00:00:26,019 --> 00:00:05,900

[Music]

2
00:00:31,280 --> 00:00:28,880

hello and welcome to the show I'm Martin

3
00:00:33,229 --> 00:00:31,290

Willis your host and let's see we have

4
00:00:35,030 --> 00:00:33,239

an announcement but first of all I'll

5
00:00:37,880 --> 00:00:35,040

tell you Alejandro Rojas is coming up in

6
00:00:39,729 --> 00:00:37,890

just a minute and our guests this

7
00:00:42,619 --> 00:00:39,739

evening I'm really excited to talk to

8
00:00:44,810 --> 00:00:42,629

his name is Lauren Christensen he was a

9
00:00:46,520 --> 00:00:44,820

police he's been in the military and

10
00:00:48,920 --> 00:00:46,530

then he was the police officer for 20

11
00:00:51,259 --> 00:00:48,930

years he has some great stories and some

12
00:00:53,330 --> 00:00:51,269

other stories from other police officers

13
00:00:55,880 --> 00:00:53,340

we'll be talking about all that later on

14

00:00:57,710 --> 00:00:55,890

first of all the announcement mm-hmm

15

00:00:59,660 --> 00:00:57,720

pardon me it's gonna be good news for

16

00:01:01,340 --> 00:00:59,670

some of you live listeners it's gonna be

17

00:01:04,460 --> 00:01:01,350

bad news for some of you live listeners

18

00:01:05,840 --> 00:01:04,470

I do get a lot of email people wishing

19

00:01:08,360 --> 00:01:05,850

that I'd be a little bit earlier if

20

00:01:12,200 --> 00:01:08,370

they're in Europe they want to listen

21

00:01:14,840 --> 00:01:12,210

live so they'll be happy I'm moving to a

22

00:01:17,690 --> 00:01:14,850

new day that may affect some live

23

00:01:21,410 --> 00:01:17,700

listeners as well pardon me I'm going to

24

00:01:23,210 --> 00:01:21,420

go to starting June 5th which is a

25

00:01:25,460 --> 00:01:23,220

Tuesday I'm going to be moving to

26

00:01:28,999 --> 00:01:25,470

Tuesday and then I'm going to be going

27

00:01:31,880 --> 00:01:29,009

at 6 p.m. to 8 p.m. Eastern Standard

28

00:01:34,849 --> 00:01:31,890

Time now I can probably hear some boos

29

00:01:37,899 --> 00:01:34,859

and nays and some people saying yay as

30

00:01:42,020 --> 00:01:37,909

well out there so that only affects the

31

00:01:47,690 --> 00:01:42,030

live listener also along with that I'm

32

00:01:51,709 --> 00:01:47,700

going to be simulcasting on kgr a and my

33

00:01:54,230 --> 00:01:51,719

debut guest for June 5th will be Dave

34

00:01:55,209 --> 00:01:54,240

Marlar one of my very favorites should

35

00:01:59,419 --> 00:01:55,219

be a great show

36

00:02:02,359 --> 00:01:59,429

so and we may have some surprise guests

37

00:02:03,340 --> 00:02:02,369

also come on at the same show looking

38

00:02:08,150 --> 00:02:03,350

into that right now

39

00:02:09,919 --> 00:02:08,160
so that is it I hope it's really not

40

00:02:11,960 --> 00:02:09,929
going to affect anyone at all that

41

00:02:14,630 --> 00:02:11,970
listens to the podcast it's just going

42

00:02:17,120 --> 00:02:14,640
to be out a day earlier that's about it

43

00:02:21,050 --> 00:02:17,130
everything else will remain the same now

44

00:02:24,050 --> 00:02:21,060
I did a simulcast on kgr a I went on a

45

00:02:26,960 --> 00:02:24,060
show with a guy named commander Cobra

46

00:02:28,730 --> 00:02:26,970
and I simulcast and basically they do

47

00:02:31,339 --> 00:02:28,740
have commercial breaks but he and I were

48

00:02:33,649 --> 00:02:31,349
chatting during the commercial break so

49

00:02:35,470 --> 00:02:33,659
it's gonna be just the same podcast

50

00:02:37,089 --> 00:02:35,480
won't change at all

51
00:02:38,890 --> 00:02:37,099
so that's it for the announcement

52
00:02:41,410 --> 00:02:38,900
Alejandro Rojas

53
00:02:45,509 --> 00:02:41,420
welcome to the shadows I you're not on

54
00:02:49,150 --> 00:02:45,519
video again yes yes sorry guys

55
00:02:51,190 --> 00:02:49,160
yeah we've got woke those who I guess to

56
00:02:53,320 --> 00:02:51,200
listen to my show including yourself

57
00:02:55,360 --> 00:02:53,330
would know that there's some kind of

58
00:02:58,949 --> 00:02:55,370
construction going on and stuff here at

59
00:03:03,490 --> 00:02:58,959
the house that is the reason why I

60
00:03:05,380 --> 00:03:03,500
apologize for that but I know I look the

61
00:03:07,300 --> 00:03:05,390
same as I did last time you could see me

62
00:03:10,449 --> 00:03:07,310
on video so not much difference that's

63
00:03:13,000 --> 00:03:10,459

right yeah so what's going on in the

64

00:03:18,220 --> 00:03:13,010

world of UFOs this week so what's going

65

00:03:22,830 --> 00:03:18,230

on there's a lot going on as far as well

66

00:03:26,140 --> 00:03:22,840

I not a lot of big news I think you know

67

00:03:29,259 --> 00:03:26,150

the reason I'm pausing is because I

68

00:03:32,140 --> 00:03:29,269

think my story on the den of geek is is

69

00:03:34,509 --> 00:03:32,150

kind of big news in a way and then it's

70

00:03:37,420 --> 00:03:34,519

I don't know if I've talked about this

71

00:03:41,500 --> 00:03:37,430

during your show but uh the story I

72

00:03:44,680 --> 00:03:41,510

finally got out that I had printed and

73

00:03:49,479 --> 00:03:44,690

it was a tip-off that Elizondo had given

74

00:03:53,020 --> 00:03:49,489

me about politicians talking about the

75

00:03:56,979 --> 00:03:53,030

possibility of congressional hearings on

76

00:04:00,970 --> 00:03:56,989

UFOs and so it's a really really

77

00:04:02,949 --> 00:04:00,980

interesting stuff no I don't believe we

78

00:04:03,640 --> 00:04:02,959

have talked about that actually okay

79

00:04:05,379 --> 00:04:03,650

cool

80

00:04:07,539 --> 00:04:05,389

because I was probably waiting until

81

00:04:11,199 --> 00:04:07,549

this this came out so this is really

82

00:04:15,910 --> 00:04:11,209

cool Politico wrote about this and which

83

00:04:19,080 --> 00:04:15,920

is really neat so what happened is a few

84

00:04:21,610 --> 00:04:19,090

weeks ago there was a science space

85

00:04:26,440 --> 00:04:21,620

conference and it was a big conference

86

00:04:28,570 --> 00:04:26,450

with politicians you know NASA defense

87

00:04:30,070 --> 00:04:28,580

it's this big space conference that goes

88

00:04:34,690 --> 00:04:30,080

on and there were some news that came

89

00:04:36,940 --> 00:04:34,700

out of it but the political started this

90

00:04:38,529 --> 00:04:36,950

space briefs kind of new thing that

91

00:04:41,230 --> 00:04:38,539

they're going to do every weekend and

92

00:04:44,050 --> 00:04:41,240

it's a long you know kind of almost

93

00:04:45,700 --> 00:04:44,060

newsletter where there's several stories

94

00:04:47,950 --> 00:04:45,710

and like you know a dozen or so

95

00:04:49,390 --> 00:04:47,960

different stories about space their

96

00:04:51,460 --> 00:04:49,400

short stories

97

00:04:52,990 --> 00:04:51,470

well in one of these if you scrolled all

98

00:04:56,560 --> 00:04:53,000

the way down they were talking about

99

00:05:02,620 --> 00:04:56,570

this conference and at the Politico

100

00:05:06,400 --> 00:05:02,630

writer who is writing this this you know

101
00:05:09,969 --> 00:05:06,410
newsletter asked some politicians about

102
00:05:12,640 --> 00:05:09,979
UFOs so it's kind of cool so the guys

103
00:05:14,469 --> 00:05:12,650
name is bender he's Brian bender he's a

104
00:05:17,260 --> 00:05:14,479
defense editor but also writes about

105
00:05:20,409 --> 00:05:17,270
space and stuff like that and at this

106
00:05:23,490 --> 00:05:20,419
conference they were doing some panels

107
00:05:27,790 --> 00:05:23,500
and Politico had a whole thing of panels

108
00:05:30,310 --> 00:05:27,800
and during one of these panels I think I

109
00:05:33,250 --> 00:05:30,320
might have even put a link to two actual

110
00:05:37,180 --> 00:05:33,260
videos but there were some people there

111
00:05:39,120 --> 00:05:37,190
there was a Democrat ami bera ami bera

112
00:05:42,400 --> 00:05:39,130
is his name he's a guy actually a

113
00:05:44,320 --> 00:05:42,410

Republican Randy Hultgren president and

114

00:05:47,860 --> 00:05:44,330

CEO of the Coalition for deep space

115

00:05:50,770 --> 00:05:47,870

exploration Mary Lynn ditmar she's also

116

00:05:53,770 --> 00:05:50,780

a an adviser to the Space Council that

117

00:05:55,839 --> 00:05:53,780

Trump just recently set up for advice on

118

00:05:59,409 --> 00:05:55,849

you know direction for NASA and stuff

119

00:06:01,420 --> 00:05:59,419

like that and Bera and Hultgren are both

120

00:06:04,810 --> 00:06:01,430

members of the House Committee on

121

00:06:07,149 --> 00:06:04,820

Science Space and Technology and Bera is

122

00:06:11,409 --> 00:06:07,159

actually a ranking member of the space

123

00:06:13,659 --> 00:06:11,419

of the Subcommittee on space so bender

124

00:06:15,159 --> 00:06:13,669

told the panel he said you know you hear

125

00:06:18,310 --> 00:06:15,169

these reports we've been hearing from

126

00:06:21,250 --> 00:06:18,320

the from about them for decades other

127

00:06:24,850 --> 00:06:21,260

countries take it more seriously than

128

00:06:27,520 --> 00:06:24,860

government researchers here do you know

129

00:06:30,129 --> 00:06:27,530

when it comes to UFOs should we be doing

130

00:06:32,379 --> 00:06:30,139

more is this just kind of crazy sci-fi

131

00:06:33,879 --> 00:06:32,389

stuff and you know typically on a panel

132

00:06:35,589 --> 00:06:33,889

like this you know everybody would get

133

00:06:37,659 --> 00:06:35,599

nervous and kind of make some jokes or

134

00:06:40,120 --> 00:06:37,669

something like that but berra the guy

135

00:06:42,279 --> 00:06:40,130

who's on the space committee said we

136

00:06:46,149 --> 00:06:42,289

ought to bring some folks in he said he

137

00:06:49,810 --> 00:06:46,159

he found that news really had piqued his

138

00:06:51,580 --> 00:06:49,820

interest he said he actually talked to

139

00:06:53,710 --> 00:06:51,590

the chairman of the subcommittee meaning

140

00:06:57,399 --> 00:06:53,720

the space commits subcommittee Brian

141

00:06:59,469 --> 00:06:57,409

Babin as well as another chairman of the

142

00:07:02,320 --> 00:06:59,479

entire you know space and Science

143

00:07:02,890 --> 00:07:02,330

Committee and he said we ought to have

144

00:07:05,230 --> 00:07:02,900

hearings

145

00:07:06,850 --> 00:07:05,240

on this right we had to have some people

146

00:07:09,249 --> 00:07:06,860

look into this he said look if you want

147

00:07:11,080 --> 00:07:09,259

to boost c-span ratings you know a lot

148

00:07:12,969 --> 00:07:11,090

of people would be interested but he

149

00:07:14,800 --> 00:07:12,979

said we don't know what these phenomena

150

00:07:17,200 --> 00:07:14,810

are obviously it's important enough to

151
00:07:20,770 --> 00:07:17,210
allocate some funds and we ought to talk

152
00:07:23,469 --> 00:07:20,780
about what we can talk about so really

153
00:07:25,930 --> 00:07:23,479
interesting statement now Hultgren the

154
00:07:28,360 --> 00:07:25,940
other guy who's on the Technology

155
00:07:30,999 --> 00:07:28,370
Committee he said it also piqued his

156
00:07:33,040 --> 00:07:31,009
interest and he also said it gets people

157
00:07:34,990 --> 00:07:33,050
engaged and he says I don't think this

158
00:07:36,879 --> 00:07:35,000
should be a primary priority but

159
00:07:39,129 --> 00:07:36,889
certainly we should get some answers and

160
00:07:41,560 --> 00:07:39,139
Dittmar who's part of that coalition and

161
00:07:43,629 --> 00:07:41,570
an advisor for the Space Committee Trump

162
00:07:45,460 --> 00:07:43,639
Space Committee says if there really are

163
00:07:47,740 --> 00:07:45,470

things buzzing around in the skies we

164

00:07:51,570 --> 00:07:47,750

don't understand then we should

165

00:07:56,980 --> 00:07:51,580

certainly should take a look at it so

166

00:07:59,230 --> 00:07:56,990

pretty shocking I mean this guy says he

167

00:08:01,960 --> 00:07:59,240

himself when he read the New York Times

168

00:08:03,249 --> 00:08:01,970

article had gone to the committee chair

169

00:08:06,010 --> 00:08:03,259

and said hey we should have some

170

00:08:08,080 --> 00:08:06,020

congressional hearings on this so now we

171

00:08:09,760 --> 00:08:08,090

know it you know these conversations are

172

00:08:13,150 --> 00:08:09,770

happening because of that New York Times

173

00:08:14,980 --> 00:08:13,160

article and like I said it was actually

174

00:08:16,330 --> 00:08:14,990

a link that Elizondo had sent me as I

175

00:08:18,700 --> 00:08:16,340

look you know we're gaining some ground

176

00:08:20,200 --> 00:08:18,710

and this is a type of thing you know

177

00:08:22,540 --> 00:08:20,210

that's I think well we're not hearing

178

00:08:25,779 --> 00:08:22,550

from him so much and the rest of the

179

00:08:28,000 --> 00:08:25,789

group because this is what surprising I

180

00:08:30,700 --> 00:08:28,010

think they're even surprised on how much

181

00:08:33,190 --> 00:08:30,710

traction they're getting in the

182

00:08:34,930 --> 00:08:33,200

mainstream world on on this news that

183

00:08:38,709 --> 00:08:34,940

the Department of Defense has looked

184

00:08:40,719 --> 00:08:38,719

into this topic and Elizondo and the

185

00:08:42,670 --> 00:08:40,729

pilots who have come out and talked you

186

00:08:45,960 --> 00:08:42,680

know are very credible they come across

187

00:08:49,500 --> 00:08:45,970

very well and I mean they're having a

188

00:08:52,810 --> 00:08:49,510

significant impact I think as far as the

189

00:08:55,540 --> 00:08:52,820

credibility of this phenomena Wow

190

00:08:57,040 --> 00:08:55,550

I just was asked to do talk at the

191

00:08:58,660 --> 00:08:57,050

Illinois MUFON

192

00:09:00,190 --> 00:08:58,670

meeting they're having this coming

193

00:09:04,150 --> 00:09:00,200

Sunday a little weekend conference

194

00:09:06,510 --> 00:09:04,160

mm-hmm Samer Anto good friend contact

195

00:09:10,570 --> 00:09:06,520

he's great he wants you to talk about

196

00:09:12,940 --> 00:09:10,580

what impact the Pentagon you know the

197

00:09:14,350 --> 00:09:12,950

New York Times article basically had so

198

00:09:17,500 --> 00:09:14,360

I'm definitely going to be talking about

199

00:09:20,590 --> 00:09:17,510

this information that is really that's

200

00:09:25,690 --> 00:09:20,600

really great momentum actually hmm it's

201
00:09:28,509 --> 00:09:25,700
on the den of geek so I will provide you

202
00:09:30,310 --> 00:09:28,519
know a little bit of an outline on open

203
00:09:31,900 --> 00:09:30,320
minds eventually but probably nothing

204
00:09:34,509 --> 00:09:31,910
more than you can get at den of geek so

205
00:09:36,220 --> 00:09:34,519
definitely please do go to Dennehy can

206
00:09:38,170 --> 00:09:36,230
check it out and the reason I think it's

207
00:09:40,240 --> 00:09:38,180
also really important that you go there

208
00:09:43,569 --> 00:09:40,250
is that den of geek and like you've

209
00:09:48,490 --> 00:09:43,579
noted is huge I mean they're one of the

210
00:09:50,440 --> 00:09:48,500
top visited sites period in u.s. yeah in

211
00:09:53,139 --> 00:09:50,450
the entire country there's rated to

212
00:09:55,780 --> 00:09:53,149
2,000 out of like hundreds of millions

213
00:09:59,590 --> 00:09:55,790

of websites so that's really get you

214

00:10:01,780 --> 00:09:59,600

know tons of viewers and in my last

215

00:10:05,650 --> 00:10:01,790

story where I asked Scott Kelly about

216

00:10:07,960 --> 00:10:05,660

UFOs it created tons of conversation in

217

00:10:09,699 --> 00:10:07,970

their comments and when you go look at

218

00:10:12,160 --> 00:10:09,709

it you can see this is not the typical

219

00:10:14,800 --> 00:10:12,170

audience this is not just the ufologist

220

00:10:16,600 --> 00:10:14,810

it's all of these these millions of

221

00:10:19,389 --> 00:10:16,610

people out there who have you know

222

00:10:21,160 --> 00:10:19,399

varying interest so that's what's cool

223

00:10:24,850 --> 00:10:21,170

about this site getting to all of these

224

00:10:26,710 --> 00:10:24,860

new audience but the there was a lot of

225

00:10:29,380 --> 00:10:26,720

commentary that happened my Scott Kelly

226

00:10:33,400 --> 00:10:29,390

story last weekend was the number one

227

00:10:35,380 --> 00:10:33,410

story of the weekend so it shows you

228

00:10:37,180 --> 00:10:35,390

know just that there's a lot of people

229

00:10:38,500 --> 00:10:37,190

me and my buddy Chris Longo who's an

230

00:10:41,079 --> 00:10:38,510

editor there you know he really

231

00:10:42,880 --> 00:10:41,089

championed wanting to get more UFO

232

00:10:44,139 --> 00:10:42,890

stories on there because he also felt

233

00:10:46,240 --> 00:10:44,149

you know the public was really

234

00:10:47,829 --> 00:10:46,250

interested in the topic and now the

235

00:10:50,500 --> 00:10:47,839

editors are really exciting because they

236

00:10:52,150 --> 00:10:50,510

see that is the case so this is also an

237

00:10:54,610 --> 00:10:52,160

opportunity for people that listen to

238

00:10:57,250 --> 00:10:54,620

our shows who are more familiar with

239

00:10:59,110 --> 00:10:57,260

this topic to get in and and make some

240

00:11:02,470 --> 00:10:59,120

comments you know share some information

241

00:11:04,660 --> 00:11:02,480

and assure your knowledge and and your

242

00:11:06,689 --> 00:11:04,670

insight into this topic with some of

243

00:11:09,759 --> 00:11:06,699

those people reading these stories so

244

00:11:11,889 --> 00:11:09,769

it'll only help to spread even more

245

00:11:13,990 --> 00:11:11,899

credible information so please do go to

246

00:11:15,759 --> 00:11:14,000

den of geek and check it out plus

247

00:11:18,490 --> 00:11:15,769

they've got lots of fun stories I'm sure

248

00:11:21,579 --> 00:11:18,500

many of our listeners are into sci-fi

249

00:11:25,090 --> 00:11:21,589

and that's that's their main genre that

250

00:11:27,040 --> 00:11:25,100

they cover there yeah yeah excellent so

251
00:11:27,900 --> 00:11:27,050
what else is I mean that's pretty major

252
00:11:31,530 --> 00:11:27,910
but what

253
00:11:37,040 --> 00:11:31,540
else is happening yeah otherwise I mean

254
00:11:39,090 --> 00:11:37,050
um any sighting we see what's that any

255
00:11:42,810 --> 00:11:39,100
interesting sightings that you're aware

256
00:11:45,780 --> 00:11:42,820
of well not personally that I've seen

257
00:11:48,960 --> 00:11:45,790
recently but there was I think this is

258
00:11:50,700 --> 00:11:48,970
really interesting NASA came out with a

259
00:11:53,880 --> 00:11:50,710
big piece of news just the other day

260
00:11:56,070 --> 00:11:53,890
Monday and they said that there were

261
00:12:00,000 --> 00:11:56,080
evidence of plumes from Jupiter's moon

262
00:12:02,520 --> 00:12:00,010
Europa of water so we've all heard about

263
00:12:04,530 --> 00:12:02,530

you know Europa this ice planet and this

264

00:12:06,570 --> 00:12:04,540

may be a possibility but NASA is saying

265

00:12:08,850 --> 00:12:06,580

that you know even more likely that

266

00:12:10,560 --> 00:12:08,860

there is water and what's interesting of

267

00:12:17,340 --> 00:12:10,570

course is we're hearing more and more

268

00:12:19,140 --> 00:12:17,350

stories of these of evidence or that you

269

00:12:22,410 --> 00:12:19,150

know it's more and more likely that

270

00:12:24,540 --> 00:12:22,420

there is a life you know in right here

271

00:12:28,710 --> 00:12:24,550

in our solar system on other planets or

272

00:12:32,370 --> 00:12:28,720

moons and so we keep getting these this

273

00:12:34,170 --> 00:12:32,380

news and NASA is extremely excited about

274

00:12:38,280 --> 00:12:34,180

it especially this news that they just

275

00:12:41,010 --> 00:12:38,290

released Monday about Europa and so very

276

00:12:44,550 --> 00:12:41,020

fun very I think this is significant too

277

00:12:47,850 --> 00:12:44,560

because I think it helps also to when

278

00:12:50,220 --> 00:12:47,860

the public sees you know scientists

279

00:12:52,530 --> 00:12:50,230

telling people that we're on the cusp of

280

00:12:54,990 --> 00:12:52,540

discovering you know microbial life out

281

00:12:57,930 --> 00:12:55,000

there that you know that's only one step

282

00:13:00,150 --> 00:12:57,940

away from you know if our solar system

283

00:13:03,090 --> 00:13:00,160

is it has life throughout it even if it

284

00:13:06,480 --> 00:13:03,100

is you know bacteria or microbes or

285

00:13:08,310 --> 00:13:06,490

something like that then the probability

286

00:13:10,020 --> 00:13:08,320

that there is intelligent civilization

287

00:13:14,660 --> 00:13:10,030

intelligent life that life out there is

288

00:13:18,300 --> 00:13:14,670

also enhanced and so this all I think

289

00:13:21,630 --> 00:13:18,310

place to what of course our interest is

290

00:13:23,960 --> 00:13:21,640

and why we do these shows that you know

291

00:13:26,150 --> 00:13:23,970

this is much more credible than and

292

00:13:29,850 --> 00:13:26,160

important topic than the public has

293

00:13:33,480 --> 00:13:29,860

realized throughout the years yeah you

294

00:13:36,330 --> 00:13:33,490

know I think as things progress here I

295

00:13:39,360 --> 00:13:36,340

think it's going to be less and less of

296

00:13:42,030 --> 00:13:39,370

a reaction in the general public in

297

00:13:44,000 --> 00:13:42,040

society once

298

00:13:47,580 --> 00:13:44,010

once it comes out yes there's definitely

299

00:13:49,740 --> 00:13:47,590

microbial life or I think it's gonna you

300

00:13:51,900 --> 00:13:49,750

know I think it'll be just really big

301
00:13:53,640 --> 00:13:51,910
news and then I'll everyone just accept

302
00:13:55,800 --> 00:13:53,650
it I think that's where we are at this

303
00:13:57,840 --> 00:13:55,810
point I don't believe that we're at the

304
00:14:00,330 --> 00:13:57,850
point where you know religions are gonna

305
00:14:01,890 --> 00:14:00,340
fail and you know the catastrophes that

306
00:14:03,360 --> 00:14:01,900
have been warned about I don't think any

307
00:14:06,120 --> 00:14:03,370
of that's gonna happen I don't I don't

308
00:14:08,190 --> 00:14:06,130
believe so anymore I think you're

309
00:14:10,350 --> 00:14:08,200
exactly right and I think that we're

310
00:14:13,590 --> 00:14:10,360
seeing that even with the major media

311
00:14:16,170 --> 00:14:13,600
it's it's not like whoa you know holy

312
00:14:17,970 --> 00:14:16,180
crap this is this is real it's more like

313
00:14:20,070 --> 00:14:17,980

yeah you know we always thought it

314

00:14:23,220 --> 00:14:20,080

possibly could be even though we made

315

00:14:25,740 --> 00:14:23,230

fun of it you know we thought it could

316

00:14:28,020 --> 00:14:25,750

be possible and and now it's turning out

317

00:14:32,370 --> 00:14:28,030

you know more and more that it is

318

00:14:35,370 --> 00:14:32,380

possible and it is a reality so I think

319

00:14:37,920 --> 00:14:35,380

you're right it's it's and they talk

320

00:14:41,040 --> 00:14:37,930

about that when we're all faced with you

321

00:14:43,020 --> 00:14:41,050

know unknown events that the first stage

322

00:14:45,090 --> 00:14:43,030

is to completely deny up the second

323

00:14:47,220 --> 00:14:45,100

stage is to kind of make fun of it and

324

00:14:51,150 --> 00:14:47,230

then the third stage is to accept it as

325

00:14:54,180 --> 00:14:51,160

a foregone conclusion and it isn't with

326

00:14:57,260 --> 00:14:54,190

a big bang a big holy oh my gosh you

327

00:15:00,330 --> 00:14:57,270

know we're freaking out it's more of a

328

00:15:02,820 --> 00:15:00,340

sure of course we knew that all the time

329

00:15:06,600 --> 00:15:02,830

you know yeah

330

00:15:08,580 --> 00:15:06,610

so it's it's interesting times but it

331

00:15:14,400 --> 00:15:08,590

makes it more fun I think because it

332

00:15:17,550 --> 00:15:14,410

makes it it gives us more of a wider

333

00:15:19,350 --> 00:15:17,560

venue to talk to people about this so

334

00:15:22,110 --> 00:15:19,360

for instance you know when I went to

335

00:15:23,580 --> 00:15:22,120

that event and and there was a little

336

00:15:25,590 --> 00:15:23,590

bit of nervous laughter when I asked

337

00:15:27,930 --> 00:15:25,600

Scott Kelly about UFOs because it's you

338

00:15:29,430 --> 00:15:27,940

know heard though he's like a hero yeah

339

00:15:31,770 --> 00:15:29,440

yeah you could hear it in the audio and

340

00:15:33,180 --> 00:15:31,780

everybody is like you know and I was

341

00:15:35,250 --> 00:15:33,190

expecting some people would be like oh

342

00:15:37,260 --> 00:15:35,260

my gosh how could you ask that but not

343

00:15:40,560 --> 00:15:37,270

really even though people were a little

344

00:15:41,730 --> 00:15:40,570

nervous the reaction of the PR people I

345

00:15:45,330 --> 00:15:41,740

was with him and some of my fellow

346

00:15:48,090 --> 00:15:45,340

colleagues who were you know media

347

00:15:50,180 --> 00:15:48,100

people was very positive they thought

348

00:15:52,530 --> 00:15:50,190

wow it's cool you know it's more like

349

00:15:54,910 --> 00:15:52,540

hey it was cool you ask that you know

350

00:15:56,289 --> 00:15:54,920

it's brave of you more of

351
00:15:58,150 --> 00:15:56,299
and it was something that I should have

352
00:16:00,160 --> 00:15:58,160
done it wasn't something I didn't get

353
00:16:01,869 --> 00:16:00,170
the response at all like I kind of

354
00:16:04,989 --> 00:16:01,879
wasn't even expecting that oh how dare

355
00:16:06,819 --> 00:16:04,999
you do that you know so it's really cool

356
00:16:09,970 --> 00:16:06,829
I think people are really opening up to

357
00:16:12,280 --> 00:16:09,980
this as being an okay topic to top talk

358
00:16:15,909 --> 00:16:12,290
about and I think that that's only going

359
00:16:18,129 --> 00:16:15,919
to be good I think will will be able to

360
00:16:19,119 --> 00:16:18,139
discover more together right right

361
00:16:21,249 --> 00:16:19,129
exactly

362
00:16:24,369 --> 00:16:21,259
all right alejandro well hey thanks a

363
00:16:27,699 --> 00:16:24,379

lot and we'll be having you on next week

364

00:16:28,599 --> 00:16:27,709

right you're coming on next week oh I'm

365

00:16:33,400 --> 00:16:28,609

here

366

00:16:36,369 --> 00:16:33,410

that I'll be going to the Utah UFO Fest

367

00:16:39,309 --> 00:16:36,379

so people maybe can go see me out there

368

00:16:42,549 --> 00:16:39,319

and Cedar City I think it's called a

369

00:16:44,379 --> 00:16:42,559

newt ah yeah all right well hey thanks a

370

00:16:46,269 --> 00:16:44,389

lot and I'll talk to her I tell you see

371

00:16:48,669 --> 00:16:46,279

I'm buddy all right take care all right

372

00:16:52,059 --> 00:16:48,679

all right everyone our guests this

373

00:16:53,710 --> 00:16:52,069

evening is Lauren Christensen he is a

374

00:16:56,799 --> 00:16:53,720

well he's a great author

375

00:16:59,499 --> 00:16:56,809

he's championed over 50 books close to

376

00:17:04,029 --> 00:16:59,509

60 and he's been involved in law

377

00:17:07,449 --> 00:17:04,039

enforcement since 1967 22 21 year old

378

00:17:11,139 --> 00:17:07,459

military policeman in the US Army and he

379

00:17:13,449 --> 00:17:11,149

was also in Saigon Vietnam and 26 he

380

00:17:18,000 --> 00:17:13,459

joined the Portland Oregon Police Bureau

381

00:17:20,319 --> 00:17:18,010

and so he basically after 25 years

382

00:17:22,029 --> 00:17:20,329

retired and started writing books and

383

00:17:23,019 --> 00:17:22,039

one right after the other end we're

384

00:17:25,240 --> 00:17:23,029

going to be talking about a really

385

00:17:29,470 --> 00:17:25,250

interesting book Lauren welcome to the

386

00:17:33,159 --> 00:17:29,480

show good Dave glad to be here yes and

387

00:17:37,060 --> 00:17:33,169

you are in your over an Oregon still not

388

00:17:40,659 --> 00:17:37,070

too far from Portland and so you kind of

389

00:17:43,450 --> 00:17:40,669

settled there and I don't hear a lot

390

00:17:45,279 --> 00:17:43,460

about UFOs in Portland do you do you pay

391

00:17:47,049 --> 00:17:45,289

attention to any of that well I think

392

00:17:49,029 --> 00:17:47,059

was it rainy or one of the first

393

00:17:51,039 --> 00:17:49,039

sightings in the United States and rain

394

00:17:53,289 --> 00:17:51,049

is just a you know short drive up by

395

00:17:57,310 --> 00:17:53,299

five yeah but I mean that's all I know

396

00:17:59,250 --> 00:17:57,320

now do you do here and then but minh

397

00:18:03,340 --> 00:17:59,260

ville which is a small town it's about

398

00:18:05,830 --> 00:18:03,350

30 minutes from it's about 40 minutes

399

00:18:07,070 --> 00:18:05,840

from Portland that was a major sighting

400

00:18:09,859 --> 00:18:07,080

too

401

00:18:11,330 --> 00:18:09,869

right they have a big actually I think

402

00:18:14,299 --> 00:18:11,340

there's this weekend they have a UFO

403

00:18:15,529 --> 00:18:14,309

festival there they make a big is it

404

00:18:17,149 --> 00:18:15,539

it's more fun than it is

405

00:18:18,590 --> 00:18:17,159

scary but I guess they have speakers in

406

00:18:21,619 --> 00:18:18,600

some kind of auditorium I haven't been

407

00:18:23,149 --> 00:18:21,629

to it but they have it's kind of a

408

00:18:25,070 --> 00:18:23,159

combination of information and a lot of

409

00:18:26,389 --> 00:18:25,080

fun people dress up like aliens and they

410

00:18:28,850 --> 00:18:26,399

prayed around and that sort of thing

411

00:18:31,070 --> 00:18:28,860

yeah I think Peter Davenport usually

412

00:18:34,519 --> 00:18:31,080

goes to that - have you ever actually

413

00:18:35,690 --> 00:18:34,529

gone to that I went one time I just

414

00:18:37,100 --> 00:18:35,700

because my I have a daughter that lives

415

00:18:38,749 --> 00:18:37,110

down there and we just went to the

416

00:18:39,769 --> 00:18:38,759

parade we didn't go to any I didn't

417

00:18:45,139 --> 00:18:39,779

actually I didn't even know there are

418

00:18:46,909 --> 00:18:45,149

any talks I would have yeah okay so you

419

00:18:49,399 --> 00:18:46,919

or someone that's kind of outside of the

420

00:18:52,159 --> 00:18:49,409

UFO field for the most part you know

421

00:18:54,440 --> 00:18:52,169

you're not someone that does the circuit

422

00:18:55,909 --> 00:18:54,450

and stuff like that and I've loved the

423

00:18:58,070 --> 00:18:55,919

fact that you're a police officer and

424

00:19:00,019 --> 00:18:58,080

military police and I want to talk quite

425

00:19:01,940 --> 00:19:00,029

a bit about that but can you give the

426

00:19:04,729 --> 00:19:01,950

listening audience basically your

427

00:19:07,399 --> 00:19:04,739

background and just so they can learn

428

00:19:09,080 --> 00:19:07,409

who you are I grew up in Vancouver

429

00:19:12,379 --> 00:19:09,090

Washington which is right across the

430

00:19:16,909 --> 00:19:12,389

Columbia River from from Portland went

431

00:19:20,269 --> 00:19:16,919

into the army in 1967 did two years

432

00:19:22,489 --> 00:19:20,279

stateside one in in Florida where I had

433

00:19:26,029 --> 00:19:22,499

the the major UFO incident that I'll

434

00:19:28,849 --> 00:19:26,039

talk about later and and then from there

435

00:19:30,889 --> 00:19:28,859

I went to Washington DC and studied the

436

00:19:34,460 --> 00:19:30,899

Vietnamese language then went over to

437

00:19:36,109 --> 00:19:34,470

Vietnam as a patrolman in Saigon and if

438

00:19:38,180 --> 00:19:36,119

I may plug a book I just had a book come

439

00:19:41,180 --> 00:19:38,190

out called policing Saigon just came out

440

00:19:45,289 --> 00:19:41,190

a couple of weeks ago I did I did a year

441

00:19:47,539 --> 00:19:45,299

there which was about the it's a year

442

00:19:51,649 --> 00:19:47,549

there was approximately the same as 25

443

00:19:53,720 --> 00:19:51,659

years with any major city in in in the

444

00:19:55,970 --> 00:19:53,730

United States you know a Saigon at that

445

00:19:58,310 --> 00:19:55,980

time was considered the most dangerous

446

00:20:00,349 --> 00:19:58,320

city in the world anybody did a year

447

00:20:02,899 --> 00:20:00,359

there and came back I didn't want

448

00:20:04,820 --> 00:20:02,909

anything to do with police work I went

449

00:20:06,619 --> 00:20:04,830

back into the martial arts and one of my

450

00:20:09,080 --> 00:20:06,629

oldest party sparring partners was a

451

00:20:11,359 --> 00:20:09,090

portland police officer he talked me

452

00:20:14,629 --> 00:20:11,369

into taking the test I took it and I got

453

00:20:20,610 --> 00:20:14,639

hired and did 25 years there retired in

454

00:20:26,250 --> 00:20:20,620

1997 and and in in your

455

00:20:28,170 --> 00:20:26,260

policing did do you personally I think

456

00:20:30,450 --> 00:20:28,180

your first story is kind of talks about

457

00:20:33,210 --> 00:20:30,460

something unusual happening right in

458

00:20:34,980 --> 00:20:33,220

your book yeah I didn't happen to be it

459

00:20:36,630 --> 00:20:34,990

happened to ya we're talking about a

460

00:20:39,840 --> 00:20:36,640

book called cops true stories of the

461

00:20:42,600 --> 00:20:39,850

paranormal yeah it was there some UFO

462

00:20:45,900 --> 00:20:42,610

stuff and some mutilated cattle stories

463

00:20:50,450 --> 00:20:45,910

and that sort of thing yeah I had I had

464

00:20:54,240 --> 00:20:50,460

two or three experiences on the job and

465

00:20:55,680 --> 00:20:54,250

about two and a half years ago I started

466

00:21:00,510 --> 00:20:55,690

thinking about some of those experiences

467

00:21:02,610 --> 00:21:00,520

I met a woman who had been in on the

468

00:21:04,620 --> 00:21:02,620

police department in Virginia and I

469

00:21:06,150 --> 00:21:04,630

can't remember the city now she told me

470

00:21:08,130 --> 00:21:06,160

a couple of her stories and I started

471

00:21:12,210 --> 00:21:08,140

thinking I wonder how many stories are

472

00:21:14,549 --> 00:21:12,220

out there and I thought I just put out

473

00:21:18,690 --> 00:21:14,559

on Facebook I belong to a couple of

474

00:21:20,880 --> 00:21:18,700

police Facebook pages and I was a little

475

00:21:22,980 --> 00:21:20,890

nervous about doing it this cops are

476

00:21:26,549 --> 00:21:22,990

what I call really meat and potatoes you

477

00:21:29,450 --> 00:21:26,559

know it's all about the evidence and you

478

00:21:31,710 --> 00:21:29,460

say you saw a ghost they go yeah okay

479

00:21:34,290 --> 00:21:31,720

there's too much pressure there for here

480

00:21:37,290 --> 00:21:34,300

you know kind of thing and I put word

481

00:21:39,630 --> 00:21:37,300

out and expected a lot of criticism and

482

00:21:42,810 --> 00:21:39,640

I didn't get any in fact the very first

483

00:21:45,990 --> 00:21:42,820

day I put out a request for story he

484

00:21:47,190 --> 00:21:46,000

told him what I was doing and I'm sort

485

00:21:49,790 --> 00:21:47,200

of known in the police community a

486

00:21:52,770 --> 00:21:49,800

community because I have a couple of

487

00:21:55,380 --> 00:21:52,780

books that are popular with police

488

00:21:57,930 --> 00:21:55,390

officers and so I had a little trust

489

00:22:01,710 --> 00:21:57,940

factor there going on and my very first

490

00:22:03,210 --> 00:22:01,720

day I got a letter I got a story from

491

00:22:05,010 --> 00:22:03,220

one of the top police trainers in the

492

00:22:06,480 --> 00:22:05,020

United States he trains internationally

493

00:22:10,049 --> 00:22:06,490

as well but he's very well-known United

494

00:22:11,460 --> 00:22:10,059

States he had already written it up he

495

00:22:13,500 --> 00:22:11,470

was a writer and had already written it

496

00:22:16,500 --> 00:22:13,510

up here and use it any place yet sent me

497

00:22:18,900 --> 00:22:16,510

the story so I used him as sort of a

498

00:22:22,080 --> 00:22:18,910

support to request more stories and he

499

00:22:24,330 --> 00:22:22,090

started coming in and officers were

500

00:22:28,350 --> 00:22:24,340

starting to tell each other one officer

501
00:22:31,050 --> 00:22:28,360
tell another guy some of the the people

502
00:22:32,640 --> 00:22:31,060
who contacted me were giving me stories

503
00:22:33,730 --> 00:22:32,650
would say you know I know another cop

504
00:22:35,830 --> 00:22:33,740
who had a

505
00:22:37,299 --> 00:22:35,840
had an incident happened and he's more

506
00:22:40,020 --> 00:22:37,309
than willing to tell it and I go to sur

507
00:22:43,120 --> 00:22:40,030
and so I started getting the stories

508
00:22:45,370 --> 00:22:43,130
coming into me and what I would do is I

509
00:22:48,070 --> 00:22:45,380
would look at the story I liked the

510
00:22:50,740 --> 00:22:48,080
story I would tell him okay let's work

511
00:22:53,440 --> 00:22:50,750
on this I would sometimes he just came

512
00:22:55,799 --> 00:22:53,450
in notes I got a couple of mail and

513
00:23:00,100 --> 00:22:55,809

snail mail stories written long am and

514

00:23:01,630 --> 00:23:00,110

my old-timers had long retired and is

515

00:23:03,730 --> 00:23:01,640

who I would take those stories and I'd

516

00:23:06,070 --> 00:23:03,740

rewrite them to fit the format that I

517

00:23:08,530 --> 00:23:06,080

wanted for the book I would send it back

518

00:23:10,690 --> 00:23:08,540

to them for them to okay or say no this

519

00:23:12,790 --> 00:23:10,700

wasn't quite this way or I remember

520

00:23:14,770 --> 00:23:12,800

another part of this we do that back and

521

00:23:17,470 --> 00:23:14,780

forth and sometimes it took five or six

522

00:23:20,380 --> 00:23:17,480

times until we had a story that was a

523

00:23:21,760 --> 00:23:20,390

finished product and I got I don't know

524

00:23:23,549 --> 00:23:21,770

how many stories in there I think I

525

00:23:26,380 --> 00:23:23,559

don't know how many stories in there

526

00:23:30,549 --> 00:23:26,390

well over 20 I think from about 17

527

00:23:32,380 --> 00:23:30,559

different officers from a couple in the

528

00:23:36,910 --> 00:23:32,390

military most of them are sheriff

529

00:23:39,040 --> 00:23:36,920

deputies SWAT people and not only are

530

00:23:41,560 --> 00:23:39,050

some police officers or were police

531

00:23:44,049 --> 00:23:41,570

officers some are high-ranking officers

532

00:23:46,840 --> 00:23:44,059

in the the military one was the Navy

533

00:23:49,960 --> 00:23:46,850

commanders I would call so these are all

534

00:23:52,150 --> 00:23:49,970

to use the other men's who was talking a

535

00:23:54,520 --> 00:23:52,160

word that I really liked was they were

536

00:23:56,530 --> 00:23:54,530

very credible and there's only a couple

537

00:24:00,310 --> 00:23:56,540

of stories that you know I don't think

538

00:24:04,990 --> 00:24:00,320

about I don't think so or one one story

539

00:24:07,150 --> 00:24:05,000

was so the guy did some things I thought

540

00:24:08,770 --> 00:24:07,160

would because of what what his

541

00:24:10,000 --> 00:24:08,780

experience was he did some things that I

542

00:24:12,490 --> 00:24:10,010

thought would get him in trouble with

543

00:24:15,310 --> 00:24:12,500

his police agency and I said no I don't

544

00:24:16,690 --> 00:24:15,320

want to use that story and he was okay

545

00:24:20,230 --> 00:24:16,700

but he had another story that was fine

546

00:24:22,750 --> 00:24:20,240

but uh so and then a book came out I

547

00:24:25,299 --> 00:24:22,760

think it was April I think it was April

548

00:24:27,430 --> 00:24:25,309

two years ago and within a couple of

549

00:24:29,799 --> 00:24:27,440

weeks ago bestseller was the bestseller

550

00:24:32,620 --> 00:24:29,809

for quite a while and it's this

551
00:24:35,680 --> 00:24:32,630
bestseller rank is is given by Amazon

552
00:24:38,080 --> 00:24:35,690
and then it's now it still sells really

553
00:24:40,299 --> 00:24:38,090
well but it's not a best-seller status

554
00:24:45,690 --> 00:24:40,309
yeah it does it but it spikes up there

555
00:24:49,870 --> 00:24:45,700
around Halloween I've noticed let's see

556
00:24:51,940 --> 00:24:49,880
someone wants to know in the in the chat

557
00:24:54,759 --> 00:24:51,950
room if have you ever had any notable

558
00:24:58,389 --> 00:24:54,769
arrests that's an interesting question

559
00:25:03,610 --> 00:24:58,399
it's kind of a little off-topic I rested

560
00:25:08,740 --> 00:25:03,620
the leader of the guardian angels oh wow

561
00:25:11,680 --> 00:25:08,750
and he gives a protest here and and he

562
00:25:14,350 --> 00:25:11,690
was involved in the protest and he

563
00:25:17,139 --> 00:25:14,360

resisted and I whispered I've been

564

00:25:20,110 --> 00:25:17,149

practicing martial arts for 53 years um

565

00:25:23,710 --> 00:25:20,120

I whispered in his ear I said what just

566

00:25:26,860 --> 00:25:23,720

he's real big guy he's probably 220 real

567

00:25:28,930 --> 00:25:26,870

solid and I said you gotta get up

568

00:25:30,549 --> 00:25:28,940

because the cameras were all rolling you

569

00:25:31,930 --> 00:25:30,559

know I whispered in his ear get up or

570

00:25:33,430 --> 00:25:31,940

I'm going to give you some pain he says

571

00:25:36,730 --> 00:25:33,440

do what you got to do we got our roles

572

00:25:38,649 --> 00:25:36,740

to play that's okay so I'm on national

573

00:25:41,799 --> 00:25:38,659

news making him jump up there real quick

574

00:25:44,230 --> 00:25:41,809

and but we ended up had a real nice chat

575

00:25:46,480 --> 00:25:44,240

at the back at the precinct nice guy and

576

00:25:49,990 --> 00:25:46,490

he had his heart in the right place but

577

00:25:53,080 --> 00:25:50,000

he had to be arrested too so sure to

578

00:25:54,460 --> 00:25:53,090

make his point on the issue I see mmm

579

00:25:58,570 --> 00:25:54,470

yeah

580

00:26:01,810 --> 00:25:58,580

so getting back to police officers in

581

00:26:04,240 --> 00:26:01,820

general what would you consider makes a

582

00:26:06,700 --> 00:26:04,250

MP or a police officer or another type

583

00:26:09,610 --> 00:26:06,710

of law enforcement what makes them good

584

00:26:12,159 --> 00:26:09,620

observers or or credible witnesses in

585

00:26:14,440 --> 00:26:12,169

your opinion well from day one in the

586

00:26:17,049 --> 00:26:14,450

police academies they're they're taught

587

00:26:20,980 --> 00:26:17,059

to observe it's all about observing and

588

00:26:23,680 --> 00:26:20,990

you're there you're taught in lectures

589

00:26:25,720 --> 00:26:23,690

you're taught in exercises in the

590

00:26:27,460 --> 00:26:25,730

academy and and then once you get out in

591

00:26:30,129 --> 00:26:27,470

the field you work with a training coach

592

00:26:31,960 --> 00:26:30,139

they might call them different it might

593

00:26:35,919 --> 00:26:31,970

have different titles in different peace

594

00:26:38,379 --> 00:26:35,929

agencies in my age you is a coach and

595

00:26:41,759 --> 00:26:38,389

you're on probation for about 18 months

596

00:26:45,279 --> 00:26:41,769

and the first year that you work with a

597

00:26:48,369 --> 00:26:45,289

series of training coaches and it's all

598

00:26:50,619 --> 00:26:48,379

about being taught how to observe to to

599

00:26:53,560 --> 00:26:50,629

look for something that's out of the

600

00:26:55,480 --> 00:26:53,570

norm you look into a crowd you got your

601
00:26:56,799 --> 00:26:55,490
I work downtown a lot so there's lots

602
00:26:59,110 --> 00:26:56,809
and lots of people on the street all the

603
00:27:01,150 --> 00:26:59,120
time so there becomes a certain

604
00:27:04,240 --> 00:27:01,160
pattern how people move how they stand

605
00:27:05,950 --> 00:27:04,250
how they how they drink their lattes all

606
00:27:07,660 --> 00:27:05,960
of this sort of thing and when something

607
00:27:09,520 --> 00:27:07,670
catches your eye that just isn't quite

608
00:27:12,460 --> 00:27:09,530
right this guy is moving a different way

609
00:27:15,610 --> 00:27:12,470
he's dressed in an overcoat on a 95

610
00:27:17,860 --> 00:27:15,620
degree day you just give him a little

611
00:27:20,500 --> 00:27:17,870
more visual attention until you're

612
00:27:22,230 --> 00:27:20,510
satisfied okay that guy's fine and and

613
00:27:26,590 --> 00:27:22,240

then you just move on so it's all about

614

00:27:28,330 --> 00:27:26,600

observing looking for something that's

615

00:27:30,040 --> 00:27:28,340

out of the norm just watching people

616

00:27:33,520 --> 00:27:30,050

watching hey I did a lot of body

617

00:27:36,910 --> 00:27:33,530

guarding for dignitaries that came in

618

00:27:38,350 --> 00:27:36,920

into Portland and a quick stories a

619

00:27:40,990 --> 00:27:38,360

little bit off the topic but it'll give

620

00:27:44,080 --> 00:27:41,000

me an idea about observation a body

621

00:27:45,820 --> 00:27:44,090

guarded Billy Graham for a week and I

622

00:27:48,370 --> 00:27:45,830

could pick him up at his hotel and take

623

00:27:51,070 --> 00:27:48,380

him to the stadium and I'd stand right

624

00:27:53,740 --> 00:27:51,080

down right below his podium where my

625

00:27:56,500 --> 00:27:53,750

head was about level with his feet and

626

00:27:58,630 --> 00:27:56,510

we had spotters up in high towers we had

627

00:27:59,890 --> 00:27:58,640

people wandering through the crowd and

628

00:28:03,910 --> 00:27:59,900

that sort of thing there's crowd was

629

00:28:08,350 --> 00:28:03,920

probably 25,000 people I had a little

630

00:28:11,169 --> 00:28:08,360

earpiece you know very James Bond and we

631

00:28:14,230 --> 00:28:11,179

had a spotter said we've got a guy to

632

00:28:16,720 --> 00:28:14,240

the 6 or 6 o'clock you know please talk

633

00:28:19,390 --> 00:28:16,730

he doesn't look right and I saw looking

634

00:28:21,040 --> 00:28:19,400

out in the crowd and the people were

635

00:28:23,919 --> 00:28:21,050

either you know joyous or they're

636

00:28:26,020 --> 00:28:23,929

laughing or they were you know all

637

00:28:27,580 --> 00:28:26,030

engaged in the moment or they were kind

638

00:28:29,799 --> 00:28:27,590

of shuffling to the right or shuffling

639

00:28:33,100 --> 00:28:29,809

to the left and I immediately spotted

640

00:28:34,720 --> 00:28:33,110

this guy he was he was it was it a whole

641

00:28:37,270 --> 00:28:34,730

different zone in his head you could

642

00:28:39,130 --> 00:28:37,280

tell he and he would when both crowd

643

00:28:41,470 --> 00:28:39,140

removed this way he'd move the opposite

644

00:28:45,520 --> 00:28:41,480

way he would look down everybody was

645

00:28:47,830 --> 00:28:45,530

looking up and the the tower people were

646

00:28:50,320 --> 00:28:47,840

watching him and they said do we have

647

00:28:52,510 --> 00:28:50,330

spotters nearby and anyway the spotters

648

00:28:54,250 --> 00:28:52,520

in the crowd came and they nabbed the

649

00:28:55,660 --> 00:28:54,260

guy pulled him out of the crowd and they

650

00:28:56,950 --> 00:28:55,670

found a gun on him he was going to shoot

651
00:28:58,930 --> 00:28:56,960
Billy Graham he was trying to work his

652
00:29:00,580 --> 00:28:58,940
way up to the podium we never let the

653
00:29:03,700 --> 00:29:00,590
press know that but they know it now I

654
00:29:05,650 --> 00:29:03,710
guess but uh that just shows that it's

655
00:29:07,690 --> 00:29:05,660
all about you're looking for something

656
00:29:09,010 --> 00:29:07,700
that's out of the norm and it's

657
00:29:10,630 --> 00:29:09,020
something you really can't teach in the

658
00:29:11,650 --> 00:29:10,640
Academy is something you get by

659
00:29:12,470 --> 00:29:11,660
experience

660
00:29:31,520 --> 00:29:12,480
you

661
00:29:33,590 --> 00:29:31,530
consider I mean a police officer

662
00:29:35,750 --> 00:29:33,600
considers their reputation before

663
00:29:38,240 --> 00:29:35,760

they're reporting something and what's

664

00:29:42,260 --> 00:29:38,250

going to happen to them right well again

665

00:29:43,880 --> 00:29:42,270

it's it's the the cops are meeting

666

00:29:48,890 --> 00:29:43,890

potatoes and it's all about the evidence

667

00:29:50,990 --> 00:29:48,900

so there's there's a couple three

668

00:29:55,220 --> 00:29:51,000

stories in the book and then what one of

669

00:29:57,980 --> 00:29:55,230

them's mine in which these the

670

00:30:00,740 --> 00:29:57,990

supervisors said don't put that part of

671

00:30:05,030 --> 00:30:00,750

what happened into your report yes

672

00:30:07,850 --> 00:30:05,040

in my case my part and I experienced a

673

00:30:10,640 --> 00:30:07,860

really bizarre thing at a burglary of a

674

00:30:12,830 --> 00:30:10,650

coffee shop that we were doing we were

675

00:30:14,690 --> 00:30:12,840

investigating and had a very strange

676
00:30:16,340 --> 00:30:14,700
experience there and we got back out in

677
00:30:18,560 --> 00:30:16,350
the car and we said we can't put that in

678
00:30:22,700 --> 00:30:18,570
the report can you tell us a little bit

679
00:30:25,159 --> 00:30:22,710
about that mine yeah yeah it was a

680
00:30:28,580 --> 00:30:25,169
coffee shop downtown in what's called

681
00:30:33,500 --> 00:30:28,590
Old Town and it was used to be Skid Row

682
00:30:35,870 --> 00:30:33,510
and the city's trying to gentrify it and

683
00:30:37,310 --> 00:30:35,880
trying to get cutesy little shops and

684
00:30:40,159 --> 00:30:37,320
restaurants in there but meanwhile you

685
00:30:42,980 --> 00:30:40,169
still have you know dopers and and and

686
00:30:45,350 --> 00:30:42,990
winos and stuff standing around but so

687
00:30:47,419 --> 00:30:45,360
some of the shops would come and go this

688
00:30:50,060 --> 00:30:47,429

particular one was a coffee shop right

689

00:30:51,799 --> 00:30:50,070

on a corner and my partner and I hadn't

690

00:30:53,210 --> 00:30:51,809

been in it yet you said we'd go into the

691

00:30:55,549 --> 00:30:53,220

new businesses just introduce ourselves

692

00:30:57,620 --> 00:30:55,559

and tell them we're around all the time

693

00:30:59,390 --> 00:30:57,630

and that sort of thing we had to

694

00:31:01,130 --> 00:30:59,400

introduce ourselves to this guy yet but

695

00:31:04,820 --> 00:31:01,140

we got a call right out of leaving the

696

00:31:07,220 --> 00:31:04,830

precinct and we went to the coffee shop

697

00:31:10,580 --> 00:31:07,230

and and we both said oh yeah we haven't

698

00:31:12,560 --> 00:31:10,590

been in that place yet and it was the

699

00:31:15,409 --> 00:31:12,570

call came out is a burglary of a

700

00:31:19,010 --> 00:31:15,419

business with suspicious circumstances

701
00:31:22,220 --> 00:31:19,020
and we get there and a man is standing

702
00:31:24,620 --> 00:31:22,230
outside of the restaurant he's got his

703
00:31:26,060 --> 00:31:24,630
arms crossed and he's just really shaky

704
00:31:29,180 --> 00:31:26,070
and he's real really

705
00:31:31,580 --> 00:31:29,190
well jewelry and like I said once that's

706
00:31:33,050 --> 00:31:31,590
our complaint I get out of the car and

707
00:31:35,990 --> 00:31:33,060
ask him

708
00:31:37,730 --> 00:31:36,000
did you call and he didn't say anything

709
00:31:39,110 --> 00:31:37,740
I go I kind of touched his shoulder I

710
00:31:42,110 --> 00:31:39,120
said did you call and he kind of looks

711
00:31:43,670 --> 00:31:42,120
at me like like I didn't know I'd been

712
00:31:45,650 --> 00:31:43,680
standing there for you know 30 seconds

713
00:31:48,410 --> 00:31:45,660

and you know oh yeah oh yeah the police

714

00:31:50,060 --> 00:31:48,420

yes please come in so we went into his

715

00:31:52,130 --> 00:31:50,070

little place it was like I say it was a

716

00:31:54,080 --> 00:31:52,140

corner place I think there are two

717

00:31:56,390 --> 00:31:54,090

tables a counter where you bought your

718

00:31:58,280 --> 00:31:56,400

stuff and a counter we could sit and

719

00:32:01,820 --> 00:31:58,290

look out at the windows at the drunk

720

00:32:03,350 --> 00:32:01,830

staggering boy so it already seated

721

00:32:04,760 --> 00:32:03,360

about is a place where business you

722

00:32:07,580 --> 00:32:04,770

become and grab the coffee and their

723

00:32:09,590 --> 00:32:07,590

doughnut and leave when we went into the

724

00:32:12,230 --> 00:32:09,600

place and as we walked in I noticed he

725

00:32:14,330 --> 00:32:12,240

had a metal door that covered the main

726

00:32:16,550 --> 00:32:14,340

door with all kinds of locks up and down

727

00:32:19,310 --> 00:32:16,560

it and all there was two major windows

728

00:32:20,960 --> 00:32:19,320

on each side of the corner and they had

729

00:32:24,650 --> 00:32:20,970

bars all the way up it's almost like a

730

00:32:26,030 --> 00:32:24,660

jail and as we passed in I noticed my

731

00:32:28,430 --> 00:32:26,040

partner looking and I was looking we

732

00:32:30,980 --> 00:32:28,440

didn't see any pry marks on the door

733

00:32:34,790 --> 00:32:30,990

what you usually see or they try the

734

00:32:37,670 --> 00:32:34,800

lock or they they Jimmy the the door

735

00:32:39,740 --> 00:32:37,680

facing or something we go in and we

736

00:32:41,960 --> 00:32:39,750

start talking to the guy and I looked

737

00:32:44,870 --> 00:32:41,970

down and I could see a stack of coffee

738

00:32:47,480 --> 00:32:44,880

cups and there's a little pyramid of

739

00:32:50,270 --> 00:32:47,490

coffee cups and they were probably six

740

00:32:52,700 --> 00:32:50,280

or eight across on all four sides and

741

00:32:55,130 --> 00:32:52,710

then seven and then six five four all

742

00:32:57,890 --> 00:32:55,140

the way one single coffee cup at the top

743

00:32:59,450 --> 00:32:57,900

and I go I'm just kind of looking at it

744

00:33:00,950 --> 00:32:59,460

going on what done you know he looks

745

00:33:02,960 --> 00:33:00,960

he's me looking at and he says I didn't

746

00:33:04,580 --> 00:33:02,970

do that I said what do you mean you

747

00:33:06,200 --> 00:33:04,590

didn't do that he says I came in this

748

00:33:09,920 --> 00:33:06,210

morning those cups were that way

749

00:33:12,740 --> 00:33:09,930

I said maybe the burglar did it and he

750

00:33:14,330 --> 00:33:12,750

said maybe but there's no way a burglar

751
00:33:16,130 --> 00:33:14,340
got in here you saw the Dorris are you

752
00:33:19,730 --> 00:33:16,140
looking at the door I have a double

753
00:33:22,490 --> 00:33:19,740
there's no back door this is it he says

754
00:33:24,500 --> 00:33:22,500
I stayed till 9:00 o'clock I clean up I

755
00:33:26,320 --> 00:33:24,510
set up the the cups on the shelf over

756
00:33:31,640 --> 00:33:26,330
there he made a point of pointing out

757
00:33:33,170 --> 00:33:31,650
not on the floor and he said I I don't

758
00:33:34,640 --> 00:33:33,180
know it is he scared me and he looks

759
00:33:37,040 --> 00:33:34,650
over and he says I didn't do that

760
00:33:39,470 --> 00:33:37,050
and I looked over I could see a couple

761
00:33:42,200 --> 00:33:39,480
of two cups too

762
00:33:45,560 --> 00:33:42,210
lots of coffee cooking he says I didn't

763
00:33:47,900 --> 00:33:45,570

make the coffee no and he said I I make

764

00:33:49,340 --> 00:33:47,910

the coffee we got there's about fifteen

765

00:33:52,640 --> 00:33:49,350

after eight he said I make the coffee

766

00:33:54,650 --> 00:33:52,650

about 9:30 I open about 9:45 for the

767

00:33:57,890 --> 00:33:54,660

businesses first coffee breaks you know

768

00:34:00,170 --> 00:33:57,900

then they come in I said and the coffee

769

00:34:01,400 --> 00:34:00,180

the coffee plots were relatively full so

770

00:34:04,400 --> 00:34:01,410

they hadn't boiled down they were

771

00:34:06,800 --> 00:34:04,410

steaming but they hadn't boiled down and

772

00:34:08,680 --> 00:34:06,810

and so we looked around and there's no

773

00:34:11,840 --> 00:34:08,690

there's no place for the guy to hide you

774

00:34:14,090 --> 00:34:11,850

he his last thing he does is stack the

775

00:34:15,590 --> 00:34:14,100

cups on the shelves so he's behind the

776

00:34:17,720 --> 00:34:15,600

counter there's no place to hide back

777

00:34:19,640 --> 00:34:17,730

there and even if the burglar and it's

778

00:34:22,070 --> 00:34:19,650

not a common for burglars to stay into

779

00:34:23,840 --> 00:34:22,080

place and then break out of the place

780

00:34:26,270 --> 00:34:23,850

after they get their stuff you know

781

00:34:28,430 --> 00:34:26,280

after that after closing hours but there

782

00:34:31,460 --> 00:34:28,440

was no sign of breaking out there was no

783

00:34:35,060 --> 00:34:31,470

sign of breaking in and so out in the

784

00:34:36,920 --> 00:34:35,070

car my partner I oh I should say some

785

00:34:39,850 --> 00:34:36,930

some delicious might be familiar with it

786

00:34:43,040 --> 00:34:39,860

we have the Portland underground tunnels

787

00:34:44,960 --> 00:34:43,050

a couple of the ghost hunter TV shows

788

00:34:48,290 --> 00:34:44,970

have come to Portland and gone down in

789

00:34:50,510 --> 00:34:48,300

these tunnels these tunnels were created

790

00:34:52,940 --> 00:34:50,520

back in the 1800s when that whole area

791

00:34:56,690 --> 00:34:52,950

was just a rock and roll and shoot him

792

00:34:58,880 --> 00:34:56,700

up taverns and saloons and all that kind

793

00:35:00,620 --> 00:34:58,890

of thing and they'd get a drunk I get

794

00:35:02,660 --> 00:35:00,630

him drunk and then I'd take him to a

795

00:35:04,430 --> 00:35:02,670

trapdoor in the back of the tavern

796

00:35:06,560 --> 00:35:04,440

dropped him down into the tunnel and

797

00:35:08,390 --> 00:35:06,570

he'd be whisked out to a ship on the

798

00:35:11,090 --> 00:35:08,400

Willamette River and taken he'd wake up

799

00:35:17,630 --> 00:35:11,100

out in the sea and discover it now he's

800

00:35:19,370 --> 00:35:17,640

a sailor you know so and there's been it

801

00:35:21,650 --> 00:35:19,380

was a den of prostitution they were

802

00:35:24,140 --> 00:35:21,660

murders down there cop way back in that

803

00:35:25,550 --> 00:35:24,150

turn of the last century got decapitated

804

00:35:28,130 --> 00:35:25,560

down there they found his body never

805

00:35:32,090 --> 00:35:28,140

found his head so this place was right

806

00:35:33,590 --> 00:35:32,100

next to those tunnels he was probably 75

807

00:35:36,200 --> 00:35:33,600

feet from the tunnels in fact there was

808

00:35:38,410 --> 00:35:36,210

a sign out there that said tours

809

00:35:40,580 --> 00:35:38,420

you know weekend's Saturday or whatever

810

00:35:42,080 --> 00:35:40,590

so I'm party and I got in a car and we

811

00:35:43,910 --> 00:35:42,090

said we can't write this up about all

812

00:35:45,920 --> 00:35:43,920

those mysterious cups in the coffee pot

813

00:35:47,390 --> 00:35:45,930

and everything will just say was there

814

00:35:52,160 --> 00:35:47,400

no sign it was a was there anything

815

00:35:53,210 --> 00:35:52,170

missing at all no so yeah guy we all do

816

00:35:54,920 --> 00:35:53,220

burglar

817

00:35:57,740 --> 00:35:54,930

yeah we just calling it well yes it's a

818

00:35:59,930 --> 00:35:57,750

breaking in you know bacon yeah yeah so

819

00:36:01,370 --> 00:35:59,940

well even that it wasn't a breaking echo

820

00:36:03,109 --> 00:36:01,380

there's no sign of breaking in is

821

00:36:07,400 --> 00:36:03,119

impossible break in other places you had

822

00:36:09,559 --> 00:36:07,410

dynamite no yeah Wow isn't that crazy so

823

00:36:11,870 --> 00:36:09,569

so what did you investigate a suppose

824

00:36:13,880 --> 00:36:11,880

did you listen case of us not yeah we

825

00:36:16,370 --> 00:36:13,890

just wrote a report a burglary no sign

826

00:36:17,000 --> 00:36:16,380

of um no sign of forced entry unknown

827

00:36:19,670 --> 00:36:17,010

suspects

828

00:36:21,740 --> 00:36:19,680

it just got filed some points about that

829

00:36:23,809 --> 00:36:21,750

someone wanted me to ask you this in the

830

00:36:26,390 --> 00:36:23,819

chat room do you know about the

831

00:36:30,859 --> 00:36:26,400

mysterious Columbia River UFO incident

832

00:36:33,380 --> 00:36:30,869

with police recordings back in 1981 Wow

833

00:36:36,710 --> 00:36:33,390

I don't you know was on them that'll do

834

00:36:39,640 --> 00:36:36,720

you something to do after the show -

835

00:36:43,190 --> 00:36:39,650

yeah yeah so I want you to talk about

836

00:36:44,660 --> 00:36:43,200

because I had I have a friend I haven't

837

00:36:46,520 --> 00:36:44,670

talked to him in quite a while but was a

838

00:36:50,690 --> 00:36:46,530

police officer and I want you to talk

839

00:36:51,440 --> 00:36:50,700

about the the first story oh I think

840

00:36:52,940 --> 00:36:51,450

it's uh

841

00:36:55,370 --> 00:36:52,950

may not be the first story but it's

842

00:36:56,900 --> 00:36:55,380

called vanished okay no - can you tell

843

00:36:59,750 --> 00:36:56,910

the your listening audience about yeah

844

00:37:01,099 --> 00:36:59,760

it happened it's the first story in cops

845

00:37:03,620 --> 00:37:01,109

true stories of the paranormal I have it

846

00:37:06,019 --> 00:37:03,630

broken into four sections stuff that

847

00:37:08,569 --> 00:37:06,029

happened on control incidents that

848

00:37:11,890 --> 00:37:08,579

happened in haunted places divine

849

00:37:16,400 --> 00:37:11,900

intervention and a small section on UFOs

850

00:37:17,630 --> 00:37:16,410

the first one is is the on patrol and as

851
00:37:21,319 --> 00:37:17,640
you said it's called vanishing this

852
00:37:22,849 --> 00:37:21,329
happened in Virginia and I can't

853
00:37:24,829 --> 00:37:22,859
remember the city Rouen in the book

854
00:37:27,470 --> 00:37:24,839
remember the city Roanoke and Roanoke

855
00:37:31,099 --> 00:37:27,480
yeah well and um there's two officers

856
00:37:35,329 --> 00:37:31,109
who went on to be detectives and are now

857
00:37:37,720 --> 00:37:35,339
retired and are still to use the cliché

858
00:37:39,349 --> 00:37:37,730
word are very haunted about this

859
00:37:40,789 --> 00:37:39,359
incident and they've talked with

860
00:37:42,740 --> 00:37:40,799
psychologists have talked with their

861
00:37:44,510 --> 00:37:42,750
pastors one guy's very religious they

862
00:37:46,549 --> 00:37:44,520
talk about their pastors they are

863
00:37:51,289 --> 00:37:46,559

working a neighborhood they were in an

864

00:37:53,720 --> 00:37:51,299

old beater van have this happen way back

865

00:37:56,510 --> 00:37:53,730

to was probably like a 1970s van and

866

00:37:58,700 --> 00:37:56,520

they're working a series of burglaries

867

00:38:00,859 --> 00:37:58,710

in this neighborhood and so they were

868

00:38:03,079 --> 00:38:00,869

just patrolling a well just driving

869

00:38:05,329 --> 00:38:03,089

around in this old van plain clothes

870

00:38:07,010 --> 00:38:05,339

just seeing if they could to see any

871

00:38:09,140 --> 00:38:07,020

suspicious cars or

872

00:38:11,390 --> 00:38:09,150

thing and sure enough I don't know if

873

00:38:13,250 --> 00:38:11,400

it's the first night or the tenth night

874

00:38:15,440 --> 00:38:13,260

I don't remember I don't even put it in

875

00:38:17,510 --> 00:38:15,450

the story but they spotted this old what

876

00:38:19,730 --> 00:38:17,520

they call a profile card it's just well

877

00:38:21,110 --> 00:38:19,740

uh what's that car doing here this car

878

00:38:23,270 --> 00:38:21,120

doesn't look right - in the morning

879

00:38:27,290 --> 00:38:23,280

driving three miles an hour down there's

880

00:38:29,810 --> 00:38:27,300

dark street they made the car the guy in

881

00:38:34,280 --> 00:38:29,820

the car made them how they made him fly

882

00:38:36,320 --> 00:38:34,290

no he took off at a high speed the van

883

00:38:39,650 --> 00:38:36,330

took off at a high speed as fast as it

884

00:38:41,980 --> 00:38:39,660

could go as old beater van and they

885

00:38:44,810 --> 00:38:41,990

reached some pretty good speeds 80 80

886

00:38:48,230 --> 00:38:44,820

miles an hour or so and they worked

887

00:38:51,440 --> 00:38:48,240

their way to a railroad yard in which

888

00:38:54,650 --> 00:38:51,450

there was a cement is a large tunnel

889

00:38:59,210 --> 00:38:54,660

with a cement ring around the outside of

890

00:39:02,600 --> 00:38:59,220

the tunnel the tunnel went a hundred

891

00:39:04,970 --> 00:39:02,610

feet or so and just attracts the car for

892

00:39:07,790 --> 00:39:04,980

whatever reason a guy lost control and

893

00:39:10,220 --> 00:39:07,800

he hit that cement ring he hit it so

894

00:39:12,260 --> 00:39:10,230

hard and so fast that the car went up

895

00:39:13,700 --> 00:39:12,270

it's like in the movies when I see it

896

00:39:15,890 --> 00:39:13,710

happen to movies I go yeah that never

897

00:39:17,890 --> 00:39:15,900

happens but if this happened to hit that

898

00:39:20,930 --> 00:39:17,900

so hard the car went up a couple of feet

899

00:39:22,370 --> 00:39:20,940

crashed back down on the ground they

900

00:39:24,620 --> 00:39:22,380

bailed out of the van where they're

901
00:39:27,740 --> 00:39:24,630
trying to get their van stopped and the

902
00:39:30,260 --> 00:39:27,750
guy the driver leaps out the driver's

903
00:39:32,660 --> 00:39:30,270
window and takes off into the tunnel the

904
00:39:35,560 --> 00:39:32,670
guy's bail out of the van and they start

905
00:39:38,930 --> 00:39:35,570
giving foot pursuit through the tunnel

906
00:39:41,030 --> 00:39:38,940
there they're really running fast

907
00:39:43,760 --> 00:39:41,040
through the tunnel they got within just

908
00:39:46,160 --> 00:39:43,770
almost reaching grabbing distance you

909
00:39:49,790 --> 00:39:46,170
can see the fiber on the guy's clothes

910
00:39:52,670 --> 00:39:49,800
and the guy disappeared you just

911
00:39:53,600 --> 00:39:52,680
vanished in front of them they're

912
00:39:54,740 --> 00:39:53,610
hitting everything with their

913
00:39:56,270 --> 00:39:54,750

flashlights you know some of those

914

00:39:58,730 --> 00:39:56,280

tunnels they have little doors with a

915

00:40:00,440 --> 00:39:58,740

guy step out and over little docks

916

00:40:04,280 --> 00:40:00,450

within this didn't have anything you're

917

00:40:08,030 --> 00:40:04,290

just smooth cylinder of cement that ran

918

00:40:09,650 --> 00:40:08,040

however far it ran to the end and they

919

00:40:12,500 --> 00:40:09,660

don't he taste him about a third of the

920

00:40:13,910 --> 00:40:12,510

way in half the Wayner zone it looks all

921

00:40:17,660 --> 00:40:13,920

around there's no place there's nothing

922

00:40:20,450 --> 00:40:17,670

to look at so they go back out of the

923

00:40:20,910 --> 00:40:20,460

tunnel now those other police cars are

924

00:40:24,240 --> 00:40:20,920

rolling

925

00:40:27,420 --> 00:40:24,250

and they walked by the smoldering car

926

00:40:29,340 --> 00:40:27,430

they look in and the guys behind the

927

00:40:30,960 --> 00:40:29,350

steering wheel dead

928

00:40:36,510 --> 00:40:30,970

steering wheels punched through his

929

00:40:38,640 --> 00:40:36,520

chest same guy same guy the the sergeant

930

00:40:41,280 --> 00:40:38,650

comes and they they're all they're just

931

00:40:44,340 --> 00:40:41,290

shaken I said that's the guy we chased

932

00:40:47,970 --> 00:40:44,350

in the tunnel and the sergeant said you

933

00:40:51,060 --> 00:40:47,980

can't write it up that way you just just

934

00:40:53,160 --> 00:40:51,070

you had a foot chase you and no you had

935

00:40:54,870 --> 00:40:53,170

a car chase and the guy crashed and

936

00:40:57,420 --> 00:40:54,880

that's the end of the story you know you

937

00:41:00,930 --> 00:40:57,430

can't put that in a report so all right

938

00:41:03,270 --> 00:41:00,940

now I gotta tell you a story okay this

939

00:41:05,400 --> 00:41:03,280

is really interesting I kind of lost

940

00:41:09,420 --> 00:41:05,410

contact with a friend but he was

941

00:41:11,400 --> 00:41:09,430

basically it was a a couple that was

942

00:41:13,590 --> 00:41:11,410

friends of my ex-wife and he was a

943

00:41:18,630 --> 00:41:13,600

police officer in a town called

944

00:41:19,890 --> 00:41:18,640

Northampton New Hampshire and he told me

945

00:41:20,970 --> 00:41:19,900

the story he said you're not gonna

946

00:41:23,160 --> 00:41:20,980

believe what happened to me the other

947

00:41:26,700 --> 00:41:23,170

night and I said what what happened he

948

00:41:28,500 --> 00:41:26,710

said I think it's a I think the roads

949

00:41:31,290 --> 00:41:28,510

Lovering or something like that Road and

950

00:41:33,930 --> 00:41:31,300

it was all Marsh on both sides just all

951
00:41:36,170 --> 00:41:33,940
marsh and wet wetlands and everything he

952
00:41:39,120 --> 00:41:36,180
was driving along and he saw this

953
00:41:41,030 --> 00:41:39,130
teenage girl walking kind of like a

954
00:41:45,450 --> 00:41:41,040
solemn look on her face just walking

955
00:41:47,580 --> 00:41:45,460
like toward him and so he stopped and he

956
00:41:50,340 --> 00:41:47,590
took he said you know it's a runaway

957
00:41:53,130 --> 00:41:50,350
that's that's what it is basically so he

958
00:41:54,960 --> 00:41:53,140
took his his floodlight out and as soon

959
00:41:57,720 --> 00:41:54,970
as he stepped out of the car instantly

960
00:42:00,360 --> 00:41:57,730
she's vanished he didn't see her

961
00:42:01,920 --> 00:42:00,370
anywhere he looked all along he took

962
00:42:03,450 --> 00:42:01,930
floodlight took his flashlight went

963
00:42:06,330 --> 00:42:03,460

along the marsh looked everywhere there

964

00:42:08,190 --> 00:42:06,340

was no sign of anywhere it's pretty it's

965

00:42:11,970 --> 00:42:08,200

like a big field on both sides but wet

966

00:42:13,680 --> 00:42:11,980

you know wetland so he's shaking his

967

00:42:16,020 --> 00:42:13,690

head he said how can this happen he gets

968

00:42:19,260 --> 00:42:16,030

back in his car and he has a call and he

969

00:42:21,870 --> 00:42:19,270

said there's an accident and he was the

970

00:42:24,330 --> 00:42:21,880

closest cop on duty to the accident so

971

00:42:26,730 --> 00:42:24,340

he goes to the accident he said it was a

972

00:42:29,790 --> 00:42:26,740

station wagon smashed up against a stone

973

00:42:31,440 --> 00:42:29,800

wall in a tree and he pried the door

974

00:42:34,560 --> 00:42:31,450

open he looked in and was the same girl

975

00:42:37,110 --> 00:42:34,570

no man what's this a deal it's

976
00:42:40,110 --> 00:42:37,120
it's I read a story and I said I gotta

977
00:42:41,940 --> 00:42:40,120
tell this story well yeah well I often

978
00:42:45,290 --> 00:42:41,950
get asked what surprised me about some

979
00:42:47,910 --> 00:42:45,300
of the stories in a book and it's the

980
00:42:49,350 --> 00:42:47,920
this disappear this vanishing thing

981
00:42:53,430 --> 00:42:49,360
because there's a couple more stories

982
00:42:55,500 --> 00:42:53,440
and I put in some new stories also at

983
00:42:57,090 --> 00:42:55,510
the end of each section I put in other

984
00:42:59,070 --> 00:42:57,100
new stories that I found that happened

985
00:42:59,700 --> 00:42:59,080
the cops on patrol or in haunted place

986
00:43:04,230 --> 00:42:59,710
that sort of thing

987
00:43:07,410 --> 00:43:04,240
and and I found one maybe two other

988
00:43:09,570 --> 00:43:07,420

vanishing kinds of news stories as well

989

00:43:11,370 --> 00:43:09,580

as the other stories that some of the

990

00:43:13,560 --> 00:43:11,380

officers told inet that never ever

991

00:43:15,360 --> 00:43:13,570

occurred to me they said when I get

992

00:43:19,050 --> 00:43:15,370

asked what's the most surprising thing

993

00:43:21,330 --> 00:43:19,060

it's that you know it makes me think

994

00:43:22,710 --> 00:43:21,340

when you pass people on the street you

995

00:43:24,570 --> 00:43:22,720

don't worry you don't always look back

996

00:43:31,050 --> 00:43:24,580

at him maybe if you did they wouldn't be

997

00:43:33,450 --> 00:43:31,060

there yeah yep so I I'm kind of saving

998

00:43:35,250 --> 00:43:33,460

your UFO story because it's a great

999

00:43:36,750 --> 00:43:35,260

great story I want you to tell it in

1000

00:43:39,660 --> 00:43:36,760

great detail when we get to it

1001
00:43:42,330 --> 00:43:39,670
but I had Bobby's a regular listener to

1002
00:43:45,720 --> 00:43:42,340
the show usually comes in late he wanted

1003
00:43:48,810 --> 00:43:45,730
to know what's the strangest thing you

1004
00:43:49,700 --> 00:43:48,820
saw or know about on your tour in

1005
00:43:53,220 --> 00:43:49,710
Vietnam

1006
00:43:55,680 --> 00:43:53,230
is there anything to talk about well I

1007
00:43:57,270 --> 00:43:55,690
had a little a little ESP thing I didn't

1008
00:43:58,890 --> 00:43:57,280
put in the book if I do a second book

1009
00:44:01,770 --> 00:43:58,900
and I gathered a few stories for a

1010
00:44:05,220 --> 00:44:01,780
second book I keep getting distracted

1011
00:44:07,230 --> 00:44:05,230
with other writing projects but um I had

1012
00:44:09,090 --> 00:44:07,240
an ESP experience which was kind of

1013
00:44:11,880 --> 00:44:09,100

weird I don't fancy myself as being an

1014

00:44:15,270 --> 00:44:11,890

ESP person and my mother was but I never

1015

00:44:18,750 --> 00:44:15,280

thought it was I did write when I saw it

1016

00:44:21,120 --> 00:44:18,760

I saw that as a possible question they I

1017

00:44:22,950 --> 00:44:21,130

remember reading several years ago me

1018

00:44:26,550 --> 00:44:22,960

way back what happened not too long

1019

00:44:28,530 --> 00:44:26,560

after I got back of helicopter pilots I

1020

00:44:31,800 --> 00:44:28,540

don't remember if it's just one pilot or

1021

00:44:36,780 --> 00:44:31,810

more than one flying over the jungle

1022

00:44:40,170 --> 00:44:36,790

somewhere and seeing an image in front

1023

00:44:41,970 --> 00:44:40,180

of them in the air and giving some kind

1024

00:44:45,300 --> 00:44:41,980

of signal and again my memory I just

1025

00:44:46,710 --> 00:44:45,310

don't remember I could if I thought it's

1026
00:44:47,840 --> 00:44:46,720
going to be asked this before I don't

1027
00:44:50,510 --> 00:44:47,850
look it up but

1028
00:44:53,360 --> 00:44:50,520
the image giving some kind of a warning

1029
00:44:58,070 --> 00:44:53,370
either pointing down or whatever

1030
00:45:01,340 --> 00:44:58,080
whatever the the gesture was and the

1031
00:45:04,730 --> 00:45:01,350
helicopter either took it as get off

1032
00:45:07,960 --> 00:45:04,740
this trajectory because there's there's

1033
00:45:11,210 --> 00:45:07,970
a you know a VC North North Vietnamese

1034
00:45:15,980 --> 00:45:11,220
gun installment and installation down

1035
00:45:18,170 --> 00:45:15,990
there some kind or or the helicopter

1036
00:45:21,680 --> 00:45:18,180
lowered maybe the gesture was such that

1037
00:45:23,240 --> 00:45:21,690
he went down and found some American

1038
00:45:25,670 --> 00:45:23,250

troops that were stranded they had no

1039

00:45:27,500 --> 00:45:25,680

radio ready had been destroyed and he

1040

00:45:29,560 --> 00:45:27,510

was able to rescue those I can't

1041

00:45:31,610 --> 00:45:29,570

remember there's one of those outcomes

1042

00:45:33,560 --> 00:45:31,620

probably Hardy worth remember that's the

1043

00:45:37,760 --> 00:45:33,570

only thing I remember about about

1044

00:45:39,410 --> 00:45:37,770

Vietnam now I know that I have talked to

1045

00:45:41,930 --> 00:45:39,420

other people where there has been a lot

1046

00:45:44,270 --> 00:45:41,940

of there were a lot of UFO sightings in

1047

00:45:47,870 --> 00:45:44,280

Vietnam I've talked to a number of

1048

00:45:50,120 --> 00:45:47,880

people but I'm sure you know that's the

1049

00:45:51,530 --> 00:45:50,130

last thing on your mind when you're just

1050

00:45:54,080 --> 00:45:51,540

trying to survive and like you said

1051
00:45:55,550 --> 00:45:54,090
you're in Saigon so well it wouldn't

1052
00:45:59,750 --> 00:45:55,560
surprise me yeah what little I know

1053
00:46:01,670 --> 00:45:59,760
about UFOs is that sometimes they're

1054
00:46:03,620 --> 00:46:01,680
attracted to certain kinds of events

1055
00:46:05,360 --> 00:46:03,630
aren't they if I grew volcanic eruptions

1056
00:46:08,180 --> 00:46:05,370
that sort of thing yeah here you have a

1057
00:46:11,000 --> 00:46:08,190
guy here you have a place where not only

1058
00:46:13,460 --> 00:46:11,010
you know 58,000 Americans died but he

1059
00:46:15,140 --> 00:46:13,470
had two million Vietnamese died as well

1060
00:46:17,120 --> 00:46:15,150
you know and I don't know how many of

1061
00:46:19,010 --> 00:46:17,130
other countries so there's a lot of

1062
00:46:21,260 --> 00:46:19,020
tragedy a lot of violence that went on

1063
00:46:23,230 --> 00:46:21,270

there for the ten years we were there

1064

00:46:26,270 --> 00:46:23,240

but also the years the French were there

1065

00:46:28,520 --> 00:46:26,280

you know in the in the 50s late 50s yeah

1066

00:46:31,190 --> 00:46:28,530

they know they started it right the base

1067

00:46:35,480 --> 00:46:31,200

I think the Japanese even did some stuff

1068

00:46:37,490 --> 00:46:35,490

there you know in the 40s oh yeah so it

1069

00:46:39,430 --> 00:46:37,500

would not surprise me that such a

1070

00:46:42,770 --> 00:46:39,440

horrific place would get some kind of

1071

00:46:45,680 --> 00:46:42,780

UFO sighting of some kind now did you

1072

00:46:48,590 --> 00:46:45,690

ever pay any attention to the Rendlesham

1073

00:46:50,480 --> 00:46:48,600

forest incident when that go you know I

1074

00:46:52,400 --> 00:46:50,490

just took peek and I heard about it and

1075

00:46:54,680 --> 00:46:52,410

I just took a peek read it online but I

1076
00:46:56,800 --> 00:46:54,690
don't yeah yeah so it didn't really have

1077
00:47:00,350 --> 00:46:56,810
at the time it wasn't anything that

1078
00:47:02,870 --> 00:47:00,360
sparked your interest at all

1079
00:47:04,370 --> 00:47:02,880
I don't know just were you Tyler that's

1080
00:47:07,040 --> 00:47:04,380
what I looked yeah you have time to

1081
00:47:08,930 --> 00:47:07,050
really read much about it so yeah let's

1082
00:47:11,270 --> 00:47:08,940
talk about like I said I'm gonna save

1083
00:47:14,720 --> 00:47:11,280
you u fo sho for well actually why don't

1084
00:47:16,340 --> 00:47:14,730
I mean the UFO story for the one our

1085
00:47:17,840 --> 00:47:16,350
listeners i think is probably failed we

1086
00:47:22,460 --> 00:47:17,850
probably ought to start talking about it

1087
00:47:25,940 --> 00:47:22,470
so i want you to tell in great detail if

1088
00:47:30,050 --> 00:47:25,950

you would your UFO encounter of the

1089

00:47:33,170 --> 00:47:30,060

second kind well when I was four stories

1090

00:47:36,230 --> 00:47:33,180

as the first kind yeah yeah when I first

1091

00:47:38,000 --> 00:47:36,240

got with gathering stories for cops true

1092

00:47:41,030 --> 00:47:38,010

stories that paranormal I was told by a

1093

00:47:43,820 --> 00:47:41,040

cop that he knew a guy who had a great

1094

00:47:47,000 --> 00:47:43,830

UFO story but I was never and never got

1095

00:47:49,640 --> 00:47:47,010

to make contact with that guy so I was

1096

00:47:51,710 --> 00:47:49,650

left with just my story and then I I

1097

00:47:53,930 --> 00:47:51,720

conclude the section with a lot of

1098

00:47:54,770 --> 00:47:53,940

mutilated cattle stories which I find

1099

00:47:57,290 --> 00:47:54,780

really fascinating

1100

00:48:01,550 --> 00:47:57,300

in fact I researched it quite a bit and

1101

00:48:04,640 --> 00:48:01,560

I did a short story called parts that

1102

00:48:07,280 --> 00:48:04,650

was fun to write and and we learned a

1103

00:48:10,040 --> 00:48:07,290

lot of stuff researching for the story

1104

00:48:12,080 --> 00:48:10,050

but stuff I didn't know even when I was

1105

00:48:14,390 --> 00:48:12,090

working on the cops true stories man oh

1106

00:48:15,890 --> 00:48:14,400

you know my incident happened and this

1107

00:48:18,140 --> 00:48:15,900

was the last thing on my mind I don't

1108

00:48:22,820 --> 00:48:18,150

even think about UFOs and flying saucers

1109

00:48:24,500 --> 00:48:22,830

or anything happened in the in the

1110

00:48:25,700 --> 00:48:24,510

Florida Everglades I talked to a chief

1111

00:48:27,560 --> 00:48:25,710

of police down there and he said

1112

00:48:29,510 --> 00:48:27,570

technically I wasn't in the Everglades I

1113

00:48:30,830 --> 00:48:29,520

was on the edge of the Everglades he

1114

00:48:33,160 --> 00:48:30,840

said but everybody calls it the

1115

00:48:36,080 --> 00:48:33,170

Everglades if you go if you drive from

1116

00:48:36,860 --> 00:48:36,090

Miami through Homestead out through the

1117

00:48:42,740 --> 00:48:36,870

keys

1118

00:48:44,810 --> 00:48:42,750

you you come to you hang a hard left

1119

00:48:47,360 --> 00:48:44,820

after any anything the keys and almost

1120

00:48:50,090 --> 00:48:47,370

backtrack in those days it was just a

1121

00:48:52,760 --> 00:48:50,100

single lane lane road that cut right

1122

00:48:55,670 --> 00:48:52,770

through the the jungle about seven miles

1123

00:48:58,370 --> 00:48:55,680

I know what seminars I to walk it a

1124

00:49:01,730 --> 00:48:58,380

couple times ma'am each side of the road

1125

00:49:04,640 --> 00:49:01,740

is just teeming with jungle and you and

1126

00:49:06,770 --> 00:49:04,650

you get to a missile battery I'm

1127

00:49:09,460 --> 00:49:06,780

stationed on a missile battery there are

1128

00:49:12,740 --> 00:49:09,470

four missile batteries a b c and d

1129

00:49:14,140 --> 00:49:12,750

around the Everglades I never went to

1130

00:49:17,470 --> 00:49:14,150

any of the other batteries

1131

00:49:21,579 --> 00:49:17,480

just at my battery which was a B battery

1132

00:49:24,400 --> 00:49:21,589

Bravo battery just uh if we took an if

1133

00:49:27,099 --> 00:49:24,410

you went up to 500 feet look down you

1134

00:49:29,559 --> 00:49:27,109

see a massive jungle with a little

1135

00:49:32,319 --> 00:49:29,569

clearing to your right and and that's

1136

00:49:34,870 --> 00:49:32,329

where we that's what billet was a little

1137

00:49:37,510 --> 00:49:34,880

I-shaped concrete building there

1138

00:49:38,769 --> 00:49:37,520

concrete because of hurricanes was there

1139

00:49:41,559 --> 00:49:38,779

during a hurricane I'm glad it was

1140

00:49:43,510 --> 00:49:41,569

concrete some radar dishes but there was

1141

00:49:45,730 --> 00:49:43,520

only sixty five of us there most uh

1142

00:49:48,819 --> 00:49:45,740

there were six of us who were military

1143

00:49:51,789 --> 00:49:48,829

police with sentry dogs German Shepherds

1144

00:49:54,160 --> 00:49:51,799

and the rest all missile guys a couple

1145

00:49:57,789 --> 00:49:54,170

of cooks and a couple of clerical staff

1146

00:50:00,730 --> 00:49:57,799

a mile down this this little one lane

1147

00:50:03,309 --> 00:50:00,740

road was another clearing about three

1148

00:50:05,650 --> 00:50:03,319

times as large I don't know if you can

1149

00:50:07,890 --> 00:50:05,660

see my gestures and I'm talking with my

1150

00:50:11,920 --> 00:50:07,900

hands they're about three times as large

1151
00:50:13,539 --> 00:50:11,930
in this space and what are the data's

1152
00:50:15,370 --> 00:50:13,549
clear to that bulldozers came in they

1153
00:50:17,170 --> 00:50:15,380
cleared this space and we were

1154
00:50:21,010 --> 00:50:17,180
constantly fighting the jungle who

1155
00:50:23,230 --> 00:50:21,020
wanted to return and reclaim what was

1156
00:50:27,720 --> 00:50:23,240
has been theirs for many thousands of

1157
00:50:30,190 --> 00:50:27,730
years but there were it was there was a

1158
00:50:33,400 --> 00:50:30,200
but first of all there were three long

1159
00:50:36,640 --> 00:50:33,410
rectangular barns that were actually

1160
00:50:37,829 --> 00:50:36,650
missiles barns each barn held six

1161
00:50:42,250 --> 00:50:37,839
missiles

1162
00:50:43,599 --> 00:50:42,260
I don't know 50 I don't know that my

1163
00:50:45,180 --> 00:50:43,609

crime is I already saw him two or three

1164

00:50:48,970 --> 00:50:45,190

times the old tunnels down there good

1165

00:50:52,620 --> 00:50:48,980

and each one had six missiles two of

1166

00:50:53,740 --> 00:50:52,630

nuclear and they're all aimed at Cuba

1167

00:50:57,220 --> 00:50:53,750

Wow

1168

00:50:58,630 --> 00:50:57,230

here sprung up during the Cuban war you

1169

00:51:01,269 --> 00:50:58,640

know we always came to World War three

1170

00:51:06,190 --> 00:51:01,279

there affect all four batteries were all

1171

00:51:10,180 --> 00:51:06,200

aimed at Cuba all the missiles around

1172

00:51:12,760 --> 00:51:10,190

the barns was a double cyclone fence it

1173

00:51:16,480 --> 00:51:12,770

was about 12 feet high barbed wired the

1174

00:51:19,839 --> 00:51:16,490

top and double meaning there there were

1175

00:51:22,269 --> 00:51:19,849

two of them with a little walking area

1176
00:51:26,349 --> 00:51:22,279
about a six-foot wide walking area they

1177
00:51:27,770 --> 00:51:26,359
go all the way around the barns and that

1178
00:51:31,580 --> 00:51:27,780
would it was

1179
00:51:35,300 --> 00:51:31,590
three quarters of a mile off to one side

1180
00:51:38,660 --> 00:51:35,310
were we're a huge gravel berms and these

1181
00:51:40,010 --> 00:51:38,670
gravel berms were tons and tons of

1182
00:51:45,050 --> 00:51:40,020
gravel was brought in they were probably

1183
00:51:47,690 --> 00:51:45,060
30 to 40 50 feet high slanted and with a

1184
00:51:50,150 --> 00:51:47,700
flat surface on top about six feet wide

1185
00:51:52,160 --> 00:51:50,160
those were there that in the event one

1186
00:51:54,950 --> 00:51:52,170
of those missiles blew up the force

1187
00:51:58,400 --> 00:51:54,960
would go up and not wipe out the people

1188
00:52:00,500 --> 00:51:58,410

of Key Largo there was some some

1189

00:52:06,890 --> 00:52:00,510

trailers around the trailers had radar

1190

00:52:08,870 --> 00:52:06,900

dishes did some other stuff that they

1191

00:52:10,850 --> 00:52:08,880

use for the the missile the missile

1192

00:52:12,830 --> 00:52:10,860

business and there was at like a little

1193

00:52:15,290 --> 00:52:12,840

ranch house there where you could go in

1194

00:52:16,820 --> 00:52:15,300

you could make some food or some bunks

1195

00:52:19,550 --> 00:52:16,830

to sleep and shoot pool and all that

1196

00:52:21,620 --> 00:52:19,560

kind of stuff after after one side right

1197

00:52:24,200 --> 00:52:21,630

by the berms was our dog kennels we had

1198

00:52:26,990 --> 00:52:24,210

eight dogs in here German Shepherds all

1199

00:52:28,940 --> 00:52:27,000

in kennel in separate kettles we'd pick

1200

00:52:31,280 --> 00:52:28,950

up our dogs at night and we usually

1201
00:52:35,540 --> 00:52:31,290
would work two at a time and we walk

1202
00:52:39,020 --> 00:52:35,550
we'll just patrol that that fence we

1203
00:52:40,940 --> 00:52:39,030
work from 6:00 to 6:00 at night usually

1204
00:52:43,280 --> 00:52:40,950
about 12 o'clock one o'clock would get

1205
00:52:45,680 --> 00:52:43,290
bored so we go up on top of the gravel

1206
00:52:47,270 --> 00:52:45,690
berms and if it was daylight we'd be

1207
00:52:50,350 --> 00:52:47,280
able to see about a quarter mile of

1208
00:52:52,430 --> 00:52:50,360
jungle and the ocean beyond it and

1209
00:52:54,080 --> 00:52:52,440
looking the other way you'd be seen

1210
00:52:56,210 --> 00:52:54,090
miles and miles and miles of ocean you'd

1211
00:53:00,250 --> 00:52:56,220
be out of the jungle you'd never see the

1212
00:53:03,410 --> 00:53:00,260
end of the jungle wait 35 miles to our

1213
00:53:05,420 --> 00:53:03,420

East would be homestead Air Force Base I

1214

00:53:07,250 --> 00:53:05,430

was in the Army the Air Force Base is

1215

00:53:07,820 --> 00:53:07,260

about 35 miles all these come into play

1216

00:53:15,500 --> 00:53:07,830

here in a minute

1217

00:53:18,370 --> 00:53:15,510

I was there for a year and about seven

1218

00:53:22,040 --> 00:53:18,380

months six months into my my time there

1219

00:53:23,390 --> 00:53:22,050

we're up on the berms another dog Haller

1220

00:53:29,350 --> 00:53:23,400

and I were up in a berms and we saw

1221

00:53:31,730 --> 00:53:29,360

three bright lights in the direction of

1222

00:53:33,290 --> 00:53:31,740

it's kind of hard to tell direction

1223

00:53:34,430 --> 00:53:33,300

because you couldn't see anything but it

1224

00:53:37,600 --> 00:53:34,440

being the direction beat somewhere

1225

00:53:40,460 --> 00:53:37,610

between the ocean and the mainland

1226
00:53:41,300 --> 00:53:40,470
somewhere fairly close to homestead Air

1227
00:53:43,310 --> 00:53:41,310
Force Base

1228
00:53:45,590 --> 00:53:43,320
and we saw the lights they're about the

1229
00:53:48,380 --> 00:53:45,600
size at that point that this first

1230
00:53:50,390 --> 00:53:48,390
sighting about the size of Venus at its

1231
00:53:52,850 --> 00:53:50,400
brightest in whatever day that is you

1232
00:53:54,320 --> 00:53:52,860
know a year very very bright and they

1233
00:53:57,260 --> 00:53:54,330
were just kind of staying there just

1234
00:53:59,090 --> 00:53:57,270
that we're moving at all and we're just

1235
00:54:01,070 --> 00:53:59,100
looking at it going what's that the air

1236
00:54:02,990 --> 00:54:01,080
force got maybe they got choppers up or

1237
00:54:05,120 --> 00:54:03,000
something we maybe thought in terms of

1238
00:54:07,370 --> 00:54:05,130

mystical planes they that kind of stuff

1239

00:54:12,350 --> 00:54:07,380

we're army grunts yeah we didn't know

1240

00:54:14,810 --> 00:54:12,360

anything about the air force but they're

1241

00:54:16,580 --> 00:54:14,820

kind of moving and it'd be still for a

1242

00:54:19,880 --> 00:54:16,590

while and moving there up there for a

1243

00:54:21,260 --> 00:54:19,890

couple hours and we just didn't think

1244

00:54:23,600 --> 00:54:21,270

too much about it we went down off the

1245

00:54:26,330 --> 00:54:23,610

gravel and came back up later and they

1246

00:54:28,280 --> 00:54:26,340

were gone next night maybe a couple

1247

00:54:30,650 --> 00:54:28,290

nights later we were back up there again

1248

00:54:32,170 --> 00:54:30,660

and there they were another three and

1249

00:54:34,340 --> 00:54:32,180

they're darting around a little more

1250

00:54:36,410 --> 00:54:34,350

moving out over what we thought would

1251

00:54:41,510 --> 00:54:36,420

where the ocean was and then moving back

1252

00:54:46,220 --> 00:54:41,520

to where they had been this went on for

1253

00:54:47,630 --> 00:54:46,230

several weeks and some some nights there

1254

00:54:49,250 --> 00:54:47,640

were more than three some nights there

1255

00:54:52,310 --> 00:54:49,260

was just one some nights there was five

1256

00:54:54,590 --> 00:54:52,320

or six and I just remember thinking

1257

00:54:55,700 --> 00:54:54,600

telling my my buddies there I said you

1258

00:54:56,900 --> 00:54:55,710

know they are bases right there they

1259

00:54:58,460 --> 00:54:56,910

should be able to pick these up on her

1260

00:55:00,500 --> 00:54:58,470

radar if it's not them they should be

1261

00:55:02,780 --> 00:55:00,510

able to pick it up on a radar so we told

1262

00:55:05,450 --> 00:55:02,790

our superior officers and they just said

1263

00:55:08,570 --> 00:55:05,460

we'll just keep right up north port and

1264

00:55:10,790 --> 00:55:08,580

and keep us informed I never got any

1265

00:55:15,650 --> 00:55:10,800

feedback I assumed they called the air

1266

00:55:19,190 --> 00:55:15,660

base and told what we were seeing one

1267

00:55:24,350 --> 00:55:19,200

night we were My partner and I we were

1268

00:55:26,660 --> 00:55:24,360

walking the fence down one side down the

1269

00:55:29,030 --> 00:55:26,670

long portion which is behind the barns

1270

00:55:30,770 --> 00:55:29,040

we're about halfway down and we just

1271

00:55:33,320 --> 00:55:30,780

stopped I think my party wanted a smoke

1272

00:55:36,230 --> 00:55:33,330

or something and we were to stand there

1273

00:55:38,960 --> 00:55:36,240

talking and for some reason I looked up

1274

00:55:41,660 --> 00:55:38,970

and there were two lights way above us

1275

00:55:44,420 --> 00:55:41,670

how high they were I no clue because you

1276
00:55:45,730 --> 00:55:44,430
know how big they are and maybe maybe it

1277
00:55:48,130 --> 00:55:45,740
came all the way down there's this big

1278
00:55:51,230 --> 00:55:48,140
but I'm assuming there were you know

1279
00:55:52,730 --> 00:55:51,240
hundreds of feet up and we had fence

1280
00:55:54,790 --> 00:55:52,740
phones and we weren't supposed to use

1281
00:55:57,010 --> 00:55:54,800
the fence phones for anything

1282
00:55:58,990 --> 00:55:57,020
unless you're being attacked by Cubans

1283
00:56:01,660 --> 00:55:59,000
or alligators of something you know and

1284
00:56:03,490 --> 00:56:01,670
I said well I said an alien invasion

1285
00:56:06,460 --> 00:56:03,500
it's not a bad time to give him a call

1286
00:56:09,930 --> 00:56:06,470
you know oh I call and I said we got a

1287
00:56:14,200 --> 00:56:09,940
sighting of lights right overhead and

1288
00:56:15,730 --> 00:56:14,210

the captain says hang up standby and he

1289

00:56:18,280 --> 00:56:15,740

called back about three minutes later

1290

00:56:20,320 --> 00:56:18,290

and he says you're gonna see a show he

1291

00:56:24,130 --> 00:56:20,330

hung up the phone and we could hear jets

1292

00:56:25,630 --> 00:56:24,140

coming from the air race and someone

1293

00:56:27,100 --> 00:56:25,640

said they're interceptors again I didn't

1294

00:56:28,150 --> 00:56:27,110

know anything about Air Force planes I

1295

00:56:30,150 --> 00:56:28,160

don't know if they're interception what

1296

00:56:33,420 --> 00:56:30,160

they were but they were really moving

1297

00:56:36,400 --> 00:56:33,430

really fast and just screamed overhead

1298

00:56:39,790 --> 00:56:36,410

between us and the lights as they passed

1299

00:56:41,800 --> 00:56:39,800

the lights were gone and you see them

1300

00:56:43,450 --> 00:56:41,810

did you actually see them vanish or no

1301
00:56:46,120 --> 00:56:43,460
we just noticed that those were gone

1302
00:56:48,490 --> 00:56:46,130
just it's gone it either you know are

1303
00:56:52,290 --> 00:56:48,500
our theories they either shot straight

1304
00:56:55,060 --> 00:56:52,300
up or they just disappeared mm-hmm

1305
00:56:57,550 --> 00:56:55,070
we wrote a report I'm zooming the

1306
00:57:03,070 --> 00:56:57,560
captain wrote a report didn't hear

1307
00:57:05,500 --> 00:57:03,080
anything about it and we were just we

1308
00:57:06,880 --> 00:57:05,510
were ephors and army talk that's like a

1309
00:57:09,130 --> 00:57:06,890
corporal if you don't know what I need

1310
00:57:10,540 --> 00:57:09,140
for us that's like a a worm in the

1311
00:57:15,190 --> 00:57:10,550
military so nobody's gonna come and tell

1312
00:57:17,050 --> 00:57:15,200
us what's going on so we were hot one

1313
00:57:19,660 --> 00:57:17,060

night and when you're we had four

1314

00:57:22,150 --> 00:57:19,670

missile batteries and each week one

1315

00:57:25,120 --> 00:57:22,160

battery would be hot and that meant all

1316

00:57:27,100 --> 00:57:25,130

the missile guys would be down down in

1317

00:57:28,960 --> 00:57:27,110

the missile area all the other three

1318

00:57:32,400 --> 00:57:28,970

weeks it was just us the MPS

1319

00:57:35,110 --> 00:57:32,410

so we're hot and so there were like 30

1320

00:57:37,210 --> 00:57:35,120

missile guys going and coming from the

1321

00:57:40,360 --> 00:57:37,220

house to the missile barns back and

1322

00:57:42,430 --> 00:57:40,370

forth and we're we didn't get our dogs

1323

00:57:43,900 --> 00:57:42,440

out until real late because the dogs are

1324

00:57:45,100 --> 00:57:43,910

just going nuts because all these guys

1325

00:57:47,380 --> 00:57:45,110

were down there you know so we even

1326

00:57:49,390 --> 00:57:47,390

bother getting them out with dogs it's

1327

00:57:50,980 --> 00:57:49,400

all about following a scent cone and

1328

00:57:52,630 --> 00:57:50,990

when you got 30 guys down there unit

1329

00:57:56,260 --> 00:57:52,640

dogs not going to get a sec or anything

1330

00:57:58,240 --> 00:57:56,270

so we just go in and shoot pool oh one

1331

00:58:01,720 --> 00:57:58,250

of the one of the missile guys ran in at

1332

00:58:05,470 --> 00:58:01,730

one point and he said they got a UFO on

1333

00:58:06,790 --> 00:58:05,480

the radar screen I know what they are

1334

00:58:08,380 --> 00:58:06,800

now in those days are they were green

1335

00:58:13,450 --> 00:58:08,390

with little grids you

1336

00:58:15,279 --> 00:58:13,460

and the minbari had a UFO on there the

1337

00:58:19,450 --> 00:58:15,289

thing would blip I think would blip

1338

00:58:21,549 --> 00:58:19,460

around yeah and it was it would blip and

1339

00:58:23,470 --> 00:58:21,559

come back around again and it probably

1340

00:58:27,099 --> 00:58:23,480

whatever that takes five seconds it

1341

00:58:28,630 --> 00:58:27,109

would be down several grids and there

1342

00:58:30,940 --> 00:58:28,640

what we're all crowded in this trailer

1343

00:58:33,849 --> 00:58:30,950

watching him and somebody said how fast

1344

00:58:35,769 --> 00:58:33,859

is it going and the guy turns around he

1345

00:58:37,029 --> 00:58:35,779

just paleface he said it's got to be

1346

00:58:40,979 --> 00:58:37,039

going on East fifteen hundred miles an

1347

00:58:43,960 --> 00:58:40,989

hour maybe faster to cover those grids

1348

00:58:48,089 --> 00:58:43,970

we're the MPs were ordered to go back

1349

00:58:50,289 --> 00:58:48,099

out and and I don't know if I if I knew

1350

00:58:53,410 --> 00:58:50,299

if I was involved with anything after

1351

00:58:56,440 --> 00:58:53,420

after that I don't remember it but

1352

00:59:01,440 --> 00:58:56,450

either that same week or the next month

1353

00:59:04,239 --> 00:59:01,450

we were hot again we were inside inside

1354

00:59:06,099 --> 00:59:04,249

the shack shooting pool and watching TV

1355

00:59:09,160 --> 00:59:06,109

and that sort of thing we just back up a

1356

00:59:11,410 --> 00:59:09,170

second again we're we're in this this

1357

00:59:14,410 --> 00:59:11,420

space I don't know acres but maybe six

1358

00:59:16,630 --> 00:59:14,420

or seven acres maybe I've cut out from

1359

00:59:18,519 --> 00:59:16,640

the jungle mmm in fact we could hear

1360

00:59:21,819 --> 00:59:18,529

crocodiles snapping her teeth on the

1361

00:59:24,640 --> 00:59:21,829

other side of the fence sometime and the

1362

00:59:27,009 --> 00:59:24,650

the jungle was always alive with critter

1363

00:59:29,200 --> 00:59:27,019

noise you know big critters and billions

1364

00:59:31,569 --> 00:59:29,210

and billions of insects the ground was

1365

00:59:33,609 --> 00:59:31,579

always teeming with creepy crawly stuff

1366

00:59:35,529 --> 00:59:33,619

I hated the place I volunteered yet

1367

00:59:37,599 --> 00:59:35,539

monic it out that's that after the UFO

1368

00:59:39,849 --> 00:59:37,609

thing after enough of that I said send

1369

00:59:45,339 --> 00:59:39,859

me a Vietnam yet he's got to be easier

1370

00:59:47,079 --> 00:59:45,349

you know anyway we're inside and and one

1371

00:59:49,210 --> 00:59:47,089

of the guys ran he's all excited and he

1372

00:59:54,150 --> 00:59:49,220

says there's something coming towards

1373

00:59:56,529 --> 00:59:54,160

the barns and so we all ran outside and

1374

00:59:58,930 --> 00:59:56,539

there were a problem somewhere around

1375

01:00:02,410 --> 00:59:58,940

twenty or thirty of us and we had a new

1376

01:00:04,420 --> 01:00:02,420

officer who was the duty officer that

1377

01:00:06,039 --> 01:00:04,430

night he was a Warrant Officer and a

1378

01:00:08,470 --> 01:00:06,049

warrant offers some kind of weird rank

1379

01:00:11,460 --> 01:00:08,480

between lieutenant captain and he was

1380

01:00:13,930 --> 01:00:11,470

down they never I never saw him before

1381

01:00:16,329 --> 01:00:13,940

but we're all standing out there and

1382

01:00:18,519 --> 01:00:16,339

we're watching this light big bright

1383

01:00:21,700 --> 01:00:18,529

light again coming from the jungle side

1384

01:00:25,660 --> 01:00:21,710

of the area towards the barns

1385

01:00:27,610 --> 01:00:25,670

and it was coming in such a way that we

1386

01:00:30,490 --> 01:00:27,620

could tell that it was descending it was

1387

01:00:32,890 --> 01:00:30,500

coming down and it got closer and closer

1388

01:00:33,340 --> 01:00:32,900

and everybody was just really really

1389

01:00:36,190 --> 01:00:33,350

quiet

1390

01:00:38,620 --> 01:00:36,200

and and then a couple guys got really

1391

01:00:40,360 --> 01:00:38,630

excited and frightened and somebody said

1392

01:00:42,700 --> 01:00:40,370

raised the missile bar admit raid them

1393

01:00:43,900 --> 01:00:42,710

raise the missiles well the missiles

1394

01:00:46,120 --> 01:00:43,910

were ground to ground they're not gonna

1395

01:00:48,160 --> 01:00:46,130

do any good to ground the air you know

1396

01:00:50,170 --> 01:00:48,170

but he was here he was just got are you

1397

01:00:53,620 --> 01:00:50,180

frightened and freaking out got closer

1398

01:00:54,850 --> 01:00:53,630

and closer and closer I one part I left

1399

01:00:58,510 --> 01:00:54,860

out of the story you remind when I

1400

01:01:01,630 --> 01:00:58,520

finish this I'll get back to it you got

1401

01:01:03,460 --> 01:01:01,640

closer closer and just as it was getting

1402

01:01:07,110 --> 01:01:03,470

closer the barn just started taking a

1403

01:01:09,370 --> 01:01:07,120

shape and where you can see a shape that

1404

01:01:13,810 --> 01:01:09,380

start begins part of the close

1405

01:01:16,510 --> 01:01:13,820

encounters of the second kind it was

1406

01:01:19,210 --> 01:01:16,520

going very very slowly humming and a

1407

01:01:20,800 --> 01:01:19,220

v-shape with a light I remember a light

1408

01:01:24,130 --> 01:01:20,810

on two sides it might have had a light

1409

01:01:26,500 --> 01:01:24,140

on all three sides and just crawled over

1410

01:01:29,050 --> 01:01:26,510

us I wrote about two I wrote my report

1411

01:01:30,850 --> 01:01:29,060

that it was about 200 feet high some

1412

01:01:33,730 --> 01:01:30,860

other guy said 55 I don't think it was

1413

01:01:35,860 --> 01:01:33,740

50 feet I and then somebody started

1414

01:01:38,230 --> 01:01:35,870

screaming and I turn around he was a

1415

01:01:39,970 --> 01:01:38,240

Warrant Officer it's just gone nuts

1416

01:01:43,390 --> 01:01:39,980

these guys were trying to hold him

1417

01:01:45,370 --> 01:01:43,400

waving his 45 around you know I you know

1418

01:01:47,470 --> 01:01:45,380

I want to say you know dude if they come

1419

01:01:51,520 --> 01:01:47,480

from another planet that 45 not gonna

1420

01:01:54,430 --> 01:01:51,530

stop but you know and they restrained

1421

01:01:56,620 --> 01:01:54,440

him and pulled him in in the shack about

1422

01:01:58,540 --> 01:01:56,630

30 minutes later van came and took him

1423

01:02:00,190 --> 01:01:58,550

away never saw him again

1424

01:02:01,660 --> 01:02:00,200

I know if he went to a mental

1425

01:02:05,710 --> 01:02:01,670

institution or they just transferred him

1426

01:02:09,220 --> 01:02:05,720

simply and the thing the object

1427

01:02:14,980 --> 01:02:09,230

continued over the jungle towards the

1428

01:02:17,650 --> 01:02:14,990

ocean and and was out of sight it was

1429

01:02:20,680 --> 01:02:17,660

then that we noticed that the jungle

1430

01:02:23,350 --> 01:02:20,690

sound was totally gone which is another

1431

01:02:26,530 --> 01:02:23,360

element of most encounters a second kind

1432

01:02:28,300 --> 01:02:26,540

that the noise was Clark I said

1433

01:02:29,200 --> 01:02:28,310

sometimes he'd almost be deafening he

1434

01:02:32,590 --> 01:02:29,210

was so loud

1435

01:02:35,050 --> 01:02:32,600

hmm and it was absolutely quiet and the

1436

01:02:35,470 --> 01:02:35,060

dogs were quiet oh eight dog used the

1437

01:02:36,850 --> 01:02:35,480

dogs

1438

01:02:39,790 --> 01:02:36,860

like with a missile guy sit down they're

1439

01:02:43,270 --> 01:02:39,800

going crazy all the time the dogs were

1440

01:02:45,250 --> 01:02:43,280

quiet at which items a dog handlers for

1441

01:02:48,730 --> 01:02:45,260

14 months I never heard the dog quiet

1442

01:02:51,310 --> 01:02:48,740

and so we a dog handlers I ran out to

1443

01:02:54,850 --> 01:02:51,320

the kennels the kennels were sloped

1444

01:02:56,080 --> 01:02:54,860

cement runs big fences between each dog

1445

01:02:59,470 --> 01:02:56,090

because the dogs would kill each other

1446

01:03:01,780 --> 01:02:59,480

and at the end of the top of the slope

1447

01:03:05,260 --> 01:03:01,790

was a doghouse sitting on a big

1448

01:03:07,900 --> 01:03:05,270

telephone post about telephone size long

1449

01:03:12,130 --> 01:03:07,910

about three feet off the ground

1450

01:03:15,220 --> 01:03:12,140

that's because of snakes oh and the dogs

1451

01:03:16,450 --> 01:03:15,230

had defecated all over not the little

1452

01:03:18,490 --> 01:03:16,460

pile like you pick up when you're

1453

01:03:21,130 --> 01:03:18,500

walking your dog and you put it this is

1454

01:03:23,680 --> 01:03:21,140

black all over the place I'd never seen

1455

01:03:26,320 --> 01:03:23,690

that all of them and they were all in

1456

01:03:31,510 --> 01:03:26,330

their dog house pushed back in a corner

1457

01:03:34,120 --> 01:03:31,520

and just shivering and my dog Fritz was

1458

01:03:36,700 --> 01:03:34,130

his name he could he could sense when I

1459

01:03:37,420 --> 01:03:36,710

was coming up and you know the dogs

1460

01:03:39,880 --> 01:03:37,430

changed to it

1461

01:03:41,350 --> 01:03:39,890

yeah there have been big we call it red

1462

01:03:44,170 --> 01:03:41,360

two dogs here at my house and become the

1463

01:03:45,700 --> 01:03:44,180

big boy bark when UPS guy comes to the

1464

01:03:48,430 --> 01:03:45,710

door and they Yap when we come to the

1465

01:03:50,290 --> 01:03:48,440

door so they know I thought he didn't

1466

01:03:52,450 --> 01:03:50,300

want to come out I did pulled his

1467

01:03:54,610 --> 01:03:52,460

90-pound self out and carry him out into

1468

01:03:58,140 --> 01:03:54,620

the grass and just hold him for a while

1469

01:04:01,000 --> 01:03:58,150

until he he started to return to normal

1470

01:04:06,100 --> 01:04:01,010

the part I left out happened about a

1471

01:04:08,050 --> 01:04:06,110

month before this and it was a boring

1472

01:04:09,910 --> 01:04:08,060

night and I was just dead tired so I

1473

01:04:13,900 --> 01:04:09,920

went to the kennel Shack which was next

1474

01:04:16,300 --> 01:04:13,910

to the kennel and I I stretched out on

1475

01:04:18,310 --> 01:04:16,310

the kennel on the counter where we mix a

1476

01:04:21,640 --> 01:04:18,320

dog food all that custom little window

1477

01:04:24,730 --> 01:04:21,650

there little 20 inch by 20 inch window

1478

01:04:27,880 --> 01:04:24,740

and looked out in the direction of our

1479

01:04:31,780 --> 01:04:27,890

living quarters a mile up the road but

1480

01:04:34,090 --> 01:04:31,790

we couldn't see if it's just jungle in

1481

01:04:35,620 --> 01:04:34,100

in the Everglades that cloud sometimes

1482

01:04:37,510 --> 01:04:35,630

there are very strange clouds I've only

1483

01:04:39,850 --> 01:04:37,520

seen in the tropics there's like little

1484

01:04:42,010 --> 01:04:39,860

puff balls and you have bare sky and

1485

01:04:43,690 --> 01:04:42,020

then a puff ball and sometimes those

1486

01:04:47,560 --> 01:04:43,700

puff balls would have their own little

1487

01:04:49,210 --> 01:04:47,570

storm and they're looking up and there's

1488

01:04:54,210 --> 01:04:49,220

this real spooky look

1489

01:04:59,130 --> 01:04:54,220

kind of puff ball in the sky between

1490

01:05:03,730 --> 01:04:59,140

where I was and where the base was and

1491

01:05:06,370 --> 01:05:03,740

at one point the outer edge of the cloud

1492

01:05:10,540 --> 01:05:06,380

lit up like a fluorescent light like a

1493

01:05:13,420 --> 01:05:10,550

just a bar of light hmm and I go whoa

1494

01:05:16,390 --> 01:05:13,430

and I kind of sit up and then this light

1495

01:05:21,400 --> 01:05:16,400

this uh straight down like this narrow

1496

01:05:23,910 --> 01:05:21,410

to wide hit the ground just once and

1497

01:05:26,320 --> 01:05:23,920

then went back up and disappeared I

1498

01:05:30,400 --> 01:05:26,330

jumped off the counter and ran outside

1499

01:05:32,290 --> 01:05:30,410

and the light was still gone and the

1500

01:05:34,660 --> 01:05:32,300

fluorescent light around the cloud was

1501

01:05:35,440 --> 01:05:34,670

still there and then it dissolve and

1502

01:05:38,140 --> 01:05:35,450

disappeared

1503

01:05:40,089 --> 01:05:38,150

I thought the light had shined down on

1504

01:05:43,410 --> 01:05:40,099

the where we lived because we had some

1505

01:05:48,520 --> 01:05:43,420

big radar dishes a great big you know

1506

01:05:49,900 --> 01:05:48,530

100-foot wide radar dishes there but no

1507

01:05:51,520 --> 01:05:49,910

one said up there said they saw anything

1508

01:05:55,210 --> 01:05:51,530

because they'd all been sleeping at that

1509

01:05:56,410 --> 01:05:55,220

time of night but we just wrote a report

1510

01:06:00,460 --> 01:05:56,420

and again it didn't hear anything about

1511

01:06:02,920 --> 01:06:00,470

it so the next day after I said after

1512

01:06:04,780 --> 01:06:02,930

the the big event where we came by it

1513

01:06:07,270 --> 01:06:04,790

over us the brass came out from

1514

01:06:11,020 --> 01:06:07,280

homestead Air Force Base and talked to

1515

01:06:12,940 --> 01:06:11,030

us and we've got information and there's

1516

01:06:16,540 --> 01:06:12,950

some serious brass there Colonels and

1517

01:06:18,190 --> 01:06:16,550

and they told us uh well we understand

1518

01:06:20,230 --> 01:06:18,200

you had a little problem last night you

1519

01:06:23,050 --> 01:06:20,240

know trying to play it down and and he

1520

01:06:25,630 --> 01:06:23,060

says uh just keep writing your reports

1521

01:06:30,040 --> 01:06:25,640

we're getting them and don't shoot at

1522

01:06:33,310 --> 01:06:30,050

them and uh don't write home or don't

1523

01:06:34,660 --> 01:06:33,320

call home and tell your family and as

1524

01:06:37,089 --> 01:06:34,670

soon as they drove off we were all

1525

01:06:40,570 --> 01:06:37,099

fighting over the but one pay phone you

1526

01:06:43,240 --> 01:06:40,580

know for six all tell our moms that get

1527

01:06:45,400 --> 01:06:43,250

us out of there and that and some other

1528

01:06:48,250 --> 01:06:45,410

just creepy things that that happened

1529

01:06:52,120 --> 01:06:48,260

down there I went in and volunteered for

1530

01:06:55,300 --> 01:06:52,130

Vietnam and the no surprise I got it you

1531

01:06:56,890 --> 01:06:55,310

know but let's talk about now the crap

1532

01:06:59,710 --> 01:06:56,900

that went over when you said it was

1533

01:07:02,809 --> 01:06:59,720

humming that is really common you hear

1534

01:07:06,620 --> 01:07:02,819

that a lot when it comes to the triangle

1535

01:07:08,299 --> 01:07:06,630

UFOs because either they're silent or

1536

01:07:09,589 --> 01:07:08,309

they're humming you know I mean that's

1537

01:07:11,779 --> 01:07:09,599

and I hadn't learned that because they

1538

01:07:13,130 --> 01:07:11,789

hadn't followed any UFO stuff I remember

1539

01:07:15,589 --> 01:07:13,140

it well as a kid there was a lot of

1540

01:07:18,079 --> 01:07:15,599

stuff going on in the 50s I remember my

1541

01:07:21,199 --> 01:07:18,089

mother was real into it and I never

1542

01:07:24,529 --> 01:07:21,209

heard anything about triangles or noise

1543

01:07:26,900 --> 01:07:24,539

or or that light two or three years

1544

01:07:29,269 --> 01:07:26,910

later I was home I went to a movie to

1545

01:07:31,519 --> 01:07:29,279

see Close Encounters of the Third Kind

1546

01:07:33,469 --> 01:07:31,529

with a buddy and there's that scene

1547

01:07:34,939 --> 01:07:33,479

where Richard Dreyfuss gets lit up with

1548

01:07:36,799 --> 01:07:34,949

that kind of light at the railroad track

1549

01:07:38,989 --> 01:07:36,809

yeah yeah the railroad tracks and I

1550

01:07:40,579 --> 01:07:38,999

remember I I think I literally stood up

1551
01:07:42,140 --> 01:07:40,589
in the theater I go that's when I

1552
01:07:44,569 --> 01:07:42,150
thought of my buddy and he pulled me

1553
01:07:48,079 --> 01:07:44,579
back down in the scene I know I said

1554
01:07:49,189 --> 01:07:48,089
that's it that's what I saw and so you

1555
01:07:52,219 --> 01:07:49,199
know who ever wrote

1556
01:07:55,400 --> 01:07:52,229
Close Encounters I'm sure they did a lot

1557
01:07:58,159 --> 01:07:55,410
of queries to people have had

1558
01:08:00,559 --> 01:07:58,169
experiences you know yeah they got that

1559
01:08:04,099 --> 01:08:00,569
you know well Steven Spielberg actually

1560
01:08:04,609 --> 01:08:04,109
hired J Allen Hynek so there you go

1561
01:08:08,059 --> 01:08:04,619
right there

1562
01:08:11,329 --> 01:08:08,069
oh the guy who ya end up with all those

1563
01:08:12,949 --> 01:08:11,339

things yeah yeah yeah so what about the

1564

01:08:14,689 --> 01:08:12,959

lights wouldn't what kind of lights did

1565

01:08:15,829 --> 01:08:14,699

were there lights on the craft and if so

1566

01:08:17,749 --> 01:08:15,839

what kind of lights were they

1567

01:08:21,740 --> 01:08:17,759

yeah there were at least two in my

1568

01:08:23,359 --> 01:08:21,750

memory and I I don't want to my memory

1569

01:08:25,419 --> 01:08:23,369

to fill in stuff that wasn't there but

1570

01:08:27,559 --> 01:08:25,429

yeah I remember two lights and I

1571

01:08:28,939 --> 01:08:27,569

remember they weren't white which would

1572

01:08:30,349 --> 01:08:28,949

indicate to me they were must have been

1573

01:08:32,359 --> 01:08:30,359

some kind of color but I don't remember

1574

01:08:34,669 --> 01:08:32,369

a color and they're very small the

1575

01:08:36,799 --> 01:08:34,679

lights were very small and the and the

1576

01:08:40,849 --> 01:08:36,809

craft for being as large it was he was

1577

01:08:43,280 --> 01:08:40,859

very large was going very slow lots of

1578

01:08:47,059 --> 01:08:43,290

varies there but it was very large and

1579

01:08:48,049 --> 01:08:47,069

very slow and this was wonder how

1580

01:08:51,979 --> 01:08:48,059

something like that would maintain

1581

01:08:55,120 --> 01:08:51,989

altitude yeah yeah you know and a lot of

1582

01:08:57,559 --> 01:08:55,130

people will say well today when they see

1583

01:08:59,959 --> 01:08:57,569

triangle UFOs people say well they're

1584

01:09:02,510 --> 01:08:59,969

probably some secret military project

1585

01:09:05,059 --> 01:09:02,520

that we don't know about yet type of

1586

01:09:09,169 --> 01:09:05,069

thing but you're talking this is 1969

1587

01:09:12,200 --> 01:09:09,179

this is 60 67 yeah yeah we have prop

1588

01:09:13,549 --> 01:09:12,210

planes mostly yeah no really no over

1589

01:09:14,930 --> 01:09:13,559

there yeah no I didn't have anything

1590

01:09:16,579 --> 01:09:14,940

like that I'm sure they didn't sell

1591

01:09:17,599 --> 01:09:16,589

right well I don't know what do I

1592

01:09:20,269 --> 01:09:17,609

I didn't only think about the airforce

1593

01:09:22,700 --> 01:09:20,279

though yeah it's hard to hard to say but

1594

01:09:23,720 --> 01:09:22,710

back then you know I I find it would be

1595

01:09:26,390 --> 01:09:23,730

kind of strange that they'd have

1596

01:09:29,740 --> 01:09:26,400

something like that that might tell us

1597

01:09:32,479 --> 01:09:29,750

and not tell us they cause a near panic

1598

01:09:33,800 --> 01:09:32,489

yeah you know one Warrant Officer in

1599

01:09:36,379 --> 01:09:33,810

particular and other guys were really

1600

01:09:38,990 --> 01:09:36,389

super frightened about it and then a

1601
01:09:40,939 --> 01:09:39,000
shine a light down and then to come over

1602
01:09:43,490 --> 01:09:40,949
our missiles you know they're yeah

1603
01:09:45,019 --> 01:09:43,500
you're trusting that army guy he's not

1604
01:09:47,899 --> 01:09:45,029
going to fire on you if you're coming

1605
01:09:51,740 --> 01:09:47,909
right over our missiles now you called I

1606
01:09:54,140 --> 01:09:51,750
read your story and you called your your

1607
01:09:56,240 --> 01:09:54,150
parents and your mother was concerned

1608
01:09:59,570 --> 01:09:56,250
for you wasn't she yeah she was

1609
01:10:02,089 --> 01:09:59,580
concerned because she was you know she

1610
01:10:04,879 --> 01:10:02,099
she followed your folks back into 50 so

1611
01:10:08,000 --> 01:10:04,889
that was you know 12 years earlier she

1612
01:10:09,530 --> 01:10:08,010
followed it and and and i remember

1613
01:10:10,910 --> 01:10:09,540

magazines laying around our house about

1614

01:10:14,359 --> 01:10:10,920

ufos or something you're really

1615

01:10:16,700 --> 01:10:14,369

over-the-top stuff but uh men and black

1616

01:10:18,320 --> 01:10:16,710

and all that sort of thing that yeah she

1617

01:10:20,600 --> 01:10:18,330

was just be concerned but it's not like

1618

01:10:21,950 --> 01:10:20,610

now we can call your mother and they'll

1619

01:10:24,500 --> 01:10:21,960

go to the congressman in those days you

1620

01:10:27,649 --> 01:10:24,510

know you're screwed you know what you

1621

01:10:30,070 --> 01:10:27,659

can't do it like that so as she I said I

1622

01:10:35,450 --> 01:10:30,080

will be safe you know I said okay so

1623

01:10:37,490 --> 01:10:35,460

when I got to DC a couple months later I

1624

01:10:40,459 --> 01:10:37,500

saw a newspaper on a counter in one of

1625

01:10:43,790 --> 01:10:40,469

the offices there and there was a story

1626

01:10:46,339 --> 01:10:43,800

about people in Miami which was about 35

1627

01:10:51,140 --> 01:10:46,349

miles away I was little further about 40

1628

01:10:53,540 --> 01:10:51,150

miles sunbathing and clear blue day and

1629

01:10:56,959 --> 01:10:53,550

they heard some really loud crackling up

1630

01:10:59,510 --> 01:10:56,969

in the sky and they they all ran and

1631

01:11:01,070 --> 01:10:59,520

were frightened and and there's never

1632

01:11:03,200 --> 01:11:01,080

any follow-up I didn't see any follow up

1633

01:11:05,510 --> 01:11:03,210

on this story at all I was gonna ask you

1634

01:11:07,939 --> 01:11:05,520

if you're more knowledgeable on this and

1635

01:11:10,520 --> 01:11:07,949

I am I have heard that some people

1636

01:11:12,770 --> 01:11:10,530

believe that the Everglades are a really

1637

01:11:17,660 --> 01:11:12,780

good place for a UFO basis because they

1638

01:11:20,390 --> 01:11:17,670

can just submerge in that swamp yeah you

1639

01:11:22,129 --> 01:11:20,400

know that I don't know anything actually

1640

01:11:24,740 --> 01:11:22,139

in particular about that you know our

1641

01:11:28,820 --> 01:11:24,750

guest last week was talking about you

1642

01:11:32,030 --> 01:11:28,830

SOS you know submerge objects

1643

01:11:33,650 --> 01:11:32,040

but mostly in California but I don't

1644

01:11:36,470 --> 01:11:33,660

know about that in particular I do know

1645

01:11:38,990 --> 01:11:36,480

that Florida does have a lot of UFO

1646

01:11:41,210 --> 01:11:39,000

sightings that and has for a number of

1647

01:11:44,090 --> 01:11:41,220

years there's a there's a number of

1648

01:11:44,600 --> 01:11:44,100

famous cases controversial case there

1649

01:11:46,760 --> 01:11:44,610

too

1650

01:11:50,320 --> 01:11:46,770

whether it really happened or not but

1651

01:11:53,900 --> 01:11:50,330

well I gave a talk to a group of

1652

01:11:56,750 --> 01:11:53,910

paranormal enthusiasts here a couple of

1653

01:12:00,170 --> 01:11:56,760

about six weeks ago at a place called

1654

01:12:02,540 --> 01:12:00,180

paranoia paranormal pub and it was

1655

01:12:05,600 --> 01:12:02,550

pretty it was a nice place and then some

1656

01:12:10,250 --> 01:12:05,610

MUFON people there and they asked the

1657

01:12:13,040 --> 01:12:10,260

dates of my observation which is kind of

1658

01:12:13,550 --> 01:12:13,050

spread out like over two or three month

1659

01:12:15,590 --> 01:12:13,560

period

1660

01:12:17,180 --> 01:12:15,600

anyway they they went to some I said I

1661

01:12:19,190 --> 01:12:17,190

told him I said I found I can't remember

1662

01:12:22,670 --> 01:12:19,200

now where I found it online but I found

1663

01:12:26,090 --> 01:12:22,680

a place online where some UFOs were

1664

01:12:31,070 --> 01:12:26,100

observed in the Florida Keys in 69 when

1665

01:12:32,840 --> 01:12:31,080

I was there mmm late 68 to 69 and that

1666

01:12:37,340 --> 01:12:32,850

he went to another place that he found

1667

01:12:38,810 --> 01:12:37,350

several and I can't remember I thought I

1668

01:12:42,050 --> 01:12:38,820

wrote it down but I can't remember it

1669

01:12:43,460 --> 01:12:42,060

was another web site where they you can

1670

01:12:45,910 --> 01:12:43,470

you can just run your dates and they'll

1671

01:12:48,470 --> 01:12:45,920

tell you where the sightings are and

1672

01:12:49,790 --> 01:12:48,480

what happened you know yeah but there's

1673

01:12:53,360 --> 01:12:49,800

pretty is pretty basic it was just

1674

01:12:55,970 --> 01:12:53,370

basically an entry mmm that your folks

1675

01:12:57,860 --> 01:12:55,980

are seen there you know uh-huh yeah not

1676

01:12:59,150 --> 01:12:57,870

that not that young soldier boys are

1677

01:13:01,220 --> 01:12:59,160

scared out of their wit's nothing about

1678

01:13:03,860 --> 01:13:01,230

that well it's funny because it's not

1679

01:13:06,380 --> 01:13:03,870

you're talking about until you get out

1680

01:13:08,960 --> 01:13:06,390

to Key Largo whatever the key was you

1681

01:13:12,950 --> 01:13:08,970

said there you're in kind of a very low

1682

01:13:15,440 --> 01:13:12,960

populated area where the military base

1683

01:13:18,440 --> 01:13:15,450

was right I mean and also more so now

1684

01:13:22,010 --> 01:13:18,450

there's a yeah there was just jungle and

1685

01:13:24,590 --> 01:13:22,020

now I think it was about ten years after

1686

01:13:27,830 --> 01:13:24,600

this I was out of the army and I had a

1687

01:13:32,690 --> 01:13:27,840

eight hour layover in Miami so I rented

1688

01:13:36,500 --> 01:13:32,700

a car and you know I did a year in

1689

01:13:38,630 --> 01:13:36,510

Vietnam what was wasn't a fun year but I

1690

01:13:41,240 --> 01:13:38,640

dreamt for years I dreamt more about

1691

01:13:42,720 --> 01:13:41,250

Florida than I jumped about Vietnam it's

1692

01:13:44,160 --> 01:13:42,730

kind of strange but but

1693

01:13:46,680 --> 01:13:44,170

wanted to go back out and just kind of

1694

01:13:48,300 --> 01:13:46,690

make contact with that place and things

1695

01:13:52,260 --> 01:13:48,310

have changed you know the road was I

1696

01:13:56,310 --> 01:13:52,270

think it was at Tulane then and went out

1697

01:13:59,400 --> 01:13:56,320

and I and I I stopped at the where the

1698

01:14:01,650 --> 01:13:59,410

missiles were and everything was in

1699

01:14:03,300 --> 01:14:01,660

ruins now the grass growing up through

1700

01:14:05,070 --> 01:14:03,310

the cracks of this amount and broken

1701

01:14:08,250 --> 01:14:05,080

windows and stuff but there's still a

1702

01:14:09,570 --> 01:14:08,260

couple of MPs there and they they saw me

1703

01:14:11,070 --> 01:14:09,580

at the fence and they came out and you

1704

01:14:12,840 --> 01:14:11,080

know what do you want and I said you

1705

01:14:16,530 --> 01:14:12,850

know take it easy I'll just I was here

1706

01:14:18,060 --> 01:14:16,540

ten years ago and um and they go okay

1707

01:14:22,410 --> 01:14:18,070

and I said can I come in look around I

1708

01:14:25,500 --> 01:14:22,420

go no all right so I said okay let me I

1709

01:14:27,420 --> 01:14:25,510

gave him a brief story what what

1710

01:14:29,010 --> 01:14:27,430

happened and I said there's other things

1711

01:14:31,770 --> 01:14:29,020

where we had some just bizarre

1712

01:14:34,560 --> 01:14:31,780

experiences that we all have all felt

1713

01:14:37,890 --> 01:14:34,570

and I said is anything I didn't get the

1714

01:14:40,350 --> 01:14:37,900

question guys man this place is is

1715

01:14:41,810 --> 01:14:40,360

really creepy and we are so glad I guess

1716

01:14:45,210 --> 01:14:41,820

they were tearing it down the next day

1717

01:14:48,630 --> 01:14:45,220

and talk about luck and attorney said

1718

01:14:50,190 --> 01:14:48,640

yeah we're gonna be glad to to get out

1719

01:14:52,050 --> 01:14:50,200

of here and he said the place was just

1720

01:14:54,090 --> 01:14:52,060

really creepy and I said UFOs and he's

1721

01:14:56,760 --> 01:14:54,100

not as it's all he said and I saw a

1722

01:14:59,010 --> 01:14:56,770

thing I looked up the base online here a

1723

01:15:01,950 --> 01:14:59,020

while back and some of it's still there

1724

01:15:03,960 --> 01:15:01,960

but it's the the jungle funny took it

1725

01:15:06,200 --> 01:15:03,970

back now you can see a little part of a

1726

01:15:09,210 --> 01:15:06,210

radar dish sticking out here and a

1727

01:15:12,300 --> 01:15:09,220

rooftop over here and one of the

1728

01:15:13,860 --> 01:15:12,310

buildings you know at night I remember I

1729

01:15:16,590 --> 01:15:13,870

don't remember if it was Bravo Company

1730

01:15:20,190 --> 01:15:16,600

because I saw some all four companies

1731

01:15:21,720 --> 01:15:20,200

were virtually identical so as sometimes

1732

01:15:25,380 --> 01:15:21,730

I thought I was looking at Bravo Company

1733

01:15:28,530 --> 01:15:25,390

I was looking at a company but one

1734

01:15:31,260 --> 01:15:28,540

building was called UFO headquarters of

1735

01:15:34,380 --> 01:15:31,270

UFO building or something so apparently

1736

01:15:35,850 --> 01:15:34,390

you know some other people had had

1737

01:15:37,830 --> 01:15:35,860

experiences enough to name a building

1738

01:15:40,740 --> 01:15:37,840

after it you know so well that's

1739

01:15:42,630 --> 01:15:40,750

something now is anywhere is that right

1740

01:15:44,070 --> 01:15:42,640

off of like Alligator Alley

1741

01:15:48,270 --> 01:15:44,080

that goes across that road that goes

1742

01:15:50,430 --> 01:15:48,280

across the very bottom of Florida they

1743

01:15:52,470 --> 01:15:50,440

might or is it is it something there I'm

1744

01:15:54,720 --> 01:15:52,480

just trying to picture where it is Key

1745

01:15:56,550 --> 01:15:54,730

Largo is is the very first keys oh it is

1746

01:15:58,980 --> 01:15:56,560

it's actually on Key Largo

1747

01:16:00,720 --> 01:15:58,990

yeah it's Key Largo and you just enter

1748

01:16:03,840 --> 01:16:00,730

just enter there's the Key Largo sign

1749

01:16:05,220 --> 01:16:03,850

you hang a left and it's probably a it's

1750

01:16:08,720 --> 01:16:05,230

not in ninety degree it's probably a

1751

01:16:11,130 --> 01:16:08,730

hundred degree turn and you can almost

1752

01:16:15,030 --> 01:16:11,140

passing yourself but kind of diagonally

1753

01:16:16,890 --> 01:16:15,040

and there was a resort if this helps it

1754

01:16:20,280 --> 01:16:16,900

was resort about and I never got down

1755

01:16:22,200 --> 01:16:20,290

there three miles down from our military

1756

01:16:25,800 --> 01:16:22,210

base that was owned by Jackie Gleason

1757

01:16:29,750 --> 01:16:25,810

hmm yeah a couple of guys worked down

1758

01:16:32,460 --> 01:16:29,760

there working on sailboats and stuff but

1759

01:16:34,860 --> 01:16:32,470

yeah that's a character that was into

1760

01:16:35,940 --> 01:16:34,870

UFOs Jackie Gleason wasn't know if you

1761

01:16:38,550 --> 01:16:35,950

knew that oh no

1762

01:16:40,680 --> 01:16:38,560

well maybe I saw down there because that

1763

01:16:41,910 --> 01:16:40,690

was his resort yet have a million bucks

1764

01:16:44,790 --> 01:16:41,920

which there's a lot of money back then

1765

01:16:50,130 --> 01:16:44,800

and a million bucks bucks to belong to

1766

01:16:51,960 --> 01:16:50,140

it well how about that we have yep we

1767

01:16:54,570 --> 01:16:51,970

have the line open if anyone wants to

1768

01:16:57,420 --> 01:16:54,580

call in and ask a question that numbers

1769

01:17:01,800 --> 01:16:57,430

up on the screen on YouTube right now if

1770

01:17:03,660 --> 01:17:01,810

anyone would like to call in so if

1771

01:17:05,430 --> 01:17:03,670

someone does call in what I'll do is

1772

01:17:08,040 --> 01:17:05,440

I'll take the call and just wait for a

1773

01:17:10,530 --> 01:17:08,050

break but if you are calling and make

1774

01:17:11,970 --> 01:17:10,540

sure you turn to the volume down you'll

1775

01:17:16,050 --> 01:17:11,980

hear us but make sure you turn the

1776

01:17:18,690 --> 01:17:16,060

volume down on your computer so as far

1777

01:17:21,840 --> 01:17:18,700

as that's the only sighting I mean not

1778

01:17:23,970 --> 01:17:21,850

that that wasn't a great sighting but

1779

01:17:25,590 --> 01:17:23,980

that's the only incidences that you had

1780

01:17:30,180 --> 01:17:25,600

we have someone actually calling in

1781

01:17:34,080 --> 01:17:30,190

right now so hang on and it's a former

1782

01:17:36,690 --> 01:17:34,090

police officer I believe Donnie hey

1783

01:17:38,820 --> 01:17:36,700

Martin how are you good Donnie has

1784

01:17:42,630 --> 01:17:38,830

actually come in studio here a couple

1785

01:17:45,000 --> 01:17:42,640

times his he has a place down on the

1786

01:17:48,360 --> 01:17:45,010

lake right where right where I live here

1787

01:17:52,020 --> 01:17:48,370

in Maine so he's a former Boston police

1788

01:17:54,150 --> 01:17:52,030

officer Donnie oh I saw you yeah this is

1789

01:17:55,320 --> 01:17:54,160

Laurie Watson have you been listening to

1790

01:17:58,380 --> 01:17:55,330

the show you're in Guatemala right

1791

01:18:00,690 --> 01:17:58,390

Donnie I am right now and wah tomales

1792

01:18:02,870 --> 01:18:00,700

ility yeah I easily win the award for

1793

01:18:04,980 --> 01:18:02,880

the longest distance caller of the night

1794

01:18:07,530 --> 01:18:04,990

so far yeah

1795

01:18:08,930 --> 01:18:07,540

hey Lauren I just wanted first of all I

1796

01:18:10,109 --> 01:18:08,940

just want to say thanks you know I've

1797

01:18:13,589 --> 01:18:10,119

seen

1798

01:18:17,159 --> 01:18:13,599

about PTSD for police officers of

1799

01:18:19,099 --> 01:18:17,169

wellness police officers and you know we

1800

01:18:21,299 --> 01:18:19,109

come from a profession where

1801

01:18:22,709 --> 01:18:21,309

unfortunately because of the stresses of

1802

01:18:24,329 --> 01:18:22,719

the job and the things that we have to

1803

01:18:26,939 --> 01:18:24,339

deal with the horrors that we have to

1804

01:18:30,209 --> 01:18:26,949

see we don't tend to live very long

1805

01:18:35,790 --> 01:18:30,219

after retirement so I am thankful that

1806

01:18:38,309 --> 01:18:35,800

you for your work you know but I want to

1807

01:18:40,319 --> 01:18:38,319

ask you I thought you wrote a you wrote

1808

01:18:43,049 --> 01:18:40,329

a book about you know experiences that

1809

01:18:46,079 --> 01:18:43,059

some of us within you know within the

1810

01:18:49,500 --> 01:18:46,089

brotherhood or sisterhood as well have

1811

01:18:52,469 --> 01:18:49,510

had with what these type of things and I

1812

01:18:54,899 --> 01:18:52,479

want to ask you wouldn't it be a good

1813

01:18:57,750 --> 01:18:54,909

idea I mean if somebody went out there

1814

01:18:59,520 --> 01:18:57,760

and established a website for those of

1815

01:19:02,069 --> 01:18:59,530

us you know the brothers and sisters in

1816

01:19:04,439 --> 01:19:02,079

uniform to be able to go someplace and

1817

01:19:06,479 --> 01:19:04,449

report things that we've seen then we

1818

01:19:09,389 --> 01:19:06,489

wouldn't normally report through regular

1819

01:19:13,259 --> 01:19:09,399

channels something like aviators have

1820

01:19:15,089 --> 01:19:13,269

non cap I think it's not cap but there's

1821

01:19:16,949 --> 01:19:15,099

literally nothing in the United States

1822

01:19:18,419 --> 01:19:16,959

that I'm aware of and Martin you know

1823

01:19:19,919 --> 01:19:18,429

you you wouldn't know better than I but

1824

01:19:20,959 --> 01:19:19,929

I don't think there's anything out there

1825

01:19:23,609 --> 01:19:20,969

yeah

1826

01:19:26,159 --> 01:19:23,619

I've thought about doing a Facebook page

1827

01:19:27,989 --> 01:19:26,169

and then decided against it but but

1828

01:19:28,919 --> 01:19:27,999

having a website quite frankly I never

1829

01:19:29,939 --> 01:19:28,929

thought about that I think it's a

1830

01:19:33,270 --> 01:19:29,949

fantastic idea

1831

01:19:36,409 --> 01:19:33,280

you know some of my buddies when I talk

1832

01:19:39,509 --> 01:19:36,419

about I told them I was going to do this

1833

01:19:41,849 --> 01:19:39,519

closing care of cops true stories of the

1834

01:19:43,439 --> 01:19:41,859

paranormal they told me you know you got

1835

01:19:45,449 --> 01:19:43,449

this reputation you you know you wrote

1836

01:19:47,309 --> 01:19:45,459

on combat and a couple of these others

1837

01:19:50,699 --> 01:19:47,319

that help cops and you're going to ruin

1838

01:19:52,379 --> 01:19:50,709

your reputation and I talked to I'm sure

1839

01:19:53,819 --> 01:19:52,389

you know lieutenant Dave Grossman I

1840

01:19:57,029 --> 01:19:53,829

talked to him and my co-author and he

1841

01:19:59,279 --> 01:19:57,039

says just do it and and that was never

1842

01:20:00,929 --> 01:19:59,289

an issue and like I don't heard that

1843

01:20:03,329 --> 01:20:00,939

from the very beginning I nothing but

1844

01:20:05,279 --> 01:20:03,339

cops getting a hold of me telling me

1845

01:20:07,049 --> 01:20:05,289

their stories years old I never asked

1846

01:20:09,270 --> 01:20:07,059

why they wanted to tell a story but my

1847

01:20:12,029 --> 01:20:09,280

sense was they wanted to get it off the

1848

01:20:13,770 --> 01:20:12,039

chest suggest he also it's gonna listen

1849

01:20:15,629 --> 01:20:13,780

to us really because if you go back to

1850

01:20:17,819 --> 01:20:15,639

them you go back to the station house

1851

01:20:20,699 --> 01:20:17,829

and you start to tell people when you

1852

01:20:22,709 --> 01:20:20,709

when you saw be kind of they're gonna

1853

01:20:23,840 --> 01:20:22,719

chase you around with a butterfly net

1854

01:20:26,560 --> 01:20:23,850

yeah you

1855

01:20:29,390 --> 01:20:26,570

telling it roll call that's for sure and

1856

01:20:32,180 --> 01:20:29,400

one of the guys in the story in the book

1857

01:20:34,670 --> 01:20:32,190

had incident up and the Great Lakes

1858

01:20:38,570 --> 01:20:34,680

actually was another vanishing story and

1859

01:20:40,010 --> 01:20:38,580

uh he didn't find a guy the guy vanished

1860

01:20:43,760 --> 01:20:40,020

right in front he's right right in his

1861

01:20:45,080 --> 01:20:43,770

hood and so the next day all the guys at

1862

01:20:47,240 --> 01:20:45,090

roll call you know they gave him a whole

1863

01:20:49,970 --> 01:20:47,250

bunch of lip about it but after him

1864

01:20:54,080 --> 01:20:49,980

everybody got into cars and took off one

1865

01:20:55,880 --> 01:20:54,090

old-timer stayed behind and said anybody

1866

01:20:58,550 --> 01:20:55,890

that's worked this area long enough they

1867

01:21:00,650 --> 01:20:58,560

never drive that road they only go up

1868

01:21:02,210 --> 01:21:00,660

there is if they're you know as an

1869

01:21:04,270 --> 01:21:02,220

accident or something but they stay off

1870

01:21:08,450 --> 01:21:04,280

that road because everyone has had

1871

01:21:09,620 --> 01:21:08,460

experiences up there so so that's the

1872

01:21:11,660 --> 01:21:09,630

kind of a deal where it like you said

1873

01:21:13,280 --> 01:21:11,670

you don't tell them that roll call you

1874

01:21:15,440 --> 01:21:13,290

just tell it to a couple of guys you

1875

01:21:17,300 --> 01:21:15,450

know that our may be sensitive or that

1876

01:21:19,550 --> 01:21:17,310

kind of thing but you really opening

1877

01:21:21,500 --> 01:21:19,560

yourself up to criticism criticism and

1878

01:21:22,640 --> 01:21:21,510

some make some may believe you but

1879

01:21:23,990 --> 01:21:22,650

they're gonna criticize it because

1880

01:21:25,550 --> 01:21:24,000

that's just part of the that's the

1881

01:21:27,320 --> 01:21:25,560

nature of the beast with offense that's

1882

01:21:29,360 --> 01:21:27,330

the nature of the job you know I mean

1883

01:21:30,860 --> 01:21:29,370

before I before I hang up and pass along

1884

01:21:34,130 --> 01:21:30,870

to another call I just want to leave you

1885

01:21:36,890 --> 01:21:34,140

with this last question and that is can

1886

01:21:38,750 --> 01:21:36,900

you think of a case that that's come to

1887

01:21:41,000 --> 01:21:38,760

your attention with the exception of the

1888

01:21:42,560 --> 01:21:41,010

one famous one of the the two famous

1889

01:21:44,120 --> 01:21:42,570

ones in the Midwest the one where the

1890

01:21:45,890 --> 01:21:44,130

thing flew over the guy's car and

1891

01:21:48,530 --> 01:21:45,900

actually creased over his UHF antenna

1892

01:21:51,170 --> 01:21:48,540

that's one that we can you know that the

1893

01:21:52,430 --> 01:21:51,180

it's already out there the other one is

1894

01:21:55,070 --> 01:21:52,440

the one that crossed over I think

1895

01:21:57,800 --> 01:21:55,080

crossed over like southern Illinois into

1896

01:21:59,870 --> 01:21:57,810

Missouri and they chased it all over up

1897

01:22:03,140 --> 01:21:59,880

and down different counties and and one

1898

01:22:05,810 --> 01:22:03,150

guy even whipped out his his his traffic

1899

01:22:08,030 --> 01:22:05,820

radar clocked in on radar doing about

1900

01:22:10,190 --> 01:22:08,040

forty some odd miles an hour and it was

1901
01:22:12,280 --> 01:22:10,200
a massive thing whatever the hell it was

1902
01:22:15,800 --> 01:22:12,290
and but can you think of any other

1903
01:22:18,170 --> 01:22:15,810
police recorded phenomenon that's come

1904
01:22:20,630 --> 01:22:18,180
to your attention that there might be

1905
01:22:22,760 --> 01:22:20,640
worthy to share with with us listeners

1906
01:22:25,400 --> 01:22:22,770
and I'll go ahead and you know okay all

1907
01:22:28,520 --> 01:22:25,410
right Donnie thanks people you bet all

1908
01:22:30,020 --> 01:22:28,530
right yeah well I've seen my public like

1909
01:22:33,320 --> 01:22:30,030
you I've seen them on some of the

1910
01:22:36,650 --> 01:22:33,330
paranormal shows and to include

1911
01:22:37,650 --> 01:22:36,660
reenactments I have got a story that

1912
01:22:43,710 --> 01:22:37,660
I'll have put in the

1913
01:22:46,410 --> 01:22:43,720

book winning I hope I can do it about

1914

01:22:48,300 --> 01:22:46,420

and again I got the story I told the guy

1915

01:22:51,360 --> 01:22:48,310

it's great I filed it and I haven't

1916

01:22:55,860 --> 01:22:51,370

looked at it for a while so just in the

1917

01:22:59,580 --> 01:22:55,870

essence of it is a UFO passed over the

1918

01:23:03,150 --> 01:22:59,590

guy over the cop he chased it and

1919

01:23:05,940 --> 01:23:03,160

another card in that officer quit not

1920

01:23:08,160 --> 01:23:05,950

too long after and they chased it for

1921

01:23:11,310 --> 01:23:08,170

some distance they got it there 80 90

1922

01:23:12,750 --> 01:23:11,320

miles an hour and then it made it a BAM

1923

01:23:14,940 --> 01:23:12,760

he just went right back the other

1924

01:23:17,940 --> 01:23:14,950

direction and they by the time they

1925

01:23:19,950 --> 01:23:17,950

could turn around they had lost it

1926

01:23:22,980 --> 01:23:19,960

so that story probably with some

1927

01:23:24,780 --> 01:23:22,990

additional details that I can't recall

1928

01:23:27,060 --> 01:23:24,790

right now because I was going to talk

1929

01:23:30,510 --> 01:23:27,070

about it but uh that wouldn't be in the

1930

01:23:32,640 --> 01:23:30,520

second book but that that's in fact I I

1931

01:23:36,180 --> 01:23:32,650

was trying to remember if the guy had a

1932

01:23:37,770 --> 01:23:36,190

radar or not but uh but he said that he

1933

01:23:39,570 --> 01:23:37,780

was doing 90 miles an hour so I would

1934

01:23:42,300 --> 01:23:39,580

think that would indicate that he didn't

1935

01:23:45,390 --> 01:23:42,310

have a radar if if he's doing 90 and I

1936

01:23:50,480 --> 01:23:45,400

think your caller said 40 miles an hour

1937

01:23:53,940 --> 01:23:50,490

so hmm my guy had a fight faster chase

1938

01:23:55,560 --> 01:23:53,950

well 40 miles an hour is odd because how

1939

01:23:56,850 --> 01:23:55,570

can something stay airborne you know

1940

01:23:59,430 --> 01:23:56,860

right that's right that's the thing

1941

01:24:02,400 --> 01:23:59,440

that's really odd about that so that was

1942

01:24:03,390 --> 01:24:02,410

a sheriff Val Johnson that incident I

1943

01:24:08,130 --> 01:24:03,400

don't know if you've ever heard about

1944

01:24:11,280 --> 01:24:08,140

that uh-huh and in Minnesota it was

1945

01:24:12,210 --> 01:24:11,290

actually if you've heard of it if it's

1946

01:24:12,960 --> 01:24:12,220

been on some of those shows that

1947

01:24:15,150 --> 01:24:12,970

probably did yeah

1948

01:24:16,830 --> 01:24:15,160

I don't remember the names you know yeah

1949

01:24:19,110 --> 01:24:16,840

that's right so the lines are open if

1950

01:24:21,180 --> 01:24:19,120

anyone else wants to call in and also

1951

01:24:24,810 --> 01:24:21,190

I'll try to glance at chat to see if

1952

01:24:30,420 --> 01:24:24,820

there's any questions up on there so if

1953

01:24:34,230 --> 01:24:30,430

you had to if you had to guess on what

1954

01:24:37,950 --> 01:24:34,240

these things actually are and I want to

1955

01:24:39,750 --> 01:24:37,960

talk about first of all you have some

1956

01:24:42,090 --> 01:24:39,760

experiences and you're you're the

1957

01:24:45,140 --> 01:24:42,100

writers of this book that sentence

1958

01:24:47,880 --> 01:24:45,150

stories had some ghost experiences but

1959

01:24:49,410 --> 01:24:47,890

have you ever pondered what these well

1960

01:24:51,299 --> 01:24:49,420

we actually have a call coming any ready

1961

01:24:55,740 --> 01:24:51,309

to take another call

1962

01:24:56,910 --> 01:24:55,750

sir all right here we go caller your

1963

01:24:57,890 --> 01:24:56,920

first name and where are you calling

1964

01:25:03,299 --> 01:24:57,900

from

1965

01:25:03,839 --> 01:25:03,309

Martin hey Bobby how you doing I'm doing

1966

01:25:06,120 --> 01:25:03,849

great

1967

01:25:07,620 --> 01:25:06,130

first of all I wanted to thank mr.

1968

01:25:09,870 --> 01:25:07,630

Christensen for his service

1969

01:25:12,660 --> 01:25:09,880

my brother was 82nd airborne during

1970

01:25:14,430 --> 01:25:12,670

Vietnam but he got lucky and stayed back

1971

01:25:16,049 --> 01:25:14,440

in Fort Bragg and Fort Benning training

1972

01:25:17,520 --> 01:25:16,059

troops he made sergeant and just trained

1973

01:25:19,350 --> 01:25:17,530

so he never actually made it over there

1974

01:25:20,310 --> 01:25:19,360

but um you were talking about the

1975

01:25:23,160 --> 01:25:20,320

private island

1976

01:25:24,660 --> 01:25:23,170

back off Key Largo and I actually did

1977

01:25:26,279 --> 01:25:24,670

some work there after Hurricane Andrew I

1978

01:25:27,240 --> 01:25:26,289

was out there repairing screen rooms and

1979

01:25:28,439 --> 01:25:27,250

patio rooms and that place was

1980

01:25:30,810 --> 01:25:28,449

absolutely amazing

1981

01:25:33,330 --> 01:25:30,820

they had a gatehouse the size of a house

1982

01:25:34,919 --> 01:25:33,340

with six guys so you couldn't even get

1983

01:25:36,660 --> 01:25:34,929

on the island unless you had business

1984

01:25:40,470 --> 01:25:36,670

there in the home there you could not

1985

01:25:42,359 --> 01:25:40,480

even go out there but I wanted to

1986

01:25:43,819 --> 01:25:42,369

mention Martin brought up Jackie Gleason

1987

01:25:46,470 --> 01:25:43,829

story you said you hadn't heard that

1988

01:25:49,169 --> 01:25:46,480

Jackie Gleason would actually golf with

1989

01:25:50,910 --> 01:25:49,179

Nixon President Nixon and one night

1990

01:25:53,750 --> 01:25:50,920

President Nixon actually drove to his

1991

01:25:56,459 --> 01:25:53,760

house and picked him up and said get in

1992

01:25:58,830 --> 01:25:56,469

and he took him to homestead Air Force

1993

01:26:03,299 --> 01:25:58,840

Base and they went somewhere underground

1994

01:26:06,720 --> 01:26:03,309

on the base and the story is that Nixon

1995

01:26:08,669 --> 01:26:06,730

showed him like pickled alien bodies in

1996

01:26:11,520 --> 01:26:08,679

like glass containers and record news

1997

01:26:13,859 --> 01:26:11,530

UFO and Jackie Gleason came home that

1998

01:26:16,439 --> 01:26:13,869

night and was all white and pale and

1999

01:26:17,669 --> 01:26:16,449

just he'd already been following UFOs

2000

01:26:20,189 --> 01:26:17,679

they think he had a whole library on

2001

01:26:21,959 --> 01:26:20,199

UFOs at the time and his wife that story

2002

01:26:23,970 --> 01:26:21,969

so something you may want to look up

2003

01:26:28,080 --> 01:26:23,980

that's that's interesting yeah that's

2004

01:26:30,270 --> 01:26:28,090

very interesting I've in Miami Bobby

2005

01:26:33,510 --> 01:26:30,280

before you move on in that story is it

2006

01:26:35,220 --> 01:26:33,520

has anyone ever recorded Jackie Gleason

2007

01:26:37,290 --> 01:26:35,230

actually telling that story or is that

2008

01:26:39,330 --> 01:26:37,300

is that a hearsay type of thing

2009

01:26:41,100 --> 01:26:39,340

it's kind of here sight but it's

2010

01:26:43,649 --> 01:26:41,110

supposed to be it supposedly came from

2011

01:26:45,959 --> 01:26:43,659

his wife now when they divorce divorce

2012

01:26:48,330 --> 01:26:45,969

yeah there she was kind of angry about

2013

01:26:50,790 --> 01:26:48,340

things so she may have redacted what she

2014

01:26:52,890 --> 01:26:50,800

had said but I believe the story

2015

01:26:54,810 --> 01:26:52,900

originated from her yeah that's right I

2016

01:26:56,910 --> 01:26:54,820

did hear that yeah I did hear that yeah

2017

01:26:58,830 --> 01:26:56,920

I lived in mind I was born in Miami and

2018

01:27:01,680 --> 01:26:58,840

I live down there in South Florida till

2019

01:27:04,570 --> 01:27:01,690

I was about 30 years old and all the UFO

2020

01:27:07,750 --> 01:27:06,370

all happen all the crazy stuff that I've

2021

01:27:10,450 --> 01:27:07,760

seen actually all happened in South

2022

01:27:13,030 --> 01:27:10,460

Florida and Kendall now Andrew was the

2023

01:27:18,250 --> 01:27:13,040

one that hit in 64 65

2024

01:27:20,470 --> 01:27:18,260

no 92 oh okay okay yeah Andrew is

2025

01:27:22,480 --> 01:27:20,480

actually really really bad people that

2026

01:27:25,060 --> 01:27:22,490

well I've missed a lot of it because I

2027

01:27:26,980 --> 01:27:25,070

had no power for three months but it

2028

01:27:28,930 --> 01:27:26,990

literally looked like a war zone all the

2029

01:27:31,480 --> 01:27:28,940

trees had no leaves the limbs were

2030

01:27:34,000 --> 01:27:31,490

stripped off and then towards homestead

2031

01:27:36,610 --> 01:27:34,010

in the Rancho Lakes that whole area was

2032

01:27:39,970 --> 01:27:36,620

literally devastated but every building

2033

01:27:41,680 --> 01:27:39,980

had severe damage to it so anyways thank

2034

01:27:42,220 --> 01:27:41,690

you for your service and great human

2035

01:27:44,140 --> 01:27:42,230

join it

2036

01:27:46,420 --> 01:27:44,150

Thanks all right Bobby thanks to the

2037

01:27:49,770 --> 01:27:46,430

call all right all right

2038

01:27:53,760 --> 01:27:49,780

so I was gonna ask you what you thought

2039

01:27:57,370 --> 01:27:53,770

the possibility when you saw that craft

2040

01:27:59,890 --> 01:27:57,380

that floated over you like slowly

2041

01:28:03,280 --> 01:27:59,900

floated over you and in the humming and

2042

01:28:05,440 --> 01:28:03,290

all that what did you what did you and

2043

01:28:07,630 --> 01:28:05,450

your buddies actually think did you talk

2044

01:28:10,780 --> 01:28:07,640

about it and what did you think did you

2045

01:28:13,210 --> 01:28:10,790

think it was most likely not from this

2046

01:28:16,270 --> 01:28:13,220

earth or what did you what did you talk

2047

01:28:19,390 --> 01:28:16,280

about or did you think about it yeah we

2048

01:28:22,990 --> 01:28:19,400

we talked about it and I think when I

2049

01:28:26,290 --> 01:28:23,000

initially saw the thing going over I

2050

01:28:29,290 --> 01:28:26,300

keep telling myself it's a plane and

2051

01:28:31,720 --> 01:28:29,300

then I would go self if it's a plane

2052

01:28:34,060 --> 01:28:31,730

shouldn't it have wings you know there's

2053

01:28:36,100 --> 01:28:34,070

no wings but I was kind of in a denial

2054

01:28:39,490 --> 01:28:36,110

thing it's it's got to be some kind of a

2055

01:28:42,130 --> 01:28:39,500

plane but then it's going too slow and

2056

01:28:44,980 --> 01:28:42,140

then and then seeing everybody so it

2057

01:28:47,800 --> 01:28:44,990

wasn't just me kind of you know what is

2058

01:28:51,580 --> 01:28:47,810

this is thirty other guys all reacting

2059

01:28:54,970 --> 01:28:51,590

to it also and then after it passed over

2060

01:28:57,390 --> 01:28:54,980

and the officer wigged out which really

2061

01:29:00,670 --> 01:28:57,400

added to it then we started noticing

2062

01:29:03,610 --> 01:29:00,680

other things the silence the absolute

2063

01:29:05,530 --> 01:29:03,620

dead silence that we hadn't heard at

2064

01:29:07,390 --> 01:29:05,540

that point I said I'd been down there

2065

01:29:08,500 --> 01:29:07,400

about seven or eight months I think I

2066

01:29:10,540 --> 01:29:08,510

might have been down there longer I

2067

01:29:14,380 --> 01:29:10,550

think I left I think I want to say that

2068

01:29:15,730 --> 01:29:14,390

happened in January of 69 so at that

2069

01:29:17,550 --> 01:29:15,740

point I'd been there about seven or

2070

01:29:20,930 --> 01:29:17,560

eight nine months

2071

01:29:24,150 --> 01:29:20,940

and so this was so out of the norm for

2072

01:29:26,760 --> 01:29:24,160

this jungle to be quiet and for those

2073

01:29:28,320 --> 01:29:26,770

dogs I worked with dogs in Texas and

2074

01:29:30,930 --> 01:29:28,330

then I worked with dogs in Everglades

2075

01:29:33,120 --> 01:29:30,940

and the dog zone and with the same dog

2076

01:29:36,870 --> 01:29:33,130

and I knew that dog as well as I know my

2077

01:29:38,820 --> 01:29:36,880

household dogs here he didn't act that

2078

01:29:41,670 --> 01:29:38,830

way they did and for all eight of them

2079

01:29:45,060 --> 01:29:41,680

to act the same way and for the billions

2080

01:29:47,910 --> 01:29:45,070

of insects and creepy crawlies to just

2081

01:29:51,240 --> 01:29:47,920

become totally silent that added to my

2082

01:29:52,530 --> 01:29:51,250

thoughts that this has to be because

2083

01:29:56,130 --> 01:29:52,540

planes were going over we weren't that

2084

01:29:57,390 --> 01:29:56,140

far an airport enforce airport so planes

2085

01:30:00,270 --> 01:29:57,400

were going over all the time high

2086

01:30:03,390 --> 01:30:00,280

because we were we're some distance from

2087

01:30:06,330 --> 01:30:03,400

the airport but never that low never saw

2088

01:30:09,900 --> 01:30:06,340

one that low before so all these things

2089

01:30:12,270 --> 01:30:09,910

kind of changed kind of washed away that

2090

01:30:13,380 --> 01:30:12,280

denial I had and you know we talked

2091

01:30:14,910 --> 01:30:13,390

about and there were some other

2092

01:30:17,490 --> 01:30:14,920

sightings after that there were still

2093

01:30:20,550 --> 01:30:17,500

saw some some lights darting around but

2094

01:30:22,890 --> 01:30:20,560

nothing that came close like the ones

2095

01:30:25,130 --> 01:30:22,900

that were directly overhead or another

2096

01:30:30,750 --> 01:30:25,140

incident where it flew directly over us

2097

01:30:32,610 --> 01:30:30,760

and then I left in May of 69 went to DC

2098

01:30:37,320 --> 01:30:32,620

for three months learn Vietnamese and

2099

01:30:39,240 --> 01:30:37,330

then went over Vietnam so then I said

2100

01:30:43,590 --> 01:30:39,250

then later I think I read some articles

2101
01:30:46,230 --> 01:30:43,600
about Florida and sightings and then

2102
01:30:47,640 --> 01:30:46,240
that little somebody's theory that you

2103
01:30:48,660 --> 01:30:47,650
know when you fly over there well you

2104
01:30:50,610 --> 01:30:48,670
probably I'm sure you have flown

2105
01:30:53,820 --> 01:30:50,620
everglades there's you look down it's

2106
01:30:55,790 --> 01:30:53,830
there's these circles of brush or trees

2107
01:30:58,710 --> 01:30:55,800
or that they almost look like craters

2108
01:31:00,630 --> 01:30:58,720
and with water in the middle and I'm

2109
01:31:02,580 --> 01:31:00,640
never flying over the thing is yeah UFO

2110
01:31:05,360 --> 01:31:02,590
could indeed just slip right underneath

2111
01:31:08,700 --> 01:31:05,370
there and slip right back out and and uh

2112
01:31:10,680 --> 01:31:08,710
they get kind of muddy though yeah it's

2113
01:31:17,640 --> 01:31:10,690

pretty muddy there yeah that was full of

2114

01:31:19,800 --> 01:31:17,650

pythons and and alligators yeah so why

2115

01:31:21,240 --> 01:31:19,810

don't you tell now I know you talked a

2116

01:31:23,250 --> 01:31:21,250

little bit in your book about cattle

2117

01:31:25,530 --> 01:31:23,260

mutilations which is another bizarre

2118

01:31:30,730 --> 01:31:25,540

thing but you actually had some type of

2119

01:31:32,440 --> 01:31:30,740

experience and with your wife you were

2120

01:31:34,180 --> 01:31:32,450

searching you were going to do something

2121

01:31:37,660 --> 01:31:34,190

with ghosts and so you started looking

2122

01:31:40,600 --> 01:31:37,670

into that topic so and you had some type

2123

01:31:43,690 --> 01:31:40,610

of a cold spot or something you want to

2124

01:31:46,000 --> 01:31:43,700

talk about that yeah it's I suppose it's

2125

01:31:48,400 --> 01:31:46,010

sort of minor compared to what you see

2126
01:31:50,410 --> 01:31:48,410
on television but I was talking to my my

2127
01:31:51,700 --> 01:31:50,420
book agent and we were talking about a

2128
01:31:53,890 --> 01:31:51,710
whole nother matter and we're just

2129
01:31:55,930 --> 01:31:53,900
getting ready to hang up and he said

2130
01:31:59,290 --> 01:31:55,940
would you be interested in doing a book

2131
01:32:01,570 --> 01:31:59,300
on ghost hunters a TV show and I go yeah

2132
01:32:05,230 --> 01:32:01,580
he said you know much about it and I go

2133
01:32:08,260 --> 01:32:05,240
sure just you know you lie when you talk

2134
01:32:10,090 --> 01:32:08,270
I go sure and so we hung up and I told

2135
01:32:11,610 --> 01:32:10,100
my wife I said yeah I might be doing a

2136
01:32:15,160 --> 01:32:11,620
book on ghost hunters I said let's uh

2137
01:32:16,900 --> 01:32:15,170
let's start and we were already

2138
01:32:19,150 --> 01:32:16,910

interested in and we watched all the

2139

01:32:21,460 --> 01:32:19,160

shows it's not get home but and we had a

2140

01:32:25,450 --> 01:32:21,470

couple books and and so we got more

2141

01:32:30,160 --> 01:32:25,460

books and watched more shows and then we

2142

01:32:31,900 --> 01:32:30,170

went to a ghost hunters group one night

2143

01:32:35,230 --> 01:32:31,910

and they were just too weird for us and

2144

01:32:42,550 --> 01:32:35,240

you know these people and so we we got a

2145

01:32:44,950 --> 01:32:42,560

digital camera and we got a EVP recorder

2146

01:32:48,760 --> 01:32:44,960

the trying voice phenomena recorder and

2147

01:32:50,440 --> 01:32:48,770

a thermometer device and there's a lot

2148

01:32:52,360 --> 01:32:50,450

of haunted places in Portland but you

2149

01:32:53,620 --> 01:32:52,370

know we didn't we're new at it we didn't

2150

01:32:56,260 --> 01:32:53,630

know what do you just knock on the door

2151
01:32:57,880 --> 01:32:56,270
you know can we come in and talk to your

2152
01:33:00,220 --> 01:32:57,890
walls and see if anybody wants to talk

2153
01:33:01,720 --> 01:33:00,230
to us you know so we didn't so we said

2154
01:33:05,550 --> 01:33:01,730
well let's just go to graveyards you

2155
01:33:07,960 --> 01:33:05,560
know and I've read where some people say

2156
01:33:10,360 --> 01:33:07,970
you know go to graveyards but if you're

2157
01:33:13,150 --> 01:33:10,370
um you're a spirit or a ghost you're not

2158
01:33:15,010 --> 01:33:13,160
gonna hang around the grave yard but who

2159
01:33:18,130 --> 01:33:15,020
knows nobody's an expert at this stuff

2160
01:33:21,820 --> 01:33:18,140
and my theory was I mentioned a book

2161
01:33:24,460 --> 01:33:21,830
that Willie Horton was a prolific bank

2162
01:33:24,880 --> 01:33:24,470
robber in the 30s brought hundreds of

2163
01:33:28,360 --> 01:33:24,890

banks

2164

01:33:30,010 --> 01:33:28,370

humming dozens but maybe he wasn't good

2165

01:33:31,300 --> 01:33:30,020

he kept getting caught and he'd go to

2166

01:33:32,950 --> 01:33:31,310

prison for a couple years ago doubt and

2167

01:33:34,590 --> 01:33:32,960

start robbing banks again finally

2168

01:33:37,360 --> 01:33:34,600

reporter says why do you rob banks

2169

01:33:42,160 --> 01:33:37,370

Willie he says because that's where the

2170

01:33:43,660 --> 01:33:42,170

money is so recent so we said well let's

2171

01:33:44,200 --> 01:33:43,670

go to the graves because that's where

2172

01:33:47,050 --> 01:33:44,210

you know

2173

01:33:49,270 --> 01:33:47,060

the dead people so we went to a couple

2174

01:33:51,130 --> 01:33:49,280

of graveyards but important has some

2175

01:33:53,050 --> 01:33:51,140

fantastic ones they have one really

2176
01:33:55,120 --> 01:33:53,060
really spooky one in fact the pictures I

2177
01:33:57,880 --> 01:33:55,130
took for that kind of assaulted in the

2178
01:34:00,340 --> 01:33:57,890
book are ones that we took in some of

2179
01:34:01,360 --> 01:34:00,350
the graveyards yeah just happen to be a

2180
01:34:05,650 --> 01:34:01,370
foggy day too

2181
01:34:07,960 --> 01:34:05,660
so we got we just got one thing at a

2182
01:34:09,880 --> 01:34:07,970
graveyard it was a freshly buried person

2183
01:34:12,610 --> 01:34:09,890
with flowers on top and we just got a

2184
01:34:16,990 --> 01:34:12,620
wisp of smoke some kind of wisp of

2185
01:34:18,400 --> 01:34:17,000
cloudy substance coming up from the

2186
01:34:20,680 --> 01:34:18,410
flowers into the air

2187
01:34:23,320 --> 01:34:20,690
whatever that was we don't know but we

2188
01:34:25,750 --> 01:34:23,330

we discovered a mausoleum and Portland

2189

01:34:28,270 --> 01:34:25,760

has it about a mausoleums like any big

2190

01:34:30,880 --> 01:34:28,280

city but it has an incredible mausoleum

2191

01:34:32,320 --> 01:34:30,890

that was big to begin with and it looked

2192

01:34:34,150 --> 01:34:32,330

like it looks like a building that's

2193

01:34:36,430 --> 01:34:34,160

been added on to and added on and added

2194

01:34:37,840 --> 01:34:36,440

on to apparently the first carpenters

2195

01:34:40,030 --> 01:34:37,850

didn't think that more people would die

2196

01:34:42,490 --> 01:34:40,040

than you know but they just kept adding

2197

01:34:43,930 --> 01:34:42,500

on to adding floors adding basement I

2198

01:34:47,050 --> 01:34:43,940

think it was three or four stories high

2199

01:34:50,080 --> 01:34:47,060

and a couple three stories low monstrous

2200

01:34:52,930 --> 01:34:50,090

boys and we we found our way into it

2201

01:34:57,580 --> 01:34:52,940

there wasn't anybody else in it I think

2202

01:35:00,250 --> 01:34:57,590

we sell one car out still oh oh I'm

2203

01:35:03,970 --> 01:35:00,260

sorry we I took the call but I was gonna

2204

01:35:06,310 --> 01:35:03,980

have them on hold but are you willing to

2205

01:35:08,770 --> 01:35:06,320

take the call now and we'll go back into

2206

01:35:11,620 --> 01:35:08,780

the story that all right sorry sorry to

2207

01:35:14,560 --> 01:35:11,630

interrupt you well caller lost out your

2208

01:35:16,480 --> 01:35:14,570

first name where you calling from this

2209

01:35:19,840 --> 01:35:16,490

is Steve I'm in New Hampshire are you

2210

01:35:22,690 --> 01:35:19,850

doing they say Steve welcome to the show

2211

01:35:24,460 --> 01:35:22,700

you have a question for our guest no I

2212

01:35:28,540 --> 01:35:24,470

have an experience that he might relate

2213

01:35:31,270 --> 01:35:28,550

to because in the 60s and 70s in Europe

2214

01:35:34,000 --> 01:35:31,280

there were nike hercules spaces and i

2215

01:35:38,820 --> 01:35:34,010

was assigned to one in the early in mid

2216

01:35:41,950 --> 01:35:38,830

70s in italy and the setup was we had

2217

01:35:44,200 --> 01:35:41,960

three missile barns two of them had what

2218

01:35:46,960 --> 01:35:44,210

they call special weapons or classified

2219

01:35:49,960 --> 01:35:46,970

weapons in them and we had a guard force

2220

01:35:51,880 --> 01:35:49,970

that provided security for them and one

2221

01:35:54,730 --> 01:35:51,890

night i was a duty officer and i went

2222

01:35:56,620 --> 01:35:54,740

down range and we had four guards down

2223

01:35:57,820 --> 01:35:56,630

in the shack there and they said wow you

2224

01:35:59,950 --> 01:35:57,830

missed it Lt

2225

01:36:01,930 --> 01:35:59,960

I said what and he said we had this

2226

01:36:03,610 --> 01:36:01,940

thing over one of the missile barns I

2227

01:36:06,100 --> 01:36:03,620

said well what do you mean a thing and

2228

01:36:09,060 --> 01:36:06,110

they said it's it's there you see it and

2229

01:36:11,320 --> 01:36:09,070

in the distance I could see a white

2230

01:36:13,720 --> 01:36:11,330

glowing thing and I says oh that's a

2231

01:36:15,730 --> 01:36:13,730

satellite of something and they said no

2232

01:36:18,070 --> 01:36:15,740

no it was closer and one of the

2233

01:36:20,350 --> 01:36:18,080

sergeant's there said well I hope we

2234

01:36:22,150 --> 01:36:20,360

don't see one of those things again I

2235

01:36:25,000 --> 01:36:22,160

says well what are you talking about

2236

01:36:27,820 --> 01:36:25,010

well he was in Greece in a similar site

2237

01:36:31,390 --> 01:36:27,830

that had special weapons and one night

2238

01:36:33,730 --> 01:36:31,400

he said a large glowing object came over

2239

01:36:36,520 --> 01:36:33,740

one of the missile barns and it was so

2240

01:36:39,430 --> 01:36:36,530

close that it set off the alarm system

2241

01:36:42,810 --> 01:36:39,440

which you know those long barns armed

2242

01:36:45,700 --> 01:36:42,820

and everything and not it set it off and

2243

01:36:47,500 --> 01:36:45,710

the duty officer came down they put it

2244

01:36:51,460 --> 01:36:47,510

in the report in the whole bit and the

2245

01:36:53,320 --> 01:36:51,470

next day a team came out from from CTF

2246

01:36:56,620 --> 01:36:53,330

which was like the regional headquarters

2247

01:36:59,650 --> 01:36:56,630

of the southern European task force and

2248

01:37:02,440 --> 01:36:59,660

they questioned all of them told them

2249

01:37:04,210 --> 01:37:02,450

not to talk about it and they broke them

2250

01:37:06,940 --> 01:37:04,220

all up and reassigned them and this

2251

01:37:10,210 --> 01:37:06,950

large and the sergeant got sent to the

2252

01:37:11,770 --> 01:37:10,220

site we were in Italy so that was you

2253

01:37:15,250 --> 01:37:11,780

know many years ago but it's not when

2254

01:37:17,680 --> 01:37:15,260

you were about the Nike hurt basis and I

2255

01:37:21,160 --> 01:37:17,690

had heard since then that there were a

2256

01:37:25,240 --> 01:37:21,170

lot of UFOs over places that had nuclear

2257

01:37:27,970 --> 01:37:25,250

or classified weapons stored and I just

2258

01:37:30,820 --> 01:37:27,980

thought I would pass that along great

2259

01:37:31,380 --> 01:37:30,830

great story Steve thanks thanks for the

2260

01:37:34,570 --> 01:37:31,390

call

2261

01:37:37,960 --> 01:37:34,580

yes thank you guys keep it up thank you

2262

01:37:40,450 --> 01:37:37,970

thank you all right so before the call

2263

01:37:43,180 --> 01:37:40,460

came in we were actually talking about

2264

01:37:46,270 --> 01:37:43,190

you the mausoleum you were you and your

2265

01:37:48,490 --> 01:37:46,280

wife were in so again I apologize for

2266

01:37:51,340 --> 01:37:48,500

the interruption okay I thought I

2267

01:37:54,040 --> 01:37:51,350

actually lost you there yeah it just is

2268

01:37:55,960 --> 01:37:54,050

a monstrous mausoleum three stories up

2269

01:37:59,440 --> 01:37:55,970

three stories down with tens of

2270

01:38:02,110 --> 01:37:59,450

thousands of marble drawers in which the

2271

01:38:04,060 --> 01:38:02,120

deceased lay and little alcoves

2272

01:38:09,450 --> 01:38:04,070

glass-covered alcoves in which there

2273

01:38:11,470 --> 01:38:09,460

were vases of ashes and marble floors so

2274

01:38:14,200 --> 01:38:11,480

you could hear water

2275

01:38:16,240 --> 01:38:14,210

ripping somewhere and and your

2276

01:38:19,780 --> 01:38:16,250

imagination you know you have to be

2277

01:38:21,760 --> 01:38:19,790

careful that you don't have a you know a

2278

01:38:23,830 --> 01:38:21,770

wish fulfillment or something you know

2279

01:38:25,870 --> 01:38:23,840

it and you want to you want to find

2280

01:38:28,240 --> 01:38:25,880

something and you know when you do is

2281

01:38:30,340 --> 01:38:28,250

this a darker place or is it lit it's

2282

01:38:34,060 --> 01:38:30,350

it's it's lit but it's just poorly lit

2283

01:38:35,560 --> 01:38:34,070

yeah and so my wife I had a digital and

2284

01:38:38,440 --> 01:38:35,570

so she just went out snapping digital

2285

01:38:41,350 --> 01:38:38,450

trying to get an orb and I'd walk around

2286

01:38:43,090 --> 01:38:41,360

my little voice recorder going to it but

2287

01:38:45,310 --> 01:38:43,100

hold it up to your drawers anybody want

2288

01:38:48,370 --> 01:38:45,320

to talk to me we didn't know what we're

2289

01:38:49,870 --> 01:38:48,380

doing Anna we did that for probably

2290

01:38:53,229 --> 01:38:49,880

there for three hours it's pretty

2291

01:38:56,500 --> 01:38:53,239

fascinating place and had spooky angels

2292

01:38:59,470 --> 01:38:56,510

you know of carvings statues of yeah

2293

01:39:02,740 --> 01:38:59,480

Carly she's not really and just a real

2294

01:39:05,800 --> 01:39:02,750

creepy place and we left and we went

2295

01:39:07,720 --> 01:39:05,810

home and I hooked my EVP recorder up to

2296

01:39:09,820 --> 01:39:07,730

the computer and we didn't get anything

2297

01:39:11,950 --> 01:39:09,830

but we decided to go back the next week

2298

01:39:15,820 --> 01:39:11,960

and we went back the next month next

2299

01:39:18,130 --> 01:39:15,830

week and again a wife took off snapping

2300

01:39:22,060 --> 01:39:18,140

pictures and I just sat on a bench I've

2301

01:39:24,510 --> 01:39:22,070

kind of lost interest already and we

2302

01:39:28,420 --> 01:39:24,520

were there a probably about 90 minutes

2303

01:39:30,070 --> 01:39:28,430

she came back and she says I feel awful

2304

01:39:32,650 --> 01:39:30,080

and she said I feel I'm just totally

2305

01:39:34,840 --> 01:39:32,660

totally exhausted depleted like I just

2306

01:39:37,390 --> 01:39:34,850

want to curl up on this bench here and

2307

01:39:40,570 --> 01:39:37,400

sleep and I had just gotten grumpier and

2308

01:39:43,750 --> 01:39:40,580

grumpier and I just wanted to punch

2309

01:39:47,500 --> 01:39:43,760

somebody yeah we I said let's just leave

2310

01:39:49,540 --> 01:39:47,510

and it got worse as we as we got about

2311

01:39:50,950 --> 01:39:49,550

halfway home he started to at first it

2312

01:39:52,510 --> 01:39:50,960

got worse as we left and then about

2313

01:39:56,770 --> 01:39:52,520

halfway know he's about a 40-minute

2314

01:39:58,330 --> 01:39:56,780

drive home it started to a lesson but

2315

01:39:59,830 --> 01:39:58,340

I've never felt this you know I've

2316

01:40:02,650 --> 01:39:59,840

gotten mad at somebody but never just

2317

01:40:05,140 --> 01:40:02,660

out of the blue just just this ant rage

2318

01:40:07,450 --> 01:40:05,150

and my wife is no one's no more

2319

01:40:11,110 --> 01:40:07,460

energetic than she is and just to get

2320

01:40:12,820 --> 01:40:11,120

just wilt into a pile and we got back to

2321

01:40:14,200 --> 01:40:12,830

the house and we just sat out in the

2322

01:40:16,390 --> 01:40:14,210

driveway we didn't want to go into the

2323

01:40:18,910 --> 01:40:16,400

house if we he said maybe we picked up

2324

01:40:20,380 --> 01:40:18,920

something my son is a pastor and he said

2325

01:40:21,700 --> 01:40:20,390

don't mess with that stuff don't mess

2326

01:40:24,919 --> 01:40:21,710

with that stuff the stuff will cling to

2327

01:40:26,569 --> 01:40:24,929

you you know and so we stayed in that

2328

01:40:29,089 --> 01:40:26,579

we had a symphony to go to that night

2329

01:40:31,910 --> 01:40:29,099

but we stayed in a car for probably 30

2330

01:40:34,669 --> 01:40:31,920

minutes 25 30 minutes and until we felt

2331

01:40:37,069 --> 01:40:34,679

better good enough to go in a house and

2332

01:40:39,319 --> 01:40:37,079

go to the concert but we were kind of

2333

01:40:42,020 --> 01:40:39,329

dragging at the concert and we never

2334

01:40:44,209 --> 01:40:42,030

went back out there again went to a

2335

01:40:45,649 --> 01:40:44,219

couple more cemeteries went to another

2336

01:40:48,379 --> 01:40:45,659

mod it's just real small when it

2337

01:40:51,979 --> 01:40:48,389

probably had 100 people in it under

2338

01:40:54,979 --> 01:40:51,989

deceased in it I-shaped and I wife was

2339

01:40:56,839 --> 01:40:54,989

went down one end and I didn't take my I

2340

01:40:59,709 --> 01:40:56,849

didn't take my EVP thing I felt kind of

2341

01:41:02,810 --> 01:40:59,719

stupid talking in drawers you know I

2342

01:41:04,669 --> 01:41:02,820

took the temperature thing I just sat

2343

01:41:06,919 --> 01:41:04,679

down on a bench and and just waited for

2344

01:41:09,819 --> 01:41:06,929

her to get her pictures oh and she

2345

01:41:13,009 --> 01:41:09,829

didn't get any Evie she didn't get any

2346

01:41:15,830 --> 01:41:13,019

images orbs she didn't get any orbs at

2347

01:41:17,449 --> 01:41:15,840

the big mausoleum at all and so I'm

2348

01:41:19,189 --> 01:41:17,459

sitting there and all of a sudden I

2349

01:41:20,629 --> 01:41:19,199

started getting really cold and I look

2350

01:41:23,540 --> 01:41:20,639

around there's no windows in the place

2351

01:41:25,069 --> 01:41:23,550

of course there's no vents and I look at

2352

01:41:29,569 --> 01:41:25,079

my temperature thing he dropped about 10

2353

01:41:31,640 --> 01:41:29,579

degrees and immediately instantly and my

2354

01:41:33,830 --> 01:41:31,650

wife I could hear getting I could hear

2355

01:41:36,469 --> 01:41:33,840

the clicks getting louder and louder as

2356

01:41:38,600 --> 01:41:36,479

she was getting nearer nearer she came

2357

01:41:40,580 --> 01:41:38,610

around the elbow of the of the L turn

2358

01:41:42,469 --> 01:41:40,590

there and she looked at me and she saw

2359

01:41:44,270 --> 01:41:42,479

what if my face was doing and I said

2360

01:41:46,759 --> 01:41:44,280

take a picture of me and just kind of

2361

01:41:48,620 --> 01:41:46,769

mouthed it she took a picture and it was

2362

01:41:52,370 --> 01:41:48,630

the only picture we got an orb it took

2363

01:41:53,750 --> 01:41:52,380

hundreds a giant orb by my chest only

2364

01:41:56,060 --> 01:41:53,760

but you couldn't see what type of camera

2365

01:41:57,679 --> 01:41:56,070

was she using digital is what they

2366

01:41:58,939 --> 01:41:57,689

recommend and now you have everybody's

2367

01:42:00,799 --> 01:41:58,949

got cell phones cell phones probably

2368

01:42:02,120 --> 01:42:00,809

work pretty well so it was just a

2369

01:42:04,489 --> 01:42:02,130

regular camera it was nothing special

2370

01:42:06,560 --> 01:42:04,499

now you couldn't see with your eyes but

2371

01:42:08,120 --> 01:42:06,570

you could see on the camera now was

2372

01:42:09,560 --> 01:42:08,130

there it is right behind you or anything

2373

01:42:11,959 --> 01:42:09,570

that could have caused a lens flare no

2374

01:42:13,580 --> 01:42:11,969

no that you know we always George rule

2375

01:42:15,799 --> 01:42:13,590

out dust and that sort of thing that's

2376

01:42:18,770 --> 01:42:15,809

always a possibility but this place was

2377

01:42:21,379 --> 01:42:18,780

pretty spotless no strange like it

2378

01:42:23,330 --> 01:42:21,389

wasn't raining outside we took a picture

2379

01:42:25,219 --> 01:42:23,340

for the cover of cops true stories of

2380

01:42:27,709 --> 01:42:25,229

paranormal there's a house you barely

2381

01:42:29,989 --> 01:42:27,719

see it in the fog that's a real spooky

2382

01:42:32,149 --> 01:42:29,999

house and we talked when we were

2383

01:42:34,910 --> 01:42:32,159

shooting pictures for the book we got or

2384

01:42:37,380 --> 01:42:34,920

but it was raining and I just so we just

2385

01:42:39,600 --> 01:42:37,390

wrote that off this rain rain orbs

2386

01:42:42,270 --> 01:42:39,610

yeah supposedly there's different you

2387

01:42:45,000 --> 01:42:42,280

can tell by if it's a duster them or the

2388

01:42:48,330 --> 01:42:45,010

rain water or something there's a

2389

01:42:49,700 --> 01:42:48,340

there's a series of pubs and the one

2390

01:42:52,440 --> 01:42:49,710

where I gave a talk to a couple of

2391

01:42:54,870 --> 01:42:52,450

several weeks ago is one of them that

2392

01:42:57,540 --> 01:42:54,880

are haunted in Portland what I'm saying

2393

01:43:00,780 --> 01:42:57,550

was a poor farm with people who were

2394

01:43:03,300 --> 01:43:00,790

poor were putting this farm way back in

2395

01:43:05,870 --> 01:43:03,310

the 1890s or whatever and you can go out

2396

01:43:10,080 --> 01:43:05,880

there the digital and people have and

2397

01:43:12,810 --> 01:43:10,090

there's a long hallway down this down

2398

01:43:14,880 --> 01:43:12,820

this some hotel and you take pictures

2399

01:43:18,780 --> 01:43:14,890

and there will be 50 or 100 orbs and the

2400

01:43:21,530 --> 01:43:18,790

pictures weird oh and are they something

2401

01:43:25,320 --> 01:43:21,540

who knows a lot a lot of paranormal

2402

01:43:27,480 --> 01:43:25,330

experts and you know say that orbs don't

2403

01:43:29,700 --> 01:43:27,490

mean anything and other experts say yeah

2404

01:43:31,920 --> 01:43:29,710

they mean a lot it could be you know a

2405

01:43:33,510 --> 01:43:31,930

ghost trying to manifest itself or

2406

01:43:35,430 --> 01:43:33,520

that's that sort of thing

2407

01:43:38,250 --> 01:43:35,440

well a number of people have talked

2408

01:43:42,240 --> 01:43:38,260

about orbs having sort of an

2409

01:43:44,490 --> 01:43:42,250

intelligence to them you know so in the

2410

01:43:47,490 --> 01:43:44,500

way they navigate and stuff like that

2411

01:43:49,710 --> 01:43:47,500

so I don't know you know there is

2412

01:43:52,200 --> 01:43:49,720

sometimes there sometimes pictures are

2413

01:43:55,320 --> 01:43:52,210

capture they capture orbs and pictures

2414

01:43:57,480 --> 01:43:55,330

where there is a haunting hmm so that

2415

01:44:00,360 --> 01:43:57,490

would be that would be significant in my

2416

01:44:02,340 --> 01:44:00,370

mind I am NOT an expert I wrote this

2417

01:44:05,070 --> 01:44:02,350

book as a reporter and a guy who's had

2418

01:44:07,050 --> 01:44:05,080

three or four experiences so yeah now in

2419

01:44:09,750 --> 01:44:07,060

your book you talk about cattle

2420

01:44:12,120 --> 01:44:09,760

mutilations and that's another bizarre

2421

01:44:15,000 --> 01:44:12,130

thing happening and there's you know

2422

01:44:16,890 --> 01:44:15,010

skeptics will say Satanist I saw you

2423

01:44:18,750 --> 01:44:16,900

wrote that in your book and a number of

2424

01:44:19,740 --> 01:44:18,760

different things but a lot of things

2425

01:44:22,560 --> 01:44:19,750

just don't add up

2426

01:44:24,900 --> 01:44:22,570

and one thing you did right in there was

2427

01:44:29,490 --> 01:44:24,910

about the possibility of them being

2428

01:44:32,040 --> 01:44:29,500

dropped and which came to mind a couple

2429

01:44:33,500 --> 01:44:32,050

of that I've heard about I don't know if

2430

01:44:37,290 --> 01:44:33,510

you ever heard of the skinwalker ranch

2431

01:44:40,590 --> 01:44:37,300

but uh there was a mutilation where the

2432

01:44:43,110 --> 01:44:40,600

cow the cows head was like stuck in a

2433

01:44:45,780 --> 01:44:43,120

hole as if had been dropped from above

2434

01:44:49,650 --> 01:44:45,790

and like it went down and you know smash

2435

01:44:50,970 --> 01:44:49,660

into whole bizarre things and sometimes

2436

01:44:53,580 --> 01:44:50,980

they're dropped

2437

01:44:55,140 --> 01:44:53,590

through trees and they don't hit the

2438

01:44:57,300 --> 01:44:55,150

ground and they hit the ground so hard

2439

01:44:58,740 --> 01:44:57,310

to leave an imprint they bounced over to

2440

01:45:01,410 --> 01:44:58,750

another location a couple three feet

2441

01:45:04,440 --> 01:45:01,420

away and you can look up and you can see

2442

01:45:06,270 --> 01:45:04,450

all the limbs broken all the way to the

2443

01:45:07,380 --> 01:45:06,280

top think cows climb trees as far as I

2444

01:45:10,140 --> 01:45:07,390

know no they don't

2445

01:45:11,220 --> 01:45:10,150

I don't yeah you know and then there's

2446

01:45:12,960 --> 01:45:11,230

always people talking about the black

2447

01:45:15,660 --> 01:45:12,970

helicopters and all that sort of thing

2448

01:45:17,700 --> 01:45:15,670

and or the government's behind it but as

2449

01:45:19,380 --> 01:45:17,710

I mentioned in the book as a guy worked

2450

01:45:21,960 --> 01:45:19,390

in a government an army and the police

2451

01:45:24,630 --> 01:45:21,970

two people can't keep a secret you know

2452

01:45:26,400 --> 01:45:24,640

and there's that and the other thing is

2453

01:45:30,750 --> 01:45:26,410

why would the government go to a

2454

01:45:32,280 --> 01:45:30,760

hard-working farmer take his cow and go

2455

01:45:33,690 --> 01:45:32,290

and slice it up and then bring it back

2456

01:45:36,390 --> 01:45:33,700

and drop it off you know

2457

01:45:39,210 --> 01:45:36,400

surely they can buy their own cows or

2458

01:45:40,950 --> 01:45:39,220

they do steal a cow they can just flirt

2459

01:45:42,690 --> 01:45:40,960

an incinerator someplace why bring it

2460

01:45:44,160 --> 01:45:42,700

back and make the guy feel even more

2461

01:45:46,410 --> 01:45:44,170

miserable well what was kind of

2462

01:45:48,660 --> 01:45:46,420

interesting is some of the mutilations

2463

01:45:51,240 --> 01:45:48,670

you know there's certain similarities is

2464

01:45:53,370 --> 01:45:51,250

that mutilations some certain like

2465

01:45:56,000 --> 01:45:53,380

certain or usually the sex organs are

2466

01:46:00,060 --> 01:45:56,010

cut out the utter if it's a cow the eyes

2467

01:46:02,130 --> 01:46:00,070

sometimes the mouth and most of time

2468

01:46:04,950 --> 01:46:02,140

there's no blood anywhere there's no

2469

01:46:07,350 --> 01:46:04,960

blood on the ground the nature of the

2470

01:46:10,380 --> 01:46:07,360

soil has been changed like just like

2471

01:46:12,090 --> 01:46:10,390

some of the UFO sightings where UFOs

2472

01:46:17,070 --> 01:46:12,100

have landed they tested the ground and

2473

01:46:19,670 --> 01:46:17,080

the ground is different or there's kind

2474

01:46:21,810 --> 01:46:19,680

of a charred mark around the animal or

2475

01:46:25,620 --> 01:46:21,820

one of the one thing I found really

2476

01:46:28,530 --> 01:46:25,630

interesting they found one cattle

2477

01:46:32,910 --> 01:46:28,540

mutilation in you see the late 50s early

2478

01:46:35,640 --> 01:46:32,920

60s and it had oh and most of them have

2479

01:46:38,220 --> 01:46:35,650

a precision cutting so it's not like an

2480

01:46:40,740 --> 01:46:38,230

animal nodded you know a precision

2481

01:46:44,729 --> 01:46:40,750

cutting of whatever they want the the

2482

01:46:47,310 --> 01:46:44,739

sex organ or the utter or whatever the

2483

01:46:49,500 --> 01:46:47,320

instruments that were use the experts at

2484

01:46:52,020 --> 01:46:49,510

the scene looked and so and they said

2485

01:46:54,690 --> 01:46:52,030

said that the the instruments that were

2486

01:46:57,090 --> 01:46:54,700

used would not be invented they looked

2487

01:47:01,320 --> 01:46:57,100

at pictures would not be invented for

2488

01:47:04,200 --> 01:47:01,330

another ten years well I think that's it

2489

01:47:04,590 --> 01:47:04,210

that is that's pretty pretty awesome and

2490

01:47:12,090 --> 01:47:04,600

there's

2491

01:47:13,680 --> 01:47:12,100

you know I mean you talk about looking

2492

01:47:15,120 --> 01:47:13,690

evidence but we'll talk about that in

2493

01:47:16,460 --> 01:47:15,130

just a minute we have a call coming in

2494

01:47:19,140 --> 01:47:16,470

so I'll take that

2495

01:47:20,550 --> 01:47:19,150

hi caller you're on the line can you

2496

01:47:23,820 --> 01:47:20,560

tell us your first name and where you're

2497

01:47:26,880 --> 01:47:23,830

calling from yes this is Andy from

2498

01:47:29,480 --> 01:47:26,890

Stratford Connecticut I guess can you

2499

01:47:31,620 --> 01:47:29,490

please turn your computer mute please

2500

01:47:33,900 --> 01:47:31,630

yep yep got it

2501

01:47:37,470 --> 01:47:33,910

all right you ever sigh just you go

2502

01:47:40,680 --> 01:47:37,480

ahead yeah it's not a cattle mutilation

2503

01:47:42,720 --> 01:47:40,690

but it really made me wonder in the

2504

01:47:46,830 --> 01:47:42,730

woods in central New Hampshire a few

2505

01:47:47,610 --> 01:47:46,840

years ago was out hiking alone and deep

2506

01:47:50,880 --> 01:47:47,620

in the woods

2507

01:47:52,740 --> 01:47:50,890

not near any roads certainly not near

2508

01:47:55,830 --> 01:47:52,750

any kind of a road where a vehicle could

2509

01:48:01,560 --> 01:47:55,840

get you know maybe a dirt bike or a or a

2510

01:48:07,380 --> 01:48:01,570

hiker I saw far from any path a deep

2511

01:48:10,020 --> 01:48:07,390

perfectly round area of soil where it

2512

01:48:13,320 --> 01:48:10,030

looked like a giant ice-cream scoop came

2513

01:48:16,890 --> 01:48:13,330

in and just removed a perfectly round

2514

01:48:19,500 --> 01:48:16,900

piece of the earth I would say maybe 4

2515

01:48:22,380 --> 01:48:19,510

feet 5 feet in diameter and about 2 or 3

2516

01:48:23,730 --> 01:48:22,390

feet deep and it wasn't on a hill where

2517

01:48:26,880 --> 01:48:23,740

it would have been a rock that rolled

2518

01:48:29,730 --> 01:48:26,890

away and I just stood there for a while

2519

01:48:33,540 --> 01:48:29,740

staring at it and I could not figure out

2520

01:48:35,880 --> 01:48:33,550

how that came to be there and a little

2521

01:48:36,660 --> 01:48:35,890

while later the part of me yeah I see

2522

01:48:38,940 --> 01:48:36,670

yeah

2523

01:48:42,360 --> 01:48:38,950

did you actually see where the dirt went

2524

01:48:43,890 --> 01:48:42,370

like piles of dirt around later that's

2525

01:48:44,880 --> 01:48:43,900

that's just what made the whole thing

2526

01:48:49,260 --> 01:48:44,890

just so bizarre

2527

01:48:51,570 --> 01:48:49,270

like not nothing I was looking at made

2528

01:48:53,910 --> 01:48:51,580

any sense to me there was no dirt there

2529

01:48:56,730 --> 01:48:53,920

was no rock there were no tracks for a

2530

01:49:00,420 --> 01:48:56,740

bulldozer or I mean a backhoe there was

2531

01:49:04,710 --> 01:49:00,430

no way that that that soil shouldn't be

2532

01:49:07,080 --> 01:49:04,720

gone and I just took me a while to try

2533

01:49:09,930 --> 01:49:07,090

to process it I just shook my head and

2534

01:49:11,370 --> 01:49:09,940

filed it away and then years later when

2535

01:49:13,890 --> 01:49:11,380

I started hearing about cattle

2536

01:49:18,150 --> 01:49:13,900

mutilations and it made me wonder if

2537

01:49:23,280 --> 01:49:18,160

something was taken away right there

2538

01:49:25,740 --> 01:49:23,290

I'll just I'll never know but that that

2539

01:49:28,200 --> 01:49:25,750

was something I can't figure out and

2540

01:49:32,730 --> 01:49:28,210

it's stuck with me for years

2541

01:49:35,070 --> 01:49:32,740

and on a separate note I live near and

2542

01:49:37,560 --> 01:49:35,080

work near the Pease Air Force Base oh

2543

01:49:41,010 --> 01:49:37,570

yeah for years and years and years and

2544

01:49:45,920 --> 01:49:41,020

was never had any luck seeing anything

2545

01:49:48,840 --> 01:49:45,930

there but at one point in the military

2546

01:49:49,950 --> 01:49:48,850

training at Indiantown Gap in

2547

01:49:52,260 --> 01:49:49,960

Pennsylvania

2548

01:49:55,680 --> 01:49:52,270

myself and a couple other guys on night

2549

01:49:59,870 --> 01:49:55,690

patrol well not everybody saw just if

2550

01:50:02,880 --> 01:49:59,880

just a few of us together saw lights

2551
01:50:08,280 --> 01:50:02,890
blinking in and out moving across the

2552
01:50:10,880 --> 01:50:08,290
entire horizon so covering hundreds and

2553
01:50:15,620 --> 01:50:10,890
hundreds of miles just in a few seconds

2554
01:50:17,910 --> 01:50:15,630
and then changing directions sharply and

2555
01:50:20,190 --> 01:50:17,920
we didn't really talk about it and

2556
01:50:23,880 --> 01:50:20,200
didn't tell our superiors we knew that

2557
01:50:25,770 --> 01:50:23,890
it would go nowhere it definitely would

2558
01:50:29,570 --> 01:50:25,780
have been frowned on it could go

2559
01:50:33,090 --> 01:50:29,580
somewhere but you would never know true

2560
01:50:35,670 --> 01:50:33,100
I I wouldn't I won't rehash the whole

2561
01:50:38,130 --> 01:50:35,680
story of it I saw a green orb in the

2562
01:50:41,940 --> 01:50:38,140
military training at Ethan Allen firing

2563
01:50:43,470 --> 01:50:41,950

range in Vermont and plain as day right

2564

01:50:46,490 --> 01:50:43,480

in front of me with another person and

2565

01:50:50,000 --> 01:50:46,500

we did tell a few people and we were

2566

01:50:55,080 --> 01:50:50,010

totally told to keep quiet don't bother

2567

01:50:56,640 --> 01:50:55,090

and that that was the easily the biggest

2568

01:51:00,300 --> 01:50:56,650

mind blower I've ever seen in my life

2569

01:51:04,500 --> 01:51:00,310

well anyway that was it I just wanted to

2570

01:51:06,210 --> 01:51:04,510

share that that soil story thank you my

2571

01:51:07,830 --> 01:51:06,220

favorite all right thanks for the clean

2572

01:51:09,870 --> 01:51:07,840

show guys thank you there you know

2573

01:51:12,450 --> 01:51:09,880

thanks to the call I actually grew up

2574

01:51:15,060 --> 01:51:12,460

across the river from Pease Air Force

2575

01:51:17,670 --> 01:51:15,070

Base and I remember when there was a

2576
01:51:20,400 --> 01:51:17,680
fighter jet crash there our whole house

2577
01:51:23,730 --> 01:51:20,410
shook so that's a lottery base right in

2578
01:51:28,200 --> 01:51:23,740
Newington new hampshire but i lived

2579
01:51:28,830 --> 01:51:28,210
across the river in maine alright okay

2580
01:51:31,110 --> 01:51:28,840
thank you guys

2581
01:51:32,880 --> 01:51:31,120
yeah yeah that

2582
01:51:36,060 --> 01:51:32,890
that place is nuts when that when the

2583
01:51:38,070 --> 01:51:36,070
galaxy c-5a galaxies come and go if they

2584
01:51:41,810 --> 01:51:38,080
can be half a mile away and and you

2585
01:51:46,650 --> 01:51:41,820
can't hear yourself think anyway alright

2586
01:51:48,000 --> 01:51:46,660
Joe thank you thank you you know I don't

2587
01:51:50,220 --> 01:51:48,010
remember what we were talking about I

2588
01:51:54,390 --> 01:51:50,230

was just asking you a question I believe

2589

01:51:55,620 --> 01:51:54,400

when he when he called in but we're

2590

01:51:58,850 --> 01:51:55,630

getting right near the end of the show

2591

01:52:01,460 --> 01:51:58,860

we got about six or so minutes left

2592

01:52:06,450 --> 01:52:01,470

we're talking about cattle mutilations

2593

01:52:09,450 --> 01:52:06,460

basically it is bizarre that you know

2594

01:52:11,880 --> 01:52:09,460

the the no blood thing in the you know

2595

01:52:14,160 --> 01:52:11,890

people have said well it's a soft tissue

2596

01:52:16,020 --> 01:52:14,170

that the animals get in and you know eat

2597

01:52:17,700 --> 01:52:16,030

away and stuff like that but the

2598

01:52:20,400 --> 01:52:17,710

precision cutting I've seen pictures

2599

01:52:24,570 --> 01:52:20,410

it's really bizarre it's and in some

2600

01:52:26,570 --> 01:52:24,580

cases the indigenous animals and birds

2601

01:52:30,270 --> 01:52:26,580

won't go near it

2602

01:52:31,800 --> 01:52:30,280

to pick out the carcass and it's okay

2603

01:52:35,100 --> 01:52:31,810

and I remember a couple of stories where

2604

01:52:37,290 --> 01:52:35,110

they didn't go near for thirty days well

2605

01:52:39,240 --> 01:52:37,300

it's they had hang on a wire like they

2606

01:52:44,880 --> 01:52:39,250

were waiting but they they didn't go

2607

01:52:48,450 --> 01:52:44,890

here at for 30 days that desert when you

2608

01:52:49,710 --> 01:52:48,460

just when you wrote your book in your

2609

01:52:52,320 --> 01:52:49,720

book came out you said it was on the

2610

01:52:54,780 --> 01:52:52,330

bestseller list did you have police

2611

01:52:57,350 --> 01:52:54,790

officers contact you you know through

2612

01:53:00,420 --> 01:52:57,360

Facebook or somehow through your website

2613

01:53:01,590 --> 01:53:00,430

about their story they say gee I wish I

2614

01:53:03,240 --> 01:53:01,600

would have known you know you're gonna

2615

01:53:06,240 --> 01:53:03,250

do that or anything like that for like a

2616

01:53:08,070 --> 01:53:06,250

follow up well yeah I like to do a

2617

01:53:14,010 --> 01:53:08,080

second one in fact most of your views

2618

01:53:15,750 --> 01:53:14,020

asked for a second one I put a word out

2619

01:53:17,430 --> 01:53:15,760

and I'll get a couple which you know

2620

01:53:18,570 --> 01:53:17,440

can't make a book at it I think I have

2621

01:53:21,450 --> 01:53:18,580

like six right now

2622

01:53:22,770 --> 01:53:21,460

can't make a book out of that and then I

2623

01:53:24,060 --> 01:53:22,780

won't hear anything for a while so I

2624

01:53:26,460 --> 01:53:24,070

just get busy on I usually have two

2625

01:53:28,830 --> 01:53:26,470

books going at the same time so I'm

2626

01:53:30,510 --> 01:53:28,840

working on something else but yeah I

2627

01:53:32,720 --> 01:53:30,520

have a guy been trying to get him to

2628

01:53:36,690 --> 01:53:32,730

tell me story as he was a policeman and

2629

01:53:38,790 --> 01:53:36,700

responded to a call in the real house in

2630

01:53:41,460 --> 01:53:38,800

which the movie The Exorcist was based

2631

01:53:44,570 --> 01:53:41,470

on and he had he had an experience in

2632

01:53:48,230 --> 01:53:46,310

and yeah I have the guys have sent me

2633

01:53:50,300 --> 01:53:48,240

yeah I have three or four and and now

2634

01:53:54,740 --> 01:53:50,310

but I feel bad cuz I've been holding on

2635

01:53:56,150 --> 01:53:54,750

to him and so video listeners are police

2636

01:53:59,350 --> 01:53:56,160

you got stories you know give me a shout

2637

01:54:01,580 --> 01:53:59,360

and I'd like to do another one and

2638

01:54:05,300 --> 01:54:01,590

because this is what so well received

2639

01:54:08,840 --> 01:54:05,310

and and it was and several the writers

2640

01:54:10,340 --> 01:54:08,850

told me how good they felt after they

2641

01:54:11,240 --> 01:54:10,350

wrote the story and they could finally

2642

01:54:13,250 --> 01:54:11,250

get it out there

2643

01:54:15,830 --> 01:54:13,260

now a couple there's only about I

2644

01:54:18,830 --> 01:54:15,840

thought most the officers would want not

2645

01:54:21,580 --> 01:54:18,840

to use their real name but only three

2646

01:54:23,690 --> 01:54:21,590

they are still currently on a PD and

2647

01:54:25,190 --> 01:54:23,700

their agency didn't want him use her

2648

01:54:28,190 --> 01:54:25,200

name and they didn't want to use their

2649

01:54:30,200 --> 01:54:28,200

agency so I just said you know a West

2650

01:54:32,300 --> 01:54:30,210

Coast City or something but all the rest

2651
01:54:38,720 --> 01:54:32,310
of their real names and and real police

2652
01:54:44,120 --> 01:54:38,730
agencies and yeah yeah so yeah so it was

2653
01:54:47,510 --> 01:54:44,130
a very a very informative and sometimes

2654
01:54:49,370 --> 01:54:47,520
it kind of a spooky book to work on it

2655
01:54:50,990 --> 01:54:49,380
was a fun work now wasn't sure how is

2656
01:54:52,190 --> 01:54:51,000
going to be taken because they're like

2657
01:54:55,100 --> 01:54:52,200
you're one caller said you don't have a

2658
01:54:57,320 --> 01:54:55,110
rep out there with army and military and

2659
01:54:59,420 --> 01:54:57,330
writing books on PTSD and that sort of

2660
01:55:02,090 --> 01:54:59,430
thing and and they go this guy's gone

2661
01:55:05,150 --> 01:55:02,100
off the deep end but it never got that

2662
01:55:07,700 --> 01:55:05,160
at all have you done other books as well

2663
01:55:12,400 --> 01:55:07,710

where you have like a cooperation like

2664

01:55:15,260 --> 01:55:12,410

you did with these writers yeah yeah

2665

01:55:18,800 --> 01:55:15,270

have a book called warriors out of print

2666

01:55:20,450 --> 01:55:18,810

now on combat I did with with an army

2667

01:55:23,570 --> 01:55:20,460

colonel and that's that's that's the

2668

01:55:26,480 --> 01:55:23,580

biggest one I've written and we worked

2669

01:55:30,260 --> 01:55:26,490

it took us 30 30 months to write that

2670

01:55:33,470 --> 01:55:30,270

one and I yeah and it's it's required

2671

01:55:35,090 --> 01:55:33,480

reading at the War College and a

2672

01:55:37,700 --> 01:55:35,100

different military units and that sort

2673

01:55:40,040 --> 01:55:37,710

of thing yeah so we got a lot of input

2674

01:55:44,360 --> 01:55:40,050

from guys who had stories it's on it's

2675

01:55:47,960 --> 01:55:44,370

it's on what happens to your body in in

2676

01:55:49,460 --> 01:55:47,970

a toxic violent situation war you know

2677

01:55:51,140 --> 01:55:49,470

in particular it's for ores or a

2678

01:55:53,150 --> 01:55:51,150

shooting it's for police officers in

2679

01:55:56,030 --> 01:55:53,160

military and is how to prepare your mind

2680

01:55:56,660 --> 01:55:56,040

for it how to prepare it as it has as it

2681

01:55:58,430 --> 01:55:56,670

happens

2682

01:56:00,140 --> 01:55:58,440

and the mole and the worst for most

2683

01:56:02,600 --> 01:56:00,150

people is how to prepare you mind for

2684

01:56:06,070 --> 01:56:02,610

the aftermath so a lot of people just

2685

01:56:09,590 --> 01:56:06,080

contributed their stories to that book

2686

01:56:12,860 --> 01:56:09,600

so that was kind of nice but um yeah so

2687

01:56:14,209 --> 01:56:12,870

so the the parable was I really wanted

2688

01:56:16,330 --> 01:56:14,219

to do something different and that

2689

01:56:18,140 --> 01:56:16,340

worked out the cops true stories of the

2690

01:56:21,080 --> 01:56:18,150

paranormal worked out really well so

2691

01:56:23,330 --> 01:56:21,090

yeah well it looks like we're at the end

2692

01:56:24,860 --> 01:56:23,340

of our time here and it's been a real

2693

01:56:29,350 --> 01:56:24,870

pleasure I really enjoyed tonight's show

2694

01:56:35,209 --> 01:56:29,360

a lot thank you and thanks so much

2695

01:56:38,510 --> 01:56:35,219

alright so that was our guest and very

2696

01:56:41,750 --> 01:56:38,520

enjoyable and he has a website you can

2697

01:56:46,370 --> 01:56:41,760

check that out and that is uh actually

2698

01:56:48,140 --> 01:56:46,380

his name and so that's it for the show I

2699

01:56:49,520 --> 01:56:48,150

want to thank everyone for listening and

2700

01:56:51,919 --> 01:56:49,530

I want to thank the supporters that

2701

01:56:56,689 --> 01:56:51,929

support the show next week we have peter

2702

01:56:57,229 --> 01:56:56,699

robbins coming up and he will be he's a

2703

01:56:59,479 --> 01:56:57,239

friend

2704

01:57:01,729 --> 01:56:59,489

i did want to tell lee Spiegel's story

2705

01:57:03,950 --> 01:57:01,739

because it was involved with a hit a UFO

2706

01:57:05,540 --> 01:57:03,960

over a number of our listeners have

2707

01:57:06,830 --> 01:57:05,550

heard it many times but he was with a

2708

01:57:08,090 --> 01:57:06,840

lot of police officers when that

2709

01:57:10,490 --> 01:57:08,100

happened i didn't get a chance to tell

2710

01:57:14,300 --> 01:57:10,500

that but anyway lee will be coming up in

2711

01:57:16,459 --> 01:57:14,310

a while on another show but again thanks

2712

01:57:18,140 --> 01:57:16,469

so much for listening and we'll be back

2713

01:57:20,310 --> 01:57:18,150

next week and remember to keep your eyes

2714

01:57:25,520 --> 01:57:20,320

to the sky
