1
00:00:03,200 --> 00:00:02,450
and it hits me oh my gosh this is that

2
00:00:04,309 --> 00:00:03,210
triangle

3
00:00:05,450 --> 00:00:04,319
you know there's explanation for

4
00:00:08,629 --> 00:00:05,460
everything that occurred in the

5
00:00:11,600 --> 00:00:08,639
Rendlesham forest incident aliens at all

6
00:00:14,509 --> 00:00:11,610
it was completely silent it comes right

7
00:00:16,760 --> 00:00:14,519
over our heads it's so classic

8
00:00:18,620 --> 00:00:16,770
flying-saucer really standing in the

9
00:00:20,060 --> 00:00:18,630
clearing he turned over to my father and

10
00:00:25,880 --> 00:00:20,070
held his hand and he looked in his eyes

11
00:00:29,179 --> 00:00:25,890
and said we're not alone welcome to

12
00:00:31,460 --> 00:00:29,189
podcast UFO for our live show we're live

13
00:00:33,650 --> 00:00:31,470

every Wednesday at 8 p.m. Eastern

14

00:00:35,810 --> 00:00:33,660

Standard Time on the dark matter radio

15

00:00:39,319 --> 00:00:35,820

network please remember to visit the

16

00:00:42,500 --> 00:00:39,329

website podcast UFO calm for past

17

00:00:44,479 --> 00:00:42,510

episodes blogs and forums during the

18

00:00:46,970 --> 00:00:44,489

show feel free to participate live in

19

00:00:49,100 --> 00:00:46,980

our chat room and don't forget to like

20

00:00:52,100 --> 00:00:49,110

us on our very active Facebook page

21

00:00:54,680 --> 00:00:52,110

hello and welcome to the show I'm

22

00:00:56,950 --> 00:00:54,690

excited about our guest good friend

23

00:01:00,110 --> 00:00:56,960

chase klutzy is coming back on the show

24

00:01:02,439 --> 00:01:00,120

and she's got all kinds of new and

25

00:01:04,969 --> 00:01:02,449

interesting things to talk about and

26

00:01:07,340 --> 00:01:04,979

before her though we have Alejandro

27

00:01:09,590 --> 00:01:07,350

Rojas coming up with the news and just a

28

00:01:12,620 --> 00:01:09,600

couple things and tomorrow morning I get

29

00:01:15,740 --> 00:01:12,630

up early and I start heading north to

30

00:01:19,460 --> 00:01:15,750

shag harbour so I'm going up there for

31

00:01:21,380 --> 00:01:19,470

the 50th anniversary celebration and I'm

32

00:01:24,679 --> 00:01:21,390

going to be interviewing hopefully live

33

00:01:27,560 --> 00:01:24,689

of some of the witnesses such as Laurie

34

00:01:29,929 --> 00:01:27,570

Wickens and a few others and that's

35

00:01:33,560 --> 00:01:29,939

going to happen this coming Saturday on

36

00:01:35,060 --> 00:01:33,570

the 28th and that's at 5:30 to 7:30 p.m.

37

00:01:37,280 --> 00:01:35,070

Eastern Standard Time you can see it

38

00:01:41,480 --> 00:01:37,290

right here on youtube or on our website

39

00:01:42,980 --> 00:01:41,490

podcast UFO if if you're supporting the

40

00:01:44,510 --> 00:01:42,990

show I want to thank you very much if

41

00:01:46,580 --> 00:01:44,520

you can't support the show but want to

42

00:01:48,130 --> 00:01:46,590

listen to the whole show free there's a

43

00:01:51,560 --> 00:01:48,140

couple of ways to do that first of all

44

00:01:54,020 --> 00:01:51,570

podcast UFO calm every Wednesday at 8 to

45

00:01:55,460 --> 00:01:54,030

10 p.m. Eastern Standard Time also on

46

00:02:00,050 --> 00:01:55,470

our You Tube channel you can subscribe

47

00:02:02,690 --> 00:02:00,060

to that and we are also Thursday as a

48

00:02:05,690 --> 00:02:02,700

podcast on the dark matter digital

49

00:02:09,859 --> 00:02:05,700

network and that's ten to midnight and

50

00:02:12,380 --> 00:02:09,869

we're also on out world fleet radio that

51
00:02:14,240 --> 00:02:12,390
Saturday at 6 p.m. Eastern Standard Time

52
00:02:17,150 --> 00:02:14,250
that's enough for me

53
00:02:19,850 --> 00:02:17,160
Dondre how you doing I am doing well and

54
00:02:21,350 --> 00:02:19,860
I'm sorry I'm ignorant of this but every

55
00:02:24,620 --> 00:02:21,360
time we do the video you know I watch

56
00:02:27,080 --> 00:02:24,630
you and you have this green creep behind

57
00:02:29,060 --> 00:02:27,090
you and I'm sure there's like that space

58
00:02:30,890 --> 00:02:29,070
or some other planet what what is it

59
00:02:32,750 --> 00:02:30,900
that's usually behind oh well right now

60
00:02:34,850 --> 00:02:32,760
for less I never see the YouTube I know

61
00:02:38,510 --> 00:02:34,860
for the last two shows I have Paul

62
00:02:42,260 --> 00:02:38,520
bennewitz UFO lights behind me Oh No

63
00:02:44,510 --> 00:02:42,270

yeah they look pretty spooky creepy yeah

64

00:02:47,479 --> 00:02:44,520

I'm just showing them I'm moving over so

65

00:02:49,340 --> 00:02:47,489

everybody can see them yeah I guess I

66

00:02:50,570 --> 00:02:49,350

can see more of the grape I thought to

67

00:02:52,430 --> 00:02:50,580

put something I thought of putting

68

00:02:55,280 --> 00:02:52,440

something that moved but that would be

69

00:02:57,650 --> 00:02:55,290

very distracting uh-huh so yeah yeah

70

00:02:58,699 --> 00:02:57,660

they need to listen to pay attention to

71

00:03:02,270 --> 00:02:58,709

this great information

72

00:03:04,310 --> 00:03:02,280

true true so how's everything going I am

73

00:03:05,750 --> 00:03:04,320

doing well keeping busy with the

74

00:03:07,160 --> 00:03:05,760

Congress we have tons of people

75

00:03:08,630 --> 00:03:07,170

registering and if you don't mind me

76

00:03:10,430 --> 00:03:08,640

telling people yeah they've got to

77

00:03:12,290 --> 00:03:10,440

register by the end of the month if they

78

00:03:14,810 --> 00:03:12,300

want to get the major big discount so

79

00:03:16,580 --> 00:03:14,820

the price goes up quite a bit and they

80

00:03:19,220 --> 00:03:16,590

can go to your fo congress.com of course

81

00:03:22,430 --> 00:03:19,230

to see a lot of the speakers so we have

82

00:03:25,460 --> 00:03:22,440

it almost half of them listed but even

83

00:03:27,140 --> 00:03:25,470

more important than that chase let's key

84

00:03:29,990 --> 00:03:27,150

will be there so hopefully be helping

85

00:03:31,330 --> 00:03:30,000

you people at the registration desk and

86

00:03:33,710 --> 00:03:31,340

then you're gonna be there as well

87

00:03:37,550 --> 00:03:33,720

wandering around and just being a cool

88

00:03:39,770 --> 00:03:37,560

dude like usual I should I want to do

89

00:03:41,860 --> 00:03:39,780

something like real important like I

90

00:03:48,740 --> 00:03:41,870

don't know try to think of something

91

00:03:51,259 --> 00:03:48,750

okay like some kind of top hat alien

92

00:03:53,720 --> 00:03:51,269

outfit yeah where you like tell people

93

00:03:55,580 --> 00:03:53,730

hello unwelcome kind of do you like the

94

00:03:58,039 --> 00:03:55,590

whole hello and welcome to yeah that's a

95

00:03:59,870 --> 00:03:58,049

good oh also I'm gonna be I am gonna be

96

00:04:01,340 --> 00:03:59,880

doing hopefully it'll work out I'll be

97

00:04:03,800 --> 00:04:01,350

able to do another live show from there

98

00:04:05,600 --> 00:04:03,810

as I've done every year but you know

99

00:04:07,039 --> 00:04:05,610

what I'm going to accommodate you this

100

00:04:09,650 --> 00:04:07,049

year a little bit better because I'm not

101
00:04:11,830 --> 00:04:09,660
on a radio station so I can work around

102
00:04:14,120 --> 00:04:11,840
the schedule and just let everyone know

103
00:04:16,099 --> 00:04:14,130
because I always do it during the buffet

104
00:04:17,659 --> 00:04:16,109
right the meet-and-greet yeah I know I'm

105
00:04:19,550 --> 00:04:17,669
always running around busy and then

106
00:04:21,409 --> 00:04:19,560
you're over here you know but I've got a

107
00:04:25,029 --> 00:04:21,419
conference to put on and you're over

108
00:04:27,200 --> 00:04:25,039
here but I need to do my radio show hell

109
00:04:28,010 --> 00:04:27,210
yeah no I'm gonna change that this year

110
00:04:29,960 --> 00:04:28,020
me

111
00:04:32,900 --> 00:04:29,970
Oh care for you good yeah that'd be

112
00:04:34,909 --> 00:04:32,910
great yeah work around our schedule so

113
00:04:39,290 --> 00:04:34,919

we don't have to work around you only

114

00:04:43,969 --> 00:04:39,300

yeah yeah all right so what's going on

115

00:04:45,710 --> 00:04:43,979

so the news and news and news I posted a

116

00:04:47,420 --> 00:04:45,720

cool story about Prince Philip so I

117

00:04:49,610 --> 00:04:47,430

didn't realize this I hadn't done this

118

00:04:51,890 --> 00:04:49,620

before but the Sun and this is the news

119

00:04:53,869 --> 00:04:51,900

I wanted to talk about from the devil's

120

00:04:55,249 --> 00:04:53,879

tower event that unfortunately I was

121

00:04:56,689 --> 00:04:55,259

excited because Chase was going to be

122

00:04:57,080 --> 00:04:56,699

able to go to that but she couldn't make

123

00:05:00,860 --> 00:04:57,090

it

124

00:05:02,899 --> 00:05:00,870

there but all of us other researchers

125

00:05:04,939 --> 00:05:02,909

the Sun the UK tabloid which we're

126

00:05:07,040 --> 00:05:04,949

always usually tipping typically making

127

00:05:08,360 --> 00:05:07,050

fun of because they they they don't

128

00:05:10,129 --> 00:05:08,370

always do the best work they've written

129

00:05:11,719 --> 00:05:10,139

some really good stories about the

130

00:05:14,749 --> 00:05:11,729

different talks there they wrote about

131

00:05:17,059 --> 00:05:14,759

mine Travis Waltons and then today they

132

00:05:20,450 --> 00:05:17,069

wrote about Chuck Zukowski and Debbie's

133

00:05:22,760 --> 00:05:20,460

Eagle Meyer who talked about this 37th

134

00:05:25,909 --> 00:05:22,770

parallel and that's kind of exciting i

135

00:05:27,800 --> 00:05:25,919

talked to chuck recently and they're

136

00:05:28,399 --> 00:05:27,810

doing like they did a book with Ben

137

00:05:31,969 --> 00:05:28,409

Mezrich

138

00:05:34,430 --> 00:05:31,979

and they're gonna do a movie and I guess

139

00:05:36,379 --> 00:05:34,440

Robert Downey jr. is excited about it so

140

00:05:39,200 --> 00:05:36,389

they might have some famously people

141

00:05:40,610 --> 00:05:39,210

playing you know Chuck and Debbie who's

142

00:05:42,680 --> 00:05:40,620

mine cuz if you know them they're great

143

00:05:45,939 --> 00:05:42,690

people but that that's gonna be pretty

144

00:05:48,290 --> 00:05:45,949

interesting to see who they have play

145

00:05:50,990 --> 00:05:48,300

assuming this movie goes through but so

146

00:05:53,659 --> 00:05:51,000

far so good so that's some cool stuff

147

00:05:59,600 --> 00:05:53,669

that's on the Sun that you can see on

148

00:06:01,219 --> 00:05:59,610

the website otherwise other news that

149

00:06:02,659 --> 00:06:01,229

one of the stories they wrote about was

150

00:06:04,399 --> 00:06:02,669

really cool and we haven't talked about

151

00:06:07,309 --> 00:06:04,409

this since your last show and that was

152

00:06:10,189 --> 00:06:07,319

Mark Mark Dantonio

153

00:06:12,920 --> 00:06:10,199

and I think he shared this story on your

154

00:06:14,689 --> 00:06:12,930

podcast but what's cool about this is he

155

00:06:16,490 --> 00:06:14,699

hasn't shared it with the mainstream yet

156

00:06:19,249 --> 00:06:16,500

and this is essentially kind of the

157

00:06:21,499 --> 00:06:19,259

first mainstream media posting of this

158

00:06:25,249 --> 00:06:21,509

story that that's been written so Mark

159

00:06:28,249 --> 00:06:25,259

Dantonio mu Fonz photo analysts used to

160

00:06:29,990 --> 00:06:28,259

do he's have a top secret clearance he

161

00:06:31,670 --> 00:06:30,000

doesn't anymore or not that he lost it

162

00:06:35,029 --> 00:06:31,680

he's just isn't doing that work anymore

163

00:06:36,290 --> 00:06:35,039

that that needed it and this is cool too

164

00:06:38,810 --> 00:06:36,300

cuz I've always been interested in

165

00:06:41,089 --> 00:06:38,820

chases response because she has some

166

00:06:41,870 --> 00:06:41,099

connection with this type of thing but

167

00:06:43,670 --> 00:06:41,880

when more

168

00:06:46,160 --> 00:06:43,680

was working on these models they had him

169

00:06:49,160 --> 00:06:46,170

he got to take a ride in a Navy nuclear

170

00:06:51,470 --> 00:06:49,170

sub and while he was in that sub the

171

00:06:55,820 --> 00:06:51,480

sonar like the the guy at the sonar said

172

00:06:57,140 --> 00:06:55,830

fast mover fast mover and so they said

173

00:07:00,140 --> 00:06:57,150

he was clocking something going at

174

00:07:01,550 --> 00:07:00,150

something like 200 knots and but they

175

00:07:03,410 --> 00:07:01,560

didn't really let mark know much about

176
00:07:04,880 --> 00:07:03,420
it when he asked the commanding officer

177
00:07:07,370 --> 00:07:04,890
about it the commanding officer said

178
00:07:09,500 --> 00:07:07,380
mark are you enjoying your ride and Mark

179
00:07:11,000 --> 00:07:09,510
said sure yeah this is great and he said

180
00:07:14,840 --> 00:07:11,010
well let's keep it that way so

181
00:07:16,220 --> 00:07:14,850
essentially shut up so later on he was

182
00:07:18,560 --> 00:07:16,230
working on these programs and he talked

183
00:07:20,600 --> 00:07:18,570
to another officer and he said hey tell

184
00:07:22,130 --> 00:07:20,610
me about the fast mover program and the

185
00:07:26,180 --> 00:07:22,140
guy told him I can't tell you about that

186
00:07:28,940 --> 00:07:26,190
which led mark to believe that there

187
00:07:30,050 --> 00:07:28,950
really is some sort of program which I

188
00:07:32,450 --> 00:07:30,060

think people will be excited about

189

00:07:35,510 --> 00:07:32,460

because he's often typically kind of

190

00:07:38,060 --> 00:07:35,520

considered a skeptic since he hasn't

191

00:07:39,710 --> 00:07:38,070

found a UFO photo essentially that he's

192

00:07:42,440 --> 00:07:39,720

like you and I talked about this quite a

193

00:07:44,480 --> 00:07:42,450

bit so that was a really cool story that

194

00:07:47,870 --> 00:07:44,490

was another great story that the son had

195

00:07:51,290 --> 00:07:47,880

so that's pretty neat yeah otherwise

196

00:07:55,010 --> 00:07:51,300

another big story this week is the

197

00:07:57,860 --> 00:07:55,020

Russian so there were some odd photos

198

00:08:00,200 --> 00:07:57,870

taken in Russia and Armenia and some of

199

00:08:02,030 --> 00:08:00,210

the countries around there and for those

200

00:08:05,270 --> 00:08:02,040

of us like you and I who are used to

201

00:08:08,810 --> 00:08:05,280

this we can identify what it is and it

202

00:08:10,580 --> 00:08:08,820

was a missile and essentially these

203

00:08:13,310 --> 00:08:10,590

missiles what they'll do is they just

204

00:08:15,890 --> 00:08:13,320

swerve weird or they can't spin out and

205

00:08:17,690 --> 00:08:15,900

create these giants fire rolls like they

206

00:08:18,890 --> 00:08:17,700

did in Norway and yeah and a lot of

207

00:08:20,540 --> 00:08:18,900

people I don't know if you still get

208

00:08:22,970 --> 00:08:20,550

hate mail every time we talk about this

209

00:08:24,470 --> 00:08:22,980

but and it was Mark Dantonio burst my

210

00:08:26,360 --> 00:08:24,480

bubble on this one I'm like what that

211

00:08:28,940 --> 00:08:26,370

can't be a missile and he explained to

212

00:08:31,220 --> 00:08:28,950

me how and then he showed me other

213

00:08:33,709 --> 00:08:31,230

evidence of how this has happened in the

214

00:08:35,510 --> 00:08:33,719

past in fact there are times where you

215

00:08:37,909 --> 00:08:35,520

can go on YouTube and see these these

216

00:08:40,159 --> 00:08:37,919

missiles coming out of a sub then going

217

00:08:43,270 --> 00:08:40,169

haywire and just boom spinning out of

218

00:08:46,250 --> 00:08:43,280

control and you see the spiral effect

219

00:08:49,190 --> 00:08:46,260

happening so when it happens at space

220

00:08:50,960 --> 00:08:49,200

it's even more extraordinary I remember

221

00:08:53,930 --> 00:08:50,970

there's a big one in LA where lots of

222

00:08:55,370 --> 00:08:53,940

stars and stuff had seen it and a big

223

00:08:57,920 --> 00:08:55,380

portion of the sky was covered

224

00:08:59,870 --> 00:08:57,930

by the gas in this thing so I'm really a

225

00:09:02,930 --> 00:08:59,880

little failed missile missile launch on

226

00:09:06,200 --> 00:09:02,940

that one yep yep and bail missile on

227

00:09:09,530 --> 00:09:06,210

yeah that it's the upper atmosphere and

228

00:09:11,990 --> 00:09:09,540

like you said you know low space where

229

00:09:14,120 --> 00:09:12,000

these things really look totally amazing

230

00:09:15,310 --> 00:09:14,130

and I can i really really get why

231

00:09:18,380 --> 00:09:15,320

someone would think it would be

232

00:09:20,150 --> 00:09:18,390

something out of this world you know it

233

00:09:23,450 --> 00:09:20,160

just doesn't yeah just doesn't appear

234

00:09:25,460 --> 00:09:23,460

like you know that yeah it does it looks

235

00:09:27,050 --> 00:09:25,470

wild and when it's yet like you said in

236

00:09:30,140 --> 00:09:27,060

the upper atmosphere it looks humongous

237

00:09:31,850 --> 00:09:30,150

so but it's just gases that are

238

00:09:35,750 --> 00:09:31,860

reflecting the sunlight and stuff like

239

00:09:37,640 --> 00:09:35,760

that so finally this is really cool too

240

00:09:39,620 --> 00:09:37,650

I think just because I've been kind of

241

00:09:41,480 --> 00:09:39,630

and you've probably I've been privy to

242

00:09:43,220 --> 00:09:41,490

this story there's a guy named Phillip

243

00:09:46,040 --> 00:09:43,230

mantle in the UK and he's been talking

244

00:09:47,990 --> 00:09:46,050

about this guy Spyro small heiress for

245

00:09:50,720 --> 00:09:48,000

quite some time the guy who alleges to

246

00:09:54,200 --> 00:09:50,730

have you know created the bodies when it

247

00:09:56,120 --> 00:09:54,210

came to the alien autopsy filling well a

248

00:09:58,010 --> 00:09:56,130

lot of people have doubted it and really

249

00:09:59,720 --> 00:09:58,020

Phillip Mantle's kind of been carrying

250

00:10:02,300 --> 00:09:59,730

this all on his own

251

00:10:04,160 --> 00:10:02,310

but finally because his Spyro small

252

00:10:07,190 --> 00:10:04,170

heiress has been like hesitant to talk

253

00:10:09,620 --> 00:10:07,200

publicly and so he's been kind of

254

00:10:11,660 --> 00:10:09,630

elusive but finally he's been talking to

255

00:10:14,120 --> 00:10:11,670

the major media and he's been admitting

256

00:10:17,540 --> 00:10:14,130

okay yeah I'm the guy and describing in

257

00:10:20,300 --> 00:10:17,550

detail how he created and hoax those

258

00:10:22,310 --> 00:10:20,310

videos and he says you know which is one

259

00:10:25,730 --> 00:10:22,320

of the reasons he didn't come out he is

260

00:10:29,600 --> 00:10:25,740

really embarrassed he did not realize it

261

00:10:31,700 --> 00:10:29,610

would get so huge as it has and so he

262

00:10:34,580 --> 00:10:31,710

says he feels really bad about it it was

263

00:10:36,980 --> 00:10:34,590

a joke but now it's you turned into this

264

00:10:39,410 --> 00:10:36,990

huge thing and of course as he predicts

265

00:10:41,600 --> 00:10:39,420

in his story even though he's come

266

00:10:43,970 --> 00:10:41,610

forward and talked about even in very my

267

00:10:45,290 --> 00:10:43,980

new detail how he created all of these

268

00:10:47,450 --> 00:10:45,300

different things sure enough when I

269

00:10:48,890 --> 00:10:47,460

posted on on Facebook you know people

270

00:10:53,000 --> 00:10:48,900

are like I don't believe this this is a

271

00:10:56,810 --> 00:10:53,010

cover-up he's lying so yes well guess

272

00:10:58,910 --> 00:10:56,820

who you follow Jean yeah now he's not

273

00:11:02,480 --> 00:10:58,920

the one that made the 200,000 or

274

00:11:04,430 --> 00:11:02,490

whatever it was from it was he no

275

00:11:07,240 --> 00:11:04,440

there's a guy there who owned it and I

276

00:11:09,999 --> 00:11:07,250

can't remember his name right now

277

00:11:12,069 --> 00:11:10,009

if you go to my facebook post on this I

278

00:11:14,350 --> 00:11:12,079

posted a couple follow-up stories

279

00:11:16,929 --> 00:11:14,360

because we Philip Mantle's a contributor

280

00:11:19,300 --> 00:11:16,939

at open mind stat TV and so he's written

281

00:11:23,290 --> 00:11:19,310

about this and other things at length

282

00:11:24,819 --> 00:11:23,300

and he wrote about how the the owner and

283

00:11:25,420 --> 00:11:24,829

he uses his name and I can't remember

284

00:11:28,869 --> 00:11:25,430

his name

285

00:11:31,360 --> 00:11:28,879

tried to provide film as proof that

286

00:11:33,910 --> 00:11:31,370

these were real but the film he provided

287

00:11:35,980 --> 00:11:33,920

some of it was not from the right time

288

00:11:38,199 --> 00:11:35,990

period and was not correct some of it

289

00:11:41,079 --> 00:11:38,209

was from the right time period but were

290

00:11:44,019 --> 00:11:41,089

copies but the problem was all of this

291

00:11:46,600 --> 00:11:44,029

film he provided none of it had any of

292

00:11:48,519 --> 00:11:46,610

the alien autopsy stuff on it he said oh

293

00:11:51,970 --> 00:11:48,529

this is from another part of the film oh

294

00:11:55,090 --> 00:11:51,980

yeah well you know so but he would not

295

00:11:57,249 --> 00:11:55,100

provide a part of the film that had you

296

00:11:59,439 --> 00:11:57,259

know what people were interested in so

297

00:12:01,480 --> 00:11:59,449

that could be tested which is just all

298

00:12:03,850 --> 00:12:01,490

signs of you know this guy trying to

299

00:12:05,920 --> 00:12:03,860

trick everybody and he did trick people

300

00:12:10,660 --> 00:12:05,930

and he made a lot of money off of it

301
00:12:11,949 --> 00:12:10,670
yeah yeah and like you said I l've every

302
00:12:13,869 --> 00:12:11,959
once in a while someone will send me

303
00:12:16,990 --> 00:12:13,879
something about the alien autopsy I

304
00:12:19,569 --> 00:12:17,000
remember when it went viral on TV this

305
00:12:23,079 --> 00:12:19,579
was I don't know what was that the 1990s

306
00:12:25,509 --> 00:12:23,089
sometime yeah sometime in the 90s I can

307
00:12:28,179 --> 00:12:25,519
look it up here and it was I remember

308
00:12:30,400 --> 00:12:28,189
seeing it and thinking wow you know that

309
00:12:32,740 --> 00:12:30,410
and I wasn't even really talking about

310
00:12:34,509 --> 00:12:32,750
UFOs back then her anything but I saw

311
00:12:36,579 --> 00:12:34,519
that clip and I thought wow is that even

312
00:12:39,610 --> 00:12:36,589
possible you know mm-hmm

313
00:12:40,960 --> 00:12:39,620

but think of the probably millions of

314

00:12:41,910 --> 00:12:40,970

people out there that think that was a

315

00:12:45,090 --> 00:12:41,920

real deal

316

00:12:51,610 --> 00:12:45,100

yeah Ray Santilli was a guy's name in

317

00:12:53,170 --> 00:12:51,620

1995 was when the video came out yeah it

318

00:12:55,119 --> 00:12:53,180

was produced by Bob kiveat

319

00:12:57,429 --> 00:12:55,129

who's someone I actually was speaking to

320

00:13:01,150 --> 00:12:57,439

today about he's still doing UFO shows

321

00:13:03,220 --> 00:13:01,160

and kiveat is he's really into UFOs he's

322

00:13:05,710 --> 00:13:03,230

a he's a TV producer he's done a lot of

323

00:13:09,009 --> 00:13:05,720

some of the stuff that people would

324

00:13:11,110 --> 00:13:09,019

recognize but this was one where yeah

325

00:13:13,240 --> 00:13:11,120

everybody kind of got a lot of people

326

00:13:14,139 --> 00:13:13,250

got duped but then again a lot of people

327

00:13:16,620 --> 00:13:14,149

made money too

328

00:13:20,930 --> 00:13:16,630

yeah right right so is that it for today

329

00:13:23,390 --> 00:13:20,940

that's it for now all right so

330

00:13:24,980 --> 00:13:23,400

we'll be back next week thanks man all

331

00:13:28,940 --> 00:13:24,990

right talk to you later all right take

332

00:13:31,940 --> 00:13:28,950

care all right our guest is chase

333

00:13:34,250 --> 00:13:31,950

Collett ski and we've had her on I think

334

00:13:39,440 --> 00:13:34,260

she was one of the early people on our

335

00:13:42,080 --> 00:13:39,450

show way back and I always enjoy having

336

00:13:43,940 --> 00:13:42,090

her on so much and she's has an amazing

337

00:13:45,710 --> 00:13:43,950

background if you're listening live or

338

00:13:49,340 --> 00:13:45,720

you're listening to this as a podcast

339

00:13:51,530 --> 00:13:49,350

you can check out her bio in the show

340

00:13:54,380 --> 00:13:51,540

notes and as she was schooled as a

341

00:13:58,220 --> 00:13:54,390

private investigator and she joined

342

00:14:00,410 --> 00:13:58,230

MUFON back in 1996 and was selected as

343

00:14:03,260 --> 00:14:00,420

part of the start know actually the star

344

00:14:05,660 --> 00:14:03,270

team manager at the time anyway glad to

345

00:14:08,120 --> 00:14:05,670

have her back as usual chase welcome to

346

00:14:09,740 --> 00:14:08,130

the show again thanks so much for having

347

00:14:12,230 --> 00:14:09,750

me Martin you know I've been looking

348

00:14:14,120 --> 00:14:12,240

forward to this yeah I know it's been I

349

00:14:16,370 --> 00:14:14,130

can't I can't remember how long it's

350

00:14:19,030 --> 00:14:16,380

been but it's oh I know the last time

351
00:14:21,530 --> 00:14:19,040
you were on is when we're in Phoenix you

352
00:14:23,720 --> 00:14:21,540
were yeah that's a round table in

353
00:14:26,560 --> 00:14:23,730
Phoenix so that's going yes

354
00:14:28,610 --> 00:14:26,570
but always a conference and I know

355
00:14:30,650 --> 00:14:28,620
everyone wants to hear the triangle

356
00:14:32,630 --> 00:14:30,660
story but you have told that a billion

357
00:14:35,660 --> 00:14:32,640
million times so we're gonna be talking

358
00:14:37,100 --> 00:14:35,670
about that if we actually run out of

359
00:14:39,410 --> 00:14:37,110
stuff to talk about toward the end of

360
00:14:40,970 --> 00:14:39,420
the show but for now what's been going

361
00:14:43,460 --> 00:14:40,980
on lately you're into all kinds of

362
00:14:45,410 --> 00:14:43,470
things you've been doing yeah it's

363
00:14:48,800 --> 00:14:45,420

really a great time to be a UFO

364

00:14:50,750 --> 00:14:48,810

investigator and well actually if you

365

00:14:55,220 --> 00:14:50,760

don't know what it is I'll go look so if

366

00:14:58,790 --> 00:14:55,230

it's a legit report or sighting or event

367

00:15:01,670 --> 00:14:58,800

I just enjoy being out boots on the

368

00:15:03,500 --> 00:15:01,680

ground and you know just digging in and

369

00:15:07,250 --> 00:15:03,510

getting some of these mystery solved

370

00:15:08,810 --> 00:15:07,260

one case at a time right and when we

371

00:15:11,870 --> 00:15:08,820

were talking briefly before the show you

372

00:15:14,150 --> 00:15:11,880

mentioned that there's a new model of

373

00:15:18,050 --> 00:15:14,160

Investigation can you talk about that

374

00:15:21,710 --> 00:15:18,060

this is for MUFON right yeah coming back

375

00:15:24,770 --> 00:15:21,720

to MUFON Jan Harlan had talked to me

376

00:15:28,880 --> 00:15:24,780

about you know he had an idea about a

377

00:15:30,740 --> 00:15:28,890

team of people that he could rely on for

378

00:15:34,180 --> 00:15:30,750

some of the cases that don't quite fit

379

00:15:36,040 --> 00:15:34,190

the CMS model or the case management

380

00:15:39,700 --> 00:15:36,050

that's where the public can file the

381

00:15:41,860 --> 00:15:39,710

reports so we call that CMS and not

382

00:15:45,220 --> 00:15:41,870

everything fits in that little box and

383

00:15:46,930 --> 00:15:45,230

things that MUFON is interested in well

384

00:15:49,290 --> 00:15:46,940

he didn't have a team that could work on

385

00:15:53,790 --> 00:15:49,300

those or a system set up to take that

386

00:15:56,470 --> 00:15:53,800

without you know just asking a couple

387

00:15:58,150 --> 00:15:56,480

investigators already in MUFON but you

388

00:16:00,610 --> 00:15:58,160

know our state directors and field

389

00:16:05,050 --> 00:16:00,620

investigators are already so overworked

390

00:16:06,820 --> 00:16:05,060

it seems we get so many reports so he

391

00:16:10,300 --> 00:16:06,830

asked me to design this and it was kind

392

00:16:12,490 --> 00:16:10,310

of a headquarters team and when he told

393

00:16:14,290 --> 00:16:12,500

me what he thought his needs were or

394

00:16:16,840 --> 00:16:14,300

what kind of team he was looking at I

395

00:16:19,750 --> 00:16:16,850

immediately thought that I could design

396

00:16:21,400 --> 00:16:19,760

a new investigation model that hasn't

397

00:16:22,330 --> 00:16:21,410

really been done before especially a

398

00:16:27,340 --> 00:16:22,340

MUFON

399

00:16:29,890 --> 00:16:27,350

investigators start with background and

400

00:16:32,490 --> 00:16:29,900

I kind of thought if we're going to be

401
00:16:36,280 --> 00:16:32,500
dealing with high-profile witnesses

402
00:16:39,580 --> 00:16:36,290
whistleblowers you know stories of high

403
00:16:43,060 --> 00:16:39,590
national security interest hackers

404
00:16:46,390 --> 00:16:43,070
type things then we need a high

405
00:16:48,970 --> 00:16:46,400
performance team so I developed that and

406
00:16:51,010 --> 00:16:48,980
we work as a task force no different

407
00:16:52,900 --> 00:16:51,020
than a police department that would have

408
00:16:55,210 --> 00:16:52,910
their regular police you know out there

409
00:16:57,520 --> 00:16:55,220
handling the everyday needs that cannot

410
00:16:59,200 --> 00:16:57,530
be dropped but then you have this

411
00:17:01,960 --> 00:16:59,210
special unit that can come in and handle

412
00:17:04,630 --> 00:17:01,970
the big things that take extra time and

413
00:17:07,569 --> 00:17:04,640

a little more scrutiny and you know a

414

00:17:08,500 --> 00:17:07,579

lot of different leads going in all

415

00:17:10,240 --> 00:17:08,510

different directions

416

00:17:12,160 --> 00:17:10,250

so that's what I've done is I designed

417

00:17:14,710 --> 00:17:12,170

the special assignment team to handle

418

00:17:16,360 --> 00:17:14,720

that but I love this investigation model

419

00:17:19,569 --> 00:17:16,370

because it's turned out to be so

420

00:17:23,260 --> 00:17:19,579

successful we even incorporated a

421

00:17:24,939 --> 00:17:23,270

reporter and a correspondent so it's is

422

00:17:27,130 --> 00:17:24,949

just really bit you know to kind of keep

423

00:17:30,310 --> 00:17:27,140

up with all our information and and keep

424

00:17:32,560 --> 00:17:30,320

things organized because as a task force

425

00:17:34,120 --> 00:17:32,570

we go in everybody contributes

426
00:17:36,280 --> 00:17:34,130
everybody's throwing stuff on the table

427
00:17:39,430 --> 00:17:36,290
you know we're throwing things up on the

428
00:17:41,320 --> 00:17:39,440
board and making timelines and making

429
00:17:44,890 --> 00:17:41,330
things work so I'm really proud of this

430
00:17:46,930 --> 00:17:44,900
this team that's you know brand-new a

431
00:17:48,070 --> 00:17:46,940
MUFON it's actually three years old now

432
00:17:49,120 --> 00:17:48,080
I kind of

433
00:17:54,610 --> 00:17:49,130
believe it because I still feel like

434
00:17:56,799 --> 00:17:54,620
renew and now some of the complaints you

435
00:17:59,830 --> 00:17:56,809
hear about and move on are you know

436
00:18:03,610 --> 00:17:59,840
things like not being able to act access

437
00:18:06,730 --> 00:18:03,620
the data you know do you think any of

438
00:18:09,789 --> 00:18:06,740

that will ever change or or what you

439

00:18:12,250 --> 00:18:09,799

know do people discuss that say you know

440

00:18:15,279 --> 00:18:12,260

that the board or you know where does

441

00:18:18,930 --> 00:18:15,289

that go they do it's always a concern

442

00:18:21,220 --> 00:18:18,940

and it comes up quite a bit because Jan

443

00:18:23,529 --> 00:18:21,230

sometimes we're aggravated at this

444

00:18:25,419 --> 00:18:23,539

because he focuses on you know

445

00:18:27,310 --> 00:18:25,429

everything that comes across his desk so

446

00:18:29,560 --> 00:18:27,320

whether somebody has a complaint or an

447

00:18:32,769 --> 00:18:29,570

idea he gives it the same amount of

448

00:18:35,440 --> 00:18:32,779

attention as everything else and it is a

449

00:18:37,149 --> 00:18:35,450

complaint I think what most people don't

450

00:18:39,129 --> 00:18:37,159

understand is when we're asking for

451
00:18:41,560 --> 00:18:39,139
information for witnesses we can't just

452
00:18:43,600 --> 00:18:41,570
put all that information out for the

453
00:18:45,700 --> 00:18:43,610
public to see because you know their

454
00:18:47,590 --> 00:18:45,710
addresses on it and or they might be

455
00:18:50,500 --> 00:18:47,600
talking about their minor children and

456
00:18:53,230 --> 00:18:50,510
part of the report but it's also all

457
00:18:57,430 --> 00:18:53,240
their contact information it's just so

458
00:18:59,379 --> 00:18:57,440
if we try to leave that out and then we

459
00:19:01,750 --> 00:18:59,389
have the investigators and sometimes

460
00:19:03,700 --> 00:19:01,760
we're digging into things that would

461
00:19:05,950 --> 00:19:03,710
reveal that information so the

462
00:19:09,159 --> 00:19:05,960
investigator notes kind of can't make

463
00:19:10,419 --> 00:19:09,169

those public either so we're kind of

464

00:19:13,240 --> 00:19:10,429

stuck between a rock and a hard place

465

00:19:15,940 --> 00:19:13,250

how to be as transparent as people would

466

00:19:19,200 --> 00:19:15,950

like us to be and yet it's not an option

467

00:19:22,659 --> 00:19:19,210

because of protecting our witnesses

468

00:19:25,029 --> 00:19:22,669

there's just no way you know what most

469

00:19:27,930 --> 00:19:25,039

of my investigation notes could never be

470

00:19:30,250 --> 00:19:27,940

made you know public to anybody however

471

00:19:32,259 --> 00:19:30,260

we do have people that you know will

472

00:19:35,620 --> 00:19:32,269

call in to MUFON and want more details

473

00:19:37,720 --> 00:19:35,630

on certain cases and of course he and

474

00:19:41,019 --> 00:19:37,730

Roger March will immediately send you to

475

00:19:42,690 --> 00:19:41,029

the fi and the state director so we're

476

00:19:45,430 --> 00:19:42,700

trying to be as transparent as possible

477

00:19:48,330 --> 00:19:45,440

but we're dealing with you know private

478

00:19:51,310 --> 00:19:48,340

people and sometimes extraordinary

479

00:19:53,560 --> 00:19:51,320

reports that they wanted us to have the

480

00:19:56,139 --> 00:19:53,570

information so that their event was

481

00:19:57,549 --> 00:19:56,149

documented but they don't want to hear

482

00:20:00,250 --> 00:19:57,559

about it anymore you know they want to

483

00:20:02,049 --> 00:20:00,260

wash your hands and move on yes and I

484

00:20:06,430 --> 00:20:02,059

know how important

485

00:20:08,739 --> 00:20:06,440

anonymity is for witnesses otherwise you

486

00:20:10,570 --> 00:20:08,749

know it wouldn't work you know there's a

487

00:20:12,669 --> 00:20:10,580

lot of people that just would not make a

488

00:20:13,899 --> 00:20:12,679

report if they knew that their name was

489

00:20:17,859 --> 00:20:13,909

going to get out there some people don't

490

00:20:20,709 --> 00:20:17,869

care but for those people that do you'd

491

00:20:22,570 --> 00:20:20,719

lose all those right or what about the

492

00:20:24,249 --> 00:20:22,580

people that don't care because they

493

00:20:26,709 --> 00:20:24,259

didn't fully understand the type of

494

00:20:29,349 --> 00:20:26,719

attention they would get and then now

495

00:20:31,749 --> 00:20:29,359

want it taken down but it is a

496

00:20:34,810 --> 00:20:31,759

discussion it's it's an issue that is

497

00:20:36,759 --> 00:20:34,820

consistently re-examined is there

498

00:20:39,489 --> 00:20:36,769

anything new we can provide anything new

499

00:20:41,950 --> 00:20:39,499

we can do with you know new avenues that

500

00:20:44,680 --> 00:20:41,960

we have like YouTube or you know so it's

501
00:20:46,749 --> 00:20:44,690
it is it is a concern and MUFON takes a

502
00:20:49,570 --> 00:20:46,759
lot of hits for it which i think is

503
00:20:51,519 --> 00:20:49,580
unfair because the only reason these

504
00:20:53,649 --> 00:20:51,529
reports aren't out there is to protect

505
00:20:57,310 --> 00:20:53,659
the very people asking for them you know

506
00:21:00,190 --> 00:20:57,320
I read a lot of Roger Marsh does a lot

507
00:21:04,329 --> 00:21:00,200
of writing for Alejandro's web site open

508
00:21:07,119 --> 00:21:04,339
minds TV and I read those reports and a

509
00:21:09,159 --> 00:21:07,129
lot of times I wonder you know it's it's

510
00:21:10,959 --> 00:21:09,169
either closed or it's still open or

511
00:21:14,019 --> 00:21:10,969
whatever but I always wanted to follow

512
00:21:16,450 --> 00:21:14,029
up you know is there any way at all to

513
00:21:19,619 --> 00:21:16,460

find out what happens to like one of the

514

00:21:24,849 --> 00:21:19,629

major cases as far as the investigation

515

00:21:27,089 --> 00:21:24,859

at all absolutely just I give contact

516

00:21:30,219 --> 00:21:27,099

Jan through an email or a phone call

517

00:21:33,029 --> 00:21:30,229

what's I think what separates MUFON from

518

00:21:36,369 --> 00:21:33,039

most organizations that investigate

519

00:21:38,709 --> 00:21:36,379

anomaly is we have a business office

520

00:21:42,310 --> 00:21:38,719

that's amazing a fully staffed business

521

00:21:44,919 --> 00:21:42,320

office that focuses yeah it's and it

522

00:21:46,839 --> 00:21:44,929

focuses directly on you know the

523

00:21:49,029 --> 00:21:46,849

business of having you know these

524

00:21:51,849 --> 00:21:49,039

operations where the investigators are

525

00:21:54,879 --> 00:21:51,859

getting the training that they they need

526

00:21:55,329 --> 00:21:54,889

and you know now we have mu everything's

527

00:21:58,599 --> 00:21:55,339

online

528

00:22:01,810 --> 00:21:58,609

MUFON University there's courses in

529

00:22:03,759 --> 00:22:01,820

astrology and you know this our days of

530

00:22:07,029 --> 00:22:03,769

sniffing dirt are over Martin because

531

00:22:10,560 --> 00:22:07,039

there's a lot of really high tech stuff

532

00:22:13,599 --> 00:22:10,570

going on and MUFON really holding on

533

00:22:15,700 --> 00:22:13,609

desperately to that scientific method

534

00:22:18,190 --> 00:22:15,710

which some people are critical

535

00:22:22,330 --> 00:22:18,200

and yet it's the only way we're going to

536

00:22:24,370 --> 00:22:22,340

meet admissibility so for us to ever hit

537

00:22:26,800 --> 00:22:24,380

that burden of proof for any kind of

538

00:22:29,440 --> 00:22:26,810

public or the science we're holding on

539

00:22:32,650 --> 00:22:29,450

to the very strict protocols that we

540

00:22:35,980 --> 00:22:32,660

take hits for I get it guys we all want

541

00:22:38,320 --> 00:22:35,990

to do the you know fringe out here and

542

00:22:41,230 --> 00:22:38,330

there's they'll let you do that as well

543

00:22:45,340 --> 00:22:41,240

but just not a move on we have to stick

544

00:22:47,170 --> 00:22:45,350

with a scientific agenda and you know

545

00:22:49,360 --> 00:22:47,180

but it's an ever changing world I think

546

00:22:51,940 --> 00:22:49,370

that was some of what the complaints

547

00:22:54,010 --> 00:22:51,950

were for the symposium this last year

548

00:22:56,500 --> 00:22:54,020

there was a little fire out there a lot

549

00:22:58,930 --> 00:22:56,510

of the speakers so I'm sure you heard a

550

00:23:01,660 --> 00:22:58,940

little bit of that flack right we did

551
00:23:03,970 --> 00:23:01,670
and and I'll admit something to you that

552
00:23:07,510 --> 00:23:03,980
a lot of people don't know each year Jan

553
00:23:09,340 --> 00:23:07,520
picks you know people that he feels are

554
00:23:11,620 --> 00:23:09,350
best suited to you maybe help with

555
00:23:16,090 --> 00:23:11,630
speakers and and to help with some of

556
00:23:19,450 --> 00:23:16,100
the conference material and last year I

557
00:23:21,490 --> 00:23:19,460
was part of that team and that kind of

558
00:23:23,410 --> 00:23:21,500
helped like who do we bring in who do we

559
00:23:25,840 --> 00:23:23,420
have and of course my first words were

560
00:23:29,530 --> 00:23:25,850
Richard Dolan and Michael shraddh and I

561
00:23:31,690 --> 00:23:29,540
like to stay very science minded but and

562
00:23:34,060 --> 00:23:31,700
I have to tell you that I did make a

563
00:23:35,500 --> 00:23:34,070

comment I was not happy and I did not

564

00:23:37,150 --> 00:23:35,510

think it was a good idea to bring in a

565

00:23:38,380 --> 00:23:37,160

couple of the speakers and I won't

566

00:23:41,970 --> 00:23:38,390

mention them because I think it's gonna

567

00:23:45,610 --> 00:23:41,980

be obvious but and and I was really very

568

00:23:48,700 --> 00:23:45,620

defiant about that and then it hit me

569

00:23:52,090 --> 00:23:48,710

when Jan explained but you know chase we

570

00:23:55,060 --> 00:23:52,100

can't always just present our side or

571

00:23:58,240 --> 00:23:55,070

the side we just want the people to know

572

00:24:00,880 --> 00:23:58,250

why don't we give the public the entire

573

00:24:03,610 --> 00:24:00,890

story which also includes this other end

574

00:24:06,550 --> 00:24:03,620

and I thought you know what all these TV

575

00:24:08,050 --> 00:24:06,560

shows or you know blogs and you know all

576
00:24:11,920 --> 00:24:08,060
the information we're getting out here

577
00:24:14,230 --> 00:24:11,930
they typically set up so that you're

578
00:24:15,310 --> 00:24:14,240
they're telling you what's going on and

579
00:24:18,670 --> 00:24:15,320
what you need to believe and this is

580
00:24:21,700 --> 00:24:18,680
what happened and done I love that Jan

581
00:24:24,640 --> 00:24:21,710
stepped out of the box and he took a lot

582
00:24:27,970 --> 00:24:24,650
of heat for it except it was the biggest

583
00:24:29,140 --> 00:24:27,980
suppose iam in history it tripled last

584
00:24:32,200 --> 00:24:29,150
year in

585
00:24:34,570 --> 00:24:32,210
birds you know in revenue and it was I

586
00:24:36,340 --> 00:24:34,580
think it was a stroke of brilliance that

587
00:24:38,620 --> 00:24:36,350
he presented the whole case and let the

588
00:24:41,650 --> 00:24:38,630

public decide this time these are the

589

00:24:45,070 --> 00:24:41,660

best witnesses on both sides what do you

590

00:24:46,510 --> 00:24:45,080

guys think because it's a symposium and

591

00:24:48,400 --> 00:24:46,520

it's also our fundraiser

592

00:24:50,110 --> 00:24:48,410

you know everybody hates to bring money

593

00:24:52,240 --> 00:24:50,120

and ufology but somebody's got to pay

594

00:24:55,270 --> 00:24:52,250

the bills and the office space and the

595

00:24:59,170 --> 00:24:55,280

you know and it's our fundraiser

596

00:25:01,090 --> 00:24:59,180

why wouldn't we try to create the kind

597

00:25:04,450 --> 00:25:01,100

of list that would give us the numbers

598

00:25:06,310 --> 00:25:04,460

we had last year so it for a business

599

00:25:08,799 --> 00:25:06,320

send to MUFON it was brilliant

600

00:25:11,470 --> 00:25:08,809

but he's still taking hits for giving

601
00:25:14,440 --> 00:25:11,480
these people a little stage time and I

602
00:25:17,650 --> 00:25:14,450
get that yeah but I also understand even

603
00:25:19,990 --> 00:25:17,660
I found myself going in there because I

604
00:25:22,780 --> 00:25:20,000
only knew a part of what some of these

605
00:25:24,100 --> 00:25:22,790
speakers that I didn't care for I only

606
00:25:25,690 --> 00:25:24,110
knew a little bit of this story because

607
00:25:28,000 --> 00:25:25,700
I shut down so quickly

608
00:25:30,940 --> 00:25:28,010
let me hear all of what they have to say

609
00:25:34,060 --> 00:25:30,950
I came out with the same opinion but at

610
00:25:36,669 --> 00:25:34,070
least I barely gave it some weight right

611
00:25:38,080 --> 00:25:36,679
well you know Jan is a smart guy there's

612
00:25:42,370 --> 00:25:38,090
no doubt about it

613
00:25:45,640 --> 00:25:42,380

and so there you know that move on took

614

00:25:48,400 --> 00:25:45,650

a little bit of other hits this year how

615

00:25:49,960 --> 00:25:48,410

has as far as you know I don't know how

616

00:25:55,510 --> 00:25:49,970

much you know about the inner workings

617

00:25:58,530 --> 00:25:55,520

but what is the membership going like we

618

00:26:03,100 --> 00:25:58,540

did take some hits and it's unfortunate

619

00:26:06,880 --> 00:26:03,110

you know some we kind of asked for and

620

00:26:08,890 --> 00:26:06,890

some and some were unfair and I I think

621

00:26:12,010 --> 00:26:08,900

it was I call it kind of almost a

622

00:26:14,799 --> 00:26:12,020

sifting you know every few years and

623

00:26:17,190 --> 00:26:14,809

ufology you know something riles up and

624

00:26:19,540 --> 00:26:17,200

you know people leave because you know

625

00:26:22,660 --> 00:26:19,550

they're disgusted with it or whatever

626

00:26:26,680 --> 00:26:22,670

and in this case we had a couple

627

00:26:29,590 --> 00:26:26,690

incidences that caused some of some of

628

00:26:31,570 --> 00:26:29,600

our vets some of our veteran ufologists

629

00:26:35,620 --> 00:26:31,580

that have been doing this for 40 and 50

630

00:26:40,810 --> 00:26:35,630

years versus my little 25 but you know

631

00:26:42,340 --> 00:26:40,820

to leave MUFON and yeah it kind of hurt

632

00:26:44,080 --> 00:26:42,350

its stung and move

633

00:26:46,000 --> 00:26:44,090

you know nobody likes to lose some of

634

00:26:48,610 --> 00:26:46,010

our grades or some of the people that

635

00:26:51,039 --> 00:26:48,620

have really movers and shakers and yet

636

00:26:53,409 --> 00:26:51,049

at the same time we're not going to

637

00:26:56,169 --> 00:26:53,419

affect change or kind of keep people

638

00:26:58,779 --> 00:26:56,179

honest we all know that I left because I

639

00:27:00,730 --> 00:26:58,789

caught a few a few people with their

640

00:27:02,590 --> 00:27:00,740

hands in the cookie jar and when I left

641

00:27:05,260 --> 00:27:02,600

I called them out by name they're not

642

00:27:11,430 --> 00:27:05,270

there anymore we can't fix things by

643

00:27:13,720 --> 00:27:11,440

just quitting and I really do think that

644

00:27:16,990 --> 00:27:13,730

MUFON has to change in the direction

645

00:27:21,130 --> 00:27:17,000

it's going to remain viable and visible

646

00:27:23,980 --> 00:27:21,140

and relevant and yet we have people that

647

00:27:25,299 --> 00:27:23,990

you know just don't think that you know

648

00:27:27,010 --> 00:27:25,309

everything should stay the same because

649

00:27:28,779 --> 00:27:27,020

why are we falling into that trap and

650

00:27:31,390 --> 00:27:28,789

I'm you know so it's a business decision

651
00:27:34,960 --> 00:27:31,400
at this point and if anybody thinks that

652
00:27:36,549 --> 00:27:34,970
you know ufology is not a business or

653
00:27:39,310 --> 00:27:36,559
you know if you have a paranormal team

654
00:27:40,600 --> 00:27:39,320
hasn't been in the field that long it's

655
00:27:46,720 --> 00:27:40,610
very competitive

656
00:27:49,240 --> 00:27:46,730
it's very tumultuous at times but the

657
00:27:52,600 --> 00:27:49,250
good news is the the loss of a few of

658
00:27:54,640 --> 00:27:52,610
the losses we took stung there were a

659
00:27:55,990 --> 00:27:54,650
couple that you know don't let the door

660
00:27:58,779 --> 00:27:56,000
hit you on the butt on the way out buddy

661
00:28:00,390 --> 00:27:58,789
because you you know how dare you have

662
00:28:03,580 --> 00:28:00,400
an opinion and say something so

663
00:28:04,630 --> 00:28:03,590

egregious especially publicly we don't

664

00:28:07,860 --> 00:28:04,640

need people like you and our

665

00:28:13,210 --> 00:28:07,870

organization so some needed to go others

666

00:28:17,049 --> 00:28:13,220

stung but in the meantime you know we

667

00:28:18,760 --> 00:28:17,059

have remarkable people coming in to

668

00:28:21,580 --> 00:28:18,770

MUFON by the droves

669

00:28:24,430 --> 00:28:21,590

and some of these physicians that we

670

00:28:26,950 --> 00:28:24,440

were really stuck thinking how are we

671

00:28:32,770 --> 00:28:26,960

ever going to fill those shoes and we

672

00:28:34,090 --> 00:28:32,780

did so you know yeah yeah and move

673

00:28:36,100 --> 00:28:34,100

found on solid ground

674

00:28:37,539 --> 00:28:36,110

you know it's an organization that even

675

00:28:40,180 --> 00:28:37,549

if there were four people out here and

676
00:28:43,720 --> 00:28:40,190
and one guy at the office or Manning the

677
00:28:45,220 --> 00:28:43,730
phones MUFON is going to exist and I

678
00:28:47,049 --> 00:28:45,230
always I haven't always been a fan of

679
00:28:49,480 --> 00:28:47,059
MUFON everyone knows this site is very

680
00:28:50,799 --> 00:28:49,490
public in my exit and why I left and I

681
00:28:53,140 --> 00:28:50,809
called out the people I caught with

682
00:28:56,140 --> 00:28:53,150
their hand in the cookie jar and it took

683
00:28:59,680 --> 00:28:56,150
them a little time I think the hit

684
00:29:01,750 --> 00:28:59,690
that MUFON took with the social media

685
00:29:03,130 --> 00:29:01,760
incident without getting into names and

686
00:29:07,450 --> 00:29:03,140
all that we'll just call it the social

687
00:29:09,220 --> 00:29:07,460
media incident you know everybody

688
00:29:12,490 --> 00:29:09,230

clearly saw what was going on obviously

689

00:29:14,980 --> 00:29:12,500

he wasn't going to get to stay but I

690

00:29:16,810 --> 00:29:14,990

really thought that people jumped on it

691

00:29:18,820 --> 00:29:16,820

way too quick this is an international

692

00:29:21,880 --> 00:29:18,830

organization that has to worry about

693

00:29:25,120 --> 00:29:21,890

being sued lawyers you move too quickly

694

00:29:26,980 --> 00:29:25,130

before you know the facts I really like

695

00:29:30,460 --> 00:29:26,990

that we had people that insisted on

696

00:29:33,250 --> 00:29:30,470

talking to him through the process of

697

00:29:34,780 --> 00:29:33,260

elimination kind of you know and

698

00:29:37,030 --> 00:29:34,790

bringing him in so you know because

699

00:29:38,580 --> 00:29:37,040

there was there's legalities you know

700

00:29:41,320 --> 00:29:38,590

when you have an organization this big

701
00:29:43,690 --> 00:29:41,330
and people just demanded you know

702
00:29:45,310 --> 00:29:43,700
Janney's if i am right this minute well

703
00:29:47,440 --> 00:29:45,320
we all knew it was coming

704
00:29:50,710 --> 00:29:47,450
but we had to follow the rules in the

705
00:29:53,830 --> 00:29:50,720
law so yeah yeah you really do yeah your

706
00:29:55,510 --> 00:29:53,840
target now what about you know Peter

707
00:29:59,530 --> 00:29:55,520
Davenport's new Fork

708
00:30:01,510 --> 00:29:59,540
new UFO Reporting Center does he work

709
00:30:02,950 --> 00:30:01,520
with MUFON I know I had him on the show

710
00:30:07,150 --> 00:30:02,960
but I can't remember if I asked him that

711
00:30:08,830 --> 00:30:07,160
question as far as justification he is a

712
00:30:11,020 --> 00:30:08,840
great partner and every once in a while

713
00:30:13,240 --> 00:30:11,030

I don't believe he's in MUFON and

714

00:30:14,920 --> 00:30:13,250

working with us directly but we have

715

00:30:17,680 --> 00:30:14,930

such a good relationship with Peter I

716

00:30:19,900 --> 00:30:17,690

love Peter Davenport um I think yeah and

717

00:30:22,210 --> 00:30:19,910

he's one of our biggest heroes I mean

718

00:30:26,530 --> 00:30:22,220

that man has been Manning the our

719

00:30:27,070 --> 00:30:26,540

national UFO reports for decades all by

720

00:30:30,010 --> 00:30:27,080

himself

721

00:30:34,020 --> 00:30:30,020

right what what a pioneer and and just a

722

00:30:36,460 --> 00:30:34,030

remarkable man I'm very fond of him yes

723

00:30:37,960 --> 00:30:36,470

we have a good relationship with him and

724

00:30:40,930 --> 00:30:37,970

there are many times he'll call Roger

725

00:30:43,690 --> 00:30:40,940

Martian and say hey I got this really

726

00:30:45,310 --> 00:30:43,700

good case and I've caught talked to the

727

00:30:47,770 --> 00:30:45,320

witnesses and they would like to talk to

728

00:30:51,040 --> 00:30:47,780

an investigator so he will call MUFON

729

00:30:54,040 --> 00:30:51,050

and talk to Jan or Roger and or Steve

730

00:30:58,660 --> 00:30:54,050

Hudgens and did Steve Hodges as do I

731

00:31:01,330 --> 00:30:58,670

director of investigations and get an

732

00:31:01,900 --> 00:31:01,340

investigator so and it's a good

733

00:31:04,840 --> 00:31:01,910

partnership

734

00:31:07,360 --> 00:31:04,850

MUFON works up with a lot of people yeah

735

00:31:08,830 --> 00:31:07,370

now the only thing the the poor guy

736

00:31:09,230 --> 00:31:08,840

though is getting pranked I don't know

737

00:31:12,110 --> 00:31:09,240

if you

738

00:31:16,400 --> 00:31:12,120

that yes it's really too bad and

739

00:31:18,200 --> 00:31:16,410

hopefully that'll stop yeah because he's

740

00:31:19,790 --> 00:31:18,210

up I think he's now using the answering

741

00:31:22,850 --> 00:31:19,800

machine so doesn't happen anymore

742

00:31:26,990 --> 00:31:22,860

or happens less anyway so what have you

743

00:31:29,210 --> 00:31:27,000

been up to up to all kinds of things I

744

00:31:31,580 --> 00:31:29,220

want to hear what's going on it's so

745

00:31:34,160 --> 00:31:31,590

crazy I love I love what I'm doing and

746

00:31:39,080 --> 00:31:34,170

it's just a great time to be out here

747

00:31:40,760 --> 00:31:39,090

for a lot of reasons the investigation

748

00:31:43,130 --> 00:31:40,770

opportunities have increased to the

749

00:31:44,870 --> 00:31:43,140

point where we can actually work with

750

00:31:47,330 --> 00:31:44,880

scientist and we're working with

751
00:31:49,550 --> 00:31:47,340
legitimate independent labs and you know

752
00:31:54,350 --> 00:31:49,560
we're really able to dig in a little

753
00:31:56,720 --> 00:31:54,360
further and of course I have done

754
00:32:00,290 --> 00:31:56,730
something I'm not much has happened with

755
00:32:03,530 --> 00:32:00,300
it yet but remember the citizens hearing

756
00:32:07,580 --> 00:32:03,540
for disclosure I thought Steve Bassett

757
00:32:09,680 --> 00:32:07,590
was amazing and that whole event was so

758
00:32:13,280 --> 00:32:09,690
brilliant and I remember sitting there

759
00:32:15,560 --> 00:32:13,290
in the audience and I watched these you

760
00:32:18,230 --> 00:32:15,570
know former senators and Congress men

761
00:32:19,520 --> 00:32:18,240
and women come up on a Monday morning

762
00:32:20,990 --> 00:32:19,530
and they're sitting there very politely

763
00:32:27,020 --> 00:32:21,000

because I got paid a lot of money to be

764

00:32:30,200 --> 00:32:27,030

polite and yeah yeah well and of course

765

00:32:32,390 --> 00:32:30,210

you know it's this is the unfortunate

766

00:32:34,280 --> 00:32:32,400

side effect is these things cost money

767

00:32:36,260 --> 00:32:34,290

I mean ufologists were like why would

768

00:32:38,840 --> 00:32:36,270

you spend that on them this is why

769

00:32:41,960 --> 00:32:38,850

because things like this happen but I

770

00:32:43,670 --> 00:32:41,970

watched these guys and by Wednesday

771

00:32:47,060 --> 00:32:43,680

you've got senator dove gall going I

772

00:32:49,870 --> 00:32:47,070

agree we need to open those files what

773

00:32:53,660 --> 00:32:49,880

I'm witnessing is when we have

774

00:32:56,690 --> 00:32:53,670

policymakers lawmakers or people that

775

00:32:59,240 --> 00:32:56,700

really affect national change big things

776

00:33:03,250 --> 00:32:59,250

that we need done in ufology that we

777

00:33:05,870 --> 00:33:03,260

need their help in declassification or

778

00:33:08,090 --> 00:33:05,880

you know getting through a different

779

00:33:10,280 --> 00:33:08,100

door or having the endorsement of this

780

00:33:13,520 --> 00:33:10,290

senator to talk to somebody on this top

781

00:33:15,560 --> 00:33:13,530

secret base what I saw was they can't be

782

00:33:19,610 --> 00:33:15,570

convinced with the proper witnesses and

783

00:33:21,350 --> 00:33:19,620

the proper material and like I said by

784

00:33:22,670 --> 00:33:21,360

Wednesday you know these people you know

785

00:33:23,210 --> 00:33:22,680

and then you've got Kirkpatrick over

786

00:33:25,970 --> 00:33:23,220

there saying

787

00:33:28,670 --> 00:33:25,980

oh I agree there there's a cover-up well

788

00:33:33,080 --> 00:33:28,680

if they can be convinced because of our

789

00:33:36,410 --> 00:33:33,090

evidence and testimony we have an

790

00:33:40,220 --> 00:33:36,420

opportunity a real one if we present our

791

00:33:42,470 --> 00:33:40,230

information correctly so last year I

792

00:33:45,380 --> 00:33:42,480

started paperwork to become an official

793

00:33:47,660 --> 00:33:45,390

registered no joke my name's on the

794

00:33:49,490 --> 00:33:47,670

books I have an ID it's on my website I

795

00:33:52,700 --> 00:33:49,500

even copied it so everyone knew this was

796

00:33:55,040 --> 00:33:52,710

a legit lobbyist for the UFO movement

797

00:33:58,730 --> 00:33:55,050

and Steve Bassett was such an

798

00:34:00,680 --> 00:33:58,740

inspiration because we can fill out all

799

00:34:02,390 --> 00:34:00,690

the foyers and how many times were

800

00:34:05,270 --> 00:34:02,400

rejected or they say they can't find

801
00:34:08,420 --> 00:34:05,280
them and on some of the cases that we

802
00:34:11,540 --> 00:34:08,430
really cannot ignore or let fall into a

803
00:34:14,450 --> 00:34:11,550
waste paper basket we need partnership

804
00:34:16,640 --> 00:34:14,460
so we need to start utilizing these

805
00:34:20,290 --> 00:34:16,650
avenues so I actually became a UFO

806
00:34:30,440 --> 00:34:24,790
officially aha Wow so now there's two

807
00:34:32,870 --> 00:34:30,450
yes yes and you know Steve he's about

808
00:34:35,510 --> 00:34:32,880
the disclosure and I'm more about

809
00:34:37,070 --> 00:34:35,520
Science and Technology and when I talk

810
00:34:38,930 --> 00:34:37,080
to them I don't ask them for disclosure

811
00:34:42,890 --> 00:34:38,940
because I kinda have a different

812
00:34:45,140 --> 00:34:42,900
attitude about DC ID I don't think the

813
00:34:47,750 --> 00:34:45,150

best way for me or you know some of us

814

00:34:50,180 --> 00:34:47,760

to get the agenda we want done by going

815

00:34:51,920 --> 00:34:50,190

up and we want it all and we demand and

816

00:34:53,450 --> 00:34:51,930

you know we want disclosure right now

817

00:34:58,460 --> 00:34:53,460

it's I just don't believe it's going to

818

00:35:02,180 --> 00:34:58,470

happen so how do we get what we need to

819

00:35:03,890 --> 00:35:02,190

further you know of further help our

820

00:35:06,110 --> 00:35:03,900

witnesses or you know to get the

821

00:35:08,870 --> 00:35:06,120

information to the public well we almost

822

00:35:11,330 --> 00:35:08,880

have to play their rules but when we do

823

00:35:14,180 --> 00:35:11,340

play their rules we're winning because

824

00:35:17,150 --> 00:35:14,190

the citizens hearing came out and what

825

00:35:19,310 --> 00:35:17,160

we got was confirmation and I think a

826
00:35:23,510 --> 00:35:19,320
lot of people missed that and the

827
00:35:24,830 --> 00:35:23,520
confirmation was when the Rendlesham

828
00:35:28,130 --> 00:35:24,840
they were talking about the Rendlesham

829
00:35:31,070 --> 00:35:28,140
incident where john burroughs wasn't

830
00:35:33,470 --> 00:35:31,080
getting the proper attention from his VA

831
00:35:36,080 --> 00:35:33,480
benefits because they wouldn't admit

832
00:35:37,160 --> 00:35:36,090
anything happened in Rendlesham the

833
00:35:39,620 --> 00:35:37,170
these

834
00:35:43,970 --> 00:35:39,630
policymakers were so offended that this

835
00:35:45,980 --> 00:35:43,980
veteran retired sergeant couldn't get

836
00:35:48,920 --> 00:35:45,990
medical over something that happened to

837
00:35:51,680 --> 00:35:48,930
him while he was on duty helped him and

838
00:35:55,130 --> 00:35:51,690

they had to admit something happened in

839

00:35:57,849 --> 00:35:55,140

Rendlesham because he now has gotten his

840

00:36:01,280 --> 00:35:57,859

full benefit they've done right by him

841

00:36:03,349 --> 00:36:01,290

that's confirmation that is a huge step

842

00:36:05,539 --> 00:36:03,359

for the government and the senator to

843

00:36:08,270 --> 00:36:05,549

get involved so I'm looking at all these

844

00:36:11,000 --> 00:36:08,280

things that are happening and knowing we

845

00:36:15,380 --> 00:36:11,010

can no longer ignore mainstream science

846

00:36:18,410 --> 00:36:15,390

or even our politicians if we have

847

00:36:23,150 --> 00:36:18,420

Podesta emailing Hillary Clinton about

848

00:36:26,030 --> 00:36:23,160

the UFO issue we have a chance guys and

849

00:36:27,589 --> 00:36:26,040

we need to step on it now we can't wait

850

00:36:30,170 --> 00:36:27,599

and do this in two three years we have

851
00:36:34,760 --> 00:36:30,180
to do it now you know it just reminded

852
00:36:38,180 --> 00:36:34,770
me this conversation that I saw George

853
00:36:40,460 --> 00:36:38,190
Knapp post on Facebook that he's going

854
00:36:43,309 --> 00:36:40,470
to have Tom DeLonge on in the next two

855
00:36:44,450 --> 00:36:43,319
weeks or so and he's live on the air

856
00:36:45,950 --> 00:36:44,460
he's gonna finally make that

857
00:36:48,230 --> 00:36:45,960
announcement he's been promising for

858
00:36:50,960 --> 00:36:48,240
like a year or something like that when

859
00:36:52,370 --> 00:36:50,970
you mentioned John Podesta yeah and I'm

860
00:36:54,289 --> 00:36:52,380
keeping my fingers crossed because

861
00:36:56,480 --> 00:36:54,299
Martin I'm not sure how you felt but

862
00:36:58,370 --> 00:36:56,490
when you know Tom DeLonge first came out

863
00:37:01,130 --> 00:36:58,380

I'm thinking I don't know if I'm buying

864

00:37:03,500 --> 00:37:01,140

this you know a rock star you know why

865

00:37:05,809 --> 00:37:03,510

not a Linda or Richard Dolan who's been

866

00:37:08,000 --> 00:37:05,819

out here how does he get that privilege

867

00:37:10,039 --> 00:37:08,010

and access I just really wasn't buying

868

00:37:11,900 --> 00:37:10,049

it and I thought it was more you know

869

00:37:15,260 --> 00:37:11,910

his little stunts or whatever you know

870

00:37:18,859 --> 00:37:15,270

he's he's an entertainer until friggin

871

00:37:22,190 --> 00:37:18,869

WikiLeaks leaks the emails and we find

872

00:37:23,750 --> 00:37:22,200

out this guy's legit and Podesta's

873

00:37:26,539 --> 00:37:23,760

talking about Tom DeLonge and the

874

00:37:29,299 --> 00:37:26,549

meetings and I was just like oh this is

875

00:37:32,750 --> 00:37:29,309

good stuff so I just wish Tom would

876

00:37:36,470 --> 00:37:32,760

embrace more of you know the legitimate

877

00:37:39,230 --> 00:37:36,480

part of our community and work with us

878

00:37:41,780 --> 00:37:39,240

more because I think he'd get you know

879

00:37:44,059 --> 00:37:41,790

some of his background faster if he does

880

00:37:46,370 --> 00:37:44,069

that but he seems to be doing all right

881

00:37:49,160 --> 00:37:46,380

yeah there's almost like a disconnect I

882

00:37:50,990 --> 00:37:49,170

understand what you're saying like a

883

00:37:52,580 --> 00:37:51,000

go-it-alone type of

884

00:37:56,170 --> 00:37:52,590

you know I'm not going to say that he

885

00:38:00,530 --> 00:37:56,180

thinks himself too important but perhaps

886

00:38:02,750 --> 00:38:00,540

he may think the celebrity part is the

887

00:38:05,590 --> 00:38:02,760

what's opening the doors and he's just

888

00:38:08,270 --> 00:38:05,600

going to keep move forward forward as he

889

00:38:12,020 --> 00:38:08,280

has been you know I don't really know

890

00:38:14,720 --> 00:38:12,030

this is all speculation I I think you're

891

00:38:17,540 --> 00:38:14,730

right and unfortunately he's never been

892

00:38:18,770 --> 00:38:17,550

part of really the UFO community and I

893

00:38:22,160 --> 00:38:18,780

think he doesn't know what he's missing

894

00:38:24,350 --> 00:38:22,170

because to partner with the kind of

895

00:38:27,800 --> 00:38:24,360

historical information that would just

896

00:38:29,840 --> 00:38:27,810

strengthen his knowledge base which is

897

00:38:32,240 --> 00:38:29,850

going to make you a better debater and a

898

00:38:37,640 --> 00:38:32,250

better negotiator for some of the stuff

899

00:38:40,220 --> 00:38:37,650

that he can affect in DC but you know

900

00:38:43,520 --> 00:38:40,230

again you know and a celebrity got in

901
00:38:46,090 --> 00:38:43,530
the door when the rest of us haven't we

902
00:38:49,130 --> 00:38:46,100
have to pay attention to why we and why

903
00:38:51,380 --> 00:38:49,140
was it his approach or is it really

904
00:38:54,230 --> 00:38:51,390
celebrity and and it would stink if it

905
00:38:57,800 --> 00:38:54,240
was celebrity because we have so much

906
00:39:01,160 --> 00:38:57,810
more to offer I think there is some type

907
00:39:03,830 --> 00:39:01,170
of power in that and also you know I

908
00:39:05,990 --> 00:39:03,840
mean he's there's power and someone that

909
00:39:09,830 --> 00:39:06,000
has a lot of money you know that being

910
00:39:12,800 --> 00:39:09,840
said there it comes I know Chris Mellon

911
00:39:14,960 --> 00:39:12,810
is working with him and you know the

912
00:39:16,880 --> 00:39:14,970
Mellon family bank I mean you can't get

913
00:39:19,610 --> 00:39:16,890

more powerful than that unless you're

914

00:39:21,860 --> 00:39:19,620

Bill Gates or someone but so yeah

915

00:39:23,960 --> 00:39:21,870

they've got a lot a lot going we'll see

916

00:39:25,490 --> 00:39:23,970

what happens and we'll see what happens

917

00:39:26,080 --> 00:39:25,500

with george knapp in just a couple of

918

00:39:30,140 --> 00:39:26,090

weeks

919

00:39:31,520 --> 00:39:30,150

I'm glad George is on it though yeah I

920

00:39:34,880 --> 00:39:31,530

like George I trust George

921

00:39:36,710 --> 00:39:34,890

yes what I don't trust is who Tom

922

00:39:38,900 --> 00:39:36,720

DeLonge is getting in bed with like you

923

00:39:41,000 --> 00:39:38,910

said you have these major banks you know

924

00:39:42,800 --> 00:39:41,010

are they using him for disinformation

925

00:39:45,280 --> 00:39:42,810

you know we've seen this happen

926
00:39:48,230 --> 00:39:45,290
historically throughout the UFO field

927
00:39:53,150 --> 00:39:48,240
when you know even the Benowitz case

928
00:39:55,790 --> 00:39:53,160
with Doty Richard Doty you know that

929
00:39:57,860 --> 00:39:55,800
absolutely decimates this guy and you

930
00:40:00,290 --> 00:39:57,870
know on a documentary being filmed

931
00:40:03,200 --> 00:40:00,300
he's almost bragging and giggling about

932
00:40:03,980 --> 00:40:03,210
how silly this man was and how easy was

933
00:40:07,940 --> 00:40:03,990
you

934
00:40:09,830 --> 00:40:07,950
hope I never see this man at a

935
00:40:11,480 --> 00:40:09,840
conference because I'm so offended by

936
00:40:13,400 --> 00:40:11,490
what he's done and ruin in people's

937
00:40:15,650 --> 00:40:13,410
lives but then he did the same thing

938
00:40:17,410 --> 00:40:15,660

with Linda and then openly admitted that

939

00:40:22,850 --> 00:40:17,420

they had a campaign for disinformation

940

00:40:26,840 --> 00:40:22,860

so unfortunately with Tom DeLonge going

941

00:40:28,580 --> 00:40:26,850

in not only solo but keeping you know

942

00:40:31,640 --> 00:40:28,590

getting in bed with some of these you

943

00:40:33,530 --> 00:40:31,650

know big money and interest I'm not sure

944

00:40:35,420 --> 00:40:33,540

it depends on what he has to say if I'm

945

00:40:36,710 --> 00:40:35,430

gonna buy it hook line and sinker well

946

00:40:40,160 --> 00:40:36,720

we've been here before

947

00:40:42,020 --> 00:40:40,170

yeah going back to I didn't mean to lead

948

00:40:44,420 --> 00:40:42,030

you in that direction when it came to

949

00:40:46,820 --> 00:40:44,430

Chris Mullin because Chris Mullin thinks

950

00:40:48,500 --> 00:40:46,830

there's something going on he used to

951
00:40:51,530 --> 00:40:48,510
work for the Department of the DoD

952
00:40:55,040 --> 00:40:51,540
and he was Yetta

953
00:40:57,380 --> 00:40:55,050
the highest level of you know clearance

954
00:41:00,890 --> 00:40:57,390
and so he definitely thinks something's

955
00:41:03,200 --> 00:41:00,900
going on and right right but it's this

956
00:41:06,080 --> 00:41:03,210
money behind and you know you're using

957
00:41:08,030 --> 00:41:06,090
people saying you know don't have your

958
00:41:10,940 --> 00:41:08,040
right it's you know even the government

959
00:41:12,950 --> 00:41:10,950
bringing him in it's almost it depends

960
00:41:16,910 --> 00:41:12,960
on what he has to say I would feel

961
00:41:19,210 --> 00:41:16,920
better if some of this discussion was

962
00:41:22,310 --> 00:41:19,220
done with a few of our people and

963
00:41:24,920 --> 00:41:22,320

meaning like a Richard Dolan or you know

964

00:41:27,890 --> 00:41:24,930

somebody of his caliber that would not

965

00:41:29,780 --> 00:41:27,900

only understand the history but would

966

00:41:32,090 --> 00:41:29,790

ask for vetting you know I'm not going

967

00:41:35,510 --> 00:41:32,100

to just look at a file I'm gonna want to

968

00:41:38,030 --> 00:41:35,520

vet that DoD document and I'm not sure

969

00:41:39,440 --> 00:41:38,040

Tom DeLonge would do that it I'm not

970

00:41:40,910 --> 00:41:39,450

saying he isn't it's just that these

971

00:41:42,890 --> 00:41:40,920

were gonna be my concerns

972

00:41:45,020 --> 00:41:42,900

until I hear what he has to say and I

973

00:41:47,120 --> 00:41:45,030

and I hope we're we're all jumping up

974

00:41:49,820 --> 00:41:47,130

and down right right

975

00:41:51,680 --> 00:41:49,830

I know we've like you said I think it's

976

00:41:53,510 --> 00:41:51,690

pretty funny every few years

977

00:41:55,760 --> 00:41:53,520

there's some type of fiasco we can go

978

00:41:57,320 --> 00:41:55,770

back to the Roswell slides and you know

979

00:42:02,150 --> 00:41:57,330

a number of different things that have

980

00:42:05,030 --> 00:42:02,160

happened over the years and you know I

981

00:42:07,250 --> 00:42:05,040

think the one that died out was the

982

00:42:09,200 --> 00:42:07,260

three fingered alien there that looked

983

00:42:11,750 --> 00:42:09,210

like it was covered in plaster we're not

984

00:42:14,420 --> 00:42:11,760

hearing anything about that anymore well

985

00:42:16,400 --> 00:42:14,430

and a guy is still putting out that

986

00:42:17,790 --> 00:42:16,410

there further testing and there's more

987

00:42:22,710 --> 00:42:17,800

information but

988

00:42:26,310 --> 00:42:22,720

that DNA test was leaked it was leaked

989

00:42:27,990 --> 00:42:26,320

and you know even I posted it because

990

00:42:29,660 --> 00:42:28,000

once it was already on socials I'm like

991

00:42:31,890 --> 00:42:29,670

I'm gonna go ahead and post it because

992

00:42:35,220 --> 00:42:31,900

the other thing I was fascinated with

993

00:42:37,050 --> 00:42:35,230

was it was the same Paleo no DNA lab up

994

00:42:39,960 --> 00:42:37,060

in Canada that you know I've used for

995

00:42:44,160 --> 00:42:39,970

the Starchild skull and that we've used

996

00:42:45,600 --> 00:42:44,170

for the elongated skulls in Peru that la

997

00:42:48,360 --> 00:42:45,610

Marzulli is leading that investigation

998

00:42:52,470 --> 00:42:48,370

and expedition team but I'm part of it

999

00:42:56,550 --> 00:42:52,480

we've taken over 300 DNA samples out of

1000

00:42:58,470 --> 00:42:56,560

Peru and and having these tested and in

1001
00:43:01,500 --> 00:42:58,480
fact we're starting to get some results

1002
00:43:03,090 --> 00:43:01,510
in but that's gonna have to be announced

1003
00:43:06,360 --> 00:43:03,100
Ellie wants to hold a press conference

1004
00:43:09,600 --> 00:43:06,370
in Texas and because this is pretty good

1005
00:43:13,050 --> 00:43:09,610
but you know it's the same lab and this

1006
00:43:16,890 --> 00:43:13,060
is a legit scientific lab I don't use

1007
00:43:19,260 --> 00:43:16,900
UFO analysts I kind of feel like that's

1008
00:43:21,840 --> 00:43:19,270
the prosecution trying to use their own

1009
00:43:24,810 --> 00:43:21,850
experts and win a case and it'd be

1010
00:43:26,490 --> 00:43:24,820
balanced and fair I will only use people

1011
00:43:28,920 --> 00:43:26,500
that have nothing to do with this to

1012
00:43:32,100 --> 00:43:28,930
have absolutely a dispassionate no

1013
00:43:34,380 --> 00:43:32,110

interest in UFOs and I typically don't

1014

00:43:36,480 --> 00:43:34,390

even tell them when we sent the DNA up

1015

00:43:38,220 --> 00:43:36,490

for the Starchild we didn't say who this

1016

00:43:41,970 --> 00:43:38,230

is the Starchild that we think it's this

1017

00:43:46,280 --> 00:43:41,980

it's like you do DNA of you know ancient

1018

00:43:48,780 --> 00:43:46,290

remains in a pail you know you know era

1019

00:43:52,410 --> 00:43:48,790

here's some DNA here's some samples we'd

1020

00:43:53,730 --> 00:43:52,420

like you to test it that is and so let's

1021

00:43:59,090 --> 00:43:53,740

let's hear what

1022

00:44:02,580 --> 00:43:59,100

gaius DNA report says completely human

1023

00:44:05,160 --> 00:44:02,590

Sharlee human yeah and in fact it's kind

1024

00:44:06,960 --> 00:44:05,170

of the same kind of test result that we

1025

00:44:10,050 --> 00:44:06,970

got back with the Starchild because the

1026

00:44:12,750 --> 00:44:10,060

DNA that we submitted they got the

1027

00:44:17,790 --> 00:44:12,760

nuclear from which I'm very proud of by

1028

00:44:19,230 --> 00:44:17,800

the way and yeah yeah yeah and there is

1029

00:44:22,320 --> 00:44:19,240

there was nothing there was no

1030

00:44:26,990 --> 00:44:22,330

phenotypic distinction that even

1031

00:44:29,750 --> 00:44:27,000

remotely deviated or diverted from human

1032

00:44:31,710 --> 00:44:29,760

so there was not even a reason to say

1033

00:44:33,599 --> 00:44:31,720

you know May

1034

00:44:35,520 --> 00:44:33,609

we didn't get the test done or maybe

1035

00:44:38,640 --> 00:44:35,530

there was a contaminant or you know

1036

00:44:41,310 --> 00:44:38,650

there's this phenotypic genetic code or

1037

00:44:44,609 --> 00:44:41,320

red flag that we might need to test

1038

00:44:48,000 --> 00:44:44,619

further they were so completely human so

1039

00:44:50,400 --> 00:44:48,010

now what yeah no I want to talk a little

1040

00:44:54,390 --> 00:44:50,410

bit about this the Starchild skull but

1041

00:44:58,290 --> 00:44:54,400

before that what about Steve Steven

1042

00:45:01,410 --> 00:44:58,300

Greer I watched his last documentary and

1043

00:45:04,410 --> 00:45:01,420

he's still saying that most likely that

1044

00:45:10,410 --> 00:45:04,420

little atacama baby alien thing is an

1045

00:45:14,640 --> 00:45:10,420

alien now the DNA tested out human yeah

1046

00:45:17,640 --> 00:45:14,650

it's um and unfortunately I when we were

1047

00:45:19,410 --> 00:45:17,650

working on the Starchild skull I wanted

1048

00:45:22,589 --> 00:45:19,420

I didn't want to stand on Lloyd Pye

1049

00:45:26,550 --> 00:45:22,599

shoulders I wanted to open this case and

1050

00:45:28,260 --> 00:45:26,560

begin it not where he left off he was so

1051
00:45:31,290 --> 00:45:28,270
respected and loved and we wanted to

1052
00:45:34,080 --> 00:45:31,300
honor his work as his work yes and so we

1053
00:45:36,570 --> 00:45:34,090
opened the case as brand new new set of

1054
00:45:38,820 --> 00:45:36,580
eyes it's a cold case you know just like

1055
00:45:41,400 --> 00:45:38,830
any like police officer would have done

1056
00:45:44,339 --> 00:45:41,410
but the first thing I did was take it to

1057
00:45:44,849 --> 00:45:44,349
the osteology Museum because it's a

1058
00:45:47,220 --> 00:45:44,859
skull

1059
00:45:50,700 --> 00:45:47,230
I would like to have a bone specialist

1060
00:45:52,470 --> 00:45:50,710
or a bone expert tell us you know about

1061
00:45:54,839 --> 00:45:52,480
all the anomalies and all the

1062
00:45:57,240 --> 00:45:54,849
accusations on the skull and when we

1063
00:45:59,700 --> 00:45:57,250

were there in the back room and this

1064

00:46:01,500 --> 00:45:59,710

osteology museum is in Oklahoma City if

1065

00:46:04,560 --> 00:46:01,510

anybody gets a chance to go there the

1066

00:46:06,780 --> 00:46:04,570

coolest Museum ever in the back room

1067

00:46:09,630 --> 00:46:06,790

he's just has cabinet after cabinet with

1068

00:46:13,770 --> 00:46:09,640

tray after tray of all of these and he

1069

00:46:15,599 --> 00:46:13,780

pulled out probably 40 4-0 of those

1070

00:46:19,790 --> 00:46:15,609

little bodies that look just like wow

1071

00:46:23,220 --> 00:46:19,800

even great they're still borns they're

1072

00:46:25,589 --> 00:46:23,230

aborted that one was you know eight

1073

00:46:27,540 --> 00:46:25,599

years old though you know I mean I don't

1074

00:46:30,720 --> 00:46:27,550

know where they came up with that the

1075

00:46:32,099 --> 00:46:30,730

where the joints or something you see

1076

00:46:34,339 --> 00:46:32,109

and this is where we have to start

1077

00:46:38,010 --> 00:46:34,349

bedding because we have a shocking

1078

00:46:39,660 --> 00:46:38,020

shocking revelation that came out with

1079

00:46:42,660 --> 00:46:39,670

the Starchild skull we had two of them

1080

00:46:45,210 --> 00:46:42,670

actually but about that baby

1081

00:46:47,220 --> 00:46:45,220

well what tests what

1082

00:46:49,800 --> 00:46:47,230

test did you do that came out and

1083

00:46:52,890 --> 00:46:49,810

where's the data where's this thing that

1084

00:46:56,700 --> 00:46:52,900

I can look at and be convinced that this

1085

00:47:00,329 --> 00:46:56,710

little baby has lived eight years of age

1086

00:47:02,460 --> 00:47:00,339

I want the science behind it and yeah

1087

00:47:04,980 --> 00:47:02,470

it's a proclamation well it lived to be

1088

00:47:08,339 --> 00:47:04,990

eighteen because of the lungs well can I

1089

00:47:11,190 --> 00:47:08,349

see that report right and I also want to

1090

00:47:14,040 --> 00:47:11,200

vet who did the report and where was the

1091

00:47:17,880 --> 00:47:14,050

study done and how was that process

1092

00:47:20,460 --> 00:47:17,890

handled because this is what we ran into

1093

00:47:22,770 --> 00:47:20,470

with the Starchild skull is not

1094

00:47:26,130 --> 00:47:22,780

everybody who claimed to be that expert

1095

00:47:30,030 --> 00:47:26,140

turned out to be an expert and this is

1096

00:47:33,990 --> 00:47:30,040

very clear so it's the same thing with

1097

00:47:36,059 --> 00:47:34,000

that eight years old I want to know how

1098

00:47:37,740 --> 00:47:36,069

they came up with that and I want to

1099

00:47:39,480 --> 00:47:37,750

know all of it and I want to see it in

1100

00:47:41,339 --> 00:47:39,490

the reports if you're saying the the

1101

00:47:43,319 --> 00:47:41,349

wear and tear on the joint I want to see

1102

00:47:46,319 --> 00:47:43,329

the joint compared to a normal one and

1103

00:47:49,710 --> 00:47:46,329

you know this is we have to be this

1104

00:47:50,400 --> 00:47:49,720

discerning because these hoaxes you know

1105

00:47:52,260 --> 00:47:50,410

the fairy

1106

00:47:55,589 --> 00:47:52,270

remember the little winged fairy hoax

1107

00:47:58,589 --> 00:47:55,599

and you know the guy in mummies down

1108

00:48:01,380 --> 00:47:58,599

there and you remember the headline DNA

1109

00:48:03,809 --> 00:48:01,390

proves Nephilim coming from Brian

1110

00:48:07,230 --> 00:48:03,819

forests or out of South America it's

1111

00:48:09,960 --> 00:48:07,240

like no it really didn't it's completely

1112

00:48:14,040 --> 00:48:09,970

human so we've just heard this we have

1113

00:48:17,460 --> 00:48:14,050

to really start being hard on our

1114

00:48:20,099 --> 00:48:17,470

investigators myself included and we

1115

00:48:22,290 --> 00:48:20,109

have to really pay attention to what

1116

00:48:24,210 --> 00:48:22,300

skeptics are saying they keep us honest

1117

00:48:27,960 --> 00:48:24,220

and they let me know where the holes are

1118

00:48:30,690 --> 00:48:27,970

in my case you know so if when we

1119

00:48:31,680 --> 00:48:30,700

decided to reveal all the testing and

1120

00:48:33,930 --> 00:48:31,690

everything we had done with the

1121

00:48:36,420 --> 00:48:33,940

Starchild skull everything's up there

1122

00:48:38,550 --> 00:48:36,430

how many times do you see a DNA report

1123

00:48:39,900 --> 00:48:38,560

that they didn't take away where where

1124

00:48:41,790 --> 00:48:39,910

they had it done like it's some big

1125

00:48:45,510 --> 00:48:41,800

secret we're gonna keep our labs to

1126

00:48:48,720 --> 00:48:45,520

ourselves you know it's like oh no no

1127

00:48:51,300 --> 00:48:48,730

that's leap yeah red flags go everywhere

1128

00:48:52,260 --> 00:48:51,310

just for the listener that is not

1129

00:48:56,550 --> 00:48:52,270

familiar

1130

00:48:57,850 --> 00:48:56,560

I had Lloyd Pye on my show years ago he

1131

00:49:01,300 --> 00:48:57,860

passed away I think probably

1132

00:49:05,080 --> 00:49:01,310

three years ago or more right so Lloyd

1133

00:49:08,410 --> 00:49:05,090

was a great a great guy he had worked

1134

00:49:10,690 --> 00:49:08,420

with what was called the Starchild skull

1135

00:49:15,430 --> 00:49:10,700

I think I can't remember how that was

1136

00:49:17,860 --> 00:49:15,440

coined but it was something found well

1137

00:49:19,270 --> 00:49:17,870

chase you know the whole background it

1138

00:49:20,830 --> 00:49:19,280

was found in a cave I believe with

1139

00:49:22,900 --> 00:49:20,840

another body leaning against it or

1140

00:49:25,690 --> 00:49:22,910

something like that but it did have an

1141

00:49:29,050 --> 00:49:25,700

elongated skull you can google it

1142

00:49:32,590 --> 00:49:29,060

yourself Starchild skull and Lloyd Pye

1143

00:49:36,100 --> 00:49:32,600

and you will see it come up very very

1144

00:49:40,480 --> 00:49:36,110

odd-looking thing but end up you know

1145

00:49:46,240 --> 00:49:40,490

the wah-wah-wah music it was human it is

1146

00:49:48,190 --> 00:49:46,250

and you know Lloyd when he was sick he

1147

00:49:49,900 --> 00:49:48,200

was very close with Melanie Young who is

1148

00:49:52,660 --> 00:49:49,910

the original owner and was always the

1149

00:49:54,100 --> 00:49:52,670

owner of the Starchild skull she made a

1150

00:49:56,680 --> 00:49:54,110

promise to Lloyd that she would finish

1151

00:49:58,420 --> 00:49:56,690

the work and this was something that

1152

00:50:02,520 --> 00:49:58,430

meant a lot to him when she said it to

1153

00:50:04,630 --> 00:50:02,530

him you know as as he was fading and

1154

00:50:09,370 --> 00:50:04,640

becoming more and more sick he was

1155

00:50:11,440 --> 00:50:09,380

terminally ill and she really took a lot

1156

00:50:13,390 --> 00:50:11,450

of heat for opening it up and everybody

1157

00:50:16,000 --> 00:50:13,400

wanted Lloyd's work to be left alone and

1158

00:50:17,650 --> 00:50:16,010

you know after two years it took her two

1159

00:50:19,450 --> 00:50:17,660

years to say you know what I made that

1160

00:50:20,830 --> 00:50:19,460

promise to him he didn't want this just

1161

00:50:24,280 --> 00:50:20,840

sitting on a shelf he wanted this

1162

00:50:27,550 --> 00:50:24,290

finished and you know and in Lloyd's own

1163

00:50:30,610 --> 00:50:27,560

words in his own book his goal no matter

1164

00:50:35,130 --> 00:50:30,620

what where it went he was bound to

1165

00:50:38,110 --> 00:50:35,140

determined he just wanted the truth and

1166

00:50:41,230 --> 00:50:38,120

harmony go ahead well you know and I

1167

00:50:43,030 --> 00:50:41,240

think what happened is when we started

1168

00:50:45,670 --> 00:50:43,040

doing all our investigation and coming

1169

00:50:47,470 --> 00:50:45,680

up with some of these test results we

1170

00:50:51,730 --> 00:50:47,480

would find out that he had the same test

1171

00:50:54,240 --> 00:50:51,740

results but Wiley would keep pushing

1172

00:50:57,070 --> 00:50:54,250

forward with the hybrid or the alien

1173

00:50:59,170 --> 00:50:57,080

narrative was because there were a few

1174

00:51:02,110 --> 00:50:59,180

experts on his team that were saying

1175

00:51:06,880 --> 00:51:02,120

this and giving him real evidence the

1176

00:51:10,180 --> 00:51:06,890

problem is it was fake and if you look

1177

00:51:12,160 --> 00:51:10,190

at the Starchild project website they

1178

00:51:16,390 --> 00:51:12,170

very openly Poe

1179

00:51:19,000 --> 00:51:16,400

DNA test from trace labs bold labs trace

1180

00:51:21,310 --> 00:51:19,010

genetics Gary Nolan of Stanton

1181

00:51:22,810 --> 00:51:21,320

University who also did Greer's Adam ah

1182

00:51:25,630 --> 00:51:22,820

baby

1183

00:51:28,360 --> 00:51:25,640

and those three DNA tests were done all

1184

00:51:31,180 --> 00:51:28,370

of them came out mitochondrial only

1185

00:51:33,460 --> 00:51:31,190

because there was no nuclear extracted

1186

00:51:37,090 --> 00:51:33,470

but they knew that the mom was

1187

00:51:40,660 --> 00:51:37,100

absolutely female and haplogroup C which

1188

00:51:42,070 --> 00:51:40,670

is Native American so there was this

1189

00:51:44,830 --> 00:51:42,080

fourth geneticist

1190

00:51:47,830 --> 00:51:44,840

in the report and this is the where

1191

00:51:51,490 --> 00:51:47,840

you're getting the Fox pee you know

1192

00:51:53,650 --> 00:51:51,500

enigma discussion into this and there's

1193

00:51:55,870 --> 00:51:53,660

even these little graphs but they're not

1194

00:51:58,090 --> 00:51:55,880

real science lab graphs they're

1195

00:52:00,310 --> 00:51:58,100

Photoshop graphs because they're just

1196

00:52:04,300 --> 00:52:00,320

illustrating what he means but that's

1197

00:52:08,380 --> 00:52:04,310

not clear right away if that makes sense

1198

00:52:11,890 --> 00:52:08,390

well I kept wondering well why is this

1199

00:52:13,300 --> 00:52:11,900

guy's stuff completely or this lab so

1200

00:52:17,320 --> 00:52:13,310

completely different from everyone

1201
00:52:20,050 --> 00:52:17,330
else's including ours and I'm telling

1202
00:52:23,020 --> 00:52:20,060
you Martin you find out and I know Lloyd

1203
00:52:26,860 --> 00:52:23,030
did not know this you find out that that

1204
00:52:29,200 --> 00:52:26,870
man is not only not a geneticist he

1205
00:52:32,140 --> 00:52:29,210
doesn't have access to a lab he's a

1206
00:52:34,930 --> 00:52:32,150
virologist and he works on Lyme disease

1207
00:52:37,390 --> 00:52:34,940
he's a foreign national here on a work

1208
00:52:39,400 --> 00:52:37,400
visa to study Lyme disease and that's it

1209
00:52:41,800 --> 00:52:39,410
he worked at a university and was

1210
00:52:45,700 --> 00:52:41,810
eventually terminated for unethical

1211
00:52:47,380 --> 00:52:45,710
behavior so you know and I and I know

1212
00:52:51,100 --> 00:52:47,390
Lloyd didn't know this I mean the he

1213
00:52:52,540 --> 00:52:51,110

comes across so legit like I was fooled

1214

00:52:54,640 --> 00:52:52,550

for the you know first year I'm just

1215

00:52:57,670 --> 00:52:54,650

like wow like and I'm digging into this

1216

00:52:59,410 --> 00:52:57,680

fox pee and all that and it doesn't make

1217

00:53:02,160 --> 00:52:59,420

sense geneticist don't even talk like

1218

00:53:05,170 --> 00:53:02,170

that that's not half that vocabulary

1219

00:53:06,220 --> 00:53:05,180

isn't even in their books I mean people

1220

00:53:09,730 --> 00:53:06,230

are looking at me like where are you

1221

00:53:12,850 --> 00:53:09,740

getting this crap so I vetted the guy

1222

00:53:15,880 --> 00:53:12,860

behind the science and this is what we

1223

00:53:20,680 --> 00:53:15,890

found and then to find out I'll even

1224

00:53:23,470 --> 00:53:20,690

tell you further the whole DNA from the

1225

00:53:25,550 --> 00:53:23,480

Nephilim headline this was this

1226

00:53:29,570 --> 00:53:25,560

geneticist that was work

1227

00:53:31,460 --> 00:53:29,580

that DNA I remember Melba Ketchum oh yes

1228

00:53:35,480 --> 00:53:31,470

dr. Miller and the Bigfoot yeah

1229

00:53:37,430 --> 00:53:35,490

same DNA guy all these guy oh my gosh I

1230

00:53:40,310 --> 00:53:37,440

and then when I find all this out and

1231

00:53:44,210 --> 00:53:40,320

this whole trail that he ruined Melba

1232

00:53:46,130 --> 00:53:44,220

Ketchum you know Brian Forester looks

1233

00:53:48,830 --> 00:53:46,140

like you know a used car salesman in a

1234

00:53:52,550 --> 00:53:48,840

fold because you know the big DNA proves

1235

00:53:53,780 --> 00:53:52,560

nepheline well my first question is well

1236

00:53:56,120 --> 00:53:53,790

where'd you get the comparison that you

1237

00:54:00,230 --> 00:53:56,130

know that's nepheline like it's half

1238

00:54:03,590 --> 00:54:00,240

angel half human like a the things

1239

00:54:05,180 --> 00:54:03,600

coming out so it really was a big lesson

1240

00:54:08,060 --> 00:54:05,190

that I really like to talk to other

1241

00:54:11,600 --> 00:54:08,070

investigators and say guys that you're

1242

00:54:13,760 --> 00:54:11,610

scientist because not all of them are

1243

00:54:18,320 --> 00:54:13,770

who they say they are although they

1244

00:54:20,300 --> 00:54:18,330

present letterhead and it just it's the

1245

00:54:24,200 --> 00:54:20,310

same guy behind almost every hoax we

1246

00:54:25,820 --> 00:54:24,210

have unreal yep and I would love to name

1247

00:54:28,100 --> 00:54:25,830

I would love to name him and call him

1248

00:54:29,810 --> 00:54:28,110

out I know exactly who he is and the

1249

00:54:33,250 --> 00:54:29,820

only reason I don't Martin and you know

1250

00:54:35,630 --> 00:54:33,260

me this is killing me it's because I

1251

00:54:38,750 --> 00:54:35,640

promised the Starchild project I would

1252

00:54:41,300 --> 00:54:38,760

not and there are private reasons that I

1253

00:54:45,170 --> 00:54:41,310

promise not to out why they needed me to

1254

00:54:47,420 --> 00:54:45,180

knock out this guy and but it's killing

1255

00:54:50,230 --> 00:54:47,430

me I wanted to scream his name from the

1256

00:54:54,230 --> 00:54:50,240

rooftops because he's been lying and

1257

00:54:56,060 --> 00:54:54,240

really causing a lot of personal trauma

1258

00:54:58,790 --> 00:54:56,070

with some of these good researchers

1259

00:55:01,100 --> 00:54:58,800

Melba was a great veterinarian yes he

1260

00:55:02,510 --> 00:55:01,110

ruined her ruined her Wow reputation

1261

00:55:03,440 --> 00:55:02,520

I've you know who's gonna believe it

1262

00:55:06,350 --> 00:55:03,450

it's crazy

1263

00:55:10,040 --> 00:55:06,360

terrible well if you happen to you know

1264

00:55:12,350 --> 00:55:10,050

text me his name on skype you know I

1265

00:55:16,220 --> 00:55:12,360

might slip and say who it is I'll tell

1266

00:55:18,350 --> 00:55:16,230

you I keep integrity sometimes is hard

1267

00:55:20,030 --> 00:55:18,360

it's really really hard because I've

1268

00:55:22,580 --> 00:55:20,040

wanted to do that a hundred times and

1269

00:55:24,740 --> 00:55:22,590

and it may come out it won't be for me

1270

00:55:29,210 --> 00:55:24,750

but there is somebody else that's kind

1271

00:55:32,240 --> 00:55:29,220

of in this whole mix that is just so

1272

00:55:35,600 --> 00:55:32,250

offended completely offended because

1273

00:55:38,860 --> 00:55:35,610

Lloyd believed him and Lloyd was not

1274

00:55:41,830 --> 00:55:38,870

foolish he was not gullible

1275

00:55:44,140 --> 00:55:41,840

but it was this guy was that good you

1276

00:55:46,150 --> 00:55:44,150

know much like the gaya mummies you know

1277

00:55:47,680 --> 00:55:46,160

how many people in it and the minute the

1278

00:55:49,600 --> 00:55:47,690

tests don't come out oh it's a cover-up

1279

00:55:52,240 --> 00:55:49,610

you know the government's hiding that

1280

00:55:55,000 --> 00:55:52,250

they're really you know so you know

1281

00:55:57,340 --> 00:55:55,010

there's you can only tell the truth and

1282

00:56:00,250 --> 00:55:57,350

hope people understand it what was

1283

00:56:02,760 --> 00:56:00,260

what's that phrase I heard you say again

1284

00:56:05,040 --> 00:56:02,770

about the science I love that phrase

1285

00:56:07,270 --> 00:56:05,050

science doesn't care what we believe

1286

00:56:08,980 --> 00:56:07,280

that's right I actually have hatches

1287

00:56:12,520 --> 00:56:08,990

made up of that because it's you know

1288

00:56:15,190 --> 00:56:12,530

it's turned it's it's Kerry McClure and

1289

00:56:17,380 --> 00:56:15,200

I work together on kind of my

1290

00:56:21,700 --> 00:56:17,390

independent projects so you know I work

1291

00:56:23,380 --> 00:56:21,710

very hard and a lot with MUFON but I

1292

00:56:25,240 --> 00:56:23,390

also have independent things I like to

1293

00:56:27,130 --> 00:56:25,250

keep you know in my pocket I don't put

1294

00:56:27,850 --> 00:56:27,140

all my eggs in anyone's basket if that

1295

00:56:30,340 --> 00:56:27,860

makes sense

1296

00:56:33,730 --> 00:56:30,350

I love MUFON but I like to do other

1297

00:56:35,980 --> 00:56:33,740

things too yeah oh I think the last time

1298

00:56:38,710 --> 00:56:35,990

I had you on a full show you had just

1299

00:56:41,140 --> 00:56:38,720

come back from Peru was it Peru mm-hmm

1300

00:56:44,710 --> 00:56:41,150

yeah yes so that was that was pretty

1301
00:56:46,540 --> 00:56:44,720
exciting we're still going down there la

1302
00:56:49,030 --> 00:56:46,550
had us down there for a second time and

1303
00:56:53,260 --> 00:56:49,040
I have to I have to say Martin I'm

1304
00:56:56,280 --> 00:56:53,270
standing there in the back room of one

1305
00:56:59,110 --> 00:56:56,290
of the most prestigious museums in Peru

1306
00:57:02,740 --> 00:56:59,120
with permission from the Ministry of

1307
00:57:05,440 --> 00:57:02,750
Culture who invited us to take DNA on

1308
00:57:08,290 --> 00:57:05,450
some of their most anomalous skulls that

1309
00:57:11,230 --> 00:57:08,300
they picked out and asked us to do and

1310
00:57:13,360 --> 00:57:11,240
the reason yeah I'm a UFO investigator

1311
00:57:17,530 --> 00:57:13,370
I'm standing there like how did I get

1312
00:57:19,030 --> 00:57:17,540
here where I'm extracting DNA samples

1313
00:57:21,100 --> 00:57:19,040

you know most people don't realize

1314

00:57:25,120 --> 00:57:21,110

there's no certification for evidence

1315

00:57:27,070 --> 00:57:25,130

collection the certification and college

1316

00:57:30,070 --> 00:57:27,080

degrees come with the processing of it

1317

00:57:34,420 --> 00:57:30,080

but anybody can pick up evidence now if

1318

00:57:35,470 --> 00:57:34,430

it's worth worthy or viable in a lab you

1319

00:57:37,870 --> 00:57:35,480

know you've got to do it right you have

1320

00:57:40,270 --> 00:57:37,880

to know what you're doing but you don't

1321

00:57:43,050 --> 00:57:40,280

have that right you don't have to have a

1322

00:57:45,970 --> 00:57:43,060

degree anybody can do this and I've just

1323

00:57:49,900 --> 00:57:45,980

really liked it so I've honed in my

1324

00:57:52,180 --> 00:57:49,910

skills and really did a lot of training

1325

00:57:54,280 --> 00:57:52,190

and a lot of study and

1326
00:57:57,850 --> 00:57:54,290
figured out you know how to make this

1327
00:58:00,610 --> 00:57:57,860
happen and I now have well over 300 I

1328
00:58:04,270 --> 00:58:00,620
probably about almost 400 forensic

1329
00:58:07,480 --> 00:58:04,280
samples that have produced perfect

1330
00:58:09,400 --> 00:58:07,490
results from laboratories it's crazy now

1331
00:58:12,010 --> 00:58:09,410
let me ask you something I've always

1332
00:58:15,340 --> 00:58:12,020
heard that DNA testing can be very

1333
00:58:16,900 --> 00:58:15,350
expensive it is and I don't know if you

1334
00:58:19,030 --> 00:58:16,910
can even throw a number out there for

1335
00:58:21,250 --> 00:58:19,040
instance what it costs for the Starchild

1336
00:58:25,060 --> 00:58:21,260
but who would fund something like that

1337
00:58:26,950 --> 00:58:25,070
we did or I better phrase my husband

1338
00:58:30,460 --> 00:58:26,960

pays for it and because I don't work

1339

00:58:34,480 --> 00:58:30,470

like I don't have a job that pays money

1340

00:58:37,060 --> 00:58:34,490

this is what I do and and Melanie and

1341

00:58:39,610 --> 00:58:37,070

and Carrie this is all out of our pocket

1342

00:58:42,310 --> 00:58:39,620

the Starchild project it became a

1343

00:58:44,740 --> 00:58:42,320

corporation and they needed to because

1344

00:58:48,310 --> 00:58:44,750

there were books and movie deals and all

1345

00:58:52,000 --> 00:58:48,320

this and they take donations and but

1346

00:58:56,100 --> 00:58:52,010

I've never done that and I don't want to

1347

00:58:58,480 --> 00:58:56,110

I think for an investigator to be paid

1348

00:59:01,150 --> 00:58:58,490

somebody wants something in return

1349

00:59:03,960 --> 00:59:01,160

and this way we completely keep the

1350

00:59:08,560 --> 00:59:03,970

integrity of just dispassionate look a

1351
00:59:11,200 --> 00:59:08,570
scientific method transparent and every

1352
00:59:13,600 --> 00:59:11,210
single thing including who exactly

1353
00:59:15,970 --> 00:59:13,610
touched that sample we want the public

1354
00:59:19,420 --> 00:59:15,980
to have everything so no we've never

1355
00:59:21,070 --> 00:59:19,430
accepted a dime never and that's why it

1356
00:59:24,370 --> 00:59:21,080
took so long to get it done as well

1357
00:59:25,660 --> 00:59:24,380
because you know I tried to sell books

1358
00:59:28,330 --> 00:59:25,670
you know I wrote a book called

1359
00:59:30,940 --> 00:59:28,340
admissible with Richard Dolan you know

1360
00:59:32,920 --> 00:59:30,950
just you try to speak at conferences and

1361
00:59:34,660 --> 00:59:32,930
you know every once in a while there's

1362
00:59:36,670 --> 00:59:34,670
very generous with an honorarium

1363
00:59:40,660 --> 00:59:36,680

everything we do goes right back into

1364

00:59:42,520 --> 00:59:40,670

the next test or you know so we we try

1365

00:59:46,540 --> 00:59:42,530

to get out there and do some things to

1366

00:59:49,360 --> 00:59:46,550

help but and we had very generous people

1367

00:59:51,400 --> 00:59:49,370

oh my gosh Martin people offered to give

1368

00:59:54,730 --> 00:59:51,410

us money and we just couldn't take it

1369

01:00:01,740 --> 00:59:54,740

from the public we had to maintain that

1370

01:00:04,300 --> 01:00:01,750

100% you know on our own we had to and

1371

01:00:05,890 --> 01:00:04,310

people were so generous I mean imagine

1372

01:00:09,670 --> 01:00:05,900

turning down a 10,000

1373

01:00:12,009 --> 01:00:09,680

offer chase I'll pay for the for the DNA

1374

01:00:13,479 --> 01:00:12,019

and I could we just couldn't do it we

1375

01:00:16,089 --> 01:00:13,489

had to do it on our own and scrape

1376

01:00:18,009 --> 01:00:16,099

pennies and you know almost mow lawns

1377

01:00:20,200 --> 01:00:18,019

for my neighbor's I would get desperate

1378

01:00:21,160 --> 01:00:20,210

I didn't care I didn't care anymore but

1379

01:00:23,349 --> 01:00:21,170

we made it happen

1380

01:00:25,660 --> 01:00:23,359

it worked I wish our government would do

1381

01:00:27,969 --> 01:00:25,670

that instead of the campaign stuff going

1382

01:00:31,569 --> 01:00:27,979

yeah right exactly you'd be a lot

1383

01:00:34,870 --> 01:00:31,579

straighter wouldn't it yeah so this is

1384

01:00:38,890 --> 01:00:34,880

this is interesting it came back after

1385

01:00:42,039 --> 01:00:38,900

all this time as how many years how long

1386

01:00:44,589 --> 01:00:42,049

ago did did Lloyd first start working on

1387

01:00:48,519 --> 01:00:44,599

this it was by the time I got the skull

1388

01:00:51,759 --> 01:00:48,529

this had been in his camp and in his

1389

01:00:55,450 --> 01:00:51,769

hands for almost 20 years he devoted all

1390

01:00:57,519 --> 01:00:55,460

of his life he was actually a Bigfoot

1391

01:00:59,950 --> 01:00:57,529

researcher and he loved the study of

1392

01:01:02,349 --> 01:00:59,960

human origins and once he got the

1393

01:01:06,190 --> 01:01:02,359

Starchild skull it it just kind of

1394

01:01:10,479 --> 01:01:06,200

captivates you and I I see how that

1395

01:01:15,279 --> 01:01:10,489

could happen I have the skull here you

1396

01:01:16,839 --> 01:01:15,289

have I have I have the it's a first one

1397

01:01:19,289 --> 01:01:16,849

of the first things we did was mold it

1398

01:01:23,170 --> 01:01:19,299

because what I wanted was a photograph

1399

01:01:25,390 --> 01:01:23,180

perfect copy of the Starchild available

1400

01:01:28,809 --> 01:01:25,400

because at this point we already knew

1401

01:01:32,140 --> 01:01:28,819

that this Starchild was at least half

1402

01:01:33,789 --> 01:01:32,150

Native American oh my gosh Martin

1403

01:01:38,950 --> 01:01:33,799

everything stopped there's huge red

1404

01:01:42,309 --> 01:01:38,960

lights Native American remains must be

1405

01:01:45,279 --> 01:01:42,319

honored and you cannot display profit

1406

01:01:47,739 --> 01:01:45,289

from transport oh my gosh you know when

1407

01:01:49,450 --> 01:01:47,749

we started looking into the laws we were

1408

01:01:52,299 --> 01:01:49,460

up against a rock and a hard release

1409

01:01:54,219 --> 01:01:52,309

serious trouble so we wanted to make

1410

01:01:56,519 --> 01:01:54,229

sure that the Starchild skull was always

1411

01:02:00,160 --> 01:01:56,529

going to be available to study at least

1412

01:02:01,660 --> 01:02:00,170

externally with other people I mean

1413

01:02:04,209 --> 01:02:01,670

there are Inca bones there are

1414

01:02:06,609 --> 01:02:04,219

concussion fractures there's a lot of

1415

01:02:08,469 --> 01:02:06,619

things on the Starchild skull that would

1416

01:02:10,809 --> 01:02:08,479

really provide a lot of information in

1417

01:02:13,079 --> 01:02:10,819

the future so we wanted to have that

1418

01:02:16,900 --> 01:02:13,089

done so we brought it down to Texas and

1419

01:02:19,420 --> 01:02:16,910

Joe Taylor one world premiere museum

1420

01:02:21,730 --> 01:02:19,430

molder and model maker he

1421

01:02:23,710 --> 01:02:21,740

all the big t-rex's and you know

1422

01:02:25,660 --> 01:02:23,720

everything and we had him do a

1423

01:02:27,579 --> 01:02:25,670

photograph perfect but yes it's on my

1424

01:02:29,950 --> 01:02:27,589

shelf can you ask your child for the

1425

01:02:33,420 --> 01:02:29,960

YouTube watcher can you actually go grab

1426

01:02:36,849 --> 01:02:33,430

it or is it something that's yeah yeah

1427

01:02:43,200 --> 01:02:36,859

bring it over to the camera okay I'll

1428

01:02:49,150 --> 01:02:46,230

all right everyone while she is going to

1429

01:02:53,260 --> 01:02:49,160

she's going to do that we're gonna be

1430

01:02:54,940 --> 01:02:53,270

talking in the second hour about she is

1431

01:02:57,910 --> 01:02:54,950

going to talk about the triangle and a

1432

01:03:00,000 --> 01:02:57,920

few other things investigation she's

1433

01:03:05,650 --> 01:03:00,010

working on and all that and now she's

1434

01:03:08,260 --> 01:03:05,660

back so here we go this is so this he

1435

01:03:11,770 --> 01:03:08,270

didn't do 3d printing he actually molded

1436

01:03:14,349 --> 01:03:11,780

this instead yes and this is photograph

1437

01:03:18,400 --> 01:03:14,359

perfect every detail on here has been

1438

01:03:22,569 --> 01:03:18,410

meticulously detailed you'll get over to

1439

01:03:25,750 --> 01:03:22,579

the other side a little bit yeah

1440

01:03:28,030 --> 01:03:25,760

and we wanted to make sure it was not

1441

01:03:31,829 --> 01:03:28,040

only available anybody can buy a copy of

1442

01:03:34,329 --> 01:03:31,839

this star child now and but we I know

1443

01:03:37,450 --> 01:03:34,339

but it's mostly we did it for the

1444

01:03:40,390 --> 01:03:37,460

research and continued because we were

1445

01:03:42,579 --> 01:03:40,400

done with it without permission from the

1446

01:03:44,770 --> 01:03:42,589

proper authorities there was no more

1447

01:03:47,260 --> 01:03:44,780

extractions that we could legally do

1448

01:03:51,069 --> 01:03:47,270

thank goodness we had them all already

1449

01:03:55,260 --> 01:03:51,079

and there's a part of this when you look

1450

01:03:59,789 --> 01:03:55,270

at the little skull Lloyd spending his

1451

01:04:02,109 --> 01:03:59,799

whole life I have the copy Martin and

1452

01:04:04,690 --> 01:04:02,119

some about this little skull it

1453

01:04:07,120 --> 01:04:04,700

resonates I mean you feel something with

1454

01:04:10,150 --> 01:04:07,130

it and you know you start looking and

1455

01:04:14,559 --> 01:04:10,160

taking DNA look at this big cut out of

1456

01:04:16,660 --> 01:04:14,569

his little skull and it's just it's just

1457

01:04:19,660 --> 01:04:16,670

really hard and I did have to cut one

1458

01:04:21,010 --> 01:04:19,670

more time and I took a little piece of

1459

01:04:23,680 --> 01:04:21,020

you know less than a quarter of an inch

1460

01:04:26,799 --> 01:04:23,690

but because that's all we needed for

1461

01:04:30,490 --> 01:04:26,809

microscopic work electron microscopy or

1462

01:04:32,170 --> 01:04:30,500

The Sims testing but Melanie had to

1463

01:04:32,890 --> 01:04:32,180

leave the room I mean it's just it

1464

01:04:35,259 --> 01:04:32,900

breaks your heart

1465

01:04:39,160 --> 01:04:35,269

because the companion skull that was

1466

01:04:41,890 --> 01:04:39,170

found with the Starchild skull anybody

1467

01:04:44,829 --> 01:04:41,900

that knows anything about human anatomy

1468

01:04:47,470 --> 01:04:44,839

or osteology clearly the first thing

1469

01:04:50,579 --> 01:04:47,480

they see is the many concussion

1470

01:04:53,380 --> 01:04:50,589

fractures these guys didn't have it easy

1471

01:04:56,019 --> 01:04:53,390

right um and and the companion was a

1472

01:04:59,739 --> 01:04:56,029

female and I think we counted on almost

1473

01:05:02,700 --> 01:04:59,749

14 my goodness now where is the original

1474

01:05:06,730 --> 01:05:02,710

did it go back to where it was found

1475

01:05:09,700 --> 01:05:06,740

it's in the process when the when we

1476

01:05:13,329 --> 01:05:09,710

realize our DNA came back which we had

1477

01:05:15,670 --> 01:05:13,339

to wait for ours because we trusted the

1478

01:05:17,710 --> 01:05:15,680

labs that lloyd worked but in the

1479

01:05:20,109 --> 01:05:17,720

scientific process its tests repeat

1480

01:05:23,079 --> 01:05:20,119

tests repeat so we were given the

1481

01:05:25,420 --> 01:05:23,089

permission to finish the DNA testing but

1482

01:05:29,200 --> 01:05:25,430

when the mitochondrial came back

1483

01:05:31,390 --> 01:05:29,210

haplogroup c1 see you know technology is

1484

01:05:37,059 --> 01:05:31,400

even greater now so we even got a better

1485

01:05:41,170 --> 01:05:37,069

result definitive definitely Native

1486

01:05:43,569 --> 01:05:41,180

Americans so the haplogroup for the

1487

01:05:46,870 --> 01:05:43,579

mighty are the paternal side first thing

1488

01:05:49,539 --> 01:05:46,880

we had done was a sex test because we

1489

01:05:51,849 --> 01:05:49,549

know in a sex test even though we were

1490

01:05:54,339 --> 01:05:51,859

certain this was a male a little boy he

1491

01:05:57,059 --> 01:05:54,349

and he is five years old there's no

1492

01:06:03,729 --> 01:06:00,279

we knew that a sex test if it came up

1493

01:06:06,670 --> 01:06:03,739

male it would have XY chromosomes where

1494

01:06:08,559 --> 01:06:06,680

a female is xx so if there was a Y

1495

01:06:11,920 --> 01:06:08,569

chromosome present then we know at least

1496

01:06:15,390 --> 01:06:11,930

the dad was at least partially human to

1497

01:06:18,279 --> 01:06:15,400

pass on that Y chromosome yeah so

1498

01:06:20,349 --> 01:06:18,289

somebody was treated me sorry someone

1499

01:06:22,479 --> 01:06:20,359

mentioned in the chat room you know that

1500

01:06:25,180 --> 01:06:22,489

there's a lot of deformed skulls what

1501

01:06:26,890 --> 01:06:25,190

makes this one so outstanding didn't

1502

01:06:29,499 --> 01:06:26,900

have to do with the eye settings and all

1503

01:06:32,220 --> 01:06:29,509

kinds of different things there is and

1504

01:06:35,499 --> 01:06:32,230

it's a very bulbous this is a breaky

1505

01:06:38,620 --> 01:06:35,509

brachycephalic a supple e-type it's a

1506

01:06:40,479 --> 01:06:38,630

bulbous it's not really elongated he he

1507

01:06:44,200 --> 01:06:40,489

actually has flat head syndrome on the

1508

01:06:47,860 --> 01:06:44,210

back so he but this bulbous and and

1509

01:06:49,240 --> 01:06:47,870

every single expert that looks at

1510

01:06:51,760 --> 01:06:49,250

first thing they want to say is

1511

01:06:53,320 --> 01:06:51,770

hydrocephaly and that's where you know

1512

01:06:56,290 --> 01:06:53,330

the liquid gets in the head and it makes

1513

01:06:58,210 --> 01:06:56,300

it real big the problem is is that it

1514

01:07:01,390 --> 01:06:58,220

doesn't offer any of the other

1515

01:07:03,160 --> 01:07:01,400

properties other than its bulbous all

1516

01:07:06,990 --> 01:07:03,170

the other things are missing so we've

1517

01:07:09,810 --> 01:07:07,000

determined even with doctors and

1518

01:07:15,520 --> 01:07:09,820

archaeologists that this is he is not

1519

01:07:19,660 --> 01:07:15,530

hydrocephalic at all so we did find the

1520

01:07:24,550 --> 01:07:19,670

paternal DNA came back haplogroup Q

1521

01:07:26,490 --> 01:07:24,560

which is indigenous South America which

1522

01:07:29,890 --> 01:07:26,500

absolutely makes sense so now we have

1523

01:07:32,770 --> 01:07:29,900

South American and Native American but

1524

01:07:37,390 --> 01:07:32,780

he was found in Mexico so I was working

1525

01:07:40,440 --> 01:07:37,400

with the Bureau of Indian Affairs out of

1526

01:07:42,280 --> 01:07:40,450

Washington DC I just called them and

1527

01:07:44,050 --> 01:07:42,290

worked with them because this was

1528

01:07:47,290 --> 01:07:44,060

complicated and it's an international

1529

01:07:49,600 --> 01:07:47,300

case and they couldn't help us we had to

1530

01:07:51,730 --> 01:07:49,610

go to Mexico well we were a little

1531

01:07:55,120 --> 01:07:51,740

nervous because you know there's a lot

1532

01:07:57,280 --> 01:07:55,130

of antiquity and you know elongated

1533

01:08:01,260 --> 01:07:57,290

skulls and a lot of this stuff out of

1534

01:08:03,460 --> 01:08:01,270

Peru is black market it's huge right now

1535

01:08:04,780 --> 01:08:03,470

you're kind of afraid to call them and

1536

01:08:09,010 --> 01:08:04,790

tell them because we didn't want to be

1537

01:08:11,710 --> 01:08:09,020

arrested by Mexican authorities but we

1538

01:08:14,620 --> 01:08:11,720

did work and right now where it comes

1539

01:08:17,740 --> 01:08:14,630

down to is Ruben Uriarte is working with

1540

01:08:19,660 --> 01:08:17,750

Melanie young the owner and they're

1541

01:08:22,660 --> 01:08:19,670

working to repatriate and get him back

1542

01:08:24,660 --> 01:08:22,670

to the area that you know we know he

1543

01:08:29,890 --> 01:08:24,670

came from which is delicious

1544

01:08:32,320 --> 01:08:29,900

Chihuahua and Copper Canyon area Wow

1545

01:08:34,390 --> 01:08:32,330

well that's interesting and it's it's

1546

01:08:37,990 --> 01:08:34,400

another thing that comes to a close

1547

01:08:40,030 --> 01:08:38,000

basically and not that much to do with

1548

01:08:42,520 --> 01:08:40,040

UFOs you know they thought was it

1549

01:08:45,700 --> 01:08:42,530

possibly you know alien and all that you

1550

01:08:48,910 --> 01:08:45,710

know another I think it's important you

1551
01:08:51,610 --> 01:08:48,920
know there's evidence and and ancient

1552
01:08:54,579 --> 01:08:51,620
writings and even our Bible talks about

1553
01:08:57,160 --> 01:08:54,589
a hybrid race on this earth and I'm

1554
01:09:00,609 --> 01:08:57,170
curious about that I want DNA I I want

1555
01:09:03,760 --> 01:09:00,619
to find this hybrid race of giants or

1556
01:09:06,640 --> 01:09:03,770
if there is alien hybrids here we want

1557
01:09:09,490 --> 01:09:06,650
to know about it and really digging in

1558
01:09:13,510 --> 01:09:09,500
and finding more of the DNA has actually

1559
01:09:15,910 --> 01:09:13,520
led to a lot of progress in the DNA bank

1560
01:09:18,519 --> 01:09:15,920
as well so our dad is increasing every

1561
01:09:21,490 --> 01:09:18,529
time we submit more results now one

1562
01:09:23,950 --> 01:09:21,500
thing you mentioned earlier you know how

1563
01:09:26,140 --> 01:09:23,960

would we know if it was nepheline I

1564

01:09:28,599 --> 01:09:26,150

think you said how would we know because

1565

01:09:31,030 --> 01:09:28,609

there are no other samples what what

1566

01:09:37,089 --> 01:09:31,040

happens in a case like that if they test

1567

01:09:39,519 --> 01:09:37,099

DNA and and if it comes up unusual they

1568

01:09:41,379 --> 01:09:39,529

can't just you know a scientist isn't

1569

01:09:43,599 --> 01:09:41,389

going to jump on the bandwagon that it's

1570

01:09:45,820 --> 01:09:43,609

a hybrid or an alien or something like

1571

01:09:48,579 --> 01:09:45,830

that where do they go and new things

1572

01:09:51,490 --> 01:09:48,589

happened do you know it's it's why those

1573

01:09:54,609 --> 01:09:51,500

headlines are so offensive it's you know

1574

01:09:56,800 --> 01:09:54,619

stop teasing and and you know the

1575

01:09:58,600 --> 01:09:56,810

public's counting on us you know when

1576

01:10:01,959 --> 01:09:58,610

you have names and you're known out here

1577

01:10:03,010 --> 01:10:01,969

and you make a proclamation you know we

1578

01:10:04,629 --> 01:10:03,020

have to be better than that because

1579

01:10:07,089 --> 01:10:04,639

there going to be some in the public

1580

01:10:09,250 --> 01:10:07,099

they're gonna believe us what happens

1581

01:10:12,339 --> 01:10:09,260

with that DNA is exactly what we're

1582

01:10:15,370 --> 01:10:12,349

finding with Steven Greer's there is

1583

01:10:17,740 --> 01:10:15,380

some DNA that can't be identified it

1584

01:10:21,160 --> 01:10:17,750

doesn't mean it's alien it just means

1585

01:10:23,890 --> 01:10:21,170

it's not in our bank yet or it's corrupt

1586

01:10:26,109 --> 01:10:23,900

and it comes out as an unknown because

1587

01:10:29,040 --> 01:10:26,119

it's so corrupted they can't identify it

1588

01:10:32,290 --> 01:10:29,050

and of course that doesn't I mean it's

1589

01:10:35,740 --> 01:10:32,300

you know alien either it just means that

1590

01:10:37,750 --> 01:10:35,750

something corrupted that genome so what

1591

01:10:40,810 --> 01:10:37,760

we're finding it is just testing and

1592

01:10:43,930 --> 01:10:40,820

more testing but I have to wonder Martin

1593

01:10:46,479 --> 01:10:43,940

because we're finding I've done the

1594

01:10:48,550 --> 01:10:46,489

bobwhite metal remember the UFO case of

1595

01:10:51,879 --> 01:10:48,560

bob white where that kind of cone and

1596

01:10:54,010 --> 01:10:51,889

this metal ejected from a UFO yeah and

1597

01:10:59,890 --> 01:10:54,020

and then there was another metals case I

1598

01:11:03,550 --> 01:10:59,900

did with Benny foggin yes this one was

1599

01:11:07,629 --> 01:11:03,560

another metal they was dropped in a

1600

01:11:10,540 --> 01:11:07,639

driveway after an alleged UFO and but

1601

01:11:14,380 --> 01:11:10,550

there are several of these types of

1602

01:11:16,900 --> 01:11:14,390

anomaly we're finding in the metals they

1603

01:11:19,060 --> 01:11:16,910

all have pretty much the same type of

1604

01:11:24,670 --> 01:11:19,070

alloy you would expect in metal that

1605

01:11:26,410 --> 01:11:24,680

could transverse space and and the

1606

01:11:30,070 --> 01:11:26,420

universe is made up of all kind of the

1607

01:11:32,170 --> 01:11:30,080

same stuff um the moon would have more

1608

01:11:35,440 --> 01:11:32,180

helium where here it's a rare earth

1609

01:11:39,250 --> 01:11:35,450

mineral but we still have it it's it's

1610

01:11:44,230 --> 01:11:39,260

not exotic so now I have to wonder when

1611

01:11:47,530 --> 01:11:44,240

it comes to biology are we the only kind

1612

01:11:52,180 --> 01:11:47,540

of biology that that would progress into

1613

01:11:54,970 --> 01:11:52,190

intelligence are we closer to a grey

1614

01:11:57,970 --> 01:11:54,980

than we think we are you know where does

1615

01:12:02,710 --> 01:11:57,980

our DNA come from if we were created in

1616

01:12:06,190 --> 01:12:02,720

a likeness or we were manufactured as a

1617

01:12:10,960 --> 01:12:06,200

sumerian belief system would it you know

1618

01:12:14,980 --> 01:12:10,970

would tell us or even if it's biblical

1619

01:12:17,610 --> 01:12:14,990

what does alien DNA look like so the

1620

01:12:21,700 --> 01:12:17,620

fact that these are coming back human

1621

01:12:25,060 --> 01:12:21,710

may just not be that big of a deal until

1622

01:12:30,300 --> 01:12:25,070

we get alien DNA or we get nepheline or

1623

01:12:34,900 --> 01:12:30,310

we get Bigfoot or you know this little

1624

01:12:37,420 --> 01:12:34,910

Steven Greer does shows Emily and then

1625

01:12:40,060 --> 01:12:37,430

it's better we're getting better at the

1626

01:12:42,040 --> 01:12:40,070

facts when this first came out it was

1627

01:12:43,180 --> 01:12:42,050

just unknown it made sense that people

1628

01:12:45,670 --> 01:12:43,190

would freak out I would have freaked out

1629

01:12:49,030 --> 01:12:45,680

it we have a DNA genomes that came back

1630

01:12:51,670 --> 01:12:49,040

unknown now we understand that it will

1631

01:12:53,740 --> 01:12:51,680

get an unknown reading if part of that

1632

01:12:56,410 --> 01:12:53,750

genome was corrupt because they just

1633

01:13:00,130 --> 01:12:56,420

can't identify it so you know we're

1634

01:13:04,000 --> 01:13:00,140

getting better at this and for me every

1635

01:13:06,310 --> 01:13:04,010

time we solve a case it's a success I've

1636

01:13:09,070 --> 01:13:06,320

been doing this since 1994 of course I

1637

01:13:11,830 --> 01:13:09,080

wanted a friggin alien I want a hybrid I

1638

01:13:13,420 --> 01:13:11,840

wanted I want I want a piece of metal I

1639

01:13:16,450 --> 01:13:13,430

want it I want that crunchy

1640

01:13:18,340 --> 01:13:16,460

you know you and it expands and first

1641

01:13:20,440 --> 01:13:18,350

thing I do is call a leandro and I'll be

1642

01:13:22,570 --> 01:13:20,450

right call a leandro say I'm coming to

1643

01:13:26,890 --> 01:13:22,580

Congress with you know memory metal

1644

01:13:28,180 --> 01:13:26,900

we're showing the world yeah but when

1645

01:13:30,730 --> 01:13:28,190

it's all said and done

1646

01:13:33,340 --> 01:13:30,740

of course this is what I want so there's

1647

01:13:35,350 --> 01:13:33,350

a huge disappointment but I'm always

1648

01:13:38,110 --> 01:13:35,360

satisfied that we did our job right and

1649

01:13:41,050 --> 01:13:38,120

that when we find the truth we can now

1650

01:13:43,390 --> 01:13:41,060

take that lead out of our pursuit okay

1651

01:13:46,210 --> 01:13:43,400

that's not legit anymore let's go on to

1652

01:13:49,120 --> 01:13:46,220

the next really get next great lead we

1653

01:13:50,920 --> 01:13:49,130

can follow to the truth so to me it's a

1654

01:13:53,170 --> 01:13:50,930

process of elimination we're doing our

1655

01:13:56,070 --> 01:13:53,180

job we're doing it right we're meetin

1656

01:13:58,990 --> 01:13:56,080

admissable 'ti we're transparent so that

1657

01:14:00,610 --> 01:13:59,000

anybody in the public can say wow I'm

1658

01:14:03,250 --> 01:14:00,620

interested what a Sims test looks like

1659

01:14:05,260 --> 01:14:03,260

and they'll know the lab exactly who did

1660

01:14:08,130 --> 01:14:05,270

it what their process was and every

1661

01:14:11,350 --> 01:14:08,140

single word they wrote in their report

1662

01:14:15,390 --> 01:14:11,360

we have to we have to do it this way no

1663

01:14:19,360 --> 01:14:15,400

going back to the you said it was

1664

01:14:21,490 --> 01:14:19,370

someone that was working on Lyme disease

1665

01:14:26,350 --> 01:14:21,500

and they were calling themselves you

1666

01:14:28,150 --> 01:14:26,360

know a scientist isn't that fraud can't

1667

01:14:31,360 --> 01:14:28,160

someone go to jail for doing something

1668

01:14:34,210 --> 01:14:31,370

like that or is it or I'll do something

1669

01:14:36,640 --> 01:14:34,220

like that again he was doing it off the

1670

01:14:39,160 --> 01:14:36,650

grid and that was part of the agreement

1671

01:14:42,790 --> 01:14:39,170

so knowing that he worked at a

1672

01:14:44,950 --> 01:14:42,800

university and not a legit lab so if

1673

01:14:47,170 --> 01:14:44,960

this was somebody from Paley and no DNA

1674

01:14:50,740 --> 01:14:47,180

lab up in Canada that we use which is a

1675

01:14:53,830 --> 01:14:50,750

legitimate you know very successful you

1676

01:14:57,310 --> 01:14:53,840

know highly accredited lab oh heck yeah

1677

01:15:00,130 --> 01:14:57,320

we could sue them but unfortunately and

1678

01:15:01,990 --> 01:15:00,140

you know and we're all poor because

1679

01:15:04,000 --> 01:15:02,000

we're all paying for these stupid tests

1680

01:15:05,890 --> 01:15:04,010

I mean who could afford a lawyer I hate

1681

01:15:08,620 --> 01:15:05,900

to even go after man in the first place

1682

01:15:10,060 --> 01:15:08,630

but he's also a foreign national and you

1683

01:15:12,820 --> 01:15:10,070

know when you know the whole story it

1684

01:15:15,910 --> 01:15:12,830

gets even more disgusting Martin it's

1685

01:15:18,520 --> 01:15:15,920

just like you know I again like please

1686

01:15:21,190 --> 01:15:18,530

let me run into this guy somewhere on

1687

01:15:22,930 --> 01:15:21,200

the street corner and everybody stand

1688

01:15:26,920 --> 01:15:22,940

back for just two minutes that's right

1689

01:15:30,460 --> 01:15:26,930

you know self-defense your trained eye I

1690

01:15:32,620 --> 01:15:30,470

think at this point I wouldn't even have

1691

01:15:34,780 --> 01:15:32,630

to be I think just the rage you know

1692

01:15:37,060 --> 01:15:34,790

it's the same thing with like Richard

1693

01:15:40,930 --> 01:15:37,070

Doty you know people that just are so

1694

01:15:42,129 --> 01:15:40,940

abusive when you know that the hearts in

1695

01:15:44,739 --> 01:15:42,139

the right place and we're just looking

1696

01:15:48,189 --> 01:15:44,749

four mysteries and it's a UFO reality

1697

01:15:51,069 --> 01:15:48,199

that it's done guys we know there are

1698

01:15:54,790 --> 01:15:51,079

UFOs we answered that question ten years

1699

01:15:57,729 --> 01:15:54,800

ago asked answered what we're looking

1700

01:16:00,549 --> 01:15:57,739

for now is who are they and what do they

1701

01:16:01,209 --> 01:16:00,559

want I don't even do lights in the sky

1702

01:16:03,100 --> 01:16:01,219

anymore

1703

01:16:05,109 --> 01:16:03,110

they're always only going to be a light

1704

01:16:08,560 --> 01:16:05,119

in the sky we can never say that's a

1705

01:16:11,919 --> 01:16:08,570

mothership or oh that's um you know the

1706

01:16:13,839 --> 01:16:11,929

guys from Pleiades you know it's always

1707

01:16:15,189 --> 01:16:13,849

going to be light in the sky I don't

1708

01:16:17,020 --> 01:16:15,199

want to waste my time anymore

1709

01:16:19,389 --> 01:16:17,030

I want evidence I want evidence cases

1710

01:16:23,409 --> 01:16:19,399

that produce something whether it's

1711

01:16:27,149 --> 01:16:23,419

trace evidence landing marks something

1712

01:16:30,310 --> 01:16:27,159

that we can now test and our

1713

01:16:33,459 --> 01:16:30,320

possibilities are just doubling every

1714

01:16:35,350 --> 01:16:33,469

year on what we can do what we can get

1715

01:16:39,189 --> 01:16:35,360

remember the little tiny microscopic

1716

01:16:41,139 --> 01:16:39,199

balls that they found on a weather

1717

01:16:44,949 --> 01:16:41,149

balloon so they're testing the

1718

01:16:46,959 --> 01:16:44,959

stratosphere and collecting these little

1719

01:16:48,399 --> 01:16:46,969

debris czar this thing they come back

1720

01:16:50,109 --> 01:16:48,409

and there's all these little pits and

1721

01:16:53,009 --> 01:16:50,119

this guy's like what is that and he's

1722

01:16:55,209 --> 01:16:53,019

pulling out these little metal

1723

01:16:59,589 --> 01:16:55,219

microscopic tiny little metal about the

1724

01:17:00,069 --> 01:16:59,599

size of a hair thickness and they open

1725

01:17:03,129 --> 01:17:00,079

it up

1726

01:17:05,620 --> 01:17:03,139

these are phd's these are like the best

1727

01:17:07,509 --> 01:17:05,630

minds in this in this physical science

1728

01:17:10,629 --> 01:17:07,519

they open them up and they're finding

1729

01:17:13,929 --> 01:17:10,639

genetic material in DNA in them right

1730

01:17:16,000 --> 01:17:13,939

wait what so they're finding that on the

1731

01:17:20,409 --> 01:17:16,010

stratosphere then we find out that

1732

01:17:22,149 --> 01:17:20,419

there's an alleged UFO landing cited by

1733

01:17:24,429 --> 01:17:22,159

a bunch of people on a train in Russia

1734

01:17:28,000 --> 01:17:24,439

and when they go to the landing site

1735

01:17:30,489 --> 01:17:28,010

they find little balls with that same

1736

01:17:31,899 --> 01:17:30,499

genetic material in it so all of a

1737

01:17:34,449 --> 01:17:31,909

sudden I'm freaking out thinking oh my

1738

01:17:36,219 --> 01:17:34,459

gosh we have something new to test every

1739

01:17:38,979 --> 01:17:36,229

time a witness tells us that some things

1740

01:17:40,779 --> 01:17:38,989

close to the ground or has landed

1741

01:17:42,909 --> 01:17:40,789

we have to take soil samples whether

1742

01:17:45,520 --> 01:17:42,919

there's trace evidence physical evidence

1743

01:17:46,899 --> 01:17:45,530

because now we're looking for these

1744

01:17:49,179 --> 01:17:46,909

little metal balls because if they're

1745

01:17:52,270 --> 01:17:49,189

present it came through the stratosphere

1746

01:17:56,110 --> 01:17:52,280

it wasn't a plane or you know Chinese

1747

01:17:59,170 --> 01:17:56,120

lantern so science is really

1748

01:18:01,480 --> 01:17:59,180

catapult and UFO investigations forward

1749

01:18:03,580 --> 01:18:01,490

and at warp speed we have to pay

1750

01:18:06,460 --> 01:18:03,590

attention to what's breaking and what's

1751

01:18:09,700 --> 01:18:06,470

what's being patented we knew am

1752

01:18:11,470 --> 01:18:09,710

technology was possible before the

1753

01:18:14,610 --> 01:18:11,480

announcement came out and we don't even

1754

01:18:17,530 --> 01:18:14,620

have the confirmation yet about e/m

1755

01:18:19,810 --> 01:18:17,540

propulsion but we know it's coming we

1756

01:18:22,840 --> 01:18:19,820

knew six years ago why we're following

1757

01:18:24,310 --> 01:18:22,850

the patents because you know those

1758

01:18:25,660 --> 01:18:24,320

companies appeared on their Bush's

1759

01:18:27,370 --> 01:18:25,670

they're going to want their credit for

1760

01:18:29,920 --> 01:18:27,380

their technology right so they're gonna

1761

01:18:32,980 --> 01:18:29,930

patent me so people can't take them or

1762

01:18:34,870 --> 01:18:32,990

steal them and you know and it's just we

1763

01:18:37,150 --> 01:18:34,880

got them we got a mart and we're paying

1764

01:18:40,330 --> 01:18:37,160

attention and we're doing our job right

1765

01:18:44,890 --> 01:18:40,340

now these little metal balls with

1766

01:18:47,440 --> 01:18:44,900

genetic material that that's almost sort

1767

01:18:50,950 --> 01:18:47,450

of a sign for the panspermia that you

1768

01:18:53,980 --> 01:18:50,960

you know the possibilities of that going

1769

01:18:55,780 --> 01:18:53,990

all through the universe you're

1770

01:18:58,530 --> 01:18:55,790

absolutely right and that's exactly what

1771

01:19:00,880 --> 01:18:58,540

these scientists believe this is is

1772

01:19:04,810 --> 01:19:00,890

spreading life they're not saying that

1773

01:19:07,630 --> 01:19:04,820

it's DNA from a human it could be a

1774

01:19:09,730 --> 01:19:07,640

different species of animal a fish you

1775

01:19:11,860 --> 01:19:09,740

know all sorts of things they don't know

1776

01:19:14,230 --> 01:19:11,870

what it is this is brand new discovery

1777

01:19:15,400 --> 01:19:14,240

it's been a couple years now but the

1778

01:19:18,910 --> 01:19:15,410

fact that we're finding it in other

1779

01:19:20,950 --> 01:19:18,920

places and just how weird you know I

1780

01:19:23,200 --> 01:19:20,960

just I love this something that had

1781

01:19:26,460 --> 01:19:23,210

absolutely nothing to do with UFOs is

1782

01:19:29,650 --> 01:19:26,470

turning out to be one of our next big

1783

01:19:31,630 --> 01:19:29,660

pursuits and something we're looking at

1784

01:19:36,040 --> 01:19:31,640

and why I love it so much is it's

1785

01:19:40,840 --> 01:19:36,050

testable yeah it's it's not fleeting

1786

01:19:43,210 --> 01:19:40,850

it's right there right now I know you've

1787

01:19:44,620 --> 01:19:43,220

been working on the crystal mine case I

1788

01:19:46,210 --> 01:19:44,630

don't know if you want to go into that

1789

01:19:50,650 --> 01:19:46,220

now would you like to talk about that

1790

01:19:53,470 --> 01:19:50,660

and sure tell people little I had never

1791

01:19:58,200 --> 01:19:53,480

heard of it before so can you talk about

1792

01:20:00,750 --> 01:19:58,210

what it is the crystal mine case is

1793

01:20:03,940 --> 01:20:00,760

crystal mine that is absolutely

1794

01:20:08,200 --> 01:20:03,950

experiencing phenomena in Mena Arkansas

1795

01:20:09,760 --> 01:20:08,210

and this case first came at us I can't

1796

01:20:11,770 --> 01:20:09,770

talk about the original Reid

1797

01:20:15,160 --> 01:20:11,780

port that MUFON had done I'm under

1798

01:20:16,630 --> 01:20:15,170

non-disclosure because not only is MUFON

1799

01:20:19,060 --> 01:20:16,640

getting ready to release the final

1800

01:20:21,370 --> 01:20:19,070

report from our investigation but it's

1801

01:20:23,170 --> 01:20:21,380

also being featured on expedition

1802

01:20:26,530 --> 01:20:23,180

unknown with Josh gates

1803

01:20:29,260 --> 01:20:26,540

it's the last episode of his four-part

1804

01:20:31,300 --> 01:20:29,270

series looking for extraterrestrials so

1805

01:20:33,340 --> 01:20:31,310

this will be in October so I can't talk

1806

01:20:39,880 --> 01:20:33,350

about that part but what I can talk

1807

01:20:42,070 --> 01:20:39,890

about is the ongoing activity and events

1808

01:20:44,830 --> 01:20:42,080

and you know just see strange things and

1809

01:20:46,000 --> 01:20:44,840

when we got down there of course one of

1810

01:20:48,430 --> 01:20:46,010

the things we do is a lot of the

1811

01:20:52,120 --> 01:20:48,440

background and realized all of the

1812

01:20:54,640 --> 01:20:52,130

strange light reports coming out Amina

1813

01:20:58,210 --> 01:20:54,650

and some of these are brown mountain or

1814

01:21:01,180 --> 01:20:58,220

Marfa type sightings its historic all

1815

01:21:04,870 --> 01:21:01,190

the way back to the late 1900s really

1816

01:21:07,300 --> 01:21:04,880

wow yeah so when you're having this and

1817

01:21:09,790 --> 01:21:07,310

of course these UFO investigators you

1818

01:21:12,520 --> 01:21:09,800

know we don't mark our cars and have UFO

1819

01:21:14,560 --> 01:21:12,530

hunter on my license plate because when

1820

01:21:15,820 --> 01:21:14,570

I pull up to somebody's house they don't

1821

01:21:19,270 --> 01:21:15,830

may not want their neighbor who's

1822

01:21:20,530 --> 01:21:19,280

driving by or walking and see that you

1823

01:21:22,420 --> 01:21:20,540

know and know that they're reporting a

1824

01:21:26,260 --> 01:21:22,430

UFO or something we go we're very

1825

01:21:27,820 --> 01:21:26,270

discreet so I couldn't really canvass we

1826

01:21:29,050 --> 01:21:27,830

can't you know just start knocking on

1827

01:21:31,510 --> 01:21:29,060

all the doors I mean they're like hey

1828

01:21:33,250 --> 01:21:31,520

you guys have any experiences but what

1829

01:21:36,010 --> 01:21:33,260

we've learned to do is hold town hall

1830

01:21:39,340 --> 01:21:36,020

meetings and so there's an investigation

1831

01:21:41,230 --> 01:21:39,350

team with kgr a radio I thought that was

1832

01:21:43,210 --> 01:21:41,240

great here you have a radio network with

1833

01:21:46,000 --> 01:21:43,220

you know Linda Moulton Howe and Richard

1834

01:21:48,880 --> 01:21:46,010

Dolan and la Marzulli and you know me

1835

01:21:50,560 --> 01:21:48,890

and Micah Hanks and all these people why

1836

01:21:52,780 --> 01:21:50,570

don't we start looking into some of this

1837

01:21:56,110 --> 01:21:52,790

anomaly and accept cases and get out

1838

01:21:57,370 --> 01:21:56,120

there and do it ourselves and so that's

1839

01:21:59,410 --> 01:21:57,380

what we're starting to do and we're

1840

01:22:01,900 --> 01:21:59,420

gonna go out back out tamina and

1841

01:22:03,880 --> 01:22:01,910

actually have a town hall meeting and

1842

01:22:05,590 --> 01:22:03,890

invite people to come and tell us what

1843

01:22:07,870 --> 01:22:05,600

they know bring your evidence do you

1844

01:22:10,240 --> 01:22:07,880

have photos and let's start finding out

1845

01:22:12,550 --> 01:22:10,250

what's going on in this location in our

1846

01:22:15,040 --> 01:22:12,560

country which by the way is 37th

1847

01:22:18,190 --> 01:22:15,050

parallel oh really how about that yes

1848

01:22:19,480 --> 01:22:18,200

right how do you get the word out that

1849

01:22:23,410 --> 01:22:19,490

you're gonna have this town-hall type

1850

01:22:26,229 --> 01:22:23,420

meeting it was on something that

1851

01:22:29,290 --> 01:22:26,239

we wanted to make sure we didn't come

1852

01:22:34,510 --> 01:22:29,300

we're professional right so the first

1853

01:22:37,030 --> 01:22:34,520

thing we did was race race Hobbs program

1854

01:22:39,130 --> 01:22:37,040

director over at kg RA called the

1855

01:22:40,750 --> 01:22:39,140

University and they had a beautiful

1856

01:22:43,050 --> 01:22:40,760

lecture hall that holds about three

1857

01:22:45,880 --> 01:22:43,060

hundred people and offered it to us and

1858

01:22:49,060 --> 01:22:45,890

we called all the local newspapers and

1859

01:22:51,490 --> 01:22:49,070

the radio stations putting word out

1860

01:22:53,140 --> 01:22:51,500

we're going on social media of course

1861

01:22:55,390 --> 01:22:53,150

the witnesses themselves that we have

1862

01:22:57,490 --> 01:22:55,400

already spoken to because I've been to

1863

01:23:01,930 --> 01:22:57,500

this investigation twice this site twice

1864

01:23:04,300 --> 01:23:01,940

now and I spent almost 15 days and yo

1865

01:23:06,070 --> 01:23:04,310

race Hobbs was with me on the first one

1866

01:23:08,350 --> 01:23:06,080

so you know we made some connections

1867

01:23:10,540 --> 01:23:08,360

talk to other people there putting

1868

01:23:12,820 --> 01:23:10,550

fliers out getting the word out but it's

1869

01:23:14,320 --> 01:23:12,830

a small community there they already

1870

01:23:16,270 --> 01:23:14,330

know that you know me and Josh gates

1871

01:23:18,790 --> 01:23:16,280

were out there not too long ago so

1872

01:23:22,630 --> 01:23:18,800

they're very curious about the rest of

1873

01:23:25,390 --> 01:23:22,640

the story and of course we couldn't be

1874

01:23:28,120 --> 01:23:25,400

in a better position by we purposefully

1875

01:23:31,030 --> 01:23:28,130

went to the college because we want

1876

01:23:33,700 --> 01:23:31,040

these younger kids to get the bug we

1877

01:23:35,530 --> 01:23:33,710

want them to start yeah joining us and

1878

01:23:37,240 --> 01:23:35,540

they're interested we know that they

1879

01:23:39,910 --> 01:23:37,250

can't get enough alien and paranormal

1880

01:23:42,160 --> 01:23:39,920

stuff come and talk to us see what's

1881

01:23:44,080 --> 01:23:42,170

going on and let's get you join a MUFON

1882

01:23:45,880 --> 01:23:44,090

and listening to podcasts and doing some

1883

01:23:48,220 --> 01:23:45,890

home working you know getting out in the

1884

01:23:50,110 --> 01:23:48,230

field and doing this we don't want the

1885

01:23:53,260 --> 01:23:50,120

Kardashians that want to be famous for

1886

01:23:55,930 --> 01:23:53,270

nothing yeah want the people that are

1887

01:24:00,100 --> 01:23:55,940

you know legitimately really struck by

1888

01:24:02,140 --> 01:24:00,110

the passion and the anomaly and that

1889

01:24:05,950 --> 01:24:02,150

want to join us we have got to get these

1890

01:24:08,380 --> 01:24:05,960

younger kids trained and you know have

1891

01:24:10,780 --> 01:24:08,390

the kind of history that we have you

1892

01:24:13,840 --> 01:24:10,790

know coming in and so we're hoping to

1893

01:24:16,900 --> 01:24:13,850

inspire some of that by holding this

1894

01:24:19,540 --> 01:24:16,910

purposefully at a university has anyone

1895

01:24:22,320 --> 01:24:19,550

seen any type of structured craft with a

1896

01:24:25,870 --> 01:24:22,330

consider structured craft in that area

1897

01:24:28,540 --> 01:24:25,880

not part of the reports we've personally

1898

01:24:31,660 --> 01:24:28,550

taken Amina however there's a lot of

1899

01:24:34,900 --> 01:24:31,670

light anomaly not so much a structured

1900

01:24:36,610 --> 01:24:34,910

craft there are other things going on

1901

01:24:37,280 --> 01:24:36,620

yeah we'll talk about that I know this

1902

01:24:41,750 --> 01:24:37,290

flow

1903

01:24:42,380 --> 01:24:41,760

rocks and things yeah true is that their

1904

01:24:46,610 --> 01:24:42,390

rumor

1905

01:24:49,640 --> 01:24:46,620

I haven't seen levitating rocks and

1906

01:24:51,850 --> 01:24:49,650

rocks Epps seem to move and when I can't

1907

01:24:55,280 --> 01:24:51,860

tell you are the witnesses are credible

1908

01:24:58,310 --> 01:24:55,290

so we're not really sure and they're you

1909

01:25:01,580 --> 01:24:58,320

know I had a lot of scrutiny on these

1910

01:25:05,120 --> 01:25:01,590

two because you know it's a crystal mine

1911

01:25:07,910 --> 01:25:05,130

and all sorts of things can happen I

1912

01:25:09,920 --> 01:25:07,920

believe that a lot of some of the things

1913

01:25:12,440 --> 01:25:09,930

that are going on is absolutely a

1914

01:25:14,690 --> 01:25:12,450

physical reality it's it's physics it's

1915

01:25:18,740 --> 01:25:14,700

something natural that's occurring you

1916

01:25:21,980 --> 01:25:18,750

have a aquifer Oklahoma UFO paranormal

1917

01:25:23,810 --> 01:25:21,990

group dick of Maryland Carlson's group I

1918

01:25:26,240 --> 01:25:23,820

asked her if they'd go out there and

1919

01:25:28,580 --> 01:25:26,250

they'd like to you know investigate and

1920

01:25:30,590 --> 01:25:28,590

the reason I do that is now you have a

1921

01:25:32,870 --> 01:25:30,600

different team what did you guys come up

1922

01:25:35,870 --> 01:25:32,880

with are we cooperating good evidence

1923

01:25:37,760 --> 01:25:35,880

did you guys find something I didn't so

1924

01:25:39,740 --> 01:25:37,770

I like working with other groups we're

1925

01:25:43,250 --> 01:25:39,750

not in competition with them we're in

1926

01:25:45,890 --> 01:25:43,260

partnership I really insist on working

1927

01:25:49,130 --> 01:25:45,900

that way so that was pretty cool

1928

01:25:51,560 --> 01:25:49,140

finding aquifers you learned so much

1929

01:25:53,320 --> 01:25:51,570

about crystals or you know things about

1930

01:25:55,670 --> 01:25:53,330

cases when you're in different regions

1931

01:25:58,400 --> 01:25:55,680

Arkansas crystals are the most powerful

1932

01:26:02,060 --> 01:25:58,410

in the world you can only find this type

1933

01:26:04,550 --> 01:26:02,070

of crystal in Arkansas or Brazil the

1934

01:26:07,040 --> 01:26:04,560

most powerful it's credited with winning

1935

01:26:08,390 --> 01:26:07,050

world war two because our communications

1936

01:26:11,930 --> 01:26:08,400

were so much better because of the

1937

01:26:15,320 --> 01:26:11,940

strength and clarity and quality of

1938

01:26:18,340 --> 01:26:15,330

Arkansas crystals it's really it's

1939

01:26:22,340 --> 01:26:18,350

amazing yeah they grow differently and

1940

01:26:23,360 --> 01:26:22,350

the anomaly so this is this is something

1941

01:26:26,150 --> 01:26:23,370

they're already getting a lot of

1942

01:26:28,010 --> 01:26:26,160

attention there's a lot of investigators

1943

01:26:31,850 --> 01:26:28,020

and researchers going down and and

1944

01:26:33,500 --> 01:26:31,860

they're opening and letting them I wish

1945

01:26:35,000 --> 01:26:33,510

I could talk more about what happened on

1946

01:26:37,550 --> 01:26:35,010

the initial sighting because it's

1947

01:26:39,710 --> 01:26:37,560

drastic and it scared them enough they

1948

01:26:41,300 --> 01:26:39,720

shut the mine down and even though it's

1949

01:26:44,030 --> 01:26:41,310

a public mind that they charge money

1950

01:26:46,240 --> 01:26:44,040

it's their livelihood for people to come

1951

01:26:48,860 --> 01:26:46,250

in and dig crystals they shut it down

1952

01:26:50,279 --> 01:26:48,870

until they knew it was safe because

1953

01:26:54,359 --> 01:26:50,289

there were

1954

01:26:57,959 --> 01:26:54,369

big effects so they weren't in it for

1955

01:26:59,520 --> 01:26:57,969

the money it was pretty cool it is it

1956

01:27:02,220 --> 01:26:59,530

this is gonna be a good case this is

1957

01:27:04,470 --> 01:27:02,230

this is a big one it's a good one trust

1958

01:27:06,600 --> 01:27:04,480

me yeah and what are some other things

1959

01:27:09,560 --> 01:27:06,610

you're working on you have anything

1960

01:27:13,319 --> 01:27:09,570

you're actively researching right now

1961

01:27:15,620 --> 01:27:13,329

right now really focusing back because

1962

01:27:18,689 --> 01:27:15,630

I'm actually leaving next Wednesday

1963

01:27:21,750 --> 01:27:18,699

going to Utah speaking at Paracon in

1964

01:27:25,229 --> 01:27:21,760

Salt Lake City and then we're doing an

1965

01:27:27,870 --> 01:27:25,239

investigation up somewhere in Utah in an

1966

01:27:29,939 --> 01:27:27,880

undisclosed location again I'm under

1967

01:27:31,890 --> 01:27:29,949

non-disclosure I can't say but then

1968

01:27:34,439 --> 01:27:31,900

we're going back to Mina and and doing

1969

01:27:40,770 --> 01:27:34,449

another big investigation and doing this

1970

01:27:44,040 --> 01:27:40,780

town hall actually and then I've gotta

1971

01:27:47,339 --> 01:27:44,050

take November and December off good for

1972

01:27:50,399 --> 01:27:47,349

you I'm gonna try I've got to try I

1973

01:27:52,319 --> 01:27:50,409

really have low grandkids I love to see

1974

01:27:55,319 --> 01:27:52,329

I'm gonna be gone almost two weeks so

1975

01:27:58,049 --> 01:27:55,329

this month I'll be home maybe you know

1976

01:28:00,600 --> 01:27:58,059

eleven days the month of August I was

1977

01:28:02,100 --> 01:28:00,610

home for nine so I need to be home for a

1978

01:28:04,500 --> 01:28:02,110

little bit so I'm just gonna take some

1979

01:28:08,310 --> 01:28:04,510

time off already booking up I'm doing

1980

01:28:10,680 --> 01:28:08,320

the MUFON cruise with holiday travel and

1981

01:28:12,839 --> 01:28:10,690

debris we've got a conference cruise I

1982

01:28:15,240 --> 01:28:12,849

believe it's already sold out in January

1983

01:28:17,009 --> 01:28:15,250

in February you and I are gonna be at

1984

01:28:19,259 --> 01:28:17,019

Congress can't wait

1985

01:28:21,839 --> 01:28:19,269

my favorite conference out of all of

1986

01:28:25,140 --> 01:28:21,849

them I love Congress and I'm will be

1987

01:28:26,640 --> 01:28:25,150

working because I love Ali & ro and I

1988

01:28:29,879 --> 01:28:26,650

love what he's doing and he worked so

1989

01:28:32,729 --> 01:28:29,889

hard and I would love to help him out

1990

01:28:37,859 --> 01:28:32,739

any way I could and I'm gonna be

1991

01:28:40,890 --> 01:28:37,869

speaking in Ozarks again Ozark UFO Ozark

1992

01:28:41,459 --> 01:28:40,900

Mountain UFO conference in Eureka

1993

01:28:44,009 --> 01:28:41,469

Springs

1994

01:28:45,870 --> 01:28:44,019

I heard ebook for that I've heard people

1995

01:28:49,919 --> 01:28:45,880

talk about that conference saying it's

1996

01:28:51,509 --> 01:28:49,929

it's really really good it's the second

1997

01:28:54,990 --> 01:28:51,519

best conference you know my heart goes

1998

01:28:57,390 --> 01:28:55,000

with Congress because I have a lot of

1999

01:29:00,479 --> 01:28:57,400

reasons to say that of mostly because

2000

01:29:02,520 --> 01:29:00,489

I'm so fond of Phoenix move on and you

2001

01:29:03,900 --> 01:29:02,530

know the group they have down there I'm

2002

01:29:06,240 --> 01:29:03,910

so impressed with

2003

01:29:08,160 --> 01:29:06,250

the work they're doing and the people

2004

01:29:12,450 --> 01:29:08,170

that they're doing it with they're just

2005

01:29:14,730 --> 01:29:12,460

the best group down there but Ozark you

2006

01:29:18,570 --> 01:29:14,740

know this is Dolores canons daughters

2007

01:29:21,000 --> 01:29:18,580

that have picked up their mom's passion

2008

01:29:23,850 --> 01:29:21,010

and you know drive to continually have

2009

01:29:26,190 --> 01:29:23,860

these conferences this conference is I

2010

01:29:30,420 --> 01:29:26,200

mean how many years anniversary did they

2011

01:29:33,270 --> 01:29:30,430

just have I think it was 30 Wow yeah

2012

01:29:35,360 --> 01:29:33,280

30 years and it's a huge conference it's

2013

01:29:38,100 --> 01:29:35,370

another big one it's a big conference

2014

01:29:40,590 --> 01:29:38,110

yeah Wow

2015

01:29:41,460 --> 01:29:40,600

you know I've had up on the message

2016

01:29:43,620 --> 01:29:41,470

board quite a bit

2017

01:29:48,710 --> 01:29:43,630

oh we have someone calling it how about

2018

01:29:54,390 --> 01:29:52,470

hello caller you're on the air can you

2019

01:29:57,270 --> 01:29:54,400

say your first name and were you calling

2020

01:30:00,300 --> 01:29:57,280

from Bobby North Carolina

2021

01:30:02,730 --> 01:30:00,310

hey Bobby how are you good good doing

2022

01:30:04,550 --> 01:30:02,740

good weather it's a hot but assuming a

2023

01:30:08,240 --> 01:30:04,560

turn cool

2024

01:30:10,920 --> 01:30:08,250

chase is great love hearing again

2025

01:30:13,080 --> 01:30:10,930

different shows but I want her to know

2026

01:30:21,030 --> 01:30:13,090

that everybody wants to hear about the

2027

01:30:23,340 --> 01:30:21,040

triangle yes it is Bobby right yeah

2028

01:30:26,730 --> 01:30:23,350

thank you so much for calling in Bobby

2029

01:30:30,090 --> 01:30:26,740

and I kind of feel like it's overdone

2030

01:30:32,280 --> 01:30:30,100

but I do love Martin Willis and I do

2031

01:30:35,430 --> 01:30:32,290

appreciate so much that you're listening

2032

01:30:37,410 --> 01:30:35,440

so I will tell that story it's a great

2033

01:30:39,030 --> 01:30:37,420

story everybody loves it and several

2034

01:30:42,990 --> 01:30:39,040

people in here is I've asked about it in

2035

01:30:46,860 --> 01:30:43,000

the past 30 minutes okay yeah yeah it it

2036

01:30:50,010 --> 01:30:46,870

was really an epic event and it's been

2037

01:30:53,040 --> 01:30:50,020

quite a few years later and I still

2038

01:30:55,620 --> 01:30:53,050

struggle with some of the things that I

2039

01:30:57,600 --> 01:30:55,630

may not have even realized when you know

2040

01:30:59,670 --> 01:30:57,610

I first started talking about it and you

2041

01:31:02,550 --> 01:30:59,680

were one of my first shows one of the

2042

01:31:04,950 --> 01:31:02,560

reasons I love your show

2043

01:31:06,960 --> 01:31:04,960

Martin it was when I first started doing

2044

01:31:09,150 --> 01:31:06,970

the whole little radio thing you were

2045

01:31:12,110 --> 01:31:09,160

the first host that asked me probably

2046

01:31:16,890 --> 01:31:12,120

the smartest nicest questions and it was

2047

01:31:18,870 --> 01:31:16,900

you were so sincere with the honesty

2048

01:31:23,100 --> 01:31:18,880

and I just never forgot like you were

2049

01:31:25,980 --> 01:31:23,110

just my favorite show so yes so the

2050

01:31:29,730 --> 01:31:25,990

nostalgia but this was an event that

2051

01:31:32,730 --> 01:31:29,740

happened to us in 2010 and I was a

2052

01:31:34,920 --> 01:31:32,740

move-on at the time and I was living in

2053

01:31:36,840 --> 01:31:34,930

Millington Tennessee which is right

2054

01:31:41,520 --> 01:31:36,850

outside of Memphis my husband was active

2055

01:31:44,550 --> 01:31:41,530

duty at the time and we literally got a

2056

01:31:48,000 --> 01:31:44,560

call from and it was a star team case

2057

01:31:50,310 --> 01:31:48,010

and the witness was telling me that they

2058

01:31:53,550 --> 01:31:50,320

were seeing these strange lights and

2059

01:31:56,130 --> 01:31:53,560

lights and sky orange orbs they were

2060

01:31:58,950 --> 01:31:56,140

actually chasing them down these you

2061

01:32:01,890 --> 01:31:58,960

know country dirt roads he was telling

2062

01:32:04,110 --> 01:32:01,900

me things like his children were afraid

2063

01:32:07,200 --> 01:32:04,120

to go to their rooms at night and you

2064

01:32:09,810 --> 01:32:07,210

know just things were ramping up and he

2065

01:32:12,060 --> 01:32:09,820

was getting very nervous this is also

2066

01:32:17,450 --> 01:32:12,070

the time of that epic big big flood

2067

01:32:20,490 --> 01:32:17,460

where it flooded Nashville to Memphis so

2068

01:32:22,290 --> 01:32:20,500

our initial meeting was pushed back

2069

01:32:23,640 --> 01:32:22,300

almost two weeks until the waters

2070

01:32:25,110 --> 01:32:23,650

receded enough to where I could even

2071

01:32:28,050 --> 01:32:25,120

drive there so a lot of the roads were

2072

01:32:29,820 --> 01:32:28,060

still closed but I did get a call I

2073

01:32:32,160 --> 01:32:29,830

supposed to go I believe I'm a Saturday

2074

01:32:33,810 --> 01:32:32,170

and I and I get a call I think it was a

2075

01:32:35,790 --> 01:32:33,820

Thursday night please don't quote me on

2076

01:32:37,260 --> 01:32:35,800

that one but it was a couple of days

2077

01:32:39,030 --> 01:32:37,270

earlier than me going out and he's like

2078

01:32:41,310 --> 01:32:39,040

oh my gosh chase already things are

2079

01:32:44,850 --> 01:32:41,320

happening and this is exactly what

2080

01:32:47,940 --> 01:32:44,860

starts when all you know when the big

2081

01:32:49,650 --> 01:32:47,950

stuff comes you know the triangles and I

2082

01:32:51,330 --> 01:32:49,660

was so stunned when I heard him say this

2083

01:32:53,160 --> 01:32:51,340

because that's one thing he hadn't

2084

01:32:54,710 --> 01:32:53,170

reported yet and I've been talking to

2085

01:32:57,060 --> 01:32:54,720

this guy for a few weeks already and

2086

01:32:58,260 --> 01:32:57,070

just just one second I don't think you

2087

01:33:01,110 --> 01:32:58,270

mentioned this pardon me for

2088

01:33:07,910 --> 01:33:01,120

interrupting but this is also someone

2089

01:33:10,560 --> 01:33:07,920

that is well-known celebrity of sorts

2090

01:33:14,070 --> 01:33:10,570

yes I can't really go into details but

2091

01:33:17,670 --> 01:33:14,080

you did tell me which is pretty amazing

2092

01:33:22,710 --> 01:33:17,680

that has he has he ever gone public with

2093

01:33:24,930 --> 01:33:22,720

it do you know no and truthfully every

2094

01:33:26,940 --> 01:33:24,940

once in a while I'll get a you know a

2095

01:33:29,370 --> 01:33:26,950

text or whatever we were talking

2096

01:33:30,470 --> 01:33:29,380

constantly during the event or the

2097

01:33:34,020 --> 01:33:30,480

report

2098

01:33:35,940 --> 01:33:34,030

even after this evening we stayed in

2099

01:33:38,520 --> 01:33:35,950

touch for a little bit because there was

2100

01:33:43,020 --> 01:33:38,530

so much more investigation we needed to

2101

01:33:45,690 --> 01:33:43,030

do then things started slowing down a

2102

01:33:48,570 --> 01:33:45,700

little bit and it turned into you like

2103

01:33:50,070 --> 01:33:48,580

text message you know a we every week or

2104

01:33:53,280 --> 01:33:50,080

so like have you heard anything no not

2105

01:33:56,280 --> 01:33:53,290

yet blah blah blah then it's just now

2106

01:33:58,260 --> 01:33:56,290

what it is is maybe I don't know about

2107

01:34:00,630 --> 01:33:58,270

every six months or so I just get a text

2108

01:34:01,320 --> 01:34:00,640

hey you still there and I just text back

2109

01:34:06,270 --> 01:34:01,330

yep

2110

01:34:07,740 --> 01:34:06,280

think it's this way of just making sure

2111

01:34:11,370 --> 01:34:07,750

I still have the same phone number and

2112

01:34:14,010 --> 01:34:11,380

I'm still there in case one day but yeah

2113

01:34:17,820 --> 01:34:14,020

this witness is extremely well known he

2114

01:34:19,470 --> 01:34:17,830

is very credible and he did not want to

2115

01:34:23,010 --> 01:34:19,480

go public he had small children at the

2116

01:34:24,750 --> 01:34:23,020

time and he feared living in this small

2117

01:34:27,180 --> 01:34:24,760

town and he did that on purpose for

2118

01:34:29,520 --> 01:34:27,190

privacy he didn't want his kids to be

2119

01:34:31,890 --> 01:34:29,530

you know the kids being teased growing

2120

01:34:36,870 --> 01:34:31,900

up in school that you know their dad saw

2121

01:34:39,510 --> 01:34:36,880

a UFO and you know very private his

2122

01:34:42,150 --> 01:34:39,520

privacy probably meant as much to him as

2123

01:34:44,940 --> 01:34:42,160

anything else he protected including his

2124

01:34:46,170 --> 01:34:44,950

children in fact he made a comment to me

2125

01:34:48,510 --> 01:34:46,180

that I'll never forget

2126
01:34:50,850 --> 01:34:48,520
when I asked him you have you have you

2127
01:34:53,130 --> 01:34:50,860
heard your neighbor is talking or their

2128
01:34:55,500 --> 01:34:53,140
whispers or anybody mentioning that

2129
01:34:56,970 --> 01:34:55,510
they're seeing anything and it kind of

2130
01:34:59,310 --> 01:34:56,980
leans up on an offense and he says you

2131
01:34:59,970 --> 01:34:59,320
know chase around here people mind their

2132
01:35:03,960 --> 01:34:59,980
own business

2133
01:35:04,350 --> 01:35:03,970
and we don't like people who don't I got

2134
01:35:12,420 --> 01:35:04,360
it

2135
01:35:14,640 --> 01:35:12,430
before I finish what happened to us that

2136
01:35:19,200 --> 01:35:14,650
evening it's also important to know that

2137
01:35:24,240 --> 01:35:19,210
this is so rural Tennessee that these

2138
01:35:26,310 --> 01:35:24,250

guys don't call 911 is something that

2139

01:35:28,410 --> 01:35:26,320

they call after you know clean up the

2140

01:35:30,270 --> 01:35:28,420

mess or whatever they need to do these

2141

01:35:33,240 --> 01:35:30,280

guys take care of whatever they need to

2142

01:35:35,760 --> 01:35:33,250

out there when we first got there there

2143

01:35:37,290 --> 01:35:35,770

was a point when we got to the cornfield

2144

01:35:40,020 --> 01:35:37,300

that he pulls out like a big old shotgun

2145

01:35:42,960 --> 01:35:40,030

and apparently the look on my face was

2146

01:35:44,250 --> 01:35:42,970

like you know you have to remember

2147

01:35:45,480 --> 01:35:44,260

there's two females

2148

01:35:47,070 --> 01:35:45,490

we just jump in a car and we go to

2149

01:35:49,320 --> 01:35:47,080

people's houses we don't know anything

2150

01:35:52,350 --> 01:35:49,330

about them it's like kind of silly or

2151
01:35:53,970 --> 01:35:52,360
dangerous almost but you know here we

2152
01:35:55,710 --> 01:35:53,980
are we jump in the guy's truck and we go

2153
01:35:57,840 --> 01:35:55,720
down to the woods and in this big

2154
01:36:00,420 --> 01:35:57,850
cornfield he pulls out this shotgun and

2155
01:36:01,950 --> 01:36:00,430
and he looked at me and he said no no no

2156
01:36:04,980 --> 01:36:01,960
he says chase we have a problem with

2157
01:36:08,000 --> 01:36:04,990
coyotes around here so in case any of

2158
01:36:11,220 --> 01:36:08,010
these should come up I got us covered

2159
01:36:14,160 --> 01:36:11,230
this guy never said run get into the

2160
01:36:16,890 --> 01:36:14,170
truck he already had a plan because he

2161
01:36:21,420 --> 01:36:16,900
knew of a possible danger you know it's

2162
01:36:24,150 --> 01:36:21,430
just this is what they do so anyway I

2163
01:36:29,070 --> 01:36:24,160

jump in the car when he said triangle

2164

01:36:30,660 --> 01:36:29,080

I just just ran I wasn't even sure all

2165

01:36:32,250 --> 01:36:30,670

the roads were cleared didn't didn't

2166

01:36:33,930 --> 01:36:32,260

even think about that but I called the

2167

01:36:36,750 --> 01:36:33,940

other MUFON investigator that was

2168

01:36:38,220 --> 01:36:36,760

assigned as secondary with me and I went

2169

01:36:42,600 --> 01:36:38,230

picked her up and we were on the road I

2170

01:36:45,090 --> 01:36:42,610

was gone and by the time we got up to

2171

01:36:48,840 --> 01:36:45,100

the house it was already starting you

2172

01:36:50,670 --> 01:36:48,850

know to be dawn I'm not dawn Twilight so

2173

01:36:53,700 --> 01:36:50,680

it was starting to get dark not quite

2174

01:36:56,250 --> 01:36:53,710

yet we pull up in the driveway and he

2175

01:36:59,100 --> 01:36:56,260

immediately takes us kind of to the edge

2176
01:37:01,440 --> 01:36:59,110
of where his yard and the yard goes down

2177
01:37:04,050 --> 01:37:01,450
on a big slope but you could kind of see

2178
01:37:06,360 --> 01:37:04,060
this big area and he goes this is this

2179
01:37:07,980 --> 01:37:06,370
will be a great view and all of a sudden

2180
01:37:11,250 --> 01:37:07,990
he goes oh look these those little ones

2181
01:37:13,980 --> 01:37:11,260
popping up and I look up and the other

2182
01:37:16,470 --> 01:37:13,990
investigator look up and sure enough it

2183
01:37:18,420 --> 01:37:16,480
took me a minute for my eyes to adjust

2184
01:37:20,700 --> 01:37:18,430
and to see exactly what it's talking

2185
01:37:22,560 --> 01:37:20,710
about but then it was clear as day you

2186
01:37:24,780 --> 01:37:22,570
know there's these little little tiny

2187
01:37:27,720 --> 01:37:24,790
lights in the sky about the size of the

2188
01:37:29,610 --> 01:37:27,730

stars except they're moving and they're

2189

01:37:33,930 --> 01:37:29,620

coming together and they're forming

2190

01:37:36,150 --> 01:37:33,940

shapes and kind of doing things almost

2191

01:37:39,780 --> 01:37:36,160

as a unit and then splitting up in

2192

01:37:41,550 --> 01:37:39,790

almost performing for us and if you got

2193

01:37:43,770 --> 01:37:41,560

tired of this group there's about four

2194

01:37:47,730 --> 01:37:43,780

more starting to gather doing the same

2195

01:37:50,510 --> 01:37:47,740

thing in the skies well Martin and Bob

2196

01:37:53,310 --> 01:37:50,520

who called Bobby I think that was a NATO

2197

01:37:56,280 --> 01:37:53,320

honestly I'm excited to do this point

2198

01:37:58,090 --> 01:37:56,290

because this is friggin awesome I'm just

2199

01:38:00,910 --> 01:37:58,100

like you know we got our little

2200

01:38:02,860 --> 01:38:00,920

you know little tablets out looking at

2201
01:38:04,780 --> 01:38:02,870
yo satellites where the satellites where

2202
01:38:07,360 --> 01:38:04,790
the planes you know with you know all

2203
01:38:08,770 --> 01:38:07,370
the usual suspects even though clearly

2204
01:38:11,200 --> 01:38:08,780
this is not what it was

2205
01:38:13,600 --> 01:38:11,210
we still had to do our job and document

2206
01:38:15,280 --> 01:38:13,610
that these things were not there the ISS

2207
01:38:17,740 --> 01:38:15,290
is not in the area at the time blah blah

2208
01:38:19,300 --> 01:38:17,750
blah so anyway I'm just freaking out I'm

2209
01:38:21,070 --> 01:38:19,310
looking I'm like my heart shoots pound

2210
01:38:24,160 --> 01:38:21,080
and this is a good night already

2211
01:38:26,140 --> 01:38:24,170
and then he suggests that he has a corn

2212
01:38:28,870 --> 01:38:26,150
field down the road about a hundred

2213
01:38:32,440 --> 01:38:28,880

acres it's huge huge cornfield again

2214

01:38:34,120 --> 01:38:32,450

this is April so the corn is you know

2215

01:38:36,010 --> 01:38:34,130

just those little little things that

2216

01:38:37,420 --> 01:38:36,020

come up maybe four or five inches so it

2217

01:38:39,340 --> 01:38:37,430

was very playable we weren't gonna hurt

2218

01:38:41,110 --> 01:38:39,350

any crops so we could go down there and

2219

01:38:45,010 --> 01:38:41,120

that's what we did we jumped at his

2220

01:38:47,530 --> 01:38:45,020

truck and he took us to the middle of

2221

01:38:49,060 --> 01:38:47,540

this great big corn field have to tell

2222

01:38:50,950 --> 01:38:49,070

you I'm from Rhode Island I've never

2223

01:38:53,350 --> 01:38:50,960

seen a corn field that big in my life it

2224

01:38:55,720 --> 01:38:53,360

was like first thing I asked him is you

2225

01:38:58,420 --> 01:38:55,730

own all this this is all your corn and

2226

01:39:00,670 --> 01:38:58,430

who needs this much corn like but anyway

2227

01:39:03,550 --> 01:39:00,680

it was fun but we kind of set up like a

2228

01:39:07,090 --> 01:39:03,560

little table and I just had to have a

2229

01:39:11,200 --> 01:39:07,100

few things set up because I do like my

2230

01:39:13,810 --> 01:39:11,210

equipment so it was it too long and all

2231

01:39:16,060 --> 01:39:13,820

of a sudden you know he he kind of gets

2232

01:39:18,070 --> 01:39:16,070

excited he goes oh my gosh here it comes

2233

01:39:20,860 --> 01:39:18,080

chase this is exactly why I wanted you

2234

01:39:23,590 --> 01:39:20,870

to come here and we look up and he's

2235

01:39:26,350 --> 01:39:23,600

pointing and sure enough I see a light

2236

01:39:28,210 --> 01:39:26,360

and it's bigger than the little kind of

2237

01:39:30,760 --> 01:39:28,220

star lights we had seen before or

2238

01:39:33,400 --> 01:39:30,770

witnessed before and it's just this

2239

01:39:35,650 --> 01:39:33,410

white light and at first you're not

2240

01:39:37,060 --> 01:39:35,660

really sure what is doing but then it

2241

01:39:40,240 --> 01:39:37,070

was clear that it was kind of getting

2242

01:39:41,500 --> 01:39:40,250

closer and then all of a sudden two more

2243

01:39:43,510 --> 01:39:41,510

show up and I'm thinking oh my god

2244

01:39:46,300 --> 01:39:43,520

there's three of them this is so cool

2245

01:39:47,830 --> 01:39:46,310

and you know I'm looking at the other

2246

01:39:50,110 --> 01:39:47,840

witness she's kind of look at it I mean

2247

01:39:53,440 --> 01:39:50,120

the other investigator she's looking at

2248

01:39:56,710 --> 01:39:53,450

me and we're just almost dumbstruck at

2249

01:39:59,050 --> 01:39:56,720

this point because here's these three

2250

01:40:03,190 --> 01:39:59,060

lights clearly I knew already this is no

2251

01:40:05,830 --> 01:40:03,200

plane at least not yet and I kind of had

2252

01:40:08,590 --> 01:40:05,840

the feeling that that's you know

2253

01:40:10,630 --> 01:40:08,600

something's coming so and not in like a

2254

01:40:11,890 --> 01:40:10,640

bad way or anything it was just like oh

2255

01:40:14,860 --> 01:40:11,900

my gosh

2256

01:40:16,720 --> 01:40:14,870

and sure enough as it got closer you

2257

01:40:18,520 --> 01:40:16,730

realize these weren't three individual

2258

01:40:21,070 --> 01:40:18,530

lights although they were but they were

2259

01:40:25,180 --> 01:40:21,080

connected to one object and I'm like oh

2260

01:40:28,390 --> 01:40:25,190

my gosh like this is a triangle and then

2261

01:40:30,220 --> 01:40:28,400

you could see very faintly a red light

2262

01:40:32,950 --> 01:40:30,230

underneath that not directly underneath

2263

01:40:35,919 --> 01:40:32,960

it like the Belgium this one was forward

2264

01:40:39,160 --> 01:40:35,929

it was more forward like ridiculously

2265

01:40:39,610 --> 01:40:39,170

way forward but sure enough here it

2266

01:40:45,550 --> 01:40:39,620

comes

2267

01:40:49,510 --> 01:40:45,560

and it just slowly came over our heads

2268

01:40:52,180 --> 01:40:49,520

it was just smooth it's really hard to

2269

01:40:56,939 --> 01:40:52,190

describe how it moved it was wasn't

2270

01:41:01,479 --> 01:40:56,949

really floating or being towed it wasn't

2271

01:41:03,399 --> 01:41:01,489

flying it wasn't gliding I it's hard to

2272

01:41:06,880 --> 01:41:03,409

even find the words it moves so

2273

01:41:09,550 --> 01:41:06,890

differently and at this point I'm trying

2274

01:41:11,290 --> 01:41:09,560

to pick up equipment and I'm kind of

2275

01:41:12,520 --> 01:41:11,300

doing it like this where you kind of got

2276

01:41:14,649 --> 01:41:12,530

your hands down because you want to take

2277

01:41:17,080 --> 01:41:14,659

your eyes off it you're almost afraid if

2278

01:41:18,880 --> 01:41:17,090

you don't look at it it goes away yeah

2279

01:41:20,350 --> 01:41:18,890

you know like it you turn away and then

2280

01:41:22,990 --> 01:41:20,360

it's gone you know you hear that a lot

2281

01:41:25,750 --> 01:41:23,000

but you know I'm trying to pick up my

2282

01:41:27,490 --> 01:41:25,760

cameras I believe I had four cameras at

2283

01:41:31,300 --> 01:41:27,500

the time all different makes and models

2284

01:41:34,000 --> 01:41:31,310

and none of them every time I try to get

2285

01:41:36,700 --> 01:41:34,010

a shot you know it was just dead I mean

2286

01:41:39,189 --> 01:41:36,710

dead like the little thing was it

2287

01:41:42,130 --> 01:41:39,199

clicking or anything and I'm picking up

2288

01:41:43,780 --> 01:41:42,140

my Trifield meter and I had a couple

2289

01:41:45,910 --> 01:41:43,790

other things out there of you know

2290

01:41:47,680 --> 01:41:45,920

whether I had a little weather thing

2291

01:41:48,820 --> 01:41:47,690

that had like a little fan in it you

2292

01:41:53,080 --> 01:41:48,830

know where you kind of pull it up co2

2293

01:41:56,939 --> 01:41:53,090

wind speed was oh my gosh nothing was

2294

01:42:00,700 --> 01:41:56,949

working and I was very very frustrated I

2295

01:42:02,770 --> 01:42:00,710

remember feeling like just more than

2296

01:42:05,200 --> 01:42:02,780

frustrating like I really wanted to just

2297

01:42:07,689 --> 01:42:05,210

toss this stuff because it's right here

2298

01:42:10,600 --> 01:42:07,699

I'm an investigator I'm right here it's

2299

01:42:13,360 --> 01:42:10,610

right there and we're missing it we're

2300

01:42:16,450 --> 01:42:13,370

missing it sure enough this triangle

2301

01:42:19,180 --> 01:42:16,460

goes directly over our heads it goes

2302

01:42:22,300 --> 01:42:19,190

right over that cornfield and never

2303

01:42:25,509 --> 01:42:22,310

changes altitude speed nothing well how

2304

01:42:28,750 --> 01:42:25,519

fast would you guess it was going

2305

01:42:32,649 --> 01:42:28,760

that one was a hard one it was so big

2306

01:42:34,779 --> 01:42:32,659

you don't know the distance either well

2307

01:42:37,359 --> 01:42:34,789

I know that when we put art if I were to

2308

01:42:40,509 --> 01:42:37,369

hold my arms straight up in the air and

2309

01:42:42,189 --> 01:42:40,519

open a magazine and look at the object

2310

01:42:45,609 --> 01:42:42,199

the magazine would not have covered that

2311

01:42:48,640 --> 01:42:45,619

object so it was a big problem huge very

2312

01:42:50,560 --> 01:42:48,650

big now did you feel anything a lot of

2313

01:42:52,600 --> 01:42:50,570

times people talk about they feel like a

2314

01:42:54,549 --> 01:42:52,610

vibration they'll feel like a pressure

2315

01:42:58,000 --> 01:42:54,559

or something like that did you feel

2316

01:42:59,950 --> 01:42:58,010

anything at all I know I I don't

2317

01:43:01,870 --> 01:42:59,960

remember other than just you know your

2318

01:43:03,279 --> 01:43:01,880

heart's pounding because you know this

2319

01:43:06,489 --> 01:43:03,289

thing was huge it was a little

2320

01:43:09,939 --> 01:43:06,499

intimidating but in an awestruck way and

2321

01:43:12,669 --> 01:43:09,949

I honestly I think I was just more

2322

01:43:15,370 --> 01:43:12,679

excited because at this point again I've

2323

01:43:16,870 --> 01:43:15,380

been doing this since 1994 and this was

2324

01:43:18,370 --> 01:43:16,880

the coolest thing I've ever seen so far

2325

01:43:20,200 --> 01:43:18,380

I've seen a lot of things that aren't

2326

01:43:25,709 --> 01:43:20,210

supposed to exist this was the coolest

2327

01:43:28,000 --> 01:43:25,719

by far it was also the way this moves is

2328

01:43:29,979 --> 01:43:28,010

there's just something about it that you

2329

01:43:31,660 --> 01:43:29,989

just know it's not ours it can't be it's

2330

01:43:33,910 --> 01:43:31,670

just weird

2331

01:43:35,830 --> 01:43:33,920

it's different the atmosphere changes

2332

01:43:39,520 --> 01:43:35,840

but I don't remember hearing buzzing or

2333

01:43:41,560 --> 01:43:39,530

feeling anything other than oMG I can't

2334

01:43:44,979 --> 01:43:41,570

believe it's right there and I can't

2335

01:43:49,180 --> 01:43:44,989

take a photo so other than that I'm not

2336

01:43:50,950 --> 01:43:49,190

sure really and if I'd even notice if

2337

01:43:54,819 --> 01:43:50,960

anything else was going on at that point

2338

01:43:58,989 --> 01:43:54,829

I dunno it was kind of a weird quiet but

2339

01:44:00,700 --> 01:43:58,999

other than that but we just kept our

2340

01:44:03,819 --> 01:44:00,710

eyes on it and I still kept trying to

2341

01:44:05,890 --> 01:44:03,829

take photographs and video and as it's

2342

01:44:07,390 --> 01:44:05,900

going away I did manage to get off I

2343

01:44:11,109 --> 01:44:07,400

ended up with a little over 600

2344

01:44:13,120 --> 01:44:11,119

photographs because when it did start

2345

01:44:16,029 --> 01:44:13,130

working you could still see a little bit

2346

01:44:21,939 --> 01:44:16,039

of the back end of it and I did get some

2347

01:44:25,569 --> 01:44:21,949

and but it's yo again lights in the sky

2348

01:44:27,250 --> 01:44:25,579

that's all you can see and they they

2349

01:44:28,870 --> 01:44:27,260

haven't been able to determine if it's

2350

01:44:30,910 --> 01:44:28,880

anything other than strange lights in

2351

01:44:32,979 --> 01:44:30,920

the sky so at least got that evidence

2352

01:44:35,109 --> 01:44:32,989

but you know here it is right here

2353

01:44:39,160 --> 01:44:35,119

well anyway I was so frustrated because

2354

01:44:40,360 --> 01:44:39,170

of the equipment and reach down

2355

01:44:41,979 --> 01:44:40,370

because I'm gonna you know change

2356

01:44:44,680 --> 01:44:41,989

batteries because at this point I'm

2357

01:44:46,330 --> 01:44:44,690

thinking it's battery drain which is

2358

01:44:50,050 --> 01:44:46,340

something we hear about all the time in

2359

01:44:52,660 --> 01:44:50,060

paranormal and UFO investigations but

2360

01:44:55,330 --> 01:44:52,670

when I picked my camera up the little

2361

01:44:58,180 --> 01:44:55,340

red light was you know ready you know

2362

01:45:00,520 --> 01:44:58,190

I'm just like wait what so I start

2363

01:45:01,900 --> 01:45:00,530

taking photos and sure enough you know

2364

01:45:04,870 --> 01:45:01,910

they're working just fine

2365

01:45:06,939 --> 01:45:04,880

and everything is back online my try

2366

01:45:09,610 --> 01:45:06,949

field is lighting up when I pick it up

2367

01:45:11,500 --> 01:45:09,620

and you know turn low buttons but I had

2368

01:45:15,360 --> 01:45:11,510

just decided that I was going to change

2369

01:45:18,310 --> 01:45:15,370

the batteries anyway because you know

2370

01:45:20,680 --> 01:45:18,320

ridiculously detailed and if we already

2371

01:45:22,540 --> 01:45:20,690

had a problem let me just change them

2372

01:45:23,770 --> 01:45:22,550

and on a Trifield meter they have the

2373

01:45:25,810 --> 01:45:23,780

little screws in back where you need a

2374

01:45:28,780 --> 01:45:25,820

little screwdriver to take the battery

2375

01:45:30,010 --> 01:45:28,790

cover off and I was doing that and it

2376

01:45:33,669 --> 01:45:30,020

was during this time when I just

2377

01:45:37,330 --> 01:45:33,679

remember feeling just real quick kind of

2378

01:45:40,000 --> 01:45:37,340

like you know I think almost like

2379

01:45:41,950 --> 01:45:40,010

someone's watching me I guess I don't

2380

01:45:44,290 --> 01:45:41,960

even remember feeling anything I just

2381

01:45:46,120 --> 01:45:44,300

remember turning around and saying hey

2382

01:45:48,880 --> 01:45:46,130

guys does anybody else feel like you're

2383

01:45:51,280 --> 01:45:48,890

being watched and I think I referred to

2384

01:45:54,370 --> 01:45:51,290

I don't mean like being watched from up

2385

01:45:58,530 --> 01:45:54,380

there and I don't even think I finished

2386

01:46:01,630 --> 01:45:58,540

my statement and I just remember this

2387

01:46:05,229 --> 01:46:01,640

physical something very physical just

2388

01:46:07,750 --> 01:46:05,239

pounds into you and I was completely

2389

01:46:12,010 --> 01:46:07,760

aware that every single cell in my body

2390

01:46:14,830 --> 01:46:12,020

was in not fight-or-flight absolute

2391

01:46:17,260 --> 01:46:14,840

terror every cell in my body not just

2392

01:46:20,620 --> 01:46:17,270

your stomach or you're nervous or you

2393

01:46:25,419 --> 01:46:20,630

feel fight-or-flight it is horrendous

2394

01:46:28,510 --> 01:46:25,429

it's I can it's it's I know this is

2395

01:46:31,140 --> 01:46:28,520

gonna sound crazy which is what most UFO

2396

01:46:34,000 --> 01:46:31,150

witnesses start out saying anyway but

2397

01:46:36,490 --> 01:46:34,010

the longer it goes on the the more I

2398

01:46:40,090 --> 01:46:36,500

forget the details about how I felt at

2399

01:46:42,459 --> 01:46:40,100

the time but I just remember it was it

2400

01:46:45,520 --> 01:46:42,469

wasn't painful I just remember being

2401
01:46:48,760 --> 01:46:45,530
absolute in terror and I just remember I

2402
01:46:52,030 --> 01:46:48,770
turned and started running when I did I

2403
01:46:53,370 --> 01:46:52,040
noticed that the witness and the other

2404
01:46:56,140 --> 01:46:53,380
investigate

2405
01:46:58,210 --> 01:46:56,150
turned at the exact same time and was

2406
01:46:59,680 --> 01:46:58,220
running - did you just leave your camera

2407
01:47:02,020 --> 01:46:59,690
equipment and everything or did you go

2408
01:47:03,820 --> 01:47:02,030
out yeah no no everything I just

2409
01:47:07,030 --> 01:47:03,830
remember I turned and I started running

2410
01:47:09,370 --> 01:47:07,040
Wow and it's funny because I also

2411
01:47:12,190 --> 01:47:09,380
remember the whole time when I'm running

2412
01:47:14,200 --> 01:47:12,200
and we're in it remembered the waters

2413
01:47:16,960 --> 01:47:14,210

had just receded so it's kind of soft

2414

01:47:18,790 --> 01:47:16,970

out there and I have bad ankles like

2415

01:47:20,620 --> 01:47:18,800

they kind of roll on me all the time and

2416

01:47:23,440 --> 01:47:20,630

I'm always worried about you know

2417

01:47:25,450 --> 01:47:23,450

twisting because it's you know and but

2418

01:47:27,820 --> 01:47:25,460

I'm running and I'm really going pretty

2419

01:47:29,710 --> 01:47:27,830

fast and I remember seeing this light go

2420

01:47:31,330 --> 01:47:29,720

you know I'm just watching this light

2421

01:47:32,770 --> 01:47:31,340

I'm just following this light it's just

2422

01:47:35,530 --> 01:47:32,780

going back and forth back and forth back

2423

01:47:39,840 --> 01:47:35,540

and forth and then all of a sudden BAM I

2424

01:47:43,960 --> 01:47:39,850

hit what felt like this brick wall and

2425

01:47:45,910 --> 01:47:43,970

came practically to a dead stop and what

2426

01:47:47,820 --> 01:47:45,920

happened was I ran into the witness who

2427

01:47:50,920 --> 01:47:47,830

I didn't see had stopped in front of me

2428

01:47:52,360 --> 01:47:50,930

and that strange light I kept watching

2429

01:47:54,010 --> 01:47:52,370

that's going left and right left and

2430

01:47:56,530 --> 01:47:54,020

right left and right was he had a

2431

01:47:58,720 --> 01:47:56,540

flashlight in his hand and as he's

2432

01:48:00,340 --> 01:47:58,730

running this is the light but that's I

2433

01:48:03,940 --> 01:48:00,350

just remember being focused on this

2434

01:48:05,140 --> 01:48:03,950

stupid little light and hit him when I

2435

01:48:08,530 --> 01:48:05,150

knocked him a good one

2436

01:48:10,870 --> 01:48:08,540

I'll be honest with you and I just

2437

01:48:14,170 --> 01:48:10,880

remember hearing him say what the f is

2438

01:48:15,400 --> 01:48:14,180

that and he dropped his left hand I

2439

01:48:18,670 --> 01:48:15,410

remember the flashlight being in his

2440

01:48:21,580 --> 01:48:18,680

left hand sorry for the coffee and

2441

01:48:23,680 --> 01:48:21,590

everybody the left hand and and he just

2442

01:48:26,410 --> 01:48:23,690

said what the f is that through his hand

2443

01:48:28,540 --> 01:48:26,420

out to his side he looked over and not

2444

01:48:32,460 --> 01:48:28,550

six feet from us here's this being just

2445

01:48:35,080 --> 01:48:32,470

standing there not moving or anything

2446

01:48:36,910 --> 01:48:35,090

are you describing this of like little

2447

01:48:40,540 --> 01:48:36,920

stick legs or something like that

2448

01:48:43,540 --> 01:48:40,550

I remember being focused in I'm not sure

2449

01:48:46,510 --> 01:48:43,550

if that's where the flashlight was it

2450

01:48:48,990 --> 01:48:46,520

took many months after that we realized

2451
01:48:52,960 --> 01:48:49,000
because I was so worried his legs were

2452
01:48:56,380 --> 01:48:52,970
abnormally like like a normal size three

2453
01:48:58,000 --> 01:48:56,390
and a half foot you know what yo what

2454
01:49:00,370 --> 01:48:58,010
kind of that normal body that you would

2455
01:49:02,230 --> 01:49:00,380
expect but his legs were thinner than

2456
01:49:04,660 --> 01:49:02,240
the pen and that's what I remember and

2457
01:49:06,700 --> 01:49:04,670
it just didn't make sense it was one of

2458
01:49:09,610 --> 01:49:06,710
those sites you were seeing where I was

2459
01:49:12,550 --> 01:49:09,620
kind of focused and I saw his face and

2460
01:49:15,040 --> 01:49:12,560
then I just remember his legs and now we

2461
01:49:17,200 --> 01:49:15,050
realize it was the angle of the

2462
01:49:18,880 --> 01:49:17,210
flashlight that I was just seeing bits

2463
01:49:25,120 --> 01:49:18,890

of them you know the other legs were

2464

01:49:27,490 --> 01:49:25,130

shaded so it was next thing I know we

2465

01:49:28,930 --> 01:49:27,500

were running did you scream I mean what

2466

01:49:32,490 --> 01:49:28,940

what happened when you all saw this

2467

01:49:36,070 --> 01:49:32,500

being nothing I didn't react at all

2468

01:49:38,320 --> 01:49:36,080

nothing and that's that's something when

2469

01:49:41,229 --> 01:49:38,330

we were going through the testimony

2470

01:49:42,729 --> 01:49:41,239

after and reporting what we saw to the

2471

01:49:45,729 --> 01:49:42,739

state director and the other people that

2472

01:49:49,030 --> 01:49:45,739

came out we kept saying like how does it

2473

01:49:50,709 --> 01:49:49,040

go from dark in the woods

2474

01:49:53,890 --> 01:49:50,719

remember there's no streetlights

2475

01:49:55,810 --> 01:49:53,900

anywhere there's no town close this is

2476

01:49:58,690 --> 01:49:55,820

as dark as it gets it's that kind of sky

2477

01:50:01,090 --> 01:49:58,700

you dream of looking at just full of

2478

01:50:04,180 --> 01:50:01,100

stars and activity how do you go from

2479

01:50:08,280 --> 01:50:04,190

dark dark dark to one of these big big

2480

01:50:11,170 --> 01:50:08,290

you know the halogen flashlights

2481

01:50:16,600 --> 01:50:11,180

directly in your face and not a flinch

2482

01:50:21,490 --> 01:50:16,610

nothing I described the being when I saw

2483

01:50:25,300 --> 01:50:21,500

it that it was it it was obviously

2484

01:50:28,360 --> 01:50:25,310

biological how I know that I don't I

2485

01:50:33,250 --> 01:50:28,370

can't say other than you know I'm it was

2486

01:50:39,070 --> 01:50:33,260

just biological and yet it reacted with

2487

01:50:40,450 --> 01:50:39,080

nothing almost mechanical so but yeah no

2488

01:50:41,830 --> 01:50:40,460

one screamed nobody said nothing not in

2489

01:50:45,670 --> 01:50:41,840

fact I don't remember hearing anything

2490

01:50:49,090 --> 01:50:45,680

and I was just running again and so was

2491

01:50:52,990 --> 01:50:49,100

witness and we got to his truck all of

2492

01:50:54,010 --> 01:50:53,000

us jumped in the truck pulled out of the

2493

01:50:56,400 --> 01:50:54,020

cornfield

2494

01:51:00,580 --> 01:50:56,410

pretty aggressively by the way he was uh

2495

01:51:03,400 --> 01:51:00,590

making no haste and we got to his

2496

01:51:06,910 --> 01:51:03,410

driveway and we all piled out nobody's

2497

01:51:09,729 --> 01:51:06,920

saying anything it took a moment and I

2498

01:51:11,470 --> 01:51:09,739

just really remote I think I was the

2499

01:51:14,110 --> 01:51:11,480

first one who said something and I think

2500

01:51:17,860 --> 01:51:14,120

I kind of giggled and said what the

2501
01:51:20,740 --> 01:51:17,870
blank had just happened like one like

2502
01:51:24,910 --> 01:51:20,750
and I'm like why do we run I

2503
01:51:27,010 --> 01:51:24,920
you know that was something and at this

2504
01:51:28,450 --> 01:51:27,020
point I don't even know when the fear

2505
01:51:32,470 --> 01:51:28,460
left because by the time we got back to

2506
01:51:34,720 --> 01:51:32,480
the driveway that terror I mean to even

2507
01:51:37,510 --> 01:51:34,730
talk about it now with you which isn't

2508
01:51:38,950 --> 01:51:37,520
as much detail as probably we did the

2509
01:51:40,090 --> 01:51:38,960
first time because I'm trying to get

2510
01:51:45,340 --> 01:51:40,100
through the story before we run out of

2511
01:51:46,060 --> 01:51:45,350
time but you know honestly even this

2512
01:51:50,350 --> 01:51:46,070
little bit

2513
01:51:52,570 --> 01:51:50,360

you just feel yeah it's just I don't

2514

01:51:55,030 --> 01:51:52,580

feel that terror again but there's a

2515

01:51:57,400 --> 01:51:55,040

enough of a memory where I just don't

2516

01:51:58,300 --> 01:51:57,410

want to go there again you know it it

2517

01:52:01,210 --> 01:51:58,310

was brutal

2518

01:52:04,030 --> 01:52:01,220

that kind of terror and the the only way

2519

01:52:07,810 --> 01:52:04,040

I could describe it is every little cell

2520

01:52:11,170 --> 01:52:07,820

of my body knew it was had its own huge

2521

01:52:12,880 --> 01:52:11,180

terror no so anyway I remember saying

2522

01:52:15,280 --> 01:52:12,890

that we just needed to call the state

2523

01:52:17,230 --> 01:52:15,290

director at this point this nights

2524

01:52:19,150 --> 01:52:17,240

already ridiculous nobody gets

2525

01:52:21,490 --> 01:52:19,160

everything in one night that was

2526

01:52:24,070 --> 01:52:21,500

probably my biggest concern going home I

2527

01:52:26,110 --> 01:52:24,080

just remember thinking you know I'm and

2528

01:52:28,720 --> 01:52:26,120

not cussing which I did in the car I

2529

01:52:30,400 --> 01:52:28,730

won't here but it was like BS nobody

2530

01:52:32,500 --> 01:52:30,410

gets everything in one night what is

2531

01:52:36,330 --> 01:52:32,510

going on what just happened out there

2532

01:52:40,840 --> 01:52:36,340

and why did we run not a runner the

2533

01:52:42,130 --> 01:52:40,850

other investigator I wouldn't call her a

2534

01:52:44,140 --> 01:52:42,140

runner either I didn't know her that

2535

01:52:46,660 --> 01:52:44,150

well she was just a MUFON investigator

2536

01:52:48,940 --> 01:52:46,670

that was available but I can tell you

2537

01:52:51,670 --> 01:52:48,950

that witness wasn't a runner why did we

2538

01:52:55,690 --> 01:52:51,680

run we one thing I could tell you that

2539

01:52:57,310 --> 01:52:55,700

all of us came out and said was we were

2540

01:52:59,500 --> 01:52:57,320

it was controlled we had we had

2541

01:53:05,110 --> 01:52:59,510

absolutely no control over what we were

2542

01:53:07,420 --> 01:53:05,120

doing we were what we did was something

2543

01:53:09,850 --> 01:53:07,430

we had no control over I could tell you

2544

01:53:13,600 --> 01:53:09,860

that right now there is no way I don't

2545

01:53:15,430 --> 01:53:13,610

know why we ran nobody was scared and I

2546

01:53:18,520 --> 01:53:15,440

think that's a third interview and

2547

01:53:21,520 --> 01:53:18,530

disposition we were given giving to the

2548

01:53:24,160 --> 01:53:21,530

investigators they kept asking us well

2549

01:53:25,510 --> 01:53:24,170

did somebody say what is that or how did

2550

01:53:28,540 --> 01:53:25,520

you know the being was out there and I'm

2551

01:53:31,030 --> 01:53:28,550

like I didn't I didn't know if anyone

2552

01:53:32,650 --> 01:53:31,040

else did in fact it was two weeks before

2553

01:53:34,360 --> 01:53:32,660

I even realized that the other

2554

01:53:36,940 --> 01:53:34,370

investigator was

2555

01:53:38,620 --> 01:53:36,950

in front of that being when she turned

2556

01:53:41,680 --> 01:53:38,630

it started running the only two that saw

2557

01:53:43,390 --> 01:53:41,690

it was me in the witness so we really

2558

01:53:46,870 --> 01:53:43,400

yeah because when we got back to the

2559

01:53:49,240 --> 01:53:46,880

driveway I just remember thinking we

2560

01:53:50,740 --> 01:53:49,250

can't talk about this we cannot the

2561

01:53:52,090 --> 01:53:50,750

three of us cannot say one more word

2562

01:53:55,960 --> 01:53:52,100

about what just happened down there

2563

01:53:57,880 --> 01:53:55,970

until our testimonies are taken and sure

2564

01:54:00,250 --> 01:53:57,890

enough that happened the very next

2565

01:54:02,860 --> 01:54:00,260

morning we call the state director you

2566

01:54:04,660 --> 01:54:02,870

know he put a red alert and you know it

2567

01:54:07,000 --> 01:54:04,670

would people were freaking out trying to

2568

01:54:09,160 --> 01:54:07,010

get to that place cuz you know after

2569

01:54:10,780 --> 01:54:09,170

hearing what happened but I will tell

2570

01:54:13,690 --> 01:54:10,790

you that we were back in that cornfield

2571

01:54:16,240 --> 01:54:13,700

30 minutes later because again I don't

2572

01:54:18,310 --> 01:54:16,250

know when that fear left in that car

2573

01:54:21,310 --> 01:54:18,320

ride I just know that by the time I got

2574

01:54:23,590 --> 01:54:21,320

to a driveway I realized oh I don't feel

2575

01:54:27,250 --> 01:54:23,600

that terror like and wait what just

2576
01:54:29,560 --> 01:54:27,260
happened and we were right back down

2577
01:54:31,720 --> 01:54:29,570
there and I just remember his cousins

2578
01:54:33,250 --> 01:54:31,730
were a little curious and they drove

2579
01:54:36,400 --> 01:54:33,260
down and they were standing on the side

2580
01:54:38,290 --> 01:54:36,410
of the cornfield for a little bit while

2581
01:54:40,480 --> 01:54:38,300
we were out there I didn't want them in

2582
01:54:43,510 --> 01:54:40,490
the cornfield because we're in an

2583
01:54:47,740 --> 01:54:43,520
investigation and I couldn't help but

2584
01:54:50,170 --> 01:54:47,750
think mmm do you guys come down maybe to

2585
01:54:51,490 --> 01:54:50,180
see my reaction or to see why you know

2586
01:54:53,290 --> 01:54:51,500
we didn't see your little eight like did

2587
01:54:55,510 --> 01:54:53,300
they put that out there was this a prop

2588
01:55:00,460 --> 01:54:55,520

because it didn't it didn't move there

2589

01:55:02,050 --> 01:55:00,470

was nothing and the first thing we did

2590

01:55:04,240 --> 01:55:02,060

when we got back to the cornfield was

2591

01:55:06,400 --> 01:55:04,250

retrace all our steps I could see

2592

01:55:08,320 --> 01:55:06,410

everywhere we had been I could even see

2593

01:55:11,440 --> 01:55:08,330

where I hid that witness there was

2594

01:55:13,900 --> 01:55:11,450

nothing around their footprint ya know

2595

01:55:15,640 --> 01:55:13,910

and there wasn't even footprints of

2596

01:55:18,480 --> 01:55:15,650

somebody walking out to place something

2597

01:55:19,810 --> 01:55:18,490

out there that whole area was completely

2598

01:55:21,430 --> 01:55:19,820

untouched

2599

01:55:23,800 --> 01:55:21,440

thank goodness and of course I had to

2600

01:55:26,470 --> 01:55:23,810

get photos of that because you know that

2601
01:55:29,410 --> 01:55:26,480
it it was something that wasn't there

2602
01:55:31,360 --> 01:55:29,420
that proved somebody didn't put that

2603
01:55:35,170 --> 01:55:31,370
being out there as a joke or mannequin

2604
01:55:39,520 --> 01:55:35,180
or you know it was it yeah

2605
01:55:42,010 --> 01:55:39,530
to this day I still go back to that case

2606
01:55:45,160 --> 01:55:42,020
every once in a while I love working

2607
01:55:47,830 --> 01:55:45,170
with people like Yvonne Smith and you

2608
01:55:50,200 --> 01:55:47,840
know people that have

2609
01:55:52,300 --> 01:55:50,210
understand what happens when you see

2610
01:55:55,750 --> 01:55:52,310
something I don't consider myself an

2611
01:55:58,149 --> 01:55:55,760
experiencer or contactee because it was

2612
01:56:00,339 --> 01:55:58,159
I call it the one second that changed

2613
01:56:02,560 --> 01:56:00,349

everything because Martin when I when I

2614

01:56:05,800 --> 01:56:02,570

hit the witness he said what's that when

2615

01:56:08,620 --> 01:56:05,810

I my eyes followed the light and when it

2616

01:56:11,020 --> 01:56:08,630

I saw that being it was literally one

2617

01:56:13,629 --> 01:56:11,030

one thousand two that's it

2618

01:56:15,760 --> 01:56:13,639

we were already running again yeah just

2619

01:56:20,020 --> 01:56:15,770

uh were right near the end of the show

2620

01:56:23,410 --> 01:56:20,030

here did you once you had given your

2621

01:56:27,070 --> 01:56:23,420

testimony did you talk to the witness

2622

01:56:30,160 --> 01:56:27,080

about the being have you spoken to him

2623

01:56:34,600 --> 01:56:30,170

about it and did he did he have the same

2624

01:56:36,910 --> 01:56:34,610

experience you did yes the I could tell

2625

01:56:39,040 --> 01:56:36,920

you we actually the only time all of us

2626
01:56:42,040 --> 01:56:39,050
were together except for the witness but

2627
01:56:45,220 --> 01:56:42,050
the state director the other MUFON

2628
01:56:48,100 --> 01:56:45,230
investigator and we had his handwritten

2629
01:56:51,970 --> 01:56:48,110
testimony at the time we were at a small

2630
01:56:54,760 --> 01:56:51,980
conference in Tennessee uh and the state

2631
01:56:58,030 --> 01:56:54,770
director came up and absolutely said the

2632
01:57:00,459 --> 01:56:58,040
all three of the statements are almost

2633
01:57:03,850 --> 01:57:00,469
exactly alike they you know the there

2634
01:57:06,370 --> 01:57:03,860
was nothing about one saying this that

2635
01:57:08,439 --> 01:57:06,380
could contradicted the other the only

2636
01:57:10,180 --> 01:57:08,449
thing we were all over the place on and

2637
01:57:13,240 --> 01:57:10,190
none of us got it right and we were all

2638
01:57:15,100 --> 01:57:13,250

so far away was how high that triangle

2639

01:57:17,680 --> 01:57:15,110

was right we were all over the place on

2640

01:57:20,140 --> 01:57:17,690

our numbers I mean we weren't even close

2641

01:57:23,020 --> 01:57:20,150

yeah chase we're at the end I'm sorry to

2642

01:57:25,660 --> 01:57:23,030

say that went really fast can you please

2643

01:57:28,870 --> 01:57:25,670

tell the audience when you have your

2644

01:57:31,870 --> 01:57:28,880

show and how they can watch it I

2645

01:57:34,000 --> 01:57:31,880

actually listened to it yeah I actually

2646

01:57:37,450 --> 01:57:34,010

turned over fate magazine to another

2647

01:57:39,459 --> 01:57:37,460

host and yeah so I'm not doing radio at

2648

01:57:42,459 --> 01:57:39,469

the time I'm really devoting all my time

2649

01:57:45,040 --> 01:57:42,469

into you know the investigations and

2650

01:57:48,729 --> 01:57:45,050

sure alright sorry about that in your

2651
01:57:50,800 --> 01:57:48,739
that's okay your website is your name it

2652
01:57:52,990 --> 01:57:50,810
is just my name chase klutz keep calm

2653
01:57:54,939 --> 01:57:53,000
and if you guys wanted to look at some

2654
01:57:57,070 --> 01:57:54,949
of the other investigations were doing

2655
01:58:00,459 --> 01:57:57,080
independently that I do at Carey McClure

2656
01:58:02,020 --> 01:58:00,469
that's the field reports all one word

2657
01:58:04,540 --> 01:58:02,030
the field reports

2658
01:58:06,880 --> 01:58:04,550
calm and Starchild skull and all our

2659
01:58:09,700 --> 01:58:06,890
works right there I'm on Facebook

2660
01:58:11,800 --> 01:58:09,710
Twitter all right you know my phone

2661
01:58:13,990 --> 01:58:11,810
numbers everywhere nobody cares

2662
01:58:16,120 --> 01:58:14,000
okay all right chase it's been a

2663
01:58:19,920 --> 01:58:16,130

pleasure once again always great to have

2664

01:58:23,250 --> 01:58:19,930

you on thanks so much thanks bye guys

2665

01:58:25,870 --> 01:58:23,260

all right all right everyone thanks for

2666

01:58:28,210 --> 01:58:25,880

supporting the show or watching us on

2667

01:58:30,840 --> 01:58:28,220

YouTube or listening to the podcast

2668

01:58:33,460 --> 01:58:30,850

elsewhere I really appreciate it and

2669

01:58:36,730 --> 01:58:33,470

next week we'll be back with Caroline

2670

01:58:39,130 --> 01:58:36,740

Corey and she was scheduled to be on

2671

01:58:42,480 --> 01:58:39,140

last week but she was ended up traveling

2672

01:58:45,340 --> 01:58:42,490

so had to reschedule er and don't forget

2673

01:58:47,470 --> 01:58:45,350

we are going to be at shag harbour I'm

2674

01:58:50,110 --> 01:58:47,480

gonna be up there with Jordan Bonaparte

2675

01:58:52,330 --> 01:58:50,120

from the nighttime podcast I'm meeting

2676

01:58:55,390 --> 01:58:52,340

him there in shag harbour actually

2677

01:58:57,490 --> 01:58:55,400

Friday evening so I'm on my way north

2678

01:59:00,010 --> 01:58:57,500

tomorrow so that show you can watch

2679

01:59:05,130 --> 01:59:00,020

either on youtube or on our on podcast

2680

01:59:07,360 --> 01:59:05,140

UFO comm that is 5:30 to 7:30 p.m.

2681

01:59:10,570 --> 01:59:07,370

Eastern Standard Time this coming

2682

01:59:12,790 --> 01:59:10,580

Saturday the 30th and it should be fun

2683

01:59:15,190 --> 01:59:12,800

all right thanks so much or remember to
