

MOTHMAN? >

1
00:00:05,269 --> 00:00:04,519
and it hits me oh my gosh this is that

2
00:00:06,380 --> 00:00:05,279
triangle

3
00:00:07,490 --> 00:00:06,390
you know there's explanation for

4
00:00:08,839 --> 00:00:07,500
everything that occurred in the

5
00:00:11,270 --> 00:00:08,849
Rendlesham forest incident

6
00:00:13,940 --> 00:00:11,280
it doesn't involve aliens at all it was

7
00:00:17,540 --> 00:00:13,950
completely silent it comes right over

8
00:00:19,340 --> 00:00:17,550
our head it's so a classic flying-saucer

9
00:00:20,929 --> 00:00:19,350
really standing in the clearing he

10
00:00:22,580 --> 00:00:20,939
turned over to my father and held his

11
00:00:29,089 --> 00:00:22,590
hand and he looked in his eyes and said

12
00:00:31,730 --> 00:00:29,099
we're not alone welcome to podcast UFO

13
00:00:33,560 --> 00:00:31,740

for our live show we're live every

14

00:00:35,660 --> 00:00:33,570

Wednesday at 8 p.m. Eastern Standard

15

00:00:39,170 --> 00:00:35,670

Time please remember to visit the

16

00:00:42,350 --> 00:00:39,180

website podcast UFO calm for past

17

00:00:44,330 --> 00:00:42,360

episodes blogs and forums during the

18

00:00:46,819 --> 00:00:44,340

show feel free to participate live in

19

00:00:49,029 --> 00:00:46,829

our chat room and don't forget to Like

20

00:00:51,770 --> 00:00:49,039

us on our very active Facebook page

21

00:00:53,750 --> 00:00:51,780

hello and welcome to the show I'm Martin

22

00:00:55,639 --> 00:00:53,760

Willis your host and we have a great

23

00:00:56,750 --> 00:00:55,649

show for you this evening we have Sam

24

00:00:59,000 --> 00:00:56,760

moranto and he's going to be talking

25

00:01:00,619 --> 00:00:59,010

about I don't know if you've seen in the

26

00:01:04,100 --> 00:01:00,629

news but there's been Mothman sightings

27

00:01:05,929 --> 00:01:04,110

in Chicago and a lot going on there

28

00:01:08,060 --> 00:01:05,939

started about 6 years ago and then

29

00:01:09,050 --> 00:01:08,070

really coming on pretty hard starting

30

00:01:10,990 --> 00:01:09,060

last April

31

00:01:14,539 --> 00:01:11,000

so he'll be on and before that we have

32

00:01:17,810 --> 00:01:14,549

Alejandro Rojas now he's in a special

33

00:01:19,999 --> 00:01:17,820

place right now and we're gonna be

34

00:01:21,830 --> 00:01:20,009

talking to him so he'll be coming up in

35

00:01:23,929 --> 00:01:21,840

just a minute now I have an announcement

36

00:01:27,800 --> 00:01:23,939

that's gonna make the people on YouTube

37

00:01:30,950 --> 00:01:27,810

really happy I think but it's it's just

38

00:01:33,350 --> 00:01:30,960

that I decided that I'm going to keep

39

00:01:36,890 --> 00:01:33,360

streaming on YouTube instead of going

40

00:01:40,280 --> 00:01:36,900

over to kgr a radio basically because I

41

00:01:42,859 --> 00:01:40,290

be cutting down the show too much for

42

00:01:45,319 --> 00:01:42,869

subscribers in other words the two-hour

43

00:01:47,200 --> 00:01:45,329

show after commercials added it out

44

00:01:49,880 --> 00:01:47,210

would only be

45

00:01:52,280 --> 00:01:49,890

basically an hour and 40 minutes and I

46

00:01:53,899 --> 00:01:52,290

can't do that to all my subscribers so

47

00:01:56,090 --> 00:01:53,909

I'd rather just leave it at the two-hour

48

00:01:58,969 --> 00:01:56,100

show and keep going on YouTube I had

49

00:02:02,030 --> 00:01:58,979

been a little disappointed by the live

50

00:02:04,160 --> 00:02:02,040

audience volume you know the number of

51
00:02:07,100 --> 00:02:04,170
people but hopefully that will build up

52
00:02:11,720 --> 00:02:07,110
over time and I do like doing the live

53
00:02:12,760 --> 00:02:11,730
YouTube so so that's that and I'm gonna

54
00:02:15,190 --> 00:02:12,770
bring in a la

55
00:02:21,580 --> 00:02:15,200
droll Rojas how are you welcome to the

56
00:02:24,190 --> 00:02:21,590
show Alejandro hola and last yes Aloha

57
00:02:26,380 --> 00:02:24,200
Aloha was last week you were in Hawaii

58
00:02:29,230 --> 00:02:26,390
and forgot to tell me you in Hawaii I

59
00:02:31,690 --> 00:02:29,240
guess I swear I told you and the

60
00:02:35,050 --> 00:02:31,700
listeners can can tell us whether or not

61
00:02:36,730 --> 00:02:35,060
yeah I had told you but my listeners

62
00:02:40,660 --> 00:02:36,740
knew oh really

63
00:02:42,820 --> 00:02:40,670

okay I will give 50 bucks to the

64

00:02:46,500 --> 00:02:42,830

listener that can contact me and prove

65

00:02:50,020 --> 00:02:46,510

that you said it on my show I've just

66

00:02:52,750 --> 00:02:50,030

teasin yet so yeah I know I felt so bad

67

00:02:55,210 --> 00:02:52,760

when I when you're like uh you know it's

68

00:02:58,420 --> 00:02:55,220

a first show and I'm like well I'm in

69

00:03:01,060 --> 00:02:58,430

Hawaii so last week I was in Hawaii it

70

00:03:05,890 --> 00:03:01,070

was a lot of fun nothing at all to do

71

00:03:07,990 --> 00:03:05,900

with UFOs only fun and because you know

72

00:03:10,990 --> 00:03:08,000

for people like us have been doing it

73

00:03:12,760 --> 00:03:11,000

for so long it's not necessarily fun and

74

00:03:15,040 --> 00:03:12,770

I know your guests Sam he's been doing

75

00:03:17,230 --> 00:03:15,050

this for decades and worked so hard at

76

00:03:21,100 --> 00:03:17,240

it so it's a lot of hard work when

77

00:03:23,020 --> 00:03:21,110

you're doing some real stuff but but

78

00:03:24,850 --> 00:03:23,030

yeah so that was a lot of fun I super

79

00:03:28,360 --> 00:03:24,860

apologized and I almost missed today

80

00:03:31,780 --> 00:03:28,370

show too because I am at Space Camp yeah

81

00:03:34,050 --> 00:03:31,790

I literally just got back so this was

82

00:03:37,210 --> 00:03:34,060

the cool shirt that I took with my NASA

83

00:03:39,400 --> 00:03:37,220

Star Trek search shirt but of course

84

00:03:44,040 --> 00:03:39,410

this cool jumpsuit is something that

85

00:03:47,949 --> 00:03:44,050

they gave us so this is for once again

86

00:03:50,320 --> 00:03:47,959

the show Mars with National Geographic

87

00:03:52,840 --> 00:03:50,330

but it's also my buddies at National

88

00:03:55,090 --> 00:03:52,850

Geographic for another show that they've

89

00:03:55,840 --> 00:03:55,100

got coming out called one strange Rock

90

00:03:58,750 --> 00:03:55,850

here we go

91

00:04:00,760 --> 00:03:58,760

and they'll be more coming out about

92

00:04:03,220 --> 00:04:00,770

that soon I'm not even sure how much I

93

00:04:05,860 --> 00:04:03,230

can talk about this but this is a really

94

00:04:07,540 --> 00:04:05,870

cool space show essentially it's a

95

00:04:12,220 --> 00:04:07,550

documentary but it's from the

96

00:04:14,560 --> 00:04:12,230

perspective of the astronauts and they

97

00:04:15,910 --> 00:04:14,570

have some really incredible insight we

98

00:04:18,039 --> 00:04:15,920

got to actually talk with one of the

99

00:04:19,210 --> 00:04:18,049

guys today and I've interviewed a couple

100

00:04:20,830 --> 00:04:19,220

of the other guys that have been in the

101
00:04:23,140 --> 00:04:20,840
show and it's kind of along the same

102
00:04:23,950 --> 00:04:23,150
line so if you're interested in what I'm

103
00:04:26,230 --> 00:04:23,960
talking about

104
00:04:30,670 --> 00:04:26,240
my interview with

105
00:04:33,100 --> 00:04:30,680
like Massimo the astronaut he talked a

106
00:04:34,990 --> 00:04:33,110
lot about and I wrote something on the

107
00:04:36,909 --> 00:04:35,000
Huffington Post about his personal

108
00:04:40,089 --> 00:04:36,919
experience kind of the emotional

109
00:04:42,490 --> 00:04:40,099
experience they have when they're in

110
00:04:43,900 --> 00:04:42,500
space and that's what's really cool to

111
00:04:46,120 --> 00:04:43,910
hear from them because they're usually

112
00:04:47,620 --> 00:04:46,130
focused on their tasks surprisingly

113
00:04:49,089 --> 00:04:47,630

they'll tell you that I didn't even

114

00:04:51,670 --> 00:04:49,099

notice much at first I you we've got a

115

00:04:54,159 --> 00:04:51,680

job to do and we do our job they're very

116

00:04:57,279 --> 00:04:54,169

dedicated to their job and like lots of

117

00:04:59,080 --> 00:04:57,289

civil servants they they are cognizant

118

00:05:00,879 --> 00:04:59,090

of that this is taxpayer money and

119

00:05:03,640 --> 00:05:00,889

they've got a job to do but there are

120

00:05:05,350 --> 00:05:03,650

times when they're done screwing that

121

00:05:08,050 --> 00:05:05,360

bolt in or something and then they look

122

00:05:10,899 --> 00:05:08,060

at the planet or they realize holy crap

123

00:05:13,270 --> 00:05:10,909

I am just floating here above the planet

124

00:05:17,379 --> 00:05:13,280

and they have these extraordinary

125

00:05:19,300 --> 00:05:17,389

moments of you know what it's like to be

126

00:05:20,290 --> 00:05:19,310

there and experience that and that's

127

00:05:24,100 --> 00:05:20,300

what they're trying to kind of get

128

00:05:26,439 --> 00:05:24,110

across in this 10-part series that'll be

129

00:05:30,689 --> 00:05:26,449

showing up sometime I think this summer

130

00:05:33,339 --> 00:05:30,699

or this coming fall spring time

131

00:05:35,439 --> 00:05:33,349

something like that yeah that's a big

132

00:05:37,810 --> 00:05:35,449

gap yeah I'll be writing about it more

133

00:05:39,070 --> 00:05:37,820

and adding more and then Mars of course

134

00:05:40,899 --> 00:05:39,080

I've talked about before that's this

135

00:05:44,200 --> 00:05:40,909

really cool TV show where Taft

136

00:05:47,170 --> 00:05:44,210

documentary half drama that's why I was

137

00:05:49,060 --> 00:05:47,180

in Hungary on the set for second season

138

00:05:51,010 --> 00:05:49,070

of that show and they said this is with

139

00:05:52,629 --> 00:05:51,020

them so with National Geographic so

140

00:05:54,999 --> 00:05:52,639

they're doing some really cool stuff and

141

00:05:57,730 --> 00:05:55,009

they brought us to Space Camp and it's

142

00:06:01,270 --> 00:05:57,740

been a lot of fun so today I sent it to

143

00:06:04,510 --> 00:06:01,280

a video and some pictures but I did the

144

00:06:08,200 --> 00:06:04,520

and I just ran that slide show oh okay

145

00:06:10,149 --> 00:06:08,210

right into multi-axis trainer which is

146

00:06:12,909 --> 00:06:10,159

the thing you get on and it rotates and

147

00:06:15,159 --> 00:06:12,919

it looks like the thing in contact and I

148

00:06:17,709 --> 00:06:15,169

was I was like nah I'm not gonna do that

149

00:06:20,529 --> 00:06:17,719

I'm past my rollercoaster days and

150

00:06:22,420 --> 00:06:20,539

everything and you know sometimes my

151
00:06:24,070 --> 00:06:22,430
stomach can't handle all of those things

152
00:06:26,140 --> 00:06:24,080
but surprisingly they said no and

153
00:06:28,540 --> 00:06:26,150
actually because your stomach is the

154
00:06:30,730 --> 00:06:28,550
center of gravity it doesn't mess with

155
00:06:32,950 --> 00:06:30,740
your stomach and as long as you don't

156
00:06:35,500 --> 00:06:32,960
close your eyes and then reopen them

157
00:06:37,930 --> 00:06:35,510
your brain because you're spinning I

158
00:06:39,670 --> 00:06:37,940
guess you're the the balance in your

159
00:06:40,090 --> 00:06:39,680
brain which causes motion sickness and

160
00:06:41,380 --> 00:06:40,100
stuff like

161
00:06:43,480 --> 00:06:41,390
that doesn't really have time to

162
00:06:44,620 --> 00:06:43,490
disorient the way it does in a boat or

163
00:06:46,600 --> 00:06:44,630

something like that because it's not

164

00:06:48,640 --> 00:06:46,610

repetitive and so they said you won't

165

00:06:50,860 --> 00:06:48,650

get dizzy and for the most part they

166

00:06:53,230 --> 00:06:50,870

were right it wasn't that it was a it

167

00:06:56,590 --> 00:06:53,240

was strange and there were some g-forces

168

00:06:57,850 --> 00:06:56,600

on your head but it wasn't as bad as it

169

00:06:59,470 --> 00:06:57,860

looks and I probably shouldn't tell

170

00:07:01,120 --> 00:06:59,480

people that I should tell him it oh it

171

00:07:04,090 --> 00:07:01,130

was sooo crazy in our because then it

172

00:07:05,980 --> 00:07:04,100

sounds more more like I was a tough guy

173

00:07:07,840 --> 00:07:05,990

or something but it isn't as bad as as

174

00:07:10,180 --> 00:07:07,850

you think and I was really kind of just

175

00:07:13,180 --> 00:07:10,190

a total wuss and are you sure this isn't

176

00:07:16,360 --> 00:07:13,190

gonna be good a good stick so but it was

177

00:07:18,310 --> 00:07:16,370

a lot of fun and let's see what else did

178

00:07:20,620 --> 00:07:18,320

we do we did other training things

179

00:07:23,140 --> 00:07:20,630

astronauts do we did a simulated mission

180

00:07:24,700 --> 00:07:23,150

and I got to be Capcom which is fun like

181

00:07:28,000 --> 00:07:24,710

you know the guy who communicates with a

182

00:07:31,180 --> 00:07:28,010

capsule so I got to use my capcom voice

183

00:07:34,060 --> 00:07:31,190

or you know like discovery this is

184

00:07:36,670 --> 00:07:34,070

Capcom you know you could you turn on

185

00:07:38,440 --> 00:07:36,680

your left truster and you know the kind

186

00:07:40,780 --> 00:07:38,450

of cadence that they do when you see it

187

00:07:43,240 --> 00:07:40,790

on the TV or something like that so that

188

00:07:45,640 --> 00:07:43,250

was a lot bad audio though too part of

189

00:07:48,550 --> 00:07:45,650

it you know from what sadness 70s to the

190

00:07:51,870 --> 00:07:48,560

the audio wasn't you know when they may

191

00:07:55,600 --> 00:07:51,880

be telephone voice almost but it was fun

192

00:07:58,060 --> 00:07:55,610

hey that added to the charm yeah I bet

193

00:07:59,710 --> 00:07:58,070

you were great at it hey I've heard

194

00:08:02,590 --> 00:07:59,720

something they're doing some studies on

195

00:08:05,560 --> 00:08:02,600

the human brain in space have you heard

196

00:08:08,020 --> 00:08:05,570

anything about that I have had actually

197

00:08:09,730 --> 00:08:08,030

heard nothing about that yeah because

198

00:08:13,030 --> 00:08:09,740

it's you're interesting it changes

199

00:08:15,040 --> 00:08:13,040

without gravity mm-hmm well you know

200

00:08:16,960 --> 00:08:15,050

that with this Mars show there's been a

201

00:08:21,550 --> 00:08:16,970

lot I wrote a story not too long ago

202

00:08:23,380 --> 00:08:21,560

about radiation shielding and that was

203

00:08:25,810 --> 00:08:23,390

something Steve Patrick who wrote a book

204

00:08:27,930 --> 00:08:25,820

that inspired the Mars program his room

205

00:08:32,500 --> 00:08:27,940

is literally across the hallway from me

206

00:08:34,839 --> 00:08:32,510

and I did I wrote a lot about he about

207

00:08:36,250 --> 00:08:34,849

some of the work he did and he's the one

208

00:08:38,890 --> 00:08:36,260

who tipped me off on they'll probably

209

00:08:41,500 --> 00:08:38,900

use water and so I wrote an article

210

00:08:43,930 --> 00:08:41,510

about this like waste water and recycle

211

00:08:45,460 --> 00:08:43,940

water it's really interesting and this

212

00:08:47,560 --> 00:08:45,470

is a story I've been following for years

213

00:08:51,340 --> 00:08:47,570

since I got to go to Johnson and talk

214

00:08:53,440 --> 00:08:51,350

with the Orion guys about it but so I've

215

00:08:54,100 --> 00:08:53,450

got an article on that I think that's

216

00:08:55,630 --> 00:08:54,110

interesting

217

00:08:57,460 --> 00:08:55,640

there's a lot of other things that are

218

00:09:02,050 --> 00:08:57,470

really interesting for instance you know

219

00:09:04,389 --> 00:09:02,060

these Elon as soon as just a couple

220

00:09:06,790 --> 00:09:04,399

weeks ago Elon Musk of SpaceX said

221

00:09:09,340 --> 00:09:06,800

they're gonna get people up there like

222

00:09:11,500 --> 00:09:09,350

within the next couple of years but

223

00:09:16,870 --> 00:09:11,510

there are some major issues that still

224

00:09:20,920 --> 00:09:16,880

have to be worked out the effect of on

225

00:09:22,780 --> 00:09:20,930

the body of long-term being a space is

226

00:09:24,850 --> 00:09:22,790

still not something that is completely

227

00:09:25,630 --> 00:09:24,860

figured out I mean we had a guy an

228

00:09:28,630 --> 00:09:25,640

astronaut

229

00:09:31,690 --> 00:09:28,640

just recently spend a year up there but

230

00:09:34,990 --> 00:09:31,700

the problem is is you lose like a muscle

231

00:09:37,420 --> 00:09:35,000

mass but you also lose bone mass because

232

00:09:39,940 --> 00:09:37,430

you don't have to have that the bones

233

00:09:41,740 --> 00:09:39,950

don't have to work as hard and that is

234

00:09:43,210 --> 00:09:41,750

not something that can come back you can

235

00:09:45,850 --> 00:09:43,220

you know work out and get the muscle

236

00:09:49,540 --> 00:09:45,860

mass back but the bone structure will

237

00:09:51,220 --> 00:09:49,550

never be the same and so that's one of

238

00:09:53,620 --> 00:09:51,230

the issues that we really don't have

239

00:09:57,190 --> 00:09:53,630

figured out so even though technically

240

00:09:59,530 --> 00:09:57,200

we may be ready to do that very soon and

241

00:10:02,439 --> 00:09:59,540

some will argue that technically if we

242

00:10:05,680 --> 00:10:02,449

had to political and motivation that we

243

00:10:07,660 --> 00:10:05,690

could have done it years ago but that

244

00:10:10,990 --> 00:10:07,670

there's it's more complicated than that

245

00:10:13,449 --> 00:10:11,000

you know that it might not be something

246

00:10:15,370 --> 00:10:13,459

where we're gonna have people on Mars

247

00:10:18,790 --> 00:10:15,380

within the next few years like Elon

248

00:10:21,160 --> 00:10:18,800

talks about but there is a big race and

249

00:10:23,769 --> 00:10:21,170

we will definitely most likely have at

250

00:10:25,960 --> 00:10:23,779

least people orbiting Mars or being able

251
00:10:28,210 --> 00:10:25,970
to go and come back within the next few

252
00:10:28,600 --> 00:10:28,220
years so it's a lot closer than people

253
00:10:30,550 --> 00:10:28,610
think

254
00:10:33,910 --> 00:10:30,560
there's many more issues than people

255
00:10:35,980 --> 00:10:33,920
realize that's what this show Mars is

256
00:10:38,230 --> 00:10:35,990
highlighting and then there's the other

257
00:10:40,840 --> 00:10:38,240
thing which is China and Russia are

258
00:10:42,490 --> 00:10:40,850
saying we're gonna go to the moon in the

259
00:10:44,680 --> 00:10:42,500
next couple of years yeah and this is

260
00:10:46,540 --> 00:10:44,690
kind of exciting because this has to do

261
00:10:50,710 --> 00:10:46,550
with Robert Bigelow who of course is a

262
00:10:53,829 --> 00:10:50,720
big UFO buff and he is actually lobbying

263
00:10:57,990 --> 00:10:53,839

to have his program the bean program his

264

00:11:00,939 --> 00:10:58,000

inflatable device to be a moon base and

265

00:11:03,639 --> 00:11:00,949

what's exciting about that is that the

266

00:11:05,800 --> 00:11:03,649

closer the more the closer to Chinese

267

00:11:07,290 --> 00:11:05,810

and the Russians get the more likely it

268

00:11:10,350 --> 00:11:07,300

is then we'll be in another space

269

00:11:12,240 --> 00:11:10,360

race where I mean can you imagine the

270

00:11:14,250 --> 00:11:12,250

Russians and the Chinese having a base

271

00:11:16,350 --> 00:11:14,260

on the moon and the u.s. being cool with

272

00:11:20,220 --> 00:11:16,360

that yeah I don't think so I think that

273

00:11:23,070 --> 00:11:20,230

there'll be a lot of inspiration than to

274

00:11:25,440 --> 00:11:23,080

have our own base there and the person

275

00:11:28,920 --> 00:11:25,450

who's closest at least as far as we know

276

00:11:30,750 --> 00:11:28,930

publicly is Bigelow he's the one he's

277

00:11:33,750 --> 00:11:30,760

this is exactly what he's working with

278

00:11:37,590 --> 00:11:33,760

NASA on so if the political climate

279

00:11:40,470 --> 00:11:37,600

changes um he could be tasked with okay

280

00:11:41,670 --> 00:11:40,480

Bigelow let's do this and in fact in

281

00:11:43,470 --> 00:11:41,680

this Space Center

282

00:11:45,240 --> 00:11:43,480

I know if showing pictures because we've

283

00:11:47,310 --> 00:11:45,250

seen big pictures of with Bigelow with

284

00:11:49,079 --> 00:11:47,320

us before but in the Space Center ours

285

00:11:50,759 --> 00:11:49,089

just out and I got some pictures of it

286

00:11:52,590 --> 00:11:50,769

I'll post on facebook soon but you've

287

00:11:56,069 --> 00:11:52,600

seen it before but it's Bigelow's

288

00:11:58,740 --> 00:11:56,079

mock-up of his base his moon base that

289

00:12:01,829 --> 00:11:58,750

he is working on and that he's working

290

00:12:05,550 --> 00:12:01,839

with NASA on so it's very possible that

291

00:12:08,190 --> 00:12:05,560

one of our UFO buff buddies it's gonna

292

00:12:10,860 --> 00:12:08,200

be the first guy to have a base on a

293

00:12:13,410 --> 00:12:10,870

planet others a nurse so that's pretty

294

00:12:15,810 --> 00:12:13,420

exciting that is yeah that is I remember

295

00:12:18,750 --> 00:12:15,820

I talked to Alan bean he was the fourth

296

00:12:21,210 --> 00:12:18,760

man on the moon so many years ago and I

297

00:12:23,069 --> 00:12:21,220

said I couldn't imagine being you know

298

00:12:25,590 --> 00:12:23,079

standing on the moon and looking up at

299

00:12:27,870 --> 00:12:25,600

Earth and like just panicking like how

300

00:12:29,519 --> 00:12:27,880

am I gonna get back and he said nope you

301

00:12:31,290 --> 00:12:29,529

just take the test that's in front of

302

00:12:33,870 --> 00:12:31,300

you and he said you have to do it like

303

00:12:35,730 --> 00:12:33,880

that he said I had to break it up so ok

304

00:12:37,560 --> 00:12:35,740

next time get doing this or next I'm

305

00:12:39,360 --> 00:12:37,570

doing that but he didn't want to look at

306

00:12:41,519 --> 00:12:39,370

it like he had to get back he didn't

307

00:12:43,350 --> 00:12:41,529

want to think about it you know what and

308

00:12:45,060 --> 00:12:43,360

going through that that thing that we

309

00:12:47,310 --> 00:12:45,070

did this market a simulation of a

310

00:12:49,110 --> 00:12:47,320

mission it makes a lot of a sense

311

00:12:50,670 --> 00:12:49,120

because they are busy I mean they've got

312

00:12:52,560 --> 00:12:50,680

to hit this button and hit that button

313

00:12:54,420 --> 00:12:52,570

they've got to roll this procedure in

314

00:12:56,280 --> 00:12:54,430

this procedure and it's this back and

315

00:12:58,019 --> 00:12:56,290

forth which is great because it doesn't

316

00:13:00,600 --> 00:12:58,029

take them long to get up into space

317

00:13:02,040 --> 00:13:00,610

yep then once they're there you know the

318

00:13:04,139 --> 00:13:02,050

dangerous part is when you're coming

319

00:13:06,689 --> 00:13:04,149

back into orbit or when you're going out

320

00:13:10,319 --> 00:13:06,699

and that part goes so quickly and you're

321

00:13:13,380 --> 00:13:10,329

so busy doing different things that it's

322

00:13:16,380 --> 00:13:13,390

not that aspect your mind is busy you're

323

00:13:17,550 --> 00:13:16,390

not thinking of that part the aspect

324

00:13:19,199 --> 00:13:17,560

that where I would have problems with

325

00:13:21,090 --> 00:13:19,209

which I don't think I can do anymore

326

00:13:23,930 --> 00:13:21,100

which is kind of a sad revelry

327

00:13:27,480 --> 00:13:23,940

for me and this happened at Epcot Center

328

00:13:30,150 --> 00:13:27,490

where they have this simulator where

329

00:13:32,940 --> 00:13:30,160

they simulate the g-forces and it was

330

00:13:34,920 --> 00:13:32,950

like oh my gosh she was like 30 seconds

331

00:13:38,580 --> 00:13:34,930

and now after five seconds I was like I

332

00:13:40,890 --> 00:13:38,590

was dancing and after I got off of that

333

00:13:44,490 --> 00:13:40,900

I was like oh my I can't be an astronaut

334

00:13:47,460 --> 00:13:44,500

I can't do this so that that physical

335

00:13:49,860 --> 00:13:47,470

part of it is is really still difficult

336

00:13:51,780 --> 00:13:49,870

so just imagine going through those

337

00:13:54,090 --> 00:13:51,790

g-forces and then having to accomplish

338

00:13:55,410 --> 00:13:54,100

these extremely important tasks you know

339

00:13:57,660 --> 00:13:55,420

pushing these buttons and doing

340

00:14:00,810 --> 00:13:57,670

everything at the right sequence and

341

00:14:02,610 --> 00:14:00,820

timing so yeah they're just I personally

342

00:14:04,140 --> 00:14:02,620

have a huge respect for NASA and for

343

00:14:05,730 --> 00:14:04,150

astronauts and I think they're

344

00:14:08,160 --> 00:14:05,740

incredible people and what they do is

345

00:14:09,600 --> 00:14:08,170

great so yes this is all really exciting

346

00:14:11,700 --> 00:14:09,610

now they're gonna have to figure out

347

00:14:16,230 --> 00:14:11,710

some type of like centrifuge or

348

00:14:18,450 --> 00:14:16,240

something to to simulate gravity if we

349

00:14:20,490 --> 00:14:18,460

are going to spend a lot of time in

350

00:14:21,900 --> 00:14:20,500

space or you're right people are going

351

00:14:24,090 --> 00:14:21,910

to have bone loss they'll never be able

352

00:14:26,160 --> 00:14:24,100

to come back to the planet again if some

353

00:14:29,550 --> 00:14:26,170

of them ours and they lose their bone

354

00:14:31,650 --> 00:14:29,560

loss and you know muscle like you said

355

00:14:33,360 --> 00:14:31,660

can be rebuilt but now they're gonna

356

00:14:35,970 --> 00:14:33,370

have to stay put on Mars and look like

357

00:14:37,830 --> 00:14:35,980

aliens eventually well that's the other

358

00:14:41,880 --> 00:14:37,840

thing and that's what there's a really

359

00:14:43,410 --> 00:14:41,890

interesting show on sci-fi right now and

360

00:14:46,020 --> 00:14:43,420

I can't remember what it's called right

361

00:14:48,960 --> 00:14:46,030

now but essentially it's the future

362

00:14:51,330 --> 00:14:48,970

where there's a colony on Mars there's

363

00:14:53,550 --> 00:14:51,340

earth and then there's miners at mine

364

00:14:56,460 --> 00:14:53,560

asteroids which is a very plausible

365

00:14:58,440 --> 00:14:56,470

future for us but that these different

366

00:15:00,870 --> 00:14:58,450

groups of people have formed their own

367

00:15:04,380 --> 00:15:00,880

governments and the challenges that that

368

00:15:05,820 --> 00:15:04,390

creates which is a very real issue one

369

00:15:09,000 --> 00:15:05,830

of the issues they're tackling on Mars

370

00:15:12,180 --> 00:15:09,010

it's a political climate and the way it

371

00:15:15,030 --> 00:15:12,190

is right now is of course it you know

372

00:15:17,660 --> 00:15:15,040

the the struggle is between spending

373

00:15:20,820 --> 00:15:17,670

resources on space and then helping

374

00:15:23,040 --> 00:15:20,830

private space do what they want to do

375

00:15:25,260 --> 00:15:23,050

out there but what is going to become a

376

00:15:27,330 --> 00:15:25,270

bigger issue which which I think people

377

00:15:30,120 --> 00:15:27,340

have and especially politicians have not

378

00:15:31,890 --> 00:15:30,130

really dealt with or or thought of what

379

00:15:34,380 --> 00:15:31,900

you're going to have to is once we have

380

00:15:34,710 --> 00:15:34,390

a group of people on Mars what is their

381

00:15:36,660 --> 00:15:34,720

governor

382

00:15:39,150 --> 00:15:36,670

who governs governs them because

383

00:15:41,610 --> 00:15:39,160

technically they're sovereign if it's

384

00:15:42,090 --> 00:15:41,620

SpaceX for example that gets them out

385

00:15:44,280 --> 00:15:42,100

there

386

00:15:45,600 --> 00:15:44,290

SpaceX can do whatever the heck they

387

00:15:48,509 --> 00:15:45,610

want out there when it comes to

388

00:15:50,639 --> 00:15:48,519

governance and so and we really don't

389

00:15:53,059 --> 00:15:50,649

have any how would we you know

390

00:15:55,650 --> 00:15:53,069

administer or how would we enforce any

391

00:15:57,569 --> 00:15:55,660

laws out there so that's gonna be a big

392

00:16:00,629 --> 00:15:57,579

deal and if they decide to self-govern

393

00:16:04,410 --> 00:16:00,639

they'll be able to do that and then that

394

00:16:07,199 --> 00:16:04,420

creates of course political issues

395

00:16:09,389 --> 00:16:07,209

between you know us and them and people

396

00:16:11,819 --> 00:16:09,399

depending on what they choose to do out

397

00:16:13,920 --> 00:16:11,829

there so or if we have a problem with

398

00:16:16,199 --> 00:16:13,930

with any of the laws that they Institute

399

00:16:19,019 --> 00:16:16,209

or the ways that they enforce their laws

400

00:16:20,759 --> 00:16:19,029

if they decide to space people which in

401
00:16:22,530 --> 00:16:20,769
sci-fi movies is where you know if

402
00:16:24,869 --> 00:16:22,540
you're bad corporal punishment is is

403
00:16:29,069 --> 00:16:24,879
shooting you out into space you gets

404
00:16:30,990 --> 00:16:29,079
ratings what will happen so I think you

405
00:16:34,319 --> 00:16:31,000
know there's just a lot of really really

406
00:16:35,519 --> 00:16:34,329
interesting issues but the issues you

407
00:16:38,369 --> 00:16:35,529
know that that's what this television

408
00:16:40,590 --> 00:16:38,379
show on Syfy goes over which is really

409
00:16:41,850 --> 00:16:40,600
interesting an aspect in the future

410
00:16:43,290 --> 00:16:41,860
where all these different governing

411
00:16:45,179 --> 00:16:43,300
bodies are kind of arguing and fighting

412
00:16:46,980 --> 00:16:45,189
with each other which makes sense

413
00:16:48,629 --> 00:16:46,990

because every governing body argues and

414

00:16:50,639 --> 00:16:48,639

fights with each other yeah I would say

415

00:16:52,170 --> 00:16:50,649

that if someone's young and thinking

416

00:16:56,249 --> 00:16:52,180

about going to law school they should

417

00:16:59,210 --> 00:16:56,259

maybe consider space law yeah I'm all

418

00:17:04,439 --> 00:16:59,220

but it exists it's real in fact Bigelow

419

00:17:06,750 --> 00:17:04,449

has made some major inroads in that area

420

00:17:08,549 --> 00:17:06,760

because one of his things early on just

421

00:17:10,679 --> 00:17:08,559

a few years ago he made a lot of news

422

00:17:12,809 --> 00:17:10,689

and it was a big deal because he was

423

00:17:15,360 --> 00:17:12,819

saying look if I'm gonna build let's say

424

00:17:17,640 --> 00:17:15,370

a hotel on the moon where can I put it

425

00:17:21,029 --> 00:17:17,650

you guys haven't figured out the laws

426

00:17:24,720 --> 00:17:21,039

around who owns what on the moon and if

427

00:17:26,760 --> 00:17:24,730

I plant my hotel somewhere and then all

428

00:17:28,620 --> 00:17:26,770

of a sudden the land is it's given away

429

00:17:31,980 --> 00:17:28,630

or the land doesn't technically belong

430

00:17:34,799 --> 00:17:31,990

to me somehow then I can't move it so we

431

00:17:37,380 --> 00:17:34,809

have to figure this out before you know

432

00:17:40,890 --> 00:17:37,390

those of us private companies establish

433

00:17:42,510 --> 00:17:40,900

these different bases and so is the

434

00:17:46,169 --> 00:17:42,520

first time where law had to seriously

435

00:17:47,789 --> 00:17:46,179

tackle kind of this issue and it's

436

00:17:48,150 --> 00:17:47,799

something that they've got to work on

437

00:17:50,790 --> 00:17:48,160

but

438

00:17:53,160 --> 00:17:50,800

seems like really it's gonna kind of be

439

00:17:54,630 --> 00:17:53,170

like a back in the cowboy days it's

440

00:17:57,270 --> 00:17:54,640

gonna really like if you're there first

441

00:17:58,680 --> 00:17:57,280

yep yeah the Wild West if you're there

442

00:18:00,570 --> 00:17:58,690

first who's gonna kick you out there's

443

00:18:04,380 --> 00:18:00,580

nobody to kick you out and that's what

444

00:18:06,720 --> 00:18:04,390

the problem is is if if China and Russia

445

00:18:09,090 --> 00:18:06,730

get there I mean they could claim the

446

00:18:11,010 --> 00:18:09,100

moon they could claim the moon amongst

447

00:18:12,630 --> 00:18:11,020

each other and certainly the United

448

00:18:16,620 --> 00:18:12,640

States isn't gonna like that

449

00:18:19,020 --> 00:18:16,630

so there's exciting things going on you

450

00:18:20,340 --> 00:18:19,030

know when it comes to space I think we

451

00:18:22,590 --> 00:18:20,350

should really put up some a few

452

00:18:24,990 --> 00:18:22,600

individuals from North Korea and just

453

00:18:27,390 --> 00:18:25,000

said okay this is all yours you take it

454

00:18:31,080 --> 00:18:27,400

from here give North Korea at the moon

455

00:18:34,290 --> 00:18:31,090

yeah why not the Moon or Mars and just

456

00:18:36,660 --> 00:18:34,300

say okay you deal with like the old

457

00:18:38,190 --> 00:18:36,670

honeymooners I'll send you to the moon

458

00:18:42,060 --> 00:18:38,200

type of thing

459

00:18:45,360 --> 00:18:42,070

Ellis maybe maybe there's a that's

460

00:18:47,310 --> 00:18:45,370

thinking out of the box I guess so hey

461

00:18:50,550 --> 00:18:47,320

alejandro well enjoy the rest of it how

462

00:18:53,150 --> 00:18:50,560

long you there for I am here until

463

00:18:55,590 --> 00:18:53,160

Friday Friday well have a great time huh

464

00:18:59,130 --> 00:18:55,600

thank you very much I'm glad I was able

465

00:19:02,070 --> 00:18:59,140

to be on the show at wonderful to see

466

00:19:04,350 --> 00:19:02,080

Sam spaced on the video here it's always

467

00:19:07,710 --> 00:19:04,360

good to see Sam so you have a great show

468

00:19:17,290 --> 00:19:07,720

all right okay hey thanks a lot see you

469

00:19:23,410 --> 00:19:19,360

Sam I'm sorry it just took me a minute

470

00:19:25,570 --> 00:19:23,420

to get you up here and scream screen we

471

00:19:27,820 --> 00:19:25,580

have our guest tonight and at San

472

00:19:28,840 --> 00:19:27,830

moranto he actually helped out with the

473

00:19:31,780 --> 00:19:28,850

show way back

474

00:19:33,430 --> 00:19:31,790

it's always fun having him on and Sam I

475

00:19:37,360 --> 00:19:33,440

hope you remembered to unmute your mic

476
00:19:39,040 --> 00:19:37,370
and welcome to the show well thank you

477
00:19:40,570 --> 00:19:39,050
for having me back on it has been a

478
00:19:44,610 --> 00:19:40,580
while and I haven't talked to you I

479
00:19:48,490 --> 00:19:44,620
haven't seen you my gosh it's been ages

480
00:19:51,190 --> 00:19:48,500
oh my gosh we had a lonely Matt it was

481
00:19:54,580 --> 00:19:51,200
great yeah out in Arizona a few years

482
00:19:56,919 --> 00:19:54,590
ago yeah it was a blast so I was really

483
00:19:58,900 --> 00:19:56,929
you know I I had been getting a lot of

484
00:20:02,260 --> 00:19:58,910
email about this the Mothman sightings

485
00:20:06,040 --> 00:20:02,270
and you know MUFON got involved as far

486
00:20:08,320 --> 00:20:06,050
as it being reported and and then I

487
00:20:09,700 --> 00:20:08,330
found out you were doing the research on

488
00:20:11,980 --> 00:20:09,710

it which I think it's pretty exciting

489

00:20:14,530 --> 00:20:11,990

now I'd mentioned on this row this is on

490

00:20:17,049 --> 00:20:14,540

the show once a month or so I'm gonna do

491

00:20:19,140 --> 00:20:17,059

a show that's off the topic of UFOs and

492

00:20:22,419 --> 00:20:19,150

that is the show tonight

493

00:20:25,120 --> 00:20:22,429

and because I could no longer do the

494

00:20:27,340 --> 00:20:25,130

Monday night show by the way if you are

495

00:20:28,750 --> 00:20:27,350

listening and you missed the last few

496

00:20:29,230 --> 00:20:28,760

shows the Monday night is just too much

497

00:20:32,470 --> 00:20:29,240

for me

498

00:20:35,350 --> 00:20:32,480

so anyway welcome to the show and before

499

00:20:36,790 --> 00:20:35,360

we get going here can you for the person

500

00:20:39,160 --> 00:20:36,800

that's hearing you for the first time a

501
00:20:43,660 --> 00:20:39,170
little quick nutshell background if you

502
00:20:48,030 --> 00:20:43,670
would well I've been doing research in

503
00:20:52,090 --> 00:20:48,040
UFO research for I don't know 30 years

504
00:20:55,120 --> 00:20:52,100
20 30 years 30 20 years 20 years close I

505
00:20:57,640 --> 00:20:55,130
would say with MUFON but I was I was

506
00:20:59,380 --> 00:20:57,650
doing research beforehand I'm a

507
00:21:02,020 --> 00:20:59,390
consultant for Hollywood any sort of

508
00:21:04,090 --> 00:21:02,030
interested parties looking to do some

509
00:21:07,690 --> 00:21:04,100
programs give me a call if you're

510
00:21:11,440 --> 00:21:07,700
interested and the other thing is I've

511
00:21:14,680 --> 00:21:11,450
done very interesting cases I was lucky

512
00:21:19,360 --> 00:21:14,690
enough to work with the O'Hair case back

513
00:21:22,110 --> 00:21:19,370

in 2006 and that was a landmark case as

514

00:21:25,600 --> 00:21:22,120

far as aviation we had so many witnesses

515

00:21:28,180 --> 00:21:25,610

the other one that really doesn't hasn't

516

00:21:29,950 --> 00:21:28,190

received that much publicity but

517

00:21:32,350 --> 00:21:29,960

hopefully at some point it will

518

00:21:34,180 --> 00:21:32,360

is the Tinley Park case which was a mass

519

00:21:37,149 --> 00:21:34,190

sighting I've worked on a few other

520

00:21:40,750 --> 00:21:37,159

cases that were very good too

521

00:21:43,930 --> 00:21:40,760

they were rockford mass sighting case is

522

00:21:46,990 --> 00:21:43,940

one that's probably little heard of at

523

00:21:49,330 --> 00:21:47,000

all and then I've worked on a few other

524

00:21:54,430 --> 00:21:49,340

interesting cases Frederick's Wisconsin

525

00:21:57,669 --> 00:21:54,440

case long ongoing third C III type

526

00:21:59,590 --> 00:21:57,679

encounters and unusual phenomenon and

527

00:22:03,240 --> 00:21:59,600

unusual phenomena is how I really got

528

00:22:05,139 --> 00:22:03,250

into this parapsychology paranormal

529

00:22:08,350 --> 00:22:05,149

preternatural whatever you want to call

530

00:22:10,899 --> 00:22:08,360

this crazy stuff and even cryptids I

531

00:22:12,970 --> 00:22:10,909

have an interest in all this but I

532

00:22:15,490 --> 00:22:12,980

haven't really gotten into working with

533

00:22:19,630 --> 00:22:15,500

with the cryptid aspect of all this

534

00:22:23,169 --> 00:22:19,640

strangeness until recently yeah yep and

535

00:22:26,190 --> 00:22:23,179

so were you actually contacted now wait

536

00:22:29,649 --> 00:22:26,200

a minute let's talk a little bit about

537

00:22:31,029 --> 00:22:29,659

Chicago first because there is a little

538

00:22:36,039 --> 00:22:31,039

bit of confusion but wasn't there a

539

00:22:38,190 --> 00:22:36,049

sighting first in 2011 yes 2011 is

540

00:22:40,299 --> 00:22:38,200

really the what I call the impetus and

541

00:22:43,149 --> 00:22:40,309

that's where it all began

542

00:22:46,149 --> 00:22:43,159

that's where it has its rut as far as

543

00:22:47,830 --> 00:22:46,159

having some sort of where people really

544

00:22:51,820 --> 00:22:47,840

jumped on board that there must be

545

00:22:54,600 --> 00:22:51,830

something there and the first item that

546

00:22:57,549 --> 00:22:54,610

showed up in fact lawn Strickler has

547

00:23:00,850 --> 00:22:57,559

monsters phantoms and month ours

548

00:23:03,639 --> 00:23:00,860

monsters it's a sight and he's been very

549

00:23:06,639 --> 00:23:03,649

good at posting the raw data up there

550

00:23:11,560 --> 00:23:06,649

and same thing with manual neverett and

551

00:23:13,440 --> 00:23:11,570

he has a site called a UFO Clearing

552

00:23:16,419 --> 00:23:13,450

House and they put up the raw data to

553

00:23:20,680 --> 00:23:16,429

MUFON receives the data put some stuff

554

00:23:23,769 --> 00:23:20,690

up you know and back in 2011 we had this

555

00:23:26,980 --> 00:23:23,779

photo come in and this photo by the way

556

00:23:29,440 --> 00:23:26,990

was was not of something the individual

557

00:23:31,419 --> 00:23:29,450

seen what had happened he was going down

558

00:23:34,600 --> 00:23:31,429

63rd and I think you know the area

559

00:23:37,500 --> 00:23:34,610

possibly 63rd and Pulaski in Chicago on

560

00:23:41,230 --> 00:23:37,510

the south side and there's this large

561

00:23:43,750 --> 00:23:41,240

Native American Indian statue up there

562

00:23:45,430 --> 00:23:43,760

and it and it isn't some sort of

563

00:23:48,130 --> 00:23:45,440

tribute to anything it was a tobacco

564

00:23:49,690 --> 00:23:48,140

shop years ago in fact I knew guys in

565

00:23:51,880 --> 00:23:49,700

the neighborhood days to shoot arrows in

566

00:23:54,700 --> 00:23:51,890

the back of the darn thing and they have

567

00:23:56,950 --> 00:23:54,710

too many bears and they got crazy but

568

00:23:59,440 --> 00:23:56,960

this this thing was up there and it has

569

00:24:02,290 --> 00:23:59,450

its left thumb this position in such a

570

00:24:05,140 --> 00:24:02,300

way and this whole scenario is so

571

00:24:07,270 --> 00:24:05,150

apropos because it has to do it

572

00:24:09,940 --> 00:24:07,280

perspective in the right place and

573

00:24:12,760 --> 00:24:09,950

seeing the wrong thing so imagine a

574

00:24:15,010 --> 00:24:12,770

thumb position in the midriff and it's

575

00:24:16,900 --> 00:24:15,020

it's at the right angle it could appear

576

00:24:19,180 --> 00:24:16,910

at something other as something other

577

00:24:21,250 --> 00:24:19,190

than a thumb and this is what the

578

00:24:23,230 --> 00:24:21,260

gentleman recalled seeing and he wanted

579

00:24:27,040 --> 00:24:23,240

to take a picture of it he gets out of

580

00:24:29,110 --> 00:24:27,050

his car he takes a picture of it and law

581

00:24:31,330 --> 00:24:29,120

you know here he gets home and lo and

582

00:24:34,660 --> 00:24:31,340

behold what's in this picture something

583

00:24:38,950 --> 00:24:34,670

truly unusual well he submitted it as

584

00:24:40,960 --> 00:24:38,960

being a UFO and he sent it to MUFON so I

585

00:24:43,150 --> 00:24:40,970

have the raw data you know the metadata

586

00:24:45,400 --> 00:24:43,160

and I've done the enhancements but

587

00:24:47,230 --> 00:24:45,410

initially right off the bat I thought it

588

00:24:50,260 --> 00:24:47,240

well it's just some sort of bat or

589

00:24:53,260 --> 00:24:50,270

something maybe even a butterfly I

590

00:24:54,910 --> 00:24:53,270

didn't think it was anything unusual but

591

00:24:58,120 --> 00:24:54,920

all of a sudden it took on its own life

592

00:25:01,660 --> 00:24:58,130

as being some sort of cryptid you know

593

00:25:03,430 --> 00:25:01,670

incarnate in this photo and as you may

594

00:25:06,270 --> 00:25:03,440

recall there were two other sightings

595

00:25:09,520 --> 00:25:06,280

soon thereafter they made that report

596

00:25:12,070 --> 00:25:09,530

October the 13th and I believe was on

597

00:25:17,290 --> 00:25:12,080

that same day UFO Clearing House

598

00:25:22,150 --> 00:25:17,300

received a report from two girls who had

599

00:25:25,060 --> 00:25:22,160

seen these eyeballs in the in there in

600

00:25:28,420 --> 00:25:25,070

the window of their dorm room or

601
00:25:31,240 --> 00:25:28,430
apartment and gotten all shook up about

602
00:25:33,460 --> 00:25:31,250
it so that came in and reinforced this

603
00:25:35,590 --> 00:25:33,470
photo but I think I sent you some

604
00:25:37,150 --> 00:25:35,600
information on the photo didn't ya yeah

605
00:25:39,820 --> 00:25:37,160
and I'm gonna put that photo up on

606
00:25:44,340 --> 00:25:39,830
YouTube so the person can just hang in

607
00:25:50,800 --> 00:25:44,350
there and that'll come right up but

608
00:25:55,090 --> 00:25:50,810
let's talk about how the sightings began

609
00:25:57,550 --> 00:25:55,100
all the way back in of people basically

610
00:26:02,380 --> 00:25:57,560
saying the same thing that

611
00:26:05,350 --> 00:26:02,390
we're seeing in Point Pleasant yes what

612
00:26:07,900 --> 00:26:05,360
happens is you know we had this 250 year

613
00:26:11,020 --> 00:26:07,910

anniversary going on so of course

614

00:26:11,680 --> 00:26:11,030

there's tons of information all over the

615

00:26:14,530 --> 00:26:11,690

Internet

616

00:26:17,170 --> 00:26:14,540

the massive party they had out as big

617

00:26:19,560 --> 00:26:17,180

festival 50 year anniversary so it's in

618

00:26:23,260 --> 00:26:19,570

the mindset of so many people

619

00:26:26,790 --> 00:26:23,270

automatically to reinforce that even

620

00:26:31,750 --> 00:26:26,800

more so there was a new documentary out

621

00:26:35,140 --> 00:26:31,760

by small town monsters and they started

622

00:26:37,480 --> 00:26:35,150

a Kickstarter I think was back in

623

00:26:39,670 --> 00:26:37,490

January and it filled up very well they

624

00:26:42,280 --> 00:26:39,680

have enough money to go about doing

625

00:26:45,430 --> 00:26:42,290

their documentary they did it and was

626
00:26:46,240 --> 00:26:45,440
released I believe in June and done very

627
00:26:49,630 --> 00:26:46,250
well

628
00:26:52,720 --> 00:26:49,640
all in time for the for this big

629
00:26:55,720 --> 00:26:52,730
ceremony the 50-year anniversary but it

630
00:26:58,390 --> 00:26:55,730
also I think with all this news and it

631
00:27:00,520 --> 00:26:58,400
being so prominent on the internet and

632
00:27:03,640 --> 00:27:00,530
this is the problem today what we're

633
00:27:06,100 --> 00:27:03,650
seeing is very unusual activity of

634
00:27:09,310 --> 00:27:06,110
people being you know it's either some

635
00:27:12,280 --> 00:27:09,320
type of trolling exercise that we're

636
00:27:14,920 --> 00:27:12,290
getting so many reports because as you

637
00:27:17,530 --> 00:27:14,930
will soon discover and you may have been

638
00:27:19,660 --> 00:27:17,540

reading these reports they're all

639

00:27:22,180 --> 00:27:19,670

there's many of them they're just being

640

00:27:24,280 --> 00:27:22,190

submitted fictitious it's hard to tell

641

00:27:28,300 --> 00:27:24,290

when you have something genuine or just

642

00:27:31,240 --> 00:27:28,310

a creative narrative and this and this I

643

00:27:34,480 --> 00:27:31,250

think maybe our first scenario of what

644

00:27:36,820 --> 00:27:34,490

may in the end turn out to be a cyber

645

00:27:39,400 --> 00:27:36,830

flap now if there's anything else

646

00:27:43,440 --> 00:27:39,410

genuine in there this is taken as

647

00:27:46,270 --> 00:27:43,450

erroneous off seeing so much craziness

648

00:27:48,580 --> 00:27:46,280

that you know if there is something

649

00:27:51,000 --> 00:27:48,590

genuine it's just making it that much

650

00:27:53,470 --> 00:27:51,010

harder for us researchers to find

651
00:27:56,710 --> 00:27:53,480
something genuine and that's what we

652
00:28:00,070 --> 00:27:56,720
really want to get anyways what some of

653
00:28:02,740 --> 00:28:00,080
the reports you know we're saying how

654
00:28:06,460 --> 00:28:02,750
this thing just seemed to like leap up

655
00:28:08,920 --> 00:28:06,470
without even flapping its wings yes yeah

656
00:28:10,190 --> 00:28:08,930
that is in that and then well also what

657
00:28:12,649 --> 00:28:10,200
they said in Virginia

658
00:28:14,539 --> 00:28:12,659
yes I mean the correlations are there

659
00:28:16,430 --> 00:28:14,549
but Charles II have your your narrative

660
00:28:19,430 --> 00:28:16,440
lay it out you have it your script in

661
00:28:21,259 --> 00:28:19,440
place when you all we already have your

662
00:28:23,960 --> 00:28:21,269
script in place all you do is read it

663
00:28:25,609 --> 00:28:23,970

and reincorporate it in fact what

664

00:28:27,769 --> 00:28:25,619

happens in these reports when you read

665

00:28:30,649 --> 00:28:27,779

the reports they're hitting all those

666

00:28:32,599 --> 00:28:30,659

little buttons each and every one of

667

00:28:34,999 --> 00:28:32,609

them and they're placing them at the

668

00:28:38,450 --> 00:28:35,009

right point to hit you emotionally with

669

00:28:41,749 --> 00:28:38,460

that those little nuances that hit it

670

00:28:44,720 --> 00:28:41,759

you know bam bam yes it leaped in the

671

00:28:46,460 --> 00:28:44,730

air it did this it had the red eyes but

672

00:28:49,820 --> 00:28:46,470

the problem is and the reports that we

673

00:28:54,889 --> 00:28:49,830

received you know our very first report

674

00:28:58,909 --> 00:28:54,899

in 2000 in 2017 you know is pills the

675

00:29:02,149 --> 00:28:58,919

Pilsner just a Pilsen district and here

676
00:29:05,450 --> 00:29:02,159
these guys are out at this huge this is

677
00:29:08,239 --> 00:29:05,460
a very big international vegetable

678
00:29:10,279 --> 00:29:08,249
market and it's a big location security

679
00:29:12,529 --> 00:29:10,289
guards it's very it's a very beautiful

680
00:29:14,690 --> 00:29:12,539
location it's not some sleazy joint and

681
00:29:17,419 --> 00:29:14,700
here they're seeing they're saying

682
00:29:20,060 --> 00:29:17,429
they're seeing this this six foot tall

683
00:29:23,539 --> 00:29:20,070
plus thing up there that looks like a

684
00:29:25,399 --> 00:29:23,549
massive owl and they're out there and

685
00:29:27,739 --> 00:29:25,409
they're throwing rocks at it and it and

686
00:29:29,570 --> 00:29:27,749
it scares them it takes off but here the

687
00:29:31,729 --> 00:29:29,580
funny thing is it was raining out you

688
00:29:35,029 --> 00:29:31,739

don't have that in the report the other

689

00:29:37,369 --> 00:29:35,039

thing is another gentleman went there to

690

00:29:39,049 --> 00:29:37,379

investigate it and he says when he

691

00:29:40,970 --> 00:29:39,059

talked to the security guard he had no

692

00:29:42,830 --> 00:29:40,980

idea what he's even talking about there

693

00:29:44,690 --> 00:29:42,840

were people out there at the same time

694

00:29:46,389 --> 00:29:44,700

you got there two o'clock in the morning

695

00:29:48,619 --> 00:29:46,399

when this event supposedly took place

696

00:29:49,190 --> 00:29:48,629

and they says we don't know what you're

697

00:29:51,769 --> 00:29:49,200

talking about

698

00:29:54,830 --> 00:29:51,779

nobody heard about this again another

699

00:29:58,099 --> 00:29:54,840

person Ellison

700

00:30:00,619 --> 00:29:58,109

George Orlan went out there and actually

701
00:30:03,139 --> 00:30:00,629
has a she went to each and every one of

702
00:30:06,649 --> 00:30:03,149
these locations as in the footsteps of

703
00:30:08,269 --> 00:30:06,659
the witnesses and so you could see the

704
00:30:12,080 --> 00:30:08,279
area

705
00:30:14,930 --> 00:30:12,090
it just seemed extremely odd that nobody

706
00:30:17,779 --> 00:30:14,940
else knew what was going on and that was

707
00:30:20,599 --> 00:30:17,789
the first one now the second one was at

708
00:30:23,119 --> 00:30:20,609
humble Park elbow by the way that was

709
00:30:23,970 --> 00:30:23,129
the 16th they have it wrong on the

710
00:30:26,130 --> 00:30:23,980
internet it's

711
00:30:28,560 --> 00:30:26,140
sixteenth which was Easter Sunday two

712
00:30:31,799 --> 00:30:28,570
o'clock in the morning ten o'clock that

713
00:30:35,340 --> 00:30:31,809

night gentleman's outside with his kids

714

00:30:37,950 --> 00:30:35,350

some some friends of his the if you read

715

00:30:40,799 --> 00:30:37,960

the report you can see it sounds very

716

00:30:43,500 --> 00:30:40,809

disingenuous but they're saying that

717

00:30:48,419 --> 00:30:43,510

they see this large owl Allah Jews on

718

00:30:51,299 --> 00:30:48,429

okay which turns could be a a which type

719

00:30:53,640 --> 00:30:51,309

thing an old woman and it turns into an

720

00:30:56,880 --> 00:30:53,650

owl and again this thing shoots up in

721

00:30:58,919 --> 00:30:56,890

the air and then the third one we get

722

00:31:02,669 --> 00:30:58,929

which comes and I think I'm a twentieth

723

00:31:05,490 --> 00:31:02,679

or 24th and that was supposedly taking

724

00:31:09,919 --> 00:31:05,500

place in the fifteenth there's a woman

725

00:31:12,659 --> 00:31:09,929

who's on a boat off of Montrose Harbor

726

00:31:16,140 --> 00:31:12,669

she's out there with her husband mind

727

00:31:18,750 --> 00:31:16,150

you and the strange thing about it is

728

00:31:21,450 --> 00:31:18,760

they're out there and it's the 15th of

729

00:31:24,030 --> 00:31:21,460

April the water temperature is 44

730

00:31:26,190 --> 00:31:24,040

degrees though it was warm that day and

731

00:31:28,770 --> 00:31:26,200

this is what it says we're out there on

732

00:31:29,580 --> 00:31:28,780

a boat two miles out at ten o'clock at

733

00:31:32,100 --> 00:31:29,590

night

734

00:31:34,890 --> 00:31:32,110

there were three to five plus seven inch

735

00:31:39,539 --> 00:31:34,900

seven foot waves we had a small craft

736

00:31:43,200 --> 00:31:39,549

warning 34 mile hour gale winds going on

737

00:31:46,289 --> 00:31:43,210

and off they said they see these these

738

00:31:46,890 --> 00:31:46,299

large bat type things flying around the

739

00:31:48,780 --> 00:31:46,900

boat

740

00:31:51,750 --> 00:31:48,790

well you I know you've done enough

741

00:31:54,210 --> 00:31:51,760

boating when you're on a boat at night

742

00:31:56,850 --> 00:31:54,220

you're out there partying supposedly and

743

00:31:58,740 --> 00:31:56,860

you have this rough water you're going

744

00:32:00,960 --> 00:31:58,750

to have your cabin lights on how good is

745

00:32:02,539 --> 00:32:00,970

your vision gonna be beyond looking into

746

00:32:05,510 --> 00:32:02,549

the dark it's gonna be very difficult

747

00:32:08,850 --> 00:32:05,520

now if by chance you have a bunch of

748

00:32:12,600 --> 00:32:08,860

opportunistic seagulls out there which

749

00:32:13,890 --> 00:32:12,610

could go out to miles they look big and

750

00:32:15,780 --> 00:32:13,900

they could scare the heck out of you

751
00:32:17,669 --> 00:32:15,790
because it's shadowing if they're

752
00:32:21,060 --> 00:32:17,679
sheriff yes who the shadow looks bigger

753
00:32:21,270 --> 00:32:21,070
yeah and and that would scare it scare

754
00:32:24,890 --> 00:32:21,280
you

755
00:32:28,260 --> 00:32:24,900
then she states of swimming it's a she

756
00:32:31,530 --> 00:32:28,270
that that they were able to see the

757
00:32:35,220 --> 00:32:31,540
reflection the moonlight in the eyes of

758
00:32:37,800 --> 00:32:35,230
the birds or the bats he's massive bats

759
00:32:40,050 --> 00:32:37,810
which were bigger than her husband

760
00:32:41,460 --> 00:32:40,060
obviously he was in the sky so they got

761
00:32:43,250 --> 00:32:41,470
across comparison you know if

762
00:32:46,080 --> 00:32:43,260
six-foot-something

763
00:32:48,630 --> 00:32:46,090

this this is what gets me the moon

764

00:32:57,570 --> 00:32:48,640

wasn't up till an hour and 43 minutes

765

00:33:01,530 --> 00:32:57,580

after that time to these reports they

766

00:33:03,540 --> 00:33:01,540

get that way so Sam are you uh we had a

767

00:33:06,540 --> 00:33:03,550

little Skype issue just a second ago are

768

00:33:10,260 --> 00:33:06,550

you basically getting at that you think

769

00:33:13,470 --> 00:33:10,270

this is all a hoax is this what's not at

770

00:33:16,290 --> 00:33:13,480

all okay no so let's talk about the ones

771

00:33:20,280 --> 00:33:16,300

that aren't right now the ones that seem

772

00:33:22,230 --> 00:33:20,290

more credible the one that I spoke one

773

00:33:25,170 --> 00:33:22,240

individual that I spoke to and I didn't

774

00:33:27,960 --> 00:33:25,180

speak to too many people other other

775

00:33:32,520 --> 00:33:27,970

investigators apparently did or claimed

776

00:33:34,290 --> 00:33:32,530

they did as many as 20 I spoke to one

777

00:33:40,380 --> 00:33:34,300

individual came forward and actually

778

00:33:42,870 --> 00:33:40,390

went on the radio he was sitting at that

779

00:33:45,420 --> 00:33:42,880

time it was he was a truck driver and he

780

00:33:47,870 --> 00:33:45,430

was picking up an order of order order

781

00:33:52,290 --> 00:33:47,880

to move from a location and it was on

782

00:33:54,480 --> 00:33:52,300

near Cicero and 290 and he's backing up

783

00:33:58,620 --> 00:33:54,490

he's sitting there and he sees what

784

00:34:01,560 --> 00:33:58,630

appears to be a an object that was black

785

00:34:04,440 --> 00:34:01,570

and it was like an elongated football

786

00:34:05,850 --> 00:34:04,450

with he only seen one wing he was being

787

00:34:07,890 --> 00:34:05,860

very honest he didn't see the other wing

788

00:34:12,870 --> 00:34:07,900

and assumed there was another one and

789

00:34:15,660 --> 00:34:12,880

that had a reverse scalloped edge and as

790

00:34:19,170 --> 00:34:15,670

he sees that moving along and it's

791

00:34:22,020 --> 00:34:19,180

moving by the way into the wind so it's

792

00:34:25,320 --> 00:34:22,030

not servant to the wind and it's going

793

00:34:27,060 --> 00:34:25,330

up into the clouds so this thing's

794

00:34:28,830 --> 00:34:27,070

moving along or else it's tethered to

795

00:34:30,570 --> 00:34:28,840

something he can't see it and this

796

00:34:33,210 --> 00:34:30,580

thing's moving along and it's going up

797

00:34:35,940 --> 00:34:33,220

well it startled him so bad he called up

798

00:34:38,730 --> 00:34:35,950

his wife his brother and he was really

799

00:34:42,770 --> 00:34:38,740

shaken up by it and he says it did

800

00:34:45,300 --> 00:34:42,780

remind him of the photograph back in

801
00:34:49,190 --> 00:34:45,310
2011 and you couldn't believe how many

802
00:34:51,510 --> 00:34:49,200
people revert back to that photograph in

803
00:34:53,610 --> 00:34:51,520
2011 again

804
00:34:55,409 --> 00:34:53,620
because you know it was on the Internet

805
00:34:58,230 --> 00:34:55,419
they said it was the swing thing and

806
00:35:01,370 --> 00:34:58,240
they refer to it so of course this is an

807
00:35:04,920 --> 00:35:01,380
in the mindset of so many people and

808
00:35:07,350 --> 00:35:04,930
this is what he's seen he says it looked

809
00:35:10,770 --> 00:35:07,360
like the Batmobile very much like that

810
00:35:13,290 --> 00:35:10,780
item that fit that picture from 63rd and

811
00:35:17,670 --> 00:35:13,300
Pulaski right and I just pulled that up

812
00:35:20,070 --> 00:35:17,680
again so what are the skeptics saying

813
00:35:21,870 --> 00:35:20,080

about that particular image do they

814

00:35:23,460 --> 00:35:21,880

think it looks like one of those flight

815

00:35:25,170 --> 00:35:23,470

suits or are they saying things like

816

00:35:26,940 --> 00:35:25,180

that or are they saying it could be a

817

00:35:29,100 --> 00:35:26,950

kite or what what are you here

818

00:35:30,720 --> 00:35:29,110

well I'm neither a skeptic I'm an

819

00:35:32,160 --> 00:35:30,730

investigative researcher so I don't

820

00:35:34,460 --> 00:35:32,170

really give a hoot what it is I just

821

00:35:36,660 --> 00:35:34,470

want to know what it is and in

822

00:35:38,910 --> 00:35:36,670

evaluating that image and I don't think

823

00:35:41,460 --> 00:35:38,920

anybody's even come close to the amount

824

00:35:43,890 --> 00:35:41,470

of time that I've spent on it analyzing

825

00:35:47,610 --> 00:35:43,900

it right off the bat I I thought it was

826

00:35:50,430 --> 00:35:47,620

either a a bat which it's not or some

827

00:35:52,590 --> 00:35:50,440

sort of insect which it's not and a few

828

00:35:54,150 --> 00:35:52,600

people it right off the get-go from the

829

00:35:56,610 --> 00:35:54,160

get-go said you know it looks like one

830

00:36:01,650 --> 00:35:56,620

of those bat kites and sure enough that

831

00:36:06,690 --> 00:36:01,660

is what it is it is a bat kite known as

832

00:36:10,140 --> 00:36:06,700

the Fox bag and it's about 48 inches

833

00:36:12,750 --> 00:36:10,150

long or wide excuse me and the

834

00:36:14,790 --> 00:36:12,760

manufacturer is gala and they put them

835

00:36:18,480 --> 00:36:14,800

out back I think I stopped making them

836

00:36:20,310 --> 00:36:18,490

late 80s maybe 86 87 and they're

837

00:36:22,500 --> 00:36:20,320

collectible people they're made out of

838

00:36:25,140 --> 00:36:22,510

plastic not that like paper when we were

839

00:36:28,410 --> 00:36:25,150

kids these are plastic and they're

840

00:36:31,560 --> 00:36:28,420

pretty durable and in fact I found a

841

00:36:33,120 --> 00:36:31,570

video this year of somebody flying two

842

00:36:36,030 --> 00:36:33,130

different types of these Old Gaelic

843

00:36:39,210 --> 00:36:36,040

kites and they're out there they use

844

00:36:42,780 --> 00:36:39,220

them they fly them so that's what it is

845

00:36:45,600 --> 00:36:42,790

it is a gala kite and it's pretty cool

846

00:36:48,390 --> 00:36:45,610

I'm just laughing because so many people

847

00:36:51,840 --> 00:36:48,400

were you know posting this and I also

848

00:36:54,810 --> 00:36:51,850

put it up on the YouTube like Mothman

849

00:36:59,400 --> 00:36:54,820

with the question mark so I'm glad I put

850

00:37:02,790 --> 00:36:59,410

the question mark there and so there are

851
00:37:04,950 --> 00:37:02,800
no real pictures though nobody I am I

852
00:37:06,720 --> 00:37:04,960
listened to an interview of someone

853
00:37:09,660 --> 00:37:06,730
not an interview but a transcript of an

854
00:37:11,400 --> 00:37:09,670
interview I guess it was and she said

855
00:37:13,859 --> 00:37:11,410
that you know taking a picture never

856
00:37:16,320 --> 00:37:13,869
even crossed her mind when she had an

857
00:37:18,390 --> 00:37:16,330
encounter this was not in Chicago this

858
00:37:22,680 --> 00:37:18,400
is one of the ones that were in you know

859
00:37:24,060 --> 00:37:22,690
West Virginia oh yeah I mean first of

860
00:37:26,700 --> 00:37:24,070
all I'm guilty too

861
00:37:28,829 --> 00:37:26,710
I've had UFO sightings and I had you

862
00:37:31,470 --> 00:37:28,839
know the opportunity to take a photo but

863
00:37:35,190 --> 00:37:31,480

you're staring and you don't even want

864

00:37:36,750 --> 00:37:35,200

to blink right but that does happen in

865

00:37:41,280 --> 00:37:36,760

this instance we do have another

866

00:37:44,849 --> 00:37:41,290

photograph that is claimed to be a one

867

00:37:48,089 --> 00:37:44,859

of these Mothman photos and it was from

868

00:37:50,430 --> 00:37:48,099

Melrose Park and that was August the 4th

869

00:37:51,660 --> 00:37:50,440

and the funny thing is I told Julie we

870

00:37:53,430 --> 00:37:51,670

are now going to give you getting

871

00:37:57,630 --> 00:37:53,440

another photo and she goes why is that

872

00:38:00,690 --> 00:37:57,640

because there was talk on the social

873

00:38:04,280 --> 00:38:00,700

media that what's going to happen when a

874

00:38:06,930 --> 00:38:04,290

photo shows up and some unscrupulous

875

00:38:09,150 --> 00:38:06,940

researcher or group gets their hand on

876

00:38:10,710 --> 00:38:09,160

it are they going to try to make money

877

00:38:12,780 --> 00:38:10,720

off of it or what are they going to do

878

00:38:15,359 --> 00:38:12,790

and I go it's going to happen we're

879

00:38:18,420 --> 00:38:15,369

gonna get it sure enough August the 4th

880

00:38:21,660 --> 00:38:18,430

there's a photograph that comes in with

881

00:38:23,190 --> 00:38:21,670

a narrative and a report to move fun but

882

00:38:26,640 --> 00:38:23,200

this time it didn't just come in to

883

00:38:28,829 --> 00:38:26,650

MUFON it went to two different groups it

884

00:38:33,030 --> 00:38:28,839

went to UFO Clearing House and it went

885

00:38:36,300 --> 00:38:33,040

to move fun now right after that was I

886

00:38:39,240 --> 00:38:36,310

believe the very next day another report

887

00:38:41,760 --> 00:38:39,250

comes in stating that an individual only

888

00:38:44,550 --> 00:38:41,770

about a mile or so away from where this

889

00:38:48,109 --> 00:38:44,560

this sighting and photograph took place

890

00:38:51,780 --> 00:38:48,119

a soccer mom and her three daughters

891

00:38:55,589 --> 00:38:51,790

seen this bat this massive bat-like

892

00:38:59,060 --> 00:38:55,599

creature this human type creature flying

893

00:39:03,900 --> 00:38:59,070

over their heads and startled them and

894

00:39:06,300 --> 00:39:03,910

the funny thing is both those reports in

895

00:39:09,660 --> 00:39:06,310

mind you of all the reports that were

896

00:39:11,460 --> 00:39:09,670

received none of them had contact

897

00:39:13,740 --> 00:39:11,470

information except for one

898

00:39:15,430 --> 00:39:13,750

everything was fictitious contact

899

00:39:18,279 --> 00:39:15,440

information

900

00:39:20,260 --> 00:39:18,289

we have never ever had a series of

901
00:39:23,710 --> 00:39:20,270
anything that could be resembling a flap

902
00:39:27,609 --> 00:39:23,720
or any sort of continuity as far as

903
00:39:29,920 --> 00:39:27,619
whatever subject matter never ever have

904
00:39:31,990 --> 00:39:29,930
we had something like that now of course

905
00:39:33,010 --> 00:39:32,000
they requested to remain anonymous and

906
00:39:37,720 --> 00:39:33,020
anonymity

907
00:39:40,690 --> 00:39:37,730
honest-to-goodness witness after you

908
00:39:42,640 --> 00:39:40,700
what know that they are a witness em

909
00:39:45,400 --> 00:39:42,650
they are who they are you can't give it

910
00:39:47,589 --> 00:39:45,410
to a word we have a bunch of names there

911
00:39:51,220 --> 00:39:47,599
we they don't match up to anything by

912
00:39:54,819 --> 00:39:51,230
the way so here we have fictitious data

913
00:39:59,140 --> 00:39:54,829

we have no contact information and we

914

00:40:01,120 --> 00:39:59,150

have a suspect narrative I had asked

915

00:40:03,670 --> 00:40:01,130

right away in the first three that we

916

00:40:06,849 --> 00:40:03,680

look at the IP addresses to see where

917

00:40:09,819 --> 00:40:06,859

they're coming in and on the first three

918

00:40:14,559 --> 00:40:09,829

two of them came from the same source

919

00:40:17,170 --> 00:40:14,569

the very first one at the Pilsner Pilsen

920

00:40:21,309 --> 00:40:17,180

district and then the lady on the boat

921

00:40:25,480 --> 00:40:21,319

came from the same ip address on the

922

00:40:28,809 --> 00:40:25,490

last four it just so happened three of

923

00:40:31,630 --> 00:40:28,819

them came from the same ip address so we

924

00:40:35,680 --> 00:40:31,640

have suspect five of them one being

925

00:40:38,490 --> 00:40:35,690

disingenuous the other one was a guy

926

00:40:41,410 --> 00:40:38,500

that seen a flash a light a large

927

00:40:43,120 --> 00:40:41,420

explosion outside and therefore it had

928

00:40:46,150 --> 00:40:43,130

to be Mothman he was just being

929

00:40:47,680 --> 00:40:46,160

facetious and so that wasn't even put

930

00:40:52,000 --> 00:40:47,690

into the equation they pulled that out

931

00:40:55,120 --> 00:40:52,010

of the there's actually a map that lawn

932

00:40:57,720 --> 00:40:55,130

Strickler put up on Google of I think

933

00:41:00,670 --> 00:40:57,730

it's now 55 he pulled some of them out

934

00:41:02,650 --> 00:41:00,680

so here we are we have these things

935

00:41:05,200 --> 00:41:02,660

these reports coming in these

936

00:41:07,029 --> 00:41:05,210

interesting narratives and they are some

937

00:41:09,220 --> 00:41:07,039

it's like some creative writing class

938

00:41:12,460 --> 00:41:09,230

and then they're coming from the same

939

00:41:16,380 --> 00:41:12,470

you know same ip addresses and in that

940

00:41:18,279 --> 00:41:16,390

isn't suspect come on right now also

941

00:41:20,799 --> 00:41:18,289

these are I know there was some

942

00:41:22,480 --> 00:41:20,809

speculation out there that this is right

943

00:41:25,359 --> 00:41:22,490

or has been happening right near a

944

00:41:28,630 --> 00:41:25,369

second city and there's some speculation

945

00:41:29,430 --> 00:41:28,640

that it's someone either involved in

946

00:41:32,000 --> 00:41:29,440

that that's

947

00:41:36,230 --> 00:41:32,010

- you know do something really creative

948

00:41:39,000 --> 00:41:36,240

have you heard anything like that I

949

00:41:41,460 --> 00:41:39,010

don't know the folks at second city I

950

00:41:44,339 --> 00:41:41,470

know some of the other people at

951
00:41:46,650 --> 00:41:44,349
different locations as you know but I

952
00:41:49,050 --> 00:41:46,660
haven't heard anything yeah I have a I

953
00:41:51,240 --> 00:41:49,060
have a feeling it's it's actually a

954
00:41:54,530 --> 00:41:51,250
couple different things going on some

955
00:41:58,260 --> 00:41:54,540
epic antics maybe by some adolescence

956
00:42:00,480 --> 00:41:58,270
some so-called skeptic groups that want

957
00:42:02,900 --> 00:42:00,490
to do some creative writing and it may

958
00:42:04,230 --> 00:42:02,910
be a trolling and maybe a trolling

959
00:42:07,079 --> 00:42:04,240
enterprise

960
00:42:10,280 --> 00:42:07,089
by some agency to get there green you

961
00:42:13,050 --> 00:42:10,290
know they're there they're new people

962
00:42:15,540 --> 00:42:13,060
and green as they be you know out there

963
00:42:18,150 --> 00:42:15,550

to get used to doing propaganda on the

964

00:42:21,480 --> 00:42:18,160

Internet it's very effective it's

965

00:42:24,420 --> 00:42:21,490

extremely effective people just want to

966

00:42:32,940 --> 00:42:24,430

accept everything as factual without

967

00:42:36,390 --> 00:42:32,950

even looking at the bare bone MIM event

968

00:42:39,569 --> 00:42:36,400

how could we tell how can we tell today

969

00:42:40,470 --> 00:42:39,579

if you can't contact them you can't go

970

00:42:42,569 --> 00:42:40,480

out there I - I

971

00:42:45,780 --> 00:42:42,579

you can't investigate or ask questions

972

00:42:49,470 --> 00:42:45,790

and we're supposed to accept it yeah so

973

00:42:52,410 --> 00:42:49,480

it sounds to me that so all this

974

00:42:55,319 --> 00:42:52,420

publicity has been just publicity for

975

00:42:59,790 --> 00:42:55,329

nothing because I've heard about the

976

00:43:03,030 --> 00:42:59,800

Chicago Mothman now for it seems like

977

00:43:06,930 --> 00:43:03,040

all the way back since April since April

978

00:43:08,839 --> 00:43:06,940

it's been very big well I think it if

979

00:43:12,470 --> 00:43:08,849

there was anything that did happen I

980

00:43:15,559 --> 00:43:12,480

have no idea as far as which ones were

981

00:43:18,390 --> 00:43:15,569

more so genuine than others something

982

00:43:20,849 --> 00:43:18,400

unusual being seen there's been a lot of

983

00:43:25,770 --> 00:43:20,859

sightings around the you know the first

984

00:43:30,180 --> 00:43:25,780

sighting in 2005 in 2017 took place at

985

00:43:32,339 --> 00:43:30,190

oz Park and you may have read that that

986

00:43:34,859 --> 00:43:32,349

report - I hope you did I don't know if

987

00:43:37,349 --> 00:43:34,869

you did or into was an oz park where

988

00:43:39,030 --> 00:43:37,359

supposedly again supposedly because I

989

00:43:41,280 --> 00:43:39,040

didn't interview the witness and that's

990

00:43:43,370 --> 00:43:41,290

the other problem - no these witnesses

991

00:43:45,870 --> 00:43:43,380

except for one has been

992

00:43:48,150 --> 00:43:45,880

been able to come forward and to be

993

00:43:52,230 --> 00:43:48,160

cross-examined by other people than than

994

00:43:55,820 --> 00:43:52,240

Gen one or two just one or two people we

995

00:43:59,490 --> 00:43:55,830

don't usually have that happen in the

996

00:44:01,290 --> 00:43:59,500

original Mothman case multiple

997

00:44:03,720 --> 00:44:01,300

researchers were out there investigators

998

00:44:06,540 --> 00:44:03,730

even law enforcement and they were

999

00:44:09,180 --> 00:44:06,550

talking to people people talked they had

1000

00:44:12,599 --> 00:44:09,190

multiple people talking to them not just

1001
00:44:14,820 --> 00:44:12,609
a individual and that that basically had

1002
00:44:17,400 --> 00:44:14,830
their story and that was it over here

1003
00:44:19,470 --> 00:44:17,410
that isn't the case at all there's only

1004
00:44:21,620 --> 00:44:19,480
one individual it's been that's actually

1005
00:44:24,480 --> 00:44:21,630
come forward and spoke to multiple

1006
00:44:26,520 --> 00:44:24,490
investigators and researchers so that's

1007
00:44:28,440 --> 00:44:26,530
kind of strange isn't it yeah well

1008
00:44:29,820 --> 00:44:28,450
anyways back to eyes park are you

1009
00:44:34,410 --> 00:44:29,830
looking at it by any chance the eyes

1010
00:44:37,589 --> 00:44:34,420
park report I had in front of me yes

1011
00:44:40,349 --> 00:44:37,599
mm-hmm okay so this individual at around

1012
00:44:46,140 --> 00:44:40,359
7:30 at night goes walking to eyes park

1013
00:44:49,079 --> 00:44:46,150

and of L frank Baum you know wrote The

1014

00:44:53,300 --> 00:44:49,089

Wizard of Oz wrote that right in that

1015

00:44:56,460 --> 00:44:53,310

area on what Street Humboldt Street

1016

00:45:01,079 --> 00:44:56,470

unbolts Street is where he lived at okay

1017

00:45:04,650 --> 00:45:01,089

and eyes and if you looked at 2011 the

1018

00:45:07,500 --> 00:45:04,660

very last case took place at Washington

1019

00:45:10,950 --> 00:45:07,510

Park by a gentleman from Tasmania who's

1020

00:45:13,770 --> 00:45:10,960

seen this large sugar glider type thing

1021

00:45:16,320 --> 00:45:13,780

flying overhead and he was from Tasmania

1022

00:45:20,430 --> 00:45:16,330

which is of course Australia which is

1023

00:45:23,820 --> 00:45:20,440

also known as oz oz is also known for

1024

00:45:27,450 --> 00:45:23,830

fantasy and illusion it's also a code

1025

00:45:29,190 --> 00:45:27,460

name or whatever but anyways this person

1026

00:45:34,020 --> 00:45:29,200

this woman and her dog which is a Jack

1027

00:45:37,250 --> 00:45:34,030

Russell Terrier not a was a Karen Karen

1028

00:45:39,420 --> 00:45:37,260

Terrier I believe is what Toto was and

1029

00:45:43,020 --> 00:45:39,430

she's walking along the yellow brick

1030

00:45:45,300 --> 00:45:43,030

road and she's walking along and she's

1031

00:45:47,760 --> 00:45:45,310

going to this one field there I believe

1032

00:45:52,940 --> 00:45:47,770

was near the baseball area are baseball

1033

00:45:55,390 --> 00:45:52,950

diamonds and sees this large very large

1034

00:45:56,950 --> 00:45:55,400

you know winged thing

1035

00:46:00,700 --> 00:45:56,960

sitting there standing there with these

1036

00:46:02,920 --> 00:46:00,710

red eyes and it turns at first doesn't

1037

00:46:05,470 --> 00:46:02,930

see her and then it sees her the dog was

1038

00:46:07,769 --> 00:46:05,480

very afraid and as you know apparently

1039

00:46:11,559 --> 00:46:07,779

these Jack Russell Terriers are are

1040

00:46:14,109 --> 00:46:11,569

pretty bold and brazen dogs small I

1041

00:46:16,390 --> 00:46:14,119

think they're being enlisted for Special

1042

00:46:19,989 --> 00:46:16,400

Ops these days and they're very

1043

00:46:23,589 --> 00:46:19,999

intelligent you know and this dog was

1044

00:46:25,029 --> 00:46:23,599

afraid that day very afraid and so she

1045

00:46:27,309 --> 00:46:25,039

gets out there and this thing turns

1046

00:46:29,920 --> 00:46:27,319

around looks at her and he could It was

1047

00:46:32,620 --> 00:46:29,930

as if was able to see right through to

1048

00:46:34,509 --> 00:46:32,630

her soul is what it states so really

1049

00:46:36,970 --> 00:46:34,519

startled the heck out of her and this

1050

00:46:39,009 --> 00:46:36,980

thing shot straight up in the air so I

1051

00:46:40,480 --> 00:46:39,019

don't know the yellow brick road may

1052

00:46:42,339 --> 00:46:40,490

have got a little more yellow at that

1053

00:46:45,579 --> 00:46:42,349

point on the way back home I don't know

1054

00:46:48,999 --> 00:46:45,589

but this is what it sounds like and this

1055

00:46:51,789 --> 00:46:49,009

is the scenario and I see a lot of

1056

00:46:54,759 --> 00:46:51,799

overtones of unusual things that are

1057

00:46:57,819 --> 00:46:54,769

like Masonic or mystical thrown in here

1058

00:47:00,970 --> 00:46:57,829

you're back at oz Park and and then we

1059

00:47:04,630 --> 00:47:00,980

had a sighting we at at the owl lounge

1060

00:47:08,170 --> 00:47:04,640

and the owl lounge is the the symbol is

1061

00:47:09,220 --> 00:47:08,180

a pyramid with the all-seeing eye and

1062

00:47:11,019 --> 00:47:09,230

that guy seems to be pretty

1063

00:47:13,720 --> 00:47:11,029

straightforward a friend of mine

1064

00:47:15,239 --> 00:47:13,730

interviewed him and he said he's seen

1065

00:47:20,499 --> 00:47:15,249

something that looked like a pterodactyl

1066

00:47:22,839 --> 00:47:20,509

flying well I think a lot of these were

1067

00:47:24,549 --> 00:47:22,849

genuine reports of misidentifications

1068

00:47:27,220 --> 00:47:24,559

people were not lying they were

1069

00:47:30,519 --> 00:47:27,230

interpreting what they saw now was there

1070

00:47:33,400 --> 00:47:30,529

something truly unusual being seen with

1071

00:47:35,349 --> 00:47:33,410

the volume of guff that's out there it

1072

00:47:39,339 --> 00:47:35,359

makes it difficult I would like to think

1073

00:47:41,200 --> 00:47:39,349

there is I mean we know weird exists one

1074

00:47:44,529 --> 00:47:41,210

of my first books I've ever read was of

1075

00:47:46,900 --> 00:47:44,539

course the search for a living fossil so

1076

00:47:47,979 --> 00:47:46,910

cryptids do take place but it doesn't

1077

00:47:51,009 --> 00:47:47,989

mean you're gonna find one of your

1078

00:47:53,079 --> 00:47:51,019

grandmother's coalbed so you know we

1079

00:47:55,779 --> 00:47:53,089

have to be logical this is a very big

1080

00:47:59,319 --> 00:47:55,789

city with a lot of witnesses a lot of

1081

00:48:01,210 --> 00:47:59,329

cameras and none of this has come

1082

00:48:04,089 --> 00:48:01,220

forward where's the rest of the evidence

1083

00:48:06,880 --> 00:48:04,099

and there were sightings right on Lake

1084

00:48:08,260 --> 00:48:06,890

Shore Drive supposedly at 10 o'clock at

1085

00:48:19,990 --> 00:48:08,270

night where

1086

00:48:20,860 --> 00:48:20,000

is the VIP yeah Sam are you there yes

1087

00:48:22,270 --> 00:48:20,870

yeah okay

1088

00:48:24,280 --> 00:48:22,280

so we're having a little Skype issue

1089

00:48:29,620 --> 00:48:24,290

every now and then your screen freezes

1090

00:48:31,930 --> 00:48:29,630

up so yeah this is interesting is that

1091

00:48:33,940 --> 00:48:31,940

when the couple was walking home like at

1092

00:48:36,700 --> 00:48:33,950

10 o'clock at night that one in

1093

00:48:39,550 --> 00:48:36,710

particular very interesting very

1094

00:48:42,730 --> 00:48:39,560

interesting but startling and apparently

1095

00:48:45,220 --> 00:48:42,740

only the woman came forward again that

1096

00:48:47,320 --> 00:48:45,230

was something I did not receive that

1097

00:48:49,750 --> 00:48:47,330

went to phantoms and monsters blonde

1098

00:48:52,150 --> 00:48:49,760

received a call apparently talked to the

1099

00:48:55,930 --> 00:48:52,160

woman but the I think the husband and

1100

00:48:58,120 --> 00:48:55,940

talked was just the the wife another

1101

00:49:01,390 --> 00:48:58,130

call that he did receive one of these

1102

00:49:04,510 --> 00:49:01,400

unusual ones was in Bolingbrook now I've

1103

00:49:08,470 --> 00:49:04,520

investigated that location it's a park

1104

00:49:12,540 --> 00:49:08,480

in and uh Indian Boundary Park and it's

1105

00:49:17,070 --> 00:49:12,550

adjacent to a a very long stretch of

1106

00:49:20,410 --> 00:49:17,080

open area along the DuPage River and

1107

00:49:23,380 --> 00:49:20,420

this park supposedly this individual at

1108

00:49:25,180 --> 00:49:23,390

at late at night ten o'clock or so

1109

00:49:27,370 --> 00:49:25,190

starts walking through the park and it's

1110

00:49:29,860 --> 00:49:27,380

closed by the way the park is closed at

1111

00:49:32,380 --> 00:49:29,870

it does and they give tickets and

1112

00:49:34,990 --> 00:49:32,390

they're very serious about that though I

1113

00:49:37,870 --> 00:49:35,000

guess some people wander out there and I

1114

00:49:39,940 --> 00:49:37,880

find it unusual because the mosquitoes

1115

00:49:43,030 --> 00:49:39,950

and we have West Nile out here is you

1116

00:49:45,480 --> 00:49:43,040

know we have issues with that she's out

1117

00:49:49,650 --> 00:49:45,490

there and wandering around in the dark

1118

00:49:53,410 --> 00:49:49,660

and sees this figure that she thinks is

1119

00:49:54,760 --> 00:49:53,420

- a couple kissing and then she takes

1120

00:49:57,940 --> 00:49:54,770

out her camera and she was going to take

1121

00:50:00,010 --> 00:49:57,950

a picture of them now first of all I I

1122

00:50:02,860 --> 00:50:00,020

have two problems with the judgment of

1123

00:50:05,200 --> 00:50:02,870

this person taking a picture of some

1124

00:50:07,330 --> 00:50:05,210

strangers or maybe having some interlude

1125

00:50:09,520 --> 00:50:07,340

that you may not want to interrupt cuz

1126
00:50:12,010 --> 00:50:09,530
you don't know what's going on you may

1127
00:50:13,570 --> 00:50:12,020
get your head bashed in so and then the

1128
00:50:15,270 --> 00:50:13,580
other thing is you're you're being

1129
00:50:18,400 --> 00:50:15,280
you're being eaten alive by mosquitoes

1130
00:50:20,470 --> 00:50:18,410
and you're gonna in either way if a

1131
00:50:21,040 --> 00:50:20,480
police officer comes by you're gonna get

1132
00:50:22,500 --> 00:50:21,050
a ticket

1133
00:50:26,730 --> 00:50:22,510
I'm quite

1134
00:50:30,540 --> 00:50:26,740
the sanity about this whole story and a

1135
00:50:33,510 --> 00:50:30,550
guess she feels that it wasn't a couple

1136
00:50:37,020 --> 00:50:33,520
but some unusual creature making a bunch

1137
00:50:40,230 --> 00:50:37,030
of gurgling noises and very talk or a

1138
00:50:41,700 --> 00:50:40,240

creature with gurgling noises and it had

1139

00:50:44,490 --> 00:50:41,710

something wrapped around it

1140

00:50:47,490 --> 00:50:44,500

well gurgling noises it's right next to

1141

00:50:50,730 --> 00:50:47,500

the sanitary refinement which is

1142

00:50:52,410 --> 00:50:50,740

literally feet away and you know a lot

1143

00:50:55,410 --> 00:50:52,420

of gurgling noises you get when you're

1144

00:50:57,570 --> 00:50:55,420

transferring fluids from tank to tank in

1145

00:51:00,060 --> 00:50:57,580

the middle of the night I spoke to a

1146

00:51:02,490 --> 00:51:00,070

number of the employees there and they

1147

00:51:04,230 --> 00:51:02,500

said we know nothing about this it's a

1148

00:51:06,270 --> 00:51:04,240

small community in fact that's what each

1149

00:51:08,760 --> 00:51:06,280

person said this is a small community

1150

00:51:11,010 --> 00:51:08,770

here if anything was going on we would

1151
00:51:14,010 --> 00:51:11,020
have heard about it I also spoke to the

1152
00:51:17,730 --> 00:51:14,020
gentleman who lived right at the corner

1153
00:51:20,010 --> 00:51:17,740
house and he says I was up that night I

1154
00:51:23,910 --> 00:51:20,020
heard nothing didn't see anybody out

1155
00:51:27,060 --> 00:51:23,920
there and I'm sure people do go back

1156
00:51:30,810 --> 00:51:27,070
there but I didn't hear anything about

1157
00:51:33,860 --> 00:51:30,820
this but that's where that one stands so

1158
00:51:37,350 --> 00:51:33,870
I questioned the sanity of the person

1159
00:51:41,970 --> 00:51:37,360
there but I shouldn't say sanity but the

1160
00:51:44,700 --> 00:51:41,980
the the judgment of the yeah Sam how

1161
00:51:47,430 --> 00:51:44,710
much time would you say that you have

1162
00:51:48,960 --> 00:51:47,440
involved in researching just this the

1163
00:51:52,260 --> 00:51:48,970

Mothman I'm you know I know you're a

1164

00:51:54,030 --> 00:51:52,270

real dedicated researcher volumes III

1165

00:51:57,060 --> 00:51:54,040

wouldn't I

1166

00:51:59,100 --> 00:51:57,070

and I've spent the time on the cases

1167

00:52:02,340 --> 00:51:59,110

that I could actually do something about

1168

00:52:03,990 --> 00:52:02,350

or take a to across comparison we've

1169

00:52:07,830 --> 00:52:04,000

we've seen there's a lot of commonality

1170

00:52:10,290 --> 00:52:07,840

and in the narratives we've seen that

1171

00:52:12,780 --> 00:52:10,300

there are some unusual aspects that you

1172

00:52:15,900 --> 00:52:12,790

don't you don't see in a regular report

1173

00:52:18,450 --> 00:52:15,910

and that's why we call this a lot of

1174

00:52:20,490 --> 00:52:18,460

this into question not everything we we

1175

00:52:24,360 --> 00:52:20,500

know that people have seen things and

1176
00:52:26,310 --> 00:52:24,370
they were honest to call in and and said

1177
00:52:29,580 --> 00:52:26,320
what they seen for instance there was a

1178
00:52:31,620 --> 00:52:29,590
sighting down in and Kelson Cal City a

1179
00:52:35,360 --> 00:52:31,630
person in the afternoon we think was

1180
00:52:37,460 --> 00:52:35,370
around 7:30 I think was May 27th

1181
00:52:39,320 --> 00:52:37,470
she's seen something at first she

1182
00:52:40,820 --> 00:52:39,330
thought it was a helicopter she's

1183
00:52:43,730 --> 00:52:40,830
looking out to the west so she's seeing

1184
00:52:46,310 --> 00:52:43,740
a silhouette and the other thing is at

1185
00:52:48,140 --> 00:52:46,320
that time the day the Sun was just about

1186
00:52:50,930 --> 00:52:48,150
ready to set there was very little

1187
00:52:53,090 --> 00:52:50,940
sunlight and she said that they've seen

1188
00:52:55,100 --> 00:52:53,100

it they didn't know what it was until it

1189

00:53:00,650 --> 00:52:55,110

went in front of the moon well the moon

1190

00:53:02,780 --> 00:53:00,660

was only 1/6 of its illumination 1/6 now

1191

00:53:04,940 --> 00:53:02,790

the arm and you take your arm and your

1192

00:53:06,950 --> 00:53:04,950

thumb and index finger and string and

1193

00:53:09,260 --> 00:53:06,960

you put it out it's the size of an

1194

00:53:11,630 --> 00:53:09,270

aspirin now you take that down to 1/6

1195

00:53:13,370 --> 00:53:11,640

that's pretty small and in the blink of

1196

00:53:15,100 --> 00:53:13,380

an eye you're going to assess something

1197

00:53:17,870 --> 00:53:15,110

that you just thought was a helicopter

1198

00:53:19,610 --> 00:53:17,880

minutes before I have a problem with

1199

00:53:21,710 --> 00:53:19,620

that I don't know problem with the

1200

00:53:24,230 --> 00:53:21,720

person I just think the environment

1201

00:53:27,020 --> 00:53:24,240

isn't good to make a judgment call on

1202

00:53:29,000 --> 00:53:27,030

something like that and a lot of reports

1203

00:53:31,580 --> 00:53:29,010

come in like that the other thing is a

1204

00:53:36,200 --> 00:53:31,590

lot of them sound like possibly a

1205

00:53:38,450 --> 00:53:36,210

misidentification of great the great

1206

00:53:42,140 --> 00:53:38,460

blue herons and of course the sandhill

1207

00:53:45,130 --> 00:53:42,150

cranes sandhill cranes in flight look

1208

00:53:47,510 --> 00:53:45,140

like pterodactyls I've seen them and

1209

00:53:52,010 --> 00:53:47,520

that is one of the things that it

1210

00:53:54,380 --> 00:53:52,020

definitely does look like so I I don't

1211

00:53:57,320 --> 00:53:54,390

think it's people are pranking

1212

00:53:59,060 --> 00:53:57,330

everything and I would love to think

1213

00:54:02,000 --> 00:53:59,070

there's some cryptid out there that I

1214

00:54:04,460 --> 00:54:02,010

could possibly get a matching wardrobe

1215

00:54:07,520 --> 00:54:04,470

with and take it out in the town but I

1216

00:54:09,470 --> 00:54:07,530

don't know it not as of yet and I'll up

1217

00:54:13,640 --> 00:54:09,480

to make sure you get a matching wardrobe

1218

00:54:17,300 --> 00:54:13,650

- oh absolutely yes yes yeah so I am

1219

00:54:20,840 --> 00:54:17,310

opening up I think in the second hour we

1220

00:54:23,030 --> 00:54:20,850

can talk about other things you know I

1221

00:54:26,360 --> 00:54:23,040

thought there was a lot more to this

1222

00:54:27,950 --> 00:54:26,370

than there actually is and it's still

1223

00:54:30,620 --> 00:54:27,960

very interesting how this is going on

1224

00:54:32,810 --> 00:54:30,630

but I would like to know if anyone is

1225

00:54:35,270 --> 00:54:32,820

listening live now if they'd like to

1226

00:54:40,040 --> 00:54:35,280

call in and ask our guest a question

1227

00:54:42,440 --> 00:54:40,050

the number is 603 967 403 Oh

1228

00:54:48,529 --> 00:54:42,450

or you can Skype in and that's Marty

1229

00:54:51,529 --> 00:54:48,539

will Smart YW I II is so

1230

00:54:53,959 --> 00:54:51,539

as far as you know the the original

1231

00:54:56,839 --> 00:54:53,969

Mothman sightings say people have talked

1232

00:54:59,599 --> 00:54:56,849

about a similar type of creature for

1233

00:55:02,900 --> 00:54:59,609

hundreds of years from what I gather but

1234

00:55:05,179 --> 00:55:02,910

the one that made you know the movie was

1235

00:55:08,630 --> 00:55:05,189

made after and that Strickler you know

1236

00:55:10,759 --> 00:55:08,640

wrote the book about that is a

1237

00:55:13,549 --> 00:55:10,769

fascinating case because the bridge fell

1238

00:55:14,689 --> 00:55:13,559

down and 46 people died you know year

1239

00:55:17,120 --> 00:55:14,699

later and a lot of people thought that

1240

00:55:19,219 --> 00:55:17,130

was some type of sign some people said

1241

00:55:22,579 --> 00:55:19,229

they saw the Mothman on the bridge that

1242

00:55:25,729 --> 00:55:22,589

day they thought it was did you look

1243

00:55:29,509 --> 00:55:25,739

into that case as well and and try to

1244

00:55:30,949 --> 00:55:29,519

certain parallels only it the thing is

1245

00:55:32,599 --> 00:55:30,959

you want to draw parallels when you have

1246

00:55:34,579 --> 00:55:32,609

something to draw parallels to when you

1247

00:55:37,459 --> 00:55:34,589

have got when you have bunk you know

1248

00:55:40,159 --> 00:55:37,469

nothing to draw it to then you're just

1249

00:55:42,620 --> 00:55:40,169

creating an illusion so you have to

1250

00:55:46,459 --> 00:55:42,630

really watch that I know the case that

1251
00:55:48,890 --> 00:55:46,469
was one of the first keels book boy back

1252
00:55:52,400 --> 00:55:48,900
in sixty whenever I was 67 I think you

1253
00:55:58,339 --> 00:55:52,410
wrote the book or 68 I got that book

1254
00:56:00,769 --> 00:55:58,349
right away I had I mean as far as

1255
00:56:02,719 --> 00:56:00,779
correlations of course there's a lot of

1256
00:56:05,419 --> 00:56:02,729
correlations which is is a great

1257
00:56:09,229 --> 00:56:05,429
opportunity to to find correlations it's

1258
00:56:11,390 --> 00:56:09,239
already scripted now now for people who

1259
00:56:13,069 --> 00:56:11,400
knew nothing about this that would be

1260
00:56:16,339 --> 00:56:13,079
interesting and then they had a sighting

1261
00:56:18,909 --> 00:56:16,349
that's that would be interesting what

1262
00:56:22,789 --> 00:56:18,919
we're missing the boat here is that now

1263
00:56:25,699 --> 00:56:22,799

we have a new understanding of how to go

1264

00:56:28,309 --> 00:56:25,709

a new way to understand how to go about

1265

00:56:31,549 --> 00:56:28,319

investing all types of paranormal cases

1266

00:56:35,419 --> 00:56:31,559

or UFO cases we have to look at the

1267

00:56:37,609 --> 00:56:35,429

source itself and that is really so

1268

00:56:39,259 --> 00:56:37,619

intriguing and so important the other

1269

00:56:42,019 --> 00:56:39,269

thing that's going on is the social

1270

00:56:46,179 --> 00:56:42,029

psychology here this is a case to really

1271

00:56:48,589 --> 00:56:46,189

examine how things are moving about now

1272

00:56:52,759 --> 00:56:48,599

December 15th is the 50-year anniversary

1273

00:56:57,559 --> 00:56:52,769

of the bridge being caving down on 40

1274

00:57:01,099 --> 00:56:57,569

some people there's been evidence that

1275

00:57:02,420 --> 00:57:01,109

says that know that the this thing or

1276

00:57:05,150 --> 00:57:02,430

these sightings had nothing

1277

00:57:07,730 --> 00:57:05,160

do with it and if anything it may have

1278

00:57:10,309 --> 00:57:07,740

been trying to warn people about it

1279

00:57:12,410 --> 00:57:10,319

because there already had been corrosion

1280

00:57:16,190 --> 00:57:12,420

on this bridge and I think it was built

1281

00:57:19,040 --> 00:57:16,200

in 1928 or something like that so it was

1282

00:57:21,859 --> 00:57:19,050

an old bridge it was loaded with cars

1283

00:57:27,200 --> 00:57:21,869

and here they are right before Christmas

1284

00:57:30,319 --> 00:57:27,210

holiday it caves in on into the river

1285

00:57:31,040 --> 00:57:30,329

and to people to this date have never

1286

00:57:35,870 --> 00:57:31,050

been found

1287

00:57:38,390 --> 00:57:35,880

right it's horrible yeah yeah well all

1288

00:57:39,980 --> 00:57:38,400

interesting so one more time if anyone

1289

00:57:44,620 --> 00:57:39,990

wants to call in about this otherwise

1290

00:57:47,599 --> 00:57:44,630

I'd like to ask you about what other

1291

00:57:50,540 --> 00:57:47,609

cryptids you have research in the

1292

00:57:54,140 --> 00:57:50,550

Chicago area we're actually a

1293

00:57:55,940 --> 00:57:54,150

well not in Chicago area but I mean it's

1294

00:57:58,160 --> 00:57:55,950

a cog wary of course there's Bigfoot

1295

00:58:01,130 --> 00:57:58,170

sightings that we get in gets a banned

1296

00:58:05,359 --> 00:58:01,140

in Chicago close yes we've had Bigfoot

1297

00:58:08,750 --> 00:58:05,369

sightings as far south as or as close to

1298

00:58:10,910 --> 00:58:08,760

like Bayliss on 159th there was a

1299

00:58:14,359 --> 00:58:10,920

sighting of a cryptid it looked like a

1300

00:58:18,230 --> 00:58:14,369

Bigfoot now even with this lady who had

1301

00:58:21,500 --> 00:58:18,240

seemed this big thing at this Indian

1302

00:58:23,450 --> 00:58:21,510

Head boundary Indian boundary area that

1303

00:58:26,210 --> 00:58:23,460

may have been something along the line

1304

00:58:28,309 --> 00:58:26,220

of a Bigfoot if we want to talk cryptids

1305

00:58:29,770 --> 00:58:28,319

this thing didn't fly she didn't see it

1306

00:58:32,180 --> 00:58:29,780

fly should have seen it make noise

1307

00:58:35,900 --> 00:58:32,190

assuming that it wasn't the cirrage

1308

00:58:39,530 --> 00:58:35,910

place and the gentleman did say he heard

1309

00:58:44,059 --> 00:58:39,540

noises out in the back along the river

1310

00:58:48,890 --> 00:58:44,069

and you do find these these these teepee

1311

00:58:51,289 --> 00:58:48,900

type of structures that are in the

1312

00:58:53,870 --> 00:58:51,299

forest with trees and they're always

1313

00:58:55,789 --> 00:58:53,880

associated with Bigfoot and we've had

1314

00:58:58,609 --> 00:58:55,799

sightings in Illinois has a lot of

1315

00:59:00,440 --> 00:58:58,619

sighting a Bigfoot we also have a lot of

1316

00:59:02,660 --> 00:59:00,450

sightings of big birds

1317

00:59:06,260 --> 00:59:02,670

so it wasn't odd that with what these

1318

00:59:08,809 --> 00:59:06,270

reports came in and there may still be

1319

00:59:12,049 --> 00:59:08,819

some cryptid thing floating around out

1320

00:59:14,480 --> 00:59:12,059

there back in 67 in fact July was an

1321

00:59:16,160 --> 00:59:14,490

anniversary Loren Coleman worked on a

1322

00:59:20,780 --> 00:59:16,170

case down in

1323

00:59:25,420 --> 00:59:20,790

Illinois was lifted up by some large

1324

00:59:29,510 --> 00:59:25,430

bird and ripped his coat you know and

1325

00:59:32,810 --> 00:59:29,520

multiple witnesses and the guy still

1326

00:59:34,970 --> 00:59:32,820

alive and he's in his 50s and been

1327

00:59:36,710 --> 00:59:34,980

trying to contact him by the way and I

1328

00:59:39,890 --> 00:59:36,720

would like to get an interview again

1329

00:59:43,630 --> 00:59:39,900

we've also had stories of cryptids that

1330

00:59:46,580 --> 00:59:43,640

go all the way back the the PS aw bird

1331

00:59:49,280 --> 00:59:46,590

the Native Americans this large bird

1332

00:59:52,220 --> 00:59:49,290

that would eat people after it had the

1333

00:59:55,070 --> 00:59:52,230

taste of human flesh so the thing is

1334

00:59:59,180 --> 00:59:55,080

there are stories entrenched in both the

1335

01:00:01,460 --> 00:59:59,190

myths and the culture and the very

1336

01:00:04,340 --> 01:00:01,470

interesting but the cryptic case that I

1337

01:00:07,490 --> 01:00:04,350

worked on or what are the cases that the

1338

01:00:09,290 --> 01:00:07,500

cryptid scenario was tangled in was up

1339

01:00:12,440 --> 01:00:09,300

in Fredericks Wisconsin where we had a

1340

01:00:16,610 --> 01:00:12,450

bunch of UFO sightings the cryptid there

1341

01:00:18,980 --> 01:00:16,620

was like a translucent cement salamander

1342

01:00:23,300 --> 01:00:18,990

type looking thing the gentleman

1343

01:00:25,760 --> 01:00:23,310

described it as being a oh it looked

1344

01:00:29,390 --> 01:00:25,770

like applica samus like an algae eating

1345

01:00:33,320 --> 01:00:29,400

fish but it was trans translucent and it

1346

01:00:37,180 --> 01:00:33,330

had the sheen on it looked like like the

1347

01:00:41,060 --> 01:00:37,190

sheen of oil like a spirit essence and

1348

01:00:42,950 --> 01:00:41,070

it would move through the the trees and

1349

01:00:45,020 --> 01:00:42,960

it would but scare the deer

1350

01:00:47,030 --> 01:00:45,030

and he was out there one day and he

1351
01:00:49,370 --> 01:00:47,040
could see this thing slithering through

1352
01:00:52,730 --> 01:00:49,380
the trees and accessed footage of it and

1353
01:00:56,780 --> 01:00:52,740
it has gills and and from the gills is

1354
01:00:58,610 --> 01:00:56,790
is like a fluid losing from it very

1355
01:01:01,340 --> 01:00:58,620
unusual Wow

1356
01:01:04,730 --> 01:01:01,350
now besides that there was another thing

1357
01:01:07,430 --> 01:01:04,740
up there and I've heard about this just

1358
01:01:10,580 --> 01:01:07,440
recently from another researcher that he

1359
01:01:12,850 --> 01:01:10,590
encountered this a pixelation something

1360
01:01:17,000 --> 01:01:12,860
pixelated moving through the trees

1361
01:01:19,250 --> 01:01:17,010
looking like a predator and this

1362
01:01:21,260 --> 01:01:19,260
gentleman had not only seen it but

1363
01:01:25,730 --> 01:01:21,270

recorded it and I've reviewed that and

1364

01:01:28,490 --> 01:01:25,740

he has that footage another investigator

1365

01:01:29,930 --> 01:01:28,500

I had go up there actually seen it and

1366

01:01:31,880 --> 01:01:29,940

he says when he was looking

1367

01:01:34,550 --> 01:01:31,890

it he could have sworn that this thing

1368

01:01:37,160 --> 01:01:34,560

knew it stopped dead in its tracks a

1369

01:01:39,140 --> 01:01:37,170

pixelated form moving along and it

1370

01:01:42,140 --> 01:01:39,150

stopped and it started coming towards

1371

01:01:43,849 --> 01:01:42,150

them then he ran back in the house so

1372

01:01:46,339 --> 01:01:43,859

did you actually review the footage

1373

01:01:49,579 --> 01:01:46,349

itself yes I did and what did you think

1374

01:01:52,809 --> 01:01:49,589

of it it's something unusual it's

1375

01:01:55,910 --> 01:01:52,819

definitely pixelated and it's moving so

1376

01:01:58,430 --> 01:01:55,920

and this isn't the first time I heard

1377

01:02:01,490 --> 01:01:58,440

about this I've heard heard about it

1378

01:02:03,490 --> 01:02:01,500

I've heard about a few times in fact you

1379

01:02:06,530 --> 01:02:03,500

know about skinwalker ranch right yeah

1380

01:02:08,450 --> 01:02:06,540

well that same phenomena takes place

1381

01:02:10,790 --> 01:02:08,460

over there in fact what I found

1382

01:02:12,740 --> 01:02:10,800

interesting George Knapp when he was

1383

01:02:15,200 --> 01:02:12,750

talking about we were speaking at some

1384

01:02:16,190 --> 01:02:15,210

event both of us and I was listening to

1385

01:02:18,230 --> 01:02:16,200

and I says you know pretty much

1386

01:02:20,240 --> 01:02:18,240

everything you're talking about we've

1387

01:02:23,870 --> 01:02:20,250

had going on up in Fredericks

1388

01:02:26,930 --> 01:02:23,880

and most of its on film it's on video

1389

01:02:29,569 --> 01:02:26,940

the problem is I getting access to it

1390

01:02:31,760 --> 01:02:29,579

you know that's the issue I've reviewed

1391

01:02:36,530 --> 01:02:31,770

it it's there multiple people reviewed

1392

01:02:41,260 --> 01:02:36,540

it and so you had the UFO activity you

1393

01:02:43,700 --> 01:02:41,270

had unusual cryptids you had it was like

1394

01:02:46,490 --> 01:02:43,710

you know a playground for the paranormal

1395

01:02:49,730 --> 01:02:46,500

and preternatural and you Falah djegal

1396

01:02:56,390 --> 01:02:49,740

all in one shot and part of my research

1397

01:02:59,960 --> 01:02:56,400

was why why there why a place like say

1398

01:03:01,940 --> 01:02:59,970

for instance the skinwalker ranch I was

1399

01:03:05,270 --> 01:03:01,950

working on another case down in Arizona

1400

01:03:08,630 --> 01:03:05,280

why that location is there some sort of

1401

01:03:11,230 --> 01:03:08,640

unusual geology that makes it conducive

1402

01:03:15,589 --> 01:03:11,240

for the phenomena to be received

1403

01:03:18,079 --> 01:03:15,599

perceived and recorded I don't know but

1404

01:03:26,359 --> 01:03:18,089

there there are these locations that

1405

01:03:30,890 --> 01:03:26,369

have higher incidents one of these

1406

01:03:33,710 --> 01:03:30,900

locations in last year I don't think so

1407

01:03:36,920 --> 01:03:33,720

but if it was I sure like to see more

1408

01:03:40,910 --> 01:03:36,930

evidence on it because that'd be great

1409

01:03:43,250 --> 01:03:40,920

you know yeah yeah no I think that's all

1410

01:03:48,380 --> 01:03:43,260

really fascinating and you know

1411

01:03:51,770 --> 01:03:48,390

burr of people will theorize that

1412

01:03:54,560 --> 01:03:51,780

there's something going on with either a

1413

01:03:56,720 --> 01:03:54,570

portal or some other type of dimension

1414

01:03:58,130 --> 01:03:56,730

I'm sure you've heard of that when it

1415

01:04:00,920 --> 01:03:58,140

comes to all these things happening at

1416

01:04:03,830 --> 01:04:00,930

once in one area you know there's all

1417

01:04:06,710 --> 01:04:03,840

the speculation the whole dimensional

1418

01:04:08,750 --> 01:04:06,720

concept is I don't that's where I really

1419

01:04:11,030 --> 01:04:08,760

got into the dimension edge you know

1420

01:04:13,730 --> 01:04:11,040

potential of something dimensional was

1421

01:04:14,150 --> 01:04:13,740

in 2004 but 2004 was the year of the

1422

01:04:16,550 --> 01:04:14,160

weird

1423

01:04:18,859 --> 01:04:16,560

we had Tinley but stop and think of the

1424

01:04:22,130 --> 01:04:18,869

events of 2004 of all the things that

1425

01:04:25,190 --> 01:04:22,140

went on first of all the year prior the

1426

01:04:28,400 --> 01:04:25,200

Sun was on an extended cycle 11-year

1427

01:04:31,040 --> 01:04:28,410

cycle with sunspots and and CME's now

1428

01:04:35,210 --> 01:04:31,050

went well beyond that and then all of a

1429

01:04:38,390 --> 01:04:35,220

sudden while while this was going on we

1430

01:04:41,990 --> 01:04:38,400

had these storms down in the Caribbean

1431

01:04:44,030 --> 01:04:42,000

we had what 13 storms that was a record

1432

01:04:47,260 --> 01:04:44,040

period of time of weird stuff going on

1433

01:04:51,440 --> 01:04:47,270

plus earthquakes and we had the Sumatran

1434

01:04:53,870 --> 01:04:51,450

earthquake and tsunami that took place

1435

01:04:57,560 --> 01:04:53,880

in December so we had a bunch of things

1436

01:04:59,680 --> 01:04:57,570

escalating and going on now in this year

1437

01:05:02,810 --> 01:04:59,690

we've had quite a bit of unusual

1438

01:05:07,400 --> 01:05:02,820

activity not so much solar but but

1439

01:05:09,380 --> 01:05:07,410

unusual activity earthquakes etc in fact

1440

01:05:14,120 --> 01:05:09,390

we just went through a period just last

1441

01:05:16,880 --> 01:05:14,130

week or so so are we at this a cusp of

1442

01:05:18,770 --> 01:05:16,890

something unusual taking place again so

1443

01:05:20,240 --> 01:05:18,780

I don't discount you know going back to

1444

01:05:23,900 --> 01:05:20,250

the Chicago stuff I don't discount

1445

01:05:25,520 --> 01:05:23,910

everything but in the same token what

1446

01:05:28,430 --> 01:05:25,530

they keep bringing up is this harbinger

1447

01:05:31,220 --> 01:05:28,440

of doom and I don't like to hear that

1448

01:05:33,050 --> 01:05:31,230

because knowing the psychology of some

1449

01:05:36,050 --> 01:05:33,060

weirdos out there all it needs is it

1450

01:05:39,530 --> 01:05:36,060

takes one little push to get them to do

1451
01:05:41,570 --> 01:05:39,540
something stupid and versus something

1452
01:05:44,510 --> 01:05:41,580
that was really just basically there to

1453
01:05:47,690 --> 01:05:44,520
warn people which I would like to think

1454
01:05:51,050 --> 01:05:47,700
in the event this wasn't a genuine event

1455
01:05:53,109 --> 01:05:51,060
and you know Mount Pleasant I think that

1456
01:05:56,460 --> 01:05:53,119
would have been the scenario versus

1457
01:06:00,510 --> 01:05:56,470
creating the problem you know yeah

1458
01:06:02,220 --> 01:06:00,520
yeah I'm sure you've heard of trying to

1459
01:06:05,910 --> 01:06:02,230
remember his name now he has been on

1460
01:06:06,750 --> 01:06:05,920
this show Michael Cleland or Cleland is

1461
01:06:10,530 --> 01:06:06,760
his last name

1462
01:06:13,130 --> 01:06:10,540
Michael cleaned King Cleveland Cleveland

1463
01:06:16,380 --> 01:06:13,140

Cleveland he doesn't think he does

1464

01:06:22,170 --> 01:06:16,390

lectures and he's written I think at

1465

01:06:24,839 --> 01:06:22,180

least one book on owls and the vowels

1466

01:06:27,000 --> 01:06:24,849

yes yes yes which i think is really

1467

01:06:27,890 --> 01:06:27,010

fascinating now a lot of a lot of people

1468

01:06:30,329 --> 01:06:27,900

are they

1469

01:06:33,870 --> 01:06:30,339

speculating that what they're seeing is

1470

01:06:35,819 --> 01:06:33,880

owls to the large owls well initially

1471

01:06:37,319 --> 01:06:35,829

started out not think of they think of

1472

01:06:39,450 --> 01:06:37,329

the cases here they started out with

1473

01:06:41,130 --> 01:06:39,460

being large owls which could be like a

1474

01:06:43,859 --> 01:06:41,140

lot choose us or something like that

1475

01:06:45,720 --> 01:06:43,869

then all of a sudden and and then all of

1476

01:06:48,450 --> 01:06:45,730

a sudden we're getting baptized

1477

01:06:50,579 --> 01:06:48,460

creatures now other researchers are

1478

01:06:53,490 --> 01:06:50,589

saying we have multiple creatures going

1479

01:06:55,559 --> 01:06:53,500

on because now what's being seen in the

1480

01:07:00,540 --> 01:06:55,569

little village area or at least October

1481

01:07:04,910 --> 01:07:00,550

October the 27th were these gargoyle

1482

01:07:08,309 --> 01:07:04,920

type creatures and on the 27th at a park

1483

01:07:12,210 --> 01:07:08,319

in a parking lot at a park on 31st

1484

01:07:14,059 --> 01:07:12,220

Street a couple was attacked by such

1485

01:07:17,309 --> 01:07:14,069

creature which was about six feet tall

1486

01:07:20,190 --> 01:07:17,319

jumped on the car and was hitting the

1487

01:07:21,750 --> 01:07:20,200

windshield with its wings and trying to

1488

01:07:24,300 --> 01:07:21,760

scrape at them now

1489

01:07:26,460 --> 01:07:24,310

the funny thing about this is it's

1490

01:07:29,359 --> 01:07:26,470

directly across the street from one of

1491

01:07:32,490 --> 01:07:29,369

the most popular pizza places in Chicago

1492

01:07:35,760 --> 01:07:32,500

home run in they have two parking lots

1493

01:07:39,750 --> 01:07:35,770

east and west and they're open till 11

1494

01:07:42,599 --> 01:07:39,760

o'clock at night 31st Street isn't

1495

01:07:46,490 --> 01:07:42,609

exactly no-man's land people are out

1496

01:07:49,680 --> 01:07:46,500

this was like a very popular time for

1497

01:07:52,650 --> 01:07:49,690

festivities the Day of the Dead was

1498

01:07:54,150 --> 01:07:52,660

coming up that weekend so I mean a lot

1499

01:07:57,839 --> 01:07:54,160

of things were going on Layton later

1500

01:08:01,170 --> 01:07:57,849

into evening and for nobody else to have

1501

01:08:02,700 --> 01:08:01,180

seen this I find this very odd but this

1502

01:08:05,069 --> 01:08:02,710

is a type of events that we're getting

1503

01:08:08,130 --> 01:08:05,079

and it seems like a lot of these

1504

01:08:10,080 --> 01:08:08,140

sightings have been centrally located

1505

01:08:14,300 --> 01:08:10,090

and again more like

1506

01:08:17,820 --> 01:08:14,310

gargoyles and bat-like creatures into

1507

01:08:19,320 --> 01:08:17,830

pockets that would be perfect to say

1508

01:08:21,690 --> 01:08:19,330

well yeah they're not going to talk

1509

01:08:23,730 --> 01:08:21,700

because these are ethnic communities

1510

01:08:26,070 --> 01:08:23,740

well we have people in those ethnic

1511

01:08:28,110 --> 01:08:26,080

communities and they're saying they

1512

01:08:30,260 --> 01:08:28,120

haven't heard anything about this and

1513

01:08:33,120 --> 01:08:30,270

they would have been a situation - no

1514

01:08:36,150 --> 01:08:33,130

but let's assume that it was this blink

1515

01:08:40,079 --> 01:08:36,160

moment where something came shooting in

1516

01:08:43,530 --> 01:08:40,089

from some other quantum reality okay and

1517

01:08:47,790 --> 01:08:43,540

it just shot through via I don't know a

1518

01:08:53,700 --> 01:08:47,800

telephone booth or or via a the other

1519

01:08:55,710 --> 01:08:53,710

thing was what a hot tub right to go

1520

01:08:58,110 --> 01:08:55,720

through a time machine let's say they

1521

01:09:00,450 --> 01:08:58,120

did that when there be some residue

1522

01:09:02,760 --> 01:09:00,460

somewhere supposedly it's hitting the

1523

01:09:05,400 --> 01:09:02,770

car and all this stuff there's gonna be

1524

01:09:07,590 --> 01:09:05,410

some physical trace evidence and none of

1525

01:09:09,050 --> 01:09:07,600

that has come forward yet and wouldn't

1526

01:09:11,640 --> 01:09:09,060

you want to get your hands on it and

1527

01:09:13,710 --> 01:09:11,650

supposedly one researcher is talking to

1528

01:09:16,260 --> 01:09:13,720

them I don't know where this is going or

1529

01:09:18,360 --> 01:09:16,270

if it's developed or what but this is

1530

01:09:20,280 --> 01:09:18,370

the frustration that we have to deal

1531

01:09:22,079 --> 01:09:20,290

with mean you really do want to you

1532

01:09:24,360 --> 01:09:22,089

really would like to get something I

1533

01:09:28,320 --> 01:09:24,370

really would love to have something on

1534

01:09:31,380 --> 01:09:28,330

film or whatever to say yes there's

1535

01:09:34,110 --> 01:09:31,390

something going on here and that's

1536

01:09:37,590 --> 01:09:34,120

frustrating as well you know what about

1537

01:09:40,560 --> 01:09:37,600

mainstream media have has there been any

1538

01:09:43,980 --> 01:09:40,570

publicity as far as so the sightings go

1539

01:09:45,510 --> 01:09:43,990

has any well sure yeah I know you have

1540

01:09:48,599 --> 01:09:45,520

Lloyds I've written about it

1541

01:09:50,340 --> 01:09:48,609

yes Tribune wrote an article and in fact

1542

01:09:53,520 --> 01:09:50,350

what I found interesting is they drew a

1543

01:09:55,920 --> 01:09:53,530

correlation between the Tinley Park

1544

01:09:57,630 --> 01:09:55,930

sighting really they put that and I

1545

01:09:59,670 --> 01:09:57,640

don't know why because the funny thing

1546

01:10:01,950 --> 01:09:59,680

ends at Gimli Park signing we had

1547

01:10:05,280 --> 01:10:01,960

hundreds of witnesses that came forward

1548

01:10:07,620 --> 01:10:05,290

hundreds we've had identified over 25

1549

01:10:09,210 --> 01:10:07,630

sets of footage we've analyzed it

1550

01:10:11,400 --> 01:10:09,220

through multiple groups of people

1551

01:10:14,880 --> 01:10:11,410

analyzing this why would you want to

1552

01:10:17,010 --> 01:10:14,890

draw that again back to is there

1553

01:10:20,430 --> 01:10:17,020

something else at play is there somebody

1554

01:10:22,710 --> 01:10:20,440

else trying to do something to create a

1555

01:10:23,800 --> 01:10:22,720

scenario and then say well it's like

1556

01:10:26,740 --> 01:10:23,810

this so therefore that

1557

01:10:28,960 --> 01:10:26,750

isn't real there's a lot of psychology

1558

01:10:31,330 --> 01:10:28,970

here social psychology this is not

1559

01:10:34,450 --> 01:10:31,340

something and this is why don't take

1560

01:10:36,970 --> 01:10:34,460

this this like oh this is just nonsense

1561

01:10:39,850 --> 01:10:36,980

no there's something going on here and

1562

01:10:44,050 --> 01:10:39,860

to pay attention to it from the social

1563

01:10:46,030 --> 01:10:44,060

psychology and and how how how

1564

01:10:49,360 --> 01:10:46,040

information gets out today in the cyber

1565

01:10:51,520 --> 01:10:49,370

world is so quick that you could destroy

1566

01:10:55,090 --> 01:10:51,530

a person's reputation in the blink and

1567

01:10:57,070 --> 01:10:55,100

one little social media thing on the

1568

01:10:58,900 --> 01:10:57,080

same token with a you could create a

1569

01:11:00,820 --> 01:10:58,910

flap and then you could have it

1570

01:11:02,890 --> 01:11:00,830

dismissed as being something crazy and

1571

01:11:04,660 --> 01:11:02,900

you put it all into the same bag and

1572

01:11:07,810 --> 01:11:04,670

that isn't the case whatsoever

1573

01:11:09,970 --> 01:11:07,820

I'm not saying all of this is crazy I'm

1574

01:11:12,970 --> 01:11:09,980

saying there's obviously people seeing

1575

01:11:14,890 --> 01:11:12,980

something but what is it some of this we

1576

01:11:17,290 --> 01:11:14,900

could we can dismiss as being something

1577

01:11:19,900 --> 01:11:17,300

just misidentified but they know that

1578

01:11:23,350 --> 01:11:19,910

there's something else at play that is

1579

01:11:26,370 --> 01:11:23,360

much deeper that is the monster under

1580

01:11:29,350 --> 01:11:26,380

the bed there is something going on

1581

01:11:31,780 --> 01:11:29,360

beyond that and this is where it gets

1582

01:11:36,220 --> 01:11:31,790

interesting right and that's that's

1583

01:11:42,640 --> 01:11:36,230

where the study is going yeah yeah so as

1584

01:11:47,020 --> 01:11:42,650

far as you mentioned earlier that the

1585

01:11:50,470 --> 01:11:47,030

sightings you know they came from an IP

1586

01:11:51,760 --> 01:11:50,480

address a couple you know came to

1587

01:11:53,620 --> 01:11:51,770

different sightings came from one IP

1588

01:11:55,600 --> 01:11:53,630

address and then they were close

1589

01:11:59,620 --> 01:11:55,610

did you actually follow through to see

1590

01:12:02,550 --> 01:11:59,630

where those IP addresses originated like

1591

01:12:12,430 --> 01:12:02,560

were they right in the city that will be

1592

01:12:15,100 --> 01:12:12,440

done yeah yeah I it's like again you

1593

01:12:19,060 --> 01:12:15,110

could always fake an IP address - yeah

1594

01:12:21,970 --> 01:12:19,070

you can you can spoof it yeah result the

1595

01:12:23,980 --> 01:12:21,980

yeah never you could steal it or Network

1596

01:12:25,570 --> 01:12:23,990

it this much we did do the first two

1597

01:12:27,700 --> 01:12:25,580

came in during the morning at certain

1598

01:12:29,500 --> 01:12:27,710

time and the last three came in at

1599

01:12:32,260 --> 01:12:29,510

certain time in the evening there is a

1600

01:12:34,120 --> 01:12:32,270

correlation there so even if it's now

1601

01:12:36,160 --> 01:12:34,130

this is the problem right off the bat

1602

01:12:37,720 --> 01:12:36,170

but the first three I says I didn't want

1603

01:12:40,360 --> 01:12:37,730

to even know the IP edge

1604

01:12:41,980 --> 01:12:40,370

addresses or which ones were the funny

1605

01:12:45,280 --> 01:12:41,990

ones I had to come up with a separate

1606

01:12:48,400 --> 01:12:45,290

layer of evaluating these to see where

1607

01:12:51,280 --> 01:12:48,410

else we could find an issue and this

1608

01:12:55,270 --> 01:12:51,290

isn't so much just for here we get

1609

01:12:57,850 --> 01:12:55,280

reports as you know every day so what we

1610

01:13:00,370 --> 01:12:57,860

learned here we need to apply for

1611

01:13:03,160 --> 01:13:00,380

everything else not just a new follow G

1612

01:13:04,720 --> 01:13:03,170

but in all research so we know if the

1613

01:13:07,630 --> 01:13:04,730

wait time is the most precious of all

1614

01:13:09,280 --> 01:13:07,640

commodities so we want to dedicate it in

1615

01:13:13,090 --> 01:13:09,290

the right direction so you know we can

1616

01:13:16,780 --> 01:13:13,100

sort out things and evaluate snow faster

1617

01:13:19,720 --> 01:13:16,790

triage our work and when people dedicate

1618

01:13:21,910 --> 01:13:19,730

their time to an organization or to a

1619

01:13:25,150 --> 01:13:21,920

study you want to have them be able look

1620

01:13:27,550 --> 01:13:25,160

at stuff that's worthwhile so I think

1621

01:13:30,040 --> 01:13:27,560

this has not been a foolish waste of

1622

01:13:32,860 --> 01:13:30,050

time and it is ongoing Wow

1623

01:13:36,280 --> 01:13:32,870

and yeah who knows who knows what the

1624

01:13:38,710 --> 01:13:36,290

future holds for these sightings it will

1625

01:13:40,780 --> 01:13:38,720

be it will be interesting you're right

1626
01:13:44,410 --> 01:13:40,790
as far as you know these other original

1627
01:13:46,240 --> 01:13:44,420
sightings we're back in the 60s and you

1628
01:13:48,240 --> 01:13:46,250
know long before internet long before

1629
01:13:53,590 --> 01:13:48,250
things could get tainted easily or

1630
01:13:57,210 --> 01:13:53,600
copycat it easily so you know you have

1631
01:13:59,320 --> 01:13:57,220
to you have to deal with that with

1632
01:14:02,760 --> 01:13:59,330
unfortunately it's just like UFO

1633
01:14:05,800 --> 01:14:02,770
sightings the hoaxes can get mixed in

1634
01:14:08,020 --> 01:14:05,810
you know now we have you know Chinese

1635
01:14:11,080 --> 01:14:08,030
lanterns and drones and everything else

1636
01:14:13,960 --> 01:14:11,090
besides you know a ten year old can get

1637
01:14:20,050 --> 01:14:13,970
on some computer program and do a great

1638
01:14:23,530 --> 01:14:20,060

CGI UFO oh boy seen some beauties yeah

1639

01:14:28,480 --> 01:14:23,540

and and now with the drones oh boy tons

1640

01:14:30,970 --> 01:14:28,490

of of drones related videos and

1641

01:14:32,860 --> 01:14:30,980

photographs are coming in the other

1642

01:14:34,390 --> 01:14:32,870

thing is just a good old-fashioned

1643

01:14:36,970 --> 01:14:34,400

refractions of light we're getting more

1644

01:14:38,470 --> 01:14:36,980

of those people is putting all sorts of

1645

01:14:42,700 --> 01:14:38,480

stuff but they're putting into creative

1646

01:14:45,550 --> 01:14:42,710

narrative to pull you in words are very

1647

01:14:47,800 --> 01:14:45,560

powerful they pull you right in and

1648

01:14:50,080 --> 01:14:47,810

people are so used to so much fiction

1649

01:14:51,020 --> 01:14:50,090

they can't discern the difference in

1650

01:14:54,879 --> 01:14:51,030

fact I was

1651

01:14:57,620 --> 01:14:54,889

reading a study oh gosh

1652

01:15:00,080 --> 01:14:57,630

trying to think of the university but it

1653

01:15:06,740 --> 01:15:00,090

came down to 29% of even average people

1654

01:15:08,839 --> 01:15:06,750

without a nice fictional event that took

1655

01:15:12,109 --> 01:15:08,849

place in an actual event it was their

1656

01:15:13,490 --> 01:15:12,119

problems so with 29 percent of just

1657

01:15:16,279 --> 01:15:13,500

normal people just think of how many

1658

01:15:19,100 --> 01:15:16,289

people are goofed up today overstressed

1659

01:15:21,020 --> 01:15:19,110

don't get sleep or whatever for whatever

1660

01:15:23,959 --> 01:15:21,030

reasons not functioning with all their

1661

01:15:26,419 --> 01:15:23,969

their faculties and you throw that

1662

01:15:29,839 --> 01:15:26,429

equation and boy that numbers got to be

1663

01:15:34,339 --> 01:15:29,849

a lot higher yeah absolutely

1664

01:15:35,779 --> 01:15:34,349

you know it's when people are like you

1665

01:15:37,640 --> 01:15:35,789

said when they're tired you know

1666

01:15:41,180 --> 01:15:37,650

something can happen and you're in a

1667

01:15:44,600 --> 01:15:41,190

memory doesn't know isn't always

1668

01:15:47,330 --> 01:15:44,610

reliable either you know and it's best

1669

01:15:50,180 --> 01:15:47,340

if someone reports something immediately

1670

01:15:52,129 --> 01:15:50,190

after you know I'm sure I'm sure you see

1671

01:15:54,109 --> 01:15:52,139

the difference between you know

1672

01:15:57,319 --> 01:15:54,119

someone's recounting something and

1673

01:15:59,149 --> 01:15:57,329

someone makes a time work yeah there's

1674

01:16:01,129 --> 01:15:59,159

in fact the other thing is all these are

1675

01:16:02,359 --> 01:16:01,139

after the fact it's not and that's the

1676

01:16:05,029 --> 01:16:02,369

problem you know or you don't have

1677

01:16:08,569 --> 01:16:05,039

proactive work we have reactive work

1678

01:16:10,339 --> 01:16:08,579

they has Dahlan lights that is proactive

1679

01:16:14,479 --> 01:16:10,349

work they're actually out there with

1680

01:16:16,040 --> 01:16:14,489

equipment analyzing a phenomenon many of

1681

01:16:17,899 --> 01:16:16,050

these ghost hunters go out and I knew

1682

01:16:20,479 --> 01:16:17,909

EVPs whatever it is they're doing

1683

01:16:22,069 --> 01:16:20,489

something proactive in real time when

1684

01:16:25,549 --> 01:16:22,079

you're doing reactive work you're

1685

01:16:29,439 --> 01:16:25,559

completely dependent upon a the person

1686

01:16:32,600 --> 01:16:29,449

their ability to recall the information

1687

01:16:35,149 --> 01:16:32,610

to first of all we observe it in the

1688

01:16:38,029 --> 01:16:35,159

first place and put it together and and

1689

01:16:41,000 --> 01:16:38,039

to recall it properly to you so you can

1690

01:16:43,129 --> 01:16:41,010

discern what they're saying and so you

1691

01:16:45,410 --> 01:16:43,139

have three levels of interpretation

1692

01:16:47,930 --> 01:16:45,420

going on that makes it far too

1693

01:16:50,359 --> 01:16:47,940

complicated and then when it comes to

1694

01:16:53,450 --> 01:16:50,369

equipment of course not everybody is an

1695

01:16:56,899 --> 01:16:53,460

expert with the camera or a video so you

1696

01:16:59,209 --> 01:16:56,909

have you have that issue too so we get

1697

01:17:00,979 --> 01:16:59,219

now with the internet and so many of the

1698

01:17:03,140 --> 01:17:00,989

cases we get our just narratives and

1699

01:17:04,500 --> 01:17:03,150

this is the case here we had just

1700

01:17:07,049 --> 01:17:04,510

narratives

1701

01:17:09,180 --> 01:17:07,059

except for the two photos which I think

1702

01:17:11,220 --> 01:17:09,190

we pretty much nailed the first one with

1703

01:17:13,169 --> 01:17:11,230

the highest very high degree of do you

1704

01:17:15,779 --> 01:17:13,179

see the email I did get back from the

1705

01:17:17,819 --> 01:17:15,789

company stating that that is there yeah

1706

01:17:20,040 --> 01:17:17,829

that your product I was just going

1707

01:17:22,529 --> 01:17:20,050

through that I saw that yeah yeah yeah

1708

01:17:25,049 --> 01:17:22,539

that is funny so these things it's

1709

01:17:27,810 --> 01:17:25,059

difficult right you know and then you

1710

01:17:31,259 --> 01:17:27,820

think of the video and and film like you

1711

01:17:34,379 --> 01:17:31,269

just said I mean no pictures but one

1712

01:17:36,330 --> 01:17:34,389

that had an ongoing narrative one of the

1713

01:17:37,979 --> 01:17:36,340

things that I was thinking of why we

1714

01:17:41,220 --> 01:17:37,989

were talking about this is when Charles

1715

01:17:42,509 --> 01:17:41,230

halt recorded that audio when he was

1716

01:17:45,720 --> 01:17:42,519

having that sighting in Rendlesham

1717

01:17:48,270 --> 01:17:45,730

forest I mean that is such a great a

1718

01:17:51,270 --> 01:17:48,280

great tense real-time that's real time

1719

01:17:54,959 --> 01:17:51,280

multiple witnesses and unfortunately it

1720

01:17:57,990 --> 01:17:54,969

has become one heck of an a football

1721

01:18:01,799 --> 01:17:58,000

right for many issues and in the turret

1722

01:18:03,740 --> 01:18:01,809

of emotional problems but in in scenario

1723

01:18:06,479 --> 01:18:03,750

and that I don't think it's uncommon

1724

01:18:09,359 --> 01:18:06,489

when you were dealing with a phenomena

1725

01:18:11,009 --> 01:18:09,369

like this that people interpret you

1726

01:18:12,569 --> 01:18:11,019

could have a person standing right next

1727

01:18:14,459 --> 01:18:12,579

to you and they will interpret it

1728

01:18:18,390 --> 01:18:14,469

differently how can it possibly be

1729

01:18:20,069 --> 01:18:18,400

I think the phenomena itself affects

1730

01:18:22,589 --> 01:18:20,079

each person a little bit differently

1731

01:18:25,169 --> 01:18:22,599

when I say the UFO phenomena paranormal

1732

01:18:28,259 --> 01:18:25,179

phenomena that's why I don't discount

1733

01:18:29,939 --> 01:18:28,269

everything I just know that it affects

1734

01:18:33,149 --> 01:18:29,949

people as far as their interpretive

1735

01:18:36,660 --> 01:18:33,159

skills it may affect them physically in

1736

01:18:40,290 --> 01:18:36,670

as far as the the brain who knows we

1737

01:18:43,379 --> 01:18:40,300

don't know what goes on I know in in

1738

01:18:46,290 --> 01:18:43,389

that in in the original Mothman

1739

01:18:49,040 --> 01:18:46,300

sightings there were physical events

1740

01:18:51,270 --> 01:18:49,050

where people did have physical trace

1741

01:18:54,299 --> 01:18:51,280

scenarios there were things going on

1742

01:18:56,939 --> 01:18:54,309

that cannot be duplicated or cannot be

1743

01:18:59,250 --> 01:18:56,949

explained away I have is really like

1744

01:19:01,890 --> 01:18:59,260

some sort of prosaic explanation it just

1745

01:19:03,180 --> 01:19:01,900

doesn't happen and and that makes all

1746

01:19:05,160 --> 01:19:03,190

the difference in the world when you

1747

01:19:07,500 --> 01:19:05,170

could test something and you can see

1748

01:19:10,729 --> 01:19:07,510

that something is going on that's the

1749

01:19:13,109 --> 01:19:10,739

second best thing to a real-time

1750

01:19:15,000 --> 01:19:13,119

evaluation is something that you can at

1751

01:19:17,040 --> 01:19:15,010

least test photographs physical trace

1752

01:19:17,820 --> 01:19:17,050

evidence something that's supportive

1753

01:19:22,800 --> 01:19:17,830

right

1754

01:19:25,470 --> 01:19:22,810

texted me on my phone he's listening

1755

01:19:28,530 --> 01:19:25,480

live now and he said you know the

1756

01:19:31,410 --> 01:19:28,540

Mothman sightings down at pleasant point

1757

01:19:34,380 --> 01:19:31,420

West Virginia all happened relatively in

1758

01:19:35,360 --> 01:19:34,390

this very same area is that is that

1759

01:19:38,160 --> 01:19:35,370

right

1760

01:19:41,130 --> 01:19:38,170

yes that was pretty much the same area

1761

01:19:43,680 --> 01:19:41,140

yeah it was very close all with a pretty

1762

01:19:46,890 --> 01:19:43,690

well confined though thought than the

1763

01:19:49,950 --> 01:19:46,900

wider air we've had cryptids like that

1764

01:19:53,190 --> 01:19:49,960

reported throughout throughout the world

1765

01:19:55,170 --> 01:19:53,200

winged cryptids so I mean that's why I

1766

01:19:57,120 --> 01:19:55,180

don't discount all this stuff but weird

1767

01:20:00,360 --> 01:19:57,130

it weird happens we know there's weird

1768

01:20:04,140 --> 01:20:00,370

out there is it as an instance is it

1769

01:20:07,770 --> 01:20:04,150

ongoing again back to was there

1770

01:20:09,690 --> 01:20:07,780

something in that area going on back to

1771

01:20:11,750 --> 01:20:09,700

the geology or you know they were

1772

01:20:13,830 --> 01:20:11,760

talking about the military the the

1773

01:20:16,380 --> 01:20:13,840

military presence out there

1774

01:20:18,990 --> 01:20:16,390

the TNT they had it was a lot of focus

1775

01:20:22,290 --> 01:20:19,000

and that what doesn't get it what

1776

01:20:24,960 --> 01:20:22,300

doesn't get talked about is the volume

1777

01:20:27,840 --> 01:20:24,970

of UFO cases that were going on at that

1778

01:20:30,720 --> 01:20:27,850

period of time in that area just in that

1779

01:20:34,350 --> 01:20:30,730

area not not even to take into

1780

01:20:37,380 --> 01:20:34,360

consideration across the country from 66

1781

01:20:40,950 --> 01:20:37,390

to 67 we had tons of UFO activity of

1782

01:20:45,210 --> 01:20:40,960

course we had the swamp gas scenario in

1783

01:20:48,090 --> 01:20:45,220

66 so I mean we had tons of UFO activity

1784

01:20:50,160 --> 01:20:48,100

going on very good man sightings but

1785

01:20:53,010 --> 01:20:50,170

here in this one concentrated area

1786

01:20:55,500 --> 01:20:53,020

hundreds of reports very very well

1787

01:20:57,420 --> 01:20:55,510

documented very good photograph for

1788

01:21:03,300 --> 01:20:57,430

photographic evidence on and on and on

1789

01:21:06,630 --> 01:21:03,310

and that takes a second seat to the

1790

01:21:09,660 --> 01:21:06,640

Mothman scenario do you see see what's

1791

01:21:11,930 --> 01:21:09,670

going on there now again the UFOs and

1792

01:21:15,210 --> 01:21:11,940

the Mothman there is that correlation

1793

01:21:19,670 --> 01:21:15,220

here in Illinois during this scenario in

1794

01:21:22,650 --> 01:21:19,680

Chicago there was only one episode of an

1795

01:21:26,340 --> 01:21:22,660

entrance of something being seen that

1796

01:21:30,910 --> 01:21:26,350

may be considered as a UFO and that was

1797

01:21:33,100 --> 01:21:30,920

the woman on the boat off

1798

01:21:37,210 --> 01:21:33,110

montrose harbour where she saw the green

1799

01:21:40,360 --> 01:21:37,220

light moving across the horizon that was

1800

01:21:42,280 --> 01:21:40,370

the only one and that green light was

1801

01:21:44,860 --> 01:21:42,290

more than likely if it this is a

1802

01:21:48,070 --> 01:21:44,870

genuinely honest report which I don't

1803

01:21:50,680 --> 01:21:48,080

think because it comes in with the three

1804

01:21:53,200 --> 01:21:50,690

of them collectively from the same ip

1805

01:21:56,320 --> 01:21:53,210

address I'm just reiterating that but it

1806

01:21:59,230 --> 01:21:56,330

would very well have been the starboard

1807

01:22:02,110 --> 01:21:59,240

side of a navigational light on a boat

1808

01:22:04,540 --> 01:22:02,120

going across further out on Lake

1809

01:22:07,090 --> 01:22:04,550

Michigan and going from north to south

1810

01:22:09,730 --> 01:22:07,100

and as you know when you're out there on

1811

01:22:12,160 --> 01:22:09,740

the lake you want to see lights so

1812

01:22:14,320 --> 01:22:12,170

you're gonna keep your lights dim as

1813

01:22:16,000 --> 01:22:14,330

possible and make sure buddy could see

1814

01:22:17,920 --> 01:22:16,010

your navigational lights yeah because

1815

01:22:21,280 --> 01:22:17,930

that is what really matters

1816

01:22:22,750 --> 01:22:21,290

and if you're coming into port you want

1817

01:22:25,570 --> 01:22:22,760

to make sure you could see what's out

1818

01:22:29,410 --> 01:22:25,580

there and they make sure they could see

1819

01:22:30,640 --> 01:22:29,420

you coming in and I was trying to

1820

01:22:33,550 --> 01:22:30,650

explain that to a person I'm thinking

1821

01:22:35,890 --> 01:22:33,560

now I had explained to somebody they've

1822

01:22:38,920 --> 01:22:35,900

probably never done much boating but you

1823

01:22:41,040 --> 01:22:38,930

know what I'm talking about yeah but

1824

01:22:44,650 --> 01:22:41,050

that was the only thing that came in

1825

01:22:47,320 --> 01:22:44,660

resembling a correlation again here

1826

01:22:50,680 --> 01:22:47,330

going back to the Chicago and with the

1827

01:22:54,940 --> 01:22:50,690

original case so there was absolutely no

1828

01:22:57,910 --> 01:22:54,950

UFO activity whatsoever zero Wow well

1829

01:22:59,860 --> 01:22:57,920

those people said that that the green

1830

01:23:02,890 --> 01:22:59,870

orb according to them scared them more

1831

01:23:05,250 --> 01:23:02,900

than the Mothman yep because it moved

1832

01:23:08,920 --> 01:23:05,260

across the horizon it was very bright

1833

01:23:11,320 --> 01:23:08,930

now again that has the same IP address

1834

01:23:12,940 --> 01:23:11,330

as the three yeah they're out there

1835

01:23:14,440 --> 01:23:12,950

going through it all the name go through

1836

01:23:16,450 --> 01:23:14,450

everything and the moon didn't come up

1837

01:23:19,450 --> 01:23:16,460

for an hour and 43 minutes and no she

1838

01:23:21,760 --> 01:23:19,460

sees the I mean yeah at some point just

1839

01:23:24,190 --> 01:23:21,770

say give me a break yeah you know and

1840

01:23:25,570 --> 01:23:24,200

that people are bashing you oh but then

1841

01:23:28,240 --> 01:23:25,580

it could be this then it could be that

1842

01:23:32,710 --> 01:23:28,250

and that no and then it could be the

1843

01:23:34,690 --> 01:23:32,720

obvious you know yeah but who knows yeah

1844

01:23:37,030 --> 01:23:34,700

and it's a time waster for you someone

1845

01:23:39,760 --> 01:23:37,040

that's taking this seriously it's too

1846

01:23:41,410 --> 01:23:39,770

bad of course I mean I'm looking for

1847

01:23:43,810 --> 01:23:41,420

this cryptid and I'm dead serious

1848

01:23:44,689 --> 01:23:43,820

you know I I'd love because I know these

1849

01:23:48,109 --> 01:23:44,699

things

1850

01:23:51,590 --> 01:23:48,119

weird exists so I sure would like to

1851
01:23:54,109 --> 01:23:51,600
find it and find supporting evidence I'm

1852
01:23:56,030 --> 01:23:54,119
not out to do you know if it's bunk it's

1853
01:23:56,870 --> 01:23:56,040
gonna be the bong simple as that it's

1854
01:23:58,729 --> 01:23:56,880
nothing wrong

1855
01:24:01,399 --> 01:23:58,739
that's what investigative research is

1856
01:24:04,010 --> 01:24:01,409
about and but I'm not gonna pump people

1857
01:24:05,930 --> 01:24:04,020
up and say you know no this was great

1858
01:24:08,410 --> 01:24:05,940
because it no it really wasn't but there

1859
01:24:10,669 --> 01:24:08,420
were some other ones that that need more

1860
01:24:14,030 --> 01:24:10,679
investigating because they may be more

1861
01:24:17,629 --> 01:24:14,040
promising sadly enough

1862
01:24:21,470 --> 01:24:17,639
right right the one thing that these

1863
01:24:23,479 --> 01:24:21,480

cryptids along with UFOs all have in

1864

01:24:26,629 --> 01:24:23,489

common is they're elusive you know I

1865

01:24:28,970 --> 01:24:26,639

mean that's the number one thing when it

1866

01:24:31,189 --> 01:24:28,980

comes to trying to understand what

1867

01:24:35,149 --> 01:24:31,199

people are seeing is they're elusive

1868

01:24:38,479 --> 01:24:35,159

it's not something repeatable you know

1869

01:24:43,310 --> 01:24:38,489

you can't grab it catch it find evidence

1870

01:24:45,260 --> 01:24:43,320

of it bones you know a place where it

1871

01:24:48,709 --> 01:24:45,270

lives any of that then you know whatever

1872

01:24:52,040 --> 01:24:48,719

it would be no I think the human

1873

01:24:54,109 --> 01:24:52,050

narrative is important of a witness but

1874

01:24:58,070 --> 01:24:54,119

if you don't have a person to stand

1875

01:24:59,930 --> 01:24:58,080

witness just to even question to even at

1876
01:25:01,580 --> 01:24:59,940
least give their identity and shake your

1877
01:25:03,919 --> 01:25:01,590
hand or look in the eye and tell their

1878
01:25:07,340 --> 01:25:03,929
story how far can you go with it and

1879
01:25:10,070 --> 01:25:07,350
this is the problem with the cyber the

1880
01:25:13,280 --> 01:25:10,080
cyber reality the cyber potential of

1881
01:25:16,250 --> 01:25:13,290
cyber hoaxing and cyber flaps and

1882
01:25:18,919 --> 01:25:16,260
interfering with genuinely good quality

1883
01:25:20,570 --> 01:25:18,929
reports from seriously honest people

1884
01:25:23,149 --> 01:25:20,580
that don't want to screw around but tell

1885
01:25:27,229 --> 01:25:23,159
you their honest truth you know what

1886
01:25:30,050 --> 01:25:27,239
they saw as they saw it and because it's

1887
01:25:30,620 --> 01:25:30,060
inexplicable doesn't mean it didn't

1888
01:25:33,649 --> 01:25:30,630

happen

1889

01:25:36,229 --> 01:25:33,659

and and we have to give some some degree

1890

01:25:38,510 --> 01:25:36,239

of credence to something at least being

1891

01:25:43,430 --> 01:25:38,520

honest when they want to bring that

1892

01:25:48,530 --> 01:25:43,440

forward I think right you know you going

1893

01:25:51,350 --> 01:25:48,540

back to Mothman how would someone

1894

01:25:53,149 --> 01:25:51,360

separate that from you hear about people

1895

01:25:57,020 --> 01:25:53,159

talking about or I think I heard you

1896

01:25:58,129 --> 01:25:57,030

talk about it pterodactyl like creatures

1897

01:26:03,609 --> 01:25:58,139

people have talked about

1898

01:26:06,259 --> 01:26:03,619

Thunderbird you know sightings a lot of

1899

01:26:08,569 --> 01:26:06,269

and you mentioned earlier when that bird

1900

01:26:11,899 --> 01:26:08,579

picked someone up supposedly with

1901

01:26:16,100 --> 01:26:11,909

witnesses don't you find this is all

1902

01:26:18,109 --> 01:26:16,110

like I know you know something is

1903

01:26:20,389 --> 01:26:18,119

happening but don't you just think it's

1904

01:26:26,540 --> 01:26:20,399

kind of weird that we can't find

1905

01:26:28,339 --> 01:26:26,550

anything yes yeah I think it's weird I

1906

01:26:31,580 --> 01:26:28,349

think it's very weird there has to be

1907

01:26:33,500 --> 01:26:31,590

some sort of evidence be something well

1908

01:26:35,750 --> 01:26:33,510

especially physical evidence in that

1909

01:26:37,250 --> 01:26:35,760

case there was there was physical

1910

01:26:40,459 --> 01:26:37,260

evidence and there were multiple

1911

01:26:44,290 --> 01:26:40,469

witnesses then the other thing it was

1912

01:26:46,790 --> 01:26:44,300

there was a sighting not far from there

1913

01:26:49,819 --> 01:26:46,800

soon thereafter so there was multiple

1914

01:26:53,299 --> 01:26:49,829

sightings of their very same large birds

1915

01:26:55,279 --> 01:26:53,309

very same cryptids so the thing is that

1916

01:26:57,560 --> 01:26:55,289

reinforces it and they did come forward

1917

01:26:59,239 --> 01:26:57,570

was even the newspaper the witnesses

1918

01:27:01,310 --> 01:26:59,249

came forward were able to talk to them

1919

01:27:03,830 --> 01:27:01,320

the problem here is they're coming

1920

01:27:08,239 --> 01:27:03,840

forward were not be able to or not

1921

01:27:10,040 --> 01:27:08,249

coming forward or just not even

1922

01:27:13,069 --> 01:27:10,050

anonymous Terr their mysteries they're

1923

01:27:15,199 --> 01:27:13,079

ghosts that isn't a witness so they did

1924

01:27:17,979 --> 01:27:15,209

come forward do you have some evidence

1925

01:27:21,560 --> 01:27:17,989

but do we have anything beyond that no

1926

01:27:24,500 --> 01:27:21,570

hmm now I sure would like that you know

1927

01:27:28,639 --> 01:27:24,510

yeah we all would Bobby wants to know

1928

01:27:30,770 --> 01:27:28,649

did you have a connection with were

1929

01:27:32,810 --> 01:27:30,780

there a connection with any police

1930

01:27:37,609 --> 01:27:32,820

involved in any of these Mothman

1931

01:27:40,159 --> 01:27:37,619

sightings yes there was supposedly a the

1932

01:27:43,580 --> 01:27:40,169

Ashbourne gresham district there was

1933

01:27:45,589 --> 01:27:43,590

supposedly two police officers that were

1934

01:27:47,479 --> 01:27:45,599

out there and they seen something that

1935

01:27:49,159 --> 01:27:47,489

appeared to be somebody jumping off of a

1936

01:27:52,129 --> 01:27:49,169

building and it didn't jump off it flew

1937

01:27:56,799 --> 01:27:52,139

away and they filed a report the report

1938

01:27:59,659 --> 01:27:56,809

was not accessible by multiple people my

1939

01:28:02,089 --> 01:27:59,669

my person that went there was from the

1940

01:28:06,409 --> 01:28:02,099

district originally spent many years

1941

01:28:09,799 --> 01:28:06,419

there and there is nothing there they

1942

01:28:11,300 --> 01:28:09,809

couldn't find any report so if there's a

1943

01:28:14,900 --> 01:28:11,310

report

1944

01:28:17,360 --> 01:28:14,910

we don't know where it is and nobody at

1945

01:28:20,780 --> 01:28:17,370

the station had clue what they're even

1946

01:28:24,100 --> 01:28:20,790

talking about so what do you do so you

1947

01:28:27,440 --> 01:28:24,110

think that was a false story well I'm

1948

01:28:29,900 --> 01:28:27,450

talking to police officers that actually

1949

01:28:32,630 --> 01:28:29,910

read the report it didn't read right as

1950

01:28:35,510 --> 01:28:32,640

something as even being submitted by a

1951

01:28:40,610 --> 01:28:35,520

police officer so that it is

1952

01:28:42,350 --> 01:28:40,620

questionable now that's a shame because

1953

01:28:45,950 --> 01:28:42,360

then somebody is pretending to be a

1954

01:28:48,920 --> 01:28:45,960

police officer but it seems like a lot

1955

01:28:51,380 --> 01:28:48,930

of these reports are coming in and it's

1956

01:28:55,370 --> 01:28:51,390

like okay today creative writing class

1957

01:28:58,280 --> 01:28:55,380

and you're gonna be a housewife with be

1958

01:29:01,490 --> 01:28:58,290

a soccer mom with three kids or you're

1959

01:29:04,610 --> 01:29:01,500

gonna be a this or that you're gonna be

1960

01:29:08,750 --> 01:29:04,620

a police officer or you're gonna be you

1961

01:29:12,200 --> 01:29:08,760

know change hats or whatever I don't

1962

01:29:13,880 --> 01:29:12,210

know I would say this is the problem

1963

01:29:18,530 --> 01:29:13,890

that we're dealing with and it's hard to

1964

01:29:22,670 --> 01:29:18,540

tell what the heck is going on it's

1965

01:29:25,580 --> 01:29:22,680

frustrating as all hell yeah yeah this

1966

01:29:27,680 --> 01:29:25,590

someone posted that there was a someone

1967

01:29:30,950 --> 01:29:27,690

reported a flying man down in Ocala

1968

01:29:32,900 --> 01:29:30,960

Florida yes all out what can you do that

1969

01:29:35,360 --> 01:29:32,910

came in I think last week uh-huh

1970

01:29:37,370 --> 01:29:35,370

so do you follow because you were

1971

01:29:40,820 --> 01:29:37,380

looking into this are you following what

1972

01:29:43,730 --> 01:29:40,830

other similar sightings are around the

1973

01:29:45,260 --> 01:29:43,740

country I look at them but you know I'd

1974

01:29:47,360 --> 01:29:45,270

also like to see if they have any

1975

01:29:49,280 --> 01:29:47,370

photographs they have any evidence

1976

01:29:52,010 --> 01:29:49,290

how many supportive witnesses came

1977

01:29:53,750 --> 01:29:52,020

forward you know information like that

1978

01:29:56,120 --> 01:29:53,760

is it just another creative relative

1979

01:29:59,320 --> 01:29:56,130

creative narrative in another state or

1980

01:30:01,700 --> 01:29:59,330

another county another city I don't know

1981

01:30:03,860 --> 01:30:01,710

because we get that going on too

1982

01:30:06,740 --> 01:30:03,870

once there is a flap once there's a

1983

01:30:09,170 --> 01:30:06,750

sighting a mass sighting or something

1984

01:30:12,500 --> 01:30:09,180

along line of a flap it just builds on

1985

01:30:14,840 --> 01:30:12,510

itself it just it it had takes on a life

1986

01:30:19,070 --> 01:30:14,850

of its own so that's another problem you

1987

01:30:23,170 --> 01:30:19,080

have to sort out I haven't heard of any

1988

01:30:25,190 --> 01:30:23,180

other new sighting since October 27th I

1989

01:30:28,850 --> 01:30:25,200

haven't heard anything

1990

01:30:30,890 --> 01:30:28,860

except for the one down in Florida now

1991

01:30:33,500 --> 01:30:30,900

it could be the time of the year that

1992

01:30:37,880 --> 01:30:33,510

you know Mothman does go south I don't

1993

01:30:40,160 --> 01:30:37,890

know that bags snow birding it no birdie

1994

01:30:40,640 --> 01:30:40,170

it what do you think I'm crazy I'm out

1995

01:30:42,230 --> 01:30:40,650

of here

1996

01:30:47,960 --> 01:30:42,240

they're already salt in the streets

1997

01:30:52,120 --> 01:30:47,970

tonight so or God yeah yeah well I think

1998

01:30:54,620 --> 01:30:52,130

I think we can move on to other subjects

1999

01:30:56,900 --> 01:30:54,630

okay and I want to thank you so much for

2000

01:31:00,620 --> 01:30:56,910

for looking into this I think it's

2001
01:31:03,110 --> 01:31:00,630
fascinating and I'm sure you and I as we

2002
01:31:04,970 --> 01:31:03,120
always do we'll stay in touch and we'll

2003
01:31:08,420 --> 01:31:04,980
hear what you know progresses if more

2004
01:31:10,910 --> 01:31:08,430
happens sure yeah so I want to ask you

2005
01:31:13,070 --> 01:31:10,920
have you been working on have you put

2006
01:31:16,520 --> 01:31:13,080
everything else aside or have you looked

2007
01:31:18,590 --> 01:31:16,530
into any other UFO cases going on well

2008
01:31:20,690 --> 01:31:18,600
we're going to be reopening doing more

2009
01:31:26,780 --> 01:31:20,700
work on the Tinley Park case because we

2010
01:31:28,700 --> 01:31:26,790
did find that footage from 2000 the

2011
01:31:31,580 --> 01:31:28,710
person who shot it was Nancy carpenter

2012
01:31:32,750 --> 01:31:31,590
she shot some footage down on Southern

2013
01:31:36,260 --> 01:31:32,760

and Southern Illinois I think it was

2014

01:31:38,600 --> 01:31:36,270

January the 4th was before the big

2015

01:31:42,130 --> 01:31:38,610

sighting down with the police officers

2016

01:31:47,330 --> 01:31:42,140

and mill stat Highland mill stat do pó

2017

01:31:51,200 --> 01:31:47,340

that footage there is multiple points of

2018

01:31:54,500 --> 01:31:51,210

light and the one seems to arc all the

2019

01:31:56,960 --> 01:31:54,510

way around the other and the one in the

2020

01:32:01,820 --> 01:31:56,970

and the very center has this little line

2021

01:32:03,530 --> 01:32:01,830

of light shining pointing at it and I

2022

01:32:06,200 --> 01:32:03,540

personally feel it's the edge of an

2023

01:32:10,910 --> 01:32:06,210

object and it swoops all the way down

2024

01:32:13,130 --> 01:32:10,920

and we did it cross comparison to the

2025

01:32:18,470 --> 01:32:13,140

chimbley Park scenario did the same

2026

01:32:21,710 --> 01:32:18,480

thing in 2004 so we may be dealing with

2027

01:32:24,620 --> 01:32:21,720

exactly the same type of craft and or

2028

01:32:27,950 --> 01:32:24,630

something a similar type of object or

2029

01:32:30,070 --> 01:32:27,960

craft doing the same maneuverability but

2030

01:32:32,870 --> 01:32:30,080

it just shows that it's it's not falling

2031

01:32:35,510 --> 01:32:32,880

it's arcing it's something attached in

2032

01:32:38,910 --> 01:32:35,520

time-space and it's moving so that just

2033

01:32:42,420 --> 01:32:38,920

adds a little more intrigue to the 2k

2034

01:32:45,480 --> 01:32:42,430

and the possibility that what was down

2035

01:32:49,530 --> 01:32:45,490

there and those police officers were

2036

01:32:51,990 --> 01:32:49,540

fouling around for hope for hours

2037

01:32:54,690 --> 01:32:52,000

actually because went into Missouri and

2038

01:32:57,660 --> 01:32:54,700

police officers directly underneath it

2039

01:32:59,100 --> 01:32:57,670

and they were seeing this massive one of

2040

01:33:03,660 --> 01:32:59,110

the mass of objects we knew there was

2041

01:33:06,420 --> 01:33:03,670

three a rectangular object a triangular

2042

01:33:09,180 --> 01:33:06,430

object with a concave and then one more

2043

01:33:14,850 --> 01:33:09,190

of a one more larger isosceles type

2044

01:33:16,950 --> 01:33:14,860

object and in Tinley Park on the October

2045

01:33:20,160 --> 01:33:16,960

thirty-first sighting we had multiple

2046

01:33:22,740 --> 01:33:20,170

objects we had the orange orbs we had a

2047

01:33:25,860 --> 01:33:22,750

horseshoe shaped object with a boom on

2048

01:33:28,200 --> 01:33:25,870

the top and then we had the large

2049

01:33:30,900 --> 01:33:28,210

isosceles so we had three different

2050

01:33:33,630 --> 01:33:30,910

types on October 31st

2051

01:33:35,640 --> 01:33:33,640

now it's hard you know it's like when

2052

01:33:37,740 --> 01:33:35,650

you're dealing with cases like this with

2053

01:33:39,780 --> 01:33:37,750

footage than people I want to talk to

2054

01:33:42,000 --> 01:33:39,790

you and then to go into something we

2055

01:33:44,220 --> 01:33:42,010

just get narratives it's it's hard to

2056

01:33:45,980 --> 01:33:44,230

explain to people can you see the

2057

01:33:49,230 --> 01:33:45,990

difference here and the quality of of

2058

01:33:54,450 --> 01:33:49,240

case study you know what you're dealing

2059

01:33:56,460 --> 01:33:54,460

with and now with that footage possibly

2060

01:33:58,890 --> 01:33:56,470

I'm possibly going to have it back in my

2061

01:34:02,010 --> 01:33:58,900

hands again to do further analysis and

2062

01:34:04,050 --> 01:34:02,020

if we do this it's going to be one heck

2063

01:34:06,000 --> 01:34:04,060

of a nice piece it's going to be a

2064

01:34:09,000 --> 01:34:06,010

little nice documentary at least a good

2065

01:34:09,510 --> 01:34:09,010

episode for something so it's in the

2066

01:34:12,480 --> 01:34:09,520

works

2067

01:34:14,820 --> 01:34:12,490

we're going to have that how many can

2068

01:34:19,430 --> 01:34:14,830

you remind me how many people were

2069

01:34:23,880 --> 01:34:19,440

actually came forward and witnessed that

2070

01:34:26,460 --> 01:34:23,890

let's say 200 200 200 yeah over 200 I

2071

01:34:28,860 --> 01:34:26,470

love mass sightings yes man Sonny's are

2072

01:34:31,950 --> 01:34:28,870

the best right yeah and you know

2073

01:34:33,870 --> 01:34:31,960

remember the Carteret sighting where was

2074

01:34:39,290 --> 01:34:33,880

that at New Jersey Curtin at New Jersey

2075

01:34:43,830 --> 01:34:39,300

was 2001 and territory at New Jersey is

2076

01:34:46,350 --> 01:34:43,840

well-documented radar data a very good

2077

01:34:48,660 --> 01:34:46,360

case and that one's kind of like fallen

2078

01:34:51,090 --> 01:34:48,670

by the wayside but I'd love to work on

2079

01:34:52,800 --> 01:34:51,100

all these to collectively because I

2080

01:34:54,470 --> 01:34:52,810

think mass sightings

2081

01:34:57,420 --> 01:34:54,480

the ones that are going to dictate

2082

01:35:00,060 --> 01:34:57,430

disclosure at least to the people with

2083

01:35:02,880 --> 01:35:00,070

with anything resembling a brain to

2084

01:35:05,490 --> 01:35:02,890

realize that that we do have something

2085

01:35:08,250 --> 01:35:05,500

here and they may say well isn't it

2086

01:35:11,640 --> 01:35:08,260

about time somebody says something okay

2087

01:35:15,000 --> 01:35:11,650

you know that'll take us somewhere mass

2088

01:35:18,930 --> 01:35:15,010

sightings not the the you know

2089

01:35:21,630 --> 01:35:18,940

mysterious narratives yeah I've heard I

2090

01:35:23,850 --> 01:35:21,640

had a conversation with someone about a

2091

01:35:25,140 --> 01:35:23,860

mass sighting they said well there are

2092

01:35:28,770 --> 01:35:25,150

mass illusions

2093

01:35:32,400 --> 01:35:28,780

you know mass hallucinations well okay

2094

01:35:34,230 --> 01:35:32,410

well here we are in 2017 and it's a

2095

01:35:36,840 --> 01:35:34,240

honey year anniversary again we talked

2096

01:35:39,840 --> 01:35:36,850

about this before but I like it I like

2097

01:35:42,570 --> 01:35:39,850

the topic yeah Fatima family what a

2098

01:35:44,040 --> 01:35:42,580

great mass sighting and what is it a

2099

01:35:45,870 --> 01:35:44,050

mass sighting sure I don't care what

2100

01:35:48,210 --> 01:35:45,880

your religious beliefs are call it

2101
01:35:50,250 --> 01:35:48,220
whatever you want but it happened and

2102
01:35:52,530 --> 01:35:50,260
there was physical trace evidence they

2103
01:35:55,260 --> 01:35:52,540
can't deny it and what do we think there

2104
01:35:58,350 --> 01:35:55,270
was some 30,000 people out there come on

2105
01:36:00,990 --> 01:35:58,360
that was a good one right that's right

2106
01:36:03,600 --> 01:36:01,000
and let me ask it because uh since we

2107
01:36:06,750 --> 01:36:03,610
talked about this last time I was

2108
01:36:10,050 --> 01:36:06,760
reading about it and it seems to me that

2109
01:36:15,270 --> 01:36:10,060
the religious aspect may have been added

2110
01:36:17,520 --> 01:36:15,280
after yes it was added afterwards and I

2111
01:36:21,410 --> 01:36:17,530
think it was it's both religious and

2112
01:36:24,810 --> 01:36:21,420
political understanding the state of the

2113
01:36:27,720 --> 01:36:24,820

of the politics and the church was was

2114

01:36:30,600 --> 01:36:27,730

being bashed something severe out there

2115

01:36:32,970 --> 01:36:30,610

and there was a lot of turmoil well this

2116

01:36:36,630 --> 01:36:32,980

is Wesley during the world war 1 right

2117

01:36:39,240 --> 01:36:36,640

oh yeah that's mighty no 17 right was

2118

01:36:42,960 --> 01:36:39,250

1917 so I mean just think of the world

2119

01:36:45,360 --> 01:36:42,970

oh but you know the climate of the world

2120

01:36:49,020 --> 01:36:45,370

in fact all these it's interesting to

2121

01:36:51,590 --> 01:36:49,030

see what's going on in the world for

2122

01:36:54,750 --> 01:36:51,600

many perspectives the social perspective

2123

01:36:56,580 --> 01:36:54,760

historical everything to look at what's

2124

01:36:58,770 --> 01:36:56,590

gone the environment and see if there's

2125

01:37:01,770 --> 01:36:58,780

causality or whatever is it just

2126
01:37:04,290 --> 01:37:01,780
whatever but there's war going on and

2127
01:37:06,689 --> 01:37:04,300
then this happens it takes place and

2128
01:37:10,410 --> 01:37:06,699
there's social strife

2129
01:37:12,779 --> 01:37:10,420
in Portugal horrible issues union

2130
01:37:14,580 --> 01:37:12,789
Fighting's and internal strife and and

2131
01:37:17,040 --> 01:37:14,590
then there is there and then there's

2132
01:37:18,839 --> 01:37:17,050
issues within the families and the

2133
01:37:21,569 --> 01:37:18,849
feminine the women were treated

2134
01:37:23,759 --> 01:37:21,579
something horrible so there was Turner

2135
01:37:27,330 --> 01:37:23,769
was a feminine movement and the church

2136
01:37:29,669 --> 01:37:27,340
was being really getting pushed around

2137
01:37:32,549 --> 01:37:29,679
because they were more of a fascist

2138
01:37:34,169 --> 01:37:32,559

element and overly conservative element

2139

01:37:37,620 --> 01:37:34,179

and they were trying to move them out of

2140

01:37:39,750 --> 01:37:37,630

the the social environment so I mean

2141

01:37:42,839 --> 01:37:39,760

there was a lot of upheaval going on and

2142

01:37:45,180 --> 01:37:42,849

here they have this this massive

2143

01:37:49,259 --> 01:37:45,190

sighting of something truly anomalous

2144

01:37:49,799 --> 01:37:49,269

and they embraced faith and they did so

2145

01:37:52,140 --> 01:37:49,809

willingly

2146

01:37:54,750 --> 01:37:52,150

I just think of many of the people that

2147

01:37:56,549 --> 01:37:54,760

came out there they were out there just

2148

01:38:00,120 --> 01:37:56,559

to see him how foolish these people were

2149

01:38:03,779 --> 01:38:00,130

and here they experienced crazy event

2150

01:38:05,729 --> 01:38:03,789

and and people standing in certain

2151

01:38:09,029 --> 01:38:05,739

locations experience different things

2152

01:38:11,189 --> 01:38:09,039

and as far as within the proximity of of

2153

01:38:13,199 --> 01:38:11,199

the object that flew over and it was an

2154

01:38:15,870 --> 01:38:13,209

object some people said they'd seen

2155

01:38:18,899 --> 01:38:15,880

something inside some people had

2156

01:38:22,020 --> 01:38:18,909

healings there was heat being felt no

2157

01:38:23,189 --> 01:38:22,030

doubt they were dried after being wet so

2158

01:38:24,029 --> 01:38:23,199

I mean a bunch of weird things

2159

01:38:27,449 --> 01:38:24,039

transpired

2160

01:38:29,819 --> 01:38:27,459

now whatever they want wasn't there a

2161

01:38:33,330 --> 01:38:29,829

claim that the Sun was falling or

2162

01:38:35,759 --> 01:38:33,340

something the disc and it was a desk and

2163

01:38:38,640 --> 01:38:35,769

they caught it they said yeah what's the

2164

01:38:40,850 --> 01:38:38,650

Sun it wasn't the Sun it was a disc was

2165

01:38:43,919 --> 01:38:40,860

he was what's an unidentified object

2166

01:38:46,319 --> 01:38:43,929

coming down and they were able to look

2167

01:38:49,709 --> 01:38:46,329

into this and they're able to see three

2168

01:38:52,949 --> 01:38:49,719

individuals some people of faith were

2169

01:38:55,350 --> 01:38:52,959

saying yes we saw we saw we saw Jesus

2170

01:38:56,969 --> 01:38:55,360

and Mary and Joseph

2171

01:38:59,040 --> 01:38:56,979

now I don't know if they had their ID

2172

01:39:01,709 --> 01:38:59,050

cards with them they're in littell I

2173

01:39:03,209 --> 01:39:01,719

think cracks me up I'm like okay you

2174

01:39:08,959 --> 01:39:03,219

know what they look like I don't know

2175

01:39:13,080 --> 01:39:08,969

but I was he did he have a toupee I

2176

01:39:17,040 --> 01:39:13,090

don't know this is so funny I but that's

2177

01:39:19,649 --> 01:39:17,050

what they said and what either way the

2178

01:39:20,560 --> 01:39:19,659

events took place and you know they spun

2179

01:39:22,870 --> 01:39:20,570

it the way they want

2180

01:39:25,000 --> 01:39:22,880

- is it any different than what's going

2181

01:39:26,830 --> 01:39:25,010

on today with these apparent sightings

2182

01:39:31,300 --> 01:39:26,840

people are spinning and any which way

2183

01:39:34,540 --> 01:39:31,310

they want to also I think you know they

2184

01:39:36,910 --> 01:39:34,550

sold a lot of newspapers so there's an

2185

01:39:39,600 --> 01:39:36,920

element there they may have used it to

2186

01:39:41,560 --> 01:39:39,610

just discount the Tinley Park sighting

2187

01:39:44,800 --> 01:39:41,570

they may you know you see what I'm

2188

01:39:47,380 --> 01:39:44,810

saying there's always something when

2189

01:39:49,450 --> 01:39:47,390

there's when there's interest of people

2190

01:39:51,370 --> 01:39:49,460

there's something gravitating the

2191

01:39:54,910 --> 01:39:51,380

interest of people spin it the way you

2192

01:39:57,610 --> 01:39:54,920

want it and that's the pros are doing it

2193

01:40:00,820 --> 01:39:57,620

I can see it now and they did it back

2194

01:40:02,920 --> 01:40:00,830

then they wanted to have salvation for

2195

01:40:05,260 --> 01:40:02,930

you know keep the church in Portugal I

2196

01:40:06,540 --> 01:40:05,270

think they did a good job it is the

2197

01:40:09,430 --> 01:40:06,550

number I think the number one

2198

01:40:13,800 --> 01:40:09,440

destination point in Portugal I think it

2199

01:40:16,900 --> 01:40:13,810

still is so it does get people there and

2200

01:40:19,000 --> 01:40:16,910

you know what was the year what do you

2201

01:40:20,860 --> 01:40:19,010

remember the year I can't recall the

2202

01:40:22,600 --> 01:40:20,870

year where they actually divulged the

2203

01:40:25,180 --> 01:40:22,610

information and we had it available for

2204

01:40:30,460 --> 01:40:25,190

people to examine where all this came in

2205

01:40:32,200 --> 01:40:30,470

I think was this their 70s or 80s but it

2206

01:40:34,900 --> 01:40:32,210

actually came about because they had a

2207

01:40:38,680 --> 01:40:34,910

freedom of information in Portugal and

2208

01:40:42,100 --> 01:40:38,690

the church had abide by it and and the

2209

01:40:43,960 --> 01:40:42,110

clerk she actually in the church there

2210

01:40:46,120 --> 01:40:43,970

many of them didn't even know that this

2211

01:40:48,130 --> 01:40:46,130

information was still there or even read

2212

01:40:51,490 --> 01:40:48,140

it that even though they weren't even

2213

01:40:53,080 --> 01:40:51,500

they were so well and you know they're

2214

01:40:55,360 --> 01:40:53,090

already indoctrinated they didn't even

2215

01:40:56,770 --> 01:40:55,370

need to read it and that's how it is no

2216

01:41:00,040 --> 01:40:56,780

different today people are so

2217

01:41:02,560 --> 01:41:00,050

indoctrinated on whatever they hear or

2218

01:41:05,260 --> 01:41:02,570

want to believe and it's matza believe

2219

01:41:07,780 --> 01:41:05,270

that they won't even pursue any research

2220

01:41:11,200 --> 01:41:07,790

or reading that's that but it's the way

2221

01:41:14,350 --> 01:41:11,210

it is have has there ever been other

2222

01:41:17,080 --> 01:41:14,360

sightings there after that period or

2223

01:41:18,730 --> 01:41:17,090

hand but before and afterwards yeah that

2224

01:41:20,890 --> 01:41:18,740

was part the part of the culture the

2225

01:41:26,530 --> 01:41:20,900

little woman the little lady was seen

2226

01:41:28,690 --> 01:41:26,540

before by people in the area and so the

2227

01:41:32,800 --> 01:41:28,700

the funny thing is we have a woman from

2228

01:41:34,359 --> 01:41:32,810

Portugal in our group and she knows the

2229

01:41:35,529 --> 01:41:34,369

whole story very well

2230

01:41:40,060 --> 01:41:35,539

she was to one it got me interested

2231

01:41:43,629 --> 01:41:40,070

reading more about it the so there is a

2232

01:41:48,040 --> 01:41:43,639

there is a legend and a myth about this

2233

01:41:50,350 --> 01:41:48,050

thing being seen before and it was well

2234

01:41:55,959 --> 01:41:50,360

known that these little people in fact

2235

01:41:59,589 --> 01:41:55,969

the area is is named relative to the

2236

01:42:02,589 --> 01:41:59,599

phenomena prior to this so there is a

2237

01:42:05,799 --> 01:42:02,599

history of it so it's nothing it wasn't

2238

01:42:07,929 --> 01:42:05,809

nothing new in 1917 at least were the

2239

01:42:10,239 --> 01:42:07,939

people living there now what about now

2240

01:42:13,179 --> 01:42:10,249

has anything happened in recent history

2241

01:42:18,520 --> 01:42:13,189

I don't think there has ever been

2242

01:42:23,080 --> 01:42:18,530

anything that dramatic as far as a mass

2243

01:42:26,889 --> 01:42:23,090

sighting as far as anything on that

2244

01:42:28,929 --> 01:42:26,899

large I mean we've had all sorts of

2245

01:42:31,299 --> 01:42:28,939

other sightings but nothing so

2246

01:42:33,759 --> 01:42:31,309

convincing I mean he had physical trace

2247

01:42:36,279 --> 01:42:33,769

evidence you had 30 to 60 thousand

2248

01:42:40,560 --> 01:42:36,289

people and not just one time it was

2249

01:42:43,919 --> 01:42:40,570

multiple sightings of at least

2250

01:42:46,509 --> 01:42:43,929

individuals or groups of individuals

2251
01:42:48,520 --> 01:42:46,519
multiple witnesses and then the mass

2252
01:42:51,060 --> 01:42:48,530
sightings so tell me did they these

2253
01:42:53,589 --> 01:42:51,070
thirty to sixty thousand people which I

2254
01:42:57,600 --> 01:42:53,599
I'm going to try to pull up a picture of

2255
01:43:03,159 --> 01:42:57,610
that coming up here in a minute and

2256
01:43:04,750 --> 01:43:03,169
those people that were there did they

2257
01:43:06,729 --> 01:43:04,760
just come from all over the world and

2258
01:43:09,520 --> 01:43:06,739
they just sit there and just wait and

2259
01:43:12,399 --> 01:43:09,530
yeah it happens they were waiting and

2260
01:43:14,979 --> 01:43:12,409
many of them because here you are you go

2261
01:43:16,899 --> 01:43:14,989
in there and it's and it was a a rainy

2262
01:43:20,259 --> 01:43:16,909
day they're sitting out in the rain on

2263
01:43:22,929 --> 01:43:20,269

the one day in particular many of them

2264

01:43:24,369 --> 01:43:22,939

were just to make fun of them because

2265

01:43:28,060 --> 01:43:24,379

they didn't think anything was going to

2266

01:43:32,469 --> 01:43:28,070

happen it was raining they were covered

2267

01:43:33,819 --> 01:43:32,479

in mud very uncomfortable and living in

2268

01:43:37,869 --> 01:43:33,829

an environment you know that we have

2269

01:43:40,270 --> 01:43:37,879

social strife going on Union strikes and

2270

01:43:43,060 --> 01:43:40,280

you've got you know be dragged into war

2271

01:43:45,159 --> 01:43:43,070

pretty soon they knew it on and on and

2272

01:43:46,629 --> 01:43:45,169

on there was all sorts of stuff so here

2273

01:43:48,219 --> 01:43:46,639

they're out there standing in the rain

2274

01:43:52,569 --> 01:43:48,229

and

2275

01:43:54,969 --> 01:43:52,579

doggone if it didn't happen some of

2276

01:43:56,790 --> 01:43:54,979

those folks other folks are there to

2277

01:44:00,790 --> 01:43:56,800

laugh at them and I think they got a

2278

01:44:07,029 --> 01:44:00,800

welcome surprise and what was the span

2279

01:44:09,339 --> 01:44:07,039

of time that this happened I mean as far

2280

01:44:12,129 --> 01:44:09,349

as since it started and then I'm going

2281

01:44:14,259 --> 01:44:12,139

it was it was a long it was months

2282

01:44:16,180 --> 01:44:14,269

months yes it was months and it was

2283

01:44:20,109 --> 01:44:16,190

pretty much on a certain day and I

2284

01:44:24,330 --> 01:44:20,119

forget what it was but then it's then it

2285

01:44:27,009 --> 01:44:24,340

stopped and then of course there were

2286

01:44:28,719 --> 01:44:27,019

the little boy and girl they said I

2287

01:44:32,739 --> 01:44:28,729

guess they knew they were gonna die soon

2288

01:44:34,479 --> 01:44:32,749

they did and then Lucia she was put into

2289

01:44:39,669 --> 01:44:34,489

a cloistered order and could not talk

2290

01:44:41,109 --> 01:44:39,679

about this how convenient and I mused

2291

01:44:43,180 --> 01:44:41,119

somebody that actually went to seeing

2292

01:44:47,560 --> 01:44:43,190

her because they were a relative that

2293

01:44:50,709 --> 01:44:47,570

was in 2003 but she died a couple of

2294

01:44:54,359 --> 01:44:50,719

years ago wasn't all that far back maybe

2295

01:44:57,100 --> 01:44:54,369

three years ago something like that and

2296

01:44:59,109 --> 01:44:57,110

but you know the thing was she was not

2297

01:45:07,899 --> 01:44:59,119

to talk about this and when there were

2298

01:45:11,049 --> 01:45:07,909

dead serious about it and boy amazing so

2299

01:45:13,239 --> 01:45:11,059

but I just putting a picture for people

2300

01:45:15,699 --> 01:45:13,249

watching YouTube I'm putting up a

2301

01:45:17,589 --> 01:45:15,709

picture now where people are like

2302

01:45:21,569 --> 01:45:17,599

kneeling and praying and looking up so

2303

01:45:26,830 --> 01:45:21,579

there was a religious tone to this

2304

01:45:29,319 --> 01:45:26,840

during that time and not after yes well

2305

01:45:32,379 --> 01:45:29,329

are they yes they had they felt there

2306

01:45:34,479 --> 01:45:32,389

was some sort of religious the the the

2307

01:45:38,500 --> 01:45:34,489

children felt there was something

2308

01:45:41,259 --> 01:45:38,510

religious tied into it at least one of

2309

01:45:43,390 --> 01:45:41,269

them did the other thing is the

2310

01:45:45,250 --> 01:45:43,400

religious element is huge when it comes

2311

01:45:49,750 --> 01:45:45,260

to ufology and the Phenom all these

2312

01:45:53,290 --> 01:45:49,760

phenomena sin general but in ufology I

2313

01:45:58,179 --> 01:45:53,300

just think of one account a friend of

2314

01:46:01,950 --> 01:45:58,189

mine who's passed on recently told me

2315

01:46:04,530 --> 01:46:01,960

about a front of hers who was a farmer

2316

01:46:07,830 --> 01:46:04,540

and UFO came down and she went out and

2317

01:46:10,020 --> 01:46:07,840

kneeled and prayed to it so I mean

2318

01:46:11,670 --> 01:46:10,030

people do things like this because they

2319

01:46:13,950 --> 01:46:11,680

know how to react and the first thing we

2320

01:46:16,010 --> 01:46:13,960

react to is some sort of they see

2321

01:46:20,310 --> 01:46:16,020

something that's outside of the realm

2322

01:46:21,810 --> 01:46:20,320

what they could relate to so you better

2323

01:46:24,990 --> 01:46:21,820

pray to the darn thing because it made

2324

01:46:28,950 --> 01:46:25,000

us eat you who knows I don't fit sphere

2325

01:46:32,550 --> 01:46:28,960

or if it's something but it's not

2326
01:46:35,490 --> 01:46:32,560
uncommon tell you that much yeah the

2327
01:46:39,660 --> 01:46:35,500
religious element comes in huge and

2328
01:46:41,520 --> 01:46:39,670
today that is another factor in a part

2329
01:46:44,640 --> 01:46:41,530
of what I have to deal with when you're

2330
01:46:46,709 --> 01:46:44,650
out there talking to people about the

2331
01:46:51,180 --> 01:46:46,719
subject matter is that there is such a

2332
01:46:54,630 --> 01:46:51,190
strong disdain from certain religious

2333
01:46:57,000 --> 01:46:54,640
elements about the subject matter to

2334
01:46:59,459 --> 01:46:57,010
even talk about it and if you do talk

2335
01:47:02,270 --> 01:46:59,469
about it has to be basically ushered

2336
01:47:06,060 --> 01:47:02,280
into two categories good or bad and

2337
01:47:08,160 --> 01:47:06,070
demonic or angelic verses I don't know

2338
01:47:13,530 --> 01:47:08,170

what it is but I'd sure like to I'm just

2339

01:47:20,640 --> 01:47:13,540

investigating it and that I find real

2340

01:47:23,520 --> 01:47:20,650

interesting - mm-hmm so what did they as

2341

01:47:26,400 --> 01:47:23,530

time went on as far as you know what did

2342

01:47:28,260 --> 01:47:26,410

they come up with with what was

2343

01:47:30,060 --> 01:47:28,270

happening you know I mean there must

2344

01:47:32,130 --> 01:47:30,070

have with all these people getting

2345

01:47:36,540 --> 01:47:32,140

involved you know there must have been

2346

01:47:38,670 --> 01:47:36,550

such attention that say Puerto Rico the

2347

01:47:41,010 --> 01:47:38,680

port I mean the Portugal government

2348

01:47:43,740 --> 01:47:41,020

itself must have got involved in and

2349

01:47:45,690 --> 01:47:43,750

what was happening they did they got

2350

01:47:47,490 --> 01:47:45,700

involved and they were very concerned

2351

01:47:49,050 --> 01:47:47,500

about this because it was getting a lot

2352

01:47:51,959 --> 01:47:49,060

of publicity and they know which way it

2353

01:47:54,990 --> 01:47:51,969

was gonna go I think they sat down and

2354

01:47:58,830 --> 01:47:55,000

they said you know well let's make a

2355

01:48:02,180 --> 01:47:58,840

decision on this and try to quell it try

2356

01:48:06,380 --> 01:48:02,190

to keep it quiet and that's I think

2357

01:48:09,630 --> 01:48:06,390

where the Kois your order and having her

2358

01:48:12,030 --> 01:48:09,640

started off to a choice turd order you

2359

01:48:15,880 --> 01:48:12,040

know what they had to do something had

2360

01:48:18,430 --> 01:48:15,890

to take place to control too many people

2361

01:48:20,740 --> 01:48:18,440

too many fears this was a very real

2362

01:48:23,530 --> 01:48:20,750

event you can't say the 30,000 people

2363

01:48:26,890 --> 01:48:23,540

are all crazy something happened you

2364

01:48:28,900 --> 01:48:26,900

know better give it an identity that we

2365

01:48:32,260 --> 01:48:28,910

could all have some degree of control

2366

01:48:35,440 --> 01:48:32,270

over or at least have some element of of

2367

01:48:37,840 --> 01:48:35,450

comfort instead of fear and I and I

2368

01:48:39,280 --> 01:48:37,850

think you know in mass sightings the

2369

01:48:41,800 --> 01:48:39,290

first thing you don't want to do is

2370

01:48:44,200 --> 01:48:41,810

instill fear you don't want to do that

2371

01:48:45,850 --> 01:48:44,210

I know at least you know and out here

2372

01:48:49,060 --> 01:48:45,860

Tinley Park the police department

2373

01:48:51,010 --> 01:48:49,070

fantastic police department and you know

2374

01:48:53,350 --> 01:48:51,020

the thing is they were getting calls

2375

01:48:55,720 --> 01:48:53,360

like you wouldn't believe

2376

01:48:57,490 --> 01:48:55,730

hundreds and hundreds of calls or there

2377

01:48:59,920 --> 01:48:57,500

was and people were stopping in the

2378

01:49:02,080 --> 01:48:59,930

street going out looking and this

2379

01:49:05,700 --> 01:49:02,090

happens and so you have disorder and

2380

01:49:08,440 --> 01:49:05,710

you're trying to keep order and you have

2381

01:49:11,170 --> 01:49:08,450

the kooky stuff that does go on that it

2382

01:49:14,500 --> 01:49:11,180

really does need to have your attention

2383

01:49:17,380 --> 01:49:14,510

still go on meanwhile they got this so I

2384

01:49:19,030 --> 01:49:17,390

don't think it's a blessing to say you

2385

01:49:22,510 --> 01:49:19,040

know that in these mass sightings take

2386

01:49:25,240 --> 01:49:22,520

place what happens to the social order

2387

01:49:28,990 --> 01:49:25,250

it gets pretty screwed up pretty darn

2388

01:49:31,600 --> 01:49:29,000

quick so you have to put a kibosh on

2389

01:49:35,260 --> 01:49:31,610

some of the fear and leave some degree

2390

01:49:38,560 --> 01:49:35,270

of control and I can understand it yeah

2391

01:49:40,660 --> 01:49:38,570

how how did this end it was there any

2392

01:49:44,680 --> 01:49:40,670

type of an event that made this thing

2393

01:49:46,860 --> 01:49:44,690

stopped that made it stop I mean that

2394

01:49:49,990 --> 01:49:46,870

you know was there any type of event

2395

01:49:53,310 --> 01:49:50,000

tied to its stopping I guess that's the

2396

01:49:56,950 --> 01:49:53,320

question or did it just just fade out

2397

01:50:00,220 --> 01:49:56,960

well the last sighting as I recall I

2398

01:50:04,600 --> 01:50:00,230

don't recall anything beyond that you

2399

01:50:09,760 --> 01:50:04,610

know the last event the three the three

2400

01:50:11,410 --> 01:50:09,770

kids were taken and the one was put into

2401
01:50:13,630 --> 01:50:11,420
a cloistered order the two other died

2402
01:50:14,730 --> 01:50:13,640
from I believe they died from the flu

2403
01:50:18,220 --> 01:50:14,740
[Music]

2404
01:50:18,760 --> 01:50:18,230
there wasn't you know basically the

2405
01:50:22,710 --> 01:50:18,770
church

2406
01:50:26,830 --> 01:50:22,720
and put it into the fold of a religious

2407
01:50:29,320 --> 01:50:26,840
apparition and they had built the a

2408
01:50:32,170 --> 01:50:29,330
monument there that shrine

2409
01:50:36,490 --> 01:50:32,180
and basically incorporated into

2410
01:50:39,250 --> 01:50:36,500
religious doctrine so that's what it is

2411
01:50:41,020 --> 01:50:39,260
it's it's another religious event and

2412
01:50:44,560 --> 01:50:41,030
that's how it's been

2413
01:50:47,230 --> 01:50:44,570

now do Portugal do people go there today

2414

01:50:52,060 --> 01:50:47,240

expecting to get healed is it one of the

2415

01:50:53,920 --> 01:50:52,070

places that people go yes yes that you

2416

01:50:55,390 --> 01:50:53,930

know the funny thing is the the mind

2417

01:50:57,160 --> 01:50:55,400

could do a lot of things and there may

2418

01:50:59,320 --> 01:50:57,170

be some element there that you know

2419

01:51:02,260 --> 01:50:59,330

another substrate that may allow

2420

01:51:04,420 --> 01:51:02,270

something that's innate to us to spring

2421

01:51:08,350 --> 01:51:04,430

forth I recall my father when he was

2422

01:51:10,630 --> 01:51:08,360

dying with leukemia one doctor said that

2423

01:51:15,120 --> 01:51:10,640

you see a faith healer and he was dead

2424

01:51:17,920 --> 01:51:15,130

serious so I don't discount all this

2425

01:51:20,440 --> 01:51:17,930

other stuff that some people may call

2426
01:51:23,110 --> 01:51:20,450
who because there may be something to

2427
01:51:29,410 --> 01:51:23,120
it at a level that we can't understand

2428
01:51:33,730 --> 01:51:29,420
you know who knows but it's it is

2429
01:51:36,670 --> 01:51:33,740
interesting really really yeah so yeah

2430
01:51:39,040 --> 01:51:36,680
they don't get much more you wouldn't

2431
01:51:41,440 --> 01:51:39,050
call anything much more of a mass

2432
01:51:43,450 --> 01:51:41,450
sighting than you would that yeah thirty

2433
01:51:46,600 --> 01:51:43,460
to sixty thousand people yeah that's

2434
01:51:51,160 --> 01:51:46,610
that's a big one I know they you know

2435
01:51:53,020 --> 01:51:51,170
the a few other sightings Phoenix was a

2436
01:51:55,450 --> 01:51:53,030
big sighting but I think Tinley was

2437
01:51:57,730 --> 01:51:55,460
pretty darn close as far as the amount

2438
01:52:03,310 --> 01:51:57,740

of people larger population thinker

2439

01:52:05,550 --> 01:52:03,320

pretty close you know the Battle of LA

2440

01:52:08,500 --> 01:52:05,560

whether it's a weather balloon or

2441

01:52:10,780 --> 01:52:08,510

whatever you'd think I think one person

2442

01:52:13,390 --> 01:52:10,790

you may want to have on the show is Dave

2443

01:52:16,930 --> 01:52:13,400

marler to talk about his research in the

2444

01:52:21,280 --> 01:52:16,940

Battle of LA you saw that break at work

2445

01:52:23,470 --> 01:52:21,290

yeah I've had him on and I have tried

2446

01:52:26,560 --> 01:52:23,480

about five times to get him to come on

2447

01:52:27,760 --> 01:52:26,570

about that he just keeps the last time

2448

01:52:29,680 --> 01:52:27,770

he didn't write me back

2449

01:52:32,110 --> 01:52:29,690

but he usually writes me back and just

2450

01:52:37,870 --> 01:52:32,120

says he's just absolutely swamped he's a

2451
01:52:40,450 --> 01:52:37,880
very busy guy yes and hopefully yeah oh

2452
01:52:41,240 --> 01:52:40,460
oh maybe we can influence him yeah I'll

2453
01:52:43,340 --> 01:52:41,250
give him a call

2454
01:52:45,310 --> 01:52:43,350
[Laughter]

2455
01:52:49,510 --> 01:52:45,320
well this is we're getting we got about

2456
01:52:53,150 --> 01:52:49,520
about six minutes left so is there

2457
01:52:54,650 --> 01:52:53,160
anything else you are going to be

2458
01:52:59,750 --> 01:52:54,660
working on I mean this Tenley Park

2459
01:53:00,800 --> 01:52:59,760
sounds like a pretty big deal is there

2460
01:53:05,150 --> 01:53:00,810
anything else you're going to be working

2461
01:53:10,490 --> 01:53:05,160
on right now I'm trying to put together

2462
01:53:12,830 --> 01:53:10,500
a very simplified process of doing a

2463
01:53:14,690 --> 01:53:12,840

triage on these cases when they come in

2464

01:53:18,620 --> 01:53:14,700

sometime I'm working on that like

2465

01:53:21,230 --> 01:53:18,630

redoing the Hynek Valley analysis but

2466

01:53:24,020 --> 01:53:21,240

for more of a triage and and and doing

2467

01:53:26,420 --> 01:53:24,030

it in mind of of what we're doing

2468

01:53:28,490 --> 01:53:26,430

dealing with with the cyber reality

2469

01:53:29,810 --> 01:53:28,500

today in other words things are a little

2470

01:53:36,170 --> 01:53:29,820

bit different now and we have to

2471

01:53:37,970 --> 01:53:36,180

readjust it going into coming in off the

2472

01:53:40,070 --> 01:53:37,980

computer and I think that's going to

2473

01:53:42,680 --> 01:53:40,080

help quite a bit I'm going to be working

2474

01:53:44,600 --> 01:53:42,690

on again tinleigh got a few other cases

2475

01:53:47,690 --> 01:53:44,610

going to be opening up a very

2476

01:53:53,900 --> 01:53:47,700

interesting case took place and the 70s

2477

01:53:56,930 --> 01:53:53,910

in the the area of the like Fox Lake

2478

01:54:01,280 --> 01:53:56,940

mistake area that way was grass lake

2479

01:54:05,270 --> 01:54:01,290

case a very good case with ongoing

2480

01:54:07,520 --> 01:54:05,280

events multiple sightings multiple

2481

01:54:09,980 --> 01:54:07,530

witnesses physical trace evidence and

2482

01:54:12,320 --> 01:54:09,990

it's one of these old cases that has a

2483

01:54:14,030 --> 01:54:12,330

lot of information that hasn't been

2484

01:54:16,790 --> 01:54:14,040

looked at a long time and I think it's

2485

01:54:19,250 --> 01:54:16,800

definitely worth they going to begin so

2486

01:54:22,700 --> 01:54:19,260

that and I hope to take some adventure

2487

01:54:25,970 --> 01:54:22,710

up north and work my way up the Ice Age

2488

01:54:30,260 --> 01:54:25,980

Trail and look at some of the Nama Lee's

2489

01:54:32,180 --> 01:54:30,270

tons of anomalies up there in Wisconsin

2490

01:54:33,230 --> 01:54:32,190

that's what I've been doing in spring Oh

2491

01:54:35,210 --> 01:54:33,240

excellent

2492

01:54:38,120 --> 01:54:35,220

someone wrote earlier they wanted to

2493

01:54:41,300 --> 01:54:38,130

know if you have ever followed any like

2494

01:54:44,990 --> 01:54:41,310

us so sightings in Lake Michigan yes

2495

01:54:48,290 --> 01:54:45,000

I've had a few witnesses talk about USO

2496

01:54:51,200 --> 01:54:48,300

sightings one gentleman came to me

2497

01:54:53,960 --> 01:54:51,210

because of shin Lee Park sighting and he

2498

01:54:56,060 --> 01:54:53,970

had witnessed multiple large objects

2499

01:54:58,180 --> 01:54:56,070

coming out of Lake Michigan everyone

2500

01:55:02,330 --> 01:54:58,190

so while we get stories about them and

2501
01:55:03,860 --> 01:55:02,340
when you take a peek at the some of the

2502
01:55:07,130 --> 01:55:03,870
sightings from Michigan some of the big

2503
01:55:10,700 --> 01:55:07,140
sightings that took place in the South

2504
01:55:13,820 --> 01:55:10,710
Haven area take a peek at some of those

2505
01:55:15,920 --> 01:55:13,830
reports where the information or the

2506
01:55:18,170 --> 01:55:15,930
radar data seems to like fall off once

2507
01:55:22,940 --> 01:55:18,180
it went over the Lake Michigan now did

2508
01:55:26,540 --> 01:55:22,950
they go into the lake or not so I think

2509
01:55:29,270 --> 01:55:26,550
the maritime research and us owes and

2510
01:55:31,750 --> 01:55:29,280
the Great Lakes really needs to be taken

2511
01:55:34,910 --> 01:55:31,760
a peek at there's there is a whole

2512
01:55:35,660 --> 01:55:34,920
volume of information it needs to be

2513
01:55:37,670 --> 01:55:35,670

looked at

2514

01:55:40,040 --> 01:55:37,680

not just currently but also historically

2515

01:55:43,400 --> 01:55:40,050

so thanks for that question that's a

2516

01:55:45,350 --> 01:55:43,410

good one yeah oh actually isn't the

2517

01:55:49,550 --> 01:55:45,360

northern part of Lake Michigan am I

2518

01:55:53,120 --> 01:55:49,560

thinking wrong that it borders Canada am

2519

01:55:56,660 --> 01:55:53,130

i think- orders no borders Canada so

2520

01:55:59,450 --> 01:55:56,670

just just devil's advocate if a plane

2521

01:56:02,270 --> 01:55:59,460

came in and it flew low under the radar

2522

01:56:06,470 --> 01:56:02,280

it could go right in to Canada couldn't

2523

01:56:10,460 --> 01:56:06,480

it on Lake Michigan probably I mean yeah

2524

01:56:11,570 --> 01:56:10,470

it was just a thought yeah I mean well

2525

01:56:13,520 --> 01:56:11,580

then you're getting picked up by

2526

01:56:16,640 --> 01:56:13,530

different radars the closer you get to

2527

01:56:18,020 --> 01:56:16,650

the border you should be getting picked

2528

01:56:20,630 --> 01:56:18,030

up because they're like you know they're

2529

01:56:22,700 --> 01:56:20,640

reversed triangles and the closer you go

2530

01:56:25,280 --> 01:56:22,710

in it's gonna be different to be getting

2531

01:56:26,510 --> 01:56:25,290

lower and lower as far as the ceilings

2532

01:56:29,420 --> 01:56:26,520

not going to be there but it's gonna be

2533

01:56:32,000 --> 01:56:29,430

lower yeah so yeah each one's different

2534

01:56:34,820 --> 01:56:32,010

and I know we only got we have two

2535

01:56:36,440 --> 01:56:34,830

minutes left but I know we have talked a

2536

01:56:37,940 --> 01:56:36,450

number of times about the O'Hare case

2537

01:56:39,710 --> 01:56:37,950

some people are writing in the chat room

2538

01:56:42,470 --> 01:56:39,720

earlier about that sure that's a

2539

01:56:44,720 --> 01:56:42,480

fascinating case and I'm just waiting

2540

01:56:46,910 --> 01:56:44,730

for the day when someone retires from

2541

01:56:50,390 --> 01:56:46,920

United Airlines and they're gonna open

2542

01:56:53,090 --> 01:56:50,400

their mouth and say what happened well I

2543

01:56:56,840 --> 01:56:53,100

actually had somebody do that it was a

2544

01:56:59,570 --> 01:56:56,850

manager he was underground working that

2545

01:57:02,000 --> 01:56:59,580

day he was inspecting the baggage it was

2546

01:57:04,550 --> 01:57:02,010

as he was in charge of inspecting the

2547

01:57:08,890 --> 01:57:04,560

baggage during that and he heard all

2548

01:57:10,450 --> 01:57:08,900

this chatter up on the B concourse

2549

01:57:13,000 --> 01:57:10,460

Hertz so I talked to his friend was a

2550

01:57:16,030 --> 01:57:13,010

manager and he was telling him he was

2551
01:57:19,149 --> 01:57:16,040
giving him a live report looking at this

2552
01:57:22,390 --> 01:57:19,159
thing directly below the clouds and so

2553
01:57:25,209 --> 01:57:22,400
he says it absolutely was there it was

2554
01:57:30,220 --> 01:57:25,219
an object it was below the clouds it was

2555
01:57:32,590 --> 01:57:30,230
a right above c-17 it was there no doubt

2556
01:57:36,340 --> 01:57:32,600
and he says I don't care what anybody

2557
01:57:38,610 --> 01:57:36,350
says it happened and it was there so now

2558
01:57:42,430 --> 01:57:38,620
that a lot of these people are retiring

2559
01:57:45,189 --> 01:57:42,440
they're becoming a little more you know

2560
01:57:47,649 --> 01:57:45,199
bold and and and they're coming out and

2561
01:57:50,950 --> 01:57:47,659
talking about it and that's great uh I

2562
01:57:52,930 --> 01:57:50,960
think in time we'll probably get maybe

2563
01:57:53,890 --> 01:57:52,940

even a picture would that be great that

2564

01:57:56,500 --> 01:57:53,900

would be wonderful

2565

01:57:58,060 --> 01:57:56,510

go Sam it's been great as always I

2566

01:58:00,880 --> 01:57:58,070

consider you a friend it's always fun

2567

01:58:03,729 --> 01:58:00,890

talking to you absolutely my friend you

2568

01:58:04,360 --> 01:58:03,739

take care all right you too goodbye all

2569

01:58:07,330 --> 01:58:04,370

right bye

2570

01:58:10,149 --> 01:58:07,340

all right everyone so thank you so much

2571

01:58:12,930 --> 01:58:10,159

for listening and again we are staying

2572

01:58:15,370 --> 01:58:12,940

on YouTube now for there's a very small

2573

01:58:18,430 --> 01:58:15,380

amount of people that have an interest

2574

01:58:21,970 --> 01:58:18,440

in my other real job and that's fine art

2575

01:58:24,490 --> 01:58:21,980

Nene and din and antiques and just to

2576
01:58:26,800 --> 01:58:24,500
let you know there was a painting that

2577
01:58:29,260 --> 01:58:26,810
sold for a world record price of three

2578
01:58:31,120 --> 01:58:29,270
four hundred fifty million dollars of da

2579
01:58:34,570 --> 01:58:31,130
Vinci I'm going to be talking to the

2580
01:58:37,570 --> 01:58:34,580
expert that authenticated that and had

2581
01:58:40,990 --> 01:58:37,580
worked with it right from you know from

2582
01:58:43,689 --> 01:58:41,000
back in 2005 on so he'll be on the show

2583
01:58:47,020 --> 01:58:43,699
live on Saturday morning this coming

2584
01:58:48,310 --> 01:58:47,030
Saturday morning at 10 o'clock in the

2585
01:58:50,350 --> 01:58:48,320
morning

2586
01:58:52,630 --> 01:58:50,360
so that's anyone that has any interest

2587
01:58:54,939 --> 01:58:52,640
in fine art and antiques that show will

2588
01:58:56,919 --> 01:58:54,949

be on YouTube as well and I also have a

2589

01:58:58,060 --> 01:58:56,929

podcast the antique auction forum where

2590

01:59:00,459 --> 01:58:58,070

that goes

2591

01:59:02,020 --> 01:59:00,469

that's where that lives so anyway thanks

2592

01:59:05,860 --> 01:59:02,030

so much we'll be back next week with

2593

01:59:08,020 --> 01:59:05,870

Robert Powell and always a great guest

2594

01:59:10,000 --> 01:59:08,030

to have on and thanks so much for

2595

01:59:11,890 --> 01:59:10,010

remember to keep your eyes to this guy

2596

01:59:18,670 --> 01:59:11,900

thank you for listening and thank you
