[Music]

2
00:00:25,810 --> 00:00:23,060

hello and welcome to the show this is

3
00:00:28,320 --> 00:00:25,820

Martin Willis and on the everything else

4
00:00:32,530 --> 00:00:28,330

show and I'm pretty excited we have

5
00:00:33,490 --> 00:00:32,540

Teddy had Jessica me if hopefully I

6
00:00:36,010 --> 00:00:33,500

pronounced that okay

7
00:00:39,549 --> 00:00:36,020

she is coming right up now if you search

8
00:00:42,340 --> 00:00:39,559

the Dyatlov pass incident her website

9
00:00:45,460 --> 00:00:42,350

comes up number two versus wikipedia and

10
00:00:47,380 --> 00:00:45,470

then number two is her website she's

11
00:00:48,970 --> 00:00:47,390

done a lot of research into this and

12
00:00:51,689 --> 00:00:48,980

we're gonna be talking to her today to

13
00:00:54,850 --> 00:00:51,699

me after being in russia for several

14

00:00:57,340 --> 00:00:54,860

visits over there I've become fascinated

15

00:01:00,390 --> 00:00:57,350

with this case a number of years ago

16

00:01:02,740 --> 00:01:00,400

actually prior to my visit to Russia

17

00:01:04,660 --> 00:01:02,750

because it's just such a mystery and

18

00:01:06,399 --> 00:01:04,670

there are so many interesting theories

19

00:01:10,899 --> 00:01:06,409

we're going to be talking about all that

20

00:01:12,820 --> 00:01:10,909

and also I got a an email from Paul

21

00:01:14,980 --> 00:01:12,830

Stonehill who's done some research into

22

00:01:19,090 --> 00:01:14,990

that and I'm gonna talk a little bit

23

00:01:21,790 --> 00:01:19,100

about one of one of his thoughts that he

24

00:01:25,630 --> 00:01:21,800

has heard out there that is also very

25

00:01:28,240 --> 00:01:25,640

interesting so without further ado we'll

26
00:01:33,520 --> 00:01:28,250
come on with our guest hello Teddy how

27
00:01:34,990 --> 00:01:33,530
are you hi muffin good oh thank you for

28
00:01:36,910 --> 00:01:35,000
having me

29
00:01:39,460 --> 00:01:36,920
now let me just see what's going on here

30
00:01:43,960 --> 00:01:39,470
let me just adjust a couple things so

31
00:01:46,930 --> 00:01:43,970
for the for the listener who has not

32
00:01:50,950 --> 00:01:46,940
heard of the Dyatlov pass incident can

33
00:01:57,130 --> 00:01:50,960
you explain exactly what happened back

34
00:02:00,700 --> 00:01:57,140
in 1959 well I really doubt these our

35
00:02:03,310 --> 00:02:00,710
listeners have never heard of the art of

36
00:02:06,670 --> 00:02:03,320
path length I can't really I mean it's

37
00:02:12,190 --> 00:02:06,680
like trying to drink from a fire house

38
00:02:16,619 --> 00:02:12,200

fire hose if I have to explain the case

39

00:02:20,890 --> 00:02:16,629

okay in 1959 10 hikers started from

40

00:02:24,940 --> 00:02:20,900

started from Adele and for a two-week

41

00:02:27,220 --> 00:02:24,950

trip hiking trip which was in end of

42

00:02:30,070 --> 00:02:27,230

January beginning they were planning to

43

00:02:31,390 --> 00:02:30,080

come back in February so it was in the

44

00:02:35,679 --> 00:02:31,400

middle of weather it was

45

00:02:38,050 --> 00:02:35,689

Caeser that behavior nori so they had to

46

00:02:42,460 --> 00:02:38,060

carry everything with them and with the

47

00:02:44,740 --> 00:02:42,470

ski to go to mount otorten which is not

48

00:02:47,800 --> 00:02:44,750

so high where all is not a very high

49

00:02:50,740 --> 00:02:47,810

mountain range it's one thousand two

50

00:02:54,429 --> 00:02:50,750

three four idly with me there's high

51
00:02:56,229 --> 00:02:54,439
otorten there go well they started and

52
00:02:59,440 --> 00:02:56,239
they never came back

53
00:03:01,869 --> 00:02:59,450
so um that I mean a lot of things happen

54
00:03:06,160 --> 00:03:01,879
in the mountain that's not so weird but

55
00:03:08,740 --> 00:03:06,170
the way they were found so far for 58

56
00:03:10,420 --> 00:03:08,750
years there is no theory that can

57
00:03:13,479 --> 00:03:10,430
explain everything that happened well

58
00:03:16,449 --> 00:03:13,489
what happened on the 12th of February

59
00:03:18,670 --> 00:03:16,459
when they were expect that nobody was

60
00:03:19,920 --> 00:03:18,680
surprised that they too long their tree

61
00:03:25,270 --> 00:03:19,930
because of the weather and everything

62
00:03:27,879 --> 00:03:25,280
then on the 28th 21st the search and

63
00:03:30,879 --> 00:03:27,889

rescue parties were sent

64

00:03:33,399 --> 00:03:30,889

they found the tent it was not covered

65

00:03:37,569 --> 00:03:33,409

with avalanche or anything I mean it was

66

00:03:39,879 --> 00:03:37,579

visible and then the weird thing started

67

00:03:45,039 --> 00:03:39,889

from the tent because they were tracing

68

00:03:47,710 --> 00:03:45,049

the barefoot people going not in a panic

69

00:03:51,670 --> 00:03:47,720

just walking towards the the nearby

70

00:03:56,259 --> 00:03:51,680

forest on the slope down like one mile

71

00:03:59,559 --> 00:03:56,269

down and when they went there they found

72

00:04:02,110 --> 00:03:59,569

the first bodies next to a fire I mean

73

00:04:04,990 --> 00:04:02,120

camp fire a little fire but the fire and

74

00:04:08,619 --> 00:04:05,000

they were almost in their underwear and

75

00:04:12,339 --> 00:04:08,629

without any Footwear so they kept

76

00:04:14,259 --> 00:04:12,349

searching so far they were not alone the

77

00:04:16,930 --> 00:04:14,269

next three bodies that they found showed

78

00:04:19,659 --> 00:04:16,940

some more troubling injuries like

79

00:04:23,500 --> 00:04:19,669

self-defense injuries and small cracks

80

00:04:26,290 --> 00:04:23,510

in the so they still didn't well they

81

00:04:29,140 --> 00:04:26,300

were very it was strange that they were

82

00:04:32,860 --> 00:04:29,150

without their clothes without jacket

83

00:04:35,680 --> 00:04:32,870

without having any any footwear but when

84

00:04:38,610 --> 00:04:35,690

they found finally two months later the

85

00:04:43,060 --> 00:04:38,620

remaining for this is when the mystery

86

00:04:45,520 --> 00:04:43,070

just blew up because the last four had

87

00:04:49,690 --> 00:04:45,530

injuries that no human can

88

00:04:52,630 --> 00:04:49,700

cause and they were found in a snow hole

89

00:04:54,820 --> 00:04:52,640

in a den when they were absolutely

90

00:04:58,870 --> 00:04:54,830

capable to survive the night would take

91

00:05:03,910 --> 00:04:58,880

whatever happened that night and nobody

92

00:05:07,680 --> 00:05:03,920

can tell why couldn't they hmm do it I

93

00:05:12,280 --> 00:05:07,690

mean they were killed in a very sadistic

94

00:05:15,160 --> 00:05:12,290

way and but the weird thing is that

95

00:05:19,120 --> 00:05:15,170

nothing can cause this injuries on the

96

00:05:21,610 --> 00:05:19,130

last four and no theory so far can

97

00:05:24,250 --> 00:05:21,620

explain how all these injuries occur I

98

00:05:27,970 --> 00:05:24,260

mean though we're talking about repr

99

00:05:33,100 --> 00:05:27,980

fractures on a flail chest and the

100

00:05:35,320 --> 00:05:33,110

school is caked in a horrible way that's

101
00:05:37,870 --> 00:05:35,330
not the butt of an automatic weapon or

102
00:05:41,710 --> 00:05:37,880
anything that caused this this injuries

103
00:05:45,910 --> 00:05:41,720
and missing eyeballs and ripped out

104
00:05:48,850 --> 00:05:45,920
tongue of one of the the girls and all

105
00:05:51,370 --> 00:05:48,860
around were scattered clothes and

106
00:05:53,080 --> 00:05:51,380
branches I mean they were prepared to

107
00:05:56,340 --> 00:05:53,090
spend the night and survive but

108
00:05:59,770 --> 00:05:56,350
obviously something caught on them and

109
00:06:02,560 --> 00:05:59,780
also there is radioactive clothes and

110
00:06:04,560 --> 00:06:02,570
some of them which also depends the

111
00:06:07,360 --> 00:06:04,570
mystery so there are so many

112
00:06:09,610 --> 00:06:07,370
speculations and people are intrigued of

113
00:06:12,370 --> 00:06:09,620

all this this is because nobody can give

114

00:06:16,540 --> 00:06:12,380

a full theory and answer all of the

115

00:06:18,760 --> 00:06:16,550

questions actually the most the mystery

116

00:06:21,610 --> 00:06:18,770

is what happened at the tent why did

117

00:06:23,950 --> 00:06:21,620

they get out the way they did without

118

00:06:27,430 --> 00:06:23,960

their clothes but not in a panic in a

119

00:06:30,910 --> 00:06:27,440

very or ordered wait on the own accord

120

00:06:33,010 --> 00:06:30,920

they just start walking in a line down

121

00:06:34,810 --> 00:06:33,020

the hill down the slope and then what

122

00:06:39,850 --> 00:06:34,820

happened in the den with the last four

123

00:06:42,280 --> 00:06:39,860

obviously it was one big trouble that

124

00:06:45,220 --> 00:06:42,290

chased them but it started in one way

125

00:06:48,070 --> 00:06:45,230

and then kept chasing them until it

126
00:06:51,400 --> 00:06:48,080
killed all of them now the strange thing

127
00:06:57,670 --> 00:06:51,410
to is first of all if they did this in

128
00:07:10,330 --> 00:07:02,710
all right okay just work on your

129
00:07:13,300 --> 00:07:10,340
adjustment there and yes I do okay so

130
00:07:17,500 --> 00:07:13,310
the strangest thing to me is first of

131
00:07:21,100 --> 00:07:17,510
all they they cut themselves out of the

132
00:07:22,930 --> 00:07:21,110
tent and they go out you know here's

133
00:07:25,900 --> 00:07:22,940
here's a place where they could survive

134
00:07:28,600 --> 00:07:25,910
you know almost any weather and now they

135
00:07:30,670 --> 00:07:28,610
put themselves out to the elements they

136
00:07:33,250 --> 00:07:30,680
cut themselves out of the tent and for

137
00:07:34,330 --> 00:07:33,260
me to hear you say they walked in an

138
00:07:37,180 --> 00:07:34,340

orderly way

139

00:07:40,570 --> 00:07:37,190

it's very strange why they wouldn't take

140

00:07:43,000 --> 00:07:40,580

at least clothing with them yeah we we

141

00:07:45,850 --> 00:07:43,010

don't know if they cut themselves out of

142

00:07:48,460 --> 00:07:45,860

the tent first of all all of the knives

143

00:07:51,390 --> 00:07:48,470

that we know that they had the three

144

00:07:54,640 --> 00:07:51,400

finnish knives and the a proof

145

00:07:58,390 --> 00:07:54,650

pocketknife were found back in the tent

146

00:08:00,460 --> 00:07:58,400

they must have had more knives because

147

00:08:03,159 --> 00:08:00,470

they could the branches down in the

148

00:08:07,690 --> 00:08:03,169

forest when they mated the den and in

149

00:08:11,200 --> 00:08:07,700

the fire firewood but no lives were

150

00:08:13,839 --> 00:08:11,210

found so I don't think they cut I mean

151

00:08:16,990 --> 00:08:13,849

that's the once I mean the first weird

152

00:08:20,770 --> 00:08:17,000

the point was the tent was cooked from

153

00:08:23,469 --> 00:08:20,780

inside that's true but I don't think

154

00:08:26,650 --> 00:08:23,479

they could the 10 and none of the you

155

00:08:29,020 --> 00:08:26,660

know researchers that in the book Center

156

00:08:31,870 --> 00:08:29,030

Keating who is the you know he's the god

157

00:08:34,779 --> 00:08:31,880

thing in the research about this

158

00:08:37,810 --> 00:08:34,789

incident nobody believes that they did

159

00:08:39,579 --> 00:08:37,820

it themselves I mean no matter that's I

160

00:08:42,820 --> 00:08:39,589

mean we're not talking about them

161

00:08:44,980 --> 00:08:42,830

growing nuts from infrasound or

162

00:08:47,290 --> 00:08:44,990

believing that there is the avalanche or

163

00:08:49,810 --> 00:08:47,300

us on the other side of the tent and

164

00:08:53,500 --> 00:08:49,820

they try to escape from the D side of

165

00:08:55,660 --> 00:08:53,510

the pack everybody can take the time to

166

00:08:57,280 --> 00:08:55,670

get out from the entrance of the tent

167

00:09:00,820 --> 00:08:57,290

and that will take much less time than

168

00:09:03,610 --> 00:09:00,830

cutting in all the way the tent was cut

169

00:09:06,069 --> 00:09:03,620

I have a theory I mean it's not a theory

170

00:09:08,860 --> 00:09:06,079

I can improvise and speculate how this

171

00:09:11,170 --> 00:09:08,870

happened I mean later on in the

172

00:09:13,240 --> 00:09:11,180

conversation if you want me to oh yeah

173

00:09:17,500 --> 00:09:13,250

I mean with all the research you've been

174

00:09:18,880 --> 00:09:17,510

doing I would would love to hear well I

175

00:09:21,220 --> 00:09:18,890

want to go through all the different

176

00:09:23,500 --> 00:09:21,230

theories and and why people came up with

177

00:09:29,190 --> 00:09:23,510

them you know I mean there is anything

178

00:09:33,820 --> 00:09:29,200

from Yeti to UFOs to this gravitational

179

00:09:35,800 --> 00:09:33,830

situation you know it's it's yeah the

180

00:09:41,920 --> 00:09:35,810

gravity tunnel I know I have them all on

181

00:09:44,410 --> 00:09:41,930

the side yeah yeah now so there's also

182

00:09:46,960 --> 00:09:44,420

signs that they try to climb up a tree

183

00:09:50,380 --> 00:09:46,970

like 15 feet or something like that 5

184

00:09:52,450 --> 00:09:50,390

meters up a tree that's very much I mean

185

00:09:54,730 --> 00:09:52,460

yeah something was chasing them out of

186

00:09:57,880 --> 00:09:54,740

the tent okay let me let me tell you my

187

00:10:00,790 --> 00:09:57,890

scenario I mean I haven't really did

188

00:10:03,720 --> 00:10:00,800

research all I need is that there was so

189

00:10:06,340 --> 00:10:03,730

much information online that I kept

190

00:10:08,260 --> 00:10:06,350

bookmarking it and then trying to figure

191

00:10:10,390 --> 00:10:08,270

out what happened because I looked about

192

00:10:12,190 --> 00:10:10,400

yeah too fast like two years ago and I

193

00:10:12,910 --> 00:10:12,200

couldn't believe I haven't heard about

194

00:10:15,910 --> 00:10:12,920

it before

195

00:10:18,250 --> 00:10:15,920

and I said yeah this is wanting to learn

196

00:10:19,750 --> 00:10:18,260

what happened and this is how I start to

197

00:10:21,460 --> 00:10:19,760

decide because first because I'm about

198

00:10:25,120 --> 00:10:21,470

designer but second because I wanted for

199

00:10:29,170 --> 00:10:25,130

myself to just have in one one place all

200

00:10:33,580 --> 00:10:29,180

the information that I can dig up and I

201
00:10:35,740 --> 00:10:33,590
mean basically later on there is a new

202
00:10:38,440 --> 00:10:35,750
book week about the zolturi off camera

203
00:10:40,900 --> 00:10:38,450
okay one of the four people that were

204
00:10:43,480 --> 00:10:40,910
found last in the in the den had the

205
00:10:45,070 --> 00:10:43,490
camera around his surname right and that

206
00:10:49,660 --> 00:10:45,080
wasn't the camera that he was carrying

207
00:10:52,990 --> 00:10:49,670
before while throughout the the hike

208
00:10:55,630 --> 00:10:53,000
that is the second camera and when they

209
00:10:58,120 --> 00:10:55,640
develop initially the the negatives

210
00:10:59,650 --> 00:10:58,130
nobody paid attention to the negatives

211
00:11:00,880 --> 00:10:59,660
of this camera because he they were can

212
00:11:04,270 --> 00:11:00,890
see the damaged thing because they were

213
00:11:09,250 --> 00:11:04,280

very small white things on the on the on

214

00:11:12,940 --> 00:11:09,260

the photos they found my scenario of

215

00:11:14,320 --> 00:11:12,950

what happened around the tent is that do

216

00:11:19,620 --> 00:11:14,330

you hear me nothing

217

00:11:23,280 --> 00:11:19,630

yep we're all set I I have yeah okay

218

00:11:26,819 --> 00:11:23,290

darn computers okay

219

00:11:28,800 --> 00:11:26,829

ah do you is it so bad if we continue on

220

00:11:31,949 --> 00:11:28,810

this speakerphone because I think my

221

00:11:33,840 --> 00:11:31,959

head had said it's something is wrong

222

00:11:35,850 --> 00:11:33,850

with okay just just connect it if you

223

00:11:37,499 --> 00:11:35,860

can hear me just go ahead and just

224

00:11:46,740 --> 00:11:37,509

connect it will see how the feedback is

225

00:11:52,199 --> 00:11:46,750

I can hear you yes okay because two of

226

00:11:54,449 --> 00:11:52,209

the people people and yeah people and so

227

00:11:55,559 --> 00:11:54,459

they love were better dressed they had

228

00:11:59,970 --> 00:11:55,569

some kind of footwear

229

00:12:01,920 --> 00:11:59,980

I mean not the shoes that you go to the

230

00:12:04,530 --> 00:12:01,930

snow but Valentin which is the inner

231

00:12:07,829 --> 00:12:04,540

shoe and they said that they were chases

232

00:12:11,129 --> 00:12:07,839

of you mean self somebody went out to

233

00:12:13,620 --> 00:12:11,139

release themselves so we speculate that

234

00:12:16,590 --> 00:12:13,630

these were the two man that went out and

235

00:12:20,460 --> 00:12:16,600

there were always some kind of event

236

00:12:23,069 --> 00:12:20,470

like lights and things in the sky that's

237

00:12:26,100 --> 00:12:23,079

very normal but very usual for the

238

00:12:30,030 --> 00:12:26,110

Arctic and for this latitude altitude

239

00:12:34,079 --> 00:12:30,040

the latitude their own or some like

240

00:12:36,960 --> 00:12:34,089

Lincoln even sound sounds very good that

241

00:12:40,139 --> 00:12:36,970

they're not weird for do awful people so

242

00:12:42,180 --> 00:12:40,149

you know you terrific just one second um

243

00:12:45,329 --> 00:12:42,190

when you removed your headset the

244

00:12:47,550 --> 00:12:45,339

microphone changed so it's hard it's

245

00:12:52,860 --> 00:12:47,560

just okay that's better me yep

246

00:12:56,460 --> 00:12:52,870

okay I can hear you no okay so I think

247

00:12:59,009 --> 00:12:56,470

he went in to just get his camera to

248

00:13:01,800 --> 00:12:59,019

take some photos of what was in the sky

249

00:13:04,379 --> 00:13:01,810

and he called the rest of the the the

250

00:13:06,480 --> 00:13:04,389

the members of the group just to see

251

00:13:09,269 --> 00:13:06,490

what see in the sky that's why I got

252

00:13:11,790 --> 00:13:09,279

them out without any clothes because it

253

00:13:13,920 --> 00:13:11,800

was disappearing in the the the the

254

00:13:17,280 --> 00:13:13,930

shots he made with his camera were

255

00:13:20,519 --> 00:13:17,290

lasting about a minute or a minute and a

256

00:13:22,499 --> 00:13:20,529

half so I mean it's very natural to to

257

00:13:24,389 --> 00:13:22,509

bring people from inside the tent in

258

00:13:25,889 --> 00:13:24,399

their underwear because they were just

259

00:13:28,439 --> 00:13:25,899

relaxing there and they wanted to see

260

00:13:31,879 --> 00:13:28,449

what's in this time and there are traces

261

00:13:34,259 --> 00:13:31,889

of steps of people that are just

262

00:13:36,270 --> 00:13:34,269

standing up next to each other they're

263

00:13:38,640 --> 00:13:36,280

not talking they're not doing any

264

00:13:40,890 --> 00:13:38,650

they're just in a line and one of the

265

00:13:43,920 --> 00:13:40,900

shots of the three of us camera shows

266

00:13:46,920 --> 00:13:43,930

three the top of tree heads it's like

267

00:13:49,950 --> 00:13:46,930

he's making a shot at something that's

268

00:13:52,620 --> 00:13:49,960

above the the people in front of him in

269

00:13:54,660 --> 00:13:52,630

the sky so if they were just looking at

270

00:13:56,850 --> 00:13:54,670

the sky they were all out in their

271

00:13:59,400 --> 00:13:56,860

underwear in what I think would happen

272

00:14:02,040 --> 00:13:59,410

is that somebody was watching them for a

273

00:14:04,770 --> 00:14:02,050

while and they just took the opportunity

274

00:14:07,530 --> 00:14:04,780

while everybody was out and just pointed

275

00:14:11,010 --> 00:14:07,540

guns on them and told them march down

276

00:14:13,920 --> 00:14:11,020

die freeze or something I mean they just

277

00:14:17,220 --> 00:14:13,930

wanted that dead but initially they

278

00:14:20,250 --> 00:14:17,230

didn't beat them back I mean there is

279

00:14:22,740 --> 00:14:20,260

one theory that maybe through buildings

280

00:14:27,690 --> 00:14:22,750

decide something because the Krakens his

281

00:14:29,850 --> 00:14:27,700

Co was caused very early in the that

282

00:14:33,030 --> 00:14:29,860

night events and maybe he was going down

283

00:14:34,860 --> 00:14:33,040

with that crap because he died first so

284

00:14:39,150 --> 00:14:34,870

maybe they were not voluntarily just

285

00:14:41,760 --> 00:14:39,160

agreeing to to go and die from in there

286

00:14:45,660 --> 00:14:41,770

in the woods but I think they were out

287

00:14:46,590 --> 00:14:45,670

when somebody marched them down so we

288

00:14:52,829 --> 00:14:46,600

have there ever been

289

00:14:53,940 --> 00:14:52,839

additional footprints can you turn your

290

00:14:56,880 --> 00:14:53,950

volume down just a little bit please

291

00:14:59,130 --> 00:14:56,890

have there ever been additional

292

00:15:06,329 --> 00:14:59,140

footprints found that would have would

293

00:15:08,730 --> 00:15:06,339

collaborate this theory the scene was

294

00:15:11,700 --> 00:15:08,740

very contaminated I mean nobody was

295

00:15:14,160 --> 00:15:11,710

expecting to find them dead so when they

296

00:15:16,470 --> 00:15:14,170

found the tent they all rushed and start

297

00:15:21,300 --> 00:15:16,480

you know digging up things and even

298

00:15:27,990 --> 00:15:21,310

cutting the tent so we do have one print

299

00:15:29,880 --> 00:15:28,000

of a shoe with a hill so but with the

300

00:15:31,650 --> 00:15:29,890

shoe of one of the researchers or not

301
00:15:37,079 --> 00:15:31,660
I mean for sure everybody was

302
00:15:38,880 --> 00:15:37,089
photographing the the bare faces but

303
00:15:43,079 --> 00:15:38,890
nobody was paying attention of the shoe

304
00:15:46,590 --> 00:15:43,089
if there are any other traces around so

305
00:15:49,590 --> 00:15:46,600
it's a very contaminated the feeling to

306
00:15:53,460 --> 00:15:49,600
start with there is

307
00:15:55,920 --> 00:15:53,470
there are no traces of skis but I don't

308
00:15:58,290 --> 00:15:55,930
believe that the the skis will leave for

309
00:16:00,720 --> 00:15:58,300
traces in the same way the feet did

310
00:16:02,430 --> 00:16:00,730
because we have all seen I mean I

311
00:16:06,150 --> 00:16:02,440
believe our listeners have seen the

312
00:16:08,160 --> 00:16:06,160
raised footsteps which were preserved

313
00:16:09,900 --> 00:16:08,170

only because they melted part of the

314

00:16:14,730 --> 00:16:09,910

snow one because the winds were not so

315

00:16:16,620 --> 00:16:14,740

strong so they just the the shoes

316

00:16:19,499 --> 00:16:16,630

wouldn't leave the same this is the same

317

00:16:21,300 --> 00:16:19,509

traces no they were not found I mean to

318

00:16:23,550 --> 00:16:21,310

answer your question all of the

319

00:16:26,069 --> 00:16:23,560

researchers researchers have said that

320

00:16:28,110 --> 00:16:26,079

there are no footprints whatsoever

321

00:16:31,499 --> 00:16:28,120

nothing around which you know makes it

322

00:16:34,590 --> 00:16:31,509

weird but it doesn't mean that they were

323

00:16:41,430 --> 00:16:34,600

not it would they just weren't found any

324

00:16:43,290 --> 00:16:41,440

okay no no yeah getting feedback so are

325

00:16:47,100 --> 00:16:43,300

you able to turn your speaker's down a

326

00:16:50,340 --> 00:16:47,110

little my sneakers yep just turned the

327

00:16:55,110 --> 00:16:50,350

volume down a little on those so one

328

00:16:57,509 --> 00:16:55,120

that Paul Stonehill sent me it was one

329

00:17:02,360 --> 00:16:57,519

of the theories as it was a KGB

330

00:17:07,130 --> 00:17:02,370

operation to disseminate CIA agents and

331

00:17:11,399 --> 00:17:07,140

some of them persisted in the team where

332

00:17:13,919 --> 00:17:11,409

I'm just trying to trying to understand

333

00:17:16,140 --> 00:17:13,929

what he's saying here but also that some

334

00:17:19,380 --> 00:17:16,150

other tourists perished in that area

335

00:17:22,829 --> 00:17:19,390

later are you familiar with other

336

00:17:24,390 --> 00:17:22,839

tourists yeah I don't think other

337

00:17:27,000 --> 00:17:24,400

tourists perish there I mean recently

338

00:17:29,430 --> 00:17:27,010

there was somebody that froze 12 miles

339

00:17:31,470 --> 00:17:29,440

or kilometres from there but that's not

340

00:17:32,909 --> 00:17:31,480

a surprise it's the mountains I mean of

341

00:17:35,570 --> 00:17:32,919

course people died in the mountain

342

00:17:39,120 --> 00:17:35,580

especially they're stupid to go along I

343

00:17:41,430 --> 00:17:39,130

haven't heard of any tourists I heard of

344

00:17:43,710 --> 00:17:41,440

an airplane with nine passengers that

345

00:17:49,860 --> 00:17:43,720

crash there and other things like that

346

00:17:52,020 --> 00:17:49,870

but no tourists okay alright so I'm

347

00:17:59,190 --> 00:17:52,030

still getting feedback so this is so

348

00:18:00,720 --> 00:17:59,200

anyway what do you think of all the

349

00:18:02,980 --> 00:18:00,730

different theories you know right away

350

00:18:04,630 --> 00:18:02,990

you'll see

351

00:18:06,490 --> 00:18:04,640

the debunker is saying that it was

352

00:18:09,220 --> 00:18:06,500

simply an avalanche that crushed the

353

00:18:13,240 --> 00:18:09,230

tent you know I mean there's so many

354

00:18:15,190 --> 00:18:13,250

holes in that theory especially when it

355

00:18:17,440 --> 00:18:15,200

comes to the injuries that were

356

00:18:19,750 --> 00:18:17,450

sustained away from there it's not an

357

00:18:22,870 --> 00:18:19,760

avalanche I mean what happened happened

358

00:18:25,389 --> 00:18:22,880

in three different steps first around

359

00:18:29,080 --> 00:18:25,399

the tent tent around then around the

360

00:18:32,169 --> 00:18:29,090

fire then in the in the den I mean the

361

00:18:35,740 --> 00:18:32,179

tent wasn't covered with snow the slope

362

00:18:39,279 --> 00:18:35,750

is not remotely dangerous for avalanches

363

00:18:41,919 --> 00:18:39,289

this theories just doesn't deserve the

364

00:18:44,380 --> 00:18:41,929

time right right right

365

00:18:47,710 --> 00:18:44,390

but let's let's talk about some of the

366

00:18:49,210 --> 00:18:47,720

possibilities you know you you kind of

367

00:18:51,159 --> 00:18:49,220

talked about what you thought may have

368

00:18:54,870 --> 00:18:51,169

happened but what about some of the

369

00:18:59,529 --> 00:18:54,880

other possibilities of for instance

370

00:19:01,419 --> 00:18:59,539

military operations that would kind of

371

00:19:05,610 --> 00:19:01,429

dovetail with what you were talking

372

00:19:09,639 --> 00:19:05,620

about that there are force down the hill

373

00:19:11,620 --> 00:19:09,649

what was that would be similar to what

374

00:19:17,230 --> 00:19:11,630

you were talking about that they were

375

00:19:19,659 --> 00:19:17,240

forced to go down the hill okay I which

376

00:19:22,769 --> 00:19:19,669

actually I was thinking today well

377

00:19:25,720 --> 00:19:22,779

because I was expecting our conversation

378

00:19:30,149 --> 00:19:25,730

it's nothing new in what I can say

379

00:19:33,820 --> 00:19:30,159

everybody knows that the whatever was

380

00:19:35,710 --> 00:19:33,830

chasing them first they thought they got

381

00:19:39,700 --> 00:19:35,720

away that's why they started the fire

382

00:19:42,130 --> 00:19:39,710

then whatever was in the tent and we

383

00:19:44,710 --> 00:19:42,140

think it ripped out the tent from inside

384

00:19:47,110 --> 00:19:44,720

so they can only not return because they

385

00:19:49,810 --> 00:19:47,120

were trying to make these people dead by

386

00:19:52,230 --> 00:19:49,820

you know freezing out and they were

387

00:19:54,700 --> 00:19:52,240

staying in the tent

388

00:19:57,310 --> 00:19:54,710

looking through the holes they did and

389

00:20:01,480 --> 00:19:57,320

then they saw the fire down the slope

390

00:20:03,130 --> 00:20:01,490

which was only a kilometer down and they

391

00:20:05,440 --> 00:20:03,140

said oh man we have to go and kill them

392

00:20:08,440 --> 00:20:05,450

again because this you know that they're

393

00:20:10,659 --> 00:20:08,450

gonna survive so they go down some of

394

00:20:13,440 --> 00:20:10,669

the the hikers hide around in the woods

395

00:20:17,380 --> 00:20:13,450

and they know that the

396

00:20:19,240 --> 00:20:17,390

whatever is chasing that it's not Blanc

397

00:20:24,190 --> 00:20:19,250

putting the tent that's why three of

398

00:20:26,920 --> 00:20:24,200

them tried to go you know up to the tent

399

00:20:29,200 --> 00:20:26,930

and therefore hitting the forest we know

400

00:20:32,680 --> 00:20:29,210

that the they came back to take some

401

00:20:34,900 --> 00:20:32,690

clothes of their dead friends the two

402

00:20:39,490 --> 00:20:34,910

around the fire - sanguine cocoon shank

403

00:20:41,260 --> 00:20:39,500

oh so that that was not a one time this

404

00:20:45,040 --> 00:20:41,270

was the military they will just shoot

405

00:20:47,220 --> 00:20:45,050

them in that they're just very damning

406

00:20:50,080 --> 00:20:47,230

closed coffin saying that you know

407

00:20:52,720 --> 00:20:50,090

something poison them that they will

408

00:20:56,980 --> 00:20:52,730

make their parents sign that they will

409

00:21:00,970 --> 00:20:56,990

never say anything about the case I mean

410

00:21:03,070 --> 00:21:00,980

that's a very strong government there I

411

00:21:04,570 --> 00:21:03,080

mean they can do whatever they want if

412

00:21:07,840 --> 00:21:04,580

it was the military it will be all

413

00:21:10,480 --> 00:21:07,850

secret the fact that all of the photos

414

00:21:13,540 --> 00:21:10,490

are public and all of them you know the

415

00:21:16,570 --> 00:21:13,550

case everybody was putting their no

416

00:21:19,680 --> 00:21:16,580

single in this in this case the only

417

00:21:22,780 --> 00:21:19,690

reason they closed the area and they

418

00:21:26,110 --> 00:21:22,790

banned all of the hives for four years

419

00:21:27,730 --> 00:21:26,120

because the the military themselves they

420

00:21:30,130 --> 00:21:27,740

didn't know what's going on and what

421

00:21:33,430 --> 00:21:30,140

caused them to die because yes they had

422

00:21:36,400 --> 00:21:33,440

some tests going on there but they

423

00:21:39,430 --> 00:21:36,410

weren't I mean this is not how you die

424

00:21:42,670 --> 00:21:39,440

if you come across a rocket or something

425

00:21:45,820 --> 00:21:42,680

that thing was chasing them down in the

426
00:21:48,250 --> 00:21:45,830
forest getting angrier that that they're

427
00:21:50,890 --> 00:21:48,260
not dying the I mean that they have to

428
00:21:54,460 --> 00:21:50,900
spend a whole night killing them

429
00:21:56,710 --> 00:21:54,470
basically and the Army has bullets they

430
00:22:00,160 --> 00:21:56,720
will kill them and bury them and nobody

431
00:22:02,350 --> 00:22:00,170
will find them well so what type of

432
00:22:10,240 --> 00:22:02,360
people would you imagine would be doing

433
00:22:13,420 --> 00:22:10,250
this well statistically if mouse or

434
00:22:18,040 --> 00:22:13,430
County I mean which is a little bit of

435
00:22:20,440 --> 00:22:18,050
different people they're not Massey but

436
00:22:23,150 --> 00:22:20,450
they live there they're even more

437
00:22:26,630 --> 00:22:23,160
secluded than the Mansi if there

438
00:22:30,110 --> 00:22:26,640

when these places must be them because

439

00:22:32,390 --> 00:22:30,120

KGB agents or whatever they will just

440

00:22:35,210 --> 00:22:32,400

kill with weapons obviously they had

441

00:22:39,500 --> 00:22:35,220

weapons because the nine hikers were in

442

00:22:42,440 --> 00:22:39,510

the best shape on being they were in top

443

00:22:45,830 --> 00:22:42,450

form and they were very I mean their

444

00:22:48,140 --> 00:22:45,840

character was not that they will be

445

00:22:52,610 --> 00:22:48,150

afraid they will jump their attackers I

446

00:22:55,460 --> 00:22:52,620

mean those had to be our people and not

447

00:22:58,100 --> 00:22:55,470

only one I mean they must have I think

448

00:23:01,220 --> 00:22:58,110

laughs even all said that they had to

449

00:23:02,660 --> 00:23:01,230

beat and armed people to overcome them

450

00:23:04,790 --> 00:23:02,670

the way they did because there is no

451

00:23:08,900 --> 00:23:04,800

sign of struggle or anything I mean if

452

00:23:11,270 --> 00:23:08,910

you if your time people and somebody

453

00:23:13,910 --> 00:23:11,280

they tell you don't go down the slope

454

00:23:17,150 --> 00:23:13,920

agree just say okay okay we'll go down I

455

00:23:20,060 --> 00:23:17,160

mean they will try to fight it back so I

456

00:23:22,700 --> 00:23:20,070

imagine that somebody must have had our

457

00:23:27,230 --> 00:23:22,710

I mean weapon but I don't know if they

458

00:23:31,460 --> 00:23:27,240

had a munitions because they never shot

459

00:23:33,320 --> 00:23:31,470

any anything they could have had weapons

460

00:23:36,290 --> 00:23:33,330

but without ammunition that's why they

461

00:23:39,250 --> 00:23:36,300

killed him the way they did I'm I cannot

462

00:23:42,560 --> 00:23:39,260

speculate why they killed them I think

463

00:23:45,020 --> 00:23:42,570

that they didn't know how to handle the

464

00:23:49,160 --> 00:23:45,030

situation because they wanted them dead

465

00:23:51,430 --> 00:23:49,170

but they persisted not dying I mean they

466

00:23:54,080 --> 00:23:51,440

they would have survived the night and

467

00:24:01,810 --> 00:23:54,090

they could go back to the storage way

468

00:24:05,630 --> 00:24:01,820

they had food and everything so they can

469

00:24:07,970 --> 00:24:05,640

take care of the situation meditated I

470

00:24:10,610 --> 00:24:07,980

think somebody was watching them and it

471

00:24:13,340 --> 00:24:10,620

was really hostile and really crazy and

472

00:24:15,820 --> 00:24:13,350

I still cannot explain how they killed

473

00:24:18,200 --> 00:24:15,830

that you know three of the last four

474

00:24:22,270 --> 00:24:18,210

members that died in the in the den

475

00:24:26,270 --> 00:24:22,280

because those factors must have become

476

00:24:31,040 --> 00:24:26,280

they can be only caused by a very high

477

00:24:34,250 --> 00:24:31,050

velocity trauma by a pressure like from

478

00:24:36,330 --> 00:24:34,260

a blast or if you fall from seven floor

479

00:24:40,159 --> 00:24:36,340

I mean

480

00:24:44,010 --> 00:24:40,169

hi building like yes I heard because

481

00:24:47,010 --> 00:24:44,020

jumping on their chest even if they were

482

00:24:48,480 --> 00:24:47,020

you know having some substances like a

483

00:24:51,409 --> 00:24:48,490

fly idiotic or anything like that

484

00:24:54,419 --> 00:24:51,419

because this is the plan and sauce

485

00:24:57,960 --> 00:24:54,429

theory because first of all to achieve

486

00:25:00,450 --> 00:24:57,970

if that high of a jump you have to do it

487

00:25:02,940 --> 00:25:00,460

from a firm man you cannot do it from a

488

00:25:08,490 --> 00:25:02,950

soft snow I mean you can only kick

489

00:25:10,529 --> 00:25:08,500

somebody and then you can kill person by

490

00:25:13,250 --> 00:25:10,539

kicking him in the face much faster than

491

00:25:17,250 --> 00:25:13,260

jumping and also they said there is one

492

00:25:21,210 --> 00:25:17,260

blow it's not some little blows that

493

00:25:24,090 --> 00:25:21,220

there are not particles of the other of

494

00:25:26,460 --> 00:25:24,100

the ribs so it must be one blow that

495

00:25:30,000 --> 00:25:26,470

calls this a flail chest and the

496

00:25:32,310 --> 00:25:30,010

multiple fracture line a trauma well so

497

00:25:36,500 --> 00:25:32,320

this cannot be just somebody kicking

498

00:25:38,880 --> 00:25:36,510

them in the face that's what I mean if

499

00:25:41,430 --> 00:25:38,890

somebody could explain how this might

500

00:25:43,710 --> 00:25:41,440

happen it we wouldn't be talking for 60

501
00:25:44,880 --> 00:25:43,720
years about that and it's getting more

502
00:25:51,149 --> 00:25:44,890
and more interesting the more you

503
00:25:54,180 --> 00:25:51,159
breathe the more because I cannot

504
00:25:57,180 --> 00:25:54,190
explain the dangerous I mean around the

505
00:25:59,370 --> 00:25:57,190
10th is really mysterious but you know

506
00:26:01,470 --> 00:25:59,380
people walking in there barefoot and

507
00:26:03,659 --> 00:26:01,480
somebody kissing the time from inside ok

508
00:26:05,610 --> 00:26:03,669
so it can happen but I cannot explain

509
00:26:07,919 --> 00:26:05,620
what happened in the back in the den

510
00:26:10,080 --> 00:26:07,929
because all the theories that they get

511
00:26:13,110 --> 00:26:10,090
falling on their heads and causing this

512
00:26:16,049 --> 00:26:13,120
case is closed the problem is that there

513
00:26:18,630 --> 00:26:16,059

is no outside bruising maceration or

514

00:26:21,750 --> 00:26:18,640

whatsoever so the only thing that can

515

00:26:25,860 --> 00:26:21,760

cause that is a high-velocity trauma or

516

00:26:28,470 --> 00:26:25,870

a pressure or something it's nobody can

517

00:26:31,320 --> 00:26:28,480

cause that by kicking or you know

518

00:26:33,960 --> 00:26:31,330

beating with the wood piece or something

519

00:26:36,600 --> 00:26:33,970

like that right they don't have any

520

00:26:39,149 --> 00:26:36,610

bruises they were thought that they were

521

00:26:42,149 --> 00:26:39,159

just frozen until they cut them open

522

00:26:45,360 --> 00:26:42,159

because they didn't have any any signs

523

00:26:49,890 --> 00:26:45,370

of the injuries in sight injuries that

524

00:26:54,120 --> 00:26:49,900

they suffer right now that I guess so

525

00:26:57,240 --> 00:26:54,130

yes the Mansi natives they they're not

526

00:27:03,000 --> 00:26:57,250

actually themselves known for violence

527

00:27:06,690 --> 00:27:03,010

right they didn't want anybody to be

528

00:27:08,940 --> 00:27:06,700

truth or to I mean to touch them they

529

00:27:11,270 --> 00:27:08,950

didn't want to attract attention I mean

530

00:27:15,120 --> 00:27:11,280

that the Soviets could so easily just

531

00:27:17,400 --> 00:27:15,130

exterminate them and just not allow them

532

00:27:20,580 --> 00:27:17,410

to name their children to speak their

533

00:27:23,130 --> 00:27:20,590

language to declare their gang the

534

00:27:27,090 --> 00:27:23,140

hunting that the you know all of the

535

00:27:28,980 --> 00:27:27,100

animals that they cannot no longer hunt

536

00:27:31,770 --> 00:27:28,990

them and everything they didn't want to

537

00:27:33,570 --> 00:27:31,780

attract any attention so some people

538

00:27:36,390 --> 00:27:33,580

said well they achieved it because they

539

00:27:37,710 --> 00:27:36,400

closed the area for four years but not

540

00:27:39,530 --> 00:27:37,720

the way they did because they were

541

00:27:42,450 --> 00:27:39,540

flooded with you know all the

542

00:27:45,200 --> 00:27:42,460

interrogations and the people started

543

00:27:49,020 --> 00:27:45,210

looking at them they didn't need that

544

00:27:51,030 --> 00:27:49,030

and all the sacred places and mountains

545

00:27:53,460 --> 00:27:51,040

and so on that you know people talk

546

00:27:56,330 --> 00:27:53,470

about I don't believe there was anything

547

00:27:58,950 --> 00:27:56,340

around there that was um

548

00:28:02,490 --> 00:27:58,960

sacred the masa people said that there

549

00:28:06,450 --> 00:28:02,500

is nothing there and not exactly where

550

00:28:08,640 --> 00:28:06,460

they went and all the talk about don't

551

00:28:14,130 --> 00:28:08,650

go there but they don't finish the

552

00:28:16,800 --> 00:28:14,140

question it's one month see hunter said

553

00:28:18,840 --> 00:28:16,810

they came to me and they asked me if I

554

00:28:20,790 --> 00:28:18,850

can we shook can we see the maps and how

555

00:28:23,040 --> 00:28:20,800

is this area and can you advise us what

556

00:28:24,780 --> 00:28:23,050

to do and where to go and he said don't

557

00:28:26,370 --> 00:28:24,790

go there because they're crevices and

558

00:28:28,410 --> 00:28:26,380

holes covered with snow when you will

559

00:28:31,830 --> 00:28:28,420

fall and also there is wait why would

560

00:28:34,550 --> 00:28:31,840

you go there in this case because we're

561

00:28:38,310 --> 00:28:34,560

covering category three about you know

562

00:28:40,560 --> 00:28:38,320

we're going to get licenses and whatever

563

00:28:41,580 --> 00:28:40,570

and he said oh so you want to make it

564

00:28:43,320 --> 00:28:41,590

difficult okay go

565

00:28:46,410 --> 00:28:43,330

here is my map here is when the the

566

00:28:48,210 --> 00:28:46,420

forest ends but just be aware that there

567

00:28:50,760 --> 00:28:48,220

are crevices and holes that worry you

568

00:28:54,210 --> 00:28:50,770

can befall that's why I don't go there

569

00:28:56,730 --> 00:28:54,220

is because it's a windy and it's

570

00:28:59,990 --> 00:28:56,740

difficult and dangerous not because

571

00:29:02,760 --> 00:29:00,000

they're gods or spirits or whatever and

572

00:29:05,160 --> 00:29:02,770

the legends about the nine

573

00:29:09,590 --> 00:29:05,170

see hunters that disappear or died

574

00:29:16,410 --> 00:29:09,600

mysterious way are not confirmed also I

575

00:29:19,919 --> 00:29:16,420

want to mention that the Dalton

576

00:29:23,370 --> 00:29:19,929

it's not called don't go there it's

577

00:29:25,950 --> 00:29:23,380

actually a goose nice mountain or a

578

00:29:28,080 --> 00:29:25,960

windy mountain one or the or the other

579

00:29:31,799 --> 00:29:28,090

and whole lotta Hill

580

00:29:33,900 --> 00:29:31,809

it's not it's AIT's a dead mountain but

581

00:29:36,690 --> 00:29:33,910

it's not because people died there would

582

00:29:40,950 --> 00:29:36,700

be because nothing grows on the slopes

583

00:29:44,400 --> 00:29:40,960

and I I kept calling mountain of the

584

00:29:47,010 --> 00:29:44,410

Dead my page just because for obvious

585

00:29:49,350 --> 00:29:47,020

reasons because the people we are

586

00:29:51,390 --> 00:29:49,360

researching just died there otherwise on

587

00:29:53,640 --> 00:29:51,400

the map I'm calling it that mountain the

588

00:29:56,549 --> 00:29:53,650

way the locals named it

589

00:29:57,240 --> 00:29:56,559

now I had a conversation with mike

590

00:30:02,460 --> 00:29:57,250

libeck

591

00:30:04,140 --> 00:30:02,470

who did he was in the Russian Yeti the

592

00:30:06,840 --> 00:30:04,150

killer lives

593

00:30:09,210 --> 00:30:06,850

I'm sure you've watched that and he

594

00:30:19,620 --> 00:30:09,220

actually admitted to me that a lot of

595

00:30:21,990 --> 00:30:19,630

that was not so accurate how can he say

596

00:30:24,510 --> 00:30:22,000

that he traveled all the way there just

597

00:30:26,610 --> 00:30:24,520

to see the piece of paper where they say

598

00:30:30,360 --> 00:30:26,620

now we know the Yeti lives I mean this

599

00:30:33,750 --> 00:30:30,370

is the flyer that was a humoristic you

600

00:30:37,620 --> 00:30:33,760

know the piece of paper when they were

601
00:30:40,410 --> 00:30:37,630
talking about making jokes this is one

602
00:30:42,570 --> 00:30:40,420
of the jokes on this piece of paper and

603
00:30:46,110 --> 00:30:42,580
he spent all this money oh I must go

604
00:30:48,299 --> 00:30:46,120
there and I must we confirmed that's

605
00:30:50,130 --> 00:30:48,309
true I mean come on this is like getting

606
00:30:52,320 --> 00:30:50,140
a budget for a movie and you have to

607
00:30:55,280 --> 00:30:52,330
come up with something yeah I think

608
00:30:59,370 --> 00:30:55,290
that's basically what it boiled down to

609
00:31:03,930 --> 00:30:59,380
because he would he was kind of alluding

610
00:31:05,419 --> 00:31:03,940
to the fact that it was it was done not

611
00:31:09,680 --> 00:31:05,429
so authentically

612
00:31:12,600 --> 00:31:09,690
which I thought I was quiet at least

613
00:31:13,629 --> 00:31:12,610

yeah they made the big deal of the the

614

00:31:17,409 --> 00:31:13,639

photo with the

615

00:31:18,999 --> 00:31:17,419

yeah okay this film was taken out the

616

00:31:21,430 --> 00:31:19,009

out of the camera this is the last shot

617

00:31:23,529 --> 00:31:21,440

of a film that's true but it was just

618

00:31:27,190 --> 00:31:23,539

there because the film ended and then

619

00:31:29,199 --> 00:31:27,200

they have diary entries after this photo

620

00:31:31,119 --> 00:31:29,209

they would have said something that they

621

00:31:35,289 --> 00:31:31,129

have seen a stranger following them

622

00:31:38,529 --> 00:31:35,299

there is a strange thing going on I can

623

00:31:40,629 --> 00:31:38,539

tell you that I can I can recognize this

624

00:31:43,869 --> 00:31:40,639

is the poster of one of them just going

625

00:31:46,599 --> 00:31:43,879

to relieve himself I mean the previous

626

00:31:49,479 --> 00:31:46,609

helps and then fooling around fully into

627

00:31:53,019 --> 00:31:49,489

snow let me ask you this does the

628

00:31:56,289 --> 00:31:53,029

original negative of this exist as far

629

00:31:57,639 --> 00:31:56,299

as you know is anyone trying to enhance

630

00:32:04,659 --> 00:31:57,649

it and see if they can get a better

631

00:32:06,639 --> 00:32:04,669

image out of it to be truthful I think

632

00:32:09,099 --> 00:32:06,649

because my favorite show the shows are

633

00:32:12,969 --> 00:32:09,109

from Forensic Files and cold cases and

634

00:32:15,969 --> 00:32:12,979

so on I mean if they just put all of

635

00:32:18,579 --> 00:32:15,979

these materials and sources through I

636

00:32:21,849 --> 00:32:18,589

really I mean like you see it on the

637

00:32:24,190 --> 00:32:21,859

cold cases I think they might find a lot

638

00:32:26,919 --> 00:32:24,200

of things but it's just because it's a

639

00:32:29,499 --> 00:32:26,929

you know Russia and all the documents

640

00:32:34,569 --> 00:32:29,509

are universal and actually nobody did

641

00:32:36,669 --> 00:32:34,579

any work to find out of course maybe FBI

642

00:32:41,409 --> 00:32:36,679

you know they they have lots to enhance

643

00:32:44,169 --> 00:32:41,419

photos but I don't think it's nobody

644

00:32:47,169 --> 00:32:44,179

does it because they don't like the

645

00:32:51,579 --> 00:32:47,179

outcome of it this is not Yeti believe

646

00:32:54,159 --> 00:32:51,589

me I mean of course I don't know who

647

00:32:56,979 --> 00:32:54,169

that is maybe then has the photo they

648

00:32:58,989 --> 00:32:56,989

can say who are the members I mean that

649

00:33:02,049 --> 00:32:58,999

could be right I think I didn't do

650

00:33:04,599 --> 00:33:02,059

something with the photo but nobody I

651
00:33:08,499 --> 00:33:04,609
mean you understand that somebody has to

652
00:33:11,589 --> 00:33:08,509
actually pay for Americans to get

653
00:33:14,769 --> 00:33:11,599
involved nobody will invite them to do

654
00:33:17,440 --> 00:33:14,779
so only people that master credit tax

655
00:33:19,449 --> 00:33:17,450
and want to do a movie or a book do that

656
00:33:21,620 --> 00:33:19,459
and they don't have the resources to

657
00:33:23,360 --> 00:33:21,630
enhance a negative

658
00:33:25,550 --> 00:33:23,370
I'm not really sure that they want to

659
00:33:28,670 --> 00:33:25,560
because what if you went all the way

660
00:33:30,950 --> 00:33:28,680
there he saw the flyer where it says now

661
00:33:34,490 --> 00:33:30,960
we know a Yeti exists and this is among

662
00:33:37,600 --> 00:33:34,500
wannabe just like Oh a world record for

663
00:33:41,380 --> 00:33:37,610

assembly of a mobile love stove and

664

00:33:44,840 --> 00:33:41,390

could nine hikers be warmed out with one

665

00:33:47,030 --> 00:33:44,850

blanket next to it is we're in the you

666

00:33:49,820 --> 00:33:47,040

know mountains where we know Yeti lives

667

00:33:52,400 --> 00:33:49,830

and he didn't say anything that this is

668

00:33:56,090 --> 00:33:52,410

a job he made the movie about it do you

669

00:33:58,190 --> 00:33:56,100

think she want us to spend money to

670

00:34:00,230 --> 00:33:58,200

enhance this photo and just find out

671

00:34:02,450 --> 00:34:00,240

this is cool about to for any idea of

672

00:34:05,030 --> 00:34:02,460

the rest of the members like I can't

673

00:34:05,740 --> 00:34:05,040

exactly yeah I get exactly what you're

674

00:34:09,649 --> 00:34:05,750

saying

675

00:34:11,270 --> 00:34:09,659

what about all i from paul stone hills

676

00:34:14,000 --> 00:34:11,280

note he said this is an ongoing

677

00:34:16,430 --> 00:34:14,010

investigation are you familiar with

678

00:34:24,070 --> 00:34:16,440

people that are really seriously still

679

00:34:27,379 --> 00:34:24,080

investigating this Paul Stonehill I

680

00:34:29,780 --> 00:34:27,389

don't think anybody's investigating who

681

00:34:31,850 --> 00:34:29,790

is investigating Russians or what what

682

00:34:34,639 --> 00:34:31,860

nationality is investigating yeah that

683

00:34:36,680 --> 00:34:34,649

that was my question for you if you were

684

00:34:41,629 --> 00:34:36,690

aware of anyone actually investigating

685

00:34:44,629 --> 00:34:41,639

currently okay can say something about

686

00:34:45,169 --> 00:34:44,639

my site and what and how I'm involved in

687

00:34:49,310 --> 00:34:45,179

this

688

00:34:53,000 --> 00:34:49,320

yes unless which will end up answering

689

00:34:56,750 --> 00:34:53,010

to your question well basically I will

690

00:34:59,300 --> 00:34:56,760

see Mount horrible accident

691

00:35:04,340 --> 00:34:59,310

I'm a traveler that's what I do I just

692

00:35:07,250 --> 00:35:04,350

go places in the world so I was in the

693

00:35:10,250 --> 00:35:07,260

back of it tried going down a volcano in

694

00:35:14,090 --> 00:35:10,260

Indonesia and the brakes didn't work and

695

00:35:17,930 --> 00:35:14,100

I almost died and I have flail chest

696

00:35:20,270 --> 00:35:17,940

much like do Benina and I mean I had to

697

00:35:23,810 --> 00:35:20,280

undergo a lot of operation so for two

698

00:35:26,270 --> 00:35:23,820

years I was in now the hospital and then

699

00:35:26,720 --> 00:35:26,280

is when I just happen to see that was

700

00:35:30,380 --> 00:35:26,730

fast

701
00:35:32,720 --> 00:35:30,390
and I just wanted to forget about this

702
00:35:34,490 --> 00:35:32,730
movie point and you're in my er my

703
00:35:38,450 --> 00:35:34,500
husband said you know that this

704
00:35:42,890 --> 00:35:38,460
real event and I start looking at this

705
00:35:44,720 --> 00:35:42,900
real event and I could understand what

706
00:35:48,260 --> 00:35:44,730
happened how did it happen in from the

707
00:35:49,910 --> 00:35:48,270
next like I just hope if I said

708
00:35:51,710 --> 00:35:49,920
everything that I could come across and

709
00:35:53,960 --> 00:35:51,720
if I didn't like something I made my own

710
00:35:56,990 --> 00:35:53,970
graph it's my own map and I had to

711
00:36:00,500 --> 00:35:57,000
compare sources and I just the bottom

712
00:36:03,170 --> 00:36:00,510
line is only Russian sources and I

713
00:36:06,020 --> 00:36:03,180

include svitlana all Cyndi's because she

714

00:36:08,840 --> 00:36:06,030

is she speaks Russian so whatever I can

715

00:36:10,760 --> 00:36:08,850

see to her translation so I know what

716

00:36:14,150 --> 00:36:10,770

she needs and by the way my second name

717

00:36:19,910 --> 00:36:14,160

is Anatoly so I know Russian - my father

718

00:36:21,950 --> 00:36:19,920

was a Russian so I only now I just if

719

00:36:24,080 --> 00:36:21,960

I'd read something I have to look into

720

00:36:26,300 --> 00:36:24,090

the kitchen and Salama

721

00:36:29,840 --> 00:36:26,310

to repeat it on my side so basically I

722

00:36:33,500 --> 00:36:29,850

take a side and I love comments there

723

00:36:35,690 --> 00:36:33,510

and then I was done with my operation I

724

00:36:38,000 --> 00:36:35,700

and I went to my next trip which was in

725

00:36:40,850 --> 00:36:38,010

South America for six months when I came

726

00:36:43,880 --> 00:36:40,860

back and I traveled really wild like no

727

00:36:46,520 --> 00:36:43,890

mobile devices it's no internet nothing

728

00:36:49,730 --> 00:36:46,530

I just go with the dead wish you know to

729

00:36:52,120 --> 00:36:49,740

get lost and when I came back I was

730

00:36:55,160 --> 00:36:52,130

surprised how many people like actually

731

00:36:57,890 --> 00:36:55,170

contribute in the phone and it's crazy

732

00:36:59,840 --> 00:36:57,900

so my site is right now I just need to

733

00:37:04,340 --> 00:36:59,850

fish out the things that they're saying

734

00:37:06,080 --> 00:37:04,350

the blog there on the side in the

735

00:37:08,330 --> 00:37:06,090

comments because there's so much

736

00:37:11,000 --> 00:37:08,340

information but this is only by people

737

00:37:13,700 --> 00:37:11,010

that keep reading and digging and

738

00:37:16,550 --> 00:37:13,710

excavating and complementing everything

739

00:37:19,340 --> 00:37:16,560

and they're really I love the people

740

00:37:22,160 --> 00:37:19,350

that are active on my site and they

741

00:37:25,370 --> 00:37:22,170

really put the theories under scrutiny

742

00:37:28,520 --> 00:37:25,380

and they contribute me new facts new

743

00:37:31,010 --> 00:37:28,530

information so I just have to process

744

00:37:33,620 --> 00:37:31,020

that information everybody can go and

745

00:37:37,430 --> 00:37:33,630

just read so much information that

746

00:37:39,530 --> 00:37:37,440

people are all around the the new thing

747

00:37:42,050 --> 00:37:39,540

is that's in English because before only

748

00:37:46,250 --> 00:37:42,060

the forum's in Russia were so rich of

749

00:37:47,680 --> 00:37:46,260

information and focused in anybody

750

00:37:51,059 --> 00:37:47,690

english-speaking

751

00:37:54,130 --> 00:37:51,069

who gets involved into this they just

752

00:37:55,930 --> 00:37:54,140

write the book make a movie and close

753

00:37:57,880 --> 00:37:55,940

they don't do a website with the

754

00:38:00,460 --> 00:37:57,890

information they find I want all this

755

00:38:01,960 --> 00:38:00,470

public I don't have any advertisement I

756

00:38:03,940 --> 00:38:01,970

don't have any sponsors this is my

757

00:38:06,910 --> 00:38:03,950

business this is my server this is what

758

00:38:08,950 --> 00:38:06,920

I do I do it because I like the

759

00:38:11,440 --> 00:38:08,960

formatting and the information to be

760

00:38:13,480 --> 00:38:11,450

accessible and I will put everything

761

00:38:16,809 --> 00:38:13,490

that I find new from the comments I'll

762

00:38:18,309 --> 00:38:16,819

just put it on the on the side that's my

763

00:38:21,550 --> 00:38:18,319

goal I just want to put the information

764

00:38:24,069 --> 00:38:21,560

together so it's easy to read it and I

765

00:38:30,069 --> 00:38:24,079

have to get rid of some stupid things

766

00:38:32,650 --> 00:38:30,079

like okay a table some fracturing the

767

00:38:39,940 --> 00:38:32,660

skull which is really scared could be

768

00:38:42,750 --> 00:38:39,950

caused by him sleeping on his camera I

769

00:38:45,819 --> 00:38:42,760

copied pasted it from someplace because

770

00:38:47,980 --> 00:38:45,829

if you if you wants to publish all the

771

00:38:50,710 --> 00:38:47,990

things that are confirmed and that make

772

00:38:52,690 --> 00:38:50,720

sense there would be just photos diary

773

00:38:56,170 --> 00:38:52,700

and bland because nothing makes sense

774

00:38:58,569 --> 00:38:56,180

but things like that you know sleeping

775

00:39:00,339 --> 00:38:58,579

on your camera and the avalanche came

776

00:39:02,020 --> 00:39:00,349

over and then they dragged him to the

777

00:39:04,030 --> 00:39:02,030

den to save him and things like that I

778

00:39:05,980 --> 00:39:04,040

mean I have to get rid of this that's

779

00:39:09,099 --> 00:39:05,990

what I'm saying I don't do research at

780

00:39:11,530 --> 00:39:09,109

the moment I'm just flooded with

781

00:39:13,480 --> 00:39:11,540

information witches believe me if you're

782

00:39:16,540 --> 00:39:13,490

just going to comments there is so much

783

00:39:20,380 --> 00:39:16,550

information there that I am my only role

784

00:39:22,390 --> 00:39:20,390

in this would be just to structure the

785

00:39:24,069 --> 00:39:22,400

information team ended up and just put

786

00:39:26,740 --> 00:39:24,079

it among the photos and on the entry

787

00:39:29,319 --> 00:39:26,750

Simba I mean it's because I keep track

788

00:39:31,450 --> 00:39:29,329

of all of the resources in Diablo from

789

00:39:33,490 --> 00:39:31,460

Any a I keep there all the sites I come

790

00:39:35,890 --> 00:39:33,500

across and they have some information

791

00:39:38,140 --> 00:39:35,900

I mean I'm gonna start cleaning people

792

00:39:40,720 --> 00:39:38,150

that just copy paste put advertisement

793

00:39:43,809 --> 00:39:40,730

and they you know they they have one

794

00:39:45,670 --> 00:39:43,819

page for the K ace among any other

795

00:39:47,650 --> 00:39:45,680

information around and that's not

796

00:39:49,569 --> 00:39:47,660

healthy because it's copy paste if I

797

00:39:53,910 --> 00:39:49,579

thought for example that's a very small

798

00:39:56,440 --> 00:39:53,920

example you using when they asked him

799

00:39:59,380 --> 00:39:56,450

nobody asked him actually but when they

800

00:40:00,230 --> 00:39:59,390

start getting the cameras and they found

801
00:40:03,770 --> 00:40:00,240
the camera

802
00:40:06,050 --> 00:40:03,780
which was like three months after they

803
00:40:07,670 --> 00:40:06,060
found the tank and the tent there were

804
00:40:08,329 --> 00:40:07,680
four cameras and then they found the

805
00:40:10,810 --> 00:40:08,339
fifth one

806
00:40:13,700 --> 00:40:10,820
now what did using said did he say oh

807
00:40:15,890 --> 00:40:13,710
they were more than four cameras or did

808
00:40:19,070 --> 00:40:15,900
he say I'm surprised that there is a

809
00:40:21,620 --> 00:40:19,080
fifth camera on the trio I mean there

810
00:40:24,050 --> 00:40:21,630
are two different sources for that be

811
00:40:25,670 --> 00:40:24,060
kidding you say that you didn't kept

812
00:40:29,570 --> 00:40:25,680
saying that there are more than four

813
00:40:33,829 --> 00:40:29,580

cameras in a sentence that's copy pasted

814

00:40:35,810 --> 00:40:33,839

twelve the internet that says of us and

815

00:40:38,180 --> 00:40:35,820

I cannot find the source of that who

816

00:40:40,730 --> 00:40:38,190

said it first but people keep copy

817

00:40:44,060 --> 00:40:40,740

pasting like how many clothes are

818

00:40:45,620 --> 00:40:44,070

radioactive people keep copying to pants

819

00:40:47,750 --> 00:40:45,630

in this weather to pants on the sweater

820

00:40:49,400 --> 00:40:47,760

and this is really I mean dangerous

821

00:40:51,440 --> 00:40:49,410

because if you come across for first

822

00:40:53,870 --> 00:40:51,450

time you don't go research hundreds of

823

00:40:57,500 --> 00:40:53,880

sites to just you know get the idea what

824

00:41:01,579 --> 00:40:57,510

happened this is what I do I just verify

825

00:41:04,010 --> 00:41:01,589

everything that I read you can't really

826

00:41:05,750 --> 00:41:04,020

verify it because it's a he'll say you

827

00:41:08,270 --> 00:41:05,760

know it's the only things that you can

828

00:41:11,540 --> 00:41:08,280

really verify from the Russian document

829

00:41:14,450 --> 00:41:11,550

but even in the Russian file case the

830

00:41:16,490 --> 00:41:14,460

start date is six the February I mean

831

00:41:18,859 --> 00:41:16,500

how could it be six the February they

832

00:41:22,700 --> 00:41:18,869

were expected to be back on the twelve

833

00:41:26,270 --> 00:41:22,710

they were not even you know so it's a

834

00:41:28,490 --> 00:41:26,280

mess but it's still not a mystery okay

835

00:41:30,560 --> 00:41:28,500

it's just mess and then why life people

836

00:41:34,730 --> 00:41:30,570

now say the things and did the things he

837

00:41:36,800 --> 00:41:34,740

did and what's that overwhelming force

838

00:41:39,170 --> 00:41:36,810

that the case was closed prematurely

839

00:41:41,420 --> 00:41:39,180

with the cause of what happened to

840

00:41:43,670 --> 00:41:41,430

damages nobody knew what happened to

841

00:41:45,980 --> 00:41:43,680

them and every was where everybody was

842

00:41:49,040 --> 00:41:45,990

very deep I mean you upset about the

843

00:41:51,200 --> 00:41:49,050

whole thing but they didn't had an

844

00:41:54,349 --> 00:41:51,210

explanation of what happened it's not

845

00:41:58,400 --> 00:41:54,359

the cover-up nobody has explanation how

846

00:42:01,310 --> 00:41:58,410

this injuries could because right now

847

00:42:03,859 --> 00:42:01,320

one of the things I've heard someone

848

00:42:06,380 --> 00:42:03,869

mentioned was that it was almost as if

849

00:42:09,290 --> 00:42:06,390

you said a free fall on a hard surface

850

00:42:12,200 --> 00:42:09,300

or like a car accident that was very

851

00:42:13,640 --> 00:42:12,210

similar to that there is a theory out

852

00:42:15,349 --> 00:42:13,650

there there red somewhere

853

00:42:17,420 --> 00:42:15,359

someone was saying it had to do with the

854

00:42:19,579 --> 00:42:17,430

way the snow melt but I don't even

855

00:42:22,970 --> 00:42:19,589

understand how what that theory have you

856

00:42:24,890 --> 00:42:22,980

ever heard that one snow melt the snow

857

00:42:27,710 --> 00:42:24,900

melt during the snow melt the injuries

858

00:42:29,779 --> 00:42:27,720

were caused I mean they were found in

859

00:42:32,450 --> 00:42:29,789

what time he already found him was it

860

00:42:38,980 --> 00:42:32,460

almost in not May but it was March right

861

00:42:58,789 --> 00:42:50,650

with the injuries yeah the last group

862

00:43:02,410 --> 00:42:58,799

yes nice all right can you say that

863

00:43:12,319 --> 00:43:07,099

when were the last time yeah here you

864

00:43:17,690 --> 00:43:12,329

know when were the last found there were

865

00:43:19,490 --> 00:43:17,700

Fault in May in May okay wasn't it and

866

00:43:22,880 --> 00:43:19,500

they were found because the snow was

867

00:43:25,099 --> 00:43:22,890

melting but obviously injuries cannot be

868

00:43:27,859 --> 00:43:25,109

caused from some type of snow melt

869

00:43:30,920 --> 00:43:27,869

unless unless it was you know really

870

00:43:32,839 --> 00:43:30,930

serious with I mean it doesn't make any

871

00:43:39,410 --> 00:43:32,849

sense but it's just another theory I've

872

00:43:41,210 --> 00:43:39,420

heard out there I'm just so very fine

873

00:43:43,339 --> 00:43:41,220

okay may may 5th

874

00:43:44,650 --> 00:43:43,349

I have a timeline on the homepage of

875

00:43:48,049 --> 00:43:44,660

myself

876

00:43:50,630 --> 00:43:48,059

they were they all died six to eight

877

00:43:55,910 --> 00:43:50,640

hours after the last meal and they ate

878

00:44:00,920 --> 00:43:55,920

the same thing they are so basically

879

00:44:03,640 --> 00:44:00,930

they all died in the kind of lapse of

880

00:44:09,319 --> 00:44:03,650

like two hours time period of two hours

881

00:44:11,720 --> 00:44:09,329

from each other Wow good Wow yeah what

882

00:44:14,500 --> 00:44:11,730

would you think the cause of separation

883

00:44:19,760 --> 00:44:14,510

of the two different groups might be

884

00:44:23,630 --> 00:44:19,770

well it's obvious that they they start

885

00:44:27,569 --> 00:44:23,640

dying two of them died I mean the first

886

00:44:31,319 --> 00:44:27,579

two died and it's uh then the

887

00:44:34,589 --> 00:44:31,329

the heat in the florist I think the

888

00:44:38,249 --> 00:44:34,599

separation was because maybe one or both

889

00:44:41,219 --> 00:44:38,259

of them were on the tree and the other

890

00:44:47,459 --> 00:44:41,229

just escaped maybe in different

891

00:44:49,410 --> 00:44:47,469

directions because the last fool or came

892

00:44:54,959 --> 00:44:49,420

back for some of the clothes of the

893

00:44:59,130 --> 00:44:54,969

first died well so basically they

894

00:45:01,680 --> 00:44:59,140

separated just because whatever changed

895

00:45:04,650 --> 00:45:01,690

them whoever whatever changed them came

896

00:45:07,559 --> 00:45:04,660

to look for them around the fire and

897

00:45:12,410 --> 00:45:07,569

they start hiding into the forest into

898

00:45:16,979 --> 00:45:12,420

the darkness till they couldn't hide and

899

00:45:19,979 --> 00:45:16,989

they died first the rest looks like they

900

00:45:21,180 --> 00:45:19,989

come back I mean three of them started

901
00:45:22,859 --> 00:45:21,190
going back to the tent

902
00:45:24,870 --> 00:45:22,869
why would they do that because the

903
00:45:27,900 --> 00:45:24,880
whatever was in the tank was no longer

904
00:45:30,150 --> 00:45:27,910
longer there so they tried to go back

905
00:45:33,599 --> 00:45:30,160
and they try out they already had two

906
00:45:36,719 --> 00:45:33,609
meters I think they were beaten before

907
00:45:40,949 --> 00:45:36,729
her I mean at some point maybe around

908
00:45:43,979 --> 00:45:40,959
the fire maybe you know some of them

909
00:45:50,249 --> 00:45:43,989
even in front of the tent but they just

910
00:45:52,969 --> 00:45:50,259
scattered in heat and they didn't hide

911
00:45:55,229 --> 00:45:52,979
crawling back to the tent and before

912
00:45:58,199 --> 00:45:55,239
just escaped there I don't believe that

913
00:46:00,299 --> 00:45:58,209

they some of the scenarios say that they

914

00:46:02,519 --> 00:46:00,309

they were around the fire and they

915

00:46:06,589 --> 00:46:02,529

discussed this and they has a different

916

00:46:09,809 --> 00:46:06,599

opinion we've got to do an ankle

917

00:46:12,809 --> 00:46:09,819

abducted or maybe some governments to

918

00:46:15,689 --> 00:46:12,819

luzina wants to see whites who body was

919

00:46:19,589 --> 00:46:15,699

missing and he was already following due

920

00:46:22,079 --> 00:46:19,599

to the skull fracture and even went

921

00:46:26,549 --> 00:46:22,089

after her I don't think that was served

922

00:46:28,979 --> 00:46:26,559

I mean they deliberate if they gather

923

00:46:32,749 --> 00:46:28,989

didn't stay together it's just I think

924

00:46:35,670 --> 00:46:32,759

they had to hide well now the

925

00:46:38,160 --> 00:46:35,680

interesting one is a website one of the

926

00:46:41,550 --> 00:46:38,170

last I guess it's the last theory this

927

00:46:46,470 --> 00:46:41,560

is a gravity fluctuation that's just the

928

00:46:48,390 --> 00:46:46,480

it's quite bizarre has what do you what

929

00:46:56,850 --> 00:46:48,400

do you think about that one that and

930

00:47:01,170 --> 00:46:56,860

these are scientists that people keep

931

00:47:03,240 --> 00:47:01,180

criticizing me that I have to devise the

932

00:47:07,350 --> 00:47:03,250

theories that make some sense like a

933

00:47:15,750 --> 00:47:07,360

stove and all the stuff just exploded

934

00:47:28,350 --> 00:47:17,700

yeah there's up this up there is an

935

00:47:31,920 --> 00:47:28,360

issue with the microphone out and that's

936

00:47:33,960 --> 00:47:31,930

how they drop the ten which is this is

937

00:47:40,170 --> 00:47:33,970

nonsense I mean it was cut with a knife

938

00:47:48,740 --> 00:47:40,180

it wasn't so yes I do yep yep

939

00:47:52,860 --> 00:47:48,750

I any weight on any of these theories so

940

00:47:54,210 --> 00:47:52,870

oh yeah we're having someone we're

941

00:48:01,590 --> 00:47:54,220

having some issues here a little bit

942

00:48:03,900 --> 00:48:01,600

keep going okay yeah it looks like it

943

00:48:08,460 --> 00:48:03,910

looks like I am having trouble here on

944

00:48:10,320 --> 00:48:08,470

my end with internet so I think we're

945

00:48:13,770 --> 00:48:10,330

gonna have to I think we're gonna have

946

00:48:15,480 --> 00:48:13,780

to call it a show I'm not sure what's

947

00:48:18,030 --> 00:48:15,490

going on I'm on the phone a lot with my

948

00:48:20,910 --> 00:48:18,040

cable company trying to figure out some

949

00:48:26,340 --> 00:48:20,920

issues but I see it fluctuating really

950

00:48:28,590 --> 00:48:26,350

up and down right now so anyway I have

951
00:48:32,430 --> 00:48:28,600
if you're watching on YouTube you can

952
00:48:37,290 --> 00:48:32,440

we're going to be on with Jeffrey

971

00:49:43,030 --> 00:49:40,160

Bennett and it's about the theory of

972

00:49:46,000 --> 00:49:43,040

relativity he is an astrophysicist and a

973

00:49:49,110 --> 00:49:46,010

brilliant man should be really a great
