1  
00:00:08,570 --> 00:00:06,320  
hello and welcome to the show I'm this

2  
00:00:11,839 --> 00:00:08,580  
is podcast UFO in a Martin will assure

3  
00:00:14,570 --> 00:00:11,849  
humble host and boy am I excited about

4  
00:00:18,519 --> 00:00:14,580  
this show we are simulcasting on youtube

5  
00:00:21,970 --> 00:00:18,529  
and we're hoping that that works out

6  
00:00:25,759 --> 00:00:21,980  
well we never know and I want to say

7  
00:00:28,910 --> 00:00:25,769  
hello to everyone on kgr radio this is

8  
00:00:32,330 --> 00:00:28,920  
our debut show and it's a good one

9  
00:00:35,240 --> 00:00:32,340  
and we'll be back every Tuesday night at

10  
00:00:38,000 --> 00:00:35,250  
6:00 to 8:00 p.m. Eastern Standard Time

11  
00:00:40,940 --> 00:00:38,010  
with some great guests always looking

12  
00:00:42,500 --> 00:00:40,950  
for great guests and that is a new

13  
00:00:45,110 --> 00:00:42,510

Showtime I know it's a little bit early

14

00:00:46,910 --> 00:00:45,120

for the people on the west coast but if

15

00:00:49,459 --> 00:00:46,920

you get a chance to listen at work we

16

00:00:52,400 --> 00:00:49,469

are safe for work I think we've only had

17

00:00:53,750 --> 00:00:52,410

a couple of guests you know put a couple

18

00:00:56,619 --> 00:00:53,760

of cuss words out there every now and

19

00:01:00,619 --> 00:00:56,629

then but we are generally safe for work

20

00:01:04,369 --> 00:01:00,629

so the new audience again I want to

21

00:01:07,670 --> 00:01:04,379

welcome you and also check out podcast

22

00:01:11,899 --> 00:01:07,680

UFO comm we have occasional blogs we do

23

00:01:14,660 --> 00:01:11,909

also accept guest blogs there and we

24

00:01:17,179 --> 00:01:14,670

also have a UFO sightings page and an

25

00:01:20,600 --> 00:01:17,189

anonymous posting page you can remain

26

00:01:22,700 --> 00:01:20,610

anonymous if you choose to and so we

27

00:01:25,160 --> 00:01:22,710

that's also where our podcasts are

28

00:01:28,039 --> 00:01:25,170

housed and I want to thank everyone that

29

00:01:30,230 --> 00:01:28,049

supports our show anyone can support our

30

00:01:32,359 --> 00:01:30,240

show for two dollars or more a month and

31

00:01:34,700 --> 00:01:32,369

for that you get the full archives of

32

00:01:38,179 --> 00:01:34,710

our to our podcast over at podcast UFO

33

00:01:39,999 --> 00:01:38,189

you can play on any media player so

34

00:01:43,130 --> 00:01:40,009

tonight Alejandro is coming up with you

35

00:01:46,100 --> 00:01:43,140

UFO updates in just a minute and we have

36

00:01:48,980 --> 00:01:46,110

a list guests

37

00:01:50,480 --> 00:01:48,990

that's a plural tonight first of all we

38

00:01:52,490 --> 00:01:50,490

have Dave Marlar he's going to be

39

00:01:55,219 --> 00:01:52,500

talking about triangle UFOs the Battle

40

00:01:57,649 --> 00:01:55,229

of LA and the Farmington New Mexico

41

00:01:59,749 --> 00:01:57,659

flying saucer Marta

42

00:02:02,270 --> 00:01:59,759

now that's a new one to me I can't wait

43

00:02:05,899 --> 00:02:02,280

to hear about that in our two we have my

44

00:02:08,419 --> 00:02:05,909

good friend UFO longtime UFO researcher

45

00:02:13,140 --> 00:02:08,429

and journalist and now a film producer

46

00:02:14,940 --> 00:02:13,150

writer Lee Spiegel and alts

47

00:02:17,880 --> 00:02:14,950

this is real exciting we have the number

48

00:02:22,199 --> 00:02:17,890

who I consider the number one UFO film

49

00:02:24,660 --> 00:02:22,209

maker James Fox all coming up so I want

50

00:02:27,330 --> 00:02:24,670

to dedicate this show to a wonderful man

51  
00:02:29,699 --> 00:02:27,340  
and that's Alan bean I don't know if

52  
00:02:32,400 --> 00:02:29,709  
anyone out there have noticed but he

53  
00:02:34,530 --> 00:02:32,410  
passed away May 26

54  
00:02:36,869 --> 00:02:34,540  
I got to know Alan a little bit because

55  
00:02:38,520 --> 00:02:36,879  
I did an interview with him and we kind

56  
00:02:41,130 --> 00:02:38,530  
of stayed in touch over the years I

57  
00:02:45,240 --> 00:02:41,140  
actually interviewed him with my

58  
00:02:48,600 --> 00:02:45,250  
colleague Phyllis back on my antique

59  
00:02:50,430 --> 00:02:48,610  
auction forum podcast I did we talked

60  
00:02:52,830 --> 00:02:50,440  
about his wonderful artwork he's very

61  
00:02:55,800 --> 00:02:52,840  
talented he did moon paintings even

62  
00:02:58,080 --> 00:02:55,810  
sometimes what moon dust on them he was

63  
00:03:00,660 --> 00:02:58,090

really funny and a real nice guy and we

64

00:03:04,589 --> 00:03:00,670

stayed in touch and so I'm going to be

65

00:03:06,600 --> 00:03:04,599

playing a clip with him in just a minute

66

00:03:09,600 --> 00:03:06,610

I want to bring all hondo in first I

67

00:03:11,190 --> 00:03:09,610

wonder there's only a few astronauts

68

00:03:13,140 --> 00:03:11,200

left that actually walked on the moon

69

00:03:16,530 --> 00:03:13,150

now I think there's like something like

70

00:03:19,170 --> 00:03:16,540

5 out of 12 or something like that so

71

00:03:22,500 --> 00:03:19,180

but I never enamoured without with

72

00:03:25,500 --> 00:03:22,510

astronauts the same way I am and it was

73

00:03:28,259 --> 00:03:25,510

right Austan pleasure to talk to Alan so

74

00:03:30,750 --> 00:03:28,269

yeah luckily I got to interview one the

75

00:03:32,280 --> 00:03:30,760

last one not the only you know moon

76

00:03:33,890 --> 00:03:32,290

Walker I really got to interview

77

00:03:38,220 --> 00:03:33,900

unfortunately I never got to interview

78

00:03:41,160 --> 00:03:38,230

Edgar Mitchell but I did exchanged a

79

00:03:45,089 --> 00:03:41,170

couple of emails with him before but was

80

00:03:46,800 --> 00:03:45,099

at Harrison I can't remember his first

81

00:03:48,539 --> 00:03:46,810

name Harrison Schmitt Harrison Schmitt

82

00:03:51,240 --> 00:03:48,549

yeah he's one of what's all about

83

00:03:54,599 --> 00:03:51,250

Schmidt yeah he's one of the guys really

84

00:03:57,000 --> 00:03:54,609

into paranormal topics also he did this

85

00:03:59,339 --> 00:03:57,010

whole cattle mutilation investigation a

86

00:04:03,210 --> 00:03:59,349

long time in the past and and actually

87

00:04:05,069 --> 00:04:03,220

people go look at my bennewitz stuff

88

00:04:07,440 --> 00:04:05,079

where you read some of the stuff about

89

00:04:08,940 --> 00:04:07,450

you know Richard Doty and some of this

90

00:04:11,400 --> 00:04:08,950

other stuff he was right in the middle

91

00:04:13,710 --> 00:04:11,410

of all of that so there's some good

92

00:04:16,620 --> 00:04:13,720

books about what he did so very

93

00:04:19,099 --> 00:04:16,630

interesting fella hey I'd like to

94

00:04:22,920 --> 00:04:19,109

replace mitt I'd like to play a clip of

95

00:04:24,330 --> 00:04:22,930

Alan bean the from the interview I did

96

00:04:26,580 --> 00:04:24,340

with him and I talked to him about moon

97

00:04:27,000 --> 00:04:26,590

rocks so that's about two minutes long

98

00:04:29,100 --> 00:04:27,010

it's a

99

00:04:36,650 --> 00:04:29,110

echoey but i'm gonna play that now okay

100

00:05:02,700 --> 00:04:38,880

they called me up and they said this

101  
00:05:04,620 --> 00:05:02,710  
guy's selling this big and I said we

102  
00:05:06,540 --> 00:05:04,630  
didn't have any brats we brought back

103  
00:05:13,710 --> 00:05:06,550  
they all belong to NASA and the

104  
00:05:15,690 --> 00:05:13,720  
government the way frequently I'll meet

105  
00:05:18,900 --> 00:05:15,700  
somebody at a speech or something

106  
00:05:22,200 --> 00:05:18,910  
they'll say my uncle has got a big moon

107  
00:05:24,060 --> 00:05:22,210  
rock I said I'll say this oh did he work

108  
00:05:25,710 --> 00:05:24,070  
to get it oh I don't know he got it from

109  
00:05:27,420 --> 00:05:25,720  
one of the astronauts he knew him

110  
00:05:30,330 --> 00:05:27,430  
because he used to eat at his restaurant

111  
00:05:31,680 --> 00:05:30,340  
I said really I said well what time is

112  
00:05:33,450 --> 00:05:31,690  
it in then they maybe show me a

113  
00:05:36,120 --> 00:05:33,460

baseball-sized you know in their hand

114

00:05:39,540 --> 00:05:36,130

okay well where's the rock now it's in a

115

00:05:41,610 --> 00:05:39,550

safety deposit box no I'm sure that guy

116

00:05:43,260 --> 00:05:41,620

believes he has a moon rock but I can

117

00:05:45,890 --> 00:05:43,270

tell you he does not have any more

118

00:05:49,080 --> 00:05:45,900

problems yeah they know where every

119

00:05:50,460 --> 00:05:49,090

fraction of an ounce of rock star I'm

120

00:05:51,390 --> 00:05:50,470

sure I don't think you'll see them on

121

00:05:54,720 --> 00:05:51,400

eBay either

122

00:05:59,100 --> 00:05:54,730

yeah well that good FBI got those guys

123

00:06:01,140 --> 00:05:59,110

they like that to to the FBI guy who

124

00:06:03,030 --> 00:06:01,150

called me up and talked with me about it

125

00:06:05,400 --> 00:06:03,040

I said he made a fundamental mistake

126

00:06:07,620 --> 00:06:05,410

he should have claimed that one of the

127

00:06:10,920 --> 00:06:07,630

guys is dead already three others are

128

00:06:13,020 --> 00:06:10,930

dead he's back who brought it to it al

129

00:06:15,870 --> 00:06:13,030

Shepard gave adjoint coz Al Jefferson

130

00:06:17,760 --> 00:06:15,880

dead you can I'm sure after I'm dead and

131

00:06:19,690 --> 00:06:17,770

gone there's no telling what they'll

132

00:06:22,120 --> 00:06:19,700

claim that's wrong

133

00:06:24,160 --> 00:06:22,130

and I won't be around to say I didn't

134

00:06:26,110 --> 00:06:24,170

bring anything like that to anybody

135

00:06:29,350 --> 00:06:26,120

mm-hmm all right well well you have it

136

00:06:32,260 --> 00:06:29,360

here on on tape now so yeah told we'll

137

00:06:35,410 --> 00:06:32,270

protect a wall guitar yeah won't deter

138

00:06:38,580 --> 00:06:35,420

people oh yeah got that we good yeah yep

139

00:06:41,860 --> 00:06:38,590

so that's it and what a great guy he was

140

00:06:45,250 --> 00:06:41,870

you know Alan actually was on the Skylab

141

00:06:47,740 --> 00:06:45,260

back in September 20th 1973 when they

142

00:06:49,960 --> 00:06:47,750

had that UFO encounter I don't know if

143

00:06:52,480 --> 00:06:49,970

he ever saw that the Skylab UFO was a

144

00:06:56,080 --> 00:06:52,490

great big red blob I think they had it

145

00:06:58,630 --> 00:06:56,090

for about 10 minutes so I contacted him

146

00:07:00,280 --> 00:06:58,640

I said hey Ellen I'm doing a show on

147

00:07:02,740 --> 00:07:00,290

UFOs I don't know what you think about

148

00:07:04,510 --> 00:07:02,750

that but would you be kind enough to

149

00:07:06,520 --> 00:07:04,520

come on the show and talk about that UFO

150

00:07:10,240 --> 00:07:06,530

encounter and he goes well I'm very busy

151  
00:07:13,180 --> 00:07:10,250  
he very politely declined that's too bad

152  
00:07:16,360 --> 00:07:13,190  
because I yeah yeah it was this big

153  
00:07:19,840 --> 00:07:16,370  
organic huge red blob in the sky and a

154  
00:07:21,760 --> 00:07:19,850  
break it was very bright - hmm after

155  
00:07:24,700 --> 00:07:21,770  
looking to them not familiar with that

156  
00:07:28,030 --> 00:07:24,710  
one I personally although this hasn't

157  
00:07:31,990 --> 00:07:28,040  
always been the choice case but people

158  
00:07:34,150 --> 00:07:32,000  
like Mark Dantonio have shown me

159  
00:07:36,160 --> 00:07:34,160  
otherwise have been able to prove with

160  
00:07:37,840 --> 00:07:36,170  
all of my favorite NASA cases that no

161  
00:07:40,080 --> 00:07:37,850  
those aren't UFOs those are something

162  
00:07:42,910 --> 00:07:40,090  
else so I would love to see that because

163  
00:07:45,550 --> 00:07:42,920

personally I don't I have I don't feel

164

00:07:46,990 --> 00:07:45,560

at this point I can point to any picture

165

00:07:49,930 --> 00:07:47,000

or video from NASA and say that's

166

00:07:52,210 --> 00:07:49,940

definitely a UFO so I would love to see

167

00:07:54,220 --> 00:07:52,220

that one cuz I can't recall that and

168

00:07:55,600 --> 00:07:54,230

that's a year I was born so I'd have

169

00:07:57,520 --> 00:07:55,610

been the but ship bringing me to earth

170

00:08:00,130 --> 00:07:57,530

that could have been it Wow

171

00:08:01,690 --> 00:08:00,140

yeah you have your ship background for

172

00:08:04,020 --> 00:08:01,700

those people on YouTube you look pretty

173

00:08:07,690 --> 00:08:04,030

awesome love this well that's a great

174

00:08:09,190 --> 00:08:07,700

great clip I'm glad I was able to hear

175

00:08:12,220 --> 00:08:09,200

it because you had talked about it and

176

00:08:14,410 --> 00:08:12,230

like like you said I I'm a huge fan of

177

00:08:17,230 --> 00:08:14,420

NASA I love NASA I love talking to

178

00:08:21,250 --> 00:08:17,240

astronauts astronauts have this ethic

179

00:08:24,490 --> 00:08:21,260

about them this you know a civic kind of

180

00:08:26,610 --> 00:08:24,500

responsibility around what they do and I

181

00:08:29,230 --> 00:08:26,620

know wisdom when you speak with them and

182

00:08:31,090 --> 00:08:29,240

it's unfortunate that every time I post

183

00:08:33,250 --> 00:08:31,100

a story about an SS or not people have

184

00:08:35,469 --> 00:08:33,260

to talk crap about NASA

185

00:08:37,780 --> 00:08:35,479

but I completely disagree with every

186

00:08:39,880 --> 00:08:37,790

single one of you who are talking it's

187

00:08:42,700 --> 00:08:39,890

tough because I'm a huge fan and I've

188

00:08:44,320 --> 00:08:42,710

I've said this before I found that group

189

00:08:46,570 --> 00:08:44,330

of people to be some of the most honest

190

00:08:48,670 --> 00:08:46,580

people that I've ever met and I've been

191

00:08:51,460 --> 00:08:48,680

fortunate enough to visit facilities and

192

00:08:53,710 --> 00:08:51,470

talk with many different staff people

193

00:08:55,960 --> 00:08:53,720

who work at different NASA facilities

194

00:08:57,880 --> 00:08:55,970

and they're amazing everyone is

195

00:09:00,130 --> 00:08:57,890

mind-blowing and I recommend to people

196

00:09:02,350 --> 00:09:00,140

you know before you subscribe to any

197

00:09:04,240 --> 00:09:02,360

particular conspiracy theory go meet

198

00:09:06,160 --> 00:09:04,250

these people because often they like to

199

00:09:08,290 --> 00:09:06,170

meet people you can meet these people

200

00:09:10,930 --> 00:09:08,300

you can go to these facilities and ask

201  
00:09:12,790 --> 00:09:10,940  
people about these things and and they

202  
00:09:14,920 --> 00:09:12,800  
love to share their work so I remember I

203  
00:09:16,720 --> 00:09:14,930  
also asked him I said I don't know about

204  
00:09:19,630 --> 00:09:16,730  
you but if I was standing on the moon

205  
00:09:23,020 --> 00:09:19,640  
the only thing that would it would just

206  
00:09:25,390 --> 00:09:23,030  
take over everything I do is am I gonna

207  
00:09:27,160 --> 00:09:25,400  
get off the moon you know you know I

208  
00:09:30,550 --> 00:09:27,170  
would worry about that the entire time

209  
00:09:33,730 --> 00:09:30,560  
like am I gonna get hatefully and he

210  
00:09:35,710 --> 00:09:33,740  
said no he says he couldn't do that he

211  
00:09:37,570 --> 00:09:35,720  
just had to focus on the task in front

212  
00:09:40,300 --> 00:09:37,580  
of him and I think yeah that's what they

213  
00:09:42,010 --> 00:09:40,310

do that's what they do yeah that's what

214

00:09:43,990 --> 00:09:42,020

they often say they've got to focus on

215

00:09:46,360 --> 00:09:44,000

the task in front of them which is wise

216

00:09:48,250 --> 00:09:46,370

and often they'll even talk about you

217

00:09:50,680 --> 00:09:48,260

know even being able to enjoy the

218

00:09:52,540 --> 00:09:50,690

scenery they don't get much time for

219

00:09:54,010 --> 00:09:52,550

that because they focus on the task and

220

00:09:55,750 --> 00:09:54,020

they even talk about which makes sense

221

00:09:57,430 --> 00:09:55,760

especially when you're doing a spacewalk

222

00:10:01,450 --> 00:09:57,440

or something that you can get

223

00:10:03,130 --> 00:10:01,460

overwhelmed by the view oh yeah do you

224

00:10:05,260 --> 00:10:03,140

have to focus in order to get what

225

00:10:06,520 --> 00:10:05,270

you're doing done because of course most

226

00:10:07,750 --> 00:10:06,530

of the tasks that they're performing or

227

00:10:09,340 --> 00:10:07,760

many of them especially if they're

228

00:10:10,810 --> 00:10:09,350

outside of the ship our kind of

229

00:10:13,870 --> 00:10:10,820

life-and-death situations are they're

230

00:10:15,850 --> 00:10:13,880

very important for the proper

231

00:10:17,590 --> 00:10:15,860

functioning of whatever craft or

232

00:10:19,600 --> 00:10:17,600

whatever they're doing so they have to

233

00:10:23,620 --> 00:10:19,610

pay attention to make sure that safety

234

00:10:26,290 --> 00:10:23,630

is first but yeah I would have the same

235

00:10:29,140 --> 00:10:26,300

concern as you though I mean I even get

236

00:10:31,030 --> 00:10:29,150

freaked out flying once in a while when

237

00:10:32,740 --> 00:10:31,040

I think about being up in the air and

238

00:10:34,690 --> 00:10:32,750

this giant piece of metal yeah

239

00:10:37,420 --> 00:10:34,700

freaks me out and I have to you know

240

00:10:40,480 --> 00:10:37,430

turn on Doctor Who or something like

241

00:10:42,430 --> 00:10:40,490

that to distract myself but yeah I would

242

00:10:44,800 --> 00:10:42,440

be freaked out the whole time I remember

243

00:10:46,490 --> 00:10:44,810

my neighbor used to say when I was a kid

244

00:10:48,890 --> 00:10:46,500

and I was going up in a jet

245

00:10:51,950 --> 00:10:48,900

for the first time he said well they

246

00:10:55,910 --> 00:10:51,960

haven't left one of them up there yet so

247

00:10:58,130 --> 00:10:55,920

I did not help yeah yeah yet all planes

248

00:11:00,440 --> 00:10:58,140

come down one way or the other

249

00:11:02,240 --> 00:11:00,450

anyway do we have anything now we have

250

00:11:04,850 --> 00:11:02,250

point only have like four minutes left

251  
00:11:07,580 --> 00:11:04,860  
for the news do we have anything in the

252  
00:11:09,680 --> 00:11:07,590  
UFO updates this week yeah I mean I

253  
00:11:12,950 --> 00:11:09,690  
don't know did we talk about the Nimitz

254  
00:11:16,730 --> 00:11:12,960  
thing last time I don't know not really

255  
00:11:18,680 --> 00:11:16,740  
really recent George Knapp yeah yeah no

256  
00:11:20,930 --> 00:11:18,690  
a lot of great stuff from George Knapp

257  
00:11:23,030 --> 00:11:20,940  
and I mean I think mainstream media is

258  
00:11:26,180 --> 00:11:23,040  
just starting to unpack all of this

259  
00:11:28,940 --> 00:11:26,190  
stuff but you know we had this testimony

260  
00:11:30,560 --> 00:11:28,950  
from David flavour who is one of the

261  
00:11:33,590 --> 00:11:30,570  
pilots of the jet fighter during this

262  
00:11:35,240 --> 00:11:33,600  
2004 Nimitz event outside of San Diego

263  
00:11:36,650 --> 00:11:35,250

that was part of the New York Times

264

00:11:39,230 --> 00:11:36,660

article when they revealed

265

00:11:41,630 --> 00:11:39,240

you know this Pentagon UFO study we also

266

00:11:45,050 --> 00:11:41,640

had Elizondo who used to leave that

267

00:11:46,790 --> 00:11:45,060

program talk about this however we

268

00:11:49,220 --> 00:11:46,800

haven't gotten any official documents

269

00:11:50,870 --> 00:11:49,230

well it appears that we have gotten an

270

00:11:52,850 --> 00:11:50,880

official document and I'm actually going

271

00:11:55,220 --> 00:11:52,860

to have a story coming out on den of

272

00:11:56,960 --> 00:11:55,230

geek this week because George Knapp

273

00:11:59,090 --> 00:11:56,970

released this document saying it was

274

00:12:01,130 --> 00:11:59,100

prepared for and by the military and

275

00:12:02,630 --> 00:12:01,140

some people have doubted that because it

276

00:12:05,300 --> 00:12:02,640

doesn't fit a format that they're used

277

00:12:07,310 --> 00:12:05,310

to from the military however I did talk

278

00:12:10,880 --> 00:12:07,320

with Leslie Kane I talked with several

279

00:12:13,490 --> 00:12:10,890

people even Elizondo who Elizondo said

280

00:12:16,720 --> 00:12:13,500

he's not sure this is the same report he

281

00:12:19,130 --> 00:12:16,730

saw but he did see a military report

282

00:12:21,290 --> 00:12:19,140

Leslie Kane said we did to your report

283

00:12:23,030 --> 00:12:21,300

we vetted this report we know this is

284

00:12:24,260 --> 00:12:23,040

real she said she's not sure where it

285

00:12:26,870 --> 00:12:24,270

comes from but it probably comes from

286

00:12:29,540 --> 00:12:26,880

bass which is the Bigelow group so it

287

00:12:32,600 --> 00:12:29,550

comes from a third party and Eric Davis

288

00:12:35,270 --> 00:12:32,610

who worked for bass the Bigelow group

289

00:12:37,390 --> 00:12:35,280

that did this work he confirmed that I

290

00:12:40,340 --> 00:12:37,400

know the people who wrote it it wasn't a

291

00:12:42,440 --> 00:12:40,350

military format because as contractors

292

00:12:45,320 --> 00:12:42,450

we can write them in any format we want

293

00:12:47,330 --> 00:12:45,330

and they rarely dictate to us the format

294

00:12:49,390 --> 00:12:47,340

and then we submit it in our own format

295

00:12:52,190 --> 00:12:49,400

that's why you see it the way it is

296

00:12:55,010 --> 00:12:52,200

however Jeremy Korbelt who's a filmmaker

297

00:12:57,800 --> 00:12:55,020

working on hunt for the skinwalker and

298

00:12:59,390 --> 00:12:57,810

Bob Lazar both cases that are Georgian

299

00:13:00,320 --> 00:12:59,400

AB cases that he's very close to George

300

00:13:01,880 --> 00:13:00,330

Knapp he

301  
00:13:04,910 --> 00:13:01,890  
also been one of the people in contact

302  
00:13:07,360 --> 00:13:04,920  
with david flavor the pilot and flavor

303  
00:13:10,010 --> 00:13:07,370  
told him this is the most accurate

304  
00:13:13,160 --> 00:13:10,020  
account of what happened that i've seen

305  
00:13:16,790 --> 00:13:13,170  
so we the document is pretty much

306  
00:13:19,280 --> 00:13:16,800  
verified that's significant because this

307  
00:13:21,770 --> 00:13:19,290  
really talks about the whole event or at

308  
00:13:24,170 --> 00:13:21,780  
least the most important event where

309  
00:13:26,450 --> 00:13:24,180  
they kind of chased this UFO and it's

310  
00:13:28,670 --> 00:13:26,460  
quite extraordinary essentially you know

311  
00:13:31,940 --> 00:13:28,680  
they were vectored into this UFO flavor

312  
00:13:34,880 --> 00:13:31,950  
and his wingmen during these training

313  
00:13:36,980 --> 00:13:34,890

exercises now by the USS Princeton who

314

00:13:39,710 --> 00:13:36,990

had detected it when they got there they

315

00:13:41,210 --> 00:13:39,720

saw a disturbance in the water that's

316

00:13:43,640 --> 00:13:41,220

the first thing they saw then they saw

317

00:13:44,990 --> 00:13:43,650

the object they were at about 20,000

318

00:13:47,090 --> 00:13:45,000

feet they came in lowered to get a

319

00:13:48,860 --> 00:13:47,100

closer look that's where they both saw

320

00:13:51,680 --> 00:13:48,870

this object which they described looking

321

00:13:53,060 --> 00:13:51,690

like a tic-tac I mean it was one of them

322

00:13:55,460 --> 00:13:53,070

described it looking like it was candy

323

00:13:57,500 --> 00:13:55,470

coated or a white board that was

324

00:14:00,500 --> 00:13:57,510

completely white elliptical type of

325

00:14:03,260 --> 00:14:00,510

object but rounded edges flavor said he

326

00:14:05,600 --> 00:14:03,270

went in closer but as he went in it

327

00:14:07,400 --> 00:14:05,610

seemed to recognize him and it pointed

328

00:14:10,340 --> 00:14:07,410

towards him and then took off at

329

00:14:12,470 --> 00:14:10,350

supersonic speeds he called back to USS

330

00:14:14,600 --> 00:14:12,480

Princeton - hey you got this thing on

331

00:14:15,980 --> 00:14:14,610

radar they said no but then they came

332

00:14:19,040 --> 00:14:15,990

back you're not gonna believe this it's

333

00:14:21,080 --> 00:14:19,050

actually 24 at 24,000 feet now and it's

334

00:14:23,810 --> 00:14:21,090

in the area you were training in earlier

335

00:14:26,330 --> 00:14:23,820

in the day then they lost contact with

336

00:14:28,310 --> 00:14:26,340

it so it moved very quickly and then the

337

00:14:30,100 --> 00:14:28,320

speculation in this report is really

338

00:14:32,570 --> 00:14:30,110

surprising they speculate that perhaps

339

00:14:34,640 --> 00:14:32,580

part of this time it was invisible to

340

00:14:37,310 --> 00:14:34,650

the naked eye and using some sort of

341

00:14:40,100 --> 00:14:37,320

stealth possibly that there was an

342

00:14:41,720 --> 00:14:40,110

object under the water that was making

343

00:14:44,600 --> 00:14:41,730

that disturbance in the water that it

344

00:14:47,600 --> 00:14:44,610

was docking with it was a Los Angeles

345

00:14:49,430 --> 00:14:47,610

class nuclear submarine there that that

346

00:14:51,500 --> 00:14:49,440

did say they didn't detect anything on

347

00:14:54,050 --> 00:14:51,510

sonar so they don't believe there was

348

00:14:56,060 --> 00:14:54,060

anything underwater but the speculation

349

00:14:57,800 --> 00:14:56,070

and the document is that maybe add some

350

00:15:00,530 --> 00:14:57,810

sort of underwater stealth type of

351

00:15:02,450 --> 00:15:00,540

technology so very shocking it also

352

00:15:05,090 --> 00:15:02,460

talked about later in the day the object

353

00:15:07,520 --> 00:15:05,100

a unknown was detected again during

354

00:15:08,990 --> 00:15:07,530

training exercises an f-18 flew out

355

00:15:11,750 --> 00:15:09,000

there couldn't see it with his eyes

356

00:15:14,110 --> 00:15:11,760

couldn't detect it on radar but did pick

357

00:15:16,389 --> 00:15:14,120

it up with his FLIR his infrared cane

358

00:15:18,549 --> 00:15:16,399

for a short period of time it seemed to

359

00:15:22,439 --> 00:15:18,559

be hovering before it flew off and it's

360

00:15:25,299 --> 00:15:22,449

a piece of that video that we've seen on

361

00:15:26,769 --> 00:15:25,309

you know the the New York Times article

362

00:15:29,499 --> 00:15:26,779

and that we've seen all over the place

363

00:15:30,670 --> 00:15:29,509

it's that piece of video now that pilot

364

00:15:32,920 --> 00:15:30,680

doesn't know if that's the same thing

365

00:15:35,049 --> 00:15:32,930

favor saw earlier in the day we don't

366

00:15:36,489 --> 00:15:35,059

know much about it and that does kind of

367

00:15:38,860 --> 00:15:36,499

highlight like you and I talked about

368

00:15:41,379 --> 00:15:38,870

this video is only kind of a side piece

369

00:15:44,920 --> 00:15:41,389

of evidence it's not the big piece of

370

00:15:47,530 --> 00:15:44,930

evidence proving anything significantly

371

00:15:49,239 --> 00:15:47,540

really the best evidence it's stuff we

372

00:15:51,929 --> 00:15:49,249

haven't seen some of it the radar data

373

00:15:55,739 --> 00:15:51,939

but it's also the very credible

374

00:15:58,780 --> 00:15:55,749

testimony from these expert witnesses

375

00:16:01,269 --> 00:15:58,790

excellent well I think we're gonna have

376

00:16:02,650 --> 00:16:01,279

to cut it short but we'll go rack up you

377

00:16:05,139 --> 00:16:02,660

know I took up a lot of the time with

378

00:16:07,540 --> 00:16:05,149

the Alan bean thing and I appreciate you

379

00:16:09,819 --> 00:16:07,550

letting that great staff so alright

380

00:16:12,189 --> 00:16:09,829

alejandro so we'll be back we'll be back

381

00:16:14,949 --> 00:16:12,199

next Tuesday at the same time and thanks

382

00:16:17,199 --> 00:16:14,959

for adjusting your schedule as well yeah

383

00:16:18,519 --> 00:16:17,209

no problem you've got a great lineup so

384

00:16:21,610 --> 00:16:18,529

I hope you have a great show I know you

385

00:16:24,069 --> 00:16:21,620

were pretty excited all right ok thanks

386

00:16:24,879 --> 00:16:24,079

a lot and I'll talk to you next week all

387

00:16:30,400 --> 00:16:24,889

right bye

388

00:16:32,530 --> 00:16:30,410

all right so our next guest Dave Marla

389

00:16:35,559 --> 00:16:32,540

he's he's been on once before he's a

390

00:16:38,669 --> 00:16:35,569

hard to get guy and he was kind enough

391

00:16:41,949 --> 00:16:38,679

to say that he would be on my debut show

392

00:16:44,980 --> 00:16:41,959

here at kgr a welcome to the show Dave

393

00:16:47,769 --> 00:16:44,990

thanks so much for Roger Arnaz it's

394

00:16:49,540 --> 00:16:47,779

great to speak with you again yeah yeah

395

00:16:53,019 --> 00:16:49,550

I know it's been I think it's been a few

396

00:16:54,549 --> 00:16:53,029

years and unfortunately yes that lies

397

00:16:56,439 --> 00:16:54,559

when you're having fun in the UFO field

398

00:16:58,809 --> 00:16:56,449

yeah and for those of you on youtube you

399

00:17:01,509 --> 00:16:58,819

can see this great background dave has

400

00:17:05,740 --> 00:17:01,519

UFO crash site and old movie posters I

401  
00:17:08,230 --> 00:17:05,750  
love it and so Dave for the person

402  
00:17:10,600 --> 00:17:08,240  
that's not familiar with you or who you

403  
00:17:12,010 --> 00:17:10,610  
are if you have some type of quick

404  
00:17:15,279 --> 00:17:12,020  
little nutshell you can give your

405  
00:17:17,500 --> 00:17:15,289  
background that would be great sure well

406  
00:17:19,630 --> 00:17:17,510  
I was first introduced to the concept of

407  
00:17:22,449 --> 00:17:19,640  
UFOs when I was five years old back in

408  
00:17:24,760 --> 00:17:22,459  
1973 there was a flapper wave of UFO

409  
00:17:26,799 --> 00:17:24,770  
sightings in Piedmont Missouri and

410  
00:17:28,000 --> 00:17:26,809  
that's where my father was born and

411  
00:17:30,850 --> 00:17:28,010  
raised we lived in

412  
00:17:33,730 --> 00:17:30,860  
Louis but I remember at five years old

413  
00:17:35,530 --> 00:17:33,740

my father and my brothers and my sister

414

00:17:37,480 --> 00:17:35,540

piling in the car with thermoses of

415

00:17:39,490 --> 00:17:37,490

coffee and binoculars to go down to

416

00:17:41,890 --> 00:17:39,500

Piedmont to quote/unquote look for UFOs

417

00:17:43,510 --> 00:17:41,900

as many people were doing as it had

418

00:17:47,830 --> 00:17:43,520

garnered a lot of local media attention

419

00:17:49,240 --> 00:17:47,840

in the st. Louis area and so I never got

420

00:17:50,950 --> 00:17:49,250

a chance to go with them because I was

421

00:17:53,350 --> 00:17:50,960

only five years old I was tasked with

422

00:17:55,390 --> 00:17:53,360

staying home with mom who had as much in

423

00:17:59,260 --> 00:17:55,400

the area of disinterest in the subject

424

00:18:01,240 --> 00:17:59,270

as my father had interests and so but I

425

00:18:03,070 --> 00:18:01,250

remember being a very young

426  
00:18:04,240 --> 00:18:03,080  
impressionable five-year-old of hearing

427  
00:18:06,370 --> 00:18:04,250  
the stories they would come back and

428  
00:18:08,440 --> 00:18:06,380  
talk to people many of whom my father

429  
00:18:11,470 --> 00:18:08,450  
knew and grew up with in the Greater

430  
00:18:13,120 --> 00:18:11,480  
Piedmont area of Lights and objects in

431  
00:18:14,890 --> 00:18:13,130  
fact his aunt and uncle had witnessed

432  
00:18:17,770 --> 00:18:14,900  
things themselves that were highly

433  
00:18:20,590 --> 00:18:17,780  
anomalous and of course in the ensuing

434  
00:18:22,690 --> 00:18:20,600  
years dr. Harley Rutledge from Southeast

435  
00:18:24,970 --> 00:18:22,700  
Missouri State University launched

436  
00:18:28,300 --> 00:18:24,980  
really the first civilian scientific

437  
00:18:30,250 --> 00:18:28,310  
field study of UFOs and entered into the

438  
00:18:33,130 --> 00:18:30,260

subject as a skeptic that came away I

439

00:18:35,050 --> 00:18:33,140

hate to say the term UFO believer but as

440

00:18:37,060 --> 00:18:35,060

a scientist he conceded that there was

441

00:18:39,940 --> 00:18:37,070

something highly anomalous but that was

442

00:18:42,220 --> 00:18:39,950

in 1973 fast forward about four years my

443

00:18:44,490 --> 00:18:42,230

sister and husband had a close encounter

444

00:18:47,020 --> 00:18:44,500

with UFO outside Kansas City Missouri

445

00:18:49,440 --> 00:18:47,030

that in fact I was just talking to her

446

00:18:52,000 --> 00:18:49,450

this morning about it again and

447

00:18:55,540 --> 00:18:52,010

something that terrified both of them

448

00:18:57,310 --> 00:18:55,550

and so suddenly UFOs hit rather close to

449

00:18:58,840 --> 00:18:57,320

home when my own sister who didn't drink

450

00:19:02,530 --> 00:18:58,850

didn't do drugs even though it was the

451  
00:19:07,210 --> 00:19:02,540  
70s she was sober witness as you could

452  
00:19:09,310 --> 00:19:07,220  
ask for and then years later in 1990

453  
00:19:11,130 --> 00:19:09,320  
still having that interest in UFOs I

454  
00:19:14,320 --> 00:19:11,140  
heard about MUFON the mutual UFO network

455  
00:19:17,380 --> 00:19:14,330  
and for over 10 years I was a field

456  
00:19:19,540 --> 00:19:17,390  
investigator Illinois State Director and

457  
00:19:20,920 --> 00:19:19,550  
conducted lots of investigations and

458  
00:19:22,540 --> 00:19:20,930  
then over time as you can see in the

459  
00:19:23,920 --> 00:19:22,550  
background just a small portion I

460  
00:19:27,550 --> 00:19:23,930  
started collecting a lot of historical

461  
00:19:29,410 --> 00:19:27,560  
UFO data and historical materials and

462  
00:19:30,910 --> 00:19:29,420  
with that started investigating a number

463  
00:19:33,400 --> 00:19:30,920

of areas that I found particularly

464

00:19:35,710 --> 00:19:33,410

interesting and in the past we've talked

465

00:19:38,470 --> 00:19:35,720

about my research on triangular UFOs and

466

00:19:40,510 --> 00:19:38,480

that was a very specific subset that I

467

00:19:41,860 --> 00:19:40,520

decided to focus on as I felt it needed

468

00:19:44,770 --> 00:19:41,870

to have greater attention

469

00:19:46,630 --> 00:19:44,780

to it and in the ensuing years since

470

00:19:48,370 --> 00:19:46,640

we've spoken last I've been branching

471

00:19:52,450 --> 00:19:48,380

out into some other historical cases

472

00:19:54,640 --> 00:19:52,460

that one I had an interest in but to to

473

00:19:56,380 --> 00:19:54,650

be quite honest didn't feel like the

474

00:19:58,060 --> 00:19:56,390

cases had been investigated to the depth

475

00:20:01,390 --> 00:19:58,070

that I would like to investigate them

476  
00:20:03,160 --> 00:20:01,400  
and so over the last three or four years

477  
00:20:05,440 --> 00:20:03,170  
now I've been really been engaged in

478  
00:20:06,640 --> 00:20:05,450  
doing a high-level investigation of some

479  
00:20:08,799 --> 00:20:06,650  
of these historical cases which

480  
00:20:12,220 --> 00:20:08,809  
hopefully in the next hour we'll get a

481  
00:20:14,440 --> 00:20:12,230  
chance to talk about yes so why don't we

482  
00:20:17,680 --> 00:20:14,450  
do this Dave why don't we first talk

483  
00:20:21,010 --> 00:20:17,690  
about your research in the Triangle UFOs

484  
00:20:24,330 --> 00:20:21,020  
I I remember you were saying that they

485  
00:20:27,790 --> 00:20:24,340  
were up up besides lights in the sky

486  
00:20:28,930 --> 00:20:27,800  
they were kind of dominating UFO reports

487  
00:20:31,870 --> 00:20:28,940  
I don't know is that still the case

488  
00:20:33,820 --> 00:20:31,880

today it seems to be I haven't ran the

489

00:20:35,530 --> 00:20:33,830

latest statistics and one of the

490

00:20:37,360 --> 00:20:35,540

statistics I look at her from the

491

00:20:39,130 --> 00:20:37,370

national UFO Reporting Center and as I

492

00:20:41,230 --> 00:20:39,140

always like to clarify and I think most

493

00:20:43,510 --> 00:20:41,240

of your audience knows those are raw

494

00:20:44,799 --> 00:20:43,520

reports and even Peter Davenport if he

495

00:20:48,610 --> 00:20:44,809

were here on this call would be

496

00:20:49,510 --> 00:20:48,620

discussing the fact that you know many

497

00:20:51,760 --> 00:20:49,520

of these reports have not been

498

00:20:54,280 --> 00:20:51,770

investigated so they're raw reports we

499

00:20:57,880 --> 00:20:54,290

can't speak to the veracity but I use

500

00:20:59,950 --> 00:20:57,890

that as kind of a testing ground as far

501  
00:21:01,600 --> 00:20:59,960  
as what are people reporting regardless

502  
00:21:03,940 --> 00:21:01,610  
of the validity what are people

503  
00:21:06,820 --> 00:21:03,950  
reporting and the vast majority over the

504  
00:21:10,600 --> 00:21:06,830  
last several years 15 20 years now have

505  
00:21:12,669 --> 00:21:10,610  
been these triangular UFOs and I concede

506  
00:21:14,830 --> 00:21:12,679  
that many of these may be top-secret

507  
00:21:17,860 --> 00:21:14,840  
military aircraft I'll be the first to

508  
00:21:20,080 --> 00:21:17,870  
concede that however when people were

509  
00:21:21,760 --> 00:21:20,090  
making statements on the internet that I

510  
00:21:23,230 --> 00:21:21,770  
can't be kind about it were simply ill

511  
00:21:25,030 --> 00:21:23,240  
informed or hadn't taken the time to

512  
00:21:26,710 --> 00:21:25,040  
look at the data I'm reading these

513  
00:21:28,720 --> 00:21:26,720

postings saying well that's all military

514

00:21:30,760 --> 00:21:28,730

that's just the latest evolution in

515

00:21:32,830 --> 00:21:30,770

stealth technology I'm literally sitting

516

00:21:37,000 --> 00:21:32,840

here in my research room looking at news

517

00:21:39,760 --> 00:21:37,010

clippings from 1957 1960 not only from

518

00:21:42,850 --> 00:21:39,770

the United States but from the UK from

519

00:21:45,280 --> 00:21:42,860

Germany Denmark in fact one famous way

520

00:21:48,700 --> 00:21:45,290

that that I collected information on was

521

00:21:51,340 --> 00:21:48,710

from 1957 a wave of UFO sightings in

522

00:21:55,000 --> 00:21:51,350

Denmark from 1957 starting in November

523

00:21:55,630 --> 00:21:55,010

57 into the spring of 58 and the Danish

524

00:21:58,510 --> 00:21:55,640

defense

525

00:22:00,580 --> 00:21:58,520

servus were investigating these and I

526  
00:22:02,470 --> 00:22:00,590  
even found a Reuters news clipping that

527  
00:22:04,420 --> 00:22:02,480  
corroborated earlier statements that I

528  
00:22:07,240 --> 00:22:04,430  
had seen in other sources of information

529  
00:22:11,050 --> 00:22:07,250  
where they were describing large dark

530  
00:22:12,820 --> 00:22:11,060  
silent triangular the term they use back

531  
00:22:14,500 --> 00:22:12,830  
then were spaceships triangular

532  
00:22:16,390 --> 00:22:14,510  
spaceships that's right that was that

533  
00:22:18,130 --> 00:22:16,400  
that was the headline that dominated the

534  
00:22:21,550 --> 00:22:18,140  
news headlines at the time in Denmark

535  
00:22:23,080 --> 00:22:21,560  
and but they describe similar flight

536  
00:22:25,840 --> 00:22:23,090  
characteristics similar lighting

537  
00:22:27,940 --> 00:22:25,850  
characteristics in the case of Denmark

538  
00:22:29,650 --> 00:22:27,950

over the village of grow here a woman

539

00:22:32,590 --> 00:22:29,660

even described these horseshoe shaped

540

00:22:35,560 --> 00:22:32,600

objects flying out of the triangular UFO

541

00:22:37,570 --> 00:22:35,570

which fast forward over the the ensuing

542

00:22:39,610 --> 00:22:37,580

several decades after that many

543

00:22:42,820 --> 00:22:39,620

witnesses described even in the Belgian

544

00:22:45,910 --> 00:22:42,830

way describe objects either entering or

545

00:22:49,990 --> 00:22:45,920

exiting these triangular UFOs so we have

546

00:22:52,510 --> 00:22:50,000

just a voluminous amount of reports of

547

00:22:56,140 --> 00:22:52,520

these triangular UFOs that have striking

548

00:22:59,800 --> 00:22:56,150

similarities that not only transcend the

549

00:23:01,360 --> 00:22:59,810

decades that transcend any one nation so

550

00:23:02,920 --> 00:23:01,370

when you look at that body of

551

00:23:05,080 --> 00:23:02,930

information and what I try to do is

552

00:23:07,480 --> 00:23:05,090

collate all of that information into a

553

00:23:09,850 --> 00:23:07,490

book and really make the argument that

554

00:23:11,800 --> 00:23:09,860

whereas some of the more modern-day

555

00:23:14,200 --> 00:23:11,810

triangular objects that are being cited

556

00:23:15,070 --> 00:23:14,210

maybe military the historical record

557

00:23:16,990 --> 00:23:15,080

begs to differ

558

00:23:19,600 --> 00:23:17,000

as far as using that as a blanket

559

00:23:21,160 --> 00:23:19,610

explanation for tall triangular UFOs and

560

00:23:22,930 --> 00:23:21,170

I think we need to be very careful

561

00:23:24,940 --> 00:23:22,940

whether it's UFOs or any other field of

562

00:23:28,030 --> 00:23:24,950

study when we start using terms like

563

00:23:30,880 --> 00:23:28,040

none or all these all in terms of terms

564

00:23:32,920 --> 00:23:30,890

are very difficult and I think as most

565

00:23:35,260 --> 00:23:32,930

of the audience members will attest as

566

00:23:37,240 --> 00:23:35,270

well as your self partner the world is

567

00:23:38,980 --> 00:23:37,250

shades of grey there is no black and

568

00:23:40,300 --> 00:23:38,990

white if like we're that simple wouldn't

569

00:23:41,860 --> 00:23:40,310

it be fantastic

570

00:23:43,750 --> 00:23:41,870

yeah and whether whether we're talking

571

00:23:46,390 --> 00:23:43,760

trying to give her UFOs or UFOs in

572

00:23:48,070 --> 00:23:46,400

general you know some of these might be

573

00:23:49,990 --> 00:23:48,080

top-secret military aircraft especially

574

00:23:51,640 --> 00:23:50,000

today we don't know what the

575

00:23:53,740 --> 00:23:51,650

state-of-the-art technology is and

576

00:23:55,810 --> 00:23:53,750

that's one of the reasons why I like

577

00:23:57,970 --> 00:23:55,820

investigating these historical cases the

578

00:24:00,540 --> 00:23:57,980

well-documented multiple witness cases

579

00:24:04,510 --> 00:24:00,550

which we'll talk about later we're

580

00:24:06,610 --> 00:24:04,520

looking back to 1950 I think with a fair

581

00:24:09,320 --> 00:24:06,620

degree of certainty we know what

582

00:24:12,560 --> 00:24:09,330

military technology what was at

583

00:24:14,720 --> 00:24:12,570

that period yeah in 2018 we don't know

584

00:24:16,250 --> 00:24:14,730

we I guess you're involved unless we're

585

00:24:18,350 --> 00:24:16,260

involved in these black projects as

586

00:24:20,330 --> 00:24:18,360

compartmentalised projects we have no

587

00:24:21,980 --> 00:24:20,340

idea and I don't even want to begin to

588

00:24:24,680 --> 00:24:21,990

speculate in that area because I would

589

00:24:26,420 --> 00:24:24,690

just show my ignorance so looking back

590

00:24:29,420 --> 00:24:26,430

at these historical cases through the

591

00:24:31,130 --> 00:24:29,430

lens of history I think we can ascertain

592

00:24:33,260 --> 00:24:31,140

that we didn't have aircraft that could

593

00:24:35,900 --> 00:24:33,270

perform right-angle turns at 10,000

594

00:24:38,660 --> 00:24:35,910

miles an hour or hover for extended

595

00:24:39,740 --> 00:24:38,670

periods of time and so that's one of the

596

00:24:42,440 --> 00:24:39,750

reasons I like looking at these

597

00:24:44,750 --> 00:24:42,450

historical cases the other one is quite

598

00:24:47,870 --> 00:24:44,760

simply in the last 20-30 years we've had

599

00:24:49,820 --> 00:24:47,880

new documentation Declassified from

600

00:24:52,400 --> 00:24:49,830

these early cases from the 50s and from

601  
00:24:55,370 --> 00:24:52,410  
the 60s and even the Battle of LA back

602  
00:24:57,230 --> 00:24:55,380  
in 1942 some of those documents were

603  
00:24:59,480 --> 00:24:57,240  
Declassified until the late 70s early

604  
00:25:01,790 --> 00:24:59,490  
80s it was researchers like Barry

605  
00:25:04,240 --> 00:25:01,800  
Greenwood who really did the lion's

606  
00:25:06,710 --> 00:25:04,250  
share of work in trying to ascertain and

607  
00:25:08,450 --> 00:25:06,720  
request FOIA you know Freedom of

608  
00:25:10,640 --> 00:25:08,460  
Information Act requests to obtain those

609  
00:25:12,620 --> 00:25:10,650  
documents so even after all these

610  
00:25:14,750 --> 00:25:12,630  
decades new information can be gleaned

611  
00:25:16,700 --> 00:25:14,760  
from those documents Dave were right at

612  
00:25:18,470 --> 00:25:16,710  
our break so we got to take a quick

613  
00:25:19,730 --> 00:25:18,480

break however we're going to be live

614

00:25:21,860 --> 00:25:19,740

still on YouTube

615

00:25:23,780 --> 00:25:21,870

so we're coming up on the break if

616

00:25:27,470 --> 00:25:23,790

you're listening now you are listening

617

00:25:29,150 --> 00:25:27,480

to podcast UFO on kgr radio and my guest

618

00:25:38,150 --> 00:25:29,160

of course is Dave Marlar we'll be right

619

00:25:47,940 --> 00:25:42,510

okay if all has gone well race is

620

00:25:50,880 --> 00:25:47,950

running a break and on help of a terma

621

00:25:52,710 --> 00:25:50,890

my calling it DUI grace so you're

622

00:25:54,780 --> 00:25:52,720

running a break right now right yeah

623

00:25:56,190 --> 00:25:54,790

we're clear and we've got four minutes

624

00:26:01,200 --> 00:25:56,200

in this bright yeah four minutes okay

625

00:26:02,520 --> 00:26:01,210

all right hey hey Dave so I I do want to

626  
00:26:04,650 --> 00:26:02,530  
you know some of the things I want to

627  
00:26:06,210 --> 00:26:04,660  
talk about because I as we get going

628  
00:26:10,770 --> 00:26:06,220  
here

629  
00:26:13,800 --> 00:26:10,780  
is the fact that you know a number of

630  
00:26:15,180 --> 00:26:13,810  
people tell me a lot of all the time

631  
00:26:18,470 --> 00:26:15,190  
that they think that these things are

632  
00:26:22,410 --> 00:26:18,480  
military so I want to talk about that

633  
00:26:25,170 --> 00:26:22,420  
and my thoughts on that in general but

634  
00:26:27,840 --> 00:26:25,180  
just looking now while we have this

635  
00:26:30,030 --> 00:26:27,850  
break see if there's anything because I

636  
00:26:35,210 --> 00:26:30,040  
don't want to say that during this break

637  
00:26:38,730 --> 00:26:35,220  
but we will be taking questions later on

638  
00:26:41,850 --> 00:26:38,740

in the chat room for those who are

639

00:26:44,700 --> 00:26:41,860

listening on YouTube also if we get a

640

00:26:46,170 --> 00:26:44,710

chance in the last hour I don't think

641

00:26:49,860 --> 00:26:46,180

we're gonna have time but we may have

642

00:26:51,510 --> 00:26:49,870

time for a phone call or two but it's

643

00:26:53,460 --> 00:26:51,520

going to be kind of jam-packed with all

644

00:26:57,600 --> 00:26:53,470

of us it'll be really interesting with

645

00:27:04,320 --> 00:26:57,610

Lee and I and James on at the same time

646

00:27:06,690 --> 00:27:04,330

absolutely yeah so I guess one of the

647

00:27:11,190 --> 00:27:06,700

things that let's see one of the things

648

00:27:15,120 --> 00:27:11,200

I want to talk about the Battle of LA

649

00:27:18,570 --> 00:27:15,130

you know I mean people talk about you

650

00:27:22,290 --> 00:27:18,580

know the modern UFO movement started you

651  
00:27:25,560 --> 00:27:22,300  
know in 1947 but this was 1942 right and

652  
00:27:27,210 --> 00:27:25,570  
so I'm really curious on your research

653  
00:27:29,070 --> 00:27:27,220  
and that we'll get into that a little

654  
00:27:33,390 --> 00:27:29,080  
bit later on but you know I want to know

655  
00:27:35,280 --> 00:27:33,400  
were they actually thinking it was what

656  
00:27:37,080 --> 00:27:35,290  
were they thinking it was you know

657  
00:27:38,850 --> 00:27:37,090  
whether they think it was Japan was

658  
00:27:41,460 --> 00:27:38,860  
sending over these weird balloons and

659  
00:27:43,020 --> 00:27:41,470  
stuff that was the prevalent theory yeah

660  
00:27:44,640 --> 00:27:43,030  
but what we can certainly talk about

661  
00:27:46,380 --> 00:27:44,650  
that and we'd like to talk about some of

662  
00:27:48,390 --> 00:27:46,390  
the serious material that's been thrown

663  
00:27:49,860 --> 00:27:48,400

out there by been I like to say less

664

00:27:51,370 --> 00:27:49,870

than reputable researchers that are

665

00:27:53,230 --> 00:27:51,380

tossing around these

666

00:27:54,760 --> 00:27:53,240

purported government documents that have

667

00:27:56,169 --> 00:27:54,770

absolutely no official provenance

668

00:27:58,510 --> 00:27:56,179

whatsoever they've really muddied the

669

00:28:02,250 --> 00:27:58,520

water as far as you know trying to

670

00:28:04,510 --> 00:28:02,260

create a genuine fact-based

671

00:28:07,930 --> 00:28:04,520

investigation of this of this incident

672

00:28:10,210 --> 00:28:07,940

and unfortunately get a lot of that that

673

00:28:12,549 --> 00:28:10,220

pollution if you will into the

674

00:28:14,080 --> 00:28:12,559

investigation because people many people

675

00:28:15,909 --> 00:28:14,090

don't know what's legitimate and what's

676  
00:28:17,919 --> 00:28:15,919  
not legitimate you know not only in this

677  
00:28:19,690 --> 00:28:17,929  
case that with UFO subject in general

678  
00:28:21,880 --> 00:28:19,700  
and I really hate to see when they bring

679  
00:28:23,260 --> 00:28:21,890  
that that baggage in and it makes it

680  
00:28:25,779 --> 00:28:23,270  
very difficult for well-meaning

681  
00:28:28,240 --> 00:28:25,789  
individuals to try to separate the wheat

682  
00:28:32,049 --> 00:28:28,250  
from the chaff and so that's kind of

683  
00:28:33,880 --> 00:28:32,059  
like that it it'll turn a lot of people

684  
00:28:37,020 --> 00:28:33,890  
off you know someone that absolutely

685  
00:28:40,060 --> 00:28:37,030  
just getting excited about the UFO topic

686  
00:28:42,430 --> 00:28:40,070  
you know and it's really funny how it

687  
00:28:44,320 --> 00:28:42,440  
parallels to what I do in the fine arts

688  
00:28:46,060 --> 00:28:44,330

and antiques when it comes to people

689

00:28:47,260 --> 00:28:46,070

collecting you know people are

690

00:28:49,539 --> 00:28:47,270

collecting and all of a sudden they

691

00:28:50,830 --> 00:28:49,549

collect something and it's a fake then

692

00:28:53,320 --> 00:28:50,840

they're gone they're no longer

693

00:28:55,049 --> 00:28:53,330

collecting they turn away and I got the

694

00:28:58,990 --> 00:28:55,059

same way when people get burned with a

695

00:29:03,899 --> 00:28:59,000

with buying into them YouTube this you

696

00:29:10,080 --> 00:29:06,520

it's a tool but just like any tool it

697

00:29:13,060 --> 00:29:10,090

could be used or misused right right and

698

00:29:14,860 --> 00:29:13,070

yeah it's it's it's sad because as I

699

00:29:17,470 --> 00:29:14,870

talked about be lecturing in Florida

700

00:29:19,630 --> 00:29:17,480

this Saturday for the the Florida

701  
00:29:21,610 --> 00:29:19,640  
Chapter and we're gonna be talking about

702  
00:29:23,110 --> 00:29:21,620  
the Battle of LA we're gonna discuss for

703  
00:29:24,970 --> 00:29:23,120  
about an hour and a half that case and

704  
00:29:26,640 --> 00:29:24,980  
and like I said I'm gonna try to

705  
00:29:29,200 --> 00:29:26,650  
separate the wheat from the chaff and

706  
00:29:31,510 --> 00:29:29,210  
present facts facts that they can go

707  
00:29:34,360 --> 00:29:31,520  
back and verify not many researchers in

708  
00:29:36,669 --> 00:29:34,370  
this field cite their references I'll

709  
00:29:38,590 --> 00:29:36,679  
actually be bringing original newspapers

710  
00:29:41,380 --> 00:29:38,600  
from my collection here from I have

711  
00:29:44,230 --> 00:29:41,390  
about a dozen original front-page

712  
00:29:44,860 --> 00:29:44,240  
newspapers from February 25th 26 the

713  
00:29:47,409 --> 00:29:44,870

originals

714

00:29:49,000 --> 00:29:47,419

as well as an original photo with the

715

00:29:51,640 --> 00:29:49,010

original news teletype which I've

716

00:29:53,740 --> 00:29:51,650

collected and an original print off the

717

00:29:55,210 --> 00:29:53,750

original negative and there's a whole

718

00:29:56,799 --> 00:29:55,220

discussion with the photo that hopefully

719

00:29:59,169 --> 00:29:56,809

we can get into because there's a lot of

720

00:30:02,200 --> 00:29:59,179

Mis misunderstanding on this case yeah

721

00:30:04,840 --> 00:30:02,210

because I know the photos has been a

722

00:30:05,370 --> 00:30:04,850

real big issue that I'm really excited

723

00:30:08,250 --> 00:30:05,380

it because

724

00:30:09,930 --> 00:30:08,260

didn't know you had that well Murray

725

00:30:11,340 --> 00:30:09,940

we're ready to go back guys and I mean

726

00:30:13,560 --> 00:30:11,350

interrupt you here but no no I've got

727

00:30:15,720 --> 00:30:13,570

music rollin now so we're all set to go

728

00:30:16,110 --> 00:30:15,730

if you guys are ready I can make it

729

00:30:19,050 --> 00:30:16,120

happen

730

00:30:22,370 --> 00:30:19,060

yep so tell me how many minutes do I

731

00:30:31,230 --> 00:30:28,050

mm approximately 25 25 okay I'm gonna

732

00:30:33,960 --> 00:30:31,240

yeah we want to shut down at 56 at 4

733

00:30:35,340 --> 00:30:33,970

minutes to 4 minutes still 56 okay very

734

00:30:37,800 --> 00:30:35,350

good I'm ready to go whenever you want

735

00:30:40,470 --> 00:30:37,810

to call me back in all right mom are you

736

00:30:48,330 --> 00:30:40,480

ready yeah yes sir our gang here we go

737

00:30:52,290 --> 00:30:48,340

in five four three two welcome back to

738

00:30:55,290 --> 00:30:52,300

podcast UFO on kgr radio that's Katie

739

00:30:57,000 --> 00:30:55,300

our radio calm my guest is the great day

740

00:30:59,130 --> 00:30:57,010

of Marlar I'm real excited about this we

741

00:31:00,450 --> 00:30:59,140

were talking a little bit off break so

742

00:31:02,490 --> 00:31:00,460

we're gonna have we're not going to

743

00:31:05,880 --> 00:31:02,500

spend too much time on the triangle UFOs

744

00:31:11,880 --> 00:31:05,890

I want to go into the other research

745

00:31:13,890 --> 00:31:11,890

you're doing but before before we take a

746

00:31:15,690 --> 00:31:13,900

turn here I do want to talk about a

747

00:31:18,390 --> 00:31:15,700

number of people that have been on this

748

00:31:20,790 --> 00:31:18,400

show that have said to me you know this

749

00:31:23,460 --> 00:31:20,800

is all they're all military and there's

750

00:31:28,290 --> 00:31:23,470

so many reasons to discount that one of

751  
00:31:30,180 --> 00:31:28,300  
the reasons I think is a big reason that

752  
00:31:31,650 --> 00:31:30,190  
is never talked about or I don't know if

753  
00:31:33,000 --> 00:31:31,660  
you ever talked about it but some people

754  
00:31:35,660 --> 00:31:33,010  
are reporting these things to be like a

755  
00:31:37,800 --> 00:31:35,670  
mile wide I mean there would be like no

756  
00:31:40,620 --> 00:31:37,810  
instance where our government that I

757  
00:31:42,390 --> 00:31:40,630  
could ever picture would ever make

758  
00:31:43,340 --> 00:31:42,400  
something a mile wide that wouldn't

759  
00:31:47,130 --> 00:31:43,350  
serve any purpose

760  
00:31:48,990 --> 00:31:47,140  
no and that's one of many valid

761  
00:31:51,260 --> 00:31:49,000  
criticisms with regard to statements

762  
00:31:53,580 --> 00:31:51,270  
like that where are these things based

763  
00:31:55,380 --> 00:31:53,590

colonel john alexander who wrote the

764

00:31:56,940 --> 00:31:55,390

foreword to my book on triangles he was

765

00:32:00,150 --> 00:31:56,950

very impressed with my research we were

766

00:32:01,680 --> 00:32:00,160

at a UFO conference back in 2012 and he

767

00:32:03,240 --> 00:32:01,690

approached me people ask me well why did

768

00:32:04,350 --> 00:32:03,250

why did you get john alexander to write

769

00:32:06,660 --> 00:32:04,360

the foreword to your book because some

770

00:32:08,570 --> 00:32:06,670

people don't agree with john's opinions

771

00:32:11,010 --> 00:32:08,580

with regard to the subject I said well

772

00:32:12,450 --> 00:32:11,020

truth be told he approached me he was

773

00:32:14,430 --> 00:32:12,460

really impressed with my research he

774

00:32:15,870 --> 00:32:14,440

said that's one of the best lectures

775

00:32:17,010 --> 00:32:15,880

I've ever heard at one of these UFO

776

00:32:19,289 --> 00:32:17,020

conferences in quite a while

777

00:32:20,789 --> 00:32:19,299

and again because I psych my rep

778

00:32:22,889 --> 00:32:20,799

winces if you question what I'm saying

779

00:32:24,419 --> 00:32:22,899

here's where I got the information I

780

00:32:27,570 --> 00:32:24,429

wish more researchers in this field

781

00:32:30,029 --> 00:32:27,580

would do that but John stated to me

782

00:32:32,070 --> 00:32:30,039

matter-of-factly in many conversations

783

00:32:34,560 --> 00:32:32,080

that we've had over the years the

784

00:32:37,999 --> 00:32:34,570

military whether it's United States or a

785

00:32:40,950 --> 00:32:38,009

foreign government military designs

786

00:32:44,340 --> 00:32:40,960

aircraft and weapons with a specific

787

00:32:47,729 --> 00:32:44,350

mission or purpose in mind what is the

788

00:32:51,479 --> 00:32:47,739

purpose of having mile-long triangular

789

00:32:53,549 --> 00:32:51,489

UFOs cavorting about in our skies and in

790

00:32:54,419 --> 00:32:53,559

many cases hovering over cornfields in

791

00:32:56,759 --> 00:32:54,429

the middle of nowhere

792

00:33:00,060 --> 00:32:56,769

the famous January the famous January

793

00:33:01,830 --> 00:33:00,070

5th 2000 incident is an example in

794

00:33:03,749 --> 00:33:01,840

Illinois I was the lead investigator for

795

00:33:05,460 --> 00:33:03,759

MUFON at the time and that's what

796

00:33:07,440 --> 00:33:05,470

personally kind of really piqued my

797

00:33:08,999 --> 00:33:07,450

interest on the subject and as I'm

798

00:33:10,560 --> 00:33:09,009

sitting in these various police stations

799

00:33:12,930 --> 00:33:10,570

interviewing these police officers for

800

00:33:15,599 --> 00:33:12,940

that case I was struck with the

801  
00:33:18,330 --> 00:33:15,609  
similarity in their sketches in their

802  
00:33:20,460 --> 00:33:18,340  
narratives in their descriptions of how

803  
00:33:23,190 --> 00:33:20,470  
it mirrored what the Jean darns in

804  
00:33:25,739 --> 00:33:23,200  
Belgium 10 years prior were describing

805  
00:33:27,629 --> 00:33:25,749  
and many of these officers weren't even

806  
00:33:30,269 --> 00:33:27,639  
familiar with that most of them I don't

807  
00:33:32,070 --> 00:33:30,279  
think were and I could almost stitch

808  
00:33:33,930 --> 00:33:32,080  
together the narratives between the

809  
00:33:35,159 --> 00:33:33,940  
Belgian witnesses and the southern

810  
00:33:36,869 --> 00:33:35,169  
Illinois witnesses and they're

811  
00:33:39,629 --> 00:33:36,879  
essentially describing the same thing

812  
00:33:41,789 --> 00:33:39,639  
and you know especially in that case

813  
00:33:43,080 --> 00:33:41,799

Martin to your question people say well

814

00:33:44,970 --> 00:33:43,090

it was sighted near Scott Air Force Base

815

00:33:46,580 --> 00:33:44,980

therefore it was military it's like well

816

00:33:49,200 --> 00:33:46,590

first that's kind of a gross assumption

817

00:33:50,820 --> 00:33:49,210

we have many UFOs reported near many

818

00:33:52,940 --> 00:33:50,830

military bases but that doesn't mean

819

00:33:55,229 --> 00:33:52,950

that that's their point of origin and

820

00:33:56,820 --> 00:33:55,239

correlations not always causation just

821

00:33:58,849 --> 00:33:56,830

because the military bases there doesn't

822

00:34:01,799 --> 00:33:58,859

mean they're responsible for this object

823

00:34:03,930 --> 00:34:01,809

but to your point most air bases

824

00:34:05,340 --> 00:34:03,940

couldn't sustain the landing of one of

825

00:34:08,039 --> 00:34:05,350

these objects where are these things

826

00:34:09,750 --> 00:34:08,049

being based out of and a week to my

827

00:34:12,059 --> 00:34:09,760

knowledge and I think I one of the

828

00:34:16,109 --> 00:34:12,069

largest databases on triangular UFO

829

00:34:17,879 --> 00:34:16,119

reports worldwide we have no reports of

830

00:34:20,220 --> 00:34:17,889

these things taking off or landing from

831

00:34:21,809 --> 00:34:20,230

a military base there certainly flying

832

00:34:23,190 --> 00:34:21,819

around in the sky but where is their

833

00:34:25,049 --> 00:34:23,200

point of origin where are they being

834

00:34:27,169 --> 00:34:25,059

based and to your point

835

00:34:30,000 --> 00:34:27,179

let's just talk basic military logistics

836

00:34:31,700 --> 00:34:30,010

how many people do you have to have to

837

00:34:33,149 --> 00:34:31,710

maintain an f-18 like we were just

838

00:34:37,379 --> 00:34:33,159

Alejandro was talking

839

00:34:39,990 --> 00:34:37,389

about the sightings by naval pilots you

840

00:34:42,299 --> 00:34:40,000

have an entire crew that maintenance is

841

00:34:44,490 --> 00:34:42,309

that type of aircraft if you have an

842

00:34:47,159 --> 00:34:44,500

aircraft a mile long do you have any

843

00:34:49,020 --> 00:34:47,169

idea the scale the logistics the

844

00:34:52,200 --> 00:34:49,030

personnel involved in trying to maintain

845

00:34:53,460 --> 00:34:52,210

an aircraft that size let alone the

846

00:34:54,960 --> 00:34:53,470

logistics of where are you going to

847

00:34:58,650 --> 00:34:54,970

house it where it's not visible from

848

00:35:00,839 --> 00:34:58,660

satellites or from people nearby so I

849

00:35:03,180 --> 00:35:00,849

really have a hard time buying that and

850

00:35:06,150 --> 00:35:03,190

again we can talk about the modern

851  
00:35:08,579 --> 00:35:06,160  
reports but we simply can't ignore the

852  
00:35:10,109 --> 00:35:08,589  
historical body of information that

853  
00:35:11,819 --> 00:35:10,119  
exists where these triangles have been

854  
00:35:14,430 --> 00:35:11,829  
around for a very very long time

855  
00:35:15,809 --> 00:35:14,440  
yeah that's right like this go ahead and

856  
00:35:17,970 --> 00:35:15,819  
we just simply can't ignore that you

857  
00:35:20,069 --> 00:35:17,980  
can't arbitrarily look at the new cases

858  
00:35:22,140 --> 00:35:20,079  
and say well that's military and when I

859  
00:35:23,579 --> 00:35:22,150  
put forth the argument what about these

860  
00:35:25,799 --> 00:35:23,589  
cases in the fifties sixties people

861  
00:35:27,539 --> 00:35:25,809  
don't have a response for that they're

862  
00:35:29,970 --> 00:35:27,549  
like well they could have seen anything

863  
00:35:32,039 --> 00:35:29,980

well why don't you say that about the

864

00:35:34,859 --> 00:35:32,049

modern day reports yeah hey that's a

865

00:35:39,210 --> 00:35:34,869

good point so a couple of things first

866

00:35:40,470 --> 00:35:39,220

of all you mentioned the earlier reports

867

00:35:43,680 --> 00:35:40,480

and that's something I was going to

868

00:35:45,960 --> 00:35:43,690

touch on too but this seems to be two

869

00:35:47,250 --> 00:35:45,970

type of things that people report on

870

00:35:51,599 --> 00:35:47,260

them one is either

871

00:35:54,000 --> 00:35:51,609

there's silent no no noise at all the

872

00:35:55,680 --> 00:35:54,010

other is a humming us sometimes a slight

873

00:35:56,910 --> 00:35:55,690

humming those are the two different

874

00:36:00,000 --> 00:35:56,920

things but I want to tell you about a

875

00:36:02,430 --> 00:36:00,010

report that someone wrote me it was a

876

00:36:04,620 --> 00:36:02,440

listener to this show I don't know if

877

00:36:08,430 --> 00:36:04,630

she listens anymore and she was a young

878

00:36:10,500 --> 00:36:08,440

girl in Australia she was in the that's

879

00:36:13,170 --> 00:36:10,510

where she's from Australia she was in

880

00:36:14,400 --> 00:36:13,180

the garden with her grandmother and all

881

00:36:17,549 --> 00:36:14,410

of a sudden there was like this shadow

882

00:36:20,519 --> 00:36:17,559

and she looked above and it was a

883

00:36:22,740 --> 00:36:20,529

triangle going over them silently but it

884

00:36:24,930 --> 00:36:22,750

seemed to force them on the ground like

885

00:36:26,760 --> 00:36:24,940

a pressure she said she felt a pressure

886

00:36:29,220 --> 00:36:26,770

and kind of like lay down on the ground

887

00:36:31,380 --> 00:36:29,230

and horror have you ever heard anyone

888

00:36:34,440 --> 00:36:31,390

talk about the pressure feeling pressure

889

00:36:36,329 --> 00:36:34,450

when one was overhead no that's that's

890

00:36:38,099 --> 00:36:36,339

an interesting case though because as I

891

00:36:39,539 --> 00:36:38,109

often say in my lectures it's not just

892

00:36:41,099 --> 00:36:39,549

the ones that fit the patterns it's the

893

00:36:44,660 --> 00:36:41,109

ones that don't fit the patterns that

894

00:36:47,150 --> 00:36:44,670

are particularly interesting we do have

895

00:36:49,320 --> 00:36:47,160

physiological

896

00:36:51,660 --> 00:36:49,330

responses to some of these triangular

897

00:36:55,170 --> 00:36:51,670

UFOs static electricity the hair

898

00:36:56,970 --> 00:36:55,180

standing on end you know maybe a slight

899

00:37:00,060 --> 00:36:56,980

heat signature where they feel maybe a

900

00:37:02,580 --> 00:37:00,070

slight temperature differential from you

901  
00:37:06,390 --> 00:37:02,590  
know before during and then after the

902  
00:37:08,490 --> 00:37:06,400  
object passes over or nearby we do have

903  
00:37:10,410 --> 00:37:08,500  
that and but that's a that's a very

904  
00:37:12,210 --> 00:37:10,420  
interesting one I was not familiar with

905  
00:37:14,340 --> 00:37:12,220  
that do you recall the time period that

906  
00:37:17,400 --> 00:37:14,350  
that was involved well I think she is in

907  
00:37:20,040 --> 00:37:17,410  
her early 30s and she said she was like

908  
00:37:22,980 --> 00:37:20,050  
nine years old so okay you know going

909  
00:37:26,130 --> 00:37:22,990  
back 20 plus years 20 years or so Wow

910  
00:37:28,880 --> 00:37:26,140  
yeah so and I I would be very happy to

911  
00:37:31,680 --> 00:37:28,890  
connect you two together can do that

912  
00:37:33,060 --> 00:37:31,690  
yeah that'd be interesting I receive a

913  
00:37:34,920 --> 00:37:33,070

lot of correspondences you can

914

00:37:36,300 --> 00:37:34,930

appreciate yeah I I have to admit I was

915

00:37:38,160 --> 00:37:36,310

rather naive when I wrote this book

916

00:37:39,960 --> 00:37:38,170

because my attitude was I want to get

917

00:37:41,910 --> 00:37:39,970

the information out there I want other

918

00:37:44,610 --> 00:37:41,920

people to see the historical cases and

919

00:37:47,160 --> 00:37:44,620

the patterns that I found I was

920

00:37:50,460 --> 00:37:47,170

completely naive to the influx of

921

00:37:52,110 --> 00:37:50,470

letters and emails and information that

922

00:37:54,840 --> 00:37:52,120

I was receiving from others after the

923

00:37:57,750 --> 00:37:54,850

book was released I'm sure and a number

924

00:37:59,700 --> 00:37:57,760

of people very sincerely told me both by

925

00:38:02,390 --> 00:37:59,710

phone I had phone conversations with

926

00:38:04,860 --> 00:38:02,400

many of these witnesses and in emails

927

00:38:06,690 --> 00:38:04,870

email correspondence they said you know

928

00:38:08,340 --> 00:38:06,700

what for years my friends my family

929

00:38:11,400 --> 00:38:08,350

ridiculed me because I told him what I

930

00:38:13,890 --> 00:38:11,410

saw and then I got your book and you

931

00:38:15,750 --> 00:38:13,900

gave me validation I knew I wasn't crazy

932

00:38:18,780 --> 00:38:15,760

but to read of other people that had

933

00:38:20,910 --> 00:38:18,790

these sightings you provided context and

934

00:38:23,310 --> 00:38:20,920

thank you for that and it really gave a

935

00:38:25,890 --> 00:38:23,320

lot of people peace of mind and again I

936

00:38:27,660 --> 00:38:25,900

was completely naive that would have any

937

00:38:29,910 --> 00:38:27,670

type of emotional or psychological

938

00:38:31,860 --> 00:38:29,920

impact on people like that and that was

939

00:38:33,420 --> 00:38:31,870

very gratifying for the work that went

940

00:38:36,750 --> 00:38:33,430

into I'm sure I'm sure

941

00:38:39,450 --> 00:38:36,760

and before we move on are you writing a

942

00:38:41,190 --> 00:38:39,460

second book on triangle UFOs or are you

943

00:38:43,500 --> 00:38:41,200

gonna just move on to other things

944

00:38:45,390 --> 00:38:43,510

no this is the running joke with my

945

00:38:47,640 --> 00:38:45,400

research assistants my friends that are

946

00:38:49,770 --> 00:38:47,650

helping me with my my UFO library here

947

00:38:52,530 --> 00:38:49,780

we have a pretty extensive clinic for

948

00:38:54,510 --> 00:38:52,540

their private libraries and the running

949

00:38:56,280 --> 00:38:54,520

joke was one of my my volunteers Bob

950

00:38:57,960 --> 00:38:56,290

that's every time he looks at me and I

951  
00:38:59,670 --> 00:38:57,970  
say well I gotta do this I gotta do that

952  
00:39:03,300 --> 00:38:59,680  
his running joke is how's the new book

953  
00:39:05,190 --> 00:39:03,310  
coming I want to write a book on the

954  
00:39:07,920 --> 00:39:05,200  
Farmington incident that will hopefully

955  
00:39:09,660 --> 00:39:07,930  
have some time to discuss here I have a

956  
00:39:11,430 --> 00:39:09,670  
lot of information that people haven't

957  
00:39:13,230 --> 00:39:11,440  
seen a lot of information that I've been

958  
00:39:16,170 --> 00:39:13,240  
able to call out of some of the archives

959  
00:39:17,820 --> 00:39:16,180  
and from microfilm and been able to

960  
00:39:19,470 --> 00:39:17,830  
weave some of that together I had the

961  
00:39:20,940 --> 00:39:19,480  
information unfortunately haven't had

962  
00:39:21,990 --> 00:39:20,950  
the time to sit down and actually start

963  
00:39:24,359 --> 00:39:22,000

writing

964

00:39:26,160 --> 00:39:24,369

besides my career which I obviously

965

00:39:28,410 --> 00:39:26,170

don't do this full-time I have a working

966

00:39:30,180 --> 00:39:28,420

job that helps pay the bills and fund

967

00:39:32,040 --> 00:39:30,190

the research besides my job

968

00:39:34,290 --> 00:39:32,050

I've actually been acquiring two or

969

00:39:36,930 --> 00:39:34,300

three large UFO historical collections

970

00:39:39,870 --> 00:39:36,940

well just two weeks ago over Memorial

971

00:39:43,280 --> 00:39:39,880

Day I met with researcher and friend

972

00:39:46,380 --> 00:39:43,290

Antonio cuneus in Tempe Arizona and

973

00:39:49,500 --> 00:39:46,390

Antonio was looking to liquidate some of

974

00:39:52,470 --> 00:39:49,510

his research materials so well I along

975

00:39:54,780 --> 00:39:52,480

with my fiancee flew to Phoenix and we

976

00:39:57,510 --> 00:39:54,790

drove back a u-haul full of 13 large

977

00:39:59,820 --> 00:39:57,520

boxes of international Case Files and

978

00:40:01,859 --> 00:39:59,830

UFO information which are sitting here

979

00:40:03,390 --> 00:40:01,869

off-camera right now which I have to

980

00:40:07,109 --> 00:40:03,400

spend the ensuing weeks sorting through

981

00:40:09,000 --> 00:40:07,119

and sifting through so one yeah well

982

00:40:10,200 --> 00:40:09,010

yeah and you have to seize the moment I

983

00:40:11,880 --> 00:40:10,210

want to write my book when these

984

00:40:13,920 --> 00:40:11,890

opportunities present themselves sure

985

00:40:16,170 --> 00:40:13,930

when one of my big things is preserving

986

00:40:18,240 --> 00:40:16,180

UFO information and to that point I

987

00:40:20,820 --> 00:40:18,250

think we've discussed this in the past

988

00:40:23,520 --> 00:40:20,830

I've secured a working arrangement with

989

00:40:24,690 --> 00:40:23,530

the University of New Mexico here and in

990

00:40:27,060 --> 00:40:24,700

fact I'll have some of the personnel

991

00:40:28,859 --> 00:40:27,070

coming here to my research room and

992

00:40:30,810 --> 00:40:28,869

looking at the library but we've entered

993

00:40:32,849 --> 00:40:30,820

into a legal deed at yet and actually I

994

00:40:36,690 --> 00:40:32,859

think we this this transpired since we

995

00:40:37,980 --> 00:40:36,700

last spoke and when I pass all this

996

00:40:39,839 --> 00:40:37,990

material will be acquired by the

997

00:40:41,460 --> 00:40:39,849

University of New Mexico library for

998

00:40:44,430 --> 00:40:41,470

preservation in their Southwest Special

999

00:40:46,530 --> 00:40:44,440

Collections archives and people will be

1000

00:40:49,050 --> 00:40:46,540

able generations from now to go there

1001  
00:40:50,880 --> 00:40:49,060  
and go through that material so I'm very

1002  
00:40:52,500 --> 00:40:50,890  
gratified that all of this material is

1003  
00:40:54,980 --> 00:40:52,510  
going to be preserved and that the

1004  
00:40:57,720 --> 00:40:54,990  
university an academic setting finds

1005  
00:41:00,390 --> 00:40:57,730  
historical and other value in this

1006  
00:41:02,010 --> 00:41:00,400  
information well Dave how we possible

1007  
00:41:04,200 --> 00:41:02,020  
possibly going to fit all this

1008  
00:41:06,570 --> 00:41:04,210  
information you have in such a short

1009  
00:41:08,790 --> 00:41:06,580  
time we we have like 15 minutes before

1010  
00:41:11,849 --> 00:41:08,800  
the next break ends and we have the full

1011  
00:41:13,680 --> 00:41:11,859  
hour after that but the Battle of El

1012  
00:41:14,880 --> 00:41:13,690  
want to talk about that so let's jump

1013  
00:41:17,099 --> 00:41:14,890

into that I'm not sure if we're gonna

1014

00:41:20,819 --> 00:41:17,109

have time to talk about you know New

1015

00:41:24,390 --> 00:41:20,829

Mexico over our Marta there but let's

1016

00:41:26,700 --> 00:41:24,400

talk about that now you during the break

1017

00:41:30,269 --> 00:41:26,710

you said something about the original

1018

00:41:31,829 --> 00:41:30,279

clip and well first of all quickly for

1019

00:41:34,049 --> 00:41:31,839

the person that's not familiar with it

1020

00:41:36,150 --> 00:41:34,059

most people are but that listen to the

1021

00:41:39,839 --> 00:41:36,160

show I would imagine but quickly can you

1022

00:41:42,779 --> 00:41:39,849

go over what happened in 1942 sure the

1023

00:41:45,779 --> 00:41:42,789

early morning of February 25th 1942 off

1024

00:41:48,120 --> 00:41:45,789

the California coast and unidentified

1025

00:41:50,430 --> 00:41:48,130

radar target was picked up by three

1026

00:41:53,309 --> 00:41:50,440

radar installations Army installations

1027

00:41:55,979 --> 00:41:53,319

an inbound target was tracked for 120

1028

00:41:57,539 --> 00:41:55,989

miles moving from the Northwest from the

1029

00:41:59,640 --> 00:41:57,549

direction of Santa Maria for any

1030

00:42:01,200 --> 00:41:59,650

California audience members there was

1031

00:42:04,799 --> 00:42:01,210

sending in from the direction of Santa

1032

00:42:07,650 --> 00:42:04,809

Maria towards the greater LA area and

1033

00:42:10,589 --> 00:42:07,660

this basically initiated an all-out

1034

00:42:12,720 --> 00:42:10,599

blackout and alert because we have to

1035

00:42:14,910 --> 00:42:12,730

provide historical context this was just

1036

00:42:17,970 --> 00:42:14,920

two months after the bombing of Pearl

1037

00:42:19,529 --> 00:42:17,980

Harbor so the the great fear at the time

1038

00:42:22,769 --> 00:42:19,539

was that the Japanese were eventually

1039

00:42:24,989 --> 00:42:22,779

going to move tasks Hawaii and do a full

1040

00:42:26,819 --> 00:42:24,999

mainland assault so we had radar

1041

00:42:29,460 --> 00:42:26,829

installations we had gun emplacements

1042

00:42:31,950 --> 00:42:29,470

ready for any type of Japanese military

1043

00:42:33,839 --> 00:42:31,960

incursion that might take place so that

1044

00:42:37,920 --> 00:42:33,849

was the the prevailing fear at the times

1045

00:42:39,779 --> 00:42:37,930

and amongst all of this war tensions we

1046

00:42:41,339 --> 00:42:39,789

had this unidentified target which I'm

1047

00:42:42,749 --> 00:42:41,349

not saying is extraterrestrial let me be

1048

00:42:44,279 --> 00:42:42,759

very clear on that I think Martin you

1049

00:42:46,380 --> 00:42:44,289

and I have talked many times that when

1050

00:42:49,410 --> 00:42:46,390

we talk about UFOs we mean unidentified

1051  
00:42:51,809 --> 00:42:49,420  
flying objects so just for the sake of

1052  
00:42:54,930 --> 00:42:51,819  
clarification this unidentified radar

1053  
00:42:57,739 --> 00:42:54,940  
target was moving inbound then the

1054  
00:43:00,479 --> 00:42:57,749  
anti-aircraft batteries began firing on

1055  
00:43:02,279 --> 00:43:00,489  
multiple targets now that being said

1056  
00:43:04,620 --> 00:43:02,289  
there was a lot of hysteria at the time

1057  
00:43:06,539 --> 00:43:04,630  
so we're not quite sure what all the gun

1058  
00:43:07,979 --> 00:43:06,549  
emplacements were firing on and we're

1059  
00:43:10,289 --> 00:43:07,989  
not sure what all the civilian and

1060  
00:43:13,769 --> 00:43:10,299  
military witnesses were observing but

1061  
00:43:17,009 --> 00:43:13,779  
based on my analysis we have at least

1062  
00:43:19,920 --> 00:43:17,019  
one solitary target again responsible

1063  
00:43:21,660 --> 00:43:19,930

for the radar target potentially that

1064

00:43:25,620 --> 00:43:21,670

then moved over the Baldwin Hills area

1065

00:43:26,999 --> 00:43:25,630

California was photographed by a new

1066

00:43:28,230 --> 00:43:27,009

photographer and there's a whole story

1067

00:43:29,660 --> 00:43:28,240

which we don't unfortunately have time

1068

00:43:32,339 --> 00:43:29,670

to get into on that which I've uncovered

1069

00:43:33,930 --> 00:43:32,349

but we have the famous photo that many

1070

00:43:36,720 --> 00:43:33,940

of your audience members may have seen

1071

00:43:39,089 --> 00:43:36,730

on the Internet and then the object

1072

00:43:41,940 --> 00:43:39,099

moved down towards Long Beach and

1073

00:43:44,720 --> 00:43:41,950

disappeared 20 minutes after the firing

1074

00:43:46,950 --> 00:43:44,730

died down the object came back

1075

00:43:48,180 --> 00:43:46,960

essentially based on all of the

1076  
00:43:49,710 --> 00:43:48,190  
correlating information through

1077  
00:43:51,960 --> 00:43:49,720  
government documents and newspaper

1078  
00:43:54,210 --> 00:43:51,970  
accounts the object reverse direction

1079  
00:43:56,749 --> 00:43:54,220  
from the direction had originally come

1080  
00:44:00,390 --> 00:43:56,759  
and then eventually disappeared off of

1081  
00:44:02,609 --> 00:44:00,400  
Santa Monica and so we have radar

1082  
00:44:04,589 --> 00:44:02,619  
confirmation we have visual sightings we

1083  
00:44:07,079 --> 00:44:04,599  
have a military engagement of this

1084  
00:44:09,120 --> 00:44:07,089  
object and we have photographic evidence

1085  
00:44:10,859 --> 00:44:09,130  
now the photograph that many people see

1086  
00:44:13,289 --> 00:44:10,869  
on the Internet I'm here to tell you has

1087  
00:44:14,940 --> 00:44:13,299  
been doctored now skeptics will

1088  
00:44:17,420 --> 00:44:14,950

immediately discount it saying well

1089

00:44:20,430 --> 00:44:17,430

there you go it's not valid information

1090

00:44:22,529 --> 00:44:20,440

for the point of clarification I have a

1091

00:44:24,499 --> 00:44:22,539

high-resolution scan of the original

1092

00:44:27,120 --> 00:44:24,509

negative that was secured by Ben Hansen

1093

00:44:29,759 --> 00:44:27,130

friend and researcher out in California

1094

00:44:31,259 --> 00:44:29,769

yeah and for a documentary series he and

1095

00:44:32,819 --> 00:44:31,269

I were both working on ironically enough

1096

00:44:34,829 --> 00:44:32,829

he was working on an episode for the

1097

00:44:37,799 --> 00:44:34,839

Battle of LA I was working on an episode

1098

00:44:39,269 --> 00:44:37,809

on triangular UFOs he secured a

1099

00:44:41,549 --> 00:44:39,279

high-resolution scan of the original

1100

00:44:43,470 --> 00:44:41,559

negative and I've been able to look at

1101  
00:44:46,200 --> 00:44:43,480  
that and do some basic contrast

1102  
00:44:48,359 --> 00:44:46,210  
enhancement and I'm here to tell you

1103  
00:44:50,579 --> 00:44:48,369  
that there is an object in the

1104  
00:44:52,470 --> 00:44:50,589  
convergence of these searchlights it is

1105  
00:44:55,019 --> 00:44:52,480  
not the object that many people have

1106  
00:44:57,299 --> 00:44:55,029  
extrapolated or have gleaned from the

1107  
00:44:59,519 --> 00:44:57,309  
photo that's on the internet most people

1108  
00:45:02,519 --> 00:44:59,529  
you know they describe a circular object

1109  
00:45:04,680 --> 00:45:02,529  
with a little cupola or dome on top in

1110  
00:45:06,269 --> 00:45:04,690  
the original negative if you zoom in and

1111  
00:45:08,400 --> 00:45:06,279  
you do basic contrast enhancement

1112  
00:45:11,279 --> 00:45:08,410  
nothing fancy with Photoshop just basic

1113  
00:45:13,109 --> 00:45:11,289

contrast enhancement you Demby photo

1114

00:45:15,240 --> 00:45:13,119

down to where all the searchlights

1115

00:45:19,789 --> 00:45:15,250

disappear and what you're left with is

1116

00:45:22,890 --> 00:45:19,799

this elongated oval shaped object and

1117

00:45:26,220 --> 00:45:22,900

around that are all of these very

1118

00:45:28,589 --> 00:45:26,230

intense bursts of light which are the

1119

00:45:31,230 --> 00:45:28,599

anti-aircraft guns are bursts around the

1120

00:45:33,990 --> 00:45:31,240

object some have even speculated on the

1121

00:45:36,359 --> 00:45:34,000

object and what people see as a little

1122

00:45:39,660 --> 00:45:36,369

cupola or dome on the top is in fact and

1123

00:45:41,670 --> 00:45:39,670

it's very clear are a series of any

1124

00:45:43,920 --> 00:45:41,680

aircraft bursts captured at the moment

1125

00:45:46,049 --> 00:45:43,930

that the tiger cur took that photo and

1126  
00:45:47,880 --> 00:45:46,059  
it's unmistakable I mean I wish I could

1127  
00:45:52,079 --> 00:45:47,890  
share it with the audience but it's not

1128  
00:45:53,730 --> 00:45:52,089  
the only photo known it well thank you

1129  
00:45:55,559 --> 00:45:53,740  
thank you for clarifying that because

1130  
00:45:58,859 --> 00:45:55,569  
that always comes up in my lectures it's

1131  
00:46:00,660 --> 00:45:58,869  
the only known photo of that object but

1132  
00:46:02,099 --> 00:46:00,670  
as many people have asked Dave do you

1133  
00:46:04,410 --> 00:46:02,109  
really think the photographer just took

1134  
00:46:06,690 --> 00:46:04,420  
one photo and my answer is no in the

1135  
00:46:10,740 --> 00:46:06,700  
ensuing chaos now think of you as as a

1136  
00:46:12,720 --> 00:46:10,750  
Press reporter in 1942 you're seeing

1137  
00:46:14,520 --> 00:46:12,730  
this object the searchlights are

1138  
00:46:17,400 --> 00:46:14,530

converged on it and they're throwing a

1139

00:46:19,799 --> 00:46:17,410

barrage of anti-aircraft shells 37

1140

00:46:22,020 --> 00:46:19,809

millimeter rounds 50 caliber rounds as

1141

00:46:24,900 --> 00:46:22,030

well as three-inch shells at this object

1142

00:46:27,690 --> 00:46:24,910

over 1,400 rounds were extended towards

1143

00:46:30,150 --> 00:46:27,700

this thing in your mind you're thinking

1144

00:46:31,859 --> 00:46:30,160

I have the story of the century the

1145

00:46:34,530 --> 00:46:31,869

Japanese are attacking and I'm here to

1146

00:46:36,150 --> 00:46:34,540

capture photos I find it very hard to

1147

00:46:38,549 --> 00:46:36,160

believe I think it stretches for jhula

1148

00:46:40,920 --> 00:46:38,559

tea that a photographer traipse out on a

1149

00:46:42,480 --> 00:46:40,930

hillside got a great vantage point took

1150

00:46:45,030 --> 00:46:42,490

one photo turned around and got in this

1151  
00:46:47,760 --> 00:46:45,040  
car and went home right somewhere at

1152  
00:46:49,289 --> 00:46:47,770  
some time maybe not today but somewhere

1153  
00:46:51,690 --> 00:46:49,299  
at some time there must have been other

1154  
00:46:54,480 --> 00:46:51,700  
photos a sequence of photos taken of

1155  
00:46:56,370 --> 00:46:54,490  
this incident unfortunately as of right

1156  
00:46:59,099 --> 00:46:56,380  
now to our knowledge we only have the

1157  
00:47:02,280 --> 00:46:59,109  
one famous photo now do you have you

1158  
00:47:04,520 --> 00:47:02,290  
done research I'm sure you have and to

1159  
00:47:07,680 --> 00:47:04,530  
who the photographer was and his family

1160  
00:47:10,230 --> 00:47:07,690  
yes survived family and all that yes

1161  
00:47:12,960 --> 00:47:10,240  
it's nothing conclusive but if I was a

1162  
00:47:14,670 --> 00:47:12,970  
betting man which I'm not so what I'm

1163  
00:47:17,039 --> 00:47:14,680

about to say he has a lot of stock to it

1164

00:47:19,589 --> 00:47:17,049

if I was a betting man I would say I'm

1165

00:47:22,950 --> 00:47:19,599

about 95% certain I know who the

1166

00:47:25,380 --> 00:47:22,960

photographer was and just to back up for

1167

00:47:27,240 --> 00:47:25,390

a moment the original photo I have which

1168

00:47:28,530 --> 00:47:27,250

is a doctored one it's like the one you

1169

00:47:31,289 --> 00:47:28,540

see on the internet although it's much

1170

00:47:33,990 --> 00:47:31,299

cleaner is an original eight-by-ten

1171

00:47:38,309 --> 00:47:34,000

associated press photo stamped on the

1172

00:47:40,109 --> 00:47:38,319

back February 25th 1942 and is unique

1173

00:47:43,289 --> 00:47:40,119

enough to have the original news

1174

00:47:45,870 --> 00:47:43,299

teletype glued to the back yep and it

1175

00:47:48,059 --> 00:47:45,880

describes a mysterious object that was

1176

00:47:51,480 --> 00:47:48,069

sighted and in the convergence of

1177

00:47:53,520 --> 00:47:51,490

searchlights and was shot at the photo

1178

00:47:55,590 --> 00:47:53,530

came from a cellar on

1179

00:47:57,300 --> 00:47:55,600

I'd love to say there was a wonderful

1180

00:47:59,130 --> 00:47:57,310

backstory channel where I worked with a

1181

00:48:01,710 --> 00:47:59,140

government agent that leaked this

1182

00:48:04,350 --> 00:48:01,720

information unfortunately I got it off

1183

00:48:06,570 --> 00:48:04,360

of ebay now that being said I have many

1184

00:48:09,120 --> 00:48:06,580

other historical photos from that time

1185

00:48:11,210 --> 00:48:09,130

period so I know the earmarks to look

1186

00:48:14,520 --> 00:48:11,220

for to show that it is a genuine photo

1187

00:48:17,430 --> 00:48:14,530

but I reached out to the seller and it

1188

00:48:19,980 --> 00:48:17,440

became good friends with him and he sold

1189

00:48:22,560 --> 00:48:19,990

me a provided a series of other photos

1190

00:48:25,950 --> 00:48:22,570

from this collection long story short I

1191

00:48:27,870 --> 00:48:25,960

know were tight on time the collection

1192

00:48:31,350 --> 00:48:27,880

belonged to an Associated Press

1193

00:48:34,890 --> 00:48:31,360

photographer by the name of IRA gold nur

1194

00:48:39,090 --> 00:48:34,900

and ira gold nur lived in the greater LA

1195

00:48:41,340 --> 00:48:39,100

area in February 1942 we even have on

1196

00:48:44,010 --> 00:48:41,350

the internet photos posted by The

1197

00:48:47,010 --> 00:48:44,020

Associated Press of being Crosby and his

1198

00:48:49,200 --> 00:48:47,020

family were Japanese citizens being

1199

00:48:51,630 --> 00:48:49,210

rounded up for interrogation by LA

1200

00:48:55,200 --> 00:48:51,640

Police and the attribution on those

1201

00:48:57,090 --> 00:48:55,210

photos on the Internet are IRA W Goldner

1202

00:48:59,940 --> 00:48:57,100

so we know he was an Associated Press

1203

00:49:03,660 --> 00:48:59,950

Photo photographer he was in LA in

1204

00:49:06,210 --> 00:49:03,670

February 1942 and we have numerous other

1205

00:49:08,220 --> 00:49:06,220

photos from his collection and it was in

1206

00:49:10,430 --> 00:49:08,230

this collection that this photo and the

1207

00:49:14,340 --> 00:49:10,440

news teletype were Garner's bomb

1208

00:49:18,210 --> 00:49:14,350

interesting Wow so I'm sure you've heard

1209

00:49:20,460 --> 00:49:18,220

all of the skeptical views of what this

1210

00:49:24,300 --> 00:49:20,470

may be and I'm sure you've approached it

1211

00:49:26,760 --> 00:49:24,310

very carefully whether it was a balloon

1212

00:49:30,660 --> 00:49:26,770

but you're saying it changed and it

1213

00:49:33,510 --> 00:49:30,670

changed where it was going and then came

1214

00:49:36,420 --> 00:49:33,520

back which I feel would be very strange

1215

00:49:39,510 --> 00:49:36,430

for a balloon to do what are what are

1216

00:49:41,700 --> 00:49:39,520

other people proposing what this could

1217

00:49:43,860 --> 00:49:41,710

have been well the most likely

1218

00:49:47,160 --> 00:49:43,870

explanations as I've heard postulated by

1219

00:49:48,750 --> 00:49:47,170

the the skeptics it was all attributed

1220

00:49:50,850 --> 00:49:48,760

to jittery war nerves there was nothing

1221

00:49:53,310 --> 00:49:50,860

there it was just mass hallucination

1222

00:49:54,750 --> 00:49:53,320

wonderful where people were looking for

1223

00:49:57,120 --> 00:49:54,760

Japanese planes so they looked up in the

1224

00:49:59,460 --> 00:49:57,130

sky and they saw them that's one

1225

00:50:02,510 --> 00:49:59,470

explanation generously Evelyn played a

1226

00:50:04,250 --> 00:50:02,520

role of somewhat into oh it did and

1227

00:50:06,890 --> 00:50:04,260

as I mentioned earlier there was

1228

00:50:08,810 --> 00:50:06,900

hysteria there were misidentifications

1229

00:50:11,030 --> 00:50:08,820

that took place but the one thing I'd

1230

00:50:13,040 --> 00:50:11,040

like to say is if we want to go with

1231

00:50:14,900 --> 00:50:13,050

that theory and I tried to knock out

1232

00:50:17,660 --> 00:50:14,910

every possible explanation I don't look

1233

00:50:19,100 --> 00:50:17,670

for UFO as the primary explanation when

1234

00:50:23,570 --> 00:50:19,110

I go into these cases if anything it's

1235

00:50:25,490 --> 00:50:23,580

the last explanation I look for the fact

1236

00:50:28,940 --> 00:50:25,500

of the matter is we have a radar target

1237

00:50:30,710 --> 00:50:28,950

now radar was screwed in 1942 I concede

1238

00:50:33,200 --> 00:50:30,720

that but we had three separate radars

1239

00:50:35,420 --> 00:50:33,210

correlated on a target moving a hundred

1240

00:50:37,910 --> 00:50:35,430

and twenty miles inbound off the Pacific

1241

00:50:40,700 --> 00:50:37,920

moving towards the greater LA area

1242

00:50:42,340 --> 00:50:40,710

to my knowledge hallucinations and war

1243

00:50:45,860 --> 00:50:42,350

nerves can't be tracked on radar

1244

00:50:47,830 --> 00:50:45,870

in addition hallucinations and war

1245

00:50:50,540 --> 00:50:47,840

nerves can't be photographed so

1246

00:50:52,550 --> 00:50:50,550

something was obviously tracked on radar

1247

00:50:54,710 --> 00:50:52,560

something was photographed what that

1248

00:50:57,050 --> 00:50:54,720

something is I don't know it's a genuine

1249

00:50:58,460 --> 00:50:57,060

unidentified flying object but most of

1250

00:51:00,410 --> 00:50:58,470

the skeptics will attribute it to a

1251

00:51:02,720 --> 00:51:00,420

barrage balloon that broke loose from

1252

00:51:04,610 --> 00:51:02,730

its tether and floated around and that's

1253

00:51:06,890 --> 00:51:04,620

what people saw and I would concede that

1254

00:51:10,460 --> 00:51:06,900

the general shape of the the untouched

1255

00:51:13,220 --> 00:51:10,470

photo is a roughly elliptical shaped

1256

00:51:15,730 --> 00:51:13,230

object which does some port with a an

1257

00:51:19,520 --> 00:51:15,740

anti-aircraft barrage balloon however

1258

00:51:22,220 --> 00:51:19,530

the Navy and the army were at odds with

1259

00:51:23,690 --> 00:51:22,230

an official explanation the simplest

1260

00:51:26,120 --> 00:51:23,700

thing for them to come up with would be

1261

00:51:28,070 --> 00:51:26,130

to say it was a barrage balloon it broke

1262

00:51:29,750 --> 00:51:28,080

loose was captured in our searchlights

1263

00:51:31,730 --> 00:51:29,760

and we shot it down the problem with

1264

00:51:33,770 --> 00:51:31,740

that is they never recovered a barrage

1265

00:51:35,480 --> 00:51:33,780

balloon there was never a report in any

1266

00:51:38,450 --> 00:51:35,490

of the military reports which I obtained

1267

00:51:40,100 --> 00:51:38,460

through Barry Greenwoods research there

1268

00:51:41,930 --> 00:51:40,110

was never a missing barrage balloon

1269

00:51:42,800 --> 00:51:41,940

there was never the remnants of a

1270

00:51:44,720 --> 00:51:42,810

balloon which these things are very

1271

00:51:47,510 --> 00:51:44,730

large you know they're an excess of 75

1272

00:51:49,160 --> 00:51:47,520

feet long you can't miss a barrage

1273

00:51:51,050 --> 00:51:49,170

balloon a cycle not like not like a

1274

00:51:53,840 --> 00:51:51,060

little weather balloon and to your point

1275

00:51:56,720 --> 00:51:53,850

Martin which is a valid point a barrage

1276

00:52:00,200 --> 00:51:56,730

balloon isn't going to move inland from

1277

00:52:02,540 --> 00:52:00,210

120 miles off the Pacific then maneuver

1278

00:52:04,220 --> 00:52:02,550

around the greater LA area disappear for

1279

00:52:06,770 --> 00:52:04,230

20 minutes and then circle back in

1280

00:52:08,870 --> 00:52:06,780

reverse course yeah it has some strange

1281

00:52:11,150 --> 00:52:08,880

wind patterns for that to happen that's

1282

00:52:14,030 --> 00:52:11,160

one hell of a balloon let me tell you

1283

00:52:15,620 --> 00:52:14,040

yeah you only have like three minutes so

1284

00:52:17,020 --> 00:52:15,630

there's no way we can get into your New

1285

00:52:19,609 --> 00:52:17,030

Mexico

1286

00:52:23,089 --> 00:52:19,619

I'll have to say that for another time

1287

00:52:25,579 --> 00:52:23,099

better no no the one thing also on this

1288

00:52:27,770 --> 00:52:25,589

I know there were several people that

1289

00:52:29,839 --> 00:52:27,780

yeah we got three minutes several people

1290

00:52:31,970 --> 00:52:29,849

that actually died you know I mean some

1291

00:52:33,710 --> 00:52:31,980

of them from the shell casings I believe

1292

00:52:37,099 --> 00:52:33,720

and one of a heart attack or something

1293

00:52:38,839 --> 00:52:37,109

like that actually surprisingly none

1294

00:52:40,490 --> 00:52:38,849

from shell casings there were injuries

1295

00:52:42,740 --> 00:52:40,500

but no deaths attributed to shell

1296

00:52:44,480 --> 00:52:42,750

casings because to your point what goes

1297

00:52:47,210 --> 00:52:44,490

up comes down and there was a lot of

1298

00:52:48,140 --> 00:52:47,220

shrapnel that did a lot of property

1299

00:52:49,549 --> 00:52:48,150

damage

1300

00:52:52,039 --> 00:52:49,559

there's many photos in the original

1301  
00:52:53,990 --> 00:52:52,049  
newspapers I have a property damage the

1302  
00:52:55,579 --> 00:52:54,000  
deaths were actually attributed and I do

1303  
00:52:56,930 --> 00:52:55,589  
bring that up in my in my lecture

1304  
00:52:59,030 --> 00:52:56,940  
because a lot of people like to laugh at

1305  
00:53:01,010 --> 00:52:59,040  
this case the skeptics especially but I

1306  
00:53:02,450 --> 00:53:01,020  
do dedicate a slide to the fact in

1307  
00:53:04,430 --> 00:53:02,460  
memory of those people that did lose

1308  
00:53:06,289 --> 00:53:04,440  
their lives during this incident but

1309  
00:53:08,450 --> 00:53:06,299  
they were unfortunately attributed to

1310  
00:53:10,700 --> 00:53:08,460  
vehicular accidents people trying to

1311  
00:53:12,260 --> 00:53:10,710  
drive during the blackout and they

1312  
00:53:14,210 --> 00:53:12,270  
either ran into another vehicle or they

1313  
00:53:16,309 --> 00:53:14,220

ran into an obstacle and then

1314

00:53:17,780 --> 00:53:16,319

unfortunately but yet no surprise

1315

00:53:20,750 --> 00:53:17,790

somewhere attributed to heart attacks

1316

00:53:23,359 --> 00:53:20,760

people were so panicked by this the

1317

00:53:25,250 --> 00:53:23,369

wailing of anti-aircraft you know sirens

1318

00:53:26,780 --> 00:53:25,260

and then of course the concussion an

1319

00:53:29,270 --> 00:53:26,790

explosion of all these and any aircraft

1320

00:53:31,549 --> 00:53:29,280

shells through a lot of people into

1321

00:53:32,720 --> 00:53:31,559

cardiac arrest and who unfortunately

1322

00:53:35,870 --> 00:53:32,730

later died Wow

1323

00:53:40,280 --> 00:53:35,880

so now this is weird so 1942 this

1324

00:53:44,569 --> 00:53:40,290

happens and so what happens between 1942

1325

00:53:47,870 --> 00:53:44,579

and 1947 do we know how many UFO

1326

00:53:50,359 --> 00:53:47,880

encounters there yes there are a number

1327

00:53:51,500 --> 00:53:50,369

and specifically I would cite and I just

1328

00:53:54,289 --> 00:53:51,510

gave a lecture in Roswell New Mexico

1329

00:53:58,670 --> 00:53:54,299

last year on this talking about cases

1330

00:54:00,349 --> 00:53:58,680

prior to the famous Roswell incident the

1331

00:54:02,000 --> 00:54:00,359

Foo Fighters sightings over in the

1332

00:54:05,000 --> 00:54:02,010

'european at the theater of World War

1333

00:54:07,970 --> 00:54:05,010

two we had numerous well documented

1334

00:54:09,740 --> 00:54:07,980

cases of UFOs and anomalous lights that

1335

00:54:12,349 --> 00:54:09,750

were seen so this may have been a

1336

00:54:14,870 --> 00:54:12,359

precursor to those series of events and

1337

00:54:16,579 --> 00:54:14,880

sightings we just simply don't know but

1338

00:54:19,069 --> 00:54:16,589

until Kenneth Arnold had his sighting

1339

00:54:21,829 --> 00:54:19,079

there wasn't really too much in the news

1340

00:54:24,500 --> 00:54:21,839

I know the the Foo Fighters you know and

1341

00:54:26,990 --> 00:54:24,510

I know also in Sweden there were the

1342

00:54:28,940 --> 00:54:27,000

ghost ships or ghost ghost Rockets yes

1343

00:54:29,509 --> 00:54:28,950

yes I have some original newspapers from

1344

00:54:32,419 --> 00:54:29,519

that point

1345

00:54:34,130 --> 00:54:32,429

as well and very interesting but and

1346

00:54:37,009 --> 00:54:34,140

that's why I like the Battle of LA case

1347

00:54:38,299 --> 00:54:37,019

because in contradiction of the skeptics

1348

00:54:41,269 --> 00:54:38,309

that say people look up because they

1349

00:54:43,039 --> 00:54:41,279

want to see UFOs UFOs and flying saucers

1350

00:54:45,229 --> 00:54:43,049

weren't even in our lexicon and it's

1351  
00:54:46,939 --> 00:54:45,239  
very wordy - yeah so you can take that

1352  
00:54:49,489 --> 00:54:46,949  
explanation right off the table yeah

1353  
00:54:52,219 --> 00:54:49,499  
that's that's what I like about some of

1354  
00:54:54,529 --> 00:54:52,229  
the cases that are like for instance the

1355  
00:54:57,289 --> 00:54:54,539  
aerial school incident they didn't yet

1356  
00:54:58,459 --> 00:54:57,299  
know of the word UFO or hear anything

1357  
00:54:59,870 --> 00:54:58,469  
about it they had no way to know

1358  
00:55:02,089 --> 00:54:59,880  
anything about it yet they had an

1359  
00:55:03,319 --> 00:55:02,099  
amazing encounter it's an amazing

1360  
00:55:04,849 --> 00:55:03,329  
encounter that I think one of your

1361  
00:55:06,679 --> 00:55:04,859  
guests that are gonna be coming up will

1362  
00:55:09,949 --> 00:55:06,689  
probably have some in Saigon that's

1363  
00:55:11,809 --> 00:55:09,959

right that's right so I think we're

1364

00:55:16,189 --> 00:55:11,819

ready to go into our break

1365

00:55:19,189 --> 00:55:16,199

so we're I want to say we're going to be

1366

00:55:22,459 --> 00:55:19,199

coming back with James Fox and Lee

1367

00:55:24,589 --> 00:55:22,469

Spiegel and our guests now Dave Marlar

1368

00:55:27,889 --> 00:55:24,599

be staying on so you're listening to

1369

00:55:32,919 --> 00:55:27,899

podcast UFO on kgr radio and we'll be

1370

00:55:37,579 --> 00:55:34,939

good job good job

1371

00:55:40,519 --> 00:55:37,589

we're here with four minutes in this

1372

00:55:41,870 --> 00:55:40,529

break it never amazes me how fast time

1373

00:55:45,439 --> 00:55:41,880

flies when we talk about our favorite

1374

00:55:46,909 --> 00:55:45,449

subject it's really like that there's so

1375

00:55:50,409 --> 00:55:46,919

much more to talk about I'm gonna get

1376

00:55:54,370 --> 00:55:50,419

Lee so ratio get James on your end I

1377

00:55:57,529 --> 00:55:54,380

will okay I'm gonna get Lee right now

1378

00:56:00,589 --> 00:55:57,539

and this this is live people are

1379

00:56:02,179 --> 00:56:00,599

listening to this on youtube so they're

1380

00:56:05,179 --> 00:56:02,189

getting a little behind the scenes type

1381

00:56:06,559 --> 00:56:05,189

of things going on here well I apologize

1382

00:56:08,179 --> 00:56:06,569

to him that we didn't have more time to

1383

00:56:10,129 --> 00:56:08,189

get into some specifics that like you

1384

00:56:11,569 --> 00:56:10,139

said Martin may be a future show I would

1385

00:56:13,189 --> 00:56:11,579

always the left you know I've been

1386

00:56:15,829 --> 00:56:13,199

trying to get you on and you you just

1387

00:56:19,129 --> 00:56:15,839

like you're such a busy guy hello hello

1388

00:56:21,529 --> 00:56:19,139

well that's Lee Spiegel's voice wait a

1389

00:56:26,539 --> 00:56:21,539

minute I can't like you can't hear

1390

00:56:30,819 --> 00:56:26,549

awesome ll come on all right we hear you

1391

00:56:36,079 --> 00:56:30,829

Lee I mean oh wait hold on one second

1392

00:56:38,509 --> 00:56:36,089

well you're you're live so I'm live yeah

1393

00:56:43,310 --> 00:56:38,519

oh you can hear us now these pretty cool

1394

00:56:45,350 --> 00:56:43,320

I can't hello mr. Hobbes il-14

1395

00:56:47,660 --> 00:56:45,360

leave a message Thanks oh that's not

1396

00:56:49,520 --> 00:56:47,670

good I just connect we begin a couple of

1397

00:56:55,460 --> 00:56:49,530

minutes ago all right you better text

1398

00:56:57,290 --> 00:56:55,470

him he's supposed to be for step two

1399

00:57:05,630 --> 00:56:57,300

nine number up that way I don't think

1400

00:57:07,070 --> 00:57:05,640

it's James yuan hello hey James how are

1401

00:57:10,100 --> 00:57:07,080

ya it's Martin Willis so you're on with

1402

00:57:14,930 --> 00:57:10,110

a whole bunch of us how are you sir

1403

00:57:17,540 --> 00:57:14,940

good how are you doing good in the Edit

1404

00:57:20,000 --> 00:57:17,550

room as we speak just working

1405

00:57:23,930 --> 00:57:20,010

continuously on on today particularly

1406

00:57:26,770 --> 00:57:23,940

rural Zimbabwe case in 1994 case oh wow

1407

00:57:31,580 --> 00:57:26,780

we were just talking about that

1408

00:57:33,530 --> 00:57:31,590

anyway so James thanks so much for being

1409

00:57:36,260 --> 00:57:33,540

willing to do this because I know you

1410

00:57:38,420 --> 00:57:36,270

are Lee's been telling me how absolute

1411

00:57:41,600 --> 00:57:38,430

jammed you are trying to get this done

1412

00:57:43,610 --> 00:57:41,610

and I'm really excited thank you yeah

1413

00:57:52,690 --> 00:57:43,620

you could do this we are on YouTube live

1414

00:57:59,630 --> 00:57:57,620

hard time like out of the blue film or

1415

00:58:02,960 --> 00:57:59,640

anything like that had had you ever been

1416

00:58:06,560 --> 00:58:02,970

this chanter you are you you're in the

1417

00:58:11,870 --> 00:58:06,570

editing phase now right yeah yeah we're

1418

00:58:14,720 --> 00:58:11,880

we're uh 98% done shooting and we're

1419

00:58:17,320 --> 00:58:14,730

we've got three editors working pretty

1420

00:58:19,730 --> 00:58:17,330

much around the clock oh my god Wow

1421

00:58:25,190 --> 00:58:19,740

minutes gentlemen two minutes to go many

1422

00:58:27,350 --> 00:58:25,200

more okay so what what James is actually

1423

00:58:29,690 --> 00:58:27,360

trying to say here is he doesn't really

1424

00:58:32,390 --> 00:58:29,700

need me to come out to California to

1425

00:58:35,780 --> 00:58:32,400

Saturn and and help them complete this

1426

00:58:56,250 --> 00:58:35,790

thing you're just going to be a big

1427

00:58:59,070 --> 00:58:56,260

distraction because it's rather you know

1428

00:59:00,640 --> 00:58:59,080

down back to the basics should I say

1429

00:59:04,300 --> 00:59:00,650

okay sure

1430

00:59:06,070 --> 00:59:04,310

cm for me for me he I'm told that while

1431

00:59:08,710 --> 00:59:06,080

we're doing any editing up there if I

1432

00:59:11,200 --> 00:59:08,720

need to have a bathroom break it's 80

1433

00:59:13,540 --> 00:59:11,210

steps to the nearest bathroom yeah I

1434

00:59:15,820 --> 00:59:13,550

remember being I remember what it's like

1435

00:59:19,660 --> 00:59:15,830

I came zai think I told you this before

1436

00:59:24,250 --> 00:59:19,670

I lived in Tiburon for nine years and

1437

00:59:26,200 --> 00:59:24,260

moved back here I think I don't know

1438

00:59:28,710 --> 00:59:26,210

it's been seven years now but I was in

1439

00:59:31,870 --> 00:59:28,720

Tiburon so I used to go up your way

1440

00:59:33,610 --> 00:59:31,880

Bolinas and like a whole area Stinson

1441

00:59:37,870 --> 00:59:33,620

Beach and point raised and all that

1442

00:59:39,670 --> 00:59:37,880

really beautiful area and it lovely it

1443

00:59:42,430 --> 00:59:39,680

is wonderful and the weather is just

1444

00:59:46,570 --> 00:59:42,440

amazing but I do remember those winding

1445

00:59:51,480 --> 00:59:46,580

roads going past Muir Woods and all up

1446

00:59:55,360 --> 00:59:51,490

over the mountain and Mount Tam that

1447

00:59:56,550 --> 00:59:55,370

believeth in West were in pure yeah

1448

00:59:59,230 --> 00:59:56,560

that's what it's called

1449

01:00:03,130 --> 00:59:59,240

look look well most people can't take

1450

01:00:07,270 --> 01:00:03,140

those turns so you know what you get to

1451

01:00:09,880 --> 01:00:07,280

bleed if you've earned it yes if you're

1452

01:00:14,910 --> 01:00:09,890

a passenger in a car that's going up the

1453

01:00:21,100 --> 01:00:18,180

all right guys 20 seconds stand by

1454

01:00:22,240 --> 01:00:21,110

Martin okay sure all right here we go

1455

01:00:25,000 --> 01:00:22,250

stand by yeah

1456

01:00:32,560 --> 01:00:25,010

killing a perfect relationship here and

1457

01:00:42,700 --> 01:00:32,570

by my line I know he says it every other

1458

01:00:43,540 --> 01:00:42,710

moment literally here we go Martin you

1459

01:00:49,570 --> 01:00:43,550

ready yeah I'm ready

1460

01:00:53,830 --> 01:00:49,580

Lee yes Marler yes sir and Senor Fox

1461

01:01:00,820 --> 01:00:53,840

everybody else's Hey yes here we go guys

1462

01:01:04,810 --> 01:01:00,830

in five four three two welcome back to

1463

01:01:07,750 --> 01:01:04,820

podcast UFO on kgr radio kgr radio calm

1464

01:01:09,520 --> 01:01:07,760

my guests our David Marlar leaves

1465

01:01:12,070 --> 01:01:09,530

spiegel and James

1466

01:01:18,130 --> 01:01:12,080

we got them all on it worked how about

1467

01:01:19,630 --> 01:01:18,140

that unbelievable I thought that mr.

1468

01:01:21,160 --> 01:01:19,640

Marlowe was gonna was gonna do the

1469

01:01:22,210 --> 01:01:21,170

second half I was delighted to hear that

1470

01:01:25,540 --> 01:01:22,220

he's on with us now

1471

01:01:30,160 --> 01:01:25,550

oh yeah Oh games yeah he's stuck

1472

01:01:32,550 --> 01:01:30,170

he's stuck with us so so we have a lot

1473

01:01:35,140 --> 01:01:32,560

to get to it and we have one hour here

1474

01:01:37,480 --> 01:01:35,150

and I've been talking quite a bit with

1475

01:01:42,520 --> 01:01:37,490

Lee over the last year we've had a lot

1476  
01:01:44,590 --> 01:01:42,530  
of great conversations and so James can

1477  
01:01:47,530 --> 01:01:44,600  
you what can you tell us about what

1478  
01:02:03,580 --> 01:01:47,540  
you're working on I can neither confirm

1479  
01:02:07,060 --> 01:02:03,590  
nor deny all right well it started about

1480  
01:02:10,630 --> 01:02:07,070  
six years ago when I received a phone

1481  
01:02:12,930 --> 01:02:10,640  
call from Tracy Torme and I don't know

1482  
01:02:16,210 --> 01:02:12,940  
how much you want me to get into it but

1483  
01:02:18,160 --> 01:02:16,220  
he planted the seed of producing the

1484  
01:02:20,500 --> 01:02:18,170  
seminal dr. feature-length documentary

1485  
01:02:22,480 --> 01:02:20,510  
film on the subject of UFOs that would

1486  
01:02:23,860 --> 01:02:22,490  
sort of set the record straight once and

1487  
01:02:25,990 --> 01:02:23,870  
for all you know sort of high production

1488  
01:02:28,990 --> 01:02:26,000

values some of the best cases that sort

1489

01:02:32,790 --> 01:02:29,000

of thing and I tried with my last two

1490

01:02:37,720 --> 01:02:32,800

productions to do that and I felt that

1491

01:02:39,100 --> 01:02:37,730

while I did fairly well that that there

1492

01:02:40,630 --> 01:02:39,110

was lots of room for improvement and

1493

01:02:43,930 --> 01:02:40,640

then I could have done a lot better and

1494

01:02:46,630 --> 01:02:43,940

I remember when I finished I know what I

1495

01:02:48,430 --> 01:02:46,640

saw it was incredibly challenging just

1496

01:02:50,890 --> 01:02:48,440

even once the film was done to get it

1497

01:02:52,900 --> 01:02:50,900

sold and get it delivered was incredibly

1498

01:02:58,300 --> 01:02:52,910

challenging and required raising more

1499

01:03:01,570 --> 01:02:58,310

funds and very difficult guidelines to

1500

01:03:03,040 --> 01:03:01,580

adhere to with the with Amy but in case

1501

01:03:07,180 --> 01:03:03,050

when I finished it I remember I was a

1502

01:03:09,550 --> 01:03:07,190

little disappointed and you know it was

1503

01:03:11,320 --> 01:03:09,560

broadcast on his channel and my dad's

1504

01:03:12,670 --> 01:03:11,330

gonna pull me inside he's like what's

1505

01:03:13,810 --> 01:03:12,680

going on son and I said I don't know

1506

01:03:18,299 --> 01:03:13,820

that I really feel like it could have

1507

01:03:26,939 --> 01:03:20,880

but I set my sights to get a theatrical

1508

01:03:29,130 --> 01:03:26,949

with with I know what I saw and but

1509

01:03:30,929 --> 01:03:29,140

every time I finished a a UFO film I

1510

01:03:34,019 --> 01:03:30,939

always say it's gonna be my last one I'm

1511

01:03:37,650 --> 01:03:34,029

never gonna do another I just learned

1512

01:03:39,239 --> 01:03:37,660

not to say that anymore but famous jakey

1513

01:03:41,160 --> 01:03:39,249

called me up about six years ago and he

1514

01:03:43,920 --> 01:03:41,170

said God I saw your movie and I given up

1515

01:03:45,539 --> 01:03:43,930

UFOs and it's been so long but I got

1516

01:03:48,089 --> 01:03:45,549

inspired and then I read Lizzie games

1517

01:03:50,370 --> 01:03:48,099

books and how would you like to team up

1518

01:03:52,140 --> 01:03:50,380

and produce the you know and I thought

1519

01:03:55,019 --> 01:03:52,150

my gosh this is kind of what my dream

1520

01:04:00,059 --> 01:03:55,029

has been and so we decided to you know

1521

01:04:02,339 --> 01:04:00,069

to to launch this film and we've gone

1522

01:04:06,089 --> 01:04:02,349

through a lot of a lot of partners and

1523

01:04:07,859 --> 01:04:06,099

funders and backers and names but here

1524

01:04:09,569 --> 01:04:07,869

we are nearly six years later and we're

1525

01:04:11,309 --> 01:04:09,579

about three four months away from having

1526

01:04:13,890 --> 01:04:11,319

a really good solid ruffcut to start

1527

01:04:15,989 --> 01:04:13,900

shopping so I can't wait Leigh has

1528

01:04:20,370 --> 01:04:15,999

filled me in little things that I have

1529

01:04:23,039 --> 01:04:20,380

to keep secret and and I'm sure the

1530

01:04:25,140 --> 01:04:23,049

listeners love to hear that but I just

1531

01:04:28,169 --> 01:04:25,150

can't wait for this to come out and I

1532

01:04:30,989 --> 01:04:28,179

have said many times you know that you

1533

01:04:33,660 --> 01:04:30,999

have made my favorite UFO movies of all

1534

01:04:36,479 --> 01:04:33,670

times you know out of the blue and I

1535

01:04:38,669 --> 01:04:36,489

know what I saw both are just top-notch

1536

01:04:40,799 --> 01:04:38,679

so I'm really really looking forward to

1537

01:04:42,660 --> 01:04:40,809

listen from what I understand you have

1538

01:04:44,819 --> 01:04:42,670

some great funding and you're doing

1539

01:04:47,789 --> 01:04:44,829

things perfect and right so it's going

1540

01:04:49,559 --> 01:04:47,799

to be real exciting you know it's funny

1541

01:04:52,559 --> 01:04:49,569

I was just having this conversation last

1542

01:04:54,359 --> 01:04:52,569

night with a gentleman who was working

1543

01:04:57,929 --> 01:04:54,369

with John Mac back in the 90s and they

1544

01:04:59,699 --> 01:04:57,939

were going to do something for The

1545

01:05:02,099 --> 01:04:59,709

Learning Channel and it was going to

1546

01:05:06,390 --> 01:05:02,109

cover among other things the rows in Bob

1547

01:05:07,829 --> 01:05:06,400

Lloyd case and he had been given because

1548

01:05:10,079 --> 01:05:07,839

he was working with John Mac he'd been

1549

01:05:12,209 --> 01:05:10,089

given all the original tapes of material

1550

01:05:16,650 --> 01:05:12,219

that John Mac had had and of course the

1551

01:05:19,620 --> 01:05:16,660

project kind of fell apart and and then

1552

01:05:22,019 --> 01:05:19,630

you know John Mac looked the wrong way

1553

01:05:24,209 --> 01:05:22,029

and was was run down in England right so

1554

01:05:26,880 --> 01:05:24,219

the whole project was sad and but I

1555

01:05:29,640 --> 01:05:26,890

bumped into this guy literally bumped

1556

01:05:32,039 --> 01:05:29,650

into him on the street in Colorado and

1557

01:05:32,250 --> 01:05:32,049

we started talking and long story short

1558

01:05:45,390 --> 01:05:32,260

he

1559

01:05:47,340 --> 01:05:45,400

looks like 60 minutes or like you know I

1560

01:05:50,760 --> 01:05:47,350

said well that's no accident because

1561

01:05:52,620 --> 01:05:50,770

when I know what I saw was finished we

1562

01:05:54,660 --> 01:05:52,630

were shopping it and Lionsgate was going

1563

01:05:56,010 --> 01:05:54,670

to pick it up come on we couldn't have

1564

01:05:57,660 --> 01:05:56,020

been happier obviously the money would

1565

01:05:59,760 --> 01:05:57,670

have been great but the level of global

1566

01:06:02,670 --> 01:05:59,770

distribution would have been phenomenal

1567

01:06:04,200 --> 01:06:02,680

for the cause and at the last minute

1568

01:06:06,570 --> 01:06:04,210

they pulled out and they said the

1569

01:06:09,150 --> 01:06:06,580

production values were sub par which is

1570

01:06:11,730 --> 01:06:09,160

the kind of work and so I said to myself

1571

01:06:14,130 --> 01:06:11,740

that very moment back 2008 I'll never

1572

01:06:15,690 --> 01:06:14,140

make that mistake again so one of the

1573

01:06:17,310 --> 01:06:15,700

things that's really gonna stand out in

1574

01:06:20,070 --> 01:06:17,320

the film for a lot of people out there

1575

01:06:23,340 --> 01:06:20,080

is we hired

1576

01:06:24,210 --> 01:06:23,350

top-notch cameramen and audio pendant

1577

01:06:25,740 --> 01:06:24,220

lighting but I mean there are some

1578

01:06:27,390 --> 01:06:25,750

occasions where we were kind of in the

1579

01:06:29,460 --> 01:06:27,400

trenches in foreign countries where

1580

01:06:31,290 --> 01:06:29,470

things didn't go perfectly well but for

1581

01:06:33,750 --> 01:06:31,300

the most part it's just it's not only

1582

01:06:36,720 --> 01:06:33,760

it's really beautiful look at production

1583

01:06:39,510 --> 01:06:36,730

Molly's look like you know frontline

1584

01:06:41,400 --> 01:06:39,520

fifty-minute that's it's great and I'm

1585

01:06:44,430 --> 01:06:41,410

really happy that we could we could do

1586

01:06:47,040 --> 01:06:44,440

that the subject that's been lacking and

1587

01:06:49,109 --> 01:06:47,050

you know what I mean yeah right I'm

1588

01:06:52,380 --> 01:06:49,119

gonna bring lien for in just a minute

1589

01:06:54,780 --> 01:06:52,390

but one thing before I do I want to ask

1590

01:06:56,130 --> 01:06:54,790

you I know that it started out a lot of

1591

01:06:58,560 --> 01:06:56,140

people been talking about the name of

1592

01:07:01,109 --> 01:06:58,570

the film and they started saying is this

1593

01:07:03,270 --> 01:07:01,119

701 it's not 701 anymore I know you have

1594

01:07:05,670 --> 01:07:03,280

kind of like oh you're working with a

1595

01:07:10,320 --> 01:07:05,680

title to the movie is that something you

1596

01:07:13,530 --> 01:07:10,330

can talk about and and before before you

1597

01:07:17,580 --> 01:07:13,540

before you answer that is it still going

1598

01:07:21,180 --> 01:07:17,590

to have the theme of of the 701 cases or

1599

01:07:23,550 --> 01:07:21,190

is it just change tack completely well

1600

01:07:25,800 --> 01:07:23,560

the you know the the only thing that it

1601  
01:07:30,750 --> 01:07:25,810  
was never intended initially the reason

1602  
01:07:35,190 --> 01:07:30,760  
why we chose the number 701 was the

1603  
01:07:36,750 --> 01:07:35,200  
amount of cases 5118 was it if I'm wrong

1604  
01:07:39,240 --> 01:07:36,760  
they were investigated by the Unites

1605  
01:07:42,180 --> 01:07:39,250  
States Air Force from 47 to 69 and out

1606  
01:07:44,760 --> 01:07:42,190  
of which 701 remained unexplained it

1607  
01:07:46,020 --> 01:07:44,770  
might have been more anyway but in any

1608  
01:07:48,600 --> 01:07:46,030  
case it was that

1609  
01:07:52,200 --> 01:07:48,610  
stubborn small percentage of cases that

1610  
01:07:55,050 --> 01:07:52,210  
seem to defy a terrestrial or prosaic

1611  
01:07:57,780 --> 01:07:55,060  
explanation and that's why we thought

1612  
01:07:59,910 --> 01:07:57,790  
that would be fitting for the film is

1613  
01:08:02,430 --> 01:07:59,920

that what it represents not necessarily

1614

01:08:05,250 --> 01:08:02,440

some of the cases would be from the

1615

01:08:11,040 --> 01:08:05,260

files from Project Blue Book and the

1616

01:08:12,300 --> 01:08:11,050

like but but we're we're looking for a

1617

01:08:14,550 --> 01:08:12,310

different title so we have a working

1618

01:08:17,130 --> 01:08:14,560

title of UFOs what we now know again

1619

01:08:19,920 --> 01:08:17,140

it's just a working title right okay

1620

01:08:24,720 --> 01:08:19,930

so Lee what has it been your role in

1621

01:08:29,690 --> 01:08:24,730

helping with this film I am executive

1622

01:08:39,120 --> 01:08:29,700

producer director scriptwriter music

1623

01:08:44,059 --> 01:08:39,130

creator well when a washer you forgot

1624

01:08:49,410 --> 01:08:44,069

that when when James personal iPod

1625

01:08:50,910 --> 01:08:49,420

technician go okay okay yeah that's

1626  
01:08:52,050 --> 01:08:50,920  
gonna be too crowded for my business

1627  
01:08:54,240 --> 01:08:52,060  
card I can't do that

1628  
01:08:57,990 --> 01:08:54,250  
[Laughter]

1629  
01:09:01,140 --> 01:08:58,000  
when James first asked me to even come

1630  
01:09:03,870 --> 01:09:01,150  
on board with the team I couldn't

1631  
01:09:06,930 --> 01:09:03,880  
because I was still working and writing

1632  
01:09:08,970 --> 01:09:06,940  
for The Huffington Post sure and it

1633  
01:09:11,789 --> 01:09:08,980  
would have been a conflict of interest

1634  
01:09:16,320 --> 01:09:11,799  
for me to continue writing for them and

1635  
01:09:20,309 --> 01:09:16,330  
also to be writing with James and almost

1636  
01:09:23,430 --> 01:09:20,319  
exactly a year ago I became one of about

1637  
01:09:27,840 --> 01:09:23,440  
2,100 people who who fell victim to a

1638  
01:09:31,860 --> 01:09:27,850

gigantic layoff at a big company that

1639

01:09:33,780 --> 01:09:31,870

involved AOL Yahoo Verizon and HuffPost

1640

01:09:38,820 --> 01:09:33,790

to many people doing the same kind of

1641

01:09:42,300 --> 01:09:38,830

jobs and so they write of me and that

1642

01:09:44,849 --> 01:09:42,310

same day I called James and I said are

1643

01:09:47,309 --> 01:09:44,859

you still interested in having me work

1644

01:09:48,870 --> 01:09:47,319

on the script and he said why did

1645

01:09:50,910 --> 01:09:48,880

something happen I said yeah I just got

1646

01:09:55,430 --> 01:09:50,920

laid off and he any wouldn't stop

1647

01:10:08,500 --> 01:09:58,120

doing now yeah

1648

01:10:12,070 --> 01:10:08,510

and he apologized he said the combined

1649

01:10:13,780 --> 01:10:12,080

forces yeah yeah and it was it was great

1650

01:10:19,900 --> 01:10:13,790

and I said yeah I'm ready to jump on

1651

01:10:24,070 --> 01:10:19,910

board now and I am so impressed with mr.

1652

01:10:27,160 --> 01:10:24,080

Fox's passion not only for the subject

1653

01:10:30,220 --> 01:10:27,170

matter but I mean this man is working

1654

01:10:32,950 --> 01:10:30,230

six seven days a week sitting in an in

1655

01:10:36,970 --> 01:10:32,960

an editing studio and he's going through

1656

01:10:42,100 --> 01:10:36,980

I'm gonna say conservatively thousands

1657

01:10:45,250 --> 01:10:42,110

of feet or inches or yards of videotape

1658

01:10:49,600 --> 01:10:45,260

he has shot around the world not to

1659

01:10:53,800 --> 01:10:49,610

mention the amazing footage he shot with

1660

01:10:56,800 --> 01:10:53,810

his to count'em two outstanding drones a

1661

01:10:58,840 --> 01:10:56,810

la that he's been using I mean and

1662

01:11:02,860 --> 01:10:58,850

without without giving anything away I

1663

01:11:05,050 --> 01:11:02,870

will tell you this the opening sequence

1664

01:11:07,300 --> 01:11:05,060

of this film is going to take

1665

01:11:10,750 --> 01:11:07,310

everybody's breath away and that's at

1666

01:11:12,850 --> 01:11:10,760

all yeah it's it's so good and I know

1667

01:11:19,210 --> 01:11:12,860

what it is to I had to keep the secret I

1668

01:11:28,090 --> 01:11:19,220

don't like that so hey go ahead go ahead

1669

01:11:29,680 --> 01:11:28,100

Jane for me and I know for Lee as well

1670

01:11:31,570 --> 01:11:29,690

and thank God we was sitting right next

1671

01:11:33,310 --> 01:11:31,580

to me during those times actually at

1672

01:11:34,390 --> 01:11:33,320

least a couple of them yeah but those

1673

01:11:36,190 --> 01:11:34,400

moments when you're sitting there

1674

01:11:37,330 --> 01:11:36,200

filming and you're conducting this

1675

01:11:39,220 --> 01:11:37,340

interview and you're thinking how the

1676

01:11:39,790 --> 01:11:39,230

hell did I get here yes how did this

1677

01:11:43,330 --> 01:11:39,800

happen

1678

01:11:45,550 --> 01:11:43,340

yes why am I gonna keep you know and I

1679

01:11:47,170 --> 01:11:45,560

remember a couple of times and I quite

1680

01:11:49,510 --> 01:11:47,180

seriously mean this I would literally

1681

01:11:51,070 --> 01:11:49,520

pinch my leg see if I'm dreaming or not

1682

01:11:54,040 --> 01:11:51,080

and there are definitely a couple of

1683

01:11:55,950 --> 01:11:54,050

moments like that in the film oh oh yeah

1684

01:11:58,510 --> 01:11:55,960

I mean we have people who we've already

1685

01:12:00,790 --> 01:11:58,520

interviewed there in the can that are

1686

01:12:04,590 --> 01:12:00,800

amazing from from from politics to

1687

01:12:07,420 --> 01:12:04,600

military to science to law enforcement

1688

01:12:10,780 --> 01:12:07,430

just just an incredible array of people

1689

01:12:11,860 --> 01:12:10,790

who just wanted to come forward and and

1690

01:12:14,860 --> 01:12:11,870

get something off the

1691

01:12:16,870 --> 01:12:14,870

chests as so many people have not felt

1692

01:12:20,380 --> 01:12:16,880

that they could for so many years and

1693

01:12:23,050 --> 01:12:20,390

we're we're in a really good position to

1694

01:12:24,040 --> 01:12:23,060

present this film and it's gonna be a

1695

01:12:28,390 --> 01:12:24,050

little different from other

1696

01:12:30,340 --> 01:12:28,400

documentaries we're not out there making

1697

01:12:32,320 --> 01:12:30,350

claim that the United States government

1698

01:12:34,720 --> 01:12:32,330

or the governments of the world are I

1699

01:12:36,490 --> 01:12:34,730

just been lying to us you know for their

1700

01:12:39,100 --> 01:12:36,500

own purposes and it's a gigantic

1701

01:12:41,350 --> 01:12:39,110

conspiracy theory no no we leave that to

1702

01:12:43,180 --> 01:12:41,360

other folks who want to put that into

1703

01:12:45,220 --> 01:12:43,190

their documentaries we're going in a

1704

01:12:47,590 --> 01:12:45,230

different direction one that I think

1705

01:12:50,290 --> 01:12:47,600

people will resonate with when they see

1706

01:12:52,930 --> 01:12:50,300

this well we have the drone picture when

1707

01:12:55,600 --> 01:12:52,940

you were up on Mount Tam showing now and

1708

01:12:57,190 --> 01:12:55,610

no tube so you know speaking of getting

1709

01:12:59,980 --> 01:12:57,200

things off their chest I'm gonna let

1710

01:13:01,360 --> 01:12:59,990

Dave Marlar ask you a question Dave do

1711

01:13:03,240 --> 01:13:01,370

you have a question you'd like to ask

1712

01:13:05,470 --> 01:13:03,250

them about this film or anything else

1713

01:13:10,720 --> 01:13:05,480

yeah how did they make me look in the

1714

01:13:19,570 --> 01:13:10,730

segments they found with me we had we

1715

01:13:22,600 --> 01:13:19,580

had to blur your face because the only

1716

01:13:25,060 --> 01:13:22,610

things the only part of David's section

1717

01:13:28,000 --> 01:13:25,070

in the movie is yes we had to blur his

1718

01:13:30,730 --> 01:13:28,010

face out so that we could be clear with

1719

01:13:45,220 --> 01:13:30,740

all the filing cabinets behind him they

1720

01:13:47,740 --> 01:13:45,230

have all he's gathered yeah Martin for

1721

01:13:49,930 --> 01:13:47,750

the sake of you in the audience just had

1722

01:13:52,510 --> 01:13:49,940

a wonderful time James come out and

1723

01:13:54,610 --> 01:13:52,520

spend a weekend here and I was just

1724

01:13:56,440 --> 01:13:54,620

happy and gratified then we had a lot of

1725

01:13:58,600 --> 01:13:56,450

historical material here that he was

1726

01:14:00,820 --> 01:13:58,610

able to utilize for the for this the

1727

01:14:02,470 --> 01:14:00,830

production and Lee had a chance to

1728

01:14:04,210 --> 01:14:02,480

review much of that as well and Lee and

1729

01:14:06,880 --> 01:14:04,220

I have talked about that as well yeah

1730

01:14:10,870 --> 01:14:06,890

but I'm really glad about that

1731

01:14:12,430 --> 01:14:10,880

that you know James and Lee have woven

1732

01:14:14,860 --> 01:14:12,440

this fabric and I think that's a good

1733

01:14:16,900 --> 01:14:14,870

way to describe it where they weave in

1734

01:14:19,360 --> 01:14:16,910

these narratives these cases this

1735

01:14:23,950 --> 01:14:19,370

information and and I you know we're

1736

01:14:25,810 --> 01:14:23,960

data and we literally are we're

1737

01:14:29,890 --> 01:14:25,820

literally bringing parts of your archive

1738

01:14:31,660 --> 01:14:29,900

to life if it's so incredible David

1739

01:14:34,360 --> 01:14:31,670

Marla's archive is just I mean it

1740

01:14:36,580 --> 01:14:34,370

belongs in a museum but and eventually

1741

01:14:38,560 --> 01:14:36,590

it might end up in a museum but I was so

1742

01:14:41,290 --> 01:14:38,570

impressed at all the original like

1743

01:14:43,600 --> 01:14:41,300

newspaper headlines and all the audio

1744

01:14:45,010 --> 01:14:43,610

file that you have like it's a treasure

1745

01:14:46,150 --> 01:14:45,020

trove like all the people that have been

1746

01:14:52,330 --> 01:14:46,160

working on this film would be going

1747

01:14:57,580 --> 01:14:55,720

but listen on top of that something else

1748

01:15:03,490 --> 01:14:57,590

I'd like to share with you guys is that

1749

01:15:05,770 --> 01:15:03,500

we have offered to pay for that's been

1750

01:15:11,740 --> 01:15:05,780

going for about six months to digitize

1751

01:15:13,720 --> 01:15:11,750

and transfer all of Koufos material yep

1752

01:15:17,170 --> 01:15:13,730

and we've uncovered some gem there that

1753

01:15:22,870 --> 01:15:17,180

are so precious never-before-seen

1754

01:15:26,110 --> 01:15:22,880

footage of Hynek and I'm just a number

1755

01:15:29,080 --> 01:15:26,120

of incredible interviews from the 40s

1756

01:15:31,840 --> 01:15:29,090

and 50s and 60s as well as I don't know

1757

01:15:34,420 --> 01:15:31,850

we we could well I don't know do we want

1758

01:15:38,370 --> 01:15:34,430

to talk about the United Nations oh well

1759

01:15:43,120 --> 01:15:38,380

I you know it's so close to my heart

1760

01:15:46,660 --> 01:15:43,130

because I I produced this what's been

1761

01:15:50,320 --> 01:15:46,670

called a milestone UFO presentation at

1762

01:15:54,550 --> 01:15:50,330

the United Nations in 1978 and for all

1763

01:15:56,740 --> 01:15:54,560

of these years I have been kind of

1764

01:16:00,370 --> 01:15:56,750

searching in the little nooks and

1765

01:16:02,440 --> 01:16:00,380

crannies and corners to find footage as

1766

01:16:05,530 --> 01:16:02,450

much footage as I could on the

1767

01:16:07,870 --> 01:16:05,540

presentation because we weren't I wasn't

1768

01:16:11,370 --> 01:16:07,880

given the footage as I was promised by

1769

01:16:14,350 --> 01:16:11,380

the country of Grenada back then and so

1770

01:16:16,930 --> 01:16:14,360

we've been looking and looking and and

1771

01:16:19,240 --> 01:16:16,940

all that I'm going to say is if I was

1772

01:16:23,190 --> 01:16:19,250

wearing a hat right now I would tip it

1773

01:16:26,920 --> 01:16:23,200

to a young lady named Kelly Fox

1774

01:16:28,960 --> 01:16:26,930

Kelly is is James's sister she's been

1775

01:16:31,360 --> 01:16:28,970

doing amazing work going through

1776

01:16:34,300 --> 01:16:31,370

archives and archive organizations to

1777

01:16:36,850 --> 01:16:34,310

find us things for this documentary and

1778

01:16:38,420 --> 01:16:36,860

a few months ago James called me one day

1779

01:16:40,640 --> 01:16:38,430

and said what

1780

01:16:42,830 --> 01:16:40,650

you've been looking for for like forty

1781

01:16:44,600 --> 01:16:42,840

years that you've been frustrated and

1782

01:16:46,730 --> 01:16:44,610

haven't been able to find and to be able

1783

01:16:48,440 --> 01:16:46,740

to share with the world and I said I

1784

01:16:51,980 --> 01:16:48,450

think I said something like well I've

1785

01:16:56,960 --> 01:16:51,990

already got a beautiful woman so I was a

1786

01:16:57,950 --> 01:16:56,970

good answer yeah and I said okay don't

1787

01:17:02,240 --> 01:16:57,960

don't tease me

1788

01:17:07,100 --> 01:17:02,250

he said Kelly found all of United

1789

01:17:08,690 --> 01:17:07,110

Nations footage oh my goodness Wow

1790

01:17:10,400 --> 01:17:08,700

I bet you looked a little different too

1791

01:17:15,070 --> 01:17:10,410

I saw the pictures Oh

1792

01:17:19,790 --> 01:17:15,080

oh my gosh I I did I did like a

1793

01:17:23,810 --> 01:17:19,800

somersault because it took so much out

1794

01:17:27,350 --> 01:17:23,820

of me to actually see these people Allen

1795

01:17:29,750 --> 01:17:27,360

Hynek Jacque valeted Army captain Larry

1796

01:17:33,470 --> 01:17:29,760

coin telling the United Nations about

1797

01:17:37,160 --> 01:17:33,480

his harrowing helicopter yeah experience

1798

01:17:40,520 --> 01:17:37,170

in 1973 and I hadn't seen any of this

1799

01:17:43,880 --> 01:17:40,530

footage in the last 40 years and now we

1800

01:17:46,040 --> 01:17:43,890

have a possibility of getting it that is

1801  
01:17:48,230 --> 01:17:46,050  
amazing James I changed I think you're

1802  
01:17:52,840 --> 01:17:48,240  
getting a little crosswind there did you

1803  
01:18:00,500 --> 01:17:56,540  
yeah that is better James let me ask you

1804  
01:18:03,200 --> 01:18:00,510  
this question what has since the you

1805  
01:18:07,880 --> 01:18:03,210  
know the Pentagon story came out on

1806  
01:18:10,130 --> 01:18:07,890  
December 16th and I I think things have

1807  
01:18:13,190 --> 01:18:10,140  
changed quite a bit since that time have

1808  
01:18:16,790 --> 01:18:13,200  
you had to adjust anything or change

1809  
01:18:19,460 --> 01:18:16,800  
anything since that has happened or have

1810  
01:18:22,460 --> 01:18:19,470  
you taken any new tax on what you're

1811  
01:18:24,380 --> 01:18:22,470  
doing because of that that article and

1812  
01:18:32,480 --> 01:18:24,390  
people taking this more seriously these

1813  
01:18:42,590 --> 01:18:32,490

days when you say we were talking about

1814

01:18:44,690 --> 01:18:42,600

the nimitz earlier yeah a financial toll

1815

01:18:48,170 --> 01:18:44,700

for the third love the third investors

1816

01:18:50,450 --> 01:18:48,180

we got it we got on board and how do you

1817

01:18:52,010 --> 01:18:50,460

account for something you know without

1818

01:18:55,820 --> 01:18:52,020

knowing that and

1819

01:18:57,440 --> 01:18:55,830

so I just said you know something's

1820

01:18:58,820 --> 01:18:57,450

gonna happen you know how you gonna end

1821

01:19:01,400 --> 01:18:58,830

us I don't know something's gonna happen

1822

01:19:03,710 --> 01:19:01,410

well it always does and when it does

1823

01:19:05,270 --> 01:19:03,720

we'll document it and I put a little

1824

01:19:06,830 --> 01:19:05,280

extra budget in for that and then lo and

1825

01:19:09,710 --> 01:19:06,840

behold to cover the New York Times happy

1826

01:19:11,090 --> 01:19:09,720

so yeah I predicted something would

1827

01:19:14,360 --> 01:19:11,100

happen but I didn't predict something

1828

01:19:15,080 --> 01:19:14,370

that good what happens here I mean right

1829

01:19:18,590 --> 01:19:15,090

right

1830

01:19:21,170 --> 01:19:18,600

so with that happening you have actually

1831

01:19:27,440 --> 01:19:21,180

changed some things in the film rate mid

1832

01:19:28,220 --> 01:19:27,450

film right are you there yeah we yeah

1833

01:19:31,370 --> 01:19:28,230

I'm right here

1834

01:19:31,910 --> 01:19:31,380

yeah we yes we're covering that a bit

1835

01:19:33,110 --> 01:19:31,920

yeah

1836

01:19:36,920 --> 01:19:33,120

they're covering that event oh well

1837

01:19:39,470 --> 01:19:36,930

that's exciting yeah it's not gonna be

1838

01:19:41,660 --> 01:19:39,480

you know it'll probably be just a few

1839

01:19:44,450 --> 01:19:41,670

minutes towards the end but I think

1840

01:19:46,730 --> 01:19:44,460

it'll open up a window of government

1841

01:19:50,120 --> 01:19:46,740

transparency and like unlike we've ever

1842

01:19:51,980 --> 01:19:50,130

seen in America yeah yeah yeah and and I

1843

01:19:55,700 --> 01:19:51,990

you know you might it might be that you

1844

01:19:59,060 --> 01:19:55,710

might be sensing that perhaps James and

1845

01:20:01,970 --> 01:19:59,070

I are just resisting a little bit

1846

01:20:05,030 --> 01:20:01,980

telling you much more yes you are and

1847

01:20:07,670 --> 01:20:05,040

and normally historically I'm the guy

1848

01:20:11,000 --> 01:20:07,680

who stands up on a soapbox and says I

1849

01:20:12,320 --> 01:20:11,010

hate it when people tease the public for

1850

01:20:15,940 --> 01:20:12,330

claiming that they've got this and that

1851

01:20:19,810 --> 01:20:15,950

and no it's my turn now yeah and so I

1852

01:20:24,170 --> 01:20:19,820

that but this is not the kind of tease

1853

01:20:26,840 --> 01:20:24,180

where like the other people where they

1854

01:20:29,570 --> 01:20:26,850

never produce a payoff and there's the

1855

01:20:33,170 --> 01:20:29,580

difference we're gonna give you a payoff

1856

01:20:36,590 --> 01:20:33,180

and so we we're just keeping it as close

1857

01:20:39,890 --> 01:20:36,600

at hand as possible so that we can feel

1858

01:20:42,230 --> 01:20:39,900

free to finish this thing and then put

1859

01:20:45,110 --> 01:20:42,240

it out there too so everybody can see it

1860

01:20:47,360 --> 01:20:45,120

and then I'll sleep for a year and James

1861

01:20:49,910 --> 01:20:47,370

will be able to take care and and raise

1862

01:20:55,700 --> 01:20:49,920

his young son for the next five years

1863

01:20:57,830 --> 01:20:55,710

without distractions yes not for two

1864

01:21:00,490 --> 01:20:57,840

years yeah it's like we're not we're not

1865

01:21:05,810 --> 01:21:00,500

trying to deliberately keep it a secret

1866

01:21:08,600 --> 01:21:05,820

no we're not I will say this for

1867

01:21:12,410 --> 01:21:08,610

all the people out there who almost

1868

01:21:14,660 --> 01:21:12,420

daily say well disclosure it's right

1869

01:21:17,720 --> 01:21:14,670

around the corner I can taste it it's

1870

01:21:21,830 --> 01:21:17,730

happening the truth is going to no no no

1871

01:21:24,650 --> 01:21:21,840

folks take a deep breath everybody first

1872

01:21:27,200 --> 01:21:24,660

of all we I don't believe any of us here

1873

01:21:30,770 --> 01:21:27,210

on this show right now will actually be

1874

01:21:33,590 --> 01:21:30,780

alive long enough to hear or know the

1875

01:21:36,770 --> 01:21:33,600

ultimate truth about UFOs and as far as

1876

01:21:38,870 --> 01:21:36,780

disclosure hey folks if you do the

1877

01:21:40,960 --> 01:21:38,880

legwork you've got to go out there and

1878

01:21:43,840 --> 01:21:40,970

do some research you will find

1879

01:21:46,850 --> 01:21:43,850

disclosure has been happening for a very

1880

01:21:49,850 --> 01:21:46,860

long time you just got to look for it

1881

01:21:53,660 --> 01:21:49,860

and you'll find it right right James up

1882

01:21:56,840 --> 01:21:53,670

going back to the topic of the Pentagon

1883

01:21:58,520 --> 01:21:56,850

you know the the New York Times story do

1884

01:22:08,060 --> 01:21:58,530

you believe that you'll be able to sell

1885

01:22:12,380 --> 01:22:08,070

the film easier because of that having

1886

01:22:15,200 --> 01:22:12,390

sold all three previous films within six

1887

01:22:19,130 --> 01:22:15,210

weeks of completion and looking at this

1888

01:22:20,540 --> 01:22:19,140

film now there's just no comparison with

1889

01:22:23,240 --> 01:22:20,550

this film and the other films that I've

1890

01:22:24,980 --> 01:22:23,250

done I've got a few people in the in the

1891

01:22:27,230 --> 01:22:24,990

industry that are just champion of the

1892

01:22:30,080 --> 01:22:27,240

bit to put this thing into the right

1893

01:22:32,900 --> 01:22:30,090

hands so I think that it's gonna make

1894

01:22:35,900 --> 01:22:32,910

the other cases that we're featuring in

1895

01:22:40,790 --> 01:22:35,910

this film that much more credible to

1896

01:22:41,960 --> 01:22:40,800

have you know this program come out and

1897

01:22:46,460 --> 01:22:41,970

the people that were behind the program

1898

01:22:48,260 --> 01:22:46,470

coming out validating the existence of

1899

01:22:50,630 --> 01:22:48,270

UFOs I think that's going to be a

1900

01:22:52,460 --> 01:22:50,640

tremendous boon for the film no question

1901

01:22:55,850 --> 01:22:52,470

about it and certainly in the marketing

1902

01:22:58,220 --> 01:22:55,860

people are keen to know more at this

1903

01:23:01,070 --> 01:22:58,230

point so I'm very excited about that and

1904

01:23:03,140 --> 01:23:01,080

I and like I said the handful of people

1905

01:23:05,990 --> 01:23:03,150

that I've had just had a couple of

1906

01:23:08,990 --> 01:23:06,000

friends oh my god this guy's doing yeah

1907

01:23:10,490 --> 01:23:09,000

come over so I invited people in roaming

1908

01:23:13,220 --> 01:23:10,500

I'm telling you right now these people

1909

01:23:16,040 --> 01:23:13,230

saw it before and they just walk out of

1910

01:23:19,220 --> 01:23:16,050

here in a trance like oh my god I can't

1911

01:23:25,580 --> 01:23:19,230

believe this building coming down Wow

1912

01:23:27,500 --> 01:23:25,590

now do you know yeah

1913

01:23:30,170 --> 01:23:27,510

now would you consider the format

1914

01:23:33,680 --> 01:23:30,180

basically a documentary or would you is

1915

01:23:39,350 --> 01:23:33,690

it kind of like a mixture of of how

1916

01:23:42,110 --> 01:23:39,360

you'd classify it well if any of you out

1917

01:23:45,200 --> 01:23:42,120

there have seen I know what I saw it's

1918

01:23:48,550 --> 01:23:45,210

similar and the fact that it's got

1919

01:23:51,910 --> 01:23:48,560

pretty solid cases you know of any cases

1920

01:23:55,250 --> 01:23:51,920

from around the world this is even more

1921

01:23:57,470 --> 01:23:55,260

international but it's a lot better shot

1922

01:24:00,560 --> 01:23:57,480

a lot better researched and and we're

1923

01:24:04,910 --> 01:24:00,570

gonna do a much better job with a

1924

01:24:06,800 --> 01:24:04,920

narrative that will fit these stories

1925

01:24:09,770 --> 01:24:06,810

together in a compelling and exciting

1926

01:24:11,210 --> 01:24:09,780

way but but that everything will service

1927

01:24:13,880 --> 01:24:11,220

everything will have a purpose it won't

1928

01:24:16,190 --> 01:24:13,890

just be banging the view over the head

1929

01:24:19,160 --> 01:24:16,200

case after case after case do you don't

1930

01:24:21,350 --> 01:24:19,170

mean right right oh yes your question

1931

01:24:23,120 --> 01:24:21,360

but do I feel like that will help sell

1932

01:24:25,460 --> 01:24:23,130

the film yeah absolutely I do but I feel

1933

01:24:27,850 --> 01:24:25,470

like it would have it would have it it

1934

01:24:31,850 --> 01:24:27,860

will sell with or without that I mean

1935

01:24:39,560 --> 01:24:31,860

it's about the closest I've seen to

1936

01:24:42,080 --> 01:24:39,570

disclosure ever this it's it's gonna be

1937

01:24:43,630 --> 01:24:42,090

it's it's I can't see how it's not gonna

1938

01:24:47,090 --> 01:24:43,640

stir the pot let's put that way

1939

01:24:51,830 --> 01:24:47,100

excellent well I had I had selma siddik

1940

01:24:53,390 --> 01:24:51,840

from the aerial school incident on my

1941

01:24:57,020 --> 01:24:53,400

show and I'm telling you I had

1942

01:24:59,690 --> 01:24:57,030

goosebumps talking to her that's just to

1943

01:25:03,950 --> 01:24:59,700

me I'm glad that case is gonna be part

1944

01:25:08,120 --> 01:25:03,960

of it because that that just is such an

1945

01:25:11,030 --> 01:25:08,130

incredible case and the in what they saw

1946

01:25:12,320 --> 01:25:11,040

and everything that's just amazing so

1947

01:25:18,170 --> 01:25:12,330

I'm really I was really glad to hear

1948

01:25:21,140 --> 01:25:18,180

that was gonna be part of the film okay

1949

01:25:24,110 --> 01:25:21,150

oh I just wanted to add James that I

1950

01:25:25,820 --> 01:25:24,120

want to let Martin know that James and

1951

01:25:28,520 --> 01:25:25,830

Lee have shared some of the clips with

1952

01:25:31,250 --> 01:25:28,530

me both shot with myself but with others

1953

01:25:33,500 --> 01:25:31,260

and in discussing the material and Lee

1954

01:25:36,740 --> 01:25:33,510

and I have had many discussions on

1955

01:25:39,800 --> 01:25:36,750

I just want to commend James and Lee for

1956

01:25:41,300 --> 01:25:39,810

their vetting process Martin you and I

1957

01:25:43,819 --> 01:25:41,310

have talked many times about this field

1958

01:25:46,580 --> 01:25:43,829

there is everything from credible to

1959

01:25:49,129 --> 01:25:46,590

crazy and all things in between and I

1960

01:25:51,680 --> 01:25:49,139

want to commend Lee and James for their

1961

01:25:53,959 --> 01:25:51,690

vetting process many times you see

1962

01:25:56,209 --> 01:25:53,969

productions or you hear a lecture or you

1963

01:25:58,399 --> 01:25:56,219

see this or that presented in the UFO

1964

01:26:00,260 --> 01:25:58,409

field and you say you know what that's

1965

01:26:02,540 --> 01:26:00,270

really good except for the fact they

1966

01:26:04,879 --> 01:26:02,550

included that person or they included us

1967

01:26:06,950 --> 01:26:04,889

that case yeah and just from what

1968

01:26:09,319 --> 01:26:06,960

limited information they shared with me

1969

01:26:11,089 --> 01:26:09,329

what I've seen thus far and you know I

1970

01:26:13,430 --> 01:26:11,099

have zero tolerance for craziness in

1971

01:26:16,430 --> 01:26:13,440

this field there is no weak link

1972

01:26:19,370 --> 01:26:16,440

they have no weak link and they make a

1973

01:26:21,830 --> 01:26:19,380

compelling argument that I would task

1974

01:26:23,930 --> 01:26:21,840

any of the most ardent skeptics to watch

1975

01:26:25,370 --> 01:26:23,940

this documentary and come away and still

1976

01:26:28,160 --> 01:26:25,380

feel the same way that they did before

1977

01:26:30,200 --> 01:26:28,170

they came in to see it so I just want to

1978

01:26:33,919 --> 01:26:30,210

commend Lee and James for their work in

1979

01:26:36,439 --> 01:26:33,929

that regard this field is striving for

1980

01:26:38,569 --> 01:26:36,449

credibility and both James's previous

1981

01:26:41,359 --> 01:26:38,579

productions as well as this one hits the

1982

01:26:44,810 --> 01:26:41,369

mark and it hits the mark big-time right

1983

01:26:48,410 --> 01:26:44,820

well well yeah thank you David

1984

01:26:50,629 --> 01:26:48,420

and you know what right back at ya well

1985

01:26:54,919 --> 01:26:50,639

you're handing a compliments I want to

1986

01:26:59,419 --> 01:26:54,929

say that David Marla is is like a

1987

01:27:01,280 --> 01:26:59,429

walking encyclopedia of UFOs it's not

1988

01:27:04,129 --> 01:27:01,290

that he it's not just that he has

1989

01:27:05,870 --> 01:27:04,139

hundreds of filing cabinets with folders

1990

01:27:08,540 --> 01:27:05,880

in them with papers and correspondence

1991

01:27:10,520 --> 01:27:08,550

and pictures you go up to this guy or

1992

01:27:12,709 --> 01:27:10,530

you call him if I can call if I call

1993

01:27:15,800 --> 01:27:12,719

David any day that we can say David

1994

01:27:19,490 --> 01:27:15,810

listen what do you know about 1973

1995

01:27:21,500 --> 01:27:19,500

pan-american 747 he'll suddenly stop me

1996

01:27:23,839 --> 01:27:21,510

and he'll just tell me the entire case

1997

01:27:27,319 --> 01:27:23,849

the names of the pilots the names of

1998

01:27:32,990 --> 01:27:27,329

every passenger on them on the matter

1999

01:27:36,740 --> 01:27:33,000

date of birth date of birth he is so

2000

01:27:38,359 --> 01:27:36,750

he's so thorough he's he is a walking

2001  
01:27:41,629 --> 01:27:38,369  
encyclopedia I feel like every time

2002  
01:27:43,459 --> 01:27:41,639  
David you've received the new file or

2003  
01:27:46,640 --> 01:27:43,469  
information as you're thumbing through

2004  
01:27:49,580 --> 01:27:46,650  
it I can hear the clicking of like a

2005  
01:27:51,560 --> 01:27:49,590  
in your head click click click and it's

2006  
01:27:53,990 --> 01:27:51,570  
going into another filing cabinet of

2007  
01:27:56,240 --> 01:27:54,000  
your mind that's well that's how good he

2008  
01:27:58,310 --> 01:27:56,250  
is well thank you but to demonstrate

2009  
01:27:59,750 --> 01:27:58,320  
that I think James was witness to that

2010  
01:28:01,340 --> 01:27:59,760  
when he was here filming because he was

2011  
01:28:02,930 --> 01:28:01,350  
asking about this case in that case and

2012  
01:28:05,060 --> 01:28:02,940  
I'm literally running around pulling

2013  
01:28:07,730 --> 01:28:05,070

files out of various file cabinet

2014

01:28:09,260 --> 01:28:07,740

drawers and as I like to say it's great

2015

01:28:10,940 --> 01:28:09,270

to have all this information but it's

2016

01:28:12,710 --> 01:28:10,950

not organized and if you can't readily

2017

01:28:15,140 --> 01:28:12,720

retrieve it there's no point having it

2018

01:28:16,940 --> 01:28:15,150

so thank you well it was it was so funny

2019

01:28:19,370 --> 01:28:16,950

because I've been working with this

2020

01:28:23,330 --> 01:28:19,380

other guy it was a really good editor

2021

01:28:26,180 --> 01:28:23,340

his name is Ben and Ben will you know

2022

01:28:28,310 --> 01:28:26,190

I'll put him on a certain task and come

2023

01:28:43,220 --> 01:28:28,320

one week so he goes thank you guys that

2024

01:28:45,380 --> 01:28:43,230

gave it Barlow just very complex period

2025

01:28:49,100 --> 01:28:45,390

that I think leads nicely up to the

2026

01:28:52,540 --> 01:28:49,110

socorro in 64 but the budget things that

2027

01:28:55,130 --> 01:28:52,550

build to that so by the time you get to

2028

01:28:57,920 --> 01:28:55,140

succour New Mexico in 64 was with Lonnie

2029

01:29:00,140 --> 01:28:57,930

Zamora that case just becomes that much

2030

01:29:04,100 --> 01:29:00,150

more palatable for I think mainstream

2031

01:29:06,260 --> 01:29:04,110

because we built our our case with these

2032

01:29:09,680 --> 01:29:06,270

prior instance which I knew very little

2033

01:29:11,630 --> 01:29:09,690

about and I'm really going and I'm

2034

01:29:14,150 --> 01:29:11,640

really glad that James recognized that

2035

01:29:15,830 --> 01:29:14,160

because I've lectured before on the fact

2036

01:29:18,550 --> 01:29:15,840

that there are these precedents for

2037

01:29:21,260 --> 01:29:18,560

Socorro namely Levelland Texas

2038

01:29:23,000 --> 01:29:21,270

Alamogordo these other cases describing

2039

01:29:25,880 --> 01:29:23,010

essentially the same scenario that

2040

01:29:28,880 --> 01:29:25,890

played out and many of these involve law

2041

01:29:31,070 --> 01:29:28,890

enforcement and military in fact James I

2042

01:29:33,440 --> 01:29:31,080

believe will be including an actual

2043

01:29:35,060 --> 01:29:33,450

radio broadcast involving the public

2044

01:29:36,970 --> 01:29:35,070

information officer from White Sands

2045

01:29:39,710 --> 01:29:36,980

proving ground where he states that

2046

01:29:43,400 --> 01:29:39,720

military personnel witnessed the landing

2047

01:29:44,990 --> 01:29:43,410

of this UFO and the tape off of this UFO

2048

01:29:47,990 --> 01:29:45,000

I mean this is the actual public

2049

01:29:50,360 --> 01:29:48,000

information officer and two statements

2050

01:29:53,600 --> 01:29:50,370

made earlier he's able to marry those

2051  
01:29:57,350 --> 01:29:53,610  
radio vintage radio newscasts with with

2052  
01:29:58,910 --> 01:29:57,360  
the newspaper papers yeah I think James

2053  
01:30:00,640 --> 01:29:58,920  
sent me a clip and I told James in

2054  
01:30:03,490 --> 01:30:00,650  
response I texted back I said

2055  
01:30:05,770 --> 01:30:03,500  
you make this material dance it just it

2056  
01:30:07,690 --> 01:30:05,780  
just goes together so seamlessly and I

2057  
01:30:09,970 --> 01:30:07,700  
know Lee has been looking at some of

2058  
01:30:11,530 --> 01:30:09,980  
those clips as well and you know it's

2059  
01:30:14,470 --> 01:30:11,540  
it's a testament to James and his

2060  
01:30:16,420 --> 01:30:14,480  
creativity that he's able to marry all

2061  
01:30:18,910 --> 01:30:16,430  
of this material and make some sense out

2062  
01:30:25,450 --> 01:30:18,920  
of it because there's just so much to

2063  
01:30:27,160 --> 01:30:25,460

sort through James are there some that

2064

01:30:29,560 --> 01:30:27,170

you're that might some of these

2065

01:30:32,410 --> 01:30:29,570

incidences and some of these takes that

2066

01:30:34,630 --> 01:30:32,420

may be cut out in the editing that

2067

01:30:36,190 --> 01:30:34,640

you're like on the fence about or do you

2068

01:30:41,500 --> 01:30:36,200

think you've captured everything that's

2069

01:30:42,970 --> 01:30:41,510

going to be in stay in the film I think

2070

01:30:52,150 --> 01:30:42,980

it's gonna be have to be a seven hour

2071

01:30:54,370 --> 01:30:52,160

Odyssey yeah okay yeah and he's lying no

2072

01:30:57,100 --> 01:30:54,380

we already have enough for more than a

2073

01:30:59,380 --> 01:30:57,110

two hour presentation at this point I

2074

01:31:00,940 --> 01:30:59,390

said to Lee I said this film has got to

2075

01:31:04,000 --> 01:31:00,950

do really well Lee because you and I

2076

01:31:07,780 --> 01:31:04,010

have got we ought to make a film on just

2077

01:31:13,030 --> 01:31:07,790

socorro just Australia just South

2078

01:31:16,180 --> 01:31:13,040

America just China just rua I mean each

2079

01:31:18,880 --> 01:31:16,190

one of these cases has so much depth and

2080

01:31:20,410 --> 01:31:18,890

complexity and you know it's like where

2081

01:31:23,230 --> 01:31:20,420

do you you know yet to be very selective

2082

01:31:24,600 --> 01:31:23,240

but I but I did say you know totally we

2083

01:31:27,760 --> 01:31:24,610

should we should seriously consider

2084

01:31:29,500 --> 01:31:27,770

doing like an eight eight part series on

2085

01:31:33,340 --> 01:31:29,510

the full hour on each one of these cases

2086

01:31:36,820 --> 01:31:33,350

oh you know the materials there yeah

2087

01:31:39,250 --> 01:31:36,830

it's it's it's amazing and and you know

2088

01:31:42,520 --> 01:31:39,260

James is one of the few people in

2089

01:31:48,280 --> 01:31:42,530

America who was invited recently to go

2090

01:31:51,490 --> 01:31:48,290

to China and and to to film amazing

2091

01:31:55,090 --> 01:31:51,500

interviews and get to get footage of UFO

2092

01:31:59,610 --> 01:31:55,100

activity in China and and our technical

2093

01:32:03,250 --> 01:31:59,620

adviser on the film who is jacques of LA

2094

01:32:05,410 --> 01:32:03,260

was very anxious for James to go to

2095

01:32:06,700 --> 01:32:05,420

China because Jacques would say to us we

2096

01:32:09,310 --> 01:32:06,710

don't really know anything of what's

2097

01:32:12,220 --> 01:32:09,320

going on coming out of China and James

2098

01:32:14,110 --> 01:32:12,230

went out there with his sister Kelly and

2099

01:32:14,410 --> 01:32:14,120

and its cameraman David they were out

2100

01:32:16,419 --> 01:32:14,420

there

2101  
01:32:20,260 --> 01:32:16,429  
little over two weeks and came back with

2102  
01:32:22,930 --> 01:32:20,270  
amazing stuff and and and stuff that no

2103  
01:32:25,060 --> 01:32:22,940  
one has seen before and you know just

2104  
01:32:28,720 --> 01:32:25,070  
getting through the translation process

2105  
01:32:29,830 --> 01:32:28,730  
is also a challenge Wow yeah no I ending

2106  
01:32:35,110 --> 01:32:29,840  
is always hard but then you got to edit

2107  
01:32:38,410 --> 01:32:35,120  
in Chinese like really Wow amazing you

2108  
01:32:40,390 --> 01:32:38,420  
know but no it's go ahead I was just

2109  
01:32:42,400 --> 01:32:40,400  
gonna say it's just you know we got to

2110  
01:32:43,900 --> 01:32:42,410  
China I knew very little to nothing I

2111  
01:32:46,270 --> 01:32:43,910  
mean I saw a few things on the internet

2112  
01:32:47,950 --> 01:32:46,280  
and last 5-10 years but for the most

2113  
01:32:49,810 --> 01:32:47,960

part I do nothing about UFOs in China

2114

01:32:53,290 --> 01:32:49,820

there was then I found out there was

2115

01:32:57,510 --> 01:32:53,300

this amazing landing case just like Rua

2116

01:33:01,450 --> 01:32:57,520

the world as many witnesses Moon Jaguar

2117

01:33:05,020 --> 01:33:01,460

1994 same year in Africa 1994 landing

2118

01:33:08,680 --> 01:33:05,030

case in China everyone in the the

2119

01:33:10,840 --> 01:33:08,690

Chinese you UFO the organization the UFO

2120

01:33:13,180 --> 01:33:10,850

organization that we connected with was

2121

01:33:14,979 --> 01:33:13,190

officially recognized and registered

2122

01:33:17,260 --> 01:33:14,989

with the Chinese government which is

2123

01:33:21,100 --> 01:33:17,270

sort of a tacit way of them saying you

2124

01:33:24,370 --> 01:33:21,110

know we we support this research they

2125

01:33:27,550 --> 01:33:24,380

had a monument that must have cost over

2126

01:33:29,919 --> 01:33:27,560

10 million dollars stunningly beautiful

2127

01:33:30,760 --> 01:33:29,929

monument of a flying saucer overlooking

2128

01:33:33,370 --> 01:33:30,770

this whole city

2129

01:33:35,290 --> 01:33:33,380

yeah not just a rinky-dink little this

2130

01:33:38,439 --> 01:33:35,300

is a substantial thing you can climb up

2131

01:33:41,320 --> 01:33:38,449

into and spiral staircases and I mean

2132

01:33:42,910 --> 01:33:41,330

it's stunningly beautiful like you know

2133

01:33:45,280 --> 01:33:42,920

who would have thought you know what I

2134

01:33:47,200 --> 01:33:45,290

mean Wow witnesses all over anyway so

2135

01:33:49,870 --> 01:33:47,210

that was really nice we conducted an

2136

01:33:50,560 --> 01:33:49,880

interview on the Great Wall of China how

2137

01:33:53,680 --> 01:33:50,570

cool is that

2138

01:33:55,540 --> 01:33:53,690

isn't that amazing yeah it's beautiful

2139

01:33:57,700 --> 01:33:55,550

and all beautifully sought it's gonna be

2140

01:33:59,020 --> 01:33:57,710

so excited I flew my drone in China we

2141

01:34:01,240 --> 01:33:59,030

actually went around with a Chinese

2142

01:34:02,530 --> 01:34:01,250

general because you can't fly Jordan

2143

01:34:07,300 --> 01:34:02,540

China man you have to get a permit you

2144

01:34:10,180 --> 01:34:07,310

gotta fail no joke that people said me

2145

01:34:13,360 --> 01:34:10,190

no no no no you are not think about it

2146

01:34:15,939 --> 01:34:13,370

like Beijing but but we had a general

2147

01:34:17,560 --> 01:34:15,949

with us and he literally was like you

2148

01:34:21,310 --> 01:34:17,570

got my thought you go ahead and fly that

2149

01:34:23,200 --> 01:34:21,320

thing up like okay like no they got all

2150

01:34:23,800 --> 01:34:23,210

this great footage in China with my

2151  
01:34:25,540 --> 01:34:23,810  
drone

2152  
01:34:29,470 --> 01:34:25,550  
so that's all gonna be included in the

2153  
01:34:31,900 --> 01:34:29,480  
film as well so Wow give me very very

2154  
01:34:36,970 --> 01:34:31,910  
you know South America and Australia and

2155  
01:34:40,240 --> 01:34:36,980  
China and Africa and yeah speaking of

2156  
01:34:43,240 --> 01:34:40,250  
Australia James that's a I find that a

2157  
01:34:47,230 --> 01:34:43,250  
country with only 26 million people that

2158  
01:34:48,820 --> 01:34:47,240  
they are the third most you know the

2159  
01:34:52,180 --> 01:34:48,830  
largest audience that I have for this

2160  
01:34:56,430 --> 01:34:52,190  
show is there a lot going on there that

2161  
01:35:01,930 --> 01:34:56,440  
you're aware of in Australia well Jo

2162  
01:35:04,810 --> 01:35:01,940  
what's fascinating was that there was a

2163  
01:35:07,230 --> 01:35:04,820

landing case that happened in 1966 in

2164

01:35:10,150 --> 01:35:07,240

fact it was in April I think April 4th

2165

01:35:11,770 --> 01:35:10,160

1966 April 4th April 5th but it was

2166

01:35:14,170 --> 01:35:11,780

right after we had the congressional

2167

01:35:16,480 --> 01:35:14,180

hearings in the United States right that

2168

01:35:18,430 --> 01:35:16,490

symposium I mean literally like I don't

2169

01:35:21,490 --> 01:35:18,440

know I'm trying to do the math but it's

2170

01:35:23,380 --> 01:35:21,500

like 15 or 16 hours after that event

2171

01:35:26,050 --> 01:35:23,390

happened International at the in

2172

01:35:28,420 --> 01:35:26,060

Washington DC there's a landing in West

2173

01:35:31,660 --> 01:35:28,430

Hall which is just outside of Melbourne

2174

01:35:34,090 --> 01:35:31,670

a suburb of Melbourne out west all

2175

01:35:35,950 --> 01:35:34,100

primary school which is I think ages up

2176

01:35:41,800 --> 01:35:35,960

to 13 14 years old and there were

2177

01:35:43,960 --> 01:35:41,810

roughly 250 250 schoolchildren in broad

2178

01:35:46,440 --> 01:35:43,970

daylight that watched a flying saucer

2179

01:35:48,550 --> 01:35:46,450

and maybe more than one flying saucer

2180

01:35:50,380 --> 01:35:48,560

whizzed around in the sky above the

2181

01:35:55,270 --> 01:35:50,390

school then go down behind some trees

2182

01:35:59,200 --> 01:35:55,280

and land right and it's like in a case

2183

01:36:00,040 --> 01:35:59,210

how I'm sorry I said what a case that is

2184

01:36:02,290 --> 01:36:00,050

yes

2185

01:36:03,580 --> 01:36:02,300

what an amazing case you know we went

2186

01:36:05,350 --> 01:36:03,590

and met up with a lot of this a lot of

2187

01:36:06,760 --> 01:36:05,360

the witnesses we met with the with some

2188

01:36:09,220 --> 01:36:06,770

of the witnesses to jump the school

2189

01:36:12,160 --> 01:36:09,230

fence during you know recess time and

2190

01:36:13,570 --> 01:36:12,170

ran over to where this thing was landed

2191

01:36:15,400 --> 01:36:13,580

and saw it sitting on the ground and

2192

01:36:19,510 --> 01:36:15,410

came within 10 feet of it or 8 feet of

2193

01:36:22,780 --> 01:36:19,520

it I mean it's just remarkable stuff you

2194

01:36:24,370 --> 01:36:22,790

know quite similar in many respects is

2195

01:36:28,720 --> 01:36:24,380

the case that happened in rural Zimbabwe

2196

01:36:30,520 --> 01:36:28,730

in 94 but we only had one account of

2197

01:36:34,180 --> 01:36:30,530

potentially something that was seen to

2198

01:36:36,040 --> 01:36:34,190

that we came in kind of late see III for

2199

01:36:37,720 --> 01:36:36,050

the most part as far as we know it's not

2200

01:36:40,720 --> 01:36:37,730

it was just a close encounter of the

2201

01:36:41,860 --> 01:36:40,730

second kind but it did land now there

2202

01:36:44,800 --> 01:36:41,870

was a there was a

2203

01:36:48,630 --> 01:36:44,810

that a teacher had taken some pictures

2204

01:36:53,410 --> 01:36:48,640

and the camera was confiscated is that

2205

01:36:57,070 --> 01:36:53,420

did you find out - don't ya they even

2206

01:36:59,230 --> 01:36:57,080

mentioned her name I didn't include it

2207

01:37:01,150 --> 01:36:59,240

in the in the cut because you know it's

2208

01:37:02,680 --> 01:37:01,160

just a rumor but the student said yeah

2209

01:37:04,450 --> 01:37:02,690

mrs. Baba blah

2210

01:37:06,070 --> 01:37:04,460

grab the camera and ran out and snapped

2211

01:37:08,310 --> 01:37:06,080

off some pictures but the military

2212

01:37:12,340 --> 01:37:08,320

arrived at the school moments after and

2213

01:37:16,600 --> 01:37:12,350

cordoned off the landing area told the

2214

01:37:19,060 --> 01:37:16,610

media to go to stop filming so how they

2215

01:37:20,500 --> 01:37:19,070

told the principal to tell the students

2216

01:37:22,810 --> 01:37:20,510

not to talk about it as if it never

2217

01:37:24,310 --> 01:37:22,820

happened they're all threatened the

2218

01:37:27,190 --> 01:37:24,320

teacher who was a witness

2219

01:37:28,570 --> 01:37:27,200

I hadn't spoke in 50 years and we we

2220

01:37:30,490 --> 01:37:28,580

managed to get and me have a meeting

2221

01:37:33,610 --> 01:37:30,500

with him and then he went on the record

2222

01:37:35,380 --> 01:37:33,620

and told us why he didn't talk to the

2223

01:37:38,530 --> 01:37:35,390

last 50 years this is incredible

2224

01:37:41,260 --> 01:37:38,540

incredible stuff that's just one piece

2225

01:37:43,360 --> 01:37:41,270

of the puzzle you know yeah yeah it's

2226

01:37:46,510 --> 01:37:43,370

one of the one of the great ones so I

2227

01:37:50,800 --> 01:37:46,520

did speak to Shane down there about that

2228

01:37:54,970 --> 01:37:50,810

case just can't recall his last name but

2229

01:37:57,880 --> 01:37:54,980

Jane Ryan that's him yes a nice guy yeah

2230

01:37:59,620 --> 01:37:57,890

yeah oh my god those guys were so

2231

01:38:00,400 --> 01:37:59,630

helpful I could never have done any of

2232

01:38:05,080 --> 01:38:00,410

it without them

2233

01:38:08,170 --> 01:38:05,090

yeah and why am i James Rigney Shane

2234

01:38:10,480 --> 01:38:08,180

Ryan and then a lot of a lot of the

2235

01:38:13,720 --> 01:38:10,490

witnesses yeah it was it was a wonderful

2236

01:38:15,790 --> 01:38:13,730

wonderful trip getting back tonight and

2237

01:38:23,770 --> 01:38:15,800

I and I and I I ain't a Vegemite

2238

01:38:25,030 --> 01:38:23,780

sandwich do just thought that was part

2239

01:38:30,190 --> 01:38:25,040

of a segment I didn't know that really

2240

01:38:32,220 --> 01:38:30,200

existed yeah no I did yeah how about

2241

01:38:35,680 --> 01:38:32,230

that

2242

01:38:38,620 --> 01:38:35,690

getting back to China because I know

2243

01:38:41,260 --> 01:38:38,630

myself I know so little about what is

2244

01:38:43,330 --> 01:38:41,270

going on I was in touch with a professor

2245

01:38:45,220 --> 01:38:43,340

over there that was trying to fill me

2246

01:38:48,100 --> 01:38:45,230

into some interesting on some

2247

01:38:50,740 --> 01:38:48,110

interesting cases but but you never hear

2248

01:38:53,070 --> 01:38:50,750

about anything in general it sounds like

2249

01:38:54,979 --> 01:38:53,080

they're they take the UFO topic on a

2250

01:38:57,080 --> 01:38:54,989

serious note

2251  
01:38:59,060 --> 01:38:57,090  
and I'm kind of surprised at that do you

2252  
01:39:01,190 --> 01:38:59,070  
think that's nationally or do you think

2253  
01:39:03,410 --> 01:39:01,200  
that's just regionally you said you were

2254  
01:39:10,459 --> 01:39:03,420  
in Beijing do you think it's a for the

2255  
01:39:13,220 --> 01:39:10,469  
most part regional or what no well you

2256  
01:39:15,170 --> 01:39:13,230  
know it's it's difficult communicating

2257  
01:39:19,190 --> 01:39:15,180  
when I when I was there there were lots

2258  
01:39:22,700 --> 01:39:19,200  
of you know one of the social media

2259  
01:39:24,200 --> 01:39:22,710  
platforms were not available in China so

2260  
01:39:26,990 --> 01:39:24,210  
that could have one reason and things

2261  
01:39:29,570 --> 01:39:27,000  
are tainted Gangji now but but you know

2262  
01:39:32,090 --> 01:39:29,580  
I couldn't check emails and no Google no

2263  
01:39:34,700 --> 01:39:32,100

Google searches no Facebook no you know

2264

01:39:36,650 --> 01:39:34,710

none of those normal social media

2265

01:39:39,950 --> 01:39:36,660

platforms that we utilize everywhere

2266

01:39:43,700 --> 01:39:39,960

else and so that certainly could be one

2267

01:39:46,160 --> 01:39:43,710

thing but I mean we flew all across

2268

01:39:49,880 --> 01:39:46,170

China lots of different areas of China

2269

01:39:53,240 --> 01:39:49,890

we took trains and planes and and I was

2270

01:39:55,400 --> 01:39:53,250

amazed at how prolific the unifor

2271

01:39:57,320 --> 01:39:55,410

organization was and how widespread it

2272

01:39:58,520 --> 01:39:57,330

was and meeting all the meeting

2273

01:40:00,590 --> 01:39:58,530

witnesses in different parts of the

2274

01:40:02,630 --> 01:40:00,600

country and their willingness to hope

2275

01:40:05,959 --> 01:40:02,640

talk openly about it and it didn't seem

2276

01:40:08,930 --> 01:40:05,969

to be any at all any effort from the

2277

01:40:10,220 --> 01:40:08,940

government to about any of that down in

2278

01:40:14,990 --> 01:40:10,230

fact what I was telling you earlier that

2279

01:40:17,390 --> 01:40:15,000

the organization that that that they

2280

01:40:19,790 --> 01:40:17,400

sponsor doesn't open their doors for us

2281

01:40:21,830 --> 01:40:19,800

was officially recognized by the Chinese

2282

01:40:23,240 --> 01:40:21,840

government and so that because when I

2283

01:40:25,130 --> 01:40:23,250

asked the question like well does the

2284

01:40:29,360 --> 01:40:25,140

government deny and they said they said

2285

01:40:32,300 --> 01:40:29,370

the government doesn't doesn't deny but

2286

01:40:36,470 --> 01:40:32,310

doesn't really confirm either but the

2287

01:40:39,260 --> 01:40:36,480

fact that they put a legitimate stamp on

2288

01:40:41,720 --> 01:40:39,270

our of recognition on our organization

2289

01:40:44,600 --> 01:40:41,730

that sort of attached it yes you know we

2290

01:40:48,290 --> 01:40:44,610

we support this this nature this

2291

01:40:50,300 --> 01:40:48,300

research thanks i also want to say that

2292

01:40:53,209 --> 01:40:50,310

maybe some of you or all of you remember

2293

01:40:55,600 --> 01:40:53,219

just a few years ago i wrote some

2294

01:41:00,590 --> 01:40:55,610

stories for the huffington post about

2295

01:41:03,140 --> 01:41:00,600

there were sightings in china of strange

2296

01:41:04,950 --> 01:41:03,150

objects that caused a couple of airports

2297

01:41:07,320 --> 01:41:04,960

to shut down

2298

01:41:08,879 --> 01:41:07,330

and oh yeah you know if you remember

2299

01:41:11,640 --> 01:41:08,889

that I remember when you wrote that yes

2300

01:41:14,070 --> 01:41:11,650

and and and it wasn't just one Airport

2301

01:41:16,140 --> 01:41:14,080

they there were some regional airports

2302

01:41:17,520 --> 01:41:16,150

where something was seen over like the

2303

01:41:20,419 --> 01:41:17,530

end of one runway and they actually

2304

01:41:24,780 --> 01:41:20,429

stopped air traffic for a while until

2305

01:41:27,000 --> 01:41:24,790

there was no object there and stories

2306

01:41:29,280 --> 01:41:27,010

came out could have been like you know

2307

01:41:31,260 --> 01:41:29,290

the re-entry of a rocket into the

2308

01:41:33,180 --> 01:41:31,270

atmosphere and and this stuff was all

2309

01:41:37,050 --> 01:41:33,190

over the news and so we had we had

2310

01:41:39,209 --> 01:41:37,060

plenty of footage to show in in in

2311

01:41:41,459 --> 01:41:39,219

articles and on the the six o'clock news

2312

01:41:45,479 --> 01:41:41,469

but for a short period of time

2313

01:41:48,240 --> 01:41:45,489

China UFOs were in the news and nobody

2314

01:41:51,870 --> 01:41:48,250

seemed to be laughing about it is what I

2315

01:41:53,970 --> 01:41:51,880

noticed at the time hmm I think I think

2316

01:41:58,260 --> 01:41:53,980

we are in an era that there's going to

2317

01:41:58,770 --> 01:41:58,270

be less laughing at it yeah at least I

2318

01:42:03,030 --> 01:41:58,780

hope so

2319

01:42:06,300 --> 01:42:03,040

I feel myself just personally I feel not

2320

01:42:08,820 --> 01:42:06,310

so guarded and I have to attribute that

2321

01:42:12,180 --> 01:42:08,830

to you know what happened with the New

2322

01:42:14,580 --> 01:42:12,190

York Times article coming out and and of

2323

01:42:17,669 --> 01:42:14,590

course that that roots from you know Tom

2324

01:42:19,080 --> 01:42:17,679

DeLonge a lot of people you know don't

2325

01:42:21,540 --> 01:42:19,090

want to hear that or don't want to talk

2326

01:42:23,910 --> 01:42:21,550

about it but he he actually did some

2327

01:42:25,649 --> 01:42:23,920

groundwork that made that happen you

2328

01:42:29,820 --> 01:42:25,659

know we have to we have to acknowledge

2329

01:42:32,280 --> 01:42:29,830

that I Lee I know you had a you and I

2330

01:42:34,260 --> 01:42:32,290

were talking about that a while ago like

2331

01:42:36,180 --> 01:42:34,270

not much seems to be happening I don't

2332

01:42:39,450 --> 01:42:36,190

know if you want to talk about any that

2333

01:42:41,729 --> 01:42:39,460

or well I mean I'm not on the inside of

2334

01:42:46,649 --> 01:42:41,739

that whole group the to the Stars

2335

01:42:50,040 --> 01:42:46,659

Academy I like many other interested

2336

01:42:52,439 --> 01:42:50,050

citizens I've been waiting for this

2337

01:42:55,169 --> 01:42:52,449

group to come out with with something

2338

01:42:57,360 --> 01:42:55,179

some kind of a payoff more information

2339

01:43:00,090 --> 01:42:57,370

give us some guidelines what else have

2340

01:43:02,520 --> 01:43:00,100

you discovered is the Pentagon really

2341

01:43:05,250 --> 01:43:02,530

going to release more more footage of

2342

01:43:07,410 --> 01:43:05,260

things but it seems to be almost like

2343

01:43:08,160 --> 01:43:07,420

we're at the we're in the calm before

2344

01:43:11,729 --> 01:43:08,170

the storm

2345

01:43:15,660 --> 01:43:11,739

I'm waiting as I've spent so many years

2346

01:43:17,580 --> 01:43:15,670

waiting for follow-up information and

2347

01:43:20,220 --> 01:43:17,590

and in

2348

01:43:22,530 --> 01:43:20,230

past historically it's turned out that

2349

01:43:25,320 --> 01:43:22,540

there hasn't been follow-up information

2350

01:43:27,450 --> 01:43:25,330

I hope that's not the case with DeLong's

2351

01:43:29,700 --> 01:43:27,460

group it's a very interesting group of

2352

01:43:33,870 --> 01:43:29,710

people of a former military and

2353

01:43:36,300 --> 01:43:33,880

intelligence organization people and I

2354

01:43:39,030 --> 01:43:36,310

would really like to see something I

2355

01:43:41,240 --> 01:43:39,040

don't feel like I don't feel like James

2356

01:43:45,359 --> 01:43:41,250

and I are in any kind of competition

2357

01:43:47,189 --> 01:43:45,369

with with people like that I want all of

2358

01:43:50,129 --> 01:43:47,199

this information whatever the

2359

01:43:52,939 --> 01:43:50,139

information is going to be to come out

2360

01:43:57,300 --> 01:43:52,949

or at least as much of the information

2361

01:44:00,359 --> 01:43:57,310

that we can handle and that's another

2362

01:44:03,990 --> 01:44:00,369

factor in this whole disclosure how much

2363

01:44:09,800 --> 01:44:04,000

of the truth the so-called truth can the

2364

01:44:14,310 --> 01:44:12,720

back some of these statements yeah

2365

01:44:16,169 --> 01:44:14,320

there's been there's been a lot of

2366

01:44:22,350 --> 01:44:16,179

dialogue on the internet with regard to

2367

01:44:24,359 --> 01:44:22,360

the Pentagon program but I think it's

2368

01:44:27,780 --> 01:44:24,369

lost in the discussion people get mired

2369

01:44:29,550 --> 01:44:27,790

into details like well the f-18 you know

2370

01:44:31,709 --> 01:44:29,560

it was at this location but the audio

2371

01:44:35,160 --> 01:44:31,719

doesn't correlate with that yeah people

2372

01:44:37,410 --> 01:44:35,170

get put down yes yeah we get bogged down

2373

01:44:38,760 --> 01:44:37,420

in the details I'm kind of a big picture

2374

01:44:40,560 --> 01:44:38,770

kind of guy that's how I always kind of

2375

01:44:42,180 --> 01:44:40,570

talk about myself with regard to the UFO

2376

01:44:43,979 --> 01:44:42,190

subject I'm looking for patterns in the

2377

01:44:47,040 --> 01:44:43,989

data I also like asking certain

2378

01:44:49,050 --> 01:44:47,050

hardening questions let's just quick all

2379

01:44:50,790 --> 01:44:49,060

the details off to the side for a moment

2380

01:44:55,680 --> 01:44:50,800

the one question I don't often hear

2381

01:44:58,770 --> 01:44:55,690

asked by UFO researchers is why now we

2382

01:45:00,660 --> 01:44:58,780

have decades-long denial of this subject

2383

01:45:02,729 --> 01:45:00,670

there's nothing to this subject it's not

2384

01:45:05,430 --> 01:45:02,739

a threat to national security the Air

2385

01:45:07,379 --> 01:45:05,440

Force project Bluebook had their party

2386

01:45:09,570 --> 01:45:07,389

line right there's nothing to this we're

2387

01:45:12,000 --> 01:45:09,580

investigating it we found nothing that

2388

01:45:14,270 --> 01:45:12,010

indicates technological advancement or

2389

01:45:17,399 --> 01:45:14,280

technology beyond our state of the art

2390

01:45:19,500 --> 01:45:17,409

and not just the United States all world

2391

01:45:21,600 --> 01:45:19,510

governments all world military have

2392

01:45:23,339 --> 01:45:21,610

consistently denied that there's

2393

01:45:24,870 --> 01:45:23,349

anything to this yet they continue to

2394

01:45:26,339 --> 01:45:24,880

investigate it which is an interesting

2395

01:45:29,459 --> 01:45:26,349

contradiction but that's for another

2396

01:45:31,740 --> 01:45:29,469

discussion but my question is with

2397

01:45:34,080 --> 01:45:31,750

military with Intel

2398

01:45:38,010 --> 01:45:34,090

with politics you always have to

2399

01:45:39,890 --> 01:45:38,020

question the timing no it was spam 301

2400

01:45:42,629 --> 01:45:39,900

Stan no we've been asked that question

2401

01:45:45,149 --> 01:45:42,639

yeah well and that doesn't surprise me

2402

01:45:48,180 --> 01:45:45,159

because of course since he's asking

2403

01:45:49,799 --> 01:45:48,190

insightful questions I love Stan but you

2404

01:45:52,500 --> 01:45:49,809

know I don't think we asked it enough

2405

01:45:55,439 --> 01:45:52,510

though we get mired in the details why

2406

01:45:57,240 --> 01:45:55,449

are they releasing this now that is the

2407

01:45:59,100 --> 01:45:57,250

fundament and you can say Tom DeLonge

2408

01:46:00,660 --> 01:45:59,110

was instrumental in that but just

2409

01:46:02,549 --> 01:46:00,670

because he wanted it doesn't mean they

2410

01:46:04,530 --> 01:46:02,559

had to release it I'm gonna break could

2411

01:46:05,970 --> 01:46:04,540

they could have sat on this material for

2412

01:46:07,979 --> 01:46:05,980

decades and we wouldn't have known about

2413

01:46:10,830 --> 01:46:07,989

it so I think we have to ask the

2414

01:46:13,379 --> 01:46:10,840

fundamental question to what end - what

2415

01:46:14,669 --> 01:46:13,389

agenda does it serve them because let's

2416

01:46:16,530 --> 01:46:14,679

be honest any military or government

2417

01:46:18,600 --> 01:46:16,540

they only do things to serve their best

2418

01:46:20,910 --> 01:46:18,610

interests typically why are they

2419

01:46:22,290 --> 01:46:20,920

releasing this information now and I

2420

01:46:24,000 --> 01:46:22,300

don't have the answer but I think we

2421

01:46:26,339 --> 01:46:24,010

need to start asking that question more

2422

01:46:29,160 --> 01:46:26,349

within these UFO discussions and forums

2423

01:46:33,780 --> 01:46:29,170

I think that's an excellent question do

2424

01:46:36,149 --> 01:46:33,790

any of you have a point on that I would

2425

01:46:39,299 --> 01:46:36,159

I was gonna say that one possible reason

2426  
01:46:42,660 --> 01:46:39,309  
for why now is is maybe this is a good

2427  
01:46:45,120 --> 01:46:42,670  
point in terms of history where the

2428  
01:46:47,580 --> 01:46:45,130  
government just our government it's kind

2429  
01:46:50,129 --> 01:46:47,590  
of testing the waters with his citizens

2430  
01:46:52,049 --> 01:46:50,139  
let's let's kind of release a little bit

2431  
01:46:54,600 --> 01:46:52,059  
of information and see how the public

2432  
01:46:57,870 --> 01:46:54,610  
reacts let's see how the media reacts

2433  
01:46:59,729 --> 01:46:57,880  
will the media continue to drop any UFO

2434  
01:47:02,069 --> 01:46:59,739  
stories all the way at the bottom of the

2435  
01:47:03,030 --> 01:47:02,079  
11 o'clock news you know eff after the

2436  
01:47:05,850 --> 01:47:03,040  
weather and sports

2437  
01:47:08,760 --> 01:47:05,860  
well that that whole September the whole

2438  
01:47:11,939 --> 01:47:08,770

December Pentagon story was raised a lot

2439

01:47:14,609 --> 01:47:11,949

higher up than the sports and the

2440

01:47:17,910 --> 01:47:14,619

weather and that was an interesting test

2441

01:47:20,879 --> 01:47:17,920

I thought that that a lot of meteor was

2442

01:47:25,160 --> 01:47:20,889

was paying attention James Fox was one

2443

01:47:27,959 --> 01:47:25,170

of several really interesting media

2444

01:47:31,830 --> 01:47:27,969

personalities who went on places like

2445

01:47:36,629 --> 01:47:31,840

CNBC CNN James did a great interview on

2446

01:47:38,729 --> 01:47:36,639

C on CNN and I I think James was out on

2447

01:47:39,959 --> 01:47:38,739

that interview where when they asked you

2448

01:47:41,549 --> 01:47:39,969

what where you thought some of these

2449

01:47:42,510 --> 01:47:41,559

things were coming from and I know you

2450

01:47:44,040 --> 01:47:42,520

don't like to actually say

2451

01:47:45,119 --> 01:47:44,050

extraterrestrials but at one point

2452

01:47:46,770 --> 01:47:45,129

during the interview

2453

01:47:49,109 --> 01:47:46,780

you said well sometimes your your only

2454

01:47:51,599 --> 01:47:49,119

kind of left with this possibility yeah

2455

01:47:55,830 --> 01:47:51,609

yeah right he's pointing up for those of

2456

01:48:02,250 --> 01:47:55,840

you voiceless and I pray yes funny

2457

01:48:04,259 --> 01:48:02,260

because I remember sitting in a room

2458

01:48:07,020 --> 01:48:04,269

with a government official pretty

2459

01:48:09,629 --> 01:48:07,030

high-level government official saying

2460

01:48:11,040 --> 01:48:09,639

you know the government should just come

2461

01:48:12,509 --> 01:48:11,050

out and they should just do this and

2462

01:48:14,839 --> 01:48:12,519

they stood I said wait a minute

2463

01:48:17,369 --> 01:48:14,849

I said you are the government you were

2464

01:48:20,959 --> 01:48:17,379

government so what are you talking about

2465

01:48:23,279 --> 01:48:20,969

who you're talking about well you know

2466

01:48:26,069 --> 01:48:23,289

candidates are kind of kept as a loop

2467

01:48:28,469 --> 01:48:26,079

and I guess what I'm referring to is the

2468

01:48:29,849 --> 01:48:28,479

intelligence agencies so that apparently

2469

01:48:31,830 --> 01:48:29,859

one of the things I'm going to always

2470

01:48:34,379 --> 01:48:31,840

sort of suspected this but the

2471

01:48:36,959 --> 01:48:34,389

intelligence agencies can decide on

2472

01:48:38,399 --> 01:48:36,969

what's release and what's not release so

2473

01:48:39,239 --> 01:48:38,409

even if the president tries to get

2474

01:48:40,409 --> 01:48:39,249

something released it doesn't

2475

01:48:41,849 --> 01:48:40,419

necessarily mean that he's gonna have

2476

01:48:46,439 --> 01:48:41,859

access to it because they just hide it

2477

01:48:48,569 --> 01:48:46,449

from them so when we're talking about

2478

01:48:51,389 --> 01:48:48,579

this recent revelation on the Pentagon

2479

01:48:53,849 --> 01:48:51,399

UFO program which point honestly my

2480

01:48:56,429 --> 01:48:53,859

personal belief is it's one of many it

2481

01:48:58,199 --> 01:48:56,439

just happened to get revealed and

2482

01:48:59,849 --> 01:48:58,209

everyone's always said these huge

2483

01:49:01,290 --> 01:48:59,859

agencies are very compartmentalized and

2484

01:49:04,319 --> 01:49:01,300

they compete we want to know that sort

2485

01:49:08,129 --> 01:49:04,329

of thing but if you have anomalous

2486

01:49:11,399 --> 01:49:08,139

objects whizzing around in the air space

2487

01:49:15,899 --> 01:49:11,409

right and you scramble jets to intercept

2488

01:49:18,899 --> 01:49:15,909

and you're unable to do so that would be

2489

01:49:21,299 --> 01:49:18,909

an issue of national security right yeah

2490

01:49:25,830 --> 01:49:21,309

so one of these guys said to me yeah so

2491

01:49:27,869 --> 01:49:25,840

Ill guess there must be a secrecy clause

2492

01:49:29,489 --> 01:49:27,879

somewhere in these agencies that if it

2493

01:49:36,439 --> 01:49:29,499

affects national security it won't see

2494

01:49:40,529 --> 01:49:36,449

the light of day right and so I remember

2495

01:49:43,609 --> 01:49:40,539

talking about some of these video clips

2496

01:49:45,599 --> 01:49:43,619

from the f-18 so I guess the cockpit

2497

01:49:49,589 --> 01:49:45,609

cameras they were having when they were

2498

01:49:52,080 --> 01:49:49,599

chasing these UFOs and I thought gosh

2499

01:49:55,439 --> 01:49:52,090

you know these pilots are talking about

2500

01:49:56,950 --> 01:49:55,449

these objects performing maneuvers that

2501

01:49:59,410 --> 01:49:56,960

just you know

2502

01:50:02,440 --> 01:49:59,420

making a joke out of their f-18 where

2503

01:50:06,220 --> 01:50:02,450

those maneuvers it's like well those

2504

01:50:08,050 --> 01:50:06,230

were extracted from the release because

2505

01:50:10,480 --> 01:50:08,060

they exhibit flight characteristics that

2506

01:50:12,100 --> 01:50:10,490

are beyond there are an issue of

2507

01:50:13,540 --> 01:50:12,110

national security isn't that kind of

2508

01:50:14,980 --> 01:50:13,550

funny like you know basically

2509

01:50:16,750 --> 01:50:14,990

demonstrating that there are objects

2510

01:50:20,260 --> 01:50:16,760

that fly rings around our fastest planes

2511

01:50:24,430 --> 01:50:20,270

right that can't be really so you know

2512

01:50:26,590 --> 01:50:24,440

they seem to be I don't know I I and I

2513

01:50:28,420 --> 01:50:26,600

don't know what agency would have

2514

01:50:30,070 --> 01:50:28,430

authorized the release of that

2515

01:50:32,350 --> 01:50:30,080

information that ended up on the front

2516

01:50:35,830 --> 01:50:32,360

page of the New York Times was it the

2517

01:50:40,390 --> 01:50:35,840

CIA was it the DIA was a PSA like we

2518

01:50:42,280 --> 01:50:40,400

wondered Wow yeah listen we only have a

2519

01:50:44,230 --> 01:50:42,290

few minutes left and I'm going to ask if

2520

01:50:47,290 --> 01:50:44,240

you gentlemen don't mind hanging on

2521

01:50:49,690 --> 01:50:47,300

afterwards after I close the show just

2522

01:50:53,140 --> 01:50:49,700

for a minute

2523

01:50:55,140 --> 01:50:53,150

because there's some questions that are

2524

01:50:57,550 --> 01:50:55,150

have come in that I'd like to answer

2525

01:50:59,550 --> 01:50:57,560

with people if that's okay just like a

2526

01:51:02,470 --> 01:50:59,560

few minutes after if that's all right

2527

01:51:04,840 --> 01:51:02,480

so I'm good with that I'm good yeah we

2528

01:51:07,120 --> 01:51:04,850

have a we have like less than five

2529

01:51:10,930 --> 01:51:07,130

minutes left someone in the chat room

2530

01:51:14,830 --> 01:51:10,940

just asks if if there was any credible

2531

01:51:18,640 --> 01:51:14,840

evidence to the gate c-17 the Chicago

2532

01:51:21,190 --> 01:51:18,650

O'Hare incident back in 2006 that's what

2533

01:51:25,660 --> 01:51:21,200

I'm recalling so I don't know if anyone

2534

01:51:28,240 --> 01:51:25,670

wants to take that in particular I I

2535

01:51:31,780 --> 01:51:28,250

don't know all of the exact details of

2536

01:51:35,560 --> 01:51:31,790

that case but I have never read or heard

2537

01:51:39,670 --> 01:51:35,570

any hard-nosed skeptics or debunkers

2538

01:51:42,040 --> 01:51:39,680

come up with a real logical workable

2539

01:51:44,580 --> 01:51:42,050

explanation of what a lot of people saw

2540

01:51:47,260 --> 01:51:44,590

that day over O'Hare Airport with this

2541

01:51:50,920 --> 01:51:47,270

saucer-shaped thing it was it was like

2542

01:51:53,350 --> 01:51:50,930

underneath a very cloudy sky and then a

2543

01:51:55,680 --> 01:51:53,360

very in front of a lot of people it just

2544

01:51:58,630 --> 01:51:55,690

went straight up and it punched a hole

2545

01:52:01,030 --> 01:51:58,640

through the clouds and and when the

2546

01:52:05,320 --> 01:52:01,040

object was gone the hole was still there

2547

01:52:09,040 --> 01:52:05,330

I mean do we have anything that can do

2548

01:52:14,530 --> 01:52:09,050

that you guys I was

2549

01:52:16,750 --> 01:52:14,540

it was 2008 January and I was in Arizona

2550

01:52:19,000 --> 01:52:16,760

I was a I was in I was in Arizona

2551

01:52:20,950 --> 01:52:19,010

Phoenix and I was doing some follow-up

2552

01:52:22,570 --> 01:52:20,960

interviews for what I thought the time

2553

01:52:24,310 --> 01:52:22,580

was gonna be a rerelease about the blue

2554

01:52:27,910 --> 01:52:24,320

turned out to morph into I know what I

2555

01:52:30,130 --> 01:52:27,920

saw and I get a phone call from CNN and

2556

01:52:33,850 --> 01:52:30,140

they're like and in fact we had taken to

2557

01:52:36,130 --> 01:52:33,860

go to O'Hare Airport and and see what we

2558

01:52:38,200 --> 01:52:36,140

could we could turn up from that

2559

01:52:40,540 --> 01:52:38,210

incident cuz it just happened in 2006 I

2560

01:52:42,190 --> 01:52:40,550

was like the only only 2 years and I was

2561

01:52:45,190 --> 01:52:42,200

in touch with a couple of United

2562

01:52:48,450 --> 01:52:45,200

Airlines personnel and I was actually

2563

01:52:51,550 --> 01:52:48,460

talking with them over the phone and and

2564

01:52:52,930 --> 01:52:51,560

they confirmed for me they all saw it is

2565

01:52:55,870 --> 01:52:52,940

they hovered there for quite some time

2566

01:52:56,980 --> 01:52:55,880

some one some pilot took photograph of

2567

01:53:00,100 --> 01:52:56,990

it I don't know what happened to that

2568

01:53:02,320 --> 01:53:00,110

photograph but that these guys would not

2569

01:53:05,140 --> 01:53:02,330

come he said to me literally the guy

2570

01:53:07,210 --> 01:53:05,150

said if you if you can guarantee me that

2571

01:53:10,000 --> 01:53:07,220

I'm not gonna lose my job or they cover

2572

01:53:12,190 --> 01:53:10,010

my my paycheck if I do lose my job the

2573

01:53:13,870 --> 01:53:12,200

only way I'm gonna come forward so that

2574

01:53:16,420 --> 01:53:13,880

you know the airline said unequivocally

2575

01:53:16,960 --> 01:53:16,430

you talked about this probably you're

2576

01:53:19,240 --> 01:53:16,970

fired

2577

01:53:23,160 --> 01:53:19,250

all right well let's let's address that

2578

01:53:26,650 --> 01:53:23,170

real quickly so how long does someone

2579

01:53:29,200 --> 01:53:26,660

stay in the in the airline you know

2580

01:53:31,720 --> 01:53:29,210

field they could they could drop out why

2581

01:53:33,670 --> 01:53:31,730

can't they talk about it you know if

2582

01:53:40,120 --> 01:53:33,680

they're a waiter now or if they're you

2583

01:53:40,870 --> 01:53:40,130

know cutting hair following up you know

2584

01:53:43,510 --> 01:53:40,880

with these people

2585

01:53:44,560 --> 01:53:43,520

look I I tracked down I'll never forget

2586

01:53:49,590 --> 01:53:44,570

this I actually learned a little

2587

01:53:53,320 --> 01:53:49,600

Japanese I tracked down can do taraji Oh

2588

01:53:58,180 --> 01:53:53,330

was a pilot 1986 with in with the FAA

2589

01:54:02,800 --> 01:54:01,420

yeah JL exactly thank you and I'll only

2590

01:54:04,180 --> 01:54:02,810

tell you National Press Club event if

2591

01:54:06,550 --> 01:54:04,190

you can get the pilot to come and

2592

01:54:09,460 --> 01:54:06,560

testify as well well that was like 1986

2593

01:54:11,290 --> 01:54:09,470

this was 2008 I'm sorry 2007 I thought

2594

01:54:14,050 --> 01:54:11,300

well gosh that's was long enough time

2595

01:54:16,030 --> 01:54:14,060

well he'll kind of come forward so I I

2596

01:54:17,590 --> 01:54:16,040

hire a private investigator I get his

2597

01:54:18,760 --> 01:54:17,600

phone number long story short get his

2598

01:54:21,610 --> 01:54:18,770

phone number I learn a little Japanese

2599

01:54:22,810 --> 01:54:21,620

so I can introduce myself I get his wife

2600

01:54:24,520 --> 01:54:22,820

on the phone

2601  
01:54:27,250 --> 01:54:24,530  
and I introduced myself in Japanese I

2602  
01:54:35,320 --> 01:54:27,260  
they're all written down and she said no

2603  
01:54:39,370 --> 01:54:35,330  
talk about it oh well at least you

2604  
01:54:42,180 --> 01:54:39,380  
learned some Japanese yeah Wow

2605  
01:54:44,740 --> 01:54:42,190  
interesting I think we're really close

2606  
01:54:49,810 --> 01:54:44,750  
to the end of the show just to let you

2607  
01:54:51,610 --> 01:54:49,820  
know it's time to wrap so if you'd hang

2608  
01:54:55,090 --> 01:54:51,620  
on everyone

2609  
01:54:56,890 --> 01:54:55,100  
just hang in but I want to say goodbye

2610  
01:55:00,060 --> 01:54:56,900  
to our K GRA audience if you would

2611  
01:55:03,550 --> 01:55:00,070  
thanks so much for being on the show

2612  
01:55:06,820 --> 01:55:03,560  
thank you thank you thank you all right

2613  
01:55:09,940 --> 01:55:06,830

so I'm just going to close out real

2614

01:55:14,620 --> 01:55:09,950

quickly here all right so that's it for

2615

01:55:17,020 --> 01:55:14,630

for the show and for K GRA want to thank

2616

01:55:19,570 --> 01:55:17,030

you all for listening over there and the

2617

01:55:21,940 --> 01:55:19,580

next week we'll be back with we're going

2618

01:55:22,810 --> 01:55:21,950

to be back with a dr. Bob gross it

2619

01:55:25,570 --> 01:55:22,820

should be a great show

2620

01:55:28,540 --> 01:55:25,580

he's a very interesting guy and it's

2621

01:55:30,940 --> 01:55:28,550

been a great time I really have loved

2622

01:55:34,690 --> 01:55:30,950

the show so far it's been wonderful and

2623

01:55:38,020 --> 01:55:34,700

I guess so far it's the end so we are

2624

01:55:40,510 --> 01:55:38,030

closing now on K G RA and thanks again

2625

01:55:46,060 --> 01:55:40,520

and we'll be back next week remember to

2626  
01:55:46,870 --> 01:55:46,070  
keep your eyes to the sky all right gang

2627  
01:55:50,290 --> 01:55:46,880  
we're clear

2628  
01:55:58,380 --> 01:55:50,300  
all right really good job all right hang

2629  
01:56:06,220 --> 01:56:03,540  
take care Blee James thank y'all so much

2630  
01:56:10,479 --> 01:56:06,230  
we're still live on on YouTube everyone

2631  
01:56:12,340 --> 01:56:10,489  
sorry about that clip playing I couldn't

2632  
01:56:15,550 --> 01:56:12,350  
I couldn't just stop this show producer

2633  
01:56:18,760 --> 01:56:15,560  
so I just wanted to know real click it

2634  
01:56:20,440 --> 01:56:18,770  
real quickly if anyone if you guys are

2635  
01:56:22,570 --> 01:56:20,450  
up for taking a call I mean we're still

2636  
01:56:24,310 --> 01:56:22,580  
live on YouTube if you'd like to take a

2637  
01:56:28,240 --> 01:56:24,320  
call let me know is that something you'd

2638  
01:56:28,990 --> 01:56:28,250

be willing to do I'm oh sure yeah why

2639

01:56:31,240 --> 01:56:29,000

not okay

2640

01:56:33,360 --> 01:56:31,250

so anyone can call in right now if you

2641

01:56:37,180 --> 01:56:33,370

have a question for any of our guests

2642

01:56:41,050 --> 01:56:37,190

you can call in in that number six oh

2643

01:56:42,940 --> 01:56:41,060

three nine six seven four oh three oh we

2644

01:56:46,360 --> 01:56:42,950

have to adjust the screens here with

2645

01:56:49,510 --> 01:56:46,370

race dropping out so we can't get you up

2646

01:56:51,160 --> 01:56:49,520

on video right now but I feel like it

2647

01:56:53,560 --> 01:56:51,170

could talk like another three hours and

2648

01:56:59,010 --> 01:56:53,570

I know you especially James you are

2649

01:57:02,290 --> 01:56:59,020

really pressed to move on but is there

2650

01:57:05,530 --> 01:57:02,300

anything else you can tell us

2651  
01:57:07,720 --> 01:57:05,540  
James any other particular story that's

2652  
01:57:09,670 --> 01:57:07,730  
included in this movie that just you

2653  
01:57:11,709 --> 01:57:09,680  
just learned more new information that

2654  
01:57:13,600 --> 01:57:11,719  
you never knew about and was kind of

2655  
01:57:18,400 --> 01:57:13,610  
blown away by it is there anything that

2656  
01:57:26,229 --> 01:57:18,410  
comes to mind James are you still there

2657  
01:57:28,000 --> 01:57:26,239  
I think oh I think I lost James all

2658  
01:57:31,240 --> 01:57:28,010  
right well how about that

2659  
01:57:34,660 --> 01:57:31,250  
now I'll address you tell James please

2660  
01:57:42,850 --> 01:57:34,670  
do thank him solely I'll toss that over

2661  
01:57:49,290 --> 01:57:42,860  
to you Wow there there have been Mencia

2662  
01:57:53,740 --> 01:57:49,300  
question yes there have been a number of

2663  
01:57:58,410 --> 01:57:53,750

instances where in the course of doing

2664

01:58:00,940 --> 01:57:58,420

an interview with someone very prominent

2665

01:58:03,010 --> 01:58:00,950

where the James and I would approach the

2666

01:58:05,910 --> 01:58:03,020

interview with specific questions that

2667

01:58:08,550 --> 01:58:05,920

we we came prepared to ask

2668

01:58:10,770 --> 01:58:08,560

and because we kind of knew that there

2669

01:58:13,709 --> 01:58:10,780

were certain areas because in doing a

2670

01:58:15,149 --> 01:58:13,719

pre-interview it's always a good idea to

2671

01:58:17,160 --> 01:58:15,159

talk to someone ahead of time and say

2672

01:58:19,470 --> 01:58:17,170

are there specific things that you would

2673

01:58:22,770 --> 01:58:19,480

rather not talk about so that there are

2674

01:58:24,689 --> 01:58:22,780

no there are no surprises so that the

2675

01:58:27,750 --> 01:58:24,699

person doesn't feel put off and get

2676

01:58:29,700 --> 01:58:27,760

nervous and and so I I don't like to

2677

01:58:31,709 --> 01:58:29,710

give away the questions that I'm going

2678

01:58:34,350 --> 01:58:31,719

to ask but I at least want the person to

2679

01:58:36,419 --> 01:58:34,360

always feel comfortable throughout the

2680

01:58:43,220 --> 01:58:36,429

interview yeah and there were a couple

2681

01:58:48,360 --> 01:58:43,230

of interviews where neither James or I

2682

01:58:49,740 --> 01:58:48,370

had to ask a question that could have

2683

01:58:51,689 --> 01:58:49,750

been considered very controversial

2684

01:58:54,600 --> 01:58:51,699

because the subject of the interview

2685

01:58:56,970 --> 01:58:54,610

brought it up themselves isn't that

2686

01:59:03,240 --> 01:58:56,980

great well I was like what what what did

2687

01:59:05,100 --> 01:59:03,250

you just say what what and and in fact

2688

01:59:08,430 --> 01:59:05,110

one of the people and I won't I won't

2689

01:59:11,870 --> 01:59:08,440

say who it is yet but this person we

2690

01:59:14,340 --> 01:59:11,880

were interviewing and and he at first

2691

01:59:17,580 --> 01:59:14,350

didn't when we first approached him he

2692

01:59:21,780 --> 01:59:17,590

didn't want anything to do with being

2693

01:59:25,160 --> 01:59:21,790

interviewed on camera at all until he

2694

01:59:29,010 --> 01:59:25,170

finally after a very delicate prodding

2695

01:59:32,729 --> 01:59:29,020

agreed to to talk about certain things

2696

01:59:35,580 --> 01:59:32,739

and James and I were were blown away

2697

01:59:38,040 --> 01:59:35,590

where we sat with this individual for

2698

01:59:40,470 --> 01:59:38,050

just under three hours for the interview

2699

01:59:42,630 --> 01:59:40,480

well and at one point during the

2700

01:59:46,530 --> 01:59:42,640

interview he held up a piece of paper

2701  
01:59:49,229 --> 01:59:46,540  
that was in his lap and he said I'm

2702  
01:59:52,500 --> 01:59:49,239  
going to show you something that I

2703  
01:59:54,300 --> 01:59:52,510  
wasn't going to do or plan on doing but

2704  
01:59:57,240 --> 01:59:54,310  
I feel like I should say something

2705  
02:00:02,060 --> 01:59:57,250  
this is what could be called a smoking

2706  
02:00:06,990 --> 02:00:02,070  
gun hmm and it was it was a previously

2707  
02:00:10,020 --> 02:00:07,000  
classified document that pretty much was

2708  
02:00:11,700 --> 02:00:10,030  
was written by high-ranking officials

2709  
02:00:14,580 --> 02:00:11,710  
and and they were trying to spell out

2710  
02:00:16,830 --> 02:00:14,590  
the current belief of UFOs and there

2711  
02:00:19,080 --> 02:00:16,840  
been many documents like that when I say

2712  
02:00:19,770 --> 02:00:19,090  
there's been disclosure I have found

2713  
02:00:23,700 --> 02:00:19,780

some of these

2714

02:00:27,060 --> 02:00:23,710

documents dr. J Allen Hynek gave me such

2715

02:00:30,030 --> 02:00:27,070

a document that we then included in our

2716

02:00:32,730 --> 02:00:30,040

packet of documents that we gave out to

2717

02:00:37,260 --> 02:00:32,740

all the nations of the world in 1978 and

2718

02:00:39,900 --> 02:00:37,270

to the media because he said I mean I I

2719

02:00:42,420 --> 02:00:39,910

said to him I was a I was at his office

2720

02:00:44,640 --> 02:00:42,430

one day in the middle of 1978 while we

2721

02:00:48,210 --> 02:00:44,650

were still working on gathering

2722

02:00:50,970 --> 02:00:48,220

materials for the presentation in

2723

02:00:52,560 --> 02:00:50,980

November and I said I said Alan you know

2724

02:00:57,060 --> 02:00:52,570

we've got some nice documents here that

2725

02:00:59,220 --> 02:00:57,070

go back to 1947 but do you head to him I

2726  
02:01:00,900 --> 02:00:59,230  
was very honest we were friends I said

2727  
02:01:01,950 --> 02:01:00,910  
look you were with the Air Force you

2728  
02:01:06,120 --> 02:01:01,960  
were their official scientific

2729  
02:01:08,100 --> 02:01:06,130  
consultant for 20 years I have to

2730  
02:01:11,940 --> 02:01:08,110  
believe that you had access to some

2731  
02:01:13,290 --> 02:01:11,950  
filing cabinets and yeah that the kind

2732  
02:01:17,180 --> 02:01:13,300  
of filing cabinets that look like David

2733  
02:01:21,750 --> 02:01:17,190  
Mahler's filing cabinets oh by the way

2734  
02:01:23,820 --> 02:01:21,760  
David Lee told me to tell you that you

2735  
02:01:25,680 --> 02:01:23,830  
know nothing about antiques you didn't

2736  
02:01:28,020 --> 02:01:25,690  
even know at the I mean nothing about

2737  
02:01:29,370 --> 02:01:28,030  
UFO so it's funny I said that nothing

2738  
02:01:30,960 --> 02:01:29,380

about UFOs as a matter of fact you

2739

02:01:34,110 --> 02:01:30,970

didn't even know what the acronym stood

2740

02:01:36,420 --> 02:01:34,120

for and if you want and if you want to

2741

02:01:39,450 --> 02:01:36,430

keep it you want to keep it straight

2742

02:01:41,190 --> 02:01:39,460

Martin I told David that you know

2743

02:01:54,480 --> 02:01:41,200

nothing about antiques that's right

2744

02:01:56,250 --> 02:01:54,490

that's that's funny

2745

02:01:59,430 --> 02:01:56,260

I can't believe I slipped that up like

2746

02:02:03,480 --> 02:01:59,440

that too that's okay

2747

02:02:05,370 --> 02:02:03,490

someone wanted to know what and we're

2748

02:02:08,070 --> 02:02:05,380

gonna take just a couple more minutes

2749

02:02:09,990 --> 02:02:08,080

here so if anyone that wants to call in

2750

02:02:14,460 --> 02:02:10,000

they are welcome to call in the numbers

2751

02:02:16,740 --> 02:02:14,470

up on the screen on YouTube that Bambi

2752

02:02:19,950 --> 02:02:16,750

wanted to know what effect has Hollywood

2753

02:02:22,590 --> 02:02:19,960

had on the disclosure project in other

2754

02:02:24,510 --> 02:02:22,600

words since the articles come out I

2755

02:02:25,740 --> 02:02:24,520

guess that's what she means on the New

2756

02:02:27,600 --> 02:02:25,750

York Times I haven't seen anything

2757

02:02:31,380 --> 02:02:27,610

really change that much

2758

02:02:33,270 --> 02:02:31,390

or maybe she's wording it has that made

2759

02:02:35,760 --> 02:02:33,280

any

2760

02:02:39,150 --> 02:02:35,770

I think maybe she's asking has Hollywood

2761

02:02:41,100 --> 02:02:39,160

helped as far as people looking into the

2762

02:02:43,250 --> 02:02:41,110

subject more I think that's maybe what

2763

02:02:45,690 --> 02:02:43,260

she's talking about I don't know if he

2764

02:02:47,550 --> 02:02:45,700

are we talking Hollywood is in motion

2765

02:02:48,990 --> 02:02:47,560

pictures yes yeah like Steven

2766

02:02:52,010 --> 02:02:49,000

Spielberg's work and things like that

2767

02:02:55,560 --> 02:02:52,020

well it's not the third time I think I

2768

02:02:57,090 --> 02:02:55,570

think even before Close Encounters you

2769

02:03:00,410 --> 02:02:57,100

take a you take a picture like the

2770

02:03:05,730 --> 02:03:00,420

original The Day the Earth Stood Still

2771

02:03:09,840 --> 02:03:05,740

which was a totally Cold War era picture

2772

02:03:11,550 --> 02:03:09,850

of a real flying saucer being tracked by

2773

02:03:13,740 --> 02:03:11,560

radar all around the world and it ends

2774

02:03:15,150 --> 02:03:13,750

up in Washington and landing right there

2775

02:03:19,710 --> 02:03:15,160

on the lawn in front of the Washington

2776

02:03:23,250 --> 02:03:19,720

Monument and and this humanoid walks out

2777

02:03:26,220 --> 02:03:23,260

with his robot companion and he only

2778

02:03:28,770 --> 02:03:26,230

wants to talk to you know the heads of

2779

02:03:32,280 --> 02:03:28,780

every country and he goes to the whole

2780

02:03:34,770 --> 02:03:32,290

movie up against the the the political

2781

02:03:38,690 --> 02:03:34,780

resistance of anybody wanting to talk to

2782

02:03:41,670 --> 02:03:38,700

him and and and so nobody can arrange

2783

02:03:44,610 --> 02:03:41,680

the meeting that he wants and he ends up

2784

02:03:48,410 --> 02:03:44,620

going to the home of this famous top

2785

02:03:51,030 --> 02:03:48,420

scientists of the day and he and he says

2786

02:03:52,920 --> 02:03:51,040

nobody in the if the heads of your

2787

02:03:57,330 --> 02:03:52,930

governments wants to hear what I have to

2788

02:03:59,280 --> 02:03:57,340

say do I have to do anything dramatic to

2789

02:04:02,820 --> 02:03:59,290

this planet to get you to listen to me

2790

02:04:04,710 --> 02:04:02,830

and and and he said well the scientists

2791

02:04:07,500 --> 02:04:04,720

said well what what do you mean by by

2792

02:04:09,480 --> 02:04:07,510

dramatic he said like my robot back

2793

02:04:11,400 --> 02:04:09,490

there standing next to the saucer he has

2794

02:04:14,850 --> 02:04:11,410

the power to turn this world of yours

2795

02:04:17,670 --> 02:04:14,860

into a burned-out cinder and and the

2796

02:04:22,020 --> 02:04:17,680

scientist says such power exists and

2797

02:04:25,860 --> 02:04:22,030

Klaatu says trust me such power exists

2798

02:04:27,390 --> 02:04:25,870

and and so the scientist said well I I

2799

02:04:29,640 --> 02:04:27,400

could arrange a meeting where all the

2800

02:04:31,410 --> 02:04:29,650

top scientists of the world to come

2801

02:04:34,200 --> 02:04:31,420

together if that if that would be

2802

02:04:37,320 --> 02:04:34,210

possible we wouldn't want you to hurt

2803

02:04:38,280 --> 02:04:37,330

any people you know and he said can you

2804

02:04:40,080 --> 02:04:38,290

guarantee that

2805

02:04:42,930 --> 02:04:40,090

Klaatu says well it's a it's an

2806

02:04:45,500 --> 02:04:42,940

interesting problem would Friday at

2807

02:04:47,930 --> 02:04:45,510

12:30 be good for you

2808

02:04:50,990 --> 02:04:47,940

hey we have someone that we have someone

2809

02:04:54,470 --> 02:04:51,000

that just called in I think they can you

2810

02:04:56,030 --> 02:04:54,480

hear me call her I know you tried to

2811

02:04:57,290 --> 02:04:56,040

call her try to answer your call several

2812

02:05:00,620 --> 02:04:57,300

times I'm not sure what happened but

2813

02:05:01,550 --> 02:05:00,630

what's your first long week I see what's

2814

02:05:06,680 --> 02:05:01,560

your first name and where are you

2815

02:05:10,630 --> 02:05:06,690

calling from welcome to the show you

2816

02:05:12,860 --> 02:05:10,640

have a question all right Dave burly

2817

02:05:18,140 --> 02:05:12,870

pardon me do you have a question for our

2818

02:05:22,040 --> 02:05:18,150

guests well I have something to add if I

2819

02:05:24,500 --> 02:05:22,050

may Monica told me to phone in here or

2820

02:05:27,320 --> 02:05:24,510

just on the YouTube live chat what I

2821

02:05:28,760 --> 02:05:27,330

have to say is that I'm a real science

2822

02:05:30,830 --> 02:05:28,770

guy I have a degree in engineering I've

2823

02:05:33,110 --> 02:05:30,840

been studying science all my life I've

2824

02:05:36,020 --> 02:05:33,120

done science for a living okay and I

2825

02:05:37,520 --> 02:05:36,030

give talks to interpret Sciences the

2826

02:05:38,840 --> 02:05:37,530

public and all the sort of thing and

2827

02:05:43,070 --> 02:05:38,850

what I have to say about science is that

2828

02:05:47,750 --> 02:05:43,080

we don't know very much at all we humans

2829

02:05:50,810 --> 02:05:47,760

we really don't know very much and I've

2830

02:05:54,290 --> 02:05:50,820

had paranormal experiences myself I had

2831

02:05:56,960 --> 02:05:54,300

one sighting of UFOs I've had a number

2832

02:06:00,170 --> 02:05:56,970

of other paranormal experiences that are

2833

02:06:04,390 --> 02:06:00,180

beyond science out far outside of what I

2834

02:06:08,630 --> 02:06:04,400

know science to be okay yeah

2835

02:06:11,780 --> 02:06:08,640

yeah that's all just just the science

2836

02:06:14,090 --> 02:06:11,790

point of view is that we really don't

2837

02:06:18,470 --> 02:06:14,100

know much our science is is is very

2838

02:06:20,660 --> 02:06:18,480

small very very small yeah well and when

2839

02:06:24,140 --> 02:06:20,670

you when you look back historically at

2840

02:06:27,260 --> 02:06:24,150

at you know who discovered gravity who

2841

02:06:30,350 --> 02:06:27,270

discovered lightning who discovered you

2842

02:06:34,280 --> 02:06:30,360

know all the all the great discoveries

2843

02:06:38,870 --> 02:06:34,290

of science of flight happened during

2844

02:06:41,110 --> 02:06:38,880

times of history when there's no way

2845

02:06:45,440 --> 02:06:41,120

that these people would have would have

2846

02:06:47,479 --> 02:06:45,450

would have survived being stoned by by

2847

02:06:48,650 --> 02:06:47,489

the population because they were they

2848

02:06:50,750 --> 02:06:48,660

were talking heresy

2849

02:06:53,510 --> 02:06:50,760

you can't talk to things to us about

2850

02:06:55,850 --> 02:06:53,520

things like that know that you we cannot

2851  
02:06:59,060 --> 02:06:55,860  
have machines that fly in the air and

2852  
02:07:02,690 --> 02:06:59,070  
yet historically Hugh

2853  
02:07:04,970 --> 02:07:02,700  
have been recording many instances of

2854  
02:07:08,650 --> 02:07:04,980  
things flying in the air that are

2855  
02:07:11,990 --> 02:07:08,660  
machines so you can't have it both ways

2856  
02:07:14,570 --> 02:07:12,000  
yeah yeah yeah I agree yeah there's no

2857  
02:07:17,870 --> 02:07:14,580  
reason why we couldn't team gravity

2858  
02:07:19,640 --> 02:07:17,880  
someday our top physicists now are

2859  
02:07:22,640 --> 02:07:19,650  
trying to figure out what is gravity

2860  
02:07:24,440 --> 02:07:22,650  
they don't know another top my favorite

2861  
02:07:27,170 --> 02:07:24,450  
theoretical physicists right now is

2862  
02:07:31,430 --> 02:07:27,180  
working on what is time we don't know

2863  
02:07:34,100 --> 02:07:31,440

what time is yes it just seems to be a

2864

02:07:37,000 --> 02:07:34,110

forward ratchet as far as we know it

2865

02:07:39,140 --> 02:07:37,010

ratchets forward and never goes back

2866

02:07:40,610 --> 02:07:39,150

yeah you know like and you break your

2867

02:07:45,550 --> 02:07:40,620

leg you wish you could take that last

2868

02:07:50,120 --> 02:07:45,560

second back you know what one of my

2869

02:07:52,790 --> 02:07:50,130

interviews that I did in the 1970s and

2870

02:07:56,420 --> 02:07:52,800

into the 80s with former astronaut

2871

02:07:59,570 --> 02:07:56,430

Gordon Cooper and I did an interview of

2872

02:08:03,800 --> 02:07:59,580

the month for Omni magazine back then

2873

02:08:08,900 --> 02:08:03,810

and we were discussing his interest in

2874

02:08:10,790 --> 02:08:08,910

UFOs his experience with UFOs and and I

2875

02:08:13,280 --> 02:08:10,800

said is there anything going on in

2876

02:08:15,020 --> 02:08:13,290

science that you and I haven't talked

2877

02:08:19,790 --> 02:08:15,030

about that you think would be of

2878

02:08:23,510 --> 02:08:19,800

interest to me or to my readers and he

2879

02:08:26,750 --> 02:08:23,520

said well I've I have some scientific

2880

02:08:30,460 --> 02:08:26,760

friends who are right now again this was

2881

02:08:33,770 --> 02:08:30,470

1980 who are right now working on a

2882

02:08:36,980 --> 02:08:33,780

possible working model of a time machine

2883

02:08:41,390 --> 02:08:36,990

and oh you just got my attention Gordon

2884

02:08:44,450 --> 02:08:41,400

what time machine and what what exactly

2885

02:08:47,030 --> 02:08:44,460

we're talking George pal HCL's

2886

02:08:49,880 --> 02:08:47,040

sit in a chair and go into the future I

2887

02:08:52,660 --> 02:08:49,890

mean what are you talking about he said

2888

02:08:54,470 --> 02:08:52,670

well yeah they think that theoretically

2889

02:08:57,530 --> 02:08:54,480

because we don't know that much about

2890

02:09:00,950 --> 02:08:57,540

time and how it works time and space and

2891

02:09:03,170 --> 02:09:00,960

so they believe that there is a thing

2892

02:09:06,200 --> 02:09:03,180

called and I never forgot this called

2893

02:09:10,160 --> 02:09:06,210

orthogonal rotation something about how

2894

02:09:12,980 --> 02:09:10,170

if if a thing can somehow rotate in a

2895

02:09:17,540 --> 02:09:12,990

certain way at a certain velocity

2896

02:09:18,380 --> 02:09:17,550

that it can slip the bounds and go one

2897

02:09:21,380 --> 02:09:18,390

way or the other

2898

02:09:23,510 --> 02:09:21,390

so I I said to him do they have a

2899

02:09:26,330 --> 02:09:23,520

working model yet your scientific

2900

02:09:28,340 --> 02:09:26,340

friends he said no but they're they feel

2901

02:09:32,240 --> 02:09:28,350

like they're getting closer and I said

2902

02:09:33,920 --> 02:09:32,250

okay do they think that they can build

2903

02:09:36,890 --> 02:09:33,930

something that can go in either

2904

02:09:40,160 --> 02:09:36,900

direction or both directions and he said

2905

02:09:42,440 --> 02:09:40,170

no they don't really have that figured

2906

02:09:44,450 --> 02:09:42,450

out yet they don't think they'd say that

2907

02:09:47,000 --> 02:09:44,460

if if somebody would be able to travel

2908

02:09:50,510 --> 02:09:47,010

through time they may only be able to go

2909

02:09:52,760 --> 02:09:50,520

to the past or to the future so I I said

2910

02:09:57,290 --> 02:09:52,770

to him Gordon and he was a family man

2911

02:10:00,080 --> 02:09:57,300

Gordon who would be stupid enough to sit

2912

02:10:02,510 --> 02:10:00,090

in such a vehicle and take what could

2913

02:10:07,280 --> 02:10:02,520

possibly be a one-way trip and he said

2914

02:10:10,130 --> 02:10:07,290

you're looking at him yeah whoa okay

2915

02:10:11,600 --> 02:10:10,140

that got my attention like wow and I

2916

02:10:14,510 --> 02:10:11,610

said no now wait a minute

2917

02:10:18,200 --> 02:10:14,520

Gordo I mean are you kidding you would

2918

02:10:20,540 --> 02:10:18,210

give up everything just to - for the the

2919

02:10:24,110 --> 02:10:20,550

challenge of it he said you don't forget

2920

02:10:26,780 --> 02:10:24,120

I'm one of the original group of the

2921

02:10:30,670 --> 02:10:26,790

right stuff where we would do anything

2922

02:10:33,950 --> 02:10:30,680

and many of us many of our friends died

2923

02:10:37,520 --> 02:10:33,960

during flights of testing new aircraft

2924

02:10:40,430 --> 02:10:37,530

and earth systems and so and even today

2925

02:10:43,340 --> 02:10:40,440

modern modern jet fighter pilots today

2926

02:10:44,450 --> 02:10:43,350

will do almost anything to get to that

2927

02:10:46,820 --> 02:10:44,460

next level

2928

02:10:49,010 --> 02:10:46,830

he said yeah any one of us probably

2929

02:10:50,900 --> 02:10:49,020

would have taken the risk and at that

2930

02:10:53,450 --> 02:10:50,910

and that just blew me away so now that

2931

02:10:57,770 --> 02:10:53,460

was 1980 how many years ago was that

2932

02:11:00,140 --> 02:10:57,780

18 19 2010 was 30 40 years ago if these

2933

02:11:02,080 --> 02:11:00,150

scientists had have still worked on it

2934

02:11:04,910 --> 02:11:02,090

over the last thirty years who knows

2935

02:11:08,480 --> 02:11:04,920

what they can do now which is all

2936

02:11:10,460 --> 02:11:08,490

probably part of black budgets and and

2937

02:11:12,920 --> 02:11:10,470

the public will never know about it but

2938

02:11:15,380 --> 02:11:12,930

boy that just grabbed me

2939

02:11:18,670 --> 02:11:15,390

idle afield when he said yeah working

2940

02:11:23,570 --> 02:11:18,680

time machine why not well you know it's

2941

02:11:25,280 --> 02:11:23,580

go ahead oh there's a top theoretical

2942

02:11:31,040 --> 02:11:25,290

physicist named

2943

02:11:33,440 --> 02:11:31,050

Smolin that le e capital s m oli and you

2944

02:11:36,650 --> 02:11:33,450

can search him he's the top guy working

2945

02:11:39,380 --> 02:11:36,660

on time right now and he says he says

2946

02:11:41,480 --> 02:11:39,390

I'm working on a new theory of time and

2947

02:11:42,020 --> 02:11:41,490

he's a really amazing guy I like him a

2948

02:11:45,790 --> 02:11:42,030

lot

2949

02:11:48,740 --> 02:11:45,800

Wow Lee Smolin I'll check him out

2950

02:11:51,080 --> 02:11:48,750

thank you well hey thanks for the call I

2951

02:11:54,170 --> 02:11:51,090

think we probably we had someone saying

2952

02:11:57,740 --> 02:11:54,180

they were going to call from Europe but

2953

02:11:59,960 --> 02:11:57,750

dude I do appreciate the call and we are

2954

02:12:02,300 --> 02:11:59,970

just about ready to wrap up unless that

2955

02:12:05,000 --> 02:12:02,310

call comes in within a minute gentlemen

2956

02:12:07,850 --> 02:12:05,010

it's been so much fun I've really had

2957

02:12:11,030 --> 02:12:07,860

such a great night with you guys thank

2958

02:12:15,640 --> 02:12:11,040

you when did when does the second hour

2959

02:12:18,290 --> 02:12:15,650

start now for us I guess

2960

02:12:21,260 --> 02:12:18,300

Martin I should have said this when we

2961

02:12:24,140 --> 02:12:21,270

were on KCRA but congratulations good

2962

02:12:26,780 --> 02:12:24,150

good job tonight on the premiere show oh

2963

02:12:29,480 --> 02:12:26,790

thank you oh geez I'm glad luckily I

2964

02:12:31,610 --> 02:12:29,490

have a Evan behind the scenes doing all

2965

02:12:34,160 --> 02:12:31,620

the work on the youtubes so everything

2966

02:12:36,650 --> 02:12:34,170

seemed to work fine but uh I really do I

2967

02:12:38,450 --> 02:12:36,660

really had a great time and I wish I

2968

02:12:41,810 --> 02:12:38,460

could go another four hours but thanks

2969

02:12:43,460 --> 02:12:41,820

so much both of you thank you all right

2970

02:12:50,480 --> 02:12:43,470

Oh does that mean we can actually hang

2971

02:12:52,400 --> 02:12:50,490

up now yeah all right you take care all

2972

02:12:54,620 --> 02:12:52,410

right all right good night everyone

2973

02:12:58,070 --> 02:12:54,630

all right all right everyone so you

2974

02:12:59,930 --> 02:12:58,080

heard me do the outro earlier but that's

2975

02:13:02,210 --> 02:12:59,940

that's it for the show tonight I want to

2976

02:13:04,850 --> 02:13:02,220

thank you all so much for hanging in and

2977

02:13:07,600 --> 02:13:04,860

listening I thought it was a great one

2978

02:13:10,040 --> 02:13:07,610

I'm really excited about tonight's show

2979

02:13:11,840 --> 02:13:10,050

and I might even might be one that I

2980

02:13:15,560 --> 02:13:11,850

actually listened to again because it

2981

02:13:17,750 --> 02:13:15,570

was that good I think anyway next week

2982

02:13:21,260 --> 02:13:17,760

we'll be back with dr. Bob gross I

2983

02:13:23,240 --> 02:13:21,270

talked to him out in out in Phoenix this

2984

02:13:24,080 --> 02:13:23,250

last February real interesting guys

2985

02:13:26,270 --> 02:13:24,090

should be a great show

2986

02:13:30,110 --> 02:13:26,280

and we'll be back remember our new time

2987

02:13:31,250 --> 02:13:30,120

if you want to watch live is 6 to 8 p.m.

2988

02:13:33,860 --> 02:13:31,260

every Tuesday

2989

02:13:35,570 --> 02:13:33,870

and that's Eastern Standard Time thanks

2990

02:13:37,880 --> 02:13:35,580

so much and I want to thank the people

2991

02:13:39,110 --> 02:13:37,890

who helped out with the show Alejandro

2992

02:13:41,390 --> 02:13:39,120

of course

2993

02:13:43,910 --> 02:13:41,400

I want to thank our guests Dave Marlar

2994

02:13:46,430 --> 02:13:43,920

Ali Spiegel and James Fox

2995

02:13:49,040 --> 02:13:46,440

I want to thank Evan for the working in

2996

02:13:50,930 --> 02:13:49,050

the background we have Peggy over doing

2997

02:13:53,840 --> 02:13:50,940

our Facebook page remember to like us on

2998

02:13:56,540 --> 02:13:53,850

Facebook for all the latest UFO news

2999

02:13:59,030 --> 02:13:56,550

it's always posted up there if someone

3000

02:14:02,390 --> 02:13:59,040

is interested in doing a guest blog just
