[Music]

2  
00:00:32,830 --> 00:00:29,500

hello everyone and welcome to the show

3  
00:00:34,870 --> 00:00:32,840

I'm Martin Willis your host and we have

4  
00:00:36,970 --> 00:00:34,880

an interesting guests this evening

5  
00:00:39,280 --> 00:00:36,980

first of all Alejandro Rojas will be

6  
00:00:40,960 --> 00:00:39,290

coming up and I get to see him next week

7  
00:00:43,900 --> 00:00:40,970

isn't that awesome he'll be coming up

8  
00:00:47,770 --> 00:00:43,910

with the UFO updates we have Maurice

9  
00:00:50,110 --> 00:00:47,780

Cisneros and she is in Montana and she

10  
00:00:51,340 --> 00:00:50,120

has a great background we're gonna be

11  
00:00:54,820 --> 00:00:51,350

talking about all kinds of things

12  
00:00:58,510 --> 00:00:54,830

related to Montana and possibly some

13  
00:00:59,950 --> 00:00:58,520

will go to some wartime UFOs we're going

14

00:01:02,680 --> 00:00:59,960

to be talking a little bit about that as

15

00:01:04,359 --> 00:01:02,690

well I want to give a shout out to a

16

00:01:08,080 --> 00:01:04,369

past guest been on the show many times

17

00:01:10,870 --> 00:01:08,090

because if you've been watching TV you

18

00:01:13,090 --> 00:01:10,880

may have seen him on the news he's been

19

00:01:16,030 --> 00:01:13,100

all over the place and he's going to be

20

00:01:18,850 --> 00:01:16,040

on 31 stations next week and that's Ray

21

00:01:21,999 --> 00:01:18,860

Stanford now we all know ray Stanford

22

00:01:24,340 --> 00:01:22,009

for the mostly for the Socorro case but

23

00:01:27,399 --> 00:01:24,350

he's a guy that not only looks up at the

24

00:01:32,469 --> 00:01:27,409

sky but he also looks down he discovered

25

00:01:34,469 --> 00:01:32,479

an amazing slab of dinosaur footprints

26  
00:01:36,460 --> 00:01:34,479  
right in the NASA Goddard Space Center

27  
00:01:40,330 --> 00:01:36,470  
parking lot right by it

28  
00:01:45,789 --> 00:01:40,340  
they dug he had it dug out it is the

29  
00:01:47,950 --> 00:01:45,799  
most substantial find in the state at

30  
00:01:50,500 --> 00:01:47,960  
least there is mammals mixed in with

31  
00:01:53,080 --> 00:01:50,510  
dinosaurs 100 million there a hundred

32  
00:01:54,640 --> 00:01:53,090  
million year old tracks so he's gonna be

33  
00:01:56,679 --> 00:01:54,650  
all over the news he's already been in

34  
00:01:59,920 --> 00:01:56,689  
National Geographic I just wanted to do

35  
00:02:01,570 --> 00:01:59,930  
a shout out cuz again Ray has been on

36  
00:02:04,990 --> 00:02:01,580  
many times and he's a great guy

37  
00:02:06,969 --> 00:02:05,000  
alright so again our guest is Murray

38  
00:02:08,620 --> 00:02:06,979

coming right up so is alejandra I want

39

00:02:10,389 --> 00:02:08,630

to thank everyone that supports the show

40

00:02:12,880 --> 00:02:10,399

next week we're going to be two hours

41

00:02:15,400 --> 00:02:12,890

earlier and we're gonna be at the u.s.

42

00:02:17,130 --> 00:02:15,410

International UFO Congress and I cannot

43

00:02:22,530 --> 00:02:17,140

wait for the sunny warm weather

44

00:02:25,960 --> 00:02:22,540

Alejandro how are you I am good I am

45

00:02:28,390 --> 00:02:25,970

tired just head spinning you know

46

00:02:31,030 --> 00:02:28,400

getting everything done but lots of

47

00:02:32,530 --> 00:02:31,040

exciting stuff sorry if I keep this is

48

00:02:34,569 --> 00:02:32,540

just this is some of the cool stuff so

49

00:02:35,720 --> 00:02:34,579

here's some of the t-shirts look at this

50

00:02:41,030 --> 00:02:35,730

one

51  
00:02:42,979 --> 00:02:41,040  
Oh for YouTube people you can yeah for

52  
00:02:47,270 --> 00:02:42,989  
the YouTube people like sorry but listen

53  
00:02:51,740 --> 00:02:47,280  
oh my golly and this is another one this

54  
00:02:54,380 --> 00:02:51,750  
is probably my favorite oh yeah

55  
00:02:55,940 --> 00:02:54,390  
nice stuff moving around a little bit

56  
00:02:57,380 --> 00:02:55,950  
move it over there yeah there you go

57  
00:02:59,930 --> 00:02:57,390  
perfect right there

58  
00:03:02,270 --> 00:02:59,940  
yeah I like that one so anacs rice will

59  
00:03:03,860 --> 00:03:02,280  
have if there's any t-shirts left we'll

60  
00:03:05,539 --> 00:03:03,870  
have them up at the store actually many

61  
00:03:07,820 --> 00:03:05,549  
of these designs we're gonna put up on

62  
00:03:10,100 --> 00:03:07,830  
the store so people will be able to

63  
00:03:11,600 --> 00:03:10,110

check out the store and just a couple

64

00:03:12,920 --> 00:03:11,610

weeks and you'll be able to maybe even

65

00:03:14,390 --> 00:03:12,930

probably even sooner and you'll be able

66

00:03:16,190 --> 00:03:14,400

to see all these designs we were just

67

00:03:17,690 --> 00:03:16,200

looking at and purchase them for

68

00:03:19,850 --> 00:03:17,700

yourself so we'll have some that aren't

69

00:03:22,880 --> 00:03:19,860

labeled 2018 but of course if you're

70

00:03:24,500 --> 00:03:22,890

cool and you're at the 2018 UFO Congress

71

00:03:26,600 --> 00:03:24,510

then you'll be able to purchase a

72

00:03:28,400 --> 00:03:26,610

t-shirt there and commemorate that you

73

00:03:31,550 --> 00:03:28,410

were there and everybody's gonna be so

74

00:03:33,740 --> 00:03:31,560

jealous Martin you'll get one oh I hope

75

00:03:35,750 --> 00:03:33,750

so I'd like to complain just a little

76

00:03:37,910 --> 00:03:35,760

bit first you know and not about

77

00:03:40,069 --> 00:03:37,920

anything except I'm complaining about

78

00:03:41,629 --> 00:03:40,079

winter do you remember last year I tried

79

00:03:44,120 --> 00:03:41,639

to get out to the UFO Congress and I get

80

00:03:45,770 --> 00:03:44,130

snowed in and I had showed you like six

81

00:03:48,110 --> 00:03:45,780

foot snow banks in front of my house

82

00:03:51,140 --> 00:03:48,120

well we got hit yeah yeah I lived in

83

00:03:53,840 --> 00:03:51,150

Arizona we got hit again today now the

84

00:03:56,660 --> 00:03:53,850

problem was we had snow recently it all

85

00:04:00,379 --> 00:03:56,670

melted then it froze to a skating rink I

86

00:04:01,849 --> 00:04:00,389

got my tractor snowplow stuck Donny who

87

00:04:03,740 --> 00:04:01,859

sometimes on the show here the police

88

00:04:06,650 --> 00:04:03,750

officer came up with his four-wheel

89

00:04:08,150 --> 00:04:06,660

drive he he was getting stuff we finally

90

00:04:11,479 --> 00:04:08,160

got that pushed off the side a plow

91

00:04:13,789 --> 00:04:11,489

truck came in and got stuck and I had

92

00:04:15,440 --> 00:04:13,799

I'm stuck here but I will get out

93

00:04:17,029 --> 00:04:15,450

because I have till Saturday to get out

94

00:04:18,920 --> 00:04:17,039

so I will get out and make sure I make

95

00:04:22,640 --> 00:04:18,930

you better start as soon as the show's

96

00:04:25,570 --> 00:04:22,650

over start put on your snow shoes yeah

97

00:04:28,430 --> 00:04:25,580

your galoshes whatever you do out there

98

00:04:31,070 --> 00:04:28,440

and just you better start the journey

99

00:04:33,290 --> 00:04:31,080

yeah I think it's shoveling those if I

100

00:04:35,810 --> 00:04:33,300

start shoveling tonight I should be done

101  
00:04:37,640 --> 00:04:35,820  
before Saturday when I'm leaving but I

102  
00:04:39,050 --> 00:04:37,650  
can't wait for that warm sunshine I'm

103  
00:04:41,089 --> 00:04:39,060  
really looking forward to it hope you

104  
00:04:43,279 --> 00:04:41,099  
really yeah it's been really warm out

105  
00:04:46,550 --> 00:04:43,289  
here I mean I heard that yeah I was

106  
00:04:47,830 --> 00:04:46,560  
considering turning on my a/c yesterday

107  
00:04:50,230 --> 00:04:47,840  
oh it's so warm I'm

108  
00:04:52,390 --> 00:04:50,240  
pretty sweet and I heard your last guest

109  
00:04:54,370 --> 00:04:52,400  
he's great Brice

110  
00:04:56,710 --> 00:04:54,380  
well yeah price is awesome he'll be

111  
00:04:59,530 --> 00:04:56,720  
speaking at the conference Hollywood

112  
00:05:01,570 --> 00:04:59,540  
superstar so many cool things going on

113  
00:05:03,700 --> 00:05:01,580

he just sent me something today or maybe

114

00:05:05,980 --> 00:05:03,710

it was on Facebook too where he got a

115

00:05:09,400 --> 00:05:05,990

letter back from Tom Hanks something

116

00:05:12,790 --> 00:05:09,410

they were conversing on really cool Wow

117

00:05:13,480 --> 00:05:12,800

yeah what's his last name again is Abel

118

00:05:15,790 --> 00:05:13,490

disabled

119

00:05:18,280 --> 00:05:15,800

yeah Bryce is able excellent show I

120

00:05:21,129 --> 00:05:18,290

recommend anyone to check out that show

121

00:05:23,710 --> 00:05:21,139

on Alejandro soap and my TV great show

122

00:05:25,990 --> 00:05:23,720

great guy I can't wait to meet him and

123

00:05:30,310 --> 00:05:26,000

try to talk him and not coming on to my

124

00:05:33,460 --> 00:05:30,320

show mmm-hmm so what's going on for is

125

00:05:34,840 --> 00:05:33,470

it all UFO Congress what we're gonna be

126

00:05:37,360 --> 00:05:34,850

talking about I mean is anything

127

00:05:39,040 --> 00:05:37,370

happening out there uh not completely I

128

00:05:40,719 --> 00:05:39,050

mean we I think there's a couple other

129

00:05:42,190 --> 00:05:40,729

things but I do want to mention one more

130

00:05:44,770 --> 00:05:42,200

thing for the Congress cuz this is

131

00:05:49,740 --> 00:05:44,780

really exciting too is that I I did just

132

00:05:52,150 --> 00:05:49,750

get the Elizondo interview final cut and

133

00:05:55,840 --> 00:05:52,160

hopefully tonight I'll be putting up a

134

00:05:57,310 --> 00:05:55,850

little preview but I'm very excited I

135

00:05:59,140 --> 00:05:57,320

haven't been able to watch the whole

136

00:06:02,440 --> 00:05:59,150

thing but some of the questions he

137

00:06:04,750 --> 00:06:02,450

answered were a few that I know that I

138

00:06:07,719 --> 00:06:04,760

had put forward and some others and they

139

00:06:09,250 --> 00:06:07,729

are they're tough like you know one of

140

00:06:10,510 --> 00:06:09,260

them was hey the Washington Post said

141

00:06:12,850 --> 00:06:10,520

you were tricking him you know you

142

00:06:14,920 --> 00:06:12,860

tricked the DoD to get those videos out

143

00:06:16,600 --> 00:06:14,930

how did they really get out and he

144

00:06:18,400 --> 00:06:16,610

answered that question a lot of other

145

00:06:20,170 --> 00:06:18,410

you know what was it like working with

146

00:06:22,600 --> 00:06:20,180

Bigelow a lot of other really

147

00:06:24,730 --> 00:06:22,610

interesting questions I think people are

148

00:06:26,800 --> 00:06:24,740

gonna be fascinated by so I'm so excited

149

00:06:28,810 --> 00:06:26,810

that he answered a lot of these these

150

00:06:31,360 --> 00:06:28,820

great questions and I know he wishes he

151  
00:06:33,520 --> 00:06:31,370  
could have answered more but you know

152  
00:06:35,890 --> 00:06:33,530  
that the time constraints and everything

153  
00:06:37,839 --> 00:06:35,900  
and he will over time so he says you

154  
00:06:39,520 --> 00:06:37,849  
know we'll do a follow-up interview in a

155  
00:06:41,469 --> 00:06:39,530  
month or so well I would have loved to

156  
00:06:42,700 --> 00:06:41,479  
have asked some questions but I bet some

157  
00:06:44,170 --> 00:06:42,710  
of the questions you've asked him are

158  
00:06:46,810 --> 00:06:44,180  
similar to what I would have asked I

159  
00:06:48,610 --> 00:06:46,820  
wouldn't die and others a lot of other

160  
00:06:52,210 --> 00:06:48,620  
people asked some great questions that

161  
00:06:55,959 --> 00:06:52,220  
they answered as well and yeah yeah

162  
00:06:58,240 --> 00:06:55,969  
that's exciting well it's a it's coming

163  
00:06:59,920 --> 00:06:58,250

right up and maybe is that that's going

164

00:07:01,200 --> 00:06:59,930

to be that video itself is going to be

165

00:07:04,380 --> 00:07:01,210

showing on

166

00:07:05,700 --> 00:07:04,390

Saturday and by the way if anyone that's

167

00:07:07,740 --> 00:07:05,710

listening to the show is going to be

168

00:07:10,140 --> 00:07:07,750

there please look me up I'd love to hang

169

00:07:12,720 --> 00:07:10,150

out and meet listeners to the show it's

170

00:07:15,090 --> 00:07:12,730

always a lot of fun yep one other two

171

00:07:18,990 --> 00:07:15,100

piece of news I guess before I go that

172

00:07:21,030 --> 00:07:19,000

is pretty cool and it is Elizondo

173

00:07:22,710 --> 00:07:21,040

related is that because I this is the

174

00:07:28,710 --> 00:07:22,720

important news and UFOs right now you

175

00:07:29,550 --> 00:07:28,720

know he was on Las Vegas now TV 8 news

176

00:07:33,270 --> 00:07:29,560

now

177

00:07:35,130 --> 00:07:33,280

klas with george knapp right and he did

178

00:07:36,990 --> 00:07:35,140

a couple interviews with the i-team

179

00:07:39,420 --> 00:07:37,000

there that people can check out they're

180

00:07:41,640 --> 00:07:39,430

short he only answers a question or two

181

00:07:43,830 --> 00:07:41,650

but their questions that haven't been

182

00:07:45,960 --> 00:07:43,840

asked before um that are important

183

00:07:47,550 --> 00:07:45,970

question so and of course you can expect

184

00:07:50,310 --> 00:07:47,560

that of George Knapp who's just an

185

00:07:51,780 --> 00:07:50,320

amazing and one of my favorites and so

186

00:07:55,320 --> 00:07:51,790

those are really good videos that people

187

00:07:56,760 --> 00:07:55,330

can check out as well now the one that

188

00:07:58,860 --> 00:07:56,770

one of the questions I would have asked

189

00:08:01,380 --> 00:07:58,870

and just asked I mean just answer this

190

00:08:05,340 --> 00:08:01,390

if you know did anyone ask them about

191

00:08:09,120 --> 00:08:05,350

historic UFO encounters with military

192

00:08:12,450 --> 00:08:09,130

craft it's a good question and I know

193

00:08:14,310 --> 00:08:12,460

the answer because he didn't he hasn't

194

00:08:18,300 --> 00:08:14,320

they didn't really look into historical

195

00:08:21,480 --> 00:08:18,310

cases there was the 2004 Nimitz actually

196

00:08:23,130 --> 00:08:21,490

was early on but it was it was somewhat

197

00:08:27,180 --> 00:08:23,140

historical but you know that's not that

198

00:08:30,390 --> 00:08:27,190

long ago but no they were busy looking

199

00:08:32,700 --> 00:08:30,400

into cases that were coming in that were

200

00:08:35,760 --> 00:08:32,710

fresh and new and that's what they spent

201  
00:08:37,320 --> 00:08:35,770  
their time on well yeah you know in the

202  
00:08:40,140 --> 00:08:37,330  
the one reason I asked that of course is

203  
00:08:42,600 --> 00:08:40,150  
because of the comment you've heard many

204  
00:08:44,820 --> 00:08:42,610  
times where people say well it might be

205  
00:08:48,150 --> 00:08:44,830  
military craft you know that secret

206  
00:08:49,710 --> 00:08:48,160  
military craft and they never go back

207  
00:08:52,320 --> 00:08:49,720  
into time and say you know these things

208  
00:08:55,380 --> 00:08:52,330  
have been happening for you know many

209  
00:08:57,770 --> 00:08:55,390  
many dozens of years there's a great

210  
00:09:00,210 --> 00:08:57,780  
point and you know these people feel

211  
00:09:02,130 --> 00:09:00,220  
because that's always a possibility and

212  
00:09:03,780 --> 00:09:02,140  
even you know like with MUFON when I was

213  
00:09:05,730 --> 00:09:03,790

an investigator working with them you

214

00:09:07,500 --> 00:09:05,740

know you can't sometimes people are like

215

00:09:09,180 --> 00:09:07,510

I had to be alien but we don't know we

216

00:09:11,430 --> 00:09:09,190

don't know what technology we have out

217

00:09:14,160 --> 00:09:11,440

there but I think what's interesting

218

00:09:15,120 --> 00:09:14,170

about what what Elizondo and and the a

219

00:09:19,260 --> 00:09:15,130

tip group did

220

00:09:22,140 --> 00:09:19,270

is a they knew a bit more about the

221

00:09:24,110 --> 00:09:22,150

technologies out there similar to what

222

00:09:27,060 --> 00:09:24,120

Nick Pope says is that they ruled out

223

00:09:29,160 --> 00:09:27,070

human technology not that they were

224

00:09:32,300 --> 00:09:29,170

necessarily privy to everything that's

225

00:09:35,250 --> 00:09:32,310

out there but they felt that they had

226

00:09:36,660 --> 00:09:35,260

done their due diligence to find out if

227

00:09:38,310 --> 00:09:36,670

there was anything and they don't

228

00:09:40,470 --> 00:09:38,320

believe they were lied to and they were

229

00:09:43,910 --> 00:09:40,480

told these aren't ours by other

230

00:09:46,650 --> 00:09:43,920

departments but you never know for sure

231

00:09:48,600 --> 00:09:46,660

but certainly in a couple of these cases

232

00:09:51,780 --> 00:09:48,610

Elizondo is very confident that they

233

00:09:54,420 --> 00:09:51,790

they were not black projects now I I had

234

00:09:57,780 --> 00:09:54,430

a listener questioned me about the

235

00:10:00,600 --> 00:09:57,790

Nimitz for instance and I I communicated

236

00:10:03,360 --> 00:10:00,610

with Robert Powell about this and that

237

00:10:04,560 --> 00:10:03,370

is a will there be backup data he

238

00:10:06,150 --> 00:10:04,570

doesn't know himself

239

00:10:08,910 --> 00:10:06,160

you know radar data will that ever be

240

00:10:10,320 --> 00:10:08,920

released I don't know if that's ever

241

00:10:13,380 --> 00:10:10,330

addressed but that would be really

242

00:10:16,590 --> 00:10:13,390

interesting to actually have radar data

243

00:10:18,900 --> 00:10:16,600

to cooperate with the video itself yeah

244

00:10:21,570 --> 00:10:18,910

I mean all we have is their word that

245

00:10:24,660 --> 00:10:21,580

there was radar data that corroborated

246

00:10:27,630 --> 00:10:24,670

the case certainly Roberts working hard

247

00:10:29,610 --> 00:10:27,640

to get as much information as he can he

248

00:10:31,830 --> 00:10:29,620

still ran into a brick wall with a FOIA

249

00:10:33,990 --> 00:10:31,840

request where you know he did request

250

00:10:36,090 --> 00:10:34,000

prior to Elizondo coming out for

251  
00:10:38,400 --> 00:10:36,100  
information about Nimitz and they said

252  
00:10:40,440 --> 00:10:38,410  
we don't have anything then Elizondo

253  
00:10:45,720 --> 00:10:40,450  
came out and and said yeah we did look

254  
00:10:47,880 --> 00:10:45,730  
at Nimitz which have something so they

255  
00:10:49,770 --> 00:10:47,890  
indicated that they would be opening

256  
00:10:51,960 --> 00:10:49,780  
that up and giving him something but now

257  
00:10:54,960 --> 00:10:51,970  
they've told him once she once again no

258  
00:10:57,680 --> 00:10:54,970  
we don't have anything so he's kind of

259  
00:10:59,910 --> 00:10:57,690  
ran into a brick wall on that again but

260  
00:11:01,350 --> 00:10:59,920  
yeah those are some of the along the

261  
00:11:04,290 --> 00:11:01,360  
lines of some of the questions that were

262  
00:11:06,440 --> 00:11:04,300  
asked so that's what's difficult about

263  
00:11:10,230 --> 00:11:06,450

this luckily we have some insight into

264

00:11:12,030 --> 00:11:10,240

at least his word into the sort of

265

00:11:14,430 --> 00:11:12,040

investigations in the evidence that they

266

00:11:17,910 --> 00:11:14,440

had but unfortunately that's all we've

267

00:11:20,340 --> 00:11:17,920

got we don't have any official documents

268

00:11:24,560 --> 00:11:20,350

as of yet now I wonder if anything will

269

00:11:27,720 --> 00:11:24,570

change with FOIA as far as releasing

270

00:11:28,900 --> 00:11:27,730

documents now since this you know

271

00:11:30,370 --> 00:11:28,910

everything's been uncovered

272

00:11:32,290 --> 00:11:30,380

you know maybe they'll loosen up a

273

00:11:34,060 --> 00:11:32,300

little bit and some more things doesn't

274

00:11:37,390 --> 00:11:34,070

seem like it I think that's what we were

275

00:11:40,240 --> 00:11:37,400

all hoping but Robert getting shut down

276

00:11:41,530 --> 00:11:40,250

like this kind of just shows that nope

277

00:11:45,040 --> 00:11:41,540

it seems like it's business as usual

278

00:11:48,880 --> 00:11:45,050

well let's do that yeah yeah well is

279

00:11:50,620 --> 00:11:48,890

that it for the show for News sure yeah

280

00:11:52,840 --> 00:11:50,630

I think that's it I took up enough time

281

00:11:54,910 --> 00:11:52,850

and you know you've got an exciting

282

00:11:56,860 --> 00:11:54,920

interview with marine yeah excellent

283

00:11:59,070 --> 00:11:56,870

okay all a hundred well I'll see you

284

00:12:01,690 --> 00:11:59,080

I'll see you in just a couple of days

285

00:12:02,790 --> 00:12:01,700

alright see you soon Betty all right all

286

00:12:07,210 --> 00:12:02,800

right take care

287

00:12:10,300 --> 00:12:07,220

- all right everyone so our guest is

288

00:12:12,760 --> 00:12:10,310

Maria Cisneros and she is a Bachelor

289

00:12:17,050 --> 00:12:12,770

bachelor's degree in medical sciences

290

00:12:21,220 --> 00:12:17,060

and she was also a document trans

291

00:12:24,970 --> 00:12:21,230

medical doctor transcriber and she has

292

00:12:26,290 --> 00:12:24,980

always been interested in interesting

293

00:12:28,810 --> 00:12:26,300

things we're gonna talk about it in

294

00:12:31,360 --> 00:12:28,820

ancient artifacts and I were all about

295

00:12:33,370 --> 00:12:31,370

that I love all that stuff and Astro

296

00:12:36,340 --> 00:12:33,380

archaeology which I'd never really heard

297

00:12:39,190 --> 00:12:36,350

it put that way but anyway welcome to

298

00:12:39,640 --> 00:12:39,200

the show Murray thank you for having me

299

00:12:42,310 --> 00:12:39,650

on your show

300

00:12:46,780 --> 00:12:42,320

yes nice to meet you nice to meet you

301

00:12:49,330 --> 00:12:46,790

digitally yeah yeah so you're you're in

302

00:12:52,240 --> 00:12:49,340

Michigan but you is that right did you

303

00:12:58,480 --> 00:12:52,250

say your ass but yes I am but you have

304

00:13:00,730 --> 00:12:58,490

focused a lot on Montana UFOs yeah so

305

00:13:03,010 --> 00:13:00,740

how did that happen can you just give us

306

00:13:06,370 --> 00:13:03,020

your background if you would well

307

00:13:11,200 --> 00:13:06,380

through the K group of MUFON which is

308

00:13:13,300 --> 00:13:11,210

the case assistant group I became the

309

00:13:15,670 --> 00:13:13,310

state director acting state director out

310

00:13:18,010 --> 00:13:15,680

there in Montana so I've been doing the

311

00:13:22,090 --> 00:13:18,020

cases out there and trying to build up

312

00:13:24,670 --> 00:13:22,100

the chapter so that's how I got involved

313

00:13:27,580 --> 00:13:24,680

with doing when the case is out there

314

00:13:29,680 --> 00:13:27,590

did you actually live there for no I've

315

00:13:33,070 --> 00:13:29,690

never been to Montana never been to the

316

00:13:34,510 --> 00:13:33,080

Big Sky Country oh wow yeah I've had I'm

317

00:13:36,910 --> 00:13:34,520

sure you've heard of Joan Byrd she was

318

00:13:39,730 --> 00:13:36,920

on the show at one point I know she did

319

00:13:42,990 --> 00:13:39,740

some work in Montana but I think it's

320

00:13:46,199 --> 00:13:43,000

interesting there's been a lot of cases

321

00:13:50,280 --> 00:13:46,209

really fascinating a course everyone

322

00:13:53,460 --> 00:13:50,290

thinks of Malstrom in the nooks then

323

00:13:56,790 --> 00:13:53,470

there's a Mariana the Mariana case which

324

00:14:00,300 --> 00:13:56,800

is fascinating and so before we get into

325

00:14:01,590 --> 00:14:00,310

all of that let's first of all what is

326

00:14:03,900 --> 00:14:01,600

your background and what actually

327

00:14:09,030 --> 00:14:03,910

sparked your interest in looking into

328

00:14:14,670 --> 00:14:09,040

the topics you mean the general topics

329

00:14:17,100 --> 00:14:14,680

or the topic probably since I was about

330

00:14:21,329 --> 00:14:17,110

10 that probably goes back to the first

331

00:14:25,230 --> 00:14:21,339

time I ever I ever saw I guess what you

332

00:14:27,509 --> 00:14:25,240

could call a UFO and my brother and I

333

00:14:28,920 --> 00:14:27,519

said and watched a star that was doing

334

00:14:31,559 --> 00:14:28,930

arcs in the sky and then goes down

335

00:14:34,970 --> 00:14:31,569

towards the horizon you know very

336

00:14:37,769 --> 00:14:34,980

quickly and I'd seen a couple after that

337

00:14:40,829 --> 00:14:37,779

another I think when I was about 10 and

338

00:14:43,379 --> 00:14:40,839

I've seen quite a few uh so I guess in

339

00:14:46,110 --> 00:14:43,389

my mind I've always tried to you know

340

00:14:50,069 --> 00:14:46,120

figure out you know what it was some of

341

00:14:52,139 --> 00:14:50,079

them were quite inexplicable so so I

342

00:14:54,090 --> 00:14:52,149

always love to hear I always love to

343

00:14:55,679 --> 00:14:54,100

hear sighting stories how many would you

344

00:14:59,360 --> 00:14:55,689

say that you've heard you've actually

345

00:15:04,530 --> 00:14:59,370

seen all together you said about maybe I

346

00:15:07,110 --> 00:15:04,540

believe four or five the second one that

347

00:15:10,139 --> 00:15:07,120

was when I was about 10 years old was a

348

00:15:12,030 --> 00:15:10,149

we were traveling when I think you know

349

00:15:15,299 --> 00:15:12,040

my mom and we used to work in a

350

00:15:17,879 --> 00:15:15,309

different town so traveling that night

351

00:15:19,290 --> 00:15:17,889

over the power plant that used to be in

352

00:15:22,559 --> 00:15:19,300

the town although it's shut down though

353

00:15:25,610 --> 00:15:22,569

it was look like a vehicle you know or

354

00:15:28,679 --> 00:15:25,620

just some sort of a craft up above the

355

00:15:30,660 --> 00:15:28,689

the power plant and I stood sit there

356

00:15:32,579 --> 00:15:30,670

and watched it and like I can see

357

00:15:34,829 --> 00:15:32,589

windows in this thing and it wasn't an

358

00:15:37,350 --> 00:15:34,839

airplane because it was it was all

359

00:15:38,999 --> 00:15:37,360

shaved so it happened to be going in the

360

00:15:42,290 --> 00:15:39,009

same direction as I so I don't know

361

00:15:44,999 --> 00:15:42,300

about that so I was fascinated by that

362

00:15:47,280 --> 00:15:45,009

and then when I heard about you know

363

00:15:49,740 --> 00:15:47,290

back in the early 60s when the Betty and

364

00:15:51,990 --> 00:15:49,750

Barney Hill you know and they talked

365

00:15:53,699 --> 00:15:52,000

about their story and they just were

366

00:15:56,430 --> 00:15:53,709

gonna make a movie out of it oh man I

367

00:15:58,290 --> 00:15:56,440

gotta see this I was really adamant

368

00:16:00,320 --> 00:15:58,300

sure when that came out but I've got to

369

00:16:04,170 --> 00:16:00,330

see what these things look like

370

00:16:05,700 --> 00:16:04,180

so the ones with the windows that you

371

00:16:07,800 --> 00:16:05,710

know I've heard so many stories of

372

00:16:09,630 --> 00:16:07,810

people talking about the ones with the

373

00:16:12,630 --> 00:16:09,640

windows and I think that's absolutely

374

00:16:15,330 --> 00:16:12,640

fascinating yeah and you know I know

375

00:16:18,150 --> 00:16:15,340

someone firsthand they saw a cigar shape

376

00:16:21,660 --> 00:16:18,160

with it looked like ship portholes I

377

00:16:22,760 --> 00:16:21,670

mean that is just so bizarre yeah I

378

00:16:25,470 --> 00:16:22,770

agree

379

00:16:28,440 --> 00:16:25,480

and you know some people have actually

380

00:16:30,390 --> 00:16:28,450

said they've seen like shadows or you

381

00:16:31,740 --> 00:16:30,400

know silhouettes of some type of figures

382

00:16:34,650 --> 00:16:31,750

you know of course going back to Betty

383

00:16:41,760 --> 00:16:34,660

and Barney Hill that that story know

384

00:16:43,710 --> 00:16:41,770

that so as you get older and you started

385

00:16:45,060 --> 00:16:43,720

look you started doing your work and

386

00:16:48,780 --> 00:16:45,070

going to school and all that did you

387

00:16:51,600 --> 00:16:48,790

always have a fascination oh yes yes

388

00:16:54,330 --> 00:16:51,610

absolutely i I used to read everything

389

00:16:56,160 --> 00:16:54,340

that I could you know on the subject

390

00:16:58,020 --> 00:16:56,170

you know Whitley Schreiber's and

391

00:17:02,220 --> 00:16:58,030

Communion and the books that came out

392

00:17:08,460 --> 00:17:02,230

and Rae Fowler you know we I think I

393

00:17:10,380 --> 00:17:08,470

heard him mention before and I was

394

00:17:12,630 --> 00:17:10,390

fascinated the end interest and affair

395

00:17:16,679 --> 00:17:12,640

you know anything by Allen Hynek you

396

00:17:20,579 --> 00:17:16,689

know just always always searching for

397

00:17:22,710 --> 00:17:20,589

answers to that the questions well I'm a

398

00:17:25,140 --> 00:17:22,720

late comer myself on and I did I

399

00:17:28,410 --> 00:17:25,150

actually you know I had a sighting but

400

00:17:32,010 --> 00:17:28,420

it was all the way back in 2006 so but I

401  
00:17:34,800 --> 00:17:32,020  
I had like some sort of small interest

402  
00:17:37,320 --> 00:17:34,810  
because we had a flap in a town where I

403  
00:17:39,390 --> 00:17:37,330  
grew up in southern Maine when I was

404  
00:17:41,460 --> 00:17:39,400  
very young there was a lot of people

405  
00:17:44,190 --> 00:17:41,470  
seeing something and a lot of people

406  
00:17:45,750 --> 00:17:44,200  
were talking about it and but one thing

407  
00:17:48,240 --> 00:17:45,760  
I don't remember you know is I don't

408  
00:17:50,760 --> 00:17:48,250  
remember the ridicule factor back then

409  
00:17:53,760 --> 00:17:50,770  
you know you hear a lot about that but I

410  
00:17:55,380 --> 00:17:53,770  
just in where where I was growing up

411  
00:17:56,580 --> 00:17:55,390  
there was no ridicule factor I mean

412  
00:17:58,860 --> 00:17:56,590  
mm-hmm

413  
00:18:01,140 --> 00:17:58,870

which obviously changed and it changed

414

00:18:03,090 --> 00:18:01,150

after I I actually had a first-hand when

415

00:18:05,730 --> 00:18:03,100

I started talking about my sighting at

416

00:18:09,150 --> 00:18:05,740

my workplace you know the word got

417

00:18:13,080 --> 00:18:09,160

around and you know they were teasing me

418

00:18:15,900 --> 00:18:13,090

that's just the way it goes then so

419

00:18:18,270 --> 00:18:15,910

let's talk about let's talk about some

420

00:18:22,740 --> 00:18:18,280

of the cases that you've looked into and

421

00:18:23,550 --> 00:18:22,750

also the article you wrote for the open

422

00:18:26,930 --> 00:18:23,560

minds

423

00:18:30,120 --> 00:18:26,940

TV was also talked about Afghanistan

424

00:18:32,010 --> 00:18:30,130

Afghanistan's sighting so I want to talk

425

00:18:34,770 --> 00:18:32,020

a little bit about that at some point

426

00:18:38,670 --> 00:18:34,780

tonight but let's go let's first of all

427

00:18:41,780 --> 00:18:38,680

can you tell the listener what you know

428

00:18:44,340 --> 00:18:41,790

about the Mariana so-called Mariana case

429

00:18:48,570 --> 00:18:44,350

well I think they first became

430

00:18:50,910 --> 00:18:48,580

interested in it was probably a movie

431

00:18:52,860 --> 00:18:50,920

one of the older movies that I had seen

432

00:18:55,230 --> 00:18:52,870

on YouTube and then I started looking

433

00:18:56,460 --> 00:18:55,240

into it you know and I have watched the

434

00:18:58,890 --> 00:18:56,470

film and I watched it again

435

00:19:02,390 --> 00:18:58,900

earlier today you know also just to kind

436

00:19:06,330 --> 00:19:02,400

of familiarize myself with it so and I

437

00:19:09,990 --> 00:19:06,340

think one of the most significant things

438

00:19:12,870 --> 00:19:10,000

is that if you take the film you know

439

00:19:15,720 --> 00:19:12,880

itself without the fact that you know he

440

00:19:19,230 --> 00:19:15,730

was the secretary said that he was a

441

00:19:21,780 --> 00:19:19,240

promoter so you know Craig from the

442

00:19:24,420 --> 00:19:21,790

Condon decided to discount you know

443

00:19:25,980 --> 00:19:24,430

anything that it wasn't anything to it

444

00:19:27,330 --> 00:19:25,990

because of the fact that he was a

445

00:19:29,790 --> 00:19:27,340

promoter but I mean if you look at the

446

00:19:37,110 --> 00:19:29,800

film itself you know it had a lot to it

447

00:19:42,750 --> 00:19:37,120

going on so yeah and that film for the

448

00:19:44,490 --> 00:19:42,760

person I don't know if the show producer

449

00:19:48,690 --> 00:19:44,500

can put that clip up or not right now

450

00:19:51,810 --> 00:19:48,700

but that film is really basically two

451

00:19:56,160 --> 00:19:51,820

objects now as far as I remember in

452

00:19:58,500 --> 00:19:56,170

reading about this he saw these objects

453

00:20:01,160 --> 00:19:58,510

for quite a while and then went to get

454

00:20:03,210 --> 00:20:01,170

the video camera out of his car right

455

00:20:07,350 --> 00:20:03,220

yes that's correct

456

00:20:12,510 --> 00:20:07,360

yeah he was well he was at the baseball

457

00:20:14,610 --> 00:20:12,520

field he was the I guess it was a

458

00:20:16,980 --> 00:20:14,620

general manager you know the Great Great

459

00:20:18,300 --> 00:20:16,990

Falls minor baseball league so he was

460

00:20:19,890 --> 00:20:18,310

out on the field that day with his

461

00:20:22,630 --> 00:20:19,900

secretary so I was lucky that he had a

462

00:20:25,120 --> 00:20:22,640

camera with him so and he said

463

00:20:27,070 --> 00:20:25,130

that he saw objects moving about fifty

464

00:20:29,590 --> 00:20:27,080

feet in diameter they appeared to be

465

00:20:31,570 --> 00:20:29,600

circular and they rotated while moving

466

00:20:33,940 --> 00:20:31,580

and thought they were about going about

467

00:20:35,440 --> 00:20:33,950

four hundred miles an hour so that was

468

00:20:37,870 --> 00:20:35,450

when he ran back got his movie camera

469

00:20:40,780 --> 00:20:37,880

and said he got sixteen minutes of film

470

00:20:44,170 --> 00:20:40,790

although he claims that some of the film

471

00:20:46,000 --> 00:20:44,180

was not given back to him after that and

472

00:20:47,860 --> 00:20:46,010

mouse term even figures in that one

473

00:20:50,530 --> 00:20:47,870

because he was interviewed at maelstrom

474

00:20:52,570 --> 00:20:50,540

about the instant which I didn't know

475

00:20:55,840 --> 00:20:52,580

until I was looking into it a little bit

476  
00:20:57,640 --> 00:20:55,850  
more Wow no I didn't I didn't know that

477  
00:20:59,140 --> 00:20:57,650  
either now he's there's a video

478  
00:21:03,010 --> 00:20:59,150  
somewhere online of him being

479  
00:21:04,840 --> 00:21:03,020  
interviewed I believe I'm not sure is

480  
00:21:06,370 --> 00:21:04,850  
that an actor is that actually him it's

481  
00:21:08,770 --> 00:21:06,380  
a black and white that's actually him

482  
00:21:10,210 --> 00:21:08,780  
yeah I did watch that most of it earlier

483  
00:21:13,060 --> 00:21:10,220  
today and I didn't get to the part

484  
00:21:14,470 --> 00:21:13,070  
because it's part of a movie and I

485  
00:21:15,550 --> 00:21:14,480  
didn't get to the part where they

486  
00:21:16,750 --> 00:21:15,560  
actually interviewed him but I think

487  
00:21:20,650 --> 00:21:16,760  
I've seen it before

488  
00:21:23,950 --> 00:21:20,660

also but you know he discusses the whole

489

00:21:26,380 --> 00:21:23,960

film know some of the things go ahead

490

00:21:28,870 --> 00:21:26,390

sorry no I'm just saying this is a

491

00:21:31,570 --> 00:21:28,880

landmark film in a lot of ways yeah yeah

492

00:21:35,620 --> 00:21:31,580

yeah it was well he it's been said to be

493

00:21:38,380 --> 00:21:35,630

the first UFO ever caught on film so

494

00:21:42,640 --> 00:21:38,390

that was 64 years ago and it's a double

495

00:21:45,880 --> 00:21:42,650

double UFO Yeah right right UFOs yeah

496

00:21:48,430 --> 00:21:45,890

and the thing that is kind of remarkable

497

00:21:50,620 --> 00:21:48,440

about it as they stay on a steady stream

498

00:21:53,020 --> 00:21:50,630

right across right across to the you

499

00:21:55,900 --> 00:21:53,030

know it's just a we're a familiar with

500

00:21:59,620 --> 00:21:55,910

the tower the water tower and the clip

501  
00:22:03,400 --> 00:21:59,630  
of just the vehicles going by but people

502  
00:22:04,960 --> 00:22:03,410  
have enhanced those images of the of the

503  
00:22:07,540 --> 00:22:04,970  
craft and they're they are pretty much

504  
00:22:12,130 --> 00:22:07,550  
like they're rounded discs almost an egg

505  
00:22:15,760 --> 00:22:12,140  
shape if I remember right and so what

506  
00:22:17,970 --> 00:22:15,770  
this was this was the first unidentified

507  
00:22:21,550 --> 00:22:17,980  
object or something like that is that

508  
00:22:24,580 --> 00:22:21,560  
considered by no I said it was I guess I

509  
00:22:29,230 --> 00:22:24,590  
they I read that it was one of the first

510  
00:22:32,620 --> 00:22:29,240  
ones ever filmed so that was 64 years

511  
00:22:33,910 --> 00:22:32,630  
ago so I don't know there was obviously

512  
00:22:36,010 --> 00:22:33,920  
not the first one that was ever

513  
00:22:38,530 --> 00:22:36,020

investigated

514

00:22:42,520 --> 00:22:38,540

I wonder does anyone know what happened

515

00:22:44,530 --> 00:22:42,530

to the original footage it's at the you

516

00:22:48,790 --> 00:22:44,540

I know I don't know about the original

517

00:22:50,710 --> 00:22:48,800

where that is okay it could be the

518

00:22:53,620 --> 00:22:50,720

original it says that it resides in the

519

00:22:56,049 --> 00:22:53,630

US National Archives so I don't know if

520

00:23:00,760 --> 00:22:56,059

that's a copy of that's the actual film

521

00:23:02,290 --> 00:23:00,770

itself and that's where I had I had

522

00:23:08,500 --> 00:23:02,300

actually when I think went to the that

523

00:23:11,680 --> 00:23:08,510

website to to see that and so what

524

00:23:14,830 --> 00:23:11,690

whatever happened to Mariana himself I

525

00:23:19,540 --> 00:23:14,840

mean do you know if he did he talked

526

00:23:21,460 --> 00:23:19,550

about this freely do you know yes he did

527

00:23:22,960 --> 00:23:21,470

I guess for quite a while he used to

528

00:23:24,520 --> 00:23:22,970

take the film's and was showing it to

529

00:23:27,280 --> 00:23:24,530

different groups now I don't know if

530

00:23:31,419 --> 00:23:27,290

that was something that he you know was

531

00:23:37,840 --> 00:23:31,429

getting money for or just because it it

532

00:23:42,640 --> 00:23:37,850

interested him but yeah yeah okay and so

533

00:23:44,590 --> 00:23:42,650

as far as you know the public understood

534

00:23:48,549 --> 00:23:44,600

this was this big news at the time do

535

00:23:50,080 --> 00:23:48,559

you know I have no I don't really know

536

00:23:51,880 --> 00:23:50,090

for certain but I would have to think

537

00:23:53,740 --> 00:23:51,890

that it would probably have generated

538

00:23:55,419 --> 00:23:53,750

and quite a bit of interest and the

539

00:24:00,310 --> 00:23:55,429

people that he showed the film to I

540

00:24:02,350 --> 00:24:00,320

think that the you know the they were

541

00:24:09,150 --> 00:24:02,360

actually interested in it was part of

542

00:24:15,580 --> 00:24:13,330

part of the book from repelled so I was

543

00:24:17,710 --> 00:24:15,590

looking at my notes here so I can't even

544

00:24:18,669 --> 00:24:17,720

name oh the report on unidentified

545

00:24:20,320 --> 00:24:18,679

flying objects

546

00:24:22,030 --> 00:24:20,330

I mean he talked about it and that too

547

00:24:24,760 --> 00:24:22,040

and he didn't really know what it was

548

00:24:27,280 --> 00:24:24,770

you know and he was he was kind of

549

00:24:28,480 --> 00:24:27,290

listed it as an unknown yeah I mean he

550

00:24:29,770 --> 00:24:28,490

didn't make any he didn't make any

551

00:24:32,799 --> 00:24:29,780

claims himself

552

00:24:35,680 --> 00:24:32,809

right yeah and have you yourself

553

00:24:37,870 --> 00:24:35,690

actually read the rupaul book I've heard

554

00:24:42,460 --> 00:24:37,880

I haven't read that but everyone tells

555

00:24:45,370 --> 00:24:42,470

me it's like the best book yes several

556

00:24:48,000 --> 00:24:45,380

times I read it yeah several times you

557

00:24:49,210 --> 00:24:48,010

know do you agree with that assessment

558

00:24:52,880 --> 00:24:49,220

the

559

00:24:56,720 --> 00:24:52,890

it was significant yeah I think so yeah

560

00:24:59,470 --> 00:24:56,730

I would agree with that but really what

561

00:25:04,490 --> 00:24:59,480

it was but I don't really know either

562

00:25:08,090 --> 00:25:04,500

and do you know what what what the air

563

00:25:11,240 --> 00:25:08,100

force was that grunge or do you know

564

00:25:14,330 --> 00:25:11,250

what was the nineteen fifty I know it

565

00:25:16,310 --> 00:25:14,340

wasn't Project Blue Book yet how well it

566

00:25:19,580 --> 00:25:16,320

started out as project sign then it was

567

00:25:21,980 --> 00:25:19,590

project grunge before it was what did I

568

00:25:25,450 --> 00:25:21,990

say I don't know what I said branch or

569

00:25:28,220 --> 00:25:25,460

was it grudge yes grudge excuse me yes

570

00:25:30,910 --> 00:25:28,230

it was because it was basically kind of

571

00:25:39,110 --> 00:25:30,920

like it was a whole debunking you know

572

00:25:41,240 --> 00:25:39,120

project instead of you know so some of

573

00:25:43,700 --> 00:25:41,250

the things that I found or the the

574

00:25:47,180 --> 00:25:43,710

Marianna film study and this was some of

575

00:25:50,770 --> 00:25:47,190

the older investigation they said it was

576

00:25:53,750 --> 00:25:50,780

shot around 11:30 a.m. and I was

577

00:25:56,570 --> 00:25:53,760

Mountain Standard Time and the wind was

578

00:25:59,870 --> 00:25:56,580

25 to 35 or twenty-eight miles an hour

579

00:26:01,670 --> 00:25:59,880

and then it reached 37 miles an hour at

580

00:26:04,490 --> 00:26:01,680

around 12:30 p.m.

581

00:26:06,320 --> 00:26:04,500

so my objects moved almost directly

582

00:26:08,840 --> 00:26:06,330

against the wind direction so they were

583

00:26:11,410 --> 00:26:08,850

not balloons so in the studies of the

584

00:26:13,820 --> 00:26:11,420

film frame by frame under magnification

585

00:26:15,920 --> 00:26:13,830

showed the motion of the objects to be

586

00:26:19,820 --> 00:26:15,930

steady and horizontal so they were not

587

00:26:21,950 --> 00:26:19,830

free-falling so they they rolled out

588

00:26:23,900 --> 00:26:21,960

they were that they were not Birds or

589

00:26:26,240 --> 00:26:23,910

meters or any known conventional

590

00:26:29,690 --> 00:26:26,250

aircraft or other known natural

591

00:26:31,550 --> 00:26:29,700

phenomena and with the shape the

592

00:26:33,980 --> 00:26:31,560

brightness the speed the flight path

593

00:26:37,130 --> 00:26:33,990

steady motion and the distance between

594

00:26:39,950 --> 00:26:37,140

the two objects ruled out atmospheric

595

00:26:43,520 --> 00:26:39,960

and anomalies such as a mirage or a

596

00:26:45,620 --> 00:26:43,530

cloud reflection so the question of the

597

00:26:48,100 --> 00:26:45,630

airplane reflection was also route out

598

00:26:50,510 --> 00:26:48,110

ruled out so that's some of the earlier

599

00:26:52,700 --> 00:26:50,520

you know investigation that they did on

600

00:26:54,740 --> 00:26:52,710

the film so and it's still considered

601  
00:26:57,620 --> 00:26:54,750  
one of the best films that shows the

602  
00:26:59,380 --> 00:26:57,630  
existence of unidentified flying objects

603  
00:27:03,139 --> 00:26:59,390  
you know sixty-four years down the road

604  
00:27:05,869 --> 00:27:03,149  
right right and I had no idea that he

605  
00:27:07,249 --> 00:27:05,879  
this for spending a little extra time on

606  
00:27:09,859 --> 00:27:07,259  
this because I think it's an important

607  
00:27:13,249 --> 00:27:09,869  
case mm-hmm and I had no idea that he

608  
00:27:15,979 --> 00:27:13,259  
filmed it for so long so apparently the

609  
00:27:17,930 --> 00:27:15,989  
thing was basically moving back and

610  
00:27:21,320 --> 00:27:17,940  
forth or do you know what type of motion

611  
00:27:23,149 --> 00:27:21,330  
it was doing well from the film I just

612  
00:27:25,219 --> 00:27:23,159  
shows it going in one direction but

613  
00:27:27,979 --> 00:27:25,229

whether or not it was it might have been

614

00:27:31,459 --> 00:27:27,989

zigzagging you know when he was watching

615

00:27:33,889 --> 00:27:31,469

it I really don't I really didn't see

616

00:27:36,919 --> 00:27:33,899

that in the are no in the narrative that

617

00:27:38,060 --> 00:27:36,929

I had I did see and some notes that I

618

00:27:41,329 --> 00:27:38,070

was reading about it that I actually

619

00:27:44,469 --> 00:27:41,339

stopped and hovered they both stopped in

620

00:27:48,579 --> 00:27:44,479

sequence you know perfectly in line yeah

621

00:27:54,979 --> 00:27:48,589

yeah yeah that's possible

622

00:27:57,529 --> 00:27:54,989

pretty amazing yes I agree yeah so hang

623

00:27:59,389 --> 00:27:57,539

on I was just trying to get I was trying

624

00:28:04,539 --> 00:27:59,399

to get that up on video that producers

625

00:28:07,820 --> 00:28:04,549

been trying out on up on video and so I

626

00:28:11,450 --> 00:28:07,830

this is it's just been basically a

627

00:28:13,249 --> 00:28:11,460

closed case right now what about the you

628

00:28:16,310 --> 00:28:13,259

said it was a part of a report the

629

00:28:17,899 --> 00:28:16,320

Condon report yeah well they

630

00:28:21,469 --> 00:28:17,909

investigated and the two investigators

631

00:28:25,070 --> 00:28:21,479

that that studied at dr. Roy Clark and

632

00:28:27,529 --> 00:28:25,080

David Sanders they didn't even agree

633

00:28:29,479 --> 00:28:27,539

Craig wasn't convinced that it had merit

634

00:28:31,249 --> 00:28:29,489

and that was basically because of what

635

00:28:33,229 --> 00:28:31,259

the secretary had told him saying that

636

00:28:35,329 --> 00:28:33,239

he was a you know a promoter in other

637

00:28:39,379 --> 00:28:35,339

words because it was a promoter that

638

00:28:41,810 --> 00:28:39,389

that should you know for some reason you

639

00:28:44,060 --> 00:28:41,820

know throw the case out and then

640

00:28:45,139 --> 00:28:44,070

Saunders said that he was convinced so

641

00:28:48,289 --> 00:28:45,149

that there was something to the whole

642

00:28:51,320 --> 00:28:48,299

UFO thing so and it was also

643

00:28:54,409 --> 00:28:51,330

investigated by dr. William Hartmann and

644

00:28:56,690 --> 00:28:54,419

he was an astronomer and he also worked

645

00:28:58,969 --> 00:28:56,700

for the kind of project and he felt the

646

00:29:00,979 --> 00:28:58,979

reflection didn't represent airplanes

647

00:29:02,930 --> 00:29:00,989

although some you know they tried to say

648

00:29:07,669 --> 00:29:02,940

that it was the airplanes but that there

649

00:29:11,209 --> 00:29:07,679

were two jets in the air around the same

650

00:29:13,969 --> 00:29:11,219

time but it was after they had seen the

651  
00:29:17,090 --> 00:29:13,979  
UFOs Oh

652  
00:29:19,640 --> 00:29:17,100  
so they is just part of a chase

653  
00:29:21,710 --> 00:29:19,650  
was it I mean clear your horse would

654  
00:29:23,390 --> 00:29:21,720  
definitely know that I mean yeah it

655  
00:29:24,830 --> 00:29:23,400  
could have been that's possible and I

656  
00:29:27,470 --> 00:29:24,840  
thought of that same thing it's like

657  
00:29:29,330 --> 00:29:27,480  
were they were they after them yeah I

658  
00:29:32,090 --> 00:29:29,340  
mean there are so many cases where that

659  
00:29:35,240 --> 00:29:32,100  
does happen where there's a chaser very

660  
00:29:37,220 --> 00:29:35,250  
true yes you know I would say I don't

661  
00:29:39,169 --> 00:29:37,230  
know how many I've heard but it seems

662  
00:29:41,510 --> 00:29:39,179  
like a huge amount of them there's a

663  
00:29:44,659 --> 00:29:41,520

chase and that's that's always something

664

00:29:46,310 --> 00:29:44,669

that surprised me is that someone

665

00:29:48,020 --> 00:29:46,320

retires from the military maybe it

666

00:29:50,000 --> 00:29:48,030

remains classified they can never talk

667

00:29:52,460 --> 00:29:50,010

about it but I'm just surprised more

668

00:29:54,620 --> 00:29:52,470

people haven't you know come forward and

669

00:29:57,230 --> 00:29:54,630

say hey look you know I chased this down

670

00:29:59,480 --> 00:29:57,240

you know there are just a few you know

671

00:30:01,299 --> 00:29:59,490

there's some there's some you know in

672

00:30:04,700 --> 00:30:01,309

different countries but you don't hear

673

00:30:09,049 --> 00:30:04,710

American pilots really claiming that too

674

00:30:10,490 --> 00:30:09,059

much mm-hmm all right so I do have a go

675

00:30:12,230 --> 00:30:10,500

ahead yeah a few things to talk about

676

00:30:14,210 --> 00:30:12,240

that because that was part of the

677

00:30:17,090 --> 00:30:14,220

archive that I was working on and I did

678

00:30:20,120 --> 00:30:17,100

take note of a few cases here where they

679

00:30:23,630 --> 00:30:20,130

were reporting that a lot of times f-16s

680

00:30:27,950 --> 00:30:23,640

were were dispatched to go after these

681

00:30:31,960 --> 00:30:27,960

things so so yeah can you elaborate a

682

00:30:34,310 --> 00:30:31,970

little bit more on that or well yeah I

683

00:30:38,120 --> 00:30:34,320

for about two years

684

00:30:41,390 --> 00:30:38,130

I worked on finding through using

685

00:30:42,740 --> 00:30:41,400

keywords and checking the CMS database

686

00:30:46,640 --> 00:30:42,750

which is part of you know the

687

00:30:49,970 --> 00:30:46,650

information on MUFON so I from I think

688

00:30:52,490 --> 00:30:49,980

1995 until I got to 2008

689

00:30:55,430 --> 00:30:52,500

I found a hundred and fifty seven

690

00:31:00,230 --> 00:30:55,440

hundred and seventy-five cases where

691

00:31:02,330 --> 00:31:00,240

either the military chased a UFO or that

692

00:31:06,710 --> 00:31:02,340

they were seen on the bases or near the

693

00:31:08,779 --> 00:31:06,720

bases or a retired military was making a

694

00:31:10,760 --> 00:31:08,789

report of something that they had seen

695

00:31:12,890 --> 00:31:10,770

which because they're trained you know

696

00:31:15,159 --> 00:31:12,900

observers and especially if they're in

697

00:31:17,840 --> 00:31:15,169

the you know around aircraft they know

698

00:31:21,620 --> 00:31:17,850

that it's not something that they're

699

00:31:25,340 --> 00:31:21,630

familiar with so and I had a couple of

700

00:31:28,820 --> 00:31:25,350

them here a few cases that I I wrote

701  
00:31:30,830 --> 00:31:28,830  
down I don't know if you want case

702  
00:31:34,340 --> 00:31:30,840  
numbers or not but

703  
00:31:36,320 --> 00:31:34,350  
in 1957 at Fort Riley Kansas witness saw

704  
00:31:39,830 --> 00:31:36,330  
five lights and and triangular shape

705  
00:31:41,570 --> 00:31:39,840  
over the base and then in 1959 in

706  
00:31:43,310 --> 00:31:41,580  
Wisconsin a hovering craft with a beam

707  
00:31:47,810 --> 00:31:43,320  
of light was reportedly chased by the

708  
00:31:49,640 --> 00:31:47,820  
military so in 1953 at Castle Rock

709  
00:31:51,890 --> 00:31:49,650  
Colorado witnesses saw an oval-shaped

710  
00:31:55,520 --> 00:31:51,900  
object with a red light and a squadron

711  
00:31:57,050 --> 00:31:55,530  
was dispatched to search for it so I've

712  
00:31:59,690 --> 00:31:57,060  
got a couple more here - I don't know if

713  
00:32:01,790 --> 00:31:59,700

you want to hear about it but fascinated

714

00:32:03,680 --> 00:32:01,800

myself because up until this point you

715

00:32:05,360 --> 00:32:03,690

know you don't really hear that you know

716

00:32:06,560 --> 00:32:05,370

around here oh yeah they don't pay any

717

00:32:10,910 --> 00:32:06,570

attention to them I think well

718

00:32:12,500 --> 00:32:10,920

apparently they do so in 1953 is started

719

00:32:15,530 --> 00:32:12,510

and and I don't know how to pronounce

720

00:32:18,350 --> 00:32:15,540

this squeeze squeeze Island that's

721

00:32:20,930 --> 00:32:18,360

Air Force Base in a roost where I have

722

00:32:23,060 --> 00:32:20,940

no idea where this is so it tracked a

723

00:32:26,420 --> 00:32:23,070

UFO and the fighters on radar

724

00:32:28,550 --> 00:32:26,430

so in 1962 on ronson Island California

725

00:32:32,300 --> 00:32:28,560

there was a report of a UFO salvage

726

00:32:34,250 --> 00:32:32,310

attempt while on a radar ship so in 1968

727

00:32:36,140 --> 00:32:34,260

Boston Massachusetts there was a report

728

00:32:38,270 --> 00:32:36,150

of a blimp shape lighted object with a

729

00:32:41,450 --> 00:32:38,280

possible MIB involvement and the witness

730

00:32:44,000 --> 00:32:41,460

had 80s clearance so and those are just

731

00:32:46,190 --> 00:32:44,010

yeah just a few of them I know there's

732

00:32:48,740 --> 00:32:46,200

quite a few more that had to do with the

733

00:32:50,660 --> 00:32:48,750

fact that f-16s were dispatched to chase

734

00:32:53,420 --> 00:32:50,670

after them and these were in there

735

00:32:56,870 --> 00:32:53,430

witness you know by a lot of a lot of

736

00:33:00,530 --> 00:32:56,880

people a lot of times right right yeah I

737

00:33:02,510 --> 00:33:00,540

have a friend and Canada that he's in

738

00:33:06,110 --> 00:33:02,520

the I'm in the antiques and fine arts

739

00:33:08,120 --> 00:33:06,120

business that's and he and I did a big

740

00:33:12,280 --> 00:33:08,130

appraisal in Atlanta of number of years

741

00:33:15,680 --> 00:33:12,290

ago together so he found my UFO show no

742

00:33:18,470 --> 00:33:15,690

but he all because he had an interest in

743

00:33:21,800 --> 00:33:18,480

UFOs which I didn't you know know about

744

00:33:25,880 --> 00:33:21,810

of course but basically he was at a

745

00:33:28,940 --> 00:33:25,890

party I think 10 years ago or more now

746

00:33:31,340 --> 00:33:28,950

and they were at a party outside in a

747

00:33:34,700 --> 00:33:31,350

deck and they saw this he said it was a

748

00:33:39,310 --> 00:33:34,710

perfect shape disc silver disc just

749

00:33:42,170 --> 00:33:39,320

flying and it had to whatever the Canada

750

00:33:43,160 --> 00:33:42,180

Jets are he said with her afterburners

751  
00:33:44,720 --> 00:33:43,170  
trying to catch up to it

752  
00:33:46,130 --> 00:33:44,730  
yeah and

753  
00:33:47,690 --> 00:33:46,140  
they all looked at it he said everyone

754  
00:33:49,730 --> 00:33:47,700  
looked at it and everyone watched it and

755  
00:33:52,280 --> 00:33:49,740  
they went holy cow you know and all that

756  
00:33:53,720 --> 00:33:52,290  
stuff and he says but nobody talked

757  
00:33:56,539 --> 00:33:53,730  
about it afterwards which i think is

758  
00:33:57,680 --> 00:33:56,549  
very strong yeah he said he looked in

759  
00:33:59,289 --> 00:33:57,690  
the paper and he said he couldn't

760  
00:34:02,330 --> 00:33:59,299  
believe in the paper you look for days

761  
00:34:05,240 --> 00:34:02,340  
it was not one single mention of it and

762  
00:34:09,919 --> 00:34:05,250  
I'm just kind of typical you know yeah

763  
00:34:12,500 --> 00:34:09,929

that more questions is all it is hmm

764

00:34:14,480 --> 00:34:12,510

yeah that's for sure in about in about

765

00:34:16,430 --> 00:34:14,490

25-30 minutes we're gonna we're gonna

766

00:34:19,520 --> 00:34:16,440

also take calls if anyone wants to call

767

00:34:21,980 --> 00:34:19,530

in and that number will be up on the

768

00:34:24,200 --> 00:34:21,990

screen when we decide to do that and I

769

00:34:26,419 --> 00:34:24,210

decided not to announce the calls

770

00:34:28,099 --> 00:34:26,429

because this show plays on the dark

771

00:34:30,109 --> 00:34:28,109

matter digital network on Thursday

772

00:34:31,820 --> 00:34:30,119

nights and when I announce the phone

773

00:34:33,139 --> 00:34:31,830

number there's a lot of people that

774

00:34:34,940 --> 00:34:33,149

listen over there

775

00:34:36,349 --> 00:34:34,950

so and I now it's the phone number

776

00:34:39,560 --> 00:34:36,359

people start calling me every thirst

777

00:34:44,510 --> 00:34:39,570

every 300 and it's on till midnight I

778

00:34:46,340 --> 00:34:44,520

get calls late so so a little shout out

779

00:34:48,440 --> 00:34:46,350

to the Dark Matter digital network for

780

00:34:51,590 --> 00:34:48,450

all those listeners over there thank you

781

00:34:56,030 --> 00:34:51,600

for listening so let's let's talk a

782

00:34:59,090 --> 00:34:56,040

little bit about some of the other cases

783

00:35:01,540 --> 00:34:59,100

that you've looked into some that you

784

00:35:05,420 --> 00:35:01,550

find really interesting in Montana ah

785

00:35:08,510 --> 00:35:05,430

well yeah these are bends the pretty

786

00:35:10,820 --> 00:35:08,520

interesting cases do you want to hear

787

00:35:14,450 --> 00:35:10,830

about the one that was recent or the one

788

00:35:16,460 --> 00:35:14,460

from Afghanistan that was on the we can

789

00:35:18,830 --> 00:35:16,470

talk about that yeah why don't we talk

790

00:35:21,920 --> 00:35:18,840

about that and we can go back to Montana

791

00:35:24,440 --> 00:35:21,930

after that okay well yeah I learned

792

00:35:30,200 --> 00:35:24,450

about it because the the witness was

793

00:35:31,580 --> 00:35:30,210

from Montana so this is I got my case

794

00:35:36,290 --> 00:35:31,590

notes here sorry I don't want to be

795

00:35:37,609 --> 00:35:36,300

flippant your papers here but yeah just

796

00:35:40,490 --> 00:35:37,619

to let the people know they're listening

797

00:35:42,980 --> 00:35:40,500

also listening live I will be also

798

00:35:45,890 --> 00:35:42,990

taking chat questions from you so if

799

00:35:48,349 --> 00:35:45,900

you'd like to pose chat questions you

800

00:35:52,310 --> 00:35:48,359

can in a little bit I'll announce that a

801

00:35:57,200 --> 00:35:55,700

well I did a case well actually I did

802

00:35:58,820 --> 00:35:57,210

find this case I didn't do this case

803

00:36:01,970 --> 00:35:58,830

myself but when I was looking through

804

00:36:04,970 --> 00:36:01,980

some of the just kind of get an idea of

805

00:36:07,850 --> 00:36:04,980

what the cases in Montana that was when

806

00:36:12,230 --> 00:36:07,860

I first took over as the state director

807

00:36:15,050 --> 00:36:12,240

out there and it was listed as a CEO

808

00:36:18,320 --> 00:36:15,060

which is a close encounter and that was

809

00:36:23,510 --> 00:36:18,330

from Afghanistan so and this happened in

810

00:36:26,300 --> 00:36:23,520

me May 10th 2004 an entire army special

811

00:36:27,800 --> 00:36:26,310

forces unit saw an unknown spherical

812

00:36:31,280 --> 00:36:27,810

shaped object through their night-vision

813

00:36:32,800 --> 00:36:31,290

goggles while on security duty in Kabul

814

00:36:36,260 --> 00:36:32,810

Afghanistan

815

00:36:39,110 --> 00:36:36,270

so this Montana residents stated that

816

00:36:41,540 --> 00:36:39,120

while on detail in Kabul he an entire

817

00:36:44,690 --> 00:36:41,550

army you know like said there were 15

818

00:36:46,430 --> 00:36:44,700

men that witnessed this so and he wasn't

819

00:36:48,530 --> 00:36:46,440

really sure of the date but he felt it

820

00:36:50,810 --> 00:36:48,540

was around May 10th

821

00:36:52,400 --> 00:36:50,820

he said the craft was huge it was so

822

00:36:55,430 --> 00:36:52,410

close they could have thrown a rock at

823

00:36:57,320 --> 00:36:55,440

it and hit it and it seemed to come out

824

00:36:58,850 --> 00:36:57,330

of nowhere and it floated over one of

825

00:37:01,010 --> 00:36:58,860

the mountains from the south which was

826

00:37:03,260 --> 00:37:01,020

east of the base that they had built it

827

00:37:04,790 --> 00:37:03,270

made no noise and he said the bizarre

828

00:37:06,170 --> 00:37:04,800

thing was that he couldn't see it with

829

00:37:08,210 --> 00:37:06,180

his naked eye but they could see it

830

00:37:12,020 --> 00:37:08,220

through his nice night-vision goggles

831

00:37:13,850 --> 00:37:12,030

which I kind of wondered did he have the

832

00:37:15,860 --> 00:37:13,860

goggles or did they all have the goggles

833

00:37:18,560 --> 00:37:15,870

so it's not something like I really know

834

00:37:21,320 --> 00:37:18,570

too much about that was a question that

835

00:37:22,970 --> 00:37:21,330

I had about the case so he described the

836

00:37:24,830 --> 00:37:22,980

object as having the appearance of a

837

00:37:26,120 --> 00:37:24,840

light bulb but it was a sphere and it

838

00:37:28,880 --> 00:37:26,130

was about the size of the moon in

839

00:37:31,100 --> 00:37:28,890

comparison said it had a translucent

840

00:37:34,670 --> 00:37:31,110

appearance but with a glowing and it lit

841

00:37:37,460 --> 00:37:34,680

up the surrounding area and when they

842

00:37:40,190 --> 00:37:37,470

saw it they all stopped looking at it in

843

00:37:42,260 --> 00:37:40,200

amazement and awe so as they watched it

844

00:37:45,500 --> 00:37:42,270

and it hovered around five hundred a

845

00:37:48,460 --> 00:37:45,510

hundred feet in the air and most slowly

846

00:37:50,930 --> 00:37:48,470

from five to 10 miles per hour

847

00:37:53,000 --> 00:37:50,940

so was about 100 yards

848

00:37:54,590 --> 00:37:53,010

yeah real slow is about a hundred yards

849

00:37:57,430 --> 00:37:54,600

from the outside perimeter of the base

850

00:38:00,710 --> 00:37:57,440

camp so they stood there and watch that

851

00:38:05,390 --> 00:38:00,720

and there how many witnesses about were

852

00:38:07,060 --> 00:38:05,400

involved 15 plus him it looks like so is

853

00:38:09,710 --> 00:38:07,070

his

854

00:38:13,340 --> 00:38:09,720

that was whoever was out on the detail

855

00:38:17,330 --> 00:38:13,350

there was a security detail so he got on

856

00:38:19,880 --> 00:38:17,340

the radio and talked to his commander

857

00:38:23,030 --> 00:38:19,890

and he just told him get back to work it

858

00:38:24,980 --> 00:38:23,040

was nothing so I know later on in

859

00:38:27,410 --> 00:38:24,990

reading the the story was that the

860

00:38:33,920 --> 00:38:27,420

commander saw it also from a camp there

861

00:38:35,920 --> 00:38:33,930

the base Wow and was there now how did

862

00:38:39,620 --> 00:38:35,930

you get this information yourself oh

863

00:38:42,140 --> 00:38:39,630

this is on this is on the CMS the data

864

00:38:45,050 --> 00:38:42,150

base so it's case five five seven four

865

00:38:49,880 --> 00:38:45,060

one and it's listed as a historical same

866

00:38:52,640 --> 00:38:49,890

historical case former military so and

867

00:38:54,440 --> 00:38:52,650

do you know if the military ever did any

868

00:38:56,900 --> 00:38:54,450

investigating or was this just I mean

869

00:38:59,470 --> 00:38:56,910

they have their hands full at wartime so

870

00:39:02,600 --> 00:38:59,480

they're called yeah I don't think so I

871

00:39:06,320 --> 00:39:02,610

he was told not just not to talk about

872

00:39:11,200 --> 00:39:06,330

it basically it was just you know it was

873

00:39:16,580 --> 00:39:11,210

just ignored and so Wow well interesting

874

00:39:19,640 --> 00:39:16,590

the one the ones that always fascinate

875

00:39:21,770 --> 00:39:19,650

me are the I know we're having some

876

00:39:24,680 --> 00:39:21,780

buffering problems and I apologize to

877

00:39:27,620 --> 00:39:24,690

the to the live listener and I don't

878

00:39:29,770 --> 00:39:27,630

know where that's coming from or why it

879

00:39:34,490 --> 00:39:29,780

could be the snow storm here and

880

00:39:37,210 --> 00:39:34,500

hopefully we won't lose you yeah hope

881

00:39:45,220 --> 00:39:37,220

not yeah

882

00:39:48,920 --> 00:39:45,230

so as far as other cases involving nukes

883

00:39:50,570 --> 00:39:48,930

the Malstrom one how much investigating

884

00:39:54,290 --> 00:39:50,580

did you do into that I mean there's been

885

00:39:57,740 --> 00:39:54,300

a lot of work done on that you mean the

886

00:40:01,430 --> 00:39:57,750

one from 1974 the one where Robert Salas

887

00:40:05,020 --> 00:40:01,440

was involved was that oh yeah in 1967

888

00:40:07,880 --> 00:40:05,030

yeah I did look into that one too and I

889

00:40:11,630 --> 00:40:07,890

thought it was pretty interesting I did

890

00:40:13,280 --> 00:40:11,640

take a couple of notes because I think

891

00:40:16,250 --> 00:40:13,290

that when people say well there was

892

00:40:19,780 --> 00:40:16,260

nothing found out about you know the

893

00:40:21,880 --> 00:40:19,790

reason that they went down I would

894

00:40:24,370 --> 00:40:21,890

have to think that well there was

895

00:40:28,110 --> 00:40:24,380

specific reasons as to why they couldn't

896

00:40:29,820 --> 00:40:28,120

have just went down for you know a

897

00:40:33,460 --> 00:40:29,830

malfunction

898

00:40:35,410 --> 00:40:33,470

so I mean well just a little bit about

899

00:40:37,990 --> 00:40:35,420

that from what I understand well first

900

00:40:43,210 --> 00:40:38,000

of all do you happen to know how many

901  
00:40:45,340 --> 00:40:43,220  
nukes actually were went down I think

902  
00:40:47,590 --> 00:40:45,350  
the first time I think it was two and

903  
00:40:50,560 --> 00:40:47,600  
then the second time and it was just

904  
00:40:52,690 --> 00:40:50,570  
like a few weeks later with Salas and it

905  
00:40:55,180 --> 00:40:52,700  
was 10 yeah I knew there was a lot of

906  
00:40:59,770 --> 00:40:55,190  
them yeah just to be clear about that

907  
00:41:01,750 --> 00:40:59,780  
for anyone that is anyone that doesn't

908  
00:41:05,290 --> 00:41:01,760  
know about this situation

909  
00:41:09,910 --> 00:41:05,300  
there was a read I think it was a read

910  
00:41:12,910 --> 00:41:09,920  
UFO basically that hovered over over the

911  
00:41:14,680 --> 00:41:12,920  
missile one of the missiles and someone

912  
00:41:19,900 --> 00:41:14,690  
was outside and spotted they called down

913  
00:41:24,730 --> 00:41:19,910

to Robert Salas and he was down I don't

914

00:41:28,150 --> 00:41:24,740

know like 75 feet down in at the base

915

00:41:31,120 --> 00:41:28,160

there and so this person was panicking

916

00:41:36,160 --> 00:41:31,130

and all of a sudden all these nukes

917

00:41:39,310 --> 00:41:36,170

actually went out and skeptics will say

918

00:41:40,900 --> 00:41:39,320

oh it had to do with electrical or had

919

00:41:44,500 --> 00:41:40,910

to do with air conditioning I think I've

920

00:41:47,380 --> 00:41:44,510

heard that before but really they are

921

00:41:50,650 --> 00:41:47,390

all independent of one another there's

922

00:41:53,560 --> 00:41:50,660

no connections and there's no there was

923

00:41:56,410 --> 00:41:53,570

never any logical explanation how this

924

00:41:59,800 --> 00:41:56,420

happened unless unless I'm missing

925

00:42:04,300 --> 00:41:59,810

something is that right right right

926  
00:42:07,750 --> 00:42:04,310  
yes I agree with you well yeah the one

927  
00:42:09,010 --> 00:42:07,760  
happened on March 16th in 1967 and that

928  
00:42:11,020 --> 00:42:09,020  
was they said they were camping out in

929  
00:42:12,460 --> 00:42:11,030  
the two missile silos because they were

930  
00:42:14,800 --> 00:42:12,470  
doing maintenance and they were also of

931  
00:42:18,640 --> 00:42:14,810  
course had the security there and so

932  
00:42:21,460 --> 00:42:18,650  
they see the UFOs over the over the the

933  
00:42:22,750 --> 00:42:21,470  
missile sites and at the same time that

934  
00:42:25,990 --> 00:42:22,760  
was when they all went down and they

935  
00:42:28,480 --> 00:42:26,000  
went into a no go no go situation so

936  
00:42:32,020 --> 00:42:28,490  
they went off alert and then it was just

937  
00:42:33,309 --> 00:42:32,030  
two weeks after that was when Robert

938  
00:42:38,680 --> 00:42:33,319

Salas said that he

939

00:42:40,989 --> 00:42:38,690

told by two of the men that that the UFO

940

00:42:43,229 --> 00:42:40,999

was right at the front you know what you

941

00:42:45,819 --> 00:42:43,239

were just saying it was the red glowing

942

00:42:47,499 --> 00:42:45,829

UFO was right outside the gate and

943

00:42:50,620 --> 00:42:47,509

they're like asking him Oh what should

944

00:42:52,870 --> 00:42:50,630

we do well and I think that at one time

945

00:42:55,180 --> 00:42:52,880

and I don't know if if if this was the

946

00:42:57,189 --> 00:42:55,190

time or the time before they said well

947

00:43:00,969 --> 00:42:57,199

shoot at it you know and I don't think

948

00:43:03,430 --> 00:43:00,979

they did but I don't think I would

949

00:43:05,469 --> 00:43:03,440

either I think that would be about the

950

00:43:08,559 --> 00:43:05,479

last thing I would ever think that's

951  
00:43:14,699 --> 00:43:08,569  
what I was thinking too and I was

952  
00:43:18,640 --> 00:43:14,709  
listening to the colonel salars or Salas

953  
00:43:21,670 --> 00:43:18,650  
report on that and it was on the video

954  
00:43:23,949 --> 00:43:21,680  
and he said that he was talking to the

955  
00:43:26,199 --> 00:43:23,959  
the other I think it was the other

956  
00:43:28,319 --> 00:43:26,209  
colonel and they said two of the guards

957  
00:43:31,120 --> 00:43:28,329  
that were out there that saw these UFOs

958  
00:43:33,880 --> 00:43:31,130  
never went back on guard duty after that

959  
00:43:37,449 --> 00:43:33,890  
they couldn't they were so scared

960  
00:43:41,979 --> 00:43:37,459  
I think Wow that's the thing I remember

961  
00:43:43,809 --> 00:43:41,989  
about I remember Robert when he was on

962  
00:43:46,229 --> 00:43:43,819  
the show he's been on a couple times but

963  
00:43:50,499 --> 00:43:46,239

I do remember him saying that they're

964

00:43:52,029 --> 00:43:50,509

petrified of this situation and I

965

00:43:55,329 --> 00:43:52,039

understand that especially when

966

00:43:57,219 --> 00:43:55,339

something happens and and it's happened

967

00:43:58,989 --> 00:43:57,229

multiple times I don't know if I

968

00:44:02,529 --> 00:43:58,999

actually knew that it happened multiple

969

00:44:03,880 --> 00:44:02,539

times there and you also said 1974 and

970

00:44:07,299 --> 00:44:03,890

in the 70s as well

971

00:44:10,630 --> 00:44:07,309

well that's 72 and I'm thinking yeah the

972

00:44:13,059 --> 00:44:10,640

case that that I was going you know to

973

00:44:16,569 --> 00:44:13,069

talk about what happened in 1972 and

974

00:44:19,150 --> 00:44:16,579

that was the case that I just I just

975

00:44:21,009 --> 00:44:19,160

finished up about a month ago and what I

976

00:44:23,979 --> 00:44:21,019

didn't realize when I did the case was

977

00:44:26,499 --> 00:44:23,989

he had actually reported it also in 2011

978

00:44:27,939 --> 00:44:26,509

and it was it didn't happen didn't

979

00:44:30,999 --> 00:44:27,949

really have to do with missiles that I

980

00:44:34,449 --> 00:44:31,009

know of it but he was in a security he

981

00:44:39,880 --> 00:44:34,459

was part of the security police and was

982

00:44:43,809 --> 00:44:39,890

stationed at Malstrom and so he had said

983

00:44:45,789 --> 00:44:43,819

that he had seen a very large UFO and

984

00:44:47,069 --> 00:44:45,799

that was just very close to the base and

985

00:44:48,870 --> 00:44:47,079

that doesn't know

986

00:44:51,870 --> 00:44:48,880

I mean heading the dude with the base

987

00:44:55,380 --> 00:44:51,880

itself but um he was you know stationed

988

00:44:59,819 --> 00:44:55,390

there so I thought it was you know it

989

00:45:02,309 --> 00:44:59,829

was kind of a significant case yeah and

990

00:45:06,390 --> 00:45:02,319

what was the follow-up from that do you

991

00:45:08,699 --> 00:45:06,400

know I listen it as an unknown I I

992

00:45:10,289 --> 00:45:08,709

thought he was uh you know he spoke very

993

00:45:12,239 --> 00:45:10,299

well he was credible when I talked to

994

00:45:14,099 --> 00:45:12,249

him on the phone you know other than

995

00:45:16,440 --> 00:45:14,109

there wasn't really a lot of you know

996

00:45:18,120 --> 00:45:16,450

there wasn't any physical evidence you

997

00:45:22,620 --> 00:45:18,130

know no photographs or videos or

998

00:45:24,719 --> 00:45:22,630

anything like that and I know when I and

999

00:45:26,549 --> 00:45:24,729

I talked to him and he stated that it

1000

00:45:26,999 --> 00:45:26,559

had pipe like projections sticking out

1001

00:45:30,809 --> 00:45:27,009

of it

1002

00:45:32,670 --> 00:45:30,819

it was stationary except returning as if

1003

00:45:35,789 --> 00:45:32,680

it was revolving so I was like well that

1004

00:45:37,920 --> 00:45:35,799

kind of rules out a regular airplane you

1005

00:45:39,269 --> 00:45:37,930

know with wings and you know it's got a

1006

00:45:41,459 --> 00:45:39,279

tail but it doesn't that projection

1007

00:45:43,289 --> 00:45:41,469

sticking out of it so you know I didn't

1008

00:45:46,170 --> 00:45:43,299

think that you know was anything like a

1009

00:45:49,769 --> 00:45:46,180

bolide or meteors or fireballs or you

1010

00:45:51,359 --> 00:45:49,779

know weather anomalies so you know and

1011

00:45:54,269 --> 00:45:51,369

he didn't remember the name of the other

1012

00:45:56,999 --> 00:45:54,279

witnesses so really couldn't do you know

1013

00:45:59,729 --> 00:45:57,009

a lot you know about that and like I

1014

00:46:02,910 --> 00:45:59,739

said this was also investigated in 2011

1015

00:46:06,900 --> 00:46:02,920

and they said the same thing you know

1016

00:46:10,069 --> 00:46:06,910

and it was an unknown so and this was

1017

00:46:13,829 --> 00:46:10,079

very near the the military installation

1018

00:46:15,959 --> 00:46:13,839

so at Malstrom and i'm thinking that he

1019

00:46:17,939 --> 00:46:15,969

might even been you know on a security

1020

00:46:22,019 --> 00:46:17,949

detail for the missile silos but i

1021

00:46:25,019 --> 00:46:22,029

didn't i didn't ask him at the time now

1022

00:46:27,599 --> 00:46:25,029

i've had Robert Hastings on you know in

1023

00:46:32,039 --> 00:46:27,609

the past and you know I've have I've

1024

00:46:33,959 --> 00:46:32,049

asked him know what do you think is what

1025

00:46:36,029 --> 00:46:33,969

do you think is going on here you know I

1026

00:46:38,009 --> 00:46:36,039

mean that's just basically I just

1027

00:46:40,559 --> 00:46:38,019

curious to know what he thought because

1028

00:46:43,199 --> 00:46:40,569

he's not so much research into it you

1029

00:46:45,509 --> 00:46:43,209

can he said he basically thinks they're

1030

00:46:48,979 --> 00:46:45,519

trying to give us a message you know

1031

00:46:52,769 --> 00:46:48,989

stop playing with these things yeah yeah

1032

00:46:55,289 --> 00:46:52,779

that's uh it's too bad you know they

1033

00:46:57,479 --> 00:46:55,299

were ever invented if you ask me but you

1034

00:47:00,780 --> 00:46:57,489

can't unring the Bell once it's invented

1035

00:47:04,950 --> 00:47:00,790

right you know any other cases that turn

1036

00:47:08,850 --> 00:47:04,960

aware of that involves nukes that you've

1037

00:47:15,690 --> 00:47:08,860

worked on well the last one and it's an

1038

00:47:18,480 --> 00:47:15,700

open case that's case 89 785 and that's

1039

00:47:20,700 --> 00:47:18,490

still being investigated I haven't had

1040

00:47:22,640 --> 00:47:20,710

any word from Maelstrom you know I did

1041

00:47:25,590 --> 00:47:22,650

make a call you know to get some

1042

00:47:27,660 --> 00:47:25,600

information on that it was reported the

1043

00:47:36,230 --> 00:47:27,670

day it happened which was January 24th

1044

00:47:41,040 --> 00:47:38,760

relaxer he wasn't a witness he was a

1045

00:47:42,960 --> 00:47:41,050

source the witness didn't come forward

1046

00:47:46,290 --> 00:47:42,970

on this one it was estimated to be over

1047

00:47:48,180 --> 00:47:46,300

1/2 acre in size but or about half the

1048

00:47:50,820 --> 00:47:48,190

size of a football field sighted over a

1049

00:47:52,830 --> 00:47:50,830

missile launch site causing the power to

1050

00:47:54,690 --> 00:47:52,840

go out for 10 minutes the person

1051  
00:47:57,630 --> 00:47:54,700  
reporting you know like I said was not

1052  
00:48:00,060 --> 00:47:57,640  
the witness but he is former law

1053  
00:48:02,790 --> 00:48:00,070  
enforcement he's not given an

1054  
00:48:04,290 --> 00:48:02,800  
exaggeration and he felt that the person

1055  
00:48:06,930 --> 00:48:04,300  
that shared this information with him

1056  
00:48:08,670 --> 00:48:06,940  
was also pretty reliable but because of

1057  
00:48:11,940 --> 00:48:08,680  
the witnesses stationed at Maelstrom

1058  
00:48:15,120 --> 00:48:11,950  
right now he's declined to come forward

1059  
00:48:18,120 --> 00:48:15,130  
and because he doesn't want it to hurt

1060  
00:48:22,440 --> 00:48:18,130  
his career yeah you wonder if that will

1061  
00:48:24,240 --> 00:48:22,450  
change someday or or if it will you know

1062  
00:48:25,520 --> 00:48:24,250  
and recently you know as I was talking

1063  
00:48:29,100 --> 00:48:25,530

about with Alejandro

1064

00:48:32,100 --> 00:48:29,110

since the Pentagon you know story has

1065

00:48:33,660 --> 00:48:32,110

been released back in December you know

1066

00:48:36,180 --> 00:48:33,670

maybe things have changed maybe more

1067

00:48:39,570 --> 00:48:36,190

people will feel a little more at ease

1068

00:48:41,670 --> 00:48:39,580

about talking about if a can you know I

1069

00:48:45,150 --> 00:48:41,680

realized that you know having the

1070

00:48:46,730 --> 00:48:45,160

security clearance and you know a lot of

1071

00:48:50,370 --> 00:48:46,740

times they just can't talk about things

1072

00:48:52,380 --> 00:48:50,380

mm-hmm well if not if nothing else at

1073

00:48:54,300 --> 00:48:52,390

least people will realize that there is

1074

00:48:56,280 --> 00:48:54,310

something there and there's something

1075

00:48:58,980 --> 00:48:56,290

real and tangible that needs to be

1076  
00:49:02,340 --> 00:48:58,990  
investigated no you know for all of our

1077  
00:49:04,890 --> 00:49:02,350  
sakes I thought it was interesting that

1078  
00:49:08,280 --> 00:49:04,900  
he said that this person told him that

1079  
00:49:10,050 --> 00:49:08,290  
they meaning the UFOs they show up they

1080  
00:49:12,480 --> 00:49:10,060  
hang out over the launch sites and the

1081  
00:49:14,150 --> 00:49:12,490  
power goes out you know it says they

1082  
00:49:16,789 --> 00:49:14,160  
only do unmanned

1083  
00:49:19,999 --> 00:49:16,799  
since about 20 years ago as they hit a

1084  
00:49:21,589 --> 00:49:20,009  
manned site and they got shot at which I

1085  
00:49:23,920 --> 00:49:21,599  
thought all that's interesting so they

1086  
00:49:26,210 --> 00:49:23,930  
really did shoot at one of these things

1087  
00:49:28,160 --> 00:49:26,220  
so and they always move them in the

1088  
00:49:34,789 --> 00:49:28,170

daytime since at night is when they are

1089

00:49:36,259 --> 00:49:34,799

harassed by them so maybe that's it

1090

00:49:39,440 --> 00:49:36,269

maybe they're just you know they're just

1091

00:49:41,599 --> 00:49:39,450

harassing them so maybe you will you'll

1092

00:49:42,400 --> 00:49:41,609

just mantle all of them and put them all

1093

00:49:46,490 --> 00:49:42,410

away

1094

00:49:49,999 --> 00:49:46,500

yeah strange huh strange yeah so just

1095

00:49:54,190 --> 00:49:50,009

before we move on what I'm curious

1096

00:49:57,890 --> 00:49:54,200

because if you don't live in Montana

1097

00:50:02,680 --> 00:49:57,900

why are you doing you know MUFON work in

1098

00:50:06,109 --> 00:50:02,690

Montana that's part of the the case

1099

00:50:08,569 --> 00:50:06,119

assistant group and it's kind of like

1100

00:50:11,299 --> 00:50:08,579

they rebuild chapter rebuild chapters or

1101

00:50:13,789 --> 00:50:11,309

they do cases that go over the time

1102

00:50:16,940 --> 00:50:13,799

limit which is you know three months and

1103

00:50:18,950 --> 00:50:16,950

I had worked on I instead of being I

1104

00:50:20,720 --> 00:50:18,960

used to be a field investigator from

1105

00:50:25,249 --> 00:50:20,730

Michigan and then I went to the case

1106

00:50:27,980 --> 00:50:25,259

management and then I started doing

1107

00:50:32,450 --> 00:50:27,990

cases that went over like I've done some

1108

00:50:35,450 --> 00:50:32,460

in Idaho and Kansas and then they asked

1109

00:50:37,670 --> 00:50:35,460

me if I wanted to try to rebuild the

1110

00:50:40,460 --> 00:50:37,680

chapter out in Montana I mean right now

1111

00:50:43,099 --> 00:50:40,470

I'm I'm it there's no field

1112

00:50:45,140 --> 00:50:43,109

investigators doing any cases and I'm

1113

00:50:47,839 --> 00:50:45,150

trying to build that up and get some

1114

00:50:50,329 --> 00:50:47,849

people involved you know with the with

1115

00:50:52,609 --> 00:50:50,339

MUFON out there so it would be great to

1116

00:50:54,019 --> 00:50:52,619

be able to have meetings out there you

1117

00:50:55,609 --> 00:50:54,029

know for people that are interested

1118

00:50:58,809 --> 00:50:55,619

because you know it's obviously there

1119

00:51:00,920 --> 00:50:58,819

are still things going on out there so

1120

00:51:03,289 --> 00:51:00,930

and it is a little more difficult

1121

00:51:05,569 --> 00:51:03,299

because I don't live in the state you

1122

00:51:07,970 --> 00:51:05,579

know and I don't really get as good a

1123

00:51:10,240 --> 00:51:07,980

feel for you know what the area is you

1124

00:51:13,190 --> 00:51:10,250

know other than Google Earth you know

1125

00:51:14,870 --> 00:51:13,200

see what things are about what about

1126

00:51:17,089 --> 00:51:14,880

interviewing people do you get a chance

1127

00:51:21,559 --> 00:51:17,099

to do that a lot of that oh yeah yeah I

1128

00:51:23,630 --> 00:51:21,569

do yeah I give them a call and see

1129

00:51:26,569 --> 00:51:23,640

what's up with them and you know what

1130

00:51:27,950 --> 00:51:26,579

happened so I can get a pretty good read

1131

00:51:31,609 --> 00:51:27,960

on people and listening

1132

00:51:36,370 --> 00:51:31,619

them so pretty good instinct for that

1133

00:51:38,870 --> 00:51:36,380

sort of thing so the the UFO end in

1134

00:51:41,690 --> 00:51:38,880

California Robert Jacob said guess it

1135

00:51:42,800 --> 00:51:41,700

was did you ever look into that someone

1136

00:51:44,780 --> 00:51:42,810

wanted to know in the chat if you've

1137

00:51:48,010 --> 00:51:44,790

ever looked into that case you know when

1138

00:51:50,839 --> 00:51:48,020

the beam of light came out of the object

1139

00:51:53,030 --> 00:51:50,849

no no I'm not familiar with that one

1140

00:51:57,200 --> 00:51:53,040

yeah so yeah I've never I haven't worked

1141

00:52:00,160 --> 00:51:57,210

on any cases out of California yes I

1142

00:52:04,790 --> 00:52:00,170

figured so but I thought I'd ask because

1143

00:52:05,660 --> 00:52:04,800

there was a dummy it was a dummy nuke on

1144

00:52:08,150 --> 00:52:05,670

that one in particular

1145

00:52:10,640 --> 00:52:08,160

Oh went up over Big Sur I think it was

1146

00:52:13,310 --> 00:52:10,650

Oh oh is that the one they had the video

1147

00:52:15,320 --> 00:52:13,320

of yeah yeah yeah and the video

1148

00:52:18,140 --> 00:52:15,330

mysteriously disappeared and they said

1149

00:52:22,490 --> 00:52:18,150

you never saw this which is always have

1150

00:52:27,500 --> 00:52:22,500

yeah yeah yeah if you can't find the

1151

00:52:29,870 --> 00:52:27,510

film it didn't exist that's right so I

1152

00:52:32,150 --> 00:52:29,880

am going to take calls if anyone would

1153

00:52:35,980 --> 00:52:32,160

like to call in and that number will

1154

00:52:38,630 --> 00:52:35,990

come up on the screen on YouTube so just

1155

00:52:40,370 --> 00:52:38,640

and I do apologize I do see there is

1156

00:52:42,859 --> 00:52:40,380

some buffering going on this evening and

1157

00:52:44,510 --> 00:52:42,869

I do apologize for that

1158

00:52:49,579 --> 00:52:44,520

I can't do anything about the internet

1159

00:52:51,320 --> 00:52:49,589

when that happens anyway so the number

1160

00:52:54,190 --> 00:52:51,330

should will be up on the screen and

1161

00:53:00,440 --> 00:52:54,200

actually that number has to go up

1162

00:53:04,040 --> 00:53:00,450

because hang on just a second it's right

1163

00:53:07,880 --> 00:53:04,050

in front of the subscriber button so

1164

00:53:12,380 --> 00:53:07,890

it's not going to work where it is okay

1165

00:53:13,810 --> 00:53:12,390

so that number has to be moved sorry

1166

00:53:16,010 --> 00:53:13,820

about that

1167

00:53:18,980 --> 00:53:16,020

there's a number there so if anyone

1168

00:53:24,589 --> 00:53:18,990

wants to call in I can take that call

1169

00:53:27,020 --> 00:53:24,599

and ask our guest today a question if

1170

00:53:29,089 --> 00:53:27,030

you'd like to also in the chatroom if

1171

00:53:33,560 --> 00:53:29,099

you'd like to pose questions for our

1172

00:53:36,740 --> 00:53:33,570

guests feel free to do that now

1173

00:53:39,670 --> 00:53:36,750

can you tell us what you found as the

1174

00:53:41,690 --> 00:53:39,680

most fascinating case that you worked on

1175

00:53:46,970 --> 00:53:41,700

what do you consider one of my

1176  
00:53:51,079 --> 00:53:46,980  
the fast Montana yeah I would say the

1177  
00:53:52,970 --> 00:53:51,089  
one that that I did just recently maybe

1178  
00:53:55,370 --> 00:53:52,980  
just because you know I haven't I've

1179  
00:53:57,530 --> 00:53:55,380  
maybe did about 15 cases out in Montana

1180  
00:54:00,170 --> 00:53:57,540  
you know so I don't know what percentage

1181  
00:54:02,120 --> 00:54:00,180  
wise of you know there were a couple of

1182  
00:54:05,539 --> 00:54:02,130  
hoaxes and they were a couple that you

1183  
00:54:09,079 --> 00:54:05,549  
know are natural or man-made you know

1184  
00:54:12,079 --> 00:54:09,089  
objects so I think that the case that I

1185  
00:54:15,500 --> 00:54:12,089  
talked about here you know where he saw

1186  
00:54:18,829 --> 00:54:15,510  
the you know the craft over the base was

1187  
00:54:22,940 --> 00:54:18,839  
probably one of the the most significant

1188  
00:54:24,710 --> 00:54:22,950

ones that I've done so far yeah yeah

1189

00:54:27,740 --> 00:54:24,720

that's that's a real interesting how

1190

00:54:30,400 --> 00:54:27,750

about some other ones have you actually

1191

00:54:36,230 --> 00:54:30,410

looked into some historic cases as well

1192

00:54:38,180 --> 00:54:36,240

you know going way back probably just

1193

00:54:40,370 --> 00:54:38,190

the ones you know the ones that I

1194

00:54:42,410 --> 00:54:40,380

mentioned here a few few minutes ago

1195

00:54:45,230 --> 00:54:42,420

that you know those were just basically

1196

00:54:49,789 --> 00:54:45,240

the military ones you know from the

1197

00:54:51,289 --> 00:54:49,799

database and other than you know you

1198

00:54:53,990 --> 00:54:51,299

know having a little bit of information

1199

00:54:57,530 --> 00:54:54,000

on that so I haven't done like a lot of

1200

00:55:00,460 --> 00:54:57,540

I haven't done that much work on the

1201  
00:55:03,260 --> 00:55:00,470  
historical cases you know out of Montana

1202  
00:55:05,450 --> 00:55:03,270  
yeah I think maybe I just was more

1203  
00:55:10,220 --> 00:55:05,460  
interested ones that had to do with the

1204  
00:55:12,170 --> 00:55:10,230  
military so yeah maybe that's why I have

1205  
00:55:16,030 --> 00:55:12,180  
I have a couple of choices here with

1206  
00:55:18,440 --> 00:55:16,040  
what is going on with the internet I can

1207  
00:55:21,349 --> 00:55:18,450  
but it's going to be a problem I can

1208  
00:55:26,240 --> 00:55:21,359  
reset the router it's going to take a

1209  
00:55:30,829 --> 00:55:26,250  
few minutes the the YouTube video will

1210  
00:55:32,329 --> 00:55:30,839  
go down it may restart again or it may

1211  
00:55:34,970 --> 00:55:32,339  
be the end of the show but I'm having

1212  
00:55:37,910 --> 00:55:34,980  
I'm definitely it's going right to read

1213  
00:55:40,970 --> 00:55:37,920

to nothing we tested everything prior to

1214

00:55:45,170 --> 00:55:40,980

the show it was all working fine so you

1215

00:55:48,589 --> 00:55:45,180

know I really apologize but I think it's

1216

00:55:51,349 --> 00:55:48,599

probably the smart thing to do to wrap

1217

00:55:54,950 --> 00:55:51,359

this thing up in just a few minutes so

1218

00:55:58,520 --> 00:55:54,960

and I do apologize to the listener

1219

00:56:00,500 --> 00:55:58,530

sorry that this has happened let's see

1220

00:56:04,460 --> 00:56:00,510

we do have a question I'll try to get to

1221

00:56:09,170 --> 00:56:04,470

that which story is the most Hoke c1

1222

00:56:11,660 --> 00:56:09,180

have you come across hoaxes yeah I have

1223

00:56:15,349 --> 00:56:11,670

a couple yeah why don't you go ahead and

1224

00:56:22,160 --> 00:56:15,359

talk to the one I think that was I have

1225

00:56:24,680 --> 00:56:22,170

a five open cases right now and I think

1226

00:56:28,790 --> 00:56:24,690

it was the one where he sent photographs

1227

00:56:31,220 --> 00:56:28,800

and he claimed it was showed a

1228

00:56:35,240 --> 00:56:31,230

photograph of a very large UFO over the

1229

00:56:39,560 --> 00:56:35,250

mountain and he was standing like in a

1230

00:56:42,200 --> 00:56:39,570

mountain area but the photograph taken

1231

00:56:44,390 --> 00:56:42,210

he claimed like a minute before was

1232

00:56:47,599 --> 00:56:44,400

taken from a car down at the bottom of

1233

00:56:50,690 --> 00:56:47,609

the mountain so and then the third photo

1234

00:56:52,940 --> 00:56:50,700

was also taken from you know farther

1235

00:56:54,770 --> 00:56:52,950

away I like well you can't get to the

1236

00:56:58,790 --> 00:56:54,780

top of a mountain in you know like one

1237

00:57:00,920 --> 00:56:58,800

minute sew-in you know I checked the the

1238

00:57:04,010 --> 00:57:00,930

information on the photograph you know I

1239

00:57:07,880 --> 00:57:04,020

put it on photo forensics and I looked

1240

00:57:10,490 --> 00:57:07,890

at the timestamp of that photo he told

1241

00:57:12,620 --> 00:57:10,500

me that the photos were taking taken one

1242

00:57:15,700 --> 00:57:12,630

minute before in one minute after but he

1243

00:57:18,260 --> 00:57:15,710

didn't prove it by sending me the actual

1244

00:57:19,849 --> 00:57:18,270

photographs so I could timestamp them

1245

00:57:22,430 --> 00:57:19,859

because all the information on a

1246

00:57:24,829 --> 00:57:22,440

photograph you know as shown you know

1247

00:57:26,570 --> 00:57:24,839

all of the metadata is gonna come up so

1248

00:57:31,220 --> 00:57:26,580

when he didn't send that to me I think

1249

00:57:35,120 --> 00:57:31,230

yeah I'm quite sure that's not real Wow

1250

00:57:37,520 --> 00:57:35,130

anything else well the one case that I

1251

00:57:40,730 --> 00:57:37,530

did from Michigan there wasn't Montana

1252

00:57:45,859 --> 00:57:40,740

was a photograph that someone incentive

1253

00:57:48,650 --> 00:57:45,869

just a huge just humongous UFO you know

1254

00:57:50,000 --> 00:57:48,660

in the background like over a house and

1255

00:57:51,800 --> 00:57:50,010

it was just fascinating

1256

00:57:54,380 --> 00:57:51,810

you know like I'm looking at it like I

1257

00:57:59,870 --> 00:57:54,390

know this is fake but I have to prove it

1258

00:58:01,609 --> 00:57:59,880

it's a fake so when the person narrated

1259

00:58:04,599 --> 00:58:01,619

you know in his narrative he said that

1260

00:58:08,760 --> 00:58:04,609

well my friend said that that's your

1261

00:58:11,490 --> 00:58:08,770

your your light fixture

1262

00:58:14,520 --> 00:58:11,500

you know with a fan on it I said yep I'm

1263

00:58:16,170 --> 00:58:14,530

quite sure he's right so what I did was

1264

00:58:19,440 --> 00:58:16,180

I took photographs I have a porch that

1265

00:58:21,030 --> 00:58:19,450

has a like a chandelier on it so I took

1266

00:58:23,760 --> 00:58:21,040

a picture of the reflection of the

1267

00:58:26,100 --> 00:58:23,770

chandelier you know on the you know the

1268

00:58:28,170 --> 00:58:26,110

trees outside I think and this is what

1269

00:58:30,570 --> 00:58:28,180

he did he took a picture from the inside

1270

00:58:32,820 --> 00:58:30,580

you know and it's just a reflection of

1271

00:58:35,460 --> 00:58:32,830

that chandelier with lights going around

1272

00:58:37,740 --> 00:58:35,470

it so but even that's what it's about

1273

00:58:39,510 --> 00:58:37,750

and you know you you get the you look at

1274

00:58:41,850 --> 00:58:39,520

and like well I'm quite sure that that's

1275

00:58:44,220 --> 00:58:41,860

not real been an insolent face but you

1276  
00:58:46,560 --> 00:58:44,230  
have to prove it because sometimes even

1277  
00:58:48,960 --> 00:58:46,570  
just looking at a composite photograph

1278  
00:58:52,200 --> 00:58:48,970  
just isn't gonna isn't gonna give you

1279  
00:58:56,130 --> 00:58:52,210  
enough information there's a very famous

1280  
00:58:58,290 --> 00:58:56,140  
UFO picture where it shows - a few - UFO

1281  
00:59:02,010 --> 00:58:58,300  
lights they're pretty much shaped like

1282  
00:59:04,950 --> 00:59:02,020  
discs but what they actually were is a

1283  
00:59:06,570 --> 00:59:04,960  
in a train car there the lights hanging

1284  
00:59:08,100 --> 00:59:06,580  
that were reflecting on the lights as

1285  
00:59:10,710 --> 00:59:08,110  
people were looking out the window and

1286  
00:59:13,020 --> 00:59:10,720  
taking the picture yeah and so that's a

1287  
00:59:14,790 --> 00:59:13,030  
real famous picture and so I just saw

1288  
00:59:19,410 --> 00:59:14,800

this is kind of funny but I was watching

1289

00:59:21,540 --> 00:59:19,420

on a recent news story where they were

1290

00:59:23,340 --> 00:59:21,550

talking about you know the Pentagon UFO

1291

00:59:28,710 --> 00:59:23,350

and all that well UFOs are real and they

1292

00:59:30,000 --> 00:59:28,720

flash that picture yeah yeah I did see

1293

00:59:32,520 --> 00:59:30,010

that when I know I know which one you're

1294

00:59:34,530 --> 00:59:32,530

talking about and after I did the my

1295

00:59:36,390 --> 00:59:34,540

little experiment with you know the

1296

00:59:38,070 --> 00:59:36,400

lights and in the window I think let's

1297

00:59:39,600 --> 00:59:38,080

see this is how you do it you know you

1298

00:59:42,140 --> 00:59:39,610

say you're outside and you're not

1299

00:59:44,850 --> 00:59:42,150

outside you're just you know taking a

1300

00:59:46,320 --> 00:59:44,860

photograph of a reflection on a very

1301

00:59:47,670 --> 00:59:46,330

clean windows because you're not gonna

1302

00:59:49,980 --> 00:59:47,680

you're not gonna be able to tell the

1303

00:59:51,540 --> 00:59:49,990

difference so okay we do have we do have

1304

00:59:55,800 --> 00:59:51,550

someone calling in we're gonna give it a

1305

00:59:57,840 --> 00:59:55,810

try okay okay so caller welcome to the

1306

01:00:04,770 --> 00:59:57,850

show what's your first name and where

1307

01:00:05,280 --> 01:00:04,780

are you calling from Orion right how are

1308

01:00:11,280 --> 01:00:05,290

ya

1309

01:00:14,280 --> 01:00:11,290

hopefully our internet will hang in here

1310

01:00:17,400 --> 01:00:14,290

you have a question for our guest I do

1311

01:00:19,320 --> 01:00:17,410

um I wanted to ask her actually someone

1312

01:00:19,730 --> 01:00:19,330

just asked this and as sort of assets in

1313

01:00:22,609 --> 01:00:19,740

the chat

1314

01:00:26,690 --> 01:00:22,619

room I wanted to ask his she ever

1315

01:00:29,600 --> 01:00:26,700

applauded on the location of a lot of

1316

01:00:32,840 --> 01:00:29,610

these sightings relative to the missile

1317

01:00:35,330 --> 01:00:32,850

silos and my info may be dated at this

1318

01:00:37,940 --> 01:00:35,340

point post Cold War but I know there

1319

01:00:39,590 --> 01:00:37,950

were some missile silos in Montana and

1320

01:00:42,800 --> 01:00:39,600

the Dakotas and I'm just wondering if

1321

01:00:44,780 --> 01:00:42,810

she ever plotted the sightings relative

1322

01:00:46,550 --> 01:00:44,790

to those silos as you know the

1323

01:00:50,690 --> 01:00:46,560

determined frequency and that's what I

1324

01:00:53,210 --> 01:00:50,700

think no I haven't actually done that

1325

01:00:55,070 --> 01:00:53,220

but that's very good that you bring that

1326

01:00:58,220 --> 01:00:55,080

up and it would be something to

1327

01:01:02,030 --> 01:00:58,230

definitely look into and another thing

1328

01:01:04,010 --> 01:01:02,040

is to maybe that time the season wise

1329

01:01:06,920 --> 01:01:04,020

you know of the sightings I noticed that

1330

01:01:08,270 --> 01:01:06,930

several of them were we're in March I

1331

01:01:11,240 --> 01:01:08,280

don't know if there's something

1332

01:01:13,730 --> 01:01:11,250

significant about the timeline you know

1333

01:01:15,740 --> 01:01:13,740

of them if there's there's more

1334

01:01:18,470 --> 01:01:15,750

sightings in one time of the year or

1335

01:01:22,120 --> 01:01:18,480

another or if it has to do with maybe

1336

01:01:25,280 --> 01:01:22,130

things going on you know politically so

1337

01:01:29,599 --> 01:01:25,290

but that is a very good question I may

1338

01:01:31,280 --> 01:01:29,609

have to do that Thank You Ryan you've

1339

01:01:33,200 --> 01:01:31,290  
called in a number of times just a

1340

01:01:35,740 --> 01:01:33,210  
little bit about yourself are you

1341

01:01:38,540 --> 01:01:35,750  
someone that got interested in the topic

1342

01:01:40,250 --> 01:01:38,550  
because of you having a sighting

1343

01:01:48,050 --> 01:01:40,260  
yourself or how did you get interested

1344

01:01:50,180 --> 01:01:48,060  
in it a long story um I'm somebody you

1345

01:01:54,109 --> 01:01:50,190  
know I'm in my mid-40s and I'm someone

1346

01:01:56,660 --> 01:01:54,119  
who grew up watching shows like in

1347

01:01:59,270 --> 01:01:56,670  
search of unsolved mysteries stuff like

1348

01:02:01,700 --> 01:01:59,280  
that and I guess I became interested in

1349

01:02:03,620 --> 01:02:01,710  
the topic that way and you know read

1350

01:02:06,170 --> 01:02:03,630  
some of Stanton Friedman's books and so

1351

01:02:08,240 --> 01:02:06,180

on and so forth and a lot of UFO stuff

1352

01:02:09,890 --> 01:02:08,250

and you know just gradually got in and

1353

01:02:12,650 --> 01:02:09,900

got interested in and I had a sighting

1354

01:02:15,050 --> 01:02:12,660

of my own I have to admit though and as

1355

01:02:16,820 --> 01:02:15,060

you know and yeah you didn't warn her

1356

01:02:19,849 --> 01:02:16,830

about this that yeah over the years I

1357

01:02:23,420 --> 01:02:19,859

have I've have gone a bit to the dark

1358

01:02:26,089 --> 01:02:23,430

side so to speak in terms of become a

1359

01:02:29,269 --> 01:02:26,099

bit of a skeptic on some UFO in

1360

01:02:32,900 --> 01:02:29,279

since I've I've become a mage or skeptic

1361

01:02:35,180 --> 01:02:32,910

on Roswell as time has gone by but there

1362

01:02:38,120 --> 01:02:35,190

have been other incidents that I have no

1363

01:02:40,370 --> 01:02:38,130

explanation for so you know I'm I'm not

1364

01:02:43,640 --> 01:02:40,380

I'm not I'm neither here nor there but

1365

01:02:45,469 --> 01:02:43,650

that's that's kind of the short version

1366

01:02:47,960 --> 01:02:45,479

well that's interesting and you know you

1367

01:02:49,190 --> 01:02:47,970

brought up Roswell so we're just taking

1368

01:02:52,489 --> 01:02:49,200

a little bit of a Jag here if that's

1369

01:02:54,710 --> 01:02:52,499

okay with you Marie mm-hmm on the

1370

01:02:58,039 --> 01:02:54,720

Roswell you know I've had a number of

1371

01:03:00,170 --> 01:02:58,049

people on that have you know that have

1372

01:03:01,969 --> 01:03:00,180

brought up questions about Roswell but

1373

01:03:05,359 --> 01:03:01,979

you know the one thing that I always

1374

01:03:07,309 --> 01:03:05,369

have to say about that is why would they

1375

01:03:09,589 --> 01:03:07,319

say they captured a disk first of all

1376

01:03:10,999 --> 01:03:09,599

why did they could have said nothing at

1377

01:03:12,769 --> 01:03:11,009

all that's the only thing that's the

1378

01:03:15,249 --> 01:03:12,779

argument I have is why didn't they just

1379

01:03:17,420 --> 01:03:15,259

say nothing at all instead of actually

1380

01:03:20,660 --> 01:03:17,430

announcing that they found a disk that's

1381

01:03:24,950 --> 01:03:20,670

always been my question and what's your

1382

01:03:27,710 --> 01:03:24,960

thoughts on that riot uh you know I

1383

01:03:30,680 --> 01:03:27,720

think you know I am my time have worked

1384

01:03:33,380 --> 01:03:30,690

for some very large organizations not to

1385

01:03:35,180 --> 01:03:33,390

name names um very large corporations

1386

01:03:37,400 --> 01:03:35,190

and you know even though I've never

1387

01:03:40,640 --> 01:03:37,410

served in the military I can tell you

1388

01:03:41,839 --> 01:03:40,650

that in any large company sometimes the

1389

01:03:44,809 --> 01:03:41,849

right hand doesn't know what the left

1390

01:03:47,809 --> 01:03:44,819

hand is doing and you know mistakes get

1391

01:03:49,489 --> 01:03:47,819

made I mean you know I mean I'm sure no

1392

01:03:52,459 --> 01:03:49,499

one wanted the Pentagon Papers leaked

1393

01:03:54,920 --> 01:03:52,469

but they got leaked anyway so you know

1394

01:03:58,219 --> 01:03:54,930

nothing nothing runs perfectly and I'm

1395

01:03:59,630 --> 01:03:58,229

not sure the guy who ordered how to put

1396

01:04:02,209 --> 01:03:59,640

that out I'm not sure what he was

1397

01:04:04,009 --> 01:04:02,219

thinking he he definitely got the choke

1398

01:04:08,329 --> 01:04:04,019

chain yank pretty hard on them

1399

01:04:10,009 --> 01:04:08,339

immediately certainly doing that right

1400

01:04:12,709 --> 01:04:10,019

right yeah I mean yeah you saw that

1401

01:04:14,859 --> 01:04:12,719

happen Ryan so thanks so much for

1402

01:04:16,700 --> 01:04:14,869

calling it you have any other questions

1403

01:04:20,529 --> 01:04:16,710

that's what I sure do

1404

01:04:24,579 --> 01:04:20,539

all right well thanks for calling in

1405

01:04:28,190 --> 01:04:24,589

yeah okay I can't wait for that

1406

01:04:29,900 --> 01:04:28,200

so someone asks in the chat room a

1407

01:04:32,660 --> 01:04:29,910

question and they just wanted to know

1408

01:04:35,990 --> 01:04:32,670

what was the scariest case that you

1409

01:04:42,980 --> 01:04:39,589

scariest I don't know that I've had any

1410

01:04:45,170 --> 01:04:42,990

scary cases I guess maybe if you're

1411

01:04:46,940 --> 01:04:45,180

talking about you know somebody being

1412

01:04:49,070 --> 01:04:46,950

over missile silos you know I guess that

1413

01:04:52,609 --> 01:04:49,080

maybe that should scare us if it doesn't

1414

01:04:55,040 --> 01:04:52,619

because they are nuclear missiles yeah

1415

01:04:57,950 --> 01:04:55,050

and if the end of someone or something

1416

01:05:01,250 --> 01:04:57,960

is shutting them down when you know we

1417

01:05:04,430 --> 01:05:01,260

were to need them you know like in the

1418

01:05:07,220 --> 01:05:04,440

case where they were shut down in 1967

1419

01:05:08,810 --> 01:05:07,230

they were shut they were completely

1420

01:05:11,089 --> 01:05:08,820

inoperable for a whole day

1421

01:05:13,130 --> 01:05:11,099

you know I mean if we're using these for

1422

01:05:15,380 --> 01:05:13,140

our defense then that does put us at

1423

01:05:17,510 --> 01:05:15,390

risk I thought it was a lot longer than

1424

01:05:20,780 --> 01:05:17,520

that and am I thinking about

1425

01:05:22,970 --> 01:05:20,790

when Robert Salas was involved and yeah

1426

01:05:24,680 --> 01:05:22,980

it might be I think it was the the

1427

01:05:26,450 --> 01:05:24,690

earlier one they said they said that it

1428

01:05:27,710 --> 01:05:26,460

took them a day to get them back online

1429

01:05:29,720 --> 01:05:27,720

yeah

1430

01:05:31,700 --> 01:05:29,730

and I don't know if you're aware of this

1431

01:05:35,630 --> 01:05:31,710

but I believe it was Russia or some

1432

01:05:37,010 --> 01:05:35,640

other country where some were nukes were

1433

01:05:38,990 --> 01:05:37,020

actually activated and they were on

1434

01:05:43,070 --> 01:05:39,000

countdown did you ever hear that about

1435

01:05:46,339 --> 01:05:43,080

that yes I did I'm thinking that the

1436

01:05:47,900 --> 01:05:46,349

movie with Dan Aykroyd was actually

1437

01:05:50,930 --> 01:05:47,910

about that and I didn't realize that

1438

01:05:52,849 --> 01:05:50,940

till afterwards of course it turned it

1439

01:05:54,460 --> 01:05:52,859

into a farce but I didn't realize that

1440

01:05:56,930 --> 01:05:54,470

that it was based on a real incident

1441

01:05:59,960 --> 01:05:56,940

where they were you know we're almost

1442

01:06:03,800 --> 01:05:59,970

had a war because of you know this going

1443

01:06:05,480 --> 01:06:03,810

offline or being almost launched so yeah

1444

01:06:07,849 --> 01:06:05,490

that would have been scary to me I think

1445

01:06:09,950 --> 01:06:07,859

that's about I mean that that if

1446

01:06:12,859 --> 01:06:09,960

someone's gonna mess with you I mean

1447

01:06:16,010 --> 01:06:12,869

that that that's the ultimate you know

1448

01:06:17,420 --> 01:06:16,020

the ultimate messing with is just your

1449

01:06:21,530 --> 01:06:17,430

whole world's gonna be destroyed

1450

01:06:23,300 --> 01:06:21,540

yeah very true yeah yeah so we are

1451

01:06:24,740 --> 01:06:23,310

taking call in so if anyone wants to

1452

01:06:27,500 --> 01:06:24,750

call in that number is up on the line

1453

01:06:29,570 --> 01:06:27,510

and I'm seeing the internet bouncing all

1454

01:06:31,400 --> 01:06:29,580

over the place but it seems like seems

1455

01:06:32,920 --> 01:06:31,410

like it's still hanging again people are

1456

01:06:37,280 --> 01:06:32,930

saying they're still able to hear us so

1457

01:06:39,859 --> 01:06:37,290

I apologize to anyone if they're not I

1458

01:06:41,089 --> 01:06:39,869

am seeing some buffering but we can work

1459

01:06:45,440 --> 01:06:41,099

with that

1460

01:06:48,980 --> 01:06:45,450

so what besides Montana have you looked

1461

01:06:49,550 --> 01:06:48,990

in two other cases like in Michigan for

1462

01:06:52,760 --> 01:06:49,560

instance

1463

01:06:56,660 --> 01:06:52,770

yeah I did cases in Michigan for about

1464

01:06:59,030 --> 01:06:56,670

six years so up until about a year and a

1465

01:07:02,260 --> 01:06:59,040

half ago and do you have any you can

1466

01:07:06,020 --> 01:07:02,270

talk any case you can talk about there

1467

01:07:09,800 --> 01:07:06,030

let me see I really haven't had anything

1468

01:07:13,400 --> 01:07:09,810

you know like a lot of CES you know any

1469

01:07:18,820 --> 01:07:13,410

close encounter type cases that are you

1470

01:07:21,500 --> 01:07:18,830

know outstanding pretty much they were I

1471

01:07:23,660 --> 01:07:21,510

can't say really cut and dried but I

1472

01:07:27,290 --> 01:07:23,670

mean cuz I've done some that were you

1473

01:07:30,050 --> 01:07:27,300

know unknown you know millet we actually

1474

01:07:33,770 --> 01:07:30,060

have a military base to speak it back to

1475

01:07:35,840 --> 01:07:33,780

the military its Selfridge base is down

1476

01:07:37,790 --> 01:07:35,850

there by Detroit I think one of the

1477

01:07:42,290 --> 01:07:37,800

cases that I thought was pretty

1478

01:07:44,180 --> 01:07:42,300

interesting was that and I think that

1479

01:07:47,140 --> 01:07:44,190

was a historical case and I think that I

1480

01:07:51,260 --> 01:07:47,150

would had been reading about it where he

1481

01:07:53,210 --> 01:07:51,270

the kid the base itself was shut down at

1482

01:07:56,360 --> 01:07:53,220

the time that there was uh because I

1483

01:07:59,420 --> 01:07:56,370

guess there's a it's not a lake or very

1484

01:08:01,460 --> 01:07:59,430

close to the lake there in the witness

1485

01:08:04,790 --> 01:08:01,470

and about six or seven other people

1486

01:08:07,460 --> 01:08:04,800

including a retired colonel that was

1487

01:08:09,680 --> 01:08:07,470

from the base where in a boat and just

1488

01:08:12,130 --> 01:08:09,690

there was multiple multiple witnesses to

1489

01:08:15,020 --> 01:08:12,140

the huge craft being over the lake and

1490

01:08:17,960 --> 01:08:15,030

they put the whole base on shut down

1491

01:08:19,039 --> 01:08:17,970

you know nobody had her out so and I

1492

01:08:27,770 --> 01:08:19,049

thought that was a pretty interesting

1493

01:08:31,370 --> 01:08:27,780

case yeah so I mean it happens yeah yep

1494

01:08:32,840 --> 01:08:31,380

and you're mad are you there you're

1495

01:08:34,039 --> 01:08:32,850

actually near the Great Lakes or one of

1496

01:08:37,490 --> 01:08:34,049

the Great Lakes I know you said you got

1497

01:08:38,960 --> 01:08:37,500

lake lake effect snow no I'm very close

1498

01:08:41,630 --> 01:08:38,970

to the lake you know as the crow flies

1499

01:08:45,579 --> 01:08:41,640

about five hundred feet oh my goodness

1500

01:08:48,309 --> 01:08:45,589

so there are there's a lot of talk about

1501

01:08:51,590 --> 01:08:48,319

UFOs over the Great Lakes

1502

01:08:57,470 --> 01:08:51,600

yes and have you ever looked into any of

1503

01:08:59,750 --> 01:08:57,480

those not the ones I've actually looked

1504

01:09:00,710 --> 01:08:59,760

at a little bit I live in Muskegon I

1505

01:09:03,050 --> 01:09:00,720

don't know if I should tell anybody

1506

01:09:04,670 --> 01:09:03,060

where I live but I live in Muskegon

1507

01:09:07,910 --> 01:09:04,680

Michigan which is very close to the lake

1508

01:09:13,490 --> 01:09:07,920

and we back in the early I'm thinking

1509

01:09:15,490 --> 01:09:13,500

it's the early 90s 96 there was a large

1510

01:09:18,530 --> 01:09:15,500

amount of activity of UFO activity

1511

01:09:20,809 --> 01:09:18,540

within the area and a lot of them were

1512

01:09:22,910 --> 01:09:20,819

over the lake you know a lot of them

1513

01:09:25,849 --> 01:09:22,920

were seen over the lake I one of the

1514

01:09:30,410 --> 01:09:25,859

times that I did see you UFO I think was

1515

01:09:32,360 --> 01:09:30,420

in 96 97 and the strange thing about it

1516

01:09:35,180 --> 01:09:32,370

is sometimes when you do see something

1517

01:09:39,860 --> 01:09:35,190

that doesn't fit into your worldview you

1518

01:09:42,500 --> 01:09:39,870

have a tendency to make it normal you

1519

01:09:44,140 --> 01:09:42,510

know you don't really want it to be

1520

01:09:47,660 --> 01:09:44,150

something that you don't recognize

1521

01:09:49,849 --> 01:09:47,670

because I remember of watching one with

1522

01:09:51,860 --> 01:09:49,859

my sister one night and you know we see

1523

01:09:54,860 --> 01:09:51,870

these lights was probably about nine

1524

01:09:56,750 --> 01:09:54,870

o'clock at night and we see this lighted

1525

01:09:58,700 --> 01:09:56,760

object at night and it was silent

1526

01:10:01,120 --> 01:09:58,710

completely silent moving really slowly

1527

01:10:04,730 --> 01:10:01,130

and we're looking at it and like

1528

01:10:07,490 --> 01:10:04,740

thinking yeah that's a plane you knowing

1529

01:10:10,760 --> 01:10:07,500

full well that's not a boy you just want

1530

01:10:12,560 --> 01:10:10,770

it to be a plane yeah you're mean you

1531

01:10:15,830 --> 01:10:12,570

know one thing your mind is always

1532

01:10:19,010 --> 01:10:15,840

trying to adjust to what something is

1533

01:10:21,650 --> 01:10:19,020

you know your mind always trying to make

1534

01:10:23,570 --> 01:10:21,660

any answer and I think that's you know

1535

01:10:27,680 --> 01:10:23,580

when I had my sighting I just remembered

1536

01:10:30,560 --> 01:10:27,690

like what I just like you know what is

1537

01:10:33,260 --> 01:10:30,570

that yeah you know and it was just

1538

01:10:35,990 --> 01:10:33,270

outside of what I was supposed to see

1539

01:10:38,600 --> 01:10:36,000

and I've mentioned this a number of

1540

01:10:40,520 --> 01:10:38,610

times on the show but the thing that

1541

01:10:41,630 --> 01:10:40,530

freaked me out the most about it is that

1542

01:10:44,780 --> 01:10:41,640

it was moving and there was absolutely

1543

01:10:46,970 --> 01:10:44,790

no sound and I had never heard anyone

1544

01:10:49,520 --> 01:10:46,980

ever talk about that before and now I

1545

01:10:51,470 --> 01:10:49,530

hear it all the time of course yeah it's

1546

01:10:53,180 --> 01:10:51,480

very true and when you you hear other

1547

01:10:56,000 --> 01:10:53,190

people talking about it and it's you

1548

01:10:59,060 --> 01:10:56,010

know living the same experience you know

1549

01:11:02,690 --> 01:10:59,070

it does become you know more significant

1550

01:11:05,090 --> 01:11:02,700

but I think when you talking about

1551

01:11:07,130 --> 01:11:05,100

significant cases it probably has to be

1552

01:11:08,660 --> 01:11:07,140

you know with myself and it tends to be

1553

01:11:11,180 --> 01:11:08,670

more personal is because it is something

1554

01:11:13,700 --> 01:11:11,190

you know a case that I did experience

1555

01:11:16,180 --> 01:11:13,710

you know I've had my own sightings and I

1556

01:11:19,990 --> 01:11:16,190

think the the one that I had and there

1557

01:11:23,650 --> 01:11:20,000

early 90s were it was during the daytime

1558

01:11:26,410 --> 01:11:23,660

then seen a very large craft it was

1559

01:11:27,880 --> 01:11:26,420

probably it had to have been well one

1560

01:11:30,400 --> 01:11:27,890

and a half times the size of the moon

1561

01:11:32,800 --> 01:11:30,410

moving through the clouds you know it

1562

01:11:35,020 --> 01:11:32,810

was just three lights you know amber and

1563

01:11:36,790 --> 01:11:35,030

green and red and it just you could tell

1564

01:11:39,130 --> 01:11:36,800

it was revolving because it come out of

1565

01:11:43,390 --> 01:11:39,140

the cloud and then it went back in and I

1566

01:11:47,200 --> 01:11:43,400

see this and it's like what is that you

1567

01:11:49,990 --> 01:11:47,210

know and I just you know not paralyzed

1568

01:11:51,580 --> 01:11:50,000

with fear but I was afraid so and I went

1569

01:11:55,030 --> 01:11:51,590

down you know I got my daughter was

1570

01:11:56,939 --> 01:11:55,040

outside playing come in the house why I

1571

01:11:59,320 --> 01:11:56,949

don't know why just come in the house

1572

01:12:02,050 --> 01:11:59,330

but then you know you try to rationalize

1573

01:12:05,650 --> 01:12:02,060

it you know and what it was that you saw

1574

01:12:08,080 --> 01:12:05,660

so at the time we used to have these

1575

01:12:11,760 --> 01:12:08,090

laser light shows where they would beam

1576

01:12:14,470 --> 01:12:11,770

these you know show off from these

1577

01:12:17,709 --> 01:12:14,480

buildings you know downtown during this

1578

01:12:20,350 --> 01:12:17,719

festival so I thought well maybe it was

1579

01:12:23,140 --> 01:12:20,360

the laser show you know and I thought

1580

01:12:24,520 --> 01:12:23,150

well no when you beam lasers off you

1581

01:12:27,250 --> 01:12:24,530

know into the clouds they kind of tend

1582

01:12:29,620 --> 01:12:27,260

to disappear you know because lasers

1583

01:12:32,260 --> 01:12:29,630

will keep on going you know to infinity

1584

01:12:34,720 --> 01:12:32,270

there's no cloud cover so it couldn't

1585

01:12:36,790 --> 01:12:34,730

have been the lasers yeah

1586

01:12:39,700 --> 01:12:36,800

yeah that's that sounds like a really

1587

01:12:41,080 --> 01:12:39,710

good one actually so nah I think you

1588

01:12:42,970 --> 01:12:41,090

know I'm just we're getting buffering

1589

01:12:45,130 --> 01:12:42,980

and you know internet just keeps going

1590

01:12:47,530 --> 01:12:45,140

in and out let's uh I'm just wanting

1591

01:12:48,850 --> 01:12:47,540

answer one more question here the

1592

01:12:50,709 --> 01:12:48,860

company I don't know if you could talk

1593

01:12:53,560 --> 01:12:50,719

about this either but the company Cygnus

1594

01:12:55,660 --> 01:12:53,570

research they wanted to know what kind

1595

01:12:57,220 --> 01:12:55,670

of artifacts do they actually work on

1596

01:12:59,979 --> 01:12:57,230

having that little side Jack can you

1597

01:13:02,380 --> 01:12:59,989

talk about that or not oh well Cygnus

1598

01:13:04,120 --> 01:13:02,390

research is my own company so yeah I can

1599

01:13:07,570 --> 01:13:04,130

you know I mean I can talk about it it's

1600

01:13:09,430 --> 01:13:07,580

kind of like in the just I do it

1601

01:13:12,430 --> 01:13:09,440

basically just privately and it's saying

1602

01:13:15,580 --> 01:13:12,440

my own research but because some of the

1603

01:13:18,189 --> 01:13:15,590

things that besides UFOs that I have

1604

01:13:21,729 --> 01:13:18,199

researched for years and years and years

1605

01:13:26,140 --> 01:13:21,739

you know tend to be some of the you know

1606

01:13:28,270 --> 01:13:26,150

artifacts that maybe you know are part

1607

01:13:30,000 --> 01:13:28,280

of our part of our culture and part of

1608

01:13:32,040 --> 01:13:30,010

our you know

1609

01:13:35,670 --> 01:13:32,050

lady that we all are interested in you

1610

01:13:37,890 --> 01:13:35,680

know our katha covenant you know things

1611

01:13:40,470 --> 01:13:37,900

like that so that was one of the things

1612

01:13:43,050 --> 01:13:40,480

that I was interested in doing research

1613

01:13:45,180 --> 01:13:43,060

of course mine isn't going out you know

1614

01:13:47,430 --> 01:13:45,190

an archaeological site which I wish I

1615

01:13:49,200 --> 01:13:47,440

could but it's mostly just you know

1616

01:13:55,890 --> 01:13:49,210

doing the secondary research to see what

1617

01:13:58,950 --> 01:13:55,900

is actually out there and my own you

1618

01:14:01,470 --> 01:13:58,960

know theory is that a lot of the

1619

01:14:07,290 --> 01:14:01,480

artifacts such as the Ark of the

1620

01:14:11,850 --> 01:14:07,300

Covenant or the Holy Grail are all one

1621

01:14:15,030 --> 01:14:11,860

object and there possibly was maybe some

1622

01:14:17,820 --> 01:14:15,040

sort of a weapon you know or something

1623

01:14:19,680 --> 01:14:17,830

and the main thing is that I think they

1624

01:14:21,960 --> 01:14:19,690

really existed I think some of those

1625

01:14:24,570 --> 01:14:21,970

artifacts really did exist they might

1626

01:14:26,790 --> 01:14:24,580

not have existed as what we you know

1627

01:14:29,010 --> 01:14:26,800

have come down to us and stories but

1628

01:14:31,080 --> 01:14:29,020

that's one of the things that I like to

1629

01:14:34,590 --> 01:14:31,090

look into you know and I have done you

1630

01:14:35,760 --> 01:14:34,600

know I have some some you know interest

1631

01:14:38,840 --> 01:14:35,770

in other things like you know

1632

01:14:41,550 --> 01:14:38,850

researching alchemy you know I did

1633

01:14:43,020 --> 01:14:41,560

research into what alchemy was and

1634

01:14:44,610 --> 01:14:43,030

whether they really could make gold

1635

01:14:46,650 --> 01:14:44,620

which is kind of a silly thing maybe I

1636

01:14:49,890 --> 01:14:46,660

guess because it's a thought well that's

1637

01:14:51,540 --> 01:14:49,900

just you know you know just more

1638

01:14:54,150 --> 01:14:51,550

spiritual that was what they thought of

1639

01:14:56,160 --> 01:14:54,160

as a spiritual thing but um well I think

1640

01:14:59,460 --> 01:14:56,170

they just have to add like a couple of

1641

01:15:02,250 --> 01:14:59,470

electrons or something to lead possibly

1642

01:15:04,200 --> 01:15:02,260

something like that well I think what

1643

01:15:05,850 --> 01:15:04,210

they were trying to do is just when you

1644

01:15:07,560 --> 01:15:05,860

take down anything if you can take it

1645

01:15:09,630 --> 01:15:07,570

down to the base level and then you can

1646

01:15:12,720 --> 01:15:09,640

remake it into what you want so in other

1647

01:15:14,610 --> 01:15:12,730

words what we can do now with the Hadron

1648

01:15:17,430 --> 01:15:14,620

Collider and we can smash atoms into

1649

01:15:21,540 --> 01:15:17,440

pieces you know and I actually found out

1650

01:15:23,210 --> 01:15:21,550

that the byproduct of the smashing atoms

1651

01:15:28,470 --> 01:15:23,220

that they do in the Hadron Collider

1652

01:15:29,940 --> 01:15:28,480

actually makes radioactive gold so so

1653

01:15:31,830 --> 01:15:29,950

they really can make gold but you don't

1654

01:15:34,080 --> 01:15:31,840

really want to touch it yeah that's

1655

01:15:34,920 --> 01:15:34,090

right that's right for two hundred

1656

01:15:37,140 --> 01:15:34,930

thousand years

1657

01:15:39,810 --> 01:15:37,150

all right so thanks so much I do

1658

01:15:41,310 --> 01:15:39,820

appreciate it and I'm so sorry that you

1659

01:15:43,680 --> 01:15:41,320

know we're going to have to you know

1660

01:15:45,690 --> 01:15:43,690

it's just the storm we're having here

1661

01:15:47,400 --> 01:15:45,700

we're just gonna have to we're just

1662

01:15:51,720 --> 01:15:47,410

gonna have to shut it down but thanks so

1663

01:15:55,790 --> 01:15:51,730

much okay all right all right everybody

1664

01:16:00,690 --> 01:15:55,800

okay now you take care now thank you

1665

01:16:05,220 --> 01:16:00,700

all right everyone so that is that is it

1666

01:16:07,200 --> 01:16:05,230

for our show and I do apologize just

1667

01:16:10,500 --> 01:16:07,210

unforseen and I know it's you know the

1668

01:16:11,490 --> 01:16:10,510

heavy snowstorm we have here and I can't

1669

01:16:13,260 --> 01:16:11,500

wait to get out of the snow and

1670

01:16:14,850 --> 01:16:13,270

hopefully I'm gonna I'll shovel my

1671

01:16:17,520 --> 01:16:14,860

entire I have a just really long

1672

01:16:19,230 --> 01:16:17,530

driveway and I will shovel it if I have

1673

01:16:22,440 --> 01:16:19,240

to to get out of here for a Saturday to

1674

01:16:27,960 --> 01:16:22,450

make it over to Phoenix which I can't

1675

01:16:37,740 --> 01:16:27,970

wait to go to so we will be we will be

1676

01:16:41,810 --> 01:16:37,750

there and the show will be early so hang

1677

01:16:44,220 --> 01:16:41,820

on just one minute I have to get my

1678

01:16:54,140 --> 01:16:44,230

producer back on the line here to help

1679

01:17:00,060 --> 01:16:54,150

me close out and just hang on so anyway

1680

01:17:04,950 --> 01:17:00,070

show he tried to do a really good job

1697

01:17:52,890 --> 01:17:51,370

tonight it's been tough it's been a

1698

01:17:55,170 --> 01:17:52,900

challenge with the internet again and

1699

01:17:56,910 --> 01:17:55,180
