

1
00:00:03,770 --> 00:00:02,030
that hits me oh my gosh this is that

2
00:00:04,999 --> 00:00:03,780
triangle you know there's explanation

3
00:00:06,320 --> 00:00:05,009
for everything that occurred in the

4
00:00:08,780 --> 00:00:06,330
Rendlesham forest incident

5
00:00:11,450 --> 00:00:08,790
it doesn't involve aliens at all it was

6
00:00:15,020 --> 00:00:11,460
completely silent it comes right over

7
00:00:16,820 --> 00:00:15,030
our head it's so classic flying-saucer

8
00:00:18,439 --> 00:00:16,830
really standing in the clearing he

9
00:00:20,120 --> 00:00:18,449
turned over to my father and held his

10
00:00:24,310 --> 00:00:20,130
hand and he looked in his eyes and said

11
00:00:30,470 --> 00:00:28,040
welcome to podcast UFO for our live show

12
00:00:32,749 --> 00:00:30,480
we're live every Wednesday at 8 p.m.

like us on our very active Facebook page

19

00:00:52,130 --> 00:00:49,860

hello and welcome to the show this is

20

00:00:56,150 --> 00:00:52,140

Martyn Willis your host and these are

21

00:00:59,750 --> 00:00:56,160

exciting times to have a UFO show I'm

22

00:01:01,880 --> 00:00:59,760

really glad I have a microphone and not

23

00:01:04,340 --> 00:01:01,890

I'm not the guy on the pulpit but other

24

00:01:06,289 --> 00:01:04,350

people maybe and they're invited on the

25

00:01:08,570 --> 00:01:06,299

show but I'm the guy who will be

26

00:01:12,320 --> 00:01:08,580

interviewing some people that have

27

00:01:14,539 --> 00:01:12,330

really good weigh ins on what's been

28

00:01:18,320 --> 00:01:14,549

going on ever since that story was

29

00:01:20,270 --> 00:01:18,330

released in the New York Times it's been

30

00:01:23,570 --> 00:01:20,280

a different world I think so

31

00:01:27,320 --> 00:01:23,580

Alejandro Rojas who typically joins us I

32

00:01:29,899 --> 00:01:27,330

just found out he's taking an extended

33

00:01:31,580 --> 00:01:29,909

Christmas vacation and speaking of

34

00:01:33,350 --> 00:01:31,590

Christmas I hope all of you that

35

00:01:36,770 --> 00:01:33,360

celebrate Christmas had a wonderful one

36

00:01:38,690 --> 00:01:36,780

and it'll be New Year's Eve before the

37

00:01:41,240 --> 00:01:38,700

next show so I hope you have a very safe

38

00:01:45,710 --> 00:01:41,250

and wonderful New Year's Eve coming up

39

00:01:48,530 --> 00:01:45,720

so the show tonight we have Stanton

40

00:01:51,319 --> 00:01:48,540

Friedman and Cathy Martin and they're

41

00:01:53,300 --> 00:01:51,329

going to in the first hour or so we're

42

00:01:57,289 --> 00:01:53,310

going to be weighing in on the

43

00:01:58,100 --> 00:01:57,299

pentagon's UFO search and then after

44

00:02:00,889 --> 00:01:58,110

that we're going to be talking

45

00:02:03,380 --> 00:02:00,899

exclusively about the Betty and Barney

46

00:02:06,080 --> 00:02:03,390

Hill case that's something I've never

47

00:02:08,690 --> 00:02:06,090

really done with these two together so

48

00:02:10,160 --> 00:02:08,700

that'll be exciting and we are taking

49

00:02:11,890 --> 00:02:10,170

calls if you have a pen and paper and

50

00:02:14,199 --> 00:02:11,900

you're listening live

51
00:02:19,440 --> 00:02:14,209
you want to call later on in the show

52
00:02:22,990 --> 00:02:19,450
after the first half-hour dial 603 967

53
00:02:25,509 --> 00:02:23,000
403 oh and would love to get some

54
00:02:29,619 --> 00:02:25,519
questions in in the first hour of the

55
00:02:32,619 --> 00:02:29,629
show regarding this the pentacon the

56
00:02:36,039 --> 00:02:32,629
Pentagon UFO search that would be a

57
00:02:37,660 --> 00:02:36,049
great thing so welcome to the show both

58
00:02:40,750 --> 00:02:37,670
Cathy and Stan I'm so glad to have you

59
00:02:46,229 --> 00:02:40,760
on great to be back

60
00:02:48,399 --> 00:02:46,239
yes that's right so I was thinking about

61
00:02:52,479 --> 00:02:48,409
you just wondering what your thoughts

62
00:02:55,690 --> 00:02:52,489
were when all of this was kind of going

63
00:02:58,800 --> 00:02:55,700

down stand so what do you think about

64

00:03:01,899 --> 00:02:58,810

this whole thing well I was frankly

65

00:03:04,569 --> 00:03:01,909

enormously surprised I was delighted I

66

00:03:06,970 --> 00:03:04,579

thought it was handled very well I was

67

00:03:10,720 --> 00:03:06,980

surprised as a matter of fact I had

68

00:03:13,839 --> 00:03:10,730

heard Tom DeLonge I read his book and I

69

00:03:16,839 --> 00:03:13,849

know he seemed to be short on evidence a

70

00:03:20,470 --> 00:03:16,849

lot of story but I think he handled this

71

00:03:23,199 --> 00:03:20,480

release extremely well and the other

72

00:03:25,629 --> 00:03:23,209

guys with him Elizondo and so forth I

73

00:03:29,559 --> 00:03:25,639

was very impressed it's the most

74

00:03:33,789 --> 00:03:29,569

impressive single UFO event I've seen in

75

00:03:34,599 --> 00:03:33,799

a very long time and I was very pleased

76

00:03:38,860 --> 00:03:34,609

about it

77

00:03:43,360 --> 00:03:38,870

lot of things that we didn't talk about

78

00:03:45,610 --> 00:03:43,370

that they didn't talk about but still it

79

00:03:48,369 --> 00:03:45,620

looked like a whole new ballgame to tell

80

00:03:51,699 --> 00:03:48,379

you the truth you know like when

81

00:03:54,129 --> 00:03:51,709

government guys with fancy titles come

82

00:03:58,599 --> 00:03:54,139

on board and say we had the secret

83

00:04:02,229 --> 00:03:58,609

program going for what five years that's

84

00:04:05,439 --> 00:04:02,239

pretty big news because it's a long time

85

00:04:09,280 --> 00:04:05,449

and you can't help but respond to them

86

00:04:11,949 --> 00:04:09,290

they're not guys making up stories I was

87

00:04:14,500 --> 00:04:11,959

so impressed to see Harry Reid he was a

88

00:04:19,120 --> 00:04:14,510

senator for 30 years for goodness sakes

89

00:04:21,789 --> 00:04:19,130

right the majority leader uh when he

90

00:04:25,260 --> 00:04:21,799

comes on so straight and square and you

91

00:04:29,189 --> 00:04:25,270

know this was a good

92

00:04:29,550 --> 00:04:29,199

and I you know I I was how shall I put

93

00:04:32,760 --> 00:04:29,560

this

94

00:04:36,749 --> 00:04:32,770

I'm a very forward kind of guy I'm not

95

00:04:41,999 --> 00:04:36,759

accountable to anybody but me and so I

96

00:04:44,129 --> 00:04:42,009

was disappointed in a sense that none of

97

00:04:47,100 --> 00:04:44,139

the other people were quite willing to

98

00:04:49,080 --> 00:04:47,110

go out on the limb of saying alien they

99

00:04:51,330 --> 00:04:49,090

almost got there but they stopped short

100

00:04:53,700 --> 00:04:51,340

I think they're still thinking that

101

00:04:57,210 --> 00:04:53,710

people won't accept that and I don't

102

00:05:00,600 --> 00:04:57,220

that viewpoint I've been out there you

103

00:05:03,360 --> 00:05:00,610

know nobody's talked in more places and

104

00:05:05,309 --> 00:05:03,370

more hours than I have I don't think and

105

00:05:07,800 --> 00:05:05,319

I just don't worry I don't get a hard

106

00:05:09,360 --> 00:05:07,810

time for saying some UFOs or alien

107

00:05:10,320 --> 00:05:09,370

spacecraft remember you got to ask the

108

00:05:12,990 --> 00:05:10,330

right questions

109

00:05:14,899 --> 00:05:13,000

nobody's saying all UFOs are really in

110

00:05:21,020 --> 00:05:14,909

spacecraft I hope nobody's saying that

111

00:05:24,089 --> 00:05:21,030

but so I was a little put off by the

112

00:05:25,740 --> 00:05:24,099

pussyfooting around so to speak you

113

00:05:29,670 --> 00:05:25,750

notice how he avoided the word alien

114

00:05:32,370 --> 00:05:29,680

yeah eating he and so forth but that's

115

00:05:35,010 --> 00:05:32,380

okay okay well make their feet get

116

00:05:36,899 --> 00:05:35,020

wetter they'll realize it's okay so I

117

00:05:38,670 --> 00:05:36,909

think it's a whole new ballgame in

118

00:05:42,629 --> 00:05:38,680

ufology I just wish I was 20 years

119

00:05:45,089 --> 00:05:42,639

younger yeah yeah well you know I agree

120

00:05:47,100 --> 00:05:45,099

I heard George Knapp say you know it's

121

00:05:51,480 --> 00:05:47,110

changed everything and you know I think

122

00:05:52,890 --> 00:05:51,490

it has you know and as far as what

123

00:05:55,320 --> 00:05:52,900

you're saying there about the alien

124

00:05:59,040 --> 00:05:55,330

aspect of it or the possibility of it I

125

00:06:00,600 --> 00:05:59,050

noticed that a lot of times when you

126

00:06:03,570 --> 00:06:00,610

know it doesn't matter who is being

127

00:06:06,300 --> 00:06:03,580

interviewed the interviewer is trying to

128

00:06:13,830 --> 00:06:06,310

corner people into saying that have you

129

00:06:17,730 --> 00:06:13,840

noticed that nobody took the bait so to

130

00:06:20,339 --> 00:06:17,740

speak but that's okay look it took me a

131

00:06:24,300 --> 00:06:20,349

long while when I first got started to

132

00:06:25,140 --> 00:06:24,310

realize that it's okay to stand up and

133

00:06:27,629 --> 00:06:25,150

be counted

134

00:06:29,820 --> 00:06:27,639

to put your facts on the table to draw a

135

00:06:31,439 --> 00:06:29,830

conclusion and I know there are a lot of

136

00:06:33,719 --> 00:06:31,449

people still don't want to do that

137

00:06:35,760 --> 00:06:33,729

they're afraid for some reason well you

138

00:06:37,649 --> 00:06:35,770

got to lose I don't have anything to

139

00:06:39,150 --> 00:06:37,659

lose because I'm only accountable to me

140

00:06:42,750 --> 00:06:39,160

yeah I'll pick

141

00:06:45,560 --> 00:06:42,760

- sometimes so Kathy let's hear you're a

142

00:06:48,300 --> 00:06:45,570

pundit book oh pardon me pardon me oh

143

00:06:50,460 --> 00:06:48,310

yeah Kathy let's hear what your thoughts

144

00:06:54,300 --> 00:06:50,470

are on I know you've been following this

145

00:06:57,450 --> 00:06:54,310

real closely as well yes in the

146

00:07:01,170 --> 00:06:57,460

beginning I was cautiously pleased

147

00:07:04,910 --> 00:07:01,180

I wanted to nor know more about it and

148

00:07:08,400 --> 00:07:04,920

to to know for certain that this was not

149

00:07:12,090 --> 00:07:08,410

some kind of misinformation or

150

00:07:16,800 --> 00:07:12,100

disinformation and the more I learned

151
00:07:20,610 --> 00:07:16,810
the more elated I became because this

152
00:07:24,000 --> 00:07:20,620
was a study that had three dozen thick

153
00:07:27,630 --> 00:07:24,010
reports with hundreds of pages in each

154
00:07:31,380 --> 00:07:27,640
report and three dozen technical reports

155
00:07:37,350 --> 00:07:31,390
to go along with them so there is a lot

156
00:07:39,780 --> 00:07:37,360
of information there and of course a lot

157
00:07:43,920 --> 00:07:39,790
of it's still classified we'll see how

158
00:07:48,120 --> 00:07:43,930
much can be declassified and as I was

159
00:07:51,960 --> 00:07:48,130
listening I I noted that Lewis Elizondo

160
00:07:54,600 --> 00:07:51,970
would say this is what I can tell you

161
00:07:57,390 --> 00:07:54,610
and of course I can't go further than

162
00:08:00,750 --> 00:07:57,400
that because it's still classified so

163
00:08:06,930 --> 00:08:00,760

that was important for me to hear I know

164

00:08:11,880 --> 00:08:06,940

that the there is a lot more I the fact

165

00:08:15,900 --> 00:08:11,890

that this was tracked by the most

166

00:08:20,810 --> 00:08:15,910

sophisticated radar system in the world

167

00:08:25,080 --> 00:08:20,820

I think is really very important

168

00:08:30,150 --> 00:08:25,090

it's it takes millions of dollars just

169

00:08:34,830 --> 00:08:30,160

to train the military people who use the

170

00:08:36,750 --> 00:08:34,840

the weapon sensor it's what is it called

171

00:08:45,060 --> 00:08:36,760

advanced targeting forward-looking

172

00:08:48,660 --> 00:08:45,070

infra-red pod but it is the most

173

00:08:53,090 --> 00:08:48,670

powerful tracking lasers in the world

174

00:08:58,050 --> 00:08:53,100

and that's really important because

175

00:09:01,070 --> 00:08:58,060

Harry Reid did make the statement quote

176

00:09:04,740 --> 00:09:01,080

I'm very glad because now we have

177

00:09:07,950 --> 00:09:04,750

scientific evidence so he was actually

178

00:09:11,180 --> 00:09:07,960

willing to say that he was willing to

179

00:09:16,020 --> 00:09:11,190

take that step and that's really

180

00:09:19,020 --> 00:09:16,030

important too and I would encourage all

181

00:09:24,840 --> 00:09:19,030

of these men who are working on this

182

00:09:29,310 --> 00:09:24,850

project to take a look at our history of

183

00:09:33,270 --> 00:09:29,320

the investigation of flying discs dating

184

00:09:37,190 --> 00:09:33,280

back to 1947 we have a tremendous amount

185

00:09:41,610 --> 00:09:37,200

of evidence that these things have been

186

00:09:46,740 --> 00:09:41,620

investigated in 1947 by the air material

187

00:09:51,900 --> 00:09:46,750

command and way back then they said that

188

00:09:54,210 --> 00:09:51,910

they could out fly anything that we had

189

00:09:58,020 --> 00:09:54,220

that they were real and not visionary of

190

00:10:01,770 --> 00:09:58,030

fictitious shaped like a disc largest

191

00:10:05,700 --> 00:10:01,780

man-made craft they had extreme rates of

192

00:10:08,940 --> 00:10:05,710

climb and maneuverability they were

193

00:10:12,030 --> 00:10:08,950

metallic or light reflecting they were

194

00:10:16,950 --> 00:10:12,040

circular or elliptical flat on the

195

00:10:20,060 --> 00:10:16,960

bottom domed on the top so they did

196

00:10:23,670 --> 00:10:20,070

quite an extensive study way back in

197

00:10:27,330 --> 00:10:23,680

1947 and they're the big question they

198

00:10:31,080 --> 00:10:27,340

were asking then is could this be

199

00:10:32,880 --> 00:10:31,090

Russia's aircraft they did investigate

200

00:10:35,430 --> 00:10:32,890

that and then they found out that it

201
00:10:41,250 --> 00:10:35,440
didn't belong to the Soviet Union

202
00:10:45,000 --> 00:10:41,260
so what could they say by deduction is

203
00:10:48,450 --> 00:10:45,010
that it was nothing that they knew of

204
00:10:52,740 --> 00:10:48,460
that was manufactured on our planets and

205
00:10:55,320 --> 00:10:52,750
was far superior to what we have and

206
00:10:58,620 --> 00:10:55,330
that's the same thing that they're

207
00:11:00,420 --> 00:10:58,630
saying today in this new study so I

208
00:11:03,420 --> 00:11:00,430
would hope that they would go back and

209
00:11:05,850 --> 00:11:03,430
take a look at this because there's a

210
00:11:06,780 --> 00:11:05,860
lot of evidence that they really should

211
00:11:09,270 --> 00:11:06,790
look at

212
00:11:12,720 --> 00:11:09,280
including project Bluebook special

213
00:11:17,130 --> 00:11:12,730

report number 14 and Stan you might want

214

00:11:18,720 --> 00:11:17,140

to well one of the things that was

215

00:11:22,560 --> 00:11:18,730

interesting about the program is that

216

00:11:24,600 --> 00:11:22,570

the things that weren't included there

217

00:11:29,310 --> 00:11:24,610

was no reference to general wohlander

218

00:11:31,860 --> 00:11:29,320

statement Air Force general 1968 reports

219

00:11:35,700 --> 00:11:31,870

of UFOs which could affect national

220

00:11:39,210 --> 00:11:35,710

security are not part of the Blue Book

221

00:11:42,030 --> 00:11:39,220

system all right that was an incredible

222

00:11:44,370 --> 00:11:42,040

statement and if we close Project Blue

223

00:11:47,370 --> 00:11:44,380

Book this was in 1968 we didn't know

224

00:11:48,990 --> 00:11:47,380

about until ten years later but he

225

00:11:50,190 --> 00:11:49,000

simply closed Project Blue Book the

226

00:11:52,140 --> 00:11:50,200

public won't have a place to report

227

00:11:54,230 --> 00:11:52,150

sightings however as previously noted

228

00:11:56,640 --> 00:11:54,240

reports which could affect national

229

00:11:58,260 --> 00:11:56,650

security will continue to be

230

00:12:01,080 --> 00:11:58,270

investigated using the procedures

231

00:12:05,280 --> 00:12:01,090

designed for that purpose that was way

232

00:12:10,100 --> 00:12:05,290

back then and so it was it was kind of

233

00:12:13,010 --> 00:12:10,110

funny that not as I was mentioned and

234

00:12:17,310 --> 00:12:13,020

special report fourteen wasn't mentioned

235

00:12:20,400 --> 00:12:17,320

there are a number of things that we

236

00:12:22,560 --> 00:12:20,410

have to recognize here though look at

237

00:12:24,420 --> 00:12:22,570

the titles of those what was it five

238

00:12:26,700 --> 00:12:24,430

guys who were speaking out I was on

239

00:12:28,950 --> 00:12:26,710

though and so forth very impressive to

240

00:12:30,780 --> 00:12:28,960

me anyway mm-hm

241

00:12:34,830 --> 00:12:30,790

you know we're talking about the first

242

00:12:38,550 --> 00:12:34,840

team here not guys who came along for

243

00:12:40,800 --> 00:12:38,560

the ride and they had guts and I was

244

00:12:42,960 --> 00:12:40,810

delighted to see that we haven't had

245

00:12:46,320 --> 00:12:42,970

that kind of people put up in front of

246

00:12:48,240 --> 00:12:46,330

the public really before do you think I

247

00:12:50,790 --> 00:12:48,250

don't think I can't be no a time when

248

00:12:54,380 --> 00:12:50,800

such impressive people were put in front

249

00:12:57,330 --> 00:12:54,390

of us and so I and of course you

250

00:13:03,150 --> 00:12:57,340

expected some of the nonsense from dr.

251

00:13:06,510 --> 00:13:03,160

Tyson for example and the Senate

252

00:13:08,430 --> 00:13:06,520

community can't seem to understand that

253

00:13:10,200 --> 00:13:08,440

there might be reasons for aliens who

254

00:13:12,450 --> 00:13:10,210

want to come to Planet Earth

255

00:13:14,400 --> 00:13:12,460

they talk about all aliens would do

256

00:13:15,960 --> 00:13:14,410

would be to walk around have fun meet

257

00:13:20,010 --> 00:13:15,970

people blah blah blah

258

00:13:20,700 --> 00:13:20,020

hey this is a planet on which 50 million

259

00:13:26,070 --> 00:13:20,710

people work

260

00:13:29,520 --> 00:13:26,080

killed in a war one more 50 million yeah

261

00:13:31,710 --> 00:13:29,530

it you know it's a planet on which two

262

00:13:35,790 --> 00:13:31,720

thousand nuclear warheads have been

263

00:13:39,900 --> 00:13:35,800

exploded that means that we know about

264

00:13:41,760 --> 00:13:39,910

nuclear fusion fusion can be used to go

265

00:13:43,170 --> 00:13:41,770

to the Stars so everybody in the

266

00:13:44,850 --> 00:13:43,180

neighborhood knows it's a bunch of

267

00:13:48,750 --> 00:13:44,860

idiots over there on earth

268

00:13:52,620 --> 00:13:48,760

and look they should be able to get here

269

00:13:56,100 --> 00:13:52,630

that's not a happy so I you know so

270

00:13:58,500 --> 00:13:56,110

there's a real world here part of a

271

00:14:03,780 --> 00:13:58,510

local galactic neighborhood I like to

272

00:14:06,120 --> 00:14:03,790

call it AI and so I'm pleased that this

273

00:14:07,470 --> 00:14:06,130

took on a whole new tone don't don't you

274

00:14:12,530 --> 00:14:07,480

think it said Kathy it sounded different

275

00:14:18,920 --> 00:14:12,540

to me it absolutely did in in the past

276

00:14:21,990 --> 00:14:18,930

we've had a little bit said by

277

00:14:26,550 --> 00:14:22,000

politicians for example or or maybe

278

00:14:31,110 --> 00:14:26,560

scientists but but not a great deal but

279

00:14:34,830 --> 00:14:31,120

now the the Academy the Stars Academy of

280

00:14:37,920 --> 00:14:34,840

Arts and Science has some pretty

281

00:14:40,980 --> 00:14:37,930

high-powered people now Chris Belen

282

00:14:43,020 --> 00:14:40,990

who's part of the melon family former

283

00:14:45,570 --> 00:14:43,030

assistant secretary of defense for

284

00:14:49,320 --> 00:14:45,580

security and information operations and

285

00:14:50,610 --> 00:14:49,330

intelligence policy help put off that's

286

00:14:54,300 --> 00:14:50,620

it I don't know if you've heard of his

287

00:14:57,090 --> 00:14:54,310

name be mark but that is a big name the

288

00:15:00,030 --> 00:14:57,100

CIA's extrasensory perception project

289

00:15:03,420 --> 00:15:00,040

remote viewing at Stanford Institute

290

00:15:06,780 --> 00:15:03,430

with other big names like Ingo Swann and

291

00:15:09,300 --> 00:15:06,790

Russell Targ that's I'm really glad that

292

00:15:14,990 --> 00:15:09,310

he's there because that's going to be

293

00:15:17,700 --> 00:15:15,000

very important Stephen justice from

294

00:15:21,510 --> 00:15:17,710

Lockheed Martin skunkworks

295

00:15:24,060 --> 00:15:21,520

Jim Sullivan CIA director of operations

296

00:15:26,610 --> 00:15:24,070

you have some high-powered people in

297

00:15:29,970 --> 00:15:26,620

Lewis Elizondo who of course was the

298

00:15:33,880 --> 00:15:29,980

Pentagon official who ran the advanced

299

00:15:37,480 --> 00:15:33,890

aerospace threat identification program

300

00:15:39,790 --> 00:15:37,490

and they stated 22 million bucks yes I

301
00:15:41,920 --> 00:15:39,800
know which is numbers on these things

302
00:15:47,290 --> 00:15:41,930
you know I heard someone say that's like

303
00:15:48,790 --> 00:15:47,300
a few lunches at the Pentagon well yeah

304
00:15:50,350 --> 00:15:48,800
I mean let me give you a number to

305
00:15:55,780 --> 00:15:50,360
compare it to when I was working on

306
00:15:57,460 --> 00:15:55,790
nuclear airplanes in 1958 our budget

307
00:16:01,300 --> 00:15:57,470
that year at General Electric was a

308
00:16:04,150 --> 00:16:01,310
hundred million dollars and we're 3400

309
00:16:06,670 --> 00:16:04,160
people 1958

310
00:16:08,350 --> 00:16:06,680
that's like then we employed thirty four

311
00:16:11,079 --> 00:16:08,360
hundred people of whom eleven hundred

312
00:16:14,019 --> 00:16:11,089
were engineers and scientists so there

313
00:16:16,840 --> 00:16:14,029

have been huge programs but for UFO

314

00:16:19,360 --> 00:16:16,850

research over a five year period and

315

00:16:21,819 --> 00:16:19,370

this is the first time we really had

316

00:16:24,430 --> 00:16:21,829

definitive statement about security

317

00:16:28,150 --> 00:16:24,440

levels did you notice that they made a

318

00:16:28,720 --> 00:16:28,160

real point of saying that this was top

319

00:16:32,880 --> 00:16:28,730

secret

320

00:16:36,519 --> 00:16:32,890

and so forth and in the past I've heard

321

00:16:38,439 --> 00:16:36,529

quote experts unquote say that there's

322

00:16:40,389 --> 00:16:38,449

nothing classified about flying saucers

323

00:16:44,259 --> 00:16:40,399

we've been told everything that's going

324

00:16:46,750 --> 00:16:44,269

on and that's obviously baloney and I

325

00:16:49,660 --> 00:16:46,760

was glad to see it come out that way I

326

00:16:51,280 --> 00:16:49,670

mean that hey here's the real story and

327

00:16:53,740 --> 00:16:51,290

there's more to it and we haven't gotten

328

00:16:56,560 --> 00:16:53,750

that out yet oh yeah are we gonna see

329

00:16:58,000 --> 00:16:56,570

all those reports not on that there's

330

00:17:02,110 --> 00:16:58,010

there's supposed to be twelve more

331

00:17:03,730 --> 00:17:02,120

videos or twelve altogether which will

332

00:17:05,289 --> 00:17:03,740

be really exciting and I want to talk a

333

00:17:07,120 --> 00:17:05,299

little bit about the videos in just a

334

00:17:09,520 --> 00:17:07,130

minute but one thing I want to bring up

335

00:17:12,789 --> 00:17:09,530

is um you know I'm sure that you were

336

00:17:16,329 --> 00:17:12,799

paying attention both you Kathy and Stan

337

00:17:18,189 --> 00:17:16,339

when this thing came out in October it's

338

00:17:20,409 --> 00:17:18,199

just I find it kind of interesting

339

00:17:22,210 --> 00:17:20,419

Alejandra and I were talking wow this is

340

00:17:24,250 --> 00:17:22,220

a guy from the government and you know

341

00:17:28,140 --> 00:17:24,260

we're talking on our show both of our

342

00:17:31,090 --> 00:17:28,150

shows about how how substantial this was

343

00:17:33,610 --> 00:17:31,100

but it it didn't really get the push

344

00:17:36,430 --> 00:17:33,620

until it that wonderful article came out

345

00:17:39,250 --> 00:17:36,440

in New York Times and I'm just wondering

346

00:17:42,010 --> 00:17:39,260

I mean it really makes you wonder why no

347

00:17:44,549 --> 00:17:42,020

other media picked it up until you know

348

00:17:47,320 --> 00:17:44,559

Leslie Kane got involved along with

349

00:17:52,090 --> 00:17:47,330

Richard Blum I mean I'm sorry

350

00:17:55,509 --> 00:17:52,100

Blumenthal Ralph Blumenthal and yeah so

351

00:17:57,730 --> 00:17:55,519

but anyway why do you think it it just

352

00:17:59,769 --> 00:17:57,740

did not take off and if it wasn't for

353

00:18:03,850 --> 00:17:59,779

that article everything would be the

354

00:18:05,380 --> 00:18:03,860

same well the article gives you a frame

355

00:18:07,769 --> 00:18:05,390

of reference if it's in the New York

356

00:18:10,539 --> 00:18:07,779

Times that'll be true right yet

357

00:18:14,259 --> 00:18:10,549

substantial yeah we've never had that

358

00:18:17,980 --> 00:18:14,269

kind of a stamp of approval on something

359

00:18:20,740 --> 00:18:17,990

coming out yeah and so I and I still

360

00:18:23,500 --> 00:18:20,750

want to know what caused this to come

361

00:18:27,519 --> 00:18:23,510

out now somebody had to say something

362

00:18:29,230 --> 00:18:27,529

somewhere now is the time and under

363

00:18:31,560 --> 00:18:29,240

weather is Elizondo although he seemed

364

00:18:35,440 --> 00:18:31,570

to be one of the major actors here and

365

00:18:39,460 --> 00:18:35,450

finally glad and get it out it's about

366

00:18:43,269 --> 00:18:39,470

time but some of it courage for somebody

367

00:18:44,289 --> 00:18:43,279

to take that big step and I'm so glad

368

00:18:46,330 --> 00:18:44,299

that it's happened

369

00:18:49,000 --> 00:18:46,340

right and I hope there's more to come

370

00:18:51,370 --> 00:18:49,010

from course yeah you know I am too

371

00:18:54,129 --> 00:18:51,380

yeah this is something I brought up

372

00:18:56,769 --> 00:18:54,139

while talking to Alejandro the other day

373

00:19:00,580 --> 00:18:56,779

and it's it's kind of like we're at a

374

00:19:03,039 --> 00:19:00,590

point where there has to be a strike

375

00:19:07,450 --> 00:19:03,049

while the iron's hot or something has to

376

00:19:10,539 --> 00:19:07,460

to keep this thing alive enough to get

377

00:19:12,909 --> 00:19:10,549

enough people to pay attention to it you

378

00:19:14,799 --> 00:19:12,919

know I'm hoping that people will take a

379

00:19:16,450 --> 00:19:14,809

cue from this and more of them will be

380

00:19:18,460 --> 00:19:16,460

coming forth but probably after the

381

00:19:21,639 --> 00:19:18,470

first of the year yeah this is a very

382

00:19:24,879 --> 00:19:21,649

busy time of year for news and things

383

00:19:26,620 --> 00:19:24,889

going up so I think things will have to

384

00:19:33,460 --> 00:19:26,630

calm down a little and then they'll need

385

00:19:35,919 --> 00:19:33,470

stories and I have to I have to say that

386

00:19:38,680 --> 00:19:35,929

on one of the news stations I'm not sure

387

00:19:41,379 --> 00:19:38,690

if it was CNN or Fox but it was one of

388

00:19:43,720 --> 00:19:41,389

the ones that I was watching the the

389

00:19:47,049 --> 00:19:43,730

news commentator said until recently

390

00:19:50,620 --> 00:19:47,059

this could not be discussed on public

391

00:19:54,159 --> 00:19:50,630

news so maybe there has been a policy

392

00:19:56,980 --> 00:19:54,169

change and I'm hoping that that is what

393

00:20:00,880 --> 00:19:56,990

has happened and and that the news can

394

00:20:04,150 --> 00:20:00,890

now cover this sort of thing

395

00:20:06,700 --> 00:20:04,160

well I hope so it's time what it's past

396

00:20:09,970 --> 00:20:06,710

time way past time but again I'm still

397

00:20:13,660 --> 00:20:09,980

looking for somebody somewhere how to

398

00:20:16,299 --> 00:20:13,670

make a decision was a Elizondo or is

399

00:20:18,640 --> 00:20:16,309

there somebody else lurking yeah yeah

400

00:20:23,140 --> 00:20:18,650

I've talked about this with other people

401
00:20:25,870 --> 00:20:23,150
as well and it's like you know I don't

402
00:20:28,510 --> 00:20:25,880
want to say that anything was scripted

403
00:20:31,810 --> 00:20:28,520
but there was probably some type of

404
00:20:36,430 --> 00:20:31,820
guidelines on what someone like him

405
00:20:38,590 --> 00:20:36,440
could actually reveal well normally you

406
00:20:41,260 --> 00:20:38,600
have security guides for any classified

407
00:20:44,250 --> 00:20:41,270
program you have a detailed tabulation

408
00:20:48,970 --> 00:20:44,260
of what is classified and what isn't and

409
00:20:51,460 --> 00:20:48,980
so somebody had to say you know spell

410
00:20:54,070 --> 00:20:51,470
those things out but whoever did that

411
00:20:56,409 --> 00:20:54,080
this is a breakthrough and let's hope it

412
00:21:00,250 --> 00:20:56,419
continues now of course we'll get people

413
00:21:02,830 --> 00:21:00,260

like Tyson saying silly things but I was

414

00:21:05,880 --> 00:21:02,840

very pleased to see Billy Cox and George

415

00:21:09,630 --> 00:21:05,890

Knapp to the best UFO journalists around

416

00:21:16,030 --> 00:21:09,640

come out very strongly written form and

417

00:21:18,360 --> 00:21:16,040

in details and they have a following and

418

00:21:21,610 --> 00:21:18,370

I'm so pleased that they're on board

419

00:21:26,260 --> 00:21:21,620

right you know that's gonna happen next

420

00:21:31,870 --> 00:21:26,270

one well I saw I saw Tyson talk about

421

00:21:34,659 --> 00:21:31,880

this on CNN and I was not I was actually

422

00:21:36,940 --> 00:21:34,669

impressed that he didn't go the way he

423

00:21:40,630 --> 00:21:36,950

normally goes into this whole - bunking

424

00:21:42,610 --> 00:21:40,640

mode and like it's crazy and I thought

425

00:21:45,130 --> 00:21:42,620

he was fairly level-headed you know I

426
00:21:48,010 --> 00:21:45,140
said a couple of semi condescending

427
00:21:50,020 --> 00:21:48,020
things but for the most part he he said

428
00:21:51,880 --> 00:21:50,030
well you know it maybe it should be

429
00:21:53,680 --> 00:21:51,890
investigated I was actually kind of

430
00:21:55,570 --> 00:21:53,690
shocked when he said that coming from

431
00:21:57,760 --> 00:21:55,580
him that was very shocking I mean

432
00:22:00,940 --> 00:21:57,770
remember he has a history on this

433
00:22:02,710 --> 00:22:00,950
subject way back when he said the proof

434
00:22:04,840 --> 00:22:02,720
that the government can't keep secrets

435
00:22:07,120 --> 00:22:04,850
is how much we know about President

436
00:22:09,940 --> 00:22:07,130
Clinton's genitalia Yeah right which is

437
00:22:12,820 --> 00:22:09,950
an utterly stupid remark yeah thankfully

438
00:22:14,680 --> 00:22:12,830

he doesn't understand security

439

00:22:17,160 --> 00:22:14,690

he doesn't understand enters

440

00:22:18,910 --> 00:22:17,170

don't travel people think that somehow

441

00:22:22,270 --> 00:22:18,920

astronomers know something about

442

00:22:23,620 --> 00:22:22,280

interstellar travel they don't they know

443

00:22:25,810 --> 00:22:23,630

that there are stars out there and

444

00:22:27,310 --> 00:22:25,820

planets and things like that they know

445

00:22:29,290 --> 00:22:27,320

how to get there we didn't get into

446

00:22:32,410 --> 00:22:29,300

space because the astronomers were just

447

00:22:35,230 --> 00:22:32,420

there designing and building space

448

00:22:39,580 --> 00:22:35,240

systems in spite of them hmm

449

00:22:41,320 --> 00:22:39,590

they look at way back in 1956 the

450

00:22:43,950 --> 00:22:41,330

British astronomer royal said space

451

00:22:46,870 --> 00:22:43,960

Crabble is utter bilge

452

00:22:48,820 --> 00:22:46,880

who's gonna pay for it we should spend

453

00:22:52,450 --> 00:22:48,830

money on good equipment for astronomy

454

00:22:54,700 --> 00:22:52,460

that was a year before Sputnik and the

455

00:22:58,830 --> 00:22:54,710

field that is benefited the most from

456

00:23:02,470 --> 00:22:58,840

the space program has been astronomy but

457

00:23:06,460 --> 00:23:02,480

you know it also astronomers don't seem

458

00:23:12,030 --> 00:23:06,470

to have any concept of exploration of

459

00:23:14,290 --> 00:23:12,040

why would people go someplace you know

460

00:23:18,880 --> 00:23:14,300

Columbus wasn't looking to meet with his

461

00:23:21,190 --> 00:23:18,890

cousins for goodness sakes and the

462

00:23:23,320 --> 00:23:21,200

history of discovery is people having

463

00:23:25,060 --> 00:23:23,330

guts enough to ask new questions to

464

00:23:28,090 --> 00:23:25,070

stick their necks out to look for

465

00:23:33,820 --> 00:23:28,100

answers and the astronomical community

466

00:23:36,990 --> 00:23:33,830

has been opposed all along it's amazing

467

00:23:39,610 --> 00:23:37,000

to look at their books and their absence

468

00:23:42,940 --> 00:23:39,620

dr. seth shostack he chimed in the other

469

00:23:44,740 --> 00:23:42,950

day too you know it's kind of like he

470

00:23:48,100 --> 00:23:44,750

said on one program very recently

471

00:23:50,140 --> 00:23:48,110

because I won the debate oh when he and

472

00:23:53,560 --> 00:23:50,150

I debated well that doesn't prove I was

473

00:23:58,690 --> 00:23:53,570

right you know that doesn't deal with

474

00:24:01,600 --> 00:23:58,700

the evidence at all yeah yeah you know

475

00:24:04,750 --> 00:24:01,610

speaking of on the skeptic side someone

476

00:24:08,500 --> 00:24:04,760

sent me a clip about an hour go with

477

00:24:11,020 --> 00:24:08,510

James Oberg and you know he's you know

478

00:24:13,720 --> 00:24:11,030

you you oftentimes you can see his you

479

00:24:15,100 --> 00:24:13,730

know debunking and something you have

480

00:24:17,380 --> 00:24:15,110

mentioned before stand I've heard you

481

00:24:19,750 --> 00:24:17,390

say this when you can't attack the

482

00:24:22,090 --> 00:24:19,760

evidence you attack the person that's

483

00:24:25,110 --> 00:24:22,100

what debunkers tend to do and sure

484

00:24:28,270 --> 00:24:25,120

enough he went right for Leslie Kane

485

00:24:33,190 --> 00:24:28,280

saying you know because the chili you

486

00:24:36,300 --> 00:24:33,200

UFO was was not good that this is very

487

00:24:39,790 --> 00:24:36,310

similar to it and that is absolute bull

488

00:24:43,120 --> 00:24:39,800

because that was 50 miles of you know

489

00:24:45,820 --> 00:24:43,130

away from the camera in that particular

490

00:24:47,440 --> 00:24:45,830

case and it was a new camera they were

491

00:24:49,590 --> 00:24:47,450

using and all that there was a lot of

492

00:24:53,620 --> 00:24:49,600

things involved and for him to say that

493

00:24:55,390 --> 00:24:53,630

is just kind of ridiculous well it's one

494

00:24:57,160 --> 00:24:55,400

of the basic rules don't bother me with

495

00:24:58,840 --> 00:24:57,170

the facts my mind's made up

496

00:25:00,790 --> 00:24:58,850

what the public doesn't know I'm not

497

00:25:03,130 --> 00:25:00,800

gonna tell them if it can't attack the

498

00:25:05,500 --> 00:25:03,140

data attack the people it's easier and

499

00:25:09,490 --> 00:25:05,510

do your research by Proclamation we

500

00:25:10,600 --> 00:25:09,500

heard a lot of that week's investigation

501
00:25:13,690 --> 00:25:10,610
is too much trouble

502
00:25:16,210 --> 00:25:13,700
and that's one of the problems but the

503
00:25:17,890 --> 00:25:16,220
SETI community you know silly effort to

504
00:25:20,200 --> 00:25:17,900
investigate something came up with

505
00:25:24,120 --> 00:25:20,210
another one the other day was good but I

506
00:25:27,910 --> 00:25:24,130
can't remember what it was but they

507
00:25:29,890 --> 00:25:27,920
insist ignore all the evidence that

508
00:25:34,870 --> 00:25:29,900
relates to their being extraterrestrials

509
00:25:37,410 --> 00:25:34,880
here on planet Earth talk about life out

510
00:25:40,300 --> 00:25:37,420
there but they ain't coming here folks

511
00:25:42,250 --> 00:25:40,310
you know which is so silly we have all

512
00:25:43,600 --> 00:25:42,260
kinds of evidence but you notice the

513
00:25:47,170 --> 00:25:43,610

other night

514

00:25:51,610 --> 00:25:47,180

that nobody mentioned the physical trace

515

00:25:54,010 --> 00:25:51,620

cases yeah they mentioned a lot of radar

516

00:25:56,350 --> 00:25:54,020

visual sightings there are all kinds of

517

00:25:59,530 --> 00:25:56,360

look did you notice that there was no

518

00:26:02,770 --> 00:25:59,540

mention that the NSA released 156 pop

519

00:26:06,580 --> 00:26:02,780

secret hombra UFO documents on which you

520

00:26:08,950 --> 00:26:06,590

can read one sentence per page that's

521

00:26:14,230 --> 00:26:08,960

the NSA and I think these guys think it

522

00:26:15,820 --> 00:26:14,240

means no such agency they also there was

523

00:26:17,980 --> 00:26:15,830

there was no mention of a blue book

524

00:26:19,870 --> 00:26:17,990

special report 14 only date on thirty

525

00:26:23,920 --> 00:26:19,880

two hundred and one sightings and you

526
00:26:28,180 --> 00:26:23,930
notice when they showed the Navy pilot

527
00:26:32,170 --> 00:26:28,190
footage after a while they only showed

528
00:26:34,570 --> 00:26:32,180
the object standing still and to me what

529
00:26:37,870 --> 00:26:34,580
was so impressive about that is how

530
00:26:40,030 --> 00:26:37,880
suddenly zipped the thing goes off at a

531
00:26:41,769 --> 00:26:40,040
very high rate of speed after now we

532
00:26:45,639 --> 00:26:41,779
don't have things that can move

533
00:26:48,849 --> 00:26:45,649
rapidly and hover right they didn't show

534
00:26:51,639 --> 00:26:48,859
that part was kind of like hey you

535
00:26:52,659 --> 00:26:51,649
missed the point guys well also along

536
00:26:55,119 --> 00:26:52,669
those line Stan

537
00:26:56,680 --> 00:26:55,129
I heard George and now George Knapp has

538
00:26:59,139 --> 00:26:56,690

done a wonderful job with this and I

539

00:27:00,969 --> 00:26:59,149

highly respect him but on one interview

540

00:27:04,299 --> 00:27:00,979

someone said well couldn't this be

541

00:27:06,009 --> 00:27:04,309

technology you know from you know

542

00:27:07,419 --> 00:27:06,019

another country and he said sure it

543

00:27:08,729 --> 00:27:07,429

could be China or Russia or something

544

00:27:11,680 --> 00:27:08,739

you know that's very that is a

545

00:27:13,989 --> 00:27:11,690

possibility but that is disregarding all

546

00:27:16,959 --> 00:27:13,999

the past you know all the way back like

547

00:27:19,149 --> 00:27:16,969

you mentioned to 1947 all the craft that

548

00:27:21,219 --> 00:27:19,159

could do spectacular things that there's

549

00:27:23,589 --> 00:27:21,229

no way that we could have had the

550

00:27:27,789 --> 00:27:23,599

technology anywhere in any country would

551

00:27:29,349 --> 00:27:27,799

be hidden that long no because if you

552

00:27:32,440 --> 00:27:29,359

have the technology you want to use it

553

00:27:37,149 --> 00:27:32,450

to threaten your neighbors that's right

554

00:27:41,649 --> 00:27:37,159

isn't that the name of the game yeah so

555

00:27:44,109 --> 00:27:41,659

Kathy yes when you were have you did you

556

00:27:47,289 --> 00:27:44,119

watch actually when Tom DeLonge had his

557

00:27:49,749 --> 00:27:47,299

uh his little thing back in October did

558

00:27:53,409 --> 00:27:49,759

you see that as well yes you did

559

00:27:55,839 --> 00:27:53,419

and in general what did you think of all

560

00:27:58,859 --> 00:27:55,849

the the people that were while you were

561

00:28:01,029 --> 00:27:58,869

mentioning the different names I think

562

00:28:04,749 --> 00:28:01,039

Chris melon who was actually on this

563

00:28:09,459 --> 00:28:04,759

show at one time I think he's one of the

564

00:28:11,259 --> 00:28:09,469

more substantial of them all and yes and

565

00:28:14,829 --> 00:28:11,269

you mentioned the melon family now I had

566

00:28:17,289 --> 00:28:14,839

someone contact me and they said that

567

00:28:20,139 --> 00:28:17,299

Chris melon I just thought this was a

568

00:28:23,229 --> 00:28:20,149

really funny statement Chris melon how

569

00:28:25,659 --> 00:28:23,239

can you trust him it shows 12 12 year

570

00:28:28,200 --> 00:28:25,669

gap on his LinkedIn for an occupation

571

00:28:31,619 --> 00:28:28,210

and I wrote him back and I said well

572

00:28:36,190 --> 00:28:31,629

he's a melon he can do whatever he wants

573

00:28:39,070 --> 00:28:36,200

I lived in Pittsburgh and yes the nones

574

00:28:42,789 --> 00:28:39,080

can do whatever they want that's right

575

00:28:46,810 --> 00:28:42,799

that's right yes you know Tom DeLonge

576

00:28:50,589 --> 00:28:46,820

put together a really high-powered group

577

00:28:55,220 --> 00:28:50,599

of individuals to work on this and boy I

578

00:28:58,639 --> 00:28:55,230

have to take my hat off to him he

579

00:29:00,560 --> 00:28:58,649

done an incredible job with this and I

580

00:29:02,620 --> 00:29:00,570

didn't think he was going to be able to

581

00:29:05,060 --> 00:29:02,630

pull it off and it appears that he has

582

00:29:08,960 --> 00:29:05,070

yeah there's been a lot of right on

583

00:29:11,419 --> 00:29:08,970

there's been a lot of bashing of Tom

584

00:29:13,850 --> 00:29:11,429

DeLonge because you know people are

585

00:29:16,940 --> 00:29:13,860

saying you know I think the feeling is

586

00:29:18,950 --> 00:29:16,950

that you know he hasn't been really

587

00:29:19,460 --> 00:29:18,960

involved in the UFO field and here he

588

00:29:21,740 --> 00:29:19,470

comes

589

00:29:23,960 --> 00:29:21,750

you know because he's you know famous

590

00:29:26,060 --> 00:29:23,970

and popular and has money and Harry

591

00:29:29,899 --> 00:29:26,070

comes along and I think there may be a

592

00:29:31,850 --> 00:29:29,909

little bit of jealousy but also he you

593

00:29:34,039 --> 00:29:31,860

know some of his own personal views are

594

00:29:35,330 --> 00:29:34,049

kind of out there and and I can

595

00:29:38,480 --> 00:29:35,340

understand where it makes people a

596

00:29:40,039 --> 00:29:38,490

little a little leery but boy he did he

597

00:29:42,889 --> 00:29:40,049

did knock this one out of the park after

598

00:29:46,669 --> 00:29:42,899

all said and done yes yes and when I

599

00:29:49,279 --> 00:29:46,679

heard him speak about evil aliens early

600

00:29:52,460 --> 00:29:49,289

on and some of the radio shows that he

601
00:29:55,930 --> 00:29:52,470
was on I was very apprehensive about

602
00:29:58,960 --> 00:29:55,940
what he had up his sleeve and and

603
00:30:02,830 --> 00:29:58,970
exactly what he was doing but

604
00:30:07,039 --> 00:30:02,840
considering the individuals on this

605
00:30:09,889 --> 00:30:07,049
Academy of Arts and Science I really I'm

606
00:30:14,659 --> 00:30:09,899
impressed with the group of individuals

607
00:30:16,279 --> 00:30:14,669
he has yes I've never seen a more

608
00:30:20,240 --> 00:30:16,289
high-powered group in their

609
00:30:24,409 --> 00:30:20,250
presentations and I've watched a lot of

610
00:30:26,000 --> 00:30:24,419
presentations and these guys said knew

611
00:30:30,169 --> 00:30:26,010
what they had to say and they said it

612
00:30:32,750 --> 00:30:30,179
well and Tom I was not expecting a lot

613
00:30:36,710 --> 00:30:32,760

from Tom but I thought he did a bang-up

614

00:30:39,350 --> 00:30:36,720

job and so it was a pleasure for me I

615

00:30:42,620 --> 00:30:39,360

didn't have to say oh why do you say

616

00:30:46,190 --> 00:30:42,630

that you know which is my usual comment

617

00:30:49,820 --> 00:30:46,200

with the sort of thing but yeah I was

618

00:30:51,590 --> 00:30:49,830

very favorably impressed and you know I

619

00:30:55,340 --> 00:30:51,600

don't know how much coverage the story

620

00:30:57,919 --> 00:30:55,350

god overall on the media I'm sure some

621

00:30:59,930 --> 00:30:57,929

places plated a lot bigger but I was

622

00:31:01,159 --> 00:30:59,940

frankly surprised that it got started

623

00:31:04,580 --> 00:31:01,169

with the New York Times

624

00:31:08,960 --> 00:31:04,590

I mean Leslie has done things there but

625

00:31:10,789 --> 00:31:08,970

still I saw the comments and one

626

00:31:12,830 --> 00:31:10,799

the articles by the geison of new york

627

00:31:14,840 --> 00:31:12,840

times how they went over it and went

628

00:31:16,850 --> 00:31:14,850

over it and you know they had to be

629

00:31:19,370 --> 00:31:16,860

convinced to do it and so more than so

630

00:31:22,370 --> 00:31:19,380

on and that what he would seem to be

631

00:31:24,740 --> 00:31:22,380

saying is we did our due diligence and

632

00:31:26,210 --> 00:31:24,750

that's nice to know because there have

633

00:31:29,899 --> 00:31:26,220

been times in the past from the New York

634

00:31:34,060 --> 00:31:29,909

Times it's not any you know any media

635

00:31:37,190 --> 00:31:34,070

seems to it yeah there are standards

636

00:31:41,330 --> 00:31:37,200

seem well and a lot of media there's

637

00:31:45,610 --> 00:31:41,340

tandems standards of journalism they

638

00:31:48,950 --> 00:31:45,620

could use some refresher courses I think

639

00:31:51,799 --> 00:31:48,960

so stand-up one of the things I wanted

640

00:31:54,289 --> 00:31:51,809

to ask you in all your years that you've

641

00:31:56,120 --> 00:31:54,299

been looking at this topic has any is

642

00:32:00,320 --> 00:31:56,130

there any equivalent to what has just

643

00:32:02,480 --> 00:32:00,330

happened well I don't think some

644

00:32:03,770 --> 00:32:02,490

although it's tempted to say well there

645

00:32:07,690 --> 00:32:03,780

were there congressional hearings of

646

00:32:11,600 --> 00:32:07,700

1968 were twelve scientists presented

647

00:32:14,419 --> 00:32:11,610

the story of flying saucers it didn't

648

00:32:17,600 --> 00:32:14,429

get a lot of publicity at the time but

649

00:32:20,779 --> 00:32:17,610

it was impressive overall if you read

650

00:32:22,250 --> 00:32:20,789

those hearings and they were all I was

651
00:32:25,580 --> 00:32:22,260
the only one without a PhD at the

652
00:32:28,789 --> 00:32:25,590
twelfth guys who were prisons hmm wow

653
00:32:32,390 --> 00:32:28,799
that's pretty powerful stuff but it

654
00:32:35,779 --> 00:32:32,400
didn't didn't make his biggest splash it

655
00:32:37,880 --> 00:32:35,789
was like people are so reluctant not God

656
00:32:40,310 --> 00:32:37,890
with MIT but I gave my first years worth

657
00:32:44,630 --> 00:32:40,320
of lectures way back in the mid sixties

658
00:32:46,549 --> 00:32:44,640
I was wary I kept waiting for somebody

659
00:32:48,289 --> 00:32:46,559
to give me a really hard time or to be

660
00:32:50,570 --> 00:32:48,299
able to knock me out of the park so to

661
00:32:52,700 --> 00:32:50,580
speak and it didn't happen

662
00:32:55,370 --> 00:32:52,710
I was relieved but there was a whole

663
00:33:00,140 --> 00:32:55,380

year there where I kept waiting for the

664

00:33:04,789 --> 00:33:00,150

other shoe to drop so to speak and hear

665

00:33:10,100 --> 00:33:04,799

these guys proceeded proceeded on doing

666

00:33:12,770 --> 00:33:10,110

their thing and no shoes dropped and you

667

00:33:16,690 --> 00:33:12,780

know I think dr. Tyson if anybody looks

668

00:33:21,740 --> 00:33:16,700

at what he actually said he screwed up

669

00:33:22,909 --> 00:33:21,750

he didn't say anything useful it showed

670

00:33:26,389 --> 00:33:22,919

no imagine

671

00:33:29,330 --> 00:33:26,399

and I think why are you talking science

672

00:33:34,879 --> 00:33:29,340

and imagination but you have to stop to

673

00:33:39,769 --> 00:33:34,889

think why why secrecy why would aliens

674

00:33:43,070 --> 00:33:39,779

come here it's not a game we have a long

675

00:33:46,369 --> 00:33:43,080

history on this planet of beings from

676
00:33:49,489 --> 00:33:46,379
one place one country giving a hard time

677
00:33:52,820 --> 00:33:49,499
to beings from another country and so we

678
00:33:57,409 --> 00:33:52,830
see that all the time we have aliens

679
00:34:00,529 --> 00:33:57,419
coming here who expect them to you know

680
00:34:06,200 --> 00:34:00,539
land on a White House lawn they have

681
00:34:08,869 --> 00:34:06,210
this is the first time in recent history

682
00:34:12,770 --> 00:34:08,879
as far as we know that we've been in a

683
00:34:16,720 --> 00:34:12,780
real position to say if we want to go to

684
00:34:20,059 --> 00:34:16,730
the Stars we can and turn that around

685
00:34:24,200 --> 00:34:20,069
what do you think the aliens think about

686
00:34:27,589 --> 00:34:24,210
that hmm they would be concerned as all

687
00:34:31,280 --> 00:34:27,599
get-out about us our track record is

688
00:34:32,809 --> 00:34:31,290

terrible we keep forgetting that you

689

00:34:36,589 --> 00:34:32,819

know we're nice guys everybody knows

690

00:34:39,319 --> 00:34:36,599

that well we're not well we have no way

691

00:34:41,180 --> 00:34:39,329

to tell whether there are nice guys like

692

00:34:44,480 --> 00:34:41,190

us either you know they haven't attacked

693

00:34:45,980 --> 00:34:44,490

us yet that's true yeah yeah I'm not

694

00:34:47,599 --> 00:34:45,990

saying we know what the future holds

695

00:34:49,369 --> 00:34:47,609

whether they're gonna give us another

696

00:34:52,700 --> 00:34:49,379

year and say huh we've given them enough

697

00:34:57,559 --> 00:34:52,710

time forget about it wipe it out we

698

00:34:59,270 --> 00:34:57,569

don't know but you can make a case that

699

00:35:01,010 --> 00:34:59,280

if you have a sufficiently advanced

700

00:35:03,460 --> 00:35:01,020

civilization that it knows some history

701
00:35:06,289 --> 00:35:03,470
about its own beings in the neighborhood

702
00:35:09,140 --> 00:35:06,299
that they've decided that getting along

703
00:35:12,260 --> 00:35:09,150
is better than throwing H bombs at each

704
00:35:13,400 --> 00:35:12,270
other don't you think hmm right at some

705
00:35:16,250 --> 00:35:13,410
point you've got to make that decision

706
00:35:19,420 --> 00:35:16,260
because if you don't we are gonna be

707
00:35:24,620 --> 00:35:19,430
throwing H bombs and we're gonna be gone

708
00:35:28,510 --> 00:35:24,630
so I'm a rationalist I think the aliens

709
00:35:31,130 --> 00:35:28,520
are acting's are going to act sensibly

710
00:35:32,720 --> 00:35:31,140
and I'm particularly intrigued by the

711
00:35:35,660 --> 00:35:32,730
times that they've showed up near

712
00:35:36,890 --> 00:35:35,670
nuclear weapons testing right near

713
00:35:38,510 --> 00:35:36,900

nuclear installation

714

00:35:41,150 --> 00:35:38,520

and it's not because I'm a nuclear

715

00:35:44,120 --> 00:35:41,160

physicist but nuclear nuclear energy

716

00:35:47,450 --> 00:35:44,130

gives us a means to go out there and

717

00:35:50,960 --> 00:35:47,460

bother them and if I were alien I'd be

718

00:35:52,880 --> 00:35:50,970

very worried about you know as long as

719

00:35:55,099 --> 00:35:52,890

we respect on our own planet I can see

720

00:35:57,920 --> 00:35:55,109

where the aliens say I let the kids play

721

00:36:00,769 --> 00:35:57,930

their silly games but as soon as you say

722

00:36:04,400 --> 00:36:00,779

they've exploded 2,000 nuclear weapons

723

00:36:06,260 --> 00:36:04,410

which we have suddenly the whole local

724

00:36:08,920 --> 00:36:06,270

neighborhood is within reach and that's

725

00:36:13,549 --> 00:36:08,930

one thing that has really changed since

726

00:36:17,200 --> 00:36:13,559

I began work in ufology our concept of

727

00:36:20,269 --> 00:36:17,210

how many planets there are and how many

728

00:36:24,170 --> 00:36:20,279

you know are in the neighborhood has

729

00:36:25,819 --> 00:36:24,180

changed drastically Frank Drake said not

730

00:36:28,150 --> 00:36:25,829

too many years ago there might be as

731

00:36:31,789 --> 00:36:28,160

many as 8,000 planets out there

732

00:36:34,460 --> 00:36:31,799

now we're talking eight billion it's

733

00:36:37,309 --> 00:36:34,470

probably a lot more ballgame yeah yeah

734

00:36:40,269 --> 00:36:37,319

I'm not saying that's the limit at least

735

00:36:45,859 --> 00:36:40,279

eight billion in our own little galaxy

736

00:36:48,650 --> 00:36:45,869

so what I'm saying is our status we are

737

00:36:52,640 --> 00:36:48,660

guaranteed I can't believe we're not of

738

00:36:56,859 --> 00:36:52,650

concern to others in the galaxy in our

739

00:36:59,750 --> 00:36:56,869

neighborhood because of our behavior

740

00:37:05,120 --> 00:36:59,760

2,000 nuclear weapons is putting a lot

741

00:37:08,260 --> 00:37:05,130

of stuff out there right right so I I

742

00:37:13,250 --> 00:37:08,270

would like to ask what you thought about

743

00:37:14,059 --> 00:37:13,260

Bob Bigelow's side his part of this

744

00:37:15,920 --> 00:37:14,069

whole thing

745

00:37:17,990 --> 00:37:15,930

also because you mentioned the senator

746

00:37:21,769 --> 00:37:18,000

and I know there was a connection there

747

00:37:24,559 --> 00:37:21,779

but also if either one of you have heard

748

00:37:27,829 --> 00:37:24,569

anything about the metals that are the

749

00:37:29,630 --> 00:37:27,839

unusual metals that are well how's that

750

00:37:32,900 --> 00:37:29,640

you know I listen to I I know Bob

751

00:37:35,690 --> 00:37:32,910

Bigelow I was got the first research

752

00:37:39,529 --> 00:37:35,700

grant that he made a lot of years ago

753

00:37:41,690 --> 00:37:39,539

I'm pleased about that and he I was very

754

00:37:43,279 --> 00:37:41,700

impressed with him not because of the

755

00:37:45,620 --> 00:37:43,289

billion dollars that's the president

756

00:37:47,210 --> 00:37:45,630

know what I mean because of how he

757

00:37:50,480 --> 00:37:47,220

handled things so he could make

758

00:37:52,820 --> 00:37:50,490

decisions how he was rational and didn't

759

00:37:56,300 --> 00:37:52,830

interfere he went along in our first two

760

00:37:58,400 --> 00:37:56,310

research trip and he didn't interfere

761

00:38:01,160 --> 00:37:58,410

and he that was a point some of the

762

00:38:03,530 --> 00:38:01,170

other people didn't want to go but I was

763

00:38:05,780 --> 00:38:03,540

very impressed now that was one part

764

00:38:07,580 --> 00:38:05,790

that was confusing because at one point

765

00:38:11,480 --> 00:38:07,590

they said something about the

766

00:38:15,920 --> 00:38:11,490

composition of the materials and the

767

00:38:17,570 --> 00:38:15,930

other point they've got materials but it

768

00:38:19,520 --> 00:38:17,580

sounds as if they didn't know what they

769

00:38:22,090 --> 00:38:19,530

were knowing what something is doesn't

770

00:38:24,800 --> 00:38:22,100

mean you can duplicate it mm-hmm

771

00:38:27,109 --> 00:38:24,810

you know it's not it's easy to say but

772

00:38:31,700 --> 00:38:27,119

that doesn't mean you can well you know

773

00:38:33,590 --> 00:38:31,710

I want three pounds of that okay you

774

00:38:36,980 --> 00:38:33,600

know it's like separating uranium

775

00:38:38,750 --> 00:38:36,990

isotopes oh you need you 235 well it's

776

00:38:42,680 --> 00:38:38,760

only seven tenths of one percent no way

777

00:38:46,190 --> 00:38:42,690

to worry about that oh yeah oh we spent

778

00:38:49,070 --> 00:38:46,200

an awful lot of money and effort to

779

00:38:51,410 --> 00:38:49,080

build facilities to separate that that

780

00:38:54,109 --> 00:38:51,420

tiny amount less than seven tenths of

781

00:38:57,859 --> 00:38:54,119

one percent and make it ninety percent

782

00:39:02,540 --> 00:38:57,869

enriched just one heck of a jaunt from

783

00:39:06,760 --> 00:39:02,550

beginning to end very expensive so what

784

00:39:10,490 --> 00:39:06,770

I'm saying is that we are in a situation

785

00:39:14,330 --> 00:39:10,500

where we have to recognize how we look

786

00:39:17,780 --> 00:39:14,340

to them and we also have to recognize

787

00:39:19,450 --> 00:39:17,790

how do we look to each other we're all

788

00:39:21,859 --> 00:39:19,460

earthlings

789

00:39:27,380 --> 00:39:21,869

who's going to decide how we proceed

790

00:39:31,370 --> 00:39:27,390

from here and that is a great concern to

791

00:39:36,140 --> 00:39:31,380

me where's the forum who's gonna run the

792

00:39:39,670 --> 00:39:36,150

show right well it's kind of like if if

793

00:39:42,109 --> 00:39:39,680

we were indeed had contact who would be

794

00:39:46,580 --> 00:39:42,119

you know who would represent the earth

795

00:39:49,040 --> 00:39:46,590

as well good question yes absolutely

796

00:39:52,220 --> 00:39:49,050

I certainly don't know I'm not gonna get

797

00:39:54,250 --> 00:39:52,230

I'm not gonna go there about the

798

00:39:59,109 --> 00:39:54,260

president

799

00:40:02,859 --> 00:39:59,119

oh yeah not good I get a lot of mail if

800

00:40:05,500 --> 00:40:02,869

I say anything about that so we had a

801

00:40:07,420 --> 00:40:05,510

question that came in and it was

802

00:40:11,140 --> 00:40:07,430

directed to you stand they wanted to

803

00:40:15,160 --> 00:40:11,150

know what you thought about the fund the

804

00:40:18,130 --> 00:40:15,170

fundraising part of to the stars what

805

00:40:19,630 --> 00:40:18,140

your thoughts were about that well I'm

806

00:40:21,630 --> 00:40:19,640

still wanting to know how much money

807

00:40:24,490 --> 00:40:21,640

they raised and were they raised it

808

00:40:28,210 --> 00:40:24,500

frankly obviously somebody spent some

809

00:40:29,770 --> 00:40:28,220

money on this thing mm-hmm and I have to

810

00:40:31,690 --> 00:40:29,780

give them credit for being able to do

811

00:40:34,359 --> 00:40:31,700

that I mean no matter how you slice it

812

00:40:38,380 --> 00:40:34,369

it takes money to put on a dog and pony

813

00:40:40,900 --> 00:40:38,390

show as some people used to say it you

814

00:40:43,000 --> 00:40:40,910

have to do a nice job which they did the

815

00:40:46,240 --> 00:40:43,010

other day the production on the stage

816

00:40:48,580 --> 00:40:46,250

there was very well done I thought all

817

00:40:50,560 --> 00:40:48,590

right that took effort it took money it

818

00:40:53,800 --> 00:40:50,570

took somebody committing themselves so

819

00:40:56,140 --> 00:40:53,810

let's get it done right and so I I was

820

00:40:58,920 --> 00:40:56,150

I'm still trying to figure out how much

821

00:41:01,450 --> 00:40:58,930

money did they spend I mean 22 million

822

00:41:04,120 --> 00:41:01,460

at one point somebody said that was a

823

00:41:07,060 --> 00:41:04,130

year which is not the case it was all

824

00:41:11,590 --> 00:41:07,070

told in the five-year period I guess but

825

00:41:13,390 --> 00:41:11,600

I and I'm still very curious does

826
00:41:16,270 --> 00:41:13,400
anybody heard any stories about where

827
00:41:19,540 --> 00:41:16,280
the dough come from did I I mean I it's

828
00:41:22,150 --> 00:41:19,550
not that Bigelow couldn't afford it but

829
00:41:24,730 --> 00:41:22,160
I think there'd be a lot of people

830
00:41:27,609 --> 00:41:24,740
worried about having one man having all

831
00:41:29,890 --> 00:41:27,619
the irons in the fire you know what I

832
00:41:30,550 --> 00:41:29,900
mean right but just a little confusion

833
00:41:33,700 --> 00:41:30,560
there Stan

834
00:41:38,230 --> 00:41:33,710
the question the person was asking that

835
00:41:40,870 --> 00:41:38,240
Tom DeLonge had a fund fund drive when

836
00:41:42,490 --> 00:41:40,880
he was starting that actually someone's

837
00:41:44,859 --> 00:41:42,500
calling in now why don't I take this

838
00:41:49,000 --> 00:41:44,869

call and it may be the person that

839

00:41:51,280 --> 00:41:49,010

wanted to ask that question okay caller

840

00:41:55,840 --> 00:41:51,290

you are live your first name in where

841

00:41:59,620 --> 00:41:55,850

are you calling from with me

842

00:42:04,480 --> 00:41:59,630

that's you yes yes hey how you guys

843

00:42:05,170 --> 00:42:04,490

doing what's your first name Steve hi

844

00:42:07,400 --> 00:42:05,180

Steve

845

00:42:10,640 --> 00:42:07,410

you have a question for our guests

846

00:42:13,730 --> 00:42:10,650

I I did I mean I deciding when I was a

847

00:42:16,039 --> 00:42:13,740

kid so I'm I'm a believer as this thing

848

00:42:20,180 --> 00:42:16,049

goes I know what I saw but they can't

849

00:42:23,150 --> 00:42:20,190

help being concerned about one thing

850

00:42:27,640 --> 00:42:23,160

with all this it's a long time systems

851
00:42:32,839 --> 00:42:27,650
engineer I mean this is like the perfect

852
00:42:37,910 --> 00:42:32,849
honeypot and the whole thing with the

853
00:42:40,099 --> 00:42:37,920
honeypot is is legitimacy and you know

854
00:42:41,660 --> 00:42:40,109
we've had so much trouble in the world

855
00:42:45,109 --> 00:42:41,670
with the hacking with the

856
00:42:47,499 --> 00:42:45,119
state-sponsored hacking the election you

857
00:42:51,650 --> 00:42:47,509
know just before that North Korea was

858
00:42:54,940 --> 00:42:51,660
hacking Sony and so in systems

859
00:42:57,589 --> 00:42:54,950
engineering there's a notion called

860
00:43:01,849 --> 00:42:57,599
creating a honeypot something that's

861
00:43:04,039 --> 00:43:01,859
just too tempting so that people

862
00:43:06,819 --> 00:43:04,049
couldn't couldn't resist and couldn't

863
00:43:10,819 --> 00:43:06,829

resist cutting cutting loose their own

864

00:43:14,240 --> 00:43:10,829

teams to try and get more information

865

00:43:17,029 --> 00:43:14,250

and and you would have partners in that

866

00:43:21,380 --> 00:43:17,039

who are witting and unwitting you know

867

00:43:23,660 --> 00:43:21,390

to create that honeypot and I just I you

868

00:43:31,249 --> 00:43:23,670

know I you seen the movie wag the dog

869

00:43:36,529 --> 00:43:31,259

with Robert De Niro hmm I did well well

870

00:43:38,720 --> 00:43:36,539

they create a a circumstance that that

871

00:43:40,640 --> 00:43:38,730

allows them that allow what's the

872

00:43:45,620 --> 00:43:40,650

President of the United States off the

873

00:43:51,380 --> 00:43:45,630

hook work for a major crisis and and

874

00:43:54,589 --> 00:43:51,390

they do it with one video of a video

875

00:43:56,390 --> 00:43:54,599

going down the chimneys and of a bomb

876

00:43:58,130 --> 00:43:56,400

going down the chimney and they're

877

00:44:03,799 --> 00:43:58,140

selling this idea they're going to

878

00:44:06,019 --> 00:44:03,809

create a war to to get the public

879

00:44:10,099 --> 00:44:06,029

distracted from what's really going on

880

00:44:14,329 --> 00:44:10,109

and and I just and so they they fake a

881

00:44:18,349 --> 00:44:14,339

war and they have one video and really

882

00:44:21,079 --> 00:44:18,359

what we've seen on the CNN is that one

883

00:44:23,239 --> 00:44:21,089

video and it's very compelling

884

00:44:27,439 --> 00:44:23,249

and I just can't help but wonder if this

885

00:44:30,409 --> 00:44:27,449

isn't them creating a honeypot basically

886

00:44:33,199 --> 00:44:30,419

so Stan do you understand his his

887

00:44:34,699 --> 00:44:33,209

question well I do and I don't have an

888

00:44:37,489 --> 00:44:34,709

answer for him

889

00:44:39,229 --> 00:44:37,499

I can't say that it's impossible with

890

00:44:41,809 --> 00:44:39,239

all the manipulations that are there

891

00:44:44,149 --> 00:44:41,819

have been on this planet you know over

892

00:44:47,929 --> 00:44:44,159

the last but just make it 20 years no

893

00:44:50,599 --> 00:44:47,939

less 200 years there are all kinds of

894

00:44:53,659 --> 00:44:50,609

possibilities but I again I was very

895

00:44:55,489 --> 00:44:53,669

impressed by the quality of the people

896

00:44:58,909 --> 00:44:55,499

who were involved these are guys who've

897

00:45:00,439 --> 00:44:58,919

had very responsible positions and had

898

00:45:03,559 --> 00:45:00,449

to be trusted and there were high

899

00:45:05,449 --> 00:45:03,569

security positions and you know maybe

900

00:45:09,009 --> 00:45:05,459

maybe it's foolish having had a

901
00:45:13,999 --> 00:45:09,019
clearance for 14 years but I think it

902
00:45:17,239 --> 00:45:14,009
says strong control on people but

903
00:45:19,309 --> 00:45:17,249
they're doing things under security and

904
00:45:21,079 --> 00:45:19,319
you sign on to keeping your mouth shut

905
00:45:24,199 --> 00:45:21,089
and doing all kinds of other things you

906
00:45:26,179 --> 00:45:24,209
take it very seriously somebody who

907
00:45:29,299 --> 00:45:26,189
hasn't had a clearance may not realize

908
00:45:32,929 --> 00:45:29,309
how what a big impact it is on an

909
00:45:36,349 --> 00:45:32,939
individual when he finds out about stuff

910
00:45:38,120 --> 00:45:36,359
that he can't tell anybody about and

911
00:45:43,669 --> 00:45:38,130
where the penalties for doing that are

912
00:45:45,499 --> 00:45:43,679
very severe it it scares you you got to

913
00:45:46,159 --> 00:45:45,509

watch what you're doing he's got to be

914

00:45:50,870 --> 00:45:46,169

careful

915

00:45:52,819 --> 00:45:50,880

I was pressed with that stuff I just

916

00:45:56,809 --> 00:45:52,829

want to say it seems like you know we're

917

00:46:00,409 --> 00:45:56,819

all so eager for this to be true and it

918

00:46:04,669 --> 00:46:00,419

just for what we have seen the video on

919

00:46:09,289 --> 00:46:04,679

CNN that's I mean we've gotten one video

920

00:46:13,039 --> 00:46:09,299

out of them and I just I hope there's a

921

00:46:16,009 --> 00:46:13,049

lot more coming and that Kathy what was

922

00:46:19,549 --> 00:46:16,019

that number of how many reports well

923

00:46:22,130 --> 00:46:19,559

they had three dozen reports that was

924

00:46:25,279 --> 00:46:22,140

part of the advanced aerospace threat

925

00:46:27,799 --> 00:46:25,289

identification program to read read

926
00:46:30,289 --> 00:46:27,809
three dozen thick reports with hundreds

927
00:46:33,759 --> 00:46:30,299
of pages and three dozen technical

928
00:46:35,299 --> 00:46:33,769
reports that is according to Louise

929
00:46:39,019 --> 00:46:35,309
Elizondo

930
00:46:41,449 --> 00:46:39,029
and no we don't have all of that they

931
00:46:46,130 --> 00:46:41,459
have only been able to get the

932
00:46:50,870 --> 00:46:46,140
information that is has been released

933
00:46:53,059 --> 00:46:50,880
right across our nation yes so they

934
00:46:56,959 --> 00:46:53,069
don't have all of the information and

935
00:46:59,779 --> 00:46:56,969
they are I guess very slowly going to

936
00:47:01,609 --> 00:46:59,789
release the information that they have

937
00:47:07,339 --> 00:47:01,619
it's my understanding that they have

938
00:47:08,749 --> 00:47:07,349

three videos they have shown one I'm

939

00:47:11,959 --> 00:47:08,759

trying to think of what it was called

940

00:47:15,349 --> 00:47:11,969

the the gimbal the gimbal yes and then

941

00:47:17,569 --> 00:47:15,359

there was the one from the Nimitz and so

942

00:47:20,239 --> 00:47:17,579

there's another one that should be

943

00:47:21,979 --> 00:47:20,249

coming out that's my understanding of it

944

00:47:28,039 --> 00:47:21,989

yeah and I heard there's a I've heard

945

00:47:31,459 --> 00:47:28,049

that Elizondo has up to 12 of them then

946

00:47:33,169 --> 00:47:31,469

he was able to secure but whether he can

947

00:47:38,809 --> 00:47:33,179

only show these three right now I'm not

948

00:47:41,029 --> 00:47:38,819

sure Steve thanks so much for the call I

949

00:47:43,429 --> 00:47:41,039

thought it was gone I thought it was

950

00:47:46,219 --> 00:47:43,439

neat perhaps I got his name wrong in

951
00:47:48,289 --> 00:47:46,229
eating the answer anyway so the line is

952
00:47:52,279 --> 00:47:48,299
open if someone would like to call and

953
00:47:55,459 --> 00:47:52,289
ask our guests some questions the number

954
00:48:00,049 --> 00:47:55,469
is six oh three nine six seven four OH

955
00:48:03,019 --> 00:48:00,059
three oh so I think I was understanding

956
00:48:04,640 --> 00:48:03,029
the caller was calling the video of the

957
00:48:07,039 --> 00:48:04,650
honeypot I think that's what he was

958
00:48:11,029 --> 00:48:07,049
saying and like you said Kathy there's

959
00:48:12,769 --> 00:48:11,039
there's more to come on that and let's

960
00:48:16,249 --> 00:48:12,779
talk a little bit about the video though

961
00:48:19,130 --> 00:48:16,259
right now because um I'm gonna pull this

962
00:48:22,579 --> 00:48:19,140
up on YouTube so people can see it so

963
00:48:25,039 --> 00:48:22,589

there's there's a there's people I don't

964

00:48:28,249 --> 00:48:25,049

want to say debunking or trying to

965

00:48:30,380 --> 00:48:28,259

debunk or bashing the video I don't know

966

00:48:33,529 --> 00:48:30,390

how either one of you heard of anything

967

00:48:35,359 --> 00:48:33,539

about that well I did hear somebody

968

00:48:37,249 --> 00:48:35,369

saying something and my immediate

969

00:48:39,829 --> 00:48:37,259

reaction was hey wait a minute they're

970

00:48:42,259 --> 00:48:39,839

at 20,000 feet they made it sound like

971

00:48:45,380 --> 00:48:42,269

it was you know a home movie project

972

00:48:48,739 --> 00:48:45,390

here on the ground it wasn't like that

973

00:48:49,700 --> 00:48:48,749

at all this is very special equipment

974

00:48:51,820 --> 00:48:49,710

very special sir

975

00:48:54,650 --> 00:48:51,830

from stances and very sophisticated

976

00:48:57,109 --> 00:48:54,660

people involved and we had the live

977

00:48:59,720 --> 00:48:57,119

recording which I found rather

978

00:49:01,430 --> 00:48:59,730

fascinating you don't often get to hear

979

00:49:05,030 --> 00:49:01,440

those from this sort of thing

980

00:49:09,079 --> 00:49:05,040

I mean maybe pilot flying a very

981

00:49:12,290 --> 00:49:09,089

expensive jet and using very

982

00:49:15,140 --> 00:49:12,300

sophisticated equipment to have that out

983

00:49:17,359 --> 00:49:15,150

in the open there's a big step forward

984

00:49:21,380 --> 00:49:17,369

and I hope that means there's gonna be

985

00:49:25,040 --> 00:49:21,390

more like that right and David commander

986

00:49:30,140 --> 00:49:25,050

David favor had 16 years experience and

987

00:49:35,720 --> 00:49:30,150

over 3500 hours of flying time specially

988

00:49:39,400 --> 00:49:35,730

trained and you know what those men were

989

00:49:43,339 --> 00:49:39,410

describing was incredible that the craft

990

00:49:46,339 --> 00:49:43,349

came in at supersonic speed it's stopped

991

00:49:50,540 --> 00:49:46,349

at 80,000 feet it dropped at 20,000 and

992

00:49:54,020 --> 00:49:50,550

then it dropped again and and stopped 50

993

00:49:55,849 --> 00:49:54,030

feet above the ocean right it's it was

994

00:50:00,400 --> 00:49:55,859

moving back and forth like a ping-pong

995

00:50:03,530 --> 00:50:00,410

ball hitting a wall and accelerating at

996

00:50:06,730 --> 00:50:03,540

incredible speed in moving in ways that

997

00:50:09,829 --> 00:50:06,740

we cannot they were breaking our eye

998

00:50:12,140 --> 00:50:09,839

aerodynamic rules are laws of physics as

999

00:50:17,510 --> 00:50:12,150

we understand them this is really

1000

00:50:19,070 --> 00:50:17,520

something very special yes and you know

1001
00:50:22,250 --> 00:50:19,080
a lot of people talk about the g-force

1002
00:50:24,829 --> 00:50:22,260
of course that if you know a being was

1003
00:50:29,720 --> 00:50:24,839
inside that there's no way that it could

1004
00:50:33,530 --> 00:50:29,730
survive as we know as we know it as we

1005
00:50:35,599 --> 00:50:33,540
understand it know the kicker is what

1006
00:50:37,790 --> 00:50:35,609
you need to understand is that there

1007
00:50:40,579 --> 00:50:37,800
isn't a fixed number how many G's can

1008
00:50:42,530 --> 00:50:40,589
you stand it depends how many G's you

1009
00:50:44,480 --> 00:50:42,540
can stand depends on the direction of

1010
00:50:45,980 --> 00:50:44,490
the force with regard to the body and

1011
00:50:50,150 --> 00:50:45,990
notice the astronauts go up on their

1012
00:50:53,030 --> 00:50:50,160
back not foot ahead it depends on the

1013
00:50:55,280 --> 00:50:53,040

duration of the force and the direction

1014

00:50:57,620 --> 00:50:55,290

with regard to the body and the

1015

00:50:59,900 --> 00:50:57,630

magnitude of the force now there's some

1016

00:51:01,280 --> 00:50:59,910

crazy numbers here you can actually spin

1017

00:51:03,630 --> 00:51:01,290

and there are measurements to show this

1018

00:51:06,700 --> 00:51:03,640

you can stand 30 G's for one

1019

00:51:09,760 --> 00:51:06,710

one second that's zero to 600 miles an

1020

00:51:13,329 --> 00:51:09,770

hour in one second that's pretty

1021

00:51:15,130 --> 00:51:13,339

splendid pretty shocking you can a

1022

00:51:18,370 --> 00:51:15,140

trained pilot can perform a tracking

1023

00:51:22,510 --> 00:51:18,380

task at 14 G's for two and a half

1024

00:51:27,210 --> 00:51:22,520

minutes and think about that for a

1025

00:51:30,309 --> 00:51:27,220

minute it doesn't sound like long for me

1026

00:51:34,270 --> 00:51:30,319

what I'm saying is you design systems

1027

00:51:36,370 --> 00:51:34,280

and also another aspect here we haven't

1028

00:51:38,260 --> 00:51:36,380

talked about plasma propulsion that is

1029

00:51:41,349 --> 00:51:38,270

having a plasma around the vehicle

1030

00:51:43,000 --> 00:51:41,359

ionized air around a vehicle but it

1031

00:51:45,460 --> 00:51:43,010

turns out there's an enormous amount of

1032

00:51:48,430 --> 00:51:45,470

work which you don't hear about in the

1033

00:51:50,980 --> 00:51:48,440

open very much that shows that with an

1034

00:51:53,200 --> 00:51:50,990

ionized air region around a craft and

1035

00:51:55,809 --> 00:51:53,210

you have controlling magnetic and

1036

00:52:00,490 --> 00:51:55,819

electric fields you can control lift

1037

00:52:03,339 --> 00:52:00,500

drag heating sonic boom production all

1038

00:52:07,470 --> 00:52:03,349

of those things you know that's not some

1039

00:52:13,690 --> 00:52:11,230

that that's real world so might one of

1040

00:52:16,599 --> 00:52:13,700

my rules is the technological progress

1041

00:52:19,750 --> 00:52:16,609

comes from doing things differently in

1042

00:52:21,520 --> 00:52:19,760

an unpredictable way the future is not

1043

00:52:24,849 --> 00:52:21,530

an extrapolation of the past you have to

1044

00:52:27,370 --> 00:52:24,859

change how you do things so it's too

1045

00:52:30,220 --> 00:52:27,380

quick to say that we couldn't do it or

1046

00:52:32,589 --> 00:52:30,230

we can't stand it or it violates the

1047

00:52:34,780 --> 00:52:32,599

laws of physics no we're talking about

1048

00:52:36,309 --> 00:52:34,790

new technologies we're always violating

1049

00:52:39,220 --> 00:52:36,319

the laws of physics if you say the way

1050

00:52:43,809 --> 00:52:39,230

we could do things before is sets the

1051
00:52:45,700 --> 00:52:43,819
limit and so you've got to be real

1052
00:52:48,520 --> 00:52:45,710
careful about that we've got a lot to

1053
00:52:53,200 --> 00:52:48,530
learn yet yeah yeah yeah I'm not

1054
00:52:56,680 --> 00:52:53,210
volunteering for that 30 G and I would

1055
00:53:00,910 --> 00:52:56,690
like to say something if I can way back

1056
00:53:04,210 --> 00:53:00,920
in 1961 as Barney Hill stood and looked

1057
00:53:07,120 --> 00:53:04,220
at that craft he described it appearing

1058
00:53:10,000 --> 00:53:07,130
to bounce back and forth he compared it

1059
00:53:12,309 --> 00:53:10,010
to a ball on a rubber band that's

1060
00:53:15,849 --> 00:53:12,319
connected to a paddle and you hit the

1061
00:53:17,470 --> 00:53:15,859
ball on the paddle and it flies out and

1062
00:53:20,170 --> 00:53:17,480
then it comes back

1063
00:53:25,150 --> 00:53:20,180

it was the same kind of motion way back

1064

00:53:29,620 --> 00:53:25,160

in 61 and there were nonhumans aboard

1065

00:53:32,680 --> 00:53:29,630

that craft yeah I know it's it is like

1066

00:53:35,500 --> 00:53:32,690

we can't understand first of all how

1067

00:53:38,500 --> 00:53:35,510

they get here also the spectacular

1068

00:53:41,920 --> 00:53:38,510

things that people have been reporting

1069

00:53:45,220 --> 00:53:41,930

for you know decades of the speeds the

1070

00:53:47,890 --> 00:53:45,230

the sharp turns the disappearing and

1071

00:53:50,849 --> 00:53:47,900

reappearing all those strange things

1072

00:53:53,890 --> 00:53:50,859

that people are reporting we we haven't

1073

00:53:56,470 --> 00:53:53,900

you know we don't have a clue of exactly

1074

00:53:59,430 --> 00:53:56,480

how they're doing well we do we do have

1075

00:54:02,970 --> 00:53:59,440

some okay we can do a lot of stuff now

1076
00:54:05,410 --> 00:54:02,980
and that's why I mention nuclear fusion

1077
00:54:07,240 --> 00:54:05,420
look it's kind of like going from

1078
00:54:12,099 --> 00:54:07,250
dynamite

1079
00:54:14,200 --> 00:54:12,109
you know TNT Wow a big bomb in 1944 10

1080
00:54:17,770 --> 00:54:14,210
ton blockbuster released the energy at

1081
00:54:19,980 --> 00:54:17,780
10 tons of dynamite Wow the first day

1082
00:54:22,540 --> 00:54:19,990
bomb the next year

1083
00:54:29,920 --> 00:54:22,550
15,000 tons of dynamite

1084
00:54:32,770 --> 00:54:29,930
the first h-bomb 1950 to 10 million tons

1085
00:54:39,580 --> 00:54:32,780
of dynamite and the Russian set went off

1086
00:54:42,970 --> 00:54:39,590
Tsar Bomba 57 million tons of dynamite

1087
00:54:46,120 --> 00:54:42,980
one thinking bomb right could take out

1088
00:54:47,770 --> 00:54:46,130

exercise automate yeah if that's the one

1089

00:54:49,660 --> 00:54:47,780

I think you're talking about this said

1090

00:54:53,650 --> 00:54:49,670

it could they would it's big enough to

1091

00:54:56,440 --> 00:54:53,660

destroy Texas basically well the

1092

00:54:58,570 --> 00:54:56,450

fireball alone on one was three miles

1093

00:55:00,010 --> 00:54:58,580

wide that's just the fireball that's not

1094

00:55:01,540 --> 00:55:00,020

the area of destruction which is much

1095

00:55:02,859 --> 00:55:01,550

big enough I remember the Russians cut

1096

00:55:07,480 --> 00:55:02,869

Siberia which they got a lot of empty

1097

00:55:09,970 --> 00:55:07,490

space so what the heck but what I'm

1098

00:55:14,050 --> 00:55:09,980

saying is look at that progression from

1099

00:55:20,190 --> 00:55:14,060

10 tonnes mm-hmm fifty-seven thousand

1100

00:55:24,370 --> 00:55:20,200

tons you know that's a big big jump

1101

00:55:26,950 --> 00:55:24,380

right but remember fusion is what drives

1102

00:55:29,740 --> 00:55:26,960

all the energy in the universe that's

1103

00:55:30,790 --> 00:55:29,750

what goes on in the stars I'm not saying

1104

00:55:33,280 --> 00:55:30,800

there's not something better than

1105

00:55:37,570 --> 00:55:33,290

we will eventually find but the jump

1106

00:55:40,390 --> 00:55:37,580

between burning gas and setting off a

1107

00:55:43,410 --> 00:55:40,400

fusion device and I worked on fusion

1108

00:55:47,770 --> 00:55:43,420

proposal for deep space travel in 1962

1109

00:55:51,390 --> 00:55:47,780

so it's not a new idea it'll be

1110

00:55:54,250 --> 00:55:51,400

expensive okay everything is expensive

1111

00:55:57,280 --> 00:55:54,260

but what I'm saying is we haven't

1112

00:56:00,580 --> 00:55:57,290

reached the limits of what we know

1113

00:56:02,950 --> 00:56:00,590

already and we've got a lot more to

1114

00:56:05,560 --> 00:56:02,960

learn I'm always an optimist we will

1115

00:56:08,080 --> 00:56:05,570

learn more we haven't reached the limit

1116

00:56:10,720 --> 00:56:08,090

and the history of technology

1117

00:56:13,240 --> 00:56:10,730

development has been reaching out and

1118

00:56:14,560 --> 00:56:13,250

finding new ways of doing things there

1119

00:56:17,640 --> 00:56:14,570

was there's a study just to give an

1120

00:56:20,950 --> 00:56:17,650

example in the 40s a professor Campbell

1121

00:56:22,990 --> 00:56:20,960

figured out what a how big what the

1122

00:56:27,340 --> 00:56:23,000

weight would be of a rocket able to get

1123

00:56:32,190 --> 00:56:27,350

a man to the moon and back a million

1124

00:56:35,530 --> 00:56:32,200

million tons he said and sorry you know

1125

00:56:38,380 --> 00:56:35,540

the trouble is a Saturn five weighed

1126

00:56:41,830 --> 00:56:38,390

3,000 tons he was a little wrong he

1127

00:56:46,420 --> 00:56:41,840

didn't know his technology anywhere you

1128

00:56:47,650 --> 00:56:46,430

go also it only takes a year at 1g to

1129

00:56:49,300 --> 00:56:47,660

get to the speed of light

1130

00:56:51,580 --> 00:56:49,310

I've had people I've tried this little

1131

00:56:55,150 --> 00:56:51,590

experiment ask my audiences how many

1132

00:56:58,150 --> 00:56:55,160

think it would take a thousand years a

1133

00:56:59,890 --> 00:56:58,160

hundred years ten years one year at 1g

1134

00:57:01,510 --> 00:56:59,900

to get to the speed of light I've had

1135

00:57:04,120 --> 00:57:01,520

many many of these are professional

1136

00:57:06,700 --> 00:57:04,130

people who thought it took a thousand

1137

00:57:09,790 --> 00:57:06,710

years at 1g to get to the speed of light

1138

00:57:12,550 --> 00:57:09,800

it's less than one year that's the real

1139

00:57:15,460 --> 00:57:12,560

world I mean I'm sorry if that shocks

1140

00:57:18,070 --> 00:57:15,470

people if it bothers people but that's

1141

00:57:21,910 --> 00:57:18,080

the way it is Stan we have another

1142

00:57:23,170 --> 00:57:21,920

caller just called in so call her your

1143

00:57:26,820 --> 00:57:23,180

first name and where are you calling

1144

00:57:29,860 --> 00:57:26,830

from Andrew from Stratford Connecticut

1145

00:57:32,980 --> 00:57:29,870

hi Andrew welcome to the show and do you

1146

00:57:35,470 --> 00:57:32,990

have a question for our guests thank you

1147

00:57:38,950 --> 00:57:35,480

I do I just maybe just some Stanton's

1148

00:57:41,200 --> 00:57:38,960

thoughts on the the state of affairs

1149

00:57:44,590 --> 00:57:41,210

with science today in the scientific

1150

00:57:49,500 --> 00:57:44,600

community how people like Tyson

1151
00:57:54,970 --> 00:57:52,240
send out the perception to the public

1152
00:57:56,560 --> 00:57:54,980
that you know like a lot of scientists

1153
00:57:58,480 --> 00:57:56,570
in the past you say foolish things

1154
00:58:02,040 --> 00:57:58,490
moments before some amazing discoveries

1155
00:58:04,570 --> 00:58:02,050
made they always have a condescending or

1156
00:58:07,120 --> 00:58:04,580
you know kind of a know-it-all attitude

1157
00:58:09,880 --> 00:58:07,130
yes but really there's just a tremendous

1158
00:58:15,270 --> 00:58:09,890
amount of information knowledge we do

1159
00:58:17,590 --> 00:58:15,280
not have yet gravity light photons

1160
00:58:20,860 --> 00:58:17,600
particle duality I mean all these things

1161
00:58:23,500 --> 00:58:20,870
and they'd have you think that right now

1162
00:58:27,040 --> 00:58:23,510
we're always happy you know the ultimate

1163
00:58:30,090 --> 00:58:27,050

I said at the mountain peak of human

1164

00:58:32,380 --> 00:58:30,100

knowledge since Robin turn certainly not

1165

00:58:34,450 --> 00:58:32,390

progress as I said comes from doing

1166

00:58:37,390 --> 00:58:34,460

things differently in an unpredictable

1167

00:58:40,810 --> 00:58:37,400

way and you don't have to look very far

1168

00:58:42,930 --> 00:58:40,820

to see it and the history was Cathy and

1169

00:58:46,150 --> 00:58:42,940

I did a book science was wrong

1170

00:58:49,000 --> 00:58:46,160

14 chapters we each did seven I think

1171

00:58:50,500 --> 00:58:49,010

and each one stimulated by some very

1172

00:58:53,770 --> 00:58:50,510

smart person saying something very

1173

00:58:55,660 --> 00:58:53,780

stupid a man would never fly in a

1174

00:58:57,520 --> 00:58:55,670

vehicle that was close maybe in a

1175

00:59:00,790 --> 00:58:57,530

balloon that was two months before the

1176

00:59:05,980 --> 00:59:00,800

Wright brothers first flight right right

1177

00:59:10,200 --> 00:59:05,990

another one said that space travel was

1178

00:59:13,390 --> 00:59:10,210

utter bilge great astronomer said that

1179

00:59:18,580 --> 00:59:13,400

nobody's yeah can do it you know and the

1180

00:59:20,590 --> 00:59:18,590

next year Sputnik went out and that's

1181

00:59:23,170 --> 00:59:20,600

the thing that if we look in all

1182

00:59:24,790 --> 00:59:23,180

directions we don't fly you know we

1183

00:59:28,320 --> 00:59:24,800

don't speed records now propeller-driven

1184

00:59:31,000 --> 00:59:28,330

airplanes we got jets and we got Rockets

1185

00:59:34,930 --> 00:59:31,010

progress comes from doing things

1186

00:59:38,550 --> 00:59:34,940

differently and it cost money okay

1187

00:59:40,990 --> 00:59:38,560

that's the way things go it costs money

1188

00:59:42,670 --> 00:59:41,000

right so just one final thought and now

1189

00:59:45,040 --> 00:59:42,680

and then I'll take your answer off the

1190

00:59:47,920 --> 00:59:45,050

air it would be that maybe the the next

1191

00:59:52,930 --> 00:59:47,930

task ahead for the UFO community might

1192

00:59:56,380 --> 00:59:52,940

be to change the public's perception and

1193

00:59:57,850 --> 00:59:56,390

try to remove the stigma because you

1194

00:59:58,420 --> 00:59:57,860

know you'd think that the scientific

1195

01:00:00,339 --> 00:59:58,430

community

1196

01:00:03,750 --> 01:00:00,349

would be stumbling over themselves to

1197

01:00:05,890 --> 01:00:03,760

get to this information to figure out

1198

01:00:08,950 --> 01:00:05,900

electromagnetic propulsion or whatever

1199

01:00:10,630 --> 01:00:08,960

it is they're using but people due to

1200

01:00:11,589 --> 01:00:10,640

the stigma won't touch it with a

1201

01:00:15,220 --> 01:00:11,599

ten-foot pole

1202

01:00:16,870 --> 01:00:15,230

well remember that there the stigma look

1203

01:00:19,240 --> 01:00:16,880

as I said I've been out there I've said

1204

01:00:22,359 --> 01:00:19,250

very strong things and I haven't felt

1205

01:00:23,799 --> 01:00:22,369

the stigma and so I that was one thing

1206

01:00:25,359 --> 01:00:23,809

that I noticed in the show the other

1207

01:00:28,180 --> 01:00:25,369

night that they were worried about the

1208

01:00:33,370 --> 01:00:28,190

Sigma afraid to take that final step and

1209

01:00:36,280 --> 01:00:33,380

use the word alien you know no we can't

1210

01:00:38,109 --> 01:00:36,290

say that well I've been out there after

1211

01:00:40,660 --> 01:00:38,119

the first seven hundred lectures and I

1212

01:00:43,059 --> 01:00:40,670

come on very strong you know people are

1213

01:00:45,520 --> 01:00:43,069

quite willing and able to accept that I

1214

01:00:47,559 --> 01:00:45,530

got asked in front of a full house at

1215

01:00:50,500 --> 01:00:47,569

the University of Manitoba in Winnipeg

1216

01:00:53,170 --> 01:00:50,510

it's about 600 people crowded with

1217

01:00:56,290 --> 01:00:53,180

people even sitting in the aisles how

1218

01:00:58,900 --> 01:00:56,300

about asking this audience I was asked

1219

01:01:01,059 --> 01:00:58,910

at the end of my lecture where they

1220

01:01:03,069 --> 01:01:01,069

stand on the subject I have presented

1221

01:01:05,829 --> 01:01:03,079

some Gallup poll data and some other

1222

01:01:08,020 --> 01:01:05,839

polls polls of engineers and scientists

1223

01:01:10,000 --> 01:01:08,030

and so forth and I hesitated I said well

1224

01:01:11,319 --> 01:01:10,010

look I usually stick my neck out I don't

1225

01:01:12,400 --> 01:01:11,329

know ask the other stick they're not

1226

01:01:14,500 --> 01:01:12,410

going well I don't think anybody would

1227

01:01:16,839 --> 01:01:14,510

mind so they asked the question better

1228

01:01:21,579 --> 01:01:16,849

than 90 percent said they thought some

1229

01:01:26,589 --> 01:01:21,589

UFOs or alien spacecraft I'm 10 percent

1230

01:01:29,859 --> 01:01:26,599

90 percent right so I try to encourage

1231

01:01:31,569 --> 01:01:29,869

people speak up but have your facts in

1232

01:01:36,130 --> 01:01:31,579

hand before putting your mouth and gear

1233

01:01:39,190 --> 01:01:36,140

that's all right great thank you and

1234

01:01:40,720 --> 01:01:39,200

I'll let you guys go and Martin you do a

1235

01:01:42,579 --> 01:01:40,730

great show keep up the good work

1236

01:01:44,170 --> 01:01:42,589

hey thank you and Andrew do you

1237

01:01:45,339 --> 01:01:44,180

appreciate those great questions thanks

1238

01:01:50,230 --> 01:01:45,349

a lot sure

1239

01:01:51,970 --> 01:01:50,240

okay all right so yeah I think you know

1240

01:01:55,990 --> 01:01:51,980

Cathy do you want to weigh in on the

1241

01:02:00,240 --> 01:01:56,000

stigma as well well I think that Donald

1242

01:02:04,329 --> 01:02:00,250

Menzel Philip Glass and Edward Condon

1243

01:02:09,880 --> 01:02:04,339

worked very very hard to place that

1244

01:02:11,800 --> 01:02:09,890

stigma on scientists and did a lot in

1245

01:02:14,680 --> 01:02:11,810

order to harm

1246

01:02:19,030 --> 01:02:14,690

prominent scientists who studied this

1247

01:02:22,510 --> 01:02:19,040

topic but it's time for that to be over

1248

01:02:27,310 --> 01:02:22,520

Robert Bigelow is one of the scientists

1249

01:02:32,350 --> 01:02:27,320

who is considering this and and working

1250

01:02:36,250 --> 01:02:32,360

on this very diligently and he had a

1251

01:02:39,640 --> 01:02:36,260

team of 46 scientists working on this

1252

01:02:44,470 --> 01:02:39,650

and he is making great advances in terms

1253

01:02:47,560 --> 01:02:44,480

of building expandable kind of

1254

01:02:50,950 --> 01:02:47,570

structures to to go into space and and

1255

01:02:55,240 --> 01:02:50,960

he's really moving along and he is a

1256

01:02:58,870 --> 01:02:55,250

shining example of someone who is not

1257

01:03:01,300 --> 01:02:58,880

afraid to take the risks right on yeah I

1258

01:03:04,300 --> 01:03:01,310

saw that interview I was I was very

1259

01:03:08,740 --> 01:03:04,310

impressed he said I don't give a ton

1260

01:03:11,590 --> 01:03:08,750

what people think and I love that

1261

01:03:13,990 --> 01:03:11,600

attitude and all this time I had no idea

1262

01:03:16,570 --> 01:03:14,000

that he was involved in that secret

1263

01:03:20,850 --> 01:03:16,580

program or he was actually getting the

1264

01:03:23,680 --> 01:03:20,860

raw data so I was amazed myself yeah

1265

01:03:26,650 --> 01:03:23,690

well I'm not surprised because I my

1266

01:03:29,950 --> 01:03:26,660

first dealings with them oh God 10 15

1267

01:03:34,780 --> 01:03:29,960

years ago I don't know long time I was a

1268

01:03:37,990 --> 01:03:34,790

young man so we're gonna be changing the

1269

01:03:40,230 --> 01:03:38,000

subject really soon so if anyone that's

1270

01:03:42,490 --> 01:03:40,240

listening live wants to call in and ask

1271

01:03:45,150 --> 01:03:42,500

specific to what we're talking about

1272

01:03:48,670 --> 01:03:45,160

right now that number is six oh three

1273

01:03:51,660 --> 01:03:48,680

nine six seven four OH three oh if

1274

01:03:57,250 --> 01:03:51,670

anyone wants to call in again that 603

1275

01:04:00,070 --> 01:03:57,260

967 403 oh and a question we're talking

1276

01:04:02,770 --> 01:04:00,080

now about you know the Pentagon's secret

1277

01:04:04,720 --> 01:04:02,780

UFO search we're going to be changing

1278

01:04:06,160 --> 01:04:04,730

the subject and talking about other

1279

01:04:09,520 --> 01:04:06,170

things we have a caller coming in right

1280

01:04:11,260 --> 01:04:09,530

now a call coming in right now and

1281

01:04:17,550 --> 01:04:11,270

caller your first name and where are you

1282

01:04:25,720 --> 01:04:25,000

how are you Lee Spiegel so great to have

1283

01:04:29,480 --> 01:04:25,730

you calling

1284

01:04:30,980 --> 01:04:29,490

well I I just I just got home and I

1285

01:04:33,080 --> 01:04:30,990

really wanted to hear what the show is

1286

01:04:35,150 --> 01:04:33,090

gonna be about tonight so I'm not sure

1287

01:04:38,300 --> 01:04:35,160

I'm sure I've missed some great stuff

1288

01:04:42,470 --> 01:04:38,310

and and I actually have a question that

1289

01:04:44,150 --> 01:04:42,480

I've always wanted to ask Stan and Cathy

1290

01:04:44,930 --> 01:04:44,160

and I've never I've never done that

1291

01:04:50,270 --> 01:04:44,940

before

1292

01:04:52,490 --> 01:04:50,280

Oh fire away okay I mean I I admire you

1293

01:04:54,650 --> 01:04:52,500

you know of course how much I admire all

1294

01:04:57,520 --> 01:04:54,660

the work that the two of you have done I

1295

01:05:01,610 --> 01:04:57,530

mean really I have all of your books and

1296

01:05:06,020 --> 01:05:01,620

and there's a part of me that has always

1297

01:05:09,530 --> 01:05:06,030

believed that some UFOs as Stan very

1298

01:05:11,450 --> 01:05:09,540

often says in his lectures some UFOs are

1299

01:05:14,930 --> 01:05:11,460

quite possibly somebody else's

1300

01:05:18,950 --> 01:05:14,940

spacecraft I believe that as well but

1301

01:05:22,010 --> 01:05:18,960

Stan you don't often talk about whether

1302

01:05:25,600 --> 01:05:22,020

or not you think that UFOs could be from

1303

01:05:28,610 --> 01:05:25,610

somewhere else not interplanetary

1304

01:05:31,340 --> 01:05:28,620

locations and I'm curious to know how

1305

01:05:33,560 --> 01:05:31,350

you and how Cathy how you feel about

1306

01:05:36,830 --> 01:05:33,570

whether or not some UFOs could be

1307

01:05:39,710 --> 01:05:36,840

involved with other alternate realities

1308

01:05:41,030 --> 01:05:39,720

or dimensions could they be coming from

1309

01:05:44,090 --> 01:05:41,040

somewhere else

1310

01:05:46,070 --> 01:05:44,100

that you don't always talk about well

1311

01:05:48,670 --> 01:05:46,080

look I talk about things I know

1312

01:05:52,670 --> 01:05:48,680

something about at least I tried to

1313

01:05:54,350 --> 01:05:52,680

and I certainly allow for a great deal

1314

01:05:57,170 --> 01:05:54,360

about the UFOs that we don't know

1315

01:06:01,360 --> 01:05:57,180

anything about I think they may know a

1316

01:06:04,160 --> 01:06:01,370

great deal about warping space and time

1317

01:06:07,040 --> 01:06:04,170

how do they get through walls without

1318

01:06:09,560 --> 01:06:07,050

making holes in the walls I mean this is

1319

01:06:12,350 --> 01:06:09,570

pretty far-out stuff but since I don't

1320

01:06:14,780 --> 01:06:12,360

know how to do those things I say look

1321

01:06:17,000 --> 01:06:14,790

we're young they're old they've been at

1322

01:06:18,650 --> 01:06:17,010

this a long time I guarantee you that

1323

01:06:21,320 --> 01:06:18,660

there will be things that they know

1324

01:06:22,580 --> 01:06:21,330

about that we don't know about but since

1325

01:06:26,450 --> 01:06:22,590

I don't know about now what can I say

1326

01:06:29,270 --> 01:06:26,460

about it leave room so you you would be

1327

01:06:31,460 --> 01:06:29,280

open to the possibility that maybe then

1328

01:06:33,590 --> 01:06:31,470

they're not or maybe all of them are not

1329

01:06:35,210 --> 01:06:33,600

just coming from other planets and want

1330

01:06:37,760 --> 01:06:35,220

to say all of them I mean you know the

1331

01:06:39,440 --> 01:06:37,770

small percent that can't be explained

1332

01:06:43,250 --> 01:06:39,450

and that's a big number that small

1333

01:06:45,770 --> 01:06:43,260

percent well yeah biggest study Bluebook

1334

01:06:48,410 --> 01:06:45,780

special report 14 remember 21 and a half

1335

01:06:51,020 --> 01:06:48,420

percent even though the Air Force that

1336

01:06:52,730 --> 01:06:51,030

even the unknown three percent what's

1337

01:06:56,060 --> 01:06:52,740

the difference between three and twenty

1338

01:06:59,950 --> 01:06:56,070

one and a half a little deception here

1339

01:07:04,190 --> 01:06:59,960

in there never hurt anybody did it yeah

1340

01:07:07,490 --> 01:07:04,200

and also I'm just I'm also curious do

1341

01:07:12,320 --> 01:07:07,500

you feel that Project Blue Book never

1342

01:07:14,750 --> 01:07:12,330

really ended ah good question I think

1343

01:07:17,860 --> 01:07:14,760

they changed the name yeah I mean that

1344

01:07:20,720 --> 01:07:17,870

that's when I go back to Bohlander

1345

01:07:23,930 --> 01:07:20,730

remember that reports of UFOs which

1346

01:07:29,360 --> 01:07:23,940

could affect national security are not

1347

01:07:31,460 --> 01:07:29,370

part of the Blue Book system so where

1348

01:07:34,010 --> 01:07:31,470

did the reports go that could affect

1349

01:07:37,370 --> 01:07:34,020

national security right would say

1350

01:07:41,780 --> 01:07:37,380

majestic 12 and now I'd say the new

1351

01:07:45,170 --> 01:07:41,790

stuff so I certainly don't think we've

1352

01:07:47,870 --> 01:07:45,180

had the full story told us I would be

1353

01:07:50,480 --> 01:07:47,880

astonished if they could if they have

1354

01:07:52,760 --> 01:07:50,490

told us the full story you see I'm a

1355

01:07:53,980 --> 01:07:52,770

believer that security has a place in

1356

01:07:57,290 --> 01:07:53,990

all this stuff

1357

01:07:59,030 --> 01:07:57,300

did we want anybody around to be able to

1358

01:08:02,600 --> 01:07:59,040

get his mitts on the technology that

1359

01:08:03,620 --> 01:08:02,610

that to duplicate UFO flight behavior I

1360

01:08:05,360 --> 01:08:03,630

don't think so

1361

01:08:07,130 --> 01:08:05,370

scares the heck out of me somebody's

1362

01:08:10,250 --> 01:08:07,140

going to use that no war on this planet

1363

01:08:13,520 --> 01:08:10,260

you know whether us are the Russians of

1364

01:08:15,500 --> 01:08:13,530

the Chinese or who knows so I think

1365

01:08:18,320 --> 01:08:15,510

there's a place where you don't want

1366

01:08:20,570 --> 01:08:18,330

some rogue guy on the outside say hey I

1367

01:08:22,220 --> 01:08:20,580

can work a little hard I can figure out

1368

01:08:26,120 --> 01:08:22,230

how these things work and I'll take all

1369

01:08:29,570 --> 01:08:26,130

these guys out that scares me security

1370

01:08:32,930 --> 01:08:29,580

has a role here Cathy a use kid how

1371

01:08:38,120 --> 01:08:32,940

about anything like this well first of

1372

01:08:42,470 --> 01:08:38,130

all let me say that in terms of them

1373

01:08:47,570 --> 01:08:42,480

being interdimensional Lee I I have done

1374

01:08:50,300 --> 01:08:47,580

a lot of investigations for the mutual

1375

01:08:52,750 --> 01:08:50,310

UFO network and independently as well

1376

01:08:54,880 --> 01:08:52,760

and

1377

01:08:59,580 --> 01:08:54,890

it just slaps you in the face you can't

1378

01:09:03,550 --> 01:08:59,590

turn away from it that a lot of this is

1379

01:09:07,270 --> 01:09:03,560

interdimensional craft phasing in and

1380

01:09:14,140 --> 01:09:07,280

out non-human entities phasing in and

1381

01:09:16,360 --> 01:09:14,150

out I have video of light orbs that

1382

01:09:20,890 --> 01:09:16,370

appeared to be intelligently controlled

1383

01:09:26,400 --> 01:09:20,900

that can be seen with the naked eye and

1384

01:09:29,340 --> 01:09:26,410

are also recorded on video I have

1385

01:09:33,610 --> 01:09:29,350

photographs of what appear to be

1386

01:09:37,480 --> 01:09:33,620

non-human entities phasing in the stage

1387

01:09:40,210 --> 01:09:37,490

of phasing in or out there's something

1388

01:09:44,200 --> 01:09:40,220

going on here that is way beyond our

1389

01:09:47,520 --> 01:09:44,210

understanding of science and my big

1390

01:09:53,160 --> 01:09:47,530

question is is all of this

1391

01:09:56,170 --> 01:09:53,170

interdimensional or and are there

1392

01:09:59,380 --> 01:09:56,180

interdimensional entities living on

1393

01:10:01,360 --> 01:09:59,390

other planets coming say there are fifth

1394

01:10:06,190 --> 01:10:01,370

dimensional and coming to our three

1395

01:10:09,720 --> 01:10:06,200

dimensional environment or are there

1396

01:10:14,560 --> 01:10:09,730

entities who have interdimensional

1397

01:10:16,930 --> 01:10:14,570

technology and are able to use that but

1398

01:10:19,180 --> 01:10:16,940

there's something going on here that is

1399

01:10:21,820 --> 01:10:19,190

definitely interdimensional and it is a

1400

01:10:25,390 --> 01:10:21,830

little frightening to think about it but

1401

01:10:28,840 --> 01:10:25,400

you know reality is reality you have to

1402

01:10:30,520 --> 01:10:28,850

face it and try to figure out you know

1403

01:10:33,070 --> 01:10:30,530

try to solve the problem as

1404

01:10:35,470 --> 01:10:33,080

scientifically as possible and that's

1405

01:10:38,530 --> 01:10:35,480

something that free I think is working

1406

01:10:40,930 --> 01:10:38,540

on found the Edgar Mitchell foundation

1407

01:10:43,300 --> 01:10:40,940

for research into extraterrestrial and

1408

01:10:48,910 --> 01:10:43,310

extraordinary encounters with people

1409

01:10:51,490 --> 01:10:48,920

like dr. Rudi shield who and Claude

1410

01:10:54,430 --> 01:10:51,500

Swanson dr. Claude Swanson is another

1411

01:10:57,580 --> 01:10:54,440

one who are working on this sort of

1412

01:11:00,400 --> 01:10:57,590

thing I think maybe and Martin Hart

1413

01:11:02,170 --> 01:11:00,410

Martin can I ask you a question oh yes I

1414

01:11:03,610 --> 01:11:02,180

was gonna I just had a little comment to

1415

01:11:06,069 --> 01:11:03,620

make about that but go ahead ask me the

1416

01:11:10,209 --> 01:11:06,079

question well the question to you Martin

1417

01:11:13,060 --> 01:11:10,219

I think your audience would probably be

1418

01:11:15,100 --> 01:11:13,070

interested to know how you feel about

1419

01:11:20,609 --> 01:11:15,110

this like is there anything about the

1420

01:11:24,910 --> 01:11:20,619

UFO subject that either frightens you or

1421

01:11:27,189 --> 01:11:24,920

or makes you want to give it up because

1422

01:11:29,410 --> 01:11:27,199

I've had many times in my life where I

1423

01:11:33,160 --> 01:11:29,420

wanted to just put it aside and not go

1424

01:11:34,810 --> 01:11:33,170

anywhere near it anymore well I I do get

1425

01:11:38,140 --> 01:11:34,820

that you know perhaps I haven't been at

1426

01:11:40,750 --> 01:11:38,150

it long enough you know to to feel that

1427

01:11:42,910 --> 01:11:40,760

as of right now I still feel as though

1428

01:11:45,370 --> 01:11:42,920

it's it's fascinating and I love to hear

1429

01:11:47,290 --> 01:11:45,380

I love to hear the stories would love to

1430

01:11:51,160 --> 01:11:47,300

hear people's thoughts on what it may be

1431

01:11:53,970 --> 01:11:51,170

and as as Kathy was talking just then I

1432

01:11:57,600 --> 01:11:53,980

was thinking to myself I wonder if

1433

01:12:03,129 --> 01:11:57,610

interdimensional is somehow linked to

1434

01:12:06,520 --> 01:12:03,139

travel you know I'd like what shark

1435

01:12:08,410 --> 01:12:06,530

Veliz Chevelle a says is you know it's

1436

01:12:11,890 --> 01:12:08,420

probably something we don't even know

1437

01:12:14,500 --> 01:12:11,900

about or understand and that's you know

1438

01:12:16,060 --> 01:12:14,510

or and I've said this a number of times

1439

01:12:19,270 --> 01:12:16,070

probably something we have now to even

1440

01:12:19,720 --> 01:12:19,280

thought of yet could be part of it

1441

01:12:27,040 --> 01:12:19,730

as well

1442

01:12:30,069 --> 01:12:27,050

so I mean we don't know at all but I

1443

01:12:32,290 --> 01:12:30,079

love there's a quote I don't know if if

1444

01:12:34,629 --> 01:12:32,300

Stan has already given you this quote

1445

01:12:37,149 --> 01:12:34,639

today but I always quote Stan Friedman

1446

01:12:39,850 --> 01:12:37,159

on one thing that he says I think in

1447

01:12:44,200 --> 01:12:39,860

every single lecture he ever gives and

1448

01:12:47,020 --> 01:12:44,210

that and that quote is he says when when

1449

01:12:49,450 --> 01:12:47,030

somebody says that bit of UFO behavior

1450

01:12:51,939 --> 01:12:49,460

is impossible what they're really saying

1451

01:12:53,290 --> 01:12:51,949

is I don't know how to do that and if I

1452

01:12:56,290 --> 01:12:53,300

don't know how to do that well then it

1453

01:12:57,790 --> 01:12:56,300

must be impossible I think he's sort of

1454

01:12:58,060 --> 01:12:57,800

you sort of touched on something like

1455

01:13:00,939 --> 01:12:58,070

that

1456

01:13:03,899 --> 01:13:00,949

Stan earlier yeah yeah and it was a

1457

01:13:07,240 --> 01:13:03,909

mistake I was making too by the way Lee

1458

01:13:09,580 --> 01:13:07,250

Lee I loved I loved when you called and

1459

01:13:11,589 --> 01:13:09,590

when you call in and thanks so much I

1460

01:13:13,720 --> 01:13:11,599

really it's always great having you on

1461

01:13:15,370 --> 01:13:13,730

the show it's great to hear your voice

1462

01:13:16,140 --> 01:13:15,380

is non-medical listen to the rest of the

1463

01:13:18,819 --> 01:13:16,150

show okay

1464

01:13:19,939 --> 01:13:18,829

happy new year all right same to you

1465

01:13:22,370 --> 01:13:19,949

thank you all of you

1466

01:13:25,490 --> 01:13:22,380

all right Thank You Riley take care all

1467

01:13:27,770 --> 01:13:25,500

right so we had a couple people trying

1468

01:13:28,669 --> 01:13:27,780

to call in and we are getting ready to

1469

01:13:31,250 --> 01:13:28,679

change the subject

1470

01:13:37,669 --> 01:13:31,260

so if those people would like to try

1471

01:13:40,939 --> 01:13:37,679

back again that number is 603 967 403 oh

1472

01:13:45,110 --> 01:13:40,949

and I will just put that on the in the

1473

01:13:46,780 --> 01:13:45,120

chat room as well so yeah we had a

1474

01:13:50,330 --> 01:13:46,790

couple of people trying to call in and

1475

01:13:52,220 --> 01:13:50,340

yeah I think one one part of the

1476

01:13:55,310 --> 01:13:52,230

question that I didn't answer and that

1477

01:13:59,360 --> 01:13:55,320

was does anything scare me and right now

1478

01:14:01,490 --> 01:13:59,370

I would say I can't think of anything

1479

01:14:03,350 --> 01:14:01,500

unless I ever saw some type of

1480

01:14:05,930 --> 01:14:03,360

aggression you know and we haven't

1481

01:14:08,030 --> 01:14:05,940

really seen much of that or there isn't

1482

01:14:09,770 --> 01:14:08,040

too many cases where there's aggression

1483

01:14:11,720 --> 01:14:09,780

we have another caller on the line

1484

01:14:17,180 --> 01:14:11,730

caller your first name and where you're

1485

01:14:19,850 --> 01:14:17,190

calling from I'm Matt I'm a computer

1486

01:14:23,030 --> 01:14:19,860

science student and part-time physicist

1487

01:14:24,770 --> 01:14:23,040

at on my free time but uh I wanted to

1488

01:14:27,200 --> 01:14:24,780

call and kind of get a few facts

1489

01:14:28,729 --> 01:14:27,210

straight before I mentioned my idea and

1490

01:14:30,800 --> 01:14:28,739

if it's all right I'm going to kind of

1491

01:14:33,800 --> 01:14:30,810

continue what you were guys were talking

1492

01:14:37,330 --> 01:14:33,810

about last but also talk to a fan and

1493

01:14:40,459 --> 01:14:37,340

Margaret and a Katherine about the about

1494

01:14:43,120 --> 01:14:40,469

nuclear physics if they have time for a

1495

01:14:46,700 --> 01:14:43,130

couple questions sure yeah go ahead fire

1496

01:14:50,060 --> 01:14:46,710

all right so to get my one fax rate that

1497

01:14:53,570 --> 01:14:50,070

I need to know from Martin we saw a UFO

1498

01:14:55,459 --> 01:14:53,580

that was separated under the water and

1499

01:14:56,270 --> 01:14:55,469

above the water at one time what that

1500

01:15:00,050 --> 01:14:56,280

report it correctly

1501

01:15:01,970 --> 01:15:00,060

that wasn't my sighting no not not I

1502

01:15:05,720 --> 01:15:01,980

know wasn't your sighting but I heard it

1503

01:15:09,439 --> 01:15:05,730

I heard I heard about it from you and

1504

01:15:12,820 --> 01:15:09,449

another Robert Powell video Robert yeah

1505

01:15:15,650 --> 01:15:12,830

Powell that was the Puerto Rican UFO

1506

01:15:18,950 --> 01:15:15,660

mysteriously appeared to go under the

1507

01:15:20,570 --> 01:15:18,960

water and back out of the water all

1508

01:15:24,040 --> 01:15:20,580

right that makes sense all right

1509

01:15:27,050 --> 01:15:24,050

um and I went so quickly to Stan about

1510

01:15:29,930 --> 01:15:27,060

molten salt water fusion reactors

1511

01:15:37,080 --> 01:15:33,419

molten fusion reactors being used

1512

01:15:39,029 --> 01:15:37,090

for a for this power source

1513

01:15:41,699 --> 01:15:39,039

would they have would you have to

1514

01:15:45,239 --> 01:15:41,709

displace the superheated water and pick

1515

01:15:48,479 --> 01:15:45,249

up more salt water at a point I don't

1516

01:15:52,080 --> 01:15:48,489

know I have a lucky salt water it means

1517

01:15:54,000 --> 01:15:52,090

for any of this stuff going on sorry I I

1518

01:15:58,439 --> 01:15:54,010

thought I seen working on the theory a

1519

01:16:01,379 --> 01:15:58,449

little bit about that and about more I

1520

01:16:02,850 --> 01:16:01,389

think that there are the one vehicles

1521

01:16:04,679 --> 01:16:02,860

that we keep seeing that everyone has

1522

01:16:07,669 --> 01:16:04,689

kind of led to saying that the

1523

01:16:09,929 --> 01:16:07,679

inter-dimensional ones the perfectly

1524

01:16:12,709 --> 01:16:09,939

saucer-shaped ones that have the aura

1525

01:16:15,660 --> 01:16:12,719

around them that we believe is more

1526

01:16:18,149 --> 01:16:15,670

included to being the interdimensional

1527

01:16:20,609 --> 01:16:18,159

beams and then we also have the v-shape

1528

01:16:23,790 --> 01:16:20,619

aircraft that we've seen more in hiring

1529

01:16:25,649 --> 01:16:23,800

a sky like the Phoenix plates for

1530

01:16:28,739 --> 01:16:25,659

example that was more something that we

1531

01:16:31,410 --> 01:16:28,749

expended probably not these small

1532

01:16:38,129 --> 01:16:31,420

saucers to the actual larger craft well

1533

01:16:40,169 --> 01:16:38,139

I think there are motherhood ships - I'm

1534

01:16:43,410 --> 01:16:40,179

emo Stefan Utley I believe that that was

1535

01:16:46,529 --> 01:16:43,420

one the case with that I've been working

1536

01:16:49,350 --> 01:16:46,539

on in my part-time on an idea of

1537

01:16:53,009 --> 01:16:49,360

plasmatic superconducting entanglement

1538

01:16:56,580 --> 01:16:53,019

it is where we use essentials having a

1539

01:16:58,979 --> 01:16:56,590

plasma source being able to control the

1540

01:17:01,500 --> 01:16:58,989

air their speed leveling and stuff like

1541

01:17:04,379 --> 01:17:01,510

that what it is possible because of

1542

01:17:08,009 --> 01:17:04,389

these events where we've seen deep

1543

01:17:10,279 --> 01:17:08,019

crafts either go into the water or go in

1544

01:17:14,939 --> 01:17:10,289

go towards water for saltwater

1545

01:17:17,189 --> 01:17:14,949

capabilities yes it was an idea of

1546

01:17:20,069 --> 01:17:17,199

entanglement and an idea of having a

1547

01:17:22,259 --> 01:17:20,079

craft as a separate device where it can

1548

01:17:24,149 --> 01:17:22,269

either go into a wave state or a

1549

01:17:25,799 --> 01:17:24,159

particle state that would be able to

1550

01:17:28,080 --> 01:17:25,809

create it in a possibility to be able to

1551
01:17:30,179 --> 01:17:28,090
go through walls and those other events

1552
01:17:33,270 --> 01:17:30,189
that we have seen that we can't explain

1553
01:17:35,549 --> 01:17:33,280
and I don't know if anyone's I don't

1554
01:17:40,859 --> 01:17:35,559
have the answer for that question but I

1555
01:17:44,189 --> 01:17:40,869
I would say this that I certainly need

1556
01:17:46,500 --> 01:17:44,199
to point out that sea water is an

1557
01:17:47,280 --> 01:17:46,510
electrically conducting fluid and air

1558
01:17:49,970 --> 01:17:47,290
plasma

1559
01:17:53,100 --> 01:17:49,980
as an electrically conducting fluid

1560
01:17:56,780 --> 01:17:53,110
there was built an electromagnetic

1561
01:17:59,160 --> 01:17:56,790
submarine that operated in salt water

1562
01:18:02,280 --> 01:17:59,170
Westinghouse research lab scientists

1563
01:18:06,510 --> 01:18:02,290

Stewart away build one of these and they

1564

01:18:07,920 --> 01:18:06,520

published a paper about them so I want

1565

01:18:09,300 --> 01:18:07,930

to make sure that you understand the

1566

01:18:11,520 --> 01:18:09,310

analogy I'm trying to make between

1567

01:18:13,260 --> 01:18:11,530

electrically conducting fluid seawater

1568

01:18:20,580 --> 01:18:13,270

in the one hand and ionized there and

1569

01:18:24,270 --> 01:18:20,590

the other parcel the same idea whoops

1570

01:18:27,150 --> 01:18:24,280

Stan you there yeah I'm here okay just

1571

01:18:29,130 --> 01:18:27,160

had a I think we just lost

1572

01:18:34,980 --> 01:18:29,140

Matt Matt thanks for the call

1573

01:18:37,050 --> 01:18:34,990

interesting and all right so let's see

1574

01:18:38,700 --> 01:18:37,060

we have a guy that it's been trying to

1575

01:18:41,160 --> 01:18:38,710

call in over and over again and we keep

1576

01:18:44,790 --> 01:18:41,170

missing him and I'm sure he will be

1577

01:18:47,040 --> 01:18:44,800

calling in so we're gonna be changing

1578

01:18:49,650 --> 01:18:47,050

the subject I wanted to something I've

1579

01:18:52,170 --> 01:18:49,660

never had you both on at one time now

1580

01:18:54,540 --> 01:18:52,180

Kathy when I first met you I was

1581

01:18:57,150 --> 01:18:54,550

actually at your house and Newburyport

1582

01:19:02,010 --> 01:18:57,160

Mass and I we talked about the Betty and

1583

01:19:03,780 --> 01:19:02,020

Barney Hill yes case so that's the

1584

01:19:05,370 --> 01:19:03,790

subject I want to go in but we have this

1585

01:19:09,240 --> 01:19:05,380

guy who's been trying to call here he is

1586

01:19:14,310 --> 01:19:09,250

finally okay alright caller your first

1587

01:19:16,650 --> 01:19:14,320

name and where you calling from Brian

1588

01:19:18,600 --> 01:19:16,660

I'm sorry couldn't take your call you

1589

01:19:21,180 --> 01:19:18,610

called the exact second right after

1590

01:19:25,230 --> 01:19:21,190

someone else did so go ahead you have a

1591

01:19:27,840 --> 01:19:25,240

question for our guests yeah they want

1592

01:19:31,260 --> 01:19:27,850

to make a quick comment first to stand I

1593

01:19:33,990 --> 01:19:31,270

do want to say that even though Marvin

1594

01:19:35,880 --> 01:19:34,000

will tell you I am a skeptic or what you

1595

01:19:39,090 --> 01:19:35,890

would call a healthy agnostic I do want

1596

01:19:41,640 --> 01:19:39,100

to say I do appreciate your your hard

1597

01:19:43,260 --> 01:19:41,650

work and your honest really good

1598

01:19:45,720 --> 01:19:43,270

research you've done over the years on

1599

01:19:48,180 --> 01:19:45,730

this topic it's very much appreciated

1600

01:19:54,510 --> 01:19:48,190

even even either from skeptics like me

1601

01:19:59,700 --> 01:19:58,500

I wanted to say on ask you about

1602

01:20:03,900 --> 01:19:59,710

something you talked about earlier you

1603

01:20:08,000 --> 01:20:03,910

had spoken about the perils of aliens

1604

01:20:11,400 --> 01:20:08,010

contacting us of you know whatever

1605

01:20:12,830 --> 01:20:11,410

technology we got from them we would

1606

01:20:16,290 --> 01:20:12,840

just use to kill each other which is

1607

01:20:19,860 --> 01:20:16,300

probably true but do you ever wonder why

1608

01:20:23,460 --> 01:20:19,870

they don't make contact with us and give

1609

01:20:26,550 --> 01:20:23,470

us more benign technology I mean for

1610

01:20:29,100 --> 01:20:26,560

example we already have nuclear weapons

1611

01:20:31,160 --> 01:20:29,110

you know perhaps they could give us

1612

01:20:33,450 --> 01:20:31,170

something like thorium reactors or

1613

01:20:35,160 --> 01:20:33,460

potentially fusion we already have the

1614

01:20:37,230 --> 01:20:35,170

h-bomb or something like that that could

1615

01:20:40,650 --> 01:20:37,240

solve our environmental and energy

1616

01:20:42,360 --> 01:20:40,660

issues well I think that they're here

1617

01:20:44,610 --> 01:20:42,370

because they're concerned about us

1618

01:20:48,600 --> 01:20:44,620

because we're a primitive society whose

1619

01:20:51,300 --> 01:20:48,610

major activity is tribal warfare 50

1620

01:20:53,220 --> 01:20:51,310

million killed in one war is saying a

1621

01:20:55,860 --> 01:20:53,230

heck of a lot about us none of it good

1622

01:20:59,370 --> 01:20:55,870

really I think that the Galactic

1623

01:21:02,070 --> 01:20:59,380

Federation wants to make sure that

1624

01:21:04,980 --> 01:21:02,080

people on one planet beings on one

1625

01:21:07,680 --> 01:21:04,990

planet don't go to war and use their

1626

01:21:10,350 --> 01:21:07,690

technology to beat up on beings from

1627

01:21:12,000 --> 01:21:10,360

another planet we that's the only way we

1628

01:21:13,440 --> 01:21:12,010

solve our problems on this planet let's

1629

01:21:14,910 --> 01:21:13,450

have a little war and I'll take over

1630

01:21:16,710 --> 01:21:14,920

your land and then somebody else will

1631

01:21:21,660 --> 01:21:16,720

come along and do the same thing in you

1632

01:21:23,190 --> 01:21:21,670

know I I hope that there are parts of

1633

01:21:25,620 --> 01:21:23,200

the neighborhood where they've gone past

1634

01:21:28,110 --> 01:21:25,630

that stage where they recognize we have

1635

01:21:29,850 --> 01:21:28,120

to learn to get along with each other

1636

01:21:35,610 --> 01:21:29,860

because we have a capability of

1637

01:21:38,310 --> 01:21:35,620

destroying so much so readily so I think

1638

01:21:41,130 --> 01:21:38,320

that aliens wouldn't dare to give us

1639

01:21:44,220 --> 01:21:41,140

technology whoo why would they but trust

1640

01:21:48,060 --> 01:21:44,230

us with our track record as I say 50

1641

01:21:52,250 --> 01:21:48,070

million in one war seventeen hundred

1642

01:21:55,230 --> 01:21:52,260

cities destroyed in that one war I a

1643

01:21:58,620 --> 01:21:55,240

budget this year of the trillion dollars

1644

01:22:01,410 --> 01:21:58,630

on things military how could they give

1645

01:22:05,280 --> 01:22:01,420

us any technology I think what they want

1646

01:22:07,080 --> 01:22:05,290

to do is make sure we don't spread our

1647

01:22:08,460 --> 01:22:07,090

brand of friendship which everybody else

1648

01:22:10,260 --> 01:22:08,470

calls us still

1649

01:22:13,140 --> 01:22:10,270

in other words I think we're a rogue

1650

01:22:14,850 --> 01:22:13,150

price maybe this is the devil's island

1651
01:22:16,320 --> 01:22:14,860
of this corner of the galaxy they dumped

1652
01:22:18,030 --> 01:22:16,330
all the bad boys and girls here that's

1653
01:22:21,180 --> 01:22:18,040
why we're so nasty to each other you

1654
01:22:24,810 --> 01:22:21,190
know I don't know but let's hope we've

1655
01:22:27,390 --> 01:22:24,820
only had sophisticated technology for

1656
01:22:29,670 --> 01:22:27,400
hundreds thousands tens of thousands of

1657
01:22:32,700 --> 01:22:29,680
years and they'd find it anyway you want

1658
01:22:35,190 --> 01:22:32,710
planets been around for billion years so

1659
01:22:38,190 --> 01:22:35,200
surely others in the universe at least

1660
01:22:40,470 --> 01:22:38,200
13 billion surely others have decided

1661
01:22:41,970 --> 01:22:40,480
that you know what spending all our

1662
01:22:44,910 --> 01:22:41,980
effort killing each other doesn't make a

1663
01:22:48,360 --> 01:22:44,920

lot of sense guys maybe we ought to grow

1664

01:22:50,670 --> 01:22:48,370

up a little bit and so you know that

1665

01:22:54,780 --> 01:22:50,680

that's what I don't think that they

1666

01:22:58,140 --> 01:22:54,790

consider I don't talk to the ants you

1667

01:23:02,880 --> 01:22:58,150

know or even the rabbits which have

1668

01:23:05,910 --> 01:23:02,890

intelligence but limited technology so I

1669

01:23:08,580 --> 01:23:05,920

I would be astonished if aliens would be

1670

01:23:11,940 --> 01:23:08,590

willing to give us anything

1671

01:23:14,120 --> 01:23:11,950

they make given us an example we know

1672

01:23:16,410 --> 01:23:14,130

that there are other beings out there

1673

01:23:18,180 --> 01:23:16,420

even though governments may not want to

1674

01:23:23,180 --> 01:23:18,190

say that very loudly although they did

1675

01:23:26,700 --> 01:23:23,190

very recently a couple weeks ago so I

1676
01:23:31,070 --> 01:23:26,710
don't expect them I can't see any point

1677
01:23:33,750 --> 01:23:31,080
at all and they're giving us any kind of

1678
01:23:36,750 --> 01:23:33,760
technology along those lines I'd like to

1679
01:23:38,340 --> 01:23:36,760
thank you for your call Ryan I would

1680
01:23:40,590 --> 01:23:38,350
like to say you know kind of as a

1681
01:23:43,800 --> 01:23:40,600
follow-up that you know I mentioned

1682
01:23:46,140 --> 01:23:43,810
benign technology technology possible

1683
01:23:48,750 --> 01:23:46,150
you can turn the weapons that even in

1684
01:23:51,860 --> 01:23:48,760
that case I mean possibly they would sit

1685
01:23:54,210 --> 01:23:51,870
back and they would think that you know

1686
01:23:56,460 --> 01:23:54,220
anything we give them I mean you know

1687
01:23:58,710 --> 01:23:56,470
it's or any place we'd land it's just

1688
01:24:00,510 --> 01:23:58,720

going to further divide them you know

1689

01:24:02,730 --> 01:24:00,520

what I mean I mean to say if they hand

1690

01:24:04,560 --> 01:24:02,740

it in in New York they know somebody's

1691

01:24:06,710 --> 01:24:04,570

gonna say why didn't you land in Beijing

1692

01:24:09,410 --> 01:24:06,720

or you know you know what I mean yeah

1693

01:24:11,850 --> 01:24:09,420

yeah oh thanks for the call Ryan

1694

01:24:14,750 --> 01:24:11,860

hey thanks for taking our pleasure speak

1695

01:24:19,580 --> 01:24:14,760

to you alright so along those lines I

1696

01:24:21,990 --> 01:24:19,590

wanted to ask what you thought about

1697

01:24:24,300 --> 01:24:22,000

part of what the

1698

01:24:27,840 --> 01:24:24,310

the government supposedly was doing in

1699

01:24:30,870 --> 01:24:27,850

this study was and and also to what to

1700

01:24:35,010 --> 01:24:30,880

the Stars is planning on doing is to do

1701

01:24:38,490 --> 01:24:35,020

like reverse engineering to or somehow

1702

01:24:41,310 --> 01:24:38,500

to figure out you know how to duplicate

1703

01:24:43,410 --> 01:24:41,320

the technology they're seeing so I

1704

01:24:45,960 --> 01:24:43,420

wonder think who's gonna pay for it and

1705

01:24:48,440 --> 01:24:45,970

who's gonna protect it so that idiots on

1706

01:24:51,870 --> 01:24:48,450

the planet don't get their hands on it

1707

01:24:54,960 --> 01:24:51,880

so in a private company you can't really

1708

01:25:04,130 --> 01:24:54,970

protect you know something from getting

1709

01:25:12,090 --> 01:25:09,390

that somebody figures out how to be like

1710

01:25:14,580 --> 01:25:12,100

these guys and uses it to swat the rest

1711

01:25:16,350 --> 01:25:14,590

of it and in our technological

1712

01:25:18,300 --> 01:25:16,360

development would have to be pretty

1713

01:25:21,510 --> 01:25:18,310

close to theirs for us to be able to

1714

01:25:25,440 --> 01:25:21,520

back engineer it so that's true that you

1715

01:25:28,470 --> 01:25:25,450

have to consider yeah good point yeah

1716

01:25:34,800 --> 01:25:28,480

yeah all right well let's let's go into

1717

01:25:38,520 --> 01:25:34,810

Betty and Barney land and so for I would

1718

01:25:41,790 --> 01:25:38,530

say probably 95% of the people listening

1719

01:25:44,760 --> 01:25:41,800

right now are familiar with the case but

1720

01:25:48,120 --> 01:25:44,770

in a nutshell let's just talk about what

1721

01:25:51,000 --> 01:25:48,130

happened Cathy go ahead and just if you

1722

01:25:55,500 --> 01:25:51,010

can as quickly as you can summarize what

1723

01:25:58,650 --> 01:25:55,510

happened back in 1961 yes okay

1724

01:26:00,750 --> 01:25:58,660

September 19 1961 Betty and Barney are

1725

01:26:03,560 --> 01:26:00,760

returning from a vacation to Niagara

1726

01:26:10,020 --> 01:26:03,570

Falls and then they went up to Montreal

1727

01:26:13,080 --> 01:26:10,030

Toronto first and then they decided

1728

01:26:17,340 --> 01:26:13,090

to instead of staying in Montreal to to

1729

01:26:21,510 --> 01:26:17,350

drive home and along the way they had a

1730

01:26:24,210 --> 01:26:21,520

close encounter with a flying disc it

1731

01:26:28,260 --> 01:26:24,220

came within a hundred feet of their

1732

01:26:30,510 --> 01:26:28,270

vehicle Barney got out of the car looked

1733

01:26:33,090 --> 01:26:30,520

at it through binoculars it descended

1734

01:26:35,430 --> 01:26:33,100

even lower something started to drop out

1735

01:26:35,910 --> 01:26:35,440

of the bottom he had conscious recall of

1736

01:26:38,820 --> 01:26:35,920

observed

1737

01:26:43,160 --> 01:26:38,830

non-human entities looking down at him

1738

01:26:46,500 --> 01:26:43,170

ran back to the car in a state of terror

1739

01:26:48,959 --> 01:26:46,510

heard he and Betty heard code like

1740

01:26:51,090 --> 01:26:48,969

buzzing sounds striking the trunk of the

1741

01:26:53,310 --> 01:26:51,100

car caused the car to vibrate because

1742

01:26:55,560 --> 01:26:53,320

there a tingling sensation to pass

1743

01:26:57,330 --> 01:26:55,570

through their bodies and the next thing

1744

01:26:59,220 --> 01:26:57,340

they're know there were thirty five

1745

01:27:02,340 --> 01:26:59,230

miles down the highway

1746

01:27:04,979 --> 01:27:02,350

they had spotty memories of encountering

1747

01:27:06,540 --> 01:27:04,989

a roadblock somewhere along the way they

1748

01:27:11,340 --> 01:27:06,550

didn't know when or where it occurred

1749

01:27:14,790 --> 01:27:11,350

they had memories of a second series of

1750

01:27:17,510 --> 01:27:14,800

buzzing sounds memories of a fiery orb

1751

01:27:21,270 --> 01:27:17,520

that seemed to be sitting on the ground

1752

01:27:24,360 --> 01:27:21,280

and when they arrived home in Portsmouth

1753

01:27:26,340 --> 01:27:24,370

New Hampshire it was two to three hours

1754

01:27:29,390 --> 01:27:26,350

later than their anticipated arrival

1755

01:27:32,360 --> 01:27:29,400

time Betty's dress was torn there were

1756

01:27:34,979 --> 01:27:32,370

magnetic spots on the trunk of the car

1757

01:27:37,340 --> 01:27:34,989

Barney's best dress shoes were so deeply

1758

01:27:41,189 --> 01:27:37,350

scraped that he had to buy new shoes

1759

01:27:45,450 --> 01:27:41,199

their watches were no longer working

1760

01:27:48,240 --> 01:27:45,460

never worked again and caused many

1761

01:27:54,979 --> 01:27:48,250

problems for them wow that was really

1762

01:27:59,669 --> 01:27:57,750

so witty better at it yeah that's right

1763

01:28:01,140 --> 01:27:59,679

so by the way of the listener that

1764

01:28:04,590 --> 01:28:01,150

doesn't know this

1765

01:28:08,850 --> 01:28:04,600

this is Betty Hill's niece Kathy Martin

1766

01:28:11,459 --> 01:28:08,860

speaking right now so Kathy wasn't it

1767

01:28:13,340 --> 01:28:11,469

like the next day you heard from your

1768

01:28:15,479 --> 01:28:13,350

aunt I mean you heard this was happening

1769

01:28:18,060 --> 01:28:15,489

well it was actually the day they

1770

01:28:19,950 --> 01:28:18,070

arrived home this happened on the night

1771

01:28:23,640 --> 01:28:19,960

of the 19th and into the early morning

1772

01:28:26,820 --> 01:28:23,650

hours of the 20th the abduction was

1773

01:28:30,390 --> 01:28:26,830

around from midnight a little after

1774

01:28:33,780 --> 01:28:30,400

until about 2:00 to 2:30 in the morning

1775

01:28:37,020 --> 01:28:33,790

and so I heard about it that afternoon

1776
01:28:39,540 --> 01:28:37,030
when Betty called my mother I was home

1777
01:28:41,070 --> 01:28:39,550
from school and what did you you were a

1778
01:28:44,820 --> 01:28:41,080
young child what did you think at the

1779
01:28:49,439 --> 01:28:44,830
time I was 13 years old and I was very

1780
01:28:49,859 --> 01:28:49,449
curious and fascinated by this and did

1781
01:28:54,689 --> 01:28:49,869
you

1782
01:29:00,540 --> 01:28:54,699
because I know this didn't actually come

1783
01:29:03,239 --> 01:29:00,550
out for a while yes we were told that we

1784
01:29:07,080 --> 01:29:03,249
could not repeat anything that we heard

1785
01:29:09,779 --> 01:29:07,090
that they would tell us what they knew

1786
01:29:12,449 --> 01:29:09,789
what they learned as they explored this

1787
01:29:15,750 --> 01:29:12,459
but that we could not repeat it so we

1788
01:29:20,639 --> 01:29:15,760

had to speak only within the family

1789

01:29:23,549 --> 01:29:20,649

about it now how the word yeah how how

1790

01:29:26,549 --> 01:29:23,559

big was your family did you have set you

1791

01:29:30,689 --> 01:29:26,559

have siblings I had two brothers who

1792

01:29:32,759 --> 01:29:30,699

were younger than I was I am my mother

1793

01:29:35,189 --> 01:29:32,769

my father I had aunts and uncles and

1794

01:29:37,679 --> 01:29:35,199

cousins my grandparents lived across the

1795

01:29:40,830 --> 01:29:37,689

street from me these are Betty's parents

1796

01:29:43,080 --> 01:29:40,840

so I had quite a few family members that

1797

01:29:46,080 --> 01:29:43,090

I could talk to - and did everyone

1798

01:29:49,739 --> 01:29:46,090

actually keep it in did it stay the

1799

01:29:54,929 --> 01:29:49,749

family secret so to speak as far as I

1800

01:29:57,000 --> 01:29:54,939

know it did Betty and Barney told some

1801
01:30:00,350 --> 01:29:57,010
of their friends they told the airforce

1802
01:30:04,199 --> 01:30:00,360
they told scientists they told NICAP and

1803
01:30:07,560 --> 01:30:04,209
you know eventually there were there was

1804
01:30:09,600 --> 01:30:07,570
a violation of confidentiality Betty and

1805
01:30:12,479 --> 01:30:09,610
Barney spoke to the two state study

1806
01:30:16,049 --> 01:30:12,489
group in Quincy Massachusetts about

1807
01:30:20,699 --> 01:30:16,059
their sighting and Betty spoke a little

1808
01:30:25,589 --> 01:30:20,709
bit about how her dream was the same as

1809
01:30:29,040 --> 01:30:25,599
part of her sighting and that it kind of

1810
01:30:36,739 --> 01:30:29,050
leaked out from there one of Betty's new

1811
01:30:41,790 --> 01:30:36,749
friends who was the UFO investigator

1812
01:30:47,569 --> 01:30:41,800
ended up talking to a newspaper reporter

1813
01:30:50,729 --> 01:30:47,579

by the name of John luttrell and he

1814

01:30:53,270 --> 01:30:50,739

contacted Betty and Barney and he wrote

1815

01:30:56,189 --> 01:30:53,280

them a letter in fact and he said that

1816

01:30:59,159 --> 01:30:56,199

he used her name and he said he'd been

1817

01:31:02,629 --> 01:30:59,169

talking to her and that he wanted to

1818

01:31:05,780 --> 01:31:02,639

talk with them if if they were anywhere

1819

01:31:09,080 --> 01:31:05,790

near as nice as this woman said they

1820

01:31:11,600 --> 01:31:09,090

were than I he knew that he would enjoy

1821

01:31:15,830 --> 01:31:11,610

the discussion he even promised them

1822

01:31:19,399 --> 01:31:15,840

that he would not make this material or

1823

01:31:22,340 --> 01:31:19,409

a commercial venture whatsoever if they

1824

01:31:26,899 --> 01:31:22,350

would only talk to him and he said they

1825

01:31:29,629 --> 01:31:26,909

said absolutely not we don't want anyone

1826

01:31:35,390 --> 01:31:29,639

to to know about this we could lose our

1827

01:31:38,180 --> 01:31:35,400

jobs and lo and behold only a couple of

1828

01:31:42,379 --> 01:31:38,190

months after he talked to them it came

1829

01:31:46,459 --> 01:31:42,389

out in the boston traveler and it was

1830

01:31:50,750 --> 01:31:46,469

carried for five nights or five days in

1831

01:31:51,470 --> 01:31:50,760

in a row Wow and and really caused a big

1832

01:31:54,410 --> 01:31:51,480

stir

1833

01:31:58,100 --> 01:31:54,420

Betty and Barney were extremely upset

1834

01:32:00,979 --> 01:31:58,110

about this they came down to my

1835

01:32:03,830 --> 01:32:00,989

grandparents house that night and we had

1836

01:32:07,520 --> 01:32:03,840

a family meeting in the dining room of

1837

01:32:10,640 --> 01:32:07,530

my parent grandparents house and as a

1838

01:32:13,370 --> 01:32:10,650

family we talked about it and had to

1839

01:32:17,090 --> 01:32:13,380

decide what to do next should Betty and

1840

01:32:20,060 --> 01:32:17,100

Barney go public with this since the cat

1841

01:32:24,890 --> 01:32:20,070

was already out of the bag or should

1842

01:32:28,340 --> 01:32:24,900

they deny it and finally we decided as a

1843

01:32:31,640 --> 01:32:28,350

family that they should go public with

1844

01:32:35,090 --> 01:32:31,650

it I was all for it at the time I was

1845

01:32:40,120 --> 01:32:35,100

guess about seventeen years old at that

1846

01:32:44,350 --> 01:32:40,130

time and and I was in favor of it I had

1847

01:32:48,890 --> 01:32:44,360

no knowledge whatsoever of what the

1848

01:32:52,250 --> 01:32:48,900

consequences would be unfortunately

1849

01:32:54,800 --> 01:32:52,260

there were consequences for going public

1850

01:32:56,720 --> 01:32:54,810

now once you had the go-ahead like

1851

01:33:00,050 --> 01:32:56,730

everybody could talk about it did you

1852

01:33:02,410 --> 01:33:00,060

talk to your friends and and did people

1853

01:33:05,840 --> 01:33:02,420

find out like at your high school and

1854

01:33:08,270 --> 01:33:05,850

treat you differently or anything well I

1855

01:33:12,460 --> 01:33:08,280

was graduating from high school then so

1856

01:33:19,570 --> 01:33:16,260

they there was a little bit of teasing

1857

01:33:26,560 --> 01:33:19,580

such as in the class prophecy I think I

1858

01:33:30,430 --> 01:33:26,570

was going to be an astronaut I really

1859

01:33:34,900 --> 01:33:30,440

had no desire to become an astronaut so

1860

01:33:39,280 --> 01:33:34,910

and Betty and Barney attended my high

1861

01:33:44,080 --> 01:33:39,290

school graduation with the photographer

1862

01:33:47,020 --> 01:33:44,090

from Look magazine because John fuller

1863

01:33:51,070 --> 01:33:47,030

had gotten permission to write the first

1864

01:33:54,310 --> 01:33:51,080

book and he was writing two articles for

1865

01:33:58,810 --> 01:33:54,320

Look magazine in order to promote the

1866

01:34:01,960 --> 01:33:58,820

book and so this photographer was at my

1867

01:34:05,160 --> 01:34:01,970

high school graduation at the family

1868

01:34:09,010 --> 01:34:05,170

party after wow the interrupted journey

1869

01:34:11,290 --> 01:34:09,020

yes and Stan when is the first that you

1870

01:34:14,860 --> 01:34:11,300

heard about the did you hear about it

1871

01:34:16,720 --> 01:34:14,870

right when it became public well I read

1872

01:34:20,110 --> 01:34:16,730

the book the interrupted journey and

1873

01:34:23,710 --> 01:34:20,120

then I had a chance to meet with Betty

1874

01:34:26,920 --> 01:34:23,720

and Barney that came about rather

1875

01:34:30,400 --> 01:34:26,930

strangely I was living in Pittsburgh and

1876

01:34:32,860 --> 01:34:30,410

doing a lot of media stuff and I was on

1877

01:34:38,020 --> 01:34:32,870

the biggest radio TV station in town

1878

01:34:41,200 --> 01:34:38,030

KDKA and they told me they had had me on

1879

01:34:43,990 --> 01:34:41,210

several shows they trusted me we had a

1880

01:34:48,280 --> 01:34:44,000

good group there of professional people

1881

01:34:49,420 --> 01:34:48,290

and they told me they contacted me let

1882

01:34:52,330 --> 01:34:49,430

me know that Betty and Barney were

1883

01:34:55,390 --> 01:34:52,340

coming to town and told me where they

1884

01:34:57,190 --> 01:34:55,400

were staying which was very unusual they

1885

01:34:59,620 --> 01:34:57,200

trusted me as I say and I had called

1886

01:35:00,970 --> 01:34:59,630

them and had dinner with them and that's

1887

01:35:02,980 --> 01:35:00,980

when I met them I listened very

1888

01:35:04,660 --> 01:35:02,990

carefully to see anything that was

1889

01:35:06,790 --> 01:35:04,670

different from what was in the book you

1890

01:35:10,030 --> 01:35:06,800

know and stuff like that so I was very

1891

01:35:12,840 --> 01:35:10,040

favorably impressed and then I got

1892

01:35:15,550 --> 01:35:12,850

another way into the story

1893

01:35:16,210 --> 01:35:15,560

Marjorie fish was doing her work on the

1894

01:35:19,480 --> 01:35:16,220

starmap

1895

01:35:20,790 --> 01:35:19,490

and she asked coral Lorenzen the head of

1896

01:35:23,530 --> 01:35:20,800

the aerial phenomenon research

1897

01:35:25,990 --> 01:35:23,540

organization which was more interested

1898

01:35:29,410 --> 01:35:26,000

in the abductions than nycap was the

1899

01:35:32,410 --> 01:35:29,420

two competing major groups and quarrel

1900

01:35:34,630 --> 01:35:32,420

asked me she said Marjorie fish had

1901

01:35:36,700 --> 01:35:34,640

wanted to talk to a scientist to get

1902

01:35:39,160 --> 01:35:36,710

some help on certain aspects of the

1903

01:35:42,700 --> 01:35:39,170

starmap stuff and could she recommend

1904

01:35:44,830 --> 01:35:42,710

anybody and she recommended me so I met

1905

01:35:46,990 --> 01:35:44,840

with Marjorie I was traveling a lot and

1906

01:35:49,210 --> 01:35:47,000

had a chance to be in Toledo Ohio at

1907

01:35:53,140 --> 01:35:49,220

that time and I was the first to publish

1908

01:35:53,920 --> 01:35:53,150

about the starmap and I got a astronomy

1909

01:35:56,080 --> 01:35:53,930

magazine

1910

01:35:59,590 --> 01:35:56,090

Terry Dickinson the editor to do the

1911

01:36:01,630 --> 01:35:59,600

fine article but he did and so I was

1912

01:36:04,390 --> 01:36:01,640

heavily involved with this

1913

01:36:10,090 --> 01:36:04,400

I couldn't dodge it in other words once

1914

01:36:13,600 --> 01:36:10,100

we got started and I was so pleased in

1915

01:36:15,400 --> 01:36:13,610

the response to the starmap article was

1916

01:36:17,560 --> 01:36:15,410

great and sure there were some deep

1917

01:36:22,960 --> 01:36:17,570

bunkers around but they're always about

1918

01:36:25,120 --> 01:36:22,970

you know can't get rid of them so Kathy

1919

01:36:26,250 --> 01:36:25,130

how long ago was that we met Mike

1920

01:36:29,590 --> 01:36:26,260

goodness

1921

01:36:34,000 --> 01:36:29,600

many many years ago Stan at least 30

1922

01:36:37,360 --> 01:36:34,010

maybe maybe more well it's been a long

1923

01:36:45,520 --> 01:36:37,370

time I am Oh with Marjorie was in the

1924

01:36:48,910 --> 01:36:45,530

early 70s I believe and how could you

1925

01:36:51,660 --> 01:36:48,920

not go on with this stuff and because I

1926

01:36:54,090 --> 01:36:51,670

was lecturing so much I used the story

1927

01:36:57,220 --> 01:36:54,100

people told me their stories

1928

01:37:02,530 --> 01:36:57,230

so I became kind of a go-to guy with

1929

01:37:04,110 --> 01:37:02,540

strange stories there for you and Kathy

1930

01:37:13,360 --> 01:37:04,120

and I've been working together we found

1931

01:37:16,360 --> 01:37:13,370

we thought alike we're both Leo's but no

1932

01:37:18,490 --> 01:37:16,370

it it turns out that we're quite

1933

01:37:19,870 --> 01:37:18,500

compatible in terms of were thinking

1934

01:37:22,570 --> 01:37:19,880

about these things

1935

01:37:25,990 --> 01:37:22,580

you know I'm a physical science she's a

1936

01:37:27,670 --> 01:37:26,000

social scientist so makes a good

1937

01:37:30,250 --> 01:37:27,680

combination because they're certainly

1938

01:37:32,440 --> 01:37:30,260

both physical science and social science

1939

01:37:38,410 --> 01:37:32,450

aspects to the story to the whole

1940

01:37:40,949 --> 01:37:38,420

business now Kathy you you called in

1941

01:37:45,370 --> 01:37:40,959

when I had

1942

01:37:48,009 --> 01:37:45,380

do I want to call him a debunker or

1943

01:37:50,890 --> 01:37:48,019

someone that just wasn't buying the

1944

01:37:54,279 --> 01:37:50,900

whole Betty and Barney story

1945

01:37:57,969 --> 01:37:54,289

so what besides that was Jim James

1946

01:38:03,129 --> 01:37:57,979

McDonald not not the one in UFOs but

1947

01:38:06,100 --> 01:38:03,139

barley Hampshire so what what are some

1948

01:38:10,659 --> 01:38:06,110

of the other people saying that you've

1949

01:38:12,399 --> 01:38:10,669

had to defend you know the Betty and

1950

01:38:17,140 --> 01:38:12,409

Barney Hill story because I know you

1951

01:38:23,739 --> 01:38:17,150

wrote a blog recently about that yes I

1952

01:38:28,359 --> 01:38:23,749

did and it really started in when with

1953

01:38:34,229 --> 01:38:28,369

Philip Glass and initially his first

1954

01:38:39,459 --> 01:38:34,239

book he tried to explain it all away as

1955

01:38:41,709 --> 01:38:39,469

plasma that it was maybe plasma on the

1956

01:38:45,189 --> 01:38:41,719

power lines that Betty and Barney were

1957

01:38:46,899 --> 01:38:45,199

seeing and ball lightning and it just

1958

01:38:48,909 --> 01:38:46,909

flicked off and on and there were

1959

01:38:52,779 --> 01:38:48,919

there's these little lights so he

1960

01:38:56,350 --> 01:38:52,789

started to change the entire story and

1961

01:39:01,209 --> 01:38:56,360

he took he dissected I believe every

1962

01:39:05,169 --> 01:39:01,219

tiny bit of that story and built a new

1963

01:39:07,089 --> 01:39:05,179

false scenario that was publicized and

1964

01:39:09,120 --> 01:39:07,099

was picked up by others and

1965

01:39:11,709 --> 01:39:09,130

unfortunately was picked up by

1966

01:39:15,759 --> 01:39:11,719

scientists who did not do their homework

1967

01:39:20,379 --> 01:39:15,769

and repeated over and over and he not

1968

01:39:25,419 --> 01:39:20,389

only changed the story into a false myth

1969

01:39:29,379 --> 01:39:25,429

but he also attempted to destroy Betty

1970

01:39:33,100 --> 01:39:29,389

and Barney as people and to destroy

1971

01:39:36,279 --> 01:39:33,110

their credibility and you know Barney

1972

01:39:37,659 --> 01:39:36,289

died when he was very young he was only

1973

01:39:39,609 --> 01:39:37,669

46 years old

1974

01:39:44,620 --> 01:39:39,619

died and from massive cerebral

1975

01:39:49,330 --> 01:39:44,630

hemorrhage in February of 1969 and the

1976

01:39:50,949 --> 01:39:49,340

movie did not come out until 1975 the

1977

01:39:53,200 --> 01:39:50,959

UFO incident

1978

01:39:58,720 --> 01:39:53,210

starring James Earl Jones and a

1979

01:40:02,610 --> 01:39:58,730

dull Parsons and when that movie was

1980

01:40:07,540 --> 01:40:02,620

about to be released he wrote a letter

1981

01:40:10,630 --> 01:40:07,550

Phillip plastid stating that this was

1982

01:40:14,709 --> 01:40:10,640

now going to go out to millions of

1983

01:40:18,840 --> 01:40:14,719

people and therefore there had to be a

1984

01:40:21,760 --> 01:40:18,850

major debunking campaign against this

1985

01:40:24,130 --> 01:40:21,770

because they you did not want to

1986

01:40:27,970 --> 01:40:24,140

frighten people you wanted people to

1987

01:40:30,280 --> 01:40:27,980

think that this wasn't real and and one

1988

01:40:33,479 --> 01:40:30,290

of the things that has been repeated is

1989

01:40:38,910 --> 01:40:33,489

that there were no other witnesses and

1990

01:40:42,910 --> 01:40:38,920

I'm very very proud to say that Stanton

1991

01:40:50,020 --> 01:40:42,920

found a letter and that letter was

1992

01:40:52,870 --> 01:40:50,030

written on July 7th 1976 but it we did

1993

01:40:56,470 --> 01:40:52,880

not know about it when we wrote captured

1994

01:40:59,080 --> 01:40:56,480

I'm not sure what the date was when

1995

01:41:02,229 --> 01:40:59,090

Stanton gave it to me but I think that

1996

01:41:04,510 --> 01:41:02,239

it was in some of his papers when we

1997

01:41:08,110 --> 01:41:04,520

were writing our latest book fact

1998

01:41:11,440 --> 01:41:08,120

fiction and flying saucers but in this

1999

01:41:16,209 --> 01:41:11,450

letter it was from John luttrell to

2000

01:41:19,650 --> 01:41:16,219

Stanton and I quote luttrell wrote I can

2001

01:41:22,030 --> 01:41:19,660

recall interviewing between 12 and 14

2002

01:41:24,880 --> 01:41:22,040

different people from different

2003

01:41:28,120 --> 01:41:24,890

communities surrounding Franconia Notch

2004

01:41:30,959 --> 01:41:28,130

New Hampshire none of whom knew one

2005

01:41:34,150 --> 01:41:30,969

another but all of whom remembered

2006

01:41:37,680 --> 01:41:34,160

experiencing the same sighting at the

2007

01:41:42,520 --> 01:41:37,690

same time the hills did in the same

2008

01:41:45,430 --> 01:41:42,530

location so you know maybe luttrell I

2009

01:41:48,490 --> 01:41:45,440

was angry at him for years for what he

2010

01:41:52,660 --> 01:41:48,500

did but when I found this letter I said

2011

01:41:54,060 --> 01:41:52,670

well there is one redeeming point he

2012

01:41:56,770 --> 01:41:54,070

found

2013

01:42:00,970 --> 01:41:56,780

isn't that something dependent people

2014

01:42:04,750 --> 01:42:00,980

who had all observed the same disc

2015

01:42:06,270 --> 01:42:04,760

shaped object in the same location Wow

2016

01:42:08,370 --> 01:42:06,280

no that's

2017

01:42:10,890 --> 01:42:08,380

that's definitely part of the story I

2018

01:42:13,590 --> 01:42:10,900

haven't heard I want to stay with the

2019

01:42:15,420 --> 01:42:13,600

story but I do want to ask Stan this

2020

01:42:17,580 --> 01:42:15,430

question because I know stan has talked

2021

01:42:22,920 --> 01:42:17,590

about Philip class a number of times

2022

01:42:25,410 --> 01:42:22,930

Stan what do you think motivated Philip

2023

01:42:29,850 --> 01:42:25,420

to be as strong headed

2024

01:42:31,590 --> 01:42:29,860

of a debunker as he was well I've always

2025

01:42:33,420 --> 01:42:31,600

wondered he always said he never he

2026

01:42:35,100 --> 01:42:33,430

didn't work for a three-letter agency

2027

01:42:42,000 --> 01:42:35,110

and I keep saying so tell me the four

2028

01:42:45,060 --> 01:42:42,010

letters well no I I am pretty much

2029

01:42:47,520 --> 01:42:45,070

convinced that he may have felt he had

2030

01:42:50,700 --> 01:42:47,530

to do that because he was working for

2031

01:42:53,400 --> 01:42:50,710

some agency I mean if you were gonna

2032

01:42:56,010 --> 01:42:53,410

pick somebody to attack UFOs phil was

2033

01:42:58,080 --> 01:42:56,020

ideal he was based in Washington he was

2034

01:43:00,300 --> 01:42:58,090

a senior avionics editor for Aviation

2035

01:43:06,150 --> 01:43:00,310

Week and space technology very fast

2036

01:43:08,190 --> 01:43:06,160

typist line writer an ideal man to try

2037

01:43:11,670 --> 01:43:08,200

to debunk this whole business and he

2038

01:43:14,340 --> 01:43:11,680

would stoop to and any as low as you can

2039

01:43:16,950 --> 01:43:14,350

get and you know he and I had dinner

2040

01:43:20,550 --> 01:43:16,960

together on occasion you know we

2041

01:43:22,350 --> 01:43:20,560

socialized a little bit and stuff but he

2042

01:43:25,970 --> 01:43:22,360

and I also I have to give him credit for

2043

01:43:29,190 --> 01:43:25,980

being honest about one thing one thing

2044

01:43:38,820 --> 01:43:29,200

he challenged me on the Betty and Barney

2045

01:43:44,100 --> 01:43:38,830

Hill star map work and the article he he

2046

01:43:47,700 --> 01:43:44,110

made me a bet a challenge he'd give me a

2047

01:43:53,930 --> 01:43:47,710

a hundred or was it a hundred dollars

2048

01:43:56,070 --> 01:43:53,940

each for every example I could find of

2049

01:44:00,060 --> 01:43:56,080

documents done in the same size and

2050

01:44:02,520 --> 01:44:00,070

style tonight as were used in an Air

2051

01:44:06,960 --> 01:44:02,530

Force letter about the case a very

2052

01:44:09,030 --> 01:44:06,970

important letter and he challenged me

2053

01:44:18,689 --> 01:44:09,040

and up to a maximum of ten I'll give you

2054

01:44:22,110 --> 01:44:18,699

\$100 each and as it happens I found 14

2055

01:44:25,350 --> 01:44:22,120

and he and I gave him copies and an

2056

01:44:27,510 --> 01:44:25,360

invoice and he paid me and I have to

2057

01:44:29,820 --> 01:44:27,520

give him credit for paying me but he got

2058

01:44:34,350 --> 01:44:29,830

very angry when I showed a copy of his

2059

01:44:36,000 --> 01:44:34,360

cheque one of my lectures right he

2060

01:44:39,600 --> 01:44:36,010

didn't want anybody to know in other

2061

01:44:42,240 --> 01:44:39,610

words now you'd paid off but and it was

2062

01:44:46,340 --> 01:44:42,250

typical he had no basis for it he had

2063

01:44:51,030 --> 01:44:46,350

there was nine letters done in the same

2064

01:44:53,669 --> 01:44:51,040

size and style a leap type and so he

2065

01:44:55,229 --> 01:44:53,679

said what I showed was done and I could

2066

01:44:56,910 --> 01:44:55,239

type and that was no good it had to be

2067

01:44:58,860 --> 01:44:56,920

elite type bla bla bla bla

2068

01:45:01,410 --> 01:44:58,870

that's when he offered me the hundred

2069

01:45:05,310 --> 01:45:01,420

dollars each so I went to my files and

2070

01:45:07,740 --> 01:45:05,320

found 20 of the the pleco type and then

2071

01:45:11,729 --> 01:45:07,750

I went back to the archives in our

2072

01:45:13,500 --> 01:45:11,739

library and found the 14 and no question

2073

01:45:18,169 --> 01:45:13,510

I got him from there made copies sent

2074

01:45:22,229 --> 01:45:18,179

sent him copies so Phil art was a zealot

2075

01:45:23,850 --> 01:45:22,239

very much of a solid man I can't help

2076

01:45:26,490 --> 01:45:23,860

but believe he was doing work for

2077

01:45:29,040 --> 01:45:26,500

somebody but I can't prove it well it's

2078

01:45:31,650 --> 01:45:29,050

a mega game on so strong right there's

2079

01:45:33,990 --> 01:45:31,660

another situation where when I

2080

01:45:36,840 --> 01:45:34,000

interviewed Steve Pierce from the Travis

2081

01:45:41,070 --> 01:45:36,850

Walton case you know years ago he said

2082

01:45:44,130 --> 01:45:41,080

that Philip offered him \$10,000 to say

2083

01:45:45,840 --> 01:45:44,140

it was a hoax now why would someone you

2084

01:45:49,070 --> 01:45:45,850

know a private person with their own

2085

01:45:52,410 --> 01:45:49,080

funding offer and if that story is true

2086

01:45:53,700 --> 01:45:52,420

why would he offer them that kind of

2087

01:45:56,250 --> 01:45:53,710

money and where would that money be

2088

01:45:57,959 --> 01:45:56,260

coming from I mean I don't think

2089

01:46:01,500 --> 01:45:57,969

somebody just goes around the money like

2090

01:46:04,890 --> 01:46:01,510

that so it was pretty well-off he wasn't

2091

01:46:11,450 --> 01:46:04,900

married until late in life he did a lot

2092

01:46:15,930 --> 01:46:11,460

of extra writing he he could afford it I

2093

01:46:19,590 --> 01:46:15,940

don't feel sorry for about that but he

2094

01:46:21,890 --> 01:46:19,600

was you know in our book fact fiction

2095

01:46:26,669 --> 01:46:21,900

and Flying Saucer as we go into Phil and

2096

01:46:28,800 --> 01:46:26,679

Donald Menzel and Edward Condon now we

2097

01:46:30,780 --> 01:46:28,810

could understand menzel Harvard

2098

01:46:32,070 --> 01:46:30,790

University professor of astronomy total

2099

01:46:34,890 --> 01:46:32,080

D bunker

2100

01:46:36,900 --> 01:46:34,900

and I discovered my proudest discovery

2101

01:46:38,310 --> 01:46:36,910

you wrote to Jack Kennedy they knew each

2102

01:46:44,130 --> 01:46:38,320

other they even had breakfast together

2103

01:46:46,610 --> 01:46:44,140

on occasions I discovered that he this

2104

01:46:49,830 --> 01:46:46,620

letter that menzo wrote to Kennedy

2105

01:46:52,350 --> 01:46:49,840

saying there's one area so frequently

2106

01:46:55,320 --> 01:46:52,360

wasn't one could present that I may be

2107

01:46:57,480 --> 01:46:55,330

able to be of assistance to you I've had

2108

01:47:01,400 --> 01:46:57,490

a longer continuous association with the

2109

01:47:03,990 --> 01:47:01,410

National Security Agency 30 years of

2110

01:47:06,390 --> 01:47:04,000

anybody when we are properly cleared to

2111

01:47:09,600 --> 01:47:06,400

each other I can tell you more that

2112

01:47:13,080 --> 01:47:09,610

Menzel had a connection with it as NSA

2113

01:47:14,700 --> 01:47:13,090

was total shock to everybody and I had

2114

01:47:16,710 --> 01:47:14,710

people in ufology told me they didn't

2115

01:47:18,630 --> 01:47:16,720

believe it I showed them the letter and

2116

01:47:20,070 --> 01:47:18,640

I got it at the Harvard archives isn't

2117

01:47:22,650 --> 01:47:20,080

there's no question about it something

2118

01:47:24,570 --> 01:47:22,660

tells me but so mental I could

2119

01:47:25,650 --> 01:47:24,580

understand he was serving his country it

2120

01:47:27,540 --> 01:47:25,660

turns out he'd been in Naval

2121

01:47:29,390 --> 01:47:27,550

Intelligence he did all kinds of highly

2122

01:47:33,330 --> 01:47:29,400

classified work that nobody knew about

2123

01:47:36,570 --> 01:47:33,340

yeah but so where's the excuse for class

2124

01:47:39,240 --> 01:47:36,580

you say yeah and Condon Condon was a

2125

01:47:41,910 --> 01:47:39,250

fine scientist as a physicist I have to

2126

01:47:44,010 --> 01:47:41,920

say that he was president American

2127

01:47:45,180 --> 01:47:44,020

Physical Society and in a different time

2128

01:47:46,980 --> 01:47:45,190

period President American Association

2129

01:47:48,900 --> 01:47:46,990

for the Advancement of science is real

2130

01:47:51,690 --> 01:47:48,910

scientists he said some very stupid

2131

01:47:54,390 --> 01:47:51,700

things though which I can't understand

2132

01:47:58,130 --> 01:47:54,400

Cathy has this down pat but what was

2133

01:48:02,610 --> 01:47:58,140

that darn stupid thing he said Cathy

2134

01:48:04,890 --> 01:48:02,620

about the travel oh my gosh Stan it's

2135

01:48:08,550 --> 01:48:04,900

been so long since I've said it now you

2136

01:48:11,160 --> 01:48:08,560

put me on the spot I think he said it is

2137

01:48:13,890 --> 01:48:11,170

safe to assume that no intelligent life

2138

01:48:17,700 --> 01:48:13,900

from elsewhere has any chance of

2139

01:48:25,460 --> 01:48:17,710

reaching our either planet or solar

2140

01:48:31,440 --> 01:48:28,530

that's just like the you know saying the

2141

01:48:34,650 --> 01:48:31,450

the lighter-than-air craft will never

2142

01:48:37,170 --> 01:48:34,660

exist you know the year before yeah so

2143

01:48:39,990 --> 01:48:37,180

let's let's get back to a Betty and

2144

01:48:42,090 --> 01:48:40,000

Barney we only have about G we only have

2145

01:48:44,910 --> 01:48:42,100

about 10 minutes left which it doesn't

2146

01:48:49,800 --> 01:48:44,920

give us too much time so

2147

01:48:52,140 --> 01:48:49,810

that Cathy wanted to ask you so after

2148

01:48:57,260 --> 01:48:52,150

they came out with us what was the

2149

01:49:04,910 --> 01:49:01,050

initially they felt that they had a lot

2150

01:49:09,300 --> 01:49:04,920

more support than they had anticipated

2151

01:49:11,939 --> 01:49:09,310

and they there was a lot of support

2152

01:49:15,050 --> 01:49:11,949

there were military people who were very

2153

01:49:18,209 --> 01:49:15,060

much interested in this and they were

2154

01:49:21,950 --> 01:49:18,219

became close to Admiral her book Knowles

2155

01:49:27,750 --> 01:49:21,960

and who had retired at that time you

2156

01:49:31,439 --> 01:49:27,760

reroute Admiral and then also Wilbert

2157

01:49:35,930 --> 01:49:31,449

Smith from the Canadian government yes

2158

01:49:39,450 --> 01:49:35,940

and and had regular meetings with these

2159

01:49:42,689 --> 01:49:39,460

officials and you know so they they

2160

01:49:45,180 --> 01:49:42,699

received a lot of support there were

2161

01:49:48,180 --> 01:49:45,190

there were actually high-level people

2162

01:49:51,720 --> 01:49:48,190

scientists and military who believed

2163

01:49:55,410 --> 01:49:51,730

their story and who wanted to learn as

2164

01:50:00,180 --> 01:49:55,420

much as they could and also for Betty

2165

01:50:04,020 --> 01:50:00,190

and Barney to learn from them about what

2166

01:50:07,400 --> 01:50:04,030

they knew so that was was very very good

2167

01:50:11,550 --> 01:50:07,410

but you know then eventually you had

2168

01:50:13,919 --> 01:50:11,560

just these debunkers I don't even like

2169

01:50:15,840 --> 01:50:13,929

to call some of them debunkers because

2170

01:50:18,510 --> 01:50:15,850

they're not taking the bunk out of

2171

01:50:21,330 --> 01:50:18,520

anything they're putting the bunk into

2172

01:50:24,090 --> 01:50:21,340

the story I like to call them dis

2173

01:50:26,550 --> 01:50:24,100

informants because that's exactly what

2174

01:50:31,919 --> 01:50:26,560

Philip Glass and some of the others are

2175

01:50:35,220 --> 01:50:31,929

doing right and so you target you said

2176
01:50:37,500 --> 01:50:35,230
that they had like people of science

2177
01:50:39,810 --> 01:50:37,510
that were actually looking and looking

2178
01:50:42,990 --> 01:50:39,820
into this and paying attention was that

2179
01:50:45,630 --> 01:50:43,000
was her I mean I don't know how science

2180
01:50:48,510 --> 01:50:45,640
can actually research anything that's

2181
01:50:51,450 --> 01:50:48,520
you know that's elusive the way it was

2182
01:50:53,970 --> 01:50:51,460
but were they are map was one I see

2183
01:50:57,630 --> 01:50:53,980
uh-huh there were also a lot of

2184
01:50:58,530 --> 01:50:57,640
questions about the craft I really

2185
01:51:01,200 --> 01:50:58,540
described

2186
01:51:04,680 --> 01:51:01,210
the craft they wanted to learn all they

2187
01:51:08,490 --> 01:51:04,690
could about that craft know about the

2188
01:51:11,340 --> 01:51:08,500

craft what type of information did they

2189

01:51:14,910 --> 01:51:11,350

retain about that I mean did I know the

2190

01:51:17,580 --> 01:51:14,920

windows and you know the creatures one

2191

01:51:20,400 --> 01:51:17,590

wasn't there what did this come out and

2192

01:51:23,490 --> 01:51:20,410

hypnosis or was this something that they

2193

01:51:26,550 --> 01:51:23,500

remembered were like real time well

2194

01:51:32,100 --> 01:51:26,560

Barney remembered observing nonhumans

2195

01:51:36,050 --> 01:51:32,110

real time and also the craft as it

2196

01:51:41,130 --> 01:51:36,060

hovered about fifty feet away from him

2197

01:51:43,440 --> 01:51:41,140

but then the part that many scientists

2198

01:51:44,970 --> 01:51:43,450

were really interested in is not only

2199

01:51:47,730 --> 01:51:44,980

that it hovered and it didn't make a

2200

01:51:51,960 --> 01:51:47,740

sound and and the flight patterns and

2201

01:51:56,340 --> 01:51:51,970

all of that but also the interior of the

2202

01:51:58,890 --> 01:51:56,350

craft what they saw what when it landed

2203

01:52:02,570 --> 01:51:58,900

what was it sitting on how did they get

2204

01:52:08,730 --> 01:52:02,580

on to the craft it was divided up like a

2205

01:52:11,250 --> 01:52:08,740

piece of pie with a cylinder going

2206

01:52:13,740 --> 01:52:11,260

through the center it seemed so there

2207

01:52:16,350 --> 01:52:13,750

were many questions about that the

2208

01:52:19,170 --> 01:52:16,360

lighting what was the lighting like

2209

01:52:21,600 --> 01:52:19,180

there were no light fixtures they the

2210

01:52:24,300 --> 01:52:21,610

the kind of bluish white light seemed to

2211

01:52:26,910 --> 01:52:24,310

come through the walls that all of the

2212

01:52:29,190 --> 01:52:26,920

walls were illuminated Wow

2213

01:52:31,680 --> 01:52:29,200

so you know now I know you mentioned

2214

01:52:33,840 --> 01:52:31,690

there were buzzing noises did the craft

2215

01:52:37,530 --> 01:52:33,850

was the craft actually making that

2216

01:52:40,620 --> 01:52:37,540

buzzing noise as far as they knew it's

2217

01:52:43,530 --> 01:52:40,630

yes it seemed that the craft was at that

2218

01:52:45,960 --> 01:52:43,540

point hovering over the car as Barney

2219

01:52:49,890 --> 01:52:45,970

was speeding down the highway trying to

2220

01:52:52,500 --> 01:52:49,900

get away from it and the the buzzing

2221

01:52:55,740 --> 01:52:52,510

sounds were appeared to be striking the

2222

01:52:59,010 --> 01:52:55,750

trunk of the vehicle and that is the

2223

01:53:02,700 --> 01:52:59,020

area where there were those shiny spots

2224

01:53:06,300 --> 01:53:02,710

the caused a compass needle to spin and

2225

01:53:09,780 --> 01:53:06,310

spin indicating as Bruce Maccabee dr.

2226

01:53:12,390 --> 01:53:09,790

Bruce Maccabee wrote in the foreword to

2227

01:53:16,680 --> 01:53:12,400

our book counter

2228

01:53:19,290 --> 01:53:16,690

rotating magnetic fields and according

2229

01:53:25,200 --> 01:53:19,300

to MUFON they have seen this in other

2230

01:53:26,130 --> 01:53:25,210

cases now when the movie came out what

2231

01:53:29,090 --> 01:53:26,140

was the name of the movie wasn't

2232

01:53:31,800 --> 01:53:29,100

captured well you know it was the UFO

2233

01:53:36,149 --> 01:53:31,810

incidents UFO incident I actually saw

2234

01:53:38,370 --> 01:53:36,159

that on TV when that came out and and I

2235

01:53:42,030 --> 01:53:38,380

was I remember feeling like chilled

2236

01:53:44,040 --> 01:53:42,040

about it how did that change their life

2237

01:53:49,140 --> 01:53:44,050

after that came on me and that I mean

2238

01:53:52,080 --> 01:53:49,150

that's really going public was Barney

2239

01:54:00,899 --> 01:53:52,090

was deceased at that time he died in

2240

01:54:04,350 --> 01:54:00,909

1969 so that was it was Betty who was

2241

01:54:08,040 --> 01:54:04,360

very I guess pleased that the movie was

2242

01:54:11,310 --> 01:54:08,050

made but at the same time the movie gave

2243

01:54:14,160 --> 01:54:11,320

the impression that they remembered

2244

01:54:16,140 --> 01:54:14,170

absolutely nothing except for a light in

2245

01:54:18,169 --> 01:54:16,150

the sky and that it was all came out

2246

01:54:21,419 --> 01:54:18,179

under hypnosis so that was very

2247

01:54:24,479 --> 01:54:21,429

confusing to the American public they

2248

01:54:27,090 --> 01:54:24,489

didn't fully understand what did happen

2249

01:54:30,360 --> 01:54:27,100

but it was done that way in order to

2250

01:54:32,370 --> 01:54:30,370

leave a question in the public's mind so

2251
01:54:36,300 --> 01:54:32,380
that the opportunity was there for them

2252
01:54:40,010 --> 01:54:36,310
to doubt that it did happen and James

2253
01:54:43,110 --> 01:54:40,020
Earl Jones did not want to have a movie

2254
01:54:45,840 --> 01:54:43,120
that would frighten the public really

2255
01:54:48,689 --> 01:54:45,850
what Betty explained to me yes how about

2256
01:54:50,580 --> 01:54:48,699
that Stan have you ever yourself have

2257
01:54:56,910 --> 01:54:50,590
you ever listened to the tapes of the

2258
01:55:00,360 --> 01:54:56,920
hypnosis yeah and I met Betty and Barney

2259
01:55:04,169 --> 01:55:00,370
I mean I'm a talk to Barney I was very

2260
01:55:07,800 --> 01:55:04,179
impressed and particularly with regard

2261
01:55:09,840 --> 01:55:07,810
to the starmap stuff I divided trying to

2262
01:55:12,840 --> 01:55:09,850
figure out what was going on I mean the

2263
01:55:15,860 --> 01:55:12,850

key point to me was my first interaction

2264

01:55:20,310 --> 01:55:15,870

with them when we had dinner and stuff I

2265

01:55:23,040 --> 01:55:20,320

trusted them I was very favorably

2266

01:55:25,560 --> 01:55:23,050

impressed with them I mean people tend

2267

01:55:28,500 --> 01:55:25,570

to forget that he's a social worker

2268

01:55:32,609 --> 01:55:28,510

you know she's not somebody was sweeping

2269

01:55:35,520 --> 01:55:32,619

the floor I and in that position she has

2270

01:55:38,250 --> 01:55:35,530

to talk all kinds of things to all kinds

2271

01:55:41,819 --> 01:55:38,260

of people and when their confidence and

2272

01:55:44,669 --> 01:55:41,829

be truthful and careful and trustworthy

2273

01:55:46,800 --> 01:55:44,679

and all that sort of stuff I was very

2274

01:55:50,569 --> 01:55:46,810

impressed and remember Barney was on the

2275

01:55:55,080 --> 01:55:50,579

governor Civil Rights Commission and

2276

01:56:00,780 --> 01:55:55,090

that he went with Barney to was at

2277

01:56:02,970 --> 01:56:00,790

Lyndon Johnson's I did as well we were I

2278

01:56:05,399 --> 01:56:02,980

helped on that campaign too and the

2279

01:56:09,680 --> 01:56:05,409

three of us were invited to Lyndon

2280

01:56:12,780 --> 01:56:09,690

Johnson's inauguration Wow how did their

2281

01:56:15,859 --> 01:56:12,790

careers how did this affect her their

2282

01:56:18,959 --> 01:56:15,869

careers when all this came out Cathy

2283

01:56:21,290 --> 01:56:18,969

well the interesting thing is that they

2284

01:56:25,770 --> 01:56:21,300

were not fired

2285

01:56:29,040 --> 01:56:25,780

Betty's supervisor was interviewed by

2286

01:56:31,950 --> 01:56:29,050

the media and he said that Betty was a

2287

01:56:34,169 --> 01:56:31,960

very fine social worker and that he

2288

01:56:36,330 --> 01:56:34,179

wished he had more just like her wow

2289

01:56:40,399 --> 01:56:36,340

that's great so that was great she

2290

01:56:45,629 --> 01:56:40,409

received a promotion to supervisor and

2291

01:56:48,780 --> 01:56:45,639

Barney did fine in his career as well so

2292

01:56:51,600 --> 01:56:48,790

it didn't seem to be the problem that

2293

01:56:58,350 --> 01:56:51,610

they had anticipated it would be what

2294

01:57:00,240 --> 01:56:58,360

about the ridicule part of it the

2295

01:57:02,640 --> 01:57:00,250

ridicule from the debunkers you know

2296

01:57:06,030 --> 01:57:02,650

once I said to Betty why don't you just

2297

01:57:09,930 --> 01:57:06,040

sue for a defamation of character

2298

01:57:13,260 --> 01:57:09,940

hmm and and she said she just said why

2299

01:57:15,990 --> 01:57:13,270

do I want to spend my money and and go

2300

01:57:21,419 --> 01:57:16,000

through all of that you know emotional

2301

01:57:21,839 --> 01:57:21,429

distress that's right to take them to

2302

01:57:25,379 --> 01:57:21,849

court

2303

01:57:28,620 --> 01:57:25,389

she said they you know they're they're

2304

01:57:30,859 --> 01:57:28,630

obviously lying but you just have to say

2305

01:57:33,120 --> 01:57:30,869

they're entitled to their own opinion

2306

01:57:36,180 --> 01:57:33,130

yeah that's I mean you can't change

2307

01:57:37,290 --> 01:57:36,190

someone's mind when they have that you

2308

01:57:38,410 --> 01:57:37,300

know when they have their mind already

2309

01:57:40,210 --> 01:57:38,420

made up

2310

01:57:43,030 --> 01:57:40,220

you know she had the right attitude I

2311

01:57:46,360 --> 01:57:43,040

believe but so we're at the end of the

2312

01:57:50,650 --> 01:57:46,370

show and stand if you would can you give

2313

01:57:54,130 --> 01:57:50,660

01:58:11,470 --> 01:58:07,880

- from people who have had experiences

2319

01:58:14,470 --> 01:58:11,480

but it and there's the book captured of

2320

01:58:16,770 --> 01:58:14,480

course which has the the update on the

01:58:21,880 --> 01:58:19,910

and a lot more information yes then
