09:56,360 --> 01:09:52,640

unfunded underground projects but

1500

01:09:58,970 --> 01:09:56,370

I'm very interesting you know the only

1501
01:10:00,920 --> 01:09:58,980
time I ran into any potential problems

1502
01:10:02,900 --> 01:10:00,930
with my investigative work was when I

1503
01:10:05,270 --> 01:10:02,910
was looking into this particular subject

1504
01:10:07,190 --> 01:10:05,280
so I'm a little hesitant to talk about

1505
01:10:07,690 --> 01:10:07,200
specific locations and that sort of

1506
01:10:12,140 --> 01:10:07,700
thing

1507
01:10:15,140 --> 01:10:12,150
but let's say let's leave it at this

1508
01:10:18,940 --> 01:10:15,150
along the border of Colorado and New

1509
01:10:20,540 --> 01:10:18,950
Mexico there are a number of facilities

1510
01:10:22,580 --> 01:10:20,550
Wow

1511
01:10:24,830 --> 01:10:22,590
you kind of answered a number of

1512
01:10:29,710 --> 01:10:24,840
questions that this person had put in

1513
01:10:32,270 --> 01:10:29,720

the forum but let's see how deeply

1514

01:10:34,850 --> 01:10:32,280

underground do you think military bases

1515

01:10:37,550 --> 01:10:34,860

can physically be constructed do you

1516

01:10:39,440 --> 01:10:37,560

think that any have been constructed to

1517

01:10:42,530 --> 01:10:39,450

take advantage of preexisting naturally

1518

01:10:44,720 --> 01:10:42,540

occurring large underground caverns so

1519

01:10:46,790 --> 01:10:44,730

as to reduce the amount of excavation

1520

01:10:48,680 --> 01:10:46,800

required could satellite technology

1521

01:10:53,330 --> 01:10:48,690

you've already addressed all that but

1522

01:10:54,800 --> 01:10:53,340

yeah well you know interesting I went to

1523

01:10:56,900 --> 01:10:54,810

high school in Kent Washington and

1524

01:10:59,720 --> 01:10:56,910

someone turned me on to a patent

1525

01:11:02,000 --> 01:10:59,730

application that was filed right when I

1526

01:11:04,940 --> 01:11:02,010

was in high school or just I think just

1527

01:11:07,760 --> 01:11:04,950

after I graduated from high school for a

1528

01:11:10,310 --> 01:11:07,770

nuclear-powered submarine which would be

1529

01:11:13,340 --> 01:11:10,320

a nuclear-powered tunneling device that

1530

01:11:16,370 --> 01:11:13,350

would not leave behind any excavated

1531

01:11:19,760 --> 01:11:16,380

material it would melt it and then layer

1532

01:11:23,060 --> 01:11:19,770

it in a six inch glass sort of coating

1533

01:11:25,310 --> 01:11:23,070

along the interior of the tunnel so the

1534

01:11:27,110 --> 01:11:25,320

the machine would not kick any dirt out

1535

01:11:30,110 --> 01:11:27,120

from behind it would melt the dirt and

1536

01:11:32,990 --> 01:11:30,120

actually use that as a reinforcement for

1537

01:11:35,660 --> 01:11:33,000

the six-inch reinforcement of molten

1538

01:11:37,940 --> 01:11:35,670

rock material that would line the inside

1539

01:11:40,610 --> 01:11:37,950

of the of the tunneling device and

1540

01:11:42,380 --> 01:11:40,620

according to the patent application if I

1541

01:11:47,290 --> 01:11:42,390

remember correctly it could go seven

1542

01:11:51,140 --> 01:11:47,300

miles through bedrock a day and I think

1543

01:11:54,380 --> 01:11:51,150

you know under sediment and looser

1544

01:11:57,980 --> 01:11:54,390

material it could go further now if

1545

01:12:00,490 --> 01:11:57,990

that's true I think how many miles and

1546

01:12:03,669 --> 01:12:00,500

miles of tunnels we could have already

1547

01:12:06,880 --> 01:12:03,679

you know excavated and

1548

01:12:10,060 --> 01:12:06,890

and created since the late seventies

1549

01:12:13,419 --> 01:12:10,070

well I can see how something like that

1550

01:12:15,689 --> 01:12:13,429

actually could work but the thing it

1551

01:12:20,080 --> 01:12:15,699

wouldn't it leave behind a trace of

1552

01:12:22,300 --> 01:12:20,090

radiation as well most likely not

1553

01:12:24,550 --> 01:12:22,310

necessarily I mean nuclear submarines

1554

01:12:26,169 --> 01:12:24,560

don't leave behind traces of radiation

1555

01:12:28,540 --> 01:12:26,179

you know nuclear power plants if they're

1556

01:12:31,390 --> 01:12:28,550

operated properly don't leave and all

1557

01:12:33,910 --> 01:12:31,400

it's doing is eating creating heat and

1558

01:12:36,610 --> 01:12:33,920

if it's controlled if it's controlled

1559

01:12:39,700 --> 01:12:36,620

you know chain reaction that shielded

1560

01:12:46,600 --> 01:12:39,710

you you know in theory you could be able

1561

01:12:52,229 --> 01:12:46,610

to do that mmm okay all right and so as

1562

01:12:54,910 --> 01:12:52,239

far as the underground like tunnels go

1563

01:12:57,220 --> 01:12:54,920

this was very interesting which you

1564

01:13:01,689 --> 01:12:57,230

mentioned a few minutes ago about Los

1565

01:13:03,640 --> 01:13:01,699

Alamos and so was that a constructed

1566

01:13:05,439 --> 01:13:03,650

tunnel they actually thought it was a

1567

01:13:09,130 --> 01:13:05,449

constructive tunnel and not a natural

1568

01:13:11,560 --> 01:13:09,140

like cavern or something well you have

1569

01:13:14,919 --> 01:13:11,570

to understand the lab sits right to the

1570

01:13:17,439 --> 01:13:14,929

east of a huge supervolcano caldera and

1571

01:13:19,419 --> 01:13:17,449

there are labs that stretch out all

1572

01:13:21,220 --> 01:13:19,429

through that particular area to him is

1573

01:13:23,080 --> 01:13:21,230

mountains there and and I think

1574

01:13:27,580 --> 01:13:23,090

initially they used some of these

1575

01:13:30,100 --> 01:13:27,590

natural spaces and naturally negative

1576

01:13:33,459 --> 01:13:30,110

spaces on the ground and then expanded

1577

01:13:37,330 --> 01:13:33,469

them you know a lot of our

1578

01:13:39,939 --> 01:13:37,340

infrastructure is underground in these

1579

01:13:43,209 --> 01:13:39,949

bases and and you know the skunk works

1580

01:13:45,669 --> 01:13:43,219

in other other places aerospace R&D

1581

01:13:47,669 --> 01:13:45,679

facilities and that sort of thing you

1582

01:13:50,500 --> 01:13:47,679

know there's probably a lot of industry

1583

01:13:52,030 --> 01:13:50,510

military hardware if you go to Kirtland

1584

01:13:54,790 --> 01:13:52,040

Air Force Base you have the Manzano

1585

01:13:56,590 --> 01:13:54,800

mountains and Coyote Canyon we have an

1586

01:13:58,660 --> 01:13:56,600

underground facility that's the largest

1587

01:14:01,330 --> 01:13:58,670

repository I think of nuclear nuclear

1588

01:14:03,520 --> 01:14:01,340

weapons at least it used to be the

1589

01:14:05,439 --> 01:14:03,530

largest storehouse of nuclear weapons

1590

01:14:07,689 --> 01:14:05,449

all this stuff was manufactured all

1591

01:14:09,580 --> 01:14:07,699

these facilities were created and of

1592

01:14:11,620 --> 01:14:09,590

course it would make sense to utilize

1593

01:14:15,510 --> 01:14:11,630

lava tubes and naturally-occurring

1594

01:14:18,870 --> 01:14:15,520

caverns and expand on those

1595

01:14:20,430 --> 01:14:18,880

that makes perfect sense to me again the

1596

01:14:22,620 --> 01:14:20,440

the the book to read is underground

1597

01:14:24,030 --> 01:14:22,630

bases and tunnels one of the what's the

1598

01:14:26,250 --> 01:14:24,040

government trying to hide it's the

1599

01:14:29,130 --> 01:14:26,260

seminal book on the subject and Richard

1600

01:14:31,880 --> 01:14:29,140

Sadr spent years researching this and

1601
01:14:33,720 --> 01:14:31,890
the guy's you know he's got a PhD so you

1602
01:14:36,690 --> 01:14:33,730
got to think that he knows how to

1603
01:14:38,610 --> 01:14:36,700
research and he's got you know all sorts

1604
01:14:41,760 --> 01:14:38,620
of documentation in there that's pretty

1605
01:14:44,730 --> 01:14:41,770
mind-blowing right right you know I've

1606
01:14:47,970 --> 01:14:44,740
just he was actually on this show at

1607
01:14:49,230 --> 01:14:47,980
some point I think maybe I don't know a

1608
01:14:53,610 --> 01:14:49,240
year and a half ago or something like

1609
01:15:00,570 --> 01:14:53,620
that but let's see there was a question

1610
01:15:05,970 --> 01:15:00,580
up I guess it's gone but as far as as

1611
01:15:09,030 --> 01:15:05,980
your own research goes you said that now

1612
01:15:11,160 --> 01:15:09,040
you're basically doing some work in you

1613
01:15:14,610 --> 01:15:11,170

know the area you're in is it actually

1614

01:15:19,260 --> 01:15:14,620

the Sedona area that you're in I'm

1615

01:15:21,030 --> 01:15:19,270

nearby I'm not in Sedona but I'm you

1616

01:15:22,830 --> 01:15:21,040

know within a half-hour 40 minutes away

1617

01:15:26,640 --> 01:15:22,840

because it seems to me that I've heard

1618

01:15:30,870 --> 01:15:26,650

and I've heard that area is kind of a

1619

01:15:32,820 --> 01:15:30,880

hot spot as well it is it's not as as

1620

01:15:36,810 --> 01:15:32,830

much of a hot spot as the media has made

1621

01:15:39,990 --> 01:15:36,820

it out to be back in the 80s and 90s a

1622

01:15:43,020 --> 01:15:40,000

fellow researcher who has lived here

1623

01:15:46,020 --> 01:15:43,030

since the I think the early eighties Tom

1624

01:15:48,030 --> 01:15:46,030

dango he did a lot of work running

1625

01:15:50,400 --> 01:15:48,040

around here I met him early on in the

1626

01:15:52,500 --> 01:15:50,410

early 90s and we kept in touch and it

1627

01:15:54,570 --> 01:15:52,510

was very interesting we we had events

1628

01:15:56,010 --> 01:15:54,580

that occurred you know same exact

1629

01:15:59,280 --> 01:15:56,020

sighting events would occur almost

1630

01:16:01,830 --> 01:15:59,290

almost simultaneously in Sedona and all

1631

01:16:05,130 --> 01:16:01,840

the way 450 miles away or so in the San

1632

01:16:10,020 --> 01:16:05,140

Luis Valley uncanny even one weekend

1633

01:16:12,930 --> 01:16:10,030

where both locations had a military jet

1634

01:16:15,870 --> 01:16:12,940

crash and start a forest fire weird

1635

01:16:18,090 --> 01:16:15,880

synchronicities and Tom spent a lot of

1636

01:16:20,880 --> 01:16:18,100

time with Linda Bradshaw out on the

1637

01:16:24,960 --> 01:16:20,890

Bradshaw ranch which is probably the

1638

01:16:27,210 --> 01:16:24,970

main Ground Zero UFO hot spot here in

1639

01:16:29,140 --> 01:16:27,220

the Sedona area and again it has all

1640

01:16:31,980 --> 01:16:29,150

those elements that we talked about

1641

01:16:35,320 --> 01:16:31,990

for that formula that I mentioned and

1642

01:16:37,690 --> 01:16:35,330

the Linda in and her husband got behind

1643

01:16:40,090 --> 01:16:37,700

on their taxes and the government

1644

01:16:42,940 --> 01:16:40,100

swooped in and appropriated the ranch so

1645

01:16:45,310 --> 01:16:42,950

it's been placed off-limits even though

1646

01:16:49,150 --> 01:16:45,320

it's public land you're not allowed to

1647

01:16:51,010 --> 01:16:49,160

go on to the ranch of course don't tell

1648

01:16:55,330 --> 01:16:51,020

anybody but I've kind of snuck around

1649

01:16:57,610 --> 01:16:55,340

there a little bit and others do I've

1650

01:16:59,350 --> 01:16:57,620

never actually had a the type of

1651
01:17:01,990 --> 01:16:59,360
sightings that they were experiencing in

1652
01:17:04,420 --> 01:17:02,000
the 80s and 90s there but that is my

1653
01:17:07,180 --> 01:17:04,430
favorite skywatching spot in the Sedona

1654
01:17:09,730 --> 01:17:07,190
area is on the you know the rise that's

1655
01:17:11,140 --> 01:17:09,740
just outside of the ranch above it that

1656
01:17:12,820 --> 01:17:11,150
overlooks the ranch area and that's

1657
01:17:16,870 --> 01:17:12,830
where we had the the sighting event

1658
01:17:18,550 --> 01:17:16,880
though last week hmm Wow now what what

1659
01:17:20,920 --> 01:17:18,560
do you think about the Native American

1660
01:17:22,780 --> 01:17:20,930
connection and what they would call sky

1661
01:17:25,180 --> 01:17:22,790
people and things like that I mean you

1662
01:17:27,430 --> 01:17:25,190
are you involved into looking in to any

1663
01:17:30,040 --> 01:17:27,440

of that though absolutely at something

1664

01:17:33,190 --> 01:17:30,050

that's a major part of my work okay so

1665

01:17:35,770 --> 01:17:33,200

let's talk about that because you're

1666

01:17:39,000 --> 01:17:35,780

right there's a lot of Native American

1667

01:17:41,860 --> 01:17:39,010

culture in that area is that right

1668

01:17:44,350 --> 01:17:41,870

yeah well of course the the primordial

1669

01:17:46,570 --> 01:17:44,360

indigenous people you know the

1670

01:17:48,700 --> 01:17:46,580

Aborigines of North America the Hopi and

1671

01:17:50,380 --> 01:17:48,710

Zuni or right here in their Arizona I'm

1672

01:17:53,440 --> 01:17:50,390

just over the border in New Mexico and

1673

01:17:55,300 --> 01:17:53,450

I've uh one of my dearest closest

1674

01:18:01,150 --> 01:17:55,310

friends is a zuni elder clifford mahooty

1675

01:18:03,610 --> 01:18:01,160

who I think you've had on the show yes

1676

01:18:05,650 --> 01:18:03,620

he's an amazing guy he's uh he was in

1677

01:18:07,030 --> 01:18:05,660

charge of environmental assessment and

1678

01:18:09,160 --> 01:18:07,040

civil engineering projects for the

1679

01:18:11,110 --> 01:18:09,170

Department of Interior he go around

1680

01:18:12,610 --> 01:18:11,120

around the country to Indian

1681

01:18:14,620 --> 01:18:12,620

reservations and do the environmental

1682

01:18:16,390 --> 01:18:14,630

assessment for a large construction

1683

01:18:20,080 --> 01:18:16,400

projects for the Bureau of Indian

1684

01:18:22,180 --> 01:18:20,090

Affairs and he you know I mean does

1685

01:18:24,190 --> 01:18:22,190

differential equations calculates loads

1686

01:18:26,320 --> 01:18:24,200

can do advanced calculus you know I mean

1687

01:18:28,840 --> 01:18:26,330

the guy is brilliant he's got a advanced

1688

01:18:32,380 --> 01:18:28,850

degree in civil engineering but he's

1689

01:18:36,310 --> 01:18:32,390

also you know steeped in his cultural

1690

01:18:38,920 --> 01:18:36,320

traditions and I've about well it's been

1691

01:18:41,920 --> 01:18:38,930

geez about seven years now eight years

1692

01:18:42,970 --> 01:18:41,930

that I've known him I talked him into

1693

01:18:46,420 --> 01:18:42,980

going public

1694

01:18:48,640 --> 01:18:46,430

with his you know the knowledge that

1695

01:18:51,100 --> 01:18:48,650

they they've held for thousands of years

1696

01:18:52,540 --> 01:18:51,110

about the star people many of your

1697

01:18:54,880 --> 01:18:52,550

listeners have heard heard of the the

1698

01:18:57,640 --> 01:18:54,890

word Kachina and we know you hear

1699

01:19:00,460 --> 01:18:57,650

Kachina in the Pueblo Indian tradition

1700

01:19:06,400 --> 01:19:00,470

that basically is talking about a form

1701

01:19:09,460 --> 01:19:06,410

of a God form that you could say our

1702

01:19:11,590 --> 01:19:09,470

star people in a rough general way

1703

01:19:15,010 --> 01:19:11,600

there's different types of Kachinas and

1704

01:19:17,770 --> 01:19:15,020

one type do you know well actually

1705

01:19:19,840 --> 01:19:17,780

they're all supposedly from outside the

1706

01:19:21,370 --> 01:19:19,850

earth here whether they're coming from

1707

01:19:23,470 --> 01:19:21,380

far away whether they're coming from

1708

01:19:26,380 --> 01:19:23,480

underground underwater that's open to

1709

01:19:28,150 --> 01:19:26,390

interpretation but according to Clifford

1710

01:19:30,520 --> 01:19:28,160

they are star people star beings they're

1711

01:19:33,850 --> 01:19:30,530

coming from different you know stars

1712

01:19:38,229 --> 01:19:33,860

different points in our I guess our

1713

01:19:40,479 --> 01:19:38,239

galaxy and for many generations they

1714

01:19:43,479 --> 01:19:40,489

interacted physically with the people

1715

01:19:45,880 --> 01:19:43,489

until they started not to return people

1716

01:19:48,040 --> 01:19:45,890

that they were taking they used to take

1717

01:19:49,870 --> 01:19:48,050

them and return them and then when they

1718

01:19:52,210 --> 01:19:49,880

started not returning them the the

1719

01:19:55,360 --> 01:19:52,220

natives they said look we you know we'll

1720

01:19:58,990 --> 01:19:55,370

honor you and we'll keep your traditions

1721

01:20:02,229 --> 01:19:59,000

alive if you stop coming here and taking

1722

01:20:04,060 --> 01:20:02,239

our people and so the people kind of

1723

01:20:08,229 --> 01:20:04,070

emulate the Kachinas now and that's

1724

01:20:11,560 --> 01:20:08,239

these these these very intriguing masks

1725

01:20:13,090 --> 01:20:11,570

and outfits that the Pueblo Indians wear

1726

01:20:16,810 --> 01:20:13,100

when they do their their their

1727

01:20:21,160 --> 01:20:16,820

ceremonies the Kachina masks

1728

01:20:23,110 --> 01:20:21,170

those are replications of the star

1729

01:20:27,820 --> 01:20:23,120

beings what they look like and when

1730

01:20:31,540 --> 01:20:27,830

those dancers put on that that gear they

1731

01:20:35,050 --> 01:20:31,550

are assuming the role of the star people

1732

01:20:36,250 --> 01:20:35,060

that the star people used to do when

1733

01:20:39,700 --> 01:20:36,260

they were interacting with the people

1734

01:20:41,650 --> 01:20:39,710

and so anytime you see a Kachina doll

1735

01:20:44,290 --> 01:20:41,660

look at it carefully and look at some of

1736

01:20:47,410 --> 01:20:44,300

the the adornments and everything that's

1737

01:20:49,990 --> 01:20:47,420

on that on those outfits has has a very

1738

01:20:53,110 --> 01:20:50,000

deep meaning and has special relevance

1739

01:20:55,510 --> 01:20:53,120

to the particular type of Kachina it is

1740

01:20:56,689 --> 01:20:55,520

the Kachinas are responsible for various

1741

01:20:59,689 --> 01:20:56,699

aspects of the

1742

01:21:01,430 --> 01:20:59,699

of the of the culture whether it's has

1743

01:21:03,199 --> 01:21:01,440

to do with the agriculture whether it

1744

01:21:05,379 --> 01:21:03,209

has to do with the weather whether it

1745

01:21:07,899 --> 01:21:05,389

has to do with their spiritual tradition

1746

01:21:10,669 --> 01:21:07,909

whether it has to do with the ancestors

1747

01:21:13,689 --> 01:21:10,679

and it's a very complicated system and

1748

01:21:18,859 --> 01:21:13,699

each of the Kachinas has its own group

1749

01:21:21,319 --> 01:21:18,869

or society that is responsible for that

1750

01:21:23,540 --> 01:21:21,329

particular Kachina the Pueblo people are

1751

01:21:25,459 --> 01:21:23,550

divided up into ended clans that are

1752

01:21:28,100 --> 01:21:25,469

matrilineal the women sign all the

1753

01:21:29,600 --> 01:21:28,110

contracts on all the property so you

1754

01:21:31,850 --> 01:21:29,610

have a clan system you have a medicine

1755

01:21:34,219 --> 01:21:31,860

Society tradition and then you have a

1756

01:21:36,680 --> 01:21:34,229

Kachina society tradition and the

1757

01:21:40,040 --> 01:21:36,690

interrelated relationships between those

1758

01:21:44,330 --> 01:21:40,050

three are very very complicated and very

1759

01:21:46,580 --> 01:21:44,340

involved and because I'm not native I

1760

01:21:49,209 --> 01:21:46,590

don't really like to talk about this

1761

01:21:52,069 --> 01:21:49,219

publicly very much that's why I've

1762

01:21:54,169 --> 01:21:52,079

convinced Clifford to come out because

1763

01:21:56,419 --> 01:21:54,179

it's his traditional knowledge not mine

1764

01:22:00,649 --> 01:21:56,429

so I'm just giving you a real brief

1765

01:22:02,449 --> 01:22:00,659

cliff notes thumbnail kind of set of

1766

01:22:05,180 --> 01:22:02,459

information here clifford goes into much

1767

01:22:07,520 --> 01:22:05,190

greater detail and walking in both

1768

01:22:12,410 --> 01:22:07,530

worlds being a you know a scientist

1769

01:22:17,500 --> 01:22:12,420

engineer and also being a a an elder in

1770

01:22:21,350 --> 01:22:17,510

you know his his zoomy culture he has

1771

01:22:23,870 --> 01:22:21,360

has a pretty amazing set of information

1772

01:22:28,430 --> 01:22:23,880

that he's gone public with and and it

1773

01:22:30,379 --> 01:22:28,440

had some some personal peril I mean you

1774

01:22:32,810 --> 01:22:30,389

know he's divulging things that that

1775

01:22:33,500 --> 01:22:32,820

some of the Zuni don't even talk to with

1776

01:22:35,629 --> 01:22:33,510

each other

1777

01:22:37,759 --> 01:22:35,639

and so but he's come out he's been on

1778

01:22:41,270 --> 01:22:37,769

quite a number of TV shows now he's done

1779

01:22:43,969 --> 01:22:41,280

conferences you know around the country

1780

01:22:46,310 --> 01:22:43,979

and I helped him with his PowerPoint

1781

01:22:48,830 --> 01:22:46,320

presentations and you know helped him

1782

01:22:51,080 --> 01:22:48,840

scan things and put his PowerPoint

1783

01:22:53,149 --> 01:22:51,090

presentations together and if you have a

1784

01:22:56,569 --> 01:22:53,159

chance to to get him on the show easy

1785

01:22:59,479 --> 01:22:56,579

he's a great guest he's funny he's a

1786

01:23:03,199 --> 01:22:59,489

he's a trickster great sense of humor

1787

01:23:06,469 --> 01:23:03,209

and he moved from Zuni down here to the

1788

01:23:08,920 --> 01:23:06,479

town where I live and so I'm he's

1789

01:23:11,920 --> 01:23:08,930

Kemosabe on Tonto

1790

01:23:13,510 --> 01:23:11,930

oh wait yeah okay yeah I'll talk off air

1791

01:23:15,370 --> 01:23:13,520

and get this information I love to this

1792

01:23:18,100 --> 01:23:15,380

okay love to have them on that's that's

1793

01:23:19,960 --> 01:23:18,110

fine yes I thought I've being a fine

1794

01:23:23,440 --> 01:23:19,970

arts and antiques appraiser I've just

1795

01:23:26,830 --> 01:23:23,450

even just two weeks ago I appraised a

1796

01:23:29,980 --> 01:23:26,840

Kachina doll collection and mostly

1797

01:23:34,420 --> 01:23:29,990

contemporary but they do go back there

1798

01:23:36,610 --> 01:23:34,430

are I have some I have had some catalogs

1799

01:23:38,710 --> 01:23:36,620

some 19th centuries so I'm not sure how

1800

01:23:42,700 --> 01:23:38,720

long the tradition of actually making

1801

01:23:44,740 --> 01:23:42,710

the dolls for one goes but I think it's

1802

01:23:46,570 --> 01:23:44,750

that legal it goes way way back there's

1803

01:23:49,600 --> 01:23:46,580

there's three different types of Kachina

1804

01:23:53,470 --> 01:23:49,610

dolls there's the traditional dolls that

1805

01:23:55,390 --> 01:23:53,480

are well there's the the small dolls for

1806

01:23:57,760 --> 01:23:55,400

the kids and then there's versions of

1807

01:24:00,730 --> 01:23:57,770

those small small sized dolls that are

1808

01:24:03,580 --> 01:24:00,740

about a foot tall that are flat that are

1809

01:24:07,420 --> 01:24:03,590

the traditional style and then you have

1810

01:24:10,150 --> 01:24:07,430

the full three-dimensional you know sort

1811

01:24:12,880 --> 01:24:10,160

of accurate replicas which of the

1812

01:24:16,350 --> 01:24:12,890

artistic versions which which are the

1813

01:24:19,150 --> 01:24:16,360

valuable ones that are more of a modern

1814

01:24:20,830 --> 01:24:19,160

incarnation of the form and of course

1815

01:24:23,740 --> 01:24:20,840

the Hopi were the ones that were the

1816

01:24:26,110 --> 01:24:23,750

first ones to really start making these

1817

01:24:28,420 --> 01:24:26,120

dolls available I stopped at the camera

1818

01:24:30,910 --> 01:24:28,430

on trading posts on every one of my my

1819

01:24:34,030 --> 01:24:30,920

Grand Canyon tours and they have an

1820

01:24:38,130 --> 01:24:34,040

incredible collection of dolls there and

1821

01:24:39,490 --> 01:24:38,140

I've been slowly adding to my collection

1822

01:24:40,870 --> 01:24:39,500

um

1823

01:24:43,750 --> 01:24:40,880

someone wanted to know about the Blue

1824

01:24:49,540 --> 01:24:43,760

Star Kachina do you are you familiar

1825

01:24:52,810 --> 01:24:49,550

with what that is yes I do and again I'm

1826

01:24:57,220 --> 01:24:52,820

really unwilling to talk about that it's

1827

01:24:59,950 --> 01:24:57,230

it's zanuck my apples are my cat's

1828

01:25:04,780 --> 01:24:59,960

freaking out about something but oh oh

1829

01:25:06,190 --> 01:25:04,790

he has a mouse get that thing I can take

1830

01:25:08,530 --> 01:25:06,200

our first mouse I've ever seen in my

1831

01:25:12,310 --> 01:25:08,540

house I can take a quick break if you'd

1832

01:25:19,280 --> 01:25:12,320

like to take care of that she'll

1833

01:25:27,440 --> 01:25:21,260

well there's definitely a first on the

1834

01:25:30,500 --> 01:25:27,450

show have a cat person sorry about that

1835

01:25:32,330 --> 01:25:30,510

yeah yeah it's definitely a first at the

1836

01:25:35,380 --> 01:25:32,340

door because now the mouse came in and

1837

01:25:42,530 --> 01:25:35,390

it's hiding in my office here somewhere

1838

01:25:43,100 --> 01:25:42,540

yeah yeah make this stuff up all right

1839

01:25:46,880 --> 01:25:43,110

James

1840

01:25:48,950 --> 01:25:46,890

where were we I was you said you were

1841

01:25:50,390 --> 01:25:48,960

unwilling to talk about the blue start

1842

01:25:52,130 --> 01:25:50,400

oh you know who start much you know yes

1843

01:25:54,320 --> 01:25:52,140

and I could talk about you look for

1844

01:25:55,940 --> 01:25:54,330

about that much part me

1845

01:25:57,200 --> 01:25:55,950

I can talk to Clifford about that if

1846

01:25:59,540 --> 01:25:57,210

he's willing to talk about it when he's

1847

01:26:02,510 --> 01:25:59,550

on the show well let me just answer

1848

01:26:06,710 --> 01:26:02,520

answer answer it this way that is one of

1849

01:26:10,480 --> 01:26:06,720

the most misunderstood and

1850

01:26:13,340 --> 01:26:10,490

misrepresented a bit of hopi information

1851
01:26:15,980 --> 01:26:13,350
that has come out of sedona and there

1852
01:26:19,870 --> 01:26:15,990
are so many people trying to to Palm off

1853
01:26:23,750 --> 01:26:19,880
their own versions of that particular

1854
01:26:26,990 --> 01:26:23,760
prophecy story there's different

1855
01:26:28,100 --> 01:26:27,000
versions of it but I just refused to go

1856
01:26:30,890 --> 01:26:28,110
there because there's so much

1857
01:26:33,500 --> 01:26:30,900
disinformation out there about it it's

1858
01:26:36,020 --> 01:26:33,510
it's actually been a really big problem

1859
01:26:38,510 --> 01:26:36,030
up at the Hopi reservation with people

1860
01:26:40,430 --> 01:26:38,520
going up there hearing a version of it

1861
01:26:43,100 --> 01:26:40,440
and then and then putting their own spin

1862
01:26:44,870 --> 01:26:43,110
on it it's you know the crystal pack and

1863
01:26:47,180 --> 01:26:44,880

mom is here in Sedona have really been

1864

01:26:49,760 --> 01:26:47,190

doing a number on the Hopi with this and

1865

01:26:52,100 --> 01:26:49,770

you know claiming all these things that

1866

01:26:55,040 --> 01:26:52,110

aren't you know part of the part of the

1867

01:26:58,040 --> 01:26:55,050

actual indigenous information and so

1868

01:26:59,690 --> 01:26:58,050

that's the one area that I really do not

1869

01:27:01,520 --> 01:26:59,700

want to get into because there's so much

1870

01:27:05,690 --> 01:27:01,530

misinformation about it sure another

1871

01:27:07,850 --> 01:27:05,700

yeah yes opposite Travis Walton has been

1872

01:27:10,940 --> 01:27:07,860

coming up all night on the on the

1873

01:27:14,960 --> 01:27:10,950

message board are you do you speak with

1874

01:27:18,530 --> 01:27:14,970

him yeah yeah of course he the the event

1875

01:27:23,540 --> 01:27:18,540

in November 75 just happened right along

1876

01:27:26,000 --> 01:27:23,550

the rim about 60 miles east of me oh is

1877

01:27:28,790 --> 01:27:26,010

that right yes oh I didn't realize that

1878

01:27:31,220 --> 01:27:28,800

was that what was that not snow what's

1879

01:27:31,490 --> 01:27:31,230

it called well he lived in snow flake

1880

01:27:33,410 --> 01:27:31,500

but

1881

01:27:35,690 --> 01:27:33,420

was it was south of Heber right on the

1882

01:27:40,460 --> 01:27:35,700

Moghuls room Hebrew that's right yeah

1883

01:27:41,590 --> 01:27:40,470

and so I I really little creek if you

1884

01:27:45,080 --> 01:27:41,600

really want to know the exact location

1885

01:27:46,970 --> 01:27:45,090

yeah a turkey clean sorry that's one of

1886

01:27:48,890 --> 01:27:46,980

these stories that I think you know I

1887

01:27:52,190 --> 01:27:48,900

mean I've spoke to Travis many many

1888

01:27:56,240 --> 01:27:52,200

times and to me I think it's one of the

1889

01:27:57,710 --> 01:27:56,250

most solid stories out there and someone

1890

01:28:03,350 --> 01:27:57,720

wanted to know what your opinion was on

1891

01:28:06,290 --> 01:28:03,360

that on his yeah you know I've I've

1892

01:28:09,110 --> 01:28:06,300

known Travis now for a number of years

1893

01:28:11,540 --> 01:28:09,120

and I spent an afternoon with him and

1894

01:28:14,540 --> 01:28:11,550

Tracy Torme who was the producer of the

1895

01:28:18,890 --> 01:28:14,550

fire in the sky movie and spent several

1896

01:28:23,230 --> 01:28:18,900

hours with him good quality time when he

1897

01:28:26,900 --> 01:28:23,240

goes into that thousand yard stare it's

1898

01:28:28,310 --> 01:28:26,910

it's it's pretty compelling I've caught

1899

01:28:30,830 --> 01:28:28,320

him I've caught him kind of going off

1900

01:28:34,220 --> 01:28:30,840

into that that on a number of occasions

1901

01:28:37,100 --> 01:28:34,230

and you know I really think the guy had

1902

01:28:40,040 --> 01:28:37,110

that experience I think it may not have

1903

01:28:43,520 --> 01:28:40,050

been what people have spun it into being

1904

01:28:47,480 --> 01:28:43,530

about aliens from other planets he was

1905

01:28:50,240 --> 01:28:47,490

never really told rarely do you hear

1906

01:28:53,360 --> 01:28:50,250

about the humanoid the humans that he

1907

01:28:58,370 --> 01:28:53,370

saw apparent human types that that were

1908

01:29:00,820 --> 01:28:58,380

he saw people you know take the the

1909

01:29:04,550 --> 01:29:00,830

middle part of the movie that

1910

01:29:05,720 --> 01:29:04,560

Hollywood's you know total fabrication

1911

01:29:07,910 --> 01:29:05,730

of what happened while he was on the

1912

01:29:10,640 --> 01:29:07,920

ship only two of those shots of that an

1913

01:29:13,460 --> 01:29:10,650

entire sequence actually happened he

1914

01:29:16,580 --> 01:29:13,470

didn't wake up in a slimy cocoon right

1915

01:29:18,560 --> 01:29:16,590

in poke a needle in his eye you know all

1916

01:29:21,710 --> 01:29:18,570

that stuff was just sensationalized

1917

01:29:24,770 --> 01:29:21,720

Hollywood fear-mongering basically he

1918

01:29:26,720 --> 01:29:24,780

and he and Tracy were livid about that

1919

01:29:28,190 --> 01:29:26,730

in fact they there was talk of taking

1920

01:29:30,640 --> 01:29:28,200

getting their names taken off the movie

1921

01:29:35,180 --> 01:29:30,650

they were in legal action at one point

1922

01:29:41,230 --> 01:29:35,190

but you know it was already a fated huh

1923

01:29:45,089 --> 01:29:41,240

complete so they had unfortunately I

1924

01:29:48,330 --> 01:29:45,099

really do feel that that the event was

1925

01:29:51,540 --> 01:29:48,340

real clifford mahooty just up the road

1926

01:29:54,449 --> 01:29:51,550

at the Zuni Reservation up the road from

1927

01:29:58,649 --> 01:29:54,459

st. John's the town of st. John's had a

1928

01:30:01,889 --> 01:29:58,659

an amazing sighting in that two-week

1929

01:30:04,589 --> 01:30:01,899

period where Travis had his experience

1930

01:30:07,529 --> 01:30:04,599

that was right over there right over his

1931

01:30:12,349 --> 01:30:07,539

house his whole family saw it

1932

01:30:17,669 --> 01:30:12,359

his father would refuse to talk about it

1933

01:30:19,649 --> 01:30:17,679

435 of almost 40 years and when Clifford

1934

01:30:23,489 --> 01:30:19,659

brought me over to meet his his father

1935

01:30:25,229 --> 01:30:23,499

finally he kind of mentioned yeah well

1936

01:30:26,849 --> 01:30:25,239

my dad saw it too but he'll never talk

1937

01:30:30,149 --> 01:30:26,859

about he's never talked about it

1938

01:30:32,849 --> 01:30:30,159

his father who was in his early 90s sat

1939

01:30:33,959 --> 01:30:32,859

me down and told me and Clifford was

1940

01:30:35,819 --> 01:30:33,969

flabbergasted

1941

01:30:39,629 --> 01:30:35,829

he never been able to get him to talk

1942

01:30:41,459 --> 01:30:39,639

about it and he was slowly told me what

1943

01:30:42,929 --> 01:30:41,469

he experienced they were able to had

1944

01:30:45,359 --> 01:30:42,939

night-vision binoculars they were able

1945

01:30:47,790 --> 01:30:45,369

to see the craft was just a few hundred

1946

01:30:49,290 --> 01:30:47,800

feet above they're there they're part of

1947

01:30:51,929 --> 01:30:49,300

the Pueblo where they lived they saw

1948

01:30:55,109 --> 01:30:51,939

beans something walking in front of lit

1949

01:30:59,399 --> 01:30:55,119

windows silhouettes and two weeks later

1950

01:31:01,679 --> 01:30:59,409

as his father died so and the only real

1951

01:31:03,689 --> 01:31:01,689

major wave of cattle mutilations that we

1952

01:31:06,869 --> 01:31:03,699

know of happened during the month prior

1953

01:31:10,859 --> 01:31:06,879

to Travis's case right in the same area

1954

01:31:13,080 --> 01:31:10,869

so draw your own conclusions Wow

1955

01:31:15,509 --> 01:31:13,090

now I didn't realize a lot of I know

1956

01:31:17,099 --> 01:31:15,519

nice visions been around for a long long

1957

01:31:20,009 --> 01:31:17,109

time but I didn't realize that it was

1958

01:31:22,799 --> 01:31:20,019

really available and though I was at 75

1959

01:31:25,589 --> 01:31:22,809

his brother was a lookout in the Navy

1960

01:31:30,419 --> 01:31:25,599

and absconded with a pair

1961

01:31:36,779 --> 01:31:30,429

first-gen that makes sense yeah Wow

1962

01:31:39,989 --> 01:31:36,789

yeah so let's see I had another question

1963

01:31:43,229 --> 01:31:39,999

I wanted to get to because I thought it

1964

01:31:44,520 --> 01:31:43,239

was pretty interesting and it's just one

1965

01:31:47,879 --> 01:31:44,530

that I would never think of and that was

1966

01:31:49,919 --> 01:31:47,889

another one in the the forum and if

1967

01:31:53,489 --> 01:31:49,929

extra there's a little bit of a long one

1968

01:31:56,040 --> 01:31:53,499

so if extraterrestrial spacefaring if an

1969

01:31:57,659 --> 01:31:56,050

extraterrestrial spacefaring race had

1970

01:31:58,830 --> 01:31:57,669

long ago developed efficient

1971

01:32:01,290 --> 01:31:58,840

technologies

1972

01:32:04,440 --> 01:32:01,300

Tunnel and set up underground bases

1973

01:32:06,540 --> 01:32:04,450

wouldn't this be an efficient

1974

01:32:09,510 --> 01:32:06,550

one-size-fits-all method for exploration

1975

01:32:11,760 --> 01:32:09,520

and colonization of planetary bodies

1976

01:32:14,640 --> 01:32:11,770

without having to limit their

1977

01:32:18,900 --> 01:32:14,650

exploration to planets with non-hostile

1978

01:32:20,940 --> 01:32:18,910

surface conditions yeah yeah and I'm

1979

01:32:22,830 --> 01:32:20,950

looking at the question then might our

1980

01:32:24,750 --> 01:32:22,840

own human space exploration programs

1981

01:32:26,340 --> 01:32:24,760

benefit from a similar approach one that

1982

01:32:29,250 --> 01:32:26,350

could be tested and perfected on our own

1983

01:32:31,200 --> 01:32:29,260

planet before using it on other planets

1984

01:32:32,580 --> 01:32:31,210

or the moon or whatever and you know how

1985

01:32:35,660 --> 01:32:32,590

do we know that we haven't already done

1986

01:32:38,070 --> 01:32:35,670

that you know there's a whole body of

1987

01:32:39,870 --> 01:32:38,080

belief out there the breakaway

1988

01:32:42,360 --> 01:32:39,880

civilization in the words of Richard

1989

01:32:44,250 --> 01:32:42,370

Dolan secret space program and all that

1990

01:32:46,950 --> 01:32:44,260

I've never seen evidence to support any

1991

01:32:48,600 --> 01:32:46,960

of that but I mean we are missing six

1992

01:32:51,150 --> 01:32:48,610

point six trillion dollars from the

1993

01:32:54,300 --> 01:32:51,160

Department of Defense yeah that buys you

1994

01:32:57,150 --> 01:32:54,310

a lot of tech you know and I had a guy

1995

01:33:00,360 --> 01:32:57,160

named Wayne Holland that I interviewed

1996

01:33:02,190 --> 01:33:00,370

back in the 90s who claimed that that we

1997

01:33:04,650 --> 01:33:02,200

were you know already on Mars and we've

1998

01:33:07,580 --> 01:33:04,660

been on the moon for quite some time

1999

01:33:10,500 --> 01:33:07,590

Apollo was just a lot of after the fact

2000

01:33:12,360 --> 01:33:10,510

sort of public relations that we had

2001

01:33:14,280 --> 01:33:12,370

actually done all this before that in

2002

01:33:17,730 --> 01:33:14,290

the early 60s I have a hard time

2003

01:33:19,380 --> 01:33:17,740

believing this stuff but when he sat

2004

01:33:22,350 --> 01:33:19,390

down on the couch in my house my

2005

01:33:24,120 --> 01:33:22,360

girlfriend had a cat that hated men the

2006

01:33:25,950 --> 01:33:24,130

workers who built her house had abused

2007

01:33:28,140 --> 01:33:25,960

the kitty throwing it up in the air and

2008

01:33:31,710 --> 01:33:28,150

just terrorized this poor little thing

2009

01:33:34,380 --> 01:33:31,720

whenever a a male would come around she

2010

01:33:37,290 --> 01:33:34,390

she'd immediately hide in seven years I

2011

01:33:39,920 --> 01:33:37,300

never petted the cat once and when this

2012

01:33:44,070 --> 01:33:39,930

guy came in and sat down on the couch

2013

01:33:46,170 --> 01:33:44,080

Miss Kitty ran into the room and lept up

2014

01:33:47,580 --> 01:33:46,180

in his lap and started purring and

2015

01:33:53,750 --> 01:33:47,590

allowed him to patter so that that

2016

01:33:58,680 --> 01:33:57,300

so you know who knows an answer to the

2017

01:34:01,020 --> 01:33:58,690

question yeah of course it would be the

2018

01:34:02,640 --> 01:34:01,030

smart way to you know to approach it

2019

01:34:07,550 --> 01:34:02,650

you're gonna be shielding yourself from

2020

01:34:10,770 --> 01:34:07,560

you know cosmic rays you know radiation

2021

01:34:12,000 --> 01:34:10,780

the deeper you go on the planet the

2022

01:34:14,430 --> 01:34:12,010

warmer you get

2023

01:34:16,350 --> 01:34:14,440

you know like on earth if you go down to

2024

01:34:18,390 --> 01:34:16,360

the bottom of the Kimberly diamond mines

2025

01:34:20,129 --> 01:34:18,400

I mean it's hundred and something

2026
01:34:22,470 --> 01:34:20,139
degrees down there those poor guys are

2027
01:34:25,140 --> 01:34:22,480
sweating their tails off the lower you

2028
01:34:28,410 --> 01:34:25,150
go the hotter it gets and you know how

2029
01:34:31,649 --> 01:34:28,420
deep can we go we don't really know the

2030
01:34:34,470 --> 01:34:31,659
answer to that in terms of you know

2031
01:34:37,919 --> 01:34:34,480
classified facilities I've heard depths

2032
01:34:40,020 --> 01:34:37,929
of over a mile so you know that's what's

2033
01:34:42,660 --> 01:34:40,030
been bannered about you know again you

2034
01:34:45,259 --> 01:34:42,670
know these are rumors I have no way of

2035
01:34:47,729 --> 01:34:45,269
substantiating this but again I do

2036
01:34:50,580 --> 01:34:47,739
remind everybody Richard solder he's

2037
01:34:55,279 --> 01:34:50,590
he's the guy who wrote the book so I

2038
01:34:57,629 --> 01:34:55,289

would urge everybody to do your research

2039

01:35:00,839 --> 01:34:57,639

you know and choose your sources

2040

01:35:02,220 --> 01:35:00,849

carefully and do your research you know

2041

01:35:05,100 --> 01:35:02,230

people forget that humans are very

2042

01:35:07,799 --> 01:35:05,110

ingenious and a lot of the stuff that we

2043

01:35:09,750 --> 01:35:07,809

see flying around could be black black

2044

01:35:12,029 --> 01:35:09,760

projects that have been operational for

2045

01:35:14,729 --> 01:35:12,039

a number of years that are being flown

2046

01:35:19,290 --> 01:35:14,739

around as is plausible deniability for

2047

01:35:20,819 --> 01:35:19,300

our you know our military and it would

2048

01:35:22,740 --> 01:35:20,829

not surprise me in the least and a

2049

01:35:25,500 --> 01:35:22,750

sizable percentage of what people think

2050

01:35:29,520 --> 01:35:25,510

are UFOs are actually you know our

2051
01:35:32,220 --> 01:35:29,530
missing tax dollars at work and play you

2052
01:35:35,040 --> 01:35:32,230
know what's a government's job a

2053
01:35:36,450 --> 01:35:35,050
government's job is to control the

2054
01:35:38,310 --> 01:35:36,460
populace okay

2055
01:35:41,430 --> 01:35:38,320
the best way to control the populace is

2056
01:35:44,220 --> 01:35:41,440
is you know always keep them guessing

2057
01:35:48,060 --> 01:35:44,230
but but always be you know in a position

2058
01:35:49,649 --> 01:35:48,070
to always have the answer well the very

2059
01:35:52,379 --> 01:35:49,659
fact that the government doesn't have an

2060
01:35:56,870 --> 01:35:52,389
answer to the UFO question should give

2061
01:36:00,629 --> 01:35:56,880
one pause you know that to me is is

2062
01:36:03,950 --> 01:36:00,639
interesting and and you know all this

2063
01:36:06,899 --> 01:36:03,960

talk about disclosure and you know

2064

01:36:09,419 --> 01:36:06,909

Obama's gonna disclose before the end of

2065

01:36:12,479 --> 01:36:09,429

his term and all this I every time I see

2066

01:36:15,779 --> 01:36:12,489

that post up there I like on Facebook or

2067

01:36:17,430 --> 01:36:15,789

wherever I challenge everybody and say I

2068

01:36:20,490 --> 01:36:17,440

have \$100 in PayPal

2069

01:36:24,879 --> 01:36:20,500

I'll bet anybody \$100 that that will not

2070

01:36:27,790 --> 01:36:24,889

happen and I haven't had any takers I

2071

01:36:30,669 --> 01:36:27,800

I've got 100 bucks I bet anybody \$100

2072

01:36:33,159 --> 01:36:30,679

that not only will Obama not disclose

2073

01:36:36,850 --> 01:36:33,169

but I don't think we'll have any sort of

2074

01:36:40,689 --> 01:36:36,860

official disclosure ever obviously the

2075

01:36:42,729 --> 01:36:40,699

beans whomever they are are in charge of

2076

01:36:44,620 --> 01:36:42,739

the disclosure process though when when

2077

01:36:46,569 --> 01:36:44,630

there's disclosure it'll be their time

2078

01:36:48,580 --> 01:36:46,579

to pick and choose I think all these

2079

01:36:52,469 --> 01:36:48,590

other countries opening up their files

2080

01:36:55,389 --> 01:36:52,479

and doing this kind of sort of

2081

01:36:57,250 --> 01:36:55,399

half-assed disclosure it's just being

2082

01:36:59,830 --> 01:36:57,260

done to take the heat off the u.s. you

2083

01:37:03,270 --> 01:36:59,840

know and I don't think for a minute that

2084

01:37:05,770 --> 01:37:03,280

our government is the repository of

2085

01:37:08,290 --> 01:37:05,780

advanced knowledge about these about

2086

01:37:10,359 --> 01:37:08,300

these craft and possible entities I

2087

01:37:13,540 --> 01:37:10,369

think a lot of this has been sequestered

2088

01:37:16,479 --> 01:37:13,550

into the military-industrial complex in

2089

01:37:18,040 --> 01:37:16,489

terms of the aerospace companies where

2090

01:37:20,560 --> 01:37:18,050

it's out of reach of Freedom of

2091

01:37:23,259 --> 01:37:20,570

Information Act requests yeah I think

2092

01:37:26,319 --> 01:37:23,269

that our elected officials or not don't

2093

01:37:29,529 --> 01:37:26,329

have a need to know for the most part I

2094

01:37:32,139 --> 01:37:29,539

don't think even the presidents are in a

2095

01:37:35,169 --> 01:37:32,149

position to know the full extent of our

2096

01:37:37,359 --> 01:37:35,179

knowledge I have a real hard time

2097

01:37:41,080 --> 01:37:37,369

believing that we have back engineered

2098

01:37:44,169 --> 01:37:41,090

alien technology it'd be like giving a

2099

01:37:47,889 --> 01:37:44,179

cell phone to a Neanderthal bro for all

2100

01:37:51,969 --> 01:37:47,899

we know I mean you know read jiseok

2101

01:37:53,729 --> 01:37:51,979

filets novel fast walkers which he

2102

01:37:57,729 --> 01:37:53,739

co-wrote with Tracy Torme by the way

2103

01:37:59,620 --> 01:37:57,739

that's a really good example of probably

2104

01:38:02,379 --> 01:37:59,630

what's going on he had to fictionalize

2105

01:38:05,889 --> 01:38:02,389

things in there because he he was forced

2106

01:38:07,359 --> 01:38:05,899

to but you know and I saw a question on

2107

01:38:09,370 --> 01:38:07,369

there about element 115

2108

01:38:12,609 --> 01:38:09,380

they've already discovered element 115

2109

01:38:14,139 --> 01:38:12,619

way after Lazar and has nothing nowhere

2110

01:38:16,359 --> 01:38:14,149

near the properties that Lazar talked

2111

01:38:18,339 --> 01:38:16,369

about you know I think there's a lot of

2112

01:38:20,949 --> 01:38:18,349

disagreement or something like that

2113

01:38:25,989 --> 01:38:20,959

right yeah it's it's it only exists for

2114

01:38:29,259 --> 01:38:25,999

a nanosecond right yeah you know people

2115

01:38:32,109 --> 01:38:29,269

have to understand that the UFO

2116

01:38:35,490 --> 01:38:32,119

community is totally been compromised

2117

01:38:38,220 --> 01:38:35,500

and infiltrated with disinformation

2118

01:38:42,030 --> 01:38:38,230

this the whole thing with Tom DeLonge to

2119

01:38:46,250 --> 01:38:42,040

me it's just a dog and pony show I won't

2120

01:38:50,030 --> 01:38:46,260

believe any of this until something real

2121

01:38:52,830 --> 01:38:50,040

concrete is presented I think he's a

2122

01:38:55,350 --> 01:38:52,840

grandstander I think he's a little bit

2123

01:38:59,940 --> 01:38:55,360

more believable than someone like a

2124

01:39:02,160 --> 01:38:59,950

Steven Greer or David Wilcock or Corey

2125

01:39:05,010 --> 01:39:02,170

Goode or these every six months there's

2126

01:39:07,770 --> 01:39:05,020

some new bozo coming out with all these

2127

01:39:12,200 --> 01:39:07,780

claims with no documentation with no

2128

01:39:16,280 --> 01:39:12,210

evidence no dd-214 document for instance

2129

01:39:19,230 --> 01:39:16,290

and I think that's part of the the

2130

01:39:21,450 --> 01:39:19,240

disinformation program is to every six

2131

01:39:26,130 --> 01:39:21,460

months every year or so come out with a

2132

01:39:28,230 --> 01:39:26,140

Pete Peterson a dan burisch Dodie you

2133

01:39:30,570 --> 01:39:28,240

know pulling the wool over Linda's eyes

2134

01:39:33,000 --> 01:39:30,580

at Kirtland I mean the example after

2135

01:39:37,100 --> 01:39:33,010

example after example down down you know

2136

01:39:40,440 --> 01:39:37,110

one after another the mj-12 documents

2137

01:39:42,660 --> 01:39:40,450

the you know this supposed Holliman

2138

01:39:44,880 --> 01:39:42,670

footage that Robin Emma Nagar and Jamie

2139

01:39:47,610 --> 01:39:44,890

Shan Darrow were promised by the Air

2140

01:39:50,280 --> 01:39:47,620

Force the Holloman landing footage blah

2141

01:39:56,790 --> 01:39:50,290

blah blah blah blah it's it's just

2142

01:40:00,630 --> 01:39:56,800

happened too many times folks you'll

2143

01:40:03,000 --> 01:40:00,640

understand what I'm saying yeah well you

2144

01:40:08,070 --> 01:40:03,010

know the the one thing about Tom DeLonge

2145

01:40:09,780 --> 01:40:08,080

that I think is good at least he's and

2146

01:40:11,520 --> 01:40:09,790

and this could all be disinformation

2147

01:40:14,550 --> 01:40:11,530

there is you know a lot of people are

2148

01:40:17,790 --> 01:40:14,560

saying this is what is happening but he

2149

01:40:19,680 --> 01:40:17,800

seems to be at least opening some doors

2150

01:40:21,960 --> 01:40:19,690

and getting some people involved and I

2151
01:40:24,750 --> 01:40:21,970
guess you know one thing and during the

2152
01:40:27,270 --> 01:40:24,760
news Alejandro said that I agree with is

2153
01:40:30,960 --> 01:40:27,280
we will know something one way or the

2154
01:40:33,600 --> 01:40:30,970
other you know in fairly short amount of

2155
01:40:36,600 --> 01:40:33,610
time in other words if things don't come

2156
01:40:40,110 --> 01:40:36,610
to fruition then you know he's gonna

2157
01:40:42,030 --> 01:40:40,120
have to talk about it yeah but why Tom

2158
01:40:44,610 --> 01:40:42,040
DeLonge I mean what's the motivation of

2159
01:40:48,000 --> 01:40:44,620
getting some you know punk rocker to to

2160
01:40:50,580 --> 01:40:48,010
hang up his guitar quit his band

2161
01:40:53,130 --> 01:40:50,590
I mean what's what I was the guy's got

2162
01:40:57,000 --> 01:40:53,140
plenty of dough yeah no motivation to do

2163
01:41:00,300 --> 01:40:57,010

that it's it's a big ego thing Danny its

2164

01:41:03,120 --> 01:41:00,310

grandstanding yeah but you know I mean

2165

01:41:05,340 --> 01:41:03,130

if if he actually can do these things

2166

01:41:07,530 --> 01:41:05,350

where other people can't

2167

01:41:10,320 --> 01:41:07,540

you know then perhaps more power to them

2168

01:41:13,710 --> 01:41:10,330

yeah I mean which is just a weight off

2169

01:41:18,030 --> 01:41:13,720

my hat and genuflect at the and i inau

2170

01:41:21,270 --> 01:41:18,040

blink 182 times but I know you've seen

2171

01:41:23,490 --> 01:41:21,280

this you've seen this a lot and oh I

2172

01:41:25,890 --> 01:41:23,500

should say we only have about eight

2173

01:41:28,080 --> 01:41:25,900

minutes and there was someone that may

2174

01:41:30,450 --> 01:41:28,090

have wanted to call in and I forgot all

2175

01:41:36,360 --> 01:41:30,460

about that so if you still want to call

2176

01:41:38,280 --> 01:41:36,370

in you're listening dial 603 967 403 Oh

2177

01:41:39,690 --> 01:41:38,290

again we only got about five minutes but

2178

01:41:44,070 --> 01:41:39,700

you're welcome to call in if you'd like

2179

01:41:47,520 --> 01:41:44,080

to so so what's what's next are you are

2180

01:41:49,350 --> 01:41:47,530

you doing I think on your last show you

2181

01:41:51,510 --> 01:41:49,360

mentioned that you may have a follow-up

2182

01:41:54,030 --> 01:41:51,520

to your last book which was by the way

2183

01:41:55,620 --> 01:41:54,040

six eleven working on right I'm working

2184

01:41:57,090 --> 01:41:55,630

on one you are okay

2185

01:41:59,270 --> 01:41:57,100

yeah with David Perkins who's the

2186

01:42:01,350 --> 01:41:59,280

grandfather of mute ology if you will

2187

01:42:03,930 --> 01:42:01,360

he's the one that trained Linda Howe

2188

01:42:06,390 --> 01:42:03,940

back in the 70s that's he's the first

2189

01:42:08,820 --> 01:42:06,400

person she went to he's one of my

2190

01:42:14,040 --> 01:42:08,830

dearest closest friends has written a

2191

01:42:15,720 --> 01:42:14,050

foreword to all my books and is the most

2192

01:42:17,729 --> 01:42:15,730

knowledgeable person in this field and

2193

01:42:20,700 --> 01:42:17,739

is an incredibly brilliant brilliant guy

2194

01:42:22,170 --> 01:42:20,710

it's got a master's in political science

2195

01:42:24,990 --> 01:42:22,180

from Yale

2196

01:42:28,260 --> 01:42:25,000

just brilliant off the charts thinker

2197

01:42:32,210 --> 01:42:28,270

very creative thinker was is really into

2198

01:42:35,760 --> 01:42:32,220

earth earth earth system science

2199

01:42:37,050 --> 01:42:35,770

formerly known as Gaia theory we've been

2200

01:42:42,090 --> 01:42:37,060

working on some pretty pretty

2201

01:42:45,630 --> 01:42:42,100

interesting exotic angles looking at a

2202

01:42:47,490 --> 01:42:45,640

lot of this information kind of looking

2203

01:42:50,490 --> 01:42:47,500

at it from a collective unconscious sort

2204

01:42:51,990 --> 01:42:50,500

of manifestation by the collective to

2205

01:42:54,630 --> 01:42:52,000

draw us off planet some sort of

2206

01:42:56,580 --> 01:42:54,640

evolutionary imperative we're looking at

2207

01:42:59,400 --> 01:42:56,590

some pretty exotic theories we're also

2208

01:43:01,260 --> 01:42:59,410

looking at a lot of data and the book

2209

01:43:03,750 --> 01:43:01,270

mute speak will be

2210

01:43:05,790 --> 01:43:03,760

the analysis of stocking the herd I

2211

01:43:07,290 --> 01:43:05,800

don't go into a lot of analysis and

2212

01:43:11,400 --> 01:43:07,300

stock in the herd because I didn't have

2213

01:43:13,800 --> 01:43:11,410

enough of room it's 600 pages and you

2214

01:43:16,140 --> 01:43:13,810

know it's gonna be another 4 or 500 page

2215

01:43:19,470 --> 01:43:16,150

book if we're lucky it'll be that small

2216

01:43:22,770 --> 01:43:19,480

just to analyze all that data now what

2217

01:43:25,740 --> 01:43:22,780

about where you're at now does like for

2218

01:43:29,220 --> 01:43:25,750

instance if there was a cattle a cow

2219

01:43:31,650 --> 01:43:29,230

cattle that that was mutilated to say in

2220

01:43:34,050 --> 01:43:31,660

your area do does anyone know that

2221

01:43:37,350 --> 01:43:34,060

you're you have relocated or would you

2222

01:43:40,200 --> 01:43:37,360

be contacted or contacted about

2223

01:43:41,550 --> 01:43:40,210

note-case last year and the rancher duck

2224

01:43:44,640 --> 01:43:41,560

me and didn't didn't really want to deal

2225

01:43:46,590 --> 01:43:44,650

with me yeah we do it's just which is

2226

01:43:48,330 --> 01:43:46,600

you know one out of 10 is is our

2227

01:43:52,560 --> 01:43:48,340

estimate of how many cases actually get

2228

01:43:54,210 --> 01:43:52,570

reported in this particular case was the

2229

01:43:56,700 --> 01:43:54,220

rancher coming out and fastened up but

2230

01:43:59,160 --> 01:43:56,710

then ducking ducking myself and another

2231

01:44:00,660 --> 01:43:59,170

investigator when we went up there I

2232

01:44:02,970 --> 01:44:00,670

actually went up to the ranch it

2233

01:44:06,390 --> 01:44:02,980

happened 40 miles from here so the first

2234

01:44:07,830 --> 01:44:06,400

cases that I've heard of and there's one

2235

01:44:10,530 --> 01:44:07,840

of the reasons why I moved Arizona is

2236

01:44:12,300 --> 01:44:10,540

because they don't have cases my

2237

01:44:15,060 --> 01:44:12,310

favorite thing in the world is to go out

2238

01:44:19,050 --> 01:44:15,070

and investigate a dead rotting pile of

2239

01:44:21,330 --> 01:44:19,060

cow flesh believe me it's not fun yeah

2240

01:44:23,820 --> 01:44:21,340

well I bet it's not but it must be when

2241

01:44:25,650 --> 01:44:23,830

you get into the cases like the one you

2242

01:44:28,140 --> 01:44:25,660

talked about earlier with the the brain

2243

01:44:31,260 --> 01:44:28,150

cavity was you know dry and empty and

2244

01:44:34,410 --> 01:44:31,270

all that I mean that I mean when

2245

01:44:36,690 --> 01:44:34,420

something is that bizarre I mean it must

2246

01:44:40,710 --> 01:44:36,700

really be fascinating in a way even

2247

01:44:43,550 --> 01:44:40,720

though well yeah and like rubbernecking

2248

01:44:49,410 --> 01:44:43,560

had a really nasty highway accident sure

2249

01:44:51,720 --> 01:44:49,420

yeah and so but how about were you used

2250

01:44:53,820 --> 01:44:51,730

to live our people still trying to get

2251

01:44:56,880 --> 01:44:53,830

in touch with you about ongoing things

2252

01:44:59,570 --> 01:44:56,890

oh yeah yeah they are or Chuck Zukowski

2253

01:45:03,900 --> 01:44:59,580

is getting some of the the more

2254

01:45:05,370 --> 01:45:03,910

questionable cases Chuck's in the you

2255

01:45:09,390 --> 01:45:05,380

know the Front Range Colorado Springs

2256

01:45:11,280 --> 01:45:09,400

Denver area and he's been making some

2257

01:45:13,680 --> 01:45:11,290

hay off cases that happened years ago

2258

01:45:15,089 --> 01:45:13,690

he's still talking about him on to the

2259

01:45:16,919 --> 01:45:15,099

media and stuff

2260

01:45:18,839 --> 01:45:16,929

I normally don't approach the media when

2261

01:45:22,709 --> 01:45:18,849

I when I get a case I tried to keep it

2262

01:45:25,109 --> 01:45:22,719

quiet until my investigation is is

2263

01:45:27,330 --> 01:45:25,119

completed and I have the permission by

2264

01:45:28,890 --> 01:45:27,340

the rancher when ranchers come out and

2265

01:45:33,149 --> 01:45:28,900

really want a lot of publicity and stuff

2266

01:45:35,879 --> 01:45:33,159

and that that's me is a kind of kind of

2267

01:45:38,970 --> 01:45:35,889

you know bells go off um yeah my book

2268

01:45:40,680 --> 01:45:38,980

when that happens especially when you

2269

01:45:42,930 --> 01:45:40,690

don't background check the ranches and

2270

01:45:45,300 --> 01:45:42,940

you find out about insurance scams and

2271

01:45:46,470 --> 01:45:45,310

you know you ask around the ranching

2272

01:45:48,030 --> 01:45:46,480

community well what do you think of this

2273

01:45:50,399 --> 01:45:48,040

guy and then you start comparing

2274

01:45:51,689 --> 01:45:50,409

people's opinions about people Chuck

2275

01:45:54,780 --> 01:45:51,699

doesn't do that

2276

01:45:58,050 --> 01:45:54,790

now unfortunately yeah I investigate I

2277

01:46:00,089 --> 01:45:58,060

investigate the rancher as well as the

2278

01:46:03,240 --> 01:46:00,099

cow believe me yeah when something like

2279

01:46:04,439 --> 01:46:03,250

that happens just is just I have no idea

2280

01:46:05,970 --> 01:46:04,449

how these things work

2281

01:46:09,180 --> 01:46:05,980

what's when something like that happens

2282

01:46:12,629 --> 01:46:09,190

and it's a real mysterious situation are

2283

01:46:14,669 --> 01:46:12,639

they still covered for insurance no very

2284

01:46:16,979 --> 01:46:14,679

few of these ranches ranchers carry

2285

01:46:20,810 --> 01:46:16,989

insurance for their other animals not

2286

01:46:23,430 --> 01:46:20,820

that it's it's just I mean some do but

2287

01:46:26,220 --> 01:46:23,440

you know something like this unless they

2288

01:46:29,220 --> 01:46:26,230

can prove that the animal was was

2289

01:46:32,010 --> 01:46:29,230

targeted it's just it's just written up

2290

01:46:35,430 --> 01:46:32,020

as a as it's just a you know mundane

2291

01:46:39,359 --> 01:46:35,440

natural loss 2% of all cows die every

2292

01:46:42,089 --> 01:46:39,369

year you know 2% of the herd dies every

2293

01:46:43,229 --> 01:46:42,099

year so there's a lot of dead cows out

2294

01:46:44,939 --> 01:46:43,239

there and these these guys generally

2295

01:46:46,589 --> 01:46:44,949

know what they're looking at but you

2296

01:46:48,270 --> 01:46:46,599

know I've had know how many ranches have

2297

01:46:50,910 --> 01:46:48,280

said you have to drain my dam Bessie

2298

01:46:52,830 --> 01:46:50,920

it's drained of blood and all I have to

2299

01:46:54,419 --> 01:46:52,840

do is get you know you know somebody to

2300

01:46:57,959 --> 01:46:54,429

help me and I turn the thing over and

2301
01:47:02,250 --> 01:46:57,969
whoosh yeah keno also activated gravity

2302
01:47:05,819 --> 01:47:02,260
yeah yeah well yeah interesting never

2303
01:47:08,430 --> 01:47:05,829
thought of that Wow yeah well I we're

2304
01:47:10,919 --> 01:47:08,440
just at the end of the show now and do

2305
01:47:14,250 --> 01:47:10,929
you want to go ahead and give out your

2306
01:47:17,609 --> 01:47:14,260
website and also the are you on every

2307
01:47:19,290 --> 01:47:17,619
show of the para cast yeah well I lately

2308
01:47:21,060 --> 01:47:19,300
I've been kind of missing a few but yeah

2309
01:47:24,780 --> 01:47:21,070
generally I am the official co-host for

2310
01:47:28,890 --> 01:47:24,790
the Parekh assets the para cast com th e

2311
01:47:31,620 --> 01:47:28,900
PA RA CAS t-dot-com

2312
01:47:35,730 --> 01:47:31,630
we have a very active forum community

2313
01:47:38,790 --> 01:47:35,740

there we have a 500 plus show archive we

2314

01:47:41,070 --> 01:47:38,800

ask tough questions and and you know we

2315

01:47:43,470 --> 01:47:41,080

really do try to extraordinary claims

2316

01:47:45,900 --> 01:47:43,480

require some evidence you know for the

2317

01:47:48,510 --> 01:47:45,910

most part I know that I've kind of

2318

01:47:51,090 --> 01:47:48,520

mentioned a few that don't that are just

2319

01:47:53,460 --> 01:47:51,100

purely anecdotal but I think my work

2320

01:47:55,230 --> 01:47:53,470

speaks for itself I do have a website

2321

01:47:59,660 --> 01:47:55,240

that hasn't been updated in a while I've

2322

01:48:03,660 --> 01:47:59,670

been so busy our strange planet calm and

2323

01:48:08,700 --> 01:48:03,670

just if you want to peruse through my

2324

01:48:13,250 --> 01:48:08,710
