Kevin Randle

1  
00:00:03,200 --> 00:00:02,450  
and it hits me oh my gosh this is that

2  
00:00:04,309 --> 00:00:03,210  
triangle

3  
00:00:05,420 --> 00:00:04,319  
you know there's explanation for

4  
00:00:07,039 --> 00:00:05,430  
everything that occurred in the

5  
00:00:09,740 --> 00:00:07,049  
Rendlesham forest incident didn't

6  
00:00:13,249 --> 00:00:09,750  
involve aliens at all it was completely

7  
00:00:16,490 --> 00:00:13,259  
silent it comes right over our head it's

8  
00:00:18,080 --> 00:00:16,500  
so classic flying-saucer really standing

9  
00:00:19,640 --> 00:00:18,090  
in the clearing he turned over to my

10  
00:00:24,730 --> 00:00:19,650  
father and held his hand and he looked

11  
00:00:30,890 --> 00:00:28,160  
welcome to podcast UFO for our live show

12

participate live in our chat room and

16

00:00:43,880 --> 00:00:40,770

don't forget to Like us on our very

17

00:00:45,799 --> 00:00:43,890

active Facebook page hello and welcome

18

00:00:47,900 --> 00:00:45,809

to the show I'm Martin will assure host

19

00:00:50,090 --> 00:00:47,910

and you know we didn't have a show last

20

00:00:52,340 --> 00:00:50,100

week as a matter of fact the state of

21

00:00:55,939 --> 00:00:52,350

Maine where I live we had the biggest

22

00:01:00,080 --> 00:00:55,949

power outage on record four hundred

23

00:01:03,290 --> 00:01:00,090

thousand residents without power and so

24

00:01:06,560 --> 00:01:03,300

I lost it for an entire week which makes

25

00:01:08,660 --> 00:01:06,570

me feel really bad for the people for

26

00:01:12,440 --> 00:01:08,670

instance in Puerto Rico how tough it

27

00:01:15,469 --> 00:01:12,450

must be even after just one week I was

28

00:01:18,140 --> 00:01:15,479

very very lucky it wasn't cold here but

29

00:01:20,149 --> 00:01:18,150

after one week without power you start

30

00:01:22,160 --> 00:01:20,159

to you know you start to realize what

31

00:01:25,010 --> 00:01:22,170

type of trouble these people must be in

32

00:01:28,730 --> 00:01:25,020

as far as refrigerator goes as far as

33

00:01:31,280 --> 00:01:28,740

water goes you know heat luckily like I

34

00:01:33,770 --> 00:01:31,290

said it wasn't an issue but anyway I

35

00:01:36,859 --> 00:01:33,780

really do appreciate electricity a lot

36

00:01:39,230 --> 00:01:36,869

I'm even gonna pay my bill on time from

37

00:01:42,230 --> 00:01:39,240

now on I'm really glad to have

38

00:01:44,030 --> 00:01:42,240

electricity I have a well actually

39

00:01:45,920 --> 00:01:44,040

Alejandro is not going to be with us

40

00:01:49,639 --> 00:01:45,930

he's actually in the air right now he's

41

00:01:50,960 --> 00:01:49,649

flying to Florida for something so he's

42

00:01:54,200 --> 00:01:50,970

not going to be part of the show tonight

43

00:01:56,510 --> 00:01:54,210

I have Kevin Randle on I'm excited about

44

00:01:59,330 --> 00:01:56,520

we're gonna be talking about the Sakura

45

00:02:02,780 --> 00:01:59,340

incident which I do say is in one of my

46

00:02:04,580 --> 00:02:02,790

top five UFO cases that I like and think

47

00:02:06,020 --> 00:02:04,590

it's authentic and really an amazing

48

00:02:09,350 --> 00:02:06,030

case we're gonna be talking all about

49

00:02:12,510 --> 00:02:09,360

that I have an email here I'd like to

50

00:02:14,640 --> 00:02:12,520

read I get a lot of email and

51  
00:02:17,970 --> 00:02:14,650  
I just thought I thought I'd probably

52  
00:02:20,730 --> 00:02:17,980  
would read this one hi I've been

53  
00:02:22,890 --> 00:02:20,740  
listening to your UFO podcast for a long

54  
00:02:26,850 --> 00:02:22,900  
time now and they are getting very

55  
00:02:30,000 --> 00:02:26,860  
boring can you get more alien abductee

56  
00:02:33,210 --> 00:02:30,010  
guests how about having Tom DeLonge on

57  
00:02:36,420 --> 00:02:33,220  
your show the old people you interview

58  
00:02:38,910 --> 00:02:36,430  
are just boring as hell to listen to so

59  
00:02:42,300 --> 00:02:38,920  
anyway thank you Michael for that I will

60  
00:02:46,670 --> 00:02:42,310  
take that into account I'm not I'm not

61  
00:02:49,320 --> 00:02:46,680  
really young chicken myself but anyway

62  
00:02:52,560 --> 00:02:49,330  
we to get young people there's not a lot

63  
00:02:56,460 --> 00:02:52,570

of young people involved you know last I

64  
00:03:00,590 --> 00:02:56,470  
would say young person we had was Jordan

65  
00:03:03,180 --> 00:03:00,600  
Bonaparte he was on also Ryan Sprague

66  
00:03:07,320 --> 00:03:03,190  
but you're we know we need more young

67  
00:03:09,450 --> 00:03:07,330  
people that are really taking this topic

68  
00:03:13,560 --> 00:03:09,460  
seriously and I hope I hope more come

69  
00:03:15,570 --> 00:03:13,570  
along and I would really like to

70  
00:03:17,699 --> 00:03:15,580  
interview younger people so to speak as

71  
00:03:19,830 --> 00:03:17,709  
well but everybody's welcome

72  
00:03:23,040 --> 00:03:19,840  
I love the season people like our guest

73  
00:03:24,390 --> 00:03:23,050  
tonight and always glad to have you on

74  
00:03:28,290 --> 00:03:24,400  
the show repeat guest

75  
00:03:29,610 --> 00:03:28,300  
Kevin Randle how are you I'm fine but

76

00:03:32,670 --> 00:03:29,620

since Michael doesn't want to hear

77

00:03:33,810 --> 00:03:32,680

boring old people I'm hanging up now now

78

00:03:36,150 --> 00:03:33,820

what am I going to do the rest of the

79

00:03:39,150 --> 00:03:36,160

show now you can talk about abductions

80

00:03:42,420 --> 00:03:39,160

okay hey well you know I don't consider

81

00:03:44,640 --> 00:03:42,430

you know I I can't say that I consider

82

00:03:46,350 --> 00:03:44,650

you know the guests that I've had boring

83

00:03:48,449 --> 00:03:46,360

but you know it's everybody's opinion

84

00:03:50,699 --> 00:03:48,459

everyone has the right to their opinion

85

00:03:53,810 --> 00:03:50,709

everyone has the right to my opinion and

86

00:03:58,140 --> 00:03:53,820

that's why they listen to this show so

87

00:04:00,690 --> 00:03:58,150

Kevin you have found it necessary to do

88

00:04:02,580 --> 00:04:00,700

your great research on socorro

89

00:04:06,240 --> 00:04:02,590

and how did all that come about to begin

90

00:04:08,220 --> 00:04:06,250

with I was actually doing my radio show

91

00:04:10,470 --> 00:04:08,230

on the exo and broadcast network and I

92

00:04:13,199 --> 00:04:10,480

interviewed Ben moss and Tony Angie Ola

93

00:04:14,960 --> 00:04:13,209

who are two young people by the way or

94

00:04:17,970 --> 00:04:14,970

younger people I should say yeah and

95

00:04:19,289 --> 00:04:17,980

during the conversation with them I

96

00:04:21,599 --> 00:04:19,299

contest I don't know what I was coming

97

00:04:23,670 --> 00:04:21,609

up with the conversation with them I had

98

00:04:25,950 --> 00:04:23,680

at them about some of the things going

99

00:04:28,320 --> 00:04:25,960

on and they said that the Lonnie Zamora

100

00:04:29,969 --> 00:04:28,330

was not the only person who have seen

101

00:04:31,409 --> 00:04:29,979

the crime there were at least three

102

00:04:34,409 --> 00:04:31,419

people who'd called the police station

103

00:04:38,189 --> 00:04:34,419

about it before Lonnie Zamora saw the

104

00:04:39,930 --> 00:04:38,199

craft land in near near Socorro and saw

105

00:04:40,760 --> 00:04:39,940

the two alien creatures and that sort of

106

00:04:42,930 --> 00:04:40,770

thing

107

00:04:44,879 --> 00:04:42,940

so I asked him did you look at the

108

00:04:46,050 --> 00:04:44,889

police record and I asked him that

109

00:04:49,309 --> 00:04:46,060

question two or three times and I never

110

00:04:51,809 --> 00:04:49,319

got a satisfactory answer also in the

111

00:04:53,670 --> 00:04:51,819

conversation I had with them they asked

112

00:04:55,499 --> 00:04:53,680

about or they've talked about having the

113

00:04:58,860 --> 00:04:55,509

real project Bluebook file as opposed to

114

00:05:00,450 --> 00:04:58,870

the one that we all have from the

115

00:05:02,400 --> 00:05:00,460

microfilm and the information that was

116

00:05:04,950 --> 00:05:02,410

given to the National Archives on

117

00:05:07,379 --> 00:05:04,960

Project Blue Book closed and I wanted to

118

00:05:09,540 --> 00:05:07,389

know more about that and that kind of

119

00:05:11,219 --> 00:05:09,550

sparked the interest in it one of the

120

00:05:13,800 --> 00:05:11,229

first things I found just to tie

121

00:05:15,900 --> 00:05:13,810

everything together was that there was

122

00:05:18,149 --> 00:05:15,910

no police report on the three witnesses

123

00:05:20,700 --> 00:05:18,159

who called in and having seen the the

124

00:05:24,330 --> 00:05:20,710

flame or the object in the sky but

125

00:05:25,830 --> 00:05:24,340

Captain Richard holder who was a Army

126

00:05:30,600 --> 00:05:25,840

officer and lived in Socorro at the time

127

00:05:32,100 --> 00:05:30,610

he was on scene within an hour of Zamora

128

00:05:34,529 --> 00:05:32,110

returning to the police station and

129

00:05:36,330 --> 00:05:34,539

during that time he interviewed Zamora

130

00:05:38,159 --> 00:05:36,340

but he wrote a report that very night

131

00:05:40,080 --> 00:05:38,169

and it went to the Pentagon went to the

132

00:05:41,610 --> 00:05:40,090

Pentagon the Pentagon I'm thinking white

133

00:05:43,589 --> 00:05:41,620

wright-patterson but I went to the

134

00:05:44,879 --> 00:05:43,599

Pentagon first and in that report he

135

00:05:46,499 --> 00:05:44,889

talked about the three people who had

136

00:05:47,850 --> 00:05:46,509

called into the police station and had

137

00:05:50,939 --> 00:05:47,860

seen the object in the sky

138

00:05:52,560 --> 00:05:50,949

so that sparked my interest in this

139

00:05:54,839 --> 00:05:52,570

thing because now it's not single

140

00:05:56,850 --> 00:05:54,849

witness we actually have additional

141

00:05:59,040 --> 00:05:56,860

witnesses and as I did other research I

142

00:05:59,909 --> 00:05:59,050

found other witnesses in the area that

143

00:06:00,779 --> 00:05:59,919

made the whole thing much more

144

00:06:03,749 --> 00:06:00,789

interesting

145

00:06:07,830 --> 00:06:03,759

Wow great so one of the mistakes I make

146

00:06:09,240 --> 00:06:07,840

often in this show is I kind of assumed

147

00:06:11,610 --> 00:06:09,250

that a lot of people know about these

148

00:06:13,740 --> 00:06:11,620

cases so and I know it might be boring

149

00:06:16,709 --> 00:06:13,750

for the person again that word comes up

150

00:06:19,350 --> 00:06:16,719

for the person that does know this case

151

00:06:21,870 --> 00:06:19,360

very well but I'd like to go over of the

152

00:06:24,060 --> 00:06:21,880

entire incident for the person just

153

00:06:26,040 --> 00:06:24,070

coming in the young person coming in and

154

00:06:29,459 --> 00:06:26,050

listening that wants to know more about

155

00:06:32,189 --> 00:06:29,469

UFOs so this was back in 1964 can you

156

00:06:36,919 --> 00:06:32,199

can you go over how everything unfolded

157

00:06:41,789 --> 00:06:40,169

no the story begins with Lenny's armoire

158

00:06:43,499 --> 00:06:41,799

chasing a speeder through downtown

159

00:06:47,369 --> 00:06:43,509

Socorro New Mexico and as he's doing

160

00:06:49,319 --> 00:06:47,379

this he hears this roaring succeed in a

161

00:06:51,629 --> 00:06:49,329

might shack on the edge of town had

162

00:06:54,299 --> 00:06:51,639

blown up so he breaks off the pursuit

163

00:06:56,549 --> 00:06:54,309

and he goes rushing toward the dynamite

164

00:07:01,379 --> 00:06:56,559

Shack and here's the roar sees this

165

00:07:03,869 --> 00:07:01,389

thing in the sky sees it land and comes

166

00:07:06,329 --> 00:07:03,879

up over a ridge sees the object down in

167

00:07:08,069 --> 00:07:06,339

an arroyo thinks it's an overturned car

168

00:07:10,979 --> 00:07:08,079

and eventually he gets down close enough

169

00:07:12,449 --> 00:07:10,989

and he sees two beings outside the craft

170

00:07:14,549 --> 00:07:12,459

he thinks they're children there's the

171

00:07:17,969 --> 00:07:14,559

size of ten twelve year old children and

172

00:07:19,859 --> 00:07:17,979

as he's approaching they hear him they

173

00:07:22,109 --> 00:07:19,869

look startled or they that seem to react

174

00:07:25,289 --> 00:07:22,119

to him they run back he hears a sound

175

00:07:26,729 --> 00:07:25,299

like the hatch of the craft closing and

176

00:07:28,739 --> 00:07:26,739

suddenly there's a roar and that thing

177

00:07:31,949 --> 00:07:28,749

takes off and disappears the sighting

178

00:07:33,029 --> 00:07:31,959

takes two and a half minutes maybe two

179

00:07:33,539 --> 00:07:33,039

minutes two and a half minutes three

180

00:07:36,899 --> 00:07:33,549

minutes

181

00:07:38,939 --> 00:07:36,909

he is just stunned by what he's seen he

182

00:07:41,069 --> 00:07:38,949

calls the police station on his police

183

00:07:44,999 --> 00:07:41,079

radio and asked his friend sergeant

184

00:07:45,689 --> 00:07:45,009

Chavez Sam Chavez to come out to talk to

185

00:07:47,909 --> 00:07:45,699

him about it

186

00:07:50,189 --> 00:07:47,919

Chavez arrives within a couple of

187

00:07:51,959 --> 00:07:50,199

minutes and there's some discussion

188

00:07:55,589 --> 00:07:51,969

whether the thing was still visible in

189

00:07:58,019 --> 00:07:55,599

the sky when Chavez arose a Rove arrived

190

00:08:02,159 --> 00:07:58,029

and there is some discussion about

191

00:08:04,199 --> 00:08:02,169

whether or not he sought cheves said no

192

00:08:06,179 --> 00:08:04,209

he didn't see anything but he noticed

193

00:08:08,669 --> 00:08:06,189

that that Lonnie some more of the police

194

00:08:12,119 --> 00:08:08,679

officer looked absolutely stunned

195

00:08:14,039 --> 00:08:12,129

shocked by what he what he'd seen and it

196

00:08:16,319 --> 00:08:14,049

all kinds of grows that grows out of

197

00:08:17,519 --> 00:08:16,329

there they've talked to other the

198

00:08:20,100 --> 00:08:17,529

information goes out over the police

199

00:08:22,350 --> 00:08:20,110

radio I should say others show up at the

200

00:08:25,309 --> 00:08:22,360

scene they see landing gear impressions

201  
00:08:28,289 --> 00:08:25,319  
on the ground they see a smoking bush

202  
00:08:30,359 --> 00:08:28,299  
that doesn't seem it seems to be cold on

203  
00:08:31,799 --> 00:08:30,369  
one side and and and smoking on the

204  
00:08:34,740 --> 00:08:31,809  
other but it's not hot really hot to the

205  
00:08:37,409 --> 00:08:34,750  
touch they see other evidences of this

206  
00:08:40,579 --> 00:08:37,419  
thing having landed photographs are

207  
00:08:43,499 --> 00:08:40,589  
taken on the site that time about dusk

208  
00:08:46,439 --> 00:08:43,509  
dark they head back to the police

209  
00:08:48,600 --> 00:08:46,449  
station and in the interim and and it's

210  
00:08:49,980 --> 00:08:48,610  
again unclear is exactly the sequence of

211  
00:08:52,440 --> 00:08:49,990  
events but

212  
00:08:55,050 --> 00:08:52,450  
captain Richard holder who was the I

213  
00:08:56,639 --> 00:08:55,060

think it's a stallion station commander

214

00:08:58,170 --> 00:08:56,649

at the White Sands Missile Range and

215

00:09:00,750 --> 00:08:58,180

that station happened to be closer to

216

00:09:04,260 --> 00:09:00,760

Socorro than it is to Alamogordo so

217

00:09:05,850 --> 00:09:04,270

holder lived in Socorro and an FBI agent

218

00:09:09,510 --> 00:09:05,860

named Arthur burns are called

219

00:09:11,430 --> 00:09:09,520

and it's not sure whether burns called

220

00:09:12,930 --> 00:09:11,440

holder or holder heard about it some

221

00:09:14,310 --> 00:09:12,940

other way but they all they both arrived

222

00:09:16,740 --> 00:09:14,320

within minutes of one another

223

00:09:18,870 --> 00:09:16,750

sometime around 7:20 in the evening

224

00:09:20,820 --> 00:09:18,880

Zamora comes back and then they go into

225

00:09:27,329 --> 00:09:20,830

the investigation holder eventually

226

00:09:29,160 --> 00:09:27,339

calls out to his out out to White Sands

227

00:09:32,040 --> 00:09:29,170

and gets MPs on the site and they kind

228

00:09:33,480 --> 00:09:32,050

of cordon it off and so that they can

229

00:09:34,949 --> 00:09:33,490

look at the stuff for the next morning

230

00:09:36,660 --> 00:09:34,959

so you've got a sighting that takes

231

00:09:38,370 --> 00:09:36,670

place just a couple of minutes but

232

00:09:41,460 --> 00:09:38,380

what's important about it is you have a

233

00:09:43,079 --> 00:09:41,470

police officer involved you have crook

234

00:09:45,780 --> 00:09:43,089

Robert of witnesses calling into the

235

00:09:49,170 --> 00:09:45,790

police station you have landing traces

236

00:09:50,880 --> 00:09:49,180

on the ground and you have the sighting

237

00:09:53,370 --> 00:09:50,890

of alien creatures beings from another

238

00:09:55,410 --> 00:09:53,380

world so it's all really good sighting

239

00:09:57,150 --> 00:09:55,420

of that people have dismissed it for a

240

00:09:58,560 --> 00:09:57,160

longest time and saying well you know it

241

00:09:59,970 --> 00:09:58,570

would be more interesting but it's

242

00:10:02,220 --> 00:09:59,980

single witness it turns out it's not

243

00:10:04,740 --> 00:10:02,230

single witness and so as my

244

00:10:08,250 --> 00:10:04,750

investigation unfolded I would say

245

00:10:10,920 --> 00:10:08,260

unravel unfolded I learned more about

246

00:10:13,199 --> 00:10:10,930

about this case I learned about the the

247

00:10:15,000 --> 00:10:13,209

other file that Ben moss and Tony Angela

248

00:10:16,740 --> 00:10:15,010

we're talking about and they'd gotten

249

00:10:19,319 --> 00:10:16,750

all the information from Rob Mercer

250

00:10:22,350 --> 00:10:19,329

which is a really interesting story in

251  
00:10:24,300 --> 00:10:22,360  
and of itself right yeah and and and Rob

252  
00:10:26,160 --> 00:10:24,310  
Mercer said that what he would do is

253  
00:10:27,870 --> 00:10:26,170  
periodically he'd look at Craigslist

254  
00:10:30,420 --> 00:10:27,880  
because UFO material showed up on

255  
00:10:32,760 --> 00:10:30,430  
Craigslist who would have think mm-hmm

256  
00:10:34,889 --> 00:10:32,770  
and somebody was advertising this block

257  
00:10:37,920 --> 00:10:34,899  
box of Project Blue Book files on

258  
00:10:39,600 --> 00:10:37,930  
craigslist mercer called him found out

259  
00:10:43,530 --> 00:10:39,610  
it hadn't been sold offered the money

260  
00:10:44,550 --> 00:10:43,540  
and picked up the box and it had Project

261  
00:10:46,980 --> 00:10:44,560  
Blue Book files and one of the files

262  
00:10:49,260 --> 00:10:46,990  
ahead and there happened to be the the

263  
00:10:51,470 --> 00:10:49,270

Socorro file a copy of the Socorro file

264

00:10:54,660 --> 00:10:51,480

or an information from the Socorro file

265

00:10:57,120 --> 00:10:54,670

Mercer then found out where the guy

266

00:10:59,579 --> 00:10:57,130

bought the box learned who to own the

267

00:11:03,360 --> 00:10:59,589

house prior to the the current residence

268

00:11:06,360 --> 00:11:03,370

and was able to trace trace the guy car

269

00:11:07,890 --> 00:11:06,370

Morano who had been one of the officers

270

00:11:10,920 --> 00:11:07,900

that helped closeout prodigy Blue Book

271

00:11:12,180 --> 00:11:10,930

back in in 1969 if you see the picture

272

00:11:14,610 --> 00:11:12,190

in the picture that's probably stevia

273

00:11:18,510 --> 00:11:14,620

where of Hector Quintanilla's sitting at

274

00:11:20,460 --> 00:11:18,520

the desk and the map of the solar system

275

00:11:21,420 --> 00:11:20,470

behind him and the secretary and an NCO

276

00:11:24,390 --> 00:11:21,430

standing there and there's another

277

00:11:26,460 --> 00:11:24,400

officer Carmen Morano is the sauce

278

00:11:29,310 --> 00:11:26,470

officer standing there and I'm just

279

00:11:32,640 --> 00:11:29,320

absolutely flabbergasted that Rob Mercer

280

00:11:34,440 --> 00:11:32,650

could find him but he was able to get

281

00:11:35,790 --> 00:11:34,450

enough information from the owner of the

282

00:11:37,710 --> 00:11:35,800

house and be able to trace it through

283

00:11:40,050 --> 00:11:37,720

records and found Mercer and talked

284

00:11:41,790 --> 00:11:40,060

about Mercer found a Morano and talked

285

00:11:43,500 --> 00:11:41,800

to him and and I was able to talk to

286

00:11:45,840 --> 00:11:43,510

Morano as well and gather some of the

287

00:11:49,800 --> 00:11:45,850

information so it all came about it all

288

00:11:52,290 --> 00:11:49,810

came about simply because I had invited

289

00:11:53,519 --> 00:11:52,300

Ben moss and Antonio Angelo on my radio

290

00:11:56,130 --> 00:11:53,529

program and they said a couple of things

291

00:11:57,390 --> 00:11:56,140

that sparked my interest and I felt I

292

00:11:58,829 --> 00:11:57,400

haven't gotten a good answer for it

293

00:12:01,800 --> 00:11:58,839

turns out that the answers were there

294

00:12:04,350 --> 00:12:01,810

but but in the discussion that took

295

00:12:05,610 --> 00:12:04,360

place somehow we didn't get the

296

00:12:09,240 --> 00:12:05,620

questions answered that I wanted

297

00:12:11,160 --> 00:12:09,250

answered right and so what about the

298

00:12:14,490 --> 00:12:11,170

other witnesses now there was the

299

00:12:16,800 --> 00:12:14,500

mysterious Colorado tourist possible

300

00:12:18,990 --> 00:12:16,810

that stopped at a gas station this has

301  
00:12:20,400 --> 00:12:19,000  
nothing to do with them though well

302  
00:12:22,680 --> 00:12:20,410  
these are three people who lived in

303  
00:12:23,820 --> 00:12:22,690  
Socorro okay and and they called the

304  
00:12:26,430 --> 00:12:23,830  
police and said that they had either

305  
00:12:28,140 --> 00:12:26,440  
seen a flame in the sky and in letting

306  
00:12:29,610 --> 00:12:28,150  
Zamora kind of talked about that too not

307  
00:12:32,550 --> 00:12:29,620  
really seeing an object at first but a

308  
00:12:35,160 --> 00:12:32,560  
flame a blue flame tinged with orange in

309  
00:12:37,110 --> 00:12:35,170  
the sky and they talked about that or an

310  
00:12:40,650 --> 00:12:37,120  
object in the sky coming over over the

311  
00:12:43,710 --> 00:12:40,660  
town and it happened prior to money's

312  
00:12:45,960 --> 00:12:43,720  
amour going out on the scene because the

313  
00:12:48,090 --> 00:12:45,970

police officer the radio dispatcher

314

00:12:49,769 --> 00:12:48,100

didn't bother taking their names which

315

00:12:53,820 --> 00:12:49,779

is a horrendous piece of police work

316

00:12:55,590 --> 00:12:53,830

there and then there is but talk to Park

317

00:12:59,280 --> 00:12:55,600

talked to Holder talked to the FBI guy

318

00:13:01,019 --> 00:12:59,290

burns and I believe talked to the Lorenz

319

00:13:03,150 --> 00:13:01,029

ins Carlin Jim Lorenzen who were the

320

00:13:05,850 --> 00:13:03,160

head of the area of phenomenal research

321

00:13:07,350 --> 00:13:05,860

organization back in 1964 who got there

322

00:13:10,620 --> 00:13:07,360

within 48 hours to interview the

323

00:13:12,210 --> 00:13:10,630

principal's as well but nobody ever went

324

00:13:14,699 --> 00:13:12,220

to find these people I'm thinking good

325

00:13:16,800 --> 00:13:14,709

lord you've got additional witnesses you

326

00:13:21,600 --> 00:13:16,810

know the path the object found they did

327

00:13:23,610 --> 00:13:21,610

the flew over town you-you-you could

328

00:13:25,560 --> 00:13:23,620

have gone into the area knocked on doors

329

00:13:28,680 --> 00:13:25,570

until you found some of those witnesses

330

00:13:29,940 --> 00:13:28,690

because Socorro wasn't that big in 1964

331

00:13:31,860 --> 00:13:29,950

and you've got the path for crying out

332

00:13:34,740 --> 00:13:31,870

loud and you know people saw or heard

333

00:13:36,300 --> 00:13:34,750

stuff you needed to go find those but

334

00:13:39,000 --> 00:13:36,310

but the lorenz didn't do it which

335

00:13:40,410 --> 00:13:39,010

surprised the hell out of me the Air

336

00:13:42,060 --> 00:13:40,420

Force didn't do it which did not

337

00:13:45,360 --> 00:13:42,070

surprise the hell out of me

338

00:13:47,730 --> 00:13:45,370

a Hynek didn't do it which didn't

339

00:13:50,940 --> 00:13:47,740

surprise me that the FBI guy and a

340

00:13:53,310 --> 00:13:50,950

holder didn't do it maybe a result of

341

00:13:57,030 --> 00:13:53,320

them just being the first governmental

342

00:14:00,180 --> 00:13:57,040

officials on scene but their importance

343

00:14:02,370 --> 00:14:00,190

we suit you sir when when David Moody

344

00:14:05,040 --> 00:14:02,380

who was the air force guy and high-neck

345

00:14:06,420 --> 00:14:05,050

arrived but nobody bothered to go find

346

00:14:07,950 --> 00:14:06,430

these witnesses after Lonnie Zamora

347

00:14:09,390 --> 00:14:07,960

sighting you would think my god we've

348

00:14:11,310 --> 00:14:09,400

got additional witness let's go find

349

00:14:14,340 --> 00:14:11,320

them what they never did that

350

00:14:16,590 --> 00:14:14,350

I wonder how public that was known for

351

00:14:18,870 --> 00:14:16,600

instance you know race Stanford of

352

00:14:20,100 --> 00:14:18,880

course he's been on your show he's been

353

00:14:22,110 --> 00:14:20,110

on my show a number of times he's

354

00:14:25,020 --> 00:14:22,120

listening right now I'm positive of it

355

00:14:27,780 --> 00:14:25,030

did a wonderful book Socorro saucer in a

356

00:14:29,660 --> 00:14:27,790

Pentagon pantry I read that book I

357

00:14:32,670 --> 00:14:29,670

thought it was very very well done and

358

00:14:34,470 --> 00:14:32,680

now I know that you reference Ray a

359

00:14:35,730 --> 00:14:34,480

little bit in it I started to read the

360

00:14:39,000 --> 00:14:35,740

first part of your book I've just been

361

00:14:40,800 --> 00:14:39,010

so busy but a question I have for you

362

00:14:45,600 --> 00:14:40,810

when it comes to these other witnesses

363

00:14:46,980 --> 00:14:45,610

is you would think that they would trace

364

00:14:49,230 --> 00:14:46,990

you know it would have taken the name

365

00:14:50,940 --> 00:14:49,240

and what about you know how many people

366

00:14:53,940 --> 00:14:50,950

the percentage that is of how many

367

00:14:55,770 --> 00:14:53,950

people actually report a UFO there must

368

00:14:58,950 --> 00:14:55,780

have been more people in the same area

369

00:15:01,590 --> 00:14:58,960

that these people were in that probably

370

00:15:03,510 --> 00:15:01,600

ever came forward but my point exactly

371

00:15:05,340 --> 00:15:03,520

never called the please never worried

372

00:15:07,350 --> 00:15:05,350

about that and so I'm thinking if you

373

00:15:08,880 --> 00:15:07,360

you've got the path the craft flew and

374

00:15:11,160 --> 00:15:08,890

you've known people on the ground saw it

375

00:15:13,830 --> 00:15:11,170

and heard it you go out and knock on

376

00:15:15,480 --> 00:15:13,840

some doors along that pathway and see if

377

00:15:17,730 --> 00:15:15,490

you could find someone who had seen it

378

00:15:19,170 --> 00:15:17,740

or had had heard the thing fly over that

379

00:15:20,700 --> 00:15:19,180

would have been a wonderful piece of

380

00:15:23,700 --> 00:15:20,710

detective work but nobody seemed too

381

00:15:25,920 --> 00:15:23,710

bothered to do it there was a tourist

382

00:15:28,020 --> 00:15:25,930

car as you mentioned earlier from

383

00:15:28,809 --> 00:15:28,030

apparently from Colorado and I lived in

384

00:15:32,549 --> 00:15:28,819

Colorado

385

00:15:34,599 --> 00:15:32,559

place but it wasn't me are you sure

386

00:15:36,669 --> 00:15:34,609

absolutely because they were right

387

00:15:39,969 --> 00:15:36,679

riding in a green Cadillac and we did

388

00:15:41,669 --> 00:15:39,979

not have that kind of money but they

389

00:15:44,349 --> 00:15:41,679

stopped they stopped at a gas station

390

00:15:46,449 --> 00:15:44,359

either managed or owned by opal grinder

391

00:15:48,609 --> 00:15:46,459

I think was managed by him it was a

392

00:15:51,969 --> 00:15:48,619

whiting brothers gas station there on

393

00:15:53,679 --> 00:15:51,979

highway 85 and the driver said something

394

00:15:56,650 --> 00:15:53,689

about them flying their aircraft awfully

395

00:15:58,239 --> 00:15:56,660

low and and grinder said something about

396

00:16:03,789 --> 00:15:58,249

helicopters he said was not a helicopter

397

00:16:05,289 --> 00:16:03,799

and apparently there was a man and a

398

00:16:09,939 --> 00:16:05,299

woman in the car there are three

399

00:16:12,039 --> 00:16:09,949

children and talked about this a little

400

00:16:14,079 --> 00:16:12,049

bit to open grinder and grinders I think

401

00:16:16,809 --> 00:16:14,089

son who was working at the station

402

00:16:19,449 --> 00:16:16,819

overheard that and once they filled the

403

00:16:21,189 --> 00:16:19,459

tank the couple talked took off they

404

00:16:24,249 --> 00:16:21,199

thought they were from Colorado the

405

00:16:27,249 --> 00:16:24,259

thing that bothers me about this is you

406

00:16:29,169 --> 00:16:27,259

get to their Zamora sighting and that

407

00:16:30,999 --> 00:16:29,179

was national news I mean you pick up any

408

00:16:34,329 --> 00:16:31,009

newspaper around the country for April

409

00:16:36,309 --> 00:16:34,339

25th 1964 you're gonna find a mention of

410

00:16:38,319 --> 00:16:36,319

this Walter Cronkite talked about it on

411

00:16:40,599 --> 00:16:38,329

the CBS Evening News for cryin in a

412

00:16:43,799 --> 00:16:40,609

bucket so it was well known around the

413

00:16:51,599 --> 00:16:43,809

country those people never came forward

414

00:16:57,969 --> 00:16:54,999

within days of the sighting I mean it it

415

00:16:59,529 --> 00:16:57,979

it hi Nick was there on the Tuesday got

416

00:17:00,999 --> 00:16:59,539

there Tuesday evening the sighting was

417

00:17:03,669 --> 00:17:01,009

on a Friday night he got there Tuesday

418

00:17:05,559 --> 00:17:03,679

evening and was there on Wednesday he

419

00:17:09,990 --> 00:17:05,569

was squired around by a fellow named

420

00:17:12,369 --> 00:17:10,000

Connor from Kirtland Air Force Base a

421

00:17:15,579 --> 00:17:12,379

major there who supposedly was in public

422

00:17:18,189 --> 00:17:15,589

relations that drove Hynek around you've

423

00:17:21,909 --> 00:17:18,199

got the Lorenzen showing up on Sunday I

424

00:17:24,669 --> 00:17:21,919

think ray got there on Tuesday ray is in

425

00:17:26,679 --> 00:17:24,679

fact the only guy left alive who was

426

00:17:28,269 --> 00:17:26,689

that we think it's the only guy left

427

00:17:31,720 --> 00:17:28,279

alive who was actually physically on the

428

00:17:33,369 --> 00:17:31,730

scene I think David moody has has died

429

00:17:35,710 --> 00:17:33,379

but I don't know that for sure I haven't

430

00:17:38,200 --> 00:17:35,720

been able to find him and he was the Air

431

00:17:39,669 --> 00:17:38,210

Force NCO who was on scene and you see

432

00:17:41,590 --> 00:17:39,679

some of the pictures in the newspapers

433

00:17:42,090 --> 00:17:41,600

the Air Force sergeant standing in there

434

00:17:46,799 --> 00:17:42,100

that's

435

00:17:49,260 --> 00:17:46,809

David Mooney moody so but but Ray would

436

00:17:51,240 --> 00:17:49,270

be the probably the only guy who still

437

00:17:54,160 --> 00:17:51,250

alive who was physically on the scene

438

00:17:55,700 --> 00:17:54,170

and can talk about it the Lorenz ins

439

00:17:59,400 --> 00:17:55,710

[Applause]

440

00:18:03,360 --> 00:17:59,410

never found never found the the the

441

00:18:05,190 --> 00:18:03,370

drivers driver of the car the tourists

442

00:18:07,320 --> 00:18:05,200

who drove through there were two guys

443

00:18:08,940 --> 00:18:07,330

from Dubuque Iowa who claimed that they

444

00:18:10,409 --> 00:18:08,950

were driving through town at the time

445

00:18:12,870 --> 00:18:10,419

this thing took off and their story

446

00:18:14,760 --> 00:18:12,880

appears in the Dubuque

447

00:18:17,909 --> 00:18:14,770

I think it's Herald Telegraph of

448

00:18:19,470 --> 00:18:17,919

Telegraph Herald on the Wednesday I

449

00:18:21,750 --> 00:18:19,480

think it's Wednesday after after this

450

00:18:23,880 --> 00:18:21,760

all took place

451

00:18:25,320 --> 00:18:23,890

I don't believe their tale I think they

452

00:18:27,000 --> 00:18:25,330

made it up I think they heard the story

453

00:18:29,100 --> 00:18:27,010

on the radio they may have in fact been

454

00:18:30,960 --> 00:18:29,110

in New Mexico they didn't see anything

455

00:18:33,570 --> 00:18:30,970

their descriptions from the newspaper

456

00:18:36,120 --> 00:18:33,580

don't fit the descriptions everybody

457

00:18:38,370 --> 00:18:36,130

else made up what the craft looked like

458

00:18:42,060 --> 00:18:38,380

they talked about seeing a melded pop

459

00:18:43,350 --> 00:18:42,070

bottle on the on the landing site but

460

00:18:45,090 --> 00:18:43,360

they didn't stop they were on the

461

00:18:46,980 --> 00:18:45,100

highway they didn't stop you can't see

462

00:18:48,180 --> 00:18:46,990

the landing site sight from the highway

463

00:18:50,430 --> 00:18:48,190

so there's no way that they would know

464

00:18:52,620 --> 00:18:50,440

about a melded pop-up on the scene there

465

00:18:54,659 --> 00:18:52,630

was in fact no a melted pop model on the

466

00:18:58,080 --> 00:18:54,669

scene of that one but a day or so later

467

00:19:01,380 --> 00:18:58,090

there was a landing in la madre new

468

00:19:03,810 --> 00:19:01,390

mexico and that was one of the things

469

00:19:06,180 --> 00:19:03,820

they talked about when they examined the

470

00:19:08,700 --> 00:19:06,190

the landing site the next morning there

471

00:19:10,560 --> 00:19:08,710

was a glass bottle of pop bottle that

472

00:19:12,810 --> 00:19:10,570

had been partially melted on the scene

473

00:19:15,390 --> 00:19:12,820

that's where they got the idea so I

474

00:19:17,760 --> 00:19:15,400

don't believe their tale a fella named

475

00:19:19,740 --> 00:19:17,770

Ralph de Gras in Iowa interviewed them

476

00:19:21,960 --> 00:19:19,750

some ten years after the fact and

477

00:19:24,870 --> 00:19:21,970

granted his ten years after the fact but

478

00:19:26,580 --> 00:19:24,880

their stories just didn't match at all

479

00:19:29,789 --> 00:19:26,590

they this their their stories were

480

00:19:32,669 --> 00:19:29,799

rather diverse and I understand after

481

00:19:34,380 --> 00:19:32,679

ten years your memories are gonna fade

482

00:19:36,750 --> 00:19:34,390

you're gonna add detail you're gonna

483

00:19:38,520 --> 00:19:36,760

forget things but their story seemed to

484

00:19:39,930 --> 00:19:38,530

be so divergent that it seemed

485

00:19:41,370 --> 00:19:39,940

ridiculous to believe they were actually

486

00:19:44,870 --> 00:19:41,380

in the same car doing the same thing

487

00:19:48,149 --> 00:19:44,880

seeing the same thing in April of 1964

488

00:19:51,450 --> 00:19:48,159

uh-huh just if you're just joining us

489

00:19:52,770 --> 00:19:51,460

now we are on with Kevin Randle and

490

00:19:55,140 --> 00:19:52,780

we're going to be we are talking about

491

00:19:55,890 --> 00:19:55,150

the Socorro but and a little bit later

492

00:19:58,140 --> 00:19:55,900

on and

493

00:20:01,050 --> 00:19:58,150

so at some point we're going to talk

494

00:20:02,990 --> 00:20:01,060

about a few other subjects including Tom

495

00:20:08,760 --> 00:20:03,000

DeLonge what's going on with that and

496

00:20:12,090 --> 00:20:08,770

and perhaps a few other topics so Lonnie

497

00:20:14,660 --> 00:20:12,100

Zamora and from you know what I've

498

00:20:17,970 --> 00:20:14,670

watched in the interviews of him and

499

00:20:21,480 --> 00:20:17,980

from Ray's accounting of him and other

500

00:20:26,180 --> 00:20:21,490

people's accounting even hynek's a real

501  
00:20:29,910 --> 00:20:26,190  
real solid witness he so put it over

502  
00:20:31,470 --> 00:20:29,920  
that he did not want to be involved in

503  
00:20:35,460 --> 00:20:31,480  
this this was nothing that he was

504  
00:20:37,110 --> 00:20:35,470  
looking for any fame for have you what

505  
00:20:38,490 --> 00:20:37,120  
what have you found out about Lonnie I

506  
00:20:39,680 --> 00:20:38,500  
mean he seemed like a really good guy

507  
00:20:44,160 --> 00:20:39,690  
too

508  
00:20:46,440 --> 00:20:44,170  
yes and and in fact my book encounters

509  
00:20:47,760 --> 00:20:46,450  
in the desert and started off talking

510  
00:20:49,230 --> 00:20:47,770  
about Lonnie's a what I learned

511  
00:20:51,390 --> 00:20:49,240  
from his obituary because he died a

512  
00:20:53,100 --> 00:20:51,400  
number of years ago and he had spent

513  
00:20:55,260 --> 00:20:53,110

after the after this event he spent 15

514

00:20:58,020 --> 00:20:55,270

years in the police department then he

515

00:20:59,700 --> 00:20:58,030

got a different City job he'd also been

516

00:21:01,980 --> 00:20:59,710

in the New Mexico National Guard which

517

00:21:03,540 --> 00:21:01,990

he retired from after I don't know how

518

00:21:07,950 --> 00:21:03,550

many years but he retired from the New

519

00:21:11,040 --> 00:21:07,960

Mexico National Guard down-to-earth

520

00:21:13,070 --> 00:21:11,050

fellow maybe not the brightest guy that

521

00:21:15,120 --> 00:21:13,080

you you ever met but but certainly a

522

00:21:17,940 --> 00:21:15,130

bright enough to be a police officer

523

00:21:20,220 --> 00:21:17,950

bright enough to do a number of

524

00:21:21,300 --> 00:21:20,230

different things very very well yes I

525

00:21:23,670 --> 00:21:21,310

don't want to I don't want to run him

526

00:21:28,140 --> 00:21:23,680

down in that way a very very solid

527

00:21:30,390 --> 00:21:28,150

citizen he believed in Sam Chavez who

528

00:21:32,250 --> 00:21:30,400

was his good friend believed that Lonnie

529

00:21:34,470 --> 00:21:32,260

had seen a black project seen something

530

00:21:37,410 --> 00:21:34,480

going on in Alamogordo or white sands

531

00:21:39,420 --> 00:21:37,420

missile range some kind of testing of

532

00:21:41,700 --> 00:21:39,430

some kind of black project that had

533

00:21:44,250 --> 00:21:41,710

drifted off the range so Carl not that

534

00:21:47,750 --> 00:21:44,260

far from the the testing ground the

535

00:21:51,240 --> 00:21:47,760

proving ground range Hector quintanilla

536

00:21:52,920 --> 00:21:51,250

went to New Mexico and he had a document

537

00:21:55,800 --> 00:21:52,930

with him he's clear he was cleared for

538

00:21:57,690 --> 00:21:55,810

top secret and he was able to look into

539

00:22:01,320 --> 00:21:57,700

that and he was very disappointed that

540

00:22:04,500 --> 00:22:01,330

he hadn't been able to find any I put I

541

00:22:06,630 --> 00:22:04,510

put a short thing up on my blog ww Kevin

542

00:22:07,130 --> 00:22:06,640

Randall Boggs spot.com just the other

543

00:22:09,360 --> 00:22:07,140

day

544

00:22:11,850 --> 00:22:09,370

about what

545

00:22:15,420 --> 00:22:11,860

to nella had to say and what he did and

546

00:22:17,610 --> 00:22:15,430

how he had gone into New Mexico meant

547

00:22:21,060 --> 00:22:17,620

with the base commander at Holloman Air

548

00:22:22,080 --> 00:22:21,070

Force Base they because of the documents

549

00:22:23,640 --> 00:22:22,090

he brought with him they said you know

550

00:22:25,049 --> 00:22:23,650

you can look at anything ask anybody any

551  
00:22:27,030 --> 00:22:25,059  
questions you want will give you answers

552  
00:22:28,799 --> 00:22:27,040  
he couldn't find anything there couldn't

553  
00:22:31,799 --> 00:22:28,809  
find anything at white sands that would

554  
00:22:34,140 --> 00:22:31,809  
account for what Lonnie had seen and he

555  
00:22:37,280 --> 00:22:34,150  
said that he had to mark the case

556  
00:22:40,890 --> 00:22:37,290  
unidentified in a surprising burst of

557  
00:22:42,540 --> 00:22:40,900  
integrity I guess because he couldn't

558  
00:22:44,760 --> 00:22:42,550  
find any answer he couldn't plug

559  
00:22:46,770 --> 00:22:44,770  
anything into this be given the nature

560  
00:22:48,120 --> 00:22:46,780  
of it I mean you could say well it might

561  
00:22:49,890 --> 00:22:48,130  
have been this that or the other thing

562  
00:22:51,510 --> 00:22:49,900  
but you got the landing traces to deal

563  
00:22:54,620 --> 00:22:51,520

with it was clear from the test that

564

00:22:57,990 --> 00:22:54,630

they made on the landing site that the

565

00:22:59,549 --> 00:22:58,000

landing gear markings were not dug into

566

00:23:01,590 --> 00:22:59,559

the ground meaning they had not been

567

00:23:03,360 --> 00:23:01,600

excavated but they were pressed into the

568

00:23:06,060 --> 00:23:03,370

ground suggesting something very heavy

569

00:23:09,080 --> 00:23:06,070

had landed in that area something would

570

00:23:11,640 --> 00:23:09,090

be very hard to fake with a shovel and

571

00:23:14,160 --> 00:23:11,650

stuff like that so I mean he couldn't

572

00:23:18,630 --> 00:23:14,170

find it and he said in his report or in

573

00:23:19,890 --> 00:23:18,640

his book quintanilla did that he didn't

574

00:23:21,540 --> 00:23:19,900

wanna he didn't want to market

575

00:23:23,190 --> 00:23:21,550

unidentified because he knew the UFO

576

00:23:25,530 --> 00:23:23,200

hobbyist would have a field day with it

577

00:23:28,440 --> 00:23:25,540

or the UFO clubs and that would be like

578

00:23:30,930 --> 00:23:28,450

the Lorenz ins and things like that but

579

00:23:32,880 --> 00:23:30,940

he had he marked it as unidentified and

580

00:23:36,030 --> 00:23:32,890

he thought that the answer would be in

581

00:23:37,140 --> 00:23:36,040

Lonnie Zamora head I don't know if he

582

00:23:39,419 --> 00:23:37,150

was suggesting some kind of

583

00:23:41,010 --> 00:23:39,429

hallucination or of Lonnie heads would

584

00:23:43,290 --> 00:23:41,020

have seen something that he didn't talk

585

00:23:49,220 --> 00:23:43,300

about that may have helped identify the

586

00:23:53,280 --> 00:23:49,230

craft for for them if he had if he'd

587

00:23:57,060 --> 00:23:53,290

been a little bit more verbal about what

588

00:23:58,710 --> 00:23:57,070

he'd seen but Lonnie Lonnie didn't like

589

00:24:02,340 --> 00:23:58,720

to talk about it but he did go to the

590

00:24:03,510 --> 00:24:02,350

city attorney the Socorro city attorney

591

00:24:04,680 --> 00:24:03,520

to make sure that there wasn't anything

592

00:24:08,160 --> 00:24:04,690

was gonna get him in trouble with his

593

00:24:10,410 --> 00:24:08,170

job and he described what he had seen to

594

00:24:13,710 --> 00:24:10,420

the city attorney there and a fellow

595

00:24:15,270 --> 00:24:13,720

named Baca was I think a paralegal and

596

00:24:18,180 --> 00:24:15,280

worked in the City Attorney's Office in

597

00:24:21,000 --> 00:24:18,190

his son Ricky Baca now Rick Baca cuz

598

00:24:22,950 --> 00:24:21,010

he's he was 14 in 1964 so you can

599

00:24:24,960 --> 00:24:22,960

imagine you know he's

600

00:24:29,460 --> 00:24:24,970

he's in his 60s now so he would be Rick

601  
00:24:32,070 --> 00:24:29,470  
maka based on the descriptions at Lonnie

602  
00:24:35,190 --> 00:24:32,080  
instead he drew an object made an

603  
00:24:36,960 --> 00:24:35,200  
illustration of it his father took it

604  
00:24:38,399 --> 00:24:36,970  
back to the city attorney and Lonnie

605  
00:24:40,350 --> 00:24:38,409  
Zamora looked at it and said yeah that's

606  
00:24:42,419 --> 00:24:40,360  
the that's the thing that's pretty much

607  
00:24:43,830 --> 00:24:42,429  
what I saw I mean he had a chance to

608  
00:24:46,590 --> 00:24:43,840  
adjust the details anything if you

609  
00:24:48,690 --> 00:24:46,600  
wanted to that illustration appeared in

610  
00:24:53,130 --> 00:24:48,700  
the local newspaper the defense our

611  
00:24:56,070 --> 00:24:53,140  
chieftain and it appeared in the April

612  
00:24:58,380 --> 00:24:56,080  
Bulletin for May of 1964 so you can see

613  
00:25:00,690 --> 00:24:58,390

the picture that Rick Bock I drew it's

614

00:25:02,639 --> 00:25:00,700

also in my book I had a color

615

00:25:04,500 --> 00:25:02,649

illustration of Baca holding the picture

616

00:25:05,850 --> 00:25:04,510

but of course all the pictures in the

617

00:25:07,710 --> 00:25:05,860

book are in black and white so you don't

618

00:25:08,490 --> 00:25:07,720

get the full impact of it but you get to

619

00:25:11,600 --> 00:25:08,500

see Rick Baca

620

00:25:14,130 --> 00:25:11,610

holding the picture that he had drawn in

621

00:25:15,630 --> 00:25:14,140

1964 based on the descriptions at Lonnie

622

00:25:18,210 --> 00:25:15,640

Zamora had given so we've got something

623

00:25:21,480 --> 00:25:18,220

that took place within literally days of

624

00:25:25,019 --> 00:25:21,490

deciding and and Rick Baca making an

625

00:25:26,519 --> 00:25:25,029

illustration of it so the the situation

626  
00:25:28,710 --> 00:25:26,529  
is Ronnie comes Lonnie

627  
00:25:31,049 --> 00:25:28,720  
comes over the rise yup comes over the

628  
00:25:33,060 --> 00:25:31,059  
rise he's he thinks at first that he

629  
00:25:37,110 --> 00:25:33,070  
sees an overturned car he gets a little

630  
00:25:39,690 --> 00:25:37,120  
closer he sees two figures small figures

631  
00:25:43,409 --> 00:25:39,700  
and a white white overalls or coveralls

632  
00:25:46,740 --> 00:25:43,419  
whatever they're in and they appear to

633  
00:25:49,350 --> 00:25:46,750  
be startled when they see him they go up

634  
00:25:51,180 --> 00:25:49,360  
the ramp ladder or whatever it is and we

635  
00:25:52,769 --> 00:25:51,190  
assume we assume they went up in a

636  
00:25:55,080 --> 00:25:52,779  
ladder in the back as Lonnie couldn't

637  
00:25:58,289 --> 00:25:55,090  
see the ladder they they ran around the

638  
00:26:00,690 --> 00:25:58,299

back and there were round holes in the

639

00:26:03,060 --> 00:26:00,700

ground with some some strange footprints

640

00:26:04,649 --> 00:26:03,070

around them so the assumption is this

641

00:26:06,450 --> 00:26:04,659

was a ladder that came out of the craft

642

00:26:07,830 --> 00:26:06,460

and they went up and down the ladder but

643

00:26:10,769 --> 00:26:07,840

Lonnie didn't see that so that's an

644

00:26:12,810 --> 00:26:10,779

assumption made by practically everybody

645

00:26:14,700 --> 00:26:12,820

yeah so anyway they might have floated

646

00:26:17,940 --> 00:26:14,710

in whatever they did they went in the

647

00:26:21,090 --> 00:26:17,950

craft now a heavy craft as it is now a

648

00:26:24,049 --> 00:26:21,100

flame came out of the creosote bushes

649

00:26:26,310 --> 00:26:24,059

caught on fire but wasn't there a

650

00:26:28,830 --> 00:26:26,320

rumbling noise and then there was no

651  
00:26:30,690 --> 00:26:28,840  
noise at all there was a roar loud roar

652  
00:26:32,159 --> 00:26:30,700  
and the thing took off into the sky and

653  
00:26:33,720 --> 00:26:32,169  
of course eventually the craft faded and

654  
00:26:35,590 --> 00:26:33,730  
the war faded but you have to remember

655  
00:26:38,440 --> 00:26:35,600  
as the craft came over

656  
00:26:40,060 --> 00:26:38,450  
Socorro there was a roar that did alert

657  
00:26:41,680 --> 00:26:40,070  
the other people in the area that

658  
00:26:42,790 --> 00:26:41,690  
something was going on so we know that

659  
00:26:47,080 --> 00:26:42,800  
there was a roar we know there was a

660  
00:26:49,780 --> 00:26:47,090  
craft of some kind over Socorro going

661  
00:26:52,690 --> 00:26:49,790  
into the spot where Lani saw saw it land

662  
00:26:55,510 --> 00:26:52,700  
the other thing the skeptics make a big

663  
00:26:59,560 --> 00:26:55,520

deal is Lani wore corrective lenses

664

00:27:03,100 --> 00:26:59,570

which we would all call glasses and at

665

00:27:04,990 --> 00:27:03,110

one point he lost his glasses but it was

666

00:27:07,420 --> 00:27:05,000

after he had seen the creatures after

667

00:27:09,610 --> 00:27:07,430

he'd seen the symbol on the craft and as

668

00:27:10,930 --> 00:27:09,620

he walked down there the thing began to

669

00:27:12,250 --> 00:27:10,940

roar and he thought it was gonna blow up

670

00:27:14,440 --> 00:27:12,260

and he was heading back to his car to

671

00:27:15,970 --> 00:27:14,450

take cover and he he bumped the fender

672

00:27:18,340 --> 00:27:15,980

of his car and the glasses came off so

673

00:27:19,990 --> 00:27:18,350

the observations he had made had already

674

00:27:21,700 --> 00:27:20,000

been made by the time he lost his

675

00:27:23,230 --> 00:27:21,710

glasses so the fact they had lost him

676

00:27:24,820 --> 00:27:23,240

and the end of the sighting is

677

00:27:27,880 --> 00:27:24,830

completely and totally irrelevant

678

00:27:30,790 --> 00:27:27,890

he got probably within thirty yards of

679

00:27:32,200 --> 00:27:30,800

the thing he got much closer than was

680

00:27:35,320 --> 00:27:32,210

suggested in a lot of the literature

681

00:27:37,300 --> 00:27:35,330

that I would I looked at so he saw it it

682

00:27:39,610 --> 00:27:37,310

was much closer to it than they then

683

00:27:43,210 --> 00:27:39,620

they said and sange

684

00:27:45,940 --> 00:27:43,220

Sam Chavez arrived just as the thing was

685

00:27:49,870 --> 00:27:45,950

disappearing in the distance the idea

686

00:27:51,640 --> 00:27:49,880

and Rey made this point that the that

687

00:27:53,410 --> 00:27:51,650

the Chavez probably saw it in the sky

688

00:27:56,770 --> 00:27:53,420

but they saw how Lonnie was being

689

00:27:59,230 --> 00:27:56,780

treated by everybody questioning his

690

00:28:02,020 --> 00:27:59,240

sanity and everything else I'm and and

691

00:28:04,030 --> 00:28:02,030

looking at it from what what Holder had

692

00:28:06,970 --> 00:28:04,040

said Richard hold her being the air for

693

00:28:09,550 --> 00:28:06,980

the army officer Burns being the FBI guy

694

00:28:13,960 --> 00:28:09,560

the Lorenz ins of course would be very

695

00:28:15,550 --> 00:28:13,970

cordial to Lonnie because they were you

696

00:28:17,380 --> 00:28:15,560

know leading a UFO investigative

697

00:28:21,220 --> 00:28:17,390

organization and and they were very

698

00:28:23,470 --> 00:28:21,230

accepting of stories like this alien

699

00:28:26,650 --> 00:28:23,480

creatures and I think the nycap which

700

00:28:28,300 --> 00:28:26,660

race and ferd belong to were much less

701  
00:28:30,640 --> 00:28:28,310  
accepting of those stories that it

702  
00:28:32,110 --> 00:28:30,650  
seemed at four nycap it was okay to see

703  
00:28:34,300 --> 00:28:32,120  
it the object in the sky but if it

704  
00:28:35,890 --> 00:28:34,310  
landed or people were seen outside it

705  
00:28:38,350 --> 00:28:35,900  
and I cap wasn't really happy there

706  
00:28:41,070 --> 00:28:38,360  
their mission at that time seemed to be

707  
00:28:43,660 --> 00:28:41,080  
more pushing for congressional

708  
00:28:46,150 --> 00:28:43,670  
investigations into UFOs II the Lorenz

709  
00:28:48,370 --> 00:28:46,160  
ins were more investigative in nature I

710  
00:28:49,330 --> 00:28:48,380  
suppose which is not to say rain

711  
00:28:51,790 --> 00:28:49,340  
Stanford wasn't

712  
00:28:54,810 --> 00:28:51,800  
to get even in nature or or that he was

713  
00:28:59,950 --> 00:28:54,820

pushing for congressional original

714

00:29:01,960 --> 00:28:59,960

congressional investigations he was you

715

00:29:05,590 --> 00:29:01,970

know he was he was the NICAP guy on the

716

00:29:08,110 --> 00:29:05,600

scene and didn't I cap corporate policy

717

00:29:12,010 --> 00:29:08,120

of course didn't agree with Ray seem to

718

00:29:14,440 --> 00:29:12,020

think her buerre believed but you know

719

00:29:17,110 --> 00:29:14,450

you look at all of all of that sort of

720

00:29:19,930 --> 00:29:17,120

thing and but but the idea is that

721

00:29:22,230 --> 00:29:19,940

Lonnie had been III think probably got a

722

00:29:25,030 --> 00:29:22,240

lot of nasty questions from the press

723

00:29:26,950 --> 00:29:25,040

because as you well know the the press

724

00:29:30,670 --> 00:29:26,960

is much too sophisticated to believe in

725

00:29:32,170 --> 00:29:30,680

flying saucers and and if there is no

726

00:29:36,400 --> 00:29:32,180

flying saucers somebody like Lonnie

727

00:29:37,840 --> 00:29:36,410

Zamora is going to be just dead meat

728

00:29:40,540 --> 00:29:37,850

form they're just gonna have a field day

729

00:29:42,160 --> 00:29:40,550

with him making fun of him right and and

730

00:29:44,530 --> 00:29:42,170

and that sort of thing I and I think

731

00:29:48,820 --> 00:29:44,540

that that holder and burns may have

732

00:29:50,770 --> 00:29:48,830

contributed to that slightly but not in

733

00:29:53,080 --> 00:29:50,780

a nefarious way and and I say that

734

00:29:55,500 --> 00:29:53,090

because Holder said to Lonnie

735

00:29:58,870 --> 00:29:55,510

don't talk about the symbol you saw and

736

00:30:00,700 --> 00:29:58,880

the idea was holder wasn't trying to

737

00:30:02,410 --> 00:30:00,710

suppress information he was thinking

738

00:30:04,600 --> 00:30:02,420

that if others came forward with the

739

00:30:06,280 --> 00:30:04,610

sighting and they couldn't describe the

740

00:30:07,540 --> 00:30:06,290

symbol or they came up with some kind of

741

00:30:09,400 --> 00:30:07,550

bizarre symbol they would know the

742

00:30:10,630 --> 00:30:09,410

people weren't telling the truth of

743

00:30:12,160 --> 00:30:10,640

course he was always a possibility that

744

00:30:13,930 --> 00:30:12,170

they saw the object from the backside

745

00:30:16,300 --> 00:30:13,940

and didn't see a symbol on it well

746

00:30:18,130 --> 00:30:16,310

that's another argument but but it was a

747

00:30:19,990 --> 00:30:18,140

way of holding back one piece of

748

00:30:23,260 --> 00:30:20,000

information try to validate other

749

00:30:25,210 --> 00:30:23,270

sightings Byrne suggested that that

750

00:30:26,980 --> 00:30:25,220

Lonnie not talk about the alien

751  
00:30:29,260 --> 00:30:26,990  
creatures because he thought that that

752  
00:30:31,720 --> 00:30:29,270  
might hold him up to ridicule and little

753  
00:30:35,980 --> 00:30:31,730  
rent Lorenz ins in in their article in

754  
00:30:37,900 --> 00:30:35,990  
the May of 1964 Apple Bulletin talked

755  
00:30:40,630 --> 00:30:37,910  
about that as well and they kind of

756  
00:30:45,820 --> 00:30:40,640  
agreed with those guys but they but was

757  
00:30:47,950 --> 00:30:45,830  
the most interesting was I think Coral

758  
00:30:50,260 --> 00:30:47,960  
probably coral Lorenzen was was pushing

759  
00:30:52,630 --> 00:30:50,270  
Lonnie for descriptions of the the alien

760  
00:30:54,280 --> 00:30:52,640  
creatures and he eventually gave her

761  
00:30:55,990 --> 00:30:54,290  
gave her description but he wouldn't

762  
00:30:57,700 --> 00:30:56,000  
talk to him about the symbol I thought

763  
00:30:59,680 --> 00:30:57,710

it would that was kind of reversed if if

764

00:31:01,090 --> 00:30:59,690

it was me now the symbol looks like this

765

00:31:01,750 --> 00:31:01,100

but I didn't see any creatures you know

766

00:31:06,040 --> 00:31:01,760

that kind of

767

00:31:08,830 --> 00:31:06,050

because that really was was going to set

768

00:31:10,960 --> 00:31:08,840

the news media on fire and burns I think

769

00:31:12,640 --> 00:31:10,970

when he suggested Loni not talk about

770

00:31:15,640 --> 00:31:12,650

the alien creatures was simply

771

00:31:17,500 --> 00:31:15,650

attempting to stop some of the

772

00:31:19,660 --> 00:31:17,510

ridiculous we directed to Lonnie's

773

00:31:22,870 --> 00:31:19,670

because he talked about alien creatures

774

00:31:25,090 --> 00:31:22,880

yeah from what I what I had recalled

775

00:31:28,210 --> 00:31:25,100

that Lonnie didn't talk too much about

776

00:31:32,740 --> 00:31:28,220

the the creatures or the figures at all

777

00:31:34,690 --> 00:31:32,750

and am I wrong about that he didn't talk

778

00:31:36,220 --> 00:31:34,700

a lot he talked he talked to a couple of

779

00:31:38,080 --> 00:31:36,230

people on the first night he talked to

780

00:31:40,600 --> 00:31:38,090

people he did talk to the lorenz about

781

00:31:43,000 --> 00:31:40,610

that but once we get away from those

782

00:31:44,500 --> 00:31:43,010

initial contacts and we move into the

783

00:31:46,600 --> 00:31:44,510

next week in the next ten days in the

784

00:31:47,890 --> 00:31:46,610

next two months over the next year's he

785

00:31:49,420 --> 00:31:47,900

really didn't talk about the alien

786

00:31:52,450 --> 00:31:49,430

creatures all that much I have a friend

787

00:31:54,340 --> 00:31:52,460

Bob Cornett and we've done some UFO

788

00:31:55,840 --> 00:31:54,350

investigating together and he was down

789

00:31:57,640 --> 00:31:55,850

in Socorro he wanted to go to the Very

790

00:31:59,620 --> 00:31:57,650

Large Array which is the radio telescope

791

00:32:01,720 --> 00:31:59,630

set up on the plains of San Agustin I

792

00:32:03,660 --> 00:32:01,730

always I always called it the whopping

793

00:32:07,240 --> 00:32:03,670

huge array but yeah the Very Large Array

794

00:32:09,880 --> 00:32:07,250

and while he was in Socorro he called

795

00:32:11,050 --> 00:32:09,890

Lonnie Zamora in Lonnie was having a

796

00:32:12,400 --> 00:32:11,060

barbecue that night and said yeah come

797

00:32:13,930 --> 00:32:12,410

on over we're not gonna talk about the

798

00:32:15,430 --> 00:32:13,940

flying saucer but come on over and we'll

799

00:32:17,620 --> 00:32:15,440

have a barbecue and I thought you know

800

00:32:21,160 --> 00:32:17,630

but that gives you kind of an idea of

801  
00:32:23,740 --> 00:32:21,170  
who Lonnie Zamora is very friendly very

802  
00:32:25,030 --> 00:32:23,750  
personable no come on I don't know who

803  
00:32:27,190 --> 00:32:25,040  
the hell you are I've never heard of

804  
00:32:28,450 --> 00:32:27,200  
heard from you but come on over to the

805  
00:32:32,560 --> 00:32:28,460  
barbecue but we're not gonna talk about

806  
00:32:34,390 --> 00:32:32,570  
the Flying Saucer Wow did he go there

807  
00:32:35,740 --> 00:32:34,400  
and oh yeah I had a nice time with

808  
00:32:36,940 --> 00:32:35,750  
Lonnie Zorin they didn't talk about

809  
00:32:38,410 --> 00:32:36,950  
flying saucers that must have been

810  
00:32:40,840 --> 00:32:38,420  
difficult that part must have been

811  
00:32:43,300 --> 00:32:40,850  
difficult I would have just I would have

812  
00:32:45,580 --> 00:32:43,310  
just been beside myself trying to figure

813  
00:32:50,380 --> 00:32:45,590

out how can I get him to talk about this

814

00:32:52,240 --> 00:32:50,390

it's called alcohol Lonnie I don't well

815

00:32:54,580 --> 00:32:52,250

there's a story going around line he was

816

00:32:56,230 --> 00:32:54,590

a big drinker but I I think that isn't

817

00:32:58,740 --> 00:32:56,240

just another way of trying to belittle

818

00:33:01,960 --> 00:32:58,750

Lonnie some more on what he'd seen

819

00:33:05,740 --> 00:33:01,970

there's a guy named Paul Hardin who

820

00:33:07,570 --> 00:33:05,750

lives in Socorro and knew Luna Lonnie

821

00:33:10,110 --> 00:33:07,580

very well and just not long before

822

00:33:12,790 --> 00:33:10,120

Lonnie died they went out on a

823

00:33:15,460 --> 00:33:12,800

sightseeing tour around the sights of

824

00:33:15,680 --> 00:33:15,470

where the the landing took place and

825

00:33:17,539 --> 00:33:15,690

that

826

00:33:19,820 --> 00:33:17,549

sort of thing and talked about it and

827

00:33:21,200 --> 00:33:19,830

Lonnie opened up a little bit to him but

828

00:33:23,149 --> 00:33:21,210

hard and said well it was just between

829

00:33:25,460 --> 00:33:23,159

friends and I just don't really want to

830

00:33:27,259 --> 00:33:25,470

violate the violate that and I'm

831

00:33:31,720 --> 00:33:27,269

thinking yeah okay I can get behind that

832

00:33:35,509 --> 00:33:31,730

I understand that but Lonnie just was

833

00:33:37,490 --> 00:33:35,519

once the initial excitement was over I

834

00:33:39,710 --> 00:33:37,500

think Lonnie was very reticent to talk

835

00:33:41,990 --> 00:33:39,720

to anybody if you had no official

836

00:33:43,369 --> 00:33:42,000

standing he didn't want to talk to you I

837

00:33:46,490 --> 00:33:43,379

think race Stanford may be the only

838

00:33:48,769 --> 00:33:46,500

person outside of the military and maybe

839

00:33:50,539 --> 00:33:48,779

the lorenz ins who managed to get Lonnie

840

00:33:52,669 --> 00:33:50,549

Zamora to chat with him about this thing

841

00:33:54,499 --> 00:33:52,679

but it it was because Rey was there at

842

00:33:57,019 --> 00:33:54,509

the very beginning you know he was there

843

00:33:58,850 --> 00:33:57,029

within literally days of the of the

844

00:34:00,259 --> 00:33:58,860

sighting four or five days of the

845

00:34:02,600 --> 00:34:00,269

sighting well it happened on a Friday

846

00:34:06,169 --> 00:34:02,610

night and ray blue in the town on I

847

00:34:07,930 --> 00:34:06,179

believe he said Tuesday evening and met

848

00:34:11,329 --> 00:34:07,940

with Lonnie and the police and everybody

849

00:34:13,309 --> 00:34:11,339

Wednesday morning in fact ray was

850

00:34:15,290 --> 00:34:13,319

telling me that what happened was he got

851  
00:34:17,210 --> 00:34:15,300  
there on Tuesday night I he had a

852  
00:34:18,740 --> 00:34:17,220  
meeting set up for Lonnie on Wednesday

853  
00:34:20,180 --> 00:34:18,750  
morning he called the house they said

854  
00:34:21,950 --> 00:34:20,190  
well all needs to sleep and he waited

855  
00:34:23,869 --> 00:34:21,960  
awhile they call and they said well on

856  
00:34:26,270 --> 00:34:23,879  
he's gone and so ray finally called the

857  
00:34:27,530 --> 00:34:26,280  
police station and they talked about him

858  
00:34:29,329 --> 00:34:27,540  
being out on the lawn

859  
00:34:31,430 --> 00:34:29,339  
all right maybe he didn't call he went

860  
00:34:34,879 --> 00:34:31,440  
to the police station and they were out

861  
00:34:37,550 --> 00:34:34,889  
at the landing site so they took ray out

862  
00:34:39,770 --> 00:34:37,560  
there gave him directions out there and

863  
00:34:41,450 --> 00:34:39,780

when he arrived the police were gonna

864

00:34:44,480 --> 00:34:41,460

chase him off and honey says now let him

865

00:34:46,849 --> 00:34:44,490

come on in so ray got to be there on the

866

00:34:50,149 --> 00:34:46,859

scene with Lonnie and probably sergeant

867

00:34:51,319 --> 00:34:50,159

Chavez and that sort of thing and Ray

868

00:34:53,030 --> 00:34:51,329

says you know he was there taking

869

00:34:54,649 --> 00:34:53,040

samples and Hynek hadn't brought

870

00:34:58,099 --> 00:34:54,659

anything to take samples and borrowed

871

00:35:00,079 --> 00:34:58,109

some of his his sample containers but

872

00:35:04,790 --> 00:35:00,089

the thing that the that I noticed and

873

00:35:06,380 --> 00:35:04,800

the first night holder took a holder as

874

00:35:09,290 --> 00:35:06,390

opposed to hardened by the way holder

875

00:35:11,270 --> 00:35:09,300

they the army officer took samples on

876

00:35:13,910 --> 00:35:11,280

the site and I was what happened to

877

00:35:17,420 --> 00:35:13,920

those samples and I was able to display

878

00:35:19,730 --> 00:35:17,430

Halder gave him two Hynek so Hynek had

879

00:35:21,410 --> 00:35:19,740

samples and it would have been a good

880

00:35:23,510 --> 00:35:21,420

chain of custody from holder to high

881

00:35:26,420 --> 00:35:23,520

neck but Hynek took some of his own and

882

00:35:29,270 --> 00:35:26,430

Ray took some of his own so but he was

883

00:35:31,040 --> 00:35:29,280

out on the site that morning and

884

00:35:33,350 --> 00:35:31,050

later on after the big press conference

885

00:35:34,880 --> 00:35:33,360

held I guess in hynek's room ray went

886

00:35:37,340 --> 00:35:34,890

back out there because Lonnie had

887

00:35:39,110 --> 00:35:37,350

mentioned that there was a pointed to a

888

00:35:41,900 --> 00:35:39,120

stone that had some markings on it that

889

00:35:43,490 --> 00:35:41,910

might have been part might have been

890

00:35:44,930 --> 00:35:43,500

metal scrapings off the landing gear or

891

00:35:47,660 --> 00:35:44,940

something like that and Ray was able to

892

00:35:51,050 --> 00:35:47,670

recover that stone and hoping to be able

893

00:35:54,530 --> 00:35:51,060

to submit those metal scrapings for

894

00:35:57,620 --> 00:35:54,540

analysis yes that's an the story ray has

895

00:36:01,100 --> 00:35:57,630

talked to me about with not such a great

896

00:36:04,160 --> 00:36:01,110

ending unfortunately and by the way just

897

00:36:05,780 --> 00:36:04,170

a little housekeeping here I am NOT I'm

898

00:36:09,260 --> 00:36:05,790

not going to be involved with chat

899

00:36:10,730 --> 00:36:09,270

during most of the show as it's it's

900

00:36:12,590 --> 00:36:10,740

very distracting or can be very

901  
00:36:14,510 --> 00:36:12,600  
distracting and I apologize to the

902  
00:36:17,000 --> 00:36:14,520  
people in chat but don't give up because

903  
00:36:19,400 --> 00:36:17,010  
in the second half of the show the

904  
00:36:21,050 --> 00:36:19,410  
second part of the show toured three

905  
00:36:24,050 --> 00:36:21,060  
quarters in or so I'm gonna be taking

906  
00:36:25,850 --> 00:36:24,060  
questions on chat and also if someone

907  
00:36:27,380 --> 00:36:25,860  
wants to call in if you want to write

908  
00:36:29,600 --> 00:36:27,390  
the number down you can call them in the

909  
00:36:33,320 --> 00:36:29,610  
second part of the show that number six

910  
00:36:37,960 --> 00:36:33,330  
oh three nine six seven four oh three oh

911  
00:36:41,240 --> 00:36:37,970  
so so the I want to talk to you about

912  
00:36:43,250 --> 00:36:41,250  
what I think is probably besides the

913  
00:36:45,640 --> 00:36:43,260

figures is probably the most

914

00:36:49,190 --> 00:36:45,650

controversial part of the whole story

915

00:36:51,440 --> 00:36:49,200

but before that I don't want to forget

916

00:36:54,020 --> 00:36:51,450

to ask this questions the witnesses the

917

00:36:57,370 --> 00:36:54,030

thing that got you interested in

918

00:37:00,230 --> 00:36:57,380

pursuing this in the beginning how far

919

00:37:02,210 --> 00:37:00,240

did you get with that or is it just

920

00:37:04,160 --> 00:37:02,220

plain a dead end and and it won't go

921

00:37:06,530 --> 00:37:04,170

anywhere there's really nothing I can do

922

00:37:08,780 --> 00:37:06,540

with this this day and age it's you know

923

00:37:10,610 --> 00:37:08,790

more than fifty years ago the people

924

00:37:12,470 --> 00:37:10,620

most of the people are probably passed

925

00:37:13,910 --> 00:37:12,480

away I'm sure there were young people in

926  
00:37:15,950 --> 00:37:13,920  
the area who may have heard something

927  
00:37:18,260 --> 00:37:15,960  
I'm not sure if they would still live in

928  
00:37:20,600 --> 00:37:18,270  
the area Ray said that he had talked to

929  
00:37:23,300 --> 00:37:20,610  
a couple of women in the days that

930  
00:37:24,560 --> 00:37:23,310  
followed he was at the radio station or

931  
00:37:26,600 --> 00:37:24,570  
not the radio station but going out to

932  
00:37:27,830 --> 00:37:26,610  
dinner with the radio guy whose name

933  
00:37:33,620 --> 00:37:27,840  
escapes me at the moment

934  
00:37:35,150 --> 00:37:33,630  
Stroud strode strode and they were two

935  
00:37:36,830 --> 00:37:35,160  
women had come up to them while they

936  
00:37:39,590 --> 00:37:36,840  
were there and talked about having seen

937  
00:37:41,420 --> 00:37:39,600  
or heard they were audio witnesses right

938  
00:37:42,980 --> 00:37:41,430

right some they'd heard something go

939

00:37:45,530 --> 00:37:42,990

over is what what he said

940

00:37:46,430 --> 00:37:45,540

and I asked Trey about that and he said

941

00:37:47,780 --> 00:37:46,440

well they were older women they're

942

00:37:49,310 --> 00:37:47,790

probably dead by now so would you write

943

00:37:51,170 --> 00:37:49,320

their names down because I'm thinking if

944

00:37:53,120 --> 00:37:51,180

we get ahold of a city directory or some

945

00:37:55,760 --> 00:37:53,130

or a city phone book or something from

946

00:37:57,830 --> 00:37:55,770

1964 and the library probably has copies

947

00:37:59,260 --> 00:37:57,840

of it or maybe the University I'm not

948

00:38:01,370 --> 00:37:59,270

the University but the school of mines

949

00:38:03,350 --> 00:38:01,380

library there might have had something

950

00:38:05,630 --> 00:38:03,360

we could look up and see where these

951  
00:38:07,280 --> 00:38:05,640  
people lived and then we could go back

952  
00:38:08,570 --> 00:38:07,290  
into that area and kind of knock on

953  
00:38:12,080 --> 00:38:08,580  
doors and see if there's anybody around

954  
00:38:15,740 --> 00:38:12,090  
who was there 1964 but Ray was uh I

955  
00:38:18,380 --> 00:38:15,750  
guess Ray is his files are not as

956  
00:38:19,940 --> 00:38:18,390  
organized as they could be and and it's

957  
00:38:21,320 --> 00:38:19,950  
not not really to point a finger ray

958  
00:38:22,850 --> 00:38:21,330  
because if you go to my files now

959  
00:38:24,440 --> 00:38:22,860  
they're not just court organizes they

960  
00:38:25,970 --> 00:38:24,450  
could be either I sometimes spend days

961  
00:38:27,740 --> 00:38:25,980  
trying to find something and eventually

962  
00:38:30,200 --> 00:38:27,750  
have to give up and hope I stumble

963  
00:38:31,220 --> 00:38:30,210

across it at some point because you know

964

00:38:33,410 --> 00:38:31,230

I'm we're talking about stuff you know

965

00:38:34,970 --> 00:38:33,420

fifty years old right right and he

966

00:38:36,560 --> 00:38:34,980

didn't have that he didn't have the name

967

00:38:39,590 --> 00:38:36,570

so there was really a dead end there as

968

00:38:42,380 --> 00:38:39,600

well what about a police a police

969

00:38:43,550 --> 00:38:42,390

blotter you know the police guy didn't

970

00:38:46,130 --> 00:38:43,560

write it down he didn't dump any

971

00:38:48,260 --> 00:38:46,140

information the only reason we know we

972

00:38:50,180 --> 00:38:48,270

were able to corroborate this as Holder

973

00:38:51,560 --> 00:38:50,190

mentioned in his report that he wrote

974

00:38:53,390 --> 00:38:51,570

that night about two o'clock in the

975

00:38:54,770 --> 00:38:53,400

morning I think he said it was and he

976

00:38:56,450 --> 00:38:54,780

had called it into the Pentagon the

977

00:38:57,860 --> 00:38:56,460

command post at the Pentagon and in the

978

00:38:59,030 --> 00:38:57,870

report it says that three people had

979

00:39:01,400 --> 00:38:59,040

called the police and they'd seen the

980

00:39:03,140 --> 00:39:01,410

flame or the object in the sky so we

981

00:39:05,060 --> 00:39:03,150

were able to verify that the calls took

982

00:39:08,390 --> 00:39:05,070

place that there were witnesses in the

983

00:39:10,730 --> 00:39:08,400

area talking about this but nobody how

984

00:39:14,780 --> 00:39:10,740

hard would it have been to find them in

985

00:39:16,820 --> 00:39:14,790

in 1964 gee yeah he had the radio guy

986

00:39:18,290 --> 00:39:16,830

very interested in it he could have put

987

00:39:19,670 --> 00:39:18,300

something on the radio and said we know

988

00:39:21,080 --> 00:39:19,680

anybody sitting heard or seen anything

989

00:39:22,850 --> 00:39:21,090

please give us a call at the radio

990

00:39:24,020 --> 00:39:22,860

station right the newspaper could have

991

00:39:26,000 --> 00:39:24,030

put something in it you know if you

992

00:39:29,390 --> 00:39:26,010

heard or saw anything give us called the

993

00:39:31,100 --> 00:39:29,400

newspaper you could have knocked on some

994

00:39:33,350 --> 00:39:31,110

of the doors in the area where the

995

00:39:34,850 --> 00:39:33,360

things should have flown over to see if

996

00:39:38,870 --> 00:39:34,860

you could find any of those people but

997

00:39:40,280 --> 00:39:38,880

nobody did that in 1964 given the nature

998

00:39:42,170 --> 00:39:40,290

of the case the fact that there's

999

00:39:44,660 --> 00:39:42,180

landing traces given the fact that

1000

00:39:45,890 --> 00:39:44,670

you've got a police officer as an

1001  
00:39:48,350 --> 00:39:45,900  
observer

1002  
00:39:50,540 --> 00:39:48,360  
you've got sightings that take place in

1003  
00:39:52,540 --> 00:39:50,550  
a couple of hours after the event in

1004  
00:39:55,040 --> 00:39:52,550  
other locations in Jerry Clark and his

1005  
00:39:56,470 --> 00:39:55,050  
UFO encyclopedia and my and my mocha

1006  
00:39:58,060 --> 00:39:56,480  
Encounters in the desert

1007  
00:40:00,550 --> 00:39:58,070  
I talked about those guys and there's

1008  
00:40:03,970 --> 00:40:00,560  
names in fact Jerry Clark and

1009  
00:40:06,790 --> 00:40:03,980  
interviewed holder in the 90s but you've

1010  
00:40:09,460 --> 00:40:06,800  
got an opportunity here to gather some

1011  
00:40:12,580 --> 00:40:09,470  
evidence and nobody gathered that

1012  
00:40:16,930 --> 00:40:12,590  
evidence and I'm just astonished I can

1013  
00:40:19,180 --> 00:40:16,940

see in some cases where you you can't

1014

00:40:21,430 --> 00:40:19,190

really do that I mean the situation is

1015

00:40:24,820 --> 00:40:21,440

such you can't do that or all the people

1016

00:40:26,349 --> 00:40:24,830

that are involved you know and and and I

1017

00:40:28,060 --> 00:40:26,359

think of a level and case and I looked

1018

00:40:29,349 --> 00:40:28,070

at the I've been out to the locations

1019

00:40:33,730 --> 00:40:29,359

where a number of the sightings took

1020

00:40:36,280 --> 00:40:33,740

place and I'm there in like 2010 so it's

1021

00:40:38,109 --> 00:40:36,290

it's 50 years after this land is this

1022

00:40:41,050 --> 00:40:38,119

series of landings take place in level

1023

00:40:43,390 --> 00:40:41,060

land on in November of 1957 and I give

1024

00:40:44,890 --> 00:40:43,400

you the name level land in 1957 so those

1025

00:40:46,590 --> 00:40:44,900

people at home with their computers can

1026

00:40:51,010 --> 00:40:46,600

google it and see all the information

1027

00:40:52,840 --> 00:40:51,020

but and in fact in the in the book

1028

00:40:56,500 --> 00:40:52,850

there's there's actually some pictures

1029

00:40:59,170 --> 00:40:56,510

of the the sites in level land as they

1030

00:41:01,090 --> 00:40:59,180

looked in nineteen and in 2010 so you

1031

00:41:03,250 --> 00:41:01,100

can see there's nobody around you know

1032

00:41:07,770 --> 00:41:03,260

it's out it's outside of town I think

1033

00:41:09,790 --> 00:41:07,780

it's north of town it is really no

1034

00:41:12,550 --> 00:41:09,800

people around it's not like the thing

1035

00:41:16,090 --> 00:41:12,560

landed in level land in Socorro it

1036

00:41:17,349 --> 00:41:16,100

landed in Socorro so you you there's

1037

00:41:21,220 --> 00:41:17,359

people around that you could you could

1038

00:41:22,450 --> 00:41:21,230

talk to about this but but so in level

1039

00:41:25,330 --> 00:41:22,460

and you know you can see you understand

1040

00:41:26,530 --> 00:41:25,340

why that didn't happen and and and of

1041

00:41:27,910 --> 00:41:26,540

course with level and the thing that

1042

00:41:29,740 --> 00:41:27,920

annoys me about that is the Air Force

1043

00:41:31,150 --> 00:41:29,750

said well there are only three witnesses

1044

00:41:32,740 --> 00:41:31,160

and nycap says well there were nine

1045

00:41:35,020 --> 00:41:32,750

witnesses near for saying well you guys

1046

00:41:36,609 --> 00:41:35,030

are lying about it and it turns out

1047

00:41:37,990 --> 00:41:36,619

based on the project Bluebook Files

1048

00:41:39,670 --> 00:41:38,000

alone and some of the other research

1049

00:41:42,160 --> 00:41:39,680

there were witnesses at 13 separate

1050

00:41:44,140 --> 00:41:42,170

locations so neither the Air Force no

1051

00:41:45,640 --> 00:41:44,150

deny camp had the number right which is

1052

00:41:47,140 --> 00:41:45,650

irrelevant I mean there was a lot of

1053

00:41:49,810 --> 00:41:47,150

witnesses you could have talked to and

1054

00:41:53,530 --> 00:41:49,820

in that investigation by the military

1055

00:41:55,120 --> 00:41:53,540

wasn't all that great and I cap didn't

1056

00:41:56,890 --> 00:41:55,130

do a great job but here in Socorro

1057

00:41:59,349 --> 00:41:56,900

you've got you've got the Lorenz ins

1058

00:42:01,270 --> 00:41:59,359

were right there you've got Ray Stanford

1059

00:42:03,670 --> 00:42:01,280

who was right there you've got holder

1060

00:42:06,340 --> 00:42:03,680

who probably gave up after the first

1061

00:42:08,470 --> 00:42:06,350

night or the first couple of days simply

1062

00:42:10,780 --> 00:42:08,480

because it's really not in his

1063

00:42:12,099 --> 00:42:10,790

wheelhouse you've got the FBI guy

1064

00:42:14,109 --> 00:42:12,109

telling everybody don't tell everybody

1065

00:42:15,670 --> 00:42:14,119

on the FBI but he's interested in the

1066

00:42:17,829 --> 00:42:15,680

case you've got the official air force

1067

00:42:20,290 --> 00:42:17,839

investigator and the consultant there

1068

00:42:23,920 --> 00:42:20,300

and nobody bothers to find those

1069

00:42:25,150 --> 00:42:23,930

witnesses it's just appalling to me but

1070

00:42:28,060 --> 00:42:25,160

you've got a lot of people who are on

1071

00:42:29,800 --> 00:42:28,070

the scene afterwards whose names we do

1072

00:42:32,109 --> 00:42:29,810

have and can attest well I saw the

1073

00:42:33,880 --> 00:42:32,119

depressions here I did this I did that

1074

00:42:37,630 --> 00:42:33,890

but you don't have the people saw the

1075

00:42:39,819 --> 00:42:37,640

damned object yeah so you talked earlier

1076  
00:42:42,790 --> 00:42:39,829  
about Rob Mercer who actually I had him

1077  
00:42:45,550 --> 00:42:42,800  
on the show great guy so Rob Mercer

1078  
00:42:48,700 --> 00:42:45,560  
finds these project Bluebook files he

1079  
00:42:50,050 --> 00:42:48,710  
gets even more than directly from one of

1080  
00:42:54,520 --> 00:42:50,060  
the people that was actually closing out

1081  
00:42:56,589 --> 00:42:54,530  
the project in 1969 did did any of those

1082  
00:42:58,450 --> 00:42:56,599  
files help you in this book to

1083  
00:43:01,560 --> 00:42:58,460  
understand a little more that wasn't

1084  
00:43:04,599 --> 00:43:01,570  
available before those files were found

1085  
00:43:06,849 --> 00:43:04,609  
what what happened is according to

1086  
00:43:08,560 --> 00:43:06,859  
Carbon Morano and I the reason I want to

1087  
00:43:10,839 --> 00:43:08,570  
talk to him was get the idea of what

1088  
00:43:12,400 --> 00:43:10,849

this stuff was we've got the official

1089

00:43:14,200 --> 00:43:12,410

project Bluebook files and if you've got

1090

00:43:16,109 --> 00:43:14,210

the microfilm or you go to fold three

1091

00:43:18,970 --> 00:43:16,119

you can look at virtually the entire

1092

00:43:22,630 --> 00:43:18,980

Socorro official Socorro case I'm not

1093

00:43:24,520 --> 00:43:22,640

sure that the fold three has every piece

1094

00:43:26,470 --> 00:43:24,530

of the information it's it's it's in the

1095

00:43:28,450 --> 00:43:26,480

project Bluebook files on the

1096

00:43:30,550 --> 00:43:28,460

microphones and I happen to have that

1097

00:43:32,349 --> 00:43:30,560

microfilm or at least I had it until I

1098

00:43:34,390 --> 00:43:32,359

loaned it to van Maas I probably got a

1099

00:43:38,500 --> 00:43:34,400

Sindhi been boss and emails he sent me

1100

00:43:42,010 --> 00:43:38,510

my microphone back you guy but what

1101  
00:43:43,480 --> 00:43:42,020  
Morano had told me was that one of the

1102  
00:43:45,069 --> 00:43:43,490  
things that they did because these

1103  
00:43:46,450 --> 00:43:45,079  
things weren't the files weren't

1104  
00:43:48,640 --> 00:43:46,460  
classified if you go through the file

1105  
00:43:50,440 --> 00:43:48,650  
you see very few cases marked with any

1106  
00:43:52,290 --> 00:43:50,450  
kind of classification on it so they're

1107  
00:43:57,069 --> 00:43:52,300  
pretty much opened to the public and by

1108  
00:43:58,450 --> 00:43:57,079  
1964 or 1967 when Morano was there they

1109  
00:43:59,559 --> 00:43:58,460  
would get calls from reporters and

1110  
00:44:00,880 --> 00:43:59,569  
reporters would come in and they'd talk

1111  
00:44:04,599 --> 00:44:00,890  
to them what they had done was put

1112  
00:44:08,170 --> 00:44:04,609  
together sort of briefing packages on

1113  
00:44:10,540 --> 00:44:08,180

various cases and what Morano had had

1114

00:44:12,040 --> 00:44:10,550

saved it had been in the desk drawers

1115

00:44:13,540 --> 00:44:12,050

what he would he told me was this was

1116

00:44:15,280 --> 00:44:13,550

these were files on the desk roars that

1117

00:44:17,800 --> 00:44:15,290

others had been created and he'd helped

1118

00:44:20,230 --> 00:44:17,810

create and they were using to brief the

1119

00:44:22,299 --> 00:44:20,240

the reporters and people like that who

1120

00:44:23,769 --> 00:44:22,309

came came through Project Blue Book

1121

00:44:25,779 --> 00:44:23,779

and these files were gonna be thrown

1122

00:44:27,009 --> 00:44:25,789

away he thought they should be saved he

1123

00:44:31,239 --> 00:44:27,019

thought maybe he would do something with

1124

00:44:32,799 --> 00:44:31,249

later he was going to read him and

1125

00:44:36,819 --> 00:44:32,809

reveal me never did which is why he gave

1126

00:44:38,949 --> 00:44:36,829

everything to Rob Mercer but a lot of

1127

00:44:41,949 --> 00:44:38,959

the stuff is the same the the point

1128

00:44:44,410 --> 00:44:41,959

where it really diverges is the shape of

1129

00:44:46,179 --> 00:44:44,420

the symbol that Lonnie Zamora saw in the

1130

00:44:48,130 --> 00:44:46,189

official files it's what I called the

1131

00:44:49,689 --> 00:44:48,140

umbrella symbol and it was an arc with

1132

00:44:51,549 --> 00:44:49,699

sort of an arrowhead underneath it with

1133

00:44:56,079 --> 00:44:51,559

a line down and Allah and then a

1134

00:45:01,749 --> 00:44:56,089

horizontal line across the bottom in the

1135

00:45:04,749 --> 00:45:01,759

file that Morano saved gave me Bob

1136

00:45:07,150 --> 00:45:04,759

Mercer or a Rob Mercer it was an

1137

00:45:09,999 --> 00:45:07,160

inverted V with three lines through it

1138

00:45:12,640 --> 00:45:10,009

and I know that Ben moss and Tony Angela

1139

00:45:18,449 --> 00:45:12,650

I think that's the real symbol I think

1140

00:45:21,429 --> 00:45:18,459

based on the way that information was

1141

00:45:23,410 --> 00:45:21,439

preserved is this was a description of

1142

00:45:26,769 --> 00:45:23,420

the symbol as it appeared in the

1143

00:45:28,719 --> 00:45:26,779

newspapers the bad one they gave out to

1144

00:45:31,900 --> 00:45:28,729

satisfy the press as opposed to the good

1145

00:45:35,229 --> 00:45:31,910

one that that Lonnie Zamora saw and I

1146

00:45:37,630 --> 00:45:35,239

know Bannon and Tony and I disagree on

1147

00:45:39,459 --> 00:45:37,640

that and it's one of those things where

1148

00:45:42,339 --> 00:45:39,469

we have to agree to disagree what I look

1149

00:45:45,370 --> 00:45:42,349

at is Lonnie said in the moments after

1150

00:45:47,259 --> 00:45:45,380

the craft took off before Chavez showed

1151  
00:45:49,839 --> 00:45:47,269  
up he drew the symbol on a scrap of

1152  
00:45:51,489 --> 00:45:49,849  
paper and the sign at Lonnie Zamora that

1153  
00:45:52,229 --> 00:45:51,499  
scrap of the paper was in the project

1154  
00:45:54,699 --> 00:45:52,239  
Bluebook files

1155  
00:45:56,259 --> 00:45:54,709  
Lonnie later on that evening drew the

1156  
00:45:57,429 --> 00:45:56,269  
craft would it look like in the landing

1157  
00:45:59,589 --> 00:45:57,439  
gear and all of that stuff I mean the

1158  
00:46:02,019 --> 00:45:59,599  
really crude drawings you know just made

1159  
00:46:05,769 --> 00:46:02,029  
me an oval with lines down kind of

1160  
00:46:07,979 --> 00:46:05,779  
showing the landing gear but he also

1161  
00:46:10,870 --> 00:46:07,989  
drew the symbol on it and he signed that

1162  
00:46:13,569 --> 00:46:10,880  
every one of the reports in there from

1163  
00:46:16,660 --> 00:46:13,579

whether it's from Connor or Holden or

1164

00:46:18,969 --> 00:46:16,670

whomever that has a ility of

1165

00:46:21,729 --> 00:46:18,979

illustration of the symbol all have the

1166

00:46:24,279 --> 00:46:21,739

umbrella symbol in it which to me

1167

00:46:27,009 --> 00:46:24,289

suggests that's the correct symbol and

1168

00:46:29,799 --> 00:46:27,019

the inverted V with the three lines

1169

00:46:33,429 --> 00:46:29,809

through it is the symbol they gave out

1170

00:46:35,859 --> 00:46:33,439

even ray Stanford in in writing to dick

1171

00:46:37,450 --> 00:46:35,869

Hall in May of 1964 in a letter to

1172

00:46:39,099 --> 00:46:37,460

him says that's the correct symbol and

1173

00:46:40,660 --> 00:46:39,109

if you see the inverted D with with the

1174

00:46:44,430 --> 00:46:40,670

three line so that's the wrong one in

1175

00:46:47,289 --> 00:46:44,440

his book and and here you go ray the

1176  
00:46:48,009 --> 00:46:47,299  
Socorro saucer and a pentagram Pentagon

1177  
00:46:49,630 --> 00:46:48,019  
pantry

1178  
00:46:53,349 --> 00:46:49,640  
there you go ray I plugged your book

1179  
00:46:55,170 --> 00:46:53,359  
again for you has it reversed has it the

1180  
00:46:57,609 --> 00:46:55,180  
the umbrella symbol being the wrong one

1181  
00:47:00,549 --> 00:46:57,619  
so we've got that we've got that it

1182  
00:47:02,620 --> 00:47:00,559  
looks to me like the cards in the

1183  
00:47:06,069 --> 00:47:02,630  
unofficial file the one that Carmen

1184  
00:47:08,829 --> 00:47:06,079  
Murano saved was based on newspaper

1185  
00:47:10,630 --> 00:47:08,839  
reports and and there's two cards and I

1186  
00:47:12,910 --> 00:47:10,640  
think they're both basically the same

1187  
00:47:14,470 --> 00:47:12,920  
and one of them is kind of a sloppily

1188  
00:47:16,809 --> 00:47:14,480

written card and the other one is a much

1189

00:47:21,660 --> 00:47:16,819

neater card to preserve the information

1190

00:47:23,559 --> 00:47:21,670

but officially it seems that the

1191

00:47:25,029 --> 00:47:23,569

documentation suggests it's the

1192

00:47:28,200 --> 00:47:25,039

umbrellas symbol is the official symbol

1193

00:47:31,480 --> 00:47:28,210

and is that a really important point

1194

00:47:33,849 --> 00:47:31,490

fifty years later not really has either

1195

00:47:35,890 --> 00:47:33,859

symbol showing up on another craft well

1196

00:47:37,779 --> 00:47:35,900

not really there's some things that have

1197

00:47:40,299 --> 00:47:37,789

shown up that are sort of similar but

1198

00:47:44,499 --> 00:47:40,309

not the same sort of thing so you know

1199

00:47:46,450 --> 00:47:44,509

it's a point of debate what I'm not sure

1200

00:47:47,380 --> 00:47:46,460

it's an important point of debate it's

1201

00:47:51,609 --> 00:47:47,390

just kind of one of those interesting

1202

00:47:54,039 --> 00:47:51,619

things can we solve this riddle in 2017

1203

00:47:57,819 --> 00:47:54,049

as opposed to what was going on in 1964

1204

00:48:00,430 --> 00:47:57,829

yeah well you know I'll just invite ray

1205

00:48:01,900 --> 00:48:00,440

ray if you are listening in you do you

1206

00:48:04,930 --> 00:48:01,910

don't have to call him but if you wanted

1207

00:48:07,329 --> 00:48:04,940

to call in feel free to call an invoice

1208

00:48:12,400 --> 00:48:07,339

your opinion of the symbol now one of

1209

00:48:14,890 --> 00:48:12,410

the questions about the symbol is and I

1210

00:48:18,630 --> 00:48:14,900

know the reason they asked Lonnie to

1211

00:48:20,710 --> 00:48:18,640

change it was you know for copycat

1212

00:48:22,960 --> 00:48:20,720

situations so someone could actually

1213

00:48:24,160 --> 00:48:22,970

identify it if they did see it but why

1214

00:48:26,410 --> 00:48:24,170

didn't they just plain-old

1215

00:48:29,410 --> 00:48:26,420

tell him not to talk about the symbol

1216

00:48:30,700 --> 00:48:29,420

they did oh they did they told they told

1217

00:48:32,979 --> 00:48:30,710

him not to talk about it I don't know

1218

00:48:35,049 --> 00:48:32,989

who invented the the the fake symbol

1219

00:48:37,150 --> 00:48:35,059

whichever one is fake I don't know who

1220

00:48:38,650 --> 00:48:37,160

invented it well if it was the Umbrella

1221

00:48:40,229 --> 00:48:38,660

symbol Lonnie's invented it because he

1222

00:48:42,549 --> 00:48:40,239

signed that thing a number of times

1223

00:48:44,359 --> 00:48:42,559

including the thing he drew that very

1224

00:48:46,249 --> 00:48:44,369

night as the thing took off

1225

00:48:48,859 --> 00:48:46,259

I don't know who invented the the

1226

00:48:50,150 --> 00:48:48,869

inverted V with the three lines I don't

1227

00:48:51,319 --> 00:48:50,160

know invented it but that was the one

1228

00:48:53,479 --> 00:48:51,329

that was put out and it appears in

1229

00:48:56,499 --> 00:48:53,489

newspapers around the country the Lorenz

1230

00:49:00,200 --> 00:48:56,509

ins in the April

1231

00:49:04,099 --> 00:49:00,210

that's our April not the May 1964 April

1232

00:49:07,219 --> 00:49:04,109

bulletins have the inverted have the

1233

00:49:09,229 --> 00:49:07,229

umbrella symbol in it so that's thing we

1234

00:49:11,930 --> 00:49:09,239

got out and that's the symbol that Rick

1235

00:49:14,299 --> 00:49:11,940

Baca put on the illustration that he'd

1236

00:49:17,359 --> 00:49:14,309

made he he didn't put it put the symbol

1237

00:49:19,190 --> 00:49:17,369

on it and when the illustration was

1238

00:49:22,759 --> 00:49:19,200

shown to the salt Lonnie Zamora back in

1239

00:49:25,009 --> 00:49:22,769

1964 he had it drawn on there I think

1240

00:49:26,779 --> 00:49:25,019

Rick Bacchus fact father actually drew

1241

00:49:28,249 --> 00:49:26,789

it on wrote Lonnie was sitting there

1242

00:49:30,079 --> 00:49:28,259

telling him what it's supposed to look

1243

00:49:31,849 --> 00:49:30,089

like if you see the illustration from

1244

00:49:33,200 --> 00:49:31,859

the newspaper the symbols not there if

1245

00:49:35,630 --> 00:49:33,210

you look at the illustration from the

1246

00:49:39,559 --> 00:49:35,640

Apple Bulletin the symbol is there I

1247

00:49:41,329 --> 00:49:39,569

have seen nothing in the official record

1248

00:49:44,089 --> 00:49:41,339

to suggest the inverted V with the

1249

00:49:45,739 --> 00:49:44,099

exception of a letter in the fish'll

1250

00:49:48,709 --> 00:49:45,749

project Bluebook files written by Hynek

1251  
00:49:50,539 --> 00:49:48,719  
in September of 1964 and he's got an

1252  
00:49:52,910 --> 00:49:50,549  
inverted V he's got a line over the top

1253  
00:49:55,880 --> 00:49:52,920  
of it meaning above the apex of the V

1254  
00:49:59,509 --> 00:49:55,890  
and he's got two lines between the legs

1255  
00:50:02,660 --> 00:49:59,519  
of the V so it's not really the inverted

1256  
00:50:04,339 --> 00:50:02,670  
V with the three lines through it it's a

1257  
00:50:06,170 --> 00:50:04,349  
representation of it and it's probably

1258  
00:50:08,509 --> 00:50:06,180  
what Hynek remembered somebody telling

1259  
00:50:12,859 --> 00:50:08,519  
him about there's also another document

1260  
00:50:18,859 --> 00:50:12,869  
that I got my hands on and Hynek was

1261  
00:50:20,959 --> 00:50:18,869  
being interviewed by I think Jenny's

1262  
00:50:23,809 --> 00:50:20,969  
Eichmann think of Johnny Zeidman

1263  
00:50:25,099 --> 00:50:23,819

who was who was part of the Center for

1264

00:50:28,549 --> 00:50:25,109

UFO studies and that sort of thing but

1265

00:50:32,359 --> 00:50:28,559

back in in 1964 putting together a

1266

00:50:34,489 --> 00:50:32,369

document about the symbols and both

1267

00:50:36,170 --> 00:50:34,499

symbols are in that document but the way

1268

00:50:37,969 --> 00:50:36,180

the document is set up and the way the

1269

00:50:40,400 --> 00:50:37,979

things are written it it seemed to

1270

00:50:42,589 --> 00:50:40,410

indicate Hynek was advocating the the

1271

00:50:44,630 --> 00:50:42,599

umbrella symbol as opposed to the

1272

00:50:47,029 --> 00:50:44,640

inverted V in that but both symbols are

1273

00:50:48,650 --> 00:50:47,039

in his illustration are in his in the

1274

00:50:50,209 --> 00:50:48,660

document and one says it's what was

1275

00:50:54,709 --> 00:50:50,219

published in the newspaper so I think

1276

00:50:57,109 --> 00:50:54,719

Hynek in May talked about it that way in

1277

00:50:57,309 --> 00:50:57,119

September he got confused about the way

1278

00:51:17,799 --> 00:50:57,319

the

1279

00:51:19,660 --> 00:51:17,809

believe probably won't be seen by any

1280

00:51:21,729 --> 00:51:19,670

civilians and by the time civilians see

1281

00:51:23,769 --> 00:51:21,739

it it's not going to matter anymore so

1282

00:51:25,449 --> 00:51:23,779

there's no sense in them putting in the

1283

00:51:27,400 --> 00:51:25,459

inaccurate symbol that seems to me that

1284

00:51:30,489 --> 00:51:27,410

anybody who was putting a symbol into

1285

00:51:33,219 --> 00:51:30,499

their reports back to their higher

1286

00:51:35,469 --> 00:51:33,229

headquarters or back to project Bluebook

1287

00:51:37,689 --> 00:51:35,479

would have put the symbol as lonnie

1288

00:51:38,019 --> 00:51:37,699

described it in it and like I said in

1289

00:51:42,789 --> 00:51:38,029

Lonnie

1290

00:51:44,589 --> 00:51:42,799

little scrap of papers that he took that

1291

00:51:47,019 --> 00:51:44,599

that was in the project blue profiles

1292

00:51:51,099 --> 00:51:47,029

and he signed the illustrations that he

1293

00:51:53,620 --> 00:51:51,109

made for holder and burns on the night

1294

00:51:55,739 --> 00:51:53,630

of the event yeah I don't want to get

1295

00:51:58,599 --> 00:51:55,749

boring in case that guy's listening but

1296

00:52:03,819 --> 00:51:58,609

the she's not gonna listen anymore

1297

00:52:08,170 --> 00:52:03,829

because we're making fun of it well now

1298

00:52:10,660 --> 00:52:08,180

symbols our symbols are common I mean

1299

00:52:13,390 --> 00:52:10,670

you I can only think of a handful or

1300

00:52:15,069 --> 00:52:13,400

maybe the of one other craft that people

1301  
00:52:20,859 --> 00:52:15,079  
mentioned that there was a symbol or

1302  
00:52:22,539 --> 00:52:20,869  
symbols on but a new research if you go

1303  
00:52:24,339 --> 00:52:22,549  
back to Roswell there are symbols from

1304  
00:52:25,449 --> 00:52:24,349  
the i-beam that just right Marcel saw

1305  
00:52:27,189 --> 00:52:25,459  
but that would have been inside the

1306  
00:52:29,439 --> 00:52:27,199  
craft not not something outside the

1307  
00:52:31,029 --> 00:52:29,449  
craft you look at Kecksburg you've got

1308  
00:52:34,150 --> 00:52:31,039  
symbols on the outside of the craft

1309  
00:52:35,739 --> 00:52:34,160  
there you've got the uomo hoax but

1310  
00:52:38,009 --> 00:52:35,749  
there's a symbol on the craft there but

1311  
00:52:41,579 --> 00:52:38,019  
it's a hoax so it's kind of irrelevant

1312  
00:52:46,900 --> 00:52:41,589  
we have other samples of alien writing

1313  
00:52:48,910 --> 00:52:46,910

Rendlesham forest well I was I I don't

1314

00:52:50,709 --> 00:52:48,920

remember if there's symbols on the craft

1315

00:52:54,089 --> 00:52:50,719

or it's something that came about later

1316

00:52:57,759 --> 00:52:54,099

no no the well Tennyson claimed he saw

1317

00:53:00,219 --> 00:52:57,769

sort of you know like Egyptian

1318

00:53:01,809 --> 00:53:00,229

hieroglyphics on the right I think but I

1319

00:53:04,180 --> 00:53:01,819

don't think he talked about that until

1320

00:53:06,039 --> 00:53:04,190

years after the sighting okay okay

1321

00:53:07,930 --> 00:53:06,049

which is not to say it's on inaccurate

1322

00:53:09,370 --> 00:53:07,940

it's just that he didn't talk about it I

1323

00:53:12,370 --> 00:53:09,380

was thinking

1324

00:53:14,380 --> 00:53:12,380

George George Reeves yeah Superman Wow

1325

00:53:19,690 --> 00:53:14,390

that's good one by the way just so you

1326  
00:53:22,930 --> 00:53:19,700  
know Superman is an illegal alien the

1327  
00:53:24,880 --> 00:53:22,940  
guy Reeves from Brooksville ok

1328  
00:53:26,110 --> 00:53:24,890  
supposedly saw it and took trips to

1329  
00:53:27,430 --> 00:53:26,120  
Venus and all that stuff he didn't

1330  
00:53:28,750 --> 00:53:27,440  
explain that why the ship didn't melt

1331  
00:53:29,320 --> 00:53:28,760  
when he got to Venus but that's another

1332  
00:53:34,560 --> 00:53:29,330  
argument

1333  
00:53:37,720 --> 00:53:34,570  
oh he he presented the Air Force two

1334  
00:53:39,370 --> 00:53:37,730  
bits of paper with with symbols on it

1335  
00:53:42,310 --> 00:53:39,380  
strange writing supposedly Venusian

1336  
00:53:44,280 --> 00:53:42,320  
writing I guess and the Air Force kind

1337  
00:53:46,210 --> 00:53:44,290  
of bungled the investigation there

1338  
00:53:49,210 --> 00:53:46,220

probably because they didn't believe him

1339

00:53:51,760 --> 00:53:49,220

seeing the object on the ground but

1340

00:53:53,110 --> 00:53:51,770

there were symbols there they were

1341

00:53:57,220 --> 00:53:53,120

things and things like that there's not

1342

00:53:59,110 --> 00:53:57,230

a lot of there there two women and in

1343

00:54:00,640 --> 00:53:59,120

Texas who told Project Blue Book they'd

1344

00:54:03,220 --> 00:54:00,650

seen a UFO and they know it wasn't a UFO

1345

00:54:05,440 --> 00:54:03,230

because it said UFO on the sides perfect

1346

00:54:06,700 --> 00:54:05,450

yeah I think thinking that's probably

1347

00:54:10,030 --> 00:54:06,710

but but but you're right there's a

1348

00:54:11,680 --> 00:54:10,040

handful of sightings where there's some

1349

00:54:13,210 --> 00:54:11,690

kind of symbology on the craft and

1350

00:54:16,030 --> 00:54:13,220

there's another handful of sightings

1351  
00:54:17,350 --> 00:54:16,040  
where we see symbols and for Michael I

1352  
00:54:19,810 --> 00:54:17,360  
don't know why reviewing all this

1353  
00:54:22,270 --> 00:54:19,820  
attention in the abduction phenomenon

1354  
00:54:24,760 --> 00:54:22,280  
there's any number of cases where people

1355  
00:54:25,750 --> 00:54:24,770  
saw symbols not on necessarily on the

1356  
00:54:30,150 --> 00:54:25,760  
outside of the craft

1357  
00:54:33,220 --> 00:54:30,160  
yes Boas villas-boas from Brazil who is

1358  
00:54:36,760 --> 00:54:33,230  
the first one the first abduction to

1359  
00:54:39,300 --> 00:54:36,770  
have been reported in in UFO literature

1360  
00:54:41,230 --> 00:54:39,310  
I think saw symbols inside the craft

1361  
00:54:43,480 --> 00:54:41,240  
when he was there and I think other

1362  
00:54:46,300 --> 00:54:43,490  
other abductees have talked about that

1363  
00:54:48,010 --> 00:54:46,310

sort of thing but symbology on the

1364

00:54:51,130 --> 00:54:48,020

outside we don't see it we don't see a

1365

00:54:54,120 --> 00:54:51,140

lot of that now there is you know there

1366

00:54:57,910 --> 00:54:54,130

is a school of thought that this was a

1367

00:55:00,370 --> 00:54:57,920

military experimental you know I'm sure

1368

00:55:03,220 --> 00:55:00,380

you've heard all that and I'm wondering

1369

00:55:04,480 --> 00:55:03,230

if that's what also when someone's

1370

00:55:07,780 --> 00:55:04,490

trying to debunk it they say yeah that

1371

00:55:12,220 --> 00:55:07,790

was you know that was a military private

1372

00:55:15,730 --> 00:55:12,230

company emblem there has been nobody

1373

00:55:18,700 --> 00:55:15,740

filed has found the exact emblem yet and

1374

00:55:20,080 --> 00:55:18,710

once again quintanilla was in New Mexico

1375

00:55:22,000 --> 00:55:20,090

looking at that and he had authorization

1376

00:55:23,170 --> 00:55:22,010

to look at the look into the black

1377

00:55:25,620 --> 00:55:23,180

projects

1378

00:55:30,040 --> 00:55:25,630

and had that explanation been available

1379

00:55:31,630 --> 00:55:30,050

he could have of expressed that in the

1380

00:55:35,020 --> 00:55:31,640

Bluebook files he could have created a

1381

00:55:38,020 --> 00:55:35,030

secret document with that with the

1382

00:55:39,760 --> 00:55:38,030

explanation on it to be filed with the

1383

00:55:40,810 --> 00:55:39,770

other classified materials with Blue

1384

00:55:42,400 --> 00:55:40,820

Book and there was some classified

1385

00:55:43,690 --> 00:55:42,410

materials that were part of Luba because

1386

00:55:45,550 --> 00:55:43,700

you go back and you look at the files

1387

00:55:47,980 --> 00:55:45,560

you can see where they classified and

1388

00:55:50,670 --> 00:55:47,990

they've downgraded them over the years

1389

00:55:53,470 --> 00:55:50,680

from from secret to confidential to

1390

00:55:55,150 --> 00:55:53,480

unclassified so there were classified

1391

00:55:56,950 --> 00:55:55,160

documents in the project Bluebook files

1392

00:55:59,140 --> 00:55:56,960

and so they had to keep keep track of

1393

00:56:02,260 --> 00:55:59,150

those classified materials so had there

1394

00:56:04,240 --> 00:56:02,270

been anything like that went Anela would

1395

00:56:07,900 --> 00:56:04,250

have known it in quintanilla would have

1396

00:56:11,520 --> 00:56:07,910

created a file on on that sort of thing

1397

00:56:13,780 --> 00:56:11,530

and when he wrote his memoirs if he if

1398

00:56:16,240 --> 00:56:13,790

it was it was far enough into the future

1399

00:56:20,500 --> 00:56:16,250

that anything that he would have seen in

1400

00:56:23,590 --> 00:56:20,510

64 probably no longer secret I mean you

1401  
00:56:25,360 --> 00:56:23,600  
know that stuff becomes obsolete after a

1402  
00:56:27,130 --> 00:56:25,370  
while I mean how many things we'll be

1403  
00:56:29,050 --> 00:56:27,140  
testing in 1964 would still be

1404  
00:56:31,360 --> 00:56:29,060  
classified because our technology is so

1405  
00:56:34,330 --> 00:56:31,370  
far beyond there where it was in 1964

1406  
00:56:36,190 --> 00:56:34,340  
but even so he could have mentioned in

1407  
00:56:37,690 --> 00:56:36,200  
his memoirs while I was able to find a

1408  
00:56:39,760 --> 00:56:37,700  
solution I can't talk about it because

1409  
00:56:41,950 --> 00:56:39,770  
it was classified but he didn't do that

1410  
00:56:44,410 --> 00:56:41,960  
he said you know I could not answer the

1411  
00:56:46,600 --> 00:56:44,420  
case I could not answer it and in saying

1412  
00:56:49,360 --> 00:56:46,610  
I found the solution but it's classified

1413  
00:56:50,650 --> 00:56:49,370

is not a good solution but it's better

1414

00:56:53,980 --> 00:56:50,660  
than saying well I had to mark it

1415

00:56:56,080 --> 00:56:53,990  
unidentified so I don't think there's I

1416

00:56:59,290 --> 00:56:56,090  
don't think there's anything that it was

1417

00:57:02,470 --> 00:56:59,300  
in our inventory or going to be

1418

00:57:04,870 --> 00:57:02,480  
enjoining the inventory in 1964 that

1419

00:57:08,440 --> 00:57:04,880  
that would still be classified the

1420

00:57:11,170 --> 00:57:08,450  
closest we could find and I think

1421

00:57:13,540 --> 00:57:11,180  
there's a skeptic Society in New Mexico

1422

00:57:17,860 --> 00:57:13,550  
that looked at the illustration as

1423

00:57:19,240 --> 00:57:17,870  
created by Rick Baca and compared it to

1424

00:57:21,640 --> 00:57:19,250  
some of the testing with the lunar

1425

00:57:24,070 --> 00:57:21,650  
lander looks quite a bit alike what

1426

00:57:27,430 --> 00:57:24,080

Lonnie Zamora saw the problem is there

1427

00:57:29,440 --> 00:57:27,440

were no lunar landers in New Mexico that

1428

00:57:31,300 --> 00:57:29,450

could fly under their own power I think

1429

00:57:33,580 --> 00:57:31,310

that was being tested out on the west

1430

00:57:35,800 --> 00:57:33,590

coast there seems to be some of that

1431

00:57:39,820 --> 00:57:35,810

kind of stuff going on at

1432

00:57:43,360 --> 00:57:39,830

sans but the the länder part of it was

1433

00:57:47,410 --> 00:57:43,370

being lifted by helicopters and so I

1434

00:57:50,830 --> 00:57:47,420

can't see why Loni wouldn't have seen

1435

00:57:52,090 --> 00:57:50,840

the the helicopter yeah flying around

1436

00:57:54,100 --> 00:57:52,100

above it yeah

1437

00:57:59,040 --> 00:57:54,110

and there were a lot of people I know

1438

00:58:01,900 --> 00:57:59,050

Phil class was trying to do bus this so

1439

00:58:07,090 --> 00:58:01,910

then there was I can't remember his name

1440

00:58:10,030 --> 00:58:07,100

a professor at a mine engineering school

1441

00:58:12,040 --> 00:58:10,040

was saying that it was hoax created by

1442

00:58:15,280 --> 00:58:12,050

students but none of it makes any sense

1443

00:58:17,680 --> 00:58:15,290

although the hoax is the guy's name was

1444

00:58:19,600 --> 00:58:17,690

the guy's name was Colgate at the and

1445

00:58:21,520 --> 00:58:19,610

I'd always treated in New Mexico School

1446

00:58:23,380 --> 00:58:21,530

of Mines or whatever it is in Socorro

1447

00:58:24,640 --> 00:58:23,390

and they probably going to hate me

1448

00:58:29,230 --> 00:58:24,650

because I can never remember the name of

1449

00:58:31,990 --> 00:58:29,240

their school but he he said it was a

1450

00:58:33,970 --> 00:58:32,000

hoax he said under Linus Pauling and I

1451  
00:58:35,860 --> 00:58:33,980  
know Tony big alia who looked at that

1452  
00:58:38,280 --> 00:58:35,870  
well yeah I cover all of this The Hulk

1453  
00:58:40,510 --> 00:58:38,290  
scenarios in in the book at length

1454  
00:58:42,790 --> 00:58:40,520  
Tony Bengali was very impressed with

1455  
00:58:44,080 --> 00:58:42,800  
that because he is Linus Pauling and I'm

1456  
00:58:45,790 --> 00:58:44,090  
thinking yeah it's a letter to Pauling

1457  
00:58:47,200 --> 00:58:45,800  
so the fact Pauling's involved is

1458  
00:58:50,500 --> 00:58:47,210  
completely and totally irrelevant

1459  
00:58:52,890 --> 00:58:50,510  
Colgate said it was a student hoax but

1460  
00:58:55,150 --> 00:58:52,900  
we really don't have any information the

1461  
00:58:56,320 --> 00:58:55,160  
president of the university called a it

1462  
00:58:57,730 --> 00:58:56,330  
was the president of the University took

1463  
00:59:01,870 --> 00:58:57,740

over for the guy who was there in April

1464

00:59:03,310 --> 00:59:01,880

1964 whom Hynek knew and Hynek went and

1465

00:59:05,530 --> 00:59:03,320

talked to him about this and had a bit

1466

00:59:09,570 --> 00:59:05,540

of student hoax I am pretty certain that

1467

00:59:12,130 --> 00:59:09,580

the guy would said yeah you know Alan

1468

00:59:16,270 --> 00:59:12,140

it's probably a hoax done by our

1469

00:59:18,070 --> 00:59:16,280

students but that didn't come up and I

1470

00:59:20,850 --> 00:59:18,080

think it heineken letters to Donald

1471

00:59:23,080 --> 00:59:20,860

Menzel the great debunker at Harvard

1472

00:59:24,760 --> 00:59:23,090

told him that he could find no evidence

1473

00:59:27,400 --> 00:59:24,770

of a hoax and he looked for evidence of

1474

00:59:29,320 --> 00:59:27,410

a hoax menzo was of the opinion it was a

1475

00:59:31,720 --> 00:59:29,330

hoax class was of the opinion was a

1476

00:59:36,030 --> 00:59:31,730

whole class originally said that it was

1477

00:59:38,200 --> 00:59:36,040

a conspiracy house get a conspiracy gone

1478

00:59:40,360 --> 00:59:38,210

everybody missed the relevance to that

1479

00:59:42,760 --> 00:59:40,370

didn't they it's this the debunkers now

1480

00:59:45,070 --> 00:59:42,770

who are engaging in the conspiracy not

1481

00:59:47,260 --> 00:59:45,080

us but well go we'll go on from there

1482

00:59:49,690 --> 00:59:47,270

anyway our class said it was conspiracy

1483

00:59:51,520 --> 00:59:49,700

between the mayor of Socorro and

1484

00:59:53,950 --> 00:59:51,530

Tamura and the idea was that the mayor

1485

00:59:56,260 --> 00:59:53,960

owned the land where the thing landed

1486

00:59:58,570 --> 00:59:56,270

and what he was going to do is create a

1487

01:00:01,030 --> 00:59:58,580

tourist attraction so his worthless

1488

01:00:03,190 --> 01:00:01,040

scrubland on the outskirts of Socorro

1489

01:00:06,670 --> 01:00:03,200

would become worth money and maybe build

1490

01:00:08,290 --> 01:00:06,680

a hotel or put up a hotdog stand or

1491

01:00:11,440 --> 01:00:08,300

something so tourists would come to see

1492

01:00:12,910 --> 01:00:11,450

the place where the UFO had landed but

1493

01:00:15,100 --> 01:00:12,920

the problem with that is the mayor

1494

01:00:21,010 --> 01:00:15,110

didn't own the land in 1964 never did

1495

01:00:23,910 --> 01:00:21,020

own the land and and the thing that

1496

01:00:27,190 --> 01:00:23,920

bothers me about that and that kind of

1497

01:00:29,080 --> 01:00:27,200

is something that I fight with my blog

1498

01:00:31,270 --> 01:00:29,090

postings I do called chasing footnotes

1499

01:00:32,470 --> 01:00:31,280

is you read somebody's book and they say

1500

01:00:34,510 --> 01:00:32,480

well I got this information from

1501

01:00:36,220 --> 01:00:34,520

so-and-so or they put it in a footnote

1502

01:00:38,290 --> 01:00:36,230

and I go to the footnote and he got it

1503

01:00:40,060 --> 01:00:38,300

from somebody else and I go to the next

1504

01:00:42,670 --> 01:00:40,070

place and the next place to try to find

1505

01:00:45,460 --> 01:00:42,680

the original source of it and and any

1506

01:00:47,530 --> 01:00:45,470

number of writers most skeptical and and

1507

01:00:49,540 --> 01:00:47,540

believers and I think of Jerry Clark you

1508

01:00:51,490 --> 01:00:49,550

know on that I mean a very Clark and

1509

01:00:53,410 --> 01:00:51,500

very careful researcher wrote that the

1510

01:00:54,730 --> 01:00:53,420

man the mayor own the land according to

1511

01:00:57,700 --> 01:00:54,740

fill class well it turns out it's not

1512

01:00:58,990 --> 01:00:57,710

true somebody in Socorro must have told

1513

01:01:00,460 --> 01:00:59,000

class that because I can't think of

1514

01:01:03,520 --> 01:01:00,470

class making that up

1515

01:01:05,920 --> 01:01:03,530

a year after the sighting a year after

1516

01:01:07,180 --> 01:01:05,930

the sighting the City Council in Socorro

1517

01:01:09,010 --> 01:01:07,190

thought well maybe we should make this

1518

01:01:11,470 --> 01:01:09,020

into a tourist attraction and get people

1519

01:01:13,390 --> 01:01:11,480

to stop here overnight and go out and

1520

01:01:15,550 --> 01:01:13,400

look at what a UFO land and we'll put up

1521

01:01:18,160 --> 01:01:15,560

a little money but they never did it the

1522

01:01:20,170 --> 01:01:18,170

real point is they thought of it a year

1523

01:01:22,330 --> 01:01:20,180

later it wasn't something that came

1524

01:01:24,280 --> 01:01:22,340

about he we got this UFO landing let's

1525

01:01:25,450 --> 01:01:24,290

build a tourist attraction it was a year

1526

01:01:28,180 --> 01:01:25,460

later said well maybe we can do

1527

01:01:28,660 --> 01:01:28,190

something with this so that that fell

1528

01:01:31,420 --> 01:01:28,670

apart

1529

01:01:36,520 --> 01:01:31,430

Tony big alia and Tony and I disagree

1530

01:01:38,830 --> 01:01:36,530

with that what he said or on his hoax

1531

01:01:41,250 --> 01:01:38,840

theory but as I say you know I gave Tony

1532

01:01:43,180 --> 01:01:41,260

I didn't give Tony I in in the book

1533

01:01:44,530 --> 01:01:43,190

encounters in the desert for those of

1534

01:01:47,380 --> 01:01:44,540

you and please go out and buy it you can

1535

01:01:50,500 --> 01:01:47,390

get it on Amazon right now and look this

1536

01:01:51,070 --> 01:01:50,510

stuff up and put a nice review up all

1537

01:01:56,110 --> 01:01:51,080

your at it

1538

01:01:58,840 --> 01:01:56,120

that's my plug for the book but but I

1539

01:02:00,970 --> 01:01:58,850

talked to Tony about this at length and

1540

01:02:03,099 --> 01:02:00,980

put Tony's

1541

01:02:06,339 --> 01:02:03,109

opinions in the book but also point out

1542

01:02:08,829 --> 01:02:06,349

the problems with the idea that it was a

1543

01:02:10,210 --> 01:02:08,839

was a student hoax one of which is there

1544

01:02:13,060 --> 01:02:10,220

was no evidence on the scene of the

1545

01:02:15,400 --> 01:02:13,070

student to hoax how did they get out of

1546

01:02:16,750 --> 01:02:15,410

the area without Lani Xing seeing them

1547

01:02:19,120 --> 01:02:16,760

because they had to get rid of the thing

1548

01:02:20,829 --> 01:02:19,130

because it landed Lani said it took off

1549

01:02:23,589 --> 01:02:20,839

of work so where were the students how

1550

01:02:26,109 --> 01:02:23,599

did they get out of the area and why was

1551  
01:02:29,010 --> 01:02:26,119  
there no evidence from their vehicles in

1552  
01:02:32,109 --> 01:02:29,020  
the area or their footprints in the area

1553  
01:02:34,060 --> 01:02:32,119  
there just really was nothing there to

1554  
01:02:34,780 --> 01:02:34,070  
suggest that anybody was participating

1555  
01:02:37,349 --> 01:02:34,790  
in a hoax

1556  
01:02:40,870 --> 01:02:37,359  
am I getting this confused with another

1557  
01:02:43,480 --> 01:02:40,880  
sighting as far as a purported hoax

1558  
01:02:46,450 --> 01:02:43,490  
about a movie screen or was that also

1559  
01:02:48,370 --> 01:02:46,460  
Sakura no that's that's a coral that's

1560  
01:02:51,460 --> 01:02:48,380  
somewhere else yeah that's somewhere

1561  
01:02:53,859 --> 01:02:51,470  
else yep so yeah those are all those are

1562  
01:02:56,140 --> 01:02:53,869  
all questions now we're going in to the

1563  
01:02:58,030 --> 01:02:56,150

second hour with Kevin Randall if anyone

1564

01:03:01,569 --> 01:02:58,040

who would like to call in the phone

1565

01:03:04,359 --> 01:03:01,579

number is six oh three nine six seven

1566

01:03:06,130 --> 01:03:04,369

four OH three oh and we're going to be

1567

01:03:08,290 --> 01:03:06,140

talking about the Socorro case so if you

1568

01:03:10,839 --> 01:03:08,300

have any questions or comments about the

1569

01:03:13,329 --> 01:03:10,849

Socorro case please keep it to that if

1570

01:03:16,990 --> 01:03:13,339

you're calling in again that's six oh

1571

01:03:19,660 --> 01:03:17,000

three nine six seven four OH three oh

1572

01:03:22,870 --> 01:03:19,670

and I'll start to look at the questions

1573

01:03:26,920 --> 01:03:22,880

in the chat room as they come up so what

1574

01:03:28,210 --> 01:03:26,930

about as time goes on do you think as I

1575

01:03:30,190 --> 01:03:28,220

mentioned in the beginning we have a

1576

01:03:32,339 --> 01:03:30,200

call we have a call coming in right now

1577

01:03:38,160 --> 01:03:32,349

already all right yes

1578

01:03:43,839 --> 01:03:38,170

I think it is right is it ray hello

1579

01:03:46,540 --> 01:03:43,849

hello hello hey is it ray Stanford yes

1580

01:03:48,550 --> 01:03:46,550

it is raised answer how long I said that

1581

01:03:50,740 --> 01:03:48,560

before I said that before he even

1582

01:03:57,309 --> 01:03:50,750

answered the phone hi ray hey he's

1583

01:04:01,000 --> 01:03:57,319

psychic or psycho one of the two okay so

1584

01:04:03,010 --> 01:04:01,010

ray what do you have for oh yeah I

1585

01:04:05,109 --> 01:04:03,020

wanted to wait till after them the

1586

01:04:07,420 --> 01:04:05,119

second hour that you said in the patio

1587

01:04:09,940 --> 01:04:07,430

like calls in this in the second hour I

1588

01:04:14,180 --> 01:04:09,950

wanted to comment on several things the

1589

01:04:16,640 --> 01:04:14,190

first place I don't find at all that

1590

01:04:20,600 --> 01:04:16,650

Kevin's interpretation of the notes that

1591

01:04:23,240 --> 01:04:20,610

a Mercer revealed that had had purchased

1592

01:04:25,160 --> 01:04:23,250

it that these were from things out the

1593

01:04:27,260 --> 01:04:25,170

newspaper it's impossible

1594

01:04:29,330 --> 01:04:27,270

the reason is those let's take the note

1595

01:04:32,720 --> 01:04:29,340

the first place there's one of the notes

1596

01:04:37,340 --> 01:04:32,730

that is hastily written and then it's

1597

01:04:40,610 --> 01:04:37,350

been rewritten in nice neat printing and

1598

01:04:42,110 --> 01:04:40,620

let me tell you what's in that note now

1599

01:04:44,570 --> 01:04:42,120

that the bottom of that note where it's

1600

01:04:48,050 --> 01:04:44,580

neatly printed it is written

1601  
01:04:51,590 --> 01:04:48,060  
one two three four lines below dr. Hynek

1602  
01:04:54,740 --> 01:04:51,600  
called at 2:00 at 23:05 they'd be 11:05

1603  
01:04:57,920 --> 01:04:54,750  
in the night last night on his way to

1604  
01:05:00,110 --> 01:04:57,930  
Chicago okay let's look at the content

1605  
01:05:02,600 --> 01:05:00,120  
of the note above it says sergeant

1606  
01:05:06,050 --> 01:05:02,610  
Chavez says that the Sakura policeman

1607  
01:05:09,200 --> 01:05:06,060  
had told him that the sighting had red

1608  
01:05:11,390 --> 01:05:09,210  
markings on his silver side now this is

1609  
01:05:13,970 --> 01:05:11,400  
very important Chavez said the officer

1610  
01:05:16,850 --> 01:05:13,980  
told him that the design was an inverted

1611  
01:05:19,280 --> 01:05:16,860  
V with three crossings on it but that

1612  
01:05:22,400 --> 01:05:19,290  
the Air Force had told him not to

1613  
01:05:24,100 --> 01:05:22,410

discuss the markings well this could not

1614

01:05:27,560 --> 01:05:24,110

have come out of the paper because

1615

01:05:29,450 --> 01:05:27,570

Chavez did not and would not talk to the

1616

01:05:32,300 --> 01:05:29,460

papers or to anyone in the media about

1617

01:05:33,670 --> 01:05:32,310

this I did want to collect correct a

1618

01:05:36,350 --> 01:05:33,680

statement that I think was merely a Mis

1619

01:05:38,330 --> 01:05:36,360

statement that Kevin I don't think you

1620

01:05:40,670 --> 01:05:38,340

intended to say it that way but you said

1621

01:05:42,800 --> 01:05:40,680

something that indicated that that's the

1622

01:05:45,680 --> 01:05:42,810

more also along with Chavez believe this

1623

01:05:50,690 --> 01:05:45,690

was a black project correct no he never

1624

01:05:53,690 --> 01:05:50,700

did and Chavez did for sure but Chavez

1625

01:05:56,750 --> 01:05:53,700

would not talk to anybody about this

1626

01:05:59,090 --> 01:05:56,760

thing except that people that were

1627

01:06:02,090 --> 01:05:59,100

officially there from the government he

1628

01:06:04,730 --> 01:06:02,100

talked to Hynek this is in my opinion

1629

01:06:08,470 --> 01:06:04,740

clearly and refers to that the call from

1630

01:06:12,440 --> 01:06:08,480

Hynek a handwritten note on hynix

1631

01:06:14,870 --> 01:06:12,450

statements on the telephone when we have

1632

01:06:18,290 --> 01:06:14,880

Shalvis talking about what the similar

1633

01:06:21,770 --> 01:06:18,300

side impossible the man never ever would

1634

01:06:23,740 --> 01:06:21,780

have done this and I know this a lot of

1635

01:06:27,480 --> 01:06:23,750

personal encounters with Sam Chavez and

1636

01:06:30,990 --> 01:06:27,490

so it had to have come from

1637

01:06:32,760 --> 01:06:31,000

Hynek the only person in fact I believe

1638

01:06:36,960 --> 01:06:32,770

who Shalvis would have talked to at all

1639

01:06:39,059 --> 01:06:36,970

about this at that time period was was

1640

01:06:42,000 --> 01:06:39,069

Hynek himself and Shalvis talked to

1641

01:06:45,599 --> 01:06:42,010

Hynek even before he talked to Simona

1642

01:06:49,620 --> 01:06:45,609

and by the way no ivory I arrived in

1643

01:06:51,480 --> 01:06:49,630

cigar on Monday night and and then it

1644

01:06:55,410 --> 01:06:51,490

was Tuesday that I was at the site with

1645

01:06:57,960 --> 01:06:55,420

Shalvis let me correct that too I had

1646

01:06:59,460 --> 01:06:57,970

gone I was gonna say ray that I was

1647

01:07:04,170 --> 01:06:59,470

trying to remember exactly when you had

1648

01:07:06,089 --> 01:07:04,180

arrived in in Socorro so wow yeah that

1649

01:07:09,420 --> 01:07:06,099

that's not a problem there okay okay

1650

01:07:11,250 --> 01:07:09,430

well it is from the standpoint of how

1651

01:07:13,140 --> 01:07:11,260

fresh the site was when we got anyway

1652

01:07:18,150 --> 01:07:13,150

was Monday which was it was on Friday

1653

01:07:21,170 --> 01:07:18,160

night but in any case regarding the

1654

01:07:23,940 --> 01:07:21,180

question of the height of the arguments

1655

01:07:25,620 --> 01:07:23,950

there was one thing by the way I want to

1656

01:07:29,579 --> 01:07:25,630

tell people I recommend they read your

1657

01:07:30,930 --> 01:07:29,589

book I I really do because I think

1658

01:07:32,250 --> 01:07:30,940

there's some very good and important

1659

01:07:36,089 --> 01:07:32,260

things pointed out including all is

1660

01:07:41,120 --> 01:07:36,099

material about the the notes that that

1661

01:07:43,440 --> 01:07:41,130

were obtained from Mercer that had been

1662

01:07:45,990 --> 01:07:43,450

thankfully but but not officially in the

1663

01:07:48,780 --> 01:07:46,000

file list and the National Archive but

1664

01:07:50,370 --> 01:07:48,790

there are I wish in a way that we'd had

1665

01:07:52,440 --> 01:07:50,380

a chance to sit down before you with the

1666

01:07:55,319 --> 01:07:52,450

book and go over some things for me as I

1667

01:07:56,910 --> 01:07:55,329

think we that more things could have

1668

01:08:01,079 --> 01:07:56,920

been after the one thing that did bother

1669

01:08:04,020 --> 01:08:01,089

me and it's right on page 21 and it you

1670

01:08:08,069 --> 01:08:04,030

state that the Morris said that he saw

1671

01:08:11,010 --> 01:08:08,079

people and and he never used the term

1672

01:08:15,630 --> 01:08:11,020

people I caught that and it was

1673

01:08:17,220 --> 01:08:15,640

interesting I he kind of well opened up

1674

01:08:19,499 --> 01:08:17,230

on this let's say a hundred and twenty

1675

01:08:23,610 --> 01:08:19,509

four days later when I returned from

1676

01:08:26,729 --> 01:08:23,620

that episode back in at the headquarters

1677

01:08:28,650 --> 01:08:26,739

of the National had noise and pigments

1678

01:08:30,450 --> 01:08:28,660

not the headquarter story but but the

1679

01:08:32,309 --> 01:08:30,460

the Goddard Space Flight Center and we

1680

01:08:33,870 --> 01:08:32,319

came back to there to talk to Lonnie

1681

01:08:36,419 --> 01:08:33,880

tell him what had happened back there

1682

01:08:40,979 --> 01:08:36,429

about the metallic evidence and Lonnie

1683

01:08:43,259 --> 01:08:40,989

kind of opened up and he indicated that

1684

01:08:45,930 --> 01:08:43,269

that it had bothered him the small size

1685

01:08:47,729 --> 01:08:45,940

now when we talk a small size you not

1686

01:08:49,620 --> 01:08:47,739

only refer to him as papal which people

1687

01:08:51,089 --> 01:08:49,630

which is inaccurate because the more I

1688

01:08:53,729 --> 01:08:51,099

never said it he was careful to say

1689

01:08:55,589 --> 01:08:53,739

figures but him another thing important

1690

01:09:00,390 --> 01:08:55,599

is that you mentioned that that he said

1691

01:09:04,259 --> 01:09:00,400

10 to 12 feet he did not he years old

1692

01:09:06,239 --> 01:09:04,269

oh I'm sorry 12 minute yes 10 to 12

1693

01:09:09,329 --> 01:09:06,249

years old thanks Pete would make them

1694

01:09:10,640 --> 01:09:09,339

giants right yeah sure would he didn't

1695

01:09:13,200 --> 01:09:10,650

definitely describe them but he said

1696

01:09:16,309 --> 01:09:13,210

what he actually said and here's how it

1697

01:09:18,569 --> 01:09:16,319

happened we were standing the site and

1698

01:09:20,399 --> 01:09:18,579

honey was standing there just three

1699

01:09:22,319 --> 01:09:20,409

people made Zamora was about the same

1700

01:09:24,209 --> 01:09:22,329

distance away from me and there was a

1701

01:09:26,309 --> 01:09:24,219

Kris or Bush to our left that's the

1702

01:09:29,309 --> 01:09:26,319

crystal bush it was beside the northwest

1703

01:09:31,739 --> 01:09:29,319

landing gear imprint and when I asked

1704

01:09:35,279 --> 01:09:31,749

some more about ohana cast one of us

1705

01:09:38,910 --> 01:09:35,289

asked him about the figures that he had

1706

01:09:41,910 --> 01:09:38,920

just mentioned he said and he was very

1707

01:09:44,700 --> 01:09:41,920

clear on this he reached out and touched

1708

01:09:47,489 --> 01:09:44,710

a limb that was sticking out started to

1709

01:09:49,649 --> 01:09:47,499

the north to the the southeast off the

1710

01:09:51,569 --> 01:09:49,659

Kris out Bush and it stuck out

1711

01:09:54,689 --> 01:09:51,579

distinctly from the others he put his

1712

01:09:58,049 --> 01:09:54,699

hand on it and he said I know that the

1713

01:10:02,790 --> 01:09:58,059

head of the one figure came just below

1714

01:10:05,600 --> 01:10:02,800

this limb he said so it was it looked

1715

01:10:08,339 --> 01:10:05,610

about the size of a ten year old kid and

1716

01:10:10,739 --> 01:10:08,349

he didn't say to Everly said ten and

1717

01:10:15,209 --> 01:10:10,749

when you took I went out afterwards and

1718

01:10:18,779 --> 01:10:15,219

measured the height of that and indeed

1719

01:10:20,970 --> 01:10:18,789

he was quite accurate it could not he

1720

01:10:23,310 --> 01:10:20,980

could not have been this size of any

1721

01:10:25,410 --> 01:10:23,320

typical to ever oh I mean this was about

1722

01:10:30,029 --> 01:10:25,420

the size of a fairly small ten-year-old

1723

01:10:32,390 --> 01:10:30,039

kid and so I think we ought to consider

1724

01:10:35,160 --> 01:10:32,400

that because the more had then said I

1725

01:10:38,220 --> 01:10:35,170

wonder and 24 days later when Rebecca

1726

01:10:40,979 --> 01:10:38,230

and Sakura that that he had been

1727

01:10:44,549 --> 01:10:40,989

troubled by the smallness and then he

1728

01:10:47,910 --> 01:10:44,559

went into the the thing that when the

1729

01:10:50,810 --> 01:10:47,920

the FBI agent burns barns have everyone

1730

01:10:53,370 --> 01:10:50,820

to pronounce it had suggested he not

1731

01:10:54,960 --> 01:10:53,380

described this and and you could be

1732

01:10:56,910 --> 01:10:54,970

right about the motivation but I have

1733

01:10:58,470 --> 01:10:56,920

different interpretation yes you felt

1734

01:11:01,440 --> 01:10:58,480

and this it could be right that he

1735

01:11:04,800 --> 01:11:01,450

didn't want to make let Lani make

1736

01:11:08,370 --> 01:11:04,810

himself look silly but the the truth

1737

01:11:11,690 --> 01:11:08,380

matter is that Lani felt differently he

1738

01:11:16,230 --> 01:11:11,700

said at that time that he was concerned

1739

01:11:20,250 --> 01:11:16,240

when he said it to him that it's almost

1740

01:11:22,860 --> 01:11:20,260

as if his saying that might devote

1741

01:11:24,930 --> 01:11:22,870

something that maybe somebody in the

1742

01:11:29,520 --> 01:11:24,940

government didn't want him talking about

1743

01:11:32,670 --> 01:11:29,530

and so he left me with the impression

1744

01:11:35,340 --> 01:11:32,680

that this had stuck in his mind and it

1745

01:11:38,910 --> 01:11:35,350

could be explained why he never used the

1746

01:11:41,880 --> 01:11:38,920

term people but figures this could

1747

01:11:43,560 --> 01:11:41,890

indicate good objectivity let me

1748

01:11:44,760 --> 01:11:43,570

interrupt because there's a couple of

1749

01:11:46,290 --> 01:11:44,770

points here that I think think may be

1750

01:11:49,070 --> 01:11:46,300

crucial is number one the little runs

1751

01:11:52,140 --> 01:11:49,080

ins talked to him on talked to burns and

1752

01:11:54,540 --> 01:11:52,150

holder on Sunday and in their

1753

01:11:57,810 --> 01:11:54,550

conversation with the two of them it was

1754

01:12:00,620 --> 01:11:57,820

Burns who told the lorenz ins that he

1755

01:12:04,530 --> 01:12:00,630

had suggested not talking about the the

1756

01:12:06,420 --> 01:12:04,540

people because of of the reaction of it

1757

01:12:08,220 --> 01:12:06,430

but the interesting thing is he would

1758

01:12:09,900 --> 01:12:08,230

not describe the symbol to them directly

1759

01:12:11,160 --> 01:12:09,910

but he would describe the people to him

1760

01:12:13,230 --> 01:12:11,170

because choral said bought stories

1761

01:12:15,540 --> 01:12:13,240

already in the newspaper I have a report

1762

01:12:22,050 --> 01:12:15,550

here from from the United States Air

1763

01:12:25,950 --> 01:12:22,060

Force written on May 13th and he says at

1764

01:12:30,480 --> 01:12:25,960

that at this point at this point he saw

1765

01:12:32,250 --> 01:12:30,490

two people in white coveralls were you

1766

01:12:34,560 --> 01:12:32,260

reading from I'm reading from a project

1767

01:12:35,790 --> 01:12:34,570

Bluebook file okay well that is not

1768

01:12:37,530 --> 01:12:35,800

active this is not an accurate

1769

01:12:41,340 --> 01:12:37,540

transcription of what Zamora said

1770

01:12:42,840 --> 01:12:41,350

because he I am sir I don't care if it's

1771

01:12:48,030 --> 01:12:42,850

in the blue but that was written

1772

01:12:53,010 --> 01:12:48,040

probably by holder right no I think it

1773

01:12:54,300 --> 01:12:53,020

was written by Moody I think was well

1774

01:12:55,350 --> 01:12:54,310

even then that makes it even more

1775

01:12:57,360 --> 01:12:55,360

suspicious

1776

01:12:59,010 --> 01:12:57,370

that the term people would be thrown in

1777

01:13:03,000 --> 01:12:59,020

there if Moody wrote it Moody was

1778

01:13:06,420 --> 01:13:03,010

rapidly I know well yes you're right

1779

01:13:08,340 --> 01:13:06,430

moody was rapidly anti so sir and right

1780

01:13:10,290 --> 01:13:08,350

if we could get out of

1781

01:13:12,240 --> 01:13:10,300

you can get out of a place to happen and

1782

01:13:13,920 --> 01:13:12,250

you see this conventionalized is it but

1783

01:13:15,390 --> 01:13:13,930

by doing in the term people people will

1784

01:13:17,910 --> 01:13:15,400

not notice that it wasn't what some more

1785

01:13:19,980 --> 01:13:17,920

I said but what moody said and that then

1786

01:13:22,440 --> 01:13:19,990

throws it into the realm of well he must

1787

01:13:23,970 --> 01:13:22,450

have seen something terrestrial but

1788

01:13:25,020 --> 01:13:23,980

there's there something else about this

1789

01:13:27,120 --> 01:13:25,030

case and I don't know why it's not

1790

01:13:30,060 --> 01:13:27,130

mentioned in your books but I have been

1791

01:13:31,500 --> 01:13:30,070

able to find and this is not mentioned

1792

01:13:35,600 --> 01:13:31,510

in the blue pipe island this makes me

1793

01:13:38,550 --> 01:13:35,610

suspicious that the blue book file is is

1794

01:13:42,600 --> 01:13:38,560

let's say it's tilted in a direction

1795

01:13:45,060 --> 01:13:42,610

that might make people not take this as

1796

01:13:46,860 --> 01:13:45,070

being something extraordinary let me let

1797

01:13:49,830 --> 01:13:46,870

me get this why is the following not

1798

01:13:52,860 --> 01:13:49,840

described when we walked up from down in

1799

01:13:57,330 --> 01:13:52,870

the ravine at the landing site Hynek and

1800

01:14:02,820 --> 01:13:57,340

myself and Zamora and Chavez on Tuesday

1801

01:14:04,500 --> 01:14:02,830

they I think 29th of April Zamora had

1802

01:14:06,210 --> 01:14:04,510

been brought out there in sergeant

1803

01:14:09,680 --> 01:14:06,220

Chavez car it wasn't his written police

1804

01:14:12,510 --> 01:14:09,690

car but Hynek asked him to reenact

1805

01:14:13,950 --> 01:14:12,520

because he had parked the car Chavez

1806

01:14:17,940 --> 01:14:13,960

said he parked words amor told him he

1807

01:14:19,770 --> 01:14:17,950

parked his car he asked him to then go

1808

01:14:22,560 --> 01:14:19,780

through the whole thing from the moment

1809

01:14:25,050 --> 01:14:22,570

he was in the car and Shalvis I'm sorry

1810

01:14:27,960 --> 01:14:25,060

similar I'm opens door sat down in the

1811

01:14:31,380 --> 01:14:27,970

seat went through the thing with the the

1812

01:14:35,040 --> 01:14:31,390

radio device and then he stepped out and

1813

01:14:36,810 --> 01:14:35,050

he they took a few steps you can read my

1814

01:14:38,460 --> 01:14:36,820

book how many of the work he stepped

1815

01:14:41,040 --> 01:14:38,470

down to the ravine and it's this point

1816

01:14:43,290 --> 01:14:41,050

that is and he was very close to the

1817

01:14:46,380 --> 01:14:43,300

object this is when the terrible roar

1818

01:14:48,960 --> 01:14:46,390

and flame began and he thought it as you

1819

01:14:50,700 --> 01:14:48,970

said might be an explosion but here's

1820

01:14:52,410 --> 01:14:50,710

the part that's that I sort I know is

1821

01:14:54,570 --> 01:14:52,420

not your book it's not in the blue book

1822

01:14:56,670 --> 01:14:54,580

file but it was there and Hynek was

1823

01:14:58,560 --> 01:14:56,680

there and witnesses he threw himself

1824

01:15:00,570 --> 01:14:58,570

this is before he bumped into the back

1825

01:15:02,880 --> 01:15:00,580

the car lost his glasses he had his

1826

01:15:04,950 --> 01:15:02,890

glasses on he said he and he used the

1827

01:15:07,200 --> 01:15:04,960

word prone position he threw himself in

1828

01:15:09,960 --> 01:15:07,210

the prone position he showed us exactly

1829

01:15:11,970 --> 01:15:09,970

how he did it in my book the position of

1830

01:15:13,650 --> 01:15:11,980

the body is exactly where Zamora through

1831

01:15:16,470 --> 01:15:13,660

his body and demonstrating this to me

1832

01:15:20,580 --> 01:15:16,480

and Hynek after Lani got up Alan said

1833

01:15:22,300 --> 01:15:20,590

ray would you please take pace it off

1834

01:15:23,890 --> 01:15:22,310

down there to the middle of work

1835

01:15:26,440 --> 01:15:23,900

the burn was beside the burned bush

1836

01:15:27,160 --> 01:15:26,450

would you please paste that off and I

1837

01:15:32,350 --> 01:15:27,170

paste it off

1838

01:15:35,920 --> 01:15:32,360

and it was about 35 feet he was that

1839

01:15:37,570 --> 01:15:35,930

close interestingly in the Bluebook file

1840

01:15:40,270 --> 01:15:37,580

even though Hynek was supposedly there

1841

01:15:42,940 --> 01:15:40,280

their investigator there on this case

1842

01:15:45,970 --> 01:15:42,950

there is no mention of this fact

1843

01:15:49,660 --> 01:15:45,980

in other words Zamora got within 35 feet

1844

01:15:51,760 --> 01:15:49,670

of this device whatever was and I think

1845

01:15:54,220 --> 01:15:51,770

that's quite important and he did in

1846

01:15:56,470 --> 01:15:54,230

fact all the time have his glasses on so

1847

01:15:59,310 --> 01:15:56,480

for what is worth that is missing from

1848

01:16:03,610 --> 01:15:59,320

the Bluebook file and I don't find it

1849

01:16:05,110 --> 01:16:03,620

and I find it also suspicious that in

1850

01:16:07,600 --> 01:16:05,120

the blue before I went to the rigid

1851  
01:16:09,040 --> 01:16:07,610  
archive and because I had been involved

1852  
01:16:10,570 --> 01:16:09,050  
to the side has proven by the

1853  
01:16:13,240 --> 01:16:10,580  
photographs in the public file of me

1854  
01:16:16,630 --> 01:16:13,250  
there that was showed me besides Chavez

1855  
01:16:18,970 --> 01:16:16,640  
and and similar taken by honey they they

1856  
01:16:24,730 --> 01:16:18,980  
canceled on this for 45 minutes and then

1857  
01:16:27,400 --> 01:16:24,740  
told told me and that in James Fox that

1858  
01:16:30,700 --> 01:16:27,410  
we could have access to what people

1859  
01:16:33,040 --> 01:16:30,710  
don't normally see they see there

1860  
01:16:35,610 --> 01:16:33,050  
there's a microfiche kind of a film

1861  
01:16:38,260 --> 01:16:35,620  
thing as you know but there's also bad

1862  
01:16:40,720 --> 01:16:38,270  
black-and-white copies too that you can

1863  
01:16:42,610 --> 01:16:40,730

get we got to see every single document

1864

01:16:45,130 --> 01:16:42,620

was original including the burn paper

1865

01:16:47,920 --> 01:16:45,140

said Hynek and and I had helped him

1866

01:16:50,440 --> 01:16:47,930

collect and label and it was like I was

1867

01:16:52,980 --> 01:16:50,450

working in to back sixty years ago or

1868

01:16:55,720 --> 01:16:52,990

nearly well 58 to 59 years ago then and

1869

01:17:00,220 --> 01:16:55,730

but but here's the thing

1870

01:17:02,440 --> 01:17:00,230

it when we when we see this this file

1871

01:17:03,790 --> 01:17:02,450

and we look at the drawing that was

1872

01:17:06,730 --> 01:17:03,800

supposedly and you referred to it as

1873

01:17:09,600 --> 01:17:06,740

having been made by Zamora right after

1874

01:17:13,330 --> 01:17:09,610

the event as Chavez had just arrived I

1875

01:17:17,110 --> 01:17:13,340

don't find it credible I have good color

1876

01:17:19,660 --> 01:17:17,120

picture high-resolution taken that we

1877

01:17:21,940 --> 01:17:19,670

took there of that file and I have the

1878

01:17:24,070 --> 01:17:21,950

back side of it now if you look at that

1879

01:17:27,460 --> 01:17:24,080

file it bothered me immediately that

1880

01:17:28,930 --> 01:17:27,470

picture what you're seeing is a parabola

1881

01:17:30,790 --> 01:17:28,940

I'd have to analyze it is either a

1882

01:17:33,700 --> 01:17:30,800

parabola or hyperbola

1883

01:17:35,649 --> 01:17:33,710

it is neatly drawn in a way that was not

1884

01:17:37,300 --> 01:17:35,659

at all characteristics of

1885

01:17:39,189 --> 01:17:37,310

any of the drawings you see in the blue

1886

01:17:40,510 --> 01:17:39,199

blouse are in the drawing that Zamora

1887

01:17:44,590 --> 01:17:40,520

made to me with the Umbrella thing

1888

01:17:47,200 --> 01:17:44,600

claiming it was what he saw and it is a

1889

01:17:49,450 --> 01:17:47,210

different hand a person with a different

1890

01:17:52,270 --> 01:17:49,460

kind of mindset that could draw this

1891

01:17:56,320 --> 01:17:52,280

parabola and my personal opinion is that

1892

01:17:59,080 --> 01:17:56,330

it was that it was holder that drew this

1893

01:18:02,490 --> 01:17:59,090

he was a very intelligent man but when

1894

01:18:06,010 --> 01:18:02,500

he went into it became a pharmacist

1895

01:18:08,379 --> 01:18:06,020

after he was retired from the Army and I

1896

01:18:10,600 --> 01:18:08,389

believe the holder drew it and that he

1897

01:18:12,790 --> 01:18:10,610

was the type of person that had the kind

1898

01:18:15,689 --> 01:18:12,800

of mind that was had observant and could

1899

01:18:18,879 --> 01:18:15,699

make this kind of art the more never

1900

01:18:21,129 --> 01:18:18,889

replicated that and that song indicates

1901

01:18:22,629 --> 01:18:21,139

to me that he was not the author of that

1902

01:18:24,850 --> 01:18:22,639

particular thing though he signed it as

1903

01:18:28,990 --> 01:18:24,860

you said indeed he did on the back of it

1904

01:18:33,510 --> 01:18:29,000

we see two motifs choice questions nine

1905

01:18:36,459 --> 01:18:33,520

and ten and it is really quite strange

1906

01:18:38,229 --> 01:18:36,469

what what is there the questions one of

1907

01:18:42,879 --> 01:18:38,239

them you have to check whether the

1908

01:18:44,140 --> 01:18:42,889

answer is was a hippie and there's there

1909

01:18:46,629 --> 01:18:44,150

the first one is partly torn asunder

1910

01:18:49,689 --> 01:18:46,639

what and then or that it has Jewish and

1911

01:18:52,689 --> 01:18:49,699

somebody with multi colors has checked

1912

01:18:54,970 --> 01:18:52,699

and marked these answers with circles I

1913

01:18:57,129 --> 01:18:54,980

do not believe from what Anya but Lonnie

1914

01:18:59,110 --> 01:18:57,139

that this is anything that was pulled

1915

01:19:01,030 --> 01:18:59,120

out of the running of the Motors car but

1916

01:19:05,020 --> 01:19:01,040

it definitely impressed me as the kind

1917

01:19:07,810 --> 01:19:05,030

of thing that holder could have come up

1918

01:19:11,290 --> 01:19:07,820

with and keep in mind that his son

1919

01:19:12,939 --> 01:19:11,300

Richard holder Jr was here at the house

1920

01:19:15,220 --> 01:19:12,949

had lengthy talks with him and he

1921

01:19:16,959 --> 01:19:15,230

contacted me and told me ray

1922

01:19:21,040 --> 01:19:16,969

you know you were right there was a

1923

01:19:22,450 --> 01:19:21,050

cover-up now Richard was only he was

1924

01:19:24,040 --> 01:19:22,460

either six or nine years old I believe

1925

01:19:27,879 --> 01:19:24,050

at that time maybe even before but his

1926

01:19:29,470 --> 01:19:27,889

six or nine and he says he cannot

1927

01:19:31,450 --> 01:19:29,480

remember cannot find the drawings that

1928

01:19:33,100 --> 01:19:31,460

his dad made the real symbol but that

1929

01:19:37,180 --> 01:19:33,110

his dad told him it was definitely not

1930

01:19:39,490 --> 01:19:37,190

the Umbrella symbol I and he I have two

1931

01:19:42,520 --> 01:19:39,500

versions of it including a handwritten

1932

01:19:46,060 --> 01:19:42,530

and signed version testifying to that

1933

01:19:47,860 --> 01:19:46,070

permitter t Holder jr. I do not believe

1934

01:19:48,840 --> 01:19:47,870

that he made that up because his brother

1935

01:19:51,180 --> 01:19:48,850

also the

1936

01:19:54,420 --> 01:19:51,190

brother the other son of a richer holder

1937

01:19:55,380 --> 01:19:54,430

was here - okay hey ray so there it is

1938

01:19:57,300 --> 01:19:55,390

yeah

1939

01:19:59,220 --> 01:19:57,310

okay ray so we're gonna have I'm gonna

1940

01:20:03,210 --> 01:19:59,230

have to get back with Kevin but thanks

1941

01:20:05,010 --> 01:20:03,220

very much for you calling go ahead say

1942

01:20:06,440 --> 01:20:05,020

one thing I found I found another report

1943

01:20:09,450 --> 01:20:06,450

in the project Bluebook files were

1944

01:20:12,870 --> 01:20:09,460

Lonnie Zamora said and then I saw two

1945

01:20:14,580 --> 01:20:12,880

persons well this is that this is a

1946

01:20:16,230 --> 01:20:14,590

transcription of something someone said

1947

01:20:17,370 --> 01:20:16,240

it's no that's not to be mistaken for a

1948

01:20:19,920 --> 01:20:17,380

tape recording is it

1949

01:20:21,870 --> 01:20:19,930

well everything would be a transcription

1950

01:20:23,220 --> 01:20:21,880

of what they said no no it wouldn't

1951

01:20:25,350 --> 01:20:23,230

they're there they're just writing down

1952

01:20:26,250 --> 01:20:25,360

as they're talking to the man don't tell

1953

01:20:29,940 --> 01:20:26,260

me it's going to be a hundred percent

1954

01:20:33,000 --> 01:20:29,950

accurate because it wouldn't be it just

1955

01:20:37,950 --> 01:20:33,010

wouldn't happen that way so I we have to

1956

01:20:40,590 --> 01:20:37,960

go by I have recordings of Zamora and he

1957

01:20:42,960 --> 01:20:40,600

never used those terms in any view

1958

01:20:46,170 --> 01:20:42,970

interview I had with him so I leave it

1959

01:20:48,480 --> 01:20:46,180

at that and and let you go but I think

1960

01:20:53,580 --> 01:20:48,490

you're wrong so that's it thank you all

1961

01:20:56,640 --> 01:20:53,590

right ray you take care okay all right

1962

01:20:59,760 --> 01:20:56,650

Kevin so here we are back let me just

1963

01:21:00,600 --> 01:20:59,770

see also in the chat room if anyone has

1964

01:21:02,550 --> 01:21:00,610

any questions

1965

01:21:05,730 --> 01:21:02,560

well while you're looking at that let me

1966

01:21:08,850 --> 01:21:05,740

just say is I think the big argument

1967

01:21:12,630 --> 01:21:08,860

over the symbol really is kind of much

1968

01:21:14,250 --> 01:21:12,640

ado about nothing because it's the

1969

01:21:17,070 --> 01:21:14,260

symbol that they saw in the craft I

1970

01:21:19,710 --> 01:21:17,080

think that the documentation tells us

1971

01:21:21,060 --> 01:21:19,720

what the real symbol was and I don't

1972

01:21:23,460 --> 01:21:21,070

think ray and I are ever going home to

1973

01:21:24,390 --> 01:21:23,470

be on that point so I'll let it go with

1974

01:21:28,470 --> 01:21:24,400

I'll let it go at that

1975

01:21:31,830 --> 01:21:28,480

yeah yeah I had wondered at one time why

1976

01:21:33,840 --> 01:21:31,840

the symbol was you know actually more

1977

01:21:37,380 --> 01:21:33,850

seemed like more controversy than the

1978

01:21:38,940 --> 01:21:37,390

actual that the figures were you know

1979

01:21:41,310 --> 01:21:38,950

because I I thought that was a

1980

01:21:42,630 --> 01:21:41,320

controversial part of this story and you

1981

01:21:44,970 --> 01:21:42,640

know maybe it's kind of just morphed

1982

01:21:48,660 --> 01:21:44,980

into you know this whole thing about the

1983

01:21:51,570 --> 01:21:48,670

symbol but but it's it's it's an

1984

01:21:53,610 --> 01:21:51,580

extraordinary case and we can actually

1985

01:21:56,700 --> 01:21:53,620

move on and start talking about other

1986

01:22:00,180 --> 01:21:56,710

things but do you agree along with

1987

01:22:02,220 --> 01:22:00,190

myself that I think that I said earlier

1988

01:22:04,800 --> 01:22:02,230

that I do believe this is one of the

1989

01:22:06,990 --> 01:22:04,810

the best cases to youth is that one of

1990

01:22:09,780 --> 01:22:07,000

the inspirations if we had to have this

1991

01:22:11,010 --> 01:22:09,790

discussion a year ago I said no and I

1992

01:22:14,250 --> 01:22:11,020

would have said no because it's single

1993

01:22:16,950 --> 01:22:14,260

witness and as I did my investigation

1994

01:22:19,560 --> 01:22:16,960

and granted it's more than 50 years ago

1995

01:22:21,390 --> 01:22:19,570

half a century ago learning about all

1996

01:22:23,940 --> 01:22:21,400

the other witnesses who were kind of

1997

01:22:27,210 --> 01:22:23,950

ignored and kind of overlooked and kind

1998

01:22:28,650 --> 01:22:27,220

of pushed to the side it's become much

1999

01:22:30,840 --> 01:22:28,660

more than a single witness case and I

2000

01:22:32,220 --> 01:22:30,850

think it because it moves it up that

2001

01:22:34,650 --> 01:22:32,230

arena I think it's one of those cases

2002

01:22:36,930 --> 01:22:34,660

that you got to say this probably this

2003

01:22:38,970 --> 01:22:36,940

was either this was either alien

2004

01:22:42,060 --> 01:22:38,980

visitation or it was a hoax there's

2005

01:22:45,030 --> 01:22:42,070

really no in-between ground there right

2006

01:22:47,670 --> 01:22:45,040

and in the hoax as I just don't I don't

2007

01:22:49,130 --> 01:22:47,680

think so so I'm gonna ask people in the

2008

01:22:51,720 --> 01:22:49,140

chat room if you have any questions

2009

01:22:53,250 --> 01:22:51,730

about the Socorro case because we're

2010

01:22:55,830 --> 01:22:53,260

gonna move on to other things so if you

2011

01:22:59,880 --> 01:22:55,840

have any questions now is your time post

2012

01:23:01,830 --> 01:22:59,890

a question for Kevin so I'm I'm just

2013

01:23:05,190 --> 01:23:01,840

about out of questions for Socorro I

2014

01:23:08,760 --> 01:23:05,200

mean I think as time went on you know

2015

01:23:12,900 --> 01:23:08,770

Lonnie I think he was very distressed by

2016

01:23:15,270 --> 01:23:12,910

the whole situation and I think even I

2017

01:23:17,970 --> 01:23:15,280

don't know what the ridicule factor was

2018

01:23:20,760 --> 01:23:17,980

for Lonnie did you follow that all the

2019

01:23:23,400 --> 01:23:20,770

way through all I have all I can see is

2020

01:23:25,080 --> 01:23:23,410

the discussions that I've had my friend

2021

01:23:27,780 --> 01:23:25,090

my friend Bob Cornett being down there

2022

01:23:30,510 --> 01:23:27,790

it was seem that he was very distressed

2023

01:23:33,570 --> 01:23:30,520

and I got the impression by looking at

2024

01:23:36,420 --> 01:23:33,580

the documentation I got to see talking

2025

01:23:37,050 --> 01:23:36,430

to Paul Paul Hardin who talked to Lonnie

2026

01:23:39,210 --> 01:23:37,060

Zamora

2027

01:23:41,580 --> 01:23:39,220

he was very distressed by the way he was

2028

01:23:43,440 --> 01:23:41,590

treated about all of this and they did

2029

01:23:45,150 --> 01:23:43,450

kind of percolated through the entire

2030

01:23:46,590 --> 01:23:45,160

Police Department down there that they

2031

01:23:49,410 --> 01:23:46,600

saw how Lonnie was treated they didn't

2032

01:23:52,020 --> 01:23:49,420

want to have any part of that aspect of

2033

01:23:54,420 --> 01:23:52,030

it as well so I mean it's kind of the

2034

01:23:57,870 --> 01:23:54,430

what is being said about the whole thing

2035

01:23:59,729 --> 01:23:57,880

in today's environment right and I think

2036

01:24:01,440 --> 01:23:59,739

the other thing you know we we get too

2037

01:24:03,440 --> 01:24:01,450

hung up on the trivia well did he say

2038

01:24:05,100 --> 01:24:03,450

people or did he not say people the

2039

01:24:07,620 --> 01:24:05,110

documentation of project Bluebook

2040

01:24:09,960 --> 01:24:07,630

suggests that he didn't say use the word

2041

01:24:12,150 --> 01:24:09,970

people you know ray was saying well I

2042

01:24:13,860 --> 01:24:12,160

said 10 to 12 years old he said it was

2043

01:24:15,950 --> 01:24:13,870

you know really more of a 10 year old

2044

01:24:18,779 --> 01:24:15,960

kid

2045

01:24:21,870 --> 01:24:18,789

interesting interesting dichotomy there

2046

01:24:24,120 --> 01:24:21,880

but but the important point is he saw

2047

01:24:27,779 --> 01:24:24,130

humanoid creatures at the bottom of the

2048

01:24:29,399 --> 01:24:27,789

Arroyo and they were not fully grown

2049

01:24:32,549 --> 01:24:29,409

human type creatures so we've got to

2050

01:24:37,319 --> 01:24:32,559

take a look at it in the context of that

2051

01:24:39,240 --> 01:24:37,329

is the precise age of comparing it to

2052

01:24:41,189 --> 01:24:39,250

humans is that an important fact or is

2053

01:24:43,350 --> 01:24:41,199

it the important fact that he saw these

2054

01:24:45,689 --> 01:24:43,360

humanoid creatures down at the bottom of

2055

01:24:47,669 --> 01:24:45,699

the Arroyo and when we look at all of

2056

01:24:49,680 --> 01:24:47,679

the totality of the information I think

2057

01:24:52,439 --> 01:24:49,690

you know we've got the documentation

2058

01:24:54,029 --> 01:24:52,449

from 1964 whether it happens to be the

2059

01:24:55,350 --> 01:24:54,039

official project Bluebook file whether

2060

01:24:56,569 --> 01:24:55,360

it's the stuff that the Lorenz uns

2061

01:24:58,799 --> 01:24:56,579

published whether it's the stuff that

2062

01:25:00,299 --> 01:24:58,809

NICAP published whether it was stuff

2063

01:25:02,129 --> 01:25:00,309

published in the newspapers and a lot of

2064

01:25:03,990 --> 01:25:02,139

stuff was published in the newspapers in

2065

01:25:05,790 --> 01:25:04,000

fact I've got a newspaper clipping from

2066

01:25:07,859 --> 01:25:05,800

April 29th I think it's a San Antonio

2067

01:25:10,589 --> 01:25:07,869

newspaper and it's an Associated Press

2068

01:25:12,779 --> 01:25:10,599

story and it has the inverted V with the

2069

01:25:15,299 --> 01:25:12,789

three lines through it in the newspaper

2070

01:25:17,520 --> 01:25:15,309

story well I still haven't that was out

2071

01:25:21,839 --> 01:25:17,530

- all right we have another call coming

2072

01:25:24,509 --> 01:25:21,849

in here hello caller you're on the line

2073

01:25:25,890 --> 01:25:24,519

can I have your first caller you're on

2074

01:25:29,459 --> 01:25:25,900

the line can I have your first name and

2075

01:25:30,479 --> 01:25:29,469

where are you calling from South

2076

01:25:33,029 --> 01:25:30,489

Carolina Oh

2077

01:25:36,330 --> 01:25:33,039

Orion you've called a few times before

2078

01:25:38,160 --> 01:25:36,340

how are you yeah so do you have a we're

2079

01:25:40,529 --> 01:25:38,170

looking for questions about Sakura we're

2080

01:25:42,569 --> 01:25:40,539

going to change the subject pretty soon

2081

01:25:48,330 --> 01:25:42,579

here do you have questions for our guest

2082

01:25:50,189 --> 01:25:48,340

Kevin I had one one quick statement to

2083

01:25:57,000 --> 01:25:50,199

make with regard to Sakura and then a

2084

01:25:59,640 --> 01:25:57,010

question about Sakura before earlier

2085

01:26:01,500 --> 01:25:59,650

today rewatched there's been a lot of

2086

01:26:04,250 --> 01:26:01,510

discussion about this is my comment

2087

01:26:07,020 --> 01:26:04,260

there's been a lot of discussion about

2088

01:26:08,759 --> 01:26:07,030

what line is the more said he actually

2089

01:26:12,419 --> 01:26:08,769

saw earlier today I rewatched the

2090

01:26:14,540 --> 01:26:12,429

unsolved mysteries episode that had does

2091

01:26:17,100 --> 01:26:14,550

a more a case on it and Zamora was

2092

01:26:20,459 --> 01:26:17,110

directly interviewed for this episode

2093

01:26:23,220 --> 01:26:20,469

and he used the word figures now his

2094

01:26:26,459 --> 01:26:23,230

character played by an actor used the

2095

01:26:28,500 --> 01:26:26,469

word people little people so I don't I

2096

01:26:37,260 --> 01:26:28,510

don't know what you can do with that

2097

01:26:40,380 --> 01:26:37,270

that's my comment my question is a does

2098

01:26:45,660 --> 01:26:40,390

Kevin feel Kevin earlier seem to such

2099

01:26:47,310 --> 01:26:45,670

state that there's no pasaran or his

2100

01:26:49,530 --> 01:26:47,320

extraterrestrial and I just want to ask

2101  
01:26:51,540 --> 01:26:49,540  
why does he not feel it couldn't be some

2102  
01:26:54,720 --> 01:26:51,550  
something experimental you know some

2103  
01:26:56,850 --> 01:26:54,730  
people have said yeah one far-fetched

2104  
01:26:58,830 --> 01:26:56,860  
thing it could be the limb or something

2105  
01:26:59,970 --> 01:26:58,840  
like that what winners hit what are his

2106  
01:27:02,460 --> 01:26:59,980  
thoughts on it being something

2107  
01:27:04,229 --> 01:27:02,470  
experiment well I thought I thought I

2108  
01:27:09,330 --> 01:27:04,239  
talked about this before but you know a

2109  
01:27:11,460 --> 01:27:09,340  
fine fine question quintanilla who was

2110  
01:27:13,350 --> 01:27:11,470  
the chief of Project Blue Book was in

2111  
01:27:15,960 --> 01:27:13,360  
the area within days of well maybe not

2112  
01:27:17,729 --> 01:27:15,970  
days but but in the area with orders

2113  
01:27:20,070 --> 01:27:17,739

showing that he had a top-secret

2114

01:27:21,930 --> 01:27:20,080

clearance and that he was authorized to

2115

01:27:24,000 --> 01:27:21,940

see anything they were doing he looked

2116

01:27:26,850 --> 01:27:24,010

for a black project some kind of project

2117

01:27:28,200 --> 01:27:26,860

at Alamogordo Holloman Air Force Base

2118

01:27:29,610 --> 01:27:28,210

which was doing experimental things

2119

01:27:31,470 --> 01:27:29,620

inside and the White Sands Missile Range

2120

01:27:33,890 --> 01:27:31,480

he could find nothing to fit the

2121

01:27:37,610 --> 01:27:33,900

descriptions of what Lonnie Zamora said

2122

01:27:40,950 --> 01:27:37,620

we kind of talked about the New Mexico

2123

01:27:43,860 --> 01:27:40,960

skeptics not all that long ago a couple

2124

01:27:47,460 --> 01:27:43,870

years ago came up with a picture of part

2125

01:27:49,440 --> 01:27:47,470

of the lunar lander them look similar to

2126  
01:27:51,180 --> 01:27:49,450  
what Lonnie Zamora said but these things

2127  
01:27:53,970 --> 01:27:51,190  
weren't being tested in New Mexico at

2128  
01:27:55,710 --> 01:27:53,980  
the time meaning that the ones that were

2129  
01:27:57,390 --> 01:27:55,720  
they could fly by themselves weren't

2130  
01:28:00,030 --> 01:27:57,400  
being tested in New Mexico what they

2131  
01:28:01,620 --> 01:28:00,040  
were doing in New Mexico was testing it

2132  
01:28:04,710 --> 01:28:01,630  
using helicopters and that sort of thing

2133  
01:28:06,270 --> 01:28:04,720  
to see how it reacted to falling to the

2134  
01:28:08,010 --> 01:28:06,280  
ground and that sort of thing but

2135  
01:28:10,140 --> 01:28:08,020  
there's no documentation there's no

2136  
01:28:12,690 --> 01:28:10,150  
evidence to suggest that's what it what

2137  
01:28:14,280 --> 01:28:12,700  
it was so looking at the documentation

2138  
01:28:16,140 --> 01:28:14,290

looking at the testing that was going on

2139

01:28:17,280 --> 01:28:16,150

there is absolutely nothing that fits

2140

01:28:20,070 --> 01:28:17,290

into the description of what Lonnie

2141

01:28:23,430 --> 01:28:20,080

Zamora said as an experimental aircraft

2142

01:28:27,300 --> 01:28:23,440

at the time all right excellent well

2143

01:28:32,370 --> 01:28:27,310

thank you Ryan okay it just seems a

2144

01:28:35,250 --> 01:28:32,380

little go ahead yes it just seems a

2145

01:28:37,260 --> 01:28:35,260

little unlikely to me that and I just

2146

01:28:39,330 --> 01:28:37,270

just pure speculation it's not like they

2147

01:28:41,850 --> 01:28:39,340

would tell me and I would know but it

2148

01:28:42,270 --> 01:28:41,860

just seems kind of unlikely to meet an

2149

01:28:46,229 --> 01:28:42,280

alien

2150

01:28:48,470 --> 01:28:46,239

spacecraft would be taking off shooting

2151  
01:28:50,819 --> 01:28:48,480  
flames on the bottom of it I mean I just

2152  
01:28:52,049 --> 01:28:50,829  
I would I would agree with you but

2153  
01:28:56,459 --> 01:28:52,059  
there's another there's another problem

2154  
01:28:58,529 --> 01:28:56,469  
when they tested the samples from right

2155  
01:29:00,839 --> 01:28:58,539  
under where that flame was they found no

2156  
01:29:03,660 --> 01:29:00,849  
evidence of any kind of an accelerant

2157  
01:29:04,890 --> 01:29:03,670  
any kind of a chemical analysis any kind

2158  
01:29:07,979 --> 01:29:04,900  
of petrochemicals there that would

2159  
01:29:09,990 --> 01:29:07,989  
suggest that so the flame what whatever

2160  
01:29:12,330 --> 01:29:10,000  
it was left no residue behind it and

2161  
01:29:15,870 --> 01:29:12,340  
that's kind of a anomaly when you look

2162  
01:29:23,149 --> 01:29:15,880  
at this whole thing yeah right well

2163  
01:29:28,560 --> 01:29:26,220

all right all right thank you thanks for

2164

01:29:32,040 --> 01:29:28,570

taking my Co all right sure thing so we

2165

01:29:36,029 --> 01:29:32,050

have a question up on the chatroom Kevin

2166

01:29:38,700 --> 01:29:36,039

let me just get to it and you're still

2167

01:29:40,260 --> 01:29:38,710

there right Kevin I am here yeah I don't

2168

01:29:41,189 --> 01:29:40,270

know there you are in Skype okay very

2169

01:29:45,450 --> 01:29:41,199

good

2170

01:29:47,669 --> 01:29:45,460

I could call in if you'd like yeah so

2171

01:29:50,069 --> 01:29:47,679

someone wanted to know what is your your

2172

01:29:54,660 --> 01:29:50,079

best or your ultimate conclusion of

2173

01:29:57,720 --> 01:29:54,670

what's going on not just Socorro is this

2174

01:30:00,000 --> 01:29:57,730

a real physical phenomena and if so do

2175

01:30:01,890 --> 01:30:00,010

you think it's aliens that is the

2176

01:30:06,870 --> 01:30:01,900

question on the chat room in the chat

2177

01:30:09,330 --> 01:30:06,880

room I am said for ever in a week that I

2178

01:30:12,660 --> 01:30:09,340

believe there is alien visitation going

2179

01:30:14,100 --> 01:30:12,670

on but it's much more limited than we we

2180

01:30:16,529 --> 01:30:14,110

see in all the reports I don't think

2181

01:30:20,160 --> 01:30:16,539

it's nearly as widespread or as frequent

2182

01:30:22,890 --> 01:30:20,170

as as we think I think the most logical

2183

01:30:24,390 --> 01:30:22,900

answer for a number of cases Socorro

2184

01:30:29,609 --> 01:30:24,400

being one of them level and being

2185

01:30:32,760 --> 01:30:29,619

another is some kind of alien visitation

2186

01:30:34,529 --> 01:30:32,770

because the craft operate outside the

2187

01:30:39,569 --> 01:30:34,539

parameters of anything we would have had

2188

01:30:41,609 --> 01:30:39,579

in those time frames the some of the the

2189

01:30:42,779 --> 01:30:41,619

electromagnetic effects associated with

2190

01:30:44,310 --> 01:30:42,789

some of the sightings and here we go

2191

01:30:46,410 --> 01:30:44,320

back to level and installing the car

2192

01:30:49,169 --> 01:30:46,420

engines and that sort of thing is

2193

01:30:51,509 --> 01:30:49,179

suggestive of something beyond our

2194

01:30:53,729 --> 01:30:51,519

capability or outside our technology at

2195

01:30:55,770 --> 01:30:53,739

the time that was taking place so I

2196

01:30:57,420 --> 01:30:55,780

think that there is you know

2197

01:31:00,450 --> 01:30:57,430

there's some sort of alien visitation

2198

01:31:02,580 --> 01:31:00,460

there are other alternative explanations

2199

01:31:05,040 --> 01:31:02,590

that I don't think are as likely and one

2200

01:31:07,170 --> 01:31:05,050

of them would be time travel I think

2201

01:31:08,730 --> 01:31:07,180

that's a wonderfully fun theory to play

2202

01:31:11,160 --> 01:31:08,740

with that these are actually human

2203

01:31:14,460 --> 01:31:11,170

beings from our future coming back to

2204

01:31:18,330 --> 01:31:14,470

either see how things transpired in our

2205

01:31:21,060 --> 01:31:18,340

in our eras for their history books or

2206

01:31:22,500 --> 01:31:21,070

some other motivations for it there's a

2207

01:31:24,390 --> 01:31:22,510

possibility of some kind of

2208

01:31:25,740 --> 01:31:24,400

interdimensional thing going on that we

2209

01:31:28,140 --> 01:31:25,750

don't understand but all of those kind

2210

01:31:30,630 --> 01:31:28,150

of are in a physical physical realm is

2211

01:31:32,160 --> 01:31:30,640

there a psychological component to this

2212

01:31:33,720 --> 01:31:32,170

yeah I think there is in some of the

2213

01:31:36,030 --> 01:31:33,730

sightings there is a hika logical

2214

01:31:37,680 --> 01:31:36,040

component and one of the best examples I

2215

01:31:41,760 --> 01:31:37,690

have as a sighting that took place in

2216

01:31:44,640 --> 01:31:41,770

Mount Vernon Iowa 30 years ago where a

2217

01:31:46,590 --> 01:31:44,650

couple out at night saw what they

2218

01:31:50,310 --> 01:31:46,600

thought were lights landing in the woods

2219

01:31:53,010 --> 01:31:50,320

far beyond where they were and talking

2220

01:31:54,510 --> 01:31:53,020

to the mail in the days and weeks that

2221

01:31:57,000 --> 01:31:54,520

followed he just talked about these

2222

01:32:01,170 --> 01:31:57,010

lights seeming to come down the female

2223

01:32:03,210 --> 01:32:01,180

though talked as she talked about it the

2224

01:32:05,730 --> 01:32:03,220

the object grew until it became sort of

2225

01:32:07,830 --> 01:32:05,740

a disc-shaped object and eventually she

2226

01:32:10,650 --> 01:32:07,840

can see two figures inside this craft

2227

01:32:12,300 --> 01:32:10,660

this object I went out to the location

2228

01:32:13,800 --> 01:32:12,310

where they said they had seen the stuff

2229

01:32:15,660 --> 01:32:13,810

and I sat there at that about the same

2230

01:32:18,210 --> 01:32:15,670

time and the day that they had seen it

2231

01:32:20,010 --> 01:32:18,220

and I saw the same thing that they saw

2232

01:32:21,990 --> 01:32:20,020

the lights seemed to come down from the

2233

01:32:23,370 --> 01:32:22,000

sky and I realized exactly what they

2234

01:32:26,100 --> 01:32:23,380

were the landing lights of aircraft

2235

01:32:27,480 --> 01:32:26,110

going into the airport the plate the

2236

01:32:28,920 --> 01:32:27,490

police had checked out they said well

2237

01:32:30,360 --> 01:32:28,930

there were no landings at the time but

2238

01:32:32,670 --> 01:32:30,370

they they had checked with the airlines

2239

01:32:34,830 --> 01:32:32,680

and the airline said that we got we had

2240

01:32:36,840 --> 01:32:34,840

nothing going on but the airport was

2241

01:32:38,910 --> 01:32:36,850

still open and I think was private our

2242

01:32:40,770 --> 01:32:38,920

general aviation going on I saw the same

2243

01:32:43,200 --> 01:32:40,780

thing I mean exactly what they described

2244

01:32:46,590 --> 01:32:43,210

in the first night I saw exactly that

2245

01:32:49,410 --> 01:32:46,600

same thing and knew what it was so the

2246

01:32:52,100 --> 01:32:49,420

point simply is we had a sighting of

2247

01:32:54,540 --> 01:32:52,110

lights sort of seeming to descend and

2248

01:32:56,160 --> 01:32:54,550

eventually one of the witnesses came up

2249

01:32:59,670 --> 01:32:56,170

with a dome disc with a red light

2250

01:33:03,150 --> 01:32:59,680

underneath it and two figures seen in

2251

01:33:05,919 --> 01:33:03,160

the cockpit area of it so uh yeah well

2252

01:33:08,320 --> 01:33:05,929

it kind of expanded in in her memory

2253

01:33:11,229 --> 01:33:08,330

well you know I do agree with you too

2254

01:33:13,209 --> 01:33:11,239

that I think it's very possible that you

2255

01:33:15,689 --> 01:33:13,219

know I'm always because of the cringe

2256

01:33:19,330 --> 01:33:15,699

factor I'm always careful not to say

2257

01:33:21,520 --> 01:33:19,340

extraterrestrial too often but and it's

2258

01:33:24,040 --> 01:33:21,530

unfortunate that there is a cringe

2259

01:33:27,990 --> 01:33:24,050

factor because it is so possible we're

2260

01:33:30,010 --> 01:33:28,000

just an open you know planet floating at

2261

01:33:34,570 --> 01:33:30,020

40,000 miles an hour or whatever it is

2262

01:33:38,050 --> 01:33:34,580

and you know it could happen you know I

2263

01:33:40,630 --> 01:33:38,060

mean we're just available I there could

2264

01:33:43,090 --> 01:33:40,640

be visitation I think when we look at

2265

01:33:46,600 --> 01:33:43,100

the distances between or among the

2266

01:33:48,910 --> 01:33:46,610

planet among the stars you know that's

2267

01:33:53,380 --> 01:33:48,920

something that we really don't have the

2268

01:33:56,860 --> 01:33:53,390

technology to defeat and you know even

2269

01:34:00,040 --> 01:33:56,870

at the speed of light it takes you years

2270

01:34:03,399 --> 01:34:00,050

to get to the the next closest star

2271

01:34:04,930 --> 01:34:03,409

system or a half yeah but then you then

2272

01:34:07,209 --> 01:34:04,940

you think about well maybe there's a way

2273

01:34:10,899 --> 01:34:07,219

of defeating that that we don't

2274

01:34:13,149 --> 01:34:10,909

understand now that that allows them to

2275

01:34:15,100 --> 01:34:13,159

travel those distances much quicker than

2276

01:34:17,380 --> 01:34:15,110

we would imagine maybe the speed of

2277

01:34:19,479 --> 01:34:17,390

light isn't the limiting factor in in

2278

01:34:21,310 --> 01:34:19,489

our understanding of physics it is in

2279

01:34:23,410 --> 01:34:21,320

today's world but maybe it's not maybe

2280

01:34:26,590 --> 01:34:23,420

there's a way to to exceed the speed of

2281

01:34:28,660 --> 01:34:26,600

light we don't really know that sort of

2282

01:34:31,810 --> 01:34:28,670

thing yeah and we don't know how easy it

2283

01:34:35,649 --> 01:34:31,820

is to get from there to here it might be

2284

01:34:37,060 --> 01:34:35,659

a simple task and I don't see it being a

2285

01:34:39,100 --> 01:34:37,070

simple task but it could well be a

2286

01:34:41,169 --> 01:34:39,110

simple task which would explain that I

2287

01:34:43,060 --> 01:34:41,179

also think that if I'm an alien race and

2288

01:34:46,270 --> 01:34:43,070

I blunder into a planet that there's

2289

01:34:48,130 --> 01:34:46,280

like ours where our technology is

2290

01:34:49,840 --> 01:34:48,140

beginning to expand I'm going to take an

2291

01:34:52,209 --> 01:34:49,850

interest in that and even if I showed up

2292

01:34:54,160 --> 01:34:52,219

ten thousand years ago where we're just

2293

01:34:55,750 --> 01:34:54,170

beginning civilization where we're

2294

01:34:57,490 --> 01:34:55,760

building some cities we're doing that

2295

01:34:59,770 --> 01:34:57,500

sort of thing that would spark my

2296

01:35:02,110 --> 01:34:59,780

interest because I've discovered a about

2297

01:35:04,540 --> 01:35:02,120

planet with intelligent life on it life

2298

01:35:06,370 --> 01:35:04,550

that's able to create the rudiments of

2299

01:35:08,290 --> 01:35:06,380

civilization and I might be interested

2300

01:35:10,030 --> 01:35:08,300

in watching their progress as they

2301

01:35:12,310 --> 01:35:10,040

develop through the years it's kind of a

2302

01:35:15,490 --> 01:35:12,320

I guess an anthropological study if you

2303

01:35:16,899 --> 01:35:15,500

will but you know I don't know and I

2304

01:35:19,600 --> 01:35:16,909

look at these things like the limiting

2305

01:35:21,550 --> 01:35:19,610

factor of getting from from there

2306

01:35:22,870 --> 01:35:21,560

here and I just wonder what yeah is it

2307

01:35:25,990 --> 01:35:22,880

possible are we going to be able to

2308

01:35:27,910 --> 01:35:26,000

defeat that and and who knows what it's

2309

01:35:29,200 --> 01:35:27,920

gonna look like 10,000 years from now on

2310

01:35:32,169 --> 01:35:29,210

earth what we're going to be able to do

2311

01:35:34,180 --> 01:35:32,179

I mean I used to think when I was a kid

2312

01:35:36,430 --> 01:35:34,190

growing up that the the things that my

2313

01:35:40,660 --> 01:35:36,440

grandparents had seen develop you know

2314

01:35:42,580 --> 01:35:40,670

they were born into a society where the

2315

01:35:44,109 --> 01:35:42,590

speed of the railroad train was the

2316

01:35:47,919 --> 01:35:44,119

fastest you could travel and everybody

2317

01:35:50,439 --> 01:35:47,929

was on horseback and within their

2318

01:35:52,840 --> 01:35:50,449

lifetimes they see from travel by

2319

01:35:55,479 --> 01:35:52,850

horseback to people walking on the moon

2320

01:35:57,490 --> 01:35:55,489

and you know and I think I think today

2321

01:35:58,870 --> 01:35:57,500

you know we look back and you know Star

2322

01:36:00,490 --> 01:35:58,880

Trek had their communicators and

2323

01:36:02,590 --> 01:36:00,500

everything oh wow communicators that's

2324

01:36:04,899 --> 01:36:02,600

just great my cellphone is better than

2325

01:36:08,169 --> 01:36:04,909

the Star Trek communicator look we've

2326

01:36:10,930 --> 01:36:08,179

accomplished in you know the decades

2327

01:36:13,359 --> 01:36:10,940

here that the the the the Internet I

2328

01:36:15,430 --> 01:36:13,369

mean you and I are communicating over a

2329

01:36:16,930 --> 01:36:15,440

computer not a telephone telephones are

2330

01:36:17,979 --> 01:36:16,940

becoming a thing of the past because

2331

01:36:21,520 --> 01:36:17,989

we've got these better ways of

2332

01:36:22,810 --> 01:36:21,530

communicating so yeah you know who's who

2333

01:36:25,180 --> 01:36:22,820

knows what's gonna what it's gonna be

2334

01:36:26,530 --> 01:36:25,190

like in 100 200 300 years from now what

2335

01:36:28,240 --> 01:36:26,540

we're gonna be able to do and how we're

2336

01:36:33,010 --> 01:36:28,250

gonna be able to travel right we have

2337

01:36:36,129 --> 01:36:33,020

another call coming in and so let's see

2338

01:36:38,740 --> 01:36:36,139

if it's coming up takes just a second

2339

01:36:41,530 --> 01:36:38,750

caller you're on the air your first name

2340

01:36:44,229 --> 01:36:41,540

is are you going from yeah my name is

2341

01:36:46,930 --> 01:36:44,239

Tony I'm from North Carolina okay and

2342

01:36:50,169 --> 01:36:46,940

this this is not about there's a Moore

2343

01:36:53,189 --> 01:36:50,179

case but it's about a case that happened

2344

01:36:58,390 --> 01:36:53,199

at Fort Dix and McGuire Air Force Base

2345

01:37:00,820 --> 01:36:58,400

from 73 to approximately 78 I was a

2346

01:37:05,470 --> 01:37:00,830

military police dog hamrick Fort Bragg

2347

01:37:09,910 --> 01:37:05,480

North Carolina and about 76 we had a

2348

01:37:11,740 --> 01:37:09,920

first lieutenant commands and he we were

2349

01:37:13,959 --> 01:37:11,750

all sitting around drinking one night we

2350

01:37:16,180 --> 01:37:13,969

were talking and he was actually telling

2351  
01:37:18,669 --> 01:37:16,190  
us about the after that that happened at

2352  
01:37:22,629 --> 01:37:18,679  
Fort Dix and he said it was true I was

2353  
01:37:25,390 --> 01:37:22,639  
just wondering what a well Kevin thinks

2354  
01:37:29,260 --> 01:37:25,400  
about this when Stringfield did a lot of

2355  
01:37:31,950 --> 01:37:29,270  
work on that case and I think his

2356  
01:37:36,850 --> 01:37:31,960  
opinion was that the

2357  
01:37:40,930 --> 01:37:36,860  
evidence was very very weak for it but

2358  
01:37:43,660 --> 01:37:40,940  
Len Len in his status reports and that

2359  
01:37:45,520 --> 01:37:43,670  
is status reports a crash retrieval

2360  
01:37:47,979 --> 01:37:45,530  
status reports what's the called and he

2361  
01:37:50,709 --> 01:37:47,989  
talks about that in those status reports

2362  
01:37:52,060 --> 01:37:50,719  
you can find those online I think if

2363  
01:37:54,129 --> 01:37:52,070

your interest didn't taking a look at

2364

01:37:55,959 --> 01:37:54,139

that I haven't done a whole lot of work

2365

01:37:58,990 --> 01:37:55,969

on that case and I was kind of put off

2366

01:38:03,640 --> 01:37:59,000

of it by my lens opinion I talked to

2367

01:38:05,950 --> 01:38:03,650

Lynn about mostly about the Roswell case

2368

01:38:08,020 --> 01:38:05,960

and a couple of other crash retrievals

2369

01:38:12,129 --> 01:38:08,030

but I got the impression from Len that

2370

01:38:14,770 --> 01:38:12,139

he wasn't real excited about it well I

2371

01:38:17,200 --> 01:38:14,780

know it's just something that's always

2372

01:38:18,820 --> 01:38:17,210

stuck in my mind because I know when I

2373

01:38:23,080 --> 01:38:18,830

was at Bragg we were called out one

2374

01:38:25,390 --> 01:38:23,090

night we were on a call in team and we

2375

01:38:27,939 --> 01:38:25,400

were called out one night to on the

2376

01:38:31,600 --> 01:38:27,949

bride there's a small nuclear facility

2377

01:38:35,620 --> 01:38:31,610

and we were called out one night because

2378

01:38:37,180 --> 01:38:35,630

of red lights over the facility and we

2379

01:38:39,459 --> 01:38:37,190

never could find out what it was but

2380

01:38:41,919 --> 01:38:39,469

yeah I mean I just always wondered in my

2381

01:38:43,510 --> 01:38:41,929

mind after this lieutenant was was

2382

01:38:45,070 --> 01:38:43,520

telling us about this and there's

2383

01:38:47,830 --> 01:38:45,080

something just always stuck in my mind

2384

01:38:49,750 --> 01:38:47,840

well let me ask you a question you

2385

01:38:53,680 --> 01:38:49,760

always believe what lieutenants told you

2386

01:38:56,129 --> 01:38:53,690

know we count them better bars they'll

2387

01:38:59,129 --> 01:38:56,139

be most Alber do to you if you were a

2388

01:39:01,570 --> 01:38:59,139

second lieutenant but then you know

2389

01:39:04,720 --> 01:39:01,580

thank God I was I didn't retire as a

2390

01:39:06,010 --> 01:39:04,730

lieutenant them hey Tony day well thank

2391

01:39:09,160 --> 01:39:06,020

you for you throw a bit wait wait a

2392

01:39:11,439 --> 01:39:09,170

minute Tony thank you for yours yeah

2393

01:39:13,720 --> 01:39:11,449

yeah Tony can you tell me did you are

2394

01:39:17,620 --> 01:39:13,730

you aware of this is something Robert

2395

01:39:19,390 --> 01:39:17,630

Hastings may have investigated was there

2396

01:39:22,020 --> 01:39:19,400

a report filled out on this about the

2397

01:39:24,669 --> 01:39:22,030

red lights over the nuclear facility yes

2398

01:39:27,370 --> 01:39:24,679

this I do not know because the duty

2399

01:39:29,610 --> 01:39:27,380

officer night that night we all we did

2400

01:39:34,030 --> 01:39:29,620

was go out and we set up a perimeter and

2401

01:39:36,610 --> 01:39:34,040

we investigated and by the time we got

2402

01:39:39,550 --> 01:39:36,620

there the lights had gone there was

2403

01:39:42,689 --> 01:39:39,560

nothing there so if there was ever even

2404

01:39:45,570 --> 01:39:42,699

a I'm sure there was some kind of

2405

01:39:47,610 --> 01:39:45,580

something made on it but

2406

01:39:49,620 --> 01:39:47,620

whatever it was I don't think you know

2407

01:39:51,720 --> 01:39:49,630

we would know what was in the report

2408

01:39:52,560 --> 01:39:51,730

very good all right hey thank you for

2409

01:39:55,110 --> 01:39:52,570

your call Tony

2410

01:39:58,850 --> 01:39:55,120

sure enough thank you guys all right

2411

01:40:01,380 --> 01:39:58,860

take care of that I didn't even think of

2412

01:40:01,650 --> 01:40:01,390

Bob Hayes Robert Hastings shouldn't say

2413

01:40:04,890 --> 01:40:01,660

Bob

2414

01:40:07,800 --> 01:40:04,900

Robert Hastings being interested in that

2415

01:40:09,390 --> 01:40:07,810

because of the nuclear weapon aspect of

2416

01:40:12,420 --> 01:40:09,400

it but that was it that was a good point

2417

01:40:15,120 --> 01:40:12,430

yeah hey so you know I want to move on

2418

01:40:17,490 --> 01:40:15,130

to what we want to talk to you about Tom

2419

01:40:19,320 --> 01:40:17,500

the Tom DeLonge opinion because I'm

2420

01:40:21,480 --> 01:40:19,330

getting a lot of email about that but

2421

01:40:24,030 --> 01:40:21,490

right before that I just wanted to ask

2422

01:40:26,040 --> 01:40:24,040

one question one more question that was

2423

01:40:28,680 --> 01:40:26,050

up in the chat room about the Socorro

2424

01:40:31,230 --> 01:40:28,690

case and that is someone wanted to know

2425

01:40:33,600 --> 01:40:31,240

why would you think that a craft would

2426

01:40:37,080 --> 01:40:33,610

land out in the middle of nowhere and

2427

01:40:39,630 --> 01:40:37,090

the scrubland as you called it not being

2428

01:40:42,870 --> 01:40:39,640

attuned to what alien thinking might be

2429

01:40:50,790 --> 01:40:42,880

I don't know I toss what you're gonna

2430

01:40:53,610 --> 01:40:50,800

say no no I said you'd say why not you

2431

01:40:57,440 --> 01:40:53,620

know I I don't know what would motivate

2432

01:40:59,790 --> 01:40:57,450

them and and that's sort of saying you

2433

01:41:01,620 --> 01:40:59,800

just you just don't know but I mean

2434

01:41:03,810 --> 01:41:01,630

that's a legitimate question that's a

2435

01:41:06,120 --> 01:41:03,820

certainly a legitimate question but but

2436

01:41:07,860 --> 01:41:06,130

does that negate the observations by

2437

01:41:09,540 --> 01:41:07,870

Lonnie Zamora does that negate the

2438

01:41:11,220 --> 01:41:09,550

observations by anybody else does that

2439

01:41:13,260 --> 01:41:11,230

negate the physical evidence left behind

2440

01:41:15,180 --> 01:41:13,270

you know why would they land out there

2441

01:41:18,080 --> 01:41:15,190

I don't know apparently they did right

2442

01:41:22,380 --> 01:41:18,090

right all right so let's talk about I

2443

01:41:24,780 --> 01:41:22,390

read your blog by the way Kevin has a

2444

01:41:27,300 --> 01:41:24,790

great blog there's a lot of things if

2445

01:41:29,880 --> 01:41:27,310

you have any questions about that you

2446

01:41:31,710 --> 01:41:29,890

want to research and you think wow this

2447

01:41:33,720 --> 01:41:31,720

sounds like a really good case Aztec

2448

01:41:35,760 --> 01:41:33,730

sounds like a really good case oh well

2449

01:41:40,290 --> 01:41:35,770

you'll find it on on Kevin site and

2450

01:41:41,940 --> 01:41:40,300

you'll find a lot of explanations and if

2451  
01:41:43,920 --> 01:41:41,950  
you're doing a show like me that's like

2452  
01:41:47,520 --> 01:41:43,930  
comes in very handy and again it's

2453  
01:41:49,170 --> 01:41:47,530  
blogspot how do you it's with just Kevin

2454  
01:41:50,970 --> 01:41:49,180  
Randle [blogspot.com](http://blogspot.com)

2455  
01:41:53,880 --> 01:41:50,980  
it's called a different perspective and

2456  
01:41:56,490 --> 01:41:53,890  
I notice on some things that if you're

2457  
01:41:59,010 --> 01:41:56,500  
you're looking for a specific case my my

2458  
01:42:02,640 --> 01:41:59,020  
blog comes up in the first or second

2459  
01:42:04,950 --> 01:42:02,650  
a place on that well but it's more than

2460  
01:42:06,600 --> 01:42:04,960  
just UFOs because I've been getting an

2461  
01:42:08,420 --> 01:42:06,610  
awful lot of traffic now on the oak

2462  
01:42:11,400 --> 01:42:08,430  
island stuff because history has done

2463  
01:42:12,690 --> 01:42:11,410

started the new season of the curse of

2464

01:42:16,080 --> 01:42:12,700

Oak Island and I know there's a lot of

2465

01:42:17,520 --> 01:42:16,090

people interested in that as well so so

2466

01:42:20,370 --> 01:42:17,530

they're they're looking at all that and

2467

01:42:23,400 --> 01:42:20,380

and the one of the easiest ways to get

2468

01:42:24,900 --> 01:42:23,410

to Amazon to look for my book is there's

2469

01:42:27,030 --> 01:42:24,910

an article up there and at the at the

2470

01:42:29,790 --> 01:42:27,040

end of the article is just a lick lift a

2471

01:42:31,650 --> 01:42:29,800

link you click on and it'll take you

2472

01:42:33,480 --> 01:42:31,660

directly to the sakura book and you can

2473

01:42:35,340 --> 01:42:33,490

take a look at the information there in

2474

01:42:36,810 --> 01:42:35,350

the book if you've got question I tried

2475

01:42:39,750 --> 01:42:36,820

to answer all the questions you'd have

2476

01:42:42,930 --> 01:42:39,760

on Sakura in the book and I used an

2477

01:42:46,680 --> 01:42:42,940

awful lot of information from Rey

2478

01:42:49,110 --> 01:42:46,690

Stanford and Ben moss and Tony and Joe

2479

01:42:52,260 --> 01:42:49,120

and Rob Mercer and Carmen Morano and

2480

01:42:54,240 --> 01:42:52,270

Paul Hardin and Rick Baca so it's not

2481

01:42:55,740 --> 01:42:54,250

just one of these things where I was

2482

01:42:57,390 --> 01:42:55,750

looking at other people's books and

2483

01:42:59,400 --> 01:42:57,400

copying their information I was out

2484

01:43:01,440 --> 01:42:59,410

there looking at the official Blue Book

2485

01:43:03,420 --> 01:43:01,450

file the unofficial Blue Book file and

2486

01:43:04,380 --> 01:43:03,430

talking to some of the people directly

2487

01:43:06,360 --> 01:43:04,390

involved in it

2488

01:43:09,750 --> 01:43:06,370

looking at the opera bullet through my

2489

01:43:11,220 --> 01:43:09,760

Kappa investigator the the MUFON Journal

2490

01:43:13,260 --> 01:43:11,230

had some stuff that was very very

2491

01:43:15,120 --> 01:43:13,270

important to do that so there's an awful

2492

01:43:18,240 --> 01:43:15,130

lot of reference material I brought

2493

01:43:21,770 --> 01:43:18,250

together into one place right okay so as

2494

01:43:25,440 --> 01:43:21,780

promised let's talk about Tom DeLonge

2495

01:43:27,380 --> 01:43:25,450

and what he's trying to do what's your

2496

01:43:30,120 --> 01:43:27,390

what's your thoughts overall in general

2497

01:43:33,420 --> 01:43:30,130

well I've got a goal been nice talking

2498

01:43:39,270 --> 01:43:33,430

to you I don't blame you for not wanting

2499

01:43:41,340 --> 01:43:39,280

to talk about it yeah it's it's I just

2500

01:43:43,920 --> 01:43:41,350

don't see anything of substance there I

2501

01:43:45,600 --> 01:43:43,930

mean I look at the things that he has

2502

01:43:48,000 --> 01:43:45,610

said I look at the interviews that he

2503

01:43:50,730 --> 01:43:48,010

conducted and I put stuff on the blog

2504

01:43:54,090 --> 01:43:50,740

that gives you the the point it looks

2505

01:43:56,490 --> 01:43:54,100

like it's more entertainment than it is

2506

01:43:58,800 --> 01:43:56,500

serious research I mean looking at what

2507

01:44:00,930 --> 01:43:58,810

he has said and the things he he buys

2508

01:44:03,960 --> 01:44:00,940

into practically everything if you if

2509

01:44:05,850 --> 01:44:03,970

you listen to what he has said in

2510

01:44:06,870 --> 01:44:05,860

interviews that he's conducted there was

2511

01:44:09,600 --> 01:44:06,880

one with Joe Rogan

2512

01:44:11,370 --> 01:44:09,610

that he did that I listen to oh my god I

2513

01:44:14,450 --> 01:44:11,380

listened to the whole thing

2514

01:44:20,160 --> 01:44:14,460

talking about what they're doing and

2515

01:44:21,720 --> 01:44:20,170

there was this this Sumerian symbol that

2516

01:44:22,860 --> 01:44:21,730

they put up there and it had the Sun

2517

01:44:24,150 --> 01:44:22,870

there and he said this is the Sun

2518

01:44:26,670 --> 01:44:24,160

because you can see the Rays around it

2519

01:44:29,160 --> 01:44:26,680

and here are all the planets around the

2520

01:44:31,620 --> 01:44:29,170

Sun and one of them is labeled Pluto and

2521

01:44:33,180 --> 01:44:31,630

one of them is labeled Makemake which is

2522

01:44:36,270 --> 01:44:33,190

by the way a dwarf planet that's out

2523

01:44:38,100 --> 01:44:36,280

beyond the pluto in the Kuiper belt and

2524

01:44:39,750 --> 01:44:38,110

other things like that he said prove

2525

01:44:42,120 --> 01:44:39,760

that the Sumerians knew about this stuff

2526

01:44:43,710 --> 01:44:42,130

I said my god you put the labels on it

2527

01:44:46,040 --> 01:44:43,720

it wasn't they labeled it they wouldn't

2528

01:44:49,950 --> 01:44:46,050

have been labeling with labeling it with

2529

01:44:52,340 --> 01:44:49,960

English oh well our well Makemake is not

2530

01:44:55,320 --> 01:44:52,350

exactly English I think that's Hawaiian

2531

01:44:58,050 --> 01:44:55,330

but good point what but but but the

2532

01:45:00,210 --> 01:44:58,060

point simply is there is nothing to

2533

01:45:02,100 --> 01:45:00,220

suggest in that symbol that it's the Sun

2534

01:45:04,980 --> 01:45:02,110

surrounded by our solar system as that

2535

01:45:07,290 --> 01:45:04,990

exists today you know and they're

2536

01:45:10,770 --> 01:45:07,300

drawing this conclusion based on I don't

2537

01:45:13,320 --> 01:45:10,780

know what but you know they would said

2538

01:45:15,330 --> 01:45:13,330

it was the idea well they had this thing

2539

01:45:16,680 --> 01:45:15,340

they had Pluto on this thing and Pluto

2540

01:45:18,420 --> 01:45:16,690

wasn't discovered and they said until

2541

01:45:20,880 --> 01:45:18,430

the 1950s but somebody googled would

2542

01:45:22,440 --> 01:45:20,890

form and they realized it was 1930s but

2543

01:45:25,710 --> 01:45:22,450

I mean we looked at all of that stuff

2544

01:45:28,440 --> 01:45:25,720

and they're just buying everything you

2545

01:45:31,320 --> 01:45:28,450

know no matter how outlandish the the

2546

01:45:34,980 --> 01:45:31,330

idea is how outlandish the theory is

2547

01:45:37,080 --> 01:45:34,990

he's bought into it and with absolutely

2548

01:45:41,250 --> 01:45:37,090

no critical thought about this does this

2549

01:45:43,830 --> 01:45:41,260

make any sense to you that's that's one

2550

01:45:45,270 --> 01:45:43,840

of the things that that bothers me now a

2551

01:45:47,130 --> 01:45:45,280

lot of people are saying oh he's just

2552

01:45:50,340 --> 01:45:47,140

scamming people for money and and all

2553

01:45:50,760 --> 01:45:50,350

that first of all anybody can check this

2554

01:45:53,070 --> 01:45:50,770

out

2555

01:45:56,490 --> 01:45:53,080

you know he's worth it's 62 million

2556

01:45:58,440 --> 01:45:56,500

dollars net how do you know that well

2557

01:46:00,840 --> 01:45:58,450

you know that just by searching online

2558

01:46:02,610 --> 01:46:00,850

you know I mean oh let me about the

2559

01:46:04,290 --> 01:46:02,620

search online if you look Kevin Randle

2560

01:46:06,120 --> 01:46:04,300

up the search online you will find out

2561

01:46:08,220 --> 01:46:06,130

I'm worth anywhere between two hundred

2562

01:46:12,600 --> 01:46:08,230

and fifty thousand dollars and 134

2563

01:46:13,830 --> 01:46:12,610

million okay and I wished I had 134

2564

01:46:16,170 --> 01:46:13,840

million because you and I wouldn't be

2565

01:46:18,330 --> 01:46:16,180

talking or I might be I might have flown

2566

01:46:21,120 --> 01:46:18,340

okay so we could sit down together well

2567

01:46:23,730 --> 01:46:21,130

he he's probably made a lot of good

2568

01:46:25,020 --> 01:46:23,740

money from and I would agree he's

2569

01:46:26,400 --> 01:46:25,030

probably worth millions I

2570

01:46:28,560 --> 01:46:26,410

just saying those sites aren't very

2571

01:46:30,300 --> 01:46:28,570

reliable based and I'm not even sure why

2572

01:46:33,600 --> 01:46:30,310

I'm on the sites as a celebrity for

2573

01:46:35,070 --> 01:46:33,610

crying out loud but but I've got why

2574

01:46:36,960 --> 01:46:35,080

I've got one sitting right here that I

2575

01:46:38,520 --> 01:46:36,970

downloaded it's got me worth eight

2576

01:46:40,260 --> 01:46:38,530

million dollars and I look back two

2577

01:46:42,270 --> 01:46:40,270

weeks later and I'm worth 14 million on

2578

01:46:44,790 --> 01:46:42,280

it what you're doing well you know I'm

2579

01:46:47,520 --> 01:46:44,800

doing absolutely fine I wish I had that

2580

01:46:49,230 --> 01:46:47,530

money I would just be dancing in the

2581

01:46:52,940 --> 01:46:49,240

street I'll tell you I wouldn't be

2582

01:46:59,360 --> 01:46:55,620

please buy my book let me earn the extra

2583

01:47:03,270 --> 01:46:59,370

twenty five cents I get for the royalty

2584

01:47:06,540 --> 01:47:03,280

so alright so anyway I think you know

2585

01:47:08,220 --> 01:47:06,550

this is this is a problem he's buying

2586

01:47:10,740 --> 01:47:08,230

into a lot and I'm kind of surprised

2587

01:47:14,400 --> 01:47:10,750

that he's buying into the things he's

2588

01:47:16,650 --> 01:47:14,410

buying into but overall I think his

2589

01:47:18,690 --> 01:47:16,660

intention started out as good and what

2590

01:47:21,180 --> 01:47:18,700

he what are your thoughts of that I

2591

01:47:24,120 --> 01:47:21,190

think he's probably very sincere but he

2592

01:47:25,500 --> 01:47:24,130

has the stuff written so he gets a

2593

01:47:28,200 --> 01:47:25,510

hundred thousand dollars a year plus

2594

01:47:32,130 --> 01:47:28,210

expenses for his UFO research and I'd

2595

01:47:34,470 --> 01:47:32,140

take that too by the way but I'm not

2596

01:47:37,950 --> 01:47:34,480

sure it's necessarily designed to make

2597

01:47:41,160 --> 01:47:37,960

him money because he probably has as

2598

01:47:42,930 --> 01:47:41,170

much money as he really needs although I

2599

01:47:47,190 --> 01:47:42,940

think we're all trying to accumulate a

2600

01:47:49,380 --> 01:47:47,200

little bit more than we need but he he

2601  
01:47:52,380 --> 01:47:49,390  
doesn't seem to have a good solid grasp

2602  
01:47:54,150 --> 01:47:52,390  
on the UFO field and I think that's the

2603  
01:47:57,180 --> 01:47:54,160  
problem I think when when we you know

2604  
01:47:59,490 --> 01:47:57,190  
you and I talk or I talked of let's say

2605  
01:48:00,840 --> 01:47:59,500  
Robert Hastings or Jerry Clark or Mark

2606  
01:48:03,690 --> 01:48:00,850  
rodiger or some of the people have been

2607  
01:48:07,800 --> 01:48:03,700  
around the field forever Robert Powell

2608  
01:48:10,080 --> 01:48:07,810  
and those people you get a different

2609  
01:48:13,190 --> 01:48:10,090  
take on it because they've been around

2610  
01:48:15,870 --> 01:48:13,200  
forever and they try to be a little bit

2611  
01:48:18,900 --> 01:48:15,880  
more careful in what they what they say

2612  
01:48:20,310 --> 01:48:18,910  
and where the research takes them and I

2613  
01:48:21,570 --> 01:48:20,320

mean if you sit down and you read a

2614

01:48:23,250 --> 01:48:21,580

bunch of books and you read the wrong

2615

01:48:24,960 --> 01:48:23,260

bunch of books you're going to come up

2616

01:48:27,450 --> 01:48:24,970

with this you're going to go off into

2617

01:48:30,540 --> 01:48:27,460

tangents and the UFO field is filled

2618

01:48:33,570 --> 01:48:30,550

with so many subsets you have abductions

2619

01:48:37,350 --> 01:48:33,580

in crop circles and cattle mutilations

2620

01:48:38,700 --> 01:48:37,360

and the end mj-12 and the Roswell case

2621

01:48:41,370 --> 01:48:38,710

you got all these subsets go

2622

01:48:46,290 --> 01:48:41,380

went on and you can certainly get sucked

2623

01:48:48,060 --> 01:48:46,300

into one of those subsets and and go off

2624

01:48:50,280 --> 01:48:48,070

on a tangent and you have to be very

2625

01:48:52,560 --> 01:48:50,290

careful in what you accept you have to

2626

01:48:54,930 --> 01:48:52,570

apply some critical thinking skills to

2627

01:48:56,580 --> 01:48:54,940

this and and and the last person that

2628

01:48:58,979 --> 01:48:56,590

called in actually was doing that why

2629

01:49:02,670 --> 01:48:58,989

would they land out in the New Mexico

2630

01:49:05,280 --> 01:49:02,680

desert like that I don't know but the

2631

01:49:07,110 --> 01:49:05,290

evidence suggests they did but that that

2632

01:49:09,630 --> 01:49:07,120

that's kind of question you have to ask

2633

01:49:11,160 --> 01:49:09,640

you know does that question outweigh

2634

01:49:13,830 --> 01:49:11,170

what the evident where the evidence

2635

01:49:16,040 --> 01:49:13,840

seems to take us no I never I didn't get

2636

01:49:19,709 --> 01:49:16,050

a chance to listen to the Joe Rogan

2637

01:49:21,630 --> 01:49:19,719

interview but I had oh probably 25 or 30

2638

01:49:24,479 --> 01:49:21,640

people send me you know the link and I

2639

01:49:27,560 --> 01:49:24,489

probably will but do you think some of

2640

01:49:30,600 --> 01:49:27,570

the banter you hear out there is is

2641

01:49:33,510 --> 01:49:30,610

possibly some jealousy or do you think

2642

01:49:35,640 --> 01:49:33,520

hey you know he hasn't cut his teeth you

2643

01:49:36,900 --> 01:49:35,650

know what is he doing why is he getting

2644

01:49:38,670 --> 01:49:36,910

somewhere and I'm not do you think

2645

01:49:42,930 --> 01:49:38,680

there's that type of jealousy going on -

2646

01:49:44,280 --> 01:49:42,940

absolutely and I've seen it myself you

2647

01:49:46,290 --> 01:49:44,290

know when we were doing the Roswell

2648

01:49:50,250 --> 01:49:46,300

investigation and I say we dodged it and

2649

01:49:53,130 --> 01:49:50,260

I I remember Walt Anders coming up to me

2650

01:49:54,479 --> 01:49:53,140

at a MUFON symposium and wanting to know

2651

01:49:58,140 --> 01:49:54,489

we were where we were getting our

2652

01:49:59,570 --> 01:49:58,150

funding because I think the idea was we

2653

01:50:01,740 --> 01:49:59,580

were getting this money and he wasn't

2654

01:50:02,790 --> 01:50:01,750

and I've seen the same I've seen the

2655

01:50:06,540 --> 01:50:02,800

same thing at science fiction

2656

01:50:08,790 --> 01:50:06,550

conventions among the writers where if

2657

01:50:10,260 --> 01:50:08,800

you've published a book it they see it

2658

01:50:12,390 --> 01:50:10,270

almost as you've taken money out of

2659

01:50:14,540 --> 01:50:12,400

their pocket there's no way in hell they

2660

01:50:16,350 --> 01:50:14,550

could write every science fiction book

2661

01:50:18,479 --> 01:50:16,360

why it's in the same thing in the

2662

01:50:19,770 --> 01:50:18,489

lecture circuits you know people people

2663

01:50:21,300 --> 01:50:19,780

angry because you've got a lecture

2664

01:50:23,580 --> 01:50:21,310

somewhere why didn't they book me

2665

01:50:26,850 --> 01:50:23,590

instead and the idea is you can't

2666

01:50:28,890 --> 01:50:26,860

possibly do every lecture so if they

2667

01:50:30,590 --> 01:50:28,900

book me it isn't that they rejected you

2668

01:50:32,970 --> 01:50:30,600

or they didn't didn't want to do you

2669

01:50:35,190 --> 01:50:32,980

they wanted to hear what I had to say

2670

01:50:36,990 --> 01:50:35,200

and maybe you'll be invited next week

2671

01:50:39,330 --> 01:50:37,000

but you couldn't possibly do all the

2672

01:50:41,729 --> 01:50:39,340

lectures there's only so much time in

2673

01:50:43,650 --> 01:50:41,739

the year to do that sort of thing but

2674

01:50:46,709 --> 01:50:43,660

there is some of that and I think that

2675

01:50:49,290 --> 01:50:46,719

you know that may be part of what's

2676  
01:50:50,380 --> 01:50:49,300  
driving this I looked at what he had to

2677  
01:50:53,620 --> 01:50:50,390  
say

2678  
01:50:56,500 --> 01:50:53,630  
and was appalled by the lack of

2679  
01:50:59,110 --> 01:50:56,510  
understanding and I think the one thing

2680  
01:51:02,080 --> 01:50:59,120  
I brought up was the sumerian symbol i

2681  
01:51:04,030 --> 01:51:02,090  
well they they would see it proves there

2682  
01:51:06,400 --> 01:51:04,040  
was space there was ancient astronauts

2683  
01:51:08,290 --> 01:51:06,410  
because they knew about Pluto there's

2684  
01:51:10,780 --> 01:51:08,300  
nothing on that to suggest they knew

2685  
01:51:12,190 --> 01:51:10,790  
about Pluto it's just it looks like a

2686  
01:51:15,130 --> 01:51:12,200  
representation of the Sun and there's

2687  
01:51:16,690 --> 01:51:15,140  
all these circular areas around it but

2688  
01:51:18,700 --> 01:51:16,700

there's no indication that that's the

2689

01:51:21,160 --> 01:51:18,710

solar system and they certainly don't

2690

01:51:22,750 --> 01:51:21,170

have any rings around Saturn yeah which

2691

01:51:25,060 --> 01:51:22,760

I think that that would be a wonderful

2692

01:51:26,680 --> 01:51:25,070

you know well here's one of them has

2693

01:51:28,330 --> 01:51:26,690

rings around it that's got to be satyr

2694

01:51:31,030 --> 01:51:28,340

and that kind of thing but but nobody

2695

01:51:35,350 --> 01:51:31,040

knew about that until Galileo saw the

2696

01:51:38,230 --> 01:51:35,360

rings in after he invented his telescope

2697

01:51:40,120 --> 01:51:38,240

in the 17th century but he didn't even

2698

01:51:41,440 --> 01:51:40,130

know what the rings were he some of the

2699

01:51:43,120 --> 01:51:41,450

drawings I've seen looks like big ears

2700

01:51:47,170 --> 01:51:43,130

around the planet as opposed to rings

2701

01:51:49,990 --> 01:51:47,180

wasn't that the 15th century I thought

2702

01:51:51,160 --> 01:51:50,000

was 1600s 1610 which make a 17th century

2703

01:51:53,740 --> 01:51:51,170

oh okay

2704

01:51:56,290 --> 01:51:53,750

all right I don't want to correct you I

2705

01:51:59,080 --> 01:51:56,300

mean I'm correcting the German Randall

2706

01:52:00,870 --> 01:51:59,090

yes yes and by God lightning will strike

2707

01:52:07,840 --> 01:52:00,880

you soon

2708

01:52:09,790 --> 01:52:07,850

so Kevin interesting I think it's been

2709

01:52:12,550 --> 01:52:09,800

an interesting night we're getting ready

2710

01:52:15,160 --> 01:52:12,560

to basically wrap it up and you know

2711

01:52:16,810 --> 01:52:15,170

what about Chris Mellon now Chris has

2712

01:52:19,180 --> 01:52:16,820

been on my show he's only been on my

2713

01:52:21,160 --> 01:52:19,190

show and he's uh he's been on George

2714

01:52:22,780 --> 01:52:21,170

Knapp but I set him up on George Knapp

2715

01:52:24,370 --> 01:52:22,790

he's only been on two interviews but

2716

01:52:26,980 --> 01:52:24,380

what do you think about what he's adding

2717

01:52:30,580 --> 01:52:26,990

to the whole thing I think I think he's

2718

01:52:32,830 --> 01:52:30,590

going to be a wonderful source from the

2719

01:52:35,920 --> 01:52:32,840

little bit little interaction I have

2720

01:52:38,740 --> 01:52:35,930

with people who have interacted with him

2721

01:52:40,390 --> 01:52:38,750

I suppose I should say he seems to be a

2722

01:52:43,180 --> 01:52:40,400

very credible source and provides very

2723

01:52:45,330 --> 01:52:43,190

solid information and he's coming he's

2724

01:52:47,560 --> 01:52:45,340

coming out with things that are a

2725

01:52:49,270 --> 01:52:47,570

valuable Robert Powell I had Robert

2726

01:52:51,280 --> 01:52:49,280

Powell on my program not that long ago

2727

01:52:53,940 --> 01:52:51,290

and we talked a little bit about about

2728

01:52:56,980 --> 01:52:53,950

melon and the Nimitz case where the

2729

01:53:00,150 --> 01:52:56,990

fighters intercepted the tic-tac shaped

2730

01:53:03,280 --> 01:53:00,160

object right near the USS Nimitz and

2731

01:53:05,470 --> 01:53:03,290

Powell provided provided remove some

2732

01:53:07,750 --> 01:53:05,480

links to put on my blog so you could

2733

01:53:09,430 --> 01:53:07,760

link to the Navy reports and some of

2734

01:53:11,950 --> 01:53:09,440

those sorts of things so I don't see

2735

01:53:14,620 --> 01:53:11,960

very credible very credible individual

2736

01:53:17,050 --> 01:53:14,630

who has some interesting information you

2737

01:53:18,370 --> 01:53:17,060

know I just saw today quickly saw it

2738

01:53:22,210 --> 01:53:18,380

today because I've been very busy lately

2739

01:53:26,650 --> 01:53:22,220

but on meta bunk no are you familiar

2740

01:53:28,930 --> 01:53:26,660

with that site no ok meta bunk actually

2741

01:53:31,690 --> 01:53:28,940

goes into a lot of UFO cases and

2742

01:53:34,660 --> 01:53:31,700

actually deciphers what's actually going

2743

01:53:36,880 --> 01:53:34,670

on so he's got something going on about

2744

01:53:39,880 --> 01:53:36,890

the Nimitz case worth at least looking

2745

01:53:42,880 --> 01:53:39,890

at anyway I'm not saying he makes sense

2746

01:53:46,000 --> 01:53:42,890

on this particular case because it seems

2747

01:53:48,760 --> 01:53:46,010

like a really good case but but anyway

2748

01:53:51,550 --> 01:53:48,770

it's worth checking out anyway

2749

01:53:53,020 --> 01:53:51,560

Kevin what do you have coming up what

2750

01:53:55,180 --> 01:53:53,030

are you thinking are you gonna be

2751

01:53:56,950 --> 01:53:55,190

writing any more and I want to also talk

2752

01:53:59,470 --> 01:53:56,960

about your radio show before we go we

2753

01:54:00,610 --> 01:53:59,480

have three minutes well my radio show is

2754

01:54:01,930 --> 01:54:00,620

going to be ending at the end of the

2755

01:54:03,760 --> 01:54:01,940

month that's what I thought now I

2756

01:54:05,370 --> 01:54:03,770

listened to it and I thought I heard you

2757

01:54:09,460 --> 01:54:05,380

say something about that

2758

01:54:12,760 --> 01:54:09,470

yeah about I are you gonna have horn on

2759

01:54:18,040 --> 01:54:12,770

as your last guess no no horn will be on

2760

01:54:20,320 --> 01:54:18,050

horn will be on the the 15th I'm sorry

2761

01:54:22,060 --> 01:54:20,330

yeah he'll be on the 15th and we'll be

2762

01:54:24,550 --> 01:54:22,070

talking about milling billy meier and

2763

01:54:26,770 --> 01:54:24,560

some of that stuff I've got Eddie

2764

01:54:28,240 --> 01:54:26,780

Bullard set up for the 22nd le bullet

2765

01:54:32,250 --> 01:54:28,250

Eddie Bullard being a member of the

2766

01:54:34,960 --> 01:54:32,260

Koufos and a UFO researcher of long

2767

01:54:37,300 --> 01:54:34,970

long-standing note and the last show is

2768

01:54:39,430 --> 01:54:37,310

set up with Adam do who is responsible

2769

01:54:41,920 --> 01:54:39,440

responsible slides I do know who that is

2770

01:54:44,320 --> 01:54:41,930

Wow I'm gonna be chatting with him about

2771

01:54:46,480 --> 01:54:44,330

how all of that came about so well

2772

01:54:48,250 --> 01:54:46,490

that'll be interesting yeah Alejandro

2773

01:54:50,440 --> 01:54:48,260

seems to think that he was kind of an

2774

01:54:55,390 --> 01:54:50,450

innocent person brought in to this whole

2775

01:54:58,240 --> 01:54:55,400

thing you'll find out right yes we will

2776

01:54:59,950 --> 01:54:58,250

find out I think Tom Carey and Don

2777

01:55:01,990 --> 01:54:59,960

Schmidt we're being innocently brought

2778

01:55:03,460 --> 01:55:02,000

into it and they were they allowed

2779

01:55:04,750 --> 01:55:03,470

themselves to be duped they I don't

2780

01:55:06,580 --> 01:55:04,760

think they asked some pertinent

2781

01:55:08,290 --> 01:55:06,590

questions I think they wanted to believe

2782

01:55:10,450 --> 01:55:08,300

so badly that yeah

2783

01:55:11,980 --> 01:55:10,460

yeah they got they got them some yeah

2784

01:55:14,130 --> 01:55:11,990

they got themselves fooled and I can

2785

01:55:17,770 --> 01:55:14,140

kind of understand how that happened

2786

01:55:19,630 --> 01:55:17,780

but we'll be talking to Adam do and then

2787

01:55:27,459 --> 01:55:19,640

I think we'll be wrapping up the program

2788

01:55:29,830 --> 01:55:27,469

there because it for me it was just it

2789

01:55:32,320 --> 01:55:29,840

was fun to do but it came to the point

2790

01:55:34,330 --> 01:55:32,330

where I kind of I was kind of stressing

2791

01:55:36,580 --> 01:55:34,340

out over getting the guests and and the

2792

01:55:38,260 --> 01:55:36,590

interviews and and that sort of thing

2793

01:55:42,340 --> 01:55:38,270

you know I talked to people all the time

2794

01:55:46,479 --> 01:55:42,350

and and and the program generated the

2795

01:55:47,830 --> 01:55:46,489

score book so it's it's uh it helped it

2796

01:55:49,870 --> 01:55:47,840

helped out there I've got some other

2797

01:55:51,790 --> 01:55:49,880

other projects in mind a lot of the

2798

01:55:55,600 --> 01:55:51,800

stuff shows up on my blog rather than

2799

01:55:57,189 --> 01:55:55,610

anywhere else as we go off and if I've

2800

01:55:59,070 --> 01:55:57,199

got a book coming up or something coming

2801  
01:56:01,810 --> 01:55:59,080  
out I announce it on the blog there

2802  
01:56:03,100 --> 01:56:01,820  
about it so people get to it as they say

2803  
01:56:04,930 --> 01:56:03,110  
you know encounters in the deserts on

2804  
01:56:07,830 --> 01:56:04,940  
the blog now it's it's available on

2805  
01:56:10,870 --> 01:56:07,840  
Amazon and I really appreciate it if

2806  
01:56:15,250 --> 01:56:10,880  
people would read the book and put up a

2807  
01:56:17,830 --> 01:56:15,260  
put up a favorable review I think a bad

2808  
01:56:19,959 --> 01:56:17,840  
review I'm definitely gonna do that

2809  
01:56:22,600 --> 01:56:19,969  
myself I'll probably do Kendall just the

2810  
01:56:25,169 --> 01:56:22,610  
way my life is but but I've just been

2811  
01:56:27,790 --> 01:56:25,179  
super busy in my professional life

2812  
01:56:29,320 --> 01:56:27,800  
lately I wanted to read it before this

2813  
01:56:30,280 --> 01:56:29,330

show and it just there was just no way

2814

01:56:32,080 --> 01:56:30,290

that was gonna happen

2815

01:56:34,209 --> 01:56:32,090

but I definitely will check it out

2816

01:56:36,820 --> 01:56:34,219

because this is as I mentioned the very

2817

01:56:39,580 --> 01:56:36,830

beginning the Socorro case I do believe

2818

01:56:42,550 --> 01:56:39,590

is one of the top you know I dare say at

2819

01:56:45,370 --> 01:56:42,560

the top five interesting cases I would I

2820

01:56:47,640 --> 01:56:45,380

wouldn't argue with you much on that as

2821

01:56:50,380 --> 01:56:47,650

long as we got level and in there

2822

01:56:54,280 --> 01:56:50,390

alright okay Kevin will you take care

2823

01:56:55,930 --> 01:56:54,290

and thanks so much it's been a treat all

2824

01:56:59,890 --> 01:56:55,940

right excellent and I'll talk to you

2825

01:57:01,959 --> 01:56:59,900

soon okay goodnight goodnight alright

2826

01:57:05,140 --> 01:57:01,969

everyone so thanks so much for listening

2827

01:57:08,760 --> 01:57:05,150

and we'll be back next week our guest

2828

01:57:10,720 --> 01:57:08,770

has not been confirmed for next week so

2829

01:57:13,510 --> 01:57:10,730

we'll see what happens

2830

01:57:16,330 --> 01:57:13,520

and I will announce that anyone that

2831

01:57:18,930 --> 01:57:16,340

wants to know who's coming up all you

2832

01:57:21,669 --> 01:57:18,940

have to do is go on podcast UFO comm on

2833

01:57:24,729 --> 01:57:21,679

Sundays I always post it on Sundays who

2834

01:57:27,129 --> 01:57:24,739

the guest is also on the right hand side

2835

01:57:29,560 --> 01:57:27,139

bar there is a mailing list

2836

01:57:31,810 --> 01:57:29,570

anyone can join and you will get just

2837

01:57:34,929 --> 01:57:31,820

one newsletter a week and it basically

2838

01:57:37,899 --> 01:57:34,939

tells what's coming up on my shows now

2839

01:57:39,850 --> 01:57:37,909

the everything else show is temporarily

2840

01:57:42,339 --> 01:57:39,860

on pause right now I have some good

2841

01:57:45,159 --> 01:57:42,349

guests lined up but I may be going on a

2842

01:57:48,279 --> 01:57:45,169

internet radio station instead of

2843

01:57:50,500 --> 01:57:48,289

YouTube in particular on the Monday

2844

01:57:53,020 --> 01:57:50,510

night shows and if that happens it's

2845

01:57:54,850 --> 01:57:53,030

gonna switch to Tuesday night I do think

2846

01:57:57,669 --> 01:57:54,860

there's a chat room available though and

2847

01:58:00,299 --> 01:57:57,679

I will announce all that as that

2848

01:58:03,699 --> 01:58:00,309

progresses but thanks so much everyone

2849

01:58:06,520 --> 01:58:03,709

it's always always fun for me to do

2850

01:58:11,080 --> 01:58:06,530

these shows and I enjoyed Kevin tonight

2851

01:58:12,279 --> 01:58:11,090

and I also enjoyed the calls and thanks

2852

01:58:14,409 --> 01:58:12,289

so much for listening and if you're

2853

01:58:16,299 --> 01:58:14,419

listening because you're supporting the

2854

01:58:19,569 --> 01:58:16,309

show I really appreciate it

2855

01:58:26,380 --> 01:58:19,579

always alright everyone so remember to
