

A night scene of a marina with a glowing, saucer-shaped object in the sky. The object has several bright lights along its top edge and is positioned in the upper left quadrant. The background shows a dark blue sky, a body of water reflecting lights from the marina, and silhouettes of trees and buildings in the distance.

1
00:00:03,169 --> 00:00:02,389
and it hits me oh my gosh this is that

2
00:00:04,249 --> 00:00:03,179
triangle

3
00:00:05,360 --> 00:00:04,259
you know there's explanation for

4
00:00:07,010 --> 00:00:05,370
everything that appeared in the

5
00:00:08,780 --> 00:00:07,020
Rendlesham forest incident didn't

6
00:00:11,509 --> 00:00:08,790
involve aliens at all

7
00:00:14,419 --> 00:00:11,519
it was completely silent it comes right

8
00:00:16,670 --> 00:00:14,429
over our head it's so classic

9
00:00:18,560 --> 00:00:16,680
flying-saucer really standing in the

10
00:00:19,970 --> 00:00:18,570
clearing he turned over to my father and

11
00:00:25,820 --> 00:00:19,980
held his hand and he looked in his eyes

12
00:00:29,150 --> 00:00:25,830
and said we're not alone welcome to

13
00:00:31,400 --> 00:00:29,160

podcast UFO for our live show we're live

14

00:00:35,060 --> 00:00:31,410

every Wednesday at 8 p.m. Eastern

15

00:00:37,100 --> 00:00:35,070

Standard Time on podcast UFO calm during

16

00:00:39,650 --> 00:00:37,110

the show feel free to participate live

17

00:00:42,639 --> 00:00:39,660

in our chat room and don't forget to

18

00:00:45,020 --> 00:00:42,649

Like us on our very active Facebook page

19

00:00:46,760 --> 00:00:45,030

hello and welcome to the show I'm mark

20

00:00:48,560 --> 00:00:46,770

and Willis your host and thank you for

21

00:00:53,080 --> 00:00:48,570

your patience if you're listening to the

22

00:00:55,850 --> 00:00:53,090

podcast we did the show live but I made

23

00:00:59,479 --> 00:00:55,860

technical boo-boo and somehow did not

24

00:01:03,170 --> 00:00:59,489

record the last show so a couple days

25

00:01:05,240 --> 00:01:03,180

late but we're all here and I want to

26

00:01:08,390 --> 00:01:05,250

thank supporters were supporting the

27

00:01:12,170 --> 00:01:08,400

show it helps out a lot it's the reason

28

00:01:16,219 --> 00:01:12,180

we're here and I have a quick Christmas

29

00:01:18,679 --> 00:01:16,229

drawing and the first one is this was

30

00:01:22,670 --> 00:01:18,689

done the other night through random.org

31

00:01:24,859 --> 00:01:22,680

it's a number generator I took all the

32

00:01:27,740 --> 00:01:24,869

listeners numbers and we put it in a

33

00:01:30,350 --> 00:01:27,750

random generator and came up with the

34

00:01:34,340 --> 00:01:30,360

first prize winner actually you get a

35

00:01:37,219 --> 00:01:34,350

choice of two and it's Stefan B and I'm

36

00:01:39,800 --> 00:01:37,229

going to contact you by email and that

37

00:01:43,340 --> 00:01:39,810

is up either the four nights stay at my

38

00:01:45,679 --> 00:01:43,350

house Stefan you may be overseas so that

39

00:01:48,319 --> 00:01:45,689

may not work for you I don't know what

40

00:01:50,539 --> 00:01:48,329

your situation is or you get the Charles

41

00:01:52,850 --> 00:01:50,549

halt the whole perspective signed book

42

00:01:56,120 --> 00:01:52,860

either one and the second winner was

43

00:01:58,130 --> 00:01:56,130

number 42 David B again in an email both

44

00:02:01,670 --> 00:01:58,140

of you thanks so much for your support

45

00:02:03,200 --> 00:02:01,680

now listen if neither one of these two

46

00:02:05,090 --> 00:02:03,210

gentlemen can make it to my place in

47

00:02:07,760 --> 00:02:05,100

Maine then I will keep drawing until I

48

00:02:10,130 --> 00:02:07,770

can find someone that will listening to

49

00:02:14,000 --> 00:02:10,140

the show you can listen every Wednesday

50

00:02:16,640 --> 00:02:14,010

night at podcast UFO calm at 8:00 to

51
00:02:20,350 --> 00:02:16,650
10 p.m. Eastern Standard Time it's also

52
00:02:22,699 --> 00:02:20,360
it also plays in its entirety as a

53
00:02:24,770 --> 00:02:22,709
podcast on the darknet or digital

54
00:02:27,830 --> 00:02:24,780
network and that's every Thursday at

55
00:02:29,210 --> 00:02:27,840
10:00 to midnight now I'm going to do

56
00:02:32,240 --> 00:02:29,220
something a little different here

57
00:02:35,500 --> 00:02:32,250
because a lot of people that listen to

58
00:02:38,899 --> 00:02:35,510
my show also listen to open minds and

59
00:02:40,880 --> 00:02:38,909
Jason our guest tonight was on open

60
00:02:44,259 --> 00:02:40,890
minds for a long time with Alejandro

61
00:02:47,569 --> 00:02:44,269
they had a great chemistry as a duo and

62
00:02:50,690 --> 00:02:47,579
so I'm gonna have Jason join in as well

63
00:02:56,569 --> 00:02:50,700

right off the bat so Alejandro and Jason

64

00:02:58,009 --> 00:02:56,579

how are you guys hi good thank you and

65

00:03:00,410 --> 00:02:58,019

we have a little practice after the

66

00:03:02,660 --> 00:03:00,420

other night yeah

67

00:03:05,300 --> 00:03:02,670

so when you say they can stay at your

68

00:03:07,280 --> 00:03:05,310

house you do have a bed and breakfast

69

00:03:09,800 --> 00:03:07,290

right so it's not like yeah you know a

70

00:03:12,580 --> 00:03:09,810

regular UFO podcast or where you've got

71

00:03:15,170 --> 00:03:12,590

to kind of brush off the the fast food

72

00:03:17,089 --> 00:03:15,180

leftovers from the couch to make room

73

00:03:22,879 --> 00:03:17,099

for some when the sleepers on the couch

74

00:03:28,789 --> 00:03:22,889

the futon or the VW you know bus in the

75

00:03:30,680 --> 00:03:28,799

yard yeah no it's fine I'm not judging

76

00:03:33,470 --> 00:03:30,690

no actually I'll be a little more

77

00:03:36,349 --> 00:03:33,480

specific I have the main house I live in

78

00:03:39,680 --> 00:03:36,359

then there's a guest house and but it's

79

00:03:44,420 --> 00:03:39,690

a big guest houses could leave up to 10

80

00:03:47,449 --> 00:03:44,430

people and then and then at my house I

81

00:03:50,809 --> 00:03:47,459

also have like a little observation deck

82

00:03:52,759 --> 00:03:50,819

with the telescope and all that so and

83

00:03:55,009 --> 00:03:52,769

I'm overlooking the mountains a mountain

84

00:03:56,960 --> 00:03:55,019

range you can see for miles and miles

85

00:04:00,470 --> 00:03:56,970

which is unusual for Maine because Maine

86

00:04:01,960 --> 00:04:00,480

is has a lot of trees so also that

87

00:04:04,909 --> 00:04:01,970

person will be able to sit in the studio

88

00:04:07,939 --> 00:04:04,919

during one of the live shows if if I can

89

00:04:08,720 --> 00:04:07,949

get to the live shows to work sounds

90

00:04:11,960 --> 00:04:08,730

like that

91

00:04:14,960 --> 00:04:11,970

Batman's like a state or something you

92

00:04:16,550 --> 00:04:14,970

know like well I probably couldn't

93

00:04:19,159 --> 00:04:16,560

afford it in any other part of the

94

00:04:20,629 --> 00:04:19,169

country so you know Maine you can find

95

00:04:24,110 --> 00:04:20,639

some really good deals I guess that's

96

00:04:27,530 --> 00:04:24,120

how that worked out Wow yeah but it's a

97

00:04:30,530 --> 00:04:27,540

fun place yeah yeah so

98

00:04:33,740 --> 00:04:30,540

you two let me just ask you you two were

99

00:04:37,240 --> 00:04:33,750

worked together for how many years a

100

00:04:40,310 --> 00:04:37,250

little more 36 years six six years

101
00:04:41,300 --> 00:04:40,320
consciously subconsciously probably a

102
00:04:45,710 --> 00:04:41,310
couple lifetimes

103
00:04:47,510 --> 00:04:45,720
left yes yeah well that's great so I'm

104
00:04:49,520 --> 00:04:47,520
gonna have you Jason sit in of course

105
00:04:52,370 --> 00:04:49,530
for the news and chime in of and

106
00:04:53,810 --> 00:04:52,380
alejandro what do we have this week what

107
00:04:55,430 --> 00:04:53,820
do we have well you know what's

108
00:04:58,790 --> 00:04:55,440
interesting is what we recorded on

109
00:05:01,070 --> 00:04:58,800
Wednesday today's Friday yesterday

110
00:05:04,570 --> 00:05:01,080
Jason oh no that this can be hard

111
00:05:07,490 --> 00:05:04,580
yesterday was actually a good day for

112
00:05:09,830 --> 00:05:07,500
news in the mainstream press which is of

113
00:05:12,020 --> 00:05:09,840

course what we put in our daily UFO

114

00:05:13,700 --> 00:05:12,030

headlines so I just wanted to highlight

115

00:05:15,890 --> 00:05:13,710

that and tell people they can go check

116

00:05:17,900 --> 00:05:15,900

that at our website you know we have the

117

00:05:19,970 --> 00:05:17,910

latest on the front page but if you go

118

00:05:22,220 --> 00:05:19,980

to articles and the daily UFO headlines

119

00:05:23,840 --> 00:05:22,230

you'll see that just because one of them

120

00:05:26,590 --> 00:05:23,850

is pretty cool it's an interview with

121

00:05:29,300 --> 00:05:26,600

Jeremy Korbelt who's a filmmaker who

122

00:05:31,280 --> 00:05:29,310

every year he submits and films to the

123

00:05:32,720 --> 00:05:31,290

UFO Congress Film Festival and he'll be

124

00:05:36,500 --> 00:05:32,730

doing that again but he's got a great

125

00:05:39,920 --> 00:05:36,510

interview on Omni so people from Omni

126

00:05:41,750 --> 00:05:39,930

interviewed him about his work and also

127

00:05:43,850 --> 00:05:41,760

about Edgar Mitchell because he did some

128

00:05:46,310 --> 00:05:43,860

stuff with him but some other local

129

00:05:48,080 --> 00:05:46,320

sightings and things like that in there

130

00:05:49,760 --> 00:05:48,090

that are kind of cool so it was just

131

00:05:52,700 --> 00:05:49,770

kind of neat that there was yesterday

132

00:05:56,480 --> 00:05:52,710

was such a good news day because today

133

00:05:59,570 --> 00:05:56,490

was not so much but beyond that other

134

00:06:02,330 --> 00:05:59,580

things going on something that we post

135

00:06:05,270 --> 00:06:02,340

recently that is kind of cool

136

00:06:08,540 --> 00:06:05,280

was from Nick Pope so Nick Pope will be

137

00:06:11,840 --> 00:06:08,550

speaking in Roswell this year and so

138

00:06:14,540 --> 00:06:11,850

will I actually you know I got to invite

139

00:06:17,770 --> 00:06:14,550

it's just kind of a funny story Nick

140

00:06:21,140 --> 00:06:17,780

Pope to rot as well for the first time

141

00:06:23,780 --> 00:06:21,150

several years ago and back then they did

142

00:06:25,730 --> 00:06:23,790

a parade they do that now but it's at

143

00:06:29,120 --> 00:06:25,740

night and adjacent scene it's not

144

00:06:30,710 --> 00:06:29,130

impressive it's at night and it's

145

00:06:32,960 --> 00:06:30,720

supposed to be like a light parade but

146

00:06:36,170 --> 00:06:32,970

some of the floats of which are only 5

147

00:06:38,780 --> 00:06:36,180

or 6 forget to put really many lights on

148

00:06:40,520 --> 00:06:38,790

their float and the illumination is

149

00:06:44,390 --> 00:06:40,530

pretty scarce

150

00:06:47,210 --> 00:06:44,400

so it's not all that it could be mmm

151
00:06:49,700 --> 00:06:47,220
they look like real UFOs in yeah yeah

152
00:06:52,940 --> 00:06:49,710
but back in the day they did a real

153
00:06:54,950 --> 00:06:52,950
parade during the day and the streets

154
00:06:59,570 --> 00:06:54,960
are lined with people but it was so

155
00:07:01,310 --> 00:06:59,580
funny to see Nick Pope you know with the

156
00:07:04,940 --> 00:07:01,320
American flag at the time he was still

157
00:07:06,860 --> 00:07:04,950
you living in the UK you know waving

158
00:07:08,630 --> 00:07:06,870
that around and it was he said it was

159
00:07:10,610 --> 00:07:08,640
his first you know kind of American

160
00:07:13,280 --> 00:07:10,620
parade they don't really have parades

161
00:07:15,110 --> 00:07:13,290
like that out in the UK so it was just

162
00:07:18,860 --> 00:07:15,120
this big smile it was such an experience

163
00:07:20,570 --> 00:07:18,870

but um anyway getting back to what I'm

164

00:07:22,370 --> 00:07:20,580

supposed to be talking about he wrote

165

00:07:24,260 --> 00:07:22,380

something that we posted he wrote it

166

00:07:26,330 --> 00:07:24,270

actually for the Roswell Daily Record

167

00:07:29,570 --> 00:07:26,340

and essentially what they're trying to

168

00:07:31,370 --> 00:07:29,580

do is ask people especially locals or

169

00:07:33,830 --> 00:07:31,380

people who used to live in Roswell or

170

00:07:36,730 --> 00:07:33,840

were affiliated at with with it at all

171

00:07:39,950 --> 00:07:36,740

to kind of look through their

172

00:07:42,860 --> 00:07:39,960

photographs or family photos their their

173

00:07:45,440 --> 00:07:42,870

trinket boxes in the Attic their their

174

00:07:49,909 --> 00:07:45,450

chests to try to see if they can find

175

00:07:55,300 --> 00:07:49,919

anything that pertains to the famous

176

00:07:57,920 --> 00:07:55,310

alleged crash in 1947 so kind of cool

177

00:07:59,930 --> 00:07:57,930

they essentially you know some person

178

00:08:01,670 --> 00:07:59,940

was criticizing that case is so old what

179

00:08:05,090 --> 00:08:01,680

are we looking at that again and he said

180

00:08:08,390 --> 00:08:05,100

you know when nothing else works you

181

00:08:10,100 --> 00:08:08,400

know let's try something new so they're

182

00:08:13,460 --> 00:08:10,110

hoping someone will come up with some

183

00:08:16,969 --> 00:08:13,470

sort of evidence and hopefully it'll be

184

00:08:23,659 --> 00:08:16,979

better than a whole picture of a

185

00:08:26,210 --> 00:08:23,669

mummified person and from from look like

186

00:08:28,850 --> 00:08:26,220

we saw unfortunately not too long to go

187

00:08:31,480 --> 00:08:28,860

so your old mummified boy or whatever it

188

00:08:34,550 --> 00:08:31,490

was yeah good times good times

189

00:08:37,310 --> 00:08:34,560

exactly otherwise also in Roswell news

190

00:08:42,010 --> 00:08:37,320

we did post recently Roger Marsh been

191

00:08:44,630 --> 00:08:42,020

posting a lot of triangular UFO

192

00:08:46,550 --> 00:08:44,640

sightings lately like a ton of them and

193

00:08:49,520 --> 00:08:46,560

I don't know if it's just he has a big

194

00:08:51,590 --> 00:08:49,530

interest in that Roger Marsh is the

195

00:08:53,690 --> 00:08:51,600

MUFON director of communications you

196

00:08:54,410 --> 00:08:53,700

know and so he's been posting MUFON

197

00:08:57,829 --> 00:08:54,420

sighting

198

00:09:01,970 --> 00:08:57,839

portes one of those from Roswell another

199

00:09:05,240 --> 00:09:01,980

one from Hollywood more recent one with

200

00:09:10,069 --> 00:09:05,250

some drawings from Florida or as you put

201

00:09:12,319 --> 00:09:10,079

it drawings so a lot of really

202

00:09:15,290 --> 00:09:12,329

interesting triangular sites and as

203

00:09:18,800 --> 00:09:15,300

we've talked about before you know a lot

204

00:09:21,889 --> 00:09:18,810

of the triangular UFO sightings seem to

205

00:09:23,569 --> 00:09:21,899

be kind of closer they seem to be you

206

00:09:25,189 --> 00:09:23,579

know not too far one of these people

207

00:09:28,639 --> 00:09:25,199

said 20 feet above the ground

208

00:09:31,550 --> 00:09:28,649

another said a hundred to 200 I think a

209

00:09:34,699 --> 00:09:31,560

lot of them are aircraft you know just

210

00:09:36,129 --> 00:09:34,709

commercial jet where their lights look

211

00:09:39,199 --> 00:09:36,139

like they're in a triangular formation

212

00:09:40,550 --> 00:09:39,209

however some of these perhaps not where

213

00:09:42,710 --> 00:09:40,560

they say they've seen them closer and

214

00:09:46,370 --> 00:09:42,720

they distinctly see the outline of a

215

00:09:47,900 --> 00:09:46,380

black you know triangular craft and as

216

00:09:51,139 --> 00:09:47,910

in one of these drawings the one from

217

00:09:56,120 --> 00:09:51,149

Florida recently you can see that so

218

00:09:58,370 --> 00:09:56,130

yeah a lot of triangular UFOs being seen

219

00:10:00,590 --> 00:09:58,380

yeah and a lot of them like float or

220

00:10:03,199 --> 00:10:00,600

people say they float there's no no

221

00:10:07,910 --> 00:10:03,209

sound and all that but you know getting

222

00:10:09,319 --> 00:10:07,920

back to Roswell a lot of times I think

223

00:10:12,430 --> 00:10:09,329

that's actually a very good idea what

224

00:10:14,840 --> 00:10:12,440

they're doing because there could be

225

00:10:15,980 --> 00:10:14,850

correspondence out there and it doesn't

226

00:10:19,280 --> 00:10:15,990

have to be just people who live in

227

00:10:22,970 --> 00:10:19,290

Roswell someone because you know

228

00:10:25,759 --> 00:10:22,980

situations like say when President

229

00:10:28,400 --> 00:10:25,769

Abraham Lincoln was assassinated letters

230

00:10:31,340 --> 00:10:28,410

went out everywhere so a lot of times

231

00:10:33,139 --> 00:10:31,350

those letters have a lot of value and

232

00:10:34,819 --> 00:10:33,149

that's the same thing that could have

233

00:10:36,590 --> 00:10:34,829

happened with Roswell could have been

234

00:10:38,439 --> 00:10:36,600

people writing you know their relatives

235

00:10:41,150 --> 00:10:38,449

hey you can't believe what happened here

236

00:10:43,220 --> 00:10:41,160

none of that stuff is a smoking gun but

237

00:10:45,710 --> 00:10:43,230

it's it's all all very interesting and

238

00:10:48,139 --> 00:10:45,720

could solidify you know things that

239

00:10:51,620 --> 00:10:48,149

happened a little more mm-hmm

240

00:10:54,439 --> 00:10:51,630

I get the mindset that many share of the

241

00:10:56,509 --> 00:10:54,449

pooh-poohing the old cases because look

242

00:10:58,189 --> 00:10:56,519

we tend to have short attention spans

243

00:11:00,559 --> 00:10:58,199

it's something old we want new things

244

00:11:02,750 --> 00:11:00,569

we're tired of hearing about Roswell

245

00:11:05,840 --> 00:11:02,760

over and over and over again with the

246

00:11:07,550 --> 00:11:05,850

same details that we've had for decades

247

00:11:08,360 --> 00:11:07,560

but

248

00:11:09,980 --> 00:11:08,370

when you're dealing with something

249

00:11:11,540 --> 00:11:09,990

that's mysterious and granted not

250

00:11:13,910 --> 00:11:11,550

everybody feels that Roswell is

251

00:11:16,610 --> 00:11:13,920

mysterious some people like the Air

252

00:11:18,710 --> 00:11:16,620

Force's explanation and and you know as

253

00:11:20,660 --> 00:11:18,720

the Air Force has told this time and

254

00:11:21,800 --> 00:11:20,670

time again they feel that Roswell is

255

00:11:25,100 --> 00:11:21,810

case closed

256

00:11:28,190 --> 00:11:25,110

what look I mean many of us feel myself

257

00:11:32,140 --> 00:11:28,200

included that there's still a mystery as

258

00:11:35,210 --> 00:11:32,150

far as the Roswell case goes and our

259

00:11:38,150 --> 00:11:35,220

people still holding on to material

260

00:11:40,340 --> 00:11:38,160

collected or information or other things

261

00:11:42,680 --> 00:11:40,350

related to this case that could shed new

262

00:11:44,720 --> 00:11:42,690

light on it possibly but we don't know

263

00:11:46,790 --> 00:11:44,730

until we look you're dealing with a

264

00:11:49,190 --> 00:11:46,800

mystery and as long as the mystery is

265

00:11:54,320 --> 00:11:49,200

there and we don't have complete closure

266

00:11:58,670 --> 00:11:54,330

or a satisfactory complete explanation I

267

00:12:02,329 --> 00:11:58,680

think any any effort to dig out more

268

00:12:05,180 --> 00:12:02,339

information is good I do too and I also

269

00:12:07,180 --> 00:12:05,190

think that it's it is possible maybe

270

00:12:11,960 --> 00:12:07,190

someone has a little piece of that metal

271

00:12:13,910 --> 00:12:11,970

you know that has eluded us for so long

272

00:12:16,010 --> 00:12:13,920

you know everyone that had kept those

273

00:12:18,079 --> 00:12:16,020

pieces of little scraps of bendable

274

00:12:20,030 --> 00:12:18,089

metal that reformed when you held her

275

00:12:23,000 --> 00:12:20,040

out in your hand if we had just one

276

00:12:25,130 --> 00:12:23,010

piece of that that could have come from

277

00:12:27,410 --> 00:12:25,140

there and explored to see what the heck

278

00:12:28,790 --> 00:12:27,420

it was you know that may have some

279

00:12:31,220 --> 00:12:28,800

answers to I don't know if that's ever

280

00:12:32,720 --> 00:12:31,230

going to happen yeah if it could be

281

00:12:34,430 --> 00:12:32,730

there that's right

282

00:12:36,050 --> 00:12:34,440

it'll be fun to see what if anything

283

00:12:39,230 --> 00:12:36,060

they come up with so I certainly wish

284

00:12:43,340 --> 00:12:39,240

him luck yeah I mean we posted not too

285

00:12:45,260 --> 00:12:43,350

long ago a story from and it was sky

286

00:12:47,090 --> 00:12:45,270

ships over cashiers I think that that's

287

00:12:49,250 --> 00:12:47,100

the name of the site they had

288

00:12:52,790 --> 00:12:49,260

interviewed a woman who claimed that

289

00:12:54,590 --> 00:12:52,800

when she was a child her friend you know

290

00:12:56,090 --> 00:12:54,600

she lived worked on I think it was right

291

00:12:58,250 --> 00:12:56,100

Patterson I can't remember which Air

292

00:13:00,740 --> 00:12:58,260

Force Base and she had seen some of this

293

00:13:04,250 --> 00:13:00,750

material and had described it she seemed

294

00:13:07,130 --> 00:13:04,260

very credible in that interview that's a

295

00:13:09,530 --> 00:13:07,140

possibility so those people could still

296

00:13:11,780 --> 00:13:09,540

have that material you never know I

297

00:13:13,670 --> 00:13:11,790

guess what might be out there and the

298

00:13:16,250 --> 00:13:13,680

thing is is that you know especially

299

00:13:18,140 --> 00:13:16,260

with this one the mystery to your point

300

00:13:20,870 --> 00:13:18,150

that we don't necessarily have all the

301
00:13:21,319 --> 00:13:20,880
answers is at first you know they showed

302
00:13:24,109 --> 00:13:21,329
that

303
00:13:26,109 --> 00:13:24,119
material from a weather balloon later on

304
00:13:29,840 --> 00:13:26,119
the Air Force said that was

305
00:13:31,340 --> 00:13:29,850
disinformation now that was not a debris

306
00:13:35,269 --> 00:13:31,350
and this is according to the Air Force

307
00:13:39,049 --> 00:13:35,279
so and then the explanations of why that

308
00:13:42,289 --> 00:13:39,059
was done to cover up other potential you

309
00:13:45,769 --> 00:13:42,299
know to cover up the the other balloon

310
00:13:47,629 --> 00:13:45,779
that was being used for to look at

311
00:13:52,160 --> 00:13:47,639
listen in on the Russians and if they're

312
00:13:52,759 --> 00:13:52,170
there nuclear testing right the mogul

313
00:13:55,009 --> 00:13:52,769

with that

314

00:13:58,999 --> 00:13:55,019

yeah which which people question whether

315

00:14:00,590 --> 00:13:59,009

or not that really fits you know but so

316

00:14:04,789 --> 00:14:00,600

their own kind of hemming and hawing

317

00:14:06,859 --> 00:14:04,799

around it has created this mystery so it

318

00:14:08,780 --> 00:14:06,869

continues to exist now the Roswell Daily

319

00:14:11,299 --> 00:14:08,790

Record says if you do have something you

320

00:14:13,609 --> 00:14:11,309

can contact them they'll actually have a

321

00:14:15,739 --> 00:14:13,619

booth at the UFO Congress this year also

322

00:14:17,600 --> 00:14:15,749

so we'll have the Roswell Daily Record

323

00:14:20,629 --> 00:14:17,610

they're talking about their event in

324

00:14:23,660 --> 00:14:20,639

July and though they'll have some of

325

00:14:26,689 --> 00:14:23,670

their newspapers from when this happened

326

00:14:29,389 --> 00:14:26,699

in 1947 and so they'll be handing those

327

00:14:32,179 --> 00:14:29,399

out and other things too do you think

328

00:14:34,100 --> 00:14:32,189

someone will turn in that stolen UFO

329

00:14:36,049 --> 00:14:34,110

that fell the flying saucer that fell

330

00:14:37,220 --> 00:14:36,059

off of the museum well that was

331

00:14:42,679 --> 00:14:37,230

discovered

332

00:14:44,299 --> 00:14:42,689

evidence no what happened is it looked

333

00:14:48,049 --> 00:14:44,309

like they ditched it on the side of the

334

00:14:50,869 --> 00:14:48,059

road and so it it was more debris debris

335

00:14:52,879 --> 00:14:50,879

so it was found destroyed on the side of

336

00:14:55,369 --> 00:14:52,889

the road they probably just chucked it

337

00:14:58,879 --> 00:14:55,379

out of their car unfortunately yeah or

338

00:15:06,229 --> 00:14:58,889

float it out yeah yeah yeah other

339

00:15:09,859 --> 00:15:06,239

cover-up well yeah you got more stuff

340

00:15:10,729 --> 00:15:09,869

alejandro right that's essentially it I

341

00:15:14,449 --> 00:15:10,739

think yeah

342

00:15:18,650 --> 00:15:14,459

well I do want to say to the audience

343

00:15:22,369 --> 00:15:18,660

out there check out was last Sunday I

344

00:15:25,729 --> 00:15:22,379

the date I think was the 18th alejandro

345

00:15:27,769 --> 00:15:25,739

was on coast to coast a great show so

346

00:15:29,749 --> 00:15:27,779

the listener try to check that out you

347

00:15:31,639 --> 00:15:29,759

might be able to find that online or

348

00:15:33,710 --> 00:15:31,649

some of you that listen maybe subscribe

349

00:15:35,000 --> 00:15:33,720

to coast to coast but I thought you did

350

00:15:37,730 --> 00:15:35,010

a great job Alejandro was real

351

00:15:40,460 --> 00:15:37,740

good really interests thank you very

352

00:15:43,160 --> 00:15:40,470

much yeah it was great to talk to George

353

00:15:45,680 --> 00:15:43,170

Knapp about that stuff in particular

354

00:15:47,480 --> 00:15:45,690

because several of those stories having

355

00:15:51,110 --> 00:15:47,490

to do with like the Clinton campaign or

356

00:15:54,080 --> 00:15:51,120

with John Podesta and Tom DeLonge he was

357

00:15:55,730 --> 00:15:54,090

involved with you know I think people

358

00:15:57,230 --> 00:15:55,740

George Knapp is such an important person

359

00:16:01,010 --> 00:15:57,240

in this field someone in mainstream

360

00:16:03,830 --> 00:16:01,020

media who's always tackling this topic

361

00:16:06,550 --> 00:16:03,840

and you know it's his organization that

362

00:16:08,840 --> 00:16:06,560

interviewed Hillary or at least asked

363

00:16:11,810 --> 00:16:08,850

Podesta about UFOs so that was

364

00:16:13,070 --> 00:16:11,820

interesting and then also you know

365

00:16:17,510 --> 00:16:13,080

George Knapp has been kind of a

366

00:16:19,550 --> 00:16:17,520

confidante of Tom DeLong's and all of

367

00:16:21,920 --> 00:16:19,560

this information about Tom DeLonge

368

00:16:23,990 --> 00:16:21,930

talking to these Air Force generals and

369

00:16:27,170 --> 00:16:24,000

things like that is absolutely

370

00:16:30,200 --> 00:16:27,180

fascinating yeah and I'm sure you'll get

371

00:16:31,580 --> 00:16:30,210

yeah right yeah I was gonna say I'm sure

372

00:16:33,920 --> 00:16:31,590

you'll get into that with Jason because

373

00:16:35,750 --> 00:16:33,930

Jason has interviewed Tom DeLonge and

374

00:16:38,840 --> 00:16:35,760

worked for him for a period of time so

375

00:16:41,750 --> 00:16:38,850

right oh well hey thanks so much I'll

376

00:16:43,910 --> 00:16:41,760

I'll go and have a great Christmas yes

377

00:16:45,190 --> 00:16:43,920

you too both of you have a great

378

00:16:50,780 --> 00:16:45,200

Christmas

379

00:16:54,410 --> 00:16:50,790

Festivus friend happy Festivus for the

380

00:16:55,910 --> 00:16:54,420

rest of us all right okay my grievances

381

00:16:57,830 --> 00:16:55,920

later and then we can do the feats of

382

00:16:59,600 --> 00:16:57,840

strength yep and then we'll have

383

00:17:02,240 --> 00:16:59,610

burritos Jason and I were planning on

384

00:17:05,569 --> 00:17:02,250

having a burrito lunch at this time I

385

00:17:10,010 --> 00:17:05,579

know but we for four went is that the

386

00:17:12,590 --> 00:17:10,020

word for goaded for goat or goaded that

387

00:17:14,860 --> 00:17:12,600

burrito lunch in order to to be talking

388

00:17:20,180 --> 00:17:14,870

with you my friend I think that's very

389

00:17:22,069 --> 00:17:20,190

buried owes for UFOs man that's yes I'm

390

00:17:24,380 --> 00:17:22,079

gonna go get a burrito right now you

391

00:17:24,829 --> 00:17:24,390

should enjoy my friend all right all

392

00:17:26,660 --> 00:17:24,839

right

393

00:17:30,830 --> 00:17:26,670

take care talk to you later yeah guys

394

00:17:33,560 --> 00:17:30,840

all right so Jason again thanks again

395

00:17:36,380 --> 00:17:33,570

for being willing to come back and

396

00:17:40,610 --> 00:17:36,390

really enjoy - yeah that's right really

397

00:17:42,110 --> 00:17:40,620

enjoyed our our talk we have some one of

398

00:17:45,050 --> 00:17:42,120

the things I forgot to do and I'm really

399

00:17:46,550 --> 00:17:45,060

lucky that I thought of it it was check

400

00:17:48,560 --> 00:17:46,560

the forum there's some questions up

401
00:17:52,340 --> 00:17:48,570
there in the forum but first of all

402
00:17:54,860 --> 00:17:52,350
for the person who this show is listen

403
00:17:57,890 --> 00:17:54,870
to all over the globe so for someone

404
00:18:01,880 --> 00:17:57,900
that doesn't know who Jason McClellan is

405
00:18:05,290 --> 00:18:01,890
please give them give us your background

406
00:18:09,680 --> 00:18:05,300
and what you know got you into this

407
00:18:13,720 --> 00:18:09,690
unusual topic absolutely well I have

408
00:18:20,720 --> 00:18:13,730
been in sort of inside the UFO world

409
00:18:24,020 --> 00:18:20,730
since about 2008 or so and I was given

410
00:18:28,880 --> 00:18:24,030
the unique opportunity to work in the

411
00:18:32,660 --> 00:18:28,890
field full-time not just doing it for

412
00:18:34,910 --> 00:18:32,670
for you know all day every day but doing

413
00:18:38,150 --> 00:18:34,920

it and being being paid to do it so as a

414

00:18:42,200 --> 00:18:38,160

salared full-time position I served as

415

00:18:44,330 --> 00:18:42,210

a basically a journalist and researcher

416

00:18:48,500 --> 00:18:44,340

fully devoted to UFOs and

417

00:18:50,930 --> 00:18:48,510

extraterrestrials so was the actually

418

00:18:53,330 --> 00:18:50,940

the first first official employee and

419

00:18:56,600 --> 00:18:53,340

helped in the formation of UFO media

420

00:19:00,080 --> 00:18:56,610

company open minds and kind of helped

421

00:19:05,290 --> 00:19:00,090

put all that together and create it into

422

00:19:07,460 --> 00:19:05,300

what it is today and also helped in

423

00:19:09,320 --> 00:19:07,470

organizing and producing the

424

00:19:11,750 --> 00:19:09,330

International UFO Congress and helping

425

00:19:13,640 --> 00:19:11,760

grow that to the OEL largest annual UFO

426
00:19:15,830 --> 00:19:13,650
conference in the world so we got to do

427
00:19:17,900 --> 00:19:15,840
a lot of great work at open minds and

428
00:19:21,050 --> 00:19:17,910
that was a fantastic experience for me

429
00:19:25,610 --> 00:19:21,060
and did that for more than six years as

430
00:19:28,850 --> 00:19:25,620
we mentioned before so really went deep

431
00:19:31,100 --> 00:19:28,860
down the rabbit hole and had to get up

432
00:19:34,430 --> 00:19:31,110
to speed on everything UFO pretty

433
00:19:37,640 --> 00:19:34,440
quickly because my knowledge up to that

434
00:19:38,990 --> 00:19:37,650
point was was little you know like a lot

435
00:19:42,860 --> 00:19:39,000
of people getting into the field I had a

436
00:19:45,050 --> 00:19:42,870
casual interest but most of my early

437
00:19:46,580 --> 00:19:45,060
interest was spawned you know through

438
00:19:50,090 --> 00:19:46,590

sci-fi I was a big sci-fi fan watched a

439

00:19:52,910 --> 00:19:50,100

lot of Star Trek Star Wars and other are

440

00:19:53,990 --> 00:19:52,920

there sci-fi quite regularly and I grew

441

00:19:56,570 --> 00:19:54,000

up in the middle of the desert it had a

442

00:19:58,400 --> 00:19:56,580

wonderful view of the night sky went

443

00:20:00,380 --> 00:19:58,410

camping almost every weekend and just

444

00:20:01,590 --> 00:20:00,390

you know spent the nights staring up at

445

00:20:03,960 --> 00:20:01,600

the sky

446

00:20:07,080 --> 00:20:03,970

thinking about everything that that

447

00:20:10,470 --> 00:20:07,090

could and is out there and also seeing

448

00:20:12,750 --> 00:20:10,480

you know strange things moving through

449

00:20:16,890 --> 00:20:12,760

the sky and and hovering and doing weird

450

00:20:19,050 --> 00:20:16,900

things that I knew didn't really fit you

451
00:20:22,980 --> 00:20:19,060
know anything I'd seen or things that as

452
00:20:25,440 --> 00:20:22,990
I understood the logic or physics or

453
00:20:27,690 --> 00:20:25,450
things like that so you know I'm a

454
00:20:30,240 --> 00:20:27,700
curious person person and I enjoy

455
00:20:32,540 --> 00:20:30,250
exploring mysteries so the mysteries of

456
00:20:35,970 --> 00:20:32,550
the universe have always fascinated me

457
00:20:38,520 --> 00:20:35,980
and I enjoy looking for for answers and

458
00:20:41,880 --> 00:20:38,530
exploring those things so you know I've

459
00:20:44,250 --> 00:20:41,890
had an interesting career to this point

460
00:20:46,440 --> 00:20:44,260
really focused on UFOs and

461
00:20:48,570 --> 00:20:46,450
extraterrestrial life and you know

462
00:20:50,460 --> 00:20:48,580
although that's not my full-time focus

463
00:20:51,960 --> 00:20:50,470

anymore it's still something that's very

464

00:20:54,260 --> 00:20:51,970

important to me and something I stay

465

00:20:58,440 --> 00:20:54,270

very active in I launched the company

466

00:21:00,180 --> 00:20:58,450

called rogue planet and with my friends

467

00:21:03,780 --> 00:21:00,190

and colleagues Maureen Elsberry and Ryan

468

00:21:06,900 --> 00:21:03,790

Sprague we do quite a few things maybe

469

00:21:08,190 --> 00:21:06,910

we still post regular UFO headlines UFO

470

00:21:10,950 --> 00:21:08,200

related articles and things like that

471

00:21:13,140 --> 00:21:10,960

but we do a fair amount of podcasting we

472

00:21:16,290 --> 00:21:13,150

started a UFO podcast it's a biweekly

473

00:21:18,320 --> 00:21:16,300

podcast called UFO mod pod and we do

474

00:21:21,690 --> 00:21:18,330

that sort of as a roundtable discussion

475

00:21:23,490 --> 00:21:21,700

and all the way I think people you know

476

00:21:26,940 --> 00:21:23,500

within the UFO community already will

477

00:21:27,360 --> 00:21:26,950

find it interesting and you know a good

478

00:21:30,210 --> 00:21:27,370

show

479

00:21:32,310 --> 00:21:30,220

we a lot a lot of what we do we tend to

480

00:21:35,730 --> 00:21:32,320

focus on people outside that that

481

00:21:37,860 --> 00:21:35,740

already existing UFO community because I

482

00:21:39,090 --> 00:21:37,870

think there's a big need for that you

483

00:21:39,930 --> 00:21:39,100

and I have talked about this before and

484

00:21:43,920 --> 00:21:39,940

we certainly talked about it a couple

485

00:21:45,630 --> 00:21:43,930

days ago but you know when you talk to

486

00:21:46,800 --> 00:21:45,640

people about UFOs and extraterrestrials

487

00:21:48,960 --> 00:21:46,810

it becomes more and more apparent that

488

00:21:50,750 --> 00:21:48,970

really everybody is interested in these

489

00:21:53,700 --> 00:21:50,760

topics you know in one way or another

490

00:21:55,740 --> 00:21:53,710

they have an interest whether it's you

491

00:21:59,220 --> 00:21:55,750

know just kind of a casual oh that

492

00:22:01,530 --> 00:21:59,230

sounds kind of neat or my uncle said he

493

00:22:03,360 --> 00:22:01,540

saw a UFO or something like that you

494

00:22:05,640 --> 00:22:03,370

know everybody's got some sort of UFO

495

00:22:07,170 --> 00:22:05,650

story apparently it's fascinating how

496

00:22:09,180 --> 00:22:07,180

that unfolds when you bring up the topic

497

00:22:14,940 --> 00:22:09,190

but people are interested in the topic

498

00:22:16,470 --> 00:22:14,950

so I like to try to present UFOs

499

00:22:20,820 --> 00:22:16,480

specifically but also actually trust

500

00:22:23,340 --> 00:22:20,830

your life as a more digestible easy more

501
00:22:26,130 --> 00:22:23,350
make it more I guess easily accessible

502
00:22:28,170 --> 00:22:26,140
for people who just have that casual

503
00:22:30,150 --> 00:22:28,180
interest present them you know

504
00:22:32,850 --> 00:22:30,160
introductory information bits and pieces

505
00:22:35,370 --> 00:22:32,860
here little bits you know teasers baby

506
00:22:37,590 --> 00:22:35,380
steps and get them interested and then

507
00:22:39,720 --> 00:22:37,600
through that they'll take their own

508
00:22:42,510 --> 00:22:39,730
initiative to do their own research and

509
00:22:44,520 --> 00:22:42,520
then start listening to shows like yours

510
00:22:47,700 --> 00:22:44,530
and shows like open minds UFO radio and

511
00:22:49,890 --> 00:22:47,710
going to UFO related conferences and you

512
00:22:52,350 --> 00:22:49,900
know really taking that that next active

513
00:22:54,630 --> 00:22:52,360

step to gaining more information and

514

00:22:57,830 --> 00:22:54,640

doing their own exploration it's kind of

515

00:23:01,950 --> 00:22:57,840

weird you know I I started this show

516

00:23:06,540 --> 00:23:01,960

when I had basically very little

517

00:23:09,630 --> 00:23:06,550

knowledge and very looked hardly at all

518

00:23:12,270 --> 00:23:09,640

into the topic only for the reason that

519

00:23:14,000 --> 00:23:12,280

I had a sighting and the sighting

520

00:23:16,470 --> 00:23:14,010

changed you know everything basically

521

00:23:18,510 --> 00:23:16,480

and I was on someone else's show wasn't

522

00:23:22,050 --> 00:23:18,520

even about UFOs or anything was actually

523

00:23:24,390 --> 00:23:22,060

a comedian out in LA had a podcast I was

524

00:23:26,820 --> 00:23:24,400

on that and brought up the sighting he

525

00:23:28,650 --> 00:23:26,830

teased me about it and then a few weeks

526

00:23:31,260 --> 00:23:28,660

later he said boy you're the show has

527

00:23:33,810 --> 00:23:31,270

gotten a lot of hits and and he says and

528

00:23:36,360 --> 00:23:33,820

it's the word it's the topic of UFOs and

529

00:23:39,600 --> 00:23:36,370

that's actually what spawned me starting

530

00:23:41,160 --> 00:23:39,610

this show you know and then I just

531

00:23:43,140 --> 00:23:41,170

started looking heavily into the topic

532

00:23:46,650 --> 00:23:43,150

that was back and I think it was just

533

00:23:48,210 --> 00:23:46,660

2011 so not too long that's fantastic

534

00:23:52,470 --> 00:23:48,220

and you know it's a great way to do it I

535

00:23:55,650 --> 00:23:52,480

mean I know that in my pursuits and the

536

00:23:58,800 --> 00:23:55,660

things that that I do publicly you know

537

00:24:02,760 --> 00:23:58,810

whether it's posting UFO related

538

00:24:06,410 --> 00:24:02,770

articles or UFO headlines or podcasts

539

00:24:09,750 --> 00:24:06,420

about UFOs you know a big part of that

540

00:24:11,250 --> 00:24:09,760

not is not only to produce content and

541

00:24:14,040 --> 00:24:11,260

get information out to people so they

542

00:24:15,240 --> 00:24:14,050

can you know digest it and do their own

543

00:24:17,970 --> 00:24:15,250

research and make up their own minds

544

00:24:19,860 --> 00:24:17,980

about these things but it's also for me

545

00:24:22,470 --> 00:24:19,870

it's a you know a selfish thing it's

546

00:24:25,560 --> 00:24:22,480

it's my way of staying current with

547

00:24:27,360 --> 00:24:25,570

information my way of you know learning

548

00:24:30,510 --> 00:24:27,370

the new things that are out there and

549

00:24:32,670 --> 00:24:30,520

way of talking and having these

550

00:24:34,410 --> 00:24:32,680

discussions with people who are doing

551
00:24:36,420 --> 00:24:34,420
more research and our you know

552
00:24:39,210 --> 00:24:36,430
personally involved in these fields

553
00:24:42,750 --> 00:24:39,220
that's my way of learning more and you

554
00:24:44,820 --> 00:24:42,760
know contributing in this exploration as

555
00:24:47,580 --> 00:24:44,830
we go I mean that's my thing always try

556
00:24:50,130 --> 00:24:47,590
to keep learning because you know that's

557
00:24:51,420 --> 00:24:50,140
that's how that's really the best way I

558
00:24:53,190 --> 00:24:51,430
think to do it because I don't know I

559
00:24:54,660 --> 00:24:53,200
certainly not the time to go and

560
00:24:57,210 --> 00:24:54,670
investigate sightings and talk to people

561
00:24:59,040 --> 00:24:57,220
who claim to have you know sightings or

562
00:25:00,540 --> 00:24:59,050
encounters or things like that so you

563
00:25:02,910 --> 00:25:00,550

know just having the dialogue with

564

00:25:05,340 --> 00:25:02,920

people and and you know that's the best

565

00:25:09,390 --> 00:25:05,350

way I think to keep yourself current

566

00:25:11,790 --> 00:25:09,400

with the the latest research and to keep

567

00:25:13,590 --> 00:25:11,800

your mind kind of spinning and putting

568

00:25:14,190 --> 00:25:13,600

things together as you're piecing the

569

00:25:16,950 --> 00:25:14,200

puzzle together

570

00:25:18,570 --> 00:25:16,960

I guess that's that's kind of what I did

571

00:25:21,150 --> 00:25:18,580

and have been doing it's like an

572

00:25:23,340 --> 00:25:21,160

immersion into the time that's like with

573

00:25:25,590 --> 00:25:23,350

them with people that really have

574

00:25:27,330 --> 00:25:25,600

explored it deeply and yeah I find it

575

00:25:31,260 --> 00:25:27,340

fascinating and love love doing this

576

00:25:32,510 --> 00:25:31,270

open minds how did you find them or how

577

00:25:37,530 --> 00:25:32,520

did they find you

578

00:25:39,900 --> 00:25:37,540

so I was previously working doing

579

00:25:42,510 --> 00:25:39,910

internet marketing for another company

580

00:25:45,720 --> 00:25:42,520

and the owner of that company expressed

581

00:25:47,460 --> 00:25:45,730

to me his interest and you know strong

582

00:25:49,140 --> 00:25:47,470

interest in UFOs and extraterrestrials

583

00:25:51,240 --> 00:25:49,150

and told me that he thought about

584

00:25:53,400 --> 00:25:51,250

starting a magazine and a company

585

00:25:55,470 --> 00:25:53,410

focused solely on UFOs and

586

00:25:57,270 --> 00:25:55,480

extraterrestrials so of course that

587

00:26:00,270 --> 00:25:57,280

piqued my interest and he knew my

588

00:26:02,040 --> 00:26:00,280

background in video production and and

589

00:26:04,230 --> 00:26:02,050

just media production in general and

590

00:26:06,120 --> 00:26:04,240

writing and things like that so we

591

00:26:09,150 --> 00:26:06,130

started talking and you know over the

592

00:26:11,970 --> 00:26:09,160

course of a year kind of put the pieces

593

00:26:15,210 --> 00:26:11,980

all together everything lined up and

594

00:26:16,970 --> 00:26:15,220

eventually I launched a UFO company

595

00:26:19,530 --> 00:26:16,980

which is open minds and so I

596

00:26:23,549 --> 00:26:19,540

transitioned over from one company to

597

00:26:25,919 --> 00:26:23,559

the other Wow great place right time yes

598

00:26:28,980 --> 00:26:25,929

one of those things so it was it was

599

00:26:31,470 --> 00:26:28,990

destiny right now we're going to be

600

00:26:34,080 --> 00:26:31,480

talking about your book right away when

601
00:26:37,410 --> 00:26:34,090
I saw your book title I had to laugh

602
00:26:40,320 --> 00:26:37,420
because it the the title you see is only

603
00:26:41,220 --> 00:26:40,330
weirdo see UFOs and you know I mean

604
00:26:43,110 --> 00:26:41,230
that's that

605
00:26:45,780 --> 00:26:43,120
kind of like the stigma you hear a lot

606
00:26:49,049 --> 00:26:45,790
but if we read the you know you continue

607
00:26:51,840 --> 00:26:49,059
on in the smaller print of the of the

608
00:26:55,830 --> 00:26:51,850
title and introduction to the public's

609
00:26:58,380 --> 00:26:55,840
misconception of Ariel of a unidentified

610
00:27:01,380 --> 00:26:58,390
aerial phenomena and extraterrestrial

611
00:27:04,940 --> 00:27:01,390
life that's the total cover it's a great

612
00:27:07,770 --> 00:27:04,950
book I've been reading it on Kindle and

613
00:27:12,060 --> 00:27:07,780

the graphic on the front you said was

614

00:27:15,419 --> 00:27:12,070

Caleb's who was it that did the graphic

615

00:27:20,070 --> 00:27:15,429

yeah yeah it's Caleb hangs kissing

616

00:27:22,530 --> 00:27:20,080

amazing artist and he is a musician an

617

00:27:25,140 --> 00:27:22,540

artist a multi-talented very creative

618

00:27:26,760 --> 00:27:25,150

person I love him like a brother and

619

00:27:28,860 --> 00:27:26,770

we've done a lot of things together and

620

00:27:31,680 --> 00:27:28,870

he was my my first choice when I decided

621

00:27:34,230 --> 00:27:31,690

to do a book I knew that I needed him to

622

00:27:36,560 --> 00:27:34,240

to do the cover and I basically

623

00:27:38,850 --> 00:27:36,570

presented him with a very easy task

624

00:27:41,730 --> 00:27:38,860

perhaps not so easy but a very easy

625

00:27:43,530 --> 00:27:41,740

description going with that that first

626

00:27:47,340 --> 00:27:43,540

part the main title of the book only

627

00:27:49,740 --> 00:27:47,350

weirdo see UFOs I wanted to have our

628

00:27:53,250 --> 00:27:49,750

that represented that public

629

00:27:55,470 --> 00:27:53,260

misconception that only weirdos the UFO

630

00:27:57,090 --> 00:27:55,480

so I needed a weirdo on there some sort

631

00:27:58,830 --> 00:27:57,100

of what I told him I said some sort of

632

00:28:00,900 --> 00:27:58,840

heck or a country bumpkin you know that

633

00:28:03,210 --> 00:28:00,910

the stereotype of somebody that sees a

634

00:28:08,159 --> 00:28:03,220

UFO so I think he captured that

635

00:28:10,680 --> 00:28:08,169

wonderfully and Caleb I believe has

636

00:28:12,330 --> 00:28:10,690

provided the the open and closed music

637

00:28:14,820 --> 00:28:12,340

for open minds UFO radio so people have

638

00:28:17,430 --> 00:28:14,830

probably heard his music there

639

00:28:21,150 --> 00:28:17,440

he's also the brother of Micah Hanks

640

00:28:22,980 --> 00:28:21,160

Micah Hanks is an author has some UFO

641

00:28:25,200 --> 00:28:22,990

books and and does the the graylien

642

00:28:27,690 --> 00:28:25,210

report so covers a lot of UFO and

643

00:28:28,740 --> 00:28:27,700

paranormal stuff there too so and I

644

00:28:31,080 --> 00:28:28,750

don't know if he still has but Caleb

645

00:28:34,650 --> 00:28:31,090

used to appear on that show every once

646

00:28:36,299 --> 00:28:34,660

in a while - uh-huh now I think in art

647

00:28:39,270 --> 00:28:36,309

the show we did before I mentioned that

648

00:28:41,490 --> 00:28:39,280

I thought I heard Stephen Hawking say

649

00:28:44,490 --> 00:28:41,500

something along that life of that line

650

00:28:47,070 --> 00:28:44,500

like only weirdo see UFO so I quickly

651
00:28:48,690 --> 00:28:47,080
now looking on Google and there are a

652
00:28:51,750 --> 00:28:48,700
lot of quotes that he had I can't find

653
00:28:54,570 --> 00:28:51,760
that particular one but basically is

654
00:29:02,190 --> 00:28:58,590
most of his quotes are of like silliness

655
00:29:04,560 --> 00:29:02,200
like of course I'm sure everyone out

656
00:29:06,419 --> 00:29:04,570
there who's ever looked into some of the

657
00:29:09,180 --> 00:29:06,429
things that Stephen Hawking has said

658
00:29:10,529 --> 00:29:09,190
about extraterrestrial life one of those

659
00:29:13,919 --> 00:29:10,539
things was saying that we shouldn't be

660
00:29:15,509 --> 00:29:13,929
sending out signals because you never

661
00:29:20,840 --> 00:29:15,519
know who's gonna respond you know

662
00:29:23,340 --> 00:29:20,850
there's the fear thing there but anyway

663
00:29:26,580 --> 00:29:23,350

someone had said also that they thought

664

00:29:27,950 --> 00:29:26,590

your little graphic looked like what is

665

00:29:30,990 --> 00:29:27,960

it Randy Quaid

666

00:29:36,090 --> 00:29:31,000

I'm Randy Quaid yeah yeah pretty funny

667

00:29:37,529 --> 00:29:36,100

up on the forum there is some questions

668

00:29:41,039 --> 00:29:37,539

as a bunch of them actually and I'm

669

00:29:42,990 --> 00:29:41,049

gonna ask you this one as a as you are a

670

00:29:45,090 --> 00:29:43,000

podcaster trying to promote the subject

671

00:29:48,570 --> 00:29:45,100

of ufology targeting a younger audience

672

00:29:50,159 --> 00:29:48,580

via UFO mod pod do you think there is a

673

00:29:52,259 --> 00:29:50,169

possibility that there will be a lack of

674

00:29:54,779 --> 00:29:52,269

younger researchers coming through to

675

00:29:57,539 --> 00:29:54,789

carry on the work and investigation of

676
00:30:00,269 --> 00:29:57,549
the more established senior researchers

677
00:30:02,070 --> 00:30:00,279
good question that's a great question I

678
00:30:04,799 --> 00:30:02,080
like that a lot I'm glad somebody asked

679
00:30:07,009 --> 00:30:04,809
it you know we touched on this and I

680
00:30:12,539 --> 00:30:07,019
will say that based on my experience

681
00:30:16,200 --> 00:30:12,549
over the past several years going to UFO

682
00:30:20,519 --> 00:30:16,210
and UFO related conferences there is an

683
00:30:24,570 --> 00:30:20,529
increase in younger attendance and I

684
00:30:26,789 --> 00:30:24,580
don't know precisely what to credit that

685
00:30:29,399 --> 00:30:26,799
to but I know the end like we said the

686
00:30:31,379 --> 00:30:29,409
interest is there and the challenge is

687
00:30:32,850 --> 00:30:31,389
always how to reach those people how to

688
00:30:34,620 --> 00:30:32,860

get them interested how to get them to

689

00:30:37,980 --> 00:30:34,630

take that next step and come out to UFO

690

00:30:39,720 --> 00:30:37,990

conference which isn't you know as easy

691

00:30:40,950 --> 00:30:39,730

of a cell as like a comic-con or

692

00:30:42,899 --> 00:30:40,960

something like that that you know

693

00:30:45,060 --> 00:30:42,909

typically would appeal to a younger

694

00:30:48,659 --> 00:30:45,070

person or somebody looking for a fun

695

00:30:50,580 --> 00:30:48,669

event because although I enjoy UFO

696

00:30:53,730 --> 00:30:50,590

conferences there I don't know if you

697

00:30:56,399 --> 00:30:53,740

could necessarily label them as fun all

698

00:30:58,409 --> 00:30:56,409

the time you know I mean they're fun to

699

00:31:00,450 --> 00:30:58,419

me but they're not like your typical

700

00:31:03,330 --> 00:31:00,460

entertaining event you know they're

701
00:31:05,159 --> 00:31:03,340
their academic and and you know the fun

702
00:31:06,870 --> 00:31:05,169
for me of course and and we talked about

703
00:31:08,190 --> 00:31:06,880
this too we share this it's like a

704
00:31:09,600 --> 00:31:08,200
family reunion because

705
00:31:10,919 --> 00:31:09,610
you know just getting together with

706
00:31:12,269 --> 00:31:10,929
fellow researchers and people that

707
00:31:14,850 --> 00:31:12,279
you've known over the years and gotten

708
00:31:17,460 --> 00:31:14,860
to know through this field it's a good

709
00:31:20,460 --> 00:31:17,470
time to get together and and just by

710
00:31:22,889 --> 00:31:20,470
differing different views or views they

711
00:31:25,169 --> 00:31:22,899
don't don't always align you still get

712
00:31:27,720 --> 00:31:25,179
together with that common interest and

713
00:31:30,930 --> 00:31:27,730

it's good to have the the dialogue that

714

00:31:34,230 --> 00:31:30,940

happens at those events so not always

715

00:31:36,480 --> 00:31:34,240

that the most conducive places for or

716

00:31:39,509 --> 00:31:36,490

appealing for people outside of the

717

00:31:41,850 --> 00:31:39,519

field but despite all of that you still

718

00:31:45,180 --> 00:31:41,860

see an increase in younger people I do

719

00:31:47,310 --> 00:31:45,190

think the interest is there that's why I

720

00:31:49,110 --> 00:31:47,320

like to present things on a different

721

00:31:51,450 --> 00:31:49,120

level something that's outside the

722

00:31:54,149 --> 00:31:51,460

typical UFO field or the UFO community

723

00:31:55,620 --> 00:31:54,159

to try to reach those people I don't

724

00:31:59,340 --> 00:31:55,630

think there's going to be a shortage of

725

00:32:02,759 --> 00:31:59,350

researchers I think we will pretty

726

00:32:06,690 --> 00:32:02,769

quickly see a lot of younger people

727

00:32:09,539 --> 00:32:06,700

taking the initiative to actively

728

00:32:13,139 --> 00:32:09,549

research to contribute things you know

729

00:32:16,019 --> 00:32:13,149

whether that's new podcasts or books or

730

00:32:17,879 --> 00:32:16,029

even new conferences you know we see

731

00:32:21,149 --> 00:32:17,889

younger and younger people and and fresh

732

00:32:22,769 --> 00:32:21,159

faces appearing at conferences giving

733

00:32:27,409 --> 00:32:22,779

lectures and that's that's always a good

734

00:32:30,480 --> 00:32:27,419

thing but I'd interest isn't going away

735

00:32:32,909 --> 00:32:30,490

there are you know it's a personality

736

00:32:34,919 --> 00:32:32,919

trait too I think people are different

737

00:32:37,649 --> 00:32:34,929

but they're it's a certain certain

738

00:32:41,279 --> 00:32:37,659

mentality a person who wants to be

739

00:32:44,820 --> 00:32:41,289

actively involved to take the initiative

740

00:32:48,299 --> 00:32:44,830

to produce something that contributes to

741

00:32:51,389 --> 00:32:48,309

to research and you know furthering the

742

00:32:53,039 --> 00:32:51,399

field so you know you have to wait for

743

00:32:56,820 --> 00:32:53,049

those people to emerge but they are

744

00:32:59,250 --> 00:32:56,830

emerging we are seeing that and I think

745

00:33:01,620 --> 00:32:59,260

we'll see a lot more so I'm not I'm not

746

00:33:05,180 --> 00:33:01,630

worried about ecology dying off at all

747

00:33:08,399 --> 00:33:05,190

with with as our older researchers go

748

00:33:09,870 --> 00:33:08,409

I'm you know there's there's big panic

749

00:33:13,110 --> 00:33:09,880

among some people in the UFO research

750

00:33:15,389 --> 00:33:13,120

field about the future of ufology and

751

00:33:18,090 --> 00:33:15,399

and all the troubles and faces and you

752

00:33:19,070 --> 00:33:18,100

know ufology is in danger I don't agree

753

00:33:21,350 --> 00:33:19,080

with that so

754

00:33:25,130 --> 00:33:21,360

would be just fine the only way I think

755

00:33:29,000 --> 00:33:25,140

that endanger my own personal opinion is

756

00:33:32,380 --> 00:33:29,010

just through the technology of hoaxing

757

00:33:36,350 --> 00:33:32,390

is going to be so difficult to

758

00:33:39,799 --> 00:33:36,360

differentiate eventually most likely

759

00:33:42,730 --> 00:33:39,809

that that's that could you know that

760

00:33:45,830 --> 00:33:42,740

could really change things as far as

761

00:33:48,230 --> 00:33:45,840

yeah absolutely that's certainly a

762

00:33:49,730 --> 00:33:48,240

hurdle that you know exists and has

763

00:33:51,560 --> 00:33:49,740

existed for quite a long time it's

764

00:33:52,909 --> 00:33:51,570

certainly going to get worse but you

765

00:33:54,500 --> 00:33:52,919

know every field of study has its

766

00:33:57,799 --> 00:33:54,510

Turtles and it has its challenges but

767

00:34:03,320 --> 00:33:57,809

you know if we as researchers and people

768

00:34:08,389 --> 00:34:03,330

in this field believe that UFOs are in

769

00:34:10,369 --> 00:34:08,399

fact real which we know we know that you

770

00:34:12,409 --> 00:34:10,379

know there are on identified aerial

771

00:34:16,329 --> 00:34:12,419

objects flying around the world every

772

00:34:18,500 --> 00:34:16,339

day we know that that exists we know

773

00:34:20,210 --> 00:34:18,510

firmly in our hearts that that's

774

00:34:23,300 --> 00:34:20,220

something that merits serious scientific

775

00:34:24,740 --> 00:34:23,310

study then it should be fine to stand on

776

00:34:27,109 --> 00:34:24,750

its own it's not something that we

777

00:34:29,869 --> 00:34:27,119

should worry that oh no something bad

778

00:34:31,820 --> 00:34:29,879

was said about UFOs or oh no the news

779

00:34:34,190 --> 00:34:31,830

covered a story about one person who

780

00:34:36,710 --> 00:34:34,200

hoax something or oh no the news covered

781

00:34:38,450 --> 00:34:36,720

some lunatic who raised about some

782

00:34:40,520 --> 00:34:38,460

ridiculous story now everybody's going

783

00:34:42,530 --> 00:34:40,530

to think that UFOs are you know just

784

00:34:45,829 --> 00:34:42,540

this loony thing that only weirdoes see

785

00:34:47,480 --> 00:34:45,839

UFOs you you follow Jesus and danger oh

786

00:34:50,060 --> 00:34:47,490

no we've got it we've got to stop this

787

00:34:51,440 --> 00:34:50,070

you know it's that panic mentality or

788

00:34:53,480 --> 00:34:51,450

this this thing that we've got to treat

789

00:34:55,520 --> 00:34:53,490

you followed you like you know an

790

00:34:58,430 --> 00:34:55,530

injured animal or something that you

791

00:35:00,140 --> 00:34:58,440

know is so delicate and frail that we

792

00:35:02,450 --> 00:35:00,150

have to worry about every bad thing

793

00:35:04,130 --> 00:35:02,460

that's said about it I'll think that

794

00:35:06,349 --> 00:35:04,140

mentality is more damaging to you

795

00:35:08,180 --> 00:35:06,359

apology than any of that stuff that

796

00:35:10,970 --> 00:35:08,190

people like that are worried about yeah

797

00:35:13,099 --> 00:35:10,980

again if we think if we genuinely think

798

00:35:15,170 --> 00:35:13,109

that you know the evidence is there and

799

00:35:17,480 --> 00:35:15,180

that it's something that's real and

800

00:35:20,599 --> 00:35:17,490

deserved study then it can stand on its

801
00:35:21,290 --> 00:35:20,609
own science other scientific fields are

802
00:35:23,390 --> 00:35:21,300
no different

803
00:35:25,730 --> 00:35:23,400
you know they scientists put out studies

804
00:35:27,950 --> 00:35:25,740
all the time and they're immediately met

805
00:35:30,140 --> 00:35:27,960
with ridicule from their peers and

806
00:35:31,370 --> 00:35:30,150
people who say oh yeah that's ridiculous

807
00:35:32,160 --> 00:35:31,380
no you don't know what you're talking

808
00:35:34,859 --> 00:35:32,170
about the

809
00:35:36,299 --> 00:35:34,869
study has no merit you know they deal

810
00:35:38,160 --> 00:35:36,309
with that all the time I'm not saying

811
00:35:39,299 --> 00:35:38,170
that it's on the same level as UFOs you

812
00:35:41,069 --> 00:35:39,309
know that's that's always going to be an

813
00:35:43,680 --> 00:35:41,079

uphill battle anything dealing with ufos

814

00:35:46,049 --> 00:35:43,690

or extraterrestrial life and the

815

00:35:48,809 --> 00:35:46,059

ridicule factor there is certainly quite

816

00:35:52,640 --> 00:35:48,819

strong don't need to debate that at all

817

00:35:55,410 --> 00:35:52,650

but other scientific fields deal with

818

00:35:59,339 --> 00:35:55,420

some of the same challenges that the

819

00:36:01,710 --> 00:35:59,349

study of UFOs do so I think if we spent

820

00:36:04,470 --> 00:36:01,720

less time worrying about you know people

821

00:36:07,920 --> 00:36:04,480

saying bad things about UFOs or some

822

00:36:10,500 --> 00:36:07,930

some bad eggs when it comes to spreading

823

00:36:13,470 --> 00:36:10,510

false information or people trying to

824

00:36:15,030 --> 00:36:13,480

make names for themselves we do a lot

825

00:36:16,980 --> 00:36:15,040

better and be able to focus on the more

826

00:36:19,010 --> 00:36:16,990

important things of solving some of the

827

00:36:22,680 --> 00:36:19,020

questions we have yeah unfortunately

828

00:36:24,120 --> 00:36:22,690

someone from the outside when they get

829

00:36:27,870 --> 00:36:24,130

involved with something like that that

830

00:36:29,880 --> 00:36:27,880

can burn some bridges but um you know it

831

00:36:31,980 --> 00:36:29,890

just depends on how long they look into

832

00:36:33,299 --> 00:36:31,990

the topic here's the question up here

833

00:36:36,030 --> 00:36:33,309

that sort of falls along what we're

834

00:36:38,700 --> 00:36:36,040

talking about this again comes from the

835

00:36:40,650 --> 00:36:38,710

forum although there are plenty of

836

00:36:42,569 --> 00:36:40,660

websites and YouTube channels connected

837

00:36:45,299 --> 00:36:42,579

with ufology that are full of nothing

838

00:36:48,569 --> 00:36:45,309

but hoax information do you think the

839

00:36:50,730 --> 00:36:48,579

recent push to silence fake news might

840

00:36:52,530 --> 00:36:50,740

be used also to squelch those who follow

841

00:36:55,200 --> 00:36:52,540

Jesus it's that contain good research

842

00:36:56,900 --> 00:36:55,210

and valuable factual information does

843

00:37:00,329 --> 00:36:56,910

this worry you

844

00:37:03,720 --> 00:37:00,339

I'm not worried and you know here's why

845

00:37:07,140 --> 00:37:03,730

I mean I think again with just being in

846

00:37:09,390 --> 00:37:07,150

the age we are currently in just the

847

00:37:13,170 --> 00:37:09,400

saturation of media so much of

848

00:37:15,569 --> 00:37:13,180

absolutely everything there's no

849

00:37:18,359 --> 00:37:15,579

escaping fake news you know that's

850

00:37:21,510 --> 00:37:18,369

always going to be there and no matter

851
00:37:21,870 --> 00:37:21,520
what efforts happen you can't get rid of

852
00:37:25,650 --> 00:37:21,880
it

853
00:37:27,539 --> 00:37:25,660
or you know other things that are

854
00:37:30,180 --> 00:37:27,549
well-intentioned or you know

855
00:37:31,799 --> 00:37:30,190
anti-bullying campaigns like they're

856
00:37:34,470 --> 00:37:31,809
well-intentioned and it that you know

857
00:37:35,940 --> 00:37:34,480
they're they're a good idea but you're

858
00:37:38,160 --> 00:37:35,950
not going to be able to get rid of it

859
00:37:42,660 --> 00:37:38,170
it's always going to be there and some

860
00:37:45,530 --> 00:37:42,670
someplace or another so really as I

861
00:37:47,300 --> 00:37:45,540
think should be the case the

862
00:37:49,580 --> 00:37:47,310
everything comes back on the shoulders

863
00:37:53,480 --> 00:37:49,590

of the individual you know we have to

864

00:37:55,820 --> 00:37:53,490

take responsibility in going further

865

00:37:57,920 --> 00:37:55,830

than just reading a headline or even

866

00:37:58,640 --> 00:37:57,930

reading the article and accepting it at

867

00:38:01,280 --> 00:37:58,650

face value

868

00:38:03,170 --> 00:38:01,290

you know you think it's important no

869

00:38:06,220 --> 00:38:03,180

matter if you're reading about UFOs or

870

00:38:09,830 --> 00:38:06,230

reading about politics or reading about

871

00:38:11,870 --> 00:38:09,840

you know a new car coming out yes it's

872

00:38:13,490 --> 00:38:11,880

great that there's somebody out there

873

00:38:15,920 --> 00:38:13,500

who wrote an article about it and

874

00:38:18,859 --> 00:38:15,930

perhaps for some mainstream media outlet

875

00:38:21,080 --> 00:38:18,869

that's great so I think the the source

876

00:38:23,480 --> 00:38:21,090

of the information is important and it's

877

00:38:25,820 --> 00:38:23,490

important to look at that article and

878

00:38:28,060 --> 00:38:25,830

who the journalist is citing to where

879

00:38:30,770 --> 00:38:28,070

did that information come from and then

880

00:38:33,050 --> 00:38:30,780

perhaps take it further and look at that

881

00:38:34,580 --> 00:38:33,060

source and see if they did in fact say

882

00:38:35,960 --> 00:38:34,590

what the journalist is quoting them as

883

00:38:38,000 --> 00:38:35,970

saying you know digging a little deeper

884

00:38:39,320 --> 00:38:38,010

yes it's time-consuming it takes more

885

00:38:41,450 --> 00:38:39,330

time but when you're dealing with things

886

00:38:43,520 --> 00:38:41,460

especially things that are as big as

887

00:38:45,050 --> 00:38:43,530

UFOs and extraterrestrials dig a little

888

00:38:46,670 --> 00:38:45,060

deeper take some time to do the research

889

00:38:48,920 --> 00:38:46,680

find out where the information is coming

890

00:38:50,810 --> 00:38:48,930

from and then you can make up your your

891

00:38:53,390 --> 00:38:50,820

opinion based on it and again a lot of

892

00:38:57,740 --> 00:38:53,400

this is in fact opinion based it's not

893

00:38:59,450 --> 00:38:57,750

concrete fact not you know 100%

894

00:39:00,800 --> 00:38:59,460

conclusive evidence a lot of what we're

895

00:39:03,560 --> 00:39:00,810

dealing with is stuff that is

896

00:39:05,840 --> 00:39:03,570

contributing evidence something that you

897

00:39:07,940 --> 00:39:05,850

know can support a claim and that's what

898

00:39:10,310 --> 00:39:07,950

it is and it can support your existing

899

00:39:13,340 --> 00:39:10,320

belief what you know if you are being

900

00:39:16,940 --> 00:39:13,350

objective and keeping it open mind as we

901
00:39:18,859 --> 00:39:16,950
explore anything mysterious you know we

902
00:39:21,500 --> 00:39:18,869
have to be able to be flexible and

903
00:39:23,690 --> 00:39:21,510
change you know the conclusions we've

904
00:39:26,060 --> 00:39:23,700
reached on certain things with our our

905
00:39:29,480 --> 00:39:26,070
years of looking at these the weirdness

906
00:39:31,250 --> 00:39:29,490
that UFOs can bring I certainly know

907
00:39:34,099 --> 00:39:31,260
that you know I think with certain

908
00:39:35,810 --> 00:39:34,109
aspects of things related to UFOs I've

909
00:39:38,480 --> 00:39:35,820
made my mind up on how I feel about

910
00:39:40,609 --> 00:39:38,490
certain things but then I come across

911
00:39:44,090 --> 00:39:40,619
something new and it you know I have to

912
00:39:45,200 --> 00:39:44,100
be flexible to alter that established

913
00:39:48,890 --> 00:39:45,210

belief that I've created for myself

914

00:39:51,530 --> 00:39:48,900

right right people do have short

915

00:39:53,300 --> 00:39:51,540

attention spans today only for the

916

00:39:55,910 --> 00:39:53,310

reason that there's so much information

917

00:39:58,220 --> 00:39:55,920

coming in every which direction social

918

00:39:59,450 --> 00:39:58,230

media you know YouTube back to YouTube

919

00:40:02,029 --> 00:39:59,460

all that and

920

00:40:04,760 --> 00:40:02,039

and that even goes into the title the

921

00:40:07,190 --> 00:40:04,770

title of your book you mentioned to me

922

00:40:09,109 --> 00:40:07,200

that a few people just saw only weirdos

923

00:40:12,349 --> 00:40:09,119

see UFOs and they didn't read the rest

924

00:40:14,390 --> 00:40:12,359

of the title and and we're upset that

925

00:40:18,710 --> 00:40:14,400

was enough that was enough and they were

926

00:40:21,950 --> 00:40:18,720

done well I'm not reading that book I

927

00:40:25,519 --> 00:40:21,960

used to be a fan of yours but now I have

928

00:40:26,930 --> 00:40:25,529

to change my mind ya know that stuff

929

00:40:29,299 --> 00:40:26,940

makes me laugh and you know you just

930

00:40:32,029 --> 00:40:29,309

have to kind of quietly remind them or

931

00:40:35,329 --> 00:40:32,039

ask yeah thanks but did you happen to

932

00:40:37,190 --> 00:40:35,339

read the rest of the title yeah and you

933

00:40:39,769 --> 00:40:37,200

know one person even responded no and I

934

00:40:42,440 --> 00:40:39,779

don't care - thank you yeah okay well

935

00:40:46,579 --> 00:40:42,450

thanks well Peggy who runs my Facebook

936

00:40:51,109 --> 00:40:46,589

page did an experiment where she had a

937

00:40:52,370 --> 00:40:51,119

picture that said one thing and if you

938

00:40:53,990 --> 00:40:52,380

cooked on it went to a whole different

939

00:40:56,029 --> 00:40:54,000

other thing and all these people were

940

00:40:57,620 --> 00:40:56,039

just commented there was like a hundred

941

00:40:59,809 --> 00:40:57,630

comments on the picture and over he

942

00:41:02,720 --> 00:40:59,819

looked at the link it was my little

943

00:41:06,609 --> 00:41:02,730

different story so yes short attention

944

00:41:09,829 --> 00:41:06,619

spans now I want to talk to you about

945

00:41:12,170 --> 00:41:09,839

you are one of the only few people that

946

00:41:14,390 --> 00:41:12,180

I've ever spoke to that actually saw the

947

00:41:15,650 --> 00:41:14,400

Phoenix lights and I know you were like

948

00:41:21,289 --> 00:41:15,660

17 years old

949

00:41:22,819 --> 00:41:21,299

yeah and it didn't it didn't uproot your

950

00:41:26,829 --> 00:41:22,829

life or anything like that you saw this

951
00:41:30,859 --> 00:41:26,839
at quite a distance right so I mean

952
00:41:34,130 --> 00:41:30,869
again I think with sightings I can't

953
00:41:35,990 --> 00:41:34,140
speak for other people because again

954
00:41:37,490 --> 00:41:36,000
we're we're individuals we all have

955
00:41:38,839 --> 00:41:37,500
different strengths and weaknesses and

956
00:41:44,140 --> 00:41:38,849
you know everybody's a different person

957
00:41:47,720 --> 00:41:44,150
I know for myself I've never boasted a

958
00:41:50,690 --> 00:41:47,730
impeccable memory so you know when you

959
00:41:52,700 --> 00:41:50,700
hear about UFO sightings and people

960
00:41:57,319 --> 00:41:52,710
witnesses recalling things that happened

961
00:41:59,150 --> 00:41:57,329
years ago you know just a few years ago

962
00:42:01,210 --> 00:41:59,160
let alone 1947 or something like that

963
00:42:04,450 --> 00:42:01,220

with new witnesses coming forward

964

00:42:06,950 --> 00:42:04,460

different a different story there but

965

00:42:08,990 --> 00:42:06,960

you know I know thinking about something

966

00:42:11,900 --> 00:42:09,000

that happened all the way back in 1997

967

00:42:13,309 --> 00:42:11,910

I'm certainly not going to fool myself

968

00:42:14,989 --> 00:42:13,319

or anybody else and

969

00:42:17,359 --> 00:42:14,999

try to pretend that I remember things

970

00:42:20,809 --> 00:42:17,369

exactly as they happened but I do know

971

00:42:23,089 --> 00:42:20,819

that they seemed the the lights five to

972

00:42:25,279 --> 00:42:23,099

seven lights again I won't pin to an

973

00:42:27,859 --> 00:42:25,289

exact number because I know that I don't

974

00:42:29,660 --> 00:42:27,869

remember exactly whether it was five or

975

00:42:31,549 --> 00:42:29,670

seven lights that I saw but they were

976
00:42:35,479 --> 00:42:31,559
they were pretty much directly over our

977
00:42:37,279 --> 00:42:35,489
property and I can't estimate how high

978
00:42:40,039 --> 00:42:37,289
they were they didn't seem to be that

979
00:42:43,279 --> 00:42:40,049
high but you know they were certainly at

980
00:42:44,900 --> 00:42:43,289
some altitude and just these bright

981
00:42:47,989 --> 00:42:44,910
stationary lights just hovering there

982
00:42:50,089 --> 00:42:47,999
and again I don't remember exactly how

983
00:42:51,739 --> 00:42:50,099
long but I do know that I observed them

984
00:42:53,569 --> 00:42:51,749
for what seemed like a very long time

985
00:42:57,650 --> 00:42:53,579
and I'm going to say somewhere between

986
00:42:59,029 --> 00:42:57,660
30 and 45 minutes yeah being a 17 year

987
00:43:01,609 --> 00:42:59,039
old kid you know I thought it was

988
00:43:03,380 --> 00:43:01,619

awesome certainly watched it and

989

00:43:06,289 --> 00:43:03,390

scratched my head for a long time and

990

00:43:08,809 --> 00:43:06,299

wanted to know what it was but after a

991

00:43:11,989 --> 00:43:08,819

while kind of got bored of just staring

992

00:43:13,459 --> 00:43:11,999

guy went back inside watch TV saw that

993

00:43:14,569 --> 00:43:13,469

they were talking about it on the news

994

00:43:16,189 --> 00:43:14,579

and I thought oh that's cool that's what

995

00:43:17,449 --> 00:43:16,199

I was just looking at yeah that's how my

996

00:43:21,079 --> 00:43:17,459

way back up high they weren't there

997

00:43:24,559 --> 00:43:21,089

anymore so that's the first person that

998

00:43:26,120 --> 00:43:24,569

has said on this show is that they got

999

00:43:28,549 --> 00:43:26,130

bored with watching a UFO and winning

1000

00:43:31,670 --> 00:43:28,559

watch TV I think if the second one who

1001
00:43:35,239 --> 00:43:31,680
said that funny thing to say now you

1002
00:43:37,640 --> 00:43:35,249
know but it does happen you know we've

1003
00:43:39,920 --> 00:43:37,650
talked about UFO just like sky watching

1004
00:43:42,109 --> 00:43:39,930
before and watching for UFOs and it's

1005
00:43:44,059 --> 00:43:42,119
definitely something that takes a lot of

1006
00:43:45,380 --> 00:43:44,069
patience if you have the patience you'll

1007
00:43:47,209 --> 00:43:45,390
most likely see something because

1008
00:43:49,370 --> 00:43:47,219
there's a lot of stuff out there and

1009
00:43:51,709 --> 00:43:49,380
both the day and the night anywhere in

1010
00:43:53,870 --> 00:43:51,719
the world you want to be if you dedicate

1011
00:43:56,390 --> 00:43:53,880
the time you can probably see a UFO but

1012
00:43:57,920 --> 00:43:56,400
it's not for somebody with short

1013
00:44:00,439 --> 00:43:57,930

attention span that's for sure

1014

00:44:03,410 --> 00:44:00,449

that's right yeah and out there in the

1015

00:44:06,109 --> 00:44:03,420

desert you have when you get away from

1016

00:44:08,299 --> 00:44:06,119

the light pollution you can see some

1017

00:44:10,699 --> 00:44:08,309

stars I mean you thought yeah big

1018

00:44:12,949 --> 00:44:10,709

wide-open sky it's beautiful yeah where

1019

00:44:14,989 --> 00:44:12,959

I grew up it was away from absolutely

1020

00:44:16,339 --> 00:44:14,999

everything and you know it was one of

1021

00:44:18,859 --> 00:44:16,349

the reasons I love camping so much

1022

00:44:20,420 --> 00:44:18,869

because you could I mean the you could

1023

00:44:21,979 --> 00:44:20,430

see so much of the sky that you know you

1024

00:44:23,599 --> 00:44:21,989

could actually see the Milky Way and you

1025

00:44:25,219 --> 00:44:23,609

could see just you know millions and

1026

00:44:26,910 --> 00:44:25,229

millions and millions of stars so

1027

00:44:29,940 --> 00:44:26,920

absolutely incredible

1028

00:44:32,730 --> 00:44:29,950

you so yeah had a really good view and

1029

00:44:34,980 --> 00:44:32,740

also where where we were had a really

1030

00:44:37,230 --> 00:44:34,990

good view of out toward the Barry

1031

00:44:40,410 --> 00:44:37,240

Goldwater range where a-10s routinely

1032

00:44:42,960 --> 00:44:40,420

dropped flares so I saw flares military

1033

00:44:45,780 --> 00:44:42,970

flares dropped all the time so it was

1034

00:44:47,520 --> 00:44:45,790

quite familiar with military flares so

1035

00:44:50,130 --> 00:44:47,530

you know I can confidently say what I

1036

00:44:52,980 --> 00:44:50,140

saw was not military flares right right

1037

00:44:55,859 --> 00:44:52,990

and that's that's important because you

1038

00:44:58,260 --> 00:44:55,869

know there is some actual filming that

1039

00:45:01,589 --> 00:44:58,270

you see when you look into the Phoenix

1040

00:45:04,380 --> 00:45:01,599

lights that were actually flares or that

1041

00:45:07,440 --> 00:45:04,390

went were launched later on that night

1042

00:45:10,859 --> 00:45:07,450

whether it was to throw people off or or

1043

00:45:14,339 --> 00:45:10,869

not but now the aftermath of that what

1044

00:45:17,210 --> 00:45:14,349

was that like I mean you must have known

1045

00:45:21,270 --> 00:45:17,220

that there was there was a lot of

1046

00:45:22,890 --> 00:45:21,280

hassling going on between we know Fife

1047

00:45:25,170 --> 00:45:22,900

Symington but I mean there was they were

1048

00:45:28,140 --> 00:45:25,180

getting calls everyone was calling in

1049

00:45:29,549 --> 00:45:28,150

about it for I think days afterwards and

1050

00:45:31,289 --> 00:45:29,559

it was probably well I mean yeah it

1051

00:45:32,940 --> 00:45:31,299

worked quite a while right yeah as we

1052

00:45:35,609 --> 00:45:32,950

know I mean they did a good job at the

1053

00:45:37,349 --> 00:45:35,619

time of trying to downplay it you know a

1054

00:45:41,190 --> 00:45:37,359

time you couldn't spoken about that many

1055

00:45:42,780 --> 00:45:41,200

times now but yeah I mean they they did

1056

00:45:44,880 --> 00:45:42,790

a good job and you know the local media

1057

00:45:47,730 --> 00:45:44,890

did a good job of you know sort of stand

1058

00:45:49,349 --> 00:45:47,740

curious about it but like all things you

1059

00:45:51,750 --> 00:45:49,359

know I mean our attention spans were

1060

00:45:53,130 --> 00:45:51,760

slightly longer back then but you know

1061

00:45:54,839 --> 00:45:53,140

there was there was less news flooding

1062

00:45:56,250 --> 00:45:54,849

in all the time so that story kind of

1063

00:45:58,470 --> 00:45:56,260

stayed fresh for a little bit but it

1064

00:46:00,059 --> 00:45:58,480

wasn't that big of a deal you know I

1065

00:46:02,579 --> 00:46:00,069

remember seeing it on the on the front

1066

00:46:04,319 --> 00:46:02,589

page of the paper and stuff but yeah I

1067

00:46:07,760 --> 00:46:04,329

mean people were still curious about it

1068

00:46:10,109 --> 00:46:07,770

but you know I don't recall it being

1069

00:46:12,260 --> 00:46:10,119

something that the public was really all

1070

00:46:14,880 --> 00:46:12,270

that interested in they were curious but

1071

00:46:18,030 --> 00:46:14,890

you know aside from the thousands of

1072

00:46:20,490 --> 00:46:18,040

people who did call in to Symington --zz

1073

00:46:23,190 --> 00:46:20,500

office and the city council looking for

1074

00:46:23,670 --> 00:46:23,200

answers you know those things kind of go

1075

00:46:27,750 --> 00:46:23,680

away

1076

00:46:30,569 --> 00:46:27,760

right right someone wanted to know in

1077

00:46:32,789 --> 00:46:30,579

the forum as well as what was your

1078

00:46:38,380 --> 00:46:32,799

favorite UFO case that you've reported

1079

00:46:41,860 --> 00:46:38,390

on as a journalist well let's see

1080

00:46:45,970 --> 00:46:41,870

that's a good one and you know this one

1081

00:46:51,040 --> 00:46:45,980

doesn't seem that exciting but there was

1082

00:46:55,480 --> 00:46:51,050

a period of time trying to remember the

1083

00:46:59,620 --> 00:46:55,490

years now I want to say 2011 but I could

1084

00:47:04,540 --> 00:46:59,630

be wrong but there was this span of time

1085

00:47:07,990 --> 00:47:04,550

where hundreds of UFOs were seen on the

1086

00:47:10,800 --> 00:47:08,000

China Indian border and these lights

1087

00:47:15,960 --> 00:47:10,810

were reported and investigated by the

1088

00:47:19,900 --> 00:47:15,970

indo-tibetan police force the military

1089

00:47:22,510 --> 00:47:19,910

chief astronomers there and this was an

1090

00:47:24,550 --> 00:47:22,520

ongoing thing you know you're talking

1091

00:47:27,280 --> 00:47:24,560

about police officers military personnel

1092

00:47:29,410 --> 00:47:27,290

seeing these things and astronomy

1093

00:47:30,760 --> 00:47:29,420

experts commenting on them and people

1094

00:47:32,380 --> 00:47:30,770

thought you know that maybe they're

1095

00:47:34,390 --> 00:47:32,390

their Chinese lanterns but these things

1096

00:47:36,430 --> 00:47:34,400

would stay in the air I don't remember

1097

00:47:39,940 --> 00:47:36,440

the specifics it's it's certainly in in

1098

00:47:42,130 --> 00:47:39,950

my book but they would stay in the air

1099

00:47:44,650 --> 00:47:42,140

for you know a half hour so traversing

1100

00:47:46,390 --> 00:47:44,660

the sky and these people went on alert

1101
00:47:49,750 --> 00:47:46,400
they thought that they were under attack

1102
00:47:52,510 --> 00:47:49,760
they had confirmation or multiple

1103
00:47:54,550 --> 00:47:52,520
statements from people working at these

1104
00:47:58,120 --> 00:47:54,560
observatories saying that you know we've

1105
00:48:02,020 --> 00:47:58,130
we've dismissed any possible celestial

1106
00:48:05,380 --> 00:48:02,030
bodies or anything like that so these

1107
00:48:08,380 --> 00:48:05,390
experts the military the police they

1108
00:48:10,240 --> 00:48:08,390
were they were completely baffled after

1109
00:48:14,530 --> 00:48:10,250
launching investigation into this trying

1110
00:48:16,390 --> 00:48:14,540
to figure out what they were and you

1111
00:48:17,830 --> 00:48:16,400
know I just think that that case was

1112
00:48:19,750 --> 00:48:17,840
really fascinating because there was no

1113
00:48:22,510 --> 00:48:19,760

conclusion and watching the media react

1114

00:48:27,310 --> 00:48:22,520

to that case as well because there was

1115

00:48:31,120 --> 00:48:27,320

one one media report from one media

1116

00:48:32,380 --> 00:48:31,130

outlet that said that they concluded

1117

00:48:35,050 --> 00:48:32,390

that it was Chinese lanterns or

1118

00:48:37,240 --> 00:48:35,060

something but then there was another

1119

00:48:39,340 --> 00:48:37,250

report and I couldn't find any

1120

00:48:40,720 --> 00:48:39,350

confirmation of that by the way but then

1121

00:48:44,770 --> 00:48:40,730

there was another report that came out

1122

00:48:47,080 --> 00:48:44,780

later with a quote from one of the

1123

00:48:49,360 --> 00:48:47,090

scientists from an observatory saying

1124

00:48:51,140 --> 00:48:49,370

we're still completely perplexed by this

1125

00:48:54,980 --> 00:48:51,150

we have no idea what they are

1126
00:48:58,730 --> 00:48:54,990
mm you had conflicting media reports and

1127
00:49:01,640 --> 00:48:58,740
all of these official bodies looking

1128
00:49:03,590 --> 00:49:01,650
into these hundreds of UFO is along

1129
00:49:06,580 --> 00:49:03,600
India's Himalayan border with China

1130
00:49:09,770 --> 00:49:06,590
during a two and a half month period and

1131
00:49:10,540 --> 00:49:09,780
the idea what these things were isn't

1132
00:49:13,430 --> 00:49:10,550
that amazing

1133
00:49:16,460 --> 00:49:13,440
well that is that is something I was

1134
00:49:19,010 --> 00:49:16,470
never familiar with that let's say

1135
00:49:21,380 --> 00:49:19,020
someone wanted to know what is the style

1136
00:49:23,390 --> 00:49:21,390
of your book is it testimonies from

1137
00:49:26,420 --> 00:49:23,400
people or is it case studies or

1138
00:49:29,750 --> 00:49:26,430

something else entirely the book is laid

1139

00:49:32,810 --> 00:49:29,760

out in an interesting way again the

1140

00:49:34,970 --> 00:49:32,820

purpose of this book is to provide as

1141

00:49:36,170 --> 00:49:34,980

the subtitle describes an introduction

1142

00:49:37,700 --> 00:49:36,180

to the public's misperception of

1143

00:49:40,580 --> 00:49:37,710

unidentified aerial phenomena and

1144

00:49:43,070 --> 00:49:40,590

extraterrestrial life so it gives little

1145

00:49:45,140 --> 00:49:43,080

bits and pieces here and there starting

1146

00:49:48,770 --> 00:49:45,150

off with sort of the history of the

1147

00:49:51,080 --> 00:49:48,780

modern UFO era and looking at you know

1148

00:49:53,210 --> 00:49:51,090

pointing out to you to people of the

1149

00:49:55,930 --> 00:49:53,220

general public who might not be familiar

1150

00:49:58,730 --> 00:49:55,940

with the fact that the government has

1151

00:50:01,190 --> 00:49:58,740

governments around the world has and do

1152

00:50:03,890 --> 00:50:01,200

investigate UFOs

1153

00:50:06,980 --> 00:50:03,900

you know touching briefly on some of the

1154

00:50:10,010 --> 00:50:06,990

big cases from the the beginning of the

1155

00:50:12,080 --> 00:50:10,020

the modern UFO era talking about Kenneth

1156

00:50:12,380 --> 00:50:12,090

Arnold and and Roswell and things like

1157

00:50:14,960 --> 00:50:12,390

that

1158

00:50:17,090 --> 00:50:14,970

so some other big cases in here too

1159

00:50:17,330 --> 00:50:17,100

touching on Rendlesham and things like

1160

00:50:20,360 --> 00:50:17,340

that

1161

00:50:23,740 --> 00:50:20,370

looking at military UFO encounters so

1162

00:50:28,820 --> 00:50:23,750

really the book is segmented out talking

1163

00:50:30,650 --> 00:50:28,830

highlighting some more of a okay so I'll

1164

00:50:32,300 --> 00:50:30,660

say it like this so it really spawned it

1165

00:50:36,260 --> 00:50:32,310

was you know my background in being a

1166

00:50:38,510 --> 00:50:36,270

UFO journalist writing stories for so

1167

00:50:40,580 --> 00:50:38,520

many years about UFO sightings and

1168

00:50:44,090 --> 00:50:40,590

people who had had UFO sightings and

1169

00:50:45,620 --> 00:50:44,100

what what news typically is when you

1170

00:50:48,470 --> 00:50:45,630

know celebrities or you know other

1171

00:50:51,310 --> 00:50:48,480

public public officials or public people

1172

00:50:54,440 --> 00:50:51,320

people in the in the public spotlight

1173

00:50:56,690 --> 00:50:54,450

have some sort of UFO sighting or make a

1174

00:50:59,120 --> 00:50:56,700

comment about extraterrestrial life so

1175

00:51:02,330 --> 00:50:59,130

there's a lot of stories in here just

1176
00:51:04,100 --> 00:51:02,340
kind of highlighting people whether

1177
00:51:09,200 --> 00:51:04,110
they're celebrities

1178
00:51:10,880 --> 00:51:09,210
musicians military personnel pilots you

1179
00:51:12,830 --> 00:51:10,890
know just a wide variety of people

1180
00:51:16,070 --> 00:51:12,840
pointing out that people all walks of

1181
00:51:18,020 --> 00:51:16,080
life either have have thoughts about

1182
00:51:20,090 --> 00:51:18,030
UFOs and extraterrestrial life or have

1183
00:51:23,330 --> 00:51:20,100
seen UFOs and/or extraterrestrial life

1184
00:51:25,700 --> 00:51:23,340
it also has a good section at the end

1185
00:51:27,350 --> 00:51:25,710
talking about focusing on

1186
00:51:28,790 --> 00:51:27,360
extraterrestrial life and about

1187
00:51:31,790 --> 00:51:28,800
mainstream science and the current

1188
00:51:32,690 --> 00:51:31,800

efforts to search for extraterrestrial

1189

00:51:34,880 --> 00:51:32,700

life and you know a lot about

1190

00:51:36,830 --> 00:51:34,890

astrobiology and things like that and

1191

00:51:39,110 --> 00:51:36,840

thoughts from mainstream scientists on

1192

00:51:41,060 --> 00:51:39,120

intelligent extraterrestrial life now

1193

00:51:45,410 --> 00:51:41,070

what about the person that says to you

1194

00:51:47,840 --> 00:51:45,420

Oh UFOs and extraterrestrial is or

1195

00:51:49,580 --> 00:51:47,850

aliens as they have put it is all just

1196

00:51:52,550 --> 00:51:49,590

part of pop culture and that's that's

1197

00:51:54,550 --> 00:51:52,560

you know the only reason people have

1198

00:51:58,580 --> 00:51:54,560

interests and people are seeing them

1199

00:52:01,700 --> 00:51:58,590

well I certainly think and know that

1200

00:52:05,030 --> 00:52:01,710

UFOs are a huge part of pop culture but

1201
00:52:06,620 --> 00:52:05,040
we know that you know unidentified

1202
00:52:09,740 --> 00:52:06,630
aerial phenomena been reported since the

1203
00:52:12,050 --> 00:52:09,750
beginning of documented history the

1204
00:52:15,410 --> 00:52:12,060
military certainly takes UFO seriously

1205
00:52:18,440 --> 00:52:15,420
we know that objects are in the sky

1206
00:52:22,160 --> 00:52:18,450
every day all around the world objects

1207
00:52:24,080 --> 00:52:22,170
that you know UFOs does not mean alien

1208
00:52:27,170 --> 00:52:24,090
spacecraft it certainly could be that's

1209
00:52:29,510 --> 00:52:27,180
a possibility we can't discount that but

1210
00:52:33,200 --> 00:52:29,520
there are objects and this should this

1211
00:52:35,780 --> 00:52:33,210
should really concern people and make

1212
00:52:38,390 --> 00:52:35,790
scientists take great interest in the

1213
00:52:42,020 --> 00:52:38,400

fact that we do know that we have

1214

00:52:45,500 --> 00:52:42,030

objects flying around in our airspace

1215

00:52:48,020 --> 00:52:45,510

and we don't know what they are of all

1216

00:52:50,990 --> 00:52:48,030

that's absolutely incredible so now we

1217

00:52:52,370 --> 00:52:51,000

know that and that's funny that that's a

1218

00:52:54,290 --> 00:52:52,380

hurdle we still have to get over even

1219

00:52:56,360 --> 00:52:54,300

talking about whether or not UFOs exist

1220

00:52:59,030 --> 00:52:56,370

we know UFOs exist but that's still a

1221

00:53:00,920 --> 00:52:59,040

question that you know the mainstream

1222

00:53:03,440 --> 00:53:00,930

public has that that's that's the

1223

00:53:05,780 --> 00:53:03,450

perception that we don't know what UFOs

1224

00:53:08,180 --> 00:53:05,790

exist or not we do know that UFOs exist

1225

00:53:09,620 --> 00:53:08,190

if there's you know by people from all

1226
00:53:14,060 --> 00:53:09,630
walks of life all around the world every

1227
00:53:16,520 --> 00:53:14,070
day so the real real question is is what

1228
00:53:17,550 --> 00:53:16,530
are they so that's that's the fun and

1229
00:53:19,740 --> 00:53:17,560
you know really

1230
00:53:21,720 --> 00:53:19,750
the reason that I stay interested in

1231
00:53:23,280 --> 00:53:21,730
this field is just the the unknown of it

1232
00:53:25,590 --> 00:53:23,290
all and trying to from trying to find

1233
00:53:28,680 --> 00:53:25,600
those answers but with extraterrestrial

1234
00:53:32,360 --> 00:53:28,690
life sure you know you have lots of

1235
00:53:34,730 --> 00:53:32,370
people who do claim that they personally

1236
00:53:36,210 --> 00:53:34,740
experienced or encountered

1237
00:53:39,330 --> 00:53:36,220
extraterrestrials intelligent

1238
00:53:40,800 --> 00:53:39,340

extraterrestrial life and that's great

1239

00:53:44,220 --> 00:53:40,810

you know some of them are really good

1240

00:53:45,870 --> 00:53:44,230

stories really fascinating and some some

1241

00:53:48,570 --> 00:53:45,880

quite compelling

1242

00:53:51,180 --> 00:53:48,580

but again it comes down to belief

1243

00:53:53,730 --> 00:53:51,190

because we don't have a real documented

1244

00:53:55,530 --> 00:53:53,740

or conclusive proof that's going to

1245

00:53:59,150 --> 00:53:55,540

convince anybody or change anybody's

1246

00:54:01,140 --> 00:53:59,160

mind conclusively so it comes down to

1247

00:54:02,730 --> 00:54:01,150

what you want to believe you want to

1248

00:54:05,730 --> 00:54:02,740

believe certain certain evidence or

1249

00:54:07,920 --> 00:54:05,740

certain testimony so there's a lot of

1250

00:54:10,070 --> 00:54:07,930

that but as far as mainstream science

1251

00:54:11,940 --> 00:54:10,080

goes and where we are with

1252

00:54:13,770 --> 00:54:11,950

extraterrestrial life just you know

1253

00:54:16,550 --> 00:54:13,780

talking on a microbial level which is

1254

00:54:20,520 --> 00:54:16,560

what's you know a lot of the focus is on

1255

00:54:23,070 --> 00:54:20,530

most people involved in some way or form

1256

00:54:24,810 --> 00:54:23,080

with that that study will tell you that

1257

00:54:26,790 --> 00:54:24,820

that that discovery is right around the

1258

00:54:28,080 --> 00:54:26,800

corner and Martin you and I have talked

1259

00:54:30,570 --> 00:54:28,090

about this and you know I've certainly

1260

00:54:32,820 --> 00:54:30,580

gone on record saying that I think even

1261

00:54:34,290 --> 00:54:32,830

as soon as five years we'll get some

1262

00:54:36,030 --> 00:54:34,300

sort of confirmation from mainstream

1263

00:54:38,310 --> 00:54:36,040

science that some sort of

1264

00:54:40,770 --> 00:54:38,320

extraterrestrial life has been found but

1265

00:54:42,900 --> 00:54:40,780

there are so many missions underway right

1266

00:54:45,060 --> 00:54:42,910

now either on the drawing boards we're

1267

00:54:47,070 --> 00:54:45,070

already being realized that are actively

1268

00:54:49,620 --> 00:54:47,080

searching for extraterrestrial life and

1269

00:54:52,050 --> 00:54:49,630

there are mainstream scientists you know

1270

00:54:54,630 --> 00:54:52,060

being funded by mainstream mainstream

1271

00:54:55,980 --> 00:54:54,640

funding with the specific purpose of

1272

00:54:57,870 --> 00:54:55,990

searching for intelligent

1273

00:55:00,960 --> 00:54:57,880

extraterrestrial life so that stuff is

1274

00:55:02,880 --> 00:55:00,970

happening in mainstream science but I

1275

00:55:06,420 --> 00:55:02,890

think a lot of people in the mainstream

1276
00:55:10,200 --> 00:55:06,430
and even within the UFO community you

1277
00:55:11,580 --> 00:55:10,210
don't realize that so right well now one

1278
00:55:13,020 --> 00:55:11,590
of the questions that's come to mind

1279
00:55:15,750 --> 00:55:13,030
I've asked a few different people that

1280
00:55:19,470 --> 00:55:15,760
I've had on the show this let's just say

1281
00:55:24,770 --> 00:55:19,480
that there are just going to throw rough

1282
00:55:30,030 --> 00:55:27,270
intelligent extraterrestrial life out

1283
00:55:31,380 --> 00:55:30,040
there in the universe and a lot of them

1284
00:55:35,070 --> 00:55:31,390
have figured out

1285
00:55:37,890 --> 00:55:35,080
the physics to get here why would they

1286
00:55:41,040 --> 00:55:37,900
get here why would they come visit us

1287
00:55:43,740 --> 00:55:41,050
why are we special why would we be so

1288
00:55:45,210 --> 00:55:43,750

special if there are billions of planets

1289

00:55:48,390 --> 00:55:45,220

out there with intelligent

1290

00:55:49,700 --> 00:55:48,400

extraterrestrial life I'm going back to

1291

00:55:53,340 --> 00:55:49,710

something that you and I talked about

1292

00:55:55,890 --> 00:55:53,350

you know we in talking about intelligent

1293

00:55:57,810 --> 00:55:55,900

extraterrestrial life we we like to

1294

00:56:00,840 --> 00:55:57,820

personify excess rest real life we like

1295

00:56:02,670 --> 00:56:00,850

to think you know in human terms and us

1296

00:56:03,690 --> 00:56:02,680

and that's how astrobiologist view

1297

00:56:05,880 --> 00:56:03,700

actually trust your life you know

1298

00:56:07,650 --> 00:56:05,890

they're looking for for life as we know

1299

00:56:09,360 --> 00:56:07,660

it because that's kind of what we have

1300

00:56:11,910 --> 00:56:09,370

to go on we don't know anything else and

1301
00:56:13,740 --> 00:56:11,920
it's hard for us to fathom you know just

1302
00:56:16,440 --> 00:56:13,750
kind of throw things out make guesses at

1303
00:56:18,060 --> 00:56:16,450
what other life might be like so we're

1304
00:56:20,420 --> 00:56:18,070
basing things off of life here on earth

1305
00:56:23,340 --> 00:56:20,430
we're talking about intelligent

1306
00:56:26,010 --> 00:56:23,350
extraterrestrials we're making thinking

1307
00:56:28,080 --> 00:56:26,020
of them as as we would humans you know

1308
00:56:31,080 --> 00:56:28,090
at human personalities and you know

1309
00:56:32,730 --> 00:56:31,090
different human minds so you know that's

1310
00:56:35,400 --> 00:56:32,740
where where Stephen Hawking likes to

1311
00:56:38,280 --> 00:56:35,410
throw in his you know and that's the

1312
00:56:40,350 --> 00:56:38,290
exact analogy he uses you know looking

1313
00:56:42,690 --> 00:56:40,360

back at human history and you know how

1314

00:56:45,000 --> 00:56:42,700

more hungry we are and how we like to

1315

00:56:48,780 --> 00:56:45,010

take people and push them off their land

1316

00:56:52,200 --> 00:56:48,790

and use their resources so yeah looking

1317

00:56:53,670 --> 00:56:52,210

at it you know and perhaps that's vanity

1318

00:56:56,940 --> 00:56:53,680

I don't know if we want to think that

1319

00:56:58,650 --> 00:56:56,950

aliens are like or if aliens are here

1320

00:57:02,040 --> 00:56:58,660

they're here because of us because we're

1321

00:57:04,290 --> 00:57:02,050

special I don't necessarily a

1322

00:57:06,420 --> 00:57:04,300

possibility but it's a it's just a guess

1323

00:57:07,800 --> 00:57:06,430

you know we were guessing that if

1324

00:57:10,170 --> 00:57:07,810

they're if they're here they're here

1325

00:57:12,240 --> 00:57:10,180

because we're special or there's

1326
00:57:14,220 --> 00:57:12,250
something interesting about us and that

1327
00:57:16,530 --> 00:57:14,230
may not be the case you know it could be

1328
00:57:18,390 --> 00:57:16,540
that you know as Hawking and others feel

1329
00:57:20,340 --> 00:57:18,400
that you know they're interested in our

1330
00:57:22,470 --> 00:57:20,350
resources so whatever their their

1331
00:57:24,450 --> 00:57:22,480
sensors or their technology concluded

1332
00:57:26,670 --> 00:57:24,460
that you know the resources we have here

1333
00:57:31,020 --> 00:57:26,680
on our planet would be a value to them

1334
00:57:32,490 --> 00:57:31,030
but you know it could be like us going

1335
00:57:34,800 --> 00:57:32,500
on a road trip driving down the freeway

1336
00:57:36,030 --> 00:57:34,810
just because we drive by a certain gas

1337
00:57:38,190 --> 00:57:36,040
station or through a certain town

1338
00:57:40,470 --> 00:57:38,200

doesn't mean that that town is special

1339

00:57:42,210 --> 00:57:40,480

or you know we thought that town were

1340

00:57:44,160 --> 00:57:42,220

particularly interesting so we decided

1341

00:57:45,109 --> 00:57:44,170

to drive through it it just happened to

1342

00:57:48,680 --> 00:57:45,119

be there when we were

1343

00:57:52,579 --> 00:57:48,690

going by well very good analogy to that

1344

00:57:54,890 --> 00:57:52,589

I yeah I have wondered you know that is

1345

00:57:57,049 --> 00:57:54,900

the question I've another question I

1346

00:58:00,739 --> 00:57:57,059

should say and why they would think

1347

00:58:02,660 --> 00:58:00,749

we're so special is is baffling but I

1348

00:58:06,349 --> 00:58:02,670

never thought of the resources that

1349

00:58:08,630 --> 00:58:06,359

could be again you know what also think

1350

00:58:12,289 --> 00:58:08,640

about this I mean if if space travel is

1351
00:58:15,019 --> 00:58:12,299
so easy you know for some some beings

1352
00:58:17,420 --> 00:58:15,029
out there some civilizations you don't

1353
00:58:18,710 --> 00:58:17,430
think about it like TV - you know we're

1354
00:58:21,140 --> 00:58:18,720
watching TV and flipping through the

1355
00:58:22,579 --> 00:58:21,150
channels and stop on a channel you know

1356
00:58:23,809 --> 00:58:22,589
it's because we saw something that

1357
00:58:25,789 --> 00:58:23,819
looked interesting we might not

1358
00:58:27,289 --> 00:58:25,799
necessarily have intended to watch that

1359
00:58:29,960 --> 00:58:27,299
show and we might not stay watching that

1360
00:58:32,390 --> 00:58:29,970
show but hey we saw it we'll check it

1361
00:58:35,779 --> 00:58:32,400
out for a little bit mm-hmm very good

1362
00:58:38,660 --> 00:58:35,789
Tom DeLonge we said we were going to

1363
00:58:40,549 --> 00:58:38,670

talk about him now you worked with him I

1364

00:58:42,950 --> 00:58:40,559

know you went out first you and Maureen

1365

00:58:44,989 --> 00:58:42,960

went out and actually interviewed him a

1366

00:58:46,549 --> 00:58:44,999

number of years ago and then you got to

1367

00:58:48,440 --> 00:58:46,559

know him and stayed in touch with him

1368

00:58:50,749 --> 00:58:48,450

and then worked for him for awhile he's

1369

00:58:55,940 --> 00:58:50,759

been in the news a lot or the UFO news

1370

00:58:57,620 --> 00:58:55,950

at least a lot lately and I know you and

1371

00:59:00,499 --> 00:58:57,630

I spoke about this the other night on

1372

00:59:02,299 --> 00:59:00,509

the show and one of the things I

1373

00:59:05,210 --> 00:59:02,309

mentioned to you and I thought you had a

1374

00:59:08,509 --> 00:59:05,220

really good point was up I thought that

1375

00:59:12,339 --> 00:59:08,519

he'd be like the perfect person to send

1376

00:59:15,609 --> 00:59:12,349

along misinformation - and you said

1377

00:59:18,229 --> 00:59:15,619

basically that you he was aware of that

1378

00:59:20,690 --> 00:59:18,239

yeah absolutely and you know that's

1379

00:59:24,079 --> 00:59:20,700

certainly the the thought that I think

1380

00:59:26,900 --> 00:59:24,089

crossed most people's mind when when we

1381

00:59:28,970 --> 00:59:26,910

all heard about it but yeah I mean Tom

1382

00:59:30,349 --> 00:59:28,980

from from the very start I think was hit

1383

00:59:32,420 --> 00:59:30,359

with that question and I think George

1384

00:59:34,910 --> 00:59:32,430

Knapp might have been the one to pose it

1385

00:59:38,539 --> 00:59:34,920

to him the first time in a public

1386

00:59:42,289 --> 00:59:38,549

interview but yeah Tom said that he he

1387

00:59:43,729 --> 00:59:42,299

is convinced that he's not being fed

1388

00:59:46,579 --> 00:59:43,739

information or are used for

1389

00:59:49,069 --> 00:59:46,589

disinformation because and this is his

1390

00:59:52,849 --> 00:59:49,079

explanation and and why he personally

1391

00:59:55,130 --> 00:59:52,859

feels this way is that these advisors of

1392

00:59:57,550 --> 00:59:55,140

his these military and government and

1393

01:00:00,800 --> 00:59:57,560

other important

1394

01:00:01,970 --> 01:00:00,810

individuals are not giving him

1395

01:00:07,000 --> 01:00:01,980

information

1396

01:00:10,160 --> 01:00:07,010

they are simply basically responding or

1397

01:00:13,400 --> 01:00:10,170

confirming things that he's presenting

1398

01:00:15,950 --> 01:00:13,410

to them things that he's you know come

1399

01:00:19,880 --> 01:00:15,960

up with based on his decades of research

1400

01:00:22,160 --> 01:00:19,890

tom is you know surprises people that in

1401

01:00:25,130 --> 01:00:22,170

my opinion tom is one of the most

1402

01:00:27,560 --> 01:00:25,140

well-read people when it comes to UFOs

1403

01:00:32,960 --> 01:00:27,570

he's been you know actively researching

1404

01:00:36,290 --> 01:00:32,970

UFOs you know for decades and you know

1405

01:00:39,530 --> 01:00:36,300

was quite well read and goes pretty deep

1406

01:00:44,090 --> 01:00:39,540

on the subject so he's not a newcomer to

1407

01:00:46,490 --> 01:00:44,100

UFOs at all and being who he is you know

1408

01:00:48,440 --> 01:00:46,500

as a rock star and public figure he

1409

01:00:51,830 --> 01:00:48,450

certainly capitalized on that over the

1410

01:00:53,300 --> 01:00:51,840

years and arranged you know personal

1411

01:00:56,570 --> 01:00:53,310

meetings with a lot of the leading

1412

01:00:59,510 --> 01:00:56,580

researchers in the field today so you

1413

01:01:02,390 --> 01:00:59,520

know his activity in the UFO research

1414

01:01:05,360 --> 01:01:02,400

world is nothing new and he's aware

1415

01:01:08,270 --> 01:01:05,370

certainly of you know disinformation

1416

01:01:12,050 --> 01:01:08,280

campaigns and and the all the the

1417

01:01:14,300 --> 01:01:12,060

negative bad guy you know reputation the

1418

01:01:19,220 --> 01:01:14,310

the military has surrounding this topic

1419

01:01:22,010 --> 01:01:19,230

he is 100% convinced that you know he's

1420

01:01:23,870 --> 01:01:22,020

been given good information or confirmed

1421

01:01:25,820 --> 01:01:23,880

the information that's being confirmed

1422

01:01:29,000 --> 01:01:25,830

is good he trusts the people that he's

1423

01:01:31,520 --> 01:01:29,010

working with and people think that Tom's

1424

01:01:35,420 --> 01:01:31,530

deceptive or that you know he's doing

1425

01:01:37,670 --> 01:01:35,430

what he's doing for money I disagree

1426

01:01:39,680 --> 01:01:37,680

with all of that 100% I will just say

1427

01:01:42,170 --> 01:01:39,690

that this is just my personal opinion

1428

01:01:45,290 --> 01:01:42,180

based on my personal relationship and

1429

01:01:48,380 --> 01:01:45,300

experience with Tom I genuinely believe

1430

01:01:52,850 --> 01:01:48,390

that what he is doing is something that

1431

01:01:57,440 --> 01:01:52,860

he firmly believes is good for the field

1432

01:02:00,830 --> 01:01:57,450

of view of UFOs he genuinely has a

1433

01:02:02,810 --> 01:02:00,840

passion for this and you know it's it's

1434

01:02:07,190 --> 01:02:02,820

what he wants to do with his life I mean

1435

01:02:10,100 --> 01:02:07,200

he he left a lucrative music career to

1436

01:02:10,400 --> 01:02:10,110

focus on this type of stuff and other

1437

01:02:12,380 --> 01:02:10,410

things

1438

01:02:15,829 --> 01:02:12,390

that he wants to do he's doing this out

1439

01:02:18,109 --> 01:02:15,839

of love and if he wanted money he could

1440

01:02:20,359 --> 01:02:18,119

certainly quickly turn around rejoin

1441

01:02:22,910 --> 01:02:20,369

think 182 and and going to her and

1442

01:02:25,460 --> 01:02:22,920

that's certainly not not off the table

1443

01:02:27,859 --> 01:02:25,470

at this point but I will say what he's

1444

01:02:30,020 --> 01:02:27,869

doing and the work at to the Stars I

1445

01:02:31,400 --> 01:02:30,030

think is is really good really exciting

1446

01:02:33,230 --> 01:02:31,410

he's doing a lot of fun stuff that he's

1447

01:02:35,450 --> 01:02:33,240

always wanted to do that ranges from all

1448

01:02:37,970 --> 01:02:35,460

sorts of things from comic books and

1449

01:02:41,480 --> 01:02:37,980

novels and movies and TV shows and music

1450

01:02:44,059 --> 01:02:41,490

so he's doing the things he loves and he

1451

01:02:45,710 --> 01:02:44,069

has the means to do it so I think he's

1452

01:02:47,720 --> 01:02:45,720

doing something good I think what he's

1453

01:02:50,900 --> 01:02:47,730

doing with his property secret machines

1454

01:02:52,730 --> 01:02:50,910

is definitely something to to watch and

1455

01:02:54,500 --> 01:02:52,740

I just encourage people I mean again I

1456

01:02:57,440 --> 01:02:54,510

don't know if the information that's

1457

01:02:58,849 --> 01:02:57,450

gonna come from this project is any good

1458

01:03:00,349 --> 01:02:58,859

or not I don't think if it's any I don't

1459

01:03:01,609 --> 01:03:00,359

I don't know if it's anything new I

1460

01:03:05,420 --> 01:03:01,619

don't know if it will be

1461

01:03:07,520 --> 01:03:05,430

earth-shattering we don't know I don't

1462

01:03:08,900 --> 01:03:07,530

know you don't know but there's been so

1463

01:03:11,660 --> 01:03:08,910

much speculation around this whole

1464

01:03:14,930 --> 01:03:11,670

property and you know really crucifying

1465

01:03:16,910 --> 01:03:14,940

Tom before you know knowing much about

1466

01:03:18,589 --> 01:03:16,920

this project aside from what tom says

1467

01:03:20,569 --> 01:03:18,599

and he's been very open about the

1468

01:03:22,220 --> 01:03:20,579

project and you know some of the people

1469

01:03:25,039 --> 01:03:22,230

he's worked with I mean working with

1470

01:03:30,319 --> 01:03:25,049

Podesta he made public a long time ago

1471

01:03:32,000 --> 01:03:30,329

two years ago but you know when the when

1472

01:03:33,799 --> 01:03:32,010

the when the non-fiction books come out

1473

01:03:35,839 --> 01:03:33,809

which the first in the nonfiction

1474

01:03:37,789 --> 01:03:35,849

trilogy will come out in March written

1475

01:03:40,490 --> 01:03:37,799

by Peter LaVonda co-written with Peter

1476

01:03:44,599 --> 01:03:40,500

Levin de with a foreword by Jacques de

1477

01:03:45,980 --> 01:03:44,609

la you know then we'll see what this

1478

01:03:47,269 --> 01:03:45,990

information is when the documentary

1479

01:03:50,180 --> 01:03:47,279

comes out and that's what I'm most

1480

01:03:53,809 --> 01:03:50,190

excited to see this document yeah it

1481

01:03:55,789 --> 01:03:53,819

should be you know then we'll see what

1482

01:03:58,789 --> 01:03:55,799

this information is and what he's been

1483

01:04:02,450 --> 01:03:58,799

been you know pushing out and talking

1484

01:04:04,339 --> 01:04:02,460

about for for the last year but you know

1485

01:04:05,750 --> 01:04:04,349

we're in this this you know we talked

1486

01:04:07,940 --> 01:04:05,760

about a short attention span but also

1487

01:04:09,920 --> 01:04:07,950

short patience we're in this this era of

1488

01:04:12,140 --> 01:04:09,930

like wanting everything right now we

1489

01:04:13,789 --> 01:04:12,150

don't have patience to wait we want all

1490

01:04:15,589 --> 01:04:13,799

the spoilers we want and want to read

1491

01:04:17,569 --> 01:04:15,599

the articles and hear about you know

1492

01:04:20,900 --> 01:04:17,579

things they're going to show us the the

1493

01:04:23,660 --> 01:04:20,910

latest stolen images of the new iPhone

1494

01:04:25,700 --> 01:04:23,670

or the the newest trailer

1495

01:04:27,650 --> 01:04:25,710

starwars you know things like that we

1496

01:04:29,870 --> 01:04:27,660

just can't wait till it actually comes

1497

01:04:31,579 --> 01:04:29,880

out to see what what it really is we

1498

01:04:33,770 --> 01:04:31,589

want to know all the little details now

1499

01:04:35,450 --> 01:04:33,780

now now all right all right have you

1500

01:04:38,690 --> 01:04:35,460

communicated with them since the

1501

01:04:40,670 --> 01:04:38,700

WikiLeaks emails no now WikiLeaks caused

1502

01:04:41,990 --> 01:04:40,680

all sorts of problems and yeah

1503

01:04:44,690 --> 01:04:42,000

communications kind of been cut off

1504

01:04:47,000 --> 01:04:44,700

since then but no I mean from what I

1505

01:04:48,289 --> 01:04:47,010

heard there there it they definitely had

1506

01:04:50,870 --> 01:04:48,299

to do some damage control because of

1507

01:04:52,789 --> 01:04:50,880

that it compromised a lot of you know

1508

01:04:55,010 --> 01:04:52,799

the the sources that they had you know

1509

01:04:56,870 --> 01:04:55,020

worked so hard to develop and promised

1510

01:04:59,480 --> 01:04:56,880

anonymity to these people you know some

1511

01:05:02,210 --> 01:04:59,490

of that was was damaged because of

1512

01:05:04,520 --> 01:05:02,220

WikiLeaks so they had to do some some

1513

01:05:06,829 --> 01:05:04,530

serious damage control with that but

1514

01:05:08,809 --> 01:05:06,839

they seem to be back on track and things

1515

01:05:10,640 --> 01:05:08,819

are going well and you know we'll get to

1516

01:05:11,690 --> 01:05:10,650

see the the first of these non-fiction

1517

01:05:15,319 --> 01:05:11,700

books coming out

1518

01:05:18,799 --> 01:05:15,329

Peter LaVonda is a great guy very very

1519

01:05:20,660 --> 01:05:18,809

great researcher you know and they've

1520

01:05:23,020 --> 01:05:20,670

been working on this and the research

1521

01:05:27,079 --> 01:05:23,030

they've done for four years now together

1522

01:05:28,940 --> 01:05:27,089

and you know Peters a fan of rock ballet

1523

01:05:31,910 --> 01:05:28,950

like so many of us are and and I know

1524

01:05:33,380 --> 01:05:31,920

Tom is so the fact that he contributed

1525

01:05:36,109 --> 01:05:33,390

the forward to that book I think says a

1526

01:05:38,299 --> 01:05:36,119

lot about it and I'm just excited to

1527

01:05:40,870 --> 01:05:38,309

read it now you mentioned earlier that

1528

01:05:43,849 --> 01:05:40,880

you in you and I agree on this that

1529

01:05:45,950 --> 01:05:43,859

within a short period of time I think it

1530

01:05:47,870 --> 01:05:45,960

will be public knowledge that there will

1531

01:05:49,280 --> 01:05:47,880

be a discovery discovery of

1532

01:05:50,990 --> 01:05:49,290

extraterrestrial life whether it's

1533

01:05:53,270 --> 01:05:51,000

intelligent or not I have no idea but

1534

01:05:56,089 --> 01:05:53,280

the last question I'm going to ask you

1535

01:05:57,710 --> 01:05:56,099

on the form years do you think at least

1536

01:06:00,890 --> 01:05:57,720

some kind of partial disclosure

1537

01:06:05,470 --> 01:06:00,900

disclosure when having a hard time here

1538

01:06:08,210 --> 01:06:05,480

partial disclosure is coming you know I

1539

01:06:11,750 --> 01:06:08,220

people like to in this field like to

1540

01:06:14,240 --> 01:06:11,760

latch on to to certain buzz words you

1541

01:06:16,010 --> 01:06:14,250

know and I don't know for one reason or

1542

01:06:18,170 --> 01:06:16,020

another they always rub me the wrong way

1543

01:06:19,940 --> 01:06:18,180

cuz I think they they over complicate

1544

01:06:23,630 --> 01:06:19,950

things you know disclosure is one

1545

01:06:25,940 --> 01:06:23,640

consciousness is another you know when

1546

01:06:27,650 --> 01:06:25,950

when really what people are typically

1547

01:06:31,549 --> 01:06:27,660

talking about when they use those words

1548

01:06:35,680 --> 01:06:31,559

is something that's very very basic and

1549

01:06:36,950 --> 01:06:35,690

with disclosure you know I've said this

1550

01:06:40,070 --> 01:06:36,960

you know

1551

01:06:42,829 --> 01:06:40,080

I started in the UFO field and I had the

1552

01:06:44,690 --> 01:06:42,839

same mindset now there I don't ever

1553

01:06:46,640 --> 01:06:44,700

think there will be some grand

1554

01:06:48,530 --> 01:06:46,650

disclosure like some people think there

1555

01:06:51,140 --> 01:06:48,540

will be like a president coming forward

1556

01:06:53,630 --> 01:06:51,150

and saying surprise we lied all these

1557

01:06:56,810 --> 01:06:53,640

years we've known everything here's what

1558

01:06:59,870 --> 01:06:56,820

we know here you go guys we're finally

1559

01:07:01,400 --> 01:06:59,880

finally stopping our lives that'll never

1560

01:07:04,599 --> 01:07:01,410

happen you know there's never going to

1561

01:07:07,310 --> 01:07:04,609

be an admittance of prior knowledge or

1562

01:07:09,859 --> 01:07:07,320

intentional deception that won't happen

1563

01:07:11,150 --> 01:07:09,869

I think when something's discovered you

1564

01:07:13,670 --> 01:07:11,160

know that will be announced whether

1565

01:07:17,750 --> 01:07:13,680

through its a NASA press conference or

1566

01:07:19,400 --> 01:07:17,760

something like that you know and then it

1567

01:07:22,010 --> 01:07:19,410

is what it is you know what there's

1568

01:07:23,450 --> 01:07:22,020

something that to do from then on out if

1569

01:07:27,230 --> 01:07:23,460

there's you know additional missions

1570

01:07:28,820 --> 01:07:27,240

launched or further investigation to do

1571

01:07:33,410 --> 01:07:28,830

then it'll happen but I don't think it's

1572

01:07:36,380 --> 01:07:33,420

going to be some big like big hullabaloo

1573

01:07:38,450 --> 01:07:36,390

or something earth-shattering I mean it

1574

01:07:39,380 --> 01:07:38,460

is pretty earth-shattering but I you

1575

01:07:41,839 --> 01:07:39,390

know I don't think it's going to be this

1576

01:07:44,030 --> 01:07:41,849

grand government thing where it they

1577

01:07:47,270 --> 01:07:44,040

come forward and say alright we've

1578

01:07:49,339 --> 01:07:47,280

discovered it and PS yeah let's take you

1579

01:07:51,920 --> 01:07:49,349

live to area 51 now and show you what

1580

01:07:54,859 --> 01:07:51,930

we've been working on you and I agree on

1581

01:07:58,099 --> 01:07:54,869

a lot of things I have to tell you okay

1582

01:08:02,120 --> 01:07:58,109

so your show is called UFO mod pod and

1583

01:08:05,900 --> 01:08:02,130

that's bi-weekly and yeah and it's with

1584

01:08:07,430 --> 01:08:05,910

you Maureen and Ryan correct and someone

1585

01:08:10,300 --> 01:08:07,440

can find that how do they find that is

1586

01:08:14,690 --> 01:08:10,310

that at that actually a URL as well

1587

01:08:17,630 --> 01:08:14,700

easiest way to do that is iTunes but you

1588

01:08:19,519 --> 01:08:17,640

know it's also on various other podcast

1589

01:08:23,120 --> 01:08:19,529

locations but our website is rogue

1590

01:08:24,530 --> 01:08:23,130

planet dot TV and you can find UFO mod

1591

01:08:26,300 --> 01:08:24,540

pod there as well as some of our other

1592

01:08:28,910 --> 01:08:26,310

shows and other content that we're

1593

01:08:30,709 --> 01:08:28,920

working on great well Jason it's been a

1594

01:08:33,140 --> 01:08:30,719

real pleasure and I you're a real

1595

01:08:34,670 --> 01:08:33,150

trouper to come back and after we

1596

01:08:36,740 --> 01:08:34,680

already did the two-hour show I really

1597

01:08:39,769 --> 01:08:36,750

do appreciate it well it's my pleasure

1598

01:08:42,829 --> 01:08:39,779

thank you for having me back and doing

1599

01:08:44,570 --> 01:08:42,839

this again with me you know we did have

1600

01:08:46,610 --> 01:08:44,580

so much fun in that two hours and then

1601

01:08:49,249 --> 01:08:46,620

I'm sad that it's gone forever but so

1602

01:08:50,010 --> 01:08:49,259

yeah that's right we created new magic

1603

01:08:52,920 --> 01:08:50,020

today and that's

1604

01:08:54,390 --> 01:08:52,930

great yes that's right and a lot of you

1605

01:08:55,829 --> 01:08:54,400

out they are celebrating Christmas and

1606

01:08:58,410 --> 01:08:55,839

just a couple of days so I wanted to say

1607

01:09:00,180 --> 01:08:58,420

Merry Christmas to you and I know I was

1608

01:09:03,090 --> 01:09:00,190

in Russia this year in Russia celebrates

1609

01:09:06,660 --> 01:09:03,100

on January 6 not everyone celebrates it

1610

01:09:08,370 --> 01:09:06,670

on on December 25th and of course not

1611

01:09:10,289 --> 01:09:08,380

everyone celebrates Christmas but to

1612

01:09:13,829 --> 01:09:10,299

those who do Merry Christmas and Merry

1613

01:09:16,349 --> 01:09:13,839

Christmas to you as well Jason thank you

1614

01:09:18,210 --> 01:09:16,359

sir same to you all right so everyone

1615

01:09:21,539 --> 01:09:18,220

we'll be back next week with ray

1616

01:09:23,490 --> 01:09:21,549

Stanford and Ray has been on the show a

1617

01:09:26,970 --> 01:09:23,500

number of times he is going to be

1618

01:09:28,950 --> 01:09:26,980

talking about different topics he's real

1619

01:09:30,870 --> 01:09:28,960

excited he's got a lot to say and he'll

1620

01:09:33,240 --> 01:09:30,880

be on next week and I want to thank

1621

01:09:35,099 --> 01:09:33,250

Jason of course our guest and Alejandro

1622
