1
00:00:08,330 --> 00:00:07,220
I know you know there's explanation for

2
00:00:10,280 --> 00:00:08,340
everything that occurred in the

3
00:00:12,650 --> 00:00:10,290
Rendlesham forest incident it doesn't

4
00:00:16,160 --> 00:00:12,660
involve aliens at all it was completely

5
00:00:19,010 --> 00:00:16,170
silent it comes right over our head it's

6
00:00:20,779 --> 00:00:19,020
so a classic flying-saucer really

7
00:00:22,370 --> 00:00:20,789
standing in the clearing he turned over

8
00:00:23,630 --> 00:00:22,380
to my father and held his hand and he

9
00:00:30,349 --> 00:00:23,640
looked in his eyes and said we're not

10
00:00:33,260 --> 00:00:30,359
alone welcome to podcast UFO for our

11
00:00:35,720 --> 00:00:33,270
live show we're live every Wednesday at

12
00:00:38,299 --> 00:00:35,730
8 p.m. Eastern Standard Time on the dark

13
00:00:41,930 --> 00:00:38,309

matter radio network please remember to

14

00:00:45,260 --> 00:00:41,940

visit the website podcast UFO calm for

15

00:00:47,150 --> 00:00:45,270

past episodes blogs and forums during

16

00:00:49,700 --> 00:00:47,160

the show feel free to participate live

17

00:00:52,180 --> 00:00:49,710

in our chat room and don't forget to

18

00:00:55,939 --> 00:00:52,190

Like us on our very active Facebook page

19

00:00:58,720 --> 00:00:55,949

hello and welcome to the show and the

20

00:01:02,000 --> 00:00:58,730

announcer just lied there I'm not live

21

00:01:03,759 --> 00:01:02,010

Wednesday evening at 8 to 10 p.m.

22

00:01:06,170 --> 00:01:03,769

Eastern Standard Time I'm actually

23

00:01:08,570 --> 00:01:06,180

broadcasting from Russia you regular

24

00:01:11,480 --> 00:01:08,580

listeners know this I gave some warning

25

00:01:14,630 --> 00:01:11,490

so we're at today's it actually Tuesday

26
00:01:17,899 --> 00:01:14,640
too so we're a day early and we're not a

27
00:01:22,399 --> 00:01:17,909
dollar short but we are in the afternoon

28
00:01:26,570 --> 00:01:22,409
Eastern Standard Time 1 to 3 p.m. which

29
00:01:28,609 --> 00:01:26,580
is actually 8 to 10 p.m. my time here al

30
00:01:31,100 --> 00:01:28,619
not at Moscow time if you want to check

31
00:01:34,609 --> 00:01:31,110
it out them at actually at the Black Sea

32
00:01:38,450 --> 00:01:34,619
it's beautiful area and having a good

33
00:01:40,280 --> 00:01:38,460
time I'm here for 42 days in total so

34
00:01:44,510 --> 00:01:40,290
I'll be running my shows on Wednesday

35
00:01:46,819 --> 00:01:44,520
afternoon from 1 to 3 p.m. that's when

36
00:01:48,800 --> 00:01:46,829
you can catch me live on YouTube and I

37
00:01:50,270 --> 00:01:48,810
have done some email from the people in

38
00:01:51,590 --> 00:01:50,280

Europe and they're real excited about it

39

00:01:56,899 --> 00:01:51,600

because they can actually watch it live

40

00:02:01,020 --> 00:01:59,429

thank you if you are listening live and

41

00:02:02,999 --> 00:02:01,030

the chat rooms available as well and

42

00:02:05,279 --> 00:02:03,009

I'll be checking messages on that

43

00:02:07,590 --> 00:02:05,289

throughout the show so thanks so much

44

00:02:10,350 --> 00:02:07,600

and we are ready to get started

45

00:02:12,240 --> 00:02:10,360

alejandro couldn't make it today he'll

46

00:02:13,860 --> 00:02:12,250

be back next week he's going to be

47

00:02:16,290 --> 00:02:13,870

joining us live it's just because I had

48

00:02:18,870 --> 00:02:16,300

to do it the day early that he could not

49

00:02:23,130 --> 00:02:18,880

make it now we have the one and only

50

00:02:25,290 --> 00:02:23,140

Kevin Randle real excited to have him he

51
00:02:29,580 --> 00:02:25,300
and I are going to be talking about a

52
00:02:31,949 --> 00:02:29,590
document now noted on the web page

53
00:02:33,210 --> 00:02:31,959
midnight in the desert that we have to

54
00:02:36,690 --> 00:02:33,220
announce this was something that was

55
00:02:38,880 --> 00:02:36,700
released to Heather Wade on midnight in

56
00:02:40,589 --> 00:02:38,890
the desert and we're going to be talking

57
00:02:44,670 --> 00:02:40,599
about that it's been making a lot of

58
00:02:45,509 --> 00:02:44,680
buzz and Kevin had a top-secret security

59
00:02:47,729 --> 00:02:45,519
clearance

60
00:02:50,400 --> 00:02:47,739
he knows how these documents are

61
00:02:52,620 --> 00:02:50,410
supposed to be written and has a lot of

62
00:02:54,990 --> 00:02:52,630
great information on it and Kevin

63
00:02:56,100 --> 00:02:55,000

welcome to the show how you doing I'm

64

00:02:58,949 --> 00:02:56,110

doing fine

65

00:03:00,660 --> 00:02:58,959

and you're in Russia I'm in Russia and I

66

00:03:02,610 --> 00:03:00,670

just what did you say I did I

67

00:03:04,680 --> 00:03:02,620

compromised your security clearance I

68

00:03:07,289 --> 00:03:04,690

was about to say that you compromised me

69

00:03:10,229 --> 00:03:07,299

the NSA now is seeing that I'm getting

70

00:03:12,449 --> 00:03:10,239

phone calls or skype messages from from

71

00:03:14,550 --> 00:03:12,459

the former Soviet Union now Russia so

72

00:03:16,050 --> 00:03:14,560

I'm probably dead in the water here

73

00:03:19,710 --> 00:03:16,060

thanks a lot fella

74

00:03:22,710 --> 00:03:19,720

sorry about that but I'm so glad to have

75

00:03:25,500 --> 00:03:22,720

you on and I have said this many times

76
00:03:29,059 --> 00:03:25,510
before on my show and actually when I do

77
00:03:34,530 --> 00:03:29,069
Alejandro Rojas is news on open minds

78
00:03:36,479 --> 00:03:34,540
dot TV as well as you are the go-to guy

79
00:03:38,759 --> 00:03:36,489
I think in a lot of cases when it comes

80
00:03:42,210 --> 00:03:38,769
to getting the true story on what's

81
00:03:44,699 --> 00:03:42,220
going on and I was really happy to see

82
00:03:47,430 --> 00:03:44,709
that you explored this document that has

83
00:03:50,879 --> 00:03:47,440
been going I want to say semi viral in

84
00:03:53,339 --> 00:03:50,889
the UFO community so so let's talk about

85
00:03:56,430 --> 00:03:53,349
it when's the first time you heard about

86
00:04:02,250 --> 00:03:56,440
it and all that I heard about it at 4:10

87
00:04:06,140 --> 00:04:02,260
p.m. central Daylight Time on Wednesday

88
00:04:09,030 --> 00:04:06,150

June 14th I was after pinning it down I

89

00:04:10,140 --> 00:04:09,040

was going to have a Steve Bassett on my

90

00:04:12,420 --> 00:04:10,150

show a different perspective

91

00:04:15,240 --> 00:04:12,430

which is hosted on the exo and broadcast

92

00:04:18,539 --> 00:04:15,250

network and i couldn't make contact with

93

00:04:20,279 --> 00:04:18,549

him and so we had to fall to our or drop

94

00:04:23,310 --> 00:04:20,289

back to our fallback position which is

95

00:04:25,320 --> 00:04:23,320

put up one of the other shows and he

96

00:04:26,790 --> 00:04:25,330

called me at 4:10 and said this is too

97

00:04:28,890 --> 00:04:26,800

late and I said yeah the ship has sailed

98

00:04:30,870 --> 00:04:28,900

al and he said well we've been chasing

99

00:04:33,420 --> 00:04:30,880

this document and he told me about it

100

00:04:35,310 --> 00:04:33,430

and where it was and he wanted to get on

101
00:04:36,779 --> 00:04:35,320
the radio right then and there and talk

102
00:04:38,909 --> 00:04:36,789
about it and I'm thinking I haven't even

103
00:04:41,159 --> 00:04:38,919
seen it yet I don't want to have

104
00:04:43,590 --> 00:04:41,169
anything to do with it cuz it's mj-12

105
00:04:45,510 --> 00:04:43,600
and I'm pretty well convinced that mj-12

106
00:04:46,950 --> 00:04:45,520
is a hoax but all of it is a hoax

107
00:04:49,110 --> 00:04:46,960
there's really nothing to it of any

108
00:04:52,469 --> 00:04:49,120
value but I wanted to see the document

109
00:04:53,120 --> 00:04:52,479
because it could be that I was wrong on

110
00:04:56,340 --> 00:04:53,130
that

111
00:04:59,060 --> 00:04:56,350
so yeah I mean you have to see it so he

112
00:05:02,700 --> 00:04:59,070
told me where it was I downloaded it

113
00:05:04,740 --> 00:05:02,710

immediately from from Heather site the

114

00:05:06,689 --> 00:05:04,750

midnight in the desert and looked at it

115

00:05:08,969 --> 00:05:06,699

the first thing I saw it says ultra top

116

00:05:11,189 --> 00:05:08,979

secret and I'm thinking you know that

117

00:05:13,230 --> 00:05:11,199

just doesn't make good sense to me Ultra

118

00:05:16,560 --> 00:05:13,240

top secret because Ultra was a program

119

00:05:18,110 --> 00:05:16,570

for the British during the Second World

120

00:05:22,080 --> 00:05:18,120

War where they were talking about

121

00:05:24,719 --> 00:05:22,090

attempting to intercept into code top

122

00:05:25,409 --> 00:05:24,729

secret Nazi communications for the for

123

00:05:27,510 --> 00:05:25,419

the war effort

124

00:05:29,939 --> 00:05:27,520

but it also says at the bottom of the

125

00:05:31,080 --> 00:05:29,949

thing read and destroy light I'm

126

00:05:32,129 --> 00:05:31,090

thinking well if it says read and

127

00:05:35,990 --> 00:05:32,139

destroy which is a really dumb

128

00:05:40,219 --> 00:05:36,000

instruction but how did this one escape

129

00:05:42,330 --> 00:05:40,229

from from that when you destroy

130

00:05:44,580 --> 00:05:42,340

classified materials in it especially

131

00:05:47,879 --> 00:05:44,590

secret and top secret materials you're

132

00:05:49,860 --> 00:05:47,889

required to fill out documentation to to

133

00:05:54,540 --> 00:05:49,870

verify it has been been properly

134

00:05:56,279 --> 00:05:54,550

destroyed and so if this was read and

135

00:05:58,020 --> 00:05:56,289

destroy he would have had he would I

136

00:06:00,950 --> 00:05:58,030

probably should say he or she but it's

137

00:06:03,899 --> 00:06:00,960

probably a guy would have had to

138

00:06:05,370 --> 00:06:03,909

document its destruction so he lied on a

139

00:06:07,680 --> 00:06:05,380

government document about its

140

00:06:09,510 --> 00:06:07,690

destruction and then spirited it out of

141

00:06:12,480 --> 00:06:09,520

the facility

142

00:06:15,529 --> 00:06:12,490

top secret material requires storage in

143

00:06:17,700 --> 00:06:15,539

a vault by the way not just a safe or a

144

00:06:21,510 --> 00:06:17,710

reinforced filing cabinet requires a

145

00:06:23,070 --> 00:06:21,520

vault so taking a document out like that

146

00:06:24,320 --> 00:06:23,080

is something even even worse than

147

00:06:27,200 --> 00:06:24,330

stealing a secret

148

00:06:29,089 --> 00:06:27,210

a confidential document so this was the

149

00:06:31,070 --> 00:06:29,099

first thing that struck me but but I

150

00:06:34,820 --> 00:06:31,080

went on and I looked at it I looked at

151
00:06:37,159 --> 00:06:34,830
the way it was constructed and the thing

152
00:06:38,839 --> 00:06:37,169
that the other thing is on classified

153
00:06:41,209 --> 00:06:38,849
material there's always a stamp at the

154
00:06:44,300 --> 00:06:41,219
top and the bottom that gives the

155
00:06:45,589 --> 00:06:44,310
classification top secret or secret or

156
00:06:48,649 --> 00:06:45,599
confidential it's at the top and the

157
00:06:51,409 --> 00:06:48,659
bottom of all pages this thing only had

158
00:06:53,600 --> 00:06:51,419
the classification at the top page so

159
00:06:55,189 --> 00:06:53,610
that that's a problem it said the

160
00:06:56,869 --> 00:06:55,199
authors and there was a big thing across

161
00:06:58,459 --> 00:06:56,879
it said classified the authors weren't

162
00:07:01,959 --> 00:06:58,469
listed I'm thinking I can't think of a

163
00:07:04,339 --> 00:07:01,969

reason that you'd have a document

164

00:07:05,899 --> 00:07:04,349

created you can't list who the authors

165

00:07:07,279 --> 00:07:05,909

were because of course if they've listed

166

00:07:09,140 --> 00:07:07,289

the names we'd have been able to maybe

167

00:07:12,020 --> 00:07:09,150

find out who they were what they were

168

00:07:13,640 --> 00:07:12,030

doing or would be unable to find them in

169

00:07:15,920 --> 00:07:13,650

a position where they would be creating

170

00:07:17,450 --> 00:07:15,930

a document like this and then I got to

171

00:07:19,700 --> 00:07:17,460

the Roswell stuff and it just really

172

00:07:24,080 --> 00:07:19,710

fell apart from there I think the date

173

00:07:28,640 --> 00:07:24,090

says something like 0 7 July 47 which

174

00:07:30,740 --> 00:07:28,650

are 0 7 July , 1947 which is the way the

175

00:07:32,869 --> 00:07:30,750

things are dated on the mj-12 documents

176

00:07:35,990 --> 00:07:32,879

but that's not standard military a

177

00:07:39,409 --> 00:07:36,000

dating format the information inside the

178

00:07:43,010 --> 00:07:39,419

Roswell part of this document was just

179

00:07:46,790 --> 00:07:43,020

horribly inaccurate it said for example

180

00:07:49,700 --> 00:07:46,800

that Brazel had called the chirps office

181

00:07:51,680 --> 00:07:49,710

at some at 5 o'clock in the morning well

182

00:07:56,240 --> 00:07:51,690

a Mac Brazel didn't have a telephone and

183

00:07:59,089 --> 00:07:56,250

B we know from testimony of a number of

184

00:08:04,399 --> 00:07:59,099

people that he took the stuff to Roswell

185

00:08:05,089 --> 00:08:04,409

and he got there it early enough that he

186

00:08:07,159 --> 00:08:05,099

could interrupt

187

00:08:08,510 --> 00:08:07,169

Jesse Marcel's lunch Jesse Marcel was

188

00:08:10,189 --> 00:08:08,520

eating lunch over at the officer's club

189

00:08:12,409 --> 00:08:10,199

according to what Jesse Marcel said when

190

00:08:13,909 --> 00:08:12,419

he got the call from the sheriff so that

191

00:08:15,469 --> 00:08:13,919

the timing didn't work out there's all

192

00:08:16,610 --> 00:08:15,479

kinds of things like that in the Roswell

193

00:08:17,119 --> 00:08:16,620

part of it they just didn't make any

194

00:08:20,420 --> 00:08:17,129

sense

195

00:08:23,659 --> 00:08:20,430

we move on to the Aztec part of it and

196

00:08:25,490 --> 00:08:23,669

it doesn't really fit with the

197

00:08:27,350 --> 00:08:25,500

information we know about that I believe

198

00:08:29,980 --> 00:08:27,360

Aztec is a hoax I don't believe there

199

00:08:32,389 --> 00:08:29,990

was anything there I know that I in

200

00:08:34,040 --> 00:08:32,399

disagreement with a lot of different

201
00:08:37,550 --> 00:08:34,050
people on that but I think the the Aztec

202
00:08:40,399 --> 00:08:37,560
crash is a hoax as well so if this is

203
00:08:42,529 --> 00:08:40,409
included in the mj-12 document in this

204
00:08:44,600 --> 00:08:42,539
NJ 12 document well that tells me that

205
00:08:46,250 --> 00:08:44,610
it's a hoax but then we get to the part

206
00:08:50,120 --> 00:08:46,260
where there's an interview with an

207
00:08:52,940 --> 00:08:50,130
extraterrestrial biological entity and

208
00:08:54,140 --> 00:08:52,950
so I read through that it said it was an

209
00:08:56,720 --> 00:08:54,150
interview conducted by several

210
00:08:58,340 --> 00:08:56,730
interviewers last few pages but the

211
00:09:00,110 --> 00:08:58,350
thing that leapt out of me was they said

212
00:09:01,550 --> 00:09:00,120
well why do you come here and part of

213
00:09:03,950 --> 00:09:01,560

the answer was well we like your trees

214

00:09:05,570 --> 00:09:03,960

right yeah and I'm thinking yeah do you

215

00:09:08,410 --> 00:09:05,580

like the dependent music and the

216

00:09:13,010 --> 00:09:08,420

strawberry ice cream as well you know

217

00:09:16,730 --> 00:09:13,020

the lead the the responses by this alien

218

00:09:18,110 --> 00:09:16,740

being were awful equal English and I

219

00:09:21,320 --> 00:09:18,120

can't think that they would be talking

220

00:09:23,540 --> 00:09:21,330

in the vernacular of the English even

221

00:09:25,160 --> 00:09:23,550

even no matter how smart they were so

222

00:09:27,920 --> 00:09:25,170

there were a lot of little things like

223

00:09:29,269 --> 00:09:27,930

that and that was my first gut reaction

224

00:09:31,550 --> 00:09:29,279

to it but then I went through and looked

225

00:09:34,070 --> 00:09:31,560

through it carefully and it became even

226

00:09:37,460 --> 00:09:34,080

worse there the mistakes were just

227

00:09:39,800 --> 00:09:37,470

Legion the text didn't make any sense

228

00:09:41,840 --> 00:09:39,810

the way it was written it wasn't written

229

00:09:44,270 --> 00:09:41,850

in the way a document like this would be

230

00:09:46,480 --> 00:09:44,280

written at the high levels it was it's

231

00:09:50,450 --> 00:09:46,490

riddled with errors and inconsistencies

232

00:09:52,640 --> 00:09:50,460

so my conclusion was after having an

233

00:09:54,230 --> 00:09:52,650

opportunity and read it carefully and I

234

00:09:57,170 --> 00:09:54,240

communicated this to Steve Bassett as

235

00:09:58,490 --> 00:09:57,180

well on Wednesday I think when we when

236

00:10:01,750 --> 00:09:58,500

we first talked about it then we talked

237

00:10:05,210 --> 00:10:01,760

about it again on Saturday for my show

238

00:10:07,910 --> 00:10:05,220

but I told him that I just I thought the

239

00:10:11,810 --> 00:10:07,920

thing was a hoax and I and I I approach

240

00:10:12,890 --> 00:10:11,820

these things because I know people are

241

00:10:14,870 --> 00:10:12,900

going to say well you don't believe

242

00:10:16,520 --> 00:10:14,880

mj-12 therefore anything says mj-12

243

00:10:19,010 --> 00:10:16,530

you're going to reject out of hand and

244

00:10:21,410 --> 00:10:19,020

I'm always of the mind of the the

245

00:10:23,900 --> 00:10:21,420

prospector it which is you always have

246

00:10:25,730 --> 00:10:23,910

to look you don't expect to find gold in

247

00:10:27,410 --> 00:10:25,740

certain places but you have to look

248

00:10:29,240 --> 00:10:27,420

because in case it's there you want to

249

00:10:32,390 --> 00:10:29,250

be able to find it and so every time

250

00:10:34,670 --> 00:10:32,400

something like this surfaces I look to

251

00:10:37,130 --> 00:10:34,680

see if it is something that is

252

00:10:38,840 --> 00:10:37,140

legitimate and this thing suffers from

253

00:10:40,310 --> 00:10:38,850

all the problems with the other mj-12

254

00:10:41,870 --> 00:10:40,320

documents which begins with a lack of

255

00:10:42,860 --> 00:10:41,880

provenance we don't know who the guy was

256

00:10:45,260 --> 00:10:42,870

who stole it

257

00:10:47,780 --> 00:10:45,270

we don't know how it got into Heather

258

00:10:49,820 --> 00:10:47,790

let Heather Wade's hands although we do

259

00:10:50,960 --> 00:10:49,830

know that according to her she knows the

260

00:10:52,610 --> 00:10:50,970

guys

261

00:10:57,499 --> 00:10:52,620

who sent it to her and she finds them

262

00:11:00,879 --> 00:10:57,509

reliable which is completely possible I

263

00:11:04,610 --> 00:11:00,889

suppose but the document is just

264

00:11:06,110 --> 00:11:04,620

outrageously fraudulent I was to say it

265

00:11:08,780 --> 00:11:06,120

well let me ask you a couple questions

266

00:11:10,879 --> 00:11:08,790

about it first of all have you ever

267

00:11:16,670 --> 00:11:10,889

heard of a situation where a document

268

00:11:18,980 --> 00:11:16,680

does say read and destroy no is that a

269

00:11:20,509 --> 00:11:18,990

possibility that the government would

270

00:11:20,960 --> 00:11:20,519

have ever been involved in a document

271

00:11:27,559 --> 00:11:20,970

like that

272

00:11:30,980 --> 00:11:27,569

um I think there are I always thought

273

00:11:32,960 --> 00:11:30,990

the eyes-only classification you know a

274

00:11:36,939 --> 00:11:32,970

secretary of defense eyes only kind of

275

00:11:41,569 --> 00:11:39,230

there's there possibly could be

276

00:11:44,389 --> 00:11:41,579

materials at the highest level of

277

00:11:45,410 --> 00:11:44,399

classification that that tell people to

278

00:11:48,019 --> 00:11:45,420

read it and then destroy it immediately

279

00:11:51,110 --> 00:11:48,029

so it it cannot get out into the public

280

00:11:52,790 --> 00:11:51,120

yeah but in that case we wouldn't have

281

00:11:54,740 --> 00:11:52,800

any of these sort of things to look at

282

00:11:56,600 --> 00:11:54,750

that's right I've never I've never come

283

00:11:58,610 --> 00:11:56,610

across anything like that which is not

284

00:12:01,610 --> 00:11:58,620

to say it doesn't exist it's just in my

285

00:12:03,619 --> 00:12:01,620

career I never saw anything like that

286

00:12:04,970 --> 00:12:03,629

and and and to be perfectly candid for

287

00:12:07,309 --> 00:12:04,980

the most part in my career I only

288

00:12:09,759 --> 00:12:07,319

handled secret material I rarely came

289

00:12:13,759 --> 00:12:09,769

across top secret material that in

290

00:12:15,740 --> 00:12:13,769

Indian and in my positions I was one of

291

00:12:17,420 --> 00:12:15,750

the few people in the organization and

292

00:12:19,730 --> 00:12:17,430

by that I mean when I was in the Air

293

00:12:21,559 --> 00:12:19,740

Force the the either the wing or the

294

00:12:24,939 --> 00:12:21,569

group level activity and when I was in

295

00:12:29,780 --> 00:12:24,949

the and the army at the battalion level

296

00:12:33,499 --> 00:12:29,790

I never came across I came across

297

00:12:34,699 --> 00:12:33,509

top-secret materials the nature of my

298

00:12:36,439 --> 00:12:34,709

jobs didn't require me to have

299

00:12:39,699 --> 00:12:36,449

top-secret materials I did in fact

300

00:12:41,540 --> 00:12:39,709

attend a Defense Intelligence School

301
00:12:42,740 --> 00:12:41,550
where you had to have a top-secret

302
00:12:44,299 --> 00:12:42,750
clearance to go because they were

303
00:12:46,549 --> 00:12:44,309
dealing with top-secret materials and we

304
00:12:50,299 --> 00:12:46,559
were getting top secret briefings and I

305
00:12:53,269 --> 00:12:50,309
know of a circumstance of a military

306
00:12:55,610 --> 00:12:53,279
museum and I won't say where where you

307
00:12:56,929 --> 00:12:55,620
there was a secret room a top secret

308
00:12:58,419 --> 00:12:56,939
room where you had to have a top secret

309
00:13:01,669 --> 00:12:58,429
clearance to get in to see the stuff

310
00:13:03,410 --> 00:13:01,679
because of what it was and what it would

311
00:13:04,150 --> 00:13:03,420
suggest and I did get a chance to get

312
00:13:06,680 --> 00:13:04,160
into that room

313
00:13:09,260 --> 00:13:06,690

but we were any interesting side part

314

00:13:11,150 --> 00:13:09,270

was the the curator took me out into a

315

00:13:13,460 --> 00:13:11,160

display earlier where they had a lot of

316

00:13:15,680 --> 00:13:13,470

different military equipment displayed

317

00:13:16,760 --> 00:13:15,690

and one of them had been shot up and he

318

00:13:18,320 --> 00:13:16,770

wanted to know the caliber of the

319

00:13:20,530 --> 00:13:18,330

bullets that had gone through there and

320

00:13:22,700 --> 00:13:20,540

I'm thinking why why don't you know this

321

00:13:24,530 --> 00:13:22,710

but it looked to me like it had been hit

322

00:13:26,240 --> 00:13:24,540

by 50 caliber rounds so I said that's

323

00:13:29,360 --> 00:13:26,250

what I said - I think it was like a 50

324

00:13:30,800 --> 00:13:29,370

Cal to me I don't know why they had

325

00:13:32,420 --> 00:13:30,810

didn't have somebody else that could

326

00:13:35,090 --> 00:13:32,430

have told him that so or maybe they were

327

00:13:37,490 --> 00:13:35,100

just getting a survey of opinion find

328

00:13:39,560 --> 00:13:37,500

something like that but I point is you

329

00:13:40,730 --> 00:13:39,570

know when we look at this stuff and you

330

00:13:45,260 --> 00:13:40,740

start dealing with with stuff at the

331

00:13:47,500 --> 00:13:45,270

very highest levels the people who are

332

00:13:49,640 --> 00:13:47,510

allowed to see it it's very very limited

333

00:13:51,410 --> 00:13:49,650

you have first of all you have to have a

334

00:13:53,210 --> 00:13:51,420

top secret clearance second of all you

335

00:13:54,500 --> 00:13:53,220

have to have a need-to-know and third of

336

00:13:56,420 --> 00:13:54,510

all there's often a code word that goes

337

00:13:59,060 --> 00:13:56,430

with it you have to be codeword cleared

338

00:14:01,400 --> 00:13:59,070

to see it as well and and and to use the

339

00:14:03,470 --> 00:14:01,410

example from this it would have said top

340

00:14:06,020 --> 00:14:03,480

secret ultra as opposed to ultra top

341

00:14:07,310 --> 00:14:06,030

secret but to see the document then you

342

00:14:08,780 --> 00:14:07,320

would have had a top secret ultra

343

00:14:09,980 --> 00:14:08,790

clearance and that would have been noted

344

00:14:11,150 --> 00:14:09,990

and if you didn't have the top secret

345

00:14:12,680 --> 00:14:11,160

ultra clearance you wouldn't be allowed

346

00:14:14,750 --> 00:14:12,690

to see the document even though you have

347

00:14:16,310 --> 00:14:14,760

a top secret clearance one of the other

348

00:14:20,450 --> 00:14:16,320

things that's been mentioned about this

349

00:14:23,240 --> 00:14:20,460

is the paragraphs aren't noted in a lot

350

00:14:25,700 --> 00:14:23,250

of the especially the top secret

351
00:14:27,500 --> 00:14:25,710
materials each paragraph will begin with

352
00:14:29,870 --> 00:14:27,510
a little parenthetical statement it will

353
00:14:32,060 --> 00:14:29,880
say like TS for top secret or s for

354
00:14:34,100 --> 00:14:32,070
secrecy for confidential to allow the

355
00:14:36,170 --> 00:14:34,110
reader to know the level of

356
00:14:39,140 --> 00:14:36,180
classification that specific material

357
00:14:41,380 --> 00:14:39,150
especially if the material is made up of

358
00:14:44,750 --> 00:14:41,390
all different levels of classification

359
00:14:46,460 --> 00:14:44,760
the document we classified at the

360
00:14:47,630 --> 00:14:46,470
highest level of any of the information

361
00:14:49,700 --> 00:14:47,640
in it but all the information doesn't

362
00:14:52,520 --> 00:14:49,710
have to be top secret there's also

363
00:14:54,920 --> 00:14:52,530

something else called no forum so it

364

00:14:58,420 --> 00:14:54,930

means no foreign dissemination and so

365

00:15:01,970 --> 00:14:58,430

you'd see TS - no fo r and no foreign

366

00:15:04,130 --> 00:15:01,980

and this doesn't have anything like that

367

00:15:05,600 --> 00:15:04,140

on it at all none of those sorts of

368

00:15:07,780 --> 00:15:05,610

things are there and I would expect to

369

00:15:11,510 --> 00:15:07,790

see some of that in a document like this

370

00:15:13,820 --> 00:15:11,520

sure now a couple things about this

371

00:15:16,550 --> 00:15:13,830

particular document document first of

372

00:15:17,519 --> 00:15:16,560

all is it's supposed to have the

373

00:15:19,949 --> 00:15:17,529

appearance of

374

00:15:22,170 --> 00:15:19,959

Mamiya graft or something what is it

375

00:15:25,139 --> 00:15:22,180

it's very hard to read and by the way

376

00:15:27,059 --> 00:15:25,149

any listener can read this it's on of

377

00:15:30,389 --> 00:15:27,069

course midnight in the deserts but it's

378

00:15:34,379 --> 00:15:30,399

also on our website linked under the

379

00:15:37,129 --> 00:15:34,389

show notes do you think I growl it I'll

380

00:15:40,410 --> 00:15:37,139

interrupt a saying you can go to my blog

381

00:15:41,460 --> 00:15:40,420

WWWF and radwa blog spot.com and click

382

00:15:42,749 --> 00:15:41,470

on the link and it'll take you to

383

00:15:43,860 --> 00:15:42,759

midnight in the desert so you can read

384

00:15:46,290 --> 00:15:43,870

the documents that way too

385

00:15:48,299 --> 00:15:46,300

yeah that was just a plug for my blog

386

00:15:49,590 --> 00:15:48,309

don't worry well if I'm going to do it

387

00:15:51,869 --> 00:15:49,600

if I'm going to do these things I'm

388

00:15:54,840 --> 00:15:51,879

going to plug my blog dog dog on it yes

389

00:15:57,360 --> 00:15:54,850

and uh as I said earlier I truly believe

390

00:16:00,420 --> 00:15:57,370

if you want to find out if the story

391

00:16:02,160 --> 00:16:00,430

about UFOs is real or not you want to

392

00:16:04,889 --> 00:16:02,170

get a really good perspective on it

393

00:16:06,319 --> 00:16:04,899

please do go to Kevin's website because

394

00:16:08,569 --> 00:16:06,329

that's where I always end up landing

395

00:16:10,499 --> 00:16:08,579

when I'm looking into something and

396

00:16:12,179 --> 00:16:10,509

there's some really really great

397

00:16:15,079 --> 00:16:12,189

information I'll do that plug for you

398

00:16:17,850 --> 00:16:15,089

Kevin because thank you I really really

399

00:16:21,299 --> 00:16:17,860

think your website is very important in

400

00:16:23,189 --> 00:16:21,309

this field so first of all what's your

401
00:16:25,290 --> 00:16:23,199
thoughts about the mimeograph look I

402
00:16:26,910 --> 00:16:25,300
don't think it's mimeograph and it

403
00:16:29,610 --> 00:16:26,920
shouldn't be mimeograph because it's a

404
00:16:31,470 --> 00:16:29,620
top-secret document so the printing of

405
00:16:33,059 --> 00:16:31,480
it would be be restricted it doesn't

406
00:16:35,670 --> 00:16:33,069
look to me like it's me McGrath

407
00:16:38,400 --> 00:16:35,680
it clearly has been Xerox like 9,000

408
00:16:42,269 --> 00:16:38,410
times in June I was done on purpose to

409
00:16:44,910 --> 00:16:42,279
make it look I don't know more authentic

410
00:16:46,769 --> 00:16:44,920
and some type of way I think it was done

411
00:16:47,490 --> 00:16:46,779
so that they could cut and paste stuff

412
00:16:49,829 --> 00:16:47,500
together

413
00:16:51,569 --> 00:16:49,839

I see cuz you and I think that's the

414

00:16:53,790 --> 00:16:51,579

purpose of it I cannot see a document

415

00:16:55,799 --> 00:16:53,800

and I'm looking at the second page of it

416

00:16:58,139 --> 00:16:55,809

and it says authors and it's stamped

417

00:17:00,169 --> 00:16:58,149

classified I cannot see them doing

418

00:17:01,949 --> 00:17:00,179

anything like that if the authors were

419

00:17:04,559 --> 00:17:01,959

classified the names would have been

420

00:17:06,299 --> 00:17:04,569

left out they wouldn't put them in there

421

00:17:08,159 --> 00:17:06,309

there's no reason for the names not to

422

00:17:09,600 --> 00:17:08,169

be there I mean we've got a top-secret

423

00:17:12,240 --> 00:17:09,610

documents giving us all the information

424

00:17:14,399 --> 00:17:12,250

and we don't get to know who the authors

425

00:17:16,319 --> 00:17:14,409

of the document are that's preposterous

426

00:17:18,779 --> 00:17:16,329

absolutely preposterous that's that's

427

00:17:20,370 --> 00:17:18,789

the first clue right there and then as I

428

00:17:22,199 --> 00:17:20,380

said you look at the classifications

429

00:17:25,409 --> 00:17:22,209

there's a there's a sheet here in it's

430

00:17:27,299 --> 00:17:25,419

basically blank that's classified it

431

00:17:29,520 --> 00:17:27,309

doesn't really work that way it should

432

00:17:31,289 --> 00:17:29,530

say this page left intentionally blank

433

00:17:32,430 --> 00:17:31,299

which I always laugh about

434

00:17:34,049 --> 00:17:32,440

because if you've written on at this

435

00:17:37,529 --> 00:17:34,059

page left attentionally blank it's not

436

00:17:40,259 --> 00:17:37,539

in fact blank it's got writing on it but

437

00:17:42,419 --> 00:17:40,269

it's included in the document and what's

438

00:17:45,149 --> 00:17:42,429

interesting is the top secret at the top

439

00:17:47,759 --> 00:17:45,159

of this page is reversed it's a mirror

440

00:17:50,279 --> 00:17:47,769

image and I wondered about that because

441

00:17:52,049 --> 00:17:50,289

the rest of it seems to be written

442

00:17:53,850 --> 00:17:52,059

properly so I mean there's a lot of

443

00:17:56,399 --> 00:17:53,860

little dumb things like that

444

00:18:01,259 --> 00:17:56,409

the dating format is wrong for the

445

00:18:03,269 --> 00:18:01,269

military and the other thing is I don't

446

00:18:08,460 --> 00:18:03,279

know why it would be ultra top-secret as

447

00:18:10,139 --> 00:18:08,470

opposed to um top-secret mj-12 or

448

00:18:12,690 --> 00:18:10,149

whatever the lousy classification areas

449

00:18:14,369 --> 00:18:12,700

using this week there's places where it

450

00:18:15,899 --> 00:18:14,379

says classified where it really should I

451
00:18:16,859 --> 00:18:15,909
mean it says classified this is ultra

452
00:18:23,029 --> 00:18:16,869
top-secret well that's the

453
00:18:25,710 --> 00:18:23,039
classification I've seen cover sheets

454
00:18:27,359 --> 00:18:25,720
that you put on the classified material

455
00:18:32,310 --> 00:18:27,369
and the ones I was most familiar with

456
00:18:34,440 --> 00:18:32,320
we're sort of a bright pink and it said

457
00:18:36,690 --> 00:18:34,450
classified cover sheet I've seen others

458
00:18:38,099 --> 00:18:36,700
it's a top-secret cover sheet and see

459
00:18:40,049 --> 00:18:38,109
clout secret to cover sheet and that

460
00:18:42,869 --> 00:18:40,059
sort of thing I've never seen anything

461
00:18:45,330 --> 00:18:42,879
quite like this so III there are just so

462
00:18:48,960 --> 00:18:45,340
many little things wrong when you're

463
00:18:50,399 --> 00:18:48,970

when you're a civilian I guess someone

464

00:18:52,229 --> 00:18:50,409

who has not worked with the military

465

00:18:54,599 --> 00:18:52,239

classification or the classified

466

00:18:56,430 --> 00:18:54,609

materials and you're trying to duplicate

467

00:18:59,549 --> 00:18:56,440

something like that there's all kinds of

468

00:19:01,769 --> 00:18:59,559

little things that you don't know or you

469

00:19:04,320 --> 00:19:01,779

wouldn't notice yeah a great example is

470

00:19:06,320 --> 00:19:04,330

if you watch movies and you see people

471

00:19:10,769 --> 00:19:06,330

in military uniforms you can often

472

00:19:13,379 --> 00:19:10,779

realize they don't know the uniforms

473

00:19:15,119 --> 00:19:13,389

aren't quite right the distinctive

474

00:19:16,710 --> 00:19:15,129

insignia are placed improperly sometimes

475

00:19:18,989 --> 00:19:16,720

the ribbons are reversed sometimes the

476

00:19:20,700 --> 00:19:18,999

ribbons are upside-down yeah meaning the

477

00:19:22,649 --> 00:19:20,710

highest ribbon is at the bottom instead

478

00:19:24,389 --> 00:19:22,659

of at the top and and and that sort of

479

00:19:26,450 --> 00:19:24,399

thing so you you look at that and it

480

00:19:29,070 --> 00:19:26,460

just thinks civilians don't realize

481

00:19:31,470 --> 00:19:29,080

they've seen seen pictures or things and

482

00:19:32,879 --> 00:19:31,480

they put it all together and I think

483

00:19:35,509 --> 00:19:32,889

this is what we have here is kind of a

484

00:19:38,099 --> 00:19:35,519

conglomeration of stuff I think the

485

00:19:41,270 --> 00:19:38,109

source material for the Aztec stuff

486

00:19:44,970 --> 00:19:41,280

especially is

487

00:19:47,220 --> 00:19:44,980

William Steinman's book UFO crash at

488

00:19:49,160 --> 00:19:47,230

Aztec I think that's this I think that's

489

00:19:52,920 --> 00:19:49,170

part of the source material for this

490

00:19:55,740 --> 00:19:52,930

they didn't have they didn't have Scott

491

00:19:59,100 --> 00:19:55,750

Ramsay's book which is incident at Aztec

492

00:20:01,950 --> 00:19:59,110

or the Aztec UFO incident I'm sorry and

493

00:20:03,540 --> 00:20:01,960

they didn't have Scully's book which is

494

00:20:06,780 --> 00:20:03,550

behind the flying saucers which is the

495

00:20:09,240 --> 00:20:06,790

three books about the Aztec crash so

496

00:20:11,430 --> 00:20:09,250

they had they obviously had this einman

497

00:20:13,590 --> 00:20:11,440

book and was working from that I do want

498

00:20:15,990 --> 00:20:13,600

to talk to about the Aztec crash later

499

00:20:18,270 --> 00:20:16,000

but how one of the things I was thinking

500

00:20:20,490 --> 00:20:18,280

about when I opened the the document

501
00:20:24,600 --> 00:20:20,500
started reading through it it said that

502
00:20:26,910 --> 00:20:24,610
people named would be would not be

503
00:20:29,430 --> 00:20:26,920
people's names would not be written down

504
00:20:32,490 --> 00:20:29,440
and then further down in the document

505
00:20:34,710 --> 00:20:32,500
had people's names listed was that

506
00:20:36,000 --> 00:20:34,720
something I just don't understand or

507
00:20:38,370 --> 00:20:36,010
what were they trying to do with that

508
00:20:39,810 --> 00:20:38,380
they were trying to cover themselves

509
00:20:40,830 --> 00:20:39,820
because they didn't know the names of

510
00:20:44,970 --> 00:20:40,840
some of the people who would have been

511
00:20:47,460 --> 00:20:44,980
key players Jesse Marcel's name is out

512
00:20:49,520 --> 00:20:47,470
there for everybody to see so you can

513
00:20:52,140 --> 00:20:49,530

put his name in there but other names

514

00:20:53,670 --> 00:20:52,150

would be a little bit more obscure so to

515

00:20:55,110 --> 00:20:53,680

cover themselves they said well we've

516

00:20:57,420 --> 00:20:55,120

changed some of the names or left them

517

00:20:59,670 --> 00:20:57,430

out which means they just didn't know it

518

00:21:01,380 --> 00:20:59,680

one of the other things and your

519

00:21:03,780 --> 00:21:01,390

question kind of keyed that for me it

520

00:21:05,190 --> 00:21:03,790

said that twining had gone to Roswell

521

00:21:07,290 --> 00:21:05,200

Lieutenant General twining had gone to

522

00:21:09,810 --> 00:21:07,300

Roswell and relieved blanchard of his

523

00:21:11,340 --> 00:21:09,820

command and this is something that

524

00:21:13,080 --> 00:21:11,350

people outside the military wouldn't

525

00:21:15,480 --> 00:21:13,090

understand Blanchard was not relieved of

526
00:21:17,460 --> 00:21:15,490
command at any point if he was we would

527
00:21:20,540 --> 00:21:17,470
have documentation because that's a

528
00:21:23,520 --> 00:21:20,550
really big deal what it should have said

529
00:21:25,560 --> 00:21:23,530
was that twining had gone to Roswell and

530
00:21:27,270 --> 00:21:25,570
assumed command because he was the

531
00:21:29,970 --> 00:21:27,280
senior officer present for this

532
00:21:31,620 --> 00:21:29,980
particular incident ah that that would

533
00:21:33,420 --> 00:21:31,630
have made sense to me but good saying I

534
00:21:35,670 --> 00:21:33,430
believe Blanchard of command that's

535
00:21:38,700 --> 00:21:35,680
that's not right he did not leave relief

536
00:21:41,790 --> 00:21:38,710
blanchett of command and I and I know of

537
00:21:44,880 --> 00:21:41,800
a number of circumstances and going back

538
00:21:46,890 --> 00:21:44,890

to my experience in Vietnam I once was

539

00:21:49,970 --> 00:21:46,900

the company commander simply by virtue

540

00:21:53,299 --> 00:21:49,980

of being the senior officer on the base

541

00:21:56,060 --> 00:21:53,309

know I was a 19 year old Ward office

542

00:21:57,320 --> 00:21:56,070

oh yeah we had had to evacuate a lot of

543

00:21:59,600 --> 00:21:57,330

the aircraft I always like to say I was

544

00:22:01,610 --> 00:21:59,610

a senior surviving officer which is sort

545

00:22:03,739 --> 00:22:01,620

of true and sounds really dramatic but

546

00:22:06,499 --> 00:22:03,749

the fact of the matter is we evacuated

547

00:22:10,279 --> 00:22:06,509

most of the aircraft and because my

548

00:22:13,009 --> 00:22:10,289

aircraft broke we have been flying all

549

00:22:14,389 --> 00:22:13,019

day and they'd sent out a new bunch of

550

00:22:16,460 --> 00:22:14,399

coal pilots I was the aircraft command

551
00:22:17,840 --> 00:22:16,470
set up a bunch of new co pilots and the

552
00:22:19,039 --> 00:22:17,850
copilot said should I check the tail

553
00:22:20,389 --> 00:22:19,049
rotor and I said now we've been flying

554
00:22:21,919 --> 00:22:20,399
all day any climbed up there and checked

555
00:22:24,399 --> 00:22:21,929
it anyway and the linkage fell apart in

556
00:22:26,960 --> 00:22:24,409
his hands so we weren't going anywhere

557
00:22:29,359 --> 00:22:26,970
so we were left behind so I was a senior

558
00:22:31,399 --> 00:22:29,369
officer left on the base at that are in

559
00:22:33,350 --> 00:22:31,409
our company area at the time so they

560
00:22:36,710 --> 00:22:33,360
would come to me with questions for the

561
00:22:40,639 --> 00:22:36,720
12 or 14 hours I was the company

562
00:22:42,470 --> 00:22:40,649
commander but but the point is I did not

563
00:22:44,659 --> 00:22:42,480

relieve anybody of command I merely

564

00:22:46,879 --> 00:22:44,669

assumed command simply because I was the

565

00:22:49,609 --> 00:22:46,889

senior officer present so it's Diana

566

00:22:51,619 --> 00:22:49,619

that wording was totally off yes that

567

00:22:54,649 --> 00:22:51,629

would and I had Blanchard been relieved

568

00:22:57,019 --> 00:22:54,659

that would have ended his career if you

569

00:23:01,129 --> 00:22:57,029

get relieved for cause from a military

570

00:23:02,629 --> 00:23:01,139

unit like that you're done well you

571

00:23:05,299 --> 00:23:02,639

would you would be out of the service

572

00:23:07,340 --> 00:23:05,309

quickly we've just had an example that

573

00:23:09,320 --> 00:23:07,350

we may see something like that and that

574

00:23:12,529 --> 00:23:09,330

was the collision between the container

575

00:23:14,119 --> 00:23:12,539

ship empty and the US destroyer yeah

576

00:23:16,460 --> 00:23:14,129

the captain that's destroyer could be in

577

00:23:18,259 --> 00:23:16,470

deep trouble especially because seven of

578

00:23:21,470 --> 00:23:18,269

his sailors were killed

579

00:23:24,409 --> 00:23:21,480

he's his career might be over at this

580

00:23:26,210 --> 00:23:24,419

point depending on the circumstances and

581

00:23:28,100 --> 00:23:26,220

we even imagine how that whole thing

582

00:23:33,999 --> 00:23:28,110

happened with today's technology and

583

00:23:36,049 --> 00:23:34,009

equipment was he texting well he was

584

00:23:37,639 --> 00:23:36,059

obvious I think he's on the Blake bridge

585

00:23:39,169 --> 00:23:37,649

he and he and a number of other sailors

586

00:23:41,090 --> 00:23:39,179

were injured

587

00:23:42,950 --> 00:23:41,100

and they were medevacked out I don't

588

00:23:44,239 --> 00:23:42,960

know where he was and even if he was

589

00:23:46,100 --> 00:23:44,249

texting there should have been other

590

00:23:47,960 --> 00:23:46,110

people looking at the radar scope and

591

00:23:49,850 --> 00:23:47,970

the the geister and the ship should have

592

00:23:52,399 --> 00:23:49,860

been looking around and there should

593

00:23:53,779 --> 00:23:52,409

have been I shout there to see this

594

00:23:55,369 --> 00:23:53,789

container ship because it's not like

595

00:23:58,100 --> 00:23:55,379

it's a little tiny thing that was gonna

596

00:24:01,369 --> 00:23:58,110

sneak up on you I but I don't understand

597

00:24:03,200 --> 00:24:01,379

what the point is he will probably find

598

00:24:06,680 --> 00:24:03,210

himself relieved and he'll probably find

599

00:24:11,570 --> 00:24:06,690

his career pretty much over if

600

00:24:12,590 --> 00:24:11,580

have a major of mistake like that you're

601
00:24:14,810 --> 00:24:12,600
pretty well screwed

602
00:24:16,400 --> 00:24:14,820
and so Blanchard had been relieved of

603
00:24:17,630 --> 00:24:16,410
his command as this document says

604
00:24:20,570 --> 00:24:17,640
blasier would have been pretty well

605
00:24:22,520 --> 00:24:20,580
screwed and we know that he ended up as

606
00:24:27,350 --> 00:24:22,530
a four-star general he was a vice

607
00:24:31,520 --> 00:24:27,360
chairman of vice Air Force vice Air

608
00:24:33,230 --> 00:24:31,530
Force chief of staff four-star general

609
00:24:36,380 --> 00:24:33,240
who died of a heart attack at the

610
00:24:39,590 --> 00:24:36,390
Pentagon so obviously his career was not

611
00:24:41,480 --> 00:24:39,600
hurt by this event in Roswell which

612
00:24:43,190 --> 00:24:41,490
suggests again the twining didn't

613
00:24:45,140 --> 00:24:43,200

relieve him of his command but and

614

00:24:47,840 --> 00:24:45,150

there's really no evidence that 20

615

00:24:50,630 --> 00:24:47,850

actually went to Roswell he was in New

616

00:24:51,740 --> 00:24:50,640

Mexico on some other things and there's

617

00:24:54,410 --> 00:24:51,750

really no evidence that he went to

618

00:24:57,410 --> 00:24:54,420

Roswell in any of the documentation so

619

00:24:59,660 --> 00:24:57,420

you can you can pretty well realize that

620

00:25:01,430 --> 00:24:59,670

that that's another major but but to

621

00:25:02,630 --> 00:25:01,440

answer your question I think the reason

622

00:25:03,860 --> 00:25:02,640

that they said that you know some of the

623

00:25:05,120 --> 00:25:03,870

names have been changed those names have

624

00:25:07,160 --> 00:25:05,130

been changed their names have been left

625

00:25:10,010 --> 00:25:07,170

out is simply because they didn't have

626
00:25:11,660 --> 00:25:10,020
access to the information or didn't know

627
00:25:13,610 --> 00:25:11,670
where to get the information and it

628
00:25:15,110 --> 00:25:13,620
won't ought to put a name in there that

629
00:25:16,490 --> 00:25:15,120
would be proven false so they just left

630
00:25:19,790 --> 00:25:16,500
it out yep

631
00:25:22,250 --> 00:25:19,800
um Kevin when I my impression and this

632
00:25:24,920 --> 00:25:22,260
is just an armchair person that knows

633
00:25:26,780 --> 00:25:24,930
nothing about military I know nothing

634
00:25:29,360 --> 00:25:26,790
about military documents or top-secret

635
00:25:31,190 --> 00:25:29,370
documents at all nothing but my

636
00:25:34,580 --> 00:25:31,200
impression when I was reading through it

637
00:25:37,040 --> 00:25:34,590
is why in any circumstance would they

638
00:25:39,680 --> 00:25:37,050

jumbled all these different incidences

639

00:25:41,060 --> 00:25:39,690

together in one document that's what

640

00:25:44,390 --> 00:25:41,070

didn't make sense to me is that

641

00:25:48,110 --> 00:25:44,400

something that would be done if you're

642

00:25:51,830 --> 00:25:48,120

trying to provide a complete overview of

643

00:25:54,140 --> 00:25:51,840

a situation you will enumerate all the

644

00:25:57,800 --> 00:25:54,150

events in this document it talks about

645

00:26:00,770 --> 00:25:57,810

Roswell it talks about Aztec and it says

646

00:26:03,520 --> 00:26:00,780

there are seven others or I guess five

647

00:26:05,900 --> 00:26:03,530

others seven total what are the others

648

00:26:08,300 --> 00:26:05,910

now if I'm the guy receiving the

649

00:26:10,250 --> 00:26:08,310

document that's my first question

650

00:26:14,000 --> 00:26:10,260

and this documents like this are

651
00:26:16,310 --> 00:26:14,010
prepared for commanders and policymakers

652
00:26:17,750 --> 00:26:16,320
at the highest level you need that you

653
00:26:19,490 --> 00:26:17,760
need that information and I think once

654
00:26:20,509 --> 00:26:19,500
again they said well but again that's an

655
00:26:22,519 --> 00:26:20,519
attempt to cover themselves

656
00:26:24,560 --> 00:26:22,529
by saying well there's other other

657
00:26:27,859 --> 00:26:24,570
events but we're not going to enumerate

658
00:26:30,529 --> 00:26:27,869
them because you know we really don't

659
00:26:33,039 --> 00:26:30,539
know and you can look at that if you

660
00:26:37,129 --> 00:26:33,049
look at the whole history of UFO crashes

661
00:26:40,369 --> 00:26:37,139
there are lists out there that

662
00:26:43,009 --> 00:26:40,379
incorporates some three or four hundred

663
00:26:44,089 --> 00:26:43,019

different different UFO crashes and I'm

664

00:26:46,789 --> 00:26:44,099

thinking you know if they're falling out

665

00:26:47,779 --> 00:26:46,799

of the sky with that regularity we'd be

666

00:26:49,519 --> 00:26:47,789

having a whole lot of different

667

00:26:51,369 --> 00:26:49,529

conversations than we do now I mean

668

00:26:55,609 --> 00:26:51,379

they're just like falling out of the sky

669

00:26:57,379 --> 00:26:55,619

I had said at one point and when I did

670

00:26:59,389 --> 00:26:57,389

crash when UFOs fall from the sky I

671

00:27:01,819 --> 00:26:59,399

thought there were five legitimate UFO

672

00:27:03,259 --> 00:27:01,829

crashes the things that were fairly well

673

00:27:05,449 --> 00:27:03,269

documented you know I'm thinking of

674

00:27:09,440 --> 00:27:05,459

Roswell specifically of course I was

675

00:27:13,239 --> 00:27:09,450

thinking of Las Vegas in 1962 of sinking

676
00:27:17,029 --> 00:27:13,249
of Kecksburg and 65 I was thinking of

677
00:27:19,009 --> 00:27:17,039
shag harbour and I was thinking of the

678
00:27:21,680 --> 00:27:19,019
one that Jim Clarkson had been talking

679
00:27:24,889 --> 00:27:21,690
about in the North West since that book

680
00:27:28,849 --> 00:27:24,899
came out I've pretty well revised that

681
00:27:29,869 --> 00:27:28,859
and and you know I'm very worried about

682
00:27:31,999 --> 00:27:29,879
some of them you know there's great

683
00:27:33,649 --> 00:27:32,009
documentation for shag harbour for

684
00:27:39,169 --> 00:27:33,659
example the Canadians being involved but

685
00:27:40,729 --> 00:27:39,179
nothing alien was recovered Kecksburg is

686
00:27:42,019 --> 00:27:40,739
very problematic now to my way of

687
00:27:43,310 --> 00:27:42,029
thinking especially with some of the

688
00:27:46,339 --> 00:27:43,320

information that's come out recently

689

00:27:47,599 --> 00:27:46,349

about it I think Las Vegas is the same

690

00:27:51,129 --> 00:27:47,609

way I think Las Vegas who is a

691

00:27:54,259 --> 00:27:51,139

combination of two events that were

692

00:27:56,509 --> 00:27:54,269

timed very close together there were

693

00:27:58,519 --> 00:27:56,519

some 1516 minutes apart and made it look

694

00:28:01,430 --> 00:27:58,529

like there was a big long event but

695

00:28:04,369 --> 00:28:01,440

there's really two separate events

696

00:28:08,829 --> 00:28:04,379

you know Roswell if you want it if you

697

00:28:10,729 --> 00:28:08,839

want to look at it dispassionately you

698

00:28:12,799 --> 00:28:10,739

and that's what I do when I wrote

699

00:28:15,709 --> 00:28:12,809

Roswell in the 21st century I wanted to

700

00:28:17,930 --> 00:28:15,719

look at the all the evidence

701
00:28:20,659 --> 00:28:17,940
dispassionately but as it's a cold case

702
00:28:22,279 --> 00:28:20,669
it's something that here is all this

703
00:28:24,249 --> 00:28:22,289
information let's see where we can take

704
00:28:27,560 --> 00:28:24,259
it and when you get down to it we have

705
00:28:31,190 --> 00:28:27,570
very few documents we have an FBI telex

706
00:28:33,019 --> 00:28:31,200
for example we have the Ramey memo which

707
00:28:33,620 --> 00:28:33,029
is the document general Ramey is holding

708
00:28:36,020 --> 00:28:33,630
in his Hey

709
00:28:37,730 --> 00:28:36,030
and which when we start talking about

710
00:28:39,260 --> 00:28:37,740
provenance here's a document with the

711
00:28:42,200 --> 00:28:39,270
perfect provenance the guys holding it

712
00:28:43,670 --> 00:28:42,210
in his hand we know when the picture was

713
00:28:45,530 --> 00:28:43,680

taken we know who took the picture

714

00:28:48,860 --> 00:28:45,540

there's documentation showing that the

715

00:28:50,030 --> 00:28:48,870

picture was taken on July 8th 1947 and

716

00:28:51,710 --> 00:28:50,040

we have general Ramey holding the

717

00:28:53,530 --> 00:28:51,720

document his hand we couldn't ask for a

718

00:28:55,490 --> 00:28:53,540

better Providence we just can't read it

719

00:28:58,130 --> 00:28:55,500

usually they don't worry or certainly

720

00:29:00,740 --> 00:28:58,140

just to stop on that particular thought

721

00:29:04,880 --> 00:29:00,750

do you think that technology will ever

722

00:29:06,350 --> 00:29:04,890

evolve enough to have that thing read or

723

00:29:06,970 --> 00:29:06,360

do you think that's just out of the

724

00:29:10,460 --> 00:29:06,980

question

725

00:29:12,680 --> 00:29:10,470

there is a consensus among those who

726

00:29:14,300 --> 00:29:12,690

deal with this sort of thing that the

727

00:29:16,250 --> 00:29:14,310

technology may improve to the point

728

00:29:18,980 --> 00:29:16,260

where we can read it and there's some

729

00:29:21,980 --> 00:29:18,990

interesting stuff being done in the

730

00:29:25,760 --> 00:29:21,990

attempts to read it I know David Rudy

731

00:29:29,480 --> 00:29:25,770

act thinks he has deciphered the thing

732

00:29:31,670 --> 00:29:29,490

pretty much in tack there are others who

733

00:29:33,170 --> 00:29:31,680

did not agree with all of his analysis

734

00:29:36,430 --> 00:29:33,180

and what we need to do is come to a

735

00:29:39,050 --> 00:29:36,440

consensus or come to a place where

736

00:29:41,510 --> 00:29:39,060

another great example the Roswell slides

737

00:29:44,300 --> 00:29:41,520

where they had the placard and they said

738

00:29:47,720 --> 00:29:44,310

it couldn't be read well you know two

739

00:29:49,430 --> 00:29:47,730

days after the a high quality scan

740

00:29:51,470 --> 00:29:49,440

high-resolution scan was available to

741

00:29:53,090 --> 00:29:51,480

researchers the placard was read it was

742

00:29:56,060 --> 00:29:53,100

decoded we could we could read it we

743

00:29:58,220 --> 00:29:56,070

knew exactly what it said and it was

744

00:29:59,870 --> 00:29:58,230

just that the technology was applied and

745

00:30:01,760 --> 00:29:59,880

we were able to read it so as our

746

00:30:03,410 --> 00:30:01,770

technology evolves we may be able to

747

00:30:04,370 --> 00:30:03,420

read it but we need to have a consensus

748

00:30:07,250 --> 00:30:04,380

and that was a thing with the Roswell

749

00:30:09,710 --> 00:30:07,260

slides there was pushback on that when

750

00:30:12,290 --> 00:30:09,720

we said it could be read but the

751

00:30:14,210 --> 00:30:12,300

consensus was and we said I should say

752

00:30:15,740 --> 00:30:14,220

we the Roswell slides research group and

753

00:30:17,510 --> 00:30:15,750

those people said well here's how we did

754

00:30:18,680 --> 00:30:17,520

it here's how we decoded it here's the

755

00:30:23,300 --> 00:30:18,690

steps you need to go through and you'll

756

00:30:24,770 --> 00:30:23,310

get the same answer we didn't so you

757

00:30:26,180 --> 00:30:24,780

know you we've got to get to the point

758

00:30:28,850 --> 00:30:26,190

where we have a consensus and with the

759

00:30:32,030 --> 00:30:28,860

Ramey memo even given the work that

760

00:30:34,310 --> 00:30:32,040

david rudy ak has done the Herculean

761

00:30:36,530 --> 00:30:34,320

effort he has put into deciphering this

762

00:30:39,740 --> 00:30:36,540

thing the problem we have is we have no

763

00:30:41,360 --> 00:30:39,750

consensus of exactly what it says there

764

00:30:44,180 --> 00:30:41,370

are a number of places where we can

765

00:30:47,420 --> 00:30:44,190

actually read words like weather

766

00:30:50,350 --> 00:30:47,430

balloons a Fort Worth Texas is spelled

767

00:30:52,970 --> 00:30:50,360

Exe for some reason now I don't know

768

00:30:54,500 --> 00:30:52,980

it's not a proper imbric VA ssin and

769

00:30:56,750 --> 00:30:54,510

there may be something going on there

770

00:31:02,180 --> 00:30:56,760

that we don't understand but for the for

771

00:31:04,970 --> 00:31:02,190

the most part it's kind of it there is

772

00:31:06,470 --> 00:31:04,980

no real consensus of what it says and

773

00:31:08,930 --> 00:31:06,480

that's what we need we need to have a

774

00:31:11,240 --> 00:31:08,940

consensus and I can say to you if you do

775

00:31:12,980 --> 00:31:11,250

this with your technology you will read

776

00:31:15,020 --> 00:31:12,990

it well you you can find your own

777

00:31:16,700 --> 00:31:15,030

conclusions and you'll probably see what

778

00:31:18,640 --> 00:31:16,710

we have we've seen so with the Ramey

779

00:31:21,470 --> 00:31:18,650

memo right now we're at the point where

780

00:31:24,620 --> 00:31:21,480

we're just on the fringe and I think a

781

00:31:27,230 --> 00:31:24,630

couple of people said if we if if the

782

00:31:28,670 --> 00:31:27,240

camera had been a foot closer or rainy

783

00:31:31,160 --> 00:31:28,680

it turned the document just slightly

784

00:31:33,080 --> 00:31:31,170

we'd be able to read it perfectly but

785

00:31:36,770 --> 00:31:33,090

you know that that's what we're living

786

00:31:38,750 --> 00:31:36,780

living with you that so the answer is we

787

00:31:41,060 --> 00:31:38,760

may be able to get to a point where we

788

00:31:43,010 --> 00:31:41,070

have a consensus although there will

789

00:31:44,300 --> 00:31:43,020

like everything else in this field there

790

00:31:46,330 --> 00:31:44,310

will be people who will disagree with us

791

00:31:49,730 --> 00:31:46,340

no matter what we offer the way of proof

792

00:31:51,260 --> 00:31:49,740

yes yes hey in the chat we do have some

793

00:31:54,920 --> 00:31:51,270

questions in the chat room and we

794

00:31:58,100 --> 00:31:54,930

actually have the shag harbour incident

795

00:32:01,070 --> 00:31:58,110

Society interpretive is in the chat room

796

00:32:03,860 --> 00:32:01,080

right now and you just mentioned shag

797

00:32:07,310 --> 00:32:03,870

harbour I I to agree that that's one of

798

00:32:10,340 --> 00:32:07,320

the actually one of the great cases out

799

00:32:13,300 --> 00:32:10,350

there actually going to be going up

800

00:32:18,410 --> 00:32:13,310

there to their convention the fiftieth

801

00:32:20,450 --> 00:32:18,420

this this coming October I think it is I

802

00:32:22,160 --> 00:32:20,460

don't have anything here in front of me

803

00:32:25,070 --> 00:32:22,170

but going to be broadcasting live from

804

00:32:28,910 --> 00:32:25,080

that well you realize you'd have to go

805

00:32:31,100 --> 00:32:28,920

to Canada to see it oh yes no I'll be

806

00:32:33,230 --> 00:32:31,110

I'll be out of Russia by then I I hope

807

00:32:37,610 --> 00:32:33,240

I'll be on I was making fun I was making

808

00:32:43,100 --> 00:32:37,620

fun of Canada oh oh there's gonna be

809

00:32:46,370 --> 00:32:43,110

some feedback but much was hosted out of

810

00:32:47,900 --> 00:32:46,380

Hamilton Ontario Canada oh okay so yeah

811

00:32:50,510 --> 00:32:47,910

so we just we blame Canada for

812

00:32:52,400 --> 00:32:50,520

everything any any technical

813

00:32:55,190 --> 00:32:52,410

difficulties I'm sure that you blame

814

00:32:58,100 --> 00:32:55,200

with that in the end the chat room early

815

00:33:01,670 --> 00:32:58,110

on someone asks they wanted to know what

816

00:33:04,120 --> 00:33:01,680

your thoughts were about Stan Friedman's

817

00:33:07,100 --> 00:33:04,130

stance on this particular document I

818

00:33:09,110 --> 00:33:07,110

think it's evolved hasn't it originally

819

00:33:11,600 --> 00:33:09,120

was really excited about it and was

820

00:33:13,460 --> 00:33:11,610

pushing that and then and then two days

821

00:33:16,580 --> 00:33:13,470

later Friday he was on midnight in the

822

00:33:18,680 --> 00:33:16,590

desert by the way I got bumped from it

823

00:33:23,420 --> 00:33:18,690

because they were overbooked which makes

824

00:33:25,510 --> 00:33:23,430

no sense to me but on that program he

825

00:33:28,970 --> 00:33:25,520

seemed to take a more neutral stance I

826

00:33:30,710 --> 00:33:28,980

think that because I was I was ready to

827

00:33:33,680 --> 00:33:30,720

pounce on that because he's been a big

828

00:33:36,020 --> 00:33:33,690

advocate of Scot Ramsey's book and how

829

00:33:38,330 --> 00:33:36,030

well researched it is and and this mj-12

830

00:33:40,880 --> 00:33:38,340

document is it odds with Ramsey's book

831

00:33:43,280 --> 00:33:40,890

and so both of them can't be accurate

832

00:33:46,820 --> 00:33:43,290

and true I suspect they're both false

833

00:33:48,410 --> 00:33:46,830

but I was ready for that but but on the

834

00:33:51,050 --> 00:33:48,420

program he seemed to have walked back

835

00:33:52,940 --> 00:33:51,060

from his an initial excitement about it

836

00:33:54,710 --> 00:33:52,950

and his initial excitement might have

837

00:33:57,580 --> 00:33:54,720

been simply he just seen the document

838

00:34:00,680 --> 00:33:57,590

and it looked good on a very cursory

839

00:34:02,630 --> 00:34:00,690

scan of it before he got a chance to sit

840

00:34:04,990 --> 00:34:02,640

down and really read it and that was

841

00:34:07,580 --> 00:34:05,000

that was one of the reasons you know I I

842

00:34:10,730 --> 00:34:07,590

was holding office I wanted a chance to

843

00:34:12,710 --> 00:34:10,740

read the document through to see if

844

00:34:14,840 --> 00:34:12,720

there were any glory glaring errors and

845

00:34:19,700 --> 00:34:14,850

there's more red flags flying than there

846

00:34:22,159 --> 00:34:19,710

are in a communist China so we we pretty

847

00:34:23,720 --> 00:34:22,169

well figured it was a fake you know but

848

00:34:26,770 --> 00:34:23,730

I think Stan's walked it back from now

849

00:34:30,080 --> 00:34:26,780

on and I haven't heard anything from him

850

00:34:32,510 --> 00:34:30,090

since Friday the other thing is it

851
00:34:36,800 --> 00:34:32,520
mentions project Aquarius and I know

852
00:34:38,500 --> 00:34:36,810
that Stan is really kind of ignored

853
00:34:40,270 --> 00:34:38,510
project acquires did you go back to

854
00:34:42,740 --> 00:34:40,280
stinemans book and there's another clue

855
00:34:45,050 --> 00:34:42,750
there's the Aquarius document which is

856
00:34:46,639 --> 00:34:45,060
supposedly the first mj-12 document but

857
00:34:48,169 --> 00:34:46,649
I think most everybody believes the

858
00:34:51,139 --> 00:34:48,179
project Aquarius is faith

859
00:34:54,139 --> 00:34:51,149
that's faked and it evolved from project

860
00:34:56,090 --> 00:34:54,149
Aquarius into mj-12 and so you know that

861
00:34:58,940 --> 00:34:56,100
gives you kind of the evolution but the

862
00:35:00,740 --> 00:34:58,950
point is uh he mentioned project

863
00:35:03,260 --> 00:35:00,750

Aquarius when I queried him about that

864

00:35:09,500 --> 00:35:03,270

he he mentioned when I was doing my book

865

00:35:11,330 --> 00:35:09,510

mg case mj-12 I had queried him about

866

00:35:14,810 --> 00:35:11,340

project Aquarius I don't even mention it

867

00:35:18,290 --> 00:35:14,820

my papers are in the in the in my book

868

00:35:20,240 --> 00:35:18,300

and so I think he kind of ignored

869

00:35:23,480 --> 00:35:20,250

project Aquarius and now it's reared its

870

00:35:26,000 --> 00:35:23,490

ugly head again so but I think you know

871

00:35:27,710 --> 00:35:26,010

the answer is I'm not real sure what his

872

00:35:29,270 --> 00:35:27,720

opinion is at this point but he seems to

873

00:35:32,780 --> 00:35:29,280

have walked it back from his initial

874

00:35:34,670 --> 00:35:32,790

enthusiasm yes I just an update I've

875

00:35:38,440 --> 00:35:34,680

talked to people on this show in the

876

00:35:40,880 --> 00:35:38,450

past and there's no update actually is

877

00:35:42,980 --> 00:35:40,890

I'm in the fine arts and antiques

878

00:35:48,050 --> 00:35:42,990

business and I was at an auction house

879

00:35:52,430 --> 00:35:48,060

where there was a estate of a a retired

880

00:35:53,330 --> 00:35:52,440

CIA operative overseas who passed away

881

00:35:55,910 --> 00:35:53,340

several years ago

882

00:35:58,340 --> 00:35:55,920

and in his footlocker in his military

883

00:36:01,310 --> 00:35:58,350

footlocker there were a copies of the

884

00:36:03,170 --> 00:36:01,320

mj-12 documents but they were just the

885

00:36:07,310 --> 00:36:03,180

regular copies that have gone around and

886

00:36:09,290 --> 00:36:07,320

around so nothing nothing new at all but

887

00:36:10,940 --> 00:36:09,300

but let me let me interrupt you here

888

00:36:13,430 --> 00:36:10,950

because frankly that's what I do and

889

00:36:15,710 --> 00:36:13,440

it's your show and I shouldn't do it but

890

00:36:17,810 --> 00:36:15,720

not all that long ago I got a collab

891

00:36:19,550 --> 00:36:17,820

with a decade and a half ago or

892

00:36:22,520 --> 00:36:19,560

something I got a call from a guy who

893

00:36:23,930 --> 00:36:22,530

was attending a gun show and he says you

894

00:36:26,810 --> 00:36:23,940

got to get here right now this guy's got

895

00:36:30,290 --> 00:36:26,820

some secret top secret documents about

896

00:36:33,050 --> 00:36:30,300

UFOs so I rush out to the gun show

897

00:36:35,260 --> 00:36:33,060

paid my two dollars to get in and went

898

00:36:38,480 --> 00:36:35,270

over and looked at the mj-12 documents

899

00:36:42,140 --> 00:36:38,490

same ones you know yeah the same ones

900

00:36:44,480 --> 00:36:42,150

we've all seen I think they were

901
00:36:47,020 --> 00:36:44,490
partially redacted as the the ones that

902
00:36:49,820 --> 00:36:47,030
bill Moore initially released were yeah

903
00:36:51,350 --> 00:36:49,830
so you know my question was why did this

904
00:36:54,980 --> 00:36:51,360
why did this

905
00:36:56,300 --> 00:36:54,990
ex-cia you know retired CIA officer have

906
00:36:57,860 --> 00:36:56,310
them in the first place but it could

907
00:36:59,270 --> 00:36:57,870
have and I've never found out the answer

908
00:37:01,910 --> 00:36:59,280
to that I was going to speak to his son

909
00:37:03,680 --> 00:37:01,920
but he's not been available so I don't

910
00:37:06,350 --> 00:37:03,690
think there's any answer there's it's

911
00:37:08,300 --> 00:37:06,360
just maybe perhaps they were making the

912
00:37:10,790 --> 00:37:08,310
rounds because it was they thought they

913
00:37:13,190 --> 00:37:10,800

were humorous or they had an interest in

914

00:37:16,760 --> 00:37:13,200

UFOs there could be a lot of answers

915

00:37:19,250 --> 00:37:16,770

that really mean nothing yes and I've

916

00:37:23,000 --> 00:37:19,260

often I've often but back when I was

917

00:37:24,170 --> 00:37:23,010

writing novels there was we know that

918

00:37:26,570 --> 00:37:24,180

there's people who always read the last

919

00:37:27,620 --> 00:37:26,580

page of the book first yes that's me I'm

920

00:37:31,010 --> 00:37:27,630

guilty

921

00:37:34,070 --> 00:37:31,020

so Bob Bob tonight we're writing a book

922

00:37:37,070 --> 00:37:34,080

about the special forces in Vietnam and

923

00:37:39,140 --> 00:37:37,080

we we ensure did something at the end of

924

00:37:40,760 --> 00:37:39,150

the book that you would think an event

925

00:37:43,040 --> 00:37:40,770

would take place in the book at some

926
00:37:44,480 --> 00:37:43,050
point which never does but when you get

927
00:37:45,200 --> 00:37:44,490
to lay in the book that sentence makes

928
00:37:47,090 --> 00:37:45,210
sense to you

929
00:37:53,180 --> 00:37:47,100
so you're expecting something and it

930
00:37:54,710 --> 00:37:53,190
never happens because it the way we the

931
00:37:57,170 --> 00:37:54,720
way we had constructed the other things

932
00:38:00,650 --> 00:37:57,180
we did we had a glossary of the Vietnam

933
00:38:03,230 --> 00:38:00,660
terms in there and we we put in the

934
00:38:07,340 --> 00:38:03,240
glossary horse and then we put

935
00:38:09,800 --> 00:38:07,350
Seabiscuit Seabiscuit was a horse right

936
00:38:11,540 --> 00:38:09,810
a wreath or but it's s EE biscuit

937
00:38:15,220 --> 00:38:11,550
Seabiscuit then you go up to biscuit

938
00:38:17,240 --> 00:38:15,230

there was there was a system nonsensical

939

00:38:19,010 --> 00:38:17,250

explanation for what it was which wasn't

940

00:38:21,140 --> 00:38:19,020

used in Vietnam but we just want to put

941

00:38:23,210 --> 00:38:21,150

that joke in the book a horse Seabiscuit

942

00:38:27,290 --> 00:38:23,220

you know and nobody ever catches these

943

00:38:29,780 --> 00:38:27,300

things yeah the other thing I go off on

944

00:38:32,660 --> 00:38:29,790

one more tangent for you Bob and I were

945

00:38:35,300 --> 00:38:32,670

doing a book on the Alamo and we were a

946

00:38:37,820 --> 00:38:35,310

time travel book and one of the

947

00:38:41,470 --> 00:38:37,830

characters name was Tom waters and so I

948

00:38:44,480 --> 00:38:41,480

wrote the line waters rushed uphill yeah

949

00:38:46,040 --> 00:38:44,490

Bob says you can't do that and I said

950

00:38:47,390 --> 00:38:46,050

nobody is ever going to pick it up

951
00:38:51,640 --> 00:38:47,400
because it's the name of the character

952
00:38:54,740 --> 00:38:51,650
it flows naturally water thrust uphill

953
00:38:56,810 --> 00:38:54,750
and I expect other writers do the same

954
00:38:58,580 --> 00:38:56,820
thing you know put these little nuggets

955
00:39:01,070 --> 00:38:58,590
in there that are amusing to them that

956
00:39:03,050 --> 00:39:01,080
the general public doesn't get so well

957
00:39:05,930 --> 00:39:03,060
every what the revelant was but there

958
00:39:09,170 --> 00:39:05,940
you go well if you're posting on social

959
00:39:11,150 --> 00:39:09,180
media today if you write anything other

960
00:39:13,790 --> 00:39:11,160
than what's in the picture people won't

961
00:39:16,220 --> 00:39:13,800
even notice it they notice the picture I

962
00:39:18,020 --> 00:39:16,230
think I think it's to the point that

963
00:39:19,520 --> 00:39:18,030

there's just so much information flying

964

00:39:21,740 --> 00:39:19,530

all over the place that people don't

965

00:39:23,540 --> 00:39:21,750

even take time to read anything

966

00:39:24,830 --> 00:39:23,550

well they don't not only that they don't

967

00:39:26,720 --> 00:39:24,840

even take time to analyze it because

968

00:39:29,300 --> 00:39:26,730

some of the things that you you see are

969

00:39:32,960 --> 00:39:29,310

so diametrically opposed to the facts

970

00:39:34,550 --> 00:39:32,970

that you you should say well this just

971

00:39:37,100 --> 00:39:34,560

can't possibly be true and yet they

972

00:39:38,840 --> 00:39:37,110

accept it because they've read somewhere

973

00:39:40,990 --> 00:39:38,850

because you know you can't put anything

974

00:39:43,750 --> 00:39:41,000

on the internet that isn't true

975

00:39:47,710 --> 00:39:43,760

hey Kevin I want to ask you off the bat

976
00:39:51,310 --> 00:39:47,720
have you received like negative emails

977
00:39:53,020 --> 00:39:51,320
or people really upset that you're there

978
00:39:55,990 --> 00:39:53,030
saying you're debunking this or anything

979
00:39:58,540 --> 00:39:56,000
like that on this particular thing no I

980
00:40:02,260 --> 00:39:58,550
think I think practically everybody is

981
00:40:05,950 --> 00:40:02,270
in agreement uh Steve Bassett I had him

982
00:40:06,670 --> 00:40:05,960
on my show Saturday and I thought we

983
00:40:09,130 --> 00:40:06,680
were going to have a very nice

984
00:40:11,770 --> 00:40:09,140
discussion about this this document

985
00:40:13,720 --> 00:40:11,780
where he would be advocating its its

986
00:40:16,840 --> 00:40:13,730
legitimacy and I would be suggesting no

987
00:40:18,220 --> 00:40:16,850
it's not true and in the first 30

988
00:40:19,600 --> 00:40:18,230

seconds he says well you know that

989

00:40:21,730 --> 00:40:19,610

documents are fake and I'm going oh

990

00:40:24,430 --> 00:40:21,740

great now what do I talk about you know

991

00:40:26,640 --> 00:40:24,440

we're we're on the same page here pal we

992

00:40:30,010 --> 00:40:26,650

don't get any have any kind of dialogue

993

00:40:31,180 --> 00:40:30,020

and I mean he was very excited about it

994

00:40:32,590 --> 00:40:31,190

when he when he called me on the

995

00:40:34,510 --> 00:40:32,600

Wednesday but by the time he got to

996

00:40:39,040 --> 00:40:34,520

Saturday he'd pretty well realized that

997

00:40:40,750 --> 00:40:39,050

the the thing was was faked um so I got

998

00:40:43,450 --> 00:40:40,760

nothing like that you know I always try

999

00:40:46,480 --> 00:40:43,460

to hold the door on the defensive end of

1000

00:40:48,670 --> 00:40:46,490

these things I I think we have to put up

1001
00:40:52,300 --> 00:40:48,680
a great defense if we're going to look

1002
00:40:53,920 --> 00:40:52,310
at UFOs we have to be able to defend our

1003
00:40:56,590 --> 00:40:53,930
positions for one thing but we also have

1004
00:41:00,250 --> 00:40:56,600
to we have to point out the things that

1005
00:41:02,290 --> 00:41:00,260
are our faults and too often people are

1006
00:41:04,300 --> 00:41:02,300
looking for us to validate their bolon

1007
00:41:07,780 --> 00:41:04,310
belief structure and that just doesn't

1008
00:41:11,440 --> 00:41:07,790
help us at all you know somebody really

1009
00:41:16,000 --> 00:41:11,450
wants to believe in in any of the

1010
00:41:18,000 --> 00:41:16,010
mirrored subparts of UFO research and

1011
00:41:20,410 --> 00:41:18,010
you suggest that this case is maybe

1012
00:41:22,240 --> 00:41:20,420
fraudulent or that case is bad or

1013
00:41:24,130 --> 00:41:22,250

something no matter what evidence you

1014

00:41:25,690 --> 00:41:24,140

present there are people who are going

1015

00:41:31,480 --> 00:41:25,700

to be annoyed about it I had done

1016

00:41:34,210 --> 00:41:31,490

something with this general Lufkin the

1017

00:41:35,920 --> 00:41:34,220

lawyer from South Carolina who was one

1018

00:41:42,730 --> 00:41:35,930

of the people said he had chatted with

1019

00:41:44,590 --> 00:41:42,740

ice Hauer about the UFO crashes or

1020

00:41:47,290 --> 00:41:44,600

something and he big became a big source

1021

00:41:48,940 --> 00:41:47,300

and I discovered that laughs Lufkin was

1022

00:41:51,990 --> 00:41:48,950

a general in what was called the State

1023

00:41:54,420 --> 00:41:52,000

Guard Association

1024

00:41:57,089 --> 00:41:54,430

which is sort of a civilian organization

1025

00:42:00,660 --> 00:41:57,099

that in some states it's looked on as a

1026

00:42:02,160 --> 00:42:00,670

a civilian auxiliary to the National

1027

00:42:06,030 --> 00:42:02,170

Guard of things like that it really has

1028

00:42:07,859 --> 00:42:06,040

no real status but he was a brigadier

1029

00:42:09,450 --> 00:42:07,869

general in that they kept saying that

1030

00:42:10,980 --> 00:42:09,460

and I pointed out that you know this

1031

00:42:12,690 --> 00:42:10,990

really isn't legitimate in fact I joined

1032

00:42:14,849 --> 00:42:12,700

the organization became a Major General

1033

00:42:18,030 --> 00:42:14,859

and it just to prove I could do it and

1034

00:42:21,330 --> 00:42:18,040

the I got a lot of blowback on that

1035

00:42:23,339 --> 00:42:21,340

people really annoyed about it but I'm

1036

00:42:25,890 --> 00:42:23,349

thinking you know if we're going to

1037

00:42:27,810 --> 00:42:25,900

understand the phenomenon if we're going

1038

00:42:30,060 --> 00:42:27,820

to understand what's going on we have to

1039

00:42:31,380 --> 00:42:30,070

look at all the stuff and I can't tell

1040

00:42:35,820 --> 00:42:31,390

you the number of people that have

1041

00:42:39,020 --> 00:42:35,830

claimed to be military veterans who were

1042

00:42:43,170 --> 00:42:39,030

not or or or claiming a lot higher rank

1043

00:42:46,290 --> 00:42:43,180

or position then they actually had great

1044

00:42:47,790 --> 00:42:46,300

example gets back to mj-12 the original

1045

00:42:50,160 --> 00:42:47,800

document the Eisenhower briefing

1046

00:42:54,210 --> 00:42:50,170

document there's this story paragraph on

1047

00:42:57,690 --> 00:42:54,220

this crash on December 6 1915 near EI

1048

00:42:58,829 --> 00:42:57,700

Indio Guerrero in just across the border

1049

00:43:00,960 --> 00:42:58,839

from from Texas

1050

00:43:03,420 --> 00:43:00,970

and it's an outgrowth of the story told

1051
00:43:05,910 --> 00:43:03,430
by this guy named Robert Willingham and

1052
00:43:07,589 --> 00:43:05,920
the story that we had Willingham was a

1053
00:43:09,050 --> 00:43:07,599
retired colonel from the United States

1054
00:43:11,099 --> 00:43:09,060
Air Force he's been a fighter pilot

1055
00:43:13,829 --> 00:43:11,109
nobody had ever bothered to check his

1056
00:43:18,290 --> 00:43:13,839
military record until I did it like you

1057
00:43:20,630 --> 00:43:18,300
know 15 years ago and it turned out that

1058
00:43:24,320 --> 00:43:20,640
Willingham had been in the military for

1059
00:43:27,390 --> 00:43:24,330
thirteen months he joined in December of

1060
00:43:28,950 --> 00:43:27,400
1945 which makes him technically a

1061
00:43:32,460 --> 00:43:28,960
veteran of world war ii because a war

1062
00:43:34,829 --> 00:43:32,470
didn't technically until 1946 so he's

1063
00:43:37,890 --> 00:43:34,839

technically a veteran of World War two

1064

00:43:40,200 --> 00:43:37,900

he didn't never heard a shot fired in

1065

00:43:42,599 --> 00:43:40,210

anger he was in for thirteen months

1066

00:43:43,680 --> 00:43:42,609

that's his military career but he's

1067

00:43:45,839 --> 00:43:43,690

telling everybody he was a fighter pilot

1068

00:43:48,000 --> 00:43:45,849

he was chasing these UFOs over Texas

1069

00:43:51,960 --> 00:43:48,010

first it was in 1948 then it was 1950

1070

00:43:54,450 --> 00:43:51,970

and then it was in 1950s and and that

1071

00:43:57,270 --> 00:43:54,460

sort of thing and looking at that the

1072

00:43:58,829 --> 00:43:57,280

story he told it's just it doesn't it

1073

00:44:01,140 --> 00:43:58,839

isn't true I mean his military

1074

00:44:03,329 --> 00:44:01,150

background is the 13 months he was in

1075

00:44:05,260 --> 00:44:03,339

the Civil Air Patrol which is an Air

1076

00:44:08,430 --> 00:44:05,270

Force Auxiliary civilians and they

1077

00:44:13,330 --> 00:44:08,440

they perform a wonderful wonderful

1078

00:44:15,640 --> 00:44:13,340

service by taking the burden of search

1079

00:44:17,230 --> 00:44:15,650

and rescue off the active duty forces in

1080

00:44:19,270 --> 00:44:17,240

other words you if you're a Civil Air

1081

00:44:21,790 --> 00:44:19,280

Patrol member and you have an airplane

1082

00:44:25,270 --> 00:44:21,800

and there's what they used to call a red

1083

00:44:26,830 --> 00:44:25,280

cap which is a legitimate search you're

1084

00:44:28,810 --> 00:44:26,840

called up and you're given a grid you go

1085

00:44:30,730 --> 00:44:28,820

out and search this grid flying your

1086

00:44:32,470 --> 00:44:30,740

airplane so then the government will pay

1087

00:44:33,760 --> 00:44:32,480

for your cost of your fuel and things

1088

00:44:36,010 --> 00:44:33,770

like that so you get to fly your

1089

00:44:37,330 --> 00:44:36,020

airplane for free which is you know a

1090

00:44:41,170 --> 00:44:37,340

lot of people will see lots of great

1091

00:44:43,330 --> 00:44:41,180

deal but you're not part of the Air

1092

00:44:44,830 --> 00:44:43,340

Force you're an auxiliary to the Air

1093

00:44:49,450 --> 00:44:44,840

Force you do not get retirement points

1094

00:44:52,180 --> 00:44:49,460

for it but Willingham tried to switch

1095

00:44:54,250 --> 00:44:52,190

his Civil Air Patrol service into the

1096

00:44:55,120 --> 00:44:54,260

Air Force Reserve and get a pension in

1097

00:44:57,520 --> 00:44:55,130

other words he was trying to commit

1098

00:45:01,240 --> 00:44:57,530

fraud which doesn't make him look very

1099

00:45:03,310 --> 00:45:01,250

good he said that he gotten out of the

1100

00:45:04,600 --> 00:45:03,320

active-duty Air Force because he had

1101

00:45:06,070 --> 00:45:04,610

been injured they wouldn't let him fly

1102

00:45:09,460 --> 00:45:06,080

fighters anymore but they let him fly

1103

00:45:11,110 --> 00:45:09,470

fighters in the Air Force Reserve I had

1104

00:45:13,030 --> 00:45:11,120

a number of friends when I was still in

1105

00:45:14,770 --> 00:45:13,040

the National Guard and I was assigned to

1106

00:45:18,280 --> 00:45:14,780

our state headquarters and of course

1107

00:45:19,750 --> 00:45:18,290

they hesitate to use the term given the

1108

00:45:21,700 --> 00:45:19,760

way it goes but it was a purple

1109

00:45:23,710 --> 00:45:21,710

headquarters which mean it had red army

1110

00:45:25,270 --> 00:45:23,720

and blue airforce so it was a combined

1111

00:45:27,250 --> 00:45:25,280

headquarter so I had a lot of friends

1112

00:45:29,170 --> 00:45:27,260

who were there fighter pilots so I asked

1113

00:45:31,780 --> 00:45:29,180

one of them bought it he said now that's

1114

00:45:34,270 --> 00:45:31,790

not true he said the reason you would be

1115

00:45:37,770 --> 00:45:34,280

disqualified from flying fighters is if

1116

00:45:40,540 --> 00:45:37,780

the injuries had been such that the

1117

00:45:42,070 --> 00:45:40,550

forces of ejection would would injure

1118

00:45:44,920 --> 00:45:42,080

you more or you wouldn't be able to

1119

00:45:46,300 --> 00:45:44,930

stand the forces of ejection you could

1120

00:45:47,920 --> 00:45:46,310

be transferred into flying transport

1121

00:45:49,300 --> 00:45:47,930

airplanes or something else like that so

1122

00:45:53,410 --> 00:45:49,310

you continued flying in the Air Force

1123

00:45:54,850 --> 00:45:53,420

you just your jobs would be limited and

1124

00:45:57,040 --> 00:45:54,860

you wouldn't move from the active

1125

00:45:59,860 --> 00:45:57,050

service to the the reserve because the

1126

00:46:04,270 --> 00:45:59,870

same force is applied just something

1127

00:46:05,320 --> 00:46:04,280

that he didn't know but so so that kind

1128

00:46:07,090 --> 00:46:05,330

of calls into question the whole

1129

00:46:08,830 --> 00:46:07,100

Eisenhower briefing document because you

1130

00:46:12,160 --> 00:46:08,840

have this paragraph about this event

1131

00:46:14,110 --> 00:46:12,170

that Willingham invented in 1968 I found

1132

00:46:16,680 --> 00:46:14,120

the original quotes in fact in the old

1133

00:46:19,090 --> 00:46:16,690

sky look which was MUFON journals

1134

00:46:24,050 --> 00:46:19,100

original

1135

00:46:28,250 --> 00:46:24,060

incarnation so yo yo this to me was like

1136

00:46:29,960 --> 00:46:28,260

the fatal flaw in the Eisenhower

1137

00:46:32,210 --> 00:46:29,970

briefing document takes the whole thing

1138

00:46:33,800 --> 00:46:32,220

down right but but but the point is you

1139

00:46:36,340 --> 00:46:33,810

know here's a guy who claimed military

1140

00:46:40,280 --> 00:46:36,350

record military service at a high level

1141

00:46:42,620 --> 00:46:40,290

he when we checked the military records

1142

00:46:46,070 --> 00:46:42,630

it didn't hold up there were pictures of

1143

00:46:48,500 --> 00:46:46,080

him in Air Force uniform so one from the

1144

00:46:49,520 --> 00:46:48,510

1960s and people said well how could you

1145

00:46:53,960 --> 00:46:49,530

have a picture of him in Air Force

1146

00:46:55,400 --> 00:46:53,970

uniform as an Air Force officer if he he

1147

00:46:57,980 --> 00:46:55,410

wasn't in the Air Force I looked at the

1148

00:47:00,830 --> 00:46:57,990

picture and I said it's a Civil Air

1149

00:47:02,270 --> 00:47:00,840

Patrol uniform pal and the giveaway was

1150

00:47:04,400 --> 00:47:02,280

on the collar you could see the c.a.p

1151

00:47:08,720 --> 00:47:04,410

and the the Civil Air Patrol wears a

1152

00:47:11,390 --> 00:47:08,730

metal badge over the right pocket

1153

00:47:13,370 --> 00:47:11,400

that said Civil Air Patrol Air Force

1154

00:47:16,010 --> 00:47:13,380

auxiliary or something like that US Air

1155

00:47:18,680 --> 00:47:16,020

Force auxiliary and you could see it on

1156

00:47:20,210 --> 00:47:18,690

the picture so it wasn't it was an Air

1157

00:47:21,530 --> 00:47:20,220

Force uniform yes but it was Civil Air

1158

00:47:23,330 --> 00:47:21,540

Patrol and then in the other pictures

1159

00:47:26,780 --> 00:47:23,340

he's got on the Civil Air Patrol ribbons

1160

00:47:28,940 --> 00:47:26,790

in the Civil Air Patrol you you can wear

1161

00:47:30,860 --> 00:47:28,950

ribbons you earned in the military in

1162

00:47:33,200 --> 00:47:30,870

other words all the ribbons I earned as

1163

00:47:34,490 --> 00:47:33,210

an army officer

1164

00:47:36,500 --> 00:47:34,500

I could wear on my Civil Air Patrol

1165

00:47:38,300 --> 00:47:36,510

uniform and they would take precedent

1166

00:47:40,760 --> 00:47:38,310

above any ribbons I earned in the Civil

1167

00:47:42,200 --> 00:47:40,770

Air Patrol and in his uniform in the

1168

00:47:45,890 --> 00:47:42,210

pictures that I've seen he's got both

1169

00:47:49,460 --> 00:47:45,900

the Civil Air Patrol ribbons and some

1170

00:47:52,550 --> 00:47:49,470

ribbons I don't think he earned millions

1171

00:47:54,080 --> 00:47:52,560

from them from the Air Force so you know

1172

00:47:57,080 --> 00:47:54,090

it's clearly a Civil Air Patrol uniform

1173

00:47:59,570 --> 00:47:57,090

as opposed to a to an Air Force uniform

1174

00:48:00,800 --> 00:47:59,580

so I mean but but a lot of people would

1175

00:48:02,660 --> 00:48:00,810

look at that and they they didn't pick

1176

00:48:04,640 --> 00:48:02,670

up on that they saw him in the the khaki

1177

00:48:06,950 --> 00:48:04,650

uniform from the mid-1960s what was

1178

00:48:08,930 --> 00:48:06,960

called the I think was a 505 you're

1179

00:48:10,910 --> 00:48:08,940

gonna form and they say well here's an

1180

00:48:12,710 --> 00:48:10,920

Air Force uniform in the mid-1960s how

1181

00:48:14,420 --> 00:48:12,720

do you explain that the answer is is not

1182

00:48:17,990 --> 00:48:14,430

an Air Force uniform pal that's the blur

1183

00:48:20,780 --> 00:48:18,000

patrol yeah well back in I think about

1184

00:48:22,430 --> 00:48:20,790

two or three years ago I had bill burns

1185

00:48:26,480 --> 00:48:22,440

was on the show and we were talking

1186

00:48:28,570 --> 00:48:26,490

about the kaalia kaalia me I'm trying to

1187

00:48:30,560 --> 00:48:28,580

remember what it's called Koyomi

1188

00:48:33,920 --> 00:48:30,570

mexico crash

1189

00:48:36,440 --> 00:48:33,930

yes collision when the small airplane I

1190

00:48:38,360 --> 00:48:36,450

you know collides supposedly with the

1191

00:48:41,420 --> 00:48:38,370

UFO yes

1192

00:48:45,080 --> 00:48:41,430

and the military got involved well that

1193

00:48:48,290 --> 00:48:45,090

was 1974 and I had someone was listening

1194

00:48:49,760 --> 00:48:48,300

live at the time wrote me during the

1195

00:48:52,310 --> 00:48:49,770

show in the chat room and said that they

1196

00:48:55,280 --> 00:48:52,320

were actually one of the military people

1197

00:48:57,800 --> 00:48:55,290

on the US so that was their on-site well

1198

00:49:00,620 --> 00:48:57,810

I looked into the guys record as much as

1199

00:49:03,020 --> 00:49:00,630

I could and yes he it did show that he

1200

00:49:05,180 --> 00:49:03,030

was in I think he was in the perhaps the

1201
00:49:07,400 --> 00:49:05,190
army or something like that or and this

1202
00:49:09,550 --> 00:49:07,410
was all through social media that I was

1203
00:49:13,940 --> 00:49:09,560
looking and then I saw his birthdate

1204
00:49:16,700 --> 00:49:13,950
1965 I saw a nice try you can't be nine

1205
00:49:19,040 --> 00:49:16,710
years old and be doing that so I'm sure

1206
00:49:21,740 --> 00:49:19,050
there's a there are I mean just with my

1207
00:49:23,780 --> 00:49:21,750
short experience there must be a lot of

1208
00:49:26,180 --> 00:49:23,790
people that are you know trying to get

1209
00:49:27,920 --> 00:49:26,190
some type of glory out of certain you

1210
00:49:29,450 --> 00:49:27,930
know situations like you just mentioned

1211
00:49:31,280 --> 00:49:29,460
well there's there's something called

1212
00:49:33,110 --> 00:49:31,290
Stolen Valor which is people wearing

1213
00:49:35,030 --> 00:49:33,120

military awards and decorations they did

1214

00:49:36,740 --> 00:49:35,040

not err and wear military uniforms that

1215

00:49:39,050 --> 00:49:36,750

they they are not authorized to wear and

1216

00:49:40,850 --> 00:49:39,060

things like that and you can check those

1217

00:49:42,950 --> 00:49:40,860

I was reading an obituary from a guy in

1218

00:49:44,990 --> 00:49:42,960

the paper and said he was a Vietnam

1219

00:49:49,490 --> 00:49:45,000

veteran and I looked at his birth date

1220

00:49:52,250 --> 00:49:49,500

and he was born in 1957 I'm thinking no

1221

00:49:53,960 --> 00:49:52,260

you weren't at a Vietnam veteran our

1222

00:49:58,370 --> 00:49:53,970

forces were pretty much out of Vietnam

1223

00:50:00,560 --> 00:49:58,380

by 72 but we did have some specialized

1224

00:50:04,510 --> 00:50:00,570

forces I'd say specialized as opposed to

1225

00:50:07,490 --> 00:50:04,520

special forces in Vietnam till April of

1226

00:50:09,340 --> 00:50:07,500

1975 but none of those people would have

1227

00:50:14,480 --> 00:50:09,350

been 18 years old yet have to be there

1228

00:50:18,470 --> 00:50:14,490

1955 or before to be in Vietnam um yeah

1229

00:50:20,210 --> 00:50:18,480

pretty much pretty much and so so it you

1230

00:50:21,890 --> 00:50:20,220

know just all little things like that

1231

00:50:23,270 --> 00:50:21,900

and I'm thinking you know do I write the

1232

00:50:26,690 --> 00:50:23,280

newspaper and say well this guy's a

1233

00:50:28,220 --> 00:50:26,700

lying sack of guys dead you know and his

1234

00:50:30,710 --> 00:50:28,230

family cannot be happy with that

1235

00:50:32,360 --> 00:50:30,720

yeah so I the other thing is I was

1236

00:50:36,350 --> 00:50:32,370

reading the paper and it said talked

1237

00:50:38,180 --> 00:50:36,360

about this guy from this poor poor soul

1238

00:50:39,320 --> 00:50:38,190

who had been on the Titanic managed to

1239

00:50:41,930 --> 00:50:39,330

survive that and had been on the

1240

00:50:44,450 --> 00:50:41,940

Lusitania and it gave all these details

1241

00:50:46,790 --> 00:50:44,460

and I finally wrote and I've got a book

1242

00:50:49,460 --> 00:50:46,800

here this lists all the survivors off

1243

00:50:55,220 --> 00:50:49,470

the Titanic and his name was not among

1244

00:50:56,270 --> 00:50:55,230

them Wow so uh yeah I mean and now in

1245

00:50:57,740 --> 00:50:56,280

today's world you could go on the

1246

00:50:59,329 --> 00:50:57,750

internet and you can type in you know

1247

00:51:01,220 --> 00:50:59,339

Titanic survivors and get the whole list

1248

00:51:03,020 --> 00:51:01,230

of names but he wasn't he wasn't among

1249

00:51:04,700 --> 00:51:03,030

it so this guy was this guy had been

1250

00:51:06,620 --> 00:51:04,710

running around in the 1930s claiming

1251
00:51:08,810 --> 00:51:06,630
that or the other one that I always cite

1252
00:51:10,160 --> 00:51:08,820
is at one point at the turn of the

1253
00:51:13,390 --> 00:51:10,170
century and by that I mean the last

1254
00:51:16,310 --> 00:51:13,400
century from 1899 to 1900 there were

1255
00:51:18,170 --> 00:51:16,320
carnivals all over the country and if 15

1256
00:51:20,930 --> 00:51:18,180
guys claiming to be the real Jesse James

1257
00:51:23,000 --> 00:51:20,940
hmm well you know 14 of them had to be

1258
00:51:24,859 --> 00:51:23,010
laughs yeah

1259
00:51:27,680 --> 00:51:24,869
yeah well you know it's it's a little

1260
00:51:30,530 --> 00:51:27,690
bit bringing the UFO topic back into it

1261
00:51:31,720 --> 00:51:30,540
it's a little bit like a UFO like

1262
00:51:34,730 --> 00:51:31,730
Rendlesham forest

1263
00:51:36,620 --> 00:51:34,740

you know there's questions you know

1264

00:51:39,290 --> 00:51:36,630

going back and forth about Larry Warren

1265

00:51:41,930 --> 00:51:39,300

whether he was actually there when he

1266

00:51:43,400 --> 00:51:41,940

actually there's you know I don't know

1267

00:51:46,220 --> 00:51:43,410

we don't have to get into that at all

1268

00:51:48,410 --> 00:51:46,230

but I mean supposedly there's a letter

1269

00:51:50,359 --> 00:51:48,420

written to his mother that says he's

1270

00:51:52,730 --> 00:51:50,369

talking about his roommate that was

1271

00:51:54,170 --> 00:51:52,740

actually there you know so I know

1272

00:51:55,730 --> 00:51:54,180

there's controversy and I know when

1273

00:51:57,950 --> 00:51:55,740

something major like that happens

1274

00:52:00,470 --> 00:51:57,960

there's a lot of people that want to you

1275

00:52:02,960 --> 00:52:00,480

know when they know enough information

1276

00:52:04,820 --> 00:52:02,970

about it they want to get some of the

1277

00:52:06,680 --> 00:52:04,830

glory from it I guess that's what it it

1278

00:52:08,540 --> 00:52:06,690

all was there is absolutely there's

1279

00:52:11,710 --> 00:52:08,550

absolutely no question the Larry warm

1280

00:52:15,800 --> 00:52:11,720

was serving at the base there in

1281

00:52:18,770 --> 00:52:15,810

December of 1980 I have seen videotape

1282

00:52:20,900 --> 00:52:18,780

Russ st's had interviewed Warren at

1283

00:52:22,579 --> 00:52:20,910

length and Warren was saying when the

1284

00:52:25,730 --> 00:52:22,589

event took place he was on leave in

1285

00:52:27,620 --> 00:52:25,740

Germany Charles halt said no when the

1286

00:52:29,030 --> 00:52:27,630

third night took place Warren was

1287

00:52:31,190 --> 00:52:29,040

actually drunk in the barracks and was

1288

00:52:34,670 --> 00:52:31,200

not a part of the the activities there

1289

00:52:37,430 --> 00:52:34,680

but Warren was there and heard his

1290

00:52:39,560 --> 00:52:37,440

colleagues Warren had been in the Air

1291

00:52:41,150 --> 00:52:39,570

Force for what eight months or something

1292

00:52:44,210 --> 00:52:41,160

like that when he when he was assigned

1293

00:52:47,599 --> 00:52:44,220

there so he didn't have a very lengthy

1294

00:52:49,849 --> 00:52:47,609

military career there's no question he

1295

00:52:51,290 --> 00:52:49,859

was a sign into the base the real

1296

00:52:52,790 --> 00:52:51,300

question is was did he participate in

1297

00:52:54,710 --> 00:52:52,800

the events or did he just hear his

1298

00:52:56,870 --> 00:52:54,720

colleagues talking about it I suspect he

1299

00:52:58,320 --> 00:52:56,880

just heard his colleagues talk about it

1300

00:53:03,090 --> 00:52:58,330

I know hald is

1301
00:53:06,090 --> 00:53:03,100
just livid you're Larry Warren and I

1302
00:53:07,410 --> 00:53:06,100
think over-the-top livid on that but I

1303
00:53:10,290 --> 00:53:07,420
mean then there's another example the

1304
00:53:11,790 --> 00:53:10,300
guy it was at least there yeah he may

1305
00:53:14,100 --> 00:53:11,800
not have been a participant in the

1306
00:53:16,230 --> 00:53:14,110
events but he was at least there you

1307
00:53:18,330 --> 00:53:16,240
know I'll say that sometimes about people

1308
00:53:20,400 --> 00:53:18,340
in Vietnam who claim they were in

1309
00:53:24,060 --> 00:53:20,410
Vietnam at least they were there even

1310
00:53:26,730 --> 00:53:24,070
though they were in a fairly fairly safe

1311
00:53:29,370 --> 00:53:26,740
pat sajak from yeah

1312
00:53:32,130 --> 00:53:29,380
wheel of fortune was in Vietnam I spent

1313
00:53:33,600 --> 00:53:32,140

the longest time when we would go out to

1314

00:53:35,670 --> 00:53:33,610

pre-flight the aircraft before the

1315

00:53:38,570 --> 00:53:35,680

missions you know the automatic

1316

00:53:41,070 --> 00:53:38,580

direction finder covers the broadcast

1317

00:53:43,260 --> 00:53:41,080

radio band so we could listen to the

1318

00:53:45,450 --> 00:53:43,270

radio and so we would listen to the

1319

00:53:47,430 --> 00:53:45,460

radio as we were checking in with

1320

00:53:50,970 --> 00:53:47,440

operations and all that and we'd hear

1321

00:53:53,010 --> 00:53:50,980

Pat Sajak you know he was Army PFC Pat

1322

00:53:54,860 --> 00:53:53,020

jaha Sajak I always thought it was a

1323

00:53:58,080 --> 00:53:54,870

tape that they had flown over from from

1324

00:54:01,230 --> 00:53:58,090

the States for him but actually he is he

1325

00:54:02,670 --> 00:54:01,240

was in Saigon doing his radio show like

1326
00:54:04,770 --> 00:54:02,680
so there was a guy and Williams good

1327
00:54:06,720 --> 00:54:04,780
morning Vietnam right well Robin

1328
00:54:09,180 --> 00:54:06,730
Williams wasn't in there I don't there I

1329
00:54:11,880 --> 00:54:09,190
know I'm just saying like the movie he

1330
00:54:14,190 --> 00:54:11,890
was the raw announcer yes and they were

1331
00:54:17,490 --> 00:54:14,200
they were in Saigon doing the Armed

1332
00:54:18,870 --> 00:54:17,500
Forces Radio afvn and and here's here's

1333
00:54:20,370 --> 00:54:18,880
one more war story and I don't mean to

1334
00:54:22,440 --> 00:54:20,380
do this but but we would always listen

1335
00:54:24,450 --> 00:54:22,450
to the radio while we're flying the

1336
00:54:25,980 --> 00:54:24,460
missions you know I got the the ADF

1337
00:54:27,570 --> 00:54:25,990
going in the background listen like when

1338
00:54:29,700 --> 00:54:27,580

you're driving your car had all the

1339

00:54:32,100 --> 00:54:29,710

other radios going to and in if there

1340

00:54:34,410 --> 00:54:32,110

was a good song on the radio somebody

1341

00:54:36,000 --> 00:54:34,420

would just key the mic and say ADF which

1342

00:54:36,990 --> 00:54:36,010

means you needed to turn on your ADF if

1343

00:54:39,060 --> 00:54:37,000

you weren't listening to it so you get

1344

00:54:42,660 --> 00:54:39,070

here the good tune so we're going into

1345

00:54:43,890 --> 00:54:42,670

it idle Z we're taking fire and sand in

1346

00:54:47,100 --> 00:54:43,900

the middle of all this shooting somebody

1347

00:54:49,230 --> 00:54:47,110

says ATF him what it was was Arthur

1348

00:54:52,740 --> 00:54:49,240

Arthur Brown the crazy world of Arthur

1349

00:54:53,370 --> 00:54:52,750

Brown and he was singing fire good

1350

00:54:55,710 --> 00:54:53,380

timing

1351

00:54:58,980 --> 00:54:55,720

Wow so yeah that's what I thought so

1352

00:55:03,450 --> 00:54:58,990

anyway but I digress and I don't mean to

1353

00:55:06,360 --> 00:55:03,460

the point simply is I think you know too

1354

00:55:08,520 --> 00:55:06,370

often people do not check the

1355

00:55:10,680 --> 00:55:08,530

backgrounds of those claiming military

1356

00:55:12,000 --> 00:55:10,690

service and we end up with these guys

1357

00:55:13,590 --> 00:55:12,010

making claims about

1358

00:55:15,510 --> 00:55:13,600

high-ranking officers saying this that

1359

00:55:17,340 --> 00:55:15,520

or the other thing and it turns out that

1360

00:55:20,370 --> 00:55:17,350

they weren't in a position to know they

1361

00:55:21,600 --> 00:55:20,380

they weren't who they did not hold the

1362

00:55:23,040 --> 00:55:21,610

positions they claimed and they didn't

1363

00:55:24,360 --> 00:55:23,050

know how to hold the ranks they claimed

1364

00:55:27,800 --> 00:55:24,370

and that kind of undercuts any

1365

00:55:31,770 --> 00:55:27,810

credibility they they would have mm-hmm

1366

00:55:34,160 --> 00:55:31,780

back to the document who do you think

1367

00:55:37,010 --> 00:55:34,170

would I mean someone obviously spent

1368

00:55:39,420 --> 00:55:37,020

hours and hours and hours of time

1369

00:55:42,090 --> 00:55:39,430

putting this together do you think it

1370

00:55:44,610 --> 00:55:42,100

had any type of link with the original

1371

00:55:46,490 --> 00:55:44,620

you know mj-12 documents or do you think

1372

00:55:50,130 --> 00:55:46,500

this is someone that did this recently

1373

00:55:52,110 --> 00:55:50,140

on their own I think there's somebody

1374

00:55:53,340 --> 00:55:52,120

did it recently on their own it's not

1375

00:55:54,570 --> 00:55:53,350

disinformation and there's another

1376

00:55:57,060 --> 00:55:54,580

interesting thing when I was talking to

1377

00:55:58,140 --> 00:55:57,070

Steve Bassett about it beginning if the

1378

00:55:59,190 --> 00:55:58,150

first time he said well you know there's

1379

00:56:00,780 --> 00:55:59,200

three or four different things it's

1380

00:56:02,550 --> 00:56:00,790

disinformation it's somebody put it

1381

00:56:06,540 --> 00:56:02,560

together themselves or something like

1382

00:56:09,900 --> 00:56:06,550

that when we talked when Newman he and I

1383

00:56:12,240 --> 00:56:09,910

talked on Saturday he was of the opinion

1384

00:56:14,700 --> 00:56:12,250

it was not disinformation it was just

1385

00:56:16,560 --> 00:56:14,710

somebody had put it together I agree

1386

00:56:17,730 --> 00:56:16,570

with that I had come to that assessment

1387

00:56:20,240 --> 00:56:17,740

as well that somebody just put it

1388

00:56:25,110 --> 00:56:20,250

together it's a recent recent document

1389

00:56:27,300 --> 00:56:25,120

put together for the the amusement of

1390

00:56:31,260 --> 00:56:27,310

whoever did it I don't know if he or she

1391

00:56:33,450 --> 00:56:31,270

thought they could float this into the

1392

00:56:35,700 --> 00:56:33,460

UFO community and then a week or two

1393

00:56:37,770 --> 00:56:35,710

later say ha ha gotcha you dumbasses you

1394

00:56:40,140 --> 00:56:37,780

you couldn't tell the fakes from the

1395

00:56:44,250 --> 00:56:40,150

real and the consensus seems to be it's

1396

00:56:45,690 --> 00:56:44,260

faked or somebody somebody looking to

1397

00:56:47,990 --> 00:56:45,700

kind of promote the seventh anniversary

1398

00:56:51,570 --> 00:56:48,000

of the Roswell case by throwing this out

1399

00:56:54,060 --> 00:56:51,580

but I think it came from the civilian

1400

00:56:56,910 --> 00:56:54,070

world if you will it's somebody put it

1401
00:56:59,820 --> 00:56:56,920
together had a limited knowledge of you

1402
00:57:01,800 --> 00:56:59,830
the UFO materials had a limited

1403
00:57:06,840 --> 00:57:01,810
knowledge of how classifications work

1404
00:57:08,430 --> 00:57:06,850
and had I would bet money on it used as

1405
00:57:11,700 --> 00:57:08,440
a template for some of this information

1406
00:57:14,190 --> 00:57:11,710
UFO crash at Aztec yes by William

1407
00:57:16,860 --> 00:57:14,200
Steinman okay so just to let the

1408
00:57:18,750 --> 00:57:16,870
listener the live listener know in the

1409
00:57:20,520 --> 00:57:18,760
chat room I have not forgotten you and I

1410
00:57:23,490 --> 00:57:20,530
will get to your questions and feel free

1411
00:57:25,080 --> 00:57:23,500
to keep posting them on there so this

1412
00:57:26,790 --> 00:57:25,090
document

1413
00:57:30,050 --> 00:57:26,800

I think I wrote you in an email the

1414

00:57:32,430 --> 00:57:30,060

other day that when it comes to the

1415

00:57:35,190 --> 00:57:32,440

conversation the interview with the EBA

1416

00:57:39,090 --> 00:57:35,200

tbe that supposedly survived from the

1417

00:57:41,550 --> 00:57:39,100

Aztec crush it did the lingo

1418

00:57:44,400 --> 00:57:41,560

you mentioned the English that was used

1419

00:57:47,700 --> 00:57:44,410

in all that and yes I agree also the

1420

00:57:52,350 --> 00:57:47,710

content of what the EBE was supposedly

1421

00:57:55,380 --> 00:57:52,360

saying it just didn't make sense to me

1422

00:57:58,620 --> 00:57:55,390

that that's how and I don't even know

1423

00:58:00,380 --> 00:57:58,630

how an extraterrestrial would talk you

1424

00:58:03,300 --> 00:58:00,390

know would they come down to our level

1425

00:58:05,310 --> 00:58:03,310

to try to speak to us in a way that we'd

1426

00:58:08,220 --> 00:58:05,320

understand and all that so I have no

1427

00:58:10,440 --> 00:58:08,230

idea but do you think there was any

1428

00:58:12,630 --> 00:58:10,450

creativity and that part at all or do

1429

00:58:14,880 --> 00:58:12,640

you think it was just kind of like how I

1430

00:58:16,310 --> 00:58:14,890

feel I just feel like it you know an ET

1431

00:58:19,050 --> 00:58:16,320

wouldn't say those type of things

1432

00:58:21,480 --> 00:58:19,060

well apropos of nothing at all I noticed

1433

00:58:24,480 --> 00:58:21,490

a Klaatu talked to talked to us pretty

1434

00:58:26,400 --> 00:58:24,490

much as an intelligent individual yes

1435

00:58:27,540 --> 00:58:26,410

Klaatu was the was the Michael Rennie

1436

00:58:30,410 --> 00:58:27,550

character in the day of the Earth Stood

1437

00:58:36,690 --> 00:58:32,760

Klaatu Barada nikto for all of you

1438

00:58:38,010 --> 00:58:36,700

people out there um no it was just it

1439

00:58:44,760 --> 00:58:38,020

was it was just stupid

1440

00:58:47,610 --> 00:58:44,770

uh I don't unders

1441

00:58:50,370 --> 00:58:47,620

talking to this alien creature however

1442

00:58:51,890 --> 00:58:50,380

they're communicating it and they're not

1443

00:58:54,900 --> 00:58:51,900

saying well where's your homeworld

1444

00:58:55,860 --> 00:58:54,910

mm-hmm what what star do you come from

1445

00:58:58,380 --> 00:58:55,870

now we're saying well we came here

1446

00:59:00,420 --> 00:58:58,390

because we like the trees yeah and I'm

1447

00:59:03,120 --> 00:59:00,430

up for trees I mean trees are cool I

1448

00:59:04,740 --> 00:59:03,130

like trees I'm not sure I'm going to be

1449

00:59:06,900 --> 00:59:04,750

flying to other planets and other

1450

00:59:10,920 --> 00:59:06,910

Stellar's a solar system to see their

1451

00:59:12,990 --> 00:59:10,930

trees and this they're really exotic but

1452

00:59:15,450 --> 00:59:13,000

I mean no it's just it just didn't make

1453

00:59:18,540 --> 00:59:15,460

any sense at all uh it says children

1454

00:59:19,710 --> 00:59:18,550

part of it too right but we always must

1455

00:59:23,610 --> 00:59:19,720

think of the children

1456

00:59:24,660 --> 00:59:23,620

yeah I remember the Simpson said it's

1457

00:59:26,280 --> 00:59:24,670

the episode where they're doing that

1458

00:59:27,450 --> 00:59:26,290

know what about the children and the guy

1459

00:59:29,520 --> 00:59:27,460

jumps out the window because the

1460

00:59:33,450 --> 00:59:29,530

children are going to be somehow hurt

1461

00:59:34,110 --> 00:59:33,460

and I mean it's just it it doesn't make

1462

00:59:37,200 --> 00:59:34,120

any sense

1463

00:59:39,660 --> 00:59:37,210

it's just absolutely ludicrous

1464

00:59:41,400 --> 00:59:39,670

it's sort of put together as a stream of

1465

00:59:43,349 --> 00:59:41,410

consciousness as opposed to something

1466

00:59:46,410 --> 00:59:43,359

with a lot of thought put into it you

1467

00:59:49,559 --> 00:59:46,420

know if I'm if I'm interviewing an alien

1468

00:59:51,359 --> 00:59:49,569

creature I'm wanting to know where

1469

00:59:53,640 --> 00:59:51,369

they're coming from I'm wanting to know

1470

00:59:56,130 --> 00:59:53,650

their mission I'm wanting to know how

1471

00:59:58,289 --> 00:59:56,140

they defeat the distances the

1472

01:00:01,559 --> 00:59:58,299

interstellar distances I'm wanting to

1473

01:00:04,079 --> 01:00:01,569

know what source of energy they use all

1474

01:00:07,440 --> 01:00:04,089

of these things are very difficult to

1475

01:00:09,390 --> 01:00:07,450

invent to make up for this although I

1476

01:00:11,760 --> 01:00:09,400

think I'd say they came from the Tao CD

1477

01:00:14,359 --> 01:00:11,770

system but I don't know why it's a kind

1478

01:00:18,269 --> 01:00:14,369

of a cool star Oh Alda bar and it's cool

1479

01:00:22,859 --> 01:00:18,279

anyway you know something like that but

1480

01:00:26,760 --> 01:00:22,869

it's just just stuff that's really easy

1481

01:00:28,049 --> 01:00:26,770

to to to make up it doesn't take any

1482

01:00:30,900 --> 01:00:28,059

thought I guess is what I'm trying to

1483

01:00:33,109 --> 01:00:30,910

say so the interview the interview was

1484

01:00:35,640 --> 01:00:33,119

if if I had been creating the document

1485

01:00:39,510 --> 01:00:35,650

and I'd run it by a pally to probably

1486

01:00:42,359 --> 01:00:39,520

say lose the interview because that

1487

01:00:47,220 --> 01:00:42,369

really sends up a red red flare let's

1488

01:00:48,539 --> 01:00:47,230

say a red flare on a hot air balloon a

1489

01:00:51,599 --> 01:00:48,549

red flare on a weather balloon for

1490

01:00:54,029 --> 01:00:51,609

people to see now the it's just

1491

01:00:56,569 --> 01:00:54,039

absolutely ludicrous did you watch the

1492

01:01:00,960 --> 01:00:56,579

movie arrival that came out last year I

1493

01:01:03,329 --> 01:01:00,970

did and I know they asked the questions

1494

01:01:06,450 --> 01:01:03,339

that you would want to ask I think and

1495

01:01:08,910 --> 01:01:06,460

I'm surprised and kind of use that as a

1496

01:01:10,529 --> 01:01:08,920

little bit of a template I think the

1497

01:01:13,440 --> 01:01:10,539

person that did this wasn't smart enough

1498

01:01:15,390 --> 01:01:13,450

to go see that movie because it took a

1499

01:01:16,829 --> 01:01:15,400

little bit of a cerebral activity to sit

1500

01:01:18,900 --> 01:01:16,839

there and understand what was going on

1501
01:01:21,210 --> 01:01:18,910
because there were no explosions these

1502
01:01:23,370 --> 01:01:21,220
were blowing up things were falling out

1503
01:01:25,710 --> 01:01:23,380
of the sky and that sort of thing it was

1504
01:01:27,750 --> 01:01:25,720
a very cerebral activity going on there

1505
01:01:29,819 --> 01:01:27,760
as opposed to Independence Day

1506
01:01:33,720 --> 01:01:29,829
resurgence which makes no sense at all

1507
01:01:35,430 --> 01:01:33,730
but let's blow some stuff up yes I

1508
01:01:38,099 --> 01:01:35,440
couldn't get through that I was

1509
01:01:40,589 --> 01:01:38,109
surprised I just tried to watch that it

1510
01:01:43,559 --> 01:01:40,599
was already yeah it was just absolutely

1511
01:01:45,210 --> 01:01:43,569
horrid yeah it was a disco I liked it I

1512
01:01:47,579 --> 01:01:45,220
liked Independence Day I mean that was

1513
01:01:49,620 --> 01:01:47,589

okay but yeah but they blew a lot of

1514

01:01:50,579 --> 01:01:49,630

stuff up on that and and there were

1515

01:01:53,219 --> 01:01:50,589

things that didn't make an

1516

01:01:55,950 --> 01:01:53,229

sense militarily speaking my favorite

1517

01:01:58,680 --> 01:01:55,960

light in Independence Day was this is a

1518

01:02:01,079 --> 01:01:58,690

glass bulletproof is the weapon you know

1519

01:02:03,089 --> 01:02:01,089

with aliens is this glass bulletproof

1520

01:02:05,069 --> 01:02:03,099

they're standing down there and and

1521

01:02:07,200 --> 01:02:05,079

brent Spiner is being choked by the

1522

01:02:10,109 --> 01:02:07,210

alien and the president's having trouble

1523

01:02:11,729 --> 01:02:10,119

with with it going on and the one guy

1524

01:02:12,930 --> 01:02:11,739

says is this glass bulletproof and they

1525

01:02:14,880 --> 01:02:12,940

say no and they all haul out their

1526

01:02:17,370 --> 01:02:14,890

weapons and start shooting which by the

1527

01:02:18,690 --> 01:02:17,380

way would never happen because here's a

1528

01:02:22,829 --> 01:02:18,700

little tidbit for you when we were in

1529

01:02:24,269 --> 01:02:22,839

Iraq the they had they built a big fancy

1530

01:02:26,819 --> 01:02:24,279

dining facility because they don't have

1531

01:02:29,039 --> 01:02:26,829

mess halls anymore big fancy dining

1532

01:02:31,079 --> 01:02:29,049

facility and we would go there for lunch

1533

01:02:33,690 --> 01:02:31,089

or something but we were told on one day

1534

01:02:35,069 --> 01:02:33,700

we couldn't bring our weapons normally

1535

01:02:36,450 --> 01:02:35,079

we went everywhere with our weapons but

1536

01:02:39,029 --> 01:02:36,460

on one day we couldn't bring our weapons

1537

01:02:40,950 --> 01:02:39,039

and the reason was President Bush had

1538

01:02:43,319 --> 01:02:40,960

showed up to serve turkey to thee to the

1539

01:02:47,180 --> 01:02:43,329

Troops and they didn't want to hurt in

1540

01:02:50,069 --> 01:02:47,190

what you know 2,000 armed people

1541

01:02:52,259 --> 01:02:50,079

marching through the dining facility we

1542

01:02:53,969 --> 01:02:52,269

were all armed and we all had ammunition

1543

01:02:55,140 --> 01:02:53,979

and they were told to leave their

1544

01:02:56,609 --> 01:02:55,150

weapons home which was a key that

1545

01:02:57,660 --> 01:02:56,619

something was something interesting was

1546

01:03:00,959 --> 01:02:57,670

going on because we would have

1547

01:03:02,999 --> 01:03:00,969

overwhelmed the Secret Service if we had

1548

01:03:04,739 --> 01:03:03,009

decided to do that which is not

1549

01:03:07,529 --> 01:03:04,749

advocating anything I'm just merely

1550

01:03:10,849 --> 01:03:07,539

commenting on why they didn't want us to

1551
01:03:13,950 --> 01:03:10,859
bring our weapons but we knew we knew

1552
01:03:15,569 --> 01:03:13,960
something unusual was going on but so

1553
01:03:18,660 --> 01:03:15,579
when you get the point is when you get

1554
01:03:20,400 --> 01:03:18,670
the president people are disarmed they

1555
01:03:23,430 --> 01:03:20,410
don't run around with all their weapons

1556
01:03:26,430 --> 01:03:23,440
even in a combat environment which we

1557
01:03:27,120 --> 01:03:26,440
were in Wow well that's I never would

1558
01:03:29,549 --> 01:03:27,130
have thought of that

1559
01:03:32,009 --> 01:03:29,559
um someone posted a question on the

1560
01:03:36,479 --> 01:03:32,019
forum so let me just throw this one at

1561
01:03:38,910 --> 01:03:36,489
you some have this I was by let's see

1562
01:03:43,349 --> 01:03:38,920
who brought this in bill bill wrote this

1563
01:03:45,239 --> 01:03:43,359

and oh it's a long question it's a

1564

01:03:47,279 --> 01:03:45,249

two-part question so hang in there this

1565

01:03:50,400 --> 01:03:47,289

may take oh my god two parts just may

1566

01:03:52,829 --> 01:03:50,410

take the rest of the show some have

1567

01:03:55,200 --> 01:03:52,839

claimed that the government engages in a

1568

01:03:56,910 --> 01:03:55,210

form of soft disclosure or an

1569

01:03:59,430 --> 01:03:56,920

inclination program where the

1570

01:04:01,739 --> 01:03:59,440

entertainment industry is used to

1571

01:04:04,529 --> 01:04:01,749

prepare the public the truth about the

1572

01:04:06,569 --> 01:04:04,539

UFO phenomena various sci-fi movie

1573

01:04:09,390 --> 01:04:06,579

and TV programs have been cited as

1574

01:04:11,519 --> 01:04:09,400

examples in some appointed to specific

1575

01:04:13,799 --> 01:04:11,529

individuals influencing the show content

1576

01:04:15,989 --> 01:04:13,809

with links to the government agencies

1577

01:04:17,909 --> 01:04:15,999

what are your thoughts about that I'll

1578

01:04:20,039 --> 01:04:17,919

get to the other part of this after you

1579

01:04:23,059 --> 01:04:20,049

answer that part Oh

1580

01:04:27,589 --> 01:04:23,069

which movies are the soft disclosure

1581

01:04:30,359 --> 01:04:27,599

Independence Day where they've invaded

1582

01:04:31,890 --> 01:04:30,369

yeah oh yeah yeah you can you can look

1583

01:04:33,900 --> 01:04:31,900

at you can look at the Day the Earth

1584

01:04:38,069 --> 01:04:33,910

Stood Still which that would be soft

1585

01:04:40,709 --> 01:04:38,079

disclosure where Klaatu is able to stop

1586

01:04:42,120 --> 01:04:40,719

the electricity for 30 minutes the

1587

01:04:44,209 --> 01:04:42,130

showing the power that they have and

1588

01:04:46,620 --> 01:04:44,219

even the exceptions were were

1589

01:04:48,449 --> 01:04:46,630

extraordinary according to them to the

1590

01:04:49,890 --> 01:04:48,459

script but on the other hand you look at

1591

01:04:52,229 --> 01:04:49,900

how many invasion movies have there been

1592

01:04:54,089 --> 01:04:52,239

and the independent independence they

1593

01:04:57,539 --> 01:04:54,099

spring to mind immediately where the the

1594

01:05:01,650 --> 01:04:57,549

world is being destroyed by the aliens

1595

01:05:03,120 --> 01:05:01,660

or V where we've got sort of the the

1596

01:05:04,589 --> 01:05:03,130

aliens are here and they're supposedly

1597

01:05:06,949 --> 01:05:04,599

benevolent but we have the resistance

1598

01:05:09,209 --> 01:05:06,959

going on because they're not benevolent

1599

01:05:12,059 --> 01:05:09,219

so you can look at all of that stuff so

1600

01:05:13,409 --> 01:05:12,069

I think it's just the mood of Hollywood

1601
01:05:14,759 --> 01:05:13,419
at the time when they make the movie I

1602
01:05:16,649 --> 01:05:14,769
think there's nothing to it has nothing

1603
01:05:18,539 --> 01:05:16,659
to do with soft disclosure or anything

1604
01:05:21,779 --> 01:05:18,549
else it's just they're putting together

1605
01:05:26,039 --> 01:05:21,789
a story that they find interesting at

1606
01:05:29,489 --> 01:05:26,049
that time for whatever reason III there

1607
01:05:31,890 --> 01:05:29,499
is no motivation for the government to

1608
01:05:34,349 --> 01:05:31,900
disclose anything they have at this

1609
01:05:36,989 --> 01:05:34,359
point disclosure will come when the

1610
01:05:37,259 --> 01:05:36,999
aliens land and make their presence

1611
01:05:40,949 --> 01:05:37,269
known

1612
01:05:42,359 --> 01:05:40,959
that's when disclosure will happen and I

1613
01:05:43,769 --> 01:05:42,369

know Steve Bassett will yell at me for

1614

01:05:48,149 --> 01:05:43,779

this I was just going to ask you about

1615

01:05:51,659 --> 01:05:48,159

that mmm but but that is my feeling that

1616

01:05:56,359 --> 01:05:51,669

there is absolutely no motivation to

1617

01:06:01,199 --> 01:05:56,369

disclose anything at this point so the

1618

01:06:02,759 --> 01:06:01,209

idea that they're they're trying to get

1619

01:06:06,390 --> 01:06:02,769

us used to the idea

1620

01:06:10,859 --> 01:06:06,400

alien visitation through these programs

1621

01:06:13,140 --> 01:06:10,869

I just don't buy buy into like I said

1622

01:06:14,669 --> 01:06:13,150

pretty well covers it yes it actually

1623

01:06:17,580 --> 01:06:14,679

covers the second part of the question

1624

01:06:20,190 --> 01:06:17,590

too because of he was asking you know

1625

01:06:24,290 --> 01:06:20,200

you think these fake briefing documents

1626

01:06:28,260 --> 01:06:24,300

that mix fact with fiction and

1627

01:06:30,480 --> 01:06:28,270

disagreement disinformation per se was a

1628

01:06:32,340 --> 01:06:30,490

type of soft disclosure but I think you

1629

01:06:33,750 --> 01:06:32,350

just basically covered that and I agree

1630

01:06:35,790 --> 01:06:33,760

with you I don't think there's any

1631

01:06:38,790 --> 01:06:35,800

motivation and they would have way too

1632

01:06:41,520 --> 01:06:38,800

much explaining to do if if they came

1633

01:06:43,740 --> 01:06:41,530

forward and actually said something was

1634

01:06:46,020 --> 01:06:43,750

going on and unless I got it from

1635

01:06:49,320 --> 01:06:46,030

another point of view I mean we have in

1636

01:06:51,030 --> 01:06:49,330

the last 50 years or so we have we have

1637

01:06:53,280 --> 01:06:51,040

learned that the u.s. government has

1638

01:06:55,920 --> 01:06:53,290

participated in some really disgusting

1639

01:06:58,620 --> 01:06:55,930

things I think of this what was it the

1640

01:07:02,100 --> 01:06:58,630

Tuskegee syphilis experiment where they

1641

01:07:04,680 --> 01:07:02,110

either injected the black man with

1642

01:07:06,450 --> 01:07:04,690

syphilis or they okay the black man came

1643

01:07:08,070 --> 01:07:06,460

for treatment for syphilis and they were

1644

01:07:09,300 --> 01:07:08,080

not treated so they could map the course

1645

01:07:11,070 --> 01:07:09,310

of the disease they can see how it

1646

01:07:12,960 --> 01:07:11,080

progressed over the years that's a

1647

01:07:14,460 --> 01:07:12,970

disgusting thing to have done

1648

01:07:20,130 --> 01:07:14,470

there was another experiment where they

1649

01:07:25,440 --> 01:07:20,140

were exposing children and adults who

1650

01:07:27,390 --> 01:07:25,450

were either either very ill or had grave

1651

01:07:29,010 --> 01:07:27,400

diseases that couldn't be cured or

1652

01:07:30,600 --> 01:07:29,020

things like that to radiation so they

1653

01:07:32,910 --> 01:07:30,610

can see whether the the progress of

1654

01:07:34,860 --> 01:07:32,920

radiation sickness and and how to combat

1655

01:07:37,260 --> 01:07:34,870

that I mean those are disgusting things

1656

01:07:39,750 --> 01:07:37,270

yes and you know as American citizen we

1657

01:07:42,450 --> 01:07:39,760

should be horrified that this was even

1658

01:07:46,820 --> 01:07:42,460

thought to be legitimate areas of

1659

01:07:49,140 --> 01:07:46,830

research so I cannot think of anything

1660

01:07:51,570 --> 01:07:49,150

that they would have learned from a

1661

01:07:53,310 --> 01:07:51,580

crashed UFO that they wouldn't wouldn't

1662

01:07:57,870 --> 01:07:53,320

have felt comfortable disclosing by this

1663

01:08:00,270 --> 01:07:57,880

point so that kind of you know you look

1664

01:08:01,620 --> 01:08:00,280

at that you think well you know they if

1665

01:08:03,030 --> 01:08:01,630

they're not going to disclose it there's

1666

01:08:04,920 --> 01:08:03,040

not going to be a hint about it this

1667

01:08:06,240 --> 01:08:04,930

just is not going to be the

1668

01:08:08,010 --> 01:08:06,250

documentation there's not going to be

1669

01:08:10,830 --> 01:08:08,020

any place to go with it so this idea

1670

01:08:13,650 --> 01:08:10,840

that there would be disclosure I think

1671

01:08:16,500 --> 01:08:13,660

the closest we ever came was in the mid

1672

01:08:18,930 --> 01:08:16,510

1990s when when Stan was doing his book

1673

01:08:20,460 --> 01:08:18,940

on Roswell and I was working with Don

1674

01:08:21,720 --> 01:08:20,470

Schmidt on our books in Roswell and

1675

01:08:23,760 --> 01:08:21,730

there's a lot of discussion about that

1676

01:08:25,590 --> 01:08:23,770

and we're coming up on the fiftieth

1677

01:08:29,820 --> 01:08:25,600

anniversary and the Air Force got in and

1678

01:08:31,140 --> 01:08:29,830

did their investigation of of the

1679

01:08:32,640 --> 01:08:31,150

Roswell case

1680

01:08:34,110 --> 01:08:32,650

that was the closest we ever came but I

1681

01:08:36,209 --> 01:08:34,120

think we have them worried at that point

1682

01:08:37,709 --> 01:08:36,219

that something was going to leak and

1683

01:08:40,499 --> 01:08:37,719

they were able to shut it down with

1684

01:08:42,360 --> 01:08:40,509

their nonsensical project mogul was not

1685

01:08:45,599 --> 01:08:42,370

was there a senator or someone involved

1686

01:08:47,490 --> 01:08:45,609

in that pardon me for interrupting uh I

1687

01:08:50,010 --> 01:08:47,500

think was a congressman Stephen chef

1688

01:08:52,620 --> 01:08:50,020

from okay right from from from from New

1689

01:08:54,390 --> 01:08:52,630

Mexico who just queried the air force

1690

01:08:55,499 --> 01:08:54,400

but do you go back and they've been

1691

01:08:58,530 --> 01:08:55,509

other queries to the air force

1692

01:09:00,840 --> 01:08:58,540

especially about project moon dust and I

1693

01:09:02,789 --> 01:09:00,850

know that jeff Bingaman who was a

1694

01:09:05,999 --> 01:09:02,799

senator from New Mexico we queried the

1695

01:09:08,039 --> 01:09:06,009

Air Force about project mogul test and

1696

01:09:09,689 --> 01:09:08,049

he got a response from the Air Force the

1697

01:09:11,059 --> 01:09:09,699

congressional liaison office saying

1698

01:09:13,340 --> 01:09:11,069

there's no such project as moon dust

1699

01:09:16,079 --> 01:09:13,350

when the documents that had been

1700

01:09:18,720 --> 01:09:16,089

inadvertently leaked into the public I

1701

01:09:20,519 --> 01:09:18,730

think Robert Todd got them originally in

1702

01:09:22,200 --> 01:09:20,529

one of his FOIA requests to the State

1703

01:09:24,950 --> 01:09:22,210

Department found the project moon dust

1704

01:09:27,510 --> 01:09:24,960

documents in there and the cliff stone

1705

01:09:30,930 --> 01:09:27,520

voided and got some documents and then I

1706

01:09:32,280 --> 01:09:30,940

fired and got some documents but we we

1707

01:09:33,870 --> 01:09:32,290

had all these documents from the State

1708

01:09:35,160 --> 01:09:33,880

Department from from a provenance you

1709

01:09:38,399 --> 01:09:35,170

could say the State Department sent us

1710

01:09:40,769 --> 01:09:38,409

this stuff referencing project moon dust

1711

01:09:42,390 --> 01:09:40,779

I later found four cases in front of the

1712

01:09:44,519 --> 01:09:42,400

project blue book files labeled Project

1713

01:09:45,930 --> 01:09:44,529

moon de sel clearly it existed anyhow

1714

01:09:47,700 --> 01:09:45,940

the documents were sent to the Air Force

1715

01:09:49,110 --> 01:09:47,710

and the Air Force that we'd like to

1716

01:09:50,880 --> 01:09:49,120

amend our last statement there was a

1717

01:09:53,039 --> 01:09:50,890

project moon dust we just never used it

1718

01:09:55,260 --> 01:09:53,049

well that was that wasn't that was

1719

01:09:59,160 --> 01:09:55,270

another lie too because we had instances

1720

01:10:00,570 --> 01:09:59,170

where it had been deployed so you know

1721

01:10:01,709 --> 01:10:00,580

even when you get close to something you

1722

01:10:03,330 --> 01:10:01,719

have the documents in hand they're going

1723

01:10:05,669 --> 01:10:03,340

to lie to you about it so I think I

1724

01:10:07,560 --> 01:10:05,679

think this disclosure is in the hands of

1725

01:10:08,939 --> 01:10:07,570

the alien creatures if they want to they

1726

01:10:11,850 --> 01:10:08,949

want to disclose themselves are going to

1727

01:10:13,709 --> 01:10:11,860

do it and I don't think of any

1728

01:10:15,600 --> 01:10:13,719

motivation the government has to tell us

1729

01:10:20,250 --> 01:10:15,610

anything that they know all right well

1730

01:10:22,590 --> 01:10:20,260

along these lines what what segments or

1731

01:10:26,280 --> 01:10:22,600

what part of the government do you think

1732

01:10:28,140 --> 01:10:26,290

could possibly be cut you know being

1733

01:10:30,149 --> 01:10:28,150

involved in the cover-up of when

1734

01:10:32,310 --> 01:10:30,159

something like this happens or when you

1735

01:10:34,590 --> 01:10:32,320

hear about a jet you know chasing a UFO

1736

01:10:36,930 --> 01:10:34,600

or something like that you know you know

1737

01:10:39,959 --> 01:10:36,940

they have to be someone knows about it

1738

01:10:41,729 --> 01:10:39,969

and you've been in the military do you

1739

01:10:43,830 --> 01:10:41,739

think that there's like one special

1740

01:10:45,090 --> 01:10:43,840

segment that gets carried on

1741

01:10:48,270 --> 01:10:45,100

generationally some

1742

01:10:50,250 --> 01:10:48,280

how that knows actually that there is

1743

01:10:51,780 --> 01:10:50,260

something going on I don't think they

1744

01:10:55,700 --> 01:10:51,790

know what is going on but something

1745

01:10:58,290 --> 01:10:55,710

going on I that after the Roswell case

1746

01:11:02,220 --> 01:10:58,300

the government kind of changed its tune

1747

01:11:03,930 --> 01:11:02,230

and tried to decipher what exactly they

1748

01:11:07,140 --> 01:11:03,940

had found there and understand it and

1749

01:11:09,510 --> 01:11:07,150

that may have been a large project back

1750

01:11:13,530 --> 01:11:09,520

then but as the years passed and they

1751

01:11:15,570 --> 01:11:13,540

were unable to manipulate the data

1752

01:11:18,030 --> 01:11:15,580

they're unable to understand what was

1753

01:11:20,220 --> 01:11:18,040

going on the number of people involved

1754

01:11:22,590 --> 01:11:20,230

continued to shrink until it's a very

1755

01:11:24,750 --> 01:11:22,600

very minuta number and I think it's one

1756

01:11:28,020 --> 01:11:24,760

of these things you you will look at J

1757

01:11:32,370 --> 01:11:28,030

Edgar Hoover he was he was the the

1758

01:11:33,840 --> 01:11:32,380

director of the FBI for decades and I

1759

01:11:36,030 --> 01:11:33,850

think it's that sort of thing you've got

1760

01:11:37,710 --> 01:11:36,040

a small department there of a number of

1761

01:11:41,580 --> 01:11:37,720

people and the people in it are very

1762

01:11:46,800 --> 01:11:41,590

select and they have access to a lot of

1763

01:11:47,880 --> 01:11:46,810

the good stuff and that they are holding

1764

01:11:49,620 --> 01:11:47,890

on it so when something like that

1765

01:11:52,350 --> 01:11:49,630

happens they can they can manipulate

1766

01:11:56,100 --> 01:11:52,360

things and it's compartmentalized as

1767

01:11:57,300 --> 01:11:56,110

well so that there are very few people

1768

01:11:59,100 --> 01:11:57,310

that know the whole picture but there

1769

01:12:00,480 --> 01:11:59,110

may be a few some people who know part

1770

01:12:03,690 --> 01:12:00,490

of the picture a very small part of the

1771

01:12:06,870 --> 01:12:03,700

picture and so it all kind of works that

1772

01:12:08,670 --> 01:12:06,880

way so what do you think about this

1773

01:12:12,570 --> 01:12:08,680

particular let's say there is a

1774

01:12:13,920 --> 01:12:12,580

compartmentalized section that has this

1775

01:12:17,280 --> 01:12:13,930

information do you think there's

1776

01:12:20,100 --> 01:12:17,290

communications with other similar I

1777

01:12:22,290 --> 01:12:20,110

don't want to say organizations but

1778

01:12:24,620 --> 01:12:22,300

groups in different countries or do you

1779

01:12:27,750 --> 01:12:24,630

think this is kept country per country I

1780

01:12:28,980 --> 01:12:27,760

would think that and here I'm going to

1781

01:12:32,610 --> 01:12:28,990

sound awful

1782

01:12:35,070 --> 01:12:32,620

American centric I think we made the

1783

01:12:37,380 --> 01:12:35,080

United States government has has the

1784

01:12:40,110 --> 01:12:37,390

answers and other other governments may

1785

01:12:45,510 --> 01:12:40,120

be suspect but don't have the answers

1786

01:12:47,310 --> 01:12:45,520

what I did the UFO dossier I I just love

1787

01:12:51,450 --> 01:12:47,320

the way you lead me into being able to

1788

01:12:54,510 --> 01:12:51,460

promote books um I was looking at the

1789

01:12:57,930 --> 01:12:54,520

Australian Government's UFO research

1790

01:12:58,890 --> 01:12:57,940

which was very interesting and there was

1791

01:13:02,130 --> 01:12:58,900

one one

1792

01:13:03,930 --> 01:13:02,140

fellow who was advocating Australian

1793

01:13:06,419 --> 01:13:03,940

government UFO project and that sort of

1794

01:13:09,360 --> 01:13:06,429

thing and so they asked the Australian

1795

01:13:10,830 --> 01:13:09,370

Air Force about it and I think that one

1796

01:13:12,660 --> 01:13:10,840

of the sources he said it was one of Don

1797

01:13:14,610 --> 01:13:12,670

Quixote and still they asked you

1798

01:13:17,220 --> 01:13:14,620

Australian Air Force about it who asked

1799

01:13:18,360 --> 01:13:17,230

the US Air Force about it and the US Air

1800

01:13:20,880 --> 01:13:18,370

Force says you can't believe anything

1801

01:13:22,350 --> 01:13:20,890

Don Quixote is he's you know he just

1802

01:13:25,350 --> 01:13:22,360

he's just a liar out there trying to

1803

01:13:26,640 --> 01:13:25,360

make a buck and so the the I went back

1804

01:13:27,780 --> 01:13:26,650

to the Australian I there's nothing for

1805

01:13:29,610 --> 01:13:27,790

us to really look at we don't need to

1806

01:13:31,770 --> 01:13:29,620

waste the money and spend the time so

1807

01:13:34,439 --> 01:13:31,780

the US government the US Air Force was

1808

01:13:37,080 --> 01:13:34,449

kind of manipulating the situation

1809

01:13:39,450 --> 01:13:37,090

because we find out that Kehoe was right

1810

01:13:41,399 --> 01:13:39,460

more often than he was he was wrong but

1811

01:13:42,720 --> 01:13:41,409

the point really is the Australian Air

1812

01:13:44,160 --> 01:13:42,730

Force went to their colleagues in the

1813

01:13:46,380 --> 01:13:44,170

American Air Force the American Air

1814

01:13:47,640 --> 01:13:46,390

Force guy said Nast not into it and I

1815

01:13:50,580 --> 01:13:47,650

think think there's another another

1816

01:13:52,200 --> 01:13:50,590

point here to that that the guys there

1817

01:13:55,080 --> 01:13:52,210

may be some guys at the very top who

1818

01:13:58,140 --> 01:13:55,090

know about it but if I do not believe

1819

01:13:59,790 --> 01:13:58,150

there's anything to UFOs and I'm some

1820

01:14:01,410 --> 01:13:59,800

kernel or Brigadier General sitting in

1821

01:14:03,000 --> 01:14:01,420

the Pentagon and my colleague from

1822

01:14:04,200 --> 01:14:03,010

Australia calls me so what do you think

1823

01:14:06,300 --> 01:14:04,210

about this stuff and especially this

1824

01:14:07,800 --> 01:14:06,310

keyhole guy and I say I don't think much

1825

01:14:10,950 --> 01:14:07,810

about him I think it's kind of a creep

1826

01:14:12,570 --> 01:14:10,960

and let it go at that I haven't lied to

1827

01:14:14,610 --> 01:14:12,580

them I haven't misdirected I'm telling

1828

01:14:16,860 --> 01:14:14,620

them what I know I just don't have a

1829

01:14:20,189 --> 01:14:16,870

clear picture and so there's always that

1830

01:14:21,899 --> 01:14:20,199

art if I tell you a lie and you believe

1831

01:14:23,669 --> 01:14:21,909

it and you repeat that lie

1832

01:14:26,729 --> 01:14:23,679

you're not lying you're telling what you

1833

01:14:28,979 --> 01:14:26,739

believe to be the truth is the initial

1834

01:14:31,979 --> 01:14:28,989

information was inaccurate so we've got

1835

01:14:34,770 --> 01:14:31,989

to look at all that I believe that if

1836

01:14:38,280 --> 01:14:34,780

there was a crash at Roswell and there

1837

01:14:40,410 --> 01:14:38,290

was a organization created to

1838

01:14:43,590 --> 01:14:40,420

investigate it that organization is

1839

01:14:45,600 --> 01:14:43,600

still alive today and the mantle of

1840

01:14:48,090 --> 01:14:45,610

secrecy's kind of passed down from

1841

01:14:49,620 --> 01:14:48,100

generation to generation that way and I

1842

01:14:52,260 --> 01:14:49,630

think the number of people involved in

1843

01:14:53,880 --> 01:14:52,270

the very core of this organization the

1844

01:14:56,310 --> 01:14:53,890

ones that who know all the really good

1845

01:14:59,850 --> 01:14:56,320

stuff is a very finite number a very

1846

01:15:03,260 --> 01:14:59,860

small number of people who are working

1847

01:15:05,820 --> 01:15:03,270

actively to to keep the information

1848

01:15:08,370 --> 01:15:05,830

hidden but the other side of the coin is

1849

01:15:09,959 --> 01:15:08,380

we're doing it to ourselves we just had

1850

01:15:12,070 --> 01:15:09,969

another fine example of the EM this

1851

01:15:14,290 --> 01:15:12,080

mj-12 document

1852

01:15:15,940 --> 01:15:14,300

it got a you said it went viral in the

1853

01:15:18,100 --> 01:15:15,950

UFO community I think it may have gone

1854

01:15:20,590 --> 01:15:18,110

got a little bit more viral into a

1855

01:15:21,910 --> 01:15:20,600

larger audience but in the end it's

1856

01:15:24,520 --> 01:15:21,920

gonna say well just another hoax from

1857

01:15:26,100 --> 01:15:24,530

the y'all OMG 12 stuff that's all crap

1858

01:15:28,990 --> 01:15:26,110

you know just like this whole UFO thing

1859

01:15:31,450 --> 01:15:29,000

and if I'm if I'm one of the operatives

1860

01:15:32,980 --> 01:15:31,460

Isis yeah I I created that document look

1861

01:15:34,600 --> 01:15:32,990

at what it what it's done for us even

1862

01:15:36,730 --> 01:15:34,610

though it hasn't done up just take

1863

01:15:38,610 --> 01:15:36,740

credit for it because it completes our

1864

01:15:40,510 --> 01:15:38,620

mission we're doing it to ourselves

1865

01:15:43,600 --> 01:15:40,520

especially when we keep advocating

1866

01:15:45,520 --> 01:15:43,610

things that we may know in our heart of

1867

01:15:46,990 --> 01:15:45,530

hearts aren't true you know it's when I

1868

01:15:49,660 --> 01:15:47,000

think I say might want to hold the door

1869

01:15:52,690 --> 01:15:49,670

against all of this stuff I want to keep

1870

01:15:55,210 --> 01:15:52,700

the truth out there I want to keep going

1871

01:15:59,380 --> 01:15:55,220

for the truth and not having to embrace

1872

01:16:01,900 --> 01:15:59,390

the indefensible to to get my voice

1873

01:16:04,240 --> 01:16:01,910

heard and so I take I take a lot of

1874

01:16:05,650 --> 01:16:04,250

flack for that when I people will say to

1875

01:16:07,720 --> 01:16:05,660

but what do you think about such and

1876

01:16:09,970 --> 01:16:07,730

such occasion if I gave my opinion then

1877

01:16:12,730 --> 01:16:09,980

they get mad at me even though the facts

1878

01:16:14,020 --> 01:16:12,740

are on my side they get mad at me

1879

01:16:16,270 --> 01:16:14,030

because what they want me to do is

1880

01:16:18,610 --> 01:16:16,280

validate their personal belief structure

1881

01:16:20,410 --> 01:16:18,620

and I'm not going to do that there are a

1882

01:16:24,690 --> 01:16:20,420

lot of people out there who will do that

1883

01:16:27,580 --> 01:16:24,700

who embrace everything to keep the

1884

01:16:30,460 --> 01:16:27,590

invitations coming to the conference's

1885

01:16:31,660 --> 01:16:30,470

and that sort of thing yeah so you've

1886

01:16:33,640 --> 01:16:31,670

got to take a look at all of that

1887

01:16:35,890 --> 01:16:33,650

information and you've got to sit there

1888

01:16:39,340 --> 01:16:35,900

and look at it very dispassionately and

1889

01:16:43,510 --> 01:16:39,350

by that I mean you look at it coldly

1890

01:16:45,130 --> 01:16:43,520

you'll assume it's untrue and look at it

1891

01:16:47,980 --> 01:16:45,140

from that point of view and see what we

1892

01:16:49,860 --> 01:16:47,990

can do to reverse that opinion I hate to

1893

01:16:52,270 --> 01:16:49,870

say it but it's it's kind of like my

1894

01:16:54,940 --> 01:16:52,280

being in the art business that I'm an

1895

01:16:57,790 --> 01:16:54,950

I'm an appraiser and I say that I always

1896

01:16:59,290 --> 01:16:57,800

say that are really nice painting by a

1897

01:17:00,580 --> 01:16:59,300

really good artist is guilty until

1898

01:17:02,470 --> 01:17:00,590

proven innocent

1899

01:17:05,740 --> 01:17:02,480

you know because I have to prove that's

1900

01:17:07,870 --> 01:17:05,750

the authorship of that artist you know

1901

01:17:09,880 --> 01:17:07,880

so it's kind of along that same white

1902

01:17:15,010 --> 01:17:09,890

way you just have to look at it very

1903

01:17:17,230 --> 01:17:15,020

logically and very carefully now Chris I

1904

01:17:21,220 --> 01:17:17,240

was really very fortunate in one of the

1905

01:17:23,500 --> 01:17:21,230

only few to get he was a government DoD

1906

01:17:24,810 --> 01:17:23,510

insider Chris Mellon from the Mellon

1907

01:17:28,770 --> 01:17:24,820

Bank family he

1908

01:17:31,410 --> 01:17:28,780

on the show months ago well actually

1909

01:17:33,959 --> 01:17:31,420

about a year ago and I asked him the

1910

01:17:36,240 --> 01:17:33,969

question I said if the president wants

1911

01:17:40,020 --> 01:17:36,250

to know everything the government knows

1912

01:17:42,870 --> 01:17:40,030

about UFOs could the president find out

1913

01:17:46,919 --> 01:17:42,880

and he said absolutely absolutely

1914

01:17:48,720 --> 01:17:46,929

now do you think and and I I will I will

1915

01:17:50,160 --> 01:17:48,730

I will have a second that I've always

1916

01:17:53,669 --> 01:17:50,170

said that the president can find out

1917

01:17:57,000 --> 01:17:53,679

whatever the hell he wants yeah but do

1918

01:17:59,430 --> 01:17:57,010

you think that do you think that that

1919

01:18:02,580 --> 01:17:59,440

information could be protected in a type

1920

01:18:04,229 --> 01:18:02,590

of way where the president couldn't find

1921

01:18:07,890 --> 01:18:04,239

out and in other words maybe in the

1922

01:18:09,359 --> 01:18:07,900

private sector somehow or how would they

1923

01:18:11,939 --> 01:18:09,369

protect that information from a

1924

01:18:13,470 --> 01:18:11,949

president I should say first of all the

1925

01:18:16,500 --> 01:18:13,480

president has got to have the motivation

1926

01:18:17,729 --> 01:18:16,510

to ask for it yes and if he has no

1927

01:18:18,530 --> 01:18:17,739

motivation to ask for it they're not

1928

01:18:20,850 --> 01:18:18,540

going to volunteer the information

1929

01:18:24,660 --> 01:18:20,860

there's an awful lot of stuff the

1930

01:18:26,490 --> 01:18:24,670

president has to know to operate day to

1931

01:18:28,890 --> 01:18:26,500

day that has nothing to do with UFOs

1932

01:18:31,319 --> 01:18:28,900

UFOs is pretty esoteric and and sort of

1933

01:18:33,390 --> 01:18:31,329

one of those nice to know things but if

1934

01:18:34,830 --> 01:18:33,400

you're the president you got especially

1935

01:18:37,080 --> 01:18:34,840

in today's environment you've got an

1936

01:18:38,970 --> 01:18:37,090

awful lot on your plate that you've got

1937

01:18:41,100 --> 01:18:38,980

to be dealing with on a day to day basis

1938

01:18:45,000 --> 01:18:41,110

and UFOs just doesn't have a place there

1939

01:18:47,520 --> 01:18:45,010

the second point is you have to ask the

1940

01:18:49,200 --> 01:18:47,530

right person the right question and if

1941

01:18:50,910 --> 01:18:49,210

you go to the wrong person and say well

1942

01:18:52,560 --> 01:18:50,920

what can you tell me about UFOs and the

1943

01:18:55,160 --> 01:18:52,570

guy says I know nothing about it

1944

01:18:58,760 --> 01:18:55,170

we have no files there's nothing there

1945

01:19:01,470 --> 01:18:58,770

you know it's it's all a bunch of hooey

1946

01:19:02,850 --> 01:19:01,480

and that's what the guy knows and that's

1947

01:19:04,620 --> 01:19:02,860

he's telling the president the truth

1948

01:19:06,390 --> 01:19:04,630

there's no there's no there's no where

1949

01:19:08,100 --> 01:19:06,400

else to go you've got to find the right

1950

01:19:10,350 --> 01:19:08,110

person and ask the right questions and

1951

01:19:12,720 --> 01:19:10,360

and sometimes asking the right question

1952

01:19:15,240 --> 01:19:12,730

is important back in the olden days when

1953

01:19:16,740 --> 01:19:15,250

Carl floc was still around he was

1954

01:19:18,600 --> 01:19:16,750

investigating the Roswell case and

1955

01:19:20,430 --> 01:19:18,610

looking in whether or not the Roswell

1956

01:19:22,919 --> 01:19:20,440

fire department had a role in going out

1957

01:19:26,430 --> 01:19:22,929

to the crash site and he talked to a

1958

01:19:28,740 --> 01:19:26,440

fireman in the in the fire department

1959

01:19:30,000 --> 01:19:28,750

and was chatting with him about that the

1960

01:19:31,140 --> 01:19:30,010

guy was saying no we didn't make a run

1961

01:19:33,689 --> 01:19:31,150

out there and we didn't do this we

1962

01:19:35,850 --> 01:19:33,699

didn't do that and Carlock reports that

1963

01:19:37,850 --> 01:19:35,860

in his book roswell inconvenient facts

1964

01:19:39,770 --> 01:19:37,860

in the will to believe i

1965

01:19:41,540 --> 01:19:39,780

talk to the firemen after Carl did and

1966

01:19:43,820 --> 01:19:41,550

he was telling me exactly what he told

1967

01:19:46,220 --> 01:19:43,830

Carl and then I asked him one other

1968

01:19:47,810 --> 01:19:46,230

question I said you know damn Dwyer he

1969

01:19:51,859 --> 01:19:47,820

said oh yeah I know dan dan went out

1970

01:19:53,359 --> 01:19:51,869

there I said what he said oh yeah we had

1971

01:19:54,680 --> 01:19:53,369

this Colonel come by and it's always a

1972

01:19:56,570 --> 01:19:54,690

current let's never captain never a

1973

01:19:58,609 --> 01:19:56,580

major is always a colonel come by the

1974

01:20:00,680 --> 01:19:58,619

fire department and he said yeah we've

1975

01:20:02,149 --> 01:20:00,690

got this covered don't worry about it so

1976

01:20:03,590 --> 01:20:02,159

you don't have to do anything oh but Dan

1977

01:20:04,070 --> 01:20:03,600

got in his private car and went out

1978

01:20:06,800 --> 01:20:04,080

there

1979

01:20:09,260 --> 01:20:06,810

well this suddenly explained all the

1980

01:20:10,609 --> 01:20:09,270

inconsistencies we had because I could

1981

01:20:12,229 --> 01:20:10,619

find nothing in the fire records about a

1982

01:20:13,640 --> 01:20:12,239

run outside of the city limits by the

1983

01:20:16,700 --> 01:20:13,650

fire department well they didn't make

1984

01:20:17,750 --> 01:20:16,710

one but how did Dan Dwyer know about it

1985

01:20:21,530 --> 01:20:17,760

well he went out there in his private

1986

01:20:24,709 --> 01:20:21,540

car and took a look around so uh but but

1987

01:20:26,270 --> 01:20:24,719

Carl hadn't asked the next question if

1988

01:20:28,790 --> 01:20:26,280

I'd said once the guy had told me there

1989

01:20:29,959 --> 01:20:28,800

was nothing to it we didn't go out there

1990

01:20:31,700 --> 01:20:29,969

we didn't make a run out there I don't

1991

01:20:33,919 --> 01:20:31,710

really know anything about it that would

1992

01:20:36,830 --> 01:20:33,929

have been the end of it but I said you

1993

01:20:38,930 --> 01:20:36,840

know Dan Dwyer and his answer kind of

1994

01:20:41,600 --> 01:20:38,940

stunned me when he said oh yeah he went

1995

01:20:44,240 --> 01:20:41,610

out I'm gonna be came they went out as a

1996

01:20:46,100 --> 01:20:44,250

private citizen in this private car Carl

1997

01:20:48,740 --> 01:20:46,110

got the information he wanted and didn't

1998

01:20:50,899 --> 01:20:48,750

ask the next question and I've had that

1999

01:20:53,060 --> 01:20:50,909

happen to me a couple of times or I was

2000

01:20:55,129 --> 01:20:53,070

I was doing research back in the olden

2001
01:20:57,470 --> 01:20:55,139
days I visit morgues of newspapers and

2002
01:20:59,479 --> 01:20:57,480
I'd go back to the 1897 newspapers and

2003
01:21:01,760 --> 01:20:59,489
look for stories about the about the

2004
01:21:03,500 --> 01:21:01,770
airship and I found one in Cedar Rapids

2005
01:21:05,120 --> 01:21:03,510
Iowa about how the thing had landed on

2006
01:21:07,310 --> 01:21:05,130
the Union Station and a number of the

2007
01:21:09,680 --> 01:21:07,320
local citizens had taken a ride in it

2008
01:21:12,140 --> 01:21:09,690
and no I'm sorry

2009
01:21:14,300 --> 01:21:12,150
that was a hoax but but in the paper

2010
01:21:15,919 --> 01:21:14,310
there was one had credited crashed in

2011
01:21:17,240 --> 01:21:15,929
Waterloo Iowa and there was a story in

2012
01:21:19,729 --> 01:21:17,250
the newspaper about the crash in the

2013
01:21:21,500 --> 01:21:19,739

Waterloo Iowa area and it was really an

2014

01:21:24,620 --> 01:21:21,510

interesting story and I thought great I

2015

01:21:26,180 --> 01:21:24,630

copied that and I came home and then I

2016

01:21:27,709 --> 01:21:26,190

thought you know maybe I should look to

2017

01:21:29,180 --> 01:21:27,719

the next day's paper and I went back to

2018

01:21:30,770 --> 01:21:29,190

the next day's paper and it said yeah

2019

01:21:32,260 --> 01:21:30,780

they'd have found out it was a hoax that

2020

01:21:35,240 --> 01:21:32,270

had been built by a couple of guys and

2021

01:21:38,720 --> 01:21:35,250

Waterloo and they had they had fun on

2022

01:21:40,910 --> 01:21:38,730

that and when I'd done a number of books

2023

01:21:43,580 --> 01:21:40,920

you know I would mention that story and

2024

01:21:44,840 --> 01:21:43,590

I have a picture that had been drawing

2025

01:21:48,339 --> 01:21:44,850

an illustration from the Cedar Rapids

2026

01:21:50,330 --> 01:21:48,349

Gazette in it and I when I did the

2027

01:21:51,319 --> 01:21:50,340

government UFO FILES he always

2028

01:21:54,560 --> 01:21:51,329

recounting the stone

2029

01:21:56,000 --> 01:21:54,570

worried about this crash and lo and

2030

01:21:57,979 --> 01:21:56,010

behold the editor found an actual

2031

01:22:00,979 --> 01:21:57,989

photograph of the thing I couldn't

2032

01:22:04,069 --> 01:22:00,989

believe it I'm I'm living in Iowa this

2033

01:22:06,739 --> 01:22:04,079

guy's in New York and he finds a picture

2034

01:22:11,449 --> 01:22:06,749

of this picture a photograph of the

2035

01:22:12,889 --> 01:22:11,459

Waterloo hoax if you will but I mean the

2036

01:22:14,149 --> 01:22:12,899

point simply is you know I went back the

2037

01:22:16,579 --> 01:22:14,159

next day and got the rest of the story

2038

01:22:18,290 --> 01:22:16,589

and sometimes you have to ask the next

2039

01:22:20,299 --> 01:22:18,300

question and the next question to get to

2040

01:22:24,319 --> 01:22:20,309

where you want to go that is a really

2041

01:22:28,219 --> 01:22:24,329

good point on how things can get you

2042

01:22:30,770 --> 01:22:28,229

know how things can grow without if you

2043

01:22:32,629 --> 01:22:30,780

didn't well it's also Charles go ahead

2044

01:22:34,669 --> 01:22:32,639

but it's also point it's also a point on

2045

01:22:36,979 --> 01:22:34,679

how you get the information you want you

2046

01:22:39,379 --> 01:22:36,989

quit right you know it's sometimes

2047

01:22:42,109 --> 01:22:39,389

sometimes you know I got this wonderful

2048

01:22:44,060 --> 01:22:42,119

story of the of the airship crash in

2049

01:22:46,879 --> 01:22:44,070

Waterloo Iowa and I'm really hot happy

2050

01:22:49,069 --> 01:22:46,889

about it but the next day it's all

2051

01:22:50,659 --> 01:22:49,079

explained and that's the real thing you

2052

01:22:52,639 --> 01:22:50,669

have to ask the next question you have

2053

01:22:54,770 --> 01:22:52,649

to follow all the leads to make sure you

2054

01:22:56,389 --> 01:22:54,780

you get to where you want to go right

2055

01:22:58,369 --> 01:22:56,399

and I do want to since we're on the

2056

01:23:01,579 --> 01:22:58,379

subject of hoaxes I do want to talk

2057

01:23:03,469 --> 01:23:01,589

about the Aztek suppose a crash but

2058

01:23:06,829 --> 01:23:03,479

before that there was a question up on

2059

01:23:08,959 --> 01:23:06,839

the message board Carrie I think it was

2060

01:23:11,509 --> 01:23:08,969

one to know what you thought about baud

2061

01:23:14,060 --> 01:23:11,519

Bigelow's recent statement that you you

2062

01:23:16,849 --> 01:23:14,070

know UFOs are here and ETS are here in

2063

01:23:20,270 --> 01:23:16,859

his uh in the recently released sixty

2064

01:23:25,339 --> 01:23:20,280

minutes interview with him we have any

2065

01:23:28,520 --> 01:23:25,349

number of people who are wealthy who are

2066

01:23:30,290 --> 01:23:28,530

oddly educated who are well-connected

2067

01:23:33,049 --> 01:23:30,300

who are in the government who have said

2068

01:23:35,060 --> 01:23:33,059

things like that repeatedly we can we

2069

01:23:38,119 --> 01:23:35,070

can we can point to astronauts we can

2070

01:23:43,879 --> 01:23:38,129

point to former presidents we can point

2071

01:23:45,290 --> 01:23:43,889

to all Kyl MacArthur said that he

2072

01:23:48,889 --> 01:23:45,300

thought the next big war would be

2073

01:23:51,889 --> 01:23:48,899

between earth and an alien invader so if

2074

01:23:54,020 --> 01:23:51,899

we we have all of that unfortunately

2075

01:23:57,500 --> 01:23:54,030

that does not constitute constitute

2076

01:24:00,619 --> 01:23:57,510

proof you know and I got hung up in a

2077

01:24:02,239 --> 01:24:00,629

debate with Steve Bassett about this I

2078

01:24:04,109 --> 01:24:02,249

said you know what's the best UFO case

2079

01:24:05,370 --> 01:24:04,119

he went off on a tangent with me

2080

01:24:08,280 --> 01:24:05,380

and what I should have said when he got

2081

01:24:09,750 --> 01:24:08,290

done with this tangent is is yeah you're

2082

01:24:11,580 --> 01:24:09,760

telling me that you know I've got to do

2083

01:24:14,339 --> 01:24:11,590

this research to you know disprove all

2084

01:24:15,750 --> 01:24:14,349

of this stuff and I'm thinking no what

2085

01:24:18,270 --> 01:24:15,760

really has to happen is you have got to

2086

01:24:20,459 --> 01:24:18,280

prove to me that we have alien

2087

01:24:23,189 --> 01:24:20,469

visitation just making the statement

2088

01:24:24,750 --> 01:24:23,199

isn't sufficient you have got to have

2089

01:24:26,729 --> 01:24:24,760

the proof to back it up and proof that

2090

01:24:28,950 --> 01:24:26,739

we can all look at and come to a

2091

01:24:31,500 --> 01:24:28,960

consensus about and that's how science

2092

01:24:34,410 --> 01:24:31,510

works you know it's I say I've created

2093

01:24:36,870 --> 01:24:34,420

cold fusion and all the scientists says

2094

01:24:39,390 --> 01:24:36,880

now you haven't and I say this is the

2095

01:24:41,430 --> 01:24:39,400

way I did it and they all go out to

2096

01:24:43,649 --> 01:24:41,440

their laboratories and says man that did

2097

01:24:46,770 --> 01:24:43,659

not work and so you realize that the

2098

01:24:50,250 --> 01:24:46,780

first evidence of the cold fusion is a

2099

01:24:52,740 --> 01:24:50,260

hoax if I say I've invented cold fusion

2100

01:24:54,570 --> 01:24:52,750

and you say no you haven't and I say

2101

01:24:56,070 --> 01:24:54,580

this is how I did it and you guys go to

2102

01:24:58,830 --> 01:24:56,080

the laboratory and you do the same thing

2103

01:25:00,330 --> 01:24:58,840

then we have a consensus yes cold fusion

2104

01:25:02,520 --> 01:25:00,340

works and this is how it does how it

2105

01:25:04,350 --> 01:25:02,530

does and they and then that's the

2106

01:25:06,750 --> 01:25:04,360

problem we have with UFOs we have people

2107

01:25:08,220 --> 01:25:06,760

making these statements I have no doubt

2108

01:25:11,729 --> 01:25:08,230

the Bob biblical elope with a Bob

2109

01:25:14,490 --> 01:25:11,739

Bigelow you believe that I've met Bob

2110

01:25:18,689 --> 01:25:14,500

Bigelow I've been to his office he and I

2111

01:25:21,209 --> 01:25:18,699

went out there a 51 back 20 years ago we

2112

01:25:24,990 --> 01:25:21,219

we had KFC and stopped at a picnic area

2113

01:25:26,280 --> 01:25:25,000

in a KFC as we went out there we didn't

2114

01:25:29,490 --> 01:25:26,290

see anything exciting but we went out

2115

01:25:33,479 --> 01:25:29,500

and took a look around um so the fact

2116

01:25:34,890 --> 01:25:33,489

that he truly believes that is great but

2117

01:25:39,000 --> 01:25:34,900

he didn't offer any evidence that it was

2118

01:25:40,830 --> 01:25:39,010

true yeah yeah I I think I personally

2119

01:25:43,169 --> 01:25:40,840

think it was good that he actually said

2120

01:25:45,330 --> 01:25:43,179

it because you know if someone of his

2121

01:25:47,010 --> 01:25:45,340

stature will say something like that you

2122

01:25:49,500 --> 01:25:47,020

know perhaps more people will look into

2123

01:25:51,359 --> 01:25:49,510

it I mean instead of it just being such

2124

01:25:53,939 --> 01:25:51,369

a fringe topic and I'm really glad that

2125

01:25:55,530 --> 01:25:53,949

he doesn't care he doesn't care what

2126
01:25:57,479 --> 01:25:55,540
people think about it and he you know

2127
01:25:59,990 --> 01:25:57,489
and I love the fact that he has that

2128
01:26:02,520 --> 01:26:00,000
little alien on the side of his building

2129
01:26:03,000 --> 01:26:02,530
I interviewed I interviewed James Van

2130
01:26:05,250 --> 01:26:03,010
Allen

2131
01:26:06,810 --> 01:26:05,260
you know the radiation belt guy oh yes I

2132
01:26:08,939 --> 01:26:06,820
had a chest I had a chance to sit down

2133
01:26:10,229 --> 01:26:08,949
with him and chat with well he was at

2134
01:26:11,520 --> 01:26:10,239
the University of Iowa he's the head of

2135
01:26:14,010 --> 01:26:11,530
the Department of physics and astronomy

2136
01:26:15,780 --> 01:26:14,020
in my friend Bob Cornett I had mentioned

2137
01:26:18,660 --> 01:26:15,790
earlier said that we should

2138
01:26:20,100 --> 01:26:18,670

review him yeah cuz I know I mean I'm

2139

01:26:22,230 --> 01:26:20,110

thinking yeah Bob you know Van Alen

2140

01:26:24,240 --> 01:26:22,240

uh-huh right so we're on an elevator in

2141

01:26:27,150 --> 01:26:24,250

the physics building and Van Halen gets

2142

01:26:29,840 --> 01:26:27,160

on the elevator and that Anna looks at

2143

01:26:33,480 --> 01:26:29,850

Bob says hi Bob was he wearing a belt

2144

01:26:35,490 --> 01:26:33,490

yes and that is in fact the only belt

2145

01:26:36,900 --> 01:26:35,500

that the only Van Allen belts he will

2146

01:26:39,030 --> 01:26:36,910

talk about in the university of iowa

2147

01:26:42,690 --> 01:26:39,040

there the radiation belts the Van Allen

2148

01:26:44,430 --> 01:26:42,700

belt holds up his pants but he gets he

2149

01:26:47,040 --> 01:26:44,440

gets on the elevator he says hi Bob

2150

01:26:48,180 --> 01:26:47,050

and Bob's his hi van how you doing so it

2151

01:26:49,860 --> 01:26:48,190

turned out he really didn't know Van

2152

01:26:51,000 --> 01:26:49,870

Alen and and we sat down with the

2153

01:26:54,120 --> 01:26:51,010

interview and we talked about you

2154

01:26:56,130 --> 01:26:54,130

specifically about UFOs and he was very

2155

01:26:57,900 --> 01:26:56,140

open and I said do you have any problems

2156

01:26:59,340 --> 01:26:57,910

with talking about this he says no I

2157

01:27:01,020 --> 01:26:59,350

mean it's Van Alen for God's sakes

2158

01:27:03,720 --> 01:27:01,030

nobody's gonna really say bad things

2159

01:27:05,700 --> 01:27:03,730

about him and the one thing he said that

2160

01:27:07,350 --> 01:27:05,710

really kind of cracked me up only it was

2161

01:27:08,550 --> 01:27:07,360

decades later was he said you know if

2162

01:27:10,080 --> 01:27:08,560

you're in the middle of Wyoming and you

2163

01:27:13,020 --> 01:27:10,090

hear the thunder of hoofbeats you don't

2164

01:27:16,230 --> 01:27:13,030

expect zebra meaning that you've got to

2165

01:27:19,470 --> 01:27:16,240

look at the most likely answers before

2166

01:27:21,390 --> 01:27:19,480

you get into the exotic and then then

2167

01:27:23,670 --> 01:27:21,400

what it was a year year and a half ago I

2168

01:27:26,040 --> 01:27:23,680

heard the story about this is zebra who

2169

01:27:27,900 --> 01:27:26,050

escaped him in Wyoming was running

2170

01:27:30,960 --> 01:27:27,910

around loose in Wyoming and I'm thinking

2171

01:27:32,430 --> 01:27:30,970

oh oh my god I think you're hearing the

2172

01:27:35,700 --> 01:27:32,440

Thunder of hoofbeats in Wyoming and it

2173

01:27:38,970 --> 01:27:35,710

is a zebra but the point the point

2174

01:27:40,890 --> 01:27:38,980

simply is you know Van Alen didn't

2175

01:27:42,750 --> 01:27:40,900

didn't worry about his reputation being

2176

01:27:44,190 --> 01:27:42,760

sullied by talking about UFOs Bigelow

2177

01:27:46,140 --> 01:27:44,200

doesn't have to worry about his on the

2178

01:27:50,250 --> 01:27:46,150

other hand there's too many in the news

2179

01:27:52,110 --> 01:27:50,260

media and I I fear that most of them

2180

01:27:53,670 --> 01:27:52,120

whose media is fake news now giving

2181

01:27:57,660 --> 01:27:53,680

everything I've been saying lately about

2182

01:28:01,850 --> 01:27:57,670

everything they don't want to they don't

2183

01:28:04,170 --> 01:28:01,860

want to ruin their reputations by

2184

01:28:07,230 --> 01:28:04,180

seriously the investigating UFOs or

2185

01:28:09,720 --> 01:28:07,240

looking at a UFO story seriously

2186

01:28:11,550 --> 01:28:09,730

Don and I had an interview at the

2187

01:28:15,180 --> 01:28:11,560

Chicago Tribune when when our first book

2188

01:28:16,890 --> 01:28:15,190

came out and so we get to the Tribune

2189

01:28:21,870 --> 01:28:16,900

for that and this girl meets us in the

2190

01:28:23,040 --> 01:28:21,880

hallway and she was an intern and we

2191

01:28:24,990 --> 01:28:23,050

said what are we gonna go inside she

2192

01:28:26,250 --> 01:28:25,000

said I'll talk you out here so they

2193

01:28:28,750 --> 01:28:26,260

wouldn't even let us into the city room

2194

01:28:31,300 --> 01:28:28,760

to sit down at a desk she

2195

01:28:33,340 --> 01:28:31,310

view us the intern interviewed us about

2196

01:28:35,470 --> 01:28:33,350

UFOs because clearly there's no such

2197

01:28:37,510 --> 01:28:35,480

thing as alien visitation and everybody

2198

01:28:41,410 --> 01:28:37,520

who is very sophisticated knows that and

2199

01:28:44,740 --> 01:28:41,420

we're not going to demean ourselves by

2200

01:28:45,940 --> 01:28:44,750

talking to you guys were because you

2201

01:28:48,040 --> 01:28:45,950

might actually have some proof to prove

2202

01:28:49,960 --> 01:28:48,050

that we were wrong but I mean we've run

2203

01:28:53,890 --> 01:28:49,970

into that an awful lot of tie at times

2204

01:28:56,500 --> 01:28:53,900

you don't get the top reporters talking

2205

01:28:57,850 --> 01:28:56,510

about UFOs any kind of serious vein when

2206

01:29:00,270 --> 01:28:57,860

there's a story that comes out it's

2207

01:29:02,950 --> 01:29:00,280

always treated tongue-in-cheek

2208

01:29:05,170 --> 01:29:02,960

and the one that really cracked me up

2209

01:29:07,150 --> 01:29:05,180

was when those guys in New Jersey were

2210

01:29:09,220 --> 01:29:07,160

launching the hot air balloon of the

2211

01:29:11,110 --> 01:29:09,230

weather balloons with flares on them to

2212

01:29:13,510 --> 01:29:11,120

prove how credulous UFO investigators

2213

01:29:14,620 --> 01:29:13,520

were and Whittle or witnesses were and

2214

01:29:16,590 --> 01:29:14,630

it turned out the witnesses were

2215

01:29:19,150 --> 01:29:16,600

describing exactly what they'd seen and

2216

01:29:20,860 --> 01:29:19,160

the investigators were saying well yeah

2217

01:29:22,120 --> 01:29:20,870

it sounds like a either a Chinese

2218

01:29:25,360 --> 01:29:22,130

lantern or a weather balloon with a

2219

01:29:26,530 --> 01:29:25,370

flare on it good and the news reporters

2220

01:29:27,910 --> 01:29:26,540

are down there talking to this little

2221

01:29:31,000 --> 01:29:27,920

girl with a lollipop says what do you

2222

01:29:33,040 --> 01:29:31,010

think about aliens no it sounded worried

2223

01:29:34,660 --> 01:29:33,050

about aliens until the reporter

2224

01:29:36,790 --> 01:29:34,670

introduced it talking to some little kid

2225

01:29:39,010 --> 01:29:36,800

and I'm thinking there you go that shows

2226

01:29:40,330 --> 01:29:39,020

you the level of sophistication in the

2227

01:29:43,300 --> 01:29:40,340

newsroom we'll go out and we'll do the

2228

01:29:45,100 --> 01:29:43,310

story on the flying saucers the UFOs and

2229

01:29:46,450 --> 01:29:45,110

we'll talk to some little kid and asking

2230

01:29:49,960 --> 01:29:46,460

what they think about the aliens even

2231

01:29:53,590 --> 01:29:49,970

though nobody had really drawn the

2232

01:29:56,320 --> 01:29:53,600

conclusion about the the lights being

2233

01:29:58,120 --> 01:29:56,330

alien spacecraft until the reporters had

2234

01:30:00,070 --> 01:29:58,130

done it and the guys who were conducting

2235

01:30:03,040 --> 01:30:00,080

the experiment introduced that into the

2236

01:30:06,070 --> 01:30:03,050

conversation as well which that point

2237

01:30:07,540 --> 01:30:06,080

sort of negated any results they got

2238

01:30:10,660 --> 01:30:07,550

because they were interfering with the

2239

01:30:12,460 --> 01:30:10,670

with the experiment so yeah but I mean

2240

01:30:15,000 --> 01:30:12,470

it just kind of proves the whole whole

2241

01:30:17,170 --> 01:30:15,010

media aspect of it right and next week

2242

01:30:19,690 --> 01:30:17,180

on Wednesday

2243

01:30:21,970 --> 01:30:19,700

I'll have Philip mantel I'm going to be

2244

01:30:24,310 --> 01:30:21,980

doing some shows with some European

2245

01:30:26,530 --> 01:30:24,320

guests because of the time slot oh man

2246

01:30:29,050 --> 01:30:26,540

and he'll be on and we're going to be

2247

01:30:31,510 --> 01:30:29,060

talking about the British tabloids who

2248

01:30:33,940 --> 01:30:31,520

have really exploited the UFO topic I'm

2249

01:30:36,220 --> 01:30:33,950

sure you've noticed Kevin over the last

2250

01:30:40,090 --> 01:30:36,230

few years that's going to be one of our

2251

01:30:41,620 --> 01:30:40,100

big topics just I just want to read you

2252

01:30:44,020 --> 01:30:41,630

some kind words someone wrote

2253

01:30:47,020 --> 01:30:44,030

here in the chat room he's meaning you

2254

01:30:48,910 --> 01:30:47,030

the only researcher most of us trust to

2255

01:30:49,450 --> 01:30:48,920

be thorough and objective thank you very

2256

01:30:52,900 --> 01:30:49,460

much

2257

01:30:55,570 --> 01:30:52,910

to mr. Willis and mr. Randall so I just

2258

01:30:56,140 --> 01:30:55,580

thought it well thank you whoever you

2259

01:30:59,350 --> 01:30:56,150

are

2260

01:31:03,730 --> 01:30:59,360

yeah because it it's usually you're a

2261

01:31:06,190 --> 01:31:03,740

debunker yes you lying to bunker I'm

2262

01:31:07,990 --> 01:31:06,200

sure you do get that someone like my

2263

01:31:10,360 --> 01:31:08,000

favorite my favorite my favorite was

2264

01:31:12,610 --> 01:31:10,370

somebody accuses me of being have having

2265

01:31:16,840 --> 01:31:12,620

worked with Hector quintanilla on

2266

01:31:18,700 --> 01:31:16,850

Project Blue Book you know when I don't

2267

01:31:21,550 --> 01:31:18,710

think so pal but you know there you go

2268

01:31:24,100 --> 01:31:21,560

yeah here's another question Kevin what

2269

01:31:27,670 --> 01:31:24,110

do you think's out what do you think of

2270

01:31:29,050 --> 01:31:27,680

major-general McCaslin telling

2271

01:31:31,480 --> 01:31:29,060

Tom DeLonge that the Air Force

2272

01:31:33,250 --> 01:31:31,490

discovered a life-form in the early

2273

01:31:35,050 --> 01:31:33,260

years of the Cold War and that there

2274

01:31:37,870 --> 01:31:35,060

have been multiple crash retrievals some

2275

01:31:40,810 --> 01:31:37,880

outside of the u.s. I'm not familiar

2276

01:31:43,510 --> 01:31:40,820

with that exactly but I've heard I've

2277

01:31:45,610 --> 01:31:43,520

heard up Makia I dream I've heard that

2278

01:31:48,730 --> 01:31:45,620

I've heard the same thing and I I just

2279

01:31:50,590 --> 01:31:48,740

can't buy it because once again if

2280

01:31:54,580 --> 01:31:50,600

you've got multiple crashes every time

2281

01:31:57,190 --> 01:31:54,590

one crashes yeah in 1947 the thing that

2282

01:31:59,260 --> 01:31:57,200

if it fell at Roswell that was like an

2283

01:32:01,630 --> 01:31:59,270

ideal place for it to crash because the

2284

01:32:03,490 --> 01:32:01,640

military could control the media and it

2285

01:32:05,860 --> 01:32:03,500

was very hard to get to the location it

2286

01:32:06,430 --> 01:32:05,870

was literally hours away from anything

2287

01:32:10,030 --> 01:32:06,440

anywhere

2288

01:32:13,300 --> 01:32:10,040

if one crash didn't say downtown oh I'll

2289

01:32:16,300 --> 01:32:13,310

say Denver just for laughs down there

2290

01:32:18,100 --> 01:32:16,310

and maybe in Larimore square crash down

2291

01:32:21,280 --> 01:32:18,110

there there's no way to hide it there's

2292

01:32:24,880 --> 01:32:21,290

no way to cover it up if one crashes in

2293

01:32:28,090 --> 01:32:24,890

the woods in northern Canada way up in

2294

01:32:31,060 --> 01:32:28,100

the Yukon area then the government might

2295

01:32:33,310 --> 01:32:31,070

be able to cover it cover it up but if

2296

01:32:34,720 --> 01:32:33,320

you've got an awful lot of crashes going

2297

01:32:36,970 --> 01:32:34,730

on and a lot of people involved in it

2298

01:32:38,890 --> 01:32:36,980

that information is going to be out in a

2299

01:32:42,040 --> 01:32:38,900

much more robust form than we have it

2300

01:32:45,310 --> 01:32:42,050

today so I think there's probably not

2301

01:32:49,420 --> 01:32:45,320

multiple crashes um I do not know why a

2302

01:32:52,060 --> 01:32:49,430

Major General wouldn't consult with it

2303

01:32:54,910 --> 01:32:52,070

what is that guy from what blink-182

2304

01:32:55,600 --> 01:32:54,920

right yeah I almost said Red Hot Chili

2305

01:32:59,859 --> 01:32:55,610

Peppers sorry

2306

01:33:02,680 --> 01:32:59,869

181 I don't know sorry

2307

01:33:05,379 --> 01:33:02,690

or maybe 582 hi I'm sorry no I think you

2308

01:33:07,540 --> 01:33:05,389

got a Rob yeah but but I'm not sure why

2309

01:33:10,359 --> 01:33:07,550

a major-general would confide in

2310

01:33:11,680 --> 01:33:10,369

somebody like that which is not to say

2311

01:33:14,320 --> 01:33:11,690

there's anything wrong with him I mean

2312

01:33:16,600 --> 01:33:14,330

it's just you know a major-general and

2313

01:33:19,510 --> 01:33:16,610

blink 182 just to kind of like oil and

2314

01:33:23,919 --> 01:33:19,520

water they really don't mix type thing

2315

01:33:25,510 --> 01:33:23,929

so I don't understand that and and so

2316

01:33:27,490 --> 01:33:25,520

I'm you know I'm very I'm very leery

2317

01:33:29,379 --> 01:33:27,500

about that and we've got an awful lot of

2318

01:33:31,450 --> 01:33:29,389

these stories where high-ranking

2319

01:33:34,530 --> 01:33:31,460

officials supposedly can fight it in

2320

01:33:38,200 --> 01:33:34,540

someone else but we are unable to

2321

01:33:40,000 --> 01:33:38,210

confirm the the information through the

2322

01:33:42,970 --> 01:33:40,010

original source we've got it from a

2323

01:33:46,540 --> 01:33:42,980

secondhand source yes so let's talk

2324

01:33:48,700 --> 01:33:46,550

about Aztec because you know a number of

2325

01:33:50,800 --> 01:33:48,710

who's the couple that wrote the book

2326

01:33:53,260 --> 01:33:50,810

there was a husband wife got stopped and

2327

01:33:55,600 --> 01:33:53,270

Suzanne Ramsey yes they were going to be

2328

01:33:59,350 --> 01:33:55,610

on my show at one point and then I think

2329

01:34:00,760 --> 01:33:59,360

I read a blog on your website and I

2330

01:34:03,820 --> 01:34:00,770

cancelled the show

2331

01:34:06,490 --> 01:34:03,830

I'm not joking that was uh that was back

2332

01:34:08,590 --> 01:34:06,500

years ago I think at least three well

2333

01:34:12,310 --> 01:34:08,600

ago I can do better than that

2334

01:34:15,550 --> 01:34:12,320

ah I invited Scott Ramsay on my on my

2335

01:34:17,229 --> 01:34:15,560

show and he said no he wasn't going to

2336

01:34:18,430 --> 01:34:17,239

do it why should he support my show and

2337

01:34:20,290 --> 01:34:18,440

I'm thinking I don't need you to support

2338

01:34:23,740 --> 01:34:20,300

my show my show is doing really fine

2339

01:34:25,149 --> 01:34:23,750

without you so you know don't take the

2340

01:34:26,950 --> 01:34:25,159

opportunity to promote your book on my

2341

01:34:28,629 --> 01:34:26,960

show I don't care and he said why don't

2342

01:34:30,100 --> 01:34:28,639

you get Monte Schreiber on it I said

2343

01:34:31,959 --> 01:34:30,110

okay so I did

2344

01:34:34,270 --> 01:34:31,969

Bonnie Schreiber of course is the exact

2345

01:34:36,820 --> 01:34:34,280

opposite he said nothing there and that

2346

01:34:38,169 --> 01:34:36,830

the the crash is a hoax oh I had Monty

2347

01:34:40,689 --> 01:34:38,179

Schreiber explaining why he believed it

2348

01:34:43,419 --> 01:34:40,699

to be a hoax and Scott Ramsey was unable

2349

01:34:45,580 --> 01:34:43,429

to offer real the rebuttal because he

2350

01:34:48,160 --> 01:34:45,590

didn't want to appear on the program can

2351

01:34:52,510 --> 01:34:48,170

you tell a quick nutshell of what had

2352

01:34:55,780 --> 01:34:52,520

supposed to have happened and then I

2353

01:35:00,689 --> 01:34:55,790

want you to kind of go over why you

2354

01:35:06,100 --> 01:35:04,390

yeah I'm stumbling around here figuring

2355

01:35:09,669 --> 01:35:06,110

out how to start well the story is that

2356

01:35:12,610 --> 01:35:09,679

on March 25th 1948 something fell

2357

01:35:14,950 --> 01:35:12,620

outside of Aztec New Mexico at the heart

2358

01:35:16,840 --> 01:35:14,960

canning a number of civilians were there

2359

01:35:20,380 --> 01:35:16,850

and sought the government showed up the

2360

01:35:22,150 --> 01:35:20,390

military showed up they surrounded the

2361

01:35:23,620 --> 01:35:22,160

craft they couldn't find any scenes

2362

01:35:25,600 --> 01:35:23,630

couldn't find anything about it but

2363

01:35:27,520 --> 01:35:25,610

there was a porthole with a hole in it

2364

01:35:30,280 --> 01:35:27,530

and they poked a rod through it and by

2365

01:35:31,959 --> 01:35:30,290

poking the pole around in there they hit

2366

01:35:35,050 --> 01:35:31,969

a switch and opened the whole thing up

2367

01:35:38,919 --> 01:35:35,060

then they found original think they

2368

01:35:41,860 --> 01:35:38,929

found 16 little bodies about 38 to 42

2369

01:35:43,689 --> 01:35:41,870

inches tall dressed in 1890 garb I don't

2370

01:35:45,820 --> 01:35:43,699

know why they'd be dressed in 1890 garb

2371

01:35:47,680 --> 01:35:45,830

and that they were from Venus well of

2372

01:35:50,470 --> 01:35:47,690

course we know Venus is probably not the

2373

01:35:52,060 --> 01:35:50,480

likely point of origin today but the

2374

01:35:53,320 --> 01:35:52,070

original story was they were dressed in

2375

01:35:56,080 --> 01:35:53,330

the safety night and they had perfect

2376

01:35:57,669 --> 01:35:56,090

teeth by the way perfect teeth the story

2377

01:36:00,550 --> 01:35:57,679

came out in a book called behind the

2378

01:36:03,640 --> 01:36:00,560

flying sausage by Frank Scully he got

2379

01:36:05,020 --> 01:36:03,650

the story from two men oh the Traveling

2380

01:36:08,320 --> 01:36:05,030

Salesman or something

2381

01:36:11,110 --> 01:36:08,330

no no Silas Newton and Leo G Bauer

2382

01:36:12,970 --> 01:36:11,120

suta Newton turns out to be really kind

2383

01:36:15,939 --> 01:36:12,980

of an interesting guy he was a period a

2384

01:36:19,840 --> 01:36:15,949

top-ranked amateur golfer he'd studied

2385

01:36:22,419 --> 01:36:19,850

it Yale it apparently made a couple of

2386

01:36:23,530 --> 01:36:22,429

fortunes but he was also a con man and I

2387

01:36:25,030 --> 01:36:23,540

think if there were two ways of doing

2388

01:36:26,350 --> 01:36:25,040

something the right way and the wrong

2389

01:36:29,350 --> 01:36:26,360

way he picked the wrong way because it

2390

01:36:32,979 --> 01:36:29,360

would be more fun but he fed this story

2391

01:36:34,990 --> 01:36:32,989

to silent or to Frank Scully the idea

2392

01:36:36,459 --> 01:36:35,000

was that he and Joe Bauer had created

2393

01:36:38,650 --> 01:36:36,469

some kind of device what they called a

2394

01:36:42,070 --> 01:36:38,660

Doodlebug and this was supposed to be

2395

01:36:46,990 --> 01:36:42,080

able to find oil deposits far beneath

2396

01:36:49,090 --> 01:36:47,000

the surface of the of the earth and they

2397

01:36:50,140 --> 01:36:49,100

were trying to get investors to invest

2398

01:36:54,310 --> 01:36:50,150

in their Doodlebug

2399

01:36:56,290 --> 01:36:54,320

and they eventually got sued or arrested

2400

01:36:58,060 --> 01:36:56,300

for fraud and I guess we're convicted of

2401

01:37:02,890 --> 01:36:58,070

fraud which I think kind of undercuts

2402

01:37:05,050 --> 01:37:02,900

the validity of the story so a fellow

2403

01:37:07,600 --> 01:37:05,060

named JP Kane for the San Francisco

2404

01:37:09,010 --> 01:37:07,610

Chronicle although some there's some

2405

01:37:10,600 --> 01:37:09,020

question whether he worked for The

2406

01:37:12,070 --> 01:37:10,610

Chronicle there was more of a stringer

2407

01:37:12,620 --> 01:37:12,080

for The Chronicle but he did a story for

2408

01:37:14,270 --> 01:37:12,630

the

2409

01:37:17,600 --> 01:37:14,280

francisco chronicle' that appeared in

2410

01:37:19,520 --> 01:37:17,610

true magazine in I think 1952 about this

2411

01:37:21,110 --> 01:37:19,530

and about his whole investigation and

2412

01:37:23,720 --> 01:37:21,120

what he had learned about this about

2413

01:37:25,580 --> 01:37:23,730

this thing and the conclusion was it was

2414

01:37:28,520 --> 01:37:25,590

a hoax I think pretty much the UFO

2415

01:37:30,110 --> 01:37:28,530

community sided with Kane on this thing

2416

01:37:35,479 --> 01:37:30,120

and you couldn't really talk to anybody

2417

01:37:37,010 --> 01:37:35,489

about UFO crashes because of this hoax

2418

01:37:41,149 --> 01:37:37,020

when Springfield turned all of that

2419

01:37:43,370 --> 01:37:41,159

around with with his research but so

2420

01:37:44,629 --> 01:37:43,380

everybody kind of ignored the Aztec case

2421

01:37:46,310 --> 01:37:44,639

because it wasn't there wasn't any

2422

01:37:48,860 --> 01:37:46,320

documentation where no newspaper

2423

01:37:51,590 --> 01:37:48,870

articles all you had was this this tale

2424

01:37:54,229 --> 01:37:51,600

told by behind the flying saucers as as

2425

01:37:57,320 --> 01:37:54,239

the FBI began to release some of their

2426
01:37:59,300 --> 01:37:57,330
documents later on you could find hints

2427
01:38:00,800 --> 01:37:59,310
about the story but it always traceable

2428
01:38:02,479 --> 01:38:00,810
back to the book behind the flying

2429
01:38:04,669 --> 01:38:02,489
saucer so it wasn't that they were

2430
01:38:07,669 --> 01:38:04,679
getting other sources and documenting

2431
01:38:09,680 --> 01:38:07,679
the case from other places they were

2432
01:38:10,970 --> 01:38:09,690
actually talking about the book by the

2433
01:38:15,919 --> 01:38:10,980
flying saucers and what the information

2434
01:38:19,939 --> 01:38:15,929
was in there and then you had William

2435
01:38:23,270 --> 01:38:19,949
Stein Steinman I do the book UFO crash

2436
01:38:28,060 --> 01:38:23,280
at Aztec in the mid-1980s his co-author

2437
01:38:30,439 --> 01:38:28,070
was um wendell stevens

2438
01:38:31,760 --> 01:38:30,449

wendell stevens has a very unsavory

2439

01:38:34,570 --> 01:38:31,770

background he was apparently he spent

2440

01:38:36,830 --> 01:38:34,580

six years in jail for child molestation

2441

01:38:38,810 --> 01:38:36,840

so I'm not sure that anything Wendell

2442

01:38:42,110 --> 01:38:38,820

Stevens tells me I want to hear and

2443

01:38:44,149 --> 01:38:42,120

regardless of the topic but he did a

2444

01:38:46,250 --> 01:38:44,159

book which was much thicker but it was

2445

01:38:50,750 --> 01:38:46,260

loaded with all this nonsense about

2446

01:38:53,600 --> 01:38:50,760

mj-12 and he's out talking to the this

2447

01:38:56,450 --> 01:38:53,610

one rancher in the area Harold Dunning

2448

01:38:58,840 --> 01:38:56,460

and Dunning kind of blows him off and

2449

01:39:00,860 --> 01:38:58,850

doesn't want anything to do with him and

2450

01:39:02,959 --> 01:39:00,870

Steinman interprets this to mean he's

2451

01:39:04,189 --> 01:39:02,969

got something to hide I'm thinking

2452

01:39:06,169 --> 01:39:04,199

Dunning just really tired of people

2453

01:39:10,550 --> 01:39:06,179

showing up in his house asking about

2454

01:39:12,590 --> 01:39:10,560

this fake UFO crash and things like that

2455

01:39:14,540 --> 01:39:12,600

but he brings in some of the beings in

2456

01:39:18,050 --> 01:39:14,550

the International on the International

2457

01:39:20,030 --> 01:39:18,060

the interplanetary phenomena unit IPU

2458

01:39:23,930 --> 01:39:20,040

which by the way shows up in the latest

2459

01:39:25,759 --> 01:39:23,940

document but the IPU which did exist but

2460

01:39:28,100 --> 01:39:25,769

it was

2461

01:39:30,830 --> 01:39:28,110

the internal processing unit I think it

2462

01:39:33,560 --> 01:39:30,840

had to do with the old IBM computers in

2463

01:39:35,330 --> 01:39:33,570

the 9th late 1950s early 1960s you know

2464

01:39:38,419 --> 01:39:35,340

both things the card sort of thing yep

2465

01:39:40,069 --> 01:39:38,429

punch card thing that's sort of that's

2466

01:39:42,290 --> 01:39:40,079

what it had to do had to do with that

2467

01:39:44,419 --> 01:39:42,300

they bring that into that and and

2468

01:39:46,160 --> 01:39:44,429

Steinman in his book brings in the IPU

2469

01:39:47,959 --> 01:39:46,170

and all of this other ancillary stuff

2470

01:39:51,049 --> 01:39:47,969

that has nothing to do with it he's got

2471

01:39:54,739 --> 01:39:51,059

pictures of a an aviator who was killed

2472

01:39:57,020 --> 01:39:54,749

in an aircraft accident in I think 1948

2473

01:39:58,250 --> 01:39:57,030

is called the tomato man picture and

2474

01:40:00,620 --> 01:39:58,260

they said oh here's a picture of the

2475

01:40:03,620 --> 01:40:00,630

dead alien and you look at it you find

2476
01:40:08,029 --> 01:40:03,630
these really earth-based aviator glasses

2477
01:40:09,799 --> 01:40:08,039
near the body the head is expanded but

2478
01:40:11,720 --> 01:40:09,809
what you find out and you know now we

2479
01:40:15,290 --> 01:40:11,730
get into disgusting detail what you find

2480
01:40:17,720 --> 01:40:15,300
out is to human bodies when exposed to

2481
01:40:20,060 --> 01:40:17,730
great heat the head tends to expand you

2482
01:40:22,609 --> 01:40:20,070
know it and if you put fire out fast

2483
01:40:25,239 --> 01:40:22,619
enough it doesn't explode because if you

2484
01:40:28,669 --> 01:40:25,249
don't and then you have a headless body

2485
01:40:30,339 --> 01:40:28,679
so he permit be published pictures like

2486
01:40:33,200 --> 01:40:30,349
that in there and all this other

2487
01:40:35,600 --> 01:40:33,210
nonsensical stuff and I don't think many

2488
01:40:37,879 --> 01:40:35,610

people thought much of the story but

2489

01:40:40,939 --> 01:40:37,889

then you get the Ramsey Scott Ramsey and

2490

01:40:44,089 --> 01:40:40,949

I guess his wife Suzanne Ramsey is from

2491

01:40:45,919 --> 01:40:44,099

the area as was Monte Shriver by the way

2492

01:40:48,049 --> 01:40:45,929

muddy Shriver who's a guy on my show

2493

01:40:50,450 --> 01:40:48,059

that debunked the whole thing he he was

2494

01:40:53,180 --> 01:40:50,460

going to high school in 1948 in Aztec

2495

01:40:54,500 --> 01:40:53,190

New Mexico so he was right there but

2496

01:40:55,879 --> 01:40:54,510

they go back into there and they're

2497

01:40:57,470 --> 01:40:55,889

spending an awful lot of time and money

2498

01:40:59,330 --> 01:40:57,480

down there talking to people and they've

2499

01:41:01,069 --> 01:40:59,340

got a couple of alleged firsthand

2500

01:41:04,669 --> 01:41:01,079

witnesses and things like that in their

2501

01:41:07,759 --> 01:41:04,679

book but they really don't provide the

2502

01:41:11,209 --> 01:41:07,769

evidence that we would need to to go

2503

01:41:12,950 --> 01:41:11,219

beyond that the shriver when he did my

2504

01:41:15,620 --> 01:41:12,960

program and I and I've discussed this on

2505

01:41:16,870 --> 01:41:15,630

my blog which is WWE Evan Randall blog

2506

01:41:21,770 --> 01:41:16,880

spot.com

2507

01:41:23,149 --> 01:41:21,780

talked about this Nolan story doesn't

2508

01:41:24,739 --> 01:41:23,159

hang together because he said he was

2509

01:41:27,770 --> 01:41:24,749

working for the OU pass on natural gas

2510

01:41:29,000 --> 01:41:27,780

company for example in 1948 but Knapp a

2511

01:41:32,209 --> 01:41:29,010

so natural gas didn't get there until

2512

01:41:34,700 --> 01:41:32,219

like 49 or 50 well there's a picture of

2513

01:41:37,900 --> 01:41:34,710

drip tanks near where this UFO

2514

01:41:40,850 --> 01:41:37,910

supposedly crashed the big tanks

2515

01:41:42,950 --> 01:41:40,860

and the in the book is kind of confusing

2516

01:41:45,170 --> 01:41:42,960

whether or not the the picture well the

2517

01:41:46,550 --> 01:41:45,180

picture is not from 1948 but it kind of

2518

01:41:49,430 --> 01:41:46,560

suggests it is but the drip tanks

2519

01:41:51,890 --> 01:41:49,440

weren't there in 1948 so you've got all

2520

01:41:55,640 --> 01:41:51,900

these kinds of problems with the story

2521

01:41:59,530 --> 01:41:55,650

and given that I just don't buy it I

2522

01:42:03,170 --> 01:41:59,540

know Frank Warren who I find as a very

2523

01:42:05,240 --> 01:42:03,180

fine young man I should say young a fine

2524

01:42:09,470 --> 01:42:05,250

man and he does the UFO Chronicles

2525

01:42:12,560 --> 01:42:09,480

website oh yeah um he he he buys into

2526

01:42:14,210 --> 01:42:12,570

Aztec he believes it to be true I think

2527

01:42:16,340 --> 01:42:14,220

if you take a look at the whole story

2528

01:42:20,570 --> 01:42:16,350

from the first column that's Scully

2529

01:42:22,160 --> 01:42:20,580

wrote Frank Scully wrote in variety I

2530

01:42:23,750 --> 01:42:22,170

think was weekly variety of the time no

2531

01:42:25,790 --> 01:42:23,760

I don't want to switch all daily but he

2532

01:42:28,610 --> 01:42:25,800

had a column about three flying saucer

2533

01:42:30,770 --> 01:42:28,620

crashes and and the column comes out in

2534

01:42:32,450 --> 01:42:30,780

1948 but none of them is an Aztec and

2535

01:42:34,700 --> 01:42:32,460

he's kind of making fun of the whole

2536

01:42:36,800 --> 01:42:34,710

thing and then in 1950 comes out with

2537

01:42:40,010 --> 01:42:36,810

the book about which is which features

2538

01:42:42,230 --> 01:42:40,020

the Aztec crash but there's just there's

2539

01:42:43,670 --> 01:42:42,240

just really not any good solid evidence

2540

01:42:45,110 --> 01:42:43,680

for that and a number of the people have

2541

01:42:47,150 --> 01:42:45,120

come forward to suggest that they were

2542

01:42:48,890 --> 01:42:47,160

participants in it or heard the story

2543

01:42:50,930 --> 01:42:48,900

from people who are participants in it

2544

01:42:54,020 --> 01:42:50,940

just don't hang together and the one I

2545

01:42:57,470 --> 01:42:54,030

think of there was a guy named that Sam

2546

01:42:59,150 --> 01:42:57,480

the donald bass i think it was and they

2547

01:43:01,970 --> 01:42:59,160

called him Sam because Sam Bass was the

2548

01:43:04,640 --> 01:43:01,980

great you know outlaw from the 19th

2549

01:43:07,220 --> 01:43:04,650

century but he was supposedly killed in

2550

01:43:11,300 --> 01:43:07,230

a traffic accident in Vietnam and that

2551
01:43:15,290 --> 01:43:11,310
was why you couldn't interview him well

2552
01:43:16,790 --> 01:43:15,300
I went to the the the wall the Vietnam

2553
01:43:18,230 --> 01:43:16,800
Memorial Wall we have a list of

2554
01:43:21,380 --> 01:43:18,240
everybody who was killed in Vietnam on

2555
01:43:23,450 --> 01:43:21,390
wall and his name isn't there there's

2556
01:43:25,130 --> 01:43:23,460
and I looked at you know I mean if it

2557
01:43:27,530 --> 01:43:25,140
was killed in a traffic illed in a

2558
01:43:29,660 --> 01:43:27,540
traffic accident everybody who died in

2559
01:43:31,970 --> 01:43:29,670
Vietnam name is on the wall if you died

2560
01:43:36,380 --> 01:43:31,980
of a heart attack okay if you committed

2561
01:43:40,640 --> 01:43:36,390
suicide if you were struck by lightning

2562
01:43:42,380 --> 01:43:40,650
yeah okay uh you know I think there's

2563
01:43:45,950 --> 01:43:42,390

58,000 people who died in Vietnam

2564

01:43:49,220 --> 01:43:45,960

American who died in Vietnam of those I

2565

01:43:51,239 --> 01:43:49,230

think 48,000 47,000 were killed killed

2566

01:43:53,489 --> 01:43:51,249

in combat the other 10,000

2567

01:43:57,929 --> 01:43:53,499

died of other causes while serving in

2568

01:43:59,819 --> 01:43:57,939

Vietnam okay so uh but his name's not on

2569

01:44:01,020 --> 01:43:59,829

there well they say well you know you go

2570

01:44:02,429 --> 01:44:01,030

to their website say well we think we

2571

01:44:04,649 --> 01:44:02,439

have everybody but we might have missed

2572

01:44:06,569 --> 01:44:04,659

a few people I'm thinking how come it is

2573

01:44:10,199 --> 01:44:06,579

every time I want to look somebody up on

2574

01:44:12,540 --> 01:44:10,209

this wall or look somebody up military

2575

01:44:15,000 --> 01:44:12,550

records it does not I cannot find the

2576

01:44:18,029 --> 01:44:15,010

reference hmm and and then the flip side

2577

01:44:21,419 --> 01:44:18,039

of that is when Don and I had done a

2578

01:44:23,699 --> 01:44:21,429

book done done the second Roswell book

2579

01:44:31,770 --> 01:44:23,709

we had we just put a footnote about a

2580

01:44:34,439 --> 01:44:31,780

guy named Frank Duran no Frank I forget

2581

01:44:38,100 --> 01:44:34,449

his name what Duran his name was Duran

2582

01:44:39,419 --> 01:44:38,110

and Carlock challenges on this and said

2583

01:44:41,040 --> 01:44:39,429

well we can't find in reference and I

2584

01:44:42,689 --> 01:44:41,050

went back to number sources I couldn't

2585

01:44:46,199 --> 01:44:42,699

find any reference I finally found his

2586

01:44:49,560 --> 01:44:46,209

name it was a lieutenant colonel and I

2587

01:44:53,159 --> 01:44:49,570

actually found him in you know in a

2588

01:44:55,949 --> 01:44:53,169

reference book of retired officers and

2589

01:44:57,479 --> 01:44:55,959

so I mean I was able to verify the guy

2590

01:44:59,489 --> 01:44:57,489

had been in the military

2591

01:45:03,989 --> 01:44:59,499

unlike so many others that we cannot

2592

01:45:06,779 --> 01:45:03,999

verify we're in the military so uh you

2593

01:45:08,819 --> 01:45:06,789

know III we've got Dolan who claimed

2594

01:45:11,580 --> 01:45:08,829

Noland I'm sorry Nolan who claimed he

2595

01:45:14,520 --> 01:45:11,590

was working on the El Paso natural gas

2596

01:45:17,069 --> 01:45:14,530

pipeline and his two pals who were with

2597

01:45:19,290 --> 01:45:17,079

him they were both dead before the

2598

01:45:22,890 --> 01:45:19,300

Ramseys can interview him they talked

2599

01:45:25,979 --> 01:45:22,900

about a police officer who was had seen

2600

01:45:27,659 --> 01:45:25,989

something but I think they got the

2601

01:45:30,659 --> 01:45:27,669

information from like a fourth cousins

2602

01:45:33,509 --> 01:45:30,669

twice removed or something which is not

2603

01:45:35,850 --> 01:45:33,519

really reliable information but I mean a

2604

01:45:38,069 --> 01:45:35,860

lot of stuff like that and to their

2605

01:45:39,390 --> 01:45:38,079

credit in the book the the first one at

2606

01:45:42,810 --> 01:45:39,400

least they were talking about this

2607

01:45:45,319 --> 01:45:42,820

preacher who was supposedly consulted

2608

01:45:48,419 --> 01:45:45,329

about the alien bodies or something and

2609

01:45:50,969 --> 01:45:48,429

when that when the Ramseys went to talk

2610

01:45:52,439 --> 01:45:50,979

to him he said never happened and then

2611

01:45:54,089 --> 01:45:52,449

maybe publishing well the guy said it

2612

01:45:55,830 --> 01:45:54,099

never happened we think it did but he

2613

01:46:00,270 --> 01:45:55,840

claimed it never happened but I mean

2614

01:46:01,649 --> 01:46:00,280

there's just really nothing solid to put

2615

01:46:04,259 --> 01:46:01,659

your put your finger on they they say

2616

01:46:05,080 --> 01:46:04,269

well and it says in this document this

2617

01:46:07,899 --> 01:46:05,090

late

2618

01:46:09,459 --> 01:46:07,909

mj-12 document that the thing the UFO

2619

01:46:10,930 --> 01:46:09,469

was being tracked by three radars and

2620

01:46:12,250 --> 01:46:10,940

that caused it to crash I'm thinking my

2621

01:46:14,649 --> 01:46:12,260

god you've traveled interstellar

2622

01:46:16,149 --> 01:46:14,659

distance that a radar beam brings you

2623

01:46:18,609 --> 01:46:16,159

down I don't think so

2624

01:46:20,109 --> 01:46:18,619

but in this document it says the radars

2625

01:46:22,540 --> 01:46:20,119

were all located in southwestern New

2626

01:46:25,030 --> 01:46:22,550

Mexico and I'm thinking yeah well if

2627

01:46:27,220 --> 01:46:25,040

it's in southwestern New Mexico given

2628

01:46:31,300 --> 01:46:27,230

the terrain that there's mountains

2629

01:46:33,970 --> 01:46:31,310

between the where the radars were and

2630

01:46:36,189 --> 01:46:33,980

Aztec where it crashed you you're not

2631

01:46:38,680 --> 01:46:36,199

going to see this thing at very low

2632

01:46:40,300 --> 01:46:38,690

altitude and so there's another reason

2633

01:46:43,000 --> 01:46:40,310

you know you don't think this document

2634

01:46:46,140 --> 01:46:43,010

is false but the idea that the thing was

2635

01:46:48,550 --> 01:46:46,150

brought down by radar just preposterous

2636

01:46:50,830 --> 01:46:48,560

well there's just so many things wrong

2637

01:46:52,390 --> 01:46:50,840

with story yeah I know that that does

2638

01:46:54,160 --> 01:46:52,400

come up I've heard the radar thing a

2639

01:46:57,399 --> 01:46:54,170

number of times and you know the only

2640

01:46:58,780 --> 01:46:57,409

thing that I could possibly think how

2641

01:47:01,839 --> 01:46:58,790

that could happen it would be something

2642

01:47:05,550 --> 01:47:01,849

that they could not expect um you know

2643

01:47:09,129 --> 01:47:05,560

to encounter and the way their you know

2644

01:47:10,720 --> 01:47:09,139

ability to move is somehow affected by

2645

01:47:15,640 --> 01:47:10,730

that I mean that's the only thing that

2646

01:47:17,879 --> 01:47:15,650

could power a do beam space own space is

2647

01:47:20,950 --> 01:47:17,889

filled with radio beams

2648

01:47:22,510 --> 01:47:20,960

okay so we'll we'll cancel that part but

2649

01:47:24,729 --> 01:47:22,520

the ones are the one thing I thought of

2650

01:47:27,070 --> 01:47:24,739

ours are throwing about I thought about

2651
01:47:31,839 --> 01:47:27,080
the also about the crashes is you know

2652
01:47:32,680 --> 01:47:31,849
the earth is 70% water so you know are

2653
01:47:35,290 --> 01:47:32,690
these things

2654
01:47:36,970 --> 01:47:35,300
supposedly actually are they crashing

2655
01:47:39,129 --> 01:47:36,980
here and if they are actually crashing

2656
01:47:41,200 --> 01:47:39,139
here wouldn't a lot of them crash in the

2657
01:47:43,510 --> 01:47:41,210
water you know I mean that's I would

2658
01:47:45,970 --> 01:47:43,520
argue I would argue that the difference

2659
01:47:48,939 --> 01:47:45,980
is the the interesting stuff is on the

2660
01:47:50,740 --> 01:47:48,949
dry land yeah so I'm an alien visit

2661
01:47:52,060 --> 01:47:50,750
visitor I want to look at the

2662
01:47:54,040 --> 01:47:52,070
civilization I'm gonna look what's going

2663
01:47:55,720 --> 01:47:54,050

on on dry land I'm not I'm not screwing

2664

01:47:58,390 --> 01:47:55,730

around over the Pacific Ocean

2665

01:48:00,760 --> 01:47:58,400

hello watching great great parts of

2666

01:48:02,229 --> 01:48:00,770

water and of course we have the shag

2667

01:48:04,689 --> 01:48:02,239

harbour crash where did actually fall

2668

01:48:06,839 --> 01:48:04,699

into the water so right right oh yeah

2669

01:48:10,629 --> 01:48:06,849

but I would think that if I'm an alien

2670

01:48:13,479 --> 01:48:10,639

visitor I'm not looking at the force of

2671

01:48:16,989 --> 01:48:13,489

Brazil I'm not looking at the

2672

01:48:18,989 --> 01:48:16,999

Sahara Desert you know I'm looking at

2673

01:48:21,819 --> 01:48:18,999

the areas that would be of interest to

2674

01:48:24,219 --> 01:48:21,829

to me as of alien visitor which would be

2675

01:48:26,290 --> 01:48:24,229

the civilizations you know and not just

2676
01:48:29,169 --> 01:48:26,300
in the United States of course in Europe

2677
01:48:31,029 --> 01:48:29,179
in Africa in Asia

2678
01:48:32,350 --> 01:48:31,039
I might not hang around much in

2679
01:48:35,169 --> 01:48:32,360
Antarctica because it's pretty cold

2680
01:48:38,169 --> 01:48:35,179
there and when we look at Australia just

2681
01:48:39,489 --> 01:48:38,179
so they wouldn't we feel left out but I

2682
01:48:40,719 --> 01:48:39,499
mean I'm that's what I would be looking

2683
01:48:42,729 --> 01:48:40,729
at I'd be looking at the areas of

2684
01:48:45,549 --> 01:48:42,739
interest and if I was an alien visitor

2685
01:48:47,439 --> 01:48:45,559
especially in 1947 the place I'm going

2686
01:48:49,209 --> 01:48:47,449
to be looking is in New Mexico because

2687
01:48:51,640 --> 01:48:49,219
we're firing rockets into the sky that

2688
01:48:53,709 --> 01:48:51,650

there we're testing atomic weapons there

2689

01:48:56,739 --> 01:48:53,719

we're doing all kinds of that sort of

2690

01:49:00,100 --> 01:48:56,749

thing and if I'm an alien visitor and I

2691

01:49:02,620 --> 01:49:00,110

know how warlike the humans are the

2692

01:49:04,779 --> 01:49:02,630

Terrans are I'm going to want to make

2693

01:49:06,879 --> 01:49:04,789

sure they can't pose no threat to me

2694

01:49:08,529 --> 01:49:06,889

with their rockets in their atomic

2695

01:49:11,020 --> 01:49:08,539

weapons and I get to New Mexico a

2696

01:49:13,120 --> 01:49:11,030

discovery out they managed to get one up

2697

01:49:15,250 --> 01:49:13,130

35 miles in the atmosphere yeah that's

2698

01:49:17,379 --> 01:49:15,260

going to bother us so you know I it

2699

01:49:21,489 --> 01:49:17,389

turns out we're not much of a threat to

2700

01:49:24,399 --> 01:49:21,499

anybody outside of the planet Earth I

2701
01:49:26,229 --> 01:49:24,409
mean whoo our one space probe which

2702
01:49:30,129 --> 01:49:26,239
finally may have gotten outside the

2703
01:49:32,739 --> 01:49:30,139
limits of the solar system will contact

2704
01:49:35,229 --> 01:49:32,749
the first next star system in 87

2705
01:49:38,140 --> 01:49:35,239
thousand years that's not much of a

2706
01:49:40,239 --> 01:49:38,150
threat I know so I you have to look at

2707
01:49:42,790 --> 01:49:40,249
it that way these guys are no threat

2708
01:49:45,310 --> 01:49:42,800
let's go home I had an astrophysicist on

2709
01:49:49,810 --> 01:49:45,320
that was explaining that our trip to the

2710
01:49:52,149 --> 01:49:49,820
moon was so minuscule you know in in

2711
01:49:55,060 --> 01:49:52,159
proportion to anything else it's like

2712
01:49:55,870 --> 01:49:55,070
you know 1/8 of an inch or something

2713
01:49:59,350 --> 01:49:55,880

like that

2714

01:50:03,580 --> 01:49:59,360

compared to you know the net the next

2715

01:50:05,830 --> 01:50:03,590

planet and all that so and I think this

2716

01:50:10,449 --> 01:50:05,840

is we only have about five or six

2717

01:50:13,359 --> 01:50:10,459

minutes left here and I wanted to tell

2718

01:50:15,699 --> 01:50:13,369

you what what do you think I want to ask

2719

01:50:18,129 --> 01:50:15,709

you what what do you think about a

2720

01:50:20,919 --> 01:50:18,139

situation like this where a book is

2721

01:50:22,149 --> 01:50:20,929

written then another story's told and

2722

01:50:25,950 --> 01:50:22,159

another book is written and all of a

2723

01:50:27,900 --> 01:50:25,960

sudden you know fake becomes fact

2724

01:50:31,710 --> 01:50:27,910

in a lot of people's eyes you know

2725

01:50:34,320 --> 01:50:31,720

someone it keeps going there there's no

2726

01:50:38,040 --> 01:50:34,330

way to stop something like this once the

2727

01:50:39,630 --> 01:50:38,050

ball is rolling is there probably not

2728

01:50:43,110 --> 01:50:39,640

but I do something called chasing

2729

01:50:45,170 --> 01:50:43,120

footnotes and so I look at be reading a

2730

01:50:47,610 --> 01:50:45,180

book and there's a footnote and I will

2731

01:50:49,650 --> 01:50:47,620

check to see where the sources of the

2732

01:50:52,770 --> 01:50:49,660

information was and then check those

2733

01:50:55,320 --> 01:50:52,780

sources and check those sources one of

2734

01:50:57,870 --> 01:50:55,330

the best examples of that is there is

2735

01:50:59,580 --> 01:50:57,880

the story I was looking for any story of

2736

01:51:02,160 --> 01:50:59,590

disc-shaped craft that preceded Arnold

2737

01:51:04,080 --> 01:51:02,170

mentioned in the newspapers or whatever

2738

01:51:05,640 --> 01:51:04,090

and Frank Edwards had said that there

2739

01:51:07,650 --> 01:51:05,650

was a story from an engineer in Cedar

2740

01:51:09,150 --> 01:51:07,660

Rapids Iowa who had seen nine

2741

01:51:11,850 --> 01:51:09,160

disc-shaped objects flying across the

2742

01:51:14,400 --> 01:51:11,860

atmosphere on June 23rd the day before

2743

01:51:16,200 --> 01:51:14,410

Arnold sighting and I thought this is

2744

01:51:18,390 --> 01:51:16,210

great this is exactly what I want

2745

01:51:21,410 --> 01:51:18,400

and so I I tried to chase the footnote

2746

01:51:22,680 --> 01:51:21,420

down and I found the the reference in

2747

01:51:25,890 --> 01:51:22,690

dickholes

2748

01:51:28,830 --> 01:51:25,900

UFO evidence and gave me some more

2749

01:51:32,040 --> 01:51:28,840

evident references about that I finally

2750

01:51:34,530 --> 01:51:32,050

chased a thing down I found the story in

2751
01:51:37,260 --> 01:51:34,540
the Cedar Rapids Gazette but it turns

2752
01:51:39,450 --> 01:51:37,270
out it was printed on the Friday after

2753
01:51:41,310 --> 01:51:39,460
the Arnold sighting the engineer didn't

2754
01:51:43,830 --> 01:51:41,320
live in Cedar Rapids he lived in Peoria

2755
01:51:45,600 --> 01:51:43,840
Illinois and he said nothing about the

2756
01:51:47,790 --> 01:51:45,610
sighting until after the Arnold sighting

2757
01:51:49,680 --> 01:51:47,800
it appeared so this sighting that had

2758
01:51:52,740 --> 01:51:49,690
been sourced in a number of different

2759
01:51:57,060 --> 01:51:52,750
books as citing the predated Arnold

2760
01:51:59,130 --> 01:51:57,070
showing this shaped craft from Cedar

2761
01:52:00,960 --> 01:51:59,140
Rapids Iowa turned out to be he wasn't

2762
01:52:03,000 --> 01:52:00,970
an engineer either he worked for the

2763
01:52:06,090 --> 01:52:03,010

railroad but he wasn't an engineer and

2764

01:52:08,100 --> 01:52:06,100

he would you know he didn't live in

2765

01:52:09,510 --> 01:52:08,110

Cedar Rapids and he didn't tell the

2766

01:52:13,020 --> 01:52:09,520

story until after the Arnold story

2767

01:52:15,120 --> 01:52:13,030

appeared in the newspapers so it doesn't

2768

01:52:16,830 --> 01:52:15,130

make the story untrue it just makes the

2769

01:52:19,110 --> 01:52:16,840

importance of the story much less

2770

01:52:21,930 --> 01:52:19,120

because it happened after Arnold right

2771

01:52:26,180 --> 01:52:21,940

well you know it's kind of its kind of

2772

01:52:29,310 --> 01:52:26,190

like along the lines of you know when

2773

01:52:32,190 --> 01:52:29,320

the Alexander the Great UFO sighting

2774

01:52:36,000 --> 01:52:32,200

supposedly well that originates from a

2775

01:52:38,010 --> 01:52:36,010

1950's novel you know but that's almost

2776

01:52:38,979 --> 01:52:38,020

becomes fact a lot of people when you

2777

01:52:41,379 --> 01:52:38,989

say oh yeah

2778

01:52:42,970 --> 01:52:41,389

Alexander the Great you know had UFO

2779

01:52:45,220 --> 01:52:42,980

sighting their shields in the sky and

2780

01:52:47,950 --> 01:52:45,230

all that you know there's so many people

2781

01:52:50,649 --> 01:52:47,960

that believe that and there's no there's

2782

01:52:53,739 --> 01:52:50,659

no control and I think as time goes on I

2783

01:52:56,279 --> 01:52:53,749

think that you know it's going to be

2784

01:52:58,930 --> 01:52:56,289

harder and harder to you know weed out

2785

01:53:02,739 --> 01:52:58,940

you know the the real students the

2786

01:53:04,299 --> 01:53:02,749

problem go ahead the problem is problem

2787

01:53:06,549 --> 01:53:04,309

is you go to the internet and you're

2788

01:53:07,450 --> 01:53:06,559

looking for something specific you find

2789

01:53:10,810 --> 01:53:07,460

what you're looking for

2790

01:53:13,000 --> 01:53:10,820

and you're happy you don't say what's

2791

01:53:15,729 --> 01:53:13,010

the source of this information yeah can

2792

01:53:18,100 --> 01:53:15,739

i trace it back to its origin and on

2793

01:53:20,669 --> 01:53:18,110

what i found any number of times when

2794

01:53:24,399 --> 01:53:20,679

i've tried to chase the footnotes back

2795

01:53:26,770 --> 01:53:24,409

from source to source the source it

2796

01:53:27,279 --> 01:53:26,780

turns out that it's something completely

2797

01:53:31,739 --> 01:53:27,289

different

2798

01:53:35,049 --> 01:53:31,749

and another example in dolan in his book

2799

01:53:36,580 --> 01:53:35,059

one of his books is talking about the

2800

01:53:39,489 --> 01:53:36,590

information that Mac Brazel and Alex are

2801

01:53:41,649 --> 01:53:39,499

Bill Brazel had had said in quotes from

2802

01:53:43,799 --> 01:53:41,659

Bill Brazel and his he gives the source

2803

01:53:46,689 --> 01:53:43,809

and Stan Friedman's book crash at Corona

2804

01:53:48,160 --> 01:53:46,699

well the problem with that is the

2805

01:53:49,779 --> 01:53:48,170

information didn't originate there it

2806

01:53:52,330 --> 01:53:49,789

originated with Don Schmitt at me it was

2807

01:53:54,879 --> 01:53:52,340

in our first book and so Dolan Radford

2808

01:53:58,600 --> 01:53:54,889

is Friedman who doesn't give credit to

2809

01:54:01,810 --> 01:53:58,610

us and and so the the original source of

2810

01:54:03,640 --> 01:54:01,820

the information is sort of obscured you

2811

01:54:05,500 --> 01:54:03,650

know I still have the tapes I still have

2812

01:54:06,759 --> 01:54:05,510

the transcripts of that interview with

2813

01:54:08,890 --> 01:54:06,769

bill browser that original interview

2814

01:54:10,899 --> 01:54:08,900

with Bill Brownsville and that's the

2815

01:54:12,549 --> 01:54:10,909

other problem sometimes you don't get to

2816

01:54:15,040 --> 01:54:12,559

the original source through the

2817

01:54:16,540 --> 01:54:15,050

footnotes there's other cases where you

2818

01:54:18,520 --> 01:54:16,550

know I've traced it from book to book to

2819

01:54:20,080 --> 01:54:18,530

book to book and finally got to the

2820

01:54:21,339 --> 01:54:20,090

original source and found out the story

2821

01:54:24,430 --> 01:54:21,349

is somewhat different than what was

2822

01:54:25,629 --> 01:54:24,440

originally printed and a lot of people

2823

01:54:28,060 --> 01:54:25,639

don't do that because they think that

2824

01:54:30,850 --> 01:54:28,070

they think that the the writer of that

2825

01:54:33,220 --> 01:54:30,860

article or that book has done that work

2826
01:54:34,989 --> 01:54:33,230
you know try to trace the source down

2827
01:54:36,250 --> 01:54:34,999
and they don't think that maybe they

2828
01:54:37,419 --> 01:54:36,260
just picked it up from some other book

2829
01:54:39,729 --> 01:54:37,429
and they didn't bother to verify that

2830
01:54:42,009 --> 01:54:39,739
information that was how I got onto

2831
01:54:44,859 --> 01:54:42,019
Willingham by the way I was doing the

2832
01:54:47,259 --> 01:54:44,869
UFO when crash when UFOs fall from the

2833
01:54:49,330 --> 01:54:47,269
sky and I was doing the Del Rio UFO

2834
01:54:51,549 --> 01:54:49,340
crash and I thought is there anything

2835
01:54:52,750 --> 01:54:51,559
new on it so I typed a Willingham's name

2836
01:54:55,120 --> 01:54:52,760
into the Internet

2837
01:54:57,580 --> 01:54:55,130
and found out there was a whole

2838
01:54:59,050 --> 01:54:57,590

different story and began to pray seing

2839

01:55:00,700 --> 01:54:59,060

all that information that was how I got

2840

01:55:02,800 --> 01:55:00,710

under Willingham not being who he said

2841

01:55:04,960 --> 01:55:02,810

he was because you know I was trying to

2842

01:55:07,510 --> 01:55:04,970

trying to find the original source and

2843

01:55:09,400 --> 01:55:07,520

how these things are different from one

2844

01:55:11,200 --> 01:55:09,410

another do you think that a lot of

2845

01:55:14,920 --> 01:55:11,210

people will see a footnote and just say

2846

01:55:18,340 --> 01:55:14,930

oh good there's a footnote so it must be

2847

01:55:22,000 --> 01:55:18,350

it must be right or it's heart stops I

2848

01:55:23,530 --> 01:55:22,010

don't think people you know I try to now

2849

01:55:25,479 --> 01:55:23,540

heavily footnote everything and get it

2850

01:55:26,860 --> 01:55:25,489

back to the original source but I don't

2851

01:55:28,690 --> 01:55:26,870

think I think people might look at the

2852

01:55:31,390 --> 01:55:28,700

look at the footnotes or just ignore the

2853

01:55:35,080 --> 01:55:31,400

footnotes you know I try to put fun

2854

01:55:37,090 --> 01:55:35,090

stuff in the footnotes to more know that

2855

01:55:38,229 --> 01:55:37,100

you yeah yeah more little nuggets hidden

2856

01:55:39,310 --> 01:55:38,239

in the footnotes you know that's one

2857

01:55:40,630 --> 01:55:39,320

thing but I think people look at the

2858

01:55:42,460 --> 01:55:40,640

footnote and they don't say well you

2859

01:55:45,090 --> 01:55:42,470

know okay this guy did his research and

2860

01:55:47,500 --> 01:55:45,100

they don't go to the original source and

2861

01:55:50,080 --> 01:55:47,510

so yeah that was a problem I had like

2862

01:55:51,460 --> 01:55:50,090

with the one footnote in Dolan's book it

2863

01:55:52,720 --> 01:55:51,470

didn't get us back to the original

2864

01:55:56,320 --> 01:55:52,730

source there was another point where he

2865

01:55:58,630 --> 01:55:56,330

he referenced a UFO sighting that took

2866

01:56:02,110 --> 01:55:58,640

place at the time of the art b-47 case

2867

01:56:03,760 --> 01:56:02,120

in 1957 and he referenced goods book I

2868

01:56:06,010 --> 01:56:03,770

went to goods book and he referenced a

2869

01:56:09,180 --> 01:56:06,020

book by the Lorenz ins choral and Jim

2870

01:56:12,820 --> 01:56:09,190

Lorenzen and I went to their April

2871

01:56:14,350 --> 01:56:12,830

newsletter and found that information

2872

01:56:16,120 --> 01:56:14,360

but I also went to the night cap

2873

01:56:18,370 --> 01:56:16,130

investigator for the same timeframe and

2874

01:56:21,010 --> 01:56:18,380

discovered the information the what they

2875

01:56:24,070 --> 01:56:21,020

thought it was a UFO approaching an

2876
01:56:25,840 --> 01:56:24,080
aircraft turned out to be a near-miss by

2877
01:56:27,280 --> 01:56:25,850
two aircraft you know and one of it one

2878
01:56:29,620 --> 01:56:27,290
of the reports had an unidentified

2879
01:56:32,380 --> 01:56:29,630
aircraft and everybody just assumed it

2880
01:56:34,150 --> 01:56:32,390
unidentified flying object and and so we

2881
01:56:35,560 --> 01:56:34,160
get we get it back to the original

2882
01:56:42,100 --> 01:56:35,570
source and we discovered that it wasn't

2883
01:56:43,870 --> 01:56:42,110
a UFO case it was a two aircraft in a

2884
01:56:45,880 --> 01:56:43,880
near collision and one of them was

2885
01:56:47,620 --> 01:56:45,890
unidentified in the original story and

2886
01:56:49,060 --> 01:56:47,630
we originally got the identity of both

2887
01:56:50,680 --> 01:56:49,070
aircraft and we knew that it didn't take

2888
01:56:52,180 --> 01:56:50,690

place near Fort Worth as they claimed it

2889

01:56:55,479 --> 01:56:52,190

really took place near El Paso Texas

2890

01:56:58,840 --> 01:56:55,489

which is like 9 billion miles from Fort

2891

01:57:01,510 --> 01:56:58,850

Worth well Kevin hey it's it's been

2892

01:57:04,720 --> 01:57:01,520

great and I really really appreciate

2893

01:57:06,399 --> 01:57:04,730

always fun to talk to talk with you and

2894

01:57:09,729 --> 01:57:06,409

I appreciate your dad

2895

01:57:12,820 --> 01:57:09,739

and and we filled up the two hours we

2896

01:57:14,350 --> 01:57:12,830

did easily so again you mentioned your

2897

01:57:16,450 --> 01:57:14,360

blog site go ahead and throw that out

2898

01:57:18,459 --> 01:57:16,460

there again and tell us when your shows

2899

01:57:21,820 --> 01:57:18,469

on again because you have up you have

2900

01:57:23,290 --> 01:57:21,830

Jan Harsin on talking about MUFON and I

2901
01:57:27,100 --> 01:57:23,300
know you're going to be asking him some

2902
01:57:32,260 --> 01:57:27,110
tough questions so let's see we the blog

2903
01:57:33,520 --> 01:57:32,270
is WWF and Randall blog spot.com and if

2904
01:57:35,439 --> 01:57:33,530
you've got a specific question about a

2905
01:57:37,419 --> 01:57:35,449
specific case as a search engineer you

2906
01:57:39,640 --> 01:57:37,429
can type in a keyword and it'll bring up

2907
01:57:42,729 --> 01:57:39,650
the objects I've done on it if you're

2908
01:57:45,100 --> 01:57:42,739
really interested in the mj-12 documents

2909
01:57:47,590 --> 01:57:45,110
I did Roswell in the 21st century and

2910
01:57:51,729 --> 01:57:47,600
it's got a 50 page in debt now the index

2911
01:57:53,050 --> 01:57:51,739
appendix about mj-12 from the very

2912
01:57:56,050 --> 01:57:53,060
beginnings and how this whole thing

2913
01:57:59,080 --> 01:57:56,060

evolved the radio show is on the XO and

2914

01:58:01,990 --> 01:57:59,090

broadcast network it's XZ b and

2915

01:58:03,850 --> 01:58:02,000

dotnet you go on there you can click on

2916

01:58:05,290 --> 01:58:03,860

it you can you can find all the shows we

2917

01:58:06,280 --> 01:58:05,300

all appear on youtube so you just type

2918

01:58:09,640 --> 01:58:06,290

in a different perspective

2919

01:58:12,399 --> 01:58:09,650

Kevin Randall and type in Jan hare Zog

2920

01:58:14,410 --> 01:58:12,409

for exams on ours on John hogs on theme

2921

01:58:17,020 --> 01:58:14,420

and it'll bring up the shows I've done

2922

01:58:18,790 --> 01:58:17,030

with him or a whole list of other shows

2923

01:58:22,000 --> 01:58:18,800

like that you can you can get a list of

2924

01:58:26,250 --> 01:58:22,010

the shows on X own broadcast network and

2925

01:58:30,010 --> 01:58:26,260

it airs of Saturday nights at 9:00 p.m.

2926
01:58:31,270 --> 01:58:30,020
Eastern Daylight Time I believe so and

2927
01:58:33,760 --> 01:58:31,280
you can get a list of the stations it

2928
01:58:36,160 --> 01:58:33,770
appears on and other platforms it

2929
01:58:38,979 --> 01:58:36,170
appears on at the exo-m broadcast

2930
01:58:41,709 --> 01:58:38,989
network very good ok Kevin can you hang

2931
01:58:43,600 --> 01:58:41,719
in through the out door here I want to

2932
01:58:44,770 --> 01:58:43,610
talk to you quickly before we say good

2933
01:58:46,959 --> 01:58:44,780
night ok all right

2934
01:58:49,689 --> 01:58:46,969
so thanks so much I really appreciate it

2935
01:58:52,209 --> 01:58:49,699
all right everyone so thanks for

2936
01:58:53,530 --> 01:58:52,219
listening thanks for listening live and

2937
01:58:55,510 --> 01:58:53,540
being in the chatroom I appreciate all

2938
01:58:56,709 --> 01:58:55,520

your questions and everything and don't

2939

01:58:59,620 --> 01:58:56,719

forget we're going to be back next

2940

01:59:02,140 --> 01:58:59,630

Wednesday at 1 to 3 p.m.

2941

01:59:05,140 --> 01:59:02,150

that's CDT Eastern Standard Time and

2942

01:59:06,910 --> 01:59:05,150

that's going to be here on podcast UFO

2943

01:59:10,240 --> 01:59:06,920

or on YouTube you can watch them both

2944

01:59:11,500 --> 01:59:10,250

live then and Philip mantle will be on

2945

01:59:14,979 --> 01:59:11,510

we're going to be talking about tabloids

2946

01:59:17,770 --> 01:59:14,989

and so much more so that is it for the

2947

01:59:24,430 --> 01:59:17,780

show and thanks so much and remember to
