[Music]

2  
00:00:24,800 --> 00:00:22,440

hey everyone this is Martin Willis your

3  
00:00:27,929 --> 00:00:24,810

host welcome to the everything else show

4  
00:00:30,150 --> 00:00:27,939

now at just a couple of announcements we

5  
00:00:33,210 --> 00:00:30,160

have a great guest of this evening

6  
00:00:35,400 --> 00:00:33,220

his name is Denver Michaels and he is

7  
00:00:36,900 --> 00:00:35,410

going to be talking mostly about Lake

8  
00:00:38,460 --> 00:00:36,910

Monsters he's written a number of books

9  
00:00:40,470 --> 00:00:38,470

are gonna be talking about that

10  
00:00:42,450 --> 00:00:40,480

I think he's got three books that he's

11  
00:00:44,280 --> 00:00:42,460

written the last couple of years so

12  
00:00:46,890 --> 00:00:44,290

we're gonna be talking about his books

13  
00:00:51,299 --> 00:00:46,900

but I wanted to also say that these

14

00:00:53,579 --> 00:00:51,309

shows I do are for the different types

15

00:00:56,000 --> 00:00:53,589

of topics that I find interesting it's

16

00:00:58,740 --> 00:00:56,010

not always easy to get guests and it's

17

00:01:01,770 --> 00:00:58,750

it's really difficult for me to do two

18

00:01:04,979 --> 00:01:01,780

shows a week I do the the UFO show every

19

00:01:07,770 --> 00:01:04,989

Wednesday and this show on Mondays it's

20

00:01:09,390 --> 00:01:07,780

difficult I'm going to do I'm going to

21

00:01:11,070 --> 00:01:09,400

do them when it's convenient it works

22

00:01:13,170 --> 00:01:11,080

out and there's topics that I want to

23

00:01:15,300 --> 00:01:13,180

listen to I know that sounds like a real

24

00:01:17,520 --> 00:01:15,310

loose commitment but I have a number of

25

00:01:20,940 --> 00:01:17,530

shows racked up now about three or four

26

00:01:23,399 --> 00:01:20,950

of them that are coming up so I will be

27

00:01:26,160 --> 00:01:23,409

running shows but not every Monday night

28

00:01:28,859 --> 00:01:26,170

that's how I'm going to put it my work

29

00:01:32,160 --> 00:01:28,869

has gotten very very intense right now

30

00:01:33,870 --> 00:01:32,170

so I will do what I can and we'll see

31

00:01:37,410 --> 00:01:33,880

you here on Monday nights when I can be

32

00:01:40,919 --> 00:01:37,420

here tonight we are going to be talking

33

00:01:43,139 --> 00:01:40,929

again about Lake Monsters Denver

34

00:01:45,840 --> 00:01:43,149

Michaels has written a couple of books

35

00:01:48,989 --> 00:01:45,850

one of them being water monsters south

36

00:01:50,669 --> 00:01:48,999

of the border another one is people are

37

00:01:52,230 --> 00:01:50,679

seeing something a survey of Lake

38

00:01:54,480 --> 00:01:52,240

## Monsters in the United States and Canada

39

00:01:57,539 --> 00:01:54,490

in his recent book wild and wonderful

40

00:02:00,929 --> 00:01:57,549

and paranormal West Virginia Denver how

41

00:02:02,489 --> 00:02:00,939

are you welcome to the show okay I'm

42

00:02:04,200 --> 00:02:02,499

doing good thanks for having me on thank

43

00:02:06,959 --> 00:02:04,210

you I appreciate it and I appreciate

44

00:02:08,969 --> 00:02:06,969

your patience because I know when I left

45

00:02:11,370 --> 00:02:08,979

to Russia things were changed around a

46

00:02:14,720 --> 00:02:11,380

lot and I think I think we arrange your

47

00:02:18,030 --> 00:02:14,730

schedule like five times

48

00:02:20,370 --> 00:02:18,040

really I'm pretty easy but I can usually

49

00:02:23,400 --> 00:02:20,380

you know I can usually come a day it's

50

00:02:26,010 --> 00:02:23,410

usually not so hey what got you

51  
00:02:30,630 --> 00:02:26,020  
interested in the first place in writing

52  
00:02:31,500 --> 00:02:30,640  
about these topics well you know is one

53  
00:02:33,690 --> 00:02:31,510  
of those things

54  
00:02:37,979 --> 00:02:33,700  
ever since I was a kid I've been

55  
00:02:40,080 --> 00:02:37,989  
interested in you know paranormal topics

56  
00:02:43,430 --> 00:02:40,090  
just you know fringe tight topics that

57  
00:02:47,940 --> 00:02:43,440  
sort of thing and and Lake Monsters

58  
00:02:50,520 --> 00:02:47,950  
specifically I kind of really kind of

59  
00:02:52,770 --> 00:02:50,530  
got introduced to that through an

60  
00:02:54,509 --> 00:02:52,780  
unsolved mysteries episode kind of

61  
00:02:56,820 --> 00:02:54,519  
dating myself you know that was my

62  
00:02:59,729 --> 00:02:56,830  
favorite show back in high school and I

63  
00:03:03,690 --> 00:02:59,739

remember uh they did an episode on the

64

00:03:05,970 --> 00:03:03,700

Ogopogo and I can remember to this day

65

00:03:08,610 --> 00:03:05,980

you know Robert Stack had a had a

66

00:03:11,400 --> 00:03:08,620

graphic up with all these little dots on

67

00:03:13,650 --> 00:03:11,410

it of all these lake monster locations

68

00:03:16,349 --> 00:03:13,660

around the world you know and I'd really

69

00:03:18,449 --> 00:03:16,359

you know kind of yeah you knew about the

70

00:03:20,910 --> 00:03:18,459

Loch Ness monster but I didn't know it

71

00:03:21,569 --> 00:03:20,920

was so widespread you know and so I just

72

00:03:24,270 --> 00:03:21,579

um

73

00:03:27,089 --> 00:03:24,280

just kind of got into it and then just

74

00:03:30,360 --> 00:03:27,099

over the years uh just ran up as much as

75

00:03:33,059 --> 00:03:30,370

I could and things like that and uh you

76

00:03:35,780 --> 00:03:33,069

know a couple years ago three or four

77

00:03:38,129 --> 00:03:35,790

years ago after I turned 40 I kind of

78

00:03:40,530 --> 00:03:38,139

you know I'd always wanted to write a

79

00:03:42,330 --> 00:03:40,540

book you know and just kind of like why

80

00:03:45,720 --> 00:03:42,340

don't I write a book on lake monsters

81

00:03:48,509 --> 00:03:45,730

these guys took all right yeah I really

82

00:03:51,059 --> 00:03:48,519

liked unsolved mysteries as well there

83

00:03:52,470 --> 00:03:51,069

was yeah they did a really good job you

84

00:03:56,400 --> 00:03:52,480

know I've talked to a number of people

85

00:03:58,559 --> 00:03:56,410

on different incidences in other words

86

00:04:00,390 --> 00:03:58,569

Rendlesham forest and things like that

87

00:04:03,330 --> 00:04:00,400

and they they said that you know they

88

00:04:05,970 --> 00:04:03,340

acted an excellent job no no overdoing

89

00:04:08,280 --> 00:04:05,980

no exaggerating or very little of it and

90

00:04:10,470 --> 00:04:08,290

that seldom happens in a show like that

91

00:04:15,599 --> 00:04:10,480

usually they really you know add a lot

92

00:04:18,180 --> 00:04:15,609

to it so yeah yeah so I find this I've

93

00:04:20,909 --> 00:04:18,190

always found this interesting the Loch

94

00:04:25,350 --> 00:04:20,919

Ness monster had me intrigued since I

95

00:04:27,360 --> 00:04:25,360

was a really young and but there's some

96

00:04:29,909 --> 00:04:27,370

controversy about the famous picture

97

00:04:31,320 --> 00:04:29,919

some people saying that it is a hoax um

98

00:04:33,270 --> 00:04:31,330

people are saying it's not a hoax

99

00:04:38,000 --> 00:04:33,280

what are your thoughts about that in

100

00:04:40,920 --> 00:04:38,010

particular as far as I can tell I mean

101  
00:04:42,750 --> 00:04:40,930  
it's it seems like that that picture I

102  
00:04:43,790 --> 00:04:42,760  
think they they kind of call it the

103  
00:04:46,790 --> 00:04:43,800  
surgeon's for

104  
00:04:49,100 --> 00:04:46,800  
though the iconic picture like the neck

105  
00:04:52,879 --> 00:04:49,110  
sticking out of the water

106  
00:04:55,670 --> 00:04:52,889  
you know I from everything that I've

107  
00:04:57,680 --> 00:04:55,680  
been able to kind of read on it and

108  
00:05:00,290 --> 00:04:57,690  
everything it seems like it I kind of

109  
00:05:03,890 --> 00:05:00,300  
leaned toward more it being a hoax but

110  
00:05:06,170 --> 00:05:03,900  
with that being said I don't think the

111  
00:05:08,659 --> 00:05:06,180  
Loch Ness monster itself is you know

112  
00:05:10,640 --> 00:05:08,669  
necessarily a hoax I think that you know

113  
00:05:14,689 --> 00:05:10,650

just because a you know a few pictures

114

00:05:17,120 --> 00:05:14,699

or what-have-you or faked that you know

115

00:05:20,629 --> 00:05:17,130

to me that doesn't you know take away

116

00:05:24,589 --> 00:05:20,639

from from the plausibility of the

117

00:05:26,330 --> 00:05:24,599

creatures you know and you know right

118

00:05:28,309 --> 00:05:26,340

off the bat I want to say what are

119

00:05:31,159 --> 00:05:28,319

people thinking these are left over

120

00:05:34,309 --> 00:05:31,169

dinosaurs is that what that is that what

121

00:05:36,709 --> 00:05:34,319

they're thinking that's I mean you know

122

00:05:39,439 --> 00:05:36,719

there's different camps on it and that's

123

00:05:41,869 --> 00:05:39,449

kind of the that's kind of the camp that

124

00:05:44,990 --> 00:05:41,879

I you know come down on that you know

125

00:05:47,839 --> 00:05:45,000

something that a you know should be

126

00:05:50,839 --> 00:05:47,849

extinct or we think is extinct but you

127

00:05:54,290 --> 00:05:50,849

know there's for whatever reason of a

128

00:05:56,059 --> 00:05:54,300

few holdovers of managed to survive into

129

00:06:01,149 --> 00:05:56,069

the present day I mean there's a lot of

130

00:06:03,950 --> 00:06:01,159

other I've heard some other theories of

131

00:06:06,439 --> 00:06:03,960

some think that these things are you

132

00:06:10,490 --> 00:06:06,449

know some kind of like giant salamander

133

00:06:13,249 --> 00:06:10,500

type thing giant eel heard that and then

134

00:06:15,320 --> 00:06:13,259

a lot of people think that it's it's not

135

00:06:17,120 --> 00:06:15,330

a flesh-and-blood creature at all that

136

00:06:20,450 --> 00:06:17,130

we're talking about but something more

137

00:06:23,659 --> 00:06:20,460

than a yeah like paranormal realm you

138

00:06:26,120 --> 00:06:23,669

know or like an apparition or whatever

139

00:06:28,969 --> 00:06:26,130

for the lack of a better term out Wow

140

00:06:31,399 --> 00:06:28,979

you know we just I lived up on Lake

141

00:06:34,730 --> 00:06:31,409

Tahoe for a while and that is extremely

142

00:06:36,320 --> 00:06:34,740

deep I think it's 1400 feet deep and I

143

00:06:37,939 --> 00:06:36,330

just remember you know a lot of times I

144

00:06:41,269 --> 00:06:37,949

go swimming it's very cold like by the

145

00:06:43,159 --> 00:06:41,279

way but yeah a lot of times I I'd go

146

00:06:45,409 --> 00:06:43,169

swimming and you know I always get this

147

00:06:48,649 --> 00:06:45,419

feeling like you know the so far below

148

00:06:49,969 --> 00:06:48,659

you and anything could be there I don't

149

00:06:51,829 --> 00:06:49,979

know if anyone's ever seen anything on

150

00:06:54,950 --> 00:06:51,839

Lake Tahoe but I know that a lot of

151  
00:06:57,139 --> 00:06:54,960  
major bodies of water in the world

152  
00:06:57,620 --> 00:06:57,149  
people have seen things you know and

153  
00:07:00,020 --> 00:06:57,630  
then you go

154  
00:07:01,880 --> 00:07:00,030  
back into historical times and they were

155  
00:07:03,920 --> 00:07:01,890  
talking about mermaids and sea serpents

156  
00:07:07,250 --> 00:07:03,930  
you know as they're crossing the ocean

157  
00:07:10,070 --> 00:07:07,260  
hundreds and hundreds of years ago as

158  
00:07:12,920 --> 00:07:10,080  
far as the lake monsters reported

159  
00:07:18,380 --> 00:07:12,930  
historically do you know how early of

160  
00:07:22,940 --> 00:07:18,390  
ones have been reported well I mean if

161  
00:07:25,810 --> 00:07:22,950  
you if you go back like in the say Lake

162  
00:07:29,630 --> 00:07:25,820  
Champlain for instance up in Vermont

163  
00:07:35,390 --> 00:07:29,640

there's documented reports there from I

164

00:07:38,120 --> 00:07:35,400

believe from the 1600s and like Okanagan

165

00:07:41,570 --> 00:07:38,130

Lake you know where the Ogopogo lives up

166

00:07:45,350 --> 00:07:41,580

in British Columbia you know as soon as

167

00:07:48,590 --> 00:07:45,360

you know European explorers and settlers

168

00:07:50,750 --> 00:07:48,600

or you know moved in there yeah they

169

00:07:53,060 --> 00:07:50,760

started seeing things and there were you

170

00:07:55,880 --> 00:07:53,070

know native the native people there had

171

00:07:58,340 --> 00:07:55,890

a lot of legends and then you know a lot

172

00:08:01,600 --> 00:07:58,350

of these places on like a British

173

00:08:04,820 --> 00:08:01,610

Columbia and you know again back in the

174

00:08:07,250 --> 00:08:04,830

Lake Champlain era Quebec New York

175

00:08:09,080 --> 00:08:07,260

Vermont there's there's petroglyphs and

176

00:08:12,950 --> 00:08:09,090

things yeah

177

00:08:15,800 --> 00:08:12,960

like it looks like you know a giant lake

178

00:08:18,800 --> 00:08:15,810

monster you know so so you know these

179

00:08:21,680 --> 00:08:18,810

these tales they go way back you know

180

00:08:24,350 --> 00:08:21,690

that the documented reports I mean a lot

181

00:08:27,950 --> 00:08:24,360

of those you know they they come with

182

00:08:29,120 --> 00:08:27,960

the early early settlers in areas right

183

00:08:31,820 --> 00:08:29,130

right

184

00:08:34,779 --> 00:08:31,830

and Lake Champlain do they call that

185

00:08:37,880 --> 00:08:34,789

champy right is that what they call ya

186

00:08:39,830 --> 00:08:37,890

champ champion yeah has anyone ever

187

00:08:43,040 --> 00:08:39,840

taken a picture of that one in

188

00:08:44,300 --> 00:08:43,050

particular that you're aware of yeah

189

00:08:46,340 --> 00:08:44,310

there's there's actually lots of

190

00:08:48,770 --> 00:08:46,350

pictures on there's lots of videos

191

00:08:51,800 --> 00:08:48,780

there's lots of pictures of course it's

192

00:08:54,440 --> 00:08:51,810

uh you know it's hard to a lot of times

193

00:08:57,650 --> 00:08:54,450

trust what you're what you're looking at

194

00:09:01,460 --> 00:08:57,660

but there's a very famous photograph the

195

00:09:05,330 --> 00:09:01,470

Mansi photographs and romancey I believe

196

00:09:08,540 --> 00:09:05,340

it was 1977 she took a picture that you

197

00:09:10,520 --> 00:09:08,550

know a lot of people try to debunk it

198

00:09:11,090 --> 00:09:10,530

and say it's a you you know like a stone

199

00:09:14,870 --> 00:09:11,100

or

200

00:09:18,530 --> 00:09:14,880

looks kind of like the you know the

201  
00:09:22,070 --> 00:09:18,540  
knack of a dinosaur like creature and

202  
00:09:24,620 --> 00:09:22,080  
the photos been analyzed so you know it

203  
00:09:26,630 --> 00:09:24,630  
may not be a lake monster but its it's

204  
00:09:28,730 --> 00:09:26,640  
not you know it's not a fake it's you

205  
00:09:30,500 --> 00:09:28,740  
know it's authentic it's been analyzed

206  
00:09:33,050 --> 00:09:30,510  
and and you know there's there's quite a

207  
00:09:38,150 --> 00:09:33,060  
few photographs like that out there you

208  
00:09:41,270 --> 00:09:38,160  
know the different locations to you know

209  
00:09:44,180 --> 00:09:41,280  
up in Aachen augen Lake there's been a

210  
00:09:46,430 --> 00:09:44,190  
lot of you know photos there so yeah

211  
00:09:48,290 --> 00:09:46,440  
there are there are pictures um in a lot

212  
00:09:50,450 --> 00:09:48,300  
of the modern-day pictures I kind of

213  
00:09:53,690 --> 00:09:50,460

like the older ones myself because

214

00:09:56,240 --> 00:09:53,700

nowadays with you know that anybody can

215

00:09:58,460 --> 00:09:56,250

you know can Photoshop you know pretty

216

00:10:00,350 --> 00:09:58,470

easily in today's but yeah there's

217

00:10:02,750 --> 00:10:00,360

there's yeah there have been you know

218

00:10:05,090 --> 00:10:02,760

quite a few pictures but you know

219

00:10:07,460 --> 00:10:05,100

smoking gun yeah that's always the

220

00:10:10,190 --> 00:10:07,470

problem with about anything in this in

221

00:10:14,720 --> 00:10:10,200

this realm there's no smoking gun you

222

00:10:17,440 --> 00:10:14,730

know not yet as of yet I got lost on a

223

00:10:20,690 --> 00:10:17,450

lake champlain I had an antique boat

224

00:10:24,560 --> 00:10:20,700

that I took there with a girlfriend at

225

00:10:26,660 --> 00:10:24,570

the time and we went way out on some

226

00:10:29,090 --> 00:10:26,670

Island we went swimming and the day got

227

00:10:31,250 --> 00:10:29,100

longer and longer and I thought wow they

228

00:10:33,560 --> 00:10:31,260

would be really fun to putt around at

229

00:10:35,900 --> 00:10:33,570

night so I started putting around at

230

00:10:37,490 --> 00:10:35,910

night and I it took me until I think it

231

00:10:39,950 --> 00:10:37,500

was three o'clock in the morning by the

232

00:10:42,860 --> 00:10:39,960

time I found my way back that is a huge

233

00:10:44,780 --> 00:10:42,870

lake and I did get into coves that there

234

00:10:48,050 --> 00:10:44,790

were a lot of like stump sticking up and

235

00:10:50,020 --> 00:10:48,060

things like that so was that in

236

00:10:53,240 --> 00:10:50,030

particular was that as far as you know

237

00:10:55,130 --> 00:10:53,250

one that was flooded or has that always

238

00:10:58,940 --> 00:10:55,140

just been a large lake like a glacier or

239

00:11:01,640 --> 00:10:58,950

lake and I think it's a it's a it's a

240

00:11:04,760 --> 00:11:01,650

glacial lake but I think if I'm if I'm

241

00:11:07,250 --> 00:11:04,770

remembering right that whole area there

242

00:11:09,890 --> 00:11:07,260

was underwater at you know at some point

243

00:11:12,980 --> 00:11:09,900

in the past so it is a glacial lake but

244

00:11:15,710 --> 00:11:12,990

but then I believe that entire area was

245

00:11:19,250 --> 00:11:15,720

you know like a shallow sea at some

246

00:11:21,800 --> 00:11:19,260

point I see and it's that's true of a

247

00:11:23,480 --> 00:11:21,810

lot of these lakes you know that that

248

00:11:25,340 --> 00:11:23,490

had these sightings you know they were

249

00:11:28,280 --> 00:11:25,350

either you know glazed

250

00:11:30,860 --> 00:11:28,290

Lakes or else you know part of you know

251

00:11:33,980 --> 00:11:30,870

like an inland city you know a lot of

252

00:11:37,400 --> 00:11:33,990

these ladies know there was one one a

253

00:11:41,630 --> 00:11:37,410

lake monster that was seen that I was

254

00:11:45,550 --> 00:11:41,640

listening to briefly that was actually

255

00:11:49,310 --> 00:11:45,560

they flooded like a town for a reservoir

256

00:11:51,350 --> 00:11:49,320

and so they've seen one since you know

257

00:11:53,390 --> 00:11:51,360

this town this dam was built and it was

258

00:11:55,640 --> 00:11:53,400

flooded not to say that there wasn't

259

00:11:59,090 --> 00:11:55,650

some type of lake there before but I

260

00:12:00,980 --> 00:11:59,100

just thought that was that one was kind

261

00:12:03,320 --> 00:12:00,990

of in particular was kind of a tough one

262

00:12:05,420 --> 00:12:03,330

to swallow if it wasn't you know a lake

263

00:12:08,840 --> 00:12:05,430

there for a long time because you would

264

00:12:11,750 --> 00:12:08,850

think yeah yeah yeah that's that's

265

00:12:14,150 --> 00:12:11,760

that's true like Lake Norman North

266

00:12:16,100 --> 00:12:14,160

Carolina there's a supposed to be it

267

00:12:19,340 --> 00:12:16,110

there's a lot of sightings of like a

268

00:12:23,020 --> 00:12:19,350

lake monster down there Harrington lake

269

00:12:25,100 --> 00:12:23,030

and Kentucky the same thing there

270

00:12:27,800 --> 00:12:25,110

there's a there's a lake down in

271

00:12:30,560 --> 00:12:27,810

Argentina that you know it began a

272

00:12:32,600 --> 00:12:30,570

man-made lake and you know people report

273

00:12:34,610 --> 00:12:32,610

seeing things in there so yeah I'm kind

274

00:12:36,980 --> 00:12:34,620

of kind of with you it's it's hard to do

275

00:12:39,950 --> 00:12:36,990

them you know it's hard to believe but

276

00:12:42,650 --> 00:12:39,960

at the same time you know there are some

277

00:12:44,360 --> 00:12:42,660

anomalies even in these man-made Lakes

278

00:12:48,440 --> 00:12:44,370

what do you think I know if they've done

279

00:12:52,250 --> 00:12:48,450

a lot of searching and research on at

280

00:12:57,410 --> 00:12:52,260

Lake Ness Loch Ness

281

00:13:00,410 --> 00:12:57,420

so in Scotland heavy ever have they ever

282

00:13:02,930 --> 00:13:00,420

picked up anything on radar that as far

283

00:13:06,590 --> 00:13:02,940

as you know that was unexplainable or

284

00:13:08,840 --> 00:13:06,600

anything like that you know I mean I've

285

00:13:11,420 --> 00:13:08,850

heard of a lot of you know sonar imagery

286

00:13:16,220 --> 00:13:11,430

and that sort of thing yeah that's been

287

00:13:22,520 --> 00:13:16,230

you know you know like things that are

288

00:13:24,950 --> 00:13:22,530

you know third and definitely not got a

289

00:13:27,800 --> 00:13:24,960

fish you know there have been a you know

290

00:13:29,540 --> 00:13:27,810

a lot of those I don't know about a lot

291

00:13:32,480 --> 00:13:29,550

but you know I have heard several

292

00:13:37,130 --> 00:13:32,490

instances of that and yeah Loch Ness end

293

00:13:39,020 --> 00:13:37,140

a lot of other lakes you know to and

294

00:13:41,990 --> 00:13:39,030

I've had people

295

00:13:44,060 --> 00:13:42,000

had one person contact me shortly after

296

00:13:46,160 --> 00:13:44,070

I wrote my first book and you know he

297

00:13:49,340 --> 00:13:46,170

was talking about he was out on Lake

298

00:13:52,370 --> 00:13:49,350

Champlain and they picked up a like a

299

00:13:56,210 --> 00:13:52,380

sonar image of something yeah you know

300

00:13:58,340 --> 00:13:56,220

25 feet long that thereabouts so yeah

301  
00:14:00,110 --> 00:13:58,350  
that that does happen you know again

302  
00:14:03,200 --> 00:14:00,120  
though there's never really been any

303  
00:14:06,350 --> 00:14:03,210  
kind of smoking gun but yeah those those

304  
00:14:10,430 --> 00:14:06,360  
things do occur quite a bit what and

305  
00:14:13,610 --> 00:14:10,440  
other parts of let's say paranormal or

306  
00:14:18,770 --> 00:14:13,620  
even UFOs or things like that we always

307  
00:14:20,420 --> 00:14:18,780  
rely on witness testimony so I guess I

308  
00:14:22,780 --> 00:14:20,430  
would want to ask you this question what

309  
00:14:27,880 --> 00:14:22,790  
what would you consider is the best

310  
00:14:36,310 --> 00:14:31,580  
well there's been a number of you know

311  
00:14:38,960 --> 00:14:36,320  
these these reports you know by by I

312  
00:14:43,070 --> 00:14:38,970  
really like when you get a like an

313  
00:14:46,070 --> 00:14:43,080

eyewitness account like say and you know

314

00:14:47,900 --> 00:14:46,080

not to put one profession above another

315

00:14:49,460 --> 00:14:47,910

or anything like that but you know like

316

00:14:53,330 --> 00:14:49,470

when you get reports like from police

317

00:14:55,880 --> 00:14:53,340

officers and the reason I'd like to get

318

00:14:57,830 --> 00:14:55,890

you know read about their testimony

319

00:15:01,220 --> 00:14:57,840

because they're they're trained to

320

00:15:03,320 --> 00:15:01,230

observe things that happen quickly you

321

00:15:04,700 --> 00:15:03,330

know in their line of work they have to

322

00:15:07,310 --> 00:15:04,710

you know they've got to be on the

323

00:15:09,710 --> 00:15:07,320

witness stand and recount in court you

324

00:15:11,390 --> 00:15:09,720

know things that that they've that

325

00:15:14,090 --> 00:15:11,400

they've witnessed and so so you know

326

00:15:16,460 --> 00:15:14,100

they are trained observers of things

327

00:15:19,790 --> 00:15:16,470

that happen you know split-second boom

328

00:15:21,260 --> 00:15:19,800

boom you know so so when you get reports

329

00:15:24,080 --> 00:15:21,270

from you know like police officers

330

00:15:25,790 --> 00:15:24,090

things like that that really you know

331

00:15:31,070 --> 00:15:25,800

that really kind of hits home with me

332

00:15:33,080 --> 00:15:31,080

and and then on top of that you know for

333

00:15:34,850 --> 00:15:33,090

them to come forward you know when they

334

00:15:37,430 --> 00:15:34,860

do come forward we know with their name

335

00:15:39,410 --> 00:15:37,440

and that sort of thing that you know

336

00:15:40,880 --> 00:15:39,420

that that's kind of they're really kind

337

00:15:43,190 --> 00:15:40,890

of sticking their neck out there with

338

00:15:45,590 --> 00:15:43,200

their credibility and stuff so that that

339

00:15:47,780 --> 00:15:45,600

really you know maybe it wasn't a lake

340

00:15:50,570 --> 00:15:47,790

monster they saw but they definitely saw

341

00:15:52,670 --> 00:15:50,580

something that you know was strange now

342

00:15:55,430 --> 00:15:52,680

do any of these things cross over

343

00:15:58,400 --> 00:15:55,440

- ocean sightings you know similar

344

00:16:02,360 --> 00:15:58,410

sightings that people see in ocean and

345

00:16:04,430 --> 00:16:02,370

contemporary times yeah I mean there are

346

00:16:06,860 --> 00:16:04,440

you know a lot of the lake monster

347

00:16:10,100 --> 00:16:06,870

you know the descriptions of Lake

348

00:16:14,030 --> 00:16:10,110

Monsters are often you know quite

349

00:16:16,220 --> 00:16:14,040

similar if not at times identical do

350

00:16:19,340 --> 00:16:16,230

some of the things that that are

351  
00:16:22,460 --> 00:16:19,350  
reported in the oceans as well so then

352  
00:16:24,290 --> 00:16:22,470  
that leads a lot of speculation a lot of

353  
00:16:26,810 --> 00:16:24,300  
these lakes are rumored to have these

354  
00:16:29,600 --> 00:16:26,820  
underground passages that lead out to

355  
00:16:32,600 --> 00:16:29,610  
the sea that's that's a rumor with the

356  
00:16:35,540 --> 00:16:32,610  
Loch Ness Lake Champlain Okanagan Lake

357  
00:16:37,970 --> 00:16:35,550  
and others so you know that's always

358  
00:16:39,769 --> 00:16:37,980  
something you know I kind of keep in the

359  
00:16:42,530 --> 00:16:39,779  
back of my mind if there if there was

360  
00:16:44,840 --> 00:16:42,540  
some sort of you know passage you know

361  
00:16:46,790 --> 00:16:44,850  
to get to the sea that maybe that's why

362  
00:16:49,699 --> 00:16:46,800  
you don't yeah you don't see these

363  
00:16:52,340 --> 00:16:49,709

things regularly you know and they've

364

00:16:53,840 --> 00:16:52,350

got that travel route but yeah and a lot

365

00:16:56,840 --> 00:16:53,850

of times the you know the sea you know

366

00:16:58,699 --> 00:16:56,850

the sea serpents a lot of times they the

367

00:17:01,250 --> 00:16:58,709

reports of those or sometimes a lot

368

00:17:03,380 --> 00:17:01,260

bigger than the lake monsters you know

369

00:17:06,260 --> 00:17:03,390

sometimes you know people who report

370

00:17:07,970 --> 00:17:06,270

them being over 100 feet but uh you know

371

00:17:10,549 --> 00:17:07,980

uh a lot of times they're they're pretty

372

00:17:13,160 --> 00:17:10,559

close to the lake monster description a

373

00:17:15,919 --> 00:17:13,170

live you know there's there's mysteries

374

00:17:20,350 --> 00:17:15,929

with the the giant squid that could be

375

00:17:23,720 --> 00:17:20,360

just you know absolutely huge yeah so

376

00:17:26,600 --> 00:17:23,730

yeah and there's just you know the sea

377

00:17:29,660 --> 00:17:26,610

for instance the ocean is just so

378

00:17:31,130 --> 00:17:29,670

unexplored I mean I think yeah I've

379

00:17:33,080 --> 00:17:31,140

heard it said that we know more about

380

00:17:36,890 --> 00:17:33,090

the moon's surface and we do about the

381

00:17:40,790 --> 00:17:36,900

ocean floor yeah yeah and it's it's so

382

00:17:42,860 --> 00:17:40,800

it's so deep and and in in places and

383

00:17:44,870 --> 00:17:42,870

you know there's just there there's not

384

00:17:47,360 --> 00:17:44,880

a lot a lot of way to know what's really

385

00:17:50,540 --> 00:17:47,370

down there and and you know a lot of a

386

00:17:53,630 --> 00:17:50,550

lot of the the species they find you

387

00:17:56,450 --> 00:17:53,640

know in the real depths it looks like

388

00:18:00,620 --> 00:17:56,460

alien life Omo it doesn't even look

389

00:18:04,730 --> 00:18:00,630

really right now does is there any type

390

00:18:06,169 --> 00:18:04,740

of correlation to the depth of a lake as

391

00:18:08,509 --> 00:18:06,179

far as what

392

00:18:12,769 --> 00:18:08,519

are as far as people sing menthe and

393

00:18:14,590 --> 00:18:12,779

Lake Monsters there well I think that

394

00:18:17,480 --> 00:18:14,600

there is and that's not to say that

395

00:18:20,539 --> 00:18:17,490

things aren't seen in shallow lakes

396

00:18:22,759 --> 00:18:20,549

because you know you do get sightings

397

00:18:25,129 --> 00:18:22,769

and shallow lakes just like we were

398

00:18:27,169 --> 00:18:25,139

talking a moment ago man-made lakes and

399

00:18:30,409 --> 00:18:27,179

things but you know the bulk of your

400

00:18:32,690 --> 00:18:30,419

sightings or in these glacial lakes and

401  
00:18:37,519 --> 00:18:32,700  
they are normally very deep you know I

402  
00:18:40,669 --> 00:18:37,529  
think I think Loch Ness is um 750 feet

403  
00:18:44,389 --> 00:18:40,679  
deep thereabouts Lake Champlain I think

404  
00:18:46,970 --> 00:18:44,399  
like 450 remember how deep Bakken OGG

405  
00:18:50,899 --> 00:18:46,980  
and late gets but I know it's it's well

406  
00:18:53,389 --> 00:18:50,909  
over 200 feet deep so yeah these these

407  
00:18:56,840 --> 00:18:53,399  
really deep lakes and Lake Tahoe you

408  
00:19:00,499 --> 00:18:56,850  
know like you were saying from you know

409  
00:19:02,330 --> 00:19:00,509  
14 15 however deep it is I know it's

410  
00:19:05,379 --> 00:19:02,340  
really deep but yeah there's sightings

411  
00:19:08,899 --> 00:19:05,389  
there as well and so these these deep

412  
00:19:11,239 --> 00:19:08,909  
glacial lakes for whatever reason there

413  
00:19:13,249 --> 00:19:11,249

there's a correlation there for sure so

414

00:19:15,649 --> 00:19:13,259

actually I I didn't know that there were

415

00:19:19,669 --> 00:19:15,659

actually sightings on lake tahoe there

416

00:19:22,430 --> 00:19:19,679

actually happen yeah yeah they're

417

00:19:24,889 --> 00:19:22,440

they're not as common or there's not as

418

00:19:27,200 --> 00:19:24,899

many as you know say Lake Champlain but

419

00:19:29,180 --> 00:19:27,210

yeah there's definitely quite a few

420

00:19:32,330 --> 00:19:29,190

reports from there and I actually

421

00:19:34,549 --> 00:19:32,340

included a little section on on Lake

422

00:19:36,759 --> 00:19:34,559

Tahoe and in my first book people are

423

00:19:38,810 --> 00:19:36,769

seeing something and yeah there's

424

00:19:41,629 --> 00:19:38,820

there's there's been a number of

425

00:19:46,570 --> 00:19:41,639

sightings in a couple by divers there's

426

00:19:50,779 --> 00:19:46,580

been you know strange just a lot of

427

00:19:54,200 --> 00:19:50,789

strange reports of you know these the

428

00:19:57,409 --> 00:19:54,210

lake monster stares it's really uh it's

429

00:19:59,659 --> 00:19:57,419

the phenomenon is really widespread I

430

00:20:02,810 --> 00:19:59,669

mean if you you know most of these big

431

00:20:04,999 --> 00:20:02,820

big lakes like that there's um there's

432

00:20:07,730 --> 00:20:05,009

usually at least been a few reports and

433

00:20:10,789 --> 00:20:07,740

I was talking to divers your years ago

434

00:20:13,909 --> 00:20:10,799

from university that were exploring the

435

00:20:16,519 --> 00:20:13,919

bottom of a lake in Maine called Great

436

00:20:19,520 --> 00:20:16,529

East Lake now it's only 200 some odd

437

00:20:21,289 --> 00:20:19,530

feet deep it's not a real real deep lake

438

00:20:23,120 --> 00:20:21,299

when I was talking to this guy he was

439

00:20:27,409 --> 00:20:23,130

saying there was these little caverns

440

00:20:29,930 --> 00:20:27,419

like at the bottom and he went in with a

441

00:20:31,850 --> 00:20:29,940

light and and one and saw what he

442

00:20:34,600 --> 00:20:31,860

considered was about an 80-pound

443

00:20:37,730 --> 00:20:34,610

called it a taupe he said it's like a

444

00:20:41,930 --> 00:20:37,740

large lake trout that just you know

445

00:20:44,029 --> 00:20:41,940

grows and grows and and so you know it's

446

00:20:46,669 --> 00:20:44,039

just amazing they you think of these

447

00:20:48,919 --> 00:20:46,679

caverns and these animals that just you

448

00:20:52,940 --> 00:20:48,929

know live on and on not animals for fish

449

00:20:56,120 --> 00:20:52,950

or whatever who knows you know the limit

450

00:20:57,919 --> 00:20:56,130

to the size they can get and they're

451

00:21:01,700 --> 00:20:57,929

usually pretty smart if they live that

452

00:21:03,799 --> 00:21:01,710

long yeah and and you know they they

453

00:21:06,350 --> 00:21:03,809

know how to they know how to keep hidden

454

00:21:08,930 --> 00:21:06,360

and and and like you're saying there's a

455

00:21:10,970 --> 00:21:08,940

lot of these a lot of these Lakes like

456

00:21:15,140 --> 00:21:10,980

Lake Tahoe you know they're there are a

457

00:21:18,380 --> 00:21:15,150

lot of caverns and lava tubes that sort

458

00:21:22,909 --> 00:21:18,390

of thing and and one of the reports that

459

00:21:26,180 --> 00:21:22,919

I put it in my book was up of a diver

460

00:21:26,630 --> 00:21:26,190

and he was you know he was looking into

461

00:21:28,520 --> 00:21:26,640

it

462

00:21:30,830 --> 00:21:28,530

you know into one of those caverns and

463

00:21:34,779 --> 00:21:30,840

you know like a like a large eel-like

464

00:21:38,149 --> 00:21:34,789

creature like him bursting out of it is

465

00:21:41,539 --> 00:21:38,159

and and you know so so those things on

466

00:21:43,730 --> 00:21:41,549

you know those kind of reports they're

467

00:21:45,230 --> 00:21:43,740

definitely there and so um yeah who

468

00:21:48,169 --> 00:21:45,240

knows what could be down there is the

469

00:21:52,720 --> 00:21:48,179

way I look at it and you know and and

470

00:21:55,250 --> 00:21:52,730

one thing you know people people kind of

471

00:21:58,190 --> 00:21:55,260

try to poke holes in the lake monster

472

00:22:00,919 --> 00:21:58,200

things saying well you know you need you

473

00:22:04,450 --> 00:22:00,929

know you need colonies and you know

474

00:22:07,010 --> 00:22:04,460

breeding populations and you do but um

475

00:22:10,070 --> 00:22:07,020

these things could live a really long

476

00:22:13,100 --> 00:22:10,080

times one thing that I kind of kind of

477

00:22:16,580 --> 00:22:13,110

point to like the Greenland sharks that

478

00:22:18,710 --> 00:22:16,590

you know they they came came out you

479

00:22:21,110 --> 00:22:18,720

know earlier in the year you know saying

480

00:22:23,330 --> 00:22:21,120

that they can live you know over 430

481

00:22:26,090 --> 00:22:23,340

years so you know maybe these lake

482

00:22:29,270 --> 00:22:26,100

monsters um you know if they have

483

00:22:31,970 --> 00:22:29,280

incredibly long lifespans you know you

484

00:22:33,140 --> 00:22:31,980

don't need as many of them you know to

485

00:22:35,870 --> 00:22:33,150

keep

486

00:22:38,540 --> 00:22:35,880

population going so that's that's kind

487

00:22:39,799 --> 00:22:38,550

of something that I've always done yeah

488

00:22:41,840 --> 00:22:39,809

yeah how about that

489

00:22:43,370 --> 00:22:41,850

and I know that lifespans have a lot to

490

00:22:46,880 --> 00:22:43,380

do with evolution the changes in

491

00:22:50,720 --> 00:22:46,890

evolution so you know these could be

492

00:22:54,080 --> 00:22:50,730

from somewhere way back and just you

493

00:22:57,830 --> 00:22:54,090

know slowly evolving you know in small

494

00:23:00,590 --> 00:22:57,840

colonies someone in the chat room wanted

495

00:23:02,210 --> 00:23:00,600

to know if you had in reports about the

496

00:23:04,730 --> 00:23:02,220

monster and the man-made lake

497

00:23:06,320 --> 00:23:04,740

Thunderbird in Lake Thunderbird in

498

00:23:11,860 --> 00:23:06,330

Oklahoma have you ever heard of anything

499

00:23:14,290 --> 00:23:11,870

there yeah I actually in my book I

500

00:23:18,080 --> 00:23:14,300

included a chapter on the Oklahoma

501  
00:23:20,900 --> 00:23:18,090  
octopus and that is that's one of those

502  
00:23:24,440 --> 00:23:20,910  
creatures that were supposed creature

503  
00:23:26,840 --> 00:23:24,450  
that that inhabits you know I set up I

504  
00:23:28,460 --> 00:23:26,850  
think three man-made lakes in Oklahoma

505  
00:23:30,440 --> 00:23:28,470  
Lake Thunderbird and there were a couple

506  
00:23:33,740 --> 00:23:30,450  
others I can't really remember their

507  
00:23:36,500 --> 00:23:33,750  
names off the top of my head but at any

508  
00:23:40,750 --> 00:23:36,510  
rate there was them there were these

509  
00:23:45,440 --> 00:23:40,760  
reports going around back in around

510  
00:23:48,380 --> 00:23:45,450  
2007-2008 for lack of a better word like

511  
00:23:50,480 --> 00:23:48,390  
like a freshwater octopus that you know

512  
00:23:53,210 --> 00:23:50,490  
that was um you know like grabbing

513  
00:23:55,549 --> 00:23:53,220

people and rounded them and that sort of

514

00:23:58,640 --> 00:23:55,559

thing so uh I put a little chapter on

515

00:24:01,730 --> 00:23:58,650

that in my book um I think that that is

516

00:24:04,160 --> 00:24:01,740

more I don't believe in the Oklahoma off

517

00:24:05,570 --> 00:24:04,170

the bus I think that though I think if

518

00:24:08,270 --> 00:24:05,580

you really mean when you really get down

519

00:24:10,460 --> 00:24:08,280

to it a lot of they're resolved there

520

00:24:13,100 --> 00:24:10,470

was a show on Animal Planet called

521

00:24:15,410 --> 00:24:13,110

called The Lost Tapes and they did an

522

00:24:17,210 --> 00:24:15,420

episode on it and and pretty much

523

00:24:19,669 --> 00:24:17,220

everything that you read about with the

524

00:24:21,950 --> 00:24:19,679

Oklahoma octopus can kind of be traced

525

00:24:24,530 --> 00:24:21,960

back to that episode it's it's almost

526

00:24:26,210 --> 00:24:24,540

like someone you know got some

527

00:24:28,640 --> 00:24:26,220

information off that show and just

528

00:24:30,950 --> 00:24:28,650

started posting it and they just you

529

00:24:33,290 --> 00:24:30,960

know kind of went from there but it it

530

00:24:36,169 --> 00:24:33,300

is a it is kind of a cool story you know

531

00:24:39,260 --> 00:24:36,179

the some of the folklore behind it and

532

00:24:42,860 --> 00:24:39,270

and and you know and there was there was

533

00:24:46,030 --> 00:24:42,870

for real and uptick of drownings I think

534

00:24:48,460 --> 00:24:46,040

around 2007-2008 timeframe

535

00:24:50,650 --> 00:24:48,470

so so there was you know something it

536

00:24:53,050 --> 00:24:50,660

was going on in the water but I don't I

537

00:24:54,730 --> 00:24:53,060

don't think it was an octopus yeah I

538

00:24:56,410 --> 00:24:54,740

want to talk to you a little bit about

539

00:24:58,840 --> 00:24:56,420

the different types of things people are

540

00:25:01,000 --> 00:24:58,850

claiming they see but while we're on

541

00:25:05,080 --> 00:25:01,010

this subject of for the people drowning

542

00:25:08,050 --> 00:25:05,090

are there reports of like these things

543

00:25:11,770 --> 00:25:08,060

attacking people besides that from in

544

00:25:14,800 --> 00:25:11,780

other leaks well I've heard you know I

545

00:25:17,230 --> 00:25:14,810

have heard of you know most of you know

546

00:25:19,090 --> 00:25:17,240

boats being attacked and you know you

547

00:25:21,940 --> 00:25:19,100

don't really hear a whole lot of you

548

00:25:24,070 --> 00:25:21,950

know people being attacked but you know

549

00:25:26,410 --> 00:25:24,080

there are some instances you know where

550

00:25:29,260 --> 00:25:26,420

people have been fitting and and you

551

00:25:31,630 --> 00:25:29,270

know maybe you know I think a lot of

552

00:25:34,600 --> 00:25:31,640

times maybe that's you know something

553

00:25:36,520 --> 00:25:34,610

maybe like a muskie you know some you

554

00:25:38,500 --> 00:25:36,530

know a pike or you know some kind of

555

00:25:41,670 --> 00:25:38,510

fish like that baby but you know there

556

00:25:45,580 --> 00:25:41,680

are there are a few instances I've heard

557

00:25:49,300 --> 00:25:45,590

you know some of the sea serpent stories

558

00:25:52,080 --> 00:25:49,310

of course you know you get especially

559

00:25:54,850 --> 00:25:52,090

the older ones you know you hear yeah

560

00:25:56,920 --> 00:25:54,860

like you know again boats being attacked

561

00:25:59,200 --> 00:25:56,930

or people in the water being attacked

562

00:26:01,570 --> 00:25:59,210

but for the most part you know it's

563

00:26:03,730 --> 00:26:01,580

usually just somebody sees a like an

564

00:26:06,120 --> 00:26:03,740

undulating you know body in the water

565

00:26:09,580 --> 00:26:06,130

and that sort of thing uh-huh

566

00:26:14,470 --> 00:26:09,590

now other you were saying that there

567

00:26:16,300 --> 00:26:14,480

some boats so I'm picturing that these

568

00:26:18,580 --> 00:26:16,310

are boats like still in the water maybe

569

00:26:20,380 --> 00:26:18,590

anchored or something like that or not

570

00:26:23,440 --> 00:26:20,390

boats like traveling across the water

571

00:26:26,410 --> 00:26:23,450

would would there be yeah you usually

572

00:26:29,020 --> 00:26:26,420

hear like you know like a li you know

573

00:26:30,570 --> 00:26:29,030

like small boats that people are fishing

574

00:26:35,280 --> 00:26:30,580

in that sort of thing

575

00:26:38,830 --> 00:26:35,290

you know I I've read read about a

576  
00:26:42,840 --> 00:26:38,840  
newspaper article from about 140 years

577  
00:26:45,370 --> 00:26:42,850  
ago where you know two fishermen were

578  
00:26:49,360 --> 00:26:45,380  
we're out on a lake in New York

579  
00:26:53,560 --> 00:26:49,370  
Cayuga Lake I guess it is and now anyway

580  
00:26:56,560 --> 00:26:53,570  
they had hit some fish some fish and

581  
00:26:58,660 --> 00:26:56,570  
some baskets behind the boat and I guess

582  
00:26:58,980 --> 00:26:58,670  
the lake monster or whatever grabbed a

583  
00:27:03,360 --> 00:26:58,990  
whole

584  
00:27:06,560 --> 00:27:03,370  
those you know pulled it taut and and

585  
00:27:09,480 --> 00:27:06,570  
you know eventually the you know the

586  
00:27:11,940 --> 00:27:09,490  
creature like took a lunge at the bow

587  
00:27:14,340 --> 00:27:11,950  
and you know that that sort of thing it

588  
00:27:17,190 --> 00:27:14,350

usually it's more the you know smaller

589

00:27:20,880 --> 00:27:17,200

like fishing boats that I've heard the

590

00:27:24,269 --> 00:27:20,890

things like that oh wow

591

00:27:26,310 --> 00:27:24,279

okay sorry I have to adjust something

592

00:27:27,690 --> 00:27:26,320

happen to our screen here hang on just a

593

00:27:35,899 --> 00:27:27,700

second

594

00:27:45,840 --> 00:27:38,850

nothing changing okay here we go okay

595

00:27:49,710 --> 00:27:45,850

it's back to normal okay so and in your

596

00:27:53,220 --> 00:27:49,720

research have you come across any cases

597

00:27:55,080 --> 00:27:53,230

where there was like and like in UFOs

598

00:27:58,350 --> 00:27:55,090

they call like massive sightings you

599

00:27:58,590 --> 00:27:58,360

know many many witnesses all at once you

600

00:28:00,120 --> 00:27:58,600

know

601  
00:28:02,760 --> 00:28:00,130  
seeing something to me that would add a

602  
00:28:05,659 --> 00:28:02,770  
heck of a lot of credibility to to

603  
00:28:08,760 --> 00:28:05,669  
something are there mass sightings

604  
00:28:12,120 --> 00:28:08,770  
yeah sure there's there's lots of them

605  
00:28:14,730 --> 00:28:12,130  
now one that I can think of I don't

606  
00:28:17,610 --> 00:28:14,740  
remember what year I want to say 2005 I

607  
00:28:22,130 --> 00:28:17,620  
could be off but in Lake Tahoe

608  
00:28:24,840 --> 00:28:22,140  
I think about maybe like five people

609  
00:28:27,899 --> 00:28:24,850  
salts or something at the same time I

610  
00:28:29,970 --> 00:28:27,909  
think we you know like a jogger and you

611  
00:28:33,870 --> 00:28:29,980  
know several other people that you know

612  
00:28:37,409 --> 00:28:33,880  
that we're outside they saw something up

613  
00:28:40,320 --> 00:28:37,419

in aachen Augen Lake the Ogopogo

614

00:28:42,990 --> 00:28:40,330

there's several instances where you know

615

00:28:45,630 --> 00:28:43,000

where that's been they have cited by a

616

00:28:49,529 --> 00:28:45,640

lot of different people one was a lot of

617

00:28:52,279 --> 00:28:49,539

a lot of people on a beach I want to I'm

618

00:28:56,130 --> 00:28:52,289

trying to think I think it's like over

619

00:28:59,310 --> 00:28:56,140

17 20 people I can't remember now how

620

00:29:01,440 --> 00:28:59,320

many exactly but that you know that was

621

00:29:03,600 --> 00:29:01,450

something and it was reported in the

622

00:29:07,590 --> 00:29:03,610

newspapers up there I want to say that

623

00:29:10,289 --> 00:29:07,600

that was around 1920's 1930's but you

624

00:29:12,530 --> 00:29:10,299

know there are you know instances like

625

00:29:16,730 --> 00:29:12,540

that and you know like on

626

00:29:19,860 --> 00:29:16,740

in the Grand Lakes and on Lake Champlain

627

00:29:22,560 --> 00:29:19,870

you know back when people used to there

628

00:29:25,140 --> 00:29:22,570

were you know the steamship passenger

629

00:29:27,840 --> 00:29:25,150

boats there were you know a lot of

630

00:29:30,420 --> 00:29:27,850

sightings like that that occurred so

631

00:29:32,400 --> 00:29:30,430

yeah there have been a lot of these mass

632

00:29:36,090 --> 00:29:32,410

sighting what would you consider the

633

00:29:38,670 --> 00:29:36,100

most active of all it sounds like

634

00:29:41,210 --> 00:29:38,680

Champlain is that is that it or there

635

00:29:44,730 --> 00:29:41,220

are other lakes that are more active

636

00:29:48,570 --> 00:29:44,740

yeah you know it's hard for me to say

637

00:29:51,890 --> 00:29:48,580

but as from what I can tell that

638

00:29:55,590 --> 00:29:51,900

certainly seems to be the place with the

639

00:29:58,470 --> 00:29:55,600

you know the most documented reports I

640

00:30:01,170 --> 00:29:58,480

want to say that there's over 600 I

641

00:30:03,390 --> 00:30:01,180

could I could be off give or take a

642

00:30:05,430 --> 00:30:03,400

hundred you know but there there

643

00:30:07,560 --> 00:30:05,440

definitely are a lot of documented

644

00:30:09,630 --> 00:30:07,570

reports there and there's a lot of

645

00:30:12,600 --> 00:30:09,640

people that better up they're looking to

646

00:30:16,080 --> 00:30:12,610

you know oh yeah I know that's a college

647

00:30:18,630 --> 00:30:16,090

town Mike you know my nephew went there

648

00:30:21,140 --> 00:30:18,640

and there's a you know there's a lot of

649

00:30:23,880 --> 00:30:21,150

activity on the lake around there and

650

00:30:25,530 --> 00:30:23,890

it's beautiful and at borders of the

651  
00:30:27,750 --> 00:30:25,540  
state of New York

652  
00:30:32,580 --> 00:30:27,760  
how many miles do you have to know how

653  
00:30:36,420 --> 00:30:32,590  
big Lake Champlain is man I had it in my

654  
00:30:39,150 --> 00:30:36,430  
but I want this I could be also if I'm

655  
00:30:42,420 --> 00:30:39,160  
wrong please don't kill me this would be

656  
00:30:44,340 --> 00:30:42,430  
on the spotlight oh yeah oh say it's

657  
00:30:46,500 --> 00:30:44,350  
like a hundred and eighty miles long now

658  
00:30:48,540 --> 00:30:46,510  
I might like I said I might be off but I

659  
00:30:51,300 --> 00:30:48,550  
know it's you know it's not that wide

660  
00:30:54,270 --> 00:30:51,310  
but it's very long and it's very long

661  
00:30:55,950 --> 00:30:54,280  
and narrow I mean I know that he create

662  
00:30:58,260 --> 00:30:55,960  
a little piece of it goes all the way up

663  
00:31:00,660 --> 00:30:58,270

into Kobach so I know it's you know

664

00:31:06,630 --> 00:31:00,670

pretty long and that's a that is another

665

00:31:09,420 --> 00:31:06,640

glacial lake yeah it and you know if you

666

00:31:11,340 --> 00:31:09,430

look on a map you know there's just like

667

00:31:13,260 --> 00:31:11,350

like in the North E you know really in

668

00:31:15,870 --> 00:31:13,270

the northern United States and Canada

669

00:31:16,800 --> 00:31:15,880

there's just like all these little you

670

00:31:20,160 --> 00:31:16,810

know just looks

671

00:31:21,990 --> 00:31:20,170

yeah like though you know you can you

672

00:31:24,240 --> 00:31:22,000

can just see where all these glaciers

673

00:31:25,570 --> 00:31:24,250

you know we're moving and just you know

674

00:31:27,430 --> 00:31:25,580

just you know cut in

675

00:31:29,620 --> 00:31:27,440

cut into the earth and it's just

676  
00:31:32,770 --> 00:31:29,630  
backfilled and you know for whatever

677  
00:31:35,770 --> 00:31:32,780  
reason all many of these lakes have

678  
00:31:40,000 --> 00:31:35,780  
these sightings today now are they

679  
00:31:44,700 --> 00:31:40,010  
seeing the the so-called monsters like

680  
00:31:49,930 --> 00:31:44,710  
champion a seeing him or her in the same

681  
00:31:51,340 --> 00:31:49,940  
area or set all over the lake well I

682  
00:31:54,480 --> 00:31:51,350  
think that there's you know there are

683  
00:31:58,300 --> 00:31:54,490  
certain areas that you know that people

684  
00:32:01,480 --> 00:31:58,310  
have more of the sightings but yeah I

685  
00:32:03,970 --> 00:32:01,490  
think that they're that pretty much

686  
00:32:04,990 --> 00:32:03,980  
anywhere on the lake there there have

687  
00:32:10,150 --> 00:32:05,000  
been reports

688  
00:32:12,700 --> 00:32:10,160

okay how about nighttime sightings yeah

689

00:32:14,620 --> 00:32:12,710

I have heard of nighttime sightings um I

690

00:32:18,220 --> 00:32:14,630

don't really have a whole lot of those

691

00:32:21,010 --> 00:32:18,230

in my book but you know I know that

692

00:32:23,710 --> 00:32:21,020

nowadays people are you know setting up

693

00:32:26,110 --> 00:32:23,720

the game cameras and that sort of thing

694

00:32:28,270 --> 00:32:26,120

that you know that you know can get

695

00:32:29,920 --> 00:32:28,280

nighttime pictures and yeah so that yeah

696

00:32:33,640 --> 00:32:29,930

this is definitely something that's uh

697

00:32:36,070 --> 00:32:33,650

that happens now I also heard that they

698

00:32:39,100 --> 00:32:36,080

for one of the lakes you probably even

699

00:32:42,100 --> 00:32:39,110

mentioned the lake as as we're talking

700

00:32:44,590 --> 00:32:42,110

about this but I'm not sure which lake

701  
00:32:47,470 --> 00:32:44,600  
it was but they found like a large set

702  
00:32:49,960 --> 00:32:47,480  
of Jaws and part of a skeleton part of a

703  
00:32:52,600 --> 00:32:49,970  
backbone or spine or something are you

704  
00:32:56,020 --> 00:32:52,610  
aware of that and was that a hoax as far

705  
00:32:58,090 --> 00:32:56,030  
as you know I've heard I've heard of

706  
00:33:01,540 --> 00:32:58,100  
that I can't remember what Lake it's on

707  
00:33:03,700 --> 00:33:01,550  
and I don't I'm sorry I don't have I

708  
00:33:08,050 --> 00:33:03,710  
don't really have any information oh

709  
00:33:11,380 --> 00:33:08,060  
yeah okay and since I'm on the topic of

710  
00:33:13,480 --> 00:33:11,390  
hoaxes is there a lot of you you're

711  
00:33:16,150 --> 00:33:13,490  
talking about today there's digital

712  
00:33:18,970 --> 00:33:16,160  
images and Photoshop and all that are

713  
00:33:21,490 --> 00:33:18,980

there a lot of what you see today is is

714

00:33:26,980 --> 00:33:21,500

hoaxes and you know people playing with

715

00:33:29,110 --> 00:33:26,990

photos yeah I definitely you know I that

716

00:33:32,500 --> 00:33:29,120

that's kind of why I was saying that I

717

00:33:35,110 --> 00:33:32,510

really like a lot of the old black and

718

00:33:37,810 --> 00:33:35,120

white photos from the 60s or you know

719

00:33:40,630 --> 00:33:37,820

the old a lot of the old 8-millimeter

720

00:33:43,510 --> 00:33:40,640

you know the old home movies you know I

721

00:33:45,280 --> 00:33:43,520

I kind of like a lot better than some of

722

00:33:48,130 --> 00:33:45,290

the some of the stuff you see today but

723

00:33:50,200 --> 00:33:48,140

those you know there is a lot of CGI you

724

00:33:52,270 --> 00:33:50,210

know stuff out there I think they're

725

00:33:55,480 --> 00:33:52,280

really that kind of spills over more

726

00:33:58,330 --> 00:33:55,490

into the UFO sightings but but

727

00:34:01,480 --> 00:33:58,340

definitely there's there's been a lot of

728

00:34:05,320 --> 00:34:01,490

photoshop and fakes deal with the lake

729

00:34:09,090 --> 00:34:05,330

monster things now what about the Great

730

00:34:11,260 --> 00:34:09,100

Lakes what's going on in the Great Lakes

731

00:34:13,419 --> 00:34:11,270

yeah there's definitely been a lot of

732

00:34:18,220 --> 00:34:13,429

sightings in the Great Lakes there's

733

00:34:21,700 --> 00:34:18,230

probably the most famous there's a South

734

00:34:24,669 --> 00:34:21,710

Bay bassy and and there's been some up

735

00:34:26,620 --> 00:34:24,679

in you know Lake Michigan and in some of

736

00:34:30,010 --> 00:34:26,630

that area but you know the Bessy

737

00:34:33,970 --> 00:34:30,020

sightings they um you know know around

738

00:34:37,630 --> 00:34:33,980

Ohio they um they go back to the I want

739

00:34:39,850 --> 00:34:37,640

to say the 1700s and there's a I think I

740

00:34:43,560 --> 00:34:39,860

put one one of the reports in my book

741

00:34:46,149 --> 00:34:43,570

where uh where somebody shot at it I

742

00:34:48,970 --> 00:34:46,159

don't remember with a musket or

743

00:34:52,630 --> 00:34:48,980

you know old musket or or or whatever

744

00:34:54,490 --> 00:34:52,640

but yeah so so those go back and you

745

00:34:56,950 --> 00:34:54,500

know especially you know back when

746

00:35:00,070 --> 00:34:56,960

though when there was a lot more um you

747

00:35:03,250 --> 00:35:00,080

know passenger you know passenger boat

748

00:35:05,410 --> 00:35:03,260

traffic and that sort of thing there

749

00:35:07,450 --> 00:35:05,420

definitely a lot of reports someone in

750

00:35:09,880 --> 00:35:07,460

the chatroom wanted to know about are

751  
00:35:14,230 --> 00:35:09,890  
there any River Monsters like in deep

752  
00:35:16,600 --> 00:35:14,240  
rivers yeah sure you do get those it

753  
00:35:20,590 --> 00:35:16,610  
seems more common with with the lake

754  
00:35:23,350 --> 00:35:20,600  
monsters but them I included one in my

755  
00:35:27,880 --> 00:35:23,360  
book the white river monster in Arkansas

756  
00:35:32,140 --> 00:35:27,890  
and in Missouri and that that's that's

757  
00:35:35,890 --> 00:35:32,150  
not really your stereotypical you know

758  
00:35:39,940 --> 00:35:35,900  
sea serpent type that that seems to be

759  
00:35:44,980 --> 00:35:39,950  
more of almost like an out of place

760  
00:35:47,200 --> 00:35:44,990  
seal or or something like that but and

761  
00:35:49,809 --> 00:35:47,210  
it was it was it kind of it kind of

762  
00:35:52,449 --> 00:35:49,819  
appeared in the 30s went away and

763  
00:35:54,009 --> 00:35:52,459

appeared again in the 70s and so reports

764

00:35:56,410 --> 00:35:54,019

of that there were you know a few

765

00:35:59,739 --> 00:35:56,420

outbreaks and then kind of real sporadic

766

00:36:02,880 --> 00:35:59,749

from there but so you've had that and

767

00:36:05,380 --> 00:36:02,890

you know a lot of your River Monsters um

768

00:36:09,579 --> 00:36:05,390

you know a lot of times they're they're

769

00:36:11,949 --> 00:36:09,589

more like giant fish or turtles you

770

00:36:14,890 --> 00:36:11,959

don't you know you don't really get get

771

00:36:17,079 --> 00:36:14,900

as much of the typical Lake Monsters and

772

00:36:21,459 --> 00:36:17,089

the rivers not to say that it doesn't

773

00:36:23,199 --> 00:36:21,469

happen but there's a couple people in

774

00:36:25,209 --> 00:36:23,209

the chatroom notice and I have noticed

775

00:36:28,029 --> 00:36:25,219

too there's a there's like a clicking

776

00:36:29,620 --> 00:36:28,039

noise I'm not sure if it's your if it's

777

00:36:32,709 --> 00:36:29,630

anything to do with your computer or not

778

00:36:35,410 --> 00:36:32,719

but we keep hearing a clicking noise in

779

00:36:37,479 --> 00:36:35,420

the audio here so just be aware of that

780

00:36:38,829 --> 00:36:37,489

and maybe a lot of times people when

781

00:36:40,209 --> 00:36:38,839

they're talking they move their hands

782

00:36:42,099 --> 00:36:40,219

and I don't know if that's something

783

00:36:43,329 --> 00:36:42,109

you're doing but I just thought I'd ask

784

00:36:47,410 --> 00:36:43,339

you if there's anything you're doing

785

00:36:51,279 --> 00:36:47,420

that might be making that noise so now

786

00:36:54,339 --> 00:36:51,289

what about the oh is it Ogopogo how do

787

00:36:56,170 --> 00:36:54,349

you say that yeah okay yeah can you

788

00:37:00,039 --> 00:36:56,180

describe what people are seeing and

789

00:37:06,759 --> 00:37:00,049

where that is yeah it's an aqua noggin

790

00:37:09,130 --> 00:37:06,769

lake in British Columbia and it's a 20

791

00:37:12,609 --> 00:37:09,140

you know 30 40 feet long kind of

792

00:37:15,699 --> 00:37:12,619

serpentine and apparent some dark in

793

00:37:21,519 --> 00:37:15,709

color you know kind of moves with the

794

00:37:23,890 --> 00:37:21,529

vertical undulations I you know I some

795

00:37:28,569 --> 00:37:23,900

people reported you know seeing like big

796

00:37:31,239 --> 00:37:28,579

like grapefruit sized eyes with it but

797

00:37:34,089 --> 00:37:31,249

yeah and that's kind of typical of a lot

798

00:37:36,910 --> 00:37:34,099

of your uh your Lake Monsters they they

799

00:37:39,339 --> 00:37:36,920

seem to have a similar description huh

800

00:37:42,489 --> 00:37:39,349

now have you ever heard if someone just

801  
00:37:46,569 --> 00:37:42,499  
put this in the okay he's joking

802  
00:37:50,130 --> 00:37:46,579  
nevermind okay now what about Native

803  
00:37:55,410 --> 00:37:50,140  
American tales as far as you know like

804  
00:37:59,789 --> 00:37:55,420  
any any Native American stories on like

805  
00:38:03,050 --> 00:37:59,799  
monsters or whatever yeah yeah sure

806  
00:38:05,600 --> 00:38:03,060  
we were talking about the White River MA

807  
00:38:09,740 --> 00:38:05,610  
for just now and there's a there's a

808  
00:38:14,510 --> 00:38:09,750  
tale of a Braves canoe being flipped

809  
00:38:19,910 --> 00:38:14,520  
over by by that creature and and the

810  
00:38:23,690 --> 00:38:19,920  
Ogopogo supposedly the Native Americans

811  
00:38:27,230 --> 00:38:23,700  
you know the the Ogopogo supposedly

812  
00:38:30,410 --> 00:38:27,240  
lives and around rattlesnake island on

813  
00:38:33,770 --> 00:38:30,420

the lake at a near place called squally

814

00:38:35,810 --> 00:38:33,780

point and so before the Native Americans

815

00:38:38,570 --> 00:38:35,820

would cross in their canoes they would

816

00:38:42,050 --> 00:38:38,580

take a sacrifice to you know throw like

817

00:38:44,990 --> 00:38:42,060

a like a chicken or a dog or something

818

00:38:46,670 --> 00:38:45,000

to throw overboard to appease the

819

00:38:49,280 --> 00:38:46,680

creature you know to give them safe

820

00:38:52,190 --> 00:38:49,290

passage you know and you know you've got

821

00:38:54,470 --> 00:38:52,200

the tails where you know like like a

822

00:38:57,410 --> 00:38:54,480

white person would you know come along

823

00:39:00,470 --> 00:38:57,420

and kind of make fun of it and not you

824

00:39:02,900 --> 00:39:00,480

know not honor with the sacrifice and in

825

00:39:05,540 --> 00:39:02,910

you know the you know it's canoe being

826

00:39:07,550 --> 00:39:05,550

flipped over and you know not being seen

827

00:39:09,350 --> 00:39:07,560

again and that sort of thing so you know

828

00:39:11,120 --> 00:39:09,360

there's a lot of those old tales it's

829

00:39:14,390 --> 00:39:11,130

it's hard to yeah they're hard to

830

00:39:16,820 --> 00:39:14,400

document it's hard to you know know if

831

00:39:19,100 --> 00:39:16,830

they're true or false but there are some

832

00:39:23,150 --> 00:39:19,110

pretty cool stories like that when

833

00:39:26,270 --> 00:39:23,160

someone sees I'm talking maybe in the

834

00:39:29,720 --> 00:39:26,280

United States not worldwide but if

835

00:39:30,350 --> 00:39:29,730

someone sees something in a lake what do

836

00:39:32,600 --> 00:39:30,360

they do

837

00:39:35,180 --> 00:39:32,610

I mean how do they report it do they

838

00:39:37,850 --> 00:39:35,190

report it to a newspaper police

839

00:39:41,030 --> 00:39:37,860

department or what is a typical

840

00:39:44,000 --> 00:39:41,040

reporting of something like that well

841

00:39:47,000 --> 00:39:44,010

yeah I mean it's a variety of ways I

842

00:39:49,670 --> 00:39:47,010

mean luckily now you know we've got the

843

00:39:53,600 --> 00:39:49,680

internet so you can you know you can go

844

00:39:55,520 --> 00:39:53,610

on and like Lake Norman or down in North

845

00:39:59,420 --> 00:39:55,530

Carolina there's there's a there's a

846

00:40:02,570 --> 00:39:59,430

site just for just for you to put your

847

00:40:06,200 --> 00:40:02,580

sighting in and you know so nowadays

848

00:40:10,930 --> 00:40:06,210

it's a little bit easier but yeah like

849

00:40:14,240 --> 00:40:10,940

in Lake Erie you know back in the 90s

850

00:40:16,430 --> 00:40:14,250

there there's been reports for people to

851

00:40:19,400 --> 00:40:16,440

report their sighting to a car

852

00:40:21,980 --> 00:40:19,410

Grainger yeah I guess some people have

853

00:40:24,829 --> 00:40:21,990

probably reported them you know to do

854

00:40:27,020 --> 00:40:24,839

the police as well that sort of thing so

855

00:40:30,650 --> 00:40:27,030

yeah that variety you know there's no

856

00:40:33,650 --> 00:40:30,660

you know one-size-fits-all answer for

857

00:40:37,099 --> 00:40:33,660

that a lot of these lakes do have you

858

00:40:39,470 --> 00:40:37,109

know dedicated researchers that long the

859

00:40:43,849 --> 00:40:39,480

sightings but you know not all of them

860

00:40:46,940 --> 00:40:43,859

do yeah that's and I imagine just the

861

00:40:49,190 --> 00:40:46,950

way it is with UFO sightings that a lot

862

00:40:52,609 --> 00:40:49,200

of people decide they're not going to

863

00:40:55,130 --> 00:40:52,619

say anything so you know what what we're

864

00:40:57,620 --> 00:40:55,140

getting for reports is a lot of people

865

00:41:01,520 --> 00:40:57,630

that just don't talk about it now have

866

00:41:04,910 --> 00:41:01,530

you ever have you ever interviewed a

867

00:41:06,680 --> 00:41:04,920

witness that you know came forward

868

00:41:08,540 --> 00:41:06,690

because they saw your book or something

869

00:41:13,640 --> 00:41:08,550

like that but yet not reported it

870

00:41:16,160 --> 00:41:13,650

previously yeah I mean several people

871

00:41:18,349 --> 00:41:16,170

you know after my book come out I mean

872

00:41:21,170 --> 00:41:18,359

you'd be surprised how many people are

873

00:41:23,210 --> 00:41:21,180

just um you know inbox me on Twitter and

874

00:41:27,140 --> 00:41:23,220

and you know tell me about their I've

875

00:41:29,930 --> 00:41:27,150

got many from Lake Champlain and you

876

00:41:32,990 --> 00:41:29,940

know and yeah they they didn't really

877

00:41:35,569 --> 00:41:33,000

you know want to you know give their you

878

00:41:37,190 --> 00:41:35,579

know their real name or I mean I had

879

00:41:39,109 --> 00:41:37,200

some of their names but you know they

880

00:41:42,380 --> 00:41:39,119

they would just tell me you know like

881

00:41:44,990 --> 00:41:42,390

hey you know I what you're talking about

882

00:41:47,870 --> 00:41:45,000

it's a real because I saw it myself or

883

00:41:50,020 --> 00:41:47,880

that sort of thing and yes I've had that

884

00:41:52,460 --> 00:41:50,030

quite a bit after my book came out

885

00:41:54,500 --> 00:41:52,470

people you know people hitting me up

886

00:41:56,990 --> 00:41:54,510

from from all over the country

887

00:41:58,640 --> 00:41:57,000

you know reporting things that they'd

888

00:42:01,400 --> 00:41:58,650

say you know a lot of us you know I saw

889

00:42:04,069 --> 00:42:01,410

this 20 years ago or this or that but

890

00:42:08,270 --> 00:42:04,079

yeah are most people seeing these things

891

00:42:12,380 --> 00:42:08,280

from the shoreline or Rob or people in

892

00:42:14,720 --> 00:42:12,390

boats well you get both and and a lot of

893

00:42:17,000 --> 00:42:14,730

these even you know people people

894

00:42:19,790 --> 00:42:17,010

driving in their cars along the lakes

895

00:42:22,099 --> 00:42:19,800

and stuff that that's where a lot of

896

00:42:24,950 --> 00:42:22,109

there's been a lot of uptick sand in

897

00:42:28,370 --> 00:42:24,960

sightings as new roads have been built

898

00:42:30,020 --> 00:42:28,380

along legs you know that that people

899

00:42:31,580 --> 00:42:30,030

would would be able to you know

900

00:42:34,400 --> 00:42:31,590

see them when they're driving by where

901  
00:42:36,640 --> 00:42:34,410  
they weren't able to before so it you

902  
00:42:41,210 --> 00:42:36,650  
know it's just boats it's you know it's

903  
00:42:43,910 --> 00:42:41,220  
cars you know from the bank and and even

904  
00:42:47,240 --> 00:42:43,920  
up in Alaska you know a lot of the bush

905  
00:42:48,770 --> 00:42:47,250  
planes have seen the scene you know

906  
00:42:50,030 --> 00:42:48,780  
seeing things in the water from bush

907  
00:42:51,590 --> 00:42:50,040  
planes oh really

908  
00:42:54,230 --> 00:42:51,600  
Wow I never even thought of that so if

909  
00:42:56,840 --> 00:42:54,240  
you see something from a plane you get a

910  
00:42:58,700 --> 00:42:56,850  
whole different perspective of it you

911  
00:43:01,210 --> 00:42:58,710  
can see it down in through the water

912  
00:43:03,830 --> 00:43:01,220  
whatever the size of it is and all that

913  
00:43:07,060 --> 00:43:03,840

yeah cuz I've seen like whales and stuff

914

00:43:11,120 --> 00:43:07,070

from from planes before when I used to

915

00:43:12,650 --> 00:43:11,130

when I used to fly a small plane it's a

916

00:43:13,220 --> 00:43:12,660

whole different whole different thing

917

00:43:16,280 --> 00:43:13,230

you're seeing

918

00:43:20,290 --> 00:43:16,290

so in that case of they reporting

919

00:43:24,170 --> 00:43:20,300

something you know really really large

920

00:43:27,800 --> 00:43:24,180

yeah the ones in Alaska only on the lake

921

00:43:30,620 --> 00:43:27,810

up there the bush pilots especially back

922

00:43:33,710 --> 00:43:30,630

in the 60s this was this was really a a

923

00:43:36,590 --> 00:43:33,720

lot going on back then eh they still

924

00:43:38,450 --> 00:43:36,600

have reports and all but yeah back then

925

00:43:40,910 --> 00:43:38,460

there was a whole lot of them and these

926  
00:43:42,830 --> 00:43:40,920  
bush pilots were seeing these them and

927  
00:43:46,370 --> 00:43:42,840  
that they were really more described as

928  
00:43:50,330 --> 00:43:46,380  
more fish like than then maybe your

929  
00:43:53,120 --> 00:43:50,340  
typical I say typical lake monster um

930  
00:43:56,450 --> 00:43:53,130  
but they were they were supposedly you

931  
00:43:57,770 --> 00:43:56,460  
know 20 30 feet long and so you know

932  
00:44:01,370 --> 00:43:57,780  
just he's enormous

933  
00:44:04,100 --> 00:44:01,380  
you know fish or whatever you know if

934  
00:44:06,800 --> 00:44:04,110  
they were spotting from the air now how

935  
00:44:12,470 --> 00:44:06,810  
many are I shouldn't say how many but

936  
00:44:14,270 --> 00:44:12,480  
would you guess - how many major places

937  
00:44:16,130 --> 00:44:14,280  
there are in the world were there

938  
00:44:20,120 --> 00:44:16,140

sightings I mean is or is it just too

939

00:44:24,610 --> 00:44:20,130

many - uh yeah I think it's just too

940

00:44:29,420 --> 00:44:24,620

many in my book my first book I I did I

941

00:44:32,450 --> 00:44:29,430

probably included give or take 60 lakes

942

00:44:35,780 --> 00:44:32,460

and I really just kind of cut it off

943

00:44:38,480 --> 00:44:35,790

because um I could um I could have put

944

00:44:42,080 --> 00:44:38,490

another 300 pages but I kind of wanted

945

00:44:43,670 --> 00:44:42,090

to keep it - lakes had you know a fair

946

00:44:48,860 --> 00:44:43,680

amount of sightings

947

00:44:51,470 --> 00:44:48,870

but yeah there's its it's too yeah too

948

00:44:53,900 --> 00:44:51,480

many too many to really count for sure

949

00:44:56,720 --> 00:44:53,910

now when someone sees one of these

950

00:44:59,750 --> 00:44:56,730

things and say let's just say Lake

951  
00:45:01,790 --> 00:44:59,760  
Champlain are they like terrified or

952  
00:45:03,410 --> 00:45:01,800  
they just are they curious or like

953  
00:45:05,030 --> 00:45:03,420  
they'll never go back there again or

954  
00:45:08,960 --> 00:45:05,040  
what do you what are some of the things

955  
00:45:11,780 --> 00:45:08,970  
you hear I mean it varies I guess it

956  
00:45:14,120 --> 00:45:11,790  
depends on the person's experience but

957  
00:45:16,700 --> 00:45:14,130  
for them for the most part from what

958  
00:45:19,100 --> 00:45:16,710  
I've seen it's really just curiosity and

959  
00:45:21,980 --> 00:45:19,110  
and a lot of times you know they're only

960  
00:45:24,200 --> 00:45:21,990  
seeing it for you know they're not

961  
00:45:26,270 --> 00:45:24,210  
really observing it for for a long

962  
00:45:28,970 --> 00:45:26,280  
period of time usually it's oh it's a

963  
00:45:33,550 --> 00:45:28,980

brief encounter and it's just you know

964

00:45:35,870 --> 00:45:33,560

kind of a fascination you know right and

965

00:45:37,160 --> 00:45:35,880

what would you say is that you said

966

00:45:39,380 --> 00:45:37,170

brief encounter what would you say is

967

00:45:43,340 --> 00:45:39,390

like the longest people have actually

968

00:45:46,670 --> 00:45:43,350

witnessed something well I've heard of

969

00:45:50,660 --> 00:45:46,680

people on observing these things for up

970

00:45:56,120 --> 00:45:50,670

to 20 minutes I think in my book I

971

00:46:01,130 --> 00:45:56,130

talked about a case Cressy up in up in

972

00:46:04,310 --> 00:46:01,140

Canada where a lady who lived at a house

973

00:46:09,400 --> 00:46:04,320

on the lake observed something for a

974

00:46:12,800 --> 00:46:09,410

period of about 20 minutes and also a

975

00:46:16,730 --> 00:46:12,810

crab boat captain down in Georgia the

976

00:46:19,970 --> 00:46:16,740

Altamaha that creature he observed

977

00:46:22,520 --> 00:46:19,980

something similar to that for a period

978

00:46:24,440 --> 00:46:22,530

of about 20 minutes now I don't think he

979

00:46:26,870 --> 00:46:24,450

saw you know really saw it the whole

980

00:46:29,450 --> 00:46:26,880

time but you know kind of kind of saw it

981

00:46:31,910 --> 00:46:29,460

on the water and it would you know go

982

00:46:34,160 --> 00:46:31,920

under and come back up and that sort of

983

00:46:37,160 --> 00:46:34,170

thing so so I have heard of you know

984

00:46:39,560 --> 00:46:37,170

periods of up to 20 minutes but normally

985

00:46:42,230 --> 00:46:39,570

like I said encounters seem to be pretty

986

00:46:45,560 --> 00:46:42,240

brief now what are the different types

987

00:46:48,200 --> 00:46:45,570

of things you talked about serpents you

988

00:46:50,270 --> 00:46:48,210

talked about the octopus one what are

989

00:46:54,590 --> 00:46:50,280

the different types of things that

990

00:46:57,080 --> 00:46:54,600

people are seeing well you know you also

991

00:47:06,410 --> 00:46:57,090

hear like

992

00:47:09,080 --> 00:47:06,420

a giant turtle seals as strange as that

993

00:47:13,190 --> 00:47:09,090

sounds sometimes a like an out of place

994

00:47:18,320 --> 00:47:13,200

seal you know will be reported and and

995

00:47:21,500 --> 00:47:18,330

and and a lot of times you know just

996

00:47:25,340 --> 00:47:21,510

like massive in a massive fish sometimes

997

00:47:29,300 --> 00:47:25,350

can be mistaken to you know like like

998

00:47:33,410 --> 00:47:29,310

alligator gar or sometimes like like an

999

00:47:36,320 --> 00:47:33,420

out-of-place alligator or crocodile that

1000

00:47:39,530 --> 00:47:36,330

sort of thing can also trigger these

1001

00:47:41,140 --> 00:47:39,540

these reports someone in the chatroom we

1002

00:47:44,030 --> 00:47:41,150

sort of talked about this earlier but

1003

00:47:46,010 --> 00:47:44,040

someone in the chatroom wanted to know

1004

00:47:50,690 --> 00:47:46,020

if there are any cases of missing people

1005

00:47:52,670 --> 00:47:50,700

linked to these creatures you know

1006

00:47:55,820 --> 00:47:52,680

that's a good question I um

1007

00:48:00,050 --> 00:47:55,830

I don't really know of you know of any

1008

00:48:02,120 --> 00:48:00,060

linkage there that you know certainly a

1009

00:48:05,630 --> 00:48:02,130

lot of people do go missing in

1010

00:48:08,180 --> 00:48:05,640

wilderness areas so I imagine that

1011

00:48:10,670 --> 00:48:08,190

that's possible but I don't really know

1012

00:48:12,140 --> 00:48:10,680

of them you know of any length like that

1013

00:48:16,090 --> 00:48:12,150

could have been the witnesses and then

1014

00:48:18,380 --> 00:48:16,100

they're gone so who knows

1015

00:48:22,310 --> 00:48:18,390

strange things happen out in the

1016

00:48:24,560 --> 00:48:22,320

wilderness that's for sure is any say

1017

00:48:26,780 --> 00:48:24,570

you talked about police officers they

1018

00:48:28,130 --> 00:48:26,790

make you know great witnesses a psyche I

1019

00:48:32,090 --> 00:48:28,140

agree

1020

00:48:34,700 --> 00:48:32,100

has any one in particular that you're

1021

00:48:37,940 --> 00:48:34,710

aware of that has any type of status a

1022

00:48:40,790 --> 00:48:37,950

political status or celebrity status or

1023

00:48:45,650 --> 00:48:40,800

anything like that have reported seeing

1024

00:48:48,890 --> 00:48:45,660

something now as far as uh as far as

1025

00:48:52,880 --> 00:48:48,900

late monsters um I'm trying to think if

1026

00:48:54,770 --> 00:48:52,890

there's anybody own I can't think of

1027

00:48:58,400 --> 00:48:54,780

anybody off the top of my head that

1028

00:49:03,470 --> 00:48:58,410

doesn't mean of course that it it hasn't

1029

00:49:06,020 --> 00:49:03,480

occurred I know that you know and a lot

1030

00:49:09,130 --> 00:49:06,030

of politicians have you know kind of

1031

00:49:10,670 --> 00:49:09,140

gotten behind you know promoting

1032

00:49:12,710 --> 00:49:10,680

legislation to

1033

00:49:15,620 --> 00:49:12,720

protect these things I know over and

1034

00:49:19,220 --> 00:49:15,630

over in Maryland one of the state

1035

00:49:22,010 --> 00:49:19,230

senators they're back in the 70s and 80s

1036

00:49:25,190 --> 00:49:22,020

he was getting so many letters from

1037

00:49:27,890 --> 00:49:25,200

constituents about Jesse the Chesapeake

1038

00:49:30,230 --> 00:49:27,900

Bay monster that you know was there a

1039

00:49:35,180 --> 00:49:30,240

lot of sightings back in the early 80s

1040

00:49:36,890 --> 00:49:35,190

late 70s and he he he was getting so

1041

00:49:38,960 --> 00:49:36,900

many so much inquiry from his

1042

00:49:42,500 --> 00:49:38,970

constituents that you know he put forth

1043

00:49:46,070 --> 00:49:42,510

some legislation to to promote the the

1044

00:49:48,590 --> 00:49:46,080

study you know the creature so yes so

1045

00:49:51,320 --> 00:49:48,600

you know at times these creatures do you

1046

00:49:53,810 --> 00:49:51,330

know get to kind of some high profile

1047

00:49:56,750 --> 00:49:53,820

like the White River monster there's a

1048

00:49:59,450 --> 00:49:56,760

there's actually a refuge for it that

1049

00:50:01,520 --> 00:49:59,460

was you know some legislation was passed

1050

00:50:02,720 --> 00:50:01,530

and some of these other lakes of them

1051

00:50:05,570 --> 00:50:02,730

similar things

1052

00:50:08,510 --> 00:50:05,580

aha well that's interesting and I'm not

1053

00:50:10,580 --> 00:50:08,520

talking yet more about something related

1054

00:50:13,430 --> 00:50:10,590

to that but I want to get to this

1055

00:50:15,610 --> 00:50:13,440

chatroom question and that is has there

1056

00:50:18,620 --> 00:50:15,620

ever been any link to other paranormal

1057

00:50:21,950 --> 00:50:18,630

you know happenings or UFOs or anything

1058

00:50:26,840 --> 00:50:21,960

like that sort of a link together or in

1059

00:50:31,480 --> 00:50:26,850

the same area of sightings well you know

1060

00:50:35,420 --> 00:50:31,490

a lot of these lakes they are around

1061

00:50:37,430 --> 00:50:35,430

areas of you know strange activity I

1062

00:50:39,650 --> 00:50:37,440

know Loch Ness I've heard that there's

1063

00:50:42,380 --> 00:50:39,660

you know that there's been some strange

1064

00:50:48,020 --> 00:50:42,390

sightings of you know other type of or

1065

00:50:49,700 --> 00:50:48,030

paranormal things there lakes you on you

1066

00:50:53,240 --> 00:50:49,710

know in Washington State there's a

1067

00:50:56,450 --> 00:50:53,250

there's a lot of Bigfoot reports around

1068

00:51:01,100 --> 00:50:56,460

the lake and I believe that area is

1069

00:51:04,670 --> 00:51:01,110

known for UFO activity as well so I

1070

00:51:07,430 --> 00:51:04,680

don't know that there's a direct link or

1071

00:51:10,990 --> 00:51:07,440

not but you know a lot of people believe

1072

00:51:14,060 --> 00:51:11,000

that that these things are more from the

1073

00:51:17,090 --> 00:51:14,070

paranormal so so that would makes them

1074

00:51:20,240 --> 00:51:17,100

know has anyone taken I know if there

1075

00:51:24,349 --> 00:51:20,250

has been some funding for some research

1076

00:51:26,479 --> 00:51:24,359

I know and Loch Ness I'm not sure

1077

00:51:28,400 --> 00:51:26,489

other Lakes has there been anyone

1078

00:51:31,130 --> 00:51:28,410

funding any type of research to see if

1079

00:51:36,170 --> 00:51:31,140

they can actually find something like in

1080

00:51:39,769 --> 00:51:36,180

Champlain yeah I don't know if there's I

1081

00:51:43,099 --> 00:51:39,779

know that you know some of the like

1082

00:51:47,749 --> 00:51:43,109

discovery you know some of the some of

1083

00:51:51,410 --> 00:51:47,759

these like media outlets have funded

1084

00:51:53,720 --> 00:51:51,420

some some research as far as you know

1085

00:51:55,789 --> 00:51:53,730

like grants or you know anything from

1086

00:51:58,819 --> 00:51:55,799

the government I'm I'm not aware of

1087

00:52:00,589 --> 00:51:58,829

anything that doesn't mean that you know

1088

00:52:03,559 --> 00:52:00,599

that that there hasn't been something

1089

00:52:06,410 --> 00:52:03,569

but I'm not really aware of any um you

1090

00:52:10,430 --> 00:52:06,420

know we need more like publicly funded

1091

00:52:12,739 --> 00:52:10,440

things do you think that anyone do you

1092

00:52:14,900 --> 00:52:12,749

think that science any type of science

1093

00:52:19,430 --> 00:52:14,910

would ever take a hard look at this or

1094

00:52:23,569 --> 00:52:19,440

is it just too evasive and to to career

1095

00:52:27,170 --> 00:52:23,579

crushing well you know you like to think

1096

00:52:31,279 --> 00:52:27,180

that that that science would take it

1097

00:52:33,170 --> 00:52:31,289

seriously but yeah I I don't look for it

1098

00:52:35,180 --> 00:52:33,180

to happen it would be great if it did I

1099

00:52:38,049 --> 00:52:35,190

mean you know new things are being

1100

00:52:42,410 --> 00:52:38,059

discovered all the time you know like

1101  
00:52:44,920 --> 00:52:42,420  
recently that that giant Sun fish in the

1102  
00:52:49,130 --> 00:52:44,930  
ocean done enough you know around

1103  
00:52:50,960 --> 00:52:49,140  
Australia New Zealand area things they'd

1104  
00:52:54,499 --> 00:52:50,970  
known they'd known about it from

1105  
00:52:57,349 --> 00:52:54,509  
indigenous people since the 1500s or you

1106  
00:53:00,700 --> 00:52:57,359  
know heard the legends of it but they

1107  
00:53:03,739 --> 00:53:00,710  
finally you know got evidence of it and

1108  
00:53:06,019 --> 00:53:03,749  
you know just a several maybe about a

1109  
00:53:08,120 --> 00:53:06,029  
month and a half ago I was reading the

1110  
00:53:10,670 --> 00:53:08,130  
article about it you know this thing's

1111  
00:53:12,200 --> 00:53:10,680  
nine feet long 4,000 pounds so there's

1112  
00:53:15,650 --> 00:53:12,210  
there's definitely some things out there

1113  
00:53:18,079 --> 00:53:15,660

being discovered but the the sea

1114

00:53:20,839 --> 00:53:18,089

serpents Lake Monsters that kind of has

1115

00:53:22,849 --> 00:53:20,849

a stigma attached to yeah yeah but there

1116

00:53:26,569 --> 00:53:22,859

is like I mentioned early there's so

1117

00:53:32,029 --> 00:53:26,579

much unexplored and so many places to

1118

00:53:35,299 --> 00:53:32,039

hide for you know it doesn't matter if

1119

00:53:37,530 --> 00:53:35,309

you're if we're scuba diving whatever in

1120

00:53:39,750 --> 00:53:37,540

the depths of some of these places

1121

00:53:41,460 --> 00:53:39,760

something could hide so easily even if

1122

00:53:44,820 --> 00:53:41,470

it was a hundred feet long or 200 feet

1123

00:53:46,859 --> 00:53:44,830

long it still could hide yeah I think so

1124

00:53:49,380 --> 00:53:46,869

the only thing is the sonar you know

1125

00:53:50,580 --> 00:53:49,390

that would be something that you would

1126  
00:53:53,570 --> 00:53:50,590  
think there would be more hits off the

1127  
00:53:56,970 --> 00:53:53,580  
sonar for something like that

1128  
00:54:00,420 --> 00:53:56,980  
yeah yeah I mean that you know you do

1129  
00:54:03,210 --> 00:54:00,430  
get the reports of that but but then you

1130  
00:54:05,790 --> 00:54:03,220  
also hear of you know like these lakes

1131  
00:54:08,820 --> 00:54:05,800  
being scanned that have sightings and

1132  
00:54:10,200 --> 00:54:08,830  
you know not nothing coming up so you

1133  
00:54:13,859 --> 00:54:10,210  
know it's it's one of those things

1134  
00:54:16,140 --> 00:54:13,869  
that's so it's hard to find any smoking

1135  
00:54:18,020 --> 00:54:16,150  
gun or anything definitive I mean there

1136  
00:54:23,310 --> 00:54:18,030  
could be caverns below there could be

1137  
00:54:26,040 --> 00:54:23,320  
many reasons and yeah I think so so

1138  
00:54:28,950 --> 00:54:26,050

let's switch gears we'll end out the

1139

00:54:30,450 --> 00:54:28,960

show I want to talk about your latest

1140

00:54:33,480 --> 00:54:30,460

book the wild and wonderful and

1141

00:54:35,580 --> 00:54:33,490

paranormal West Virginia can you talk a

1142

00:54:37,830 --> 00:54:35,590

little bit about that as you say in your

1143

00:54:42,920 --> 00:54:37,840

you say that it's a hotbed of paranormal

1144

00:54:46,710 --> 00:54:42,930

activity yeah it sure is West Virginia

1145

00:54:49,050 --> 00:54:46,720

has a in my opinion anyway it has a

1146

00:54:53,880 --> 00:54:49,060

disproportionate amount of paranormal

1147

00:54:55,380 --> 00:54:53,890

activity and cryptid sightings you know

1148

00:54:58,050 --> 00:54:55,390

there's a lot of yeah a lot of Bigfoot

1149

00:55:02,070 --> 00:54:58,060

sightings a lot of your you know your

1150

00:55:06,170 --> 00:55:02,080

large black cat sightings all sorts of

1151

00:55:09,660 --> 00:55:06,180

all sorts of strange things there's a

1152

00:55:11,849 --> 00:55:09,670

any number of haunted locations there

1153

00:55:14,670 --> 00:55:11,859

and it just really is one of those

1154

00:55:17,160 --> 00:55:14,680

places that kind of makes your hair

1155

00:55:18,690 --> 00:55:17,170

stand up when you're when you're when

1156

00:55:21,630 --> 00:55:18,700

you're driving through a lot of areas of

1157

00:55:25,530 --> 00:55:21,640

there and and so what what would oh I

1158

00:55:27,710 --> 00:55:25,540

see you got chupacabra and what is devil

1159

00:55:31,770 --> 00:55:27,720

monkeys I've never heard of that one

1160

00:55:35,760 --> 00:55:31,780

yeah devil monkey is own there's these

1161

00:55:38,190 --> 00:55:35,770

reports and over here in Virginia where

1162

00:55:40,710 --> 00:55:38,200

I live there there's been a lot of

1163

00:55:42,810 --> 00:55:40,720

reports in the southwestern portion of

1164

00:55:46,380 --> 00:55:42,820

the state but they kind of spill over

1165

00:55:48,840 --> 00:55:46,390

and into them into West Virginia and to

1166

00:55:50,880 --> 00:55:48,850

me it sounds just like you know just

1167

00:55:51,390 --> 00:55:50,890

just like a lemur or just just like a

1168

00:55:53,940 --> 00:55:51,400

mom

1169

00:55:56,970 --> 00:55:53,950

but they they they're very aggressive

1170

00:55:59,880 --> 00:55:56,980

they there's been reports where these

1171

00:56:02,279 --> 00:55:59,890

things will you know like they're like

1172

00:56:05,870 --> 00:56:02,289

two nurses were either driving to or

1173

00:56:08,490 --> 00:56:05,880

from work and Adam had a convertible and

1174

00:56:11,039 --> 00:56:08,500

like one of these things like jumped up

1175

00:56:16,220 --> 00:56:11,049

on top of it like he don't like scratch

1176

00:56:18,990 --> 00:56:16,230

the he like scratch the fabric and

1177

00:56:21,900 --> 00:56:19,000

there's like another report and this

1178

00:56:24,089 --> 00:56:21,910

this wasn't in in in West Virginia this

1179

00:56:27,089 --> 00:56:24,099

was in Virginia but you know real close

1180

00:56:29,490 --> 00:56:27,099

to the border where like one of these

1181

00:56:31,200 --> 00:56:29,500

things that you know like somebody was

1182

00:56:33,359 --> 00:56:31,210

like driving with their arm out the

1183

00:56:35,730 --> 00:56:33,369

window and you know what he sings like

1184

00:56:37,769 --> 00:56:35,740

was on the side of the road like jumped

1185

00:56:39,539 --> 00:56:37,779

on his car and like scratched at his arm

1186

00:56:42,960 --> 00:56:39,549

and you know just all kinds of things

1187

00:56:44,760 --> 00:56:42,970

like this and um and then over in West

1188

00:56:48,180 --> 00:56:44,770

Virginia around the charleston area like

1189

00:56:50,039 --> 00:56:48,190

in the forties when they were doing some

1190

00:56:52,200 --> 00:56:50,049

work on the railroads there there were

1191

00:56:54,000 --> 00:56:52,210

just these reports oh you know just like

1192

00:56:56,730 --> 00:56:54,010

like a monkey you know swinging through

1193

00:56:59,970 --> 00:56:56,740

the trees and but it was like real

1194

00:57:01,529 --> 00:56:59,980

aggressive and would come up to the you

1195

00:57:03,960 --> 00:57:01,539

know the car where the people were

1196

00:57:05,849 --> 00:57:03,970

staying at night and you know like

1197

00:57:08,279 --> 00:57:05,859

scratching on the window and stuff like

1198

00:57:11,760 --> 00:57:08,289

that so they kind of got the name double

1199

00:57:14,760 --> 00:57:11,770

monkeys about that now you're saying

1200

00:57:18,000 --> 00:57:14,770

that there's a burial mounds you know

1201  
00:57:22,140 --> 00:57:18,010  
early burial mounds containing skeletal

1202  
00:57:24,960 --> 00:57:22,150  
remains of giants has that yeah I mean

1203  
00:57:28,680 --> 00:57:24,970  
not as far as I know there's no actually

1204  
00:57:30,180 --> 00:57:28,690  
there's no actual like scientists not

1205  
00:57:32,789 --> 00:57:30,190  
come out and said that there's actually

1206  
00:57:34,470 --> 00:57:32,799  
giants and you know you see a lot of

1207  
00:57:38,010 --> 00:57:34,480  
things online about the skeletal remains

1208  
00:57:41,339 --> 00:57:38,020  
of these huge giants but a lot of people

1209  
00:57:44,730 --> 00:57:41,349  
saying that's just hoaxes so what do you

1210  
00:57:46,289 --> 00:57:44,740  
know about that yeah I mean it's

1211  
00:57:48,329 --> 00:57:46,299  
definitely hard to separate the wheat

1212  
00:57:53,250 --> 00:57:48,339  
from the chaff with with some of these

1213  
00:57:58,410 --> 00:57:53,260

giant reports but if you look in the in

1214

00:58:00,269 --> 00:57:58,420

a Kanawa valley the Ohio Valley in West

1215

00:58:01,530 --> 00:58:00,279

Virginia there's there's a lot of these

1216

00:58:05,580 --> 00:58:01,540

burial mounds

1217

00:58:07,980 --> 00:58:05,590

were excavated in the 1800s and if you

1218

00:58:10,800 --> 00:58:07,990

go through a lot of the Bureau of

1219

00:58:14,370 --> 00:58:10,810

ethnology reports you know which is a

1220

00:58:15,660 --> 00:58:14,380

the Smithsonian's reports back then you

1221

00:58:18,080 --> 00:58:15,670

know they don't really come right out

1222

00:58:21,180 --> 00:58:18,090

and say oh we discovered giants but

1223

00:58:23,640 --> 00:58:21,190

there's a lot of reports of you know and

1224

00:58:26,850 --> 00:58:23,650

this is the Smithsonian's own own

1225

00:58:29,160 --> 00:58:26,860

writings were skeletons seven and a half

1226

00:58:31,740 --> 00:58:29,170

feet tall you know have been found in

1227

00:58:34,710 --> 00:58:31,750

these mounds and and so you know you can

1228

00:58:38,370 --> 00:58:34,720

say that well that's that's just a

1229

00:58:41,400 --> 00:58:38,380

really tall person and okay fine but the

1230

00:58:43,380 --> 00:58:41,410

thing about it is is you know I don't

1231

00:58:47,370 --> 00:58:43,390

have exact numbers in front of me but if

1232

00:58:50,520 --> 00:58:47,380

you find you know 750 skeletons and say

1233

00:58:52,650 --> 00:58:50,530

10 of them or seven and a half feet tall

1234

00:58:55,140 --> 00:58:52,660

that's a disproportionate I'm absolutely

1235

00:58:57,090 --> 00:58:55,150

you know so there's something going on

1236

00:58:59,460 --> 00:58:57,100

there and and and and you know these

1237

00:59:02,550 --> 00:58:59,470

these these large skeletons were always

1238

00:59:04,590 --> 00:59:02,560

you know real elaborate burials you know

1239

00:59:07,050 --> 00:59:04,600

they would they would you know a lot of

1240

00:59:09,570 --> 00:59:07,060

them would be laid out you know facing

1241

00:59:12,660 --> 00:59:09,580

an east-west direction and sometimes a

1242

00:59:14,520 --> 00:59:12,670

spiral pattern of other skeletons around

1243

00:59:17,370 --> 00:59:14,530

them and they would be buried with you

1244

00:59:20,040 --> 00:59:17,380

know all sorts of artifacts and

1245

00:59:22,830 --> 00:59:20,050

everything so something really strange

1246

00:59:26,520 --> 00:59:22,840

you know was and we really don't know a

1247

00:59:27,150 --> 00:59:26,530

lot about the about the mound builder

1248

00:59:32,010 --> 00:59:27,160

huh

1249

00:59:35,700 --> 00:59:32,020

how about any dated material as far as a

1250

00:59:38,850 --> 00:59:35,710

yeah I'm gating yeah yeah I think that

1251  
00:59:44,180 --> 00:59:38,860  
the it depends on the mounds but you

1252  
00:59:49,260 --> 00:59:44,190  
know a lot of them you know 200 BC to

1253  
00:59:51,390 --> 00:59:49,270  
you know 800 AD that timeframe I mean

1254  
00:59:53,910 --> 00:59:51,400  
I'm like you know depending on if it was

1255  
00:59:55,470 --> 00:59:53,920  
a dino or Hopewell and you know I I

1256  
00:59:57,750 --> 00:59:55,480  
think they could go back a little bit

1257  
00:59:59,760 --> 00:59:57,760  
further some of the Edina biomes yeah

1258  
01:00:04,050 --> 00:59:59,770  
all right and you have a web site

1259  
01:00:05,910 --> 01:00:04,060  
correct yeah Denver Michael's not net

1260  
01:00:07,530 --> 01:00:05,920  
and your book suck why don't you go

1261  
01:00:09,780 --> 01:00:07,540  
ahead and throw out the titles and you

1262  
01:00:13,890 --> 01:00:09,790  
can get them on Amazon can you also get

1263  
01:00:19,559 --> 01:00:17,339

not Amazon or you know if you for

1264

01:00:22,230 --> 01:00:19,569

paperbacks you go to Amazon Barnes &

1265

01:00:25,130 --> 01:00:22,240

Noble or wherever you you like to get

1266

01:00:28,740 --> 01:00:25,140

books if you if you're into the ebooks

1267

01:00:31,410 --> 01:00:28,750

Amazon and just for everybody out there

1268

01:00:34,710 --> 01:00:31,420

my book people are seeing something

1269

01:00:38,819 --> 01:00:34,720

tonight and tomorrow you can download a

1270

01:00:41,490 --> 01:00:38,829

free Kindle edition of that book so yeah

1271

01:00:43,260 --> 01:00:41,500

check that one all right okay Denver

1272

01:00:46,079 --> 01:00:43,270

thanks you thank you so much and I hope

1273

01:00:49,079 --> 01:00:46,089

for your your book writing continues and

1274

01:00:52,980 --> 01:00:49,089

it's successful and I bet it's a lot of

1275

01:00:55,859 --> 01:00:52,990

fun yeah thanks and I appreciate you

1276

01:00:59,220 --> 01:00:55,869

having me on all right take care all

1277

01:00:59,640 --> 01:00:59,230

right good night all right that's it for

1278

01:01:03,299 --> 01:00:59,650

our show

1279

01:01:07,620 --> 01:01:03,309

thanks so much we are trying to put

1280

01:01:09,900 --> 01:01:07,630

together a show coming up on net

1281

01:01:12,750 --> 01:01:09,910

neutrality and rolling back the

1282

01:01:14,279 --> 01:01:12,760

regulations that both sides of that so

1283

01:01:17,059 --> 01:01:14,289

I'm waiting to hear back from that but

1284

01:01:20,130 --> 01:01:17,069

unless that comes through before

1285

01:01:22,769 --> 01:01:20,140

September 18th that's when our next show

1286

01:01:24,089 --> 01:01:22,779

will be so in other words if that show

1287

01:01:27,569 --> 01:01:24,099

doesn't happen our next show will be

1288

01:01:31,400 --> 01:01:27,579

September 18th and that's going to be

1289

01:01:33,510 --> 01:01:31,410

about the Dyatlov pass we have a great

1290

01:01:36,329 --> 01:01:33,520

European guest that's going to be

1291

01:01:39,120 --> 01:01:36,339

talking about that should be really

1292

01:01:42,559 --> 01:01:39,130

really interesting so thanks so much for

1293

01:01:45,359 --> 01:01:42,569

joining us and remember we'll be back up

1294

01:01:47,039 --> 01:01:45,369

possibly before September 18th but that

1295

01:01:48,930 --> 01:01:47,049

will be as it stands right now that
