

PODCAST UFO LIVE STREAM

1  
00:00:26,740 --> 00:00:19,280

[Music]

2  
00:00:32,330 --> 00:00:29,750

hello and welcome to the show on Martin

3  
00:00:34,010 --> 00:00:32,340

Willis sure host we have a great one for

4  
00:00:35,990 --> 00:00:34,020

you this evening Greg bishops going to

5  
00:00:38,090 --> 00:00:36,000

be on and I just started listening to

6  
00:00:40,280 --> 00:00:38,100

his podcast recently and it's great

7  
00:00:43,040 --> 00:00:40,290

we'll talk a little bit about that and a

8  
00:00:46,520 --> 00:00:43,050

lot more Alejandro Rojas is coming up

9  
00:00:48,500 --> 00:00:46,530

with UFO updates in just a second here I

10  
00:00:51,350 --> 00:00:48,510

want to thank everyone that supports the

11  
00:00:54,590 --> 00:00:51,360

show for only two dollars or more a

12  
00:00:56,210 --> 00:00:54,600

month you can help us out and I just

13  
00:00:59,030 --> 00:00:56,220

have to say real quickly it's not

14

00:01:02,750 --> 00:00:59,040

affecting anyone at all but we did get

15

00:01:04,729 --> 00:01:02,760

hacked and I've had I've had to like

16

00:01:08,420 --> 00:01:04,739

redo all types of security services and

17

00:01:12,889 --> 00:01:08,430

things and clean the site but someone in

18

00:01:17,420 --> 00:01:12,899

China was getting new subscribers PayPal

19

00:01:20,330 --> 00:01:17,430

money and you know and it was quite a

20

00:01:22,040 --> 00:01:20,340

bit all at once so but that's taken care

21

00:01:24,469 --> 00:01:22,050

of we're all set

22

00:01:26,630 --> 00:01:24,479

just another monthly expense so if

23

00:01:29,690 --> 00:01:26,640

anyone can help us out we would really

24

00:01:33,200 --> 00:01:29,700

appreciate it that information is all on

25

00:01:34,340 --> 00:01:33,210

podcast UFO comm and if you can help us

26

00:01:36,620 --> 00:01:34,350

out you still want to listen to the

27

00:01:38,810 --> 00:01:36,630

whole show always on Wednesday evenings

28

00:01:41,570 --> 00:01:38,820

that may change to Monday eventually but

29

00:01:44,450 --> 00:01:41,580

right now it's on Wednesdays at 8:00 to

30

00:01:46,520 --> 00:01:44,460

10:00 p.m. Eastern Standard Time you can

31

00:01:49,100 --> 00:01:46,530

also listen on the Dark Matter digital

32

00:01:52,060 --> 00:01:49,110

network a lot of people do and that's on

33

00:01:55,130 --> 00:01:52,070

Thursdays from 10:00 to midnight and

34

00:01:59,060 --> 00:01:55,140

that's it for me Alejandro how are you

35

00:02:01,880 --> 00:01:59,070

good to have you back I am good how are

36

00:02:06,730 --> 00:02:01,890

you doing great was I here last week no

37

00:02:10,249 --> 00:02:06,740

you haven't been on for a long long long

38

00:02:13,250 --> 00:02:10,259

holy-moly long time I don't know exactly

39

00:02:14,780 --> 00:02:13,260

well I'm back baby yeah you're back and

40

00:02:18,500 --> 00:02:14,790

you got a great shirt anyone watching

41

00:02:20,449 --> 00:02:18,510

youtube what is that oh isn't that cute

42

00:02:22,960 --> 00:02:20,459

it's a little lego guy so this is when I

43

00:02:25,330 --> 00:02:22,970

volunteered my girlfriend's daughter

44

00:02:28,940 --> 00:02:25,340

Rihanna who's one of my good buddies

45

00:02:31,400 --> 00:02:28,950

she's awesome but she is in her first

46

00:02:35,960 --> 00:02:31,410

year in college but in high school she

47

00:02:36,559 --> 00:02:35,970

was part of the Robotics Club and one of

48

00:02:38,780 --> 00:02:36,569

the rope

49

00:02:41,720 --> 00:02:38,790

leagues is a LEGO League it's the

50

00:02:44,059 --> 00:02:41,730

Elementary League and so we volunteered

51  
00:02:46,759 --> 00:02:44,069  
to help those guys out a couple of times

52  
00:02:48,709 --> 00:02:46,769  
and so this is our volunteer t-shirt for

53  
00:02:51,199 --> 00:02:48,719  
the robotics LEGO League

54  
00:02:53,030 --> 00:02:51,209  
pretty cool huh yeah I like it yeah I

55  
00:02:53,720 --> 00:02:53,040  
love it yeah yeah so how's everything

56  
00:02:56,720 --> 00:02:53,730  
going

57  
00:02:57,589 --> 00:02:56,730  
you had some R&R readings did some

58  
00:03:00,530 --> 00:02:57,599  
travel huh

59  
00:03:03,520 --> 00:03:00,540  
well I did some traveling not a whole

60  
00:03:07,369 --> 00:03:03,530  
lot of R&R I hope to get to some more

61  
00:03:11,030 --> 00:03:07,379  
but it's been busy so of course there's

62  
00:03:13,729 --> 00:03:11,040  
so much going on right now I'm still

63  
00:03:16,300 --> 00:03:13,739

playing some catch-up in fact right now

64

00:03:18,439 --> 00:03:16,310

I'm writing my story about the third

65

00:03:19,879 --> 00:03:18,449

Department of Defense video that was

66

00:03:23,569 --> 00:03:19,889

released which I'm sure we can talk

67

00:03:26,119 --> 00:03:23,579

about and even though that happened you

68

00:03:31,220 --> 00:03:26,129

know what a week or two ago two weeks

69

00:03:33,709 --> 00:03:31,230

ago maybe now but about a week week and

70

00:03:35,000 --> 00:03:33,719

a half actually it was March 9th but so

71

00:03:38,059 --> 00:03:35,010

I'm still counting I'm playing catch-up

72

00:03:40,729 --> 00:03:38,069

I had some other story supposed and one

73

00:03:42,890 --> 00:03:40,739

of those sent to us from Linda Zimmerman

74

00:03:46,550 --> 00:03:42,900

that I posted on Friday was a great one

75

00:03:48,499 --> 00:03:46,560

about UFO sightings during Saint

76

00:03:50,330 --> 00:03:48,509

Patrick's Day in particular of course

77

00:03:52,849 --> 00:03:50,340

she's focused on the Hudson Valley New

78

00:03:56,539 --> 00:03:52,859

York area so she wrote about that but

79

00:03:59,780 --> 00:03:56,549

really cool stories there so yeah I've

80

00:04:01,550 --> 00:03:59,790

been busy with that I've also got any

81

00:04:05,089 --> 00:04:01,560

other new venture I'm doing to see you

82

00:04:07,729 --> 00:04:05,099

know oh and I can plug this modern

83

00:04:10,670 --> 00:04:07,739

American dot news so I've got a lot of

84

00:04:12,050 --> 00:04:10,680

blogs you know I used to contribute with

85

00:04:14,149 --> 00:04:12,060

the Huffington Post I'm not doing that

86

00:04:16,069 --> 00:04:14,159

anymore but I've still got all of these

87

00:04:20,029 --> 00:04:16,079

great interviews with some scientists

88

00:04:23,749 --> 00:04:20,039

and and with in one case that former

89

00:04:26,420 --> 00:04:23,759

senator and or for American about space

90

00:04:28,969 --> 00:04:26,430

and other things so I've got a new site

91

00:04:31,879 --> 00:04:28,979

modern American news and I get story

92

00:04:34,730 --> 00:04:31,889

sometimes from people who ask if this

93

00:04:38,510 --> 00:04:34,740

story will fit you know an open mind and

94

00:04:40,100 --> 00:04:38,520

if it's not UFOs I don't post it so I've

95

00:04:41,959 --> 00:04:40,110

got some of those don't let those people

96

00:04:43,850 --> 00:04:41,969

know that I can't post at this new

97

00:04:44,870 --> 00:04:43,860

website that I'm putting together and

98

00:04:46,939 --> 00:04:44,880

I'm going to talk to some of my other

99

00:04:49,459 --> 00:04:46,949

media buddies because often you know

100

00:04:50,450 --> 00:04:49,469

when when people write they're stuck on

101  
00:04:52,550 --> 00:04:50,460

a particular job

102  
00:04:55,100 --> 00:04:52,560

that their their task to write about for

103  
00:04:56,870 --> 00:04:55,110

whatever outlet they write for so this

104  
00:04:58,640 --> 00:04:56,880

gives people the opportunity to write

105  
00:05:01,309 --> 00:04:58,650

about other genres that they may be

106  
00:05:03,260 --> 00:05:01,319

interested in so I'm excited about that

107  
00:05:05,059 --> 00:05:03,270

I hope this does well and can you tell

108  
00:05:07,760 --> 00:05:05,069

us you found another outlet for writing

109  
00:05:10,550 --> 00:05:07,770

an idea of what type of topics we may be

110  
00:05:13,790 --> 00:05:10,560

able to find on that like right now

111  
00:05:16,010 --> 00:05:13,800

you'll see a lot of my kind of science

112  
00:05:17,870 --> 00:05:16,020

and entertainment stuff so my interviews

113  
00:05:20,719 --> 00:05:17,880

with scientists regarding some

114

00:05:24,230 --> 00:05:20,729

fascinating topics like you know

115

00:05:26,650 --> 00:05:24,240

robotics one of the interviews I did was

116

00:05:29,420 --> 00:05:26,660

you know whether or not we'll have an AI

117

00:05:32,740 --> 00:05:29,430

robot anytime soon kind of like in the

118

00:05:35,420 --> 00:05:32,750

movie chappie and this guy is an ASU

119

00:05:37,790 --> 00:05:35,430

researcher who is working on robotics

120

00:05:39,469 --> 00:05:37,800

for NASA and he's working on building

121

00:05:42,170 --> 00:05:39,479

robots that can think for themselves

122

00:05:44,749 --> 00:05:42,180

because let's say you send a robot or

123

00:05:46,279 --> 00:05:44,759

like the Rovers on Mars takes a long

124

00:05:49,010 --> 00:05:46,289

time to communicate with them if they

125

00:05:51,529 --> 00:05:49,020

could actually figure out and determine

126

00:05:54,890 --> 00:05:51,539

some some tasks they could do on their

127

00:05:57,589 --> 00:05:54,900

own then we don't have to wait for the

128

00:05:59,330 --> 00:05:57,599

course but you know the signals to go

129

00:06:02,899 --> 00:05:59,340

back and forth so that's what he's

130

00:06:06,649 --> 00:06:02,909

working on and surprisingly he says yes

131

00:06:09,890 --> 00:06:06,659

that it won't be too long before we

132

00:06:12,760 --> 00:06:09,900

could do some sort of AI system that

133

00:06:15,200 --> 00:06:12,770

could become self-aware which is kind of

134

00:06:17,149 --> 00:06:15,210

strange I mean that that that's really

135

00:06:19,520 --> 00:06:17,159

odd some of the experiments some of

136

00:06:21,620 --> 00:06:19,530

these robotics guys do too it's a like

137

00:06:24,890 --> 00:06:21,630

this one guy has these little robots he

138

00:06:28,939 --> 00:06:24,900

makes and he used uses the brains of Maz

139

00:06:31,879 --> 00:06:28,949

of oh I think I saw something on that

140

00:06:35,270 --> 00:06:31,889

the controls yeah showing little wires

141

00:06:36,920 --> 00:06:35,280

into the and yeah yeah so some cool

142

00:06:38,950 --> 00:06:36,930

stuff like that some cutting edge kind

143

00:06:43,219 --> 00:06:38,960

of science and space stuff out there

144

00:06:45,170 --> 00:06:43,229

Mike Massimino is a astronaut you see

145

00:06:47,240 --> 00:06:45,180

him more and more on television he's

146

00:06:49,370 --> 00:06:47,250

this New Yorker guy I think it's from

147

00:06:51,230 --> 00:06:49,380

the Bronx and he's just a really cool

148

00:06:53,029 --> 00:06:51,240

guy but I also posted an interview I

149

00:06:54,740 --> 00:06:53,039

have of him up there and that's really

150

00:06:57,230 --> 00:06:54,750

amazing kids we're talking about

151  
00:07:00,890 --> 00:06:57,240  
spacewalks and you really get the sense

152  
00:07:04,220 --> 00:07:00,900  
of kind of that ah that they encounter

153  
00:07:07,280 --> 00:07:04,230  
when they're doing the spacewalks so

154  
00:07:10,310 --> 00:07:07,290  
yeah so I hurry up you need to interview

155  
00:07:12,560 --> 00:07:10,320  
more astronauts and things like that and

156  
00:07:14,120 --> 00:07:12,570  
so that's what you'll see up there is

157  
00:07:16,940 --> 00:07:14,130  
more of the kind of conventional stuff

158  
00:07:19,130 --> 00:07:16,950  
I'll put the bigger UFO stories up there

159  
00:07:23,000 --> 00:07:19,140  
occasionally but for the most part you

160  
00:07:26,540 --> 00:07:23,010  
know it yeah kind of mainstream news

161  
00:07:29,360 --> 00:07:26,550  
sort of things there well talking about

162  
00:07:31,460 --> 00:07:29,370  
a I took a little a little step back

163  
00:07:34,730 --> 00:07:31,470

with that right by you

164

00:07:36,950 --> 00:07:34,740

in Tempe that accident recently is too

165

00:07:39,890 --> 00:07:36,960

bad a self-driving cars I really think

166

00:07:41,600 --> 00:07:39,900

is going to be the future you know

167

00:07:43,970 --> 00:07:41,610

whatever happened hopefully they can

168

00:07:46,520 --> 00:07:43,980

figure it out in iron it out so

169

00:07:50,410 --> 00:07:46,530

something like that won't happen well

170

00:07:53,870 --> 00:07:50,420

actually they're kind of stating that

171

00:07:56,180 --> 00:07:53,880

something like this can happen and will

172

00:07:58,130 --> 00:07:56,190

happen again but it wasn't the cars

173

00:08:02,540 --> 00:07:58,140

fault so it's almost actually turning

174

00:08:05,300 --> 00:08:02,550

into a good story for these cars because

175

00:08:07,040 --> 00:08:05,310

they at least the police officer they

176

00:08:10,910 --> 00:08:07,050

kind of walked it back in it's been kind

177

00:08:12,680 --> 00:08:10,920

of this PR issue but they said that from

178

00:08:14,540 --> 00:08:12,690

looking at the cameras on the vehicle no

179

00:08:16,100 --> 00:08:14,550

one could have avoided hitting that

180

00:08:18,410 --> 00:08:16,110

person because unfortunately that person

181

00:08:22,040 --> 00:08:18,420

walked out onto the street with their

182

00:08:24,620 --> 00:08:22,050

car in front by some day yeah the

183

00:08:26,840 --> 00:08:24,630

bicycle so there's this area where it's

184

00:08:28,970 --> 00:08:26,850

this is weird and it's kind of the city

185

00:08:31,130 --> 00:08:28,980

of tempies fault they have this area

186

00:08:33,620 --> 00:08:31,140

where there's this walkway and it looks

187

00:08:36,020 --> 00:08:33,630

like it's a pedestrian or biking lane

188

00:08:39,380 --> 00:08:36,030

and it's not and there's even a sign

189

00:08:43,010 --> 00:08:39,390

that says this is just for for looks

190

00:08:44,480 --> 00:08:43,020

essentially and which is kind of silly

191

00:08:46,550 --> 00:08:44,490

because why do you have a walkway there

192

00:08:48,500 --> 00:08:46,560

so that's where this person was was on

193

00:08:50,270 --> 00:08:48,510

this walkway and they I guess assumed

194

00:08:52,540 --> 00:08:50,280

they could cross the street cuz just

195

00:08:55,190 --> 00:08:52,550

down the street near the university any

196

00:08:58,610 --> 00:08:55,200

crosswalks you know you have to stop

197

00:09:00,620 --> 00:08:58,620

before for pedestrians going through the

198

00:09:02,630 --> 00:09:00,630

crosswalk but this is not a crosswalk

199

00:09:05,590 --> 00:09:02,640

that she went through so it's looking

200

00:09:09,010 --> 00:09:05,600

like it wasn't the cars fault and

201  
00:09:11,120 --> 00:09:09,020  
they're saying that you know the the

202  
00:09:13,940 --> 00:09:11,130  
vehicle or the car could not have

203  
00:09:16,310 --> 00:09:13,950  
avoided the so it's just like the

204  
00:09:17,720 --> 00:09:16,320  
incident the same thing as if a driver

205  
00:09:21,110 --> 00:09:17,730  
couldn't avoid it the via

206  
00:09:23,680 --> 00:09:21,120  
avoid it right either yeah and I get a

207  
00:09:26,060 --> 00:09:23,690  
vehicle yeah for the most part I think

208  
00:09:29,660 --> 00:09:26,070  
self-driving cars are gonna be much much

209  
00:09:31,759 --> 00:09:29,670  
safer than yeah you know just it can

210  
00:09:34,160 --> 00:09:31,769  
react instant of what I mean we can

211  
00:09:36,860 --> 00:09:34,170  
react fairly quickly but they can react

212  
00:09:38,780 --> 00:09:36,870  
much quicker than the Amman brain yep

213  
00:09:41,360 --> 00:09:38,790

the way there's so many cars have this

214

00:09:43,250 --> 00:09:41,370

integrated these integrated systems

215

00:09:47,030 --> 00:09:43,260

where they'll stop if you miss something

216

00:09:51,019 --> 00:09:47,040

they'll stop for you I have noticed that

217

00:09:53,300 --> 00:09:51,029

Toyota's only real 2017 and it has it

218

00:09:54,920 --> 00:09:53,310

has an alarm if someone stops up in

219

00:09:56,180 --> 00:09:54,930

front of you and then if you don't hit

220

00:09:57,860 --> 00:09:56,190

the brakes that will hit them for you

221

00:10:01,550 --> 00:09:57,870

which is pretty nice Wow

222

00:10:03,500 --> 00:10:01,560

yeah it's cool I love this stuff that

223

00:10:05,030 --> 00:10:03,510

well that's great I wish you good luck

224

00:10:08,150 --> 00:10:05,040

on that I think we should probably talk

225

00:10:10,819 --> 00:10:08,160

about UFO news though right yes there

226  
00:10:13,759 --> 00:10:10,829  
anything some point yeah so what's going

227  
00:10:16,100 --> 00:10:13,769  
on yeah so I don't know have you talked

228  
00:10:18,350 --> 00:10:16,110  
about the third video much from I have

229  
00:10:18,910 --> 00:10:18,360  
not you cover that no I don't talk about

230  
00:10:23,210 --> 00:10:18,920  
it

231  
00:10:26,360 --> 00:10:23,220  
so on March 9th a Washington Post story

232  
00:10:28,939 --> 00:10:26,370  
came out while I was in the Caribbean so

233  
00:10:31,579 --> 00:10:28,949  
I was not able to read it and the big

234  
00:10:33,139 --> 00:10:31,589  
news that I created when it happened so

235  
00:10:34,850 --> 00:10:33,149  
I had to cover that when I when I got

236  
00:10:37,309 --> 00:10:34,860  
back because I ignored everything when I

237  
00:10:38,809 --> 00:10:37,319  
was attempting to chill out it was just

238  
00:10:40,280 --> 00:10:38,819

it was adventurous we went to lots of

239

00:10:43,009 --> 00:10:40,290

violence so I didn't get a relax but I

240

00:10:47,840 --> 00:10:43,019

got to see some really cool stuff but

241

00:10:50,240 --> 00:10:47,850

anyway on March 9th a kind of an opinion

242

00:10:53,269 --> 00:10:50,250

piece came out on the Washington Post in

243

00:10:55,250 --> 00:10:53,279

their outlook section called perspective

244

00:10:58,280 --> 00:10:55,260

and it was written by Christopher Mellon

245

00:11:00,379 --> 00:10:58,290

who you're familiar with he was a deputy

246

00:11:03,439 --> 00:11:00,389

assistant secretary of defense for

247

00:11:07,040 --> 00:11:03,449

intelligence during the Clinton and Bush

248

00:11:09,860 --> 00:11:07,050

administration's he also has been a

249

00:11:12,199 --> 00:11:09,870

consultant for Congress on intelligence

250

00:11:15,620 --> 00:11:12,209

she's worked in CIA he's he's worked at

251  
00:11:18,319 --> 00:11:15,630  
very high-level intelligence positions

252  
00:11:21,069 --> 00:11:18,329  
throughout his career now he's retired

253  
00:11:23,389 --> 00:11:21,079  
from that and he's really into UFOs

254  
00:11:25,309 --> 00:11:23,399  
Leslie Kane wrote a story on him a

255  
00:11:28,759 --> 00:11:25,319  
couple years ago that kind of outed him

256  
00:11:31,100 --> 00:11:28,769  
on this and now he's part of this to the

257  
00:11:31,680 --> 00:11:31,110  
Stars organization along with Louise

258  
00:11:35,210 --> 00:11:31,690  
Ellis

259  
00:11:39,180 --> 00:11:35,220  
no key wrote an article which was titled

260  
00:11:43,080 --> 00:11:39,190  
the military keeps encountering UFOs why

261  
00:11:46,140 --> 00:11:43,090  
doesn't the Pentagon care and along with

262  
00:11:48,290 --> 00:11:46,150  
this article to the stars released the

263  
00:11:53,360 --> 00:11:48,300

third video that they had in their stash

264

00:11:56,940 --> 00:11:53,370

an alleged UFO so these are videos that

265

00:11:59,570 --> 00:11:56,950

from what we are told that this

266

00:12:02,340 --> 00:11:59,580

organization a tip the advanced

267

00:12:04,310 --> 00:12:02,350

aerospace or aerial or aviation there's

268

00:12:07,770 --> 00:12:04,320

arguments over what the second word is

269

00:12:12,650 --> 00:12:07,780

thread identification program that

270

00:12:14,940 --> 00:12:12,660

Louise Alexander used to run they have

271

00:12:16,980 --> 00:12:14,950

allegedly looked at these videos and

272

00:12:19,230 --> 00:12:16,990

determined them to be unidentified they

273

00:12:22,440 --> 00:12:19,240

can't figure out what they are and they

274

00:12:23,640 --> 00:12:22,450

all feel that these what was observed

275

00:12:27,150 --> 00:12:23,650

these craft that were observed

276  
00:12:28,950 --> 00:12:27,160  
demonstrated technology more advanced

277  
00:12:32,010 --> 00:12:28,960  
than what we could create here or that

278  
00:12:34,860 --> 00:12:32,020  
any other nation has what Mellon is

279  
00:12:37,380 --> 00:12:34,870  
arguing is that maybe these videos are

280  
00:12:40,500 --> 00:12:37,390  
showing objects that are Russian or

281  
00:12:42,480 --> 00:12:40,510  
Chinese we don't know but that the

282  
00:12:44,370 --> 00:12:42,490  
Department of Defense should be

283  
00:12:47,340 --> 00:12:44,380  
interested they should want to figure

284  
00:12:49,140 --> 00:12:47,350  
out what these unknown objects are but

285  
00:12:50,640 --> 00:12:49,150  
they don't seem to care at least be

286  
00:12:53,370 --> 00:12:50,650  
spending the time and effort to

287  
00:12:55,440 --> 00:12:53,380  
investigate these which is exactly what

288  
00:12:57,600 --> 00:12:55,450

Elizondo says he worked for that

289

00:12:59,790 --> 00:12:57,610

department he says we found these

290

00:13:01,200 --> 00:12:59,800

unknowns that you know the pilots

291

00:13:03,780 --> 00:13:01,210

couldn't figure out what they are

292

00:13:05,400 --> 00:13:03,790

we've had some pilots you know speak on

293

00:13:08,040 --> 00:13:05,410

the news on one of the other videos

294

00:13:11,820 --> 00:13:08,050

saying we think that this thing's et

295

00:13:13,890 --> 00:13:11,830

even when Elizondo just feels like

296

00:13:16,440 --> 00:13:13,900

Defense Department didn't take enough

297

00:13:20,790 --> 00:13:16,450

notice so that's what Mellon was arguing

298

00:13:23,970 --> 00:13:20,800

and in so in this article he they

299

00:13:25,860 --> 00:13:23,980

released the this new video which is

300

00:13:29,360 --> 00:13:25,870

probably the most impressive of all of

301  
00:13:32,700 --> 00:13:29,370  
them it's really cool it comes from a

302  
00:13:40,140 --> 00:13:32,710  
f-18 Hornet just like the others from

303  
00:13:43,110 --> 00:13:40,150  
the Navy and the you could see that

304  
00:13:44,760 --> 00:13:43,120  
they're videotaping the are they they've

305  
00:13:45,570 --> 00:13:44,770  
got their FLIR their infrared with

306  
00:13:48,600 --> 00:13:45,580  
registers

307  
00:13:51,720 --> 00:13:48,610  
he pointed towards the ocean and you see

308  
00:13:54,150 --> 00:13:51,730  
this object kind of zip in go across the

309  
00:13:55,950 --> 00:13:54,160  
screen and then the camera tries to

310  
00:13:58,380 --> 00:13:55,960  
track the object and eventually it does

311  
00:14:01,770 --> 00:13:58,390  
lock on and it follows this object which

312  
00:14:05,490 --> 00:14:01,780  
appears to be moving very quickly the

313  
00:14:08,430 --> 00:14:05,500

objects below the the aircraft the

314

00:14:10,350 --> 00:14:08,440

aircraft is moving at 300 about 300

315

00:14:15,030 --> 00:14:10,360

miles per hour and we know this from the

316

00:14:17,870 --> 00:14:15,040

telemetry on the screen but yeah the

317

00:14:21,660 --> 00:14:17,880

objects moving pretty quickly with the

318

00:14:24,300 --> 00:14:21,670

IR which gathers heat you can tell that

319

00:14:26,340 --> 00:14:24,310

the object is appears to be round now

320

00:14:28,890 --> 00:14:26,350

that's the heat signature of it but on

321

00:14:31,080 --> 00:14:28,900

the TTS a website they do demonstrate

322

00:14:33,330 --> 00:14:31,090

that even from the heat signature you

323

00:14:36,240 --> 00:14:33,340

can still make out you know that the

324

00:14:38,400 --> 00:14:36,250

site the shape of an object that they

325

00:14:40,260 --> 00:14:38,410

show a jet and you can see it to jet

326

00:14:42,570 --> 00:14:40,270

because you can see the wings and you

327

00:14:45,420 --> 00:14:42,580

can also see the exhaust which is about

328

00:14:47,430 --> 00:14:45,430

as large as the plane itself so this

329

00:14:49,440 --> 00:14:47,440

object does not have exhaust doesn't

330

00:14:52,890 --> 00:14:49,450

appear to have links so they don't know

331

00:14:55,170 --> 00:14:52,900

what the heck it is a couple things to

332

00:14:58,740 --> 00:14:55,180

note first of all where does it come

333

00:15:02,130 --> 00:14:58,750

from the title enmity to the Stars

334

00:15:05,370 --> 00:15:02,140

website they say no other information as

335

00:15:09,660 --> 00:15:05,380

to where this object was videotaped or

336

00:15:12,750 --> 00:15:09,670

win has been released but the title of

337

00:15:17,400 --> 00:15:12,760

the video they've named the 2015 go fast

338

00:15:19,740 --> 00:15:17,410

footage and in Chris Mullins article he

339

00:15:23,160 --> 00:15:19,750

said that this occurred off the East

340

00:15:26,880 --> 00:15:23,170

Coast in 2015 so that's all we know

341

00:15:30,870 --> 00:15:26,890

about it currently as to where it comes

342

00:15:32,970 --> 00:15:30,880

from so that's the new video it's a very

343

00:15:37,080 --> 00:15:32,980

impressive video but the question is you

344

00:15:39,420 --> 00:15:37,090

know they they say on the TTS a website

345

00:15:41,400 --> 00:15:39,430

that even though they were the first to

346

00:15:43,410 --> 00:15:41,410

receive this video that they were

347

00:15:45,570 --> 00:15:43,420

released by the Department of Defense so

348

00:15:47,580 --> 00:15:45,580

Lassonde said that inner international

349

00:15:52,830 --> 00:15:47,590

UFO congress video as well in our

350

00:15:55,890 --> 00:15:52,840

interview with him and that so you can

351  
00:15:58,770 --> 00:15:55,900  
FOIA these videos to get copies of them

352  
00:15:59,580 --> 00:15:58,780  
but nobody's really had any success for

353  
00:16:01,830 --> 00:15:59,590  
yang

354  
00:16:04,440 --> 00:16:01,840  
doing foyers on anything regarding this

355  
00:16:08,100 --> 00:16:04,450  
department yet the New York Times

356  
00:16:10,140 --> 00:16:08,110  
verified that the a tip Department you

357  
00:16:11,970 --> 00:16:10,150  
know that investigated this UFOs did

358  
00:16:13,470 --> 00:16:11,980  
exist but that's the only thing

359  
00:16:15,870 --> 00:16:13,480  
officially that's coming from the

360  
00:16:17,910 --> 00:16:15,880  
Department of Defense everything else we

361  
00:16:21,480 --> 00:16:17,920  
know we know through to the stars or

362  
00:16:23,300 --> 00:16:21,490  
through Elizondo and so researchers are

363  
00:16:25,710 --> 00:16:23,310

working to verify that information

364

00:16:28,380 --> 00:16:25,720

there's been some confusion in this

365

00:16:30,870 --> 00:16:28,390

release so for instance CNN did a piece

366

00:16:32,580 --> 00:16:30,880

a couple pieces on this video and one of

367

00:16:40,380 --> 00:16:32,590

those pieces was the video where they're

368

00:16:50,250 --> 00:16:40,390

giving you information but also seen

369

00:16:52,530 --> 00:16:50,260

that the Defense Department said that

370

00:16:54,780 --> 00:16:52,540

they didn't release these videos but of

371

00:16:56,400 --> 00:16:54,790

course that's a political position he

372

00:16:58,830 --> 00:16:56,410

might not be aware of the other group

373

00:17:02,190 --> 00:16:58,840

John Greenwald has gotten some strange

374

00:17:03,900 --> 00:17:02,200

read some a couple of four years have

375

00:17:07,980 --> 00:17:03,910

come back saying they haven't found any

376

00:17:10,110 --> 00:17:07,990

records so it's it's kind of you know

377

00:17:13,500 --> 00:17:10,120

looking grim as far as anybody else

378

00:17:15,720 --> 00:17:13,510

getting any copies of these videos and

379

00:17:17,430 --> 00:17:15,730

as Elizondo States the videos there are

380

00:17:19,860 --> 00:17:17,440

only a few seconds each because they're

381

00:17:22,110 --> 00:17:19,870

only showing you parts that they can

382

00:17:26,190 --> 00:17:22,120

show that aren't classified if that

383

00:17:28,710 --> 00:17:26,200

object you know shows other aircraft or

384

00:17:31,110 --> 00:17:28,720

it shows anything that could indicate

385

00:17:33,960 --> 00:17:31,120

you know anything going on with what

386

00:17:37,050 --> 00:17:33,970

their maneuvers that are classified then

387

00:17:38,940 --> 00:17:37,060

it can't be shown so that's why we only

388

00:17:41,700 --> 00:17:38,950

have these small clips of these videos

389

00:17:44,640 --> 00:17:41,710

but so there are still a ton of

390

00:17:47,520 --> 00:17:44,650

questions I'm going to be able to talk

391

00:17:50,360 --> 00:17:47,530

to Elizondo again sometime soon and

392

00:17:53,400 --> 00:17:50,370

hopefully get a follow-up interview but

393

00:17:55,620 --> 00:17:53,410

not only do we need answers from him

394

00:17:58,230 --> 00:17:55,630

which will we'll get I think we also

395

00:18:04,140 --> 00:17:58,240

need some of these foyers to result in

396

00:18:06,240 --> 00:18:04,150

some documentation and or TT's essay

397

00:18:07,830 --> 00:18:06,250

needs to release any documentation they

398

00:18:09,900 --> 00:18:07,840

have because we don't have any real

399

00:18:10,880 --> 00:18:09,910

documentation backing up any of this yet

400

00:18:13,670 --> 00:18:10,890

well

401  
00:18:16,220 --> 00:18:13,680  
no I think I told you when we talked the

402  
00:18:18,770 --> 00:18:16,230  
other day that I've been communicating

403  
00:18:20,960 --> 00:18:18,780  
with a pilot that says he's seen this so

404  
00:18:23,950 --> 00:18:20,970  
I asked him the question after you and I

405  
00:18:26,420 --> 00:18:23,960  
finished how long ago did you see those

406  
00:18:29,510 --> 00:18:26,430  
see that video in particular because he

407  
00:18:32,450 --> 00:18:29,520  
saw he said he saw this exact video and

408  
00:18:35,090 --> 00:18:32,460  
a briefing he's a military pilot and he

409  
00:18:38,030 --> 00:18:35,100  
said that was about he said about four

410  
00:18:40,550 --> 00:18:38,040  
years ago so that's it's probably he's

411  
00:18:43,550 --> 00:18:40,560  
probably telling the truth you know I

412  
00:18:46,550 --> 00:18:43,560  
don't I don't know it'll be interesting

413  
00:18:49,760 --> 00:18:46,560

he said that it was the particular

414

00:18:52,730 --> 00:18:49,770  
reason of this video being in the

415

00:18:55,430 --> 00:18:52,740  
briefing that he was in was to show the

416

00:18:59,900 --> 00:18:55,440  
something like the slide and catch of

417

00:19:01,880 --> 00:18:59,910  
the Raytheon camera it was a it was an

418

00:19:05,720 --> 00:19:01,890  
excellent job how they actually were

419

00:19:07,700 --> 00:19:05,730  
able to catch the object so it'll be

420

00:19:10,040 --> 00:19:07,710  
interesting the more I find out about

421

00:19:11,810 --> 00:19:10,050  
what he knows about it but it may be

422

00:19:15,320 --> 00:19:11,820  
yeah you may want to ask

423

00:19:18,620 --> 00:19:15,330  
Elizondo when you talk to him did pilots

424

00:19:22,490 --> 00:19:18,630  
the average pilot get to see this mm-hmm

425

00:19:26,240 --> 00:19:22,500  
yeah from what I believe that's true

426  
00:19:28,310 --> 00:19:26,250  
that some people have seen it but or at

427  
00:19:31,850 --> 00:19:28,320  
least seen some of these but these

428  
00:19:34,250 --> 00:19:31,860  
videos were allegedly Declassified they

429  
00:19:36,580 --> 00:19:34,260  
went through a declassifying process so

430  
00:19:39,350 --> 00:19:36,590  
hopefully we'll see those documents

431  
00:19:41,660 --> 00:19:39,360  
regarding that Leslie Kane said she's

432  
00:19:43,670 --> 00:19:41,670  
seen those documents so we know that

433  
00:19:45,380 --> 00:19:43,680  
they have them the T TSA people have

434  
00:19:48,530 --> 00:19:45,390  
them so hopefully they'll release us at

435  
00:19:52,820 --> 00:19:48,540  
some point but the only problem with

436  
00:19:55,250 --> 00:19:52,830  
that of course 2015 was only a little

437  
00:19:57,680 --> 00:19:55,260  
more than two years ago so it might not

438  
00:20:05,330 --> 00:19:57,690

be in this video he saw maybe one of the

439

00:20:09,350 --> 00:20:05,340

others but yeah so it's it yeah he could

440

00:20:12,500 --> 00:20:09,360

so I'm excited to hear more but I don't

441

00:20:15,650 --> 00:20:12,510

think and and this is kind of the issue

442

00:20:18,260 --> 00:20:15,660

and what's happening I I think there's

443

00:20:22,130 --> 00:20:18,270

there's many disconnects I'm going on

444

00:20:24,770 --> 00:20:22,140

with people researchers are trying to

445

00:20:30,980 --> 00:20:24,780

verify some of this information

446

00:20:34,760 --> 00:20:30,990

and the media isn't necessarily there

447

00:20:36,980 --> 00:20:34,770

taking elizondo's word for it because to

448

00:20:39,050 --> 00:20:36,990

the media he is an authority

449

00:20:41,060 --> 00:20:39,060

he's been vetted he worked for the

450

00:20:43,490 --> 00:20:41,070

Department of Defense he's the authority

451  
00:20:46,700 --> 00:20:43,500  
if he says they investigated it that's

452  
00:20:48,980 --> 00:20:46,710  
good enough for them unless someone of

453  
00:20:51,260 --> 00:20:48,990  
authority was to come out and say he's

454  
00:20:53,420 --> 00:20:51,270  
lying but you know he's got the backing

455  
00:20:56,720 --> 00:20:53,430  
of like Harry Reid who people have

456  
00:20:59,570 --> 00:20:56,730  
interviewed so that's substantial there

457  
00:21:01,280 --> 00:20:59,580  
for the verification for UFO researchers

458  
00:21:03,830 --> 00:21:01,290  
we're probably not going to get it we're

459  
00:21:06,800 --> 00:21:03,840  
just not privy to the information we

460  
00:21:09,530 --> 00:21:06,810  
want or need to be able to verify some

461  
00:21:11,750 --> 00:21:09,540  
of this for instance you know two

462  
00:21:13,850 --> 00:21:11,760  
bunkers have gone and looked at it and

463  
00:21:15,980 --> 00:21:13,860

given some things like ideas like

464

00:21:19,400 --> 00:21:15,990

they're balloons or they're drones or

465

00:21:21,320 --> 00:21:19,410

something like this but you know we

466

00:21:24,050 --> 00:21:21,330

haven't seen the entire investigation

467

00:21:27,410 --> 00:21:24,060

what led them to believe that these are

468

00:21:29,090 --> 00:21:27,420

unknown objects and the fact is and some

469

00:21:31,100 --> 00:21:29,100

people have gotten kind of frustrated

470

00:21:33,290 --> 00:21:31,110

with this answer but it's the truth we

471

00:21:35,810 --> 00:21:33,300

probably might not be able to see that

472

00:21:38,810 --> 00:21:35,820

that information could be classified so

473

00:21:41,270 --> 00:21:38,820

all we know is that you know people at

474

00:21:43,220 --> 00:21:41,280

the Department of Defense and and in the

475

00:21:45,650 --> 00:21:43,230

military examine this they couldn't

476

00:21:48,470 --> 00:21:45,660

figure out what it was and that's all

477

00:21:50,570 --> 00:21:48,480

we're gonna be given luckily we do have

478

00:21:52,550 --> 00:21:50,580

some witnesses for instance when it

479

00:21:54,800 --> 00:21:52,560

comes to Nimitz you know there is of

480

00:21:56,600 --> 00:21:54,810

course the pilot who's been out there to

481

00:21:59,390 --> 00:21:56,610

verify yes we saw this and I think that

482

00:22:03,710 --> 00:21:59,400

it is something extraterrestrial and and

483

00:22:06,260 --> 00:22:03,720

that's where some I think gains can be

484

00:22:09,830 --> 00:22:06,270

made from what I understand with

485

00:22:12,320 --> 00:22:09,840

researchers there are people possibly

486

00:22:14,420 --> 00:22:12,330

speaking with witnesses got to verify

487

00:22:16,790 --> 00:22:14,430

these witnesses so we may have some more

488

00:22:20,630 --> 00:22:16,800

witnesses come forward and that would be

489

00:22:23,720 --> 00:22:20,640

great but as far as expecting to see

490

00:22:27,770 --> 00:22:23,730

documentation hopefully T TSA will share

491

00:22:30,980 --> 00:22:27,780

some but it's not looking very positive

492

00:22:33,650 --> 00:22:30,990

that the Department of Defense is going

493

00:22:35,750 --> 00:22:33,660

to let anything out anytime soon

494

00:22:37,800 --> 00:22:35,760

unless we get some sort of insight or

495

00:22:40,920 --> 00:22:37,810

help on that so well

496

00:22:44,940 --> 00:22:40,930

okay alejandro well we've kept Greg in

497

00:22:47,520 --> 00:22:44,950

the wings long enough yeah I know so I

498

00:22:50,190 --> 00:22:47,530

apologize for that one last point I

499

00:22:52,110 --> 00:22:50,200

would make is that the good thing though

500

00:22:55,080 --> 00:22:52,120

is that the media's been treating this

501  
00:22:56,810 --> 00:22:55,090  
very well I mean yes I think culturally

502  
00:23:00,840 --> 00:22:56,820  
it's been very important because

503  
00:23:03,750 --> 00:23:00,850  
culturally it's almost like people have

504  
00:23:06,690 --> 00:23:03,760  
accepted that UFOs are real phenomena I

505  
00:23:08,910 --> 00:23:06,700  
mean it feels like that change has been

506  
00:23:11,790 --> 00:23:08,920  
made the media no longer talks as

507  
00:23:13,530 --> 00:23:11,800  
skeptical about it when they refer to it

508  
00:23:15,570 --> 00:23:13,540  
they're referring to the Department of

509  
00:23:17,130 --> 00:23:15,580  
Defense that they have found this to be

510  
00:23:19,230 --> 00:23:17,140  
a real phenomenon and that's really

511  
00:23:20,790 --> 00:23:19,240  
important I think but I don't want to

512  
00:23:24,090 --> 00:23:20,800  
keep you from Greg any more because Greg

513  
00:23:27,780 --> 00:23:24,100

is one of my favorite anchors and

514

00:23:29,610 --> 00:23:27,790

interviews in in this arena so I know

515

00:23:31,650 --> 00:23:29,620

this is gonna be a great show all right

516

00:23:33,990 --> 00:23:31,660

now Andrew thanks so much and I'll be

517

00:23:35,520 --> 00:23:34,000

talking to you thank you next week all

518

00:23:40,080 --> 00:23:35,530

right all right talk to you later

519

00:23:42,060 --> 00:23:40,090

so our guest Greg is coming right up he

520

00:23:43,560 --> 00:23:42,070

has a podcast we're gonna be talking

521

00:23:47,490 --> 00:23:43,570

about he's been at this a long time

522

00:23:48,690 --> 00:23:47,500

great books project beta recently when

523

00:23:51,240 --> 00:23:48,700

we were talking when I was out in

524

00:23:55,980 --> 00:23:51,250

Phoenix he gave me a defies language

525

00:24:01,740 --> 00:23:55,990

it's a lot of essays of things that he's

526

00:24:03,060 --> 00:24:01,750

written on on different blogs mostly God

527

00:24:05,700 --> 00:24:03,070

something in the middle I'm gonna have

528

00:24:09,120 --> 00:24:05,710

to ask him he's gonna laugh Greg welcome

529

00:24:11,820 --> 00:24:09,130

to the show hey nice to be here to hear

530

00:24:14,940 --> 00:24:11,830

me okay yeah I can hear you I don't know

531

00:24:16,500 --> 00:24:14,950

okay good yeah no I'm just making sure

532

00:24:18,870 --> 00:24:16,510

because we were checking mics at the

533

00:24:21,270 --> 00:24:18,880

beginning here and I turned my regular

534

00:24:23,760 --> 00:24:21,280

mic back on and as long as you hear me

535

00:24:25,140 --> 00:24:23,770

that's great yeah it was called now I

536

00:24:25,980 --> 00:24:25,150

can't remember the name but it's glued

537

00:24:28,380 --> 00:24:25,990

as a metal

538

00:24:31,500 --> 00:24:28,390

well excluded middle was the name of the

539

00:24:33,330 --> 00:24:31,510

magazine yeah yeah the the website or

540

00:24:35,970 --> 00:24:33,340

the blog that I did along with Nick

541

00:24:39,030 --> 00:24:35,980

Redford was called euphemistic I didn't

542

00:24:40,890 --> 00:24:39,040

I need yeah yeah so most of the stuff in

543

00:24:45,510 --> 00:24:40,900

that book is essays from there and then

544

00:24:47,940 --> 00:24:45,520

I wrote three new ones and I included I

545

00:24:50,310 --> 00:24:47,950

don't know four or five old ones that

546

00:24:51,150 --> 00:24:50,320

had never been seen before and a few

547

00:24:54,540 --> 00:24:51,160

other things that I

548

00:24:58,020 --> 00:24:54,550

written that had never seen the light of

549

00:24:59,640 --> 00:24:58,030

day so it's it's it's a hodgepodge to

550

00:25:02,730 --> 00:24:59,650

just stop I've been thinking over the

551

00:25:05,190 --> 00:25:02,740

last what 10 15 years something like

552

00:25:06,930 --> 00:25:05,200

that and the other thing is I would have

553

00:25:08,550 --> 00:25:06,940

an idea and somebody to halo this great

554

00:25:10,950 --> 00:25:08,560

idea I just came up with an IDE it's

555

00:25:13,020 --> 00:25:10,960

like I wrote about that 10 years ago so

556

00:25:15,090 --> 00:25:13,030

I put dates on everything yeah so I

557

00:25:17,280 --> 00:25:15,100

could I could remember what I'd written

558

00:25:20,190 --> 00:25:17,290

it was like I think I wrote about that

559

00:25:22,680 --> 00:25:20,200

like in 2006 oh yeah there it is

560

00:25:24,450 --> 00:25:22,690

you know one of the things I totally

561

00:25:26,930 --> 00:25:24,460

agree with you on after listening to

562

00:25:30,090 --> 00:25:26,940

your podcast which is great by the way

563

00:25:32,150 --> 00:25:30,100

radio misterioso how is that how you say

564

00:25:34,710 --> 00:25:32,160

is that the proper way to pronounce it

565

00:25:36,110 --> 00:25:34,720

yeah I mean I pronounce it like Spanish

566

00:25:37,890 --> 00:25:36,120

because I grew up in Southern California

567

00:25:39,990 --> 00:25:37,900

everything everybody around here

568

00:25:41,880 --> 00:25:40,000

practically I mean you know Spanish few

569

00:25:44,490 --> 00:25:41,890

lives here so it's more like Rio misty

570

00:25:47,370 --> 00:25:44,500

do so but radio Mysterio's is fine too

571

00:25:49,920 --> 00:25:47,380

yeah so one of the things you've I've

572

00:25:53,210 --> 00:25:49,930

heard you say and I've said it a number

573

00:25:56,820 --> 00:25:53,220

of times sometimes the weirder stranger

574

00:26:00,060 --> 00:25:56,830

things are the more believable they are

575

00:26:01,320 --> 00:26:00,070

I totally I totally understand you know

576

00:26:04,140 --> 00:26:01,330

where you're coming from when you said

577

00:26:06,270 --> 00:26:04,150

that because I agree you know the really

578

00:26:09,060 --> 00:26:06,280

oddball ones how could they make it up

579

00:26:11,880 --> 00:26:09,070

or why would they make it up you know

580

00:26:13,830 --> 00:26:11,890

that yeah doesn't fit yeah and the thing

581

00:26:15,570 --> 00:26:13,840

is that people try and force things into

582

00:26:18,360 --> 00:26:15,580

a narrative it's like oh well that's not

583

00:26:20,220 --> 00:26:18,370

a gray so or you know why did that

584

00:26:23,220 --> 00:26:20,230

person start having poltergeist activity

585

00:26:25,020 --> 00:26:23,230

in their house before or after a

586

00:26:27,810 --> 00:26:25,030

sighting stuff like that stuff that

587

00:26:29,550 --> 00:26:27,820

doesn't fit I think is a real good clue

588

00:26:31,050 --> 00:26:29,560

as to what might be going on Carla

589

00:26:32,220 --> 00:26:31,060

Turner said this a long time ago on a

590

00:26:34,260 --> 00:26:32,230

interviewer she said I think the

591

00:26:36,870 --> 00:26:34,270

anomalous stuff is where were the gold

592

00:26:38,610 --> 00:26:36,880

lies she said so you shouldn't you

593

00:26:39,900 --> 00:26:38,620

shouldn't push away things just because

594

00:26:42,210 --> 00:26:39,910

they sound weird or the narrative

595

00:26:44,190 --> 00:26:42,220

doesn't sound like the standard one or

596

00:26:45,570 --> 00:26:44,200

whatever you know if somebody I referred

597

00:26:48,510 --> 00:26:45,580

to this case but if somebody sees a

598

00:26:50,640 --> 00:26:48,520

giant a four foot tall rabbit with plaid

599

00:26:52,260 --> 00:26:50,650

first sitting in there plaid colored

600

00:26:54,960 --> 00:26:52,270

first sitting in their driveway after

601  
00:27:00,990 --> 00:26:54,970  
that have a UFO encounter that's really

602  
00:27:04,320 --> 00:27:01,000  
important I get it it's it's crazy it's

603  
00:27:05,020 --> 00:27:04,330  
insane but it is intimately connected to

604  
00:27:08,110 --> 00:27:05,030  
the

605  
00:27:10,150 --> 00:27:08,120  
experience and if we can find out why or

606  
00:27:12,550 --> 00:27:10,160  
why such an absurd thing might happen

607  
00:27:13,990 --> 00:27:12,560  
what other absurd things happen we can

608  
00:27:16,120 --> 00:27:14,000  
maybe we can start to figure out things

609  
00:27:17,530 --> 00:27:16,130  
besides where do they come from and all

610  
00:27:19,270 --> 00:27:17,540  
this I don't think that's an important

611  
00:27:22,600 --> 00:27:19,280  
question anymore the important question

612  
00:27:25,480 --> 00:27:22,610  
is what causes UFO reports yeah that's

613  
00:27:26,980 --> 00:27:25,490

true hey Greg I just want to let you

614

00:27:29,170 --> 00:27:26,990

know I did have some questions come in

615

00:27:33,790 --> 00:27:29,180

I'm going to be given those two later

616

00:27:36,130 --> 00:27:33,800

also we may take we may not see we may

617

00:27:39,660 --> 00:27:36,140

take some phone calls later if you're

618

00:27:43,150 --> 00:27:39,670

alright with that and about with that

619

00:27:45,160 --> 00:27:43,160

yeah so you know one of the things up I

620

00:27:47,950 --> 00:27:45,170

was thinking about you know we were

621

00:27:50,380 --> 00:27:47,960

talking earlier Alejandro and I about

622

00:27:52,780 --> 00:27:50,390

these Pentagon you know the Pentagon

623

00:27:56,920 --> 00:27:52,790

situation and how that seems to have

624

00:27:58,570 --> 00:27:56,930

changed some things but I found it I

625

00:28:01,860 --> 00:27:58,580

found it kind of curious the other day I

626  
00:28:05,410 --> 00:28:01,870  
was talking to my sister and her husband

627  
00:28:07,750 --> 00:28:05,420  
was a scientist at Los Alamos labs for

628  
00:28:11,260 --> 00:28:07,760  
years under in the nuclear program there

629  
00:28:13,000 --> 00:28:11,270  
and when I brought up to him casually

630  
00:28:14,560 --> 00:28:13,010  
one day said hey you know I'm doing a

631  
00:28:16,570 --> 00:28:14,570  
show in UFOs what do you think of that

632  
00:28:18,520 --> 00:28:16,580  
do you think it's crazy well he goes

633  
00:28:20,500 --> 00:28:18,530  
well I believe there's actually

634  
00:28:22,600 --> 00:28:20,510  
something to it and I was shocked I was

635  
00:28:24,160 --> 00:28:22,610  
totally shocked you know what scientists

636  
00:28:28,600 --> 00:28:24,170  
would just say something like that he

637  
00:28:30,100 --> 00:28:28,610  
says that very well could be and I bet

638  
00:28:32,440 --> 00:28:30,110

he might not have said that five months

639

00:28:35,080 --> 00:28:32,450

ago no no no this was you know this was

640

00:28:36,910 --> 00:28:35,090

a three or four years ago okay I'm

641

00:28:38,470 --> 00:28:36,920

bringing up the bringing up this case of

642

00:28:40,420 --> 00:28:38,480

the Pentagon because I told my sister

643

00:28:42,460 --> 00:28:40,430

the other day my sisters I know she

644

00:28:44,470 --> 00:28:42,470

thinks of Milwaukee I mean she got on

645

00:28:46,660 --> 00:28:44,480

the wall over there there's a alien

646

00:28:48,640 --> 00:28:46,670

crossing sign thing she sent me for

647

00:28:50,470 --> 00:28:48,650

Christmas and you know she thinks I'm

648

00:28:51,700 --> 00:28:50,480

totally wacky talking about the UFO

649

00:28:53,770 --> 00:28:51,710

topic so the other day I had a

650

00:28:56,170 --> 00:28:53,780

conversation with her and I said hey you

651  
00:28:58,960 --> 00:28:56,180  
know the Pentagon's actually come out

652  
00:29:00,610 --> 00:28:58,970  
and says that there they were taking a

653  
00:29:02,500 --> 00:29:00,620  
serious look at UFOs what do you think

654  
00:29:05,200 --> 00:29:02,510  
about that she immediately swell how's

655  
00:29:06,970 --> 00:29:05,210  
the weather there she doesn't want to

656  
00:29:09,250 --> 00:29:06,980  
talk about it she just thinks she has

657  
00:29:11,170 --> 00:29:09,260  
her mind made up so one of the things I

658  
00:29:14,080 --> 00:29:11,180  
was going I wanted to talk to you about

659  
00:29:15,730 --> 00:29:14,090  
to tonight somewhere along the line is a

660  
00:29:19,180 --> 00:29:15,740  
Robertson panel because I know that was

661  
00:29:23,650 --> 00:29:19,190  
in your book and do you think this is

662  
00:29:26,800 --> 00:29:23,660  
a carry-on the way we all act about this

663  
00:29:28,540 --> 00:29:26,810

topic from that or do you think that

664

00:29:33,880 --> 00:29:28,550

without that it would naturally would

665

00:29:36,400 --> 00:29:33,890

have occurred yeah I'm trying to think

666

00:29:39,520 --> 00:29:36,410

how to answer that the Robertson panel

667

00:29:41,170 --> 00:29:39,530

basically said publicly that it wasn't

668

00:29:43,450 --> 00:29:41,180

important there wasn't anything to it

669

00:29:45,460 --> 00:29:43,460

and you know the background was it of it

670

00:29:48,580 --> 00:29:45,470

was we can't get people to panic because

671

00:29:51,970 --> 00:29:48,590

it's gonna cause you know problems for

672

00:29:54,340 --> 00:29:51,980

maybe Civic problems maybe a headache

673

00:29:57,210 --> 00:29:54,350

for the Air Force public relations and

674

00:29:59,950 --> 00:29:57,220

then on top of that it could be used to

675

00:30:04,180 --> 00:29:59,960

by enemies like the Russians at that

676  
00:30:05,830 --> 00:30:04,190  
point - there's something strange could

677  
00:30:11,220 --> 00:30:05,840  
be used by enemies like the Russians to

678  
00:30:15,670 --> 00:30:11,230  
do you know to fool destabilize and

679  
00:30:20,890 --> 00:30:15,680  
infiltrate I guess our military but at

680  
00:30:23,590 --> 00:30:20,900  
this point I don't think that the what's

681  
00:30:25,000 --> 00:30:23,600  
going on with - the Stars really has a

682  
00:30:26,850 --> 00:30:25,010  
lot to do with the government it has

683  
00:30:29,650 --> 00:30:26,860  
mostly to do with through the stars

684  
00:30:33,550 --> 00:30:29,660  
that's my impression and I think what

685  
00:30:35,260 --> 00:30:33,560  
they're trying to do whether you trust

686  
00:30:37,690 --> 00:30:35,270  
them or not agree with them or not or

687  
00:30:39,970 --> 00:30:37,700  
whatever I mean I've got serious

688  
00:30:42,270 --> 00:30:39,980

questions about their motivations but I

689

00:30:45,610 --> 00:30:42,280

think one of their motivations is that

690

00:30:47,680 --> 00:30:45,620

they want to make it okay for people to

691

00:30:49,510 --> 00:30:47,690

talk about this and you know damned if

692

00:30:52,660 --> 00:30:49,520

they haven't done that so that's good

693

00:30:54,250 --> 00:30:52,670

yeah you know well academically talking

694

00:30:56,470 --> 00:30:54,260

about it like like Alejandra and you

695

00:30:59,380 --> 00:30:56,480

said the news the media is talking about

696

00:31:02,050 --> 00:30:59,390

it not snickering about it so that's a

697

00:31:03,820 --> 00:31:02,060

step whatever their endgame is I have no

698

00:31:05,380 --> 00:31:03,830

idea I don't I don't think their endgame

699

00:31:07,720 --> 00:31:05,390

is what they what they say it is but

700

00:31:09,760 --> 00:31:07,730

we'll see you know I'm gonna have one

701  
00:31:12,700 --> 00:31:09,770  
listener that's gonna be extremely happy

702  
00:31:14,320 --> 00:31:12,710  
hearing you say that because he's been

703  
00:31:15,610 --> 00:31:14,330  
trying to get that message out there he

704  
00:31:18,010 --> 00:31:15,620  
thinks that it's it's two different

705  
00:31:20,890 --> 00:31:18,020  
things going on there and their

706  
00:31:22,840 --> 00:31:20,900  
motivation is he think believes their

707  
00:31:25,150 --> 00:31:22,850  
motivation is financial and why is it

708  
00:31:28,810 --> 00:31:25,160  
why do they have entertainment involved

709  
00:31:30,700 --> 00:31:28,820  
at all in the in this situation I think

710  
00:31:32,960 --> 00:31:30,710  
that's part of it I mean if you if you

711  
00:31:34,669 --> 00:31:32,970  
want to say it's this thing and yet how

712  
00:31:36,860 --> 00:31:34,679  
you're mad about it I think you're

713  
00:31:39,080 --> 00:31:36,870

already off on the wrong foot because I

714

00:31:41,419 --> 00:31:39,090

think it's doing many things some of

715

00:31:42,649 --> 00:31:41,429

which you may agree with it may like and

716

00:31:45,890 --> 00:31:42,659

may think it's a good thing and other

717

00:31:47,810 --> 00:31:45,900

things probably nobody really knows

718

00:31:50,659 --> 00:31:47,820

about except the people in it that you

719

00:31:52,370 --> 00:31:50,669

may not be happy about so I don't know

720

00:31:54,409 --> 00:31:52,380

everybody and everybody involved in it

721

00:31:56,180 --> 00:31:54,419

is former government for were former

722

00:31:59,180 --> 00:31:56,190

intelligence and the first thing I said

723

00:32:01,190 --> 00:31:59,190

when this came out was why do you trust

724

00:32:03,260 --> 00:32:01,200

people that you've never trusted before

725

00:32:04,669 --> 00:32:03,270

government lies it's terrible they're

726  
00:32:06,560 --> 00:32:04,679  
never gonna tell us the truth why should

727  
00:32:08,000 --> 00:32:06,570  
we leave anything they say okay let's

728  
00:32:09,289 --> 00:32:08,010  
tell you exactly what you want to hear

729  
00:32:12,980 --> 00:32:09,299  
oh they're telling the truth that's

730  
00:32:14,930 --> 00:32:12,990  
wonderful that's a mistake I say it's it

731  
00:32:17,230 --> 00:32:14,940  
kind of goes along with the line of I've

732  
00:32:19,850 --> 00:32:17,240  
heard you say in your show that

733  
00:32:21,710 --> 00:32:19,860  
disclosure will not be disclosure and it

734  
00:32:23,600 --> 00:32:21,720  
unless it's exactly what someone wants

735  
00:32:27,770 --> 00:32:23,610  
to hear

736  
00:32:29,659 --> 00:32:27,780  
so yeah sure yeah yeah won't be accepted

737  
00:32:32,330 --> 00:32:29,669  
as disclosure unless it's exactly what

738  
00:32:34,279 --> 00:32:32,340

somebody wants to hear I mean what one

739

00:32:38,299 --> 00:32:34,289

thing that this all these announcements

740

00:32:40,100 --> 00:32:38,309

have been doing is we reaffirmed the DFO

741

00:32:42,770 --> 00:32:40,110

communities or at least people that are

742

00:32:44,600 --> 00:32:42,780

into it their deeply held beliefs their

743

00:32:48,350 --> 00:32:44,610

idea about what's been going on for a

744

00:32:51,020 --> 00:32:48,360

long time it conforms to the myth that

745

00:32:52,909 --> 00:32:51,030

we've built up about what all this is or

746

00:32:54,649 --> 00:32:52,919

at least what we think it is when I say

747

00:32:58,490 --> 00:32:54,659

myth I don't mean something that's a lie

748

00:33:01,159 --> 00:32:58,500

I mean something or that's made up it's

749

00:33:03,140 --> 00:33:01,169

something that we all believe or a lot

750

00:33:06,080 --> 00:33:03,150

of people believe based on what's been

751  
00:33:08,029 --> 00:33:06,090  
going on what's popular who has the best

752  
00:33:11,240 --> 00:33:08,039  
you know who has the best story who's

753  
00:33:15,470 --> 00:33:11,250  
the most charismatic and those those

754  
00:33:18,169 --> 00:33:15,480  
stories are being supported seemingly

755  
00:33:19,760 --> 00:33:18,179  
almost a hundred percent by by some of

756  
00:33:23,930 --> 00:33:19,770  
these releases and what some of these

757  
00:33:25,010 --> 00:33:23,940  
people are saying from to the stars that

758  
00:33:27,409 --> 00:33:25,020  
kind of worries me

759  
00:33:29,000 --> 00:33:27,419  
it worries me when you hear exactly what

760  
00:33:30,680 --> 00:33:29,010  
you want to hear that that should make

761  
00:33:33,110 --> 00:33:30,690  
you immediately wonder what's going on

762  
00:33:37,029 --> 00:33:33,120  
and nobody a lot of people are you know

763  
00:33:39,919 --> 00:33:37,039

they're kind of mad about what they

764

00:33:41,419 --> 00:33:39,929

there's a vocal like a you know a vocal

765

00:33:43,250 --> 00:33:41,429

minority saying we you know what I'm

766

00:33:45,320 --> 00:33:43,260

saying we should we we should kind of

767

00:33:46,810 --> 00:33:45,330

step back here but a lot of people love

768

00:33:51,430 --> 00:33:46,820

it they think it's great

769

00:33:54,970 --> 00:33:51,440

but I'll urge caution I also urge people

770

00:33:57,730 --> 00:33:54,980

not to get neither excited nor mad you

771

00:33:59,320 --> 00:33:57,740

know just just kind of Zen out listen to

772

00:34:01,360 --> 00:33:59,330

what's happening see what's happening

773

00:34:03,970 --> 00:34:01,370

and and see might what might come out of

774

00:34:04,690 --> 00:34:03,980

it because the minute you start what's

775

00:34:06,399 --> 00:34:04,700

the word

776

00:34:07,960 --> 00:34:06,409

the minute you start getting excited by

777

00:34:10,089 --> 00:34:07,970

something held up in front of your face

778

00:34:11,440 --> 00:34:10,099

it looks all fun you're missing all the

779

00:34:14,050 --> 00:34:11,450

other stuff that's going around on

780

00:34:16,629 --> 00:34:14,060

around it that might not be so loud and

781

00:34:18,099 --> 00:34:16,639

fun and all that so that's what I

782

00:34:20,800 --> 00:34:18,109

original a lot of people is just to be

783

00:34:22,270 --> 00:34:20,810

unemotional about it yet interested does

784

00:34:25,000 --> 00:34:22,280

that make sense yeah that's that's

785

00:34:28,899 --> 00:34:25,010

really a very good really really good

786

00:34:31,030 --> 00:34:28,909

advice I think so I want to just first

787

00:34:32,139 --> 00:34:31,040

of all we didn't actually say who you

788

00:34:33,790 --> 00:34:32,149

were

789

00:34:35,530 --> 00:34:33,800

you've been on the show before I didn't

790

00:34:38,020 --> 00:34:35,540

think we really have to go there and so

791

00:34:40,270 --> 00:34:38,030

I will tell the listener that if you

792

00:34:43,119 --> 00:34:40,280

search on youtube or on my podcasts on

793

00:34:46,690 --> 00:34:43,129

podcast UFO comm Greg Bishop we have a

794

00:34:48,520 --> 00:34:46,700

interview we did and back in 2016 I

795

00:34:50,440 --> 00:34:48,530

think was September 2016

796

00:34:54,790 --> 00:34:50,450

so that's on there so you can find out

797

00:34:57,849 --> 00:34:54,800

all about Greg also on his websites and

798

00:35:00,160 --> 00:34:57,859

his podcast I highly recommend anyone to

799

00:35:03,609 --> 00:35:00,170

check out his podcast it really really

800

00:35:06,190 --> 00:35:03,619

is good he's fun and people that he his

801  
00:35:07,540 --> 00:35:06,200  
guests are great as well so the one of

802  
00:35:09,760 --> 00:35:07,550  
the questions that came in what's your

803  
00:35:12,700 --> 00:35:09,770  
opinion on how encounters have totally

804  
00:35:15,130 --> 00:35:12,710  
different experiences for individuals

805  
00:35:17,410 --> 00:35:15,140  
more to the point where some people do

806  
00:35:19,690 --> 00:35:17,420  
not perceive the same vision or don't

807  
00:35:21,190 --> 00:35:19,700  
even say see anything even though they

808  
00:35:24,460 --> 00:35:21,200  
may be standing right next to someone

809  
00:35:26,349 --> 00:35:24,470  
who does that's a good question yeah

810  
00:35:27,730 --> 00:35:26,359  
it's a great question I think it's right

811  
00:35:29,470 --> 00:35:27,740  
in my wheelhouse right now because

812  
00:35:34,960 --> 00:35:29,480  
that's something I'm working on at the

813  
00:35:37,120 --> 00:35:34,970

moment it's I say it's obvious to me

814

00:35:38,829 --> 00:35:37,130

that's a horrible thing to say it's like

815

00:35:42,790 --> 00:35:38,839

what's not obvious to you you must be

816

00:35:45,760 --> 00:35:42,800

insane what interests me right now is

817

00:35:47,500 --> 00:35:45,770

when somebody has a weird experience be

818

00:35:50,890 --> 00:35:47,510

it a UFO abduction wherever you want to

819

00:35:53,559 --> 00:35:50,900

call it you even you know ghost sees a

820

00:35:56,050 --> 00:35:53,569

cryptid something like that what is

821

00:35:57,220 --> 00:35:56,060

going on in their minds what is their

822

00:35:58,410 --> 00:35:57,230

mind trying to do when they see

823

00:36:00,440 --> 00:35:58,420

something that makes

824

00:36:02,849 --> 00:36:00,450

sense whatsoever to them and I think

825

00:36:05,430 --> 00:36:02,859

everybody's an individual so everybody's

826

00:36:07,410 --> 00:36:05,440

going to have a different reaction you

827

00:36:09,210 --> 00:36:07,420

know some of them most people if it's

828

00:36:10,650 --> 00:36:09,220

far enough away a lot of people have

829

00:36:12,480 --> 00:36:10,660

basically the same reaction that's a

830

00:36:15,930 --> 00:36:12,490

light doing weird things but as things

831

00:36:17,940 --> 00:36:15,940

get closer and more defined and and

832

00:36:18,900 --> 00:36:17,950

weirder and more frightening because

833

00:36:23,730 --> 00:36:18,910

it's right near you

834

00:36:25,319 --> 00:36:23,740

I think people's impressions and more

835

00:36:27,180 --> 00:36:25,329

importantly their memories and what they

836

00:36:30,000 --> 00:36:27,190

what they remember from it what they

837

00:36:32,609 --> 00:36:30,010

talk about those start to diverge based

838

00:36:34,799 --> 00:36:32,619

on their personal you know their

839

00:36:36,509 --> 00:36:34,809

background their DNA their biases their

840

00:36:38,069 --> 00:36:36,519

upbringing what they read in the paper

841

00:36:39,720 --> 00:36:38,079

that day you know what kind of day they

842

00:36:41,519 --> 00:36:39,730

were having what kind of problems are

843

00:36:45,120 --> 00:36:41,529

having they're like all these things

844

00:36:47,210 --> 00:36:45,130

enter into a mind trying to make sense

845

00:36:50,730 --> 00:36:47,220

of something that doesn't make any sense

846

00:36:52,380 --> 00:36:50,740

there's also issues of like what happens

847

00:36:54,359 --> 00:36:52,390

to a trauma victim how do they remember

848

00:36:56,130 --> 00:36:54,369

things what does what does your mind and

849

00:36:58,859 --> 00:36:56,140

your perception do when you're seeing

850

00:37:00,150 --> 00:36:58,869

something that is that you can't figure

851

00:37:02,009 --> 00:37:00,160

out if it's a threat or not because

852

00:37:05,099 --> 00:37:02,019

you've never seen something like that so

853

00:37:07,190 --> 00:37:05,109

I think what accounts for this is that

854

00:37:09,779 --> 00:37:07,200

that divergence is just our

855

00:37:11,549 --> 00:37:09,789

individuality and how we react to the

856

00:37:13,410 --> 00:37:11,559

whatever weird thing is happening in the

857

00:37:14,339 --> 00:37:13,420

environment at the time I hope that

858

00:37:17,940 --> 00:37:14,349

answers the question

859

00:37:21,990 --> 00:37:17,950

it does Gregg we can you hear me okay

860

00:37:24,359 --> 00:37:22,000

yeah yeah you know I hate to do this in

861

00:37:26,579 --> 00:37:24,369

the middle of the show but I'm going to

862

00:37:28,920 --> 00:37:26,589

have to reboot my rifle that there's two

863

00:37:30,900 --> 00:37:28,930

different witnesses or what are you

864

00:37:34,769 --> 00:37:30,910

talking about when they come up with a

865

00:37:37,589 --> 00:37:34,779

different whole different scenario yeah

866

00:37:42,930 --> 00:37:37,599

there's there are instances where people

867

00:37:45,180 --> 00:37:42,940

come up with a different scenario I have

868

00:37:47,480 --> 00:37:45,190

an example from a long time ago where if

869

00:37:50,279 --> 00:37:47,490

somebody said that there was a large

870

00:37:53,490 --> 00:37:50,289

rectangular UFO landed in front of them

871

00:37:56,269 --> 00:37:53,500

I think this was from Kentucky I wish I

872

00:37:58,710 --> 00:37:56,279

wish I could be more exact about it but

873

00:38:00,509 --> 00:37:58,720

that one of the witnesses says there

874

00:38:02,849 --> 00:38:00,519

were you know bees came out of it this

875

00:38:04,499 --> 00:38:02,859

big rectangular UFO looked like a I

876

00:38:06,720 --> 00:38:04,509

don't know maybe maybe look like the

877

00:38:08,549 --> 00:38:06,730

size of a bus and the other person said

878

00:38:11,150 --> 00:38:08,559

they saw a school bus a lot a bunch of

879

00:38:15,150 --> 00:38:11,160

kids in it going by

880

00:38:17,940 --> 00:38:15,160

so and you know that it'd be nice if I

881

00:38:21,470 --> 00:38:17,950

had could have the newspaper and the

882

00:38:23,759 --> 00:38:21,480

date and all that to cite exactly but

883

00:38:27,779 --> 00:38:23,769

the fact that one of your listeners

884

00:38:30,269 --> 00:38:27,789

brought up the that that not everybody

885

00:38:33,960 --> 00:38:30,279

always sees the same thing I think is

886

00:38:36,599 --> 00:38:33,970

evidence that there is something going

887

00:38:40,009 --> 00:38:36,609

on that involves our consciousness and

888

00:38:42,749 --> 00:38:40,019

our way of thinking about things and

889

00:38:45,299 --> 00:38:42,759

everybody's personality etc what I said

890

00:38:48,779 --> 00:38:45,309

earlier it's coming through so many

891

00:38:50,160 --> 00:38:48,789

different filters and so since you have

892

00:38:53,299 --> 00:38:50,170

so many different filters you're going

893

00:38:56,759 --> 00:38:53,309

to get different impressions different

894

00:38:59,099 --> 00:38:56,769

memories all that and I think by and

895

00:39:01,499 --> 00:38:59,109

large a lot of researchers ignore that

896

00:39:03,720 --> 00:39:01,509

because it doesn't fit in with a certain

897

00:39:06,690 --> 00:39:03,730

paradigm they have for instance and I've

898

00:39:11,370 --> 00:39:06,700

said this before this guy that told me

899

00:39:12,900 --> 00:39:11,380

the story of the rabbit he he told me an

900

00:39:14,069 --> 00:39:12,910

apart from the you know some other

901

00:39:16,200 --> 00:39:14,079

things that went on with his

902

00:39:17,430 --> 00:39:16,210

investigation he said I don't think

903

00:39:19,259 --> 00:39:17,440

that's important at all it's just

904

00:39:21,269 --> 00:39:19,269

something silly that happened and we can

905

00:39:24,539 --> 00:39:21,279

ignore it and I said no it's not that's

906

00:39:27,480 --> 00:39:24,549

the most important part of the the the

907

00:39:29,069 --> 00:39:27,490

account I think he said yeah but what do

908

00:39:30,599 --> 00:39:29,079

you do with that and I said I don't know

909

00:39:33,299 --> 00:39:30,609

what you do with it but it should be it

910

00:39:36,960 --> 00:39:33,309

should be logged it should be entered

911

00:39:38,700 --> 00:39:36,970

into the database and see what can be

912

00:39:40,920 --> 00:39:38,710

done with it I had my friend Susan st.

913

00:39:42,690 --> 00:39:40,930

Clair on the show a few weeks ago and I

914

00:39:45,690 --> 00:39:42,700

was we were talking about well what do

915

00:39:47,940 --> 00:39:45,700

you do with these subjective and /

916

00:39:50,099 --> 00:39:47,950

impressions how do you categorize

917

00:39:52,799 --> 00:39:50,109

something that's how do you quantify

918

00:39:54,509 --> 00:39:52,809

something that's that's a qualitative

919

00:39:55,769 --> 00:39:54,519

you know so how do you take somebody's

920

00:39:59,220 --> 00:39:55,779

impression and put it into a database

921

00:40:01,140 --> 00:39:59,230

and what do you do with it and ice you

922

00:40:03,720 --> 00:40:01,150

know the answer was we're not exactly

923

00:40:06,839 --> 00:40:03,730

sure what you do with it I mean what you

924

00:40:12,509 --> 00:40:06,849

can do with it but what she said was I

925

00:40:15,870 --> 00:40:12,519

think if you look to cultural stories

926  
00:40:17,519 --> 00:40:15,880  
myth archetypes things that people

927  
00:40:19,069 --> 00:40:17,529  
things that people use in different

928  
00:40:22,079 --> 00:40:19,079  
cultures to make sense out of the world

929  
00:40:24,310 --> 00:40:22,089  
this might be something that is

930  
00:40:26,170 --> 00:40:24,320  
important when people have a strange

931  
00:40:27,910 --> 00:40:26,180  
experience and don't filter what they

932  
00:40:29,680 --> 00:40:27,920  
say and don't throw out anything they

933  
00:40:31,120 --> 00:40:29,690  
say I think people are doing this now a

934  
00:40:32,980 --> 00:40:31,130  
lot of researchers are really listening

935  
00:40:35,650 --> 00:40:32,990  
to the witness and and letting them

936  
00:40:37,900 --> 00:40:35,660  
speak which is good right you know

937  
00:40:40,090 --> 00:40:37,910  
getting back to the plaid bunny someone

938  
00:40:42,280 --> 00:40:40,100

wanted to know what that civilized but I

939

00:40:44,980 --> 00:40:42,290

do get it because you know I mean it's

940

00:40:47,740 --> 00:40:44,990

like I have Mike McClelland coming on

941

00:40:50,800 --> 00:40:47,750

he's been on before about owls you know

942

00:40:53,550 --> 00:40:50,810

while people see owls and you know when

943

00:40:55,930 --> 00:40:53,560

there see a UFO and I actually talked to

944

00:40:58,600 --> 00:40:55,940

someone in Native American country out

945

00:41:00,190 --> 00:40:58,610

in Arizona that never even talked about

946

00:41:01,870 --> 00:41:00,200

UFOs it was just someone like off the

947

00:41:06,040 --> 00:41:01,880

street and I said a big owl came after

948

00:41:08,440 --> 00:41:06,050

they saw a UFO it's bizarre and so I

949

00:41:11,350 --> 00:41:08,450

agree with you like that could be a clue

950

00:41:14,320 --> 00:41:11,360

to something else so a question that

951  
00:41:17,860 --> 00:41:14,330  
came in from chat is do you have any

952  
00:41:20,140 --> 00:41:17,870  
thoughts around some in academic in the

953  
00:41:23,200 --> 00:41:20,150  
academic world debating whether we are

954  
00:41:26,620 --> 00:41:23,210  
living in a simulation is that something

955  
00:41:29,650 --> 00:41:26,630  
you've ever talked about before I've

956  
00:41:33,600 --> 00:41:29,660  
talked about it and it's part of what

957  
00:41:37,750 --> 00:41:33,610  
I'm interested in right now I think that

958  
00:41:40,030 --> 00:41:37,760  
if you look at reality as as based in

959  
00:41:42,490 --> 00:41:40,040  
information rather than based in physics

960  
00:41:43,900 --> 00:41:42,500  
which is a very big area and it still

961  
00:41:48,790 --> 00:41:43,910  
gives me a headache to think about it

962  
00:41:51,130 --> 00:41:48,800  
that there is an idea that the the the

963  
00:41:53,320 --> 00:41:51,140

the universe at its very base our

964

00:41:56,560 --> 00:41:53,330

reality is is composed of information

965

00:41:59,740 --> 00:41:56,570

that by our consciousness interacting

966

00:42:04,030 --> 00:41:59,750

with it an existing causes the real

967

00:42:07,960 --> 00:42:04,040

world to go to to to be created now that

968

00:42:09,880 --> 00:42:07,970

sounds like solipsistic something a New

969

00:42:11,500 --> 00:42:09,890

Age person would say but it's also

970

00:42:14,200 --> 00:42:11,510

something that John Wheeler who was a

971

00:42:16,990 --> 00:42:14,210

Nobel Prize winning physicist said about

972

00:42:19,470 --> 00:42:17,000

ten years before he died in the 1990s he

973

00:42:22,510 --> 00:42:19,480

said I think at the base of all of our

974

00:42:25,300 --> 00:42:22,520

reality is information and what we see

975

00:42:26,860 --> 00:42:25,310

as reality is the end of a series of

976

00:42:29,080 --> 00:42:26,870

questions that we don't even realize

977

00:42:32,380 --> 00:42:29,090

we're asking about it and forming it

978

00:42:34,300 --> 00:42:32,390

into what we think is real and I was

979

00:42:37,520 --> 00:42:34,310

speaking to a researcher about this and

980

00:42:40,190 --> 00:42:37,530

he said well don't you see that

981

00:42:42,260 --> 00:42:40,200

in a physical universe a lot of this

982

00:42:45,130 --> 00:42:42,270

weird stuff just is weird it does it

983

00:42:48,080 --> 00:42:45,140

doesn't make any sense there's no way to

984

00:42:49,820 --> 00:42:48,090

reconcile it with how we look at reality

985

00:42:53,150 --> 00:42:49,830

how we how we think of reality and

986

00:42:55,820 --> 00:42:53,160

physics but in a informational universe

987

00:42:59,510 --> 00:42:55,830

it's almost imperative that weird stuff

988

00:43:04,630 --> 00:42:59,520

happens does that make sense yeah that's

989

00:43:07,100 --> 00:43:04,640

it that is interesting and also you know

990

00:43:10,270 --> 00:43:07,110

when you're talking about information

991

00:43:12,730 --> 00:43:10,280

you know it just makes me first of all

992

00:43:15,800 --> 00:43:12,740

do you think there's like a collective

993

00:43:18,590 --> 00:43:15,810

consciousness of people gathered and

994

00:43:20,030 --> 00:43:18,600

witnessing something or how could

995

00:43:23,390 --> 00:43:20,040

something like that happen when there's

996

00:43:26,210 --> 00:43:23,400

like say a mass sighting of whether it's

997

00:43:28,190 --> 00:43:26,220

a UFO or Bigfoot or whatever it is and

998

00:43:30,610 --> 00:43:28,200

something really on the outside

999

00:43:36,560 --> 00:43:30,620

something paranormal that were just not

1000

00:43:39,020 --> 00:43:36,570

doesn't fit the normal realm you are

1001  
00:43:40,690 --> 00:43:39,030  
you're asking how how is it if everybody

1002  
00:43:42,830 --> 00:43:40,700  
has their own subjective imperson

1003  
00:43:44,270 --> 00:43:42,840  
impression how is it that a lot of

1004  
00:43:48,470 --> 00:43:44,280  
people see the same thing in certain

1005  
00:43:50,300 --> 00:43:48,480  
situations I think that the people I

1006  
00:43:52,580 --> 00:43:50,310  
think that's because sometimes people

1007  
00:43:54,380 --> 00:43:52,590  
see interpret things the same way and

1008  
00:43:56,270 --> 00:43:54,390  
sometimes they don't if you're standing

1009  
00:43:58,180 --> 00:43:56,280  
there talking to a bunch of people and

1010  
00:44:00,050 --> 00:43:58,190  
you say and you're giving a lecture

1011  
00:44:01,430 --> 00:44:00,060  
thirty percent of the people are

1012  
00:44:02,420 --> 00:44:01,440  
thinking one thing thirty percent of

1013  
00:44:03,950 --> 00:44:02,430

people I think you know the thing

1014

00:44:05,690 --> 00:44:03,960

although if you talk about something

1015

00:44:07,280 --> 00:44:05,700

that everybody has experience with or

1016

00:44:08,930 --> 00:44:07,290

knows about even on a subconscious level

1017

00:44:10,450 --> 00:44:08,940

I think they're all pretty much

1018

00:44:12,950 --> 00:44:10,460

following in the same way that you're

1019

00:44:14,990 --> 00:44:12,960

they're all all thinking about the same

1020

00:44:16,220 --> 00:44:15,000

thing at the same time but when you

1021

00:44:18,860 --> 00:44:16,230

start talking about something that they

1022

00:44:21,830 --> 00:44:18,870

don't all have experience with it starts

1023

00:44:23,540 --> 00:44:21,840

diverging so if people can you know a

1024

00:44:25,660 --> 00:44:23,550

group of people can put the whatever it

1025

00:44:28,850 --> 00:44:25,670

is in front of them in the UFO box I

1026

00:44:31,280 --> 00:44:28,860

think that the UFO box works for them

1027

00:44:33,290 --> 00:44:31,290

and that they have some agreement on it

1028

00:44:35,060 --> 00:44:33,300

also you know they talk about it later

1029

00:44:36,050 --> 00:44:35,070

are you seeing what I'm saying they

1030

00:44:38,510 --> 00:44:36,060

describe it to each other

1031

00:44:40,970 --> 00:44:38,520

and just by talking about it encoding it

1032

00:44:44,030 --> 00:44:40,980

in language and trying to make sense of

1033

00:44:46,490 --> 00:44:44,040

it I think these memories are codified

1034

00:44:50,840 --> 00:44:46,500

and created that way I mean it's a I

1035

00:44:53,030 --> 00:44:50,850

gave a lecture and also wrote a piece

1036

00:44:54,530 --> 00:44:53,040

or reframing the debate the UFOs were

1037

00:44:57,650 --> 00:44:54,540

framing the debate book where I

1038

00:45:00,410 --> 00:44:57,660

addressed this specifically in in in

1039

00:45:02,180 --> 00:45:00,420

regards to how lawyers are having

1040

00:45:04,850 --> 00:45:02,190

problems now with witness testimony

1041

00:45:08,540 --> 00:45:04,860

because it can be coerced it can be

1042

00:45:11,540 --> 00:45:08,550

changed it can be it is subject to the

1043

00:45:15,950 --> 00:45:11,550

questioner quite a bit so it's it's hard

1044

00:45:18,470 --> 00:45:15,960

to you know give a good get a good exact

1045

00:45:19,850 --> 00:45:18,480

account because the person is not going

1046

00:45:21,620 --> 00:45:19,860

to remember it exactly does it happen

1047

00:45:23,450 --> 00:45:21,630

because our brain student and this has

1048

00:45:26,420 --> 00:45:23,460

been proven our brains and our nervous

1049

00:45:28,760 --> 00:45:26,430

systems are not recording devices they

1050

00:45:30,500 --> 00:45:28,770

they whatever something happens your

1051  
00:45:32,360 --> 00:45:30,510  
brain and your your nervous system and

1052  
00:45:35,600 --> 00:45:32,370  
your your memory and all that is

1053  
00:45:38,660 --> 00:45:35,610  
figuring out how to use this memory as

1054  
00:45:40,340 --> 00:45:38,670  
something useful later not as something

1055  
00:45:42,320 --> 00:45:40,350  
that happened and recording it saying

1056  
00:45:44,270 --> 00:45:42,330  
that's what happened your consciousness

1057  
00:45:49,910 --> 00:45:44,280  
pays attention to what is important to

1058  
00:45:51,890 --> 00:45:49,920  
you and what you can use later such at

1059  
00:45:53,300 --> 00:45:51,900  
like if your hat if you burn if you if

1060  
00:45:55,670 --> 00:45:53,310  
you have a bad relationship and you

1061  
00:45:56,960 --> 00:45:55,680  
break up you and the other person are

1062  
00:45:58,550 --> 00:45:56,970  
not going to remember it the same way

1063  
00:46:00,740 --> 00:45:58,560

because you have different impressions

1064

00:46:02,510 --> 00:46:00,750

of it and both of you could be wrong

1065

00:46:06,110 --> 00:46:02,520

both of you could be right who knows or

1066

00:46:07,430 --> 00:46:06,120

both of you could become you know it's

1067

00:46:10,370 --> 00:46:07,440

usually somewhere in between the two

1068

00:46:14,090 --> 00:46:10,380

impressions but the thing is the memory

1069

00:46:15,530 --> 00:46:14,100

of it is being is being encoded in your

1070

00:46:16,880 --> 00:46:15,540

mind in the way it makes the most sense

1071

00:46:18,260 --> 00:46:16,890

to you and it can help you in the future

1072

00:46:19,490 --> 00:46:18,270

like I'm going to avoid this kind of

1073

00:46:22,040 --> 00:46:19,500

person in the future so I'm going to

1074

00:46:23,930 --> 00:46:22,050

remember it this way you're not thinking

1075

00:46:25,790 --> 00:46:23,940

of it that way but I think that's how it

1076  
00:46:28,820 --> 00:46:25,800  
works and I think the some of the same

1077  
00:46:32,030 --> 00:46:28,830  
stuff is going on with paranormal

1078  
00:46:33,920 --> 00:46:32,040  
experiences and I'm not saying people

1079  
00:46:35,510 --> 00:46:33,930  
make things that's one thing I've given

1080  
00:46:36,410 --> 00:46:35,520  
this talk and a few people said well

1081  
00:46:38,150 --> 00:46:36,420  
you're saying that people make

1082  
00:46:40,160 --> 00:46:38,160  
everything up and it doesn't exist and

1083  
00:46:42,710 --> 00:46:40,170  
you're a debunk or it's like that hasn't

1084  
00:46:44,510 --> 00:46:42,720  
that is not what I'm saying at all what

1085  
00:46:46,910 --> 00:46:44,520  
I'm saying is something weird happens

1086  
00:46:49,100 --> 00:46:46,920  
but I don't know if our memories and our

1087  
00:46:51,290 --> 00:46:49,110  
everything that we use to record that

1088  
00:46:54,650 --> 00:46:51,300

import and that impression is that

1089

00:46:56,120 --> 00:46:54,660

accurate especially was something that

1090

00:46:57,830 --> 00:46:56,130

you can't produce on demand like

1091

00:46:59,950 --> 00:46:57,840

everybody knows what when if somebody

1092

00:47:01,940 --> 00:46:59,960

runs into somebody in a with a car

1093

00:47:04,550 --> 00:47:01,950

everybody pretty much knows what that is

1094

00:47:06,350 --> 00:47:04,560

but you know having something strange

1095

00:47:08,120 --> 00:47:06,360

walking into your bedroom at night not

1096

00:47:09,830 --> 00:47:08,130

everybody has that experience you can't

1097

00:47:11,840 --> 00:47:09,840

have it on demand so there's there's

1098

00:47:13,460 --> 00:47:11,850

some divergence about what's going on I

1099

00:47:15,230 --> 00:47:13,470

mean there has to be because people

1100

00:47:17,600 --> 00:47:15,240

don't have this frame of reference for

1101

00:47:19,400 --> 00:47:17,610

it am I making sense yeah but you know

1102

00:47:24,020 --> 00:47:19,410

what about people that are considered to

1103

00:47:27,050 --> 00:47:24,030

be the trained observer you know say say

1104

00:47:29,330 --> 00:47:27,060

like a military pilot or say an

1105

00:47:31,070 --> 00:47:29,340

astronaut or a police officer you know

1106

00:47:33,770 --> 00:47:31,080

these are all what they call trained

1107

00:47:35,780 --> 00:47:33,780

observers you're saying not right and

1108

00:47:38,660 --> 00:47:35,790

I've had this happen I was I forgot what

1109

00:47:42,140 --> 00:47:38,670

course I was taking where and what but I

1110

00:47:44,030 --> 00:47:42,150

would I had this situation where someone

1111

00:47:46,310 --> 00:47:44,040

came into a room and they did something

1112

00:47:48,890 --> 00:47:46,320

real quickly and then left and then you

1113

00:47:52,010 --> 00:47:48,900

know like five minutes later the person

1114

00:47:54,230 --> 00:47:52,020

running the course said all right to say

1115

00:47:56,300 --> 00:47:54,240

exactly what you just saw you know and

1116

00:47:58,490 --> 00:47:56,310

you know some people said he had a brown

1117

00:47:59,960 --> 00:47:58,500

shirt somebody said he had a blue shirt

1118

00:48:01,060 --> 00:47:59,970

you know I mean it was really it was

1119

00:48:04,570 --> 00:48:01,070

actually kind of funny

1120

00:48:08,000 --> 00:48:04,580

so but if you're actually trained to

1121

00:48:09,740 --> 00:48:08,010

identify something that's your you know

1122

00:48:12,380 --> 00:48:09,750

what you've been trained to do I think

1123

00:48:15,470 --> 00:48:12,390

it's a little different than our mind

1124

00:48:20,270 --> 00:48:15,480

does more and become in tuned with

1125

00:48:22,270 --> 00:48:20,280

recording what we're seeing yeah yeah

1126

00:48:26,000 --> 00:48:22,280

well they're trained observers in the

1127

00:48:28,070 --> 00:48:26,010

observations of what they expect if it's

1128

00:48:29,540 --> 00:48:28,080

something that they don't expect I think

1129

00:48:31,340 --> 00:48:29,550

their minds gonna say well it's this

1130

00:48:34,610 --> 00:48:31,350

thing and everything will follow from

1131

00:48:36,200 --> 00:48:34,620

that idea or if they have no idea maybe

1132

00:48:38,300 --> 00:48:36,210

they just you know hopefully they just

1133

00:48:40,430 --> 00:48:38,310

give subjective impressions however I

1134

00:48:43,660 --> 00:48:40,440

also noticed another thing the closer an

1135

00:48:46,100 --> 00:48:43,670

encounter is the more it affects people

1136

00:48:47,810 --> 00:48:46,110

you know what I mean the more it seems

1137

00:48:49,550 --> 00:48:47,820

to be have more an effect on their

1138

00:48:51,830 --> 00:48:49,560

memories their psyche and everything the

1139

00:48:53,180 --> 00:48:51,840

closer the encounter is if you just see

1140

00:48:54,530 --> 00:48:53,190

a light flying through the sky most

1141

00:48:56,360 --> 00:48:54,540

people are going to agree that there's a

1142

00:48:58,010 --> 00:48:56,370

light flying that's through the sky but

1143

00:49:00,890 --> 00:48:58,020

if something starts to approach you I

1144

00:49:02,360 --> 00:49:00,900

think that the the impressions that

1145

00:49:04,040 --> 00:49:02,370

people have in their memories start to

1146

00:49:05,330 --> 00:49:04,050

diverge at that point unless they talk

1147

00:49:07,730 --> 00:49:05,340

about it later and then they all kind of

1148

00:49:09,500 --> 00:49:07,740

agree what that memory is and their

1149

00:49:12,740 --> 00:49:09,510

minds say okay we all experience this

1150

00:49:15,530 --> 00:49:12,750

thing but I bet if you could separate

1151

00:49:16,820 --> 00:49:15,540

people during a close encounter and ask

1152

00:49:18,560 --> 00:49:16,830

them all different all the same

1153

00:49:20,390 --> 00:49:18,570

questions you would get

1154

00:49:23,900 --> 00:49:20,400

divergent accounts may be widely

1155

00:49:26,270 --> 00:49:23,910

divergent accounts well you know I

1156

00:49:28,250 --> 00:49:26,280

talked to someone that not you know

1157

00:49:31,160 --> 00:49:28,260

another person I love talking to people

1158

00:49:33,170 --> 00:49:31,170

by the way that you casually meet

1159

00:49:35,000 --> 00:49:33,180

somewhere and you bring up the UFO topic

1160

00:49:36,890 --> 00:49:35,010

and someone in the room will say yeah

1161

00:49:41,480 --> 00:49:36,900

well I saw one you know and they talked

1162

00:49:43,430 --> 00:49:41,490

about it and so what about this just was

1163

00:49:45,860 --> 00:49:43,440

reminding me of a person I spoke to and

1164

00:49:47,690 --> 00:49:45,870

she said that Herat kept saying it was

1165

00:49:51,140 --> 00:49:47,700

an airplane it was an airplane she said

1166

00:49:51,640 --> 00:49:51,150

no that ain't no airplane is how she put

1167

00:49:54,230 --> 00:49:51,650

it

1168

00:49:57,170 --> 00:49:54,240

and so what about that person that's

1169

00:49:59,810 --> 00:49:57,180

expecting to see an airplane and then

1170

00:50:01,700 --> 00:49:59,820

realizes something else how do you how

1171

00:50:04,220 --> 00:50:01,710

does that fit in your philosophy

1172

00:50:05,930 --> 00:50:04,230

well your mind is going right back and

1173

00:50:07,610 --> 00:50:05,940

forth constantly going what is that what

1174

00:50:08,870 --> 00:50:07,620

is that what is that what is that you're

1175

00:50:10,370 --> 00:50:08,880

trying to figure that out we know that

1176  
00:50:11,500 --> 00:50:10,380  
from talking to people and they're

1177  
00:50:14,120 --> 00:50:11,510  
trying to come up with an explanation

1178  
00:50:15,530 --> 00:50:14,130  
now at some point some people will be

1179  
00:50:17,420 --> 00:50:15,540  
able to come up with an explanation and

1180  
00:50:19,220 --> 00:50:17,430  
say whatever are they their mind says I

1181  
00:50:21,920 --> 00:50:19,230  
really can't handle it this is unknown

1182  
00:50:23,810 --> 00:50:21,930  
so I know that's an airplane so that's

1183  
00:50:25,730 --> 00:50:23,820  
gonna be an airplane for them but other

1184  
00:50:28,010 --> 00:50:25,740  
people might may not be so sure and

1185  
00:50:29,660 --> 00:50:28,020  
they'll say I've you know I'm trusting

1186  
00:50:32,330 --> 00:50:29,670  
my eyes and it doesn't look like

1187  
00:50:34,550 --> 00:50:32,340  
anything that I've ever seen before so I

1188  
00:50:36,800 --> 00:50:34,560

don't know what that was

1189

00:50:38,180 --> 00:50:36,810

it's funny because I get to this point

1190

00:50:39,350 --> 00:50:38,190

where people say well people aren't you

1191

00:50:40,640 --> 00:50:39,360

know you're saying people aren't seeing

1192

00:50:44,360 --> 00:50:40,650

what they say they're saying in there

1193

00:50:45,500 --> 00:50:44,370

they're there they're there just what's

1194

00:50:48,140 --> 00:50:45,510

the word they're just being inaccurate

1195

00:50:50,870 --> 00:50:48,150

about it responses they're being as

1196

00:50:55,340 --> 00:50:50,880

accurate as they possibly can but we

1197

00:50:57,860 --> 00:50:55,350

have to realize that it is affected by

1198

00:50:59,780 --> 00:50:57,870

how they feel about it who else is there

1199

00:51:01,400 --> 00:50:59,790

what the time of the day it is what kind

1200

00:51:03,260 --> 00:51:01,410

of person they are are they completely

1201  
00:51:04,640 --> 00:51:03,270  
not interested in the subject have they

1202  
00:51:07,430 --> 00:51:04,650  
never you know are they totally

1203  
00:51:09,860 --> 00:51:07,440  
interested in UFOs it's it's all

1204  
00:51:11,600 --> 00:51:09,870  
subjective when it's going on which is

1205  
00:51:13,730 --> 00:51:11,610  
why it's important I think to get all

1206  
00:51:15,860 --> 00:51:13,740  
these subjective impersonations from

1207  
00:51:19,220 --> 00:51:15,870  
people impersonations impressions from

1208  
00:51:22,790 --> 00:51:19,230  
people no matter how insane they might

1209  
00:51:25,310 --> 00:51:22,800  
see because seem because it's it will

1210  
00:51:27,410 --> 00:51:25,320  
help it will help us I think to a

1211  
00:51:29,390 --> 00:51:27,420  
greater understanding what's going on I

1212  
00:51:30,920 --> 00:51:29,400  
see some of the people in the in the

1213  
00:51:32,030 --> 00:51:30,930

forums are saying you know I know what I

1214

00:51:33,830 --> 00:51:32,040

saw it's like I

1215

00:51:37,270 --> 00:51:33,840

not say you didn't see what you saw I

1216

00:51:39,440 --> 00:51:37,280

wasn't there I'm watching the chat now

1217

00:51:42,440 --> 00:51:39,450

yeah is that what you're saying yeah

1218

00:51:46,070 --> 00:51:42,450

yeah I mean I sleep Reagan you'd be nice

1219

00:51:47,570 --> 00:51:46,080

to Greg in the chat room okay yeah no

1220

00:51:49,070 --> 00:51:47,580

nobody's being rude they just have

1221

00:51:50,870 --> 00:51:49,080

questions and they're saying well how

1222

00:51:53,750 --> 00:51:50,880

can that be I know what I saw it's like

1223

00:51:56,420 --> 00:51:53,760

I would never tell somebody you didn't

1224

00:51:59,840 --> 00:51:56,430

see that what I was what I would say is

1225

00:52:02,030 --> 00:51:59,850

that is your impression that should be

1226  
00:52:03,860 --> 00:52:02,040  
entered into the database and I you know

1227  
00:52:07,040 --> 00:52:03,870  
I honor that you saw what you say you

1228  
00:52:08,660 --> 00:52:07,050  
saw but I don't know what it was I

1229  
00:52:10,490 --> 00:52:08,670  
wasn't standing there neither you know

1230  
00:52:11,930 --> 00:52:10,500  
you know and now there was the

1231  
00:52:13,490 --> 00:52:11,940  
researcher who talks to you or your

1232  
00:52:15,740 --> 00:52:13,500  
friends that you tell about later so

1233  
00:52:21,770 --> 00:52:15,750  
speaking of that have you actually ever

1234  
00:52:24,740 --> 00:52:21,780  
seen a UFO you know a couple of times

1235  
00:52:27,320 --> 00:52:24,750  
but never close enough to be exciting I

1236  
00:52:29,600 --> 00:52:27,330  
saw a light over Death Valley or near

1237  
00:52:31,100 --> 00:52:29,610  
Death Valley it appeared to be over the

1238  
00:52:33,860 --> 00:52:31,110

mercury test site you know we're all the

1239

00:52:35,570 --> 00:52:33,870

in Nevada where all the atomic bombs

1240

00:52:37,310 --> 00:52:35,580

were set off in the 50s and 60s

1241

00:52:39,980 --> 00:52:37,320

I think 70s I think they stopped in the

1242

00:52:41,420 --> 00:52:39,990

70s but yeah I was driving to Death

1243

00:52:43,070 --> 00:52:41,430

Valley like 3:00 in the morning when

1244

00:52:45,350 --> 00:52:43,080

somebody so it's really really bright

1245

00:52:48,340 --> 00:52:45,360

white light I couldn't even tell how far

1246

00:52:50,930 --> 00:52:48,350

away it was but if I had to you know

1247

00:52:53,810 --> 00:52:50,940

estimate it was probably over the border

1248

00:52:56,570 --> 00:52:53,820

in Nevada which was over the mercury

1249

00:53:00,080 --> 00:52:56,580

test site or you know maybe near area 51

1250

00:53:02,120 --> 00:53:00,090

or something it did not move it just sat

1251

00:53:04,850 --> 00:53:02,130

there it was really bright it was not a

1252

00:53:07,580 --> 00:53:04,860

star and it was there for a few hours

1253

00:53:09,350 --> 00:53:07,590

and now maybe was one o'clock and so it

1254

00:53:10,820 --> 00:53:09,360

like 4:00 in the morning after looking

1255

00:53:12,680 --> 00:53:10,830

at for a while going back in my hotel

1256

00:53:14,150 --> 00:53:12,690

room coming back out looking at it

1257

00:53:14,960 --> 00:53:14,160

finally one time I came out and it

1258

00:53:16,730 --> 00:53:14,970

wasn't there anymore

1259

00:53:18,620 --> 00:53:16,740

I looked at it through binoculars and it

1260

00:53:20,000 --> 00:53:18,630

just looked like a blob it just looked

1261

00:53:22,460 --> 00:53:20,010

like a bright blob but the thing isn't

1262

00:53:24,290 --> 00:53:22,470

so far away the atmosphere is is making

1263

00:53:26,090 --> 00:53:24,300

it look like that but it wasn't an

1264

00:53:28,550 --> 00:53:26,100

airplane because it didn't move and it

1265

00:53:30,500 --> 00:53:28,560

wasn't a star because a star and you

1266

00:53:32,000 --> 00:53:30,510

know the background stars moved over

1267

00:53:34,130 --> 00:53:32,010

those four hours and the moon move but

1268

00:53:36,530 --> 00:53:34,140

the spot did so it was something that's

1269

00:53:39,110 --> 00:53:36,540

that was floating in the air the other

1270

00:53:41,630 --> 00:53:39,120

thing I saw was a very strange shape

1271

00:53:44,540 --> 00:53:41,640

near the Santa Barbara Airport near

1272

00:53:45,620 --> 00:53:44,550

sunset I don't know about maybe eight or

1273

00:53:48,680 --> 00:53:45,630

nine years ago

1274

00:53:51,200 --> 00:53:48,690

and I described it in it defies language

1275

00:53:52,579 --> 00:53:51,210

what I saw it made no sense to me it

1276  
00:53:55,279 --> 00:53:52,589  
just looked like it looked like a big

1277  
00:54:00,410 --> 00:53:55,289  
black thing made out of six looked like

1278  
00:54:02,720 --> 00:54:00,420  
black like hexagonal tubes as if they

1279  
00:54:04,579 --> 00:54:02,730  
were giant pencils it was about a

1280  
00:54:05,569 --> 00:54:04,589  
quarter quarter mile away from me and

1281  
00:54:07,249 --> 00:54:05,579  
look and they were arranged like a

1282  
00:54:08,630 --> 00:54:07,259  
weight like a wheel but with no rim

1283  
00:54:11,870 --> 00:54:08,640  
around it was just the spokes of a wheel

1284  
00:54:19,120 --> 00:54:11,880  
and one side of it had black a black

1285  
00:54:21,890 --> 00:54:19,130  
line and little-little had black

1286  
00:54:23,299 --> 00:54:21,900  
rectangles along the line and some

1287  
00:54:24,829 --> 00:54:23,309  
people said well maybe it was a kite I

1288  
00:54:27,799 --> 00:54:24,839

said I don't think it was a kite because

1289

00:54:29,390 --> 00:54:27,809

it was stock still it did not move and

1290

00:54:31,099 --> 00:54:29,400

the funny thing was I was just in a

1291

00:54:32,839 --> 00:54:31,109

private plane that took off over right

1292

00:54:35,210 --> 00:54:32,849

where that thing was an hour before and

1293

00:54:37,400 --> 00:54:35,220

it wasn't there then so I called the I

1294

00:54:39,650 --> 00:54:37,410

called the control tower the next day

1295

00:54:41,980 --> 00:54:39,660

the dumb thing was as I saw it from a

1296

00:54:43,999 --> 00:54:41,990

quarter-mile away and then I went home I

1297

00:54:45,950 --> 00:54:44,009

don't know why I did that

1298

00:54:48,380 --> 00:54:45,960

it's like oh that's very weird I guess I

1299

00:54:49,670 --> 00:54:48,390

better go home now so and this is what

1300

00:54:52,670 --> 00:54:49,680

happens to a lot of people they see

1301  
00:54:53,960 --> 00:54:52,680  
something very strange and their mind

1302  
00:54:56,589 --> 00:54:53,970  
doesn't register that it's something

1303  
00:54:59,059 --> 00:54:56,599  
very strange that they should

1304  
00:55:00,170 --> 00:54:59,069  
investigate or pay attention to that's

1305  
00:55:01,789 --> 00:55:00,180  
what my mind get I mean I've been

1306  
00:55:03,650 --> 00:55:01,799  
looking at the stuff for years and I

1307  
00:55:06,680 --> 00:55:03,660  
spun suddenly finally see something

1308  
00:55:07,940 --> 00:55:06,690  
extremely weird in the sky and I leave

1309  
00:55:09,200 --> 00:55:07,950  
and it wasn't that high in the sky

1310  
00:55:09,890 --> 00:55:09,210  
either it was like maybe a hundred feet

1311  
00:55:12,319 --> 00:55:09,900  
off the ground

1312  
00:55:13,700 --> 00:55:12,329  
it might have been 80 or 100 feet across

1313  
00:55:16,160 --> 00:55:13,710

and it's about a quarter mile away from

1314

00:55:17,839 --> 00:55:16,170

me floating over a saltmarsh next to the

1315

00:55:20,269 --> 00:55:17,849

beach near the end of a runway at Santa

1316

00:55:21,740 --> 00:55:20,279

Barbara Airport I called the control

1317

00:55:23,660 --> 00:55:21,750

tower the next day and they said we had

1318

00:55:27,230 --> 00:55:23,670

no reports of anything like that it's

1319

00:55:28,849 --> 00:55:27,240

like really it was right there it was

1320

00:55:31,059 --> 00:55:28,859

completely visible you would have seen

1321

00:55:34,279 --> 00:55:31,069

it from the control tower easier than me

1322

00:55:38,960 --> 00:55:34,289

but they said nope nothing like that

1323

00:55:41,630 --> 00:55:38,970

isn't that something well I actually

1324

00:55:44,480 --> 00:55:41,640

know someone a friend who their whole

1325

00:55:46,339 --> 00:55:44,490

family had a UFO sighting and it was

1326

00:55:49,730 --> 00:55:46,349

really strange these things like we're

1327

00:55:51,859 --> 00:55:49,740

hovering over power lines and going up

1328

00:55:55,039 --> 00:55:51,869

and down and like not really moving

1329

00:55:57,740 --> 00:55:55,049

going you know just up and down

1330

00:55:59,840 --> 00:55:57,750

basically and so the whole family got

1331

00:56:01,670 --> 00:55:59,850

bored and went inside except for her

1332

00:56:03,859 --> 00:56:01,680

you know they're like oh well that's

1333

00:56:05,810 --> 00:56:03,869

cool and just went inside like they had

1334

00:56:09,520 --> 00:56:05,820

enough of it and for about five minutes

1335

00:56:12,800 --> 00:56:09,530

and that was another lasted a long time

1336

00:56:15,320 --> 00:56:12,810

yeah somewhere in their mind people say

1337

00:56:17,330 --> 00:56:15,330

I really can't make any sense of this so

1338

00:56:19,010 --> 00:56:17,340

it just kind of Dean Radin told me this

1339

00:56:20,570 --> 00:56:19,020

when I talk to me says well I think a

1340

00:56:22,370 --> 00:56:20,580

lot of weird things happen to people but

1341

00:56:24,170 --> 00:56:22,380

they have no place to put it in their

1342

00:56:25,670 --> 00:56:24,180

minds it just kind of falls off the

1343

00:56:27,800 --> 00:56:25,680

table which is why you hear people

1344

00:56:30,470 --> 00:56:27,810

saying remember that time where we saw

1345

00:56:32,120 --> 00:56:30,480

that thing or you know it was real and

1346

00:56:34,220 --> 00:56:32,130

that big light came in the room and a

1347

00:56:36,109 --> 00:56:34,230

group of people will not talk about

1348

00:56:37,460 --> 00:56:36,119

something for years or you won't talk

1349

00:56:39,020 --> 00:56:37,470

about something for years and suddenly

1350

00:56:40,640 --> 00:56:39,030

something jogs your memory you think of

1351

00:56:42,500 --> 00:56:40,650

it and the oh and you know the

1352

00:56:44,060 --> 00:56:42,510

explanation for that is Raiden told me

1353

00:56:45,740 --> 00:56:44,070

he thought was well your mind has no

1354

00:56:47,270 --> 00:56:45,750

place to put it there's no drawer to put

1355

00:56:49,580 --> 00:56:47,280

it in so it just falls off the table

1356

00:56:52,400 --> 00:56:49,590

until something jogs your memory again

1357

00:56:53,900 --> 00:56:52,410

many years later which is another

1358

00:56:57,230 --> 00:56:53,910

strange thing that happens with this

1359

00:56:58,550 --> 00:56:57,240

with this phenomenon right I'm gonna get

1360

00:57:00,890 --> 00:56:58,560

to another one of these questions we

1361

00:57:03,710 --> 00:57:00,900

have here with regards to alleged

1362

00:57:06,280 --> 00:57:03,720

abduction encounters the norm is that

1363

00:57:09,530 --> 00:57:06,290

ETS are interested in our biology and

1364

00:57:14,060 --> 00:57:09,540

give physical examinations do you think

1365

00:57:15,950 --> 00:57:14,070

this is much deeper in and that they may

1366

00:57:19,070 --> 00:57:15,960

be more interested in our emotional

1367

00:57:20,930 --> 00:57:19,080

response consciousness or our souls

1368

00:57:23,990 --> 00:57:20,940

that's another question that came in

1369

00:57:25,580 --> 00:57:24,000

through email yeah I think Carla Turner

1370

00:57:27,590 --> 00:57:25,590

said that a long time ago I don't know

1371

00:57:30,200 --> 00:57:27,600

what happens during abductions I have no

1372

00:57:31,430 --> 00:57:30,210

idea nobody has a video of it or

1373

00:57:33,200 --> 00:57:31,440

anything like that or at least anything

1374

00:57:37,490 --> 00:57:33,210

where they can say this is exactly what

1375

00:57:38,810 --> 00:57:37,500

happened but from the subjective

1376

00:57:41,180 --> 00:57:38,820

experience of people who have gone

1377

00:57:43,640 --> 00:57:41,190

through it it seems like it's more

1378

00:57:45,440 --> 00:57:43,650

intimately intimately connected to what

1379

00:57:48,680 --> 00:57:45,450

Cubans are what we're doing and how we

1380

00:57:50,540 --> 00:57:48,690

feel about things than any kind of

1381

00:57:52,550 --> 00:57:50,550

biological experiment or anything like

1382

00:57:53,660 --> 00:57:52,560

that which leads me to believe that it

1383

00:57:55,340 --> 00:57:53,670

has nothing to do with you know

1384

00:57:59,840 --> 00:57:55,350

scientists coming here to do anything

1385

00:58:02,150 --> 00:57:59,850

but it has more to do with what we look

1386

00:58:03,140 --> 00:58:02,160

like to something else that's not us if

1387

00:58:06,710 --> 00:58:03,150

that makes sense

1388

00:58:08,120 --> 00:58:06,720

hmm so you know and I don't know I don't

1389

00:58:09,590 --> 00:58:08,130

know what that thing is I'm not going to

1390

00:58:13,430 --> 00:58:09,600

say it's aliens from other planets or

1391

00:58:15,110 --> 00:58:13,440

anything it's uh it's it's I think it's

1392

00:58:16,700 --> 00:58:15,120

it's a subjective experience and it's

1393

00:58:18,380 --> 00:58:16,710

been I think it's been changed by

1394

00:58:22,130 --> 00:58:18,390

researchers trying to figure out what it

1395

00:58:23,450 --> 00:58:22,140

is and telling people what it is you

1396

00:58:24,950 --> 00:58:23,460

know you've been at this a real long

1397

00:58:27,410 --> 00:58:24,960

time and I have a lot of friends that I

1398

00:58:30,650 --> 00:58:27,420

talk to quite often that also have been

1399

00:58:32,900 --> 00:58:30,660

at it a very long time do you sometimes

1400

00:58:35,060 --> 00:58:32,910

get frustrated I notice that going way

1401  
00:58:37,310 --> 00:58:35,070  
off our topic do you get frustrated and

1402  
00:58:40,640 --> 00:58:37,320  
say sometimes you just want to hang your

1403  
00:58:43,790 --> 00:58:40,650  
hat up on the whole UFO thing that's

1404  
00:58:45,860 --> 00:58:43,800  
what ya the friends say you know a lot

1405  
00:58:47,810 --> 00:58:45,870  
of people come in to have that happen

1406  
00:58:49,250 --> 00:58:47,820  
there's like okay that's it I don't want

1407  
00:58:50,660 --> 00:58:49,260  
anything to do with it anymore then they

1408  
00:58:52,640 --> 00:58:50,670  
come back

1409  
00:58:54,800 --> 00:58:52,650  
Jim Mosely had that happened Don Ecker

1410  
00:58:56,390 --> 00:58:54,810  
had that happen to them there's there's

1411  
00:58:59,090 --> 00:58:56,400  
so many people that just get sick of it

1412  
00:59:01,160 --> 00:58:59,100  
because you know I think one it's an

1413  
00:59:05,540 --> 00:59:01,170

it's an insane thing to be interested in

1414

00:59:08,300 --> 00:59:05,550

and it'll drive you crazy too I think

1415

00:59:10,760 --> 00:59:08,310

the phenomenon in some way access is

1416

00:59:12,290 --> 00:59:10,770

part of our mind that is not stable you

1417

00:59:16,480 --> 00:59:12,300

know what I mean it's a destabilizing

1418

00:59:18,800 --> 00:59:16,490

thing to be interested in this stuff and

1419

00:59:20,450 --> 00:59:18,810

but the thing is if you've got a certain

1420

00:59:22,430 --> 00:59:20,460

mindset where you're into it you you

1421

00:59:24,050 --> 00:59:22,440

can't get away from it I haven't heard

1422

00:59:26,960 --> 00:59:24,060

too many people walk away from it never

1423

00:59:29,120 --> 00:59:26,970

come back there's still some interest

1424

00:59:32,200 --> 00:59:29,130

I had Jeff fritzman on my show and he

1425

00:59:34,340 --> 00:59:32,210

was saying that the you know the UFO

1426  
00:59:37,070 --> 00:59:34,350  
encounter or whatever it is that you're

1427  
00:59:41,150 --> 00:59:37,080  
encountering with the within this in

1428  
00:59:42,440 --> 00:59:41,160  
this area seems to thrive on any calls

1429  
00:59:47,320 --> 00:59:42,450  
that you know it's part of the trickster

1430  
00:59:52,430 --> 00:59:50,330  
things that aren't stable it's the you

1431  
00:59:54,020 --> 00:59:52,440  
know liminal states like people have

1432  
00:59:58,100 --> 00:59:54,030  
these things happening to them when

1433  
00:59:59,750 --> 00:59:58,110  
they're when during a divorce or

1434  
01:00:01,550 --> 00:59:59,760  
something else is going on in their life

1435  
01:00:02,780 --> 01:00:01,560  
that's that's not stable or if something

1436  
01:00:04,250 --> 01:00:02,790  
that they do have a stable life and this

1437  
01:00:07,550 --> 01:00:04,260  
happens to them it completely

1438  
01:00:10,730 --> 01:00:07,560

destabilizes them so it's it's it's not

1439

01:00:13,130 --> 01:00:10,740

something to be messed with if you want

1440

01:00:15,110 --> 01:00:13,140

you know if you want to at least in a

1441

01:00:18,470 --> 01:00:15,120

very intimate way if you want a you know

1442

01:00:21,320 --> 01:00:18,480

a quiet normal not very exciting life

1443

01:00:24,140 --> 01:00:21,330

I've never thought of it that way I've

1444

01:00:26,570 --> 01:00:24,150

thought of my interest in the topic is a

1445

01:00:29,510 --> 01:00:26,580

almost an optimistic one and

1446

01:00:31,940 --> 01:00:29,520

way of you know listening to what people

1447

01:00:34,880 --> 01:00:31,950

have to say but also thinking you know

1448

01:00:37,160 --> 01:00:34,890

it's possible we're not alone and so and

1449

01:00:39,470 --> 01:00:37,170

it's possible not such a boring world

1450

01:00:41,120 --> 01:00:39,480

you know I mean there's there's a lot of

1451  
01:00:42,740 --> 01:00:41,130  
things yeah yeah you know make me

1452  
01:00:46,250 --> 01:00:42,750  
interested in it that I yeah I don't

1453  
01:00:47,950 --> 01:00:46,260  
necessarily think unstable but alright

1454  
01:00:50,870 --> 01:00:47,960  
so you're talking about people that

1455  
01:00:53,690 --> 01:00:50,880  
always come back what about your friend

1456  
01:00:56,600 --> 01:00:53,700  
build more I know you know there was

1457  
01:01:01,730 --> 01:00:56,610  
kind of the incident back what year was

1458  
01:01:05,630 --> 01:01:01,740  
that were he 1889 1989 and I know you're

1459  
01:01:08,870 --> 01:01:05,640  
good friends with built so yeah so what

1460  
01:01:10,300 --> 01:01:08,880  
about him he has no interest at all in

1461  
01:01:14,720 --> 01:01:10,310  
coming back

1462  
01:01:18,500 --> 01:01:14,730  
correct yes correct

1463  
01:01:20,660 --> 01:01:18,510

he's one person that escaped it he just

1464

01:01:25,250 --> 01:01:20,670

decided that he was sick of the noise

1465

01:01:27,560 --> 01:01:25,260

and that what he had been through he

1466

01:01:29,300 --> 01:01:27,570

could not explain to people and he

1467

01:01:30,500 --> 01:01:29,310

actually also said look if I had to do

1468

01:01:33,050 --> 01:01:30,510

it over again I wouldn't be so arrogant

1469

01:01:35,570 --> 01:01:33,060

about it which he has you know he's like

1470

01:01:38,450 --> 01:01:35,580

the admitted to be but his frustration

1471

01:01:40,730 --> 01:01:38,460

stem from I am doing these things I am

1472

01:01:42,110 --> 01:01:40,740

researching these things I am talking to

1473

01:01:44,210 --> 01:01:42,120

these people I'm looking at these

1474

01:01:47,590 --> 01:01:44,220

documents and people are coming in and

1475

01:01:49,370 --> 01:01:47,600

yelling at me giving you know

1476

01:01:51,800 --> 01:01:49,380

criticizing me for things that I've

1477

01:01:53,690 --> 01:01:51,810

never said never done and did not intend

1478

01:01:55,250 --> 01:01:53,700

to do and never had into their saying

1479

01:01:57,680 --> 01:01:55,260

why do you do why did you do this well I

1480

01:01:59,450 --> 01:01:57,690

didn't do that why do you seem to think

1481

01:02:01,010 --> 01:01:59,460

this way well I don't think that way and

1482

01:02:02,690 --> 01:02:01,020

he said that happened over and over and

1483

01:02:05,510 --> 01:02:02,700

over and over over it he just got tired

1484

01:02:07,070 --> 01:02:05,520

of the emotional reactions that's

1485

01:02:09,110 --> 01:02:07,080

another thing about the UFO thing there

1486

01:02:10,670 --> 01:02:09,120

there I was talking to somebody that is

1487

01:02:12,500 --> 01:02:10,680

you know he's got his foot in the ghost

1488

01:02:14,030 --> 01:02:12,510

community and in Bigfoot community and

1489

01:02:16,690 --> 01:02:14,040

all that he said that the UFO community

1490

01:02:19,940 --> 01:02:16,700

seems to have the most rabid fights

1491

01:02:21,770 --> 01:02:19,950

about about what's going on in it and

1492

01:02:24,470 --> 01:02:21,780

we're trying to figure out why is it

1493

01:02:29,240 --> 01:02:24,480

that the UFO community and the UFO

1494

01:02:32,530 --> 01:02:29,250

subject inspires such emotional reaction

1495

01:02:34,850 --> 01:02:32,540

at such an emotional connection and I

1496

01:02:36,830 --> 01:02:34,860

think it's because it's you can't really

1497

01:02:39,410 --> 01:02:36,840

pin it down you know Bigfoot's Bigfoot a

1498

01:02:40,230 --> 01:02:39,420

ghost as it ghosts but a UFO it's it's

1499

01:02:42,330 --> 01:02:40,240

it's

1500

01:02:44,010 --> 01:02:42,340

any different things and people can't

1501

01:02:46,260 --> 01:02:44,020

agree on it and I think there's actually

1502

01:02:48,300 --> 01:02:46,270

something about the subject itself or

1503

01:02:50,790 --> 01:02:48,310

the source of it whatever intelligence

1504

01:02:53,850 --> 01:02:50,800

is behind her or whatever that just

1505

01:02:55,950 --> 01:02:53,860

doesn't mesh with our our rational minds

1506

01:02:59,100 --> 01:02:55,960

very well and we try to be rational

1507

01:03:01,400 --> 01:02:59,110

people so it messes with that that makes

1508

01:03:04,170 --> 01:03:01,410

sense yeah we have a caller on the line

1509

01:03:06,000 --> 01:03:04,180

caller your first name and where are you

1510

01:03:09,260 --> 01:03:06,010

calling from

1511

01:03:11,850 --> 01:03:09,270

it's Andy from Stratford calling again

1512

01:03:14,310 --> 01:03:11,860

hi Andy welcome to the show do you have

1513

01:03:17,550 --> 01:03:14,320

a question for our guest tonight hey

1514

01:03:19,650 --> 01:03:17,560

Andy no not a question guys but a story

1515

01:03:23,400 --> 01:03:19,660

and I've really only told this story

1516

01:03:26,610 --> 01:03:23,410

just a few times in my life and there

1517

01:03:29,400 --> 01:03:26,620

early 90s when I was in college I was in

1518

01:03:32,730 --> 01:03:29,410

the Army National Guard in New Hampshire

1519

01:03:36,300 --> 01:03:32,740

and we were training over in Vermont

1520

01:03:39,870 --> 01:03:36,310

near Mount Stowe and the Ethan Allen

1521

01:03:42,090 --> 01:03:39,880

firing range and about I was in my early

1522

01:03:44,280 --> 01:03:42,100

20s this happened about I'm going to say

1523

01:03:46,250 --> 01:03:44,290

four o'clock in the morning we were on

1524

01:03:52,680 --> 01:03:46,260

night maneuvers and we were waiting for

1525

01:03:54,360 --> 01:03:52,690

the enemy to attack us and it was very

1526

01:03:56,910 --> 01:03:54,370

quiet and then all of a sudden the

1527

01:03:59,550 --> 01:03:56,920

shooting began but it begin on the other

1528

01:04:00,870 --> 01:03:59,560

side of our perimeter so we my buddy and

1529

01:04:03,840 --> 01:04:00,880

I knew we weren't going to see any

1530

01:04:06,020 --> 01:04:03,850

fighting and within a few moments of

1531

01:04:09,810 --> 01:04:06,030

that the gunfire and our artillery

1532

01:04:13,260 --> 01:04:09,820

rounds and everything starting a green

1533

01:04:16,920 --> 01:04:13,270

glowing ball came out of the woods

1534

01:04:19,530 --> 01:04:16,930

towards us we watched it approach we

1535

01:04:21,900 --> 01:04:19,540

watched it cross our path and then go

1536

01:04:25,050 --> 01:04:21,910

off into the distance about the speed of

1537

01:04:25,830 --> 01:04:25,060

a dog might run it was maybe 15 20 feet

1538

01:04:28,830 --> 01:04:25,840

off the ground

1539

01:04:33,390 --> 01:04:28,840

about 40 feet away from us and it was a

1540

01:04:36,780 --> 01:04:33,400

glowing like a sickly green almost like

1541

01:04:39,000 --> 01:04:36,790

a glow stick that's dying and it was

1542

01:04:42,480 --> 01:04:39,010

dodging tree branches and it was

1543

01:04:45,630 --> 01:04:42,490

intelligently controlled and the two of

1544

01:04:48,240 --> 01:04:45,640

us watched it go by as plain as day and

1545

01:04:51,810 --> 01:04:48,250

both looked at each other and said what

1546

01:04:54,030 --> 01:04:51,820

the hell was that and it stuck with me

1547

01:04:57,600 --> 01:04:54,040

my entire life

1548

01:05:00,540 --> 01:04:57,610

I'll never explain it and it was just so

1549

01:05:03,930 --> 01:05:00,550

bizarre and yet it was right there in

1550

01:05:07,920 --> 01:05:03,940

front of me as plain as could be mm-hmm

1551  
01:05:10,620 --> 01:05:07,930  
and he saw you know my buddy that got it

1552  
01:05:14,250 --> 01:05:10,630  
was Whitney saw it and I've just never

1553  
01:05:17,490 --> 01:05:14,260  
forgotten it and years later I thought I

1554  
01:05:19,560 --> 01:05:17,500  
saw a similar green light once and every

1555  
01:05:21,810 --> 01:05:19,570  
nerve in my body went into alert it's

1556  
01:05:25,500 --> 01:05:21,820  
scared too scared the hell out of me and

1557  
01:05:27,480 --> 01:05:25,510  
I broke into a sweat and you know it was

1558  
01:05:30,120 --> 01:05:27,490  
a false alarm but I couldn't believe how

1559  
01:05:33,060 --> 01:05:30,130  
badly it scared me just to think that I

1560  
01:05:34,890 --> 01:05:33,070  
was about to see it again mm-hmm and I

1561  
01:05:37,640 --> 01:05:34,900  
it's I've seen some other weird stuff

1562  
01:05:40,620 --> 01:05:37,650  
but that's definitely the weirdest one

1563  
01:05:42,990 --> 01:05:40,630

so was it just two people just two

1564

01:05:46,290 --> 01:05:43,000

people that witnessed it or was it the

1565

01:05:48,390 --> 01:05:46,300

whole yeah myself and one other guy I

1566

01:05:50,150 --> 01:05:48,400

was a 60 gunner and this guy was my

1567

01:05:52,650 --> 01:05:50,160

assistant gunner we were in a foxhole

1568

01:05:54,660 --> 01:05:52,660

the Sun was just kind of becoming

1569

01:05:56,310 --> 01:05:54,670

Twilight and you know we had

1570

01:05:57,810 --> 01:05:56,320

night-vision goggles with us and stuff I

1571

01:05:58,950 --> 01:05:57,820

didn't even think to use them it all

1572

01:06:02,100 --> 01:05:58,960

happened so quickly

1573

01:06:04,320 --> 01:06:02,110

but this thing was silent and it was I

1574

01:06:06,000 --> 01:06:04,330

mean I'll never forget it it's burned

1575

01:06:08,520 --> 01:06:06,010

into my mind and that opened me up to

1576

01:06:13,080 --> 01:06:08,530

the idea that there's so much more to

1577

01:06:16,440 --> 01:06:13,090

our reality than we are want to admit or

1578

01:06:19,500 --> 01:06:16,450

most people can cope with well very good

1579

01:06:22,080 --> 01:06:19,510

that's it that's that's my story Rocky

1580

01:06:24,450 --> 01:06:22,090

all right thanks for the call thank you

1581

01:06:26,610 --> 01:06:24,460

it's a great story I liked it

1582

01:06:29,370 --> 01:06:26,620

yeah no problem yeah you're welcome good

1583

01:06:32,040 --> 01:06:29,380

good show except for the buffering but

1584

01:06:37,070 --> 01:06:32,050

who knows yeah all right I hope it's not

1585

01:06:42,240 --> 01:06:39,090

I'll let you go Martin

1586

01:06:45,960 --> 01:06:42,250

all right thanks right yeah yep all

1587

01:06:49,230 --> 01:06:45,970

right all right yeah that's uh I love to

1588

01:06:50,940 --> 01:06:49,240

hear like military-type incidents I know

1589

01:06:52,590 --> 01:06:50,950

there was a at least one of those in

1590

01:06:57,080 --> 01:06:52,600

your book I think I saw something in

1591

01:07:00,270 --> 01:06:57,090

there yeah so those that those are great

1592

01:07:02,520 --> 01:07:00,280

now ball of light phenomena is it's been

1593

01:07:04,760 --> 01:07:02,530

going on for hundreds and hundreds and

1594

01:07:10,490 --> 01:07:04,770

hundreds of years probably longer

1595

01:07:14,620 --> 01:07:10,500

and it's that you know all countries all

1596

01:07:16,670 --> 01:07:14,630

cultures and it still happens now and

1597

01:07:18,680 --> 01:07:16,680

there's a lot of theories about what

1598

01:07:20,720 --> 01:07:18,690

these balls of light might be is what he

1599

01:07:22,160 --> 01:07:20,730

describes actually also sounds and I

1600

01:07:23,450 --> 01:07:22,170

don't say that this is what it is but it

1601  
01:07:25,220 --> 01:07:23,460  
sounds like when people describe ball

1602  
01:07:27,260 --> 01:07:25,230  
lightning it seems like it has an

1603  
01:07:29,810 --> 01:07:27,270  
intelligence to it and will dodge around

1604  
01:07:31,550 --> 01:07:29,820  
things and so who knows what these

1605  
01:07:34,609 --> 01:07:31,560  
things are bowling they think is some

1606  
01:07:37,580 --> 01:07:34,619  
sort of electric plasma but there's

1607  
01:07:41,120 --> 01:07:37,590  
other forms of weather what are they

1608  
01:07:44,150 --> 01:07:41,130  
called but Bo Elle's balls of light all

1609  
01:07:47,810 --> 01:07:44,160  
kinds of different colors a lot of them

1610  
01:07:49,910 --> 01:07:47,820  
tend to be kind of kind of a reddish or

1611  
01:07:52,850 --> 01:07:49,920  
a peachy color I've heard a lot of those

1612  
01:07:55,720 --> 01:07:52,860  
well yeah that's that's who knows what's

1613  
01:07:57,740 --> 01:07:55,730

going on with that but it's a and and

1614

01:07:59,570 --> 01:07:57,750

what controls them or what's behind

1615

01:08:01,460 --> 01:07:59,580

there this is a natural phenomena or

1616

01:08:03,320 --> 01:08:01,470

they're some kind of consciousness that

1617

01:08:05,810 --> 01:08:03,330

appears as a ball of light to us who

1618

01:08:09,380 --> 01:08:05,820

knows now you actually had in your book

1619

01:08:12,070 --> 01:08:09,390

somewhere where there was some type of

1620

01:08:15,290 --> 01:08:12,080

military program where they were

1621

01:08:16,910 --> 01:08:15,300

experimenting with pulses plasma pulses

1622

01:08:20,420 --> 01:08:16,920

do you think there was actually

1623

01:08:22,610 --> 01:08:20,430

something to that you know I'm trying to

1624

01:08:25,610 --> 01:08:22,620

remember what that remember that what

1625

01:08:29,210 --> 01:08:25,620

that was well I know your book it was

1626

01:08:33,530 --> 01:08:29,220

something done in the 1990s I think and

1627

01:08:35,300 --> 01:08:33,540

maybe Kirkland or somewhere oh it might

1628

01:08:39,260 --> 01:08:35,310

have had something to do with what's

1629

01:08:41,180 --> 01:08:39,270

that called crossed lasers they would

1630

01:08:43,550 --> 01:08:41,190

cross them in the atmosphere and where

1631

01:08:45,289 --> 01:08:43,560

the lasers crossed the the the air would

1632

01:08:49,210 --> 01:08:45,299

be superheated the point where it create

1633

01:08:53,990 --> 01:08:49,220

a it would push the matter into the

1634

01:08:56,769 --> 01:08:54,000

fourth form of of matter which is a

1635

01:08:59,450 --> 01:08:56,779

plasma solid with liquid gas and plasma

1636

01:09:01,220 --> 01:08:59,460

and the air would become superheated and

1637

01:09:03,230 --> 01:09:01,230

turn into a plasma and cause these balls

1638

01:09:05,450 --> 01:09:03,240

of light yeah I think that's what

1639

01:09:06,920 --> 01:09:05,460

referring to yeah people said you know

1640

01:09:09,050 --> 01:09:06,930

you wrote about this thing it's like

1641

01:09:10,430 --> 01:09:09,060

well I don't remember and they said well

1642

01:09:12,170 --> 01:09:10,440

how can you not remember you

1643

01:09:17,360 --> 01:09:12,180

I said can you remember a conversation

1644

01:09:19,430 --> 01:09:17,370

you had 10 years ago it's sometimes what

1645

01:09:22,999 --> 01:09:19,440

I wrote about but that's what I seem to

1646

01:09:26,930 --> 01:09:23,009

remember and that they had created some

1647

01:09:28,400 --> 01:09:26,940

sort of a filter on these laser beams so

1648

01:09:30,439 --> 01:09:28,410

that when they didn't meet at a certain

1649

01:09:34,579 --> 01:09:30,449

point in the air that the crossbeams

1650

01:09:35,780 --> 01:09:34,589

would create a ball of plasma or they

1651

01:09:37,249 --> 01:09:35,790

could cross them at you know at a

1652

01:09:38,990 --> 01:09:37,259

missile or something like that be able

1653

01:09:41,959 --> 01:09:39,000

to shoot it down now they've got lasers

1654

01:09:43,550 --> 01:09:41,969

they're so so powerful that they can

1655

01:09:46,039 --> 01:09:43,560

just use one laser and shoot down a

1656

01:09:48,050 --> 01:09:46,049

missile it's been there's there's videos

1657

01:09:49,550 --> 01:09:48,060

of it online actually and they've got

1658

01:09:51,829 --> 01:09:49,560

airborne lasers now that's what they

1659

01:09:53,539 --> 01:09:51,839

were testing at Kirtland for a while

1660

01:10:00,229 --> 01:09:53,549

the problem was they couldn't get enough

1661

01:10:02,090 --> 01:10:00,239

power to get the laser to to to to be

1662

01:10:04,220 --> 01:10:02,100

able to destroy anything but now they've

1663

01:10:06,500 --> 01:10:04,230

got they've got they've miniaturized

1664

01:10:07,910 --> 01:10:06,510

everything they've got bigger batteries

1665

01:10:10,700 --> 01:10:07,920

I guess they use capacitors and they

1666

01:10:12,560 --> 01:10:10,710

charge them up and then they do a laser

1667

01:10:14,150 --> 01:10:12,570

pulse with all this power on it and then

1668

01:10:16,580 --> 01:10:14,160

immediately they start charging up the

1669

01:10:18,680 --> 01:10:16,590

the capacitors again so they can throw

1670

01:10:19,729 --> 01:10:18,690

them another laser pulse out so it's

1671

01:10:20,750 --> 01:10:19,739

it's gotten to the point where they

1672

01:10:23,420 --> 01:10:20,760

could just they have a little ball on

1673

01:10:24,979 --> 01:10:23,430

the front of the plane with a with a

1674

01:10:26,660 --> 01:10:24,989

mirror in it they can point it you know

1675

01:10:30,590 --> 01:10:26,670

300 well not right at the plane

1676

01:10:32,390 --> 01:10:30,600

obviously but it has a great arc and so

1677

01:10:34,310 --> 01:10:32,400

they can actually track a missile or

1678

01:10:36,110 --> 01:10:34,320

something like that and actually damage

1679

01:10:38,439 --> 01:10:36,120

it enough to to destroy it so they

1680

01:10:41,420 --> 01:10:38,449

basically have they have death rays

1681

01:10:43,220 --> 01:10:41,430

finally Tesla would be proud we have

1682

01:10:44,840 --> 01:10:43,230

another caller on the line caller where

1683

01:10:48,080 --> 01:10:44,850

are you calling from and your first name

1684

01:10:51,979 --> 01:10:48,090

please hey Martin

1685

01:10:54,410 --> 01:10:51,989

hi Greg yeah yeah you can speak up a

1686

01:10:58,370 --> 01:10:54,420

little though okay good

1687

01:11:00,439 --> 01:10:58,380

so I'm Jay Allen from San Diego at the

1688

01:11:01,490 --> 01:11:00,449

moment welcome to the show

1689

01:11:04,670 --> 01:11:01,500

do you have a question for our guest

1690

01:11:05,990 --> 01:11:04,680

thank you yeah yeah so I was gonna I'm

1691

01:11:10,010 --> 01:11:06,000

gonna sort of call in and tell you a

1692

01:11:12,770 --> 01:11:10,020

story also as a trained observer if

1693

01:11:14,990 --> 01:11:12,780

that's okay because that seems to be

1694

01:11:16,310 --> 01:11:15,000

sort of a key word and every time I hear

1695

01:11:19,640 --> 01:11:16,320

it I'm like man there are so many

1696

01:11:22,640 --> 01:11:19,650

trained observers out there that a lot

1697

01:11:24,409 --> 01:11:22,650

of us you know the position that I was

1698

01:11:26,989 --> 01:11:24,419

in

1699

01:11:30,649 --> 01:11:26,999

and made it impossible to actually file

1700

01:11:32,719 --> 01:11:30,659

a report or do anything about it but I

1701

01:11:34,100 --> 01:11:32,729

can tell you I can tell you a story

1702

01:11:38,179 --> 01:11:34,110

it's just can't it just can't be

1703

01:11:40,159 --> 01:11:38,189

official you know I mean so yeah just

1704

01:11:42,969 --> 01:11:40,169

real quick not to brag but I'm just

1705

01:11:45,709 --> 01:11:42,979

going to tell you a little bit of my bio

1706

01:11:47,600 --> 01:11:45,719

I'm a military veteran I was in the Air

1707

01:11:50,209 --> 01:11:47,610

Force I went to air traffic control

1708

01:11:55,009 --> 01:11:50,219

school went to flight school became an

1709

01:11:57,439 --> 01:11:55,019

aerospace engineer I have 22 years in

1710

01:12:03,350 --> 01:11:57,449

aerospace at this point and I'm still in

1711

01:12:08,299 --> 01:12:03,360

it today active and I can tell you that

1712

01:12:10,219 --> 01:12:08,309

I work on the tip-top of the iceberg of

1713

01:12:13,279 --> 01:12:10,229

the technology that we know about today

1714

01:12:14,540 --> 01:12:13,289

we work on DARPA programs the highest

1715

01:12:17,810 --> 01:12:14,550

level stuff that we know that's out

1716

01:12:19,609 --> 01:12:17,820

there before I I don't know if

1717

01:12:24,139 --> 01:12:19,619

everybody's heard of Lockheed skunkworks

1718

01:12:26,929 --> 01:12:24,149

with Boeing also has a Boeing also has a

1719

01:12:28,790 --> 01:12:26,939

division called phantom works and that's

1720

01:12:30,500 --> 01:12:28,800

what I work that's basically basically

1721

01:12:33,649 --> 01:12:30,510

the classified

1722

01:12:37,100 --> 01:12:33,659

you know R&D programs out there but I

1723

01:12:41,149 --> 01:12:37,110

happen to be out in oddly enough Nevada

1724

01:12:43,399 --> 01:12:41,159

Test range and we were at Creech Air

1725

01:12:46,669 --> 01:12:43,409

Force Base it was about probably about

1726

01:12:48,560 --> 01:12:46,679

four years ago when this happens and I

1727

01:12:50,719 --> 01:12:48,570

don't know if you guys know but Creech

1728

01:12:52,669 --> 01:12:50,729

is in Indian Springs Nevada and it's

1729

01:12:56,449 --> 01:12:52,679

just on the other side of the mountain

1730

01:12:58,189 --> 01:12:56,459

from area 51 hmm and we were doing night

1731

01:13:00,199 --> 01:12:58,199

operations there I'm not going to tell

1732

01:13:01,580 --> 01:13:00,209

you what we were doing we were doing

1733

01:13:03,949 --> 01:13:01,590

some night operations there with about

1734

01:13:06,520 --> 01:13:03,959

eight other military personnel and we

1735

01:13:13,100 --> 01:13:06,530

happen to step outside of our skiff and

1736

01:13:14,629 --> 01:13:13,110

there are these just super bright orbs I

1737

01:13:18,259 --> 01:13:14,639

think we were just talking about Ward's

1738

01:13:20,270 --> 01:13:18,269

but there were super bright orbs outside

1739

01:13:24,169 --> 01:13:20,280

so bright that we thought that they were

1740

01:13:26,540 --> 01:13:24,179

helicopters I mean literally sending a

1741

01:13:28,939 --> 01:13:26,550

spotlight directly at us but there was

1742

01:13:30,770 --> 01:13:28,949

no you know there was no circle on the

1743

01:13:33,679 --> 01:13:30,780

ground where the spotlight would hit it

1744

01:13:34,909 --> 01:13:33,689

was just you know that's that's what

1745

01:13:37,500 --> 01:13:34,919

that was our first impression because

1746

01:13:39,750 --> 01:13:37,510

we're in military airspace and then

1747

01:13:41,729 --> 01:13:39,760

we realized that guess what it's

1748

01:13:43,319 --> 01:13:41,739

midnight there's no flight operations

1749

01:13:45,810 --> 01:13:43,329

allowed after 10:00 p.m. because of

1750

01:13:50,790 --> 01:13:45,820

civilians are around and noise ordinance

1751

01:13:53,250 --> 01:13:50,800

so we've got to assume that you know if

1752

01:13:54,899 --> 01:13:53,260

it's if it's a flight operation then

1753

01:13:57,089 --> 01:13:54,909

it's unauthorized or if it's or it's

1754

01:13:59,279 --> 01:13:57,099

special ops but there is ZERO sound I

1755

01:14:01,709 --> 01:13:59,289

don't know he's been in the desert at

1756

01:14:03,899 --> 01:14:01,719

midnight when there's no flight

1757

01:14:05,790 --> 01:14:03,909

operations and no traffic you can hear

1758

01:14:07,169 --> 01:14:05,800

you can hear miles and miles away you

1759

01:14:13,290 --> 01:14:07,179

can hear a cricket eight miles away

1760

01:14:15,359 --> 01:14:13,300

probably but these we thought they were

1761

01:14:17,459 --> 01:14:15,369

helicopters until they started rotating

1762

01:14:19,080 --> 01:14:17,469

and doing these maneuvers they're

1763

01:14:22,229 --> 01:14:19,090

literally hovering but there was no

1764

01:14:24,600 --> 01:14:22,239

sound they were just the brightest thing

1765

01:14:26,310 --> 01:14:24,610

we have ever seen and they started

1766

01:14:27,899 --> 01:14:26,320

rotating around each other which which

1767

01:14:29,370 --> 01:14:27,909

is how we knew it was impossible to be a

1768

01:14:33,000 --> 01:14:29,380

helicopter you have this thing called

1769

01:14:34,589 --> 01:14:33,010

ground effect and rotor wash so if you

1770

01:14:35,939 --> 01:14:34,599

have a helicopter go on top of another

1771

01:14:40,080 --> 01:14:35,949

helicopter just knock it right out of

1772

01:14:42,720 --> 01:14:40,090

the sky and I have no idea why they

1773

01:14:45,209 --> 01:14:42,730

would be circling around each other

1774

01:14:50,399 --> 01:14:45,219

these orbs but they were and it was

1775

01:14:51,680 --> 01:14:50,409

right in front of us and it could so

1776

01:14:53,430 --> 01:14:51,690

they were hovering with no sound

1777

01:14:56,759 --> 01:14:53,440

anything hovering is gonna be a

1778

01:14:59,220 --> 01:14:56,769

helicopter and but at the same time we

1779

01:15:01,080 --> 01:14:59,230

know for sure from pella card helicopter

1780

01:15:02,700 --> 01:15:01,090

flight dynamics that it's impossible for

1781

01:15:05,580 --> 01:15:02,710

them to do that without destroying each

1782

01:15:07,439 --> 01:15:05,590

other so had to have been something else

1783

01:15:12,959 --> 01:15:07,449

especially with there being zero sound

1784

01:15:14,509 --> 01:15:12,969

about it and you know I my point was not

1785

01:15:16,620 --> 01:15:14,519

just to tell the story but to say

1786

01:15:20,189 --> 01:15:16,630

there's a lot of trained observers out

1787

01:15:21,779 --> 01:15:20,199

there and yet perception is definitely

1788

01:15:25,160 --> 01:15:21,789

the skeptical argument is hugely

1789

01:15:27,330 --> 01:15:25,170

valuable and we have to consider

1790

01:15:29,040 --> 01:15:27,340

perception within all the people who are

1791

01:15:30,509 --> 01:15:29,050

telling stories you know one person saw

1792

01:15:33,089 --> 01:15:30,519

this and another person saw this yeah

1793

01:15:34,979 --> 01:15:33,099

that's that's all totally true also but

1794

01:15:37,319 --> 01:15:34,989

eventually we have to reach a threshold

1795

01:15:42,330 --> 01:15:37,329

where we have enough trained observers

1796

01:15:43,620 --> 01:15:42,340

telling a similar story where we have to

1797

01:15:46,549 --> 01:15:43,630

really consider that there's something

1798

01:15:49,319 --> 01:15:46,559

going on and it's not perceptual

1799

01:15:51,110 --> 01:15:49,329

misidentification it's not displacement

1800

01:15:55,500 --> 01:15:51,120

or sublimation

1801  
01:15:57,450 --> 01:15:55,510  
there there really is something out

1802  
01:16:00,210 --> 01:15:57,460  
there that even even chain observers

1803  
01:16:02,100 --> 01:16:00,220  
can't explain I'm not say what was I'm

1804  
01:16:04,440 --> 01:16:02,110  
just gonna say that I work in the

1805  
01:16:06,540 --> 01:16:04,450  
highest level of technology that I'm

1806  
01:16:14,100 --> 01:16:06,550  
aware of I mean in a classified and I

1807  
01:16:15,450 --> 01:16:14,110  
still have clearances and there's

1808  
01:16:18,720 --> 01:16:15,460  
something out there that we're not aware

1809  
01:16:22,980 --> 01:16:18,730  
of in our program that could be true but

1810  
01:16:25,800 --> 01:16:22,990  
I mean based on the flight dynamics of

1811  
01:16:28,170 --> 01:16:25,810  
these things I can't imagine what it

1812  
01:16:29,400 --> 01:16:28,180  
could be I'm just saying that there's

1813  
01:16:31,200 --> 01:16:29,410

got to be a threshold where enough

1814

01:16:33,120 --> 01:16:31,210

people like me come out and we have to

1815

01:16:34,500 --> 01:16:33,130

admit yeah yeah we need more

1816

01:16:37,620 --> 01:16:34,510

investigation and we should we should

1817

01:16:40,560 --> 01:16:37,630

and some instances move away from the

1818

01:16:44,160 --> 01:16:40,570

perceptual accountability and go into

1819

01:16:45,810 --> 01:16:44,170

you know more investigation but yeah

1820

01:16:47,630 --> 01:16:45,820

well the point is that there's been

1821

01:16:49,740 --> 01:16:47,640

thank you so much there's been a lot of

1822

01:16:52,080 --> 01:16:49,750

investigation I think the investigation

1823

01:16:55,740 --> 01:16:52,090

has to be taken over by people who are

1824

01:16:57,270 --> 01:16:55,750

more professionally trained and I'm

1825

01:16:59,040 --> 01:16:57,280

sorry if I gave the impression that

1826  
01:17:00,960 --> 01:16:59,050  
people don't see what they're seeing I

1827  
01:17:03,150 --> 01:17:00,970  
think there's something very strange

1828  
01:17:05,340 --> 01:17:03,160  
going on in the skies has been going on

1829  
01:17:07,560 --> 01:17:05,350  
for many years and that many people see

1830  
01:17:10,530 --> 01:17:07,570  
them the problem is that it's really

1831  
01:17:13,200 --> 01:17:10,540  
hard for us to categorize what's going

1832  
01:17:15,120 --> 01:17:13,210  
on however there are steps being taken

1833  
01:17:17,250 --> 01:17:15,130  
like you know let's take a video of

1834  
01:17:19,710 --> 01:17:17,260  
what's going on and see what colors are

1835  
01:17:21,450 --> 01:17:19,720  
being emitted by these things what does

1836  
01:17:23,040 --> 01:17:21,460  
that tell us about their flight about

1837  
01:17:25,200 --> 01:17:23,050  
their dynamics and how they might be

1838  
01:17:26,970 --> 01:17:25,210

doing what they're doing this this stuff

1839

01:17:28,500 --> 01:17:26,980

is very important and I think at this

1840

01:17:30,410 --> 01:17:28,510

point in a lot of ways it should be

1841

01:17:32,700 --> 01:17:30,420

taken out of the hands of people who are

1842

01:17:34,650 --> 01:17:32,710

hobbyists and into the hands of people

1843

01:17:36,570 --> 01:17:34,660

that are more professional have the

1844

01:17:38,520 --> 01:17:36,580

equipment have the training and all that

1845

01:17:42,540 --> 01:17:38,530

to start looking at this in a different

1846

01:17:44,970 --> 01:17:42,550

way yeah excellently all right well

1847

01:17:45,440 --> 01:17:44,980

thank you for the call thank you you're

1848

01:17:49,500 --> 01:17:45,450

welcome

1849

01:17:52,550 --> 01:17:49,510

all right uh-huh all right so if anyone

1850

01:17:55,230 --> 01:17:52,560

else wants to call in please give a

1851

01:17:58,380 --> 01:17:55,240

question to the guests we do like

1852

01:18:00,330 --> 01:17:58,390

hearing stories and occasionally there

1853

01:18:01,770 --> 01:18:00,340

will be a time where the guest has to

1854

01:18:04,179 --> 01:18:01,780

leave early or something like that and

1855

01:18:05,799 --> 01:18:04,189

would love to hear yours

1856

01:18:08,500 --> 01:18:05,809

no problem at all but for right now

1857

01:18:11,379 --> 01:18:08,510

anyone that wants to call in the number

1858

01:18:14,799 --> 01:18:11,389

please call in for a question for our

1859

01:18:17,919 --> 01:18:14,809

guests speaking of that another question

1860

01:18:19,989 --> 01:18:17,929

that came up here have you had a change

1861

01:18:21,790 --> 01:18:19,999

of opinion on this subject from when you

1862

01:18:25,509 --> 01:18:21,800

first started writing about it to up to

1863

01:18:29,169 --> 01:18:25,519

present day who hasn't right yeah yeah I

1864

01:18:30,609 --> 01:18:29,179

think everybody has at first I think I

1865

01:18:33,459 --> 01:18:30,619

was a lot of people it's like well it's

1866

01:18:35,619 --> 01:18:33,469

it's aliens coming from other planets in

1867

01:18:39,579 --> 01:18:35,629

structured crap now I'm not so sure

1868

01:18:41,829 --> 01:18:39,589

about that it just that that explanation

1869

01:18:43,149 --> 01:18:41,839

does not explain all the stuff we've

1870

01:18:48,159 --> 01:18:43,159

been talking about here the weirdness

1871

01:18:51,790 --> 01:18:48,169

the repetition all kinds of you know it

1872

01:18:53,439 --> 01:18:51,800

why is it happening so much is it

1873

01:18:55,000 --> 01:18:53,449

because we've got a different perception

1874

01:18:56,349 --> 01:18:55,010

of time than they do we just think it's

1875

01:18:59,889 --> 01:18:56,359

happening all the time they've only seen

1876

01:19:02,049 --> 01:18:59,899

us twice I have no idea but I'm

1877

01:19:05,349 --> 01:19:02,059

convinced that whatever is doing this

1878

01:19:07,449 --> 01:19:05,359

it's not us it's something else with it

1879

01:19:09,759 --> 01:19:07,459

that with a with a with a thinking

1880

01:19:13,359 --> 01:19:09,769

consciousness being able to reason and

1881

01:19:15,369 --> 01:19:13,369

and perceive things other than that I'm

1882

01:19:17,619 --> 01:19:15,379

not sure oh we got a caller we have a no

1883

01:19:21,069 --> 01:19:17,629

you saw it this time yes I call your

1884

01:19:28,409 --> 01:19:23,349

Oh Bobby I've met Bobby I don't know

1885

01:19:30,849 --> 01:19:28,419

we're going what five years ago now he's

1886

01:19:35,169 --> 01:19:30,859

been listening to the show before and

1887

01:19:36,459 --> 01:19:35,179

ever since long time listener so Bobby

1888

01:19:38,079 --> 01:19:36,469

how you doing you have a question for

1889

01:19:40,599 --> 01:19:38,089

Gregg I know you like Gregg's you've

1890

01:19:42,939 --> 01:19:40,609

mentioned that before yeah I'm doing

1891

01:19:44,770 --> 01:19:42,949

great then Gregg is great and it snowed

1892

01:19:45,759 --> 01:19:44,780

today first day of spring and we got to

1893

01:19:47,739 --> 01:19:45,769

know so I don't want to hear you

1894

01:19:52,449 --> 01:19:47,749

bitching about your 14 feet of snow that

1895

01:19:54,790 --> 01:19:52,459

you get it's been raining all day here

1896

01:19:56,319 --> 01:19:54,800

but that's California yeah yeah well

1897

01:20:00,609 --> 01:19:56,329

it's funny it's melted before I left for

1898

01:20:02,889 --> 01:20:00,619

work I had a question for for Gregg sure

1899

01:20:03,369 --> 01:20:02,899

well first of all I heard that the two

1900

01:20:06,520 --> 01:20:03,379

stars

1901

01:20:08,529 --> 01:20:06,530

blink-182 Academy got two more videos

1902

01:20:11,589 --> 01:20:08,539

recently but they haven't released them

1903

01:20:13,290 --> 01:20:11,599

yet and I think I've read somewhere that

1904

01:20:16,329 --> 01:20:13,300

he was kind of dubious about the whole

1905

01:20:17,470 --> 01:20:16,339

release of the videos on one of his

1906

01:20:20,740 --> 01:20:17,480

thoughts on

1907

01:20:23,470 --> 01:20:20,750

that and the other thing was like the

1908

01:20:25,330 --> 01:20:23,480

just not too long ago last fall some

1909

01:20:27,460 --> 01:20:25,340

pictures were released allegedly by some

1910

01:20:30,280 --> 01:20:27,470

guys without an Aryan 51 got pictures of

1911

01:20:32,110 --> 01:20:30,290

a UFO that looked really clear with the

1912

01:20:34,540 --> 01:20:32,120

helicopter in the background those

1913

01:20:36,520 --> 01:20:34,550

actually analyzed by Bruce Maccabee and

1914

01:20:37,780 --> 01:20:36,530

there's like different people are saying

1915

01:20:39,280 --> 01:20:37,790

different things about it some people

1916

01:20:40,600 --> 01:20:39,290

think that it's legit and other people

1917

01:20:43,210 --> 01:20:40,610

are like well it's too good to be true

1918

01:20:44,470 --> 01:20:43,220

and it's it's just it's a paradox you

1919

01:20:46,330 --> 01:20:44,480

know if you get a really good clear

1920

01:20:48,460 --> 01:20:46,340

picture of something well it's fake and

1921

01:20:51,130 --> 01:20:48,470

if you get a blurry picture then it's

1922

01:20:54,700 --> 01:20:51,140

just a light in the sky so that's what I

1923

01:20:57,729 --> 01:20:54,710

had to say about that yeah we we sort of

1924

01:20:59,110 --> 01:20:57,739

discussed earlier about to the stars but

1925

01:21:00,729 --> 01:20:59,120

I don't know if there's anything else

1926

01:21:05,050 --> 01:21:00,739

you want to add to that what you talked

1927

01:21:08,080 --> 01:21:05,060

about before Greg yeah I think the

1928

01:21:10,090 --> 01:21:08,090

regards to video and and pictures I

1929

01:21:11,890 --> 01:21:10,100

think we've got enough video and

1930

01:21:13,479 --> 01:21:11,900

pictures at this point that we know that

1931

01:21:15,850 --> 01:21:13,489

there's that people occasionally take

1932

01:21:17,890 --> 01:21:15,860

pictures and video of things and film of

1933

01:21:19,840 --> 01:21:17,900

things that are unexplained and are

1934

01:21:21,850 --> 01:21:19,850

truly unexplained that I don't think is

1935

01:21:24,280 --> 01:21:21,860

any question about that I think what the

1936

01:21:26,650 --> 01:21:24,290

what to the Stars is trying to do is

1937

01:21:31,330 --> 01:21:26,660

saying look this came from the military

1938

01:21:33,220 --> 01:21:31,340

it's unexplained and we we have to wait

1939

01:21:34,780 --> 01:21:33,230

you know we're trying to force the

1940

01:21:36,910 --> 01:21:34,790

authorities to acknowledge that there's

1941

01:21:38,830 --> 01:21:36,920

unexplained things in the sky which they

1942

01:21:40,540 --> 01:21:38,840

never really have before I mean I think

1943

01:21:43,360 --> 01:21:40,550

that's part of their goal and I think I

1944

01:21:45,700 --> 01:21:43,370

think it's a great goal that that I

1945

01:21:47,350 --> 01:21:45,710

think the videos are are singularly

1946

01:21:50,560 --> 01:21:47,360

unimpressive to me it's just like well

1947

01:21:53,620 --> 01:21:50,570

there's dots in the sky doing stuff and

1948

01:21:55,420 --> 01:21:53,630

they're traveling at strange speeds but

1949

01:21:57,460 --> 01:21:55,430

the thing is if you're into UFOs or

1950

01:21:59,860 --> 01:21:57,470

actually most of the public they already

1951

01:22:02,380 --> 01:21:59,870

know that stuff happens I think that's

1952

01:22:04,240 --> 01:22:02,390

what this is aimed at is the media and

1953

01:22:05,860 --> 01:22:04,250

academia and science and all that and

1954

01:22:06,850 --> 01:22:05,870

how they should probably take this a

1955

01:22:09,820 --> 01:22:06,860

little more seriously

1956

01:22:12,850 --> 01:22:09,830

so with that part of their propaganda

1957

01:22:16,630 --> 01:22:12,860

machine I totally agree with them what I

1958

01:22:17,979 --> 01:22:16,640

don't know is besides that why they're

1959

01:22:19,690 --> 01:22:17,989

doing it I think they're trying to get

1960

01:22:21,940 --> 01:22:19,700

something out with the technology figure

1961

01:22:25,479 --> 01:22:21,950

out what this technology is and exploit

1962

01:22:28,540 --> 01:22:25,489

it in some way that is great as long as

1963

01:22:30,010 --> 01:22:28,550

it's open and everybody is everybody has

1964

01:22:31,000 --> 01:22:30,020

access to the information but I don't

1965

01:22:33,339 --> 01:22:31,010

think that's

1966

01:22:34,720 --> 01:22:33,349

that's their idea it's part of I think

1967

01:22:36,759 --> 01:22:34,730

they're trying to throw a wide net and

1968

01:22:37,959 --> 01:22:36,769

find out if how much people know about

1969

01:22:40,390 --> 01:22:37,969

this

1970

01:22:42,160 --> 01:22:40,400

re you know the the alloys or whatever

1971

01:22:45,069 --> 01:22:42,170

you want to call them and how these can

1972

01:22:50,529 --> 01:22:45,079

be used to further our understanding of

1973

01:22:52,629 --> 01:22:50,539

physics and and and flight and that they

1974

01:22:54,250 --> 01:22:52,639

don't really care if it's aliens or

1975

01:22:56,560 --> 01:22:54,260

coming from another planet or anything

1976

01:22:57,459 --> 01:22:56,570

like that all they care about is how do

1977

01:23:00,970 --> 01:22:57,469

these things work

1978

01:23:04,419 --> 01:23:00,980

and how can we how can we use what we

1979

01:23:08,379 --> 01:23:04,429

see to reproduce some of these some of

1980

01:23:10,479 --> 01:23:08,389

these characteristics do you know

1981

01:23:12,459 --> 01:23:10,489

anything else more about the meta

1982

01:23:16,390 --> 01:23:12,469

materials that allegedly are held in

1983

01:23:20,830 --> 01:23:16,400

some warehouse by Bigelow no I'm not I

1984

01:23:22,750 --> 01:23:20,840

did I'm not privy to it I did some help

1985

01:23:25,149 --> 01:23:22,760

put off was on coast to coast a few

1986

01:23:26,620 --> 01:23:25,159

weeks ago with George Knapp I happen to

1987

01:23:29,410 --> 01:23:26,630

be listening because I was working that

1988

01:23:31,240 --> 01:23:29,420

night so I was listening and he actually

1989

01:23:33,279 --> 01:23:31,250

said something he said well it's not

1990

01:23:36,069 --> 01:23:33,289

really alloys it's a bunch of different

1991

01:23:39,879 --> 01:23:36,079

materials layered in such a way that it

1992

01:23:42,339 --> 01:23:39,889

is impossible with our technology right

1993

01:23:44,259 --> 01:23:42,349

now to do that's what he says this

1994

01:23:45,970 --> 01:23:44,269

material is well other people say it's

1995

01:23:47,140 --> 01:23:45,980

alloys composed of things that you know

1996

01:23:48,939 --> 01:23:47,150

or not

1997

01:23:51,370 --> 01:23:48,949

the isotopes aren't the same we're not

1998

01:23:55,089 --> 01:23:51,380

in the same ratios that they are in any

1999

01:23:58,839 --> 01:23:55,099

manufacturing process we have here on

2000

01:24:01,180 --> 01:23:58,849

earth his idea was that it was some sort

2001  
01:24:03,100 --> 01:24:01,190  
of layered material like layer and upon

2002  
01:24:05,529 --> 01:24:03,110  
layer upon layer put together in a way

2003  
01:24:07,839 --> 01:24:05,539  
that wasn't you know it bonded like

2004  
01:24:10,209 --> 01:24:07,849  
atomically or something and that was

2005  
01:24:11,620 --> 01:24:10,219  
that's what was interesting to them and

2006  
01:24:12,939 --> 01:24:11,630  
I don't the other thing is I don't know

2007  
01:24:16,899 --> 01:24:12,949  
if they're ever gonna let that stuff out

2008  
01:24:18,759 --> 01:24:16,909  
you know for open that's one thing that

2009  
01:24:22,120 --> 01:24:18,769  
worries me why isn't that stuff openly

2010  
01:24:25,000 --> 01:24:22,130  
let out so that a you know somebody that

2011  
01:24:26,410 --> 01:24:25,010  
a public institution or research

2012  
01:24:28,000 --> 01:24:26,420  
facility can take a look at that they're

2013  
01:24:30,399 --> 01:24:28,010

not letting that stuff out and that kind

2014

01:24:32,890 --> 01:24:30,409

of bothers me well in that part alone I

2015

01:24:35,379 --> 01:24:32,900

think Bigelow is involved and he's

2016

01:24:38,200 --> 01:24:35,389

always been pretty cautious about

2017

01:24:39,430 --> 01:24:38,210

revealing things for instance skinwalker

2018

01:24:41,319 --> 01:24:39,440

ranch you know anything he's been

2019

01:24:44,259 --> 01:24:41,329

involved with he kind of wants to keep

2020

01:24:45,189 --> 01:24:44,269

you know a close a close hold on I don't

2021

01:24:47,199 --> 01:24:45,199

know

2022

01:24:49,390 --> 01:24:47,209

I do think that if there's something to

2023

01:24:52,930 --> 01:24:49,400

release and it's important you know I

2024

01:24:54,969 --> 01:24:52,940

mean if the company paid for it yeah he

2025

01:24:56,859 --> 01:24:54,979

paid for it it's is right I just we

2026

01:24:58,719 --> 01:24:56,869

don't have to agree with him yeah I

2027

01:25:01,870 --> 01:24:58,729

think this stuff should be made public

2028

01:25:04,149 --> 01:25:01,880

but all you can do is say well that's

2029

01:25:04,930 --> 01:25:04,159

not fair well it kind of is because he

2030

01:25:07,509 --> 01:25:04,940

paid for it

2031

01:25:09,040 --> 01:25:07,519

well actually this I'm not sure if he

2032

01:25:12,100 --> 01:25:09,050

actually did or if this was actually

2033

01:25:13,449 --> 01:25:12,110

part of the 22 Leo what was spent yeah

2034

01:25:15,640 --> 01:25:13,459

you know from the well he's he's

2035

01:25:17,589 --> 01:25:15,650

probably spent an equal amount or more

2036

01:25:20,919 --> 01:25:17,599

than that 22 million that was given to

2037

01:25:22,000 --> 01:25:20,929

him who knows yeah yeah but that that's

2038

01:25:23,799 --> 01:25:22,010

another thing if some of this was

2039

01:25:25,359 --> 01:25:23,809

there's another argument I've heard from

2040

01:25:29,109 --> 01:25:25,369

people this is public money it should be

2041

01:25:31,060 --> 01:25:29,119

public knowledge and I don't want to

2042

01:25:32,680 --> 01:25:31,070

keep going but I wanted to touch up on

2043

01:25:34,000 --> 01:25:32,690

some of those just thinking about a few

2044

01:25:36,509 --> 01:25:34,010

years ago I actually saw a video on

2045

01:25:39,069 --> 01:25:36,519

YouTube and it was a skunkworks

2046

01:25:41,379 --> 01:25:39,079

spokesman of some time and he was

2047

01:25:43,959 --> 01:25:41,389

literally saying on YouTube that they

2048

01:25:47,020 --> 01:25:43,969

were this close to having fusion power

2049

01:25:49,239 --> 01:25:47,030

which means you could have a compact

2050

01:25:52,180 --> 01:25:49,249

power source with crazy amounts of

2051

01:25:54,819 --> 01:25:52,190

energy which you would use for something

2052

01:25:57,129 --> 01:25:54,829

like lasers in the sky to shoot down

2053

01:25:58,569 --> 01:25:57,139

missiles and other stuff but I found it

2054

01:25:59,949 --> 01:25:58,579

really interesting and the guy looks

2055

01:26:01,779 --> 01:25:59,959

really nervous in the video I don't know

2056

01:26:03,040 --> 01:26:01,789

if it's still on YouTube but he was a

2057

01:26:05,109 --> 01:26:03,050

skunkworks guy and he was actually

2058

01:26:07,719 --> 01:26:05,119

literally saying that they would have

2059

01:26:11,649 --> 01:26:07,729

refrigerator-sized fusion machines soon

2060

01:26:13,569 --> 01:26:11,659

and it was just odd yeah well also

2061

01:26:15,430 --> 01:26:13,579

either either he's revealing something

2062

01:26:17,259 --> 01:26:15,440

which he said reveal or he's revealing

2063

01:26:19,810 --> 01:26:17,269

it because somebody said let's just put

2064

01:26:22,239 --> 01:26:19,820

this out there and see what happens for

2065

01:26:24,759 --> 01:26:22,249

some reason or another to see what the

2066

01:26:27,459 --> 01:26:24,769

reaction is or you know see who starts

2067

01:26:29,140 --> 01:26:27,469

talking about it or whatever yeah they

2068

01:26:30,399 --> 01:26:29,150

think they're fairly close to fusion

2069

01:26:31,419 --> 01:26:30,409

they say 10 years or what they've been

2070

01:26:35,589 --> 01:26:31,429

saying this for a while but 10 years

2071

01:26:37,930 --> 01:26:35,599

away from a working system but it it's

2072

01:26:39,939 --> 01:26:37,940

not portable I mean their idea is that

2073

01:26:43,180 --> 01:26:39,949

it's it's got to be housed in this giant

2074

01:26:45,430 --> 01:26:43,190

thing that electromagnetic field that

2075

01:26:46,779 --> 01:26:45,440

holds the plasma and suspended in the

2076  
01:26:49,449 --> 01:26:46,789  
air so it doesn't touch anything because

2077  
01:26:51,040 --> 01:26:49,459  
it's you know 8 gazillion degrees I

2078  
01:26:52,810 --> 01:26:51,050  
don't know if they've been able to

2079  
01:26:54,580 --> 01:26:52,820  
miniaturize that yet to the point where

2080  
01:26:55,860 --> 01:26:54,590  
they can carry it inside you know use it

2081  
01:26:57,930 --> 01:26:55,870  
as a power source

2082  
01:27:00,630 --> 01:26:57,940  
like it would be small he made it sound

2083  
01:27:02,730 --> 01:27:00,640  
like you could have him every 10 blocks

2084  
01:27:04,140 --> 01:27:02,740  
in a neighborhood yeah well we have to

2085  
01:27:06,060 --> 01:27:04,150  
take it under we'd have to take it under

2086  
01:27:09,060 --> 01:27:06,070  
advisement because the guy there's no

2087  
01:27:10,440 --> 01:27:09,070  
there's no supporting evidence for that

2088  
01:27:11,850 --> 01:27:10,450

so it's just kind of like well that's an

2089

01:27:13,470 --> 01:27:11,860

interesting piece of information let's

2090

01:27:16,620 --> 01:27:13,480

stick it in our pocket and see what

2091

01:27:19,350 --> 01:27:16,630

comes up later okay guys thank you great

2092

01:27:21,240 --> 01:27:19,360

show all right I know thanks Bobby I

2093

01:27:23,160 --> 01:27:21,250

know you didn't really answer the

2094

01:27:24,300 --> 01:27:23,170

question he had also on that did you

2095

01:27:26,280 --> 01:27:24,310

happen to see the sighting he was

2096

01:27:28,160 --> 01:27:26,290

talking about with the helicopter very

2097

01:27:33,570 --> 01:27:28,170

clear image I'm not familiar with that

2098

01:27:36,570 --> 01:27:33,580

no I haven't seen it I go ahead somebody

2099

01:27:39,240 --> 01:27:36,580

came out that was somewhere and ended up

2100

01:27:42,180 --> 01:27:39,250

near area 51 and I think he was working

2101  
01:27:44,520 --> 01:27:42,190  
there and actually took pictures but I

2102  
01:27:46,410 --> 01:27:44,530  
believe it's on open minds but yeah

2103  
01:27:47,490 --> 01:27:46,420  
picture of a UFO it's silver and black

2104  
01:27:49,290 --> 01:27:47,500  
and with the helicopter in the

2105  
01:27:58,530 --> 01:27:49,300  
background you can't trust anything on

2106  
01:28:00,390 --> 01:27:58,540  
that site I know yeah for people

2107  
01:28:03,090 --> 01:28:00,400  
listening to this show and people that

2108  
01:28:04,950 --> 01:28:03,100  
are into this I think they already

2109  
01:28:08,040 --> 01:28:04,960  
assumed that this stuff goes on if they

2110  
01:28:10,260 --> 01:28:08,050  
don't need more pictures it's already

2111  
01:28:11,670 --> 01:28:10,270  
been proven to be you everybody

2112  
01:28:12,990 --> 01:28:11,680  
listening this show practically that

2113  
01:28:15,570 --> 01:28:13,000

there is something strange flying

2114

01:28:17,250 --> 01:28:15,580

through the sky and no matter how many

2115

01:28:18,300 --> 01:28:17,260

times you show it to your skeptical

2116

01:28:20,000 --> 01:28:18,310

friends it's not gonna make any

2117

01:28:22,650 --> 01:28:20,010

difference to them which is why usually

2118

01:28:24,030 --> 01:28:22,660

photos don't interest me photos and

2119

01:28:26,070 --> 01:28:24,040

video don't interest me what interested

2120

01:28:28,410 --> 01:28:26,080

me more right now is where is this stuff

2121

01:28:31,380 --> 01:28:28,420

coming from why are people reporting it

2122

01:28:33,810 --> 01:28:31,390

what causes a UFO report what what

2123

01:28:36,990 --> 01:28:33,820

stimulus causes a UFO report anything

2124

01:28:37,920 --> 01:28:37,000

from a SaLuSa nation to aliens coming

2125

01:28:39,840 --> 01:28:37,930

from other planets

2126

01:28:41,250 --> 01:28:39,850

it's a lot and and other things we

2127

01:28:43,260 --> 01:28:41,260

haven't even thought of it's all along

2128

01:28:44,730 --> 01:28:43,270

that spectrum I think and nothing should

2129

01:28:47,910 --> 01:28:44,740

be thrown out people seem to think that

2130

01:28:50,670 --> 01:28:47,920

I'm I'm against the et hypothesis I'm

2131

01:28:53,100 --> 01:28:50,680

not it's just it's not as interesting to

2132

01:28:55,980 --> 01:28:53,110

me as some of the other ideas yeah I've

2133

01:28:57,780 --> 01:28:55,990

got a bunch of good stories on Martin's

2134

01:28:59,190 --> 01:28:57,790

blog and his website they're actually

2135

01:29:01,140 --> 01:28:59,200

he's got a new blog there where they

2136

01:29:03,150 --> 01:29:01,150

actually you can just report a UFO so

2137

01:29:04,410 --> 01:29:03,160

I've got several of mine in there if

2138

01:29:06,390 --> 01:29:04,420

you're interested there's some some

2139

01:29:06,750 --> 01:29:06,400

interesting stuff and thanks again good

2140

01:29:13,770 --> 01:29:06,760

night

2141

01:29:14,940 --> 01:29:13,780

yeah well let's see I just wanted to get

2142

01:29:17,160 --> 01:29:14,950

make sure I got to all these questions

2143

01:29:19,920 --> 01:29:17,170

from this one gentleman do you think our

2144

01:29:22,080 --> 01:29:19,930

brains are locked so to speak so that we

2145

01:29:24,690 --> 01:29:22,090

don't have perception of paranormal

2146

01:29:27,870 --> 01:29:24,700

entities but some unique individuals

2147

01:29:30,780 --> 01:29:27,880

have this gift and are able to yeah

2148

01:29:33,030 --> 01:29:30,790

definitely I think some I I look at it

2149

01:29:34,650 --> 01:29:33,040

in a way I was talking it here's Dean

2150

01:29:37,050 --> 01:29:34,660

Radin again I was talking him about what

2151  
01:29:38,550 --> 01:29:37,060  
he says everybody psychic just some of

2152  
01:29:41,520 --> 01:29:38,560  
them some of us aren't very good at it

2153  
01:29:42,870 --> 01:29:41,530  
so I think everybody has this perception

2154  
01:29:44,880 --> 01:29:42,880  
to be able to see these weird things

2155  
01:29:46,620 --> 01:29:44,890  
just some of them are better than others

2156  
01:29:48,570 --> 01:29:46,630  
some people have a better natural talent

2157  
01:29:50,970 --> 01:29:48,580  
through whatever through genetics or

2158  
01:29:53,910 --> 01:29:50,980  
where they grew up or whatever the hell

2159  
01:29:55,200 --> 01:29:53,920  
or maybe some a finger came down from

2160  
01:29:56,400 --> 01:29:55,210  
the heavens and touched them and said

2161  
01:30:00,960 --> 01:29:56,410  
you're the person that can see these

2162  
01:30:02,220 --> 01:30:00,970  
things I am Not sure but you know what

2163  
01:30:03,960 --> 01:30:02,230

did he what did you say

2164

01:30:05,880 --> 01:30:03,970

so there are there are only a few

2165

01:30:07,800 --> 01:30:05,890

psychic Michael Jordan's and I think

2166

01:30:10,200 --> 01:30:07,810

there's there's a tendency yeah because

2167

01:30:12,360 --> 01:30:10,210

there's tendencies in the in the in the

2168

01:30:15,960 --> 01:30:12,370

population for some people to see things

2169

01:30:19,770 --> 01:30:15,970

that others cannot and the people that

2170

01:30:21,360 --> 01:30:19,780

do see things and experience things have

2171

01:30:22,890 --> 01:30:21,370

a really hard time explaining it to

2172

01:30:25,440 --> 01:30:22,900

people that don't see them and don't

2173

01:30:26,940 --> 01:30:25,450

experience them and you know it's like

2174

01:30:28,650 --> 01:30:26,950

if the people will say well I didn't see

2175

01:30:30,300 --> 01:30:28,660

that so it doesn't exist well that's not

2176  
01:30:32,400 --> 01:30:30,310  
fair because you're not that person that

2177  
01:30:34,050 --> 01:30:32,410  
experienced that thing you have to you

2178  
01:30:35,820 --> 01:30:34,060  
know sure there's a lot of people that

2179  
01:30:38,280 --> 01:30:35,830  
make things up or embellish or whatever

2180  
01:30:41,520 --> 01:30:38,290  
but you can't deny that people see and

2181  
01:30:43,110 --> 01:30:41,530  
experience strange things and sometimes

2182  
01:30:44,880 --> 01:30:43,120  
people are okay with it and sometimes

2183  
01:30:47,280 --> 01:30:44,890  
they're not and if they're not okay with

2184  
01:30:49,440 --> 01:30:47,290  
it it's kind of the researchers job to

2185  
01:30:51,090 --> 01:30:49,450  
let them unload about what they've seen

2186  
01:30:53,490 --> 01:30:51,100  
and what they feel about it just so they

2187  
01:30:55,640 --> 01:30:53,500  
can sort of integrate it into their into

2188  
01:30:59,010 --> 01:30:55,650

their worldview if you know what I mean

2189

01:31:01,140 --> 01:30:59,020

Greg you're talking about video a minute

2190

01:31:03,690 --> 01:31:01,150

ago you don't really care to look at

2191

01:31:06,180 --> 01:31:03,700

video or pictures I think it may have

2192

01:31:10,320 --> 01:31:06,190

been on your show did I hear you talk

2193

01:31:13,290 --> 01:31:10,330

about some type of new editing software

2194

01:31:16,080 --> 01:31:13,300

that allows you to like bring it like

2195

01:31:19,140 --> 01:31:16,090

anybody can do it and it you don't have

2196

01:31:20,310 --> 01:31:19,150

to be like an Adobe Photoshop or

2197

01:31:22,810 --> 01:31:20,320

anything like that you can just pull a

2198

01:31:25,000 --> 01:31:22,820

picture in a polo video into another

2199

01:31:26,740 --> 01:31:25,010

something like that yeah yeah it's I

2200

01:31:28,899 --> 01:31:26,750

don't know if it was me but yeah I know

2201

01:31:31,180 --> 01:31:28,909

about that it's it's a software you can

2202

01:31:33,130 --> 01:31:31,190

get for free online it's um I think it's

2203

01:31:34,990 --> 01:31:33,140

either called deep fake or it's the it's

2204

01:31:37,780 --> 01:31:35,000

the way the videos made are called deep

2205

01:31:40,149 --> 01:31:37,790

fakes so people you can put anybody's

2206

01:31:42,180 --> 01:31:40,159

face on anybody and make them say or do

2207

01:31:44,890 --> 01:31:42,190

whatever that's something they never did

2208

01:31:48,610 --> 01:31:44,900

to varying degrees of success I think if

2209

01:31:50,439 --> 01:31:48,620

you have enough video of the person's

2210

01:31:53,200 --> 01:31:50,449

face and you can and different angles

2211

01:31:57,340 --> 01:31:53,210

you can put it on anything you want and

2212

01:31:59,620 --> 01:31:57,350

the same thing with you know making UFO

2213

01:32:01,570 --> 01:31:59,630

videos I think people are able to do

2214

01:32:03,070 --> 01:32:01,580

that yes it's it's it's getting harder

2215

01:32:07,090 --> 01:32:03,080

and harder to find out if somebody has

2216

01:32:10,050 --> 01:32:07,100

faked stuff but like I said it's I don't

2217

01:32:14,290 --> 01:32:10,060

know why we need more video and film

2218

01:32:17,439 --> 01:32:14,300

proof of things flying in the skies that

2219

01:32:19,540 --> 01:32:17,449

are unidentified we know that happens I

2220

01:32:22,570 --> 01:32:19,550

think what it is is one part of it is

2221

01:32:24,550 --> 01:32:22,580

it's what I call UFO porno people just

2222

01:32:27,640 --> 01:32:24,560

like saying you know we're just weird

2223

01:32:29,590 --> 01:32:27,650

videos of stuff and - I think some of

2224

01:32:31,209 --> 01:32:29,600

them think if I can just show this to

2225

01:32:33,520 --> 01:32:31,219

somebody who's skeptical they're gonna

2226

01:32:34,930 --> 01:32:33,530

believe it doesn't work it's it's not

2227

01:32:38,169 --> 01:32:34,940

going to work if somebody's dead set

2228

01:32:40,479 --> 01:32:38,179

against considering these things no

2229

01:32:41,649 --> 01:32:40,489

matter how much video or pictures you

2230

01:32:43,180 --> 01:32:41,659

show them it's not going to it's got

2231

01:32:45,700 --> 01:32:43,190

it's not going to convince them it's you

2232

01:32:47,140 --> 01:32:45,710

just run up against a basically an anti

2233

01:32:51,250 --> 01:32:47,150

belief system or a different kind of

2234

01:32:53,470 --> 01:32:51,260

belief system so I I've retreated sort

2235

01:32:55,899 --> 01:32:53,480

of - how can I answer some of these

2236

01:32:57,669 --> 01:32:55,909

questions or increase my understanding

2237

01:33:00,370 --> 01:32:57,679

for myself my friends people that I know

2238

01:33:03,610 --> 01:33:00,380

and people listen to my show I'm not out

2239

01:33:06,220 --> 01:33:03,620

to prove anything if you were like to

2240

01:33:10,870 --> 01:33:06,230

say if you had in mind to talk to

2241

01:33:12,790 --> 01:33:10,880

someone and you did you did want to give

2242

01:33:15,310 --> 01:33:12,800

a good convincing argument how would you

2243

01:33:17,590 --> 01:33:15,320

do that I'm I know you said you wouldn't

2244

01:33:21,160 --> 01:33:17,600

do it but how would you do that today

2245

01:33:22,959 --> 01:33:21,170

would you say you know a witness or

2246

01:33:24,850 --> 01:33:22,969

would you talk about a witness if you

2247

01:33:28,660 --> 01:33:24,860

didn't want to convince someone by a

2248

01:33:30,340 --> 01:33:28,670

video say I mean if I wanted to convince

2249

01:33:32,530 --> 01:33:30,350

somebody I would say I cannot convince

2250

01:33:35,290 --> 01:33:32,540

you of anything that you did not want to

2251  
01:33:36,279 --> 01:33:35,300  
be convinced of if you truly want to

2252  
01:33:37,989 --> 01:33:36,289  
know and you're

2253  
01:33:40,839 --> 01:33:37,999  
truly open-minded about it I'm sorry

2254  
01:33:43,239 --> 01:33:40,849  
it's gonna take work reading things

2255  
01:33:46,239 --> 01:33:43,249  
talking to people getting the

2256  
01:33:47,739 --> 01:33:46,249  
information yourself because my I can

2257  
01:33:49,809 --> 01:33:47,749  
tell somebody read this book in your

2258  
01:33:52,079 --> 01:33:49,819  
life will be changed it might have

2259  
01:33:54,219 --> 01:33:52,089  
changed my life it won't change theirs

2260  
01:33:56,229 --> 01:33:54,229  
choose your own path to your own

2261  
01:34:00,639 --> 01:33:56,239  
understanding you know if you got a

2262  
01:34:04,029 --> 01:34:00,649  
truly what's the word if you truly want

2263  
01:34:07,479 --> 01:34:04,039

to find out what's going on walk into it

2264

01:34:10,270 --> 01:34:07,489

with an open mind and it's fine things

2265

01:34:11,709 --> 01:34:10,280

that speak to you I think that's the

2266

01:34:13,419 --> 01:34:11,719

only advice I can give to somebody I

2267

01:34:15,909 --> 01:34:13,429

can't sit here in a debate with somebody

2268

01:34:19,059 --> 01:34:15,919

and convince them that the of my point

2269

01:34:20,739 --> 01:34:19,069

of view it's not gonna work but if they

2270

01:34:22,949 --> 01:34:20,749

can find out things for themselves with

2271

01:34:25,119 --> 01:34:22,959

their own means which is really easy now

2272

01:34:26,159 --> 01:34:25,129

you can do that in fact it almost it's

2273

01:34:28,959 --> 01:34:26,169

almost too easy

2274

01:34:30,909 --> 01:34:28,969

then that's the path you should take and

2275

01:34:32,409 --> 01:34:30,919

don't believe everything and actually

2276

01:34:34,719 --> 01:34:32,419

don't believe anything keep an open mind

2277

01:34:37,270 --> 01:34:34,729

the entire through the entire journey

2278

01:34:39,279 --> 01:34:37,280

don't don't throw things out willy-nilly

2279

01:34:40,299 --> 01:34:39,289

and don't accept things completely and

2280

01:34:42,209 --> 01:34:40,309

if somebody tells you they have the

2281

01:34:44,589 --> 01:34:42,219

answer run the other way really fast

2282

01:34:46,329 --> 01:34:44,599

exactly yeah I've said that in every

2283

01:34:47,709 --> 01:34:46,339

I've said that a number of times have

2284

01:34:49,959 --> 01:34:47,719

you ever done any like boots on the

2285

01:34:52,509 --> 01:34:49,969

ground type of investigation yourself or

2286

01:34:58,929 --> 01:34:52,519

you just kind of just write about it and

2287

01:35:00,459 --> 01:34:58,939

do like outside work like I do I used to

2288

01:35:02,349 --> 01:35:00,469

talk to people but I've never been

2289

01:35:04,179 --> 01:35:02,359

somebody that goes out and says look I'm

2290

01:35:06,579 --> 01:35:04,189

gonna go on an interview UFO witnesses

2291

01:35:08,559 --> 01:35:06,589

it's just not it's not something I'm

2292

01:35:11,109 --> 01:35:08,569

interested in the funny thing is if you

2293

01:35:13,000 --> 01:35:11,119

do what you do or I do or anybody

2294

01:35:14,679 --> 01:35:13,010

involved with this subject that has sort

2295

01:35:16,539 --> 01:35:14,689

of a has done more than just consume

2296

01:35:18,909 --> 01:35:16,549

people will come up to you and start

2297

01:35:21,250 --> 01:35:18,919

telling you things yeah

2298

01:35:23,739 --> 01:35:21,260

and that's fascinating to me and also

2299

01:35:25,029 --> 01:35:23,749

and I've said this before too I've been

2300

01:35:26,739 --> 01:35:25,039

sitting there signing books or whatever

2301  
01:35:28,689 --> 01:35:26,749  
at conferences and somebody will come up

2302  
01:35:29,859 --> 01:35:28,699  
and say this thing happened to me and

2303  
01:35:31,899 --> 01:35:29,869  
they'll tell me the story

2304  
01:35:33,520 --> 01:35:31,909  
and I listen I know I'm if they want me

2305  
01:35:36,279 --> 01:35:33,530  
to say something I say fine how did that

2306  
01:35:37,539 --> 01:35:36,289  
make you feel what happened later is

2307  
01:35:40,569 --> 01:35:37,549  
there anything else that you want to

2308  
01:35:41,739 --> 01:35:40,579  
talk about or the majority of the time

2309  
01:35:43,859 --> 01:35:41,749  
people just want to tell me the story

2310  
01:35:46,119 --> 01:35:43,869  
and they say thank you and they leave

2311  
01:35:47,679 --> 01:35:46,129  
because they just want to tell somebody

2312  
01:35:50,120 --> 01:35:47,689  
that isn't gonna tell them they were

2313  
01:35:51,680 --> 01:35:50,130

crazy or ask some stupid questions or

2314

01:35:53,510 --> 01:35:51,690

say oh my god that's exactly what

2315

01:35:55,130 --> 01:35:53,520

happened to me too and you know don't

2316

01:35:57,560 --> 01:35:55,140

you know it's the Pleiadians or whatever

2317

01:36:01,700 --> 01:35:57,570

they just want somebody to acknowledge

2318

01:36:04,460 --> 01:36:01,710

something strange happen to them and I

2319

01:36:06,260 --> 01:36:04,470

think that the best investigators are

2320

01:36:08,180 --> 01:36:06,270

like that they they say look I'm

2321

01:36:11,180 --> 01:36:08,190

fulfilling a service just by letting

2322

01:36:13,510 --> 01:36:11,190

people say get this off their chest

2323

01:36:16,400 --> 01:36:13,520

I had rosemarler mary ellen guiley on

2324

01:36:17,930 --> 01:36:16,410

preston Dennett recently i'm still

2325

01:36:20,390 --> 01:36:17,940

editing those shows but they both told

2326

01:36:22,550 --> 01:36:20,400

me the same thing it's like we part of

2327

01:36:24,560 --> 01:36:22,560

our job is to let people get this stuff

2328

01:36:27,020 --> 01:36:24,570

off their chest because sometimes it's

2329

01:36:28,790 --> 01:36:27,030

just bothering them I mean that part of

2330

01:36:32,180 --> 01:36:28,800

their part of integrating it into their

2331

01:36:34,430 --> 01:36:32,190

into their personality for integrating

2332

01:36:35,930 --> 01:36:34,440

it into their life experience is to be

2333

01:36:39,740 --> 01:36:35,940

able to tell somebody that's not going

2334

01:36:41,720 --> 01:36:39,750

to what interpret it for them or tell

2335

01:36:44,930 --> 01:36:41,730

them they didn't see what they saw or be

2336

01:36:48,920 --> 01:36:44,940

overly a lger or whatever they just want

2337

01:36:50,450 --> 01:36:48,930

to get it out and I think that as far as

2338

01:36:52,640 --> 01:36:50,460

I can do that I think I think that's

2339

01:36:56,510 --> 01:36:52,650

useful and there's plenty of people

2340

01:36:59,120 --> 01:36:56,520

doing boots on the ground type of

2341

01:37:00,620 --> 01:36:59,130

investigation I don't like I don't think

2342

01:37:04,430 --> 01:37:00,630

that's the only type of investigation

2343

01:37:06,500 --> 01:37:04,440

that can be done as you know if you're

2344

01:37:07,760 --> 01:37:06,510

in the social sciences do you have to

2345

01:37:09,200 --> 01:37:07,770

talk to somebody to be in social

2346

01:37:11,000 --> 01:37:09,210

sciences so you can look at can you look

2347

01:37:13,120 --> 01:37:11,010

at the data I think you can do things

2348

01:37:16,280 --> 01:37:13,130

like look at the data and make

2349

01:37:18,320 --> 01:37:16,290

reasonable theories and guesses from it

2350

01:37:21,350 --> 01:37:18,330

that can be applied in the real world

2351

01:37:23,210 --> 01:37:21,360

possibly so you know that that's you

2352

01:37:24,860 --> 01:37:23,220

know that I think that's my role and

2353

01:37:26,930 --> 01:37:24,870

it's also a cheerleader when I see

2354

01:37:28,700 --> 01:37:26,940

somebody I think is doing good work I'll

2355

01:37:30,650 --> 01:37:28,710

have them on my show and I'll suggest

2356

01:37:32,360 --> 01:37:30,660

that they go on people shows I'll

2357

01:37:35,330 --> 01:37:32,370

suggest that alejandra have them at the

2358

01:37:37,370 --> 01:37:35,340

at the UFO Congress yeah if he listens

2359

01:37:38,660 --> 01:37:37,380

yeah and he'll listen to me and other

2360

01:37:40,610 --> 01:37:38,670

researchers that I think that's

2361

01:37:43,310 --> 01:37:40,620

important to him to get people in there

2362

01:37:46,400 --> 01:37:43,320

that are saying something different

2363

01:37:48,650 --> 01:37:46,410

that's one thing about Alejandro and UFO

2364

01:37:51,770 --> 01:37:48,660

Congress they will have Richard Dolan

2365

01:37:53,090 --> 01:37:51,780

and and Linda Howe and Nick Pope and all

2366

01:37:54,950 --> 01:37:53,100

those people but then they'll have

2367

01:37:56,390 --> 01:37:54,960

people that like my friend Robby Graham

2368

01:37:58,190 --> 01:37:56,400

who's not saying something everybody

2369

01:38:00,230 --> 01:37:58,200

wants to hear but I think that's really

2370

01:38:01,490 --> 01:38:00,240

bright brave of him to have these people

2371

01:38:02,390 --> 01:38:01,500

in here that are saying something

2372

01:38:04,399 --> 01:38:02,400

different

2373

01:38:05,630 --> 01:38:04,409

it is not the party line I think that's

2374

01:38:09,580 --> 01:38:05,640

wonderful and I think there should be

2375

01:38:13,550 --> 01:38:09,590

more of that yeah yeah I agree I agree

2376

01:38:17,149 --> 01:38:13,560

now chase I just had a question for you

2377

01:38:20,209 --> 01:38:17,159

my mind and now I just forgot hits has

2378

01:38:29,360 --> 01:38:20,219

that ever happened to you constantly

2379

01:38:33,860 --> 01:38:29,370

every day yeah yeah yeah but now as far

2380

01:38:35,720 --> 01:38:33,870

as have you ever had have you ever like

2381

01:38:38,300 --> 01:38:35,730

debated a skeptic or had a skeptic on

2382

01:38:41,000 --> 01:38:38,310

your show I've had a couple on my show

2383

01:38:44,990 --> 01:38:41,010

that made for interesting radio I think

2384

01:38:46,760 --> 01:38:45,000

I know I haven't and a couple skeptical

2385

01:38:49,130 --> 01:38:46,770

people got mad at me for not doing that

2386

01:38:50,840 --> 01:38:49,140

I actually have one um John Shirley the

2387

01:38:53,050 --> 01:38:50,850

cyberpunk right I've had him on my show

2388

01:38:55,580 --> 01:38:53,060

we had a bit of a debate about things

2389

01:38:59,060 --> 01:38:55,590

but the thing is he he's not doctrinaire

2390

01:39:01,310 --> 01:38:59,070

and he's not he will actually debate

2391

01:39:04,070 --> 01:39:01,320

with you engage well a lot of skeptics

2392

01:39:05,390 --> 01:39:04,080

will or I call them fundamentalist

2393

01:39:06,830 --> 01:39:05,400

skeptics meaning they're just they just

2394

01:39:12,439 --> 01:39:06,840

have their mind made up and they're not

2395

01:39:14,450 --> 01:39:12,449

it's not an exchange of ideas that he

2396

01:39:17,510 --> 01:39:14,460

engaged with me I can remember we talked

2397

01:39:20,149 --> 01:39:17,520

about this a couple years ago but to

2398

01:39:22,520 --> 01:39:20,159

have somebody on that truly is listening

2399

01:39:24,700 --> 01:39:22,530

to you and there's an exchange of

2400

01:39:27,470 --> 01:39:24,710

information and there's a mutual respect

2401

01:39:28,790 --> 01:39:27,480

really really rare which is why I don't

2402

01:39:33,350 --> 01:39:28,800

have I don't usually have them on the

2403

01:39:37,310 --> 01:39:33,360

show the other thing is some of these

2404

01:39:39,229 --> 01:39:37,320

people I deal with especially online

2405

01:39:43,040 --> 01:39:39,239

I don't usually engage with them because

2406

01:39:45,939 --> 01:39:43,050

if I do it they're not really listening

2407

01:39:48,110 --> 01:39:45,949

and I don't know if I'm I really was

2408

01:39:53,090 --> 01:39:48,120

there's only a few people that I think

2409

01:39:55,070 --> 01:39:53,100

are open-minded skeptical people where

2410

01:39:57,080 --> 01:39:55,080

they they they will they say I you know

2411

01:39:59,450 --> 01:39:57,090

I need a lot more information before I

2412

01:40:01,370 --> 01:39:59,460

commit to this but I think I kind of I

2413

01:40:02,450 --> 01:40:01,380

agree with them I don't commit to any of

2414

01:40:05,300 --> 01:40:02,460

this except for there's something

2415

01:40:07,550 --> 01:40:05,310

strange going on and that people see

2416

01:40:10,910 --> 01:40:07,560

strange stuff and I go one step further

2417

01:40:15,169 --> 01:40:10,920

by saying I think it's due to a that is

2418

01:40:15,640 --> 01:40:15,179

not ours and that automatically shuts

2419

01:40:18,820 --> 01:40:15,650

down

2420

01:40:21,640 --> 01:40:18,830

probably 90% of people who are skeptical

2421

01:40:24,370 --> 01:40:21,650

and in the classic way that people think

2422

01:40:25,990 --> 01:40:24,380

of not in the proper way that I think is

2423

01:40:29,290 --> 01:40:26,000

skeptical which is to keep an open mind

2424

01:40:31,060 --> 01:40:29,300

and not make a conclusion but I've made

2425

01:40:33,850 --> 01:40:31,070

a conclusion that there's nothing going

2426

01:40:35,290 --> 01:40:33,860

on and you have to convince me that

2427

01:40:37,360 --> 01:40:35,300

there's something is that something is

2428

01:40:40,959 --> 01:40:37,370

going on I can't do that

2429

01:40:43,240 --> 01:40:40,969

that's not my job and also I would like

2430

01:40:45,040 --> 01:40:43,250

to learn I don't have people on the show

2431

01:40:46,300 --> 01:40:45,050

I want to that I argue with I want to

2432

01:40:47,950 --> 01:40:46,310

have somebody on the show that is

2433

01:40:50,229 --> 01:40:47,960

telling me something that I do not know

2434

01:40:52,870 --> 01:40:50,239

but fascinates me that pushes my

2435

01:40:54,399 --> 01:40:52,880

understanding further and that's not a

2436

01:40:56,680 --> 01:40:54,409

closed-minded thing that's another thing

2437

01:40:58,479 --> 01:40:56,690

people say is well then you're just you

2438

01:41:00,130 --> 01:40:58,489

know listen you're just preaching to the

2439

01:41:03,130 --> 01:41:00,140

choir or listen you people that is an

2440

01:41:04,899 --> 01:41:03,140

echo chamber no that's not it you get to

2441

01:41:07,510 --> 01:41:04,909

a certain point where you say look my

2442

01:41:10,270 --> 01:41:07,520

brain and my personality and my my

2443

01:41:12,790 --> 01:41:10,280

knowledge I trust that I'm not going to

2444

01:41:15,220 --> 01:41:12,800

go nuts or believe something that's

2445

01:41:16,630 --> 01:41:15,230

silly or that will lead me in the wrong

2446

01:41:19,090 --> 01:41:16,640

direction

2447

01:41:20,229 --> 01:41:19,100

and I'm willing to listen I don't take

2448

01:41:21,939 --> 01:41:20,239

you never you know I don't accept

2449

01:41:24,580 --> 01:41:21,949

everything but I listen to a lot of

2450

01:41:27,250 --> 01:41:24,590

things so that's my basic philosophy if

2451

01:41:29,709 --> 01:41:27,260

it makes sense it does make sense a Greg

2452

01:41:32,169 --> 01:41:29,719

so that's going to be it we're having up

2453

01:41:34,120 --> 01:41:32,179

Internet issues again so we're right

2454

01:41:36,040 --> 01:41:34,130

near the end of the show anyway so I

2455

01:41:37,479 --> 01:41:36,050

want to thank you so much for being on

2456

01:41:41,200 --> 01:41:37,489

the show it's always a pleasure talking

2457

01:41:42,520 --> 01:41:41,210

to you oh definitely at any time or and

2458

01:41:43,990 --> 01:41:42,530

thank you so much all right

2459

01:41:46,540 --> 01:41:44,000

thanks to the audience for the great

2460

01:41:49,240 --> 01:41:46,550

questions the comments excellent all

2461

01:41:50,860 --> 01:41:49,250

right you take care thank you - all

2462

01:41:58,209 --> 01:41:50,870

right thanks all right yeah good night

2463

01:42:01,120 --> 01:41:58,219

all right okay so that's it so that's it

2464

01:42:04,510 --> 01:42:01,130

for the show with Greg I want to thank a

2465

01:42:08,439 --> 01:42:04,520

few people first of all Alejandro Rojas

2466

01:42:09,700 --> 01:42:08,449

for being on the UFO updates I also want

2467

01:42:13,540 --> 01:42:09,710

to thank our guests of course Greg

2468

01:42:15,490 --> 01:42:13,550

Bishop Evan for trying to make this show

2469

01:42:18,340 --> 01:42:15,500

work even though internet was going in

2470

01:42:21,700 --> 01:42:18,350

and out thank you so much I want to

2471

01:42:23,890 --> 01:42:21,710

thank Peggy for managing our Facebook

2472

01:42:26,649 --> 01:42:23,900

page Keith over at the dark matter

2473

01:42:28,670 --> 01:42:26,659

digital network and so next week we have

2474

01:42:30,200 --> 01:42:28,680

Dean ally Otto on

2475

01:42:33,050 --> 01:42:30,210

be a real fun show he's a real character
