1
00:00:07,760 --> 00:00:06,980
and it hits me oh my gosh this is that

2
00:00:08,839 --> 00:00:07,770
triangle

3
00:00:09,950 --> 00:00:08,849
you know there's explanation for

4
00:00:12,110 --> 00:00:09,960
everything that occurred in the

5
00:00:14,660 --> 00:00:12,120
Rendlesham forest incident that involved

6
00:00:18,189 --> 00:00:14,670
aliens at all it was completely silent

7
00:00:21,170 --> 00:00:18,199
it comes right over our head it's so a

8
00:00:22,849 --> 00:00:21,180
classic flying-saucer really standing in

9
00:00:24,380 --> 00:00:22,859
the clearing he turned over to my father

10
00:00:30,410 --> 00:00:24,390
and held his hand and he looked in his

11
00:00:33,740 --> 00:00:30,420
eyes and said we're not alone welcome to

12
00:00:35,990 --> 00:00:33,750
podcast UFO for our live show we're live

13
00:00:38,150 --> 00:00:36,000

every Wednesday at 8 p.m. Eastern

14

00:00:40,400 --> 00:00:38,160

Standard Time on the dark matter radio

15

00:00:43,819 --> 00:00:40,410

network please remember to visit the

16

00:00:47,000 --> 00:00:43,829

website podcast UFO comm for past

17

00:00:49,010 --> 00:00:47,010

episodes blogs and forums during the

18

00:00:51,500 --> 00:00:49,020

show feel free to participate live in

19

00:00:53,630 --> 00:00:51,510

our chat room and don't forget to Like

20

00:00:56,689 --> 00:00:53,640

us on our very active Facebook page

21

00:00:58,430 --> 00:00:56,699

hello and welcome to the show and we

22

00:01:01,340 --> 00:00:58,440

have a humma dinger

23

00:01:03,560 --> 00:01:01,350

of a show for you tonight first of all

24

00:01:07,250 --> 00:01:03,570

will be coming up with Alejandro Rojas

25

00:01:10,490 --> 00:01:07,260

with UFO updates then we have about a 10

26
00:01:13,730 --> 00:01:10,500
minute or so pre-recorded clip with Greg

27
00:01:15,679 --> 00:01:13,740
Coolidge and Kirk Ward and they want to

28
00:01:18,219 --> 00:01:15,689
talk about their new pilot called

29
00:01:22,100 --> 00:01:18,229
skyward it's really interesting it's a

30
00:01:24,380 --> 00:01:22,110
kids show but involves a UFO podcast and

31
00:01:26,450 --> 00:01:24,390
it was partially inspired by the show

32
00:01:30,410 --> 00:01:26,460
they got in touch with me about that so

33
00:01:32,240 --> 00:01:30,420
our guest this evening is via phone very

34
00:01:35,719 --> 00:01:32,250
excited about him I heard him on

35
00:01:39,800 --> 00:01:35,729
Alejandro's show he's great it's Richard

36
00:01:41,810 --> 00:01:39,810
theme and he was part of a UFO history

37
00:01:48,230 --> 00:01:41,820
group that spent five years writing a

38
00:01:48,800 --> 00:01:48,240

book called UFOs UFOs government no I'm

39

00:01:52,550 --> 00:01:48,810

sorry

40

00:01:55,010 --> 00:01:52,560

Wow UFO history group which spent five

41

00:01:55,219 --> 00:01:55,020

years UFOs and government sorry about

42

00:01:58,609 --> 00:01:55,229

that

43

00:02:01,039 --> 00:01:58,619

a historical inquiry on top of 50 years

44

00:02:02,959 --> 00:02:01,049

of research gathering documents from the

45

00:02:05,060 --> 00:02:02,969

government and elsewhere should be a

46

00:02:06,859 --> 00:02:05,070

fascinating guest I'm really excited

47

00:02:09,139 --> 00:02:06,869

about that so a couple of quick

48

00:02:10,630 --> 00:02:09,149

announcements remember if you become a

49

00:02:13,370 --> 00:02:10,640

member

50

00:02:15,290 --> 00:02:13,380

subscriber for only \$2 or

51
00:02:18,350 --> 00:02:15,300
more per month you get not only the full

52
00:02:21,200 --> 00:02:18,360
shows and archives but you also get the

53
00:02:24,620 --> 00:02:21,210
everything else show in the podcast feed

54
00:02:26,720 --> 00:02:24,630
and this week's show was pretty really

55
00:02:31,700 --> 00:02:26,730
good it was about the Dyatlov pass

56
00:02:33,920 --> 00:02:31,710
incident a very fascinating case and I

57
00:02:36,350 --> 00:02:33,930
spoke with a girl named Teddy and she

58
00:02:38,960 --> 00:02:36,360
has a number two website if you search

59
00:02:41,080 --> 00:02:38,970
the Dyatlov pass incident her website

60
00:02:44,330 --> 00:02:41,090
comes up number two very interesting

61
00:02:46,250 --> 00:02:44,340
Mountaineer and Explorer and has a

62
00:02:48,740 --> 00:02:46,260
really good insight on what possibly

63
00:02:51,860 --> 00:02:48,750

happened also I will be up at the shag

64

00:02:54,740 --> 00:02:51,870

Harbor 50th anniversary I'm going to be

65

00:02:57,470 --> 00:02:54,750

recording a live show on YouTube as well

66

00:03:01,190 --> 00:02:57,480

with Jordan Bonaparte that's on

67

00:03:03,710 --> 00:03:01,200

September 30th of this month and that

68

00:03:05,660 --> 00:03:03,720

will also be on the live feed as well so

69

00:03:07,280 --> 00:03:05,670

if you want to tune in live that

70

00:03:09,800 --> 00:03:07,290

information will be up on our website

71

00:03:11,270 --> 00:03:09,810

during the week if you can't help us out

72

00:03:13,490 --> 00:03:11,280

you can always listen to the whole show

73

00:03:17,840 --> 00:03:13,500

for free at 8 p.m. Eastern Standard Time

74

00:03:20,120 --> 00:03:17,850

on Wednesdays on podcast UFO calm or on

75

00:03:22,010 --> 00:03:20,130

YouTube you can also listen for free on

76

00:03:25,120 --> 00:03:22,020

the Dark Matter digital network Thursday

77

00:03:28,100 --> 00:03:25,130

nights 10 p.m. till midnight and on

78

00:03:30,920 --> 00:03:28,110

Outworld fleet radio on Saturday nights

79

00:03:33,650 --> 00:03:30,930

at 6 p.m. that's it for me Alejandra

80

00:03:35,210 --> 00:03:33,660

what's going on how are you oh I'm doing

81

00:03:37,850 --> 00:03:35,220

good good

82

00:03:38,750 --> 00:03:37,860

you had an exciting time out there at

83

00:03:41,330 --> 00:03:38,760

Devil's Tower

84

00:03:43,940 --> 00:03:41,340

so yeah that was a lot of fun yeah I

85

00:03:47,330 --> 00:03:43,950

can't wait to hear about that it was

86

00:03:49,850 --> 00:03:47,340

gorgeous out there the tower is so

87

00:03:52,310 --> 00:03:49,860

strange it's one of those things just

88

00:03:54,440 --> 00:03:52,320

like lots of lots of national monuments

89

00:03:57,370 --> 00:03:54,450

where you have to see it where pictures

90

00:04:00,860 --> 00:03:57,380

don't do it justice it's just such an

91

00:04:04,010 --> 00:04:00,870

interesting place so it was a lot of fun

92

00:04:06,020 --> 00:04:04,020

the hosts were great the hosts Bob Olsen

93

00:04:08,930 --> 00:04:06,030

owns the Best Western there and then

94

00:04:11,390 --> 00:04:08,940

laurie tucker is a someone who lives in

95

00:04:15,350 --> 00:04:11,400

the area and and put together this group

96

00:04:17,960 --> 00:04:15,360

to sponsor this whole event and she's

97

00:04:20,930 --> 00:04:17,970

into to ufos and stuff and then there

98

00:04:25,000 --> 00:04:20,940

was let's see richard who is in charge

99

00:04:27,409 --> 00:04:25,010

of wyoming MUFON and then Mark Dantonio

100

00:04:31,490 --> 00:04:27,419

there was Debbie Eagle my

101
00:04:34,700 --> 00:04:31,500
Chuck Zukowski and our good buddy Mark

102
00:04:36,740 --> 00:04:34,710
Dantonio and Travis Walton all we're out

103
00:04:38,990 --> 00:04:36,750
there in fact we visited the monument

104
00:04:41,959 --> 00:04:39,000
with Travis and did the walk around and

105
00:04:44,270 --> 00:04:41,969
that was a lot of fun so really cool and

106
00:04:46,550 --> 00:04:44,280
the Sun was there which is one of these

107
00:04:49,240 --> 00:04:46,560
UK tabloids Nia and I complain about

108
00:04:53,029 --> 00:04:49,250
these a tabloid so much all the time

109
00:04:55,820 --> 00:04:53,039
including this son but the writer has

110
00:04:59,059 --> 00:04:55,830
been writing a story about the different

111
00:05:01,790 --> 00:04:59,069
talks every day this week so today she

112
00:05:03,529 --> 00:05:01,800
wrote about Travis yesterday was a

113
00:05:06,589 --> 00:05:03,539

really good one she wrote about Mark

114

00:05:08,749 --> 00:05:06,599

Dantonio which with a story that he

115

00:05:11,390 --> 00:05:08,759

shares amongst people but doesn't really

116

00:05:13,070 --> 00:05:11,400

share publicly so much but now this

117

00:05:14,809 --> 00:05:13,080

story's public which is really cool and

118

00:05:17,059 --> 00:05:14,819

he's happy about that which is

119

00:05:19,040 --> 00:05:17,069

essentially when he was on a sub because

120

00:05:22,149 --> 00:05:19,050

he works with a navy building models and

121

00:05:24,529 --> 00:05:22,159

stuff and he was on a sub when they they

122

00:05:26,360 --> 00:05:24,539

right next to the sonar guy when they

123

00:05:29,600 --> 00:05:26,370

were tracking something moving very fast

124

00:05:33,290 --> 00:05:29,610

and I 200 knots or something crazy yeah

125

00:05:35,809 --> 00:05:33,300

yeah something crazy so and they called

126

00:05:37,820 --> 00:05:35,819

it a fast mover and he said later on he

127

00:05:39,680 --> 00:05:37,830

asked one of the guys in the Navy about

128

00:05:41,930 --> 00:05:39,690

the fast mover program and he said don't

129

00:05:44,149 --> 00:05:41,940

ask about that again right and it was

130

00:05:46,640 --> 00:05:44,159

kind of funny because I when he asked

131

00:05:49,879 --> 00:05:46,650

the CEO or the CEO on the sub hey hey

132

00:05:51,469 --> 00:05:49,889

what was that I think it co said are you

133

00:05:53,180 --> 00:05:51,479

having a good time on the ship and Mark

134

00:05:54,469 --> 00:05:53,190

said yeah this has been great he said

135

00:05:58,129 --> 00:05:54,479

well let's just keep it that way

136

00:06:00,740 --> 00:05:58,139

so another indication that sorry we're

137

00:06:03,890 --> 00:06:00,750

not talking about it so yeah that was

138

00:06:05,779 --> 00:06:03,900

really good stuff so she's gonna have me

139

00:06:09,740 --> 00:06:05,789

in a story I think tomorrow or the next

140

00:06:11,899 --> 00:06:09,750

day because my talk was about I did two

141

00:06:14,809 --> 00:06:11,909

talks one of them about Steven Spielberg

142

00:06:17,480 --> 00:06:14,819

and then one of them about strange alien

143

00:06:19,790 --> 00:06:17,490

cases and if you've seen this talk you

144

00:06:20,659 --> 00:06:19,800

know one of my cases is about lord

145

00:06:22,999 --> 00:06:20,669

mountbatten

146

00:06:25,360 --> 00:06:23,009

and mont benton is important because he

147

00:06:29,079 --> 00:06:25,370

is the uncle of prince philip the

148

00:06:32,119 --> 00:06:29,089

husband of Queen Elizabeth then Prince

149

00:06:35,149 --> 00:06:32,129

Philip was really he saw Lord

150

00:06:37,969 --> 00:06:35,159

Mountbatten as as his father figure

151
00:06:40,249 --> 00:06:37,979
through life and mont Benton was very

152
00:06:41,270 --> 00:06:40,259
important he was Admiral the fleet he

153
00:06:43,550 --> 00:06:41,280
was the last vice

154
00:06:45,470 --> 00:06:43,560
ROI of India so if you watch a Gandhi

155
00:06:48,050 --> 00:06:45,480
he's portrayed in that an extremely

156
00:06:50,930 --> 00:06:48,060
important person but he was also very

157
00:06:52,760 --> 00:06:50,940
much into UFOs and he believed a UFO

158
00:06:54,650 --> 00:06:52,770
landed on his property so you'll be able

159
00:06:57,080 --> 00:06:54,660
to read more about that in that story

160
00:07:00,110 --> 00:06:57,090
but a story I wrote about was with Lee

161
00:07:01,700 --> 00:07:00,120
Spiegel and have you heard my interview

162
00:07:04,760 --> 00:07:01,710
with him you'll know some about it but

163
00:07:07,030 --> 00:07:04,770

this is Spiegel essentially talking

164

00:07:09,530 --> 00:07:07,040

about how when he was putting together

165

00:07:11,120 --> 00:07:09,540

and I hopefully you've had him I'm

166

00:07:14,270 --> 00:07:11,130

talking about this but the United

167

00:07:16,190 --> 00:07:14,280

Nations oh yeah Lisa ko was a behind you

168

00:07:19,340 --> 00:07:16,200

know getting the United Nations to do

169

00:07:22,370 --> 00:07:19,350

this AV presentation to try to get them

170

00:07:25,570 --> 00:07:22,380

to do something about UFOs and Spielberg

171

00:07:29,000 --> 00:07:25,580

actually invited him in Hynek and valet

172

00:07:31,010 --> 00:07:29,010

to offer his help so I wrote a story

173

00:07:32,810 --> 00:07:31,020

about that I'm gonna put it on the

174

00:07:35,030 --> 00:07:32,820

Huffington Post this week also and I do

175

00:07:37,250 --> 00:07:35,040

have a video that I played at my talk

176

00:07:39,080 --> 00:07:37,260

that I'll be putting up on YouTube of Li

177

00:07:43,250 --> 00:07:39,090

going over that so that's really cool

178

00:07:46,070 --> 00:07:43,260

and today speaking of UFO stuff today I

179

00:07:47,990 --> 00:07:46,080

wrote a story this is a great story if

180

00:07:51,830 --> 00:07:48,000

you haven't heard it and maybe you've

181

00:07:54,050 --> 00:07:51,840

heard this one so Nick Pope who worked

182

00:07:57,710 --> 00:07:54,060

for the Ministry of Defense UFO desk

183

00:08:00,469 --> 00:07:57,720

when he showed up to work in 1991 there

184

00:08:02,840 --> 00:08:00,479

was a poster of a UFO he said it was

185

00:08:05,810 --> 00:08:02,850

this large diamond-shaped metallic

186

00:08:08,180 --> 00:08:05,820

object with a jet in the background so

187

00:08:11,570 --> 00:08:08,190

this amazing picture and I guess he said

188

00:08:13,580 --> 00:08:11,580

it's the most spectacular UFO photo he's

189

00:08:16,070 --> 00:08:13,590

ever seen and it was hung hanging up

190

00:08:18,380 --> 00:08:16,080

there on the wall but eventually it got

191

00:08:20,300 --> 00:08:18,390

taken down and it disappeared and the

192

00:08:22,520 --> 00:08:20,310

story behind this is really interesting

193

00:08:27,650 --> 00:08:22,530

because it's a real picture these

194

00:08:33,170 --> 00:08:27,660

witnesses took this picture in like 1990

195

00:08:34,760 --> 00:08:33,180

and in the Scotland area and they when

196

00:08:36,680 --> 00:08:34,770

he asked what is this picture they

197

00:08:39,190 --> 00:08:36,690

explained the whole situation they said

198

00:08:42,740 --> 00:08:39,200

we think it's real we think it's really

199

00:08:45,620 --> 00:08:42,750

you know some 80 foot in diameter craft

200

00:08:47,000 --> 00:08:45,630

that was was seen and they don't know

201
00:08:48,890 --> 00:08:47,010
what it is they didn't believe it was

202
00:08:51,770 --> 00:08:48,900
the Americans they didn't believe it was

203
00:08:53,750 --> 00:08:51,780
belong to the British so his boss even

204
00:08:54,950 --> 00:08:53,760
and said it must then belong to and

205
00:08:58,730 --> 00:08:54,960
pointed up

206
00:09:03,100 --> 00:08:58,740
so really interesting case and what's

207
00:09:05,990 --> 00:09:03,110
really cool too is that UK's channel 5

208
00:09:08,960 --> 00:09:06,000
work with the Nick to recreate this

209
00:09:13,040 --> 00:09:08,970
poster and so it's an incredible image I

210
00:09:15,980 --> 00:09:13,050
posted that today so yes those are some

211
00:09:18,079 --> 00:09:15,990
of the stories out there going on

212
00:09:19,699 --> 00:09:18,089
otherwise another really good story

213
00:09:22,850 --> 00:09:19,709

today was in the herald-sun from

214

00:09:25,490 --> 00:09:22,860

Australia because James box has been out

215

00:09:27,230 --> 00:09:25,500

there working on his latest documentary

216

00:09:30,980 --> 00:09:27,240

Lee Spiegel I was helping him actually

217

00:09:33,320 --> 00:09:30,990

write the script but James Fox is out

218

00:09:36,740 --> 00:09:33,330

there interviewing people about this

219

00:09:39,320 --> 00:09:36,750

Westall UFO case this famous Australian

220

00:09:41,449 --> 00:09:39,330

case that he's going to include in his

221

00:09:44,290 --> 00:09:41,459

documentary oh I'm glad he's including

222

00:09:48,440 --> 00:09:44,300

that one it's an a real great one well

223

00:09:51,139 --> 00:09:48,450

thanks so much Allah Hondo and we'll see

224

00:09:52,610 --> 00:09:51,149

you next week right all right yep we'll

225

00:09:54,079 --> 00:09:52,620

talk to you next week all right have a

226

00:09:58,670 --> 00:09:54,089

good one thanks a lot I appreciate it

227

00:10:04,579 --> 00:09:58,680

see ya bye alright everyone so I'm going

228

00:10:09,350 --> 00:10:04,589

to play this clip right now hang in

229

00:10:15,650 --> 00:10:12,530

alright so I am pre recording this bit

230

00:10:17,059 --> 00:10:15,660

right here and I am on the line with a

231

00:10:20,090 --> 00:10:17,069

couple great guys

232

00:10:23,389 --> 00:10:20,100

Greg Coolidge and Kirk Ward now they

233

00:10:27,079 --> 00:10:23,399

have a kids series pilot it's now on

234

00:10:29,210 --> 00:10:27,089

Amazon and it's called skyward and I

235

00:10:30,289 --> 00:10:29,220

recommend you check it out it's a lot of

236

00:10:33,470 --> 00:10:30,299

fun we're gonna be talking about that

237

00:10:36,439 --> 00:10:33,480

I'm gonna read you a quick synopsis of

238

00:10:39,229 --> 00:10:36,449

what it is three friends host a secret

239

00:10:41,479 --> 00:10:39,239

underground podcast exploring paranormal

240

00:10:44,569 --> 00:10:41,489

sightings in their tiny town of Wildwood

241

00:10:46,789 --> 00:10:44,579

Oregon together Piper Curtis and Ira

242

00:10:48,949 --> 00:10:46,799

tried to prove the existence of aliens

243

00:10:51,199 --> 00:10:48,959

and can't help but become personally

244

00:10:55,939 --> 00:10:51,209

involved with the cases of people who

245

00:10:58,119 --> 00:10:55,949

call in their show so Kirk and and Greg

246

00:11:00,139 --> 00:10:58,129

welcome to the show thanks so much

247

00:11:02,989 --> 00:11:00,149

thanks for having me for having this

248

00:11:06,169 --> 00:11:02,999

Martin thank you yeah and so why don't

249

00:11:08,689 --> 00:11:06,179

why don't you tell us a little bit how

250

00:11:10,210 --> 00:11:08,699

you got inspired to do this and how it

251

00:11:12,739 --> 00:11:10,220

all came about

252

00:11:16,819 --> 00:11:12,749

well Greg and I have been working

253

00:11:19,970 --> 00:11:16,829

together for years and as a writing team

254

00:11:23,840 --> 00:11:19,980

and we always when I first met Greg he

255

00:11:25,579 --> 00:11:23,850

would share little ufos things with me

256

00:11:27,859 --> 00:11:25,589

like send me stuff and I was like oh wow

257

00:11:29,509 --> 00:11:27,869

he's into this too you know so we would

258

00:11:31,609 --> 00:11:29,519

send each other different things about

259

00:11:33,739 --> 00:11:31,619

sightings and we just found it

260

00:11:35,179 --> 00:11:33,749

fascinating and I think speaking for the

261

00:11:37,909 --> 00:11:35,189

both of us were not really big like

262

00:11:40,280 --> 00:11:37,919

sci-fi buffs but there's always been

263

00:11:42,139 --> 00:11:40,290

something about you know that we bonded

264

00:11:44,210 --> 00:11:42,149

about the universe and that we're not

265

00:11:48,079 --> 00:11:44,220

alone and there has to be something out

266

00:11:53,419 --> 00:11:48,089

there and we'd always had talked about

267

00:11:55,519 --> 00:11:53,429

doing a show you know with aliens and

268

00:11:57,919 --> 00:11:55,529

you know like Close Encounters and et

269

00:12:02,840 --> 00:11:57,929

and The Goonies like that type of tone

270

00:12:04,340 --> 00:12:02,850

and and we batted around some ideas and

271

00:12:07,579 --> 00:12:04,350

then when my daughter was born I was

272

00:12:09,949 --> 00:12:07,589

reading this article on UFO radio shows

273

00:12:13,039 --> 00:12:09,959

in the LA Times I remember because I was

274

00:12:14,299 --> 00:12:13,049

up around the clock I was rocking on

275

00:12:17,749 --> 00:12:14,309

this chair and I read this article about

276

00:12:19,579 --> 00:12:17,759

UFO radio shows and radio shows around

277

00:12:22,850 --> 00:12:19,589

the country in it like I said to you

278

00:12:25,400 --> 00:12:22,860

earlier Martin we're fans of the coast

279

00:12:28,040 --> 00:12:25,410

Coast Guard Bell so I brought this

280

00:12:30,260 --> 00:12:28,050

article in and and you know we have a

281

00:12:32,420 --> 00:12:30,270

big idea board in our office at Sunset

282

00:12:35,330 --> 00:12:32,430

Tower studios and we always you know we

283

00:12:37,460 --> 00:12:35,340

our eyes pop you know like I pitched

284

00:12:38,720 --> 00:12:37,470

this thing to Greg and he's like yes and

285

00:12:40,970 --> 00:12:38,730

that's kind of what you're looking for

286

00:12:43,610 --> 00:12:40,980

in a partnership or writing partnership

287

00:12:46,580 --> 00:12:43,620

is the other person sparking to it and

288

00:12:49,280 --> 00:12:46,590

so it was kind of on our board for quite

289

00:12:53,120 --> 00:12:49,290

some time and we batted around different

290

00:12:55,550 --> 00:12:53,130

ideas and you know originally it was

291

00:12:58,430 --> 00:12:55,560

going to be more of like midnight caller

292

00:13:02,390 --> 00:12:58,440

meets x-files and we started really

293

00:13:04,700 --> 00:13:02,400

developed that never really kind of just

294

00:13:07,310 --> 00:13:04,710

didn't ever really crack but we always

295

00:13:10,640 --> 00:13:07,320

kept coming back to it and then one day

296

00:13:13,040 --> 00:13:10,650

Greg said I got it and usually when he

297

00:13:15,950 --> 00:13:13,050

says I got it and he snaps his fingers I

298

00:13:19,640 --> 00:13:15,960

got it that guy what if we make this

299

00:13:21,410 --> 00:13:19,650

more of kids at a podcast and then it

300

00:13:24,500 --> 00:13:21,420

was like it was like a whole new

301

00:13:27,110 --> 00:13:24,510

explosion we started like ah that's it

302

00:13:31,280 --> 00:13:27,120

and we kind of another similar idea

303

00:13:33,560 --> 00:13:31,290

about kids this other kind of idea the

304

00:13:36,440 --> 00:13:33,570

similar tone and we kind of took a lot

305

00:13:38,240 --> 00:13:36,450

of that and I remember the day when it

306

00:13:39,580 --> 00:13:38,250

all kind of came together because it's

307

00:13:42,050 --> 00:13:39,590

one of those things they like within

308

00:13:46,190 --> 00:13:42,060

4550 minutes you're like yep this is it

309

00:13:48,890 --> 00:13:46,200

this is it this is it so it was it was

310

00:13:52,010 --> 00:13:48,900

really cool and then we've met our

311

00:13:55,370 --> 00:13:52,020

friend Sabrina wind producer on the show

312

00:13:58,160 --> 00:13:55,380

she you'd know her from Reba Desperate

313

00:13:59,570 --> 00:13:58,170

Housewives devious maids and she was

314

00:14:00,710 --> 00:13:59,580

going we'd met her and we were like here

315

00:14:03,050 --> 00:14:00,720

we should find a project together and

316

00:14:05,300 --> 00:14:03,060

she heard the log line for this and like

317

00:14:07,910 --> 00:14:05,310

oh man this is incredible and she came

318

00:14:10,250 --> 00:14:07,920

to sup with job and judge who it's a big

319

00:14:12,290 --> 00:14:10,260

kids director and we had a meeting with

320

00:14:15,650 --> 00:14:12,300

him and he immediately responded to it

321

00:14:18,710 --> 00:14:15,660

and then we went out as a team and where

322

00:14:20,540 --> 00:14:18,720

I think we went to just Amazon and

323

00:14:22,610 --> 00:14:20,550

Nickelodeon and Greg correct me if I'm

324

00:14:26,090 --> 00:14:22,620

wrong I think we just went to those two

325

00:14:28,700 --> 00:14:26,100

places and they both wanted it we and

326

00:14:31,670 --> 00:14:28,710

give me what Lee that's right and Disney

327

00:14:33,560 --> 00:14:31,680

see and that Disney wanted it as well

328

00:14:36,710 --> 00:14:33,570

but they were like we don't do this kind

329

00:14:39,050 --> 00:14:36,720

of stuff oh really Wow yeah

330

00:14:41,179 --> 00:14:39,060

huh and then we as we wanted to keep it

331

00:14:43,490 --> 00:14:41,189

very grounded wanted it to be very

332

00:14:48,019 --> 00:14:43,500

Spielberg en you wanted it to feel very

333

00:14:51,949 --> 00:14:48,029

real and feel like you know that adults

334

00:14:53,749 --> 00:14:51,959

and kids would enjoy it equally and so

335

00:14:55,189 --> 00:14:53,759

the tone of it is very hard to hit and

336

00:14:57,079 --> 00:14:55,199

that's why Disney said oh we don't do

337

00:14:59,030 --> 00:14:57,089

that kind of stuff on our we do it for

338

00:15:01,550 --> 00:14:59,040

live-action for feature films but not

339

00:15:03,889 --> 00:15:01,560

for our television station anyway sorry

340

00:15:05,629 --> 00:15:03,899

thank her no no that's exactly right and

341

00:15:08,480 --> 00:15:05,639

that's why we ended up going with like

342

00:15:11,600 --> 00:15:08,490

Greg goose and with Amazon because they

343

00:15:13,369 --> 00:15:11,610

they allowed us you know to have the

344

00:15:16,639 --> 00:15:13,379

tone that we wanted which is exactly

345

00:15:17,629 --> 00:15:16,649

that it's it's it's real it's grounded

346

00:15:19,879 --> 00:15:17,639

as heart

347

00:15:21,710 --> 00:15:19,889

you know those father and daughter

348

00:15:24,519 --> 00:15:21,720

scenes are real and then there's the

349

00:15:27,139 --> 00:15:24,529

comedic element you know the comedic

350

00:15:28,970 --> 00:15:27,149

elements are still grounded but come out

351
00:15:32,990 --> 00:15:28,980
of the story and come out of kind of the

352
00:15:36,199 --> 00:15:33,000
fantasy of you know a children's story

353
00:15:38,030 --> 00:15:36,209
so yeah that was kind of basically how

354
00:15:41,809 --> 00:15:38,040
it all came together there's a lot more

355
00:15:44,360 --> 00:15:41,819
and a longer timeline but in general

356
00:15:47,030 --> 00:15:44,370
yeah yeah and now a quick question you

357
00:15:50,059 --> 00:15:47,040
you said you listened to the podcast my

358
00:15:52,670 --> 00:15:50,069
podcast is that something you did before

359
00:15:55,549 --> 00:15:52,680
you thought of this or was this all in

360
00:15:57,650 --> 00:15:55,559
your research it was yeah I mean we've

361
00:16:00,290 --> 00:15:57,660
always been listening to stuff but it

362
00:16:02,059 --> 00:16:00,300
was weird when we were developing the

363
00:16:04,400 --> 00:16:02,069

show there's a couple podcasts and a

364

00:16:06,439 --> 00:16:04,410

couple of articles and so if we're

365

00:16:09,019 --> 00:16:06,449

reading and we just liked the how your

366

00:16:12,590 --> 00:16:09,029

show is so grounded like we're like yeah

367

00:16:13,970 --> 00:16:12,600

yes yes if she had a podcast like we

368

00:16:16,249 --> 00:16:13,980

never we're not going to show a lot of

369

00:16:20,150 --> 00:16:16,259

the podcast in the series you know

370

00:16:21,860 --> 00:16:20,160

because that's not super exciting but we

371

00:16:24,110 --> 00:16:21,870

were like you know to show the moments

372

00:16:26,509 --> 00:16:24,120

of when she's actually communicating

373

00:16:28,519 --> 00:16:26,519

with people that are calling and we

374

00:16:31,429 --> 00:16:28,529

wanted to make it grounded and make it

375

00:16:34,850 --> 00:16:31,439

conversational and real because a lot of

376

00:16:37,040 --> 00:16:34,860

them we found you know just to

377

00:16:39,110 --> 00:16:37,050

conspiracy for us where we really liked

378

00:16:41,660 --> 00:16:39,120

what we liked about you you and your

379

00:16:44,090 --> 00:16:41,670

podcasts Martinus you have real

380

00:16:48,189 --> 00:16:44,100

conversations about finding the truth

381

00:16:50,630 --> 00:16:48,199

and and and you know it becomes like a

382

00:16:52,280 --> 00:16:50,640

really just honest open

383

00:16:54,800 --> 00:16:52,290

about what's out there and what are the

384

00:16:57,140 --> 00:16:54,810

possibilities so yeah yeah that's

385

00:16:58,970 --> 00:16:57,150

Granger live stuff - I like the live

386

00:17:02,180 --> 00:16:58,980

show I've seen it a couple times

387

00:17:04,040 --> 00:17:02,190

oh yeah the live stream as far as I

388

00:17:05,750 --> 00:17:04,050

think it's it's great that you have the

389

00:17:08,210 --> 00:17:05,760

resident skeptic

390

00:17:12,319 --> 00:17:08,220

you know Curtis yeah yeah he's he's

391

00:17:15,140 --> 00:17:12,329

really funny and so what whose idea was

392

00:17:16,850 --> 00:17:15,150

it to have the gumball machine alien you

393

00:17:18,350 --> 00:17:16,860

know I mean with all the eyeballs it's

394

00:17:21,829 --> 00:17:18,360

kind of like a gumball machine don't you

395

00:17:24,050 --> 00:17:21,839

think yeah yeah I mean great you could

396

00:17:26,180 --> 00:17:24,060

take take this I mean it was it's always

397

00:17:32,000 --> 00:17:26,190

a collaboration but I have to say I

398

00:17:35,870 --> 00:17:32,010

think Green was mine no no no I think

399

00:17:36,950 --> 00:17:35,880

the eyeballs were your idea exactly

400

00:17:40,280 --> 00:17:36,960

remember you saying maybe they go out

401
00:17:43,130 --> 00:17:40,290
like Scouts so yeah right right right

402
00:17:45,140 --> 00:17:43,140
right well yeah we don't to make it a

403
00:17:46,850 --> 00:17:45,150
little bit different than things that

404
00:17:49,130 --> 00:17:46,860
you've seen before and stuff that you

405
00:17:52,580 --> 00:17:49,140
would sort of predict in your mind and

406
00:17:55,430 --> 00:17:52,590
and and we thought that yeah like an

407
00:17:57,530 --> 00:17:55,440
eyeball amongst eyeballs with like you

408
00:18:00,020 --> 00:17:57,540
know hundreds of be sent out into the

409
00:18:00,710 --> 00:18:00,030
city to to be looking for something in

410
00:18:04,240 --> 00:18:00,720
particular

411
00:18:07,190 --> 00:18:04,250
yes no and we have some ideas about what

412
00:18:10,010 --> 00:18:07,200
that particular eyeball may or may not

413
00:18:11,840 --> 00:18:10,020

be attached to later in the series

414

00:18:14,690 --> 00:18:11,850

yeah that's what I was going to say it's

415

00:18:16,460 --> 00:18:14,700

sort of at the end like a cliffhanger a

416

00:18:19,580 --> 00:18:16,470

little bit so you know for sure that

417

00:18:21,260 --> 00:18:19,590

yeah you know the eyeballs well I don't

418

00:18:23,360 --> 00:18:21,270

want to do any spoiler because I do want

419

00:18:25,430 --> 00:18:23,370

some people to watch this of course but

420

00:18:28,760 --> 00:18:25,440

at the end it kind of leaves you hanging

421

00:18:32,300 --> 00:18:28,770

where you know there could be some left

422

00:18:35,330 --> 00:18:32,310

behind while say it that way right

423

00:18:36,890 --> 00:18:35,340

definitely yeah we also wanted with the

424

00:18:40,340 --> 00:18:36,900

do with the creation of the we

425

00:18:42,320 --> 00:18:40,350

collaborated with Todd Tucker and Greg

426

00:18:43,490 --> 00:18:42,330

forgive man yeah I always forget

427

00:18:51,490 --> 00:18:43,500

everything what's the name of Todd's

428

00:18:55,100 --> 00:18:51,500

studio do you remember the real idea I

429

00:18:57,770 --> 00:18:55,110

can't I can find out anyways we

430

00:19:02,630 --> 00:18:57,780

collaborated with Todd Tucker who's an

431

00:19:04,190 --> 00:19:02,640

amazing puppeteer makes creatures he did

432

00:19:07,600 --> 00:19:04,200

he did the Jim Covey

433

00:19:11,600 --> 00:19:07,610

full body for patching the Christ and

434

00:19:13,250 --> 00:19:11,610

you know we really wanted this we

435

00:19:15,860 --> 00:19:13,260

labored over this creature for a long

436

00:19:19,250 --> 00:19:15,870

time because we wanted it to you know

437

00:19:23,060 --> 00:19:19,260

look like something unique that move

438

00:19:27,649 --> 00:19:23,070

unique that had a specific had a

439

00:19:29,180 --> 00:19:27,659

specific mission when it came here a lot

440

00:19:30,950 --> 00:19:29,190

of times when we watch the sci-fi stuff

441

00:19:32,509 --> 00:19:30,960

and you see the creatures we feel it

442

00:19:35,360 --> 00:19:32,519

like wow people just get carried away

443

00:19:36,980 --> 00:19:35,370

and in all the things that all the

444

00:19:38,720 --> 00:19:36,990

possibilities that the creature can do

445

00:19:40,039 --> 00:19:38,730

and how big they are and all this stuff

446

00:19:44,120 --> 00:19:40,049

we're like we wanted to keep it really

447

00:19:47,180 --> 00:19:44,130

simple wanted to be scary but not like

448

00:19:48,919 --> 00:19:47,190

I'm gonna die any second scary right you

449

00:19:50,539 --> 00:19:48,929

know cuz because of the age range you

450

00:19:52,970 --> 00:19:50,549

know have to go from like six years old

451
00:19:55,269 --> 00:19:52,980
all the way to 16 years old so it has to

452
00:19:57,769 --> 00:19:55,279
play for like a much much bigger group

453
00:20:04,220 --> 00:19:57,779
illusion industries nothing that that's

454
00:20:05,899 --> 00:20:04,230
it is really great guy and built us you

455
00:20:07,820 --> 00:20:05,909
know built us the creature I mean we

456
00:20:11,389 --> 00:20:07,830
came in with a bunch of sketches and

457
00:20:14,720 --> 00:20:11,399
ideas he drew it up and our production

458
00:20:19,279 --> 00:20:14,730
designer Richard Hoover who the amazing

459
00:20:22,519 --> 00:20:19,289
guy he did the original Twin Peaks Tony

460
00:20:25,310 --> 00:20:22,529
award-winner just incredible guy and he

461
00:20:27,980 --> 00:20:25,320
had he had input as well and we honed it

462
00:20:29,870 --> 00:20:27,990
down to to that and then you know the

463
00:20:31,279 --> 00:20:29,880

eyeballs spinning around in the head we

464

00:20:35,120 --> 00:20:31,289

would that was like I supposed to be

465

00:20:38,389 --> 00:20:35,130

like a beehive so yeah yeah it was he

466

00:20:41,840 --> 00:20:38,399

was a fun one to to create for sure yeah

467

00:20:44,539 --> 00:20:41,850

yeah but now it looks to me like it's a

468

00:20:46,840 --> 00:20:44,549

pretty hefty budget you're working with

469

00:20:49,519 --> 00:20:46,850

there I mean it's a very very nice

470

00:20:52,190 --> 00:20:49,529

production and you know great actors and

471

00:20:55,490 --> 00:20:52,200

all I think that you're pretty serious

472

00:20:57,889 --> 00:20:55,500

and I do want to tell the listener check

473

00:21:00,710 --> 00:20:57,899

it out and oh one of the things I

474

00:21:03,889 --> 00:21:00,720

thought that Curtis said was pretty

475

00:21:06,590 --> 00:21:03,899

funny that I wanted to repeat on this he

476
00:21:08,330 --> 00:21:06,600
said we've been doing this podcast for

477
00:21:13,279 --> 00:21:08,340
over a year and still have not found

478
00:21:17,720 --> 00:21:13,289
proof aliens exist I love that I've been

479
00:21:22,970 --> 00:21:20,900
well well to a to an eleven-year-old you

480
00:21:27,200 --> 00:21:22,980
know a year is yeah here's that's right

481
00:21:29,090 --> 00:21:27,210
right so that's right yeah excellent can

482
00:21:32,210 --> 00:21:29,100
you tell can you tell the listeners how

483
00:21:36,680 --> 00:21:32,220
they would actually catch this and and

484
00:21:39,260 --> 00:21:36,690
also leave a review right yeah we know

485
00:21:45,980 --> 00:21:39,270
look at least it's called skyward if you

486
00:21:48,020 --> 00:21:45,990
go to [amazon.com /tv](https://www.amazon.com/tv)

487
00:21:50,150 --> 00:21:48,030
pilots is that it Greg do you notice I

488
00:21:53,240 --> 00:21:50,160

always ask for it I think you can just

489

00:21:55,280 --> 00:21:53,250

type in skyward into your Amazon whether

490

00:21:56,960 --> 00:21:55,290

you have prime or not you can just type

491

00:22:00,110 --> 00:21:56,970

the word skyward in and it will come up

492

00:22:02,299 --> 00:22:00,120

right right and and we ask that you

493

00:22:05,270 --> 00:22:02,309

watch it and yeah you know give it a

494

00:22:07,610 --> 00:22:05,280

give it a you know a review and there's

495

00:22:09,980 --> 00:22:07,620

five stars to choose from we've found

496

00:22:11,419 --> 00:22:09,990

that picking the fifth star when giving

497

00:22:13,730 --> 00:22:11,429

it five stars is the easiest because

498

00:22:17,570 --> 00:22:13,740

it's right at the end so a five star

499

00:22:19,250 --> 00:22:17,580

review yeah comment you know little

500

00:22:23,630 --> 00:22:19,260

things like it's a show for the entire

501
00:22:29,510 --> 00:22:23,640
family and and then you know share it

502
00:22:32,750 --> 00:22:29,520
between you and 3478 of your friends on

503
00:22:33,830 --> 00:22:32,760
social media it was that bad yeah yeah

504
00:22:35,990 --> 00:22:33,840
excellent

505
00:22:37,610 --> 00:22:36,000
alright guys well thanks so much and I

506
00:22:40,040 --> 00:22:37,620
wish you all the luck in the world I

507
00:22:42,530 --> 00:22:40,050
really hope I hope that it gets picked

508
00:22:44,030 --> 00:22:42,540
up and I know how pilots can be and I

509
00:22:45,080 --> 00:22:44,040
hope it gets picked up you really put a

510
00:22:47,750 --> 00:22:45,090
lot of work into it

511
00:22:49,790 --> 00:22:47,760
take care guys well listen so much thank

512
00:22:51,980 --> 00:22:49,800
you Mark really appreciate it

513
00:23:01,010 --> 00:22:51,990

thank you so much for having us you bet

514

00:23:01,020 --> 00:23:28,360

[Music]

515

00:23:34,690 --> 00:23:30,669

all right we're dialing I'm not sure

516

00:23:38,110 --> 00:23:34,700

what's happening here it is hey Richard

517

00:23:40,630 --> 00:23:38,120

Hey hi hi Richard theme welcome to the

518

00:23:44,080 --> 00:23:40,640

show thank you very much we're on now

519

00:23:51,100 --> 00:23:44,090

yes we are yes okay then I'll watch what

520

00:23:54,100 --> 00:23:51,110

I say not like earlier yeah I I heard

521

00:23:55,269 --> 00:23:54,110

you on Alejandro show and I thought it

522

00:23:57,220 --> 00:23:55,279

was fantastic

523

00:23:59,620 --> 00:23:57,230

I've loved when people are really

524

00:24:03,850 --> 00:23:59,630

grounded and that's what I think about

525

00:24:06,370 --> 00:24:03,860

you and and your work but you have quite

526
00:24:09,850 --> 00:24:06,380
a background you've also been involved

527
00:24:12,190 --> 00:24:09,860
in the technology world do you want to

528
00:24:14,889 --> 00:24:12,200
talk about your background and how it

529
00:24:17,159 --> 00:24:14,899
how things morphed into your interest in

530
00:24:21,330 --> 00:24:17,169
UFOs or had you always had that interest

531
00:24:26,200 --> 00:24:21,340
well I guess as a young person kid we

532
00:24:28,930 --> 00:24:26,210
growing up as I did more than 44 there

533
00:24:31,180 --> 00:24:28,940
was a lot of exciting stuff in the media

534
00:24:33,399 --> 00:24:31,190
then different when you say the media

535
00:24:35,529 --> 00:24:33,409
it's very different then I was very

536
00:24:38,350 --> 00:24:35,539
limited but I remember reading a book by

537
00:24:40,450 --> 00:24:38,360
Willy lay on space stations and it

538
00:24:44,169 --> 00:24:40,460

seemed very very exotic and and very

539

00:24:47,950 --> 00:24:44,179

futuristic as well as getting satellites

540

00:24:51,639 --> 00:24:47,960

up and so on so the world was expanding

541

00:24:55,389 --> 00:24:51,649

in terms of space and UFO reports were

542

00:24:57,850 --> 00:24:55,399

around and I think it's almost

543

00:25:00,039 --> 00:24:57,860

impossible certainly was for me to just

544

00:25:03,610 --> 00:25:00,049

ignore them and not be interested in

545

00:25:07,360 --> 00:25:03,620

them so I read it read a bunch of books

546

00:25:10,720 --> 00:25:07,370

and and and that was about it I read

547

00:25:13,389 --> 00:25:10,730

what I could but in 1978 I was an

548

00:25:15,190 --> 00:25:13,399

Episcopal clergyman then and I was in my

549

00:25:17,049 --> 00:25:15,200

first parish a small parish on the edge

550

00:25:19,930 --> 00:25:17,059

of Hill Air Force Base in Clearfield

551
00:25:22,450 --> 00:25:19,940
Utah and a member of the parish was a

552
00:25:26,649 --> 00:25:22,460
fighter pilot a guy with the real right

553
00:25:28,180 --> 00:25:26,659
stuff heavily decorated pilot and I was

554
00:25:30,430 --> 00:25:28,190
talking to him alone in the church

555
00:25:32,260 --> 00:25:30,440
basement one day and Close Encounters of

556
00:25:39,370 --> 00:25:32,270
the Third Kind was in the movie theaters

557
00:25:40,810 --> 00:25:39,380
then that was 40 years ago and I send to

558
00:25:41,380 --> 00:25:40,820
him that I had read people like Alan

559
00:25:44,980 --> 00:25:41,390
Hynek

560
00:25:46,840 --> 00:25:44,990
or ejaculate and I said what I read is

561
00:25:48,130 --> 00:25:46,850
that you guys chased these things in

562
00:25:50,860 --> 00:25:48,140
your fastest fighters and you can't

563
00:25:52,600 --> 00:25:50,870

catch him what's the story and what I

564

00:25:53,530 --> 00:25:52,610

remember is that he looked perplexed he

565

00:25:56,110 --> 00:25:53,540

looked serious

566

00:25:58,299 --> 00:25:56,120

he was pretty cocky guy you know walk

567

00:26:00,760 --> 00:25:58,309

into a room with his debts and a cigar

568

00:26:02,169 --> 00:26:00,770

and a flak jacket and people kind of

569

00:26:02,710 --> 00:26:02,179

gather around him he had that kind of

570

00:26:04,930 --> 00:26:02,720

authority

571

00:26:06,100 --> 00:26:04,940

but he didn't look that way then and he

572

00:26:08,430 --> 00:26:06,110

said well that's right

573

00:26:11,590 --> 00:26:08,440

did we chase them and we can't catch him

574

00:26:14,289 --> 00:26:11,600

so that was the moment I experienced

575

00:26:15,909 --> 00:26:14,299

what you'd call a contextual shift and I

576

00:26:18,430 --> 00:26:15,919

think that's true for a lot of us that

577

00:26:22,740 --> 00:26:18,440

somebody we knew and knew well and whose

578

00:26:26,640 --> 00:26:22,750

credibility was unimpeachable and whose

579

00:26:29,980 --> 00:26:26,650

authenticity and honesty was impeccable

580

00:26:33,400 --> 00:26:29,990

told me that yes this is real so it

581

00:26:37,120 --> 00:26:33,410

shifted from being fun and of general

582

00:26:40,390 --> 00:26:37,130

interest and isn't this cool - Wow

583

00:26:43,270 --> 00:26:40,400

what's what's behind this what is this

584

00:26:46,659 --> 00:26:43,280

and how can I find out as much as

585

00:26:48,370 --> 00:26:46,669

possible about it now I was encouraged

586

00:26:51,430 --> 00:26:48,380

him and then I was a visible courage

587

00:26:53,770 --> 00:26:51,440

ubuntu 16 years and I never failed to

588

00:26:56,470 --> 00:26:53,780

use the opportunity and there were a

589

00:26:58,750 --> 00:26:56,480

number of them during confidential

590

00:27:01,000 --> 00:26:58,760

conversations when people intimated

591

00:27:02,169 --> 00:27:01,010

something that made me think they might

592

00:27:05,740 --> 00:27:02,179

know something about it or had an

593

00:27:08,530 --> 00:27:05,750

experience to ask about it and so I did

594

00:27:11,230 --> 00:27:08,540

a lot of direct want to call it

595

00:27:14,470 --> 00:27:11,240

interrogation but the direct inquiry of

596

00:27:18,850 --> 00:27:14,480

what people's experience was over time

597

00:27:22,000 --> 00:27:18,860

and as I did that I what I call

598

00:27:25,390 --> 00:27:22,010

escalated my game that is I read the

599

00:27:28,270 --> 00:27:25,400

best people I realized there was a love

600

00:27:31,210 --> 00:27:28,280

really a lot of nonsense misinformation

601
00:27:34,270 --> 00:27:31,220
disinformation about this subject for a

602
00:27:36,400 --> 00:27:34,280
variety of reasons I tried to escalate

603
00:27:39,250 --> 00:27:36,410
my game so that I was engaged with only

604
00:27:42,280 --> 00:27:39,260
the best people and and as I did that

605
00:27:44,799 --> 00:27:42,290
you kind of leapfrog up up the ladder a

606
00:27:47,190 --> 00:27:44,809
lot of the people who were well known

607
00:27:50,020 --> 00:27:47,200
and who were trying to make a living

608
00:27:53,080 --> 00:27:50,030
about this writing books and so on were

609
00:27:56,040 --> 00:27:53,090
not necessarily those people now that

610
00:27:58,660 --> 00:27:56,050
trajectory which include

611
00:28:01,960 --> 00:27:58,670
as I left the ministry to speak in

612
00:28:03,910 --> 00:28:01,970
rightful time 24 years ago and it was

613
00:28:07,330 --> 00:28:03,920

about above all the impact of technology

614

00:28:09,430 --> 00:28:07,340

on society and people on the human in

615

00:28:12,220 --> 00:28:09,440

the machine what was this revolution

616

00:28:13,030 --> 00:28:12,230

we're going through going to do to

617

00:28:16,030 --> 00:28:13,040

identity

618

00:28:18,790 --> 00:28:16,040

and so on well that led me to doing a

619

00:28:21,580 --> 00:28:18,800

lot of speaking at security conferences

620

00:28:23,740 --> 00:28:21,590

and some some engagement with people who

621

00:28:28,020 --> 00:28:23,750

are in the intelligence community I'm

622

00:28:34,360 --> 00:28:28,030

not a you know I don't belong to it I

623

00:28:36,730 --> 00:28:34,370

just traded on the AI I guess the habits

624

00:28:39,220 --> 00:28:36,740

in character that developed during my

625

00:28:42,370 --> 00:28:39,230

ministry years to engage with people

626
00:28:47,670 --> 00:28:42,380
one-on-one in confidential conversations

627
00:28:50,950 --> 00:28:47,680
and so in those contexts more and more

628
00:28:52,480 --> 00:28:50,960
came came to me and and I'm pretty good

629
00:28:55,560 --> 00:28:52,490
synthetic thinker in terms of

630
00:28:58,150 --> 00:28:55,570
integrating disparate inputs

631
00:29:01,090 --> 00:28:58,160
distinguishing what I know I know from

632
00:29:04,390 --> 00:29:01,100
what I know I don't know and integrating

633
00:29:09,460 --> 00:29:04,400
it and articulating a synthesis and then

634
00:29:11,950 --> 00:29:09,470
I was very fortunate around just 2007 to

635
00:29:14,320 --> 00:29:11,960
be invited by I was talking to John

636
00:29:15,640 --> 00:29:14,330
Aldridge and he mentioned this group

637
00:29:18,970 --> 00:29:15,650
that was going to get together in Texas

638
00:29:24,130 --> 00:29:18,980

to plan to write some serious white

639

00:29:27,760 --> 00:29:24,140

papers about the subject for for the

640

00:29:29,350 --> 00:29:27,770

reason in part to to demonstrate to the

641

00:29:33,010 --> 00:29:29,360

world that it was a serious subject

642

00:29:35,050 --> 00:29:33,020

worthy of serious scholarly pursuit and

643

00:29:38,680 --> 00:29:35,060

when we met what we concluded was

644

00:29:40,720 --> 00:29:38,690

nothing short of a book would work now

645

00:29:43,570 --> 00:29:40,730

there had been a great deal of research

646

00:29:48,400 --> 00:29:43,580

done prior to them we had a tremendous

647

00:29:51,340 --> 00:29:48,410

number of clippings and files Mike

648

00:29:53,920 --> 00:29:51,350

swords the professor of Natural Science

649

00:29:56,200 --> 00:29:53,930

at Western Michigan University and

650

00:29:59,350 --> 00:29:56,210

Robert Powell who had headed up the

651
00:30:02,800 --> 00:29:59,360
chemistry department at AMD the chip

652
00:30:05,320 --> 00:30:02,810
manufacturer were the two leaders of the

653
00:30:07,030 --> 00:30:05,330
team but there were people like Barry

654
00:30:09,230 --> 00:30:07,040
Greenwood who wrote clear intent and

655
00:30:14,090 --> 00:30:09,240
Shane Aldridge some project 19

656
00:30:17,040 --> 00:30:14,100
47 who had been gathering documents and

657
00:30:20,670 --> 00:30:17,050
studying them with some real discretion

658
00:30:22,320 --> 00:30:20,680
and finesse and subtlety for decades

659
00:30:27,620 --> 00:30:22,330
look I would say literally half a

660
00:30:30,360 --> 00:30:27,630
century and we all contributed my part

661
00:30:32,870 --> 00:30:30,370
I'm always quick to say I have a small

662
00:30:36,930 --> 00:30:32,880
part but but a part that for me was

663
00:30:39,090 --> 00:30:36,940

instrumental in accessing and engaging

664

00:30:41,060 --> 00:30:39,100

with all of the material that over the

665

00:30:44,900 --> 00:30:41,070

five years it took to write that book

666

00:30:48,750 --> 00:30:44,910

came our way and then there were other

667

00:30:51,660 --> 00:30:48,760

writers who did chapters on other

668

00:30:54,360 --> 00:30:51,670

countries and a great guy named Steve

669

00:30:56,580 --> 00:30:54,370

Purcell who did the thankless task of

670

00:31:00,930 --> 00:30:56,590

getting permissions and and not

671

00:31:06,630 --> 00:31:00,940

including photographs for for which we

672

00:31:09,540 --> 00:31:06,640

could not get permissions and Mike Mike

673

00:31:11,490 --> 00:31:09,550

has been my mentor but I've engaged with

674

00:31:14,760 --> 00:31:11,500

these other people and paid close

675

00:31:15,780 --> 00:31:14,770

attention I had a pretty good mind I had

676

00:31:17,640 --> 00:31:15,790

taught English literature at the

677

00:31:20,460 --> 00:31:17,650

University of Illinois after getting a

678

00:31:22,560 --> 00:31:20,470

bachelor's at Northwestern and a masters

679

00:31:24,120 --> 00:31:22,570

at the University of Chicago and then I

680

00:31:28,140 --> 00:31:24,130

had another three-year master's when I

681

00:31:31,350 --> 00:31:28,150

prepared for the ministry and I engaged

682

00:31:35,430 --> 00:31:31,360

with people also in a lot of interviews

683

00:31:37,890 --> 00:31:35,440

I I used the structure of MUFON in

684

00:31:40,860 --> 00:31:37,900

Wisconsin to interview people

685

00:31:43,700 --> 00:31:40,870

specifically and and and document what

686

00:31:47,660 --> 00:31:43,710

their experiences were and some of those

687

00:31:51,450 --> 00:31:47,670

some of those were astonishing really

688

00:31:55,970 --> 00:31:51,460

the end result of all that now 1978

689

00:31:59,280 --> 00:31:55,980

that's it's a lot of years 40 years of

690

00:32:02,280 --> 00:31:59,290

engaging with this subject by engaging

691

00:32:04,790 --> 00:32:02,290

with the very best minds and students of

692

00:32:07,080 --> 00:32:04,800

the subject that I could find and

693

00:32:11,760 --> 00:32:07,090

sitting at their feet and letting them

694

00:32:14,280 --> 00:32:11,770

teach me I may mention Mike he is a

695

00:32:16,260 --> 00:32:14,290

terrific teacher I mean as a teacher he

696

00:32:20,040 --> 00:32:16,270

was a terrific science teacher at

697

00:32:22,620 --> 00:32:20,050

Western Michigan University and he was

698

00:32:25,290 --> 00:32:22,630

willing to give me very gen

699

00:32:26,840 --> 00:32:25,300

of his time and once we met for weekend

700

00:32:29,130 --> 00:32:26,850

and he invited me to ask whatever

701
00:32:32,840 --> 00:32:29,140
questions I wanted to this was the

702
00:32:34,950 --> 00:32:32,850
Koufos headquarters in Chicago and

703
00:32:37,470 --> 00:32:34,960
others others join that meeting

704
00:32:40,680 --> 00:32:37,480
including the Marc rodiger pub popped in

705
00:32:44,480 --> 00:32:40,690
and out and and the Murphy's from

706
00:32:47,520 --> 00:32:44,490
Michigan at that time and a few others

707
00:32:50,370 --> 00:32:47,530
and it was kind of a private seminar for

708
00:32:51,570 --> 00:32:50,380
48 hours now at that point I had learned

709
00:32:53,820 --> 00:32:51,580
everything I could

710
00:32:56,370 --> 00:32:53,830
through the methodologies that described

711
00:32:57,900 --> 00:32:56,380
but that that was where I took all of

712
00:32:59,940 --> 00:32:57,910
the questions that had had raised

713
00:33:03,150 --> 00:32:59,950

because I thought what am I missing

714

00:33:05,610 --> 00:33:03,160

and what what turns out when you do it

715

00:33:09,090 --> 00:33:05,620

their ways in terms of what's public

716

00:33:11,670 --> 00:33:09,100

what's out here in terms of the data you

717

00:33:15,120 --> 00:33:11,680

know you're not missing that much you

718

00:33:17,220 --> 00:33:15,130

you may not be missing that much we know

719

00:33:18,720 --> 00:33:17,230

a lot of the data and that's what that

720

00:33:20,730 --> 00:33:18,730

the book to which they refer it is

721

00:33:23,850 --> 00:33:20,740

called UFOs and government historical

722

00:33:28,800 --> 00:33:23,860

inquiry it's published by anomalous

723

00:33:31,410 --> 00:33:28,810

books and it's a terrific book it's you

724

00:33:34,080 --> 00:33:31,420

know 600 pages long it's got about a

725

00:33:37,020 --> 00:33:34,090

thousand footnotes and every single

726

00:33:40,140 --> 00:33:37,030

footnote points to a government document

727

00:33:42,300 --> 00:33:40,150

or other primary source and so when it

728

00:33:44,670 --> 00:33:42,310

came time to review the book for choice

729

00:33:47,010 --> 00:33:44,680

choices the name of the journal which

730

00:33:50,160 --> 00:33:47,020

reviews books for library university

731

00:33:54,720 --> 00:33:50,170

libraries they said unlike the dreary

732

00:33:57,270 --> 00:33:54,730

material in the apology this one stands

733

00:33:59,400 --> 00:33:57,280

out and belongs in every university

734

00:34:02,010 --> 00:33:59,410

library unreal and Wow

735

00:34:03,060 --> 00:34:02,020

yeah yeah and and it's in at least 65

736

00:34:05,940 --> 00:34:03,070

last time I looked

737

00:34:07,830 --> 00:34:05,950

University Libraries and it said that

738

00:34:09,780 --> 00:34:07,840

because that data is bulletproof it's

739

00:34:11,669 --> 00:34:09,790

it's all as I say government sources or

740

00:34:12,149 --> 00:34:11,679

primary sources which over half a

741

00:34:14,850 --> 00:34:12,159

century

742

00:34:18,450 --> 00:34:14,860

these tireless obsessive researchers had

743

00:34:21,869 --> 00:34:18,460

had managed together and which we all

744

00:34:27,720 --> 00:34:21,879

parsed and pruned but Mike had the

745

00:34:29,100 --> 00:34:27,730

synthesis basic based on the

746

00:34:33,030 --> 00:34:29,110

foundational work that had been done

747

00:34:35,220 --> 00:34:33,040

before and now we're in the process of

748

00:34:36,480 --> 00:34:35,230

scoping out a second book on the

749

00:34:40,349 --> 00:34:36,490

phenomena itself

750

00:34:43,169 --> 00:34:40,359

and making all of these thousands tens

751
00:34:45,480 --> 00:34:43,179
of thousands of files accessible to

752
00:34:48,570 --> 00:34:45,490
serious scholars loading them into a

753
00:34:51,869 --> 00:34:48,580
website online it's not available to the

754
00:34:53,970 --> 00:34:51,879
public can't just go there but for

755
00:34:55,290 --> 00:34:53,980
serious scholars we want the material to

756
00:34:57,150 --> 00:34:55,300
be available and that's because we are

757
00:35:01,109 --> 00:34:57,160
getting along in age all the people on

758
00:35:02,190 --> 00:35:01,119
this team and we've seen what's what's

759
00:35:05,820 --> 00:35:02,200
happened I mean there have been some

760
00:35:08,520 --> 00:35:05,830
very sad stories of terrific people like

761
00:35:12,060 --> 00:35:08,530
Richard Hall who sold his entire

762
00:35:15,240 --> 00:35:12,070
collection of material you know a great

763
00:35:17,730 --> 00:35:15,250

author of UFO evidence to someone who

764

00:35:21,359 --> 00:35:17,740

now hides it away and won't let anyone

765

00:35:23,010 --> 00:35:21,369

have access to it yeah so we want to do

766

00:35:25,800 --> 00:35:23,020

the very best we can to make sure that

767

00:35:27,960 --> 00:35:25,810

the data is available because the

768

00:35:29,370 --> 00:35:27,970

reasons it's it's in all those academic

769

00:35:32,760 --> 00:35:29,380

libraries is because the data is

770

00:35:34,380 --> 00:35:32,770

bulletproof and what we discuss in that

771

00:35:37,200 --> 00:35:34,390

book is the narrative about the

772

00:35:39,510 --> 00:35:37,210

government and how it responded in light

773

00:35:43,109 --> 00:35:39,520

of serious and genuine national security

774

00:35:45,810 --> 00:35:43,119

concerns to the phenomena roughly from

775

00:35:48,420 --> 00:35:45,820

the 40s to the 80s and so we don't

776

00:35:50,190 --> 00:35:48,430

speculate we don't say to people when

777

00:35:51,329 --> 00:35:50,200

they said well what do you think people

778

00:35:53,849 --> 00:35:51,339

saying we know you read a book about

779

00:35:55,980 --> 00:35:53,859

aliens and I say no there the word

780

00:35:58,079 --> 00:35:55,990

aliens I think does not occur in the

781

00:36:01,440 --> 00:35:58,089

book UFOs

782

00:36:04,130 --> 00:36:01,450

occurs in the book a lot because we show

783

00:36:07,349 --> 00:36:04,140

how seriously the government took UFOs

784

00:36:09,810 --> 00:36:07,359

the documentation the 40s and 50s as we

785

00:36:12,630 --> 00:36:09,820

trace it shows they knew this was

786

00:36:15,300 --> 00:36:12,640

something really important and there

787

00:36:20,510 --> 00:36:15,310

have been at least two major prongs one

788

00:36:22,980 --> 00:36:20,520

of which is to from the 50s on damp down

789

00:36:26,220 --> 00:36:22,990

enthusiasm and excitement among the

790

00:36:28,410 --> 00:36:26,230

public public by denying and by

791

00:36:30,630 --> 00:36:28,420

ridiculing and by debunking and by

792

00:36:34,980 --> 00:36:30,640

giving explanations Robert on the other

793

00:36:36,930 --> 00:36:34,990

hand yeah yeah we know that's where it

794

00:36:38,160 --> 00:36:36,940

was formulated at the Robinson panel we

795

00:36:39,510 --> 00:36:38,170

know the Robertson panel didn't

796

00:36:41,760 --> 00:36:39,520

formulate policy for the whole

797

00:36:43,710 --> 00:36:41,770

government but it looks as this the

798

00:36:47,160 --> 00:36:43,720

government did in fact follow the broad

799

00:36:48,490 --> 00:36:47,170

contours which had those two prongs the

800

00:36:52,150 --> 00:36:48,500

bunker

801
00:36:54,910 --> 00:36:52,160
calm people down but at the same time do

802
00:36:56,589 --> 00:36:54,920
research because they described the

803
00:37:00,190 --> 00:36:56,599
aerodynamic qualities of this technology

804
00:37:01,509 --> 00:37:00,200
they knew it wasn't ours and you're

805
00:37:05,470 --> 00:37:01,519
probably familiar with the estimate of

806
00:37:08,170 --> 00:37:05,480
the situation mm-hmm which concluded

807
00:37:12,279 --> 00:37:08,180
that it was one of three things right

808
00:37:14,380 --> 00:37:12,289
Russian American or extraterrestrial and

809
00:37:16,420 --> 00:37:14,390
they did their research and their

810
00:37:17,799 --> 00:37:16,430
homework and concluded that it wasn't as

811
00:37:19,420 --> 00:37:17,809
the Air Force concluded it wasn't

812
00:37:24,220 --> 00:37:19,430
Russian and it wasn't ours it wasn't a

813
00:37:25,690 --> 00:37:24,230

secret project so that left just one now

814

00:37:27,430 --> 00:37:25,700

what's happened since then it's kind of

815

00:37:30,069 --> 00:37:27,440

interesting is we only had that one

816

00:37:32,980 --> 00:37:30,079

category don't forget we were just

817

00:37:37,299 --> 00:37:32,990

getting into space then when the Sputnik

818

00:37:39,640 --> 00:37:37,309

56 we didn't even know if Houston

819

00:37:41,230 --> 00:37:39,650

satellites would would work and when we

820

00:37:43,359 --> 00:37:41,240

went to the moon in the next decade I

821

00:37:45,370 --> 00:37:43,369

remember very real fears that the

822

00:37:48,789 --> 00:37:45,380

Rockets and astronauts would sink in

823

00:37:51,009 --> 00:37:48,799

moon dust and suffocate to death we we

824

00:37:53,559 --> 00:37:51,019

literally forget what we didn't know

825

00:37:57,150 --> 00:37:53,569

which was almost everything now we're

826
00:37:59,380 --> 00:37:57,160
used to having Hubble images and x-ray

827
00:38:05,079 --> 00:37:59,390
telescope images and radio telescope

828
00:38:06,430 --> 00:38:05,089
images and/or renderings and and we've

829
00:38:09,400 --> 00:38:06,440
gone all through the solar system

830
00:38:11,109 --> 00:38:09,410
robotic Litella robotically and an

831
00:38:13,900 --> 00:38:11,119
exporter own solar system of

832
00:38:16,749 --> 00:38:13,910
extraordinary scientific work as well as

833
00:38:20,349 --> 00:38:16,759
the popular availability of the

834
00:38:25,230 --> 00:38:20,359
close-ups of our neighborhood well then

835
00:38:29,200 --> 00:38:25,240
that hadn't that hadn't happened then so

836
00:38:31,980 --> 00:38:29,210
part of part of this story is how we

837
00:38:36,099 --> 00:38:31,990
have expressed own understanding and

838
00:38:39,579 --> 00:38:36,109

physics has expanded or developed other

839

00:38:41,559 --> 00:38:39,589

theories as well so today people say

840

00:38:44,650 --> 00:38:41,569

they don't just say extraterrestrial as

841

00:38:46,420 --> 00:38:44,660

one hypothesis they say maybe this is

842

00:38:47,920 --> 00:38:46,430

time travel maybe we don't know where

843

00:38:50,349 --> 00:38:47,930

they come from maybe it's a question of

844

00:38:54,359 --> 00:38:50,359

when because of the speeds that seem

845

00:38:58,690 --> 00:38:54,369

likely relativity comes into play and

846

00:39:00,970 --> 00:38:58,700

people are not not going to come back at

847

00:39:01,930 --> 00:39:00,980

the same age at which they left maybe

848

00:39:05,530 --> 00:39:01,940

this is

849

00:39:08,140 --> 00:39:05,540

the future literally by virtue of the

850

00:39:10,180 --> 00:39:08,150

speed of the technology which alters

851
00:39:12,370 --> 00:39:10,190
time in relationship to our time or

852
00:39:14,860 --> 00:39:12,380
maybe there is a multiverse maybe there

853
00:39:19,570 --> 00:39:14,870
are multiple dimensions or baby

854
00:39:21,970 --> 00:39:19,580
universes that bud off those concepts

855
00:39:23,920 --> 00:39:21,980
weren't very thinkable then bring this

856
00:39:28,360 --> 00:39:23,930
so that's why the only one people came

857
00:39:30,100 --> 00:39:28,370
up with was Extra Terrestrial but now

858
00:39:32,770 --> 00:39:30,110
you know it's pretty common for people

859
00:39:35,200 --> 00:39:32,780
to say I think it's comin maybe it's the

860
00:39:37,950 --> 00:39:35,210
people I hang around with the universe

861
00:39:40,600 --> 00:39:37,960
is in all likelihood teeming with life

862
00:39:44,260 --> 00:39:40,610
that where life can't happen it will

863
00:39:47,320 --> 00:39:44,270

happen we have now managed to say there

864

00:39:50,080 --> 00:39:47,330

are billions of stars in this galaxy and

865

00:39:54,120 --> 00:39:50,090

billions of galaxies in the visible part

866

00:39:57,190 --> 00:39:54,130

of the universe that we can access and

867

00:40:01,920 --> 00:39:57,200

it is impossible to stand before that

868

00:40:06,390 --> 00:40:01,930

network of galaxies without awe and

869

00:40:09,370 --> 00:40:06,400

without not just suspecting but knowing

870

00:40:13,480 --> 00:40:09,380

we're not so hot you know we're a pretty

871

00:40:15,070 --> 00:40:13,490

recent know as a species right and I'm

872

00:40:18,280 --> 00:40:15,080

looking at electric lights here in my

873

00:40:22,150 --> 00:40:18,290

study and those 150 years old electric

874

00:40:28,450 --> 00:40:22,160

lights I mean we're we're brand new on

875

00:40:32,950 --> 00:40:28,460

the right technology plane and anyone

876

00:40:35,830 --> 00:40:32,960

else who evolved sentient intelligence

877

00:40:39,970 --> 00:40:35,840

over thousands of years before or

878

00:40:42,790 --> 00:40:39,980

hundreds of years before would would

879

00:40:46,360 --> 00:40:42,800

know things we don't know how to even

880

00:40:49,390 --> 00:40:46,370

imagine or guess or say and my

881

00:40:53,070 --> 00:40:49,400

understanding is that whatever research

882

00:40:56,890 --> 00:40:53,080

has been done on these vehicles we still

883

00:40:59,080 --> 00:40:56,900

can't make them do that we don't know

884

00:41:01,330 --> 00:40:59,090

how to do what we've observed them doing

885

00:41:04,960 --> 00:41:01,340

but we have come a long way in

886

00:41:08,500 --> 00:41:04,970

experiments toward doing those things

887

00:41:10,450 --> 00:41:08,510

and you know people say you can't get

888

00:41:13,840 --> 00:41:10,460

here from there it's too far but already

889

00:41:15,510 --> 00:41:13,850

we have exotic propulsion systems under

890

00:41:17,910 --> 00:41:15,520

consideration

891

00:41:21,090 --> 00:41:17,920

that would remarkably shorten the time

892

00:41:24,480 --> 00:41:21,100

it takes to get to the next star system

893

00:41:27,390 --> 00:41:24,490

I think that's very closed-minded when I

894

00:41:29,580 --> 00:41:27,400

hear that statement that you just can't

895

00:41:31,500 --> 00:41:29,590

get the we don't have the energy you

896

00:41:34,860 --> 00:41:31,510

know because there's things in physics

897

00:41:37,920 --> 00:41:34,870

that we haven't discovered yet or like

898

00:41:39,720 --> 00:41:37,930

you said you know we're working on now

899

00:41:41,970 --> 00:41:39,730

you don't seem like the person the type

900

00:41:44,040 --> 00:41:41,980

of person that would guess on something

901
00:41:47,070 --> 00:41:44,050
but I'm gonna ask you anyway if you had

902
00:41:49,980 --> 00:41:47,080
to guess if the government actually knew

903
00:41:55,080 --> 00:41:49,990
what the things were flying around in

904
00:41:57,240 --> 00:41:55,090
the sky what would you guess you're

905
00:41:59,580 --> 00:41:57,250
asking if if I thought the government

906
00:42:02,820 --> 00:41:59,590
knew what they were or yeah the identity

907
00:42:05,580 --> 00:42:02,830
of the animating intelligence if if yeah

908
00:42:07,560 --> 00:42:05,590
if you had to to lay it back down would

909
00:42:09,120 --> 00:42:07,570
you bet that the government knew what

910
00:42:11,580 --> 00:42:09,130
was going on or would you think they're

911
00:42:13,350 --> 00:42:11,590
just as puzzled as everyone else I think

912
00:42:16,230 --> 00:42:13,360
they're just as puzzled as everyone else

913
00:42:17,580 --> 00:42:16,240

about some things but I think they know

914

00:42:19,710 --> 00:42:17,590

a number of things

915

00:42:22,770 --> 00:42:19,720

I mean don't forget the Air Force

916

00:42:24,390 --> 00:42:22,780

Academy in the 1970s had a textbook for

917

00:42:26,850 --> 00:42:24,400

the cadets at the relatively new Air

918

00:42:30,210 --> 00:42:26,860

Force Academy and I believe was the last

919

00:42:32,910 --> 00:42:30,220

chapter that book was uh nanami's and

920

00:42:35,760 --> 00:42:32,920

that focused on UFO phenomena and about

921

00:42:37,380 --> 00:42:35,770

half the chapter or was devoted to some

922

00:42:39,390 --> 00:42:37,390

pretty good cases by someone who was

923

00:42:43,140 --> 00:42:39,400

familiar with them and the other half

924

00:42:46,170 --> 00:42:43,150

was speculation and in that speculative

925

00:42:48,540 --> 00:42:46,180

section the statement was made the

926

00:42:50,490 --> 00:42:48,550

uncorrelated data suggest that for

927

00:42:53,970 --> 00:42:50,500

different civilizations were visiting

928

00:43:00,210 --> 00:42:53,980

the earth mmm no now that's that's a

929

00:43:02,610 --> 00:43:00,220

pretty big statement the that finally

930

00:43:04,410 --> 00:43:02,620

got out it was publicized and where of

931

00:43:04,980 --> 00:43:04,420

course was it publicized in the National

932

00:43:07,140 --> 00:43:04,990

Inquirer

933

00:43:10,080 --> 00:43:07,150

which meant that no one would ever take

934

00:43:12,810 --> 00:43:10,090

the story seriously but the book was

935

00:43:14,940 --> 00:43:12,820

retracted and that chapter was attracted

936

00:43:16,770 --> 00:43:14,950

and pulped and a new chapter in the next

937

00:43:20,330 --> 00:43:16,780

edition said nothing like that and

938

00:43:23,250 --> 00:43:20,340

didn't have any case studies at all so

939

00:43:24,600 --> 00:43:23,260

sometimes one of the ways you do

940

00:43:26,370 --> 00:43:24,610

research is to look at different

941

00:43:29,430 --> 00:43:26,380

branches government and in different

942

00:43:31,829 --> 00:43:29,440

documents to see what somebody said

943

00:43:33,450 --> 00:43:31,839

they didn't know was not something they

944

00:43:37,470 --> 00:43:33,460

shouldn't say because they weren't read

945

00:43:38,730 --> 00:43:37,480

into a classified category such that

946

00:43:41,160 --> 00:43:38,740

they would know that what they were

947

00:43:43,380 --> 00:43:41,170

saying was classified so you might look

948

00:43:45,720 --> 00:43:43,390

in the State Department or Department of

949

00:43:48,450 --> 00:43:45,730

Justice or whatever and and that's what

950

00:43:51,660 --> 00:43:48,460

the researchers do and we just comb

951
00:43:53,010 --> 00:43:51,670
through everything to see what we can

952
00:43:55,050 --> 00:43:53,020
learn and that's one of the things we

953
00:43:56,670 --> 00:43:55,060
learned that in the 1970s the statement

954
00:43:59,339 --> 00:43:56,680
was made by the author of that chapter

955
00:44:03,900 --> 00:43:59,349
that the best guess was for different

956
00:44:05,849 --> 00:44:03,910
civilizations now that's that does

957
00:44:07,079 --> 00:44:05,859
strongly imply even though we don't

958
00:44:10,710 --> 00:44:07,089
understand the physics of it of the

959
00:44:12,630 --> 00:44:10,720
propulsion so on extraterrestrial mmm

960
00:44:14,370 --> 00:44:12,640
because these are not Earth

961
00:44:15,720 --> 00:44:14,380
civilizations they're not living under

962
00:44:18,050 --> 00:44:15,730
the poles they're not living in the

963
00:44:20,790 --> 00:44:18,060

mountains they're they're not a

964

00:44:25,849 --> 00:44:20,800

clandestine cadre of tall whites or

965

00:44:30,359 --> 00:44:25,859

small greys includes with our government

966

00:44:32,640 --> 00:44:30,369

those are stories and the question you

967

00:44:36,359 --> 00:44:32,650

always ask about a narrative is where is

968

00:44:39,359 --> 00:44:36,369

the data where is the documentation and

969

00:44:40,740 --> 00:44:39,369

especially in the Internet era people

970

00:44:44,099 --> 00:44:40,750

seem to be prone to believe almost

971

00:44:46,260 --> 00:44:44,109

anything when I give speeches

972

00:44:49,109 --> 00:44:46,270

I have people sometimes ask me do I

973

00:44:51,210 --> 00:44:49,119

believe we have Rovers on Mars or do I

974

00:44:53,910 --> 00:44:51,220

think we really went to the moon and I

975

00:44:56,220 --> 00:44:53,920

look at these intelligent people asking

976

00:44:58,980 --> 00:44:56,230

these questions and it scares me and it

977

00:45:00,870 --> 00:44:58,990

boggles the mind to see that the

978

00:45:05,160 --> 00:45:00,880

consensus of understanding of what's

979

00:45:07,160 --> 00:45:05,170

real has so shredded that somebody could

980

00:45:09,690 --> 00:45:07,170

ask that question in seriousness yeah

981

00:45:12,660 --> 00:45:09,700

why do you suppose that is it's just all

982

00:45:14,640 --> 00:45:12,670

the information and false information

983

00:45:18,720 --> 00:45:14,650

coming out you know I mean with the

984

00:45:21,059 --> 00:45:18,730

internet just so much well I think in

985

00:45:23,220 --> 00:45:21,069

part we hoisted ourselves on our own

986

00:45:24,930 --> 00:45:23,230

petard as the saying when people don't

987

00:45:27,260 --> 00:45:24,940

know what a parrot is are out always to

988

00:45:30,359 --> 00:45:27,270

yourself but what it means is

989

00:45:36,559 --> 00:45:30,369

responsibility for the conditions they

990

00:45:41,640 --> 00:45:36,569

began in after World War two when the

991

00:45:43,230 --> 00:45:41,650

classification schemes and secrecy from

992

00:45:44,670 --> 00:45:43,240

World War two which was appropriate

993

00:45:47,250 --> 00:45:44,680

carried over into the Cold War and

994

00:45:50,430 --> 00:45:47,260

they've never stopped so we called to

995

00:45:53,490 --> 00:45:50,440

national security state and that's

996

00:45:55,950 --> 00:45:53,500

exactly what it is and what it means is

997

00:45:57,930 --> 00:45:55,960

I do talk called fiction is the only way

998

00:46:00,990 --> 00:45:57,940

to tell the truth it's looking what

999

00:46:02,640 --> 00:46:01,000

somebody did with it on YouTube on a lot

1000

00:46:07,080 --> 00:46:02,650

of my talks are on YouTube you just plug

1001
00:46:08,940 --> 00:46:07,090
my name in and up they come and some of

1002
00:46:13,070 --> 00:46:08,950
the things I show there were that

1003
00:46:16,620 --> 00:46:13,080
they're the practice of disinformation

1004
00:46:17,940 --> 00:46:16,630
rendered it almost impossible for the

1005
00:46:19,830 --> 00:46:17,950
normal human being

1006
00:46:21,690 --> 00:46:19,840
to know what was real there's

1007
00:46:24,750 --> 00:46:21,700
misinformation there's this information

1008
00:46:27,690 --> 00:46:24,760
and now you know you know but what the

1009
00:46:30,240 --> 00:46:27,700
Russian scandal has revealed is that it

1010
00:46:32,640 --> 00:46:30,250
you don't have to be Russian in order to

1011
00:46:35,160 --> 00:46:32,650
have trolls they have lots of trolls and

1012
00:46:36,600 --> 00:46:35,170
they comb the internet and they create

1013
00:46:39,270 --> 00:46:36,610

false stories and they create false

1014

00:46:41,340 --> 00:46:39,280

narratives after doing research on which

1015

00:46:42,900 --> 00:46:41,350

kinds of people with what kinds of

1016

00:46:47,520 --> 00:46:42,910

mentality are likely to believe the

1017

00:46:49,080 --> 00:46:47,530

stories they create and and so I coined

1018

00:46:52,530 --> 00:46:49,090

the phrase a long time ago of real birds

1019

00:46:54,750 --> 00:46:52,540

and digital cages that you create a

1020

00:46:57,270 --> 00:46:54,760

digital structure in which people

1021

00:46:58,849 --> 00:46:57,280

themselves and then you move the cage

1022

00:47:01,650 --> 00:46:58,859

and then you don't have to move the

1023

00:47:05,160 --> 00:47:01,660

individual inside they just come along

1024

00:47:07,560 --> 00:47:05,170

with the narratives and so it's resulted

1025

00:47:10,170 --> 00:47:07,570

in the populace first of all critical

1026

00:47:12,990 --> 00:47:10,180

thinking is kind of on the wane a lot of

1027

00:47:16,109 --> 00:47:13,000

people don't know how to do it and

1028

00:47:19,830 --> 00:47:16,119

education for it is not as strong as it

1029

00:47:22,650 --> 00:47:19,840

used to be and so a lot of people don't

1030

00:47:25,680 --> 00:47:22,660

know how to know I mean this questions

1031

00:47:29,070 --> 00:47:25,690

of epistemology how do you know what you

1032

00:47:32,790 --> 00:47:29,080

know and how do you document it how do

1033

00:47:35,730 --> 00:47:32,800

you verify it a lot of people are just

1034

00:47:37,380 --> 00:47:35,740

happy to repeat what's been repeated a

1035

00:47:40,320 --> 00:47:37,390

million times and often they don't know

1036

00:47:42,450 --> 00:47:40,330

it's a thousand websites directed and

1037

00:47:46,560 --> 00:47:42,460

orchestrated by a single person or a

1038

00:47:48,630 --> 00:47:46,570

single government entity and we did

1039

00:47:51,210 --> 00:47:48,640

plenty of that too so in that

1040

00:47:54,660 --> 00:47:51,220

environment through to get it the truth

1041

00:47:56,849 --> 00:47:54,670

is very difficult and it does mean

1042

00:47:59,699 --> 00:47:56,859

people are going to be prone to

1043

00:48:02,459 --> 00:47:59,709

believing almost anything because some

1044

00:48:04,170 --> 00:48:02,469

of the things we uncover are literally

1045

00:48:08,459 --> 00:48:04,180

beyond belief you can't believe people

1046

00:48:10,859 --> 00:48:08,469

did that but but they did hmm Wow

1047

00:48:14,339 --> 00:48:10,869

you know someone asked for it off the

1048

00:48:18,690 --> 00:48:14,349

bat of course talk about a million times

1049

00:48:21,150 --> 00:48:18,700

the Roswell topic there was never any

1050

00:48:23,969 --> 00:48:21,160

type of government documents that ever

1051
00:48:27,900 --> 00:48:23,979
mentioned Roswell except in the 1990s

1052
00:48:30,180 --> 00:48:27,910
right I'm not familiar with with much on

1053
00:48:32,219 --> 00:48:30,190
Roswell from the government and what

1054
00:48:36,120 --> 00:48:32,229
there is isn't conclusive in terms of

1055
00:48:39,690 --> 00:48:36,130
any narrative when they did that silly

1056
00:48:41,489 --> 00:48:39,700
story about crash-test dummies at a time

1057
00:48:43,499 --> 00:48:41,499
when crash-test dummies hadn't even been

1058
00:48:46,319 --> 00:48:43,509
used right it's like they're saying

1059
00:48:48,209 --> 00:48:46,329
we're going to lie to you and you know

1060
00:48:50,039 --> 00:48:48,219
we're lying but it's a way of telling

1061
00:48:51,569 --> 00:48:50,049
you that whatever the truth is we're not

1062
00:48:54,859 --> 00:48:51,579
going to tell you and you're not going

1063
00:48:57,359 --> 00:48:54,869

to find it out and that's the situation

1064

00:48:59,069 --> 00:48:57,369

we don't talk about Roswell in our book

1065

00:49:01,229 --> 00:48:59,079

very much because there's no

1066

00:49:04,769 --> 00:49:01,239

documentation for it

1067

00:49:07,469 --> 00:49:04,779

it's kind of an outlier most people are

1068

00:49:09,509 --> 00:49:07,479

very familiar with the cottage industry

1069

00:49:14,180 --> 00:49:09,519

called Roswell that's been built out of

1070

00:49:17,160 --> 00:49:14,190

books and documentaries and movies and

1071

00:49:19,380 --> 00:49:17,170

you see enough of those it's kind of

1072

00:49:23,370 --> 00:49:19,390

like the gray gray on the cover of

1073

00:49:27,900 --> 00:49:23,380

communion once that's in the imagination

1074

00:49:31,170 --> 00:49:27,910

that's what greys look like but but we

1075

00:49:33,239 --> 00:49:31,180

don't know so the Roswell narrative has

1076
00:49:35,370 --> 00:49:33,249
been fraught from the beginning with all

1077
00:49:38,849 --> 00:49:35,380
sorts of assertions that over time have

1078
00:49:41,279 --> 00:49:38,859
been revealed to be untrue witnesses who

1079
00:49:43,769 --> 00:49:41,289
were not witnesses at all people telling

1080
00:49:45,839 --> 00:49:43,779
stories who were revealed to telling

1081
00:49:49,309 --> 00:49:45,849
stories and if there's there's some who

1082
00:49:52,019 --> 00:49:49,319
seem credible in terms of the material

1083
00:49:54,809 --> 00:49:52,029
but you know the remarkable material and

1084
00:49:57,660 --> 00:49:54,819
there's a fun story about right Pat and

1085
00:50:01,380 --> 00:49:57,670
the patella Institute next door working

1086
00:50:04,640 --> 00:50:01,390
on a new substance which had those

1087
00:50:07,829 --> 00:50:04,650
properties of a cover ability and so on

1088
00:50:10,440 --> 00:50:07,839

but that's correlation not causation we

1089

00:50:12,330 --> 00:50:10,450

we don't know

1090

00:50:15,720 --> 00:50:12,340

we've all heard lots of stories about

1091

00:50:17,730 --> 00:50:15,730

recovery of bodies but every time

1092

00:50:23,010 --> 00:50:17,740

there's an image of a body like the

1093

00:50:25,710 --> 00:50:23,020

famous autopsy oh yeah video display

1094

00:50:29,040 --> 00:50:25,720

it's bogus and it doesn't take much to

1095

00:50:33,060 --> 00:50:29,050

make a bogus story it doesn't take much

1096

00:50:36,210 --> 00:50:33,070

to insert a narrative into the mind and

1097

00:50:40,590 --> 00:50:36,220

eager hands what the intelligence

1098

00:50:44,190 --> 00:50:40,600

community calls useful idiots so we have

1099

00:50:47,400 --> 00:50:44,200

a lot of documented instances like the

1100

00:50:51,750 --> 00:50:47,410

aviary once upon a time and the alien

1101
00:50:54,390 --> 00:50:51,760
who loved strawberry ice cream i right

1102
00:50:56,730 --> 00:50:54,400
it didn't doesn't take that much and and

1103
00:50:59,310 --> 00:50:56,740
and and if you want to do something

1104
00:51:03,270 --> 00:50:59,320
seriously to throw the wagon off the

1105
00:51:05,250 --> 00:51:03,280
tracks the resources which military and

1106
00:51:08,100 --> 00:51:05,260
intelligence and government people have

1107
00:51:10,560 --> 00:51:08,110
are extraordinary and these are you have

1108
00:51:12,870 --> 00:51:10,570
they make mistakes and sometimes bumble

1109
00:51:15,150 --> 00:51:12,880
things but but these are professionals

1110
00:51:18,300 --> 00:51:15,160
and a lot of the time they know what

1111
00:51:21,870 --> 00:51:18,310
they're doing and when it's the more

1112
00:51:25,680 --> 00:51:21,880
important it is the more critical the

1113
00:51:28,800 --> 00:51:25,690

knowledge is the more harder and money

1114

00:51:32,040 --> 00:51:28,810

is going to be spent to make sure that

1115

00:51:33,780 --> 00:51:32,050

nobody finds out because it is

1116

00:51:37,530 --> 00:51:33,790

understood in terms of national security

1117

00:51:41,220 --> 00:51:37,540

issues and those are those go to the

1118

00:51:43,140 --> 00:51:41,230

highest levels that they can so do I

1119

00:51:45,150 --> 00:51:43,150

think there are people inside what we

1120

00:51:47,060 --> 00:51:45,160

call government it's probably not a

1121

00:51:49,710 --> 00:51:47,070

government structure it's off the books

1122

00:51:52,350 --> 00:51:49,720

which is the way you handle anything if

1123

00:51:56,130 --> 00:51:52,360

you don't want it on the books and it

1124

00:51:58,020 --> 00:51:56,140

would include corporate and military and

1125

00:51:59,820 --> 00:51:58,030

perhaps government as well but it

1126
00:52:02,100 --> 00:51:59,830
wouldn't be a huge group wouldn't be a

1127
00:52:04,650 --> 00:52:02,110
huge cadre and it would be group of

1128
00:52:05,430 --> 00:52:04,660
absolutely trusted individuals who trust

1129
00:52:08,280 --> 00:52:05,440
one another

1130
00:52:13,710 --> 00:52:08,290
and who now several generations down

1131
00:52:16,700 --> 00:52:13,720
line can recruit others from the next

1132
00:52:21,150 --> 00:52:16,710
generation on the basis of knowing them

1133
00:52:22,680 --> 00:52:21,160
and it's the way the agency is now now

1134
00:52:23,790 --> 00:52:22,690
people are lined up trying to go to the

1135
00:52:26,280 --> 00:52:23,800
agency's aftermath

1136
00:52:28,230 --> 00:52:26,290
but once upon a time a lot of the

1137
00:52:31,590 --> 00:52:28,240
different agencies had kind of

1138
00:52:34,530 --> 00:52:31,600

proprietary campuses which they oversaw

1139

00:52:37,860 --> 00:52:34,540

as sources of recruitment and in the

1140

00:52:41,520 --> 00:52:37,870

senior year a student might be called in

1141

00:52:43,470 --> 00:52:41,530

to the office of a favored professor who

1142

00:52:45,180 --> 00:52:43,480

suddenly says I have some ideas for you

1143

00:52:48,240 --> 00:52:45,190

about where you might want to go for

1144

00:52:50,640 --> 00:52:48,250

work and one of the signs is that is

1145

00:52:52,230 --> 00:52:50,650

happening campus-wide is when you have a

1146

00:52:54,960 --> 00:52:52,240

lot of very bright people who you never

1147

00:52:57,210 --> 00:52:54,970

hear from again they graduate and they

1148

00:52:59,400 --> 00:52:57,220

go on and and you don't know you can

1149

00:53:02,100 --> 00:52:59,410

look at their finances and very often

1150

00:53:04,470 --> 00:53:02,110

they received an infusion of cash say in

1151

00:53:07,500 --> 00:53:04,480

the 70s when they were kind of reeling

1152

00:53:09,960 --> 00:53:07,510

needed money and the money came in and

1153

00:53:11,520 --> 00:53:09,970

there are other hallmarks you can use to

1154

00:53:13,320 --> 00:53:11,530

kind of identify what those campuses

1155

00:53:15,750 --> 00:53:13,330

were where people could be observed in

1156

00:53:18,420 --> 00:53:15,760

social academic and a variety of

1157

00:53:23,220 --> 00:53:18,430

academic it's not just a narrow narrow

1158

00:53:30,120 --> 00:53:23,230

academic training and then then they go

1159

00:53:32,400 --> 00:53:30,130

on into dark work so we're not going to

1160

00:53:35,010 --> 00:53:32,410

get there we're not going to get to them

1161

00:53:38,340 --> 00:53:35,020

and I've learned over time that when

1162

00:53:40,380 --> 00:53:38,350

people approach me and suggest to me

1163

00:53:41,820 --> 00:53:40,390

that they have some revelation they want

1164

00:53:44,580 --> 00:53:41,830

to give me and they hope I'll share it

1165

00:53:48,960 --> 00:53:44,590

from the platform you know the red flags

1166

00:53:51,240 --> 00:53:48,970

just start flying boy yeah it's kind of

1167

00:53:55,490 --> 00:53:51,250

like there's a number of deathbed

1168

00:53:57,660 --> 00:53:55,500

confessions that are on YouTube that

1169

00:54:02,970 --> 00:53:57,670

almost can kind of think along those

1170

00:54:06,900 --> 00:54:02,980

lines similar yeah it's awful hard to

1171

00:54:09,060 --> 00:54:06,910

know when you're trying to find out more

1172

00:54:14,040 --> 00:54:09,070

about the subject to have a the right

1173

00:54:15,990 --> 00:54:14,050

type of filter and right and what would

1174

00:54:17,640 --> 00:54:16,000

you suggest to like say one of the

1175

00:54:22,230 --> 00:54:17,650

listeners out there that's fascinated by

1176

00:54:24,240 --> 00:54:22,240

the the topic how how would you go about

1177

00:54:25,800 --> 00:54:24,250

that I mean there's so like you said

1178

00:54:29,370 --> 00:54:25,810

there's so much disinformation and

1179

00:54:31,200 --> 00:54:29,380

misinformation and no now the British

1180

00:54:35,760 --> 00:54:31,210

tabloids you know get involved with

1181

00:54:36,870 --> 00:54:35,770

stories and with half-truths and and so

1182

00:54:39,960 --> 00:54:36,880

like a lot of

1183

00:54:46,140 --> 00:54:39,970

stuff out there there's a lot of jumble

1184

00:54:48,870 --> 00:54:46,150

out there that that's right and the

1185

00:54:51,690 --> 00:54:48,880

tabloids I mean let me just start with

1186

00:54:54,089 --> 00:54:51,700

that because the story of the National

1187

00:54:56,130 --> 00:54:54,099

Enquirer is very interesting it's not

1188

00:54:59,579 --> 00:54:56,140

conclusive proof but it's highly

1189

00:55:03,990 --> 00:54:59,589

suggestive the National Enquirer began

1190

00:55:08,430 --> 00:55:04,000

in 1953 and Jean Pope or Generoso his

1191

00:55:11,249 --> 00:55:08,440

Italian name Pope who began it in 1952

1192

00:55:14,279 --> 00:55:11,259

what he was doing was psychological

1193

00:55:15,890 --> 00:55:14,289

operations from the CIA right yeah and

1194

00:55:18,870 --> 00:55:15,900

he left the agency to start the

1195

00:55:21,480 --> 00:55:18,880

newspaper which did not make money for a

1196

00:55:23,609 --> 00:55:21,490

number of years and a lot of hundreds of

1197

00:55:27,059 --> 00:55:23,619

thousands of dollars came to him every

1198

00:55:28,740 --> 00:55:27,069

year to keep it afloat and a lot of it

1199

00:55:32,700 --> 00:55:28,750

transited through Frank Costello the

1200

00:55:34,650 --> 00:55:32,710

head of the Mafia in New York and it's

1201

00:55:36,029 --> 00:55:34,660

interesting because the Enquirer used to

1202

00:55:37,980 --> 00:55:36,039

have a bulletin board up in the front

1203

00:55:40,740 --> 00:55:37,990

hall and they would monitor every week

1204

00:55:42,240 --> 00:55:40,750

what the main front page stories were

1205

00:55:44,400 --> 00:55:42,250

that you saw in the supermarket you know

1206

00:55:46,920 --> 00:55:44,410

we're all familiar with that and what

1207

00:55:50,430 --> 00:55:46,930

the circulation was and so they gathered

1208

00:55:53,759 --> 00:55:50,440

the data over time of which stories sold

1209

00:55:57,509 --> 00:55:53,769

the most papers and it wasn't UFO

1210

00:55:59,789 --> 00:55:57,519

stories it was medical mysteries and

1211

00:56:02,940 --> 00:55:59,799

celebrity scandals and some things like

1212

00:56:07,499 --> 00:56:02,950

that yet the number one story in terms

1213

00:56:09,660 --> 00:56:07,509

of quantity with UFO stories so why why

1214

00:56:12,150 --> 00:56:09,670

did they go with that well you don't

1215

00:56:15,029 --> 00:56:12,160

even have to believe that the hair was

1216

00:56:17,370 --> 00:56:15,039

started at hawk by an agency to know

1217

00:56:19,370 --> 00:56:17,380

that the agencies used all sorts of

1218

00:56:26,450 --> 00:56:19,380

journalists and periodicals good and bad

1219

00:56:30,630 --> 00:56:26,460

to promulgate strategies and and and so

1220

00:56:31,049 --> 00:56:30,640

when you say tabloids that's what comes

1221

00:56:33,660 --> 00:56:31,059

to mind

1222

00:56:38,579 --> 00:56:33,670

now given that knowing that knowing how

1223

00:56:42,120 --> 00:56:38,589

this information does work this is gonna

1224

00:56:44,930 --> 00:56:42,130

sound disingenuous but the best thing

1225

00:56:49,200 --> 00:56:44,940

you can really do is learn how to think

1226

00:56:50,610 --> 00:56:49,210

you have to learn how to think and I

1227

00:56:54,030 --> 00:56:50,620

once interviewed a

1228

00:56:56,490 --> 00:56:54,040

profiler for the CIA and and she said

1229

00:56:58,140 --> 00:56:56,500

what should be normal practice she said

1230

00:56:59,760 --> 00:56:58,150

when you're about to come to a

1231

00:57:00,540 --> 00:56:59,770

conclusion you're about to jump to a

1232

00:57:03,420 --> 00:57:00,550

conclusion

1233

00:57:06,680 --> 00:57:03,430

stop stop yourself and ask Who am I

1234

00:57:10,470 --> 00:57:06,690

didn't think that Who am I to know that

1235

00:57:13,260 --> 00:57:10,480

what what else don't I know what is the

1236

00:57:15,180 --> 00:57:13,270

data that supports what I think and so

1237

00:57:17,280 --> 00:57:15,190

before you leap into a conclusion

1238

00:57:21,750 --> 00:57:17,290

because it's a compelling narrative or

1239

00:57:25,830 --> 00:57:21,760

someone said it remain agnostic remain

1240

00:57:28,170 --> 00:57:25,840

agnostic all the way back up and gather

1241

00:57:30,390 --> 00:57:28,180

the data and if you don't have the data

1242

00:57:32,760 --> 00:57:30,400

and no you don't have it then don't

1243

00:57:36,450 --> 00:57:32,770

don't say anything but don't believe

1244

00:57:39,240 --> 00:57:36,460

anything wait because you don't know and

1245

00:57:42,650 --> 00:57:39,250

a lot of people are unhappy not knowing

1246

00:57:48,150 --> 00:57:42,660

in the face of the unknown especially

1247

00:57:51,840 --> 00:57:48,160

and Nietzsche said very fondly that we

1248

00:57:53,550 --> 00:57:51,850

call truth those explanations which have

1249

00:57:55,350 --> 00:57:53,560

nothing to do with the truth but they do

1250

00:57:59,400 --> 00:57:55,360

have everything to do with comforting us

1251
00:58:01,230 --> 00:57:59,410
and explaining away and squashing the

1252
00:58:02,010 --> 00:58:01,240
cognitive dissonance people feel in the

1253
00:58:04,920 --> 00:58:02,020
face of the unknown

1254
00:58:07,260 --> 00:58:04,930
so the first explanation that makes us

1255
00:58:09,270 --> 00:58:07,270
feel better is the one we say that's

1256
00:58:13,530 --> 00:58:09,280
probably right that's probably true and

1257
00:58:15,150 --> 00:58:13,540
and then people agree on it and pretty

1258
00:58:18,990 --> 00:58:15,160
soon you've got orthodoxy and you've got

1259
00:58:21,120 --> 00:58:19,000
a consensus and everybody knows it and

1260
00:58:22,950 --> 00:58:21,130
and so knowing that that's what human

1261
00:58:25,800 --> 00:58:22,960
beings do you have to take a very

1262
00:58:27,990 --> 00:58:25,810
self-critical attitude toward your own

1263
00:58:31,320 --> 00:58:28,000

knowledge and and way of learning and

1264

00:58:32,670 --> 00:58:31,330

understanding and recognize it is you

1265

00:58:35,850 --> 00:58:32,680

know I try I've been speaking

1266

00:58:38,070 --> 00:58:35,860

professionally for 24 years and I know

1267

00:58:41,100 --> 00:58:38,080

that if I stay with what I know I know

1268

00:58:43,140 --> 00:58:41,110

I'm okay but if I pretend I know

1269

00:58:46,530 --> 00:58:43,150

something I don't know I'm gonna get in

1270

00:58:47,700 --> 00:58:46,540

trouble so if you know you don't know

1271

00:58:50,820 --> 00:58:47,710

something don't go there

1272

00:58:53,510 --> 00:58:50,830

and I mean that mentally as well as from

1273

00:58:55,980 --> 00:58:53,520

a speaking platform don't believe it

1274

00:58:57,330 --> 00:58:55,990

until you have some data that can help

1275

00:58:59,100 --> 00:58:57,340

you understand what it is

1276

00:59:02,250 --> 00:58:59,110

now when you do look at the UFO data

1277

00:59:04,410 --> 00:59:02,260

let's get to the other side

1278

00:59:06,330 --> 00:59:04,420

I know it's in

1279

00:59:10,590 --> 00:59:06,340

possible to talk to the people I've

1280

00:59:14,490 --> 00:59:10,600

talked to over in years and look at the

1281

00:59:17,100 --> 00:59:14,500

instances of encounters without knowing

1282

00:59:19,200 --> 00:59:17,110

it's true now the question is what is

1283

00:59:22,650 --> 00:59:19,210

true well people have encounters with

1284

00:59:25,440 --> 00:59:22,660

anomalous phenomena which is

1285

00:59:27,630 --> 00:59:25,450

intelligently operated and which seems

1286

00:59:30,440 --> 00:59:27,640

to have at least a physical or

1287

00:59:34,530 --> 00:59:30,450

scientific or technological component

1288

00:59:38,250 --> 00:59:34,540

but it also behaves in strange ways that

1289

00:59:41,340 --> 00:59:38,260

baffles us that seems to distort

1290

00:59:44,160 --> 00:59:41,350

space-time when we're in its presence

1291

00:59:47,300 --> 00:59:44,170

and we don't know what that's about

1292

00:59:52,290 --> 00:59:47,310

we really don't we don't we don't get it

1293

00:59:54,660 --> 00:59:52,300

so look at the data gather the data and

1294

00:59:57,600 --> 00:59:54,670

if it's data that doesn't fit in your

1295

01:00:00,180 --> 00:59:57,610

paradigm or model hold it lightly but

1296

01:00:03,930 --> 01:00:00,190

don't throw it away but be very careful

1297

01:00:07,650 --> 01:00:03,940

with what you choose to believe because

1298

01:00:09,390 --> 01:00:07,660

if it's not supported by the data then

1299

01:00:11,880 --> 01:00:09,400

you haven't got a leg to stand then you

1300

01:00:15,090 --> 01:00:11,890

haven't got a reason to believe it and

1301

01:00:19,860 --> 01:00:15,100

just because it's on 50 websites instead

1302

01:00:24,990 --> 01:00:19,870

of one is no reason to believe it

1303

01:00:28,710 --> 01:00:25,000

because websites copy one another you

1304

01:00:31,920 --> 01:00:28,720

know you know I mean I was all yeah yeah

1305

01:00:34,200 --> 01:00:31,930

so think about thinking that's that's

1306

01:00:37,620 --> 01:00:34,210

really the the advice now think about

1307

01:00:40,350 --> 01:00:37,630

how you think yeah now back when you

1308

01:00:43,440 --> 01:00:40,360

said you know the people will develop

1309

01:00:46,200 --> 01:00:43,450

something on the idea that it makes them

1310

01:00:48,390 --> 01:00:46,210

feel good that kind of reminds me of how

1311

01:00:50,490 --> 01:00:48,400

a lot of our religions must have

1312

01:00:53,940 --> 01:00:50,500

developed I don't know how you're gonna

1313

01:00:58,050 --> 01:00:53,950

take that with your background but you

1314

01:01:03,000 --> 01:00:58,060

know beliefs yeah yeah the belief system

1315

01:01:08,040 --> 01:01:03,010

yeah yeah that is correct that is

1316

01:01:11,490 --> 01:01:08,050

absolutely correct well my background is

1317

01:01:13,740 --> 01:01:11,500

one thing but but people assume that I

1318

01:01:15,570 --> 01:01:13,750

have maybe because I said I was in the

1319

01:01:18,060 --> 01:01:15,580

ministry that I have a credulous

1320

01:01:19,520 --> 01:01:18,070

approach to those things and I don't

1321

01:01:21,120 --> 01:01:19,530

I taught English literature and

1322

01:01:32,970 --> 01:01:21,130

University of Illinois I think I

1323

01:01:35,010 --> 01:01:32,980

mentioned that and and I I'm sorry just

1324

01:01:40,380 --> 01:01:35,020

my computer is playing games so they

1325

01:01:43,260 --> 01:01:40,390

just locked me out of my own website I'm

1326

01:01:45,990 --> 01:01:43,270

gonna just shut that down and go go back

1327

01:01:48,210 --> 01:01:46,000

yeah to where we were what was the

1328

01:01:50,250 --> 01:01:48,220

question but I'm sorry again you know I

1329

01:01:53,760 --> 01:01:50,260

just basically said that you know a lot

1330

01:01:56,250 --> 01:01:53,770

of the reality is created by religion

1331

01:01:56,880 --> 01:01:56,260

kind of oh yeah yeah same line of what

1332

01:01:59,070 --> 01:01:56,890

you're talking about

1333

01:02:01,170 --> 01:01:59,080

yeah yeah so so by studying literature

1334

01:02:04,500 --> 01:02:01,180

but when I approach the study of

1335

01:02:06,600 --> 01:02:04,510

scriptures for example you brought all

1336

01:02:10,410 --> 01:02:06,610

that understanding of how to approach a

1337

01:02:13,800 --> 01:02:10,420

text a narrative with you you did

1338

01:02:15,810 --> 01:02:13,810

critical thinking about the text so take

1339

01:02:18,210 --> 01:02:15,820

something in the Bible you find

1340

01:02:20,400 --> 01:02:18,220

something it was woefully contradictory

1341

01:02:23,070 --> 01:02:20,410

or two accounts of the same thing that

1342

01:02:24,630 --> 01:02:23,080

were different instead of just

1343

01:02:28,680 --> 01:02:24,640

explaining everything away in some

1344

01:02:32,010 --> 01:02:28,690

fatuous way you took a closer look at

1345

01:02:34,080 --> 01:02:32,020

how did this come to be and for example

1346

01:02:37,110 --> 01:02:34,090

you might discover there were different

1347

01:02:39,360 --> 01:02:37,120

communities using material to tell the

1348

01:02:40,980 --> 01:02:39,370

same kind of story in different ways and

1349

01:02:43,830 --> 01:02:40,990

you can tell an awful lot about the

1350

01:02:46,470 --> 01:02:43,840

community by how it told the story hmm

1351

01:02:49,200 --> 01:02:46,480

you can tell the Matthew for example it

1352

01:02:50,610 --> 01:02:49,210

was addressing Jewish communities and

1353

01:02:54,420 --> 01:02:50,620

the Apostle Paul was going to Gentile

1354

01:02:56,220 --> 01:02:54,430

communities the arguments they chose it

1355

01:02:59,190 --> 01:02:56,230

doesn't mean the arguments are literally

1356

01:03:01,770 --> 01:02:59,200

always true it means this is what they

1357

01:03:05,550 --> 01:03:01,780

needed to say to make the case in a

1358

01:03:07,920 --> 01:03:05,560

particular context and so there was no

1359

01:03:11,610 --> 01:03:07,930

difference in in how you learned to

1360

01:03:13,200 --> 01:03:11,620

approach religious texts then what I'm

1361

01:03:16,860 --> 01:03:13,210

talking about was approaching narratives

1362

01:03:19,950 --> 01:03:16,870

about UFOs you you brought a hermeneutic

1363

01:03:22,680 --> 01:03:19,960

of suspicions to the text and you did

1364

01:03:25,140 --> 01:03:22,690

the analysis using all the critical

1365

01:03:28,860 --> 01:03:25,150

acumen you had literary tools literary

1366

01:03:30,510 --> 01:03:28,870

textual analysis redaction criticism to

1367

01:03:31,589 --> 01:03:30,520

look at how the narrative was

1368

01:03:36,259 --> 01:03:31,599

transferred

1369

01:03:38,370 --> 01:03:36,269

next and how it changed along the way I

1370

01:03:40,529 --> 01:03:38,380

mean some of these things there are

1371

01:03:42,749 --> 01:03:40,539

obvious you know I mean we used to save

1372

01:03:44,099 --> 01:03:42,759

the Lord's Prayer and say at the end for

1373

01:03:45,930 --> 01:03:44,109

thine is the kingdom and the power and

1374

01:03:48,689 --> 01:03:45,940

the glory forever and ever amen sounds

1375

01:03:52,799 --> 01:03:48,699

great but it was discovered that a monk

1376

01:03:54,539 --> 01:03:52,809

in transcribing that text had gotten

1377

01:03:58,199 --> 01:03:54,549

very very excited by the Lord's Prayer

1378

01:03:59,999 --> 01:03:58,209

and wrote in the margin his own response

1379

01:04:01,319 --> 01:04:00,009

to it which was for thine is the kingdom

1380

01:04:03,120 --> 01:04:01,329

and the power and the glory for ever and

1381

01:04:04,709 --> 01:04:03,130

ever amen and then the next month

1382

01:04:06,719 --> 01:04:04,719

because there was no copyright or

1383

01:04:08,189 --> 01:04:06,729

boundary around the text next one

1384

01:04:10,109 --> 01:04:08,199

thought oh he left it out and he put it

1385

01:04:13,469 --> 01:04:10,119

in the margin so they included it and

1386

01:04:15,209 --> 01:04:13,479

then for many centuries people said well

1387

01:04:17,459 --> 01:04:15,219

these are the words of Jesus and and

1388

01:04:19,109 --> 01:04:17,469

then you go back to the text and see

1389

01:04:21,569 --> 01:04:19,119

where that happened and when it happened

1390

01:04:23,069 --> 01:04:21,579

and how it happened and you say well

1391

01:04:24,269 --> 01:04:23,079

these aren't the words of Jesus these

1392

01:04:26,339 --> 01:04:24,279

are the words of somebody else who are

1393

01:04:30,269 --> 01:04:26,349

put in the margin that's just a trivial

1394

01:04:32,219 --> 01:04:30,279

example of what it asks of us and it's

1395

01:04:34,259 --> 01:04:32,229

much easier to say I believe everything

1396

01:04:38,130 --> 01:04:34,269

I believe everything and I that settles

1397

01:04:44,999 --> 01:04:38,140

it but that's not religion that's that's

1398

01:04:48,809 --> 01:04:45,009

that's credulous embrace of as you say a

1399

01:04:52,069 --> 01:04:48,819

narrative to make you feel more

1400

01:04:54,509 --> 01:04:52,079

comfortable with the anxiety-producing

1401

01:04:56,969 --> 01:04:54,519

existential realities of our lives yeah

1402

01:04:57,329 --> 01:04:56,979

that we're all going to die yeah it's

1403

01:05:00,150 --> 01:04:57,339

perfect

1404

01:05:04,859 --> 01:05:00,160

yeah yeah there's a question that came

1405

01:05:07,140 --> 01:05:04,869

in on our forum from Kerry and I here it

1406

01:05:09,089 --> 01:05:07,150

is as President Eisenhower was leaving

1407

01:05:10,799 --> 01:05:09,099

office he warned about the rising power

1408

01:05:13,769 --> 01:05:10,809

of the military military-industrial

1409

01:05:16,529 --> 01:05:13,779

complex and the threat against democracy

1410

01:05:19,650 --> 01:05:16,539

do you think this is a reality in

1411

01:05:23,099 --> 01:05:19,660

present time and if to do so there are

1412

01:05:28,279 --> 01:05:23,109

secrets known to an elite group on the

1413

01:05:29,999 --> 01:05:28,289

UFO subject that's kept from knowledge

1414

01:05:32,309 --> 01:05:30,009

there's two different things

1415

01:05:35,640 --> 01:05:32,319

I mean Eisenhower had a close-up view of

1416

01:05:39,359 --> 01:05:35,650

what in the 50s was created the national

1417

01:05:42,029 --> 01:05:39,369

security state was part of it and and

1418

01:05:43,620 --> 01:05:42,039

and he was right he was describing the

1419

01:05:46,390 --> 01:05:43,630

military-industrial complex he was

1420

01:05:48,790 --> 01:05:46,400

describing a new social economic

1421

01:05:51,790 --> 01:05:48,800

political reality which had come into

1422

01:05:55,810 --> 01:05:51,800

being under his tutelage and he foresaw

1423

01:05:58,720 --> 01:05:55,820

that it could have some some trouble he

1424

01:06:01,630 --> 01:05:58,730

was right now yeah he was right yeah I

1425

01:06:06,070 --> 01:06:01,640

mean that's what we live with now mm-hmm

1426

01:06:10,330 --> 01:06:06,080

but to go from that to is is there a

1427

01:06:12,460 --> 01:06:10,340

group managing UFOs there would have to

1428

01:06:15,010 --> 01:06:12,470

be is what you would say how would you

1429

01:06:17,490 --> 01:06:15,020

do it if you had any authority or

1430

01:06:21,550 --> 01:06:17,500

responsibility for responding to this

1431

01:06:25,030 --> 01:06:21,560

this arcane exotic technology what would

1432

01:06:28,810 --> 01:06:25,040

you do you would handpick the very best

1433

01:06:32,170 --> 01:06:28,820

people and identify the means by which

1434

01:06:34,600 --> 01:06:32,180

research reverse engineering is possible

1435

01:06:37,930 --> 01:06:34,610

inference from the technological display

1436

01:06:40,300 --> 01:06:37,940

like for example of the plasmas that are

1437

01:06:43,270 --> 01:06:40,310

often seen changing colors around the

1438

01:06:44,860 --> 01:06:43,280

vehicles and ionizing the I believe

1439

01:06:46,690 --> 01:06:44,870

nitrogen in the atmosphere around it

1440

01:06:50,080 --> 01:06:46,700

which accounts for why they changed

1441

01:06:52,660 --> 01:06:50,090

colors as the power train intensifies as

1442

01:06:54,520 --> 01:06:52,670

it accelerates this has been described

1443

01:06:58,450 --> 01:06:54,530

many times in the physics of it has has

1444

01:07:01,750 --> 01:06:58,460

been done you would start with what can

1445

01:07:05,140 --> 01:07:01,760

we infer according to our physics now on

1446

01:07:08,800 --> 01:07:05,150

the basis of what we see and then what

1447

01:07:10,780 --> 01:07:08,810

effects do they manifest and how can we

1448

01:07:15,280 --> 01:07:10,790

do the research that will lead us in

1449

01:07:18,400 --> 01:07:15,290

those same directions say to fiber

1450

01:07:20,650 --> 01:07:18,410

optics our computer chips if those were

1451

01:07:23,590 --> 01:07:20,660

if those were examples I don't know that

1452

01:07:26,020 --> 01:07:23,600

they were and and then you would do the

1453

01:07:27,370 --> 01:07:26,030

research in a classified way that is

1454

01:07:31,540 --> 01:07:27,380

people who worked on it would not

1455

01:07:33,490 --> 01:07:31,550

necessarily know the intent of the

1456

01:07:35,800 --> 01:07:33,500

research they wouldn't necessarily know

1457

01:07:38,260 --> 01:07:35,810

the source of the materials with which

1458

01:07:40,600 --> 01:07:38,270

they worked they would be given a cover

1459

01:07:43,540 --> 01:07:40,610

story and only those was a need-to-know

1460

01:07:46,660 --> 01:07:43,550

would know and those would be really

1461

01:07:50,520 --> 01:07:46,670

above top secret that's how I'd do it

1462

01:07:53,760 --> 01:07:50,530

and I would do it off the books I would

1463

01:07:58,120 --> 01:07:53,770

make sure the funding came in from

1464

01:07:59,140 --> 01:07:58,130

unrecognizable sources to sustain the

1465

01:08:01,779 --> 01:07:59,150

effort

1466

01:08:04,450 --> 01:08:01,789

and it's quite possible that such an

1467

01:08:09,069 --> 01:08:04,460

effort would overtime take on an

1468

01:08:10,870 --> 01:08:09,079

identity of its own right people often

1469

01:08:12,579 --> 01:08:10,880

say what the is the president briefed on

1470

01:08:16,450 --> 01:08:12,589

this every time they come into office

1471

01:08:20,890 --> 01:08:16,460

can you imagine Trump Bush Obama all

1472

01:08:23,709 --> 01:08:20,900

being told you know Trump would rush to

1473

01:08:26,109 --> 01:08:23,719

you know Twitter and he said they're

1474

01:08:28,359 --> 01:08:26,119

real they're real they told me it's real

1475

01:08:31,510 --> 01:08:28,369

UFOs are real Wow

1476

01:08:34,899 --> 01:08:31,520

you know we'd get that you know 3:00 in

1477

01:08:38,530 --> 01:08:34,909

the morning so I think if there is such

1478

01:08:40,990 --> 01:08:38,540

a group organized around the responsible

1479

01:08:43,629 --> 01:08:41,000

management of a response to the

1480

01:08:46,390 --> 01:08:43,639

phenomena it would not necessarily

1481

01:08:48,700 --> 01:08:46,400

include any elected official of

1482

01:08:52,209 --> 01:08:48,710

necessity it would include those who

1483

01:08:54,339 --> 01:08:52,219

needed to know on behalf of the project

1484

01:08:57,609 --> 01:08:54,349

and the project could develop a you know

1485

01:09:00,959 --> 01:08:57,619

a life of its own over time depending on

1486

01:09:05,620 --> 01:09:00,969

the motivations of the people involved

1487

01:09:10,720 --> 01:09:05,630

right Wow you know I had I had Chris

1488

01:09:13,359 --> 01:09:10,730

melon on who was had you know he was

1489

01:09:19,379 --> 01:09:13,369

involved in the DoD and he basically

1490

01:09:22,959 --> 01:09:19,389

said that the if the president requested

1491

01:09:24,700 --> 01:09:22,969

to know information about UFOs that they

1492

01:09:26,229 --> 01:09:24,710

would if they knew something they'd have

1493

01:09:29,800 --> 01:09:26,239

to tell him but again you're talking

1494

01:09:31,589 --> 01:09:29,810

about something off the books need to

1495

01:09:34,720 --> 01:09:31,599

know it'd be a total different situation

1496

01:09:36,669 --> 01:09:34,730

well and and who would he ask

1497

01:09:40,149 --> 01:09:36,679

so say he asked somebody who doesn't

1498

01:09:44,079 --> 01:09:40,159

know or isn't isn't part of the the

1499

01:09:47,829 --> 01:09:44,089

management group he could very well be

1500

01:09:49,419 --> 01:09:47,839

told in good conscience there's nothing

1501

01:09:52,539 --> 01:09:49,429

to it I don't know anything about it I

1502

01:09:54,490 --> 01:09:52,549

don't have any data about that and the

1503

01:09:56,229 --> 01:09:54,500

person telling him that would would tell

1504

01:09:58,300 --> 01:09:56,239

them the truth I mean don't forget when

1505

01:09:59,859 --> 01:09:58,310

people work you know people say oh you

1506

01:10:02,620 --> 01:09:59,869

know about the intelligence community no

1507

01:10:05,859 --> 01:10:02,630

I I kind of have some hints over the

1508

01:10:08,320 --> 01:10:05,869

years of how how it operates but no I'm

1509

01:10:10,270 --> 01:10:08,330

I don't have privileged information and

1510

01:10:12,160 --> 01:10:10,280

the people I have talked to have

1511

01:10:13,820 --> 01:10:12,170

sometimes told me that projects on which

1512

01:10:16,340 --> 01:10:13,830

they were

1513

01:10:18,410 --> 01:10:16,350

the ultimate reason for the project was

1514

01:10:21,470 --> 01:10:18,420

not revealed and until many years later

1515

01:10:22,729 --> 01:10:21,480

when it was Declassified that even all

1516

01:10:25,430 --> 01:10:22,739

the people working on the project

1517

01:10:27,770 --> 01:10:25,440

understood it in one way they were given

1518

01:10:29,450 --> 01:10:27,780

a meaningful cover story like the

1519

01:10:31,640 --> 01:10:29,460

recovery of the Soviet sub when it went

1520

01:10:33,530 --> 01:10:31,650

down the Pacific the cover story was

1521

01:10:36,380 --> 01:10:33,540

researching for manganese nodules in the

1522

01:10:38,660 --> 01:10:36,390

Pacific and created proprietaries to

1523

01:10:40,880 --> 01:10:38,670

bring it up well we were looking for

1524

01:10:45,080 --> 01:10:40,890

manganese nodules so if that's all

1525

01:10:46,640 --> 01:10:45,090

someone knew that was true but it was

1526

01:10:49,700 --> 01:10:46,650

also true that it wasn't the whole story

1527

01:10:52,640 --> 01:10:49,710

and you can't tell the whole story if

1528

01:10:54,350 --> 01:10:52,650

you don't know the whole story right so

1529

01:10:56,990 --> 01:10:54,360

it's gonna be protected as much as

1530

01:10:58,550 --> 01:10:57,000

possible and and where is the phenomena

1531

01:11:04,070 --> 01:10:58,560

hiding you know I mean it's in plain

1532

01:11:07,430 --> 01:11:04,080

sight I'm a guy you know who just wants

1533

01:11:12,410 --> 01:11:07,440

to know stuff and and I know something

1534

01:11:13,850 --> 01:11:12,420

about it it's it's in plain sight people

1535

01:11:16,220 --> 01:11:13,860

ask me what is the response to your

1536

01:11:18,939 --> 01:11:16,230

magnificent book and I stand there

1537

01:11:21,650 --> 01:11:18,949

saying nothing until they get to joke

1538

01:11:24,140 --> 01:11:21,660

it's response to silence that if you're

1539

01:11:26,870 --> 01:11:24,150

not going to respond to an event it's

1540

01:11:28,670 --> 01:11:26,880

threatening like a true book on the

1541

01:11:31,729 --> 01:11:28,680

subject and how the cover responded to

1542

01:11:34,400 --> 01:11:31,739

it just say nothing and distract people

1543

01:11:37,070 --> 01:11:34,410

illusion misdirection distraction and

1544

01:11:41,060 --> 01:11:37,080

ridicule are the hallmarks of covering

1545

01:11:45,590 --> 01:11:41,070

deception operations and do those do

1546

01:11:48,560 --> 01:11:45,600

those well and nobody is going to know

1547

01:11:50,090 --> 01:11:48,570

what you know even when you stand in the

1548

01:11:51,470 --> 01:11:50,100

middle of the marketplace and scream at

1549

01:11:53,720 --> 01:11:51,480

the top of your lungs in fact the more

1550

01:11:57,830 --> 01:11:53,730

you scream it the more people will think

1551

01:12:00,439 --> 01:11:57,840

that you do crazy the interesting to

1552

01:12:03,280 --> 01:12:00,449

know how many people have read your book

1553

01:12:08,630 --> 01:12:03,290

know that know something about the topic

1554

01:12:13,189 --> 01:12:08,640

well I know yeah I know some some have

1555

01:12:15,740 --> 01:12:13,199

read it I have Chris Mellon actually

1556

01:12:19,959 --> 01:12:15,750

just bought copies of my short stories

1557

01:12:23,060 --> 01:12:19,969

mind games for himself and his son

1558

01:12:26,479 --> 01:12:23,070

because the very first story is called

1559

01:12:31,190 --> 01:12:26,489

zero day Roswell and it discusses

1560

01:12:34,720 --> 01:12:31,200

people would manage an event like that's

1561

01:12:38,270 --> 01:12:34,730

told by fiction and it's told by

1562

01:12:40,940 --> 01:12:38,280

intelligent Asian on his deathbed and

1563

01:12:43,370 --> 01:12:40,950

Chris thought that was pretty good now I

1564

01:12:47,660 --> 01:12:43,380

don't know what he did if you look at

1565

01:12:52,180 --> 01:12:47,670

his resume on LinkedIn you see there's a

1566

01:12:55,250 --> 01:12:52,190

big gap right about 12 years hmm Wow

1567

01:12:59,150 --> 01:12:55,260

yeah I mean it's right there for all to

1568

01:13:03,110 --> 01:12:59,160

see now someone could say well if he was

1569

01:13:05,180 --> 01:13:03,120

doing something deep black there would

1570

01:13:09,530 --> 01:13:05,190

be a cover story that you couldn't

1571

01:13:11,360 --> 01:13:09,540

penetrate what is the gap he's worked at

1572

01:13:13,959 --> 01:13:11,370

intelligence before and after that

1573

01:13:16,220 --> 01:13:13,969

12-year period I think it's 12 years

1574

01:13:17,990 --> 01:13:16,230

he's worked on intelligence committees

1575

01:13:20,030 --> 01:13:18,000

and now he is

1576

01:13:25,209 --> 01:13:20,040

I believe chairing the board that Tom

1577

01:13:28,250 --> 01:13:25,219

DeLonge has established for his

1578

01:13:32,390 --> 01:13:28,260

entertainment and educational enterprise

1579

01:13:33,830 --> 01:13:32,400

called to the stars and some of the

1580

01:13:38,570 --> 01:13:33,840

people whose names are on the board

1581

01:13:40,700 --> 01:13:38,580

sound pretty credible but well you know

1582

01:13:43,729 --> 01:13:40,710

you me I've listened to the list of the

1583

01:13:45,080 --> 01:13:43,739

long interviews with Chris and I'm left

1584

01:13:48,229 --> 01:13:45,090

saying this is interesting does he

1585

01:13:49,520 --> 01:13:48,239

really not know any more than what he

1586

01:13:52,670 --> 01:13:49,530

knows I mean I was talking to somebody

1587

01:13:54,680 --> 01:13:52,680

who knew curse Corso for example who

1588

01:13:58,250 --> 01:13:54,690

wrote the day after Roswell yeah and he

1589

01:14:02,000 --> 01:13:58,260

knew him pretty well and my friend was

1590

01:14:04,190 --> 01:14:02,010

very credible and he said he asked Corso

1591

01:14:06,560 --> 01:14:04,200

where they might find documents about

1592

01:14:09,350 --> 01:14:06,570

this because we were discussing somebody

1593

01:14:11,780 --> 01:14:09,360

in the Navy who was likely the person

1594

01:14:13,640 --> 01:14:11,790

who would have done what Corso said he

1595

01:14:16,190 --> 01:14:13,650

did in the army

1596

01:14:19,310 --> 01:14:16,200

that is managed the distribution of

1597

01:14:21,800 --> 01:14:19,320

materials to do research on that have

1598

01:14:24,140 --> 01:14:21,810

been covered from the crash it is it

1599

01:14:28,760 --> 01:14:24,150

such took place and he said he asked or

1600

01:14:31,880 --> 01:14:28,770

so of course who said there is no there

1601
01:14:35,900 --> 01:14:31,890
are no documents the conversations

1602
01:14:36,970 --> 01:14:35,910
happen in out-of-the-way places they are

1603
01:14:39,800 --> 01:14:36,980
not recorded

1604
01:14:40,129 --> 01:14:39,810
I've had people on black projects tell

1605
01:14:42,229 --> 01:14:40,139
me

1606
01:14:45,770 --> 01:14:42,239
convened from different parts of the

1607
01:14:47,629 --> 01:14:45,780
country went into an elevator and went

1608
01:14:49,069 --> 01:14:47,639
down down down down down and found

1609
01:14:52,129 --> 01:14:49,079
themselves a beautiful conference room

1610
01:14:53,989 --> 01:14:52,139
and had the discussion in the bowels of

1611
01:14:55,549 --> 01:14:53,999
the earth about the project on which

1612
01:14:59,259 --> 01:14:55,559
they were working came back up and they

1613
01:15:01,580 --> 01:14:59,269

scattered to the winds again and nobody

1614

01:15:06,009 --> 01:15:01,590

talked about it with anybody else and

1615

01:15:09,139 --> 01:15:06,019

there are no minutes in some archives

1616

01:15:10,669 --> 01:15:09,149

there's nothing to recover of course I

1617

01:15:12,949 --> 01:15:10,679

said that's the way it was when he

1618

01:15:14,479 --> 01:15:12,959

worked on that project how did he or

1619

01:15:17,239 --> 01:15:14,489

didn't he was the counterintelligence

1620

01:15:18,919 --> 01:15:17,249

agents just reading a story in the book

1621

01:15:21,589 --> 01:15:18,929

is flawed because there's no footnotes

1622

01:15:23,629 --> 01:15:21,599

there's no pointers to anything anybody

1623

01:15:25,699 --> 01:15:23,639

can find you know assist in telling a

1624

01:15:29,029 --> 01:15:25,709

story right and there's there's a

1625

01:15:31,729 --> 01:15:29,039

controversy about that that's right and

1626
01:15:33,649 --> 01:15:31,739
that appropriately so but you can waste

1627
01:15:35,719 --> 01:15:33,659
a lot of time spinning your wheels on

1628
01:15:38,569 --> 01:15:35,729
that one because there's no other data

1629
01:15:41,120 --> 01:15:38,579
that will make your evaluation of a tilt

1630
01:15:43,699 --> 01:15:41,130
one way or the other now when you were

1631
01:15:45,919 --> 01:15:43,709
doing your research go ahead pardon me

1632
01:15:48,620 --> 01:15:45,929
when you're doing the research for your

1633
01:15:51,379 --> 01:15:48,630
book how much of it was involved in

1634
01:15:55,549 --> 01:15:51,389
getting you know freed of Freedom of

1635
01:15:59,209 --> 01:15:55,559
Information Act you know retrievals of

1636
01:16:00,919 --> 01:15:59,219
the documents well you know you really

1637
01:16:02,359 --> 01:16:00,929
need you really need to talk to Barry

1638
01:16:06,889 --> 01:16:02,369

Greenwood about that and you probably

1639

01:16:10,219 --> 01:16:06,899

should Barry wrote with Fossett clear

1640

01:16:12,919 --> 01:16:10,229

intent and this is one of the things we

1641

01:16:15,589 --> 01:16:12,929

do document in the book that after a

1642

01:16:20,029 --> 01:16:15,599

blue book closed down and the government

1643

01:16:21,699 --> 01:16:20,039

had no interest anymore in UFOs

1644

01:16:25,549 --> 01:16:21,709

nevertheless there were these

1645

01:16:28,370 --> 01:16:25,559

fascinating incursions right over the

1646

01:16:33,169 --> 01:16:28,380

northern tier of bases whether it is

1647

01:16:35,779 --> 01:16:33,179

Minot or Malmstrom or peas or or in

1648

01:16:39,500 --> 01:16:35,789

Canada on both sides of the line there

1649

01:16:42,409 --> 01:16:39,510

were a series of events that were rather

1650

01:16:45,469 --> 01:16:42,419

striking and using Freedom of

1651

01:16:48,439 --> 01:16:45,479

Information and other means very managed

1652

01:16:50,929 --> 01:16:48,449

to document that the vehicles in

1653

01:16:53,179 --> 01:16:50,939

question demonstrated quote a clear

1654

01:16:54,110 --> 01:16:53,189

intent unquote hence the title of the

1655

01:16:56,720 --> 01:16:54,120

book

1656

01:17:00,020 --> 01:16:56,730

Oya was very very important in the early

1657

01:17:03,380 --> 01:17:00,030

days when it really worked in other

1658

01:17:06,970 --> 01:17:03,390

words when it was established people

1659

01:17:10,370 --> 01:17:06,980

responded to it but once Reagan came in

1660

01:17:14,180 --> 01:17:10,380

1980 he did what he could to make it

1661

01:17:16,040 --> 01:17:14,190

ineffective really and yeah yeah and

1662

01:17:17,420 --> 01:17:16,050

you're not going to get you can do you

1663

01:17:20,270 --> 01:17:17,430

can do it there's certain areas where it

1664

01:17:22,100 --> 01:17:20,280

can be useful but in this area you're

1665

01:17:24,950 --> 01:17:22,110

not gonna get much and and of course

1666

01:17:26,780 --> 01:17:24,960

I've had people tell me that when we

1667

01:17:28,700 --> 01:17:26,790

don't want something retrieved through

1668

01:17:32,590 --> 01:17:28,710

FOIA we cross-referenced the filing

1669

01:17:36,890 --> 01:17:32,600

system so that it's in a file marked

1670

01:17:39,050 --> 01:17:36,900

avocados and pears and it's really about

1671

01:17:41,090 --> 01:17:39,060

UFOs you're not going to say I'm

1672

01:17:42,740 --> 01:17:41,100

searching for UFOs and so we have you'll

1673

01:17:45,410 --> 01:17:42,750

get a letter back saying we have nothing

1674

01:17:48,380 --> 01:17:45,420

to that effect thank you for asking or

1675

01:17:50,420 --> 01:17:48,390

we'll say yes we found 10,000 pages and

1676

01:17:53,480 --> 01:17:50,430

we will be glad to duplicate them at a

1677

01:17:56,900 --> 01:17:53,490

cost of X number of cents per page and

1678

01:18:00,380 --> 01:17:56,910

right and and then deliver a treasure

1679

01:18:03,590 --> 01:18:00,390

trove of most mostly worthless paper to

1680

01:18:05,620 --> 01:18:03,600

you cause up the money so it's not as

1681

01:18:08,630 --> 01:18:05,630

effective than it used to be but it was

1682

01:18:11,420 --> 01:18:08,640

in the earlier days very very important

1683

01:18:15,580 --> 01:18:11,430

I know John Greenwald has it down to a

1684

01:18:18,410 --> 01:18:15,590

science how to inquire properly yeah

1685

01:18:23,150 --> 01:18:18,420

yeah yeah and you do you have to make it

1686

01:18:25,610 --> 01:18:23,160

a specialization right to know how to

1687

01:18:28,370 --> 01:18:25,620

get the information and then that's why

1688

01:18:29,900 --> 01:18:28,380

the team approach was was so important I

1689

01:18:32,540 --> 01:18:29,910

mean there are some names that aren't on

1690

01:18:33,920 --> 01:18:32,550

the cover of the book we have nine names

1691

01:18:36,560 --> 01:18:33,930

on the cover and there are a couple more

1692

01:18:40,130 --> 01:18:36,570

people who didn't want their names on it

1693

01:18:44,000 --> 01:18:40,140

for different good reasons Wow but it

1694

01:18:45,290 --> 01:18:44,010

was a team we met that weekend decided

1695

01:18:46,930 --> 01:18:45,300

what was going to be done and we didn't

1696

01:18:49,640 --> 01:18:46,940

meet again until the book was complete

1697

01:18:52,550 --> 01:18:49,650

for five years everything was done over

1698

01:18:54,380 --> 01:18:52,560

the Internet no chapters were written

1699

01:18:57,280 --> 01:18:54,390

chapters were disseminated materials

1700

01:19:01,250 --> 01:18:57,290

were discussed editing took place and

1701

01:19:03,710 --> 01:19:01,260

then it was put together it was I'm so

1702

01:19:05,180 --> 01:19:03,720

proud of that book really well that's

1703

01:19:07,669 --> 01:19:05,190

great I mean just to hear that it's in

1704

01:19:11,270 --> 01:19:07,679

so many universities is quite a me

1705

01:19:14,479 --> 01:19:11,280

think early on question came up in the

1706

01:19:17,509 --> 01:19:14,489

chat room and that was what do you think

1707

01:19:18,830 --> 01:19:17,519

the in all your research that you've

1708

01:19:23,629 --> 01:19:18,840

done what do you think is the most

1709

01:19:26,719 --> 01:19:23,639

interesting or you know amazing case I

1710

01:19:31,429 --> 01:19:26,729

guess I'll say it that way involved in

1711

01:19:34,580 --> 01:19:31,439

you know in the UFO topic what what are

1712

01:19:35,989 --> 01:19:34,590

the most important cases yeah just the

1713

01:19:39,319 --> 01:19:35,999

person wanted to know what you thought

1714

01:19:44,239 --> 01:19:39,329

was the most you know important case

1715

01:19:46,969 --> 01:19:44,249

that you have in the book well you know

1716

01:19:50,000 --> 01:19:46,979

I don't know if I'd choose the most

1717

01:19:52,279 --> 01:19:50,010

important case there you know there's

1718

01:19:55,850 --> 01:19:52,289

there's so many critical pieces that

1719

01:19:58,429 --> 01:19:55,860

that go to make up the mosaic of the

1720

01:20:01,489 --> 01:19:58,439

narrative but I would say that one of

1721

01:20:05,089 --> 01:20:01,499

the most important incidents was the

1722

01:20:06,830 --> 01:20:05,099

1952 overflight of Washington DC in July

1723

01:20:11,029 --> 01:20:06,840

mm-hmm

1724

01:20:13,969 --> 01:20:11,039

because you probably know so many UFOs

1725

01:20:16,279 --> 01:20:13,979

were were seen they were seen from the

1726

01:20:17,750 --> 01:20:16,289

ground they were seen by pilots who were

1727

01:20:21,049 --> 01:20:17,760

scrambled from I believe it was three

1728

01:20:22,370 --> 01:20:21,059

Air Force bases they were seen on radar

1729

01:20:24,830 --> 01:20:22,380

mm-hmm

1730

01:20:27,620 --> 01:20:24,840

we have a facsimile of the radar screen

1731

01:20:29,719 --> 01:20:27,630

showing one of the Jets in pursuit being

1732

01:20:31,219 --> 01:20:29,729

surrounded by UFOs what scared the hell

1733

01:20:33,169 --> 01:20:31,229

out of him Wow

1734

01:20:35,479 --> 01:20:33,179

because he was theoretically in pursuit

1735

01:20:39,199 --> 01:20:35,489

and they just stopped fleeing and all

1736

01:20:41,629 --> 01:20:39,209

closed in on him and you know he said

1737

01:20:46,489 --> 01:20:41,639

ineffectual what do I do

1738

01:20:48,080 --> 01:20:46,499

yeah but it was well documented lots of

1739

01:20:49,819 --> 01:20:48,090

people saw it and called the Pentagon

1740

01:20:58,520 --> 01:20:49,829

switchboard to find out what was going

1741

01:21:01,609 --> 01:20:58,530

on and they they shut down the

1742

01:21:04,399 --> 01:21:01,619

switchboard and that was one of the

1743

01:21:06,770 --> 01:21:04,409

effects that led them to blazes this

1744

01:21:08,449 --> 01:21:06,780

thing has to be tamp down it wasn't the

1745

01:21:10,609 --> 01:21:08,459

only reason there was concern about the

1746

01:21:12,049 --> 01:21:10,619

Soviets in the Cold War but you didn't

1747

01:21:13,489 --> 01:21:12,059

want our communications we didn't have

1748

01:21:15,649 --> 01:21:13,499

redundant satellite communications

1749

01:21:18,890 --> 01:21:15,659

interfered with them in that way and it

1750

01:21:21,500 --> 01:21:18,900

was during that incident because so many

1751

01:21:23,180 --> 01:21:21,510

people saw it it was covered and

1752

01:21:25,220 --> 01:21:23,190

when I do a talk on the book I show a

1753

01:21:27,799 --> 01:21:25,230

front page of the Washington Post now

1754

01:21:30,580 --> 01:21:27,809

the relationship of the media to the

1755

01:21:33,290 --> 01:21:30,590

phenomena is very interesting one tres

1756

01:21:36,410 --> 01:21:33,300

because there were hundreds of

1757

01:21:38,839 --> 01:21:36,420

front-page stories I show half a dozen

1758

01:21:40,640 --> 01:21:38,849

of them but Washington Post as a famous

1759

01:21:44,779 --> 01:21:40,650

headline that says saucer eludes jet

1760

01:21:46,759 --> 01:21:44,789

pilot reveals it was nose and it

1761

01:21:50,180 --> 01:21:46,769

remained news for some time and it was

1762

01:21:55,180 --> 01:21:50,190

treated as news because the people

1763

01:21:59,450 --> 01:21:55,190

making the reports were so so credible

1764

01:22:02,270 --> 01:21:59,460

as general Sanford said credible people

1765

01:22:05,299 --> 01:22:02,280

have seen incredible things right and

1766

01:22:07,160 --> 01:22:05,309

and so you watch the morphing of the

1767

01:22:10,189 --> 01:22:07,170

news into the National Enquirer silly

1768

01:22:12,560 --> 01:22:10,199

stories space aliens drain my blood and

1769

01:22:16,459 --> 01:22:12,570

replaced it with a viscous yellow fluid

1770

01:22:18,500 --> 01:22:16,469

was the headline in one and and then

1771

01:22:22,879 --> 01:22:18,510

nobody takes it seriously but for a long

1772

01:22:25,189 --> 01:22:22,889

long time it was simply news and the 52

1773

01:22:28,370 --> 01:22:25,199

incident is one and they had press

1774

01:22:32,149 --> 01:22:28,380

conferences and some of them tried to

1775

01:22:35,180 --> 01:22:32,159

speak honestly to the event but they

1776

01:22:39,080 --> 01:22:35,190

came up with an inversion as the reason

1777

01:22:40,790 --> 01:22:39,090

for all this and overwash and of course

1778

01:22:42,649 --> 01:22:40,800

the weather weather reports didn't

1779

01:22:46,100 --> 01:22:42,659

support the existence of an inversion so

1780

01:22:49,569 --> 01:22:46,110

on and so you watch you watch a big

1781

01:22:52,549 --> 01:22:49,579

switch then where they decided to use

1782

01:22:54,109 --> 01:22:52,559

celebrities like Arthur Godfrey they

1783

01:22:57,290 --> 01:22:54,119

would put credible people like Walter

1784

01:23:00,649 --> 01:22:57,300

Cronkite at the fore of debunking and

1785

01:23:03,080 --> 01:23:00,659

then people would trust them with their

1786

01:23:06,140 --> 01:23:03,090

narratives Cronkite did a famous story

1787

01:23:07,459 --> 01:23:06,150

in UFOs an hour long I think and he

1788

01:23:08,990 --> 01:23:07,469

would show something that looks really

1789

01:23:10,459 --> 01:23:09,000

credible and just when people get into

1790

01:23:12,410 --> 01:23:10,469

it he said but this is what really

1791

01:23:13,640 --> 01:23:12,420

happened so he left people with the

1792

01:23:16,520 --> 01:23:13,650

impression that there wasn't a single

1793

01:23:20,450 --> 01:23:16,530

UFO event that could not be explained

1794

01:23:23,390 --> 01:23:20,460

away in in fact of course there are many

1795

01:23:25,669 --> 01:23:23,400

thousands of UFO events that cannot be

1796

01:23:32,000 --> 01:23:25,679

explained away except as encounters with

1797

01:23:34,850 --> 01:23:32,010

anomalous beings whether remotely or or

1798

01:23:35,390 --> 01:23:34,860

currently present in the craft we don't

1799

01:23:39,080 --> 01:23:35,400

know if it's

1800

01:23:41,390 --> 01:23:39,090

control we don't know if they're evolved

1801
01:23:45,380 --> 01:23:41,400
or self-defined evolution as we are now

1802
01:23:47,090 --> 01:23:45,390
about to do for our own species I don't

1803
01:23:52,450 --> 01:23:47,100
think we know the answers to these but

1804
01:23:55,430 --> 01:23:52,460
intelligence clearly is there and and

1805
01:23:57,830 --> 01:23:55,440
and so when you say what what what is

1806
01:24:01,610 --> 01:23:57,840
the most what was most important is the

1807
01:24:04,820 --> 01:24:01,620
cumulative evidence and data of so many

1808
01:24:06,770 --> 01:24:04,830
people and I have interviewed so many

1809
01:24:09,770 --> 01:24:06,780
people and when I do talks in the book

1810
01:24:12,830 --> 01:24:09,780
almost every time somebody stands up at

1811
01:24:14,750 --> 01:24:12,840
the end of the hour and says I've never

1812
01:24:15,620 --> 01:24:14,760
told anybody this but I've got to tell

1813
01:24:17,870 --> 01:24:15,630

you what happened to me

1814

01:24:19,430 --> 01:24:17,880

mmm and they often preface it by saying

1815

01:24:20,899 --> 01:24:19,440

I don't want you to think I was drinking

1816

01:24:24,260 --> 01:24:20,909

or I don't want you to think I was crazy

1817

01:24:27,860 --> 01:24:24,270

yeah because it's been so effective to

1818

01:24:30,320 --> 01:24:27,870

apply those those labels to people yes

1819

01:24:33,680 --> 01:24:30,330

and people internalize it and yet they

1820

01:24:35,899 --> 01:24:33,690

talk to one another and it's kinda I do

1821

01:24:38,209 --> 01:24:35,909

a talk on trauma in the intelligence

1822

01:24:41,360 --> 01:24:38,219

community and security worlds of what

1823

01:24:43,669 --> 01:24:41,370

doing that work does to someone and it's

1824

01:24:46,220 --> 01:24:43,679

very similar when you talk to people

1825

01:24:49,000 --> 01:24:46,230

who've had UFO encounters because they

1826

01:24:52,040 --> 01:24:49,010

have to keep it secret too often enough

1827

01:24:54,800 --> 01:24:52,050

not because they signed a need-to-know

1828

01:24:57,380 --> 01:24:54,810

agreement but because of ridicule has

1829

01:25:00,080 --> 01:24:57,390

been so effective and the traumatic

1830

01:25:03,200 --> 01:25:00,090

impact on them is the same one of the

1831

01:25:05,090 --> 01:25:03,210

effects is that you become obsessed the

1832

01:25:06,470 --> 01:25:05,100

image of Richard Dreyfuss in Close

1833

01:25:09,649 --> 01:25:06,480

Encounters of the Third Kind building

1834

01:25:12,020 --> 01:25:09,659

his model of Devil's Tower while though

1835

01:25:14,149 --> 01:25:12,030

far-fetched and cartoonish

1836

01:25:16,340 --> 01:25:14,159

I've talked to people who couldn't ever

1837

01:25:17,780 --> 01:25:16,350

put it down and I spent the rest of

1838

01:25:20,930 --> 01:25:17,790

their lives reading everything they can

1839

01:25:22,430 --> 01:25:20,940

get their hands on to try to understand

1840

01:25:26,630 --> 01:25:22,440

what it was that happened to them and in

1841

01:25:29,860 --> 01:25:26,640

that it was like a religious experience

1842

01:25:32,479 --> 01:25:29,870

in some ways in that it caused a

1843

01:25:36,350 --> 01:25:32,489

contextual shift in their understanding

1844

01:25:39,590 --> 01:25:36,360

of everything and not least of which was

1845

01:25:41,360 --> 01:25:39,600

Who am I in relation to this and Who am

1846

01:25:44,180 --> 01:25:41,370

I in relationship to the universe and

1847

01:25:47,419 --> 01:25:44,190

you can't go down that that road without

1848

01:25:49,220 --> 01:25:47,429

a spiritual impact taking place and

1849

01:25:52,720 --> 01:25:49,230

people manage spirits

1850

01:25:56,420 --> 01:25:52,730

impacts by seeking for religious answers

1851
01:25:58,190 --> 01:25:56,430
you don't need an explanation but but

1852
01:25:59,960 --> 01:25:58,200
you go deeper into what is the meaning

1853
01:26:01,970 --> 01:25:59,970
of all this and who are we in

1854
01:26:04,670 --> 01:26:01,980
relationship to the universe and if

1855
01:26:06,670 --> 01:26:04,680
we're not the apple of God's eye and

1856
01:26:09,560 --> 01:26:06,680
we're not the top of the food chain

1857
01:26:12,590 --> 01:26:09,570
what is this universe about and and then

1858
01:26:15,050 --> 01:26:12,600
the ultimate mystery is over the decades

1859
01:26:19,360 --> 01:26:15,060
there seems to have been a progressive

1860
01:26:23,120 --> 01:26:19,370
revelation or display selectively

1861
01:26:26,030 --> 01:26:23,130
strategically to engineer exactly the

1862
01:26:28,580 --> 01:26:26,040
State of Mind which we have now which is

1863
01:26:31,220 --> 01:26:28,590

everybody knows about this now nobody

1864

01:26:34,430 --> 01:26:31,230

would be shocked if someone finally

1865

01:26:35,930 --> 01:26:34,440

owned up and we got not not disclosure

1866

01:26:39,040 --> 01:26:35,940

we don't need disclosure it's all

1867

01:26:43,850 --> 01:26:39,050

disclosed out here but confirmation of

1868

01:26:46,010 --> 01:26:43,860

what we already know so when you go back

1869

01:26:48,800 --> 01:26:46,020

to the fifties forties fifties sixties

1870

01:26:52,400 --> 01:26:48,810

forward and just say well why didn't he

1871

01:26:56,030 --> 01:26:52,410

land on the White House lawn well that's

1872

01:26:58,310 --> 01:26:56,040

not the game obviously how do you know

1873

01:26:59,479 --> 01:26:58,320

that because they didn't nobody landed

1874

01:26:59,780 --> 01:26:59,489

on the White House lawn well what did

1875

01:27:02,390 --> 01:26:59,790

they do

1876
01:27:05,420 --> 01:27:02,400
they appeared to a few groups here and

1877
01:27:07,940 --> 01:27:05,430
there in the night far away in rural

1878
01:27:10,370 --> 01:27:07,950
areas they didn't just buzz and hang

1879
01:27:13,070 --> 01:27:10,380
over cities like Hollywood depicts them

1880
01:27:16,190 --> 01:27:13,080
doing they did it progressively and the

1881
01:27:19,310 --> 01:27:16,200
story spread and images spread and

1882
01:27:23,479 --> 01:27:19,320
videos spread and photographs spread and

1883
01:27:28,160 --> 01:27:23,489
pretty soon over decades the mind of

1884
01:27:31,040 --> 01:27:28,170
society has been altered and Jacques lay

1885
01:27:33,410 --> 01:27:31,050
plunged into that Malstrom by concluding

1886
01:27:35,450 --> 01:27:33,420
it was a control mechanism and was more

1887
01:27:37,700 --> 01:27:35,460
interested in the alteration than in the

1888
01:27:41,000 --> 01:27:37,710

source of the alteration I don't I don't

1889

01:27:44,030 --> 01:27:41,010

go that far but it certainly resulted in

1890

01:27:48,350 --> 01:27:44,040

a transformational experience on behalf

1891

01:27:51,530 --> 01:27:48,360

of all humankind and part of that is the

1892

01:27:53,780 --> 01:27:51,540

knowledge that we're not alone well now

1893

01:27:56,510 --> 01:27:53,790

why do you think science won't take a

1894

01:28:00,440 --> 01:27:56,520

heart most science won't take a hard

1895

01:28:02,430 --> 01:28:00,450

look at the subject well vertical factor

1896

01:28:05,910 --> 01:28:02,440

in the law

1897

01:28:08,760 --> 01:28:05,920

question and group groupthink and just

1898

01:28:10,709 --> 01:28:08,770

as when I'm talking about security

1899

01:28:11,970 --> 01:28:10,719

issues that cause trauma people say well

1900

01:28:13,920 --> 01:28:11,980

I don't want to lose face in front of my

1901

01:28:17,400 --> 01:28:13,930

peers I don't want people to think I'm a

1902

01:28:19,740 --> 01:28:17,410

wuss the impact of peer pressure and

1903

01:28:21,750 --> 01:28:19,750

groupthink is significant especially if

1904

01:28:25,950 --> 01:28:21,760

you know it's going to impact your your

1905

01:28:27,720 --> 01:28:25,960

career you know airline pilots have told

1906

01:28:29,310 --> 01:28:27,730

me we talk to each other about our

1907

01:28:30,930 --> 01:28:29,320

settings fighter pilots have told me

1908

01:28:33,770 --> 01:28:30,940

that but we're not going to say anything

1909

01:28:36,450 --> 01:28:33,780

out loud because our careers are over

1910

01:28:37,620 --> 01:28:36,460

well it's pretty much true once you have

1911

01:28:40,740 --> 01:28:37,630

an orthodoxy

1912

01:28:44,550 --> 01:28:40,750

that's embraced by a scientific

1913

01:28:46,470 --> 01:28:44,560

discipline or domain you contradict it

1914

01:28:48,689 --> 01:28:46,480

to your peril

1915

01:28:52,290 --> 01:28:48,699

you know the stories about meteorites

1916

01:28:54,120 --> 01:28:52,300

and tectonic plates and so on and what

1917

01:28:56,820 --> 01:28:54,130

it did to people to advance those

1918

01:29:00,750 --> 01:28:56,830

theories over time and face rejection

1919

01:29:03,840 --> 01:29:00,760

ridicule and scorn

1920

01:29:06,060 --> 01:29:03,850

well once that becomes firmly placed and

1921

01:29:09,209 --> 01:29:06,070

and for the reasons I said began in the

1922

01:29:14,790 --> 01:29:09,219

50s and have been policies that were so

1923

01:29:17,010 --> 01:29:14,800

well executed scientists too are not

1924

01:29:21,510 --> 01:29:17,020

going to go into those waters without

1925

01:29:26,180 --> 01:29:21,520

risking their their their careers there

1926

01:29:28,110 --> 01:29:26,190

are some really good books by scientists

1927

01:29:31,380 --> 01:29:28,120

about that

1928

01:29:34,680 --> 01:29:31,390

Peter Stewart confessions of a late

1929

01:29:37,620 --> 01:29:34,690

night scientist or a tale of two

1930

01:29:40,050 --> 01:29:37,630

sciences in which he describes his

1931

01:29:42,870 --> 01:29:40,060

career which was very successful as a

1932

01:29:45,660 --> 01:29:42,880

plasma physicist and then his interest

1933

01:29:49,470 --> 01:29:45,670

in UFOs and the paranormal and how he

1934

01:29:52,350 --> 01:29:49,480

could not get anyone engaged with that

1935

01:29:54,450 --> 01:29:52,360

subject in a serious way and and the

1936

01:29:57,689 --> 01:29:54,460

kind of dismissive things they would say

1937

01:30:01,130 --> 01:29:57,699

simply because he said this needs to be

1938

01:30:03,540 --> 01:30:01,140

something you take seriously hmm well

1939

01:30:05,010 --> 01:30:03,550

and and that's how we're saying we're

1940

01:30:07,830 --> 01:30:05,020

saying this is a real phenomena we're

1941

01:30:09,540 --> 01:30:07,840

very conservative right but it's

1942

01:30:11,459 --> 01:30:09,550

impossible to read that before for

1943

01:30:14,340 --> 01:30:11,469

example our book or other books without

1944

01:30:15,930 --> 01:30:14,350

saying well there's the nose of a camel

1945

01:30:18,270 --> 01:30:15,940

inside our tent here

1946

01:30:21,570 --> 01:30:18,280

I bet there's a whole camel you know

1947

01:30:23,340 --> 01:30:21,580

sticking its butt out into the dark you

1948

01:30:24,959 --> 01:30:23,350

can't read the accounts of why the

1949

01:30:27,120 --> 01:30:24,969

government did what it did and how it

1950

01:30:28,979 --> 01:30:27,130

did it without saying they're dealing

1951

01:30:31,229 --> 01:30:28,989

with something significant important and

1952

01:30:33,120 --> 01:30:31,239

hopefully concluding I want to know more

1953

01:30:36,510 --> 01:30:33,130

about that because I think it's one of

1954

01:30:41,120 --> 01:30:36,520

the most significant realities of our

1955

01:30:43,380 --> 01:30:41,130

time when I start talking about

1956

01:30:45,510 --> 01:30:43,390

technological transformation the society

1957

01:30:49,950 --> 01:30:45,520

I literally was told in the 80s that I

1958

01:30:51,990 --> 01:30:49,960

was crazy that that what I said made no

1959

01:30:54,000 --> 01:30:52,000

sense when I described what the

1960

01:30:56,010 --> 01:30:54,010

computerization digitalization the world

1961

01:30:58,709 --> 01:30:56,020

was going to do to everything from

1962

01:31:01,280 --> 01:30:58,719

identity to to intelligence work to

1963

01:31:03,900 --> 01:31:01,290

organizational structures to education

1964

01:31:04,229 --> 01:31:03,910

and in the early days people said you're

1965

01:31:06,600 --> 01:31:04,239

nuts

1966

01:31:08,310 --> 01:31:06,610

well now everything that I said in the

1967

01:31:11,459 --> 01:31:08,320

80s and 90s was going to come install

1968

01:31:13,650 --> 01:31:11,469

here we're living inside that and and

1969

01:31:15,750 --> 01:31:13,660

now it's this one where I say the

1970

01:31:18,780 --> 01:31:15,760

critical event of the 21st century is

1971

01:31:20,970 --> 01:31:18,790

going to be not just that we know but

1972

01:31:24,450 --> 01:31:20,980

that we know that we know that we are

1973

01:31:26,729 --> 01:31:24,460

not alone because we have engaged in an

1974

01:31:30,270 --> 01:31:26,739

undeniable way with sentient

1975

01:31:34,350 --> 01:31:30,280

intelligence transgalactic that is not

1976

01:31:37,920 --> 01:31:34,360

us and that is going to that is going to

1977

01:31:40,130 --> 01:31:37,930

change everything in the same way that

1978

01:31:41,520 --> 01:31:40,140

the computer revolution has changed

1979

01:31:45,300 --> 01:31:41,530

everything

1980

01:31:48,630 --> 01:31:45,310

right now a lot of times I have the the

1981

01:31:52,709 --> 01:31:48,640

feeling that it would just take so much

1982

01:31:57,570 --> 01:31:52,719

to convince society as a whole even if

1983

01:32:00,990 --> 01:31:57,580

there were solid proof you know that we

1984

01:32:02,689 --> 01:32:01,000

are being visited let's just say we

1985

01:32:05,400 --> 01:32:02,699

found out that we are being visited by

1986

01:32:09,660 --> 01:32:05,410

extraterrestrial we had evidence say

1987

01:32:11,250 --> 01:32:09,670

right a craft or or whatever it is or

1988

01:32:13,229 --> 01:32:11,260

you know a major mass sighting of

1989

01:32:15,390 --> 01:32:13,239

something unexplainable we've already

1990

01:32:18,240 --> 01:32:15,400

had you know some like the Phoenix

1991

01:32:21,180 --> 01:32:18,250

lights and stuff like that but what do

1992

01:32:23,939 --> 01:32:21,190

you think it would take for you know

1993

01:32:28,419 --> 01:32:23,949

since there is so much ridicule on the

1994

01:32:29,949 --> 01:32:28,429

topic and as time has gone on

1995

01:32:34,270 --> 01:32:29,959

what do you think it would take to

1996

01:32:36,609 --> 01:32:34,280

convince the mass public that we are

1997

01:32:39,429 --> 01:32:36,619

being well the one of the jokes in the

1998

01:32:44,199 --> 01:32:39,439

field is there are two kinds of people

1999

01:32:46,810 --> 01:32:44,209

they're skeptics and experiencers what

2000

01:32:49,739 --> 01:32:46,820

it takes and we have numerous stories

2001
01:32:51,790 --> 01:32:49,749
like this where someone didn't believe

2002
01:32:55,959 --> 01:32:51,800
quote-unquote as if belief was the

2003
01:32:59,319 --> 01:32:55,969
Crescent question in UFOs and and then

2004
01:33:01,330 --> 01:32:59,329
stood there one night and watched as a

2005
01:33:02,890 --> 01:33:01,340
young person described to me once I saw

2006
01:33:05,859 --> 01:33:02,900
what looked like three satellites

2007
01:33:07,600 --> 01:33:05,869
crossing the sky and suddenly one

2008
01:33:10,000 --> 01:33:07,610
continued which was obviously a

2009
01:33:13,239 --> 01:33:10,010
satellite and the other two stopped and

2010
01:33:17,859 --> 01:33:13,249
then zipped in the other direction and

2011
01:33:19,479 --> 01:33:17,869
they said my god what was it well you

2012
01:33:23,819 --> 01:33:19,489
escalate your hypothesis you know maybe

2013
01:33:27,520 --> 01:33:23,829

it was this man who says but more more

2014

01:33:32,020 --> 01:33:27,530

immediately if you have seen a bright

2015

01:33:35,410 --> 01:33:32,030

light craft some kind of luminous

2016

01:33:39,189 --> 01:33:35,420

vehicle and in your experience of

2017

01:33:42,879 --> 01:33:39,199

looking at it you had what you were sure

2018

01:33:44,890 --> 01:33:42,889

were words put into your mind as some of

2019

01:33:47,350 --> 01:33:44,900

the things I've heard a lot people say

2020

01:33:49,270 --> 01:33:47,360

now they may may be deception on the

2021

01:33:51,879 --> 01:33:49,280

part of whoever's on the craft but the

2022

01:33:54,129 --> 01:33:51,889

words were don't be afraid we're not

2023

01:33:57,270 --> 01:33:54,139

going to hurt you and they didn't and

2024

01:33:59,649 --> 01:33:57,280

the other was we wanted you to see us

2025

01:34:02,169 --> 01:33:59,659

which supports the hypothesis I

2026
01:34:05,140 --> 01:34:02,179
suggested about display and intentional

2027
01:34:08,709 --> 01:34:05,150
revelation over time once you have that

2028
01:34:12,969 --> 01:34:08,719
kind of experience you don't ever doubt

2029
01:34:16,500 --> 01:34:12,979
it again so this is the end the other of

2030
01:34:19,299 --> 01:34:16,510
course is like I have done I have never

2031
01:34:24,009 --> 01:34:19,309
had an experience well I shouldn't say

2032
01:34:27,250 --> 01:34:24,019
that one but I don't talk about it but

2033
01:34:29,529 --> 01:34:27,260
all this study over 40 years looking at

2034
01:34:31,629 --> 01:34:29,539
the data and interviewing people ranging

2035
01:34:34,660 --> 01:34:31,639
from astronauts to fighter pilots to

2036
01:34:36,729 --> 01:34:34,670
just plain people who went for a walk in

2037
01:34:40,350 --> 01:34:36,739
the woods one night and encountered a

2038
01:34:46,750 --> 01:34:44,200

if that doesn't change your mind it's

2039

01:34:48,430 --> 01:34:46,760

because you're so adamantly committed to

2040

01:34:51,729 --> 01:34:48,440

not wanting it to be true

2041

01:34:54,400 --> 01:34:51,739

hmm because if threatens your identity

2042

01:34:57,870 --> 01:34:54,410

and your sense of who humans are and/or

2043

01:35:00,280 --> 01:34:57,880

your religious beliefs as you suggest or

2044

01:35:02,979 --> 01:35:00,290

it just doesn't fit your paradigm you

2045

01:35:03,580 --> 01:35:02,989

don't know how to restructure your your

2046

01:35:09,390 --> 01:35:03,590

thinking

2047

01:35:12,880 --> 01:35:09,400

mmm-hmm to take it in but over time I

2048

01:35:16,000 --> 01:35:12,890

mean it took me a long time I mean I

2049

01:35:18,459 --> 01:35:16,010

explored this for years and I still

2050

01:35:20,680 --> 01:35:18,469

found myself thinking not anymore really

2051

01:35:24,610 --> 01:35:20,690

but recently huh

2052

01:35:29,590 --> 01:35:24,620

so this is all true then and that's

2053

01:35:33,340 --> 01:35:29,600

after decades mmm it it takes energy and

2054

01:35:35,650 --> 01:35:33,350

effort to penetrate your your model of

2055

01:35:38,709 --> 01:35:35,660

reality which is I'm sitting in a study

2056

01:35:43,900 --> 01:35:38,719

made for humans you know it's kind of a

2057

01:35:47,800 --> 01:35:43,910

square room lights are on that's my

2058

01:35:49,810 --> 01:35:47,810

reality and I can't walk through walls

2059

01:35:53,170 --> 01:35:49,820

but some people claim that they have

2060

01:35:55,750 --> 01:35:53,180

have done what does it do to your sense

2061

01:35:58,979 --> 01:35:55,760

of what's real lots of this powerful

2062

01:36:03,850 --> 01:35:58,989

stuff we're talking about absolutely

2063

01:36:07,689 --> 01:36:03,860

whatever do you think about the military

2064

01:36:13,150 --> 01:36:07,699

like black projects or you know secret

2065

01:36:17,220 --> 01:36:13,160

projects that have you know advanced

2066

01:36:20,709 --> 01:36:17,230

technology for instance a lot of people

2067

01:36:22,570 --> 01:36:20,719

are suggesting that it's possible that

2068

01:36:23,470 --> 01:36:22,580

all the black triangles that people see

2069

01:36:25,390 --> 01:36:23,480

forever

2070

01:36:29,590 --> 01:36:25,400

you know maybe all right you're right

2071

01:36:31,479 --> 01:36:29,600

all right our hours right yeah and the

2072

01:36:33,880 --> 01:36:31,489

answer is always given we wouldn't test

2073

01:36:36,160 --> 01:36:33,890

something over populated areas and the

2074

01:36:37,979 --> 01:36:36,170

people I know who lives near research

2075

01:36:41,709 --> 01:36:37,989

facilities say that's nonsense

2076
01:36:48,250 --> 01:36:41,719
because they see them fly over populated

2077
01:36:50,439 --> 01:36:48,260
areas so the least the Occam's razor

2078
01:36:53,000 --> 01:36:50,449
approach to all the triangle settings is

2079
01:36:56,450 --> 01:36:53,010
that at least some of it

2080
01:37:00,410 --> 01:36:56,460
our technology's right we don't usually

2081
01:37:04,819 --> 01:37:00,420
know for another 20 years or you know or

2082
01:37:06,950 --> 01:37:04,829
so what we've got u2 is flying for a

2083
01:37:08,540 --> 01:37:06,960
long time stealth bombers were flying I

2084
01:37:11,419 --> 01:37:08,550
said when I lived near Hill Air Force

2085
01:37:13,490 --> 01:37:11,429
Base I would see some stealth plane come

2086
01:37:15,979 --> 01:37:13,500
in and I would I couldn't believe what I

2087
01:37:18,560 --> 01:37:15,989
was saying I remember a 747 with the

2088
01:37:21,529 --> 01:37:18,570

Space Shuttle on its back landing right

2089

01:37:24,709 --> 01:37:21,539

in front of me I did at Hill and and

2090

01:37:26,569 --> 01:37:24,719

it's awesome and I would ask people on

2091

01:37:32,419 --> 01:37:26,579

the base what was it and they would say

2092

01:37:35,810 --> 01:37:32,429

what was what yeah

2093

01:37:38,180 --> 01:37:35,820

and when you were doing your research I

2094

01:37:40,899 --> 01:37:38,190

heard you say something about you know

2095

01:37:43,540 --> 01:37:40,909

reverse engineering not necessarily

2096

01:37:46,450 --> 01:37:43,550

alien crafts but you know some of the

2097

01:37:50,629 --> 01:37:46,460

technology that we've come up with is

2098

01:37:52,220 --> 01:37:50,639

almost hard to wrap your mind around I

2099

01:37:55,879 --> 01:37:52,230

heard you say it's right about fiber

2100

01:37:57,589 --> 01:37:55,889

optics you know right and there is that

2101

01:38:00,069 --> 01:37:57,599

is one of the topics that comes up

2102

01:38:04,459 --> 01:38:00,079

that's possible reverse engineering

2103

01:38:06,740 --> 01:38:04,469

mm-hmm that's right right and and when

2104

01:38:08,470 --> 01:38:06,750

we talked about that because I raised

2105

01:38:13,640 --> 01:38:08,480

that with our group of wanting to

2106

01:38:15,919 --> 01:38:13,650

wanting to know about that we all admit

2107

01:38:21,560 --> 01:38:15,929

it as I've been suggesting all along

2108

01:38:25,129 --> 01:38:21,570

none of us knows enough we don't know

2109

01:38:28,850 --> 01:38:25,139

enough to evaluate the train of events

2110

01:38:31,220 --> 01:38:28,860

and the materials passing on from one to

2111

01:38:33,470 --> 01:38:31,230

another it's through laboratories where

2112

01:38:35,319 --> 01:38:33,480

we would have to what we would have to

2113

01:38:37,700 --> 01:38:35,329

know we can't do the scientific

2114

01:38:40,310 --> 01:38:37,710

investigative detectives work and

2115

01:38:43,310 --> 01:38:40,320

therefore we can't say we can say it's

2116

01:38:47,660 --> 01:38:43,320

interesting some of it is coincidental

2117

01:38:50,209 --> 01:38:47,670

certainly some others it's justice but

2118

01:38:54,080 --> 01:38:50,219

without the data without a train of

2119

01:38:57,529 --> 01:38:54,090

trail of data to really show us that

2120

01:38:59,870 --> 01:38:57,539

this went from this place to that person

2121

01:39:03,259 --> 01:38:59,880

to that person and you watch the

2122

01:39:04,759 --> 01:39:03,269

technology emerge over time so often

2123

01:39:06,229 --> 01:39:04,769

when people suggested different things

2124

01:39:08,479 --> 01:39:06,239

where UFO technologies

2125

01:39:10,459 --> 01:39:08,489

when I have talked to people who know a

2126

01:39:14,450 --> 01:39:10,469

lot more about it than I do physicists

2127

01:39:16,940 --> 01:39:14,460

or chemists or material scientists they

2128

01:39:20,209 --> 01:39:16,950

generally have laughed and said well

2129

01:39:22,100 --> 01:39:20,219

that's just not that's just not true

2130

01:39:24,740 --> 01:39:22,110

this is what happened I was at Bell Labs

2131

01:39:28,700 --> 01:39:24,750

or I was at Northrop Grumman or I was at

2132

01:39:33,229 --> 01:39:28,710

skunk works and this is what happened

2133

01:39:36,050 --> 01:39:33,239

all right so you don't know what you

2134

01:39:38,000 --> 01:39:36,060

don't know and and and those are good

2135

01:39:39,830 --> 01:39:38,010

speculative fun things I write a lot of

2136

01:39:42,200 --> 01:39:39,840

science fiction because it's the only

2137

01:39:44,600 --> 01:39:42,210

way I can get at these things but but I

2138

01:39:51,470 --> 01:39:44,610

don't know and I haven't seen anybody

2139

01:39:58,280 --> 01:39:51,480

convincingly who does right right if you

2140

01:40:00,800 --> 01:39:58,290

had to do the research today with just

2141

01:40:02,630 --> 01:40:00,810

using the internet you mentioned earlier

2142

01:40:06,140 --> 01:40:02,640

that there's a lot of you know

2143

01:40:08,390 --> 01:40:06,150

repetitive websites and things like that

2144

01:40:13,130 --> 01:40:08,400

how would you you know how would you

2145

01:40:15,590 --> 01:40:13,140

even do that as far as this topic goes I

2146

01:40:18,709 --> 01:40:15,600

know what I would do I'd love to teach a

2147

01:40:20,870 --> 01:40:18,719

course on it which would be the critical

2148

01:40:24,020 --> 01:40:20,880

thinking applied to the historical

2149

01:40:26,660 --> 01:40:24,030

analysis of UFO data and I would begin

2150

01:40:29,000 --> 01:40:26,670

by going back to the 40s and 50s if you

2151

01:40:31,700 --> 01:40:29,010

want to do Foo Fighters then we have

2152

01:40:34,790 --> 01:40:31,710

auto material on Foo Fighters you can

2153

01:40:37,640 --> 01:40:34,800

you can do that but go back to the first

2154

01:40:39,709 --> 01:40:37,650

accounts look at you know project sign

2155

01:40:42,890 --> 01:40:39,719

and project grudge and project Bluebook

2156

01:40:48,410 --> 01:40:42,900

and look at the historical accounts of

2157

01:40:52,040 --> 01:40:48,420

how they were managed look at the

2158

01:40:54,490 --> 01:40:52,050

classic texts of the work I would

2159

01:40:57,500 --> 01:40:54,500

include our book but Jerry Clark has a

2160

01:40:58,520 --> 01:40:57,510

magnificent two volume encyclopedia on

2161

01:41:02,510 --> 01:40:58,530

this subject

2162

01:41:04,280 --> 01:41:02,520

Paul R Hill wrote a book that wasn't

2163

01:41:06,290 --> 01:41:04,290

published until his daughter did it

2164

01:41:08,810 --> 01:41:06,300

after his death called unconventional

2165

01:41:11,390 --> 01:41:08,820

flying objects he was at NASA and he

2166

01:41:12,830 --> 01:41:11,400

used the best physics he knew but they

2167

01:41:14,870 --> 01:41:12,840

had told him you're not to say anything

2168

01:41:17,060 --> 01:41:14,880

in relationship with NASA you can't

2169

01:41:19,970 --> 01:41:17,070

claim that this is NASA you can do what

2170

01:41:22,130 --> 01:41:19,980

you want as a person but this book

2171

01:41:27,550 --> 01:41:22,140

conventional flying objects is very good

2172

01:41:33,640 --> 01:41:27,560

the Richard Hall books the UFO evidence

2173

01:41:37,310 --> 01:41:33,650

the scientific experience of UFOs by

2174

01:41:41,180 --> 01:41:37,320

Allen Hynek as is one of the

2175

01:41:43,729 --> 01:41:41,190

foundational Rook belts book on UFOs

2176

01:41:47,240 --> 01:41:43,739

yeah the personal edition you know yeah

2177

01:41:49,550 --> 01:41:47,250

so so how does this is available you

2178

01:41:52,510 --> 01:41:49,560

start by going back to the basic text

2179

01:41:55,220 --> 01:41:52,520

and it's really no different than if you

2180

01:41:58,640 --> 01:41:55,230

well I mean let's get away from religion

2181

01:42:00,770 --> 01:41:58,650

let's just say literature you want to

2182

01:42:02,690 --> 01:42:00,780

know who wrote Shakespeare wasn't what

2183

01:42:04,130 --> 01:42:02,700

are Shakespeare's plays about well you

2184

01:42:06,979 --> 01:42:04,140

go back to the data you go back to the

2185

01:42:10,520 --> 01:42:06,989

folios you go back to the text and you

2186

01:42:13,070 --> 01:42:10,530

read what the best minds have said about

2187

01:42:17,120 --> 01:42:13,080

it the best critical analyses of the

2188

01:42:20,420 --> 01:42:17,130

text and you stay away from the nonsense

2189

01:42:22,280 --> 01:42:20,430

and jumping from website to website to

2190

01:42:24,950 --> 01:42:22,290

website I look at these interviews that

2191

01:42:26,420 --> 01:42:24,960

are up there and I think I just can't

2192

01:42:28,610 --> 01:42:26,430

waste another hour and a half listening

2193

01:42:31,400 --> 01:42:28,620

to somebody say nothing as if he knows

2194

01:42:32,810 --> 01:42:31,410

what he's talking about it's the glory

2195

01:42:37,700 --> 01:42:32,820

of the internet but its glory of America

2196

01:42:39,740 --> 01:42:37,710

- anybody can say anything so go back to

2197

01:42:41,810 --> 01:42:39,750

the classic text the real there are

2198

01:42:43,970 --> 01:42:41,820

basic texts and if you don't have the

2199

01:42:46,130 --> 01:42:43,980

patience or the time to take for example

2200

01:42:49,240 --> 01:42:46,140

the six or eight or ten books that I

2201

01:42:53,540 --> 01:42:49,250

mentioned then you don't want to know

2202

01:42:56,630 --> 01:42:53,550

because to study something requires that

2203

01:42:58,490 --> 01:42:56,640

you study it and study takes time and

2204

01:43:01,580 --> 01:42:58,500

thoughtfulness and above all I said is

2205

01:43:04,010 --> 01:43:01,590

callate in my game by engaging with much

2206

01:43:07,340 --> 01:43:04,020

better Minds than mine and much more

2207

01:43:10,850 --> 01:43:07,350

experienced people than me you put

2208

01:43:14,060 --> 01:43:10,860

yourself in relationship a mentoring

2209

01:43:15,620 --> 01:43:14,070

relationship to the best people I've

2210

01:43:20,210 --> 01:43:15,630

watched hackers do this from the very

2211

01:43:22,520 --> 01:43:20,220

beginning hackers had a meritocracy and

2212

01:43:23,690 --> 01:43:22,530

you would go online and you would do all

2213

01:43:25,640 --> 01:43:23,700

your homework first

2214

01:43:27,350 --> 01:43:25,650

you wouldn't say teach me how to hack

2215

01:43:28,850 --> 01:43:27,360

you would stay up all night with your

2216

01:43:30,860 --> 01:43:28,860

O'Reilly books and read everything you

2217

01:43:32,819 --> 01:43:30,870

could and then if you had an intelligent

2218

01:43:34,740 --> 01:43:32,829

question you would ask it with respect

2219

01:43:37,049 --> 01:43:34,750

and you get an answer and over time

2220

01:43:39,359 --> 01:43:37,059

you'd be allowed to participate in the

2221

01:43:41,700 --> 01:43:39,369

council's of the more superior more

2222

01:43:45,180 --> 01:43:41,710

elite hackers who knew what they were

2223

01:43:48,120 --> 01:43:45,190

doing there's questions pardon for

2224

01:43:49,890 --> 01:43:48,130

interrupting but we do have a we do have

2225

01:43:53,750 --> 01:43:49,900

a caller oh that I'd like to ask you a

2226

01:43:57,720 --> 01:43:56,609

hey Martin hi how are you have a

2227

01:44:00,450 --> 01:43:57,730

question for our guest

2228

01:44:02,790 --> 01:44:00,460

I do indeed this is Ryan from South

2229

01:44:05,939 --> 01:44:02,800

Carolina and taking my call

2230

01:44:11,640 --> 01:44:05,949

I hope I didn't come in at an opportune

2231

01:44:14,850 --> 01:44:11,650

time here perfect time I guess I had a

2232

01:44:18,479 --> 01:44:14,860

question for you home since the topic is

2233

01:44:21,209 --> 01:44:18,489

UFOs and government you head of the

2234

01:44:24,930 --> 01:44:21,219

issue the issue I've always taken with

2235

01:44:26,819 --> 01:44:24,940

this is I have my doubts that the

2236

01:44:30,530 --> 01:44:26,829

government could cover this up and

2237

01:44:33,299 --> 01:44:30,540

follow me this you had mentioned about

2238

01:44:35,640 --> 01:44:33,309

them compartmentalizing it and

2239

01:44:38,100 --> 01:44:35,650

concealing from presidents so on and so

2240

01:44:40,979 --> 01:44:38,110

forth I just have my doubts that all

2241

01:44:43,290 --> 01:44:40,989

that would work I was wondering if you

2242

01:44:45,810 --> 01:44:43,300

had an ideas how they could do that I

2243

01:44:47,669 --> 01:44:45,820

mean for example in the Manhattan

2244

01:44:49,290 --> 01:44:47,679

Project and it didn't get much more

2245

01:44:51,500 --> 01:44:49,300

classified than that so that

2246

01:44:53,970 --> 01:44:51,510

intelligence Soviet intelligence

2247

01:44:56,430 --> 01:44:53,980

penetrated the Manhattan Project what

2248

01:44:58,979 --> 01:44:56,440

though how is it how is it not only that

2249

01:45:00,990 --> 01:44:58,989

our government has managed to conceal

2250

01:45:02,879 --> 01:45:01,000

this but all the other governments who

2251
01:45:06,330 --> 01:45:02,889
surely must know is managed to conceal

2252
01:45:08,520 --> 01:45:06,340
this as what as well well it's a really

2253
01:45:11,669 --> 01:45:08,530
good question and first of all as I say

2254
01:45:13,979 --> 01:45:11,679
the phenomena hides in plain sight

2255
01:45:18,060 --> 01:45:13,989
so when something is incontrovertibly

2256
01:45:19,410 --> 01:45:18,070
present as UFO phenomena has been then

2257
01:45:22,200 --> 01:45:19,420
what you have to do is spend multiple

2258
01:45:25,770 --> 01:45:22,210
narratives and cast doubt on which ones

2259
01:45:27,930 --> 01:45:25,780
are are true you know the story of the

2260
01:45:31,500 --> 01:45:27,940
gnome I'm innocent old folk tale about

2261
01:45:33,990 --> 01:45:31,510
the woodsmen who went into the forest

2262
01:45:36,540 --> 01:45:34,000
and he knew that the gnome knew under

2263
01:45:38,129 --> 01:45:36,550

which tree the gold was hidden and he

2264

01:45:39,390 --> 01:45:38,139

captured the gnome and he held him by

2265

01:45:42,060 --> 01:45:39,400

the scruff of neck and he said you got

2266

01:45:44,580 --> 01:45:42,070

to show me what what tree it is and he

2267

01:45:45,810 --> 01:45:44,590

gnomes can't I so he pointed out the

2268

01:45:47,910 --> 01:45:45,820

tree and

2269

01:45:49,799 --> 01:45:47,920

Woodsman took off his yellow scarf and

2270

01:45:51,959 --> 01:45:49,809

put it around the tree and he made the

2271

01:45:53,370 --> 01:45:51,969

gnome promise he would not remove the

2272

01:45:55,589 --> 01:45:53,380

scarf from the tree while he wasn't got

2273

01:45:57,180 --> 01:45:55,599

a shovel well he wasn't got a shovel

2274

01:45:59,609 --> 01:45:57,190

when he came back to Nome had kept his

2275

01:46:01,589 --> 01:45:59,619

promise he had not removed the scarf he

2276

01:46:04,410 --> 01:46:01,599

had simply tied a scarf around every

2277

01:46:07,290 --> 01:46:04,420

other tree in the forest ok so that's

2278

01:46:09,569 --> 01:46:07,300

the kind of disinformation that's very

2279

01:46:12,419 --> 01:46:09,579

very effective the resources of people

2280

01:46:16,080 --> 01:46:12,429

as I as I suggested who want to keep

2281

01:46:18,149 --> 01:46:16,090

something secret are prodigious the

2282

01:46:20,069 --> 01:46:18,159

other thing is UFO phenomena has not

2283

01:46:23,910 --> 01:46:20,079

been kept secret everybody knows about

2284

01:46:25,859 --> 01:46:23,920

it everybody who wants to look at these

2285

01:46:28,169 --> 01:46:25,869

stories and look at the credibility of

2286

01:46:29,910 --> 01:46:28,179

people online Leslie Kean and the press

2287

01:46:32,910 --> 01:46:29,920

conference in Washington and on and on

2288

01:46:35,459 --> 01:46:32,920

you listen to these people I don't mean

2289

01:46:38,339 --> 01:46:35,469

interrupt but I mean I'm sorry rub but I

2290

01:46:40,529 --> 01:46:38,349

mean look at something so I mean leaking

2291

01:46:42,629 --> 01:46:40,539

something really concrete let me give

2292

01:46:45,660 --> 01:46:42,639

you an example what I'm talking about it

2293

01:46:48,779 --> 01:46:45,670

was if you'll recall it was a Lebanese

2294

01:46:51,839 --> 01:46:48,789

newspaper that leaked the first aspect

2295

01:46:54,479 --> 01:46:51,849

of iran-contra and nobody is debating at

2296

01:46:56,699 --> 01:46:54,489

this point if that was actually it was

2297

01:46:59,580 --> 01:46:56,709

accurate we're still debating if mj-12

2298

01:47:01,020 --> 01:46:59,590

was real nobody's dating if Watergate

2299

01:47:03,149 --> 01:47:01,030

was real or not you know what I'm saying

2300

01:47:05,339 --> 01:47:03,159

I mean it yes like you know these leaks

2301

01:47:06,870 --> 01:47:05,349

come but they're there they're kind of

2302

01:47:08,279 --> 01:47:06,880

dead end type leaks you know what I'm

2303

01:47:09,959 --> 01:47:08,289

saying you know what I mean yes I know

2304

01:47:12,149 --> 01:47:09,969

exactly what you're saying and it's it's

2305

01:47:14,939 --> 01:47:12,159

a very effective strategy for making

2306

01:47:17,069 --> 01:47:14,949

sure that people don't get to the kind

2307

01:47:19,169 --> 01:47:17,079

of certainty that you're you're looking

2308

01:47:22,739 --> 01:47:19,179

for and you're right the Soviets could

2309

01:47:25,049 --> 01:47:22,749

penetrate our atomic Manhattan Project

2310

01:47:26,910 --> 01:47:25,059

but the Soviets were no slouches they

2311

01:47:29,580 --> 01:47:26,920

had extraordinary resources and they

2312

01:47:33,540 --> 01:47:29,590

were very very good at espionage and

2313

01:47:37,259 --> 01:47:33,550

they had a whole cadre of fifth

2314

01:47:38,640 --> 01:47:37,269

columnists in this country so it was

2315

01:47:39,870 --> 01:47:38,650

ultimately people who were very

2316

01:47:41,819 --> 01:47:39,880

sympathetic for the Russians to the

2317

01:47:43,669 --> 01:47:41,829

Communists and who were communists you

2318

01:47:46,830 --> 01:47:43,679

forget what it was like in the 30s here

2319

01:47:48,930 --> 01:47:46,840

who ultimately penetrated they didn't

2320

01:47:52,410 --> 01:47:48,940

have to bribe people or blackmail people

2321

01:47:56,129 --> 01:47:52,420

they had willing comrades who wanted to

2322

01:47:57,600 --> 01:47:56,139

help Russia get the bomb I don't think

2323

01:47:59,040 --> 01:47:57,610

we have anything like that

2324

01:48:02,850 --> 01:47:59,050

inside the small

2325

01:48:07,020 --> 01:48:02,860

Arina that were discussing I don't think

2326

01:48:10,920 --> 01:48:07,030

we have inside people and when some

2327

01:48:12,510 --> 01:48:10,930

insider theoretically an insider says

2328

01:48:17,850 --> 01:48:12,520

I'm going to tell the truth about all

2329

01:48:20,520 --> 01:48:17,860

this it's isolated a datum alone has no

2330

01:48:22,860 --> 01:48:20,530

power to convince if that story about

2331

01:48:26,070 --> 01:48:22,870

iran-contra had only shown up in

2332

01:48:28,920 --> 01:48:26,080

Lebanese newspaper it would not exist as

2333

01:48:30,990 --> 01:48:28,930

an event but it was only because the

2334

01:48:33,600 --> 01:48:31,000

accumulation of evidence from other

2335

01:48:36,000 --> 01:48:33,610

sources and the willingness and desire

2336

01:48:37,680 --> 01:48:36,010

to make it public because there was a

2337

01:48:40,200 --> 01:48:37,690

political opposition that wanted to

2338

01:48:44,190 --> 01:48:40,210

publicize it to bring down Reagan and

2339

01:48:47,160 --> 01:48:44,200

Oliver North and and so on only because

2340

01:48:48,780 --> 01:48:47,170

all of those things conspired to want to

2341

01:48:52,530 --> 01:48:48,790

bring the story forward and the same

2342

01:48:55,020 --> 01:48:52,540

with Watergate water he was a huge event

2343

01:48:59,010 --> 01:48:55,030

well Stan Freeman kosis a cosmic

2344

01:49:02,820 --> 01:48:59,020

Watergate right it's kind of a stretch

2345

01:49:07,850 --> 01:49:02,830

but this is different operation and for

2346

01:49:13,350 --> 01:49:07,860

different reasons but we don't yet have

2347

01:49:16,410 --> 01:49:13,360

the accumulated multiple sources who can

2348

01:49:21,330 --> 01:49:16,420

compel the media which is the mouthpiece

2349

01:49:23,280 --> 01:49:21,340

of our society except in on websites and

2350

01:49:27,180 --> 01:49:23,290

the very fact that there are so many

2351

01:49:29,760 --> 01:49:27,190

crazy websites makes it very very

2352

01:49:31,620 --> 01:49:29,770

difficult to have any idea who's telling

2353

01:49:34,320 --> 01:49:31,630

the truth on there and you may have a

2354

01:49:36,420 --> 01:49:34,330

very honest compelling story from

2355

01:49:38,040 --> 01:49:36,430

someone but you don't know who's tied

2356

01:49:39,810 --> 01:49:38,050

scarves are on all the trees you don't

2357

01:49:43,380 --> 01:49:39,820

know who's on the payroll you don't know

2358

01:49:46,200 --> 01:49:43,390

who just in a quid pro quo has been

2359

01:49:51,150 --> 01:49:46,210

willing to make a video of what they

2360

01:49:53,340 --> 01:49:51,160

said they saw in area 51 or underground

2361

01:49:55,050 --> 01:49:53,350

where the where the tall whites and the

2362

01:49:58,950 --> 01:49:55,060

little greys and the military are

2363

01:50:01,800 --> 01:49:58,960

working together it's just very very

2364

01:50:04,350 --> 01:50:01,810

difficult to nail it down so I'm

2365

01:50:06,000 --> 01:50:04,360

suggesting that the reason it can be

2366

01:50:11,330 --> 01:50:06,010

done is because it has been done and

2367

01:50:12,959 --> 01:50:11,340

it's been done effectively all sent Ryan

2368

01:50:15,450 --> 01:50:12,969

yeah

2369

01:50:18,770 --> 01:50:15,460

big thank you for taking my call you bet

2370

01:50:21,720 --> 01:50:18,780

all right talk to you later thanks a lot

2371

01:50:24,590 --> 01:50:21,730

so wish I could give them the inside

2372

01:50:27,270 --> 01:50:24,600

scoop but I ain't got it man you

2373

01:50:29,250 --> 01:50:27,280

mentioned the other book that you may be

2374

01:50:32,420 --> 01:50:29,260

working on can you go into a little more

2375

01:50:35,640 --> 01:50:32,430

detail what that's going to be about uh

2376

01:50:37,770 --> 01:50:35,650

yeah different people are working on

2377

01:50:42,090 --> 01:50:37,780

different chapters and it is about the

2378

01:50:44,280 --> 01:50:42,100

phenomenon the phenomenon itself and it

2379

01:50:46,170 --> 01:50:44,290

will include for example close

2380

01:50:49,920 --> 01:50:46,180

encounters of this kind the other kind

2381

01:50:52,470 --> 01:50:49,930

it will include physical trace cases it

2382

01:50:54,810 --> 01:50:52,480

will include different categories in

2383

01:50:57,300 --> 01:50:54,820

each of which we will present the very

2384

01:50:58,709 --> 01:50:57,310

best cases we've got but you know it's

2385

01:51:00,780 --> 01:50:58,719

like herding cats and get a bunch of you

2386

01:51:03,420 --> 01:51:00,790

apologists to finish your chapters my

2387

01:51:05,610 --> 01:51:03,430

contribution to that book is a single

2388

01:51:08,520 --> 01:51:05,620

chapter which is why it is so difficult

2389

01:51:11,610 --> 01:51:08,530

for people to take UFO seriously we've

2390

01:51:14,729 --> 01:51:11,620

touched on some of that tonight and I

2391

01:51:17,689 --> 01:51:14,739

was for the you know sociological and

2392

01:51:20,760 --> 01:51:17,699

the psychological and political reasons

2393

01:51:23,790 --> 01:51:20,770

why it has been so difficult for people

2394

01:51:27,060 --> 01:51:23,800

to and answer the question you asked

2395

01:51:28,439 --> 01:51:27,070

that I responded to with Peter sterics

2396

01:51:31,620 --> 01:51:28,449

work

2397

01:51:33,780 --> 01:51:31,630

why don't scientists look at this well

2398

01:51:37,020 --> 01:51:33,790

we can look at why why that is there

2399

01:51:39,840 --> 01:51:37,030

there are reasons in paradigms change

2400

01:51:41,700 --> 01:51:39,850

and once the paradigm changes everybody

2401
01:51:43,680 --> 01:51:41,710
says oh I thought so all along you know

2402
01:51:46,760 --> 01:51:43,690
and you have to look at how those things

2403
01:51:49,470 --> 01:51:46,770
progress you know the doctor who first

2404
01:51:50,610 --> 01:51:49,480
at the end of you'd do an hour lecture

2405
01:51:52,530 --> 01:51:50,620
and at the end of it he'd say you know I

2406
01:51:54,930 --> 01:51:52,540
saw some interesting symptoms the other

2407
01:51:57,720 --> 01:51:54,940
day and he would describe what came to

2408
01:52:02,220 --> 01:51:57,730
be called child abuse and people would

2409
01:52:04,410 --> 01:52:02,230
sit there and say nothing and say

2410
01:52:06,240 --> 01:52:04,420
nothing to him afterward but he did it a

2411
01:52:08,610 --> 01:52:06,250
few times and somebody would come up to

2412
01:52:10,229 --> 01:52:08,620
him in the hall and say you know I had

2413
01:52:13,110 --> 01:52:10,239

somebody in the office the other day who

2414

01:52:15,540 --> 01:52:13,120

had those symptoms and pretty soon the

2415

01:52:19,020 --> 01:52:15,550

social contagion of knowledge took over

2416

01:52:20,459 --> 01:52:19,030

and one thing led to another and now you

2417

01:52:23,610 --> 01:52:20,469

ask somebody what child abuse is

2418

01:52:26,850 --> 01:52:23,620

everybody knows what child abuse is hmm

2419

01:52:28,890 --> 01:52:26,860

but you you go back and tell people to

2420

01:52:31,919 --> 01:52:28,900

years ago you know by the way the Roman

2421

01:52:33,780 --> 01:52:31,929

Catholic Church has hundreds of

2422

01:52:37,050 --> 01:52:33,790

pedophiles who are being protected from

2423

01:52:44,010 --> 01:52:37,060

criminal prosecution and the Catholic

2424

01:52:50,220 --> 01:52:44,020

would say no no ya can't be right but it

2425

01:52:51,930 --> 01:52:50,230

is yeah yes and what do you think you

2426

01:52:54,270 --> 01:52:51,940

know I'm pretty comfortable with the

2427

01:52:57,000 --> 01:52:54,280

fact that in my lifetime I probably

2428

01:52:59,129 --> 01:52:57,010

won't know what's going on but do you

2429

01:53:01,290 --> 01:52:59,139

think that were any closer you know we

2430

01:53:03,810 --> 01:53:01,300

just got a couple minutes left here do

2431

01:53:08,000 --> 01:53:03,820

you think that you know I think that

2432

01:53:10,470 --> 01:53:08,010

were closer to accepting the fact that

2433

01:53:13,530 --> 01:53:10,480

we're most likely not alone but do you

2434

01:53:16,140 --> 01:53:13,540

think were any closer I think we're

2435

01:53:18,120 --> 01:53:16,150

right there but it's a chaotic system I

2436

01:53:20,129 --> 01:53:18,130

remember asking Edgar Mitchell before he

2437

01:53:22,709 --> 01:53:20,139

died that question what does it say he

2438

01:53:25,680 --> 01:53:22,719

says Richards chaotic system and it's

2439

01:53:27,810 --> 01:53:25,690

seizing and the bubble can burst in any

2440

01:53:29,609 --> 01:53:27,820

direction I wrote a novel that's came

2441

01:53:31,320 --> 01:53:29,619

out year before last called foam and

2442

01:53:34,080 --> 01:53:31,330

it's about quantum foam and the

2443

01:53:35,810 --> 01:53:34,090

adjacency evolved intelligence and it's

2444

01:53:38,220 --> 01:53:35,820

about an alien has downsized

2445

01:53:42,689 --> 01:53:38,230

so he can come nurse and do improv it's

2446

01:53:47,359 --> 01:53:42,699

pretty funny but it's great book foam is

2447

01:53:49,859 --> 01:53:47,369

readers listeners is the name of it and

2448

01:53:52,020 --> 01:53:49,869

so what did I put in that book I took

2449

01:53:55,229 --> 01:53:52,030

the advice of a friend who was a

2450

01:53:56,820 --> 01:53:55,239

assistant deputy director of NSA who at

2451
01:53:59,220 --> 01:53:56,830
one point when we were working on an

2452
01:54:02,459 --> 01:53:59,230
ad-hoc project said you know you can't

2453
01:54:03,810 --> 01:54:02,469
discuss any of this out loud the stop

2454
01:54:05,669 --> 01:54:03,820
these unless you start writing fiction

2455
01:54:06,390 --> 01:54:05,679
fiction he said is the only way you can

2456
01:54:09,300 --> 01:54:06,400
tell the truth

2457
01:54:11,990 --> 01:54:09,310
so my collection of short stories called

2458
01:54:14,790 --> 01:54:12,000
mind games and my novel called foam is

2459
01:54:19,109 --> 01:54:14,800
loaded with truth

2460
01:54:23,280 --> 01:54:19,119
narrative because I could do it that way

2461
01:54:29,220 --> 01:54:23,290
and so when I when you asked me do I

2462
01:54:33,570 --> 01:54:29,230
know I know yeah I know I know some

2463
01:54:36,540 --> 01:54:33,580

things for sure and then I have a whole

2464

01:54:40,290 --> 01:54:36,550

bucket of of other stories that are

2465

01:54:42,870 --> 01:54:40,300

compelling but I can't prove we all do

2466

01:54:46,620 --> 01:54:42,880

in this domain and when is one of those

2467

01:54:49,520 --> 01:54:46,630

gonna pop in such a way that the

2468

01:54:51,930 --> 01:54:49,530

President or the Supreme Court judge or

2469

01:54:54,090 --> 01:54:51,940

somebody says something always had

2470

01:54:58,980 --> 01:54:54,100

governor's say we've hit Jimmy Carter

2471

01:55:01,920 --> 01:54:58,990

say it said Reagan say it but it doesn't

2472

01:55:04,470 --> 01:55:01,930

penetrate until the brew is ready until

2473

01:55:06,180 --> 01:55:04,480

it's ready to ripen when it's ready to

2474

01:55:08,910 --> 01:55:06,190

ripen you know the fruit comes off the

2475

01:55:11,540 --> 01:55:08,920

stem at a touch but it takes a long time

2476
01:55:14,430 --> 01:55:11,550
to ripen and who knows who knows when

2477
01:55:17,310 --> 01:55:14,440
when we're suddenly going to all know

2478
01:55:19,490 --> 01:55:17,320
and know that we know yeah that we are

2479
01:55:23,790 --> 01:55:19,500
part of an extraordinary universe

2480
01:55:27,330 --> 01:55:23,800
teeming with life yeah I don't know yeah

2481
01:55:28,800 --> 01:55:27,340
and I I believe we are thanks so much

2482
01:55:31,380 --> 01:55:28,810
it was it's been a real pleasure I

2483
01:55:33,120 --> 01:55:31,390
really enjoyed it a lot it's great to

2484
01:55:35,640 --> 01:55:33,130
talk to you I really appreciate your

2485
01:55:37,800 --> 01:55:35,650
asking me to talk to you for a while and

2486
01:55:40,110 --> 01:55:37,810
thank you very very very much

2487
01:55:42,870 --> 01:55:40,120
sure thing and people can get the book

2488
01:55:46,310 --> 01:55:42,880

on Amazon whether the book is available

2489

01:55:48,840 --> 01:55:46,320

on Amazon it's also available for Kindle

2490

01:55:52,410 --> 01:55:48,850

the book is I think about 30 bucks on

2491

01:55:55,170 --> 01:55:52,420

Amazon if they want one signed I can

2492

01:55:58,950 --> 01:55:55,180

sell it to him for the same price 35 for

2493

01:56:03,120 --> 01:55:58,960

hardcover 34 softcover annex hundreds

2494

01:56:05,790 --> 01:56:03,130

and one yeah yeah 600 pages it's a it's

2495

01:56:07,650 --> 01:56:05,800

really a bargain the publisher anomalous

2496

01:56:09,390 --> 01:56:07,660

books that he wanted this out here and

2497

01:56:11,730 --> 01:56:09,400

he did everything he could to cut the

2498

01:56:12,450 --> 01:56:11,740

margins to the bone so he's not making a

2499

01:56:16,460 --> 01:56:12,460

lot of money on it

2500

01:56:21,000 --> 01:56:16,470

Wow and your website is simply your name

2501
01:56:21,770 --> 01:56:21,010
theme worked oh sorry that's right yeah

2502
01:56:25,380 --> 01:56:21,780
mm-hmm

2503
01:56:28,560 --> 01:56:25,390
thi eme wor K s.com

2504
01:56:30,870 --> 01:56:28,570
yeah great website - all right thank you

2505
01:56:34,920 --> 01:56:30,880
thanks so much okay all right thank you

2506
01:56:37,150 --> 01:56:34,930
bye bye bye bye all right everyone

2507
01:56:40,180 --> 01:56:37,160
so that's look

2508
01:56:44,229 --> 01:56:40,190
I tried to stop that from happening that

2509
01:56:50,049 --> 01:56:47,080
I don't know why that happened so our

2510
01:56:52,989 --> 01:56:50,059
guest next week is chase klutz key she's

2511
01:56:57,160 --> 01:56:52,999
been on before she's always a fun guest

2512
01:56:59,739 --> 01:56:57,170
to have on and then after that I'm

2513
01:57:02,790 --> 01:56:59,749

heading up to shag Harbor and gonna do a

2514

01:57:06,209 --> 01:57:02,800

live show and that is on Saturday on the

2515

01:57:08,799 --> 01:57:06,219

30th of September and that'll be live on

2516

01:57:11,109 --> 01:57:08,809

YouTube live streaming on YouTube you

2517

01:57:15,459 --> 01:57:11,119

can also catch it as a podcast if you're

2518

01:57:17,049 --> 01:57:15,469

a member of our show subscriber that'll

2519

01:57:19,859 --> 01:57:17,059

be Saturday the 30th and that will be

2520

01:57:22,930 --> 01:57:19,869

5:30 to 7:30 now we're going to be

2521

01:57:25,239 --> 01:57:22,940

interviewing direct witnesses to the

2522

01:57:27,609 --> 01:57:25,249

shag Harbor event all those years ago

2523

01:57:31,450 --> 01:57:27,619

they're going to be there on location

2524

01:57:34,149 --> 01:57:31,460

and Don Leger and Chris who have written

2525

01:57:36,189 --> 01:57:34,159

books on it should be a lot of fun and

2526

01:57:37,660 --> 01:57:36,199

one of the listeners said they're going

2527

01:57:40,359 --> 01:57:37,670

to catch me there so I'm excited about

2528

01:57:43,359 --> 01:57:40,369

that and if anyone else is going there

2529

01:57:45,759 --> 01:57:43,369

please email me at Martin at podcast UFO

2530

01:57:48,669 --> 01:57:45,769

calm and we'll be sure to meet up while

2531

01:57:50,770 --> 01:57:48,679

we're there alright so thanks so much

2532

01:57:53,589 --> 01:57:50,780

everyone for listening and we'll be back

2533

01:58:00,590 --> 01:57:53,599

next week again with Chase klutz key at
