00:00:00,000 --> 00:00:07,320
and

2
00:00:27,590 --> 00:00:13,700
[Music]

3
00:00:33,360 --> 00:00:31,260
hello and welcome to the show I am

4
00:00:34,950 --> 00:00:33,370
Martin Willis your host and this is

5
00:00:38,790 --> 00:00:34,960
podcast UFO

6
00:00:41,010 --> 00:00:38,800
I always forget to say that so oh you

7
00:00:43,470 --> 00:00:41,020
were expecting probably a different show

8
00:00:46,740 --> 00:00:43,480
because we had a show scheduled today

9
00:00:50,850 --> 00:00:46,750
with Robert Roberto that is pinata of

10
00:00:54,570 --> 00:00:50,860
Italy somehow things got crossed and

11
00:00:55,610 --> 00:00:54,580
anyway he just wasn't available and when

12
00:00:58,110 --> 00:00:55,620
you're dealing with someone that's

13
00:00:59,970 --> 00:00:58,120

international I tried for over a week

14

00:01:01,350 --> 00:00:59,980

trying to make sure this would work so I

15

00:01:05,820 --> 00:01:01,360

had a lot of time into it it didn't work

16

00:01:09,180 --> 00:01:05,830

and so I scrambled and I was very lucky

17

00:01:11,760 --> 00:01:09,190

to get Alejandro Rojas to come in for

18

00:01:13,650 --> 00:01:11,770

the first part of the show so we can

19

00:01:15,749 --> 00:01:13,660

have a show actually and then Mac

20

00:01:17,100 --> 00:01:15,759

Maloney repeat guest Mac Maloney is

21

00:01:18,300 --> 00:01:17,110

always a character and always fun to

22

00:01:20,760 --> 00:01:18,310

have on he's going to be on in the

23

00:01:22,230 --> 00:01:20,770

second part of the show if you're

24

00:01:24,120 --> 00:01:22,240

supporting the show I want to thank you

25

00:01:25,950 --> 00:01:24,130

so much anyone can do that even on

26

00:01:27,540 --> 00:01:25,960

YouTube or the dark matter digital

27

00:01:32,279 --> 00:01:27,550

network anywhere all you have to do is

28

00:01:36,990 --> 00:01:32,289

go to podcast UFO dark calm and sign-in

29

00:01:40,139 --> 00:01:37,000

at the support the show bar and so that

30

00:01:42,419 --> 00:01:40,149

I think is it and we're ready to roll

31

00:01:45,540 --> 00:01:42,429

with my guest for the first part

32

00:01:50,100 --> 00:01:45,550

alejandro good to see you and thanks for

33

00:01:52,859 --> 00:01:50,110

thanks for filling in these the shoes of

34

00:01:57,660 --> 00:01:52,869

the guy that didn't show up my pleasure

35

00:02:00,270 --> 00:01:57,670

my friend yeah so it's been a let's see

36

00:02:01,949 --> 00:02:00,280

last week you weren't on because in the

37

00:02:05,309 --> 00:02:01,959

week before you weren't on so you've had

38

00:02:07,260 --> 00:02:05,319

a little bit of gap so did you have a

39

00:02:13,410 --> 00:02:07,270

show last week I did it was a

40

00:02:14,940 --> 00:02:13,420

pre-recorded oh okay yeah so anyway so

41

00:02:17,430 --> 00:02:14,950

it's been a couple weeks we made it

42

00:02:21,180 --> 00:02:17,440

through the UFO Congress that went well

43

00:02:25,260 --> 00:02:21,190

a lot of good feedback from a lot of

44

00:02:28,350 --> 00:02:25,270

people about all that and so let's let's

45

00:02:31,500 --> 00:02:28,360

just talk about how that when I thought

46

00:02:35,069 --> 00:02:31,510

it went just absolutely great it went

47

00:02:37,070 --> 00:02:35,079

very well that's it isn't it that's all

48

00:02:42,650 --> 00:02:37,080

you guys

49

00:02:46,660 --> 00:02:42,660

yes it did go well I felt you know

50

00:02:49,130 --> 00:02:46,670

luckily we had a lot of people there

51
00:02:50,660 --> 00:02:49,140
surprisingly and you know I don't know

52
00:02:54,290 --> 00:02:50,670
if anybody noticed this nobody's

53
00:02:56,420 --> 00:02:54,300
commented which is interesting I noticed

54
00:02:59,089 --> 00:02:56,430
this big-time but others don't seem to

55
00:03:01,160 --> 00:02:59,099
as much we didn't have as much press

56
00:03:03,800 --> 00:03:01,170
coverage usually I have you know a

57
00:03:07,130 --> 00:03:03,810
little piece from every television

58
00:03:08,449 --> 00:03:07,140
station in the Phoenix area to share

59
00:03:12,620 --> 00:03:08,459
with people on our Facebook and

60
00:03:14,360 --> 00:03:12,630
everything but we did have some of the

61
00:03:18,500 --> 00:03:14,370
TV stations out there but they didn't

62
00:03:22,640 --> 00:03:18,510
really film much interestingly enough

63
00:03:26,390 --> 00:03:22,650

that we did get some footage on luckily

64

00:03:27,949 --> 00:03:26,400

AZ centrally which is a website for the

65

00:03:30,380 --> 00:03:27,959

Arizona Republic which is a big

66

00:03:33,770 --> 00:03:30,390

newspaper out here the newspaper covered

67

00:03:35,449 --> 00:03:33,780

us quite a bit and she came in and the

68

00:03:37,640 --> 00:03:35,459

reporter who I think was an intern

69

00:03:40,759 --> 00:03:37,650

actually she asked a couple questions

70

00:03:42,710 --> 00:03:40,769

during the Travis Walton panel and then

71

00:03:44,720 --> 00:03:42,720

they went backstage and she filmed this

72

00:03:47,180 --> 00:03:44,730

short little interview with Travis and

73

00:03:49,910 --> 00:03:47,190

she wrote a great story about that but

74

00:03:52,580 --> 00:03:49,920

luckily that didn't seem to have any

75

00:03:54,110 --> 00:03:52,590

effect on attendance except for who

76
00:03:56,259 --> 00:03:54,120
knows maybe we would have had more but

77
00:03:59,840 --> 00:03:56,269
it was packed it was really full

78
00:04:03,289 --> 00:03:59,850
standing room only for for you know

79
00:04:04,640 --> 00:04:03,299
Friday and Saturday so and even

80
00:04:08,000 --> 00:04:04,650
throughout the week it was really a

81
00:04:10,069 --> 00:04:08,010
packed house so and a lot of the

82
00:04:14,150 --> 00:04:10,079
speaker's did a great job with their

83
00:04:20,060 --> 00:04:14,160
presentations and so it was it was a

84
00:04:22,009 --> 00:04:20,070
unwi chem did you say the reason why the

85
00:04:25,879 --> 00:04:22,019
press wasn't there wasn't it because of

86
00:04:28,250 --> 00:04:25,889
the rain yeah so which is funny if it

87
00:04:30,290 --> 00:04:28,260
rained in Phoenix that's the big news

88
00:04:35,240 --> 00:04:30,300

and they often say that they say we'll

89

00:04:38,029 --> 00:04:35,250

be there unless it rains and and because

90

00:04:40,700 --> 00:04:38,039

it you know it rarely rains out here so

91

00:04:42,500 --> 00:04:40,710

when it does rain I guess it's just kind

92

00:04:44,629 --> 00:04:42,510

of like if there's a major blizzard you

93

00:04:46,070 --> 00:04:44,639

know and where you live or something

94

00:04:48,170 --> 00:04:46,080

like that that's all the news is how

95

00:04:50,610 --> 00:04:48,180

because it's a directly affecting

96

00:04:52,230 --> 00:04:50,620

people's lives so how what's going on

97

00:04:54,000 --> 00:04:52,240

here and there I mean we didn't have

98

00:04:56,400 --> 00:04:54,010

anything big like flooding or anything

99

00:04:57,900 --> 00:04:56,410

like that but yeah we had some rain the

100

00:04:59,400 --> 00:04:57,910

first couple of days and I think that

101
00:05:03,990 --> 00:04:59,410
kind of stymied things from the

102
00:05:06,379 --> 00:05:04,000
beginning but luckily we still had a

103
00:05:09,870 --> 00:05:06,389
great time and everything went well so

104
00:05:11,810 --> 00:05:09,880
yeah pretty funny yeah now one of the

105
00:05:15,540 --> 00:05:11,820
things that came up when I was doing the

106
00:05:18,030 --> 00:05:15,550
roundtable and it just basically is this

107
00:05:21,570 --> 00:05:18,040
it seemed like it was very full and it

108
00:05:23,820 --> 00:05:21,580
also seemed like perhaps some people

109
00:05:26,520 --> 00:05:23,830
that were always had you know some type

110
00:05:29,700 --> 00:05:26,530
of interest in the UFO phenomena maybe

111
00:05:31,680 --> 00:05:29,710
are more people are interested since you

112
00:05:33,870 --> 00:05:31,690
know the article came out in December I

113
00:05:35,850 --> 00:05:33,880

mean it just seemed like there were a

114

00:05:37,560 --> 00:05:35,860

lot of new people what was your take on

115

00:05:41,129 --> 00:05:37,570

that do you ask people with the Dorfler

116

00:05:44,340 --> 00:05:41,139

knew as far as well no not we don't ask

117

00:05:46,290 --> 00:05:44,350

that the door but we do ask or at least

118

00:05:49,409 --> 00:05:46,300

sometimes people will ask and in this

119

00:05:51,150 --> 00:05:49,419

case I know Michael Carter asked and I

120

00:05:53,760 --> 00:05:51,160

think one other speaker asked you know

121

00:05:57,900 --> 00:05:53,770

how many were new Michael Carter was the

122

00:06:01,050 --> 00:05:57,910

first day and if there was something

123

00:06:03,210 --> 00:06:01,060

like a quarter of the hands and he said

124

00:06:05,370 --> 00:06:03,220

how many of you this is a first

125

00:06:07,469 --> 00:06:05,380

you know UFO conference conference like

126

00:06:09,779 --> 00:06:07,479

this you've been to and about a quarter

127

00:06:11,670 --> 00:06:09,789

of the room raise their hand so that was

128

00:06:13,440 --> 00:06:11,680

a lot and I think that's one of the

129

00:06:18,690 --> 00:06:13,450

things that we do well as we get a lot

130

00:06:20,430 --> 00:06:18,700

of new people last year I know I asked

131

00:06:22,740 --> 00:06:20,440

during my talk and it was around 30

132

00:06:24,900 --> 00:06:22,750

percent of the people so we always have

133

00:06:27,029 --> 00:06:24,910

a pretty high percentage I mean that's a

134

00:06:28,290 --> 00:06:27,039

lot of people you know out of a thousand

135

00:06:29,640 --> 00:06:28,300

people in the room you know that's

136

00:06:32,969 --> 00:06:29,650

that's a couple hundred to three hundred

137

00:06:36,270 --> 00:06:32,979

people and then a lot of those people

138

00:06:38,279 --> 00:06:36,280

come back regularly so and then of

139

00:06:40,500 --> 00:06:38,289

course there's your people who are into

140

00:06:43,920 --> 00:06:40,510

this topic that that come around you

141

00:06:45,779 --> 00:06:43,930

know every few years too so I think I

142

00:06:49,200 --> 00:06:45,789

don't know this year I guess there was

143

00:06:54,120 --> 00:06:49,210

it maybe a slight increase in newbies

144

00:06:56,250 --> 00:06:54,130

but and I would imagine it was from that

145

00:06:58,100 --> 00:06:56,260

story we certainly had more kind of

146

00:07:02,100 --> 00:06:58,110

curious people who just showed up

147

00:07:04,200 --> 00:07:02,110

because of the Elizondo story and just

148

00:07:07,020 --> 00:07:04,210

because they were curious

149

00:07:08,930 --> 00:07:07,030

so right and and the conference is a

150

00:07:11,879 --> 00:07:08,940

good place for it because you know

151

00:07:15,559 --> 00:07:11,889

there's people get interested in in a

152

00:07:17,909 --> 00:07:15,569

wide variety of different topics in this

153

00:07:21,779 --> 00:07:17,919

field maybe some of the topics aren't

154

00:07:24,270 --> 00:07:21,789

ones that I'm into but so and our

155

00:07:26,279 --> 00:07:24,280

conference luckily we we run the gamut

156

00:07:28,830 --> 00:07:26,289

we show you know people doing stuff

157

00:07:32,070 --> 00:07:28,840

right now all the way from the nuts and

158

00:07:34,770 --> 00:07:32,080

bolts to the fringe and so people get a

159

00:07:38,219 --> 00:07:34,780

good taste of you know the kind of the

160

00:07:38,790 --> 00:07:38,229

the breadth of topics out there yeah

161

00:07:42,870 --> 00:07:38,800

that's right

162

00:07:45,839 --> 00:07:42,880

and behind the scenes I was helping out

163

00:07:50,040 --> 00:07:45,849

which was actually a lot of fun you have

164

00:07:52,710 --> 00:07:50,050

a great crew that lets that we're going

165

00:07:53,969 --> 00:07:52,720

to throw an image of you up I took a

166

00:07:58,080 --> 00:07:53,979

picture of you when you were up on a

167

00:08:00,629 --> 00:07:58,090

scissor lift so that now and then and

168

00:08:03,240 --> 00:08:00,639

then there's always the repairing of the

169

00:08:05,580 --> 00:08:03,250

equipment that was happening we found

170

00:08:07,559 --> 00:08:05,590

like a gear tooth broken in something

171

00:08:08,159 --> 00:08:07,569

and then a wire broking and broken in

172

00:08:11,670 --> 00:08:08,169

something else

173

00:08:14,909 --> 00:08:11,680

so we're it's a lot people don't realize

174

00:08:16,170 --> 00:08:14,919

how much work it actually is to set up

175

00:08:18,480 --> 00:08:16,180

something like this and I know you've

176

00:08:20,399 --> 00:08:18,490

been doing yeah many many years and it's

177

00:08:22,140 --> 00:08:20,409

probably you're just probably used to it

178

00:08:25,379 --> 00:08:22,150

but when someone walks into it it's like

179

00:08:26,820 --> 00:08:25,389

wow there's a lot going on here yeah you

180

00:08:28,820 --> 00:08:26,830

know and and a lot of people will say

181

00:08:31,170 --> 00:08:28,830

that it seems like it's you know

182

00:08:33,209 --> 00:08:31,180

seamless and everything's working the

183

00:08:35,399 --> 00:08:33,219

way it is behind the scenes there's

184

00:08:38,969 --> 00:08:35,409

fires we got to put out on a regular

185

00:08:40,409 --> 00:08:38,979

basis always and so like you said you

186

00:08:43,350 --> 00:08:40,419

know equipment with braking and we've

187

00:08:45,900 --> 00:08:43,360

got to fix it and and we've got to do it

188

00:08:48,210 --> 00:08:45,910

in a manner where the people on the

189

00:08:50,160 --> 00:08:48,220

other side of the curtain don't notice

190

00:08:52,170 --> 00:08:50,170

it at all that they're still having a

191

00:08:54,180 --> 00:08:52,180

great experience and they're not

192

00:08:56,960 --> 00:08:54,190

affected at all and so that's the

193

00:08:59,610 --> 00:08:56,970

challenge and that's what makes it

194

00:09:01,980 --> 00:08:59,620

certainly an adrenaline rush you know

195

00:09:04,050 --> 00:09:01,990

that week I'm sure you felt that too to

196

00:09:04,860 --> 00:09:04,060

go troubleshoot those issues and get

197

00:09:08,699 --> 00:09:04,870

them taken care of

198

00:09:10,949 --> 00:09:08,709

so nobody notices and then you know in

199

00:09:15,060 --> 00:09:10,959

some cases and for me this was the case

200

00:09:16,500 --> 00:09:15,070

somewhat the learning curve because you

201
00:09:18,290 --> 00:09:16,510
know we used to have Michael Klein who

202
00:09:23,880 --> 00:09:18,300
is just

203
00:09:27,180 --> 00:09:23,890
you know he does TV high quality video

204
00:09:28,680 --> 00:09:27,190
stuff and so he's very familiar with all

205
00:09:30,840 --> 00:09:28,690
the video equipment but I was kind of

206
00:09:33,390 --> 00:09:30,850
had to take charge the a/v this year

207
00:09:36,510 --> 00:09:33,400
because Michael kleiner isn't wasn't

208
00:09:38,220 --> 00:09:36,520
with us this year and so I had a bit of

209
00:09:39,540 --> 00:09:38,230
a learning curve and then you had a big

210
00:09:41,760 --> 00:09:39,550
learning curve of course because you

211
00:09:44,280 --> 00:09:41,770
were learning the TriCaster which is is

212
00:09:46,590 --> 00:09:44,290
switching this big switching unit that

213
00:09:47,970 --> 00:09:46,600

all the cameras and everything go into

214

00:09:49,890 --> 00:09:47,980

and then you're responsible for what

215

00:09:51,540 --> 00:09:49,900

people see on the screen and then what's

216

00:09:54,930 --> 00:09:51,550

going on to the DVD which of course

217

00:09:57,540 --> 00:09:54,940

we're and not only the DVD but on to the

218

00:10:00,660 --> 00:09:57,550

video on demand the that's the videos

219

00:10:02,760 --> 00:10:00,670

that we preserve of the talk and then

220

00:10:04,320 --> 00:10:02,770

share with people so that's really

221

00:10:06,690 --> 00:10:04,330

really important I mean that's the

222

00:10:11,070 --> 00:10:06,700

product of the conference is it are

223

00:10:13,740 --> 00:10:11,080

those videos and so yeah you did a great

224

00:10:15,660 --> 00:10:13,750

job with it and I'm glad you found it

225

00:10:17,430 --> 00:10:15,670

fun I thought you would it's kind of

226

00:10:18,600 --> 00:10:17,440

like doing your show but of course which

227

00:10:23,040 --> 00:10:18,610

is really complicated

228

00:10:25,440 --> 00:10:23,050

people probably don't know they may know

229

00:10:27,240 --> 00:10:25,450

but what you're doing live-streaming

230

00:10:28,710 --> 00:10:27,250

your show is it really complicated

231

00:10:31,860 --> 00:10:28,720

that's why I don't - it's too

232

00:10:34,560 --> 00:10:31,870

complicated well I'd have helped no but

233

00:10:36,750 --> 00:10:34,570

you know yeah for that it's uh it was

234

00:10:38,340 --> 00:10:36,760

really tough on some of it even with

235

00:10:39,930 --> 00:10:38,350

your help I mean you yeah there's a lot

236

00:10:41,430 --> 00:10:39,940

going on in the back that people don't

237

00:10:43,740 --> 00:10:41,440

know about where you guys are doing that

238

00:10:45,900 --> 00:10:43,750

you know every week making sure to put

239

00:10:47,280 --> 00:10:45,910

this together and putting out fixing

240

00:10:49,200 --> 00:10:47,290

things that aren't working right before

241

00:10:50,550 --> 00:10:49,210

you go live and you know you've got

242

00:10:54,000 --> 00:10:50,560

people in the background doing stuff

243

00:10:56,820 --> 00:10:54,010

right now so yeah the the one thing also

244

00:10:59,160 --> 00:10:56,830

about you actually it's almost like pre

245

00:11:01,590 --> 00:10:59,170

editing the movie before it actually

246

00:11:03,450 --> 00:11:01,600

goes I mean you're like the camera

247

00:11:05,820 --> 00:11:03,460

angles and everything that it's really I

248

00:11:06,930 --> 00:11:05,830

found it really fascinating and yeah and

249

00:11:08,940 --> 00:11:06,940

it was a really really fun

250

00:11:11,070 --> 00:11:08,950

behind-the-scenes someone posted a

251

00:11:12,840 --> 00:11:11,080

question here for you Alejandro they

252

00:11:14,640 --> 00:11:12,850

want to know when the conference videos

253

00:11:20,160 --> 00:11:14,650

will be available on the open minds

254

00:11:24,540 --> 00:11:20,170

website ah never because o open minds

255

00:11:31,269 --> 00:11:24,550

and the comfortable car UFO Congress are

256

00:11:34,840 --> 00:11:31,279

separated yeah so I mean act

257

00:11:37,449 --> 00:11:34,850

and the same sense right now

258

00:11:39,999 --> 00:11:37,459

so because open minds of course is still

259

00:11:42,519 --> 00:11:40,009

a sponsor and if you go to open minds

260

00:11:45,550 --> 00:11:42,529

you see ads around open minds for the

261

00:11:48,939 --> 00:11:45,560

UFO Congress and for the UFO Congress

262

00:11:53,259 --> 00:11:48,949

store you even we even have a shop link

263

00:11:56,499 --> 00:11:53,269

that'll take you to the store I gotta

264

00:11:58,689 --> 00:11:56,509

fix yeah and so if you go to open

265

00:12:00,600 --> 00:11:58,699

mindset TV and click any of those links

266

00:12:03,970 --> 00:12:00,610

for the UFO Congress store or the shop

267

00:12:11,559 --> 00:12:03,980

because now the open mind store is in

268

00:12:13,150 --> 00:12:11,569

the UFO Congress store so really I don't

269

00:12:15,069 --> 00:12:13,160

think I'm doing a good job answering

270

00:12:17,799 --> 00:12:15,079

this question my point is that now if

271

00:12:19,150 --> 00:12:17,809

you want to go to open mind set TV and

272

00:12:21,429 --> 00:12:19,160

click any of those links it'll take you

273

00:12:24,850 --> 00:12:21,439

to the UFO Congress store and the videos

274

00:12:26,799 --> 00:12:24,860

are up there to purchase also if you go

275

00:12:28,449 --> 00:12:26,809

to the UFO Congress calm and go to the

276

00:12:30,009 --> 00:12:28,459

store you could get there so you could

277

00:12:33,189 --> 00:12:30,019

get there multiple ways but they are

278

00:12:36,129 --> 00:12:33,199

available to purchase right now and you

279

00:12:37,749 --> 00:12:36,139

also have a new YouTube channel right we

280

00:12:40,389 --> 00:12:37,759

have a new YouTube channel because we're

281

00:12:43,210 --> 00:12:40,399

separate open minds in UFO Congress so

282

00:12:46,410 --> 00:12:43,220

on our YouTube channel we have posted

283

00:12:48,639 --> 00:12:46,420

the Elizondo interview that to the stars

284

00:12:50,619 --> 00:12:48,649

recorded for us which was the big thing

285

00:12:53,619 --> 00:12:50,629

for us this exclusive interview with

286

00:12:56,860 --> 00:12:53,629

Louise Elizondo so that you can go watch

287

00:12:59,170 --> 00:12:56,870

right now and kind of this intermixing

288

00:13:01,329 --> 00:12:59,180

of open minds in just a bit I'm going to

289

00:13:03,999 --> 00:13:01,339

be posting the transcript of that

290

00:13:06,280 --> 00:13:04,009

interview hmm which for researchers and

291

00:13:09,579 --> 00:13:06,290

people especially with this you know you

292

00:13:11,619 --> 00:13:09,589

want the details of what he said so you

293

00:13:14,169 --> 00:13:11,629

can reference it and go back to look and

294

00:13:19,389 --> 00:13:14,179

remember you know all the details and

295

00:13:21,220 --> 00:13:19,399

and so I'm gonna be posting a transcript

296

00:13:24,189 --> 00:13:21,230

to real soon here after the show so

297

00:13:25,929 --> 00:13:24,199

people can find that at open mind and

298

00:13:27,850 --> 00:13:25,939

all the link to that from the YouTube

299

00:13:30,610 --> 00:13:27,860

but yeah there is a new youtube please

300

00:13:33,220 --> 00:13:30,620

go check that out and then we do have

301
00:13:35,650 --> 00:13:33,230
our Vindhya video on demand which also

302
00:13:37,840 --> 00:13:35,660
is advertising open minds

303
00:13:39,999 --> 00:13:37,850
or on the UFO congress store and that's

304
00:13:42,689 --> 00:13:40,009
cool because you know everything's going

305
00:13:45,259 --> 00:13:42,699
to video on demand who even plays DVDs i

306
00:13:47,720 --> 00:13:45,269
besides he's conference once you know

307
00:13:49,850 --> 00:13:47,730
on the computer just to make sure they

308
00:13:52,309 --> 00:13:49,860
work in everything but I don't watch

309
00:13:54,559 --> 00:13:52,319
anything you know on DVD anymore i watch

310
00:13:56,239 --> 00:13:54,569
it streaming so we do have this video

311
00:13:58,309 --> 00:13:56,249
on-demand streaming where it's just a

312
00:14:00,949 --> 00:13:58,319
few dollars a month and you have access

313
00:14:03,319 --> 00:14:00,959

to hundreds of videos and we do have up

314

00:14:06,169 --> 00:14:03,329

there the entire Louise Elizondo

315

00:14:07,999 --> 00:14:06,179

presentation that included Meek bringing

316

00:14:11,389 --> 00:14:08,009

people up to speed so I took about half

317

00:14:13,220 --> 00:14:11,399

an hour telling people okay here's how

318

00:14:15,949 --> 00:14:13,230

this all came about you know here's how

319

00:14:17,929 --> 00:14:15,959

Tom DeLonge started you know brewing

320

00:14:21,259 --> 00:14:17,939

this kind of stuff and getting his

321

00:14:23,269 --> 00:14:21,269

organization together and then when we

322

00:14:25,699 --> 00:14:23,279

found out that Lewis Elizondo was

323

00:14:28,489 --> 00:14:25,709

involved in what he did and then the New

324

00:14:30,499 --> 00:14:28,499

York Times story and the details in the

325

00:14:33,650 --> 00:14:30,509

New York Times story that are pertinent

326

00:14:36,199 --> 00:14:33,660

you know the important bullet points

327

00:14:39,049 --> 00:14:36,209

there and that was important because if

328

00:14:41,509 --> 00:14:39,059

you just go into watching this this

329

00:14:43,429 --> 00:14:41,519

Elizondo interview without knowing any

330

00:14:45,319 --> 00:14:43,439

of that backstory or at least reading

331

00:14:46,579 --> 00:14:45,329

the New York Times story you're probably

332

00:14:48,290 --> 00:14:46,589

going to be a little lost because you

333

00:14:50,629 --> 00:14:48,300

won't know necessarily what he's talking

334

00:14:52,999 --> 00:14:50,639

about so I gave that background to

335

00:14:56,059 --> 00:14:53,009

people and then after we showed the

336

00:14:59,600 --> 00:14:56,069

video at the conference we then came out

337

00:15:02,569 --> 00:14:59,610

of it nick pope and i were on stage and

338

00:15:05,840 --> 00:15:02,579

nick gave a little bit of his insight

339

00:15:09,829 --> 00:15:05,850

into the video have having you know ran

340

00:15:12,579 --> 00:15:09,839

a UFO investigation group for a

341

00:15:15,590 --> 00:15:12,589

government the UK government and

342

00:15:18,109 --> 00:15:15,600

excellent insight he was great it made

343

00:15:19,609 --> 00:15:18,119

some really good points and then he and

344

00:15:21,249 --> 00:15:19,619

i went back and forth a little and i

345

00:15:23,629 --> 00:15:21,259

shared a little bit of information that

346

00:15:28,039 --> 00:15:23,639

Elizondo had shared with me that was not

347

00:15:30,619 --> 00:15:28,049

in the video and so that's what the fool

348

00:15:32,509 --> 00:15:30,629

thing is the full presentation was at

349

00:15:35,359 --> 00:15:32,519

the conference which you can see on our

350

00:15:38,960 --> 00:15:35,369

video on-demand or you can buy the DVD

351
00:15:41,869 --> 00:15:38,970
at the store now someone just asked what

352
00:15:44,269 --> 00:15:41,879
is the name of the YouTube channel that

353
00:15:47,720 --> 00:15:44,279
you have a UFO Congress just UFO

354
00:15:49,669 --> 00:15:47,730
Congress on YouTube yep yeah Congress if

355
00:15:51,650 --> 00:15:49,679
you go to youtube and you put in UFO

356
00:15:54,230 --> 00:15:51,660
Congress you're gonna find it or if you

357
00:15:57,019 --> 00:15:54,240
go put in Louise Elizondo it's it's at

358
00:15:58,910 --> 00:15:57,029
the top of the list so super easy to

359
00:16:01,730 --> 00:15:58,920
find on youtube and

360
00:16:03,470 --> 00:16:01,740
subscribe everyone because I know how

361
00:16:05,449 --> 00:16:03,480
long it takes I know you have like over

362
00:16:08,269 --> 00:16:05,459
a hundred thousand subscribers on your

363
00:16:10,009 --> 00:16:08,279

other channel but it takes a real long

364

00:16:12,350 --> 00:16:10,019

time to build up subscribers people

365

00:16:13,970 --> 00:16:12,360

don't realize that so it does it takes a

366

00:16:15,470 --> 00:16:13,980

long time and do subscribe because then

367

00:16:17,660 --> 00:16:15,480

you'll be notified when we have other

368

00:16:19,730 --> 00:16:17,670

videos out and we're going to have clips

369

00:16:21,710 --> 00:16:19,740

from all of these talks that were at the

370

00:16:23,210 --> 00:16:21,720

conference so you can get some insight

371

00:16:24,500 --> 00:16:23,220

into who are these people because some

372

00:16:27,170 --> 00:16:24,510

of them you're probably like who is that

373

00:16:30,019 --> 00:16:27,180

you know most of these people you or I

374

00:16:32,480 --> 00:16:30,029

have interviewed on our podcast but some

375

00:16:33,740 --> 00:16:32,490

we have it so we'll give you insight

376

00:16:36,110 --> 00:16:33,750

into that plus we're going to be posting

377

00:16:40,340 --> 00:16:36,120

awards for the videos so we have this

378

00:16:42,710 --> 00:16:40,350

award ceremony and we videotape that and

379

00:16:44,480 --> 00:16:42,720

so we'll be posting so you could see all

380

00:16:47,689 --> 00:16:44,490

of the awards the Lifetime Achievement

381

00:16:50,120 --> 00:16:47,699

Award the researcher of the year who won

382

00:16:53,060 --> 00:16:50,130

the short form and the best or the long

383

00:16:55,460 --> 00:16:53,070

form movies and the People's Choice

384

00:16:58,519 --> 00:16:55,470

Award movies so those are always a lot

385

00:16:59,600 --> 00:16:58,529

of fun especially I think the researcher

386

00:17:01,519 --> 00:16:59,610

of the year and the Lifetime Achievement

387

00:17:04,309 --> 00:17:01,529

Awards because those are videos that we

388

00:17:07,100 --> 00:17:04,319

put together where you get to learn some

389

00:17:08,689 --> 00:17:07,110

interesting UFO stuff because we tell

390

00:17:11,000 --> 00:17:08,699

you here's what this person has done

391

00:17:12,799 --> 00:17:11,010

here's why they won the award and in

392

00:17:15,620 --> 00:17:12,809

doing that you know you get to learn a

393

00:17:17,900 --> 00:17:15,630

lot about new ufology and some UFO cases

394

00:17:19,640 --> 00:17:17,910

you probably haven't heard of now the

395

00:17:20,960 --> 00:17:19,650

UFO someone's just saying the UFO and

396

00:17:23,419 --> 00:17:20,970

demand is not up yet

397

00:17:26,360 --> 00:17:23,429

but that will be up it stays on no it's

398

00:17:29,210 --> 00:17:26,370

not it's up oh ok so David Turner or

399

00:17:31,520 --> 00:17:29,220

opes I said the last time just honored

400

00:17:38,539 --> 00:17:31,530

of that it's probably not his real name

401
00:17:43,310 --> 00:17:41,240
you'll see it open minds we've got tons

402
00:17:45,799 --> 00:17:43,320
of ads for it but if you go to UFO

403
00:17:48,350 --> 00:17:45,809
Congress there's a big ad in the middle

404
00:17:50,690 --> 00:17:48,360
several UFO Congress video portal UFO

405
00:17:52,430 --> 00:17:50,700
video portal watch our video portal so

406
00:17:55,130 --> 00:17:52,440
click on that and you'll get to the

407
00:17:57,110 --> 00:17:55,140
video portal and that the only 2018

408
00:17:59,090 --> 00:17:57,120
video we have up so far is Louise

409
00:18:01,940 --> 00:17:59,100
Elizondo so we have that whole

410
00:18:04,130 --> 00:18:01,950
presentation up on there right now and

411
00:18:09,289 --> 00:18:04,140
then we've got hundreds of other videos

412
00:18:11,750 --> 00:18:09,299
from past conferences and then well

413
00:18:12,810 --> 00:18:11,760

we'll have a more up very shortly I'm

414

00:18:14,129 --> 00:18:12,820

going to be out of town next

415

00:18:16,110 --> 00:18:14,139

week but by the end of this week I'm

416

00:18:18,360 --> 00:18:16,120

going to have at least one more video up

417

00:18:20,399 --> 00:18:18,370

from 2018 I think I'm gonna put up your

418

00:18:21,779 --> 00:18:20,409

favorite video the Travis Walton when

419

00:18:24,029 --> 00:18:21,789

you said that was your favorite channel

420

00:18:27,029 --> 00:18:24,039

so I'll do that one next and then I'm

421

00:18:29,519 --> 00:18:27,039

gonna have at least a couple of weeks so

422

00:18:31,080 --> 00:18:29,529

I want to get all those 20 18s up within

423

00:18:34,049 --> 00:18:31,090

the next couple months so we'll have

424

00:18:35,789 --> 00:18:34,059

those all up very quickly so if you

425

00:18:38,430 --> 00:18:35,799

subscribe you get like a week for free

426

00:18:40,200 --> 00:18:38,440

to check it out but if you stay

427

00:18:42,299 --> 00:18:40,210

subscribed at least for a few months if

428

00:18:43,470 --> 00:18:42,309

you want to see all the 2018 but it'll

429

00:18:44,730 --> 00:18:43,480

take you a long time if you want to

430

00:18:47,100 --> 00:18:44,740

watch a lot of those videos because

431

00:18:49,470 --> 00:18:47,110

there's some really good stuff there I

432

00:18:53,269 --> 00:18:49,480

mean there's there's Nick Pope there's

433

00:18:57,720 --> 00:18:53,279

all your favorites are up there and and

434

00:19:00,119 --> 00:18:57,730

and more so we've got you know our Bob

435

00:19:03,360 --> 00:19:00,129

Lazar video up there that's something

436

00:19:06,930 --> 00:19:03,370

that we can't see again that was the

437

00:19:08,730 --> 00:19:06,940

Lord's nap right yep with george knapp

438

00:19:11,820 --> 00:19:08,740

we have george knapp talking about bob

439

00:19:14,730 --> 00:19:11,830

lazar also on his own up there kind of

440

00:19:17,279 --> 00:19:14,740

justifying why he thinks that it's a

441

00:19:19,019 --> 00:19:17,289

valid case and then you know those are

442

00:19:21,450 --> 00:19:19,029

just a couple of our really popular ones

443

00:19:27,090 --> 00:19:21,460

but clifford mahooty does really well

444

00:19:29,580 --> 00:19:27,100

the the hopi elder oh that's a popular

445

00:19:33,360 --> 00:19:29,590

talk Paul Stonehill talking about

446

00:19:35,789 --> 00:19:33,370

Eurasian UFO cases is a popular one so

447

00:19:37,619 --> 00:19:35,799

yes there's a lot of good stuff up there

448

00:19:40,680 --> 00:19:37,629

claud swanson is another popular one

449

00:19:42,539 --> 00:19:40,690

who is a theoretical physicist who talks

450

00:19:44,639 --> 00:19:42,549

about kind of the paranormal and the

451
00:19:48,499 --> 00:19:44,649
science of the paranormal and how you

452
00:19:55,340 --> 00:19:48,509
know there are these theoretical

453
00:19:58,230 --> 00:19:55,350
concepts that may answer why things like

454
00:20:02,820 --> 00:19:58,240
ESP and things could possibly be

455
00:20:04,590 --> 00:20:02,830
happening and it's related to how this

456
00:20:07,669 --> 00:20:04,600
could be being used by other

457
00:20:12,350 --> 00:20:07,679
civilizations off our planet and also

458
00:20:16,230 --> 00:20:12,360
possibly related to things even such as

459
00:20:18,299 --> 00:20:16,240
propulsion and so really interesting wow

460
00:20:20,340 --> 00:20:18,309
that does sound very interesting hey

461
00:20:22,649 --> 00:20:20,350
would you be up for taking a couple

462
00:20:26,070 --> 00:20:22,659
calls later on people always seem to

463
00:20:28,110 --> 00:20:26,080

share questions when you're on yeah so

464

00:20:30,750 --> 00:20:28,120

there was a question someone asked up

465

00:20:34,440 --> 00:20:30,760

they keep hearing about those medals and

466

00:20:36,840 --> 00:20:34,450

Bigelow's you know where house is have

467

00:20:39,120 --> 00:20:36,850

you heard any type of updates at all

468

00:20:42,090 --> 00:20:39,130

about yeah that was one of the questions

469

00:20:44,850 --> 00:20:42,100

I asked so there were two questions in

470

00:20:47,009 --> 00:20:44,860

particular that weren't on the video

471

00:20:49,320 --> 00:20:47,019

when I got it back because you know they

472

00:20:51,389 --> 00:20:49,330

I sent a bunch of questions from

473

00:20:53,070 --> 00:20:51,399

listeners of course I was on your show

474

00:20:54,419 --> 00:20:53,080

telling people hey send his questions

475

00:20:56,880 --> 00:20:54,429

and we'll get those up there and we did

476
00:20:59,009 --> 00:20:56,890
so we sent them a bunch of questions to

477
00:21:00,960 --> 00:20:59,019
ask and when the video came back there

478
00:21:04,289 --> 00:21:00,970
were two in particular I quickly noticed

479
00:21:06,600 --> 00:21:04,299
that weren't there about the medals that

480
00:21:08,549 --> 00:21:06,610
was my favorite question and then the

481
00:21:11,580 --> 00:21:08,559
other question was Nick Pope's question

482
00:21:12,960 --> 00:21:11,590
that wasn't up there so I told blue you

483
00:21:14,430 --> 00:21:12,970
know I had a little bit of time with him

484
00:21:16,139 --> 00:21:14,440
on the phone I was like there are a

485
00:21:18,899 --> 00:21:16,149
couple questions that I think are really

486
00:21:20,250 --> 00:21:18,909
important I think there was maybe one

487
00:21:24,750 --> 00:21:20,260
other I asked that he said unfortunately

488
00:21:26,279 --> 00:21:24,760

he couldn't share anything but um I I

489

00:21:27,600 --> 00:21:26,289

said there there's a couple questions

490

00:21:30,659 --> 00:21:27,610

here I was wondering if you could share

491

00:21:31,230 --> 00:21:30,669

some information on he said shoot let's

492

00:21:35,399 --> 00:21:31,240

do it

493

00:21:37,500 --> 00:21:35,409

and so I asked the questions one was

494

00:21:39,210 --> 00:21:37,510

about the medal and actually we had

495

00:21:40,680 --> 00:21:39,220

talked a little bit about it before but

496

00:21:43,830 --> 00:21:40,690

he said please don't share this yet

497

00:21:45,389 --> 00:21:43,840

where can I share it soon but and he has

498

00:21:47,399 --> 00:21:45,399

been sharing it he sure did with george

499

00:21:49,320 --> 00:21:47,409

knapp on coast to coast and and he

500

00:21:52,889 --> 00:21:49,330

shared a little bit but i think he was

501
00:21:55,289 --> 00:21:52,899
very clear with us and we had the most

502
00:21:58,799 --> 00:21:55,299
clear answer which is they're not alloys

503
00:22:01,049 --> 00:21:58,809
in the New York Times story they wrote

504
00:22:03,149 --> 00:22:01,059
and they called them alloys and he said

505
00:22:07,139 --> 00:22:03,159
they didn't they never called them

506
00:22:09,180 --> 00:22:07,149
alloys but the New York Times said the

507
00:22:11,789 --> 00:22:09,190
answer was too complicated and they

508
00:22:13,980 --> 00:22:11,799
needed to make it somehow so people can

509
00:22:17,180 --> 00:22:13,990
understand and they use the word alloys

510
00:22:19,379 --> 00:22:17,190
which they felt was okay but

511
00:22:21,299 --> 00:22:19,389
scientifically you know when it comes

512
00:22:24,149 --> 00:22:21,309
down to the details it's inaccurate

513
00:22:26,310 --> 00:22:24,159

which of course has caused issues so

514

00:22:29,340 --> 00:22:26,320

it's not an alloy what it is he says is

515

00:22:31,320 --> 00:22:29,350

meta materials I'm from what I

516

00:22:33,680 --> 00:22:31,330

understand with these what meta

517

00:22:38,340 --> 00:22:33,690

materials are is just a material that is

518

00:22:39,900 --> 00:22:38,350

manufactured in this case they also have

519

00:22:44,550 --> 00:22:39,910

strange isotope

520

00:22:46,260 --> 00:22:44,560

values so isotopes have to do with and

521

00:22:50,610 --> 00:22:46,270

and whenever you find a metal and this

522

00:22:53,460 --> 00:22:50,620

is the key analysis you do on a metal

523

00:22:56,670 --> 00:22:53,470

that you find that is allegedly from a

524

00:23:01,170 --> 00:22:56,680

spacecraft or something is you measure

525

00:23:05,310 --> 00:23:01,180

the isotope values of certain elements

526
00:23:06,870 --> 00:23:05,320
of the metal because when something is

527
00:23:10,200 --> 00:23:06,880
getting made in the process of being

528
00:23:14,430 --> 00:23:10,210
made I guess somehow those two isotopes

529
00:23:18,030 --> 00:23:14,440
line up a specific way related to the

530
00:23:19,800 --> 00:23:18,040
cosmic location so the earth you know

531
00:23:21,920 --> 00:23:19,810
certain gravities of gravities of the

532
00:23:26,580 --> 00:23:21,930
moon the gravity of the planet and other

533
00:23:28,920 --> 00:23:26,590
forces caused there to be specific

534
00:23:30,810 --> 00:23:28,930
values so if you check the isotopic

535
00:23:32,700 --> 00:23:30,820
values you can confirm whether or not

536
00:23:36,090 --> 00:23:32,710
something was made on this planet or not

537
00:23:38,010 --> 00:23:36,100
and and for instance with asteroids

538
00:23:40,860 --> 00:23:38,020

they'll do that to see if it's from Mars

539

00:23:44,190 --> 00:23:40,870

or where they might be from and in this

540

00:23:46,500 --> 00:23:44,200

case the isotopic values were unusual

541

00:23:47,970 --> 00:23:46,510

they were not and they didn't indicate

542

00:23:52,520 --> 00:23:47,980

they're made from Earth and they don't

543

00:23:55,650 --> 00:23:52,530

know where the metal comes from and

544

00:23:57,750 --> 00:23:55,660

according to Lou in order to fabricate

545

00:23:59,520 --> 00:23:57,760

this like as a hoax or something like

546

00:24:01,650 --> 00:23:59,530

that it's just not possible that the

547

00:24:06,690 --> 00:24:01,660

technology doesn't exist for this thing

548

00:24:10,110 --> 00:24:06,700

to be created by us so that's what he

549

00:24:13,320 --> 00:24:10,120

said no information as to where it comes

550

00:24:19,440 --> 00:24:13,330

from there's a lot of speculation out

551
00:24:22,440 --> 00:24:19,450
there and Jacques Vallee has spoken

552
00:24:24,360 --> 00:24:22,450
about different metals that he believes

553
00:24:26,970 --> 00:24:24,370
may be from elsewhere and so is how put

554
00:24:30,450 --> 00:24:26,980
up and how could up more importantly

555
00:24:34,080 --> 00:24:30,460
it's part of the to the Stars Academy

556
00:24:35,850 --> 00:24:34,090
which Louis part of but he has not

557
00:24:38,150 --> 00:24:35,860
confirmed nor any of them have really

558
00:24:41,130 --> 00:24:38,160
confirmed where these metals came from

559
00:24:44,580 --> 00:24:41,140
so we don't really know their backstory

560
00:24:48,210 --> 00:24:44,590
yet hopefully we will at some point but

561
00:24:50,070 --> 00:24:48,220
yeah so it sounds interesting

562
00:24:52,500 --> 00:24:50,080
I mean meta materials with isotopic

563
00:24:53,700 --> 00:24:52,510

values that we cannot and that's the

564

00:24:55,289 --> 00:24:53,710

first question most people

565

00:24:59,130 --> 00:24:55,299

well we'll have be done an isotopic

566

00:25:01,470 --> 00:24:59,140

analysis and they have and that's what

567

00:25:05,269 --> 00:25:01,480

it shown Wow

568

00:25:08,899 --> 00:25:05,279

and how can they you can't really ever

569

00:25:11,909 --> 00:25:08,909

have anything like a confirmation that

570

00:25:13,950 --> 00:25:11,919

this has to be made off of this planet

571

00:25:17,880 --> 00:25:13,960

because the elements are all the same

572

00:25:19,769 --> 00:25:17,890

and anything could be somehow produced

573

00:25:23,130 --> 00:25:19,779

here in some sort of way even though

574

00:25:25,830 --> 00:25:23,140

it's strange well no that's why you have

575

00:25:27,180 --> 00:25:25,840

to check the isotopic values because you

576

00:25:29,850 --> 00:25:27,190

have to have because you're right the

577

00:25:32,580 --> 00:25:29,860

element all the elements come from the

578

00:25:34,080 --> 00:25:32,590

Stars and essentially the the galaxy the

579

00:25:37,500 --> 00:25:34,090

universe we all have the same elements

580

00:25:39,779 --> 00:25:37,510

around so just because you have yet so

581

00:25:41,639 --> 00:25:39,789

you're you're not going to find you know

582

00:25:44,580 --> 00:25:41,649

the elements aren't necessarily going to

583

00:25:46,710 --> 00:25:44,590

be strange however some of the things

584

00:25:49,110 --> 00:25:46,720

that we have aluminum ore or other

585

00:25:51,539 --> 00:25:49,120

things are manufactured and that's the

586

00:25:54,740 --> 00:25:51,549

important key is that the if the element

587

00:25:57,990 --> 00:25:54,750

or the piece that you have is is

588

00:25:59,909 --> 00:25:58,000

manufactured and you can check the

589

00:26:03,000 --> 00:25:59,919

isotopic values to show that it was

590

00:26:05,310 --> 00:26:03,010

manufactured somewhere other than on the

591

00:26:07,080 --> 00:26:05,320

planet that's when you have something

592

00:26:08,850 --> 00:26:07,090

significant that's what makes it

593

00:26:14,430 --> 00:26:08,860

important you have to have that

594

00:26:19,250 --> 00:26:14,440

combination I see huh Wow and let's see

595

00:26:20,850 --> 00:26:19,260

what is there was another confused or

596

00:26:24,389 --> 00:26:20,860

misconception and that was the

597

00:26:27,210 --> 00:26:24,399

Washington Post had said something to

598

00:26:28,889 --> 00:26:27,220

that Alejandro had taken the videos when

599

00:26:31,649 --> 00:26:28,899

he wasn't supposed to or tricked them or

600

00:26:34,799 --> 00:26:31,659

something so yeah he cleared that up

601
00:26:37,799 --> 00:26:34,809
What did he say exactly he did and I

602
00:26:40,320 --> 00:26:37,809
kind of exacerbated this problem in that

603
00:26:43,279 --> 00:26:40,330
the Washington Post had made this claim

604
00:26:47,130 --> 00:26:43,289
about the medals or about the videos and

605
00:26:49,260 --> 00:26:47,140
so when I was interviewed by a couple

606
00:26:50,700 --> 00:26:49,270
outlets I had spoken about these are

607
00:26:53,610 --> 00:26:50,710
some of the questions that we need

608
00:26:55,320 --> 00:26:53,620
answers to and nobody could give me

609
00:26:57,720 --> 00:26:55,330
these answers at the time even though I

610
00:26:58,740 --> 00:26:57,730
was in contact with to the Stars and

611
00:27:00,269 --> 00:26:58,750
some of those guys they were like

612
00:27:02,399 --> 00:27:00,279
there's some things we're just not

613
00:27:03,480 --> 00:27:02,409

talking about yet we're sorry we can't

614

00:27:05,580 --> 00:27:03,490

give you more information

615

00:27:06,789 --> 00:27:05,590

although Leslie Kane and I spoke a bit

616

00:27:09,010 --> 00:27:06,799

about it

617

00:27:13,350 --> 00:27:09,020

when I did a podcast with her and she

618

00:27:16,060 --> 00:27:13,360

did a bit of clarification but he very

619

00:27:19,899 --> 00:27:16,070

Elizondo clarified this in in our video

620

00:27:21,909 --> 00:27:19,909

and The Washington Post had said that he

621

00:27:24,190 --> 00:27:21,919

kind of tricked them that he had told

622

00:27:27,340 --> 00:27:24,200

them that the videos he wanted to

623

00:27:29,500 --> 00:27:27,350

release for educational purposes but the

624

00:27:32,649 --> 00:27:29,510

whole time he had the secret agenda of

625

00:27:34,510 --> 00:27:32,659

using them to show that UFOs are real he

626

00:27:39,850 --> 00:27:34,520

said that's not the case that's not true

627

00:27:42,549 --> 00:27:39,860

that the DoD released the videos and it

628

00:27:47,080 --> 00:27:42,559

was through their department but he said

629

00:27:48,880 --> 00:27:47,090

and and Leslie I guess maybe was not

630

00:27:52,060 --> 00:27:48,890

aware of this or at least this wasn't

631

00:27:59,110 --> 00:27:52,070

clear to her it seems but she said that

632

00:28:01,990 --> 00:27:59,120

they release the videos in order to get

633

00:28:03,970 --> 00:28:02,000

them out to the public and so they can

634

00:28:07,930 --> 00:28:03,980

have a better understanding of what they

635

00:28:11,799 --> 00:28:07,940

are essentially so that people kind of

636

00:28:13,570 --> 00:28:11,809

like a citizen science thing so people

637

00:28:16,120 --> 00:28:13,580

in the public could look at these videos

638

00:28:17,950 --> 00:28:16,130

and then maybe someone out there could

639

00:28:21,970 --> 00:28:17,960

say hey I know what that is that's not

640

00:28:23,980 --> 00:28:21,980

what you think it is it's this and so it

641

00:28:27,220 --> 00:28:23,990

was essentially to get help identifying

642

00:28:30,399 --> 00:28:27,230

these objects is what he claims and he

643

00:28:33,610 --> 00:28:30,409

says it was a DoD process it went

644

00:28:37,860 --> 00:28:33,620

through this adopter process dop s are

645

00:28:41,320 --> 00:28:37,870

so it's a military acronym for this

646

00:28:45,070 --> 00:28:41,330

rigorous process that material has to go

647

00:28:47,440 --> 00:28:45,080

through to get Declassified and then in

648

00:28:49,659 --> 00:28:47,450

order to be shared with the public so it

649

00:28:53,200 --> 00:28:49,669

went through that entire process it was

650

00:28:54,940 --> 00:28:53,210

cleared and then it got out and that

651
00:28:57,159 --> 00:28:54,950
what that was the reason why he said you

652
00:29:00,130 --> 00:28:57,169
can see this in the DoD documentation

653
00:29:03,519 --> 00:29:00,140
that I wasn't even you know this was

654
00:29:05,799 --> 00:29:03,529
done by the DoD to get those videos out

655
00:29:11,680 --> 00:29:05,809
so that's interesting that's really

656
00:29:15,310 --> 00:29:11,690
interesting that they chose to interface

657
00:29:17,620 --> 00:29:15,320
with the public to sort of say hey we

658
00:29:20,530 --> 00:29:17,630
don't know what these are essentially

659
00:29:24,130 --> 00:29:20,540
they're UFOs do any of you know

660
00:29:26,770 --> 00:29:24,140
what they are and some people have some

661
00:29:29,610 --> 00:29:26,780
ideas but he did share that some of the

662
00:29:32,200 --> 00:29:29,620
ideas they've heard such as IR flare

663
00:29:35,560 --> 00:29:32,210

just like you know when the Sun flares

664

00:29:40,000 --> 00:29:35,570

out that I guess infrared cameras can do

665

00:29:41,410 --> 00:29:40,010

that in front and he says you know a lot

666

00:29:43,060 --> 00:29:41,420

of these ideas that some people have

667

00:29:47,050 --> 00:29:43,070

come forward with just are not the case

668

00:29:49,840 --> 00:29:47,060

we have been able to demonstrate or at

669

00:29:52,630 --> 00:29:49,850

least we've ruled out some of those

670

00:29:54,820 --> 00:29:52,640

ideas so at least in his mind so far

671

00:29:58,090 --> 00:29:54,830

nobody's come up with a good answer as

672

00:30:00,520 --> 00:29:58,100

to what is in those videos yeah and you

673

00:30:03,610 --> 00:30:00,530

know he in the video that people can

674

00:30:06,460 --> 00:30:03,620

actually watch that you posted you know

675

00:30:09,910 --> 00:30:06,470

he mentions things like the reason why

676
00:30:11,950 --> 00:30:09,920
they're so short and you know that there

677
00:30:13,840 --> 00:30:11,960
still could be parts of them that are

678
00:30:16,420 --> 00:30:13,850
still classified that can't be released

679
00:30:18,160 --> 00:30:16,430
because of certain things and you know

680
00:30:19,750 --> 00:30:18,170
everyone wants to know and I've got a

681
00:30:23,380 --> 00:30:19,760
few questions already in the chatroom

682
00:30:24,790 --> 00:30:23,390
that they want to know if actually we

683
00:30:25,840 --> 00:30:24,800
have a call coming in right now are you

684
00:30:29,680 --> 00:30:25,850
ready to take the call

685
00:30:32,560 --> 00:30:29,690
sure all right let's do it all right

686
00:30:36,450 --> 00:30:32,570
caller can you hear me you're on the

687
00:30:38,920 --> 00:30:36,460
line yes I can hear you all right

688
00:30:41,550 --> 00:30:38,930

welcome to the show and you do you have

689

00:30:45,430 --> 00:30:41,560

a question for either myself or

690

00:30:47,140 --> 00:30:45,440

Alejandro yes I do

691

00:30:48,660 --> 00:30:47,150

what wait what's your name what's your

692

00:30:52,450 --> 00:30:48,670

name were you calling from first of all

693

00:30:58,960 --> 00:30:52,460

this is Phil in Michigan oh hey Phil how

694

00:31:01,690 --> 00:30:58,970

are ya great I'm calling about the the

695

00:31:06,850 --> 00:31:01,700

to the stars thing and I kind of

696

00:31:12,070 --> 00:31:06,860

followed it from the inception and I get

697

00:31:13,030 --> 00:31:12,080

the pedigree of 99% of the people that

698

00:31:19,090 --> 00:31:13,040

are involved with it

699

00:31:20,740 --> 00:31:19,100

the physicists the scientists that work

700

00:31:24,340 --> 00:31:20,750

for skunk works I understand that

701

00:31:26,920 --> 00:31:24,350

they're all top-of-the-line guys and I

702

00:31:29,590 --> 00:31:26,930

understand two-thirds of what they're

703

00:31:32,110 --> 00:31:29,600

doing the part that just really really

704

00:31:34,000 --> 00:31:32,120

really really bugs me I've not heard

705

00:31:37,510 --> 00:31:34,010

anybody address

706

00:31:40,420 --> 00:31:37,520

is what on earth is this entertainment

707

00:31:43,060 --> 00:31:40,430

wing of this thing you just it's

708

00:31:46,270 --> 00:31:43,070

orthogonal to everything else they're

709

00:31:48,970 --> 00:31:46,280

doing makes no sense can one of you

710

00:31:52,600 --> 00:31:48,980

gentlemen or somebody explain that to me

711

00:31:54,460 --> 00:31:52,610

I'll let you tackle that order yeah well

712

00:31:56,590 --> 00:31:54,470

and I've talked to the guys about this

713

00:31:58,570 --> 00:31:56,600

so I think you're right I think that

714

00:32:00,520 --> 00:31:58,580

Phil you're right that you know nobody's

715

00:32:03,520 --> 00:32:00,530

come out and really explained this and

716

00:32:06,580 --> 00:32:03,530

so I'm the only one talking about it and

717

00:32:08,320 --> 00:32:06,590

and that's and you know people are like

718

00:32:10,270 --> 00:32:08,330

well what do you know you're not part of

719

00:32:13,510 --> 00:32:10,280

their group or anything and I understand

720

00:32:15,610 --> 00:32:13,520

that so I'll think that it would be good

721

00:32:17,680 --> 00:32:15,620

for them to kind of come out and explain

722

00:32:19,540 --> 00:32:17,690

this and and we're gonna do a follow-up

723

00:32:21,250 --> 00:32:19,550

interview with Elizondo and maybe I can

724

00:32:24,220 --> 00:32:21,260

ask him those questions but I'd love to

725

00:32:27,340 --> 00:32:24,230

get Tom DeLonge on because it's kind of

726

00:32:28,750 --> 00:32:27,350

he's the one who started it all and I

727

00:32:30,970 --> 00:32:28,760

thought that's what you were gonna ask

728

00:32:32,680 --> 00:32:30,980

why this rock scar everybody has all

729

00:32:34,810 --> 00:32:32,690

these great pedigrees but why this rock

730

00:32:39,940 --> 00:32:34,820

star but it was kind of the idea here

731

00:32:44,110 --> 00:32:39,950

was is to model space X or Elon Musk

732

00:32:46,390 --> 00:32:44,120

that you know in order to do R&D it

733

00:32:50,890 --> 00:32:46,400

takes money and it takes a lot of money

734

00:32:53,470 --> 00:32:50,900

so how do you get this money really the

735

00:32:55,210 --> 00:32:53,480

money that they've requested for people

736

00:32:58,420 --> 00:32:55,220

to buy shares into the company is just

737

00:33:02,230 --> 00:32:58,430

kind of priming the pump but what they

738

00:33:06,940 --> 00:33:02,240

hope to do is have this entertainment

739

00:33:09,900 --> 00:33:06,950

wing help fund the R&D kind of like Elon

740

00:33:13,270 --> 00:33:09,910

Musk has you know various programs or

741

00:33:15,970 --> 00:33:13,280

companies and projects that help fund or

742

00:33:18,520 --> 00:33:15,980

at least funded his SpaceX to get it off

743

00:33:20,380 --> 00:33:18,530

the ground and now SpaceX I'm sure funds

744

00:33:23,680 --> 00:33:20,390

itself because they've got government

745

00:33:25,600 --> 00:33:23,690

contracts and contracts to you know fly

746

00:33:27,310 --> 00:33:25,610

stuff into space so I don't know for

747

00:33:29,470 --> 00:33:27,320

sure if that funds itself I'd imagine

748

00:33:32,050 --> 00:33:29,480

show but maybe it still doesn't so the

749

00:33:36,490 --> 00:33:32,060

idea was this is how we can get funds in

750

00:33:39,100 --> 00:33:36,500

order to pay for this work and and Elon

751
00:33:40,960 --> 00:33:39,110
Musk that model was was their

752
00:33:44,110 --> 00:33:40,970
inspiration for that at least Tom's

753
00:33:47,230 --> 00:33:44,120
inspiration for doing it in that manner

754
00:33:47,710 --> 00:33:47,240
so people are frustrated about that why

755
00:33:50,890 --> 00:33:47,720
do we want

756
00:33:52,149 --> 00:33:50,900
see some fiction you know his argument

757
00:33:55,480 --> 00:33:52,159
is that this fiction is going to be

758
00:33:58,330 --> 00:33:55,490
based on reality so it will be kind of

759
00:34:01,060 --> 00:33:58,340
like you know in that way it'll help be

760
00:34:02,500 --> 00:34:01,070
sharing information with people and you

761
00:34:04,419 --> 00:34:02,510
know he probably has a point what

762
00:34:06,250 --> 00:34:04,429
inspired most of us the most at least

763
00:34:08,980 --> 00:34:06,260

for me Close Encounters was a huge

764

00:34:11,530 --> 00:34:08,990

inspiration but I know anecdotally out

765

00:34:13,899 --> 00:34:11,540

there movies fire in the sky got a lot

766

00:34:16,720 --> 00:34:13,909

of people interested in Travis Waltons

767

00:34:19,270 --> 00:34:16,730

case so they're just hoping to use that

768

00:34:20,980 --> 00:34:19,280

to inspire people to seek more

769

00:34:23,290 --> 00:34:20,990

information and that they'll be able to

770

00:34:26,109 --> 00:34:23,300

hopefully provide a lot more credible

771

00:34:29,589 --> 00:34:26,119

information in that manner so that was

772

00:34:34,750 --> 00:34:29,599

the idea behind it and I think they

773

00:34:36,970 --> 00:34:34,760

could do it they should probably speak

774

00:34:39,639 --> 00:34:36,980

to that or at least have that message

775

00:34:41,649 --> 00:34:39,649

out there so people can understand you

776

00:34:43,869 --> 00:34:41,659

know how does entertainment and UFO

777

00:34:46,180 --> 00:34:43,879

research go together that's weird and it

778

00:34:48,159 --> 00:34:46,190

might even be detrimental and their

779

00:34:51,609 --> 00:34:48,169

argument is know it you know it's

780

00:34:53,320 --> 00:34:51,619

helping our efforts so yeah well that's

781

00:34:57,430 --> 00:34:53,330

a very good answer but you know I think

782

00:34:59,859 --> 00:34:57,440

from my perspective and I think a lot of

783

00:35:02,260 --> 00:34:59,869

other people's perspective too they

784

00:35:04,810 --> 00:35:02,270

don't really need to tell the public

785

00:35:08,380 --> 00:35:04,820

that I mean they could be coupled to

786

00:35:10,870 --> 00:35:08,390

completely and still have the back

787

00:35:12,640 --> 00:35:10,880

channel funding to their primary

788

00:35:17,079 --> 00:35:12,650

research or organization because you

789

00:35:21,460 --> 00:35:17,089

know the appeal of investing in pure

790

00:35:25,180 --> 00:35:21,470

research for me which make a whole lot

791

00:35:26,290 --> 00:35:25,190

more sense than this this entertainment

792

00:35:29,859 --> 00:35:26,300

thing because I have to tell you you

793

00:35:34,089 --> 00:35:29,869

know I I've listened to Tom DeLonge I

794

00:35:35,650 --> 00:35:34,099

heard him on the Joe Rogan show and I

795

00:35:38,020 --> 00:35:35,660

was embarrassed for the guy that was

796

00:35:39,760 --> 00:35:38,030

what some of the weirdest like power and

797

00:35:40,510 --> 00:35:39,770

a half an interview I've ever heard in

798

00:35:43,020 --> 00:35:40,520

my life

799

00:35:44,920 --> 00:35:43,030

and if they want a couple those two

800

00:35:47,349 --> 00:35:44,930

they're shooting themselves in the foot

801
00:35:49,120 --> 00:35:47,359
and big time they better just take it

802
00:35:51,550 --> 00:35:49,130
underground if they want to do that kind

803
00:35:54,849 --> 00:35:51,560
of funny but that's my own personal

804
00:35:56,349 --> 00:35:54,859
perspective I'd be highly shocked if

805
00:35:58,990 --> 00:35:56,359
other people don't kind of feel the same

806
00:36:00,609 --> 00:35:59,000
way that I do but anyway I thank you

807
00:36:01,660 --> 00:36:00,619
very much for your answer that was

808
00:36:04,450 --> 00:36:01,670
really good

809
00:36:06,400 --> 00:36:04,460
all right yeah I I think it's just got a

810
00:36:09,970 --> 00:36:06,410
great point I think that a lot of people

811
00:36:11,650 --> 00:36:09,980
agree with Phil and and maybe that is

812
00:36:15,849 --> 00:36:11,660
something they'll wanna rethink I don't

813
00:36:17,680 --> 00:36:15,859

know you will notice that since the New

814

00:36:20,200 --> 00:36:17,690

York Times story came out we've heard

815

00:36:23,589 --> 00:36:20,210

nothing from Tom and and he's not

816

00:36:27,039 --> 00:36:23,599

talking right and and so they've they've

817

00:36:30,069 --> 00:36:27,049

kind of all identified this issue in a

818

00:36:32,470 --> 00:36:30,079

way and and I don't know maybe they're

819

00:36:35,440 --> 00:36:32,480

working on an answer for it but I think

820

00:36:36,789 --> 00:36:35,450

you know I I thought I was crazy there

821

00:36:37,569 --> 00:36:36,799

for a while because that has been

822

00:36:39,400 --> 00:36:37,579

following us

823

00:36:43,390 --> 00:36:39,410

I've been following the stuff from the

824

00:36:48,339 --> 00:36:43,400

1970s yeah it is one of those things

825

00:36:53,049 --> 00:36:48,349

that if something wasn't right about it

826

00:36:56,259 --> 00:36:53,059

yeah it had this weird vibe to it that

827

00:36:58,900 --> 00:36:56,269

you know because it's like for example i

828

00:37:04,839 --> 00:36:58,910

listened to george knapp interview

829

00:37:07,989 --> 00:37:04,849

louise alexander on sunday and you know

830

00:37:11,109 --> 00:37:07,999

most of that interview was rehash but

831

00:37:14,710 --> 00:37:11,119

there were some really really striking

832

00:37:17,680 --> 00:37:14,720

parts of them that make me wonder why

833

00:37:19,839 --> 00:37:17,690

that's not on the front page of the New

834

00:37:24,130 --> 00:37:19,849

York Times and the last thing they need

835

00:37:27,130 --> 00:37:24,140

to do is to divert attention from the

836

00:37:31,479 --> 00:37:27,140

kind of messages he's giving with this

837

00:37:33,430 --> 00:37:31,489

other stuff we have are there and what

838

00:37:35,589 --> 00:37:33,440

are the issues I've seen and and maybe

839

00:37:40,079 --> 00:37:35,599

you have seen this too is that some of

840

00:37:42,579 --> 00:37:40,089

the UFO personalities out there have

841

00:37:45,460 --> 00:37:42,589

looked at Tom stuff and they say look

842

00:37:47,950 --> 00:37:45,470

he's got the answer and this justifies

843

00:37:49,839 --> 00:37:47,960

all my wild crazy conspiracy theories

844

00:37:52,989 --> 00:37:49,849

because Tom says they're real and

845

00:37:55,269 --> 00:37:52,999

they're completely ignoring you know the

846

00:37:57,009 --> 00:37:55,279

more credible hard-nosed stuff that's

847

00:37:58,269 --> 00:37:57,019

coming from Elizondo and some of these

848

00:38:00,759 --> 00:37:58,279

other credible people which is

849

00:38:03,220 --> 00:38:00,769

unfortunate because that's the real meat

850

00:38:06,130 --> 00:38:03,230

you know that's the real tangible stuff

851

00:38:06,989 --> 00:38:06,140

that you can you know share with the

852

00:38:10,420 --> 00:38:06,999

mainstream

853

00:38:14,079 --> 00:38:10,430

unfortunately Thomas really his stuff is

854

00:38:15,660 --> 00:38:14,089

unsubstantiated that's true and it

855

00:38:20,040 --> 00:38:15,670

really is because

856

00:38:22,770 --> 00:38:20,050

put offs interview was just mind-blowing

857

00:38:25,770 --> 00:38:22,780

yeah yeah it was really good I mean it

858

00:38:30,140 --> 00:38:25,780

and it's just one of us between him and

859

00:38:32,400 --> 00:38:30,150

release oh my god I mean it's like I

860

00:38:35,850 --> 00:38:32,410

because I'd lay in bed at night you know

861

00:38:38,910 --> 00:38:35,860

thinking about this mess and how real it

862

00:38:40,500 --> 00:38:38,920

actually is now I tell my wife about it

863

00:38:42,780 --> 00:38:40,510

and she just looks at me and water's

864

00:38:45,660 --> 00:38:42,790

going hard and wonders why you know

865

00:38:49,620 --> 00:38:45,670

there's not more in the major news media

866

00:38:52,620 --> 00:38:49,630

and and and and that's really why I I

867

00:38:55,020 --> 00:38:52,630

feel so strongly about what they've done

868

00:38:57,090 --> 00:38:55,030

with you know the whole bill on

869

00:38:59,730 --> 00:38:57,100

entertainment wing of this thing because

870

00:39:01,800 --> 00:38:59,740

they're really like cutting off their

871

00:39:05,040 --> 00:39:01,810

nose to spite their face with this thing

872

00:39:08,820 --> 00:39:05,050

the the the message the core message

873

00:39:14,070 --> 00:39:08,830

that's there between put off and Alice

874

00:39:16,590 --> 00:39:14,080

Ando is phenomenal yeah and we it's it's

875

00:39:18,930 --> 00:39:16,600

getting drugging the dirt kind of the

876

00:39:24,440 --> 00:39:18,940

bottom line for me I think an another

877

00:39:27,270 --> 00:39:24,450

argument they would make is that so far

878

00:39:30,180 --> 00:39:27,280

nothing penetrates the public and

879

00:39:32,640 --> 00:39:30,190

they're trying new and different methods

880

00:39:36,270 --> 00:39:32,650

to really get their message out there to

881

00:39:38,370 --> 00:39:36,280

people and that they think maybe these

882

00:39:41,570 --> 00:39:38,380

ideas are some other way to get to the

883

00:39:44,240 --> 00:39:41,580

youth and get to more people because

884

00:39:47,220 --> 00:39:44,250

they feel that the credible information

885

00:39:49,470 --> 00:39:47,230

just doesn't have much of an impact on

886

00:39:51,270 --> 00:39:49,480

the public and so they think this may be

887

00:39:53,630 --> 00:39:51,280

something different that tries to

888

00:39:55,890 --> 00:39:53,640

actually get to people more people so

889

00:39:59,310 --> 00:39:55,900

we'll see I guess we'll just have to

890

00:40:02,190 --> 00:39:59,320

wait and see okay Phil hey thank ya

891

00:40:08,420 --> 00:40:02,200

thanks for the call yeah well thank you

892

00:40:10,530 --> 00:40:08,430

very much for your answer a yes not me

893

00:40:12,990 --> 00:40:10,540

do you know the one thing the only thing

894

00:40:15,560 --> 00:40:13,000

that I you know wanted to just add to

895

00:40:17,460 --> 00:40:15,570

that just a little bit is the only

896

00:40:18,870 --> 00:40:17,470

detriment that I see or one of the

897

00:40:20,970 --> 00:40:18,880

detriments I see is that it might be

898

00:40:22,740 --> 00:40:20,980

confusing to the first time person that

899

00:40:25,500 --> 00:40:22,750

lands on their website now wait a minute

900

00:40:27,720 --> 00:40:25,510

is this UFOs or entertainment or you

901
00:40:29,010 --> 00:40:27,730
know what is this is it all a mix you

902
00:40:32,120 --> 00:40:29,020
know it just might be able

903
00:40:35,550 --> 00:40:32,130
confusing to someone maybe yeah possibly

904
00:40:37,500 --> 00:40:35,560
you know we only have a little bit of

905
00:40:38,730 --> 00:40:37,510
time left here so I will say and we were

906
00:40:42,300 --> 00:40:38,740
going to talk about a number of things

907
00:40:44,880 --> 00:40:42,310
but let's just address this and if

908
00:40:47,610 --> 00:40:44,890
someone calls in so the number will be

909
00:40:48,840 --> 00:40:47,620
up on the screen now for anyone that

910
00:40:52,530 --> 00:40:48,850
it's listening live and they want to

911
00:40:55,650 --> 00:40:52,540
call in and one of the things I want to

912
00:40:58,110 --> 00:40:55,660
talk about alejandro was the the oregon

913
00:41:00,120 --> 00:40:58,120

that last October I guess it was October

914

00:41:02,670 --> 00:41:00,130

25th or something like that there was

915

00:41:06,450 --> 00:41:02,680

FAA tapes have you listened to any of

916

00:41:08,400 --> 00:41:06,460

that check they know about emails I've

917

00:41:11,460 --> 00:41:08,410

heard about it and I was supposed to

918

00:41:13,380 --> 00:41:11,470

Purdue Doria and open minds today but I

919

00:41:15,120 --> 00:41:13,390

just have not had time to look into that

920

00:41:18,840 --> 00:41:15,130

yeah I've listened to it a little bit

921

00:41:22,320 --> 00:41:18,850

and it looks great I've heard seen some

922

00:41:24,150 --> 00:41:22,330

conversation it looks like a cool case

923

00:41:26,430 --> 00:41:24,160

yeah it's it's something there that's

924

00:41:28,860 --> 00:41:26,440

really happening and you know incredible

925

00:41:32,220 --> 00:41:28,870

speeds and all that it's it's really I

926

00:41:35,000 --> 00:41:32,230

always like hearing some of that you

927

00:41:38,430 --> 00:41:35,010

know talks like in a anything like that

928

00:41:40,920 --> 00:41:38,440

whether it's a fighter pilot or anyone

929

00:41:43,110 --> 00:41:40,930

and you know someone from a flight tower

930

00:41:45,690 --> 00:41:43,120

you know talking about our own radar

931

00:41:48,180 --> 00:41:45,700

that stuff is really fascinating to me

932

00:41:50,460 --> 00:41:48,190

so yeah the call in if anyone else wants

933

00:41:51,780 --> 00:41:50,470

to call in and ask Alejandro a question

934

00:41:54,660 --> 00:41:51,790

he's going to be on for just a little

935

00:41:59,640 --> 00:41:54,670

bit longer that number I'll say it if

936

00:42:03,000 --> 00:41:59,650

you're listening and it's 6:03 967 403

937

00:42:06,540 --> 00:42:03,010

oh that's only for when the show is live

938

00:42:10,200 --> 00:42:06,550

I get calls when dark matter is running

939

00:42:12,270 --> 00:42:10,210

the show sometimes so what about there

940

00:42:14,580 --> 00:42:12,280

was also a story about Robbie Williams

941

00:42:16,260 --> 00:42:14,590

did you did you look into that one at

942

00:42:22,470 --> 00:42:16,270

all no I thought we were going to talk

943

00:42:25,020 --> 00:42:22,480

about the Congress no I know we were I

944

00:42:27,690 --> 00:42:25,030

just said I threw you those two things

945

00:42:31,680 --> 00:42:27,700

too if you wanted to talk yeah okay

946

00:42:33,030 --> 00:42:31,690

I have no info that's okay do you want

947

00:42:35,670 --> 00:42:33,040

to talk about what's gonna go on next

948

00:42:38,779 --> 00:42:35,680

year okay guess what we have a call and

949

00:42:45,089 --> 00:42:42,059

all right caller can you hear us you're

950

00:42:47,000 --> 00:42:45,099

on the line please give your name and

951

00:42:49,589 --> 00:42:47,010

where you're calling from

952

00:42:52,319 --> 00:42:49,599

hey Martin this is Ryan from South

953

00:42:54,630 --> 00:42:52,329

Carolina oh hey Ryan how are ya are you

954

00:42:57,450 --> 00:42:54,640

doing good go pretty good you got a

955

00:42:59,279 --> 00:42:57,460

question for oh you're back in oh you're

956

00:43:01,819 --> 00:42:59,289

back in the cold weather again I am it's

957

00:43:05,039 --> 00:43:01,829

actually very nice here it's been in the

958

00:43:09,779 --> 00:43:05,049

50s and 60s snow is almost starting to

959

00:43:11,880 --> 00:43:09,789

melt I have a question for either of you

960

00:43:13,529 --> 00:43:11,890

know this maybe getting off topic I

961

00:43:15,450 --> 00:43:13,539

don't know if it is you know we can move

962

00:43:17,579 --> 00:43:15,460

on to something else we were kind of

963

00:43:23,329 --> 00:43:17,589

kicking this around in the in the chat

964

00:43:28,170 --> 00:43:23,339

room Trump he's been president now for

965

00:43:30,599 --> 00:43:28,180

probably over a year and if anyone would

966

00:43:32,339 --> 00:43:30,609

leak this if any president I mean he

967

00:43:34,829 --> 00:43:32,349

seems to me an expert at leaking if

968

00:43:38,460 --> 00:43:34,839

anyone would leak this I would think it

969

00:43:41,880 --> 00:43:38,470

would be him and it's hard to believe he

970

00:43:43,760 --> 00:43:41,890

would not be briefed on this and so you

971

00:43:47,089 --> 00:43:43,770

know it kind of makes me wonder either

972

00:43:52,589 --> 00:43:47,099

one of three things are going on either

973

00:43:55,109 --> 00:43:52,599

number one the government there's really

974

00:43:57,539 --> 00:43:55,119

nothing to this and the government

975

00:43:59,819 --> 00:43:57,549

really doesn't have anything number two

976
00:44:02,569 --> 00:43:59,829
they suspect it but I don't have

977
00:44:05,099 --> 00:44:02,579
anything to brief him on in other words

978
00:44:06,599 --> 00:44:05,109
you know we think we may be getting

979
00:44:09,089 --> 00:44:06,609
visited but we don't know or number

980
00:44:11,700 --> 00:44:09,099
three he's actually keeping his mouth

981
00:44:13,260 --> 00:44:11,710
closed which is just borderline crazy

982
00:44:15,510 --> 00:44:13,270
and I don't want to get your thoughts on

983
00:44:18,779 --> 00:44:15,520
it I mean why why have there been no

984
00:44:21,120 --> 00:44:18,789
leaks from this administration I think

985
00:44:22,819 --> 00:44:21,130
that you know there's a whole bit long

986
00:44:27,450 --> 00:44:22,829
history here so it's a great question

987
00:44:29,430 --> 00:44:27,460
and that's what's fascinating about the

988
00:44:31,589 --> 00:44:29,440

a tip program this advanced aerial

989

00:44:34,049 --> 00:44:31,599

threat identification program that

990

00:44:38,160 --> 00:44:34,059

Louise Elizondo was was part of because

991

00:44:40,920 --> 00:44:38,170

of your scenarios we already know what

992

00:44:44,069 --> 00:44:40,930

we know for a fact now for a recorded

993

00:44:47,130 --> 00:44:44,079

fact mainstream for the first time now

994

00:44:51,240 --> 00:44:47,140

accepts that there is a UFO phenomenon

995

00:44:52,170 --> 00:44:51,250

and prior to the December we didn't have

996

00:44:55,440 --> 00:44:52,180

that so

997

00:44:57,839 --> 00:44:55,450

scenario once kind of shot now now we

998

00:45:00,569 --> 00:44:57,849

know that they know something so your

999

00:45:02,910 --> 00:45:00,579

scenario too we we have a better feeling

1000

00:45:05,130 --> 00:45:02,920

is this situation or at least publicly

1001
00:45:07,200 --> 00:45:05,140
officially that's a situation is that

1002
00:45:10,230 --> 00:45:07,210
they are looking into unknown

1003
00:45:12,420 --> 00:45:10,240
unidentified aircraft and that at least

1004
00:45:14,849 --> 00:45:12,430
some people including Elizondo who ran

1005
00:45:17,160 --> 00:45:14,859
the program believed that we have a real

1006
00:45:19,410 --> 00:45:17,170
phenomena here we we don't know what it

1007
00:45:21,930 --> 00:45:19,420
is he's very clear about that he doesn't

1008
00:45:24,210 --> 00:45:21,940
know if it's outer space he says inner

1009
00:45:25,859 --> 00:45:24,220
space are somewhere in between but

1010
00:45:28,400 --> 00:45:25,869
there's there's advanced technology

1011
00:45:31,200 --> 00:45:28,410
that's not ours so we know at least

1012
00:45:33,510 --> 00:45:31,210
scenario twos the case and I think

1013
00:45:36,510 --> 00:45:33,520

you're you're right if there was a

1014

00:45:37,940 --> 00:45:36,520

scenario 3 where he was briefed he would

1015

00:45:42,630 --> 00:45:37,950

have I think he would have probably

1016

00:45:45,660 --> 00:45:42,640

spoken to it especially because Hillary

1017

00:45:48,089 --> 00:45:45,670

did I mean Hillary brought up UFOs and

1018

00:45:50,460 --> 00:45:48,099

John Podesta brought up of course kind

1019

00:45:52,500 --> 00:45:50,470

of coaxed her into bringing up UFOs and

1020

00:45:56,370 --> 00:45:52,510

she said she would reveal information

1021

00:45:58,799 --> 00:45:56,380

and so it was a topic and so I think

1022

00:46:01,319 --> 00:45:58,809

those of us who watch politics and are

1023

00:46:03,329 --> 00:46:01,329

also in this field and historically you

1024

00:46:05,099 --> 00:46:03,339

know politicians have been made fun of

1025

00:46:07,859 --> 00:46:05,109

once they they mentioned things like

1026

00:46:09,750 --> 00:46:07,869

this but Trump did not jump on it he

1027

00:46:13,170 --> 00:46:09,760

didn't jump on it and start making fun

1028

00:46:15,870 --> 00:46:13,180

of Hillary or Podesta and nor has he

1029

00:46:19,260 --> 00:46:15,880

done that to this day which is really

1030

00:46:20,760 --> 00:46:19,270

interesting it indicates to me he

1031

00:46:23,700 --> 00:46:20,770

doesn't want to disenfranchise people

1032

00:46:26,490 --> 00:46:23,710

who believe in those things but also he

1033

00:46:28,200 --> 00:46:26,500

perhaps doesn't have any information or

1034

00:46:30,240 --> 00:46:28,210

else like you said he would be out there

1035

00:46:32,190 --> 00:46:30,250

about it but it's really interesting

1036

00:46:34,920 --> 00:46:32,200

that he's been so silent

1037

00:46:37,589 --> 00:46:34,930

even though kind of Hillary's camp

1038

00:46:40,799 --> 00:46:37,599

lobbed him this this this softball that

1039

00:46:43,710 --> 00:46:40,809

he could have you know to spiked home to

1040

00:46:45,960 --> 00:46:43,720

make fun of her and he didn't do it so I

1041

00:46:48,150 --> 00:46:45,970

think that you have an interesting

1042

00:46:49,680 --> 00:46:48,160

question and it's an interesting I think

1043

00:46:51,420 --> 00:46:49,690

one of the follow-up questions one of

1044

00:46:53,609 --> 00:46:51,430

the things I want to ask you Liz on to

1045

00:46:56,190 --> 00:46:53,619

is does he know was the White House

1046

00:46:58,500 --> 00:46:56,200

briefed on their work especially the

1047

00:47:01,890 --> 00:46:58,510

papers they had done it's possible they

1048

00:47:03,480 --> 00:47:01,900

weren't it's possible that you know they

1049

00:47:05,910 --> 00:47:03,490

were so embarrassed that they would buy

1050

00:47:07,500 --> 00:47:05,920

this whole topic and that this

1051

00:47:10,079 --> 00:47:07,510

they're doing that they wanted to keep

1052

00:47:11,880 --> 00:47:10,089

it away from the political arena as much

1053

00:47:13,859 --> 00:47:11,890

as possible and and some of the

1054

00:47:16,230 --> 00:47:13,869

politicians read and others kind of have

1055

00:47:18,359 --> 00:47:16,240

suggested that that we felt this was a

1056

00:47:20,430 --> 00:47:18,369

serious thing that we had to look into

1057

00:47:22,319 --> 00:47:20,440

it the public thinks it's goofy so

1058

00:47:24,660 --> 00:47:22,329

that's why we had to keep it very secret

1059

00:47:27,960 --> 00:47:24,670

and so perhaps they did just try to keep

1060

00:47:30,809 --> 00:47:27,970

it just under wraps for as long as

1061

00:47:33,120 --> 00:47:30,819

possible that's another possibility but

1062

00:47:35,760 --> 00:47:33,130

I would love to ask Ellis under what he

1063

00:47:37,980 --> 00:47:35,770

knows now when you asked Nick Pope what

1064

00:47:41,520 --> 00:47:37,990

the Royals knew and if they were ever

1065

00:47:45,120 --> 00:47:41,530

briefed on his project he says I can't

1066

00:47:47,039 --> 00:47:45,130

answer that question so he's and

1067

00:47:48,750 --> 00:47:47,049

Elizondo may have say the same thing

1068

00:47:51,870 --> 00:47:48,760

that unfortunately that information is

1069

00:47:56,280 --> 00:47:51,880

is classified till I can't share it but

1070

00:47:58,200 --> 00:47:56,290

great question but you know I mean at

1071

00:48:00,059 --> 00:47:58,210

this point well I mean at this point

1072

00:48:03,210 --> 00:48:00,069

I've even I've forgotten which wish

1073

00:48:07,260 --> 00:48:03,220

snare is one two or three forgive me on

1074

00:48:08,819 --> 00:48:07,270

that but just to go to the basic over

1075

00:48:11,730 --> 00:48:08,829

the years there's been all these claims

1076

00:48:13,789 --> 00:48:11,740

about crash stuff at Roswell crashed up

1077

00:48:16,260 --> 00:48:13,799

at other locations hit me an

1078

00:48:18,750 --> 00:48:16,270

extraterrestrial and I just have a hard

1079

00:48:21,420 --> 00:48:18,760

time believing that if those things

1080

00:48:26,339 --> 00:48:21,430

actually happened Trump would not have

1081

00:48:28,890 --> 00:48:26,349

been briefed because that is that is

1082

00:48:31,559 --> 00:48:28,900

here a major implicational national

1083

00:48:34,559 --> 00:48:31,569

security so well it makes me what makes

1084

00:48:37,680 --> 00:48:34,569

me think that that kind of leads me into

1085

00:48:40,319 --> 00:48:37,690

thinking that possibly the government

1086

00:48:42,900 --> 00:48:40,329

has always those crashes didn't happen

1087

00:48:45,059 --> 00:48:42,910

but the government suspects were being

1088

00:48:46,799 --> 00:48:45,069

visited and the suspicion has not

1089

00:48:48,990 --> 00:48:46,809

warranted briefing him on anything

1090

00:48:52,049 --> 00:48:49,000

because you know he won't be able to

1091

00:48:54,660 --> 00:48:52,059

keep his yes I think you're exactly

1092

00:48:56,760 --> 00:48:54,670

right I think what you just said is

1093

00:48:58,530 --> 00:48:56,770

probably the case personally I think

1094

00:49:00,539 --> 00:48:58,540

that's the most likely case as

1095

00:49:02,880 --> 00:49:00,549

frustrating as that might be for some

1096

00:49:05,039 --> 00:49:02,890

people however I think it's interesting

1097

00:49:09,059 --> 00:49:05,049

what Bill Clinton said Bill Clinton said

1098

00:49:10,530 --> 00:49:09,069

about UFO research she said you know I

1099

00:49:12,870 --> 00:49:10,540

looked into it I didn't find anything

1100

00:49:15,329 --> 00:49:12,880

but he said I would not be the first

1101
00:49:17,819 --> 00:49:15,339
president that career bureaucrats have

1102
00:49:20,550 --> 00:49:17,829
lied to so it's possible they just

1103
00:49:23,910 --> 00:49:20,560
didn't share the information with me

1104
00:49:25,770 --> 00:49:23,920
I admit he looks specifically at Roswell

1105
00:49:28,020 --> 00:49:25,780
and found nothing I think he got web

1106
00:49:31,170 --> 00:49:28,030
hubbell located yeah he look he we

1107
00:49:37,650 --> 00:49:31,180
looked at Roswell he had Hubble look at

1108
00:49:39,810 --> 00:49:37,660
Roswell and JFK he also had some he said

1109
00:49:42,390 --> 00:49:39,820
he looked into area 51 and actually

1110
00:49:43,860 --> 00:49:42,400
during his presidency there was a big

1111
00:49:47,400 --> 00:49:43,870
to-do with a lawsuit

1112
00:49:49,320 --> 00:49:47,410
at area 51 so he was definitely that he

1113
00:49:53,040 --> 00:49:49,330

had to get involved with area 51 was it

1114

00:49:54,780 --> 00:49:53,050

wasn't something he was aware of so he

1115

00:49:57,210 --> 00:49:54,790

kind of alludes to that he asked hey do

1116

00:49:59,550 --> 00:49:57,220

you guys have any alien to UFOs there or

1117

00:50:01,800 --> 00:49:59,560

something but yeah it's unclear exactly

1118

00:50:05,160 --> 00:50:01,810

everything he did to look into this

1119

00:50:07,560 --> 00:50:05,170

topic of course he did work with a

1120

00:50:09,210 --> 00:50:07,570

Laurance Rockefeller at least was

1121

00:50:12,870 --> 00:50:09,220

friends with Laurance Rockefeller who

1122

00:50:17,310 --> 00:50:12,880

did a briefing on the topic that he

1123

00:50:20,850 --> 00:50:17,320

shared with the Clinton so so a Clinton

1124

00:50:22,260 --> 00:50:20,860

obviously is into the topic but yeah it

1125

00:50:24,420 --> 00:50:22,270

was an interesting statement to say I

1126

00:50:26,280 --> 00:50:24,430

could be being light him I would think

1127

00:50:29,280 --> 00:50:26,290

that when the New York Times article

1128

00:50:31,470 --> 00:50:29,290

came out that he had to they had to have

1129

00:50:33,630 --> 00:50:31,480

some type of preparation for when they

1130

00:50:35,280 --> 00:50:33,640

have those press meetings because of

1131

00:50:36,710 --> 00:50:35,290

that topic could have come up so they

1132

00:50:39,780 --> 00:50:36,720

probably had to have some type of

1133

00:50:43,170 --> 00:50:39,790

briefing for that how much you know I've

1134

00:50:44,790 --> 00:50:43,180

always thought that and I'm still under

1135

00:50:46,740 --> 00:50:44,800

the belief that the government really

1136

00:50:50,370 --> 00:50:46,750

doesn't know what's going on and that's

1137

00:50:52,590 --> 00:50:50,380

why you know whether it's it's the the

1138

00:50:54,600 --> 00:50:52,600

part that's scary about it is if they

1139

00:50:56,460 --> 00:50:54,610

don't know what's going on is almost as

1140

00:50:59,370 --> 00:50:56,470

scary as if they do know what's going on

1141

00:51:02,760 --> 00:50:59,380

you know yeah well and they did ask the

1142

00:51:07,290 --> 00:51:02,770

DoD for quotes probably early on while

1143

00:51:09,240 --> 00:51:07,300

they were working on the article and the

1144

00:51:11,460 --> 00:51:09,250

article came out early December they had

1145

00:51:14,010 --> 00:51:11,470

been working on it probably since late

1146

00:51:17,220 --> 00:51:14,020

October since Louisa Elizondo I came out

1147

00:51:19,260 --> 00:51:17,230

maybe since September so the DoD was

1148

00:51:21,600 --> 00:51:19,270

prepared and the DoD did give them a

1149

00:51:25,530 --> 00:51:21,610

quote to say that yes this program did

1150

00:51:27,990 --> 00:51:25,540

exist we did fund it from 2007 to 2012

1151
00:51:30,090 --> 00:51:28,000
so you're right at that point they knew

1152
00:51:31,830 --> 00:51:30,100
and so and they knew the story was

1153
00:51:33,599 --> 00:51:31,840
coming out and I think that's another

1154
00:51:38,069 --> 00:51:33,609
interesting aspect of

1155
00:51:40,620 --> 00:51:38,079
story is the silence the this that they

1156
00:51:43,470 --> 00:51:40,630
have that one quote that the the project

1157
00:51:47,009 --> 00:51:43,480
existed otherwise they've said nothing

1158
00:51:50,759 --> 00:51:47,019
and they have not disputed any of

1159
00:51:52,710 --> 00:51:50,769
elizondo's claims right alejandro thanks

1160
00:51:54,089 --> 00:51:52,720
so much it's been a real pleasure and i

1161
00:51:56,190 --> 00:51:54,099
really appreciate you spending this time

1162
00:51:57,839 --> 00:51:56,200
with us it's really funny you've you

1163
00:52:02,579 --> 00:51:57,849

1164

00:52:05,029 --> 00:52:02,589

pitch black really yeah alright so

1165

00:52:08,069 --> 00:52:05,039

that's it thanks so much alejandro and

1166

1177

00:52:39,150 --> 00:52:35,980

right take care

1178

00:52:42,210 --> 00:52:39,160

alright our next guest is Mac Maloney

1179

00:52:50,299 --> 00:52:42,220

and he'll be coming right up hang in

1180

00:56:38,229 --> 00:56:30,789

you

1181

00:56:40,719 --> 00:56:38,239

topic in general well yeah we have our

1182

00:56:41,589 --> 00:56:40,729

own show on Magna Lonnie's military

1183

00:56:44,739 --> 00:56:41,599

x-files

1184

00:56:47,259 --> 00:56:44,749

run a bunch of Internet networks or and

1185

00:56:49,449 --> 00:56:47,269

so we're always you know at least once a

1186

00:56:51,669 --> 00:56:49,459

week we get together and talk about

1187

00:56:52,900 --> 00:56:51,679

what's going on with current UFOs it

1188

00:56:54,789 --> 00:56:52,910

just kind of you know stuff that's

1189

00:56:56,469 --> 00:56:54,799

happening paranormal-wise and then we

1190

00:56:59,679 --> 00:56:56,479

always do like a couple of classic kind

1191

00:57:02,529 --> 00:56:59,689

of military UFO encounter reports every

1192

00:57:05,499 --> 00:57:02,539

week so yeah you know we definitely kind

1193

00:57:07,809 --> 00:57:05,509

of stay in touch with it yeah I've been

1194

00:57:09,939 --> 00:57:07,819

on your show twice so far enough uh-huh

1195

00:57:12,009 --> 00:57:09,949

it's a blast I mean I don't know you

1196

00:57:13,359 --> 00:57:12,019

just do a lot of laughing and there's a

1197

00:57:15,160 --> 00:57:13,369

lot of funny thing you're not afraid to

1198

00:57:18,719 --> 00:57:15,170

say anything on your show it's kind of a

1199

00:57:20,199 --> 00:57:18,729

we got kind of a family show here so we

1200

00:57:25,029 --> 00:57:20,209

carry today

1201
00:57:26,339 --> 00:57:25,039
okay missing message received a mine you

1202
00:57:29,380 --> 00:57:26,349
know one of the things that we were

1203
00:57:30,519 --> 00:57:29,390
discussing and thanks for I don't know

1204
00:57:32,829 --> 00:57:30,529
if I mentioned this but thanks for

1205
00:57:35,439 --> 00:57:32,839
coming on in last minute like this maybe

1206
00:57:38,380 --> 00:57:35,449
why not yeah they that wasn't prepared

1207
00:57:41,679 --> 00:57:38,390
for the guests not showing up one of the

1208
00:57:43,509 --> 00:57:41,689
things you want to talk about is things

1209
00:57:46,029 --> 00:57:43,519
that I have never heard of before and

1210
00:57:49,989 --> 00:57:46,039
one of them is a scare ship what it

1211
00:57:52,120 --> 00:57:49,999
would 1909 what is that

1212
00:57:53,620 --> 00:57:52,130
uh-huh well when we were talking about

1213
00:57:54,999 --> 00:57:53,630

here earlier we're talking about you

1214

00:57:57,099 --> 00:57:55,009

know what we you know what can we

1215

00:57:59,919 --> 00:57:57,109

discuss that you know a lot of people

1216

00:58:02,499 --> 00:57:59,929

may not have heard of and these are in

1217

00:58:05,679 --> 00:58:02,509

I've kind of found these researching the

1218

00:58:07,479 --> 00:58:05,689

book UFOs and a lot time and I can't

1219

00:58:09,219 --> 00:58:07,489

find the story and people had written

1220

00:58:12,219 --> 00:58:09,229

about before but for some reason there

1221

00:58:16,329 --> 00:58:12,229

was news to me that back in 1909 over

1222

00:58:18,039 --> 00:58:16,339

England there was a viscid year and a

1223

00:58:20,039 --> 00:58:18,049

half or so of people seeing these things

1224

00:58:22,509 --> 00:58:20,049

that came to be known as scare ships

1225

00:58:25,299 --> 00:58:22,519

what they most closely resembled were

1226

00:58:27,309 --> 00:58:25,309

resemblance which were used in World War

1227

00:58:29,439 --> 00:58:27,319

one but not until five years later and

1228

00:58:31,449 --> 00:58:29,449

at the time the Germans had just you

1229

00:58:34,809 --> 00:58:31,459

know basically invented the Zeppelin and

1230

00:58:36,400 --> 00:58:34,819

they hadn't even flown them off of off

1231

00:58:39,309 --> 00:58:36,410

attempt as yet you know they hadn't been

1232

00:58:40,929 --> 00:58:39,319

flown independently so these these

1233

00:58:42,849 --> 00:58:40,939

things that people saw over England

1234

00:58:44,590 --> 00:58:42,859

we're not Zeppelin's and in fact um

1235

00:58:45,880 --> 00:58:44,600

Glenn Zeppelin himself said they weren't

1236

00:58:48,370 --> 00:58:45,890

zeppelins but anyway what there were

1237

00:58:50,350 --> 00:58:48,380

there were these huge airships they

1238

00:58:53,530 --> 00:58:50,360

would could fly very fast I go Zeppelin

1239

00:58:55,830 --> 00:58:53,540

could fly at top speed maybe 15 miles an

1240

00:58:57,700 --> 00:58:55,840

hour these things were clocked at going

1241

00:58:59,950 --> 00:58:57,710

250 miles an hour

1242

00:59:02,560 --> 00:58:59,960

they're seen all over England there were

1243

00:59:04,480 --> 00:59:02,570

more than one of them a lot of times

1244

00:59:05,950 --> 00:59:04,490

people would see them there would be

1245

00:59:08,830 --> 00:59:05,960

when people would see them they'd be

1246

00:59:10,690 --> 00:59:08,840

they'd also see men and black on the

1247

00:59:12,550 --> 00:59:10,700

ground so it was really the first really

1248

00:59:15,250 --> 00:59:12,560

we could an incident of people seeing

1249

00:59:18,370 --> 00:59:15,260

men in black and no one know what they

1250

00:59:22,000 --> 00:59:18,380

were and they they you know as I say

1251

00:59:25,030 --> 00:59:22,010

stayed for one summer and in 1909 they

1252

00:59:27,700 --> 00:59:25,040

kind of slowly faded away during that

1253

00:59:29,620 --> 00:59:27,710

when two people did see some in 1910 and

1254

00:59:31,240 --> 00:59:29,630

then they went away completely and I

1255

00:59:33,400 --> 00:59:31,250

never figured out what they were where

1256

00:59:36,220 --> 00:59:33,410

they came from other than the fact that

1257

00:59:38,020 --> 00:59:36,230

they flew way faster than any kind of

1258

00:59:40,120 --> 00:59:38,030

zebedee even today blimps can only know

1259

00:59:42,280 --> 00:59:40,130

both you know 50 miles an hour maybe 60

1260

00:59:45,160 --> 00:59:42,290

these things were clocked literally

1261

00:59:47,830 --> 00:59:45,170

clocked from London to outlying villages

1262

00:59:49,210 --> 00:59:47,840

outlying towns that going at an excess

1263

00:59:52,360 --> 00:59:49,220

of 250 miles an hour

1264

00:59:54,430 --> 00:59:52,370

now what would what have have the

1265

00:59:57,360 --> 00:59:54,440

skeptics approach that and come up with

1266

01:00:01,990 --> 00:59:57,370

any ideas on what they thought they were

1267

01:00:04,240 --> 01:00:02,000

as far as you know well no you know

1268

01:00:07,210 --> 01:00:04,250

they're the rumors at the time were that

1269

01:00:09,430 --> 01:00:07,220

you know if you go back in history to

1270

01:00:11,230 --> 01:00:09,440

that time everyone just assumed that

1271

01:00:14,640 --> 01:00:11,240

there was gonna be a war between Germany

1272

01:00:17,680 --> 01:00:14,650

and you know the and the British

1273

01:00:20,320 --> 01:00:17,690

sometime and so some people would say

1274

01:00:22,150 --> 01:00:20,330

well you know this was really just kind

1275

01:00:24,910 --> 01:00:22,160

of some nefarious plot by British

1276

01:00:28,030 --> 01:00:24,920

intelligence to get people used to

1277

01:00:29,500 --> 01:00:28,040

seeing enemy you know aircraft flying

1278

01:00:32,020 --> 01:00:29,510

overhead because that hadn't happened

1279

01:00:34,090 --> 01:00:32,030

before in one time you know as a way to

1280

01:00:36,190 --> 01:00:34,100

get the population ready for a wall

1281

01:00:38,380 --> 01:00:36,200

which you know you still would have had

1282

01:00:39,460 --> 01:00:38,390

to build the things and and and if you

1283

01:00:40,810 --> 01:00:39,470

were able to build them such

1284

01:00:42,070 --> 01:00:40,820

intelligence were able to build them

1285

01:00:44,250 --> 01:00:42,080

then they would have been way ahead of

1286

01:00:46,870 --> 01:00:44,260

the Germans as far as you know a ship

1287

01:00:48,870 --> 01:00:46,880

you know a construction and using

1288

01:00:51,190 --> 01:00:48,880

airships as weapons was concerned so I

1289

01:00:52,660 --> 01:00:51,200

never really saw anything that you know

1290

01:00:54,730 --> 01:00:52,670

made any sense there were there were

1291

01:00:57,339 --> 01:00:54,740

issues sightings in the United States in

1292

01:01:00,479 --> 01:00:57,349

the late 1800s and there

1293

01:01:03,479 --> 01:01:00,489

ship sightings seen throughout Europe in

1294

01:01:06,099 --> 01:01:03,489

right before World War one started but

1295

01:01:07,989 --> 01:01:06,109

nothing like the intensity and the

1296

01:01:11,979 --> 01:01:07,999

frequency that people saw them over and

1297

01:01:14,349 --> 01:01:11,989

over England in the summer about 1909 it

1298

01:01:17,140 --> 01:01:14,359

seems to me that I read something about

1299

01:01:20,019 --> 01:01:17,150

this possibly didn't some of them have

1300

01:01:21,549 --> 01:01:20,029

lights too or is that and I yeah there

1301

01:01:24,549 --> 01:01:21,559

were lights no that's right they were

1302

01:01:26,620 --> 01:01:24,559

robbed they had searchlights that they

1303

01:01:28,870 --> 01:01:26,630

would shine down at the ground very

1304

01:01:30,819 --> 01:01:28,880

intense which I didn't have at the time

1305

01:01:33,569 --> 01:01:30,829

we didn't have mell like that nothing

1306

01:01:37,029 --> 01:01:33,579

like that nothing right to carry

1307

01:01:39,249 --> 01:01:37,039

something it one way back then you know

1308

01:01:42,430 --> 01:01:39,259

I mean it was everything had to do with

1309

01:01:44,979 --> 01:01:42,440

weight and the lighter you can make it

1310

01:01:46,870 --> 01:01:44,989

the better you were going to be able to

1311

01:01:49,170 --> 01:01:46,880

fly so but to have these huge

1312

01:01:51,160 --> 01:01:49,180

searchlights and you would have meant

1313

01:01:53,259 --> 01:01:51,170

generators you would need you know

1314

01:01:54,640 --> 01:01:53,269

mountain weight places to mount the

1315

01:01:56,319 --> 01:01:54,650

lights on the bottom of these things but

1316

01:01:58,719 --> 01:01:56,329

whenever people saw them they had these

1317

01:02:00,219 --> 01:01:58,729

really bright lights on and then some

1318

01:02:02,469 --> 01:02:00,229

people said well maybe they had spy

1319

01:02:04,599 --> 01:02:02,479

blimps from Germany and people would

1320

01:02:06,009 --> 01:02:04,609

point out well why would you have a spy

1321

01:02:08,049 --> 01:02:06,019

blimp with two you know huge

1322

01:02:09,729 --> 01:02:08,059

searchlights you know shining down at

1323

01:02:10,959 --> 01:02:09,739

the ground if you're trying to be you

1324

01:02:13,180 --> 01:02:10,969

know undercover or whatever I'm not

1325

01:02:16,690 --> 01:02:13,190

seeing but these things are so huge that

1326

01:02:18,249 --> 01:02:16,700

they were it was almost impossible not

1327

01:02:19,569 --> 01:02:18,259

to see them if there would happen to be

1328

01:02:21,670 --> 01:02:19,579

flying over and they always flew at

1329

01:02:25,660 --> 01:02:21,680

night too as well do you know about

1330

01:02:27,999 --> 01:02:25,670

sound any type of sound that pistol yep

1331

01:02:29,650 --> 01:02:28,009

just a whirring sound a sound and no

1332

01:02:31,599 --> 01:02:29,660

sound of any kind of engines or anything

1333

01:02:36,160 --> 01:02:31,609

but just that sound of something you

1334

01:02:38,380 --> 01:02:36,170

know moving through the air and so I

1335

01:02:41,920 --> 01:02:38,390

think it's funny like there's these

1336

01:02:44,829 --> 01:02:41,930

flaps and if there's and then I want to

1337

01:02:46,749 --> 01:02:44,839

talk about some more later on as as

1338

01:02:49,059 --> 01:02:46,759

we're talking here but there's these

1339

01:02:51,160 --> 01:02:49,069

flaps and it'll show up something

1340

01:02:53,620 --> 01:02:51,170

totally bizarre like that shows up and

1341

01:02:56,349 --> 01:02:53,630

then it's gone and mom never to be heard

1342

01:02:58,479 --> 01:02:56,359

from again right it's it's very strange

1343

01:03:01,569 --> 01:02:58,489

I mean you know as you say the these

1344

01:03:04,269 --> 01:03:01,579

things have happened before and they've

1345

01:03:05,440 --> 01:03:04,279

happened you know after 1909 people

1346

01:03:07,420 --> 01:03:05,450

started seeing you know different things

1347

01:03:09,370 --> 01:03:07,430

the Foo Fighters during World War Two

1348

01:03:10,750 --> 01:03:09,380

and so on and you're right they just

1349

01:03:14,050 --> 01:03:10,760

seem to

1350

01:03:16,540 --> 01:03:14,060

you know they they appear there's an

1351

01:03:19,180 --> 01:03:16,550

intensity to them frequency to them and

1352

01:03:21,700 --> 01:03:19,190

then they kind of fade away and you know

1353

01:03:23,380 --> 01:03:21,710

you you can't explain them you know but

1354

01:03:25,930 --> 01:03:23,390

they they do all seem to kind of have

1355

01:03:28,000 --> 01:03:25,940

that that pattern yeah let's talk about

1356

01:03:29,710 --> 01:03:28,010

Foo Fighters because that's I don't know

1357

01:03:32,950 --> 01:03:29,720

if you and I have ever really discussed

1358

01:03:35,590 --> 01:03:32,960

that too much but were they as far as

1359

01:03:38,380 --> 01:03:35,600

you know words that only orbs is what

1360

01:03:41,350 --> 01:03:38,390

they saw or was no do people see

1361

01:03:42,970 --> 01:03:41,360

structured structured things you know

1362

01:03:45,460 --> 01:03:42,980

orbs were the ones that were the most

1363

01:03:48,280 --> 01:03:45,470

reported but you know there was again I

1364

01:03:50,770 --> 01:03:48,290

wrote a lot about this and UFOs in a

1365

01:03:52,270 --> 01:03:50,780

long time where people reported your

1366

01:03:54,190 --> 01:03:52,280

regular flying saucers you know

1367

01:03:58,710 --> 01:03:54,200

literally the sizes a lot of the

1368

01:04:03,000 --> 01:03:58,720

cigar-shaped objects triangle objects

1369

01:04:05,740 --> 01:04:03,010

you know round balls of light but also

1370

01:04:07,860 --> 01:04:05,750

you know things that were circular but

1371

01:04:10,330 --> 01:04:07,870

looked like they were made of something

1372

01:04:12,280 --> 01:04:10,340

you know there was a whole variety of

1373

01:04:15,280 --> 01:04:12,290

them and and you know one misconception

1374

01:04:17,560 --> 01:04:15,290

well back then the way that the British

1375

01:04:19,510 --> 01:04:17,570

and the Americans looked at it is that

1376

01:04:21,100 --> 01:04:19,520

yeah these things are strange but you

1377

01:04:23,680 --> 01:04:21,110

know we have to fight this war so we

1378

01:04:24,850 --> 01:04:23,690

can't you know really spend any time and

1379

01:04:27,970 --> 01:04:24,860

resources trying to figure out what

1380

01:04:29,110 --> 01:04:27,980

these things were I mean a lot of people

1381

01:04:32,200 --> 01:04:29,120

the British would convinced that they

1382

01:04:35,770 --> 01:04:32,210

would German secret weapons but there is

1383

01:04:40,630 --> 01:04:35,780

no evidence that they ever had any kind

1384

01:04:43,240 --> 01:04:40,640

of bad intent no no evidence no reports

1385

01:04:45,460 --> 01:04:43,250

of them shooting at our planes or our

1386

01:04:47,140 --> 01:04:45,470

troops or anything like that so the Foo

1387

01:04:49,810 --> 01:04:47,150

Fighters were they were just there you

1388

01:04:51,010 --> 01:04:49,820

know after researching a lot I came to

1389

01:04:53,740 --> 01:04:51,020

believe they were just they're observing

1390

01:04:55,360 --> 01:04:53,750

they're observing law you know maybe

1391

01:04:57,100 --> 01:04:55,370

they would time tourists maybe they were

1392

01:05:00,340 --> 01:04:57,110

tourists you know people who came back

1393

01:05:03,580 --> 01:05:00,350

in time to see history being made and

1394

01:05:05,410 --> 01:05:03,590

then when the war was over

1395

01:05:08,140 --> 01:05:05,420

you know when they the Americans were

1396

01:05:10,240 --> 01:05:08,150

able to kind of debrief the German

1397

01:05:10,990 --> 01:05:10,250

rocket scientists German military

1398

01:05:13,330 --> 01:05:11,000

Luftwaffe

1399

01:05:15,250 --> 01:05:13,340

they all said you know we thought they

1400

01:05:17,470 --> 01:05:15,260

were your secret weapons so each side

1401
01:05:18,850 --> 01:05:17,480
thought they were this secret weapon and

1402
01:05:20,770 --> 01:05:18,860
then and they happen in the Pacific as

1403
01:05:22,630 --> 01:05:20,780
well they saw what the Foo Fighters in

1404
01:05:24,130 --> 01:05:22,640
the Pacific that and the difference was

1405
01:05:26,920 --> 01:05:24,140
was

1406
01:05:29,590 --> 01:05:26,930
the USA air force in England did finally

1407
01:05:31,630 --> 01:05:29,600
release you know it's files on issues

1408
01:05:34,200 --> 01:05:31,640
that were on Foo Fighters but the US

1409
01:05:36,400 --> 01:05:34,210
Navy has never released its files on

1410
01:05:39,220 --> 01:05:36,410
unidentified flying objects during the

1411
01:05:41,710 --> 01:05:39,230
Pacific War so you know who knows what

1412
01:05:44,620 --> 01:05:41,720
that contains now so it wasn't too much

1413
01:05:47,170 --> 01:05:44,630

longer just say five years later or so

1414

01:05:50,920 --> 01:05:47,180

five or seven years later the Korean War

1415

01:05:52,990 --> 01:05:50,930

started do you happen to know did anyone

1416

01:05:56,140 --> 01:05:53,000

say anything about Foo Fighters again or

1417

01:05:58,270 --> 01:05:56,150

was it just in world war two nope you

1418

01:06:00,910 --> 01:05:58,280

know this it's it's funny because of all

1419

01:06:03,190 --> 01:06:00,920

these laws that I you know had written

1420

01:06:05,050 --> 01:06:03,200

about and your flows in one time the

1421

01:06:07,720 --> 01:06:05,060

Korean War is really the most pivotal

1422

01:06:08,830 --> 01:06:07,730

one because for several reasons first of

1423

01:06:11,350 --> 01:06:08,840

all as you say there's only five years

1424

01:06:14,500 --> 01:06:11,360

after World War two but there had been a

1425

01:06:16,390 --> 01:06:14,510

transition in the US military and the

1426

01:06:18,370 --> 01:06:16,400

Air Force and the Navy and that you know

1427

01:06:20,620 --> 01:06:18,380

now we were flight flying almost purely

1428

01:06:21,880 --> 01:06:20,630

jet fighters we were in World War two we

1429

01:06:24,490 --> 01:06:21,890

weren't fully we didn't fly any jet

1430

01:06:27,760 --> 01:06:24,500

fighters as well operationally number

1431

01:06:31,270 --> 01:06:27,770

two of these these fighters had red eyes

1432

01:06:34,060 --> 01:06:31,280

in the plane so what would happen over

1433

01:06:36,210 --> 01:06:34,070

Korea that they would see a UFO you

1434

01:06:39,130 --> 01:06:36,220

would frequently see it on the ground

1435

01:06:41,710 --> 01:06:39,140

from a ground-based radar but also it'd

1436

01:06:44,340 --> 01:06:41,720

be picked up by the the radar on the

1437

01:06:47,500 --> 01:06:44,350

plane itself so you had almost like two

1438

01:06:49,510 --> 01:06:47,510

parallel routes of of proof that

1439

01:06:53,050 --> 01:06:49,520

something was up there and they serve a

1440

01:06:57,220 --> 01:06:53,060

lot of really exotic and very some very

1441

01:06:59,350 --> 01:06:57,230

large UFOs they had UFOs would endlessly

1442

01:07:01,600 --> 01:06:59,360

circle over aircraft carriers and as

1443

01:07:03,700 --> 01:07:01,610

soon as they would they would send two

1444

01:07:06,820 --> 01:07:03,710

planes to intercept them they disappear

1445

01:07:10,360 --> 01:07:06,830

and and then also you know real quick

1446

01:07:11,950 --> 01:07:10,370

right before the Korean War started the

1447

01:07:14,320 --> 01:07:11,960

Air Force had come out with this kind of

1448

01:07:16,300 --> 01:07:14,330

bogus report on what they thought UFOs

1449

01:07:18,180 --> 01:07:16,310

were and the famous quote was that

1450

01:07:20,440 --> 01:07:18,190

anyone who sees UFO is either

1451

01:07:22,180 --> 01:07:20,450

hallucinating it or you know they have

1452

01:07:24,250 --> 01:07:22,190

mental problems are their religious

1453

01:07:26,260 --> 01:07:24,260

fanatics and then you know here we have

1454

01:07:28,300 --> 01:07:26,270

suddenly thrust into the Korean War and

1455

01:07:30,640 --> 01:07:28,310

our pilots are seeing them and picking

1456

01:07:33,040 --> 01:07:30,650

them up on radar and the military is in

1457

01:07:35,770 --> 01:07:33,050

this position of having to deny that

1458

01:07:37,300 --> 01:07:35,780

their pilots you know really just nuts

1459

01:07:39,610 --> 01:07:37,310

hallucinating things

1460

01:07:42,460 --> 01:07:39,620

have mental problems so that really kind

1461

01:07:44,590 --> 01:07:42,470

of was the push that started a project

1462

01:07:46,300 --> 01:07:44,600

Bluebook in the early 50s to you know

1463

01:07:47,650 --> 01:07:46,310

they I think is well lip-service than

1464

01:07:48,160 --> 01:07:47,660

anything but they knew they had to do

1465

01:07:50,440 --> 01:07:48,170

something

1466

01:07:52,570 --> 01:07:50,450

after the commune why because so many

1467

01:07:54,760 --> 01:07:52,580

pilots saw them and they picked up so

1468

01:07:58,180 --> 01:07:54,770

many times on right now right and you

1469

01:08:01,390 --> 01:07:58,190

know you think of you think of modern

1470

01:08:03,820 --> 01:08:01,400

ufology as they say started in 1947 you

1471

01:08:08,050 --> 01:08:03,830

know with the Edwards sighting and then

1472

01:08:13,600 --> 01:08:08,060

Roswell etc and then but we have these

1473

01:08:17,260 --> 01:08:13,610

things around them you know pre 1947 you

1474

01:08:19,480 --> 01:08:17,270

have the Foo Fighters and you also have

1475

01:08:24,480 --> 01:08:19,490

another topic I'd really like to talk

1476

01:08:31,720 --> 01:08:24,490

about and the the ghost ships of Sweden

1477

01:08:33,910 --> 01:08:31,730

1946 no it was the ghost fliers of 1933

1478

01:08:37,539 --> 01:08:33,920

oh we're talk I I was confusing with the

1479

01:08:39,220 --> 01:08:37,549

ghost ships of 1946 and Sweden your time

1480

01:08:41,650 --> 01:08:39,230

but you want to talk about the ghost

1481

01:08:43,120 --> 01:08:41,660

fliers I'm slow it it's funny because

1482

01:08:44,770 --> 01:08:43,130

they almost there's almost like a

1483

01:08:47,110 --> 01:08:44,780

connection between them base basically

1484

01:08:49,210 --> 01:08:47,120

what the ghost fly is in 1933 over this

1485

01:08:50,890 --> 01:08:49,220

there's very isolated part of Sweden up

1486

01:08:53,050 --> 01:08:50,900

in northern Sweden near the Arctic

1487

01:08:55,450 --> 01:08:53,060

Circle people started seeing these weird

1488

01:08:57,220 --> 01:08:55,460

aircraft and they were like very Lodge

1489

01:09:00,039 --> 01:08:57,230

they had like some of them had eight

1490

01:09:01,480 --> 01:09:00,049

engines on them yet they had pontoons on

1491

01:09:03,220 --> 01:09:01,490

them you know that would indicate that

1492

01:09:04,630 --> 01:09:03,230

they were you know could land on the

1493

01:09:06,460 --> 01:09:04,640

water even though they're flying over

1494

01:09:08,770 --> 01:09:06,470

basically the Attic spherical there was

1495

01:09:10,690 --> 01:09:08,780

no water up there people would see them

1496

01:09:12,670 --> 01:09:10,700

doing strange things like they would

1497

01:09:14,440 --> 01:09:12,680

circle mountains for hours they would

1498

01:09:16,930 --> 01:09:14,450

circle radio I mean them

1499

01:09:18,820 --> 01:09:16,940

railroad stations for hours in all kinds

1500

01:09:20,440 --> 01:09:18,830

of weather I mean people would see these

1501
01:09:22,329 --> 01:09:20,450
things flying and blizzards in command

1502
01:09:25,570 --> 01:09:22,339
when a blizzard is like you know in

1503
01:09:27,789 --> 01:09:25,580
northern Sweden and and they would hear

1504
01:09:31,960 --> 01:09:27,799
them all the time they're very loud just

1505
01:09:33,910 --> 01:09:31,970
very unusual-looking airplanes that once

1506
01:09:35,800 --> 01:09:33,920
again no one ever figured out where they

1507
01:09:38,650 --> 01:09:35,810
came from they people started seeing at

1508
01:09:41,800 --> 01:09:38,660
the very tail end of 33 and then until

1509
01:09:43,599 --> 01:09:41,810
the summer of 34 and people saw some of

1510
01:09:46,030 --> 01:09:43,609
them flying in formations for instance

1511
01:09:47,349 --> 01:09:46,040
and you know no one that once again no

1512
01:09:49,960 --> 01:09:47,359
one ever figured of what they were and

1513
01:09:50,650 --> 01:09:49,970

in when you can't look at it where you

1514

01:09:53,890 --> 01:09:50,660

had this in

1515

01:09:55,810 --> 01:09:53,900

miss airplane for some reason with you

1516

01:09:59,860 --> 01:09:55,820

know equipped with pontoons flying over

1517

01:10:02,500 --> 01:09:59,870

the tundra up there you know with in in

1518

01:10:04,180 --> 01:10:02,510

more than one you know at one point I

1519

01:10:05,980 --> 01:10:04,190

know one night they thought they you

1520

01:10:10,000 --> 01:10:05,990

know people saw at least a twelve of

1521

01:10:12,100 --> 01:10:10,010

them flying over Sweden and but we would

1522

01:10:14,950 --> 01:10:12,110

you we would you have the logistics to

1523

01:10:17,110 --> 01:10:14,960

launch airplanes like this in 1933 they

1524

01:10:18,940 --> 01:10:17,120

they were barely had metal airplanes

1525

01:10:21,100 --> 01:10:18,950

back then not these enormous eight

1526

01:10:22,360 --> 01:10:21,110

engine planes and and you know they

1527

01:10:25,000 --> 01:10:22,370

couldn't land on an aircraft carrier

1528

01:10:26,170 --> 01:10:25,010

they weren't coming from Germany they

1529

01:10:27,670 --> 01:10:26,180

weren't coming from Russia

1530

01:10:29,470 --> 01:10:27,680

no one ever figured of where they were

1531

01:10:31,450 --> 01:10:29,480

coming from and and once again as we

1532

01:10:34,030 --> 01:10:31,460

were saying all of a sudden yeah there's

1533

01:10:36,880 --> 01:10:34,040

intensity frequency and then as the

1534

01:10:39,700 --> 01:10:36,890

summer came they kind of died away they

1535

01:10:41,080 --> 01:10:39,710

could just kind of fade it away and you

1536

01:10:42,490 --> 01:10:41,090

know no one ever came forward and said

1537

01:10:44,140 --> 01:10:42,500

oh you know I worked on the secret

1538

01:10:45,910 --> 01:10:44,150

project years ago you know where to find

1539

01:10:48,250 --> 01:10:45,920

these big planes over Sweden no one ever

1540

01:10:50,920 --> 01:10:48,260

came forward to have any kind of

1541

01:10:53,310 --> 01:10:50,930

information yet lots of people saw them

1542

01:10:56,290 --> 01:10:53,320

the Swedish Air Force used to chase them

1543

01:10:58,750 --> 01:10:56,300

just very strange so ghost flies very

1544

01:11:00,850 --> 01:10:58,760

very odd and then it's just another

1545

01:11:03,940 --> 01:11:00,860

thing that nobody ever had an answer for

1546

01:11:06,730 --> 01:11:03,950

right and then in 1946 as you were

1547

01:11:08,860 --> 01:11:06,740

saying before young people call them the

1548

01:11:11,350 --> 01:11:08,870

ghost rockets over the same part of

1549

01:11:15,510 --> 01:11:11,360

Sweden though more people saw them what

1550

01:11:19,510 --> 01:11:15,520

they saw was these um well rockets that

1551

01:11:23,050 --> 01:11:19,520

would fly over populated areas in up

1552

01:11:26,200 --> 01:11:23,060

into this kind of you know wasteland in

1553

01:11:28,480 --> 01:11:26,210

northern Sweden thousands of people saw

1554

01:11:30,490 --> 01:11:28,490

them now we have radar they picked up on

1555

01:11:32,820 --> 01:11:30,500

radar in fact the u.s. I mean the

1556

01:11:35,530 --> 01:11:32,830

British actually gave ran out of Sweden

1557

01:11:37,570 --> 01:11:35,540

against their international treaties

1558

01:11:39,880 --> 01:11:37,580

because Sweden is a you know at the time

1559

01:11:41,500 --> 01:11:39,890

was a neutral country but they were so

1560

01:11:42,730 --> 01:11:41,510

freaked out about seeing these rockets

1561

01:11:45,880 --> 01:11:42,740

go overhead they had the British

1562

01:11:48,940 --> 01:11:45,890

actually gave them radar to pick them up

1563

01:11:53,620 --> 01:11:48,950

which they did the US Air Force sent

1564

01:11:55,660 --> 01:11:53,630
over Jimmy Doolittle who led the thirty

1565

01:11:57,850 --> 01:11:55,670
seconds over Tokyo ray and another

1566

01:12:00,430 --> 01:11:57,860
gentleman named Sarnoff who went on to

1567

01:12:02,200 --> 01:12:00,440
start NBC the NBC network he was in the

1568

01:12:04,419 --> 01:12:02,210
military at the time they went over and

1569

01:12:06,459 --> 01:12:04,429
they saw evidence of these things

1570

01:12:08,469 --> 01:12:06,469
they had no idea what they were they

1571

01:12:12,100 --> 01:12:08,479
thought maybe the Russians were we're

1572

01:12:15,189 --> 01:12:12,110
firing off old v1 buzz bomb rockets but

1573

01:12:16,959 --> 01:12:15,199
you know because pin of Monday where the

1574

01:12:19,750 --> 01:12:16,969
Germans built those things was kind of

1575

01:12:20,890 --> 01:12:19,760
close by but that had been stripped and

1576

01:12:22,660 --> 01:12:20,900

brought back to Russia

1577

01:12:25,870 --> 01:12:22,670

there was nothing at peenemünde anymore

1578

01:12:28,899 --> 01:12:25,880

so in the several 46 at one point

1579

01:12:30,279 --> 01:12:28,909

swedish if was by get right up close to

1580

01:12:33,370 --> 01:12:30,289

one of these things and he threw long

1581

01:12:35,830 --> 01:12:33,380

with it and he did a sketch and and and

1582

01:12:37,600 --> 01:12:35,840

you know had a verbal description of it

1583

01:12:40,449 --> 01:12:37,610

and it and when you read that

1584

01:12:43,479 --> 01:12:40,459

description it it matches almost exactly

1585

01:12:46,419 --> 01:12:43,489

actually pretty exactly to a Tomahawk

1586

01:12:48,129 --> 01:12:46,429

cruise missile you know of our era you

1587

01:12:50,739 --> 01:12:48,139

know but Tomahawk cruise missiles didn't

1588

01:12:53,290 --> 01:12:50,749

come in - they weren't flying those

1589

01:12:55,390 --> 01:12:53,300

things until like the late 80s so what

1590

01:12:58,449 --> 01:12:55,400

was a Tomahawk cruise missile doing over

1591

01:12:59,919 --> 01:12:58,459

Sweden in 1946 once again you know no

1592

01:13:01,419 --> 01:12:59,929

one's ever figured out no one ever came

1593

01:13:03,040 --> 01:13:01,429

forward and said I worked on the secret

1594

01:13:04,390 --> 01:13:03,050

project or whatever the Swedish

1595

01:13:06,100 --> 01:13:04,400

government was was the first government

1596

01:13:07,239 --> 01:13:06,110

ever and they released a report and they

1597

01:13:08,949 --> 01:13:07,249

said they believed that they weren't

1598

01:13:10,419 --> 01:13:08,959

from Earth and the other strange thing

1599

01:13:13,270 --> 01:13:10,429

about him was lots of people saw them

1600

01:13:15,429 --> 01:13:13,280

crash into lakes that's and yeah and

1601

01:13:17,949 --> 01:13:15,439

then Pierre did this the Swedish Navy

1602

01:13:19,149 --> 01:13:17,959

would go to them into these lakes to

1603

01:13:22,419 --> 01:13:19,159

look from and they wouldn't find

1604

01:13:25,779 --> 01:13:22,429

anything never find him that's our thing

1605

01:13:30,759 --> 01:13:25,789

and one actually I remember speaking to

1606

01:13:33,969 --> 01:13:30,769

class Swann in Sweden and I think it was

1607

01:13:36,370 --> 01:13:33,979

in either the 70s or 80s a couple

1608

01:13:39,310 --> 01:13:36,380

witnessed one do exactly the same thing

1609

01:13:40,899 --> 01:13:39,320

I mean it's French it's it's too bad and

1610

01:13:43,089 --> 01:13:40,909

went right into a lake they all went

1611

01:13:45,520 --> 01:13:43,099

into lakes or ruddy when they saw land

1612

01:13:48,279 --> 01:13:45,530

went into a lake right exactly yeah

1613

01:13:51,489 --> 01:13:48,289

which makes it totally bizarre and the

1614

01:13:53,350 --> 01:13:51,499

one that they searched was not a very

1615

01:13:55,270 --> 01:13:53,360

deep lake it was like 12 feet deep and

1616

01:13:56,919 --> 01:13:55,280

they still didn't find anything right

1617

01:13:59,020 --> 01:13:56,929

and the other thing too is because

1618

01:14:01,359 --> 01:13:59,030

you're so far north up there I I guess

1619

01:14:03,429 --> 01:14:01,369

that there is a lot of vegetation on the

1620

01:14:05,859 --> 01:14:03,439

bottom of the lakes so it's almost clear

1621

01:14:07,899 --> 01:14:05,869

sand so it isn't like you know they

1622

01:14:09,609 --> 01:14:07,909

they've lost them in the seaweed of the

1623

01:14:11,319 --> 01:14:09,619

lake weed or however you want to call it

1624

01:14:14,439 --> 01:14:11,329

they would go down there and there would

1625

01:14:15,790 --> 01:14:14,449

be nothing there and this is after you

1626
01:14:17,380 --> 01:14:15,800
know dozens if not hundreds of witnesses

1627
01:14:20,410 --> 01:14:17,390
saw something you know

1628
01:14:21,760 --> 01:14:20,420
crash into the lake so you know once

1629
01:14:23,380 --> 01:14:21,770
again you have that you have the fact

1630
01:14:26,410 --> 01:14:23,390
that the description you know sounds

1631
01:14:28,390 --> 01:14:26,420
like a Tomahawk missile yeah your mind

1632
01:14:30,280 --> 01:14:28,400
just goes to places like well you know

1633
01:14:31,600 --> 01:14:30,290
maybe things there are things that

1634
01:14:33,640 --> 01:14:31,610
happen in this world that are just a

1635
01:14:35,530 --> 01:14:33,650
little bit out of time out of sync for

1636
01:14:37,630 --> 01:14:35,540
some reason yeah kind of like what

1637
01:14:40,360 --> 01:14:37,640
you've been talking about that almost

1638
01:14:44,260 --> 01:14:40,370

seems like that first of all the the

1639

01:14:47,350 --> 01:14:44,270

very large eight engine planes that kind

1640

01:14:49,990 --> 01:14:47,360

of came and disappeared plus of the the

1641

01:14:51,580 --> 01:14:50,000

Foo Fighters could possibly be observing

1642

01:14:53,830 --> 01:14:51,590

it all sounds like things out of time

1643

01:14:56,110 --> 01:14:53,840

doesn't it that is one of the theories

1644

01:15:00,580 --> 01:14:56,120

that I don't know you do hear people

1645

01:15:04,270 --> 01:15:00,590

come up with when it comes to UFOs may

1646

01:15:06,490 --> 01:15:04,280

be time travelers never bizarre I mean

1647

01:15:08,290 --> 01:15:06,500

again how we ever gonna find out the

1648

01:15:10,900 --> 01:15:08,300

answer unless we have to capture one of

1649

01:15:13,480 --> 01:15:10,910

those budgets right yeah I don't know

1650

01:15:15,460 --> 01:15:13,490

and and also the fact that that they

1651

01:15:18,100 --> 01:15:15,470

always have this patent of you know

1652

01:15:19,990 --> 01:15:18,110

showing up you know lots of people see

1653

01:15:21,340 --> 01:15:20,000

them in and I'm you know in a short

1654

01:15:25,300 --> 01:15:21,350

amount of time and then they just like

1655

01:15:28,450 --> 01:15:25,310

fade away they just go away and where do

1656

01:15:32,260 --> 01:15:28,460

they go right right and the fact that

1657

01:15:34,740 --> 01:15:32,270

nobody could ever recover any of them

1658

01:15:36,760 --> 01:15:34,750

it's possible so I will I will let the

1659

01:15:39,490 --> 01:15:36,770

it seems like there's some people that

1660

01:15:41,740 --> 01:15:39,500

have a few questions coming in possibly

1661

01:15:44,620 --> 01:15:41,750

on the chat room so I will announce that

1662

01:15:46,870 --> 01:15:44,630

if someone wants to call in we're game

1663

01:15:48,190 --> 01:15:46,880

you can call in any time and that number

1664

01:15:50,890 --> 01:15:48,200

will be it right up on the screen in

1665

01:15:55,540 --> 01:15:50,900

just a second so that numbers up there

1666

01:15:57,370 --> 01:15:55,550

now if anyone wants to call in so Mac

1667

01:15:59,470 --> 01:15:57,380

have you given up the idea ever ever

1668

01:16:02,380 --> 01:15:59,480

writing another UFO book I know you told

1669

01:16:05,080 --> 01:16:02,390

me was a lot of work

1670

01:16:08,320 --> 01:16:05,090

yeah probably it is a lot of work when

1671

01:16:10,780 --> 01:16:08,330

compared to young novels which is the

1672

01:16:12,190 --> 01:16:10,790

other you know the of the 15 no how many

1673

01:16:15,730 --> 01:16:12,200

books are written I hate to you know

1674

01:16:18,550 --> 01:16:15,740

confess that but I think it's 54 and 52

1675

01:16:20,320 --> 01:16:18,560

of them when they were novels and it's

1676

01:16:24,060 --> 01:16:20,330

just a lot easier you know it's just a

1677

01:16:27,190 --> 01:16:24,070

lot easier to do a fiction book with the

1678

01:16:28,840 --> 01:16:27,200

with the two UFO books you know I mean

1679

01:16:31,149 --> 01:16:28,850

just had to get a lot of research and

1680

01:16:33,850 --> 01:16:31,159

you know I enjoy it you

1681

01:16:35,529 --> 01:16:33,860

I learned a lot less lot of stuff that

1682

01:16:37,330 --> 01:16:35,539

you know I didn't know before but then

1683

01:16:40,239 --> 01:16:37,340

you have it have a fact checked and

1684

01:16:44,709 --> 01:16:40,249

vetted and you you know and it just it

1685

01:16:46,810 --> 01:16:44,719

took a long time and so I think those

1686

01:16:49,239 --> 01:16:46,820

two might be might be it for me yeah

1687

01:16:50,830 --> 01:16:49,249

yeah I can totally understand it I have

1688

01:16:52,299 --> 01:16:50,840

a number of times people have said oh

1689

01:16:54,159 --> 01:16:52,309

you should write a book but I'm just

1690

01:16:56,529 --> 01:16:54,169

someone who does a show you know I think

1691

01:16:58,060 --> 01:16:56,539

the only book I could ever write is just

1692

01:17:01,449 --> 01:16:58,070

the interesting two stories that people

1693

01:17:02,739 --> 01:17:01,459

tell on this show well you know a lot of

1694

01:17:04,209 --> 01:17:02,749

the books I write or over a hundred

1695

01:17:07,179 --> 01:17:04,219

thousand words you know so that's five

1696

01:17:09,370 --> 01:17:07,189

hundred pages and if you can imagine

1697

01:17:11,409 --> 01:17:09,380

what it's like writing the the the

1698

01:17:12,969 --> 01:17:11,419

longest biggest term paper of your life

1699

01:17:14,319 --> 01:17:12,979

you know and you know you have that

1700

01:17:16,120 --> 01:17:14,329

night man you need something to be

1701

01:17:18,339 --> 01:17:16,130

turned in the next day and you haven't

1702

01:17:21,219 --> 01:17:18,349

started it yet that's the kind of night

1703

01:17:24,189 --> 01:17:21,229

news writer so yeah yeah yeah what about

1704

01:17:26,080 --> 01:17:24,199

you you probably have something laid out

1705

01:17:28,659 --> 01:17:26,090

before you get started on something like

1706

01:17:31,239 --> 01:17:28,669

that so it's all it's all about research

1707

01:17:34,779 --> 01:17:31,249

do you actually do footnotes as well do

1708

01:17:39,839 --> 01:17:34,789

you ever do any of that they told me at

1709

01:17:42,129 --> 01:17:39,849

the publisher for beyond area 51 and

1710

01:17:43,810 --> 01:17:42,139

your voice from one time was Berkeley

1711

01:17:47,229 --> 01:17:43,820

books and I remember I went out to lunch

1712

01:17:49,270 --> 01:17:47,239

and like editor and I said to him you

1713

01:17:51,370 --> 01:17:49,280

know this is this we're gonna have you

1714

01:17:54,790 --> 01:17:51,380

know footnotes from us and he says no

1715

01:17:57,009 --> 01:17:54,800

because it's it with UFO books and books

1716

01:17:59,679 --> 01:17:57,019

about angels he who's these example he

1717

01:18:03,040 --> 01:17:59,689

said you don't need it to be so

1718

01:18:04,689 --> 01:18:03,050

scholarly you know so which was which is

1719

01:18:08,350 --> 01:18:04,699

great because putting in footnotes man

1720

01:18:09,850 --> 01:18:08,360

that's a pain you know oh yeah so but

1721

01:18:12,189 --> 01:18:09,860

you know he have a bibliography at the

1722

01:18:14,169 --> 01:18:12,199

end and stuff like that but you know

1723

01:18:15,759 --> 01:18:14,179

what he was saying was you know people

1724

01:18:17,409 --> 01:18:15,769

you know when they read books like that

1725

01:18:18,580 --> 01:18:17,419

they just want to read you know they

1726

01:18:20,379 --> 01:18:18,590

don't want to stop in the middle the

1727

01:18:22,659 --> 01:18:20,389

action and look what the footnote is and

1728

01:18:24,040 --> 01:18:22,669

you know they just want to they just

1729

01:18:26,589 --> 01:18:24,050

want to learn and they just want to read

1730

01:18:30,459 --> 01:18:26,599

and and they don't want any interruption

1731

01:18:33,250 --> 01:18:30,469

so I I agree with him there yeah yeah so

1732

01:18:35,459 --> 01:18:33,260

did we cover most of the topics you you

1733

01:18:39,669 --> 01:18:35,469

thought that we were gonna talk about

1734

01:18:41,529 --> 01:18:39,679

sure I mean you know but but the ghost

1735

01:18:44,109 --> 01:18:41,539

rockets was the one I wanted to but the

1736

01:18:45,040 --> 01:18:44,119

the ghosts I didn't realize it was so

1737

01:18:48,069 --> 01:18:45,050

many different

1738

01:18:50,379 --> 01:18:48,079

sayings like ghost ships and ghost

1739

01:18:51,939 --> 01:18:50,389

fliers but it was just right they all

1740

01:18:54,399 --> 01:18:51,949

had to do with different time segments

1741

01:18:56,379 --> 01:18:54,409

right you know and that's what's strange

1742

01:18:57,819 --> 01:18:56,389

about is that they're not quite UFOs you

1743

01:18:58,540 --> 01:18:57,829

know they're they're a different kind of

1744

01:19:01,419 --> 01:18:58,550

UFO

1745

01:19:04,000 --> 01:19:01,429

they almost you know they all three of

1746

01:19:06,879 --> 01:19:04,010

those you know instances those aircraft

1747

01:19:08,200 --> 01:19:06,889

or whatever you want to call them you

1748

01:19:10,330 --> 01:19:08,210

know once again they seem like they were

1749

01:19:12,450 --> 01:19:10,340

made here on earth you know they they

1750

01:19:15,729 --> 01:19:12,460

seem to have you know that earthly

1751

01:19:18,280 --> 01:19:15,739

quality to the wings and propellers and

1752

01:19:20,560 --> 01:19:18,290

things along those lines right so they

1753

01:19:23,379 --> 01:19:20,570

don't really look like things from let's

1754

01:19:25,899 --> 01:19:23,389

say out of space extraterrestrial but

1755

01:19:27,250 --> 01:19:25,909

still I mean when you really think of it

1756

01:19:29,229 --> 01:19:27,260

you know how strange is it's almost

1757

01:19:31,600 --> 01:19:29,239

stranger than something coming from

1758

01:19:33,640 --> 01:19:31,610

another planet or whatever coming here

1759

01:19:36,160 --> 01:19:33,650

it's it's as if they were from here yet

1760

01:19:37,870 --> 01:19:36,170

they weren't from here and you know I

1761

01:19:42,850 --> 01:19:37,880

don't know how you can quite explain it

1762

01:19:46,120 --> 01:19:42,860

right right on your show since you do

1763

01:19:49,359 --> 01:19:46,130

talk about UFOs once or so a week have

1764

01:19:51,310 --> 01:19:49,369

you since this Pentagon story come out

1765

01:19:52,450 --> 01:19:51,320

have you been talking about that as well

1766

01:19:55,000 --> 01:19:52,460

uh-huh

1767

01:19:58,000 --> 01:19:55,010

yeah we did we did a special show on it

1768

01:20:03,339 --> 01:19:58,010

because one of the co-hosts of the show

1769

01:20:06,669 --> 01:20:03,349

is a guy who's his name is a commander

1770

01:20:09,430 --> 01:20:06,679

Cobra he's a Cobra you've met him you've

1771

01:20:11,799 --> 01:20:09,440

talked to him I know you know and he

1772

01:20:14,770 --> 01:20:11,809

knows everything about the military when

1773

01:20:16,660 --> 01:20:14,780

it comes to flying he you know flew for

1774

01:20:19,720 --> 01:20:16,670

the Air Force he flew for the Coast

1775

01:20:21,970 --> 01:20:19,730

Guard he's now a contract of he flies

1776

01:20:25,720 --> 01:20:21,980

you know let's say special missions for

1777

01:20:28,060 --> 01:20:25,730

the military so you know we covered that

1778

01:20:30,520 --> 01:20:28,070

that night yeah that was really strange

1779

01:20:32,700 --> 01:20:30,530

there was a very strange thing for the

1780

01:20:35,350 --> 01:20:32,710

Pentagon of whoever released that in the

1781

01:20:38,319 --> 01:20:35,360

Uniting come out with that story when

1782

01:20:41,049 --> 01:20:38,329

they came out with it you know that that

1783

01:20:42,549 --> 01:20:41,059

might be you know the beginning of a of

1784

01:20:46,120 --> 01:20:42,559

a title something that might be a tidal

1785

01:20:48,040 --> 01:20:46,130

wave it knows hey we have a caller on

1786

01:20:51,310 --> 01:20:48,050

the line so caller your first name and

1787

01:20:52,810 --> 01:20:51,320

where are you calling from this is

1788

01:20:55,629 --> 01:20:52,820

Andrew calling from Stratford

1789

01:20:58,419 --> 01:20:55,639

Connecticut hi Andrew welcome to the

1790

01:21:01,780 --> 01:20:58,429

show you have a question for our guest

1791

01:21:03,760 --> 01:21:01,790

thank you yeah I I know Mac has written

1792

01:21:06,970 --> 01:21:03,770

so many books and he's familiar with so

1793

01:21:10,209 --> 01:21:06,980

many different strange events I'm always

1794

01:21:13,360 --> 01:21:10,219

curious to hear what someone with his

1795

01:21:16,540 --> 01:21:13,370

experiences take would be on how he

1796

01:21:19,090 --> 01:21:16,550

thinks everything links together sort of

1797

01:21:22,209 --> 01:21:19,100

along the lines of Paul you know John

1798

01:21:24,399 --> 01:21:22,219

D'Souza you know is there a connection

1799

01:21:27,040 --> 01:21:24,409

with all of the paranormal and I'll take

1800

01:21:27,490 --> 01:21:27,050

your answer off the air thank you you're

1801
01:21:31,959 --> 01:21:27,500
drunk

1802
01:21:34,570 --> 01:21:31,969
thanks buddy thank you good joke Thanks

1803
01:21:36,729 --> 01:21:34,580
we talk about that a lot on the show

1804
01:21:38,169 --> 01:21:36,739
Pauline I was a friend of the show and

1805
01:21:39,370 --> 01:21:38,179
he's been on a bunch of times and I've

1806
01:21:43,270 --> 01:21:39,380
been on his show too

1807
01:21:46,240 --> 01:21:43,280
and you know we called the unified field

1808
01:21:48,790 --> 01:21:46,250
theory of the paranormal because there

1809
01:21:51,250 --> 01:21:48,800
are a lot of good instances where it

1810
01:21:54,130 --> 01:21:51,260
just seems like these things are all

1811
01:21:55,689 --> 01:21:54,140
kind of connected in some way you know

1812
01:21:57,729 --> 01:21:55,699
we might not be able to figure it out

1813
01:21:59,919 --> 01:21:57,739

but we can't definitely draw it kind of

1814

01:22:01,450 --> 01:21:59,929

dotted lines to them and and one night

1815

01:22:04,600 --> 01:22:01,460

we had a yet even though we're radio

1816

01:22:06,490 --> 01:22:04,610

show we had a photo on and someone had

1817

01:22:10,180 --> 01:22:06,500

snapped in California about two years

1818

01:22:11,439 --> 01:22:10,190

ago they went to take photos of a

1819

01:22:15,189 --> 01:22:11,449

haunted house out there

1820

01:22:17,290 --> 01:22:15,199

and wound up capturing you know let's

1821

01:22:21,280 --> 01:22:17,300

say a ghostly figure at the window and

1822

01:22:25,240 --> 01:22:21,290

then in a UFO over it you know I mean

1823

01:22:27,550 --> 01:22:25,250

what are the chances right to fake yeah

1824

01:22:29,919 --> 01:22:27,560

yeah yeah yeah and and then there's a

1825

01:22:32,350 --> 01:22:29,929

lot of instances of you know what people

1826

01:22:34,390 --> 01:22:32,360

call hot spots around the world st.

1827

01:22:38,709 --> 01:22:34,400

Louis you alley is one of them up in

1828

01:22:42,250 --> 01:22:38,719

Colorado where people see not just UFOs

1829

01:22:45,090 --> 01:22:42,260

but they they see Bigfoot they see

1830

01:22:48,669 --> 01:22:45,100

flying humanoids airplanes

1831

01:22:50,410 --> 01:22:48,679

vanish you know in in midair they have

1832

01:22:54,280 --> 01:22:50,420

cattle mutilations they have us

1833

01:22:55,930 --> 01:22:54,290

mutilations they have weird creatures

1834

01:22:58,030 --> 01:22:55,940

they have lights that show up in

1835

01:23:01,120 --> 01:22:58,040

graveyards all this stuff all this

1836

01:23:03,000 --> 01:23:01,130

contained in this you know it's a good

1837

01:23:06,189 --> 01:23:03,010

sized area of a relatively small area

1838

01:23:08,560 --> 01:23:06,199

it's near a fault line that increases

1839

01:23:12,370 --> 01:23:08,570

the blood pod or the backbone of the

1840

01:23:16,290 --> 01:23:12,380

Rockies and it's also surrounded by five

1841

01:23:19,229 --> 01:23:16,300

secret and semi secret if more spaces so

1842

01:23:21,160 --> 01:23:19,239

you know when you have all these kind of

1843

01:23:22,959 --> 01:23:21,170

ingredients together you put them all

1844

01:23:24,880 --> 01:23:22,969

together you make you think why don't

1845

01:23:27,160 --> 01:23:24,890

why is all this strange stuff happening

1846

01:23:31,870 --> 01:23:27,170

here you know why why at that particular

1847

01:23:35,410 --> 01:23:31,880

point Roslyn in they called the failed

1848

01:23:37,720 --> 01:23:35,420

Kirk triangle in Scotland where more

1849

01:23:39,640 --> 01:23:37,730

people see one people you report UFOs

1850

01:23:41,439 --> 01:23:39,650

there than any other place in the world

1851

01:23:45,010 --> 01:23:41,449

if you can believe it Scotland has the

1852

01:23:46,630 --> 01:23:45,020

highest rate of UFO reporting and the

1853

01:23:49,930 --> 01:23:46,640

very strange thing is that they all seem

1854

01:23:52,419 --> 01:23:49,940

to fall within this triangle and at one

1855

01:23:54,820 --> 01:23:52,429

point of the triangle is where the

1856

01:23:57,400 --> 01:23:54,830

Roslyn Chapel is where which is famous

1857

01:24:00,880 --> 01:23:57,410

for the Knights Templar and no The Da

1858

01:24:03,669 --> 01:24:00,890

Vinci Code and all that jazz you know

1859

01:24:06,640 --> 01:24:03,679

why they're you know why they're of all

1860

01:24:08,430 --> 01:24:06,650

places there's other places around the

1861

01:24:12,729 --> 01:24:08,440

world there's a place in Russian code

1862

01:24:15,490 --> 01:24:12,739

Poston yah is that enforced I know

1863

01:24:17,680 --> 01:24:15,500

that's that's the EM triangle right the

1864

01:24:20,169 --> 01:24:17,690

EM triangle is very strange into soap

1865

01:24:21,970 --> 01:24:20,179

but boosting yeah basically is the

1866

01:24:24,640 --> 01:24:21,980

Russian version of area 51 in Cape

1867

01:24:28,360 --> 01:24:24,650

Canaveral you all rolled into one base

1868

01:24:29,650 --> 01:24:28,370

yeah and they have yeah they do space

1869

01:24:31,919 --> 01:24:29,660

launches there but they also have

1870

01:24:35,320 --> 01:24:31,929

nuclear weapons there so over the years

1871

01:24:37,419 --> 01:24:35,330

you know very prominent Russians have

1872

01:24:40,120 --> 01:24:37,429

reported seeing you dog fights between

1873

01:24:42,040 --> 01:24:40,130

Russian jet fighters and what they

1874

01:24:43,600 --> 01:24:42,050

called UFOs I think a lot of people

1875

01:24:45,610 --> 01:24:43,610

probably thought they were US spy planes

1876

01:24:48,100 --> 01:24:45,620

but once again it'd be very hard to get

1877

01:24:49,780 --> 01:24:48,110

a spy plane in over this place and have

1878

01:24:54,010 --> 01:24:49,790

them dogfight and then try to get back

1879

01:24:57,520 --> 01:24:54,020

out there was a UFO sighting there in

1880

01:24:58,840 --> 01:24:57,530

the 60s where your folk came down over

1881

01:25:00,610 --> 01:24:58,850

this place right around midnight and

1882

01:25:02,110 --> 01:25:00,620

hovered over their nuclear um the

1883

01:25:04,090 --> 01:25:02,120

buildings where they hid their nuclear

1884

01:25:07,120 --> 01:25:04,100

weapons now the strange thing about this

1885

01:25:07,630 --> 01:25:07,130

is that it and stayed inside for like 30

1886

01:25:11,110 --> 01:25:07,640

minutes

1887

01:25:13,660 --> 01:25:11,120

hundreds of people saw it well the KGB

1888

01:25:16,330 --> 01:25:13,670

went in there and questioned everybody

1889

01:25:17,830 --> 01:25:16,340

about what they saw and one of the

1890

01:25:20,200 --> 01:25:17,840

rockefeller brothers actually spent some

1891

01:25:22,780 --> 01:25:20,210

money to do a report on this and what

1892

01:25:25,000 --> 01:25:22,790

they found out was they talked to 30

1893

01:25:26,950 --> 01:25:25,010

witnesses that KGB type of 30 would

1894

01:25:28,569 --> 01:25:26,960

they all told the same story and when

1895

01:25:29,890 --> 01:25:28,579

you really think about it who's gonna

1896

01:25:31,750 --> 01:25:29,900

wide to the KGB

1897

01:25:33,759 --> 01:25:31,760

you know who's who's you know if this

1898

01:25:35,169 --> 01:25:33,769

was some kind of hoax who would yeah you

1899

01:25:37,689 --> 01:25:35,179

wouldn't perpetuate it in front of those

1900

01:25:39,490 --> 01:25:37,699

guys right so something must happen

1901

01:25:41,680 --> 01:25:39,500

there and and once again it's in an

1902

01:25:43,899 --> 01:25:41,690

everywhere on this like very weird stuff

1903

01:25:47,649 --> 01:25:43,909

seems to happen in these concentrated

1904

01:25:50,470 --> 01:25:47,659

areas and that really to me lends a lot

1905

01:25:51,970 --> 01:25:50,480

of support this whole idea that and I

1906

01:25:53,680 --> 01:25:51,980

think it would be also very cool if this

1907

01:25:56,020 --> 01:25:53,690

is we find out what actually happened

1908

01:25:57,879 --> 01:25:56,030

for it all to be connected to one things

1909

01:25:59,979 --> 01:25:57,889

and Bigfoot is connected to goes of

1910

01:26:01,689 --> 01:25:59,989

connected to ufos it's connected to the

1911

01:26:03,879 --> 01:26:01,699

Loch Ness monster all this strange stuff

1912

01:26:05,919 --> 01:26:03,889

we see it's not little bits and pieces

1913

01:26:07,299 --> 01:26:05,929

stuff it's all bits and pieces of one

1914

01:26:09,069 --> 01:26:07,309

big thing I think that would be very

1915

01:26:11,140 --> 01:26:09,079

cool if that's what the answer turned

1916

01:26:13,029 --> 01:26:11,150

out to be yeah some people say it's all

1917

01:26:16,120 --> 01:26:13,039

connected to our mind and what we

1918

01:26:18,879 --> 01:26:16,130

fabricate but I find that hard to

1919

01:26:22,600 --> 01:26:18,889

believe when there's there's outside

1920

01:26:24,759 --> 01:26:22,610

evidence that cooperates you know as far

1921

01:26:27,700 --> 01:26:24,769

as sightings and trace evidence and

1922

01:26:30,970 --> 01:26:27,710

radar and you know video and film so I

1923

01:26:32,740 --> 01:26:30,980

can't see how when a skeptic will say

1924

01:26:34,959 --> 01:26:32,750

that it's just you know mass

1925

01:26:39,189 --> 01:26:34,969

hallucination or all that I mean it

1926

01:26:41,259 --> 01:26:39,199

doesn't doesn't quite fit well anyway as

1927

01:26:43,870 --> 01:26:41,269

you say before radar hey maybe you could

1928

01:26:45,609 --> 01:26:43,880

make a you know an ikemen for that but

1929

01:26:49,810 --> 01:26:45,619

not sense because you know they have

1930

01:26:53,680 --> 01:26:49,820

they have you know photographs in video

1931

01:26:56,200 --> 01:26:53,690

you know videotapes of radars picking up

1932

01:26:57,580 --> 01:26:56,210

UFOs and and they're there we're not

1933

01:26:59,979 --> 01:26:57,590

hallucinating in them they're there

1934

01:27:04,029 --> 01:26:59,989

that's the electronic evidence yeah yes

1935

01:27:05,740 --> 01:27:04,039

that's right and you know since we were

1936

01:27:07,569 --> 01:27:05,750

just talking a minute ago about you know

1937

01:27:10,720 --> 01:27:07,579

the Pentagon's story comes out and maybe

1938

01:27:13,000 --> 01:27:10,730

there's going to be a lot of you know

1939

01:27:16,029 --> 01:27:13,010

like a windfall of information and

1940

01:27:19,000 --> 01:27:16,039

possibly more people get interested I've

1941

01:27:21,399 --> 01:27:19,010

mentioned to a few people out there and

1942

01:27:23,319 --> 01:27:21,409

I'm surprised at how many people didn't

1943

01:27:25,479 --> 01:27:23,329

see that story because there was I think

1944

01:27:29,169 --> 01:27:25,489

a hundred and sixty news stories after

1945

01:27:31,479 --> 01:27:29,179

that came out Brian every major station

1946

01:27:34,629 --> 01:27:31,489

you know covered it but a lot of people

1947

01:27:37,479 --> 01:27:34,639

just plain didn't see it and right so I

1948

01:27:38,770 --> 01:27:37,489

think it takes a while and I'm just

1949

01:27:41,950 --> 01:27:38,780

wondering like if there

1950

01:27:44,950 --> 01:27:41,960

like this major major event you know the

1951

01:27:46,180 --> 01:27:44,960

typical White House lawn landing or

1952

01:27:48,190 --> 01:27:46,190

something that everybody always talks

1953

01:27:51,220 --> 01:27:48,200

about something major like that actually

1954

01:27:52,750 --> 01:27:51,230

happened would there still you know

1955

01:27:54,460 --> 01:27:52,760

would still nothing move forward and

1956

01:27:58,450 --> 01:27:54,470

people actually taking it serious you

1957

01:28:01,120 --> 01:27:58,460

know well in my opinion you know the the

1958

01:28:03,430 --> 01:28:01,130

media is is to blame for that

1959

01:28:05,050 --> 01:28:03,440

because the day that I found out someone

1960

01:28:06,430 --> 01:28:05,060

had sent me early in the lawn they sent

1961

01:28:09,430 --> 01:28:06,440

me a link to the New York Times story

1962

01:28:10,660 --> 01:28:09,440

and I read it and so then I said okay

1963

01:28:13,750 --> 01:28:10,670

well let's see what the you know

1964

01:28:15,960 --> 01:28:13,760

national news networks doing about you

1965

01:28:19,030 --> 01:28:15,970

know how they're gonna handle it and

1966

01:28:21,040 --> 01:28:19,040

when I just happened to turn on ABC

1967

01:28:23,350 --> 01:28:21,050

Morning News they're all really really

1968

01:28:25,660 --> 01:28:23,360

bad in my opinion but that's the worst

1969

01:28:28,510 --> 01:28:25,670

one and they showed this video and the

1970

01:28:31,390 --> 01:28:28,520

video is fascinating and mostly in the

1971

01:28:34,120 --> 01:28:31,400

fact that you have an f-18 pilot you

1972

01:28:35,290 --> 01:28:34,130

know narrating it okay he's not some guy

1973

01:28:37,300 --> 01:28:35,300

in the ground with you know some

1974

01:28:40,510 --> 01:28:37,310

binoculars looking at no seagulls or

1975

01:28:42,960 --> 01:28:40,520

something he is seeing this thing fly

1976

01:28:46,240 --> 01:28:42,970

next to him and in doing obviously

1977

01:28:48,190 --> 01:28:46,250

incredible aerodynamic stuff that you

1978

01:28:50,170 --> 01:28:48,200

know it's just way beyond what you know

1979

01:28:52,510 --> 01:28:50,180

we could ever think of doing and when

1980

01:28:54,610 --> 01:28:52,520

they came back from the video the news

1981

01:28:56,380 --> 01:28:54,620

woman behind that you know the death

1982

01:28:58,480 --> 01:28:56,390

says oh I think I just saw the

1983

01:29:00,130 --> 01:28:58,490

Millennium Falcon you know ha ha then

1984

01:29:02,410 --> 01:29:00,140

everyone laughs you know how that goes

1985

01:29:04,330 --> 01:29:02,420

yeah you can have a cameraman well

1986

01:29:06,910 --> 01:29:04,340

everything it's a funniest joke in the

1987

01:29:09,010 --> 01:29:06,920

world well you know ABC is owned by Walt

1988

01:29:10,690 --> 01:29:09,020

Disney style was had just come out that

1989

01:29:12,610 --> 01:29:10,700

week and of course you know she's gonna

1990

01:29:14,880 --> 01:29:12,620

make some reference to stuff was and I

1991

01:29:18,340 --> 01:29:14,890

think that takes away from the the

1992

01:29:22,350 --> 01:29:18,350

seriousness of this we just hear of a

1993

01:29:24,880 --> 01:29:22,360

military pilot in a video you know

1994

01:29:28,330 --> 01:29:24,890

seeing something witnessing something

1995

01:29:29,950 --> 01:29:28,340

that is probably not of this earth if if

1996

01:29:33,520 --> 01:29:29,960

that is true that that's the biggest

1997

01:29:35,320 --> 01:29:33,530

news story ever ever and here she's

1998

01:29:37,900 --> 01:29:35,330

making fun of it you know tying him into

1999

01:29:39,370 --> 01:29:37,910

a Star Wars movie so I blame the media

2000

01:29:42,730 --> 01:29:39,380

for that I don't know why they don't

2001

01:29:44,380 --> 01:29:42,740

jump on every UFO story every paranormal

2002

01:29:46,660 --> 01:29:44,390

story they can because I think a lot

2003

01:29:49,540 --> 01:29:46,670

more people watch the news I would and

2004

01:29:51,280 --> 01:29:49,550

and and the fact is you're missing huge

2005

01:29:52,540 --> 01:29:51,290

story what are these things you know

2006

01:29:55,390 --> 01:29:52,550

doesn't it doesn't

2007

01:29:56,950 --> 01:29:55,400

have any interest you at all and and I

2008

01:29:58,510 --> 01:29:56,960

guess if you're a network executive you

2009

01:30:00,580 --> 01:29:58,520

just figure the ridicule factor is still

2010

01:30:02,410 --> 01:30:00,590

in play and they don't want to do

2011

01:30:04,000 --> 01:30:02,420

anything very serious about it

2012

01:30:06,970 --> 01:30:04,010

yeah I know they'll play the x-files

2013

01:30:08,919 --> 01:30:06,980

music and yep all the second now I know

2014

01:30:10,600 --> 01:30:08,929

you went cold turkey on news for about a

2015

01:30:11,950 --> 01:30:10,610

year didn't you aren't you the person

2016

01:30:14,560 --> 01:30:11,960

who told me you weren't watching news

2017

01:30:17,200 --> 01:30:14,570

for a year or something yes yes since

2018

01:30:19,479 --> 01:30:17,210

the election I stopped watching yeah the

2019

01:30:20,979 --> 01:30:19,489

news yeah but then you got on we're not

2020

01:30:24,819 --> 01:30:20,989

going to talk politics here then you get

2021

01:30:27,580 --> 01:30:24,829

on in you started but you watch the

2022

01:30:28,089 --> 01:30:27,590

pentagon story which i think is that's

2023

01:30:31,689 --> 01:30:28,099

great

2024

01:30:33,580 --> 01:30:31,699

all right yes but I would I do want to

2025

01:30:36,930 --> 01:30:33,590

say to the credit of a lot of news

2026

01:30:41,500 --> 01:30:36,940

stations they did take it serious and

2027

01:30:42,970 --> 01:30:41,510

even even Fox News there was a I can't

2028

01:30:44,890 --> 01:30:42,980

remember the guys name but he did a

2029

01:30:48,939 --> 01:30:44,900

great job and took it serious all the

2030

01:30:51,879 --> 01:30:48,949

way through a big segment and you know

2031

01:30:54,310 --> 01:30:51,889

it's also strange to is not to interrupt

2032

01:30:57,399 --> 01:30:54,320

you there but but when you look at the

2033

01:30:59,919 --> 01:30:57,409

past 15 years what the number one movies

2034

01:31:01,930 --> 01:30:59,929

have been okay of one of them well I'll

2035

01:31:04,270 --> 01:31:01,940

go beyond 15 years a lot of them have to

2036

01:31:06,580 --> 01:31:04,280

do with like we look at et you know

2037

01:31:10,149 --> 01:31:06,590

Close Encounters of third time at Third

2038

01:31:11,680 --> 01:31:10,159

Kind Independence Day the egg you know

2039

01:31:14,439 --> 01:31:11,690

War of the Worlds I mean these are all

2040

01:31:17,620 --> 01:31:14,449

huge huge movie hits that people go and

2041

01:31:19,780 --> 01:31:17,630

see and yet when something close to you

2042

01:31:23,020 --> 01:31:19,790

know because that happening in reality

2043

01:31:25,419 --> 01:31:23,030

happens you know the media just you know

2044

01:31:27,370 --> 01:31:25,429

makes fun of it it's just baffling to me

2045

01:31:30,189 --> 01:31:27,380

it's beyond any kind of conspiracy or

2046

01:31:31,839 --> 01:31:30,199

anything it's just that it's not I don't

2047

01:31:33,490 --> 01:31:31,849

know it's not cool to treat it seriously

2048

01:31:35,260 --> 01:31:33,500

offer some reason they feel that you

2049

01:31:37,270 --> 01:31:35,270

have to make a joke about it and once

2050

01:31:39,250 --> 01:31:37,280

again you know then the really cool fact

2051

01:31:41,049 --> 01:31:39,260

that comes into play that's right so we

2052

01:31:42,850 --> 01:31:41,059

have another caller on the line caller

2053

01:31:46,000 --> 01:31:42,860

thanks for calling in your first name

2054

01:31:49,390 --> 01:31:46,010

and where are you calling from Mike from

2055

01:31:53,549 --> 01:31:49,400

Indiana hi Mike welcome to the show do

2056

01:31:55,899 --> 01:31:53,559

you have a question for our guest sure

2057

01:32:01,060 --> 01:31:55,909

first of all I just like to say that I I

2058

01:32:05,410 --> 01:32:01,070

liked his books and my question is I've

2059

01:32:05,819 --> 01:32:05,420

been researching UFO crashes and I've

2060

01:32:10,439 --> 01:32:05,829

got

2061

01:32:13,830 --> 01:32:10,449

it's about a hundred UFO crashes where

2062

01:32:16,589 --> 01:32:13,840

they got bodies and one of the things I

2063

01:32:18,689 --> 01:32:16,599

wrote down was the number of live aliens

2064

01:32:19,950 --> 01:32:18,699

and it came up to about but it's more

2065

01:32:24,060 --> 01:32:19,960

than this number but I'm gonna use the

2066

01:32:29,669 --> 01:32:24,070

number 30 so my question is it's a Mac

2067

01:32:33,419 --> 01:32:29,679

you got I've got data for 100 UFO

2068

01:32:38,339 --> 01:32:33,429

crashes in the United States and lots of

2069

01:32:39,750 --> 01:32:38,349

live aliens and when you look at what

2070

01:32:41,910 --> 01:32:39,760

whistleblowers are saying they're saying

2071

01:32:44,250 --> 01:32:41,920

like you know we got 9 UFOs and we got

2072

01:32:47,069 --> 01:32:44,260

one alien and it's just to me it's not

2073

01:32:48,750 --> 01:32:47,079

adding up so I just I'll take the answer

2074

01:32:54,120 --> 01:32:48,760

off the air but I just like Matt Matt's

2075

01:32:55,290 --> 01:32:54,130

opinion on that well ok button you

2076

01:32:57,240 --> 01:32:55,300

probably know how I'm gonna answer this

2077

01:33:01,859 --> 01:32:57,250

I don't want to be the big bucket of

2078

01:33:04,319 --> 01:33:01,869

cold water here but I just have to say

2079

01:33:07,109 --> 01:33:04,329

that I do not believe that the US

2080

01:33:09,600 --> 01:33:07,119

government has any crashed UFOs or any

2081

01:33:11,990 --> 01:33:09,610

alien bodies I do not believe that the

2082

01:33:15,479 --> 01:33:12,000

US military knows any more about UFOs

2083

01:33:17,729 --> 01:33:15,489

than we do now they they have more

2084

01:33:21,240 --> 01:33:17,739

evidence of them they have more evidence

2085

01:33:24,390 --> 01:33:21,250

of their existence we know that but as

2086

01:33:27,180 --> 01:33:24,400

far as you know having crashed UFOs

2087

01:33:32,280 --> 01:33:27,190

having alien bodies I just don't buy it

2088

01:33:35,160 --> 01:33:32,290

because first of all I think once again

2089

01:33:37,080 --> 01:33:35,170

it always comes down to when people say

2090

01:33:39,149 --> 01:33:37,090

that they say well why do they do that

2091

01:33:40,859 --> 01:33:39,159

why would they keep this secret you know

2092

01:33:42,810 --> 01:33:40,869

and people always say well you know

2093

01:33:45,359 --> 01:33:42,820

because there'd be panic in the streets

2094

01:33:47,189 --> 01:33:45,369

and you know so on I mean but really

2095

01:33:49,260 --> 01:33:47,199

would there be we go back to what we

2096

01:33:52,169 --> 01:33:49,270

were just talking about how all the big

2097

01:33:54,870 --> 01:33:52,179

blockbuster movies about you know people

2098

01:33:57,479 --> 01:33:54,880

from places other than earth coming here

2099

01:33:59,370 --> 01:33:57,489

I think a lot of people would would

2100

01:34:03,750 --> 01:33:59,380

really dig it I think that a lot of

2101
01:34:06,149 --> 01:34:03,760
people out waiting for it so why would

2102
01:34:07,950 --> 01:34:06,159
you keep it secret and you would be

2103
01:34:09,870 --> 01:34:07,960
responsible for keeping see once it can

2104
01:34:12,439 --> 01:34:09,880
you be responsible for keeping the

2105
01:34:15,330 --> 01:34:12,449
biggest secret ever and all of humankind

2106
01:34:16,439 --> 01:34:15,340
you're the person who decides you know

2107
01:34:17,330 --> 01:34:16,449
that you're gonna keep it a secret

2108
01:34:20,609 --> 01:34:17,340
number two

2109
01:34:22,319 --> 01:34:20,619
you know if they had crashed UFOs and

2110
01:34:23,669 --> 01:34:22,329
people say well they reengineer stuff

2111
01:34:26,069 --> 01:34:23,679
you know from the crashed UFOs well

2112
01:34:28,530 --> 01:34:26,079
where is it you know where is the other

2113
01:34:29,729 --> 01:34:28,540

fabulous reengineering from flying

2114

01:34:31,770 --> 01:34:29,739

saucers that was supposed to be

2115

01:34:33,620 --> 01:34:31,780

happening when we were spending billions

2116

01:34:35,970 --> 01:34:33,630

of dollars just you know a decade ago

2117

01:34:38,160 --> 01:34:35,980

putting the Space Shuttle into orbit

2118

01:34:40,290 --> 01:34:38,170

that's like launching a dump truck you

2119

01:34:42,750 --> 01:34:40,300

know and all the time and effort and the

2120

01:34:45,060 --> 01:34:42,760

fuel and the logistics just to get that

2121

01:34:47,370 --> 01:34:45,070

thing up into oven and somewhere out in

2122

01:34:50,129 --> 01:34:47,380

Nevada we have you know anti-gravity

2123

01:34:52,020 --> 01:34:50,139

machines it just doesn't make sense to

2124

01:34:54,270 --> 01:34:52,030

me and the third thing is I think

2125

01:34:57,030 --> 01:34:54,280

someone very credible would come out and

2126
01:34:59,910 --> 01:34:57,040
and say I've seen this you know these

2127
01:35:01,439 --> 01:34:59,920
days you cannot keep a secret I think

2128
01:35:04,200 --> 01:35:01,449
people would come out and they would say

2129
01:35:07,020 --> 01:35:04,210
you know is drop dead evidence of that

2130
01:35:08,669 --> 01:35:07,030
we have alien bodies and I just don't

2131
01:35:11,120 --> 01:35:08,679
buy it you know I hate to be like that I

2132
01:35:13,620 --> 01:35:11,130
don't think anything happened in Roswell

2133
01:35:14,970 --> 01:35:13,630
other than what you know was reported

2134
01:35:17,040 --> 01:35:14,980
the first few days and there was some

2135
01:35:19,919 --> 01:35:17,050
kind of a a weather balloon that you

2136
01:35:22,350 --> 01:35:19,929
know crashed I'm not popular with the

2137
01:35:23,760 --> 01:35:22,360
Stan's but I got to tell you I can't

2138
01:35:27,600 --> 01:35:23,770

believe any other way unless I see some

2139

01:35:30,180 --> 01:35:27,610

kind of governor yeah hang on caller so

2140

01:35:32,850 --> 01:35:30,190

Mac you and I totally disagree in the

2141

01:35:35,600 --> 01:35:32,860

Roswell thing because I okay we've had

2142

01:35:38,760 --> 01:35:35,610

that talk before right you know I think

2143

01:35:41,100 --> 01:35:38,770

and I'm just gonna just call her just

2144

01:35:44,879 --> 01:35:41,110

hang in there for a minute so just sort

2145

01:35:46,439 --> 01:35:44,889

before the one question I have for you

2146

01:35:50,459 --> 01:35:46,449

on that and then we'll move on and that

2147

01:35:52,589 --> 01:35:50,469

is why would the Army Air Force ever

2148

01:35:56,609 --> 01:35:52,599

even say anything at all

2149

01:35:59,370 --> 01:35:56,619

to begin with well because I think what

2150

01:36:01,140 --> 01:35:59,380

happened was you know Kenneth Donald had

2151
01:36:03,899 --> 01:36:01,150
had his sighting only like a couple

2152
01:36:05,129 --> 01:36:03,909
weeks before that if that and all of a

2153
01:36:07,979 --> 01:36:05,139
sudden people were seeing UFOs

2154
01:36:09,750 --> 01:36:07,989
everywhere across the country yeah you

2155
01:36:11,879 --> 01:36:09,760
know and and I mean in most two weeks it

2156
01:36:13,589 --> 01:36:11,889
was just incredible and people were

2157
01:36:15,180 --> 01:36:13,599
wondering what were they what are they

2158
01:36:16,890 --> 01:36:15,190
you know and I know a lot of people

2159
01:36:18,629 --> 01:36:16,900
thought they were you know Russian

2160
01:36:22,859 --> 01:36:18,639
secret weapons or rich Chinese secret

2161
01:36:25,050 --> 01:36:22,869
weapons or whatever and I think that and

2162
01:36:28,020 --> 01:36:25,060
back then you know at the the whole

2163
01:36:30,480 --> 01:36:28,030

information data systems of the US

2164

01:36:33,000 --> 01:36:30,490

military weren't as concentrated

2165

01:36:36,930 --> 01:36:33,010

as they are these days and I just think

2166

01:36:38,550 --> 01:36:36,940

that the person at that airbase you know

2167

01:36:41,160 --> 01:36:38,560

went off the reservation a little bit

2168

01:36:42,660 --> 01:36:41,170

and wanted to say okay you people for

2169

01:36:46,140 --> 01:36:42,670

the past two weeks have seen flying this

2170

01:36:48,210 --> 01:36:46,150

we've captured a flying disc and then

2171

01:36:50,280 --> 01:36:48,220

you know when they found out really what

2172

01:36:52,020 --> 01:36:50,290

this was which is you know it was a

2173

01:36:53,250 --> 01:36:52,030

secret project but it was something that

2174

01:36:55,680 --> 01:36:53,260

didn't have anything do it your phone's

2175

01:36:57,630 --> 01:36:55,690

you know they had to shut it down they

2176
01:36:59,970 --> 01:36:57,640
had to you know come up with some kind

2177
01:37:03,810 --> 01:36:59,980
of cover story to cover up the secret

2178
01:37:05,730 --> 01:37:03,820
project that was going on that's why I

2179
01:37:07,800 --> 01:37:05,740
think if you follow that and there's

2180
01:37:11,370 --> 01:37:07,810
this photographs of the debris that was

2181
01:37:14,190 --> 01:37:11,380
found that you can match up square foot

2182
01:37:15,600 --> 01:37:14,200
by Swift foot with one of these these

2183
01:37:18,060 --> 01:37:15,610
balloons that they were sending over

2184
01:37:19,710 --> 01:37:18,070
Russia with microphones on in them to

2185
01:37:23,070 --> 01:37:19,720
see if the Russians were detonating

2186
01:37:25,140 --> 01:37:23,080
nuclear weapons so I said oh right yeah

2187
01:37:26,070 --> 01:37:25,150
but anyway we're we're never going to

2188
01:37:29,280 --> 01:37:26,080

agree on that one

2189

01:37:31,020 --> 01:37:29,290

so right that's okay okay so we have a

2190

01:37:33,930 --> 01:37:31,030

caller on the line caller your first

2191

01:37:35,640 --> 01:37:33,940

name and where you're calling from are

2192

01:37:37,800 --> 01:37:35,650

you doing a good lab room calling in

2193

01:37:38,250 --> 01:37:37,810

from Florida hi there welcome to the

2194

01:37:39,960 --> 01:37:38,260

show

2195

01:37:44,430 --> 01:37:39,970

do you have a question for our gas thank

2196

01:37:47,970 --> 01:37:44,440

you yes well I sort of said my question

2197

01:37:50,040 --> 01:37:47,980

um I agree that I believe that there

2198

01:37:53,550 --> 01:37:50,050

there are so many things like washable

2199

01:37:57,290 --> 01:37:53,560

case were so many opinions about it and

2200

01:38:00,840 --> 01:37:57,300

there's no blue change them the alien

2201
01:38:09,320 --> 01:38:00,850
but I believe that you don't really need

2202
01:38:21,450 --> 01:38:13,050
wouldn't that gun footage right there in

2203
01:38:21,460 --> 01:38:30,710
[Music]

2204
01:38:38,100 --> 01:38:35,610
yeah yeah go ahead Mary yeah I I agree

2205
01:38:39,900 --> 01:38:38,110
with them I think it's it's it could be

2206
01:38:43,770 --> 01:38:39,910
very well be the first step of the

2207
01:38:46,440 --> 01:38:43,780
disclosure it was very unusual when the

2208
01:38:49,290 --> 01:38:46,450
the news was released and also you think

2209
01:38:51,060 --> 01:38:49,300
well you know why would you know what's

2210
01:38:52,740 --> 01:38:51,070
what's the thinking behind the Pentagon

2211
01:38:56,550 --> 01:38:52,750
because obviously it was leaked to the

2212
01:38:58,470 --> 01:38:56,560
New York Times somehow someway what's

2213
01:39:01,440 --> 01:38:58,480

what's the motive of the Pentagon to

2214

01:39:03,660 --> 01:39:01,450

have this all of a sudden this tape show

2215

01:39:06,740 --> 01:39:03,670

up and also the pilot the one particular

2216

01:39:10,080 --> 01:39:06,750

pilot you know who was now retired

2217

01:39:12,450 --> 01:39:10,090

Minoo interviewed a lot and and he

2218

01:39:14,130 --> 01:39:12,460

seemed to be just the perfect guy to

2219

01:39:15,390 --> 01:39:14,140

interview he didn't seem like a jet

2220

01:39:16,440 --> 01:39:15,400

fighter pilot to me he just seemed like

2221

01:39:19,620 --> 01:39:16,450

a normal guy

2222

01:39:22,650 --> 01:39:19,630

yeah rational guy and and in his money

2223

01:39:24,420 --> 01:39:22,660

and his his story he would always say he

2224

01:39:26,430 --> 01:39:24,430

looked at it from a real pilots money go

2225

01:39:28,170 --> 01:39:26,440

he's yeah he said I wish I could fly

2226

01:39:30,380 --> 01:39:28,180

something like that you know you you

2227

01:39:33,150 --> 01:39:30,390

don't make that up in a spin room right

2228

01:39:35,520 --> 01:39:33,160

you know so that's what I think is you

2229

01:39:38,520 --> 01:39:35,530

know maybe this is just the first the

2230

01:39:40,860 --> 01:39:38,530

first you know few drips of disclosure

2231

01:39:43,740 --> 01:39:40,870

but I think it to comment I think it was

2232

01:39:46,440 --> 01:39:43,750

like a little piece of disclosure okay

2233

01:39:48,810 --> 01:39:46,450

thank you caller yeah sure thank you

2234

01:39:51,150 --> 01:39:48,820

very much all right now we have another

2235

01:39:54,380 --> 01:39:51,160

caller on the line thanks for calling

2236

01:39:56,580 --> 01:39:54,390

your first name where you calling from

2237

01:40:00,930 --> 01:39:56,590

our Bobby can you speak up a little bit

2238

01:40:06,750 --> 01:40:00,940

please hi welcome to show Bobby I know

2239

01:40:09,330 --> 01:40:06,760

Bobby UFO Congress it would have been

2240

01:40:10,470 --> 01:40:09,340

nice but I busy just busy busy busy at

2241

01:40:13,200 --> 01:40:10,480

work

2242

01:40:15,450 --> 01:40:13,210

as for Maloney being a bucket of cold

2243

01:40:20,480 --> 01:40:15,460

water he doesn't have anything I'm Mark

2244

01:40:23,700 --> 01:40:20,490

Dantonio so you yeah okay

2245

01:40:25,860 --> 01:40:23,710

you have a question yeah well actually

2246

01:40:28,230 --> 01:40:25,870

no I was just gonna just talking about

2247

01:40:30,600 --> 01:40:28,240

the the new video out of the Pentagon

2248

01:40:33,480 --> 01:40:30,610

and stuff like that as for Roswell I

2249

01:40:34,920 --> 01:40:33,490

agree with you one of the most important

2250

01:40:37,020 --> 01:40:34,930

things about Roswell a lot of people

2251

01:40:38,220 --> 01:40:37,030

don't realize is nobody ever mentioned

2252

01:40:39,990 --> 01:40:38,230

rope they always said it was some kind

2253

01:40:42,360 --> 01:40:40,000

of balloon project but nobody ever

2254

01:40:46,530 --> 01:40:42,370

mentioned rope in the original Roswell

2255

01:40:50,550 --> 01:40:46,540

information rope was never mentioned the

2256

01:40:53,070 --> 01:40:50,560

other thing is with with the video Mark

2257

01:40:54,540 --> 01:40:53,080

Dantonio was like quick to try to debunk

2258

01:40:57,300 --> 01:40:54,550

it a little bit and talking about how

2259

01:40:58,830 --> 01:40:57,310

the camera rotated and stuff and I

2260

01:41:00,150 --> 01:40:58,840

just like wow this is like supposed to

2261

01:41:02,010 --> 01:41:00,160

be coming out of the Pentagon out of a

2262

01:41:03,510 --> 01:41:02,020

secret government project and I'm like

2263

01:41:05,460 --> 01:41:03,520

he's really trying to tear it down it

2264

01:41:07,200 --> 01:41:05,470

was like I was unbelievable to me but

2265

01:41:10,260 --> 01:41:07,210

you know I guess that's how things go

2266

01:41:12,150 --> 01:41:10,270

well he was he was on a show he was on a

2267

01:41:14,730 --> 01:41:12,160

show right after that happened and and

2268

01:41:16,170 --> 01:41:14,740

and and he said some things are we yeah

2269

01:41:17,760 --> 01:41:16,180

we didn't get in and I even on the other

2270

01:41:20,460 --> 01:41:17,770

but you know we would say we were saying

2271

01:41:22,410 --> 01:41:20,470

to him he says well this could be you

2272

01:41:24,510 --> 01:41:22,420

know reflection off of the canopy

2273

01:41:26,280 --> 01:41:24,520

because there's a display there that

2274

01:41:28,680 --> 01:41:26,290

sometimes reflects light and so on and

2275

01:41:30,480 --> 01:41:28,690

so forth and we said yeah but but you're

2276

01:41:34,200 --> 01:41:30,490

you're talking to God I mean if you fly

2277

01:41:36,420 --> 01:41:34,210

an f-18 okay you're a Top Gun okay

2278

01:41:38,880 --> 01:41:36,430

that's the that's the Navy's hottest

2279

01:41:41,940 --> 01:41:38,890

fighter you have to do what you have to

2280

01:41:43,800 --> 01:41:41,950

know what you're doing and you certainly

2281

01:41:45,720 --> 01:41:43,810

know if what you're looking at is

2282

01:41:48,660 --> 01:41:45,730

something that's a tumbling out in space

2283

01:41:51,450 --> 01:41:48,670

there looking like a giant tic-tac or a

2284

01:41:54,150 --> 01:41:51,460

reflection off your canopy that's one

2285

01:41:56,430 --> 01:41:54,160

thing we say this on the show yeah

2286

01:41:59,310 --> 01:41:56,440

endlessly is that military pilots

2287

01:42:02,370 --> 01:41:59,320

airline paths but mostly military pilots

2288

01:42:04,020 --> 01:42:02,380

are the best witnesses to UFO events

2289

01:42:06,150 --> 01:42:04,030

because they're up there flying around

2290

01:42:07,860 --> 01:42:06,160

all the time they know they've seen all

2291

01:42:09,930 --> 01:42:07,870

kinds of strange things we have on the

2292

01:42:12,390 --> 01:42:09,940

show all the time they see all kinds of

2293

01:42:15,180 --> 01:42:12,400

strange thing and and they get to know

2294

01:42:16,920 --> 01:42:15,190

you know what these things are and when

2295

01:42:18,900 --> 01:42:16,930

they see something that they cannot

2296

01:42:21,270 --> 01:42:18,910

explain believe me that's something that

2297

01:42:22,650 --> 01:42:21,280

cannot be explained well somebody had a

2298

01:42:25,770 --> 01:42:22,660

good question I actually listened to the

2299

01:42:26,970 --> 01:42:25,780

open minds broadcast of the interview

2300

01:42:31,230 --> 01:42:26,980

with the gentleman I can't think of his

2301

01:42:33,810 --> 01:42:31,240

name right now and they asked him if the

2302

01:42:35,310 --> 01:42:33,820

pilots voices were not oh yeah I think

2303

01:42:37,320 --> 01:42:35,320

with the videos like somebody has made

2304

01:42:39,210 --> 01:42:37,330

that up and he absolutely knocked that

2305

01:42:41,430 --> 01:42:39,220

down and absolutely said no when these

2306

01:42:44,640 --> 01:42:41,440

guys are stressed out they talk like we

2307

01:42:47,220 --> 01:42:44,650

will you know they say dude and all

2308

01:42:49,890 --> 01:42:47,230

kinds of other things and you know

2309

01:42:51,390 --> 01:42:49,900

there's also reference in there where he

2310

01:42:52,560 --> 01:42:51,400

states the other guy look at your other

2311

01:42:54,900 --> 01:42:52,570

radar they actually have different

2312

01:42:56,340 --> 01:42:54,910

radios ago radar where they're actually

2313

01:42:59,310 --> 01:42:56,350

looking at a distance and they have an

2314

01:43:02,070 --> 01:42:59,320

an overview radar where the guy they

2315

01:43:03,480 --> 01:43:02,080

obviously saw multiple objects you know

2316

01:43:05,700 --> 01:43:03,490

really that hasn't been talked about a

2317

01:43:07,020 --> 01:43:05,710

whole lot but something was going on

2318

01:43:09,660 --> 01:43:07,030

that really spooked these guys right

2319

01:43:11,040 --> 01:43:09,670

right in coming out of the water there's

2320

01:43:12,480 --> 01:43:11,050

a good chance that you know the

2321

01:43:14,520 --> 01:43:12,490

when they started shooting that overhead

2322

01:43:16,710 --> 01:43:14,530

video that the thing had just come out

2323

01:43:18,420 --> 01:43:16,720

of the water you know a few seconds

2324

01:43:20,370 --> 01:43:18,430

before and a lot of people you know

2325

01:43:22,590 --> 01:43:20,380

believe that UFOs might you know come

2326

01:43:24,030 --> 01:43:22,600

from the ocean or hide in the ocean or

2327

01:43:24,660 --> 01:43:24,040

whatever the the biggest thing about

2328

01:43:26,340 --> 01:43:24,670

that

2329

01:43:30,390 --> 01:43:26,350

you know after just the surprise of

2330

01:43:32,820 --> 01:43:30,400

seeing the video itself is to me is why

2331

01:43:36,540 --> 01:43:32,830

you know why why would they release it

2332

01:43:38,250 --> 01:43:36,550

now why would you know why now you know

2333

01:43:41,070 --> 01:43:38,260

unless it was really some kind of

2334

01:43:44,160 --> 01:43:41,080

gradual release some kind of gradual you

2335

01:43:45,960 --> 01:43:44,170

know first steps towards disclosure the

2336

01:43:47,910 --> 01:43:45,970

thing that was really interesting to me

2337

01:43:49,770 --> 01:43:47,920

was most important to me was they

2338

01:43:51,000 --> 01:43:49,780

actually they had a cap point where

2339

01:43:52,770 --> 01:43:51,010

they're supposed to meet up these guys

2340

01:43:54,510 --> 01:43:52,780

are flying to a special location and

2341

01:43:57,630 --> 01:43:54,520

then I moved from that location back to

2342

01:43:59,820 --> 01:43:57,640

the ship and these objects disappeared

2343

01:44:01,410 --> 01:43:59,830

from where they were and they get a

2344

01:44:02,940 --> 01:44:01,420

radio call from I guess the Nimitz

2345

01:44:05,790 --> 01:44:02,950

saying hey you won't believe this guys

2346

01:44:07,590 --> 01:44:05,800

but the tic tacs are now answer a cat

2347

01:44:09,060 --> 01:44:07,600

point and that was that was just like

2348

01:44:11,910 --> 01:44:09,070

mine ballgames almost like they could

2349

01:44:13,710 --> 01:44:11,920

read people's minds at a distance how

2350

01:44:15,030 --> 01:44:13,720

would they know yes right how would they

2351

01:44:17,280 --> 01:44:15,040

know to go there and you know that

2352

01:44:18,690 --> 01:44:17,290

technology you know and being able to go

2353

01:44:20,610 --> 01:44:18,700

into the water and out of the water I

2354

01:44:23,730 --> 01:44:20,620

mean we can't do that that's that's

2355

01:44:26,880 --> 01:44:23,740

thousands of years beyond us whatever it

2356

01:44:28,470 --> 01:44:26,890

is I'm not saying it's aliens or another

2357

01:44:30,780 --> 01:44:28,480

dimension but whatever it is it's just

2358

01:44:32,580 --> 01:44:30,790

it's mind-boggling I mean it's not an

2359

01:44:33,990 --> 01:44:32,590

easy answer there's no easy answers I

2360

01:44:36,690 --> 01:44:34,000

agree I agree

2361

01:44:38,880 --> 01:44:36,700

just one quick correction mech and that

2362

01:44:41,460 --> 01:44:38,890

is uh it never actually went into the

2363

01:44:43,440 --> 01:44:41,470

water it was the way it was one of the

2364

01:44:45,360 --> 01:44:43,450

people wanted it sound like it said it

2365

01:44:47,640 --> 01:44:45,370

was fifty feet down in the water but

2366

01:44:49,320 --> 01:44:47,650

what he meant to say was fifty feet over

2367

01:44:51,720 --> 01:44:49,330

the water so because I heard that

2368

01:44:53,190 --> 01:44:51,730

correction so they they never saw it

2369

01:44:56,280 --> 01:44:53,200

actually come out of the water as far

2370

01:44:58,050 --> 01:44:56,290

right yeah when that video starts it you

2371

01:45:01,470 --> 01:44:58,060

know you're looking down and it's kind

2372

01:45:05,460 --> 01:45:01,480

of your vantage point kind of fools your

2373

01:45:07,110 --> 01:45:05,470

eyes a little bit but you know then then

2374

01:45:08,370 --> 01:45:07,120

we have to assume that if it didn't come

2375

01:45:11,820 --> 01:45:08,380

out of the water then for some reason

2376

01:45:12,750 --> 01:45:11,830

was flying you know very fast fifty feet

2377

01:45:15,480 --> 01:45:12,760

above the water

2378

01:45:17,190 --> 01:45:15,490

and yeah well it almost seems like well

2379

01:45:18,990 --> 01:45:17,200

you know we just missed a little bit of

2380

01:45:20,490 --> 01:45:19,000

the footage yeah well you know lots of

2381

01:45:23,160 --> 01:45:20,500

you know I don't have to tell you that

2382

01:45:24,779 --> 01:45:23,170

there are lots of lots of reported

2383

01:45:28,619 --> 01:45:24,789

sightings of UFOs coming out of

2384

01:45:29,939 --> 01:45:28,629

especially - well I'm gonna leave you

2385

01:45:32,159 --> 01:45:29,949

guys with that I want you to say hello

2386

01:45:34,649 --> 01:45:32,169

2387

01:45:36,689 --> 01:45:34,659

mean shows I thank you for more free

2388

01:45:38,429 --> 01:45:36,699

episodes to show up because that's how I

2389

01:45:41,189 --> 01:45:38,439

get them is on the free website so

2390

01:45:44,459 --> 01:45:41,199

alright I made you guys keep me in

2391

01:45:46,169 --> 01:45:44,469

stitches at work my thighs hurt okay

2392

01:45:49,259 --> 01:45:46,179

that might not be our intention but

2393

01:45:50,489 --> 01:45:49,269

thank you alright thanks have a good

2394

01:45:52,559 --> 01:45:50,499

night all right

2395

01:45:54,599 --> 01:45:52,569

all right thanks so Mac real quickly and

2396

01:45:59,399 --> 01:45:54,609

now I told this story when I did there

2397

01:46:01,049 --> 01:45:59,409

the round table out in Phoenix but did

2398

01:46:02,909 --> 01:46:01,059

the same listener may not be listening

2399

01:46:05,459 --> 01:46:02,919

to both shows so I'll just tell real

2400

01:46:11,609 --> 01:46:05,469

quickly on my way out to Phoenix I sat

2401

01:46:13,979 --> 01:46:11,619

next to a American Airlines pilot and we

2402

01:46:15,509 --> 01:46:13,989

were chatting as a nice guy smart guy he

2403

01:46:19,109 --> 01:46:15,519

invented something we were talking about

2404

01:46:20,699 --> 01:46:19,119

that and so then he said he used to fly

2405

01:46:24,089 --> 01:46:20,709

military you know he used to fly the

2406

01:46:25,349 --> 01:46:24,099

f-18s in the airport first of all he

2407

01:46:27,209 --> 01:46:25,359

just said I was in the Air Force he

2408

01:46:30,839 --> 01:46:27,219

never even you know he was very humble

2409

01:46:32,719 --> 01:46:30,849

and so he said he used to fly fa-18 so I

2410

01:46:36,179 --> 01:46:32,729

said hey did you happen to catch the

2411

01:46:39,209 --> 01:46:36,189

Pentagon coming out about you know UFOs

2412

01:46:41,759 --> 01:46:39,219

and that they did a search for him and

2413

01:46:46,469 --> 01:46:41,769

he looks at me and he goes well it's

2414

01:46:49,169 --> 01:46:46,479

about time and then he said I know they

2415

01:46:50,819 --> 01:46:49,179

are real because I saw one and then he

2416

01:46:52,799 --> 01:46:50,829

looked at me and he goes you don't think

2417

01:46:55,109 --> 01:46:52,809

I'm crazy do you that that was his first

2418

01:46:58,169 --> 01:46:55,119

and I said no no tell me about your

2419

01:47:00,629 --> 01:46:58,179

story so he did it was a green or it was

2420

01:47:03,719 --> 01:47:00,639

a large green orb and he said the thing

2421

01:47:07,679 --> 01:47:03,729

about it is it tracked him they tracked

2422

01:47:10,709 --> 01:47:07,689

him to miles and miles and so he called

2423

01:47:12,809 --> 01:47:10,719

in to see if it was on ground radar and

2424

01:47:14,489 --> 01:47:12,819

it was not and then he looked over to I

2425

01:47:16,799 --> 01:47:14,499

don't know if he called his copilot or

2426

01:47:18,719 --> 01:47:16,809

whoever it was sound asleep and he said

2427

01:47:21,899 --> 01:47:18,729

should I wake him for that and he didn't

2428

01:47:23,309 --> 01:47:21,909

wake him but he said you know said well

2429

01:47:26,459 --> 01:47:23,319

that's amazing I asked him me to be on

2430

01:47:28,500 --> 01:47:26,469

the show and he said no no way you know

2431

01:47:31,049 --> 01:47:28,510

I'm a pilot for American Airlines and I

2432

01:47:32,879 --> 01:47:31,059

said did you be on anonymous and he said

2433

01:47:34,829 --> 01:47:32,889

well I'll think about he took my card so

2434

01:47:36,779 --> 01:47:34,839

I know I'll ever hear from you but

2435

01:47:37,570 --> 01:47:36,789

that's just another case of military you

2436

01:47:39,130 --> 01:47:37,580

know UFOs

2437

01:47:40,420 --> 01:47:39,140

a lot of them right people have the

2438

01:47:42,550 --> 01:47:40,430

sightings how many people talk about

2439

01:47:44,590 --> 01:47:42,560

them though right you see in the

2440

01:47:46,330 --> 01:47:44,600

military you don't you know the military

2441

01:47:47,500 --> 01:47:46,340

the pilots talk amongst themselves about

2442

01:47:49,210 --> 01:47:47,510

them but you know you never talk

2443

01:47:50,770 --> 01:47:49,220

publicly about it and you don't you

2444

01:47:53,020 --> 01:47:50,780

don't necessarily bring an official

2445

01:47:54,010 --> 01:47:53,030

report you know to higher-ups above it

2446

01:47:56,410 --> 01:47:54,020

because they don't want to hear it

2447

01:47:59,200 --> 01:47:56,420

though someone did tell me that a UFO

2448

01:48:02,470 --> 01:47:59,210

researcher did tell me that after 9/11

2449

01:48:05,290 --> 01:48:02,480

the reports of our military pilots

2450

01:48:07,360 --> 01:48:05,300

seeing UFOs skyrocketed and not that

2451

01:48:08,800 --> 01:48:07,370

that had anything to do it the 9/11

2452

01:48:11,410 --> 01:48:08,810

attack with the fact that we had more

2453

01:48:13,240 --> 01:48:11,420

more Air Force and Navy fighters in the

2454

01:48:14,740 --> 01:48:13,250

air for like the next two years after

2455

01:48:16,810 --> 01:48:14,750

that patrolling our borders and stuff

2456

01:48:17,350 --> 01:48:16,820

there's just like more flight operations

2457

01:48:19,120 --> 01:48:17,360

going on

2458

01:48:22,720 --> 01:48:19,130

so more your phones you know we're

2459

01:48:24,400 --> 01:48:22,730

seeing you know so and it lines the same

2460

01:48:27,940 --> 01:48:24,410

thing you know I am good friends with a

2461

01:48:29,980 --> 01:48:27,950

merican airline pilot and he flies the

2462

01:48:33,250 --> 01:48:29,990

route from Chicago over to Beijing they

2463

01:48:35,940 --> 01:48:33,260

go over the knot Paul and twice a month

2464

01:48:38,470 --> 01:48:35,950

he tells me we see stuff all the time

2465

01:48:40,420 --> 01:48:38,480

you know we see stuff all the time but

2466

01:48:42,940 --> 01:48:40,430

you don't report it to management

2467

01:48:44,320 --> 01:48:42,950

because you know that's very competitive

2468

01:48:46,750 --> 01:48:44,330

business and if you're up for some kind

2469

01:48:48,940 --> 01:48:46,760

of promotion and someone of equal

2470

01:48:51,070 --> 01:48:48,950

experience is up for promotion you've

2471

01:48:53,380 --> 01:48:51,080

reported UFO he hasn't he gets the job

2472

01:48:57,100 --> 01:48:53,390

just the way it is so well what do you

2473

01:48:59,920 --> 01:48:57,110

think because of this recent article do

2474

01:49:02,980 --> 01:48:59,930

you think any of that will change no I

2475

01:49:05,890 --> 01:49:02,990

don't you know I I don't I think as the

2476

01:49:07,390 --> 01:49:05,900

third carla back said you know if if I

2477

01:49:09,730 --> 01:49:07,400

think a lot of people are waiting for

2478

01:49:11,140 --> 01:49:09,740

you know a mother ship to land on the

2479

01:49:12,490 --> 01:49:11,150

White House lawn

2480

01:49:14,350 --> 01:49:12,500

god knows what they would do with that

2481

01:49:19,510 --> 01:49:14,360

these days but you know you need a

2482

01:49:22,540 --> 01:49:19,520

spectacular kind of event like that to

2483

01:49:24,850 --> 01:49:22,550

change everyone's mind I think yeah but

2484

01:49:27,520 --> 01:49:24,860

just think about this the the government

2485

01:49:31,090 --> 01:49:27,530

is actually saying that Pentagon had and

2486

01:49:33,370 --> 01:49:31,100

actually has a project to research these

2487

01:49:35,830 --> 01:49:33,380

things right doesn't that seem like that

2488

01:49:37,510 --> 01:49:35,840

would be enough to make it okay to talk

2489

01:49:39,820 --> 01:49:37,520

about it to the FAA like if you're

2490

01:49:41,350 --> 01:49:39,830

flying like hey you know the government

2491

01:49:44,170 --> 01:49:41,360

says they're searching well I saw one

2492

01:49:45,460 --> 01:49:44,180

too I mean and that it's still you still

2493

01:49:47,890 --> 01:49:45,470

think it would knock them down a notch

2494

01:49:49,870 --> 01:49:47,900

or two well though it seemed that way

2495

01:49:50,559 --> 01:49:49,880

plus you know it's only in this country

2496

01:49:52,239 --> 01:49:50,569

I mean

2497

01:49:54,789 --> 01:49:52,249

for instance the British defense

2498

01:49:56,709 --> 01:49:54,799

ministry you know they they released all

2499

01:49:58,959 --> 01:49:56,719

of their UFO FILES there are a few years

2500

01:50:01,629 --> 01:49:58,969

ago the the French look into it openly

2501

01:50:04,389 --> 01:50:01,639

the Brazilians very open the military

2502

01:50:05,619 --> 01:50:04,399

very open about looking into UFO reports

2503

01:50:09,429 --> 01:50:05,629

and things like that it's really only

2504

01:50:11,319 --> 01:50:09,439

here in the United States and which you

2505

01:50:13,270 --> 01:50:11,329

know tells me once again as I said I

2506

01:50:15,729 --> 01:50:13,280

don't think they know any more of it

2507

01:50:17,529 --> 01:50:15,739

about it they don't know anymore where

2508

01:50:19,239 --> 01:50:17,539

they come from than we do but they

2509

01:50:21,309 --> 01:50:19,249

certainly have more evidence and I think

2510

01:50:23,619 --> 01:50:21,319

the u.s. probably has more evidence and

2511

01:50:25,809 --> 01:50:23,629

all these other countries combined in

2512

01:50:28,509 --> 01:50:25,819

for whatever reason they have chosen to

2513

01:50:31,509 --> 01:50:28,519

keep that evidence secret yeah that's

2514

01:50:34,059 --> 01:50:31,519

right and I know you know Chile is

2515

01:50:36,520 --> 01:50:34,069

another country that that's that's

2516

01:50:38,679 --> 01:50:36,530

actually the foremost and unfortunately

2517

01:50:41,319 --> 01:50:38,689

had a blooper when they thought they had

2518

01:50:42,339 --> 01:50:41,329

a good UFO they released a few years ago

2519

01:50:45,429 --> 01:50:42,349

I don't know if you even heard about

2520

01:50:48,219 --> 01:50:45,439

that but they have every single aspect

2521

01:50:49,209 --> 01:50:48,229

of their country involved and trying to

2522

01:50:50,799 --> 01:50:49,219

figure out what these things are

2523

01:50:53,469 --> 01:50:50,809

including the military police

2524

01:50:55,779 --> 01:50:53,479

scientists everyone is involved and no

2525

01:50:57,399 --> 01:50:55,789

verdict and and the Russians - I mean

2526

01:51:00,909 --> 01:50:57,409

you know back in the eighties the

2527

01:51:02,889 --> 01:51:00,919

Russians Russian military sent out like

2528

01:51:04,899 --> 01:51:02,899

question is to every person in the

2529

01:51:07,929 --> 01:51:04,909

Russian military Navy Air Force Army

2530

01:51:10,119 --> 01:51:07,939

whatever and said if you see a UFO you

2531

01:51:12,099 --> 01:51:10,129

know you are under orders to to write

2532

01:51:13,899 --> 01:51:12,109

out this report and send it to us so in

2533

01:51:15,939 --> 01:51:13,909

other words suddenly they had like about

2534

01:51:18,669 --> 01:51:15,949

three million you know eyes out there

2535

01:51:20,379 --> 01:51:18,679

looking for UFO reports and they got

2536

01:51:21,729 --> 01:51:20,389

lots of them they didn't like in this

2537

01:51:23,049 --> 01:51:21,739

country we hear so many stories about

2538

01:51:24,309 --> 01:51:23,059

veterans saying you're gonna lose your

2539

01:51:26,169 --> 01:51:24,319

pension you could talk about what you

2540

01:51:27,819 --> 01:51:26,179

saw and everything we talk about the

2541

01:51:31,989 --> 01:51:27,829

industry for those guys a lot on the

2542

01:51:33,459 --> 01:51:31,999

show as well but in Russia you know it's

2543

01:51:35,709 --> 01:51:33,469

the complete opposite they're

2544

01:51:38,979 --> 01:51:35,719

encouraging their military to report

2545

01:51:41,139 --> 01:51:38,989

seeing UFOs so they can you know kind of

2546

01:51:43,029 --> 01:51:41,149

figure out what they are but here you

2547

01:51:46,899 --> 01:51:43,039

know I mean the u.s. is weird that they

2548

01:51:48,369 --> 01:51:46,909

like keeping secrets and for some reason

2549

01:51:50,619 --> 01:51:48,379

like I say for some reason they they

2550

01:51:53,409 --> 01:51:50,629

they choose to be closed looked about

2551

01:51:55,089 --> 01:51:53,419

this who knows why right one of the

2552

01:51:59,019 --> 01:51:55,099

questions that if I had an opportunity

2553

01:52:03,189 --> 01:51:59,029

to ever talk to anyone that is involved

2554

01:52:04,140 --> 01:52:03,199

in the to the Stars Academy you know Tom

2555

01:52:06,390 --> 01:52:04,150

DeLonge started that

2556

01:52:11,490 --> 01:52:06,400

if I had any chance to chance to talk to

2557

01:52:14,479 --> 01:52:11,500

anyone there I would ask them how do

2558

01:52:17,430 --> 01:52:14,489

they think they're going to reverse

2559

01:52:18,390 --> 01:52:17,440

technology by observing that's one of

2560

01:52:20,100 --> 01:52:18,400

the things they're claiming they're

2561

01:52:22,110 --> 01:52:20,110

going to be doing are you familiar with

2562

01:52:23,820 --> 01:52:22,120

that but they said not yea they

2563

01:52:25,919 --> 01:52:23,830

basically are saying that they want to

2564

01:52:28,950 --> 01:52:25,929

be able to observe these things to try

2565

01:52:32,240 --> 01:52:28,960

to replicate what they're doing and I

2566

01:52:34,950 --> 01:52:32,250

just can't understand how you could

2567

01:52:37,590 --> 01:52:34,960

replicate something because you see it

2568

01:52:38,640 --> 01:52:37,600

doing some type of actions that to me

2569

01:52:40,800 --> 01:52:38,650

doesn't make any sense

2570

01:52:42,840 --> 01:52:40,810

I mean people see you know they see them

2571

01:52:44,630 --> 01:52:42,850

all the time you know how as you say

2572

01:52:46,560 --> 01:52:44,640

just by the way something is flying

2573

01:52:48,180 --> 01:52:46,570

you're not going to be all of a sudden

2574

01:52:50,760 --> 01:52:48,190

you know get to a drawing board and kind

2575

01:52:52,800 --> 01:52:50,770

of figure it out you know real quick

2576

01:52:56,100 --> 01:52:52,810

there was a there was an incident in

2577

01:52:58,140 --> 01:52:56,110

Japan in the early 50s where there was a

2578

01:52:59,270 --> 01:52:58,150

Japanese there was a US Air Force Base

2579

01:53:03,689 --> 01:52:59,280

where Tokyo International

2580

01:53:04,950 --> 01:53:03,699

internationally what is now and while

2581

01:53:07,590 --> 01:53:04,960

the Americans were running it during the

2582

01:53:10,709 --> 01:53:07,600

Korean War this UFO showed up over Tokyo

2583

01:53:12,180 --> 01:53:10,719

Bay right near this airbase and the

2584

01:53:14,729 --> 01:53:12,190

people in the air traffic control tower

2585

01:53:16,590 --> 01:53:14,739

saw it there's actually two shifts there

2586

01:53:19,970 --> 01:53:16,600

is a shift change so twice the number of

2587

01:53:22,649 --> 01:53:19,980

people saw it on radar and visually they

2588

01:53:26,160 --> 01:53:22,659

scrambled jets jets came up picked up

2589

01:53:27,479 --> 01:53:26,170

the UFO on radar and visually basically

2590

01:53:29,880 --> 01:53:27,489

when they just would show up the raid

2591

01:53:31,080 --> 01:53:29,890

the UFO would would disappear the just

2592

01:53:33,450 --> 01:53:31,090

disappeared you'll fall will come back

2593

01:53:35,430 --> 01:53:33,460

but anyway what it was doing was the way

2594

01:53:38,430 --> 01:53:35,440

it was flying was it seemed to be doing

2595

01:53:40,380 --> 01:53:38,440

search patterns over Tokyo Bay flying

2596

01:53:42,240 --> 01:53:40,390

long distance this way and that's the

2597

01:53:45,570 --> 01:53:42,250

way you search for people missing at sea

2598

01:53:48,300 --> 01:53:45,580

you do it in in a grid pattern ready

2599

01:53:51,390 --> 01:53:48,310

yeah so the only thing that that RuPaul

2600

01:53:53,130 --> 01:53:51,400

did captain roof of a Project Blue Book

2601
01:53:54,270 --> 01:53:53,140
was he thought hey this is interesting

2602
01:53:55,320 --> 01:53:54,280
because it really kind of looks like

2603
01:53:58,620 --> 01:53:55,330
these things are flying in an

2604
01:54:00,840 --> 01:53:58,630
intelligent way as opposed to you know a

2605
01:54:02,820 --> 01:54:00,850
bunch of geese flying you know and a

2606
01:54:05,100 --> 01:54:02,830
chevron they're flying in an intelligent

2607
01:54:07,200 --> 01:54:05,110
way where a hive of bees they're just

2608
01:54:09,930 --> 01:54:07,210
going every which way and he thought if

2609
01:54:11,970 --> 01:54:09,940
we can prove that you know your foes are

2610
01:54:14,340 --> 01:54:11,980
flying in some kind of it organized

2611
01:54:15,959 --> 01:54:14,350
intelligent way that's a big step in to

2612
01:54:17,700 --> 01:54:15,969
try to figure out what these things are

2613
01:54:20,790 --> 01:54:17,710

or whether they're just a frequent

2614

01:54:22,080 --> 01:54:20,800

thing of nature okay and he asked for

2615

01:54:24,600 --> 01:54:22,090

the money in the Pentagon didn't even

2616

01:54:26,280 --> 01:54:24,610

the money to study it so yeah that would

2617

01:54:27,750 --> 01:54:26,290

have been a really back in the 50s that

2618

01:54:29,760 --> 01:54:27,760

would have been an interesting thing to

2619

01:54:30,840 --> 01:54:29,770

get into yeah who knows where we could

2620

01:54:32,670 --> 01:54:30,850

have advanced from there

2621

01:54:34,410 --> 01:54:32,680

hey we have a caller on the line Collier

2622

01:54:35,970 --> 01:54:34,420

we don't have a lot of time here but

2623

01:54:38,720 --> 01:54:35,980

your first name and where you're calling

2624

01:54:44,790 --> 01:54:39,900

Lansdale

2625

01:54:46,470 --> 01:54:44,800

a huge fan guys oh hey thank you welcome

2626
01:54:51,500 --> 01:54:46,480
to the show and you have a question for

2627
01:54:53,700 --> 01:54:51,510
Mack well I guess either of you the

2628
01:54:55,200 --> 01:54:53,710
Pentagon and I don't know five this

2629
01:54:58,440 --> 01:54:55,210
entirely correct said there was going to

2630
01:55:00,300 --> 01:54:58,450
be more videos forthcoming and I just

2631
01:55:05,990 --> 01:55:00,310
learned this you could talk about that

2632
01:55:08,160 --> 01:55:06,000
yeah I know a little bit about that be

2633
01:55:11,030 --> 01:55:08,170
interested to hear what you heard yeah

2634
01:55:14,700 --> 01:55:11,040
so that was a question that was asked by

2635
01:55:17,700 --> 01:55:14,710
by people that were posing questions for

2636
01:55:20,160 --> 01:55:17,710
lewis Elizondo for his recent interview

2637
01:55:21,990 --> 01:55:20,170
that was done out in san diego and that

2638
01:55:23,670 --> 01:55:22,000

was at the actually at the UFO congress

2639

01:55:26,400 --> 01:55:23,680

is actually available on my website

2640

01:55:30,810 --> 01:55:26,410

anyone can watch it it's embedded on

2641

01:55:35,209 --> 01:55:30,820

there the podcast UFO comm so his answer

2642

01:55:40,290 --> 01:55:35,219

to that was yes they will be coming out

2643

01:55:42,479 --> 01:55:40,300

exactly when and who knows it's very he

2644

01:55:45,390 --> 01:55:42,489

has to get permission before he can

2645

01:55:47,700 --> 01:55:45,400

actually let that get released so

2646

01:55:50,280 --> 01:55:47,710

there's no hard date exactly when that's

2647

01:55:52,709 --> 01:55:50,290

going to come out but there will be they

2648

01:55:55,560 --> 01:55:52,719

will be working in conjunction once

2649

01:55:57,060 --> 01:55:55,570

again with the New York Times and Leslie

2650

01:55:59,490 --> 01:55:57,070

Kane and they're all going to be

2651
01:56:02,040 --> 01:55:59,500
involved in it according now this that

2652
01:56:04,470 --> 01:56:02,050
part is nothing that Louis Elizondo

2653
01:56:06,860 --> 01:56:04,480
actually said but that part is something

2654
01:56:09,600 --> 01:56:06,870
that when I had a conversation with

2655
01:56:12,420 --> 01:56:09,610
Ralph Bloomfield one of the authors of

2656
01:56:15,990 --> 01:56:12,430
that article he basically said that's

2657
01:56:18,600 --> 01:56:16,000
kind of a word it's kind of in the hands

2658
01:56:21,990 --> 01:56:18,610
of both the Pentagon saying it's okay

2659
01:56:25,229 --> 01:56:22,000
and also the New York Times as far as I

2660
01:56:31,520 --> 01:56:25,239
know that's as far as much of the

2661
01:56:35,720 --> 01:56:34,100
comment that video shut up shut a lot of

2662
01:56:38,569 --> 01:56:35,730
my friends at work up after they saw

2663
01:56:40,069 --> 01:56:38,579

that they were skeptics before and they

2664

01:56:42,260 --> 01:56:40,079

were like alright maybe there's

2665

01:56:44,839 --> 01:56:42,270

something here so I just wanted to add

2666

01:56:46,430 --> 01:56:44,849

that you know I was gonna say the

2667

01:56:49,149 --> 01:56:46,440

Pentagon and the New York Times really

2668

01:56:51,890 --> 01:56:49,159

don't work on very many things together

2669

01:56:55,520 --> 01:56:51,900

it's just this strange bedfellows in a

2670

01:56:57,950 --> 01:56:55,530

way yeah and you know so once again I

2671

01:57:00,319 --> 01:56:57,960

said before I think that most

2672

01:57:01,939 --> 01:57:00,329

interesting thing about this in the the

2673

01:57:03,109 --> 01:57:01,949

video is certainly really interesting in

2674

01:57:05,930 --> 01:57:03,119

the fact that they you know might

2675

01:57:07,729 --> 01:57:05,940

release more is really interesting but

2676

01:57:10,160 --> 01:57:07,739

the question is why why now

2677

01:57:12,919 --> 01:57:10,170

yeah I've I've tried to ask that

2678

01:57:16,850 --> 01:57:12,929

question Mac and it doesn't seem like it

2679

01:57:19,040 --> 01:57:16,860

goes anywhere I just I don't know and

2680

01:57:21,950 --> 01:57:19,050

that's a question that actually Stanton

2681

01:57:25,459 --> 01:57:21,960

Friedman had - the last time I talked to

2682

01:57:27,200 --> 01:57:25,469

him why now and why and who you know

2683

01:57:29,060 --> 01:57:27,210

he's not he's not totally convinced it's

2684

01:57:30,589 --> 01:57:29,070

just you know the Pentagon it might be

2685

01:57:32,899 --> 01:57:30,599

there might be something else going on

2686

01:57:35,899 --> 01:57:32,909

here Mac we're out of time and thanks

2687

01:57:38,979 --> 01:57:35,909

2688

2689

2690

01:57:45,279 --> 01:57:43,860

how someone can watch that I've listened

2691

01:57:48,830 --> 01:57:45,289

2692

01:57:50,959 --> 01:57:48,840
