

A screenshot of a Skype video call window. The main area shows a man wearing a black baseball cap and a dark jacket with red accents. He has his eyes closed or is looking down. The background is a plain, light-colored wall with a ceiling light fixture. In the top right corner, the word "skype" is written in a light, lowercase font. At the bottom of the window, there is a dark grey banner with white text. On the far right, there is a small red YouTube logo with the word "LIVE" underneath it.

1
00:00:05,090 --> 00:00:04,370
and it hits me oh my gosh this is that

2
00:00:06,230 --> 00:00:05,100
triangle

3
00:00:07,340 --> 00:00:06,240
you know there's explanation for

4
00:00:08,930 --> 00:00:07,350
everything that occurred in the

5
00:00:11,120 --> 00:00:08,940
Rendlesham forest incident didn't

6
00:00:13,999 --> 00:00:11,130
doesn't involve aliens at all it was

7
00:00:17,359 --> 00:00:14,009
completely silent it comes right over

8
00:00:19,189 --> 00:00:17,369
our head it's so classic flying-saucer

9
00:00:20,779 --> 00:00:19,199
really standing in the clearing he

10
00:00:22,429 --> 00:00:20,789
turned over to my father and held his

11
00:00:28,939 --> 00:00:22,439
hand and he looked in his eyes and said

12
00:00:31,550 --> 00:00:28,949
we're not alone welcome to podcast UFO

with UFO updates our guest today this

27

00:01:08,270 --> 00:01:06,689

evening but it's not evening where he is

28

00:01:12,050 --> 00:01:08,280

is Ben hurl

29

00:01:15,740 --> 00:01:12,060

he's from Victoria Melbourne Australia

30

00:01:18,620 --> 00:01:15,750

and interesting guests I had a monitor a

31

00:01:21,920 --> 00:01:18,630

number of years ago he's coming back to

32

00:01:24,350 --> 00:01:21,930

tell us what's new in his region of

33

00:01:25,520 --> 00:01:24,360

Australia if you support the show I want

34

00:01:27,440 --> 00:01:25,530

to thank you very much

35

00:01:29,210 --> 00:01:27,450

44

00:01:50,569 --> 00:01:47,700

listen on the Dark Matter digital

45

00:01:52,850 --> 00:01:50,579

network every Thursday from 10:00 to

46

00:01:53,350 --> 00:01:52,860

midnight and that's Eastern Standard

47

00:01:58,459 --> 00:01:53,360

Time

48

00:02:00,469 --> 00:01:58,469

Alejandro how are you I'm good sorry

49

00:02:02,959 --> 00:02:00,479

it's just swallowing some water I always

50

00:02:05,120 --> 00:02:02,969

have perfect timing hey did your going

51
00:02:09,109 --> 00:02:05,130
away next week you're not going to be on

52
00:02:11,460 --> 00:02:09,119
the news next week I'm sailing sailing

53
00:02:13,890 --> 00:02:11,470
away

54
00:02:18,360 --> 00:02:13,900
and yes we I don't know the other words

55
00:02:21,200 --> 00:02:18,370
I glad that dududududu Christopher Cross

56
00:02:25,110 --> 00:02:21,210
right it's not who yeah I think so yeah

57
00:02:28,530 --> 00:02:25,120
yeah yeah I'll be sailing all next week

58
00:02:34,020 --> 00:02:28,540
I'm going to attempt to make it an alien

59
00:02:36,690 --> 00:02:34,030
and UFO free week so it'll be beach and

60
00:02:39,000 --> 00:02:36,700
Sun you may not have any control over

61
00:02:42,630 --> 00:02:39,010
that though you know I never do

62
00:02:45,660 --> 00:02:42,640
yeah unfortunately but I mean if UFOs or

63
00:02:48,510 --> 00:02:45,670

aliens appear that would be great that'd

64

00:02:51,030 --> 00:02:48,520

be wonderful I'll try to document it but

65

00:02:52,530 --> 00:02:51,040

you probably won't hear about it until I

66

00:02:56,070 --> 00:02:52,540

get back cuz I'm not going to write the

67

00:02:57,510 --> 00:02:56,080

story or anything yeah it's all document

68

00:03:01,949 --> 00:02:57,520

it and then wreck destroy when I get

69

00:03:03,720 --> 00:03:01,959

back and so because I'm chillin yeah

70

00:03:07,470 --> 00:03:03,730

awesome that's great

71

00:03:09,570 --> 00:03:07,480

well and did I hear you say you're going

72

00:03:13,440 --> 00:03:09,580

to the Sea of Cortez or something like

73

00:03:16,440 --> 00:03:13,450

that I'm going to a few places yeah well

74

00:03:19,440 --> 00:03:16,450

I'll be going to Cabo so I'm going to go

75

00:03:23,460 --> 00:03:19,450

leave from LA and it'll fight an Tabata

76

00:03:28,460 --> 00:03:23,470

and yeah I'm not familiar with all all

77

00:03:33,509 --> 00:03:28,470

of the seeds that I will be visiting but

78

00:03:34,740 --> 00:03:33,519

well I know I will be on the EC that

79

00:03:38,460 --> 00:03:34,750

actually it will be that Gulf of

80

00:03:39,870 --> 00:03:38,470

California uh-huh yeah well great I hope

81

00:03:42,110 --> 00:03:39,880

you have a wonderful time so what's

82

00:03:45,539 --> 00:03:42,120

happening with the UFO news this week

83

00:03:47,160 --> 00:03:45,549

UFO it was lots of UFO news out there's

84

00:03:48,840 --> 00:03:47,170

some headlines that are kind of cool so

85

00:03:51,690 --> 00:03:48,850

I just want to go over these very

86

00:03:53,820 --> 00:03:51,700

quickly odd and you can find these if

87

00:03:56,009 --> 00:03:53,830

you go to open minds a TV and under the

88

00:03:57,960 --> 00:03:56,019

articles and look at daily UFO headlines

89

00:03:59,520 --> 00:03:57,970

because we post them every day you can

90

00:04:02,039 --> 00:03:59,530

see that today's headlines right now

91

00:04:03,900 --> 00:04:02,049

front page but if you want to see the

92

00:04:06,509 --> 00:04:03,910

past ones you just go to article those

93

00:04:07,770 --> 00:04:06,519

you can go to daily UFO headlines and I

94

00:04:10,830 --> 00:04:07,780

just want to mention because there's a

95

00:04:13,860 --> 00:04:10,840

couple cool things Vice has written a

96

00:04:16,259 --> 00:04:13,870

story about hot Nick J Allen Hynek who

97

00:04:19,110 --> 00:04:16,269

with the consultant to the Air Force

98

00:04:22,409 --> 00:04:19,120

when they investigated UFOs who became a

99

00:04:24,660 --> 00:04:22,419

UFO believer essentially and started I

100

00:04:27,780 --> 00:04:24,670

like to say he's like the father of

101
00:04:30,270 --> 00:04:27,790
an apology started you search afterwards

102
00:04:33,000 --> 00:04:30,280
so that's really cool that's up to check

103
00:04:34,770 --> 00:04:33,010
out there are some other UFO sightings

104
00:04:37,590 --> 00:04:34,780
but I guess one thing we could talk a

105
00:04:40,800 --> 00:04:37,600
little more detail a lot out of all of

106
00:04:43,170 --> 00:04:40,810
these is a an article from the the

107
00:04:45,540 --> 00:04:43,180
mirror online talking about Peter

108
00:04:48,960 --> 00:04:45,550
Robbins so you've had Peter Robbins from

109
00:04:51,930 --> 00:04:48,970
the show right oh yes oh yeah mm-hmm guy

110
00:04:52,860 --> 00:04:51,940
so I've had him on before as well known

111
00:04:55,500 --> 00:04:52,870
him for years

112
00:04:59,610 --> 00:04:55,510
and to know him is to love him I feel

113
00:05:01,020 --> 00:04:59,620

like yeah I was a great guy yeah but one

114

00:05:02,730 --> 00:05:01,030

thing that's probably been difficult for

115

00:05:06,420 --> 00:05:02,740

you and has been difficult for me is

116

00:05:08,670 --> 00:05:06,430

that early on having met and research

117

00:05:10,110 --> 00:05:08,680

Larry Warren and his claims he was the

118

00:05:12,810 --> 00:05:10,120

first witness to come forward with

119

00:05:15,030 --> 00:05:12,820

Rendlesham you know he just says a lot

120

00:05:17,640 --> 00:05:15,040

of stuff that is just I felt from the

121

00:05:19,350 --> 00:05:17,650

beginning blatantly not true and then

122

00:05:22,340 --> 00:05:19,360

more and more has come to light about

123

00:05:26,460 --> 00:05:22,350

lies and even in his professional career

124

00:05:29,040 --> 00:05:26,470

some fraud that he's in trouble for and

125

00:05:31,440 --> 00:05:29,050

and that has taken place some of which

126
00:05:34,410 --> 00:05:31,450
has been regarding some Photoshop stuff

127
00:05:36,600 --> 00:05:34,420
like even a picture that you build my uh

128
00:05:38,340 --> 00:05:36,610
you know I you glanced and Peter's book

129
00:05:40,620 --> 00:05:38,350
might be benign but it turns out it's

130
00:05:45,000 --> 00:05:40,630
attached to this fraud that's been being

131
00:05:45,930 --> 00:05:45,010
committed so uh Peter has finally come

132
00:05:48,600 --> 00:05:45,940
out and said I don't trust him anymore

133
00:05:51,090 --> 00:05:48,610
and I i don't believe everything he said

134
00:05:52,560 --> 00:05:51,100
interestingly enough now people contend

135
00:05:56,340 --> 00:05:52,570
with but he was the first one to come

136
00:05:58,050 --> 00:05:56,350
out however at the evidence shows and a

137
00:06:00,830 --> 00:05:58,060
lot of people have argued this I mean

138
00:06:04,920 --> 00:06:00,840

Linda Howe even said this at our

139

00:06:06,570 --> 00:06:04,930

conference three years ago that she

140

00:06:10,200 --> 00:06:06,580

believes and I think she's right that

141

00:06:13,230 --> 00:06:10,210

Larry Warren was there I mean he was uh

142

00:06:15,690 --> 00:06:13,240

but he wasn't part of any of the UFO

143

00:06:17,940 --> 00:06:15,700

event his roommate had told him about it

144

00:06:19,980 --> 00:06:17,950

and in this letter where he says look

145

00:06:22,800 --> 00:06:19,990

this is proof I was there with it with

146

00:06:24,600 --> 00:06:22,810

from it that he wrote his mom he says he

147

00:06:29,400 --> 00:06:24,610

even refers to something that happened

148

00:06:32,670 --> 00:06:29,410

to these other people not him so uh yeah

149

00:06:35,040 --> 00:06:32,680

it's kind of I feel good that Peter has

150

00:06:36,990 --> 00:06:35,050

come out I think that that I don't know

151
00:06:38,040 --> 00:06:37,000
if he's been in denial but you know he's

152
00:06:40,439 --> 00:06:38,050
a very loyal

153
00:06:42,990 --> 00:06:40,449
to his friends and I think it's real

154
00:06:45,089 --> 00:06:43,000
tellurian and you never want to believe

155
00:06:46,800 --> 00:06:45,099
anything a friend of yours it's been

156
00:06:50,939 --> 00:06:46,810
deceiving you over something that's so

157
00:06:52,619 --> 00:06:50,949
important to you so that's an

158
00:06:56,010 --> 00:06:52,629
interesting story so you can read that

159
00:06:57,480 --> 00:06:56,020
on the link there but another piece of

160
00:07:00,629 --> 00:06:57,490
news that I think is good and I just

161
00:07:04,550 --> 00:07:00,639
wrote about this so I've got a long

162
00:07:08,100 --> 00:07:04,560
story is on 60 minutes Robert Bigelow he

163
00:07:10,890 --> 00:07:08,110

was a real estate mogul he owns like the

164

00:07:13,950 --> 00:07:10,900

the budget suites all around the country

165

00:07:16,170 --> 00:07:13,960

so he's this billionaire well some of

166

00:07:17,550 --> 00:07:16,180

you probably know I don't know how much

167

00:07:20,040 --> 00:07:17,560

you've covered this on your show but

168

00:07:21,990 --> 00:07:20,050

I've covered a lot on my show how

169

00:07:25,499 --> 00:07:22,000

Bigelow has been into UFOs for a long

170

00:07:27,119 --> 00:07:25,509

time and in 1995 started an organization

171

00:07:30,059 --> 00:07:27,129

a natural Institute for discovery

172

00:07:32,629 --> 00:07:30,069

science to research UFOs and other

173

00:07:35,399 --> 00:07:32,639

paranormal phenomena once that went away

174

00:07:37,290 --> 00:07:35,409

his other interest has been space he

175

00:07:40,439 --> 00:07:37,300

started an organization Bigelow

176

00:07:42,149 --> 00:07:40,449

Aerospace and it's an interesting story

177

00:07:45,510 --> 00:07:42,159

and I write about it I write more about

178

00:07:49,339 --> 00:07:45,520

the history of Robert Bigelow regarding

179

00:07:52,499 --> 00:07:49,349

UFOs and space in my story because

180

00:07:54,719 --> 00:07:52,509

essentially he was into space he wanted

181

00:07:56,490 --> 00:07:54,729

to do something all by himself he was

182

00:08:00,059 --> 00:07:56,500

going to these meetings where NASA was

183

00:08:02,999 --> 00:08:00,069

trying to essentially get people to buy

184

00:08:05,129 --> 00:08:03,009

into this project that was dying and he

185

00:08:07,649 --> 00:08:05,139

didn't even have a company or anything

186

00:08:09,450 --> 00:08:07,659

you know and it goes to these meetings

187

00:08:11,580 --> 00:08:09,460

no one wanted to buy the project though

188

00:08:15,420 --> 00:08:11,590

he did which was essentially these

189

00:08:17,640 --> 00:08:15,430

inflatable units that can act as their

190

00:08:19,649 --> 00:08:17,650

own space station they can attach to a

191

00:08:21,480 --> 00:08:19,659

space station they could be used as a

192

00:08:24,749 --> 00:08:21,490

moon base which is something that he's

193

00:08:28,019 --> 00:08:24,759

trying to do and all by himself he

194

00:08:30,149 --> 00:08:28,029

started this up and and now he's a big

195

00:08:32,850 --> 00:08:30,159

deal in the industry so he was on 60

196

00:08:35,430 --> 00:08:32,860

minutes talking about all of this he's

197

00:08:37,290 --> 00:08:35,440

got an inflatable unit on the

198

00:08:38,370 --> 00:08:37,300

International Space Station right now

199

00:08:41,009 --> 00:08:38,380

right

200

00:08:43,469 --> 00:08:41,019

what's cool about Bigelow is that he is

201
00:08:46,740 --> 00:08:43,479
into UFOs and he never shied away about

202
00:08:48,300 --> 00:08:46,750
talking about UFOs so they asked him

203
00:08:51,150 --> 00:08:48,310
about UFOs

204
00:08:53,250 --> 00:08:51,160
and he said sure you know I believe in

205
00:08:56,190 --> 00:08:53,260
UFOs I believe that aliens are visiting

206
00:08:59,100 --> 00:08:56,200
us and and you know to me that's the

207
00:09:02,220 --> 00:08:59,110
real deal so really cool really bold

208
00:09:03,030 --> 00:09:02,230
it's funny gives Laura Logan the one who

209
00:09:06,030 --> 00:09:03,040
interviewed him

210
00:09:07,710 --> 00:09:06,040
they she asked is it risky for you to

211
00:09:10,170 --> 00:09:07,720
stay in public that you believe in UFOs

212
00:09:12,720 --> 00:09:10,180
and aliens he says I don't give a damn I

213
00:09:14,310 --> 00:09:12,730

don't care if she said you don't worry

214

00:09:16,590 --> 00:09:14,320

that some people will say did you hear

215

00:09:18,390 --> 00:09:16,600

that guy he sounds like he's crazy he

216

00:09:19,710 --> 00:09:18,400

said I don't care it's not going to make

217

00:09:22,769 --> 00:09:19,720

a difference it's not going to change

218

00:09:26,579 --> 00:09:22,779

reality of what I know that's right yeah

219

00:09:28,170 --> 00:09:26,589

I tried to find this as a video the

220

00:09:30,660 --> 00:09:28,180

interview and you can't find it anywhere

221

00:09:32,610 --> 00:09:30,670

I thought perhaps 60 minutes would post

222

00:09:34,920 --> 00:09:32,620

us somewhere but they really haven't but

223

00:09:38,220 --> 00:09:34,930

there are transcripts of the entire

224

00:09:40,500 --> 00:09:38,230

interview online you can find them even

225

00:09:42,390 --> 00:09:40,510

on the 60 Minutes site and I read

226

00:09:45,450 --> 00:09:42,400

through that yesterday yeah I love it I

227

00:09:48,240 --> 00:09:45,460

love it so I've got a link to that in my

228

00:09:50,730 --> 00:09:48,250

story I've got a link I put out you know

229

00:09:53,040 --> 00:09:50,740

a transcript of just a UFO portion in my

230

00:09:54,870 --> 00:09:53,050

story and then I go over some of the

231

00:09:57,270 --> 00:09:54,880

controversy that's gone on with

232

00:09:58,950 --> 00:09:57,280

big.little in the UFO community they've

233

00:10:01,770 --> 00:09:58,960

just been really a lot of people have

234

00:10:02,910 --> 00:10:01,780

been vile and mean and maybe some of you

235

00:10:06,030 --> 00:10:02,920

are going but I've heard those rumors

236

00:10:09,120 --> 00:10:06,040

Bigelow's bad dude well read my article

237

00:10:10,829 --> 00:10:09,130

because I couple over this and I do have

238

00:10:13,500 --> 00:10:10,839

special insight into some of this

239

00:10:15,090 --> 00:10:13,510

because I was on the move for I was a

240

00:10:17,460 --> 00:10:15,100

director with MUFON I was their

241

00:10:19,140 --> 00:10:17,470

spokesperson when we went through this

242

00:10:22,740 --> 00:10:19,150

procedure of trying to partner with

243

00:10:26,040 --> 00:10:22,750

Bigelow Aerospace and so I give my

244

00:10:27,570 --> 00:10:26,050

insight into how that all went down

245

00:10:30,420 --> 00:10:27,580

well could you because I talked about

246

00:10:32,310 --> 00:10:30,430

this just a little bit under the of the

247

00:10:34,470 --> 00:10:32,320

part where I've had people contact me

248

00:10:37,050 --> 00:10:34,480

and give their two cents they said

249

00:10:41,640 --> 00:10:37,060

something along the line that Bigelow

250

00:10:44,190 --> 00:10:41,650

was paying for the reports from MUFON

251
00:10:45,720 --> 00:10:44,200
and then he was like hiding them away or

252
00:10:49,350 --> 00:10:45,730
something like that can you just kind of

253
00:10:51,630 --> 00:10:49,360
put a stop to that that yeah yeah it's

254
00:10:56,579 --> 00:10:51,640
it's so frustrating because it's total

255
00:10:58,560 --> 00:10:56,589
BS now I will say this there was a

256
00:11:00,750 --> 00:10:58,570
here's where I had a disagreement with

257
00:11:01,870 --> 00:11:00,760
the board was MUFON over this whole

258
00:11:04,230 --> 00:11:01,880
thing and it wasn't like a

259
00:11:06,700 --> 00:11:04,240
big deal it was just we were signing

260
00:11:07,810 --> 00:11:06,710
non-disclosures he they asked us to sign

261
00:11:11,110 --> 00:11:07,820
non-disclosure

262
00:11:14,860 --> 00:11:11,120
for people who were involved with the

263
00:11:17,170 --> 00:11:14,870

project it's no big deal in the in

264

00:11:19,300 --> 00:11:17,180

corporations non-disclosure is not as

265

00:11:21,700 --> 00:11:19,310

the common thing for practically

266

00:11:25,710 --> 00:11:21,710

everything like every partnership and

267

00:11:29,140 --> 00:11:25,720

also you know I use anonymous sources

268

00:11:31,270 --> 00:11:29,150

that time I have to this FLIR expert

269

00:11:32,650 --> 00:11:31,280

that I go to for FLIR videos he doesn't

270

00:11:35,260 --> 00:11:32,660

want to share his name because he's a

271

00:11:37,030 --> 00:11:35,270

professional he doesn't want his

272

00:11:39,270 --> 00:11:37,040

reputation to get damaged so that

273

00:11:41,260 --> 00:11:39,280

happened so really when you get into

274

00:11:43,090 --> 00:11:41,270

scientists getting involved with this

275

00:11:46,810 --> 00:11:43,100

you know we've talked to scientists or

276

00:11:48,910 --> 00:11:46,820

other people on uh you know that like

277

00:11:51,520 --> 00:11:48,920

for instance the UFO data some of their

278

00:11:53,350 --> 00:11:51,530

participants are anonymous

279

00:11:55,870 --> 00:11:53,360

because they can't reveal their names or

280

00:11:57,970 --> 00:11:55,880

scientists so that's what that was about

281

00:11:59,350 --> 00:11:57,980

my argument was this that if we're going

282

00:12:01,870 --> 00:11:59,360

to sign this document we should tell

283

00:12:04,120 --> 00:12:01,880

everybody that we're signing this and

284

00:12:05,770 --> 00:12:04,130

they said no let's not do that we don't

285

00:12:07,330 --> 00:12:05,780

want to make a big deal out of it and I

286

00:12:10,090 --> 00:12:07,340

was afraid it's going to get out anyway

287

00:12:13,210 --> 00:12:10,100

so I said you know I'm just not going to

288

00:12:15,100 --> 00:12:13,220

sign it how's that and and what I meant

289

00:12:16,810 --> 00:12:15,110

by that is because I was a spokesperson

290

00:12:19,180 --> 00:12:16,820

I didn't want to be responsible for

291

00:12:21,040 --> 00:12:19,190

being accused of being a possible

292

00:12:23,770 --> 00:12:21,050

potential leaker if something happened

293

00:12:25,510 --> 00:12:23,780

or also just so I wouldn't accidentally

294

00:12:26,980 --> 00:12:25,520

say something I shouldn't I felt it was

295

00:12:28,900 --> 00:12:26,990

best that I didn't sign it

296

00:12:30,700 --> 00:12:28,910

but there's practically nothing I got to

297

00:12:32,850 --> 00:12:30,710

under know all the ins and outs of the

298

00:12:35,230 --> 00:12:32,860

projects and I was there the whole time

299

00:12:35,910 --> 00:12:35,240

that's not what happened what this was

300

00:12:39,040 --> 00:12:35,920

about

301

00:12:40,990 --> 00:12:39,050

was they were funding a special group

302

00:12:44,320 --> 00:12:41,000

that could get out and investigate UFOs

303

00:12:46,090 --> 00:12:44,330

very quickly a MUFON group and also they

304

00:12:48,430 --> 00:12:46,100

bought some great equipment for this

305

00:12:50,230 --> 00:12:48,440

group to use and if any scientific

306

00:12:52,780 --> 00:12:50,240

analysis had to be done which is

307

00:12:55,180 --> 00:12:52,790

expensive they said they were do it they

308

00:12:57,010 --> 00:12:55,190

also then had a budget like a monthly

309

00:12:59,380 --> 00:12:57,020

budget going to move on to run this

310

00:13:04,030 --> 00:12:59,390

program to be able to do this it did

311

00:13:07,540 --> 00:13:04,040

include move on forwarding cases to

312

00:13:10,960 --> 00:13:07,550

Bigelow Aerospace that's true but they

313

00:13:13,420 --> 00:13:10,970

post those cases online also so it was

314

00:13:15,020 --> 00:13:13,430

nothing that the public didn't have

315

00:13:17,420 --> 00:13:15,030

themselves

316

00:13:18,080 --> 00:13:17,430

I ask these questions we all ask these

317

00:13:20,720 --> 00:13:18,090

questions

318

00:13:24,200 --> 00:13:20,730

there was nothing Bigelow was provided

319

00:13:25,760 --> 00:13:24,210

that the public was not provided in fact

320

00:13:28,640 --> 00:13:25,770

people said oh they were squirreling

321

00:13:32,210 --> 00:13:28,650

away cases that's not true at all we

322

00:13:35,090 --> 00:13:32,220

wrote on open minds TV the best cases I

323

00:13:37,520 --> 00:13:35,100

have some links in our story and an open

324

00:13:39,320 --> 00:13:37,530

minds magazine so I had access to the

325

00:13:41,210 --> 00:13:39,330

best stories and you know once the

326

00:13:43,640 --> 00:13:41,220

research was done like any of the cases

327

00:13:47,060 --> 00:13:43,650

even today we would post stories about

328

00:13:49,130 --> 00:13:47,070

these great cases so you know there was

329

00:13:49,640 --> 00:13:49,140

nothing they had no but everyone else

330

00:13:52,280 --> 00:13:49,650

had

331

00:13:53,840 --> 00:13:52,290

I also MUFON was fully in charge of

332

00:13:56,240 --> 00:13:53,850

these investigations one of the other

333

00:13:59,770 --> 00:13:56,250

controversies is that Oh Bigelow was

334

00:14:03,980 --> 00:13:59,780

showing up at investigations before and

335

00:14:05,720 --> 00:14:03,990

there has been some shadiness on you

336

00:14:08,360 --> 00:14:05,730

know to be honest some of the volunteers

337

00:14:12,530 --> 00:14:08,370

of move one part around this essentially

338

00:14:14,210 --> 00:14:12,540

what happened in one instance MUFON

339

00:14:16,220 --> 00:14:14,220

couldn't get people there quick enough

340

00:14:18,620 --> 00:14:16,230

and you know time was going a week two

341

00:14:20,000 --> 00:14:18,630

weeks it was going by and MUFON couldn't

342

00:14:21,050 --> 00:14:20,010

get any investigators there because

343

00:14:22,610 --> 00:14:21,060

there were investigators are all

344

00:14:24,620 --> 00:14:22,620

volunteers you know they got to get time

345

00:14:26,090 --> 00:14:24,630

off of work and bright I think this is a

346

00:14:29,210 --> 00:14:26,100

place where you had to drive to and

347

00:14:31,850 --> 00:14:29,220

Bigelow wanted to get there so MUFON

348

00:14:33,620 --> 00:14:31,860

told him it's okay go ahead and you go

349

00:14:35,690 --> 00:14:33,630

you can get there first which was

350

00:14:39,320 --> 00:14:35,700

against the protocol that was set up but

351
00:14:40,910 --> 00:14:39,330
they got permission so they went there

352
00:14:42,650 --> 00:14:40,920
they talked to the witnesses and that

353
00:14:45,470 --> 00:14:42,660
was it and this started this whole rumor

354
00:14:48,260 --> 00:14:45,480
that Bigelow was going and like the men

355
00:14:50,600 --> 00:14:48,270
in black getting in there and talking to

356
00:14:52,010 --> 00:14:50,610
witnesses before MUFON and that was not

357
00:14:55,040 --> 00:14:52,020
the case they never did anything like

358
00:14:57,200 --> 00:14:55,050
that without permission and you know

359
00:14:59,720 --> 00:14:57,210
there's people been people on the MUFON

360
00:15:02,780 --> 00:14:59,730
side who have been wobbly about this and

361
00:15:05,750 --> 00:15:02,790
unfortunately in fostering these

362
00:15:07,880 --> 00:15:05,760
conspiracy type of things but it's all

363
00:15:10,100 --> 00:15:07,890

BS I mean I was there the whole time so

364

00:15:13,100 --> 00:15:10,110

all of this conspiracy stuff and then

365

00:15:16,400 --> 00:15:13,110

some other disagreements between money

366

00:15:18,110 --> 00:15:16,410

and and you know ego and stuff like this

367

00:15:21,350 --> 00:15:18,120

got in the way and it eventually all

368

00:15:24,950 --> 00:15:21,360

fell apart but it was a great plan if it

369

00:15:28,920 --> 00:15:24,960

had all worked out but unfortunately it

370

00:15:33,600 --> 00:15:28,930

didn't rhyme but I personally you know

371

00:15:35,810 --> 00:15:33,610

I I know John Alexander George NAB a lot

372

00:15:39,150 --> 00:15:35,820

of the people he's worked closely with

373

00:15:43,500 --> 00:15:39,160

comme Kelleher and these are all great

374

00:15:45,630 --> 00:15:43,510

people and who have just done amazing

375

00:15:47,639 --> 00:15:45,640

things for this field and so his big low

376

00:15:49,290 --> 00:15:47,649

and even when you hear the interviews

377

00:15:51,060 --> 00:15:49,300

with him I mean I think he's coming from

378

00:15:53,460 --> 00:15:51,070

a good place on all of this

379

00:15:57,590 --> 00:15:53,470

and he's a good champion for this topic

380

00:16:00,510 --> 00:15:57,600

and I even go over when Jesse Ventura's

381

00:16:04,050 --> 00:16:00,520

people called me and asked me about some

382

00:16:06,000 --> 00:16:04,060

of the goofball conspiracy junk they had

383

00:16:10,769 --> 00:16:06,010

come up with stuff that was so silly I

384

00:16:14,370 --> 00:16:10,779

had never even heard about but yeah so

385

00:16:18,420 --> 00:16:14,380

so MUFON has been kind of I want to say

386

00:16:21,449 --> 00:16:18,430

a has been the topic of a lot of

387

00:16:24,139 --> 00:16:21,459

ufologists lately what do you think

388

00:16:27,329 --> 00:16:24,149

about that whole situation alejandro

389

00:16:30,240 --> 00:16:27,339

well um I guess what I'll say because

390

00:16:33,240 --> 00:16:30,250

I've said stuff on social media even in

391

00:16:35,970 --> 00:16:33,250

the open mind UFO news group on on

392

00:16:38,160 --> 00:16:35,980

Facebook you know I've posted a little

393

00:16:40,019 --> 00:16:38,170

bit and I made some comments I guess

394

00:16:41,790 --> 00:16:40,029

I've shared with you that I'm no fan of

395

00:16:44,790 --> 00:16:41,800

the topic of this conference coming up

396

00:16:46,170 --> 00:16:44,800

the next symposium secret space programs

397

00:16:48,750 --> 00:16:46,180

I don't feel there's any credible

398

00:16:50,160 --> 00:16:48,760

information and I actually feel some of

399

00:16:52,440 --> 00:16:50,170

the people they're having our arch

400

00:16:55,860 --> 00:16:52,450

charlatans to be completely honest and

401
00:16:57,449 --> 00:16:55,870
so I don't feel good about that I don't

402
00:17:01,769 --> 00:16:57,459
think there's evidence I don't think has

403
00:17:06,600 --> 00:17:01,779
anything to do with UFOs so I I'm not

404
00:17:08,340 --> 00:17:06,610
cool with that I also you know a lot of

405
00:17:10,949 --> 00:17:08,350
this has to do with John venturi the

406
00:17:13,290 --> 00:17:10,959
Pennsylvania State Director who had some

407
00:17:16,439 --> 00:17:13,300
racist comments to make he's made some

408
00:17:19,500 --> 00:17:16,449
very poorly worded comments and he's

409
00:17:21,960 --> 00:17:19,510
attacked you know good researchers in

410
00:17:24,150 --> 00:17:21,970
the past and and I've even had the

411
00:17:27,990 --> 00:17:24,160
school Daman line on social media in our

412
00:17:30,660 --> 00:17:28,000
group so I he's done that in the past

413
00:17:33,600 --> 00:17:30,670

but this racist stuff it just should not

414

00:17:35,520 --> 00:17:33,610

be tolerated at all I grant I think that

415

00:17:37,620 --> 00:17:35,530

it's unfortunate because when MUFON they

416

00:17:39,270 --> 00:17:37,630

come up with their stance it was like

417

00:17:41,640 --> 00:17:39,280

well we can't control people doing

418

00:17:42,540 --> 00:17:41,650

social media sure you can your leaders

419

00:17:45,060 --> 00:17:42,550

there can be read

420

00:17:47,550 --> 00:17:45,070

percussions for that that's a ridiculous

421

00:17:49,320 --> 00:17:47,560

response to any corporation would let

422

00:17:51,240 --> 00:17:49,330

that person go and apologize for the

423

00:17:53,460 --> 00:17:51,250

incident taking place which is what

424

00:17:55,650 --> 00:17:53,470

should have happened and when key

425

00:17:57,810 --> 00:17:55,660

members began to say they're leaving

426

00:18:00,510 --> 00:17:57,820

over this whole thing you know move on

427

00:18:05,310 --> 00:18:00,520

did that and he is no longer a state

428

00:18:06,960 --> 00:18:05,320

director and has been let go and so I it

429

00:18:09,210 --> 00:18:06,970

was unfortunate they didn't make a quick

430

00:18:11,670 --> 00:18:09,220

enough response on that I would say you

431

00:18:13,860 --> 00:18:11,680

know with today's leadership Jian Harz

432

00:18:17,280 --> 00:18:13,870

and the guy who runs move on right now

433

00:18:20,250 --> 00:18:17,290

is a great guy all of the move on board

434

00:18:23,580 --> 00:18:20,260

have their hearts are in the right place

435

00:18:26,190 --> 00:18:23,590

they want to look for the truth they

436

00:18:27,780 --> 00:18:26,200

want to investigate UFOs they're all

437

00:18:31,140 --> 00:18:27,790

wonderful people in their hearts in the

438

00:18:34,530 --> 00:18:31,150

right place I don't agree with a lot of

439

00:18:39,000 --> 00:18:34,540

what they think their direction should

440

00:18:41,850 --> 00:18:39,010

be certainly but I still have the utmost

441

00:18:44,460 --> 00:18:41,860

of professional respect for for all of

442

00:18:48,720 --> 00:18:44,470

those guys even if I disagree with like

443

00:18:50,190 --> 00:18:48,730

their response to John Ventre they

444

00:18:53,520 --> 00:18:50,200

should have acted quicker and more

445

00:18:56,010 --> 00:18:53,530

firmly but so I don't know here again

446

00:18:59,160 --> 00:18:56,020

remember MUFON is made up of thousands

447

00:19:02,490 --> 00:18:59,170

of people right everyone who is most

448

00:19:06,110 --> 00:19:02,500

part will intentioned people who just

449

00:19:08,910 --> 00:19:06,120

want to learn more and know more and so

450

00:19:12,990 --> 00:19:08,920

you know that's what it comes down to it

451
00:19:15,090 --> 00:19:13,000
to volunteer organization so does that

452
00:19:18,060 --> 00:19:15,100
answer your question yes Alejandra oh

453
00:19:20,400 --> 00:19:18,070
and I want to thank you for a lot of

454
00:19:23,700 --> 00:19:20,410
things of course but for actually

455
00:19:25,710 --> 00:19:23,710
tackling that very touchy subject thank

456
00:19:28,470 --> 00:19:25,720
you very much for for talking about it

457
00:19:31,080 --> 00:19:28,480
and and I never say this enough thank

458
00:19:34,110 --> 00:19:31,090
you so much for helping us out with the

459
00:19:36,600 --> 00:19:34,120
news it's I just love love you and I

460
00:19:39,660 --> 00:19:36,610
love having you on the show and it means

461
00:19:42,960 --> 00:19:39,670
a lot to me so well I do feel like you

462
00:19:45,540 --> 00:19:42,970
say @nf and and it's my pleasure I love

463
00:19:47,850 --> 00:19:45,550

doing it great awesome all right well

464

00:19:49,980 --> 00:19:47,860

you have yourself a great a great time

465

00:19:52,470 --> 00:19:49,990

out there on the seas and be careful

466

00:19:54,570 --> 00:19:52,480

talk to you in a couple of weeks all

467

00:19:56,060 --> 00:19:54,580

right back to you then all right all

468

00:19:59,190 --> 00:19:56,070

right hang in everyone we'll be right

469

00:20:36,210 --> 00:20:10,520

[Music]

470

00:20:36,220 --> 00:21:08,580

you

471

00:21:19,180 --> 00:21:15,520

[Music]

472

00:21:21,590 --> 00:21:19,190

hey Ben welcome to the show

473

00:21:23,120 --> 00:21:21,600

you know I Martin how are you thank you

474

00:21:24,230 --> 00:21:23,130

for having me on the show and good

475

00:21:26,210 --> 00:21:24,240

evening to all your listeners as well

476
00:21:27,950 --> 00:21:26,220
yes I think you were on I can't remember

477
00:21:30,230 --> 00:21:27,960
was that three years ago or something

478
00:21:34,850 --> 00:21:30,240
like that uh time is just going so fast

479
00:21:37,700 --> 00:21:34,860
I I can't remember but yeah the lay

480
00:21:39,950 --> 00:21:37,710
staccato easy go and at the time I think

481
00:21:43,100 --> 00:21:39,960
we had a rather lengthy discussion about

482
00:21:45,710 --> 00:21:43,110
the Berks flat bending head loss I love

483
00:21:48,650 --> 00:21:45,720
that one yeah we'll have to left a touch

484
00:21:52,520 --> 00:21:48,660
on that at some point but anyway for the

485
00:21:55,130 --> 00:21:52,530
person who is not familiar with you and

486
00:21:58,670 --> 00:21:55,140
also I got a I got to ask you can you on

487
00:22:01,580 --> 00:21:58,680
your on your Skype screen I hate to ask

488
00:22:03,620 --> 00:22:01,590

this live but can you close your chat I

489

00:22:05,960 --> 00:22:03,630

can't remember exactly what you do but I

490

00:22:06,590 --> 00:22:05,970

think you click twice on your on your

491

00:22:09,740 --> 00:22:06,600

screen

492

00:22:12,470 --> 00:22:09,750

yep hold on because it's cutting you

493

00:22:15,530 --> 00:22:12,480

right out okay

494

00:22:17,120 --> 00:22:15,540

yeah that's all done seeing it here okay

495

00:22:18,410 --> 00:22:17,130

that's all right you know I can make an

496

00:22:22,400 --> 00:22:18,420

adjustment on this and let me make an

497

00:22:24,520 --> 00:22:22,410

adjustment so let's tell the listening

498

00:22:28,610 --> 00:22:24,530

audience a little bit about yourself and

499

00:22:30,170 --> 00:22:28,620

how you got interested in the topic just

500

00:22:32,600 --> 00:22:30,180

do you actually see that you don't see

501
00:22:36,200 --> 00:22:32,610
the the the text message is right beside

502
00:22:38,180 --> 00:22:36,210
you on your screen you do not so conce

503
00:22:41,260 --> 00:22:38,190
strange okay so let me see if I can

504
00:22:44,270 --> 00:22:41,270
figure out it might be am i and hang on

505
00:22:45,680 --> 00:22:44,280
Europe I got it I got it okay well I set

506
00:22:49,370 --> 00:22:45,690
sorry about that

507
00:22:51,530 --> 00:22:49,380
is my fault how about that so yes if you

508
00:22:53,240 --> 00:22:51,540
would tell them about yourself and how

509
00:22:54,470 --> 00:22:53,250
you get interested in the topic and then

510
00:22:57,170 --> 00:22:54,480
of course we're going to talk about the

511
00:22:59,330 --> 00:22:57,180
organization and some great sightings

512
00:23:02,150 --> 00:22:59,340
and I do want to say this I think I've

513
00:23:03,380 --> 00:23:02,160

mentioned that this to you before last

514

00:23:05,660 --> 00:23:03,390

time you were on I think what does

515

00:23:08,720 --> 00:23:05,670

Australia have like 26 million people or

516

00:23:10,610 --> 00:23:08,730

something like that that's raw we're a

517

00:23:13,160 --> 00:23:10,620

lot less smaller than than the United

518

00:23:15,410 --> 00:23:13,170

States or Europe but it's a large it's a

519

00:23:17,300 --> 00:23:15,420

large landmass it's as big as the United

520

00:23:21,050 --> 00:23:17,310

States but it has very that's very

521

00:23:22,700 --> 00:23:21,060

sparsely populated and that makes that

522

00:23:25,430 --> 00:23:22,710

we're very much centric around this the

523

00:23:26,580 --> 00:23:25,440

capital cities and some larger regional

524

00:23:28,529 --> 00:23:26,590

towns in this

525

00:23:30,570 --> 00:23:28,539

country so there's a lots of wide-open

526

00:23:32,490 --> 00:23:30,580

spaces out there where there's hardly

527

00:23:34,740 --> 00:23:32,500

any people at all and it's really made

528

00:23:37,019 --> 00:23:34,750

some wonderful UFO cases that have

529

00:23:38,850 --> 00:23:37,029

occurred here oh yes yeah and uh I know

530

00:23:41,970 --> 00:23:38,860

a lot of people go coastal you know

531

00:23:44,460 --> 00:23:41,980

along the coast there but what I wanted

532

00:23:48,450 --> 00:23:44,470

to say was that you are the third

533

00:23:51,930 --> 00:23:48,460

largest listenership to my shows your

534

00:23:56,730 --> 00:23:51,940

country and yeah it's amazing it's a

535

00:23:58,889 --> 00:23:56,740

u.s. first UK sometimes it's been UK's

536

00:24:01,769 --> 00:23:58,899

been beat out but Australia has always

537

00:24:03,659 --> 00:24:01,779

been in third so a lot of a lot of

538

00:24:07,139 --> 00:24:03,669

listeners a lot of sightings evidently

539

00:24:09,899 --> 00:24:07,149

right there is absolutely yeah

540

00:24:11,820 --> 00:24:09,909

Australians a I think in the 21st

541

00:24:14,549 --> 00:24:11,830

century we're seeing that you know

542

00:24:17,250 --> 00:24:14,559

people these days tend to have I think a

543

00:24:19,799 --> 00:24:17,260

lot more I've opened this type of this

544

00:24:22,049 --> 00:24:19,809

type of phenomena I think you know it's

545

00:24:23,130 --> 00:24:22,059

so and people are having not so afraid

546

00:24:26,639 --> 00:24:23,140

to come out and talk about their

547

00:24:29,909 --> 00:24:26,649

experiences now as they were 20 30 40 50

548

00:24:32,610 --> 00:24:29,919

years ago so and I think that people are

549

00:24:33,990 --> 00:24:32,620

also prepared to to a certain extent

550

00:24:36,269 --> 00:24:34,000

challenge the establishment and things

551

00:24:38,399 --> 00:24:36,279

like that so in the pop I asked you with

552

00:24:39,750 --> 00:24:38,409

you know people you know if the police

553

00:24:41,490 --> 00:24:39,760

said this or the government said this

554

00:24:42,990 --> 00:24:41,500

people would pretty much you know toe

555

00:24:45,480 --> 00:24:43,000

the line but now there's a lot more

556

00:24:47,460 --> 00:24:45,490

freedom out there and with the explosion

557

00:24:51,029 --> 00:24:47,470

of social media over the last you know a

558

00:24:53,039 --> 00:24:51,039

few years we've definitely seen a lot

559

00:24:57,000 --> 00:24:53,049

more freedom in people's ability to

560

00:24:58,919 --> 00:24:57,010

express now some of that's good and some

561

00:25:00,299 --> 00:24:58,929

of that's bad as well and I think that

562

00:25:02,549 --> 00:25:00,309

you know sometimes you know some of the

563

00:25:04,200 --> 00:25:02,559

critical aspects of UFO investigation

564

00:25:07,230 --> 00:25:04,210

tend to disappear

565

00:25:09,830 --> 00:25:07,240

so yeah it's but yeah it for our country

566

00:25:12,720 --> 00:25:09,840

here you know the sightings are

567

00:25:17,700 --> 00:25:12,730

occurring on a very regular basis now

568

00:25:19,139 --> 00:25:17,710

you know good sightings or high quality

569

00:25:22,080 --> 00:25:19,149

flaps now they're a little bit rarer

570

00:25:23,940 --> 00:25:22,090

unfortunately and I think you know in

571

00:25:26,399 --> 00:25:23,950

the last few years we've probably been a

572

00:25:28,529 --> 00:25:26,409

little bit of a downward cycle for what

573

00:25:31,610 --> 00:25:28,539

I as a UFO researcher would call

574

00:25:35,340 --> 00:25:31,620

something that had real real grit to it

575

00:25:39,000 --> 00:25:35,350

our reporting line gets a lot of reports

576

00:25:40,350 --> 00:25:39,010

coming through and you know a lot of it

577

00:25:42,060 --> 00:25:40,360

still is you your class

578

00:25:47,760 --> 00:25:42,070

lights in the sky sort of stuff do you

579

00:25:49,620 --> 00:25:47,770

think it's in your case well I just want

580

00:25:52,950 --> 00:25:49,630

to make take some examples here and like

581

00:25:55,530 --> 00:25:52,960

Roswell Rendlesham forest all Phoenix

582

00:25:58,260 --> 00:25:55,540

lights up a lot of these are you know

583

00:25:59,700 --> 00:25:58,270

older cases but people are still

584

00:26:04,320 --> 00:25:59,710

investigating them

585

00:26:07,500 --> 00:26:04,330

quite quite you know intensely I just

586

00:26:10,919 --> 00:26:07,510

had Don Leger last week from shag at the

587

00:26:15,930 --> 00:26:10,929

shag Harbor incident so it's almost like

588

00:26:17,610 --> 00:26:15,940

either new things are found out as you

589

00:26:20,549 --> 00:26:17,620

know more witnesses come forward after

590

00:26:22,200 --> 00:26:20,559

say something's publicized on TV or

591

00:26:23,850 --> 00:26:22,210

something like that and someone says oh

592

00:26:27,120 --> 00:26:23,860

yeah I saw that or I don't know if you

593

00:26:29,520 --> 00:26:27,130

heard about Kurt Russell recently about

594

00:26:31,650 --> 00:26:29,530

the Phoenix lights but so do you have

595

00:26:34,890 --> 00:26:31,660

any cases like that worse I know there's

596

00:26:36,630 --> 00:26:34,900

Westall where people keep researching

597

00:26:40,970 --> 00:26:36,640

them even though they're you know

598

00:26:43,770 --> 00:26:40,980

historical cases absolutely there's this

599

00:26:45,419 --> 00:26:43,780

strata and Victoria the state where I am

600

00:26:48,780 --> 00:26:45,429

and I will do a little bit of a brief

601
00:26:50,370 --> 00:26:48,790
bio for everybody in a minute Victoria

602
00:26:52,289 --> 00:26:50,380
the state Ryan is down in the

603
00:26:56,850 --> 00:26:52,299
southeastern part of the part of

604
00:27:00,150 --> 00:26:56,860
Australia it's what's the small August

605
00:27:02,400 --> 00:27:00,160
mainland state but it's had quite a few

606
00:27:05,250 --> 00:27:02,410
of Australia's greatest UFO incidences

607
00:27:07,049 --> 00:27:05,260
have occurred in our state and yes many

608
00:27:08,669 --> 00:27:07,059
of those have been investigated over the

609
00:27:10,289 --> 00:27:08,679
years and the Westlaw one's a classic

610
00:27:12,960 --> 00:27:10,299
example of that that was on the 6th of

611
00:27:17,000 --> 00:27:12,970
April 1966 so quite a few years ago now

612
00:27:19,799 --> 00:27:17,010
and that case is continually being bit

613
00:27:21,390 --> 00:27:19,809

as two gated even to this day in fact

614

00:27:23,100 --> 00:27:21,400

it's probably being investigated more

615

00:27:25,230 --> 00:27:23,110

strongly now that ever has been in any

616

00:27:26,970 --> 00:27:25,240

previous previous point in time

617

00:27:29,159 --> 00:27:26,980

another classic is the Fred Valenta

618

00:27:32,010 --> 00:27:29,169

disappearance in his in his the Cessna

619

00:27:33,990 --> 00:27:32,020

over Bass Strait in 1978 researchers yes

620

00:27:37,860 --> 00:27:34,000

researchers are still working on that

621

00:27:39,870 --> 00:27:37,870

case you know so these are all chestnuts

622

00:27:42,090 --> 00:27:39,880

but there's still there's still work to

623

00:27:43,980 --> 00:27:42,100

be done in those cases and and it's

624

00:27:46,169 --> 00:27:43,990

important that we do that myself

625

00:27:48,030 --> 00:27:46,179

personally I I've taken a slightly

626

00:27:50,130 --> 00:27:48,040

different route in my approach to to

627

00:27:51,720 --> 00:27:50,140

investigation I am involved in some some

628

00:27:53,820 --> 00:27:51,730

of those some of those larger cases as

629

00:27:56,610 --> 00:27:53,830

well but I've tended to focus on

630

00:27:57,090 --> 00:27:56,620

what I call The Forgotten for our part

631

00:28:00,060 --> 00:27:57,100

files

632

00:28:01,710 --> 00:28:00,070

you know the decay this is it of drifted

633

00:28:04,110 --> 00:28:01,720

into urban legend the cases that have

634

00:28:06,269 --> 00:28:04,120

almost fallen off the off the radar the

635

00:28:08,399 --> 00:28:06,279

river peony yellowed old newspaper

636

00:28:10,200 --> 00:28:08,409

reports from twenty thirty years ago but

637

00:28:12,539 --> 00:28:10,210

effectively for the public now those

638

00:28:14,159 --> 00:28:12,549

cases have been forgotten so that's

639

00:28:16,740 --> 00:28:14,169

where I like to spend my time looking at

640

00:28:19,740 --> 00:28:16,750

looking at perhaps cases that aren't

641

00:28:22,680 --> 00:28:19,750

quite so quite so prominent as a West or

642

00:28:24,720 --> 00:28:22,690

slash Phoenix life situation and I also

643

00:28:26,970 --> 00:28:24,730

look for cases where the object is a

644

00:28:30,840 --> 00:28:26,980

little bit different you know not just a

645

00:28:32,370 --> 00:28:30,850

classic Sylvan still very disc type of a

646

00:28:34,680 --> 00:28:32,380

type of a thing and I look for like

647

00:28:38,279 --> 00:28:34,690

cases to where the light behaves rather

648

00:28:40,350 --> 00:28:38,289

on you beautifully so why is really

649

00:28:41,909 --> 00:28:40,360

Creek up when I go through old files and

650

00:28:43,649 --> 00:28:41,919

dig through old records I find these

651
00:28:45,149 --> 00:28:43,659
little cases that are and they happen to

652
00:28:46,470 --> 00:28:45,159
everyday Australians you know they're

653
00:28:49,500 --> 00:28:46,480
they're happening to you know to

654
00:28:51,299 --> 00:28:49,510
policemen to farmers to you know that

655
00:28:52,799 --> 00:28:51,309
type of thing everyday Australians and

656
00:28:55,320 --> 00:28:52,809
and that's really the you know the life

657
00:28:57,870 --> 00:28:55,330
butter the blood of the community and

658
00:29:00,120 --> 00:28:57,880
and these are the people having these

659
00:29:01,470 --> 00:29:00,130
encounters so I like to spend you know a

660
00:29:02,789 --> 00:29:01,480
fair amount of time digging through and

661
00:29:04,950 --> 00:29:02,799
I'm hoping to put together a bit of a

662
00:29:07,230 --> 00:29:04,960
book of the cases that are there that

663
00:29:09,960 --> 00:29:07,240

are really strong that have credible

664

00:29:11,730 --> 00:29:09,970

witnesses but people in our own country

665

00:29:14,039 --> 00:29:11,740

won't know about these cases let alone

666

00:29:17,180 --> 00:29:14,049

anybody in the United States right all

667

00:29:19,950 --> 00:29:17,190

the rest of the world yes yes um yeah so

668

00:29:21,060 --> 00:29:19,960

try go ahead I'll just a brief pocket

669

00:29:23,340 --> 00:29:21,070

for you that you asked me if you like

670

00:29:25,110 --> 00:29:23,350

yeah okay for those of you who aren't

671

00:29:27,299 --> 00:29:25,120

familiar with me obviously on Ben Hill

672

00:29:29,159 --> 00:29:27,309

got involved in you oppose from a very

673

00:29:30,600 --> 00:29:29,169

early age I think I was looking at the

674

00:29:33,360 --> 00:29:30,610

sky from the minute I could point my

675

00:29:35,430 --> 00:29:33,370

head up and the first books I ever wrote

676
00:29:38,009 --> 00:29:35,440
it in school book clubs were ufo-related

677
00:29:40,830 --> 00:29:38,019
books and I've had a strong and healthy

678
00:29:44,009 --> 00:29:40,840
interest in in the unknown my entire

679
00:29:46,169 --> 00:29:44,019
life particularly UFOs had a couple of

680
00:29:47,970 --> 00:29:46,179
my own sightings that I that occurred to

681
00:29:50,220 --> 00:29:47,980
me as well which were kind of you know

682
00:29:52,379 --> 00:29:50,230
personal confirmation that yes this is a

683
00:29:53,639 --> 00:29:52,389
genuine and real phenomenon that we are

684
00:29:58,139 --> 00:29:53,649
dealing with through nothing like

685
00:29:59,940 --> 00:29:58,149
personal personal experience and when I

686
00:30:01,289 --> 00:29:59,950
got into my early 40s I thought to

687
00:30:03,029 --> 00:30:01,299
myself well I really want to get

688
00:30:04,620 --> 00:30:03,039

involved in investigation I want to find

689

00:30:06,659 --> 00:30:04,630

out what is going on I want to be active

690

00:30:07,529 --> 00:30:06,669

I want to I don't to be an armchair and

691

00:30:10,859 --> 00:30:07,539

I'm sure

692

00:30:11,940 --> 00:30:10,869

you know you know a keen person I want

693

00:30:13,859 --> 00:30:11,950

to get out there and I want to actually

694

00:30:16,469 --> 00:30:13,869

be involved in this in this phenomenon

695

00:30:19,830 --> 00:30:16,479

so I don't live in mell help I live it's

696

00:30:21,989 --> 00:30:19,840

from Pierre I was east of Melbourne so

697

00:30:24,180 --> 00:30:21,999

one day I drove down to Melbourne and I

698

00:30:26,009 --> 00:30:24,190

attended a meeting the first UFO meeting

699

00:30:27,989 --> 00:30:26,019

I went to which was George Simpson of a

700

00:30:29,369 --> 00:30:27,999

youth one who was running meetings so I

701
00:30:32,009 --> 00:30:29,379
went down there and attended the meeting

702
00:30:33,629 --> 00:30:32,019
and started to get involved and then at

703
00:30:35,810 --> 00:30:33,639
that very meeting I met another man

704
00:30:38,009 --> 00:30:35,820
called Andrew Arnold who had founded

705
00:30:39,810 --> 00:30:38,019
Victorian UFO action which is the group

706
00:30:40,889 --> 00:30:39,820
that I'm now the director of and to say

707
00:30:43,320 --> 00:30:40,899
the rest is history

708
00:30:45,239 --> 00:30:43,330
effectively so you know from that point

709
00:30:47,099 --> 00:30:45,249
Andrew and I got together and we started

710
00:30:49,019 --> 00:30:47,109
thinking to ourselves we really need to

711
00:30:50,999 --> 00:30:49,029
get you up a research going in Victoria

712
00:30:53,519 --> 00:30:51,009
again because we did have the Victorian

713
00:30:56,359 --> 00:30:53,529

Flying Saucer Research Society view

714

00:30:59,369 --> 00:30:56,369

force which was here but since the

715

00:31:00,989 --> 00:30:59,379

petered out in the mid-2000s so there's

716

00:31:02,249 --> 00:31:00,999

this gap of about five years where

717

00:31:04,259 --> 00:31:02,259

nothing was happening at all basically

718

00:31:07,200 --> 00:31:04,269

so we decided we want to form a group

719

00:31:09,119 --> 00:31:07,210

again and we want to now group to be not

720

00:31:11,070 --> 00:31:09,129

a MUFON as such you know like you know

721

00:31:13,859 --> 00:31:11,080

move founds a large organisation with a

722

00:31:15,779 --> 00:31:13,869

with a lot of you know a lot of things

723

00:31:18,210 --> 00:31:15,789

that go along with a large organisation

724

00:31:20,159 --> 00:31:18,220

and step out organizations are lot

725

00:31:22,469 --> 00:31:20,169

smaller and our team currently is around

726

00:31:24,180 --> 00:31:22,479

about 15 people that's it so it's a nice

727

00:31:25,799 --> 00:31:24,190

it's a nice sized group of people who

728

00:31:27,539 --> 00:31:25,809

are who are dedicated and we've spent

729

00:31:31,440 --> 00:31:27,549

our last you know the last five years or

730

00:31:33,359 --> 00:31:31,450

so you know providing a reporting centre

731

00:31:34,799 --> 00:31:33,369

for people so people if they have an

732

00:31:37,799 --> 00:31:34,809

encounter they can report it to us

733

00:31:39,349 --> 00:31:37,809

that's the first thing which is falling

734

00:31:41,759 --> 00:31:39,359

by the wayside no one was doing that

735

00:31:43,979 --> 00:31:41,769

we've done out our documentaries which

736

00:31:47,249 --> 00:31:43,989

are on our UFO a YouTube channel so if

737

00:31:50,009 --> 00:31:47,259

you want to YouTube be UFO ATV but my

738

00:31:51,779 --> 00:31:50,019

Australian accent if you follow TV you

739

00:31:53,969 --> 00:31:51,789

can see all our documentaries that we

740

00:31:57,239 --> 00:31:53,979

have made those documentaries have been

741

00:32:01,320 --> 00:31:57,249

about Victorian cases talking to

742

00:32:03,149 --> 00:32:01,330

Victorian witnesses researchers the

743

00:32:05,190 --> 00:32:03,159

stuff that you can't see that the non

744

00:32:07,049 --> 00:32:05,200

History Channel National Geographic sort

745

00:32:08,669 --> 00:32:07,059

of stuff it's it's very much more of a

746

00:32:11,219 --> 00:32:08,679

grassroots approach to it we've got a

747

00:32:12,180 --> 00:32:11,229

little HD camera we go out all over the

748

00:32:14,310 --> 00:32:12,190

countryside

749

00:32:16,499 --> 00:32:14,320

talking to people and getting into the

750

00:32:18,899 --> 00:32:16,509

heartland of Victoria's UFO experience

751

00:32:21,270 --> 00:32:18,909

so that's that's what we've been doing

752

00:32:23,790 --> 00:32:21,280

essentially and on top of that you

753

00:32:25,440 --> 00:32:23,800

I've done some done some radio work as

754

00:32:28,650 --> 00:32:25,450

well I've been on your show other shows

755

00:32:30,120 --> 00:32:28,660

I've had my own radio show and have also

756

00:32:32,430 --> 00:32:30,130

done a bit of work for National

757

00:32:35,640 --> 00:32:32,440

Geographic recently on a series that

758

00:32:37,440 --> 00:32:35,650

they had called invasion earth and I did

759

00:32:40,230 --> 00:32:37,450

the segment on the Burke's flat bending

760

00:32:42,870 --> 00:32:40,240

headlights case so yes I've been

761

00:32:44,460 --> 00:32:42,880

involved actively for a good solid five

762

00:32:46,650 --> 00:32:44,470

years but have always had a lifelong

763

00:32:48,570 --> 00:32:46,660

interest so for those of you who don't

764

00:32:51,840 --> 00:32:48,580

know me that's that gives you a bit of a

765

00:32:55,110 --> 00:32:51,850

brief rundown on very much so could you

766

00:32:56,910 --> 00:32:55,120

turn can you turn your speaker's down

767

00:32:59,640 --> 00:32:56,920

just a little bit here a little bit

768

00:33:01,800 --> 00:32:59,650

feedback come back out of that so just

769

00:33:04,920 --> 00:33:01,810

turn your so you can still hear me but

770

00:33:07,680 --> 00:33:04,930

just not not so loud okay let's talk

771

00:33:11,520 --> 00:33:07,690

about the wood you caught the bending

772

00:33:15,060 --> 00:33:11,530

head like case um that's the car I don't

773

00:33:19,080 --> 00:33:15,070

know that's crazy yeah I I got to hear

774

00:33:20,610 --> 00:33:19,090

that one again just give me I'll just

775

00:33:23,160 --> 00:33:20,620

say I've got so much good stuff with man

776

00:33:24,810 --> 00:33:23,170

it's it's it's great no I'll give you a

777

00:33:27,060 --> 00:33:24,820

book to a bit of a recap on on the

778

00:33:29,790 --> 00:33:27,070

bending headlights case so that occurred

779

00:33:32,190 --> 00:33:29,800

in in April 1966 and that was a very

780

00:33:33,750 --> 00:33:32,200

very important flap that occurred here

781

00:33:35,730 --> 00:33:33,760

in Victoria at that time in fact

782

00:33:38,370 --> 00:33:35,740

probably almost the best one with that

783

00:33:40,680 --> 00:33:38,380

we've had it started on the second of

784

00:33:42,780 --> 00:33:40,690

April then the fourth of April and then

785

00:33:44,580 --> 00:33:42,790

the sixth of April so over that period

786

00:33:47,370 --> 00:33:44,590

of time there was there was three

787

00:33:48,990 --> 00:33:47,380

significant UFO events that occurred the

788

00:33:51,600 --> 00:33:49,000

first one on the second of April was the

789

00:33:53,370 --> 00:33:51,610

Baldwin photo where a man took a

790

00:33:57,290 --> 00:33:53,380

photograph at close range of a silver

791

00:34:00,900 --> 00:33:59,640

that ended up on the front page of the

792

00:34:02,790 --> 00:34:00,910

of the Herald Sun which was the

793

00:34:04,740 --> 00:34:02,800

newspaper in Melbourne that started it

794

00:34:07,669 --> 00:34:04,750

off two days later on the 4th of April

795

00:34:11,399 --> 00:34:07,679

1966 a man was driving in the country

796

00:34:13,590 --> 00:34:11,409

for work at night and in an area called

797

00:34:16,919 --> 00:34:13,600

called Burke's flat which is just a flat

798

00:34:19,350 --> 00:34:16,929

plain areas there's nothing out there he

799

00:34:21,600 --> 00:34:19,360

noticed a strange light in the paddock

800

00:34:24,570 --> 00:34:21,610

off to his right and as he approached it

801
00:34:27,149 --> 00:34:24,580
he thought it was a tractor engaged in

802
00:34:29,370 --> 00:34:27,159
night plowing as he got closer to it he

803
00:34:32,159 --> 00:34:29,380
started to feel a tugging on his chest

804
00:34:35,010 --> 00:34:32,169
and his headlights started to started to

805
00:34:37,440 --> 00:34:35,020
waver and as he he slowed right down

806
00:34:39,600 --> 00:34:37,450
it's about close to get close to the

807
00:34:41,399 --> 00:34:39,610
object his headlights bent off the road

808
00:34:43,230 --> 00:34:41,409
and they were attracted to this object

809
00:34:45,870 --> 00:34:43,240
and what was the object it was he

810
00:34:49,110 --> 00:34:45,880
described it as an inverted an ice-cream

811
00:34:51,060 --> 00:34:49,120
cone type of a appearance it had a white

812
00:34:52,620 --> 00:34:51,070
disc on top and a smaller white disc at

813
00:34:55,620 --> 00:34:52,630

the bottom and there was all these tubes

814

00:34:57,540 --> 00:34:55,630

of light passing colored light passing

815

00:34:58,980 --> 00:34:57,550

between the bottom of the of the

816

00:35:01,950 --> 00:34:58,990

ice-cream cone to the top of the ice

817

00:35:04,290 --> 00:35:01,960

cream cone and then as he as he as he

818

00:35:05,550 --> 00:35:04,300

approached it he realized he was about

819

00:35:06,870 --> 00:35:05,560

to drive off the road because he was

820

00:35:09,180 --> 00:35:06,880

following his headlights he put in a

821

00:35:10,620 --> 00:35:09,190

counter steer and he narrowly avoided

822

00:35:12,810 --> 00:35:10,630

hitting a tree on the other side of the

823

00:35:16,230 --> 00:35:12,820

road as he did that the entire object

824

00:35:18,270 --> 00:35:16,240

closed up and then it disappeared and he

825

00:35:20,040 --> 00:35:18,280

was very shaken driver drove off to his

826

00:35:21,900 --> 00:35:20,050

destination and that was it just I've

827

00:35:23,280 --> 00:35:21,910

just a horrible experience for a man out

828

00:35:26,310 --> 00:35:23,290

there on the you know in the lonely

829

00:35:28,680 --> 00:35:26,320

country road on the sixth of April 1966

830

00:35:31,230 --> 00:35:28,690

two days later again that was when the

831

00:35:33,810 --> 00:35:31,240

West all-school encounter occurred so

832

00:35:36,300 --> 00:35:33,820

between those within a week you've got

833

00:35:38,580 --> 00:35:36,310

those three key events then a couple of

834

00:35:40,770 --> 00:35:38,590

days later a young man was killed at

835

00:35:43,020 --> 00:35:40,780

Burke's flat at exactly the same spot

836

00:35:43,620 --> 00:35:43,030

when his car veered off the road and hit

837

00:35:45,840 --> 00:35:43,630

a tree

838

00:35:48,300 --> 00:35:45,850

right where Ron Sullivan had his UFO

839

00:35:50,340 --> 00:35:48,310

encounter that bought Ron out because

840

00:35:51,930 --> 00:35:50,350

Ron thought oh gee Burke's flat young

841

00:35:54,480 --> 00:35:51,940

guy died there hmm

842

00:35:57,810 --> 00:35:54,490

oh I better say something so he did and

843

00:35:59,580 --> 00:35:57,820

in 1960 1680 he was perhaps you know

844

00:36:02,130 --> 00:35:59,590

maybe opening himself to ridicule at

845

00:36:03,630 --> 00:36:02,140

that time and he came forward and said

846

00:36:04,800 --> 00:36:03,640

provide a really weird encounter out

847

00:36:06,360 --> 00:36:04,810

there at Bert's well you know a couple

848

00:36:10,310 --> 00:36:06,370

of days ago and now this young man's

849

00:36:13,260 --> 00:36:10,320

been killed that created a whole a whole

850

00:36:15,390 --> 00:36:13,270

possibility that this young man had also

851

00:36:18,300 --> 00:36:15,400

had had a similar experience out there

852

00:36:20,220 --> 00:36:18,310

so that was the KSR that I got involved

853

00:36:22,020 --> 00:36:20,230

in a couple of years ago and we took Ron

854

00:36:23,490 --> 00:36:22,030

Sullivan the witness back to Burke's

855

00:36:26,130 --> 00:36:23,500

flat for the first time he hadn't been

856

00:36:28,290 --> 00:36:26,140

there since since the incident and we

857

00:36:29,880 --> 00:36:28,300

filmed around that case and we found a

858

00:36:32,550 --> 00:36:29,890

lot of other people we did archive

859

00:36:35,100 --> 00:36:32,560

research we found the autopsy report for

860

00:36:37,890 --> 00:36:35,110

the young man who was killed so we went

861

00:36:39,870 --> 00:36:37,900

to a lot of it effort to do that and

862

00:36:41,280 --> 00:36:39,880

that's that period of time I'm talking

863

00:36:43,260 --> 00:36:41,290

about these these UFO events you know

864

00:36:45,830 --> 00:36:43,270

they tend to occur around these but I

865

00:36:47,880 --> 00:36:45,840

almost seem to be 10 to 20 year type of

866

00:36:48,720 --> 00:36:47,890

cycles to get anything really really

867

00:36:50,550 --> 00:36:48,730

good something

868

00:36:53,880 --> 00:36:50,560

you can really sink your teeth into so

869

00:36:55,950 --> 00:36:53,890

that to me that that case and why did I

870

00:36:58,290 --> 00:36:55,960

like to go X flat so much well the

871

00:37:00,420 --> 00:36:58,300

object was a really unusual object and

872

00:37:03,000 --> 00:37:00,430

Ron described the object as not

873

00:37:05,340 --> 00:37:03,010

admitting any any shadows at all so the

874

00:37:06,960 --> 00:37:05,350

light was fully contained so when he

875

00:37:09,180 --> 00:37:06,970

looked at it it wasn't there wasn't

876
00:37:10,980 --> 00:37:09,190
casting looming shadows across the trees

877
00:37:13,770 --> 00:37:10,990
it just the whole light the whole light

878
00:37:17,190 --> 00:37:13,780
complex was contained and he went back

879
00:37:19,470 --> 00:37:17,200
there the next day next day day after

880
00:37:21,120 --> 00:37:19,480
and when they went there they found a

881
00:37:22,830 --> 00:37:21,130
depression in the in the paddock where

882
00:37:25,800 --> 00:37:22,840
it looked like a vacuum cleaner had been

883
00:37:28,110 --> 00:37:25,810
put on reverse and blasted this area of

884
00:37:29,640 --> 00:37:28,120
dirt in the yeah ad in the field I

885
00:37:33,870 --> 00:37:29,650
should say paddocks a very Australian

886
00:37:35,730 --> 00:37:33,880
term for a field so and then they

887
00:37:40,050 --> 00:37:35,740
noticed some dead parrots were lying

888
00:37:42,120 --> 00:37:40,060

around in the area as well so it was a

889

00:37:45,540 --> 00:37:42,130

very strange very strange experience and

890

00:37:47,820 --> 00:37:45,550

that tail the Westall tail the ball wind

891

00:37:49,350 --> 00:37:47,830

photo all of that had been forgotten all

892

00:37:50,760 --> 00:37:49,360

of that it just you know made the news

893

00:37:52,620 --> 00:37:50,770

of the day and people scratch their

894

00:37:56,430 --> 00:37:52,630

scratch their beards for a while and

895

00:37:57,930 --> 00:37:56,440

then I all moved on with life so and you

896

00:37:59,370 --> 00:37:57,940

know those cases laid lay quite still

897

00:38:01,260 --> 00:37:59,380

for a while build Chalker a great

898

00:38:03,630 --> 00:38:01,270

Australian researcher did a visit to

899

00:38:05,310 --> 00:38:03,640

Burke's flat in 1980 and did a bit of

900

00:38:07,860 --> 00:38:05,320

work on the case at that point in time

901
00:38:09,600 --> 00:38:07,870
West all had disappeared into into urban

902
00:38:12,660 --> 00:38:09,610
legend basically at that you know for a

903
00:38:14,610 --> 00:38:12,670
long time and then over the time these

904
00:38:17,970 --> 00:38:14,620
cases started to started to gain

905
00:38:19,860 --> 00:38:17,980
traction again and so there's large

906
00:38:21,660 --> 00:38:19,870
cases started to get researchers

907
00:38:23,520 --> 00:38:21,670
interested in them we started doing the

908
00:38:25,110 --> 00:38:23,530
work that perhaps should have been done

909
00:38:26,790 --> 00:38:25,120
at the time or couldn't have been done

910
00:38:29,430 --> 00:38:26,800
at the time or you know we start looking

911
00:38:31,590 --> 00:38:29,440
at it with 21st century eyes and I think

912
00:38:33,090 --> 00:38:31,600
that's helped these cases bring them

913
00:38:36,270 --> 00:38:33,100

back to life the people so that people

914

00:38:37,830 --> 00:38:36,280

can now look at these cases and go wow

915

00:38:38,910 --> 00:38:37,840

you know something actually really did

916

00:38:40,230 --> 00:38:38,920

happen back then you know these were

917

00:38:41,820 --> 00:38:40,240

these were credible credible people

918

00:38:44,310 --> 00:38:41,830

their students were credible that

919

00:38:45,900 --> 00:38:44,320

teachers saw that UF Westall Ron

920

00:38:47,790 --> 00:38:45,910

Sullivan was a businessman he had no

921

00:38:50,220 --> 00:38:47,800

reason to to make any of that up and

922

00:38:53,250 --> 00:38:50,230

there was supporting evidence there so

923

00:38:56,670 --> 00:38:53,260

yeah very very very good stuff and it's

924

00:38:59,010 --> 00:38:56,680

all part of part of assets our stakes in

925

00:39:00,930 --> 00:38:59,020

a rich tapestry of UFO reports and

926
00:39:02,329 --> 00:39:00,940
people ask me all the time well you know

927
00:39:05,239 --> 00:39:02,339
you're a UFO be sir

928
00:39:08,329 --> 00:39:05,249
where do UFOs appear and I say UFOs

929
00:39:10,009 --> 00:39:08,339
appear everywhere and I go now that

930
00:39:11,690 --> 00:39:10,019
don't think I'm nutty when I say that to

931
00:39:14,210 --> 00:39:11,700
you because if you actually go back and

932
00:39:17,529 --> 00:39:14,220
study the record every region of our

933
00:39:19,670 --> 00:39:17,539
state every area has a UFO history

934
00:39:22,999 --> 00:39:19,680
doesn't mean it's happening all at once

935
00:39:24,859 --> 00:39:23,009
in every location but but at some point

936
00:39:26,450 --> 00:39:24,869
in time whether it's been Melbourne

937
00:39:28,460 --> 00:39:26,460
whether it's been the north east south

938
00:39:30,890 --> 00:39:28,470

west east gippsland where I live the

939

00:39:33,200 --> 00:39:30,900

north the north east the mountain range

940

00:39:35,690 --> 00:39:33,210

is the high country as we call it all

941

00:39:38,900 --> 00:39:35,700

those areas have got really good UFO

942

00:39:40,729 --> 00:39:38,910

stories and they disappear they get lost

943

00:39:42,079 --> 00:39:40,739

people don't report them they tell a few

944

00:39:44,150 --> 00:39:42,089

friends they have a bit of a giggle and

945

00:39:46,670 --> 00:39:44,160

they forget about it the groups like my

946

00:39:50,180 --> 00:39:46,680

own Victoria for action we get out there

947

00:39:51,380 --> 00:39:50,190

and we dig for this stuff and a little

948

00:39:57,079 --> 00:39:51,390

bit later I'll say about another great

949

00:39:59,539 --> 00:39:57,089

case but that process but yeah it's you

950

00:40:01,069 --> 00:39:59,549

know that those cases a have really come

951

00:40:02,509 --> 00:40:01,079

back to life and there's lots of there's

952

00:40:04,279 --> 00:40:02,519

lots of things that people can do

953

00:40:06,799 --> 00:40:04,289

there's a great documentary called wet

954

00:40:09,259 --> 00:40:06,809

stall 60 secrets of suburban ministry

955

00:40:10,999 --> 00:40:09,269

made by Shane Ryan and Rosie Jones you

956

00:40:13,700 --> 00:40:11,009

have to I just take everyone's homework

957

00:40:17,870 --> 00:40:13,710

for the day YouTube that video and watch

958

00:40:19,370 --> 00:40:17,880

it it's one of the best UFO

959

00:40:20,719 --> 00:40:19,380

documentaries that I've ever seen I

960

00:40:23,719 --> 00:40:20,729

think they've done a tremendous job of

961

00:40:25,160 --> 00:40:23,729

it so it's west of 66 a suburban mystery

962

00:40:26,749 --> 00:40:25,170

if you YouTube that you will definitely

963

00:40:28,670 --> 00:40:26,759

find it and I encourage everybody to

964

00:40:32,120 --> 00:40:28,680

watch that if you've not seen it okay

965

00:40:34,339 --> 00:40:32,130

hey Ben can you turn your camera off for

966

00:40:36,469 --> 00:40:34,349

a minute I'm going to see if that's a

967

00:40:38,239 --> 00:40:36,479

you're having a bit of a Skype lag and

968

00:40:40,579 --> 00:40:38,249

I'm going to see if that might cure that

969

00:40:42,950 --> 00:40:40,589

so go ahead and shut your camera if you

970

00:40:44,950 --> 00:40:42,960

would now on this particular case you

971

00:40:48,410 --> 00:40:44,960

were speaking of the bending lights or

972

00:40:50,599 --> 00:40:48,420

is what you called it it's very

973

00:40:52,400 --> 00:40:50,609

interesting when you said that a UFO

974

00:40:53,329 --> 00:40:52,410

disappeared I want to talk a little bit

975

00:40:55,789 --> 00:40:53,339

about that because there's another

976

00:40:58,609 --> 00:40:55,799

question I have what do you make of that

977

00:41:02,349 --> 00:40:58,619

I've heard of people saying that a UFO

978

00:41:07,459 --> 00:41:02,359

all of a sudden just plain disappears

979

00:41:09,380 --> 00:41:07,469

well that's really interesting and a lot

980

00:41:11,599 --> 00:41:09,390

of stuff that all you know a lot of

981

00:41:13,370 --> 00:41:11,609

cases that I look at oh yeah you say

982

00:41:16,190 --> 00:41:13,380

well did the UFO disappear or did it

983

00:41:17,810 --> 00:41:16,200

take off you know yeah did it just

984

00:41:20,089 --> 00:41:17,820

disappear as in like it just just

985

00:41:22,310 --> 00:41:20,099

dissolved did it disappear as you like

986

00:41:24,260 --> 00:41:22,320

it instantly just you know evaporated or

987

00:41:26,270 --> 00:41:24,270

did it like shoot off from point A to

988

00:41:28,730 --> 00:41:26,280

point B and then you never saw it again

989

00:41:31,130 --> 00:41:28,740

so it's a very interesting interesting

990

00:41:33,319 --> 00:41:31,140

thing and I think all those things do

991

00:41:36,859 --> 00:41:33,329

happen I think I think different UFOs

992

00:41:39,319 --> 00:41:36,869

behave in different ways ron has said

993

00:41:41,930 --> 00:41:39,329

that his UFO shot straight up into the

994

00:41:43,849 --> 00:41:41,940

sky that it disappeared in an instant

995

00:41:46,670 --> 00:41:43,859

that it was gone it was just it was

996

00:41:49,220 --> 00:41:46,680

there and then bang off it went so in

997

00:41:52,760 --> 00:41:49,230

other reports I've looked at a really

998

00:41:54,740 --> 00:41:52,770

great little one here where you know the

999

00:41:57,800 --> 00:41:54,750

UFO has gone and there's still being

1000

00:42:00,980 --> 00:41:57,810

traces of the UFO in the area after its

1001
00:42:02,750 --> 00:42:00,990
departure really weird stuff so where

1002
00:42:04,730 --> 00:42:02,760
are they coming from that's that's all

1003
00:42:06,980 --> 00:42:04,740
linked to that I think to the way they

1004
00:42:08,420 --> 00:42:06,990
behave you know they're you know if it's

1005
00:42:11,240 --> 00:42:08,430
a dimensional thing and they can

1006
00:42:13,339 --> 00:42:11,250
manipulate our space in our time then

1007
00:42:15,859 --> 00:42:13,349
there's all manner of things that they

1008
00:42:18,020 --> 00:42:15,869
can do that if there are a little bit

1009
00:42:19,970 --> 00:42:18,030
more advanced incident us and it's kind

1010
00:42:22,550 --> 00:42:19,980
of point A to point B sort of sort of

1011
00:42:24,170 --> 00:42:22,560
know processes going on there then

1012
00:42:25,490 --> 00:42:24,180
they've got a hardware that just

1013
00:42:27,710 --> 00:42:25,500

operates slightly better than our

1014

00:42:29,510 --> 00:42:27,720

fastest Jets can can operate and they're

1015

00:42:31,160 --> 00:42:29,520

not that far ahead of us but if they're

1016

00:42:34,700 --> 00:42:31,170

coming from two other dimensions if

1017

00:42:37,849 --> 00:42:34,710

they've got some sort of a I hate using

1018

00:42:39,890 --> 00:42:37,859

the word technology because it may not

1019

00:42:42,170 --> 00:42:39,900

even be a technology but in the way that

1020

00:42:44,210 --> 00:42:42,180

we think about it they might have the

1021

00:42:46,069 --> 00:42:44,220

ability to do as I said manipulate that

1022

00:42:47,720 --> 00:42:46,079

time and space and do all sorts of

1023

00:42:49,819 --> 00:42:47,730

things make it stand still come and go

1024

00:42:51,800 --> 00:42:49,829

as they like so but there's a whole our

1025

00:42:54,099 --> 00:42:51,810

discussion in that bolon I think mum

1026

00:42:58,520 --> 00:42:54,109

yeah yeah it's very interesting so are

1027

00:43:00,609 --> 00:42:58,530

the back to the car itself the first car

1028

00:43:03,880 --> 00:43:00,619

the one that did not get in an accident

1029

00:43:06,170 --> 00:43:03,890

was there any like permanent

1030

00:43:08,300 --> 00:43:06,180

disfiguration of his head lamps or

1031

00:43:10,849 --> 00:43:08,310

anything like that or anything that was

1032

00:43:16,490 --> 00:43:10,859

unusual about his car after that

1033

00:43:20,000 --> 00:43:16,500

incident know that mundane thing ly no

1034

00:43:22,670 --> 00:43:20,010

no the car was the car was as per as the

1035

00:43:24,980 --> 00:43:22,680

normal didn't have any any traces of you

1036

00:43:26,960 --> 00:43:24,990

know some sort of mysterious and you

1037

00:43:28,520 --> 00:43:26,970

know residues or you know that it's

1038

00:43:29,270 --> 00:43:28,530

heads let us lights but physically bent

1039

00:43:31,040 --> 00:43:29,280

and they broke

1040

00:43:33,020 --> 00:43:31,050

and there was nothing like that we tried

1041

00:43:35,210 --> 00:43:33,030

to find the car we we knew it was a long

1042

00:43:36,920 --> 00:43:35,220

shot but we you know we we went looking

1043

00:43:38,630 --> 00:43:36,930

for the car to see if we could find it

1044

00:43:41,000 --> 00:43:38,640

anywhere you know maybe some collector

1045

00:43:42,770 --> 00:43:41,010

had it or whatever but we the

1046

00:43:45,170 --> 00:43:42,780

registration was a was a no longer a

1047

00:43:47,090 --> 00:43:45,180

current registration so unfortunately we

1048

00:43:49,700 --> 00:43:47,100

couldn't find it

1049

00:43:52,330 --> 00:43:49,710

so that was a bit disappointing they did

1050

00:43:57,110 --> 00:43:52,340

get the headlight off the crashed car

1051

00:43:58,640 --> 00:43:57,120

that was found at the time by a poor

1052

00:43:59,990 --> 00:43:58,650

Norman who was the head of view force at

1053

00:44:01,250 --> 00:44:00,000

the time with a lead investigator he

1054

00:44:03,560 --> 00:44:01,260

found that his like one of the

1055

00:44:05,000 --> 00:44:03,570

headlights off the crash car but there

1056

00:44:06,710 --> 00:44:05,010

was nothing to be revealed from that and

1057

00:44:08,270 --> 00:44:06,720

I don't know whether now we would find

1058

00:44:10,940 --> 00:44:08,280

something that maybe would have been on

1059

00:44:12,890 --> 00:44:10,950

those little lights but back in the back

1060

00:44:14,930 --> 00:44:12,900

in the 70s you know when he probably

1061

00:44:18,440 --> 00:44:14,940

tracked down that that headlight it

1062

00:44:20,300 --> 00:44:18,450

probably wasn't the the technology to

1063

00:44:23,750 --> 00:44:20,310

look at it and and nobody knows where

1064

00:44:26,330 --> 00:44:23,760

that headlight is now right right now

1065

00:44:28,010 --> 00:44:26,340

going back you mentioned something when

1066

00:44:32,450 --> 00:44:28,020

you were talking about the organization

1067

00:44:35,860 --> 00:44:32,460

that you're head of there was a previous

1068

00:44:39,020 --> 00:44:35,870

organization what was that called again

1069

00:44:40,430 --> 00:44:39,030

are those called Beautiful's a Victorian

1070

00:44:44,270 --> 00:44:40,440

Flying Saucer Research Society a

1071

00:44:46,910 --> 00:44:44,280

question I have a number of UFO

1072

00:44:49,520 --> 00:44:46,920

organizations have faded away in the

1073

00:44:51,830 --> 00:44:49,530

past and I just wondered what your

1074

00:44:54,260 --> 00:44:51,840

thoughts on why that happens or in

1075

00:44:57,860 --> 00:44:54,270

particular case of the one you may know

1076

00:44:59,930 --> 00:44:57,870

of what makes a membership doesn't have

1077

00:45:03,200 --> 00:44:59,940

anything to do with less sightings or

1078

00:45:07,060 --> 00:45:03,210

does a membership just get tired and no

1079

00:45:10,310 --> 00:45:07,070

new blood or how can one fail like that

1080

00:45:12,800 --> 00:45:10,320

well you just to bet hit the nail on the

1081

00:45:14,740 --> 00:45:12,810

head with that last statement it was an

1082

00:45:19,460 --> 00:45:14,750

organization that it was it was very

1083

00:45:21,020 --> 00:45:19,470

very structured in a in a kind of an

1084

00:45:23,300 --> 00:45:21,030

old-school kind of away with you know

1085

00:45:24,890 --> 00:45:23,310

committees and minutes and meetings and

1086

00:45:26,900 --> 00:45:24,900

you know all that type of you know

1087

00:45:29,210 --> 00:45:26,910

structure around that thing like an old

1088

00:45:30,410 --> 00:45:29,220

school club would be you know perhaps a

1089

00:45:33,200 --> 00:45:30,420

Rotary Club or something I'm not sure

1090

00:45:35,780 --> 00:45:33,210

but it was very much an old school type

1091

00:45:39,620 --> 00:45:35,790

of type of structure the people who were

1092

00:45:43,050 --> 00:45:39,630

in it with in it for a very very long

1093

00:45:45,240 --> 00:45:43,060

time decades and what they probably

1094

00:45:48,300 --> 00:45:45,250

fail to consider with some type of a

1095

00:45:52,020 --> 00:45:48,310

succession plan so that when the the old

1096

00:45:53,910 --> 00:45:52,030

stay is time was up they didn't have the

1097

00:45:58,950 --> 00:45:53,920

young blood coming through they didn't

1098

00:46:00,330 --> 00:45:58,960

have the the people in place to to pick

1099

00:46:02,010 --> 00:46:00,340

up the torch and keep the good work

1100

00:46:04,560 --> 00:46:02,020

going and what happened was that

1101

00:46:06,450 --> 00:46:04,570

basically all their information just

1102

00:46:08,820 --> 00:46:06,460

scattered to the wind at that point so

1103

00:46:10,680 --> 00:46:08,830

it all became lost certain people had

1104

00:46:12,750 --> 00:46:10,690

this and certain people had that and

1105

00:46:17,460 --> 00:46:12,760

other other bits of information just

1106

00:46:19,830 --> 00:46:17,470

went out right missing so oh it was a

1107

00:46:21,480 --> 00:46:19,840

real tragedy in the fact that the

1108

00:46:24,210 --> 00:46:21,490

organization was around for 40 to 50

1109

00:46:26,610 --> 00:46:24,220

years such a long period of time and in

1110

00:46:28,050 --> 00:46:26,620

the end it just it just imploded it just

1111

00:46:29,850 --> 00:46:28,060

collapsed they didn't have the the

1112

00:46:31,650 --> 00:46:29,860

people to the websites still up you can

1113

00:46:33,270 --> 00:46:31,660

still go look at the website but there's

1114

00:46:34,440 --> 00:46:33,280

no information on there hasn't had any

1115

00:46:38,520 --> 00:46:34,450

updates in years

1116

00:46:42,240 --> 00:46:38,530

so okay so let's let's talk about it

1117

00:46:45,690 --> 00:46:42,250

just it just right - yeah uh we have a

1118

00:46:48,000 --> 00:46:45,700

little bit of a lag here still and I

1119

00:46:52,790 --> 00:46:48,010

might have to ask you for your phone

1120

00:46:56,430 --> 00:46:52,800

number and I know your country code so

1121

00:46:59,430 --> 00:46:56,440

if you would go ahead and text in the

1122

00:47:02,310 --> 00:46:59,440

Skype right now just check your phone

1123

00:47:07,590 --> 00:47:02,320

number if I lose you and and I'll ring

1124

00:47:12,870 --> 00:47:07,600

you back so a vote FOA Oh however you

1125

00:47:15,420 --> 00:47:12,880

say that a Victorian UFO action I just

1126
00:47:17,850 --> 00:47:15,430
wondered what you'd actually do with the

1127
00:47:22,770 --> 00:47:17,860
reports that you get are they digitally

1128
00:47:25,170 --> 00:47:22,780
kept yes that's right so we have a

1129
00:47:31,290 --> 00:47:25,180
people we had we have two ways for

1130
00:47:33,300 --> 00:47:31,300
people to the people to report cases to

1131
00:47:37,800 --> 00:47:33,310
us they can do it via email and

1132
00:47:40,320 --> 00:47:37,810
interestingly man we created the hot

1133
00:47:44,520 --> 00:47:40,330
line now the hot lines are very very

1134
00:47:46,020 --> 00:47:44,530
problematic they're they're then rarely

1135
00:47:47,610 --> 00:47:46,030
used for what they're intended for the

1136
00:47:50,370 --> 00:47:47,620
the idea of a hot line is that someone

1137
00:47:52,320 --> 00:47:50,380
is having a real time UFO experience can

1138
00:47:53,730 --> 00:47:52,330

give you a call and report what's going

1139

00:47:55,740 --> 00:47:53,740

on it never ends up getting used like

1140

00:47:57,000 --> 00:47:55,750

that so we're on the cusp of actually

1141

00:47:58,680 --> 00:47:57,010

ditching the

1142

00:48:00,720 --> 00:47:58,690

lawn service so the majority of our

1143

00:48:05,400 --> 00:48:00,730

report was we're now directing people

1144

00:48:06,570 --> 00:48:05,410

through email and how would the the

1145

00:48:10,320 --> 00:48:06,580

thing I always think about is when I

1146

00:48:14,070 --> 00:48:10,330

personally had a sighting and that I had

1147

00:48:15,930 --> 00:48:14,080

just not thought of any way of reporting

1148

00:48:19,590 --> 00:48:15,940

it it just didn't occur to me that there

1149

00:48:21,240 --> 00:48:19,600

was something online how would someone

1150

00:48:24,030 --> 00:48:21,250

have found your hotline

1151

00:48:25,460 --> 00:48:24,040

would it have also been only through the

1152

00:48:28,740 --> 00:48:25,470

Internet

1153

00:48:31,410 --> 00:48:28,750

yeah that's correct I mean without with

1154

00:48:34,380 --> 00:48:31,420

your Google you know report UFO Victoria

1155

00:48:38,370 --> 00:48:34,390

we come up you know so you know we come

1156

00:48:40,410 --> 00:48:38,380

up with five billion you report UFO in

1157

00:48:42,450 --> 00:48:40,420

your in our state where the first where

1158

00:48:45,990 --> 00:48:42,460

the first website that appear so it does

1159

00:48:48,030 --> 00:48:46,000

mean people will get the number and yeah

1160

00:48:49,650 --> 00:48:48,040

it's not that often that we've I mean I

1161

00:48:51,990 --> 00:48:49,660

had the phone for quite a while myself

1162

00:48:54,830 --> 00:48:52,000

and and you know you get the occasional

1163

00:48:59,040 --> 00:48:54,840

call but it's usually someone not

1164

00:49:01,080 --> 00:48:59,050

reporting a UFO so we found that having

1165

00:49:02,400 --> 00:49:01,090

that we still got it's still there in

1166

00:49:04,080 --> 00:49:02,410

hope that we know that will actually

1167

00:49:06,360 --> 00:49:04,090

ring with something of interest one day

1168

00:49:07,740 --> 00:49:06,370

but for the most part I think most

1169

00:49:10,340 --> 00:49:07,750

people are in this day and age and

1170

00:49:14,100 --> 00:49:10,350

probably more comfortable to email you

1171

00:49:18,120 --> 00:49:14,110

rather than to rather than to you know

1172

00:49:19,410 --> 00:49:18,130

phone you you know yesterday the idea

1173

00:49:20,700 --> 00:49:19,420

wasn't you know you have been looking at

1174

00:49:22,680 --> 00:49:20,710

your phone right now my god you know

1175

00:49:24,900 --> 00:49:22,690

lots of stuff but as an it hasn't worked

1176

00:49:28,590 --> 00:49:24,910

out highway I think I'm going to try to

1177

00:49:31,560 --> 00:49:28,600

ring you on your phone so yeah can you

1178

00:49:33,270 --> 00:49:31,570

do you have your phone with you okay I

1179

00:49:35,430 --> 00:49:33,280

do so yeah we're getting a lot of lags

1180

00:49:36,840 --> 00:49:35,440

so let me try to ring you and go it go

1181

00:49:43,310 --> 00:49:36,850

ahead if you wouldn't hang up on skype

1182

00:49:46,860 --> 00:49:44,610

okay

1183

00:49:50,940 --> 00:49:46,870

hang in for the live listener we're

1184

00:49:53,970 --> 00:49:50,950

going to try to make this work and I

1185

00:49:58,650 --> 00:49:53,980

might end up skypeing him back if this

1186

00:50:02,670 --> 00:49:58,660

doesn't work just to let can you hear me

1187

00:50:05,940 --> 00:50:02,680

there you are thank you so just up it

1188

00:50:07,260 --> 00:50:05,950

could actually be on my end just it to

1189

00:50:09,960 --> 00:50:07,270

be fair to you it could be on my end

1190

00:50:12,130 --> 00:50:09,970

because of this horrific thunderstorms

1191

00:50:16,450 --> 00:50:12,140

here

1192

00:50:18,460 --> 00:50:16,460

first of the year anyway but uh I let's

1193

00:50:20,550 --> 00:50:18,470

give it a try see how this goes oh well

1194

00:50:26,620 --> 00:50:20,560

yeah like the nothing but McDon

1195

00:50:27,910 --> 00:50:26,630

okay can you say that again I think it's

1196

00:50:32,890 --> 00:50:27,920

nothing like a storm to throw a bit of

1197

00:50:35,020 --> 00:50:32,900

guys yes right right okay so one of the

1198

00:50:38,470 --> 00:50:35,030

cases I had wanted to bring up to you

1199

00:50:41,710 --> 00:50:38,480

and I believe I tried last time we spoke

1200

00:50:43,060 --> 00:50:41,720

was there is some case in California

1201
00:50:45,850 --> 00:50:43,070
where people were driving along a

1202
00:50:52,810 --> 00:50:45,860
highway and they saw this craft land are

1203
00:50:56,530 --> 00:50:52,820
you familiar with that case I know what

1204
00:50:58,240 --> 00:50:56,540
we'll do you know it you're that I think

1205
00:50:59,650 --> 00:50:58,250
you're the second Australian that wasn't

1206
00:51:06,520 --> 00:50:59,660
familiar with it so maybe I have the

1207
00:51:11,920 --> 00:51:06,530
wrong the wrong country very well could

1208
00:51:15,010 --> 00:51:11,930
that Barama so let's talk about some of

1209
00:51:16,810 --> 00:51:15,020
the the other I want to talk about some

1210
00:51:19,510 --> 00:51:16,820
of the cases that you've been working on

1211
00:51:21,400 --> 00:51:19,520
that you mentioned earlier that were

1212
00:51:23,830 --> 00:51:21,410
less known because those really

1213
00:51:29,260 --> 00:51:23,840

fascinate me as well can you talk about

1214

00:51:30,760 --> 00:51:29,270

one that comes to mind ultimately can

1215

00:51:36,910 --> 00:51:30,770

how much probably a list oh we got we

1216

00:51:38,080 --> 00:51:36,920

got a whole hour oh good good good

1217

00:51:39,520 --> 00:51:38,090

that's that's great that means I can

1218

00:51:43,420 --> 00:51:39,530

really really get stuck into it okay

1219

00:51:45,010 --> 00:51:43,430

great okay well look I've got so much

1220

00:51:47,050 --> 00:51:45,020

really cool stuff and I hope everyone

1221

00:51:48,580 --> 00:51:47,060

yeah go charges their drinks and settled

1222

00:51:51,670 --> 00:51:48,590

in for a bit of a good good good

1223

00:51:53,980 --> 00:51:51,680

listening session here the case because

1224

00:51:56,200 --> 00:51:53,990

um I talked about is from Maya region

1225

00:51:59,550 --> 00:51:56,210

which is in eastern Victoria if you look

1226
00:52:02,080 --> 00:51:59,560
at the map at the pointy end in the east

1227
00:52:03,790 --> 00:52:02,090
basically this incident is what I love

1228
00:52:05,590 --> 00:52:03,800
about this incident is the fact that a

1229
00:52:07,690 --> 00:52:05,600
it occurred to farmers first of all a

1230
00:52:09,070 --> 00:52:07,700
lot of farmers there's they they are

1231
00:52:11,860 --> 00:52:09,080
pretty much sold the earth and they

1232
00:52:15,580 --> 00:52:11,870
don't have time for the nonsense and fun

1233
00:52:19,060 --> 00:52:15,590
and games so that I like the object it's

1234
00:52:20,680 --> 00:52:19,070
that they captured really unusual object

1235
00:52:22,930 --> 00:52:20,690
that's that's the second thing that I

1236
00:52:24,339 --> 00:52:22,940
really like about it so I'll give you a

1237
00:52:26,349 --> 00:52:24,349
bit of a rundown as to what have

1238
00:52:28,359 --> 00:52:26,359

a bit of the investigation process that

1239

00:52:30,999 --> 00:52:28,369

I went through so this incident occurred

1240

00:52:36,819 --> 00:52:31,009

at 11 o'clock at night on the 28th of

1241

00:52:39,460 --> 00:52:36,829

January 1976 it's a while ago ah the

1242

00:52:42,460 --> 00:52:39,470

case itself is an absolute Ripper and I

1243

00:52:44,859 --> 00:52:42,470

love it a lot of bits so who was it who

1244

00:52:49,749 --> 00:52:44,869

was involved those two farmers and the

1245

00:52:51,999 --> 00:52:49,759

Kasich / ball town a really small town

1246

00:52:54,549 --> 00:52:52,009

called Dargo but that's quite Australian

1247

00:52:57,759 --> 00:52:54,559

and Dargo is up in the high country

1248

00:52:59,589 --> 00:52:57,769

which is the mountain area in the

1249

00:53:01,509 --> 00:52:59,599

eastern part of our state it's about an

1250

00:53:03,130 --> 00:53:01,519

hour from where I live so it's very

1251
00:53:04,569 --> 00:53:03,140
remote you basically drive in there and

1252
00:53:08,190 --> 00:53:04,579
you drive out again that's really what

1253
00:53:10,809 --> 00:53:08,200
it's like and it's surrounded by pop l

1254
00:53:14,069 --> 00:53:10,819
high mountains that are very very

1255
00:53:17,859 --> 00:53:14,079
forested and it's a very remote location

1256
00:53:19,809 --> 00:53:17,869
so these two farmers there are actually

1257
00:53:22,329 --> 00:53:19,819
what we would call a share farmer so

1258
00:53:24,430 --> 00:53:22,339
they they were looking after a gherkin

1259
00:53:28,420 --> 00:53:24,440
crop which is like people's you know so

1260
00:53:30,099 --> 00:53:28,430
that pit good all day long and then they

1261
00:53:32,259 --> 00:53:30,109
go home at about five o'clock in the

1262
00:53:34,420 --> 00:53:32,269
afternoon and it's little water pump

1263
00:53:37,690 --> 00:53:34,430

running to water the crop if you're

1264

00:53:39,729 --> 00:53:37,700

following what I'm saying so they go

1265

00:53:42,819 --> 00:53:39,739

home but these of water on the water

1266

00:53:44,469 --> 00:53:42,829

would water the crop then it had at 11

1267

00:53:47,109 --> 00:53:44,479

o'clock at night they drive back and it

1268

00:53:50,859 --> 00:53:47,119

was about a 5 or 6 K drive kilometres

1269

00:53:53,799 --> 00:53:50,869

I'm saying back across to to the to the

1270

00:53:57,940 --> 00:53:53,809

field and I would turn that pump off and

1271

00:53:59,859 --> 00:53:57,950

then a drive home again me bet so just

1272

00:54:02,140 --> 00:53:59,869

you know mundane you know rural

1273

00:54:05,140 --> 00:54:02,150

activities so on this particular night

1274

00:54:07,359 --> 00:54:05,150

that the 28th of January 1976 11 o'clock

1275

00:54:09,940 --> 00:54:07,369

by hopping their car and they head off

1276
00:54:12,099 --> 00:54:09,950
as they leaving town the dago's really

1277
00:54:14,079 --> 00:54:12,109
small place they notice what they saw

1278
00:54:16,979 --> 00:54:14,089
this light buzzing around and they

1279
00:54:19,599 --> 00:54:16,989
thought both of those chooses the

1280
00:54:22,120 --> 00:54:19,609
spotlight is gone I so I'll have a

1281
00:54:23,709 --> 00:54:22,130
spotlight and I will light the spotlight

1282
00:54:26,410 --> 00:54:23,719
of the kangaroo and the male black bit

1283
00:54:27,729 --> 00:54:26,420
so that's what they thought they were

1284
00:54:30,969 --> 00:54:27,739
looking at this little light without

1285
00:54:35,440 --> 00:54:30,979
flying around and all of a sudden the

1286
00:54:38,080 --> 00:54:35,450
light took an interest in their car so

1287
00:54:39,700 --> 00:54:38,090
they drive on the road and the

1288
00:54:42,100 --> 00:54:39,710

the two witnesses were one was a female

1289

00:54:44,260 --> 00:54:42,110

one was a male she was in it 40s at the

1290

00:54:45,640 --> 00:54:44,270

time about 42 and it was her cousin the

1291

00:54:48,190 --> 00:54:45,650

male who was driving the car

1292

00:54:50,770 --> 00:54:48,200

he was 19 so they're driving in the dark

1293

00:54:52,480 --> 00:54:50,780

heading up this road and this little

1294

00:54:56,560 --> 00:54:52,490

light this flyer and the paddock

1295

00:55:00,580 --> 00:54:56,570

suddenly takes an interest in them it

1296

00:55:02,080 --> 00:55:00,590

starts to pace the car stage they're

1297

00:55:03,670 --> 00:55:02,090

just a bit puzzled about this light

1298

00:55:05,140 --> 00:55:03,680

what's this thing out here it's

1299

00:55:07,120 --> 00:55:05,150

following it so they're driving along

1300

00:55:09,400 --> 00:55:07,130

they go through a deep cutting in the

1301
00:55:10,710 --> 00:55:09,410
road and enter a tree section then the

1302
00:55:13,060 --> 00:55:10,720
road stops have wind through the trees

1303
00:55:14,950 --> 00:55:13,070
at this point they lose sight of the

1304
00:55:17,860 --> 00:55:14,960
object and they just go well that was a

1305
00:55:20,770 --> 00:55:17,870
bit dry I engine no we'll just head on

1306
00:55:24,130 --> 00:55:20,780
our way they set off the main road which

1307
00:55:27,190 --> 00:55:24,140
is a which is a notar road over onto a

1308
00:55:30,280 --> 00:55:27,200
dirt track and of a little bridge as I

1309
00:55:33,850 --> 00:55:30,290
go a little bridge they look across to

1310
00:55:39,910 --> 00:55:33,860
the right and they see this white light

1311
00:55:42,010 --> 00:55:39,920
is right where they are again but what's

1312
00:55:44,860 --> 00:55:42,020
this thing doing here then the light

1313
00:55:47,260 --> 00:55:44,870

goes up the hill ahead of the car and

1314

00:55:49,270 --> 00:55:47,270

they start driving up the hill the

1315

00:55:53,080 --> 00:55:49,280

light's gone ahead and at the top of the

1316

00:55:58,120 --> 00:55:53,090

hill the life stops and it waits for the

1317

00:56:00,670 --> 00:55:58,130

car to reach the top of the hill when

1318

00:56:05,020 --> 00:56:00,680

they reach the top of the hill they see

1319

00:56:08,430 --> 00:56:05,030

that the object is a small ball of fear

1320

00:56:11,260 --> 00:56:08,440

it's about two feet across it has to l

1321

00:56:13,690 --> 00:56:11,270

going to call them fiends that come out

1322

00:56:16,720 --> 00:56:13,700

horizontally from it about a foot or so

1323

00:56:20,650 --> 00:56:16,730

and then it has to involve off spin

1324

00:56:22,060 --> 00:56:20,660

coming out at a 45-degree at the base so

1325

00:56:25,380 --> 00:56:22,070

it's got two things underneath it and

1326
00:56:27,940 --> 00:56:25,390
two fins horizontally and it has like a

1327
00:56:30,970 --> 00:56:27,950
this is my words it has like an eye on

1328
00:56:34,600 --> 00:56:30,980
the front of it so this small object is

1329
00:56:38,680 --> 00:56:34,610
hovering just above a farm gate and as

1330
00:56:41,860 --> 00:56:38,690
they approached all of a sudden the

1331
00:56:44,650 --> 00:56:41,870
object shines a tremendous blast of

1332
00:56:46,900 --> 00:56:44,660
light onto the car and it lit up the

1333
00:56:51,310 --> 00:56:46,910
entire area for hundreds of feet around

1334
00:56:52,090 --> 00:56:51,320
like broad daylight and the witness when

1335
00:56:55,030 --> 00:56:52,100
I just want to track

1336
00:57:00,010 --> 00:56:55,040
witness down she describes it as being a

1337
00:57:02,680 --> 00:57:00,020
hot heat this little object that was two

1338
00:57:05,230 --> 00:57:02,690

feet across with its fin shown a

1339

00:57:07,750 --> 00:57:05,240

tremendous amount of energy a tremendous

1340

00:57:11,140 --> 00:57:07,760

amount of light to turn that dark and

1341

00:57:13,720 --> 00:57:11,150

country location into an absolute

1342

00:57:19,570 --> 00:57:13,730

daylight situation so the farmers

1343

00:57:21,010 --> 00:57:19,580

continued driving and felt pretty scared

1344

00:57:23,680 --> 00:57:21,020

by this point in time so they drive down

1345

00:57:25,900 --> 00:57:23,690

the hill on the other side oh and this

1346

00:57:27,610 --> 00:57:25,910

object just floats out across next to

1347

00:57:28,900 --> 00:57:27,620

them on the right and they can see it up

1348

00:57:30,970 --> 00:57:28,910

through the trees and it's following

1349

00:57:32,980 --> 00:57:30,980

them down to the where they have to go

1350

00:57:35,470 --> 00:57:32,990

to open a gate to go down to where they

1351
00:57:37,810 --> 00:57:35,480
turn the water off so as they get to the

1352
00:57:39,400 --> 00:57:37,820
gate they jump out of the car open the

1353
00:57:41,650 --> 00:57:39,410
gate drive through shut the gate the

1354
00:57:44,290 --> 00:57:41,660
objects just hovering silently in the

1355
00:57:45,580 --> 00:57:44,300
sky following them they drive down to

1356
00:57:47,470 --> 00:57:45,590
the river which I've been out of

1357
00:57:50,020 --> 00:57:47,480
locations probably around about half a

1358
00:57:52,720 --> 00:57:50,030
kilometer they tries down there they

1359
00:57:56,580 --> 00:57:52,730
stop a car the object comes across and

1360
00:57:58,530 --> 00:57:56,590
it stops above them and it waits and so

1361
00:58:00,640 --> 00:57:58,540
they sit there

1362
00:58:03,220 --> 00:58:00,650
scared out of their brains that this

1363
00:58:05,110 --> 00:58:03,230

thing is is is taking such an active

1364

00:58:06,910 --> 00:58:05,120

interest in them one of them jumps out

1365

00:58:09,070 --> 00:58:06,920

turns the pump off they hop back in the

1366

00:58:11,230 --> 00:58:09,080

car a squeal of tires and they drive

1367

00:58:14,200 --> 00:58:11,240

back across the field at about at about

1368

00:58:16,830 --> 00:58:14,210

60 miles an hour really scared the

1369

00:58:19,360 --> 00:58:16,840

objects followed us and back up they

1370

00:58:21,040 --> 00:58:19,370

hastily go through the gate back up the

1371

00:58:23,260 --> 00:58:21,050

hill when they get to the top of the

1372

00:58:25,810 --> 00:58:23,270

hill again this little object shines

1373

00:58:28,480 --> 00:58:25,820

another tremendous blast of light over

1374

00:58:30,580 --> 00:58:28,490

their car they drive down back onto the

1375

00:58:33,340 --> 00:58:30,590

main road and then they drive home why

1376

00:58:35,140 --> 00:58:33,350

does ghosts and they get out the woman's

1377

00:58:36,910 --> 00:58:35,150

mother says what happened to you me so

1378

00:58:40,030 --> 00:58:36,920

we just had this horrible horrible

1379

00:58:43,030 --> 00:58:40,040

experience out on the road with this

1380

00:58:46,150 --> 00:58:43,040

life just chased this and shown this

1381

00:58:47,560 --> 00:58:46,160

tremendous light on it so when I read

1382

00:58:51,270 --> 00:58:47,570

about this case which was given to me

1383

00:58:54,040 --> 00:58:51,280

Baba I'm like semen is in an old yellow

1384

00:58:56,470 --> 00:58:54,050

Australian UFO bulletin I thought to

1385

00:58:58,780 --> 00:58:56,480

myself this is a really good case it's a

1386

00:59:00,700 --> 00:58:58,790

really great little case I want to try

1387

00:59:02,740 --> 00:59:00,710

and find out you know where it is

1388

00:59:04,630 --> 00:59:02,750

occurred unfortunately the description

1389

00:59:05,680 --> 00:59:04,640

had a really good at a really good

1390

00:59:07,570 --> 00:59:05,690

script

1391

00:59:09,160 --> 00:59:07,580

of where it occurred now I kind of knew

1392

00:59:13,420 --> 00:59:09,170

the area but not but not but not

1393

00:59:17,170 --> 00:59:13,430

intimately so I leave my partner Ilana

1394

00:59:20,740 --> 00:59:17,180

we hopped in the car and we drove up to

1395

00:59:22,600 --> 00:59:20,750

Dargo and we spend an afternoon reading

1396

00:59:24,730 --> 00:59:22,610

the information that we had there's no

1397

00:59:26,410 --> 00:59:24,740

street names listed or Road names listed

1398

00:59:29,760 --> 00:59:26,420

we just had to go purely by description

1399

00:59:33,340 --> 00:59:29,770

in this in this yellowed old journal and

1400

00:59:35,340 --> 00:59:33,350

we went into Dargo and we we asked at

1401

00:59:38,770 --> 00:59:35,350

the general store yo like does anyone

1402

00:59:40,480 --> 00:59:38,780

know how about a dozen and we sort of

1403

00:59:41,620 --> 00:59:40,490

you know didn't really get anywhere

1404

00:59:43,210 --> 00:59:41,630

there because the people were quite knew

1405

00:59:46,030 --> 00:59:43,220

that he'd been in Dargo for five years

1406

00:59:48,100 --> 00:59:46,040

not not like 40 50 years so we hopped

1407

00:59:50,350 --> 00:59:48,110

back in our car and we we drove back out

1408

00:59:51,760 --> 00:59:50,360

and we eventually we found the road and

1409

00:59:53,980 --> 00:59:51,770

we and we followed the whole track

1410

00:59:55,450 --> 00:59:53,990

through the deep cutting the bridge up

1411

00:59:57,490 --> 00:59:55,460

the hill down the hill we found the

1412

00:59:59,170 --> 00:59:57,500

exact gate where the object had shown

1413

01:00:01,720 --> 00:59:59,180

the brilliant the brilliant display of

1414

01:00:03,520 --> 01:00:01,730

life over the car and so it really

1415

01:00:06,610 --> 01:00:03,530

starts were happy that we that we'd

1416

01:00:10,090 --> 01:00:06,620

found this actual location so we're able

1417

01:00:12,130 --> 01:00:10,100

to follow the exact route that the that

1418

01:00:13,990 --> 01:00:12,140

the witnesses had taken we were able to

1419

01:00:15,040 --> 01:00:14,000

go right down to the farm gate we didn't

1420

01:00:18,940 --> 01:00:15,050

go onto the private property that we

1421

01:00:21,250 --> 01:00:18,950

drove right then farm don't even handle

1422

01:00:24,040 --> 01:00:21,260

on the geography of what they had done

1423

01:00:25,210 --> 01:00:24,050

at what they experienced so you know and

1424

01:00:27,490 --> 01:00:25,220

they said to job Jake seemed to go

1425

01:00:29,440 --> 01:00:27,500

higher as they went down to the down to

1426

01:00:34,000 --> 01:00:29,450

the down to the paddock but the thing

1427

01:00:36,190 --> 01:00:34,010

was with that that basically the object

1428

01:00:38,230 --> 01:00:36,200

didn't descend it just stayed at the

1429

01:00:40,320 --> 01:00:38,240

exact height they descended down into

1430

01:00:42,640 --> 01:00:40,330

the down to where the fence was and

1431

01:00:44,530 --> 01:00:42,650

today the object just remained at the

1432

01:00:47,650 --> 01:00:44,540

same trajectory from the height so

1433

01:00:50,590 --> 01:00:47,660

that's what they actually did so we had

1434

01:00:53,260 --> 01:00:50,600

a really good handle on on the on the

1435

01:00:55,750 --> 01:00:53,270

the geography of it and when we went

1436

01:00:58,300 --> 01:00:55,760

back home that night I actually posted

1437

01:00:59,530 --> 01:00:58,310

on to onto Facebook that we've been to

1438

01:01:02,130 --> 01:00:59,540

Dargo he's done this little

1439

01:01:05,230 --> 01:01:02,140

investigation and one of my friends on

1440

01:01:07,960 --> 01:01:05,240

Facebook said to me

1441

01:01:09,940 --> 01:01:07,970

I'm from Dargo perhaps I can find out a

1442

01:01:11,680 --> 01:01:09,950

bit more information for you and so

1443

01:01:13,180 --> 01:01:11,690

watching what she did was she said my

1444

01:01:17,080 --> 01:01:13,190

aunty's is up there she's been there for

1445

01:01:18,910 --> 01:01:17,090

4050 years I love her so she asked her

1446

01:01:21,099 --> 01:01:18,920

auntie and her

1447

01:01:24,250 --> 01:01:21,109

tea and go around his phone number and I

1448

01:01:26,859 --> 01:01:24,260

rang her and she said ah yes yes I that

1449

01:01:29,289 --> 01:01:26,869

will be that will be Mary Mary had a

1450

01:01:31,180 --> 01:01:29,299

strange encounter 40 years ago I got our

1451
01:01:33,880 --> 01:01:31,190
water a duck's everything to pay for her

1452
01:01:37,569 --> 01:01:33,890
so if you want to come warbles around

1453
01:01:38,920 --> 01:01:37,579
we're going to chat with our smaller we

1454
01:01:42,760 --> 01:01:38,930
got very lucky

1455
01:01:45,339 --> 01:01:42,770
by bike yeah yeah yeah we got very very

1456
01:01:47,890 --> 01:01:45,349
lucky that but that was actually the

1457
01:01:52,720 --> 01:01:47,900
case so we went back to Dargo the phone

1458
01:01:54,190 --> 01:01:52,730
weekend and we were able to go and meet

1459
01:01:58,930 --> 01:01:54,200
the original witnesses now in her

1460
01:02:00,069 --> 01:01:58,940
eighties and we have a chat with and now

1461
01:02:01,480 --> 01:02:00,079
the woman was terrified absolutely

1462
01:02:02,980 --> 01:02:01,490
terrified and she didn't even really

1463
01:02:04,329 --> 01:02:02,990

want to talk about it this is one thing

1464

01:02:05,470 --> 01:02:04,339

that investigators have to remember that

1465

01:02:07,180 --> 01:02:05,480

you know these people better horrible to

1466

01:02:10,960 --> 01:02:07,190

him it's a horrible experience and we

1467

01:02:13,089 --> 01:02:10,970

basically we you know we had to talk sit

1468

01:02:15,730 --> 01:02:13,099

down and we had a cup of cup of tea with

1469

01:02:19,270 --> 01:02:15,740

her and some scones or biscuits do you

1470

01:02:20,920 --> 01:02:19,280

go buckle and we sat there and we we

1471

01:02:22,930 --> 01:02:20,930

spoke about cooking walnuts and all

1472

01:02:24,940 --> 01:02:22,940

sorts of stuff and eventually we got

1473

01:02:26,710 --> 01:02:24,950

around to being able to turn her truck

1474

01:02:29,559 --> 01:02:26,720

I'll start talking about the incident

1475

01:02:31,630 --> 01:02:29,569

and she confirmed to us that you know

1476

01:02:34,000 --> 01:02:31,640

this was this is an absolutely horrible

1477

01:02:37,299 --> 01:02:34,010

horrible experience she had lived in

1478

01:02:38,859 --> 01:02:37,309

Togo her entire life and since that

1479

01:02:41,470 --> 01:02:38,869

incident she said she never drove around

1480

01:02:43,420 --> 01:02:41,480

Dargo at night ever ever since that

1481

01:02:46,930 --> 01:02:43,430

incident in 1976 she never drives around

1482

01:02:50,470 --> 01:02:46,940

there at night so she was very very very

1483

01:02:52,599 --> 01:02:50,480

scared of what had occurred to her now

1484

01:02:55,030 --> 01:02:52,609

they also knew the young man who was her

1485

01:02:57,190 --> 01:02:55,040

cousin and they said look you know give

1486

01:02:59,799 --> 01:02:57,200

him a ring he might he might talk to you

1487

01:03:04,059 --> 01:02:59,809

he would be he had been he 60s now or

1488

01:03:06,579 --> 01:03:04,069

you know late 60s so funny story is he

1489

01:03:09,039 --> 01:03:06,589

actually lived about 50 meters away from

1490

01:03:11,980 --> 01:03:09,049

where I lived at the time and basically

1491

01:03:15,789 --> 01:03:11,990

I rang him up and he didn't want to talk

1492

01:03:17,829 --> 01:03:15,799

about hey can you um yeah can you hold

1493

01:03:20,799 --> 01:03:17,839

just just wait I'm going to start you

1494

01:03:23,589 --> 01:03:20,809

right here but what's going to happen is

1495

01:03:25,359 --> 01:03:23,599

I'm understanding that it must be on my

1496

01:03:27,849 --> 01:03:25,369

side because we're still having the lag

1497

01:03:30,050 --> 01:03:27,859

so

1498

01:03:31,490 --> 01:03:30,060

maybe you want to get your little pooch

1499

01:03:32,930 --> 01:03:31,500

there put them on your lap and I'm going

1500

01:03:36,890 --> 01:03:32,940

to call you back on skype after I

1501
01:03:38,270 --> 01:03:36,900
restart Skype I hear it all dog in the

1502
01:03:40,790 --> 01:03:38,280
background yeah

1503
01:03:42,650 --> 01:03:40,800
alright so I'll call you right back I'm

1504
01:03:44,570 --> 01:03:42,660
going to reboot Skype and hang in there

1505
01:03:48,650 --> 01:03:44,580
live listener we'll get this thing

1506
01:03:50,630 --> 01:03:48,660
straightened out and hoping it's on my

1507
01:03:55,570 --> 01:03:50,640
side and we'll just give it another call

1508
01:03:59,270 --> 01:03:55,580
here as soon as Skype restarts and

1509
01:04:00,680 --> 01:03:59,280
you're welcome to post some questions

1510
01:04:02,870 --> 01:04:00,690
matter of fact I have some questions

1511
01:04:10,040 --> 01:04:02,880
coming up in the forum if anyone would

1512
01:04:22,590 --> 01:04:10,050
like to do that new window okay alright

1513
01:04:35,880 --> 01:04:31,250

okay so seems to be ringing here we go

1514

01:04:38,520 --> 01:04:35,890

hello letter so yes it does sound better

1515

01:04:42,030 --> 01:04:38,530

the sound is so much better on on Skype

1516

01:04:46,380 --> 01:04:42,040

than it is on your phone for some reason

1517

01:04:48,630 --> 01:04:46,390

so you were right at the point where you

1518

01:04:51,150 --> 01:04:48,640

were talking about

1519

01:04:53,580 --> 01:04:51,160

the younger one and he just said that he

1520

01:04:56,610 --> 01:04:53,590

had absolutely no interest in talking to

1521

01:04:59,820 --> 01:04:56,620

you and so if you can continue from that

1522

01:05:01,920 --> 01:04:59,830

point on decimals you shall take it

1523

01:05:04,500 --> 01:05:01,930

sorry about the dogs the the postman

1524

01:05:08,100 --> 01:05:04,510

turned up so it's just a bit too they

1525

01:05:10,170 --> 01:05:08,110

get a bit excited so yes so you know it

1526

01:05:11,970 --> 01:05:10,180

was because we've done a lot of work in

1527

01:05:13,710 --> 01:05:11,980

you know you know tracking down where

1528

01:05:15,990 --> 01:05:13,720

they were and was so lucky to get to get

1529

01:05:18,060 --> 01:05:16,000

to speak to the female witness I was

1530

01:05:20,780 --> 01:05:18,070

devastated when the cousin decided that

1531

01:05:23,160 --> 01:05:20,790

he didn't want to talk to me and I

1532

01:05:25,500 --> 01:05:23,170

suppose we just got on a roll with the

1533

01:05:27,420 --> 01:05:25,510

whole thing and it says a caution I have

1534

01:05:28,950 --> 01:05:27,430

for investigators is that is the fact

1535

01:05:30,660 --> 01:05:28,960

that you know you're having results you

1536

01:05:32,700 --> 01:05:30,670

get in somewhere you're still are going

1537

01:05:35,330 --> 01:05:32,710

to hit hit little snags different points

1538

01:05:37,230 --> 01:05:35,340

in time and the reason why I was

1539

01:05:38,700 --> 01:05:37,240

disappointed I couldn't speak to the

1540

01:05:40,920 --> 01:05:38,710

second witness was because he was

1541

01:05:42,930 --> 01:05:40,930

younger than her and she was definitely

1542

01:05:45,450 --> 01:05:42,940

in her in her mid 80s by the time we got

1543

01:05:47,160 --> 01:05:45,460

to talk to her so you know it's a long

1544

01:05:48,720 --> 01:05:47,170

time ago for her and she's a lot older

1545

01:05:50,370 --> 01:05:48,730

you know he would have been a lot

1546

01:05:52,560 --> 01:05:50,380

younger and I would have been and he was

1547

01:05:54,570 --> 01:05:52,570

driving as well so I would have been

1548

01:05:57,780 --> 01:05:54,580

really really really happy to talk to

1549

01:06:00,000 --> 01:05:57,790

him in it it's not to say that it won't

1550

01:06:00,690 --> 01:06:00,010

happen it still might but at this point

1551
01:06:02,760 --> 01:06:00,700
in time

1552
01:06:04,350 --> 01:06:02,770
that conversation hasn't occurred so

1553
01:06:07,320 --> 01:06:04,360
that was a little bit a little bit

1554
01:06:08,610 --> 01:06:07,330
disappointing so that you know so that's

1555
01:06:10,950 --> 01:06:08,620
that's the basics of that particular

1556
01:06:12,480 --> 01:06:10,960
particular incident and you know it

1557
01:06:13,860 --> 01:06:12,490
would have been lost now it's been

1558
01:06:15,990 --> 01:06:13,870
preserved I wrote an article in

1559
01:06:18,270 --> 01:06:16,000
ufologist magazine here in Australia

1560
01:06:20,880 --> 01:06:18,280
about that case and about the the

1561
01:06:24,240 --> 01:06:20,890
process that we went through to bring it

1562
01:06:25,890 --> 01:06:24,250
back to life so it's it's now it's now

1563
01:06:27,930 --> 01:06:25,900

preserved we went up to Dargo last

1564

01:06:30,300 --> 01:06:27,940

weekend and we we shot up we shot on

1565

01:06:33,570 --> 01:06:30,310

location where it occurred so I've done

1566

01:06:36,010 --> 01:06:33,580

a video for V fellow TV that will can be

1567

01:06:38,620 --> 01:06:36,020

up shortly where people can actually

1568

01:06:40,390 --> 01:06:38,630

the entire you know where they went and

1569

01:06:42,550 --> 01:06:40,400

you know I talked about a different

1570

01:06:43,870 --> 01:06:42,560

point so that's one example of one

1571

01:06:47,020 --> 01:06:43,880

little case that's going to make it into

1572

01:06:49,030 --> 01:06:47,030

my book that stands out for me is a is a

1573

01:06:50,980 --> 01:06:49,040

good close encounter to you know

1574

01:06:52,450 --> 01:06:50,990

everyday estarán yeah so I mentioned

1575

01:06:54,400 --> 01:06:52,460

just a second ago that I have a number

1576

01:06:57,340 --> 01:06:54,410

of questions in our forum I just looked

1577

01:07:01,600 --> 01:06:57,350

we have like 15 of them so I'm going to

1578

01:07:04,330 --> 01:07:01,610

get to those I think that cases where

1579

01:07:07,120 --> 01:07:04,340

someone doesn't want to talk about it I

1580

01:07:08,950 --> 01:07:07,130

think those are the best cases you know

1581

01:07:12,010 --> 01:07:08,960

because they're absolutely not looking

1582

01:07:13,810 --> 01:07:12,020

for any type of Fame at all you know

1583

01:07:16,840 --> 01:07:13,820

they just kind of wanted to go away and

1584

01:07:21,670 --> 01:07:16,850

to me that just gives a lot more

1585

01:07:23,650 --> 01:07:21,680

credibility it certainly does and like

1586

01:07:25,480 --> 01:07:23,660

there's no way 9 we could have spoken to

1587

01:07:26,620 --> 01:07:25,490

her if we had a way to just log into

1588

01:07:28,450 --> 01:07:26,630

town

1589

01:07:30,970 --> 01:07:28,460

there's no way knowing that we could

1590

01:07:34,570 --> 01:07:30,980

have spoken to this woman we had to get

1591

01:07:37,180 --> 01:07:34,580

local local trust to a cheater

1592

01:07:39,700 --> 01:07:37,190

sure okay so one of the questions here

1593

01:07:41,890 --> 01:07:39,710

you mentioned this real briefly but

1594

01:07:45,640 --> 01:07:41,900

what's your personal opinion on the Fred

1595

01:07:48,340 --> 01:07:45,650

Valentich disappearance in his light

1596

01:07:51,849 --> 01:07:48,350

aircraft first of all I think that is an

1597

01:07:54,609 --> 01:07:51,859

amazing kind of like an abduction of a

1598

01:07:57,040 --> 01:07:54,619

plane or it sure seemed like it anyway

1599

01:07:58,960 --> 01:07:57,050

with all the noises and and all that can

1600

01:08:02,580 --> 01:07:58,970

you for the person that it's unfamiliar

1601
01:08:04,630 --> 01:08:02,590
with that can you just give a real quick

1602
01:08:08,310 --> 01:08:04,640
encapsulation of what the story is and

1603
01:08:12,609 --> 01:08:08,320
then go ahead and answer that question

1604
01:08:14,890 --> 01:08:12,619
certainly so on October 21st 1978 Fred

1605
01:08:19,300 --> 01:08:14,900
Valenta CH was flying his Cessna la

1606
01:08:21,789 --> 01:08:19,310
fight aircraft from Moorabbin Airport in

1607
01:08:23,410 --> 01:08:21,799
Melbourne to King Island which is a

1608
01:08:25,420 --> 01:08:23,420
small island between Victoria and

1609
01:08:28,059 --> 01:08:25,430
Tasmania he was going over there to pick

1610
01:08:29,710 --> 01:08:28,069
up some crayfish for some military

1611
01:08:34,030 --> 01:08:29,720
friends because he was in the cadets and

1612
01:08:35,740 --> 01:08:34,040
he was he had been involved in in in in

1613
01:08:39,820 --> 01:08:35,750

cadets and things like that so he was

1614

01:08:41,890 --> 01:08:39,830

going over there to pick that up so he

1615

01:08:43,809 --> 01:08:41,900

left a bit late that day he was meant to

1616

01:08:46,150 --> 01:08:43,819

take off at around about 6 o'clock 6

1617

01:08:47,680 --> 01:08:46,160

p.m. and he didn't get away for about 20

1618

01:08:49,930 --> 01:08:47,690

minutes later so and it was his first

1619

01:08:51,550 --> 01:08:49,940

nighttime flight that

1620

01:08:54,280 --> 01:08:51,560

the that's the other interesting and

1621

01:08:58,059 --> 01:08:54,290

perhaps a key point for this case it was

1622

01:09:00,010 --> 01:08:58,069

the first time he'd flown at night and

1623

01:09:01,620 --> 01:09:00,020

he was an experienced pilot and he was

1624

01:09:04,660 --> 01:09:01,630

working towards becoming a commercial

1625

01:09:06,729 --> 01:09:04,670

commercial pilot so he took off and so

1626
01:09:08,979 --> 01:09:06,739
at that time the day was a very nice and

1627
01:09:11,050 --> 01:09:08,989
clear day so the Sun was setting and up

1628
01:09:13,329 --> 01:09:11,060
at about you know the altitude that he

1629
01:09:17,590 --> 01:09:13,339
was that you know he could see quite

1630
01:09:21,010 --> 01:09:17,600
clearly and so he said across and down

1631
01:09:22,599 --> 01:09:21,020
into the tip of Victoria and he makes a

1632
01:09:25,749 --> 01:09:22,609
turn and he starts heading out over the

1633
01:09:28,329 --> 01:09:25,759
water basically at this point something

1634
01:09:30,809 --> 01:09:28,339
starts to interact with him while he is

1635
01:09:35,769 --> 01:09:30,819
in the sky and he has a conversation

1636
01:09:39,789 --> 01:09:35,779
with with the flight services officer

1637
01:09:41,890 --> 01:09:39,799
who was on who was on duty at

1638
01:09:43,990 --> 01:09:41,900

tullamarine airport now flight services

1639

01:09:45,999 --> 01:09:44,000

is different to an air traffic

1640

01:09:48,459 --> 01:09:46,009

controller flight services are there to

1641

01:09:49,420 --> 01:09:48,469

help pilots and troubleshoot issues with

1642

01:09:50,979 --> 01:09:49,430

them and things like that

1643

01:09:53,289 --> 01:09:50,989

rather than purely plotting where they

1644

01:09:54,610 --> 01:09:53,299

actually are so the flight services

1645

01:09:57,820 --> 01:09:54,620

officer was Steve Robey

1646

01:10:01,510 --> 01:09:57,830

and this very famous conversation now

1647

01:10:05,140 --> 01:10:01,520

occurred between the pilot and the

1648

01:10:07,750 --> 01:10:05,150

flight services officer and basically to

1649

01:10:10,450 --> 01:10:07,760

keep a short shorter version of it an

1650

01:10:13,000 --> 01:10:10,460

object started buzzing his aircraft as

1651
01:10:16,600 --> 01:10:13,010
he was as he was flying along his

1652
01:10:20,189 --> 01:10:16,610
aircraft started coughing it's started

1653
01:10:22,990 --> 01:10:20,199
having you know some sort of issue and

1654
01:10:24,939 --> 01:10:23,000
he basically ended up saying that

1655
01:10:26,680 --> 01:10:24,949
there's an object hovering above me and

1656
01:10:28,180 --> 01:10:26,690
it's it's not an aircraft II and he

1657
01:10:30,189 --> 01:10:28,190
initially asked you know is there any

1658
01:10:31,330 --> 01:10:30,199
known air traffic as the RAF doing

1659
01:10:32,650 --> 01:10:31,340
anything you know he was just trying to

1660
01:10:35,110 --> 01:10:32,660
find out who might have been up there

1661
01:10:36,459 --> 01:10:35,120
with him on that on that evening and he

1662
01:10:38,590 --> 01:10:36,469
and when he found out that there was

1663
01:10:41,500 --> 01:10:38,600

nobody up there who was meant to be up

1664

01:10:43,510 --> 01:10:41,510

there it became a bit strange so the

1665

01:10:45,220 --> 01:10:43,520

transcript of what he actually says is

1666

01:10:47,350 --> 01:10:45,230

readily available you can you can google

1667

01:10:50,500 --> 01:10:47,360

that anytime and you can read that

1668

01:10:53,260 --> 01:10:50,510

transcripts between Fred Valenti and the

1669

01:10:56,050 --> 01:10:53,270

flight services officer Steve Robey so

1670

01:10:58,150 --> 01:10:56,060

that was a that was and basically he

1671

01:11:00,520 --> 01:10:58,160

disappeared so he says it's hovering

1672

01:11:02,229 --> 01:11:00,530

above me it's not an aircraft then

1673

01:11:03,370 --> 01:11:02,239

there's a strange metallic sort of a

1674

01:11:05,200 --> 01:11:03,380

scraping sound

1675

01:11:07,690 --> 01:11:05,210

ball-bearing rattling around in a team

1676

01:11:10,540 --> 01:11:07,700

that sort of annoys for about 17 seconds

1677

01:11:13,420 --> 01:11:10,550

at the end of the recording and then

1678

01:11:15,100 --> 01:11:13,430

he's gone gone gone gone no trace they

1679

01:11:16,660 --> 01:11:15,110

started looking for him straightaway and

1680

01:11:18,610 --> 01:11:16,670

they looked for him for two weeks they

1681

01:11:21,190 --> 01:11:18,620

found no sign of the plane they found no

1682

01:11:23,980 --> 01:11:21,200

wreckage they found no oil slicks they

1683

01:11:27,040 --> 01:11:23,990

found nothing that plane literally just

1684

01:11:28,690 --> 01:11:27,050

disappeared into thin air so and on that

1685

01:11:30,580 --> 01:11:28,700

particular day all up and down the

1686

01:11:32,820 --> 01:11:30,590

coastline of Victoria there was a an

1687

01:11:36,270 --> 01:11:32,830

absolute UFO flap there was reports of

1688

01:11:39,040 --> 01:11:36,280

UFOs up and down that that Western

1689

01:11:41,200 --> 01:11:39,050

Victorian coastline a man who was on

1690

01:11:43,030 --> 01:11:41,210

holidays took some photographs at that

1691

01:11:45,190 --> 01:11:43,040

time and caught a really unusual object

1692

01:11:49,180 --> 01:11:45,200

on the same night that Fred disappeared

1693

01:11:51,970 --> 01:11:49,190

so it was 1978 another key year an hour

1694

01:11:53,980 --> 01:11:51,980

in our UFO history here in Victoria so

1695

01:11:57,640 --> 01:11:53,990

what happened to him I mean that's

1696

01:11:58,870 --> 01:11:57,650

that's the that's the beer in question

1697

01:12:00,520 --> 01:11:58,880

you know what happened to him did he

1698

01:12:02,230 --> 01:12:00,530

I mean logic would say he ended up in

1699

01:12:03,610 --> 01:12:02,240

the ended up in Bass Strait you'd have

1700

01:12:05,530 --> 01:12:03,620

to say that a plane with a coughing

1701

01:12:07,540 --> 01:12:05,540

engine is going to go down and he's

1702

01:12:11,410 --> 01:12:07,550

going to end up in the in the water but

1703

01:12:12,850 --> 01:12:11,420

there was no evidence to suggest that he

1704

01:12:15,490 --> 01:12:12,860

did do that that he ended up in the

1705

01:12:17,860 --> 01:12:15,500

water they didn't find anything so you

1706

01:12:19,510 --> 01:12:17,870

know that's part of the usual is this

1707

01:12:21,760 --> 01:12:19,520

there's a fairly light aircraft you know

1708

01:12:23,260 --> 01:12:21,770

even if it crashed into the water then B

1709

01:12:25,840 --> 01:12:23,270

bits broken off it and that's float

1710

01:12:27,850 --> 01:12:25,850

around out there so it'd be highly on

1711

01:12:30,550 --> 01:12:27,860

for assessing that impact on the water

1712

01:12:32,830 --> 01:12:30,560

instantly sink to the bottom I would I

1713

01:12:36,010 --> 01:12:32,840

would say exactly and another thing is

1714

01:12:39,190 --> 01:12:36,020

there's always an oil or gas slick as

1715

01:12:41,620 --> 01:12:39,200

they say that just spreads really really

1716

01:12:44,080 --> 01:12:41,630

far you know a drop of gasoline it

1717

01:12:46,570 --> 01:12:44,090

spreads pretty far so usually when

1718

01:12:48,730 --> 01:12:46,580

something like a plane hits the water

1719

01:12:51,340 --> 01:12:48,740

not only is there floating debris but

1720

01:12:55,300 --> 01:12:51,350

there's also that sign that that they do

1721

01:12:57,220 --> 01:12:55,310

look for yes okay another question is

1722

01:12:59,050 --> 01:12:57,230

and thank you for that I always thought

1723

01:13:04,390 --> 01:12:59,060

that was a really fascinating and very

1724

01:13:07,150 --> 01:13:04,400

spooky case it is very slight with the

1725

01:13:09,310 --> 01:13:07,160

vastness of the Australian outback have

1726

01:13:12,100 --> 01:13:09,320

there been any reports of unexplained

1727

01:13:13,780 --> 01:13:12,110

ground markings like crop circles and

1728

01:13:16,700 --> 01:13:13,790

remote areas I've never heard of crop

1729

01:13:20,390 --> 01:13:16,710

circles there is that has that has that

1730

01:13:23,090 --> 01:13:20,400

happened yes yeah don't think don't

1731

01:13:25,550 --> 01:13:23,100

think like England you know where you

1732

01:13:27,170 --> 01:13:25,560

get these intricate artworks in fields

1733

01:13:28,750 --> 01:13:27,180

in England we don't tend to have that

1734

01:13:33,500 --> 01:13:28,760

here in Australia but there has been

1735

01:13:34,730 --> 01:13:33,510

multitudes of landing trace evidence is

1736

01:13:38,360 --> 01:13:34,740

what I would like to call it

1737

01:13:40,550 --> 01:13:38,370

they have been circle was in wheat

1738

01:13:42,290 --> 01:13:40,560

fields up in the western districts the

1739

01:13:43,700 --> 01:13:42,300

north at the top of Victoria the top

1740

01:13:45,860 --> 01:13:43,710

northwestern part of Victoria is

1741

01:13:47,990 --> 01:13:45,870

basically desert country and they do

1742

01:13:49,550 --> 01:13:48,000

grow wheat up in that up in that part of

1743

01:13:53,390 --> 01:13:49,560

the world up there and there's a great

1744

01:13:56,120 --> 01:13:53,400

case up there of a on a particular farm

1745

01:13:59,420 --> 01:13:56,130

where they had to combine harvesters

1746

01:14:01,280 --> 01:13:59,430

were out harvesting the harvesting the

1747

01:14:03,110 --> 01:14:01,290

wheat and it was only because they were

1748

01:14:04,670 --> 01:14:03,120

so high up in the combine harvesters

1749

01:14:07,190 --> 01:14:04,680

that they could see these compressed

1750

01:14:09,530 --> 01:14:07,200

circles in the in the wheat field

1751

01:14:11,300 --> 01:14:09,540

Wow and one of the investigators from

1752

01:14:12,760 --> 01:14:11,310

view force went up there and he

1753

01:14:14,840 --> 01:14:12,770

basically said it was absolutely

1754

01:14:17,030 --> 01:14:14,850

compressed to the ground it was as if

1755

01:14:18,950 --> 01:14:17,040

some some type of a you know heavy

1756

01:14:21,740 --> 01:14:18,960

weight had compressed and and that in

1757

01:14:24,620 --> 01:14:21,750

the soil had been basically almost baked

1758

01:14:25,940 --> 01:14:24,630

in in the way that it had been compacted

1759

01:14:28,880 --> 01:14:25,950

and digging through it was very very

1760

01:14:31,250 --> 01:14:28,890

hard he got he got sick as well when he

1761

01:14:34,370 --> 01:14:31,260

was in that in that vicinity so it was

1762

01:14:36,140 --> 01:14:34,380

that's a really good example of what

1763

01:14:37,670 --> 01:14:36,150

happened and even and that farm kind of

1764

01:14:39,980 --> 01:14:37,680

had some other strange stuff happened to

1765

01:14:42,770 --> 01:14:39,990

that the owners came home one day and

1766

01:14:44,720 --> 01:14:42,780

they saw this this bright light hovering

1767

01:14:46,250 --> 01:14:44,730

in the paddock and all the Sheep had run

1768

01:14:48,260 --> 01:14:46,260

over to the other side of the paddock

1769

01:14:49,700 --> 01:14:48,270

and his this bright light and so the

1770

01:14:50,870 --> 01:14:49,710

bright light takes off and they walk out

1771

01:14:53,030 --> 01:14:50,880

into the paddock the animals are

1772

01:14:54,680 --> 01:14:53,040

terrified and they find this eagle on

1773

01:14:57,740 --> 01:14:54,690

the ground and his eagle is wandering

1774

01:14:59,690 --> 01:14:57,750

around as if it's completely dazed it

1775

01:15:01,580 --> 01:14:59,700

couldn't fly it couldn't do anything so

1776

01:15:04,070 --> 01:15:01,590

that was a really strange incident that

1777

01:15:05,900 --> 01:15:04,080

occurred on the same property so yes we

1778

01:15:07,820 --> 01:15:05,910

do to answer the question from the from

1779

01:15:11,900 --> 01:15:07,830

the listener absolutely there's been a

1780

01:15:13,970 --> 01:15:11,910

great array of crop so call it crop

1781

01:15:17,270 --> 01:15:13,980

circles but I prefer to call it landing

1782

01:15:19,460 --> 01:15:17,280

trace case evidence around our state

1783

01:15:21,290 --> 01:15:19,470

where things have touched down farmers

1784

01:15:23,120 --> 01:15:21,300

know their properties you know they know

1785

01:15:24,830 --> 01:15:23,130

when something strange is has occurred

1786

01:15:27,710 --> 01:15:24,840

even if they didn't see it like the

1787

01:15:29,450 --> 01:15:27,720

following day so yes there's there's a

1788

01:15:30,229 --> 01:15:29,460

long history of that okay this is a

1789

01:15:35,149 --> 01:15:30,239

great question

1790

01:15:38,479 --> 01:15:35,159

up on the on the forum the 1993 Kelly

1791

01:15:40,549 --> 01:15:38,489

Cahill case was mentioned on an x-files

1792

01:15:43,549 --> 01:15:40,559

reboot episode last year

1793

01:15:46,220 --> 01:15:43,559

Mulder sites sites the case to test

1794

01:15:47,989 --> 01:15:46,230

someone's knowledge of ET cases what can

1795

01:15:50,149 --> 01:15:47,999

you tell us about this actual case and

1796

01:15:51,890 --> 01:15:50,159

then in parentheses as a joke he says

1797

01:15:54,109 --> 01:15:51,900

just in case you run we run into

1798

01:15:58,720 --> 01:15:54,119

Mulder one day and he gives us the same

1799

01:16:02,629 --> 01:15:58,730

test how about that

1800

01:16:05,209 --> 01:16:02,639

look this is this case has the potential

1801

01:16:09,169 --> 01:16:05,219

to be probably the best case in the

1802

01:16:12,439 --> 01:16:09,179

world and and I say that with true

1803

01:16:13,910 --> 01:16:12,449

seriousness has the potential it's it's

1804

01:16:16,549 --> 01:16:13,920

not the greatest case in the world but

1805

01:16:18,589 --> 01:16:16,559

it definitely has the potential to be so

1806

01:16:20,779 --> 01:16:18,599

what again I'm trying to capsule

1807

01:16:23,390 --> 01:16:20,789

things for you in a brief format not not

1808

01:16:26,959 --> 01:16:23,400

give you a full story but basically one

1809

01:16:29,629 --> 01:16:26,969

night on August 8th in the middle of

1810

01:16:31,669 --> 01:16:29,639

winter in the mid 90s this lady and her

1811

01:16:33,200 --> 01:16:31,679

husband had been driving up to visit a

1812

01:16:36,770 --> 01:16:33,210

friend and they were on their return

1813

01:16:39,709 --> 01:16:36,780

journey on the way up she had seen a UFO

1814

01:16:42,560 --> 01:16:39,719

was it was his big bright orange lights

1815

01:16:46,220 --> 01:16:42,570

double circular and she'd seen it

1816

01:16:50,750 --> 01:16:46,230

sitting hovering silently when they came

1817

01:16:53,509 --> 01:16:50,760

back down they saw the same object out

1818

01:16:55,399 --> 01:16:53,519

in the ad in a field at that time now

1819

01:16:58,700 --> 01:16:55,409

it's all housing there but back in back

1820

01:17:01,250 --> 01:16:58,710

in the 90s it was just a field and I've

1821

01:17:04,310 --> 01:17:01,260

been to the location ad in the field

1822

01:17:06,879 --> 01:17:04,320

here is just big bright amber colored

1823

01:17:09,169 --> 01:17:06,889

circles about four or five of them and

1824

01:17:11,049 --> 01:17:09,179

standing within those of Lambor lights

1825

01:17:15,589 --> 01:17:11,059

they can see little silhouettes of

1826
01:17:17,569 --> 01:17:15,599
beings standing there so it looked stop

1827
01:17:19,910 --> 01:17:17,579
their power and they got out and they

1828
01:17:22,009 --> 01:17:19,920
look wow what the hell is this and then

1829
01:17:24,410 --> 01:17:22,019
another car stopped a bit further down

1830
01:17:26,419 --> 01:17:24,420
the road and then another car stopped a

1831
01:17:28,729 --> 01:17:26,429
bit further down so this is where the

1832
01:17:31,850 --> 01:17:28,739
case becomes really really good because

1833
01:17:34,100 --> 01:17:31,860
it had independent witnesses in three

1834
01:17:36,830 --> 01:17:34,110
vehicles all looking at a at a high

1835
01:17:39,500 --> 01:17:36,840
strangeness event often it's just the

1836
01:17:41,299 --> 01:17:39,510
the one party or the one person or you

1837
01:17:43,129 --> 01:17:41,309
know and they're all connected these

1838
01:17:44,120 --> 01:17:43,139

people were not connected to each other

1839

01:17:46,490 --> 01:17:44,130

in any way there

1840

01:17:48,979 --> 01:17:46,500

we'll just stopped on this on this you

1841

01:17:52,070 --> 01:17:48,989

know dark road in them in the middle of

1842

01:17:55,729 --> 01:17:52,080

the night you know and what happens then

1843

01:17:58,129 --> 01:17:55,739

is a blue light a blue beam a PD is

1844

01:18:00,050 --> 01:17:58,139

underneath the craft and blue beam comes

1845

01:18:02,540 --> 01:18:00,060

down to the ground and lights it up in a

1846

01:18:04,939 --> 01:18:02,550

in a in a sort of a bluish glow

1847

01:18:07,220 --> 01:18:04,949

underneath the underneath the object

1848

01:18:09,950 --> 01:18:07,230

then all of a sudden these these figures

1849

01:18:12,350 --> 01:18:09,960

appear these humanoid figures appear at

1850

01:18:14,930 --> 01:18:12,360

the base of the blue beam sounds very

1851

01:18:17,180 --> 01:18:14,940

science fictiony and then all of us

1852

01:18:22,520 --> 01:18:17,190

these beings are tall and skinny and

1853

01:18:25,459 --> 01:18:22,530

black and the eyes all of a sudden light

1854

01:18:29,930 --> 01:18:25,469

up bright red and then they're like a

1855

01:18:33,290 --> 01:18:29,940

flock of flies I big big flies on the on

1856

01:18:37,189 --> 01:18:33,300

these black on these dark phases then

1857

01:18:39,520 --> 01:18:37,199

these beings all instantly shoot across

1858

01:18:41,780 --> 01:18:39,530

the paddock towards the witnesses oh

1859

01:18:44,419 --> 01:18:41,790

sorry one thing happened before that a

1860

01:18:46,129 --> 01:18:44,429

pulse came out from the object and it's

1861

01:18:47,930 --> 01:18:46,139

and it's been described as being like

1862

01:18:49,580 --> 01:18:47,940

when you're at a concert in the base the

1863

01:18:52,250 --> 01:18:49,590

base drums banging into you at a concert

1864

01:18:55,910 --> 01:18:52,260

it was like that type of effect is is

1865

01:18:57,740 --> 01:18:55,920

this burst of energy came from came from

1866

01:19:02,060 --> 01:18:57,750

the craft and it knocked them off their

1867

01:19:04,490 --> 01:19:02,070

feet then those the lizard up beings

1868

01:19:08,209 --> 01:19:04,500

came gliding across the paddock towards

1869

01:19:12,200 --> 01:19:08,219

where they were and that's the basics of

1870

01:19:14,360 --> 01:19:12,210

that particular case so it's really it's

1871

01:19:17,959 --> 01:19:14,370

a it was a very complex case with

1872

01:19:21,200 --> 01:19:17,969

multiple witness to trace evidence in

1873

01:19:22,790 --> 01:19:21,210

the in the in the field there was marks

1874

01:19:26,360 --> 01:19:22,800

on the ground that had been left there

1875

01:19:28,280 --> 01:19:26,370

when the object had departed and it was

1876

01:19:31,370 --> 01:19:28,290

a case that got political in the end and

1877

01:19:34,220 --> 01:19:31,380

it really had got shot basically it

1878

01:19:36,110 --> 01:19:34,230

basically got shut down and and and it's

1879

01:19:39,080 --> 01:19:36,120

not really discussed that the witnesses

1880

01:19:41,959 --> 01:19:39,090

of the the primary witnesses has

1881

01:19:44,030 --> 01:19:41,969

disappeared which is Kelly the other

1882

01:19:46,820 --> 01:19:44,040

witnesses were never publicly identified

1883

01:19:49,160 --> 01:19:46,830

so we don't know who they are that

1884

01:19:50,540 --> 01:19:49,170

they're not available to talk to so

1885

01:19:53,120 --> 01:19:50,550

that's where I said this case has the

1886

01:19:57,050 --> 01:19:53,130

potential to be one of the best cases in

1887

01:19:57,800 --> 01:19:57,060

history but it's hampered by the fact

1888

01:19:59,960 --> 01:19:57,810

that

1889

01:20:01,820 --> 01:19:59,970

it doesn't have the availability of the

1890

01:20:03,500 --> 01:20:01,830

witness for discussion now or the

1891

01:20:06,350 --> 01:20:03,510

corroborating witnesses who were down on

1892

01:20:09,310 --> 01:20:06,360

that particular day night well yeah that

1893

01:20:13,430 --> 01:20:09,320

is that is interesting what about the

1894

01:20:14,600 --> 01:20:13,440

1980 Rosedale case were the UFO drained

1895

01:20:18,710 --> 01:20:14,610

a large water tank

1896

01:20:21,230 --> 01:20:18,720

a lot of water tank that's another

1897

01:20:23,240 --> 01:20:21,240

really outstanding caisson and I'm glad

1898

01:20:24,770 --> 01:20:23,250

you brought it up because it's probably

1899

01:20:27,770 --> 01:20:24,780

also one of the best cases that has

1900

01:20:31,280 --> 01:20:27,780

occurred a very strong case it was on

1901

01:20:34,370 --> 01:20:31,290

September 30 1980 again at about 1:00

1902

01:20:35,780 --> 01:20:34,380

a.m. again in a dark remote location you

1903

01:20:40,460 --> 01:20:35,790

know when you opposed like to turn up

1904

01:20:43,400 --> 01:20:40,470

and a farmer was asleep in his bed and

1905

01:20:45,740 --> 01:20:43,410

he was awoken by all his animals going

1906

01:20:48,140 --> 01:20:45,750

absolutely ballistic they were the cows

1907

01:20:49,730 --> 01:20:48,150

were the cows were mooing and the horse

1908

01:20:53,420 --> 01:20:49,740

was whinnying and the dogs were barking

1909

01:20:56,330 --> 01:20:53,430

the whole the whole place was was was

1910

01:20:58,610 --> 01:20:56,340

just a cacophony of noise and he looked

1911

01:21:01,340 --> 01:20:58,620

outside he saw this object drifting

1912

01:21:02,930 --> 01:21:01,350

across from the West go over his

1913

01:21:04,430 --> 01:21:02,940

shearing shed and head out into the

1914

01:21:07,310 --> 01:21:04,440

paddock and all the animals are running

1915

01:21:08,840 --> 01:21:07,320

around out scared out of their skulls so

1916

01:21:11,770 --> 01:21:08,850

he hops on his little little farmers

1917

01:21:14,510 --> 01:21:11,780

motorbike and he drives out and he had

1918

01:21:16,970 --> 01:21:14,520

decides to follow the object and the

1919

01:21:18,950 --> 01:21:16,980

object goes about a good several hundred

1920

01:21:22,880 --> 01:21:18,960

meters away from him and hovers over a

1921

01:21:25,670 --> 01:21:22,890

big concrete water tank and it actually

1922

01:21:28,670 --> 01:21:25,680

hovers above the water tank sets down on

1923

01:21:30,290 --> 01:21:28,680

top of the tank and again a pulse comes

1924

01:21:33,230 --> 01:21:30,300

out from that object and he's knocked

1925

01:21:35,480 --> 01:21:33,240

off his bike the object takes off from

1926

01:21:37,340 --> 01:21:35,490

the tank lands on the ground next next

1927

01:21:39,080 --> 01:21:37,350

to it sits on the ground for a while

1928

01:21:43,100 --> 01:21:39,090

then it takes off and disappears into

1929

01:21:45,890 --> 01:21:43,110

the east so he was very sick and for the

1930

01:21:47,900 --> 01:21:45,900

next five days he had he was very ill he

1931

01:21:50,510 --> 01:21:47,910

could hardly get out of bed and his

1932

01:21:53,150 --> 01:21:50,520

watch stopped at about one o'clock that

1933

01:21:53,900 --> 01:21:53,160

night as well the animals ran around for

1934

01:21:56,060 --> 01:21:53,910

another week

1935

01:21:58,790 --> 01:21:56,070

the animals were so distressed they they

1936

01:22:00,470 --> 01:21:58,800

were absolutely terrified and when

1937

01:22:03,440 --> 01:22:00,480

investigators got there and the

1938

01:22:05,060 --> 01:22:03,450

following day the farm owner had come

1939

01:22:07,340 --> 01:22:05,070

because he was he was actually a farm

1940

01:22:08,960 --> 01:22:07,350

manager who had the experience they saw

1941

01:22:11,300 --> 01:22:08,970

that all the water in the tank had been

1942

01:22:12,650 --> 01:22:11,310

drained out gone there was

1943

01:22:14,180 --> 01:22:12,660

of all the water was gone and he knew

1944

01:22:15,800 --> 01:22:14,190

the tank was full the previous day

1945

01:22:17,960 --> 01:22:15,810

because he'd checked it all the water

1946

01:22:20,990 --> 01:22:17,970

had gone and all the sediment had been

1947

01:22:23,240 --> 01:22:21,000

swirled up into a half a meter swirl in

1948

01:22:26,360 --> 01:22:23,250

the bottom of the in the bottom of the

1949

01:22:30,200 --> 01:22:26,370

water tank so it was a really really

1950

01:22:33,530 --> 01:22:30,210

really strong case that occurred now I

1951

01:22:36,650 --> 01:22:33,540

just want to digress slightly talk about

1952

01:22:40,580 --> 01:22:36,660

another case briefly that it compared in

1953

01:22:42,290 --> 01:22:40,590

sale which sails the Air Force Base town

1954

01:22:46,370 --> 01:22:42,300

that's that's nearby to where this

1955

01:22:48,230 --> 01:22:46,380

occurred a policeman was out at 4:40 in

1956

01:22:50,570 --> 01:22:48,240

the morning one morning doing his rounds

1957

01:22:52,310 --> 01:22:50,580

and he saw this object traveling through

1958

01:22:54,590 --> 01:22:52,320

the sky and he watched it descend to the

1959

01:22:58,070 --> 01:22:54,600

ground and then take off again so he

1960

01:22:59,180 --> 01:22:58,080

drove to the local Air Force Base and he

1961

01:23:00,860 --> 01:22:59,190

said you guys got anything out there

1962

01:23:02,420 --> 01:23:00,870

what's going on I mean I want to know

1963

01:23:04,370 --> 01:23:02,430

they said no no there's nothing so one

1964

01:23:06,200 --> 01:23:04,380

of the RAF guys opt in the car with him

1965

01:23:07,970 --> 01:23:06,210

I drove back out there they saw this

1966

01:23:10,310 --> 01:23:07,980

object approaching them in the in the

1967

01:23:13,670 --> 01:23:10,320

squad car and the object came and it

1968

01:23:18,020 --> 01:23:13,680

stopped over over the car and it shone

1969

01:23:19,730 --> 01:23:18,030

bright light down over the car and they

1970

01:23:21,140 --> 01:23:19,740

were outside of the squad car and

1971

01:23:23,480 --> 01:23:21,150

they'll just standing there then the

1972

01:23:26,030 --> 01:23:23,490

object took off into the sky but the

1973

01:23:27,590 --> 01:23:26,040

light remained so the object in a way

1974

01:23:29,690 --> 01:23:27,600

but the light remained around the car

1975

01:23:33,260 --> 01:23:29,700

and around the men for some time the

1976

01:23:35,300 --> 01:23:33,270

light had been left over the the

1977

01:23:37,460 --> 01:23:35,310

policeman and and the and the raft

1978

01:23:39,470 --> 01:23:37,470

investigator really interesting little

1979

01:23:40,760 --> 01:23:39,480

short case just as an aside in that same

1980

01:23:44,840 --> 01:23:40,770

areas that's strange

1981

01:23:48,320 --> 01:23:44,850

and that is that called East East sail

1982

01:23:51,260 --> 01:23:48,330

Victoria that's correct it's the east

1983

01:23:53,300 --> 01:23:51,270

Isle RAF base a very very interesting

1984

01:23:56,600 --> 01:23:53,310

base there's I could talk to you for

1985

01:23:58,490 --> 01:23:56,610

half an hour about the ESL RAF base and

1986

01:24:00,140 --> 01:23:58,500

give everybody some really interesting

1987

01:24:02,060 --> 01:24:00,150

stuff about that that's just one case

1988

01:24:04,730 --> 01:24:02,070

that occurred quite close to it even

1989

01:24:07,660 --> 01:24:04,740

even US military who had been at the

1990

01:24:10,190 --> 01:24:07,670

base doing training reported a sighting

1991

01:24:12,980 --> 01:24:10,200

while they were on patrol at the RAF

1992

01:24:17,690 --> 01:24:12,990

base there's a report from around the

1993

01:24:20,660 --> 01:24:17,700

small towns that surround it it's a very

1994

01:24:23,390 --> 01:24:20,670

very interesting area that entire raft

1995

01:24:25,190 --> 01:24:23,400

bicycle base area it's a sleepy little

1996

01:24:26,660 --> 01:24:25,200

base it's now basically a try

1997

01:24:28,820 --> 01:24:26,670

anyways they spent millions of dollars

1998

01:24:30,680 --> 01:24:28,830

upgrading it in recent years but it has

1999

01:24:32,720 --> 01:24:30,690

a very strong UFO history in a very

2000

01:24:37,520 --> 01:24:32,730

strong UFO connection for such a small

2001

01:24:39,200 --> 01:24:37,530

almost insignificant base it has a lot

2002

01:24:43,100 --> 01:24:39,210

of UFO activity would you consider it a

2003

01:24:44,990 --> 01:24:43,110

UFO hotspot more or less I would i

2004

01:24:46,730 --> 01:24:45,000

absolutely would go so far as to say

2005

01:24:49,700 --> 01:24:46,740

that that over the years there's been a

2006

01:24:52,940 --> 01:24:49,710

strong strong progression of cases that

2007

01:24:55,880 --> 01:24:52,950

have occurred around that area so

2008

01:24:57,830 --> 01:24:55,890

including Rosedale which is literally

2009

01:25:00,710 --> 01:24:57,840

from the South Bay as you'd be there in

2010

01:25:03,530 --> 01:25:00,720

20 minutes so it's not far from the sail

2011

01:25:05,990 --> 01:25:03,540

raft base the policeman was was only

2012

01:25:08,240 --> 01:25:06,000

probably about 10 minutes away from the

2013

01:25:11,300 --> 01:25:08,250

raft base when he had his encounter the

2014

01:25:12,860 --> 01:25:11,310

the SAS guys doing the American SAS guys

2015

01:25:14,810 --> 01:25:12,870

doing their training there were on the

2016

01:25:17,060 --> 01:25:14,820

base when they saw these lights to send

2017

01:25:19,160 --> 01:25:17,070

out of the sky and they described them

2018

01:25:21,290 --> 01:25:19,170

as doing ballet the lights were the

2019

01:25:22,520 --> 01:25:21,300

lights were revolving and spinning and

2020

01:25:24,020 --> 01:25:22,530

interacting with each other and then

2021

01:25:27,200 --> 01:25:24,030

they all lifted buffed back up into the

2022

01:25:30,740 --> 01:25:27,210

sky again that was from US servicemen in

2023

01:25:32,690 --> 01:25:30,750

the area so yes it's a there's another

2024

01:25:34,280 --> 01:25:32,700

report from Stratford which is about 15

2025

01:25:35,780 --> 01:25:34,290

minutes away from the base where a woman

2026

01:25:37,700 --> 01:25:35,790

woke up at 3 o'clock in the morning to

2027

01:25:39,710 --> 01:25:37,710

let her cat out side she looked out the

2028

01:25:42,440 --> 01:25:39,720

window and she saw what she described as

2029

01:25:44,450 --> 01:25:42,450

a carousel of lights hanging silently in

2030

01:25:46,520 --> 01:25:44,460

the sky and she looked out the other

2031

01:25:50,600 --> 01:25:46,530

window and there's another one exactly

2032

01:25:52,520 --> 01:25:50,610

the same so yes I would say that there's

2033

01:25:57,140 --> 01:25:52,530

there's a good case to suggest that

2034

01:26:00,290 --> 01:25:57,150

there is a UFO interest in that part of

2035

01:26:01,910 --> 01:26:00,300

of our state having said that the center

2036

01:26:04,490 --> 01:26:01,920

for the central part of our state which

2037

01:26:07,610 --> 01:26:04,500

is Ballarat Bendigo for those of you on

2038

01:26:09,650 --> 01:26:07,620

Google Maps overly looking it up that's

2039

01:26:11,330 --> 01:26:09,660

another area where there's a strong UFO

2040

01:26:13,370 --> 01:26:11,340

history in the center of our state as

2041

01:26:15,980 --> 01:26:13,380

well really strong cases come out of it

2042

01:26:18,200 --> 01:26:15,990

so yeah anyway I want to keep going on

2043

01:26:20,150 --> 01:26:18,210

it people have more that that is always

2044

01:26:22,190 --> 01:26:20,160

in is always ready to interest me when

2045

01:26:26,840 --> 01:26:22,200

there's a certain area you know I'm

2046

01:26:29,360 --> 01:26:26,850

thinking a military base that's that is

2047

01:26:33,440 --> 01:26:29,370

definitely probably a possible

2048

01:26:36,470 --> 01:26:33,450

attraction I often wonder why there is

2049

01:26:38,840 --> 01:26:36,480

an attraction that actually makes a area

2050

01:26:41,290 --> 01:26:38,850

a hotspot and sometimes

2051

01:26:46,190 --> 01:26:41,300

there's say mineral deposits or

2052

01:26:47,510 --> 01:26:46,200

something unusual in an area I don't

2053

01:26:48,980 --> 01:26:47,520

really know if there's any answers just

2054

01:26:50,540 --> 01:26:48,990

like this whole topic if there's any

2055

01:26:54,590 --> 01:26:50,550

answers at all

2056

01:26:56,570 --> 01:26:54,600

go ahead suicide that area where the

2057

01:26:59,180 --> 01:26:56,580

style rep bias actually eases a very

2058

01:27:01,460 --> 01:26:59,190

fertile area it's got a it's got a big

2059

01:27:03,500 --> 01:27:01,470

irrigation scheme there the McAllister

2060

01:27:06,410 --> 01:27:03,510

irrigation scheme and it's a very rich

2061

01:27:08,840 --> 01:27:06,420

dairy area so there's dairy farms all

2062

01:27:10,730 --> 01:27:08,850

over the place it's very very in his big

2063

01:27:13,430 --> 01:27:10,740

lagoons and things like that is not

2064

01:27:15,830 --> 01:27:13,440

another grave case happened not far away

2065

01:27:17,660 --> 01:27:15,840

a farmer's Lagoon was drained of water

2066

01:27:20,060 --> 01:27:17,670

and there were strange strange markings

2067

01:27:21,950 --> 01:27:20,070

on the ground next to him about six

2068

01:27:23,870 --> 01:27:21,960

months after the Rosedale case occurred

2069

01:27:26,240 --> 01:27:23,880

so there was a there was a you know

2070

01:27:28,820 --> 01:27:26,250

water drain from the lagoon and marks on

2071

01:27:30,200 --> 01:27:28,830

the ground you know guy inter algún

2072

01:27:32,180 --> 01:27:30,210

which is the next town along from

2073

01:27:33,920 --> 01:27:32,190

sailing towards Melbourne a guy was

2074

01:27:36,530 --> 01:27:33,930

riding his bike to work in the early

2075

01:27:40,220 --> 01:27:36,540

hours of the morning and this UFO just

2076
01:27:42,140 --> 01:27:40,230
silently appears behind him and but all

2077
01:27:43,640 --> 01:27:42,150
those in is he's riding his bike at four

2078
01:27:45,320 --> 01:27:43,650
o'clock in the morning to work and it

2079
01:27:47,720 --> 01:27:45,330
shines a light on him as he's as he is

2080
01:27:52,160 --> 01:27:47,730
riding his bike so very very curious

2081
01:27:54,230 --> 01:27:52,170
that these guys are out there and they

2082
01:27:57,260 --> 01:27:54,240
take great curiosity and looking at what

2083
01:27:59,810 --> 01:27:57,270
we're doing right right now any cattle

2084
01:28:03,290 --> 01:27:59,820
mutilations you just mentioned a cattle

2085
01:28:05,090 --> 01:28:03,300
rich area it's a cattle rich area but

2086
01:28:07,010 --> 01:28:05,100
not so much mutilations I haven't found

2087
01:28:10,370 --> 01:28:07,020
any history of mutilations here not not

2088
01:28:12,740 --> 01:28:10,380

a single report of mutilations um which

2089

01:28:16,990 --> 01:28:12,750

is which you can say be quite unusual

2090

01:28:19,610 --> 01:28:17,000

but it just doesn't really occur here

2091

01:28:22,550 --> 01:28:19,620

not not I don't have a single case where

2092

01:28:26,240 --> 01:28:22,560

where a cattle has been found mutilated

2093

01:28:28,610 --> 01:28:26,250

we were lots of missing water yeah but

2094

01:28:29,750 --> 01:28:28,620

we don't seem to how I haven't the not

2095

01:28:32,600 --> 01:28:29,760

to say that it hasn't happened but I

2096

01:28:34,580 --> 01:28:32,610

don't have a case of mutilation in in

2097

01:28:36,950 --> 01:28:34,590

Victoria I'm still digging but if I find

2098

01:28:40,040 --> 01:28:36,960

one I'll be sure sure sure

2099

01:28:42,440 --> 01:28:40,050

excellent so you mentioned earlier about

2100

01:28:46,670 --> 01:28:42,450

this one farmer I think you said it was

2101

01:28:49,340 --> 01:28:46,680

a farmer who actually became ill after

2102

01:28:52,150 --> 01:28:49,350

his encounter did he was at a was that a

2103

01:28:55,250 --> 01:28:52,160

long-term effect or did he get over that

2104

01:28:57,950 --> 01:28:55,260

it was about five days I believe haha I

2105

01:29:01,220 --> 01:28:57,960

wonder what made him sick no he was

2106

01:29:02,090 --> 01:29:01,230

crooked well I reckon it was the bane

2107

01:29:05,060 --> 01:29:02,100

that hit him

2108

01:29:07,070 --> 01:29:05,070

I reckon that when he when he when the

2109

01:29:10,510 --> 01:29:07,080

object pulsed him I had to call it a

2110

01:29:12,709 --> 01:29:10,520

good pulsing when the object pulsed him

2111

01:29:14,630 --> 01:29:12,719

that was probably when when a deer or

2112

01:29:17,270 --> 01:29:14,640

there might have been something like you

2113

01:29:19,430 --> 01:29:17,280

should run up to a UFO I don't think

2114

01:29:21,530 --> 01:29:19,440

it's necessarily a great idea and you

2115

01:29:23,000 --> 01:29:21,540

know these things are emitting things

2116

01:29:25,670 --> 01:29:23,010

that we don't know what they're a

2117

01:29:27,860 --> 01:29:25,680

meeting you know so if he had sort of a

2118

01:29:30,020 --> 01:29:27,870

radiation type of an effect where he was

2119

01:29:32,300 --> 01:29:30,030

ill in bed and couldn't get out of bed

2120

01:29:34,340 --> 01:29:32,310

and was really sick then that indicates

2121

01:29:36,860 --> 01:29:34,350

that you know we shouldn't be perhaps

2122

01:29:38,720 --> 01:29:36,870

running up to these things and and you

2123

01:29:40,459 --> 01:29:38,730

know and putting our hand what not that

2124

01:29:42,380 --> 01:29:40,469

he did that but you know they should

2125

01:29:45,560 --> 01:29:42,390

always be approached in caution now you

2126
01:29:49,760 --> 01:29:45,570
mentioned earlier the other pulse that

2127
01:29:53,360 --> 01:29:49,770
the the people felt did they have any

2128
01:29:56,300 --> 01:29:53,370
ill illness from that they did it I did

2129
01:29:59,720 --> 01:29:56,310
yeah yeah Kelly was Kelly became quite

2130
01:30:04,130 --> 01:29:59,730
ill after that and she had issues with

2131
01:30:05,780 --> 01:30:04,140
her with her reproductive parts as a

2132
01:30:08,479 --> 01:30:05,790
result of that and she went to hospital

2133
01:30:10,850 --> 01:30:08,489
for a number of days now any now this is

2134
01:30:15,470 --> 01:30:10,860
kind of strange probably to ask but any

2135
01:30:18,200 --> 01:30:15,480
missing time well Kelly's case is a

2136
01:30:20,209 --> 01:30:18,210
missing teeth case so yeah absolutely

2137
01:30:23,300 --> 01:30:20,219
that that's a that's a missing time case

2138
01:30:25,250 --> 01:30:23,310

it took took them a long time to draw

2139

01:30:27,440 --> 01:30:25,260

out from her she slowly started to

2140

01:30:29,209 --> 01:30:27,450

remember what had actually happened and

2141

01:30:32,030 --> 01:30:29,219

and you know and there's still so many

2142

01:30:33,890 --> 01:30:32,040

questions around you know what happened

2143

01:30:37,670 --> 01:30:33,900

and she's the only one that has any type

2144

01:30:40,130 --> 01:30:37,680

of testimony because you wrote a book at

2145

01:30:42,229 --> 01:30:40,140

the time called encounters by Kelly

2146

01:30:43,700 --> 01:30:42,239

Cahill you can't get it now it's not not

2147

01:30:45,890 --> 01:30:43,710

been published anymore but you can find

2148

01:30:47,209 --> 01:30:45,900

it on eBay and different Amazon perhaps

2149

01:30:49,910 --> 01:30:47,219

if you get a secondhand copy they're

2150

01:30:51,890 --> 01:30:49,920

quite expensive but you can find copies

2151

01:30:53,180 --> 01:30:51,900

of it you know sort of the people have

2152

01:30:55,850 --> 01:30:53,190

got out there I've got about two copies

2153

01:30:58,070 --> 01:30:55,860

myself but yeah she that's that's a

2154

01:31:00,470 --> 01:30:58,080

missing time case it's probably the the

2155

01:31:04,190 --> 01:31:00,480

most famous missing time case that I can

2156

01:31:05,450 --> 01:31:04,200

think of off the top of my head most of

2157

01:31:07,730 --> 01:31:05,460

the other cases that I've

2158

01:31:10,130 --> 01:31:07,740

in recent times of being people being

2159

01:31:13,960 --> 01:31:10,140

terrified in the night okay

2160

01:31:17,600 --> 01:31:13,970

so funny the little segue back to Dargo

2161

01:31:20,420 --> 01:31:17,610

when we were up there just briefly the

2162

01:31:21,650 --> 01:31:20,430

lady who who we met up there not that

2163

01:31:22,940 --> 01:31:21,660

not the witness but the one who

2164

01:31:24,980 --> 01:31:22,950

introduced us to the witness the

2165

01:31:27,650 --> 01:31:24,990

facilitator of that she said to me ah

2166

01:31:29,540 --> 01:31:27,660

yeah oh we had a couple of strange

2167

01:31:31,160 --> 01:31:29,550

things happen here too I said yo Clare

2168

01:31:32,810 --> 01:31:31,170

tell me why I mean she saw my husband

2169

01:31:36,110 --> 01:31:32,820

and my son were driving along one night

2170

01:31:38,540 --> 01:31:36,120

halfway between Dargo and banza and this

2171

01:31:40,070 --> 01:31:38,550

bright light hovered over their car they

2172

01:31:42,050 --> 01:31:40,080

couldn't drive it that they couldn't

2173

01:31:44,210 --> 01:31:42,060

they couldn't steer it the car just the

2174

01:31:46,280 --> 01:31:44,220

car just stopped being able to steer the

2175

01:31:48,800 --> 01:31:46,290

light took them down the road and then

2176
01:31:50,450 --> 01:31:48,810
it basically released the car and it

2177
01:31:52,880 --> 01:31:50,460
took off again I thought well that's a

2178
01:31:55,280 --> 01:31:52,890
relatively significant event and then

2179
01:31:57,530 --> 01:31:55,290
she said to me oh and one night when I

2180
01:31:59,120 --> 01:31:57,540
was doing bad when we were living out on

2181
01:32:00,080 --> 01:31:59,130
another property I woke up in the middle

2182
01:32:02,210 --> 01:32:00,090
of the night and they're all these

2183
01:32:04,880 --> 01:32:02,220
lights swirling around outside I could

2184
01:32:06,230 --> 01:32:04,890
hear this whooshing sound and I could

2185
01:32:07,700 --> 01:32:06,240
hear this they mumble

2186
01:32:09,710 --> 01:32:07,710
she said they mumble I could hear this

2187
01:32:11,630 --> 01:32:09,720
mumbling and she said I was terrified I

2188
01:32:16,730 --> 01:32:11,640

pulled the blankets over my head and I

2189

01:32:20,240 --> 01:32:16,740

didn't get out of bed sorry stuff just

2190

01:32:23,030 --> 01:32:20,250

comes to you you know with the low

2191

01:32:26,000 --> 01:32:23,040

population there there's a lot there's a

2192

01:32:30,500 --> 01:32:26,010

lot more sightings than I thought what

2193

01:32:32,570 --> 01:32:30,510

is your organization per year or do you

2194

01:32:34,610 --> 01:32:32,580

think a lot of the cases to go to MUFON

2195

01:32:38,420 --> 01:32:34,620

or do you do you think you get a good

2196

01:32:39,200 --> 01:32:38,430

part of them oh look yeah that's an

2197

01:32:41,090 --> 01:32:39,210

interesting question

2198

01:32:43,610 --> 01:32:41,100

not much goes to MUFON there any report

2199

01:32:45,530 --> 01:32:43,620

about you know three to three to six

2200

01:32:48,260 --> 01:32:45,540

cases a month out of Australia so that

2201
01:32:50,570 --> 01:32:48,270
they don't get much from here because

2202
01:32:54,200 --> 01:32:50,580
they're not really set up here in a way

2203
01:32:56,000 --> 01:32:54,210
to fully capture that and the other

2204
01:32:58,640 --> 01:32:56,010
thing too is to capture reports

2205
01:33:01,430 --> 01:32:58,650
nationally is quite difficult you know

2206
01:33:03,940 --> 01:33:01,440
each state has a really good UFO group

2207
01:33:06,170 --> 01:33:03,950
in each state New South Wales Queensland

2208
01:33:08,660 --> 01:33:06,180
Tasmania South Australia they've all got

2209
01:33:11,930 --> 01:33:08,670
their individual UFO groups but but the

2210
01:33:13,700 --> 01:33:11,940
overall model of an overriding body is

2211
01:33:16,280 --> 01:33:13,710
not really worked we no one's had the

2212
01:33:19,010 --> 01:33:16,290
resources to make it work that's the

2213
01:33:21,770 --> 01:33:19,020

first thing so yeah we do capture

2214

01:33:23,540 --> 01:33:21,780

a number of reports you know it varies

2215

01:33:25,850 --> 01:33:23,550

we can go months without even getting a

2216

01:33:27,740 --> 01:33:25,860

report then you'll get you know a couple

2217

01:33:29,780 --> 01:33:27,750

come in in a rush you'll get five or six

2218

01:33:30,350 --> 01:33:29,790

reports come in you know in quick

2219

01:33:32,270 --> 01:33:30,360

succession

2220

01:33:34,040 --> 01:33:32,280

none of them related but you'll get you

2221

01:33:36,970 --> 01:33:34,050

know you'll get five or six reports come

2222

01:33:39,860 --> 01:33:36,980

in you know we've got over over 200

2223

01:33:41,390 --> 01:33:39,870

cases in our database which has been

2224

01:33:42,740 --> 01:33:41,400

going for five years so you could

2225

01:33:43,790 --> 01:33:42,750

probably do the mats and extrapolate

2226

01:33:45,590 --> 01:33:43,800

that out for an average or something

2227

01:33:47,450 --> 01:33:45,600

like that but it hasn't happened that

2228

01:33:49,580 --> 01:33:47,460

way like they like they tend to come in

2229

01:33:52,280 --> 01:33:49,590

fits and starts you know so you know

2230

01:33:53,960 --> 01:33:52,290

winter can be quieter than summer you

2231

01:33:55,700 --> 01:33:53,970

know because everyone's inside of night

2232

01:33:58,760 --> 01:33:55,710

no one's outside at summer time you get

2233

01:33:59,990 --> 01:33:58,770

more reports in the summer time so you

2234

01:34:02,450 --> 01:34:00,000

know but that's not to say that you're

2235

01:34:04,130 --> 01:34:02,460

not going to get something great in June

2236

01:34:05,900 --> 01:34:04,140

because obviously Kelly Cahill occurred

2237

01:34:07,580 --> 01:34:05,910

in August which is winter over here for

2238

01:34:10,970 --> 01:34:07,590

you guys your summer over their winter

2239

01:34:12,290 --> 01:34:10,980

over here so yeah it's it's you know and

2240

01:34:13,640 --> 01:34:12,300

the other the other states around

2241

01:34:15,590 --> 01:34:13,650

Australia they get they get their

2242

01:34:17,240 --> 01:34:15,600

reports as well and you know there's

2243

01:34:18,860 --> 01:34:17,250

been fits and starts on you know

2244

01:34:21,020 --> 01:34:18,870

national reporting and that type of

2245

01:34:22,670 --> 01:34:21,030

thing but no one's been able to make it

2246

01:34:26,420 --> 01:34:22,680

work at this point I don't cooperate

2247

01:34:28,070 --> 01:34:26,430

with other organizations one thing in

2248

01:34:30,830 --> 01:34:28,080

Australia is we have great cooperation

2249

01:34:32,510 --> 01:34:30,840

that is absolutely true hasn't always

2250

01:34:34,550 --> 01:34:32,520

been that way there's been the you know

2251

01:34:37,730 --> 01:34:34,560

the the politics of ufology in the past

2252

01:34:39,560 --> 01:34:37,740

but currently in the 21st century from

2253

01:34:42,260 --> 01:34:39,570

Victoria New South Wales Queensland we

2254

01:34:43,820 --> 01:34:42,270

all get on very very well we will help

2255

01:34:45,950 --> 01:34:43,830

each other out we've done events

2256

01:34:47,750 --> 01:34:45,960

together we've bought speakers from

2257

01:34:50,840 --> 01:34:47,760

America out here together we had Richard

2258

01:34:52,940 --> 01:34:50,850

Dolan here last year he came in I hosted

2259

01:34:55,660 --> 01:34:52,950

him in wave you follow Victoria for

2260

01:34:58,040 --> 01:34:55,670

action we hosted him in Melbourne he

2261

01:34:59,120 --> 01:34:58,050

here he went to New South Wales he went

2262

01:35:00,950 --> 01:34:59,130

to Queensland he went to Western

2263

01:35:02,480 --> 01:35:00,960

Australia so we all work together with

2264

01:35:03,830 --> 01:35:02,490

bringing out some international speakers

2265

01:35:06,080 --> 01:35:03,840

because it's hard for Australia because

2266

01:35:08,060 --> 01:35:06,090

we're so far away and it's quite

2267

01:35:09,890 --> 01:35:08,070

expensive but when we pull our resources

2268

01:35:12,170 --> 01:35:09,900

between the states we were able to get

2269

01:35:14,060 --> 01:35:12,180

to get some people to come out so yes

2270

01:35:16,820 --> 01:35:14,070

it's been it's a good healthy working

2271

01:35:20,000 --> 01:35:16,830

relationship great great so what are

2272

01:35:25,040 --> 01:35:20,010

some of the shapes that people have been

2273

01:35:26,450 --> 01:35:25,050

reporting for anonymous craft a how

2274

01:35:29,960 --> 01:35:26,460

about triangle so there are a lot of

2275

01:35:32,090 --> 01:35:29,970

triangle sightings I've got a Ripa for

2276

01:35:33,030 --> 01:35:32,100

I've got a really good one for you and

2277

01:35:35,760 --> 01:35:33,040

we didn't even

2278

01:35:38,850 --> 01:35:35,770

before we came on yo you know hey that

2279

01:35:40,950 --> 01:35:38,860

this that's really good got a really

2280

01:35:42,420 --> 01:35:40,960

great case yes oh yes to answer the

2281

01:35:44,310 --> 01:35:42,430

question yes there is those sort of

2282

01:35:47,730 --> 01:35:44,320

cases that occur now I've got a really

2283

01:35:49,590 --> 01:35:47,740

really good one that occurred no it's

2284

01:35:53,790 --> 01:35:49,600

relatively recent I suppose it occurred

2285

01:35:57,090 --> 01:35:53,800

in April 2016 in the early hours of the

2286

01:35:58,500 --> 01:35:57,100

morning at about five o'clock in the

2287

01:36:00,450 --> 01:35:58,510

morning and where did occur - that

2288

01:36:02,880 --> 01:36:00,460

occurred in rosebud which is Melbourne's

2289

01:36:04,890 --> 01:36:02,890

got a really big bay there a big bay

2290

01:36:06,690 --> 01:36:04,900

natural Bay of water and as you travel

2291

01:36:08,400 --> 01:36:06,700

out of Melbourne there's there's little

2292

01:36:09,540 --> 01:36:08,410

suburbs that go all the way around and

2293

01:36:11,760 --> 01:36:09,550

once you get to the bottom of the bay

2294

01:36:14,100 --> 01:36:11,770

there's an area called rosebud which is

2295

01:36:15,750 --> 01:36:14,110

right down on the Bass Strait area so

2296

01:36:17,700 --> 01:36:15,760

it's right near that Rodney and a

2297

01:36:20,550 --> 01:36:17,710

straight where Fred Valenta disappeared

2298

01:36:23,760 --> 01:36:20,560

so this guy was an aeronautical engineer

2299

01:36:26,370 --> 01:36:23,770

by by profession and he was absolutely

2300

01:36:28,170 --> 01:36:26,380

no dummy at all in terms of you know

2301

01:36:32,220 --> 01:36:28,180

what he was able to report to us about

2302

01:36:34,500 --> 01:36:32,230

what he saw and so what he saw was he

2303

01:36:36,210 --> 01:36:34,510

got up at five o'clock in the morning

2304

01:36:39,480 --> 01:36:36,220

which was his usual time for getting up

2305

01:36:41,640 --> 01:36:39,490

and he was going over to make coffee at

2306

01:36:43,380 --> 01:36:41,650

the sink and his window his kitchen

2307

01:36:44,790 --> 01:36:43,390

window looked looked outside and he saw

2308

01:36:46,770 --> 01:36:44,800

an object hovering through the window

2309

01:36:49,320 --> 01:36:46,780

and he went outside and stood on the

2310

01:36:53,070 --> 01:36:49,330

back lawn and he saw this triangular

2311

01:36:57,480 --> 01:36:53,080

shaped object hovering in the sky that

2312

01:36:59,520 --> 01:36:57,490

he described as being about maybe 500

2313

01:37:00,990 --> 01:36:59,530

metres away from where he was five

2314

01:37:02,970 --> 01:37:01,000

hundred meters to a kilometer is his

2315

01:37:05,100 --> 01:37:02,980

estimation is how far away it was and

2316

01:37:07,230 --> 01:37:05,110

there was three points of light on each

2317

01:37:08,820 --> 01:37:07,240

on each point of the triangle so there

2318

01:37:12,090 --> 01:37:08,830

was like obviously you know a light

2319

01:37:16,670 --> 01:37:12,100

source on each of those points and when

2320

01:37:18,900 --> 01:37:16,680

he came out he saw the lights went out

2321

01:37:21,690 --> 01:37:18,910

their life as he as you can walk out the

2322

01:37:23,970 --> 01:37:21,700

back back back door the lights on the on

2323

01:37:25,770 --> 01:37:23,980

the object turned off and as his eyes

2324

01:37:27,870 --> 01:37:25,780

accustom he saw that it was that it was

2325

01:37:30,960 --> 01:37:27,880

triangular shapes he went inside and he

2326

01:37:33,270 --> 01:37:30,970

grabbed a really strong LED spotlight

2327

01:37:36,360 --> 01:37:33,280

that he had and he shone that light on

2328

01:37:38,100 --> 01:37:36,370

tiny objects but checked the object

2329

01:37:39,990 --> 01:37:38,110

wouldn't reflect it wouldn't reflect it

2330

01:37:41,790 --> 01:37:40,000

all it was absorbing the light as he as

2331

01:37:42,300 --> 01:37:41,800

he shone his big bright beam from his

2332

01:37:44,370 --> 01:37:42,310

backyard

2333

01:37:46,020 --> 01:37:44,380

it was absorbing the light a weird light

2334

01:37:46,650 --> 01:37:46,030

he described it he said he could see the

2335

01:37:48,840 --> 01:37:46,660

clouds

2336

01:37:52,650 --> 01:37:48,850

behind the object but his light was

2337

01:37:56,310 --> 01:37:52,660

being absorbed by the object now this is

2338

01:37:59,430 --> 01:37:56,320

where it gets a bit spooky the objects

2339

01:38:02,580 --> 01:37:59,440

shown a light on him and it lit up the

2340

01:38:04,710 --> 01:38:02,590

entire area with a white light brilliant

2341

01:38:09,090 --> 01:38:04,720

all the trees or the powerlines

2342

01:38:11,370 --> 01:38:09,100

bird started chirping the light and the

2343

01:38:14,520 --> 01:38:11,380

illumination lasted for about 30 to 45

2344

01:38:16,410 --> 01:38:14,530

seconds the lights dimmed back to their

2345

01:38:18,360 --> 01:38:16,420

original brightness and then the object

2346

01:38:22,560 --> 01:38:18,370

disappeared incredibly fast to the

2347

01:38:25,620 --> 01:38:22,570

southwest over the ocean Wow so that's a

2348

01:38:26,850 --> 01:38:25,630

good example of a triangular craft and I

2349

01:38:27,570 --> 01:38:26,860

ran this witness and I spoke to him

2350

01:38:30,660 --> 01:38:27,580

directly east

2351

01:38:33,540 --> 01:38:30,670

he's absolutely full-on with with with

2352

01:38:36,150 --> 01:38:33,550

his recollection and he gave me all the

2353

01:38:38,400 --> 01:38:36,160

coordinates and GPS positions and

2354

01:38:41,970 --> 01:38:38,410

everything like that so it was very very

2355

01:38:44,850 --> 01:38:41,980

good that that reaction I've heard a

2356

01:38:47,100 --> 01:38:44,860

number of times where someone flashes of

2357

01:38:48,840 --> 01:38:47,110

light and it flashes back or there's

2358

01:38:52,250 --> 01:38:48,850

some type of interaction going on there

2359

01:38:55,260 --> 01:38:52,260

which is pretty amazing really yep

2360

01:38:57,720 --> 01:38:55,270

absolutely absolutely it really is it's

2361

01:38:59,700 --> 01:38:57,730

an incredible one and another brief

2362

01:39:02,480 --> 01:38:59,710

recent one that we had - which is I

2363

01:39:05,250 --> 01:39:02,490

might want to touch on briefly was up in

2364

01:39:08,430 --> 01:39:05,260

the desert country perhaps heading up

2365

01:39:10,800 --> 01:39:08,440

towards where that farm had the combine

2366

01:39:12,720 --> 01:39:10,810

harvesters in the and the circles on the

2367

01:39:15,240 --> 01:39:12,730

ground up sort of bit south of that area

2368

01:39:16,710 --> 01:39:15,250

but still in that sort of zone during

2369

01:39:18,210 --> 01:39:16,720

the middle of the day recently a lady

2370

01:39:20,760 --> 01:39:18,220

was driving there with her daughter on a

2371

01:39:22,290 --> 01:39:20,770

highway this big truck comes up behind

2372

01:39:24,810 --> 01:39:22,300

them it's basically a road rage incident

2373

01:39:26,910 --> 01:39:24,820

and she starts filming it with her

2374

01:39:29,370 --> 01:39:26,920

iPhone and the truck overtakes them

2375

01:39:31,710 --> 01:39:29,380

quite dangerously they're scared in the

2376

01:39:35,310 --> 01:39:31,720

car and she films a going past she

2377

01:39:37,970 --> 01:39:35,320

swears at the truck and interestingly in

2378

01:39:40,740 --> 01:39:37,980

the film she captures a little sphere

2379

01:39:42,570 --> 01:39:40,750

that I would describe about the size of

2380

01:39:45,540 --> 01:39:42,580

a maybe of softball or maybe a

2381

01:39:46,980 --> 01:39:45,550

basketball biggest and it comes in from

2382

01:39:49,110 --> 01:39:46,990

the left of the screen and it zigzags

2383

01:39:51,510 --> 01:39:49,120

across the truck top of the truck and

2384

01:39:55,170 --> 01:39:51,520

then it exits right of screen this is

2385

01:39:56,730 --> 01:39:55,180

silver is sort of a sphere and they

2386

01:39:57,930 --> 01:39:56,740

didn't see it at the time which is an

2387

01:39:59,280 --> 01:39:57,940

interesting thing and I think that you

2388

01:40:00,439 --> 01:39:59,290

know obviously cameras perhaps do have

2389

01:40:03,020 --> 01:40:00,449

the potential to capture

2390

01:40:05,689 --> 01:40:03,030

and she sent me the 14 she sent me

2391

01:40:08,560 --> 01:40:05,699

photos the car the location did alerts

2392

01:40:11,450 --> 01:40:08,570

I've got a good little report on it and

2393

01:40:13,610 --> 01:40:11,460

just recently another guy sent me

2394

01:40:15,260 --> 01:40:13,620

another picture from an air show which

2395

01:40:16,970 --> 01:40:15,270

was on this year down of labogen maybe

2396

01:40:19,840 --> 01:40:16,980

big air show and they have military jets

2397

01:40:24,310 --> 01:40:19,850

there and all that paraphernalia and

2398

01:40:27,380 --> 01:40:24,320

this guy sends me a photo of an f-18

2399

01:40:29,270 --> 01:40:27,390

plane in the air and behind it is an

2400

01:40:34,070 --> 01:40:29,280

object exactly the same as what the

2401
01:40:35,510 --> 01:40:34,080
woman had had in her video over when the

2402
01:40:37,370 --> 01:40:35,520
truck went past it's exactly it's

2403
01:40:40,459 --> 01:40:37,380
exactly the same and I thought to myself

2404
01:40:42,650 --> 01:40:40,469
gee that's strange she captures it on

2405
01:40:45,650 --> 01:40:42,660
her iPhone this guy's taken a photo and

2406
01:40:47,600 --> 01:40:45,660
here's this little round object in both

2407
01:40:51,860 --> 01:40:47,610
separate things that look exactly the

2408
01:40:54,709 --> 01:40:51,870
same and it's highly unlikely that a jet

2409
01:40:56,390 --> 01:40:54,719
fighter is going to drop bits off it you

2410
01:40:58,310 --> 01:40:56,400
know I've spoken to friends in the RAF

2411
01:41:01,430 --> 01:40:58,320
and and they've said look you know those

2412
01:41:03,740 --> 01:41:01,440
planes don't drop it yeah look yeah they

2413
01:41:05,030 --> 01:41:03,750

don't bits don't fall off strike

2414

01:41:07,640 --> 01:41:05,040

aircraft right right

2415

01:41:10,880 --> 01:41:07,650

do you think it's possible that this

2416

01:41:15,410 --> 01:41:10,890

could be some type of video or camera

2417

01:41:20,300 --> 01:41:15,420

anomaly well that's interesting I mean

2418

01:41:22,400 --> 01:41:20,310

it's I would say not I would say not you

2419

01:41:25,820 --> 01:41:22,410

can always look at a smudge on a photo

2420

01:41:28,100 --> 01:41:25,830

and go it's a bird it's bug you know

2421

01:41:29,689 --> 01:41:28,110

it's you know I say that but I mean

2422

01:41:32,540 --> 01:41:29,699

obviously the photos probably need

2423

01:41:33,890 --> 01:41:32,550

further analysis by people who can know

2424

01:41:35,750 --> 01:41:33,900

who have quite good at that sort of

2425

01:41:38,030 --> 01:41:35,760

thing and I'd be happy to share that

2426
01:41:39,800 --> 01:41:38,040
with people who can do it but basically

2427
01:41:41,750 --> 01:41:39,810
when you look at this footage of this

2428
01:41:43,610 --> 01:41:41,760
object that comes across the truck it's

2429
01:41:45,979 --> 01:41:43,620
just what's basically like a cannon ball

2430
01:41:49,010 --> 01:41:45,989
sort of an object just appears and it

2431
01:41:50,300 --> 01:41:49,020
appears left does a zigzag goes over the

2432
01:41:52,790 --> 01:41:50,310
top of the truck and then it's IG's

2433
01:41:55,189 --> 01:41:52,800
office a screen it's totally under its

2434
01:41:59,030 --> 01:41:55,199
own control it wasn't debris sucked up

2435
01:42:01,910 --> 01:41:59,040
by the truck it's not a balloon it

2436
01:42:04,520 --> 01:42:01,920
doesn't appear to be some type of a you

2437
01:42:09,410 --> 01:42:04,530
know emulsion issue with the camera that

2438
01:42:11,630 --> 01:42:09,420

doesn't have emulsion so it's it's clear

2439

01:42:14,240 --> 01:42:11,640

very interested in seeing that to pass

2440

01:42:16,910 --> 01:42:14,250

it along to mark D'Antoni

2441

01:42:18,920 --> 01:42:16,920

to get his opinion of an analysis of

2442

01:42:22,670 --> 01:42:18,930

that if you'd like and we can talk about

2443

01:42:25,550 --> 01:42:22,680

that all yeah we can arrange the arm so

2444

01:42:29,480 --> 01:42:25,560

another question that and you had

2445

01:42:32,180 --> 01:42:29,490

mentioned an illumination case was that

2446

01:42:35,240 --> 01:42:32,190

the 1972 constable Jarvis or is that a

2447

01:42:40,280 --> 01:42:37,370

that's the constable javis yes nonsense

2448

01:42:42,140 --> 01:42:40,290

when you mentioned before that's the one

2449

01:42:44,510 --> 01:42:42,150

I mentioned before yeah the light that

2450

01:42:46,430 --> 01:42:44,520

remained over the car once the object

2451
01:42:47,630 --> 01:42:46,440
disappear right okay I just want to make

2452
01:42:51,730 --> 01:42:47,640
sure that was the same one because that

2453
01:42:54,710 --> 01:42:51,740
was a question in here and uh here is a

2454
01:42:56,630 --> 01:42:54,720
another question I wanted to it's kind

2455
01:43:00,350 --> 01:42:56,640
of a long one are you familiar with the

2456
01:43:02,930 --> 01:43:00,360
claims of research physicist and stand

2457
01:43:07,400 --> 01:43:02,940
day Oh author of the book the cosmic

2458
01:43:11,200 --> 01:43:07,410
conspiracy no he's someone that migrated

2459
01:43:14,480 --> 01:43:11,210
to the u.s. from Australia I guess to do

2460
01:43:18,020 --> 01:43:14,490
research ok no problem so I would like

2461
01:43:20,390 --> 01:43:18,030
to hear another case that's kind of an

2462
01:43:23,890 --> 01:43:20,400
unheard of interesting these are really

2463
01:43:29,000 --> 01:43:23,900

fascinating so I'm really enjoying them

2464

01:43:30,890 --> 01:43:29,010

yeah how can i zoom I really out but

2465

01:43:32,180 --> 01:43:30,900

I've just got them you know and as I

2466

01:43:34,880 --> 01:43:32,190

said I'm going through putting this book

2467

01:43:36,740 --> 01:43:34,890

together you know cataloging all these

2468

01:43:38,630 --> 01:43:36,750

little little cases that are bit of

2469

01:43:41,090 --> 01:43:38,640

occurred over over the years and there's

2470

01:43:44,150 --> 01:43:41,100

some absolutely fascinating ones that

2471

01:43:46,580 --> 01:43:44,160

that are out there so yeah look I've got

2472

01:43:48,410 --> 01:43:46,590

ok what else can I hit yeah I'd like to

2473

01:43:51,680 --> 01:43:48,420

I'd like to hear one of the unusual

2474

01:43:55,700 --> 01:43:51,690

smaller cases that that don't get a lot

2475

01:43:57,670 --> 01:43:55,710

of you know a lot of airtime if you have

2476

01:44:03,560 --> 01:43:57,680

anything else you can tell us

2477

01:44:07,280 --> 01:44:03,570

I certainly do a similar day so I love I

2478

01:44:10,640 --> 01:44:07,290

love police academy too they're

2479

01:44:12,850 --> 01:44:10,650

practically my favorite and farmers and

2480

01:44:15,230 --> 01:44:12,860

police are my two favorites hands down

2481

01:44:18,110 --> 01:44:15,240

because neither of them we've got time

2482

01:44:19,910 --> 01:44:18,120

for time for BS and basically it's a

2483

01:44:21,980 --> 01:44:19,920

particularly policeman and they usually

2484

01:44:24,590 --> 01:44:21,990

relatively unimaginative police police

2485

01:44:27,770 --> 01:44:24,600

officers they they're pretty much direct

2486

01:44:31,010 --> 01:44:27,780

in the way that they the way that they

2487

01:44:33,770 --> 01:44:31,020

speak and and you know they're they're

2488

01:44:35,120 --> 01:44:33,780

not they're not pry into nonsense which

2489

01:44:39,830 --> 01:44:35,130

which I think makes them very very

2490

01:44:42,560 --> 01:44:39,840

credible so this case is an absolute it

2491

01:44:44,270 --> 01:44:42,570

should be all over the History Channel

2492

01:44:46,460 --> 01:44:44,280

it really should not don't understand

2493

01:44:47,780 --> 01:44:46,470

why no one's picked up on this on the

2494

01:44:49,580 --> 01:44:47,790

case like this because it would make

2495

01:44:52,400 --> 01:44:49,590

great television for the for the History

2496

01:44:56,210 --> 01:44:52,410

Channel or National Geographic or

2497

01:44:58,130 --> 01:44:56,220

Discovery this case occurred in 1993 in

2498

01:45:00,350 --> 01:44:58,140

in Melbourne so this is this is a

2499

01:45:03,050 --> 01:45:00,360

metropolitan case rather than Beninese

2500

01:45:08,660 --> 01:45:03,060

dark country road stuff this is a city

2501

01:45:10,250 --> 01:45:08,670

based case and what happened was in west

2502

01:45:12,170 --> 01:45:10,260

of Melbourne it no one will be familiar

2503

01:45:13,790 --> 01:45:12,180

with the Melbourne suburbs but isn't it

2504

01:45:16,820 --> 01:45:13,800

there's a little satellite town called

2505

01:45:18,470 --> 01:45:16,830

Melton and at the time in 1983 it was

2506

01:45:20,240 --> 01:45:18,480

pretty much a country town but now it's

2507

01:45:22,130 --> 01:45:20,250

built up out there there's housing

2508

01:45:25,400 --> 01:45:22,140

estates everywhere and it's not what it

2509

01:45:27,380 --> 01:45:25,410

was in 1983 but one particular night

2510

01:45:30,260 --> 01:45:27,390

there was two constables or two police

2511

01:45:32,990 --> 01:45:30,270

officers out in their Divi Wagon as we

2512

01:45:34,940 --> 01:45:33,000

would call it or their squad car driving

2513

01:45:37,250 --> 01:45:34,950

around and they're out on the outskirts

2514

01:45:39,500 --> 01:45:37,260

of Melton going down to some areas to

2515

01:45:41,510 --> 01:45:39,510

check where people go down and get up to

2516

01:45:42,890 --> 01:45:41,520

mischief and they turn around they come

2517

01:45:45,290 --> 01:45:42,900

back and they're driving back into

2518

01:45:47,600 --> 01:45:45,300

Melton and look up and above the

2519

01:45:49,940 --> 01:45:47,610

shopping centre they can see a bright

2520

01:45:52,820 --> 01:45:49,950

light hovering above the shopping centre

2521

01:45:55,520 --> 01:45:52,830

they look at each other and they go that

2522

01:45:56,810 --> 01:45:55,530

shouldn't be there and they drive these

2523

01:45:58,160 --> 01:45:56,820

roads all the time so they're very

2524

01:46:00,680 --> 01:45:58,170

familiar with what should and shouldn't

2525

01:46:02,150 --> 01:46:00,690

be out there so they drive back in -

2526

01:46:04,190 --> 01:46:02,160

back into melt and then they drive

2527

01:46:06,710 --> 01:46:04,200

straight to the straight to the shopping

2528

01:46:08,540 --> 01:46:06,720

centre they hop out of their car and I

2529

01:46:12,620 --> 01:46:08,550

look up and here's this object hovering

2530

01:46:15,470 --> 01:46:12,630

very low above the above the shopping

2531

01:46:18,170 --> 01:46:15,480

centre only 30 40 feet above it really

2532

01:46:20,660 --> 01:46:18,180

low and all I can see is this gantry

2533

01:46:22,520 --> 01:46:20,670

they shine their little squad cars at a

2534

01:46:25,070 --> 01:46:22,530

little spotlight in it and they shine

2535

01:46:27,500 --> 01:46:25,080

this spotlight up at this object it's

2536

01:46:28,880 --> 01:46:27,510

hovering just above the just above the

2537

01:46:32,000 --> 01:46:28,890

shopping centre and they can see this

2538

01:46:34,040 --> 01:46:32,010

gantry like a if you think of a windmill

2539

01:46:35,870 --> 01:46:34,050

like an old-fashioned windmill with its

2540

01:46:38,060 --> 01:46:35,880

with its cross struts and that sort of

2541

01:46:41,300 --> 01:46:38,070

thing they can see this in the spotlight

2542

01:46:44,120 --> 01:46:41,310

and it's making a kind of a low humming

2543

01:46:46,640 --> 01:46:44,130

noise and they looking at it in slide

2544

01:46:49,460 --> 01:46:46,650

and they can't see much else because

2545

01:46:50,780 --> 01:46:49,470

it's that's all they could report and

2546

01:46:53,150 --> 01:46:50,790

they're standing there and they

2547

01:46:54,860 --> 01:46:53,160

contemplated putting a zinger in it as

2548

01:46:56,930 --> 01:46:54,870

he called taking out their guns and

2549

01:46:58,940 --> 01:46:56,940

shooting at it but then they thought now

2550

01:47:01,070 --> 01:46:58,950

it's probably not a good idea to shoot

2551
01:47:03,200 --> 01:47:01,080
it above the shopping center so the

2552
01:47:05,240 --> 01:47:03,210
object took off and they started

2553
01:47:06,970 --> 01:47:05,250
following it and then following it

2554
01:47:09,680 --> 01:47:06,980
around out and the ad in the country

2555
01:47:12,500 --> 01:47:09,690
another object appears and this object

2556
01:47:15,010 --> 01:47:12,510
is a shaped like a mattress and it's got

2557
01:47:17,960 --> 01:47:15,020
a light underneath it and another light

2558
01:47:19,940 --> 01:47:17,970
and it's floating around out there as

2559
01:47:21,680 --> 01:47:19,950
well and these policemen are out driving

2560
01:47:23,240 --> 01:47:21,690
around and these objects are floating

2561
01:47:25,310 --> 01:47:23,250
around and they and the objects are very

2562
01:47:28,370 --> 01:47:25,320
low and as they're going along they see

2563
01:47:29,720 --> 01:47:28,380

them rise and fall rise and fall and

2564

01:47:31,490 --> 01:47:29,730

when we spoke to the policeman he said

2565

01:47:33,620 --> 01:47:31,500

it was probably that low that it was

2566

01:47:35,570 --> 01:47:33,630

jumping over fences so as it's going

2567

01:47:37,670 --> 01:47:35,580

along it's rising over a fence going

2568

01:47:38,750 --> 01:47:37,680

flat rising over another fence and going

2569

01:47:40,730 --> 01:47:38,760

they chase these things all over the

2570

01:47:43,400 --> 01:47:40,740

place they go back to the police station

2571

01:47:44,990 --> 01:47:43,410

after a while and they break and they

2572

01:47:46,220 --> 01:47:45,000

say they say look there's this weird

2573

01:47:49,550 --> 01:47:46,230

stuff going on out there

2574

01:47:52,130 --> 01:47:49,560

this is the basic version and so the

2575

01:47:53,960 --> 01:47:52,140

inspector the sergeant and all the other

2576

01:47:56,000 --> 01:47:53,970

police officers go outside and

2577

01:47:58,100 --> 01:47:56,010

approaching the police station is this

2578

01:48:00,920 --> 01:47:58,110

mattress type object floating silently

2579

01:48:02,270 --> 01:48:00,930

in the air and it passes over the over

2580

01:48:05,020 --> 01:48:02,280

the police station witnessed by the

2581

01:48:07,880 --> 01:48:05,030

inspector by the sergeant by everybody

2582

01:48:10,820 --> 01:48:07,890

they follow this object down to a

2583

01:48:12,410 --> 01:48:10,830

military antenna array there was a at

2584

01:48:15,650 --> 01:48:12,420

the time it's not there now there was an

2585

01:48:17,150 --> 01:48:15,660

intelligence gathering listening station

2586

01:48:19,130 --> 01:48:17,160

just down there just down the road from

2587

01:48:21,380 --> 01:48:19,140

where Melton is and this object the

2588

01:48:22,550 --> 01:48:21,390

floating mattress one goes right down to

2589

01:48:25,490 --> 01:48:22,560

where they put two where the

2590

01:48:27,950 --> 01:48:25,500

intelligence antenna array is and it

2591

01:48:29,510 --> 01:48:27,960

basically is so low it's going to it's

2592

01:48:30,800 --> 01:48:29,520

going to hit the antennas as its

2593

01:48:32,630 --> 01:48:30,810

approaching the antennas it does a

2594

01:48:35,030 --> 01:48:32,640

slight maneuver and it maneuvers around

2595

01:48:37,040 --> 01:48:35,040

the antennas and takes off again there

2596

01:48:38,690 --> 01:48:37,050

is officers were from Melton and an

2597

01:48:41,060 --> 01:48:38,700

additional police officers from the from

2598

01:48:44,300 --> 01:48:41,070

the suburb of sunshine chased these

2599

01:48:47,000 --> 01:48:44,310

objects around for over five hours all

2600

01:48:48,470 --> 01:48:47,010

night long they chase them and if out in

2601

01:48:52,790 --> 01:48:48,480

the country roads not knowing what they

2602

01:48:55,090 --> 01:48:52,800

were so it's and we we found that

2603

01:48:57,340 --> 01:48:55,100

constable and we contact the

2604

01:48:58,960 --> 01:48:57,350

the constables we found him and we

2605

01:49:01,270 --> 01:48:58,970

contacted him you still in Victoria

2606

01:49:03,810 --> 01:49:01,280

Police today and he's now a senior

2607

01:49:06,450 --> 01:49:03,820

senior inspector with a high ranking

2608

01:49:11,590 --> 01:49:06,460

responsibilities in Victoria Police and

2609

01:49:13,510 --> 01:49:11,600

he met us out of a suburban hotel and we

2610

01:49:16,420 --> 01:49:13,520

chatted to him for about 90 minutes and

2611

01:49:20,110 --> 01:49:16,430

we had a great conversation with it and

2612

01:49:25,030 --> 01:49:20,120

we these pragmatic policemen attitudes

2613

01:49:28,720 --> 01:49:25,040

he was like we don't know what we saw we

2614

01:49:33,430 --> 01:49:28,730

wanted to be explainable but we can't

2615

01:49:36,040 --> 01:49:33,440

explain it so he had a real problem with

2616

01:49:39,730 --> 01:49:36,050

the fact that what they had seen they

2617

01:49:43,060 --> 01:49:39,740

could not put into any kind of context

2618

01:49:45,220 --> 01:49:43,070

as to what these silent objects were

2619

01:49:47,140 --> 01:49:45,230

that were floating around in the middle

2620

01:49:52,810 --> 01:49:47,150

of the night on the outskirts of

2621

01:49:54,880 --> 01:49:52,820

Melbourne in 1983 right so it's a great

2622

01:49:56,890 --> 01:49:54,890

case it really is used to imagine it

2623

01:50:00,160 --> 01:49:56,900

guys police officers in their squad cars

2624

01:50:02,470 --> 01:50:00,170

driving around chasing mysterious

2625

01:50:05,170 --> 01:50:02,480

floating objects in the sky I know

2626

01:50:06,940 --> 01:50:05,180

there's cases in America right yes

2627

01:50:09,250 --> 01:50:06,950

yeah there's cases where there's been

2628

01:50:12,250 --> 01:50:09,260

you know town after town of police

2629

01:50:13,420 --> 01:50:12,260

officers chasing you know one object

2630

01:50:16,120 --> 01:50:13,430

through different counties and things

2631

01:50:19,750 --> 01:50:16,130

like that that you hear about I do love

2632

01:50:22,890 --> 01:50:19,760

those cases myself how did it what was

2633

01:50:27,580 --> 01:50:22,900

the ending of that whole witness

2634

01:50:29,830 --> 01:50:27,590

witnessing did it just take off yeah I

2635

01:50:31,540 --> 01:50:29,840

just I just disappeared okay if the I

2636

01:50:34,450 --> 01:50:31,550

was the dot as the dawn was arising

2637

01:50:37,480 --> 01:50:34,460

these objects just disappeared so they

2638

01:50:39,790 --> 01:50:37,490

just disappear and it actually believe

2639

01:50:41,920 --> 01:50:39,800

it or not the case actually made it into

2640

01:50:44,770 --> 01:50:41,930

the media and if you go onto our website

2641

01:50:48,190 --> 01:50:44,780

we have the actual video of the channel

2642

01:50:49,200 --> 01:50:48,200

7 news report the following day and the

2643

01:50:51,670 --> 01:50:49,210

channel 7

2644

01:50:53,470 --> 01:50:51,680

I'm not how they got ahold of it but

2645

01:50:57,490 --> 01:50:53,480

they got wind of it they went out to

2646

01:50:58,840 --> 01:50:57,500

Melton and it's just dimly enough the

2647

01:51:00,850 --> 01:50:58,850

policemen were happy to speak to them

2648

01:51:02,290 --> 01:51:00,860

about it the inspectors on their head of

2649

01:51:04,630 --> 01:51:02,300

sergeants on there they talked to the

2650

01:51:06,310 --> 01:51:04,640

two constables they go to the shopping

2651
01:51:08,479 --> 01:51:06,320
center they film the shopping center

2652
01:51:10,310 --> 01:51:08,489
they say the talam marina

2653
01:51:12,470 --> 01:51:10,320
or nothing at the time on their radar

2654
01:51:14,570 --> 01:51:12,480
and they fly channel seven fly their

2655
01:51:17,420 --> 01:51:14,580
helicopter up in the same area and and

2656
01:51:19,340 --> 01:51:17,430
and tala Marine report that yes they can

2657
01:51:21,200 --> 01:51:19,350
see them quite clearly they can see the

2658
01:51:22,459 --> 01:51:21,210
the Channel seven helicopter no problem

2659
01:51:24,530 --> 01:51:22,469
which is in the same areas where these

2660
01:51:26,660 --> 01:51:24,540
objects were hovering around so channel

2661
01:51:29,360 --> 01:51:26,670
seven put in a bit of bit of effort into

2662
01:51:30,620 --> 01:51:29,370
into into investigating in and they

2663
01:51:32,140 --> 01:51:30,630

recorded that's on yeah that's on our

2664

01:51:35,680 --> 01:51:32,150

website

2665

01:51:38,660 --> 01:51:35,690

WWF Oh a calm you can go watch that that

2666

01:51:40,040 --> 01:51:38,670

that very report that came out the next

2667

01:51:42,560 --> 01:51:40,050

day oh that's great

2668

01:51:45,890 --> 01:51:42,570

so what it was if someone goes to your

2669

01:51:48,760 --> 01:51:45,900

website the association's website well

2670

01:51:51,560 --> 01:51:48,770

first of all can you give that out

2671

01:51:59,930 --> 01:51:51,570

certainly so that I'm on my Australian

2672

01:52:05,090 --> 01:51:59,940

accent but it's WWB UFO I am calm okay

2673

01:52:07,000 --> 01:52:05,100

not a you okay and and canned like the

2674

01:52:11,420 --> 01:52:07,010

listener go on that website and actually

2675

01:52:12,709 --> 01:52:11,430

read about some of these sightings not

2676

01:52:14,780 --> 01:52:12,719

they saw yeah there might be a little

2677

01:52:18,080 --> 01:52:14,790

bit about melting on there but none is

2678

01:52:20,479 --> 01:52:18,090

doesn't stuff beyond that this is all my

2679

01:52:22,880 --> 01:52:20,489

all the for the work that I'm working on

2680

01:52:24,410 --> 01:52:22,890

at the moment with my team to bring this

2681

01:52:26,690 --> 01:52:24,420

stuff out in some type of a format that

2682

01:52:28,430 --> 01:52:26,700

people can access via a very hopefully

2683

01:52:29,630 --> 01:52:28,440

what I'm going to produce pretty so well

2684

01:52:32,120 --> 01:52:29,640

in the next few months I'll hopefully

2685

01:52:35,150 --> 01:52:32,130

have a a book or booklet available okay

2686

01:52:36,680 --> 01:52:35,160

so as far as someone doing like research

2687

01:52:39,500 --> 01:52:36,690

in Australia or something like that

2688

01:52:43,370 --> 01:52:39,510

that's not really a tool that websites

2689

01:52:45,500 --> 01:52:43,380

not really a tool for that I well it is

2690

01:52:47,420 --> 01:52:45,510

it's a resource I mean there's lots of

2691

01:52:49,580 --> 01:52:47,430

information on there about got all sorts

2692

01:52:51,770 --> 01:52:49,590

of videos on there for instance archival

2693

01:52:54,560 --> 01:52:51,780

videos so you can go watch videos about

2694

01:52:58,190 --> 01:52:54,570

you know Fred Valenti or whatever and

2695

01:53:00,260 --> 01:52:58,200

people go to our YouTube channel that's

2696

01:53:03,950 --> 01:53:00,270

the easiest way to access most of those

2697

01:53:07,370 --> 01:53:03,960

videos so that was a view fart TV be UFO

2698

01:53:10,370 --> 01:53:07,380

a TV if you google that then you'll see

2699

01:53:12,590 --> 01:53:10,380

all out most of their videos occur under

2700

01:53:15,590 --> 01:53:12,600

our channel okay now I know the the

2701

01:53:18,740 --> 01:53:15,600

Outback is an area where there's very

2702

01:53:21,060 --> 01:53:18,750

very low population but are there is

2703

01:53:24,930 --> 01:53:21,070

there any key sightings

2704

01:53:29,839 --> 01:53:24,940

of of you know historical sightings in

2705

01:53:32,729 --> 01:53:29,849

that in the outback oh this certainly is

2706

01:53:35,459 --> 01:53:32,739

it's outside of my area it's not where I

2707

01:53:37,950 --> 01:53:35,469

where I'm based but over in the outback

2708

01:53:39,930 --> 01:53:37,960

area there's been lots of I suppose a

2709

01:53:42,000 --> 01:53:39,940

lot of it's relatively anecdotal to a

2710

01:53:43,890 --> 01:53:42,010

certain extent you can drive out to the

2711

01:53:46,410 --> 01:53:43,900

middle of the Northern Territory to a

2712

01:53:49,080 --> 01:53:46,420

town called Wycliffe well which claims

2713

01:53:51,149 --> 01:53:49,090

to be the Australian UFO capital e well

2714

01:53:53,240 --> 01:53:51,159

and there's all sorts of yeah there's

2715

01:53:56,339 --> 01:53:53,250

all sorts coming what would it be like

2716

01:53:58,680 --> 01:53:56,349

millon on territory would be like being

2717

01:54:01,189 --> 01:53:58,690

in the Nevada desert or Arizona

2718

01:54:05,189 --> 01:54:01,199

somewhere like it's you know it's arid

2719

01:54:07,439 --> 01:54:05,199

red dirt country you know so it's pretty

2720

01:54:09,419 --> 01:54:07,449

dark pretty lonely pretty sparsely

2721

01:54:10,740 --> 01:54:09,429

populated there's lots of reports from

2722

01:54:12,419 --> 01:54:10,750

people out there driving around

2723

01:54:15,859 --> 01:54:12,429

encountering all sorts of strange lights

2724

01:54:19,439 --> 01:54:15,869

out there there's Aboriginal stories of

2725

01:54:20,939 --> 01:54:19,449

UFOs and historical contact with all

2726

01:54:23,640 --> 01:54:20,949

sorts of beings if you go through the

2727

01:54:26,129 --> 01:54:23,650

rich Aboriginal history that's a big job

2728

01:54:29,629 --> 01:54:26,139

in itself that probably needs more work

2729

01:54:33,720 --> 01:54:29,639

by a dedicated researcher I see haha

2730

01:54:36,180 --> 01:54:33,730

okay well great it's been I hope when

2731

01:54:37,830 --> 01:54:36,190

you do write your book that you make

2732

01:54:40,200 --> 01:54:37,840

sure that you get in touch with me

2733

01:54:42,780 --> 01:54:40,210

because I'd like to know do you have any

2734

01:54:45,959 --> 01:54:42,790

plans for actually getting it done and

2735

01:54:47,609 --> 01:54:45,969

published and all that yeah Jo I do I

2736

01:54:50,399 --> 01:54:47,619

think I think it'll probably come out in

2737

01:54:53,069 --> 01:54:50,409

the next three to fall down soon Wow

2738

01:54:55,459 --> 01:54:53,079

yeah yeah I'm really really got to burn

2739

01:54:58,979 --> 01:54:55,469

the midnight oil and get stuck into it a

2740

01:55:02,750 --> 01:54:58,989

basic I've got to go up to up to Cairns

2741

01:55:06,060 --> 01:55:02,760

in Queensland in October to do a

2742

01:55:08,879 --> 01:55:06,070

presentation at a UFO festival up in Far

2743

01:55:12,479 --> 01:55:08,889

North Queensland and I hope to have it

2744

01:55:14,550 --> 01:55:12,489

ready to take up there if I can or at

2745

01:55:18,270 --> 01:55:14,560

least a shortened version of it at that

2746

01:55:19,470 --> 01:55:18,280

point and I can always expand on it

2747

01:55:21,359 --> 01:55:19,480

because I've only just touched the thin

2748

01:55:23,879 --> 01:55:21,369

edge of the wedge we've what we've

2749

01:55:27,300 --> 01:55:23,889

discussed today so I've got a lot more

2750

01:55:29,399 --> 01:55:27,310

stuff from the from The Forgotten Files

2751

01:55:31,819 --> 01:55:29,409

yes yes I love that is that is that a

2752

01:55:34,500 --> 01:55:31,829

working title or something like that

2753

01:55:37,290 --> 01:55:34,510

it is a working title actually

2754

01:55:42,540 --> 01:55:37,300

okay and do you actually have a personal

2755

01:55:46,380 --> 01:55:42,550

website not a personal one now now I

2756

01:55:49,560 --> 01:55:46,390

don't contact Abel on Facebook or again

2757

01:55:52,229 --> 01:55:49,570

via the the Victorian UFO action website

2758

01:55:53,960 --> 01:55:52,239

my email is there people can contact me

2759

01:55:56,930 --> 01:55:53,970

there if they have any additional

2760

01:55:59,310 --> 01:55:56,940

questions or would like to know more or

2761

01:56:01,020 --> 01:55:59,320

about any of these cases that we've been

2762

01:56:02,880 --> 01:56:01,030

discussing today cellent well that's

2763

01:56:05,370 --> 01:56:02,890

great well thanks so much it's been a

2764

01:56:07,350 --> 01:56:05,380

real pleasure as always as before I

2765

01:56:09,540 --> 01:56:07,360

really appreciate you coming on the show

2766

01:56:11,520 --> 01:56:09,550

and I want to also thank you you

2767

01:56:13,140 --> 01:56:11,530

actually took a day off of work to be on

2768

01:56:13,620 --> 01:56:13,150

the show and I really do appreciate that

2769

01:56:17,210 --> 01:56:13,630

a lot

2770

01:56:19,770 --> 01:56:17,220

Oh was I not supposed to say else Scott

2771

01:56:21,720 --> 01:56:19,780

yeah Scott went for a couple of a couple

2772

01:56:23,790 --> 01:56:21,730

hours you're going back to work yeah

2773

01:56:27,090 --> 01:56:23,800

yeah I'm gonna go back to work yeah it's

2774

01:56:29,640 --> 01:56:27,100

actually midday Diane right so I'm told

2775

01:56:32,340 --> 01:56:29,650

gee you guys from that's right we made

2776

01:56:34,590 --> 01:56:32,350

it we made it to Thursday yes

2777

01:56:38,900 --> 01:56:34,600

get back - alright hey thanks so much

2778

01:56:42,030 --> 01:56:38,910

Ben you take care yeah thanks mom I use

2779

01:56:45,150 --> 01:56:42,040

alright everyone so thanks so much for

2780

01:56:47,729 --> 01:56:45,160

listening to the show and also for

2781

01:56:49,650 --> 01:56:47,739

participating in the chatroom I always

2782

01:56:52,920 --> 01:56:49,660

appreciate that a lot

2783

01:56:54,150 --> 01:56:52,930

our shows will be going to be someone

2784

01:56:57,479 --> 01:56:54,160

just said in the chatroom something

2785

01:57:00,620 --> 01:56:57,489

about Russia and I will be going back to

2786

01:57:05,360 --> 01:57:00,630

Russia this year for an extended time oh

2787

01:57:07,050 --> 01:57:05,370

boy 42 days so that comes up on June

2788

01:57:10,200 --> 01:57:07,060

June 15th

2789

01:57:12,570 --> 01:57:10,210

so starting the following week I'm going

2790

01:57:16,350 --> 01:57:12,580

to run these live shows on YouTube at

2791

01:57:18,180 --> 01:57:16,360

1:00 to 3:00 p.m. Eastern Standard Time

2792

01:57:21,060 --> 01:57:18,190

I hope some of you that are listening

2793

01:57:22,640 --> 01:57:21,070

live can make it I realize that it

2794

01:57:25,770 --> 01:57:22,650

really interferes with a lot of people

2795

01:57:30,000 --> 01:57:25,780

working but hopefully you can still come

2796

01:57:32,070 --> 01:57:30,010

on and check out the shows next week we

2797

01:57:33,960 --> 01:57:32,080

have Linda Zimmerman and she's going to

2798

01:57:36,450 --> 01:57:33,970

be talking about UFOs over New York we

2799

01:57:39,620 --> 01:57:36,460

had her on a while back she does have a

2800

01:57:43,560 --> 01:57:39,630

new book called more UFOs over New York

2801
01:57:45,570 --> 01:57:43,570
and she's a great guest really likable

2802
01:57:47,610 --> 01:57:45,580
I'm really excited to have her on next

2803
01:57:48,419 --> 01:57:47,620
week so that's it I want to thank

2804
01:57:51,300 --> 01:57:48,429
everyone that helped

2805
01:57:54,180 --> 01:57:51,310
with the show also Peggy she helps with

2806
01:57:56,459 --> 01:57:54,190
the Facebook page everyday she puts

2807
01:57:58,740 --> 01:57:56,469
postings up there and she's been doing

2808
01:58:00,870 --> 01:57:58,750
that for years now two or three years I

2809
01:58:03,689 --> 01:58:00,880
want to thank her for that there's about

2810
01:58:05,880 --> 01:58:03,699
twenty three thousand likes on that page

2811
01:58:08,130 --> 01:58:05,890
and if you want to like us you can check

2812
01:58:11,910 --> 01:58:08,140
out all the latest UFO news space news

2813
01:58:15,080 --> 01:58:11,920

things like that so I think that's it

2814

01:58:19,220 --> 01:58:15,090

for the evening again thanks so much and

2815

01:58:30,750 --> 01:58:19,230

remember to keep your eyes to the sky
