

1
00:00:11,600 --> 00:00:02,810
and it hits me oh my gosh this is that

2
00:00:14,870 --> 00:00:11,610
trying it was completely silent it comes

3
00:00:17,120 --> 00:00:14,880
right over our head it's so classic

4
00:00:18,950 --> 00:00:17,130
flying-saucer really standing in the

5
00:00:20,420 --> 00:00:18,960
Clery he turned over to my father and

6
00:00:26,240 --> 00:00:20,430
held his hand and he looked in his eyes

7
00:00:29,540 --> 00:00:26,250

network on Thursdays from 10:00 to

34

00:01:44,030 --> 00:01:40,950

midnight and again that's Eastern

35

00:01:47,859 --> 00:01:44,040

Standard Time alejandro how is it going

36

00:01:51,800 --> 00:01:47,869

from kingman arizona all the way to coma

37

00:01:53,539 --> 00:01:51,810

philadelphia Atlanta LA I know people

38

00:01:57,080 --> 00:01:53,549

are gonna be thinking of that during

39

00:02:00,170 --> 00:01:57,090

your show here wow that was pretty good

40

00:02:01,340 --> 00:02:00,180

yeah yeah yeah don't don't you think

41

00:02:05,389 --> 00:02:01,350

that's what I always think of when

42

00:02:09,290 --> 00:02:05,399

people bring up the Kingman UFO but I am

43

00:02:15,559 --> 00:02:09,300

doing well I have survived the new year

44

00:02:19,309 --> 00:02:15,569

and I I lived to see 2017 and what it

45

00:02:20,990 --> 00:02:19,319

may have in store so that's that's for

46

00:02:24,890 --> 00:02:21,000

better or worse that's what's going down

47

00:02:29,570 --> 00:02:24,900

oh and before we get into the news I do

48

00:02:32,570 --> 00:02:29,580

want to tell everyone that you myself

49

00:02:36,619 --> 00:02:32,580

and the great Lise Spiegel did a year in

50

00:02:39,199 --> 00:02:36,629

review 2016 and that is on open minds

51
00:02:40,339 --> 00:02:39,209
and I'll actually have I think I'm going

52
00:02:45,170 --> 00:02:40,349
to be able to put an embeddable player

53
00:02:48,410 --> 00:02:45,180
on my sidebar of the show as well so

54
00:02:50,210 --> 00:02:48,420
great show hope our listeners check it

55
00:02:53,809 --> 00:02:50,220
out it's a year and review with

56
00:02:56,690 --> 00:02:53,819
Alejandro Rojas myself and least Spiegel

57
00:02:59,089 --> 00:02:56,700
and that's all yes open mind a lot of

58
00:03:01,190 --> 00:02:59,099
fun and these these are always really

59
00:03:03,020 --> 00:03:01,200
fun because we get to review stories

60
00:03:05,270 --> 00:03:03,030
that we think we're significant that

61
00:03:07,100 --> 00:03:05,280
most likely the listeners have forgotten

62
00:03:08,960 --> 00:03:07,110
about some of them they haven't because

63
00:03:10,960 --> 00:03:08,970

we were so excited we spoke about them

64

00:03:13,910 --> 00:03:10,970

throughout the year but some of these

65

00:03:16,550 --> 00:03:13,920

like you even forgot are the same oh you

66

00:03:18,770 --> 00:03:16,560

happened one so people have to listen to

67

00:03:20,750 --> 00:03:18,780

hear about that one be yeah my what I

68

00:03:23,240 --> 00:03:20,760

think is my favorite sighting of the

69

00:03:25,699 --> 00:03:23,250

Year video sighting but there was an

70

00:03:28,670 --> 00:03:25,709

interesting one we posted today or

71

00:03:31,789 --> 00:03:28,680

yesterday all right yeah let's hear

72

00:03:35,750 --> 00:03:31,799

about it let's get into the news UFO

73

00:03:38,390 --> 00:03:35,760

news did it did it that's my little you

74

00:03:43,430 --> 00:03:38,400

know news intro I think yeah this was in

75

00:03:47,930 --> 00:03:43,440

Florida this was a video taken by a guy

76

00:03:51,740 --> 00:03:47,940

who is a helicopter pilot this was

77

00:03:55,550 --> 00:03:51,750

December 18th at about 524 p.m. and

78

00:03:57,380 --> 00:03:55,560

where he is it is still right out so the

79

00:03:59,420 --> 00:03:57,390

pictures from the video it looked like

80

00:04:01,250 --> 00:03:59,430

it was like the sky was like but it was

81

00:04:03,080 --> 00:04:01,260

probably starting to get dark just

82

00:04:06,140 --> 00:04:03,090

because it's getting darker everywhere

83

00:04:07,839 --> 00:04:06,150

it was in Orlando Florida but yeah it's

84

00:04:10,850 --> 00:04:07,849

still pretty bright out and of course

85

00:04:14,030 --> 00:04:10,860

daylight sightings are always exciting

86

00:04:17,780 --> 00:04:14,040

this guy says he this craft well he felt

87

00:04:21,409 --> 00:04:17,790

it was a glowing craft at about 1500

88

00:04:23,570 --> 00:04:21,419

feet in altitude that it flew flew

89

00:04:25,250 --> 00:04:23,580

across in a straight line and and then

90

00:04:28,160 --> 00:04:25,260

eventually flew

91

00:04:30,530 --> 00:04:28,170

upward and vanished he took a video with

92

00:04:32,450 --> 00:04:30,540

his cellphone and you can at the

93

00:04:35,420 --> 00:04:32,460

beginning of this video see this glowing

94

00:04:38,030 --> 00:04:35,430

object moving across the sky and then it

95

00:04:41,680 --> 00:04:38,040

moves into some clouds or towards some

96

00:04:44,660 --> 00:04:41,690

clouds and he kind of lose sight of it

97

00:04:46,940 --> 00:04:44,670

it's pretty interesting he says he's a

98

00:04:49,580 --> 00:04:46,950

certified helicopter pilot and he knows

99

00:04:55,340 --> 00:04:49,590

it was not a plane helicopter rocket

100

00:04:57,500 --> 00:04:55,350

meteor birds balloons blimps etc and the

101
00:05:00,860 --> 00:04:57,510
MUFON investigator who took a look at it

102
00:05:02,510 --> 00:05:00,870
James Thomas Horan agreed with him this

103
00:05:07,430 --> 00:05:02,520
is one of the MUFON cases that's posted

104
00:05:09,050 --> 00:05:07,440
by Roger Marsh and the video is pretty

105
00:05:10,940 --> 00:05:09,060
interesting you know I saw it at first

106
00:05:12,680 --> 00:05:10,950
and I thought wow that's a plane but

107
00:05:14,870 --> 00:05:12,690
then I looked at it and I thought no it

108
00:05:16,940 --> 00:05:14,880
doesn't look like a plane it the shape

109
00:05:21,550 --> 00:05:16,950
doesn't seem to be right and I thought

110
00:05:24,380 --> 00:05:21,560
it was a bird and but I couldn't confirm

111
00:05:29,060 --> 00:05:24,390
that either and then I thought well

112
00:05:31,640 --> 00:05:29,070
maybe it's a satellite but because

113
00:05:34,640 --> 00:05:31,650

sometimes they can't be seen during the

114

00:05:39,290 --> 00:05:34,650

day so it's it's a really hard call now

115

00:05:41,450 --> 00:05:39,300

there was a rocket launch on the day that

116

00:05:43,460 --> 00:05:41,460

this took place from Florida but at a

117

00:05:45,230 --> 00:05:43,470

different time and I don't think it

118

00:05:47,360 --> 00:05:45,240

looks like a rocket doesn't have a trail

119

00:05:51,890 --> 00:05:47,370

it's not moving like a rocket would move

120

00:05:54,610 --> 00:05:51,900

so I don't think that that is it so I'm

121

00:05:59,090 --> 00:05:54,620

kind of at a loss at this one I mean

122

00:06:02,420 --> 00:05:59,100

hopefully someone some others will take

123

00:06:07,730 --> 00:06:02,430

a look at it but it's pretty weird and

124

00:06:10,070 --> 00:06:07,740

the witness is very credible so yeah

125

00:06:12,560 --> 00:06:10,080

it's an interesting sighting yeah I

126

00:06:15,290 --> 00:06:12,570

wonder what Mark Dantonio would say

127

00:06:18,770 --> 00:06:15,300

about this video he always has an answer

128

00:06:20,720 --> 00:06:18,780

you know it seems that Senna but well

129

00:06:23,000 --> 00:06:20,730

you saw the video right what did you

130

00:06:24,740 --> 00:06:23,010

think yeah no I thought it was a it was

131

00:06:28,730 --> 00:06:24,750

really interesting it didn't look like

132

00:06:31,190 --> 00:06:28,740

anything that really is explainable you

133

00:06:34,790 --> 00:06:31,200

know it's sort of a round shape or it

134

00:06:36,830 --> 00:06:34,800

looked like a round shape and you know

135

00:06:38,519 --> 00:06:36,840

it now I don't know if it was the trick

136

00:06:40,469 --> 00:06:38,529

of the video or

137

00:06:43,379 --> 00:06:40,479

what but it seems to Jack a little bit

138

00:06:45,569 --> 00:06:43,389

as it moved along it did almost like it

139

00:06:47,369 --> 00:06:45,579

was tumbling or something I agree with

140

00:06:49,979 --> 00:06:47,379

you and that's kind of why I thought it

141

00:06:52,439 --> 00:06:49,989

was a bird - sometimes the flapping of

142

00:06:54,899 --> 00:06:52,449

the wings can cause that sort of effect

143

00:06:59,429 --> 00:06:54,909

and I guess that's but still a

144

00:07:01,019 --> 00:06:59,439

possibility in my mind right well yeah

145

00:07:06,079 --> 00:07:01,029

it would have to be kind of low because

146

00:07:08,819 --> 00:07:06,089

I was moving really fast you know hmm

147

00:07:11,369 --> 00:07:08,829

yeah but sometimes they can't appear to

148

00:07:13,379 --> 00:07:11,379

be in a white object it often can be

149

00:07:14,999 --> 00:07:13,389

difficult to know if it's in front of

150

00:07:17,399 --> 00:07:15,009

the clouds or even behind the clouds

151
00:07:22,499 --> 00:07:17,409
yeah because the clouds themselves are

152
00:07:25,829 --> 00:07:22,509
white so yeah it's it's mysterious right

153
00:07:28,169 --> 00:07:25,839
well what else is happening the other

154
00:07:30,449 --> 00:07:28,179
thing and we talked about this a little

155
00:07:35,729 --> 00:07:30,459
bit but there's some more detail here

156
00:07:37,919 --> 00:07:35,739
and is that Colonel halt it kind of I've

157
00:07:40,349 --> 00:07:37,929
been in discussion with him as I think I

158
00:07:42,839 --> 00:07:40,359
mentioned on your show about this new

159
00:07:45,239 --> 00:07:42,849
Rendlesham forest witness and it's been

160
00:07:48,509 --> 00:07:45,249
in the news especially the UK tabloids

161
00:07:51,359 --> 00:07:48,519
but we posted a full interview that

162
00:07:54,629 --> 00:07:51,369
Philip mantel did with this guy who says

163
00:07:57,449 --> 00:07:54,639

he was there in 1980 in late December

164

00:08:02,459 --> 00:07:57,459

when UFOs were seen over a period of a

165

00:08:04,379 --> 00:08:02,469

couple days and however his telling

166

00:08:06,839 --> 00:08:04,389

doesn't necessarily fit with the facts

167

00:08:09,239 --> 00:08:06,849

set at least that I'm familiar with

168

00:08:11,759 --> 00:08:09,249

through the many books that have been

169

00:08:14,519 --> 00:08:11,769

written Colonel halt who is a deputy

170

00:08:16,319 --> 00:08:14,529

base commander wrote a memo about it you

171

00:08:18,719 --> 00:08:16,329

know you've had on the show halt even

172

00:08:21,109 --> 00:08:18,729

recently and any I think you even talked

173

00:08:23,759 --> 00:08:21,119

about this case yeah and and you

174

00:08:25,949 --> 00:08:23,769

Penniston and Burroughs some of the

175

00:08:29,549 --> 00:08:25,959

other witnesses so I'm sure halt

176

00:08:33,240 --> 00:08:29,559

reviewed some of this with you on your

177

00:08:37,499 --> 00:08:33,250

show oh I know he did but yeah there are

178

00:08:39,959 --> 00:08:37,509

a couple issues so for instance long

179

00:08:42,869 --> 00:08:39,969

Garrow says he went to the forest and he

180

00:08:47,809 --> 00:08:42,879

saw Warren and he saw Penniston and he

181

00:08:50,850 --> 00:08:47,819

saw halt there but there was no one time

182

00:08:51,900 --> 00:08:50,860

where a bunch of people went to the

183

00:08:53,730 --> 00:08:51,910

forest

184

00:08:57,090 --> 00:08:53,740

and all of those people were there

185

00:08:59,840 --> 00:08:57,100

together so there's that's the issue

186

00:09:02,700 --> 00:08:59,850

with that because even the first night

187

00:09:04,800 --> 00:09:02,710

he says Larry Warren another guy was out

188

00:09:06,900 --> 00:09:04,810

there but Larry Warren

189

00:09:07,890 --> 00:09:06,910

even by his own admission wasn't there

190

00:09:11,280 --> 00:09:07,900

the first night

191

00:09:15,270 --> 00:09:11,290

neither was halt but it was Penniston

192

00:09:17,910 --> 00:09:15,280

kept saying I was kidding around with

193

00:09:19,830 --> 00:09:17,920

the third guy and Burroughs were the

194

00:09:22,290 --> 00:09:19,840

three witnesses the only three people

195

00:09:24,390 --> 00:09:22,300

allowed in the forest the first night so

196

00:09:26,280 --> 00:09:24,400

it doesn't fit with the first night the

197

00:09:27,840 --> 00:09:26,290

second night the night that Hulk did go

198

00:09:29,750 --> 00:09:27,850

out there and took a bunch of men out

199

00:09:32,490 --> 00:09:29,760

there he said he took men from

200

00:09:34,890 --> 00:09:32,500

Woodbridge which was a base nearby but

201
00:09:38,550 --> 00:09:34,900
some miles away from Bentwaters where

202
00:09:40,340 --> 00:09:38,560
lunk arrow was stationed so hope says he

203
00:09:43,740 --> 00:09:40,350
wasn't part of that group

204
00:09:45,150 --> 00:09:43,750
so he's like doubtful that Langara was

205
00:09:48,630 --> 00:09:45,160
out there at all

206
00:09:50,850 --> 00:09:48,640
long Garrow says how Holt is doubting I

207
00:09:53,430 --> 00:09:50,860
was there but I was there I got you know

208
00:09:55,860 --> 00:09:53,440
swear on the life of my children and it

209
00:09:59,340 --> 00:09:55,870
could be because they did see you know

210
00:10:01,680 --> 00:09:59,350
objects over the entire area so it could

211
00:10:03,930 --> 00:10:01,690
be that long Garrow did see objects just

212
00:10:06,600 --> 00:10:03,940
not out in the forest and not with the

213
00:10:08,880 --> 00:10:06,610

other guys and he's just remembering it

214

00:10:10,410 --> 00:10:08,890

wrong and I kind of like to give him the

215

00:10:13,760 --> 00:10:10,420

benefit of the bat doubt that that's

216

00:10:16,710 --> 00:10:13,770

probably the case but unfortunately I

217

00:10:19,320 --> 00:10:16,720

points out this story we posted recently

218

00:10:21,510 --> 00:10:19,330

the facts don't fit and I do agree with

219

00:10:23,850 --> 00:10:21,520

hope that the facts are pretty important

220

00:10:28,320 --> 00:10:23,860

you really especially when you're trying

221

00:10:32,670 --> 00:10:28,330

to gain credibility you need to be clear

222

00:10:35,400 --> 00:10:32,680

what the facts are and then someone like

223

00:10:38,490 --> 00:10:35,410

Lane Garrow has to say well you know

224

00:10:41,100 --> 00:10:38,500

here's what everybody else says either

225

00:10:45,570 --> 00:10:41,110

here's my explanation of where I was

226

00:10:48,600 --> 00:10:45,580

when or like I often have to do with my

227

00:10:51,060 --> 00:10:48,610

girlfriend his admit that I'm wrong and

228

00:10:53,790 --> 00:10:51,070

that I remembered things incorrectly and

229

00:10:55,800 --> 00:10:53,800

she remembered them correctly and I

230

00:10:59,430 --> 00:10:55,810

apologize I'm just human for goodness

231

00:11:01,560 --> 00:10:59,440

sakes honey I'm just human can make that

232

00:11:04,190 --> 00:11:01,570

public is there right here oh yeah I've

233

00:11:06,390 --> 00:11:04,200

been at public yeah I am officially

234

00:11:09,900 --> 00:11:06,400

humid

235

00:11:13,500 --> 00:11:09,910

you know you wonder if there are other

236

00:11:16,500 --> 00:11:13,510

witnesses that will eventually come out

237

00:11:18,780 --> 00:11:16,510

and talk about this I know it's a you

238

00:11:21,870 --> 00:11:18,790

know boy we're getting into you know 30

239

00:11:24,270 --> 00:11:21,880

some odd years here but yeah you just

240

00:11:26,940 --> 00:11:24,280

wonder if some people are just keeping

241

00:11:30,960 --> 00:11:26,950

that situation to themselves and one of

242

00:11:34,050 --> 00:11:30,970

the things halt said is he he puts this

243

00:11:36,420 --> 00:11:34,060

thing on a shelf and Natalie you know it

244

00:11:37,890 --> 00:11:36,430

doesn't make it part of his life and you

245

00:11:39,990 --> 00:11:37,900

know perhaps there's other people that

246

00:11:43,590 --> 00:11:40,000

feel that very same way and they don't

247

00:11:45,870 --> 00:11:43,600

have any initiative to actually talk

248

00:11:47,850 --> 00:11:45,880

about it well you know one of the

249

00:11:49,680 --> 00:11:47,860

witnesses I mentioned is like that so

250

00:11:51,780 --> 00:11:49,690

it's funny halt even says that in his

251
00:11:52,680 --> 00:11:51,790
story how he didn't want to come out and

252
00:11:55,680 --> 00:11:52,690
talk about this

253
00:11:57,900 --> 00:11:55,690
but he's so compelled to make sure the

254
00:11:59,970 --> 00:11:57,910
facts are straight that he's got to come

255
00:12:02,430 --> 00:11:59,980
out and say hey you got it wrong you

256
00:12:04,560 --> 00:12:02,440
know this is what really happened so

257
00:12:08,730 --> 00:12:04,570
that's what compels him but Caban seg

258
00:12:09,990 --> 00:12:08,740
the gentleman we we mentioned earlier he

259
00:12:11,490 --> 00:12:10,000
was one of three people that went out

260
00:12:13,380 --> 00:12:11,500
the first night the other two have

261
00:12:15,180 --> 00:12:13,390
spoken quite a bit we've had them at our

262
00:12:17,010 --> 00:12:15,190
UFO Congress we're gonna have Colonel

263
00:12:20,070 --> 00:12:17,020

Hall for the second time actually at our

264

00:12:23,520 --> 00:12:20,080

Congress this year but Caban sake is

265

00:12:26,670 --> 00:12:23,530

someone who feels like I cool people you

266

00:12:28,470 --> 00:12:26,680

know what I experienced but I really

267

00:12:30,990 --> 00:12:28,480

don't want anything to do with this and

268

00:12:32,820 --> 00:12:31,000

I don't want to talk about it so he's an

269

00:12:35,400 --> 00:12:32,830

example of someone who just does not

270

00:12:38,970 --> 00:12:35,410

want to come forward even though he

271

00:12:40,860 --> 00:12:38,980

could clear up some issues but you know

272

00:12:43,440 --> 00:12:40,870

also and you can kind of see his point

273

00:12:45,900 --> 00:12:43,450

clearing up some issues means calling

274

00:12:48,030 --> 00:12:45,910

some people out and getting in the

275

00:12:50,430 --> 00:12:48,040

middle of the this fight and these

276

00:12:52,740 --> 00:12:50,440

battles and he doesn't want to be a part

277

00:12:55,170 --> 00:12:52,750

of that he doesn't want that kind of

278

00:12:57,060 --> 00:12:55,180

complication in his life so you're

279

00:12:59,610 --> 00:12:57,070

probably right I'm sure there are others

280

00:13:03,810 --> 00:12:59,620

and in a way you can't blame them you

281

00:13:08,520 --> 00:13:03,820

know why get in the middle of all of it

282

00:13:09,900 --> 00:13:08,530

and perhaps they're not even paying

283

00:13:14,160 --> 00:13:09,910

attention to what other people are

284

00:13:15,990 --> 00:13:14,170

saying it's that far you know yeah from

285

00:13:17,610 --> 00:13:16,000

their life it's very possible and you

286

00:13:19,680 --> 00:13:17,620

know Portland Guerra

287

00:13:21,630 --> 00:13:19,690

I do feel for the guy because if

288

00:13:25,440 --> 00:13:21,640

he did come out and share and he's just

289

00:13:30,840 --> 00:13:25,450

remembering things wrong I'm sure he

290

00:13:32,220 --> 00:13:30,850

feels a bit persecuted but maybe he

291

00:13:33,720 --> 00:13:32,230

doesn't have a girlfriend who calls him

292

00:13:35,700 --> 00:13:33,730

out all the time when he gets stuff

293

00:13:40,920 --> 00:13:35,710

wrong so he's not used to it like like I

294

00:13:44,490 --> 00:13:40,930

am Yeah right well we have time for

295

00:13:46,200 --> 00:13:44,500

another one if you have one if not we'll

296

00:13:48,960 --> 00:13:46,210

just uh we'll call it a night for news

297

00:13:50,640 --> 00:13:48,970

not really I mean with the holidays and

298

00:13:52,500 --> 00:13:50,650

everything I don't know that I have

299

00:13:55,350 --> 00:13:52,510

anything else there were some

300

00:13:58,680 --> 00:13:55,360

interesting stories in the headlines

301

00:14:00,840 --> 00:13:58,690

this week so when you go to open mindset

302

00:14:03,450 --> 00:14:00,850

TV you know you see UFO headlines and

303

00:14:06,270 --> 00:14:03,460

the stories are listed there so at least

304

00:14:08,250 --> 00:14:06,280

for yesterday I haven't posted for

305

00:14:10,500 --> 00:14:08,260

Wednesday yet but for Tuesday there were

306

00:14:15,180 --> 00:14:10,510

a few interesting sightings so there's

307

00:14:18,660 --> 00:14:15,190

an Australian one a UK one and these are

308

00:14:21,390 --> 00:14:18,670

sightings that made it into their

309

00:14:25,200 --> 00:14:21,400

mainstream media I'm sure they were

310

00:14:28,920 --> 00:14:25,210

covered inaccurately by the UK tabloids

311

00:14:31,470 --> 00:14:28,930

but these are ones that are were written

312

00:14:35,010 --> 00:14:31,480

about by credible news outlets so we

313

00:14:38,070 --> 00:14:35,020

already have some 2017 sightings yeah

314

00:14:41,160 --> 00:14:38,080

exactly in fact one of the stories from

315

00:14:45,510 --> 00:14:41,170

The Herald Express and a UK paper says

316

00:14:48,540 --> 00:14:45,520

first UFO of 2017 spotted by world UFO

317

00:14:51,900 --> 00:14:48,550

expert over Newton Abbot oh I saw this

318

00:14:53,460 --> 00:14:51,910

is it yeah yeah yeah so yep they're even

319

00:14:54,300 --> 00:14:53,470

making that claim the first of the year

320

00:14:58,380 --> 00:14:54,310

right

321

00:15:00,480 --> 00:14:58,390

and we'll be talking to you next week

322

00:15:02,670 --> 00:15:00,490

all right talk to you soon buddy

323

00:15:04,800 --> 00:15:02,680

all right okay everyone hang in there

324

00:15:23,720 --> 00:15:04,810

for this quick music break and we'll be

325

00:15:58,730 --> 00:15:29,240

[Music]

326

00:16:05,430 --> 00:16:02,490

harry drew welcome to the show welcome

327

00:16:08,009 --> 00:16:05,440

yes I'm very pleased to be on how are

328

00:16:12,990 --> 00:16:08,019

you doing well thank you doing well and

329

00:16:16,170 --> 00:16:13,000

I had a few people over the last would

330

00:16:19,980 --> 00:16:16,180

say year or to suggest you on as a guest

331

00:16:21,930 --> 00:16:19,990

this suppose that I'm calling to suppose

332

00:16:25,050 --> 00:16:21,940

that crash because there's been you know

333

00:16:27,690 --> 00:16:25,060

over the years I've seen you know some

334

00:16:29,610 --> 00:16:27,700

controversy here and there about about

335

00:16:31,650 --> 00:16:29,620

it and but I understand that you've done

336

00:16:35,460 --> 00:16:31,660

a lot of really interesting research

337

00:16:37,560 --> 00:16:35,470

about the whole story before we get into

338

00:16:40,829 --> 00:16:37,570

any of that well let's hear a little bit

339

00:16:45,120 --> 00:16:40,839

about you and also what sparked your

340

00:16:46,980 --> 00:16:45,130

interest in this particular topic well

341

00:16:52,110 --> 00:16:46,990

I'm interested in the topic because I

342

00:16:55,880 --> 00:16:52,120

live in the Kingman area and when I

343

00:16:59,600 --> 00:16:55,890

moved here years ago I was aware of a

344

00:17:02,010 --> 00:16:59,610

lot of stories about the Kingman UFO and

345

00:17:07,290 --> 00:17:02,020

claims that it was real claims it was a

346

00:17:12,150 --> 00:17:07,300

hoax and my background is I am an author

347

00:17:17,790 --> 00:17:12,160

of over 40 years I'm historian and that

348

00:17:21,390 --> 00:17:17,800

means that I actually do research field

349

00:17:24,090 --> 00:17:21,400

research archival research oral

350

00:17:26,370 --> 00:17:24,100

interview historic interviews with

351

00:17:29,669 --> 00:17:26,380

people and do a lot of digging and

352

00:17:31,590 --> 00:17:29,679

detective work with the with agencies be

353

00:17:33,510 --> 00:17:31,600

they local or federal government or

354

00:17:36,540 --> 00:17:33,520

wherever it takes me

355

00:17:39,690 --> 00:17:36,550

I am also the former director of museums

356

00:17:43,740 --> 00:17:39,700

of history anthropology and archaeology

357

00:17:46,080 --> 00:17:43,750

I'm a museum professional which is

358

00:17:48,860 --> 00:17:46,090

certainly to my benefit I'm also a

359

00:17:52,740 --> 00:17:48,870

cultural resource specialists and

360

00:17:55,440 --> 00:17:52,750

ancient civilizations and I have

361

00:17:58,950 --> 00:17:55,450

lectured and colleges and universities

362

00:18:03,780 --> 00:17:58,960

on ancient Egypt and the history there

363

00:18:06,200 --> 00:18:03,790

as well as European history and regard

364

00:18:08,780 --> 00:18:06,210

to the coming of the

365

00:18:11,390 --> 00:18:08,790

Second World War and what led to it and

366

00:18:14,360 --> 00:18:11,400

all the kind of things I am a published

367

00:18:17,060 --> 00:18:14,370

author an overview of some of the things

368

00:18:20,690 --> 00:18:17,070

I've written you can find and my others

369

00:18:23,660 --> 00:18:20,700

page at Amazon the what we'll be talking

370

00:18:27,230 --> 00:18:23,670

about your when I finally decide to

371

00:18:29,960 --> 00:18:27,240

release this will be published and

372

00:18:32,510 --> 00:18:29,970

available to Barnes & Noble and Amazon

373

00:18:33,920 --> 00:18:32,520

and a number of other things and I'm

374

00:18:37,850 --> 00:18:33,930

still working out which way the

375

00:18:41,330 --> 00:18:37,860

documentary is going to go because I did

376

00:18:45,410 --> 00:18:41,340

six years of field work here in the

377

00:18:47,860 --> 00:18:45,420

desert I have interviewed by virtue of

378

00:18:51,440 --> 00:18:47,870

being here and being associated with

379

00:18:54,230 --> 00:18:51,450

century families which means people that

380

00:18:57,740 --> 00:18:54,240

have lived in this area at least 100

381

00:19:01,880 --> 00:18:57,750

years the families individuals come and

382

00:19:06,290 --> 00:19:01,890

go as we geriatrics takes its course but

383

00:19:11,530 --> 00:19:06,300

the descendants and also first class I

384

00:19:14,180 --> 00:19:11,540

what I call first person I witnesses

385

00:19:17,360 --> 00:19:14,190

including the last surviving member of

386

00:19:21,830 --> 00:19:17,370

the United States Air Force retrieval

387

00:19:24,620 --> 00:19:21,840

team that took two of the vehicles out

388

00:19:28,640 --> 00:19:24,630

of here of the three that I've unearthed

389

00:19:32,600 --> 00:19:28,650

what literally and one being the first

390

00:19:37,940 --> 00:19:32,610

one we all refer to as the Kingman UFO

391

00:19:40,550 --> 00:19:37,950

and there are about 15 erroneous stories

392

00:19:42,950 --> 00:19:40,560

going around everything from ray gun

393

00:19:45,350 --> 00:19:42,960

fights with the aliens

394

00:19:48,050 --> 00:19:45,360

we're at crash a dead alien a alien

395

00:19:50,000 --> 00:19:48,060

woman ran off and the they fought the

396

00:19:52,670 --> 00:19:50,010

retrieval team from the airforce till

397

00:19:56,690 --> 00:19:52,680

the Power Packs went dead or someone was

398

00:20:00,470 --> 00:19:56,700

in a tower in 1953 the at the military

399

00:20:03,100 --> 00:20:00,480

Army Air Corps Base era and saw some a

400

00:20:05,750 --> 00:20:03,110

bogey on the pipey radar screen and

401
00:20:09,020 --> 00:20:05,760
looked out on the night sky and saw the

402
00:20:12,230 --> 00:20:09,030
flash at the Kingman UFO slammed into

403
00:20:14,930 --> 00:20:12,240
the ground and and those are claims that

404
00:20:18,230 --> 00:20:14,940
are out there in book form and blogs and

405
00:20:20,120 --> 00:20:18,240
DVDs people speak on it I've listened to

406
00:20:23,150 --> 00:20:20,130
some of these people myself

407
00:20:25,280 --> 00:20:23,160
I can tell you how the weather was what

408
00:20:28,370 --> 00:20:25,290
day what the synopsis was in the paper

409
00:20:33,200 --> 00:20:28,380
what the forecast was for the entire

410
00:20:35,300 --> 00:20:33,210
month of May 1953 because that's that's

411
00:20:38,270 --> 00:20:35,310
what I'm talking about here there were

412
00:20:41,150 --> 00:20:38,280
UFOs there before that there were UFOs

413
00:20:46,100 --> 00:20:41,160

after them I'm addressing the Kingman

414

00:20:48,890 --> 00:20:46,110

UFO incident and I I have included I

415

00:20:52,880 --> 00:20:48,900

opened my book up and went back and put

416

00:20:56,750 --> 00:20:52,890

in some stuff that goes back to 1947

417

00:20:58,190 --> 00:20:56,760

because I've had people saying this

418

00:21:00,170 --> 00:20:58,200

sounds very similar in a lot of ways

419

00:21:03,230 --> 00:21:00,180

like the Roswell story

420

00:21:04,250 --> 00:21:03,240

well information about the Kingman UFO

421

00:21:09,500 --> 00:21:04,260

first came out

422

00:21:11,990 --> 00:21:09,510

April May 1953 seven years before the

423

00:21:14,600 --> 00:21:12,000

Roswell books were ever written and some

424

00:21:17,060 --> 00:21:14,610

of the principal people there's a paper

425

00:21:19,250 --> 00:21:17,070

trail on the whole thing some of the

426

00:21:22,400 --> 00:21:19,260

principal people were following along

427

00:21:24,110 --> 00:21:22,410

with the research is 65 page interviewer

428

00:21:27,380 --> 00:21:24,120

the scientist a physicist a

429

00:21:32,120 --> 00:21:27,390

mathematician and engineer who were here

430

00:21:35,110 --> 00:21:32,130

to examine the craft that went down and

431

00:21:38,660 --> 00:21:35,120

did not crash it made a forced landing

432

00:21:42,130 --> 00:21:38,670

and along with the drawings I have all

433

00:21:45,410 --> 00:21:42,140

of that and I am the replacement

434

00:21:47,930 --> 00:21:45,420

historian per se of the historian that

435

00:21:52,010 --> 00:21:47,940

preceded me from Mojave County Arizona

436

00:21:54,530 --> 00:21:52,020

and I am the Prince the principal

437

00:21:57,770 --> 00:21:54,540

leading expert here if that's relevant

438

00:22:00,470 --> 00:21:57,780

to anybody here in Kingman about what

439

00:22:02,690 --> 00:22:00,480

happened in Kingman I have interviewed

440

00:22:05,630 --> 00:22:02,700

living people from the time

441

00:22:07,370 --> 00:22:05,640

Huell or friends of a friend who knew

442

00:22:10,040 --> 00:22:07,380

somebody that was an eyewitness or

443

00:22:13,730 --> 00:22:10,050

claimed I've talked to people who could

444

00:22:16,840 --> 00:22:13,740

hand me things give me things give me

445

00:22:21,530 --> 00:22:16,850

the most important thing of all a

446

00:22:26,450 --> 00:22:21,540

landmark I've driven all over here with

447

00:22:29,180 --> 00:22:26,460

a Jeep a little Wrangler I've walked

448

00:22:33,080 --> 00:22:29,190

through temperatures 105

449

00:22:33,950 --> 00:22:33,090

I'm engineer working with James Cameron

450

00:22:38,630 --> 00:22:33,960

for

451

00:22:42,260 --> 00:22:38,640

what he's doing and come up and fly

452

00:22:45,340 --> 00:22:42,270

drones with six of my cameras on the on

453

00:22:47,840 --> 00:22:45,350

the drone so I could look at the ground

454

00:22:50,600 --> 00:22:47,850

because I can't read the ground terrain

455

00:22:52,549 --> 00:22:50,610

here as an arc from my experience in the

456

00:22:54,680 --> 00:22:52,559

field doing archaeological work in this

457

00:22:56,810 --> 00:22:54,690

kind of stuff I can read more camps were

458

00:22:59,299 --> 00:22:56,820

human habitation up and five thousand

459

00:23:02,149 --> 00:22:59,309

years ago five hundred years ago but we

460

00:23:04,789 --> 00:23:02,159

have undergrowth here now because the

461

00:23:07,490 --> 00:23:04,799

climate change which is a natural

462

00:23:09,950 --> 00:23:07,500

process for the planet Earth when we are

463

00:23:12,230 --> 00:23:09,960

having vegetation growing here the last

464

00:23:16,039 --> 00:23:12,240

15 to 20 years so you don't see the

465

00:23:19,789 --> 00:23:16,049

desert literally all just flat sand and

466

00:23:21,139 --> 00:23:19,799

so I needed to get up 10 feet and 30

467

00:23:25,130 --> 00:23:21,149

feet up off the ground

468

00:23:28,159 --> 00:23:25,140

a drunk and ooh that I'm instantaneously

469

00:23:31,850 --> 00:23:28,169

found the second crash site you know and

470

00:23:34,490 --> 00:23:31,860

and I had wonderful clues a reverend

471

00:23:36,860 --> 00:23:34,500

ordained minister who was interviewed by

472

00:23:38,389 --> 00:23:36,870

a curator friend of mine who spent 20

473

00:23:41,360 --> 00:23:38,399

years out here trying to find the what

474

00:23:43,970 --> 00:23:41,370

we call the Red Lake question which was

475

00:23:48,560 --> 00:23:43,980

about 20 miles north of Old Town Kingman

476
00:23:53,690 --> 00:23:48,570
that happened right a few days after the

477
00:23:56,510 --> 00:23:53,700
forced landing happened and he told the

478
00:23:59,659 --> 00:23:56,520
curator the one of the things that he

479
00:24:02,480 --> 00:23:59,669
did back then was that he counseled area

480
00:24:04,090 --> 00:24:02,490
51 workers and being is ordained as a

481
00:24:06,049 --> 00:24:04,100
minister and it was a church it

482
00:24:09,139 --> 00:24:06,059
separated the ability of the government

483
00:24:12,380 --> 00:24:09,149
to interfere with who was saying what

484
00:24:15,230 --> 00:24:12,390
about what and so it put him onto the

485
00:24:17,330 --> 00:24:15,240
side and he was out there for over a

486
00:24:20,180 --> 00:24:17,340
20-year period we couldn't find anything

487
00:24:23,480 --> 00:24:20,190
the drone instantly confirmed what I

488
00:24:25,970 --> 00:24:23,490

thought I had seen it and I'm talking

489

00:24:29,450 --> 00:24:25,980

about this is no this is not something

490

00:24:31,760 --> 00:24:29,460

armchair you surf the internet or you

491

00:24:35,779 --> 00:24:31,770

read somebody else's book this is out

492

00:24:39,919 --> 00:24:35,789

there where 11 of Arizona's 15 poisonous

493

00:24:42,919 --> 00:24:39,929

creatures exist okay and in in great

494

00:24:45,560 --> 00:24:42,929

numbers there and so and it's tedious

495

00:24:47,160 --> 00:24:45,570

long hard work this is not just an

496

00:24:49,350 --> 00:24:47,170

archival going

497

00:24:51,810 --> 00:24:49,360

to somebody else wrote and if it's wrong

498

00:24:54,120 --> 00:24:51,820

you believe it and write it down this is

499

00:24:58,530 --> 00:24:54,130

to straighten things out so but my

500

00:25:01,110 --> 00:24:58,540

background is that I'm currently I'm a

501
00:25:03,480 --> 00:25:01,120
making some modifications to this by

502
00:25:06,360 --> 00:25:03,490
literally adding some things to the book

503
00:25:09,600 --> 00:25:06,370
because I have come across and my

504
00:25:11,460 --> 00:25:09,610
research from 1856 coming forward to

505
00:25:14,610 --> 00:25:11,470
right you know right to the end of the

506
00:25:17,100 --> 00:25:14,620
king when UFOs story that there were

507
00:25:22,470 --> 00:25:17,110
some other things nobody knows about or

508
00:25:24,480 --> 00:25:22,480
had mixed up or or or deliberately left

509
00:25:29,190 --> 00:25:24,490
some things out so the story sounds

510
00:25:31,140 --> 00:25:29,200
better and in other words as Steve Bell

511
00:25:32,790 --> 00:25:31,150
says from one of my presentation Steve

512
00:25:34,920 --> 00:25:32,800
Bell is an internationally known

513
00:25:37,860 --> 00:25:34,930

prolific science fiction writer 42

514

00:25:40,380 --> 00:25:37,870

novels to his credit and he lives in

515

00:25:44,580 --> 00:25:40,390

Rome Italy and he did a presentation for

516

00:25:46,950 --> 00:25:44,590

me at the world UFO Congress session at

517

00:25:50,850 --> 00:25:46,960

Tarquini Oh Italy 56 miles out of Rome

518

00:25:53,220 --> 00:25:50,860

and and basically is that what is

519

00:25:57,660 --> 00:25:53,230

different about what I'm doing is I'm a

520

00:25:59,970 --> 00:25:57,670

professional and I don't ever let a good

521

00:26:02,580 --> 00:25:59,980

story to tell get in the way what the

522

00:26:05,430 --> 00:26:02,590

facts really are and it's the other way

523

00:26:08,100 --> 00:26:05,440

around a lot of people you know they

524

00:26:10,050 --> 00:26:08,110

just skip over the facts so they can

525

00:26:12,470 --> 00:26:10,060

tell a good story it's entertaining and

526

00:26:19,500 --> 00:26:12,480

but what I found

527

00:26:21,030 --> 00:26:19,510

the third UFO second crash really I

528

00:26:23,340 --> 00:26:21,040

didn't expect any of these things

529

00:26:26,250 --> 00:26:23,350

none I didn't expect to really find

530

00:26:29,390 --> 00:26:26,260

anything and the third one turns out

531

00:26:33,450 --> 00:26:29,400

like this was going getting off into the

532

00:26:37,830 --> 00:26:33,460

let me see Twilight Zone because it was

533

00:26:41,160 --> 00:26:37,840

too freaky and because two of the crew

534

00:26:44,850 --> 00:26:41,170

of four that survived the crash into the

535

00:26:47,100 --> 00:26:44,860

Hualapai mountain here 8250 60 died

536

00:26:51,330 --> 00:26:47,110

right in front of everyone in old town

537

00:26:54,600 --> 00:26:51,340

kingman Mayberry USA 1953 it set the

538

00:26:58,200 --> 00:26:54,610

mountain on fire and two of the crew

539

00:27:01,470 --> 00:26:58,210

were arrested and taken to the county

540

00:27:04,620 --> 00:27:01,480

detention center an interrogation

541

00:27:06,960 --> 00:27:04,630

a solid concrete vault 14 inch thick

542

00:27:09,750 --> 00:27:06,970

steel reinforced ceilings

543

00:27:11,940 --> 00:27:09,760

that's a ceiling of the 1915 Mojave

544

00:27:14,340 --> 00:27:11,950

County Courthouse which is a historic

545

00:27:16,170 --> 00:27:14,350

structure that still stands and the

546

00:27:18,420 --> 00:27:16,180

sheriff's office was in the basement

547

00:27:20,310 --> 00:27:18,430

below great no windows no openings

548

00:27:22,380 --> 00:27:20,320

nothing you had to go through the main

549

00:27:24,630 --> 00:27:22,390

door and downstairs to get to it and

550

00:27:28,670 --> 00:27:24,640

then through lock doors to get in these

551
00:27:35,280 --> 00:27:28,680
people these as a newspaper reporter

552
00:27:38,130 --> 00:27:35,290
said these two strange-looking men were

553
00:27:39,930 --> 00:27:38,140
taken in by a forest service worker at

554
00:27:42,090 --> 00:27:39,940
the scene of at the scene of where the

555
00:27:45,840 --> 00:27:42,100
fire was because they were wandering

556
00:27:48,810 --> 00:27:45,850
around aimlessly and one addressed about

557
00:27:51,060 --> 00:27:48,820
why they were there they never spoke so

558
00:27:52,380 --> 00:27:51,070
they were taken into custody to be

559
00:27:54,980 --> 00:27:52,390
interrogated because they were thought

560
00:27:57,810 --> 00:27:54,990
to be arsons because there were no

561
00:28:00,750 --> 00:27:57,820
rainstorms no lightning storms only

562
00:28:03,150 --> 00:28:00,760
Pleasant weather in Kingman Arizona the

563
00:28:05,850 --> 00:28:03,160

entire month of May in spite of claims

564

00:28:07,950 --> 00:28:05,860

that the UFO was knocked down by a bull

565

00:28:10,710 --> 00:28:07,960

lightning was carrying an ambassador

566

00:28:13,710 --> 00:28:10,720

going to Los Alamos and the craft was

567

00:28:16,350 --> 00:28:13,720

flying southeast that's the wrong way to

568

00:28:20,460 --> 00:28:16,360

go to New Mexico from Kingman Arizona

569

00:28:21,540 --> 00:28:20,470

and we know I'm not alone we know why

570

00:28:23,760 --> 00:28:21,550

this thing went down

571

00:28:26,550 --> 00:28:23,770

why the Ronco their terrestrial craft

572

00:28:29,790 --> 00:28:26,560

they weren't under stellar vehicles you

573

00:28:32,220 --> 00:28:29,800

know and if you flew a modern-day 737

574

00:28:35,100 --> 00:28:32,230

unhardened electronics and all of that

575

00:28:37,170 --> 00:28:35,110

and you flew one in over the same place

576

00:28:40,200 --> 00:28:37,180

it probably just roll over and go right

577

00:28:42,570 --> 00:28:40,210

into the ground okay because the early

578

00:28:44,640 --> 00:28:42,580

technology the earth force was using

579

00:28:48,210 --> 00:28:44,650

here even though there was no military

580

00:28:51,960 --> 00:28:48,220

presence other than three radar systems

581

00:28:54,810 --> 00:28:51,970

set up in a triangular ground location

582

00:28:57,390 --> 00:28:54,820

and they were boosting power to try to

583

00:29:00,180 --> 00:28:57,400

get a much greater distance than what

584

00:29:03,120 --> 00:29:00,190

was available at the time in 1953

585

00:29:05,580 --> 00:29:03,130

because they were worried about the

586

00:29:07,740 --> 00:29:05,590

Russians it was the Cold War and there

587

00:29:10,410 --> 00:29:07,750

was a rumor the Russians were building a

588

00:29:12,110 --> 00:29:10,420

bomber they have named the bearer they

589

00:29:14,610 --> 00:29:12,120

could come down over the North Pole

590

00:29:16,830 --> 00:29:14,620

carrying nuclear devices

591

00:29:18,270 --> 00:29:16,840

drop them on the United States and we

592

00:29:20,220 --> 00:29:18,280

wouldn't know they're coming and our

593

00:29:22,920 --> 00:29:20,230

radar on the ground was at a limitation

594

00:29:25,680 --> 00:29:22,930

of 25 miles that's what the military had

595

00:29:27,900 --> 00:29:25,690

from war to and out on the water

596

00:29:30,210 --> 00:29:27,910

the naval radar would work 45 miles and

597

00:29:34,260 --> 00:29:30,220

they were trying to get 150 so they were

598

00:29:36,870 --> 00:29:34,270

using short-pulse microwave radar

599

00:29:39,000 --> 00:29:36,880

generators but one to one to another

600

00:29:41,670 --> 00:29:39,010

u-bolt two together you double the power

601
00:29:43,590 --> 00:29:41,680
you built another one to it and you know

602
00:29:45,420 --> 00:29:43,600
geometric progression and it goes up

603
00:29:48,270 --> 00:29:45,430
that's how they how they would work it

604
00:29:50,360 --> 00:29:48,280
to get it out 250 miles but it also

605
00:29:52,470 --> 00:29:50,370
caused a lot of other problems and

606
00:29:54,840 --> 00:29:52,480
including killing birds in flight and

607
00:29:57,330 --> 00:29:54,850
other things you know but the Air Force

608
00:30:00,510 --> 00:29:57,340
wasn't interested in side effect they

609
00:30:01,980 --> 00:30:00,520
were interested in results range and so

610
00:30:05,940 --> 00:30:01,990
that's what caused the problem there's a

611
00:30:09,299 --> 00:30:05,950
real quick overview about what what it

612
00:30:13,410 --> 00:30:09,309
is that was looking for I have I not

613
00:30:17,160 --> 00:30:13,420

only did the landmark help me I used the

614

00:30:19,260 --> 00:30:17,170

information from the 1973 interview also

615

00:30:23,450 --> 00:30:19,270

to help with some ground information and

616

00:30:27,720 --> 00:30:23,460

and when I found the landmark off side

617

00:30:29,220 --> 00:30:27,730

19:12 wagon road I drove straight to the

618

00:30:32,580 --> 00:30:29,230

other place I already know where to go

619

00:30:34,980 --> 00:30:32,590

and I pulled up and the driver's side

620

00:30:36,780 --> 00:30:34,990

window of my Jeep I was looking at the

621

00:30:42,930 --> 00:30:36,790

fuel kitchen everything the Air Force

622

00:30:47,490 --> 00:30:42,940

left behind is there including including

623

00:30:49,400 --> 00:30:47,500

relics that were one-time requested and

624

00:30:53,370 --> 00:30:49,410

paid for by the military and

625

00:30:55,799 --> 00:30:53,380

experimental object was made 1951 and 52

626
00:30:58,620 --> 00:30:55,809
and there's hundreds of them there okay

627
00:31:02,370 --> 00:30:58,630
and so I did a complete survey of the

628
00:31:09,419 --> 00:31:02,380
area the places they came in and cleared

629
00:31:12,720 --> 00:31:09,429
to leave room for a GM model 3301 army

630
00:31:16,770 --> 00:31:12,730
bus 840 made the they brought 40

631
00:31:20,190 --> 00:31:16,780
scientists out on 21 May 1953 arrived

632
00:31:23,070 --> 00:31:20,200
early evening the driver's name was

633
00:31:25,250 --> 00:31:23,080
Dennis the the principle person I'm

634
00:31:27,480 --> 00:31:25,260
interested in without was the wit I

635
00:31:28,350 --> 00:31:27,490
first-hand eyewitness who was brought

636
00:31:31,049 --> 00:31:28,360
there

637
00:31:34,169 --> 00:31:31,059
estimator determine the the forward

638
00:31:37,049 --> 00:31:34,179

flight speed and rate of fall before it

639

00:31:38,700 --> 00:31:37,059

hit the ground because they couldn't

640

00:31:42,690 --> 00:31:38,710

understand why it was all there it

641

00:31:47,070 --> 00:31:42,700

didn't even have a scratch and but it

642

00:31:50,910 --> 00:31:47,080

landed and it landed in a slow a very

643

00:31:53,100 --> 00:31:50,920

very wide very slow drain field off the

644

00:31:56,940 --> 00:31:53,110

Hualapai where the mountain meets the

645

00:31:59,070 --> 00:31:56,950

desert floor and in May I've been right

646

00:32:01,230 --> 00:31:59,080

there during all the times that this

647

00:32:04,049 --> 00:32:01,240

happened different seasons different

648

00:32:05,970 --> 00:32:04,059

yours I go back because you you have to

649

00:32:08,850 --> 00:32:05,980

play in this to get an average of the

650

00:32:11,250 --> 00:32:08,860

conditions okay base today versus them

651
00:32:14,909 --> 00:32:11,260
to see how the compare and and basically

652
00:32:17,940 --> 00:32:14,919
they're identical and but four inches

653
00:32:20,340 --> 00:32:17,950
below below hard back the ground water

654
00:32:22,500 --> 00:32:20,350
soaked and this thing weighed five tons

655
00:32:24,780 --> 00:32:22,510
and it just settled and they were trying

656
00:32:27,390 --> 00:32:24,790
to figure out it hit the ground so hard

657
00:32:28,980 --> 00:32:27,400
it was sunk 20 inches well it was in the

658
00:32:34,460 --> 00:32:28,990
ground 20 inches what they didn't

659
00:32:40,200 --> 00:32:37,049
completely full water and the thing just

660
00:32:42,330 --> 00:32:40,210
settled and the same kind of thing my

661
00:32:45,060 --> 00:32:42,340
you know video done photograph whether I

662
00:32:47,820 --> 00:32:45,070
put a Jeep tire up in the same with the

663
00:32:50,280 --> 00:32:47,830

on the Jeep just drove up and put a will

664

00:32:52,500 --> 00:32:50,290

near the area you get the same result

665

00:32:56,610 --> 00:32:52,510

you know a couple couple of hours is

666

00:32:59,640 --> 00:32:56,620

down and you have less load on a jeep

667

00:33:02,850 --> 00:32:59,650

wheel than five tons but it was sinking

668

00:33:05,789 --> 00:33:02,860

so that made some sense I did porosity

669

00:33:07,830 --> 00:33:05,799

does did radiation test at the site the

670

00:33:10,140 --> 00:33:07,840

place that they are force cleared for

671

00:33:12,960 --> 00:33:10,150

the bus to turn around because this is

672

00:33:14,970 --> 00:33:12,970

like on rayon tires it's a very

673

00:33:17,940 --> 00:33:14,980

primitive machine compared to what we

674

00:33:19,650 --> 00:33:17,950

have today they also had equipment they

675

00:33:23,100 --> 00:33:19,660

had to bring in I know where it came

676
00:33:26,159 --> 00:33:23,110
from I know what they brought you know

677
00:33:28,200 --> 00:33:26,169
it's like the storytellers talked about

678
00:33:30,600 --> 00:33:28,210
all the roads that were here there was

679
00:33:33,750 --> 00:33:30,610
even something on one of the the main

680
00:33:37,049 --> 00:33:33,760
UFO people that got it like a TV thing

681
00:33:39,930 --> 00:33:37,059
and out of Phoenix and they talk about

682
00:33:41,850 --> 00:33:39,940
the the UFO was picked up and put on a

683
00:33:44,100 --> 00:33:41,860
trailer that's

684
00:33:46,919 --> 00:33:44,110
that's pretty much accurate it's a

685
00:33:49,380 --> 00:33:46,929
little more about that and then they

686
00:33:51,270 --> 00:33:49,390
closed off highway 40 from Kingman all

687
00:33:55,860 --> 00:33:51,280
the way to Barstow California which is

688
00:33:58,200 --> 00:33:55,870

about 245 miles west of Kingman and so

689

00:34:02,039 --> 00:33:58,210

they could take the Kingman UFO down

690

00:34:05,370 --> 00:34:02,049

Highway 40 over to the Nevada side and

691

00:34:08,389 --> 00:34:05,380

get it on highway 95 north to take it up

692

00:34:14,580 --> 00:34:08,399

to groom Lake the problems with that

693

00:34:17,700 --> 00:34:14,590

okay highway 40 didn't exist in 1953 it

694

00:34:19,820 --> 00:34:17,710

was it was there 31 years later ok so

695

00:34:23,460 --> 00:34:19,830

there's there's some just basic things

696

00:34:24,980 --> 00:34:23,470

basic research that a lot of people get

697

00:34:27,750 --> 00:34:24,990

involved in telling stories about

698

00:34:30,240 --> 00:34:27,760

probably a lot of things but in regard

699

00:34:32,460 --> 00:34:30,250

to Kingman that they don't bother to

700

00:34:35,820 --> 00:34:32,470

look up and find out how many roads are

701
00:34:38,220 --> 00:34:35,830
really warrior a 1953 I have 6th grader

702
00:34:43,530 --> 00:34:38,230
boy and a sixth grader girl standing on

703
00:34:47,550 --> 00:34:43,540
video with the maths of today and the

704
00:34:48,869 --> 00:34:47,560
maps of 1952 53 with the highways and

705
00:34:51,359 --> 00:34:48,879
asked him what are the main differences

706
00:34:53,639 --> 00:34:51,369
you see here and but and and they were

707
00:34:55,109 --> 00:34:53,649
and being filmed and in the room

708
00:34:57,810 --> 00:34:55,119
different times so they didn't see each

709
00:35:00,359 --> 00:34:57,820
other and each one noticed that there

710
00:35:03,000 --> 00:35:00,369
were roads now that there aren't there

711
00:35:05,730 --> 00:35:03,010
were no roads then and you really need

712
00:35:07,710 --> 00:35:05,740
to have a highway there to be able to

713
00:35:10,050 --> 00:35:07,720

tell a story that you took something

714

00:35:12,210 --> 00:35:10,060

down it or somebody did that and then if

715

00:35:14,210 --> 00:35:12,220

that's not a problem enough there was no

716

00:35:16,800 --> 00:35:14,220

bridge across the Colorado there and

717

00:35:19,859 --> 00:35:16,810

then so they switched her story and said

718

00:35:22,800 --> 00:35:19,869

they did they took it over davis dam

719

00:35:26,910 --> 00:35:22,810

which wasn't done and then on the 19th

720

00:35:30,660 --> 00:35:26,920

day that's a day after the 19th day of

721

00:35:32,790 --> 00:35:30,670

May 1953 the day after the craft made a

722

00:35:36,780 --> 00:35:32,800

forced landing there's an article and

723

00:35:39,960 --> 00:35:36,790

and a local newspaper front page about

724

00:35:43,290 --> 00:35:39,970

how they needed to get a bridge there

725

00:35:45,390 --> 00:35:43,300

wasn't one and I've have a lot of

726
00:35:47,310 --> 00:35:45,400
museums that have worked with me I've

727
00:35:50,550 --> 00:35:47,320
been given security clearances to go

728
00:35:52,080 --> 00:35:50,560
into places that I need to get to the

729
00:35:54,359 --> 00:35:52,090
head of security for the County Court

730
00:35:55,770 --> 00:35:54,369
did something that was amazing for me I

731
00:35:58,620 --> 00:35:55,780
found a

732
00:36:01,470 --> 00:35:58,630
a document that gave a full description

733
00:36:03,150 --> 00:36:01,480
of the sheriff's office in 1953 and I

734
00:36:05,040 --> 00:36:03,160
couldn't find it couldn't find the

735
00:36:09,450 --> 00:36:05,050
sheriff's office the old one and I

736
00:36:11,120 --> 00:36:09,460
contacted the current Mojave County

737
00:36:14,700 --> 00:36:11,130
Sheriff's Office the remarkable people

738
00:36:18,270 --> 00:36:14,710

but they said I'm sorry because it it

739

00:36:19,830 --> 00:36:18,280

was torn down about 1966 and and I

740

00:36:22,860 --> 00:36:19,840

thought well after six years that makes

741

00:36:25,050 --> 00:36:22,870

sense and then I had a call from a

742

00:36:30,480 --> 00:36:25,060

museum and said you know we made a

743

00:36:32,160 --> 00:36:30,490

mistake the sheriff's office moved and

744

00:36:36,660 --> 00:36:32,170

they were put in the basement of the

745

00:36:39,150 --> 00:36:36,670

1915 courthouse and so I had this

746

00:36:41,190 --> 00:36:39,160

document described it but it didn't say

747

00:36:44,010 --> 00:36:41,200

where it was that so I went to the head

748

00:36:47,310 --> 00:36:44,020

of security from all the county court

749

00:36:49,470 --> 00:36:47,320

the court and the court still holds a

750

00:36:52,170 --> 00:36:49,480

bullet business in this building but the

751
00:36:54,180 --> 00:36:52,180
lower portion is for court business only

752
00:36:57,090 --> 00:36:54,190
now and it's been restricted to the

753
00:36:59,310 --> 00:36:57,100
public for thirty plus years so nobody

754
00:37:03,390 --> 00:36:59,320
gets to go in there and there's security

755
00:37:04,830 --> 00:37:03,400
all the time and so I asked if I could

756
00:37:07,620 --> 00:37:04,840
speak with the head of security and I

757
00:37:12,570 --> 00:37:07,630
told him I said if if I describe to you

758
00:37:14,280 --> 00:37:12,580
what the interior of the 1953 Mojave

759
00:37:16,200 --> 00:37:14,290
County sheriff's office looked like

760
00:37:18,420 --> 00:37:16,210
would you just tell me yes or no I

761
00:37:23,040 --> 00:37:18,430
didn't tell him I was interested in if

762
00:37:26,250 --> 00:37:23,050
about something with possible crew

763
00:37:28,020 --> 00:37:26,260

members from a spacecraft or alien ship

764

00:37:30,150 --> 00:37:28,030

or something and he said he would do

765

00:37:32,610 --> 00:37:30,160

that and I described things in detail

766

00:37:35,550 --> 00:37:32,620

and we were sitting at his desk and he

767

00:37:37,860 --> 00:37:35,560

said follow me he took me over there and

768

00:37:40,500 --> 00:37:37,870

took me in everything right down to the

769

00:37:43,230 --> 00:37:40,510

oak bench the Forest Service worked that

770

00:37:44,940 --> 00:37:43,240

he's the workers sat on waiting for one

771

00:37:48,480 --> 00:37:44,950

deputy to go get the sheriff this is

772

00:37:53,010 --> 00:37:48,490

Mayberry you know it's like 3400 people

773

00:37:55,170 --> 00:37:53,020

on a busy day and only six blocks you

774

00:37:56,760 --> 00:37:55,180

know and and that was called bunch town

775

00:37:58,740 --> 00:37:56,770

because everything's bunched up and

776

00:38:01,110 --> 00:37:58,750

anything beyond that was called string

777

00:38:02,880 --> 00:38:01,120

town was strung out you know so you have

778

00:38:06,830 --> 00:38:02,890

a little farm or or somebody with a

779

00:38:09,570 --> 00:38:06,840

garden or whatever back then and so

780

00:38:12,690 --> 00:38:09,580

interestingly enough

781

00:38:14,730 --> 00:38:12,700

here was the bench an oak bench that the

782

00:38:17,130 --> 00:38:14,740

forest service workers that on right

783

00:38:20,460 --> 00:38:17,140

outside the detention room door that was

784

00:38:22,890 --> 00:38:20,470

locked which is a concrete vote and the

785

00:38:24,900 --> 00:38:22,900

two crew members that were taken down

786

00:38:27,870 --> 00:38:24,910

off the mountain where the craft went

787

00:38:30,600 --> 00:38:27,880

down and crashed they had no idea the

788

00:38:32,400 --> 00:38:30,610

Air Force recovered two corpses on the

789

00:38:34,980 --> 00:38:32,410

top side of the fire some of the

790

00:38:37,470 --> 00:38:34,990

wreckage and had to evacuate because the

791

00:38:40,440 --> 00:38:37,480

fire was climbing the mountain and they

792

00:38:43,440 --> 00:38:40,450

were in danger of being injured or

793

00:38:46,550 --> 00:38:43,450

killed so they got out of there the two

794

00:38:48,600 --> 00:38:46,560

crew members were either rattled from

795

00:38:51,720 --> 00:38:48,610

hitting the side of the mountain

796

00:38:54,120 --> 00:38:51,730

or disoriented or whatever and that's

797

00:38:55,380 --> 00:38:54,130

what made them stand out beyond the fact

798

00:39:00,810 --> 00:38:55,390

that they were wearing some kind of

799

00:39:06,390 --> 00:39:00,820

strange coveralls flight suits okay

800

00:39:08,490 --> 00:39:06,400

and so the sheriff one deputy went out

801
00:39:09,900 --> 00:39:08,500
three deputies were in the office buying

802
00:39:11,670 --> 00:39:09,910
to lock doors with the forest service

803
00:39:13,290 --> 00:39:11,680
worker and they waited for the sheriff

804
00:39:15,830 --> 00:39:13,300
to come back because they wanted the

805
00:39:19,320 --> 00:39:15,840
sheriff to interrogate these two

806
00:39:21,270 --> 00:39:19,330
strange-looking men firstly when they

807
00:39:23,820 --> 00:39:21,280
brought him back he was briefed by the

808
00:39:25,800 --> 00:39:23,830
Forest Service worker and he told them

809
00:39:27,810 --> 00:39:25,810
to open up the door and the sheriff

810
00:39:29,520 --> 00:39:27,820
walked down the forest service worker

811
00:39:32,130 --> 00:39:29,530
and the deputy and the two

812
00:39:35,460 --> 00:39:32,140
strange-looking men this is the end of

813
00:39:37,290 --> 00:39:35,470

the story so to speak okay but the two

814

00:39:40,050 --> 00:39:37,300

strange-looking men weren't there

815

00:39:41,610 --> 00:39:40,060

anymore and there's no way out this is

816

00:39:45,030 --> 00:39:41,620

below great meaning it's below the

817

00:39:47,340 --> 00:39:45,040

surface of the ground outside no windows

818

00:39:50,940 --> 00:39:47,350

no openings and then I was allowed to

819

00:39:55,230 --> 00:39:50,950

photograph all of this at and I put some

820

00:39:59,430 --> 00:39:55,240

of that in the book of the I have an

821

00:40:01,440 --> 00:39:59,440

oversized hardbound alright so I'm

822

00:40:04,050 --> 00:40:01,450

sitting there right in front of me full

823

00:40:06,980 --> 00:40:04,060

color archival paper of the whole thing

824

00:40:09,350 --> 00:40:06,990

it's archival and there are intended for

825

00:40:12,840 --> 00:40:09,360

library State Library System's

826
00:40:14,910 --> 00:40:12,850
universities and museums and I haven't

827
00:40:17,040 --> 00:40:14,920
really thought about doing anything with

828
00:40:19,320 --> 00:40:17,050
these as far as those going out to the

829
00:40:21,990 --> 00:40:19,330
public whereas a trade journal sick fine

830
00:40:23,190 --> 00:40:22,000
iron paperback yes and that'll have lots

831
00:40:27,060 --> 00:40:23,200
of nuts and bolts stuff

832
00:40:30,480 --> 00:40:27,070
but this has on-site photos including

833
00:40:32,609 --> 00:40:30,490
what I just told you about and these

834
00:40:36,450 --> 00:40:32,619
things by the way there was a police

835
00:40:38,010 --> 00:40:36,460
report you don't take people in you know

836
00:40:40,589 --> 00:40:38,020
to interrogate him without mentioning

837
00:40:45,210 --> 00:40:40,599
anything so notations were made to the

838
00:40:48,599 --> 00:40:45,220

effect and so but that's the back end

839

00:40:53,089 --> 00:40:48,609

the front end is the craft there is a

840

00:40:58,200 --> 00:40:53,099

North by Northwest by South by southeast

841

00:41:02,579 --> 00:40:58,210

flight path for UFO across the Red Lake

842

00:41:07,710 --> 00:41:02,589

desert and the Hualapai Valley which is

843

00:41:11,670 --> 00:41:07,720

in the immediate Kingman town area a

844

00:41:15,720 --> 00:41:11,680

little bit to the north and south and do

845

00:41:18,870 --> 00:41:15,730

an and very close to the east and the

846

00:41:23,810 --> 00:41:18,880

radar systems were set up one and one on

847

00:41:29,970 --> 00:41:23,820

the east side of Red Lake and one set up

848

00:41:32,910 --> 00:41:29,980

to the southeast or maybe 12 miles away

849

00:41:35,550 --> 00:41:32,920

from what is now called has been called

850

00:41:40,819 --> 00:41:35,560

for years radar Hill which sits right

851
00:41:44,370 --> 00:41:40,829
smack above old town Kingman and in 1955

852
00:41:47,069 --> 00:41:44,380
they took out all the the temporary test

853
00:41:48,599 --> 00:41:47,079
equipment and they brought in what would

854
00:41:50,490 --> 00:41:48,609
be like an early forerunner or a

855
00:41:52,800 --> 00:41:50,500
backscatter and they brought in two

856
00:41:57,000 --> 00:41:52,810
hundred Air Force personnel and they set

857
00:41:59,190 --> 00:41:57,010
it up on radar Hill and all of the all

858
00:42:01,440 --> 00:41:59,200
of the outbuildings that they made are

859
00:42:07,579 --> 00:42:01,450
there at this moment this is no secret

860
00:42:11,130 --> 00:42:07,589
it's front page death and but it evolved

861
00:42:13,890 --> 00:42:11,140
because of budgeting from Congress a lot

862
00:42:16,770 --> 00:42:13,900
of things happen in 1951 the Army Air

863
00:42:20,190 --> 00:42:16,780

Corps Base was handed off to Edwards Air

864

00:42:22,920 --> 00:42:20,200

Force Base a 1951 who promptly began

865

00:42:26,730 --> 00:42:22,930

development of the base using what we

866

00:42:28,680 --> 00:42:26,740

today call black funds black money black

867

00:42:30,660 --> 00:42:28,690

budget money they did you know they'd

868

00:42:33,480 --> 00:42:30,670

have to wait around to get budgeted in

869

00:42:37,090 --> 00:42:33,490

1955 they were already working groom

870

00:42:43,150 --> 00:42:37,100

like today is referred to as area 51

871

00:42:45,400 --> 00:42:43,160

okay and the Kingman UFO landed made a

872

00:42:49,320 --> 00:42:45,410

forced landing radar fall was eight feet

873

00:42:51,880 --> 00:42:49,330

per second was the estimate based on

874

00:42:54,130 --> 00:42:51,890

improper information and and the

875

00:42:56,980 --> 00:42:54,140

scientists who did that questioned his

876
00:42:58,780 --> 00:42:56,990
own findings it made no sense the rate

877
00:43:00,700 --> 00:42:58,790
of fall if you take a pencil and hold it

878
00:43:04,270 --> 00:43:00,710
out in front of you and you just drop it

879
00:43:07,510 --> 00:43:04,280
it's 32 feet per second per second if

880
00:43:08,980 --> 00:43:07,520
you get high enough like in a a balloon

881
00:43:11,920 --> 00:43:08,990
and you're wearing the right kind of

882
00:43:13,870 --> 00:43:11,930
clothing you can jump out and before you

883
00:43:15,940 --> 00:43:13,880
have to open your parachute you can

884
00:43:18,760 --> 00:43:15,950
exceed the speed of sound because you

885
00:43:21,850 --> 00:43:18,770
continue to accelerate and that was

886
00:43:23,650 --> 00:43:21,860
recently done where we have someone who

887
00:43:26,710 --> 00:43:23,660
cracked who literally jumped out of a

888
00:43:30,220 --> 00:43:26,720

balloon and extremely altitude and

889

00:43:32,680 --> 00:43:30,230

survived cracking this the sound barrier

890

00:43:34,390 --> 00:43:32,690

but just to drop a pencil the miniature

891

00:43:37,000 --> 00:43:34,400

let go it goes right to 32 feet per

892

00:43:39,190 --> 00:43:37,010

second the craft came down early

893

00:43:41,620 --> 00:43:39,200

estimates were 8 feet the rate of fall

894

00:43:45,160 --> 00:43:41,630

was 8 feet per second that means there's

895

00:43:47,140 --> 00:43:45,170

a controlled descent at the very best

896

00:43:50,590 --> 00:43:47,150

that meant a controlled descent and the

897

00:43:53,410 --> 00:43:50,600

fact that had no damage and the and and

898

00:43:56,350 --> 00:43:53,420

I have drawings of this thing that are

899

00:43:58,270 --> 00:43:56,360

very interesting there this there's been

900

00:44:02,980 --> 00:43:58,280

a few people that have seen these back

901
00:44:05,110 --> 00:44:02,990
in the 40s and 50s who didn't have the

902
00:44:08,620 --> 00:44:05,120
opportunity to be underneath it and

903
00:44:11,740 --> 00:44:08,630
touch it and look out and walk around it

904
00:44:13,120 --> 00:44:11,750
and all that kind of thing who were

905
00:44:15,460 --> 00:44:13,130
pretty much right in some of the

906
00:44:19,180 --> 00:44:15,470
guessing but they weren't making claims

907
00:44:23,260 --> 00:44:19,190
about invasions or anything else this

908
00:44:27,760 --> 00:44:23,270
was a disc-shaped craft approximately 30

909
00:44:30,610 --> 00:44:27,770
feet in diameter and it had according to

910
00:44:36,090 --> 00:44:30,620
the witnesses who were there there were

911
00:44:43,270 --> 00:44:39,340
eyewitnesses that I that I am okay I

912
00:44:46,510 --> 00:44:43,280
have witnesses here 15 witnesses who

913
00:44:49,750 --> 00:44:46,520

observed this thing going down and what

914

00:44:54,490 --> 00:44:49,760
was a 7.2 mile trip to the ground

915

00:44:57,310 --> 00:44:54,500
and it flew through the radar field that

916

00:44:59,020 --> 00:44:57,320
when the three radars were turned on it

917

00:45:01,030 --> 00:44:59,030
came sir like it probably comes through

918

00:45:04,480 --> 00:45:01,040
a hundred times or five hundred times

919

00:45:08,170 --> 00:45:04,490
before they say terrestrial shuttlecraft

920

00:45:11,020 --> 00:45:08,180
and all of a sudden they had some type

921

00:45:13,450 --> 00:45:11,030
of problem with the avionics or the

922

00:45:15,310 --> 00:45:13,460
propulsion and it will cause the same

923

00:45:17,710 --> 00:45:15,320
kind of problem and a modern-day

924

00:45:20,230 --> 00:45:17,720
commercial non hardened jet

925

00:45:22,300 --> 00:45:20,240
that's why cellphones are still not

926
00:45:24,849 --> 00:45:22,310
allowed and people say well cellphones

927
00:45:29,760 --> 00:45:24,859
can't do that you know in my book I show

928
00:45:32,770 --> 00:45:29,770
where a maybe 2014 a woman being

929
00:45:35,320 --> 00:45:32,780
arrested and removed using a Turner

930
00:45:38,290 --> 00:45:35,330
phone off before they take off because

931
00:45:42,910 --> 00:45:38,300
it can cause the autopilot to shut off

932
00:45:46,540 --> 00:45:42,920
our can cause flap our arms or ailerons

933
00:45:51,460 --> 00:45:46,550
to misbehave or or interfere with it and

934
00:45:52,990 --> 00:45:51,470
if it releases the autopilot it doesn't

935
00:45:55,000 --> 00:45:53,000
trip the alarm it's like the pilot

936
00:45:58,030 --> 00:45:55,010
reached over and flipped it off and so

937
00:46:00,550 --> 00:45:58,040
the crew doesn't know and it's like well

938
00:46:02,830 --> 00:46:00,560

everybody would know if the plane wasn't

939

00:46:07,030 --> 00:46:02,840

on autopilot isn't he that's not really

940

00:46:09,160 --> 00:46:07,040

true but with all that aside this thing

941

00:46:11,349 --> 00:46:09,170

flew through through there was they'd

942

00:46:16,000 --> 00:46:11,359

been many times before and all of a

943

00:46:18,130 --> 00:46:16,010

sudden the entire way things work

944

00:46:21,580 --> 00:46:18,140

changed for them when they weren't

945

00:46:23,470 --> 00:46:21,590

weren't able to continue their flight

946

00:46:27,760 --> 00:46:23,480

they weren't hit by a bolt of lightning

947

00:46:30,070 --> 00:46:27,770

they were not shot down by rockets the

948

00:46:32,020 --> 00:46:30,080

story is going on or fighter jets

949

00:46:35,200 --> 00:46:32,030

intercept them there were no there was

950

00:46:37,330 --> 00:46:35,210

no military in Kingman Arizona with the

951
00:46:39,820 --> 00:46:37,340
exception of a radar operator and a

952
00:46:42,550 --> 00:46:39,830
technician on each one of the three

953
00:46:44,800 --> 00:46:42,560
radar units that were portable brought

954
00:46:48,970 --> 00:46:44,810
in to where they were they were

955
00:46:53,170 --> 00:46:48,980
experimenting with trying to boost the

956
00:46:56,650 --> 00:46:53,180
short-pulse monochrome wave radar units to

957
00:46:59,440 --> 00:46:56,660
gain more distance and that was all that

958
00:47:01,450 --> 00:46:59,450
was going on just and regular radar was

959
00:47:03,130 --> 00:47:01,460
under development back I think in

960
00:47:03,609 --> 00:47:03,140
Massachusetts it was Becky somewhere in

961
00:47:10,329 --> 00:47:03,619
that area

962
00:47:12,160 --> 00:47:10,339
and with all of that going on they flew

963
00:47:17,339 --> 00:47:12,170

through there was no Army Air Corps here

964

00:47:19,809 --> 00:47:17,349

and the the air the error force

965

00:47:24,339 --> 00:47:19,819

technician and the Air Force radar

966

00:47:28,329 --> 00:47:24,349

operator had no idea they somewhat shot

967

00:47:32,079 --> 00:47:28,339

down a UFO and the Air Force at Nellis

968

00:47:36,549 --> 00:47:32,089

who knew something went down and we're

969

00:47:39,059 --> 00:47:36,559

here within two hours had no idea they

970

00:47:41,499 --> 00:47:39,069

caused it and later there would be a

971

00:47:44,109 --> 00:47:41,509

communication within the Pentagon from

972

00:47:48,819 --> 00:47:44,119

one for Air Force officers office to

973

00:47:52,390 --> 00:47:48,829

another and I noticed that dr. Greer has

974

00:47:55,299 --> 00:47:52,400

published that in something and you know

975

00:47:58,779 --> 00:47:55,309

it's it's just speculation and they're

976
00:48:03,130 --> 00:47:58,789
saying do you suppose it's has something

977
00:48:07,329 --> 00:48:03,140
to do with our radar and here yeah and

978
00:48:09,579 --> 00:48:07,339
if it did in Roswell I have no idea you

979
00:48:10,809 --> 00:48:09,589
know I have no idea because I have I'm

980
00:48:13,120 --> 00:48:10,819
not trying to do Roswell I have a

981
00:48:15,430 --> 00:48:13,130
complete story that's completely that's

982
00:48:18,309 --> 00:48:15,440
different than that and but I know that

983
00:48:21,309 --> 00:48:18,319
a lot of things that are mentioned about

984
00:48:23,859 --> 00:48:21,319
Roswell everybody got to see that in

985
00:48:28,269 --> 00:48:23,869
1973 because it was mentioned about

986
00:48:29,529 --> 00:48:28,279
Kingman you know so how much how much

987
00:48:32,709 --> 00:48:29,539
you pick up from one to the other I

988
00:48:35,319 --> 00:48:32,719

don't know does that help you and the

989

00:48:37,809 --> 00:48:35,329

listeners at all - oh you get an idea

990

00:48:40,029 --> 00:48:37,819

yeah there's a you know there's a couple

991

00:48:43,930 --> 00:48:40,039

of questions popped up here and there as

992

00:48:45,519 --> 00:48:43,940

we were going along but you know the the

993

00:48:47,859 --> 00:48:45,529

one question I was going to ask you

994

00:48:50,049 --> 00:48:47,869

toward the beginning of but you may have

995

00:48:52,289 --> 00:48:50,059

already covered it was what before you

996

00:48:55,539 --> 00:48:52,299

started looking into this what was the

997

00:48:59,309 --> 00:48:55,549

general story this happened I think was

998

00:49:02,950 --> 00:48:59,319

May what was the date May 18th

999

00:49:06,479 --> 00:49:02,960

supposedly but you you kind of went all

1000

00:49:10,950 --> 00:49:06,489

all through that but there was a witness

1001
00:49:15,459 --> 00:49:10,960
that first came forward about this story

1002
00:49:16,920 --> 00:49:15,469
was that did his story to have any

1003
00:49:20,339 --> 00:49:16,930
weight to it or

1004
00:49:23,099 --> 00:49:20,349
get er in fact um well let's get right

1005
00:49:28,319 --> 00:49:23,109
to that you know and get past that on a

1006
00:49:32,900 --> 00:49:28,329
man by the name of Arthur stancel who is

1007
00:49:35,609 --> 00:49:32,910
real okay I can tell you which community

1008
00:49:37,920 --> 00:49:35,619
councils he was on in Sudbury

1009
00:49:40,140 --> 00:49:37,930
Massachusetts and I mean I've dealt with

1010
00:49:44,309 --> 00:49:40,150
I've dealt with authorities back east

1011
00:49:48,599 --> 00:49:44,319
and and before he died he donated over

1012
00:49:53,190 --> 00:49:48,609
2,000 hours of his time and at a

1013
00:49:54,900 --> 00:49:53,200

hospital miss Peck new job new hampshire

1014

00:49:57,569 --> 00:49:54,910

and i talked to the director of

1015

00:50:00,239 --> 00:49:57,579

volunteer services about him i mean so

1016

00:50:02,220 --> 00:50:00,249

it's like I'm a historian you know I'm

1017

00:50:03,870 --> 00:50:02,230

not I'm not looking at somebody's book

1018

00:50:05,900 --> 00:50:03,880

to find out what happened cuz I know

1019

00:50:07,559 --> 00:50:05,910

better than that this is what drives

1020

00:50:12,059 --> 00:50:07,569

historians up the wall

1021

00:50:14,640 --> 00:50:12,069

somebody somebody exaggerated 400 years

1022

00:50:16,319 --> 00:50:14,650

ago and somebody else goes to write

1023

00:50:18,480 --> 00:50:16,329

another history book and they use that

1024

00:50:20,400 --> 00:50:18,490

exaggeration and they might even add

1025

00:50:23,069 --> 00:50:20,410

some of their own and by the time it

1026
00:50:25,950 --> 00:50:23,079
reaches the the students in our College

1027
00:50:29,729 --> 00:50:25,960
were our high schools the reading stuff

1028
00:50:32,489 --> 00:50:29,739
this complete junk because it's it's

1029
00:50:35,339 --> 00:50:32,499
been manipulated for whatever reasons at

1030
00:50:37,380 --> 00:50:35,349
the time for hundreds of years I'm not

1031
00:50:42,299 --> 00:50:37,390
yeah I totally agree with that

1032
00:50:47,339 --> 00:50:42,309
yeah what's so do I you know and as a

1033
00:50:49,890 --> 00:50:47,349
historian I have the my reputation is

1034
00:50:53,130 --> 00:50:49,900
impeccable in regard to matters of

1035
00:50:55,079 --> 00:50:53,140
history and you know you get it as right

1036
00:50:57,210 --> 00:50:55,089
as you can and if you and if you have a

1037
00:51:01,259 --> 00:50:57,220
problem or doubts you can share them

1038
00:51:02,489 --> 00:51:01,269

it's also fair that I can speculate but

1039

00:51:05,789 --> 00:51:02,499

I have to make sure everybody

1040

00:51:08,549 --> 00:51:05,799

understands I'm speculating this is this

1041

00:51:12,029 --> 00:51:08,559

what might be but I'd rather have the

1042

00:51:13,890 --> 00:51:12,039

reader question this and if they want to

1043

00:51:17,339 --> 00:51:13,900

know more go out and dig up the

1044

00:51:19,579 --> 00:51:17,349

information if it can be and and not all

1045

00:51:22,440 --> 00:51:19,589

cases it can be I will tell you that

1046

00:51:23,940 --> 00:51:22,450

when I first took a look at this they

1047

00:51:27,420 --> 00:51:23,950

were talking about it happened on the

1048

00:51:29,099 --> 00:51:27,430

19th of May the 20th of May and the 21st

1049

00:51:30,420 --> 00:51:29,109

of May and I'll tell you where some of

1050

00:51:32,880 --> 00:51:30,430

this comes from are

1051

00:51:35,609 --> 00:51:32,890

stancil worked he was at

1052

00:51:40,530 --> 00:51:35,619

wright-patterson for 12 years when he

1053

00:51:45,049 --> 00:51:40,540

was sent to Frenchmen flats at the

1054

00:51:49,109 --> 00:51:45,059

nuclear test site in Nevada and he was

1055

00:51:51,299 --> 00:51:49,119

the materials handler basically we would

1056

00:51:55,230 --> 00:51:51,309

think of him more as like the bomb blast

1057

00:51:57,299 --> 00:51:55,240

effect analyst they put up things like a

1058

00:51:58,859 --> 00:51:57,309

little town or some cars or a bus and

1059

00:52:01,770 --> 00:51:58,869

different things and then they detonate

1060

00:52:06,270 --> 00:52:01,780

an atomic bomb to see what happens you

1061

00:52:09,000 --> 00:52:06,280

know at point-blank inside the fireball

1062

00:52:13,859 --> 00:52:09,010

outside the fireball death you know

1063

00:52:16,109 --> 00:52:13,869

miles away to get an idea of how if

1064

00:52:18,510 --> 00:52:16,119

we're going to resist getting hit by one

1065

00:52:21,839 --> 00:52:18,520

of these things or we want to see how to

1066

00:52:24,900 --> 00:52:21,849

overcome an enemies hardened hardening

1067

00:52:27,150 --> 00:52:24,910

of their targets or is that that we know

1068

00:52:31,730 --> 00:52:27,160

how to impact it so he was doing that

1069

00:52:34,980 --> 00:52:31,740

and he got a call from the director of

1070

00:52:37,230 --> 00:52:34,990

the the operation there the atomic bomb

1071

00:52:40,200 --> 00:52:37,240

blast operation farthest answer was

1072

00:52:45,530 --> 00:52:40,210

really there he was interviewed by a a

1073

00:52:48,690 --> 00:52:45,540

really well learned highly credible

1074

00:52:51,630 --> 00:52:48,700

historian and researcher Raymond Fowler

1075

00:52:54,930 --> 00:52:51,640

oh yeah who was still living back east

1076

00:52:56,730 --> 00:52:54,940

he's he's about 30 miles from me okay

1077

00:53:01,079 --> 00:52:56,740

he's a wonderful man okay

1078

00:53:03,990 --> 00:53:01,089

and he did he did some things we could

1079

00:53:07,410 --> 00:53:04,000

never get away with now he talked to

1080

00:53:10,200 --> 00:53:07,420

like the bosses the employers of artha

1081

00:53:11,370 --> 00:53:10,210

Stansel you know they now they can't

1082

00:53:13,079 --> 00:53:11,380

tell you anything I wouldn't even take a

1083

00:53:16,319 --> 00:53:13,089

call they might even send out some

1084

00:53:21,329 --> 00:53:16,329

people to check you out you know now but

1085

00:53:24,920 --> 00:53:21,339

and so he documented and and it starts

1086

00:53:28,500 --> 00:53:24,930

with an interview with a 15 year old boy

1087

00:53:31,079 --> 00:53:28,510

by the Sudbury Massachusetts newspaper

1088

00:53:35,339 --> 00:53:31,089

who heard that he was writing a book

1089

00:53:38,250 --> 00:53:35,349

about UFOs for youth for other kids to

1090

00:53:41,549 --> 00:53:38,260

read he's 15 years old his name is Jeff

1091

00:53:42,750 --> 00:53:41,559

young and one of the books like I think

1092

00:53:44,190 --> 00:53:42,760

it's a majestic 12

1093

00:53:46,980 --> 00:53:44,200

they say he

1094

00:53:49,319 --> 00:53:46,990

he and another kid named Campbell were

1095

00:53:55,530 --> 00:53:49,329

the first men and you ethology history

1096

00:53:57,839 --> 00:53:55,540

to to interview Arthur Sansa oh they

1097

00:53:59,880 --> 00:53:57,849

weren't men there was one kid and he

1098

00:54:01,829 --> 00:53:59,890

spent about six months it's right in the

1099

00:54:04,410 --> 00:54:01,839

front page of the paper and it's like

1100

00:54:08,670 --> 00:54:04,420

multiple pages and the paper the

1101
00:54:10,710 --> 00:54:08,680
newspaper from Sudbury I told him it's

1102
00:54:13,490 --> 00:54:10,720
so many versions of this and it's and

1103
00:54:16,440 --> 00:54:13,500
it's been missed through misuse and

1104
00:54:19,260 --> 00:54:16,450
changed so many times and stories used

1105
00:54:22,170 --> 00:54:19,270
by all the UF ology people who become

1106
00:54:24,480 --> 00:54:22,180
self professed experts on this then I

1107
00:54:28,079 --> 00:54:24,490
got a hold of the newspaper back east

1108
00:54:30,660 --> 00:54:28,089
and they sent me the original microphone

1109
00:54:33,660 --> 00:54:30,670
and talked about trusting a historian

1110
00:54:35,849 --> 00:54:33,670
they sent me the original microfilm and

1111
00:54:37,770 --> 00:54:35,859
so I could read it for myself and I

1112
00:54:39,420 --> 00:54:37,780
copied it it shipped it back and they

1113
00:54:42,630 --> 00:54:39,430

got it back safe and sound

1114

00:54:45,240 --> 00:54:42,640

that's what we do and in it it tells the

1115

00:54:47,819 --> 00:54:45,250

real story and there was a little blip

1116

00:54:51,569 --> 00:54:47,829

and I mentioned Arthur Stancil by name

1117

00:54:55,770 --> 00:54:51,579

and talking about that he had it that he

1118

00:54:58,800 --> 00:54:55,780

had looked at a spaceship in Kingman

1119

00:55:00,780 --> 00:54:58,810

Arizona and a clipping service that

1120

00:55:03,089 --> 00:55:00,790

Raymond Fowler had clipped that out and

1121

00:55:04,680 --> 00:55:03,099

they sent it to him Raymond Fowler got a

1122

00:55:06,839 --> 00:55:04,690

hold of arthur sands will hunted him

1123

00:55:10,950 --> 00:55:06,849

down and artha stance will agree to do

1124

00:55:12,990 --> 00:55:10,960

an interview okay and and so stansson

1125

00:55:15,120 --> 00:55:13,000

went and found his nope a notebook he

1126
00:55:17,370 --> 00:55:15,130
had and there's some innocent things in

1127
00:55:19,650 --> 00:55:17,380
there that some other person has said if

1128
00:55:21,030 --> 00:55:19,660
he was really if he was really he said

1129
00:55:23,430 --> 00:55:21,040
it was he would have never said it this

1130
00:55:26,849 --> 00:55:23,440
is a personal little notebook and he

1131
00:55:29,520 --> 00:55:26,859
left left it in his barracks before he

1132
00:55:35,520 --> 00:55:29,530
was flown down from Indian Springs on

1133
00:55:37,829 --> 00:55:35,530
the 21st day of May 1953 because his

1134
00:55:40,829 --> 00:55:37,839
boss called him after work the day

1135
00:55:44,550 --> 00:55:40,839
before on the 20th and said to report

1136
00:55:47,790 --> 00:55:44,560
after work at Indian Springs Air Force

1137
00:55:52,829 --> 00:55:47,800
Base which was near Nellis that's north

1138
00:55:57,720 --> 00:55:52,839

of Las Vegas and and he boarded with 14

1139

00:56:00,420 --> 00:55:57,730

other technicians they flew them to

1140

00:56:06,540 --> 00:56:00,430

Phoenix Arizona where there were 25

1141

00:56:10,230 --> 00:56:06,550

scientists waiting and this Jim Jam

1142

00:56:12,990 --> 00:56:10,240

model 3301 bus waiting with the windows

1143

00:56:14,910 --> 00:56:13,000

taped over with missile tape so they

1144

00:56:16,530 --> 00:56:14,920

can't see out the sides and in that

1145

00:56:19,470 --> 00:56:16,540

particular bus there's no back window

1146

00:56:21,720 --> 00:56:19,480

and there's a jump seat in the back for

1147

00:56:26,160 --> 00:56:21,730

luggage or they can carry four more

1148

00:56:28,230 --> 00:56:26,170

people the bus is a 36% bus they took 40

1149

00:56:29,970 --> 00:56:28,240

and they were all given sack lunches

1150

00:56:31,950 --> 00:56:29,980

under the whole the whole routine for

1151

00:56:34,230 --> 00:56:31,960

this thing and I even know where the bus

1152

00:56:36,780 --> 00:56:34,240

went and the name of the driver that's

1153

00:56:39,359 --> 00:56:36,790

in draw that drove it from one military

1154

00:56:41,160 --> 00:56:39,369

post to another post five days a week I

1155

00:56:43,560 --> 00:56:41,170

mean this stuff really exists if

1156

00:56:46,560 --> 00:56:43,570

somebody looks and really students a

1157

00:56:49,050 --> 00:56:46,570

time and so it's like for historians we

1158

00:56:51,240 --> 00:56:49,060

can't pass the rock sitting out on the

1159

00:56:53,250 --> 00:56:51,250

desert floor we have to kick it over

1160

00:56:55,109 --> 00:56:53,260

because it could be a clue and it just

1161

00:56:57,390 --> 00:56:55,119

it's never-ending and so we have to

1162

00:56:58,980 --> 00:56:57,400

bring it to a stop somewhere yeah and

1163

00:57:01,109 --> 00:56:58,990

that's why I'll enough to I've been

1164

00:57:02,750 --> 00:57:01,119

trapped to release the book because they

1165

00:57:05,310 --> 00:57:02,760

haven't been doing it for the money

1166

00:57:08,609 --> 00:57:05,320

how I would have done it or let it out a

1167

00:57:13,040 --> 00:57:08,619

long time ago you know this has got to

1168

00:57:16,349 --> 00:57:13,050

be right okay anyway so Raymond Fowler

1169

00:57:20,160 --> 00:57:16,359

did the interview and it's 100% correct

1170

00:57:21,960 --> 00:57:20,170

and what are thooose Ansel was saying

1171

00:57:27,120 --> 00:57:21,970

about a lot of things I verified

1172

00:57:28,620 --> 00:57:27,130

I see now did he did I read somewhere

1173

00:57:31,290 --> 00:57:28,630

that he had a different name

1174

00:57:32,700 --> 00:57:31,300

did he ever change his name or used a

1175

00:57:35,820 --> 00:57:32,710

different name or something like that

1176

00:57:39,570 --> 00:57:35,830

oh yeah well yes that's true no no keep

1177

00:57:42,390 --> 00:57:39,580

in mind his real name associated with

1178

00:57:48,560 --> 00:57:42,400

the Kingman UFO was in the paper on

1179

00:57:49,880 --> 00:57:48,570

April 23rd 1973 in the Sudbury main

1180

00:57:53,640 --> 00:57:49,890

newspaper

1181

00:57:55,950 --> 00:57:53,650

Arthur stancel I got it in the book it's

1182

00:57:58,950 --> 00:57:55,960

right there his name for everybody in

1183

00:58:02,210 --> 00:57:58,960

the world to know and but they decided I

1184

00:58:05,790 --> 00:58:02,220

don't know why exactly the real reason

1185

00:58:09,150 --> 00:58:05,800

beyond the said reason they think they

1186

00:58:13,349 --> 00:58:09,160

ended up giving him a pseudonym

1187

00:58:16,259 --> 00:58:13,359

of another name so that people wouldn't

1188

00:58:18,480 --> 00:58:16,269

somehow identify Arthur stancel but I

1189

00:58:20,519 --> 00:58:18,490

really think from what I've read for

1190

00:58:23,039 --> 00:58:20,529

more substantial and the information

1191

00:58:24,779 --> 00:58:23,049

I've had from interviewing the director

1192

00:58:27,480 --> 00:58:24,789

of volunteer services and some other

1193

00:58:30,539 --> 00:58:27,490

places that dealt with him is that he

1194

00:58:32,789 --> 00:58:30,549

got a little spooked but about the idea

1195

00:58:35,630 --> 00:58:32,799

that maybe too much is being said about

1196

00:58:40,140 --> 00:58:35,640

him and it could end up causing problems

1197

00:58:45,259 --> 00:58:40,150

as far as a connection with UFOs and

1198

00:58:49,650 --> 00:58:45,269

aliens and you know all the stuff and so

1199

00:58:52,710 --> 00:58:49,660

Fritz Warner was the name that was

1200

00:58:56,099 --> 00:58:52,720

referred to but it was Arthur stencil

1201
00:58:59,009 --> 00:58:56,109
and by the way he even was accused of

1202
00:59:01,920 --> 00:58:59,019
spelling his name wrong by one of the

1203
00:59:06,870 --> 00:59:01,930
people that you mentioned to me in a

1204
00:59:09,630 --> 00:59:06,880
call we had before this and and his last

1205
00:59:11,549 --> 00:59:09,640
name is spelled s T for everybody that's

1206
00:59:14,069 --> 00:59:11,559
paying attention and wonder what is this

1207
00:59:15,779 --> 00:59:14,079
guy doing it's important how your last

1208
00:59:18,630 --> 00:59:15,789
name is bill if you're going to be part

1209
00:59:22,019 --> 00:59:18,640
of history if you want to be remembered

1210
00:59:27,450 --> 00:59:22,029
good or bad and his his last name was

1211
00:59:29,400 --> 00:59:27,460
billed Stancil sta n s al so a lot of

1212
00:59:32,549 --> 00:59:29,410
stories are still online they spelled

1213
00:59:35,370 --> 00:59:32,559

his name stanley yeah but they don't

1214

00:59:36,960 --> 00:59:35,380

use the s and then one of the people who

1215

00:59:39,210 --> 00:59:36,970

had been doing that finally accused

1216

00:59:41,849 --> 00:59:39,220

Arthur Stansell of being some kind of a

1217

00:59:45,120 --> 00:59:41,859

rascal and it changed his name to

1218

00:59:47,640 --> 00:59:45,130

confuse people and was or that he was

1219

00:59:49,769 --> 00:59:47,650

telling his name wrong and and that's

1220

00:59:52,349 --> 00:59:49,779

really how he spells it that was the

1221

00:59:54,900 --> 00:59:52,359

name on his birth certificate that's the

1222

00:59:57,900 --> 00:59:54,910

name on on his wedding license that's a

1223

01:00:00,269 --> 00:59:57,910

name on his taxes for property that he

1224

01:00:03,299 --> 01:00:00,279

had in two different states and I mean

1225

01:00:07,220 --> 01:00:03,309

so Tim and that's the that's the name

1226

01:00:12,140 --> 01:00:07,230

that was in the paper April 23 1953

1227

01:00:17,490 --> 01:00:12,150

front page and it and disagrees with

1228

01:00:20,249 --> 01:00:17,500

1953 April or 73 so no 73 I'm sorry very

1229

01:00:22,980 --> 01:00:20,259

70s no I'm you're right yes April 23rd

1230

01:00:24,720 --> 01:00:22,990

1973 which disagrees with everybody

1231

01:00:27,480 --> 01:00:24,730

what they're saying about that and what

1232

01:00:29,070 --> 01:00:27,490

happened in 1953 we should which is

1233

01:00:32,880 --> 01:00:29,080

world said it with a fifty three part

1234

01:00:35,460 --> 01:00:32,890

yeah so it's it's very hard on the radio

1235

01:00:40,560 --> 01:00:35,470

to be able to to knock this all out this

1236

01:00:43,800 --> 01:00:40,570

is why I did the 22 inch wide open hard

1237

01:00:46,200 --> 01:00:43,810

bound full-color archival one for

1238

01:00:48,990 --> 01:00:46,210

libraries for research libraries you're

1239

01:00:51,510 --> 01:00:49,000

going to be able to see steps that I the

1240

01:00:53,460 --> 01:00:51,520

photos I've taken from the air from the

1241

01:00:55,260 --> 01:00:53,470

drone you're gonna see pictures they've

1242

01:00:59,280 --> 01:00:55,270

taken on the ground pictures I've taken

1243

01:01:02,220 --> 01:00:59,290

of where the craft sat okay and the area

1244

01:01:06,300 --> 01:01:02,230

that's cleared that's still not a thing

1245

01:01:08,970 --> 01:01:06,310

grows where they remove the craft not

1246

01:01:13,140 --> 01:01:08,980

interesting and now are you naming names

1247

01:01:15,290 --> 01:01:13,150

as far as the witness goes pardon as far

1248

01:01:18,510 --> 01:01:15,300

as the witnesses go that you spoke with

1249

01:01:20,190 --> 01:01:18,520

pardon me the firsthand witnesses are

1250

01:01:23,160 --> 01:01:20,200

they using their real name I'm een are

1251

01:01:26,490 --> 01:01:23,170

you anonymous are they using their names

1252

01:01:31,560 --> 01:01:26,500

summer summer and well I have 42 summer

1253

01:01:34,290 --> 01:01:31,570

anonymous at this point there's one

1254

01:01:38,010 --> 01:01:34,300

that's that similar conscious because it

1255

01:01:41,220 --> 01:01:38,020

is going through end-of-life thing but

1256

01:01:44,880 --> 01:01:41,230

I'm I've had witnesses passing away

1257

01:01:46,890 --> 01:01:44,890

because of age and the philosophy here

1258

01:01:50,490 --> 01:01:46,900

everybody needs to understand this too

1259

01:01:53,880 --> 01:01:50,500

the philosophy then and Kingman during

1260

01:01:56,940 --> 01:01:53,890

the time that the army are large b-17

1261

01:01:59,310 --> 01:01:56,950

bomber and crew training facility at

1262

01:02:02,820 --> 01:01:59,320

Kingman Arizona during World War two

1263

01:02:06,170 --> 01:02:02,830

there was a operational tower there that

1264

01:02:09,960 --> 01:02:06,180

fell into disuse it was closed in June

1265

01:02:14,280 --> 01:02:09,970

1945 and all of the equipment including

1266

01:02:18,000 --> 01:02:14,290

all the P IPU radar scopes everything

1267

01:02:23,490 --> 01:02:18,010

was removed from the tower and destroyed

1268

01:02:26,220 --> 01:02:23,500

in June 1945 in August after the after

1269

01:02:30,660 --> 01:02:26,230

the bombing of the Japanese with nuclear

1270

01:02:34,109 --> 01:02:30,670

weapons in August of 1945 the Army Air

1271

01:02:36,690 --> 01:02:34,119

Corps deserted the base forever though

1272

01:02:39,900 --> 01:02:36,700

they used it as a

1273

01:02:43,140 --> 01:02:39,910

sort of a cemetery for aircraft for the

1274

01:02:45,930 --> 01:02:43,150

intent for a year of trying to sell the

1275

01:02:47,370 --> 01:02:45,940

craft to commercial industry and nobody

1276

01:02:50,310 --> 01:02:47,380

was interested they ended up putting in

1277

01:02:54,120 --> 01:02:50,320

a smaller and they mold it down even

1278

01:02:56,310 --> 01:02:54,130

brand new World War two planes and and

1279

01:02:59,609 --> 01:02:56,320

the whole thing then was handed off to

1280

01:03:03,540 --> 01:02:59,619

Mojave County who became the sole owner

1281

01:03:06,720 --> 01:03:03,550

and is the sole owner of the former Army

1282

01:03:10,890 --> 01:03:06,730

Air Corps Base and they began using the

1283

01:03:16,470 --> 01:03:10,900

airport of the the air base runways for

1284

01:03:20,540 --> 01:03:16,480

the airport and it is also the site for

1285

01:03:24,210 --> 01:03:20,550

one of the most ominous most sinister

1286

01:03:27,780 --> 01:03:24,220

UFO incidences in all of us

1287

01:03:30,710 --> 01:03:27,790

UFO recorded history as far as we call

1288

01:03:33,930 --> 01:03:30,720

modern day meaning since Kenneth Arnold

1289

01:03:39,390 --> 01:03:33,940

supposedly saw nine UFOs by Mount

1290

01:03:41,849 --> 01:03:39,400

Rainier which is another story and we

1291

01:03:46,620 --> 01:03:41,859

won't go there and it's not any it's not

1292

01:03:49,559 --> 01:03:46,630

right but the fact is something far and

1293

01:03:51,120 --> 01:03:49,569

this is like parallels Roswell or before

1294

01:03:53,460 --> 01:03:51,130

Roswell okay

1295

01:03:57,920 --> 01:03:53,470

and you tell me of something that can

1296

01:04:01,380 --> 01:03:57,930

compare with UFOs multiple UFOs

1297

01:04:04,650 --> 01:04:01,390

launching an attack against a civilian

1298

01:04:08,309 --> 01:04:04,660

two passenger propeller driven airplane

1299

01:04:11,010 --> 01:04:08,319

on an approach to land at an airport 600

1300

01:04:13,410 --> 01:04:11,020

feet off the ground is that sinister

1301

01:04:17,220 --> 01:04:13,420

enough for you is that aggressive enough

1302

01:04:19,740 --> 01:04:17,230

for you is is that equally to any other

1303

01:04:22,470 --> 01:04:19,750

thing that happens in the UFO world they

1304

01:04:26,730 --> 01:04:22,480

were coming from an underground base 32

1305

01:04:29,309 --> 01:04:26,740

miles from Kingman and it was not only

1306

01:04:32,339 --> 01:04:29,319

witnessed there was error to ground

1307

01:04:34,829 --> 01:04:32,349

ground error conversation from the Radio

1308

01:04:39,540 --> 01:04:34,839

Shack because the tower was no longer in

1309

01:04:41,430 --> 01:04:39,550

use it was deserted this this is a whole

1310

01:04:46,140 --> 01:04:41,440

nother event you're talking about yeah

1311

01:04:49,800 --> 01:04:46,150

yeah before Roswell yeah so I'm saying

1312

01:04:50,640 --> 01:04:49,810

this it's like news didn't travel very

1313

01:04:53,789 --> 01:04:50,650

far

1314

01:04:56,370 --> 01:04:53,799

back then because if you didn't have a

1315

01:04:58,650 --> 01:04:56,380

rotary phone you had a phone that was in

1316

01:05:00,420 --> 01:04:58,660

a wooden box and you turned a handle and

1317

01:05:02,400 --> 01:05:00,430

you got a dry cell in it and you're

1318

01:05:05,730 --> 01:05:02,410

running it on wires and insulators or

1319

01:05:08,460 --> 01:05:05,740

cups or dishes or whatever nailed to a

1320

01:05:11,970 --> 01:05:08,470

tree to talk to people and people and

1321

01:05:14,849 --> 01:05:11,980

Roswell New Mexico didn't have any idea

1322

01:05:17,249 --> 01:05:14,859

what was going on in Kingman people in

1323

01:05:19,920 --> 01:05:17,259

press kit hundred thirty-five miles on

1324

01:05:21,900 --> 01:05:19,930

the road less than a hundred by air to

1325

01:05:24,509 --> 01:05:21,910

fresque it from Kingman had no idea

1326

01:05:28,920 --> 01:05:24,519

what's going on here and vice-versa

1327

01:05:32,220 --> 01:05:28,930

because there was no television in 1947

1328

01:05:34,559 --> 01:05:32,230

there was no radio stations you know so

1329

01:05:38,039 --> 01:05:34,569

it's like this is a totally different

1330

01:05:40,140 --> 01:05:38,049

world the the the highway going out of

1331

01:05:42,749 --> 01:05:40,150

Kingman there's only two route 66

1332

01:05:44,160 --> 01:05:42,759

longest stretch still in existence it's

1333

01:05:50,989 --> 01:05:44,170

here okay

1334

01:05:54,420 --> 01:05:50,999

and the other was highway 93 from

1335

01:05:56,940 --> 01:05:54,430

basically Las Vegas or groom Lake down

1336

01:05:59,579 --> 01:05:56,950

to Las Vegas down to Kingman they paved

1337

01:06:01,559 --> 01:05:59,589

in 1951 you wouldn't believe what that

1338

01:06:05,009 --> 01:06:01,569

payroll road looks like there's pieces

1339

01:06:06,989 --> 01:06:05,019

of it left and it's like a snake and and

1340

01:06:09,660 --> 01:06:06,999

it got to kingman there was no more

1341

01:06:12,839 --> 01:06:09,670

paved road the road that went south out

1342

01:06:15,839 --> 01:06:12,849

of kingman was sand and dirt they graded

1343

01:06:17,940 --> 01:06:15,849

and it went all the way to what is

1344

01:06:21,569 --> 01:06:17,950

called wickiup and from wickiup to

1345

01:06:27,029 --> 01:06:21,579

Wickenburg and Phoenix was a wagon road

1346

01:06:29,309 --> 01:06:27,039

in 1915 hmm okay so the this things are

1347

01:06:30,299 --> 01:06:29,319

way different and and as a historian one

1348

01:06:32,249 --> 01:06:30,309

of the things you do is you could have

1349

01:06:34,559 --> 01:06:32,259

stopped and you got to move back

1350

01:06:35,910 --> 01:06:34,569

mentally to the period so you can

1351

01:06:37,979 --> 01:06:35,920

understand what's going on there's

1352

01:06:41,759 --> 01:06:37,989

nothing wrong with the intellect

1353

01:06:45,749 --> 01:06:41,769

it's that technology had not where we

1354

01:06:47,579 --> 01:06:45,759

are now had not arrived in 1950-53 you

1355

01:06:50,549 --> 01:06:47,589

know this like color TV you kidding

1356

01:06:53,489 --> 01:06:50,559

maybe it'll add someplace but not for

1357

01:06:57,299 --> 01:06:53,499

real let alone black and white as far as

1358

01:06:59,940 --> 01:06:57,309

here and so those types of things are

1359

01:07:02,640 --> 01:06:59,950

issues that have to be considered but

1360

01:07:04,260 --> 01:07:02,650

it's a dirt road and the northern

1361

01:07:07,470 --> 01:07:04,270

boundary

1362

01:07:09,810 --> 01:07:07,480

of eicken dick I've gone out the old

1363

01:07:16,130 --> 01:07:09,820

road which is the northern boundary of

1364

01:07:19,950 --> 01:07:16,140

1953 kingman and it's it's next to the

1365

01:07:23,850 --> 01:07:19,960

the big highway interstate 1 the highway

1366

01:07:27,600 --> 01:07:23,860

40 that i told you about that one of the

1367

01:07:30,830 --> 01:07:27,610

leading UFO group says and I'm not

1368

01:07:35,280 --> 01:07:30,840

talking about MUFON says that the UFO

1369

01:07:38,480 --> 01:07:35,290

was taken out 40 all the way to Nevada

1370

01:07:42,180 --> 01:07:38,490

and then a Halloween 95 so they closed

1371

01:07:44,160 --> 01:07:42,190

245 miles of highway to move a UFO 19

1372

01:07:46,590 --> 01:07:44,170

miles you know so it doesn't make a lot

1373

01:07:48,330 --> 01:07:46,600

of sense because it isn't true and the

1374

01:07:53,250 --> 01:07:48,340

people didn't they didn't get that in

1375

01:07:56,250 --> 01:07:53,260

research they made it up so but the

1376

01:07:59,310 --> 01:07:56,260

spooky parts about this is finding

1377

01:08:03,450 --> 01:07:59,320

evidence real evidence that something

1378

01:08:08,430 --> 01:08:03,460

really did happen and the found 11 well

1379

01:08:12,330 --> 01:08:08,440

see rancher Leonard Neal who came up

1380

01:08:15,380 --> 01:08:12,340

from the Big Sandy River down by wickiup

1381

01:08:20,010 --> 01:08:15,390

came up and settled into the Kingman

1382

01:08:24,570 --> 01:08:20,020

Hualapai Valley Inn and and the Red Lake

1383

01:08:27,470 --> 01:08:24,580

area in the late 1800s and almost

1384

01:08:31,289 --> 01:08:27,480

everybody of the Alzheimer's or related

1385

01:08:33,420 --> 01:08:31,299

to him almost everybody including the

1386

01:08:37,559 --> 01:08:33,430

current archaeologist for the Bureau of

1387

01:08:41,519 --> 01:08:37,569

Land Management okay and the the motto

1388

01:08:43,789 --> 01:08:41,529

is that the the old loose lips sink

1389

01:08:47,400 --> 01:08:43,799

ships they don't tell anybody anything

1390

01:08:50,250 --> 01:08:47,410

okay and they learned that very well

1391

01:08:53,010 --> 01:08:50,260

during World War two where even though

1392

01:08:55,829 --> 01:08:53,020

there was undeclared martial law there

1393

01:08:59,460 --> 01:08:55,839

was local law here and they went to

1394

01:09:02,640 --> 01:08:59,470

blackout periods and if a UFO landed and

1395

01:09:04,829 --> 01:09:02,650

their front yard and they were told you

1396

01:09:07,500 --> 01:09:04,839

don't talk about it they don't say

1397

01:09:10,440 --> 01:09:07,510

anything and they took that along with a

1398

01:09:13,590 --> 01:09:10,450

high degree of patriotism and they moved

1399

01:09:17,519 --> 01:09:13,600

forward in time to like the 60s and the

1400

01:09:18,269 --> 01:09:17,529

70s and they don't tell I've had I've

1401

01:09:20,900 --> 01:09:18,279

had car

1402

01:09:25,499 --> 01:09:20,910

from old-timers saying there's some

1403

01:09:27,390 --> 01:09:25,509

noted a UFO paranormal author this guy

1404

01:09:29,430 --> 01:09:27,400

was here and he was asking questions

1405

01:09:31,890 --> 01:09:29,440

around trying to find some witnesses and

1406

01:09:34,289 --> 01:09:31,900

I get a call you know there's this guy

1407

01:09:35,789 --> 01:09:34,299

you're trying to find out you know it's

1408

01:09:38,610 --> 01:09:35,799

like they don't like it then I gotta say

1409

01:09:40,470 --> 01:09:38,620

anything we had a city attorney for the

1410

01:09:41,970 --> 01:09:40,480

city of Kingman for ten years

1411

01:09:44,999 --> 01:09:41,980

try to get somebody tell him something

1412

01:09:48,570 --> 01:09:45,009

they never did you know and it's like

1413

01:09:51,180 --> 01:09:48,580

these are all part of the things and so

1414

01:09:53,340 --> 01:09:51,190

that's why my connection with century

1415

01:09:56,100 --> 01:09:53,350

families I sit in on luncheons with them

1416

01:09:57,840 --> 01:09:56,110

where it's a closed room and they talk

1417

01:10:00,180 --> 01:09:57,850

about what they want to talk about and

1418

01:10:02,520 --> 01:10:00,190

that includes this and there are some

1419

01:10:05,220 --> 01:10:02,530

things that I that I don't convey I

1420

01:10:07,770 --> 01:10:05,230

won't not there it'll go as a matter of

1421

01:10:09,690 --> 01:10:07,780

history all my work will be duplicated

1422

01:10:11,370 --> 01:10:09,700

and it's going to go to two museums

1423

01:10:15,210 --> 01:10:11,380

different museums to different states

1424

01:10:17,850 --> 01:10:15,220

that sort of goes and then the the

1425

01:10:20,670 --> 01:10:17,860

published aspects of it and the

1426

01:10:23,610 --> 01:10:20,680

documentary or or how we end up on on

1427

01:10:26,580 --> 01:10:23,620

that part will end up where the public

1428

01:10:32,790 --> 01:10:26,590

gets a correct as long as I'm involved

1429

01:10:34,950 --> 01:10:32,800

gets the correct story and and then at

1430

01:10:37,020 --> 01:10:34,960

some point in time they can look at

1431

01:10:39,920 --> 01:10:37,030

reference material and the museum or

1432

01:10:44,790 --> 01:10:39,930

something or look at one of the the

1433

01:10:46,950 --> 01:10:44,800

larger limited edition full-color things

1434

01:10:49,560 --> 01:10:46,960

to go to music music on libraries and

1435

01:10:52,170 --> 01:10:49,570

universities so the thing goes the

1436

01:10:54,840 --> 01:10:52,180

reference library and look at it that'll

1437

01:10:56,490 --> 01:10:54,850

help a lot and and the visuals say you

1438

01:10:58,860 --> 01:10:56,500

know the thousand words and a picture

1439

01:11:04,140 --> 01:10:58,870

then then there's millions of words

1440

01:11:07,230 --> 01:11:04,150

there yeah now there was some witnesses

1441

01:11:10,160 --> 01:11:07,240

that now did you speak to witnesses

1442

01:11:12,780 --> 01:11:10,170

firsthand that said they saw these I

1443

01:11:15,810 --> 01:11:12,790

interview annoys is that on I'm an

1444

01:11:19,410 --> 01:11:15,820

overview on camera I see the ones that

1445

01:11:21,660 --> 01:11:19,420

actually said they saw the humanoids yes

1446

01:11:23,910 --> 01:11:21,670

okay I haven't mentioned that yeah you

1447

01:11:27,000 --> 01:11:23,920

did I haven't mentioned humanoids at all

1448

01:11:29,540 --> 01:11:27,010

uh yeah the strange-looking people you

1449

01:11:31,950 --> 01:11:29,550

said that were in the jail cell

1450

01:11:35,670 --> 01:11:31,960

strange-looking two strange-looking men

1451
01:11:37,770 --> 01:11:35,680
yes yeah so uh I was before there were

1452
01:11:41,670 --> 01:11:37,780
four living crew members standing

1453
01:11:44,490 --> 01:11:41,680
outside the craft when when two hours

1454
01:11:47,160 --> 01:11:44,500
after the two hours had transpired for

1455
01:11:50,760 --> 01:11:47,170
the air force to dispatch a retrieval

1456
01:11:52,020 --> 01:11:50,770
team to the Kingman Airport and meet up

1457
01:11:56,970 --> 01:11:52,030
with people brought in from another

1458
01:11:59,940 --> 01:11:56,980
location who had military police okay

1459
01:12:03,440 --> 01:11:59,950
and they went out to the site you can't

1460
01:12:07,680 --> 01:12:03,450
go the same way now that they went then

1461
01:12:11,550 --> 01:12:07,690
because roads have changed okay and this

1462
01:12:14,070 --> 01:12:11,560
road is cut off now one place but not

1463
01:12:16,530 --> 01:12:14,080

that it makes a lot of difference and I

1464

01:12:21,360 --> 01:12:16,540

can certainly sure anybody wants to see

1465

01:12:29,400 --> 01:12:21,370

down but the the area where the landing

1466

01:12:36,360 --> 01:12:29,410

occurred and has the airforce relics is

1467

01:12:37,530 --> 01:12:36,370

an archaeological site now and nobody's

1468

01:12:40,350 --> 01:12:37,540

got to be able to mess with it

1469

01:12:44,040 --> 01:12:40,360

souvenir hunters are out of luck it's

1470

01:12:46,170 --> 01:12:44,050

same with the red light crash okay not

1471

01:12:48,930 --> 01:12:46,180

only do you have to cross properties

1472

01:12:51,900 --> 01:12:48,940

that you'd be trespassing on you'd also

1473

01:12:54,450 --> 01:12:51,910

be interfering with an area that's owned

1474

01:12:57,150 --> 01:12:54,460

by the federal government as well as

1475

01:12:59,850 --> 01:12:57,160

being on some other private land after

1476

01:13:03,840 --> 01:12:59,860

you cross several properties that won't

1477

01:13:07,140 --> 01:13:03,850

let you there now and so the whole

1478

01:13:10,530 --> 01:13:07,150

thing's kind of closed up what I did is

1479

01:13:15,420 --> 01:13:10,540

I interviewed as many people including

1480

01:13:20,490 --> 01:13:15,430

the last living deputy from then okay

1481

01:13:23,490 --> 01:13:20,500

and my last conversation with him was he

1482

01:13:26,310 --> 01:13:23,500

could barely talk and the person who was

1483

01:13:29,760 --> 01:13:26,320

looking out for him was taking him to a

1484

01:13:36,150 --> 01:13:29,770

cardiologist artists and that was the

1485

01:13:40,979 --> 01:13:36,160

end of that so but the last surviving

1486

01:13:45,570 --> 01:13:40,989

member of the US Air Force retrieval

1487

01:13:47,040 --> 01:13:45,580

team was a young airman he retired as a

1488

01:13:49,380 --> 01:13:47,050

lieutenant colonel in the United States

1489

01:13:52,470 --> 01:13:49,390

Air Force also a test pilot and stuff

1490

01:13:54,420 --> 01:13:52,480

yours and yours later along with another

1491

01:13:57,990 --> 01:13:54,430

Lieutenant Colonel I uncovered as a

1492

01:14:00,030 --> 01:13:58,000

result of that and and then interviewed

1493

01:14:02,160 --> 01:14:00,040

it sunny years listen to both these

1494

01:14:04,290 --> 01:14:02,170

Colonel's talking about it and laughing

1495

01:14:06,440 --> 01:14:04,300

about some of the stories that we're

1496

01:14:12,090 --> 01:14:06,450

being told but what they found

1497

01:14:15,330 --> 01:14:12,100

this is 1953 what's going on there were

1498

01:14:19,830 --> 01:14:15,340

UFO movies a lot of some pretty corny

1499

01:14:22,880 --> 01:14:19,840

things and then there was the 1953 there

1500

01:14:26,310 --> 01:14:22,890

was The Day the Earth Stood Still and

1501

01:14:28,740 --> 01:14:26,320

Martians and and so there was an

1502

01:14:31,170 --> 01:14:28,750

expectation for these guys they were

1503

01:14:34,530 --> 01:14:31,180

going to see individuals with antennas

1504

01:14:38,010 --> 01:14:34,540

out of their head and big eyes and teeth

1505

01:14:41,990 --> 01:14:38,020

and claws and all this stuff and and so

1506

01:14:45,720 --> 01:14:42,000

when they pulled up with this army truck

1507

01:14:48,240 --> 01:14:45,730

there were four crew members standing

1508

01:14:55,010 --> 01:14:48,250

outside of the craft because it won't

1509

01:14:57,570 --> 01:14:55,020

fly and I am pretty sure I know why now

1510

01:15:00,510 --> 01:14:57,580

they were the way they were at the time

1511

01:15:03,960 --> 01:15:00,520

because the the Air Force never had a

1512

01:15:07,080 --> 01:15:03,970

clue because something else happened in

1513

01:15:10,440 --> 01:15:07,090

and around that period with other craft

1514

01:15:13,290 --> 01:15:10,450

other crew that nobody was really aware

1515

01:15:18,870 --> 01:15:13,300

of then it became intense a few days

1516

01:15:23,010 --> 01:15:18,880

later on the 21st but so they were the

1517

01:15:25,290 --> 01:15:23,020

top-secret yeah there's a lot of people

1518

01:15:26,490 --> 01:15:25,300

talking about well you know they should

1519

01:15:28,410 --> 01:15:26,500

have interview at home and did this

1520

01:15:30,630 --> 01:15:28,420

under done this is a retrieval team

1521

01:15:31,290 --> 01:15:30,640

their job is to pick them up get them

1522

01:15:33,180 --> 01:15:31,300

out of there

1523

01:15:36,060 --> 01:15:33,190

recover the bodies recover the craft

1524

01:15:38,760 --> 01:15:36,070

whatever it is that went down it's not

1525

01:15:42,120 --> 01:15:38,770

ours and get it out of there and and

1526

01:15:43,110 --> 01:15:42,130

don't do it in a public way and this is

1527

01:15:46,260 --> 01:15:43,120

in the middle of nowhere

1528

01:15:49,110 --> 01:15:46,270

well they had to send a vehicle out or

1529

01:15:52,500 --> 01:15:49,120

the walkie-talkie to try to talk over

1530

01:15:55,140 --> 01:15:52,510

the radio with the people they're in

1531

01:15:59,130 --> 01:15:55,150

touch with to relay on to get things

1532

01:15:59,880 --> 01:15:59,140

they need and right now there's no cell

1533

01:16:02,250 --> 01:15:59,890

signal there

1534

01:16:05,190 --> 01:16:02,260

there's I mean it's the same problem

1535

01:16:08,640 --> 01:16:05,200

there's it's a dead zone out where this

1536

01:16:10,920 --> 01:16:08,650

is and and it's not someplace people

1537

01:16:12,990 --> 01:16:10,930

should room anyways dangerous a lot of

1538

01:16:15,240 --> 01:16:13,000

javelina a mountain-lion to come down

1539

01:16:18,540 --> 01:16:15,250

through there and to have Alena attack

1540

01:16:20,640 --> 01:16:18,550

you're like a wild boar and and their

1541

01:16:24,480 --> 01:16:20,650

temperament is they see you they're just

1542

01:16:29,040 --> 01:16:24,490

probably going to attack you and so but

1543

01:16:30,660 --> 01:16:29,050

it's not a tourist area but the crew

1544

01:16:34,070 --> 01:16:30,670

were loaded up immediately

1545

01:16:37,650 --> 01:16:34,080

four member crew they were uninjured

1546

01:16:40,440 --> 01:16:37,660

they they got into a vehicle and they

1547

01:16:42,570 --> 01:16:40,450

were promptly taken to grimly it's as

1548

01:16:46,440 --> 01:16:42,580

simple as that when they were handed off

1549

01:16:48,870 --> 01:16:46,450

the retrieval team was sent back they're

1550

01:16:51,080 --> 01:16:48,880

not told anything because what happens

1551

01:16:54,000 --> 01:16:51,090

next there is none of their business

1552

01:16:56,070 --> 01:16:54,010

this is what happened when the craft was

1553

01:16:58,050 --> 01:16:56,080

taken out of there

1554

01:17:04,530 --> 01:16:58,060

late in the evening well in the early

1555

01:17:06,860 --> 01:17:04,540

hours actually of the 22nd and it was

1556

01:17:09,540 --> 01:17:06,870

looked at for the last time by a

1557

01:17:11,850 --> 01:17:09,550

physicist that was brought in from quite

1558

01:17:15,380 --> 01:17:11,860

a distance the Air Force went to his

1559

01:17:18,090 --> 01:17:15,390

home and this is another eyewitness and

1560

01:17:19,470 --> 01:17:18,100

told him to grab a coat because were

1561

01:17:23,370 --> 01:17:19,480

they going it's gonna be cold

1562

01:17:25,380 --> 01:17:23,380

that's boy that's really accurate and he

1563

01:17:28,320 --> 01:17:25,390

was taken and then by that time there a

1564

01:17:33,420 --> 01:17:28,330

had it on a 30-foot 38 foot trailer

1565

01:17:37,710 --> 01:17:33,430

being fooled by a m25 tank transporter

1566

01:17:40,590 --> 01:17:37,720

which was rated 40 ton and a 30-foot

1567

01:17:43,620 --> 01:17:40,600

craft was on a 38 foot trailer and it

1568

01:17:47,310 --> 01:17:43,630

sitting at a bit of an incline tilt and

1569

01:17:50,430 --> 01:17:47,320

they were going to take it over Boulder

1570

01:17:53,340 --> 01:17:50,440

Dam Hoover dam so everybody knows which

1571

01:17:56,160 --> 01:17:53,350

one it's we call it Boulder at the

1572

01:17:58,020 --> 01:17:56,170

moment next to Boulder City he could not

1573

01:18:02,310 --> 01:17:58,030

cross the dam because it's too wide and

1574

01:18:05,670 --> 01:18:02,320

the Army Corps of Engineers set up and

1575

01:18:09,510 --> 01:18:05,680

had a barge and they brought stuff up

1576

01:18:12,030 --> 01:18:09,520

from camp Irwin okay later and we call

1577

01:18:13,710 --> 01:18:12,040

it Fort Irwin and it's trained its

1578

01:18:16,860 --> 01:18:13,720

designation changed and

1579

01:18:20,550 --> 01:18:16,870

19:51 from infantry to armor that's

1580

01:18:22,170 --> 01:18:20,560

where the m25 tanks transport came from

1581

01:18:24,270 --> 01:18:22,180

on the trailer along with some other

1582

01:18:26,790 --> 01:18:24,280

heavy equipment that were loaded on flat

1583

01:18:30,690 --> 01:18:26,800

cars and brought four miles south of

1584

01:18:31,320 --> 01:18:30,700

Kingman and offloaded in the middle of

1585

01:18:33,510 --> 01:18:31,330

the night

1586

01:18:35,030 --> 01:18:33,520

they drove through Kingman let me tell

1587

01:18:37,470 --> 01:18:35,040

you the sheriff got a lot of complaints

1588

01:18:40,410 --> 01:18:37,480

he went out with the undershirt by the

1589

01:18:42,900 --> 01:18:40,420

way to where are the landing site is and

1590

01:18:45,600 --> 01:18:42,910

were stopped by military police who had

1591

01:18:48,390 --> 01:18:45,610

a roadblock and they argued and this is

1592

01:18:51,750 --> 01:18:48,400

a well-known story ER passed down by the

1593

01:18:54,180 --> 01:18:51,760

by the family as well yeah they tried

1594

01:18:55,770 --> 01:18:54,190

for 15 minutes under Authority as

1595

01:18:56,910 --> 01:18:55,780

sheriff and all those things to get

1596

01:19:00,440 --> 01:18:56,920

passed they wanted to see the commanding

1597

01:19:02,730 --> 01:19:00,450

officer they were turned away period and

1598

01:19:03,120 --> 01:19:02,740

so they weren't allowed to see what it

1599

01:19:05,190 --> 01:19:03,130

is

1600

01:19:08,810 --> 01:19:05,200

Arthur stands for by the way was told it

1601

01:19:11,610 --> 01:19:08,820

was a super-secret experimental aircraft

1602

01:19:13,260 --> 01:19:11,620

and he didn't know for two weeks and fat

1603

01:19:17,190 --> 01:19:13,270

that what had been looking at that had

1604

01:19:20,760 --> 01:19:17,200

no scenes was not one of ours

1605

01:19:23,610 --> 01:19:20,770

and and he didn't he didn't actually see

1606

01:19:25,560 --> 01:19:23,620

living crew members and but he was told

1607

01:19:27,840 --> 01:19:25,570

by some guy there briefly before an MP

1608

01:19:31,740 --> 01:19:27,850

shut him up because I'm not supposed to

1609

01:19:35,370 --> 01:19:31,750

talk to each other now that he had heard

1610

01:19:40,320 --> 01:19:35,380

that there was what looked like a corpse

1611

01:19:42,690 --> 01:19:40,330

laying on a and a nearby tent and of

1612

01:19:47,400 --> 01:19:42,700

course if anybody saw anything I'd be a

1613

01:19:49,800 --> 01:19:47,410

a fluke it's dark and both sides of the

1614

01:19:53,520 --> 01:19:49,810

craft the softs are sitting there or lit

1615

01:19:58,140 --> 01:19:53,530

up by a pair of all lights brilliant

1616

01:19:59,400 --> 01:19:58,150

carbon arc light which Arthur Santos

1617

01:20:01,800 --> 01:19:59,410

said you couldn't see anything outside

1618

01:20:03,720 --> 01:20:01,810

of away from the craft you were blinded

1619

01:20:06,540 --> 01:20:03,730

by the lines he thought he was on the

1620

01:20:07,860 --> 01:20:06,550

desert flat and he wasn't he was it or

1621

01:20:11,610 --> 01:20:07,870

the base of the mountain meets the

1622

01:20:14,460 --> 01:20:11,620

desert almost that but so the crew was

1623

01:20:16,650 --> 01:20:14,470

taken away the two that were taken off

1624

01:20:17,520 --> 01:20:16,660

the mountain that was on fire and was

1625

01:20:21,030 --> 01:20:17,530

front-page news

1626

01:20:23,460 --> 01:20:21,040

burned for a week out of control 1953

1627

01:20:26,400 --> 01:20:23,470

firefighting technology was they took

1628

01:20:27,680 --> 01:20:26,410

big metal round buckets or about five

1629

01:20:29,630 --> 01:20:27,690

and a half feet

1630

01:20:33,229 --> 01:20:29,640

lying about a foot deep he fill him up

1631

01:20:36,080 --> 01:20:33,239

galvanized big tubs and you're so gonna

1632

01:20:37,939 --> 01:20:36,090

sax in them and you beat the brush with

1633

01:20:41,270 --> 01:20:37,949

wet bags weight gunnysacks

1634

01:20:44,600 --> 01:20:41,280

and use shovels and the latest science

1635

01:20:47,570 --> 01:20:44,610

was backpack copper tank was water and a

1636

01:20:50,450 --> 01:20:47,580

little hose and a grass pump to squirt

1637

01:20:52,340 --> 01:20:50,460

water like a big water gun and they were

1638

01:20:54,229 --> 01:20:52,350

waiting for a bulldozer they have any

1639

01:20:56,420 --> 01:20:54,239

air tankers there any that stuff's

1640

01:20:59,660 --> 01:20:56,430

didn't exist and there was to the

1641

01:21:02,540 --> 01:20:59,670

mountain there's no faucets or fire

1642

01:21:08,630 --> 01:21:02,550

hydrants or anything that's so and those

1643

01:21:12,200 --> 01:21:08,640

two the two that were at the courthouse

1644

01:21:14,930 --> 01:21:12,210

in the interrogation room vanished off

1645

01:21:16,640 --> 01:21:14,940

the face of the earth and Harry Houdini

1646

01:21:20,510 --> 01:21:16,650

would still be trying to work on how to

1647

01:21:26,540 --> 01:21:20,520

do that to living crew members were

1648

01:21:29,450 --> 01:21:26,550

rescued from the Red Lake crash - it

1649

01:21:33,590 --> 01:21:29,460

didn't make a soft landing it hit a

1650

01:21:35,780 --> 01:21:33,600

butte as it came down just didn't quite

1651

01:21:40,850 --> 01:21:35,790

clear the top of the Butte the scars

1652

01:21:43,250 --> 01:21:40,860

there and it's 0.2 miles or it overshoot

1653

01:21:46,130 --> 01:21:43,260

what was called foo tank which is a

1654

01:21:46,729 --> 01:21:46,140

livestock reservoir that belong to their

1655

01:21:49,340 --> 01:21:46,739

owner

1656

01:21:51,920 --> 01:21:49,350

Leonard nailed the rancher who was 11

1657

01:21:55,310 --> 01:21:51,930

other residents there watched this

1658

01:21:57,050 --> 01:21:55,320

happened and the craft went it

1659

01:21:59,510 --> 01:21:57,060

ricocheted off the top of the rocky

1660

01:21:59,990 --> 01:21:59,520

Butte it gutted the lower front of the

1661

01:22:03,650 --> 01:22:00,000

craft

1662

01:22:07,430 --> 01:22:03,660

it rained pieces of UFO as it went down

1663

01:22:09,380 --> 01:22:07,440

two of the crew suffered severe lower

1664

01:22:12,860 --> 01:22:09,390

extremity hemming injuries to their legs

1665

01:22:15,709 --> 01:22:12,870

they were rushed to Nellis and they died

1666

01:22:21,380 --> 01:22:15,719

there the other two who were roughed up

1667

01:22:24,170 --> 01:22:21,390

but okay were taken to Crumley that

1668

01:22:28,010 --> 01:22:24,180

meant that meant you had four from the

1669

01:22:33,080 --> 01:22:28,020

first two from Red Lake and two from

1670

01:22:36,439 --> 01:22:33,090

well that's it six okay the other two

1671

01:22:40,220 --> 01:22:36,449

that left from the the concrete vault

1672

01:22:43,460 --> 01:22:40,230

nobody knows where they were nobody

1673

01:22:45,830 --> 01:22:43,470

I know they were inside a room locked

1674

01:22:47,300 --> 01:22:45,840

inside a room that's locked twice with

1675

01:22:49,580 --> 01:22:47,310

three deputies and a force service

1676

01:22:52,220 --> 01:22:49,590

worker by the door yeah you know so

1677

01:22:54,830 --> 01:22:52,230

people say well did this these aren't

1678

01:22:57,410 --> 01:22:54,840

the droids you won't open the door we're

1679

01:23:00,729 --> 01:22:57,420

not here you know I have no idea and

1680

01:23:04,820 --> 01:23:00,739

this is I can't tell you nobody knows so

1681

01:23:06,470 --> 01:23:04,830

I wonder did they pursue the did they

1682

01:23:09,770 --> 01:23:06,480

pursue these like an all-points bulletin

1683

01:23:12,470 --> 01:23:09,780

type of thing no they did not and that's

1684

01:23:15,590 --> 01:23:12,480

an absolute clash with what sure of

1685

01:23:18,970 --> 01:23:15,600

Porter did in 1950 because there's

1686

01:23:22,580 --> 01:23:18,980

another one and there were five and

1687

01:23:25,460 --> 01:23:22,590

there was a craft and they were

1688

01:23:29,150 --> 01:23:25,470

described by a army army national guard

1689

01:23:32,479 --> 01:23:29,160

captain who came because his craft came

1690

01:23:36,020 --> 01:23:32,489

down and one mile one mile away from

1691

01:23:38,600 --> 01:23:36,030

where one would crash in 1953 this craft

1692

01:23:41,750 --> 01:23:38,610

went down not far from a sawmill

1693

01:23:43,729 --> 01:23:41,760

because the wallet by mountain is it's

1694

01:23:46,370 --> 01:23:43,739

like the Rockies it's covered with

1695

01:23:48,130 --> 01:23:46,380

timber and forests and elk and all of

1696

01:23:53,990 --> 01:23:48,140

the things you find in mountain country

1697

01:23:56,510 --> 01:23:54,000

and down in a location of what we call

1698

01:24:00,410 --> 01:23:56,520

the wallet by Mountain Park today 16

1699

01:24:07,520 --> 01:24:00,420

miles out of Kingman general Kingman

1700

01:24:11,150 --> 01:24:07,530

area there were three men individuals

1701

01:24:13,550 --> 01:24:11,160

that were noticed by an Army National

1702

01:24:16,040 --> 01:24:13,560

Guard captain who was coming down the

1703

01:24:17,900 --> 01:24:16,050

mountain to get more supplies because

1704

01:24:22,250 --> 01:24:17,910

they're fighting the fire that people

1705

01:24:25,400 --> 01:24:22,260

said a disc fell and hit the mountain

1706

01:24:28,000 --> 01:24:25,410

and um and the fire came a disc some

1707

01:24:30,410 --> 01:24:28,010

kind of a disc that they weren't saying

1708

01:24:33,110 --> 01:24:30,420

it was a flying saucer or anything else

1709

01:24:35,479 --> 01:24:33,120

just something fell hit the mountain

1710

01:24:38,570 --> 01:24:35,489

started a fire and so they have to deal

1711

01:24:39,470 --> 01:24:38,580

with the fire technology in 1950 and 53

1712

01:24:42,050 --> 01:24:39,480

were identical

1713

01:24:45,110 --> 01:24:42,060

there was no way there was no high

1714

01:24:50,720 --> 01:24:45,120

science and firefighting like way of now

1715

01:24:52,400 --> 01:24:50,730

and so he the captain slowed down and he

1716

01:24:54,140 --> 01:24:52,410

looked in and they all looked like they

1717

01:24:56,840 --> 01:24:54,150

were burned their clothes were burned

1718

01:25:00,440 --> 01:24:56,850

one of them looked pretty bad as far as

1719

01:25:05,870 --> 01:25:00,450

the the person being burned and so he

1720

01:25:11,390 --> 01:25:05,880

helped these other two men load this man

1721

01:25:14,810 --> 01:25:11,400

in the back of this small truck and he

1722

01:25:18,290 --> 01:25:14,820

headed off for Kingman General Hospital

1723

01:25:22,130 --> 01:25:18,300

and as they approached as they got down

1724

01:25:29,300 --> 01:25:22,140

to Kingman old town population then

1725

01:25:33,430 --> 01:25:29,310

about 2,800 the man who is nearest the

1726

01:25:35,630 --> 01:25:33,440

door the passenger door said oh look and

1727

01:25:38,090 --> 01:25:35,640

pointed out the windshield

1728

01:25:40,550 --> 01:25:38,100

well his half of the windshield with a

1729

01:25:43,580 --> 01:25:40,560

steel bar and at all and he said that

1730

01:25:46,130 --> 01:25:43,590

looks like our ambulance now

1731

01:25:48,380 --> 01:25:46,140

you have to understand there are only

1732

01:25:52,760 --> 01:25:48,390

two roads in and out of Kingman the only

1733

01:25:55,220 --> 01:25:52,770

hospital anywhere is in Kingman the next

1734

01:25:58,340 --> 01:25:55,230

place you're gonna have to go is needles

1735

01:26:00,530 --> 01:25:58,350

California that's a long way and vlas

1736

01:26:02,600 --> 01:26:00,540

Vegas and even further you know if

1737

01:26:04,910 --> 01:26:02,610

you've got tip of a serious injury you

1738

01:26:06,950 --> 01:26:04,920

know and and they general admission they

1739

01:26:08,960 --> 01:26:06,960

didn't have ers but they had an

1740

01:26:10,400 --> 01:26:08,970

emergency treatment room but what they

1741

01:26:12,590 --> 01:26:10,410

weren't calling it er like would do now

1742

01:26:15,970 --> 01:26:12,600

and and and so they were going to the

1743

01:26:20,990 --> 01:26:15,980

right place at the right time and and so

1744

01:26:22,820 --> 01:26:21,000

the the captain said later it looked it

1745

01:26:25,010 --> 01:26:22,830

looked like it was an ambulance

1746

01:26:27,140 --> 01:26:25,020

so he's pulled up behind and his thought

1747

01:26:29,210 --> 01:26:27,150

that he got up and he walked up to the

1748

01:26:32,090 --> 01:26:29,220

man sitting behind the wheel on the

1749

01:26:36,140 --> 01:26:32,100

driver's side and they said who are you

1750

01:26:39,560 --> 01:26:36,150

and the man said why on the ambulance

1751

01:26:41,540 --> 01:26:39,570

driver and the National Guard caps I'm

1752

01:26:42,950 --> 01:26:41,550

leaned down and look toward the the one

1753

01:26:45,200 --> 01:26:42,960

on the passenger seat and he said well

1754

01:26:47,210 --> 01:26:45,210

who are you doing he said well no I'm

1755

01:26:52,160 --> 01:26:47,220

the aide who helps the patient of the

1756

01:26:54,440 --> 01:26:52,170

entrance and so he helped unload the man

1757

01:26:56,150 --> 01:26:54,450

from the back of the army truck and

1758

01:26:59,600 --> 01:26:56,160

Twitter him in the back of the ambulance

1759

01:27:01,790 --> 01:26:59,610

and the other two men got into the back

1760

01:27:04,010 --> 01:27:01,800

of what looked like an ambulance

1761

01:27:07,169 --> 01:27:04,020

and they pulled away from the front of

1762

01:27:09,870 --> 01:27:07,179

the hospital and then

1763

01:27:12,149 --> 01:27:09,880

within a couple of minutes sure Porter

1764

01:27:14,310 --> 01:27:12,159

pulled up screech to a stop and jumped

1765

01:27:17,160 --> 01:27:14,320

out of his car and he said did you just

1766

01:27:18,810 --> 01:27:17,170

pick up three men looked like they'd

1767

01:27:21,149 --> 01:27:18,820

been burned or something and he said

1768

01:27:23,340 --> 01:27:21,159

yeah I just me so are they and I said I

1769

01:27:25,580 --> 01:27:23,350

just loaded him in an ambulance

1770

01:27:29,209 --> 01:27:25,590

and they just left going that way and

1771

01:27:34,189 --> 01:27:29,219

Porter according to the newspaper story

1772

01:27:36,180 --> 01:27:34,199

said you you loaded him an ambulance

1773

01:27:38,459 --> 01:27:36,190

there at the hospital

1774

01:27:40,919 --> 01:27:38,469

and he immediately called for an

1775

01:27:42,660 --> 01:27:40,929

all-points bulletin and he shut down the

1776

01:27:45,060 --> 01:27:42,670

roads out of it's only two roads you

1777

01:27:47,550 --> 01:27:45,070

remember that only two roads all-points

1778

01:27:51,510 --> 01:27:47,560

bulletin in town the State Highway

1779

01:27:53,729 --> 01:27:51,520

Patrol closed off access going out of

1780

01:27:55,830 --> 01:27:53,739

about five miles that it came in no way

1781

01:28:00,209 --> 01:27:55,840

no way you're gonna get out of here and

1782

01:28:02,490 --> 01:28:00,219

very simple and and so as the National

1783

01:28:05,370 --> 01:28:02,500

Guard captain said as he went on with a

1784

01:28:08,189 --> 01:28:05,380

story talk he said well it looked like

1785

01:28:10,979 --> 01:28:08,199

an ambulance and then pretty sent first

1786

01:28:12,720 --> 01:28:10,989

pretty soon he said and while it kind of

1787

01:28:15,840 --> 01:28:12,730

looked like an ambulance it might and

1788

01:28:22,490 --> 01:28:15,850

but what happened is the vehicle and the

1789

01:28:26,250 --> 01:28:22,500

five vanished in care they were gone

1790

01:28:30,209 --> 01:28:26,260

they never found anything at all

1791

01:28:32,060 --> 01:28:30,219

and so sheriff Porter and I thought this

1792

01:28:34,860 --> 01:28:32,070

is very strange as I've read the stuff

1793

01:28:36,360 --> 01:28:34,870

when he was informed and they stepped

1794

01:28:38,189 --> 01:28:36,370

into the room and the two

1795

01:28:40,919 --> 01:28:38,199

strange-looking men were no longer there

1796

01:28:43,350 --> 01:28:40,929

I know this is Twilight Zone stuff this

1797

01:28:45,930 --> 01:28:43,360

is science fiction you know this isn't

1798

01:28:49,410 --> 01:28:45,940

what a historian one's into and I mean

1799

01:28:51,120 --> 01:28:49,420

you just don't and it's like so the next

1800

01:28:54,030 --> 01:28:51,130

thing I expected was an all-points

1801
01:28:56,399 --> 01:28:54,040
bulletin close on off the courthouse you

1802
01:28:58,979 --> 01:28:56,409
know close off downtown it's only six

1803
01:29:02,880 --> 01:28:58,989
blocks you know there's only two other

1804
01:29:05,070 --> 01:29:02,890
roads nobody comes and goes out of 1950

1805
01:29:08,790 --> 01:29:05,080
or 1953 Kingman without being seen on

1806
01:29:11,700 --> 01:29:08,800
the road and and believe me you can't

1807
01:29:15,030 --> 01:29:11,710
just go anywhere any other way because

1808
01:29:16,410 --> 01:29:15,040
the terrain won't allow that but he

1809
01:29:19,800 --> 01:29:16,420
didn't do anything it's like he turned

1810
01:29:21,089 --> 01:29:19,810
to the Forest Service Worker Joe and

1811
01:29:21,959 --> 01:29:21,099
said something like Joe

1812
01:29:26,099 --> 01:29:21,969
what are you having for dinner tonight

1813
01:29:30,299 --> 01:29:26,109

they just didn't do anything and I don't

1814

01:29:33,719 --> 01:29:30,309

know if the 1950 experience was enough

1815

01:29:36,739 --> 01:29:33,729

to make him realize that he was dealing

1816

01:29:40,379 --> 01:29:36,749

with the same kind of people or entity

1817

01:29:42,719 --> 01:29:40,389

or one I can't answer that question but

1818

01:29:44,759 --> 01:29:42,729

I can tell you and one end since he did

1819

01:29:47,580 --> 01:29:44,769

everything right and everything you

1820

01:29:51,599 --> 01:29:47,590

could possibly do to intercept people

1821

01:29:56,069 --> 01:29:51,609

fleeing and the next one he did nothing

1822

01:29:58,169 --> 01:29:56,079

and of course there's no way those two

1823

01:30:01,199 --> 01:29:58,179

could have gotten out of the room I can

1824

01:30:02,669 --> 01:30:01,209

testify to that without and soak in the

1825

01:30:04,859 --> 01:30:02,679

courts the head of the court security

1826

01:30:08,159 --> 01:30:04,869

there's no way out you know an aunt

1827

01:30:10,319 --> 01:30:08,169

can't get in there nothing can't get in

1828

01:30:15,149 --> 01:30:10,329

around it's been that way since the day

1829

01:30:18,209 --> 01:30:15,159

the building was constructed in 1915 now

1830

01:30:21,779 --> 01:30:18,219

what were some of the purported unusual

1831

01:30:27,080 --> 01:30:21,789

physical features of the so called crew

1832

01:30:30,179 --> 01:30:27,090

members they look like they look like us

1833

01:30:35,250 --> 01:30:30,189

and when when I interviewed the 85 year

1834

01:30:37,859 --> 01:30:35,260

old survivor the air force retrieval man

1835

01:30:42,000 --> 01:30:37,869

what was his noise either way wendell

1836

01:30:43,949 --> 01:30:42,010

stevens when you leave it was he was he

1837

01:30:49,409 --> 01:30:43,959

was but he claimed he was part of that

1838

01:30:51,270 --> 01:30:49,419

crew absolutely I just have never heard

1839

01:30:55,459 --> 01:30:51,280

him talk about that before and that's

1840

01:31:04,169 --> 01:31:01,290

no you sure haven't and and even then he

1841

01:31:07,830 --> 01:31:04,179

still never broke his his word as far as

1842

01:31:11,040 --> 01:31:07,840

actually breaking the breaking of the

1843

01:31:16,349 --> 01:31:11,050

secret or he just he gave me in passing

1844

01:31:18,719 --> 01:31:16,359

a landmark as as you interview

1845

01:31:21,750 --> 01:31:18,729

especially people in advanced years

1846

01:31:25,049 --> 01:31:21,760

though they get they get where they'll

1847

01:31:27,479 --> 01:31:25,059

embellish the story that's normal and or

1848

01:31:29,969 --> 01:31:27,489

they get excited they kind of relive the

1849

01:31:33,569 --> 01:31:29,979

moment and and they'll mention something

1850

01:31:35,010 --> 01:31:33,579

that doesn't strike them importance but

1851
01:31:38,130 --> 01:31:35,020
from a historic stand

1852
01:31:40,590 --> 01:31:38,140
point could be very valuable and that's

1853
01:31:45,690 --> 01:31:40,600
exactly what went on either deliberate

1854
01:31:49,290 --> 01:31:45,700
or or incidental and telling me about a

1855
01:31:51,240 --> 01:31:49,300
landmark because I had nothing I didn't

1856
01:31:55,800 --> 01:31:51,250
know what the needle looked like for the

1857
01:32:00,660 --> 01:31:55,810
haystack okay and but that's okay

1858
01:32:03,900 --> 01:32:00,670
because it's backed by three others okay

1859
01:32:07,320 --> 01:32:03,910
so this is the thing let me tell you

1860
01:32:11,100 --> 01:32:07,330
something interesting too the bus went

1861
01:32:13,790 --> 01:32:11,110
out on the bus with the scientists one

1862
01:32:16,950 --> 01:32:13,800
out everybody knows this okay

1863
01:32:18,900 --> 01:32:16,960

everybody seems to agree on this because

1864

01:32:22,520 --> 01:32:18,910

they can't get around some of the basic

1865

01:32:25,830 --> 01:32:22,530

facts that are removable that on May 21

1866

01:32:29,130 --> 01:32:25,840

1953 a busload of scientists was

1867

01:32:31,800 --> 01:32:29,140

dispatched from Phoenix and it did in

1868

01:32:34,740 --> 01:32:31,810

fact go to a place southeast of Kingman

1869

01:32:38,330 --> 01:32:34,750

Arizona it did not go to Kingman he went

1870

01:32:41,760 --> 01:32:38,340

to a place southeast this is that place

1871

01:32:45,660 --> 01:32:41,770

the clue there was a which place is that

1872

01:32:48,150 --> 01:32:45,670

place the clue was that helped me find

1873

01:32:49,560 --> 01:32:48,160

the landmark and then I know what I want

1874

01:32:54,840 --> 01:32:49,570

I needed to do and where I needed to go

1875

01:32:57,120 --> 01:32:54,850

but what what the scientists didn't know

1876

01:33:00,000 --> 01:32:57,130

and the Air Force didn't know is that

1877

01:33:04,370 --> 01:33:00,010

bus was dispatch late in the late in the

1878

01:33:06,810 --> 01:33:04,380

afternoon is it 10 o'clock that morning

1879

01:33:09,450 --> 01:33:06,820

southeast have more at the Kingman UFO

1880

01:33:11,480 --> 01:33:09,460

was sitting on the ground under the

1881

01:33:14,400 --> 01:33:11,490

custody of the United States Air Force

1882

01:33:16,110 --> 01:33:14,410

retrieval team and the various people

1883

01:33:19,260 --> 01:33:16,120

coming in from Camp

1884

01:33:21,750 --> 01:33:19,270

Irwin and from Nellis that also came and

1885

01:33:25,860 --> 01:33:21,760

support people and to do all of these

1886

01:33:28,470 --> 01:33:25,870

things that and the bus is gonna be on

1887

01:33:32,460 --> 01:33:28,480

the road later that same day there were

1888

01:33:35,550 --> 01:33:32,470

three men south east of where the craft

1889

01:33:38,820 --> 01:33:35,560

was down five flight minutes away from

1890

01:33:41,900 --> 01:33:38,830

where the King Manuel fussing and they

1891

01:33:45,330 --> 01:33:41,910

were out there looking at an area for

1892

01:33:47,189 --> 01:33:45,340

innocently enough for a fishing derby

1893

01:33:51,959 --> 01:33:47,199

for children

1894

01:33:54,930 --> 01:33:51,969

and they were putting stocking a pool of

1895

01:33:58,200 --> 01:33:54,940

water with some fish for the kids to

1896

01:34:01,410 --> 01:33:58,210

fish and this type of thing and one of

1897

01:34:04,709 --> 01:34:01,420

the men was a former US Air Force

1898

01:34:06,720 --> 01:34:04,719

fighter pilot who I have his name and

1899

01:34:08,820 --> 01:34:06,730

all of that and I have the name of all

1900

01:34:11,100 --> 01:34:08,830

these people in their life and the or

1901

01:34:14,490 --> 01:34:11,110

they're buried when they died all of

1902

01:34:17,250 --> 01:34:14,500

these things and this man was under

1903

01:34:19,520 --> 01:34:17,260

contract with us to Air Force to trained

1904

01:34:23,610 --> 01:34:19,530

fighter pilots at three air bases in

1905

01:34:26,459 --> 01:34:23,620

Arizona at that very moment he was the

1906

01:34:31,380 --> 01:34:26,469

man in charge of training fighter pilots

1907

01:34:34,260 --> 01:34:31,390

at 3-hour races in Arizona in 1953 the

1908

01:34:38,370 --> 01:34:34,270

other man with him was a pilot and a

1909

01:34:41,820 --> 01:34:38,380

business man and the third man was the

1910

01:34:48,360 --> 01:34:41,830

sports editor for the Prescott evening

1911

01:34:50,130 --> 01:34:48,370

newspaper and the pilot who was with

1912

01:34:53,729 --> 01:34:50,140

them the one who his training pilot

1913

01:34:58,610 --> 01:34:53,739

looked at and writin right between them

1914

01:35:03,000 --> 01:34:58,620

and Kingman UFO more eight UFOs saucers

1915

01:35:05,669 --> 01:35:03,010

one sitting on the left hovering and one

1916

01:35:08,760 --> 01:35:05,679

on the right hovering and six in the

1917

01:35:11,880 --> 01:35:08,770

middle proceeded to do aggressive

1918

01:35:16,490 --> 01:35:11,890

dogfight maneuvers they watched for over

1919

01:35:20,880 --> 01:35:16,500

an hour okay they were within visual

1920

01:35:23,130 --> 01:35:20,890

sight of where one of their craft was

1921

01:35:26,490 --> 01:35:23,140

sitting on the ground from there out

1922

01:35:30,919 --> 01:35:26,500

from the altitude around and that's

1923

01:35:36,780 --> 01:35:30,929

front-page news and the Prescott paper

1924

01:35:39,090 --> 01:35:36,790

okay yeah okay or is it there is a

1925

01:35:41,400 --> 01:35:39,100

person said that not a single thing was

1926
01:35:43,580 --> 01:35:41,410
in any newspaper that they researched

1927
01:35:46,620 --> 01:35:43,590
everything within a hundred miles of

1928
01:35:48,959 --> 01:35:46,630
Kingman including in Las Vegas and

1929
01:35:53,760 --> 01:35:48,969
there's not a single word about any UFOs

1930
01:35:55,439 --> 01:35:53,770
within a hundred miles or one then Las

1931
01:35:56,729 --> 01:35:55,449
Vegas Las Vegas doesn't pay attention at

1932
01:35:59,580 --> 01:35:56,739
Kingman out they didn't pay attention

1933
01:36:00,870 --> 01:35:59,590
then but but there's nothing about UFOs

1934
01:36:04,770 --> 01:36:00,880
on the paper and

1935
01:36:08,340 --> 01:36:04,780
therefore it can't be true and summed up

1936
01:36:10,260 --> 01:36:08,350
by saying and remember if the UFO crash

1937
01:36:13,439 --> 01:36:10,270
isn't in the newspaper then it didn't

1938
01:36:15,720 --> 01:36:13,449

happen and I agree to a point and then I

1939

01:36:20,399 --> 01:36:15,730

disagree the rest of the way because as

1940

01:36:22,229 --> 01:36:20,409

it turns out in in May of 1953 of all

1941

01:36:24,419 --> 01:36:22,239

these newspapers this person says they

1942

01:36:26,970 --> 01:36:24,429

went through the morgues and looked at

1943

01:36:29,010 --> 01:36:26,980

every page and everything to determine

1944

01:36:31,919 --> 01:36:29,020

what the saying was accurate is that

1945

01:36:36,120 --> 01:36:31,929

first off there were only two newspapers

1946

01:36:37,979 --> 01:36:36,130

besides Kingman's in 1953 and that

1947

01:36:40,740 --> 01:36:37,989

doesn't it mean you have to put on your

1948

01:36:44,189 --> 01:36:40,750

hiking boots to go in and look at found

1949

01:36:46,800 --> 01:36:44,199

newspapers at hundreds of newspaper

1950

01:36:48,959 --> 01:36:46,810

offices because it was only - and of

1951

01:36:51,320 --> 01:36:48,969

course I just told you a story that

1952

01:36:54,439 --> 01:36:51,330

blows that story completely to pieces so

1953

01:36:56,669 --> 01:36:54,449

that was in Prescott you said right

1954

01:37:00,360 --> 01:36:56,679

Prescott yeah front page of Prescott

1955

01:37:03,660 --> 01:37:00,370

right which is you know and not real far

1956

01:37:06,689 --> 01:37:03,670

away from Kingman it says it says flying

1957

01:37:10,530 --> 01:37:06,699

saucers listen this flying saucers

1958

01:37:14,419 --> 01:37:10,540

returned yeah that means they're there

1959

01:37:17,939 --> 01:37:14,429

again actually what you're saying yeah

1960

01:37:19,770 --> 01:37:17,949

yeah because that's not the first time

1961

01:37:21,540 --> 01:37:19,780

and I'm not going to get off and all the

1962

01:37:27,899 --> 01:37:21,550

other times they were a press kit but

1963

01:37:31,290 --> 01:37:27,909

I'll tell you this when when they were

1964

01:37:33,930 --> 01:37:31,300

being it's like Kenneth Arnold has given

1965

01:37:37,290 --> 01:37:33,940

credit for being the first man to in

1966

01:37:39,810 --> 01:37:37,300

modern era to report UFO and they said

1967

01:37:47,040 --> 01:37:39,820

he saw the nine UFOs at three o'clock

1968

01:37:50,610 --> 01:37:47,050

2:59 p.m. 3 p.m. on the 24th of June

1969

01:37:52,530 --> 01:37:50,620

1947 ok I was a Tuesday through o'clock

1970

01:37:56,550 --> 01:37:52,540

in the afternoon the guy lives the guy

1971

01:38:00,000 --> 01:37:56,560

lives in Boise utter and interestingly

1972

01:38:03,030 --> 01:38:00,010

enough was on the radio that people saw

1973

01:38:06,720 --> 01:38:03,040

9 UFOs in Seattle on the morning of the

1974

01:38:08,810 --> 01:38:06,730

24th and enough time that 80-wire was

1975

01:38:14,100 --> 01:38:08,820

able to get it to major newspapers and

1976

01:38:17,580 --> 01:38:14,110

it was in the Boise newspaper

1977

01:38:19,800 --> 01:38:17,590

Kenneth Arnold ever took off to fly west

1978

01:38:23,820 --> 01:38:19,810

towards Mount Rainier or anywhere else

1979

01:38:26,000 --> 01:38:23,830

and he reported it on the 25th not the

1980

01:38:30,000 --> 01:38:26,010

24th and that doesn't take into account

1981

01:38:35,220 --> 01:38:30,010

that it was not just reported there but

1982

01:38:40,010 --> 01:38:35,230

it was also reported by a meteorologist

1983

01:38:42,540 --> 01:38:40,020

in Kentucky seeing UFOs on the 24th and

1984

01:38:45,990 --> 01:38:42,550

in and around that parade I've got a

1985

01:38:50,190 --> 01:38:46,000

string of other people and then I also

1986

01:38:52,070 --> 01:38:50,200

have the declared first sighting in

1987

01:38:56,340 --> 01:38:52,080

modern time

1988

01:38:58,950 --> 01:38:56,350

UFOs it predates all of this and I'm not

1989

01:39:01,020 --> 01:38:58,960

talking the old durable stuff back in

1990

01:39:03,360 --> 01:39:01,030

the 1800s you know and that kinda stuff

1991

01:39:08,540 --> 01:39:03,370

I'm talking right in around the same

1992

01:39:10,800 --> 01:39:08,550

period and and Civil Air Patrol sent out

1993

01:39:14,310 --> 01:39:10,810

multiple ones seeing landing and

1994

01:39:17,760 --> 01:39:14,320

crashing and flying and sheriff's

1995

01:39:20,970 --> 01:39:17,770

departments and military involved in the

1996

01:39:24,080 --> 01:39:20,980

military who supposedly denied out of

1997

01:39:27,980 --> 01:39:24,090

hand at Roswell there was no such thing

1998

01:39:31,740 --> 01:39:27,990

or you know I have a copy of a formal

1999

01:39:34,260 --> 01:39:31,750

official document released by the Air

2000

01:39:36,480 --> 01:39:34,270

Force after Roswell saying the main

2001

01:39:37,080 --> 01:39:36,490

problem the Air Force has with the UFOs

2002

01:39:39,570 --> 01:39:37,090

right now

2003

01:39:43,880 --> 01:39:39,580

is that they like the Air Force lacks

2004

01:39:46,620 --> 01:39:43,890

the resources to try to cover and

2005

01:39:49,080 --> 01:39:46,630

investigate them all and that they

2006

01:39:52,650 --> 01:39:49,090

acknowledge that they they exist

2007

01:39:55,800 --> 01:39:52,660

you know after Fiat claiming no such

2008

01:39:58,320 --> 01:39:55,810

thing happened at Roswell so if that's

2009

01:40:00,720 --> 01:39:58,330

another story you know and it's like I

2010

01:40:03,210 --> 01:40:00,730

have to detach myself from this because

2011

01:40:06,120 --> 01:40:03,220

I have other books I'm writing you know

2012

01:40:08,520 --> 01:40:06,130

and so I have to get this out and let

2013

01:40:10,410 --> 01:40:08,530

and get people Clues information they

2014

01:40:13,850 --> 01:40:10,420

can go get this stuff or look for it

2015

01:40:16,830 --> 01:40:13,860

themselves and become you know become

2016

01:40:20,160 --> 01:40:16,840

historians in their own right someone in

2017

01:40:24,210 --> 01:40:20,170

the form has an opinion an opinion

2018

01:40:27,180 --> 01:40:24,220

question for you and it goes report a

2019

01:40:27,689 --> 01:40:27,190

UFO crashes seem to occur in remote

2020

01:40:30,959 --> 01:40:27,699

locations

2021

01:40:33,840 --> 01:40:30,969

do you think it is possible that this is

2022

01:40:37,050 --> 01:40:33,850

no coincidence in that the military

2023

01:40:40,880 --> 01:40:37,060

target UFO craft and remote locations

2024

01:40:45,780 --> 01:40:40,890

with an aim to bring them down covertly

2025

01:40:47,939 --> 01:40:45,790

can you say that last part again yeah no

2026

01:40:51,470 --> 01:40:47,949

I think what do they do you think that

2027

01:40:54,419 --> 01:40:51,480

the military target UFO craft and remote

2028

01:40:55,580 --> 01:40:54,429

locations with the aim to bring them

2029

01:40:59,459 --> 01:40:55,590

down

2030

01:41:01,050 --> 01:40:59,469

covert oh let me answer that this way is

2031

01:41:04,950 --> 01:41:01,060

because I want to give some people some

2032

01:41:08,729 --> 01:41:04,960

some things to hang on to her first off

2033

01:41:12,060 --> 01:41:08,739

the Kingman UFO the the first one came

2034

01:41:14,459 --> 01:41:12,070

down in the daytime not at night this

2035

01:41:16,770 --> 01:41:14,469

isn't the this isn't the Judy Wolcott

2036

01:41:19,790 --> 01:41:16,780

story that has been shared by another

2037

01:41:21,959 --> 01:41:19,800

UFO person that claims all kinds of

2038

01:41:24,630 --> 01:41:21,969

ridiculous stuff about a nervous man

2039

01:41:27,840 --> 01:41:24,640

watching the crash at night 8 years

2040

01:41:29,790 --> 01:41:27,850

after the ho base was gone you know and

2041

01:41:32,970 --> 01:41:29,800

it's like couldn't been an airman there

2042

01:41:36,090 --> 01:41:32,980

the airbase was closed the tower was

2043

01:41:38,040 --> 01:41:36,100

shut down and and all of these other

2044

01:41:40,490 --> 01:41:38,050

things and her husband died in Vietnam

2045

01:41:43,110 --> 01:41:40,500

and he had the papers to prove it

2046

01:41:47,160 --> 01:41:43,120

bla bla bla anyway that's all baloney

2047

01:41:49,650 --> 01:41:47,170

and basically what we're talking about

2048

01:41:51,959 --> 01:41:49,660

here is the craft came down something

2049

01:41:54,360 --> 01:41:51,969

interfere with its propulsion or its

2050

01:41:56,880 --> 01:41:54,370

navigation system or it may the crew

2051

01:42:00,689 --> 01:41:56,890

dizzy I haven't any idea like flying

2052

01:42:03,500 --> 01:42:00,699

through three triangulated overpowered

2053

01:42:06,080 --> 01:42:03,510

radar systems that were firing off

2054

01:42:09,330 --> 01:42:06,090

short-pulse

2055

01:42:11,340 --> 01:42:09,340

modulating frequency radar used systems

2056

01:42:12,959 --> 01:42:11,350

they didn't have any frequency locks so

2057

01:42:15,510 --> 01:42:12,969

even the Air Force didn't know what they

2058

01:42:18,180 --> 01:42:15,520

were doing well this stuff and they

2059

01:42:20,790 --> 01:42:18,190

likely killed every one of the operators

2060

01:42:24,479 --> 01:42:20,800

and technicians and I can't I've tried

2061

01:42:26,850 --> 01:42:24,489

to determine that those people died from

2062

01:42:30,450 --> 01:42:26,860

brain tumors because of the radiation

2063

01:42:32,850 --> 01:42:30,460

fallout here or if it's from running the

2064

01:42:35,459 --> 01:42:32,860

overpowered radar because the back and

2065

01:42:37,470 --> 01:42:35,469

side lobe leakage was horrendous so they

2066

01:42:39,810 --> 01:42:37,480

were basically committing suicide but

2067

01:42:41,280 --> 01:42:39,820

anyway the craft went down it was

2068

01:42:44,190 --> 01:42:41,290

pristine the

2069

01:42:46,050 --> 01:42:44,200

true would pass you on the sidewalk all

2070

01:42:48,120 --> 01:42:46,060

you would notice there light didn't they

2071

01:42:50,670 --> 01:42:48,130

were lightly built there four and a half

2072

01:42:53,760 --> 01:42:50,680

to five feet tall they have closed crop

2073

01:42:57,690 --> 01:42:53,770

sandy-colored hair their faces are a

2074

01:43:00,870 --> 01:42:57,700

little wider like they're from maybe

2075

01:43:04,140 --> 01:43:00,880

Siberia or someplace like that but or

2076

01:43:07,170 --> 01:43:04,150

Asian where some some people have a

2077

01:43:10,010 --> 01:43:07,180

lighter across from the job on are the

2078

01:43:14,040 --> 01:43:10,020

cheekbones I'm sorry the cheekbones but

2079

01:43:17,370 --> 01:43:14,050

perfectly normal and that's the the

2080

01:43:21,750 --> 01:43:17,380

witness when he told me this and he saw

2081

01:43:23,820 --> 01:43:21,760

them he said and I said well what would

2082

01:43:27,690 --> 01:43:23,830

they look like and he said they were

2083

01:43:31,950 --> 01:43:27,700

human and he was still shocked because

2084

01:43:33,750 --> 01:43:31,960

they look like us and and so I'm finding

2085

01:43:37,950 --> 01:43:33,760

out later there's all kinds of early

2086

01:43:40,650 --> 01:43:37,960

reports where the occupants of the crown

2087

01:43:45,030 --> 01:43:40,660

are humanoid you know they're not

2088

01:43:47,910 --> 01:43:45,040

reptilian they're not Giants or anything

2089

01:43:50,160 --> 01:43:47,920

else and these crafts you you'd have to

2090

01:43:55,050 --> 01:43:50,170

figure out how you'd have room for some

2091

01:43:57,990 --> 01:43:55,060

something a Trudeau but it was taken out

2092

01:44:00,690 --> 01:43:58,000

if you're under cover of darkness it

2093

01:44:03,360 --> 01:44:00,700

didn't go down any highways and went

2094

01:44:06,450 --> 01:44:03,370

right I'm not gonna say we went across

2095

01:44:09,300 --> 01:44:06,460

the desert okay it's better than the

2096

01:44:10,500 --> 01:44:09,310

highways there's no curse you just

2097

01:44:14,040 --> 01:44:10,510

crossed the desert and watch out for

2098

01:44:17,600 --> 01:44:14,050

washers that's it and they popped out on

2099

01:44:19,950 --> 01:44:17,610

93 just a few miles south of Hoover Dam

2100

01:44:23,370 --> 01:44:19,960

Army Corps of Engineers was there with

2101

01:44:26,610 --> 01:44:23,380

the barge the the m25 drove right on it

2102

01:44:29,130 --> 01:44:26,620

with the craft that was the end of the

2103

01:44:32,550 --> 01:44:29,140

retrieval teams work in connection with

2104

01:44:35,190 --> 01:44:32,560

that that craft it was handed off they

2105

01:44:37,950 --> 01:44:35,200

came back just in time to start recovery

2106

01:44:40,220 --> 01:44:37,960

on the Red Lake crash okay because it

2107

01:44:45,780 --> 01:44:40,230

happened as they were coming back and

2108

01:44:50,430 --> 01:44:45,790

and the craft that went up there is the

2109

01:44:54,910 --> 01:44:50,440

UFO the entire area 51 story is based on

2110

01:44:56,470 --> 01:44:54,920

four your thighs that's it it wasn't

2111

01:44:59,560 --> 01:44:56,480

torn to shreds if there was any

2112

01:45:03,310 --> 01:44:59,570

back-engineering which is claimed and I

2113

01:45:04,780 --> 01:45:03,320

have some of that energy set then it

2114

01:45:10,270 --> 01:45:04,790

would come from that one not from a

2115

01:45:13,060 --> 01:45:10,280

junkie right right well now there was

2116

01:45:15,370 --> 01:45:13,070

talk about some possible physical

2117

01:45:17,400 --> 01:45:15,380

evidence had a did you ever look into

2118

01:45:22,030 --> 01:45:17,410

that part of it

2119

01:45:24,150 --> 01:45:22,040

yes I have some okay can also have part

2120

01:45:26,200 --> 01:45:24,160

of a p39 sitting here in my office

2121

01:45:28,480 --> 01:45:26,210

nobody could find anything over a

2122

01:45:30,310 --> 01:45:28,490

thousand people went out you know arm to

2123

01:45:32,430 --> 01:45:30,320

arm that was in 1997 front page

2124

01:45:36,820 --> 01:45:32,440

newspaper to go out and find were a

2125

01:45:40,510 --> 01:45:36,830

piece Airacobra p39 I was doing a mock

2126
01:45:44,140 --> 01:45:40,520
Pete me-109 attack on a b-17 bomber crew

2127
01:45:47,830 --> 01:45:44,150
teaching side Gunners how to handle the

2128
01:45:49,870 --> 01:45:47,840
German murderous myths and the pilot had

2129
01:45:53,740 --> 01:45:49,880
been flying a p38 which is a twin-engine

2130
01:45:55,750 --> 01:45:53,750
twin boom twin tail highly maneuverable

2131
01:45:59,230 --> 01:45:55,760
aircraft and he pulled back on the stick

2132
01:46:01,900 --> 01:45:59,240
because he made a machine gun run Mach

2133
01:46:04,120 --> 01:46:01,910
machine gun run on the bomber and when

2134
01:46:06,610 --> 01:46:04,130
he pulled back the plane didn't pull

2135
01:46:08,890 --> 01:46:06,620
back and it cut part of the wing off the

2136
01:46:11,710 --> 01:46:08,900
bomber and the bomber rolled over on its

2137
01:46:14,620 --> 01:46:11,720
back and it flew one mile and then

2138
01:46:17,830 --> 01:46:14,630

orbited the ground and killed 15 crew

2139

01:46:21,670 --> 01:46:17,840

members and the p39 went straight in and

2140

01:46:24,700 --> 01:46:21,680

hit us hit us a hill that's kind of rest

2141

01:46:26,530 --> 01:46:24,710

- like a l-shaped hill one side of its

2142

01:46:30,430 --> 01:46:26,540

pure quartz and the other side is

2143

01:46:33,940 --> 01:46:30,440

lodestone false fooled go magnetic ok

2144

01:46:37,090 --> 01:46:33,950

and a thousand people over a thousand

2145

01:46:39,160 --> 01:46:37,100

people were taken out in 1997 one arm

2146

01:46:42,160 --> 01:46:39,170

length apart and they swept the whole

2147

01:46:44,080 --> 01:46:42,170

area looking for any parts the Air Force

2148

01:46:46,150 --> 01:46:44,090

Army Air Corps it may have missed they

2149

01:46:49,810 --> 01:46:46,160

found nothing I have a cockpit brace

2150

01:46:53,140 --> 01:46:49,820

from from the pilots cockpit from that

2151
01:46:54,640 --> 01:46:53,150
aircraft because I'm used to doing this

2152
01:46:58,270 --> 01:46:54,650
stuff and I see things that are right

2153
01:46:59,140 --> 01:46:58,280
and but they did find in 1997 they did

2154
01:47:01,330 --> 01:46:59,150
find dog tags

2155
01:47:03,610 --> 01:47:01,340
from where the bomber went down but I

2156
01:47:07,180 --> 01:47:03,620
didn't go over there because this was

2157
01:47:08,819 --> 01:47:07,190
one mile away from where the king or the

2158
01:47:13,049 --> 01:47:08,829
Red Lake craft went down

2159
01:47:15,209 --> 01:47:13,059
and that's why and the curator aviation

2160
01:47:16,950 --> 01:47:15,219
curator who had looked for 20 years for

2161
01:47:18,959 --> 01:47:16,960
the Redlich crash mentioned it

2162
01:47:20,520 --> 01:47:18,969
scratchers it will take me there because

2163
01:47:22,410 --> 01:47:20,530

I can reground terrain if I can see

2164

01:47:25,049 --> 01:47:22,420

anything I'll be able to find something

2165

01:47:28,140 --> 01:47:25,059

if there's anything and I didn't miss

2166

01:47:31,470 --> 01:47:28,150

your you know so and I have Seth from I

2167

01:47:34,609 --> 01:47:31,480

have items from the landing site and

2168

01:47:37,500 --> 01:47:34,619

right with a right where the crafts at

2169

01:47:38,399 --> 01:47:37,510

background radiation is about five times

2170

01:47:41,729 --> 01:47:38,409

above normal

2171

01:47:44,600 --> 01:47:41,739

very carefully I'm saying it's about

2172

01:47:47,609 --> 01:47:44,610

five times normal background radiation

2173

01:47:49,890 --> 01:47:47,619

when the director of MUFON for the state

2174

01:47:52,799 --> 01:47:49,900

of Pennsylvania said I said it was high

2175

01:47:54,990 --> 01:47:52,809

very high radiation no I'm telling us

2176

01:47:56,700 --> 01:47:55,000

about five times the back normal

2177

01:47:59,760 --> 01:47:56,710

background which can run anywhere from

2178

01:48:02,609 --> 01:47:59,770

twelve to sixteen microservice you know

2179

01:48:05,280 --> 01:48:02,619

it's like that's what when you go

2180

01:48:07,080 --> 01:48:05,290

outside in a normal day with nobody

2181

01:48:09,209 --> 01:48:07,090

setting any bombs off the atmosphere

2182

01:48:11,339 --> 01:48:09,219

that's the background radiation way up

2183

01:48:14,430 --> 01:48:11,349

now it's usually fourteen to sixteen

2184

01:48:17,669 --> 01:48:14,440

used to be twelve there's you know with

2185

01:48:20,220 --> 01:48:17,679

we've polluted Korea does stuff that

2186

01:48:22,680 --> 01:48:20,230

North Korea that leaks and their kind of

2187

01:48:25,680 --> 01:48:22,690

thing this all has an impact because the

2188

01:48:28,109 --> 01:48:25,690

planet rotates and things are taken up

2189

01:48:31,350 --> 01:48:28,119

and they and they come back down in the

2190

01:48:34,620 --> 01:48:31,360

form of rain or dust and whatever so

2191

01:48:38,129 --> 01:48:34,630

they're so in six feet away there's not

2192

01:48:40,680 --> 01:48:38,139

it's normal you know so and but you can

2193

01:48:43,919 --> 01:48:40,690

see it and I can see anybody can see and

2194

01:48:46,319 --> 01:48:43,929

the Camerons engineer could see this is

2195

01:48:49,169 --> 01:48:46,329

where the bus park yeah it parked

2196

01:48:51,390 --> 01:48:49,179

exactly fifty feet and the craft and

2197

01:48:54,120 --> 01:48:51,400

that's where this cutaway is it's for

2198

01:48:55,530 --> 01:48:54,130

the bus and the and the scientists on

2199

01:48:57,450 --> 01:48:55,540

board the bus sat on the bus and

2200

01:49:00,899 --> 01:48:57,460

military police connect the door and as

2201
01:49:03,600 --> 01:49:00,909
a guy a military policeman with a roster

2202
01:49:05,760 --> 01:49:03,610
and he calls a name that scientist gets

2203
01:49:08,370 --> 01:49:05,770
out of the bus he walk walks down the

2204
01:49:11,939 --> 01:49:08,380
aisle and gets out and he's escorted by

2205
01:49:15,689 --> 01:49:11,949
an MP to exactly the place of his

2206
01:49:18,810 --> 01:49:15,699
expertise to examine on the craft make a

2207
01:49:22,620 --> 01:49:18,820
report you got 20 minutes make a report

2208
01:49:25,130 --> 01:49:22,630
and that whole busload was reloaded and

2209
01:49:29,460 --> 01:49:25,140
the way back to Phoenix within one hour

2210
01:49:33,630 --> 01:49:29,470
okay they do not take they did not then

2211
01:49:35,430 --> 01:49:33,640
take bus loads of scientists several

2212
01:49:37,770 --> 01:49:35,440
hundred miles away from a place out in

2213
01:49:39,840 --> 01:49:37,780

the boondocks to look at something

2214

01:49:42,690 --> 01:49:39,850

that's pristine that they would have put

2215

01:49:45,060 --> 01:49:42,700

in a hammer if it's a super secret

2216

01:49:49,710 --> 01:49:45,070

airplane you know this thing wasn't

2217

01:49:52,800 --> 01:49:49,720

busted at so but nobody inspected the

2218

01:49:55,410 --> 01:49:52,810

one that hit the Butte the Air Force was

2219

01:49:58,710 --> 01:49:55,420

there they swept the area twice to get

2220

01:50:01,170 --> 01:49:58,720

all the debris bottom rock and the Ceph

2221

01:50:02,880 --> 01:50:01,180

the Air Force left right there is still

2222

01:50:05,070 --> 01:50:02,890

there there's bottom rock in the middle

2223

01:50:07,110 --> 01:50:05,080

of flat desert where they dug down to

2224

01:50:08,970 --> 01:50:07,120

get the rest of the pieces of the craft

2225

01:50:11,880 --> 01:50:08,980

that had been ordered into the ground

2226

01:50:14,520 --> 01:50:11,890

you see the skid mark erosion hasn't

2227

01:50:16,290 --> 01:50:14,530

done any big damage there that's we

2228

01:50:20,610 --> 01:50:16,300

don't get a lot of rain here that's why

2229

01:50:22,860 --> 01:50:20,620

they call it a desert okay and so here's

2230

01:50:24,570 --> 01:50:22,870

all this bottom rock and so there's

2231

01:50:26,910 --> 01:50:24,580

parts there and and there aren't some

2232

01:50:27,870 --> 01:50:26,920

people with some things that they're not

2233

01:50:29,670 --> 01:50:27,880

going to share them with anybody

2234

01:50:31,650 --> 01:50:29,680

including me and I don't blame them

2235

01:50:33,810 --> 01:50:31,660

that's it you know they had it in the

2236

01:50:36,690 --> 01:50:33,820

family a long time but if you go to talk

2237

01:50:38,250 --> 01:50:36,700

to them they don't know anything if

2238

01:50:41,310 --> 01:50:38,260

you're an outsider if they don't know

2239

01:50:43,590 --> 01:50:41,320

anything and and they really don't like

2240

01:50:46,040 --> 01:50:43,600

that kind of attention and that's a

2241

01:50:50,400 --> 01:50:46,050

family now when you said you had

2242

01:50:53,550 --> 01:50:50,410

evidence yourself did you mean of the

2243

01:50:59,790 --> 01:50:53,560

supposed craft or or the other site you

2244

01:51:04,110 --> 01:50:59,800

were talking about well I have I have

2245

01:51:06,450 --> 01:51:04,120

some evidence from both places okay well

2246

01:51:07,590 --> 01:51:06,460

can you describe what the evidence is of

2247

01:51:10,500 --> 01:51:07,600

where the crash happened

2248

01:51:15,150 --> 01:51:10,510

no not now not before I release anything

2249

01:51:17,640 --> 01:51:15,160

nope okay well well thank you we're

2250

01:51:23,270 --> 01:51:17,650

2251

01:51:25,770 --> 01:51:23,280

interest in this when when I release it
