

1
00:00:07,460 --> 00:00:06,710
and it hits me oh my gosh this is that

2
00:00:08,570 --> 00:00:07,470
triangle

3
00:00:09,680 --> 00:00:08,580
you know there's explanation for

4
00:00:11,330 --> 00:00:09,690
everything that occurred in the

5
00:00:13,999 --> 00:00:11,340
Rendlesham forest incident didn't

6
00:00:17,510 --> 00:00:14,009
involve aliens at all it was completely

7
00:00:20,330 --> 00:00:17,520
silent it comes right over our head it's

8
00:00:21,950 --> 00:00:20,340
sort of like flying saucer really

9
00:00:23,720 --> 00:00:21,960
standing in the clearing he turned over

10
00:00:24,980 --> 00:00:23,730
to my father and held his hand and he

11
00:00:31,669 --> 00:00:24,990
looked in his eyes and said we're not

12
00:00:34,580 --> 00:00:31,679
alone welcome to podcast UFO for our

13
00:00:37,069 --> 00:00:34,590

live show we're live every Wednesday at

14

00:00:39,650 --> 00:00:37,079

8 p.m. Eastern Standard Time on the dark

15

00:00:43,280 --> 00:00:39,660

matter radio network please remember to

16

00:00:46,610 --> 00:00:43,290

visit the website podcast UFO calm for

17

00:00:48,470 --> 00:00:46,620

past episodes blogs and forums during

18

00:00:51,049 --> 00:00:48,480

the show feel free to participate live

19

00:00:53,299 --> 00:00:51,059

in our chat room and don't forget to

20

00:00:55,189 --> 00:00:53,309

Like us on our very active Facebook page

21

00:00:57,680 --> 00:00:55,199

hello and welcome to the show this is

22

00:00:59,510 --> 00:00:57,690

Martyn Willis your host and I am back

23

00:01:02,090 --> 00:00:59,520

from Russia that was way too long to be

24

00:01:05,060 --> 00:01:02,100

over there it feels really really good

25

00:01:08,840 --> 00:01:05,070

to be home we are very lucky to live in

26

00:01:11,090 --> 00:01:08,850

the country that we live in and also

27

00:01:12,440 --> 00:01:11,100

just let you know that intro I'm gonna

28

00:01:14,570 --> 00:01:12,450

have to change that because it says

29

00:01:16,370 --> 00:01:14,580

we're live on the Dark Matter digital

30

00:01:17,870 --> 00:01:16,380

network I don't know where I found that

31

00:01:20,990 --> 00:01:17,880

intro but that's an old one we are not

32

00:01:22,249 --> 00:01:21,000

but however if you can't support our

33

00:01:23,960 --> 00:01:22,259

show and you'd like to listen to full

34

00:01:25,820 --> 00:01:23,970

shows we are still on the Dark Matter

35

00:01:28,789 --> 00:01:25,830

digital network and that's every

36

00:01:31,310 --> 00:01:28,799

Thursday evening it's a like a podcast

37

00:01:33,800 --> 00:01:31,320

to our podcast every Thursday evening

38

00:01:35,330 --> 00:01:33,810

from 10:00 to midnight you can catch it

39

00:01:38,870 --> 00:01:35,340

there you can always catch our shows

40

00:01:40,850 --> 00:01:38,880

live for free the fall show that's

41

00:01:43,789 --> 00:01:40,860

either on YouTube on our YouTube channel

42

00:01:46,730 --> 00:01:43,799

you can subscribe to that or on podcast

43

00:01:49,039 --> 00:01:46,740

UFO comm and that's every Wednesday at 8

44

00:01:51,499 --> 00:01:49,049

to 10 p.m. Eastern Standard Time

45

00:01:56,120 --> 00:01:51,509

also the everything else show I did a

46

00:01:58,219 --> 00:01:56,130

show last Monday with Nick Redfern we

47

00:02:00,560 --> 00:01:58,229

talked about his theory on Roswell which

48

00:02:03,920 --> 00:02:00,570

is entirely different than I think most

49

00:02:07,280 --> 00:02:03,930

of us have heard and also we talked

50

00:02:09,919 --> 00:02:07,290

about cryptid animals and maybe kind of

51
00:02:11,510 --> 00:02:09,929
like the paranormal side of what his

52
00:02:13,950 --> 00:02:11,520
thoughts were on that why no one has

53
00:02:16,070 --> 00:02:13,960
ever found a Bigfoot why no one has

54
00:02:18,930 --> 00:02:16,080
found interviewed these others that

55
00:02:21,270 --> 00:02:18,940
countless people say they see no

56
00:02:22,890 --> 00:02:21,280
evidence why is that so that's what we

57
00:02:24,810 --> 00:02:22,900
talk about now that if you're a

58
00:02:28,410 --> 00:02:24,820
subscriber to the show that comes out as

59
00:02:31,050 --> 00:02:28,420
a podcast and and that will be coming

60
00:02:33,480 --> 00:02:31,060
out on Saturday so you can listen to

61
00:02:34,890 --> 00:02:33,490
those shows on either Monday or if

62
00:02:36,840 --> 00:02:34,900
you're a subscriber you can listen to

63
00:02:40,080 --> 00:02:36,850

the show in your media player for free

64

00:02:42,000 --> 00:02:40,090

speaking of supporters we I did the

65

00:02:44,430 --> 00:02:42,010

statistics about three and a half

66

00:02:47,130 --> 00:02:44,440

percent of our listeners support the

67

00:02:48,450 --> 00:02:47,140

show so I want to say thank you very

68

00:02:50,760 --> 00:02:48,460

very much for that three and a half

69

00:02:53,610 --> 00:02:50,770

percent that helps us out that does pay

70

00:02:55,350 --> 00:02:53,620

the bills and it's it's really nice to

71

00:02:57,600 --> 00:02:55,360

have that we do get a lot of downloads

72

00:03:00,030 --> 00:02:57,610

use a lot of bandwidth dedicated server

73

00:03:02,310 --> 00:03:00,040

and all that our guests this evening is

74

00:03:04,920 --> 00:03:02,320

Mark O'Connell and he's going to be

75

00:03:08,460 --> 00:03:04,930

talking about his book on dr. J Allen

76

00:03:11,370 --> 00:03:08,470

Hynek very interesting man and before

77

00:03:14,030 --> 00:03:11,380

that Alejandro Rojas could may not make

78

00:03:16,590 --> 00:03:14,040

the UFO updates he double-booked himself

79

00:03:18,390 --> 00:03:16,600

according to him or he's playing hooky

80

00:03:22,560 --> 00:03:18,400

so he's not going to be on this week

81

00:03:24,510 --> 00:03:22,570

he'll be back next week instead I have

82

00:03:26,880 --> 00:03:24,520

Mick West now Mick has been on the show

83

00:03:29,550 --> 00:03:26,890

a couple of times and I really respect

84

00:03:32,010 --> 00:03:29,560

his work as very thorough work he has

85

00:03:35,100 --> 00:03:32,020

meta bunk org and we're going to be

86

00:03:38,640 --> 00:03:35,110

talking about the nazca three-fingered

87

00:03:39,900 --> 00:03:38,650

alien and there's more these mummies

88

00:03:43,950 --> 00:03:39,910

that's we're going to be talking about

89

00:03:46,650 --> 00:03:43,960

and what his research and how he

90

00:03:49,950 --> 00:03:46,660

uncovered the most likely thought is

91

00:03:52,530 --> 00:03:49,960

that these are these are some type of

92

00:03:54,270 --> 00:03:52,540

hoaxes whether in recent hoax or an

93

00:03:55,770 --> 00:03:54,280

early hoax but that's kind of what it

94

00:03:58,650 --> 00:03:55,780

boils down to so we're gonna be talking

95

00:04:01,950 --> 00:03:58,660

about that and welcome to the show how

96

00:04:02,310 --> 00:04:01,960

are you Mick good good how you got your

97

00:04:05,520 --> 00:04:02,320

money

98

00:04:07,890 --> 00:04:05,530

great so first of all how do you find

99

00:04:11,700 --> 00:04:07,900

all these things I mean you you do one

100

00:04:13,920 --> 00:04:11,710

or two things a week that you dive into

101
00:04:16,620 --> 00:04:13,930
and try to find you know explanations

102
00:04:19,440 --> 00:04:16,630
for what they really are so how do you

103
00:04:23,550 --> 00:04:19,450
find all these things to take a look at

104
00:04:25,470 --> 00:04:23,560
and dive deep into what they are well

105
00:04:27,540 --> 00:04:25,480
you know I've been doing it for a while

106
00:04:29,999 --> 00:04:27,550
so I kind of I think Facebook knows that

107
00:04:31,710 --> 00:04:30,009
the thing that I like so I get up type

108
00:04:34,260 --> 00:04:31,720
of thing showing up on my Facebook feed

109
00:04:38,580 --> 00:04:34,270
well they also have a Google filter set

110
00:04:41,129 --> 00:04:38,590
for weird news and UFOs and every time a

111
00:04:42,839 --> 00:04:41,139
story pops up in the media it just

112
00:04:44,490 --> 00:04:42,849
emails me with the story and I give it a

113
00:04:45,990 --> 00:04:44,500

quick look to see it was interesting and

114

00:04:48,450 --> 00:04:46,000

if it is I might dove into it a little

115

00:04:51,300 --> 00:04:48,460

bit now the last time we had you on you

116

00:04:53,909 --> 00:04:51,310

were talking about the Chilean UFO and

117

00:04:56,309 --> 00:04:53,919

you basically kind of broke the story of

118

00:04:59,070 --> 00:04:56,319

what that really was now the entire you

119

00:05:01,529 --> 00:04:59,080

know Chilean government was behind that

120

00:05:04,499 --> 00:05:01,539

as being a UFO and you found all the

121

00:05:06,570 --> 00:05:04,509

data when the plane was exactly where

122

00:05:08,939 --> 00:05:06,580

the plane was the course of it and

123

00:05:10,589 --> 00:05:08,949

everything lined up perfectly that

124

00:05:14,100 --> 00:05:10,599

changed that whole story yeah it was

125

00:05:15,809 --> 00:05:14,110

pretty it was a it was a team effort

126

00:05:18,990 --> 00:05:15,819

really those other people I met a banker

127

00:05:20,820 --> 00:05:19,000

who helped but yeah we we've done that

128

00:05:22,920 --> 00:05:20,830

type of thing before like tracking down

129

00:05:26,100 --> 00:05:22,930

a plane and I think once we realize that

130

00:05:27,930 --> 00:05:26,110

it was probably a commercial jet and we

131

00:05:29,189 --> 00:05:27,940

were able to track down the traffic for

132

00:05:31,769 --> 00:05:29,199

the area it was actually fairly

133

00:05:33,379 --> 00:05:31,779

straightforward yeah you know basically

134

00:05:35,490 --> 00:05:33,389

did a lot of that before with the whole

135

00:05:37,200 --> 00:05:35,500

chemtrails stuff that I look into right

136

00:05:39,510 --> 00:05:37,210

right I know that's another another

137

00:05:42,930 --> 00:05:39,520

point out there that you hear a lot

138

00:05:44,600 --> 00:05:42,940

about and basically since we're just

139

00:05:47,790 --> 00:05:44,610

touching on that subject real quickly

140

00:05:49,920 --> 00:05:47,800

there's this nothing ever there's no

141

00:05:51,330 --> 00:05:49,930

evidence that there is such a thing as

142

00:05:54,540 --> 00:05:51,340

chemtrails everybody says they're

143

00:05:58,950 --> 00:05:54,550

spraying things for climate control or

144

00:06:01,200 --> 00:05:58,960

to control people and all that there's

145

00:06:04,740 --> 00:06:01,210

no there's never any solid evidence any

146

00:06:06,450 --> 00:06:04,750

anything like that is there not that

147

00:06:08,070 --> 00:06:06,460

I've come across many people bring up a

148

00:06:09,570 --> 00:06:08,080

lot of things I mean the most common

149

00:06:12,689 --> 00:06:09,580

thing that people bring up is the idea

150

00:06:14,339 --> 00:06:12,699

that the trails shouldn't persist but

151

00:06:16,649 --> 00:06:14,349

I've got like a whole a whole bookshelf

152

00:06:19,830 --> 00:06:16,659

over there filled of books on the

153

00:06:21,480 --> 00:06:19,840

weather that explained that contrails do

154

00:06:24,119 --> 00:06:21,490

possess to me that people have done ever

155

00:06:25,769 --> 00:06:24,129

since planes were invented so the basic

156

00:06:27,959 --> 00:06:25,779

premise of the theory is flawed and

157

00:06:30,689 --> 00:06:27,969

everything else is just going to follow

158

00:06:32,909 --> 00:06:30,699

that isn't doesn't really have to do

159

00:06:36,089 --> 00:06:32,919

with altitude as well with them hanging

160

00:06:38,339 --> 00:06:36,099

around it does yes it has to do with

161

00:06:40,149 --> 00:06:38,349

temperature which of course and actually

162

00:06:43,119 --> 00:06:40,159

get higher it gets colder

163

00:06:46,089 --> 00:06:43,129

so when you're up at 35,000 feet the

164

00:06:48,639 --> 00:06:46,099

temperature is usually 40 below or

165

00:06:50,799 --> 00:06:48,649

colder and that temperature the the

166

00:06:53,290 --> 00:06:50,809

exhaust basically condenses and freezes

167

00:06:54,850 --> 00:06:53,300

instantly and causes creates a contrail

168

00:06:56,499 --> 00:06:54,860

which is really just a type of cloud

169

00:06:58,719 --> 00:06:56,509

it's not really anything special it's

170

00:07:01,359 --> 00:06:58,729

not like a smoke plume or anything it's

171

00:07:03,009 --> 00:07:01,369

just a cloud triggered by the exhaust

172

00:07:05,350 --> 00:07:03,019

yeah but yet you know speaking of the

173

00:07:08,619 --> 00:07:05,360

altitude and temperature I had Nick

174

00:07:10,600 --> 00:07:08,629

Redfern on my show and on Monday and he

175

00:07:12,279 --> 00:07:10,610

we were talking about high-altitude

176
00:07:14,619 --> 00:07:12,289
balloons and he said you know the higher

177
00:07:15,759 --> 00:07:14,629
they go sometimes they'll burst because

178
00:07:17,469 --> 00:07:15,769
of the heat of the Sun and I thought

179
00:07:19,659 --> 00:07:17,479
about it afterwards you know I know that

180
00:07:22,239 --> 00:07:19,669
outside of a plane is you know well

181
00:07:24,429 --> 00:07:22,249
below zero so that that's not really the

182
00:07:26,019 --> 00:07:24,439
case is it once a high-altitude balloon

183
00:07:30,369 --> 00:07:26,029
keeps going higher doesn't get hotter

184
00:07:32,559 --> 00:07:30,379
does it no it doesn't really they burst

185
00:07:36,129 --> 00:07:32,569
because of the the reduction rate

186
00:07:39,159 --> 00:07:36,139
pressure yeah basically like they'll

187
00:07:42,549 --> 00:07:39,169
just keep going up until they the gas

188
00:07:45,040 --> 00:07:42,559

inside of them will expand and weather

189

00:07:46,540 --> 00:07:45,050

balloons for example are designed so

190

00:07:48,939 --> 00:07:46,550

that the balloon will burst at a certain

191

00:07:50,859 --> 00:07:48,949

altitude and then the package the

192

00:07:53,109 --> 00:07:50,869

radiosonde at the bottom will return

193

00:07:56,619 --> 00:07:53,119

back to earth so yeah it's not really

194

00:07:58,269 --> 00:07:56,629

being heated up by by the by the Sun

195

00:08:00,399 --> 00:07:58,279

although if you get really really high

196

00:08:03,329 --> 00:08:00,409

then the air is too thin to actually

197

00:08:06,100 --> 00:08:03,339

take away the heat in the form of cold

198

00:08:08,199 --> 00:08:06,110

so it kind of works the other way around

199

00:08:09,969 --> 00:08:08,209

as you get a lot higher as I think all

200

00:08:12,129 --> 00:08:09,979

the thermo pause where things actually

201
00:08:14,169 --> 00:08:12,139
get warmer as you get higher but

202
00:08:16,179 --> 00:08:14,179
generally the gal about that now what is

203
00:08:18,850 --> 00:08:16,189
your your background you have a science

204
00:08:22,239 --> 00:08:18,860
background or is it just a passion study

205
00:08:23,619 --> 00:08:22,249
of yours nah I don't really have a

206
00:08:26,769 --> 00:08:23,629
science background my degree is in

207
00:08:29,259 --> 00:08:26,779
computer science which I don't really

208
00:08:32,529 --> 00:08:29,269
consider a science myself but is this a

209
00:08:34,120 --> 00:08:32,539
science on my degree but I know when I

210
00:08:36,219 --> 00:08:34,130
was young I read a lot of science books

211
00:08:38,709 --> 00:08:36,229
and now since I've been doing Mellon

212
00:08:39,939 --> 00:08:38,719
Bank and Cantrell science control

213
00:08:42,610 --> 00:08:39,949

science has been going for about 10

214

00:08:44,189 --> 00:08:42,620

years now I just had a lot of exposure

215

00:08:47,800 --> 00:08:44,199

to these types of things and

216

00:08:50,079 --> 00:08:47,810

investigating this type of thing and now

217

00:08:52,590 --> 00:08:50,089

used the stuff from my background as a

218

00:08:54,070 --> 00:08:52,600

video game programmer I do lots of 3d

219

00:08:57,700 --> 00:08:54,080

geometry calculator

220

00:08:59,280 --> 00:08:57,710

for the video Gracia and I do you know

221

00:09:01,960 --> 00:08:59,290

just kind of comes together and it's

222

00:09:04,380 --> 00:09:01,970

it's just what I do now and so I'm kind

223

00:09:08,860 --> 00:09:04,390

of good at it okay so let's talk about

224

00:09:12,970 --> 00:09:08,870

the claims first of all we know Jaime

225

00:09:15,640 --> 00:09:12,980

masane is involved in this and got have

226

00:09:18,640 --> 00:09:15,650

you say is it gaia do you know how

227

00:09:23,170 --> 00:09:18,650

that's pronounced yeah gaya yeah yeah so

228

00:09:25,720 --> 00:09:23,180

they're involved in this so and also I

229

00:09:27,250 --> 00:09:25,730

read somewhere online that there's a

230

00:09:29,350 --> 00:09:27,260

symposium they're trying to put together

231

00:09:31,390 --> 00:09:29,360

we're 350 dollars per ticket in that

232

00:09:33,010 --> 00:09:31,400

type of stuff I couldn't find out any

233

00:09:37,840 --> 00:09:33,020

date or anything when that's supposed to

234

00:09:41,200 --> 00:09:37,850

happen but what is your what was your

235

00:09:42,850 --> 00:09:41,210

conclusions on onto what these things

236

00:09:45,910 --> 00:09:42,860

are now there's more of them that have

237

00:09:47,860 --> 00:09:45,920

been rolling out one that looks like it

238

00:09:50,560 --> 00:09:47,870

possibly it looks like it has eggs

239

00:09:53,530 --> 00:09:50,570

inside and stuff like that all right so

240

00:09:57,490 --> 00:09:53,540

so let's let's talk about where this led

241

00:09:59,350 --> 00:09:57,500

you and what your conclusions were well

242

00:10:01,270 --> 00:09:59,360

the first one I looked at was the the

243

00:10:03,550 --> 00:10:01,280

large specimen which came out in that

244

00:10:06,610 --> 00:10:03,560

guy over video which is kind of it's

245

00:10:08,950 --> 00:10:06,620

called into a fetal position it looks

246

00:10:12,880 --> 00:10:08,960

odd because it has these three fingers

247

00:10:15,970 --> 00:10:12,890

hams and 3/5 of a three-toed feet and it

248

00:10:18,430 --> 00:10:15,980

has this strange-looking face but when

249

00:10:20,470 --> 00:10:18,440

they actually show the x-rays of it

250

00:10:22,240 --> 00:10:20,480

that's kind of what you know making me

251

00:10:25,480 --> 00:10:22,250

suspect what it actually was

252

00:10:28,270 --> 00:10:25,490

because if you look at the x-rays of of

253

00:10:31,330 --> 00:10:28,280

the mummy you'll see that the bones in

254

00:10:34,900 --> 00:10:31,340

the hand look exactly like the middle

255

00:10:37,990 --> 00:10:34,910

three bones of a human hand but with the

256

00:10:39,810 --> 00:10:38,000

little finger and the thumb removed now

257

00:10:43,570 --> 00:10:39,820

there's a bunch of bones down here

258

00:10:44,950 --> 00:10:43,580

called the the metacarpals of the

259

00:10:47,590 --> 00:10:44,960

carpals or the ones at the bottom these

260

00:10:49,210 --> 00:10:47,600

are the metacarpals and as it looks like

261

00:10:51,070 --> 00:10:49,220

all that they did is they removed the

262

00:10:53,910 --> 00:10:51,080

little finger then remove the thumb and

263

00:10:57,190 --> 00:10:53,920

then they split the hand down here and

264

00:11:00,040 --> 00:10:57,200

if you compare what is a human skeleton

265

00:11:01,990 --> 00:11:00,050

would look like if you did that to the

266

00:11:04,390 --> 00:11:02,000

x-rays that they provide of the mummy it

267

00:11:06,640 --> 00:11:04,400

would look exactly the same so it really

268

00:11:08,139 --> 00:11:06,650

looks like it's just a human a human

269

00:11:11,019 --> 00:11:08,149

skeleton must be

270

00:11:13,960 --> 00:11:11,029

modified to look unusual do you think

271

00:11:16,930 --> 00:11:13,970

now there's speculation that you know

272

00:11:18,910 --> 00:11:16,940

that this is very possible that this and

273

00:11:20,769 --> 00:11:18,920

I know that they modified some of these

274

00:11:23,139 --> 00:11:20,779

mummies with animal bones and things

275

00:11:28,410 --> 00:11:23,149

like that this is human bones but do you

276

00:11:32,740 --> 00:11:28,420

think this was done a long time ago or

277

00:11:33,790 --> 00:11:32,750

any ideas on when it was done you see

278

00:11:36,329 --> 00:11:33,800

that's the thing that's kind of very

279

00:11:40,240 --> 00:11:36,339

difficult to say they say they've done

280

00:11:42,100 --> 00:11:40,250

they've done carbon dating on it which

281

00:11:44,769 --> 00:11:42,110

dates it back like a thousand years or

282

00:11:47,050 --> 00:11:44,779

so but that obviously only dates the

283

00:11:49,090 --> 00:11:47,060

actual material of the mummy we don't

284

00:11:50,439 --> 00:11:49,100

know if the entire thing dates but a

285

00:11:52,840 --> 00:11:50,449

thousand years they could have actually

286

00:11:55,300 --> 00:11:52,850

put it together from other bits and

287

00:11:57,670 --> 00:11:55,310

pieces that of things that were actually

288

00:12:01,060 --> 00:11:57,680

mummified a thousand years ago now there

289

00:12:03,879 --> 00:12:01,070

is a possibility that it was actually

290

00:12:05,800 --> 00:12:03,889

created by the native people a thousand

291

00:12:10,569 --> 00:12:05,810

years ago perhaps for some reason they

292

00:12:12,730 --> 00:12:10,579

were making strange-looking mummies out

293

00:12:14,620 --> 00:12:12,740

of their dead people there's been

294

00:12:16,870 --> 00:12:14,630

suggestions that they were visited by

295

00:12:20,259 --> 00:12:16,880

aliens and then they were trying to make

296

00:12:22,389 --> 00:12:20,269

the Dead look like the exam so that they

297

00:12:23,889 --> 00:12:22,399

would be more like the gods as they

298

00:12:27,220 --> 00:12:23,899

would see them and you know go up to

299

00:12:29,949 --> 00:12:27,230

join the gods but yeah there's really

300

00:12:31,300 --> 00:12:29,959

nothing to go by because no one's that

301
00:12:34,780 --> 00:12:31,310
you looked at the archaeological site

302
00:12:36,160 --> 00:12:34,790
where these specimens have supposedly

303
00:12:38,650 --> 00:12:36,170
come from and if you're doing

304
00:12:40,509 --> 00:12:38,660
archaeology really there the first thing

305
00:12:43,360 --> 00:12:40,519
of the most important thing is to

306
00:12:46,720 --> 00:12:43,370
actually secure and examine the site so

307
00:12:48,970 --> 00:12:46,730
you get a very solid record of exactly

308
00:12:50,650 --> 00:12:48,980
where these objects come from and you

309
00:12:52,930 --> 00:12:50,660
see them picking up these mummified

310
00:12:54,790 --> 00:12:52,940
hands and waving it around like they're

311
00:12:56,559 --> 00:12:54,800
nothing it don't seem to be really

312
00:13:00,129 --> 00:12:56,569
taking the whole thing very seriously

313
00:13:02,980 --> 00:13:00,139

now isn't it difficult to get permission

314

00:13:06,759 --> 00:13:02,990

to actually go into these places and

315

00:13:11,439 --> 00:13:06,769

actually remove you know archaeological

316

00:13:13,269 --> 00:13:11,449

oh yeah no they have the the Ministry of

317

00:13:17,559 --> 00:13:13,279

Antiquities or whatever it's called it

318

00:13:21,460 --> 00:13:17,569

and in Peru but yeah they they're not

319

00:13:23,170 --> 00:13:21,470

supposed to be doing it the the official

320

00:13:25,030 --> 00:13:23,180

channels are supposed to do it so you

321

00:13:26,680 --> 00:13:25,040

know there's some debate in Peru about

322

00:13:28,870 --> 00:13:26,690

you know exactly what's been going on

323

00:13:30,340 --> 00:13:28,880

and have they broken the law or is there

324

00:13:32,320 --> 00:13:30,350

any evidence that they've done that but

325

00:13:35,470 --> 00:13:32,330

if Nell can actually prove that they

326

00:13:37,020 --> 00:13:35,480

took these things from anywhere then the

327

00:13:39,160 --> 00:13:37,030

authorities can't really prove them

328

00:13:40,840 --> 00:13:39,170

prove that they are taking them from

329

00:13:43,900 --> 00:13:40,850

anywhere with that in itself implies

330

00:13:45,820 --> 00:13:43,910

that they they were faked but really you

331

00:13:48,460 --> 00:13:45,830

know the important thing here would be

332

00:13:50,080 --> 00:13:48,470

seeing the archeological site another

333

00:13:52,210 --> 00:13:50,090

thing obviously would be taking some DNA

334

00:13:53,440 --> 00:13:52,220

samples of the person seeing what

335

00:13:57,600 --> 00:13:53,450

they're actually right for right right

336

00:14:02,050 --> 00:13:57,610

now as far as the cranial formation that

337

00:14:04,410 --> 00:14:02,060

that was nothing really that uncommon I

338

00:14:07,170 --> 00:14:04,420

mean they used to shape you know baby

339

00:14:11,140 --> 00:14:07,180

your from my infancy is to show that

340

00:14:12,580 --> 00:14:11,150

they still do in some places and you can

341

00:14:14,800 --> 00:14:12,590

also occasionally get natural

342

00:14:16,000 --> 00:14:14,810

deformations of human skulls that turned

343

00:14:18,640 --> 00:14:16,010

out like that but yeah cranial

344

00:14:20,530 --> 00:14:18,650

modification of much more extreme forms

345

00:14:23,620 --> 00:14:20,540

we've seen that with the very long kind

346

00:14:26,830 --> 00:14:23,630

of conehead type shapes and in some

347

00:14:29,170 --> 00:14:26,840

cultures so that in itself isn't really

348

00:14:32,710 --> 00:14:29,180

suspicious is it one thing that looks

349

00:14:34,480 --> 00:14:32,720

odd with the mummy is the eyes the thing

350

00:14:35,950 --> 00:14:34,490

about that is that they're not real they

351

00:14:38,260 --> 00:14:35,960

don't really show up like that on the

352

00:14:40,120 --> 00:14:38,270

skeleton you can see that those eyes and

353

00:14:43,210 --> 00:14:40,130

those eye slits appear to have just been

354

00:14:44,980 --> 00:14:43,220

formed manually by some kind of clay or

355

00:14:46,780 --> 00:14:44,990

something on the Front's of the rice and

356

00:14:48,820 --> 00:14:46,790

the white you know at first they thought

357

00:14:52,660 --> 00:14:48,830

the white was like a plaster which is it

358

00:14:54,490 --> 00:14:52,670

is not it's something else that it's

359

00:14:58,660 --> 00:14:54,500

probably some type of life oxidations

360

00:15:01,270 --> 00:14:58,670

very dry there yeah exactly what it is

361

00:15:02,800 --> 00:15:01,280

but it's not plaster they they say in

362

00:15:05,830 --> 00:15:02,810

one of the videos that it was diam

363

00:15:07,810 --> 00:15:05,840

Atticus earth which is it's a common

364

00:15:11,230 --> 00:15:07,820

material that you can buy at a gardening

365

00:15:13,840 --> 00:15:11,240

supply store used for like a type of

366

00:15:16,840 --> 00:15:13,850

fertilizer essentially or a bug killer

367

00:15:19,060 --> 00:15:16,850

and it's just it's a desiccant it's a

368

00:15:22,180 --> 00:15:19,070

thing that makes things dry so if the

369

00:15:23,500 --> 00:15:22,190

white stuff its dome Atticus earth that

370

00:15:25,840 --> 00:15:23,510

would be something you could figure out

371

00:15:27,820 --> 00:15:25,850

where that actually came from because it

372

00:15:30,880 --> 00:15:27,830

may it may well be that that region

373

00:15:33,040 --> 00:15:30,890

cuzco is very high you know it's cusco

374

00:15:33,890 --> 00:15:33,050

at like 13,000 feet so i don't know if

375

00:15:36,140 --> 00:15:33,900

they're going to have died

376
00:15:38,540 --> 00:15:36,150
takus earth because that's the remained

377
00:15:39,770 --> 00:15:38,550
of the remains of seashells I don't know

378
00:15:42,470 --> 00:15:39,780
if they would have a source of that it

379
00:15:44,780 --> 00:15:42,480
sounds the facts that it is that sounds

380
00:15:46,430 --> 00:15:44,790
kind of modern and it's very bright you

381
00:15:48,380 --> 00:15:46,440
know whether that when they first said

382
00:15:50,230 --> 00:15:48,390
it someone said it was plasterers said

383
00:15:52,550 --> 00:15:50,240
that you know I from my personal

384
00:15:54,800 --> 00:15:52,560
experience as an appraiser know that

385
00:15:56,150 --> 00:15:54,810
plaster always yellows over time you

386
00:15:58,910 --> 00:15:56,160
know it doesn't stay bright like that

387
00:16:02,600 --> 00:15:58,920
yeah you know this is essentially it's

388
00:16:04,190 --> 00:16:02,610

calcified sea creatures tiny little tiny

389

00:16:05,570 --> 00:16:04,200

little daiya daiya kind of like mere

390

00:16:10,070 --> 00:16:05,580

shim I don't know if you know what mere

391

00:16:11,810 --> 00:16:10,080

shim is yeah I don't know it's they

392

00:16:15,700 --> 00:16:11,820

actually make pipes and carvings out of

393

00:16:18,020 --> 00:16:15,710

it it's yeah oh yeah now the thing that

394

00:16:19,610 --> 00:16:18,030

got me right off the bat when I first

395

00:16:22,550 --> 00:16:19,620

saw this someone sent me the original

396

00:16:24,530 --> 00:16:22,560

video and right off the bat is the alien

397

00:16:26,480 --> 00:16:24,540

you know why do they have to throw the

398

00:16:29,350 --> 00:16:26,490

alien tag on this thing right off the

399

00:16:33,730 --> 00:16:29,360

bat I mean they are discovering human

400

00:16:36,260 --> 00:16:33,740

you know different types of human type

401
00:16:39,280 --> 00:16:36,270
skeletons they always have and so why

402
00:16:42,650 --> 00:16:39,290
right off the bat say it's alien I mean

403
00:16:44,630 --> 00:16:42,660
yeah and I think if you saw the article

404
00:16:45,950 --> 00:16:44,640
I wrote I I made a list that I think

405
00:16:48,860 --> 00:16:45,960
like seven different rings it could

406
00:16:50,840 --> 00:16:48,870
possibly be and you do from the most

407
00:16:54,920 --> 00:16:50,850
probable thing to the least probable

408
00:16:58,250 --> 00:16:54,930
thing and alien seems to be pretty much

409
00:17:01,250 --> 00:16:58,260
the least likely thing that would be and

410
00:17:04,910 --> 00:17:01,260
various types of fake or natural

411
00:17:06,980 --> 00:17:04,920
occurrence are more possible things like

412
00:17:08,930 --> 00:17:06,990
yeah it could be a previously

413
00:17:11,540 --> 00:17:08,940

undiscovered animal like some kind of

414

00:17:14,360 --> 00:17:11,550

ape or something like that but it's all

415

00:17:15,500 --> 00:17:14,370

oh it's very unlikely there's something

416

00:17:17,300 --> 00:17:15,510

you could prove very quickly by doing

417

00:17:18,440 --> 00:17:17,310

some DNA testing which they yeah you

418

00:17:20,360 --> 00:17:18,450

know that haven't done are they do you

419

00:17:22,699 --> 00:17:20,370

not happen to know if that is something

420

00:17:25,250 --> 00:17:22,709

they're going to be doing and revealing

421

00:17:27,890 --> 00:17:25,260

before they have this symposium or are

422

00:17:29,900 --> 00:17:27,900

they gonna I don't know what that plans

423

00:17:31,700 --> 00:17:29,910

are you know if I was to guess that what

424

00:17:35,380 --> 00:17:31,710

their plans are I think okay and I try

425

00:17:41,060 --> 00:17:35,390

to draw this out as long as they can and

426

00:17:43,160 --> 00:17:41,070

they will eventually say that it is some

427

00:17:45,140 --> 00:17:43,170

kind of composite thing either a human

428

00:17:46,690 --> 00:17:45,150

skeleton or other smaller ones will be

429

00:17:50,170 --> 00:17:46,700

human skeletons

430

00:17:53,170 --> 00:17:50,180

bones mixed with animal bones I think

431

00:17:56,290 --> 00:17:53,180

that's event and actually where they're

432

00:17:57,940 --> 00:17:56,300

gonna and it was made to look in the

433

00:17:59,290 --> 00:17:57,950

image of aliens so there's still got

434

00:18:01,960 --> 00:17:59,300

that kind of connection and it's still

435

00:18:03,580 --> 00:18:01,970

kind of an interesting thing but I don't

436

00:18:06,430 --> 00:18:03,590

think they're going to be able to keep

437

00:18:09,310 --> 00:18:06,440

up the idea that these are actual alien

438

00:18:12,130 --> 00:18:09,320

remains enduring up right well hey Nick

439

00:18:13,780 --> 00:18:12,140

thanks so much and you know I think you

440

00:18:16,390 --> 00:18:13,790

Ron the very first time you're on is

441

00:18:19,180 --> 00:18:16,400

when someone was saying they were

442

00:18:21,910 --> 00:18:19,190

spawning a triangle UFO on the moon and

443

00:18:23,530 --> 00:18:21,920

you figured that out exactly what that

444

00:18:26,280 --> 00:18:23,540

was had nothing they just had to do it

445

00:18:29,560 --> 00:18:26,290

the way the images were pieced together

446

00:18:31,090 --> 00:18:29,570

right if I remember right yeah that's

447

00:18:34,270 --> 00:18:31,100

right alright thanks so much and

448

00:18:37,420 --> 00:18:34,280

everyone it's yeah it was just an image

449

00:18:39,190 --> 00:18:37,430

up pixel right right all right so this

450

00:18:41,440 --> 00:18:39,200

is Mick West and he's from meta bunk

451

00:18:45,220 --> 00:18:41,450

just spelled just the way it sounds

452

00:18:49,300 --> 00:18:45,230

Emmy t8b UNK dork check out his website

453

00:18:51,730 --> 00:18:49,310

and he has uncovered a lot he is the

454

00:18:54,010 --> 00:18:51,740

friendly debunker okay so a lot of

455

00:18:57,490 --> 00:18:54,020

democracy bad name but he's the friendly

456

00:19:04,990 --> 00:18:57,500

debunker thanks a lot Nick all right

457

00:19:06,250 --> 00:19:05,000

thank you okay okay alright so see make

458

00:19:08,950 --> 00:19:06,260

you're gonna have to hang up if you

459

00:19:11,800 --> 00:19:08,960

would I can't I can't do that separately

460

00:19:16,150 --> 00:19:11,810

from our guest so our guest thank you

461

00:19:18,790 --> 00:19:16,160

our guest good talking to you here we

462

00:19:20,830 --> 00:19:18,800

are our guest as Mark O'Connell mark has

463

00:19:23,770 --> 00:19:20,840

been on the show before and actually

464

00:19:25,330 --> 00:19:23,780

when he was on the show last time he did

465

00:19:29,740 --> 00:19:25,340

bring up the fact that he was writing a

466

00:19:33,370 --> 00:19:29,750

book on dr. J Allen Hynek and and he did

467

00:19:35,380 --> 00:19:33,380

and and it's a great book I've heard a

468

00:19:38,230 --> 00:19:35,390

couple of interviews I have not read the

469

00:19:40,090 --> 00:19:38,240

book I hope to and that's a thing I you

470

00:19:42,130 --> 00:19:40,100

know a lot of people ask I had someone

471

00:19:44,320 --> 00:19:42,140

ask in the last show basically why

472

00:19:47,260 --> 00:19:44,330

aren't you reading the books well I have

473

00:19:50,530 --> 00:19:47,270

a full-time career as well as doing this

474

00:19:53,740 --> 00:19:50,540

show I read I love to read but I can't

475

00:19:55,330 --> 00:19:53,750

read books like George Knapp can read a

476
00:19:56,620 --> 00:19:55,340
book in a day it takes me a long time to

477
00:19:59,930 --> 00:19:56,630
read a book I'm not like that

478
00:20:03,310 --> 00:19:59,940
so anyway I'm here

479
00:20:05,870 --> 00:20:03,320
with Mark O'Connell how are you mark I

480
00:20:08,659 --> 00:20:05,880
am great Martin thanks for having me

481
00:20:10,610 --> 00:20:08,669
here and I think you were you were on

482
00:20:15,860 --> 00:20:10,620
the show just before you started writing

483
00:20:19,039 --> 00:20:15,870
the book if I if I got that right I I'm

484
00:20:20,960 --> 00:20:19,049
a little I'm a little foggy on that that

485
00:20:22,549 --> 00:20:20,970
was the last couple years of my life

486
00:20:24,950 --> 00:20:22,559
have been so full of research for the

487
00:20:29,390 --> 00:20:24,960
book that my timetables sort of get

488
00:20:32,779 --> 00:20:29,400

compressed well you were on I remembered

489

00:20:36,770 --> 00:20:32,789

that I think I connected you with race

490

00:20:39,740 --> 00:20:36,780

Stanford because Ray knew dr. Hynek hmm

491

00:20:42,110 --> 00:20:39,750

yes that yeah okay then that does go

492

00:20:45,860 --> 00:20:42,120

back probably at least three years yeah

493

00:20:47,919 --> 00:20:45,870

I guess yeah right yes yeah yeah yeah

494

00:20:54,710 --> 00:20:47,929

yeah it would have to be that far right

495

00:20:56,620 --> 00:20:54,720

so how is the book doing it's doing

496

00:20:59,240 --> 00:20:56,630

pretty well we're having steady sales

497

00:21:01,070 --> 00:20:59,250

just publishing world is all new to me

498

00:21:04,549 --> 00:21:01,080

the write the professional writing I've

499

00:21:07,520 --> 00:21:04,559

done in the past has generally been for

500

00:21:10,190 --> 00:21:07,530

the screen TV and movie scripts and and

501
00:21:12,500 --> 00:21:10,200
that world moves it a it seems slow when

502
00:21:13,850 --> 00:21:12,510
you're you're in it but compared to

503
00:21:17,000 --> 00:21:13,860
publishing is it's pretty fast

504
00:21:18,620 --> 00:21:17,010
publishing is things move very slowly in

505
00:21:22,820 --> 00:21:18,630
publishing I'm learning you have to

506
00:21:25,549 --> 00:21:22,830
measure things in weeks and so you know

507
00:21:27,409 --> 00:21:25,559
I'm just doing a lot of doing a lot of

508
00:21:29,570 --> 00:21:27,419
media appearances still and doing a lot

509
00:21:31,070 --> 00:21:29,580
of social media and just enjoying the

510
00:21:35,390 --> 00:21:31,080
hell out of this whole book promotion

511
00:21:37,669 --> 00:21:35,400
great and now when you when you wrote

512
00:21:41,110 --> 00:21:37,679
the book hang on let me just take

513
00:21:44,210 --> 00:21:41,120

something here when you wrote the book

514

00:21:46,399 --> 00:21:44,220

well I should put it this way what what

515

00:21:51,860 --> 00:21:46,409

made you decide to write about

516

00:21:53,630 --> 00:21:51,870

Hynek himself I didn't really decide it

517

00:21:56,330 --> 00:21:53,640

the opportunity kind of fell into my lap

518

00:21:58,460 --> 00:21:56,340

I I'm sure the last time I did your show

519

00:22:02,899 --> 00:21:58,470

I talked to about my blog high

520

00:22:06,039 --> 00:22:02,909

strangeness high strangeness UFO calm I

521

00:22:09,140 --> 00:22:06,049

started that about five years ago and

522

00:22:13,340 --> 00:22:09,150

was always looking for new material to

523

00:22:16,549 --> 00:22:13,350

write about and sort of stumbled

524

00:22:18,380 --> 00:22:16,559

across a website for the Center for UFO

525

00:22:20,960 --> 00:22:18,390

studies in Chicago while I was living in

526

00:22:22,850 --> 00:22:20,970

Chicago at the time and thought hey I

527

00:22:26,150 --> 00:22:22,860

need to I need to pay these guys a visit

528

00:22:28,100 --> 00:22:26,160

so I got ahold of mark rodiger who is

529

00:22:31,330 --> 00:22:28,110

the scientific director of gross I

530

00:22:34,250 --> 00:22:31,340

should add Koufos is the UFO research

531

00:22:36,380 --> 00:22:34,260

organization founded by J Allen Hynek in

532

00:22:43,039 --> 00:22:36,390

the 1970s so they were still around in

533

00:22:44,659 --> 00:22:43,049

Chicago five years ago and I as I said

534

00:22:46,730 --> 00:22:44,669

like contacted mark Rottier he invited

535

00:22:50,510 --> 00:22:46,740

me to stop by and take a look good their

536

00:22:52,730 --> 00:22:50,520

archives and I did and that became the

537

00:22:54,799 --> 00:22:52,740

first of a whole series of visits there

538

00:22:56,930 --> 00:22:54,809

was so much fun stuff in the archives at

539

00:22:58,700 --> 00:22:56,940

marks house but I just kept going back

540

00:23:02,120 --> 00:22:58,710

over and over again to just look through

541

00:23:03,799 --> 00:23:02,130

files and look for fun UFO documents and

542

00:23:06,110 --> 00:23:03,809

books and things finally on one of those

543

00:23:08,510 --> 00:23:06,120

one of those visits mark just kind of

544

00:23:10,220 --> 00:23:08,520

casually mentioned hey we've always been

545

00:23:12,970 --> 00:23:10,230

looking for someone to write the

546

00:23:16,250 --> 00:23:12,980

definitive account of dr. Hynix

547

00:23:18,950 --> 00:23:16,260

career and I said please I would love

548

00:23:20,360 --> 00:23:18,960

to do that so that's how it all started

549

00:23:21,860 --> 00:23:20,370

I was just I was in the right place at

550

00:23:24,890 --> 00:23:21,870

the right time mark just made this

551
00:23:27,680 --> 00:23:24,900
comment that day and I just jumped on it

552
00:23:32,960 --> 00:23:27,690
so that was the start of this long long

553
00:23:35,510 --> 00:23:32,970
crazy ride and it's it's been Finn's yes

554
00:23:38,419 --> 00:23:35,520
I think I mentioned to you the other day

555
00:23:41,990 --> 00:23:38,429
that I was I was looking for interviews

556
00:23:44,480 --> 00:23:42,000
with Hynek and I actually was watching

557
00:23:46,940 --> 00:23:44,490
one with Tom Schneider talk show host

558
00:23:49,460 --> 00:23:46,950
and yeah and that was great

559
00:23:52,340 --> 00:23:49,470
so I'm still in touch with I actually

560
00:23:56,149 --> 00:23:52,350
knew Tom he was a neighbor when I lived

561
00:23:58,010 --> 00:23:56,159
out in California and I he passed away I

562
00:24:01,100 --> 00:23:58,020
met him just before he passed away about

563
00:24:03,049 --> 00:24:01,110

about a year ahead and great guy he

564

00:24:05,930 --> 00:24:03,059

loved dan Ackroyd's imitation him and

565

00:24:08,000 --> 00:24:05,940

dan actually were friends

566

00:24:09,919 --> 00:24:08,010

Deana record used to do an imitation on

567

00:24:12,649 --> 00:24:09,929

Saturday Night Live of Tom Snyder as the

568

00:24:16,240 --> 00:24:12,659

taco shows for anyone you know this goes

569

00:24:21,980 --> 00:24:16,250

way back into the early 80s I believe

570

00:24:25,070 --> 00:24:21,990

anyway so I talked to Tom's his widow

571

00:24:26,960 --> 00:24:25,080

Pam Burke who's a producer she was a

572

00:24:29,870 --> 00:24:26,970

producer of his show as well

573

00:24:32,990 --> 00:24:29,880

and she said that J Allen Hynek was one

574

00:24:35,840 --> 00:24:33,000

of their very very favorite guests they

575

00:24:38,960 --> 00:24:35,850

loved him Wow he said he was really

576
00:24:41,720 --> 00:24:38,970
funny and he was so interesting and and

577
00:24:45,320 --> 00:24:41,730
brilliant and they just loved having him

578
00:24:47,090 --> 00:24:45,330
on the show well I've watched the I

579
00:24:48,860 --> 00:24:47,100
don't know if it's the entire interview

580
00:24:52,370 --> 00:24:48,870
but you can see at least portions of it

581
00:24:55,610 --> 00:24:52,380
on YouTube and it is a really fun it's a

582
00:24:58,880 --> 00:24:55,620
fun interview to listen to you can tell

583
00:25:02,750 --> 00:24:58,890
that you you can tell that Hynek felt he

584
00:25:05,420 --> 00:25:02,760
was talking with someone who respected

585
00:25:07,490 --> 00:25:05,430
what he had to say and so you know and

586
00:25:10,790 --> 00:25:07,500
so that that animated Hynek you know

587
00:25:13,160 --> 00:25:10,800
more than he might have been you know in

588
00:25:15,380 --> 00:25:13,170

into some other interview so they had a

589

00:25:17,650 --> 00:25:15,390

nice energy together yeah yeah now the

590

00:25:22,160 --> 00:25:17,660

thing I think is the most fascinating

591

00:25:25,040 --> 00:25:22,170

part about Hynek is the switchover you

592

00:25:27,530 --> 00:25:25,050

know he was the guy to debunk and then

593

00:25:30,620 --> 00:25:27,540

all of a sudden it's like hey there's

594

00:25:33,740 --> 00:25:30,630

really something to this and then it

595

00:25:38,210 --> 00:25:33,750

totally dives into it what do you know

596

00:25:40,940 --> 00:25:38,220

in your research about him as say from

597

00:25:43,100 --> 00:25:40,950

childhood on if he had a fascination

598

00:25:46,390 --> 00:25:43,110

with say science fiction or anything

599

00:25:49,100 --> 00:25:46,400

like that did you uncover any of that

600

00:25:51,290 --> 00:25:49,110

yeah there is there's definitely some of

601
00:25:54,920 --> 00:25:51,300
that in his background he was born in

602
00:25:57,080 --> 00:25:54,930
1910 as Halley's Comet was appearing in

603
00:25:59,150 --> 00:25:57,090
the sky so he was he was born under the

604
00:26:01,460 --> 00:25:59,160
comet which seemed to have some

605
00:26:02,720 --> 00:26:01,470
influence on his life when he was about

606
00:26:03,740 --> 00:26:02,730
eight years old he came down with

607
00:26:06,680 --> 00:26:03,750
scarlet fever

608
00:26:11,510 --> 00:26:06,690
and he was bedridden for for many many

609
00:26:12,920 --> 00:26:11,520
days and his his mother just went

610
00:26:14,570 --> 00:26:12,930
through every book in the house and then

611
00:26:16,970 --> 00:26:14,580
started borrowing books from neighbors

612
00:26:20,390 --> 00:26:16,980
so that she could keep her son occupied

613
00:26:21,860 --> 00:26:20,400

and so she read some of the books to him

614

00:26:24,620 --> 00:26:21,870

he read some of the books himself but

615

00:26:27,740 --> 00:26:24,630

one of those books was an astronomy

616

00:26:30,020 --> 00:26:27,750

textbook so so from the research I did

617

00:26:33,500 --> 00:26:30,030

that was that moment when he was sick in

618

00:26:37,010 --> 00:26:33,510

bed at age 8 was his first real contact

619

00:26:39,320 --> 00:26:37,020

with the scientific world and apparently

620

00:26:41,630 --> 00:26:39,330

he just he fell in love with astronomy

621

00:26:43,340 --> 00:26:41,640

he fell in love with the

622

00:26:46,760 --> 00:26:43,350

while reading that book when he was 8

623

00:26:49,160 --> 00:26:46,770

years old he also had interests in in

624

00:26:49,850 --> 00:26:49,170

writing he was a really a pretty good

625

00:26:51,770 --> 00:26:49,860

writer

626
00:26:53,120 --> 00:26:51,780
in his high school days he was a regular

627
00:26:54,770 --> 00:26:53,130
contributor to his high school's

628
00:26:57,410 --> 00:26:54,780
literary magazine he wrote some really

629
00:26:59,450 --> 00:26:57,420
fun short stories Wow isn't it funny how

630
00:27:01,190 --> 00:26:59,460
like a turn in life can just change

631
00:27:03,530 --> 00:27:01,200
everything you know and a lot of times

632
00:27:05,540 --> 00:27:03,540
you do hear about it is a sickness that

633
00:27:08,030 --> 00:27:05,550
changes someone's life and gets them

634
00:27:11,000 --> 00:27:08,040
interested in things that just turned

635
00:27:12,530 --> 00:27:11,010
before I forget this Shane in the chat

636
00:27:14,360 --> 00:27:12,540
room and welcome back

637
00:27:17,540 --> 00:27:14,370
Shane I should say welcome back me and

638
00:27:19,790 --> 00:27:17,550

the regular timeslot is Shane want to

639

00:27:22,190 --> 00:27:19,800

know if the image on the book was an

640

00:27:26,870 --> 00:27:22,200

actual unexplained UFO what are any

641

00:27:29,630 --> 00:27:26,880

story on that that that is art that was

642

00:27:34,730 --> 00:27:29,640

created by the HarperCollins graphic art

643

00:27:37,970 --> 00:27:34,740

I I mean it's it's clear it's clear that

644

00:27:39,590 --> 00:27:37,980

they looked at a lot of vintage UFO

645

00:27:41,210 --> 00:27:39,600

pictures because they really captured

646

00:27:43,190 --> 00:27:41,220

that look in that style of those kinds

647

00:27:46,010 --> 00:27:43,200

of images like the Rex Efrain photos up

648

00:27:48,650 --> 00:27:46,020

for example but yeah I believe that was

649

00:27:50,200 --> 00:27:48,660

completely created by there well you

650

00:28:00,820 --> 00:27:50,210

could have lied you had your chance

651

00:28:06,950 --> 00:28:04,430

alright so hi Nick

652

00:28:11,000 --> 00:28:06,960

he were going back home this is many

653

00:28:14,000 --> 00:28:11,010

years ago so he was contacted first by

654

00:28:16,700 --> 00:28:14,010

the air force at what what point in how

655

00:28:23,510 --> 00:28:16,710

was he standing as an astronomer at that

656

00:28:25,100 --> 00:28:23,520

time what did they reach out to him he

657

00:28:27,410 --> 00:28:25,110

had virtually no standing as an

658

00:28:30,320 --> 00:28:27,420

astronomer actually he had been he was

659

00:28:35,360 --> 00:28:30,330

teaching at the Ohio State University

660

00:28:38,180 --> 00:28:35,370

and Ohio Wesleyan University and he was

661

00:28:40,250 --> 00:28:38,190

a he I think at this point he may have

662

00:28:42,620 --> 00:28:40,260

been an associate professor not a big

663

00:28:45,200 --> 00:28:42,630

wheel in the world of science or

664

00:28:47,840 --> 00:28:45,210

astronomy or academia at all he was just

665

00:28:52,670 --> 00:28:47,850

you know he was a young young professor

666

00:28:54,470 --> 00:28:52,680

kind of making his way in the world but

667

00:28:57,789 --> 00:28:54,480

he had spent some time

668

00:29:02,060 --> 00:28:57,799

during World War two engaged in some

669

00:29:04,640 --> 00:29:02,070

high-security work for the US government

670

00:29:07,580 --> 00:29:04,650

working on what was called the proximity

671

00:29:09,590 --> 00:29:07,590

fuze the first smart weapon was

672

00:29:12,710 --> 00:29:09,600

developed in during World War two it was

673

00:29:15,460 --> 00:29:12,720

a it was a rant video device that you

674

00:29:18,049 --> 00:29:15,470

could put in the nose of a warhead and

675

00:29:19,909 --> 00:29:18,059

it would send out radio waves ahead of

676

00:29:22,100 --> 00:29:19,919

it as it was flying through the air and

677

00:29:25,700 --> 00:29:22,110

it could be programmed to detonate when

678

00:29:30,500 --> 00:29:25,710

the return time of those bounced off

679

00:29:32,750 --> 00:29:30,510

radio would return to the the fumes it

680

00:29:34,370 --> 00:29:32,760

could tell how close it was to the

681

00:29:36,470 --> 00:29:34,380

target and it could set the warhead off

682

00:29:38,690 --> 00:29:36,480

at a certain distance so as you can

683

00:29:40,190 --> 00:29:38,700

imagine this made things a lot safer for

684

00:29:42,770 --> 00:29:40,200

our Gunners they didn't always have to

685

00:29:46,190 --> 00:29:42,780

hit a bull's-eye every time and so a lot

686

00:29:48,590 --> 00:29:46,200

more lived as a result of that Hynek had

687

00:29:53,270 --> 00:29:48,600

high security clearance because he had

688

00:29:55,789 --> 00:29:53,280

worked on this project here you've got

689

00:29:59,060 --> 00:29:55,799

the poor airs at wright-patterson Air

690

00:30:00,860 --> 00:29:59,070

Force Base in Dayton Ohio so they're

691

00:30:02,000 --> 00:30:00,870

right down the road from Columbus where

692

00:30:04,700 --> 00:30:02,010

the universities are we're Hynix

693

00:30:08,299 --> 00:30:04,710

teaching and they are starting to get in

694

00:30:12,409 --> 00:30:08,309

late 1947 early 1948 they are starting

695

00:30:14,270 --> 00:30:12,419

to get buried in the UFO reports ever

696

00:30:16,430 --> 00:30:14,280

since Kenneth Arnold had seen his string

697

00:30:20,620 --> 00:30:16,440

of flying saucers flying through the

698

00:30:24,049 --> 00:30:20,630

Cascade Mountains in in June of 1947

699

00:30:26,299 --> 00:30:24,059

UFOs were were on everybody's mind and

700

00:30:28,669 --> 00:30:26,309

the Air Force was getting deluge with

701
00:30:30,500 --> 00:30:28,679
dozens and dozens and dozens of string

702
00:30:33,520 --> 00:30:30,510
and UFO reports from around the country

703
00:30:39,430 --> 00:30:33,530
well they were doing their best to

704
00:30:42,919 --> 00:30:41,740
misidentifications of perfectly ordinary

705
00:30:45,980 --> 00:30:42,929
things

706
00:30:47,720 --> 00:30:45,990
airplanes balloons birds astronomical

707
00:30:48,860 --> 00:30:47,730
objects so and they were they were

708
00:30:52,580 --> 00:30:48,870
pretty good at explaining those

709
00:30:55,760 --> 00:30:52,590
sightings away but they needed a they

710
00:31:00,340 --> 00:30:55,770
need a credible no-nonsense scientific

711
00:31:02,000 --> 00:31:00,350
spokesperson to back them up on this so

712
00:31:05,090 --> 00:31:02,010
Hynek was teaching at a university

713
00:31:07,669 --> 00:31:05,100

literally right up the road and he

714

00:31:08,570 --> 00:31:07,679

already had had some top-secret

715

00:31:11,409 --> 00:31:08,580

government

716

00:31:13,549 --> 00:31:11,419

security clearance so he was a guy who

717

00:31:15,710 --> 00:31:13,559

could be put to work on this project

718

00:31:18,139 --> 00:31:15,720

with a minimum of red tape so the Air

719

00:31:19,730 --> 00:31:18,149

Force guys paid Hynek a visit at Ohio

720

00:31:23,090 --> 00:31:19,740

State one day and said say have you ever

721

00:31:24,110 --> 00:31:23,100

heard of these flying saucers and Hynek

722

00:31:25,460 --> 00:31:24,120

had heard of them and he thought they

723

00:31:28,669 --> 00:31:25,470

were kind of a joke he thought they were

724

00:31:30,649 --> 00:31:28,679

embarrassing and really he thought they

725

00:31:33,519 --> 00:31:30,659

were a fad he believed that this was a

726

00:31:35,899 --> 00:31:33,529

fad that would die out in no time

727

00:31:38,029 --> 00:31:35,909

but they asked him if he would sign on

728

00:31:41,720 --> 00:31:38,039

as a consultant to look over these UFO

729

00:31:43,820 --> 00:31:41,730

reports and and let them know which of

730

00:31:46,789 --> 00:31:43,830

these reports he could write off as

731

00:31:48,710 --> 00:31:46,799

simply a misidentification of an

732

00:31:52,129 --> 00:31:48,720

astronomical body or an astronomical

733

00:31:54,110 --> 00:31:52,139

occurrence so that was his job on what

734

00:31:57,139 --> 00:31:54,120

was then called project sign he was he

735

00:31:58,730 --> 00:31:57,149

was very good at it and he actually kind

736

00:32:01,100 --> 00:31:58,740

of enjoyed debunking all these UFO

737

00:32:03,440 --> 00:32:01,110

reports because as I said he thought it

738

00:32:04,820 --> 00:32:03,450

was a thought it was a fad and I think

739

00:32:07,909 --> 00:32:04,830

he thought that by debunking the Air

740

00:32:10,430 --> 00:32:07,919

Force's reports he could hasten the

741

00:32:12,560 --> 00:32:10,440

demise of this of this fad which was

742

00:32:14,480 --> 00:32:12,570

very much anti science as far as he was

743

00:32:17,299 --> 00:32:14,490

concerned Wow well we have some

744

00:32:20,090 --> 00:32:17,309

questions coming in on the chat room

745

00:32:22,159 --> 00:32:20,100

someone wanted to know if if he ever had

746

00:32:24,590 --> 00:32:22,169

any view on Roswell

747

00:32:27,139 --> 00:32:24,600

now I know Roswell wasn't made much of

748

00:32:29,090 --> 00:32:27,149

at the time basically you know it was

749

00:32:32,600 --> 00:32:29,100

like a two day event and swept under the

750

00:32:34,820 --> 00:32:32,610

rug basically yeah you're right at the

751

00:32:37,159 --> 00:32:34,830

time it really it really was

752

00:32:38,990 --> 00:32:37,169

inconsequential I'll tell you a little

753

00:32:42,230 --> 00:32:39,000

background on that for for your

754

00:32:44,930 --> 00:32:42,240

questioner when I was researching the

755

00:32:48,500 --> 00:32:44,940

book I could not find anything for the

756

00:32:51,620 --> 00:32:48,510

longest time that Hynek ever said or

757

00:32:54,110 --> 00:32:51,630

wrote or thought about the Roswell story

758

00:32:56,690 --> 00:32:54,120

or about any saucer crash story because

759

00:32:58,250 --> 00:32:56,700

of course there are many saucer crash

760

00:33:00,409 --> 00:32:58,260

stories not just the Roswell story

761

00:33:02,600 --> 00:33:00,419

so I was having a hard time finding

762

00:33:04,669 --> 00:33:02,610

anything and at one point I was talking

763

00:33:06,860 --> 00:33:04,679

with mark Roger again the scientific

764

00:33:10,250 --> 00:33:06,870

director of the Hynek Center for UFO

765

00:33:13,070 --> 00:33:10,260

studies and I said you know when I get

766

00:33:15,440 --> 00:33:13,080

to Roswell I don't think I'm gonna

767

00:33:18,039 --> 00:33:15,450

really have much to say about it in this

768

00:33:20,090 --> 00:33:18,049

book and Mark said well you know what

769

00:33:21,890 --> 00:33:20,100

you don't really need to say anything

770

00:33:23,780 --> 00:33:21,900

about Roswell in the book

771

00:33:27,290 --> 00:33:23,790

he said it he said it was really not a

772

00:33:30,350 --> 00:33:27,300

factor in hynek's career or in his

773

00:33:31,580 --> 00:33:30,360

thinking at all and well I thought it

774

00:33:33,800 --> 00:33:31,590

would be a mistake to not mention

775

00:33:36,410 --> 00:33:33,810

Roswell at all that would be kind of

776

00:33:39,290 --> 00:33:36,420

hard hard to do in a book that is

777

00:33:41,120 --> 00:33:39,300

focusing on the history of UFOs so there

778

00:33:43,220 --> 00:33:41,130

is a short segment in the book about

779

00:33:47,600 --> 00:33:43,230

Roswell but Hynek made it very clear in

780

00:33:49,670 --> 00:33:47,610

several interviews that he was extremely

781

00:33:51,860 --> 00:33:49,680

uncomfortable with saucer crash stories

782

00:33:55,040 --> 00:33:51,870

and and the big big reason for that was

783

00:33:58,100 --> 00:33:55,050

if you start talking about a flying

784

00:34:01,130 --> 00:33:58,110

saucer crash landing and leaving behind

785

00:34:04,670 --> 00:34:01,140

a debris field leaving behind wreckage

786

00:34:08,810 --> 00:34:04,680

then what you're actually saying is that

787

00:34:12,440 --> 00:34:08,820

object was a physical manufactured

788

00:34:14,540 --> 00:34:12,450

object and Hynek was absolutely not into

789

00:34:17,090 --> 00:34:14,550

that idea at all that nuts and bolts

790

00:34:20,570 --> 00:34:17,100

theory Hynek stayed as far away from

791

00:34:22,669 --> 00:34:20,580

that as he possibly could so so Hynek

792

00:34:24,710 --> 00:34:22,679

just Hynek did a really good job of

793

00:34:27,139 --> 00:34:24,720

keeping his hands clean where where

794

00:34:28,700 --> 00:34:27,149

Roswell was concerned and again that

795

00:34:30,710 --> 00:34:28,710

applies to pretty much every saucer

796

00:34:32,000 --> 00:34:30,720

crash story Hynek just didn't want to

797

00:34:35,510 --> 00:34:32,010

have anything and that goes all the way

798

00:34:38,750 --> 00:34:35,520

to the end of his life he we felt that

799

00:34:42,800 --> 00:34:38,760

way yeah how about that yeah now had he

800

00:34:45,530 --> 00:34:42,810

ever had a sighting himself yes I'm so

801
00:34:47,360 --> 00:34:45,540
glad you asked that because I have to

802
00:34:49,159 --> 00:34:47,370
tell you Martin I kind of I kind of

803
00:34:53,270 --> 00:34:49,169
laugh at myself now but I was almost

804
00:34:55,430 --> 00:34:53,280
completely done writing the book before

805
00:34:56,419 --> 00:34:55,440
that question even occurred to me and I

806
00:34:59,060 --> 00:34:56,429
thought wait a minute

807
00:35:01,220 --> 00:34:59,070
well I need to find out if Hynek ever

808
00:35:02,570 --> 00:35:01,230
saw any UFOs himself and it turns out he

809
00:35:04,670 --> 00:35:02,580
had he had had two different UFO

810
00:35:09,200 --> 00:35:04,680
sightings I can't remember the dates

811
00:35:11,390 --> 00:35:09,210
offhand but he had seen a UFO out of the

812
00:35:13,820 --> 00:35:11,400
window of a commercial airliner one time

813
00:35:15,890 --> 00:35:13,830

one I believe was a night flight and he

814

00:35:18,790 --> 00:35:15,900

did take some pictures of it but as is

815

00:35:21,050 --> 00:35:18,800

so often the case with UFO pictures

816

00:35:23,030 --> 00:35:21,060

taken at the spur of the moment you

817

00:35:26,240 --> 00:35:23,040

can't really tell a whole lot from the

818

00:35:29,060 --> 00:35:26,250

image on the film so he saw the UFO from

819

00:35:31,640 --> 00:35:29,070

the airplane and then years later he was

820

00:35:35,450 --> 00:35:31,650

at his family's vacation cottage in

821

00:35:35,840 --> 00:35:35,460

Ontario Canada which is a very remote

822

00:35:39,440 --> 00:35:35,850

look

823

00:35:43,160 --> 00:35:39,450

a cabin built on a lake in in the deep

824

00:35:46,430 --> 00:35:43,170

deep North Woods of Ontario and he saw

825

00:35:50,900 --> 00:35:46,440

something one day over the over the lake

826

00:35:52,460 --> 00:35:50,910

that where his cabin was built and he

827

00:35:53,540 --> 00:35:52,470

had no phone at the cabin so there

828

00:35:55,010 --> 00:35:53,550

wasn't really a whole lot he could do

829

00:35:58,220 --> 00:35:55,020

about it they were very very isolated

830

00:36:01,730 --> 00:35:58,230

but when he had a chance he did contact

831

00:36:03,460 --> 00:36:01,740

someone at the Canadian Air Force or Air

832

00:36:06,110 --> 00:36:03,470

Ministry I'm not sure what they call it

833

00:36:07,880 --> 00:36:06,120

and he gave them the details of his

834

00:36:10,070 --> 00:36:07,890

sighting the day at the time the you

835

00:36:12,800 --> 00:36:10,080

know latitude and longitude and said you

836

00:36:14,300 --> 00:36:12,810

know did anybody else report this and he

837

00:36:15,890 --> 00:36:14,310

he came up empty-handed

838

00:36:18,470 --> 00:36:15,900

there there were no other reports that

839

00:36:22,730 --> 00:36:18,480

he was ever able to find so so he saw

840

00:36:24,620 --> 00:36:22,740

two UFOs but they were both seen very

841

00:36:27,110 --> 00:36:24,630

far away so he couldn't count them as

842

00:36:29,630 --> 00:36:27,120

Close Encounters so there was there was

843

00:36:31,160 --> 00:36:29,640

no real wow factor to his UFO sightings

844

00:36:36,350 --> 00:36:31,170

I'll say Wow

845

00:36:38,600 --> 00:36:36,360

confessed and I quote him in the book

846

00:36:40,820 --> 00:36:38,610

that he was he was rather disappointed

847

00:36:42,380 --> 00:36:40,830

he felt rather left now about them that

848

00:36:44,150 --> 00:36:42,390

he had that he hadn't had a clue well

849

00:36:45,260 --> 00:36:44,160

blue sky asked that question in the chat

850

00:36:50,870 --> 00:36:45,270

room and I thought that was a good

851

00:36:55,010 --> 00:36:50,880

question to ask so he was such an

852

00:36:56,300 --> 00:36:55,020

interesting man and he also came up with

853

00:36:58,130 --> 00:36:56,310

for the person that doesn't know this

854

00:37:00,830 --> 00:36:58,140

he's the one that came up with the term

855

00:37:02,600 --> 00:37:00,840

of the different Encounters Close

856

00:37:06,620 --> 00:37:02,610

Encounters of the first kind second

857

00:37:08,510 --> 00:37:06,630

third kind fourth kind and was that is

858

00:37:12,700 --> 00:37:08,520

that something he actually coined how

859

00:37:19,100 --> 00:37:15,890

yeah was it was part of a long process

860

00:37:23,210 --> 00:37:19,110

with him he actually started to think in

861

00:37:25,910 --> 00:37:23,220

terms of categorizing UFO events in the

862

00:37:28,510 --> 00:37:25,920

late 1960s when the Condon committee at

863

00:37:31,430 --> 00:37:28,520

the University of Colorado had

864

00:37:33,470 --> 00:37:31,440

essentially taken over all UFO research

865

00:37:35,870 --> 00:37:33,480

the US government while the time during

866

00:37:39,590 --> 00:37:35,880

the during the time that they were that

867

00:37:41,210 --> 00:37:39,600

they were in in in existence and during

868

00:37:42,320 --> 00:37:41,220

that time Hynek wrote he actually wrote

869

00:37:45,950 --> 00:37:42,330

an article that appeared in Playboy

870

00:37:47,780 --> 00:37:45,960

magazine in 1967 and in that article he

871

00:37:49,700 --> 00:37:47,790

started formulating his ideas for

872

00:37:52,300 --> 00:37:49,710

classifying UFO events

873

00:37:56,120 --> 00:37:52,310

that he was hoping that the Colorado

874

00:37:58,220 --> 00:37:56,130

committee people would adopt he thought

875

00:38:00,740 --> 00:37:58,230

maybe once maybe somebody on the on the

876

00:38:03,200 --> 00:38:00,750

committee would replay a book and see

877

00:38:05,810 --> 00:38:03,210

his ID is there so at that early stage

878

00:38:09,140 --> 00:38:05,820

his idea was simply to isolate cases

879

00:38:13,550 --> 00:38:09,150

that had a high strangeness factor which

880

00:38:16,700 --> 00:38:13,560

means anything that doesn't really

881

00:38:21,200 --> 00:38:16,710

comport with the known laws of nature

882

00:38:22,849 --> 00:38:21,210

and physics and also cases that had a

883

00:38:25,010 --> 00:38:22,859

high credibility factor for the

884

00:38:27,560 --> 00:38:25,020

witnesses which basically you know goes

885

00:38:32,270 --> 00:38:27,570

into the witness's social standing their

886

00:38:35,780 --> 00:38:32,280

state my into their education you know

887

00:38:38,720 --> 00:38:35,790

all the factors so Hynek put isolate

888

00:38:40,970 --> 00:38:38,730

these case strangeness factor with high

889

00:38:42,829 --> 00:38:40,980

credibility witnesses and start looking

890

00:38:45,470 --> 00:38:42,839

for patterns among those sightings that

891

00:38:49,430 --> 00:38:45,480

might be a way into at least starting to

892

00:38:50,870 --> 00:38:49,440

understand the UFO phenomenon well the

893

00:38:52,849 --> 00:38:50,880

common committee did not adopt those

894

00:38:55,339 --> 00:38:52,859

ideas in the end but Hynek kept going

895

00:38:59,300 --> 00:38:55,349

with his thinking and eventually he sort

896

00:39:03,380 --> 00:38:59,310

of expanded things to a system that he

897

00:39:04,970 --> 00:39:03,390

he really first wrote about of the 1972

898

00:39:06,290 --> 00:39:04,980

book the UFO experience which which

899

00:39:09,740 --> 00:39:06,300

everyone should read it's a great great

900

00:39:13,420 --> 00:39:09,750

book and he had actually two systems of

901
00:39:15,950 --> 00:39:13,430
three categories each the first one was

902
00:39:18,380 --> 00:39:15,960
general categorizations of UFO sightings

903
00:39:23,359 --> 00:39:18,390
that would include number one daylight

904
00:39:25,849 --> 00:39:23,369
did number two meandering nocturnal

905
00:39:28,040 --> 00:39:25,859
lights and number three visual radar

906
00:39:29,570 --> 00:39:28,050
sightings he was most interested in the

907
00:39:30,770 --> 00:39:29,580
visual radar sightings because he felt

908
00:39:33,230 --> 00:39:30,780
that those have the most scientific

909
00:39:34,910 --> 00:39:33,240
value so on top of those three

910
00:39:37,370 --> 00:39:34,920
categories then he went a step further

911
00:39:39,859 --> 00:39:37,380
and develop a three close encounter

912
00:39:43,960 --> 00:39:39,869
categories in closest encounter number

913
00:39:46,099 --> 00:39:43,970

one was visual contact with the UFO

914

00:39:47,150 --> 00:39:46,109

within about five hundred yards he

915

00:39:49,849 --> 00:39:47,160

thought that was close enough so that

916

00:39:55,430 --> 00:39:49,859

the witness could make out physical

917

00:39:56,990 --> 00:39:55,440

details saw eyes she outlined things

918

00:39:59,120 --> 00:39:57,000

things of that nature

919

00:40:02,480 --> 00:39:59,130

close encounter number two involved

920

00:40:03,559 --> 00:40:02,490

physical evidence so in this case a ce2

921

00:40:07,880 --> 00:40:03,569

ka

922

00:40:10,880 --> 00:40:07,890

involve a UFO leaving behind say landing

923

00:40:15,259 --> 00:40:10,890

pad imprints or or scorched grass where

924

00:40:16,489 --> 00:40:15,269

a UFO was seen to have landed possibly

925

00:40:17,150 --> 00:40:16,499

some physical effects among the

926

00:40:19,130 --> 00:40:17,160

witnesses

927

00:40:21,079 --> 00:40:19,140

you know retinal burns or sunburns or

928

00:40:22,579 --> 00:40:21,089

thinking it's like that all of those

929

00:40:25,219 --> 00:40:22,589

things have been they've been reported

930

00:40:27,709 --> 00:40:25,229

or one of my favorites making cars stall

931

00:40:31,189 --> 00:40:27,719

out and their headlights no dead so

932

00:40:35,269 --> 00:40:31,199

close encounter of the Third Kind the

933

00:40:37,009 --> 00:40:35,279

big one involves of course UFO occupants

934

00:40:38,599 --> 00:40:37,019

entities that are associated with the

935

00:40:41,839 --> 00:40:38,609

UFO and either come out of the UFO or

936

00:40:44,029 --> 00:40:41,849

are seen close to the UFO and in those

937

00:40:46,759 --> 00:40:44,039

cases of course the witnesses sometimes

938

00:40:47,930 --> 00:40:46,769

they merely see these entities from a

939

00:40:52,249 --> 00:40:47,940
distance sometimes they actually

940

00:40:53,420 --> 00:40:52,259
interact with the entities so you've got

941

00:40:54,949 --> 00:40:53,430
so and then you've got those six

942

00:40:57,349 --> 00:40:54,959
categories and of course they overlapped

943

00:41:00,289 --> 00:40:57,359
something that began as as a simple

944

00:41:02,959 --> 00:41:00,299
daylight disc could come within 500

945

00:41:05,769 --> 00:41:02,969
yards of you and suddenly become a close

946

00:41:08,390 --> 00:41:05,779
encounter case so that's how Hynek

947

00:41:10,160 --> 00:41:08,400
systematized I think that's a word

948

00:41:12,920 --> 00:41:10,170
that's how that's how Hynek organized

949

00:41:15,079 --> 00:41:12,930
his thinking and because he just

950

00:41:17,120 --> 00:41:15,089
believed that you know as with all

951
00:41:20,299 --> 00:41:17,130
scientific data if you can categorize it

952
00:41:21,680 --> 00:41:20,309
and start seeing patterns that is the

953
00:41:22,549 --> 00:41:21,690
best way to start to understand them

954
00:41:25,549 --> 00:41:22,559
yeah yeah

955
00:41:30,469 --> 00:41:25,559
did he as far as you know did he ever

956
00:41:32,150 --> 00:41:30,479
think that he was going to be alive long

957
00:41:33,979 --> 00:41:32,160
enough to find out what was going on

958
00:41:39,680 --> 00:41:33,989
like we all do

959
00:41:43,180 --> 00:41:39,690
I love that question I think I think he

960
00:41:46,219 --> 00:41:43,190
was like a lot of us yes yes I think he

961
00:41:48,319 --> 00:41:46,229
starting out I think he really believed

962
00:41:50,269 --> 00:41:48,329
that it would be possible for us to to

963
00:41:51,529 --> 00:41:50,279

solve the mystery to answer all the

964

00:41:55,249 --> 00:41:51,539

questions we have about what these

965

00:41:58,459 --> 00:41:55,259

objects are I think later in life you

966

00:42:00,199 --> 00:41:58,469

know his hopes dimmed a little there's a

967

00:42:02,900 --> 00:42:00,209

lot in my book about that when he ended

968

00:42:05,089 --> 00:42:02,910

up leaving Chicago and moving to Arizona

969

00:42:08,689 --> 00:42:05,099

when he thought that he had financial

970

00:42:12,640 --> 00:42:08,699

backing to form a really world-class UFO

971

00:42:15,709 --> 00:42:12,650

research center in Scottsdale there's

972

00:42:17,329 --> 00:42:15,719

and then and then that fell by the

973

00:42:20,870 --> 00:42:17,339

wayside for a lot of complicated

974

00:42:24,289 --> 00:42:20,880

reasons so yeah towards the end I think

975

00:42:25,880 --> 00:42:24,299

Hynek I think kinda kinda lost faith

976

00:42:27,380 --> 00:42:25,890

that we would ever understand the

977

00:42:30,170 --> 00:42:27,390

problem but here's the interesting twist

978

00:42:32,809 --> 00:42:30,180

to that I also think just from my

979

00:42:34,279 --> 00:42:32,819

readings of his final interviews and his

980

00:42:36,410 --> 00:42:34,289

final talks with friends and his final

981

00:42:39,109 --> 00:42:36,420

writings I think that he was actually

982

00:42:42,859 --> 00:42:39,119

okay with that I think he actually was

983

00:42:44,420 --> 00:42:42,869

starting to think that as I say in the

984

00:42:46,279 --> 00:42:44,430

book some mysteries are meant to be

985

00:42:48,469 --> 00:42:46,289

savored and not necessarily solved

986

00:42:54,410 --> 00:42:48,479

I think I think he reached a point where

987

00:42:56,959 --> 00:42:54,420

he was okay with not knowing as long as

988

00:42:59,479 --> 00:42:56,969

we kept trying to find out what else I

989

00:43:02,959 --> 00:42:59,489

think that's all we can all help for you

990

00:43:06,259 --> 00:43:02,969

know I mean I I don't have any it goes

991

00:43:09,969 --> 00:43:06,269

back to I watched a documentary in the

992

00:43:13,609 --> 00:43:09,979

early UFO documentaries like the 60s and

993

00:43:15,769 --> 00:43:13,619

there was a an older guy in that and he

994

00:43:17,989 --> 00:43:15,779

was saying you know I think we'll find

995

00:43:20,809 --> 00:43:17,999

out in my lifetime he said that I'm

996

00:43:22,670 --> 00:43:20,819

thinking this guy's long gone so it kind

997

00:43:25,190 --> 00:43:22,680

of made me think about the whole topic

998

00:43:27,799 --> 00:43:25,200

in that in that way and think hey you

999

00:43:30,229 --> 00:43:27,809

know I'll probably never know it's it is

1000

00:43:33,079 --> 00:43:30,239

interesting to explore the topic that's

1001
00:43:36,370 --> 00:43:33,089
why I love you know doing this show we

1002
00:43:39,650 --> 00:43:36,380
have a question in the forum for you

1003
00:43:42,319 --> 00:43:39,660
from Kerry and that question is as Alan

1004
00:43:44,630 --> 00:43:42,329
Hynek was an astronomer how did his

1005
00:43:47,390 --> 00:43:44,640
peers and astronomy regard him with his

1006
00:43:50,599 --> 00:43:47,400
UFO research especially when his opinion

1007
00:43:56,289 --> 00:43:50,609
changed about his belief in UFOs in

1008
00:44:00,069 --> 00:43:56,299
later years a very loaded question

1009
00:44:02,479 --> 00:44:00,079
that's a complicated one hi annex i

1010
00:44:05,779 --> 00:44:02,489
annex relations with his fellow

1011
00:44:10,430 --> 00:44:05,789
scientists were sometimes very troubled

1012
00:44:11,719 --> 00:44:10,440
sometimes very very negative and he

1013
00:44:13,430 --> 00:44:11,729

didn't always make a whole lot of

1014

00:44:14,900 --> 00:44:13,440

friends in the scientific community and

1015

00:44:17,900 --> 00:44:14,910

of course you know some immediate names

1016

00:44:19,670 --> 00:44:17,910

pop up Donald Menzel who was one of the

1017

00:44:23,089 --> 00:44:19,680

directors of the Harvard Observatory he

1018

00:44:24,890 --> 00:44:23,099

was he was an astronomy superstar and he

1019

00:44:27,170 --> 00:44:24,900

hated you of focused and everything to

1020

00:44:30,289 --> 00:44:27,180

do with them so he he was a thorn in

1021

00:44:31,560 --> 00:44:30,299

hynek's side for many many years dr.

1022

00:44:34,320 --> 00:44:31,570

James

1023

00:44:36,320 --> 00:44:34,330

at the University of Arizona became a

1024

00:44:39,329 --> 00:44:36,330

UFO believer and just and just um

1025

00:44:41,160 --> 00:44:39,339

visited Hynek once and just pounded on

1026
00:44:42,540 --> 00:44:41,170
his desk and said damn it Alan why have

1027
00:44:44,609 --> 00:44:42,550
you been sitting on all this good data

1028
00:44:48,720 --> 00:44:44,619
and not sharing it with the rest of the

1029
00:44:52,849 --> 00:44:48,730
world so he had he had issues with

1030
00:44:54,990 --> 00:44:52,859
fellow astronomers but on the flipside

1031
00:44:57,599 --> 00:44:55,000
sometimes he had some very surprising

1032
00:45:00,450 --> 00:44:57,609
allies in the scientific world when he

1033
00:45:02,089 --> 00:45:00,460
got into the late 60s early 70s after he

1034
00:45:06,540 --> 00:45:02,099
had stopped working for the Air Force

1035
00:45:08,550 --> 00:45:06,550
when he could sort of become he could be

1036
00:45:13,140 --> 00:45:08,560
he could become more flexible and

1037
00:45:15,690 --> 00:45:13,150
actually more free in how he started the

1038
00:45:18,109 --> 00:45:15,700

UFO phenomena and once he was dising it

1039

00:45:22,920 --> 00:45:18,119

he actually started to gather around him

1040

00:45:25,020 --> 00:45:22,930

this loose association and they ended up

1041

00:45:27,030 --> 00:45:25,030

big college it's a loose Association of

1042

00:45:29,880 --> 00:45:27,040

scientists and some pretty heavy hitters

1043

00:45:34,530 --> 00:45:29,890

in the world of science and academia who

1044

00:45:37,170 --> 00:45:34,540

were willing I think to do it doesn't

1045

00:45:39,210 --> 00:45:37,180

mean that they believed this that or the

1046

00:45:41,579 --> 00:45:39,220

other thing about the UFO phenomenon but

1047

00:45:44,190 --> 00:45:41,589

it meant that they were they agreed with

1048

00:45:46,260 --> 00:45:44,200

Hynek that this subject was interesting

1049

00:45:49,560 --> 00:45:46,270

enough and had a level of reality to it

1050

00:45:52,560 --> 00:45:49,570

that made it worthy of serious

1051

00:45:54,900 --> 00:45:52,570

scientific study so so for every

1052

00:45:57,990 --> 00:45:54,910

scientist who Hynek had a really bad

1053

00:46:01,040 --> 00:45:58,000

horrible relationship there were there

1054

00:46:03,870 --> 00:46:01,050

was another scientist who who kind of

1055

00:46:06,240 --> 00:46:03,880

believed in what Hynek was doing and

1056

00:46:08,280 --> 00:46:06,250

wanted to join forces with him so that's

1057

00:46:09,780 --> 00:46:08,290

kind of a very heartening part of the

1058

00:46:11,790 --> 00:46:09,790

story that there there was always

1059

00:46:13,260 --> 00:46:11,800

somebody listening to Hynek even when he

1060

00:46:15,599 --> 00:46:13,270

thought nobody was listening to uh

1061

00:46:18,660 --> 00:46:15,609

talking with Stan Friedman a while ago

1062

00:46:21,120 --> 00:46:18,670

he mentioned that Donald Menzel actually

1063

00:46:23,160 --> 00:46:21,130

had a CIA connection he was uncovered

1064

00:46:25,200 --> 00:46:23,170

you know he had a high security

1065

00:46:28,680 --> 00:46:25,210

clearance and so there was a that's kind

1066

00:46:33,300 --> 00:46:28,690

of a mystery you know why he was so

1067

00:46:35,520 --> 00:46:33,310

adamant against the UFO topic well

1068

00:46:38,640 --> 00:46:35,530

especially since Donald Menzel had

1069

00:46:40,470 --> 00:46:38,650

actually seen her fo really as as head

1070

00:46:43,410 --> 00:46:40,480

James McDonald yeah

1071

00:46:45,359 --> 00:46:43,420

how about that yeah it's weird yeah they

1072

00:46:47,099 --> 00:46:45,369

Donald Menzel I you I could probably

1073

00:46:48,900 --> 00:46:47,109

write a book about him he's kind of a

1074

00:46:51,359 --> 00:46:48,910

mystery man there there are a lot of

1075

00:46:53,069 --> 00:46:51,369

parts to that guy's story that really

1076

00:46:55,950 --> 00:46:53,079

don't seem to fit together very well

1077

00:46:59,609 --> 00:46:55,960

interesting your next book you heard it

1078

00:47:01,980 --> 00:46:59,619

all here folks yeah um you know we

1079

00:47:04,140 --> 00:47:01,990

having a little bit of a Skype I I have

1080

00:47:06,060 --> 00:47:04,150

a couple I have a couple ideas oh well

1081

00:47:08,970 --> 00:47:06,070

are you serious so go ahead and talk

1082

00:47:14,450 --> 00:47:08,980

about it if you would oh I was just

1083

00:47:17,370 --> 00:47:14,460

gonna say I have a couple of my idea is

1084

00:47:20,069 --> 00:47:17,380

but we're still so devolved in in

1085

00:47:22,410 --> 00:47:20,079

promoting this book and spreading the

1086

00:47:24,329 --> 00:47:22,420

word that I'm not even I'm not close to

1087

00:47:26,370 --> 00:47:24,339

starting work on a second book but but I

1088

00:47:28,560 --> 00:47:26,380

have some ideas percolating and they're

1089

00:47:30,180 --> 00:47:28,570

not all UFO really okay so I'll be

1090

00:47:33,089 --> 00:47:30,190

honest no problem hey can you turn off

1091

00:47:35,190 --> 00:47:33,099

the camera on your skype we having some

1092

00:47:37,079 --> 00:47:35,200

Skype issues and I'm hoping that that

1093

00:47:39,660 --> 00:47:37,089

will solve it you know perhaps yeah just

1094

00:47:41,250 --> 00:47:39,670

that's perfect right there that's fine

1095

00:47:43,349 --> 00:47:41,260

so we'll go this we'll go this way a

1096

00:47:44,370 --> 00:47:43,359

while and see if if it doesn't sound any

1097

00:47:46,190 --> 00:47:44,380

better than you can turn your camera

1098

00:47:49,589 --> 00:47:46,200

back on but we'll go this way for now

1099

00:47:53,160 --> 00:47:49,599

yeah so let me just see if we have any

1100

00:47:55,680 --> 00:47:53,170

questions up in in chat there's probably

1101
00:47:58,579 --> 00:47:55,690
some I'll have to scroll back now when

1102
00:48:03,150 --> 00:47:58,589
you're when you were doing this research

1103
00:48:04,980 --> 00:48:03,160
for the book what was the I guess what

1104
00:48:06,540 --> 00:48:04,990
I'd like to ask you is what was some of

1105
00:48:09,870 --> 00:48:06,550
the things you uncovered that you had no

1106
00:48:11,790 --> 00:48:09,880
idea about about hi Nick was anything

1107
00:48:17,010 --> 00:48:11,800
like that that you just said wow this is

1108
00:48:18,480 --> 00:48:17,020
really interesting oh yeah there were

1109
00:48:21,450 --> 00:48:18,490
there were a number of moments like that

1110
00:48:22,890 --> 00:48:21,460
one of the first was I've already told

1111
00:48:26,730 --> 00:48:22,900
you the story of how I would visit the

1112
00:48:29,670 --> 00:48:26,740
Koufos archives in Chicago and and dig

1113
00:48:33,000 --> 00:48:29,680

into their files in their bookshelves so

1114

00:48:35,280 --> 00:48:33,010

when I started officially working on the

1115

00:48:38,970 --> 00:48:35,290

book that was where I spent a lot of my

1116

00:48:41,370 --> 00:48:38,980

time eventually I started to visit the

1117

00:48:43,800 --> 00:48:41,380

archives across town in Evanston

1118

00:48:45,079 --> 00:48:43,810

Illinois at the Northwestern University

1119

00:48:47,609 --> 00:48:45,089

Library

1120

00:48:49,050 --> 00:48:47,619

Hynek had taught astronomy had been

1121

00:48:51,030 --> 00:48:49,060

chairman of the Astronomy Department for

1122

00:48:53,010 --> 00:48:51,040

many years we had he had taught out

1123

00:48:54,420 --> 00:48:53,020

there for almost a quarter of a century

1124

00:48:59,370 --> 00:48:54,430

very very long

1125

00:49:01,980 --> 00:48:59,380

and happy career there and northwestern

1126

00:49:05,549 --> 00:49:01,990

has a huge huge collection of hynek's

1127

00:49:07,980 --> 00:49:05,559

work papers in correspondence and news

1128

00:49:11,490 --> 00:49:07,990

clippings and all sorts of treasures so

1129

00:49:15,690 --> 00:49:11,500

the one of the first big surprises for

1130

00:49:17,730 --> 00:49:15,700

me was what an amazing career as an

1131

00:49:20,150 --> 00:49:17,740

astronomer he had had and I discovered

1132

00:49:23,220 --> 00:49:20,160

all of that at Northwestern University

1133

00:49:25,920 --> 00:49:23,230

and then later on at the University of

1134

00:49:28,710 --> 00:49:25,930

Chicago which is where high aniket had

1135

00:49:32,400 --> 00:49:28,720

gone to college and gotten his doctorate

1136

00:49:34,260 --> 00:49:32,410

got his PhD in astronomy they also had a

1137

00:49:36,180 --> 00:49:34,270

huge wonderful collection of Hynix

1138

00:49:39,710 --> 00:49:36,190

papers from his the very early years of

1139

00:49:43,470 --> 00:49:39,720

his career so between the you of Chicago

1140

00:49:45,089 --> 00:49:43,480

archives of his early years in the

1141

00:49:48,630 --> 00:49:45,099

northwestern archives of his later years

1142

00:49:55,769 --> 00:49:48,640

I have developed this this amazing

1143

00:49:57,420 --> 00:49:55,779

picture of of a really of a fool II was

1144

00:50:00,960 --> 00:49:57,430

a pioneer in the field of celestial

1145

00:50:04,200 --> 00:50:00,970

imaging I mentioned in the book at least

1146

00:50:06,510 --> 00:50:04,210

once that really without Hynek I don't

1147

00:50:08,430 --> 00:50:06,520

think we would have had that all the

1148

00:50:09,990 --> 00:50:08,440

orbital telescopes we now have including

1149

00:50:14,279 --> 00:50:10,000

the Kepler telescope which is spotting

1150

00:50:16,589 --> 00:50:14,289

all these exoplanets Hynek was it was

1151
00:50:18,329 --> 00:50:16,599
wrecked inspiration for that kind of

1152
00:50:20,370 --> 00:50:18,339
technology he was quite an amazing guy

1153
00:50:22,019 --> 00:50:20,380
he never saw himself as a superstar

1154
00:50:25,789 --> 00:50:22,029
scientist and never really wanted to be

1155
00:50:28,740 --> 00:50:25,799
one but he had some pretty impressive

1156
00:50:30,779 --> 00:50:28,750
contributions to to science to astronomy

1157
00:50:33,990 --> 00:50:30,789
so that was kind of the first big thing

1158
00:50:36,510 --> 00:50:34,000
the second big surprise was that he had

1159
00:50:38,760 --> 00:50:36,520
this really interesting spiritual side

1160
00:50:41,160 --> 00:50:38,770
he wasn't a religious guy at all his son

1161
00:50:42,779 --> 00:50:41,170
Paul told me he said we never had any

1162
00:50:46,980 --> 00:50:42,789
religion in our house we were very

1163
00:50:48,870 --> 00:50:46,990

atypical in that regard but but in his

1164

00:50:51,569 --> 00:50:48,880

young years in high school in college he

1165

00:50:54,839 --> 00:50:51,579

had read a lot of writings of the

1166

00:50:58,680 --> 00:50:54,849

Rosicrucians and a spiritual leader

1167

00:51:01,980 --> 00:50:58,690

named Rudolf Steiner and Hynek was

1168

00:51:03,660 --> 00:51:01,990

really really interested in the topics

1169

00:51:06,809 --> 00:51:03,670

that they talked about and those

1170

00:51:08,100 --> 00:51:06,819

included you know making contact with

1171

00:51:10,290 --> 00:51:08,110

the afterlife

1172

00:51:12,210 --> 00:51:10,300

Rudolf Steiner wrote about something he

1173

00:51:14,430 --> 00:51:12,220

called the supersensible realm which is

1174

00:51:16,920 --> 00:51:14,440

really a fancy name for a parallel

1175

00:51:19,550 --> 00:51:16,930

dimension that he thought existed

1176
00:51:21,900 --> 00:51:19,560
alongside ours and that we could enter

1177
00:51:23,550 --> 00:51:21,910
anytime we wanted to if we could train

1178
00:51:25,440 --> 00:51:23,560
ourselves to those are the kinds of

1179
00:51:27,720 --> 00:51:25,450
ideas that Hynek loved reading about as

1180
00:51:30,120 --> 00:51:27,730
he was growing up and then later in life

1181
00:51:32,370 --> 00:51:30,130
when he was last year of his life or so

1182
00:51:34,080 --> 00:51:32,380
when he was um after you've been

1183
00:51:35,670 --> 00:51:34,090
diagnosed with brain cancer and he was

1184
00:51:39,210 --> 00:51:35,680
and he was in his last month's of his

1185
00:51:41,850 --> 00:51:39,220
life he returned to that spiritual side

1186
00:51:43,590 --> 00:51:41,860
of things again so that was the second

1187
00:51:46,230 --> 00:51:43,600
big big surprise so you've got this guy

1188
00:51:47,880 --> 00:51:46,240

who for me at the outset of this project

1189

00:51:50,610 --> 00:51:47,890

he was purely one-dimensional he was

1190

00:51:52,590 --> 00:51:50,620

this UFO guru well it turns out no he

1191

00:51:55,260 --> 00:51:52,600

was the UFO guy he was the astronomy guy

1192

00:51:58,650 --> 00:51:55,270

and then he was this spiritual guy who

1193

00:52:01,380 --> 00:51:58,660

really fascinated mazing yeah that is

1194

00:52:04,200 --> 00:52:01,390

something and who knows he might be

1195

00:52:06,420 --> 00:52:04,210

right with the dimensions you never know

1196

00:52:09,690 --> 00:52:06,430

there's still a lot of the still a lot

1197

00:52:13,400 --> 00:52:09,700

of speculation of that as far as what

1198

00:52:15,480 --> 00:52:13,410

we're seeing in UFOs and other things

1199

00:52:17,760 --> 00:52:15,490

absolutely and Hynek had a really great

1200

00:52:20,760 --> 00:52:17,770

term for it he called it he called it in

1201
00:52:23,010 --> 00:52:20,770
meta terrestrial he was never he was

1202
00:52:25,680 --> 00:52:23,020
never a real big backer of the

1203
00:52:28,880 --> 00:52:25,690
extra-terrestrial hypothesis but he was

1204
00:52:32,670 --> 00:52:28,890
fascinated by the Mediterra hypothesis

1205
00:52:35,010 --> 00:52:32,680
another question that came up and I

1206
00:52:38,340 --> 00:52:35,020
think I know a little bit of this anyway

1207
00:52:40,290 --> 00:52:38,350
do you know if J Allen Hynek had any

1208
00:52:42,180 --> 00:52:40,300
collaboration with Ray Stanford over the

1209
00:52:45,810 --> 00:52:42,190
Socorro case I know that he was there

1210
00:52:48,660 --> 00:52:45,820
and but I don't know much more about it

1211
00:52:51,950 --> 00:52:48,670
then you know he did show up and he was

1212
00:52:55,020 --> 00:52:51,960
there and Ray met him there and all that

1213
00:52:56,880 --> 00:52:55,030

yeah I did I did have a talk with Ray at

1214

00:53:00,720 --> 00:52:56,890

one point and Ray was kind enough to

1215

00:53:02,490 --> 00:53:00,730

send me his book oh yeah the Socorro

1216

00:53:07,680 --> 00:53:02,500

saucer in the Pentagon yeah aintry I

1217

00:53:09,600 --> 00:53:07,690

think that's the title and yeah it's he

1218

00:53:14,270 --> 00:53:09,610

was he was absolutely on site he was one

1219

00:53:17,970 --> 00:53:14,280

of the first people on site Socorro and

1220

00:53:21,420 --> 00:53:17,980

and he was either Hynek or very close

1221

00:53:23,760 --> 00:53:21,430

very nearby Hynek when Hynek was was

1222

00:53:26,549 --> 00:53:23,770

they're investigating the event the

1223

00:53:29,190 --> 00:53:26,559

impression I get from hynix taken and

1224

00:53:33,240 --> 00:53:29,200

there's quite a bit of documentation on

1225

00:53:35,579 --> 00:53:33,250

the Socorro case the impression I get

1226
00:53:37,770 --> 00:53:35,589
just from from the blue project Bluebook

1227
00:53:41,880 --> 00:53:37,780
file and for material that I found in

1228
00:53:43,440 --> 00:53:41,890
hynek's archives was that he played he

1229
00:53:46,579 --> 00:53:43,450
was playing his cards pretty close to

1230
00:53:50,280 --> 00:53:46,589
his vest I think he sensed immediately

1231
00:53:52,559 --> 00:53:50,290
even before he arrived in New Mexico I

1232
00:53:56,370 --> 00:53:52,569
think Hynek was already thinking that

1233
00:53:58,319 --> 00:53:56,380
this case could be it was a physical

1234
00:54:00,900 --> 00:53:58,329
trace case it was a case that involved a

1235
00:54:03,150 --> 00:54:00,910
craft that apparently left behind

1236
00:54:05,880 --> 00:54:03,160
landing pad imprints and had burned some

1237
00:54:08,190 --> 00:54:05,890
some shrubs on the ground mm-hmm those

1238
00:54:12,480 --> 00:54:08,200

were Hynek's favorite cases so I think I

1239

00:54:15,059 --> 00:54:12,490

think that Hynek kept a lot of what he

1240

00:54:18,210 --> 00:54:15,069

was thinking and seeing from Mr.

1241

00:54:20,280 --> 00:54:18,220

Stanford that's the impression I get I

1242

00:54:23,370 --> 00:54:20,290

don't really have any ironclad you know

1243

00:54:25,950 --> 00:54:23,380

documentation for that but my sand and

1244

00:54:27,960 --> 00:54:25,960

it wasn't just Mr. Sandford my

1245

00:54:31,799 --> 00:54:27,970

impression is a Hynek kept a lot of what

1246

00:54:33,569 --> 00:54:31,809

he was thinking about Socorro to himself

1247

00:54:35,520 --> 00:54:33,579

until he could really figure it out

1248

00:54:39,210 --> 00:54:35,530

because it really was you know it was

1249

00:54:42,390 --> 00:54:39,220

kind of a bombshell case it was the

1250

00:54:44,609 --> 00:54:42,400

witness was amazingly reliable

1251

00:54:48,030 --> 00:54:44,619

incredible it's a traffic cop who you

1252

00:54:50,579 --> 00:54:48,040

know right didn't smoke didn't drink you

1253

00:54:53,579 --> 00:54:50,589

know a very very credible witness a

1254

00:54:56,010 --> 00:54:53,589

close encounter of the Third Kind the

1255

00:54:58,260 --> 00:54:56,020

object was cited very close up

1256

00:55:02,039 --> 00:54:58,270

they were occupants it involved it was

1257

00:55:04,260 --> 00:55:02,049

it was a huge case so we yeah I think

1258

00:55:06,990 --> 00:55:04,270

Hynek um I think Hine it's just kind of

1259

00:55:10,380 --> 00:55:07,000

like I said close to his vest during

1260

00:55:13,640 --> 00:55:10,390

that case because there was a lot going

1261

00:55:18,990 --> 00:55:13,650

on and I think he wanted to be very

1262

00:55:26,579 --> 00:55:19,000

careful about how he shared information

1263

00:55:28,559 --> 00:55:26,589

for me yeah are you able to hear me okay

1264

00:55:30,660 --> 00:55:28,569

yes I hope yeah we're having a bit of

1265

00:55:32,430 --> 00:55:30,670

are you have it can you tell on your

1266

00:55:33,839 --> 00:55:32,440

side I don't want to take up too much

1267

00:55:34,620 --> 00:55:33,849

time in this but are you having some

1268

00:55:38,569 --> 00:55:34,630

inner

1269

00:55:42,120 --> 00:55:39,690

hmm

1270

00:55:45,329 --> 00:55:42,130

no everything looks good on my end

1271

00:55:46,920 --> 00:55:45,339

alright so what I have I have had

1272

00:55:49,319 --> 00:55:46,930

internet troubles over the past few days

1273

00:55:52,200 --> 00:55:49,329

though so I so there may be a problem

1274

00:55:54,210 --> 00:55:52,210

yeah okay I may have to have everything

1275

00:55:56,460 --> 00:55:54,220

looks great don't all right because you

1276

00:56:00,109 --> 00:55:56,470

are fading in now in and out quite a bit

1277

00:56:02,309 --> 00:56:00,119

and and I may have to switch to a

1278

00:56:05,370 --> 00:56:02,319

calling you on the phone if it keeps up

1279

00:56:07,740 --> 00:56:05,380

and in in that case I would like for you

1280

00:56:08,910 --> 00:56:07,750

to type in Skype message just type in

1281

00:56:11,430 --> 00:56:08,920

your phone number and I'll give you a

1282

00:56:18,390 --> 00:56:11,440

buzz back so I'll let you know as we go

1283

00:56:20,910 --> 00:56:18,400

along here sir and so the the case that

1284

00:56:24,480 --> 00:56:20,920

someone asked this real early on in the

1285

00:56:28,230 --> 00:56:24,490

chat the case that changed doctor

1286

00:56:31,499 --> 00:56:28,240

hynek's mind from being someone that was

1287

00:56:33,299 --> 00:56:31,509

to debunk UFOs to someone that hey

1288

00:56:38,910 --> 00:56:33,309

there's really something to this how did

1289

00:56:41,339 --> 00:56:38,920

all that happen it didn't happen all at

1290

00:56:43,440 --> 00:56:41,349

once I think that's that's a common

1291

00:56:46,460 --> 00:56:43,450

misconception that people have is that

1292

00:56:49,680 --> 00:56:46,470

there was some kind of Eureka moment

1293

00:56:53,400 --> 00:56:49,690

when when Hynek just suddenly saw the

1294

00:56:55,680 --> 00:56:53,410

world differently and he completely

1295

00:56:57,359 --> 00:56:55,690

changed his mind if I was it was really

1296

00:57:01,349 --> 00:56:57,369

a gradual something and it began

1297

00:57:03,269 --> 00:57:01,359

surprisingly as early as 1952 back when

1298

00:57:05,430 --> 00:57:03,279

this was all still very very new you got

1299

00:57:07,349 --> 00:57:05,440

better remember the the Kenneth Arnold

1300

00:57:13,249 --> 00:57:07,359

sighting had taken place in the summer

1301
00:57:17,190 --> 00:57:13,259
of 1947 so 1952 oh five years into this

1302
00:57:18,690 --> 00:57:17,200
Hynek is starting to sort of waver as I

1303
00:57:21,299 --> 00:57:18,700
mentioned earlier when he first started

1304
00:57:23,700 --> 00:57:21,309
out with this he thought it was a fad he

1305
00:57:26,069 --> 00:57:23,710
thought it would die out very quickly he

1306
00:57:30,089 --> 00:57:26,079
kind of made fun of it and made fun of

1307
00:57:34,980 --> 00:57:30,099
the people who had spot the D UFOs but

1308
00:57:36,779 --> 00:57:34,990
after five years the Air Force calls him

1309
00:57:38,069 --> 00:57:36,789
back and says hey we still this Hynek

1310
00:57:41,849 --> 00:57:38,079
had left their employ for a couple of

1311
00:57:44,220 --> 00:57:41,859
years so he comes back in 1952 and he

1312
00:57:48,630 --> 00:57:44,230
realizes hey not only has this fad not

1313
00:57:53,039 --> 00:57:48,640

burned itself out but there's a

1314

00:57:55,019 --> 00:57:53,049

remarkable consistency here here go back

1315

00:57:57,210 --> 00:57:55,029

if he if he went back over the previous

1316

00:58:00,650 --> 00:57:57,220

five years of UFO reports that the Air

1317

00:58:03,870 --> 00:58:00,660

Force had amassed there was a very clear

1318

00:58:04,289 --> 00:58:03,880

20% residue of cases that nobody could

1319

00:58:13,099 --> 00:58:04,299

explain

1320

00:58:16,019 --> 00:58:13,109

sort of hung there defi I mean

1321

00:58:19,289 --> 00:58:16,029

explanation and puzzle and so when Hynek

1322

00:58:21,990 --> 00:58:19,299

saw that consistent pattern of 20% year

1323

00:58:25,049 --> 00:58:22,000

after year that's when he started to

1324

00:58:26,400 --> 00:58:25,059

think okay maybe there's some thing that

1325

00:58:28,440 --> 00:58:26,410

I need to be paying attention to here

1326
00:58:31,200 --> 00:58:28,450
maybe I should start looking at things

1327
00:58:33,599 --> 00:58:31,210
differently so that was the start of the

1328
00:58:38,849 --> 00:58:33,609
process it honestly did that prep but

1329
00:58:41,609 --> 00:58:38,859
says was really complete until 14:6 in

1330
00:58:45,120 --> 00:58:41,619
Michigan at the the famous fabulous

1331
00:58:47,809 --> 00:58:45,130
swamp gas case the the Dexter Hills Elsa

1332
00:58:50,759 --> 00:58:47,819
in southern Michigan so it was a it was

1333
00:58:52,710 --> 00:58:50,769
really a 14-year process from Hynek

1334
00:58:55,490 --> 00:58:52,720
first starting to sort of have some

1335
00:58:58,769 --> 00:58:55,500
doubts about what he was doing until he

1336
00:59:00,240 --> 00:58:58,779
you know finally reached a point where

1337
00:59:01,589 --> 00:59:00,250
he decided okay you but I'm gonna fool

1338
00:59:03,269 --> 00:59:01,599

around anymore I'm not gonna I'm not

1339

00:59:05,220 --> 00:59:03,279

gonna carry water for the airforce

1340

00:59:08,490 --> 00:59:05,230

anymore I'm gonna start approaching this

1341

00:59:11,999 --> 00:59:08,500

as a scientific problem Wow interesting

1342

00:59:15,690 --> 00:59:12,009

do you know if he ever had a chance to

1343

00:59:19,289 --> 00:59:15,700

meet Betty and Barney Hill yes he did

1344

00:59:21,509 --> 00:59:19,299

yeah yeah he um yeah in fact that boy

1345

00:59:26,130 --> 00:59:21,519

that was that was such a busy time

1346

00:59:30,749 --> 00:59:26,140

because so Barney and Betty Hills UFO

1347

00:59:33,720 --> 00:59:30,759

abduction took place in 1961 but by the

1348

00:59:37,680 --> 00:59:33,730

time I'm but by the time the hills had

1349

00:59:40,829 --> 00:59:37,690

gone through all the physical maladies

1350

00:59:41,730 --> 00:59:40,839

all their psychological issues resulting

1351
00:59:44,819 --> 00:59:41,740
from that sighting

1352
00:59:47,849 --> 00:59:44,829
which they could not remember by the

1353
00:59:49,440 --> 00:59:47,859
time they ended up going under time

1354
00:59:51,269 --> 00:59:49,450
regression hypnosis to remember what had

1355
00:59:55,279 --> 00:59:51,279
happened to them in the two missing

1356
01:00:01,019 --> 00:59:59,730
we're getting into the 1964 1965 this is

1357
01:00:02,040 --> 01:00:01,029
right around the time of the Socorro

1358
01:00:07,290 --> 01:00:02,050
case that we were just

1359
01:00:10,070 --> 01:00:07,300
the Socorro New Mexico case so UF there

1360
01:00:14,580 --> 01:00:10,080
are there are some really high-profile

1361
01:00:16,590 --> 01:00:14,590
really remarkable and explainable UFO

1362
01:00:18,720 --> 01:00:16,600
cases going on that have really

1363
01:00:22,980 --> 01:00:18,730

captivated the American public in the

1364

01:00:25,380 --> 01:00:22,990

mid in the mid 1960s so Hynek ends up

1365

01:00:26,700 --> 01:00:25,390

meeting Barney and Betty hill in that

1366

01:00:32,010 --> 01:00:26,710

later time frame I can't remember

1367

01:00:34,410 --> 01:00:32,020

exactly 64 65 at the behest of John

1368

01:00:37,710 --> 01:00:34,420

Fuller who had just written you know two

1369

01:00:39,840 --> 01:00:37,720

of the hands down the UFO books ever

1370

01:00:41,700 --> 01:00:39,850

incident at Exeter and the interim the

1371

01:00:44,220 --> 01:00:41,710

journey you know interrupted journey was

1372

01:00:48,390 --> 01:00:44,230

all about Barney and Betty's abduction

1373

01:00:50,580 --> 01:00:48,400

so fuller invites dr. Hynek to have

1374

01:00:53,520 --> 01:00:50,590

dinner with him and doctor her sight but

1375

01:00:56,010 --> 01:00:53,530

dr. Benjamin Simon who had performed the

1376

01:00:57,870 --> 01:00:56,020

time regression hypnosis and Barney and

1377

01:01:00,840 --> 01:00:57,880

Betty Hiller there too so hynek's at

1378

01:01:02,940 --> 01:01:00,850

this amazing dinner party with John

1379

01:01:08,490 --> 01:01:02,950

fuller Benjamin Simon Barney Hill Betty

1380

01:01:12,330 --> 01:01:08,500

hill and the hills agree to go under

1381

01:01:16,680 --> 01:01:12,340

hypnosis while dr. Hynek is there while

1382

01:01:18,660 --> 01:01:16,690

he's there really so so dr. Simon he's

1383

01:01:23,900 --> 01:01:18,670

there yeah this is there this is there

1384

01:01:26,640 --> 01:01:23,910

like after-dinner entertainment so so

1385

01:01:29,160 --> 01:01:26,650

yeah so the hills the hills both go

1386

01:01:32,150 --> 01:01:29,170

under hypnosis and dr. Hynek has a

1387

01:01:36,240 --> 01:01:32,160

chance to question them that's amazing

1388

01:01:40,860 --> 01:01:36,250

it sized and he was he was greatly

1389

01:01:43,380 --> 01:01:40,870

impressed because when he was talking to

1390

01:01:46,680 --> 01:01:43,390

Barney Hill when he got to the part of

1391

01:01:49,020 --> 01:01:46,690

the story where the strange funny men

1392

01:01:56,400 --> 01:01:49,030

approached their car on this lonely road

1393

01:01:58,500 --> 01:01:56,410

and take them out of the car and when he

1394

01:02:01,560 --> 01:01:58,510

got to that part of the story Barney

1395

01:02:03,870 --> 01:02:01,570

Hill just freaked out he was so

1396

01:02:07,440 --> 01:02:03,880

terrified he just could not keep going

1397

01:02:09,360 --> 01:02:07,450

with the story and I don't know a whole

1398

01:02:12,300 --> 01:02:09,370

lot about hypnosis but what I have

1399

01:02:15,900 --> 01:02:12,310

learned from writing this book is that

1400

01:02:19,500 --> 01:02:15,910

that kind of that kind of primal

1401

01:02:22,529 --> 01:02:19,510

terror is impossible to fake under

1402

01:02:27,299 --> 01:02:22,539

hypnosis that that is the general

1403

01:02:33,120 --> 01:02:27,309

opinion of experts on this and Hynek was

1404

01:02:37,170 --> 01:02:33,130

very very much impressed by but Marnie

1405

01:02:39,990 --> 01:02:37,180

Hill displayed when he when he was asked

1406

01:02:43,020 --> 01:02:40,000

to relive that reads so he came away

1407

01:02:44,730 --> 01:02:43,030

thinking and he and he freely admitted

1408

01:02:46,920 --> 01:02:44,740

he did not think much of the Barney and

1409

01:02:49,740 --> 01:02:46,930

Betty Hill abduction case leading up to

1410

01:02:52,890 --> 01:02:49,750

that meeting but after meeting the hills

1411

01:02:55,349 --> 01:02:52,900

and d'etat and questioning them under

1412

01:02:56,760 --> 01:02:55,359

hypnosis he came away very impressed but

1413

01:02:58,710 --> 01:02:56,770

here's the interesting thing about about

1414

01:03:01,049 --> 01:02:58,720

it Martin because Hynek was such a

1415

01:03:02,819 --> 01:03:01,059

scientist and tried so hard to apply

1416

01:03:08,789 --> 01:03:02,829

scientific method to this to the study

1417

01:03:11,400 --> 01:03:08,799

of UFOs his his stumbling block with

1418

01:03:13,470 --> 01:03:11,410

with the book Barney and Betty Hill the

1419

01:03:15,420 --> 01:03:13,480

case even at this point when he after he

1420

01:03:18,680 --> 01:03:15,430

had questioned them his stumbling block

1421

01:03:21,569 --> 01:03:18,690

was not that he thought their story was

1422

01:03:23,549 --> 01:03:21,579

impossible to believe it was the problem

1423

01:03:26,940 --> 01:03:23,559

was that there were no other stories

1424

01:03:29,870 --> 01:03:26,950

like it as a scientist high-necked liked

1425

01:03:33,120 --> 01:03:29,880

to have repeatable results

1426

01:03:35,460 --> 01:03:33,130

he liked to have patterns and

1427

01:03:37,559 --> 01:03:35,470

consistency and there was nothing

1428

01:03:39,779 --> 01:03:37,569

available that would give him that sort

1429

01:03:42,480 --> 01:03:39,789

of level of assurance with Barney and

1430

01:03:44,910 --> 01:03:42,490

Betty Hill because nobody on earth that

1431

01:03:48,000 --> 01:03:44,920

we know of had ever experienced anything

1432

01:03:51,870 --> 01:03:48,010

like that so so he was greatly impressed

1433

01:03:53,910 --> 01:03:51,880

with it so my long answer is he who was

1434

01:03:55,349 --> 01:03:53,920

really impressed with the hill story but

1435

01:03:57,720 --> 01:03:55,359

because he couldn't fit it into any

1436

01:03:59,760 --> 01:03:57,730

pattern he honestly didn't know where to

1437

01:04:03,960 --> 01:03:59,770

go with it he didn't know how to explain

1438

01:04:06,210 --> 01:04:03,970

well so 1975 comes along and then you

1439

01:04:09,839 --> 01:04:06,220

get Travis Walton his incident in

1440

01:04:14,069 --> 01:04:09,849

November 1976 comes along you get the

1441

01:04:16,289 --> 01:04:14,079

allagash abduction and then I'm trying

1442

01:04:21,690 --> 01:04:16,299

to remember when the pass a passing

1443

01:04:24,329 --> 01:04:21,700

McCullough case happened that was up so

1444

01:04:27,240 --> 01:04:24,339

all these things were happening did do

1445

01:04:32,059 --> 01:04:27,250

you know if he had interest in any in

1446

01:04:39,599 --> 01:04:34,559

now yeah well definitely the Pascagoula

1447

01:04:41,099 --> 01:04:39,609

case well okay I guess I can address

1448

01:04:45,809 --> 01:04:41,109

this a couple of ways the Pascagoula

1449

01:04:49,319 --> 01:04:45,819

case took place just after Hynek had

1450

01:04:52,650 --> 01:04:49,329

returned from a trip around the world in

1451

01:04:54,839 --> 01:04:52,660

which she had gone to Australia and

1452

01:04:59,160 --> 01:04:54,849

Papua New Guinea to interview the

1453

01:05:01,170 --> 01:04:59,170

witnesses of the 1959 Fothergill close

1454

01:05:02,460 --> 01:05:01,180

encounter of the third kind case so we

1455

01:05:04,170 --> 01:05:02,470

have to include that case in though I

1456

01:05:06,870 --> 01:05:04,180

love that case though just for

1457

01:05:10,500 --> 01:05:06,880

background oh it's a marvelous story so

1458

01:05:12,900 --> 01:05:10,510

1959 in this very remote village in

1459

01:05:16,410 --> 01:05:12,910

Papua New Guinea an Anglican minister

1460

01:05:17,670 --> 01:05:16,420

named William Gill is is I can't

1461

01:05:20,490 --> 01:05:17,680

remember exactly how it started out who

1462

01:05:22,230 --> 01:05:20,500

saw it first but he finds himself out on

1463

01:05:24,809 --> 01:05:22,240

the beach outside his mission with

1464

01:05:27,000 --> 01:05:24,819

several dozen of the villagers and

1465

01:05:32,400 --> 01:05:27,010

several people from his own staff at the

1466

01:05:34,829 --> 01:05:32,410

mission washing these strange glowing

1467

01:05:36,779 --> 01:05:34,839

objects in this over the ocean I mean

1468

01:05:38,970 --> 01:05:36,789

not far over the ocean very close to the

1469

01:05:40,769 --> 01:05:38,980

beach where they were standing and on

1470

01:05:44,370 --> 01:05:40,779

the largest of the objects it's a

1471

01:05:46,740 --> 01:05:44,380

gigantic disk and it's glowing blue it

1472

01:05:49,079 --> 01:05:46,750

has four legs sticking out of the bottom

1473

01:05:52,230 --> 01:05:49,089

and out of the top is a ray of blue

1474

01:05:54,720 --> 01:05:52,240

light that shoots off into the sky and

1475

01:05:56,220 --> 01:05:54,730

then the top of this saucer is what

1476

01:05:58,829 --> 01:05:56,230

appears to be a deck with a railing

1477

01:06:02,569 --> 01:05:58,839

around it and there are a number of

1478

01:06:06,380 --> 01:06:02,579

figures sometimes three sometimes four

1479

01:06:08,339 --> 01:06:06,390

dark figures seen on top of this saucer

1480

01:06:09,630 --> 01:06:08,349

apparently working on something that's

1481

01:06:11,579 --> 01:06:09,640

hidden from view from the people on the

1482

01:06:14,210 --> 01:06:11,589

beach what's really odd about these

1483

01:06:16,620 --> 01:06:14,220

figures though is that they seem

1484

01:06:20,099 --> 01:06:16,630

exceptionally tall at least seven feet

1485

01:06:22,140 --> 01:06:20,109

tall or more and they are surrounded by

1486

01:06:24,450 --> 01:06:22,150

a blue glow this the there's a blue glow

1487

01:06:28,849 --> 01:06:24,460

surrounding the disc and that blue glow

1488

01:06:31,140 --> 01:06:28,859

also surrounds these these figures so

1489

01:06:32,789 --> 01:06:31,150

father Gill has no idea what to make of

1490

01:06:34,920 --> 01:06:32,799

it but of course he jumps to the

1491

01:06:38,700 --> 01:06:34,930

simplest conclusion he thinks so this

1492

01:06:41,400 --> 01:06:38,710

must be some test vehicle that the

1493

01:06:42,930 --> 01:06:41,410

Americans are working on and they're

1494

01:06:47,130 --> 01:06:42,940

testing it in this remote area

1495

01:06:49,410 --> 01:06:47,140

just to see you know just to see yeah

1496

01:06:53,460 --> 01:06:49,420

well the very next night the same thing

1497

01:06:55,230 --> 01:06:53,470

happens these same in the sky I the same

1498

01:06:57,450 --> 01:06:55,240

disc is present with these with these

1499

01:06:59,339 --> 01:06:57,460

figures working on something on the top

1500

01:07:01,260 --> 01:06:59,349

deck of the disc well this time

1501
01:07:03,359 --> 01:07:01,270
Fothergill and the other people with him

1502
01:07:05,910 --> 01:07:03,369
they're not so sure it's the Americans

1503
01:07:08,630 --> 01:07:05,920
this time there's something extremely

1504
01:07:13,770 --> 01:07:08,640
weird about what they're watching and

1505
01:07:15,900 --> 01:07:13,780
Fothergill waves his arm at the figures

1506
01:07:19,380 --> 01:07:15,910
up above this craft and one of the

1507
01:07:20,910 --> 01:07:19,390
figures waves back well they start

1508
01:07:24,809 --> 01:07:20,920
waving back and forth Fothergill and one

1509
01:07:26,490 --> 01:07:24,819
of his assistants well more of the

1510
01:07:28,380 --> 01:07:26,500
aliens start waving back the humans on

1511
01:07:29,040 --> 01:07:28,390
on the beach start waving with both arms

1512
01:07:31,230 --> 01:07:29,050
overhead

1513
01:07:34,370 --> 01:07:31,240

and the figures on the disk wave back

1514

01:07:37,530 --> 01:07:34,380

with both arms so there's absolutely

1515

01:07:39,180 --> 01:07:37,540

communication going on right there's

1516

01:07:41,400 --> 01:07:39,190

communication going on between the

1517

01:07:44,030 --> 01:07:41,410

witnesses on the beach and these strange

1518

01:07:46,530 --> 01:07:44,040

glowing figures on this on this disc

1519

01:07:48,210 --> 01:07:46,540

well one of the people pulls out a

1520

01:07:50,160 --> 01:07:48,220

flashlight and flashes it at the disc

1521

01:07:52,770 --> 01:07:50,170

and the disc sort of rocks from side to

1522

01:07:55,260 --> 01:07:52,780

side and then it approached just the

1523

01:07:57,859 --> 01:07:55,270

humans on the beach and you'd think they

1524

01:07:59,910 --> 01:07:57,869

would be scared to death but they're not

1525

01:08:02,609 --> 01:07:59,920

strangely enough the humans on the beach

1526

01:08:03,900 --> 01:08:02,619

are excited because oh well good but

1527

01:08:05,280 --> 01:08:03,910

finally we're gonna find out who these

1528

01:08:07,290 --> 01:08:05,290

people are and what they're doing here

1529

01:08:09,240 --> 01:08:07,300

but then the disc doesn't come any

1530

01:08:11,460 --> 01:08:09,250

closer it stops and doesn't come any

1531

01:08:13,710 --> 01:08:11,470

closer so everyone's disappointed and

1532

01:08:15,450 --> 01:08:13,720

and so that's the there's there are more

1533

01:08:17,249 --> 01:08:15,460

details to the story but but that's

1534

01:08:22,410 --> 01:08:17,259

really the heart of the story took place

1535

01:08:24,360 --> 01:08:22,420

in 1959 well 1973 dr. Hynek finally gets

1536

01:08:27,269 --> 01:08:24,370

a chance to visit Australia and Papua

1537

01:08:28,709 --> 01:08:27,279

New Guinea he meets dr. Gil he meets

1538

01:08:30,769 --> 01:08:28,719

several of the residents of the village

1539

01:08:35,189 --> 01:08:30,779

who were also witnesses that night and

1540

01:08:38,039 --> 01:08:35,199

he comes away very impressed by the

1541

01:08:40,289 --> 01:08:38,049

witnesses he says father father Gil is

1542

01:08:41,579 --> 01:08:40,299

you know he's kind of a dream witness

1543

01:08:44,280 --> 01:08:41,589

he's not a guy who's takes two flights

1544

01:08:47,760 --> 01:08:44,290

of fancy he says what he says what he

1545

01:08:49,860 --> 01:08:47,770

means and he means what he says so Hynek

1546

01:08:52,709 --> 01:08:49,870

is coming back from this trip thinking

1547

01:08:54,660 --> 01:08:52,719

what well you know maybe i need to more

1548

01:08:56,250 --> 01:08:54,670

me or be more open-minded about these

1549

01:08:58,140 --> 01:08:56,260

occupant cases

1550

01:09:00,180 --> 01:08:58,150

no sooner does he get back home in the

1551

01:09:02,040 --> 01:09:00,190

in the United States then this

1552

01:09:03,690 --> 01:09:02,050

pascagoula abduction takes place in

1553

01:09:06,780 --> 01:09:03,700

Mississippi with these two fishermen

1554

01:09:09,020 --> 01:09:06,790

Charlie Hickson and Calvin Parker who

1555

01:09:11,670 --> 01:09:09,030

were out fishing one night on appear and

1556

01:09:15,710 --> 01:09:11,680

they get taken aboard this glowing blue

1557

01:09:19,020 --> 01:09:15,720

edge craft by these three strange

1558

01:09:20,970 --> 01:09:19,030

seemingly robotic creatures who examine

1559

01:09:24,450 --> 01:09:20,980

them and then deposit them back on the

1560

01:09:26,250 --> 01:09:24,460

pier before their craft disappears so at

1561

01:09:29,190 --> 01:09:26,260

this point Hynek has already been

1562

01:09:32,340 --> 01:09:29,200

retained by NBC News to help develop a

1563

01:09:36,410 --> 01:09:32,350

news special from the UFO phenomenon so

1564

01:09:39,330 --> 01:09:36,420

NBC actually sends dr. Nick down to

1565

01:09:41,700 --> 01:09:39,340

Mississippi to interview these two guys

1566

01:09:44,730 --> 01:09:41,710

and just like with Barney and Betty Hill

1567

01:09:47,720 --> 01:09:44,740

Hynek is present when a hypnotist Akaya

1568

01:09:52,560 --> 01:09:47,730

triste attempts to put the two witnesses

1569

01:09:54,750 --> 01:09:52,570

under hypnosis and it just doesn't work

1570

01:09:57,450 --> 01:09:54,760

the two men are too terrified to relive

1571

01:09:59,060 --> 01:09:57,460

their experience so once again Hynek

1572

01:10:03,420 --> 01:09:59,070

comes out of this hypnosis section

1573

01:10:06,570 --> 01:10:03,430

session believing that Wow

1574

01:10:07,590 --> 01:10:06,580

I believe that these people experienced

1575

01:10:10,170 --> 01:10:07,600

something real

1576

01:10:13,320 --> 01:10:10,180

I can't say what the nature of this

1577

01:10:15,450 --> 01:10:13,330

event was but I do believe that

1578

01:10:17,400 --> 01:10:15,460

something real happened to these people

1579

01:10:19,050 --> 01:10:17,410

and there's a lot of evidence to back

1580

01:10:22,830 --> 01:10:19,060

that up did the two men these two

1581

01:10:25,820 --> 01:10:22,840

fishermen they they will only one of

1582

01:10:29,640 --> 01:10:25,830

them underwent a polygraph test because

1583

01:10:32,220 --> 01:10:29,650

Calvin Parker unfortunately was was

1584

01:10:35,040 --> 01:10:32,230

institutionalized he had he had a mental

1585

01:10:36,210 --> 01:10:35,050

breakdown shortly after the event so the

1586

01:10:39,150 --> 01:10:36,220

older of the two Charles Hickson

1587

01:10:40,740 --> 01:10:39,160

undergoes a polygraph - yes and the

1588

01:10:43,920 --> 01:10:40,750

polygraph operator says you know what

1589

01:10:46,470 --> 01:10:43,930

I'm not saying he saw a spaceship but

1590

01:10:47,070 --> 01:10:46,480

when he says he saw a spaceship he's not

1591

01:10:51,060 --> 01:10:47,080

lying

1592

01:10:52,350 --> 01:10:51,070

so you know this was a again a very very

1593

01:10:56,880 --> 01:10:52,360

credible case with very credible

1594

01:10:59,340 --> 01:10:56,890

witnesses so huge huge effect and

1595

01:11:01,530 --> 01:10:59,350

hynek's thinking as I said Hynek it was

1596

01:11:03,660 --> 01:11:01,540

always uncomfortable with these occupant

1597

01:11:06,120 --> 01:11:03,670

cases but the Fothergill case and the

1598

01:11:08,580 --> 01:11:06,130

Pascagoula tazed case really challenged

1599

01:11:09,989 --> 01:11:08,590

his thinking you know and he was he was

1600

01:11:12,180 --> 01:11:09,999

an honest enough guy

1601

01:11:15,919 --> 01:11:12,190

he was intellectual intellectually

1602

01:11:19,259 --> 01:11:15,929

honest enough that he would he would

1603

01:11:21,479 --> 01:11:19,269

consider alternative explanations to

1604

01:11:24,299 --> 01:11:21,489

things that he might have you know he

1605

01:11:27,750 --> 01:11:24,309

might have taken in the past so you also

1606

01:11:29,729 --> 01:11:27,760

mentioned the Travis Walton case that

1607

01:11:32,819 --> 01:11:29,739

was a little more problematic I I was

1608

01:11:35,370 --> 01:11:32,829

very very lucky to get a get a hold of a

1609

01:11:37,439 --> 01:11:35,380

couple of audio recordings through the

1610

01:11:38,669 --> 01:11:37,449

courtesy of Michael sorts in California

1611

01:11:41,959 --> 01:11:38,679

Michigan who was like one of the great

1612

01:11:43,799 --> 01:11:41,969

unsung heroes of ufology in my opinion

1613

01:11:46,109 --> 01:11:43,809

Michael gave me access to a whole bunch

1614

01:11:50,250 --> 01:11:46,119

of audio files he had well one of them

1615

01:11:55,169 --> 01:11:50,260

is a speech that dr. Hynek gave to

1616

01:11:57,479 --> 01:11:55,179

believe it or not a hip it's just it's

1617

01:11:58,890 --> 01:11:57,489

convention around 1980 he's talking

1618

01:12:00,270 --> 01:11:58,900

about the Travis Walton case which took

1619

01:12:03,180 --> 01:12:00,280

place in 1975

1620

01:12:05,729 --> 01:12:03,190

again a UFO abduction in Arizona with

1621

01:12:08,279 --> 01:12:05,739

this young man Travis Walton disappeared

1622

01:12:10,739 --> 01:12:08,289

for four and a half days after being

1623

01:12:14,100 --> 01:12:10,749

zapped by a UFO that he and his friends

1624

01:12:17,910 --> 01:12:14,110

saw in the woods so Hynek is giving this

1625

01:12:19,589 --> 01:12:17,920

and this is what I the basis this talk

1626
01:12:21,839 --> 01:12:19,599
behind it gave to the hypnosis was the

1627
01:12:23,850 --> 01:12:21,849
basis of of my analysis of the Walton

1628
01:12:27,270 --> 01:12:23,860
case in my book and I think just

1629
01:12:30,390 --> 01:12:27,280
basically said he had some doubts about

1630
01:12:33,509 --> 01:12:30,400
the story and the problem for him was

1631
01:12:35,729 --> 01:12:33,519
one of the problems was then when Travis

1632
01:12:37,859 --> 01:12:35,739
Walton was under hypnosis and again

1633
01:12:42,660 --> 01:12:37,869
Hynek was there when he was under

1634
01:12:44,009 --> 01:12:42,670
hypnosis he said that mr. Walton didn't

1635
01:12:45,660 --> 01:12:44,019
remember anything new under hypnosis

1636
01:12:48,120 --> 01:12:45,670
that he hadn't already remembered

1637
01:12:50,839 --> 01:12:48,130
consciously so for Hynek that was just

1638
01:12:54,629 --> 01:12:50,849

kind of it didn't mean that Walton was

1639

01:12:57,270 --> 01:12:54,639

lying or fabricating things or imagining

1640

01:12:58,859 --> 01:12:57,280

any things it just meant that it was a

1641

01:13:00,299 --> 01:12:58,869

dead end as far as dr. Hynek was

1642

01:13:04,529 --> 01:13:00,309

concerned he couldn't really go any

1643

01:13:06,149 --> 01:13:04,539

further with it so you know so that was

1644

01:13:10,229 --> 01:13:06,159

one case where Hynek wasn't necessarily

1645

01:13:13,169 --> 01:13:10,239

sold on on the story but i think i can i

1646

01:13:16,049 --> 01:13:13,179

can easily state that over time i'm he

1647

01:13:18,419 --> 01:13:16,059

became much more open-minded about

1648

01:13:21,479 --> 01:13:18,429

occupant cases and abduction cases yeah

1649

01:13:23,819 --> 01:13:21,489

yeah what about the missing time aspect

1650

01:13:25,469 --> 01:13:23,829

of of the

1651

01:13:32,459 --> 01:13:25,479

you hear all the time did he ever have

1652

01:13:34,500 --> 01:13:32,469

any interest in that well in way he did

1653

01:13:37,979 --> 01:13:34,510

yes I think that I think missing time

1654

01:13:42,089 --> 01:13:37,989

things were asked they were aspects of

1655

01:13:43,409 --> 01:13:42,099

UFO reports that in the early days he

1656

01:13:47,000 --> 01:13:43,419

would have had troubles with but in the

1657

01:13:50,009 --> 01:13:47,010

later days of his career when he was

1658

01:13:52,619 --> 01:13:50,019

open speculating about parallel

1659

01:13:54,479 --> 01:13:52,629

dimensions suddenly ideas it's like

1660

01:13:57,779 --> 01:13:54,489

missing time were not nearly so strange

1661

01:14:01,109 --> 01:13:57,789

or threatening just some too too high so

1662

01:14:05,790 --> 01:14:01,119

I it's them I think missing time

1663

01:14:09,299 --> 01:14:05,800

episodes have helped him readjust his

1664

01:14:13,199 --> 01:14:09,309

thinking to think of UFO and this this

1665

01:14:16,310 --> 01:14:13,209

may be a shocker but he really literally

1666

01:14:19,290 --> 01:14:16,320

started thinking of UFO events as

1667

01:14:20,759 --> 01:14:19,300

partially psychological events that

1668

01:14:23,759 --> 01:14:20,769

doesn't mean he thought that people were

1669

01:14:24,629 --> 01:14:23,769

just making things up or diluted or were

1670

01:14:28,129 --> 01:14:24,639

you know suffering from hallucinations

1671

01:14:30,750 --> 01:14:28,139

or delusions what he meant by that was

1672

01:14:35,189 --> 01:14:30,760

because so many UFO encounters seemed to

1673

01:14:39,060 --> 01:14:35,199

have mystical aspects but also seem to

1674

01:14:41,429 --> 01:14:39,070

have distinctly unphysical aspects he

1675

01:14:45,719 --> 01:14:41,439

started to wonder if part of the

1676

01:14:48,629 --> 01:14:45,729

experience was was taking place in the

1677

01:14:49,770 --> 01:14:48,639

witness's mind and that's not just again

1678

01:14:53,699 --> 01:14:49,780

that's not to say that they were

1679

01:14:55,319 --> 01:14:53,709

fabricating it or imagining it or that

1680

01:14:57,869 --> 01:14:55,329

their sensor or that their scent

1681

01:15:01,409 --> 01:14:57,879

sensations were in any way suspect he

1682

01:15:04,500 --> 01:15:01,419

was actually considering that this real

1683

01:15:07,589 --> 01:15:04,510

experience was taking place partly in

1684

01:15:09,119 --> 01:15:07,599

the physical world and partly the

1685

01:15:11,929 --> 01:15:09,129

psychological world and that the

1686

01:15:15,239 --> 01:15:11,939

witnesses were experiencing it both ways

1687

01:15:17,549 --> 01:15:15,249

and if you think of it the way that kind

1688

01:15:20,549 --> 01:15:17,559

of makes sense because flames why it's

1689

01:15:22,619 --> 01:15:20,559

often so difficult for a UFO witness

1690

01:15:25,649 --> 01:15:22,629

who's undergone early extreme experience

1691

01:15:27,779 --> 01:15:25,659

has can have such a hard time explaining

1692

01:15:29,819 --> 01:15:27,789

and describing what happened to them if

1693

01:15:31,859 --> 01:15:29,829

it's something that's partially physical

1694

01:15:33,509 --> 01:15:31,869

and partially psychological how do you

1695

01:15:35,849 --> 01:15:33,519

get a grip on that how do you explain it

1696

01:15:37,500 --> 01:15:35,859

how do you describe it that's that's

1697

01:15:39,990 --> 01:15:37,510

where hynix thinking went towards the

1698

01:15:40,979 --> 01:15:40,000

so I think that's and for me that's one

1699

01:15:43,819 --> 01:15:40,989

of the most exciting and fascinating

1700

01:15:47,129 --> 01:15:43,829

parts of his career was when he started

1701
01:15:49,770 --> 01:15:47,139
to look at things how about that now so

1702
01:15:52,709 --> 01:15:49,780
Rendlesham forest happened a few I mean

1703
01:15:54,689 --> 01:15:52,719
was actually came out a few years you

1704
01:15:58,470 --> 01:15:54,699
know ahead of his death

1705
01:16:01,709 --> 01:15:58,480
was he did he look into that at all or

1706
01:16:07,410 --> 01:16:01,719
was he was he like retired and out of

1707
01:16:10,709 --> 01:16:07,420
sight at that time well he was never

1708
01:16:12,810 --> 01:16:10,719
really retired at out of sight even

1709
01:16:15,779 --> 01:16:12,820
after he moved to Arizona I never came

1710
01:16:18,240 --> 01:16:15,789
across much of anything maybe not

1711
01:16:21,649 --> 01:16:18,250
anything now that I think about it where

1712
01:16:23,759 --> 01:16:21,659
he would have given any thought or or

1713
01:16:25,589 --> 01:16:23,769

consideration to Rendlesham that's not

1714

01:16:27,689 --> 01:16:25,599

to say that he didn't because there's

1715

01:16:29,879 --> 01:16:27,699

actually there's a whole there's a vast

1716

01:16:32,279 --> 01:16:29,889

and I would encourage anybody to look

1717

01:16:34,770 --> 01:16:32,289

into this the Center for UFO studies in

1718

01:16:36,720 --> 01:16:34,780

Chicago still it still exists and you

1719

01:16:40,979 --> 01:16:36,730

can still go to their website Koufos

1720

01:16:44,310 --> 01:16:40,989

comm and you can I'm pretty sure you can

1721

01:16:48,120 --> 01:16:44,320

still order the complete library of KU

1722

01:16:49,649 --> 01:16:48,130

Phocis newsletter the international UFO

1723

01:16:50,250 --> 01:16:49,659

reporter which was published for many

1724

01:16:52,950 --> 01:16:50,260

many years

1725

01:16:55,379 --> 01:16:52,960

J Allen Hynek was the editor of I you

1726

01:16:57,450 --> 01:16:55,389

are for many of those years and he

1727

01:17:00,000 --> 01:16:57,460

contributed many many articles many many

1728

01:17:04,229 --> 01:17:00,010

research articles and opinion articles

1729

01:17:07,520 --> 01:17:04,239

to that publication and I can tell you

1730

01:17:10,560 --> 01:17:07,530

it's such a huge huge huge collection of

1731

01:17:13,589 --> 01:17:10,570

UFO reporting that I have not even come

1732

01:17:15,209 --> 01:17:13,599

close to going through all of it so I am

1733

01:17:16,979 --> 01:17:15,219

gonna I'm gonna give myself a little

1734

01:17:21,120 --> 01:17:16,989

wiggle room here and say that there may

1735

01:17:23,069 --> 01:17:21,130

be some writings or think key things

1736

01:17:24,569 --> 01:17:23,079

about Rendlesham that Hynek may have

1737

01:17:28,350 --> 01:17:24,579

taken up in one of his columns and I you

1738

01:17:30,450 --> 01:17:28,360

are but but it's not something that I

1739

01:17:35,370 --> 01:17:30,460

ever found or writ US that's kind of my

1740

01:17:37,529 --> 01:17:35,380

lame response what do you I wish I could

1741

01:17:38,850 --> 01:17:37,539

be more specific with it like yeah yeah

1742

01:17:41,790 --> 01:17:38,860

there's no problem

1743

01:17:43,470 --> 01:17:41,800

we actually if anyone does want to call

1744

01:17:46,020 --> 01:17:43,480

in that's listening live or you're

1745

01:17:48,660 --> 01:17:46,030

welcome to call in I think we have our

1746

01:17:51,060 --> 01:17:48,670

we had a Skype issue and it I think it

1747

01:17:53,160 --> 01:17:51,070

might be fixed so

1748

01:17:55,140 --> 01:17:53,170

if someone wants to call in as a guinea

1749

01:17:59,730 --> 01:17:55,150

pig and see if we can join you to the

1750

01:18:02,100 --> 01:17:59,740

call you're welcome to call 603 967 403

1751

01:18:07,560 --> 01:18:02,110

o if you're calling from another country

1752

01:18:10,170 --> 01:18:07,570

it's 1 so 1 603 967 403 o or you can

1753

01:18:17,070 --> 01:18:10,180

Skype in at Mardi willis that's ma RT y

1754

01:18:19,770 --> 01:18:17,080

wi ll is so there was one other question

1755

01:18:22,140 --> 01:18:19,780

i just wanted to get to before i forgot

1756

01:18:25,050 --> 01:18:22,150

because i want to ask more about the

1757

01:18:26,610 --> 01:18:25,060

Close Encounters of the Third Kind that

1758

01:18:30,450 --> 01:18:26,620

is coming up with the 40th anniversary

1759

01:18:32,430 --> 01:18:30,460

we can re-release real soon

1760

01:18:34,380 --> 01:18:32,440

do you think of the question in the form

1761

01:18:36,750 --> 01:18:34,390

is do you think the film will influence

1762

01:18:41,910 --> 01:18:36,760

a new generation in interest in the UFO

1763

01:18:44,580 --> 01:18:41,920

subject I sure hope so and I think and I

1764

01:18:50,990 --> 01:18:44,590

think it works both ways I think that I

1765

01:18:56,460 --> 01:18:53,520

going on right now just from you know

1766

01:18:58,680 --> 01:18:56,470

the return of the x-files and you know

1767

01:19:00,480 --> 01:18:58,690

then the numerous cable TV shows dealing

1768

01:19:03,900 --> 01:19:00,490

what with UFO is one way or another I

1769

01:19:07,410 --> 01:19:03,910

think there's already a hunger and a

1770

01:19:09,690 --> 01:19:07,420

demand for more and better UFO

1771

01:19:12,900 --> 01:19:09,700

information so I think that there's an

1772

01:19:15,230 --> 01:19:12,910

audience ready yes I think the audience

1773

01:19:17,730 --> 01:19:15,240

will be influenced by seeing the movie

1774

01:19:19,200 --> 01:19:17,740

many of them for the first time but I

1775

01:19:22,820 --> 01:19:19,210

also think that audience is already kind

1776

01:19:25,650 --> 01:19:22,830

of primed for this sort of experience

1777

01:19:29,310 --> 01:19:25,660

this sort for this sort of like eye

1778

01:19:35,220 --> 01:19:29,320

opening moment so yeah I think it has

1779

01:19:38,130 --> 01:19:35,230

the potential to be if not a danger

1780

01:19:40,260 --> 01:19:38,140

maybe starting to you know just open the

1781

01:19:44,090 --> 01:19:40,270

door a little bit more for people who

1782

01:19:48,290 --> 01:19:44,100

haven't really paid too much to this

1783

01:19:49,680 --> 01:19:48,300

when that movie came out now he was a

1784

01:19:53,820 --> 01:19:49,690

consultant

1785

01:19:56,850 --> 01:19:53,830

how did do you happen to know how that

1786

01:20:01,580 --> 01:19:56,860

connection between him and Steven

1787

01:20:07,920 --> 01:20:06,150

it's a it's a fun story and I at the

1788

01:20:09,090 --> 01:20:07,930

beginning of the story is a little hard

1789

01:20:10,770 --> 01:20:09,100

to get straight because I actually

1790

01:20:12,690 --> 01:20:10,780

interviewed two different people from my

1791

01:20:14,220 --> 01:20:12,700

book and I won't mention their names but

1792

01:20:15,900 --> 01:20:14,230

I interviewed two different people who

1793

01:20:17,880 --> 01:20:15,910

said you know I'm the person who tipped

1794

01:20:21,050 --> 01:20:17,890

Hynek off that Spielberg was using his

1795

01:20:24,030 --> 01:20:21,060

term for the title of his new movie so

1796

01:20:26,790 --> 01:20:24,040

hi Nick hi Nick found out indirectly

1797

01:20:31,170 --> 01:20:26,800

from a friend or from a magazine article

1798

01:20:33,060 --> 01:20:31,180

as he stated he found out that this

1799

01:20:36,390 --> 01:20:33,070

movie director Steven Spielberg was

1800

01:20:38,490 --> 01:20:36,400

making a movie about UFOs and that he

1801
01:20:40,790 --> 01:20:38,500
was calling it Close Encounters of the

1802
01:20:44,520 --> 01:20:40,800
Third Kind well as I mentioned before

1803
01:20:48,030 --> 01:20:44,530
dr. Hynek had introduced that concept in

1804
01:20:50,790 --> 01:20:48,040
that term in his 1972 book the UFO

1805
01:20:52,860 --> 01:20:50,800
experience so a Hynek finds out that

1806
01:20:55,140 --> 01:20:52,870
this term that he invented is being used

1807
01:20:58,500 --> 01:20:55,150
as the title of a movie

1808
01:21:00,600 --> 01:20:58,510
now remember Steven Spielberg in 1976

1809
01:21:04,160 --> 01:21:00,610
was not the superstar he is today

1810
01:21:07,290 --> 01:21:04,170
he had one huge hit under his belt jaws

1811
01:21:08,880 --> 01:21:07,300
he was really going out on a limb making

1812
01:21:10,920 --> 01:21:08,890
a big-budget science fiction movie

1813
01:21:13,250 --> 01:21:10,930

because you know even though Star Wars

1814

01:21:15,750 --> 01:21:13,260

had just came out a few months earlier

1815

01:21:18,690 --> 01:21:15,760

science fiction was not a sure bet in

1816

01:21:20,700 --> 01:21:18,700

movie theaters okay so so that's where

1817

01:21:22,200 --> 01:21:20,710

they're sort of starting from so Hynek

1818

01:21:24,930 --> 01:21:22,210

doesn't really know who this real Berg

1819

01:21:27,000 --> 01:21:24,940

twerp is he just knows that this guy's

1820

01:21:27,900 --> 01:21:27,010

using his title and he's not really

1821

01:21:32,340 --> 01:21:27,910

happy about it

1822

01:21:34,860 --> 01:21:32,350

so honest and that's Lee Martin when I

1823

01:21:38,310 --> 01:21:34,870

started my research in the Koufos files

1824

01:21:40,260 --> 01:21:38,320

I I was looking under the letter S and

1825

01:21:44,070 --> 01:21:40,270

these two folders jumped out at me one

1826
01:21:47,820 --> 01:21:44,080
said Sagan and one set Spielberg and I

1827
01:21:49,800 --> 01:21:47,830
opened the Spielberg folder and there

1828
01:21:52,380 --> 01:21:49,810
were only a couple pages of paper in it

1829
01:21:54,240 --> 01:21:52,390
but the but at the top of the pile was a

1830
01:21:56,630 --> 01:21:54,250
copy of a letter that dr. Hynek had

1831
01:22:01,500 --> 01:21:56,640
written to Steven Spielberg this

1832
01:22:04,620 --> 01:22:01,510
painfully awkward letter saying um I

1833
01:22:07,230 --> 01:22:04,630
understand your new movie is called

1834
01:22:10,290 --> 01:22:07,240
Close Encounters of the Third Kind but

1835
01:22:14,339 --> 01:22:10,300
that's kind of my property we should

1836
01:22:17,089 --> 01:22:14,349
talk it's just this very

1837
01:22:21,169 --> 01:22:17,099
this diplomatically worded letter

1838
01:22:24,029 --> 01:22:21,179

basically saying dude you enough and

1839

01:22:26,989 --> 01:22:24,039

then there is a letter I think it was

1840

01:22:30,209 --> 01:22:26,999

about twelve days later Steven Spielberg

1841

01:22:33,779 --> 01:22:30,219

responded and he said I am so sorry that

1842

01:22:35,909 --> 01:22:33,789

was not my intention he said to be

1843

01:22:37,469 --> 01:22:35,919

honest we're not calling the movie that

1844

01:22:39,270 --> 01:22:37,479

anymore we're calling it watch the skies

1845

01:22:41,669 --> 01:22:39,280

which if you're a science fiction movie

1846

01:22:45,149 --> 01:22:41,679

fan you know that that is the signature

1847

01:22:46,649 --> 01:22:45,159

line and of diet dialog like from the

1848

01:22:50,040 --> 01:22:46,659

net a movie the thing from another world

1849

01:22:52,379 --> 01:22:50,050

so so Spielberg says we're gonna call

1850

01:22:54,929 --> 01:22:52,389

the movie watch the skies we're not

1851
01:22:56,310 --> 01:22:54,939
using your title anymore but Spielberg

1852
01:22:58,319 --> 01:22:56,320
says I do want you to know that your

1853
01:23:00,060 --> 01:22:58,329
book the UFO experience is required

1854
01:23:03,149 --> 01:23:00,070
reading for everybody on my production

1855
01:23:06,810 --> 01:23:03,159
staff because it is such a textbook on

1856
01:23:08,429 --> 01:23:06,820
the UFO phenomenon so so over time

1857
01:23:10,409 --> 01:23:08,439
I'm the two men they worked it all out

1858
01:23:11,790 --> 01:23:10,419
they got over that awkwardness of the

1859
01:23:13,339 --> 01:23:11,800
first couple of letters and they worked

1860
01:23:17,189 --> 01:23:13,349
it all out

1861
01:23:19,369 --> 01:23:17,199
Hynek did actually sell their rights to

1862
01:23:21,810 --> 01:23:19,379
the title to the production company and

1863
01:23:24,899 --> 01:23:21,820

and not just the title of the book but

1864

01:23:28,139 --> 01:23:24,909

the material in the book and then he was

1865

01:23:32,879 --> 01:23:28,149

also hired by Spielberg three days as

1866

01:23:35,219 --> 01:23:32,889

technical consultant for the movie so so

1867

01:23:38,549 --> 01:23:35,229

Hynek had the good fortune to spend

1868

01:23:41,339 --> 01:23:38,559

three days on set it was actually not in

1869

01:23:44,459 --> 01:23:41,349

Hollywood it was in Alabama they used a

1870

01:23:48,270 --> 01:23:44,469

huge huge airplane hangar to build the

1871

01:23:50,549 --> 01:23:48,280

Dark Side of the Moon UFO landing from

1872

01:23:56,429 --> 01:23:50,559

the movie so Hynek spends three days on

1873

01:23:58,560 --> 01:23:56,439

set and while well he's there goofy idea

1874

01:24:01,949 --> 01:23:58,570

to do a cameo appearance sort of a shock

1875

01:24:04,109 --> 01:24:01,959

type cameo appearance of dr. Hynek and

1876
01:24:05,790 --> 01:24:04,119
so Hynek actually ends up in the moon

1877
01:24:13,409 --> 01:24:05,800
meet you know a lot of your listeners

1878
01:24:16,679 --> 01:24:13,419
I'm sure will remote written that that

1879
01:24:18,179 --> 01:24:16,689
moment and Rick it's kind of a nice

1880
01:24:22,349 --> 01:24:18,189
moment in the movie because it's just

1881
01:24:25,979 --> 01:24:22,359
settle down over over the UFO landing

1882
01:24:28,319 --> 01:24:25,989
field and all of these scientists and

1883
01:24:30,540 --> 01:24:28,329
technicians in their white lab coats

1884
01:24:32,580 --> 01:24:30,550
they're all kind of hanging back from

1885
01:24:34,589 --> 01:24:32,590
the mothership and Hynek just comes

1886
01:24:39,120 --> 01:24:34,599
walking purposefully through the crowd

1887
01:24:40,260 --> 01:24:39,130
and up past all these sign it and just

1888
01:24:42,359 --> 01:24:40,270

to get a good look at the mothership

1889

01:24:43,950 --> 01:24:42,369

it's like lab along here it's just a

1890

01:24:48,930 --> 01:24:43,960

really nice moment really smoking his

1891

01:24:50,970 --> 01:24:48,940

pipe too isn't he yeah he's fiddling

1892

01:24:53,700 --> 01:24:50,980

with his pipe and he strokes his goatee

1893

01:24:55,290 --> 01:24:53,710

thoughtfully it's all very funny and and

1894

01:24:58,410 --> 01:24:55,300

there were some outtakes somewhere

1895

01:25:00,359 --> 01:24:58,420

there's a hello areas South take reel of

1896

01:25:02,189 --> 01:25:00,369

when they shot hi annex cameo appearance

1897

01:25:03,540 --> 01:25:02,199

I'm not gonna give it away here if you

1898

01:25:05,160 --> 01:25:03,550

want to read about it read my book

1899

01:25:08,669 --> 01:25:05,170

because I go into detail about it it's

1900

01:25:12,080 --> 01:25:08,679

it's some really fun fun stuff what do

1901

01:25:15,799 --> 01:25:12,090

you think was the most puzzling case

1902

01:25:21,510 --> 01:25:15,809

according to his thoughts that he was

1903

01:25:23,790 --> 01:25:21,520

interested in oh wow I you know I I

1904

01:25:25,879 --> 01:25:23,800

could name several of course we we have

1905

01:25:30,020 --> 01:25:25,889

to go back to the Lonnie Zamora KS

1906

01:25:33,629 --> 01:25:30,030

Socorro in 1965 that was I mean Heine

1907

01:25:38,459 --> 01:25:33,639

described that case as the rosetta stone

1908

01:25:40,020 --> 01:25:38,469

of UFOs we could also go to 1973 he was

1909

01:25:42,569 --> 01:25:40,030

extremely puzzled by the Pascagoula

1910

01:25:46,530 --> 01:25:42,579

abduction case but the case that took

1911

01:25:50,640 --> 01:25:46,540

place only a week later in October 1973

1912

01:25:52,200 --> 01:25:50,650

the coin helico right that was that was

1913

01:25:53,879 --> 01:25:52,210

and then and that almost never gets me

1914

01:25:55,799 --> 01:25:53,889

again but that's that's really kind of

1915

01:25:57,629 --> 01:25:55,809

the gold standard of you oh yeah let's

1916

01:26:00,510 --> 01:25:57,639

talk about that Anderson

1917

01:26:02,370 --> 01:26:00,520

oh I know that it was above them and you

1918

01:26:04,080 --> 01:26:02,380

know that they drew him drew it up

1919

01:26:08,910 --> 01:26:04,090

toward them or actually wasn't their

1920

01:26:10,140 --> 01:26:08,920

contact there was there was almost all

1921

01:26:13,109 --> 01:26:10,150

right so why don't you describe the

1922

01:26:14,760 --> 01:26:13,119

story I know I least people has talked

1923

01:26:15,569 --> 01:26:14,770

about that on the show before it's just

1924

01:26:19,979 --> 01:26:15,579

fascinating

1925

01:26:25,770 --> 01:26:19,989

oh yeah yeah it's a really meaty case so

1926

01:26:29,339 --> 01:26:25,780

a crew of four met oh gosh were they

1927

01:26:31,649 --> 01:26:29,349

army or Air Force I can't remember let's

1928

01:26:33,899 --> 01:26:31,659

just say military it's a crew of four

1929

01:26:39,120 --> 01:26:33,909

military guys in their helicopter flying

1930

01:26:41,549 --> 01:26:39,130

at night over Ohio returning to base

1931

01:26:45,270 --> 01:26:41,559

after having their medical

1932

01:26:46,919 --> 01:26:45,280

it's done so they're flying home it's a

1933

01:26:48,479 --> 01:26:46,929

routine flight it's a beautiful night

1934

01:26:53,399 --> 01:26:48,489

it's one of the nicest flights they've

1935

01:26:55,200 --> 01:26:53,409

ever had and and one of the crew members

1936

01:26:58,169 --> 01:26:55,210

sees a funny light off in the distance

1937

01:27:00,810 --> 01:26:58,179

it's a glowing red and they quickly

1938

01:27:02,760 --> 01:27:00,820

discern that whatever this thing is it

1939

01:27:06,330 --> 01:27:02,770

is heading on a collision course with

1940

01:27:10,649 --> 01:27:06,340

them they feel like it's a torpedo that

1941

01:27:13,290 --> 01:27:10,659

has been fired at them and the commander

1942

01:27:16,950 --> 01:27:13,300

Lawrence Coyne takes the controls from

1943

01:27:20,010 --> 01:27:16,960

from the copilot puts this helicopter

1944

01:27:23,669 --> 01:27:20,020

into literally a crash dive a very steep

1945

01:27:26,250 --> 01:27:23,679

very terrifying dive to avoid impact

1946

01:27:29,270 --> 01:27:26,260

with this object the next thing these

1947

01:27:32,970 --> 01:27:29,280

four guys know this object has is

1948

01:27:35,399 --> 01:27:32,980

floated being right outside the front

1949

01:27:37,290 --> 01:27:35,409

cockpit windows of their helicopter it's

1950

01:27:39,390 --> 01:27:37,300

a cigar shaped object it's got a bright

1951

01:27:41,520 --> 01:27:39,400

red light at one end it's got a bright

1952

01:27:43,859 --> 01:27:41,530

green light on the other end there are

1953

01:27:46,859 --> 01:27:43,869

no wings there's no there's no visible

1954

01:27:49,080 --> 01:27:46,869

source of propulsion there's a sort of a

1955

01:27:52,950 --> 01:27:49,090

dome-like object on the top that maybe

1956

01:27:54,930 --> 01:27:52,960

be as a [h__\h] they can't really tell help

1957

01:27:57,089 --> 01:27:54,940

in light on one end of this object

1958

01:27:59,189 --> 01:27:57,099

literally bathes the interior of the

1959

01:28:01,709 --> 01:27:59,199

cockpit of the helicopter for about 10

1960

01:28:03,990 --> 01:28:01,719

seconds they they perceive it as about

1961

01:28:05,850 --> 01:28:04,000

10 seconds that this object is floating

1962

01:28:09,330 --> 01:28:05,860

outside the front of their helicopter

1963

01:28:10,859 --> 01:28:09,340

and and it suddenly shoots off into the

1964

01:28:14,129 --> 01:28:10,869

distance and disappears into the

1965

01:28:17,120 --> 01:28:14,139

distance in the sky well captain coin

1966

01:28:19,770 --> 01:28:17,130

looks at his altimeter and realizes that

1967

01:28:24,660 --> 01:28:19,780

instead of going into a crash dive and

1968

01:28:27,359 --> 01:28:24,670

he still is he still he still has his

1969

01:28:29,879 --> 01:28:27,369

controls didn't crash dedication but

1970

01:28:32,399 --> 01:28:29,889

somehow or another the helicopter is

1971

01:28:33,930 --> 01:28:32,409

actually rising at a South I think a

1972

01:28:36,209 --> 01:28:33,940

thousand feet per minute really

1973

01:28:38,910 --> 01:28:36,219

astonishing speed and they're back up at

1974

01:28:40,290 --> 01:28:38,920

3,500 feet and still ascending so he

1975

01:28:42,810 --> 01:28:40,300

gets the helicopter and he's got this

1976

01:28:45,569 --> 01:28:42,820

captain coin has this great quote that I

1977

01:28:47,189 --> 01:28:45,579

have in the book he simply says a Huey

1978

01:28:53,069 --> 01:28:47,199

can't do that

1979

01:28:55,500 --> 01:28:53,079

the copter stabilized they fly back to

1980

01:28:58,919 --> 01:28:55,510

base within a couple days the store

1981

01:29:00,779 --> 01:28:58,929

has gotten out and it becomes front-page

1982

01:29:02,220 --> 01:29:00,789

news all around the country and it's you

1983

01:29:04,259 --> 01:29:02,230

know of course it's remarkable because

1984

01:29:08,700 --> 01:29:04,269

this is taking place like a week after

1985

01:29:12,620 --> 01:29:08,710

this pascagoula abduction so that case

1986

01:29:15,720 --> 01:29:12,630

was really really big to Hynek as well

1987

01:29:18,810 --> 01:29:15,730

because the witnesses the witnesses were

1988

01:29:20,490 --> 01:29:18,820

also credible over the men with very

1989

01:29:22,109 --> 01:29:20,500

little discrepancy all four of the men

1990

01:29:28,740 --> 01:29:22,119

saw essentially the same thing perceived

1991

01:29:30,149 --> 01:29:28,750

the same things and Hynek I I mentioned

1992

01:29:32,399 --> 01:29:30,159

these audio recordings that that

1993

01:29:34,129 --> 01:29:32,409

Michaels sword shared with me he also

1994

01:29:35,819 --> 01:29:34,139

had an audio recording of dr. Hynek

1995

01:29:37,799 --> 01:29:35,829

interviewing the four guys on the

1996

01:29:40,890 --> 01:29:37,809

helicopter crew and they just they tell

1997

01:29:43,109 --> 01:29:40,900

an amazing story Wow and and one of the

1998

01:29:44,729 --> 01:29:43,119

guys on the crew says utters the famous

1999

01:29:46,890 --> 01:29:44,739

words that so many UFO witnesses have

2000

01:29:51,629 --> 01:29:46,900

said he just says to dr. Hynek he says I

2001

01:29:54,479 --> 01:29:51,639

know what I saw yeah that's great so I

2002

01:29:56,339 --> 01:29:54,489

would say those are those are among the

2003

01:29:58,290 --> 01:29:56,349

most significant cases to Hynek but then

2004

01:30:00,479 --> 01:29:58,300

you can also go back god I could give

2005

01:30:03,330 --> 01:30:00,489

you such a long list Martin I'm gonna go

2006

01:30:06,479 --> 01:30:03,340

all the way back to 1953 the termit in

2007

01:30:11,100 --> 01:30:06,489

Utah film taken by Delbert Newhouse this

2008

01:30:13,589 --> 01:30:11,110

astonishing movie film of these 15 or 20

2009

01:30:18,359 --> 01:30:13,599

glowing white objects cavorting about in

2010

01:30:20,520 --> 01:30:18,369

the sky over over northern Utah and the

2011

01:30:23,970 --> 01:30:20,530

this film the movie film that Newhouse

2012

01:30:27,149 --> 01:30:23,980

took was sent to our best photo

2013

01:30:31,290 --> 01:30:27,159

intelligence experts and they could not

2014

01:30:34,410 --> 01:30:31,300

find any indication that this film had

2015

01:30:36,990 --> 01:30:34,420

been hoaxed or that it was a mistake in

2016

01:30:39,720 --> 01:30:37,000

any way they decided it could not

2017

01:30:41,879 --> 01:30:39,730

possibly be Birds it could not possibly

2018

01:30:43,890 --> 01:30:41,889

be balloons it could not possibly be

2019

01:30:45,990 --> 01:30:43,900

aircraft these objects were either

2020

01:30:47,549 --> 01:30:46,000

reflecting or emitting brilliant light

2021

01:30:53,240 --> 01:30:47,559

and their

2022

01:30:57,060 --> 01:30:53,250

manoeuvring displayed displayed signs of

2023

01:30:59,160 --> 01:30:57,070

intelligence so that so that's all the

2024

01:31:00,839 --> 01:30:59,170

way back in the early 1950s yet again

2025

01:31:03,600 --> 01:31:00,849

another case that just had a really

2026

01:31:06,270 --> 01:31:03,610

really significant effect on hynek's

2027

01:31:09,250 --> 01:31:06,280

thinking and his in his theories now was

2028

01:31:12,399 --> 01:31:09,260

that one you know I may be confused

2029

01:31:15,609 --> 01:31:12,409

this with the Catalina Island of filming

2030

01:31:17,589 --> 01:31:15,619

do you know what I'm talking about

2031

01:31:20,229 --> 01:31:17,599

yeah I'm not well-versed on that case so

2032

01:31:22,959 --> 01:31:20,239

so it's this one with the five glowing

2033

01:31:24,970 --> 01:31:22,969

objects can you find that film anywhere

2034

01:31:27,759 --> 01:31:24,980

online on YouTube or anything like that

2035

01:31:32,680 --> 01:31:27,769

oh yeah yes you absolutely can't just

2036

01:31:36,189 --> 01:31:32,690

just it's true montón Utah again I I'm

2037

01:31:39,790 --> 01:31:36,199

quite sure it was 1953 you can also look

2038

01:31:41,589 --> 01:31:39,800

under new house and I thought I think

2039

01:31:43,750 --> 01:31:41,599

the video is on YouTube I found it a

2040

01:31:46,720 --> 01:31:43,760

couple different places and you know

2041

01:31:50,410 --> 01:31:46,730

this is this is movie that was taken you

2042

01:31:52,689 --> 01:31:50,420

know decades ago on a you know not a

2043

01:31:56,259 --> 01:31:52,699

professional movie camera you know more

2044

01:31:58,209 --> 01:31:56,269

of a consumer model movie camera that

2045

01:32:00,069 --> 01:31:58,219

this guy Newhouse just happened to have

2046

01:32:02,290 --> 01:32:00,079

with him because turns out he was a navy

2047

01:32:04,029 --> 01:32:02,300

photographer so of course he's got a

2048

01:32:06,580 --> 01:32:04,039

movie camera in the trunk of his car

2049

01:32:08,890 --> 01:32:06,590

when he's on vacation so you know so the

2050

01:32:12,250 --> 01:32:08,900

film is not you look at it now and it's

2051

01:32:15,310 --> 01:32:12,260

not like you know it's a it's a grainy

2052

01:32:19,209 --> 01:32:15,320

image there it you know it sort of jumps

2053

01:32:20,770 --> 01:32:19,219

and flutters at some moments but if you

2054

01:32:22,359 --> 01:32:20,780

but if you just watch it a couple times

2055

01:32:25,660 --> 01:32:22,369

it's really quite astonishing because

2056

01:32:28,600 --> 01:32:25,670

these objects they at first they seem to

2057

01:32:30,640 --> 01:32:28,610

be moving about completely randomly but

2058

01:32:32,770 --> 01:32:30,650

then as you watch it they sort of seem

2059

01:32:34,870 --> 01:32:32,780

to pair up and form groups and then they

2060

01:32:37,450 --> 01:32:34,880

diverge and then they reconverge again

2061

01:32:39,490 --> 01:32:37,460

it's kind of mesmerizing and it's it's a

2062

01:32:42,040 --> 01:32:39,500

very very weird film you watch it and

2063

01:32:44,080 --> 01:32:42,050

you just you you you really have to

2064

01:32:50,109 --> 01:32:44,090

wonder what the heck these people saw

2065

01:32:53,560 --> 01:32:50,119

what was dr. hynek's envisioning when he

2066

01:32:55,060 --> 01:32:53,570

started the UFO organization because

2067

01:32:59,410 --> 01:32:55,070

there was already there was already a

2068

01:33:01,209 --> 01:32:59,420

few established right yeah I mean there

2069

01:33:02,859 --> 01:33:01,219

had been civilian and saucer groups

2070

01:33:07,049 --> 01:33:02,869

going all the way back to the early 50s

2071

01:33:11,100 --> 01:33:07,059

nycap a bro of course MUFON

2072

01:33:16,120 --> 01:33:11,110

but when Hynek formed his organization

2073

01:33:20,919 --> 01:33:16,130

what he really hoped was he wanted to

2074

01:33:22,780 --> 01:33:20,929

elevate the study of UFOs to the same

2075

01:33:28,030 --> 01:33:22,790

level as any other science

2076

01:33:30,820 --> 01:33:28,040

okay he just wanted the student as a

2077

01:33:33,670 --> 01:33:30,830

legitimate scientific pursuit now later

2078

01:33:35,470 --> 01:33:33,680

on when he moved to Arizona in the last

2079

01:33:38,700 --> 01:33:35,480

years of his life and and he had this

2080

01:33:40,810 --> 01:33:38,710

big dream of founding this this um

2081

01:33:44,860 --> 01:33:40,820

International UFO research center in

2082

01:33:50,440 --> 01:33:44,870

Scottsdale Arizona he he had this idea

2083

01:33:51,970 --> 01:33:50,450

that teams of scientists would just

2084

01:33:55,090 --> 01:33:51,980

concentrate they would pick one case

2085

01:33:58,180 --> 01:33:55,100

that seemed to have the greatest

2086

01:34:00,190 --> 01:33:58,190

scientific value that seemed to have you

2087

01:34:02,290 --> 01:34:00,200

know hard evidence that could be studied

2088

01:34:04,120 --> 01:34:02,300

and he hoped that he could just sort of

2089

01:34:05,500 --> 01:34:04,130

set those scientists loose to just

2090

01:34:08,560 --> 01:34:05,510

devote all their time to this one

2091

01:34:11,380 --> 01:34:08,570

specific case as long as it took for

2092

01:34:12,970 --> 01:34:11,390

them to find answers and then he hoped

2093

01:34:15,250 --> 01:34:12,980

that after analyzing a number of these

2094

01:34:20,350 --> 01:34:15,260

cases his scientists could put together

2095

01:34:23,670 --> 01:34:20,360

case studies that were so methodical

2096

01:34:26,610 --> 01:34:23,680

that were so I earned clad that were so

2097

01:34:29,350 --> 01:34:26,620

scientific that they could actually be

2098

01:34:33,280 --> 01:34:29,360

you know peer-reviewed and published in

2099

01:34:35,260 --> 01:34:33,290

in scientific journals and be taken

2100

01:34:38,650 --> 01:34:35,270

seriously by the scientific world that

2101

01:34:41,740 --> 01:34:38,660

was his big big dream and I know I'm

2102

01:34:47,830 --> 01:34:41,750

I've had a couple people on from on this

2103

01:34:50,170 --> 01:34:47,840

show from that and I remember talking

2104

01:34:51,580 --> 01:34:50,180

and I'm trying to remember his name of

2105

01:34:52,720 --> 01:34:51,590

friends with him on Facebook and

2106

01:34:54,760 --> 01:34:52,730

everything I just can't picture him

2107

01:35:00,160 --> 01:34:54,770

right now he lives in Hawaii do you

2108

01:35:04,450 --> 01:35:00,170

happen to know who I mean no I don't

2109

01:35:07,600 --> 01:35:04,460

think I told you but anyway he was

2110

01:35:10,600 --> 01:35:07,610

saying that you know they have done some

2111

01:35:11,860 --> 01:35:10,610

really good work but I can't remember

2112

01:35:13,240 --> 01:35:11,870

what he said about things being

2113

01:35:16,950 --> 01:35:13,250

published I don't think there's been

2114

01:35:23,230 --> 01:35:20,410

knots of my knowledge and and and at

2115

01:35:24,640 --> 01:35:23,240

this in this you know at this stage of

2116

01:35:27,910 --> 01:35:24,650

the game it that that would be a tall

2117

01:35:28,950 --> 01:35:27,920

mountain to climb it would yeah

2118

01:35:31,060 --> 01:35:28,960

absolutely

2119

01:35:32,230 --> 01:35:31,070

well I mean it let's let's be honest

2120

01:35:35,490 --> 01:35:32,240

yeah yeah ya know

2121

01:35:38,580 --> 01:35:35,500

so high Nick he he passed away in 1986

2122

01:35:43,290 --> 01:35:38,590

and so he was active toward it all the

2123

01:35:45,900 --> 01:35:43,300

way to the end you believe well he

2124

01:35:47,070 --> 01:35:45,910

certainly active in his mind even even

2125

01:35:49,620 --> 01:35:47,080

when he was you know physically

2126
01:35:51,660 --> 01:35:49,630
deteriorating there's a really wonderful

2127
01:35:53,790 --> 01:35:51,670
interview that he did for Omni magazine

2128
01:35:57,720 --> 01:35:53,800
just about a year before he passed away

2129
01:35:59,460 --> 01:35:57,730
and his he's just a brilliant guy he's

2130
01:36:02,250 --> 01:35:59,470
you know he's just rattling off ideas

2131
01:36:04,440 --> 01:36:02,260
and and stories a mile a minute

2132
01:36:06,780 --> 01:36:04,450
in this interview you'd you'd never

2133
01:36:09,270 --> 01:36:06,790
think that this guy was suffering from

2134
01:36:12,870 --> 01:36:09,280
any kind of physical malady at all he is

2135
01:36:13,860 --> 01:36:12,880
his brand in was still very active he

2136
01:36:16,410 --> 01:36:13,870
was always thinking he was always

2137
01:36:18,180 --> 01:36:16,420
speculating he always loved a good UFO

2138
01:36:22,230 --> 01:36:18,190

story I mean in the last years of his

2139

01:36:26,100 --> 01:36:22,240

life living in Arizona he got involved

2140

01:36:29,640 --> 01:36:26,110

in the is it hostile yeah the estimate

2141

01:36:33,510 --> 01:36:29,650

if you would please hang on yeah we will

2142

01:36:35,250 --> 01:36:33,520

continue that in in a minute here okay

2143

01:36:36,810 --> 01:36:35,260

so we have a caller someone that just

2144

01:36:39,630 --> 01:36:36,820

called in and make sure your computer's

2145

01:36:42,270 --> 01:36:39,640

your computer's down or not not to

2146

01:36:46,050 --> 01:36:42,280

blasting away so caller your first name

2147

01:36:48,930 --> 01:36:46,060

and where are you calling from this is

2148

01:36:52,760 --> 01:36:48,940

again from Greer's hey Ryan how are ya

2149

01:37:03,150 --> 01:36:58,950

question a question for our guest yeah

2150

01:37:05,820 --> 01:37:03,160

I believe my question is did Hynek ever

2151
01:37:07,670 --> 01:37:05,830
did you ever since and in reviewing his

2152
01:37:14,690 --> 01:37:07,680
career that yeah he got kind of

2153
01:37:17,760 --> 01:37:14,700
frustrated from a hard evidence in this

2154
01:37:18,480 --> 01:37:17,770
yes that's an easy that's an easy

2155
01:37:20,280 --> 01:37:18,490
question to answer

2156
01:37:22,530 --> 01:37:20,290
yeah that was a constant that was a

2157
01:37:24,240 --> 01:37:22,540
constant source of frustration for him

2158
01:37:27,270 --> 01:37:24,250
you know I had talked about some of his

2159
01:37:30,900 --> 01:37:27,280
categories like the the daytime disc and

2160
01:37:33,210 --> 01:37:30,910
the meandering nocturnal lights he you

2161
01:37:34,890 --> 01:37:33,220
know cases like that it's sort of like

2162
01:37:36,270 --> 01:37:34,900
well what can you do with them you you

2163
01:37:38,400 --> 01:37:36,280

know you can interview the witness and

2164

01:37:40,560 --> 01:37:38,410

in the inner the witness can tell you

2165

01:37:42,720 --> 01:37:40,570

well I saw this strange light it seemed

2166

01:37:45,360 --> 01:37:42,730

brighter than all the other stars in the

2167

01:37:49,080 --> 01:37:45,370

sky and it moved kind of erratic way

2168

01:37:51,600 --> 01:37:49,090

across the sky okay a

2169

01:37:52,800 --> 01:37:51,610

that that's an interesting you know

2170

01:37:54,270 --> 01:37:52,810

where do you go with that it's hard to

2171

01:37:56,570 --> 01:37:54,280

it's hard to do any investigation of a

2172

01:38:00,720 --> 01:37:56,580

case like that and so yeah and and and

2173

01:38:02,310 --> 01:38:00,730

the vast majority of cases are in that

2174

01:38:04,290 --> 01:38:02,320

category you know there's just not a

2175

01:38:07,290 --> 01:38:04,300

whole lot all of them are really well

2176

01:38:09,180 --> 01:38:07,300

yeah exactly so so that was a

2177

01:38:12,629 --> 01:38:09,190

frustration for him and that goes back

2178

01:38:15,330 --> 01:38:12,639

even to his Air Force days he would have

2179

01:38:17,850 --> 01:38:15,340

to go through dozens maybe hundreds of

2180

01:38:19,350 --> 01:38:17,860

reports that didn't really add up too

2181

01:38:22,229 --> 01:38:19,360

much it doesn't mean that he was

2182

01:38:23,459 --> 01:38:22,239

dismissive of those reports it just

2183

01:38:25,649 --> 01:38:23,469

meant that there really wasn't enough

2184

01:38:28,220 --> 01:38:25,659

there to go on and he would have to go

2185

01:38:31,189 --> 01:38:28,230

through sometimes hundreds of those and

2186

01:38:33,660 --> 01:38:31,199

till he come across a case that was of

2187

01:38:35,189 --> 01:38:33,670

you know some serious interest like oh

2188

01:38:37,109 --> 01:38:35,199

there may be some evidence there may be

2189

01:38:39,030 --> 01:38:37,119

some physical evidence here or you know

2190

01:38:40,890 --> 01:38:39,040

we may have multiple witnesses here so

2191

01:38:42,899 --> 01:38:40,900

yeah that those really good cases were

2192

01:38:45,330 --> 01:38:42,909

kind of needles in a haystack and and it

2193

01:38:48,600 --> 01:38:45,340

could get very frustrating for him but

2194

01:38:51,839 --> 01:38:48,610

at the same time he was such he was such

2195

01:38:53,550 --> 01:38:51,849

a methodical scientific mind that you

2196

01:38:55,890 --> 01:38:53,560

know that was that was just the way

2197

01:38:58,649 --> 01:38:55,900

science is done you have to do all that

2198

01:39:00,209 --> 01:38:58,659

dull frustrating work you know you just

2199

01:39:02,430 --> 01:39:00,219

have to do it there's no getting around

2200

01:39:04,890 --> 01:39:02,440

it because if you try to take a shortcut

2201
01:39:06,330 --> 01:39:04,900
on that end of your research then

2202
01:39:09,300 --> 01:39:06,340
whatever your findings are may be

2203
01:39:10,890 --> 01:39:09,310
suspect so you know it kind of it comes

2204
01:39:15,750 --> 01:39:10,900
with the territory of being a scientist

2205
01:39:18,300 --> 01:39:15,760
really yeah did he at the end of the day

2206
01:39:22,020 --> 01:39:18,310
did he feel that the one is a moral case

2207
01:39:24,060 --> 01:39:22,030
was the best cuz I asked because I've

2208
01:39:26,790 --> 01:39:24,070
always felt that that that's at the top

2209
01:39:29,250 --> 01:39:26,800
of my list I'm I'm a skeptic just to

2210
01:39:31,740 --> 01:39:29,260
tell you upfront okay and I've always

2211
01:39:33,060 --> 01:39:31,750
been I've always been convinced in spite

2212
01:39:34,890 --> 01:39:33,070
of that their lives are more assault

2213
01:39:36,510 --> 01:39:34,900

something I don't know what it was he

2214

01:39:37,979 --> 01:39:36,520

saw but yeah it could have been a test

2215

01:39:39,450 --> 01:39:37,989

thing could have been the

2216

01:39:41,220 --> 01:39:39,460

extra-terrestrial I don't know but I've

2217

01:39:43,530 --> 01:39:41,230

always been convinced he saw something

2218

01:39:45,740 --> 01:39:43,540

it did Heineken did he feel that was

2219

01:39:48,839 --> 01:39:45,750

just about the top of the list

2220

01:39:52,589 --> 01:39:48,849

absolutely as I said before he he he

2221

01:39:54,479 --> 01:39:52,599

once said that this does little ah he's

2222

01:39:56,669 --> 01:39:54,489

a more a case was the Rosetta Stone of

2223

01:40:02,070 --> 01:39:56,679

ufology in other words he thought that

2224

01:40:03,060 --> 01:40:02,080

this case this one o case could possibly

2225

01:40:05,760 --> 01:40:03,070

hold

2226

01:40:09,390 --> 01:40:05,770

the key to explaining at least some part

2227

01:40:11,430 --> 01:40:09,400

of the UFO mystery now he did have some

2228

01:40:13,080 --> 01:40:11,440

doubts about the Zamora case I'll have

2229

01:40:14,790 --> 01:40:13,090

to be honest because the way Lonnie

2230

01:40:16,680 --> 01:40:14,800

Zamora described to the craft when it

2231

01:40:19,339 --> 01:40:16,690

when it roared up in the air and shot

2232

01:40:25,470 --> 01:40:22,229

Hynek thought it was odd that when that

2233

01:40:27,990 --> 01:40:25,480

when the object blasted off from this

2234

01:40:29,790 --> 01:40:28,000

rocky sandy Arroyo that it didn't kick

2235

01:40:33,629 --> 01:40:29,800

up a cloud of dust that was hynek's

2236

01:40:35,580 --> 01:40:33,639

first first question and the second

2237

01:40:37,439 --> 01:40:35,590

question was this took place in south

2238

01:40:39,899 --> 01:40:37,449

central New Mexico very close to

2239

01:40:40,680 --> 01:40:39,909

Holloman Air Force Base white sands

2240

01:40:44,060 --> 01:40:40,690

missile ground

2241

01:40:49,350 --> 01:40:44,070

Hynek said there there is radar

2242

01:40:51,180 --> 01:40:49,360

everywhere in this part of New Mexico

2243

01:40:53,220 --> 01:40:51,190

these radar installations pick up this

2244

01:40:55,109 --> 01:40:53,230

craft because that was part of his

2245

01:40:57,359 --> 01:40:55,119

research was to find out if if anybody

2246

01:40:59,459 --> 01:40:57,369

had spotted it on radar and nobody had

2247

01:41:01,729 --> 01:40:59,469

so those were a couple of the stumbling

2248

01:41:04,890 --> 01:41:01,739

blocks tonight

2249

01:41:07,859 --> 01:41:04,900

pardon me nobody claimed they did it's

2250

01:41:09,209 --> 01:41:07,869

fair point absolutely fair point so he

2251

01:41:12,000 --> 01:41:09,219

filled it as the more thing might have

2252

01:41:15,180 --> 01:41:12,010

been something Sparrow I don't that's

2253

01:41:17,760 --> 01:41:15,190

always been my downer yeah yeah and then

2254

01:41:19,229 --> 01:41:17,770

that's that's that's a theory that has

2255

01:41:19,879 --> 01:41:19,239

always been really popular to explain

2256

01:41:22,500 --> 01:41:19,889

the Zamora

2257

01:41:24,660 --> 01:41:22,510

incident the air force people from

2258

01:41:27,390 --> 01:41:24,670

Holloman said that it absolutely was not

2259

01:41:34,950 --> 01:41:27,400

a test vehicle from so you got the Air

2260

01:41:39,200 --> 01:41:34,960

Force denying that's don't worry I never

2261

01:41:41,850 --> 01:41:39,210

found any of heineken amendment NASA or

2262

01:41:44,149 --> 01:41:41,860

military correct he did consider that I

2263

01:41:51,209 --> 01:41:44,159

don't think that idea lasted very long

2264

01:41:52,979 --> 01:41:51,219

all right it behavior kind of reminds me

2265

01:41:56,250 --> 01:41:52,989

of the limb except that for one thing

2266

01:41:57,419 --> 01:41:56,260

her in the air with no noise exactly and

2267

01:42:01,709 --> 01:41:57,429

the other thing is if you remember the

2268

01:42:03,300 --> 01:42:01,719

lunar excursion mom I just from the

2269

01:42:05,490 --> 01:42:03,310

Apollo missions and it took off again

2270

01:42:05,970 --> 01:42:05,500

they left behind half the craft sitting

2271

01:42:07,950 --> 01:42:05,980

on the moon

2272

01:42:10,589 --> 01:42:07,960

now amorous craft did not do that the

2273

01:42:12,660 --> 01:42:10,599

entire craft lifted up and flew away

2274

01:42:14,850 --> 01:42:12,670

yeah so that's a huge huge difference

2275

01:42:17,130 --> 01:42:14,860

there I do right hey thanks so much for

2276

01:42:20,709 --> 01:42:17,140

the call I appreciate it

2277

01:42:23,050 --> 01:42:20,719

all right all right there thanks Ron

2278

01:42:25,150 --> 01:42:23,060

so if anyone else would like to call and

2279

01:42:27,690 --> 01:42:25,160

we can take calls at this time and I'm

2280

01:42:31,750 --> 01:42:27,700

so happy this Skype issue has finally

2281

01:42:33,520 --> 01:42:31,760

has finally been fixed but you were

2282

01:42:35,350 --> 01:42:33,530

right before the call came in you were

2283

01:42:40,959 --> 01:42:35,360

talking about his interests in the head

2284

01:42:42,490 --> 01:42:40,969

stolen well right right yeah I just

2285

01:42:44,500 --> 01:42:42,500

wanted to point out because somebody had

2286

01:42:45,970 --> 01:42:44,510

asked about you know its interest I

2287

01:42:48,520 --> 01:42:45,980

think somebody had asked about his

2288

01:42:50,229 --> 01:42:48,530

interest later in life and yeah in the

2289

01:42:53,860 --> 01:42:50,239

last couple years of his life even when

2290

01:42:55,990 --> 01:42:53,870

he will with you know no becoming old

2291

01:42:57,190 --> 01:42:56,000

and Braille and fighting cancer yeah he

2292

01:43:00,790 --> 01:42:57,200

got involved in the hessed island lights

2293

01:43:04,479 --> 01:43:00,800

he actually took it to its Norway if I'm

2294

01:43:06,940 --> 01:43:04,489

not mistaken he actually took a trip

2295

01:43:09,520 --> 01:43:06,950

there to study the lights because there

2296

01:43:13,630 --> 01:43:09,530

was a period in the mid 80s when the the

2297

01:43:17,620 --> 01:43:13,640

Hestia don't unlights as I understand it

2298

01:43:18,850 --> 01:43:17,630

became envisioned in great abundance so

2299

01:43:20,410 --> 01:43:18,860

that was exciting enough that Hynek

2300

01:43:21,880 --> 01:43:20,420

actually took a trip there he actually

2301

01:43:24,160 --> 01:43:21,890

almost died there because he was out

2302

01:43:26,530 --> 01:43:24,170

late one night driving back to his hotel

2303

01:43:28,600 --> 01:43:26,540

I believe and it was in the dead of

2304

01:43:30,790 --> 01:43:28,610

winter and he ran out of gas along this

2305

01:43:32,830 --> 01:43:30,800

deserted Highway in them but nowhere and

2306

01:43:35,320 --> 01:43:32,840

just just pure luck that he found

2307

01:43:36,850 --> 01:43:35,330

someone to help him out of his jam so so

2308

01:43:39,459 --> 01:43:36,860

hessed island lights was a case that he

2309

01:43:45,160 --> 01:43:39,469

got interested in although we could not

2310

01:43:47,260 --> 01:43:45,170

explain it of course the the the New

2311

01:43:49,450 --> 01:43:47,270

York sightings yeah that's Valley sight

2312

01:43:50,680 --> 01:43:49,460

yes which he ended up you know and he

2313

01:43:52,540 --> 01:43:50,690

ended up contributing something to the

2314

01:43:54,520 --> 01:43:52,550

book about that sighting that was a case

2315

01:43:56,800 --> 01:43:54,530

that he got very interested in the cash

2316

01:43:58,060 --> 01:43:56,810

Landrum case also took place and that's

2317

01:44:00,310 --> 01:43:58,070

same time period

2318

01:44:01,630 --> 01:44:00,320

he was very fascinated by that so those

2319

01:44:03,610 --> 01:44:01,640

were three other capes so there were

2320

01:44:05,890 --> 01:44:03,620

still cases right up until his last days

2321

01:44:07,870 --> 01:44:05,900

there were still cases that were just

2322

01:44:10,090 --> 01:44:07,880

curious enough just unexplainable enough

2323

01:44:12,820 --> 01:44:10,100

that they really piqued his interest and

2324

01:44:14,950 --> 01:44:12,830

and you know and kept his you know kept

2325

01:44:17,590 --> 01:44:14,960

his vitality up I'm sure right right now

2326

01:44:20,350 --> 01:44:17,600

you don't I've had people say a couple

2327

01:44:22,290 --> 01:44:20,360

times and I sort of agree there's no

2328

01:44:24,880 --> 01:44:22,300

really big cases happening hasn't

2329

01:44:27,790 --> 01:44:24,890

nothing's really happened in a while you

2330

01:44:30,430 --> 01:44:27,800

know the last really good unexplainable

2331

01:44:35,250 --> 01:44:30,440

case that I can think of offhand as the

2332

01:44:37,330 --> 01:44:35,260

go Rican case that was filmed by the

2333

01:44:39,640 --> 01:44:37,340

trying to think it was the air force or

2334

01:44:41,380 --> 01:44:39,650

something but it mark rotten gore was

2335

01:44:43,420 --> 01:44:41,390

involved in trying to you know figure

2336

01:44:46,540 --> 01:44:43,430

out what that was but there's no real

2337

01:44:48,510 --> 01:44:46,550

big cases like you know like you just

2338

01:44:51,370 --> 01:44:48,520

talked the cash Landrum or any of those

2339

01:44:57,010 --> 01:44:51,380

Pascagoula you just don't hear of it as

2340

01:45:00,430 --> 01:44:57,020

much have you noticed that absolutely

2341

01:45:03,760 --> 01:45:00,440

and it's the kind of thing that almost

2342

01:45:06,100 --> 01:45:03,770

makes you wonder if that is deliberate

2343

01:45:07,510 --> 01:45:06,110

on the part of the UFOs and so I'm kind

2344

01:45:11,530 --> 01:45:07,520

of gonna go out on a little bit of a

2345

01:45:13,959 --> 01:45:11,540

okay here but I'm sort of following I'm

2346

01:45:17,260 --> 01:45:13,969

sort of following along with dr. hynek's

2347

01:45:20,140 --> 01:45:17,270

hunch that this phenomenon made it may

2348

01:45:21,880 --> 01:45:20,150

have a psychological aspect to it well

2349

01:45:24,790 --> 01:45:21,890

if it has a psychological aspect to it

2350

01:45:28,840 --> 01:45:24,800

then that means that in some way this

2351

01:45:30,070 --> 01:45:28,850

phenomenon is manipulating our my ants

2352

01:45:32,830 --> 01:45:30,080

to some degree

2353

01:45:38,020 --> 01:45:32,840

so maybe it's also kind of messing with

2354

01:45:40,180 --> 01:45:38,030

our expectations and our perceptions mmm

2355

01:45:42,250 --> 01:45:40,190

maybe it's okay you know what we've had

2356

01:45:43,990 --> 01:45:42,260

some fun now let's let's back off let's

2357

01:45:45,640 --> 01:45:44,000

just not appear for a while and leave

2358

01:45:48,370 --> 01:45:45,650

and leave those humans all scratching

2359

01:45:52,180 --> 01:45:48,380

their head wondering what what happened

2360

01:45:54,850 --> 01:45:52,190

I mean there's in there it may sit

2361

01:45:57,820 --> 01:45:54,860

Southie when I when I say it but there

2362

01:46:00,700 --> 01:45:57,830

are definite moments in the history of

2363

01:46:03,490 --> 01:46:00,710

the UFO phenomenon when it kind of seems

2364

01:46:07,810 --> 01:46:03,500

like that sort of active thinking and

2365

01:46:10,540 --> 01:46:07,820

deliberate action is taking place on the

2366

01:46:13,840 --> 01:46:10,550

part of the UFOs and who or whatever

2367

01:46:15,490 --> 01:46:13,850

meant maybe inside them where they're

2368

01:46:17,470 --> 01:46:15,500

consciously trying to defy our

2369

01:46:19,510 --> 01:46:17,480

expectations they're sort of setting

2370

01:46:22,209 --> 01:46:19,520

them us setting us up they're giving us

2371

01:46:24,189 --> 01:46:22,219

a little bit of information enough to

2372

01:46:25,900 --> 01:46:24,199

keep our interest up but not enough to

2373

01:46:28,150 --> 01:46:25,910

prove anything or to give their true

2374

01:46:31,979 --> 01:46:28,160

nature away I don't see how you can

2375

01:46:35,200 --> 01:46:31,989

really be a follower of this phenomenon

2376

01:46:36,550 --> 01:46:35,210

without having these some moments when

2377

01:46:36,790 --> 01:46:36,560

you have to wonder about something like

2378

01:46:38,140 --> 01:46:36,800

that

2379

01:46:40,390 --> 01:46:38,150

are they really are they just playing

2380

01:46:43,390 --> 01:46:40,400

with us I have an analogy that I like to

2381

01:46:46,660 --> 01:46:43,400

use and that is

2382

01:46:51,520 --> 01:46:46,670

there you remember Monty Python's Flying

2383

01:46:53,860 --> 01:46:51,530

Circus did you ever see a skip they did

2384

01:46:57,400 --> 01:46:53,870

it called confuse a cat I don't recall

2385

01:46:59,980 --> 01:46:57,410

that one okay you can watch it on

2386

01:47:01,840 --> 01:46:59,990

YouTube it made its it's gonna sound

2387

01:47:05,500 --> 01:47:01,850

ridiculous I'm sure a lot of your

2388

01:47:08,980 --> 01:47:05,510

listeners but I see some parallels

2389

01:47:11,170 --> 01:47:08,990

confuse a cat is this extremely weird

2390

01:47:14,110 --> 01:47:11,180

skit that Monty Python did in which

2391

01:47:15,730 --> 01:47:14,120

these a couple who have a cat that has

2392

01:47:18,670 --> 01:47:15,740

just become completely lethargic and

2393

01:47:20,610 --> 01:47:18,680

uninterested in life and they can't

2394

01:47:23,260 --> 01:47:20,620

figure out any way to get this cat to be

2395

01:47:25,060 --> 01:47:23,270

lively again so they call in this

2396

01:47:28,570 --> 01:47:25,070

service called confuse a cat and it's

2397

01:47:33,160 --> 01:47:28,580

just the Monty Python guys doing weird

2398

01:47:34,900 --> 01:47:33,170

Monty Python nonsense for this cat their

2399

01:47:37,000 --> 01:47:34,910

audience is the cat and after they go

2400

01:47:38,910 --> 01:47:37,010

through all this nonsense the cat gets

2401
01:47:41,680 --> 01:47:38,920
up and sort of shakes itself off and and

2402
01:47:43,300 --> 01:47:41,690
prances away and the couple are thrilled

2403
01:47:46,030 --> 01:47:43,310
because their cat has been cured by a

2404
01:47:50,860 --> 01:47:46,040
confusing cat I think there's a parallel

2405
01:47:52,990 --> 01:47:50,870
there we are the cat and the you are the

2406
01:47:56,170 --> 01:47:53,000
cat squad it's like like they've been

2407
01:47:57,340 --> 01:47:56,180
sent to give us this like mental kick in

2408
01:48:00,640 --> 01:47:57,350
the pants

2409
01:48:02,230 --> 01:48:00,650
to sort of jar us into thinking

2410
01:48:04,750 --> 01:48:02,240
differently into seeing things

2411
01:48:07,210 --> 01:48:04,760
differently into you know may be

2412
01:48:08,890 --> 01:48:07,220
believing things differently and that

2413
01:48:11,980 --> 01:48:08,900

that was something that was prevalent in

2414

01:48:14,140 --> 01:48:11,990

hynek's thought as well he really key

2415

01:48:15,400 --> 01:48:14,150

times he would say when people would ask

2416

01:48:16,750 --> 01:48:15,410

him well what do you think it is is it

2417

01:48:19,240 --> 01:48:16,760

spaceships from another planet

2418

01:48:23,050 --> 01:48:19,250

and he would say something like well I

2419

01:48:25,510 --> 01:48:23,060

don't know what it is but I I think that

2420

01:48:27,880 --> 01:48:25,520

it may be something completely new in

2421

01:48:31,000 --> 01:48:27,890

human existence it may be a whole new

2422

01:48:34,720 --> 01:48:31,010

part of nature that we have been

2423

01:48:36,250 --> 01:48:34,730

completely blind to up until now well he

2424

01:48:38,740 --> 01:48:36,260

did that kind of speculative thinking so

2425

01:48:41,010 --> 01:48:38,750

so in my mind what he's saying there is

2426

01:48:46,390 --> 01:48:41,020

kind of similar to my confuse a cat

2427

01:48:50,170 --> 01:48:46,400

analogy that somebody or something is is

2428

01:48:54,970 --> 01:48:50,180

trying to kind of keep us off-balance to

2429

01:48:56,590 --> 01:48:54,980

kind of give kind of trying trying to

2430

01:48:58,720 --> 01:48:56,600

keep us you know

2431

01:49:00,820 --> 01:48:58,730

a little bit in the dark just enough so

2432

01:49:02,710 --> 01:49:00,830

that we keep trying to find more answers

2433

01:49:03,940 --> 01:49:02,720

I don't know if that makes sense to

2434

01:49:05,290 --> 01:49:03,950

anybody but that's kind of that's the

2435

01:49:06,850 --> 01:49:05,300

kind of thinking I've developed over the

2436

01:49:09,550 --> 01:49:06,860

course of writing yeah wow that is that

2437

01:49:11,020 --> 01:49:09,560

is really interesting and I've I wonder

2438

01:49:13,060 --> 01:49:11,030

too I've said a number of times in the

2439

01:49:14,650 --> 01:49:13,070

show that you know perhaps what's going

2440

01:49:16,540 --> 01:49:14,660

on is something that we can't even think

2441

01:49:17,170 --> 01:49:16,550

of you know or have not even thought of

2442

01:49:19,750 --> 01:49:17,180

yet

2443

01:49:22,150 --> 01:49:19,760

you know we think of extraterrestrial we

2444

01:49:24,700 --> 01:49:22,160

think of interdimensional time travel

2445

01:49:29,440 --> 01:49:24,710

you name it maybe it's something else

2446

01:49:31,440 --> 01:49:29,450

entirely who knows yeah and you know

2447

01:49:36,190 --> 01:49:31,450

heineken heineken a really interesting

2448

01:49:38,080 --> 01:49:36,200

comment in 1975 he and Jacques Vallee

2449

01:49:41,470 --> 01:49:38,090

published a book called the edge of

2450

01:49:44,650 --> 01:49:41,480

reality also a fantastic read that I

2451

01:49:46,120 --> 01:49:44,660

would recommend to anybody and the book

2452

01:49:49,330 --> 01:49:46,130

a lot of the book takes the form of

2453

01:49:53,650 --> 01:49:49,340

conversations between dr. Hynek and dr.

2454

01:49:55,300 --> 01:49:53,660

filet and they talk a lot about they

2455

01:49:57,460 --> 01:49:55,310

speculate a lot in this book about the

2456

01:49:59,080 --> 01:49:57,470

true nature of the UFO phenomenon it's a

2457

01:50:00,850 --> 01:49:59,090

lot of very open-minded thinking it

2458

01:50:03,340 --> 01:50:00,860

won't appeal to some people but it

2459

01:50:05,470 --> 01:50:03,350

appeals to me but there's one point at

2460

01:50:08,170 --> 01:50:05,480

which which I know excuse me at which

2461

01:50:10,870 --> 01:50:08,180

Hynek starts he's talking about Carl

2462

01:50:13,930 --> 01:50:10,880

Sagan and how Carl Sagan was always

2463

01:50:16,900 --> 01:50:13,940

throwing a wet blanket on UFO research

2464

01:50:18,940 --> 01:50:16,910

well and dr. Hynek says well but but

2465

01:50:21,610 --> 01:50:18,950

what is Sagan no he goes none of us

2466

01:50:23,740 --> 01:50:21,620

knows how fast thought can travel

2467

01:50:24,820 --> 01:50:23,750

because Sagan would say you know he

2468

01:50:27,220 --> 01:50:24,830

would say well look at the speed of

2469

01:50:28,930 --> 01:50:27,230

light we know that nobody can go faster

2470

01:50:31,720 --> 01:50:28,940

than the speed of light so that makes

2471

01:50:33,790 --> 01:50:31,730

interstellar travel essentially

2472

01:50:37,480 --> 01:50:33,800

impossible so honey comes back and says

2473

01:50:40,360 --> 01:50:37,490

well what if it's not physical what if

2474

01:50:43,240 --> 01:50:40,370

it's what if it's how fast thought can

2475

01:50:44,860 --> 01:50:43,250

travel we don't know if thoughts top

2476

01:50:46,390 --> 01:50:44,870

speed is constrained by the speed of

2477

01:50:49,240 --> 01:50:46,400

light the speed of thought could be

2478

01:50:52,080 --> 01:50:49,250

infinitely higher and what if the UFO

2479

01:50:54,970 --> 01:50:52,090

phenomenon is as we've been discussed

2480

01:50:57,430 --> 01:50:54,980

seen here tonight this partially a

2481

01:50:59,680 --> 01:50:57,440

psychic phenomena what if it's some sort

2482

01:51:01,630 --> 01:50:59,690

of thought projection from some other

2483

01:51:05,080 --> 01:51:01,640

place we don't know but it's something

2484

01:51:07,000 --> 01:51:05,090

that is possible so you know again just

2485

01:51:09,610 --> 01:51:07,010

this really interesting expansive kind

2486

01:51:10,720 --> 01:51:09,620

of thinking like that Hynek was getting

2487

01:51:13,350 --> 01:51:10,730

into

2488

01:51:15,160 --> 01:51:13,360

late in life I just found it incredibly

2489

01:51:16,630 --> 01:51:15,170

fascinating and they and I think he's

2490

01:51:19,300 --> 01:51:16,640

got a point we don't know how fast

2491

01:51:20,920 --> 01:51:19,310

thought travels so how do we know that

2492

01:51:24,280 --> 01:51:20,930

this isn't just all a thought a thought

2493

01:51:28,390 --> 01:51:24,290

process that we are sharing with another

2494

01:51:31,150 --> 01:51:28,400

intelligence about that you know it goes

2495

01:51:35,350 --> 01:51:31,160

back to the phrase you said earlier on

2496

01:51:37,210 --> 01:51:35,360

the coin case and that is when the guy

2497

01:51:38,860 --> 01:51:37,220

said I know what I saw you know and I

2498

01:51:41,860 --> 01:51:38,870

was gonna ask you to if you ever had a

2499

01:51:43,690 --> 01:51:41,870

sighting I had a sighting and for me to

2500

01:51:46,600 --> 01:51:43,700

think that it was something to do with

2501
01:51:49,000 --> 01:51:46,610
thought you know instead of actually

2502
01:51:50,980 --> 01:51:49,010
what appeared to be in front of my eyes

2503
01:51:56,770 --> 01:51:50,990
that would be really hard pill to

2504
01:51:58,330 --> 01:51:56,780
swallow have you had a sighting I wish I

2505
01:52:00,100 --> 01:51:58,340
could say that I have I've seen I've

2506
01:52:01,900 --> 01:52:00,110
seen a few things that I thought at

2507
01:52:04,180 --> 01:52:01,910
first were UFOs but when I thought about

2508
01:52:07,900 --> 01:52:04,190
them later I realized they were probably

2509
01:52:11,410 --> 01:52:07,910
Chinese lanterns so I would say no I

2510
01:52:14,350 --> 01:52:11,420
haven't and as to what you were saying

2511
01:52:15,340 --> 01:52:14,360
about your own encounter during this

2512
01:52:19,030 --> 01:52:15,350
idea that it might just be a

2513
01:52:20,770 --> 01:52:19,040

psychological event here's here's one of

2514

01:52:22,690 --> 01:52:20,780

here's the heart of hynek's thinking

2515

01:52:24,160 --> 01:52:22,700

that went behind that he would compare

2516

01:52:27,940 --> 01:52:24,170

the UFO phenomenon to the nature of

2517

01:52:32,290 --> 01:52:27,950

light light is something that modern

2518

01:52:32,710 --> 01:52:32,300

modern physics can't really get a grip

2519

01:52:35,530 --> 01:52:32,720

on

2520

01:52:37,900 --> 01:52:35,540

because at times light behaves like a

2521

01:52:40,630 --> 01:52:37,910

wave and then other times light behaves

2522

01:52:42,550 --> 01:52:40,640

like a solid particle and it we know

2523

01:52:47,230 --> 01:52:42,560

from science tells us that it can't be

2524

01:52:49,680 --> 01:52:47,240

both and yet it does seem to be both it

2525

01:52:53,500 --> 01:52:49,690

seems to sort of change its very nature

2526

01:52:54,970 --> 01:52:53,510

depending on how its observed and how

2527

01:52:58,000 --> 01:52:54,980

its analyzed and it's something that

2528

01:53:01,960 --> 01:52:58,010

simply has not been explained yet so

2529

01:53:05,800 --> 01:53:01,970

Hine Nick would say UFOs are very very

2530

01:53:10,260 --> 01:53:05,810

similar some in in some instances says

2531

01:53:13,090 --> 01:53:10,270

if they seem to have physical

2532

01:53:14,710 --> 01:53:13,100

characteristics they can be seen they

2533

01:53:16,900 --> 01:53:14,720

can be photographed they can be tracked

2534

01:53:19,450 --> 01:53:16,910

on radar they can be shot at you can

2535

01:53:21,520 --> 01:53:19,460

throw a rock at it you know they do seem

2536

01:53:23,730 --> 01:53:21,530

to have a physical presence and yet that

2537

01:53:25,620 --> 01:53:23,740

very same UFO

2538

01:53:27,240 --> 01:53:25,630

turn around and behave like something

2539

01:53:30,210 --> 01:53:27,250

that has no physical presence at all

2540

01:53:33,560 --> 01:53:30,220

because when the event is over the UFO

2541

01:53:36,090 --> 01:53:33,570

seems to simply D materialize or

2542

01:53:37,530 --> 01:53:36,100

disappear into a pinpoint of light so

2543

01:53:38,910 --> 01:53:37,540

that was kind of high Matt hynix

2544

01:53:41,250 --> 01:53:38,920

thinking was that you know the UFO

2545

01:53:43,620 --> 01:53:41,260

phenomenon itself has that duality to it

2546

01:53:45,420 --> 01:53:43,630

just like the nature of light so that

2547

01:53:47,940 --> 01:53:45,430

was kind of how he worked his way into

2548

01:53:52,470 --> 01:53:47,950

that kind of thinking wow isn't that

2549

01:53:58,050 --> 01:53:52,480

something yeah I feel like I'm really

2550

01:54:00,660 --> 01:53:58,060

pushing you here no no no I I love

2551
01:54:02,520 --> 01:54:00,670
hearing all different aspects and to

2552
01:54:05,640 --> 01:54:02,530
hear what he actually thought about it

2553
01:54:07,410 --> 01:54:05,650
I mean it's really fascinating and I bet

2554
01:54:14,070 --> 01:54:07,420
it was really an exciting book for you

2555
01:54:15,750 --> 01:54:14,080
to write excuse me yeah it was I learned

2556
01:54:18,660 --> 01:54:15,760
a lot I changed a lot a lot of my

2557
01:54:19,980 --> 01:54:18,670
attitudes changed and can I just share

2558
01:54:21,630 --> 01:54:19,990
one story that you haven't asked about

2559
01:54:24,450 --> 01:54:21,640
this but while I'm thinking about sort

2560
01:54:25,410 --> 01:54:24,460
of what you just said about you know how

2561
01:54:27,810 --> 01:54:25,420
much fun it was writing this book

2562
01:54:29,580 --> 01:54:27,820
another really nice discovery I made

2563
01:54:30,840 --> 01:54:29,590

about dr. Hynek came when I started

2564

01:54:34,350 --> 01:54:30,850

looking through his files at

2565

01:54:36,150 --> 01:54:34,360

Northwestern University and he got a lot

2566

01:54:40,730 --> 01:54:36,160

of correspondence from people all around

2567

01:54:44,820 --> 01:54:40,740

the world who would write to him and say

2568

01:54:46,590 --> 01:54:44,830

I would like to well some people would

2569

01:54:48,510 --> 01:54:46,600

say can you please send me more

2570

01:54:49,830 --> 01:54:48,520

information about UFOs you've gotten me

2571

01:54:52,050 --> 01:54:49,840

really interested and I want to learn

2572

01:54:55,320 --> 01:54:52,060

more some people would write to him and

2573

01:54:57,390 --> 01:54:55,330

say I had a really unusual UFO event I

2574

01:54:58,560 --> 01:54:57,400

would love to tell you about it some

2575

01:55:02,690 --> 01:54:58,570

people would write to him and actually

2576

01:55:05,610 --> 01:55:02,700

say things like hey I have an idea for a

2577

01:55:07,290 --> 01:55:05,620

actual motion machine can I tell you

2578

01:55:16,500 --> 01:55:07,300

about my new theory of reality they

2579

01:55:18,000 --> 01:55:16,510

would oh ok hands a very long for email

2580

01:55:22,530 --> 01:55:18,010

a lot of these letters were handwritten

2581

01:55:23,940 --> 01:55:22,540

and they would go on bubble describing

2582

01:55:26,250 --> 01:55:23,950

their experiences are sharing their

2583

01:55:27,390 --> 01:55:26,260

thoughts with dr. Hynek and I would look

2584

01:55:29,580 --> 01:55:27,400

at these letters and I would get

2585

01:55:32,490 --> 01:55:29,590

exhausted or anything I think oh my god

2586

01:55:34,200 --> 01:55:32,500

I would I don't know how I would do this

2587

01:55:35,790 --> 01:55:34,210

I don't know if I'd be able to respond

2588

01:55:37,500 --> 01:55:35,800

to this well guess what

2589

01:55:39,180 --> 01:55:37,510

you keep looking through these files in

2590

01:55:41,700 --> 01:55:39,190

you start to see the letters that dr.

2591

01:55:43,290 --> 01:55:41,710

Hynek wrote back to these people and

2592

01:55:45,120 --> 01:55:43,300

sometimes his assistant bill powers

2593

01:55:47,339 --> 01:55:45,130

would take care of the correspondence

2594

01:55:49,410 --> 01:55:47,349

for him but whether it was dr. Hynek or

2595

01:55:51,149 --> 01:55:49,420

Bill powers who wrote the letter the

2596

01:55:57,209 --> 01:55:51,159

tone of these letters they wrote back to

2597

01:56:01,439 --> 01:55:57,219

people was uniformly a tone of respect

2598

01:56:04,140 --> 01:56:01,449

and curiosity and thumb-up fulness

2599

01:56:07,709 --> 01:56:04,150

didn't howl off the wall a person's

2600

01:56:10,740 --> 01:56:07,719

thought or story would be heineken

2601
01:56:14,069 --> 01:56:10,750
powers would always write back to that

2602
01:56:15,779 --> 01:56:14,079
person and say hey I really figured let

2603
01:56:17,490 --> 01:56:15,789
her interesting some things I want to

2604
01:56:19,049 --> 01:56:17,500
ask you about it you know this thing you

2605
01:56:21,120 --> 01:56:19,059
mentioned on page two can you be more

2606
01:56:23,669 --> 01:56:21,130
specific they would they would treat all

2607
01:56:25,740 --> 01:56:23,679
these people who wrote to them with just

2608
01:56:27,660 --> 01:56:25,750
undying respect and I was so impressed

2609
01:56:29,729 --> 01:56:27,670
by that and when I had a chance to

2610
01:56:34,169 --> 01:56:29,739
interview Bill powers shortly before he

2611
01:56:35,790 --> 01:56:34,179
passed away I brought that out to do it

2612
01:56:38,310 --> 01:56:35,800
I said I would never have been able to

2613
01:56:41,819 --> 01:56:38,320

have the patience how did you and dr.

2614

01:56:44,009 --> 01:56:41,829

Hynek keep writing back those wonderful

2615

01:56:46,350 --> 01:56:44,019

letters to these people and Bill just

2616

01:56:48,899 --> 01:56:46,360

said you know he said Ellen and I both

2617

01:56:52,020 --> 01:56:48,909

just thought that if person has an idea

2618

01:56:54,870 --> 01:56:52,030

to share or a story to tell they deserve

2619

01:56:57,120 --> 01:56:54,880

to be listened to and that was it that

2620

01:57:00,509 --> 01:56:57,130

was their secret very nice Wow that is

2621

01:57:02,729 --> 01:57:00,519

that it's so simple and yet it's so

2622

01:57:04,770 --> 01:57:02,739

powerful and so that was kind of how I

2623

01:57:07,080 --> 01:57:04,780

tried to approach things as I wrote the

2624

01:57:10,109 --> 01:57:07,090

book I tried to keep that same attitude

2625

01:57:12,060 --> 01:57:10,119

and approach about my work and we know

2626

01:57:14,339 --> 01:57:12,070

when I interviewed people when I read

2627

01:57:16,379 --> 01:57:14,349

taste reports I always wanted to look at

2628

01:57:19,169 --> 01:57:16,389

things that way so I owe them both a

2629

01:57:22,529 --> 01:57:19,179

huge debt for for establishing that

2630

01:57:25,169 --> 01:57:22,539

really wonderful high standards of out

2631

01:57:26,580 --> 01:57:25,179

of how to talk about these things well

2632

01:57:31,950 --> 01:57:26,590

we're at the end of the show do you have

2633

01:57:34,620 --> 01:57:31,960

a website my blog is high strangeness

2634

01:57:37,680 --> 01:57:34,630

UFO calm that's all one word lowercase

2635

01:57:40,379 --> 01:57:37,690

high strangeness UFO of course that's a

2636

01:57:42,540 --> 01:57:40,389

very good blog by the way I really

2637

01:57:44,970 --> 01:57:42,550

encourage I forgot that was your blog

2638

01:57:48,479 --> 01:57:44,980

yes it's very good so thanks so much

2639

01:57:51,299 --> 01:57:48,489

well and I can can I say really quickly

2640

01:57:52,709 --> 01:57:51,309

I'm starting to I just started yesterday

2641

01:57:54,839 --> 01:57:52,719

and I'm gonna continue this over the

2642

01:57:56,669 --> 01:57:54,849

coming weeks there were several parts to

2643

01:57:59,250 --> 01:57:56,679

the book that had to be edited out for

2644

01:58:01,379 --> 01:57:59,260

space and my publisher has given me the

2645

01:58:03,029 --> 01:58:01,389

go-ahead to put that material up on my

2646

01:58:05,189 --> 01:58:03,039

blog sorry follow along in the blog

2647

01:58:07,049 --> 01:58:05,199

you'll hear you'll hear some good

2648

01:58:09,329 --> 01:58:07,059

stories about Hynek that didn't make

2649

01:58:11,729 --> 01:58:09,339

excellent okay mark well thanks so much

2650

01:58:14,250 --> 01:58:11,739

really appreciate it there's a lot of

2651
01:58:17,790 --> 01:58:14,260
fun thank how are you it's been a blast

2652
01:58:19,709 --> 01:58:17,800
Martinez all right take care good night

2653
01:58:22,319 --> 01:58:19,719
alright everyone so thank you so much

2654
01:58:24,239 --> 01:58:22,329
for hanging in your either supporting

2655
01:58:26,669 --> 01:58:24,249
the show you're listening live or on the

2656
01:58:30,989 --> 01:58:26,679
dark matter digital network thank you

2657
01:58:34,609 --> 01:58:30,999
all and next week we have a event I

2658
01:58:37,109 --> 01:58:34,619
think is Venezuelan or a Brazilian I

2659
01:58:39,469 --> 01:58:37,119
can't remember South American I will

2660
01:58:45,750 --> 01:58:39,479
tell you that he is a UFO researcher and

2661
01:58:49,709 --> 01:58:45,760
it's Tiago Lewis tkt and he'll be on

2662
01:58:51,209 --> 01:58:49,719
he's actually very interesting and I

2663
01:58:54,719 --> 01:58:51,219

think it'll be a great show next week

2664

01:58:56,609 --> 01:58:54,729

hope you come back for that again if

2665

01:58:59,250 --> 01:58:56,619

you're supporting the show I want to

2666

01:59:11,520 --> 01:58:59,260

thank you so much and remember everyone

2667

01:59:15,509 --> 01:59:11,530

to keep your eyes to the sky and my my

2668

01:59:18,329 --> 01:59:15,519

musics not playing so let me see that's

2669

01:59:19,500 --> 01:59:18,339

it so everyone thanks so much I'll have

2670

01:59:22,529 --> 01:59:19,510

to figure out what's going on with that
