

1
00:00:03,050 --> 00:00:02,300
and it hits me oh my gosh this is that

2
00:00:04,160 --> 00:00:03,060
triangle

3
00:00:05,269 --> 00:00:04,170
you know there's explanation for

4
00:00:07,220 --> 00:00:05,279
everything that occurred in the

5
00:00:09,589 --> 00:00:07,230
Rendlesham forest incident that doesn't

6
00:00:13,100 --> 00:00:09,599
involve aliens at all it was completely

7
00:00:16,369 --> 00:00:13,110
silent it comes right over our head it's

8
00:00:17,930 --> 00:00:16,379
so classic flying-saucer really standing

9
00:00:19,490 --> 00:00:17,940
in the clearing he turned over to my

10
00:00:21,030 --> 00:00:19,500
father and held his hand and he looked

11
00:00:24,580 --> 00:00:21,040
in his eyes and said we're not alone

12
00:00:30,710 --> 00:00:28,009

up in Canada I just watched the video

28

00:01:23,380 --> 00:01:20,479

today the second time I watch it

00:01:25,510 --> 00:01:23,390

enjoying these shows as we go along here

49

00:02:15,790 --> 00:02:13,610

we are interesting times as well and for

50

00:02:19,240 --> 00:02:15,800

that to talk a little bit more about

51
00:02:21,699 --> 00:02:19,250
that is the one and only Alejandro Rojas

52
00:02:23,970 --> 00:02:21,709
welcome to the show Alejandro hello

53
00:02:27,699 --> 00:02:23,980
thank you for having me Oh

54
00:02:29,050 --> 00:02:27,709
always a pleasure sir look at your

55
00:02:30,880 --> 00:02:29,060
background there you've got a lot of

56
00:02:32,130 --> 00:02:30,890
stuff going on there I see a dollar

57
00:02:35,619 --> 00:02:32,140
jogged

58
00:02:39,009 --> 00:02:35,629
that was it last part of a dog getting

59
00:02:41,259 --> 00:02:39,019
after his - wakey tale yeah I know I

60
00:02:42,640 --> 00:02:41,269
think I had to light off and it was

61
00:02:46,990 --> 00:02:42,650
probably better with the light off

62
00:02:49,540 --> 00:02:47,000
because we've got not at least on my

63
00:02:52,420 --> 00:02:49,550

half of the desk not total chaos but

64

00:02:54,580 --> 00:02:52,430

some messes but we have like t-shirt

65

00:02:58,509 --> 00:02:54,590

samples for t-shirts were printing for

66

00:03:02,070 --> 00:02:58,519

the conference and of course all that

67

00:03:06,330 --> 00:03:02,080

kind of stuff that here's this a back

68

00:03:08,890 --> 00:03:06,340

thing I got for my girlfriend there and

69

00:03:10,750 --> 00:03:08,900

we're Christmas that of course is just

70

00:03:11,320 --> 00:03:10,760

sitting there I don't think she's used

71

00:03:17,170 --> 00:03:11,330

at

72

00:03:19,570 --> 00:03:17,180

yet hundreds of dollars but yeah we've

73

00:03:22,060 --> 00:03:19,580

got a lot going on back there you do and

74

00:03:23,500 --> 00:03:22,070

I'm getting you know for every cold day

75

00:03:26,230 --> 00:03:23,510

that goes by here you know we've been in

76

00:03:28,330 --> 00:03:26,240

such a cold snap negative 20 degrees

77

00:03:31,360 --> 00:03:28,340

here it's actually starting to warm up

78

00:03:34,030 --> 00:03:31,370

but for every single cold day I look so

79

00:03:36,900 --> 00:03:34,040

forward to Arizona coming up next month

80

00:03:39,700 --> 00:03:36,910

it is it was rainy a little bit

81

00:03:43,110 --> 00:03:39,710

yesterday and last night and a tiny bit

82

00:03:45,610 --> 00:03:43,120

today cloudy but it it cleared up and

83

00:03:48,070 --> 00:03:45,620

that's about how it goes here when we've

84

00:03:51,370 --> 00:03:48,080

got rain it's for maybe the afternoon

85

00:03:53,290 --> 00:03:51,380

and then it's gone so it's weird cuz

86

00:03:56,110 --> 00:03:53,300

when I first moved out here you go

87

00:03:59,290 --> 00:03:56,120

literally a month without a cloud in the

88

00:04:02,770 --> 00:03:59,300

sky really strange I'm I'm a big I love

89

00:04:04,180 --> 00:04:02,780

the sunshine so I don't mind it but but

90

00:04:07,000 --> 00:04:04,190

yeah we're we're gonna have clear skies

91

00:04:08,290 --> 00:04:07,010

and the weather should be great and it's

92

00:04:11,140 --> 00:04:08,300

always fun because you know we get a

93

00:04:13,240 --> 00:04:11,150

hang out outside yeah and of course

94

00:04:15,910 --> 00:04:13,250

you'll be in there helping out probably

95

00:04:19,150 --> 00:04:15,920

running a camera here and there doing

96

00:04:21,310 --> 00:04:19,160

some more it's exciting because it it's

97

00:04:22,930 --> 00:04:21,320

fun you know I know that you're a techie

98

00:04:24,550 --> 00:04:22,940

look at you you always challenge

99

00:04:26,830 --> 00:04:24,560

yourself working with all of this

100

00:04:29,200 --> 00:04:26,840

technology yeah and speaking of that I

101
00:04:32,620 --> 00:04:29,210
have help now this is our first week

102
00:04:35,500 --> 00:04:32,630
with some help so we have help I have

103
00:04:37,930 --> 00:04:35,510
someone helping me out so the shows

104
00:04:41,950 --> 00:04:37,940
hopefully will run a little smoother

105
00:04:43,780 --> 00:04:41,960
well and you know I'm just teasing but

106
00:04:50,560 --> 00:04:43,790
we've gone pretty far so far without a

107
00:04:53,140 --> 00:04:50,570
major glitch and that's not yeah yeah so

108
00:04:55,330 --> 00:04:53,150
what's happening for news this week news

109
00:04:57,730 --> 00:04:55,340
this week a couple things going on so

110
00:05:00,220 --> 00:04:57,740
this is really interesting I like this

111
00:05:03,130 --> 00:05:00,230
story in this angle and I even used it

112
00:05:05,740 --> 00:05:03,140
in a recent story of mine so these guys

113
00:05:07,990 --> 00:05:05,750

asked it's the East Anglian Daily Times

114

00:05:10,240 --> 00:05:08,000

a UK paper and they were like could the

115

00:05:13,450 --> 00:05:10,250

US government hold key information on

116

00:05:17,080 --> 00:05:13,460

the Rendlesham UFO sightings that's an

117

00:05:19,810 --> 00:05:17,090

interesting question here's why and so I

118

00:05:23,230 --> 00:05:19,820

wrote an article called the DoD UFO news

119

00:05:25,070 --> 00:05:23,240

is fading now what now I've talked about

120

00:05:27,230 --> 00:05:25,080

this I think these will recur

121

00:05:31,010 --> 00:05:27,240

but one of the things that the guy who

122

00:05:35,300 --> 00:05:31,020

runs a program Lou Elizondo said is that

123

00:05:38,179 --> 00:05:35,310

they had investigated people who had

124

00:05:41,990 --> 00:05:38,189

claimed to have physical effects to

125

00:05:43,700 --> 00:05:42,000

their body due to UFOs well one of the

126

00:05:47,749 --> 00:05:43,710

most well known people to have a

127

00:05:49,279 --> 00:05:47,759

physical effect and we even gave him an

128

00:05:51,740 --> 00:05:49,289

award a couple years ago because of the

129

00:05:54,309 --> 00:05:51,750

research he did for himself on this is

130

00:05:57,320 --> 00:05:54,319

John Burroughs from the Rendlesham

131

00:05:59,240 --> 00:05:57,330

encounter he and his partner Jim

132

00:06:01,189 --> 00:05:59,250

Penniston felt like they had physical

133

00:06:04,820 --> 00:06:01,199

effects that later in their lives caused

134

00:06:07,219 --> 00:06:04,830

them issue they went to go get VA

135

00:06:09,890 --> 00:06:07,229

benefits for you know this potential

136

00:06:11,689 --> 00:06:09,900

issue that they had you know John had

137

00:06:15,709 --> 00:06:11,699

heart problems that they believe might

138

00:06:17,360 --> 00:06:15,719

have stemmed from this situation and at

139

00:06:20,269 --> 00:06:17,370

first the VA said well you weren't even

140

00:06:21,980 --> 00:06:20,279

in the military at this time so John did

141

00:06:23,570 --> 00:06:21,990

all of this research he got a lawyer

142

00:06:26,959 --> 00:06:23,580

they had to prove he was in the military

143

00:06:28,580 --> 00:06:26,969

his medical seal crazy huh yeah medical

144

00:06:31,279 --> 00:06:28,590

record sealed they said they'll never

145

00:06:33,050 --> 00:06:31,289

come out finally he did get his VA

146

00:06:36,850 --> 00:06:33,060

benefits but we haven't seen the medical

147

00:06:39,140 --> 00:06:36,860

records but he also discovered a UK

148

00:06:41,629 --> 00:06:39,150

document that was previously crap

149

00:06:43,879 --> 00:06:41,639

classified and people knew about this it

150

00:06:46,820 --> 00:06:43,889

was called the conduct condign report

151

00:06:49,999 --> 00:06:46,830

interesting enough just so similar to

152

00:06:52,309 --> 00:06:50,009

the condom on mm-hmm and it said it

153

00:06:54,350 --> 00:06:52,319

speculated now this was speculation but

154

00:06:56,749 --> 00:06:54,360

it's speculated perhaps that these

155

00:06:59,779 --> 00:06:56,759

people who came into contact with this

156

00:07:02,809 --> 00:06:59,789

unknown lights and things did have

157

00:07:04,519 --> 00:07:02,819

physical effects and so that has been

158

00:07:07,820 --> 00:07:04,529

speculated before

159

00:07:09,589 --> 00:07:07,830

so when Elizondo says they investigated

160

00:07:12,140 --> 00:07:09,599

people who believed they had physical

161

00:07:13,909 --> 00:07:12,150

effects could it possibly be Rendlesham

162

00:07:14,839 --> 00:07:13,919

it would make a lot of sense that that

163

00:07:16,760 --> 00:07:14,849

would be one of them

164

00:07:18,519 --> 00:07:16,770

so that's some interesting but of course

165

00:07:21,019 --> 00:07:18,529

we don't know so we're all out here

166

00:07:24,939 --> 00:07:21,029

speculating right now but that's an

167

00:07:28,129 --> 00:07:24,949

interesting question to be asking so

168

00:07:32,269 --> 00:07:28,139

that's I feel a good one the other thing

169

00:07:34,699 --> 00:07:32,279

of course is the x-files oh yeah

170

00:07:37,430 --> 00:07:34,709

came out news around that everybody's

171

00:07:38,510 --> 00:07:37,440

trying to tie you know x-files into UFO

172

00:07:44,990 --> 00:07:38,520

news

173

00:07:48,439 --> 00:07:45,000

have come out is that the UK government

174

00:07:51,469 --> 00:07:48,449

and this is also ties to John burrows

175

00:07:53,180 --> 00:07:51,479

because John burrows he did some

176

00:07:55,909 --> 00:07:53,190

research and found that there were some

177

00:07:58,400 --> 00:07:55,919

UK documents UFO documents that hadn't

178

00:08:00,020 --> 00:07:58,410

been released he said hey guys released

179

00:08:01,339 --> 00:08:00,030

these documents this is part of the

180

00:08:02,990 --> 00:08:01,349

reason we gave him the researcher of the

181

00:08:05,360 --> 00:08:03,000

year a couple of years ago cos during

182

00:08:07,309 --> 00:08:05,370

this investigation he found these files

183

00:08:08,689 --> 00:08:07,319

and they said well we're gonna release

184

00:08:10,909 --> 00:08:08,699

them because at the time they were

185

00:08:13,490 --> 00:08:10,919

currently they were releasing files on a

186

00:08:15,350 --> 00:08:13,500

regular basis well all of the files came

187

00:08:17,899 --> 00:08:15,360

out but the files Burroughs was looking

188

00:08:19,580 --> 00:08:17,909

for were not there hmm

189

00:08:21,200 --> 00:08:19,590

and they ignored him he kept saying to

190

00:08:22,460 --> 00:08:21,210

you to the UK look you guys said you

191

00:08:24,620 --> 00:08:22,470

were gonna release his files and you

192

00:08:26,899 --> 00:08:24,630

haven't they ignored him then finally a

193

00:08:29,480 --> 00:08:26,909

UK citizen who read about what had John

194

00:08:31,159 --> 00:08:29,490

Burroughs had done said hey you know

195

00:08:32,870 --> 00:08:31,169

this guy found these other files are you

196

00:08:34,850 --> 00:08:32,880

gonna release those files and they did

197

00:08:36,740 --> 00:08:34,860

respond to him and they said yes we're

198

00:08:39,469 --> 00:08:36,750

gonna release those files oops sorry I

199

00:08:41,389 --> 00:08:39,479

guess we had some more files that was

200

00:08:43,760 --> 00:08:41,399

years ago so it's taken them years

201
00:08:47,630 --> 00:08:43,770
Reilly last year they released all but

202
00:08:49,940 --> 00:08:47,640
three a story came out in the last week

203
00:08:52,639 --> 00:08:49,950
and Nick Pope was part of this story

204
00:08:56,440 --> 00:08:52,649
that they finally released the final

205
00:08:59,300 --> 00:08:56,450
three files really finally but

206
00:09:00,980 --> 00:08:59,310
apparently they did not those three

207
00:09:03,920 --> 00:09:00,990
files haven't been released some

208
00:09:06,740 --> 00:09:03,930
researchers in particular a guy who

209
00:09:08,660 --> 00:09:06,750
named goes by the name Isaac coy he's

210
00:09:12,170 --> 00:09:08,670
actually a barrister what they called

211
00:09:13,670 --> 00:09:12,180
kind of a out there in the UK and but he

212
00:09:16,519 --> 00:09:13,680
doesn't use his real name because he's

213
00:09:18,079 --> 00:09:16,529

got such a important position he doesn't

214

00:09:20,000 --> 00:09:18,089

want it to affect his position that he's

215

00:09:23,720 --> 00:09:20,010

so interested in UFOs but he's an

216

00:09:26,269 --> 00:09:23,730

archivist essentially and he said no no

217

00:09:28,730 --> 00:09:26,279

he discovered this is just a more

218

00:09:31,430 --> 00:09:28,740

redacted version of three of the files

219

00:09:33,650 --> 00:09:31,440

that had already been released so

220

00:09:35,120 --> 00:09:33,660

unfortunately we are not out yet but

221

00:09:36,980 --> 00:09:35,130

what's interesting with these files

222

00:09:40,960 --> 00:09:36,990

along with the last ones that they

223

00:09:44,690 --> 00:09:40,970

released is you have to go to the Q

224

00:09:46,670 --> 00:09:44,700

archives National Archives in Q which is

225

00:09:49,310 --> 00:09:46,680

outside of London this town outside of

226

00:09:52,340 --> 00:09:49,320

London in order to see these files that

227

00:09:54,020 --> 00:09:52,350

they have not released these files

228

00:09:58,130 --> 00:09:54,030

on the Internet as they have done

229

00:10:01,130 --> 00:09:58,140

previously and in the UK they have

230

00:10:03,170 --> 00:10:01,140

copyright over their government files so

231

00:10:05,030 --> 00:10:03,180

you not unlike the United States where

232

00:10:06,950 --> 00:10:05,040

you know we can download them and share

233

00:10:09,110 --> 00:10:06,960

them all we want there you have to pay

234

00:10:11,330 --> 00:10:09,120

for them and you can't let them out

235

00:10:14,150 --> 00:10:11,340

so there are people who have gotten them

236

00:10:18,020 --> 00:10:14,160

and given summaries but this is this

237

00:10:19,460 --> 00:10:18,030

same gentleman isaac coy and you know

238

00:10:21,080 --> 00:10:19,470

what i should have written a link or

239

00:10:23,210 --> 00:10:21,090

write a story about this and i'll do

240

00:10:24,920 --> 00:10:23,220

that but you you guys free listeners out

241

00:10:28,400 --> 00:10:24,930

there you can google this and you'll

242

00:10:32,210 --> 00:10:28,410

find it well on beyond top secret the

243

00:10:35,450 --> 00:10:32,220

forum what isaac coy discovered is that

244

00:10:38,570 --> 00:10:35,460

he could he worked with them and they

245

00:10:41,900 --> 00:10:38,580

allowed him to put the files on a server

246

00:10:45,080 --> 00:10:41,910

as long as it's password protected and

247

00:10:49,250 --> 00:10:45,090

he could share those files with people

248

00:10:52,250 --> 00:10:49,260

and he's doing that so if you go and i

249

00:10:54,920 --> 00:10:52,260

you can find this on the isn't it beyond

250

00:10:57,890 --> 00:10:54,930

top secret that popular forum yeah yeah

251
00:11:00,170 --> 00:10:57,900
above top above top secret you're right

252
00:11:03,470 --> 00:11:00,180
above top secret if you go to that forum

253
00:11:06,860 --> 00:11:03,480
look for the UK UFO FILES and isaac

254
00:11:09,380 --> 00:11:06,870
quois strain our string on there you can

255
00:11:11,330 --> 00:11:09,390
email him or ask him right there hey can

256
00:11:12,890 --> 00:11:11,340
you send me the password and he'll send

257
00:11:14,960 --> 00:11:12,900
you the password and you can go download

258
00:11:17,630 --> 00:11:14,970
those files so that's a way to get them

259
00:11:19,700 --> 00:11:17,640
for free and he says that he got

260
00:11:22,640 --> 00:11:19,710
approval from the UK government he made

261
00:11:24,920 --> 00:11:22,650
sure this was ok before he did it so at

262
00:11:27,410 --> 00:11:24,930
least as of yet they have not shut him

263
00:11:30,890 --> 00:11:27,420

down on this so you can get those files

264

00:11:33,110 --> 00:11:30,900

so just some clarity on the the files

265

00:11:36,560 --> 00:11:33,120

have not all been released yet but

266

00:11:39,440 --> 00:11:36,570

luckily isaac coy has made a way for us

267

00:11:41,420 --> 00:11:39,450

to get those files and I did go download

268

00:11:43,550 --> 00:11:41,430

those files so are you doing I don't

269

00:11:47,000 --> 00:11:43,560

have to travel all the way to London to

270

00:11:50,510 --> 00:11:47,010

get them of anything revealing no

271

00:11:53,650 --> 00:11:50,520

they're mostly UFO sighting reports so

272

00:11:57,130 --> 00:11:53,660

far so nothing that extraordinary

273

00:11:59,750 --> 00:11:57,140

unfortunately but still you know

274

00:12:03,410 --> 00:11:59,760

interesting and we we don't know why

275

00:12:05,210 --> 00:12:03,420

exactly they you know didn't release

276

00:12:06,170 --> 00:12:05,220

these in the first place so we'll see

277

00:12:08,150 --> 00:12:06,180

you know

278

00:12:10,850 --> 00:12:08,160

it's been such a mystery we've talked

279

00:12:14,210 --> 00:12:10,860

about this before and it's taken so long

280

00:12:15,710 --> 00:12:14,220

and they're just mundane like citing

281

00:12:17,150 --> 00:12:15,720

reports it doesn't make any sense unless

282

00:12:18,680 --> 00:12:17,160

they couldn't find them or something

283

00:12:22,100 --> 00:12:18,690

thus far

284

00:12:25,070 --> 00:12:22,110

now Nick Pope who worked for the UK of

285

00:12:26,630 --> 00:12:25,080

course on kind of like Lou Elizondo he

286

00:12:30,440 --> 00:12:26,640

worked for the government investigating

287

00:12:32,269 --> 00:12:30,450

UFOs he says that he does know what's in

288

00:12:34,370 --> 00:12:32,279

the rest of the files and there's

289

00:12:38,210 --> 00:12:34,380

somewhat interesting but they're not you

290

00:12:39,920 --> 00:12:38,220

know anything major so he said don't get

291

00:12:41,150 --> 00:12:39,930

your hopes up because even when they do

292

00:12:44,930 --> 00:12:41,160

come out they're not going to be that

293

00:12:46,940 --> 00:12:44,940

exciting unfortunately but um yeah it's

294

00:12:48,889 --> 00:12:46,950

interesting and I would love to know why

295

00:12:52,130 --> 00:12:48,899

they haven't released these last three

296

00:12:54,199 --> 00:12:52,140

and when that will happen what do you

297

00:12:57,079 --> 00:12:54,209

think about what's been going on I'm

298

00:12:58,750 --> 00:12:57,089

seeing a lot of chatter out there about

299

00:13:02,180 --> 00:12:58,760

you know people trying to debunk the

300

00:13:04,639 --> 00:13:02,190

Pentagon videos and the whole situation

301

00:13:06,470 --> 00:13:04,649

I don't know if you've been looking or

302

00:13:08,540 --> 00:13:06,480

people are sending me things I don't

303

00:13:11,030 --> 00:13:08,550

know if people are sending you things as

304

00:13:16,570 --> 00:13:11,040

well yeah I mean I've heard things and

305

00:13:21,670 --> 00:13:16,580

I've seen a few things but nothing that

306

00:13:26,300 --> 00:13:21,680

credible with the caveat of at least

307

00:13:27,860 --> 00:13:26,310

fully debunking we do know I mean the

308

00:13:31,390 --> 00:13:27,870

DoD has already admitted that this

309

00:13:35,860 --> 00:13:31,400

program did exist and it was funded from

310

00:13:38,780 --> 00:13:35,870

2007 to 2012 so we know that no doubt

311

00:13:40,910 --> 00:13:38,790

blue Elizondo was vetted by these other

312

00:13:43,430 --> 00:13:40,920

defense intelligence people who worked

313

00:13:46,760 --> 00:13:43,440

in defense intelligence who work with

314

00:13:49,340 --> 00:13:46,770

the to the Stars Academy now you know

315

00:13:52,190 --> 00:13:49,350

all of these guys working together the

316

00:13:54,890 --> 00:13:52,200

videos have been confirmed to come to be

317

00:13:57,319 --> 00:13:54,900

from where they were there is some

318

00:13:59,720 --> 00:13:57,329

question though because the question is

319

00:14:02,449 --> 00:13:59,730

and I've even written about this even in

320

00:14:04,550 --> 00:14:02,459

this latest story I wrote how did he get

321

00:14:07,430 --> 00:14:04,560

those files released now the Washington

322

00:14:09,710 --> 00:14:07,440

Post said that he kind of did it a bit

323

00:14:12,170 --> 00:14:09,720

under false pretense and in that he said

324

00:14:14,120 --> 00:14:12,180

he was going to use them for educational

325

00:14:16,640 --> 00:14:14,130

purposes and safety purposes and that's

326

00:14:18,440 --> 00:14:16,650

how we got him released but then you

327

00:14:19,910 --> 00:14:18,450

know he really intended to show that the

328

00:14:23,240 --> 00:14:19,920

to out this depart

329

00:14:25,490 --> 00:14:23,250

and he worked with but I've also heard

330

00:14:27,920 --> 00:14:25,500

from very reliable sources and

331

00:14:30,050 --> 00:14:27,930

unfortunately as of yet I can't tell you

332

00:14:33,350 --> 00:14:30,060

who but it's you know people who would

333

00:14:35,230 --> 00:14:33,360

know that that's not true that the post

334

00:14:39,410 --> 00:14:35,240

got that completely wrong so that was a

335

00:14:41,840 --> 00:14:39,420

false reporting I can tell you that I

336

00:14:45,949 --> 00:14:41,850

know we will have the ability to clear

337

00:14:48,189 --> 00:14:45,959

all this up soon you know so answers

338

00:14:52,900 --> 00:14:48,199

will be forthcoming in the near future

339

00:14:57,319 --> 00:14:52,910

yeah so so we'll be able to hear from

340

00:15:00,800 --> 00:14:57,329

about that but otherwise these stories

341

00:15:02,480 --> 00:15:00,810

about you know that they faked them I

342

00:15:04,009 --> 00:15:02,490

mean it's kind of like the moon stories

343

00:15:06,170 --> 00:15:04,019

we didn't go to the moon that the whole

344

00:15:07,550 --> 00:15:06,180

moon thing was faked type people you

345

00:15:09,079 --> 00:15:07,560

know you can show them whatever and

346

00:15:13,400 --> 00:15:09,089

they're gonna believe things are faked

347

00:15:15,980 --> 00:15:13,410

so I mean we have the pilots who of the

348

00:15:17,900 --> 00:15:15,990

whole situation coming out and talking

349

00:15:21,610 --> 00:15:17,910

all over the place about it you can go

350

00:15:24,350 --> 00:15:21,620

to Facebook and there are forums of

351
00:15:28,939 --> 00:15:24,360
ex-navy people who were on board these

352
00:15:30,769 --> 00:15:28,949
craft and I by that I mean the ships who

353
00:15:32,269 --> 00:15:30,779
were there when these things happen and

354
00:15:33,650 --> 00:15:32,279
they're in the forums just talking about

355
00:15:34,880 --> 00:15:33,660
oh yeah I remember them when that

356
00:15:37,400 --> 00:15:34,890
happened and you know kids their

357
00:15:40,069 --> 00:15:37,410
colleagues and stuff yeah so it's just

358
00:15:43,340 --> 00:15:40,079
there's just an abundance of evidence to

359
00:15:46,910 --> 00:15:43,350
show the situation took place that these

360
00:15:49,540 --> 00:15:46,920
people are legitimate so thus far we

361
00:15:53,060 --> 00:15:49,550
don't really I don't feel have any

362
00:15:55,130 --> 00:15:53,070
substantial reason to doubt and one

363
00:15:56,720 --> 00:15:55,140

thing that I've thought of in this and I

364

00:15:59,120 --> 00:15:56,730

don't know if you know this or not but I

365

00:16:02,500 --> 00:15:59,130

wonder if they've looked at any earlier

366

00:16:04,519 --> 00:16:02,510

say videos or pictures that the military

367

00:16:07,189 --> 00:16:04,529

got ahold of when they were doing that

368

00:16:09,380 --> 00:16:07,199

five-year study did that ever come up

369

00:16:13,130 --> 00:16:09,390

that you're aware of well no not yet

370

00:16:15,220 --> 00:16:13,140

because you know Lou is is just like a

371

00:16:18,439 --> 00:16:15,230

lot of these people like Nick Pope like

372

00:16:25,329 --> 00:16:18,449

others who even Colonel Charles halt

373

00:16:28,130 --> 00:16:25,339

they are patriots they still feel

374

00:16:30,500 --> 00:16:28,140

positive about their cooperation with

375

00:16:33,220 --> 00:16:30,510

the government or their careers in the

376

00:16:35,240 --> 00:16:33,230

military and they don't want to

377

00:16:38,600 --> 00:16:35,250

divulge anything that they're not

378

00:16:40,910 --> 00:16:38,610

supposed to yeah and Lewis only gotten

379

00:16:43,940 --> 00:16:40,920

permission to talk about certain things

380

00:16:47,480 --> 00:16:43,950

and so that's all he's talked about thus

381

00:16:49,670 --> 00:16:47,490

far so we don't have that information

382

00:16:53,240 --> 00:16:49,680

however there's no doubt there's a

383

00:16:56,590 --> 00:16:53,250

mountain of FOIA requests that they've

384

00:16:59,450 --> 00:16:56,600

received to release this information

385

00:17:01,880 --> 00:16:59,460

especially now that all these major news

386

00:17:06,110 --> 00:17:01,890

outlets note this information is there

387

00:17:07,880 --> 00:17:06,120

and and so we'll see I'm sure that

388

00:17:10,250 --> 00:17:07,890

there'll be some information released

389

00:17:13,550 --> 00:17:10,260

but this is an interesting story Robert

390

00:17:16,100 --> 00:17:13,560

Powell who you know he works with the

391

00:17:17,930 --> 00:17:16,110

scientific Coalition for ufology your

392

00:17:18,920 --> 00:17:17,940

guest tonight is part of that group as

393

00:17:20,990 --> 00:17:18,930

well

394

00:17:24,590 --> 00:17:21,000

charles is kind of a new member of the

395

00:17:26,480 --> 00:17:24,600

group too and so but robert has been

396

00:17:29,390 --> 00:17:26,490

working on the Nimitz case we talked

397

00:17:31,070 --> 00:17:29,400

about this even last week I think and he

398

00:17:33,140 --> 00:17:31,080

was hopeful that now that all of this

399

00:17:35,720 --> 00:17:33,150

kind of came out that he would get some

400

00:17:37,670 --> 00:17:35,730

more read more files and he even

401

00:17:38,930 --> 00:17:37,680

indicated that they had indicated the

402

00:17:42,050 --> 00:17:38,940

Navy that they were going to give him

403

00:17:43,790 --> 00:17:42,060

some more under his FOIA request but he

404

00:17:46,930 --> 00:17:43,800

got a response recently and they said

405

00:17:49,220 --> 00:17:46,940

nope nothing else well you know

406

00:17:51,650 --> 00:17:49,230

something I never even thought of and

407

00:17:53,000 --> 00:17:51,660

that you just mentioned I never even

408

00:17:56,900 --> 00:17:53,010

thought of this but you're right news

409

00:17:59,810 --> 00:17:56,910

news media could be filing for you know

410

00:18:01,910 --> 00:17:59,820

freedom formation there's no doubt that

411

00:18:04,340 --> 00:18:01,920

they are and they have a lot more

412

00:18:06,560 --> 00:18:04,350

influence than the normal person for

413

00:18:08,690 --> 00:18:06,570

instance Chicago O'Hare when that

414

00:18:10,970 --> 00:18:08,700

important UFO situation happened where

415

00:18:14,930 --> 00:18:10,980

United personnel were reporting this UFO

416

00:18:16,520 --> 00:18:14,940

over a gate in Chicago here in 2008 w

417

00:18:19,910 --> 00:18:16,530

yeah yeah

418

00:18:21,950 --> 00:18:19,920

c17 gate c-17 UFO researchers could not

419

00:18:23,930 --> 00:18:21,960

get any information they were

420

00:18:25,130 --> 00:18:23,940

essentially blown off and told it was

421

00:18:27,830 --> 00:18:25,140

weather phenomena and stuff like this

422

00:18:30,260 --> 00:18:27,840

the Chicago Tribune

423

00:18:33,260 --> 00:18:30,270

put in a FOIA request and the next day

424

00:18:34,910 --> 00:18:33,270

they got a response and information so

425

00:18:36,830 --> 00:18:34,920

it shows they have a lot more pool than

426

00:18:39,650 --> 00:18:36,840

unfortunately the regular Joe out there

427

00:18:41,360 --> 00:18:39,660

so yeah so no doubt that there's people

428

00:18:43,400 --> 00:18:41,370

working very hard at getting some more

429

00:18:45,740 --> 00:18:43,410

information out I should mention one

430

00:18:47,480 --> 00:18:45,750

other thing too along the lines of the

431

00:18:49,549 --> 00:18:47,490

hoax or people trying to show

432

00:18:52,520 --> 00:18:49,559

that these videos are de Munck T's

433

00:18:55,160 --> 00:18:52,530

videos we did have posted story from a

434

00:18:57,620 --> 00:18:55,170

German researcher who andreas möller who

435

00:18:58,370 --> 00:18:57,630

is one of the contributors to our

436

00:19:00,860 --> 00:18:58,380

website

437

00:19:04,160 --> 00:19:00,870

he runs a frontier science were kind of

438

00:19:06,350 --> 00:19:04,170

paranormal site in Germany he did some

439

00:19:08,810 --> 00:19:06,360

research because that video the nimitz

440

00:19:12,169 --> 00:19:08,820

video that Elizondo and the two the

441

00:19:14,720 --> 00:19:12,179

stars released was released somehow

442

00:19:17,630 --> 00:19:14,730

parts of that video part of that video

443

00:19:20,360 --> 00:19:17,640

was leaked onto the internet years ago

444

00:19:22,790 --> 00:19:20,370

and that is a mystery we don't know how

445

00:19:25,549 --> 00:19:22,800

now they did find that that video on a

446

00:19:27,680 --> 00:19:25,559

server for a german movie production

447

00:19:30,530 --> 00:19:27,690

company that does animation and stuff

448

00:19:32,299 --> 00:19:30,540

like that so Andres got a hold of them

449

00:19:34,040 --> 00:19:32,309

and said hey did you guys create this

450

00:19:36,530 --> 00:19:34,050

what why did you have this file on your

451
00:19:38,510 --> 00:19:36,540
server they said they don't know that

452
00:19:40,669 --> 00:19:38,520
they did some research where they asked

453
00:19:43,310 --> 00:19:40,679
their ex employees they're not sure how

454
00:19:45,350 --> 00:19:43,320
that was gotten onto their server but

455
00:19:48,650 --> 00:19:45,360
they think it was probably downloaded

456
00:19:50,410 --> 00:19:48,660
for reference material so I've done this

457
00:19:53,780 --> 00:19:50,420
you know when I went to Hungary for Mars

458
00:19:55,580 --> 00:19:53,790
and I was on the set they will have and

459
00:19:59,330 --> 00:19:55,590
you can see in my pictures on Facebook

460
00:20:03,440 --> 00:19:59,340
their walls are covered with UFOs or

461
00:20:05,780 --> 00:20:03,450
space stuff bases NASA bases but also

462
00:20:08,299 --> 00:20:05,790
from from movies from television and

463
00:20:11,870 --> 00:20:08,309

it's just to inspire them and to give

464

00:20:13,520 --> 00:20:11,880

them some inspiration and direction when

465

00:20:15,919 --> 00:20:13,530

they're creating their art or they're

466

00:20:17,419 --> 00:20:15,929

creating the the fake stuff for the

467

00:20:19,549 --> 00:20:17,429

movies and and things like that so

468

00:20:21,350 --> 00:20:19,559

that's why they think it was downloaded

469

00:20:24,380 --> 00:20:21,360

by one of their people but we still

470

00:20:26,810 --> 00:20:24,390

don't know how it was the leaked or who

471

00:20:29,180 --> 00:20:26,820

leaked it originally so that is a

472

00:20:32,000 --> 00:20:29,190

question that is still out there yeah I

473

00:20:34,400 --> 00:20:32,010

mean if they if they had it on their

474

00:20:36,440 --> 00:20:34,410

server they had to get it from somewhere

475

00:20:38,600 --> 00:20:36,450

what was on the internet they could have

476

00:20:41,270 --> 00:20:38,610

downloaded it from us is like many

477

00:20:44,030 --> 00:20:41,280

people did years ago when it first made

478

00:20:45,950 --> 00:20:44,040

an appearance on YouTube but nobody

479

00:20:48,410 --> 00:20:45,960

knows how it got there in the first

480

00:20:52,100 --> 00:20:48,420

place onto YouTube well what a mystery

481

00:20:53,720 --> 00:20:52,110

but at least it's not the video company

482

00:20:56,510 --> 00:20:53,730

said there was no way that it was one of

483

00:20:58,790 --> 00:20:56,520

their productions right yeah yeah these

484

00:21:00,440 --> 00:20:58,800

are pretty pretty important answers it

485

00:21:01,310 --> 00:21:00,450

is important and people were saying why

486

00:21:03,590 --> 00:21:01,320

are you trying to

487

00:21:06,020 --> 00:21:03,600

the video and look at and people were

488

00:21:09,320 --> 00:21:06,030

really upset with that with me for

489

00:21:11,390 --> 00:21:09,330

posting that story but it's a lead it's

490

00:21:13,580 --> 00:21:11,400

something you have to investigate and

491

00:21:16,190 --> 00:21:13,590

I'm really glad that andreas who's a

492

00:21:18,230 --> 00:21:16,200

great researcher he's excellent yeah I'm

493

00:21:19,850 --> 00:21:18,240

really glad that he did this research to

494

00:21:22,340 --> 00:21:19,860

find that out because now we know that

495

00:21:23,540 --> 00:21:22,350

that you know the situation that that's

496

00:21:25,490 --> 00:21:23,550

not where it came from

497

00:21:27,290 --> 00:21:25,500

yeah otherwise who knows they could have

498

00:21:29,180 --> 00:21:27,300

said oh yeah we made that that's part of

499

00:21:30,740 --> 00:21:29,190

our movie coming up you know and then we

500

00:21:34,180 --> 00:21:30,750

would have known hey there's something

501
00:21:36,470 --> 00:21:34,190
fishy going on here but yeah right

502
00:21:38,600 --> 00:21:36,480
alright well that's it for this week

503
00:21:42,200 --> 00:21:38,610
well thank you so much Alejandro that's

504
00:21:44,720 --> 00:21:42,210
it stay tuned to the UFO Congress

505
00:21:47,600 --> 00:21:44,730
because we haven't released who our

506
00:21:49,760 --> 00:21:47,610
keynote is and we will be releasing that

507
00:21:52,340 --> 00:21:49,770
hopefully tomorrow neck definitely in

508
00:21:54,800 --> 00:21:52,350
the next couple days and people are

509
00:21:57,200 --> 00:21:54,810
gonna be very very happy about it I know

510
00:22:02,330 --> 00:21:57,210
I wish you could say it no yeah I wish I

511
00:22:05,510 --> 00:22:02,340
could too yeah but I assume it yeah and

512
00:22:08,360 --> 00:22:05,520
just one more thing I'm sure that the

513
00:22:12,860 --> 00:22:08,370

the show that we did on on open minds is

514

00:22:15,860 --> 00:22:12,870

released now legal myself and you yes a

515

00:22:18,800 --> 00:22:15,870

lot of fun review that's always a lot of

516

00:22:21,380 --> 00:22:18,810

them so that's online also the story I

517

00:22:23,810 --> 00:22:21,390

wrote the follow up to now what where I

518

00:22:26,570 --> 00:22:23,820

talk about all of the loose ends all of

519

00:22:29,410 --> 00:22:26,580

the open questions right all of them I

520

00:22:31,910 --> 00:22:29,420

can think of there's a lot more I'm sure

521

00:22:33,890 --> 00:22:31,920

that people can think of so yeah there's

522

00:22:36,860 --> 00:22:33,900

a lot of questions that need to be

523

00:22:38,330 --> 00:22:36,870

answered still yeah all right okay well

524

00:22:40,370 --> 00:22:38,340

thanks a lot and we'll see you next week

525

00:22:43,700 --> 00:22:40,380

all right thank you talk to you soon

526

00:22:45,410 --> 00:22:43,710

all right have a good one all right all

527

00:22:49,520 --> 00:22:45,420

right everyone so hang on just a minute

528

00:22:53,780 --> 00:22:49,530

I'm gonna bring in Charles on in just a

529

00:22:58,670 --> 00:22:53,790

second here and so Charles is up in

530

00:23:03,080 --> 00:22:58,680

Canada and he has some really amazing

531

00:23:04,670 --> 00:23:03,090

infrared camera equipment this is kind

532

00:23:05,270 --> 00:23:04,680

of how all this started Charles welcome

533

00:23:09,470 --> 00:23:05,280

to the show

534

00:23:12,710 --> 00:23:09,480

hello Martin so it's I watched your

535

00:23:14,760 --> 00:23:12,720

video actually watched it last year and

536

00:23:17,520 --> 00:23:14,770

then I watched it again today

537

00:23:21,570 --> 00:23:17,530

and great stuff it was actually very

538

00:23:23,790 --> 00:23:21,580

well done which which 101 nocturnal

539

00:23:25,290 --> 00:23:23,800

lights I watched a lot of your videos

540

00:23:30,210 --> 00:23:25,300

but I mean nocturnal lights to the

541

00:23:33,450 --> 00:23:30,220

documentary oh great thanks yeah yeah so

542

00:23:36,270 --> 00:23:33,460

why don't you explain to the listener

543

00:23:37,980 --> 00:23:36,280

who you are and your you haven't been

544

00:23:39,630 --> 00:23:37,990

really paying attention to UFOs that

545

00:23:42,900 --> 00:23:39,640

long you never even really thought much

546

00:23:45,810 --> 00:23:42,910

of them until you you basically are an

547

00:23:47,490 --> 00:23:45,820

amateur strum astronomer and you saw

548

00:23:49,530 --> 00:23:47,500

this thing go across the moon and that's

549

00:23:52,410 --> 00:23:49,540

what started your interest right that's

550

00:23:56,220 --> 00:23:52,420

it exactly it about ten years ago now

551
00:23:58,590 --> 00:23:56,230
Wow time flies you know all my life I've

552
00:24:01,919 --> 00:23:58,600
been looking at the Stars I've had many

553
00:24:04,580 --> 00:24:01,929
many telescopes UFOs or the last thing

554
00:24:07,169 --> 00:24:04,590
in my mind that I ever see in my life

555
00:24:09,419 --> 00:24:07,179
really a skeptic never really believed

556
00:24:13,260 --> 00:24:09,429
in them it's fantasy it's you know it's

557
00:24:14,910 --> 00:24:13,270
TV sci-fi but one night about ten years

558
00:24:17,610 --> 00:24:14,920
ago I had my telescope out and I was

559
00:24:19,080 --> 00:24:17,620
gonna do Astro photography of the moon

560
00:24:21,750 --> 00:24:19,090
you don't take some great shots cause a

561
00:24:23,850 --> 00:24:21,760
big full moon and while I was sitting up

562
00:24:25,320 --> 00:24:23,860
and getting the camera all lined up take

563
00:24:28,710 --> 00:24:25,330

some photos

564

00:24:31,169 --> 00:24:28,720

this large triangular shaped craft it

565

00:24:35,070 --> 00:24:31,179

was a craft because it was huge it was

566

00:24:36,870 --> 00:24:35,080

slowly going across the moon and it was

567

00:24:38,730 --> 00:24:36,880

so amazing because I know I know what a

568

00:24:41,610 --> 00:24:38,740

kite looks like I know the skies I know

569

00:24:43,740 --> 00:24:41,620

stars know meteorological satellites all

570

00:24:45,810 --> 00:24:43,750

that stuff this thing was huge and it

571

00:24:48,690 --> 00:24:45,820

had definition to it it was a triangular

572

00:24:50,490 --> 00:24:48,700

shaped object and I didn't even take a

573

00:24:52,830 --> 00:24:50,500

photograph I mean I was all set up I had

574

00:24:57,330 --> 00:24:52,840

my Canon 6d I mean it was all very

575

00:24:58,890 --> 00:24:57,340

burned to go and so after that

576

00:25:01,230 --> 00:24:58,900

experience you know I had Shepherds down

577

00:25:04,590 --> 00:25:01,240

my spine and I really want to learn more

578

00:25:08,070 --> 00:25:04,600

about what that was and again it went by

579

00:25:10,530 --> 00:25:08,080

my mind yes this this was a UFO and I'm

580

00:25:14,130 --> 00:25:10,540

a skeptic so after that experience I I

581

00:25:17,130 --> 00:25:14,140

went through I can tell you days weeks

582

00:25:20,610 --> 00:25:17,140

months on the internet I researched

583

00:25:23,310 --> 00:25:20,620

everything on UFOs and I actually got

584

00:25:26,130 --> 00:25:23,320

into Allison Cruz's site she did a lot

585

00:25:27,950 --> 00:25:26,140

of night vision captures of some really

586

00:25:29,930 --> 00:25:27,960

weird objects and OH

587

00:25:32,570 --> 00:25:29,940

they're different YouTube videos of

588

00:25:34,160 --> 00:25:32,580

course a lot of the hoax video videos

589

00:25:36,770 --> 00:25:34,170

that are out there yeah I thought were

590

00:25:39,230 --> 00:25:36,780

real euro falls at the time and realize

591

00:25:41,690 --> 00:25:39,240

quickly that they were fake because they

592

00:25:44,540 --> 00:25:41,700

did not look anything like what I saw so

593

00:25:46,010 --> 00:25:44,550

from then on I saw my telescope and I

594

00:25:47,780 --> 00:25:46,020

bought myself a whole bunch of night

595

00:25:50,180 --> 00:25:47,790

vision gear so I spent over ten thousand

596

00:25:52,610 --> 00:25:50,190

dollars worth of equipment set myself up

597

00:25:55,340 --> 00:25:52,620

on my balcony here in downtown Vancouver

598

00:25:57,380 --> 00:25:55,350

and within the first couple of weeks I

599

00:25:58,970 --> 00:25:57,390

was seeing a lot of different things in

600

00:26:01,100 --> 00:25:58,980

night vision and this is the first time

601
00:26:04,070 --> 00:26:01,110
I'm using night vision and of course I

602
00:26:05,570 --> 00:26:04,080
was videotaping bugs Birds bats and

603
00:26:08,150 --> 00:26:05,580
everything and I thought they were like

604
00:26:09,590 --> 00:26:08,160
UFOs because the night vision the skies

605
00:26:11,810 --> 00:26:09,600
are totally different from from a

606
00:26:12,140 --> 00:26:11,820
telescope right so again it didn't take

607
00:26:13,730 --> 00:26:12,150
me long

608
00:26:16,820 --> 00:26:13,740
but I realized afterwards those weren't

609
00:26:18,590 --> 00:26:16,830
UFOs but not long after that I did

610
00:26:20,690 --> 00:26:18,600
capture my first one it came about 50

611
00:26:22,850 --> 00:26:20,700
feet from my from my apartment it wasn't

612
00:26:26,750 --> 00:26:22,860
a bat wasn't a bird and I call it the

613
00:26:28,790 --> 00:26:26,760

amazing energy orb and it's it's

614

00:26:31,760 --> 00:26:28,800

basically on my on my youtube channel

615

00:26:33,800 --> 00:26:31,770

and also its own on the film and it came

616

00:26:35,660 --> 00:26:33,810

about fifty feet from me and it was only

617

00:26:37,460 --> 00:26:35,670

observable in the infrared spectrum

618

00:26:39,680 --> 00:26:37,470

which was really unusual because it was

619

00:26:41,600 --> 00:26:39,690

50 feet away and I was looking up and I

620

00:26:42,620 --> 00:26:41,610

was looking on my screen and looking up

621

00:26:44,660 --> 00:26:42,630

there's nothing there but there's

622

00:26:47,930 --> 00:26:44,670

something there and it was a good size

623

00:26:49,310 --> 00:26:47,940

it was a beach ball size and so it can

624

00:26:51,920 --> 00:26:49,320

it continued after that so that was my

625

00:26:52,760 --> 00:26:51,930

first real capture and I've been hooked

626
00:26:57,740 --> 00:26:52,770
ever since

627
00:27:01,840 --> 00:26:57,750
so this this is interesting also because

628
00:27:05,870 --> 00:27:01,850
I was out in Phoenix a few years ago and

629
00:27:08,420 --> 00:27:05,880
doing a night you know sky watch with

630
00:27:12,170 --> 00:27:08,430
Ben Hansen he had from fact or faked

631
00:27:15,350 --> 00:27:12,180
yeah he he has a really nice equipment

632
00:27:17,570 --> 00:27:15,360
you know night vision and so I was using

633
00:27:19,580 --> 00:27:17,580
this night vision out there and I saw a

634
00:27:20,870 --> 00:27:19,590
bat in the bat you know the first thing

635
00:27:23,210 --> 00:27:20,880
I thought of oh my god that's a UFO

636
00:27:24,860 --> 00:27:23,220
because of the way it was moving it was

637
00:27:26,480 --> 00:27:24,870
moving in such zigzags and all of a

638
00:27:31,690 --> 00:27:26,490

sudden I said oh my god that's a bat I

639

00:27:35,510 --> 00:27:31,700

can understand how you know someone can

640

00:27:38,960 --> 00:27:35,520

you know someone can get fooled easily

641

00:27:41,810 --> 00:27:38,970

by you know in in well one of the major

642

00:27:44,420 --> 00:27:41,820

Chilean videos that they thought

643

00:27:45,980 --> 00:27:44,430

was real ended up being insects you know

644

00:27:49,280 --> 00:27:45,990

and that's that's a government program

645

00:27:50,990 --> 00:27:49,290

to well you know it's really easy and

646

00:27:52,730 --> 00:27:51,000

people that are really serious about

647

00:27:55,580 --> 00:27:52,740

this and they and they buy the gear like

648

00:27:57,200 --> 00:27:55,590

I did and if they don't learn the

649

00:27:58,880 --> 00:27:57,210

correct way at the beginning and they

650

00:28:01,910 --> 00:27:58,890

continue and they believe what they're

651
00:28:03,650 --> 00:28:01,920
filming is actually UFO and Orbis fear

652
00:28:05,330 --> 00:28:03,660
or whatever you want to call it they're

653
00:28:06,890 --> 00:28:05,340
gonna continue believing that is a UFO

654
00:28:09,470 --> 00:28:06,900
and I can tell you one thing right now

655
00:28:11,720 --> 00:28:09,480
after eight years of doing this they are

656
00:28:14,390 --> 00:28:11,730
hard to film they are hard to find

657
00:28:16,040 --> 00:28:14,400
they're hard to see nighty I was going

658
00:28:18,230 --> 00:28:16,050
out there every night during clear

659
00:28:20,420 --> 00:28:18,240
nights and an 8-year period

660
00:28:23,270 --> 00:28:20,430
I've spent over well over a thousand

661
00:28:25,880 --> 00:28:23,280
hours of sky watching Wow so I know my

662
00:28:28,190 --> 00:28:25,890
skies and I know when enormous fear or

663
00:28:30,620 --> 00:28:28,200

UFO looks like in infrared or a night

664

00:28:34,340 --> 00:28:30,630

vision and of course I've seen many many

665

00:28:37,130 --> 00:28:34,350

with with the naked eye as well now

666

00:28:41,030 --> 00:28:37,140

speaking of the naked eye in end of

667

00:28:43,730 --> 00:28:41,040

infrared I think let's say I made a note

668

00:28:47,600 --> 00:28:43,740

here so the the range of visible

669

00:28:50,900 --> 00:28:47,610

wavelengths in in the spectrum is 400 to

670

00:28:53,420 --> 00:28:50,910

700 nanometers right so I've always

671

00:28:55,670 --> 00:28:53,430

wondered about that in something you

672

00:28:58,520 --> 00:28:55,680

said at the end of your your documentary

673

00:29:01,700 --> 00:28:58,530

is kind of like along the lines of my

674

00:29:03,740 --> 00:29:01,710

wonderment and that is are these things

675

00:29:05,900 --> 00:29:03,750

around us all the time and we just don't

676

00:29:07,610 --> 00:29:05,910

see them well you know that's a

677

00:29:10,640 --> 00:29:07,620

possibility there's no doubt about that

678

00:29:13,190 --> 00:29:10,650

and know that it's a theory of mine is

679

00:29:15,470 --> 00:29:13,200

that it's either and again it just

680

00:29:17,660 --> 00:29:15,480

recently in the last couple of years the

681

00:29:19,910 --> 00:29:17,670

last two captures that I've got on on

682

00:29:23,330 --> 00:29:19,920

night vision both of them weren't picked

683

00:29:24,850 --> 00:29:23,340

up in infrared or sorry in thermal and I

684

00:29:27,650 --> 00:29:24,860

couldn't see with the naked eye as well

685

00:29:29,660 --> 00:29:27,660

but that doesn't necessarily mean that

686

00:29:31,040 --> 00:29:29,670

if you probably couldn't see it with the

687

00:29:33,530 --> 00:29:31,050

naked eye it could have been just too

688

00:29:37,340 --> 00:29:33,540

dim at night to actually see with your

689

00:29:39,050 --> 00:29:37,350

naked eye but I know when I had the one

690

00:29:41,810 --> 00:29:39,060

first one that was fifty feet from me

691

00:29:44,060 --> 00:29:41,820

anything in this guy that size beach

692

00:29:45,560 --> 00:29:44,070

sized beach ball size if I can't see

693

00:29:47,990 --> 00:29:45,570

with the naked eye and it's resolving

694

00:29:50,810 --> 00:29:48,000

right now on the screen in infrared that

695

00:29:53,450 --> 00:29:50,820

was completely only available in

696

00:29:55,190 --> 00:29:53,460

infrared spectrum so that one I didn't

697

00:29:56,990 --> 00:29:55,200

get to you that was one that was

698

00:29:59,330 --> 00:29:57,000

you know hidden into the naked eye so

699

00:30:01,340 --> 00:29:59,340

might be that's a possibility

700

00:30:03,710 --> 00:30:01,350

what would be really interesting is

701
00:30:06,200 --> 00:30:03,720
something that you can't see with the

702
00:30:07,669 --> 00:30:06,210
naked eye but if it showed up on some

703
00:30:09,769 --> 00:30:07,679
type of radar or something that would be

704
00:30:14,149 --> 00:30:09,779
really interesting to me well I think

705
00:30:16,129 --> 00:30:14,159
there's a group the histone project yes

706
00:30:18,500 --> 00:30:16,139
they're doing it they have radar and

707
00:30:21,529 --> 00:30:18,510
they've been picking up some objects on

708
00:30:22,580 --> 00:30:21,539
radar so again I haven't been following

709
00:30:25,009 --> 00:30:22,590
a lot what they've been doing recently

710
00:30:28,159 --> 00:30:25,019
but I think that has some good data now

711
00:30:29,690 --> 00:30:28,169
and not sure if it's the ones that

712
00:30:31,490 --> 00:30:29,700
they're picking up with infrared but a

713
00:30:33,440 --> 00:30:31,500

lot of their object that they they're

714

00:30:36,279 --> 00:30:33,450

capturing are actually bright and you

715

00:30:39,320 --> 00:30:36,289

can see with the naked eye the very very

716

00:30:42,560 --> 00:30:39,330

orange amber orange very bright or

717

00:30:44,210 --> 00:30:42,570

yellow or white and I've seen a lot of

718

00:30:45,500 --> 00:30:44,220

those where I live as well but those are

719

00:30:47,750 --> 00:30:45,510

the ones I could never capture on film

720

00:30:49,789 --> 00:30:47,760

because they're spontaneously just whoa

721

00:30:51,320 --> 00:30:49,799

my god there was there's one I had to

722

00:30:53,539 --> 00:30:51,330

grab my cameras by that time they're

723

00:30:55,340 --> 00:30:53,549

gone so when I have that my hunting is

724

00:30:58,490 --> 00:30:55,350

when I'm hunting with infrared and I

725

00:31:03,379 --> 00:30:58,500

picked them up you have a shout out in

726

00:31:05,600 --> 00:31:03,389

the in the chatroom someone says this

727

00:31:09,289 --> 00:31:05,610

guy thinks you're very credible and his

728

00:31:12,139 --> 00:31:09,299

name is Doug from Eddy's sits he says hi

729

00:31:15,649 --> 00:31:12,149

do you know who that is done from Doug

730

00:31:21,519 --> 00:31:15,659

from 86 or something like that Doug Doug

731

00:31:28,310 --> 00:31:25,279

just to let you know we will have we

732

00:31:30,379 --> 00:31:28,320

have some we have some questions that

733

00:31:33,529 --> 00:31:30,389

will be coming in to the chat room as

734

00:31:35,840 --> 00:31:33,539

well as later on the second part of the

735

00:31:37,460 --> 00:31:35,850

second half of the show we can take some

736

00:31:39,950 --> 00:31:37,470

phone calls too if anyone wants to call

737

00:31:45,080 --> 00:31:39,960

in and I'll give that number when that

738

00:31:46,519 --> 00:31:45,090

happens so so you have you just

739

00:31:52,850 --> 00:31:46,529

mentioned earlier you maybe have a

740

00:31:54,680 --> 00:31:52,860

thousand hours yeah yeah and do you ever

741

00:31:57,289 --> 00:31:54,690

get do you ever I mean that would seem

742

00:32:00,440 --> 00:31:57,299

awfully boring to me I mean there's no

743

00:32:02,269 --> 00:32:00,450

way to not watch the screen I mean you

744

00:32:04,279 --> 00:32:02,279

can't have any like motion sensor

745

00:32:06,529 --> 00:32:04,289

everything's too far away so you have to

746

00:32:08,629 --> 00:32:06,539

be glued to it or well you with the

747

00:32:09,190 --> 00:32:08,639

video after if you really are serious

748

00:32:11,320 --> 00:32:09,200

like

749

00:32:13,210 --> 00:32:11,330

and if you want to capture these things

750

00:32:15,520 --> 00:32:13,220

that are roaming the skies traveling

751
00:32:18,130 --> 00:32:15,530
around in the skies you have to man your

752
00:32:19,990 --> 00:32:18,140
telescope or your your your what I call

753
00:32:22,960 --> 00:32:20,000
it this guy watches mobile unit I got

754
00:32:25,600 --> 00:32:22,970
three or four cameras with thermal I get

755
00:32:28,480 --> 00:32:25,610
infrared I got two of them I also have

756
00:32:30,280 --> 00:32:28,490
an HD camera four if I get those right

757
00:32:33,430 --> 00:32:30,290
bright objects really close I can get

758
00:32:34,900 --> 00:32:33,440
them in HD or 4k now that I have my got

759
00:32:37,060 --> 00:32:34,910
other equipment that I have attached to

760
00:32:41,350 --> 00:32:37,070
it you know EMF detectors all that stuff

761
00:32:43,900 --> 00:32:41,360
I even have a Geiger counter oh no it's

762
00:32:45,520 --> 00:32:43,910
a setup so just in case for those you

763
00:32:47,440 --> 00:32:45,530

know close close encounters that come

764

00:32:51,280 --> 00:32:47,450

close and I've had three or four come

765

00:32:54,250 --> 00:32:51,290

really really close to my balcony so you

766

00:32:56,800 --> 00:32:54,260

know it's it's just a matter of being

767

00:32:58,600 --> 00:32:56,810

out there a lot of people have cameras

768

00:33:00,280 --> 00:32:58,610

that they have motion detectors and they

769

00:33:01,660 --> 00:33:00,290

check their videos afterwards but

770

00:33:04,000 --> 00:33:01,670

they're not man they're gonna miss out a

771

00:33:06,490 --> 00:33:04,010

lot and I can tell you that the probably

772

00:33:08,290 --> 00:33:06,500

gonna not see them and these things are

773

00:33:11,290 --> 00:33:08,300

pretty intelligent they know that you're

774

00:33:13,750 --> 00:33:11,300

filming them I know Mike they know it I

775

00:33:15,310 --> 00:33:13,760

I know you went out to Hawaii and you

776

00:33:18,040 --> 00:33:15,320

spoke with Ted bro he's been on our show

777

00:33:20,770 --> 00:33:18,050

before I really like really liked Ted a

778

00:33:23,140 --> 00:33:20,780

lot did I don't know if he happened to

779

00:33:26,140 --> 00:33:23,150

tell you his story about the thing

780

00:33:28,330 --> 00:33:26,150

knowing where he was yes I oh my god

781

00:33:29,680 --> 00:33:28,340

that is what's one of the scariest UFO

782

00:33:32,050 --> 00:33:29,690

stories I ever heard

783

00:33:33,850 --> 00:33:32,060

well Hawaii's got some interesting

784

00:33:35,740 --> 00:33:33,860

things going on over there that's why we

785

00:33:38,410 --> 00:33:35,750

went up there and not only to interview

786

00:33:40,540 --> 00:33:38,420

with Ted for the movie but also to do

787

00:33:42,010 --> 00:33:40,550

some sky watching unfortunately we

788

00:33:43,930 --> 00:33:42,020

didn't really get anything is so

789

00:33:46,150 --> 00:33:43,940

substantial we did capture something but

790

00:33:49,180 --> 00:33:46,160

it could have been it could have been a

791

00:33:50,200 --> 00:33:49,190

bat we could have been a bird but I wish

792

00:33:52,120 --> 00:33:50,210

I could have stayed there for a whole

793

00:33:54,430 --> 00:33:52,130

full week and gone to some of the areas

794

00:33:55,900 --> 00:33:54,440

where kid recommended because there's

795

00:33:58,540 --> 00:33:55,910

some interesting things going on there

796

00:34:00,490 --> 00:33:58,550

yeah well any excuse to go to Hawaii is

797

00:34:02,110 --> 00:34:00,500

not done anyway or absolutely

798

00:34:04,510 --> 00:34:02,120

now I'm gonna go probably again this

799

00:34:06,670 --> 00:34:04,520

year yeah yeah that's such a beautiful

800

00:34:10,330 --> 00:34:06,680

place now one of the people I've

801
00:34:12,610 --> 00:34:10,340
actually reached out to him before he

802
00:34:15,130 --> 00:34:12,620
said to try him again at some time is

803
00:34:17,740 --> 00:34:15,140
Dean and I don't know how to pronounce

804
00:34:19,770 --> 00:34:17,750
his last name goo leotis all right do it

805
00:34:21,820 --> 00:34:19,780
yeah yeah Dean yeah with the UFO theater

806
00:34:25,210 --> 00:34:21,830
yes

807
00:34:25,930 --> 00:34:25,220
he's a character the guys like we have

808
00:34:28,180 --> 00:34:25,940
him on the show

809
00:34:30,370 --> 00:34:28,190
can you explain to the audience exactly

810
00:34:32,919 --> 00:34:30,380
what he does and what's the name of his

811
00:34:36,370 --> 00:34:32,929
website again it's called UFO theater

812
00:34:38,260 --> 00:34:36,380
UFO theater yeah he's um he's got a

813
00:34:42,790 --> 00:34:38,270

background in a comedy to begin with

814

00:34:46,510 --> 00:34:42,800

yeah and his I guess his specialty or

815

00:34:51,370 --> 00:34:46,520

his experience that he has he's very

816

00:34:53,020 --> 00:34:51,380

very expert in CGI bottom line so what

817

00:34:57,070 --> 00:34:53,030

he's done he's got a real big passion

818

00:34:59,980 --> 00:34:57,080

for UFOs he sees a lot like you know 90%

819

00:35:02,710 --> 00:34:59,990

that's on YouTube is fake or hoaxes

820

00:35:04,720 --> 00:35:02,720

people are making money off it and four

821

00:35:07,480 --> 00:35:04,730

new people are coming on into into this

822

00:35:09,820 --> 00:35:07,490

community that want to see UFO for real

823

00:35:11,320 --> 00:35:09,830

they're really serious well you know you

824

00:35:13,390 --> 00:35:11,330

go to youtube and you see some great

825

00:35:15,070 --> 00:35:13,400

stuff and then you know it could look

826

00:35:18,460 --> 00:35:15,080

real that could be possibly real but you

827

00:35:21,400 --> 00:35:18,470

know it's fake so Dean has taken on this

828

00:35:22,810 --> 00:35:21,410

project to debunk a lot of these people

829

00:35:25,510 --> 00:35:22,820

and he's really got a passion to stop

830

00:35:28,840 --> 00:35:25,520

these people from putting all this BS on

831

00:35:31,720 --> 00:35:28,850

YouTube and he's an expert CGI so he can

832

00:35:34,030 --> 00:35:31,730

actually he's credible so if he says

833

00:35:36,090 --> 00:35:34,040

there's a video on the website or

834

00:35:39,010 --> 00:35:36,100

website they're you know promoting some

835

00:35:41,560 --> 00:35:39,020

UFO video that they captured in leukemia

836

00:35:45,460 --> 00:35:41,570

or something like that she'll know it's

837

00:35:48,040 --> 00:35:45,470

CGI right away yeah and so yeah yeah I

838

00:35:50,530 --> 00:35:48,050

think he's great to have but you know it

839

00:35:52,390 --> 00:35:50,540

doesn't really you know he can post his

840

00:35:54,570 --> 00:35:52,400

comment on YouTube but the the video

841

00:35:56,860 --> 00:35:54,580

still stays there which is unfortunate

842

00:35:58,840 --> 00:35:56,870

exactly but at least we're helping some

843

00:36:00,510 --> 00:35:58,850

of the people are coming into it to go

844

00:36:03,550 --> 00:36:00,520

guys don't listen to these people and

845

00:36:06,010 --> 00:36:03,560

really the majority are on YouTube are

846

00:36:10,840 --> 00:36:06,020

either misidentifications and I like

847

00:36:12,850 --> 00:36:10,850

bats birds you know bugs or satellites

848

00:36:15,910 --> 00:36:12,860

is a real big one and Chinese lanterns

849

00:36:16,570 --> 00:36:15,920

or or for hoax videos you know a lot of

850

00:36:18,280 --> 00:36:16,580

CGI

851
00:36:19,570 --> 00:36:18,290
and it's so easy to do it these days

852
00:36:21,580 --> 00:36:19,580
with the technology that we have

853
00:36:23,530 --> 00:36:21,590
available and people are getting away

854
00:36:26,770 --> 00:36:23,540
with it and some of them are making a

855
00:36:29,110 --> 00:36:26,780
lot of money I don't think that anyone

856
00:36:32,140 --> 00:36:29,120
and it's sad to even say how much money

857
00:36:33,730 --> 00:36:32,150
people are making because if I say how

858
00:36:35,150 --> 00:36:33,740
much they're maybe one may encourage

859
00:36:37,460 --> 00:36:35,160
more people

860
00:36:39,920 --> 00:36:37,470
do it but there there is one that has

861
00:36:42,290 --> 00:36:39,930
millions and millions of views and that

862
00:36:44,180 --> 00:36:42,300
adds up to several thousand dollars many

863
00:36:46,220 --> 00:36:44,190

thousands of dollars well at least is a

864

00:36:48,830 --> 00:36:46,230

couple and I got booted off YouTube for

865

00:36:50,090 --> 00:36:48,840

fake ads good and won't mention their

866

00:36:51,230 --> 00:36:50,100

names because I don't want people to go

867

00:36:53,060 --> 00:36:51,240

there because I gotta get more credit

868

00:36:55,760 --> 00:36:53,070

through quick baits it's what it's all

869

00:36:58,640 --> 00:36:55,770

about right there making a lot of money

870

00:37:00,200 --> 00:36:58,650

but he also has his own website now and

871

00:37:01,880 --> 00:37:00,210

he's doing some other projects where

872

00:37:03,770 --> 00:37:01,890

he's still making money on this but

873

00:37:05,840 --> 00:37:03,780

there's a huge crew of people I'm

874

00:37:07,940 --> 00:37:05,850

talking thousands of people that still

875

00:37:10,040 --> 00:37:07,950

believe in what he's doing that is real

876

00:37:11,540 --> 00:37:10,050

yeah and that's add and I'll go ahead

877

00:37:14,630 --> 00:37:11,550

and mention it but just tell people to

878

00:37:18,290 --> 00:37:14,640

stay away secure team ten and three and

879

00:37:20,780 --> 00:37:18,300

three what is it third phases yeah those

880

00:37:24,980 --> 00:37:20,790

are to two places if you happen to land

881

00:37:26,960 --> 00:37:24,990

on their channel run yeah I will say

882

00:37:30,050 --> 00:37:26,970

that there has been a couple of things

883

00:37:32,630 --> 00:37:30,060

on both of them that look you know like

884

00:37:35,810 --> 00:37:32,640

they may be something but for the most

885

00:37:38,690 --> 00:37:35,820

part it's CGI and and made-up stories

886

00:37:40,730 --> 00:37:38,700

and and you know they've been debunked

887

00:37:43,100 --> 00:37:40,740

in number of times well that when

888

00:37:45,380 --> 00:37:43,110

security team does a lot excuse me

889

00:37:47,150 --> 00:37:45,390

instead he grabs people's videos he

890

00:37:49,040 --> 00:37:47,160

asked people to send them videos and he

891

00:37:52,450 --> 00:37:49,050

knows that they're missing identified

892

00:37:55,670 --> 00:37:52,460

videos captures of Chinese lanterns or

893

00:37:59,510 --> 00:37:55,680

you know a satellite or the ISS and

894

00:38:01,160 --> 00:37:59,520

he'll use it flip it around and make a

895

00:38:03,950 --> 00:38:01,170

little storyline out of it then make it

896

00:38:05,660 --> 00:38:03,960

look like it was a UFO sighting yeah and

897

00:38:08,630 --> 00:38:05,670

that's what he does the best and makes

898

00:38:12,770 --> 00:38:08,640

up stories and they're all lies yeah and

899

00:38:15,260 --> 00:38:12,780

a lot of us really hate well you know

900

00:38:19,070 --> 00:38:15,270

like you just mentioned what happens is

901

00:38:22,130 --> 00:38:19,080

if someone is that like just say

902

00:38:25,700 --> 00:38:22,140

recently this Pentagon you know secret

903

00:38:28,130 --> 00:38:25,710

UFO you know big big news splash so now

904

00:38:30,290 --> 00:38:28,140

there's a ton of people out there that

905

00:38:32,720 --> 00:38:30,300

may have never had interest in it now

906

00:38:35,600 --> 00:38:32,730

they're starting to look so what happens

907

00:38:37,490 --> 00:38:35,610

is someone gets into this this happens

908

00:38:39,050 --> 00:38:37,500

and what I do for work too and that is

909

00:38:41,150 --> 00:38:39,060

you know fine arts and antiques if

910

00:38:43,910 --> 00:38:41,160

someone if someone buys a fake then they

911

00:38:46,340 --> 00:38:43,920

stop collecting because it burns them

912

00:38:47,990 --> 00:38:46,350

and it's the same way if someone is

913

00:38:49,070 --> 00:38:48,000

thinking wow you know this is a real

914

00:38:50,930 --> 00:38:49,080

video look at

915

00:38:52,490 --> 00:38:50,940

this UFO and then it's a fake they're

916

00:38:54,860 --> 00:38:52,500

gonna say yeah heck with that I'm not

917

00:38:57,260 --> 00:38:54,870

going to waste any more time you know I

918

00:39:00,650 --> 00:38:57,270

actually had someone that used to work

919

00:39:03,650 --> 00:39:00,660

for the government contact me about a

920

00:39:06,440 --> 00:39:03,660

couple of videos on YouTube and asked me

921

00:39:07,850 --> 00:39:06,450

my opinion of them and it ended up one

922

00:39:09,920 --> 00:39:07,860

of them was secure team 10

923

00:39:12,460 --> 00:39:09,930

and I said no stay away from those and

924

00:39:14,840 --> 00:39:12,470

this is uh this is someone that you know

925

00:39:18,050 --> 00:39:14,850

you know I probably shouldn't say any

926
00:39:21,200 --> 00:39:18,060
more but but it's someone that he's been

927
00:39:24,250 --> 00:39:21,210
in the news lately so oh really yeah

928
00:39:27,230 --> 00:39:24,260
yeah interesting yeah very interesting

929
00:39:29,210 --> 00:39:27,240
so yeah I know the one in particular I

930
00:39:32,090 --> 00:39:29,220
saw in your documentary is the one in

931
00:39:33,890 --> 00:39:32,100
hate Haiti I believe it is that CGI one

932
00:39:35,930 --> 00:39:33,900
had millions and millions I'm hoping

933
00:39:39,020 --> 00:39:35,940
that's the one that got booted off yeah

934
00:39:40,700 --> 00:39:39,030
yeah a lot of them have but still they

935
00:39:42,800 --> 00:39:40,710
still get the attention it's still

936
00:39:45,290 --> 00:39:42,810
flowing around social media and people

937
00:39:47,870 --> 00:39:45,300
are still believing in it and I think

938
00:39:49,940 --> 00:39:47,880

it's a lot when people I think the they

939

00:39:52,520 --> 00:39:49,950

believe in it too the fact that you know

940

00:39:55,160 --> 00:39:52,530

the possibility then they want to watch

941

00:39:56,810 --> 00:39:55,170

it but inside they know it's not real

942

00:39:59,000 --> 00:39:56,820

because it could be some fear base there

943

00:40:01,670 --> 00:39:59,010

as well so when they go see some of my

944

00:40:02,960 --> 00:40:01,680

stuff they know it's really real it's a

945

00:40:05,150 --> 00:40:02,970

real thing this is a real phenomenon

946

00:40:07,310 --> 00:40:05,160

this I don't know what they are could be

947

00:40:08,900 --> 00:40:07,320

ailing it could be something else well

948

00:40:11,750 --> 00:40:08,910

people will go to it and go well that's

949

00:40:13,400 --> 00:40:11,760

not a UFO it's not got a hat on and it's

950

00:40:15,380 --> 00:40:13,410

not spinning it's not gray it's not a

951
00:40:17,030 --> 00:40:15,390
triangle with lights and there's no

952
00:40:19,250 --> 00:40:17,040
windows in there with little grey aliens

953
00:40:22,010 --> 00:40:19,260
doing this right so they get bored

954
00:40:23,870 --> 00:40:22,020
really fast and obviously it if it is

955
00:40:25,760 --> 00:40:23,880
real well that's close to coming close

956
00:40:27,890 --> 00:40:25,770
to the people's buildings in there and

957
00:40:30,380 --> 00:40:27,900
their windows that's fear-based I don't

958
00:40:32,270 --> 00:40:30,390
want to watch this I can't be true so

959
00:40:35,960 --> 00:40:32,280
there's two reasons for why people don't

960
00:40:38,330 --> 00:40:35,970
like to see the real thing yeah yeah we

961
00:40:42,170 --> 00:40:38,340
have up on the video and on YouTube

962
00:40:43,910 --> 00:40:42,180
right now is the orange orb now which i

963
00:40:47,690 --> 00:40:43,920

think is a fascinating video that you

964

00:40:50,840 --> 00:40:47,700

took yeah I think it's 2016 maybe you

965

00:40:52,130 --> 00:40:50,850

took a 2016 yeah so can you talk about

966

00:40:54,440 --> 00:40:52,140

that one in particular

967

00:40:58,250 --> 00:40:54,450

yeah look at like I do every night I

968

00:40:59,930 --> 00:40:58,260

scan the skies Ill appear in my

969

00:41:02,210 --> 00:40:59,940

apartment that I'm on the 21st floor or

970

00:41:03,109 --> 00:41:02,220

looking downtown Vancouver and in the

971

00:41:04,759 --> 00:41:03,119

north side West

972

00:41:07,609 --> 00:41:04,769

northwest side or southwest side and I

973

00:41:10,519 --> 00:41:07,619

have debate the ocean is right there

974

00:41:13,910 --> 00:41:10,529

so I usually scan from south to north

975

00:41:16,789 --> 00:41:13,920

and I do that regularly and I just feel

976
00:41:18,230 --> 00:41:16,799
like I spice like a pie you know I take

977
00:41:20,359 --> 00:41:18,240
pieces of this guy so I've been just

978
00:41:21,980 --> 00:41:20,369
doing my natural scan there you know did

979
00:41:24,730 --> 00:41:21,990
about five minutes into my scan and they

980
00:41:28,400 --> 00:41:24,740
saw these two orange orbs coming in

981
00:41:30,019 --> 00:41:28,410
immediately you know I they were out of

982
00:41:32,569 --> 00:41:30,029
focus right away they could be right

983
00:41:34,579 --> 00:41:32,579
away maybe a bird could be a bat could

984
00:41:37,970 --> 00:41:34,589
even be a moth close up from 20 feet

985
00:41:40,640 --> 00:41:37,980
away but I resolved it once I resolved

986
00:41:42,970 --> 00:41:40,650
it I knew this was a sphere I resulted

987
00:41:47,450 --> 00:41:42,980
it was completely perfectly circle and

988
00:41:49,549 --> 00:41:47,460

ORS are circle completely round and it

989

00:41:51,529 --> 00:41:49,559

was translucent and they were moving

990

00:41:52,940 --> 00:41:51,539

with a tent and there was no wind at all

991

00:41:54,410 --> 00:41:52,950

and they were coming in from the top

992

00:41:57,380 --> 00:41:54,420

from about 80 degrees above the horizon

993

00:41:59,900 --> 00:41:57,390

and they're settling down and then they

994

00:42:01,309 --> 00:41:59,910

started coming from straight up coming

995

00:42:03,620 --> 00:42:01,319

in from the south and going towards the

996

00:42:05,930 --> 00:42:03,630

north north northeast and then they

997

00:42:08,569 --> 00:42:05,940

circled around and there's no wind I'm

998

00:42:10,609 --> 00:42:08,579

on the 21st floor I did one of these and

999

00:42:12,950 --> 00:42:10,619

feel any wind at all and this thing

1000

00:42:14,720 --> 00:42:12,960

changed direction four times now look if

1001

00:42:17,569 --> 00:42:14,730

there was a wind current was higher up

1002

00:42:20,059 --> 00:42:17,579

if a balloon or a piece of paper or

1003

00:42:24,650 --> 00:42:20,069

garbage it would switch around like this

1004

00:42:28,220 --> 00:42:24,660

right it would flow nicely stop midair

1005

00:42:30,650 --> 00:42:28,230

turn around to a complete circle and it

1006

00:42:32,329 --> 00:42:30,660

went towards where they're building new

1007

00:42:35,569 --> 00:42:32,339

condominiums about three hundred meters

1008

00:42:37,970 --> 00:42:35,579

from me so I kept on filming it and it

1009

00:42:41,329 --> 00:42:37,980

got closer to the condominiums apartment

1010

00:42:43,339 --> 00:42:41,339

complexes so the the Kahneman's windows

1011

00:42:45,650 --> 00:42:43,349

and there's a lot of light there's

1012

00:42:48,440 --> 00:42:45,660

actually lights on the crane and it

1013

00:42:51,170 --> 00:42:48,450

wasn't radiating that light on to this

1014

00:42:55,130 --> 00:42:51,180

object so right away you know that's not

1015

00:42:57,109 --> 00:42:55,140

a man made of matter at all it was it

1016

00:42:59,809 --> 00:42:57,119

wasn't a piece of garbage it wasn't a

1017

00:43:01,549 --> 00:42:59,819

bird wasn't an insect or anything

1018

00:43:04,220 --> 00:43:01,559

officer was an insect because it was at

1019

00:43:06,440 --> 00:43:04,230

least the size of a basketball and the

1020

00:43:08,289 --> 00:43:06,450

fact it was translucent on the raw video

1021

00:43:11,089 --> 00:43:08,299

footage you can't really tell on YouTube

1022

00:43:12,410 --> 00:43:11,099

you can actually see Cometh plasma you

1023

00:43:13,670 --> 00:43:12,420

know those plasma little balls that you

1024

00:43:15,320 --> 00:43:13,680

play with there and you put your hand on

1025

00:43:16,820 --> 00:43:15,330

it it's just plasma and it was

1026

00:43:19,400 --> 00:43:16,830

moving around like that it's really

1027

00:43:22,180 --> 00:43:19,410

amazing when you zoom in on it on the

1028

00:43:24,710 --> 00:43:22,190

raw video footage it's made of plasma

1029

00:43:28,160 --> 00:43:24,720

best thing that really had ruled out

1030

00:43:30,680 --> 00:43:28,170

anything else other than a UFO is that I

1031

00:43:33,740 --> 00:43:30,690

had a thermal on it and just before

1032

00:43:35,570 --> 00:43:33,750

capturing them on video I had a bird go

1033

00:43:37,640 --> 00:43:35,580

by my thermal camera and you can see a

1034

00:43:39,230 --> 00:43:37,650

little white object go by and the birds

1035

00:43:41,150 --> 00:43:39,240

that come around here even the bats

1036

00:43:42,680 --> 00:43:41,160

they're only about this big of finches

1037

00:43:46,010 --> 00:43:42,690

and baths are only about three or four

1038

00:43:47,800 --> 00:43:46,020

inches long so this object was at least

1039

00:43:50,300 --> 00:43:47,810

the size of a volleyball basketball

1040

00:43:53,150 --> 00:43:50,310

because I had to focus in on it so it

1041

00:43:54,680 --> 00:43:53,160

was within a hundred feet so I know my

1042

00:43:56,270 --> 00:43:54,690

camera's very well I know my skies to

1043

00:43:58,190 --> 00:43:56,280

know my environment so I can make that

1044

00:44:01,070 --> 00:43:58,200

judgment right away so immediately I

1045

00:44:03,710 --> 00:44:01,080

knew it was an orb a sphere and because

1046

00:44:06,020 --> 00:44:03,720

it did not get picked up on thermal it

1047

00:44:08,740 --> 00:44:06,030

must have been made by light it was a

1048

00:44:11,330 --> 00:44:08,750

light anomaly so light plasma is light

1049

00:44:13,670 --> 00:44:11,340

there's no heat or cold ferment unless

1050

00:44:16,340 --> 00:44:13,680

the the heat signature or the cold

1051
00:44:18,350 --> 00:44:16,350
signature was exactly as the background

1052
00:44:20,000 --> 00:44:18,360
temperature of the sky that's how the

1053
00:44:22,370 --> 00:44:20,010
only way would be hidden from the

1054
00:44:24,560 --> 00:44:22,380
background of the sky but I hadn't

1055
00:44:26,690 --> 00:44:24,570
zoomed in behind you know there was a

1056
00:44:28,310 --> 00:44:26,700
building behind it and everything but I

1057
00:44:30,860 --> 00:44:28,320
still could not resolve it on thermal

1058
00:44:32,720 --> 00:44:30,870
which means it was light it was a plasma

1059
00:44:34,970 --> 00:44:32,730
ball husband ball that was running

1060
00:44:38,180 --> 00:44:34,980
around with intense it was intelligent

1061
00:44:42,560 --> 00:44:38,190
yeah no I saw I saw a picture of you and

1062
00:44:45,800 --> 00:44:42,570
Erica Luc's and Erica was doing a lot of

1063
00:44:47,390 --> 00:44:45,810

research on the orange orbs yeah what

1064

00:44:49,700 --> 00:44:47,400

you did you show her that particular

1065

00:44:53,030 --> 00:44:49,710

video no I didn't capture it at that

1066

00:44:56,150 --> 00:44:53,040

time that was a 2016 I met her in 2015

1067

00:44:57,790 --> 00:44:56,160

during the making of my film but I

1068

00:45:00,050 --> 00:44:57,800

showed her ever orange orbs I do have

1069

00:45:01,610 --> 00:45:00,060

which I have some on YouTube and I have

1070

00:45:03,800 --> 00:45:01,620

some of my computer right here and I

1071

00:45:05,090 --> 00:45:03,810

think I may have some on my documentary

1072

00:45:07,070 --> 00:45:05,100

I'm not sure if there's another orange

1073

00:45:08,450 --> 00:45:07,080

orb there I have a few other ones there

1074

00:45:11,630 --> 00:45:08,460

on the documentary that weren't orange

1075

00:45:13,460 --> 00:45:11,640

but there's just as significant this one

1076
00:45:15,220 --> 00:45:13,470
was not put in the documentary because

1077
00:45:20,390 --> 00:45:15,230
it was just recently captured last year

1078
00:45:23,630 --> 00:45:20,400
obviously I was at 16 right right so as

1079
00:45:27,560 --> 00:45:23,640
far as when you made that when you made

1080
00:45:28,910 --> 00:45:27,570
that video you had you had a lot of help

1081
00:45:30,650 --> 00:45:28,920
obviously did was her

1082
00:45:34,100 --> 00:45:30,660
like a storyline and you just kind of

1083
00:45:35,690 --> 00:45:34,110
went by that or yeah yeah and then and

1084
00:45:38,570 --> 00:45:35,700
these videos were edited it's a

1085
00:45:40,940 --> 00:45:38,580
beautiful job whoever did to our Don

1086
00:45:44,830 --> 00:45:40,950
West productions her name is Fredrik

1087
00:45:46,850 --> 00:45:44,840
Remy she's the producer director of I

1088
00:45:49,580 --> 00:45:46,860

co-produced it and she was a director

1089

00:45:51,590 --> 00:45:49,590

for the for the video for the film she's

1090

00:45:53,480 --> 00:45:51,600

got a lot of experience she's done some

1091

00:45:56,150 --> 00:45:53,490

great work she's doing two or three more

1092

00:45:57,530 --> 00:45:56,160

documentaries right now she's originally

1093

00:46:00,770 --> 00:45:57,540

from France but she's not a Canadian

1094

00:46:02,690 --> 00:46:00,780

citizen here in Vancouver so she has

1095

00:46:04,640 --> 00:46:02,700

passion for UFOs as well and she fell me

1096

00:46:06,800 --> 00:46:04,650

on YouTube and she gave me a call I said

1097

00:46:09,110 --> 00:46:06,810

sure so we did story my story so she

1098

00:46:11,120 --> 00:46:09,120

wrote up the script while we did the

1099

00:46:13,340 --> 00:46:11,130

script together and this is how we're

1100

00:46:14,870 --> 00:46:13,350

gonna do it and then she directed the

1101

00:46:16,670 --> 00:46:14,880

film and of course I called producer

1102

00:46:17,270 --> 00:46:16,680

though as well so it was really fun we

1103

00:46:20,420 --> 00:46:17,280

had a blast

1104

00:46:22,610 --> 00:46:20,430

offensive yeah yes it was worth it yeah

1105

00:46:24,380 --> 00:46:22,620

definitely worth it and a lot of people

1106

00:46:25,970 --> 00:46:24,390

have out you know you're charging five

1107

00:46:27,680 --> 00:46:25,980

dollars to watch it I've watched it

1108

00:46:30,830 --> 00:46:27,690

twice and it was money well well worth

1109

00:46:34,070 --> 00:46:30,840

spent and I know that the thing that

1110

00:46:35,440 --> 00:46:34,080

most people don't get out there is they

1111

00:46:42,910 --> 00:46:35,450

think that you're making a lot of money

1112

00:46:49,340 --> 00:46:46,490

it happens it has to be a passion thing

1113

00:46:52,190 --> 00:46:49,350

or you know yeah that's why I want to do

1114

00:46:56,210 --> 00:46:52,200

it you know we both put somewhere our

1115

00:46:58,910 --> 00:46:56,220

money in it and it's something that she

1116

00:47:00,560 --> 00:46:58,920

want to do for her own reasons and

1117

00:47:03,490 --> 00:47:00,570

because he has a passion for UFOs as

1118

00:47:06,410 --> 00:47:03,500

well and she learned a lot with me and

1119

00:47:10,070 --> 00:47:06,420

we got to see a lot of great countryside

1120

00:47:12,070 --> 00:47:10,080

you know in Canada u.s. Hawaii and some

1121

00:47:15,560 --> 00:47:12,080

opportunities to see UFOs and gone to a

1122

00:47:17,300 --> 00:47:15,570

conference as well but it was a great

1123

00:47:18,800 --> 00:47:17,310

experience but the story I want the

1124

00:47:21,140 --> 00:47:18,810

story told I want people to learn from

1125

00:47:24,140 --> 00:47:21,150

that and what people say that yes this

1126
00:47:26,600 --> 00:47:24,150
does exist this is not a YouTube video

1127
00:47:28,640 --> 00:47:26,610
from security more third phase of moon

1128
00:47:31,160 --> 00:47:28,650
that they're hoaxing a bunch of stuff

1129
00:47:32,930 --> 00:47:31,170
these are real things in our skies and I

1130
00:47:35,180 --> 00:47:32,940
even after that I created a website

1131
00:47:37,940 --> 00:47:35,190
called static 8 films you know the

1132
00:47:39,560 --> 00:47:37,950
number 8 like the infinity 8 where I'm

1133
00:47:42,289 --> 00:47:39,570
gonna be putting a lot of educational

1134
00:47:45,259 --> 00:47:42,299
videos how to video

1135
00:47:47,359 --> 00:47:45,269
Falls because anybody can it's just not

1136
00:47:49,400 --> 00:47:47,369
really that's really great to know

1137
00:47:51,679 --> 00:47:49,410
that's really that's gonna be great

1138
00:47:53,029 --> 00:47:51,689

information and I'd appreciate if you

1139

00:47:55,400 --> 00:47:53,039

let me know when that's up and going

1140

00:47:56,900 --> 00:47:55,410

because I will I will put that and I

1141

00:47:59,269 --> 00:47:56,910

will link that to my website

1142

00:48:01,009 --> 00:47:59,279

now what about daytime sightings I know

1143

00:48:03,529 --> 00:48:01,019

you have all that great nighttime vision

1144

00:48:05,749 --> 00:48:03,539

and all that but have you ever had any

1145

00:48:08,689 --> 00:48:05,759

daytime sightings I think I was out

1146

00:48:10,910 --> 00:48:08,699

think I've had one but it's very

1147

00:48:13,819 --> 00:48:10,920

difficult daytime is very specific it's

1148

00:48:17,179 --> 00:48:13,829

very different from nighttime you use

1149

00:48:19,999 --> 00:48:17,189

infrared as well in daytime with using

1150

00:48:24,979 --> 00:48:20,009

ND filters on a HD camera that has

1151

00:48:26,599 --> 00:48:24,989

infrared or the IR filter or the IR

1152

00:48:29,089 --> 00:48:26,609

block filter removed right so I have a

1153

00:48:30,679 --> 00:48:29,099

Canon X 810 that has actually night

1154

00:48:33,259 --> 00:48:30,689

vision you just click it on and off but

1155

00:48:35,269 --> 00:48:33,269

you got to put really strong ND filters

1156

00:48:37,209 --> 00:48:35,279

on it because otherwise it'll be all

1157

00:48:40,279 --> 00:48:37,219

just white right because it's daytime

1158

00:48:42,829 --> 00:48:40,289

but because of night vision or infrared

1159

00:48:46,759 --> 00:48:42,839

in the daytime there's a lot of things

1160

00:48:48,829 --> 00:48:46,769

in the skies from depending on time of

1161

00:48:52,519 --> 00:48:48,839

the year you get a lot of flying seeds

1162

00:48:55,609 --> 00:48:52,529

you get balloons you get garbage paper

1163

00:48:57,859 --> 00:48:55,619

or anything else bags I mean bags fly

1164

00:48:59,989 --> 00:48:57,869

around oh gosh anything that you would

1165

00:49:02,749 --> 00:48:59,999

not even see with the naked eye infrared

1166

00:49:04,699 --> 00:49:02,759

in the daytime will pick it up and it'll

1167

00:49:09,890 --> 00:49:04,709

really shine and brighten up if you have

1168

00:49:12,380 --> 00:49:09,900

really sensitive our camera so and you

1169

00:49:14,929 --> 00:49:12,390

know mylar balloons will really reflect

1170

00:49:16,729 --> 00:49:14,939

off a lot of the Sun and they will look

1171

00:49:19,279 --> 00:49:16,739

like UFOs a lot of people still do

1172

00:49:21,109 --> 00:49:19,289

daytime and they capture objects and I

1173

00:49:24,069 --> 00:49:21,119

can't save one way or another if it's a

1174

00:49:26,509 --> 00:49:24,079

UFO or not I I've got to learn now

1175

00:49:28,219 --> 00:49:26,519

behavior of the objects as more

1176

00:49:30,979 --> 00:49:28,229

important the actual object itself

1177

00:49:33,679 --> 00:49:30,989

because a lot of them actually can mimic

1178

00:49:34,999 --> 00:49:33,689

a you afford or and think the majority

1179

00:49:36,769 --> 00:49:35,009

of the sightings that we're seeing in

1180

00:49:40,219 --> 00:49:36,779

infrared anyways are these lights in the

1181

00:49:42,349 --> 00:49:40,229

sky they're not necessarily triangle

1182

00:49:43,759 --> 00:49:42,359

shapes or saucers even though they've

1183

00:49:45,620 --> 00:49:43,769

been reported with the naked eye all

1184

00:49:47,599 --> 00:49:45,630

around the world I've never seen one

1185

00:49:48,219 --> 00:49:47,609

except for one we talk about that later

1186

00:49:51,469 --> 00:49:48,229

if you like

1187

00:49:54,410 --> 00:49:51,479

welcome now one of the things I want to

1188

00:49:56,210 --> 00:49:54,420

talk about the heat signature now when

1189

00:49:58,220 --> 00:49:56,220

you see a heat signature in

1190

00:49:59,930 --> 00:49:58,230

the sky one of the things I was thinking

1191

00:50:03,890 --> 00:49:59,940

about and just correct me if I'm wrong

1192

00:50:06,170 --> 00:50:03,900

but if you have say a grouping of

1193

00:50:08,359 --> 00:50:06,180

balloons on the ground and then you

1194

00:50:10,520 --> 00:50:08,369

release them well isn't the temperature

1195

00:50:12,680 --> 00:50:10,530

on the ground a lot warmer than it is

1196

00:50:13,970 --> 00:50:12,690

when it gets an upper in the upper air

1197

00:50:16,310 --> 00:50:13,980

and so it would show a heat signature

1198

00:50:19,150 --> 00:50:16,320

yeah exactly and will show a heat

1199

00:50:22,400 --> 00:50:19,160

signature because the the balloon itself

1200

00:50:25,730 --> 00:50:22,410

is relatively warm it's room temperature

1201
00:50:27,589 --> 00:50:25,740
right just it's anything that's you know

1202
00:50:30,290 --> 00:50:27,599
not heated up artificially heated up or

1203
00:50:32,420 --> 00:50:30,300
cold it's it's gonna be around you know

1204
00:50:33,740 --> 00:50:32,430
90 degrees in I seven degrees but

1205
00:50:35,960 --> 00:50:33,750
whatever the temperature outside could

1206
00:50:38,450 --> 00:50:35,970
be 72 degrees Fahrenheit I'm using

1207
00:50:41,480 --> 00:50:38,460
Fahrenheit but the background sky is a

1208
00:50:44,599 --> 00:50:41,490
lot cooler so if you're using it a

1209
00:50:46,700 --> 00:50:44,609
thermal device if it's only black for

1210
00:50:48,920 --> 00:50:46,710
black hot or white for white hot and

1211
00:50:52,160 --> 00:50:48,930
you're not using a color palette it will

1212
00:50:54,170 --> 00:50:52,170
look like it's hot like wow that's hot

1213
00:50:56,330 --> 00:50:54,180

signature that's gonna be hot it's hot

1214

00:50:58,910 --> 00:50:56,340

but no it's just me and it's warmer than

1215

00:51:02,570 --> 00:50:58,920

the background of the sky or whatever it

1216

00:51:04,310 --> 00:51:02,580

is it's behind so a sky on average in

1217

00:51:06,680 --> 00:51:04,320

the summer time depending of course the

1218

00:51:08,180 --> 00:51:06,690

type of thermal device you have I have a

1219

00:51:10,430 --> 00:51:08,190

little ones called the therm app it's

1220

00:51:12,560 --> 00:51:10,440

pretty good sensor but you know the

1221

00:51:15,170 --> 00:51:12,570

Reach's you know probably two maybe a

1222

00:51:18,050 --> 00:51:15,180

mile or a half a mile up in the sky it's

1223

00:51:20,720 --> 00:51:18,060

a minus ten degrees Celsius so the

1224

00:51:22,280 --> 00:51:20,730

balloon is referring to the background

1225

00:51:24,470 --> 00:51:22,290

temperature of minus 10 so of course

1226

00:51:26,660 --> 00:51:24,480

it's going to be black hot I didn't know

1227

00:51:28,250 --> 00:51:26,670

that when I first did it like oh my god

1228

00:51:30,290 --> 00:51:28,260

there's a UFO it's like it's black hi

1229

00:51:33,620 --> 00:51:30,300

Scotty hot is young but no it's just a

1230

00:51:34,970 --> 00:51:33,630

balloon great literature so it's you

1231

00:51:37,940 --> 00:51:34,980

have to use a color palette then you can

1232

00:51:39,680 --> 00:51:37,950

get the real temperature on it I see now

1233

00:51:42,349 --> 00:51:39,690

what about I heard you mentioned

1234

00:51:44,599 --> 00:51:42,359

distance a couple of times and that is

1235

00:51:47,240 --> 00:51:44,609

something that is very difficult to

1236

00:51:49,730 --> 00:51:47,250

judge generally speaking unless this

1237

00:51:51,760 --> 00:51:49,740

triangulation so how do how are you

1238

00:51:54,200 --> 00:51:51,770

coming up with those advances

1239

00:51:56,359 --> 00:51:54,210

specifically for me I use range finders

1240

00:51:58,490 --> 00:51:56,369

I got a range finder I know my

1241

00:52:00,829 --> 00:51:58,500

environment from the buildings the only

1242

00:52:01,940 --> 00:52:00,839

time is very difficult when it's

1243

00:52:04,700 --> 00:52:01,950

straight up in the sky and I got no

1244

00:52:06,530 --> 00:52:04,710

reference Melissa's overhead by the

1245

00:52:08,660 --> 00:52:06,540

clouds up in the clouds and I could

1246

00:52:09,120 --> 00:52:08,670

check where the coverages on you know

1247

00:52:14,670 --> 00:52:09,130

weather

1248

00:52:17,940 --> 00:52:14,680

rangefinders I know the buildings around

1249

00:52:20,400 --> 00:52:17,950

me and specifically my my Luna optics

1250

00:52:23,670 --> 00:52:20,410

digital night vision that I have and I

1251
00:52:25,350 --> 00:52:23,680
used predominantly because I am around a

1252
00:52:28,710 --> 00:52:25,360
lot of light pollution if I use the

1253
00:52:31,590 --> 00:52:28,720
generation 3 which I'd love to have it

1254
00:52:33,030 --> 00:52:31,600
be too strong for the city because you'd

1255
00:52:34,980 --> 00:52:33,040
be given a lot of people air everywhere

1256
00:52:37,230 --> 00:52:34,990
because of the light pollution but with

1257
00:52:39,270 --> 00:52:37,240
a digital night vision it's made it's

1258
00:52:41,520 --> 00:52:39,280
got it's automatic gain you won't get

1259
00:52:43,290 --> 00:52:41,530
those big glows right the big flashes of

1260
00:52:45,120 --> 00:52:43,300
light even though sometimes it does with

1261
00:52:47,040 --> 00:52:45,130
bright lights you can still use those

1262
00:52:50,190 --> 00:52:47,050
night vision devices in the daytime so

1263
00:52:52,680 --> 00:52:50,200

that's what's beautiful about it I know

1264

00:52:54,210 --> 00:52:52,690

with this device I have it's a 40

1265

00:52:56,880 --> 00:52:54,220

millimeter lens on it

1266

00:52:59,520 --> 00:52:56,890

if I have to focus in and on an object

1267

00:53:02,310 --> 00:52:59,530

if it's a first of all if it's if it's

1268

00:53:05,430 --> 00:53:02,320

blurred and I'm zooming in on it I know

1269

00:53:07,200 --> 00:53:05,440

it's within 100 feet and if I have to

1270

00:53:09,210 --> 00:53:07,210

focus in on it because the Infinity on

1271

00:53:13,830 --> 00:53:09,220

that camera that I have is a hundred

1272

00:53:16,500 --> 00:53:13,840

feet plus anything within 100 feet if

1273

00:53:18,750 --> 00:53:16,510

it's if it's if it's blurry it's within

1274

00:53:20,190 --> 00:53:18,760

100 feet of me so that's the closest I

1275

00:53:22,260 --> 00:53:20,200

can get and of course depending on the

1276
00:53:24,690 --> 00:53:22,270
buildings around I can get pretty close

1277
00:53:26,430 --> 00:53:24,700
to you know how far it is from me and a

1278
00:53:29,310 --> 00:53:26,440
lot of my objects believe it or not are

1279
00:53:31,380 --> 00:53:29,320
within 100 to 300 feet from me except

1280
00:53:34,520 --> 00:53:31,390
for the high-flying ones that eject

1281
00:53:36,660 --> 00:53:34,530
objects it could be as high as it as the

1282
00:53:39,860 --> 00:53:36,670
as a plane so it could be thirty

1283
00:53:43,170 --> 00:53:39,870
thousand feet up I have no idea and I

1284
00:53:45,150 --> 00:53:43,180
what about where you live are there

1285
00:53:48,110 --> 00:53:45,160
other people reporting sightings there

1286
00:53:51,420 --> 00:53:48,120
or is it just what there are okay yeah

1287
00:53:55,440 --> 00:53:51,430
that's great you brought this up I had a

1288
00:53:57,390 --> 00:53:55,450

sighting back in 2015 it's on MUFON I

1289

00:54:00,030 --> 00:53:57,400

have it somewhere I'd have to send it to

1290

00:54:04,350 --> 00:54:00,040

you and I had no idea about this person

1291

00:54:07,410 --> 00:54:04,360

about 2015 or 2013 I can't remember I

1292

00:54:09,720 --> 00:54:07,420

had a laser I had a laser as an infrared

1293

00:54:11,220 --> 00:54:09,730

laser and I was playing around with an

1294

00:54:12,630 --> 00:54:11,230

orb one night and this is an infrared

1295

00:54:14,430 --> 00:54:12,640

laser you can't see with the naked eye

1296

00:54:16,170 --> 00:54:14,440

but I was getting frustrated because

1297

00:54:20,160 --> 00:54:16,180

they were coming around my balcony a lot

1298

00:54:22,050 --> 00:54:20,170

in 2012-2013 but they would come very

1299

00:54:22,279 --> 00:54:22,060

close to me and they would stop and tell

1300

00:54:23,779 --> 00:54:22,289

me

1301

00:54:25,519 --> 00:54:23,789

who they are what they are I was getting

1302

00:54:27,559 --> 00:54:25,529

frustrated but there's one dose coming

1303

00:54:28,969 --> 00:54:27,569

around and I have my laser out and I was

1304

00:54:31,429 --> 00:54:28,979

playing with it and I hit it with the

1305

00:54:33,469 --> 00:54:31,439

laser and it flared up it would come up

1306

00:54:34,999 --> 00:54:33,479

to the size of a beach ball and then it

1307

00:54:37,159 --> 00:54:35,009

was just a point of light on my night

1308

00:54:38,870 --> 00:54:37,169

vision it was just a speck so I thought

1309

00:54:40,339 --> 00:54:38,880

it was really small but it was actually

1310

00:54:43,249 --> 00:54:40,349

a size of the beach ball when the laser

1311

00:54:45,469 --> 00:54:43,259

hit it and I did that I lost it it took

1312

00:54:47,120 --> 00:54:45,479

off I guess I scared it I don't know so

1313

00:54:50,719 --> 00:54:47,130

I was packing in my cameras five minutes

1314

00:54:53,449 --> 00:54:50,729

later this is three large orange amber

1315

00:54:55,759 --> 00:54:53,459

spheres I just popped up over the

1316

00:54:57,529 --> 00:54:55,769

Granville Street bridge I don't know

1317

00:54:59,719 --> 00:54:57,539

over a thousand feet maybe because it

1318

00:55:02,509 --> 00:54:59,729

felt like they were mere that I can see

1319

00:55:05,539 --> 00:55:02,519

almost detail but it was I could see it

1320

00:55:08,150 --> 00:55:05,549

it was a craft but it was plasma it was

1321

00:55:11,029 --> 00:55:08,160

like plasma but it was darker ever

1322

00:55:13,789 --> 00:55:11,039

orange Bert orange a tree the size of

1323

00:55:16,819 --> 00:55:13,799

cars and they just blinked up and

1324

00:55:18,499 --> 00:55:16,829

they're moving towards me I ran into my

1325

00:55:20,630 --> 00:55:18,509

balcony from my balcony into my house

1326
00:55:23,449 --> 00:55:20,640
that's all scared of God because it was

1327
00:55:25,729 --> 00:55:23,459
so large and I thought okay I got one of

1328
00:55:27,289 --> 00:55:25,739
those oars pissed off I don't know so I

1329
00:55:29,359 --> 00:55:27,299
closed my blinds and I'm peeking through

1330
00:55:31,489 --> 00:55:29,369
the blinds at these three large orange

1331
00:55:34,759 --> 00:55:31,499
objects coming towards me and then one

1332
00:55:37,039 --> 00:55:34,769
blinked off one at a time so lasted

1333
00:55:38,599 --> 00:55:37,049
about 10 12 seconds so the first one

1334
00:55:40,489 --> 00:55:38,609
blinked out the second one kept on

1335
00:55:42,140 --> 00:55:40,499
moving towards me it blinked out the

1336
00:55:44,059 --> 00:55:42,150
third one came towards me and blinged

1337
00:55:45,949 --> 00:55:44,069
out so then I went back in my balcony

1338
00:55:47,329 --> 00:55:45,959

grabbed my night vision sheets are still

1339

00:55:51,769 --> 00:55:47,339

around and they weren't they're all gone

1340

00:55:54,319 --> 00:55:51,779

so just recently about two months ago

1341

00:55:56,630 --> 00:55:54,329

someone contacted me found my facebook

1342

00:55:58,609 --> 00:55:56,640

grew up a page mend my youtube channel

1343

00:56:02,199 --> 00:55:58,619

my email sent me an email

1344

00:56:05,299 --> 00:56:02,209

Charles I just saw your video and you're

1345

00:56:07,399 --> 00:56:05,309

I had to actually have another interview

1346

00:56:09,890 --> 00:56:07,409

and I explained this situation before

1347

00:56:12,949 --> 00:56:09,900

she had seen it she was I saw the same

1348

00:56:14,989 --> 00:56:12,959

three orange spheres I was right

1349

00:56:17,299 --> 00:56:14,999

underneath it on Granville Island I was

1350

00:56:20,179 --> 00:56:17,309

rollerblading and I took a break and I

1351

00:56:22,819 --> 00:56:20,189

saw it she even sent the photo to not

1352

00:56:24,949 --> 00:56:22,829

afford about am someone did a nice

1353

00:56:27,109 --> 00:56:24,959

actually representation painting of it

1354

00:56:29,749 --> 00:56:27,119

and sent it to MUFON and so if you go to

1355

00:56:31,219 --> 00:56:29,759

the MUFON back and I I have to give you

1356

00:56:34,099 --> 00:56:31,229

the dates the exact dates

1357

00:56:36,170 --> 00:56:34,109

there's my report and her report side by

1358

00:56:38,720 --> 00:56:36,180

side and there are only off by

1359

00:56:41,210 --> 00:56:38,730

one day what I did is when I posted my

1360

00:56:42,500 --> 00:56:41,220

UFO video of the orcs that was playing

1361

00:56:45,500 --> 00:56:42,510

around for laser it was the same night

1362

00:56:48,109 --> 00:56:45,510

but I posted the night I made the video

1363

00:56:49,940 --> 00:56:48,119

but I had Patrick the night before you

1364

00:56:52,700 --> 00:56:49,950

know the only difference is the date but

1365

00:56:54,920 --> 00:56:52,710

the minutes were almost identical so you

1366

00:56:56,720 --> 00:56:54,930

know is valid it was a valid signing

1367

00:56:58,640 --> 00:56:56,730

she's seeing the same thing but she was

1368

00:57:00,920 --> 00:56:58,650

right underneath it and what she saw she

1369

00:57:04,130 --> 00:57:00,930

saw these three authors not disappear

1370

00:57:06,620 --> 00:57:04,140

but come down really fast from up there

1371

00:57:08,660 --> 00:57:06,630

and come close to where she was at about

1372

00:57:10,309 --> 00:57:08,670

two storey building and she said there

1373

00:57:13,099 --> 00:57:10,319

were size of a cars through evil and

1374

00:57:14,240 --> 00:57:13,109

then they cleaned oh so I don't think

1375

00:57:16,460 --> 00:57:14,250

they really blinked out I think they

1376

00:57:18,849 --> 00:57:16,470

went so fast I didn't notice it well I

1377

00:57:21,470 --> 00:57:18,859

was hiding behind a blind first of all

1378

00:57:23,630 --> 00:57:21,480

well there's a lot of people speculating

1379

00:57:25,670 --> 00:57:23,640

about that whole thing you know the

1380

00:57:28,190 --> 00:57:25,680

wooden they things do seem to blink out

1381

00:57:30,410 --> 00:57:28,200

or just absolutely vanish instantly and

1382

00:57:32,210 --> 00:57:30,420

sometimes come back you know a lot of

1383

00:57:34,730 --> 00:57:32,220

people are speculating about that you

1384

00:57:36,680 --> 00:57:34,740

hear people say well maybe they're you

1385

00:57:39,079 --> 00:57:36,690

know from another dimension or you know

1386

00:57:41,859 --> 00:57:39,089

this or that or maybe they can travel in

1387

00:57:44,359 --> 00:57:41,869

ways we don't know you know I don't know

1388

00:57:46,190 --> 00:57:44,369

if this is true what happened with this

1389

00:57:47,120 --> 00:57:46,200

woman she saw you know you either she

1390

00:57:48,440 --> 00:57:47,130

saw something different

1391

00:57:50,599 --> 00:57:48,450

after I seen them blink out and they

1392

00:57:52,789 --> 00:57:50,609

came back and I just their Lord because

1393

00:57:54,260 --> 00:57:52,799

I couldn't see it from where I was but

1394

00:57:56,720 --> 00:57:54,270

it could be a possibility these things

1395

00:57:58,430 --> 00:57:56,730

you know are flying at the speed of

1396

00:58:00,289 --> 00:57:58,440

light and you won't be able to see with

1397

00:58:01,880 --> 00:58:00,299

the naked eye and now moving from one

1398

00:58:03,710 --> 00:58:01,890

section of the sky to the other section

1399

00:58:05,630 --> 00:58:03,720

of the sky and that's a very big

1400

00:58:08,660 --> 00:58:05,640

possibility yeah rather than just

1401

00:58:10,309 --> 00:58:08,670

blinking out or you know I I don't know

1402

00:58:12,530 --> 00:58:10,319

if they're coming from a different

1403

00:58:14,180 --> 00:58:12,540

dimension or haunted yeah that's true I

1404

00:58:16,549 --> 00:58:14,190

mean they could just absolutely do that

1405

00:58:18,440 --> 00:58:16,559

I mean people do have talked about them

1406

00:58:20,750 --> 00:58:18,450

just you know flying off and especially

1407

00:58:22,819 --> 00:58:20,760

when they're tracking them you know the

1408

00:58:24,500 --> 00:58:22,829

ones are actually tracked on radar that

1409

00:58:27,500 --> 00:58:24,510

do all these bizarre things those that

1410

00:58:29,480 --> 00:58:27,510

were pretty exciting to me anyway you

1411

00:58:31,010 --> 00:58:29,490

know because those are even more hard to

1412

00:58:32,630 --> 00:58:31,020

explain because there's actually data

1413

00:58:34,880 --> 00:58:32,640

yeah absolutely

1414

00:58:36,890 --> 00:58:34,890

now what about your friend in or the

1415

00:58:38,960 --> 00:58:36,900

person you spoke to in Pennsylvania that

1416

00:58:42,170 --> 00:58:38,970

has been filming similar things to you

1417

00:58:45,710 --> 00:58:42,180

yeah Alison Cruz oh that's Alison Cruz

1418

00:58:47,240 --> 00:58:45,720

yeah yeah okay he's got she was one of

1419

00:58:48,340 --> 00:58:47,250

the reasons why I bought a night vision

1420

00:58:50,250 --> 00:58:48,350

device

1421

00:58:53,380 --> 00:58:50,260

I was following some of her work and

1422

00:58:55,120 --> 00:58:53,390

some of her object says she's filmed a

1423

00:58:57,910 --> 00:58:55,130

night vision identical to what I have

1424

00:59:00,910 --> 00:58:57,920

felt if you saw my documentary we put it

1425

00:59:04,540 --> 00:59:00,920

side by side of a co-star assimilates

1426
00:59:05,320 --> 00:59:04,550
yeah and and they she eject objects and

1427
00:59:07,300 --> 00:59:05,330
they're identical

1428
00:59:09,940 --> 00:59:07,310
they shoot then they wiggled towards the

1429
00:59:13,000 --> 00:59:09,950
ground and I just captured one just last

1430
00:59:15,609 --> 00:59:13,010
year a small little org um I don't think

1431
00:59:16,840 --> 00:59:15,619
you've seen it over where I live is

1432
00:59:19,660 --> 00:59:16,850
about I only had two feet away was a

1433
00:59:21,730 --> 00:59:19,670
small sphere a small orb and it came

1434
00:59:24,220 --> 00:59:21,740
down and it just kind of overlooked

1435
00:59:26,080 --> 00:59:24,230
where Deadpool was doing the movie set

1436
00:59:27,609 --> 00:59:26,090
to the movie set it was a disaster area

1437
00:59:29,680 --> 00:59:27,619
so it was in that area but was at

1438
00:59:32,290 --> 00:59:29,690

nighttime stopped it look at the

1439

00:59:35,050 --> 00:59:32,300

Deadpool set and went up stopped and

1440

00:59:37,270 --> 00:59:35,060

then it took off and then ejected

1441

00:59:39,700 --> 00:59:37,280

something again so what are the

1442

00:59:42,340 --> 00:59:39,710

injecting had no idea what that is but

1443

00:59:44,290 --> 00:59:42,350

that that is a phenomena not from me

1444

00:59:46,720 --> 00:59:44,300

validated that wasn't a bug it wasn't a

1445

00:59:49,270 --> 00:59:46,730

bird wasn't a seagull was in the bat it

1446

00:59:52,420 --> 00:59:49,280

was at an almond anomaly you want to

1447

00:59:55,210 --> 00:59:52,430

call it an orb or sphere so many people

1448

00:59:57,430 --> 00:59:55,220

have reported seeing things that you

1449

00:59:59,470 --> 00:59:57,440

know are ejecting something you know

1450

01:00:01,060 --> 00:59:59,480

shooting straight down people have seen

1451

01:00:03,040 --> 01:00:01,070

them going to water there was someone

1452

01:00:05,380 --> 01:00:03,050

talking about that recently on one of my

1453

01:00:08,050 --> 01:00:05,390

shows I'm seeing these orbs go into the

1454

01:00:11,109 --> 01:00:08,060

water themselves from from some type of

1455

01:00:13,060 --> 01:00:11,119

craft which is bizarre we're right at

1456

01:00:17,170 --> 01:00:13,070

the top of the hour so if anyone wants

1457

01:00:20,980 --> 01:00:17,180

to call in that number is six oh three

1458

01:00:22,780 --> 01:00:20,990

nine six seven four oh three oh you can

1459

01:00:25,090 --> 01:00:22,790

call in and ask our guest a question

1460

01:00:26,740 --> 01:00:25,100

I'll also post that in the chat room or

1461

01:00:29,950 --> 01:00:26,750

if you have any questions in chat you're

1462

01:00:32,650 --> 01:00:29,960

welcome to post your questions there so

1463

01:00:35,830 --> 01:00:32,660

what are some other interesting people

1464

01:00:38,859 --> 01:00:35,840

you've talked to not necessarily in your

1465

01:00:42,540 --> 01:00:38,869

documentary but I saw that you went to

1466

01:00:46,080 --> 01:00:42,550

the symposium and the MUFON symposium

1467

01:00:48,940 --> 01:00:46,090

and it's all about making connections

1468

01:00:50,470 --> 01:00:48,950

absolutely what I'm getting at is with

1469

01:00:52,060 --> 01:00:50,480

the type of equipment you have have you

1470

01:00:57,340 --> 01:00:52,070

spoken to other people that are

1471

01:00:58,660 --> 01:00:57,350

interested in and actually coming to you

1472

01:01:00,010 --> 01:00:58,670

coming to their place where there's a

1473

01:01:01,480 --> 01:01:00,020

hotspot or something like that anything

1474

01:01:03,880 --> 01:01:01,490

that come up like that

1475

01:01:07,000 --> 01:01:03,890

meant a lot of people and again I've

1476

01:01:09,609 --> 01:01:07,010

only been to one conference so far but I

1477

01:01:10,900 --> 01:01:09,619

do a lot of Facebook discussions with

1478

01:01:12,790 --> 01:01:10,910

people from around the world but I've

1479

01:01:14,980 --> 01:01:12,800

met a lot of people are doing what I'm

1480

01:01:16,720 --> 01:01:14,990

doing the investing a lot of money into

1481

01:01:18,790 --> 01:01:16,730

night-vision devices they're doing

1482

01:01:20,560 --> 01:01:18,800

nighttime beginning a tripod they're

1483

01:01:23,140 --> 01:01:20,570

doing their own sky watches mobile unit

1484

01:01:25,060 --> 01:01:23,150

for what they can afford and they're

1485

01:01:27,100 --> 01:01:25,070

capturing similar things than what I'm

1486

01:01:28,840 --> 01:01:27,110

capturing and this is this not just a

1487

01:01:32,380 --> 01:01:28,850

unique phenomena in one area of the sky

1488

01:01:34,000 --> 01:01:32,390

in part of the world its global and and

1489

01:01:36,280 --> 01:01:34,010

they're similar you know it's just

1490

01:01:38,740 --> 01:01:36,290

they're very difficult to find a

1491

01:01:40,660 --> 01:01:38,750

different difficult to film and you have

1492

01:01:43,540 --> 01:01:40,670

to have patience it's all to do with

1493

01:01:44,440 --> 01:01:43,550

timing do you have a call coming in are

1494

01:01:48,550 --> 01:01:44,450

you ready to take a call

1495

01:01:51,820 --> 01:01:48,560

yeah absolutely okay all right caller

1496

01:01:54,609 --> 01:01:51,830

welcome to the show and your first name

1497

01:01:57,820 --> 01:01:54,619

and where are you calling from yeah hi

1498

01:02:00,700 --> 01:01:57,830

my name is Doug in Hoboken New Jersey

1499

01:02:03,609 --> 01:02:00,710

hi doc how are you and well I know

1500

01:02:06,880 --> 01:02:03,619

Charles from Eddie pogos site and we're

1501
01:02:12,609 --> 01:02:06,890
mutual sky watchers Oh hear that you're

1502
01:02:14,290 --> 01:02:12,619
the Doug in my chat room yeah yeah yeah

1503
01:02:17,260 --> 01:02:14,300
I've offered there Charles to go to my

1504
01:02:18,880 --> 01:02:17,270
place in Mexico every now and then to do

1505
01:02:21,220 --> 01:02:18,890
a little sky watching from my roof there

1506
01:02:32,010 --> 01:02:21,230
well you know what I might take you on

1507
01:02:39,340 --> 01:02:36,820
we're not that sophisticated what do you

1508
01:02:41,200 --> 01:02:39,350
want break right now no no we you are

1509
01:02:45,330 --> 01:02:41,210
alive call anyone that calls into the

1510
01:02:48,070 --> 01:02:45,340
show is calling in live so you are live

1511
01:02:51,250 --> 01:02:48,080
watch my P's and Q's that's right here

1512
01:02:52,810 --> 01:02:51,260
yes all right yeah no because I know I

1513
01:02:55,210 --> 01:02:52,820

haven't spoken to you a while I kind of

1514

01:02:58,750 --> 01:02:55,220

got off of at each site and wasn't very

1515

01:03:01,720 --> 01:02:58,760

involved but I got a new runa optics set

1516

01:03:03,910 --> 01:03:01,730

up and which is great because it does

1517

01:03:05,200 --> 01:03:03,920

its own recording you know you don't

1518

01:03:09,250 --> 01:03:05,210

have to have the little angel eye or the

1519

01:03:11,530 --> 01:03:09,260

little tiny recorder here and yeah I've

1520

01:03:13,810 --> 01:03:11,540

been no filming along and capturing some

1521

01:03:15,250 --> 01:03:13,820

weird stuff but I mostly like my daytime

1522

01:03:19,230 --> 01:03:15,260

shot some of them you've seen

1523

01:03:22,030 --> 01:03:19,240

and also that one large part bright

1524

01:03:24,280 --> 01:03:22,040

seeing moving through the Mexico sky

1525

01:03:25,900 --> 01:03:24,290

implied the Carmen that when I sent it

1526

01:03:27,670 --> 01:03:25,910

in you said Doug I think you got a real

1527

01:03:30,640 --> 01:03:27,680

thing yeah oh yeah absolutely that

1528

01:03:32,950 --> 01:03:30,650

that's a that's a freak I don't know

1529

01:03:34,780 --> 01:03:32,960

what that is that's the only reason why

1530

01:03:35,920 --> 01:03:34,790

I want to come back to I look like no

1531

01:03:37,540 --> 01:03:35,930

camera first of all I used to go there

1532

01:03:40,840 --> 01:03:37,550

quite often I haven't been there for

1533

01:03:42,490 --> 01:03:40,850

many years so and fact that you're

1534

01:03:45,970 --> 01:03:42,500

capturing things out there I want to

1535

01:03:48,100 --> 01:03:45,980

bring my SMU and do so sky watching yeah

1536

01:03:51,520 --> 01:03:48,110

it's a great spot and I'll tell you this

1537

01:03:53,440 --> 01:03:51,530

the stars are so bright and alive

1538

01:03:55,450 --> 01:03:53,450

they're from my rooftop and it's just

1539

01:03:57,160 --> 01:03:55,460

it's great to get away from a little bit

1540

01:04:00,040 --> 01:03:57,170

of the New York haze which is what I'm

1541

01:04:02,080 --> 01:04:00,050

always looking through but yeah it's an

1542

01:04:04,390 --> 01:04:02,090

exciting thing to do and like I said you

1543

01:04:06,910 --> 01:04:04,400

know people think I said it in one of my

1544

01:04:08,080 --> 01:04:06,920

comments on the chat there people want

1545

01:04:10,030 --> 01:04:08,090

to know if you're making money not only

1546

01:04:12,490 --> 01:04:10,040

of you awesome mutttons money you put so

1547

01:04:15,010 --> 01:04:12,500

many man-hours into it how do you even

1548

01:04:17,530 --> 01:04:15,020

evaluate your time and the value of it

1549

01:04:19,870 --> 01:04:17,540

you know yeah I appreciate you telling

1550

01:04:21,970 --> 01:04:19,880

people that because people think you

1551
01:04:24,520 --> 01:04:21,980
know because I have a documentary out

1552
01:04:26,290 --> 01:04:24,530
there or I have a YouTube channel

1553
01:04:28,720 --> 01:04:26,300
I don't monetize anything I don't make

1554
01:04:31,360 --> 01:04:28,730
any money this is all passion because

1555
01:04:33,400 --> 01:04:31,370
I've seen the real thing it's it's it's

1556
01:04:34,720 --> 01:04:33,410
a drug to me right now and I want to

1557
01:04:36,250 --> 01:04:34,730
learn more and I want to know what these

1558
01:04:38,260 --> 01:04:36,260
things are and I think we're getting

1559
01:04:39,370 --> 01:04:38,270
really close to the truth and more

1560
01:04:40,690 --> 01:04:39,380
people are doing this the more

1561
01:04:43,360 --> 01:04:40,700
information and data that we can put

1562
01:04:47,020 --> 01:04:43,370
together I think I think we're gonna get

1563
01:04:49,600 --> 01:04:47,030

answers yeah no I think so too I think

1564

01:04:51,160 --> 01:04:49,610

this video release regardless of all the

1565

01:04:54,310 --> 01:04:51,170

controversy around that whether the

1566

01:04:56,590 --> 01:04:54,320

audio is fabricated or added on later or

1567

01:04:58,660 --> 01:04:56,600

this of that regardless the general

1568

01:05:00,180 --> 01:04:58,670

public the everyday person that doesn't

1569

01:05:02,950 --> 01:05:00,190

really spend the time that you and I

1570

01:05:04,900 --> 01:05:02,960

spend on this thing are now pretty much

1571

01:05:06,460 --> 01:05:04,910

being inoculated to the idea you know

1572

01:05:08,110 --> 01:05:06,470

they're like oh yeah I guess they exist

1573

01:05:10,030 --> 01:05:08,120

they're you know no one's jumping out of

1574

01:05:13,090 --> 01:05:10,040

windows like in the days of the War of

1575

01:05:14,920 --> 01:05:13,100

the Worlds that's right exactly and I

1576

01:05:17,470 --> 01:05:14,930

think I think we're a lot more people do

1577

01:05:19,690 --> 01:05:17,480

this and want to get involved and that's

1578

01:05:23,380 --> 01:05:19,700

why I want to continue doing you know my

1579

01:05:25,060 --> 01:05:23,390

website and start this spring filming

1580

01:05:27,760 --> 01:05:25,070

you know doing a videos on my balcony

1581

01:05:29,140 --> 01:05:27,770

and just taking through my sky watchers

1582

01:05:31,780 --> 01:05:29,150

mobile unit and

1583

01:05:33,730 --> 01:05:31,790

and I'm doing a night show and showing

1584

01:05:35,530 --> 01:05:33,740

you know this is how you track or look

1585

01:05:37,030 --> 01:05:35,540

for UFOs it's very straightforward this

1586

01:05:39,940 --> 01:05:37,040

is the kind of equipment digit that you

1587

01:05:41,680 --> 01:05:39,950

need the basic stuff whatever money that

1588

01:05:43,930 --> 01:05:41,690

you have or you can go all the way what

1589

01:05:46,390 --> 01:05:43,940

I've done you know and I think that's

1590

01:05:48,910 --> 01:05:46,400

important because people don't know

1591

01:05:50,530 --> 01:05:48,920

where to start the the thing you'll get

1592

01:05:52,810 --> 01:05:50,540

you can get your binoculars that's fine

1593

01:05:54,490 --> 01:05:52,820

but you know that's daytime nighttime I

1594

01:05:55,960 --> 01:05:54,500

think you gotta have a better chance of

1595

01:05:57,400 --> 01:05:55,970

capturing something at night than you

1596

01:06:02,210 --> 01:05:57,410

will in the daytime and if you do in the

1597

01:06:05,100 --> 01:06:02,220

daytime it's going to be half genuine

1598

01:06:07,680 --> 01:06:05,110

as you go for it's gonna be one

1599

01:06:10,320 --> 01:06:07,690

yeah yeah yeah that's what I think

1600

01:06:12,360 --> 01:06:10,330

personally you know you know I'm friends

1601
01:06:14,640 --> 01:06:12,370
with Ericka Luke's also she's just great

1602
01:06:16,440 --> 01:06:14,650
and a great person and Eric and I spoke

1603
01:06:18,210 --> 01:06:16,450
about this a year ago I think your name

1604
01:06:21,090 --> 01:06:18,220
came up and you and and it's very

1605
01:06:23,250 --> 01:06:21,100
fascinating that you know about somebody

1606
01:06:25,740 --> 01:06:23,260
who knows how to analyze and take apart

1607
01:06:29,010 --> 01:06:25,750
CGI because if we could ever get to the

1608
01:06:30,540 --> 01:06:29,020
point where we have a detective in the

1609
01:06:33,120 --> 01:06:30,550
business so to speak that can really

1610
01:06:35,400 --> 01:06:33,130
confirm whether something is authentic

1611
01:06:38,070 --> 01:06:35,410
or or created through CGI and we could

1612
01:06:40,020 --> 01:06:38,080
get there that could straighten a lot of

1613
01:06:42,660 --> 01:06:40,030

this out and if we could have a site

1614

01:06:45,380 --> 01:06:42,670

that is really committed to only the

1615

01:06:47,490 --> 01:06:45,390

authentic stuff and not only is that CGI

1616

01:06:50,280 --> 01:06:47,500

not-for-profit nothing like that

1617

01:06:52,080 --> 01:06:50,290

that would be an amazing site to build

1618

01:06:54,780 --> 01:06:52,090

around and Eric and I have spoken about

1619

01:06:58,380 --> 01:06:54,790

that in cash Jack I want to say

1620

01:07:01,620 --> 01:06:58,390

something as well on this I have had

1621

01:07:03,090 --> 01:07:01,630

these conversations also with two

1622

01:07:06,360 --> 01:07:03,100

different people one of them being

1623

01:07:09,240 --> 01:07:06,370

marked D Antonio who does the move

1624

01:07:11,220 --> 01:07:09,250

finds you know video analysis video and

1625

01:07:11,760 --> 01:07:11,230

photo analysis I've talked to him about

1626

01:07:14,340 --> 01:07:11,770

that

1627

01:07:16,770 --> 01:07:14,350

I believe Chris Lambright and I have

1628

01:07:20,010 --> 01:07:16,780

spoken about this he's a researcher in

1629

01:07:21,090 --> 01:07:20,020

Texas so I think a lot of people are

1630

01:07:23,670 --> 01:07:21,100

feeling the same way

1631

01:07:25,500 --> 01:07:23,680

and I think that that will someday when

1632

01:07:28,500 --> 01:07:25,510

someone takes the step again it's

1633

01:07:30,600 --> 01:07:28,510

another thing that it's a time you know

1634

01:07:31,920 --> 01:07:30,610

it sucks up a lot of time and people

1635

01:07:34,620 --> 01:07:31,930

aren't going to get any money out of it

1636

01:07:37,200 --> 01:07:34,630

so these things are all born out of

1637

01:07:38,790 --> 01:07:37,210

passion you know and hopefully that will

1638

01:07:40,320 --> 01:07:38,800

happen that's a good idea

1639

01:07:44,790 --> 01:07:40,330

Doug thanks for calling it you have

1640

01:07:47,430 --> 01:07:44,800

anything else you'd like to ask for

1641

01:07:50,330 --> 01:07:47,440

another 45 minutes - no I want to do

1642

01:07:55,020 --> 01:07:52,800

in touch a little bit more often I just

1643

01:07:56,520 --> 01:07:55,030

you know sometimes the whole thing gets

1644

01:07:58,590 --> 01:07:56,530

a little overwhelming for you you know

1645

01:08:00,060 --> 01:07:58,600

and you got to back away yeah absolutely

1646

01:08:03,210 --> 01:08:00,070

I totally get it

1647

01:08:05,790 --> 01:08:03,220

yeah just message me anytime man all

1648

01:08:09,360 --> 01:08:05,800

right Doug hey friend thank you have a

1649

01:08:11,730 --> 01:08:09,370

call dog yes Martin light show - thank

1650

01:08:14,340 --> 01:08:11,740

you thank you I think I just cut him off

1651

01:08:17,010 --> 01:08:14,350

just a little bit there but all right so

1652

01:08:18,510 --> 01:08:17,020

yeah that was good if anyone else wants

1653

01:08:23,610 --> 01:08:18,520

to call in

1654

01:08:27,540 --> 01:08:23,620

the number is again 603 967 403 Oh

1655

01:08:28,920 --> 01:08:27,550

anyone wants to call in so one of the

1656

01:08:31,950 --> 01:08:28,930

things I was thinking about asking you

1657

01:08:33,540 --> 01:08:31,960

do you have any military base that we

1658

01:08:35,580 --> 01:08:33,550

have another call coming in already so I

1659

01:08:36,990 --> 01:08:35,590

Mazal grab that we'll talk about that

1660

01:08:39,920 --> 01:08:37,000

later I'll try to remember what I was

1661

01:08:43,170 --> 01:08:39,930

going to say and we'll take the call now

1662

01:08:45,330 --> 01:08:43,180

caller you are live on the air now

1663

01:08:48,450 --> 01:08:45,340

please say your first name and where

1664

01:08:50,400 --> 01:08:48,460

you're calling from around the woods

1665

01:08:53,040 --> 01:08:50,410

I'm calling from Charlestown West

1666

01:08:55,890 --> 01:08:53,050

Virginia I'm sorry your first name again

1667

01:08:57,950 --> 01:08:55,900

please Randall Randall

1668

01:09:05,580 --> 01:08:57,960

welcome to show window can you mute your

1669

01:09:07,470 --> 01:09:05,590

computer there we go all right Randall

1670

01:09:10,590 --> 01:09:07,480

so what what's your question for our

1671

01:09:14,640 --> 01:09:10,600

guest yeah I'm just wondering if anybody

1672

01:09:16,710 --> 01:09:14,650

has seen what I saw on 2012 I was out

1673

01:09:19,740 --> 01:09:16,720

painting a fence in the field outside

1674

01:09:22,730 --> 01:09:19,750

Charlestown and I stood up forced to

1675

01:09:27,060 --> 01:09:22,740

take a break after a while it was about

1676

01:09:31,100 --> 01:09:27,070

1120 1130 m and a very sunny day I

1677

01:09:35,490 --> 01:09:31,110

stopped looked up the sun shining and

1678

01:09:38,130 --> 01:09:35,500

maybe a 30 degree arc off the Sun there

1679

01:09:41,670 --> 01:09:38,140

was a star-shaped object that had star

1680

01:09:44,520 --> 01:09:41,680

like to start like points on the end of

1681

01:09:46,800 --> 01:09:44,530

it it claps down very quickly the star

1682

01:09:51,620 --> 01:09:46,810

light things came together and then it

1683

01:09:53,910 --> 01:09:51,630

started star like things moved apart and

1684

01:09:57,000 --> 01:09:53,920

for a moment I thought like a brief

1685

01:09:59,010 --> 01:09:57,010

second I know it's a couple of dandelion

1686

01:10:01,500 --> 01:09:59,020

seeds you know floating in the sky but

1687

01:10:04,950 --> 01:10:01,510

right away I realized it about maybe a

1688

01:10:06,870 --> 01:10:04,960

thousand 2,000 feet up they were moving

1689

01:10:09,750 --> 01:10:06,880

very very steady so they were not

1690

01:10:14,490 --> 01:10:09,760

affected by winds and when they got

1691

01:10:16,680 --> 01:10:14,500

completely apart maybe a 5 degree arc

1692

01:10:20,100 --> 01:10:16,690

they started to come back together very

1693

01:10:21,330 --> 01:10:20,110

slowly and then they were like over top

1694

01:10:22,710 --> 01:10:21,340

of each other and I thought oh great

1695

01:10:26,910 --> 01:10:22,720

they're going to really do something

1696

01:10:30,120 --> 01:10:26,920

fantastic now and what happened was was

1697

01:10:32,100 --> 01:10:30,130

that they star like the spindle type

1698

01:10:34,830 --> 01:10:32,110

raised very sharp to a point

1699

01:10:38,580 --> 01:10:34,840

light those rays started to come in very

1700

01:10:40,890 --> 01:10:38,590

slowly and then it just receded and then

1701

01:10:43,080 --> 01:10:40,900

appeared like the star in the sky again

1702

01:10:47,129 --> 01:10:43,090

this is in the sunshine you know it's so

1703

01:10:51,320 --> 01:10:47,139

very unusual that it was this bright and

1704

01:10:53,520 --> 01:10:51,330

very slowly just receded and disappeared

1705

01:10:55,340 --> 01:10:53,530

wondering if anybody's wondering if

1706

01:10:58,050 --> 01:10:55,350

anybody's seen anything like that

1707

01:10:59,700 --> 01:10:58,060

someone was asking in the in the chat

1708

01:11:06,020 --> 01:10:59,710

room randall how big do you think this

1709

01:11:11,129 --> 01:11:06,030

thing was well okay if you held a dime

1710

01:11:16,560 --> 01:11:11,139

maybe a nickel out at arm's length that

1711

01:11:21,410 --> 01:11:16,570

was the that was the radius of the ends

1712

01:11:25,020 --> 01:11:21,420

of the spindle like star shape raise the

1713

01:11:28,590 --> 01:11:25,030

light rays it was a very fine point

1714

01:11:31,020 --> 01:11:28,600

light and they were very very straight

1715

01:11:32,220 --> 01:11:31,030

raised and appeared to come to a very

1716

01:11:35,129 --> 01:11:32,230

fine point

1717

01:11:38,780 --> 01:11:35,139

so I'd say about Nichols eyes and arms

1718

01:11:44,580 --> 01:11:38,790

like you held that up that's what the

1719

01:11:48,229 --> 01:11:44,590

diameter of that's pretty big yeah thank

1720

01:11:51,379 --> 01:11:48,239

you thank you for that Charles and so

1721

01:11:54,030 --> 01:11:51,389

I'm sorry Randall Charles you have seen

1722

01:11:55,620 --> 01:11:54,040

you have something on video that has

1723

01:12:01,200 --> 01:11:55,630

like a plasma thing around it with like

1724

01:12:03,510 --> 01:12:01,210

points yeah his experiences during the

1725

01:12:08,160 --> 01:12:03,520

daytime his sounds like it's a lot

1726

01:12:11,220 --> 01:12:08,170

larger than what I saw but the fact that

1727

01:12:13,379 --> 01:12:11,230

his disappeared after what it did it's

1728

01:12:15,149 --> 01:12:13,389

kind of funky man that's definitely an

1729

01:12:17,010 --> 01:12:15,159

anomaly that's a UFO I would I can't

1730

01:12:19,109 --> 01:12:17,020

think of that being anything mundane if

1731

01:12:21,540 --> 01:12:19,119

it was something mundane you would still

1732

01:12:23,760 --> 01:12:21,550

have you folks still see in the sky some

1733

01:12:26,870 --> 01:12:23,770

one way or another but just the fact

1734

01:12:33,870 --> 01:12:26,880

that just disappearing like that that's

1735

01:12:37,020 --> 01:12:33,880

for sure yeah and you know immediately

1736

01:12:41,910 --> 01:12:37,030

when I saw this my head goes okay

1737

01:12:45,180 --> 01:12:41,920

airplane helicopter balloon and in 2012

1738

01:12:46,049 --> 01:12:45,190

in this area we didn't have to my

1739

01:12:48,990 --> 01:12:46,059

knowledge

1740

01:12:53,160 --> 01:12:49,000

that's going around sometime afterwards

1741

01:12:55,049 --> 01:12:53,170

I saw drones flying of course maybe a

1742

01:12:57,000 --> 01:12:55,059

month afterwards they went online I was

1743

01:13:00,209 --> 01:12:57,010

checking out drones it might be a drone

1744

01:13:03,419 --> 01:13:00,219

you know I kind of thought that probably

1745

01:13:04,859 --> 01:13:03,429

not because this thing didn't you know I

1746

01:13:08,339 --> 01:13:04,869

usually think of drones

1747

01:13:11,729 --> 01:13:08,349

maybe hovering but moving along in a

1748

01:13:16,350 --> 01:13:11,739

steady straight line or maybe curving or

1749

01:13:19,319 --> 01:13:16,360

whatever so anyway it's uh I think

1750

01:13:25,459 --> 01:13:19,329

about it everyday actually and it was as

1751

01:13:27,720 --> 01:13:25,469

I have gone through the time since then

1752

01:13:31,680 --> 01:13:27,730

you know I kind of got the feeling that

1753

01:13:35,450 --> 01:13:31,690

it was being a bit playful almost and

1754

01:13:40,500 --> 01:13:35,460

the cognac color color of the light was

1755

01:13:42,569 --> 01:13:40,510

maybe a purplish blue yeah I didn't I

1756

01:13:45,149 --> 01:13:42,579

didn't have a sense of fear from and I

1757

01:13:48,930 --> 01:13:45,159

just had this like okay what what is

1758

01:13:53,100 --> 01:13:48,940

that and so it's just an interesting

1759

01:13:55,410 --> 01:13:53,110

experience my interest actually I now I

1760

01:13:58,140 --> 01:13:55,420

have to just say a little bit about my

1761

01:14:00,830 --> 01:13:58,150

background I am a next FDA investigators

1762

01:14:03,930 --> 01:14:00,840

I've got a bit of a science background

1763

01:14:06,950 --> 01:14:03,940

yes and biology actually learned some

1764

01:14:09,990 --> 01:14:06,960

chemistry and stuff and in the FDA but

1765

01:14:12,229 --> 01:14:10,000

one of my childhood friends was about

1766

01:14:16,500 --> 01:14:12,239

delivering a paper in the morning in

1767

01:14:19,120 --> 01:14:16,510

1967 or 68 up in Northwest PA and saw

1768

01:14:20,479 --> 01:14:19,130

this thing that really scared him and he

1769

01:14:23,010 --> 01:14:20,489

[Music]

1770

01:14:25,649 --> 01:14:23,020

wrote immediately Ullman as black got

1771

01:14:28,770 --> 01:14:25,659

his mother up and she went and saw it

1772

01:14:30,779 --> 01:14:28,780

and that's and described the to me they

1773

01:14:34,439 --> 01:14:30,789

didn't you know they were very religious

1774

01:14:36,629 --> 01:14:34,449

family had no idea what it was to this

1775

01:14:38,549 --> 01:14:36,639

day actually I talked about I talked

1776

01:14:42,149 --> 01:14:38,559

with him after this happened to me and

1777

01:14:44,029 --> 01:14:42,159

so it's uh you know of course now I went

1778

01:14:46,560 --> 01:14:44,039

online and found all this stuff that's

1779

01:14:48,720 --> 01:14:46,570

you know the Rendlesham forest and the

1780

01:14:51,270 --> 01:14:48,730

Phoenix lights and all that it's an

1781

01:14:53,490 --> 01:14:51,280

amazing bunch of stuff that's happening

1782

01:14:55,950 --> 01:14:53,500

so I really appreciate the detail that

1783

01:14:59,489 --> 01:14:55,960

you're bringing to this whole area

1784

01:15:03,209 --> 01:14:59,499

that's quite unsolved

1785

01:15:05,969 --> 01:15:03,219

that's your house thank you

1786

01:15:06,589 --> 01:15:05,979

hey Randall thanks for the call yeah

1787

01:15:09,899 --> 01:15:06,599

sure

1788

01:15:13,799 --> 01:15:09,909

alright so what I was getting at just

1789

01:15:17,879 --> 01:15:13,809

before the call came in was is there any

1790

01:15:21,330 --> 01:15:17,889

military bases anywhere near where you

1791

01:15:23,660 --> 01:15:21,340

live or any other air airports yeah

1792

01:15:28,469 --> 01:15:23,670

yeah there is but they're across the

1793

01:15:30,899 --> 01:15:28,479

across the channel English be going

1794

01:15:33,569 --> 01:15:30,909

towards Nanaimo there's a there's an Air

1795

01:15:36,120 --> 01:15:33,579

Force Base there that's still about you

1796

01:15:38,819 --> 01:15:36,130

know get 1015 miles away but again

1797

01:15:43,069 --> 01:15:38,829

that's over you know it's on the island

1798

01:15:46,439 --> 01:15:43,079

of Vancouver Island case yeah so

1799

01:15:48,540 --> 01:15:46,449

interestingly enough a lot of the ORS a

1800

01:15:50,009 --> 01:15:48,550

lot of the thought of the UFOs I see are

1801
01:15:53,600 --> 01:15:50,019
going towards in that general direction

1802
01:15:55,799 --> 01:15:53,610
you know they all go towards the north

1803
01:15:57,989 --> 01:15:55,809
most of them go over Cypress Mountain

1804
01:16:01,200 --> 01:15:57,999
and if you do the if you look at on a

1805
01:16:06,270 --> 01:16:01,210
map Cypress Mountain you could count the

1806
01:16:08,939 --> 01:16:06,280
line up to the base so I don't know one

1807
01:16:10,890 --> 01:16:08,949
one person one of my videos I shot I

1808
01:16:13,200 --> 01:16:10,900
thought for sure was a UFO and I still

1809
01:16:15,120 --> 01:16:13,210
do today and I hit it with an infrared

1810
01:16:18,180 --> 01:16:15,130
laser I had a really strong and for a

1811
01:16:20,939 --> 01:16:18,190
laser which had a good tattoo mile range

1812
01:16:23,009 --> 01:16:20,949
on it it flared up and a lot of people

1813
01:16:25,560 --> 01:16:23,019

think it might be an ingredient flare

1814

01:16:27,959 --> 01:16:25,570

you know satellite and everything I go

1815

01:16:30,930 --> 01:16:27,969

I've seen so many Iridium flares Mike in

1816

01:16:32,969 --> 01:16:30,940

my lifetime as a restaurant owner this

1817

01:16:36,000 --> 01:16:32,979

did not flare up like a typical radiant

1818

01:16:37,439 --> 01:16:36,010

radiant flare satellite I was following

1819

01:16:39,839 --> 01:16:37,449

it with my night vision it was tumbling

1820

01:16:42,000 --> 01:16:39,849

coming down slowly didn't really change

1821

01:16:44,129 --> 01:16:42,010

direction but you know when I hit the

1822

01:16:47,250 --> 01:16:44,139

leis on it twice within three seconds

1823

01:16:50,310 --> 01:16:47,260

four seconds it flared like a slight

1824

01:16:53,040 --> 01:16:50,320

switch and it went out really where is

1825

01:16:54,959 --> 01:16:53,050

the flare like this or they flash really

1826

01:16:57,870 --> 01:16:54,969

bright really fast this thing went on

1827

01:17:00,270 --> 01:16:57,880

like a light switch and shut off after

1828

01:17:03,689 --> 01:17:00,280

hitting with the laser so one guy that

1829

01:17:06,029 --> 01:17:03,699

works for the the military somewhere in

1830

01:17:09,870 --> 01:17:06,039

the US if it's true or not you left a

1831

01:17:11,850 --> 01:17:09,880

comment saying that Predator drones

1832

01:17:12,840 --> 01:17:11,860

if you hit with a laser it'll respond

1833

01:17:14,490 --> 01:17:12,850

knowing your

1834

01:17:17,010 --> 01:17:14,500

location and it will hell are up with

1835

01:17:18,540 --> 01:17:17,020

their infrared sight lasers that right

1836

01:17:21,840 --> 01:17:18,550

you don't want to get one of their

1837

01:17:25,020 --> 01:17:21,850

attentions yeah but predators drones in

1838

01:17:27,000 --> 01:17:25,030

Canada but back in that year the

1839

01:17:30,300 --> 01:17:27,010

Canadians were looking at purchasing

1840

01:17:33,240 --> 01:17:30,310

some from the US so I haven't followed

1841

01:17:34,710 --> 01:17:33,250

suit if they have it maybe some of our

1842

01:17:36,420 --> 01:17:34,720

skies with you know with all the drug

1843

01:17:38,370 --> 01:17:36,430

trafficking we're only an hour away from

1844

01:17:40,980 --> 01:17:38,380

the border of the US just gonna going to

1845

01:17:42,420 --> 01:17:40,990

ask you how far you were and and how so

1846

01:17:44,490 --> 01:17:42,430

you're you're only 50 miles from

1847

01:17:46,950 --> 01:17:44,500

Vancouver so you're pretty far over to

1848

01:17:50,880 --> 01:17:46,960

the your the Pacific Northwest basically

1849

01:17:52,560 --> 01:17:50,890

yeah I'm right at the edge um I can see

1850

01:17:54,480 --> 01:17:52,570

the ocean right where I'm looking right

1851
01:17:55,860 --> 01:17:54,490
now from my apartment so I'm right at

1852
01:17:58,140 --> 01:17:55,870
the edge here so that's probably why I

1853
01:17:59,790 --> 01:17:58,150
get a lot of orange and UFOs like I'm

1854
01:18:01,740 --> 01:17:59,800
about into the city they all come in

1855
01:18:03,480 --> 01:18:01,750
from the ocean they come either from

1856
01:18:05,220 --> 01:18:03,490
straight up or they come in a little bit

1857
01:18:07,620 --> 01:18:05,230
you know wasn't 60 40 degrees above the

1858
01:18:10,410 --> 01:18:07,630
horizon coming in from the from the bay

1859
01:18:14,940 --> 01:18:10,420
and they go into the city and then they

1860
01:18:18,690 --> 01:18:14,950
take coffee to go north say Washington

1861
01:18:20,250 --> 01:18:18,700
State was I think was the third had the

1862
01:18:22,590 --> 01:18:20,260
third most sightings last year

1863
01:18:24,120 --> 01:18:22,600

California always has the most you know

1864

01:18:26,760 --> 01:18:24,130

because there's so many people and so

1865

01:18:30,900 --> 01:18:26,770

big and the weather's great so

1866

01:18:33,030 --> 01:18:30,910

Washington had 192 reported sightings

1867

01:18:35,280 --> 01:18:33,040

this is up only for new Fork I'm just

1868

01:18:37,290 --> 01:18:35,290

talking about new Fork only where the

1869

01:18:40,290 --> 01:18:37,300

Reporting Center is out there anyway in

1870

01:18:44,100 --> 01:18:40,300

Washington have you ever worked with

1871

01:18:46,410 --> 01:18:44,110

Peter Davenport at all no but I've heard

1872

01:18:48,690 --> 01:18:46,420

of him yeah yeah definitely

1873

01:18:51,030 --> 01:18:48,700

not too far away from you actually yeah

1874

01:18:52,530 --> 01:18:51,040

I should go see him actually I go talk

1875

01:18:54,120 --> 01:18:52,540

with him I've always wanted to go to

1876

01:18:57,060 --> 01:18:54,130

Washington do some skywatching because

1877

01:19:00,750 --> 01:18:57,070

there was a study done that I'm sure you

1878

01:19:02,810 --> 01:19:00,760

might familiar with it it was a doctor

1879

01:19:04,110 --> 01:19:02,820

or no doctor yeah dr. Hynek actually

1880

01:19:08,040 --> 01:19:04,120

started it

1881

01:19:11,520 --> 01:19:08,050

it was the Yakama UFO yeah you project

1882

01:19:15,450 --> 01:19:11,530

it was back in 1972 and they actually

1883

01:19:19,350 --> 01:19:15,460

coined these orange amber spheres as

1884

01:19:22,230 --> 01:19:19,360

nocturnal lights oh we got the name of

1885

01:19:24,990 --> 01:19:22,240

the film mm-hmm so and if you ever look

1886

01:19:26,310 --> 01:19:25,000

at that studies yeah yeah Yakima UFO

1887

01:19:28,740 --> 01:19:26,320

field project

1888

01:19:31,290 --> 01:19:28,750

and taupe what's the name of the city

1889

01:19:34,850 --> 01:19:31,300

here I got it here taupe in it Toppenish

1890

01:19:38,100 --> 01:19:34,860

Washington in the First Nations reserve

1891

01:19:41,370 --> 01:19:38,110

they excited some very similar similar

1892

01:19:42,780 --> 01:19:41,380

objects that I've seen and I mean

1893

01:19:44,100 --> 01:19:42,790

Optimus if you read it it's almost

1894

01:19:47,610 --> 01:19:44,110

identical to some of the stuff I'm

1895

01:19:50,010 --> 01:19:47,620

filming you're seen with the naked eye

1896

01:19:51,270 --> 01:19:50,020

some are seen with night vision and they

1897

01:19:52,950 --> 01:19:51,280

have a bunch of scientists there they

1898

01:19:54,930 --> 01:19:52,960

have a lot of people but it just died

1899

01:19:57,420 --> 01:19:54,940

off they didn't do anything with it it's

1900

01:19:59,730 --> 01:19:57,430

not even really mentioned very often so

1901

01:20:02,430 --> 01:19:59,740

I found it very interesting I thought

1902

01:20:04,560 --> 01:20:02,440

I've talked to people and wondered why

1903

01:20:07,140 --> 01:20:04,570

some of these great you know research

1904

01:20:10,110 --> 01:20:07,150

sites have you know faded away and died

1905

01:20:12,240 --> 01:20:10,120

you know and basically a lot of it has

1906

01:20:14,940 --> 01:20:12,250

to do with the people involved in an age

1907

01:20:17,430 --> 01:20:14,950

get older and then there's just no one

1908

01:20:19,470 --> 01:20:17,440

up and coming in it or there's some you

1909

01:20:22,920 --> 01:20:19,480

know there's some inter fighting or

1910

01:20:26,910 --> 01:20:22,930

something I didn't say information that

1911

01:20:28,620 --> 01:20:26,920

they're getting from the objects a lot

1912

01:20:32,850 --> 01:20:28,630

of times they fade away like I was

1913

01:20:36,750 --> 01:20:32,860

seeing an orb probably once every two

1914

01:20:38,910 --> 01:20:36,760

nights guaranteed back in 2012 before

1915

01:20:40,800 --> 01:20:38,920

that in 2011 with the naked eye didn't

1916

01:20:42,720 --> 01:20:40,810

have any cameras yet I was seeing large

1917

01:20:44,730 --> 01:20:42,730

orange amber objects going above the

1918

01:20:47,100 --> 01:20:44,740

condo buildings maybe another thousand

1919

01:20:49,710 --> 01:20:47,110

feet up between the clouds and going by

1920

01:20:52,170 --> 01:20:49,720

and I go what the heck is that you know

1921

01:20:54,480 --> 01:20:52,180

so there's a lot of action back in and

1922

01:20:57,630 --> 01:20:54,490

it suddenly is started going down after

1923

01:20:59,520 --> 01:20:57,640

2013 2014 and so now I'm seeing

1924

01:21:02,430 --> 01:20:59,530

something and I'm going out there's the

1925

01:21:04,650 --> 01:21:02,440

starry night once a year I'm capturing

1926

01:21:07,650 --> 01:21:04,660

something so it's come down quite a bit

1927

01:21:09,960 --> 01:21:07,660

but it's also timing I don't spend eight

1928

01:21:13,890 --> 01:21:09,970

hours a night anymore I go with a couple

1929

01:21:16,110 --> 01:21:13,900

hours maybe in an hour so if I did eight

1930

01:21:16,770 --> 01:21:16,120

hours a night you know from sunset to

1931

01:21:19,560 --> 01:21:16,780

sunrise

1932

01:21:21,930 --> 01:21:19,570

I could probably see probably one every

1933

01:21:23,700 --> 01:21:21,940

two nights as well probably I don't know

1934

01:21:27,450 --> 01:21:23,710

but it's time you got to be there at the

1935

01:21:30,300 --> 01:21:27,460

right time and I don't think that rating

1936

01:21:33,270 --> 01:21:30,310

works I tried that I've never done it

1937

01:21:35,040 --> 01:21:33,280

I've never meditated so do I believe

1938

01:21:39,200 --> 01:21:35,050

that there's a possibility something

1939

01:21:40,940 --> 01:21:39,210

with the conscious mind yes I think so

1940

01:21:42,290 --> 01:21:40,950

because I have one experience that I

1941

01:21:44,150 --> 01:21:42,300

don't think you know about that I had

1942

01:21:46,580 --> 01:21:44,160

and I think this is what validated all

1943

01:21:50,450 --> 01:21:46,590

my eight years and this happened back in

1944

01:21:53,780 --> 01:21:50,460

2015 I was watching TV it was December

1945

01:21:54,890 --> 01:21:53,790

it was raining was cold looking at the

1946

01:21:56,450 --> 01:21:54,900

TV and I'm side of my eye

1947

01:21:58,310 --> 01:21:56,460

cuz I got huge windows right in the

1948

01:22:01,010 --> 01:21:58,320

condo looking downtown Vancouver the

1949

01:22:03,320 --> 01:22:01,020

ocean the mountains and there's this

1950

01:22:05,660 --> 01:22:03,330

blue light going back and forth outside

1951

01:22:08,330 --> 01:22:05,670

my balcony window side of my eye

1952

01:22:09,980 --> 01:22:08,340

watching TV oh my god what the heck is

1953

01:22:12,440 --> 01:22:09,990

that I'm going on some guy with the

1954

01:22:15,650 --> 01:22:12,450

drone some kid with their little drones

1955

01:22:18,230 --> 01:22:15,660

right going up and down so I didn't mind

1956

01:22:19,700 --> 01:22:18,240

it right so watching TV a little two

1957

01:22:21,410 --> 01:22:19,710

minutes later it's going back and forth

1958

01:22:24,440 --> 01:22:21,420

outside I got this I got to go out there

1959

01:22:25,910 --> 01:22:24,450

and tell this kid to stop it you know so

1960

01:22:27,410 --> 01:22:25,920

I'm on my balcony and we're looking for

1961

01:22:29,840 --> 01:22:27,420

this thing and I'll sign it comes up i

1962

01:22:34,610 --> 01:22:29,850

level ten feet from my head

1963

01:22:36,740 --> 01:22:34,620

it was a blue orb size of a golf ball so

1964

01:22:39,530 --> 01:22:36,750

bright it was a friend like a LED

1965

01:22:41,270 --> 01:22:39,540

Christmas light super bright but it

1966

01:22:44,900 --> 01:22:41,280

wasn't reflected light anywhere it's

1967

01:22:47,420 --> 01:22:44,910

just beautiful and if I was Scottish

1968

01:22:49,370 --> 01:22:47,430

back in a scottish romance back in the

1969

01:22:54,080 --> 01:22:49,380

15th century I'd say that was a fairy

1970

01:22:55,850 --> 01:22:54,090

right really you know I've I didn't know

1971

01:22:57,530 --> 01:22:55,860

what that was I knew it was an or I knew

1972

01:23:00,560 --> 01:22:57,540

it was this year was an orb was bright

1973

01:23:01,910 --> 01:23:00,570

blue and when it cut you I was looking

1974

01:23:04,640 --> 01:23:01,920

at it obviously because it's thought

1975

01:23:07,250 --> 01:23:04,650

that I level it took off zipped across

1976

01:23:08,750 --> 01:23:07,260

them I'm right here by the gravel Street

1977

01:23:11,750 --> 01:23:08,760

bridge of course I'm pointing you can't

1978

01:23:14,150 --> 01:23:11,760

see it fine it's about 300 meters away

1979

01:23:16,280 --> 01:23:14,160

it starts going like just like a bug

1980

01:23:19,250 --> 01:23:16,290

zigzagging going really really fast and

1981

01:23:20,810 --> 01:23:19,260

within two seconds it stopped on top of

1982

01:23:23,450 --> 01:23:20,820

the building across from me which is 200

1983

01:23:26,240 --> 01:23:23,460

meters away and it grew to the size of a

1984

01:23:28,280 --> 01:23:26,250

big huge beach ball because I could see

1985

01:23:30,470 --> 01:23:28,290

really bright and large and that's 300

1986

01:23:33,170 --> 01:23:30,480

meters away it was just as bright so I

1987

01:23:36,080 --> 01:23:33,180

run aside I grab my camera I got my

1988

01:23:38,120 --> 01:23:36,090

Canon x8n I've got it in the sights I

1989

01:23:41,270 --> 01:23:38,130

could turn on the switch and I'm about

1990

01:23:44,870 --> 01:23:41,280

to hit record this is a true story this

1991

01:23:47,000 --> 01:23:44,880

is this is amazing I hit record it

1992

01:23:48,710 --> 01:23:47,010

blinked out of it that's the same time

1993

01:23:48,980 --> 01:23:48,720

as a hurry record just like a light

1994

01:23:51,440 --> 01:23:48,990

switch

1995

01:23:53,000 --> 01:23:51,450

yeah so that was my number one side

1996

01:23:55,250 --> 01:23:53,010

because I was so close to it

1997

01:23:57,830 --> 01:23:55,260

and it validated all my orbs that I've

1998

01:23:59,540 --> 01:23:57,840

ever seen because you never 100% when

1999

01:24:01,490 --> 01:23:59,550

you're using night vision there's 100

2000

01:24:03,050 --> 01:24:01,500

feet away you know it's an anomaly

2001

01:24:04,850 --> 01:24:03,060

you know you ruled out anything mundane

2002

01:24:07,670 --> 01:24:04,860

but there may be something one day that

2003

01:24:10,190 --> 01:24:07,680

I'm not familiar with yet I'm capturing

2004

01:24:11,720 --> 01:24:10,200

it on on on camera but when you have

2005

01:24:17,900 --> 01:24:11,730

this experience with this little blue

2006

01:24:19,850 --> 01:24:17,910

LED blue gull sized ball the ability

2007

01:24:22,460 --> 01:24:19,860

every orb that I've captured

2008

01:24:24,380 --> 01:24:22,470

they're real 100% real and 100%

2009

01:24:26,900 --> 01:24:24,390

confident because I've seen at ten feet

2010

01:24:29,780 --> 01:24:26,910

from me so I don't know what that was

2011

01:24:31,520 --> 01:24:29,790

and the fact that it blinked out what

2012

01:24:34,310 --> 01:24:31,530

are the coincidences hanging recorded

2013

01:24:37,130 --> 01:24:34,320

would just blink out I don't know yeah

2014

01:24:40,400 --> 01:24:37,140

but that was remarkable yeah that was

2015

01:24:43,400 --> 01:24:40,410

remark oh that was my best sighting yeah

2016

01:24:46,250 --> 01:24:43,410

yeah that that's kind of exciting in and

2017

01:24:48,260 --> 01:24:46,260

one of the things you know you're

2018

01:24:49,880 --> 01:24:48,270

talking about you're out there without

2019

01:24:52,130 --> 01:24:49,890

your camera of course you know that's

2020

01:24:53,690 --> 01:24:52,140

when that happens but and I know you

2021

01:24:56,990 --> 01:24:53,700

mentioned this when you had your very

2022

01:24:57,950 --> 01:24:57,000

first sighting and that was you didn't

2023

01:24:59,870 --> 01:24:57,960

think to record it

2024

01:25:06,050 --> 01:24:59,880

no no when the thing went across the

2025

01:25:07,729 --> 01:25:06,060

moon I think that by by just a few

2026

01:25:10,160 --> 01:25:07,739

seconds and about but easily ahead I

2027

01:25:11,660 --> 01:25:10,170

could just hit the camera and take

2028

01:25:13,850 --> 01:25:11,670

multiple photos because I was a setup

2029

01:25:16,280 --> 01:25:13,860

for multiple exposures she said to hit

2030

01:25:18,920 --> 01:25:16,290

the button but I was just stunned I was

2031

01:25:22,160 --> 01:25:18,930

going whoa what is that and by the time

2032

01:25:23,630 --> 01:25:22,170

it went by I'm like this isn't hitting

2033

01:25:26,810 --> 01:25:23,640

buttons it was nothing they're just the

2034

01:25:28,280 --> 01:25:26,820

moon so yeah it's it happens a lot then

2035

01:25:30,020 --> 01:25:28,290

I've seen a couple like that you know

2036

01:25:31,580 --> 01:25:30,030

and I could have grabbed my camera but I

2037

01:25:32,870 --> 01:25:31,590

want to watch it because I know by the

2038

01:25:35,390 --> 01:25:32,880

time I got my camera I would have missed

2039

01:25:37,220 --> 01:25:35,400

it and then we'd go by over five second

2040

01:25:39,260 --> 01:25:37,230

period and that wasn't too long ago six

2041

01:25:40,610 --> 01:25:39,270

months ago I saw one go by it was bright

2042

01:25:43,400 --> 01:25:40,620

orange and it was just going by really

2043

01:25:45,440 --> 01:25:43,410

fast faster than the ISS was that high

2044

01:25:47,420 --> 01:25:45,450

though but bright orange and it just

2045

01:25:48,979 --> 01:25:47,430

went really fast I knew would have been

2046

01:25:50,630 --> 01:25:48,989

a great catcher if I had my cameras out

2047

01:25:51,860 --> 01:25:50,640

but I want to watch it I knew I was

2048

01:25:54,010 --> 01:25:51,870

gonna miss it I want to see what's gonna

2049

01:25:59,570 --> 01:25:54,020

do something I've never seen before but

2050

01:26:01,280 --> 01:25:59,580

just passed mountains it wasn't I when I

2051

01:26:04,130 --> 01:26:01,290

had a sighting in California you know

2052

01:26:05,959 --> 01:26:04,140

years ago so that was the last thing on

2053

01:26:06,830 --> 01:26:05,969

my mind recording it or you know I mean

2054

01:26:12,050 --> 01:26:06,840

I didn't have my

2055

01:26:14,800 --> 01:26:12,060

but still it's like I never even thought

2056

01:26:18,290 --> 01:26:14,810

of it I think that that that can happen

2057

01:26:20,600 --> 01:26:18,300

but I think that's in the moment I think

2058

01:26:22,729 --> 01:26:20,610

people should carry something with them

2059

01:26:25,070 --> 01:26:22,739

I mean if you only have a phone camera

2060

01:26:26,390 --> 01:26:25,080

great at least you have something but if

2061

01:26:27,770 --> 01:26:26,400

I if people are listening right now and

2062

01:26:30,470 --> 01:26:27,780

you want to capture something and if

2063

01:26:32,169 --> 01:26:30,480

it's bright enough do video it'll take

2064

01:26:34,070 --> 01:26:32,179

pictures pictures are useless

2065

01:26:35,419 --> 01:26:34,080

unless that's all you can take is a

2066

01:26:38,030 --> 01:26:35,429

picture and it's really clear and it

2067

01:26:39,859 --> 01:26:38,040

really looks like a UFO take a picture

2068

01:26:42,109 --> 01:26:39,869

do whatever you have but if you can't

2069

01:26:44,359 --> 01:26:42,119

take video if your camera's got low

2070

01:26:47,419 --> 01:26:44,369

light if you got a good smart camera

2071

01:26:50,149 --> 01:26:47,429

that the videos got the good-good low

2072

01:26:52,850 --> 01:26:50,159

light take video because you can tell a

2073

01:26:57,169 --> 01:26:52,860

lot from an object by taking video and

2074

01:26:59,060 --> 01:26:57,179

we need that data as well yes we have a

2075

01:27:02,209 --> 01:26:59,070

regular listener to the show he's also a

2076

01:27:04,490 --> 01:27:02,219

regular guest longtime researcher race

2077

01:27:09,350 --> 01:27:04,500

stanford he did the Socorro case

2078

01:27:12,649 --> 01:27:09,360

originally oh yeah in New Mexico so ray

2079

01:27:14,600 --> 01:27:12,659

since the 1960's has always had either a

2080

01:27:17,810 --> 01:27:14,610

video or a camera on him he's never left

2081

01:27:21,080 --> 01:27:17,820

his home without it yeah yeah and but he

2082

01:27:23,899 --> 01:27:21,090

and he's caught some amazing footage I

2083

01:27:25,220 --> 01:27:23,909

went to his house he's very guarded he

2084

01:27:29,540 --> 01:27:25,230

could be listening right now actually

2085

01:27:31,100 --> 01:27:29,550

he's very guarded with his material but

2086

01:27:32,750 --> 01:27:31,110

if you actually spend the time and go to

2087

01:27:35,629 --> 01:27:32,760

his house he will show you some amazing

2088

01:27:39,169 --> 01:27:35,639

videos and my plans you know yeah an

2089

01:27:44,030 --> 01:27:39,179

amazing pictures and a lot of them one

2090

01:27:46,640 --> 01:27:44,040

of them is a plasma it's very much it's

2091

01:27:50,959 --> 01:27:46,650

very unique it's the object was moving

2092

01:27:53,689 --> 01:27:50,969

and it was it was vertical moving like a

2093

01:27:55,430 --> 01:27:53,699

disc vertical moving with a bright beam

2094

01:28:00,410 --> 01:27:55,440

of light out in front of it like a

2095

01:28:02,419 --> 01:28:00,420

plasma beam now wow yeah and I saw that

2096

01:28:03,859 --> 01:28:02,429

that picture again he won't you know he

2097

01:28:06,490 --> 01:28:03,869

won't share these on the internet or

2098

01:28:08,839 --> 01:28:06,500

anything like that he's very regarded

2099

01:28:12,290 --> 01:28:08,849

yeah some people get upset about it

2100

01:28:14,120 --> 01:28:12,300

though well hey I totally get it because

2101

01:28:16,550 --> 01:28:14,130

when I first started you know my first

2102

01:28:18,530 --> 01:28:16,560

one that I sent out on YouTube that

2103

01:28:20,250 --> 01:28:18,540

energy or I think I sent you a photo of

2104

01:28:22,290 --> 01:28:20,260

it that came 50

2105

01:28:23,970 --> 01:28:22,300

I mean it looks like a plasma filaments

2106

01:28:26,430 --> 01:28:23,980

you know and oh yeah it's just

2107

01:28:28,799 --> 01:28:26,440

completely to the naked eye now I put

2108

01:28:31,169 --> 01:28:28,809

that on YouTube and a couple other UFOs

2109

01:28:33,660 --> 01:28:31,179

I captured a couple of weeks or months

2110

01:28:36,299 --> 01:28:33,670

later one that looked like a satellite

2111

01:28:37,830 --> 01:28:36,309

and it bounced back did a 180 it went

2112

01:28:40,439 --> 01:28:37,840

the other way it's actually in my

2113

01:28:45,259 --> 01:28:40,449

documentary yes I put those on YouTube

2114

01:28:47,129 --> 01:28:45,269

well within a month I got 3 K 3

2115

01:28:50,459 --> 01:28:47,139

computers in my house

2116

01:28:52,200 --> 01:28:50,469

got 2 pcs and a Mac I got hacked

2117

01:28:54,899 --> 01:28:52,210

big-time all three of them all ones

2118

01:28:57,720 --> 01:28:54,909

through the internet and they went into

2119

01:28:59,910 --> 01:28:57,730

my company computer server took all

2120

01:29:02,609 --> 01:28:59,920

bunch of information from me

2121

01:29:04,770 --> 01:29:02,619

and they sent 198 emails to an

2122

01:29:07,439 --> 01:29:04,780

undisclosed undisclosed recipient

2123

01:29:10,649 --> 01:29:07,449

through my gmail account and it was

2124

01:29:13,470 --> 01:29:10,659

snippets above me of all of everything

2125

01:29:17,970 --> 01:29:13,480

from my I3 computers pair in a paragraph

2126
01:29:18,779 --> 01:29:17,980
and each of one of the 198 emails and I

2127
01:29:20,819 --> 01:29:18,789
couldn't believe it

2128
01:29:24,359 --> 01:29:20,829
I'm reading I'm going how did they do

2129
01:29:26,160 --> 01:29:24,369
this it was such a professional hack so

2130
01:29:27,359 --> 01:29:26,170
well I don't I've never been hacked in

2131
01:29:30,209 --> 01:29:27,369
my life before

2132
01:29:32,279 --> 01:29:30,219
you know I hear I'm posting your full

2133
01:29:34,560 --> 01:29:32,289
videos and boom three of my computers

2134
01:29:36,959 --> 01:29:34,570
are down and all this information is

2135
01:29:40,560 --> 01:29:36,969
zipped all through my gmail account so I

2136
01:29:44,250 --> 01:29:40,570
take precautions now but Wow yeah design

2137
01:29:47,430 --> 01:29:44,260
coincidence oh yeah I started

2138
01:29:50,209 --> 01:29:47,440

there's VPN or something like that my

2139

01:29:52,799 --> 01:29:50,219

son was telling me about so that's

2140

01:29:55,259 --> 01:29:52,809

that's the best protection you can get

2141

01:29:59,129 --> 01:29:55,269

like Aaron it's you guys a month yeah

2142

01:30:00,870 --> 01:29:59,139

yeah well excellent so what do you what

2143

01:30:03,419 --> 01:30:00,880

do you we got about a half hour left

2144

01:30:05,790 --> 01:30:03,429

here and again we can take calls if

2145

01:30:08,879 --> 01:30:05,800

anyone wants to call in but what do you

2146

01:30:12,390 --> 01:30:08,889

plan to do next are you planning to do

2147

01:30:14,459 --> 01:30:12,400

any more filming as far as movies go

2148

01:30:17,879 --> 01:30:14,469

even though you lost money on this one

2149

01:30:19,620 --> 01:30:17,889

yeah not losing money I spent money I

2150

01:30:21,899 --> 01:30:19,630

put myself in a hole sure a little bit

2151
01:30:25,680 --> 01:30:21,909
you know I'm doing this now I got three

2152
01:30:27,509 --> 01:30:25,690
drones here's a small one oh yes but us

2153
01:30:29,759 --> 01:30:27,519
one it's a tiny it goes 2 kilometers

2154
01:30:33,540 --> 01:30:29,769
it's called a spark it's got a great HD

2155
01:30:35,910 --> 01:30:33,550
video you can actually put 4 5

2156
01:30:37,830 --> 01:30:35,920
grand a thermal device on this little

2157
01:30:39,480 --> 01:30:37,840
thing only five grand

2158
01:30:40,350 --> 01:30:39,490
yeah only five grand I don't have that

2159
01:30:43,020 --> 01:30:40,360
money more I spent too much money

2160
01:30:44,370 --> 01:30:43,030
already this wasn't too expensive I got

2161
01:30:46,980 --> 01:30:44,380
the mafic which is a little bit bigger

2162
01:30:49,410 --> 01:30:46,990
and I got another one it's a lot larger

2163
01:30:51,150 --> 01:30:49,420

or I can put more of a payload on it so

2164

01:30:52,890 --> 01:30:51,160

that's my next venture is I want to get

2165

01:30:54,570 --> 01:30:52,900

something in the air because why I'm

2166

01:30:56,310 --> 01:30:54,580

going to follow these orbs I know if

2167

01:30:58,260 --> 01:30:56,320

they shoot any MF they're gonna drop

2168

01:31:00,720 --> 01:30:58,270

these things like a fly like they're

2169

01:31:02,250 --> 01:31:00,730

gonna jump on with the sky but if I get

2170

01:31:06,230 --> 01:31:02,260

closer and get more information more

2171

01:31:08,910 --> 01:31:06,240

data with thermal and with night vision

2172

01:31:10,230 --> 01:31:08,920

why not I mean this is what I want to

2173

01:31:13,170 --> 01:31:10,240

always want to do it against the Hobby

2174

01:31:15,870 --> 01:31:13,180

as well but I want to set these up with

2175

01:31:18,270 --> 01:31:15,880

them with thermal I just wish there were

2176
01:31:20,520 --> 01:31:18,280
some people out there with lots of money

2177
01:31:22,470 --> 01:31:20,530
that love UFOs I want to learn more

2178
01:31:24,720 --> 01:31:22,480
about UFOs there's people like myself

2179
01:31:27,080 --> 01:31:24,730
around the world that could benefit with

2180
01:31:28,920 --> 01:31:27,090
a little bit of money you know

2181
01:31:31,230 --> 01:31:28,930
millionaires that don't know what to do

2182
01:31:33,750 --> 01:31:31,240
with their money I'm here here's my

2183
01:31:37,080 --> 01:31:35,490
yeah well that you know the one thing

2184
01:31:39,630 --> 01:31:37,090
about you put that type of money in a

2185
01:31:41,700 --> 01:31:39,640
drone and you crash it it's that would

2186
01:31:43,440 --> 01:31:41,710
be a shame to have that happen well

2187
01:31:45,180 --> 01:31:43,450
that's that's why I probably would put

2188
01:31:47,760 --> 01:31:45,190

on this \$500 why not put on more

2189

01:31:50,940 --> 01:31:47,770

expensive one that I know that's it's

2190

01:31:53,820 --> 01:31:50,950

gonna stay in here and uh it the fact

2191

01:31:57,510 --> 01:31:53,830

that but if I do encounter an object

2192

01:31:59,880 --> 01:31:57,520

that has a lot of radiation of RF signal

2193

01:32:01,250 --> 01:31:59,890

or EMF that might drop the drone on this

2194

01:32:04,590 --> 01:32:01,260

guy then yeah that's going to be a loss

2195

01:32:06,780 --> 01:32:04,600

but it's worth the risk you know they're

2196

01:32:09,960 --> 01:32:06,790

gonna be warp chasing now I dunno uh

2197

01:32:14,340 --> 01:32:09,970

there are some for instance Doug

2198

01:32:16,500 --> 01:32:14,350

Trumbull these deep pockets yeah he's

2199

01:32:19,560 --> 01:32:16,510

doing the you photog him along with uh

2200

01:32:22,140 --> 01:32:19,570

Mark Dantonio

2201
01:32:23,340 --> 01:32:22,150
so yeah so there are some people out

2202
01:32:26,040 --> 01:32:23,350
there that are taking this seriously

2203
01:32:28,410 --> 01:32:26,050
beside yourself oh yeah and he's got

2204
01:32:29,550 --> 01:32:28,420
money he's got some great equipment yes

2205
01:32:31,700 --> 01:32:29,560
yeah yeah

2206
01:32:35,490 --> 01:32:31,710
I know I know if you use his equipment

2207
01:32:36,750 --> 01:32:35,500
right right I have to talk I was talking

2208
01:32:38,910 --> 01:32:36,760
to mark the other day I forgot to ask

2209
01:32:40,740 --> 01:32:38,920
him what their progress is on but they

2210
01:32:43,320 --> 01:32:40,750
had planned to put out these stations

2211
01:32:46,380 --> 01:32:43,330
everywhere in hot spots all over the

2212
01:32:47,159 --> 01:32:46,390
country in the US you know to play these

2213
01:32:49,259 --> 01:32:47,169

things

2214

01:32:52,109 --> 01:32:49,269

yeah it's a big project before you have

2215

01:32:54,899 --> 01:32:52,119

to before they started UFO data and UFO

2216

01:32:57,359 --> 01:32:54,909

talk I had that same idea that talked

2217

01:33:00,659 --> 01:32:57,369

about it for many years with a few

2218

01:33:03,089 --> 01:33:00,669

people it's just too much money I'd love

2219

01:33:06,479 --> 01:33:03,099

to do it it's expression places like

2220

01:33:08,879 --> 01:33:06,489

Vancouver which is a hotspot definitely

2221

01:33:10,979 --> 01:33:08,889

a hotspot and you just have to put it in

2222

01:33:13,859 --> 01:33:10,989

a couple areas and I guarantee we would

2223

01:33:17,790 --> 01:33:13,869

get data we would get more sightings on

2224

01:33:19,439 --> 01:33:17,800

a regular basis with 24/7 coverage with

2225

01:33:22,109 --> 01:33:19,449

different optical systems you know

2226

01:33:24,209 --> 01:33:22,119

including thermal and it's military

2227

01:33:25,949 --> 01:33:24,219

equipment that they have I mean some of

2228

01:33:30,330 --> 01:33:25,959

the equipment you can't buy as consumer

2229

01:33:33,509 --> 01:33:30,340

but you got your you know medium or long

2230

01:33:35,339 --> 01:33:33,519

wave infrared cameras with 30-mile range

2231

01:33:38,129 --> 01:33:35,349

and you can zip in zoom in on something

2232

01:33:39,330 --> 01:33:38,139

and get some really good definition you

2233

01:33:41,850 --> 01:33:39,340

know in the middle of the night I mean

2234

01:33:43,529 --> 01:33:41,860

it's incredible stuff so it's expensive

2235

01:33:45,899 --> 01:33:43,539

and you just don't want to put up just

2236

01:33:47,669 --> 01:33:45,909

regular cameras like a headstone does a

2237

01:33:49,439 --> 01:33:47,679

great job you know they did spend a lot

2238

01:33:51,479 --> 01:33:49,449

of money initially they put up some

2239

01:33:53,609 --> 01:33:51,489

security cameras in certain areas and

2240

01:33:56,040 --> 01:33:53,619

they captured some great material you

2241

01:33:58,169 --> 01:33:56,050

know but they had some great sightings

2242

01:34:00,929 --> 01:33:58,179

on a regular basis in their area in that

2243

01:34:02,489 --> 01:34:00,939

little valley but since then of course

2244

01:34:05,339 --> 01:34:02,499

those sightings have diminished

2245

01:34:07,020 --> 01:34:05,349

dramatically like here in Vancouver but

2246

01:34:10,229 --> 01:34:07,030

they're still there I know and they're

2247

01:34:12,719 --> 01:34:10,239

still capturing on objects in them and

2248

01:34:14,129 --> 01:34:12,729

Hezbollah but it's just a matter of

2249

01:34:16,709 --> 01:34:14,139

getting more people up there and getting

2250

01:34:18,569 --> 01:34:16,719

more equipment up up in the sky pointing

2251

01:34:20,669 --> 01:34:18,579

up in the sky as I would have one at

2252

01:34:21,839 --> 01:34:20,679

Cypress Mountain I would have one here

2253

01:34:24,000 --> 01:34:21,849

in the building at one of the

2254

01:34:29,100 --> 01:34:24,010

universities but we worked with the you

2255

01:34:31,049 --> 01:34:29,110

know the space the space department the

2256

01:34:33,509 --> 01:34:31,059

guys got the money for the telescopes

2257

01:34:34,889 --> 01:34:33,519

you know but it's just it's it's money

2258

01:34:38,549 --> 01:34:34,899

that's really holding a lot of this back

2259

01:34:39,419 --> 01:34:38,559

and yet a lot of us are you know we

2260

01:34:42,449 --> 01:34:39,429

learn as we go

2261

01:34:43,919 --> 01:34:42,459

you know I'm not a physics teacher or

2262

01:34:45,330 --> 01:34:43,929

anything like that I'm you know I do

2263

01:34:47,699 --> 01:34:45,340

astronomy I learned everything from

2264

01:34:50,639 --> 01:34:47,709

internet and I read a lot of books so

2265

01:34:52,889 --> 01:34:50,649

you know I don't have a PhD or anything

2266

01:34:55,009 --> 01:34:52,899

but I know a lot more than a lot of PhDs

2267

01:34:58,080 --> 01:34:55,019

because I do the long the sky watching

2268

01:34:59,759 --> 01:34:58,090

you know I got the experience of

2269

01:35:00,910 --> 01:34:59,769

actually filming these things I know how

2270

01:35:03,669 --> 01:35:00,920

to film I know where they go

2271

01:35:06,130 --> 01:35:03,679

know how they react and know the act so

2272

01:35:08,890 --> 01:35:06,140

I think knowing that is just getting the

2273

01:35:10,780 --> 01:35:08,900

next step is getting a budget yeah

2274

01:35:12,669 --> 01:35:10,790

Margit yep

2275

01:35:14,410 --> 01:35:12,679

that's always that that's always a tough

2276

01:35:15,760 --> 01:35:14,420

part none of the things I I don't know

2277

01:35:17,650 --> 01:35:15,770

if you've ever done this and this is

2278

01:35:21,729 --> 01:35:17,660

probably kind of a quirky thing for me

2279

01:35:24,850 --> 01:35:21,739

to say but I last summer I was like I

2280

01:35:26,709 --> 01:35:24,860

laid out on the my front lawn and I was

2281

01:35:29,500 --> 01:35:26,719

looking up at the stars and actually I

2282

01:35:32,830 --> 01:35:29,510

can see the Milky Way I'm up in Maine

2283

01:35:34,990 --> 01:35:32,840

and and I have little light pollution on

2284

01:35:37,270 --> 01:35:35,000

I'm on top of a mountain so I was

2285

01:35:39,100 --> 01:35:37,280

sitting there and I just wondered what

2286

01:35:41,110 --> 01:35:39,110

is the weirdest thing that has ever

2287

01:35:42,970 --> 01:35:41,120

flown over in my vision you know my

2288

01:35:45,220 --> 01:35:42,980

sight of you right now in the last

2289

01:35:46,930 --> 01:35:45,230

hundred years you know I don't know do

2290

01:35:48,790 --> 01:35:46,940

you ever think those type of thoughts or

2291

01:35:52,479 --> 01:35:48,800

am I just a weirdo

2292

01:35:54,010 --> 01:35:52,489

I know I was a kid when I got into stars

2293

01:35:55,930 --> 01:35:54,020

big-time at when I was like eight years

2294

01:35:57,820 --> 01:35:55,940

old I knew I want to get into astronomy

2295

01:36:00,090 --> 01:35:57,830

so any reason why I'm not an astronomer

2296

01:36:03,340 --> 01:36:00,100

today way too many years of schooling

2297

01:36:05,680 --> 01:36:03,350

and so I'm Jeff or Kenneth I want to

2298

01:36:07,300 --> 01:36:05,690

make money travel the world so I became

2299

01:36:08,979 --> 01:36:07,310

a nurse instead it was only a couple of

2300

01:36:11,020 --> 01:36:08,989

years a couple years University a couple

2301

01:36:13,709 --> 01:36:11,030

years in a nursing school go to travel

2302

01:36:16,300 --> 01:36:13,719

the world so for years I was done yeah

2303

01:36:17,860 --> 01:36:16,310

so I had passion for - you know helping

2304

01:36:20,470 --> 01:36:17,870

people and the Stars

2305

01:36:23,709 --> 01:36:20,480

love the stars so yeah I had those same

2306

01:36:24,850 --> 01:36:23,719

kind of thoughts back then and today you

2307

01:36:27,610 --> 01:36:24,860

know I don't have to think about I know

2308

01:36:30,160 --> 01:36:27,620

the strangest things I've seen I fly by

2309

01:36:31,810 --> 01:36:30,170

in the sky so yes you're not but you're

2310

01:36:33,370 --> 01:36:31,820

not the thing of it is you're not out

2311

01:36:36,130 --> 01:36:33,380

there all the time and you know you just

2312

01:36:38,050 --> 01:36:36,140

you can't be who can't who could be yeah

2313

01:36:41,110 --> 01:36:38,060

but I it just makes me wonder what all

2314

01:36:43,360 --> 01:36:41,120

the things we are missing so we have a

2315

01:36:46,600 --> 01:36:43,370

question yeah we have a question came in

2316

01:36:47,890 --> 01:36:46,610

the chat room and this this person wants

2317

01:36:53,680 --> 01:36:47,900

to know his name's Wes wants to know

2318

01:36:56,650 --> 01:36:53,690

when he can add to his nikon dsr DSLR to

2319

01:36:58,120 --> 01:36:56,660

help see things that aren't normally

2320

01:37:00,729 --> 01:36:58,130

visible do you happen to know of any

2321

01:37:04,150 --> 01:37:00,739

type of other any attachments someone

2322

01:37:05,979 --> 01:37:04,160

can put well if it's a regular DSLR you

2323

01:37:09,040 --> 01:37:05,989

can't get infrared you can get infrared

2324

01:37:12,280 --> 01:37:09,050

lenses you'd have to if you want if

2325

01:37:14,740 --> 01:37:12,290

that's what he's asking for you can make

2326

01:37:15,100 --> 01:37:14,750

it into a night-vision device but it's

2327

01:37:18,399 --> 01:37:15,110

really

2328

01:37:20,580 --> 01:37:18,409

good for daytime and you basically you

2329

01:37:25,570 --> 01:37:20,590

got to bring it in and they remove the

2330

01:37:29,649 --> 01:37:25,580

the filter basically the whatchamacallit

2331

01:37:32,590 --> 01:37:29,659

oh my gosh it's a chip there it's a

2332

01:37:36,970 --> 01:37:32,600

little piece of plastic or glass

2333

01:37:38,470 --> 01:37:36,980

it's a prevent them CR if you know I

2334

01:37:40,689 --> 01:37:38,480

can't remember the name of it whatever

2335

01:37:42,070 --> 01:37:40,699

so yeah you get that removed for like

2336

01:37:43,419 --> 01:37:42,080

five hundred dollars a professional can

2337

01:37:45,609 --> 01:37:43,429

take it and then your camera now

2338

01:37:48,129 --> 01:37:45,619

actually is sensitive to the infrared

2339

01:37:49,450 --> 01:37:48,139

spectrum but it's not as powerful as a

2340

01:37:51,970 --> 01:37:49,460

night-vision device it's totally

2341

01:37:54,100 --> 01:37:51,980

different with the sensors their sense

2342

01:37:54,850 --> 01:37:54,110

of more nighttime I mean you can't use

2343

01:37:56,080 --> 01:37:54,860

it in the daytime

2344

01:37:58,479 --> 01:37:56,090

this is you're gonna use this in a

2345

01:38:00,550 --> 01:37:58,489

daytime then you would need the ND

2346

01:38:02,320 --> 01:38:00,560

filter if you're going to need to block

2347

01:38:05,590 --> 01:38:02,330

the light because it's gonna be really

2348

01:38:07,359 --> 01:38:05,600

really sensitive to visible light so if

2349

01:38:09,370 --> 01:38:07,369

that answers this question I think

2350

01:38:12,609 --> 01:38:09,380

that's probably all I can suggest with a

2351
01:38:14,620 --> 01:38:12,619
regular DSLR you can then customize it

2352
01:38:16,419 --> 01:38:14,630
but then remember after you do that you

2353
01:38:19,540 --> 01:38:16,429
can't take regular pictures with it

2354
01:38:21,609 --> 01:38:19,550
afterwards oh it's done it's only as

2355
01:38:22,990 --> 01:38:21,619
that one purpose yeah and has I want

2356
01:38:24,520 --> 01:38:23,000
purpose but some people like that

2357
01:38:26,649 --> 01:38:24,530
because you could take some nice

2358
01:38:28,689 --> 01:38:26,659
infrared photos and that's a new hobby

2359
01:38:32,910 --> 01:38:28,699
for a lot of people they take infrared

2360
01:38:35,830 --> 01:38:32,920
shots but for a night for for shooting

2361
01:38:37,870 --> 01:38:35,840
UFOs and you know in the infrared

2362
01:38:39,870 --> 01:38:37,880
spectrum you have to remove that filter

2363
01:38:44,399 --> 01:38:39,880

I forget what it's called again sorry

2364

01:38:46,990 --> 01:38:44,409

yeah ed long day today yeah yeah the

2365

01:38:50,379 --> 01:38:47,000

someone wants it happened to be at

2366

01:38:54,070 --> 01:38:50,389

Goddard Space Center a few years ago and

2367

01:38:56,200 --> 01:38:54,080

I I saw the James Webb telescope there

2368

01:38:59,020 --> 01:38:56,210

and people working on it was really cool

2369

01:39:01,240 --> 01:38:59,030

to see there and you know they have to

2370

01:39:02,800 --> 01:39:01,250

they're all dressed up and these I

2371

01:39:05,320 --> 01:39:02,810

forget what they're called non

2372

01:39:08,740 --> 01:39:05,330

contaminant suits and everything you

2373

01:39:11,169 --> 01:39:08,750

know in a in a protected space but the

2374

01:39:14,080 --> 01:39:11,179

thing is huge and someone in the chat

2375

01:39:16,600 --> 01:39:14,090

room wanted to know do you hold up much

2376

01:39:20,740 --> 01:39:16,610

hope for the James Webb telescope and

2377

01:39:22,689 --> 01:39:20,750

discovering ET no I don't know well yes

2378

01:39:25,899 --> 01:39:22,699

it turns of they're gonna find a planet

2379

01:39:28,570 --> 01:39:25,909

that's gonna be able to you know you

2380

01:39:31,100 --> 01:39:28,580

know they'll have life on it or you know

2381

01:39:32,780 --> 01:39:31,110

have life on it basically they'll be

2382

01:39:35,510 --> 01:39:32,790

trees maybe in water they might be able

2383

01:39:37,129 --> 01:39:35,520

to find out it's gonna detect h2o or or

2384

01:39:39,200 --> 01:39:37,139

something or another but they're not

2385

01:39:41,780 --> 01:39:39,210

gonna find et as an extraterrestrial as

2386

01:39:44,000 --> 01:39:41,790

it what people are asking about alien

2387

01:39:44,689 --> 01:39:44,010

civilizations other why is it what I

2388

01:39:46,879 --> 01:39:44,699

found about it

2389

01:39:50,300 --> 01:39:46,889

yeah you probably have maybe not telling

2390

01:39:51,770 --> 01:39:50,310

us that's a possibility possibility I

2391

01:39:53,479 --> 01:39:51,780

think they will absolutely if they're

2392

01:39:56,629 --> 01:39:53,489

gonna find a planet that's going to be

2393

01:39:59,840 --> 01:39:56,639

able to have life on it for sure I think

2394

01:40:02,720 --> 01:39:59,850

so we're getting closer every day yeah I

2395

01:40:04,240 --> 01:40:02,730

do I think you know I mean I think we're

2396

01:40:07,610 --> 01:40:04,250

definitely headed in that direction

2397

01:40:09,740 --> 01:40:07,620

George wants to know what night vision

2398

01:40:11,780 --> 01:40:09,750

do you what type of night vision do you

2399

01:40:12,590 --> 01:40:11,790

recommend I know those are like vast

2400

01:40:15,979 --> 01:40:12,600

price range

2401
01:40:18,500 --> 01:40:15,989
again if you have lots of money to spend

2402
01:40:19,790 --> 01:40:18,510
get yourself a generation 3 there's many

2403
01:40:22,340 --> 01:40:19,800
companies out there they're all great

2404
01:40:24,890 --> 01:40:22,350
you get one with white phosphorus if is

2405
01:40:27,950 --> 01:40:24,900
generation 3 it's a it's very fairly new

2406
01:40:30,290 --> 01:40:27,960
or newish it's just more sensitive you

2407
01:40:32,390 --> 01:40:30,300
can see clearer with it I like them

2408
01:40:35,510 --> 01:40:32,400
better than the green background of the

2409
01:40:38,510 --> 01:40:35,520
night vision it's very sensitive you can

2410
01:40:40,129 --> 01:40:38,520
see deep in the night sky with that but

2411
01:40:41,270 --> 01:40:40,139
if you're in the city and you don't have

2412
01:40:42,470 --> 01:40:41,280
a lot of money which is the majority

2413
01:40:43,550 --> 01:40:42,480

that people don't want to spend a lot of

2414

01:40:45,620 --> 01:40:43,560

money they don't want to spend twenty

2415

01:40:47,000 --> 01:40:45,630

five hundred bucks or five print they

2416

01:40:49,310 --> 01:40:47,010

want to spend five hundred bucks or

2417

01:40:51,229 --> 01:40:49,320

seven hundred dollars maximum get a

2418

01:40:53,500 --> 01:40:51,239

digital night vision they're great they

2419

01:40:55,520 --> 01:40:53,510

work fine I use it that's all I use

2420

01:40:57,740 --> 01:40:55,530

because I'm again I'm in the city with

2421

01:41:00,200 --> 01:40:57,750

my light pollution it works really well

2422

01:41:02,990 --> 01:41:00,210

with light pollution it's called the

2423

01:41:05,560 --> 01:41:03,000

Luna optics I recommend that highly it's

2424

01:41:08,899 --> 01:41:05,570

because it's a colored night vision and

2425

01:41:10,520 --> 01:41:08,909

they really released a new one I'm

2426

01:41:13,010 --> 01:41:10,530

trialing it right now with the new

2427

01:41:15,950 --> 01:41:13,020

software on it it's actually works with

2428

01:41:18,410 --> 01:41:15,960

night vision and regular ISO you know

2429

01:41:20,090 --> 01:41:18,420

like you would have on your DSLR so you

2430

01:41:23,000 --> 01:41:20,100

can get more sensitivity and more gain

2431

01:41:24,439 --> 01:41:23,010

so you can either have it less powerful

2432

01:41:27,709 --> 01:41:24,449

for the city so you don't have all that

2433

01:41:30,140 --> 01:41:27,719

glare or you can get if you're out in

2434

01:41:31,610 --> 01:41:30,150

the woods or just dark dark outside and

2435

01:41:33,680 --> 01:41:31,620

it's just stars out there and you want a

2436

01:41:36,050 --> 01:41:33,690

really sensitive then you can up the ISO

2437

01:41:38,689 --> 01:41:36,060

to increase the sensitivity of the night

2438

01:41:40,820 --> 01:41:38,699

vision digital night vision so it's it's

2439

01:41:41,700 --> 01:41:40,830

good to be better again I've got a trial

2440

01:41:43,950 --> 01:41:41,710

at right now

2441

01:41:45,960 --> 01:41:43,960

so that's what I would recommend so Lou

2442

01:41:48,120 --> 01:41:45,970

the optics remember that it's digital

2443

01:41:49,770 --> 01:41:48,130

night vision it also records internally

2444

01:41:52,170 --> 01:41:49,780

so you want that as well because you

2445

01:41:53,730 --> 01:41:52,180

want to record video remember about

2446

01:41:56,670 --> 01:41:53,740

pictures I don't believe in pictures I

2447

01:41:58,470 --> 01:41:56,680

believe in video so the generation three

2448

01:41:59,700 --> 01:41:58,480

cameras you buy they're very expensive

2449

01:42:01,470 --> 01:41:59,710

but they are the best for when you're

2450

01:42:02,910 --> 01:42:01,480

out in the boondocks there and you can

2451

01:42:07,860 --> 01:42:02,920

capture a lot of things way out there

2452

01:42:10,230 --> 01:42:07,870

but you also need to get a certain set

2453

01:42:12,390 --> 01:42:10,240

up so you can film through the eyepiece

2454

01:42:15,030 --> 01:42:12,400

to get video because they don't have

2455

01:42:16,590 --> 01:42:15,040

internal video recording the digital

2456

01:42:19,470 --> 01:42:16,600

video of the digital night vision

2457

01:42:21,000 --> 01:42:19,480

devices they do and ilona optics is

2458

01:42:23,790 --> 01:42:21,010

probably one of the better ones because

2459

01:42:27,810 --> 01:42:23,800

it films an HD and that's another big

2460

01:42:30,300 --> 01:42:27,820

big big point there it's not 5 20 by 480

2461

01:42:32,370 --> 01:42:30,310

or whatever yeah so it's actually HD

2462

01:42:33,960 --> 01:42:32,380

it's a little noisy but if you have some

2463

01:42:34,740 --> 01:42:33,970

good editing software you can eliminate

2464

01:42:37,890 --> 01:42:34,750

a lot of it

2465

01:42:40,380 --> 01:42:37,900

so they're usually yeah great thank you

2466

01:42:42,090 --> 01:42:40,390

for that Kenneth wants to know if you've

2467

01:42:44,610 --> 01:42:42,100

ever had an experience and then blanked

2468

01:42:46,130 --> 01:42:44,620

it out in your mind and then all of a

2469

01:42:48,270 --> 01:42:46,140

sudden you remembered later

2470

01:42:49,560 --> 01:42:48,280

you know I it's a good very good

2471

01:42:51,390 --> 01:42:49,570

question because when I first started

2472

01:42:53,850 --> 01:42:51,400

doing this and I had that real close

2473

01:42:56,160 --> 01:42:53,860

encounter the first one the plasma orb I

2474

01:42:58,200 --> 01:42:56,170

had a lot of lucid dreams after that I

2475

01:42:59,700 --> 01:42:58,210

don't know if it was just my brain

2476

01:43:02,190 --> 01:42:59,710

thinking cuz this is my first UFO that

2477

01:43:03,840 --> 01:43:02,200

I've seen I cannot explain but I had

2478

01:43:06,630 --> 01:43:03,850

some weird things happen to me for the

2479

01:43:10,310 --> 01:43:06,640

first three months of my journey into

2480

01:43:12,690 --> 01:43:10,320

you know captian UFOs on film so

2481

01:43:14,640 --> 01:43:12,700

blocking something I don't think of

2482

01:43:16,950 --> 01:43:14,650

blocking it but I've had lucid dreams

2483

01:43:20,210 --> 01:43:16,960

weird dreams that I can't remember

2484

01:43:24,390 --> 01:43:20,220

so maybe yes it could be an answer to it

2485

01:43:26,070 --> 01:43:24,400

okay so we're taking someone just asked

2486

01:43:28,260 --> 01:43:26,080

them the message woman if they were out

2487

01:43:30,620 --> 01:43:28,270

of the country can they call and yes and

2488

01:43:33,270 --> 01:43:30,630

that would be one six zero three nine

2489

01:43:36,380 --> 01:43:33,280

six seven four

2490

01:43:39,030 --> 01:43:36,390

oh three oh if someone wants to call in

2491

01:43:41,820 --> 01:43:39,040

international or you cannot actually

2492

01:43:46,080 --> 01:43:41,830

Skype as well and if you'd like to Skype

2493

01:43:48,960 --> 01:43:46,090

in a simply marty willis ma RT y wi ll

2494

01:43:50,790 --> 01:43:48,970

is and don't call me Marty that was just

2495

01:43:55,200 --> 01:43:50,800

available that's the only reason I took

2496

01:44:00,210 --> 01:43:55,210

that really sorry I'm not talking to you

2497

01:44:03,210 --> 01:44:00,220

okay yeah so as far as you you have a

2498

01:44:04,890 --> 01:44:03,220

ton of money invested and would you if

2499

01:44:06,300 --> 01:44:04,900

you had to start all over again would

2500

01:44:11,600 --> 01:44:06,310

you do something different or do you

2501
01:44:18,600 --> 01:44:16,950
yeah initially yes I would have but what

2502
01:44:19,950 --> 01:44:18,610
I have now initially rather than buying

2503
01:44:21,270 --> 01:44:19,960
some other stuff that I did in they're

2504
01:44:23,850 --> 01:44:21,280
gone now are sold have lost a lot of

2505
01:44:27,000 --> 01:44:23,860
money on that didn't work for me

2506
01:44:29,550 --> 01:44:27,010
I was trial and error so yeah I mean I

2507
01:44:32,460 --> 01:44:29,560
probably would have had this as much

2508
01:44:34,290 --> 01:44:32,470
today if I would what I know today if I

2509
01:44:35,940 --> 01:44:34,300
would have started probably that's why

2510
01:44:37,950 --> 01:44:35,950
I'm giving my experience out to

2511
01:44:40,710 --> 01:44:37,960
everybody out there what they get it's

2512
01:44:43,470 --> 01:44:40,720
my experience on I've had eight years of

2513
01:44:45,330 --> 01:44:43,480

it it works you see my videos watch my

2514

01:44:45,660 --> 01:44:45,340

documentary if you haven't it's the real

2515

01:44:47,820 --> 01:44:45,670

thing

2516

01:44:49,290 --> 01:44:47,830

they're not fake videos they're not

2517

01:44:50,760 --> 01:44:49,300

mundane some people might think that

2518

01:44:53,520 --> 01:44:50,770

even work don't own you might think it

2519

01:44:53,970 --> 01:44:53,530

might not be the real thing I know it's

2520

01:44:55,950 --> 01:44:53,980

the real thing

2521

01:44:57,810 --> 01:44:55,960

maybe some of them might not be I still

2522

01:45:00,180 --> 01:44:57,820

you know there's a couple of videos I

2523

01:45:03,510 --> 01:45:00,190

have on YouTube channel I'm still not

2524

01:45:05,610 --> 01:45:03,520

sure about it could be a bat or it could

2525

01:45:07,410 --> 01:45:05,620

be a satellite for sure I've taken a lot

2526
01:45:09,440 --> 01:45:07,420
of sound bites off my youtube channel I

2527
01:45:11,760 --> 01:45:09,450
figured out there were satellites but

2528
01:45:13,590 --> 01:45:11,770
majority of the ones especially the ones

2529
01:45:16,110 --> 01:45:13,600
I might you have my documentary those

2530
01:45:18,930 --> 01:45:16,120
are real man there's nothing I can think

2531
01:45:21,480 --> 01:45:18,940
of that a mundane expression with that

2532
01:45:25,020 --> 01:45:21,490
blue orb that came ten feet from me that

2533
01:45:27,060 --> 01:45:25,030
that was real what is that if that was

2534
01:45:28,980 --> 01:45:27,070
real what I'm filming is the same thing

2535
01:45:30,480 --> 01:45:28,990
you know it just further away in there

2536
01:45:33,120 --> 01:45:30,490
different colors I've seen oh the

2537
01:45:36,150 --> 01:45:33,130
rainbow there's orange ever whites blue

2538
01:45:38,550 --> 01:45:36,160

and silver bright silver over the phone

2539

01:45:39,900 --> 01:45:38,560

with the Sun gleaming and turning black

2540

01:45:42,450 --> 01:45:39,910

and it's it can you straight up in the

2541

01:45:44,250 --> 01:45:42,460

sky it was one of my visual ones I saw

2542

01:45:46,200 --> 01:45:44,260

it the naked eye and my brother saw that

2543

01:45:48,570 --> 01:45:46,210

one I saw one at the fireworks

2544

01:45:49,710 --> 01:45:48,580

it was orange going to read it from all

2545

01:45:52,140 --> 01:45:49,720

the different colors of the fireworks

2546

01:45:54,000 --> 01:45:52,150

display bouncing up and down like maybe

2547

01:45:56,280 --> 01:45:54,010

two or three thousand feet up and about

2548

01:45:58,140 --> 01:45:56,290

a mile out from the fireworks display no

2549

01:46:01,170 --> 01:45:58,150

drones back there this is back in 2012

2550

01:46:03,330 --> 01:46:01,180

go up and down just like my blue orb was

2551
01:46:05,580 --> 01:46:03,340
doing but I go way up and down changing

2552
01:46:08,130 --> 01:46:05,590
colors with the fireworks a dead at the

2553
01:46:08,770 --> 01:46:08,140
same time it was amazing so my brother

2554
01:46:13,629 --> 01:46:08,780
my

2555
01:46:15,430 --> 01:46:13,639
just looking at at the org we were

2556
01:46:17,770 --> 01:46:15,440
missing the whole fireworks display it

2557
01:46:20,080 --> 01:46:17,780
was pretty amazing there's so many

2558
01:46:23,680 --> 01:46:20,090
people that have claimed that they've

2559
01:46:27,010 --> 01:46:23,690
seen you know they've seen during

2560
01:46:29,859 --> 01:46:27,020
fireworks they've seen sightings yeah

2561
01:46:33,609 --> 01:46:29,869
yeah yeah yeah they do show up there's

2562
01:46:34,899 --> 01:46:33,619
no doubt about it a lot majority of the

2563
01:46:37,569 --> 01:46:34,909

people are seeing your filtered

2564

01:46:41,020 --> 01:46:37,579

fireworks though I must say I can't say

2565

01:46:42,580 --> 01:46:41,030

every specific one but majority are

2566

01:46:43,810 --> 01:46:42,590

probably seeing Chinese lanterns because

2567

01:46:46,720 --> 01:46:43,820

they've never seen one before journal

2568

01:46:48,939 --> 01:46:46,730

fires for our fireworks display love lot

2569

01:46:51,520 --> 01:46:48,949

of lanterns I shot up at that time yes

2570

01:46:53,410 --> 01:46:51,530

the sprayer works yeah when you see you

2571

01:46:56,109 --> 01:46:53,420

in org where you fold you'll know for

2572

01:46:57,669 --> 01:46:56,119

sure you won't question it it's a UFO

2573

01:47:01,120 --> 01:46:57,679

it's not gonna look like anything else

2574

01:47:02,620 --> 01:47:01,130

you've seen before right Chinese lantern

2575

01:47:04,450 --> 01:47:02,630

before will them and that will look like

2576
01:47:07,540 --> 01:47:04,460
something you've never seen before but

2577
01:47:10,149 --> 01:47:07,550
you got to get the experience watch

2578
01:47:11,350 --> 01:47:10,159
those things look what other Chinese

2579
01:47:13,600 --> 01:47:11,360
lantern looks like with the naked eye

2580
01:47:16,060 --> 01:47:13,610
for the first time look what a satellite

2581
01:47:17,979 --> 01:47:16,070
an Iridium flares like with the naked

2582
01:47:20,350 --> 01:47:17,989
eye look what the ISS looks like with

2583
01:47:24,040 --> 01:47:20,360
the naked eye do all these things that

2584
01:47:25,479 --> 01:47:24,050
are mundane get that experience then if

2585
01:47:27,520 --> 01:47:25,489
you see something that's different than

2586
01:47:29,740 --> 01:47:27,530
any of those things that really stand

2587
01:47:31,779 --> 01:47:29,750
out that blows from your mind that

2588
01:47:33,819 --> 01:47:31,789

really blows your hair back like wow

2589

01:47:35,950 --> 01:47:33,829

then you know that you've seen something

2590

01:47:37,720 --> 01:47:35,960

that's not mundane it's not it's a real

2591

01:47:40,959 --> 01:47:37,730

thing it's really awful that's what

2592

01:47:42,549 --> 01:47:40,969

happened to me I've just banter in the

2593

01:47:45,399 --> 01:47:42,559

chat room wants to know if you're

2594

01:47:46,089 --> 01:47:45,409

familiar with a fellow Canadian Dorothy

2595

01:47:49,660 --> 01:47:46,099

izzat's

2596

01:47:50,640 --> 01:47:49,670

yes photography yes yeah I don't know

2597

01:47:54,189 --> 01:47:50,650

what she felt

2598

01:47:56,500 --> 01:47:54,199

is she filming or photography yes

2599

01:47:58,959 --> 01:47:56,510

filming she had old and old he I think

2600

01:48:01,450 --> 01:47:58,969

was an old 8 millimeter video camera but

2601
01:48:03,339 --> 01:48:01,460
sure I think that's what it was I don't

2602
01:48:05,379 --> 01:48:03,349
know a lot of people saying that what

2603
01:48:07,839 --> 01:48:05,389
was she was filming was light leaks from

2604
01:48:09,609 --> 01:48:07,849
an old one of the old cameras they can

2605
01:48:11,620 --> 01:48:09,619
get light leaks and that's the reason

2606
01:48:13,180 --> 01:48:11,630
for it but I don't know she was showing

2607
01:48:16,140 --> 01:48:13,190
some amazing things I mean it was a lot

2608
01:48:17,700 --> 01:48:16,150
of colors and everything but you know I

2609
01:48:19,899 --> 01:48:17,710
don't know I

2610
01:48:21,580 --> 01:48:19,909
I've never seen anything like it myself

2611
01:48:23,680 --> 01:48:21,590
personally

2612
01:48:26,700 --> 01:48:23,690
but I've never had an older camera like

2613
01:48:30,609 --> 01:48:26,710

that filming at my orbs so I don't know

2614

01:48:33,220 --> 01:48:30,619

if it's legit or not again this could be

2615

01:48:35,459 --> 01:48:33,230

misidentification from a camera that's

2616

01:48:37,570 --> 01:48:35,469

got some issues back in those days I

2617

01:48:40,209 --> 01:48:37,580

think it's real I think she was feeling

2618

01:48:42,609 --> 01:48:40,219

something that's a unique and she's from

2619

01:48:45,160 --> 01:48:42,619

this part of town part of the area

2620

01:48:47,229 --> 01:48:45,170

I see and now when you've used your

2621

01:48:49,720 --> 01:48:47,239

laser have you ever not been able to

2622

01:48:51,879 --> 01:48:49,730

actually locate something with your

2623

01:48:56,620 --> 01:48:51,889

laser or do you always seem to land on

2624

01:48:58,839 --> 01:48:56,630

it oh no my laser was just for getting

2625

01:49:02,260 --> 01:48:58,849

their attention and see if it would get

2626

01:49:05,550 --> 01:49:02,270

their attention only time I really did

2627

01:49:08,169 --> 01:49:05,560

land on something was that one that that

2628

01:49:10,540 --> 01:49:08,179

flared up but people think that might be

2629

01:49:13,540 --> 01:49:10,550

Iridium flare satellite which I still

2630

01:49:15,760 --> 01:49:13,550

think it's not and the orb they which I

2631

01:49:19,390 --> 01:49:15,770

call orb games again I it's none of my

2632

01:49:20,859 --> 01:49:19,400

Phil that's on my youtube channel that

2633

01:49:22,570 --> 01:49:20,869

was an accident this thing was trying to

2634

01:49:24,609 --> 01:49:22,580

avoid my laser I was trying to

2635

01:49:26,350 --> 01:49:24,619

everything try to hit it this thing was

2636

01:49:28,720 --> 01:49:26,360

amazing and it was infrared it was

2637

01:49:32,229 --> 01:49:28,730

invisible and this little Donald light

2638

01:49:34,990 --> 01:49:32,239

saw it and it's not a bat because bats

2639

01:49:38,109 --> 01:49:35,000

can't see in infrared light unless they

2640

01:49:39,430 --> 01:49:38,119

see it no let's think of my son I think

2641

01:49:42,040 --> 01:49:39,440

they couldn't they could have seen it

2642

01:49:43,689 --> 01:49:42,050

so it was an orb and I hit it was an

2643

01:49:46,540 --> 01:49:43,699

accident hitting it I could believe a

2644

01:49:48,640 --> 01:49:46,550

hit it boom so no it's unusual thing we

2645

01:49:50,379 --> 01:49:48,650

hit something with my my lasers I don't

2646

01:49:54,280 --> 01:49:50,389

usually anymore because first of all

2647

01:49:56,050 --> 01:49:54,290

it's broken and the only laser I have

2648

01:49:59,320 --> 01:49:56,060

right now is a very powerful one watt

2649

01:50:01,839 --> 01:49:59,330

colored dangerous laser which is against

2650

01:50:04,450 --> 01:50:01,849

the law you do not want to use them yeah

2651
01:50:07,270 --> 01:50:04,460
if you hit an airline with it yeah it's

2652
01:50:09,220 --> 01:50:07,280
do not use I use scar watching if you

2653
01:50:11,649 --> 01:50:09,230
want to use lasers for scar watching get

2654
01:50:13,660 --> 01:50:11,659
it infrared one did you can't see with

2655
01:50:15,490 --> 01:50:13,670
the naked eye yeah are very dangerous

2656
01:50:17,620 --> 01:50:15,500
yeah that makes that makes a lot of

2657
01:50:19,330 --> 01:50:17,630
sense to do that now what about the

2658
01:50:21,189 --> 01:50:19,340
ridicule factor you always hear about

2659
01:50:23,350 --> 01:50:21,199
that have you suffered any of that

2660
01:50:26,530 --> 01:50:23,360
absolutely oh really

2661
01:50:29,109 --> 01:50:26,540
and I from colleagues from who how's

2662
01:50:31,720 --> 01:50:29,119
that happen yeah most my company knows

2663
01:50:34,450 --> 01:50:31,730

what I do majority of them now believe

2664

01:50:35,450 --> 01:50:34,460

what I do Israel at the beginning

2665

01:50:37,310 --> 01:50:35,460

they're making jokes my

2666

01:50:40,310 --> 01:50:37,320

Hostel jokes around with it but I think

2667

01:50:42,320 --> 01:50:40,320

inside she believes it a lot of them are

2668

01:50:47,120 --> 01:50:42,330

skeptics like everybody else like any

2669

01:50:49,240 --> 01:50:47,130

well in population but they don't

2670

01:50:51,709 --> 01:50:49,250

ridicule me as like they did before but

2671

01:50:53,390 --> 01:50:51,719

I'm still single how you have what do

2672

01:50:56,420 --> 01:50:53,400

you think you know it's not something

2673

01:50:59,300 --> 01:50:56,430

you bring up in your first date as I had

2674

01:51:00,380 --> 01:50:59,310

to do that it hey buddy if you see my

2675

01:51:10,370 --> 01:51:00,390

videos of UFOs

2676
01:51:12,050 --> 01:51:10,380
no she goes yeah it happens but it's for

2677
01:51:14,479 --> 01:51:12,060
me it's worth it if I never had that a

2678
01:51:17,090 --> 01:51:14,489
first experience man sometimes regret

2679
01:51:20,540 --> 01:51:17,100
having it because I've had some hardship

2680
01:51:22,010 --> 01:51:20,550
over the years but it's totally worth it

2681
01:51:24,920 --> 01:51:22,020
to what I've seen and experienced today

2682
01:51:26,810 --> 01:51:24,930
it has all been positive only one time I

2683
01:51:29,030 --> 01:51:26,820
was I was scared on fire personal safe

2684
01:51:30,979 --> 01:51:29,040
because it was big it was a big three

2685
01:51:32,630 --> 01:51:30,989
big objects that I had never seen before

2686
01:51:35,390 --> 01:51:32,640
so I just got scared

2687
01:51:37,040 --> 01:51:35,400
but it did threaten me at all and none

2688
01:51:39,229 --> 01:51:37,050

of these things threaten me I felt the

2689

01:51:41,510 --> 01:51:39,239

presence on everyone that's gotten close

2690

01:51:44,720 --> 01:51:41,520

to me and I've had four comfortable five

2691

01:51:46,790 --> 01:51:44,730

to ten feet for me I mean I think

2692

01:51:50,240 --> 01:51:46,800

there's an Italian just back behind them

2693

01:51:51,890 --> 01:51:50,250

well you're not the first astronomer

2694

01:51:54,620 --> 01:51:51,900

that's had a sighting as a matter of

2695

01:51:57,530 --> 01:51:54,630

fact there's there's an article on open

2696

01:52:00,440 --> 01:51:57,540

minds that Alejandro Ross wrote years

2697

01:52:03,640 --> 01:52:00,450

ago about how many astronomers actually

2698

01:52:07,040 --> 01:52:03,650

have seen UFOs and amateur astronomers

2699

01:52:09,350 --> 01:52:07,050

you know I had I had one on this show he

2700

01:52:12,860 --> 01:52:09,360

was a regular on the show unfortunately

2701
01:52:15,860 --> 01:52:12,870
passed away but Andi contacted me say

2702
01:52:18,320 --> 01:52:15,870
four or five years ago and he said all

2703
01:52:21,320 --> 01:52:18,330
this you hear about astronomers not

2704
01:52:23,150 --> 01:52:21,330
seeing UFOs and he told his story he was

2705
01:52:25,190 --> 01:52:23,160
bringing his telescope in for the night

2706
01:52:27,170 --> 01:52:25,200
and all of a sudden something just

2707
01:52:29,240 --> 01:52:27,180
blacked out the cloud I mean the stars

2708
01:52:33,709 --> 01:52:29,250
up above him and it was a huge black

2709
01:52:35,570 --> 01:52:33,719
triangle yeah sound yeah no son over his

2710
01:52:37,850 --> 01:52:35,580
head I happened to a friend of mine

2711
01:52:40,360 --> 01:52:37,860
actually she's no longer around either

2712
01:52:44,000 --> 01:52:40,370
she's passed away two years ago she

2713
01:52:46,160 --> 01:52:44,010

nothing about UFOs until I told her what

2714

01:52:48,440 --> 01:52:46,170

I did about UFOs she goes no way you

2715

01:52:49,010 --> 01:52:48,450

believe in UFOs I didn't tell anybody is

2716

01:52:51,080 --> 01:52:49,020

she

2717

01:52:53,240 --> 01:52:51,090

her story this is inverted e this is

2718

01:52:54,800 --> 01:52:53,250

about four miles from me

2719

01:52:57,170 --> 01:52:54,810

she was under balcony having a cigarette

2720

01:52:59,000 --> 01:52:57,180

and she was looking up at the stars and

2721

01:53:00,080 --> 01:52:59,010

there's one area that was blocked out

2722

01:53:03,230 --> 01:53:00,090

from the stars she thought was the

2723

01:53:04,790 --> 01:53:03,240

clouds but then she looked closer it was

2724

01:53:06,560 --> 01:53:04,800

really low she said it could have been

2725

01:53:08,990 --> 01:53:06,570

more than a thousand feet above the

2726
01:53:09,410 --> 01:53:09,000
building's going towards where I live

2727
01:53:11,030 --> 01:53:09,420
right

2728
01:53:13,670 --> 01:53:11,040
Burnaby is over there and going to the

2729
01:53:15,560 --> 01:53:13,680
going to the southwest and she sought

2730
01:53:17,480 --> 01:53:15,570
and if their naked eye it blocked all

2731
01:53:20,210 --> 01:53:17,490
the stars and she looked from the circus

2732
01:53:22,760 --> 01:53:20,220
Alberta B is not out as much light

2733
01:53:26,030 --> 01:53:22,770
pollution so you got a lot more stars so

2734
01:53:27,740 --> 01:53:26,040
she made the she could tell it was being

2735
01:53:30,740 --> 01:53:27,750
a it was a triangle but there's no

2736
01:53:32,420 --> 01:53:30,750
lights at all but she saw the color of

2737
01:53:36,830 --> 01:53:32,430
the object itself was like a gunmetal

2738
01:53:39,140 --> 01:53:36,840

and land and it was it was rough rough

2739

01:53:41,270 --> 01:53:39,150

edges to it and the size of a football

2740

01:53:43,070 --> 01:53:41,280

field she said and she would never lie

2741

01:53:44,540 --> 01:53:43,080

or make up a story like this she doesn't

2742

01:53:47,390 --> 01:53:44,550

have an internet didn't have a computer

2743

01:53:48,830 --> 01:53:47,400

and she has basic cable and she doesn't

2744

01:53:50,360 --> 01:53:48,840

have ancient aliens or anything like

2745

01:53:52,940 --> 01:53:50,370

that she doesn't believe in anything I'd

2746

01:53:54,530 --> 01:53:52,950

like that so that's a credible credible

2747

01:53:57,020 --> 01:53:54,540

sighting I know her personally she's

2748

01:53:59,630 --> 01:53:57,030

passed away now just before putting up a

2749

01:54:02,630 --> 01:53:59,640

security camera at her house she passed

2750

01:54:05,360 --> 01:54:02,640

away when I want to capture that that

2751
01:54:06,920 --> 01:54:05,370
was a basic sighting yeah you know I

2752
01:54:09,610 --> 01:54:06,930
love the stories that come from people

2753
01:54:11,420 --> 01:54:09,620
that are you know like a one-time

2754
01:54:13,580 --> 01:54:11,430
sighting they never really thought much

2755
01:54:16,370 --> 01:54:13,590
about it or anything like that those

2756
01:54:18,620 --> 01:54:16,380
stories are always so interesting and

2757
01:54:20,210 --> 01:54:18,630
refreshing especially when the people

2758
01:54:23,420 --> 01:54:20,220
are saying exactly the same thing that

2759
01:54:24,950 --> 01:54:23,430
other people have seen yeah exactly just

2760
01:54:26,570 --> 01:54:24,960
like you said the gunmetal you know

2761
01:54:28,550 --> 01:54:26,580
you've heard that a whole bunch of times

2762
01:54:31,630 --> 01:54:28,560
a number of times you hear there's never

2763
01:54:34,010 --> 01:54:31,640

any lights and it's always no sound yeah

2764

01:54:36,920 --> 01:54:34,020

just traveling really slow and it's

2765

01:54:38,930 --> 01:54:36,930

trying going towards the ocean and you

2766

01:54:40,640 --> 01:54:38,940

know blocking out the stars that's how

2767

01:54:42,800 --> 01:54:40,650

she is she picked it out otherwise she

2768

01:54:44,900 --> 01:54:42,810

would never have noticed it yeah and

2769

01:54:46,910 --> 01:54:44,910

that's way out there every starry night

2770

01:54:48,410 --> 01:54:46,920

don't want to see that well you

2771

01:54:50,120 --> 01:54:48,420

mentioned you mentioned that you've

2772

01:54:53,270 --> 01:54:50,130

never really been scared or anything

2773

01:54:55,490 --> 01:54:53,280

like that but I'm you know a lot of

2774

01:54:57,950 --> 01:54:55,500

people do get scared now did she mention

2775

01:55:00,890 --> 01:54:57,960

anything about that in particular not at

2776

01:55:02,510 --> 01:55:00,900

all yeah no no no she wasn't scared at

2777

01:55:05,150 --> 01:55:02,520

all she just was amazed that

2778

01:55:08,480 --> 01:55:05,160

yeah something that big making no noise

2779

01:55:10,460 --> 01:55:08,490

at all uh uh didn't know what it was is

2780

01:55:12,980 --> 01:55:10,470

she new of course people talk about UFOs

2781

01:55:16,550 --> 01:55:12,990

it was a UFO she told no one except for

2782

01:55:19,370 --> 01:55:16,560

me so that was very interesting yeah

2783

01:55:23,660 --> 01:55:19,380

yeah that's very much well we only have

2784

01:55:26,260 --> 01:55:23,670

a couple minutes left here and we have I

2785

01:55:28,880 --> 01:55:26,270

guess we can close the show with

2786

01:55:31,280 --> 01:55:28,890

basically if there's any advice you can

2787

01:55:33,170 --> 01:55:31,290

give someone that's just starting out

2788

01:55:36,730 --> 01:55:33,180

there that I know you're going to be

2789

01:55:38,360 --> 01:55:36,740

creating a website to help people oh

2790

01:55:40,250 --> 01:55:38,370

it's there now

2791

01:55:41,570 --> 01:55:40,260

that's just dedicated they can go there

2792

01:55:44,960 --> 01:55:41,580

there's some resources there now it's

2793

01:55:46,610 --> 01:55:44,970

mostly some photos of me and photos like

2794

01:55:50,870 --> 01:55:46,620

taking cuz I do photography as well and

2795

01:55:53,930 --> 01:55:50,880

I got a couple of my top UFO videos on

2796

01:55:56,870 --> 01:55:53,940

there as well as some resources for what

2797

01:55:59,180 --> 01:55:56,880

you want to use for your first time sky

2798

01:56:04,340 --> 01:55:59,190

watching so but basically I'm gonna have

2799

01:56:08,360 --> 01:56:04,350

videos how-to so that's coming yeah yeah

2800

01:56:10,640 --> 01:56:08,370

great do you have like any advice for

2801
01:56:14,030 --> 01:56:10,650
anyone though out there that's you know

2802
01:56:15,770 --> 01:56:14,040
they they want to get started or or you

2803
01:56:17,690 --> 01:56:15,780
know just a simple way to get started

2804
01:56:18,920 --> 01:56:17,700
yeah and then really nothing doesn't

2805
01:56:21,260 --> 01:56:18,930
cost you anything if you want to get

2806
01:56:24,020 --> 01:56:21,270
started you want to see you UFO and you

2807
01:56:26,030 --> 01:56:24,030
will see you off your patient simple

2808
01:56:29,270 --> 01:56:26,040
thing is you just gotta look up number

2809
01:56:31,070 --> 01:56:29,280
one 99% of the population don't look up

2810
01:56:33,920 --> 01:56:31,080
in the sky except if they're just

2811
01:56:34,850 --> 01:56:33,930
sitting down out camping and they'll

2812
01:56:36,260 --> 01:56:34,860
look up that's where you get a lot more

2813
01:56:37,940 --> 01:56:36,270

sightings in the summertime people are

2814

01:56:40,730 --> 01:56:37,950

vacationing there I was looking up at

2815

01:56:43,010 --> 01:56:40,740

the nice beautiful outside skies and

2816

01:56:46,220 --> 01:56:43,020

boom you look at the stars get a camera

2817

01:56:48,140 --> 01:56:46,230

get video for sure so if you just don't

2818

01:56:50,390 --> 01:56:48,150

have the money but you have enough money

2819

01:56:53,720 --> 01:56:50,400

get binoculars because really you want

2820

01:56:55,460 --> 01:56:53,730

to get science for yourself I'm kind of

2821

01:56:58,160 --> 01:56:55,470

it selfish because I want you to take

2822

01:56:59,420 --> 01:56:58,170

video because I want your data I want to

2823

01:57:01,760 --> 01:56:59,430

see what you're capturing because every

2824

01:57:04,010 --> 01:57:01,770

bit of the UFO capture with their

2825

01:57:05,600 --> 01:57:04,020

behavior helps us with the data showing

2826
01:57:07,580 --> 01:57:05,610
what this could be where you're filming

2827
01:57:09,830 --> 01:57:07,590
it from and does all this information we

2828
01:57:11,270 --> 01:57:09,840
can get from videos you know believe it

2829
01:57:14,570 --> 01:57:11,280
or not that's how you first start with

2830
01:57:16,400 --> 01:57:14,580
science you know doing science research

2831
01:57:19,190 --> 01:57:16,410
is observation right

2832
01:57:20,300 --> 01:57:19,200
so so just getting started get yourself

2833
01:57:23,180 --> 01:57:20,310
you know you got your camera in your

2834
01:57:26,360 --> 01:57:23,190
pocket look up and it's all about timing

2835
01:57:27,890 --> 01:57:26,370
I mean yes for sure binoculars but if

2836
01:57:30,260 --> 01:57:27,900
you're really serious about a get night

2837
01:57:32,270 --> 01:57:30,270
vision get a digital night vision it's

2838
01:57:34,340 --> 01:57:32,280

not expensive I mean there's not only

2839

01:57:37,310 --> 01:57:34,350
