1
00:00:05,960 --> 00:00:05,059
go and it hits me oh my gosh this is

2
00:00:07,099 --> 00:00:05,970
that triangle

3
00:00:08,210 --> 00:00:07,109
you know there's explanation for

4
00:00:09,530 --> 00:00:08,220
everything that occurred in the

5
00:00:11,690 --> 00:00:09,540
Rendlesham forest incident

6
00:00:14,360 --> 00:00:11,700
it wasn't involvement aliens at all it

7
00:00:17,269 --> 00:00:14,370
was completely silent it comes right

8
00:00:19,519 --> 00:00:17,279
over our head it's so a classic

9
00:00:21,349 --> 00:00:19,529
flying-saucer really standing in the

10
00:00:22,820 --> 00:00:21,359
clearing he turned over to my father and

11
00:00:28,640 --> 00:00:22,830
held his hand and he looked in his eyes

12
00:00:31,999 --> 00:00:28,650
and said we're not alone welcome to

13
00:00:33,920 --> 00:00:32,009

active Facebook page hello and welcome

22

00:00:57,049 --> 00:00:53,430

to the show I'm Martyn Willis your host

23

00:00:59,209 --> 00:00:57,059

and guess what Thanksgiving my favorite

24

00:01:01,760 --> 00:00:59,219

holiday is tomorrow in the United States

25

00:01:04,670 --> 00:01:01,770

so if you celebrate Thanksgiving I hope

26

00:01:07,250 --> 00:01:04,680

you have a happy and a wonderful

27

00:01:10,730 --> 00:01:07,260

Thanksgiving it's also I can't believe

28

00:01:13,789 --> 00:01:10,740

this it's the 6-year anniversary TONIGHT

29

00:01:16,190 --> 00:01:13,799

of our show I'm having a little trouble

30

00:01:18,770 --> 00:01:16,200

getting to chat room to the chat room so

31

00:01:21,440 --> 00:01:18,780

I should be in there sooner or later if

32

00:01:25,670 --> 00:01:21,450

I figure this whole thing out our guest

33

00:01:28,130 --> 00:01:25,680

this evening is Jeremy Korbel he will be

34

00:01:31,039 --> 00:01:28,140

discussing his great new documentary

35

00:01:32,840 --> 00:01:31,049

film patience 17 I watched it on iTunes

36

00:01:34,550 --> 00:01:32,850

and I highly recommend it it's a great

37

00:01:36,380 --> 00:01:34,560

movie he's very well done I'm going to

38

00:01:39,530 --> 00:01:36,390

talk a little bit about that before our

39

00:01:42,649 --> 00:01:39,540

guests we have Alejandro Rojas with UFO

40

00:01:44,590 --> 00:01:42,659

updates and before I forget I've

41

00:01:47,660 --> 00:01:44,600

mentioned a number of times on the show

42

00:01:49,969 --> 00:01:47,670

even as late as last week with Lee

43

00:01:52,700 --> 00:01:49,979

Spiegel that a friend of mine at an

44

00:01:55,850 --> 00:01:52,710

auction house had an early UFO triangle

45

00:01:57,469 --> 00:01:55,860

sighting so I talked to her last week

46

00:02:01,300 --> 00:01:57,479

and I recorded it so I'm going to be

47

00:02:04,100 --> 00:02:01,310

playing that clip coming up when I

48

00:02:06,889 --> 00:02:04,110

introduced Alejandro into the show

49

00:02:08,359 --> 00:02:06,899

little housekeeping though I sent out a

50

00:02:11,029 --> 00:02:08,369

newsletter today there is going to be

51
00:02:12,640 --> 00:02:11,039
some changes coming up as I mentioned

52
00:02:15,580 --> 00:02:12,650
last week I had bitten off

53
00:02:18,970 --> 00:02:15,590
more than I could chew with the Monday

54
00:02:21,940 --> 00:02:18,980
night of the everything else show if I

55
00:02:23,619 --> 00:02:21,950
was retired it would matter at all

56
00:02:26,530 --> 00:02:23,629
but I do have to make a living and I

57
00:02:29,170 --> 00:02:26,540
have a very full plate it's actually

58
00:02:31,509 --> 00:02:29,180
overflowing at this point so it's really

59
00:02:35,470 --> 00:02:31,519
really hard and very stressful to me to

60
00:02:38,680 --> 00:02:35,480
do the Monday show so as it is I plan my

61
00:02:40,930 --> 00:02:38,690
shows on Wednesdays to stay home you

62
00:02:42,580 --> 00:02:40,940
know that's what I do as far as IO take

63
00:02:45,130 --> 00:02:42,590

every Wednesday off to make sure I'm

64

00:02:48,220 --> 00:02:45,140

here so I can do that so what will

65

00:02:51,970 --> 00:02:48,230

change well first of all we're going to

66

00:02:55,119 --> 00:02:51,980

be moving from the livestream YouTube to

67

00:02:58,030 --> 00:02:55,129

a larger live audience on kgr radio and

68

00:02:59,920 --> 00:02:58,040

that happens on December 13th there's a

69

00:03:02,559 --> 00:02:59,930

chat room there for listeners as well as

70

00:03:07,089 --> 00:03:02,569

phone screening a phone screening system

71

00:03:08,860 --> 00:03:07,099

that I can use actually for those of you

72

00:03:11,770 --> 00:03:08,870

who are listening right now live on

73

00:03:14,349 --> 00:03:11,780

YouTube well I hope that you will move

74

00:03:15,759 --> 00:03:14,359

over to the new platform I have tried to

75

00:03:18,520 --> 00:03:15,769

figure out if there's any way that I can

76

00:03:21,039 --> 00:03:18,530

run a YouTube livestream at the same

77

00:03:23,589 --> 00:03:21,049

time I don't think I can because I'd

78

00:03:25,539 --> 00:03:23,599

have to stop it on every break and as

79

00:03:29,080 --> 00:03:25,549

far as I know everything I've researched

80

00:03:31,839 --> 00:03:29,090

you can't restart an event that's live

81

00:03:32,979 --> 00:03:31,849

on YouTube so I would either have to

82

00:03:34,900 --> 00:03:32,989

have four shows

83

00:03:37,449 --> 00:03:34,910

I just wouldn't work so what I'm going

84

00:03:40,599 --> 00:03:37,459

to do I'll probably record a video along

85

00:03:42,309 --> 00:03:40,609

with audio and actually post them as I

86

00:03:45,339 --> 00:03:42,319

always have right from the beginning on

87

00:03:49,240 --> 00:03:45,349

YouTube so the full shows will be posted

88

00:03:51,789 --> 00:03:49,250

on YouTube and so so that's that's

89

00:03:56,170 --> 00:03:51,799

what's happening going over to kgr radio

90

00:03:58,240 --> 00:03:56,180

that happens on December 13th and so I

91

00:04:01,119 --> 00:03:58,250

suggest if you want more information you

92

00:04:03,580 --> 00:04:01,129

can visit the website podcast UFO calm I

93

00:04:06,909 --> 00:04:03,590

will be making a formal announcement

94

00:04:09,640 --> 00:04:06,919

through one of my newsletters and you

95

00:04:11,650 --> 00:04:09,650

can sign up for the the weekly guest

96

00:04:13,930 --> 00:04:11,660

notices and announcements on the

97

00:04:15,400 --> 00:04:13,940

right-hand sidebar you just have to pop

98

00:04:18,670 --> 00:04:15,410

in your email and that's it and confirm

99

00:04:21,060 --> 00:04:18,680

it I think when I first announced I was

100

00:04:23,350 --> 00:04:21,070

going to do the everything else show

101
00:04:26,510 --> 00:04:23,360
supporters some supporters weren't happy

102
00:04:28,640 --> 00:04:26,520
because my focus wasn't totally on UFO

103
00:04:30,830 --> 00:04:28,650
but I do have one more announcement and

104
00:04:34,000 --> 00:04:30,840
that is I am gonna mix in a different

105
00:04:36,469 --> 00:04:34,010
topic now and then on my regular podcast

106
00:04:37,969 --> 00:04:36,479
you have you know podcast UFO shows

107
00:04:41,120 --> 00:04:37,979
maybe once a month or something like

108
00:04:44,600 --> 00:04:41,130
that now I'm gonna make sure the main

109
00:04:47,810 --> 00:04:44,610
focus of the show is UFOs for all those

110
00:04:49,640 --> 00:04:47,820
people who have been supporting me right

111
00:04:52,219 --> 00:04:49,650
from the beginning I've been hearing

112
00:04:54,020 --> 00:04:52,229
from a lot of you lately and thank you

113
00:04:56,960 --> 00:04:54,030

so much for your support I really do

114

00:04:59,840 --> 00:04:56,970

appreciate it lastly there will be some

115

00:05:02,240 --> 00:04:59,850

show breaks and Alejandro is gonna be

116

00:05:04,310 --> 00:05:02,250

joining me for the first 25 minutes

117

00:05:05,840 --> 00:05:04,320

seizures are gone for 15 minutes so this

118

00:05:07,550 --> 00:05:05,850

will be great he's going to be on a

119

00:05:09,740 --> 00:05:07,560

little bit longer then there's about

120

00:05:13,189 --> 00:05:09,750

every half hour so there's breaks in the

121

00:05:16,670 --> 00:05:13,199

show there will be music for you that

122

00:05:18,650 --> 00:05:16,680

listen to the show as a podcast you'll

123

00:05:19,939 --> 00:05:18,660

just hear a little bit of music on the

124

00:05:22,430 --> 00:05:19,949

breaks that's it you won't hear any

125

00:05:24,320 --> 00:05:22,440

commercials or anything like that I hope

126

00:05:26,120 --> 00:05:24,330

you all understand I'm trying to do this

127

00:05:31,219 --> 00:05:26,130

for the good of the show to gain a wider

128

00:05:33,560 --> 00:05:31,229

audience and so that's it for me and

129

00:05:38,210 --> 00:05:33,570

that's certainly enough a lot to swallow

130

00:05:40,430 --> 00:05:38,220

Alejandro how are you doing I am doing

131

00:05:42,469 --> 00:05:40,440

well sorry for the pause I had to unmute

132

00:05:46,909 --> 00:05:42,479

oh yes that's right

133

00:05:50,029 --> 00:05:46,919

a mutiny alright hey I 100 me yes I look

134

00:05:52,250 --> 00:05:50,039

and I have a guest like you said it's a

135

00:05:54,980 --> 00:05:52,260

holiday so family comes in I didn't any

136

00:05:57,409 --> 00:05:54,990

some people I see like you're gonna have

137

00:06:01,279 --> 00:05:57,419

to move a little bit more there he is

138

00:06:03,980 --> 00:06:01,289

who's that hello alright that is my

139

00:06:06,020 --> 00:06:03,990

cousin Jason hi Jason welcome to the

140

00:06:07,790 --> 00:06:06,030

show he's on the easy nursery

141

00:06:12,379 --> 00:06:07,800

Thanksgiving show we get it all going

142

00:06:16,040 --> 00:06:12,389

tonight yeah when I began my paranormal

143

00:06:19,700 --> 00:06:16,050

adventures he was my buddy

144

00:06:22,700 --> 00:06:19,710

My partner oh really and a sidekick no

145

00:06:24,560 --> 00:06:22,710

more than a sidekick yeah more like a

146

00:06:29,240 --> 00:06:24,570

partner well some kick is good you

147

00:06:31,640 --> 00:06:29,250

blazed the trail alright I went so I've

148

00:06:33,500 --> 00:06:31,650

been talking about this UFO triangle

149

00:06:34,820 --> 00:06:33,510

sighting so Alejandro you don't mind if

150

00:06:37,190 --> 00:06:34,830

I play it in the beginning here before

151

00:06:39,470 --> 00:06:37,200

the newest do you now this sounds

152

00:06:41,390 --> 00:06:39,480

interesting I'm excited to hear it

153

00:06:45,290 --> 00:06:41,400

yes okay well here it here it goes it's

154

00:06:47,810 --> 00:06:45,300

a pre-recorded clip alright so this is a

155

00:06:50,870 --> 00:06:47,820

pre-recorded segment and I'm with my

156

00:06:53,540 --> 00:06:50,880

good friend Kathy now I have told this

157

00:06:54,800 --> 00:06:53,550

story a number of times and I wanted to

158

00:06:58,070 --> 00:06:54,810

get it straight from her because you

159

00:07:02,870 --> 00:06:58,080

never know how memory works but uh so

160

00:07:05,360 --> 00:07:02,880

Kathy welcome to show and Kathy so I I

161

00:07:08,240 --> 00:07:05,370

was at the auction gallery and I was

162

00:07:11,150 --> 00:07:08,250

cataloging I believe and somehow you saw

163

00:07:14,930 --> 00:07:11,160

that I did a show on YouTube online how

164

00:07:17,870 --> 00:07:14,940

did that happen I believe it's something

165

00:07:20,750 --> 00:07:17,880

that you know John yeah you know John

166

00:07:22,640 --> 00:07:20,760

was telling me about and I think you

167

00:07:25,400 --> 00:07:22,650

sent a link to somebody about something

168

00:07:27,800 --> 00:07:25,410

and I started watching it and that was

169

00:07:32,540 --> 00:07:27,810

pretty interesting and I think I told

170

00:07:35,930 --> 00:07:32,550

you I had a very yes so that's why

171

00:07:37,850 --> 00:07:35,940

you're on the show so you're not someone

172

00:07:40,130 --> 00:07:37,860

that normally pays attention to UFO

173

00:07:41,630 --> 00:07:40,140

shows or anything like that but you I

174

00:07:43,730 --> 00:07:41,640

remember you coming out to the gallery

175

00:07:46,130 --> 00:07:43,740

and said hey I had a UFO experience so

176

00:07:48,290 --> 00:07:46,140

can you tell the listening audience

177

00:07:51,740 --> 00:07:48,300

exactly what happened and first of all

178

00:07:53,600 --> 00:07:51,750

start out what year was that you know

179

00:07:55,520 --> 00:07:53,610

something I was trying to remember that

180

00:07:58,670 --> 00:07:55,530

after I had spoken to you a little bit I

181

00:08:02,210 --> 00:07:58,680

think I was 18 years old right around me

182

00:08:06,980 --> 00:08:02,220

it was it was like 1975 1976 right

183

00:08:10,310 --> 00:08:06,990

around Mia okay and we live in its which

184

00:08:12,770 --> 00:08:10,320

yep I was living in at the time and we

185

00:08:14,300 --> 00:08:12,780

were going shopping to Beverly this is

186

00:08:16,880 --> 00:08:14,310

in Massachusetts by the way for the

187

00:08:19,430 --> 00:08:16,890

listener yep and he has a little

188

00:08:21,110 --> 00:08:19,440

shortcut that you can take it's called

189

00:08:23,000 --> 00:08:21,120

Mill Road mm-hm

190

00:08:24,530 --> 00:08:23,010

so we would cut through there to get um

191

00:08:26,240 --> 00:08:24,540

you know you didn't have to take like

192

00:08:28,820 --> 00:08:26,250

180 or a highway it was like a little

193

00:08:32,330 --> 00:08:28,830

back road so it's my mom and my aunt

194

00:08:34,520 --> 00:08:32,340

Winnie so right my mom just passed she

195

00:08:38,360 --> 00:08:34,530

was 86 and my aunt Winnie is still alive

196

00:08:41,360 --> 00:08:38,370

she's 90 and I was with my cousin Judy

197

00:08:43,880 --> 00:08:41,370

and we were driving down the road and it

198

00:08:45,740 --> 00:08:43,890

was very much farmland there very few

199

00:08:48,980 --> 00:08:45,750

houses and we got you this one spot and

200

00:08:50,420 --> 00:08:48,990

it was a very very open field and all of

201
00:08:51,830 --> 00:08:50,430
a sudden we were like when we were

202
00:08:52,850 --> 00:08:51,840
driving we were kind of noticing these

203
00:08:55,160 --> 00:08:52,860
three

204
00:08:57,650 --> 00:08:55,170
lights and they would different colors

205
00:09:01,300 --> 00:08:57,660
like red I don't remember exactly the

206
00:09:03,500 --> 00:09:01,310
colors but like I know a yellowish red I

207
00:09:05,690 --> 00:09:03,510
don't think there was like blue but they

208
00:09:07,940 --> 00:09:05,700
were they were very very bright lights

209
00:09:10,970 --> 00:09:07,950
shaped in like a triangle

210
00:09:13,490 --> 00:09:10,980
now when what time of day was this it

211
00:09:17,900 --> 00:09:13,500
was night it was dark

212
00:09:22,910 --> 00:09:17,910
okay oh yeah it was probably I'm gonna

213
00:09:24,440 --> 00:09:22,920

say you know probably six o'clock 5:30 6

214

00:09:26,569 --> 00:09:24,450

o'clock it was like in more in the

215

00:09:29,720 --> 00:09:26,579

winter time so it was dark earlier

216

00:09:31,490 --> 00:09:29,730

yeah so we are going down the road and

217

00:09:33,860 --> 00:09:31,500

seeing these rights and I kept saying to

218

00:09:36,620 --> 00:09:33,870

my mother oh my God look in there is an

219

00:09:38,389 --> 00:09:36,630

airport there Beverly Airport and I kept

220

00:09:40,220 --> 00:09:38,399

saying mom oh my God look at that thing

221

00:09:42,199 --> 00:09:40,230

in the sky my mother's like you know be

222

00:09:45,380 --> 00:09:42,209

quiet it's just a plain nice a month

223

00:09:48,860 --> 00:09:45,390

that is not a plane I said it's very

224

00:09:51,440 --> 00:09:48,870

very low so when we got to the clearing

225

00:09:53,930 --> 00:09:51,450

of the field my aunt when he pulled over

226

00:09:56,150 --> 00:09:53,940

and we rolled down the windows and this

227

00:09:59,269 --> 00:09:56,160

thing was just like hovering he was

228

00:10:02,930 --> 00:09:59,279

hovering over us and there was you could

229

00:10:05,810 --> 00:10:02,940

see like a shape but not really a shape

230

00:10:09,079 --> 00:10:05,820

it was like it was like almost foggy I

231

00:10:11,030 --> 00:10:09,089

don't explain it and I got out of the

232

00:10:14,420 --> 00:10:11,040

time my mother's I get in the time I'm

233

00:10:17,240 --> 00:10:14,430

like oh my god it was like literally no

234

00:10:20,480 --> 00:10:17,250

noise no nothing and the huge option

235

00:10:23,420 --> 00:10:20,490

object was just hovering over us total

236

00:10:25,519 --> 00:10:23,430

silence was it right now you know the

237

00:10:27,380 --> 00:10:25,529

silence part the silence part is the

238

00:10:32,269 --> 00:10:27,390

part that always gets me so was this

239

00:10:35,000 --> 00:10:32,279

like right exactly over your car right

240

00:10:38,150 --> 00:10:35,010

over I passed my mom was having like a

241

00:10:41,420 --> 00:10:38,160

nervous breakdown and all of a sudden I

242

00:10:43,490 --> 00:10:41,430

just and went just shut until we would

243

00:10:46,009 --> 00:10:43,500

you it just shot it just left it shot

244

00:10:48,590 --> 00:10:46,019

off so we were like oh my god like we

245

00:10:51,170 --> 00:10:48,600

were really like oh my god what was that

246

00:10:53,120 --> 00:10:51,180

my mom was convinced you know oh stop

247

00:10:55,579 --> 00:10:53,130

thinking it was something bad and I'm

248

00:10:58,130 --> 00:10:55,589

like mom he was no sense like that was

249

00:11:00,560 --> 00:10:58,140

something really weird so we went

250

00:11:02,720 --> 00:11:00,570

shopping went about our business and

251
00:11:04,579 --> 00:11:02,730
we're coming home and when we came home

252
00:11:06,260 --> 00:11:04,589
we went the same way was going really

253
00:11:09,440 --> 00:11:06,270
slow to kind of look and then

254
00:11:11,210 --> 00:11:09,450
next day it was on frontpage I believe

255
00:11:14,180 --> 00:11:11,220
it was either the Ipswich Chronicle of

256
00:11:15,500 --> 00:11:14,190
the Salem news that I was not doing we

257
00:11:17,840 --> 00:11:15,510
were not the only people that saw that

258
00:11:19,730 --> 00:11:17,850
several people saw it right when it was

259
00:11:21,530 --> 00:11:19,740
on the front page of the newspaper

260
00:11:23,060 --> 00:11:21,540
somebody had taken a picture I don't

261
00:11:25,460 --> 00:11:23,070
know with what we didn't have cell

262
00:11:28,190 --> 00:11:25,470
phones or anything back then and it was

263
00:11:29,560 --> 00:11:28,200

a picture of this thing exactly how we

264

00:11:33,200 --> 00:11:29,570

saw it in the paper

265

00:11:35,810 --> 00:11:33,210

excellent now my story that is wonderful

266

00:11:38,420 --> 00:11:35,820

thanks so much and I'm wondering if a

267

00:11:40,790 --> 00:11:38,430

lot of times you can nail down you know

268

00:11:42,740 --> 00:11:40,800

the if you can't really remember the

269

00:11:44,900 --> 00:11:42,750

year that makes it tough now I don't

270

00:11:46,520 --> 00:11:44,910

know if you can talk to your aunt and if

271

00:11:48,650 --> 00:11:46,530

she may be able to remember the year

272

00:11:50,090 --> 00:11:48,660

that happened but a lot of times you can

273

00:11:52,430 --> 00:11:50,100

go back and you can research these

274

00:11:56,110 --> 00:11:52,440

things and I'm actually gonna pass this

275

00:11:58,520 --> 00:11:56,120

information along to someone that does

276

00:12:01,670 --> 00:11:58,530

investigation on triangle UFO s because

277

00:12:04,460 --> 00:12:01,680

1975 is fairly early you don't hear of a

278

00:12:07,490 --> 00:12:04,470

lot of them that early so it was like 75

279

00:12:11,180 --> 00:12:07,500

76 its rate in that time because I was

280

00:12:14,000 --> 00:12:11,190

still living at home yeah I talked to my

281

00:12:17,810 --> 00:12:14,010

aunt about it and she said that she

282

00:12:19,520 --> 00:12:17,820

remembered the life and you know she

283

00:12:21,830 --> 00:12:19,530

goes oh yeah I remember that

284

00:12:23,720 --> 00:12:21,840

and we talked about it a little bit but

285

00:12:25,190 --> 00:12:23,730

she didn't remember I cuz I said when he

286

00:12:26,630 --> 00:12:25,200

really what do you remember where we

287

00:12:28,610 --> 00:12:26,640

were go with like said II know we were

288

00:12:30,080 --> 00:12:28,620

going shopping to Beverly I said but you

289

00:12:32,750 --> 00:12:30,090

like remember where we were going and

290

00:12:36,950 --> 00:12:32,760

she said no she goes oh my god I can't

291

00:12:39,740 --> 00:12:36,960

believe you remembered that yeah well

292

00:12:42,020 --> 00:12:39,750

excellent Cathy thanks so much all right

293

00:12:44,350 --> 00:12:42,030

you're welcome all right and talk to you

294

00:12:46,880 --> 00:12:44,360

later thank you

295

00:12:48,980 --> 00:12:46,890

alright so Alejandra we're back I don't

296

00:12:52,010 --> 00:12:48,990

know if your muted again but you want to

297

00:12:55,850 --> 00:12:52,020

unmute so what do you think of that

298

00:12:57,530 --> 00:12:55,860

that's an early triangle because Taha

299

00:13:01,910 --> 00:12:57,540

talked to Lee last week and he said his

300

00:13:07,130 --> 00:13:01,920

1978 1978 I think it's when he had his

301
00:13:08,990 --> 00:13:07,140
was early very early for a triangle yeah

302
00:13:12,500 --> 00:13:09,000
yeah I mean that is pretty early

303
00:13:15,500 --> 00:13:12,510
although you know David marler who wrote

304
00:13:18,260 --> 00:13:15,510
the book on triangle UFOs literally he

305
00:13:19,700 --> 00:13:18,270
has some going back he I think into 1800

306
00:13:22,310 --> 00:13:19,710
so yeah

307
00:13:25,370 --> 00:13:22,320
right I know in the beginning but if

308
00:13:27,350 --> 00:13:25,380
they were very infrequent you know after

309
00:13:29,500 --> 00:13:27,360
you know in this 70's anyway I mean I

310
00:13:32,210 --> 00:13:29,510
think there's only a handful of them

311
00:13:35,240 --> 00:13:32,220
yeah you're right it wasn't until

312
00:13:38,690 --> 00:13:35,250
especially Belgium that they got really

313
00:13:40,820 --> 00:13:38,700

big and you know what's interesting

314

00:13:44,270 --> 00:13:40,830

about them and we've talked about this

315

00:13:49,480 --> 00:13:44,280

before but is that it does seem that

316

00:13:51,920 --> 00:13:49,490

triangular sightings are more blatant

317

00:13:55,640 --> 00:13:51,930

you know out of all the sightings out

318

00:13:58,430 --> 00:13:55,650

there when people report you know more

319

00:14:01,400 --> 00:13:58,440

than any other type of craft the

320

00:14:05,180 --> 00:14:01,410

triangles are right over the car or you

321

00:14:07,130 --> 00:14:05,190

know very visible and I think that's

322

00:14:09,800 --> 00:14:07,140

fascinating now I talked to Tom DeLonge

323

00:14:11,810 --> 00:14:09,810

about this and it's funny because you

324

00:14:14,030 --> 00:14:11,820

know speaking about Tom DeLonge last

325

00:14:16,610 --> 00:14:14,040

week you know your your listener asked

326

00:14:18,170 --> 00:14:16,620

me that question but Tom DeLonge says

327

00:14:20,900 --> 00:14:18,180

that's the case because those are

328

00:14:23,720 --> 00:14:20,910

definitely all ours because in his

329

00:14:25,280 --> 00:14:23,730

scenario you know they've developed this

330

00:14:29,000 --> 00:14:25,290

technology in order to keep the bad

331

00:14:30,890 --> 00:14:29,010

alien to a type of thing but I don't

332

00:14:32,510 --> 00:14:30,900

know you know otherwise I've talked to

333

00:14:35,230 --> 00:14:32,520

people who have seen them who are

334

00:14:38,420 --> 00:14:35,240

certain that they're not all ours and

335

00:14:39,950 --> 00:14:38,430

you know Bob Bigelow did a report with

336

00:14:41,900 --> 00:14:39,960

the National Institute of Discovery

337

00:14:45,650 --> 00:14:41,910

Sciences and they determined that

338

00:14:48,020 --> 00:14:45,660

they're not ours at all and all 19 so

339

00:14:50,420 --> 00:14:48,030

it's really hard the same 1975 I

340

00:14:53,660 --> 00:14:50,430

couldn't imagine that we'd have that

341

00:14:55,400 --> 00:14:53,670

technology in 1975 and see that's a

342

00:14:57,410 --> 00:14:55,410

great point that's a good argument even

343

00:14:59,960 --> 00:14:57,420

in the late 80s when they started seeing

344

00:15:02,900 --> 00:14:59,970

him in Belgium the technology that they

345

00:15:05,930 --> 00:15:02,910

would have something like that it's hard

346

00:15:08,300 --> 00:15:05,940

to believe it would seem we would we

347

00:15:10,730 --> 00:15:08,310

would know something about it after all

348

00:15:13,100 --> 00:15:10,740

this time you know be I mean people like

349

00:15:16,730 --> 00:15:13,110

Stan Friedman will say you know a secret

350

00:15:18,350 --> 00:15:16,740

can be kept but I really don't think if

351

00:15:21,140 --> 00:15:18,360

we had something military going all the

352

00:15:22,900 --> 00:15:21,150

way that back far that that you know

353

00:15:29,150 --> 00:15:22,910

back as far as that that it could be

354

00:15:31,130 --> 00:15:29,160

kept secret that long I mean maybe yeah

355

00:15:32,990 --> 00:15:31,140

I mean someone asked well I mentioned

356

00:15:35,690 --> 00:15:33,000

you know Tom DeLonge if like I said last

357

00:15:37,730 --> 00:15:35,700

week I'm not as interested I am

358

00:15:39,920 --> 00:15:37,740

interested you know speculation we all

359

00:15:42,350 --> 00:15:39,930

speculate and he's got some interesting

360

00:15:45,290 --> 00:15:42,360

ideas and and that's what these all are

361

00:15:48,140 --> 00:15:45,300

our ideas I think until we can prove

362

00:15:50,960 --> 00:15:48,150

otherwise so even with Tom I mean it's

363

00:15:55,970 --> 00:15:50,970

an interesting idea and it answers that

364

00:15:58,970 --> 00:15:55,980

question as to why there so I mean Lee

365

00:16:00,710 --> 00:15:58,980

Spiegel sighting was completely obvious

366

00:16:02,240 --> 00:16:00,720

you know right above all these police

367

00:16:08,930 --> 00:16:02,250

officers and everything it was so

368

00:16:10,490 --> 00:16:08,940

blatant and if they are ours maybe that

369

00:16:12,190 --> 00:16:10,500

would be the case you know that reminds

370

00:16:14,750 --> 00:16:12,200

me

371

00:16:16,400 --> 00:16:14,760

Jason's dad had a really cool sighting

372

00:16:18,590 --> 00:16:16,410

like that and Aspen do you want to hear

373

00:16:21,170 --> 00:16:18,600

about that yeah from from Jason do you

374

00:16:23,060 --> 00:16:21,180

wanna yeah I want to say it Jason what

375

00:16:26,690 --> 00:16:23,070

happened sure you're gonna have to say

376

00:16:29,420 --> 00:16:26,700

ID over a little bit can you see him

377

00:16:30,920 --> 00:16:29,430

yeah see me can you hear me yeah I can

378

00:16:34,750 --> 00:16:30,930

hear you yeah you do need to get near

379

00:16:44,120 --> 00:16:41,870

hi alright so it was a 1987 and we were

380

00:16:45,980 --> 00:16:44,130

living it was actually in between Aspen

381

00:16:53,150 --> 00:16:45,990

and Glenwood Springs a town called

382

00:16:59,420 --> 00:16:53,160

basalt and he my dad told us about a

383

00:17:02,300 --> 00:16:59,430

situation that happened when we were we

384

00:17:04,429 --> 00:17:02,310

were there in the mountains and my mom

385

00:17:06,800 --> 00:17:04,439

and I had fallen asleep and he was

386

00:17:09,260 --> 00:17:06,810

fighting fighting the desire to fall

387

00:17:13,730 --> 00:17:09,270

asleep too and then all of a sudden he

388

00:17:16,429 --> 00:17:13,740

was woken up because there was a all the

389

00:17:18,740 --> 00:17:16,439

power went out and he looked outside and

390

00:17:21,620 --> 00:17:18,750

he saw that the streetlights had gone

391

00:17:24,290 --> 00:17:21,630

off and keep in mind this is a very

392

00:17:26,870 --> 00:17:24,300

rural area this is not in a town this is

393

00:17:29,660 --> 00:17:26,880

just a kind of little apartment building

394

00:17:31,850 --> 00:17:29,670

next to the highway and the river and so

395

00:17:34,300 --> 00:17:31,860

street light one street light at the end

396

00:17:37,100 --> 00:17:34,310

of the driveway was out which was

397

00:17:42,320 --> 00:17:37,110

uncharacteristic he stepped outside and

398

00:17:47,820 --> 00:17:45,660

kind of he felt the light he felt like a

399

00:17:49,020 --> 00:17:47,830

static in the air the short hairs on the

400

00:17:53,090 --> 00:17:49,030

back of his neck stood up

401
00:17:55,560 --> 00:17:53,100
and he came out to look up at the stars

402
00:17:58,650 --> 00:17:55,570
to see that the stars were blacked out

403
00:18:01,560 --> 00:17:58,660
in the shape of a giant more like a

404
00:18:05,670 --> 00:18:01,570
trapezoid so like a triangle with the

405
00:18:07,020 --> 00:18:05,680
pointy end at the tip cut off and he

406
00:18:08,640 --> 00:18:07,030
kind of talked about it like it was a

407
00:18:11,490 --> 00:18:08,650
giant Star Destroyer from Star Wars

408
00:18:16,950 --> 00:18:11,500
almost in that with that shape very

409
00:18:20,270 --> 00:18:16,960
slowly gliding overhead and as it

410
00:18:23,610 --> 00:18:20,280
disappeared them behind the mountain it

411
00:18:28,110 --> 00:18:23,620
suddenly all of the power came back on

412
00:18:30,690 --> 00:18:28,120
and that was the end of it went back

413
00:18:33,000 --> 00:18:30,700

inside and and told us all about it in

414

00:18:34,590 --> 00:18:33,010

the morning pretty exciting you do hear

415

00:18:37,140 --> 00:18:34,600

a lot of those cases where the power

416

00:18:39,360 --> 00:18:37,150

goes out whether it's a car you don't

417

00:18:41,250 --> 00:18:39,370

really hear too many stories where the

418

00:18:43,320 --> 00:18:41,260

power goes out like in houses and things

419

00:18:45,300 --> 00:18:43,330

like that but you definitely hear it

420

00:18:48,090 --> 00:18:45,310

when they're someone's car you know

421

00:18:49,590 --> 00:18:48,100

ignition stops many many stories thank

422

00:18:53,040 --> 00:18:49,600

you very much for that that's great

423

00:18:54,870 --> 00:18:53,050

yeah um alright so Alejandra I know

424

00:19:00,120 --> 00:18:54,880

we've we've eaten up a lot of your

425

00:19:03,500 --> 00:19:00,130

normal time do you have Jeff some UFO

426

00:19:07,110 --> 00:19:03,510

updates for us this week UFO updates

427

00:19:08,850 --> 00:19:07,120

deep deep deep ok yeah operator yeah

428

00:19:11,550 --> 00:19:08,860

yeah that was kind of the typewriter

429

00:19:13,940 --> 00:19:11,560

noise and for those of you who are

430

00:19:17,160 --> 00:19:13,950

younger what a typewriter was was like a

431

00:19:18,600 --> 00:19:17,170

thank you it like a keyboard it was the

432

00:19:20,730 --> 00:19:18,610

first keyboard you know I was thinking

433

00:19:25,080 --> 00:19:20,740

about something too and on a side note

434

00:19:28,620 --> 00:19:25,090

if you don't mind yeah is that who knew

435

00:19:30,780 --> 00:19:28,630

that you know you see the kids typing

436

00:19:33,600 --> 00:19:30,790

and we're all typing all the time when

437

00:19:35,250 --> 00:19:33,610

we were kids in typing class yeah you

438

00:19:36,810 --> 00:19:35,260

know kind of thought this is stupid I'm

439

00:19:40,320 --> 00:19:36,820

not going to be like a secretary or some

440

00:19:43,350 --> 00:19:40,330

typing papers who knew we would be

441

00:19:46,530 --> 00:19:43,360

typing like that was such a big deal now

442

00:19:48,660 --> 00:19:46,540

now it's like you know it's a huge deal

443

00:19:50,340 --> 00:19:48,670

we're all doing it constantly I can't

444

00:19:53,760 --> 00:19:50,350

write anymore I tried to write a letter

445

00:19:54,660 --> 00:19:53,770

yeah this to this elderly woman that was

446

00:19:56,340 --> 00:19:54,670

my father's

447

00:19:57,750 --> 00:19:56,350

you know girlfriend when he passed away

448

00:20:00,480 --> 00:19:57,760

tried to write her a letter the other

449

00:20:02,730 --> 00:20:00,490

day I can't read my writing anymore

450

00:20:04,070 --> 00:20:02,740

I'm so used to having everything amazing

451

00:20:09,900 --> 00:20:04,080

yeah I'm the same way

452

00:20:11,549 --> 00:20:09,910

so UFO sightings yeah there is this is

453

00:20:15,210 --> 00:20:11,559

kind of cool there was a it's getting a

454

00:20:19,080 --> 00:20:15,220

lot of attention to is that there's this

455

00:20:21,690 --> 00:20:19,090

um this group called the dad oh dude dad

456

00:20:24,510 --> 00:20:21,700

a duo and they essentially take data and

457

00:20:27,000 --> 00:20:24,520

make visual visualizations with it and

458

00:20:29,760 --> 00:20:27,010

they do some really cool stuff and they

459

00:20:32,159 --> 00:20:29,770

do these competitions where they compete

460

00:20:35,520 --> 00:20:32,169

so they take a set of data and then they

461

00:20:38,610 --> 00:20:35,530

will visualize it and then you can vote

462

00:20:41,280 --> 00:20:38,620

for who's you like one or the other the

463

00:20:44,730 --> 00:20:41,290

two people are a woman named pooja

464

00:20:47,520 --> 00:20:44,740

Gandhi and a man named Adam cray han run

465

00:20:50,610 --> 00:20:47,530

the site and do this challenge this week

466

00:20:52,590 --> 00:20:50,620

or this month they decided to do UFOs so

467

00:20:54,600 --> 00:20:52,600

they went to this site called Kegel that

468

00:20:56,070 --> 00:20:54,610

has a lot of different data sets that

469

00:20:59,640 --> 00:20:56,080

they've put together and one of those

470

00:21:02,669 --> 00:20:59,650

data sets are UFO sightings from 1960 to

471

00:21:04,530 --> 00:21:02,679

2014 I went to look at the site and it's

472

00:21:07,350 --> 00:21:04,540

actually from new Fork the national UFO

473

00:21:09,240 --> 00:21:07,360

Reporting Center who which is ran by

474

00:21:11,640 --> 00:21:09,250

Peter Davenport who you've had on the

475

00:21:13,620 --> 00:21:11,650

show quite a bit and I know you know him

476

00:21:15,990 --> 00:21:13,630

pretty well but these graphics were

477

00:21:17,640 --> 00:21:16,000

really cool they show kind of sightings

478

00:21:21,030 --> 00:21:17,650

all over the world and in the United

479

00:21:23,490 --> 00:21:21,040

States one of the things I did with the

480

00:21:25,890 --> 00:21:23,500

map is I noticed you know you can't just

481

00:21:27,299 --> 00:21:25,900

take sightings where our sightings about

482

00:21:29,820 --> 00:21:27,309

the most sightings and here's why

483

00:21:32,940 --> 00:21:29,830

because the most sightings are where the

484

00:21:36,360 --> 00:21:32,950

most people are you know and I took a

485

00:21:39,090 --> 00:21:36,370

picture of the United States at night

486

00:21:41,730 --> 00:21:39,100

they kind of graphically show this you

487

00:21:44,130 --> 00:21:41,740

can really see it and sure enough it

488

00:21:45,840 --> 00:21:44,140

lines up with their maps almost exactly

489

00:21:49,020 --> 00:21:45,850

because there's more lights where there

490

00:21:51,770 --> 00:21:49,030

are more people so what you have to do I

491

00:21:55,680 --> 00:21:51,780

think to get more accurate numbers is to

492

00:21:58,470 --> 00:21:55,690

figure out her population so divide you

493

00:22:00,630 --> 00:21:58,480

know like the number of sightings in a

494

00:22:02,130 --> 00:22:00,640

state by the by the population and you

495

00:22:04,080 --> 00:22:02,140

can get how many sightings per person

496

00:22:06,810 --> 00:22:04,090

and then you get I think more accurate

497

00:22:08,490 --> 00:22:06,820

idea of where the hot spots are so I did

498

00:22:11,580 --> 00:22:08,500

go to Cagle and got that data

499

00:22:13,710 --> 00:22:11,590

said that they used and I I ran those

500

00:22:17,370 --> 00:22:13,720

numbers to check that out and see where

501
00:22:19,350 --> 00:22:17,380
the more sightings per person the the

502
00:22:21,960 --> 00:22:19,360
interesting things to pop up Washington

503
00:22:23,850 --> 00:22:21,970
pops up to the top but that's where new

504
00:22:26,040 --> 00:22:23,860
Fork is headquartered and they do get

505
00:22:28,800 --> 00:22:26,050
quite a few quite a bit of press out

506
00:22:30,540 --> 00:22:28,810
there you know he's kind of in the

507
00:22:32,760 --> 00:22:30,550
northwest when they write a story about

508
00:22:35,430 --> 00:22:32,770
UFOs they'll often go to Peter Davenport

509
00:22:37,680 --> 00:22:35,440
he's like their guy local guy to talk to

510
00:22:39,420 --> 00:22:37,690
you which makes sense and so they get a

511
00:22:40,320 --> 00:22:39,430
lot of reports there but when you look

512
00:22:42,930 --> 00:22:40,330
at the other states

513
00:22:44,790 --> 00:22:42,940

Oregon's really high up there I showed

514

00:22:47,100 --> 00:22:44,800

some numbers that I took from 2014 and

515

00:22:49,350 --> 00:22:47,110

you see Oregon was pretty high up on

516

00:22:51,180 --> 00:22:49,360

that one as well which is really

517

00:22:54,450 --> 00:22:51,190

interesting that organ should be so high

518

00:22:56,910 --> 00:22:54,460

my numbers that I did in 2014 were MUFON

519

00:22:59,250 --> 00:22:56,920

numbers but they do correlate with Peter

520

00:23:00,450 --> 00:22:59,260

Davenport's pretty well other states

521

00:23:03,930 --> 00:23:00,460

that are pretty high up there are

522

00:23:07,550 --> 00:23:03,940

Arizona New Mexico New Hampshire Idaho

523

00:23:10,560 --> 00:23:07,560

Nevada Colorado Rhode Island Connecticut

524

00:23:12,690 --> 00:23:10,570

Utah some of those are so the per

525

00:23:14,520 --> 00:23:12,700

population those are some of the places

526

00:23:17,700 --> 00:23:14,530

that you get which I think are more

527

00:23:19,920 --> 00:23:17,710

realistic as hot spots but still these

528

00:23:21,810 --> 00:23:19,930

visualizations that these the data duo

529

00:23:23,670 --> 00:23:21,820

did are really cool because you can

530

00:23:25,890 --> 00:23:23,680

highlight the different graphics and

531

00:23:27,120 --> 00:23:25,900

stuff they have and information about

532

00:23:29,250 --> 00:23:27,130

them will pop up

533

00:23:30,960 --> 00:23:29,260

I'd open mine stat TV I just have the

534

00:23:33,330 --> 00:23:30,970

images highlighted there but if you

535

00:23:36,180 --> 00:23:33,340

click on the images it'll take you to

536

00:23:38,310 --> 00:23:36,190

the interactive visualizations that you

537

00:23:40,710 --> 00:23:38,320

can kind of play with things and get all

538

00:23:42,210 --> 00:23:40,720

the data on so they're really cool and

539

00:23:44,700 --> 00:23:42,220

what's kind of funny is I wrote this

540

00:23:46,890 --> 00:23:44,710

story what bustled wrote a story a

541

00:23:48,420 --> 00:23:46,900

website called bustled and I that's

542

00:23:51,720 --> 00:23:48,430

where I found out about it and then I

543

00:23:53,160 --> 00:23:51,730

wrote more about it but now these maps

544

00:23:54,930 --> 00:23:53,170

are popping up all over the place so a

545

00:23:57,300 --> 00:23:54,940

lot of the media is picking up on these

546

00:23:59,490 --> 00:23:57,310

maps and posting them all over the place

547

00:24:02,010 --> 00:23:59,500

which is kind of cool because it's you

548

00:24:04,410 --> 00:24:02,020

know it's one of the things reasons why

549

00:24:06,900 --> 00:24:04,420

and I mention her book Cheryl Costa

550

00:24:09,210 --> 00:24:06,910

wrote a book about sightings and where

551
00:24:10,920 --> 00:24:09,220
they're reported and her book got a lot

552
00:24:13,080 --> 00:24:10,930
of attention for two reasons first of

553
00:24:14,580 --> 00:24:13,090
all she did a great job getting out

554
00:24:18,240 --> 00:24:14,590
there and getting the word out about her

555
00:24:21,690 --> 00:24:18,250
book but second of all people want to

556
00:24:25,560 --> 00:24:21,700
know about UFO sightings in there

557
00:24:29,039 --> 00:24:25,570
area you know and that's what this map

558
00:24:31,889 --> 00:24:29,049
and her book allows which I think plays

559
00:24:33,570 --> 00:24:31,899
well with the local press too so yeah

560
00:24:34,740 --> 00:24:33,580
that was pretty interesting stuff what

561
00:24:37,289 --> 00:24:34,750
do you think I know you looked at that

562
00:24:41,519 --> 00:24:37,299
yeah I did check it out and it occurred

563
00:24:43,379 --> 00:24:41,529

to me I wondered how when you mentioned

564

00:24:45,330 --> 00:24:43,389

that you know Washington was a focus

565

00:24:50,090 --> 00:24:45,340

Peter Davenport's located there it also

566

00:24:53,370 --> 00:24:50,100

made me wonder about how easily accessed

567

00:24:55,080 --> 00:24:53,380

reporting sightings are how much of a

568

00:24:57,480 --> 00:24:55,090

difference that makes in other words

569

00:24:59,610 --> 00:24:57,490

like if you did this very same thing in

570

00:25:01,350 --> 00:24:59,620

Europe what would it look like you know

571

00:25:04,230 --> 00:25:01,360

what type of reporting centers do they

572

00:25:08,100 --> 00:25:04,240

have and or you know how can you report

573

00:25:10,919 --> 00:25:08,110

a UFO and say you know France or play

574

00:25:13,169 --> 00:25:10,929

something like that so per country would

575

00:25:16,049 --> 00:25:13,179

be really interesting as well not just

576

00:25:18,299 --> 00:25:16,059

yeah you would need some different data

577

00:25:20,460 --> 00:25:18,309

sets so for example MUFON does have a

578

00:25:23,930 --> 00:25:20,470

pretty strong presence throughout other

579

00:25:26,100 --> 00:25:23,940

countries whereas new Fork not so much

580

00:25:28,830 --> 00:25:26,110

Canada of course there's Chris Bukowski

581

00:25:30,899 --> 00:25:28,840

and I forget the name of his group but

582

00:25:33,480 --> 00:25:30,909

they do a lot of reporting collection

583

00:25:35,399 --> 00:25:33,490

and analysis so he's pretty popular up

584

00:25:37,639 --> 00:25:35,409

there and gets a lot in France of course

585

00:25:40,169 --> 00:25:37,649

that's pretty much the only Western

586

00:25:42,710 --> 00:25:40,179

country where they have an official

587

00:25:46,950 --> 00:25:42,720

government agency under their space

588

00:25:48,889 --> 00:25:46,960

administration essentially so they get a

589

00:25:52,740 --> 00:25:48,899

lot of reports there and you can go to

590

00:25:54,750 --> 00:25:52,750

Japan France's UFO organizations website

591

00:25:57,000 --> 00:25:54,760

and they post right on the front page

592

00:25:59,580 --> 00:25:57,010

their statistics some of their top

593

00:26:01,799 --> 00:25:59,590

sightings and stuff like that so yeah

594

00:26:04,379 --> 00:26:01,809

that would take a more a bigger effort

595

00:26:06,269 --> 00:26:04,389

from someone but it's something that's

596

00:26:09,029 --> 00:26:06,279

probably worth doing that would be

597

00:26:11,310 --> 00:26:09,039

really interesting well so hey I want

598

00:26:13,590 --> 00:26:11,320

you to have a great Thanksgiving and I

599

00:26:16,230 --> 00:26:13,600

can you appreciate you know your your

600

00:26:19,200 --> 00:26:16,240

cousin and you stopping in for our show

601
00:26:20,340 --> 00:26:19,210
uh-huh thank you for you thanks for

602
00:26:22,860 --> 00:26:20,350
letting us our pleasure

603
00:26:24,659 --> 00:26:22,870
Happy Thanksgiving you happy turkey day

604
00:26:26,970 --> 00:26:24,669
people yeah that's right

605
00:26:27,950 --> 00:26:26,980
all right well you take care and I'll

606
00:26:30,750 --> 00:26:27,960
talk to you next week

607
00:26:33,960 --> 00:26:30,760
Taiki later all right all right everyone

608
00:26:34,610 --> 00:26:33,970
so that is that's it for Alejandro now

609
00:26:37,919 --> 00:26:34,620
our guy

610
00:26:40,799 --> 00:26:37,929
I'm gonna be bringing in a Jeremy Jeremy

611
00:26:43,919 --> 00:26:40,809
Korbel he's an artist he's a filmmaker

612
00:26:47,730 --> 00:26:43,929
does an excellent job extraordinary

613
00:26:50,249 --> 00:26:47,740

beliefs is his website and we got a lot

614

00:26:55,110 --> 00:26:50,259

to talk about Jeremy I hope you unmuted

615

00:26:59,930 --> 00:26:55,120

your mic how are you Jeremy I still

616

00:27:03,539 --> 00:26:59,940

can't hear you Jeremy Jeremy you there

617

00:27:04,379 --> 00:27:03,549

don't tell me I lost them all right hang

618

00:27:13,049 --> 00:27:04,389

on everyone

619

00:27:16,529 --> 00:27:13,059

I don't see him library so the new Skype

620

00:27:19,190 --> 00:27:16,539

I always have my Skype sounds muted the

621

00:27:22,529 --> 00:27:19,200

new Skype does not have that option um

622

00:27:23,009 --> 00:27:22,539

not too happy about that Jeremy can you

623

00:27:25,860 --> 00:27:23,019

hear me

624

00:27:28,680 --> 00:27:25,870

I sure can how you doing good and I want

625

00:27:31,320 --> 00:27:28,690

to also I want to tell the listener what

626

00:27:33,600 --> 00:27:31,330

dedication you have you your your

627

00:27:36,269 --> 00:27:33,610

internet went out and you took your car

628

00:27:39,269 --> 00:27:36,279

and you drove somewhere on top of a

629

00:27:41,820 --> 00:27:39,279

mountain somewhere in California thank

630

00:27:44,039 --> 00:27:41,830

you so much that's dead ego that's right

631

00:27:46,169 --> 00:27:44,049

yeah I live really you know remotely out

632

00:27:47,610 --> 00:27:46,179

there in the Mojave Desert and the only

633

00:27:50,549 --> 00:27:47,620

connection I have to the outside world

634

00:27:52,680 --> 00:27:50,559

is this tiny little 10 inch dish and it

635

00:27:54,539 --> 00:27:52,690

was acting a little bit freaky so I kind

636

00:27:56,730 --> 00:27:54,549

of drove up to one of the mountains we

637

00:27:57,990 --> 00:27:56,740

have out here a pioneer town California

638

00:28:01,200 --> 00:27:58,000

and I'm broadcasting the middle of

639

00:28:03,299 --> 00:28:01,210

Mojave from a mountaintop Wow and you

640

00:28:06,570 --> 00:28:03,309

sound crystal-clear so I am excited

641

00:28:08,700 --> 00:28:06,580

about that so let's see we had you on I

642

00:28:10,470 --> 00:28:08,710

think it was Wow it's got to be like

643

00:28:11,850 --> 00:28:10,480

three or four years tonight tonight I

644

00:28:14,009 --> 00:28:11,860

don't know if you heard us announce this

645

00:28:15,899 --> 00:28:14,019

but it is the it is the sixth

646

00:28:18,869 --> 00:28:15,909

anniversary of the show I can't even

647

00:28:21,990 --> 00:28:18,879

believe it Wow congratulations

648

00:28:25,230 --> 00:28:22,000

yeah yeah I was just I don't know just I

649

00:28:27,720 --> 00:28:25,240

happen to look and it was this night I

650

00:28:30,509 --> 00:28:27,730

talked to Steven Bassett he was the

651

00:28:32,310 --> 00:28:30,519

first person the first guinea pig to be

652

00:28:35,789 --> 00:28:32,320

on my show and I did a terrible job was

653

00:28:39,899 --> 00:28:35,799

not so good so almost 300 shows later

654

00:28:42,629 --> 00:28:39,909

here we are and I still I gotta tell you

655

00:28:45,360 --> 00:28:42,639

I know just as much about UFOs as I did

656

00:28:46,950 --> 00:28:45,370

when I started and that's that's nothing

657

00:28:49,530 --> 00:28:46,960

yeah

658

00:28:52,890 --> 00:28:49,540

we actually only know one thing about

659

00:28:54,270 --> 00:28:52,900

UFOs definitively and that's really

660

00:28:55,530 --> 00:28:54,280

fascinating like that came from a

661

00:28:58,200 --> 00:28:55,540

conversation I was having with Jacques

662

00:29:00,300 --> 00:28:58,210

de la he recently visited we were able

663

00:29:02,760 --> 00:29:00,310

to compare notes on elemental and

664

00:29:05,460 --> 00:29:02,770

isotopic analysis and when he came out

665

00:29:08,610 --> 00:29:05,470

we were talking about the one thing that

666

00:29:12,300 --> 00:29:08,620

is known about UFOs scientifically and

667

00:29:14,910 --> 00:29:12,310

that is that UFOs represent a huge

668

00:29:17,100 --> 00:29:14,920

amount of energy in a small amount of

669

00:29:18,570 --> 00:29:17,110

space and that that has been proven to

670

00:29:21,630 --> 00:29:18,580

the most people's satisfaction other

671

00:29:24,450 --> 00:29:21,640

than that is anybody's guess Wow I have

672

00:29:29,430 --> 00:29:24,460

never heard it put that way before now I

673

00:29:32,390 --> 00:29:29,440

know sharks philosophy on is something

674

00:29:34,320 --> 00:29:32,400

along the lines that if if it's just

675

00:29:37,110 --> 00:29:34,330

extraterrestrial then he'd be

676

00:29:41,940 --> 00:29:37,120

disappointed and or something along

677

00:29:45,330 --> 00:29:41,950

those lines and you know I often ponder

678

00:29:47,010 --> 00:29:45,340

what the heck it is I have no idea and I

679

00:29:48,660 --> 00:29:47,020

that's one of the reasons I love doing

680

00:29:52,170 --> 00:29:48,670

the show is because there are so many

681

00:29:55,290 --> 00:29:52,180

people with you know ideas on what

682

00:29:56,900 --> 00:29:55,300

exactly it could be yeah I mean he came

683

00:29:59,820 --> 00:29:56,910

forward with the extra-terrestrial

684

00:30:02,910 --> 00:29:59,830

hypothesis in in you know originally and

685

00:30:05,640 --> 00:30:02,920

then he himself abandoned that

686

00:30:07,440 --> 00:30:05,650

philosophy as new data sets became

687

00:30:09,660 --> 00:30:07,450

available he was actually kind of

688

00:30:11,850 --> 00:30:09,670

arguing with Steven Spielberg back in

689

00:30:14,280 --> 00:30:11,860

the day that this should be something

690

00:30:17,130 --> 00:30:14,290

that conveys more of a multi-dimensional

691

00:30:20,790 --> 00:30:17,140

or even what John keel termed as the

692

00:30:22,830 --> 00:30:20,800

ultra dimensional phenomenon but you

693

00:30:25,170 --> 00:30:22,840

know we as the public were not really

694

00:30:26,940 --> 00:30:25,180

ready for that at the time when Steven

695

00:30:28,980 --> 00:30:26,950

Spielberg was making his movie Close

696

00:30:31,110 --> 00:30:28,990

Encounters so they went with a more

697

00:30:32,850 --> 00:30:31,120

traditional approach but then if you

698

00:30:35,160 --> 00:30:32,860

look at what was at the Indiana Jones

699

00:30:39,000 --> 00:30:35,170

Crystal Skull that's when they showed

700

00:30:42,870 --> 00:30:39,010

the kind of idea of changing dimensions

701
00:30:44,730 --> 00:30:42,880
so yeah Jacques ballet was really came

702
00:30:46,740 --> 00:30:44,740
forward with the extra hypothesis and

703
00:30:49,110 --> 00:30:46,750
then came forward with the other

704
00:30:52,560 --> 00:30:49,120
hypothesis which right now is more

705
00:30:55,260 --> 00:30:52,570
accepted or it is being embraced with

706
00:30:56,700 --> 00:30:55,270
the extra hypothesis which is the roux

707
00:31:00,720 --> 00:30:56,710
Dylan was something that might be way

708
00:31:04,860 --> 00:31:00,730
beyond that way stranger yeah when I met

709
00:31:08,460 --> 00:31:04,870
Chaac out in Phoenix back actually you

710
00:31:10,710 --> 00:31:08,470
were at Dyer as well I was standing in

711
00:31:13,140 --> 00:31:10,720
line with him at the hotel and and I I

712
00:31:14,730 --> 00:31:13,150
said just a quote that I say from my

713
00:31:17,490 --> 00:31:14,740

show and I had not even heard what he

714

00:31:19,560 --> 00:31:17,500

thought about I unfortunately hadn't

715

00:31:23,190 --> 00:31:19,570

read any of his books which I do plan on

716

00:31:25,260 --> 00:31:23,200

doing shame on me but I said to him

717

00:31:26,970 --> 00:31:25,270

while I was in line I said maybe it's

718

00:31:30,240 --> 00:31:26,980

something we haven't even thought of yet

719

00:31:32,700 --> 00:31:30,250

and he he kind of chuckled he says yeah

720

00:31:36,320 --> 00:31:32,710

he says I I think you know that's kind

721

00:31:39,470 --> 00:31:36,330

of what what's going on probably yeah

722

00:31:43,740 --> 00:31:39,480

yes I mean you know one of the most

723

00:31:46,860 --> 00:31:43,750

comical parts of our interaction was

724

00:31:49,170 --> 00:31:46,870

where we're sitting at my ranch we're

725

00:31:51,450 --> 00:31:49,180

watching the sunset we've had this great

726
00:31:53,930 --> 00:31:51,460
you know kind of comparing of notes and

727
00:31:57,050 --> 00:31:53,940
ideas with the scientific analysis of

728
00:32:01,230 --> 00:31:57,060
what people claim are non-terrestrial

729
00:32:03,060 --> 00:32:01,240
you know parts and as we're kind of

730
00:32:05,010 --> 00:32:03,070
watching the sunset I think you know

731
00:32:08,250 --> 00:32:05,020
this is my chance this is my moment and

732
00:32:11,790 --> 00:32:08,260
I said what is this whole UFO thing

733
00:32:14,640 --> 00:32:11,800
really about and asked him a few very

734
00:32:17,820 --> 00:32:14,650
specific questions and he kind of took a

735
00:32:21,180 --> 00:32:17,830
long pause and then just kind of turned

736
00:32:25,560 --> 00:32:21,190
to me and said you know I have after all

737
00:32:29,250 --> 00:32:25,570
the UM to those same questions that

738
00:32:30,510 --> 00:32:29,260

you're asking now and I just don't know

739

00:32:38,370 --> 00:32:30,520

the answer and I just look at him ah

740

00:32:41,570 --> 00:32:38,380

Mike well that's depressing he knew

741

00:32:44,040 --> 00:32:41,580

something but I think that he is

742

00:32:46,380 --> 00:32:44,050

mystified by the whole experience as

743

00:32:49,230 --> 00:32:46,390

much as he as much as he knows new

744

00:32:51,750 --> 00:32:49,240

questions arise and that's just part of

745

00:32:55,650 --> 00:32:51,760

the game here but at the same time we do

746

00:32:58,130 --> 00:32:55,660

know more now than we did before and

747

00:33:01,320 --> 00:32:58,140

that's progress and we want to maintain

748

00:33:04,890 --> 00:33:01,330

progress I saw I was watching a

749

00:33:08,030 --> 00:33:04,900

documentary on UFOs and there was a clip

750

00:33:12,780 --> 00:33:08,040

that was recorded I want to say in the

751
00:33:14,540 --> 00:33:12,790
1960s for a UFO researcher was speaking

752
00:33:16,940 --> 00:33:14,550
and I

753
00:33:18,740 --> 00:33:16,950
I can't recall his name but I really got

754
00:33:20,300 --> 00:33:18,750
a kick out of what he said he said I

755
00:33:22,810 --> 00:33:20,310
really think that we're gonna find out

756
00:33:25,370 --> 00:33:22,820
and I'm gonna find out in my lifetime

757
00:33:27,110 --> 00:33:25,380
anything you know what's going on and I

758
00:33:29,000 --> 00:33:27,120
think that's I think that's the

759
00:33:30,920 --> 00:33:29,010
misgivings that a lot of people have is

760
00:33:33,470 --> 00:33:30,930
that you know we're actually gonna find

761
00:33:36,950 --> 00:33:33,480
out and it's it's a total mystery and I

762
00:33:39,980 --> 00:33:36,960
don't I don't know I think I think it

763
00:33:42,860 --> 00:33:39,990

feels like we're close or closer than

764

00:33:44,750 --> 00:33:42,870

when I started six years ago but I don't

765

00:33:46,790 --> 00:33:44,760

know you know I mean it well what yeah

766

00:33:49,030 --> 00:33:46,800

what what does it mean to find out you

767

00:33:51,770 --> 00:33:49,040

know so that's something that I've

768

00:33:54,080 --> 00:33:51,780

grappled with myself you look to people

769

00:33:56,120 --> 00:33:54,090

from the past who have walked the path

770

00:33:57,830 --> 00:33:56,130

that you're walking now and see where

771

00:34:00,740 --> 00:33:57,840

the pitfalls are and what's already been

772

00:34:04,130 --> 00:34:00,750

learned so you don't repeat history so I

773

00:34:08,210 --> 00:34:04,140

can confidently say that today speaking

774

00:34:11,630 --> 00:34:08,220

with you through Skype in 2017 that I I

775

00:34:14,360 --> 00:34:11,640

do know more about the UFO phenomenon

776

00:34:18,410 --> 00:34:14,370

and just the phenomenon that includes

777

00:34:22,250 --> 00:34:18,420

UFOs I do know more about it today than

778

00:34:27,159 --> 00:34:22,260

I did when I began but most of that was

779

00:34:30,830 --> 00:34:27,169

about discarding my preconceived notions

780

00:34:33,050 --> 00:34:30,840

so knowing more is sometimes just

781

00:34:35,860 --> 00:34:33,060

trimming away the fat of what you think

782

00:34:38,450 --> 00:34:35,870

you do know going into something that

783

00:34:41,570 --> 00:34:38,460

really does make a like totally get that

784

00:34:44,960 --> 00:34:41,580

I totally get that and it's like you

785

00:34:46,880 --> 00:34:44,970

have to have a fresh slate and it's

786

00:34:48,470 --> 00:34:46,890

always when you're trying to you're

787

00:34:50,210 --> 00:34:48,480

trying to understand something and you

788

00:34:52,850 --> 00:34:50,220

have something already in mind it's

789

00:34:54,980 --> 00:34:52,860

already tainted right away yeah I mean

790

00:34:58,490 --> 00:34:54,990

you know to give you a concrete example

791

00:35:02,510 --> 00:34:58,500

of what I just said is that when I first

792

00:35:05,870 --> 00:35:02,520

started in this field I was sure I was

793

00:35:08,090 --> 00:35:05,880

sure this these were saucers from other

794

00:35:12,440 --> 00:35:08,100

star systems that this is a physical

795

00:35:15,230 --> 00:35:12,450

phenomenon that it was hard craft coming

796

00:35:18,650 --> 00:35:15,240

in from deep space with certain types of

797

00:35:21,530 --> 00:35:18,660

propulsion systems but clearly over time

798

00:35:23,270 --> 00:35:21,540

it's something that you do learn when

799

00:35:25,670 --> 00:35:23,280

you really listen and you speak with

800

00:35:28,230 --> 00:35:25,680

people and you get behind a little bit

801
00:35:30,270 --> 00:35:28,240
what it is that they're originally

802
00:35:33,240 --> 00:35:30,280
courting you know you come to understand

803
00:35:36,750 --> 00:35:33,250
that this is something that is physical

804
00:35:38,730 --> 00:35:36,760
but it is not completely physical that

805
00:35:41,580 --> 00:35:38,740
there's a duality you know kind of like

806
00:35:44,250 --> 00:35:41,590
the Schrodinger's cat thought experiment

807
00:35:47,190 --> 00:35:44,260
where there's a superposition of two

808
00:35:49,890 --> 00:35:47,200
things at the same time this phenomenon

809
00:35:52,170 --> 00:35:49,900
seems to interact with human

810
00:35:54,150 --> 00:35:52,180
consciousness just like those

811
00:35:55,830 --> 00:35:54,160
experiments you know the double slit

812
00:35:58,440 --> 00:35:55,840
experiment as well in quantum mechanics

813
00:36:02,040 --> 00:35:58,450

yeah that there's that there is some

814

00:36:02,580 --> 00:36:02,050

sort of relationship that it has to the

815

00:36:05,700 --> 00:36:02,590

observer

816

00:36:07,800 --> 00:36:05,710

mmhmm yeah you know it did you I don't

817

00:36:10,590 --> 00:36:07,810

know if you were you able to hear the

818

00:36:16,590 --> 00:36:10,600

clip of my friend talking about her UFO

819

00:36:18,060 --> 00:36:16,600

experience yes so I I got I don't know

820

00:36:20,160 --> 00:36:18,070

if you noticed but she said when she

821

00:36:22,230 --> 00:36:20,170

looked up she said it looked she said I

822

00:36:25,080 --> 00:36:22,240

can't really describe it looked foggy I

823

00:36:27,330 --> 00:36:25,090

thought that was really interesting so

824

00:36:30,390 --> 00:36:27,340

this is something that is reported with

825

00:36:33,030 --> 00:36:30,400

real UFO sightings all the time when I

826

00:36:34,859 --> 00:36:33,040

was recently a skinwalker ranch and Fort

827

00:36:37,290 --> 00:36:34,869

Duchesne in that whole area of the

828

00:36:40,170 --> 00:36:37,300

Uintah Basin one of the cases that I'm

829

00:36:43,740 --> 00:36:40,180

documenting is a gentleman named Corey

830

00:36:46,230 --> 00:36:43,750

who actually is tribal security and he

831

00:36:49,830 --> 00:36:46,240

also described the craft he saw which we

832

00:36:52,290 --> 00:36:49,840

documented in filmed and he described it

833

00:36:53,760 --> 00:36:52,300

as having almost like a cloud around it

834

00:36:54,900 --> 00:36:53,770

although it was only you know 20 feet

835

00:36:57,240 --> 00:36:54,910

off the ground

836

00:36:59,910 --> 00:36:57,250

and then a friend of mine out here he

837

00:37:02,520 --> 00:36:59,920

saw one in 1943 I mean this was a

838

00:37:04,740 --> 00:37:02,530

spectacular sighting chased by jets

839

00:37:07,290 --> 00:37:04,750

hovering over a pool with a bunch of

840

00:37:09,210 --> 00:37:07,300

kids in it the water seemed to get quiet

841

00:37:10,680 --> 00:37:09,220

everybody became still he felt like he

842

00:37:13,650 --> 00:37:10,690

could hold his breath underwater forever

843

00:37:16,050 --> 00:37:13,660

like a dilation of time and he comes up

844

00:37:19,620 --> 00:37:16,060

and he says I know it sounds impossible

845

00:37:23,490 --> 00:37:19,630

and I know it sounds crazy the craft

846

00:37:24,900 --> 00:37:23,500

itself it was like sweating he says I

847

00:37:27,420 --> 00:37:24,910

don't know how to describe it as like

848

00:37:30,120 --> 00:37:27,430

sweating Wow and so there is this

849

00:37:31,530 --> 00:37:30,130

moisture of precipitation that seems to

850

00:37:34,800 --> 00:37:31,540

occur around it which would be

851

00:37:36,599 --> 00:37:34,810

consistent with high energy states did

852

00:37:41,940 --> 00:37:36,609

you say 1943

853

00:37:45,660 --> 00:37:41,950

yeah 1943 Wow so that was before what we

854

00:37:49,650 --> 00:37:45,670

consider modern ufology you know

855

00:37:52,260 --> 00:37:49,660

absolute 7 Wow absolutely yeah yeah wow

856

00:37:55,950 --> 00:37:52,270

that is interesting Wow and did because

857

00:37:59,730 --> 00:37:55,960

it was not talked about it all back in

858

00:38:01,800 --> 00:37:59,740

1943 did he have a clue on what he was

859

00:38:04,319 --> 00:38:01,810

experiencing or did it take a while for

860

00:38:06,180 --> 00:38:04,329

him to figure it out well you know it

861

00:38:08,730 --> 00:38:06,190

was more of an emotional impact and he's

862

00:38:11,310 --> 00:38:08,740

a young kid he was more enthralled by

863

00:38:13,589 --> 00:38:11,320

the the planes that came in to chase

864

00:38:16,109 --> 00:38:13,599

this thing you know they were propeller

865

00:38:17,670 --> 00:38:16,119

planes it was like this big deal for

866

00:38:20,069 --> 00:38:17,680

them to see these plans they all have

867

00:38:23,099 --> 00:38:20,079

little toys of coming right over in Los

868

00:38:24,630 --> 00:38:23,109

Angeles over this pool and that was kind

869

00:38:27,420 --> 00:38:24,640

of where I could see he picked up and

870

00:38:30,359 --> 00:38:27,430

was excited about it but he only kind of

871

00:38:32,160 --> 00:38:30,369

deeply recalled this as he got older

872

00:38:34,079 --> 00:38:32,170

where I'm actually reaching out to the

873

00:38:36,089 --> 00:38:34,089

childhood friends that he had we're

874

00:38:37,800 --> 00:38:36,099

trying to see if they're still alive to

875

00:38:39,720 --> 00:38:37,810

see if they had the same experience

876

00:38:42,839 --> 00:38:39,730

without telling them the experience he

877

00:38:44,730 --> 00:38:42,849

had but what he said was that there it

878

00:38:47,309 --> 00:38:44,740

there's no thought behind it

879

00:38:49,800 --> 00:38:47,319

this this was otherworldly this was

880

00:38:53,040 --> 00:38:49,810

clearly not ours and I think that that

881

00:38:54,930 --> 00:38:53,050

is the experience that people have when

882

00:38:58,410 --> 00:38:54,940

they encounter something like this at

883

00:39:01,050 --> 00:38:58,420

close proximity it it's obvious that

884

00:39:04,349 --> 00:39:01,060

this is something completely foreign

885

00:39:08,030 --> 00:39:04,359

completely alien to what you know yeah

886

00:39:11,190 --> 00:39:08,040

yeah alien not to say I mean that term

887

00:39:14,550 --> 00:39:11,200

it's like right my friend Ben

888

00:39:17,910 --> 00:39:14,560

Paulino will say alien in the sense of

889

00:39:20,040 --> 00:39:17,920

the word right foreign right it was it

890

00:39:23,190 --> 00:39:20,050

was extremely foreign to him to the

891

00:39:24,750 --> 00:39:23,200

point where it wasn't human but that you

892

00:39:28,140 --> 00:39:24,760

know that doesn't no mean that we know

893

00:39:31,740 --> 00:39:28,150

the origin of this craft or this display

894

00:39:33,390 --> 00:39:31,750

that occurred but but that was the the

895

00:39:35,250 --> 00:39:33,400

impression that he got and that and that

896

00:39:38,940 --> 00:39:35,260

is a big point of this that obviously

897

00:39:41,730 --> 00:39:38,950

these these objects mostly light most

898

00:39:46,020 --> 00:39:41,740

reports are just light right but the

899

00:39:48,750 --> 00:39:46,030

these objects do in fact choose in a way

900

00:39:50,760 --> 00:39:48,760

who can see them the majority of the

901
00:39:51,780 --> 00:39:50,770
time and that's kind of interesting you

902
00:39:53,250 --> 00:39:51,790
could have two people standing right

903
00:39:55,200 --> 00:39:53,260
next to each other and one person seeing

904
00:39:55,620 --> 00:39:55,210
it the others not I've had that

905
00:39:59,850 --> 00:39:55,630
experience

906
00:40:01,620 --> 00:39:59,860
where someone is this is seeing one I I

907
00:40:04,170 --> 00:40:01,630
don't see it I bring it into my

908
00:40:06,660 --> 00:40:04,180
viewfinder of my camera and the moment

909
00:40:08,190 --> 00:40:06,670
that my camera captures this this object

910
00:40:10,830 --> 00:40:08,200
then all of a sudden everybody can see

911
00:40:14,400 --> 00:40:10,840
it with their eyes it's almost like we

912
00:40:16,530 --> 00:40:14,410
we deny it until technology shows us

913
00:40:20,700 --> 00:40:16,540

it's there it's it's really wild well

914

00:40:23,610 --> 00:40:20,710

you know I had a girl from the aerial

915

00:40:26,010 --> 00:40:23,620

school encounter on my show she was

916

00:40:28,500 --> 00:40:26,020

absolutely fantastic I've gotten so much

917

00:40:30,660 --> 00:40:28,510

feedback from that show but in saying

918

00:40:33,390 --> 00:40:30,670

you know she was for four to five feet

919

00:40:36,120 --> 00:40:33,400

away from this creature and then later

920

00:40:38,010 --> 00:40:36,130

on in the show we were talking about the

921

00:40:40,080 --> 00:40:38,020

witnesses you know how many people

922

00:40:41,570 --> 00:40:40,090

witnessed this and she said some people

923

00:40:45,090 --> 00:40:41,580

are right there and didn't even see it

924

00:40:47,220 --> 00:40:45,100

right which is really really baffling

925

00:40:50,220 --> 00:40:47,230

you know especially that it's really

926
00:40:52,860 --> 00:40:50,230
excite Montagna everything yeah but it's

927
00:40:55,110 --> 00:40:52,870
really common as well I know but but

928
00:40:58,080 --> 00:40:55,120
what's interesting is is when you do get

929
00:41:00,180 --> 00:40:58,090
the the multiple witness you know and

930
00:41:02,040 --> 00:41:00,190
then you get from you know not only

931
00:41:03,620 --> 00:41:02,050
multiple visual witness but a close

932
00:41:06,690 --> 00:41:03,630
encounter and then if that's

933
00:41:10,050 --> 00:41:06,700
corroborated with high tech for example

934
00:41:11,160 --> 00:41:10,060
FLIR footage like we have in the 2004

935
00:41:12,390 --> 00:41:11,170
Nimitz case that I've actually been

936
00:41:15,540 --> 00:41:12,400
working on for three years

937
00:41:17,760 --> 00:41:15,550
silently and quietly and it started

938
00:41:19,980 --> 00:41:17,770

breaking and with DeLong's announcement

939

00:41:22,680 --> 00:41:19,990

and then a couple other researchers so

940

00:41:24,960 --> 00:41:22,690

that's great so now you get a case like

941

00:41:26,700 --> 00:41:24,970

that where we have FLIR camera footage

942

00:41:29,250 --> 00:41:26,710

from the gun cam of the lead fighter

943

00:41:30,930 --> 00:41:29,260

pilot we actually have lots of radar

944

00:41:33,570 --> 00:41:30,940

data which I think people are fighting

945

00:41:36,180 --> 00:41:33,580

to get a Declassified right now so

946

00:41:38,520 --> 00:41:36,190

you've got multiple types of technology

947

00:41:41,400 --> 00:41:38,530

picking up these objects in really high

948

00:41:44,160 --> 00:41:41,410

scientific capacity right top technology

949

00:41:45,660 --> 00:41:44,170

you have a visual witnesses people that

950

00:41:48,210 --> 00:41:45,670

actually see it who are trained

951
00:41:50,460 --> 00:41:48,220
observers who are engaging this object

952
00:41:52,530 --> 00:41:50,470
with a fighter plane they are and then

953
00:41:54,230 --> 00:41:52,540
you have you know all these other types

954
00:41:56,360 --> 00:41:54,240
of witnesses so it's just kind of

955
00:41:59,550 --> 00:41:56,370
fascinating when you can get

956
00:42:01,890 --> 00:41:59,560
corroboration from multiple perspectives

957
00:42:05,010 --> 00:42:01,900
and sources that lead to a more totality

958
00:42:07,470 --> 00:42:05,020
of a picture yes um I do want to talk to

959
00:42:10,670 --> 00:42:07,480
you about the Nimitz case a little more

960
00:42:14,030 --> 00:42:10,680
in detail later on in the

961
00:42:16,850 --> 00:42:14,040
but I also want to talk about your your

962
00:42:21,410 --> 00:42:16,860
movie which is actually out now I

963
00:42:24,140 --> 00:42:21,420

watched it on iTunes and I really really

964

00:42:27,860 --> 00:42:24,150

enjoyed it I have to hand it to you you

965

00:42:29,260 --> 00:42:27,870

do an excellent job with production it

966

00:42:31,640 --> 00:42:29,270

was very well done

967

00:42:34,070 --> 00:42:31,650

thanks man yeah I mean look it's a

968

00:42:36,860 --> 00:42:34,080

colossal task I'm a one-man show so

969

00:42:39,290 --> 00:42:36,870

every frame you saw on that I filmed

970

00:42:41,420 --> 00:42:39,300

edited directed sound engineered so

971

00:42:42,980 --> 00:42:41,430

films like that they're they're great

972

00:42:45,800 --> 00:42:42,990

because you can put them out with

973

00:42:48,680 --> 00:42:45,810

absolute artistic integrity and just say

974

00:42:52,220 --> 00:42:48,690

here is what I experienced and that was

975

00:42:54,530 --> 00:42:52,230

my goal with my film patient 17 which

976
00:42:56,660 --> 00:42:54,540
you know follows the work of dr. Roger

977
00:42:58,820 --> 00:42:56,670
Leir until he died turned out to be his

978
00:43:01,190 --> 00:42:58,830
last alleged alien implant removal

979
00:43:04,550 --> 00:43:01,200
surgery but I continued it because I

980
00:43:08,300 --> 00:43:04,560
wanted a scientific analysis of object

981
00:43:10,700 --> 00:43:08,310
17 for patient 17 because he wanted to

982
00:43:13,490 --> 00:43:10,710
know what was taken out of his body

983
00:43:14,570 --> 00:43:13,500
you know what was this thing so thank

984
00:43:16,610 --> 00:43:14,580
you for saying that

985
00:43:19,130 --> 00:43:16,620
and I appreciate it I encourage

986
00:43:21,800 --> 00:43:19,140
everybody to watch you know patient 17

987
00:43:24,470 --> 00:43:21,810
and go to iTunes it's on Amazon Xbox you

988
00:43:28,400 --> 00:43:24,480

name it it's on it with pay-per-view and

989

00:43:31,540 --> 00:43:28,410

and just take a look my goal was to lift

990

00:43:34,220 --> 00:43:31,550

the visual aesthetic of UFO

991

00:43:37,460 --> 00:43:34,230

cinematography just really simply make a

992

00:43:40,190 --> 00:43:37,470

pretty film but in doing so I wanted to

993

00:43:41,900 --> 00:43:40,200

tell a story that was very humanizing so

994

00:43:45,020 --> 00:43:41,910

I think anybody can appreciate this film

995

00:43:48,110 --> 00:43:45,030

my mom likes the film she's the most

996

00:43:49,640 --> 00:43:48,120

critical so well now I want to talk

997

00:43:53,330 --> 00:43:49,650

about a couple things about the film

998

00:43:55,910 --> 00:43:53,340

first of all I was up first of all about

999

00:43:57,910 --> 00:43:55,920

dr. Roger Leir what a gentleman I had

1000

00:44:01,790 --> 00:43:57,920

him on my show a few months ahead of

1001
00:44:05,030 --> 00:44:01,800
when he passed away I thought he was a

1002
00:44:07,790 --> 00:44:05,040
very nice and kind gentleman and I'm

1003
00:44:08,870 --> 00:44:07,800
sure working with him you can probably

1004
00:44:12,470 --> 00:44:08,880
agree with me on that

1005
00:44:13,880 --> 00:44:12,480
oh absolutely he was I mean except for

1006
00:44:19,400 --> 00:44:13,890
when he was pissed at me and yelling at

1007
00:44:22,160 --> 00:44:19,410
me he know he was he was absolutely a

1008
00:44:23,330 --> 00:44:22,170
seeker of truth he was a pioneer you

1009
00:44:27,890 --> 00:44:23,340
know he was kind of

1010
00:44:31,340 --> 00:44:27,900
a renegade you know to be a surgeon and

1011
00:44:33,080 --> 00:44:31,350
to do this type of work it really puts

1012
00:44:34,070 --> 00:44:33,090
you in this strange category people

1013
00:44:36,980 --> 00:44:34,080

don't know how to deal with you

1014

00:44:38,930 --> 00:44:36,990

professionally as a podiatrist but you

1015

00:44:41,180 --> 00:44:38,940

know he maintained the integrity of his

1016

00:44:43,910 --> 00:44:41,190

work as a surgeon as well as his work

1017

00:44:47,060 --> 00:44:43,920

with abductees or claimed abductees and

1018

00:44:49,820 --> 00:44:47,070

you know look there is a case for this

1019

00:44:51,860 --> 00:44:49,830

that should be made if we go back to

1020

00:44:54,620 --> 00:44:51,870

John Mack you know a head of Harvard

1021

00:44:56,270 --> 00:44:54,630

psychiatry he was clear he wrote many

1022

00:44:57,800 --> 00:44:56,280

books on this he actually went and

1023

00:44:59,510 --> 00:44:57,810

interviewed all the students like the

1024

00:45:04,520 --> 00:44:59,520

one you had on your show at the aerial

1025

00:45:08,120 --> 00:45:04,530

screwing in so basically John Mack was a

1026

00:45:12,680 --> 00:45:08,130

proponent that the abduction phenomenon

1027

00:45:15,200 --> 00:45:12,690

was indeed physical it was indeed real

1028

00:45:17,540 --> 00:45:15,210

and physical to a degree in that these

1029

00:45:19,940 --> 00:45:17,550

people that have these experiences and

1030

00:45:22,600 --> 00:45:19,950

he studied hundreds and did

1031

00:45:26,060 --> 00:45:22,610

psychological exams this is not a a

1032

00:45:28,280 --> 00:45:26,070

psychosis is not a mental disorder this

1033

00:45:31,130 --> 00:45:28,290

is a real phenomenon so just take it

1034

00:45:34,780 --> 00:45:31,140

from the fact that you know hundreds of

1035

00:45:38,680 --> 00:45:34,790

thousands of human beings if not more

1036

00:45:41,270 --> 00:45:38,690

claimed abductive experiences by unknown

1037

00:45:44,000 --> 00:45:41,280

intelligent seemingly alien and the

1038

00:45:46,130 --> 00:45:44,010

truest sense of the word beings so we

1039

00:45:47,930 --> 00:45:46,140

have to deal with that as a society we

1040

00:45:50,720 --> 00:45:47,940

need to take that serious because that

1041

00:45:52,820 --> 00:45:50,730

is true that is real people are claiming

1042

00:45:55,190 --> 00:45:52,830

that and then when we go a little bit

1043

00:45:56,990 --> 00:45:55,200

deeper into it like John Mack did and

1044

00:46:01,300 --> 00:45:57,000

almost lost his position at Harvard

1045

00:46:05,020 --> 00:46:01,310

University is are these abductions

1046

00:46:08,960 --> 00:46:05,030

physical are people actually being taken

1047

00:46:12,230 --> 00:46:08,970

from their homes from their cars with

1048

00:46:14,300 --> 00:46:12,240

missing time and relocated for a period

1049

00:46:19,340 --> 00:46:14,310

of time is that physically happening and

1050

00:46:22,460 --> 00:46:19,350

he landed on yes which is really amazing

1051
00:46:25,570 --> 00:46:22,470
you know right off the bat in the very

1052
00:46:30,950 --> 00:46:25,580
beginning of the show you introduced

1053
00:46:33,620 --> 00:46:30,960
patients 17 he seems to me just his

1054
00:46:37,280 --> 00:46:33,630
character seems like kind of a rough

1055
00:46:38,600 --> 00:46:37,290
guys a big guy he seems like someone

1056
00:46:40,010 --> 00:46:38,610
like the last person you would think

1057
00:46:43,670 --> 00:46:40,020
that would ever talk about something

1058
00:46:46,910 --> 00:46:43,680
like this yeah he was this this was the

1059
00:46:50,060 --> 00:46:46,920
selling point for me I told dr. Leir

1060
00:46:53,000 --> 00:46:50,070
that I didn't have any experience in

1061
00:46:55,400 --> 00:46:53,010
this area of ufology that in fact I'm

1062
00:46:58,580 --> 00:46:55,410
really skeptical of it and that if I

1063
00:47:01,340 --> 00:46:58,590

found that he was twisting the data or

1064

00:47:03,590 --> 00:47:01,350

deceiving the public in any way that I

1065

00:47:06,860 --> 00:47:03,600

was going to out him and I said are you

1066

00:47:08,990 --> 00:47:06,870

sure you want me to come and film your

1067

00:47:10,880 --> 00:47:09,000

surgery and he kind of got pissed at me

1068

00:47:12,650 --> 00:47:10,890

and he's like yeah Jeremy I'm sure I've

1069

00:47:14,120 --> 00:47:12,660

been doing this for over two decades and

1070

00:47:16,910 --> 00:47:14,130

there's something to it I was like

1071

00:47:18,590 --> 00:47:16,920

alright man well I'll do it and you can

1072

00:47:20,630 --> 00:47:18,600

kind of see that in the movie I'm a

1073

00:47:22,220 --> 00:47:20,640

little bit I mean there's some dry humor

1074

00:47:24,650 --> 00:47:22,230

in there I found it hilarious he was

1075

00:47:27,620 --> 00:47:24,660

using a stud finder and I know he's

1076
00:47:29,450 --> 00:47:27,630
gonna talk misusing it was misusing a

1077
00:47:31,100 --> 00:47:29,460
stud finder on a guy's leg to fight

1078
00:47:32,630 --> 00:47:31,110
search for an alleged alien implant I

1079
00:47:34,280 --> 00:47:32,640
was like you can kind of hear me under

1080
00:47:36,290 --> 00:47:34,290
my breath say but but you guys have

1081
00:47:37,910 --> 00:47:36,300
actual optics right and they're like you

1082
00:47:39,590 --> 00:47:37,920
know who's that ultrasound optics will

1083
00:47:41,570 --> 00:47:39,600
find out exactly where this is we're not

1084
00:47:44,030 --> 00:47:41,580
gonna guess I was like oh man thank God

1085
00:47:46,010 --> 00:47:44,040
so there was some humor in it at first

1086
00:47:51,410 --> 00:47:46,020
to me I was like come on this is crazy

1087
00:47:53,750 --> 00:47:51,420
but then with patient 17 he is stoic I

1088
00:47:55,520 --> 00:47:53,760

kind of described him as you know one of

1089

00:47:59,210 --> 00:47:55,530

the cowboys have passed he's soft-spoken

1090

00:48:00,920 --> 00:47:59,220

and he there's no insanity and his

1091

00:48:04,130 --> 00:48:00,930

family and he's healthy as an ox as he

1092

00:48:06,620 --> 00:48:04,140

says in the film so patients that 17 was

1093

00:48:08,540 --> 00:48:06,630

really the reason the reason why I stuck

1094

00:48:10,490 --> 00:48:08,550

with this because there is a circus

1095

00:48:12,080 --> 00:48:10,500

going on I mean the waiting room got

1096

00:48:15,440 --> 00:48:12,090

filled with people just trying to get a

1097

00:48:17,090 --> 00:48:15,450

glimpse at this like poor man and the

1098

00:48:19,190 --> 00:48:17,100

surgery he's undergoing and he wants to

1099

00:48:23,090 --> 00:48:19,200

maintain his anonymity that's why we

1100

00:48:25,940 --> 00:48:23,100

call him patient 17 and that day I kind

1101
00:48:27,500 --> 00:48:25,950
of shielded her blocked for him and I

1102
00:48:30,920 --> 00:48:27,510
think that kind of bonded us because he

1103
00:48:33,680 --> 00:48:30,930
saw that you know that I cared and and

1104
00:48:35,720 --> 00:48:33,690
then knowing him getting to know him the

1105
00:48:38,360 --> 00:48:35,730
way he describes his abductive

1106
00:48:41,780 --> 00:48:38,370
experiences which lets differentiate

1107
00:48:44,390 --> 00:48:41,790
he knows to be real that is not under

1108
00:48:47,210 --> 00:48:44,400
suspicion he had abductive experiences

1109
00:48:51,110 --> 00:48:47,220
he that he believes that he knows that

1110
00:48:53,420 --> 00:48:51,120
but he was not sure did this object be

1111
00:48:55,910 --> 00:48:53,430
removed from his leg had anything to do

1112
00:48:57,890 --> 00:48:55,920
with his abductive experiences so he was

1113
00:49:01,730 --> 00:48:57,900

just as curious as me and just as

1114

00:49:05,090 --> 00:49:01,740

skeptical as me to find out what this

1115

00:49:07,610 --> 00:49:05,100

was that they removed from his leg right

1116

00:49:10,910 --> 00:49:07,620

right you know something I've said on

1117

00:49:11,990 --> 00:49:10,920

this show before if I if this was

1118

00:49:14,000 --> 00:49:12,000

happening to me

1119

00:49:15,860 --> 00:49:14,010

like I was having an abduction

1120

00:49:18,170 --> 00:49:15,870

experience I don't know how I could

1121

00:49:20,480 --> 00:49:18,180

function in everyday life I mean it

1122

00:49:25,780 --> 00:49:20,490

would just be I could only imagine to be

1123

00:49:29,980 --> 00:49:25,790

totally consuming yeah you know we

1124

00:49:33,700 --> 00:49:29,990

partition elements of our life so

1125

00:49:36,650 --> 00:49:33,710

depending on how much this is really

1126
00:49:39,050 --> 00:49:36,660
encroaching upon your your your typical

1127
00:49:41,780 --> 00:49:39,060
everyday life you know I'm happy to

1128
00:49:44,330 --> 00:49:41,790
report you know patients 17 he likes

1129
00:49:47,210 --> 00:49:44,340
riding motorcycles he has a wonderful

1130
00:49:47,930 --> 00:49:47,220
wife a wonderful life he's got a great

1131
00:49:50,720 --> 00:49:47,940
job

1132
00:49:52,790 --> 00:49:50,730
he likes to as I said like dirt biking

1133
00:49:55,840 --> 00:49:52,800
camp and that sort of like what I like

1134
00:49:57,920 --> 00:49:55,850
and he's just a normal guy of

1135
00:50:01,130 --> 00:49:57,930
extraordinary height he's six foot nine

1136
00:50:02,810 --> 00:50:01,140
kind of megalith of a man Wow yeah yeah

1137
00:50:04,640 --> 00:50:02,820
he's a big dude you know I called my

1138
00:50:06,560 --> 00:50:04,650

giant friend so if I ever gotta go bang

1139

00:50:10,190 --> 00:50:06,570

on a door to find an implant again he's

1140

00:50:12,770 --> 00:50:10,200

with me so I know you know he just likes

1141

00:50:15,260 --> 00:50:12,780

to have that normal life and then there

1142

00:50:18,830 --> 00:50:15,270

are these moments that will come from

1143

00:50:22,100 --> 00:50:18,840

left field like a curveball and and and

1144

00:50:25,340 --> 00:50:22,110

make you wonder what's going on because

1145

00:50:28,100 --> 00:50:25,350

you're left with two options one is is

1146

00:50:31,790 --> 00:50:28,110

that this is not happening to you and

1147

00:50:33,440 --> 00:50:31,800

you're crazy and that's very scary for

1148

00:50:36,200 --> 00:50:33,450

people and then you know the other

1149

00:50:39,350 --> 00:50:36,210

option is this is happening to you

1150

00:50:43,370 --> 00:50:39,360

you're not crazy but does that make you

1151
00:50:44,960 --> 00:50:43,380
feel any better right yeah so it's a

1152
00:50:49,840 --> 00:50:44,970
pickle yeah it really is

1153
00:50:53,240 --> 00:50:49,850
yeah so I have to say that I can't watch

1154
00:50:56,330 --> 00:50:53,250
anything to do a surgery so a little

1155
00:50:58,160 --> 00:50:56,340
little and I heard that I want to not do

1156
00:51:00,500 --> 00:50:58,170
anything to try not to do any spoilers

1157
00:51:02,480 --> 00:51:00,510
but I will tell if anyone else is

1158
00:51:04,970 --> 00:51:02,490
planning and to watch us and feels like

1159
00:51:08,390 --> 00:51:04,980
I do when you see it

1160
00:51:11,080 --> 00:51:08,400
happening just skip ahead to 1630 that's

1161
00:51:14,540 --> 00:51:11,090
the time you want to skip ahead

1162
00:51:16,970 --> 00:51:14,550
you got a prior eyes open like clockwork

1163
00:51:19,190 --> 00:51:16,980

orange' style and force yourself to

1164

00:51:22,609 --> 00:51:19,200

watch it because it's real you have to

1165

00:51:25,580 --> 00:51:22,619

appreciate what this man decided to let

1166

00:51:27,800 --> 00:51:25,590

happen to him what he decided to do I

1167

00:51:29,570 --> 00:51:27,810

mean that's part of it and you know

1168

00:51:30,710 --> 00:51:29,580

there are people I've heard a lot of

1169

00:51:31,970 --> 00:51:30,720

that from the film that's why in my

1170

00:51:33,560 --> 00:51:31,980

trailer I give it to you front and

1171

00:51:35,599 --> 00:51:33,570

center so if you watch the trailer for

1172

00:51:36,980 --> 00:51:35,609

the movie patience seventeen that's as

1173

00:51:40,790 --> 00:51:36,990

bad as it gets I mean you're gonna see

1174

00:51:42,560 --> 00:51:40,800

it and yeah man we live in meat suits

1175

00:51:45,070 --> 00:51:42,570

and sometimes they're cut open to

1176
00:51:48,710 --> 00:51:45,080
retrieve things apparently yes yes right

1177
00:51:51,140 --> 00:51:48,720
so he called them you know I guess I'll

1178
00:51:54,560 --> 00:51:51,150
just call him seventeen since he's you

1179
00:51:56,630 --> 00:51:54,570
know anonymous so he he called them

1180
00:51:58,190 --> 00:51:56,640
alien gangsters can you talk a little

1181
00:52:00,380 --> 00:51:58,200
bit about that and why he called them

1182
00:52:02,750 --> 00:52:00,390
that yeah I thought that was fascinating

1183
00:52:04,430 --> 00:52:02,760
that stems from a question I asked him

1184
00:52:06,380 --> 00:52:04,440
there's a scene in the movie where he's

1185
00:52:09,050 --> 00:52:06,390
kind of working on this little

1186
00:52:10,849 --> 00:52:09,060
motorcycle yaws and sits down and gives

1187
00:52:12,830 --> 00:52:10,859
me this interview I went to go see him

1188
00:52:13,940 --> 00:52:12,840

after the surgery just to see you his

1189

00:52:15,650 --> 00:52:13,950

state of mind

1190

00:52:17,270 --> 00:52:15,660

you know what he's feeling because

1191

00:52:19,160 --> 00:52:17,280

everybody kind of abandoned him after

1192

00:52:21,950 --> 00:52:19,170

this so you know I went to talk with him

1193

00:52:24,020 --> 00:52:21,960

and I said well tell me more about your

1194

00:52:26,690 --> 00:52:24,030

adoptive experiences you know what do

1195

00:52:28,430 --> 00:52:26,700

you think about these beings you know

1196

00:52:30,980 --> 00:52:28,440

what what do they want and and he says

1197

00:52:33,710 --> 00:52:30,990

that I don't care what they want I I

1198

00:52:36,020 --> 00:52:33,720

treat them just like any other intruder

1199

00:52:38,000 --> 00:52:36,030

it's not like they come over and with a

1200

00:52:39,349 --> 00:52:38,010

case of beer and pizza and say let's you

1201
00:52:41,450 --> 00:52:39,359
know let's have a bite and drink and

1202
00:52:43,730 --> 00:52:41,460
they're not you have not invited them in

1203
00:52:45,620 --> 00:52:43,740
he said he says so and he thinks about

1204
00:52:48,109 --> 00:52:45,630
it and he and he pauses and this is a

1205
00:52:50,420 --> 00:52:48,119
pretty powerful moment in the movie he

1206
00:52:53,990 --> 00:52:50,430
kind of positive as well there are

1207
00:52:56,450 --> 00:52:54,000
gangsters alien gangsters they do what

1208
00:52:59,450 --> 00:52:56,460
they want with you and they discard you

1209
00:53:01,970 --> 00:52:59,460
and that's how he feels about it if he

1210
00:53:04,310 --> 00:53:01,980
gets a chance he will take one of them

1211
00:53:06,650 --> 00:53:04,320
out and he's serious about that he's

1212
00:53:08,810 --> 00:53:06,660
fought back before in his abductive

1213
00:53:12,590 --> 00:53:08,820

experiences he has fought back before

1214

00:53:15,170 --> 00:53:12,600

and a lot of people will claim you know

1215

00:53:17,780 --> 00:53:15,180

you hear them say that they absolutely

1216

00:53:19,200 --> 00:53:17,790

have no control but he sort of broke he

1217

00:53:21,900 --> 00:53:19,210

was saying he sort of broke

1218

00:53:24,150 --> 00:53:21,910

from that a little bit yeah he was kind

1219

00:53:25,859 --> 00:53:24,160

of surprised you know you could feel and

1220

00:53:27,390 --> 00:53:25,869

see in the movie you can see his

1221

00:53:29,579 --> 00:53:27,400

surprise when he talks about he's like

1222

00:53:32,190 --> 00:53:29,589

it's like he had a revelation when he

1223

00:53:34,589 --> 00:53:32,200

was telling me he does yes I guess that

1224

00:53:36,690 --> 00:53:34,599

they do give you this this control this

1225

00:53:38,700 --> 00:53:36,700

mental control they have over you he

1226
00:53:41,220 --> 00:53:38,710
goes but I was once able to break that

1227
00:53:44,430 --> 00:53:41,230
and you know to try to defend himself

1228
00:53:48,030 --> 00:53:44,440
and you know tackle one of these beings

1229
00:53:50,280 --> 00:53:48,040
you know and that was you could see it

1230
00:53:53,609 --> 00:53:50,290
kind of dawn on him that he could fight

1231
00:53:57,060 --> 00:53:53,619
back so he did have one experience that

1232
00:54:02,130 --> 00:53:57,070
he was able to physically move and

1233
00:54:04,560 --> 00:54:02,140
maneuver to end the abduction Wow yeah

1234
00:54:07,280 --> 00:54:04,570
amazing so we have some questions that

1235
00:54:11,400 --> 00:54:07,290
came in I want to make sure that I

1236
00:54:14,030 --> 00:54:11,410
didn't forget them and so some of them

1237
00:54:15,180 --> 00:54:14,040
are based on you know the object

1238
00:54:18,030 --> 00:54:15,190

themselves

1239

00:54:21,450 --> 00:54:18,040

this the you know the object itself and

1240

00:54:23,070 --> 00:54:21,460

I don't know how you feel about what you

1241

00:54:26,089 --> 00:54:23,080

want to give away you know as far as

1242

00:54:28,200 --> 00:54:26,099

like spoiler as far as the movie itself

1243

00:54:30,000 --> 00:54:28,210

nothing's really gonna spoil the movie

1244

00:54:32,339 --> 00:54:30,010

yeah I can talk about it all day long

1245

00:54:35,700 --> 00:54:32,349

there's no experience like watching it

1246

00:54:38,790 --> 00:54:35,710

right right so one of the questions here

1247

00:54:41,670 --> 00:54:38,800

was having your film patients 17 mass

1248

00:54:44,370 --> 00:54:41,680

distributed does this give you a better

1249

00:54:48,180 --> 00:54:44,380

opportunity to make other films is there

1250

00:54:52,109 --> 00:54:48,190

a negative aspect to this with more

1251
00:54:55,160 --> 00:54:52,119
pressure on for you to produce films for

1252
00:54:59,040 --> 00:54:55,170
deadlines and not have a full artistic

1253
00:55:02,790 --> 00:54:59,050
ability or control that is a fabulous

1254
00:55:04,800 --> 00:55:02,800
question well first of all these whoever

1255
00:55:07,710 --> 00:55:04,810
wrote that I'm really grateful that that

1256
00:55:09,810 --> 00:55:07,720
brings up a very important point so the

1257
00:55:13,589 --> 00:55:09,820
first part of the question is having

1258
00:55:16,470 --> 00:55:13,599
this film mass distributed absolutely

1259
00:55:18,570 --> 00:55:16,480
opens the doors for me to get more work

1260
00:55:20,550 --> 00:55:18,580
out to the public and as you might know

1261
00:55:23,960 --> 00:55:20,560
I'm sitting on a lot of work you know

1262
00:55:26,940 --> 00:55:23,970
it's you know sat 6 years with John Lear

1263
00:55:28,770 --> 00:55:26,950

the full bob lazar film almost filmed

1264

00:55:30,420 --> 00:55:28,780

with with Bob I announced that a little

1265

00:55:32,310 --> 00:55:30,430

while ago I talked to you about that I

1266

00:55:33,000 --> 00:55:32,320

mean that's after 30 years George Knapp

1267

00:55:34,320 --> 00:55:33,010

my mentor

1268

00:55:39,060 --> 00:55:34,330

journalism you know brought him out

1269

00:55:40,470 --> 00:55:39,070

almost 30 years ago in his 28:29 so dr.

1270

00:55:42,570 --> 00:55:40,480

Edgar Mitchell six men who walk in the

1271

00:55:44,940 --> 00:55:42,580

moon as the last guy to film him three

1272

00:55:46,320 --> 00:55:44,950

days in his home I have an archive

1273

00:55:48,150 --> 00:55:46,330

that's unbelievable that I want to get

1274

00:55:50,820 --> 00:55:48,160

out to people and having patients 17

1275

00:55:52,800 --> 00:55:50,830

mass distributed has opened the doors

1276

00:55:55,200 --> 00:55:52,810

for me to get films out to people in

1277

00:55:56,190 --> 00:55:55,210

ways that I've never been able to do

1278

00:55:57,980 --> 00:55:56,200

before

1279

00:56:01,860 --> 00:55:57,990

so that's the first part of the question

1280

00:56:03,810 --> 00:56:01,870

yes second part of the question does

1281

00:56:05,880 --> 00:56:03,820

that in any way pressure me with

1282

00:56:08,190 --> 00:56:05,890

deadlines or infringe upon creative

1283

00:56:10,650 --> 00:56:08,200

control now this is really important the

1284

00:56:12,810 --> 00:56:10,660

reason why patient 17 took so long to

1285

00:56:15,680 --> 00:56:12,820

get out to people was because I said no

1286

00:56:18,240 --> 00:56:15,690

to everybody that wanted to buy it

1287

00:56:21,000 --> 00:56:18,250

everybody because they wouldn't give me

1288

00:56:22,590 --> 00:56:21,010

final cut imagine that they wouldn't

1289

00:56:24,810 --> 00:56:22,600

give me final cut of my own film that's

1290

00:56:26,130 --> 00:56:24,820

already done they wanted to have the

1291

00:56:28,830 --> 00:56:26,140

control to change it

1292

00:56:30,930 --> 00:56:28,840

so I said no to everybody didn't matter

1293

00:56:33,210 --> 00:56:30,940

how much they offered me great thing

1294

00:56:36,060 --> 00:56:33,220

about working with the orchard is it's

1295

00:56:39,660 --> 00:56:36,070

in my contract I have complete creative

1296

00:56:41,820 --> 00:56:39,670

control complete so anything you see

1297

00:56:44,820 --> 00:56:41,830

come from me will not be tainted by

1298

00:56:47,550 --> 00:56:44,830

timeline will not be tainted by pressure

1299

00:56:50,490 --> 00:56:47,560

or creative control it will be a one of

1300

00:56:53,280 --> 00:56:50,500

the kind Jeremy Corbyn film I take

1301
00:56:54,720 --> 00:56:53,290
responsibility for every frame and now

1302
00:56:56,750 --> 00:56:54,730
I'm just able to get it out to you

1303
00:57:01,200 --> 00:56:56,760
faster and better

1304
00:57:03,870 --> 00:57:01,210
excellent excellent so let's let's walk

1305
00:57:05,460 --> 00:57:03,880
through the film a little bit so it it

1306
00:57:09,690 --> 00:57:05,470
goes I already talked about the surgery

1307
00:57:12,360 --> 00:57:09,700
so this thing has been extracted it was

1308
00:57:16,080 --> 00:57:12,370
actually put into a solution that

1309
00:57:20,240 --> 00:57:16,090
actually came from I think from blood of

1310
00:57:22,680 --> 00:57:20,250
the patients 17 or yeah it's a serum

1311
00:57:23,430 --> 00:57:22,690
serum of this blood cells they spin it

1312
00:57:25,290 --> 00:57:23,440
down yeah

1313
00:57:27,630 --> 00:57:25,300

the preservation just to keep it fresh

1314

00:57:29,460 --> 00:57:27,640

you know the first thing that pops in my

1315

00:57:33,900 --> 00:57:29,470

head right now is do you know where the

1316

00:57:37,230 --> 00:57:33,910

object is now because I know I know when

1317

00:57:38,940 --> 00:57:37,240

I spoke with Roger before he passed away

1318

00:57:43,590 --> 00:57:38,950

he said I asked him where he kept these

1319

00:57:46,550 --> 00:57:43,600

things and he said very safe yep and do

1320

00:57:49,070 --> 00:57:46,560

you know where the object is I do and

1321

00:57:52,070 --> 00:57:49,080

in fact the film has applied some

1322

00:57:54,260 --> 00:57:52,080

pressure to that situation so you'll see

1323

00:57:56,570 --> 00:57:54,270

in the film that there is a real point

1324

00:57:59,930 --> 00:57:56,580

of contention at one point right about

1325

00:58:03,680 --> 00:57:59,940

being able to study the object object

1326
00:58:06,380 --> 00:58:03,690
number 17 and I believe that over time

1327
00:58:09,320 --> 00:58:06,390
and also just the pressure of the film I

1328
00:58:11,720 --> 00:58:09,330
can now say that I have a good

1329
00:58:15,440 --> 00:58:11,730
relationship with the custodian of this

1330
00:58:18,110 --> 00:58:15,450
object and that we have now access in

1331
00:58:20,510 --> 00:58:18,120
order to study this scientifically and

1332
00:58:22,700 --> 00:58:20,520
with the right mechanisms that you know

1333
00:58:26,840 --> 00:58:22,710
the right types of scientific analysis

1334
00:58:28,790 --> 00:58:26,850
so that is in motion right now it's a

1335
00:58:31,670 --> 00:58:28,800
matter of getting the the right tests

1336
00:58:34,460 --> 00:58:31,680
and and applying the same techniques to

1337
00:58:36,490 --> 00:58:34,470
see if we get consistent results so yes

1338
00:58:39,080 --> 00:58:36,500

I know where the object is and yes I'm

1339

00:58:41,270 --> 00:58:39,090

supposed to have direct access to it at

1340

00:58:44,450 --> 00:58:41,280

any time so now let's see what happens

1341

00:58:47,660 --> 00:58:44,460

in six months right there was a question

1342

00:58:51,320 --> 00:58:47,670

I can't I can't see it right here real

1343

00:58:56,720 --> 00:58:51,330

quickly but the gist of it was when that

1344

00:58:59,000 --> 00:58:56,730

item was extracted from patient 17 was

1345

00:59:02,330 --> 00:58:59,010

there any difference in the way he felt

1346

00:59:03,920 --> 00:59:02,340

because he does mention of him riding on

1347

00:59:05,660 --> 00:59:03,930

his motorcycle how all of a sudden he

1348

00:59:07,820 --> 00:59:05,670

had excruciating pain there and had to

1349

00:59:10,190 --> 00:59:07,830

actually pull over and lay down on the

1350

00:59:13,550 --> 00:59:10,200

side of the road has anything changed

1351
00:59:17,240 --> 00:59:13,560
with him since I was extracted you know

1352
00:59:21,050 --> 00:59:17,250
that's a very difficult question to

1353
00:59:22,520 --> 00:59:21,060
answer because it you have to think

1354
00:59:25,220 --> 00:59:22,530
about it from a psychological standpoint

1355
00:59:27,680 --> 00:59:25,230
you have these traumatic experiences and

1356
00:59:30,640 --> 00:59:27,690
we do compartmentalize them like if you

1357
00:59:32,840 --> 00:59:30,650
have PTSD you know you're walking around

1358
00:59:35,230 --> 00:59:32,850
99% of the time okay and then you you

1359
00:59:38,780 --> 00:59:35,240
have a flashback you have a bad problem

1360
00:59:42,290 --> 00:59:38,790
stress-induced so it's hard to determine

1361
00:59:46,250 --> 00:59:42,300
when you've had traumatic experiences if

1362
00:59:47,840 --> 00:59:46,260
the mental effects of simply change and

1363
00:59:49,700 --> 00:59:47,850

having something out of your body do you

1364

00:59:52,430 --> 00:59:49,710

question if maybe it was doing something

1365

00:59:55,130 --> 00:59:52,440

good for you so so I would say that

1366

00:59:58,130 --> 00:59:55,140

patient 17 has gone through a range of

1367

01:00:00,470 --> 00:59:58,140

emotions and experiences since the

1368

01:00:02,960 --> 01:00:00,480

object was removed from his body now

1369

01:00:05,960 --> 01:00:02,970

from from a toxicology standpoint I was

1370

01:00:08,330 --> 01:00:05,970

able to show a nano toxicologists ela

1371

01:00:10,370 --> 01:00:08,340

the the analysis of the sample and he

1372

01:00:11,330 --> 01:00:10,380

was like that it's really good you got

1373

01:00:14,359 --> 01:00:11,340

this out of his body

1374

01:00:17,960 --> 01:00:14,369

it has arsenic it has nutrium it has

1375

01:00:21,849 --> 01:00:17,970

all these toxic alloys it's good you got

1376

01:00:24,620 --> 01:00:21,859

it out so anyway you want to argue it

1377

01:00:26,390 --> 01:00:24,630

this was something that contain toxic

1378

01:00:29,120 --> 01:00:26,400

alloys and should be removed as a

1379

01:00:31,940 --> 01:00:29,130

foreign body from a man's you know leg

1380

01:00:34,130 --> 01:00:31,950

absolutely but patient 17 has gone on a

1381

01:00:36,530 --> 01:00:34,140

roller coaster of emotions ultimately

1382

01:00:39,290 --> 01:00:36,540

he's loving life as I said has a great

1383

01:00:41,750 --> 01:00:39,300

wife great job great life and we're

1384

01:00:44,630 --> 01:00:41,760

friends and we get any chance we get we

1385

01:00:47,540 --> 01:00:44,640

hang out and yeah he's doing great but

1386

01:00:50,030 --> 01:00:47,550

we still want to get answers of what

1387

01:00:52,550 --> 01:00:50,040

precisely we know what it was

1388

01:00:55,070 --> 01:00:52,560

elementally and isotopically we need to

1389

01:00:58,359 --> 01:00:55,080

retest it multiple times to satisfy

1390

01:01:02,810 --> 01:00:58,369

scientific rigor but we know what it was

1391

01:01:05,090 --> 01:01:02,820

to a degree but we want to find out more

1392

01:01:06,950 --> 01:01:05,100

yeah I know I think somewhere in your

1393

01:01:09,530 --> 01:01:06,960

film you mentioned you know retesting is

1394

01:01:12,170 --> 01:01:09,540

important or nano man I think said

1395

01:01:16,930 --> 01:01:12,180

something about that and we can talk a

1396

01:01:20,240 --> 01:01:16,940

little bit about nano me as well yeah so

1397

01:01:23,900 --> 01:01:20,250

dr. Roger Leir is now gone is there

1398

01:01:26,810 --> 01:01:23,910

anyone that is planning as far as you

1399

01:01:29,800 --> 01:01:26,820

know to take over what he was doing and

1400

01:01:32,870 --> 01:01:29,810

worked with these so-called implants

1401

01:01:36,320 --> 01:01:32,880

interestingly enough my childhoods

1402

01:01:39,500 --> 01:01:36,330

friend what my old childhood friend his

1403

01:01:41,990 --> 01:01:39,510

name is Mike side his father Arnold side

1404

01:01:44,870 --> 01:01:42,000

is a surgeon a general surgeon for many

1405

01:01:47,240 --> 01:01:44,880

years his whole life retired down and he

1406

01:01:55,580 --> 01:01:47,250

has offered you know under certain

1407

01:01:59,210 --> 01:01:55,590

guideline look are you there I'm not

1408

01:02:01,099 --> 01:01:59,220

hearing you a surgery

1409

01:02:03,410 --> 01:02:01,109

my dad needed to have so it's got great

1410

01:02:06,230 --> 01:02:03,420

surgeon and he has offered if I set

1411

01:02:09,530 --> 01:02:06,240

everything up to continue the surgical

1412

01:02:11,630 --> 01:02:09,540

aspects of this research I so there's

1413

01:02:14,030 --> 01:02:11,640

three parts one is psychological

1414

01:02:15,830 --> 01:02:14,040

you need to screen people so

1415

01:02:26,600 --> 01:02:15,840

I am currently looking for somebody who

1416

01:02:30,380 --> 01:02:26,610

is me who will do all right

1417

01:02:32,300 --> 01:02:30,390

you claim implants and do the same type

1418

01:02:34,160 --> 01:02:32,310

yeah so psychological then we do the

1419

01:02:37,340 --> 01:02:34,170

surgery and I do have a surgeon now his

1420

01:02:40,220 --> 01:02:37,350

name who's willing to help and and then

1421

01:02:43,460 --> 01:02:40,230

after that I have a scientific team I'm

1422

01:02:44,720 --> 01:02:43,470

about five people on a team all experts

1423

01:02:49,580 --> 01:02:44,730

in their fields from everything from

1424

01:02:52,270 --> 01:02:49,590

material science material science to now

1425

01:02:53,990 --> 01:02:52,280

technology to just you know a spectral

1426

01:03:02,210 --> 01:02:54,000

technologist or whatever somebody uses

1427

01:03:04,550 --> 01:03:02,220

SEMS okay uh Jeremy can you can you hear

1428

01:03:06,680 --> 01:03:04,560

me right now side basis now this is not

1429

01:03:08,960 --> 01:03:06,690

something that I do I'm a filmmaker but

1430

01:03:11,270 --> 01:03:08,970

I'm trying to assemble that team and so

1431

01:03:12,920 --> 01:03:11,280

far I have only one missing part which

1432

01:03:15,640 --> 01:03:12,930

is the right person for the

1433

01:03:19,760 --> 01:03:15,650

psychological aspects of everything well

1434

01:03:22,130 --> 01:03:19,770

Jeremy can you hear me right now yes

1435

01:03:24,350 --> 01:03:22,140

okay I just want to you've you've been

1436

01:03:26,750 --> 01:03:24,360

cutting out a little bit have you moved

1437

01:03:30,170 --> 01:03:26,760

anywhere in your car or anything

1438

01:03:32,690 --> 01:03:30,180

I have not oh okay all right well we'll

1439

01:03:35,110 --> 01:03:32,700

just keep plugging for anyone that is

1440

01:03:38,210 --> 01:03:35,120

just tuning in we're on with Jeremy

1441

01:03:40,370 --> 01:03:38,220

Korbel and he's sitting in his car and

1442

01:03:42,950 --> 01:03:40,380

on the top of a mountain because his

1443

01:03:47,870 --> 01:03:42,960

internet was acting a little funky so

1444

01:03:48,950 --> 01:03:47,880

he's on his iPhone using Skype I think

1445

01:03:53,120 --> 01:03:48,960

it's actually coming in pretty good

1446

01:03:55,100 --> 01:03:53,130

except for as it was cutting out right

1447

01:03:57,680 --> 01:03:55,110

okay yeah I get again yeah I just live

1448

01:03:59,480 --> 01:03:57,690

real remotely so having just this tiny

1449

01:04:02,210 --> 01:03:59,490

little dish service my entire universe

1450

01:04:05,000 --> 01:04:02,220

for 20 minutes I felt it's safer to

1451

01:04:06,650 --> 01:04:05,010

drive to the top of a mountain so so

1452

01:04:11,480 --> 01:04:06,660

we're both on top of the mountain so

1453

01:04:14,860 --> 01:04:11,490

that's right yeah let's talk about how

1454

01:04:19,810 --> 01:04:14,870

difficult is something like an implant

1455

01:04:22,730 --> 01:04:19,820

to have looked at seriously by say a lab

1456

01:04:24,800 --> 01:04:22,740

it's actually there's no problem with

1457

01:04:27,500 --> 01:04:24,810

that at all but let's step back I don't

1458

01:04:29,930 --> 01:04:27,510

know that these are implants these

1459

01:04:32,480 --> 01:04:29,940

foreign objects that are found in

1460

01:04:35,210 --> 01:04:32,490

people's bodies and in fact I can only

1461

01:04:37,550 --> 01:04:35,220

talk about object number 17 because I

1462

01:04:40,160 --> 01:04:37,560

can't really trust I wasn't there for

1463

01:04:43,280 --> 01:04:40,170

all the other you know 16 before I'm

1464

01:04:45,560 --> 01:04:43,290

sure they're well documented but I need

1465

01:04:46,370 --> 01:04:45,570

to find out what one is before I find

1466

01:04:49,460 --> 01:04:46,380

out the others but as far as

1467

01:04:53,570 --> 01:04:49,470

laboratories looking at this information

1468

01:04:56,930 --> 01:04:53,580

it is absolutely a blind process they

1469

01:04:59,990 --> 01:04:56,940

don't care what you send them their job

1470

01:05:03,050 --> 01:05:00,000

is to analyze it so there is zero

1471

01:05:05,470 --> 01:05:03,060

resistance to sending someone an object

1472

01:05:07,760 --> 01:05:05,480

and having it you know look that

1473

01:05:10,940 --> 01:05:07,770

elementally and isotopically it's easy

1474

01:05:13,400 --> 01:05:10,950

if you pay the money now yeah I

1475

01:05:15,440 --> 01:05:13,410

understand I understand so it you don't

1476

01:05:18,410 --> 01:05:15,450

have to get into what you think it might

1477

01:05:23,090 --> 01:05:18,420

be you just say you want to know what it

1478

01:05:25,940 --> 01:05:23,100

is you literally give them a sample and

1479

01:05:28,160 --> 01:05:25,950

say I want broad spectrum elemental

1480

01:05:30,530 --> 01:05:28,170

analysis and isotopic analysis and you

1481

01:05:32,420 --> 01:05:30,540

choose the elements that you're going to

1482

01:05:34,160 --> 01:05:32,430

be looking at isotopically the

1483

01:05:38,060 --> 01:05:34,170

difference between elements and isotopes

1484

01:05:40,760 --> 01:05:38,070

is simply the number of neutrons so same

1485

01:05:44,060 --> 01:05:40,770

number of protons so basically if you

1486

01:05:46,040 --> 01:05:44,070

have zinc right stabilised think if you

1487

01:05:48,920 --> 01:05:46,050

cut outside of the mountain there's five

1488

01:05:52,100 --> 01:05:48,930

although you can study for the big four

1489

01:05:55,010 --> 01:05:52,110

of zinc you those are different isotopes

1490

01:05:57,920 --> 01:05:55,020

that stabilize that zinc and so there

1491

01:05:59,840 --> 01:05:57,930

are terrestrial norms for that zinc so

1492

01:06:02,450 --> 01:05:59,850

everywhere on earth is going to have the

1493

01:06:06,260 --> 01:06:02,460

same ratios of those isotopes and that's

1494

01:06:10,130 --> 01:06:06,270

how we kind of get into origin we can

1495

01:06:13,490 --> 01:06:10,140

tell forensic ly by the isotopes and by

1496

01:06:15,110 --> 01:06:13,500

the ratios and by what they call the ISO

1497

01:06:18,350 --> 01:06:15,120

scape which was really interesting which

1498

01:06:20,540 --> 01:06:18,360

is the isotopic landscape of the known

1499

01:06:24,050 --> 01:06:20,550

earth and beyond Earth if we know a

1500

01:06:25,790 --> 01:06:24,060

little bit where something comes from or

1501

01:06:28,010 --> 01:06:25,800

you can learn a lot about it so that's

1502

01:06:31,010 --> 01:06:28,020

what you look at is elements and

1503

01:06:34,250 --> 01:06:31,020

isotopes yes another question that came

1504

01:06:36,890 --> 01:06:34,260

in was the material composition of the

1505

01:06:38,960 --> 01:06:36,900

object extracted from patient 17 was

1506

01:06:41,180 --> 01:06:38,970

made of exotic materials but does not

1507

01:06:44,240 --> 01:06:41,190

look like an obvious

1508

01:06:46,910 --> 01:06:44,250

manufactured piece of technology has

1509

01:06:49,160 --> 01:06:46,920

there been any study of its potential

1510

01:06:52,280 --> 01:06:49,170

purpose rather than its material

1511

01:06:55,790 --> 01:06:52,290

composition yeah that's interesting I

1512

01:06:58,160 --> 01:06:55,800

it's an interesting question the the the

1513

01:07:02,690 --> 01:06:58,170

you have to presuppose there that that

1514

01:07:04,579 --> 01:07:02,700

we know what that would look like to

1515

01:07:06,290 --> 01:07:04,589

serve a certain purpose I mean you know

1516

01:07:09,440 --> 01:07:06,300

an airplane looks really strange if

1517

01:07:11,510 --> 01:07:09,450

you're sitting in caveman times so I'm

1518

01:07:13,160 --> 01:07:11,520

not exactly sure how to answer that part

1519

01:07:14,780 --> 01:07:13,170

of the question because that pre assumes

1520

01:07:16,880 --> 01:07:14,790

that you know what something is supposed

1521

01:07:20,240 --> 01:07:16,890

to look like depending on what you're

1522

01:07:22,730 --> 01:07:20,250

supposing it is but let's back up we

1523

01:07:26,089 --> 01:07:22,740

have to find out what it is on an

1524

01:07:29,059 --> 01:07:26,099

elemental an isotopic level before we

1525

01:07:31,970 --> 01:07:29,069

can start to theorize or get an idea of

1526

01:07:33,980 --> 01:07:31,980

its functionality because there are

1527

01:07:36,349 --> 01:07:33,990

certain isotopes and alloys and meta

1528

01:07:38,450 --> 01:07:36,359

materials that do different things and

1529

01:07:40,579 --> 01:07:38,460

this is fascinating in the last 10 years

1530

01:07:42,910 --> 01:07:40,589

we have been developing at an

1531

01:07:45,890 --> 01:07:42,920

exponential rate meta materials

1532

01:07:48,140 --> 01:07:45,900

materials that don't exist in the

1533

01:07:51,500 --> 01:07:48,150

natural world and materials that have

1534

01:07:53,839 --> 01:07:51,510

unique properties with physics because

1535

01:07:56,750 --> 01:07:53,849

of their construction a great example of

1536

01:07:59,359 --> 01:07:56,760

that would be graphene's the strongest

1537

01:08:03,740 --> 01:07:59,369

substance ever created by humanity and

1538

01:08:07,370 --> 01:08:03,750

it's basically hexagonal atomic layers

1539

01:08:09,530 --> 01:08:07,380

right and that creates a strength to it

1540

01:08:11,359 --> 01:08:09,540

but but it's also a superconductor so I

1541

01:08:12,950 --> 01:08:11,369

have two pieces one out of a Chinese

1542

01:08:14,540 --> 01:08:12,960

nuclear weapon it's it they're amazing

1543

01:08:16,039 --> 01:08:14,550

you know you can take them and just

1544

01:08:17,510 --> 01:08:16,049

touch them into an ice cube and they

1545

01:08:20,209 --> 01:08:17,520

slide in like a hot knife through butter

1546

01:08:22,039 --> 01:08:20,219

until it freezes in your fingers because

1547

01:08:24,260 --> 01:08:22,049

it's a superconductor but that's because

1548

01:08:26,959 --> 01:08:24,270

of the atomic layering so the meta

1549

01:08:29,570 --> 01:08:26,969

materials themselves that makes a

1550

01:08:32,209 --> 01:08:29,580

difference so we need to know the

1551
01:08:32,809 --> 01:08:32,219
composition of these objects before we

1552
01:08:36,950 --> 01:08:32,819
can theorize

1553
01:08:39,950 --> 01:08:36,960
but that's my rule yeah dr. Lehrer had a

1554
01:08:42,130 --> 01:08:39,960
different methodology he was pretty sure

1555
01:08:45,530 --> 01:08:42,140
because of the compilation of evidence

1556
01:08:49,070 --> 01:08:45,540
people's story is the material science

1557
01:08:52,579 --> 01:08:49,080
of this that these objects were indeed

1558
01:08:54,829 --> 01:08:52,589
emitting frequency and one of his tests

1559
01:08:58,579 --> 01:08:54,839
for this was using a Gauss meter a Gauss

1560
01:09:00,649 --> 01:08:58,589
like basically a rudimentary way of

1561
01:09:02,329 --> 01:09:00,659
looking at electromagnetic frequency

1562
01:09:04,609 --> 01:09:02,339
just showing that if you pull it up to a

1563
01:09:06,589 --> 01:09:04,619

battery for example it'll ping it'll go

1564

01:09:08,570 --> 01:09:06,599

off so he'd run it over the guy's leg

1565

01:09:10,370 --> 01:09:08,580

when it's in his leg and it's pinging

1566

01:09:13,010 --> 01:09:10,380

like it like it's emitting a frequency

1567

01:09:15,260 --> 01:09:13,020

and dr. Lear's theory was that there's a

1568

01:09:19,570 --> 01:09:15,270

scalar wave frequency he said kind of a

1569

01:09:21,950 --> 01:09:19,580

fancy term for complex radio wave and

1570

01:09:23,570 --> 01:09:21,960

we're picking up a little part of that

1571

01:09:25,249 --> 01:09:23,580

when we bring the Gauss meter over that

1572

01:09:27,559 --> 01:09:25,259

now that's not my theory I don't

1573

01:09:32,120 --> 01:09:27,569

actually subscribe to that it could be

1574

01:09:35,390 --> 01:09:32,130

true I have no idea so his idea was that

1575

01:09:39,620 --> 01:09:35,400

these were beacons that these were

1576

01:09:43,160 --> 01:09:39,630

emitting data from the patient to some

1577

01:09:46,849 --> 01:09:43,170

sort of supercomputer an alien Internet

1578

01:09:49,700 --> 01:09:46,859

and the ultimate goal would be to tap in

1579

01:09:51,620 --> 01:09:49,710

to this alien Internet and decipher some

1580

01:09:53,149 --> 01:09:51,630

of what is being transmitted I mean

1581

01:09:56,720 --> 01:09:53,159

sounds like sci-fi it sounds totally

1582

01:09:59,979 --> 01:09:56,730

crazy and it might be but that was what

1583

01:10:04,850 --> 01:09:59,989

he and his colleagues were aiming for

1584

01:10:07,879 --> 01:10:04,860

Wow that's that is pretty wild now you

1585

01:10:10,160 --> 01:10:07,889

says he and his colleagues so are there

1586

01:10:13,129 --> 01:10:10,170

some people that were working with him

1587

01:10:16,040 --> 01:10:13,139

that want to continue on you know yeah

1588

01:10:18,680 --> 01:10:16,050

absolutely there was Steve Coburn who

1589

01:10:20,839 --> 01:10:18,690

was a material scientist and you know he

1590

01:10:21,770 --> 01:10:20,849

claimed you know to have been working

1591

01:10:23,720 --> 01:10:21,780

with doctors there for quite some time

1592

01:10:25,609 --> 01:10:23,730

there's a little twist in the movie that

1593

01:10:28,129 --> 01:10:25,619

I that I don't want to give away okay

1594

01:10:30,379 --> 01:10:28,139

but you basically I know the twins you

1595

01:10:33,470 --> 01:10:30,389

know yeah yes everybody watch the movie

1596

01:10:36,560 --> 01:10:33,480

I was shocked I mean you can hear my

1597

01:10:40,280 --> 01:10:36,570

voice I am like shocked in this movie

1598

01:10:41,240 --> 01:10:40,290

but anyway Steve Coburn you know he was

1599

01:10:43,550 --> 01:10:41,250

working with dr. Leir

1600

01:10:45,709 --> 01:10:43,560

because of his work on carbon nanotubes

1601
01:10:47,780 --> 01:10:45,719
and he could kind of read the analysis

1602
01:10:49,850 --> 01:10:47,790
knew which laboratories to send it to he

1603
01:10:51,740 --> 01:10:49,860
is a controversial character and he just

1604
01:10:54,050 --> 01:10:51,750
is that's nothing I can say about that

1605
01:10:56,180 --> 01:10:54,060
but you know indeed he was helping dr.

1606
01:10:58,160 --> 01:10:56,190
Leir and then there was another surgeon

1607
01:11:00,589 --> 01:10:58,170
who would help him when he had to do

1608
01:11:02,600 --> 01:11:00,599
surgeries that didn't relate to feet

1609
01:11:05,000 --> 01:11:02,610
right because he was a podiatrist

1610
01:11:08,120 --> 01:11:05,010
and you know there were a number of

1611
01:11:09,200 --> 01:11:08,130
people that kind of helped dr. Leir and

1612
01:11:11,360 --> 01:11:09,210
his organ is

1613
01:11:13,790 --> 01:11:11,370

and he had trusted colleagues and people

1614

01:11:16,880 --> 01:11:13,800

he could go to and have them do scanning

1615

01:11:19,430 --> 01:11:16,890

electron microscopy or whatever and so

1616

01:11:21,439 --> 01:11:19,440

that's yeah he had a circle around him

1617

01:11:23,229 --> 01:11:21,449

but you know when you when you die near

1618

01:11:28,430 --> 01:11:23,239

the strongest link things tend to get

1619

01:11:30,229 --> 01:11:28,440

dispersed right right Steve very very

1620

01:11:34,370 --> 01:11:30,239

bright you could tell that right off the

1621

01:11:36,229 --> 01:11:34,380

bat yeah I really got a kick out of his

1622

01:11:38,720 --> 01:11:36,239

house because I'm an appraiser you know

1623

01:11:41,410 --> 01:11:38,730

fine arts and antiques and I'm thinking

1624

01:11:44,660 --> 01:11:41,420

oh my god 1966 his whole house

1625

01:11:46,640 --> 01:11:44,670

everything was like from 1966 it was

1626

01:11:48,169 --> 01:11:46,650

pretty funny yeah funny for me that's

1627

01:11:50,240 --> 01:11:48,179

that's right I thought that was a cool

1628

01:11:53,600 --> 01:11:50,250

scene you know that I try to create a

1629

01:11:55,880 --> 01:11:53,610

feeling with each character and a color

1630

01:11:57,530 --> 01:11:55,890

tonality and you'll notice with with

1631

01:11:59,479 --> 01:11:57,540

Steve you know when he's in the

1632

01:12:02,240 --> 01:11:59,489

laboratory it's very blue and then when

1633

01:12:05,209 --> 01:12:02,250

he's in his home it's very green and he

1634

01:12:07,340 --> 01:12:05,219

was by this fish tank where he describes

1635

01:12:09,410 --> 01:12:07,350

the characteristics of the fish and how

1636

01:12:12,169 --> 01:12:09,420

they treat one another and so it's a

1637

01:12:17,720 --> 01:12:12,179

kind of cool scene in his house he needs

1638

01:12:20,419 --> 01:12:17,730

an algae eater by the way so another

1639

01:12:23,959 --> 01:12:20,429

question was the isotope analysis of the

1640

01:12:27,439 --> 01:12:23,969

sample removed from patient 17 points to

1641

01:12:29,959 --> 01:12:27,449

now it says this is I'm quoting here

1642

01:12:33,590 --> 01:12:29,969

points to the implant coming from

1643

01:12:36,350 --> 01:12:33,600

outside our solar system if not outside

1644

01:12:40,430 --> 01:12:36,360

our galaxy could you explain how isotope

1645

01:12:43,700 --> 01:12:40,440

ratios are used to determine this sure

1646

01:12:46,010 --> 01:12:43,710

so yeah I'll make this kind of simple we

1647

01:12:47,780 --> 01:12:46,020

can elaborate a you know if you want to

1648

01:12:50,180 --> 01:12:47,790

this was a real learning curve for me

1649

01:12:52,790 --> 01:12:50,190

and I'm still learning about this but

1650

01:12:56,450 --> 01:12:52,800

what that comment is referring to is

1651
01:13:00,530 --> 01:12:56,460
that one of the findings of object 17

1652
01:13:02,810 --> 01:13:00,540
was that the zinc 64 was you know way

1653
01:13:05,840 --> 01:13:02,820
far outside of what would be considered

1654
01:13:10,100 --> 01:13:05,850
the terrestrial norm of the isotope of

1655
01:13:13,550 --> 01:13:10,110
zinc 64 here on earth so typically if

1656
01:13:15,140 --> 01:13:13,560
you have outside a single percent then

1657
01:13:16,729 --> 01:13:15,150
you have something that is non

1658
01:13:19,370 --> 01:13:16,739
terrestrial we study on earth

1659
01:13:21,770 --> 01:13:19,380
extraterrestrial isotopes all the time

1660
01:13:22,590 --> 01:13:21,780
we have tons of scientists to do it

1661
01:13:24,900 --> 01:13:22,600
because you get a me

1662
01:13:27,600 --> 01:13:24,910
right and everybody's excited to study

1663
01:13:30,090 --> 01:13:27,610

it you know even moon rocks that were

1664

01:13:31,860 --> 01:13:30,100

brought back from the moon you you can

1665

01:13:33,540 --> 01:13:31,870

look at them and see that some of the

1666

01:13:36,630 --> 01:13:33,550

isotopes are vastly different and that's

1667

01:13:39,360 --> 01:13:36,640

the way that our supernovae created

1668

01:13:41,490 --> 01:13:39,370

matter in our solar system and solar

1669

01:13:43,950 --> 01:13:41,500

systems around us and it essentially

1670

01:13:45,570 --> 01:13:43,960

created the matter that we have to play

1671

01:13:47,670 --> 01:13:45,580

with here on earth and they're and

1672

01:13:49,530 --> 01:13:47,680

they're just laid out in certain ratios

1673

01:13:53,010 --> 01:13:49,540

of isotopes and they vary here on earth

1674

01:13:56,250 --> 01:13:53,020

to a degree but they particularly vary

1675

01:13:59,970 --> 01:13:56,260

when they come from distant places so

1676

01:14:04,190 --> 01:13:59,980

the isotopic analysis we had done show a

1677

01:14:09,810 --> 01:14:04,200

variance in in the zinc 64 isotopes at

1678

01:14:12,270 --> 01:14:09,820

2.5% that is far far far outside the

1679

01:14:14,580 --> 01:14:12,280

terrestrial norm now you have to factor

1680

01:14:18,090 --> 01:14:14,590

in if there is an error you have

1681

01:14:20,760 --> 01:14:18,100

standard relative deviation of 1.25 if I

1682

01:14:24,230 --> 01:14:20,770

recall so you have to go above or below

1683

01:14:26,790 --> 01:14:24,240

that 2.5 but the general mean you know

1684

01:14:28,980 --> 01:14:26,800

variance was 2.5% outside the

1685

01:14:30,900 --> 01:14:28,990

terrestrial norm which basically one of

1686

01:14:33,390 --> 01:14:30,910

the scientists goes on camera and talks

1687

01:14:36,440 --> 01:14:33,400

about how that means this is not made in

1688

01:14:41,310 --> 01:14:36,450

our supernova that means this was made

1689

01:14:44,880 --> 01:14:41,320

most likely not of our galaxy again if

1690

01:14:46,770 --> 01:14:44,890

the results are correct and that's a big

1691

01:14:48,360 --> 01:14:46,780

that's a big point I called the labs

1692

01:14:49,560 --> 01:14:48,370

that I shook him down and because I

1693

01:14:51,540 --> 01:14:49,570

talked to mainstream scientists who

1694

01:14:53,790 --> 01:14:51,550

wouldn't go on camera and a lot of them

1695

01:14:55,200 --> 01:14:53,800

had crazier theories the next to

1696

01:14:56,610 --> 01:14:55,210

terrestrial isotopes you know they were

1697

01:14:58,410 --> 01:14:56,620

like you're being lied to

1698

01:15:02,430 --> 01:14:58,420

the lab is pulling one over on you it's

1699

01:15:04,610 --> 01:15:02,440

a federal offense to change results the

1700

01:15:06,420 --> 01:15:04,620

latter would have to be that's crazy so

1701

01:15:08,520 --> 01:15:06,430

so that's what he means

1702

01:15:10,460 --> 01:15:08,530

in the movie or probably that's what

1703

01:15:12,690 --> 01:15:10,470

you're the question from your guest was

1704

01:15:16,500 --> 01:15:12,700

talking about is that you can tell

1705

01:15:20,550 --> 01:15:16,510

through you know I you know the isotopic

1706

01:15:23,100 --> 01:15:20,560

landscape of the cosmos up here on earth

1707

01:15:25,200 --> 01:15:23,110

and outside of the earth kind of where

1708

01:15:27,890 --> 01:15:25,210

things come from and this is so far

1709

01:15:32,310 --> 01:15:27,900

outside the terrestrial norm that it's a

1710

01:15:36,630 --> 01:15:32,320

pretty astounding right um yeah I think

1711

01:15:39,510 --> 01:15:36,640

there was what 36 was 36 elements

1712

01:15:43,200 --> 01:15:39,520

elements which is for a little tiny

1713

01:15:45,600 --> 01:15:43,210

object is really bizarre I think as far

1714

01:15:48,300 --> 01:15:45,610

as you know what it is yeah that itself

1715

01:15:50,160 --> 01:15:48,310

is is quite unique I mean it's majority

1716

01:15:53,130 --> 01:15:50,170

iron so we're talking about parts per

1717

01:15:55,380 --> 01:15:53,140

million right but there's having 36

1718

01:15:57,450 --> 01:15:55,390

different elements in a single sample

1719

01:15:59,190 --> 01:15:57,460

that's why I talked and worked with a

1720

01:16:01,770 --> 01:15:59,200

lot of nanotechnologists who create and

1721

01:16:04,200 --> 01:16:01,780

fabricate you know even in particle

1722

01:16:07,740 --> 01:16:04,210

accelerators you get these unique meta

1723

01:16:11,400 --> 01:16:07,750

materials and and they say maybe in the

1724

01:16:15,420 --> 01:16:11,410

most complex alloys that we have you

1725

01:16:18,510 --> 01:16:15,430

will find four major elements combined

1726

01:16:20,880 --> 01:16:18,520

one of the Nano physicists that you've

1727

01:16:22,350 --> 01:16:20,890

referenced nano man his name is Chris

1728

01:16:23,700 --> 01:16:22,360

Cooper I just think it's cool to give

1729

01:16:26,520 --> 01:16:23,710

him a superhero's name because he's kind

1730

01:16:29,910 --> 01:16:26,530

of a cool guy so I called nano man but

1731

01:16:33,030 --> 01:16:29,920

you know he said this is a witch's brew

1732

01:16:35,520 --> 01:16:33,040

of elements the most astounding array of

1733

01:16:38,130 --> 01:16:35,530

elements that he has ever seen and and

1734

01:16:41,900 --> 01:16:38,140

that holds weight coming from a guy who

1735

01:16:46,080 --> 01:16:41,910

literally fabricates metamaterials i

1736

01:16:49,590 --> 01:16:46,090

know he was he seemed very passionate

1737

01:16:53,190 --> 01:16:49,600

about talking about this what was uh

1738

01:16:55,920 --> 01:16:53,200

what was involved in the elements yeah

1739

01:16:58,050 --> 01:16:55,930

well it was really exciting for him

1740

01:16:59,910 --> 01:16:58,060

because look a lot of people that didn't

1741

01:17:01,620 --> 01:16:59,920

go on camera they were kind of squares

1742

01:17:04,200 --> 01:17:01,630

you know they were kind of like these

1743

01:17:06,060 --> 01:17:04,210

scientists who like one got written up

1744

01:17:07,320 --> 01:17:06,070

in the New York Times a little bit after

1745

01:17:09,900 --> 01:17:07,330

I went saw him and he didn't want to

1746

01:17:10,980 --> 01:17:09,910

risk that and you know there's a lot of

1747

01:17:14,280 --> 01:17:10,990

scientists that didn't want to be

1748

01:17:16,800 --> 01:17:14,290

involved with this idea of an alien

1749

01:17:18,840 --> 01:17:16,810

implant removal I mean I kind of didn't

1750

01:17:22,470 --> 01:17:18,850

want to be involved with it so I can

1751

01:17:25,140 --> 01:17:22,480

understand but nano man interestingly

1752

01:17:27,150 --> 01:17:25,150

enough you know he will talk openly with

1753

01:17:29,850 --> 01:17:27,160

me and he's excited about the results

1754

01:17:33,420 --> 01:17:29,860

because how I got turned on to him was

1755

01:17:34,890 --> 01:17:33,430

from a naval contact who in naval

1756

01:17:36,690 --> 01:17:34,900

intelligence contact who basically said

1757

01:17:40,200 --> 01:17:36,700

use that a look at what this guy is

1758

01:17:42,120 --> 01:17:40,210

doing with propulsion it is astounding I

1759

01:17:44,970 --> 01:17:42,130

was like okay so I'm what met nano man

1760

01:17:47,280 --> 01:17:44,980

turns out and you learn that in my nano

1761

01:17:50,100 --> 01:17:47,290

man series which right now have on my

1762

01:17:53,340 --> 01:17:50,110

website a few of the shorts he

1763

01:17:54,180 --> 01:17:53,350

learned the possibilities of what he's

1764

01:17:57,090 --> 01:17:54,190

doing now

1765

01:18:00,060 --> 01:17:57,100

from encounters with unknown

1766

01:18:02,460 --> 01:18:00,070

intelligences so he claims which is

1767

01:18:04,080 --> 01:18:02,470

interesting proof is in the pudding he's

1768

01:18:06,660 --> 01:18:04,090

a great scientist doesn't really matter

1769

01:18:09,720 --> 01:18:06,670

where he says he learned it from isn't

1770

01:18:13,530 --> 01:18:09,730

that that is really something I remember

1771

01:18:17,330 --> 01:18:13,540

this I remember talking with you I don't

1772

01:18:19,470 --> 01:18:17,340

know a couple years ago about him

1773

01:18:22,410 --> 01:18:19,480

because we're you were gonna do a show

1774

01:18:24,000 --> 01:18:22,420

on something I was involved in I don't

1775

01:18:26,580 --> 01:18:24,010

know if you remember that really oh yeah

1776

01:18:28,980 --> 01:18:26,590

you were talking about you and at the

1777

01:18:32,610 --> 01:18:28,990

time he you he wanted to remain

1778

01:18:35,550 --> 01:18:32,620

anonymous yes you did yes how about that

1779

01:18:39,300 --> 01:18:35,560

so yeah well he came he came out I mean

1780

01:18:43,350 --> 01:18:39,310

yeah yeah and do you think when someone

1781

01:18:46,620 --> 01:18:43,360

like him will actually you know say

1782

01:18:48,510 --> 01:18:46,630

their name is you think that in any type

1783

01:18:49,370 --> 01:18:48,520

of way that this will affect him

1784

01:18:51,810 --> 01:18:49,380

negatively

1785

01:18:57,060 --> 01:18:51,820

you know everybody's so afraid of that

1786

01:18:59,940 --> 01:18:57,070

and it's so funny how I I am so you know

1787

01:19:02,580 --> 01:18:59,950

I've experienced such such a difference

1788

01:19:05,610 --> 01:19:02,590

to that when I tell people I make

1789

01:19:08,000 --> 01:19:05,620

documentary films on the subject of UFOs

1790

01:19:10,920 --> 01:19:08,010

both from a government perspective

1791

01:19:12,360 --> 01:19:10,930

scientific perspective to even allege

1792

01:19:15,150 --> 01:19:12,370

alien implant removals people are like

1793

01:19:17,070 --> 01:19:15,160

wow that's so cool I want to see this

1794

01:19:20,580 --> 01:19:17,080

stuff I mean no one really rolls their

1795

01:19:21,720 --> 01:19:20,590

eyes at me so when you hear nano man who

1796

01:19:23,640 --> 01:19:21,730

had you know as a government-funded

1797

01:19:25,440 --> 01:19:23,650

physicist for a lot of his life I mean

1798

01:19:27,690 --> 01:19:25,450

you figure a lot of people have to take

1799

01:19:29,550 --> 01:19:27,700

they take a chance by coming out and

1800

01:19:32,870 --> 01:19:29,560

talking about this stuff I you know

1801

01:19:36,450 --> 01:19:32,880

people don't really have this negative

1802

01:19:38,490 --> 01:19:36,460

look at you when you do this the patient

1803

01:19:39,870 --> 01:19:38,500

17 he was really where the people are

1804

01:19:41,870 --> 01:19:39,880

gonna recognize him it you know he

1805

01:19:44,610 --> 01:19:41,880

there's a picture of his face basically

1806

01:19:46,850 --> 01:19:44,620

you know application of it on the poster

1807

01:19:50,100 --> 01:19:46,860

for the film and man it's everywhere and

1808

01:19:51,600 --> 01:19:50,110

funny enough you know you he has one

1809

01:19:52,950 --> 01:19:51,610

buddy you know he went bike you know

1810

01:19:54,090 --> 01:19:52,960

motorcycle riding with who just kind of

1811

01:19:55,680 --> 01:19:54,100

won't talk to him anymore and his

1812

01:19:56,930 --> 01:19:55,690

religious friends maybe there's a couple

1813

01:20:00,450 --> 01:19:56,940

people who thought it was weird but

1814

01:20:03,540 --> 01:20:00,460

overall you know he had a couple jobs

1815

01:20:04,070 --> 01:20:03,550

that he was doing and that people had

1816

01:20:06,140 --> 01:20:04,080

seen the moon

1817

01:20:08,300 --> 01:20:06,150

see and they were excited to talk with

1818

01:20:11,210 --> 01:20:08,310

him about it so I hear you know I don't

1819

01:20:13,010 --> 01:20:11,220

know I'm not a scientist and I have the

1820

01:20:14,600 --> 01:20:13,020

luxury of being a filmmaker and doing

1821

01:20:16,580 --> 01:20:14,610

weird stuff but I really don't think

1822

01:20:18,650 --> 01:20:16,590

people give you the cold shoulder on

1823

01:20:20,120 --> 01:20:18,660

this stuff anymore yeah I'm feeling the

1824

01:20:23,270 --> 01:20:20,130

same way because you know I have a

1825

01:20:25,760 --> 01:20:23,280

professional job that I do you know I'm

1826

01:20:27,650 --> 01:20:25,770

a fine arts appraiser and there's been a

1827

01:20:29,930 --> 01:20:27,660

couple of times where people who are

1828

01:20:32,630 --> 01:20:29,940

looking for my appraisal website and

1829

01:20:35,090 --> 01:20:32,640

found the UFO website and they're like

1830

01:20:36,440 --> 01:20:35,100

wow that's really cool instead of you

1831

01:20:38,920 --> 01:20:36,450

know of course I probably won't ever

1832

01:20:41,720 --> 01:20:38,930

hear from the ones that think otherwise

1833

01:20:44,990 --> 01:20:41,730

right but in general I think that you'll

1834

01:20:47,210 --> 01:20:45,000

kind of have this experience too which

1835

01:20:50,720 --> 01:20:47,220

is that people don't look at this the

1836

01:20:53,750 --> 01:20:50,730

same way that they did 20 years ago and

1837

01:20:56,480 --> 01:20:53,760

when we might have been starting getting

1838

01:20:58,040 --> 01:20:56,490

interested in this I I started was 13 I

1839

01:21:00,260 --> 01:20:58,050

would talk to people about this stuff

1840

01:21:02,180 --> 01:21:00,270

and when I got serious about it talking

1841

01:21:04,190 --> 01:21:02,190

about bob lazar propulsion systems and

1842

01:21:06,380 --> 01:21:04,200

you know gravity wave amplifiers and

1843

01:21:09,500 --> 01:21:06,390

this sort element 1 to 15 oh my gosh

1844

01:21:11,750 --> 01:21:09,510

people would just totally dismiss you

1845

01:21:15,590 --> 01:21:11,760

because that was the attitude back then

1846

01:21:17,780 --> 01:21:15,600

but times have changed oh boy oh yes

1847

01:21:19,190 --> 01:21:17,790

now I do want to talk about Bob Lazar I

1848

01:21:21,920 --> 01:21:19,200

got a bunch of notes here so I don't

1849

01:21:26,000 --> 01:21:21,930

want to forget certain things I do want

1850

01:21:28,370 --> 01:21:26,010

to talk to you about Bob but I think I

1851

01:21:29,630 --> 01:21:28,380

think I want to kind of wrap it up a

1852

01:21:31,760 --> 01:21:29,640

little bit for this film we'll talk

1853

01:21:33,440 --> 01:21:31,770

about it as we're closing just to make

1854

01:21:36,800 --> 01:21:33,450

sure you know people will check it out

1855

01:21:39,320 --> 01:21:36,810

but I want to know what happened with

1856

01:21:42,410 --> 01:21:39,330

Steve toward the end of the film are you

1857

01:21:44,390 --> 01:21:42,420

actually talking to him again I am I am

1858

01:21:46,310 --> 01:21:44,400

and so yeah if people watch the film

1859

01:21:47,750 --> 01:21:46,320

you'll see a point of contention in

1860

01:21:50,050 --> 01:21:47,760

towards the end of the film there

1861

01:21:52,640 --> 01:21:50,060

there's there's some issues with this

1862

01:21:54,290 --> 01:21:52,650

investigation that arose and that's just

1863

01:21:57,290 --> 01:21:54,300

part of the storytelling what I show you

1864

01:22:00,500 --> 01:21:57,300

my film I show you the roller coaster of

1865

01:22:03,230 --> 01:22:00,510

ups and downs that I went on and you

1866

01:22:06,500 --> 01:22:03,240

will go on that too by watching the film

1867

01:22:07,790 --> 01:22:06,510

but yeah I'm happy to say everything is

1868

01:22:10,940 --> 01:22:07,800

is good

1869

01:22:13,630 --> 01:22:10,950

we're in communication and we're making

1870

01:22:18,200 --> 01:22:13,640

progress okay just one more thing about

1871

01:22:20,330 --> 01:22:18,210

dr. Leir was that did he suddenly

1872

01:22:24,170 --> 01:22:20,340

pass away and had no idea that he had

1873

01:22:27,470 --> 01:22:24,180

heart issues yeah it was sudden I mean I

1874

01:22:29,990 --> 01:22:27,480

believe I talked to him the morning of

1875

01:22:32,060 --> 01:22:30,000

or it was just the day before I still

1876

01:22:34,040 --> 01:22:32,070

don't remember you know I've been trying

1877

01:22:36,410 --> 01:22:34,050

to figure that one out but I had talked

1878

01:22:36,830 --> 01:22:36,420

to him and he was fine it was out of the

1879

01:22:39,709 --> 01:22:36,840

blue

1880

01:22:41,720 --> 01:22:39,719

well full-on heart attack and I mean he

1881

01:22:44,390 --> 01:22:41,730

had health issues you know he was older

1882

01:22:46,400 --> 01:22:44,400

you know and he did have health issues

1883

01:22:49,010 --> 01:22:46,410

it wasn't like something nefarious he

1884

01:22:51,590 --> 01:22:49,020

just he had a heart attack and lived a

1885

01:22:53,959 --> 01:22:51,600

great life and sad to see him go it's a

1886

01:22:57,380 --> 01:22:53,969

loss of a friend a loss of a giant in

1887

01:23:01,160 --> 01:22:57,390

the field of ufology and in a unique

1888

01:23:03,290 --> 01:23:01,170

area of the world of ufology yes but his

1889

01:23:05,630 --> 01:23:03,300

research his research will live on and

1890

01:23:06,950 --> 01:23:05,640

definitely through my film I feel I got

1891

01:23:09,650 --> 01:23:06,960

to show him most of it and he was really

1892

01:23:12,380 --> 01:23:09,660

happy and proud and you know I'm glad I

1893

01:23:16,100 --> 01:23:12,390

was able to document his I'm glad I said

1894

01:23:18,860 --> 01:23:16,110

yes yeah excellent okay well thank you

1895

01:23:21,560 --> 01:23:18,870

for that nice work and I hope it does

1896

01:23:25,070 --> 01:23:21,570

really well all right so I wanted to

1897

01:23:31,120 --> 01:23:25,080

talk to you about the topics including

1898

01:23:34,459 --> 01:23:31,130

the skinwalker ranch Bob Lazar and but

1899

01:23:36,440 --> 01:23:34,469

before that I wanted to wrap up a little

1900

01:23:40,880 --> 01:23:36,450

bit more on what we talked about earlier

1901
01:23:43,790 --> 01:23:40,890
and that's the USS Nimitz you know UFO

1902
01:23:48,950 --> 01:23:43,800
encounter I think it was 2004 November

1903
01:23:52,100 --> 01:23:48,960
14th is that the right year yeah 2004

1904
01:23:53,840 --> 01:23:52,110
November 14th was the peak of the

1905
01:23:55,700 --> 01:23:53,850
activity it's actually started November

1906
01:23:57,979 --> 01:23:55,710
10th when we're talking about this

1907
01:24:01,220 --> 01:23:57,989
particular case just off the coast of

1908
01:24:03,650 --> 01:24:01,230
San Diego with the USS Nimitz there's

1909
01:24:06,560 --> 01:24:03,660
more to come on that but this case yes

1910
01:24:08,990 --> 01:24:06,570
where's the toot yeah can we for the

1911
01:24:12,170 --> 01:24:09,000
listener that it's unfamiliar with it a

1912
01:24:14,209 --> 01:24:12,180
lot of people are calling this the Tom

1913
01:24:17,959 --> 01:24:14,219

DeLonge case and I think that's him

1914

01:24:21,140 --> 01:24:17,969

that's not really that's ridiculous yes

1915

01:24:23,090 --> 01:24:21,150

yes ridiculous yeah so can you you were

1916

01:24:25,760 --> 01:24:23,100

working on this well before it was ever

1917

01:24:28,729 --> 01:24:25,770

talked about yes the listener that's

1918

01:24:31,580 --> 01:24:28,739

unfamiliar can and I also want to talk

1919

01:24:32,210 --> 01:24:31,590

about meta bunk and Mick West's what he

1920

01:24:36,830 --> 01:24:32,220

thinks

1921

01:24:38,930 --> 01:24:36,840

a little butt or do you want to just

1922

01:24:42,230 --> 01:24:38,940

start out but let's talk about that

1923

01:24:43,460 --> 01:24:42,240

right off the bat because I like Mick

1924

01:24:45,620 --> 01:24:43,470

you like Mick

1925

01:24:47,930 --> 01:24:45,630

he has debunked a lot of things that

1926

01:24:51,620 --> 01:24:47,940

actually needed to bunking but in the

1927

01:24:53,600 --> 01:24:51,630

case we can't be too hard on him he's a

1928

01:24:55,130 --> 01:24:53,610

small little voice in this much larger

1929

01:24:57,370 --> 01:24:55,140

world and I think he just made a little

1930

01:25:00,230 --> 01:24:57,380

Facebook post based upon you know my

1931

01:25:01,760 --> 01:25:00,240

website where I posted the the video

1932

01:25:02,900 --> 01:25:01,770

that came out you know he doesn't have

1933

01:25:04,250 --> 01:25:02,910

all the information he's a great

1934

01:25:05,480 --> 01:25:04,260

researcher we'll talk about him in a

1935

01:25:08,120 --> 01:25:05,490

second let me just give you the the

1936

01:25:09,740 --> 01:25:08,130

rundown the basics for the case yeah I

1937

01:25:11,570 --> 01:25:09,750

am the first person to talk about it

1938

01:25:13,310 --> 01:25:11,580

publicly I did that with coast to coast

1939

01:25:15,620 --> 01:25:13,320

with George Knapp quite some time ago I

1940

01:25:18,020 --> 01:25:15,630

was fishing at the time for extra

1941

01:25:20,900 --> 01:25:18,030

witnesses through coast to coast which I

1942

01:25:25,180 --> 01:25:20,910

did achieve you know so here again if

1943

01:25:28,670 --> 01:25:25,190

anybody was working on the USS Nimitz in

1944

01:25:31,390 --> 01:25:28,680

2004 I would like to hear from you and

1945

01:25:34,340 --> 01:25:31,400

specifically if you were on board

1946

01:25:36,020 --> 01:25:34,350

November 10th through November 14th for

1947

01:25:39,890 --> 01:25:36,030

the preparation missions that was going

1948

01:25:41,420 --> 01:25:39,900

on to see I have many many many people

1949

01:25:43,640 --> 01:25:41,430

that I'm speaking with and have been

1950

01:25:47,030 --> 01:25:43,650

speaking with for years you know from

1951

01:25:50,300 --> 01:25:47,040

this event I was tipped off to it early

1952

01:25:52,190 --> 01:25:50,310

early on and I was lucky but I wasn't

1953

01:25:54,650 --> 01:25:52,200

allowed to talk about it because none of

1954

01:25:57,200 --> 01:25:54,660

it was public and then I came across a

1955

01:25:59,600 --> 01:25:57,210

public article written by in an obscure

1956

01:26:01,970 --> 01:25:59,610

aviation blog by a guy named Paco who's

1957

01:26:04,400 --> 01:26:01,980

an incredible pilot in and of himself

1958

01:26:06,650 --> 01:26:04,410

and he was writing about his friends

1959

01:26:07,820 --> 01:26:06,660

experience and rather than blasting

1960

01:26:09,950 --> 01:26:07,830

their names and out all over the

1961

01:26:12,440 --> 01:26:09,960

airwaves I'm just gonna say it's all out

1962

01:26:13,610 --> 01:26:12,450

there for people to see but this was

1963

01:26:14,690 --> 01:26:13,620

something that was documented and

1964

01:26:16,220 --> 01:26:14,700

written down and I was given the

1965

01:26:18,380 --> 01:26:16,230

go-ahead to reach out to all the

1966

01:26:20,960 --> 01:26:18,390

primaries and and try to speak with him

1967

01:26:23,210 --> 01:26:20,970

try to make headway which I did quietly

1968

01:26:26,300 --> 01:26:23,220

for quite some time and it was something

1969

01:26:28,970 --> 01:26:26,310

that no UFO researcher was looking into

1970

01:26:31,880 --> 01:26:28,980

and at the time that I started and I was

1971

01:26:35,090 --> 01:26:31,890

real lucky to kind of make headway and

1972

01:26:36,610 --> 01:26:35,100

earn and maintain the trust of the

1973

01:26:44,140 --> 01:26:36,620

principles involved in this case but

1974

01:26:46,160 --> 01:26:44,150

look this is an astounding UFO and us oh

1975

01:26:47,990 --> 01:26:46,170

experience there's a lot

1976

01:26:49,820 --> 01:26:48,000

people don't know about this case and I

1977

01:26:51,830 --> 01:26:49,830

hope that's gonna be coming out soon I

1978

01:26:54,110 --> 01:26:51,840

certainly will be doing my part in

1979

01:26:56,780 --> 01:26:54,120

talking about it but off the coast of

1980

01:26:59,240 --> 01:26:56,790

San Diego there was a fleet commander

1981

01:27:01,880 --> 01:26:59,250

and at the time was admiral durwood C

1982

01:27:04,160 --> 01:27:01,890

Curtis I am now naming names right he

1983

01:27:07,660 --> 01:27:04,170

was the big dog in charge and the

1984

01:27:10,729 --> 01:27:07,670

captain at the time was Vice Admiral oh

1985

01:27:13,600 --> 01:27:10,739

you know it was it was it wasn't Ted

1986

01:27:15,979 --> 01:27:13,610

branch Ted branch came after it was a

1987

01:27:17,780 --> 01:27:15,989

kill or something I'll look up his name

1988

01:27:19,910 --> 01:27:17,790

but basically you've got these people

1989

01:27:21,590 --> 01:27:19,920

that are you know kind of taking control

1990

01:27:24,650 --> 01:27:21,600

of this situation where they're

1991

01:27:26,209 --> 01:27:24,660

deploying out on a mission and you have

1992

01:27:29,959 --> 01:27:26,219

these fighter pilots that are on a

1993

01:27:32,630 --> 01:27:29,969

routine run and they get calls and the

1994

01:27:34,130 --> 01:27:32,640

calls are what ordnance do you have on

1995

01:27:35,750 --> 01:27:34,140

board and their thing and what ordnance

1996

01:27:37,880 --> 01:27:35,760

we're right off the coast of San Diego

1997

01:27:41,030 --> 01:27:37,890

so they're radio back in what ordnance

1998

01:27:46,070 --> 01:27:41,040

and they're given a point to go to and

1999

01:27:49,850 --> 01:27:46,080

to go investigate an unknown so they go

2000

01:27:52,790 --> 01:27:49,860

and they fly out and one person in

2001

01:27:56,419 --> 01:27:52,800

particular was able to make visual

2002

01:27:59,750 --> 01:27:56,429

contact with this object that resembled

2003

01:28:03,050 --> 01:27:59,760

a large maybe 45 feet in diameter

2004

01:28:06,620 --> 01:28:03,060

tic-tac right so it was this white

2005

01:28:07,910 --> 01:28:06,630

porcelain object now why they were told

2006

01:28:10,729 --> 01:28:07,920

to go look at this is because these

2007

01:28:14,990 --> 01:28:10,739

things were coming in over the course of

2008

01:28:17,120 --> 01:28:15,000

days from the top range of the radar

2009

01:28:20,870 --> 01:28:17,130

system that we had on board there 80,000

2010

01:28:24,830 --> 01:28:20,880

feet and dropping down from presumably

2011

01:28:28,100 --> 01:28:24,840

way above that dropping down to 50 feet

2012

01:28:31,070 --> 01:28:28,110

and stopping on a dime and they did this

2013

01:28:33,590 --> 01:28:31,080

within a matter of seconds and it was in

2014

01:28:36,890 --> 01:28:33,600

the words of one of the pilots docking

2015

01:28:40,760 --> 01:28:36,900

with something under the water 747 sized

2016

01:28:43,939 --> 01:28:40,770

circle of churning water it was black in

2017

01:28:45,650 --> 01:28:43,949

color and literally these tic tacs as

2018

01:28:46,160 --> 01:28:45,660

they call them would drop down and just

2019

01:28:48,950 --> 01:28:46,170

dock

2020

01:28:51,740 --> 01:28:48,960

so one individual got visual

2021

01:28:53,750 --> 01:28:51,750

confirmation was told to lock on it

2022

01:28:56,570 --> 01:28:53,760

which is typical you'd lock on it so

2023

01:28:58,490 --> 01:28:56,580

that all your systems can fire if needed

2024

01:28:59,990 --> 01:28:58,500

but also just have your cameras focused

2025

01:29:05,140 --> 01:29:00,000

on and this thing was active

2026

01:29:08,450 --> 01:29:05,150

jamming our most high-tech weaponry and

2027

01:29:11,330 --> 01:29:08,460

most of our electronics that we have in

2028

01:29:16,510 --> 01:29:11,340

America here so that was disconcerting

2029

01:29:20,810 --> 01:29:16,520

and there is footage that footage has

2030

01:29:24,230 --> 01:29:20,820

was leaked actually back in you know

2031

01:29:25,700 --> 01:29:24,240

2004 time 2005 and that was the early

2032

01:29:28,280 --> 01:29:25,710

days of YouTube and all this stuff so

2033

01:29:30,140 --> 01:29:28,290

people didn't capture it very easily but

2034

01:29:31,760 --> 01:29:30,150

then it was passed around on videotapes

2035

01:29:34,540 --> 01:29:31,770

to a lot of these other pilots and

2036

01:29:38,090 --> 01:29:34,550

people who had engaged this phenomenon

2037

01:29:41,990 --> 01:29:38,100

during this time and a copy of that

2038

01:29:44,870 --> 01:29:42,000

footage has now resurfaced everybody was

2039

01:29:47,360 --> 01:29:44,880

worried about classification it's you

2040

01:29:49,880 --> 01:29:47,370

know questionable we don't know but I

2041

01:29:51,860 --> 01:29:49,890

can confirm to you that the person that

2042

01:29:55,250 --> 01:29:51,870

shot that footage confirms to me that

2043

01:29:58,040 --> 01:29:55,260

that is his footage so that what you're

2044

01:29:59,870 --> 01:29:58,050

seeing that FLIR footage that you know

2045

01:30:02,720 --> 01:29:59,880

people have pushed around it's it's on

2046

01:30:06,890 --> 01:30:02,730

my site that is actual that is real and

2047

01:30:09,020 --> 01:30:06,900

yes mick west took a stab at it trying

2048

01:30:12,500 --> 01:30:09,030

to analyze it with limited information

2049

01:30:14,030 --> 01:30:12,510

but so did Bruce Maccabee and Bruce

2050

01:30:16,580 --> 01:30:14,040

Maccabee did this for the United States

2051

01:30:20,270 --> 01:30:16,590

Navy he came out with different thoughts

2052

01:30:22,160 --> 01:30:20,280

on it make West is usually right on he's

2053

01:30:25,070 --> 01:30:22,170

helped me with an investigation actually

2054

01:30:28,460 --> 01:30:25,080

a long time ago before I knew him before

2055

01:30:30,170 --> 01:30:28,470

I knew of him when I had the when I do

2056

01:30:32,600 --> 01:30:30,180

gunked my own UFO setting that was

2057

01:30:35,270 --> 01:30:32,610

pretty fun and Mick helped me do that so

2058

01:30:38,990 --> 01:30:35,280

it was the Red Bull skydiving team and I

2059

01:30:42,350 --> 01:30:39,000

found the head of the plane with with

2060

01:30:43,820 --> 01:30:42,360

the you know fire on his ankles you know

2061

01:30:45,260 --> 01:30:43,830

coming out of the plane is really cool

2062

01:30:46,750 --> 01:30:45,270

and I never said I thought what it was

2063

01:30:48,710 --> 01:30:46,760

there's asking people what it was and

2064

01:30:50,900 --> 01:30:48,720

Mick actually did a lot of like

2065

01:30:52,940 --> 01:30:50,910

triangulation for that so somehow I kind

2066

01:30:54,520 --> 01:30:52,950

of do know Mick and he does great work

2067

01:30:57,560 --> 01:30:54,530

and I think what you're referencing is

2068

01:31:00,050 --> 01:30:57,570

that he said that you know to him it

2069

01:31:02,990 --> 01:31:00,060

appears it's a classic plane at however

2070

01:31:05,480 --> 01:31:03,000

far away and I mean it makes very little

2071

01:31:08,840 --> 01:31:05,490

sense what he said so I think that he

2072

01:31:11,360 --> 01:31:08,850

just is playing off a very small amount

2073

01:31:13,640 --> 01:31:11,370

of data yeah where you have Bruce

2074

01:31:16,940 --> 01:31:13,650

maccabe's analysis

2075

01:31:20,360 --> 01:31:16,950

frame by frame and it's much much more

2076

01:31:21,920 --> 01:31:20,370

insightful but I hope to give maybe Mick

2077

01:31:23,660 --> 01:31:21,930

a little bit more data when it comes out

2078

01:31:26,240 --> 01:31:23,670

like I will everybody a little more data

2079

01:31:28,640 --> 01:31:26,250

and see what people think then you know

2080

01:31:31,220 --> 01:31:28,650

I didn't know of this other parts that

2081

01:31:34,580 --> 01:31:31,230

there were multiple sightings you know

2082

01:31:37,820 --> 01:31:34,590

leading up to this and I owe ya were you

2083

01:31:40,100 --> 01:31:37,830

ever hearing about there was one pilot

2084

01:31:41,750 --> 01:31:40,110

that saw some churning or some bubbles

2085

01:31:45,500 --> 01:31:41,760

in the water but I didn't hear about

2086

01:31:47,630 --> 01:31:45,510

yeah the docking well no no you wouldn't

2087

01:31:50,900 --> 01:31:47,640

this is not public I'm the only person

2088

01:31:53,690 --> 01:31:50,910

these pilots are speaking with so you

2089

01:31:55,160 --> 01:31:53,700

know nobody would hear about this there

2090

01:31:57,320 --> 01:31:55,170

was an intelligence report written in

2091

01:32:00,170 --> 01:31:57,330

2007 nobody's gonna be seeing that

2092

01:32:02,090 --> 01:32:00,180

either so most likely nobody's gonna be

2093

01:32:04,010 --> 01:32:02,100

seeing that so I'm telling you straight

2094

01:32:06,740 --> 01:32:04,020

from the horse's mouth some of what

2095

01:32:08,060 --> 01:32:06,750

occurred on that day and that's the

2096

01:32:10,100 --> 01:32:08,070

thing that people don't understand is

2097

01:32:12,740 --> 01:32:10,110

that there's very limited information

2098

01:32:15,380 --> 01:32:12,750

out there I'm fighting to get more

2099

01:32:17,690 --> 01:32:15,390

information out to people and I will say

2100

01:32:20,480 --> 01:32:17,700

as well and again this is something that

2101

01:32:23,210 --> 01:32:20,490

will be corroborated later this is not

2102

01:32:27,140 --> 01:32:23,220

an isolated event this November 10th

2103

01:32:31,340 --> 01:32:27,150

through 14th in 2004 it is not an

2104

01:32:33,440 --> 01:32:31,350

isolated event so this is it's a big

2105

01:32:36,890 --> 01:32:33,450

case it's really big now the fact that

2106

01:32:41,060 --> 01:32:36,900

Tom DeLonge and his group mentioned it

2107

01:32:43,190 --> 01:32:41,070

on stage I see as a great thing because

2108

01:32:44,960 --> 01:32:43,200

I think it was Steve justice who

2109

01:32:46,460 --> 01:32:44,970

mentioned it on stage if you can correct

2110

01:32:48,590 --> 01:32:46,470

me but I think that was him no I think

2111

01:32:50,690 --> 01:32:48,600

it was Chris melon oh no you're right it

2112

01:32:54,260 --> 01:32:50,700

was Chris melon yeah so Chris melon

2113

01:32:56,660 --> 01:32:54,270

I mean look badass dude and and he's

2114

01:32:57,170 --> 01:32:56,670

coming on stage and if you've watched it

2115

01:33:01,550 --> 01:32:57,180

again

2116

01:33:04,400 --> 01:33:01,560

he gives you the exact google terms to

2117

01:33:07,760 --> 01:33:04,410

punch into your computer and to find

2118

01:33:11,090 --> 01:33:07,770

this one obscure aviation blog which

2119

01:33:13,790 --> 01:33:11,100

will then lead you to this entire report

2120

01:33:16,610 --> 01:33:13,800

and then he challenged Congress saying

2121

01:33:18,710 --> 01:33:16,620

you cannot do your job if you do not ask

2122

01:33:20,840 --> 01:33:18,720

for the information on this case I mean

2123

01:33:22,580 --> 01:33:20,850

it was a shot across the bow now that

2124

01:33:25,100 --> 01:33:22,590

doesn't mean I mean Tom's a friend I

2125

01:33:26,900 --> 01:33:25,110

talked to him once in a while I work

2126

01:33:27,540 --> 01:33:26,910

with some of the people that he works

2127

01:33:29,340 --> 01:33:27,550

with

2128

01:33:32,130 --> 01:33:29,350

we know each other this is not like some

2129

01:33:34,050 --> 01:33:32,140

big mystery the fact they used this case

2130

01:33:35,670 --> 01:33:34,060

was because it is very promising it

2131

01:33:38,010 --> 01:33:35,680

doesn't mean that they they have tons of

2132

01:33:40,890 --> 01:33:38,020

information on this case it's just that

2133

01:33:42,240 --> 01:33:40,900

it's very promising so I'm trying to

2134

01:33:44,520 --> 01:33:42,250

encourage some of the witnesses that

2135

01:33:49,620 --> 01:33:44,530

that I am only the only one in contact

2136

01:33:53,990 --> 01:33:49,630

with to be receptive to Tom's group

2137

01:33:57,300 --> 01:33:54,000

reaching out to them because for example

2138

01:33:58,770 --> 01:33:57,310

Lula Lu or you know that one of the guys

2139

01:34:00,060 --> 01:33:58,780

on you know worked at the Pentagon with

2140

01:34:02,250 --> 01:34:00,070

what they call the anomalous aerial

2141

01:34:04,230 --> 01:34:02,260

threat Department which now we know

2142

01:34:05,520 --> 01:34:04,240

about that there was one some people

2143

01:34:08,130 --> 01:34:05,530

that say nothing happened on that

2144

01:34:10,500 --> 01:34:08,140

announcement you know you open your eyes

2145

01:34:12,690 --> 01:34:10,510

and open your ears are you kidding me

2146

01:34:14,280 --> 01:34:12,700

you now know there was a department in

2147

01:34:16,230 --> 01:34:14,290

the Pentagon dedicated to anomalous

2148

01:34:17,910 --> 01:34:16,240

aerial threats we never knew that we

2149

01:34:19,440 --> 01:34:17,920

always suspected that but we never knew

2150

01:34:21,990 --> 01:34:19,450

that and there's Lu standing there

2151
01:34:26,070 --> 01:34:22,000
saying not only that it does it exist I

2152
01:34:27,780 --> 01:34:26,080
ran it and I did so for many years and I

2153
01:34:29,670 --> 01:34:27,790
believe that these are not of this world

2154
01:34:31,710 --> 01:34:29,680
I believe these are UFOs I believe that

2155
01:34:33,690 --> 01:34:31,720
the we can learn something from these

2156
01:34:37,020 --> 01:34:33,700
other entities technology I mean that's

2157
01:34:39,720 --> 01:34:37,030
what he's saying to you so with him at

2158
01:34:42,870 --> 01:34:39,730
the helm I think Tom's group has this

2159
01:34:45,600 --> 01:34:42,880
really powerful position to protect some

2160
01:34:47,730 --> 01:34:45,610
of the witnesses because of their oaths

2161
01:34:51,210 --> 01:34:47,740
and classifications I think that they

2162
01:34:53,220 --> 01:34:51,220
can help Stuart this case out to the

2163
01:34:55,380 --> 01:34:53,230

public in ways that a lone researcher

2164

01:34:56,760 --> 01:34:55,390

like me simply can't I mean that's the

2165

01:34:58,950 --> 01:34:56,770

reason I couldn't talk about it all

2166

01:35:01,860 --> 01:34:58,960

these years was because I was you know

2167

01:35:04,560 --> 01:35:01,870

bound by their secrecy or but by their

2168

01:35:08,580 --> 01:35:04,570

oaths I don't have one but they do so

2169

01:35:13,170 --> 01:35:08,590

maybe Tom's group will have more ability

2170

01:35:16,520 --> 01:35:13,180

and so I support that well I know Robert

2171

01:35:19,920 --> 01:35:16,530

Powell is has been trying to get FOIAs

2172

01:35:21,510 --> 01:35:19,930

great yes so and I know it's frustrating

2173

01:35:23,400 --> 01:35:21,520

he can't get very far

2174

01:35:25,350 --> 01:35:23,410

oh he it's gonna be very frustrating you

2175

01:35:27,360 --> 01:35:25,360

know one of the pilots kind of chuckled

2176
01:35:29,640 --> 01:35:27,370
at that you know because I mean not not

2177
01:35:31,980 --> 01:35:29,650
to say Robert shouldn't do it Robert is

2178
01:35:34,470 --> 01:35:31,990
doing everything he can in the position

2179
01:35:36,390 --> 01:35:34,480
he's in to find out as much as he can

2180
01:35:39,630 --> 01:35:36,400
and get it out and I highly respect that

2181
01:35:40,920 --> 01:35:39,640
I think that is you know the that is the

2182
01:35:42,840 --> 01:35:40,930
type of work that we need

2183
01:35:44,520 --> 01:35:42,850
every angle every person but are we

2184
01:35:46,440 --> 01:35:44,530
gonna get a laughing for us I can right

2185
01:35:48,030 --> 01:35:46,450
now tell you there was a 2007

2186
01:35:52,200 --> 01:35:48,040
intelligence investigation that wrapped

2187
01:35:54,030 --> 01:35:52,210
all of this up and so what an access is

2188
01:35:55,860 --> 01:35:54,040

he gonna get through that it doesn't

2189

01:35:58,830 --> 01:35:55,870

matter he should still do it because

2190

01:36:00,990 --> 01:35:58,840

that applies pressure so and he actually

2191

01:36:03,240 --> 01:36:01,000

did learn some interesting things from

2192

01:36:05,910 --> 01:36:03,250

the Soyuz so good on him

2193

01:36:10,430 --> 01:36:05,920

now when when these people you spoke

2194

01:36:13,260 --> 01:36:10,440

with we're talking about this experience

2195

01:36:15,450 --> 01:36:13,270

did it you know did you ask them

2196

01:36:17,250 --> 01:36:15,460

something like well what did this change

2197

01:36:20,310 --> 01:36:17,260

in your life you know I mean this this

2198

01:36:24,330 --> 01:36:20,320

is pretty major yeah well actually I had

2199

01:36:25,890 --> 01:36:24,340

a list of questions by an admiral one of

2200

01:36:27,570 --> 01:36:25,900

the most highest ranking individuals

2201
01:36:28,620 --> 01:36:27,580
that I've ever communicated with and

2202
01:36:30,690 --> 01:36:28,630
that list questions from that

2203
01:36:32,720 --> 01:36:30,700
perspective I had elicit questions from

2204
01:36:38,130 --> 01:36:32,730
a couple scientists who have a

2205
01:36:41,490 --> 01:36:38,140
long-standing an ongoing how would you

2206
01:36:44,310 --> 01:36:41,500
say knowledge of this type of experience

2207
01:36:45,720 --> 01:36:44,320
and I had a list of questions from them

2208
01:36:47,960 --> 01:36:45,730
that were everything from psychological

2209
01:36:49,410 --> 01:36:47,970
down to the very practical and physical

2210
01:36:51,210 --> 01:36:49,420
so yeah

2211
01:36:54,000 --> 01:36:51,220
I've asked if there's a question I've

2212
01:36:55,830 --> 01:36:54,010
pretty much asked it and I don't know if

2213
01:37:00,150 --> 01:36:55,840

you ever talked of fighter pilots but

2214

01:37:03,390 --> 01:37:00,160

you know they're there if you don't ask

2215

01:37:05,100 --> 01:37:03,400

the right question or you don't even ask

2216

01:37:07,350 --> 01:37:05,110

that question they're not gonna offer

2217

01:37:10,700 --> 01:37:07,360

you any information that's just and and

2218

01:37:13,560 --> 01:37:10,710

then also you know fighter pilots are

2219

01:37:15,000 --> 01:37:13,570

you know sometimes their grasp is beyond

2220

01:37:19,650 --> 01:37:15,010

their reach you know they're they're

2221

01:37:22,590 --> 01:37:19,660

real air cowboys so right people don't

2222

01:37:26,760 --> 01:37:22,600

admit weakness first of all because

2223

01:37:28,860 --> 01:37:26,770

that's your career right yeah and you're

2224

01:37:30,180 --> 01:37:28,870

always the best at what you do but you

2225

01:37:32,610 --> 01:37:30,190

know I'm know I'm happy to report and

2226

01:37:35,990 --> 01:37:32,620

say that nobody had any ill effects when

2227

01:37:40,890 --> 01:37:36,000

it came to this experience other than

2228

01:37:44,550 --> 01:37:40,900

their curiosity was weaponized yeah what

2229

01:37:50,430 --> 01:37:44,560

you're famous saying there so when they

2230

01:37:52,680 --> 01:37:50,440

were actually seeing this did they do

2231

01:37:54,879 --> 01:37:52,690

more filming that you're aware of or

2232

01:37:59,049 --> 01:37:54,889

take pictures yes

2233

01:38:02,540 --> 01:37:59,059

yes I am aware of multiple streams of

2234

01:38:05,750 --> 01:38:02,550

documentation on these objects now what

2235

01:38:08,959 --> 01:38:05,760

is public kind of is that little bit of

2236

01:38:12,919 --> 01:38:08,969

leaked gun cam footage or head cam FLIR

2237

01:38:15,709 --> 01:38:12,929

footage it's very small it's not the

2238

01:38:19,580 --> 01:38:15,719

whole thing it's an important part it's

2239

01:38:23,569 --> 01:38:19,590

when an object accelerates away it is

2240

01:38:25,669 --> 01:38:23,579

true and real footage of this AAV

2241

01:38:27,049 --> 01:38:25,679

anomalous aerial vehicle as the

2242

01:38:28,520 --> 01:38:27,059

intelligence community calls them which

2243

01:38:31,549 --> 01:38:28,530

is a term that I kept secret for many

2244

01:38:33,830 --> 01:38:31,559

years because it helps me in FOIA and

2245

01:38:35,750 --> 01:38:33,840

that sort of thing because things are

2246

01:38:39,430 --> 01:38:35,760

termed differently so they're harder to

2247

01:38:41,930 --> 01:38:39,440

search for but yeah there are multiple

2248

01:38:45,439 --> 01:38:41,940

streams and I've actually talked with

2249

01:38:47,149 --> 01:38:45,449

some of the people that were inside what

2250

01:38:48,979 --> 01:38:47,159

they call well if I don't if they called

2251
01:38:52,490 --> 01:38:48,989
the vault but it's where all the command

2252
01:38:55,700 --> 01:38:52,500
and communications work out of and there

2253
01:38:58,100 --> 01:38:55,710
was a showing let's say a little viewing

2254
01:39:02,060 --> 01:38:58,110
of some of the footage that came back

2255
01:39:04,640 --> 01:39:02,070
that day interesting now you said did

2256
01:39:07,279 --> 01:39:04,650
you say this was closed out in 2007 or

2257
01:39:08,839 --> 01:39:07,289
something along those lines no no what

2258
01:39:10,580 --> 01:39:08,849
I'm telling you is something that is not

2259
01:39:13,819 --> 01:39:10,590
really that is not in the public realm

2260
01:39:17,330 --> 01:39:13,829
but it is in fact true that there was an

2261
01:39:20,629 --> 01:39:17,340
intelligence study done in 2007 where

2262
01:39:24,529 --> 01:39:20,639
they did an in-depth study of what

2263
01:39:26,270 --> 01:39:24,539

happened on those days and then that

2264

01:39:29,419 --> 01:39:26,280

information was wrapped it up and

2265

01:39:32,089 --> 01:39:29,429

classified oh so so if this is

2266

01:39:35,419 --> 01:39:32,099

classified are they able to talk to you

2267

01:39:38,359 --> 01:39:35,429

about what they saw so there's there's a

2268

01:39:40,100 --> 01:39:38,369

big difference of certain details that

2269

01:39:42,979 --> 01:39:40,110

you know that are classified and

2270

01:39:46,069 --> 01:39:42,989

obviously no one is telling me anything

2271

01:39:49,250 --> 01:39:46,079

that they shouldn't be hmm but if you

2272

01:39:51,979 --> 01:39:49,260

just read the original article that came

2273

01:39:53,720 --> 01:39:51,989

out right that's a description of what

2274

01:39:56,899 --> 01:39:53,730

happened on that day

2275

01:39:58,779 --> 01:39:56,909

so everything was really there for you

2276

01:40:00,950 --> 01:39:58,789

to look at there are even some

2277

01:40:02,569 --> 01:40:00,960

inaccuracies in that a little bit I mean

2278

01:40:05,629 --> 01:40:02,579

nothing is perfect when you write it

2279

01:40:08,450 --> 01:40:05,639

down but that information is already out

2280

01:40:12,890 --> 01:40:08,460

there so nobody is breaking

2281

01:40:16,280 --> 01:40:12,900

code you know by talking to me and

2282

01:40:20,210 --> 01:40:16,290

that's very important that I make sure

2283

01:40:23,180 --> 01:40:20,220

that is clear but people are and have

2284

01:40:26,300 --> 01:40:23,190

come forward to tell me what happened to

2285

01:40:30,680 --> 01:40:26,310

them on that day from radar Tech's all

2286

01:40:33,230 --> 01:40:30,690

the way down to people that simply were

2287

01:40:36,050 --> 01:40:33,240

private friends with some of the people

2288

01:40:40,880 --> 01:40:36,060

in command at that time so I'm getting

2289

01:40:43,310 --> 01:40:40,890

it from many angles well alright well

2290

01:40:45,260 --> 01:40:43,320

this is really something so I I didn't

2291

01:40:48,140 --> 01:40:45,270

want to miss you know we only have about

2292

01:40:51,140 --> 01:40:48,150

oh I don't know maybe 20 minutes left

2293

01:40:53,540 --> 01:40:51,150

also I do want to say if anyone does

2294

01:40:58,430 --> 01:40:53,550

want to call in you're welcome to call

2295

01:41:04,610 --> 01:40:58,440

in and ask Jeremy a question but that

2296

01:41:09,080 --> 01:41:04,620

number is 603 967 403 oh I also put it

2297

01:41:10,670 --> 01:41:09,090

in chat because we can if someone wants

2298

01:41:13,700 --> 01:41:10,680

to call in and talk more about that I

2299

01:41:15,380 --> 01:41:13,710

think that's a fantastic case and let me

2300

01:41:17,660 --> 01:41:15,390

just ask you this one more thing about

2301

01:41:19,210 --> 01:41:17,670

it before we move on is this something

2302

01:41:23,420 --> 01:41:19,220

you're thinking about doing another

2303

01:41:25,520 --> 01:41:23,430

documentary on you know I I don't think

2304

01:41:27,500 --> 01:41:25,530

so because it you know when you get into

2305

01:41:29,150 --> 01:41:27,510

these government cases that they're very

2306

01:41:32,030 --> 01:41:29,160

important but there are so many

2307

01:41:34,190 --> 01:41:32,040

restrictions on it I wouldn't want to

2308

01:41:35,930 --> 01:41:34,200

jeopardize anybody's you know personal

2309

01:41:38,620 --> 01:41:35,940

careers or maybe they're out of the

2310

01:41:40,520 --> 01:41:38,630

military and they still need their their

2311

01:41:41,930 --> 01:41:40,530

clearances or maybe they're out of the

2312

01:41:44,090 --> 01:41:41,940

military and they just don't want this

2313

01:41:45,590 --> 01:41:44,100

disrupting their life so no I don't need

2314

01:41:48,590 --> 01:41:45,600

putting people on a camera for this is

2315

01:41:51,350 --> 01:41:48,600

the best idea although you never know it

2316

01:41:54,530 --> 01:41:51,360

might happen what I want for this case

2317

01:41:56,720 --> 01:41:54,540

is I want to be able to tell everything

2318

01:41:59,210 --> 01:41:56,730

that I know when I'm told it's okay to

2319

01:42:01,550 --> 01:41:59,220

do so by the people that it would have

2320

01:42:02,960 --> 01:42:01,560

facted so if I can do that I've been

2321

01:42:05,240 --> 01:42:02,970

accumulating the information and the

2322

01:42:07,550 --> 01:42:05,250

data on this for quite some time great

2323

01:42:09,620 --> 01:42:07,560

if I can't do it then I'm gonna

2324

01:42:11,930 --> 01:42:09,630

encourage all of these witnesses this

2325

01:42:13,460 --> 01:42:11,940

whole network of people that I've built

2326

01:42:14,780 --> 01:42:13,470

over the years and I'm going to

2327

01:42:18,110 --> 01:42:14,790

encourage them to talk with somebody who

2328

01:42:19,580 --> 01:42:18,120

can give them shielding or help them to

2329

01:42:22,250 --> 01:42:19,590

get these things Declassified which

2330

01:42:24,170 --> 01:42:22,260

would be Lou and Tom's group

2331

01:42:27,650 --> 01:42:24,180

you know I'm very optimistic they'll

2332

01:42:29,960 --> 01:42:27,660

have more effect that I will just one

2333

01:42:32,090 --> 01:42:29,970

more question about this in the area of

2334

01:42:33,950 --> 01:42:32,100

San Diego where this was happening where

2335

01:42:37,400 --> 01:42:33,960

they actually saw some type of docking

2336

01:42:39,980 --> 01:42:37,410

going on underwater has that area been

2337

01:42:42,890 --> 01:42:39,990

explored you know though through sonar

2338

01:42:44,720 --> 01:42:42,900

or anything that you're aware of well

2339

01:42:48,980 --> 01:42:44,730

yeah I just want to be clear so what

2340

01:42:50,960 --> 01:42:48,990

they didn't witness let's say let's keep

2341

01:42:53,390 --> 01:42:50,970

to the story that is public in the sense

2342

01:42:55,790 --> 01:42:53,400

that they saw these what I'm calling a

2343

01:42:58,490 --> 01:42:55,800

AVS and almost aerial vehicles look like

2344

01:43:00,470 --> 01:42:58,500

tic tacs dropping in from 80,000 feet to

2345

01:43:03,710 --> 01:43:00,480

50 feet above the water and then

2346

01:43:05,660 --> 01:43:03,720

hovering over a churning circle which I

2347

01:43:07,430 --> 01:43:05,670

personally you know got the first time

2348

01:43:10,460 --> 01:43:07,440

report of you know what was under the

2349

01:43:12,010 --> 01:43:10,470

water visually but they weren't docking

2350

01:43:14,990 --> 01:43:12,020

with it under the water was hovering

2351
01:43:18,320 --> 01:43:15,000
like that above the water but yes on the

2352
01:43:20,930 --> 01:43:18,330
day of those events they did try with

2353
01:43:24,640 --> 01:43:20,940
the submarines to ping for objects in

2354
01:43:27,920 --> 01:43:24,650
that area and turned up with nothing oh

2355
01:43:34,010 --> 01:43:27,930
well that's all just really fascinating

2356
01:43:37,310 --> 01:43:34,020
so okay let's go on to Bob Lazar you

2357
01:43:40,820 --> 01:43:37,320
know a lot of people and well I'm sort

2358
01:43:42,920 --> 01:43:40,830
of on the fence with Bob Lazar a lot and

2359
01:43:45,560 --> 01:43:42,930
I know you've interviewed him he looked

2360
01:43:48,560 --> 01:43:45,570
in his eyes and you've talked to him I

2361
01:43:50,750 --> 01:43:48,570
respect I highly respect George Knapp I

2362
01:43:53,270 --> 01:43:50,760
think he's actually one of the best

2363
01:43:58,130 --> 01:43:53,280

people that will talk about this subject

2364

01:44:03,620 --> 01:43:58,140

out there and George is you know behind

2365

01:44:06,140 --> 01:44:03,630

him 100% what where do you stand well

2366

01:44:09,650 --> 01:44:06,150

first of all you should question Bob

2367

01:44:12,230 --> 01:44:09,660

Lazar Bob tells you to do that so in my

2368

01:44:14,030 --> 01:44:12,240

short film that actually made free the

2369

01:44:17,450 --> 01:44:14,040

20 minutes short on Bob Lazar is now

2370

01:44:18,770 --> 01:44:17,460

free on my website and I did that

2371

01:44:22,610 --> 01:44:18,780

because I want people to get prepared

2372

01:44:27,320 --> 01:44:22,620

for what we're about to unleash so yes

2373

01:44:30,320 --> 01:44:27,330

George brought Bob forward in 1989 and

2374

01:44:32,660 --> 01:44:30,330

Bob did so to save his own hide right

2375

01:44:35,090 --> 01:44:32,670

now if you believe him or not

2376

01:44:36,080 --> 01:44:35,100

Bob is telling you if you don't believe

2377

01:44:38,089 --> 01:44:36,090

him

2378

01:44:41,030 --> 01:44:38,099

he understands because he is not

2379

01:44:45,530 --> 01:44:41,040

providing you with ample proof he has

2380

01:44:47,479 --> 01:44:45,540

tried but can't so scientifically you

2381

01:44:50,330 --> 01:44:47,489

shouldn't believe him until he can

2382

01:44:53,180 --> 01:44:50,340

provide you with that proof and in fact

2383

01:44:54,950 --> 01:44:53,190

if you don't believe him spread the word

2384

01:44:58,129 --> 01:44:54,960

and pass it on because this has only

2385

01:45:00,859 --> 01:44:58,139

caused hell in his life personally I

2386

01:45:02,540 --> 01:45:00,869

mean he was rated by the FBI

2387

01:45:04,669 --> 01:45:02,550

back in New Mexico and there were

2388

01:45:07,850 --> 01:45:04,679

further events after that I mean he's

2389

01:45:11,120 --> 01:45:07,860

had issues so the UFO field has done

2390

01:45:12,830 --> 01:45:11,130

nothing good for Bob Lazar so I don't

2391

01:45:14,540 --> 01:45:12,840

think he minds at all that you're on the

2392

01:45:15,800 --> 01:45:14,550

fence he might say you should get over

2393

01:45:19,939 --> 01:45:15,810

to the other side of the fence and pass

2394

01:45:22,970 --> 01:45:19,949

the word on but but after all these

2395

01:45:24,709 --> 01:45:22,980

years after George kind of twisting his

2396

01:45:26,540 --> 01:45:24,719

arm and getting five minutes of footage

2397

01:45:29,060 --> 01:45:26,550

here thirty minutes of footage there I

2398

01:45:30,770 --> 01:45:29,070

mean what is the total amount of footage

2399

01:45:32,300 --> 01:45:30,780

and remember this is just footage this

2400

01:45:34,280 --> 01:45:32,310

isn't sitting down having dinner with

2401
01:45:36,109 --> 01:45:34,290
somebody seeing how they interact with

2402
01:45:38,930 --> 01:45:36,119
their wife and their mom and their

2403
01:45:40,640 --> 01:45:38,940
animals and their friends and looking

2404
01:45:42,890 --> 01:45:40,650
into someone's personal life this is

2405
01:45:46,160 --> 01:45:42,900
just someone on a screen on YouTube

2406
01:45:48,800 --> 01:45:46,170
right what does the public have to judge

2407
01:45:51,229 --> 01:45:48,810
Bob's case from they have about three

2408
01:45:54,979 --> 01:45:51,239
hours of footage in total that would be

2409
01:45:57,620 --> 01:45:54,989
just about it well I can very happily

2410
01:46:00,320 --> 01:45:57,630
tell you that after three hours we broke

2411
01:46:02,870 --> 01:46:00,330
the record and I spent seven days and

2412
01:46:04,220 --> 01:46:02,880
seven nights with Bob and then after

2413
01:46:07,100 --> 01:46:04,230

that I've done a whole bunch of

2414

01:46:10,339 --> 01:46:07,110

continuous filming going deep into every

2415

01:46:13,250 --> 01:46:10,349

aspect of his life authorized he's

2416

01:46:15,410 --> 01:46:13,260

allowing me to do this I mean it's no

2417

01:46:19,010 --> 01:46:15,420

secret you know we are friendly Bob and

2418

01:46:22,370 --> 01:46:19,020

I we have a a friendship so over all

2419

01:46:25,040 --> 01:46:22,380

those years I was able to talk with him

2420

01:46:27,890 --> 01:46:25,050

and and he says okay you know I trust

2421

01:46:29,479 --> 01:46:27,900

you I like your films I think that you

2422

01:46:31,910 --> 01:46:29,489

know the only one restriction you put on

2423

01:46:33,890 --> 01:46:31,920

me the one restriction Bob Lazar put on

2424

01:46:37,720 --> 01:46:33,900

mine he doesn't want anything for it the

2425

01:46:42,140 --> 01:46:37,730

one restriction he says just don't lie

2426

01:46:44,240 --> 01:46:42,150

just don't twist the truth as long as

2427

01:46:46,729 --> 01:46:44,250

you just tell the truth that's all I

2428

01:46:49,370 --> 01:46:46,739

want and that's coming from Bob Lazar

2429

01:46:49,820 --> 01:46:49,380

directly so Bob really doesn't have

2430

01:46:51,980 --> 01:46:49,830

anything

2431

01:46:54,740 --> 01:46:51,990

hide it's more that he hasn't made

2432

01:46:56,750 --> 01:46:54,750

himself available in order for people to

2433

01:46:59,000 --> 01:46:56,760

know who he is and it's easy to dismiss

2434

01:47:01,250 --> 01:46:59,010

somebody if you don't know the content

2435

01:47:03,770 --> 01:47:01,260

of their character and who they are so I

2436

01:47:06,680 --> 01:47:03,780

can't blame anybody you should you

2437

01:47:08,810 --> 01:47:06,690

should doubt the Bob Lazar story but

2438

01:47:11,000 --> 01:47:08,820

hopefully my film will take a

2439

01:47:13,580 --> 01:47:11,010

perspective that allows you to decide

2440

01:47:15,170 --> 01:47:13,590

for yourself because in my films I never

2441

01:47:16,780 --> 01:47:15,180

tell you what to what to think I just

2442

01:47:22,460 --> 01:47:16,790

show you what's in front of my camera

2443

01:47:25,730 --> 01:47:22,470

it's funny I I had knew this guy in the

2444

01:47:27,350 --> 01:47:25,740

antique business years ago and we were

2445

01:47:30,800 --> 01:47:27,360

chatting one day this was a few years

2446

01:47:32,030 --> 01:47:30,810

ago and I said something about I got up

2447

01:47:34,310 --> 01:47:32,040

the courage to tell him that I was doing

2448

01:47:36,140 --> 01:47:34,320

a show honey follows and he goes well

2449

01:47:36,860 --> 01:47:36,150

what about Bob Lazar and I was like

2450

01:47:40,100 --> 01:47:36,870

shocked

2451

01:47:42,770 --> 01:47:40,110

I see yep that's I had no idea he knew

2452

01:47:45,800 --> 01:47:42,780

anything about anything and he said he

2453

01:47:47,630 --> 01:47:45,810

goes I think Bob Lazar is 100% authentic

2454

01:47:49,090 --> 01:47:47,640

and that the government just wiped

2455

01:47:51,740 --> 01:47:49,100

everything out so he's been following

2456

01:47:53,570 --> 01:47:51,750

not really the UFO field that's the

2457

01:47:56,150 --> 01:47:53,580

whole Bob Lazar story which i think is

2458

01:47:58,250 --> 01:47:56,160

fascinating two points on what you just

2459

01:48:01,310 --> 01:47:58,260

said are I think are really important to

2460

01:48:03,260 --> 01:48:01,320

mention so one is I have found through

2461

01:48:07,400 --> 01:48:03,270

my work in making this documentary on

2462

01:48:08,510 --> 01:48:07,410

Bob that the closer people are to him

2463

01:48:13,520 --> 01:48:08,520

personally

2464

01:48:17,240 --> 01:48:13,530

the more they believe and know his story

2465

01:48:20,810 --> 01:48:17,250

to be true so the people that know him

2466

01:48:23,840 --> 01:48:20,820

best are telling me you got to

2467

01:48:26,240 --> 01:48:23,850

understand Bob and if he tells the truth

2468

01:48:27,890 --> 01:48:26,250

about everything then then is he telling

2469

01:48:30,260 --> 01:48:27,900

you the truth about UFOs you have to

2470

01:48:31,580 --> 01:48:30,270

know who Bob is to judge his UFO story I

2471

01:48:34,700 --> 01:48:31,590

just found that so interesting it's the

2472

01:48:36,290 --> 01:48:34,710

people that that have never met him then

2473

01:48:38,180 --> 01:48:36,300

I've just seen that you know the footage

2474

01:48:41,180 --> 01:48:38,190

online that the thankfully George Knapp

2475

01:48:43,340 --> 01:48:41,190

was able to put out there the harshest

2476

01:48:46,010 --> 01:48:43,350

critics but they have done the littlest

2477

01:48:47,900 --> 01:48:46,020

and the the smallest research on who Bob

2478

01:48:50,090 --> 01:48:47,910

is as a person and then you have the

2479

01:48:52,430 --> 01:48:50,100

people closest to him and to them

2480

01:48:54,380 --> 01:48:52,440

they're just you know he's just Bob but

2481

01:48:56,780 --> 01:48:54,390

they know Bob and they know when he's

2482

01:48:58,970 --> 01:48:56,790

telling the truth and he's telling me

2483

01:48:59,900 --> 01:48:58,980

he's telling you the truth but I think

2484

01:49:01,580 --> 01:48:59,910

that's something that you're gonna have

2485

01:49:03,200 --> 01:49:01,590

to come to on your own obviously and

2486

01:49:03,650 --> 01:49:03,210

then the second thing about what you

2487

01:49:09,440 --> 01:49:03,660

said

2488

01:49:13,220 --> 01:49:09,450

it's so interesting Bob Lazar is huge

2489

01:49:15,650 --> 01:49:13,230

his name is huge everybody knows if you

2490

01:49:17,600 --> 01:49:15,660

scream in Japan in a room of a hundred

2491

01:49:19,790 --> 01:49:17,610

people Bob Lazar who knows them you will

2492

01:49:22,700 --> 01:49:19,800

get hands raised you do that anywhere in

2493

01:49:24,110 --> 01:49:22,710

the world I mean it's like Elvis you

2494

01:49:25,790 --> 01:49:24,120

know it's like somebody finds Elvis

2495

01:49:28,040 --> 01:49:25,800

alive and is able to capture him on

2496

01:49:31,970 --> 01:49:28,050

camera right now I mean it's it's wild

2497

01:49:33,620 --> 01:49:31,980

man he changed the landscape of UFOs and

2498

01:49:37,970 --> 01:49:33,630

our understanding he's been telling you

2499

01:49:40,130 --> 01:49:37,980

the same story for almost 30 years just

2500

01:49:42,740 --> 01:49:40,140

because he can't prove the entirety of

2501
01:49:47,120 --> 01:49:42,750
his story doesn't mean it's not true and

2502
01:49:50,710 --> 01:49:47,130
in fact most of what Bob has said a lot

2503
01:49:54,740 --> 01:49:50,720
of it actually we've been able to verify

2504
01:49:57,080 --> 01:49:54,750
s4 that is a real sight off of area 51

2505
01:49:58,970 --> 01:49:57,090
at for pou slake I have personally

2506
01:50:01,460 --> 01:49:58,980
confirmed that this will be off the

2507
01:50:03,740 --> 01:50:01,470
record like nothing I can ever tell you

2508
01:50:05,210 --> 01:50:03,750
how but you know George Knapp confirmed

2509
01:50:06,680 --> 01:50:05,220
it publicly through a public affairs

2510
01:50:09,830 --> 01:50:06,690
officer in 1989

2511
01:50:11,420 --> 01:50:09,840
how did Bob know how did Bob know that

2512
01:50:14,870 --> 01:50:11,430
there was going to be a secret test

2513
01:50:19,580 --> 01:50:14,880

flight of a flying saucer over Papoose

2514

01:50:22,310 --> 01:50:19,590

Lake in 1989 the exact time on three

2515

01:50:25,370 --> 01:50:22,320

different occasions bringing friends and

2516

01:50:27,500 --> 01:50:25,380

they filmed it people cannot get around

2517

01:50:29,810 --> 01:50:27,510

that how did we know about the

2518

01:50:32,900 --> 01:50:29,820

OSI and the OSI doing the security

2519

01:50:35,900 --> 01:50:32,910

clearances for the area 51 and sub-base

2520

01:50:38,750 --> 01:50:35,910

you know a few areas for as well you

2521

01:50:40,910 --> 01:50:38,760

know all of this element 115 was always

2522

01:50:43,820 --> 01:50:40,920

theorized right you know when they were

2523

01:50:47,120 --> 01:50:43,830

fabricating element 115 when that was

2524

01:50:48,620 --> 01:50:47,130

actually being done for a year as they

2525

01:50:50,570 --> 01:50:48,630

were working on it they were in

2526

01:50:52,790 --> 01:50:50,580

correspondence via email and telephone

2527

01:51:01,670 --> 01:50:52,800

with Bob Lazar now why would they call

2528

01:51:04,430 --> 01:51:01,680

him G Wow so let's see you found the one

2529

01:51:07,760 --> 01:51:04,440

of the biggest questions about Bob Lazar

2530

01:51:11,120 --> 01:51:07,770

is his education right how did he land

2531

01:51:14,330 --> 01:51:11,130

in that position with an education that

2532

01:51:17,569 --> 01:51:14,340

can't be confirmed how did he land at

2533

01:51:19,520 --> 01:51:17,579

Los Alamos with an education

2534

01:51:21,949 --> 01:51:19,530

be confirmed he must have had schooling

2535

01:51:24,859 --> 01:51:21,959

to get a job working at the maison

2536

01:51:27,319 --> 01:51:24,869

facility the particle accelerator at Los

2537

01:51:29,689 --> 01:51:27,329

Alamos which by the way despite the

2538

01:51:32,000 --> 01:51:29,699

rolling over and everybody's grave Stan

2539

01:51:33,859 --> 01:51:32,010

Freeman you're wrong and you know you're

2540

01:51:36,020 --> 01:51:33,869

wrong and you keep lying to the public

2541

01:51:38,089 --> 01:51:36,030

you know he keeps trying to minimize

2542

01:51:40,449 --> 01:51:38,099

Bob's character he keeps trying to say

2543

01:51:43,189 --> 01:51:40,459

oh he was a janitor maybe a

2544

01:51:45,770 --> 01:51:43,199

subcontractor everybody at Los Alamos

2545

01:51:51,020 --> 01:51:45,780

most people are subcontractor yes so

2546

01:51:52,399 --> 01:51:51,030

guess what I found one I found a one of

2547

01:51:53,869 --> 01:51:52,409

the scientists that was working out

2548

01:51:56,239 --> 01:51:53,879

there I verified his credentials I

2549

01:51:58,339 --> 01:51:56,249

physically have the papers showing he

2550

01:52:00,319 --> 01:51:58,349

was there at that time he also worked at

2551

01:52:02,810 --> 01:52:00,329

China Lake Lawrence Livermore Los Alamos

2552

01:52:05,060 --> 01:52:02,820

I all his contracts and in because he

2553

01:52:06,349 --> 01:52:05,070

doesn't depend solely on it now he came

2554

01:52:08,329 --> 01:52:06,359

forward to me I mean I kind of had to

2555

01:52:11,629 --> 01:52:08,339

hunt him down but I found him you talk

2556

01:52:13,459 --> 01:52:11,639

about Robert Kringle yeah rub Robert

2557

01:52:16,810 --> 01:52:13,469

Crangle yeah and you know the story I

2558

01:52:19,729 --> 01:52:16,820

found him and he straight up 100% I

2559

01:52:22,219 --> 01:52:19,739

remember Bob Lazar he was the physicist

2560

01:52:24,290 --> 01:52:22,229

with the jet car and yes he was in

2561

01:52:25,939 --> 01:52:24,300

security briefings with me he laughed

2562

01:52:28,009 --> 01:52:25,949

what I said so he's not the concession

2563

01:52:30,379 --> 01:52:28,019

stand salesman or the janitor he laughs

2564

01:52:31,639 --> 01:52:30,389

no he's a physicist and then there go

2565

01:52:34,129 --> 01:52:31,649

stand for him and calling him up

2566

01:52:35,779 --> 01:52:34,139

harassing him days later trying to twist

2567

01:52:37,609 --> 01:52:35,789

his words and he called me back who's

2568

01:52:39,020 --> 01:52:37,619

this guy trying to twist my words and

2569

01:52:42,379 --> 01:52:39,030

I'm like oh that's what he does that's

2570

01:52:46,939 --> 01:52:42,389

Stan so basically with the Lazar case

2571

01:52:49,040 --> 01:52:46,949

right we are sure Bob worked at Los

2572

01:52:50,719 --> 01:52:49,050

Alamos that is verified I mean I've got

2573

01:52:53,060 --> 01:52:50,729

things I can't even put public but the

2574

01:52:55,369 --> 01:52:53,070

because HEPA laws the guy that digitized

2575

01:52:57,739 --> 01:52:55,379

his medical files called me up so I've

2576

01:52:59,929 --> 01:52:57,749

got all these points of data I hope to

2577

01:53:02,689 --> 01:52:59,939

put them into the film so now we know

2578

01:53:06,349 --> 01:53:02,699

Bob did work in scientific capacity as a

2579

01:53:08,750 --> 01:53:06,359

business at Los Alamos that is totally

2580

01:53:10,639 --> 01:53:08,760

unarguable in fact I have footage of him

2581

01:53:12,560 --> 01:53:10,649

in Los Alamos so sorry everybody

2582

01:53:13,969 --> 01:53:12,570

that's going in the film all your dreams

2583

01:53:15,949 --> 01:53:13,979

will be shattered if you think he didn't

2584

01:53:18,619 --> 01:53:15,959

work there but how did he get to Los

2585

01:53:19,790 --> 01:53:18,629

Alamos with an unconcerned education I

2586

01:53:21,829 --> 01:53:19,800

can't answer that

2587

01:53:24,889 --> 01:53:21,839

I don't know that's always been a

2588

01:53:27,069 --> 01:53:24,899

problem for me and for George but what

2589

01:53:30,049 --> 01:53:27,079

George said and I agree with him

2590

01:53:31,039 --> 01:53:30,059

the point was always Los Alamos if we

2591

01:53:33,229 --> 01:53:31,049

can prove

2592

01:53:36,169 --> 01:53:33,239

he went to Los Alamos then it doesn't

2593

01:53:38,619 --> 01:53:36,179

matter if he was home-schooled that

2594

01:53:41,539 --> 01:53:38,629

would alley-oop him and set him up for

2595

01:53:44,089 --> 01:53:41,549

potentially being picked up to work at

2596

01:53:49,250 --> 01:53:44,099

the sub-base of area 51 on the Nellis

2597

01:53:52,879 --> 01:53:49,260

range so if we can't prove his education

2598

01:53:54,799 --> 01:53:52,889

which we can't I mean to it I'm still

2599

01:53:58,159 --> 01:53:54,809

working on that okay I'm still working

2600

01:54:01,959 --> 01:53:58,169

on it but even if I can't prove that

2601
01:54:05,509 --> 01:54:01,969
does that discount the in-your-face

2602
01:54:08,659 --> 01:54:05,519
other elements of this case does that

2603
01:54:10,609 --> 01:54:08,669
discount he knew where the saucer was

2604
01:54:12,709 --> 01:54:10,619
coming up that he knew about a secret

2605
01:54:15,169 --> 01:54:12,719
base that was admitted to to George

2606
01:54:18,169 --> 01:54:15,179
Knapp but is now covered up again it

2607
01:54:21,139 --> 01:54:18,179
doesn't negate the other things that we

2608
01:54:24,259 --> 01:54:21,149
could prove and that's what's important

2609
01:54:27,079 --> 01:54:24,269
so we'll see I don't know if his

2610
01:54:30,439 --> 01:54:27,089
education will ever be proved and I just

2611
01:54:33,259 --> 01:54:30,449
don't know about his education but again

2612
01:54:35,209 --> 01:54:33,269
I don't care if he was home-schooled if

2613
01:54:38,029 --> 01:54:35,219

I can prove he was working at Los Alamos

2614

01:54:40,939 --> 01:54:38,039

on the on the at the maison facility at

2615

01:54:42,500 --> 01:54:40,949

the particle accelerator and then was

2616

01:54:44,779 --> 01:54:42,510

picked up to work in a government

2617

01:54:48,019 --> 01:54:44,789

program and again remember when he went

2618

01:54:50,509 --> 01:54:48,029

to court the judge was trying to get his

2619

01:54:52,729 --> 01:54:50,519

employment records and the judge was

2620

01:54:55,189 --> 01:54:52,739

told even when a senator asked for bob

2621

01:54:57,199 --> 01:54:55,199

lazar employment records they didn't say

2622

01:55:00,500 --> 01:54:57,209

we don't have them

2623

01:55:04,359 --> 01:55:00,510

they said you do not have a need to now

2624

01:55:07,579 --> 01:55:04,369

yeah well I was at federal federal court

2625

01:55:09,679 --> 01:55:07,589

yeah I was out there I lived with my

2626

01:55:13,519 --> 01:55:09,689

sister and brother-in-law he worked at

2627

01:55:16,369 --> 01:55:13,529

the lab and you know there's so many

2628

01:55:18,679 --> 01:55:16,379

people that work there and you write a

2629

01:55:20,329 --> 01:55:18,689

lot of the more contractors so that's

2630

01:55:21,619 --> 01:55:20,339

really amazing you were able to find

2631

01:55:23,149 --> 01:55:21,629

someone that remembered him

2632

01:55:25,129 --> 01:55:23,159

were there anyone this was another

2633

01:55:27,259 --> 01:55:25,139

question that someone sent in were there

2634

01:55:30,889 --> 01:55:27,269

any additional people at Los Alamos that

2635

01:55:33,469 --> 01:55:30,899

you found are tons reruns yeah but

2636

01:55:35,899 --> 01:55:33,479

here's the deal who's gonna go on record

2637

01:55:36,949 --> 01:55:35,909

with me who's gonna go on camera I mean

2638

01:55:38,719 --> 01:55:36,959

look and I'm not the only one

2639

01:55:41,509 --> 01:55:38,729

George has talked to a lot of his

2640

01:55:43,339 --> 01:55:41,519

colleagues and and actually one of his

2641

01:55:44,780 --> 01:55:43,349

friends Joe van and Eddie came out and

2642

01:55:48,230 --> 01:55:44,790

wrote in public forums

2643

01:55:50,420 --> 01:55:48,240

al Bob you know worked there and I guess

2644

01:55:52,790 --> 01:55:50,430

the definitive thing is I have footage

2645

01:55:54,260 --> 01:55:52,800

of Bob walking all around the base on

2646

01:55:58,580 --> 01:55:54,270

facility so why don't I just put that in

2647

01:55:59,690 --> 01:55:58,590

the film and shut everybody out right

2648

01:56:03,830 --> 01:55:59,700

yeah

2649

01:56:06,260 --> 01:56:03,840

public as of yet so it's like almost

2650

01:56:07,580 --> 01:56:06,270

like you know his defensive miss to it

2651
01:56:10,160 --> 01:56:07,590
which I understand it and his need for

2652
01:56:12,560 --> 01:56:10,170
privacy he hasn't made it easy to

2653
01:56:15,110 --> 01:56:12,570
believe him but that's kind of because

2654
01:56:17,900 --> 01:56:15,120
he doesn't care or he didn't care I

2655
01:56:19,100 --> 01:56:17,910
don't know that he cares but at the time

2656
01:56:21,530 --> 01:56:19,110
he didn't he was just doing it to save

2657
01:56:23,510 --> 01:56:21,540
his own hide he was under attack he was

2658
01:56:24,980 --> 01:56:23,520
under threat any money that was part of

2659
01:56:27,740 --> 01:56:24,990
his life at that time which I've

2660
01:56:31,040 --> 01:56:27,750
interviewed many now on camera one of

2661
01:56:33,800 --> 01:56:31,050
his best friends they all saw it one of

2662
01:56:35,990 --> 01:56:33,810
the guys that was tasked with harassing

2663
01:56:39,230 --> 01:56:36,000

George Knapp and tapping their phones

2664

01:56:41,720 --> 01:56:39,240

and following Bob George ran into one of

2665

01:56:44,750 --> 01:56:41,730

the guys much later in life the guy kind

2666

01:56:47,450 --> 01:56:44,760

of apologized Wow

2667

01:56:49,640 --> 01:56:47,460

yes well when will this film do you have

2668

01:56:52,700 --> 01:56:49,650

an idea when it will be released yeah

2669

01:56:55,910 --> 01:56:52,710

man I am jamming on this I got 12 months

2670

01:56:57,530 --> 01:56:55,920

I I'm doing this this is a 2018 film

2671

01:57:00,320 --> 01:56:57,540

this documentary the definitive

2672

01:57:03,410 --> 01:57:00,330

documentary on Bob Lazar so unless

2673

01:57:06,440 --> 01:57:03,420

there's something I don't see it will be

2674

01:57:10,130 --> 01:57:06,450

done in 2018 you can you can bank on

2675

01:57:12,080 --> 01:57:10,140

that well and that that's great now

2676
01:57:14,810 --> 01:57:12,090
there was one other question about the

2677
01:57:16,490 --> 01:57:14,820
skinwalker ranch is there something

2678
01:57:18,820 --> 01:57:16,500
you're doing on that as well I know I

2679
01:57:22,070 --> 01:57:18,830
saw something on your website about that

2680
01:57:25,130 --> 01:57:22,080
yeah absolutely so as you all know

2681
01:57:27,980 --> 01:57:25,140
George Knapp and colum Kelleher lead

2682
01:57:30,010 --> 01:57:27,990
scientists for knids when Bigelow was

2683
01:57:32,630 --> 01:57:30,020
running that organization to study

2684
01:57:35,330 --> 01:57:32,640
skinwalker ranch and the whole territory

2685
01:57:37,310 --> 01:57:35,340
there within the Uintah Basin including

2686
01:57:38,810 --> 01:57:37,320
Fort de Shane when they had seven

2687
01:57:41,570 --> 01:57:38,820
scientists for seven years the most

2688
01:57:45,320 --> 01:57:41,580

documented scientifically paranormal

2689

01:57:48,350 --> 01:57:45,330

hotspot in history they wrote a book

2690

01:57:51,770 --> 01:57:48,360

honkin skinwalker calm I made a website

2691

01:57:54,710 --> 01:57:51,780

called hunt the skinwalker calm and

2692

01:57:57,560 --> 01:57:54,720

that's separate than my primary website

2693

01:57:58,670 --> 01:57:57,570

which is extraordinary beliefs calm but

2694

01:58:01,520 --> 01:57:58,680

I did that specific

2695

01:58:02,750 --> 01:58:01,530

for this project and this project is the

2696

01:58:05,330 --> 01:58:02,760

first time in history that the you

2697

01:58:08,930 --> 01:58:05,340

nation the tribal elders allowed us to

2698

01:58:11,660 --> 01:58:08,940

actually camp on the there on the land

2699

01:58:13,640 --> 01:58:11,670

in the path of the skinwalker and we

2700

01:58:17,180 --> 01:58:13,650

were able to take footage and take it

2701

01:58:20,060 --> 01:58:17,190

off of the ute nation which is a

2702

01:58:21,950 --> 01:58:20,070

sovereign nation and yeah that's in

2703

01:58:24,530 --> 01:58:21,960

process and basically I'm just following

2704

01:58:26,540 --> 01:58:24,540

the footsteps of my mentor George and

2705

01:58:28,160 --> 01:58:26,550

because of his book and because of his

2706

01:58:31,190 --> 01:58:28,170

demeanor and how he's taken the case

2707

01:58:33,110 --> 01:58:31,200

seriously for you know 25 years and he's

2708

01:58:35,120 --> 01:58:33,120

kept his silence on a lot of things when

2709

01:58:35,750 --> 01:58:35,130

it was under big load control which is

2710

01:58:39,290 --> 01:58:35,760

not anymore

2711

01:58:41,020 --> 01:58:39,300

ranchers soul you know right so so

2712

01:58:43,940 --> 01:58:41,030

basically yeah and we're doing that

2713

01:58:45,800 --> 01:58:43,950

we're documenting we're actively meeting

2714

01:58:49,040 --> 01:58:45,810

with witnesses on a regular basis and

2715

01:58:51,440 --> 01:58:49,050

going out there and we have had access

2716

01:59:01,550 --> 01:58:51,450

to the ranch itself and that's wonderful

2717

01:59:04,160 --> 01:59:01,560

but understand well hey that's it for

2718

01:59:06,920 --> 01:59:04,170

the end of the show so I encourage the

2719

01:59:09,140 --> 01:59:06,930

listener to check out patience 17 it's

2720

01:59:12,140 --> 01:59:09,150

on eye to eye tuna Amazon and a few

2721

01:59:15,620 --> 01:59:12,150

other places and your website is

2722

01:59:17,810 --> 01:59:15,630

extraordinary beliefs and is it calm yep

2723

01:59:20,510 --> 01:59:17,820

extraordinary beliefs cos what a great

2724

01:59:22,880 --> 01:59:20,520

domain site that is thanks man

2725

01:59:24,890 --> 01:59:22,890

all right thanks so much Jeremy always a

2726

01:59:26,150 --> 01:59:24,900

pleasure thank you so much for having me

2727

01:59:27,950 --> 01:59:26,160

already have a great show I can't

2728

01:59:29,960 --> 01:59:27,960

believe this is 6-year anniversary keep

2729

01:59:32,270 --> 01:59:29,970

it up man you're gonna learn a lot all

2730

01:59:34,510 --> 01:59:32,280

right all right you take care you too

2731

01:59:38,120 --> 01:59:34,520

talk soon yeah all right bye-bye

2732

01:59:41,360 --> 01:59:38,130

all right everyone so thank you so much

2733

01:59:44,990 --> 01:59:41,370

for hanging in there tonight and next

2734

01:59:47,600 --> 01:59:45,000

week we have James McDonald he is gonna

2735

01:59:51,940 --> 01:59:47,610

be talking about the Betty and Barney

2736

01:59:55,130 --> 01:59:51,950

Hill case it should be interesting

2737

01:59:58,250 --> 01:59:55,140

unfortunately he's not buying it so it

2738

02:00:00,260 --> 01:59:58,260

would be an interesting show to hear his

2739

02:00:02,930 --> 02:00:00,270

side and what he has to say about it I

2740

02:00:05,540 --> 02:00:02,940

do like to have skeptics on now and then

2741

02:00:08,390 --> 02:00:05,550

so we can just hear their side of things

2742

02:00:10,730 --> 02:00:08,400

and their argument all right so I'll be

2743

02:00:12,040 --> 02:00:10,740

back next week at the same time thanks

2744

02:00:13,930 --> 02:00:12,050

so much for

2745

02:00:15,220 --> 02:00:13,940

tuning in and remember to keep your eyes

2746

02:00:20,600 --> 02:00:15,230

to the sky

2747

02:00:20,610 --> 02:00:33,880
